9 Allocations to the costs of a capital improvement or undertaking in each
10 case may include allocations to pay the costs set forth in Section 3(4)c., d., e., f., and
11 g. of this act in connection with the issuance of bonds for that capital improvement or
12 undertaking.

13 Section 7. Election. The question of the issuance of the bonds
14 authorized by this act shall be submitted to the qualified voters of the State at the
15 next statewide election or statewide primary election, whichever comes first. Any
16 other primary, election, or referendum validly called or scheduled by law at the time
17 the election on the bond questions provided for in this section is held, may be held as
18 called or scheduled. Notice of the election shall be given in the manner and at the
19 times required by G.S. 163-33(8). The election and the registration of voters therefor
20 shall be held under and in accordance with the general laws of the State. Absentee
21 ballots shall be authorized in the election.

22 The State Board of Elections shall reimburse the counties of the State for
23 all necessary expenses incurred in holding the election that are in addition to those
24 that would have otherwise been incurred, the same to be paid out of the Contingency
25 and Emergency Fund or other funds available to the State Board of Elections.

26 Ballots, voting systems authorized by Article 14 of Chapter 163 of the
27 General Statutes, or both may be used in accordance with rules prescribed by the
28 State Board of Elections. The bond question to be used in the ballots or voting
29 systems shall be in substantially the following form:

30 FOR the issuance of one billion dollars (\$1,000,000,000) State of
31 North Carolina Clean Water Bonds constituting general obligation
32 bonds of the State secured by a pledge of the faith and credit and
33 taxing power of the State for the purpose of providing funds, with
34 any other available funds, to make loans, revolving loans, and
35 grants to local government units to pay all or a portion of the cost
36 of clean water projects.

37 AGAINST the issuance of one billion dollars (\$1,000,000,000)
38 State of North Carolina Clean Water Bonds constituting general
39 obligation bonds of the State secured by a pledge of the faith and
40 credit and taxing power of the State for the purpose of providing
41 funds, with any other available funds, to make loans, revolving
42 loans, and grants to local government units to pay all or a portion
43 of the cost of clean water projects."

1 If a majority of those voting on the Clean Water Bond question in the
2 election vote in favor of the issuance of the bonds, the bonds may be issued as
3 provided in this act. If a majority of those voting on the Clean Water Bond question
4 in the election vote against the issuance of the bonds, the bonds shall not be issued.

5 The results of the election shall be canvassed and declared as provided by
6 law for elections for State officers; the results of the election shall be certified by the
7 State Board of Elections to the Secretary of State, in the manner and at the time
8 provided by the general election laws of the State.

9 Section 8. Issuance of bonds and notes. (a) Terms and Conditions.
10 Bonds or notes may bear such date or dates, may be serial or term bonds or notes, or
11 any combination thereof, may mature in such amounts and at such time or times, not
12 exceeding 40 years from their date or dates, may be payable at such place or places,
13 either within or without the United States of America, in such coin or currency of the
14 United States of America as at the time of payment is legal tender for payment of
15 public and private debts, may bear interest at such rate or rates, which may vary from
16 time to time, and may be made redeemable before maturity, at the option of the State
17 or otherwise as may be provided by the State, at such price or prices, including a
18 price less than the face amount of the bonds or notes, and under such terms and
19 conditions, all as may be determined by the State Treasurer, by and with the consent
20 of the Council of State.

21 (b) Signatures; Form and Denomination; Registration. Bonds or notes
22 may be issued as certificated or uncertificated obligations. If issued as certificated
23 obligations, bonds or notes shall be signed on behalf of the State by the Governor or
24 shall bear his facsimile signature, shall be signed by the State Treasurer or shall bear
25 his facsimile signature, and shall bear the Great Seal of the State or a facsimile
26 thereof shall be impressed or imprinted thereon. If bonds or notes bear the facsimile
27 signatures of the Governor and the State Treasurer, the bonds or notes shall also bear
28 a manual signature which may be that of a bond registrar, trustee, paying agent, or
29 designated assistant of the State Treasurer. Should any officer whose signature or
30 facsimile signature appears on bonds or notes cease to be such officer before the
31 delivery of the bonds or notes, the signature or facsimile signature shall nevertheless
32 have the same validity for all purposes as if the officer had remained in office until
33 delivery and bonds or notes may bear the facsimile signatures of persons who at the
34 actual time of the execution of the bonds or notes shall be the proper officers to sign
35 any bond or note although at the date of the bond or note such persons may not have
36 been such officers. The form and denomination of bonds or notes, including the
37 provisions with respect to registration of the bonds or notes and any system for their
38 registration, shall be as the State Treasurer may determine in conformity with this act;
39 provided, however, that nothing in this act shall prohibit the State Treasurer from
40 proceeding, with respect to the issuance and form of the bonds or notes, under the
41 provisions of Chapter 159E of the General Statutes, the Registered Public Obligations
42 Act, as well as under this act.

43 (c) Manner of Sale; Expenses. Subject to determination by the Council
44 of State as to the manner in which bonds or notes shall be offered for sale, whether at

1 public or private sale, whether within or without the United States of America, and
2 whether by publishing notices in certain newspapers and financial journals, mailing
3 notices, inviting bids by correspondence, negotiating contracts of purchase or
4 otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from
5 time to time at such rate or rates of interest, which may vary from time to time, and
6 at such price or prices, including a price less than the face amount of the bonds or
7 the notes, as the State Treasurer may determine. All expenses incurred in
8 preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer
9 from the proceeds of bonds or notes or other available moneys.

10 (d) Notes; Repayment.

11 (1) By and with the consent of the Council of State, the State
12 Treasurer is hereby authorized to borrow money and to execute
13 and issue notes of the State for the same, but only in the following
14 circumstances and under the following conditions:

15 a. For anticipating the sale of bonds to the issuance of which
16 the Council of State shall have given consent, if the State
17 Treasurer shall deem it advisable to postpone the issuance of
18 the bonds;

19 b. For the payment of interest on or any installment of
20 principal of any bonds then outstanding, if there shall not be
21 sufficient funds in the State treasury with which to pay the
22 interest or installment of principal as they respectively
23 become due;

24 c. For the renewal of any loan evidenced by notes herein
25 authorized;

26 d. For the purposes authorized in this act; and

27 e. For refunding bonds or notes as herein authorized.

28 (2) Funds derived from the sale of bonds or notes may be used in the
29 payment of any bond anticipation notes issued under this act.
30 Funds provided by the General Assembly for the payment of
31 interest on or principal of bonds shall be used in paying the
32 interest on or principal of any notes and any renewals thereof, the
33 proceeds of which shall have been used in paying interest on or
34 principal of the bonds.

35 (e) Refunding Bonds and Notes. By and with the consent of the Council
36 of State, the State Treasurer is authorized to issue and sell refunding bonds and notes
37 pursuant to the provisions of the State Refunding Bond Act for the purpose of
38 refunding bonds or notes issued pursuant to this act. The refunding bonds and notes
39 may be combined with any other issues of State bonds and notes similarly secured.

40 (f) Tax Exemption. Bonds and notes shall be exempt from all State,
41 county, and municipal taxation or assessment, direct or indirect, general or special,
42 whether imposed for the purpose of general revenue or otherwise, excluding
43 inheritance and gift taxes, income taxes on the gain from the transfer of bonds and

1 notes, and franchise taxes. The interest on bonds and notes shall not be subject to
2 taxation as to income.

3 (g) Investment Eligibility. Bonds and notes are hereby made securities in
4 which all public officers, agencies, and public bodies of the State and its political
5 subdivisions, all insurance companies, trust companies, investment companies, banks,
6 savings banks, savings and loan associations, credit unions, pension or retirement
7 funds, other financial institutions engaged in business in the State, executors,
8 administrators, trustees, and other fiduciaries may properly and legally invest funds,
9 including capital in their control or belonging to them. Bonds and notes are hereby
10 made securities which may properly and legally be deposited with and received by
11 any officer or agency of the State or political subdivision of the State for any purpose
12 for which the deposit of bonds, notes, or obligations of the State or any political
13 subdivision is now or may hereafter be authorized by law.

14 (h) Faith and Credit. The faith and credit and taxing power of the State
15 are hereby pledged for the payment of the principal of and the interest on bonds and
16 notes. In addition to the State's right to amend any provision of this act to the extent
17 it does not impair any contractual right of a bond owner, the State expressly reserves
18 the right to amend any provision of this act with respect to the making and
19 repayment of loans, the disposition of any repayments of loans, and any intercept
20 provisions relating to the failure of a local government unit to repay a loan, the bonds
21 not being secured in any respect by loans, any repayments thereof, or any intercept
22 provisions with respect thereto.

23 Section 9. Variable interest rates. In fixing the details of bonds and
24 notes, the State Treasurer may provide that any of the bonds or notes may:

- 25 (1) Be made payable from time to time on demand or tender for
26 purchase by the owner thereof provided a credit facility supports
27 the bonds or notes, unless the State Treasurer specifically
28 determines that a credit facility is not required upon a finding and
29 determination by the State Treasurer that the absence of a credit
30 facility will not materially or adversely affect the financial position
31 of the State and the marketing of the bonds or notes at a
32 reasonable interest cost to the State;
- 33 (2) Be additionally supported by a credit facility;
- 34 (3) Be made subject to redemption or a mandatory tender for
35 purchase prior to maturity;
- 36 (4) Bear interest at a rate or rates that may vary for such period or
37 periods of time, all as may be provided in the proceedings
38 providing for the issuance of the bonds or notes, including, without
39 limitation, such variations as may be permitted pursuant to a par
40 formula; and
- 41 (5) Be made the subject of a remarketing agreement whereby an
42 attempt is made to remarket bonds or notes to new purchasers
43 prior to their presentment for payment to the provider of the credit
44 facility or to the State.

1 If the aggregate principal amount repayable by the State under a credit
2 facility is in excess of the aggregate principal amount of bonds or notes secured by
3 the credit facility, whether as a result of the inclusion in the credit facility of a
4 provision for the payment of interest for a limited period of time or the payment of a
5 redemption premium or for any other reason, then the amount of authorized but
6 unissued bonds or notes during the term of such credit facility shall not be less than
7 the amount of such excess, unless the payment of such excess is otherwise provided
8 for by agreement of the State executed by the State Treasurer.

9 Section 10. Special provisions governing clean water loans. (a) Scope.
10 The provisions of this section shall apply to loans being made from the proceeds of
11 bonds authorized by this act for clean water projects, other than from funds deposited
12 in the Clean Water Revolving Loan and Grant Fund.

13 (b) Clean Water Bonds Loan Fund. There is established in the
14 Department of State Treasurer a fund to be known as the Clean Water Bonds Loan
15 Fund, which may include any special or segregated accounts the State Treasurer
16 considers appropriate. There shall be deposited in the Clean Water Bonds Loan
17 Fund proceeds of the Clean Water Bonds and notes to be used to make loans, other
18 than loans to be made through the Clean Water Revolving Loan and Grant Fund, to
19 local government units for clean water projects as provided in this act. Funds in the
20 various accounts may be invested from time to time by the State Treasurer in the
21 same manner permitted for investment of funds belonging to the State or held in the
22 State treasury. Any investment earnings shall be credited to the particular account
23 from which the investment was made.

24 All moneys accruing to the credit of the Clean Water Bonds Loan Fund,
25 other than funds set aside for administrative expenses, including expenses related to
26 determining compliance with applicable requirements of the federal tax law and costs
27 of issuance, shall be used to make loans for the purposes provided in this act. The
28 State Treasurer shall be responsible for making and administering all loans pursuant
29 to the provisions of this section.

30 (c) Application for Loans; Hearings.

31 (1) Eligibility/Initial Hearing.

32 a. Prior to filing an application for a loan, a local government
33 unit shall hold a public hearing. A notice of the public
34 hearing shall be published once at least 10 days before the
35 date fixed for the hearing.

36 b. All applications for loans shall be filed with the Department
37 of Environment, Health, and Natural Resources. The form
38 of the application shall be prescribed by the Department
39 and shall require any information necessary to determine the
40 eligibility for a loan under the provisions of this section. All
41 applications approved by the Department of Environment,
42 Health, and Natural Resources shall be filed with the Local
43 Government Commission. Each applicant shall furnish to
44 the Department of Environment, Health, and Natural

- 1 Resources and the Local Government Commission
2 information in addition or supplemental to the information
3 contained in its application, upon request.
- 4 c. A local government unit shall not be eligible for a loan
5 unless it demonstrates to the satisfaction of the Department
6 of Environment, Health, and Natural Resources and the
7 Local Government Commission that:
- 8 1. The applicant is a local government unit;
 - 9 2. The applicant has the financial capacity to pay the
10 principal of and interest on its proposed loan as
11 evidenced by the approval of the Local Government
12 Commission;
 - 13 3. The applicant has substantially complied or will
14 substantially comply with all applicable laws, rules,
15 regulations, and ordinances, whether federal, State, or
16 local; and
 - 17 4. The applicant has agreed by official resolution to
18 adopt and place into effect a schedule of fees and
19 charges or the application of other sources of revenue
20 which will provide adequate funds for proper
21 operation, maintenance, and administration of the
22 project and repayment of all principal and interest on
23 the loan.
- 24 (2) Assessment. The Department of Environment, Health, and Natural
25 Resources may require any applicant to file with its application an
26 assessment of the impact the project for which the funds are sought
27 will have upon meeting the facility needs of the area within which
28 the project is to be located.
- 29 (3) Hearing by the Department of Environment, Health, and Natural
30 Resources or the Local Government Commission. A public
31 hearing may be held by the Department of Environment, Health,
32 and Natural Resources or the Local Government Commission at
33 any time on any application. Public hearings may also be held by
34 the Department of Environment, Health, and Natural Resources in
35 its discretion upon written request from any citizen or taxpayer
36 who is a resident of the county or counties in which the project is
37 to be located or a resident of the local government unit that
38 proposes to borrow moneys under this act, if it appears that the
39 public interest will be served by the hearing. The written request
40 shall set forth each objection to the proposed project or other
41 reason for requesting a hearing on the application and shall
42 contain the name and address of the persons submitting it. In
43 deciding whether to grant a request for a hearing on an
44 application, the Department of Environment, Health, and Natural

1 Resources may consider the application, the written objections to
2 the proposed project, and the facility needs and shall determine if
3 the public interest will be served by a hearing. The determination
4 by the Department of Environment, Health, and Natural Resources
5 shall be conclusive, and all written requests for a hearing shall be
6 retained as a permanent part of the records pertaining to the
7 application.

- 8 (4) Petition for Vote. A petition, demanding that the question of
9 whether to enter into a loan agreement with the State under this
10 act be submitted to voters, may be filed with the clerk of the local
11 government unit applying for the loan within 15 days after the
12 public hearing required by this section. The petition's sufficiency
13 shall be determined and a referendum, if any, shall be conducted,
14 according to the standards, procedures, and limitations set out in
15 G.S. 159-60 through G.S. 159-62.

16 (d) Priorities.

- 17 (1) Determination. Determination of priorities to be assigned each
18 eligible project shall be made semiannually by the Department of
19 Environment, Health, and Natural Resources during each fiscal
20 year. Every eligible project shall be considered by the Department
21 of Environment, Health, and Natural Resources with every other
22 project eligible during this same priority period.

- 23 (2) Priority Factors. All applications for loans under this act shall be
24 assigned a priority by the Department of Environment, Health, and
25 Natural Resources. Having a comprehensive land-use plan that
26 meets the requirements of G.S. 159G-10(e) shall be a priority
27 factor, and having a plan that meets the requirements of that
28 subsection and exceeds the minimum State standards for protection
29 of the State's water resources shall receive greater priority than
30 having a plan that does not exceed those standards. The
31 Department of Environment, Health, and Natural Resources shall
32 establish other priority factors criteria by rule.

- 33 (3) Assignment of Priority. A written statement relative to each
34 priority assigned shall be prepared by the Department of
35 Environment, Health, and Natural Resources and shall be attached
36 to the application. The priority assigned shall be conclusive.

- 37 (4) Failure to Qualify. If an application does not qualify for a loan as
38 of the prior period in which the application was eligible for
39 consideration by reason of the priority assigned, the application
40 shall be considered during the next succeeding priority period
41 upon request of the applicant. If the application again fails to
42 qualify for a loan during the second priority period by reason of
43 the priority assigned, the application shall receive no further
44 consideration. An applicant may file a new application at any time

1 and may amend any pending application to include additional data
2 or information.

3 (5) Withdrawal of Commitment. Failure of an applicant within one
4 year after the date of acceptance of the loan to arrange for
5 necessary financing of the proposed project or award of the
6 contract of the construction of the proposed project shall constitute
7 sufficient cause for withdrawal of the commitment. Prior to
8 withdrawal of a commitment, the Department of Environment,
9 Health, and Natural Resources shall give due consideration to any
10 extenuating circumstances presented by the applicant as reasons for
11 failure to arrange necessary financing or to award a contract, and
12 the commitment may be extended for an additional period of time
13 if, in the judgment of the Department of Environment, Health, and
14 Natural Resources, the extension is justified.

15 (e) Disbursement. To be eligible to receive the loans provided for in this
16 section, a local government unit must arrange to borrow the amounts necessary
17 pursuant to rules adopted by the Local Government Commission. No funds shall be
18 disbursed until the Department of Environment, Health, and Natural Resources gives
19 a certificate of eligibility to the effect that the applicant meets all eligibility criteria
20 and that all procedural requirements of this act have been met. The maximum
21 principal amount of a loan shall be one hundred percent (100%) of the cost of any
22 eligible project.

23 (f) Intercept. The governing body of a local government unit shall by
24 resolution authorize to be included in its loan agreement a provision authorizing the
25 State Treasurer, upon failure of the local government unit to make a scheduled
26 repayment of the loan, to withhold from the local government unit any State funds
27 that would otherwise be distributed to the local government unit in an amount
28 sufficient to pay all sums then due and payable to the State as a repayment of the
29 loan. In such event, notwithstanding any other provision of law, the State Treasurer
30 is authorized to withhold and apply such funds to the repayment of the loan, except
31 that such funds shall not be withheld if (i) before the execution of the loan
32 agreement, such funds have been legally pledged to secure special obligation bonds or
33 other obligations of the local government unit, or (ii) after the execution of the loan
34 agreement, such funds are legally pledged to secure special obligation bonds or other
35 obligations of the local government unit as authorized in this subsection. After the
36 execution of a loan agreement, all or any portion of the State funds specified in the
37 loan agreement to be so withheld may be pledged to secure special obligation bonds
38 or other obligations of the local government unit only with the prior written consent
39 of the State Treasurer.

40 The State Treasurer shall notify the Secretary of Revenue and the State
41 Controller of the amount to be withheld from the local government unit, and the
42 Secretary of Revenue and the State Controller shall transfer to the State Treasurer
43 the amount so requested to be applied by the State Treasurer to the repayment of the
44 loan.

1 (g) Inspection. Inspection of a project for which a loan has been made
2 under this act may be performed by qualified personnel of the Department of
3 Environment, Health, and Natural Resources or may be performed by qualified
4 engineers registered in this State approved by the Department of Environment,
5 Health, and Natural Resources. No person shall be approved to perform inspections
6 who is an officer employed by the local government unit to which the loan was made
7 or who is an owner, officer, employer, or agent of a contractor or subcontractor
8 engaged in the construction of the project for which the loan was made. For the
9 purpose of payment of inspection fees, inspection services shall be included in the
10 term "cost" as used in this act.

11 (h) Rules. The State Treasurer, the Local Government Commission, and
12 the Department of Environment, Health, and Natural Resources may adopt, modify,
13 and repeal rules necessary for the administration of their respective duties under this
14 act. Uniform rules may be jointly adopted where feasible and desirable, and no rule,
15 jointly adopted, may be modified or revoked except upon concurrence of all agencies
16 involved.

17 (i) Federal Grants and Loans. In order to carry out the purposes of this
18 act to secure the greatest possible benefits to the citizens of this State of the funds
19 appropriated, the State Treasurer, the Local Government Commission, and the
20 Department of Environment, Health, and Natural Resources shall adopt rules and
21 criteria, not inconsistent with provisions of this act, as are necessary and appropriate
22 to conform to regulations for federal grants and loans for any of the purposes set
23 forth in this act.

24 (j) Reports. The Department of Environment, Health, and Natural
25 Resources shall prepare and file each year on or before July 31 with the Joint
26 Legislative Commission on Governmental Operations a report for the preceding fiscal
27 year concerning the allocation and making of loans authorized by this act. The
28 report shall set forth for the preceding fiscal year:

- 29 (1) Itemized and total allocations of loans authorized and unallocated
30 funds for the loan program as of the end of the preceding fiscal
31 year;
- 32 (2) Identification of each loan agreement entered into by the State
33 during the preceding fiscal year and the total amount of loans
34 authorized by such loan agreements;
- 35 (3) The amount disbursed to each local government unit pursuant to
36 such loan agreements during the preceding fiscal year and the total
37 amount of such disbursements;
- 38 (4) The loan repayments made by each local government unit
39 pursuant to such loan agreements and the total amount of such
40 loan repayments during the preceding fiscal year; and
- 41 (5) A summary for the five preceding years of the information
42 required by subdivisions (1) through (4) of this subsection.

43 The report shall be signed by the Secretary of Environment, Health, and Natural
44 Resources.

1 (k) Local Government Commission.

2 (1) Local government units may execute debt instruments payable to
3 the State in order to obtain loans provided for in this act. Local
4 government units shall pledge or agree to apply as security for such
5 obligations:

6 a. Any available source of revenues of the local government
7 unit, including revenues from benefitted facilities or systems,
8 provided that (i) the local government unit has not
9 otherwise pledged the revenues as security for, or
10 contractually agreed to apply the revenues to, the payment
11 of any other obligations of the local government unit, (ii)
12 the use of the revenues is not otherwise restricted by law, or
13 (iii) the revenues are not derived from the exercise of the
14 local government unit's taxing power; or

15 b. Their faith and credit; or

16 c. Any combination of a. or b. above.

17 The faith and credit of a local government unit shall not be
18 pledged or be deemed to have been pledged unless the
19 requirements of Article 4 of Chapter 159 of the General Statutes
20 have been met. The State Treasurer, with the assistance of the
21 Local Government Commission, shall develop and adopt
22 appropriate debt instruments for use under this act.

23 (2) Nothing contained in this act shall prohibit any local government
24 unit from applying any funds of the local government unit not
25 otherwise restricted as to use by law to the payment of any debt
26 instrument payable to the State incurred pursuant to the provisions
27 of this act.

28 (3) The Local Government Commission shall review and approve
29 proposed loans to local government units under this act under the
30 provisions of Articles 4 and 5 of Chapter 159 of the General
31 Statutes. The Local Government Commission in considering the
32 ability of a local government unit to repay a loan may regard as a
33 source of revenue for repayment of a loan revenue sources that
34 may not be available other than on an annual discretionary basis
35 and that may not be subject to a pledge or agreement to apply.
36 Loans under this act shall be outstanding debts for the purposes of
37 Article 10 of Chapter 159 of the General Statutes.

38 (4) The State Treasurer shall annually certify to the General Assembly
39 the financial condition of the loan program and identify existing
40 delinquencies.

41 Section 11. Minority business participation. The goals set by G.S. 143-
42 128 for participation in projects by minority businesses apply to projects funded by
43 the proceeds of bonds or notes issued under this act. The Department of
44 Environment, Health, and Natural Resources shall monitor compliance with this

1 requirement and shall report to the General Assembly by January 1 of each year on
2 the participation by minority businesses in these projects.

3 Section 12. Interpretation of act. (a) Additional Method. The foregoing
4 sections of this act shall be deemed to provide an additional and alternative method
5 for the doing of the things authorized thereby and shall be regarded as supplemental
6 and additional to powers conferred by other laws, and shall not be regarded as in
7 derogation of any powers now existing.

8 (b) Statutory References. References in this act to specific sections or
9 Chapters of the General Statutes or to specific acts are intended to be references to
10 these sections, Chapters, or acts as they may be amended from time to time by the
11 General Assembly.

12 (c) Liberal Construction. This act, being necessary for the health and
13 welfare of the people of the State, shall be liberally construed to effect the purposes
14 thereof.

15 (d) Inconsistent Provisions. Insofar as the provisions of this act are
16 inconsistent with the provisions of any general laws, or parts thereof, the provisions of
17 this act shall be controlling.

18 (e) Severability. If any provision of this act or the application thereof to
19 any person or circumstance is held invalid, such invalidity shall not affect other
20 provisions or applications of the act which can be given effect without the invalid
21 provision or application, and to this end the provisions of this act are declared to be
22 severable.

23 Section 13. Authorize regional planning loans and grants. G.S. 159G-
24 3(4) reads as rewritten:

25 "(4) 'Construction costs' means the actual costs of planning, designing
26 and constructing any project for which a revolving loan or grant is
27 made under this Chapter including planning; environmental
28 assessment; wastewater system analysis, evaluation and
29 rehabilitation; engineering; legal, fiscal, administrative and
30 contingency costs for water supply systems, wastewater collection
31 systems, wastewater treatment works and any extensions,
32 improvements, remodeling, additions, or alterations to existing
33 systems. Construction costs may include excess or reserve capacity
34 costs, attributable to no more than 20-year projected domestic
35 growth, plus ten percent (10%) unspecified industrial growth. In
36 addition, construction costs shall include any fees payable to the
37 Environmental Management Commission or the Division of
38 Environmental Health for review of applications and grant of
39 permits, and fees for inspections under G.S. 159G-14. Construction
40 costs may also include the costs for purchase or acquisition of real
41 property. The term may also include the costs for planning and
42 designing a regional project or small town project. Funds for
43 planning and designing a regional project or small town project
44 may be advanced prior to construction of the project and may be

paid even though the project is never actually constructed. A small town is defined as a municipality with a population of 1,000 or less, based on the most recent annual estimate of population certified by the State Planning Officer."

Section 15. G.S. 159G-6 reads as rewritten:

"§ 159G-6. Distribution of funds.

(a) Revolving loans and grants.

- (1) All funds appropriated or accruing to the Clean Water Revolving Loan and Grant Fund, other than funds set aside for administrative expenses, shall be used for revolving loans and grants to local government units for construction costs of wastewater treatment works, wastewater collection systems and water supply systems and other assistance as provided in this Chapter.
- (2) The maximum principal amount of a revolving loan or a grant may be one hundred percent (100%) of the nonfederal share of the construction costs of any eligible project. ~~The maximum principal amount of revolving loans made to any one local government unit during any fiscal year shall be three million dollars (\$3,000,000). The maximum principal amount of grants made to any one local government unit during any fiscal year shall be one million dollars (\$1,000,000).~~ The Department may establish maximum principal amounts for revolving loans and for grants made to the same local government unit in a fiscal year.

1 (3) The State Treasurer shall be responsible for investing and
2 distributing all funds appropriated or accruing to the Clean Water
3 Revolving Loan and Grant Fund for revolving loans and grants
4 under this Chapter. In fulfilling his responsibilities under this
5 section, the State Treasurer shall make a written request to the
6 Department of Environment, Health, and Natural Resources to
7 arrange for the appropriated funds to be (i) transferred from the
8 appropriate accounts to a local government unit to provide funds
9 for one or more revolving loans or grants or (ii) invested as
10 authorized by this Chapter with the interest on and the principal of
11 such investments to be transferred to the local government unit to
12 provide funds for one or more revolving loans or grants.

13 (b) Wastewater Accounts. -- The sums allocated in G.S. 159G-4 and accruing to
14 the various Wastewater Accounts in each fiscal year shall be used to make revolving
15 loans and grants to local government units as provided below. The Department of
16 Environment, Health, and Natural Resources shall disburse no funds from the
17 Wastewater Accounts except upon receipt of written approval of the disbursement
18 from the Environmental Management Commission.

19 (1) General Wastewater Revolving Loan and Grant Account. -- The
20 funds in the General Wastewater Revolving Loan and Grant
21 Account shall be used exclusively for the purpose of providing for
22 revolving construction loans or grants in connection with approved
23 wastewater treatment work or wastewater collection system
24 projects.

25 (2) High-Unit Cost Wastewater Account. -- The funds in the High-Unit
26 Cost Wastewater Account shall be available for grants to applicants
27 for high-unit cost wastewater projects. Eligibility of an applicant for
28 such a grant shall be determined by comparing estimated average
29 household user fees for water and sewer service, for debt service
30 and operation and maintenance costs, to one and one-half percent
31 (1.5%) of the median household income in the ~~county~~ local
32 government unit in which the project is located. The projects
33 which would require estimated average household water and sewer
34 user fees greater than one and one-half percent (1.5%) of the
35 median household income are defined as high-unit cost wastewater
36 projects and will be eligible for a grant equal to the excess cost,
37 subject to the limitations in ~~subsection~~ subdivision (a)(2) of this
38 section.

39 (3) Emergency Wastewater Revolving Loan Account. -- The funds in
40 the Emergency Wastewater Revolving Loan Account shall be
41 available for revolving emergency loans to applicants in the event
42 the Environmental Management Commission certifies that a serious
43 public health hazard, related to the inadequacy of existing
44 wastewater facilities, is present or imminent in a community.

1 (c) Water Supply Accounts. -- The sums allocated in G.S. 159G-4 and accruing to
2 the various Water Supply Accounts in each fiscal year shall be used to provide
3 revolving loans and grants to local government units as provided below. The
4 Department of Environment, Health, and Natural Resources shall disburse no funds
5 from the Water Supply Accounts except upon receipt of written approval of the
6 disbursement from the Division of Environmental Health.

7 (1) General Water Supply Revolving Loan and Grant Account. -- The
8 funds in the General Water Supply Revolving Loan and Grant
9 Account shall be used exclusively for the purpose of providing for
10 revolving construction loans and grants in connection with water
11 supply systems generally and not upon a county allotment basis.

12 (2) High-Unit Cost Water Supply Account. -- The funds in the High-
13 Unit Cost Water Supply Account shall be available for grants to
14 applicants for high-unit cost water supply systems, on the same
15 basis as provided in G.S. 159G-6(b)(2) for high-unit cost
16 wastewater projects.

17 (3) Emergency Water Supply Revolving Loan Account. -- The funds
18 in the Emergency Water Supply Revolving Loan Account shall be
19 available for revolving emergency loans to applicants in the event
20 the Division of Environmental Health certifies that a serious public
21 health hazard, related to the water supply system, is present or
22 imminent in a community.

23 (d) Repealed by Session Laws 1991, c. 186, s. 4.

24 (e) Notwithstanding any other provision of this Chapter, funds in the Water
25 Pollution Control Revolving Fund shall not be available as grants except to the extent
26 permitted by Title VI of the Federal Water Quality Act of 1987 and the regulations
27 thereunder."

28 Section 16. G.S. 159G-10 reads as rewritten:

29 "**§ 159G-10. Priorities.**

30 (a) Determination. -- Determination of priorities to be assigned each eligible
31 application shall be made semiannually by each receiving agency during each fiscal
32 year. Every eligible application filed under G.S. 159G-5(c), G.S. 159G-6(b)(1) or G.S.
33 159G-6(c)(1) shall be considered by the receiving agency with every other application
34 filed under G.S. 159G-5(c), G.S. 159G-6(b)(1) or G.S. 159G-6(c)(1), respectively, and
35 eligible for consideration during the same priority period, to determine the priority to
36 be assigned to each application. The same procedure shall apply to every eligible
37 application filed under G.S. 159G-6(b)(3) and G.S. 159G-6(c)(3) of this Chapter. Any
38 application which does not contain the information required by this Chapter or
39 regulations adopted by the receiving agency(s) shall not be deemed received until
40 such information is furnished by the applicant to the receiving agency.

41 (a1) (See note) Expired.

42 (b) Priority Factors. -- All applications for revolving loans or grants under this
43 Chapter eligible for consideration during each priority period shall be assigned a
44 priority for such funds by the receiving agency. The priority factors ~~shall~~ to be used

1 are listed below; many of these factors are similar to those developed under the North
2 Carolina Clean Water Bond Act of 1977, as provided in this subsection. 1977:

3 (1) General Criteria. -- The existence of a comprehensive land-use
4 plan that meets the requirements of subsection (e) of this section is
5 a general criterion for determining which local government units
6 will receive a loan or grant. A comprehensive land-use plan that
7 meets the requirements of that subsection and exceeds the
8 minimum State standards for protection of the State's water
9 resources shall receive more points than a plan that does not
10 exceed those standards.

11 The general criteria provided in 1 NCAC 22.0401 through .0403
12 on January 1, 1987, shall also apply, except that 1 NCAC
13 22.0401(c) shall apply only to State funds appropriated to match
14 available federal funds.

15 (2) Wastewater Treatment Work Projects. -- The priority criteria
16 provided in 1 NCAC 22.0501 through .0506 on January 1, 1987,
17 shall apply to applications for wastewater treatment work projects,
18 except that 1 NCAC 22.0503 shall not apply.

19 (3) Wastewater Collection System Projects. -- The priority criteria
20 provided in 1 NCAC 22.0601 through .0606 on January 1, 1987,
21 shall apply to applications for wastewater collection system
22 projects, except that 1 NCAC 22.0601(2)(a) and (3), and 1 NCAC
23 22.0605(2), (3) and (4) shall not apply.

24 (4) Water Supply System Projects. -- The priority criteria provided in
25 1 NCAC 22.0701 through .0704 on January 1, 1987, shall apply to
26 applications for water supply system projects.

27 (5) The total number of points available in the respective categories
28 shall be deemed adjusted in accordance with the provisions of
29 subdivisions (1) through (4) of this subsection.

30 (c) Assignment of Priority. -- A written statement relative to each priority assigned
31 shall be prepared by the receiving agency and shall be attached to the application.
32 The priority assigned shall be conclusive.

33 (d) Failure to Qualify. -- Any application filed under G.S. 159G-5(c), G.S. 159G-
34 6(b) or G.S. 159G-6(c) that does not qualify for a revolving loan or grant as of the
35 priority period in which the application was eligible for consideration by reason of
36 the priority assigned the application shall be considered for a revolving loan or grant
37 during the next succeeding priority period upon request of the applicant. If such
38 application should again fail to qualify for a revolving loan or grant during the
39 second priority period by reason of the priority assigned, the application shall receive
40 no further consideration. An applicant may file a new application at any time, and
41 may amend any pending application to include additional data or information.

42 (e) Land-Use Plan. -- Local units of government are encouraged to adopt
43 comprehensive land-use plans. To qualify as a comprehensive land-use plan, a plan
44 must meet all of the following requirements:

- 1 (1) Be adopted by the governing body of the local government unit
2 covered by the plan.
3 (2) Promote economically and environmentally sustainable
4 development.
5 (3) Establish verifiable goals to be met through compliance with the
6 plan.
7 (4) Be approved by the Office of State Planning."

8 Section 17. Effective date. Sections 13 through 16 of this act become
9 effective only if the voters approve the issuance of the Clean Water Bonds authorized
10 by this act in the election required by Section 7 of this act. The remaining sections of
11 this act are effective when the act becomes law.

RURAL WATER & SEWER NEEDS FAR SURPASS AVAILABLE FUNDS

Water and sewer problems reach crisis stage.

North Carolina citizens and water experts alike have become increasingly alarmed at the seriousness of water and sewer problems in the state. Reports indicate that

- the state is ranked third in the number of rural households without indoor plumbing;
- 10% of wells in eastern and piedmont North Carolina have unsafe nitrate levels;
- 80% of septic tanks along the coast are prone to failure from old age and high water tables;
- groundwater levels in the eastern piedmont are falling as much as eight feet per year;
- algae blooms from high nitrogen levels killed 14 million fish in the Neuse River in 1995.

New study doubles estimate of state water & sewer needs.

A study now being conducted by the Rural Economic Development Center, Inc. and the Rural Development Council estimates **\$11.34 billion in clean water needs in North Carolina over the next 20 years** — \$4 billion for drinking water and \$7.34 billion for wastewater. This estimate is double the most recent estimates by state and federal sources. (See "About the Study" on reverse side.)

Rural water & sewer needs total \$4.3 billion.

Projected water needs for the 85 rural counties of the state amount to \$1.75 billion or 43 percent of the state total. Projected sewer needs in rural counties amount to \$2.58 billion or 35 percent of the total.

Public funds for water & sewer improvements shrinking.

Government loans and grants for water and wastewater improvements have been on the decline since the 1970s.

- Through the 1960s and 70s, federal programs funded a considerable portion of the water and sewer needs in North Carolina.
- Funding from those programs, however, has been on the decline in recent years. From 1981 to 1994, the federal share of total spending on water and sewer declined from 43 to 22 percent.
- Just in the last two years, water and sewer grants have decreased by half in North Carolina, from \$64 million to \$32 million.
- The State has made real attempts to offset that decline, most noteworthy, through the 1993 Clean Water Bond Issue for \$135 million. Demand, however, outstrips supply.

Urban areas able to access private market funds.

Many urban areas, with their strong economic base, have been successful in accessing funds for water and sewer improvements through the state's extensive system of banks and investment houses.

- In FY96, almost a half billion dollars of local water and sewer project debt was placed in the private market.

- ❑ This represented more than 80 percent of all statewide water & sewer financing in that year.
- ❑ Of this total, 79 percent was targeted to the water and sewer needs of seven of the state's 15 urban counties.

Many rural areas, however, are losing out.

Rural communities, with their smaller tax bases and debt limitations, often are unable to access funds from the private market. In North Carolina, local governments with ratings of 75 or better are considered acceptable for portfolio investment by banks.

- ❑ Of the 527 municipalities in North Carolina, 402 (76%) have no bond rating or have ratings below 75. Five counties have ratings below 75.
- ❑ Of these five counties, all are rural; 93 percent of the 402 municipalities are rural.
- ❑ Not one of the 100 rural local governments with the lowest ability to pay, as defined by the N.C. Department of Commerce, has a credit rating high enough to be acceptable in the marketplace.
- ❑ Rural areas were able to access only 33 percent of total public and private funds during the last fiscal year.

The State should take vitally important steps now to respond to the water and sewer crisis in rural North Carolina.

If North Carolina's rural communities are to be safe, desirable places to live and work, state leadership must respond with bold, creative solutions for financing water and sewer needs. **These solutions should focus specifically on economically distressed rural areas.** Solutions should emphasize:

- ❑ A Regional Approach to Design and Construction — that decreases the total number of treatment plants and lowers duplicative operating costs.
- ❑ A Two-Tiered Financing Approach — that allocates a percentage of funds for all communities at market rates and a percentage for loan and grant packages to serve the specific needs of low wealth counties and municipalities.

About the study ...

- ❑ A primary component of the North Carolina Water/Sewer Initiative is the computerized mapping of public water and sewer systems in the state.
- ❑ To date, mapping has been completed in 30 western counties. An analysis of these counties reveals \$711 million in water improvement needs.
- ❑ Based on this analysis, initiative staff have been able to project \$11.34 billion in clean water needs for the entire state.
- ❑ Mapping of eastern and piedmont counties will be completed by October 1, 1997.
- ❑ The result will be the state's first comprehensive, accurate data set on water and sewer locations and needs — a sound basis for future policy directions and funding decisions.
- ❑ The data set will become part of the State of North Carolina's Geographical Information System and will be accessible by computer.

SB 232 (PCS)-State Clean Water Bonds

- This act would authorize the issuance of \$1 billion State general obligation bonds for local government water and sewer projects. Because the debt service on \$800 million of bonds would be ultimately be paid by local governments receiving loans, the net State responsibility would be for the remaining \$200 million. Based on a 6% average interest rate assumption, the State's debt service on the \$200 million would average \$17.0 million a year for 20 years. Current rates are around 5.25%.
- The bond proceeds will be used by local governments for water supply systems, wastewater collection systems, wastewater treatment works, and water conservation projects. The bonds would be submitted to the voters for approval at the next Statewide election, either November 1997 or May 1998.
- \$200 million of bonds would be used for revolving loans and grants under the Clean Water Revolving Loan and Grant Fund and for matching funds for federal wastewater or water supply assistance funds for the 1998-99 and 1999-2000 fiscal years. The debt service on this portion of the bonds would be paid from the General Fund.
- The Clean Water Revolving Loan and Grant Fund is an existing fund that helps communities, particularly smaller, poorer communities, obtain low-interest loans and grants to fund clean water projects. There is currently insufficient money in the Fund to meet existing needs.
- The bill amends the Clean Water Revolving Loan and Grant Fund to increase the percentage of money used for grants to poorer units of local governments and to authorize funds for regional planning and planning by small towns.
- The remaining \$800 million of the bonds would be used for loans to local governments. The repayments by the local governments would provide the funds for debt service for this portion of the bonds.
- The loans would be allocated 69% for wastewater projects and 31% for water supply systems and water conservation projects. These percentages are based on the allocations in the existing revolving fund.
- Local government units that may apply for loans include counties, cities, towns, sanitary districts, and water and sewer districts, as well as two or more of these units acting jointly. Priorities for the loans would be determined by the Department of Environment, Health, and Natural Resources, based on the priority factors for the existing revolving fund, on achieving reductions in nutrient levels and overall effluent volume discharged into the State's waters, regional systems, and on adoption by the local unit of a comprehensive land use plan.
- The Department of Environment, Health, and Natural Resources will administer the loans, and the State Treasurer will determine the interest rate and maturity of the loans at rates such that repayments will be sufficient to cover the State's debt service and costs of issuing and administering the bonds. The Department of Environment, Health, and Natural Resources is required to report annually in detail on this loan program to the Joint Legislative Commission on Governmental Operations.
- Local government units may submit applications on a semiannual basis but, before submitting an application, the unit must hold a public hearing. The Department of Environment, Health, and Natural Resources may hold additional public hearings.
- To be eligible for a loan, a local government unit must demonstrate that it has the financial capacity to repay the loan. In addition, in its loan agreement, the unit must authorize the State Treasurer to intercept any of its State funds distributions if it fails to make timely payments on a loan.

NORTH CAROLINA RURAL WATER ASSOCIATION

Resolution of Support

For SB 232 (Short Title: Clean Water Bonds)

Whereas, North Carolina Rural Water Association (NCRWA) is an affiliate member of the National Rural Water Association (NRWA), thus comprising the nation's largest non-profit membership organization representing the interest of rural utilities, and;

Whereas, the NCRWA presently has over 500 member utilities across North Carolina providing water and wastewater services to rural residents, and;

Whereas, the present needs for infrastructure funding to meet customer demands and regulatory requirements far exceeds the ability of small rural utilities to increase rates, and;

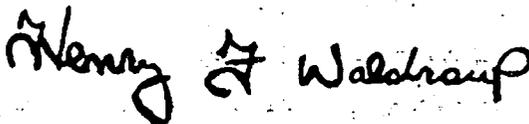

Whereas, adequate and safe drinking water and proper disposal of waste is the corner stone of public health and economic development, and;

Whereas, the issuance of bonds has proven to be a viable method of assuring the citizens of a dependable and cost effective source of revenue to meet present and future needs;

Now, therefore be it resolved, that the North Carolina Rural Water Association Board of Directors, on behalf of the members of the NCRWA, do hereby support the passage of SB 232, and;

Further hereby resolves, to support the passage of this bill by sponsoring educational material for utilities to use in making their customers aware of the importance of accepting this measure to assure the continued provision of safe and affordable water and waste disposal.

EXPENDITURES		none			

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Office of the Secretary of State, Judicial Branch, Department of Justice Office of Consumer Protection

EFFECTIVE DATE: Except as noted below, act is effective Oct. 1, 1997, and applies to violations on or after that date.

BILL SUMMARY: S 253. TELEPHONE CONSUMER PROTECTION. TO REQUIRE THE REGISTRATION OF TELEPHONIC SELLERS IN NORTH CAROLINA, TO MAKE THE OFFERING OF TELEPHONE SALES RECOVERY SERVICES A CRIMINAL OFFENSE, AND TO RESTRICT THE TIME PERIOD WITHIN WHICH UNSOLICITED AUTOMATIC DIALING AND RECORDED MESSAGES MAY BE MADE BY PHONE. Adds new Art. 33 to GS Ch. 66. Requires that telephonic sellers register with, and pay annual \$100 registration fee to, the Secretary of State not less than 10 days before commencing telephone solicitations from within the state or before soliciting purchasers residing in the state. Specifies required filing information, which includes a summary of any civil or criminal proceedings concerning telephonic sales brought against the registrant in the preceding five years. Registration is not effective until

all required information is provided. Requires that telephonic sellers who promote or offer prizes with a value of \$500 or more provide information about that prize to the Secretary of State, post a bond for the value of the prize, and provide the Secretary with proof that the prize was awarded within 45 days after the date of award. The bond is maintained until the Secretary is provided with reliable proof that the prize has been delivered. Prohibits telephone solicitation calls to minors.

Makes it unlawful for a telephonic seller to make a telephone solicitation call involving any gift or prize if the solicitation requests that a consumer further the transaction by calling a 900 number or a pay per call number, or requests a consumer to send payment or make a donation in order to collect a gift or prize, or fails to comply with provisions of GS Ch. 75 regarding automated dialing and recorded messages and representations regarding prizes.

Violation of act is an unfair and deceptive trade practice. Allows court, in civil action brought by Atty. Gen. for violation of act, to impose civil penalty of up to \$25,000 per violation.

Defines "telephone solicitation" as any telephonic communication designed to persuade any person to purchase goods or services, to enter a contest, or to contribute to a charity regardless of whether the telephone call is placed by (a) the telephonic seller or (b) a person responding to an unsolicited notice provided by seller representing to the recipient that the recipient has won a gift or prize or may qualify for credit by contacting the seller, or that the seller has buyers interested in purchasing recipient's property. Excludes from the definition of "telephonic seller" the following persons and entities: (1) nonprofit (501(c)(3)) organizations and charitable solicitors licensed under GS Ch. 131F or exempt from licensure under GS Ch. 131F; (2) licensed persons offering or selling registered securities; (3) persons conducting sales or solicitations on behalf of licensee of NC Utilities Comm'n or Federal Communications Comm'n; (4) licensed insurance agent or broker conducting sales or solicitations on behalf of insurance company; (5) banks or savings institutions; (6) persons who deliver sales catalogs with annual circulation of at least 250,000 to potential purchasers in more than one state; (7) persons soliciting sales on behalf of newspaper or cable television company; (8) persons soliciting purchases from a business; (9) book, video, or record clubs that meet certain requirements; (10) persons soliciting political contributions in accordance with Art. 22A of GS Ch. 163; and (11) sellers of business opportunities, loan brokers and membership camping operators and other persons and entities specified in act.

Effective Jan. 1, 1998, makes it a class 1 misdemeanor for a person, other than an attorney licensed in NC, a collection agent holding permit issued by Dep't of Insurance, or a person licensed by NC Protective Services Board, to solicit or require money or other consideration in exchange for recovering or attempting to recover (1) money or valuable consideration previously tendered to telephonic seller, or (2) prizes, awards, or other things of value that telephonic seller has previously represented would be delivered. A violation involving actual collection of money or consideration from a customer is a class H felony.¹

ASSUMPTIONS AND METHODOLOGY: The Sentencing Commission does not expect the bill to have a significant impact on prison populations since only a handful of cases involving the conduct described in the bill were initiated in state court last year.

The Judicial Branch does not anticipate any substantial impact on this bill because only a minimal increase in lawsuits and prosecutions are anticipated by the Department of Justice.

The Department of Justice does not anticipate any fiscal impact of this bill because they anticipate only a handful of cases will be litigated and that answering inquiries about the bill's requirements can be handled within existing resources.

The Office of the Secretary of State would be responsible for receiving registration by telephonic sellers and for collecting the \$100 registration fee. They project an average of 5 registrants per year or \$500 in revenues. The Office of the Secretary of State can perform this function within existing resources. Thus the only fiscal impact of the bill is the projected revenue from registrations,

23 Oversight Committee. The reports shall summarize the Authority's activities during
24 the quarter and contain any information about the Authority's activities that is
25 requested by the Committee.

32 Section 2. This act is effective when it becomes law and expires
33 December 31, 2001.

flow, the Department of Transportation (DOT) says eight toll booths are needed at each site. DOT estimates the cost to construct these toll booths and widen the road at the toll site will cost between \$1.5 to \$3 million for each toll facility. DOT projects it will take \$1 million a year to operate a manual toll facility. FHWA encourages automated tolling, but the one-time or infrequent travel on I - 95 does not make it conducive to automation.

If the bill were approved and the work began today (4/14/97), it would take until the summer of 2001 to open the toll booths. According to DOT, the environmental study would take a minimum of two years to complete. After the environmental study is finished, the design could be completed within 6 months. Right-of-way acquisition would take 6 months to a year and construction would take approximately a year to complete. In sum, a total of at least four years is required before the toll booths could be opened. This pushes the opening of the facilities close to the December 31, 2001 expiration of the bill.

Toll Revenue

The bill sets a maximum \$2 toll for a vehicle with three or fewer axles and a maximum \$6 toll for a vehicle with four or more axles. Of the 35,000 vehicles per day at the Virginia border and the 29,000 vehicles per day at the South Carolina border, it is estimated that 23% of the traffic is trucks. The growth rate in traffic is projected to be 3.5% a year. Assuming the toll facilities are ready for operation in the year 2001, the following revenues will be generated for the first fiscal year:

I. Virginia Border

35,000 vehicles per day (VPD) X 3.5% growth over four years = 40,163 VPD
40,163 VPD X .23 (trucks) = 9,237 VPD X 365 days X \$6 (Max. toll) = \$20,229,030
40,163 VPD X .77 (cars) = 30,925 VPD X 365 days X \$2 (Max. toll) = 22,575,250
\$42,804,280

II. South Carolina Border

29,000 vehicles per day (VPD) X 3.5% growth over four years = 33,278 VPD
33,278 VPD X .23 (trucks) = 7,653 VPD X 365 days X \$6 (Max. toll) = \$16,760,070
33,278 VPD X .77 (cars) = 25,624 VPD X 365 days X \$2 (Max. toll) = 18,705,520
\$35,465,590

III. Total Estimated Revenue in FY 2001-02 \$78,269,870

Federal Law on Toll Facilities

The Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA) does not allow interstate highways to be converted to toll highways. ISTEA ends on September 30, 1997 and President Clinton's proposed NEXTEA (National Economic Crossroads Transportation Efficiency Act of 1997) is now being debated in Congress and may not be approved until the spring of 1998. This proposed surface transportation reauthorization bill will allow the tolling of interstate highways if the state performs major reconstruction on the roadway. Examples of reconstruction are adding new lanes, resurfacing, or rehabilitating existing lanes. NEXTEA would reimburse states 80% of their construction cost, but the funds would come out of the

states' regular apportionment. A toll cannot be imposed until the reconstruction is finished. The FHWA must sign a toll agreement with the state before a toll facility can be constructed.

I-95 Projects

The Federal Highway Administration (FHWA) has been asked to define the amount of work that North Carolina would have to do before it is eligible to toll I-95. The Transportation Improvement Program (TIP) for 1997 to 2003 has the following projects programmed for I-95:

Halifax & Northampton Counties - \$32.6 million has been committed to rehab 9.9 miles of pavement and bridges over the Roanoke River to be completed in 1999. (Project I-905)

Robeson County - \$19.3 million is authorized for rehab of 5.6 miles of pavement between US 74 and US 301 by 2000. (Project I- 2305)

Halifax County - The state is finishing a \$21.1 million project for pavement rehabilitation and bridge and safety improvements on 11.7 miles of roadway. (Project I-2512)

Johnston County - Two projects are scheduled to modify an interchange (Project I -2704) and to revise an interchange (Project I- 2812) by 2001 for a cost of \$11.1 million.

Johnston County - \$10 million is authorized to begin pavement and bridge rehab in 1997 on 10.7 miles of roadway. (Project I - 3318)

Wilson County - \$3 million is programmed to convert a grade separation into an interchange by 2001. (Project I - 3321)

Nash and Wilson Counties - \$9.3 million is programmed to rehab 8 miles of pavement by 2001. (Project I - 3606)

Federal and State Funding

Is the \$106.4 million for the above projects enough to qualify for tolling I-95? FHWA will make that determination. If the toll agreement with North Carolina says that more is needed to meet the reconstruction standard, don't look to the federal government for help. Based on projections of federal funding for NEXTEA, there will be little or no increase in federal funding for North Carolina over the next 6 years. All available federal funds are programmed until 2003. To do more work on I-95 will require the Board of Transportation to delay and delete projects in the TIP to free up funding. Despite being a politically difficult thing to do, there is also a state funding formula that may hinder the effort. Since 1989, state law requires DOT to spend state and federal highway funds programmed in the TIP according to a regional formula that accounts for population (50%), miles of road to complete (25%), and equal share to each region (25%). The amount expended in a region in a seven year period must be between 90% and 110% of the amount calculated for the region by formula. Additional funding for I-95 above that already programmed in the TIP might violate the regional funding distribution.

SENATE BILL 585

Short Title: Increase Lumberton Occupancy Tax.

(Local)

Sponsors: Senator Weinstein.

Referred to: Finance.

April 1, 1997

- 1 A BILL TO BE ENTITLED
2 AN ACT TO INCREASE THE MAXIMUM RATE OF THE LUMBERTON ROOM
3 OCCUPANCY TAX FROM THREE PERCENT TO SIX PERCENT.
4 The General Assembly of North Carolina enacts:
5 Section 1. Part IX of Chapter 908 of the 1983 Session Laws, as amended
6 by Chapter 1028 of the 1983 Session Laws and Chapter 935 of the 1987 Session Laws,
7 as it relates to the City of Lumberton only, is recodified and rewritten as Section 2 of
8 this act.
9 Section 2. Lumberton Occupancy Tax. (a) Authorization and scope.
10 The Lumberton City Council may levy a room occupancy tax of up to three percent
11 (3%) of the gross receipts derived from the rental of any room, lodging, or
12 accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within
13 the city that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3).
14 This tax is in addition to any State or local sales tax.
15 (b) Authorization of additional tax. In addition to the tax authorized by
16 subsection (a) of this section, the Lumberton City Council may levy an additional
17 room occupancy tax of up to three percent (3%) of the gross receipts derived from
18 the rental of accommodations taxable under subsection (a). The levy, collection,
19 administration, and repeal of the tax authorized by this subsection shall be in
20 accordance with the provisions of this section. The Lumberton City Council may not
21 levy a tax under this subsection unless it also levies the tax authorized under
22 subsection (a) of this section.

1 (c) Administration. A tax levied under this section shall be levied,
2 administered, collected, and repealed as provided in G.S. 160A-215. The penalties
3 provided in G.S. 160A-215 apply to a tax levied under this section.

4 The tax collector may collect any unpaid taxes levied under this act
5 through the use of attachment and garnishment proceedings as provided in G.S.
6 105-368 for collection of property taxes. The tax collector has the same enforcement
7 powers concerning the tax imposed by this act as does the Secretary of Revenue in
8 enforcing the State sales tax under G.S. 105-164.30.

9 (d) Distribution and use of tax revenue. The City of Lumberton shall
10 use the net proceeds of the tax only for tourism-related expenditures.

11 The following definitions apply in this subsection:

12 (1) Net proceeds. -- Gross proceeds less the cost to the city of
13 administering and collecting the tax, as determined by the finance
14 officer, not to exceed seven percent (7%) of the gross proceeds.

15 (2) Tourism-related expenditures. -- Any of the following
16 expenditures: sponsoring tourist-oriented events, encouraging
17 tourism through advertising and promotion, establishing a visitors'
18 center, and other expenditures that directly enhance tourism. The
19 term also includes any of the following expenditures: criminal
20 justice system, fire protection, public facilities and utilities, health
21 facilities, and solid waste and sewage treatment. The term does
22 not include, however, expenditures for services normally provided
23 by the city on behalf of its citizens unless these services promote
24 tourism and enlarge its economic benefits by enhancing the ability
25 of the city to attract and provide for tourists.

26 Section 3. (a) Article 9 of Chapter 160A of the General Statutes is
27 amended by adding a new section to read:

28 "§ 160A-215. Uniform provisions for room occupancy taxes.

29 (a) Scope. -- This section applies only to municipalities the General Assembly has
30 authorized to levy room occupancy taxes. For the purpose of this section, the term
31 'city' means a municipality.

32 (b) Levy. -- A room occupancy tax may be levied only by resolution, after not less
33 than 10 days' public notice and after a public hearing held pursuant thereto. A room
34 occupancy tax shall become effective on the date specified in the resolution levying
35 the tax. That date must be the first day of a calendar month, however, and may not
36 be earlier than the first day of the second month after the date the resolution is
37 adopted.

38 (c) Collection. -- Every operator of a business subject to a room occupancy tax
39 shall, on and after the effective date of the levy of the tax, collect the tax. The tax
40 shall be collected as part of the charge for furnishing a taxable accommodation. The
41 tax shall be stated and charged separately from the sales records and shall be paid by
42 the purchaser to the operator of the business as trustee for and on account of the
43 taxing city. The tax shall be added to the sales price and shall be passed on to the
44 purchaser instead of being borne by the operator of the business. The taxing city

1 shall design, print, and furnish to all appropriate businesses and persons in the city
2 the necessary forms for filing returns and instructions to ensure the full collection of
3 the tax. An operator of a business who collects a room occupancy tax may deduct
4 from the amount remitted to the taxing city a discount equal to the discount the State
5 allows the operator for State sales and use tax.

6 (d) Administration. -- The taxing city shall administer a room occupancy tax it
7 levies. A room occupancy tax is due and payable to the city finance officer in
8 monthly installments on or before the fifteenth day of the month following the month
9 in which the tax accrues. Every person, firm, corporation, or association liable for
10 the tax shall, on or before the fifteenth day of each month, prepare and render a
11 return on a form prescribed by the taxing city. The return shall state the total gross
12 receipts derived in the preceding month from rentals upon which the tax is levied. A
13 room occupancy tax return filed with the city finance officer is not a public record
14 and may not be disclosed except in accordance with G.S. 153A-148.1 or G.S. 160A-
15 208.1.

16 (e) Penalties. -- A person, firm, corporation, or association who fails or refuses to
17 file a room occupancy tax return or pay a room occupancy tax as required by law is
18 subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file
19 a return for State sales and use taxes. The governing board of the taxing city has the
20 same authority to waive the penalties for a room occupancy tax that the Secretary of
21 Revenue has to waive the penalties for State sales and use taxes.

22 (f) Repeal or Reduction. -- A room occupancy tax levied by a city may be
23 repealed or reduced by a resolution adopted by the governing body of the city.
24 Repeal or reduction of a room occupancy tax shall become effective on the first day
25 of a month and may not become effective until the end of the fiscal year in which the
26 resolution was adopted. Repeal or reduction of a room occupancy tax does not affect
27 a liability for a tax that was attached before the effective date of the repeal or
28 reduction, nor does it affect a right to a refund of a tax that accrued before the
29 effective date of the repeal or reduction."

30 (b) This section applies only to the City of Lumberton.

31 Section 4. This act is effective when it becomes law.

PRINCIPAL DEPARTMENT(S) &

PROGRAM(S) AFFECTED: Department, of Environment, Health, and Natural Resources
Division of Epidemiology, Communicable Disease Control

EFFECTIVE DATE: When the act becomes law.

BILL SUMMARY: The proposed act authorizes the Secretary of Environment, Health, and Natural Resources to increase the rabies tag fee one half cent. The per tag price is \$.022 and an increase of \$.05 increases the price to \$.072.

ASSUMPTIONS AND METHODOLOGY:

Revenue

Private veterinarians purchase most of their rabies tags from the Veterinary Public Health Program. The Department reports that an estimated 1,000,000 tags will be sold by the program each year for the next five years.

[Equation: $1,000,000 * .05 \text{ cent} = \$50,000 \text{ a year}$]

Expenditures

The increased revenue from this fee increase will be used to offset the costs of expanding the state's rabies education and prevention program as recommended in the Governor's expansion budget for the 1997-99 biennium.

According to the Department of Environment, Health, and Natural Resources, Division of Epidemiology, three separate rabies epidemics have occurred in North Carolina during the 1990's. The number of animal rabies cases has risen from 10 in 1990 to 741 in 1996.

The state currently employs one public health veterinarian to assist physicians, veterinarians, local health departments, hospitals and the general public with questions pertaining to zoonotic diseases (diseases that can be transmitted from animals to humans), such as rabies. This person responds to approximately 45 requests daily for telephone consultations. In 1993 the rabies program receive approximately 10 to 15 calls per day. The public health veterinarian also conducts an average of 50 educational seminars annually, including presentations to veterinary societies, hospitals and the Area Health Education Centers.

To meet the increased demand for professional consultation, education and prevention services resulting from the dramatic increase in rabies cases, the Governor is recommending an additional \$100,000 be spent annually (\$50,000 to be funded through the fee increase and \$50,000 funded through a general fund appropriation). The funds will be used to employ one additional public health veterinarian to provide professional consultations and educational seminars. The division expects to respond to an additional 15 to 20 phone calls daily and to conduct an additional 30 seminars annually, primarily to local medical societies with the increased staff.

The balance of the funds recommended will be used to develop and distribute educational materials, including pamphlets, videos, public announcements and training materials. The materials will focus on the manifestation of rabies in various species, methods of transmission, precautions to avoid exposure and seeking medical attention in the case of bites.

EXPLANATION OF HOUSE BILL 488:
Increase Rabies Tag Fee/AB

TO: Senate Finance Committee
FROM: Sabra Faires, Committee Counsel
DATE: April 15, 1997
SPONSOR: Representative Barbee
Agency Bill

House Bill 488 increases the cost of a rabies vaccination tag purchased from the Veterinary Public Health Program by an amount not to exceed 5 cents. The receipts generated by this bill would offset part of the costs associated with one of the Governor's budget recommendations. The Governor's budget includes a request for one additional public health veterinarian and for increased funding for the production of educational materials about rabies for various segments of health care professionals.

Every dog and cat over four months old must be vaccinated against rabies. Every dog and cat vaccinated is issued a vaccination tag that should be worn at all times. The cost of a vaccination tag purchased from the Veterinary Public Health Program is approximately 2 cents. This bill will allow the cost of the tag to be increased to 7 cents. The cost of a similar tag on the open market is estimated to be 12 cents.

Animal rabies cases in North Carolina have increased steadily and dramatically over the past ten years. Ten cases of rabid animals were reported in 1990; that number increased to 741 in 1996. The Governor's budget recommendation indicates that the demand for professional consultation and education services far exceeds current capacity. At the present time, the Veterinary Public Health Program has one veterinarian. He is responsible for answering questions, providing materials, and conducting seminars pertaining to zoonotic diseases. Rabies is one type of zoonotic disease.

SENATE BILL 578

Short Title: Mount Airy Occupancy Tax.

(Local)

Sponsors: Senator Foxx.

Referred to: Finance.

April 1, 1997

1 A BILL TO BE ENTITLED
2 AN ACT TO AUTHORIZE THE CITY OF MOUNT AIRY TO LEVY A ROOM
3 OCCUPANCY AND TOURISM DEVELOPMENT TAX.
4 The General Assembly of North Carolina enacts:
5 Section 1. Occupancy tax. (a) Authorization and scope. The Mount
6 Airy Board of Commissioners may by resolution, after not less than 10 days' public
7 notice and after a public hearing held pursuant thereto, levy a room occupancy tax of
8 up to three percent (3%) of the gross receipts derived from the rental of any room,
9 lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar
10 place within the city that is subject to sales tax imposed by the State under G.S.
11 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does
12 not apply to accommodations furnished by nonprofit charitable, educational, or
13 religious organizations or by nonprofit summer camps when the accommodations are
14 furnished in furtherance of their nonprofit purpose.
15 (b) Collection. Every operator of a business subject to the tax levied
16 under this section shall, on and after the effective date of the levy of the tax, collect
17 the tax. This tax shall be collected as part of the charge for furnishing a taxable
18 accommodation. The tax shall be stated and charged separately from the sales
19 records, and shall be paid by the purchaser to the operator of the business as trustee
20 for and on account of the city. The tax shall be added to the sales price and shall be
21 passed on to the purchaser instead of being borne by the operator of the business.
22 The city shall design, print, and furnish to all appropriate businesses and persons in
23 the city the necessary forms for filing returns and instructions to ensure the full
24 collection of the tax. An operator of a business who collects the occupancy tax

1 levied under this section may deduct from the amount remitted to the city a discount
2 equal to the discount the State allows the operator for State sales and use tax.

3 (c) Administration. The city shall administer a tax levied under this
4 section. A tax levied under this section is due and payable to the city finance officer
5 in monthly installments on or before the fifteenth day of the month following the
6 month in which the tax accrues. Every person, firm, corporation, or association liable
7 for the tax shall, on or before the fifteenth day of each month, prepare and render a
8 return on a form prescribed by the city. The return shall state the total gross receipts
9 derived in the preceding month from rentals upon which the tax is levied.

10 A return filed with the city finance officer under this section is not a
11 public record and may not be disclosed except in accordance with G.S. 160A-208.1.

12 (d) Penalties. A person, firm, corporation, or association who fails or
13 refuses to file the return or pay the tax required by this section is subject to the civil
14 and criminal penalties set by G.S. 105-236 for failure to pay or file a return for State
15 sales and use taxes. The Mount Airy Board of Commissioners has the same authority
16 to waive the penalties for a room occupancy tax that the Secretary of Revenue has to
17 waive the penalties for State sales and use taxes.

18 (e) Distribution and use of tax revenue. The City of Mount Airy shall,
19 on a quarterly basis, remit the net proceeds of the occupancy tax to the Mount Airy
20 Tourism Development Authority. The Authority shall use the funds remitted to it
21 under this subsection only to promote travel and tourism in the Mount Airy area.
22 The following definitions apply in this section:

23 (1) Net proceeds. -- Gross proceeds less the cost to the city of
24 administering and collecting the tax, as determined by the finance
25 officer, not to exceed seven percent (7%) of the gross proceeds.

26 (2) Promote travel and tourism. -- Advertise and market activities,
27 develop and distribute promotional materials, conduct market
28 research, and engage in other similar promotional activities that
29 attract tourists or business travelers to the area. The term also
30 includes administration of the Mount Airy Tourism Development
31 Authority.

32 (f) Effective date of levy. A tax levied under this section shall become
33 effective on the date specified in the resolution levying the tax. That date must be
34 the first day of a calendar month, however, and may not be earlier than the first day
35 of the second month after the date the resolution is adopted.

36 (g) Repeal. A tax levied under this section may be repealed by a
37 resolution adopted by the Mount Airy Board of Commissioners. Repeal of a tax
38 levied under this section shall become effective on the first day of a month and may
39 not become effective until the end of the fiscal year in which the repeal resolution
40 was adopted. Repeal of a tax levied under this section does not affect a liability for a
41 tax that was attached before the effective date of the repeal, nor does it affect a right
42 to a refund of a tax that accrued before the effective date of the repeal.

43 Section 2. Tourism Development Authority. (a) Appointment and
44 membership. When the board of commissioners adopts a resolution levying a room

1 occupancy tax under this act, it shall also adopt a resolution creating a Mount Airy
2 Tourism Development Authority, which shall be a public authority under the Local
3 Government Budget and Fiscal Control Act. The board of commissioners shall
4 appoint the following eight members to the Authority:

- 5 (1) Two individuals who are owners or operators of taxable tourist
6 accommodations in the city.
- 7 (2) Two residents of the city who have experience in the promotion of
8 travel and tourism.
- 9 (3) Two residents of the city who are members of the Mount Airy
10 Chamber of Commerce, selected by the Mount Airy Chamber of
11 Commerce.
- 12 (4) One member of the board of commissioners.
- 13 (5) The city finance officer, who shall serve as an ex officio, nonvoting
14 member.

15 Members of the Authority shall serve without compensation and shall
16 serve for a term of three years. Vacancies shall be filled in the same manner as the
17 original appointment. Members appointed to fill vacancies shall serve for the
18 remainder of the unexpired term. An individual may serve as a member for no more
19 than two consecutive terms. The members shall elect a chair from among the
20 membership, who shall serve for three years. The Authority shall meet at the call of
21 the chair and shall adopt rules of procedure to govern its meetings.

22 (b) Duties. The Authority shall expend the net proceeds of the tax
23 levied under this act for the purposes provided in Section 1 of this act. The
24 Authority shall promote travel and tourism in the Mount Airy area. In performing its
25 duties, the Authority may contract with any person, firm, or agency to advise and
26 assist it, and may recommend to the board of commissioners that city staff be
27 employed for this advice and assistance. Any city staff employed upon a
28 recommendation of the Authority shall be hired and supervised by the Authority,
29 which shall pay the salaries and expenses of this staff.

30 (c) Reports. The Authority shall report quarterly and at the close of the
31 fiscal year to the board of commissioners on its receipts and expenditures for the
32 preceding quarter and for the year in such detail as the board may require.

33 Section 3. This act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 59:
Update IRC Code

TO: Senate Finance Committee
FROM: Sabra Faires, Committee Counsel
DATE: April 16, 1997
SPONSOR: Representative Neely
Recommendation of the Revenue Laws Study Committee

House Bill 59 rewrites the definition of the Internal Revenue Code used in State tax statutes to change the reference date from March 20, 1996, to January 1, 1997. Updating the Internal Revenue Code reference makes recent amendments to the Code applicable to the State to the extent that State tax law previously tracked federal law. Congress made significant changes to the Code last year that will impact federal taxable income. Since the State corporate and individual income tax is based upon federal taxable income, these changes, if adopted, will impact State policies and revenues.

The Small Business Job Protection Act made two tax changes that will impact the General Fund proportionately more than the other tax changes: the Code Sec. 179 business expense deduction is increased from \$17,500 to \$25,000 over a period of 5 years and the amount a self-employed person may deduct for health insurance costs is increased from 30% to 80% over a period of 10 years. The Act made major changes to the S Corporation rules, introduced a new type of retirement plan (SIMPLE), and narrowed the exclusion for punitive damages received on account of personal injury or sickness. It also created a new adoption credit and exclusion and increased the amount a nonworking spouse could contribute to an IRA.

The Health Insurance Portability and Accountability Act creates a pilot test program for tax-favored medical savings accounts (MSAs) and adds two new exceptions to the 10% penalty for premature withdrawals from IRAs. It treats costs of long-term care services and some long-term care insurance premiums as medical expenses for itemized deduction purposes. The Act also allows an income tax exclusion for long-term care benefits to chronically ill insureds and extends the income tax exclusion for life insurance death benefits to benefits paid during life to the terminally ill.

The bill provides that the federal tax law changes that could increase an individual's or corporation's North Carolina taxable income for the 1996 tax year

will not become effective until January 1, 1997. Under Article 1, Sec. 16 of the North Carolina Constitution, the legislature cannot pass a law that will retroactively increase the tax liability of an individual. There are a few provisions in the federal tax law changes that could increase taxable income for the 1996 tax year. Since this bill could not be acted upon until the 1997 General Assembly convened, these changes were given a delayed effective date.

Since the State corporate income tax was changed to a percentage of federal taxable income in 1967, the reference date to the Internal Revenue Code has been updated periodically. In discussing bills to update the Code reference, the question frequently arises as to why the statutes refer to the Code on a particular date instead of referring to the Code and any future amendments to it, thereby eliminating the necessity of bills like this one. The answer to the question lies in both a policy decision and a potential legal restraint.

First, the policy reason for specifying a particular date is that, in light of the many changes made in federal tax law from year to year, the State may not want to adopt automatically federal changes, particularly when these changes result in large revenue losses. By pinning references to the Code to a certain date, the State ensures that it can examine any federal changes before making the changes effective for the State.

Secondly, and more importantly, however, the North Carolina Constitution imposes an obstacle to a statute that automatically adopts any changes in federal tax law. Article V, Section 2(1) of the Constitution provides in pertinent part that the "power of taxation ... shall never be surrendered, suspended, or contracted away." Relying on this provision, the North Carolina court decisions on delegation of legislative power to administrative agencies, and an analysis of the few federal cases on this issue, the Attorney General's Office concluded in a memorandum issued in 1977 to the Director of the Tax Research Division of the Department of Revenue that a "statute which adopts by reference future amendments to the Internal Revenue Code would ... be invalidated as an unconstitutional delegation of legislative power."

EFFECTIVE DATE: See specific act under the bill summaries.					

BILL SUMMARY: Section 1 rewrites the definitions of the Internal Revenue Code used in State tax structures to change the reference date from March 20, 1996 to January 1, 1997.

BACKGROUND: An update to the Internal Revenue Code is brought to the General Assembly annually as both a policy decision and a response to a legal restraint. The policy reason for specifying a particular date is that, in light of continuous changes made to the federal tax law, the State may not want to automatically adopt federal changes, particularly when they result in large revenue losses.

The legal restraint involves Article V, Section 2(1) of the North Carolina State Constitution which states in pertinent part that the "power of taxation shall never be surrendered, suspended, or contracted away". A 1977, memorandum from the State Attorney General's Office to the Tax Research Division of the Department of Revenue concluded that a "statute which adopts by reference future amendments to the Internal Revenue code would be

invalidated as an unconstitutional delegation of legislative powers".

Legislation enacted by Congress affecting the Internal Revenue Code is as follows:

Taxpayer Bill of Rights 2

Joint Return Contemporaneous Payment Requirement

The requirement that taxpayers who file separate returns pay the full tax liability when filing an amended joint return is repealed. In the past, taxpayers were required to pay the full amount of the joint tax liability at the time of filing an amended joint return or within three years of filing.

Effective for tax years beginning after July 30, 1996.

Small Business Job Protection Act of 1996

Increase in Small Business Expensing

The amount of tangible business property that may be expensed rather than depreciated over time is increased from \$17,500 to \$18,000 for tax year beginning in 1997, and increased every year thereafter until 2003 when the expense deduction will be \$25,000.

Effective for tax years beginning after December 31, 1996.

Extension of Employer-Provided Education Assistance

The exclusion from an employer's gross income for employee educational assistance that expired for tax years beginning December 31, 1994, is retroactively extended. The maximum amount allowed under a qualified employer educational assistance program is \$5,250 per employee. The exclusion is not available for expenses related to graduate courses beginning after June 30, 1996. The prohibited courses include any graduate level course leading to advanced academic or professional degrees.

The exclusion will expire effective for tax years beginning after May 31, 1997. Expenses paid for courses beginning before July 1, 1997, are excludable for tax year 1997.

Extension of Expired Provisions

- The 20% tax credit for research and experimentation that expired for amounts paid or incurred after June 30, 1995, is extended. Effective for amounts paid or incurred from July 1, 1996 through May 31, 1997.
- The orphan drug tax credit is extended for amounts paid between July 1, 1996, through May 31, 1997. Prior to January 1, 1995, a 50% tax credit was allowed for qualified clinical

testing expenses incurred in testing certain drugs for rare disease conditions, generally referred to as "orphan drugs".

Qualified expenses are cost incurred after the FDA has approved a drug for human testing but before it has been approved for sale.

- The special treatment for contributions of appreciated stock to private foundations is extended for contributions made between July 1, 1996, through May 31, 1997. Qualified appreciated stock is publicly traded stock that is capital gain property.

The targeted jobs credit is replaced by the work opportunity credit and is effective for individuals starting work for an employer after September 31, 1996. The credit will not apply to individuals beginning work for an employer after September 30, 1997. The work opportunity credit has fewer targeted jobs, an increased minimum period in which a targeted group member must work for an employer, and a credit percent of 35% rather than 40% of the first \$6,000 of wages paid to each targeted group member during the first year of employment.

S Corporation Simplification Provisions

- The number of eligible S corporation shareholders is increased from 35 to 75.
- Allows certain trust to hold S corporation stock. The beneficiaries of an "electing small business trust" may participate so long as they are individuals or estates and their interest in the trust must have been acquired by gift or bequest.
- An S corporation is allowed to own S or C subsidiaries. An S corporation is allowed to own 80% or more of the stock of a C corporation and can own a qualified subchapter S subsidiary in tax years beginning after 1996.
- Base adjustments for distributions made by an S corporation during the tax year are taken into account before applying the loss limitation for the year. As a result, distributions reduce the adjusted basis for determining the allowable loss for the year, but that loss does not reduce the adjusted basis for purposes of determining the tax status of the distribution. This provision provides the same tax treatment of distributions by S corporation during a (loss) year as allowed for partnerships.

All provisions effective for tax years beginning after December 31, 1996.

Lump-sum Distributions

The five year averaging option for lump-sum distributions from a qualified pension plan is repealed for individuals born after 1935; for tax years beginning after December 31, 1999. Individuals born before 1936 can elect a 10 year averaging option based on 1986 tax rates for a single person or a five year averaging method based on the single person tax rate in effect for the year in which the lump-sum distribution was taken. Individuals born after 1935 can elect a five year averaging if the distribution was made after they reached the age of 59 ½. (Under current law, the ten year averaging option is disallowed for this group.) After the effective date, the rules affecting those born before 1935 will not change. Those born after 1935 will not be allowed to average.

Effective for tax years beginning after December 31, 1999.

Special Employer-Provided Death Benefit Exclusion

The exclusion allowed the beneficiary or estate of a deceased employee to exclude up to \$5,000 in benefits paid by or on behalf of an employer by reasons of the employee's death is repealed.

Effective for decedents dying after August 20, 1996.

Simplified Method of Determining Annuity Recovery Basis

The number of anticipated payments by age group used in calculating the nontaxable portion of each annuity payment from a qualified retirement plan, qualified annuity, or tax-sheltered annuity are increased. The nontaxable portion of an annuity payment, generally, is equal to the employee's total investment in the contract as of the annuity starting date, divided by the number of anticipated monthly payments, which are determined by reference to the age of the participant. The "new law" increases the number of monthly payments to be used in figuring the tax-free portion of each annuity payment. The age categories remain the same.

Effective with annuities commencing after November 17, 1996.

New Required Beginning Date for Distribution of Retirement Plans

Participants in qualified retirement plans, other than five-percent owners and IRA holders, are no longer required to begin receiving distributions from the fund after attaining the age of 70 ½ if they are still employed.

Distributions must begin by April 1, of the calendar year following the later of : (1) the calendar year in which the participant reaches age 70 ½, or (2) the calendar year in which the employee retires.

Effective January 1, 1997

Deductible Contributions to Spousal IRAs

The maximum amount a married individual may contribute to a spousal IRA for a non-working spouse is increased from \$250 to \$2,000 a year. Prior to this change the maximum amount a couple filing jointly could contribute to an IRA was \$2,250. Under the new law, a couple filing jointly can contribute \$2,000 each for a total of \$4,000.

Effective for tax years beginning after December 31, 1996

Adoption Assistance Credit and Expansion

Employees are allowed to exclude "qualified adoption expenses" from income if such amounts are paid or incurred by their employer. Qualified adoption expenses include adoption fees, court costs, attorney fees, and other expenses related to the legal adoption of an eligible child.

Effective for tax years beginning after December 31, 1996

Personal Injury or Sickness Damages Received; Limited Exclusion

The exclusion from income for damages received on account of personal injury or sickness is restricted to non-punitive damages. The exclusion from gross income only applies to damages received on account of a personal physical injury or physical sickness. Punitive damages awarded in wrongful death actions may be excluded from gross income where applicable State law only allows punitive damages to be awarded.

Effective with respect to amounts received after August 20, 1996, unless the amounts were received under a written binding agreement, court decree, or mediation award in effect on September 30, 1995.

Depreciation of Water Utility Property.

Under prior law, property used in the gathering, treating, and distribution of commercial water and municipal sewers systems was depreciated over 20 years using the 150% declining balance method. This method ensures a rate of depreciation that depreciated the asset exactly to salvage value over the period. The change allows for such property to be depreciated over a 25 year period using the straight-line method. The straight-line method is customarily used on assets where creeping obsolescence is the primary reason for a limited service life.

The act is effective for property placed in service June 12, 1996, other than property placed in service pursuant to a binding contract in effect before June 10, 1996.

Health Insurance Portability and Accountability Act of 1996

Medical Savings Accounts

Medical Savings Accounts are created for the purpose of defraying the un-reimbursed health care expenses on a tax-favored basis. A MSA is a trust or custodial account created exclusively for the benefit of the account holder and subject to rules similar to individual retirement accounts. Earnings on an MSA are not subject to tax, however, distributions for expenses other than medical are to be included as income and subject to penalty unless made after the participant reaches age 65, dies, or is disabled. Upon death, if the beneficiary is the individual's spouse, the spouse may continue the MSA as their own. Otherwise, the beneficiary must include the MSA balance in income in the year of death. If there is no beneficiary, the MSA balance is to be included on the final return of the decedent. In any case, no federal estate tax applies. Distributions from an MSA for medical expenses can be excluded from income.

Contributions made by an "eligible" employee or self-employed individual are deductible. Contributions made by an employer on behalf of an employee are excludable from the employee's income and wage for social security tax purposes. An "eligible" employee is one covered under an employer sponsored high deductible plan of a small employer and self-employed individuals. A high deductible health plan is one having an annual deductible of at least \$1,500 and no more than \$2,250 for individual coverage and at least \$3,000 and no more than \$4,500 for family coverage. An employer is a small employer if it employed, on average, no more than 50 employees during either the preceding or the second preceding years.

Effective for taxable years beginning on or after December 31, 1996.

Health Insurance Deduction Allowed to Self-employed Individuals

Self-employed individuals are allowed annual increases in health insurance premiums paid on behalf of self-employed individual, a spouse, and dependents. In 1993, the maximum deduction allowed was 25% of the qualified premiums and increased to 30% for tax years beginning after December 31, 1994.

The deduction is increased by the following amounts by tax year:

<u>Tax Year</u>	<u>% Allowed Deduction</u>
1997	40%
1998-2002	45
2003	50
2004	60
2005	70
2006	80

Medical Expenses Deduction for Long-term Care

Un-reimbursed amounts paid for qualified long-term care services are treated as medical care for purposes of the medical expense deduction. Eligible long-term care insurance premiums that do not exceed certain limits are deductible from gross income.

Effective for tax years beginning after December 31, 1996

Insurance Proceeds Received by the Chronically or Terminally Ill

The following are excluded from gross income:

- Proceeds received by the chronically ill from long-term care insurance.
- Proceeds received by the terminally ill from life insurance.

Effective for tax years beginning after December 13, 1996.

ASSUMPTIONS AND METHODOLOGY:

Estimates prepared using federal and neighboring state computed impacts. The basic assumption used assumes that the State's cost will be .65% of the federal predicted cost. The State's personal income is approximately 2.5% of the U.S. total and the State's average tax rate is 25% of the federal.

35 **"§ 105-163.2. Withholding. Employers must withhold taxes.**

36 (a) Withholding Required. -- An employer shall deduct and withhold from the
37 wages of each employee the State income taxes payable by the employee on the
38 wages. For each payroll period, the employer shall withhold from the employee's
39 wages an amount that would approximate the employee's income tax liability under
40 Article 4 of this Chapter if the employer withheld the same amount from the
41 employee's wages for each similar payroll period in a calendar year. In calculating
42 an employee's anticipated income tax liability, the employer shall allow for the
43 exemptions, deductions, and credits to which the employee is entitled under Article 4

1 of this Chapter. The amount of State income taxes withheld by an employer is held
2 in trust for the Secretary.

3 (b) Withholding Tables. -- The manner of withholding and the amount to be
4 withheld shall be determined in accordance with tables and rules adopted by the
5 Secretary. The withholding exemption allowed by these tables and rules shall, as
6 nearly as possible, approximate the exemptions, deductions, and credits to which an
7 employee would be entitled under Article 4 of this Chapter. The Secretary shall
8 ~~cause to be prepared and shall~~ promulgate tables for computing amounts to be
9 withheld with respect to different rates of wages for different payroll periods
10 applicable to the various combinations of exemptions to which an employee may be
11 entitled and taking into account the appropriate standard deduction. The tables may
12 provide for the same amount to be withheld within reasonable salary brackets or
13 ranges so designed as to result in the withholding during a year of approximately the
14 amount of an employee's indicated income tax liability for that year. The
15 withholding of wages pursuant to and in accordance with these tables shall be
16 deemed as a matter of law to constitute compliance with the provisions of subsection
17 (a) of this section, notwithstanding any other provisions of this Article.

18 (c) Withholding if No Payroll Period. -- If wages are paid with respect to a period
19 ~~which that~~ is not a payroll period, the amount to be deducted and withheld shall be
20 that applicable in the case of a miscellaneous payroll period containing a number of
21 days, excluding Sundays and holidays, equal to the number of days in the period with
22 respect to which such wages are ~~paid.~~ paid. In any case in which wages are
23 paid by an employer without regard to any payroll period or other period, the
24 amount to be deducted and withheld shall be that applicable in the case of a
25 miscellaneous payroll period containing a number of days equal to the number of
26 days, excluding Sundays and holidays, which have elapsed since the date of the last
27 payment of such wages by such employer during the calendar year, or the date of
28 commencement of employment with such employer during such year, or January 1 of
29 such year, whichever is the later.

30 (d) Estimated Withholding. -- The Secretary may, by rule, authorize employers to
31 estimate the wages to be paid to an employee during a calendar quarter, calculate the
32 amount to be withheld for each period based on the estimated wages, and, upon
33 payment of wages to the employee, adjust the withholding so that the amount actually
34 withheld is the amount that would be required to be withheld if the employee's
35 payroll period were quarterly.

36 (e) Alternatives to Tables. -- If the Secretary determines that use of the
37 withholding tables would be impractical, would impose an unreasonable burden on
38 an employer, or would produce substantially incorrect results, the Secretary may
39 authorize or require an employer to use some other method of determining the
40 amounts to be withheld under this Article. The alternative method authorized by the
41 Secretary must reasonably approximate the predicted income tax liability of the
42 affected employees. In addition, with the agreement of the employer and employee,
43 the Secretary may authorize an employer to use an alternative method that results in
44 withholding of a greater amount than otherwise required under this section.

1 The Secretary's authorization of an alternative method is discretionary and may be
2 cancelled at any time without advance notice if the Secretary finds that the method is
3 being abused or is not resulting in the withholding of an amount reasonably
4 approximating the predicted income tax liability of the affected employees. The
5 Secretary shall give an employer written notice of any cancellation and the findings
6 upon which the cancellation is based. The cancellation becomes effective upon the
7 employer's receipt of this notice or on the third day after the notice was mailed to
8 the employer, whichever occurs first. If the employer requests a hearing on the
9 cancellation within 30 days after the cancellation, the Secretary shall grant a hearing.
10 After a hearing, the Secretary's findings are conclusive.

11 ~~(e) The Secretary may, by regulations, authorize employers:~~

- 12 ~~(1) To estimate the wages which will be paid to any employee in any~~
13 ~~quarter of the calendar year;~~
14 ~~(2) To determine the amount to be deducted and withheld upon each~~
15 ~~payment of wages to such employee during such quarter as if the~~
16 ~~appropriate average of the wages so estimated constituted the~~
17 ~~actual wages paid; and~~
18 ~~(3) To deduct and withhold upon any payment of wages to such~~
19 ~~employee during such quarter such amount as may be necessary to~~
20 ~~adjust the amount actually deducted and withheld upon the wages~~
21 ~~of such employee during such quarter to the amount that would be~~
22 ~~required to be deducted and withheld during such quarter if the~~
23 ~~payroll period of the employee was quarterly.~~

24 ~~(f) The Secretary is authorized in unusual circumstances wherein he finds that the~~
25 ~~use of the prescribed tables is impracticable or constitutes an unreasonable~~
26 ~~requirement of the employer to authorize such employer to use some other method of~~
27 ~~determining the amounts to be withheld under this Article, provided the amounts~~
28 ~~withheld under such other method will reasonably approximate the indicated income~~
29 ~~tax liability of his employees. Further, the Secretary may authorize an employer to~~
30 ~~use another method for determining the amounts to be withheld under the provisions~~
31 ~~of this Article from the wages or salaries of groups of employees or individual~~
32 ~~employees if the circumstances are such that the use of the tables would produce~~
33 ~~substantially incorrect results. Any authorization of the use of a different method~~
34 ~~shall be subject to review and cancellation or alteration by the Secretary every twelfth~~
35 ~~month, and the Secretary may cancel such authorization or order an alteration of~~
36 ~~such method at any time upon a finding by him that such authorization is being~~
37 ~~abused or that such method is not resulting in the withholding of a sum reasonably~~
38 ~~approximating the indicated income tax liability of the employees, which finding may~~
39 ~~be made by the Secretary with or without notice or a hearing and shall be conclusive~~
40 ~~except as hereinafter provided. The Secretary shall notify the employer in writing of~~
41 ~~his finding and order thereon, and such notice shall be deemed to have been received~~
42 ~~by the employer on the third day after having been deposited in the mail and the~~
43 ~~employer shall thereafter abide by such order. Any employer feeling aggrieved by~~
44 ~~such order may thereafter apply for a hearing thereon before the Secretary, unless a~~

1 ~~hearing has been previously held, and upon such hearing the findings of the Secretary~~
2 ~~shall be deemed conclusive.~~

3 ~~(g) The Secretary is authorized to provide by regulation, under such conditions~~
4 ~~and to such extent as he deems proper, for withholding in addition to that otherwise~~
5 ~~required under this section in cases in which the employer and the employee agree to~~

9 ~~105-134.6(b)(11).~~

10 "§ 105-163.2. Withholding. Employers must withhold taxes.

11 (a) Withholding Required. -- An employer shall deduct and
12 withhold from the wages of each employee the State income taxes
13 payable by the employee on the wages. For each payroll period,
14 the employer shall withhold from the employee's wages an amount
15 that would approximate the employee's income tax liability under
16 Article 4 of this Chapter if the employer withheld the same
17 amount from the employee's wages for each similar payroll period
18 in a calendar year. In calculating an employee's anticipated
19 income tax liability, the employer shall allow for the
20 exemptions, deductions, and credits to which the employee is
21 entitled under Article 4 of this Chapter. The amount of State
22 income taxes withheld by an employer is held in trust for the
23 Secretary.

24 (b) Withholding Tables. -- The manner of withholding and the
25 amount to be withheld shall be determined in accordance with
26 tables and rules adopted by the Secretary. The withholding
27 exemption allowed by these tables and rules shall, as nearly as
28 possible, approximate the exemptions, deductions, and credits to
29 which an employee would be entitled under Article 4 of this
30 Chapter. The Secretary shall ~~cause to be prepared and shall~~
31 promulgate tables for computing amounts to be withheld with
32 respect to different rates of wages for different payroll periods
33 applicable to the various combinations of exemptions to which an
34 employee may be entitled and taking into account the appropriate
35 standard deduction. The tables may provide for the same amount
36 to be withheld within reasonable salary brackets or ranges so
37 designed as to result in the withholding during a year of
38 approximately the amount of an employee's indicated income tax
39 liability for that year. The withholding of wages pursuant to
40 and in accordance with these tables shall be deemed as a matter
41 of law to constitute compliance with the provisions of subsection
42 (a) of this section, notwithstanding any other provisions of this
43 Article.

1 (c) Withholding if No Payroll Period. -- If wages are paid with
2 respect to a period ~~which~~ that is not a payroll period, the
3 amount to be deducted and withheld shall be that applicable in
4 the case of a miscellaneous payroll period containing a number of
5 days, excluding Sundays and holidays, equal to the number of days
6 in the period with respect to which such wages are ~~paid.~~ ~~(d)~~ In
7 paid. In any case in which wages are paid by an employer without
8 regard to any payroll period or other period, the amount to be
9 deducted and withheld shall be that applicable in the case of a
10 miscellaneous payroll period containing a number of days equal to
11 the number of days, excluding Sundays and holidays, which have
12 elapsed since the date of the last payment of such wages by such
13 employer during the calendar year, or the date of commencement of
14 employment with such employer during such year, or January 1 of
15 such year, whichever is the later.

16 (d) Estimated Withholding. -- The Secretary may, by rule,
17 authorize employers to estimate the wages to be paid to an
18 employee during a calendar quarter, calculate the amount to be
19 withheld for each period based on the estimated wages, and, upon
20 payment of wages to the employee, adjust the withholding so that
21 the amount actually withheld is the amount that would be required
22 to be withheld if the employee's payroll period were quarterly.

23 (e) Alternatives to Tables. -- If the Secretary determines
24 that use of the withholding tables would be impractical, would
25 impose an unreasonable burden on an employer, or would produce
26 substantially incorrect results, the Secretary may authorize or
27 require an employer to use some other method of determining the
28 amounts to be withheld under this Article. The alternative
29 method authorized by the Secretary must reasonably approximate
30 the predicted income tax liability of the affected employees. In
31 addition, with the agreement of the employer and employee, the
32 Secretary may authorize an employer to use an alternative method
33 that results in withholding of a greater amount than otherwise
34 required under this section.

35 The Secretary's authorization of an alternative method is
36 discretionary and may be cancelled at any time without advance
37 notice if the Secretary finds that the method is being abused or
38 is not resulting in the withholding of an amount reasonably
39 approximating the predicted income tax liability of the affected
40 employees. The Secretary shall give an employer written notice
41 of any cancellation and the findings upon which the cancellation
42 is based. The cancellation becomes effective upon the employer's
43 receipt of this notice or on the third day after the notice was
44 mailed to the employer, whichever occurs first. If the employer

1 requests a hearing on the cancellation within 30 days after the
2 cancellation, the Secretary shall grant a hearing. After a
3 hearing, the Secretary's findings are conclusive.

4 ~~(e) The Secretary may, by regulations, authorize employers:~~

5 ~~(1) To estimate the wages which will be paid to any~~
6 ~~employee in any quarter of the calendar year;~~

7 ~~(2) To determine the amount to be deducted and withheld~~
8 ~~upon each payment of wages to such employee during~~
9 ~~such quarter as if the appropriate average of the~~
10 ~~wages so estimated constituted the actual wages~~
11 ~~paid; and~~

12 ~~(3) To deduct and withhold upon any payment of wages~~
13 ~~to such employee during such quarter such amount as~~
14 ~~may be necessary to adjust the amount actually~~
15 ~~deducted and withheld upon the wages of such~~
16 ~~employee during such quarter to the amount that~~
17 ~~would be required to be deducted and withheld~~
18 ~~during such quarter if the payroll period of the~~
19 ~~employee was quarterly.~~

20 ~~(f) The Secretary is authorized in unusual circumstances~~
21 ~~wherein he finds that the use of the prescribed tables is~~
22 ~~impracticable or constitutes an unreasonable requirement of the~~
23 ~~employer to authorize such employer to use some other method of~~
24 ~~determining the amounts to be withheld under this Article,~~
25 ~~provided the amounts withheld under such other method will~~
26 ~~reasonably approximate the indicated income tax liability of his~~
27 ~~employees. Further, the Secretary may authorize an employer to~~
28 ~~use another method for determining the amounts to be withheld~~
29 ~~under the provisions of this Article from the wages or salaries~~
30 ~~of groups of employees or individual employees if the~~
31 ~~circumstances are such that the use of the tables would produce~~
32 ~~substantially incorrect results. Any authorization of the use of~~
33 ~~a different method shall be subject to review and cancellation or~~
34 ~~alteration by the Secretary every twelfth month, and the~~
35 ~~Secretary may cancel such authorization or order an alteration of~~
36 ~~such method at any time upon a finding by him that such~~
37 ~~authorization is being abused or that such method is not~~
38 ~~resulting in the withholding of a sum reasonably approximating~~
39 ~~the indicated income tax liability of the employees, which~~
40 ~~finding may be made by the Secretary with or without notice or a~~
41 ~~hearing and shall be conclusive except as hereinafter provided.~~
42 ~~The Secretary shall notify the employer in writing of his finding~~
43 ~~and order thereon, and such notice shall be deemed to have been~~
44 ~~received by the employer on the third day after having been~~

~~1 deposited in the mail and the employer shall thereafter abide by
2 such order. Any employer feeling aggrieved by such order may
3 thereafter apply for a hearing thereon before the Secretary,
4 unless a hearing has been previously held, and upon such hearing
5 the findings of the Secretary shall be deemed conclusive.~~

~~6 (g) The Secretary is authorized to provide by regulation, under
7 such conditions and to such extent as he deems proper, for
8 withholding in addition to that otherwise required under this
9 section in cases in which the employer and the employee agree to
10 such additional withholding. Such additional withholding shall
11 for all purposes be treated as other withholding amounts required
12 to be deducted and withheld under this Article.~~

~~13 (h) The act of compliance with any of the provisions of this
14 Article by a nonresident employer shall not constitute an act in
15 evidence of and shall not be deemed to be evidence that such
16 nonresident is doing business in this State.~~

~~17 "§ 105-163.3. Withholding in accordance with regulations.
18 Certain payers must withhold taxes.~~

~~19 (a) Requirement. -- Every payer who pays a contractor more
20 than six hundred dollars (\$600.00) during a calendar year shall
21 deduct and withhold from compensation paid to a contractor the
22 State income taxes payable by the contractor on the compensation
23 as provided in this section. The amount of taxes to be withheld
24 is four percent (4%) of the compensation paid to the contractor.
25 The taxes a payer withholds are held in trust for the Secretary.~~

~~26 (b) Exemptions. -- The withholding requirement does not apply
27 to the following:~~

~~28 (1) Compensation that is subject to the withholding
29 requirement of G.S. 105-163.2.~~

~~30 (2) Compensation paid to an ordained or licensed member
31 of the clergy.~~

~~32 (c) Returns; Due Date. -- A payer shall file a return with the
33 Secretary on a form prepared by the Secretary and shall provide
34 any information required by the Secretary. The return is due and
35 the withheld taxes are payable by the last day of the first month
36 after the end of each calendar quarter during which the payer
37 pays compensation to a contractor. The Secretary may extend the
38 time for filing the return or paying the tax as provided in G.S.
39 105-263.~~

~~40 (d) Annual Statement; Report to Secretary. -- A payer
41 required to deduct and withhold from a contractor's compensation
42 under this section shall furnish to the contractor duplicate
43 copies of a written statement showing the following:~~

- 1 (1) The payer's name, address, and taxpayer
2 identification number.
- 3 (2) The contractor's name, address, and taxpayer
4 identification number.
- 5 (3) The total amount of compensation paid during the
6 calendar year.
- 7 (4) The total amount deducted and withheld under this
8 section during the calendar year.

9 This statement is due by January 31 following the calendar year.
10 If the personal services for which the payer is paying are
11 completed before the end of the calendar year and the contractor
12 requests the statement, the statement is due within 45 days after
13 the payer's last payment of compensation to the contractor. The
14 Secretary may require the payer to include additional information
15 on the statement.

16 Each payer shall file with the Secretary an annual report that
17 compiles the information contained in each of the payer's
18 statements to contractors and any other information required by
19 the Secretary. This report is due on the date prescribed by the
20 Secretary and is in lieu of the information report required by
21 G.S. 105-154.

22 (e) Records. -- If a payer does not withhold from payments to a
23 nonresident corporation or a nonresident limited liability
24 company because the entity has obtained a certificate of
25 authority from the Secretary of State, the payer shall obtain
26 from the entity its corporate identification number issued by the
27 Secretary of State. If a payer does not withhold from payments
28 to an individual because the individual is a resident, the payer
29 shall obtain the individual's address and social security number.
30 If a payer does not withhold from a partnership because the
31 partnership has a permanent place of business in this State, the
32 payer shall obtain the partnership's address and taxpayer
33 identification number. The payer shall retain this information
34 with its records.

35 (f) Payer May Repay Amounts Withheld Improperly. -- A payer may
36 refund to a person any amount the payer withheld improperly from
37 the person under this section, if the refund is made before the
38 end of the calendar year and before the payer furnishes the
39 person the annual statement required by subsection (d). An
40 amount is withheld improperly if it is withheld from a payment to
41 a person who is not a contractor, if it is withheld from a
42 payment that is not compensation, or if it is in excess of the
43 amount required to be withheld under this section. A payer who
44 makes a refund under this section must:

- 1 (1) Not report the amount refunded on the annual
2 statement required by subsection (d); and
3 (2) Either not pay to the Secretary the amount refunded
4 or, if the amount refunded has already been paid to
5 the Secretary, reduce by the amount refunded the
6 next payments to the Secretary of taxes withheld
7 from the person.

8 ~~The manner of withholding and the amount to be deducted and~~
9 ~~withheld under G.S. 105-163.2 shall be determined in accordance~~
10 ~~with tables, rules, and regulations adopted by the Secretary.~~
11 ~~The withholding exemption allowed by these tables, rules, and~~
12 ~~regulations shall, as nearly as possible, approximate the~~
13 ~~exemptions, deductions, and credits to which an employee would be~~
14 ~~entitled under Article 4 of this Chapter.~~

15 "§ 105-163.4. Withholding does not create nexus.

16 A nonresident withholding agent's act in compliance with this
17 Article does not in itself constitute evidence that the
18 nonresident is doing business in this State.

19 ~~No withholding from reimbursement for expenses.~~

20 ~~The amount an employer pays an employee as reimbursement for~~
21 ~~ordinary and necessary expenses incurred by the employee on~~
22 ~~behalf of the employer and in the furtherance of the business of~~
23 ~~the employer is not wages and is not subject to withholding under~~
24 ~~this Article.~~

25 "§ 105-163.5. Exemptions Employee exemptions allowable;
26 certificates.

27 (a) An employee receiving wages ~~shall be~~ is entitled to the
28 exemptions for which ~~such~~ the employee qualifies under the
29 ~~provisions of~~ Article 4 of this Chapter.

30 (b) Every employee shall, ~~on or before January 1, 1960, or at~~
31 the time of commencing employment, ~~whichever is later,~~ furnish
32 his or her employer with a signed withholding exemption
33 certificate informing the employer of the exemptions the employee
34 claims, which in no event shall exceed the amount of exemptions
35 to which the employee is entitled under the Code; ~~but, in the~~
36 ~~event that~~ Code. If the employee fails to file the exemption
37 certificate the employer, in computing amounts to be withheld
38 from the employee's wages, shall allow the employee the exemption
39 accorded a single person with no dependents.

40 (c) Withholding exemption certificates shall take effect as of
41 the beginning of the first payroll period ~~which~~ that ends on or
42 after the date on which ~~such~~ the certificate is furnished, or if
43 payment of wages is made without regard to a payroll period, then
44 ~~such~~ the certificate shall take effect as of the beginning of the

1 miscellaneous payroll period for which the first payment of wages
2 is made on or after the date on which such the certificate is
3 ~~furnished; provided, that certificates furnished before January~~
4 ~~1, 1960, shall be deemed to have been furnished on that date.~~
5 furnished.

6 (d) If, on any day during the calendar year, the amount of
7 withholding exemptions to which the employee is entitled is less
8 than the amount of withholding exemptions claimed by the employee
9 on the withholding exemption certificate then in effect with
10 respect to ~~him,~~ the employee, the employee shall, within 10 days
11 thereafter, furnish the employer with a new withholding exemption
12 certificate ~~relating to~~ stating the amount of withholding
13 exemptions which the employee then claims, which shall in no
14 event exceed the amount to which ~~he~~ the employee is entitled on
15 such that day. If, on any day during the calendar year, the
16 amount of withholding exemptions to which the employee is
17 entitled is greater than the amount of withholding exemptions
18 claimed, the employee may furnish the employer with a new
19 withholding exemption certificate ~~relating to~~ stating the amount
20 of withholding exemptions which the employee then claims, which
21 shall in no event exceed the amount to which ~~he~~ the employee is
22 entitled on such that day.

23 (e) Withholding exemption certificates ~~shall be in such form~~
24 ~~and contain such information as the Secretary may prescribe, but,~~
25 insofar must be in the form and contain the information required
26 by the Secretary. As far as practicable, the Secretary shall
27 cause the form of such the certificates to be substantially
28 similar to federal exemption certificates.

29 (f) In addition to any criminal penalty provided by law, if an
30 individual furnishes his or her employer with an exemption
31 certificate that contains information which has no reasonable
32 basis and that results in a lesser amount of tax being withheld
33 under this Article than would have been withheld if the
34 individual had furnished reasonable information, the individual
35 is subject to a penalty of fifty percent (50%) of the amount not
36 properly withheld.

37 "§ 105-163.6. When employer must file returns and pay withheld
38 taxes.

39 (a) General. -- A return is due quarterly or monthly as
40 specified in this section. A return shall be filed with the
41 Secretary on a form prepared by the Secretary, shall report any
42 payments of withheld taxes made during the period covered by the
43 return, and shall contain any other information required by the
44 Secretary.

1 Withheld taxes are payable quarterly, monthly, or semiweekly,
2 as specified in this section. If the Secretary finds that
3 collection of the amount of taxes this Article requires an
4 employer to withhold is in jeopardy, the Secretary may require
5 the employer to file a return or pay withheld taxes at a time
6 other than that specified in this section.

7 (b) Quarterly. -- An employer who withholds an average of less
8 than five hundred dollars (\$500.00) of State income taxes from
9 wages each month shall file a return and pay the withheld taxes
10 on a quarterly basis. A quarterly return covers a calendar
11 quarter and is due by the last day of the month following the end
12 of the quarter.

13 (c) Monthly. -- An employer who withholds an average of at
14 least five hundred dollars (\$500.00) but less than two thousand
15 dollars (\$2,000) from wages each month shall file a return and
16 pay the withheld taxes on a monthly basis. A return for the
17 months of January through November is due by the 15th day of the
18 month following the end of the month covered by the return. A
19 return for the month of December is due the following January 31.

20 (d) Semiweekly. -- An employer who withholds an average of at
21 least two thousand dollars (\$2,000) of State income taxes from
22 wages each month shall file a return by the date set under the
23 Code for filing a return for federal employment taxes
24 attributable to the same wages and shall pay the withheld State
25 taxes by the date set under the Code for depositing or paying
26 federal employment taxes attributable to the same wages. The date
27 set by the Code for depositing or paying federal employment taxes
28 shall be determined without regard to § 6302(g) of the Code.

29 An extension of time granted to file a return for federal
30 employment taxes attributable to wages is an automatic extension
31 of time for filing a return for State income taxes withheld from
32 the same wages, and an extension of time granted to pay federal
33 employment taxes attributable to wages is an automatic extension
34 of time for paying State income taxes withheld from the same
35 wages. An employer who pays withheld State income taxes under
36 this subsection is not subject to interest on or penalties for a
37 shortfall in the amount due if the employer would not be subject
38 to a failure-to-deposit penalty had the shortfall occurred in a
39 deposit of federal employment taxes attributable to the same
40 wages and the employer pays the shortfall by the date the
41 employer would have to deposit a shortfall in the federal
42 employment taxes.

43 (e) Category. -- The Secretary shall monitor the amount of
44 taxes withheld by an employer or estimate the amount of taxes to

31 return of federal income taxes withheld from wages is due under
32 the Code. The report required by this subsection is in lieu of

38 "§ 105-163.9. Refund of overpayment to ~~employer~~ withholding
39 agent.

40 ~~An employer~~ A withholding agent who pays the Secretary more
41 under this Article than the Article requires the ~~employer agent~~
42 to pay may obtain a refund of the overpayment by filing an
43 application for a refund with the Secretary. No refund is
44 allowed, however, if the ~~employer~~ withholding agent withheld the

1 amount of the overpayment from the ~~wages of the employer's~~

7 "§ 105-163.10. Withheld amounts credited to individual taxpayer
8 for calendar year.

9 The amount deducted and withheld under ~~G.S. 105-163.2~~ this
10 Article during any calendar year from the wages or compensation
11 of ~~any an~~ an individual shall be allowed as a credit to that
12 individual against the tax imposed by ~~G.S. 105-134.2~~ Article 4 of
13 this Chapter for taxable years beginning in that calendar year.
14 The amount deducted and withheld under this Article during any
15 calendar year from the compensation of a nonresident entity shall
16 be allowed as a credit to that entity against the tax imposed by
17 Article 4 of this Chapter for taxable years beginning in that
18 calendar year. If the nonresident entity is a pass-through
19 entity, the entity shall pass through and allocate to each owner
20 the owner's share of the credit.

21 If more than one taxable year begins in ~~that calendar year~~ the
22 calendar year during which the withholding occurred, the amount
23 shall be allowed as a credit against the tax for the last taxable
24 year so beginning. To obtain the credit allowed in this section,
25 the individual or nonresident entity must file with the Secretary
26 one copy of the withholding statement required by G.S. 105-163.3
27 or G.S. 105-163.7 and any other information the Secretary
28 requires.

29 "§ 105-163.11 to 105-163.14. Repealed by Session Laws 1985, c.
30 443, s. 1, effective for taxable years beginning on or after
31 January 1, 1986.

32 "§ 105-163.15. Failure by individual to pay estimated income
33 tax; penalty.

34 (a) In the case of any underpayment of the estimated tax by an
35 individual, there shall be added to the tax imposed under Article
36 4 for the taxable year an amount determined by applying the
37 applicable annual rate established under G.S. 105-241.1(i) to the
38 amount of the underpayment for the period of the underpayment.

39 (b) For purposes of subsection (a), the amount of the
40 underpayment shall be the excess of the required installment,
41 over the amount, if any, of the installment paid on or before the
42 due date for the installment. The period of the underpayment
43 shall run from the due date for the installment to whichever of
44 the following dates is the earlier: (i) the fifteenth day of the

1 fourth month following the close of the taxable year, or (ii)
2 with respect to any portion of the underpayment, the date on
3 which such portion is paid. A payment of estimated tax shall be
4 credited against unpaid required installments in the order in
5 which such installments are required to be paid.

6 (c) For purposes of this section there shall be four required
7 installments for each taxable year with the time for payment of
8 the installments as follows:

- 9 (1) First installment -- April 15 of taxable year;
- 10 (2) Second installment -- June 15 of taxable year;
- 11 (3) Third installment -- September 15 of taxable year;
- 12 and
- 13 (4) Fourth installment -- January 15 of following
- 14 taxable year.

15 (d) Except as provided in subsection (e), the amount of any
16 required installment shall be twenty-five percent (25%) of the
17 required annual payment. The term 'required annual payment' means
18 the lesser of:

- 19 (1) Ninety percent (90%) of the tax shown on the return
20 for the taxable year, or, if no return is filed,
21 ninety percent (90%) of the tax for that year; or
- 22 (2) One hundred percent (100%) of the tax shown on the
23 return of the individual for the preceding taxable
24 year, if the preceding taxable year was a taxable
25 year of 12 months and the individual filed a return
26 for that year.

27 (e) In the case of any required installment, if the individual
28 establishes that the annualized income installment is less than
29 the amount determined under subsection (d), the amount of the
30 required installment shall be the annualized income installment,
31 and any reduction in a required installment resulting from the
32 application of this subsection shall be recaptured by increasing
33 the amount of the next required installment determined under
34 subsection (d) by the amount of the reduction and by increasing
35 subsequent required installments to the extent that the reduction
36 has not previously been recaptured.

37 In the case of any required installment, the annualized income
38 installment is the excess, if any, of (i) an amount equal to the
39 applicable percentage of the tax for the taxable year computed by
40 placing on an annualized basis the taxable income for months in
41 the taxable year ending before the due date for the installment,
42 over (ii) the aggregate amount of any prior required installments
43 for the taxable year. The taxable income shall be placed on an
44 annualized basis under rules prescribed by the Secretary. The

1 applicable percentages for the required installments are as
2 follows:

- 3 (1) First installment -- twenty-two and one-half
4 percent (22.5%);
- 5 (2) Second installment -- forty-five percent (45%);
- 6 (3) Third installment -- sixty-seven and one-half
7 percent (67.5%); and
- 8 (4) Fourth installment -- ninety percent (90%).

9 (f) No addition to the tax shall be imposed under subsection
10 (a) if the tax shown on the return for the taxable year reduced
11 by the tax withheld under ~~Article 4A~~ this Article is less than
12 the amount set in section 6654(e) of the Code or if the
13 individual did not have any liability for tax under Division II
14 of Article 4 for the preceding taxable year.

15 (g) For purposes of this section, the term 'tax' means the tax
16 imposed by Division II of Article 4 minus the credits against the
17 tax allowed by ~~Article 4~~ this Chapter other than the credit
18 allowed by this Article. The amount of the credit allowed under
19 ~~Article 4A~~ this Article for withheld income tax for the taxable
20 year is considered a payment of estimated tax, and an equal part
21 of that amount is considered to have been paid on each due date
22 of the taxable year, unless the taxpayer establishes the dates on
23 which all amounts were actually withheld, in which case the
24 amounts so withheld are considered payments of estimated tax on
25 the dates on which ~~such~~ the amounts were actually withheld.

26 (h) If, on or before January 31 of the following taxable year,
27 the taxpayer files a return for the taxable year and pays in full
28 the amount computed on the return as payable, no addition to tax
29 shall be imposed under subsection (a) with respect to any
30 underpayment of the fourth required installment for the taxable
31 year.

32 (i) Notwithstanding the other provisions of this section, an
33 individual who is a farmer or fisherman for a taxable year is
34 required to make only one installment payment of tax for that
35 year. This installment is due on or before January 15 of the
36 following taxable year but may be paid without penalty or
37 interest on or before March 1 of that year. The amount of the
38 installment payment shall be the lesser of:

- 39 (1) Sixty-six and two-thirds percent (66 2/3%) of the
40 tax shown on the return for the taxable year, or,
41 if no return is filed, sixty-six and two-thirds
42 percent (66 2/3%) of the tax for that year; or
- 43 (2) One hundred percent (100%) of the tax shown on the
44 return of the individual for the preceding taxable

1 year, if the preceding taxable year was a taxable
2 year of 12 months and the individual filed a return
3 for that year.

4 An individual is a farmer or fisherman for any taxable year if
5 the individual's gross income from farming or fishing, including
6 oyster farming, for the taxable year is at least sixty-six and
7 two-thirds percent (66 2/3%) of the total gross income from all
8 sources for the taxable year, or the individual's gross income
9 from farming or fishing, including oyster farming, shown on the
10 return of the individual for the preceding taxable year is at
11 least sixty-six and two-thirds percent (66 2/3%) of the total
12 gross income from all sources shown on the return.

13 (j) In applying this section to a taxable year beginning on
14 any date other than January 1, there shall be substituted, for
15 the months specified in this section, the months that correspond
16 thereto. This section shall be applied to taxable years of less
17 than 12 months in accordance with rules prescribed by the
18 Secretary.

19 (k) This section shall not apply to any estate or trust.

20 "~~§ 105-163.16. Overpayment refunded.~~

21 If the amount of wages or compensation withheld at the source
22 under ~~G.S. 105-163.2~~ this Article exceeds the tax imposed by
23 Article 4 of this Chapter against which the withheld tax is
24 credited under G.S. 105-163.10, the excess is considered an
25 overpayment by the ~~employee, employee or contractor.~~ If the
26 amount of estimated tax paid under G.S. 105-163.15 exceeds the
27 taxes imposed by Article 4 of this Chapter against which the
28 estimated tax is credited under the provisions of this Article,
29 the excess is considered an overpayment by the taxpayer. An
30 overpayment shall be refunded as provided in Article 9 of this
31 Chapter.

32 "~~§ 105-163.17. Administration.~~

4 provisions of this Article when such other state or states grant
5 similar treatment to the residents of this State. Such agreements
6 may provide for recognition of the anticipated tax credits
7 allowed under the provisions of G.S. 105-151 in determining the
8 amounts to be withheld.

EXPLANATION OF HOUSE BILL 57
Proposed Senate Finance Committee Substitute
Tax Withholding on Nonresidents

TO: Senate Finance Committee
FROM: Sabra Faires, Committee Counsel
DATE: April 16, 1997
SPONSOR: Representative Neely
Recommendation of the Revenue Laws Study Committee

House Bill 57 would require withholding from compensation paid to nonresident individuals and nonresident entities for personal services performed in North Carolina. For services paid to individuals and for athletic, entertainment, and construction services paid to partnerships, corporations, or limited liability companies, the change becomes effective January 1, 1998. For all other personal services paid to these business entities, the change becomes effective January 1, 1999. The bill requires 4% of the amount paid to be withheld. The bill was suggested by the Department of Revenue.

North Carolina taxes the income of its residents and also that income derived by nonresidents from businesses, trades, and occupations carried on in this State. Most other states that have an income tax apply the tax to nonresidents' income in this way. Like North Carolina, these states generally give their residents a credit for income tax paid to other states on income derived from those states.

Many nonresidents who derive income from North Carolina do not pay the North Carolina tax due on this income. This problem is particularly troublesome with respect to single event performers such as athletes or entertainers who may be paid large amounts for their work in North Carolina. It is difficult, expensive, and inefficient for the Department of Revenue to trace and pursue these nonresidents who do not pay the tax they owe.

This bill will impose a withholding requirement on payments made to nonresidents for services performed in this state. This requirement is similar to the current law which requires employers to withhold taxes from wages paid their employees. The new requirement will not apply to wages, which are already covered under the current law; the new requirement applies to payments to independent contractors.

Examples of nonresidents targeted by the proposed withholding requirement are musicians, actors, and individual athletes. Because these individuals may be paid through a partnership, limited liability company, or corporation that does not have ties to this State, the withholding requirement will apply to payments to these entities as well. If the entity is registered in this State or maintains a permanent office in this State, payments to it are not subject to withholding. Payments it makes to nonresidents for their services will, however, be subject to withholding, under either the new requirement for contract payments or the current requirement for wages.

Under this bill, a person or entity who, in the course of a trade or business, pays a nonresident more than \$600 for personal services in this State will be required to withhold 4% of the payment and deposit the withheld taxes with the Department of Revenue. The withholding agent must register with the Department of Revenue. The withheld taxes are due by the last day of the first month after the end of the calendar quarter in which the withholding agent paid the nonresident. As is the case with employers who withhold from employees' wages, the withholding agent will be required to give each nonresident a statement similar to a W-2 form in January and to provide a compilation of these statements to the Department of Revenue. Filing these documents relieves the agent of the existing information reporting requirement of G.S. 105-154.

The withheld taxes will be credited to the nonresident individual or entity from which they were withheld. If the entity is a pass-through entity such as a partnership, Subchapter S corporation, or limited liability company, the credit will pass through to the partners or other owners of the entity. The nonresident will receive credit for the withheld taxes by filing a North Carolina income tax return; any excess will be refunded to the taxpayer.

A number of other states have instituted withholding programs and special audit programs to close the loophole that allows nonresidents to avoid paying state income taxes they owe. California, Connecticut, Minnesota, New Jersey, and South Carolina have withholding requirements. Michigan, Missouri, and New York have special audit programs.

The Proposed Committee Substitute differs from the 4th edition of the bill primarily by deleting the expansion of the income tax exclusion for severance wages that was in the 4th edition and by adding a two-step phase-in. The proposed committee substitute also makes clarifying and administrative changes.

ASSUMPTIONS AND METHODOLOGY: The Department of Revenue requests this legislation to increase the collection of income taxes owed by nonresident companies and individuals. The revenue impact is estimated to be approximately \$8 to \$10 million each year, but the exact dollar amount is unknown due to the lack of data on revenue earned by nonresidents working in the state. The proposed bill would increase General Fund revenues from increased withholding, from increased collections from registered firms now complying with state tax law (Revenue will be better able to track these firms), and from corporate registration fees with the Secretary of State (\$200 for each foreign corporation). Some industries are examined below to gauge the potential revenue gain from nonresident withholding.

GENERAL CONTRACTORS

In 1995, the North Carolina Licensing Board for General Contractors had 1,765 out of state companies licensed to work in the state. These firms sought licensing to work on projects greater than \$30,000 on buildings, highways, public utilities, grading, and improvement of structures. The majority of these firms are from southeastern states such as South Carolina (426), Georgia (205), Virginia (174), Tennessee (155), and Florida (152). However, the Licensing Board stated that other contractors work in the state without a license because of the contract size (< \$30,000) or because they are doing federal jobs.

From 1993 to 1996, 48 out-of-state firms, representing both design and construction, did business with the State Construction Office. The Department of Revenue was asked to check on whether these firms filed income tax returns in North Carolina. Of the 48 firms, only 58.3% or 28 filed returns. If firms working directly for the state are filing only 58.3% of the time, one may assume those contractors working for private customers file at lower rates or not at all.

If it is assumed that each licensed nonresident contractor earned \$100,000 in North Carolina in 1995, what would the state have earned from the proposed withholding law? Assuming these 1,765 firms paid no income tax to the state that year, the 4% withholding on the \$100,000 contract payments would have yielded \$7.06 million in 1995.

PROFESSIONAL GOLF

Passage of this bill would require professional golf tournaments to withhold payment from nonresident golfers. By scanning residence information from the various golf associations, it appeared many of the golfers lived in Florida (no income tax), California and Texas (no income tax). If this requirement were in effect in 1996, the state would have earned \$243,764 from nonresidents in the following tournaments:

<u>Tour</u>	<u>Tournament</u>	<u>Nonresident Winnings</u>
PGA	Greater Greensboro Classic	\$1,800,000
LPGA	Fieldcrest Cannon Classic*	449,142
LPGA	U.S. Women's Open*	1,180,336
Senior PGA	Paine Webber Invitational	800,000
Senior PGA	Vantage Championship	1,500,000
Nike Tour	Carolina Classic	196,935
Hooters Tour	Charlotte*	94,631
Hooters Tour	Fayetteville*	<u>73,058</u>
		\$6,094,102

*Known N. C. residents were deducted from winnings.

NASCAR

Most of the NASCAR race winnings in North Carolina are already being taxed because 32 racing teams are based in the state. Withholding 4% of the prize money earned by nonresident Winston Cup racers in 1996 (shown below) would have earned the state \$57,910.

Winston Cup	GM Goodwrench 400	\$287,780
Winston Cup	Tyson/Holly Farms 400	178,190
Winston Cup	First Union 400	194,580
Winston Cup	Coca Cola 600	286,030
Winston Cup	UAW/GM Teamwork 500	274,085
Winston Cup	AC-Delco 400	<u>227,075</u>
		\$1,447,740

Information was not available for all Busch and Craftsman racing teams, but known state resident winnings were subtracted from the race purses below. These races in 1996 would have yielded a maximum withholding of \$47,561.

Busch Grand Natl.	Red Dog 300	188,495
Busch Grand Natl	All Pro Bumper to Bumper 300	276,245
Busch Grand Natl	AC-Delco 200	191,610
Busch Grand Natl	Sun Drop 400	125,335
Busch Grand Natl	Goodwrench 200	228,205
Craftsman Truck	Lowe's 250	<u>179,140</u>
		\$1,189,030

The total expected withholding from NASCAR events in 1996 would have been \$105,471.

CONCERTS

Revenue information for 1996 was obtained from two major venues and one major concert promoter. To estimate the withholding amount for concert acts, gross revenues must be reduced by the state gross receipts tax, local taxes, personnel expenses such as ticket sales and security, facility leases, and promotional expenses. One promoter estimated the entertainer's check would be about 60% of the gross revenues. Of course the artist must then pay his or her expenses to produce the show.

The following gross revenues are for 1996. Walnut Creek and Cellar Door are actual, but Blockbuster is an estimate.

Walnut Creek (Raleigh)	\$7,542,000	
Blockbuster (Charlotte)	5,028,000	
Cellar Door (NC concerts)	<u>1,639,000</u>	
	\$14,209,000	X 60% = \$8,525,400
		\$8,525,400 X 4% withholding = \$341,016

OTHER

- 1. Film Industry** - In 1995, the 54 feature films produced in North Carolina generated an estimated \$391 million in revenues in the state. According to Bill Arnold with the North Carolina Film Office in the Department of Commerce, these film revenues do not include payments made to producers, directors and the movie stars themselves. Tax withholding has significant revenue potential in this industry.
- 2. DOT Contracts** - In 1996, the Department of Transportation spent \$284.5 million with out of state firms. Many of these contracts were purchase orders for goods. The largest contracts were for highway construction. The Department of Revenue will be asked to look at the filing status of the top recipients of DOT funds.
- 3. Misc.** - North Carolina's major fishing tournaments attracts anglers from across the nation due to their large cash prizes. Professional dance and theater groups perform in the many of the state's cities throughout the year earning income that is taxable. There are many other examples.

 30 ~~the taxable year that is exempt from State income tax for~~
 31 ~~that taxable year under G.S. 105-134.6(b)(11).~~

32 **§ 105-163.2. Withholding. Employers must withhold taxes.**

33 (a) Withholding Required. -- An employer shall deduct and withhold from the
 34 wages of each employee the State income taxes payable by the employee on the
 35 wages. For each payroll period, the employer shall withhold from the employee's
 36 wages an amount that would approximate the employee's income tax liability under
 37 Article 4 of this Chapter if the employer withheld the same amount from the
 38 employee's wages for each similar payroll period in a calendar year. In calculating
 39 an employee's anticipated income tax liability, the employer shall allow for the
 40 exemptions, deductions, and credits to which the employee is entitled under Article 4
 41 of this Chapter. The amount of State income taxes withheld by an employer is held
 42 in trust for the Secretary.

43 (b) Withholding Tables. -- The manner of withholding and the amount to be
 44 withheld shall be determined in accordance with tables and rules adopted by the

1 Secretary. The withholding exemption allowed by these tables and rules shall, as
2 nearly as possible, approximate the exemptions, deductions, and credits to which an
3 employee would be entitled under Article 4 of this Chapter. The Secretary shall
4 ~~cause to be prepared and shall~~ promulgate tables for computing amounts to be
5 withheld with respect to different rates of wages for different payroll periods
6 applicable to the various combinations of exemptions to which an employee may be
7 entitled and taking into account the appropriate standard deduction. The tables may
8 provide for the same amount to be withheld within reasonable salary brackets or
9 ranges so designed as to result in the withholding during a year of approximately the
10 amount of an employee's indicated income tax liability for that year. The
11 withholding of wages pursuant to and in accordance with these tables shall be
12 deemed as a matter of law to constitute compliance with the provisions of subsection
13 (a) of this section, notwithstanding any other provisions of this Article.

14 (c) Withholding if No Payroll Period. -- If wages are paid with respect to a period
15 ~~which that~~ is not a payroll period, the amount to be deducted and withheld shall be
16 that applicable in the case of a miscellaneous payroll period containing a number of
17 days, excluding Sundays and holidays, equal to the number of days in the period with
18 respect to which such wages are paid. ~~(d) In paid.~~ In any case in which wages are
19 paid by an employer without regard to any payroll period or other period, the
20 amount to be deducted and withheld shall be that applicable in the case of a
21 miscellaneous payroll period containing a number of days equal to the number of
22 days, excluding Sundays and holidays, which have elapsed since the date of the last
23 payment of such wages by such employer during the calendar year, or the date of
24 commencement of employment with such employer during such year, or January 1 of
25 such year, whichever is the later.

26 (d) Estimated Withholding. -- The Secretary may, by rule, authorize employers to
27 estimate the wages to be paid to an employee during a calendar quarter, calculate the
28 amount to be withheld for each period based on the estimated wages, and, upon
29 payment of wages to the employee, adjust the withholding so that the amount actually
30 withheld is the amount that would be required to be withheld if the employee's
31 payroll period were quarterly.

32 (e) Alternatives to Tables. -- If the Secretary determines that use of the
33 withholding tables would be impractical, would impose an unreasonable burden on
34 an employer, or would produce substantially incorrect results, the Secretary may
35 authorize or require an employer to use some other method of determining the
36 amounts to be withheld under this Article. The alternative method authorized by the
37 Secretary must reasonably approximate the predicted income tax liability of the
38 affected employees. In addition, with the agreement of the employer and employee,
39 the Secretary may authorize an employer to use an alternative method that results in
40 withholding of a greater amount than otherwise required under this section.

41 The Secretary's authorization of an alternative method is discretionary and may be
42 cancelled at any time without advance notice if the Secretary finds that the method is
43 being abused or is not resulting in the withholding of an amount reasonably
44 approximating the predicted income tax liability of the affected employees. The

1 Secretary shall give an employer written notice of any cancellation and the findings
2 upon which the cancellation is based. The cancellation becomes effective upon the
3 employer's receipt of this notice or on the third day after the notice was mailed to
4 the employer, whichever occurs first. If the employer requests a hearing on the
5 cancellation within 30 days after the cancellation, the Secretary shall grant a hearing.
6 After a hearing, the Secretary's findings are conclusive.

7 ~~(e) The Secretary may, by regulations, authorize employers:~~

8 ~~(1) To estimate the wages which will be paid to any employee in any~~
9 ~~quarter of the calendar year;~~

10 ~~(2) To determine the amount to be deducted and withheld upon each~~
11 ~~payment of wages to such employee during such quarter as if the~~
12 ~~appropriate average of the wages so estimated constituted the~~
13 ~~actual wages paid; and~~

14 ~~(3) To deduct and withhold upon any payment of wages to such~~
15 ~~employee during such quarter such amount as may be necessary to~~
16 ~~adjust the amount actually deducted and withheld upon the wages~~
17 ~~of such employee during such quarter to the amount that would be~~
18 ~~required to be deducted and withheld during such quarter if the~~
19 ~~payroll period of the employee was quarterly.~~

20 ~~(f) The Secretary is authorized in unusual circumstances wherein he finds that the~~
21 ~~use of the prescribed tables is impracticable or constitutes an unreasonable~~
22 ~~requirement of the employer to authorize such employer to use some other method of~~
23 ~~determining the amounts to be withheld under this Article, provided the amounts~~
24 ~~withheld under such other method will reasonably approximate the indicated income~~
25 ~~tax liability of his employees. Further, the Secretary may authorize an employer to~~
26 ~~use another method for determining the amounts to be withheld under the provisions~~
27 ~~of this Article from the wages or salaries of groups of employees or individual~~
28 ~~employees if the circumstances are such that the use of the tables would produce~~
29 ~~substantially incorrect results. Any authorization of the use of a different method~~
30 ~~shall be subject to review and cancellation or alteration by the Secretary every twelfth~~
31 ~~month, and the Secretary may cancel such authorization or order an alteration of~~
32 ~~such method at any time upon a finding by him that such authorization is being~~
33 ~~abused or that such method is not resulting in the withholding of a sum reasonably~~
34 ~~approximating the indicated income tax liability of the employees, which finding may~~
35 ~~be made by the Secretary with or without notice or a hearing and shall be conclusive~~
36 ~~except as hereinafter provided. The Secretary shall notify the employer in writing of~~
37 ~~his finding and order thereon, and such notice shall be deemed to have been received~~
38 ~~by the employer on the third day after having been deposited in the mail and the~~
39 ~~employer shall thereafter abide by such order. Any employer feeling aggrieved by~~
40 ~~such order may thereafter apply for a hearing thereon before the Secretary, unless a~~
41 ~~hearing has been previously held, and upon such hearing the findings of the Secretary~~
42 ~~shall be deemed conclusive.~~

43 ~~(g) The Secretary is authorized to provide by regulation, under such conditions~~
44 ~~and to such extent as he deems proper, for withholding in addition to that otherwise~~

1 ~~required under this section in cases in which the employer and the employee agree to~~
2 ~~such additional withholding. Such additional withholding shall for all purposes be~~
3 ~~treated as other withholding amounts required to be deducted and withheld under~~
4 ~~this Article.~~

5 ~~(h) The act of compliance with any of the provisions of this Article by a~~
6 ~~nonresident employer shall not constitute an act in evidence of and shall not be~~
7 ~~deemed to be evidence that such nonresident is doing business in this State.~~

8 ~~"§ 105-163.3. Withholding in accordance with regulations. Certain payers must~~
9 ~~withhold taxes.~~

10 ~~(a) Requirement. -- Every payer who pays a contractor more than six hundred~~
11 ~~dollars (\$600.00) during a calendar year shall deduct and withhold from~~
12 ~~compensation paid to a contractor the State income taxes payable by the contractor~~
13 ~~on the compensation as provided in this section. The amount of taxes to be withheld~~
14 ~~is four percent (4%) of the compensation paid to the contractor. The taxes a payer~~
15 ~~withholds are held in trust for the Secretary.~~

16 ~~(b) Exemptions. -- The withholding requirement does not apply to the following:~~

- 17 ~~(1) Compensation that is subject to the withholding requirement of~~
18 ~~G.S. 105-163.2.~~
19 ~~(2) Compensation paid to an ordained or licensed member of the~~
20 ~~clergy.~~

21 ~~(c) Returns; Due Date. -- A payer shall file a return with the Secretary on a form~~
22 ~~prepared by the Secretary and shall provide any information required by the~~
23 ~~Secretary. The return is due and the withheld taxes are payable by the last day of the~~
24 ~~first month after the end of each calendar quarter during which the payer pays~~
25 ~~compensation to a contractor. The Secretary may extend the time for filing the~~
26 ~~return or paying the tax as provided in G.S. 105-263.~~

27 ~~(d) Annual Statement; Report to Secretary. -- A payer required to deduct and~~
28 ~~withhold from a contractor's compensation under this section shall furnish to the~~
29 ~~contractor duplicate copies of a written statement showing the following:~~

- 30 ~~(1) The payer's name, address, and taxpayer identification number.~~
31 ~~(2) The contractor's name, address, and taxpayer identification~~
32 ~~number.~~
33 ~~(3) The total amount of compensation paid during the calendar year.~~
34 ~~(4) The total amount deducted and withheld under this section during~~
35 ~~the calendar year.~~

36 ~~This statement is due by January 31 following the calendar year. If the personal~~
37 ~~services for which the payer is paying are completed before the end of the calendar~~
38 ~~year and the contractor requests the statement, the statement is due within 45 days~~
39 ~~after the payer's last payment of compensation to the contractor. The Secretary may~~
40 ~~require the payer to include additional information on the statement.~~

41 ~~Each payer shall file with the Secretary an annual report that compiles the~~
42 ~~information contained in each of the payer's statements to contractors and any other~~
43 ~~information required by the Secretary. This report is due on the date prescribed by~~
44 ~~the Secretary and is in lieu of the information report required by G.S. 105-154.~~

1 (e) Records. -- If a payer does not withhold from payments to a nonresident
2 corporation or a nonresident limited liability company because the entity has
3 obtained a certificate of authority from the Secretary of State, the payer shall obtain
4 from the entity its corporate identification number issued by the Secretary of State. If
5 a payer does not withhold from payments to an individual because the individual is a
6 resident, the payer shall obtain the individual's address and social security number.
7 If a payer does not withhold from a partnership because the partnership has a
8 permanent place of business in this State, the payer shall obtain the partnership's
9 address and taxpayer identification number. The payer shall retain this information
10 with its records.

11 (f) Payer May Repay Amounts Withheld Improperly. -- A payer may refund to a
12 person any amount the payer withheld improperly from the person under this section,
13 if the refund is made before the end of the calendar year and before the payer
14 furnishes the person the annual statement required by subsection (d) of this section.
15 An amount is withheld improperly if it is withheld from a payment to a person who
16 is not a contractor, if it is withheld from a payment that is not compensation, or if it
17 is in excess of the amount required to be withheld under this section. A payer who
18 makes a refund under this section must:

19 (1) Not report the amount refunded on the annual statement required
20 by subsection (d); and

21 (2) Either not pay to the Secretary the amount refunded or, if the
22 amount refunded has already been paid to the Secretary, reduce by
23 the amount refunded the next payments to the Secretary of taxes
24 withheld from the person.

25 ~~The manner of withholding and the amount to be deducted and withheld under~~
26 ~~G.S. 105-163.2 shall be determined in accordance with tables, rules, and regulations~~
27 ~~adopted by the Secretary. The withholding exemption allowed by these tables, rules,~~
28 ~~and regulations shall, as nearly as possible, approximate the exemptions, deductions,~~
29 ~~and credits to which an employee would be entitled under Article 4 of this Chapter.~~

30 **"§ 105-163.4. Withholding does not create nexus.**

31 A nonresident withholding agent's act in compliance with this Article does not in
32 itself constitute evidence that the nonresident is doing business in this State.

33 ~~No withholding from reimbursement for expenses.~~

34 ~~The amount an employer pays an employee as reimbursement for ordinary and~~
35 ~~necessary expenses incurred by the employee on behalf of the employer and in the~~
36 ~~furtherance of the business of the employer is not wages and is not subject to~~
37 ~~withholding under this Article.~~

38 **"§ 105-163.5. Exemptions Employee exemptions allowable; certificates.**

39 (a) ~~An employee receiving wages shall be~~ is entitled to the exemptions for which
40 ~~such~~ the employee qualifies under ~~the provisions of~~ Article 4 of this Chapter.

41 (b) Every employee shall, ~~on or before January 1, 1960, or~~ at the time of
42 commencing employment, ~~whichever is later,~~ furnish his or her employer with a
43 signed withholding exemption certificate informing the employer of the exemptions
44 the employee claims, which in no event shall exceed the amount of exemptions to

1 which the employee is entitled under the ~~Code; but, in the event that~~ Code. If the
2 employee fails to file the exemption certificate the employer, in computing amounts
3 to be withheld from the employee's wages, shall allow the employee the exemption
4 accorded a single person with no dependents.

5 (c) Withholding exemption certificates shall take effect as of the beginning of the
6 first payroll period ~~which that~~ ends on or after the date on which ~~such the~~ the certificate
7 is furnished, or if payment of wages is made without regard to a payroll period, then
8 ~~such the~~ certificate shall take effect as of the beginning of the miscellaneous payroll
9 period for which the first payment of wages is made on or after the date on which
10 ~~such the~~ certificate is furnished; ~~provided, that certificates furnished before January 1,~~
11 ~~1960, shall be deemed to have been furnished on that date.~~ furnished.

12 (d) If, on any day during the calendar year, the amount of withholding exemptions
13 to which the employee is entitled is less than the amount of withholding exemptions
14 claimed by the employee on the withholding exemption certificate then in effect with
15 respect to ~~him,~~ the employee, the employee shall, within 10 days thereafter, furnish
16 the employer with a new withholding exemption certificate ~~relating to~~ stating the
17 amount of withholding exemptions which the employee then claims, which shall in
18 no event exceed the amount to which ~~he~~ the employee is entitled on ~~such that~~ that day. If,
19 on any day during the calendar year, the amount of withholding exemptions to which
20 the employee is entitled is greater than the amount of withholding exemptions
21 claimed, the employee may furnish the employer with a new withholding exemption
22 certificate ~~relating to~~ stating the amount of withholding exemptions which the
23 employee then claims, which shall in no event exceed the amount to which ~~he~~ the
24 employee is entitled on ~~such that~~ that day.

25 (e) Withholding exemption certificates ~~shall be in such form and contain such~~
26 ~~information as the Secretary may prescribe, but, insofar~~ must be in the form and
27 contain the information required by the Secretary. As far as practicable, the Secretary
28 shall cause the form of ~~such the~~ the certificates to be substantially similar to federal
29 exemption certificates.

30 (f) In addition to any criminal penalty provided by law, if an individual furnishes
31 his or her employer ~~with~~ an exemption certificate that contains information which
32 has no reasonable basis and that results in a lesser amount of tax being withheld
33 under this Article than would have been withheld if the individual had furnished
34 reasonable information, the individual is subject to a penalty of fifty percent (50%) of
35 the amount not properly withheld.

36 **"§ 105-163.6. When employer must file returns and pay withheld taxes.**

37 (a) General. -- A return is due quarterly or monthly as specified in this section. A
38 return shall be filed with the Secretary on a form prepared by the Secretary, shall
39 report any payments of withheld taxes made during the period covered by the return,
40 and shall contain any other information required by the Secretary.

41 Withheld taxes are payable quarterly, monthly, or semiweekly, as specified in this
42 section. If the Secretary finds that collection of the amount of taxes this Article
43 requires an employer to withhold is in jeopardy, the Secretary may require the

1 employer to file a return or pay withheld taxes at a time other than that specified in
2 this section.

3 (b) Quarterly. -- An employer who withholds an average of less than five hundred
4 dollars (\$500.00) of State income taxes from wages each month shall file a return and
5 pay the withheld taxes on a quarterly basis. A quarterly return covers a calendar
6 quarter and is due by the last day of the month following the end of the quarter.

7 (c) Monthly. -- An employer who withholds an average of at least five hundred
8 dollars (\$500.00) but less than two thousand dollars (\$2,000) from wages each month
9 shall file a return and pay the withheld taxes on a monthly basis. A return for the
10 months of January through November is due by the 15th day of the month following
11 the end of the month covered by the return. A return for the month of December is
12 due the following January 31.

13 (d) Semiweekly. -- An employer who withholds an average of at least two
14 thousand dollars (\$2,000) of State income taxes from wages each month shall file a
15 return by the date set under the Code for filing a return for federal employment taxes
16 attributable to the same wages and shall pay the withheld State taxes by the date set

25 by Article 4 of this Chapter for taxable years beginning in that calendar year. If the
26 nonresident entity is a pass-through entity, the entity shall pass through and allocate
27 to each owner the owner's share of the credit.

28 If more than one taxable year begins in ~~that calendar year~~ the calendar year during
29 which the withholding occurred, the amount shall be allowed as a credit against the
30 tax for the last taxable year so beginning. To obtain the credit allowed in this section,
31 the individual or nonresident entity must file with the Secretary one copy of the
32 withholding statement required by G.S. 105-163.3 or G.S. 105-163.7 and any other
33 information the Secretary requires.

34 **"§ 105-163.11 to 105-163.14. Repealed by Session Laws 1985, c. 443, s. 1, effective**
35 **for taxable years beginning on or after January 1, 1986.**

36 **"§ 105-163.15. Failure by individual to pay estimated income tax; penalty.**

37 (a) In the case of any underpayment of the estimated tax by an individual, there
38 shall be added to the tax imposed under Article 4 for the taxable year an amount
39 determined by applying the applicable annual rate established under G.S. 105-241.1(i)
40 to the amount of the underpayment for the period of the underpayment.

41 (b) For purposes of subsection (a), the amount of the underpayment shall be the
42 excess of the required installment, over the amount, if any, of the installment paid on
43 or before the due date for the installment. The period of the underpayment shall run
44 from the due date for the installment to whichever of the following dates is the

1 earlier: (i) the fifteenth day of the fourth month following the close of the taxable
2 year, or (ii) with respect to any portion of the underpayment, the date on which such
3 portion is paid. A payment of estimated tax shall be credited against unpaid required
4 installments in the order in which such installments are required to be paid.

5 (c) For purposes of this section there shall be four required installments for each
6 taxable year with the time for payment of the installments as follows:

- 7 (1) First installment -- April 15 of taxable year;
- 8 (2) Second installment -- June 15 of taxable year;
- 9 (3) Third installment -- September 15 of taxable year; and
- 10 (4) Fourth installment -- January 15 of following taxable year.

11 (d) Except as provided in subsection (e), the amount of any required installment
12 shall be twenty-five percent (25%) of the required annual payment. The term
13 'required annual payment' means the lesser of:

- 14 (1) Ninety percent (90%) of the tax shown on the return for the
15 taxable year, or, if no return is filed, ninety percent (90%) of the
16 tax for that year; or
- 17 (2) One hundred percent (100%) of the tax shown on the return of the
18 individual for the preceding taxable year, if the preceding taxable
19 year was a taxable year of 12 months and the individual filed a
20 return for that year.

21 (e) In the case of any required installment, if the individual establishes that the
22 annualized income installment is less than the amount determined under subsection
23 (d), the amount of the required installment shall be the annualized income
24 installment, and any reduction in a required installment resulting from the
25 application of this subsection shall be recaptured by increasing the amount of the
26 next required installment determined under subsection (d) by the amount of the
27 reduction and by increasing subsequent required installments to the extent that the
28 reduction has not previously been recaptured.

29 In the case of any required installment, the annualized income installment is the
30 excess, if any, of (i) an amount equal to the applicable percentage of the tax for the
31 taxable year computed by placing on an annualized basis the taxable income for
32 months in the taxable year ending before the due date for the installment, over (ii)
33 the aggregate amount of any prior required installments for the taxable year. The
34 taxable income shall be placed on an annualized basis under rules prescribed by the
35 Secretary. The applicable percentages for the required installments are as follows:

- 36 (1) First installment -- twenty-two and one-half percent (22.5%);
- 37 (2) Second installment -- forty-five percent (45%);
- 38 (3) Third installment -- sixty-seven and one-half percent (67.5%); and
- 39 (4) Fourth installment -- ninety percent (90%).

40 (f) No addition to the tax shall be imposed under subsection (a) if the tax shown
41 on the return for the taxable year reduced by the tax withheld under ~~Article 4A~~ this
42 Article is less than the amount set in section 6654(e) of the Code or if the individual
43 did not have any liability for tax under Division II of Article 4 for the preceding
44 taxable year.

1 (g) For purposes of this section, the term 'tax' means the tax imposed by Division
2 II of Article 4 minus the credits against the tax allowed by ~~Article 4.~~ this Chapter
3 other than the credit allowed by this Article. The amount of the credit allowed
4 under ~~Article 4A~~ this Article for withheld income tax for the taxable year is
5 considered a payment of estimated tax, and an equal part of that amount is
6 considered to have been paid on each due date of the taxable year, unless the
7 taxpayer establishes the dates on which all amounts were actually withheld, in which
8 case the amounts so withheld are considered payments of estimated tax on the dates
9 on which ~~such~~ the amounts were actually withheld.

10 (h) If, on or before January 31 of the following taxable year, the taxpayer files a
11 return for the taxable year and pays in full the amount computed on the return as
12 payable, no addition to tax shall be imposed under subsection (a) with respect to any
13 underpayment of the fourth required installment for the taxable year.

14 (i) Notwithstanding the other provisions of this section, an individual who is a
15 farmer or fisherman for a taxable year is required to make only one installment
16 payment of tax for that year. This installment is due on or before January 15 of the
17 following taxable year but may be paid without penalty or interest on or before
18 March 1 of that year. The amount of the installment payment shall be the lesser of:

- 19 (1) Sixty-six and two-thirds percent (66 2/3%) of the tax shown on the
20 return for the taxable year, or, if no return is filed, sixty-six and
21 two-thirds percent (66 2/3%) of the tax for that year; or
22 (2) One hundred percent (100%) of the tax shown on the return of the
23 individual for the preceding taxable year, if the preceding taxable
24 year was a taxable year of 12 months and the individual filed a
25 return for that year.

26 An individual is a farmer or fisherman for any taxable year if the individual's gross
27 income from farming or fishing, including oyster farming, for the taxable year is at
28 least sixty-six and two-thirds percent (66 2/3%) of the total gross income from all
29 sources for the taxable year, or the individual's gross income from farming or fishing,
30 including oyster farming, shown on the return of the individual for the preceding
31 taxable year is at least sixty-six and two-thirds percent (66 2/3%) of the total gross
32 income from all sources shown on the return.

33 (j) In applying this section to a taxable year beginning on any date other than
34 January 1, there shall be substituted, for the months specified in this section, the
35 months that correspond thereto. This section shall be applied to taxable years of less
36 than 12 months in accordance with rules prescribed by the Secretary.

37 (k) This section shall not apply to any estate or trust.

38 **"§ 105-163.16. Overpayment refunded.**

39 If the amount of wages or compensation withheld at the source under ~~G.S.~~
40 ~~105-163.2~~ this Article exceeds the tax imposed by Article 4 of this Chapter against
41 which the withheld tax is credited under G.S. 105-163.10, the excess is considered an
42 overpayment by the ~~employee.~~ employee or contractor. If the amount of estimated
43 tax paid under G.S. 105-163.15 exceeds the taxes imposed by Article 4 of this
44 Chapter against which the estimated tax is credited under the provisions of this

1 Article, the excess is considered an overpayment by the taxpayer. An overpayment
2 shall be refunded as provided in Article 9 of this Chapter.

3 ~~"§ 105-163.17. Administration.~~

4 ~~The provisions of Article 9 of this Chapter apply to the amount of State income~~
5 ~~taxes this Article requires an employer to withhold and pay to the Secretary.~~

6 ~~"§ 105-163.18. Rules and regulations.~~

7 ~~The Secretary is hereby authorized to prescribe forms and make all rules and~~
8 ~~regulations which he deems necessary in order to achieve effective and efficient~~
9 ~~enforcement of this Article.~~

12 The Secretary of Revenue may, with the approval of the Attorney General, enter
13 into agreements with the taxing authorities of states having income tax withholding
14 statutes with such agreements to govern the amounts to be withheld from the wages
15 and salaries of residents of such other state or states under the provisions of this
16 Article when such other state or states grant similar treatment to the residents of this
17 State. Such agreements may provide for recognition of the anticipated tax credits
18 allowed under the provisions of G.S. 105-151 in determining the amounts to be
19 withheld.

20 "§ 105-163.23. Withholding from federal employees.

21 The Secretary of Revenue ~~is hereby~~ is designated as the proper official to make

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Cultural Resources/ State Historic Preservation Office					
EFFECTIVE DATE: Effective for taxable years beginning on or after January 1, 1998.					

BILL SUMMARY: The 1993 General Assembly provided investors with a 5% corporate and individual income tax credit for rehabilitating historic structures (GS 105-130.42 & GS 105-151.23). The state credit piggybacks on the 20% Federal Rehabilitation Investment Tax Credit. To be eligible for the credit, the building must be income-producing, the rehabilitation must be substantial, and the rehab costs must be incurred within 24 months. The bill increases the individual and corporate income tax credits from 5% to 20% for income producing properties. The bill creates a new 30% credit for non-income producing historic structures. To earn this credit, the expenditures on a non-income producing project must exceed \$25,000 over a 24 month period.

ASSUMPTIONS AND METHODOLOGY: North Carolina has 2,000 listings of historic buildings, structures, sites, objects, and districts on the National Register of Historic Places. However, of the approximately 35,000 structures represented by the listings, only 6% are income producing and eligible for the existing federal and state credit. Since the credit became available in tax year 1994, the North Carolina State Historic Preservation Office reported the following building activity to the National Park Service:

Year	Projects	Rehab Costs	5% Credit
1994	26	\$ 9,608,766	\$ 480,438
1995	34	13,769,094	688,455
1996	32	22,102,493	1,105,125

SB 323 will expand the state historic rehab tax credit by :

- (1) Increasing the income producing credit value to 20%,
- (2) Establishing a 30% credit for owner-occupied residences (non-income producing) and,
- (3) Lengthening the time to take the credit from 1 year to 5 years.

In the last seven years, the average number of **income producing projects** earning the federal credit each year was 29. The average project cost for the state 5% credit in the last three years was \$500,000 per project. The NC State Historic Preservation Office (SHPO) anticipates the new tax credit will be attractive to taxpayers and thus the number of renovation projects will grow. SHPO estimates the number of projects and the total project amounts (using \$500,000 per project) will be as follows:

1998	35	\$17,500,000
1999	40	20,000,000
2000	50	25,000,000
2001	55	27,500,000
2002	60	30,000,000

Although new to North Carolina, a rehabilitation tax credit for homeowners or **non-income producing projects** has been available to citizens of Colorado, Maryland, New Mexico, Rhode Island, Utah, and Wisconsin. The State Historical Society of Wisconsin reports a 50 to 75% growth rate over the last four years of its program. SHPO believes this tax credit will also prove to be popular in North Carolina as reflected in their numbers below. The numbers below show completed projects and total project cost each year (based on \$40,000 per project). However, these numbers are 1/3 lower than original projections because the expenditure threshold was raised from \$10,000 to \$25,000.

1998	34	\$1,360,000
1999	50	2,000,000
2000	84	3,360,000
2001	134	5,360,000

Using the SHPO estimates, a chart below was produced to cost out the rehabilitation tax credit. For income producing projects, the total project amount for each year shown on page two is multiplied by 20% then allocated over a five year period. For example, in 1998-99 it is estimated that 35 projects valued at \$17.5 million will qualify for the credit. By multiplying the \$17.5 million by the 20% credit you get \$3.5 million. When this \$3.5 million credit is allocated over five years, the revenue loss is \$700,000 per year. Similarly, for non-income producing projects, the total project amount for each year on page two is multiplied by 30% then allocated over a five year period. It is assumed that the credits will be taken on the annual tax return and not be subtracted from the estimated payments to the State Department of Revenue. In the first year of the credit, it is assumed that taxpayers will submit their paperwork to the SHPO in 1997 in order to get their projects underway and completed in tax year 1998. The current 5% tax credit is kept at a flat rate based on 29 projects and \$500,000 per project. The current tax credit must be subtracted from the proposed credit to get the net impact to the General Fund.

Historic Credit Administrative Expense

The State Historic Preservation Office (SHPO) has stated to the Fiscal Research Division that it will need additional personnel to handle the proposed historic rehabilitation tax credit program. In FY 97-98, the Department requests a Facility Architect I to handle the increase in application reviews and technical consultations. Salary and fringes for this position are \$36,744 with an additional \$4,500 for furniture and equipment (one time expense) and \$2,000 for travel. The request also includes \$11,100 each year for printing tax credit guidelines (\$1,500), for travel and telephone expenses in providing technical services to applicants (\$3,500), for postage and supplies (\$2,100), and for the appeals process for denied projects (\$4,000).

In FY 98-99, the Department requests a Historic Preservation / Survey Specialist I to function as a National Register Reviewer for the increase in Register nominations. Salary, fringes and expenses for this position total \$40,426 minus \$4,500 in one time cost of furniture and equipment. Also in FY 98-99, three Historic Preservation/ Restoration Specialist I's will be needed in the regional offices in Asheville , Greenville, and Raleigh. These specialists will provide rehabilitation technical services and do preliminary reviews of applications. The salary, fringes and expenses for these positions also equals \$40,426 each.

For estimating purposes, the salaries and fringes are increased 4% each year to project future year cost. All administrative expenses are kept constant.

EXPLANATION OF SENATE BILL 245
Proposed Senate Finance Committee Substitute
Sewer/Sanitary District Financing

TO: Senate Finance Committee
FROM: Sabra Faires, Committee Counsel
DATE: April 22, 1997
SPONSOR: Senator Ledbetter

Senate Bill 245 adds two types of local governmental units to the list of local governmental units that can use installment purchase financing under G.S. 160A-20. The two types added by the bill are metropolitan sewerage districts and sanitary districts. The bill as introduced added metropolitan sewerage districts and the proposed committee substitute adds sanitary districts. The bill is effective upon ratification. Current law authorizes water and sewer authorities to use this type of financing.

Metropolitan sewerage districts are created by resolution of the Environmental Management Commission after a public hearing and after a request from the local units affected. A sewerage district is governed by a board appointed by the governing bodies of the local units whose area is included in the district. The district can issue general obligation bonds and revenue bonds, levy property taxes in the district, and set and collect fees for sewerage service. There are few of these districts in the State. The most active one is in Buncombe County.

Sanitary districts are created by resolution of the Health Services Commission after a public hearing and after a petition of at least 51% of the property owners in the proposed district. A sanitary district is governed by a board elected by the residents of the district. Like a sewerage district, a sanitary district can issue general obligation bonds and revenue bonds, levy property taxes in the district, and set and collect fees for services. Sanitary districts can provide a broad range of services, such as water, sewer, fire protection, garbage disposal, and rescue services.

G.S. 160A-20 authorizes a listed unit to finance the purchase of real or personal property by an installment contract that pledges the asset financed as security. If the unit defaults on the loan, the sole recourse is to repossess or foreclose the pledged asset. Many financings under this statute are accomplished with certificates of participation. All financings under the statute that involve real property must be approved by the Local Government

Commission. All financings that involve personal property must be approved by the Local Government Commission if they are for at least five years and for at least \$500,000 or 1/10th of 1% of the assessed value of property in the district.

1 A BILL TO BE ENTITLED
2 AN ACT TO AMEND THE CONSTITUTION OF NORTH CAROLINA TO
3 AUTHORIZE THE GENERAL ASSEMBLY TO ENACT LEGISLATION
4 ALLOWING EACH COUNTY TO (I) INCREASE THE AMOUNT OF THE
5 PROPERTY TAX HOMESTEAD EXEMPTION FOR LOW-INCOME ELDERLY
6 AND DISABLED INDIVIDUALS IN THAT COUNTY AND (II) RAISE THE
7 DEFINITION OF "LOW-INCOME" SO THAT MORE ELDERLY AND
8 DISABLED INDIVIDUALS CAN QUALIFY FOR THE EXEMPTION.
9 The General Assembly of North Carolina enacts:
10 Section 1. Section 2 of Article V of the North Carolina Constitution is
11 amended by adding a new subdivision to read:
12 "(8) Property tax homestead exclusion. If the General Assembly enacts legislation
13 classifying and excluding from ad valorem taxation part of the value of the residence
14 of each elderly or disabled individual whose income is below a maximum amount
15 and who satisfies other conditions, the General Assembly may, notwithstanding
16 subdivision (2) of this section, enact a general law uniformly applicable throughout
17 the State authorizing each county to increase the portion of a classified residence's
18 value that is excluded in that county and to increase the maximum income threshold
19 to qualify for the exclusion in that county."

1 Section 2. G.S. 105-277.1 is amended by adding a new subsection to
2 read:

3 "(a1) Local Option Increase. -- The board of commissioners of a county may, by
4 resolution, increase the amount of the exclusion provided in subsection (a) of this
5 section, increase the maximum income threshold provided in subdivision (a)(2) of
6 this section, or both. An increase adopted under this subsection shall apply
7 uniformly within the county. The board of commissioners of a county may, by
8 resolution, repeal or reduce an increase adopted under this subsection, but may not
9 reduce the exclusion or the income threshold provided in subsection (a) of this
10 section. A resolution changing the exclusion amount or the income threshold within
11 a county pursuant to this subsection shall become effective no earlier than for the
12 taxable year beginning July 1 following adoption of the resolution."

13 Section 3. G.S. 105-309(f) reads as rewritten:

14 "(f) The following information shall appear on each abstract or on an information
15 sheet distributed with the abstract. If the county has increased the exclusion amount
16 or the income threshold pursuant to G.S. 105-277.1(a1), the assessor shall substitute
17 the applicable dollar amounts. The abstract or sheet must include the address and
18 telephone number of the assessor below the notice required by this subsection. The
19 notice shall read as follows:

20
21 **'PROPERTY TAX RELIEF FOR ELDERLY AND**
22 **PERMANENTLY DISABLED PERSONS.**
23

24 North Carolina excludes from property taxes the first twenty thousand dollars
25 (\$20,000) in appraised value of a permanent residence owned and occupied by North
26 Carolina residents aged 65 or older or totally and permanently disabled whose
27 income does not exceed fifteen thousand dollars (\$15,000). Income means the
28 owner's adjusted gross income as determined for federal income tax purposes, plus all
29 moneys received other than gifts or inheritances received from a spouse, lineal
30 ancestor or lineal descendant.

31 If you received this exclusion in (assessor insert previous year), you do not need to
32 apply again unless you have changed your permanent residence. If you received the
33 exclusion in (assessor insert previous year) and your income in (assessor insert
34 previous year) was above fifteen thousand dollars (\$15,000), you must notify the
35 assessor. If you received the exclusion in (assessor insert previous year) because you
36 were totally and permanently disabled and you are no longer totally and permanently
37 disabled, you must notify the assessor. If the person receiving the exclusion in
38 (assessor insert previous year) has died, the person required by law to list the
39 property must notify the assessor. Failure to make any of the notices required by this
40 paragraph before April 15 will result in penalties and interest.

41 If you did not receive the exclusion in (assessor insert previous year) but are now
42 eligible, you may obtain a copy of an application from the assessor. It must be filed
43 by April 15."

44 Section 4. G.S. 105-328 reads as rewritten:

1 "§ 105-328. Listing, appraisal, and assessment of property subject to taxation by cities
2 and towns situated in more than one county.

3 (a) ~~For~~ Except as provided in subsection (a1) of this section, for purposes of
4 municipal taxation, all property subject to taxation by a city or town situated in two
5 or more counties may, by resolution of the governing body of the municipality, be
6 listed, appraised, and assessed as provided in G.S. 105-326 and 105-327 if, in such a
7 case, in the opinion of the governing body, the same appraisal and assessment
8 standards will thereby apply uniformly throughout the municipality. However, if, in
9 such a case, the governing body ~~shall determine~~ determines that adoption of the
10 appraisals and assessments fixed by the counties will not result in uniform appraisals
11 and assessments throughout the municipality, the governing body may, by horizontal
12 adjustments, equalize the appraisal and assessment values fixed by the counties in
13 order to obtain the required uniformity. Taxes levied by the city or town shall be
14 levied uniformly on the assessments so determined.

15 (a1) This section does not apply to assessments of property that differ in any of
16 the counties in which the city or town is located because of a local option adjustment
17 in the homestead exclusion under G.S. 105-277.1(a1).

18 (b) Should the governing body of a city or town situated in two or more counties
19 not adopt the procedure provided in subsection (a), above, all property subject to
20 taxation by the municipality shall be listed, appraised, and assessed as provided in
21 subdivisions (b)(1) through (b)(6), below.

22 (1) The governing body of the city or town shall appoint a municipal
23 assessor on or before the first Monday in July in each
24 odd-numbered year. The governing body may remove the
25 municipal assessor from office during his term for good cause after
26 giving him notice in writing and an opportunity to appear and be
27 heard at a public session of the appointing body. Whenever a
28 vacancy occurs in the office, the governing body shall appoint a
29 qualified person to serve as municipal assessor for the period of the
30 unexpired term. Persons holding the position of municipal assessor
31 on July 1, 1971, shall be deemed qualified to fill the position. A
32 person appointed as a municipal assessor shall meet the
33 qualifications and requirements set for a county assessor under
34 G.S. 105-294.

35 (2) With the approval of the governing body, a municipal assessor may
36 employ listers, appraisers, and clerical assistants necessary to carry
37 out the listing, appraisal, assessing, and billing functions required
38 by law.

39 (3) A municipal assessor and the persons employed by him have the
40 same powers and duties as their county equivalents with respect to
41 property subject to taxation by a city or town.

42 (4) The governing body shall, with respect to property subject to city
43 or town taxation, be vested with the powers and duties vested by
44 this Subchapter in boards of county commissioners and boards of

1 equalization and review. Appeals may be taken from the municipal
2 board of equalization and review or governing body to the
3 Property Tax Commission in the manner provided in this
4 Subchapter for appeals from county boards of equalization and
5 review and boards of county commissioners.

6 (5) All expenses incident to the listing, appraisal, and assessment of
7 property for the purpose of city or town taxation shall be borne by
8 the municipality for whose benefit the work is undertaken.

9 (6) The intent of this subsection (b) is to provide cities and towns that
10 are situated in two or more counties with machinery for listing,
11 appraising, and assessing property for municipal taxation
12 equivalent to that established by this Subchapter for counties. The
13 powers to be exercised by, the duties imposed on, and the possible
14 penalties against municipal governing bodies, boards of
15 equalization and review, assessors, and persons employed by an
16 assessor shall be the same as those provided in this Subchapter by,
17 on, or against county boards of commissioners, boards of
18 equalization and review, assessors, and persons employed by an
19 assessor."

20 Section 5. The amendment set out in Section 1 of this act shall be
21 submitted to the qualified voters of the State at the general election in November
22 1998. The election shall be conducted under the laws then governing elections in the
23 State. Ballots, voting systems, or both may be used in accordance with Chapter 163 of
24 the General Statutes. The question to be used in the voting systems and ballots shall
25 be:

26 "[] FOR [] AGAINST

27 Constitutional amendment authorizing the General Assembly to allow
28 counties to (1) increase the property tax exemption for a residence owned by a low-
29 income elderly or disabled person and (2) raise the definition of 'low-income' so
30 more elderly and disabled persons can qualify for the exemption."

31 Section 6. If a majority of the votes cast on the question are in favor of
32 the amendment set out in Section 1 of this act, the State Board of Elections shall
33 certify the amendment to the Secretary of State. The amendment becomes effective
34 upon this certification. The Secretary of State shall enroll the amendment so

**PRINCIPAL DEPARTMENT(S) &
PROGRAM(S) AFFECTED:**

County units of governments that levy a property tax.

EFFECTIVE DATE: When it becomes law.

BILL SUMMARY:

The proposed act amends Section 2, Article V of the North Carolina Constitution, allowing General Assembly to enact a general law authorizing each county to increase the portion of the value of a residence of a low-income elderly or disabled individual from property tax that is excluded from property tax and to increase the maximum income threshold to qualify for the property tax exclusion. Provides that proposed constitutional amendment will be submitted to the voters at the November 1998 general election. If constitutional amendment is approved, adds new GS 105-277.1(a1) to authorize a county to increase the amount of the property tax exclusion, to increase the maximum income threshold, or to do both. Prohibits a county from reducing the exclusion or the income threshold. Change in amount of exclusion or income threshold is effective no earlier than taxable year beginning July 1, following adoption of resolution by county board of commissioners. Makes additional conforming changes to G. S. 105-309(f) and G. S. 105-328.

Summary: Institute of Government

ASSUMPTIONS AND METHODOLOGY:

In past legislative sessions the topic of indexing the homestead exemption has been discussed. The prevailing methodology is to index the amount of the exemption to the proportionate increase or decrease in the appraised value of property in a county resulting from either a

horizontal adjustment or reappraisal of real property. The income threshold could be indexed to the federal cost-of-living increase given to recipients of social security.

If the increase were made based on the reappraisal of real property the annual increase in cost would range between \$1.5 million and \$2 million. The estimate assumes one fourth of the counties annually re-value real property at a 30% increase. The federal increase in social security is around 3% a year. A 3% increase in the exemption and the income threshold annually is estimated to cost between \$800,000 and \$1,000,000 statewide.

This proposed act does not establish a methodology for county commissioners to adhere to when making increases in the amount of the exemption or the income threshold.

EXPLANATION OF SENATE BILL 421
Local Option Homestead Exemption

TO: Senate Finance Committee
FROM: Sabra Faires, Committee Counsel
DATE: April 22, 1997
SPONSOR: Senator Cooper

Senate Bill 421 authorizes a constitutional amendment to be considered by the voters in November, 1998, that would give counties the option of increasing the property tax homestead exemption amount and the property tax homestead income ceiling amount. The homestead exemption is a partial exemption from property taxes for the residence of a person who is at least 65 years old or totally disabled and has an income of less than \$15,000. The current homestead exemption amount is \$20,000.

Section 2 of Article V of the North Carolina Constitution authorizes the General Assembly to classify property for taxation on a State-wide basis. Property that is classified must be taxed by a general law that is uniformly applicable in every city, county, or other local government unit. This bill would amend this section of the Constitution to give the General Assembly the authority to permit counties, on a local option basis, to adopt a higher homestead exemption amount and to apply higher maximum income levels for eligibility determination than are authorized by the General Assembly on a uniform, State-wide basis.

Neither the homestead exemption amount nor the income eligibility amount could be set lower than the amount set by statute. The exemption amount was last increased in 1996, when it was increased from \$15,000 to \$20,000 effective July 1, 1997. The exemption amount had last been increased in 1993 from \$12,000 to \$15,000. The income eligibility amount was last increased in 1996, when it was increased from \$11,000 to \$15,000 effective July 1, 1997. Before then, the income threshold had last been increased in 1987, when it was increased from \$10,000 to \$11,000.

Sections 2, 3, and 4 of this bill make conforming changes to implement the constitutional amendment. Section 2 establishes the procedure for county commissioners to adopt a resolution increasing the amount of the exclusion and the maximum income threshold for the homestead exemption greater than the amounts set in G.S. 105-277.1(a). It also authorizes the Board to repeal or reduce any such increase, so long as the reduction is not below the uniform State-wide

limits. Section 3 authorizes notice of the adopted levels. Section 4 would provide that for municipalities that lie in two or more counties, the municipalities may not adjust values because of different homestead exclusions adopted by the various counties.

This constitutional amendment would be submitted to the voters in the general election in November, 1998 and, if passed by the voters, would be applicable for tax years beginning July 1, 1999. The statutory changes would only be effective if the constitutional amendment is approved by the voters.

1 A BILL TO BE ENTITLED
2 AN ACT TO ESTABLISH A CONSERVATION EASEMENTS PROGRAM THAT
3 USES CONSERVATION TAX CREDITS FOR THE PROTECTION OF
4 NATURAL RESOURCES AND THAT FURTHERS APPROPRIATE PUBLIC
5 USE OF NATURAL RESOURCES, TO CREATE THE FACILITATION AND
6 ASSISTANCE GRANT FUND TO SUPPORT COOPERATIVE
7 CONSERVATION EFFORTS, AND TO INCREASE THE CAP ON THE
8 INCOME TAX CREDIT FOR REAL PROPERTY DONATED FOR
9 CONSERVATION PURPOSES, AS RECOMMENDED BY THE
10 ENVIRONMENTAL REVIEW COMMISSION.

11 The General Assembly of North Carolina enacts:

12 Section 1. Chapter 113A of the General Statutes is amended by adding a
13 new Article to read:

14 "ARTICLE 16.

15 "Conservation Easements Program.

16 "**§ 113A-230. Legislative findings; intent.**

17 The General Assembly finds that past efforts to protect natural resources and to
18 provide for the appropriate public use of natural resources through the provision of
19 income tax credits for the donation of real property interests is fiscally prudent but
20 too limited to meet increasing needs. The General Assembly finds that a statewide
21 network of protected riparian buffers and greenways can best be accomplished
22 through a conservation easements program that entails the cooperative effort of all
23 levels of government, nonprofit organizations, and individuals. It is clear that a more

1 comprehensive approach is required to accomplish riparian buffers and greenways, as
2 well as this program's other conservation purposes, than was previously envisioned
3 and set in place. Other public conservation and use programs, such as natural area
4 protection, beach access, trail systems, historic landscape protection, and agricultural
5 preservation, also can benefit from increased attention and improved conservation
6 tools. Recognizing that flexibility is essential to the success of this effort, the
7 conservation easements program utilizes a broad range of nonregulatory approaches
8 and involves all interested parties in its activities. Because public understanding and
9 acceptance is crucial to a nonregulatory program, activities include education about
10 the purpose of and methods for conservation, as well as opportunities to use such
11 knowledge through involvement in efforts to conserve ecological systems. Potential
12 exists to accomplish multiple public purposes on conserved lands, and every
13 reasonable effort should be made to accommodate compatible uses without
14 diminishing their natural resource value. In those cases where potential conservation
15 lands have been previously degraded, partnerships should be sought to restore these
16 lands so that they again will serve a viable role in the ecological system. The General
17 Assembly intends to extend the ability of the Department of Environment, Health,
18 and Natural Resources to achieve these purposes and to strengthen the capability of
19 private nonprofit land trusts to participate in land and water conservation.

20 "§ 113A-231. Duties of the Department.

21 The Department of Environment, Health, and Natural Resources shall develop a
22 nonregulatory program that uses conservation tax credits as a prominent tool to
23 accomplish conservation purposes, including the maintenance of ecological systems.
24 The Secretary of Environment, Health, and Natural Resources shall:

- 25 (1) Adopt a plan guiding efforts to educate involved parties, focus on
26 attainable conservation objectives, and achieve ecological benefits
27 for the State.
- 28 (2) Set goals for education and communication designed to reach the
29 broadest and most involved audience so that the conservation tax
30 credit may develop into a significant tool for environmental
31 protection and for furthering appropriate public use of natural
32 resources.
- 33 (3) Adopt guidelines, criteria, and rules for program operation to
34 ensure maximum effectiveness and long-term efficiency.
- 35 (4) Award grants and execute contracts and other agreements as
36 necessary to conduct the nonregulatory program and achieve its
37 goals.
- 38 (5) Facilitate acquisition through donation and facilitate the holding
39 and the transferring of interests in land necessary to establish a
40 network of riparian buffers and greenways, as well as natural areas
41 and other conservation benefits.
- 42 (6) Facilitate acceptance of donations that are eligible for tax credits
43 under G.S. 105-130.34 or G.S. 105-151.12 or that constitute a
44 charitable deduction under federal or State law.

- 1 (7) Cooperate with federal, State, or local government agencies,
2 nonprofit organizations, corporations, and individuals.
- 3 (8) Involve professional associations, business leagues, community
4 groups, and other volunteer groups in program activities.
- 5 (9) Facilitate public education regarding the function and importance
6 of ecological systems and the methods available for their
7 protection.
- 8 (10) Coordinate with other programs involved with the conservation of
9 lands and waters to gain the most public benefit while protecting
10 the environment.
- 11 (11) Pursue cooperative efforts to restore previously degraded lands
12 brought under the public trust to reestablish their ecological
13 function.

14 **"§ 113A-232. Facilitation and Assistance Grant Fund.**

15 (a) Fund Created. -- The Facilitation and Assistance Grant Fund is created. The
16 Fund shall be administered by the Department of Environment, Health, and Natural
17 Resources to stipulate use of the conservation easements for other conservation
18 purposes, to improve the capacity of private nonprofit land trusts to successfully
19 accomplish conservation projects, to better equip real estate related professionals to
20 pursue opportunities for conservation, to increase citizen participation in land and
21 water conservation, and to provide an opportunity to leverage private and other
22 public monies for conservation easements.

23 (b) Fund Sources. -- The Facilitation and Assistance Grant Fund shall consist of
24 any monies appropriated to it by the General Assembly and any monies received
25 from public or private sources. Unexpended monies in the Fund that were
26 appropriated from the General Fund by the General Assembly shall revert at the end
27 of the biennium unless the General Assembly otherwise provides. Unexpended
28 monies in the Fund from other sources shall not revert and shall remain available
29 until such time as they are expended consistent with this Article.

30 (c) Administration of Fund. -- The Secretary of Environment, Health, and Natural
31 Resources shall adopt rules that set forth the process for awarding grants and
32 administering the Facilitation and Assistance Grant Fund, using the best available
33 information to focus grants activity on those areas, approaches, and techniques that
34 are likely to provide the optimum positive effect on environmental protection. The
35 Secretary may contract for administrative services to assist in administering the
36 program under this Article.

37 (d) Eligibility. -- In order to be the subject of a grant under this Article, lands
38 must possess or have a high potential to possess ecological value, must be reasonably
39 restorable, and must qualify for tax credits under G.S. 105-151.12 and G.S. 105-
40 130.34. To be eligible to receive a grant under this Article, a grantee must be a
41 private nonprofit land trust organization that is organized to receive and administer
42 lands for conservation purposes and that is qualified to receive charitable
43 contributions under the Code. For the purposes of this subsection, the term 'Code'
44 has the same meaning as defined in G.S. 105-228.90.

1 "§ 113A-233. Uses of the Facilitation and Assistance Grant Fund.

2 (a) The Facilitation and Assistance Grant Fund shall be used to pay costs
3 reasonably necessary to administer the grants program. After these administrative
4 costs are paid, the Fund may be used for:

5 (1) Reimbursement for total or partial transaction costs for donations
6 from individuals or corporations satisfying either of the following:

7 a. Insufficient financial ability to pay all costs or insufficient
8 taxable income to allow these costs to be included in the
9 donated value.

10 b. Insufficient tax burdens to allow these costs to be offset by
11 the value of tax credits under G.S. 105-130.34 or G.S. 105-
12 151.12 or by charitable deductions.

13 (2) Management support, including initial baseline inventory and
14 planning.

15 (3) Monitoring compliance with conservation easements; the related
16 use of riparian buffers, natural areas, and greenways; and the
17 presence of ecological integrity.

18 (4) Education, including information materials intended for
19 landowners and education for staff and volunteers.

20 (5) Direct stewardship and stewardship as provided in subsection (b)
21 of this section.

22 (6) Transaction costs, including legal expenses, closing and title costs,
23 and unusual direct costs, such as overnight travel.

24 (7) Administrative costs for short-term growth or for building capacity.

25 (b) The Secretary may allocate up to ten percent (10%) of available funds after
26 reasonably necessary administrative costs have been paid to a protected endowment
27 account, the interest from which shall be available to accomplish the ongoing
28 activities provided in subdivisions (3) and (5) of subsection (a) of this section.

29 (c) The Fund shall not be used to pay the purchase price for any interest in land.

30 "§ 113A-234. Administration of grants.

31 (a) The Department of Environment, Health, and Natural Resources may
32 administer the grants under this Article or may contract for selected activities under
33 this Article. If administrative services are contracted, the Department shall establish
34 guidance and criteria for its operation and contract with a statewide nonprofit land
35 trust service organization.

36 (b) The Secretary of Environment, Health, and Natural Resources shall adopt
37 rules for the award of grants. The rules may address, but are not limited to, the
38 following considerations:

39 (1) Application and award frequency.

40 (2) Organizational capability of the grantees.

41 (3) Viability of the donor.

42 (4) Location of the natural resources.

43 (5) Ecological and conservation value.

44 (6) Legal parameters of protective instruments.

- 1 (7) Procedural considerations.
- 2 (8) Management policies.
- 3 (9) Stewardship expectations.
- 4 (10) Requirements for matching funds.

5 (c) The Secretary of Environment, Health, and Natural Resources shall make the
6 final decision on the award of grants and shall announce the award publicly in a
7 timely manner.

8 **"§ 113A-235. Conservation easements.**

9 Ecological systems and appropriate public use of these systems may be protected
10 through conservation easements, including conservation agreements under Article 4
11 of Chapter 121 of the General Statutes, the Conservation and Historic Preservation
12 Agreements Act. A conservation easement or conservation agreement secured with
13 assistance from the Facilitation and Assistance Grant Fund shall provide that all
14 rights under the easement or conservation agreement may be transferred to the
15 Department of Environment, Health and Natural Resources. As a condition of
16 receiving funds under this Article, the holder of the conservation easement or
17 conservation agreement shall grant to the Department of Environment, Health, and
18 Natural Resources, as trustee for the State, a first right of refusal to acquire all rights
19 in the conservation easement or conservation agreement under such terms and
20 conditions as agreed to between the holder of the conservation easement or
21 conservation agreement and the Department of Environment, Health and Natural
22 Resources. Any holder of a conservation easement or conservation agreement
23 secured under this Article shall assume responsibility for the management of the
24 protected interests created by the easement. The Department of Environment,
25 Health, and Natural Resources shall work cooperatively with State and local agencies
26 and qualified nonprofit organizations to monitor compliance with conservation
27 easements and conservation agreements and to ensure the continued viability of the
28 protected ecosystems."

EFFECTIVE DATE:	For tax years beginning on or after January 1, 1998.				

BILL SUMMARY:

The proposed act increases the income tax credit for donations of real property made to the State, a unit of local government, or to a body organized to receive land for conservation purposes. The corporate credit under G. S. 105-130.34 is increased from \$25,000 to \$250,000. The individual credit under G. S. 105-151.12 is increased from \$25,000 to \$100,000. Makes a clarifying change to the property tax statutes under G. S. 105-287(a) and G. S. 105-317(a).

ASSUMPTIONS AND METHODOLOGY:

It is impossible to determine how much real property will be donated in a given year under this act. Donors are motivated to make such gifts for many different reasons. However, it is logical to assume that the greater the tax credit received from the donation, the more real property individuals and corporations are willing to donate. This assumption is evident in the increase in donations and their characteristics when the credit was increased from a \$5,000 cap to the current \$25,000. (The percentage increase in the cap effective tax year 1989 was 500% or five times the 1983 cap.)

For tax years 1983 through 1988, 37 donations were made by 169 donors. Each donor gave an average of 66 acres for a total acreage of 2,383. The estimated value of this acreage is \$5.6 million. For tax years 1989 through 1995, 95 donations were made by 215 donors. Each donor gave an average of 252 acres for a total acreage of 23,714. The estimated value of this acreage is \$34.5 million. The cumulative credit for the period 1983 to 1988 was \$574,151 and for the period 1989 to 1995 was \$2,805,488. The percentage increase over this period is 488% or almost five times the cumulative credit for 1983 through 1988. The ratio of the increase in the credit cap to the increase in certified credits is almost 1 to 1; 488% increase in credits to a 500% increase in the cap.

This act raises the credit cap 1000% for corporations and 400% for individuals. If this ratio continues the level of additional certified credit, on average, for the next five years is expected to be \$1.7 million a year for corporations and \$1.5 million a year for individuals.

Equations shown below:

Corporations

The base data for credits certified to corporations is the seven year average of cumulative credits for the period 1989 to 1995 times 30%, the corporate share of total credits for the period; \$841,646. This value times 10 divided by five years equals \$1.7 million a year in new credits.

- $\$2,805,488 * .30 = \$841,646$
- $(\$841,646 * 10) / 5 = \1.7 million

Individuals

The base data for credits certified to individuals is the seven year average of cumulative credits for the period 1989 to 1995 times 69%, the individual share of total credits for the period; \$1,935,787. This value times 4 divided by five years equals \$1.5 million a year in new credits.

- $\$2,805,488 * .69 = \$1,935,787$
- $(\$1,935,787 * 4) / 5 = \1.5 million

2 of North Carolina at Chapel Hill may enter into combined contracts for project
3 design, construction, and construction management. For purposes of financing
4 construction, the University of North Carolina at Chapel Hill may enter into a long-

12 Governors and upon determining that it is in the best interest of the State to do so,
13 the Director of the Budget may authorize an increase or decrease in the scope of, or

15 whether to authorize a change in scope or funding, the Director of the Budget may
16 consult with the Joint Legislative Commission on Governmental Operations. In no

**PRINCIPAL DEPARTMENT(S) & Local units of government that issue debt
PROGRAM(S) AFFECTED:**

EFFECTIVE DATE: When it becomes law.

BILL SUMMARY: Adds new GS 159-30(c)(14) to authorize the investment of funds held by or on behalf of local government or public authority (if funds are subject to arbitrage and rebate provisions of Internal Revenue Code of 1986, as amended) in a funding agreement (as defined in GS 58-7-16) issued by insurer incorporated in NC that (a) has commercial paper rating that is highest rating of at least one nationally recognized rating service and does not have commercial paper rating below highest by any nationally recognized rating service that rates the particular obligation or a long-term or claims-paying rating which is one of the two highest ratings by any nationally recognized rating service which rates the particular company, or both; and (b) whose funding agreements require that if issuer's commercial paper rating or long-term or claims-paying rating is downgraded below that described in this subsection, the issuer within 20 business days (1) pay the principal balance of funding agreement and accrued interest without penalty or adjustment; (2) on mutual agreement, assign the funding agreement to another issuer authorized under section that is rated consistent with requirements of section; or (3) on mutual agreement, provide full collateralization of principal balance of funding agreement, consistent with applicable insurance and investment laws, including requirements of GS 159-30(c)(12) regarding obligations that are subject to repurchase agreements.

Summary Source: Institute of Government

ASSUMPTIONS AND METHODOLOGY:

Local units of government choosing to invest in funding agreements could experience a gain in investment income from investing in long term agreements. It is assumed that this type of investment would have a more favorable interest rate. Funding agreements as defined in G.S. 58-7-16 are not required to be guaranteed. If the risk premium of an investment is removed or minimized then, the assumed trade-off is a higher rate-of-return on investment.

As authorized under G.S. 159-30(c)(6), local units of government can invest in “short term” commercial paper and other financial instruments such as bankers acceptance. Short term commercial paper has a maturity of 270 days or less and bankers acceptance has a maturity of 180 days or less. Under G.S. 159-31(b), security or collateralization of these types of instruments , when placed with certain institutions, is not required. Long term investments, instruments maturing over a 15 or 30 year period, are required to be secured by deposit insurance, surety bonds, or investment securities such as U. S. Treasury Securities.

Under this act, the full collateralization of the principal balance is one of three options the issuer may offer the investor but only in the event the issuer’s commercial paper rating is downgraded below the highest of at least one nationally recognized rating service. The other two options the issuer must offer the investor when their paper is downgraded are: one, the payment of the principal balance of the funding agreement with interest and; two, the balance of the investment may be assigned to another issuer.

1 levy a tax under this subsection unless it also levies the tax authorized under
2 subsection (a) of this section.

3 (c) Administration. A tax levied under this section shall be levied,
4 administered, collected, and repealed as provided in G.S. 160A-215. The penalties
5 provided in G.S. 160A-215 apply to a tax levied under this section.

6 The tax collector may collect any unpaid taxes levied under this section
7 through the use of attachment and garnishment proceedings as provided in G.S.
8 105-368 for collection of property taxes. The tax collector has the same enforcement
9 powers concerning the tax imposed by this section as does the Secretary of Revenue
10 in enforcing the State sales tax under G.S. 105-164.30.

11 (d) Distribution and use of tax revenue. The City of Lumberton shall
12 use the net proceeds of the tax only for tourism-related expenditures.

13 The following definitions apply in this subsection:

14 (1) Net proceeds. -- Gross proceeds less the cost to the city of
15 administering and collecting the tax, as determined by the finance
16 officer, not to exceed seven percent (7%) of the gross proceeds.

17 (2) Tourism-related expenditures. -- Any of the following
18 expenditures: sponsoring tourist-oriented events, encouraging
19 tourism through advertising and promotion, establishing a visitors'
20 center, and other expenditures that directly enhance tourism. The
21 term also includes any of the following expenditures: criminal
22 justice system, fire protection, public facilities and utilities, health
23 facilities, and solid waste and sewage treatment. The term does
24 not include, however, expenditures for services normally provided
25 by the city on behalf of its citizens unless these services promote
26 tourism and enlarge its economic benefits by enhancing the ability
27 of the city to attract and provide for tourists.

28 Section 3. (a) Article 9 of Chapter 160A of the General Statutes is
29 amended by adding a new section to read:

30 "§ 160A-215. Uniform provisions for room occupancy taxes.

31 (a) Scope. -- This section applies only to municipalities the General Assembly has
32 authorized to levy room occupancy taxes. For the purpose of this section, the term
33 'city' means a municipality.

34 (b) Levy. -- A room occupancy tax may be levied only by resolution, after not less
35 than 10 days' public notice and after a public hearing held pursuant thereto. A room
36 occupancy tax shall become effective on the date specified in the resolution levying
37 the tax. That date must be the first day of a calendar month, however, and may not
38 be earlier than the first day of the second month after the date the resolution is
39 adopted.

40 (c) Collection. -- Every operator of a business subject to a room occupancy tax
41 shall, on and after the effective date of the levy of the tax, collect the tax. The tax
42 shall be collected as part of the charge for furnishing a taxable accommodation. The
43 tax shall be stated and charged separately from the sales records and shall be paid by
44 the purchaser to the operator of the business as trustee for and on account of the

1 taxing city. The tax shall be added to the sales price and shall be passed on to the
2 purchaser instead of being borne by the operator of the business. The taxing city
3 shall design, print, and furnish to all appropriate businesses and persons in the city
4 the necessary forms for filing returns and instructions to ensure the full collection of
5 the tax. An operator of a business who collects a room occupancy tax may deduct
6 from the amount remitted to the taxing city a discount equal to the discount the State
7 allows the operator for State sales and use tax.

8 (d) Administration. -- The taxing city shall administer a room occupancy tax it
9 levies. A room occupancy tax is due and payable to the city finance officer in
10 monthly installments on or before the fifteenth day of the month following the month
11 in which the tax accrues. Every person, firm, corporation, or association liable for
12 the tax shall, on or before the fifteenth day of each month, prepare and render a
13 return on a form prescribed by the taxing city. The return shall state the total gross
14 receipts derived in the preceding month from rentals upon which the tax is levied. A
15 room occupancy tax return filed with the city finance officer is not a public record
16 and may not be disclosed except in accordance with G.S. 153A-148.1 or G.S. 160A-
17 208.1.

18 (e) Penalties. -- A person, firm, corporation, or association who fails or refuses to
19 file a room occupancy tax return or pay a room occupancy tax as required by law is
20 subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file
21 a return for State sales and use taxes. The governing board of the taxing city has the
22 same authority to waive the penalties for a room occupancy tax that the Secretary of
23 Revenue has to waive the penalties for State sales and use taxes.

24 (f) Repeal or Reduction. -- A room occupancy tax levied by a city may be
25 repealed or reduced by a resolution adopted by the governing body of the city.
26 Repeal or reduction of a room occupancy tax shall become effective on the first day
27 of a month and may not become effective until the end of the fiscal year in which the
28 resolution was adopted. Repeal or reduction of a room occupancy tax does not affect
29 a liability for a tax that was attached before the effective date of the repeal or
30 reduction, nor does it affect a right to a refund of a tax that accrued before the
31 effective date of the repeal or reduction."

32 (b) This section applies only to the Cities of Lumberton and Shelby.

33 Section 4. Shelby Occupancy Tax. (a) Referendum. The City Council
34 of the City of Shelby may direct the county board of elections to conduct an advisory
35 referendum on the question of whether a room occupancy tax of up to three percent
36 (3%) shall be levied in accordance with this section. The election shall be held on a
37 date jointly agreed upon by the city council and the board of elections, which must
38 be the date of a regular municipal election under Subchapter IX of Chapter 163 of
39 the General Statutes. The election shall be held in accordance with the procedures
40 of G.S. 163-287.

41 The form of the question to be presented on a ballot for the referendum
42 concerning the levy of the tax authorized by this section shall be:

43 [] FOR [] AGAINST

1 Room occupancy tax of up to three percent (3%) on the rental of accommodations
2 by hotels, motels, camps, and similar businesses within the city.

3 (b) Authorization and scope. If the majority of those voting in a
4 referendum held pursuant to this section vote for the levy of the tax, the City Council
5 of the City of Shelby may levy a room occupancy tax of up to three percent (3%) of
6 the gross receipts derived from the rental of any room, lodging, or accommodation
7 furnished by a hotel, motel, inn, tourist camp, or similar place within the city that is
8 subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in
9 addition to any State or local sales tax. This tax does not apply to accommodations
10 furnished by nonprofit charitable, educational, or religious organizations when
11 furnished in furtherance of their nonprofit purpose.

12 (c) Administration. The city may contract with Cleveland County for
13 tax collection services relating to the occupancy tax levied under this section. Such a
14 contract shall be under terms and conditions agreed to by the city and the county and
15 may be modified from time to time. Except as provided in this section, a tax levied
16 under this section shall be levied, administered, collected, and repealed as provided
17 in G.S. 160A-215. The penalties provided in G.S. 160A-215 apply to a tax levied
18 under this section.

19 (d) Use of tax revenue. The City of Shelby may use the net proceeds of
20 the occupancy tax only for tourism and economic development for the city. The
21 following definitions apply in this subsection:

22 (1) Net proceeds. -- Gross proceeds less the cost to the city of
23 administering and collecting the tax, as determined by the city, not
24 to exceed seven percent (7%) of the gross proceeds.

25 (2) Tourism and economic development. -- Services and other
26 expenditures that will enhance travel, tourism, or economic
27 development in the city.

28 Section 5. This act is effective when it becomes law.

SENATE BILL 34*

Short Title: Adjust City Receipts Tax Share.

Sponsors: Senators Cochrane, Cooper, Kerr, Shaw of Cumberland, and Soles.

A BILL TO BE ENTITLED

1 AN ACT TO ADJUST THE SHARE THE CITIES RECEIVE FROM THE STATE
2 GROSS RECEIPTS TAX TO MAKE THE DISTRIBUTION MORE
3 EQUITABLE.
4

5 The General Assembly of North Carolina enacts:

6 Section 1. Article 3 of Chapter 105 of the General Statutes is amended
7 by adding a new section to read:

8 "§ 105-116.1. Distribution of gross receipts taxes to cities.

9 (a) Distribution. -- The Secretary shall distribute to the cities part of the taxes
10 collected under this Article on electric power companies, natural gas companies, and
11 telephone companies. Each city's share for a calendar quarter is the percentage
12 distribution amount for that city minus one-fourth of the hold-back amount for that
13 city. The Secretary shall make the distribution within 75 days after the end of each
14 calendar quarter.

15 (b) Percentage Amount. -- The percentage distribution amount for a city is three
16 and nine hundredths percent (3.09%) of the gross receipts derived during the
17 preceding quarter by an electric power company, a natural gas company, or a
18 telephone company from sales within the city that are taxable under G.S. 105-116 or
19 G.S. 105-120.

20 (c) Hold-back Amount. -- The hold-back amount reflects the amount of growth in
21 the gross receipts taxes that occurred during the 1991-92 through 1994-95 fiscal years,
22 the 'freeze' years. The total amount distributed to cities during that period was fixed
23 at the total amount that would have been distributed during the 1990-91 fiscal year if
24 the Governor had not reduced the distribution for that year as part of the effort to

1 balance the State budget. During the freeze years, cities received a part of the fixed
2 amount based on taxable sales within the cities. For the 1995-96 fiscal year and
3 subsequent years, the limit on the amount distributed was removed and the
4 distribution reverted to its prior percentage basis with the added requirement of
5 deducting the growth that occurred in the freeze years.

6 The hold-back amount for a city is determined by comparing the amount each city
7 received from gross receipts taxes in the 1995-96 fiscal year and in the 1990-91 fiscal
8 year and then adjusting that amount, if required, in accordance with this subsection.
9 If, in the 1995-96 fiscal year, a city received at least ninety-five percent (95%) of the
10 amount it received in the 1990-91 fiscal year, the hold-back amount for that city is
11 the amount by which the city's 1995-96 percentage distribution amount was reduced.
12 If, in the 1995-96 fiscal year, a city received less than ninety-five percent (95%) of the
13 amount it received in the 1990-91 fiscal year, the hold-back amount for that city is
14 the amount determined by the following calculation:

- 15 (1) Increase the city's 1990-91 distribution by adding the amount by
16 which the city's 1995-96 percentage distribution amount was
17 reduced.
- 18 (2) Compare the increased 1990-91 amount with the city's 1995-96
19 distribution.
- 20 (3) If the increased 1990-91 distribution is less than or equal to the
21 city's 1995-96 distribution, the hold-back amount for the city is the
22 amount by which the city's 1995-96 distribution amount was
23 reduced.
- 24 (4) If the increased 1990-91 distribution is more than the city's 1995-96
25 distribution, the hold-back amount for the city is the difference
26 between the increased 1990-91 distribution and the 1995-96
27 distribution."

28 Section 2. G.S. 105-116 reads as rewritten:

29 "**§ 105-116. Franchise or privilege tax on electric power, natural gas, water, and**
30 **sewerage companies.**

31 (a) Tax. -- An annual franchise or privilege tax is imposed on a person, firm, or
32 corporation, other than a municipal corporation, that is:

- 33 (1) An electric power company engaged in the business of furnishing
34 electricity, electric lights, current, or power.
- 35 (2) A natural gas company engaged in the business of furnishing piped
36 natural gas.
- 37 (3) A water company engaged in owning or operating a water system
38 subject to regulation by the North Carolina Utilities Commission.
- 39 (4) A public sewerage company engaged in owning or operating a
40 public sewerage system.

41 The tax on an electric power company is three and twenty-two hundredths percent
42 (3.22%) of the company's taxable gross receipts from the business of furnishing
43 electricity, electric lights, current, or power. The tax on a natural gas company is
44 three and twenty-two hundredths percent (3.22%) of the company's taxable gross

1 receipts from the business of furnishing piped natural gas. The tax on a water
2 company is four percent (4%) of the company's taxable gross receipts from owning or
3 operating a water system subject to regulation by the North Carolina Utilities
4 Commission. The tax on a public sewerage company is six percent (6%) of the
5 company's taxable gross receipts from owning or operating a public sewerage
6 company. A company's taxable gross receipts are its gross receipts from business
7 inside the State less the amount of gross receipts from sales reported under
8 subdivision (b)(2). A company that engages in more than one business taxed under
9 this section shall pay tax on each business. A company is allowed a credit against the
10 tax imposed by this section for the company's investments in certain entities in
11 accordance with Division V of Article 4 of this Chapter.

12 (b) Report and Payment. -- The tax imposed by this section is payable monthly or
13 quarterly as specified in this subsection. A report is due quarterly. An electric power
14 company or a natural gas company shall pay tax monthly. A monthly tax payment is
15 due by the last day of the month that follows the month in which the tax accrues,
16 except the payment for tax that accrues in May. The payment for tax that accrues in
17 May is due by June 25. An electric power company or a natural gas company is not
18 subject to interest on or penalties for an underpayment of a monthly amount due if
19 the company timely pays at least ninety-five percent (95%) of the amount due and
20 includes the underpayment with the next report the company files. A water company
21 or a public sewerage company shall pay tax quarterly when filing a report.

22 A quarterly report covers a calendar quarter and is due by the last day of the
23 month that follows the quarter covered by the report. A company shall submit a
24 report on a form provided by the Secretary. The report shall include the company's
25 gross receipts from all property it owned or operated during the reporting period in
26 connection with its business taxed under this section and shall contain the following
27 information:

- 28 (1) The company's gross receipts for the reporting period from
29 business inside and outside this State, stated separately.
- 30 (2) The company's gross receipts from commodities or services
31 described in subsection (a) that are sold to a vendee subject to the
32 tax levied by this section or to a joint agency established under
33 G.S. Chapter 159B or a municipality city having an ownership
34 share in a project established under that Chapter.
- 35 (3) The amount of and price paid by the company for commodities or
36 services described in subsection (a) that are purchased from others
37 engaged in business in this State and the name of each vendor.
- 38 (4) For an electric power company or a natural gas company, the
39 company's gross receipts from the sale within each municipality
40 city of the commodities and services described in subsection (a).

41 A company shall report its gross receipts on an accrual basis. If a company's report
42 does not state the company's taxable gross receipts derived within a city, the
43 Secretary must determine a practical method of allocating part of the company's
44 taxable gross receipts to the city.

1 (c) Gas Special Charges. -- Gross receipts of a natural gas company do not
2 include the following:

3 (1) Special charges collected within this State by the company
4 pursuant to drilling and exploration surcharges approved by the
5 North Carolina Utilities Commission, if the surcharges are
6 segregated from the other receipts of the company and are devoted
7 to drilling, exploration, and other means to acquire additional
8 supplies of natural gas for the account of natural gas customers in
9 North Carolina and the beneficial interest in the surcharge
10 collections is preserved for the natural gas customers paying the
11 surcharges under rules established by the Commission.

12 (2) Natural gas expansion surcharges imposed under G.S. 62-158.

13 (d) Distribution. -- ~~For the purpose of this subsection, the term "distribution~~
14 ~~amount" means three and nine hundredths percent (3.09%) of the taxable gross~~
15 ~~receipts derived during a period by an electric power company and a natural gas~~
16 ~~company from sales within a municipality of the commodities and services described~~
17 ~~in subsection (a) of this section. The Secretary shall distribute to each municipality~~
18 ~~the distribution amount for that municipality for the preceding calendar quarter less~~
19 ~~an amount equal to one fourth of the excess of the distribution amount for that~~
20 ~~municipality for the period April 1, 1994, to March 31, 1995, over the distribution~~
21 ~~amount for that municipality for the period April 1, 1990, to March 31, 1991, as~~
22 ~~certified by the Secretary. The Secretary shall distribute the revenue within 75 days~~
23 ~~after the end of each quarter. If a company's report does not state the company's~~
24 ~~taxable gross receipts derived within a municipality, the Secretary shall determine a~~
25 ~~practical method of allocating part of the company's taxable gross receipts to the~~
26 ~~municipality.~~

27 ~~As used in this subsection, the term "municipality" includes an urban service~~
28 ~~district defined by the governing board of a consolidated city county. The amount~~
29 ~~due an urban service district shall be distributed to the governing board of the~~
30 ~~consolidated city county. Part of the taxes imposed by this section on electric power~~
31 ~~companies and natural gas companies is distributed to cities under G.S. 105-116.1.~~

32 (e) Local Tax. -- So long as there is a distribution to ~~municipalities of the amount~~
33 ~~herein provided~~ cities from the tax imposed by this section, no municipality city shall
34 impose or collect any greater franchise, privilege or license taxes, in the aggregate, on
35 the businesses taxed under this section, than was imposed and collected on or before
36 January 1, 1947. If any municipality shall have collected any privilege, license or
37 franchise tax between January 1, 1947, and April 1, 1949, in excess of the tax
38 collected by it prior to January 1, 1947, then upon distribution of the taxes imposed
39 by this section to municipalities, the amount distributable to any municipality shall
40 be credited with such excess payment."

41 Section 3. G.S. 105-120 reads as rewritten:

42 "§ 105-120. Franchise or privilege tax on telephone companies.

43 (a) Tax. -- An annual franchise or privilege tax is imposed on a person, firm, or
44 corporation, that owns or operates a business entity for the provision of local

1 telecommunications service. The tax is three and twenty-two hundredths percent
2 (3.22%) of the company's taxable gross receipts. A company's taxable gross receipts
3 are its receipts from providing local telecommunications service, including receipts
4 from rentals and other similar charges, less its receipts from telecommunications
5 access charges. A company is allowed a credit against the tax imposed by this section
6 for the company's investments in certain entities in accordance with Division V of
7 Article 4 of this Chapter.

8 (b) Report and Payment. -- The tax imposed by this section is payable monthly or
9 quarterly as specified in this subsection. A report is due quarterly. A company that
10 is liable for an average of less than three thousand dollars (\$3,000) a month in tax
11 imposed by this section may, with the approval of the Secretary of Revenue, pay tax
12 quarterly when filing a report. All other companies shall pay tax monthly. A
13 monthly tax payment is due by the last day of the month that follows the month in
14 which the tax accrues, except the payment for tax that accrues in May. The payment
15 for tax that accrues in May is due by June 25. A company is not subject to interest
16 on or penalties for an underpayment of a monthly amount due if the company timely
17 pays at least ninety-five percent (95%) of the amount due and includes the
18 underpayment with the next report the company files.

19 A quarterly report covers a calendar quarter and is due by the last day of the
20 month that follows the quarter covered by the report. A company shall submit a
21 report on a form provided by the Secretary. The report shall state the company's
22 gross receipts for the reporting period from providing local telecommunications
23 service and from providing local telecommunications service within each municipality
24 city served. If a company's report does not state the company's taxable gross receipts
25 derived within a city, the Secretary must determine a practical method of allocating
26 part of the company's taxable gross receipts to the city. A company shall report its
27 gross receipts on an accrual basis.

28 (c) Distribution. -- ~~For the purpose of this subsection, the term "distribution~~
29 ~~amount" means three and nine hundredths percent (3.09%) of the taxable gross~~
30 ~~receipts derived during a period from local telecommunications service provided~~
31 ~~within a municipality. The Secretary shall distribute to each municipality the~~
32 ~~distribution amount for that municipality for the preceding calendar quarter less an~~
33 ~~amount equal to one-fourth of the excess of the distribution amount for that~~
34 ~~municipality for the period April 1, 1994, to March 31, 1995, over the distribution~~
35 ~~amount for that municipality for the period April 1, 1990, to March 31, 1991, as~~
36 ~~certified by the Secretary. The Secretary shall distribute the revenue within 75 days~~
37 ~~after the end of each quarter. If a company's report does not state the company's~~
38 ~~taxable gross receipts derived within a municipality, the Secretary shall determine a~~
39 ~~practical method of allocating part of the company's taxable gross receipts to the~~
40 ~~municipality.~~

41 ~~As used in this subsection, the term "municipality" includes an urban service~~
42 ~~district defined by the governing board of a consolidated city county. The amount~~
43 ~~due an urban service district shall be distributed to the governing board of the~~

1 ~~consolidated city-county.~~ Part of the tax imposed by this section is distributed to
2 cities under G.S. 105-116.1.

3 (d) No Local Tax. -- Counties and cities may not impose a license, franchise, or
4 privilege tax on a company taxed under this section or under G.S. 105-164.4(a)(4c).

5 (e) Definitions. -- For purposes of this section:

6 (1) 'Local telecommunications service' means telecommunications
7 service provided wholly within a LATA entitling the user to access
8 to a local telephone exchange for the privilege of telephonic
9 quality communication with substantially all persons in the local
10 telephone exchange. Provided, however, local telecommunications
11 service does not include intraLATA or interLATA toll
12 telecommunications service, or private telecommunications service.

13 (2) 'LATA' is a Local Access and Transport Area representing a
14 geographical area comprising one or more telephone exchange
15 areas.

16 (3) 'InterLATA telecommunications' is telecommunications service

18 (4) 'Toll telecommunications service' means:

19 a. A telephonic quality communication for which:

20 1. There is a toll charge that varies in amount with the
21 distance and elapsed transmission time of each
22 individual communication; and

23 2. The charge is paid within the United States.

24 b. A service that entitles the subscriber, upon payment of a
25 periodic charge (determined as a flat amount or upon the
26 basis of total elapsed transmission time), to the privilege of
27 an unlimited number of telephonic communications to or
28 from all or a substantial portion of the persons having
29 telephone or radiotelephone stations in a specified area that
30 is outside the local telephone exchange.

31 (5) 'Private telecommunications service' means a service furnished to a
32 subscriber that entitles the subscriber to exclusive or priority use of
33 a communications channel or group of channels.

34 (6) 'Telecommunications access charges' means charges paid to a
35 provider of local telecommunications service for access to an
36 interconnection with the local telephone exchange."

37 Section 4. If the hold-back amount of a city is adjusted under G.S. 105-
38 116.1(c), as enacted by this act, the Secretary must distribute two times the amount of

41 adjustment had been in effect since the 1995-96 fiscal year. The amount needed to
42 make the distribution required by this section shall be drawn from the amount of

Proposed Senate Finance Committee Substitute

Short Title: Adjust City Receipts Tax Share.

(Public)

Sponsors:

Referred to: Finance.

February 3, 1997

1 A BILL TO BE ENTITLED
2 AN ACT TO ADJUST THE SHARE THE CITIES RECEIVE FROM THE STATE
3 GROSS RECEIPTS TAX TO MAKE THE DISTRIBUTION MORE EQUITABLE.
4 The General Assembly of North Carolina enacts:
5 Section 1. Article 3 of Chapter 105 of the General
6 Statutes is amended by adding a new section to read:
7 "§ 105-116.1. Distribution of gross receipts taxes to cities.
8 (a) Distribution. -- The Secretary must distribute to the
9 cities part of the taxes collected under this Article on electric
10 power companies, natural gas companies, and telephone companies.
11 Each city's share for a calendar quarter is the percentage
12 distribution amount for that city for that quarter minus one-
13 fourth of the city's hold-back amount. The Secretary must make
14 the distribution within 75 days after the end of each calendar
15 quarter.
16 (b) Definitions. -- The following definitions apply in this
17 section:
18 (1) Freeze deduction. -- The amount by which the
19 percentage distribution amount of a city was
20 required to be reduced in fiscal year 1995-96 in
21 determining the amount to distribute to the city.

1 (2) Percentage distribution amount. -- Three and nine
2 hundredths percent (3.09%) of the gross receipts
3 derived by an electric power company, a natural gas
4 company, and a telephone company from sales within
5 a city that are taxable under G.S. 105-116 or G.S.
6 105-120.

7 (c) Limited Hold-Harmless Adjustment. -- The hold-back amount
8 for a city that, in the 1995-96 fiscal year, received from gross
9 receipts taxes less than ninety-five percent (95%) of the amount
10 it received in the 1990-91 fiscal year is the amount determined
11 by the following calculation:

12 (1) Adjust the city's 1995-96 distribution by adding
13 the city's freeze deduction to the amount
14 distributed to the city for that year.

15 (2) Compare the adjusted 1995-96 amount with the city's
16 1990-91 distribution.

17 (3) If the adjusted 1995-96 amount is less than or
18 equal to the city's 1990-91 distribution, the hold-
19 back amount for the city is zero.

20 (4) If the adjusted 1995-96 amount is more than the
21 city's 1990-91 distribution, the hold-back amount
22 for the city is the city's freeze deduction minus
23 the difference between the city's adjusted 1995-96
24 amount and the city's 1990-91 distribution.

25 (d) Allocation of Hold-Harmless Adjustment. -- The hold-back
26 amount for a city that, in the 1995-96 fiscal year, received from
27 gross receipts taxes at least ninety-five percent (95%) of the
28 amount it received in the 1990-91 fiscal year is the amount
29 determined by the following calculation:

30 (1) Determine the amount by which the freeze deduction
31 is reduced for all cities whose hold-back amount is
32 determined under subsection (c) of this section.
33 This amount is the total hold-harmless adjustment.

34 (2) Determine the amount of gross receipts taxes that
35 would be distributed for the quarter to cities
36 whose hold-back amount is determined under this
37 subsection if these cities received their
38 percentage distribution amount minus one-fourth of
39 their freeze deduction.

40 (3) For each city included in the calculation in
41 subdivision (2) of this subsection, determine that
42 city's percentage share of the amount determined
43 under that subdivision.

1 (4) Add to the city's freeze deduction an amount equal
2 to the city's percentage share under subdivision
3 (3) of this section multiplied by the total hold-
4 harmless adjustment."

5 Section 2. G.S. 105-116 reads as rewritten:

6 "§ 105-116. Franchise or privilege tax on electric power,
7 natural gas, water, and sewerage companies.

8 (a) Tax. -- An annual franchise or privilege tax is imposed on
9 a person, firm, or corporation, other than a municipal
10 corporation, that is:

11 (1) An electric power company engaged in the business
12 of furnishing electricity, electric lights,
13 current, or power.

14 (2) A natural gas company engaged in the business of
15 furnishing piped natural gas.

16 (3) A water company engaged in owning or operating a
17 water system subject to regulation by the North
18 Carolina Utilities Commission.

19 (4) A public sewerage company engaged in owning or
20 operating a public sewerage system.

21 The tax on an electric power company is three and twenty-two
22 hundredths percent (3.22%) of the company's taxable gross
23 receipts from the business of furnishing electricity, electric
24 lights, current, or power. The tax on a natural gas company is
25 three and twenty-two hundredths percent (3.22%) of the company's
26 taxable gross receipts from the business of furnishing piped
27 natural gas. The tax on a water company is four percent (4%) of
28 the company's taxable gross receipts from owning or operating a
29 water system subject to regulation by the North Carolina
30 Utilities Commission. The tax on a public sewerage company is six
31 percent (6%) of the company's taxable gross receipts from owning
32 or operating a public sewerage company. A company's taxable gross
33 receipts are its gross receipts from business inside the State
34 less the amount of gross receipts from sales reported under
35 subdivision (b)(2). A company that engages in more than one
36 business taxed under this section shall pay tax on each business.
37 A company is allowed a credit against the tax imposed by this
38 section for the company's investments in certain entities in
39 accordance with Division V of Article 4 of this Chapter.

40 (b) Report and Payment. -- The tax imposed by this section is
41 payable monthly or quarterly as specified in this subsection. A
42 report is due quarterly. An electric power company or a natural
43 gas company shall pay tax monthly. A monthly tax payment is due
44 by the last day of the month that follows the month in which the

1 tax accrues, except the payment for tax that accrues in May. The
2 payment for tax that accrues in May is due by June 25. An
3 electric power company or a natural gas company is not subject to
4 interest on or penalties for an underpayment of a monthly amount
5 due if the company timely pays at least ninety-five percent (95%)
6 of the amount due and includes the underpayment with the next
7 report the company files. A water company or a public sewerage
8 company shall pay tax quarterly when filing a report.

9 A quarterly report covers a calendar quarter and is due by the
10 last day of the month that follows the quarter covered by the
11 report. A company shall submit a report on a form provided by the
12 Secretary. The report shall include the company's gross receipts
13 from all property it owned or operated during the reporting
14 period in connection with its business taxed under this section
15 and shall contain the following information:

- 16 (1) The company's gross receipts for the reporting
17 period from business inside and outside this State,
18 stated separately.
- 19 (2) The company's gross receipts from commodities or
20 services described in subsection (a) that are sold
21 to a vendee subject to the tax levied by this
22 section or to a joint agency established under G.S.
23 Chapter 159B or a ~~municipality~~ city having an
24 ownership share in a project established under that
25 Chapter.
- 26 (3) The amount of and price paid by the company for
27 commodities or services described in subsection (a)
28 that are purchased from others engaged in business
29 in this State and the name of each vendor.
- 30 (4) For an electric power company or a natural gas
31 company, the company's gross receipts from the sale
32 within each ~~municipality~~ city of the commodities
33 and services described in subsection (a).

34 A company shall report its gross receipts on an accrual basis.
35 If a company's report does not state the company's taxable gross
36 receipts derived within a city, the Secretary must determine a
37 practical method of allocating part of the company's taxable
38 gross receipts to the city.

39 (c) Gas Special Charges. -- Gross receipts of a natural gas
40 company do not include the following:

- 41 (1) Special charges collected within this State by the
42 company pursuant to drilling and exploration
43 surcharges approved by the North Carolina Utilities
44 Commission, if the surcharges are segregated from

1 the other receipts of the company and are devoted
2 to drilling, exploration, and other means to
3 acquire additional supplies of natural gas for the
4 account of natural gas customers in North Carolina
5 and the beneficial interest in the surcharge
6 collections is preserved for the natural gas
7 customers paying the surcharges under rules
8 established by the Commission.

9 (2) Natural gas expansion surcharges imposed under G.S.
10 62-158.

11 (d) ~~Distribution. -- For the purpose of this subsection, the~~
12 ~~term "distribution amount" means three and nine hundredths~~
13 ~~percent (3.09%) of the taxable gross receipts derived during a~~
14 ~~period by an electric power company and a natural gas company~~
15 ~~from sales within a municipality of the commodities and services~~
16 ~~described in subsection (a) of this section. The Secretary shall~~
17 ~~distribute to each municipality the distribution amount for that~~
18 ~~municipality for the preceding calendar quarter less an amount~~
19 ~~equal to one-fourth of the excess of the distribution amount for~~
20 ~~that municipality for the period April 1, 1994, to March 31,~~
21 ~~1995, over the distribution amount for that municipality for the~~
22 ~~period April 1, 1990, to March 31, 1991, as certified by the~~
23 ~~Secretary. The Secretary shall distribute the revenue within 75~~
24 ~~days after the end of each quarter. If a company's report does~~
25 ~~not state the company's taxable gross receipts derived within a~~
26 ~~municipality, the Secretary shall determine a practical method of~~
27 ~~allocating part of the company's taxable gross receipts to the~~
28 ~~municipality.~~

29 ~~As used in this subsection, the term "municipality" includes an~~
30 ~~urban service district defined by the governing board of a~~
31 ~~consolidated city-county. The amount due an urban service~~
32 ~~district shall be distributed to the governing board of the~~
33 ~~consolidated city-county. Part of the taxes imposed by this~~
34 ~~section on electric power companies and natural gas companies is~~
35 ~~distributed to cities under G.S. 105-116.1.~~

36 (e) Local Tax. -- So long as there is a distribution to
37 ~~municipalities of the amount herein provided~~ cities from the tax
38 imposed by this section, no ~~municipality~~ city shall impose or
39 collect any greater franchise, privilege or license taxes, in the
40 aggregate, on the businesses taxed under this section, than was
41 imposed and collected on or before January 1, 1947. If any
42 municipality shall have collected any privilege, license or
43 franchise tax between January 1, 1947, and April 1, 1949, in
44 excess of the tax collected by it prior to January 1, 1947, then

1 upon distribution of the taxes imposed by this section to
2 municipalities, the amount distributable to any municipality
3 shall be credited with such excess payment."

4 Section 3. G.S. 105-120 reads as rewritten:

5 "§ 105-120. Franchise or privilege tax on telephone companies.

6 (a) Tax. -- An annual franchise or privilege tax is imposed on
7 a person, firm, or ~~corporation~~, corporation that owns or operates
8 a business entity for the provision of local telecommunications
9 service. The tax is three and twenty-two hundredths percent
10 (3.22%) of the company's taxable gross receipts. A company's
11 taxable gross receipts are its receipts from providing local
12 telecommunications service, including receipts from rentals and
13 other similar charges, less its receipts from telecommunications
14 access charges. A company is allowed a credit against the tax
15 imposed by this section for the company's investments in certain
16 entities in accordance with Division V of Article 4 of this
17 Chapter.

18 (b) Report and Payment. -- The tax imposed by this section is
19 payable monthly or quarterly as specified in this subsection. A
20 report is due quarterly. A company that is liable for an average
21 of less than three thousand dollars (\$3,000) a month in tax
22 imposed by this section may, with the approval of the Secretary
23 of Revenue, pay tax quarterly when filing a report. All other
24 companies shall pay tax monthly. A monthly tax payment is due by
25 the last day of the month that follows the month in which the tax
26 accrues, except the payment for tax that accrues in May. The
27 payment for tax that accrues in May is due by June 25. A company
28 is not subject to interest on or penalties for an underpayment of
29 a monthly amount due if the company timely pays at least ninety-
30 five percent (95%) of the amount due and includes the
31 underpayment with the next report the company files.

32 A quarterly report covers a calendar quarter and is due by the
33 last day of the month that follows the quarter covered by the
34 report. A company shall submit a report on a form provided by
35 the Secretary. The report shall state the company's gross
36 receipts for the reporting period from providing local
37 telecommunications service and from providing local
38 telecommunications service within each municipality city served.
39 If a company's report does not state the company's taxable gross
40 receipts derived within a city, the Secretary must determine a
41 practical method of allocating part of the company's taxable

43 receipts on an accrual basis.

~~1 (c) Distribution. -- For the purpose of this subsection, the
2 term "distribution amount" means three and nine hundredths
3 percent (3.09%) of the taxable gross receipts derived during a
4 period from local telecommunications service provided within a
5 municipality. The Secretary shall distribute to each
6 municipality the distribution amount for that municipality for
7 the preceding calendar quarter less an amount equal to one-fourth
8 of the excess of the distribution amount for that municipality
9 for the period April 1, 1994, to March 31, 1995, over the
10 distribution amount for that municipality for the period April 1,
11 1990, to March 31, 1991, as certified by the Secretary. The
12 Secretary shall distribute the revenue within 75 days after the
13 end of each quarter. If a company's report does not state the
14 company's taxable gross receipts derived within a municipality,
15 the Secretary shall determine a practical method of allocating
16 part of the company's taxable gross receipts to the municipality.
17 As used in this subsection, the term "municipality" includes an
18 urban service district defined by the governing board of a
19 consolidated city-county. The amount due an urban service
20 district shall be distributed to the governing board of the
21 consolidated city-county. Part of the tax imposed by this
22 section is distributed to cities under G.S. 105-116.1.~~

~~23 (d) No Local Tax. -- Counties and cities may not impose a

27 Section 5. If a city's hold-back amount calculated
28 under G.S. 105-116.1(c), as enacted by this act, is less than the
29 amount deducted from the city's 1995-96 franchise tax
30 distribution, the Secretary must distribute two times the amount
31 of the difference to the city by July 15, 1997. This
32 distribution is made to adjust retroactively the city's 1995-96
33 and 1996-97 franchise tax distributions. The amount needed to
34 make the distribution required by this section shall be drawn
35 from the amount of gross receipts taxes distributed to the cities

33 **"§ 106-549.17. Inspection of animals before slaughter; humane methods of**
34 **slaughtering.**

35 (a) For the purpose of preventing the use in intrastate commerce, as hereinafter
36 provided, of meat and meat food products which are adulterated, the Commissioner
37 shall cause to be made, by inspectors appointed for that purpose, an examination and
38 inspection of all cattle, sheep, swine, goats, fallow deer, American alligator, bison,
39 horses, mules, and other equines before they shall be allowed to enter into any
40 slaughtering, packing, meat-canning, rendering, or similar establishment in this State
41 in which slaughtering and preparation of meat and meat food products of such
42 animals are conducted for intrastate commerce; and all cattle, sheep, swine, goats,
43 fallow deer, American alligator, bison, horses, mules, and other equines found on
44 such inspection to show symptoms of disease shall be set apart and slaughtered

1 separately from all other cattle, sheep, swine, goats, fallow deer, American alligator,

10 handled in connection with slaughter in the slaughtering establishments inspected
11 under this law. The Commissioner may refuse to provide inspection to a new
12 slaughtering establishment or may cause inspection to be temporarily suspended at a
13 slaughtering establishment if the Commissioner finds that any cattle, sheep, swine,
14 goats, fallow deer, American alligator, bison, horses, mules, or other equines have
15 been slaughtered or handled in connection with slaughter at such establishment by
16 any method not in accordance with subsection (c) of this section until the
17 establishment furnishes assurances satisfactory to the Commissioner that all
18 slaughtering and handling in connection with slaughter of livestock shall be in
19 accordance with such a method.

20 (c) Either of the following two methods of slaughtering of livestock and handling
21 of livestock in connection with slaughter are found to be humane:

22 (1) In the case of cattle, calves, fallow deer, American alligator, bison,
23 horses, mules, sheep, swine, and other livestock, all animals are
24 rendered insensible to pain by a single blow or gunshot or an
25 electrical, chemical, or other means that is rapid and effective,
26 before being shackled, hoisted, thrown, cast, or cut; or

27 (2) By slaughtering in accordance with the ritual requirements of the
28 Jewish faith or any other religious faith that prescribes a method of
29 slaughter whereby the animal suffers loss of consciousness by
30 anemia of the brain caused by the simultaneous and instantaneous
31 severance of the carotid arteries with a sharp instrument and
32 handling in connection with such slaughtering.

33 Section 6. G.S. 106-549.18 reads as rewritten:

34 "**§ 106-549.18. Inspection; stamping carcass.**

38 swine, goats, fallow deer, American alligator, bison, horses, mules, and other equines,
39 capable of use as human food, to be prepared at any slaughtering, meat-canning,
40 salting, packing, rendering, or similar establishment in this State in which such
41 articles are prepared for intrastate commerce; and the carcasses and parts thereof of
42 all such animals found to be not adulterated shall be marked, stamped, tagged, or
43 labeled, as 'Inspected and Passed'; and said inspectors shall label, mark, stamp, or tag
44 as 'Inspected and Condemned,' all carcasses and parts thereof of animals found to be

1 adulterated; and all carcasses and parts thereof thus inspected and condemned shall
2 be destroyed for food purposes by the said establishment in the presence of an
3 inspector, and the Commissioner or his authorized representative may remove
4 inspectors from any such establishment which fails to so destroy any such condemned
5 carcass or part thereof, and said inspectors, after said first inspection shall, when they
6 deem it necessary, reinspect said carcasses or parts thereof to determine whether
7 since the first inspection the same have become adulterated and if any carcass or any
8 part thereof shall, upon examination and inspection subsequent to the first
9 examination and inspection, be found to be adulterated, it shall be destroyed for food
10 purposes by the said establishment in the presence of an inspector, and the
11 Commissioner or his authorized representative may remove inspectors from any
12 establishment which fails to [do] so destroy any such condemned carcass or part
13 thereof."

14 Section 7. G.S. 106-549.19 reads as rewritten:

15 "**§ 106-549.19. Application of Article; place of inspection.**

16 The foregoing provisions shall apply to all carcasses or parts of carcasses of cattle,
17 sheep, swine, goats, fallow deer, American alligator, bison, horses, mules, and other
18 equines or the meat or meat products thereof, capable of use as human food, which
19 may be brought into any slaughtering, meat-canning, salting, packing, rendering, or
20 similar establishment, where inspection under this Article is maintained, and such
21 examination and inspection shall be had before the said carcasses or parts thereof
22 shall be allowed to enter into any department wherein the same are to be treated and
23 prepared for meat food products; and the foregoing provisions shall also apply to all
24 such products which, after having been issued from any such slaughtering, meat-
25 canning, salting, packing, rendering, or similar establishment, shall be returned to the
26 same or to any similar establishment where such inspection is maintained. The
27 Commissioner or his authorized representative may limit the entry of carcasses, part
28 of carcasses, meat and meat food products, and other materials into any establishment
29 at which inspection under this Article is maintained, under such conditions as he may
30 prescribe to assure that allowing the entry of such articles into such inspected
31 establishments will be consistent with the purposes of this and the subsequent
32 Article."

33 Section 8. G.S. 106-549.22 reads as rewritten:

34 "**§ 106-549.22. Rules and regulations of Board.**

35 The Commissioner or his authorized representative shall cause to be made, by
36 experts in sanitation, or by other competent inspectors, such inspection of all
37 slaughtering, meat-canning, salting, packing, rendering, or similar establishments in
38 which cattle, sheep, swine, goats, fallow deer, American alligator, bison, horses,
39 mules, and other equines are slaughtered and the meat and meat food products
40 thereof are prepared for intrastate commerce as may be necessary to inform himself
41 concerning the sanitary conditions of the same, and the Board shall prescribe the
42 rules and regulations of sanitation under which such establishments shall be
43 maintained; and where the sanitary conditions of any such establishment are such that
44 the meat or meat food products are rendered adulterated, the Commissioner or his

1 authorized representative shall refuse to allow said meat or meat food products to be

21 sale, transportation, offer for sale or transportation, or
22 receipt for transportation; or
23 b. Any articles required to be inspected under this Article
24 unless they have been so inspected and passed; or
- 25 (4) Do, with respect to any of these articles which are capable of use
26 as human food, any act while they are being transported in
27 intrastate commerce or held for sale after such transportation,
28 which is intended to cause or has the effect of causing the articles
29 to be adulterated or misbranded."

30 Section 10. G.S. 106-549.25 reads as rewritten:

38 inspection of all cattle, sheep, swine, goats, fallow deer, American alligator, bison,
39 horses, mules, and other equines before they shall be allowed to enter into any
40 slaughtering, packing, meat-canning, rendering, or similar establishment in this State
41 in which slaughtering and preparation of meat and meat food products of such
42 animals are conducted for intrastate commerce; and all cattle, sheep, swine, goats,

15 been slaughtered or handled in connection with slaughter at such establishment by
16 any method not in accordance with subsection (c) of this section until the

18 slaughtering and handling in connection with slaughter of livestock shall be in
19 accordance with such a method.

20 (c) Either of the following two methods of slaughtering of livestock and handling
21 of livestock in connection with slaughter are found to be humane:

22 (1) In the case of cattle, calves, fallow deer, American alligator, bison,
23 horses, mules, sheep, swine, and other livestock, all animals are
24 rendered insensible to pain by a single blow or gunshot or an
25 electrical, chemical, or other means that is rapid and effective,
26 before being shackled, hoisted, thrown, cast, or cut; or

27 (2) By slaughtering in accordance with the ritual requirements of the
28 Jewish faith or any other religious faith that prescribes a method of
29 slaughter whereby the animal suffers loss of consciousness by
30 anemia of the brain caused by the simultaneous and instantaneous
31 severance of the carotid arteries with a sharp instrument and
32 handling in connection with such slaughtering.

10 purposes by the said establishment in the presence of an inspector, and the
11 Commissioner or his authorized representative may remove inspectors from any
12 establishment which fails to [do] so destroy any such condemned carcass or part

EXPLANATION OF SENATE BILL 872
Proposed Senate Finance Committee Substitute
Youth Workers At ABC Permittees

TO: Senate Finance Committee
FROM: Sabra Faires, Committee Counsel
DATE: April 29, 1997
SPONSOR: Senator John Kerr

Senate Bill 872, as introduced, is a blank bill. The proposed committee substitute provides the substance of the bill. The proposed committee substitute changes the law on the employment of 14 and 15 year olds by those who hold ABC permits authorizing the on-premises sale or consumption of alcoholic beverages. The proposed committee substitute allows these youths to be employed at some of these places in certain circumstances. Under current law, youths under 16 years old cannot work at these places under any circumstances. The bill is effective when it becomes law.

The bill allows persons who have an ABC permit for a restaurant, a hotel, or a sports club to hire youths who are 14 or 15 years old for a purpose for which they can currently hire a youth who is 16 or 17 years old. Youths who are 16 or 17 years old can be hired under current law at any place that has an ABC permit for on-premises consumption or sale of alcoholic beverages but cannot prepare, serve, dispense, or sell the alcoholic beverages. Thus, under the bill, a youth who is 14 or 15 years old can be hired at a restaurant, a hotel, or a sports club but cannot prepare, serve, dispense, or sell alcoholic beverages at these businesses.

Under the bill, 14 and 15 year olds can work at three types of businesses that have ABC permits for on-premises consumption or sale of alcoholic beverages. The three types are a restaurant, a hotel, and a sports club. A restaurant is an eating establishment that has a kitchen, an inside dining area with seating for at least 36 people, and gross receipts from food and nonalcoholic beverages that are at least 40% of its gross receipts from food, nonalcoholic beverages, and alcoholic beverages. A hotel is a lodging business with a restaurant. A sports club is an establishment with an 18-hole golf course, 2 or more tennis courts, or both, and gross receipts from club activities that exceed its gross receipts from alcoholic beverages. Club activities include membership fees and greens fees.

PROGRAM(S) AFFECTED:**

EFFECTIVE DATE: When it becomes law.

BILL SUMMARY: Adds new GS 159-30(c)(14) to authorize the investment of funds held by or on behalf of local government or public authority (if funds are subject to arbitrage and rebate provisions of Internal Revenue Code of 1986, as amended) in a funding agreement (as defined in GS 58-7-16) issued by insurer incorporated in NC that (a) has commercial paper rating that is highest rating of at least one nationally recognized rating service and does not have commercial paper rating below highest by any nationally recognized rating service that rates the particular obligation or a long-term or claims-paying rating which is one of the two highest ratings by any nationally recognized rating service which rates the particular company, or both; and (b) whose funding agreements require that if issuer's commercial paper rating or long-term or claims-paying rating is downgraded below that described in this subsection, the issuer within 20 business days (1) pay the principal balance of funding agreement and accrued interest without penalty or adjustment; (2) on mutual agreement, assign the funding agreement to another issuer authorized under section that is rated consistent with requirements of section; or (3) on mutual agreement, provide full collateralization of principal balance of funding agreement, consistent with applicable insurance and investment laws, including requirements of GS 159-30(c)(12) regarding obligations that are subject to repurchase agreements.

Summary Source: Institute of Government

ASSUMPTIONS AND METHODOLOGY:

Local units of government choosing to invest in funding agreements could experience a gain in investment income from investing in long term agreements. It is assumed that this type of investment would have a more favorable interest rate. Funding agreements as defined in G.S. 58-7-16 are not required to be guaranteed. If the risk premium of an investment is removed or minimized then, the assumed trade-off is a higher rate-of-return on investment.

As authorized under G.S. 159-30(c)(6), local units of government can invest in “short term” commercial paper and other financial instruments such as bankers acceptance. Short term commercial paper has a maturity of 270 days or less and bankers acceptance has a maturity of 180 days or less. Under G.S. 159-31(b), security or collateralization of these types of instruments , when placed with certain institutions, is not required. Long term investments, instruments maturing over a 15 or 30 year period, are required to be secured by deposit insurance, surety bonds, or investment securities such as U. S. Treasury Securities.

Under this act, the full collateralization of the principal balance is one of three options the issuer may offer the investor but only in the event the issuer’s commercial paper rating is downgraded below the highest of at least one nationally recognized rating service. The other two options the issuer must offer the investor when their paper is downgraded are: one, the payment of the principal balance of the funding agreement with interest and; two, the balance of the investment may be assigned to another issuer.

for each lead abatement project (excluding homeowners) at a price equal to 2% of the contracted price of the project. Violation of this statute carries a \$1,000 a day administrative penalty.

ASSUMPTIONS AND METHODOLOGY:

Revenue

I. Accreditation of Training Courses

The Department estimates that it will accredit 10 lead abatement training courses in each of the first two years of the program, then accredit only 4 each year thereafter. Each program will be charged \$2,000 for accreditation review and \$750 for annual renewal of their accreditation. In the first year, the Department will also verify the courses and instructors of programs accredited in 26 states such as Maryland, Virginia, Georgia, and Kentucky. The Department will charge \$750 for the course verification or the same as a renewal. It is anticipated that some training programs will drop out each year beginning in the year 2000.

FY 1997-98	10 Initial	X \$2,000 = \$20,000
	30 Verification	X \$750 = <u>\$22,500</u>
		\$42,500

FY 1998-99	10 Initial	X \$2,000 = \$20,000
	40 Renewals	X \$750 = <u>\$30,000</u>
		\$50,000

FY 1999-00	4 Initial	X \$2,000 = \$8,000
	50 Renewals	X \$750 = <u>\$37,500</u>
		\$45,500

FY 2000-01	4 Initial	X \$2,000 = \$8,000
	40 Renewals	X \$750 = <u>\$30,000</u>
		\$38,000

FY 2001-02	4 Initial	X \$2,000 = \$8,000
	40 Renewals	X \$750 = <u>\$30,000</u>
		\$38,000

II. Lead abatement certification

The Department may charge up to \$150 to certify a person to perform lead abatement. The Department has set the following rates for each category of personnel:

worker = \$25

supervisor = \$150

inspector = \$150

risk assessor = \$150

designer = \$150

firm = \$100

Due to rule-making and other startup delays, the program is anticipated to begin in January 1998. Revenue from lead abatement certification for the first fiscal year reflects only 6 months of program operation. Department officials expect certifications to rise until the year 2000 then level off as shown in the chart below.

	<u>1997-98</u>	<u>1998-99</u>	<u>1999-00</u>	<u>2000-01</u>	<u>2001-02</u>
Worker	300	500	800	800	800
Supervisor	75	100	150	150	150
Inspector	150	350	500	500	500
Risk Assessor	40	80	120	120	120
Designer	5	15	25	25	25
Firms	40	60	80	80	80
Total	610	1,105	1,675	1,675	1,675
Annual Fees	\$52,000	\$100,250	\$147,250	\$147,250	\$147,250

III. Lead certification exams

The Department projects the number of exams it will administer as follows (at \$75 per exam):

	<u>Exams</u>	<u>Revenues</u>
FY 1997-98	270	\$ 20,250
FY 1998-99	500	\$ 37,500
FY 1999-00	200	\$ 15,000
FY 2000-01	200	\$ 15,000
FY 2001-02	200	\$ 15,000

IV. Lead-based paint removal permits

The fee for lead-based paint removal permits is equal to 2% of the contract price. Half of the permits will be used by homeowners and will be exempt from the charge. The Department believes much of the permit activity in the first two years will be driven by federal HUD housing funds, but the work will decline in 1999 and beyond as the federal dollars end.

	<u>Permits</u>	<u>Revenues</u>
FY 1997-98	500	\$ 13,000
FY 1998-99	900	\$ 23,400
FY 1999-00	500	\$ 13,000
FY 2000-01	500	\$ 13,000
FY 2001-02	500	\$ 13,000

Expenditures

The Lead-Based Paint Hazard Management Program created by this act will be partially supported with revenues generated from the accreditation, certification, examination and permit fees to be established by the Department. A federal lead grant will be used to offset the remaining program costs.

Program responsibilities and activities include:

- ◆ certification of persons performing lead abatement activities to ensure that qualified persons conduct lead hazard reduction activities,
- ◆ accreditation of training courses and persons providing training to individuals seeking certification to assure adequacy of course materials and competency of instructors,
- ◆ regulatory guidance, oversight and compliance, including the establishment of a lead abatement notification system to facilitate monitoring of abatement activities by the state.

According to the Department, a total of six full-time positions will be required to administer the program with an initial startup cost of \$369,192, including \$4,500 for a nonrecurring equipment purchase. Since program revenues are expected to be less the first year because of rule-making and other startup delays, the federal grant will be used to fund four positions for the 1997-98 fiscal year. The remaining two positions will be supported with certification and other program receipts during the 1997-98 fiscal year. As program revenues increase, beginning with the 1998-99 fiscal year, federally funded positions will be shifted to certification, accreditation, examination and/or permit receipts. The department expects sufficient federal funds to be available to offset any costs not covered by program fees.

The total estimated budget requirements for the Lead-Based Paint Hazard Management Program are outlined in the following table:

	FY 1997-98	FY 1998-99	FY 1999-00	FY 2000-01	FY 2001-02

PRINCIPAL DEPARTMENT(S) & COUNTY UNITS OF LOCAL GOVERNMENT PROGRAM(S) AFFECTED:		County units of local government				
EFFECTIVE DATE:		July 1, 1997				

BILL SUMMARY: Agriculture property, as defined in G.S. 105-277.2, that meets certain income and ownership restrictions set forth in G.S. 105-277.3 is eligible for taxation on the basis of the value of the land in its present-use instead of its market value. If present-use property ever fails to meet one of these restrictions then the property loses its present-use eligibility. Once property is disqualified the deferred taxes are due for the three years immediately following the disqualification. The deferred tax, is the difference in the annual taxes paid at present-use and those that would have been paid if the property had been taxed at market value.

The proposed act allows property used in the production of poultry to continue to qualify for present-use taxation if it fails the income restriction for two consecutive years because of disease.

ASSUMPTIONS AND METHODOLOGY:

The impact on local governments is temporary. If the property does not qualify for use-value after two years the deferred taxes are due. It is expected that over a two year period the disease affecting the property would be eradicated and if not, the property would be used for some other eligible purpose.

SENATE BILL 339

Short Title: Credit for Tier One Counties.

(Public)

Sponsors: Senators Conder and Plyler.

Referred to: Finance.

March 10, 1997

1 A BILL TO BE ENTITLED
2 AN ACT TO INCREASE THE JOBS TAX CREDIT FOR TIER ONE COUNTIES.
3 The General Assembly of North Carolina enacts:

4 Section 1. G.S. 105-129.8(a) reads as rewritten:

5 "(a) Credit. -- A taxpayer that meets the eligibility requirements set out in G.S.
6 105-129.4, has five or more employees for at least 40 weeks during the taxable year,
7 and hires an additional full-time employee during that year to fill a position located
8 in this State is allowed a credit for creating a new full-time job. The amount of the
9 credit for each new full-time job created is set out in the table below and is based on
10 the enterprise tier of the area in which the position is located:

11 Area Enterprise Tier	Amount of Credit
12 Tier One	\$12,500 <u>\$25,000</u>
13 Tier Two	4,000
14 Tier Three	3,000
15 Tier Four	1,000
16 Tier Five	500

17 A position is located in an area if more than fifty percent (50%) of the employee's
18 duties are performed in the area. The credit may not be taken in the taxable year in
19 which the additional employee is hired. Instead, the credit shall be taken in equal
20 installments over the four years following the taxable year in which the additional
21 employee was hired and shall be conditioned on the continued employment by the
22 taxpayer of the number of full-time employees the taxpayer had upon hiring the
23 employee that caused the taxpayer to qualify for the credit.

1 If, in one of the four years in which the installment of a credit accrues, the number
2 of the taxpayer's full-time employees falls below the number of full-time employees
3 the taxpayer had in the year in which the taxpayer qualified for the credit, the credit
4 expires and the taxpayer may not take any remaining installment of the credit. The
5 taxpayer may, however, take the portion of an installment that accrued in a previous
6 year and was carried forward to the extent permitted under G.S. 105-129.5.

7 Jobs transferred from one area in the State to another area in the State shall not be
8 considered new jobs for purposes of this section. If, in one of the four years in which
9 the installment of a credit accrues, the position filled by the employee is moved to an
10 area in a higher- or lower-numbered enterprise tier, the remaining installments of the
11 credit shall be calculated as if the position had been created initially in the area to
12 which it was moved."

13 Section 2. This act is effective for taxable years beginning on or after
14 January 1, 1997.

EXPLANATION OF SENATE BILL 339
Credit for Tier One Counties

TO: Senate Finance Committee
FROM: Sabra Faires, Committee Counsel
DATE: May 7, 1997
SPONSOR: Senator Richard Conder

Senate Bill 339 doubles the income tax credit for creating a new full-time job in a Tier One County; it increases the credit from \$12,500 to \$25,000. The increase is effective for tax years beginning on or after January 1, 1997. The ten Tier One counties for the 1997 calendar year are Allegheny, Anson, Edgecombe, Graham, Halifax, Hertford, Northampton, Richmond, Swain, and Warren.

The jobs tax credit is available to certain employers in all 100 counties. To qualify for the credit, an employer must be engaged in manufacturing or processing, warehousing or distributing, or data processing and the wages of the job created must be at least 10% above the average weekly wage in the county where the job is created. The amount of the credit varies depending on the tier of the county where the job is created.

The tier of a county is determined each year by the Secretary of Commerce based on the county's rank in a ranking of counties by unemployment (from lowest to highest), by per capita income (from highest to lowest), and by population growth (from highest to lowest). The ten poorest counties are in tier one and the next fifteen counties are in tier two. The remaining seventy-five counties are divided evenly among tiers three, four, and five. The jobs tax credit is \$12,500 for each eligible new job created in an enterprise tier one area, \$4,000 in a tier two area, \$3,000 in a tier three area, \$1,000 in a tier four area, and \$500 in a tier five area.

The credit for creating a job is spread out over four years. The credit must be taken in four equal installments beginning the year after the new job was created. If the new job does not continue for this four-year period, the part of the credit not yet taken is forfeited. The credit may not exceed 50% of the tax due for a year; the part of a credit that cannot be used because of this limitation can be carried forward for five years. The credit is allowed against either the franchise tax or the income tax. The credit will expire January 1, 2002.

The jobs tax credit was created in 1987. When enacted, it applied to only 20 counties. These 20 counties were designated as severely distressed counties.

The credit was expanded in 1989 to include 25 counties, in 1991 to include 33 counties, and in 1993 to include 50 counties. The 1996 Second Extra Session of the General Assembly extended the jobs tax credit to all 100 counties and created the tier ranking of the counties. Until 1996, the credit was \$2,800 per job. The 1996 changes instituted the range based on tier ranking.

Another bill introduced in the 1997 Session affects tier one counties. That bill is Senate Bill 316, Amend Bill Lee Act. It makes two changes in the jobs tax credit for Tier One counties. First, it guarantees that a county that obtains Tier 1 status cannot lose that status for two years regardless of what the annual rankings would otherwise require. The guarantee of at least a two-year Tier 1 status applies to counties designated as Tier 1 for the 1996 year and all future years. If this provision is enacted, some counties that are currently designated at a higher tier in 1997 than they were in 1996 will be redesignated as a Tier 1 county for 1997.

Second, Senate Bill 316 replaces the existing wage standard for jobs in Tier 1 areas, which is at least 10% of the average wage in the county, with a standard that equals the lower of three figures: the average private sector wage in the county; the average private sector wage in the State; and the average private sector wage in the county multiplied by county per capita income ratio. This change would become effective for the 1997 tax year and later years.

PRINCIPAL DEPARTMENT AFFECTED: Department of Revenue and Department of Commerce

EFFECTIVE DATE: Tax years beginning on or after January 1, 1997.

BILL SUMMARY: The 1996 business incentive tax bill took the existing jobs tax credit (income tax) from 50 counties at a \$2,800 credit to 100 counties, with credits based on enterprise tiers that reflect population growth and economic conditions. The jobs credit for Tier 1, the 10 lowest counties, is \$12,500. The bill would raise the credit for Tier 1 to \$25,000.

ASSUMPTIONS AND METHODOLOGY: The cost estimate is based on the same methodology used in developing the estimates used for the 1996 tax package. This methodology looks at actual jobs created in each county.

**PRINCIPAL DEPARTMENT(S) &
PROGRAM(S) AFFECTED:** State Board of Barber Examiners

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: The act changes the age of honorary barber licensees from seventy to eighty.

BACKGROUND: 1997 is the first year for free honorary barber licenses for barbers 70 years and older . The honorary license was included in SB 294, Regulation of Barbers, approved by the 1996 General Assembly (chapter 605 of 1996 Session Laws). However, when SB 294 was introduced as an agency bill in the Senate it had a free license for barbers who were 80 years or older. The House amended the bill to lower the age for an honorary license to 70.

ASSUMPTIONS AND METHODOLOGY: The State Board of Barber Examiners expects to lose between \$30,000 to \$50,000 this year due to free licenses being given to barbers over age 70. At \$30 a license this equals 1000 to 1667 honorary barber licenses. In the first two days of renewals in May 1997, 57 senior barbers asked for the free license. Based on 12,000 licensed barbers, the free licenses make up 8% to 13% of the total licenses issued. Raising the age to 80 would return a minimum of \$30,000 each year to the Board's operating fund.

PRINCIPAL DEPARTMENT(S) &

PROGRAM(S) AFFECTED: Department of Insurance, Company Services Group, Financial Evaluation Division

EFFECTIVE DATE: October 1, 1997

BILL SUMMARY: Amends GS 58-2-131(d) to provide that Insurance Comm'r must conduct examination of insurer at least once every five (now three) years. Rewrites GS 58-2-205 (CPA audits of financial statements) to incorporate into statute by reference the NAIC model rule requiring annual audited financial statements, except as provided in that statute. Exceptions are that annual financial reports must be filed by May 10 of each year unless Comm'r grants extension; insurers with less than 500 policy holders or less than \$250,000 in premiums are exempt from rule's requirements unless Comm'r specifically requires compliance; CPA must certify and prove that he or she is experienced in areas of insurance auditing and accounting; and audit performed under the section must be staffed by managerial staff experienced in the areas of insurance auditing and accounting and by nonmanagerial staff, at least a majority of which have similar experience. Specifies that insurance includes "financial services" for this purpose. Amends GS 58-2-131 to allow Comm'r to hire attorneys, appraisers, actuaries, certified public

accountants, and other professionals to help the Dep't conduct its evaluation and to require the insurer to pay the cost of hiring such professionals, up to [\$50,000] per examination.¹

ASSUMPTIONS AND METHODOLOGY: Reduces the Department's costs by charging to the company being audited or examined certain costs now being borne by the Department. Assumes that the Department will be able to schedule its workload so that the burden will be fairly evenly distributed over the years. Based on past experience, assumes that about 25 companies will be examined each year, and 8-10 of these companies will require outside specialists for their examinations at costs within the \$20,000 - \$40,000 range for each audit, with most companies requiring about \$25,000-\$30,000 in additional audit resources.

TECHNICAL CONSIDERATIONS: The Department's representative is fairly confident of the total costs of the five-year cycle, but there may be some variation between years. A very unusual event could interfere with the Department's schedule for the year, requiring it to suspend audits or draw on funding intended for other purposes.

1 (3%) and shall apply to the gross receipts derived from the rental of any room,
2 lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar
3 place within the county that is subject to sales tax imposed by the State under G.S.
4 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does
5 not apply to accommodations furnished by nonprofit charitable, educational, or
6 religious organizations or to a business that offers to rent fewer than five units.

7 (c) **Collection.** Every operator of a business subject to the tax levied
8 under this section shall, on and after the effective date of the levy of the tax, collect
9 the tax. This tax shall be collected as part of the charge for furnishing a taxable
10 accommodation. The tax shall be stated and charged separately from the sales
11 records, and shall be paid by the purchaser to the operator of the business as trustee
12 for and on account of the county. The tax shall be added to the sales price and shall
13 be passed on to the purchaser instead of being borne by the operator of the business.
14 The county shall design, print, and furnish to all appropriate businesses and persons
15 in the county the necessary forms for filing returns and instructions to ensure the full
16 collection of the tax. An operator of a business who collects the occupancy tax
17 levied under this section may deduct from the amount remitted to the county a
18 discount equal to the discount the State allows the operator for State sales and use
19 tax.

20 (d) **Administration.** The county shall administer a tax levied under this
21 section. A tax levied under this section is due and payable to the county finance
22 officer in monthly installments on or before the fifteenth day of the month following
23 the month in which the tax accrues. Every person, firm, corporation, or association
24 liable for the tax shall, on or before the fifteenth day of each month, prepare and
25 render a return on a form prescribed by the county. The return shall state the total
26 gross receipts derived in the preceding month from rentals upon which the tax is
27 levied.

28 A return filed with the county finance officer under this section is not a
29 public record and may not be disclosed except in accordance with G.S. 153A-148.1
30 or G.S. 160A-208.1.

31 (e) **Penalties.** A person, firm, corporation, or association who fails or
32 refuses to file the return or pay the tax required by this section is subject to the civil
33 and criminal penalties set by G.S. 105-236 for failure to pay or file a return for State
34 sales and use taxes. The Madison County Board of Commissioners has the same
35 authority to waive the penalties for a room occupancy tax that the Secretary of
36 Revenue has to waive the penalties for State sales and use taxes.

37 (f) **Distribution and use of tax revenue.** Madison County shall, on a
38 quarterly basis, remit the net proceeds of the occupancy tax to the Madison County
39 Tourism Development Authority. The Authority shall use at least two-thirds of the
40 funds remitted to it under this subsection to promote travel and tourism in Madison
41 County and shall use the remainder for tourism-related expenditures. The
42 administrative expenses of the Authority may not exceed fifteen percent (15%) of the
43 funds remitted to it under this subsection.

44 The following definitions apply in this subsection:

- 1 (1) Net proceeds. -- Gross proceeds less the cost to the county of
2 administering and collecting the tax, as determined by the finance
3 officer, not to exceed five percent (5%) of the gross proceeds.
- 4 (2) Promote travel and tourism. -- To advertise or market an area or
5 activity, publish and distribute pamphlets and other materials,
6 conduct market research, or engage in similar promotional
7 activities that attract tourists or business travelers to the area; the
8 term includes administrative expenses incurred in engaging in the
9 listed activities.
- 10 (3) Tourism-related expenditures. -- Expenditures that are designed to
11 increase the use of lodging facilities in a county or to attract
12 tourists or business travelers to the county. The term includes
13 expenditures to construct, maintain, operate, or market a
14 convention or meeting facility, a visitors' center, or a coliseum and
15 other expenditures that, in the judgment of the Authority, will
16 facilitate and promote tourism.
- 17 (g) **Effective date of levy.** A tax levied under this section shall become
18 effective on the date specified in the resolution levying the tax. That date must be
19 the first day of a calendar month, however, and may not be earlier than the first day
20 of the second month after the date the resolution is adopted.
- 21 (h) **Repeal.** A tax levied under this section may be repealed by a
22 resolution adopted by the Madison County Board of Commissioners. Repeal of a tax
23 levied under this section shall become effective on the first day of a month and may
24 not become effective until the end of the fiscal year in which the repeal resolution
25 was adopted. Repeal of a tax levied under this section does not affect a liability for a
26 tax that was attached before the effective date of the repeal, nor does it affect a right
27 to a refund of a tax that accrued before the effective date of the repeal.
- 28 Section 2. Tourism Development Authority. (a) **Appointment and**
29 **membership.** When the board of commissioners adopts a resolution levying a room
30 occupancy tax under this act, it shall also adopt a resolution creating a county
31 Tourism Development Authority, which shall be a public authority under the Local
32 Government Budget and Fiscal Control Act. The Authority shall be composed of
33 three ex officio voting members as provided in subdivision (1) of this subsection and
34 eight members appointed by the board of commissioners as provided in subdivisions
35 (2) through (5) of this subsection. In order to be appointed to the Authority, an
36 individual must have demonstrated a commitment to promoting tourism in Madison
37 County. The members of the Authority shall be:
- 38 (1) The mayors of the Towns of Hot Springs, Mars Hill, and Marshall,
39 to serve ex officio. Each mayor may designate another resident of
40 the mayor's town to serve in his or her place.
- 41 (2) Three residents of Madison County, one each recommended by the
42 mayors of the Towns of Hot Springs, Mars Hill, and Marshall,
43 respectively.

1 (3) Two residents of Madison County selected by the Madison County
2 Board of Commissioners.

3 (4) The Chair of the Madison County Chamber of Commerce or an
4 individual recommended by the Chair of the Madison County
5 Chamber of Commerce.

6 (5) Two residents of Madison County recommended by the Madison
7 County Chamber of Commerce.

8 Members shall serve for a term of two years and shall serve without
9 compensation. The resolution creating the Authority shall provide for the filling of
10 vacancies on the Authority. The board of commissioners shall designate one member
11 of the Authority as chair. The Authority shall meet at the call of the chair and shall
12 adopt rules of procedure to govern its meetings. The Finance Officer of Madison
13 County shall be the ex officio finance officer of the Authority.

14 (b) **Duties.** The Authority shall expend the net proceeds of the tax
15 levied under this act for the purposes provided in Section 1 of this act. The
16 Authority shall promote travel, tourism, and conventions in the county, sponsor
17 tourist-related events and activities in the county, and finance tourist-related capital
18 projects in the county.

19 (c) **Reports.** The Authority shall report quarterly and at the close of the
20 fiscal year to the board of commissioners on its receipts and expenditures for the
21 preceding quarter and for the year in such detail as the board may require.

26 (c) Collection. -- Every operator of a business subject to a

31 records, and shall be paid by the purchaser to the operator of
32 the business as trustee for and on account of the taxing county.
33 The tax shall be added to the sales price and shall be passed on
34 to the purchaser instead of being borne by the operator of the

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: The County of Madison

EFFECTIVE DATE: When it becomes law

BILL SUMMARY:

The proposed act authorizes Madison County, if approved by the voters of the county, to levy a room occupancy tax of 3% and to create a tourism development board. Seventy five percent of the revenue is to be used to promote travel and tourism. The remaining twenty five percent is to be used for tourism-related expenses. The act set the amount of administrative expenses at 15% of the funds remitted to the authority.

ASSUMPTIONS AND METHODOLOGY:

The Department of Health for Madison County reports that 87 rooms are currently for rent by various establishments in the county; several bed and breakfast inns, a motor court, and an alpine court. Using a range of \$35.00 to \$95.00 a night for room lodging and a 3% occupancy tax rate, the expected revenues from an occupancy tax would be \$11,000 to \$30,000 annually. The estimate assumes an occupancy rate of 65% for six months out of the year. If the same rooms were occupied only 50% of the time the expected revenues would range from \$8,000 to \$23,000.

The finance official of the county or city that levies an occupancy tax is responsible for administering the tax.

EXPLANATION OF SENATE BILL 124
Proposed Committee Substitute
Amend White Goods Tax

TO: Senate Finance Committee
FROM: Sabra Faires, Committee Counsel
DATE: May 7, 1997
SPONSOR: Senator Odom

Senate Bill 124 changes the tax that is imposed on "white goods" as follows, effective January 1, 1998:

1. It extends the sunset on the tax so that the tax expires five years after the current repeal date. Under the bill, the tax expires July 1, 2003. Under current law, the tax will expire July 1, 1998.
2. It reduces the tax on all new white goods to \$3.00. Under current law, the tax on new white goods that contain chloroflourocarbons is \$10.00 and the tax on those that do not is \$5.00.
3. It allows revenue from the white goods tax to be used to clean up unmanaged, illegal dump sites if the revenue is not needed for the disposal of discarded white goods. Section 2 allows counties to use surplus white goods tax revenue for this purpose and Section 3 allows the Department of Environment, Health, and Natural Resources to make grants to counties for this purpose from the White Goods Management Account.
4. It changes the allocation of the white goods tax revenue by increasing the percentage that goes to the Solid Waste Management Trust Fund (from 5% to 8%) and decreasing the amount that is distributed to counties (from 75% to 72%).

The white goods tax was imposed effective January 1, 1994. The purpose of the tax was to provide a source of revenue for the proper disposal of discarded white goods. A white good is a domestic or commercial large appliance, such as a refrigerator, a water heater, an air conditioner unit, or a dishwasher. Chlorofluorocarbon refrigerant is a type of gas that must be removed from a white good under federal law. Chlorofluorocarbon refrigerants were banned as of January 1, 1996, by the Environmental Protection Agency.

Under current law, the tax proceeds are distributed quarterly as follows:

- (1) 5% to the Solid Waste Management Trust Fund. The money in this Fund is used to fund activities of the Department of Environment, Health, and Natural Resources (DEHNR) to promote waste reduction and recycling, to fund research on the solid waste stream in North Carolina, to fund

activities related to the development of secondary materials markets, to fund demonstration projects, and to fund research by in-State colleges and universities.

- (2) 20% to the White Goods Management Account. The money in this Account is used to make grants to local governmental units to assist them in managing discarded white goods.
- (3) 75% to the 100 counties on a per capita basis to be used only for the management of discarded white goods.

BILL SUMMARY:

The current white goods disposal tax, paid at the point of sale on new goods, is \$5.00 on those that do not contain refrigerants and \$10.00 on those that do. This bill reduces the tax on all white goods to \$3.00.

The act changes the allocation of tax revenues. The SWMTF is to receive 8% of the revenue instead of 5% and the county distribution is reduced from 75% to 72%. The percentage of revenue going to the WGMA does not change. Under the act, if a county has surplus revenue after covering its cost of managing discarded white goods it may use the additional revenue to clean-up illegal dump sites.

ASSUMPTIONS AND METHODOLOGY:

The fiscal summary is found on page 3. The tax data used in the analysis was provided by the Department of Revenue Sales and Use Tax Division. The Association of Home Appliance Manufactures provided information on product sales in the State.

The over all rate decrease is equal to 52%. Thirty nine percent of the white goods sold in 1996 used refrigerants and the remaining 61% of the goods sold did not contain refrigerants. The rate on white goods containing refrigerants is decreased by 70% and the rate on the remaining white goods is reduced 48%. The result, as measured in total revenue loss is 52%.

Other than as expressly provided in this Article, the Board shall neither adopt nor enforce any rule, regulation or policy which prohibits advertising.~~

PRINCIPAL DEPARTMENT(S) &

PROGRAM(S) AFFECTED: North Carolina State Board of Opticians

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: The bill increases license and exam fees that have not been changed since 1989. The bill deletes a temporary license that the Board has not used. A late penalty for renewing licenses is changed from \$5 per month (up to the amount of the fee) to a \$50 lump sum payment. Disciplinary action for a licensee is revised to allow the payment of a civil penalty of \$1,000 for violation of Board rules. The bill makes other technical changes.

ASSUMPTIONS AND METHODOLOGY: Section four of the bill sets new limits on the amounts that can be charged for licenses and exams. As shown in the chart on page two, the proposed fee changes will raise a maximum of \$61,740 for the Board of Opticians. The Board has not voted on how it will implement the new fee schedule if the bill passes.

	<u>Number</u> <u>Affected</u>	<u>Current</u> <u>Fee</u>	<u>Current</u> <u>Revenue</u>	<u>Proposed</u> <u>Fee</u>	<u>Proposed</u> <u>Revenue</u>

License Verification	24			\$ 10	\$ 240
			\$ 78,250		\$ 139,990
Maximum Revenue Gain =					\$61,740

The Board plans to use the additional funds to increase its inspections and investigations. There are 488 optician sites in North Carolina, but the Board of Opticians staff visited only 180 of these sites in FY 1995-96. The Board believes each site should be visited twice a year. With the fee increase, the Board will spend \$26,650 for mileage, per diem, and subsistence for two part-time inspectors.

Another \$7,000 of the fee increase will be used to improve test administration. The Board would like to hire a test consultant to advise the Board on how to rework the license examination. Part of the funds will go toward reprinting the new exam.

Based on the Financial Statement for the Board of Opticians for the fiscal year ending June 30, 1996, the Board had a fund balance of \$198,909. Annual revenues exceeded expenses by \$5,386 for the FY 1995-96 fiscal year. If the Board were to use fund balance to undertake the initiatives mentioned above, the fund would be depleted in 6 years.

BILL SUMMARY: The proposed legislation amends GS 131F-3 by exempting continuing care facilities that provide humane and philanthropic care to the elderly from the licensure requirements of the N.C. Charitable Solicitations Act.

ASSUMPTIONS AND METHODOLOGY:

Currently, two continuing care retirement facilities are licensed under the N.C. Charitable Solicitations Act. Since the charitable license fee is \$50 per year, the loss in revenue from the proposed legislation would be (\$100) per year. The charitable solicitations license fees are used to support the charitable solicitations program in the Division of Facilities Services.. The annual fee collections from these licenses exceed the expenditures for the program by an average of

\$100,000 per year which means that the proposed legislation will have no impact on the charitable solicitation program.

TECHNICAL CONSIDERATIONS: None.

EXPLANATION OF HOUSE BILL 36
Consumer use Tax Returns

TO: Senate Finance Committee
FROM: Sabra Faires, Committee Counsel
DATE: May 13, 1997
SPONSOR: Representative Capps

House Bill 36 is a recommendation of the Revenue Laws Study Committee. It establishes an annual filing period for the payment of use taxes owed by consumers on mail-order purchases. The annual filing period relieves consumers of the need to file either monthly or quarterly returns. The bill is effective when it becomes law and applies to purchases made on or after January 1, 1997.

Currently, the Department of Revenue includes an annual use tax return (Form E-554) on the individual income tax booklets. The Department began doing this in 1991. Under the State sales and use tax law, a person is responsible for paying use tax on their out-of-state purchases. The law specifies only two reporting periods - a quarterly period if the tax owed is less than \$50.00, and a monthly period if the tax owed is more than this. Arguably, therefore, North Carolina customers of mail-order catalog companies should be filing either monthly or quarterly returns.

This bill seeks to improve the collection of the use tax by minimizing the compliance burden. Under the bill, individuals who owe use tax on goods purchased out-of-state for a non-business purpose will be able to file an annual use tax return. The return and the tax will be due at the same time as the individual income tax return. In theory, residents who are subject to use tax for out-of-state purchases are more likely to comply if the reporting and payment procedure is not unduly burdensome.

The use tax complements the sales tax by taxing transactions that are not subject to the sales tax because of movement in interstate commerce. Like the sales tax, the use tax is imposed on the purchaser. Unlike the sales tax, the responsibility for remitting the tax to the Department is also on the purchaser. In the 1980s, states around the country became increasingly aware of the revenue loss from taxpayer avoidance of the use tax. The Department estimated in 1995 that the potential increase in State and local revenue for North Carolina, if full taxpayer compliance was achieved, was \$71.1 million.

The most cost-effective manner to collect the tax, from a state's point-of-view, is to require the out-of-state retailers to collect and remit the use tax. However, in 1967, the U.S. Supreme Court ruled in Bellas Hess that a state can not require an out-of-state retailer to collect its use tax unless the retailer has enough contacts with the state to subject it to the state's taxing jurisdiction. The Supreme Court reaffirmed this decision in 1992 in Quill Company v. North Dakota.

The Direct Marketers Association, the Federation of Tax Administrators, the Multi-state Tax Commission, and the National Governors' Association are negotiating a possible agreement under which more direct marketers would voluntarily collect use tax on behalf of customers in states in which the marketers do not have nexus. The group has a draft agreement now and is likely to have a final agreement by July 1 of 1998. If a final proposed agreement is reached, it will then be up to the states and the marketers to enter into the agreement.

In an effort to collect a larger percentage of this tax, North Carolina has entered a cooperative agreement with other southeastern states called the Southeastern States Exchange Agreement. The member states to this agreement exchange information gained through tax audits of businesses, such as the names and addresses of North Carolina customers to whom untaxed sales were made. The Department may then contact these customers for the collection of the use tax, plus penalties and interest.

LEGISLATIVE FISCAL NOTE

BILL NUMBER: House Bill 36 (First Edition)

SHORT TITLE: Make Use Tax User-Friendly

SPONSOR(S): Representative Russell Capps

FISCAL IMPACT

Yes () No (x) No Estimate Available ()

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue

EFFECTIVE DATE: Effective upon ratification and applies to purchases made on or after January 1, 1997.

BILL SUMMARY: The proposed bill relieves consumers from filing monthly use tax returns. It will bring into compliance those taxpayers who fill out Form E-554 and pay use tax when they do their annual income tax returns.

ASSUMPTIONS AND METHODOLOGY:

Since this change is not accompanied by increased auditing manpower or a large public relations budget, increased compliance and thus increased revenues are not anticipated. In catalog purchases alone, there is an estimated \$47.4 million in state use tax and \$23.7 million in local use tax that goes uncollected annually because the buyer may not be aware the tax is due the state and the seller is not obligated to collect the tax.

Note: In 1996, the General Assembly granted the Secretary of Revenue the authority to "enter into agreements with sellers pursuant to which the seller agrees to collect and remit on behalf of its customers State and local use taxes due on items of tangible personal property the seller sells." (SB6, Chapter 14, 1996 Second Extra Session). It is hoped that an use tax collection agreement will be hammered out between the Direct Marketers Association, the Federation of Tax Administrators, and the Multi-state Tax Commission.

EXPLANATION OF HOUSE BILL 204
Foreclosure Filing Fees

TO: Senate Finance Committee
FROM: Sabra Faires, Committee Counsel
DATE: May 13, 1997
SPONSOR: Representative Neely
Recommendation of the Courts Commission

House Bill 204 does two things:

1. It increases the foreclosure filing fee from \$25 to \$30.
2. It establishes a minimum fee of \$10 when the property is sold under a power of sale.

The fees collected are remitted to the State General Fund for the support of the General Court of Justice.

A foreclosure under a power of sale in a deed of trust or a mortgage is a type of special proceeding. The cost of initiating all other types of special proceedings is \$30. This bill brings the cost of foreclosures in line with other types of special proceedings. The cost of initiating special proceedings was increased in 1992 from \$25 to \$30. The cost of initiating a foreclosure proceeding was not increased at that time. This was probably an oversight since the fee is listed as a miscellaneous fee under a different statute.

If property is sold under the power of sale, an additional fee is charged. The additional amount is based upon a formula: 30 cents per \$100 of the final sale price, subject to a \$200 maximum fee. This bill establishes a minimum fee of \$10. In the past few years, there have been many foreclosures initiated on time shares, primarily in the resort communities. The sales price on a time share is usually low, since what is being sold is a week's worth of value. The low sales price results in an extremely low fee, sometimes as low as \$1.32. The clerks of court requested that a minimum fee be established to more adequately cover the costs of handling the special proceeding.

REVENUES Small Increase Ranging from \$50,000 to \$100,000 Per Year

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Judicial Department

EFFECTIVE DATE: October 1, 1997

BILL SUMMARY: Amends GS 7A-308(a)(1) to raise the court fee for foreclosure proceedings from \$25 to \$30. Also sets additional charge of 30 cents per \$100 of final sale price (with minimum charge of \$10 and maximum of \$200) if property is sold under power of sale.

ASSUMPTIONS AND METHODOLOGY: Judicial Department

This legislation raises the court fee for foreclosure proceedings from \$25 to \$30. Judicial Department fiscal data for 1995-96 estimates that approximately 11,600 foreclosure actions were collected by the court. A \$5 fee increase would have increased revenues by \$58,000 in 1995-96. Data from the first quarter of FY 1996-97 shows that approximately 4,250 foreclosure actions were filed statewide. Extrapolating from this data, the Judicial Department estimates approximately 17,000 foreclosure actions will be filed this year. If the \$5 fee increase were collected in all of these cases, additional revenues would total about \$85,000 in 1996-97. The Department anticipates this range of foreclosure filings would continue in future fiscal years. Thus, the Judicial Department anticipates additional revenues would range from approximately \$50,000 to \$100,000 a year, if the \$5 increase was approved.

EXPLANATION OF SENATE BILL 466
Parental Savings Trust Fund

TO: Senate Finance Committee
FROM: Sabra Faires, Committee Counsel
DATE: May 13, 1997
SPONSOR: Senator Fletcher Hartsell

Senate Bill 466 excludes two types of income from State individual income tax. The items excluded are the annual earnings on amounts contributed to the Parental Savings Trust Fund for the future payment of room or board at an institution of higher education and the amount distributed to a beneficiary of the Fund that is used to pay for higher education expenses. The bill is effective for taxable years beginning on or after January 1, 1998.

The Parental Savings Trust Fund is part of the State Education Assistance Authority. The Fund is authorized by G.S. 116-209.25, which was enacted by the 1996 General Assembly. The Authority plans to begin the Fund in the fall of this year. The Parental Savings Trust Fund is a kind of qualified state tuition program under section 529 of the Internal Revenue Code.

Section 529 of the Code excludes some of the amounts earned by contributors to the Parental Savings Trust Fund from federal tax and, therefore, North Carolina tax as well. Under federal law, earnings on amounts contributed for the payment of tuition, fees, books, supplies, and equipment at an institution of higher education are excluded from tax but not the earnings on amounts contributed for room and board. Also under federal law, the amount distributed to a beneficiary of the Fund that exceeds the amount contributed is taxable. Under federal law, the tax on the investment earnings is deferred until a distribution is made, at which time the earnings are taxable to the beneficiary rather than the contributor.

This bill establishes a different tax treatment for federal and state purposes for earnings on amounts contributed for the payment of room and board and for distributions from the Fund. The State exclusion is accomplished by deducting these amounts from federal taxable income. Federal taxable income is the starting point for determining State taxable income.

Under the Parental Savings Trust Fund, a person can contribute amounts for a child who is less than 16 years old. Either the child or the person making the contributions must be a resident of this State. The amount in the account can

PRINCIPAL DEPARTMENT(S) &

PROGRAM(S) AFFECTED: State Education Assistance Authority, Department of State Treasurer

EFFECTIVE DATE: The act is effective for taxable years beginning on or after January 1, 1998.

BILL SUMMARY: The bill exempts the earnings of the Parental Savings Trust Fund from state individual income tax.

BACKGROUND: The 1996 General Assembly established a Parental Savings Trust Fund to encourage parents and others to save for postsecondary education expenses. (1996, 2nd Extra Session, c. 18, s.16.7) The Fund is administered by the State Education Assistance Authority and Fund investments are made by the State Treasurer. Within the Fund there will be two accounts. One account will be for qualified expenses - tuition, fees, books, supplies and equipment. Earnings from this account are exempt from federal and state individual income tax until the proceeds are distributed to the beneficiary (and taxed at the beneficiary's tax rate). The second account will be for non-qualified expenses - travel, room, board, and incidentals. Earnings from this account are assigned to the contributor and taxed in the year earned. The Authority will ask contributors to the Fund whether they are saving for a public or private institution, then determine how much should be placed in each account based on average college costs.

To assist those parents or interested parties whose savings in the Fund are insufficient to pay for all college expenses, the General Assembly authorized the State Education Assistance Authority to develop a loan program in conjunction with the Parental Savings Trust Fund.

ASSUMPTIONS AND METHODOLOGY: The consultant that developed the Parental Savings Trust Fund concept for the State Education Assistance Authority assumes the following criteria in projecting the number of participants in the Fund:

- 1) Children age birth to 16 are eligible for the account. Establishing an account for a person over age 16 would not yield sufficient savings in time for college.
- 2) Approximately 64,000 children finish high school in the state each year and approximately 43% of them pursue higher education (excluding community college).
- 3) Using the data above, the target population is approximately 448,000

16 (age levels) X 64,000 (high school graduates in each age group) X .43 (percent going to college)

- 4) Each year between .6% and 1.2% of this target population will start savings accounts.

This fiscal note assumes the Fund will attract 1.2% of the target population or 5,376 new accounts each year. The Fund anticipates receiving its first accounts in October 1997. The average account holder will contribute \$125 a month. The average interest rate earned by these contributions is 5.5%. (This is equivalent to the State Treasurer's short term interest rate of 6.5% minus 1% in administrative charges.) There will be no payouts from the Fund for the first six years.

Based on the above assumptions, the interest earned by the Fund each calendar year is as follows:

1998	\$	93,426
1999	\$	583,240
2000	\$	1,549,839
2001	\$	3,020,115
2002	\$	5,022,482

2007 \$12,600,000 (max)

For this fiscal note, it is assumed that half of the Fund earnings will be credited to qualified expenses and tax deferred. Federal tax law allows the earnings on qualified expenses (tuition, fees, books) in the Fund to be tax deferred until the student attends college. State tax law conforms with the federal law on this topic. For private schools, tuition and fees might be 70% of the overall cost of attending the university. For public schools, tuition and fees may average about 30% of the cost of a university education. Since there is no sound basis to judge the college

destination of future Fund participants, this fiscal note chooses the mid-point of 50%. Thus 50% of the earnings will be taxed at the student's tax rate when the funds are paid out and 50% of the earnings will be taxed at the contributors' rate when earned each year.

Under SB 466, the interest earned in 1998 on non-qualified expenses accounts in the Fund will be tax exempt when individuals file their income tax returns in the spring of 1999. It is assumed that the average Fund contributor pays a 7% individual income tax rate. The tax loss for non-qualified expenses is 50% of the estimated earnings on page 2 times the 7% tax rate.

FY 1998-99	\$ 3,269
FY 1999-00	\$ 20,413
FY 2000-01	\$ 57,244
FY 2001-02	\$105,704
FY 2006-07	\$441,000

The interest on qualified expenses would be taxable under current law when the first payouts are made in FY 2004-05. SB 466 would exempt the earnings on qualified expenses from tax. If the average student works in the summer, works part-time in school, and is claimed as a dependent on his/her parents' tax return, then it is possible that the distribution from the Fund will be subject to the minimum state income tax of 6%. In FY 2006-07, the total earnings in the Fund are estimated to be \$12.6 million, with 50% of this amount or \$6.3 million designated for qualified expenses. Applying a 6% tax rate to \$6.3 million is equal to \$378,000.

The maximum tax loss for qualified and non-qualified expenses based on the scenario outlined above is \$819,000 beginning in FY 2006-07.

3 (f) Plat to Contain Specific Information. -- Every plat shall contain the following
4 specific information:

5 (1) An accurately positioned north arrow coordinated with any
6 bearings shown on the plat. Indication shall be made as to
7 whether the north index is true, magnetic, North Carolina grid
8 ('NAD 83' or 'NAD 27'), or is referenced to old deed or plat
9 bearings. If the north index is magnetic or referenced to old deed
10 or plat bearings, the date and the source (if known) ~~such~~ the index
11 was originally determined shall be clearly indicated.

12 (2) The azimuth or course and distance of every property line
13 surveyed shall be shown. Distances shall be in feet or meters and
14 decimals thereof. The number of decimal places shall be
15 appropriate to the class of survey required.

16 (3) All plat distances shall be by horizontal or grid measurements. All
17 lines shown on the plat shall be correctly plotted to the scale
18 shown. Enlargement of portions of a plat are acceptable in the
19 interest of clarity, where shown as inserts. Where the North
20 Carolina grid system is used the grid factor shall be shown on the
21 face of the plat. If grid distances are used, it must be shown on the
22 plat.

23 (4) Where a boundary is formed by a curved line, the following data
24 must be given: actual survey data from the point of curvature to
25 the point of tangency shall be shown as standard curve data, or as
26 a traverse of bearings and distances around the curve. If standard
27 curve data is used the bearing and distance of the long chord (from
28 point of curvature to point of tangency) must be shown on the plat.

29 (5) Where a subdivision of land is set out on the plat, all streets and
30 lots shall be accurately plotted with dimension lines indicating
31 widths and all other information pertinent to reestablishing all lines
32 in the field. This shall include bearings and distances sufficient to
33 form a continuous closure of the entire perimeter.

34 (6) Where control corners have been established in compliance with
35 G.S. 39-32.1, 39-32.2, 39-32.3, and 39-32.4, as amended, the
36 location and pertinent information as required in the reference
37 statute shall be plotted on the plat. All other corners which are
38 marked by monument or natural object shall be so identified on all
39 plats, and where practical all corners of adjacent owners along the
40 boundary lines of the subject tract which are marked by monument
41 or natural object shall be shown.

42 (7) The names of adjacent landowners, or lot, block, parcel,
43 subdivision designations or other legal reference where applicable,
44 shall be shown where they could be determined by the surveyor.

- 1 (8) All visible and apparent rights-of-way, watercourses, utilities,
2 roadways, and other such improvements shall be accurately located
3 where crossing or forming any boundary line of the property
4 shown.
- 5 (9) Where the plat is the result of a survey, one or more corners shall,
6 by a system of azimuths or courses and distances, be accurately
7 tied to and coordinated with a horizontal control monument of
8 some United States or State Agency survey system, such as the
9 North Carolina Geodetic Survey where ~~such~~ the monument is
10 within 2,000 feet of the subject property. Where the North
11 Carolina Grid System coordinates of said monument are on file in
12 the North Carolina Department of Environment, Health, and
13 Natural Resources, the coordinates of both the referenced corner
14 and the monuments used shall be shown in X (easting) and Y
15 (northing) coordinates on the plat. The coordinates shall be
16 identified as based on 'NAD 83,' indicating North American
17 Datum of 1983, or as 'NAD 27,' indicating North American Datum

22 within the subdivision may be used in lieu of additional ties to grid
23 control. Within a previously recorded subdivision that has not
24 been tied to grid control, if horizontal control monuments are
25 available within 2,000 feet, the above requirements shall be met;
26 but in the interest of bearing consistency with previously recorded
27 plats, existing bearing control should be used where practical. In
28 the absence of Grid Control, other appropriate natural monuments
29 or landmarks shall be used. In all cases, the tie lines shall be
30 sufficient to accurately reproduce the subject lands from the
31 control or reference points used.
- 32 (10) A vicinity map (location map) shall appear on the plat.
- 33 (11) Notwithstanding any other provision contained in this section, it is
34 the duty of the surveyor, by a certificate on the face of the plat, to
35 certify to one of the following:

37 of a county or municipality that has an ordinance that
38 regulates parcels of land;

40 municipality that is unregulated as to an ordinance that
41 regulates parcels of land;
- 42 c. That the survey is of an existing parcel or parcels of land;

1 d. That the survey is of another category, such as the
2 recombination of existing parcels, a court-ordered survey, or

4 e. That the information available to the surveyor is such that
5 the surveyor is unable to make a determination to the best
6 of ~~his or her~~ the surveyor's professional ability as to
7 provisions contained in (a) through (d) above.

8 However, if the plat contains the certificate of a surveyor as stated
9 in a., d., or e. above, then the plat shall have, in addition to said
10 surveyor's certificate, a certification of approval, or no approval
11 required, as may be required by local ordinance from the
12 appropriate government authority before the plat is presented for
13 recordation. If the plat contains the certificate of a surveyor as
14 stated in b. or c. above, nothing shall prevent the recordation of
15 the plat if all other provisions have been met.

16 (g) Recording of Plat. ~~For purposes of recording, the register of deeds shall not~~
17 ~~be responsible for.~~ In certifying a plat for recording pursuant to G.S. 47-30.2, the

27 ~~herein for deeds and other conveyances, when and~~ presented for recording, shall be
28 recorded in the plat book or plat file and when so recorded shall be duly indexed.
29 Reference in any instrument hereafter executed to the record of any plat herein
30 authorized shall have the same effect as if the description of the lands as indicated on
31 the record of the plat were set out in the instrument.

32 (h) Nothing in this section shall be deemed to prevent the filing of any plat
33 prepared by a registered land surveyor but not recorded prior to the death of the
34 registered land surveyor. However, it is the responsibility of the person presenting
35 the map to the Review Officer pursuant to G.S. 47-30.2 to prove that the plat was so
36 prepared. For preservation these plats may be filed without signature, notary
37 acknowledgement or probate, in a special plat file.

38 (i) Nothing in this section shall be deemed to invalidate any instrument or the title
39 thereby conveyed making reference to any recorded plat.

3 (l) The provisions of this section shall not apply to the registration of highway
4 right-of-way plans provided for in G.S. 136-19.4 nor to registration of roadway
5 corridor official maps provided in Article 2E of Chapter 136.

6 (m) Except as provided in subsection (n), any map submitted for inclusion on the
7 public record, whether submitted alone or attached to a deed or other instrument,
8 shall be prepared by a registered land surveyor. Such a map shall either (i) have an
9 original personal signature and original seal as approved by the North Carolina State
10 Board of Registration for Professional Engineers and Land Surveyors or (ii) be a copy
11 of a map, already on file in the public record, that is certified by the custodian of the
12 public record to be a true and accurate copy of a map bearing an original personal
13 signature and original seal. The presence of the original personal signature and seal
14 shall constitute a certification that the map conforms to the standards of practice for
15 land surveying in North Carolina, as defined in the rules of the North Carolina State
16 Board of Registration for Professional Engineers and Land Surveyors.

17 (n) A map that does not meet the requirements of subsection (m) of this section
18 may be attached to a deed or other instrument submitted for inclusion in the public

8 reasonably be expected to carry out those procedures safely and
9 properly.

10 "§ 90-524. Expenses and fees.

11 (a) All salaries, compensation, and expenses incurred or

15 to practice as an athletic trainer in North Carolina or deny any
16 application for licensure if the Board determines that the
17 applicant or licensee has committed any of the above acts or is
18 no longer qualified to practice as an athletic trainer. The

5 new Article to read:

6 "ARTICLE 33.

7 "Athletic Trainers.

8 "§ 90-512. Title; purpose.

9 (a) This Article may be cited as the 'Athletic Trainers Licensing Act'.

10 (b) The practice of athletic trainer services affects the public health, safety, and
11 welfare. Licensure of the practice of athletic trainer services is necessary to ensure
12 minimum standards of competency and to provide the public with safe athletic
13 trainer services. It is the purpose of this Article to provide for the regulation of
14 persons offering athletic trainer services.

15 "§ 90-513. Definitions.

16 The following definitions apply in this Article:

17 (1) Athletic trainer. -- A person who, under a written protocol with a
18 physician licensed under Article 1 of Chapter 90 of the General
19 Statutes and filed with the North Carolina Medical Board, carries
20 out the practice of care, prevention, and rehabilitation of injuries
21 incurred by athletes, and who, in carrying out these functions, may
22 use physical modalities, including heat, light, sound, cold,

1 electricity, or mechanical devices related to rehabilitation and
2 treatment.

3 (2) Board. -- The North Carolina Board of Athletic Trainer
4 Examiners as created by G.S. 90-514.

5 (3) License. -- A certificate that evidences approval by the Board that
6 a person has successfully completed the requirements set forth in
7 G.S. 90-518 entitling the person to perform the functions and
8 duties of an athletic trainer.

9 **"§ 90-514. Board of Examiners created.**

10 (a) The North Carolina Board of Athletic Trainer Examiners is created.

11 (b) Composition and Terms. -- The Board shall consist of seven members who
12 shall serve staggered terms. Four members shall be athletic trainers certified by the

14 shall be a licensed orthopedic surgeon, one member shall be a licensed family
15 practice physician or pediatrician, and one member shall represent the public at

17 The initial Board members shall be selected on or before August 1, 1997, as
18 follows:

19 (1) The General Assembly, upon the recommendation of the President
20 Pro Tempore of the Senate, shall appoint two certified athletic
21 trainers and an orthopedic surgeon. The certified athletic trainers
22 shall serve for terms of three years, and the orthopedic surgeon
23 shall serve for a term of one year.

24 (2) The General Assembly, upon the recommendation of the Speaker
25 of the House of Representatives, shall appoint two certified athletic
26 trainers and a family practice physician or pediatrician. The
27 certified athletic trainers and the family practice physician or
28 pediatrician shall serve for terms of two years.

29 (3) The Governor shall appoint for a three-year term a public member
30 to the Board.

31 Upon the expiration of the terms of the initial Board members, each member shall
32 be appointed for a term of three years and shall serve until a successor is appointed.
33 No member may serve more than two consecutive full terms.

34 (c) Qualifications. -- The athletic trainer members shall hold current licenses and
35 shall reside or be employed in North Carolina. They shall have at least five years'
36 experience as athletic trainers, including the three years immediately preceding
37 appointment to the Board, and shall remain in active practice and in good standing

40 and, upon appointment, shall immediately apply for a license.

41 (d) Vacancies. -- A vacancy shall be filled in the same manner as the original
42 appointment, except that all unexpired terms of Board members appointed by the
43 General Assembly shall be filled in accordance with G.S. 120-122 and shall be filled
44 within 45 days after the vacancy occurs. Appointees to fill vacancies shall serve the

1 remainder of the unexpired term and until their successors have been duly appointed
2 and qualified.

3 (e) Removal. -- The Board may remove any of its members for neglect of duty,
4 incompetence, or unprofessional conduct. A member subject to disciplinary
5 proceedings as a licensee shall be disqualified from participating in the official
6 business of the Board until the charges have been resolved.

7 (f) Compensation. -- Each member of the Board shall receive per diem and
8 reimbursement for travel and subsistence as provided in G.S. 93B-5.

9 (g) Officers. -- The officers of the Board shall be a chair, who shall be a licensed

40 action.
- 41 (10) Develop standards and adopt rules for the improvement of athletic
42 training services in the State.
- 43 (11) Adopt a seal containing the name of the Board for use on all
44 licenses and official reports issued by it.

1 **"§ 90-516. Custody and use of funds; contributions.**

2 (a) All fees payable to the Board shall be deposited in the name of the Board in
3 financial institutions designated by the Board as official depositories and shall be used
4 to pay all expenses incurred in carrying out the purposes of this Article.

5 (b) The Board may accept grants, contributions, bequests, and gifts that shall be
6 kept in a separate fund and shall be used by it to enhance the practice of athletic
7 trainers.

8 **"§ 90-517. Requirements of license; exemption from license.**

9 (a) On or after January 1, 1998, no person shall practice or offer to practice as an

12 currently licensed as provided by this Article.

13 (b) The provisions of this Article do not apply to:

24 corporation, or educational institution at an event held in this
25 State.

26 **"§ 90-518. Application for license; qualifications; issuance.**

27 (a) An applicant for a license under this Article shall make a written application
28 to the Board on a form approved by the Board and shall submit to the Board an
29 application fee along with evidence that demonstrates good moral character and
30 graduation from an accredited four-year college or university in a course of study
31 approved by the Board.

32 (b) The applicant shall also pass the examination administered by the National
33 Athletic Trainers' Association Board of Certification, Inc.

34 (c) When the Board determines that an applicant has met all the qualifications for
35 licensure and has submitted the required fee, the Board shall issue a license to the
36 applicant. A license is valid for a period of one year from the date of issuance and
37 may be renewed subject to the requirements of this Article.

38 **"§ 90-519. Athletic trainers previously certified.**

39 The Board shall issue a license to practice as an athletic trainer to a person who
40 applies to the Board on or before August 1, 1998, and furnishes to the Board on a
41 form approved by the Board proof of good moral character, graduation from an

43 and a current certificate from the National Athletic Trainers' Association Board of
44 Certification, Inc.

1 **"§ 90-520. Athletic trainers not certified.**

2 (a) A person who has been actively engaged as an athletic trainer since August 1,

11 An application made pursuant to this section shall be filed with the Board on or
12 before August 1, 1998.

13 (b) A person is 'actively engaged' as an athletic trainer if the person is a salaried
14 employee of, or has contracted with, an educational institution, an industry, a
15 hospital, a rehabilitation clinic or a professional athletic organization or another bona
16 fide athletic organization and the person performs the duties of an athletic trainer.

17 **"§ 90-521. Reciprocity with other states.**

18 A license may be issued to a qualified applicant holding an athletic trainer license
19 in another state if that state recognizes the license of this State in the same manner.

20 **"§ 90-522. License renewal.**

21 Every license issued under this Article shall be renewed during the month of
22 January. On or before the date the current license expires, any person who desires to
23 continue practice shall apply for a license renewal and shall submit the required fee.
24 Licenses that are not renewed shall automatically lapse. In accordance with rules
25 adopted by the Board, a license that has lapsed may be reissued within five years

PROGRAM(S) AFFECTED: Department of Transportation - Division of Motor Vehicles

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: This bill authorizes the Division of Motor Vehicles (DMV) to issue a special registration plate to Friends of the Great Smoky Mountains National Park if at least 300 applications for such plate are received.

ASSUMPTIONS AND METHODOLOGY:

This fiscal note assumes the issuance of the minimum 300 license plates in FY 1997-98 and renewal of those plates in the following years. There is a one-time cost of \$100 to design the new plate and a one-time production cost of \$2.45 per plate. For 300 plates, the total production cost is \$735.00 and is paid from the Special Registration Plate Account. In addition to the normal \$20 registration fee every license holder pays, there is a \$30 annual fee for each Smoky Mountain

plate. \$10 of this additional fee is deposited into the Special Registration Plate Account and \$20 of the fee is deposited into the Collegiate and Cultural Attraction Plate Account as a credit to the Friends of the Great Smoky Mountains National Park. It is assumed that applicants for this plate already register their vehicle in the state and are paying the current \$20 registration fee, thus no new revenue for the Highway Fund.

**PRINCIPAL DEPARTMENT(S) &
PROGRAM(S) AFFECTED:** State Board of Cosmetic Art Examiners

EFFECTIVE DATE: The act becomes effective July 1, 1997.

BILL SUMMARY: The bill rewrites Chapter 18 of the General Statutes dealing with Cosmetic Art. Of fiscal importance, required fees in 88B-20 were amended to (1) create a new exam and license fee for an Esthetician, (2) establish a charge for a duplicate license, (3) expand late fees to apprentice, esthetician, manicurist, teacher and cosmetic art schools, and (4) expand reinstatement fee to cosmetic art schools.

ASSUMPTIONS AND METHODOLOGY: The new license created by this act is for Estheticians or skin care specialists. SB 916 sets an exam fee of \$20 and an annual license fee of \$10. The Executive Secretary of the State Board of Cosmetic Art Examiners estimates that 500

persons will apply for the Esthetician exam in FY 1997-98. The Executive Secretary projects that 250 will apply in both 1998 and 1999, then the number will drop to 200 in each of the next two years. He sees much demand for this license because it requires fewer hours (600 versus 1200) than a cosmetologist.

Another new fee is \$1 for a duplicate license. This fiscal year, the Board has produced 518 duplicate licenses from July 1996 to May 1997. This fiscal note assumes that 500 duplicate licenses will be produced each year.

Cosmetologists pay a \$10 fee for late renewal of licenses. The Board reports that 20% of cosmetologists pay a late fee each year. This bill expands the late fee to apprentices, estheticians, manicurists, and teachers. If you apply the 20% rate to the 5,000 persons in these four groups, then the Board can expect 1,000 persons to pay a late fee each year.

Another group currently paying a late fee is cosmetic art shops. The late fee is \$10 and the reinstatement fee for being 30 days late is \$25. The Board reports that 27% of the shops are always 30 days late in renewing their licenses. This act expands the late and reinstatement fees to cosmetic art schools. The Board projects that 25 of the 115 schools will be late with payments each year and will pay \$35 each.

1 If the Board finds that a person who does not have a license issued under this
2 Article claims to be an athletic trainer or is engaging in practice as an athletic trainer
3 in violation of this Article, the Board may apply in its own name to the Superior

6 regardless of whether criminal prosecution or other action has been or may be
7 instituted as a result of a violation.

8 **"§ 90-528. Penalties.**

9 A person who does not have a license issued under this Article who either claims
10 to be an athletic trainer or engages in practice as an athletic trainer in violation of
11 this Article is guilty of a Class 1 misdemeanor. Each act of unlawful practice
12 constitutes a distinct and separate offense.

14 A person who has reasonable cause to suspect misconduct or incapacity of a
15 licensee, or who has reasonable cause to suspect that a person is in violation of this
16 Article, shall report the relevant facts to the Board. Upon receipt of a charge, or
17 upon its own initiative, the Board may give notice of an administrative hearing or
18 may, after diligent investigation, dismiss unfounded charges. A person who, in good
19 faith, makes a report pursuant to this section shall be immune from any criminal
20 prosecution or civil liability resulting therefrom.

22 Nothing in this Article shall be construed to require direct third-party
23 reimbursement to persons licensed under this Article."

29 (2) The appropriateness of the imposition of a civil penalty when
30 considered alone or in combination with other punishment.
31 (3) Whether the violation was willful and malicious.
32 (4) Any other factors that would tend to mitigate or aggravate the
33 violations found to exist.

34 (c) Schedule of Civil Penalties. -- The Board shall establish a schedule of civil

18 renewal shall pay the annual fee provided in G.S. 88B-20, as enacted by Section 2 of

1 A BILL TO BE ENTITLED
2 AN ACT TO IMPROVE THE PROCEDURES FOR RECORDING MAPS AND
3 PLATS, TO REVISE THE LAW GOVERNING THE DISPOSITION OF
4 CERTAIN BIRTH AND DEATH CERTIFICATES, AND TO ESTABLISH A
5 STUDY OF LAND TITLE REGISTRATION PROCEDURES.

6 The General Assembly of North Carolina enacts:

7 Section 1. G.S. 39-32.3 reads as rewritten:

8 "**§ 39-32.3. Recordation of plat showing control corners.**

9 Upon designating a control corner and affixing a permanent marker, said person,
10 firm or corporation shall cause to be filed in the office of the register of deeds of the
11 county in which the real estate development is located a map or plat showing the
12 location of the control corner or corners and permanent marker or markers with
13 adequate and sufficient description to enable a surveyor to locate such control corner
14 or marker. ~~The register of deeds shall not accept for registration or record any map
15 or plat of a real estate subdivision or development made after July 1, 1947, unless the
16 location of such control corner or corners is shown thereon. No map or plat of a real
17 estate subdivision or development made after July 1, 1947, shall be certified for
18 recording pursuant to G.S 47-30.2 unless the location of control corners is shown
19 thereon.~~"

20 Section 2. G.S. 47-30 reads as rewritten:

21 "**§ 47-30. Plats and subdivisions; mapping requirements.**

1 (a) Size Requirements. -- All land plats presented to the register of deeds for
2 recording in the registry of a county in North Carolina after September 30, 1991,
3 having an outside marginal size of either 18 inches by 24 inches, 21 inches by 30
4 inches, or 24 inches by 36 inches, and having a minimum one and one-half inch
5 border on the left side and a minimum one-half inch border on the other sides shall
6 be deemed to meet the size requirements for recording under this section. Where
7 size of land areas, or suitable scale to assure legibility require, plats may be placed on
8 two or more sheets with appropriate match lines. Counties may specify either:

- 9 (1) Only 18 inches by 24 inches;
- 10 (2) A combination of 18 inches by 24 inches and 21 inches by 30
11 inches;
- 12 (3) A combination of 18 inches by 24 inches and 24 inches by 36
13 inches; or
- 14 (4) A combination of all three sizes.

15 Provided, that all registers of deeds where specific sizes other than the combination of
16 all three sizes have been specified, shall be required to submit said size specifications
17 to the North Carolina Association of Registers of Deeds for inclusion on a master list
18 of all such counties. The list shall be available in each register of deeds office by
19 October 1, 1991. For purposes of this section, the terms 'plat' and 'map' are
20 synonymous.

21 (b) Plats to Be Reproducible. -- Each plat presented for recording shall be a
22 reproducible plat, either original ink on polyester film (mylar), or a reproduced
23 drawing, transparent and archival (as defined by the American National Standards
24 Institute), and submitted in this form. The recorded plat must be such that the public
25 may obtain legible copies. A direct or photographic copy of each recorded plat shall
26 be placed in the plat book or plat file maintained for that purpose and properly
27 indexed for use. In those counties in which the register has made a security copy of
28 the plat from which legible copies can be made, the original may be returned to the
29 person indicated on the plat.

30 (c) Information Contained in Title of Plat. -- The title of each plat shall contain
31 the following information: property designation, name of owner (the name of owner
32 shall be shown for indexing purposes only and is not to be construed as title
33 certification), location to include township, county and state, the date or dates the
34 survey was made; scale or scale ratio in words or figures and bar graph; name and
35 address of surveyor or firm preparing the plat.

36 (d) Certificate; Form. -- There shall appear on each plat a certificate by the
37 person under whose supervision ~~such~~ the survey or ~~such~~ plat was made, stating the
38 origin of the information shown on the plat, including recorded deed and plat
39 references shown thereon. The ratio of precision before any adjustments must be
40 shown. Any lines on the plat that were not actually surveyed must be clearly
41 indicated and a statement included revealing the source of information. ~~The~~
42 ~~execution of such certificate shall be acknowledged before any officer authorized to~~
43 ~~take acknowledgments by the registered land surveyor preparing the plat. All plats to~~
44 ~~be recorded shall be probated as required by law for the registration of deeds.~~ Where

1 a plat consists of more than one sheet, only one sheet must contain the certification
2 and all other sheets must be signed and sealed.

3 The certificate required above shall include the source of information for the
4 survey and data indicating the ratio of precision of the survey before adjustments and
5 shall be in substantially the following form:

6 'I,, certify that this plat was drawn under my supervision from an
7 actual survey made under my supervision (deed description recorded in Book,
8 page, etc.) (other); that the boundaries not surveyed are clearly indicated as
9 drawn from information found in Book, page,; that the ratio of precision
10 as calculated is 1:.....; that this plat was prepared in accordance with G.S. 47-30 as
11 amended. Witness my original signature, registration number and seal this day

32 Nothing in this requirement shall prevent the recording of a map that was
33 prepared in accordance with a previous version of G.S. 47-30 as amended, properly
34 signed, and notarized under the statutes applicable at the time of the signing of the
35 map. However, it shall be the responsibility of the person presenting the map to
36 prove that the map was so prepared.

37 (e) Method of Computation. -- An accurate method of computation shall be used
38 to determine the acreage and ratio of precision shown on the plat. Area by
39 estimation is not acceptable nor is area by planimeter, area by scale, or area copied
40 from another source, except in the case of tracts containing inaccessible sections or
41 areas. In such case the surveyor may make use of aerial photographs or other
42 appropriate aids to determine the acreage of such any inaccessible areas when such
43 the areas are bounded by natural and visible monuments. In such case the methods

1 used must be stated on the plat and all accessible areas of the tract shall remain
2 subject to all applicable standards of this section.

3 (f) Plat to Contain Specific Information. -- Every plat shall contain the following
4 specific information:

5 (1) An accurately positioned north arrow coordinated with any
6 bearings shown on the plat. Indication shall be made as to
7 whether the north index is true, magnetic, North Carolina grid
8 ('NAD 83' or 'NAD 27'), or is referenced to old deed or plat
9 bearings. If the north index is magnetic or referenced to old deed
10 or plat bearings, the date and the source (if known) ~~such~~ the index
11 was originally determined shall be clearly indicated.

12 (2) The azimuth or course and distance of every property line
13 surveyed shall be shown. Distances shall be in feet or meters and
14 decimals thereof. The number of decimal places shall be
15 appropriate to the class of survey required.

16 (3) All plat distances shall be by horizontal or grid measurements. All
17 lines shown on the plat shall be correctly plotted to the scale
18 shown. Enlargement of portions of a plat are acceptable in the
19 interest of clarity, where shown as inserts. Where the North
20 Carolina grid system is used the grid factor shall be shown on the
21 face of the plat. If grid distances are used, it must be shown on the
22 plat.

23 (4) Where a boundary is formed by a curved line, the following data
24 must be given: actual survey data from the point of curvature to
25 the point of tangency shall be shown as standard curve data, or as
26 a traverse of bearings and distances around the curve. If standard
27 curve data is used the bearing and distance of the long chord (from
28 point of curvature to point of tangency) must be shown on the plat.

29 (5) Where a subdivision of land is set out on the plat, all streets and
30 lots shall be accurately plotted with dimension lines indicating
31 widths and all other information pertinent to reestablishing all lines
32 in the field. This shall include bearings and distances sufficient to
33 form a continuous closure of the entire perimeter.

34 (6) Where control corners have been established in compliance with
35 G.S. 39-32.1, 39-32.2, 39-32.3, and 39-32.4, as amended, the
36 location and pertinent information as required in the reference
37 statute shall be plotted on the plat. All other corners which are
38 marked by monument or natural object shall be so identified on all
39 plats, and where practical all corners of adjacent owners along the
40 boundary lines of the subject tract which are marked by monument
41 or natural object shall be shown.

42 (7) The names of adjacent landowners, or lot, block, parcel,
43 subdivision designations or other legal reference where applicable,
44 shall be shown where they could be determined by the surveyor.

- 1 (8) All visible and apparent rights-of-way, watercourses, utilities,
2 roadways, and other such improvements shall be accurately located
3 where crossing or forming any boundary line of the property
4 shown.
- 5 (9) Where the plat is the result of a survey, one or more corners shall,
6 by a system of azimuths or courses and distances, be accurately
7 tied to and coordinated with a horizontal control monument of
8 some United States or State Agency survey system, such as the
9 North Carolina Geodetic Survey where ~~such~~ the monument is
10 within 2,000 feet of the subject property. Where the North
11 Carolina Grid System coordinates of said monument are on file in
12 the North Carolina Department of Environment, Health, and
13 Natural Resources, the coordinates of both the referenced corner
14 and the monuments used shall be shown in X (easting) and Y
15 (northing) coordinates on the plat. The coordinates shall be
16 identified as based on 'NAD 83,' indicating North American
17 Datum of 1983, or as 'NAD 27,' indicating North American Datum
18 of 1927. The tie lines to the monuments shall also be sufficient to
19 establish true north or grid north bearings for the plat if the
20 monuments exist in pairs. Within a previously recorded
21 subdivision that has been tied to grid control, control monuments
22 within the subdivision may be used in lieu of additional ties to grid
23 control. Within a previously recorded subdivision that has not
24 been tied to grid control, if horizontal control monuments are
25 available within 2,000 feet, the above requirements shall be met;
26 but in the interest of bearing consistency with previously recorded
27 plats, existing bearing control should be used where practical. In
28 the absence of Grid Control, other appropriate natural monuments
29 or landmarks shall be used. In all cases, the tie lines shall be
30 sufficient to accurately reproduce the subject lands from the
31 control or reference points used.
- 32 (10) A vicinity map (location map) shall appear on the plat.
- 33 (11) Notwithstanding any other provision contained in this section, it is
34 the duty of the surveyor, by a certificate on the face of the plat, to
35 certify to one of the following:
- 36 a. That the survey creates a subdivision of land within the area
37 of a county or municipality that has an ordinance that
38 regulates parcels of land;
- 39 b. That the survey is located in ~~such~~ a portion of a county or
40 municipality that is unregulated as to an ordinance that
41 regulates parcels of land;
- 42 c. That the survey is of an existing parcel or parcels of land;

- 1 d. That the survey is of another category, such as the
2 recombination of existing parcels, a court-ordered survey, or
3 other exception to the definition of subdivision;
4 e. That the information available to the surveyor is such that
5 the surveyor is unable to make a determination to the best
6 of ~~his or her~~ the surveyor's professional ability as to
7 provisions contained in (a) through (d) above.

8 However, if the plat contains the certificate of a surveyor as stated
9 in a., d., or e. above, then the plat shall have, in addition to said
10 surveyor's certificate, a certification of approval, or no approval
11 required, as may be required by local ordinance from the
12 appropriate government authority before the plat is presented for
13 recordation. If the plat contains the certificate of a surveyor as
14 stated in b. or c. above, nothing shall prevent the recordation of
15 the plat if all other provisions have been met.

16 (g) Recording of Plat. ~~--For purposes of recording, the register of deeds shall not~~
17 ~~be responsible for.~~ In certifying a plat for recording pursuant to G.S. 47-30.2, the
18 Review Officer shall not be responsible for reviewing or certifying as to the following
19 requirements of this section:

- 20 (1) ~~The provisions of subsection (b);~~ Subsection (b) of this section as
21 to archival;
22 (2) ~~The provisions of subsection (d), except for the notary certificate;~~
23 (3) ~~The provisions of subsection (e);~~ Subsection (e) of this section; or
24 (4) ~~The provisions of subdivisions (2) through (9) of subsection (f).~~
25 Subdivisions (1) through (10) of subsection (f) of this section.

26 A plat, when certified pursuant to G.S. 47-30.2 ~~proven and probated as provided~~
27 ~~herein for deeds and other conveyances, when and~~ presented for recording, shall be
28 recorded in the plat book or plat file and when so recorded shall be duly indexed.
29 Reference in any instrument hereafter executed to the record of any plat herein
30 authorized shall have the same effect as if the description of the lands as indicated on
31 the record of the plat were set out in the instrument.

32 (h) Nothing in this section shall be deemed to prevent the filing of any plat
33 prepared by a registered land surveyor but not recorded prior to the death of the
34 registered land surveyor. However, it is the responsibility of the person presenting
35 the map to the Review Officer pursuant to G.S. 47-30.2 to prove that the plat was so
36 prepared. For preservation these plats may be filed without signature, notary
37 acknowledgement or probate, in a special plat file.

38 (i) Nothing in this section shall be deemed to invalidate any instrument or the title
39 thereby conveyed making reference to any recorded plat.

40 (j) The provisions of this section shall not apply to boundary plats of areas
41 annexed by municipalities nor to plats of municipal boundaries, whether or not
42 required by law to be recorded.

43 (k) The provisions of this section shall apply to all counties in North Carolina.
44 ~~Where local law is in conflict with this section, the provisions in this section shall~~

1 ~~apply. Failure of a plat to conform in all requirements of this statute shall be~~
 2 ~~sufficient grounds for the register of deeds to refuse to accept the plat for recordation.~~

3 (l) The provisions of this section shall not apply to the registration of highway
 4 right-of-way plans provided for in G.S. 136-19.4 nor to registration of roadway
 5 corridor official maps provided in Article 2E of Chapter 136.

6 (m) Except as provided in subsection (n), any map submitted for inclusion on the
 7 public record, whether submitted alone or attached to a deed or other instrument,
 8 shall be prepared by a registered land surveyor. Such a map shall either (i) have an
 9 original personal signature and original seal as approved by the North Carolina State
 10 Board of Registration for Professional Engineers and Land Surveyors or (ii) be a copy
 11 of a map, already on file in the public record, that is certified by the custodian of the
 12 public record to be a true and accurate copy of a map bearing an original personal
 13 signature and original seal. The presence of the original personal signature and seal
 14 shall constitute a certification that the map conforms to the standards of practice for
 15 land surveying in North Carolina, as defined in the rules of the North Carolina State
 16 Board of Registration for Professional Engineers and Land Surveyors.

17 (n) A map that does not meet the requirements of subsection (m) of this section
 18 may be attached to a deed or other instrument submitted for inclusion in the public
 19 record only for illustrative purposes and only if the map is conspicuously labelled,
 20 'THIS MAP IS NOT A CERTIFIED SURVEY AND NO RELIANCE MAY BE
 21 PLACED IN ITS ACCURACY.'

22 Section 3. Article 2 of Chapter 47 of the General Statutes is amended by
 23 adding a new section to read:

24 "§ 47-30.2. Review Officer.

25 (a) The board of commissioners of each county shall, by resolution, designate by
 26 name a person experienced in mapping or land records management as Review
 27 Officer to review each map and plat before it is presented to the register of deeds for
 28 recording. The person designated Review Officer shall, if possible, be certified as a
 29 property mapper pursuant to G.S. 147-54.4. The resolution designating the Review
 30 Officer shall be recorded in the county registry and indexed on the grantor index in
 31 the name of the Review Officer.

32 (b) The Review Officer shall review each map or plat before it is presented to the
 33 register of deeds for recording and certify that it complies with all statutory
 34 requirements for recording. The certification shall be in substantially the following
 35 form:

36

37 State of North Carolina

38 County of

39

40 I, Review Officer of County, certify that the map or plat to which
 41 this certification is affixed meets all statutory
 42 requirements for recording.

2 (c) The register of deeds shall not accept for recording any map or plat that does
3 not have affixed a certification as provided in subsection (b) of this section."

4 Section 4. G.S. 136-102.6(d) reads as rewritten:

5 "(d) The right-of-way and construction plans for such public streets in residential
6 subdivisions, including plans for street drainage, shall be submitted to the Division of
7 Highways for review and approval, prior to the recording of the subdivision plat in
8 the office of the register of deeds. The plat or map required by this section shall not

10 and, if determined to be necessary by the Review Officer, a certificate of approval by
11 the Division of Highways of the plans for the public street as being in accordance
12 with the minimum standards of the Board of Transportation for acceptance of the
13 subdivision street on the State highway system for maintenance. The Review Officer
14 shall not certify a map or plat subject to this section unless the new streets or changes
15 in existing streets are designated either public or private. The certificate of approval
16 shall not be deemed an acceptance of the dedication of ~~such~~ the streets on the
17 subdivision plat or map. Final acceptance by the Division of Highways of ~~such~~ the
18 public streets and placing them on the State highway system for maintenance shall be
19 conclusive proof that the streets have been constructed according to the minimum
20 standards of the Board of Transportation."

21 Section 5. G.S. 153A-321 reads as rewritten:

6 **to plat recordation; statement by owner.**

7 A subdivision ordinance adopted pursuant to this Part shall contain provisions
8 setting forth the procedures to be followed in granting or denying approval of a

23 agency, or
- 24 (3) A designated planning agency.

25 From the effective date of time that a subdivision ordinance that is adopted by the
26 county, filed with the register of deeds of the county, no subdivision plat of land
27 within the county's jurisdiction may be filed or recorded until it has been submitted
28 to and approved by the appropriate board or agency, as specified in the subdivision
29 ordinance, and until this approval is entered in writing on the face of the plat by an

1 A BILL TO BE ENTITLED
2 AN ACT TO IMPROVE THE PROCEDURES FOR RECORDING MAPS AND
3 PLATS, TO REVISE THE LAW GOVERNING THE DISPOSITION OF
4 CERTAIN BIRTH AND DEATH CERTIFICATES, AND TO ESTABLISH A
5 STUDY OF LAND TITLE REGISTRATION PROCEDURES.

6 The General Assembly of North Carolina enacts:

7 Section 1. G.S. 39-32.3 reads as rewritten:

8 "**§ 39-32.3. Recordation of plat showing control corners.**

9 Upon designating a control corner and affixing a permanent marker, said person,
10 firm or corporation shall cause to be filed in the office of the register of deeds of the
11 county in which the real estate development is located a map or plat showing the
12 location of the control corner or corners and permanent marker or markers with
13 adequate and sufficient description to enable a surveyor to locate such control corner
14 or marker. ~~The register of deeds shall not accept for registration or record any map~~
15 ~~or plat of a real estate subdivision or development made after July 1, 1947, unless the~~
16 ~~location of such control corner or corners is shown thereon.~~ No map or plat of a real
17 estate subdivision or development made after July 1, 1947, shall be certified for
18 recording pursuant to G.S 47-30.2 unless the location of control corners is shown
19 thereon."

20 Section 2. G.S. 47-30 reads as rewritten:

21 "**§ 47-30. Plats and subdivisions; mapping requirements.**

1 (a) Size Requirements. -- All land plats presented to the register of deeds for
2 recording in the registry of a county in North Carolina after September 30, 1991,
3 having an outside marginal size of either 18 inches by 24 inches, 21 inches by 30
4 inches, or 24 inches by 36 inches, and having a minimum one and one-half inch
5 border on the left side and a minimum one-half inch border on the other sides shall
6 be deemed to meet the size requirements for recording under this section. Where
7 size of land areas, or suitable scale to assure legibility require, plats may be placed on
8 two or more sheets with appropriate match lines. Counties may specify either:

- 9 (1) Only 18 inches by 24 inches;
10 (2) A combination of 18 inches by 24 inches and 21 inches by 30
11 inches;
12 (3) A combination of 18 inches by 24 inches and 24 inches by 36
13 inches; or
14 (4) A combination of all three sizes.

15 Provided, that all registers of deeds where specific sizes other than the combination of
16 all three sizes have been specified, shall be required to submit said size specifications
17 to the North Carolina Association of Registers of Deeds for inclusion on a master list
18 of all such counties. The list shall be available in each register of deeds office by
19 October 1, 1991. For purposes of this section, the terms 'plat' and 'map' are
20 synonymous.

21 (b) Plats to Be Reproducible. -- Each plat presented for recording shall be a
22 reproducible plat, either original ink on polyester film (mylar), or a reproduced
23 drawing, transparent and archival (as defined by the American National Standards
24 Institute), and submitted in this form. The recorded plat must be such that the public
25 may obtain legible copies. A direct or photographic copy of each recorded plat shall
26 be placed in the plat book or plat file maintained for that purpose and properly
27 indexed for use. In those counties in which the register has made a security copy of
28 the plat from which legible copies can be made, the original may be returned to the
29 person indicated on the plat.

30 (c) Information Contained in Title of Plat. -- The title of each plat shall contain
31 the following information: property designation, name of owner (the name of owner
32 shall be shown for indexing purposes only and is not to be construed as title
33 certification), location to include township, county and state, the date or dates the
34 survey was made; scale or scale ratio in words or figures and bar graph; name and
35 address of surveyor or firm preparing the plat.

36 (d) Certificate; Form. -- There shall appear on each plat a certificate by the
37 person under whose supervision ~~such~~ the survey or ~~such~~ plat was made, stating the
38 origin of the information shown on the plat, including recorded deed and plat
39 references shown thereon. The ratio of precision before any adjustments must be
40 shown. Any lines on the plat that were not actually surveyed must be clearly
41 indicated and a statement included revealing the source of information. ~~The~~
42 ~~execution of such certificate shall be acknowledged before any officer authorized to~~
43 ~~take acknowledgments by the registered land surveyor preparing the plat. All plats to~~
44 ~~be recorded shall be probated as required by law for the registration of deeds. Where~~

1 a plat consists of more than one sheet, only one sheet must contain the certification
2 and all other sheets must be signed and sealed.

3 The certificate required above shall include the source of information for the
4 survey and data indicating the ratio of precision of the survey before adjustments and
5 shall be in substantially the following form:

6 'I,, certify that this plat was drawn under my supervision from an
7 actual survey made under my supervision (deed description recorded in Book,
8 page, etc.) (other); that the boundaries not surveyed are clearly indicated as
9 drawn from information found in Book, page; that the ratio of precision
10 as calculated is 1:; that this plat was prepared in accordance with G.S. 47-30 as

32 Nothing in this requirement shall prevent the recording of a map that was
33 prepared in accordance with a previous version of G.S. 47-30 as amended, properly
34 signed, and notarized under the statutes applicable at the time of the signing of the
35 map. However, it shall be the responsibility of the person presenting the map to
36 prove that the map was so prepared.

37 (e) Method of Computation. -- An accurate method of computation shall be used
38 to determine the acreage and ratio of precision shown on the plat. Area by
39 estimation is not acceptable nor is area by planimeter, area by scale, or area copied
40 from another source, except in the case of tracts containing inaccessible sections or
41 areas. In such case the surveyor may make use of aerial photographs or other
42 appropriate aids to determine the acreage of ~~such~~ any inaccessible areas when ~~such~~
43 the areas are bounded by natural and visible monuments. In such case the methods

1 used must be stated on the plat and all accessible areas of the tract shall remain
2 subject to all applicable standards of this section.

3 (f) Plat to Contain Specific Information. -- Every plat shall contain the following
4 specific information:

5 (1) An accurately positioned north arrow coordinated with any
6 bearings shown on the plat. Indication shall be made as to
7 whether the north index is true, magnetic, North Carolina grid
8 ('NAD 83' or 'NAD 27'), or is referenced to old deed or plat
9 bearings. If the north index is magnetic or referenced to old deed
10 or plat bearings, the date and the source (if known) ~~such~~ the index
11 was originally determined shall be clearly indicated.

12 (2) The azimuth or course and distance of every property line
13 surveyed shall be shown. Distances shall be in feet or meters and
14 decimals thereof. The number of decimal places shall be
15 appropriate to the class of survey required.

16 (3) All plat distances shall be by horizontal or grid measurements. All
17 lines shown on the plat shall be correctly plotted to the scale
18 shown. Enlargement of portions of a plat are acceptable in the
19 interest of clarity, where shown as inserts. Where the North
20 Carolina grid system is used the grid factor shall be shown on the
21 face of the plat. If grid distances are used, it must be shown on the
22 plat.

23 (4) Where a boundary is formed by a curved line, the following data
24 must be given: actual survey data from the point of curvature to
25 the point of tangency shall be shown as standard curve data, or as
26 a traverse of bearings and distances around the curve. If standard
27 curve data is used the bearing and distance of the long chord (from
28 point of curvature to point of tangency) must be shown on the plat.

29 (5) Where a subdivision of land is set out on the plat, all streets and
30 lots shall be accurately plotted with dimension lines indicating
31 widths and all other information pertinent to reestablishing all lines
32 in the field. This shall include bearings and distances sufficient to
33 form a continuous closure of the entire perimeter.

34 (6) Where control corners have been established in compliance with
35 G.S. 39-32.1, 39-32.2, 39-32.3, and 39-32.4, as amended, the
36 location and pertinent information as required in the reference
37 statute shall be plotted on the plat. All other corners which are
38 marked by monument or natural object shall be so identified on all
39 plats, and where practical all corners of adjacent owners along the
40 boundary lines of the subject tract which are marked by monument
41 or natural object shall be shown.

42 (7) The names of adjacent landowners, or lot, block, parcel,
43 subdivision designations or other legal reference where applicable,
44 shall be shown where they could be determined by the surveyor.

- 1 (8) All visible and apparent rights-of-way, watercourses, utilities,
2 roadways, and other such improvements shall be accurately located
3 where crossing or forming any boundary line of the property
4 shown.
- 5 (9) Where the plat is the result of a survey, one or more corners shall,
6 by a system of azimuths or courses and distances, be accurately
7 tied to and coordinated with a horizontal control monument of
8 some United States or State Agency survey system, such as the
9 North Carolina Geodetic Survey where ~~such~~ the monument is
10 within 2,000 feet of the subject property. Where the North
11 Carolina Grid System coordinates of ~~said~~ the monument are on file
12 in the North Carolina ~~Department of Environment, Health, and~~
13 ~~Natural Resources, Office of State Planning,~~ the coordinates of
14 both the referenced corner and the monuments used shall be
15 shown in X (easting) and Y (northing) coordinates on the plat.
16 The coordinates shall be identified as based on 'NAD 83,'
17 indicating North American Datum of 1983, or as 'NAD 27,'
18 indicating North American Datum of 1927. The tie lines to the
19 monuments shall also be sufficient to establish true north or grid
20 north bearings for the plat if the monuments exist in pairs. Within
21 a previously recorded subdivision that has been tied to grid
22 control, control monuments within the subdivision may be used in
23 lieu of additional ties to grid control. Within a previously
24 recorded subdivision that has not been tied to grid control, if
25 horizontal control monuments are available within 2,000 feet, the
26 above requirements shall be met; but in the interest of bearing
27 consistency with previously recorded plats, existing bearing control
28 should be used where practical. In the absence of Grid Control,
29 other appropriate natural monuments or landmarks shall be used.
30 In all cases, the tie lines shall be sufficient to accurately reproduce
31 the subject lands from the control or reference points used.
- 32 (10) A vicinity map (location map) shall appear on the plat.
- 33 (11) Notwithstanding any other provision contained in this section, it is
34 the duty of the surveyor, by a certificate on the face of the plat, to
35 certify to one of the following:
- 36 a. That the survey creates a subdivision of land within the area
37 of a county or municipality that has an ordinance that
38 regulates parcels of land;
- 39 b. That the survey is located in ~~such~~ a portion of a county or
40 municipality that is unregulated as to an ordinance that
41 regulates parcels of land;
- 42 c. That the survey is of an existing parcel or parcels of land;

1 d. That the survey is of another category, such as the
2 recombination of existing parcels, a court-ordered survey, or
3 other exception to the definition of subdivision;

4 e. That the information available to the surveyor is such that
5 the surveyor is unable to make a determination to the best
6 of ~~his or her~~ the surveyor's professional ability as to
7 provisions contained in (a) through (d) above.

8 However, if the plat contains the certificate of a surveyor as stated
9 in a., d., or e. above, then the plat shall have, in addition to said
10 surveyor's certificate, a certification of approval, or no approval
11 required, as may be required by local ordinance from the
12 appropriate government authority before the plat is presented for
13 recordation. If the plat contains the certificate of a surveyor as
14 stated in b. or c. above, nothing shall prevent the recordation of
15 the plat if all other provisions have been met.

16 (g) Recording of Plat. -- ~~For purposes of recording, the register of deeds shall not~~
17 ~~be responsible for.~~ In certifying a plat for recording pursuant to G.S. 47-30.2, the
18 Review Officer shall not be responsible for reviewing or certifying as to any of the
19 following requirements of this section:

20 (1) ~~The provisions of subsection (b);~~ Subsection (b) of this section as
21 to archival; archival.

22 (2) ~~The provisions of subsection (d), except for the notary certificate;~~

23 (3) ~~The provisions of subsection (e); or~~ Subsection (e) of this section.

24 (4) ~~The provisions of subdivisions (2) through (9) of subsection (f);~~
25 Subdivisions (1) through (10) of subsection (f) of this section.

26 A plat, when certified pursuant to G.S. 47-30.2 ~~proven and probated as provided~~
27 ~~herein for deeds and other conveyances, when and~~ presented for recording, shall be
28 recorded in the plat book or plat file and when so recorded shall be duly indexed.
29 Reference in any instrument hereafter executed to the record of any plat herein
30 authorized shall have the same effect as if the description of the lands as indicated on
31 the record of the plat were set out in the instrument.

32 (h) Nothing in this section shall be deemed to prevent the filing of any plat
33 prepared by a registered land surveyor but not recorded prior to the death of the
34 registered land surveyor. However, it is the responsibility of the person presenting
35 the map to the Review Officer pursuant to G.S. 47-30.2 to prove that the plat was so
36 prepared. For preservation these plats may be filed without signature, notary
37 acknowledgement or probate, in a special plat file.

38 (i) Nothing in this section shall be deemed to invalidate any instrument or the title
39 thereby conveyed making reference to any recorded plat.

40 (j) The provisions of this section shall not apply to boundary plats of areas
41 annexed by municipalities nor to plats of municipal boundaries, whether or not
42 required by law to be recorded.

43 (k) The provisions of this section shall apply to all counties in North Carolina.
44 ~~Where local law is in conflict with this section, the provisions in this section shall~~

1 ~~apply. Failure of a plat to conform in all requirements of this statute shall be~~
2 ~~sufficient grounds for the register of deeds to refuse to accept the plat for recordation.~~

3 (l) The provisions of this section shall not apply to the registration of highway
4 right-of-way plans provided for in G.S. 136-19.4 nor to registration of roadway
5 corridor official maps provided in Article 2E of Chapter 136.

6 (m) Except as provided in subsection (n), any map submitted for inclusion on the
7 public record, whether submitted alone or attached to a deed or other instrument,
8 shall be prepared by a registered land surveyor. Such a map shall either (i) have an
9 original personal signature and original seal as approved by the North Carolina State
10 Board of Registration for Professional Engineers and Land Surveyors or (ii) be a copy
11 of a map, already on file in the public record, that is certified by the custodian of the
12 public record to be a true and accurate copy of a map bearing an original personal
13 signature and original seal. The presence of the original personal signature and seal
14 shall constitute a certification that the map conforms to the standards of practice for
15 land surveying in North Carolina, as defined in the rules of the North Carolina State
16 Board of Registration for Professional Engineers and Land Surveyors.

17 (n) A map that does not meet the requirements of subsection (m) of this section
18 may be attached to a deed or other instrument submitted for inclusion in the public
19 record only for illustrative purposes and only if the map is conspicuously labelled,
20 'THIS MAP IS NOT A CERTIFIED SURVEY AND NO RELIANCE MAY BE
21 PLACED IN ITS ACCURACY.'

22 Section 3. Article 2 of Chapter 47 of the General Statutes is amended by
23 adding a new section to read:

24 "**§ 47-30.2. Review Officer.**

25 (a) The board of commissioners of each county shall, by resolution, designate by
26 name one or more persons experienced in mapping or land records management as a
27 Review Officer to review each map and plat required to be submitted for review
28 before the map or plat is presented to the register of deeds for recording. Each
29 person designated a Review Officer shall, if reasonably feasible, be certified as a
30 property mapper pursuant to G.S. 147-54.4. A resolution designating a Review

**No tax collection data available from Department of Revenue. It is estimated that the 1997-98 cost to cities and counties will be less than \$12,500.					

BILL SUMMARY: Exempts from the state and local sales tax nutritional supplements that may be dispensed only by licensed health care providers and are dispensed by a licensed chiropractor for therapeutic purposes as part of the patient's plan of treatment.

ASSUMPTIONS AND METHODOLOGY: Monthly sales and use tax collection data is provided by the Department of Revenue on a "type of business" reporting basis. The applicable business codes would be Code 502: Drugstores; drug and medical supply houses and Code 715: Hospitals, physicians, veterinarians, etc. Unfortunately, the gross tax collection and retail sales data is not broken down by type of product. In addition, data from the Census of Service Industries published every 5 years by the Census Bureau does not break down receipts by type of service or tangible personal property.

EXPLANATION OF SENATE BILL 374
Proposed Senate Finance Committee Substitute
No Tax On Chiropractor Supplements

TO: Senate Finance Committee
FROM: Sabra Faires, Committee Counsel
DATE: May 20, 1997
SPONSOR: Senator Fountain Odom

Senate Bill 374 creates a new State and local sales and use tax exemption. The new exemption is for nutritional supplements sold by a chiropractic physician at the chiropractor's office to a patient as part of the patient's plan of treatment. A nutritional supplement is a vitamin, a mineral, an herb, an amino acid, or another dietary substance that is intended for ingestion in tablet, capsule, powder, softgel, gelcap, or liquid form. The exemption becomes effective October 1, 1997.

Under current law, medicine sold under a prescription is exempt from State and local sales and use taxes but, with one exception, medicine that is sold without a prescription is subject to sales and use tax. The one exception is for insulin. The exemption for medicine sold under a prescription applies whether or not the item prescribed requires a prescription.

37 discretionary authority over same and those investment advisers who do not.

38 (e) The Administrator may by rule require registered investment advisers who
39 have custody of or discretionary authority over client funds or securities to post
40 surety bonds in amounts up to one hundred thousand dollars (\$100,000), subject to

14 by rule prescribes otherwise for particular types of records.

15 (b) With respect to investment advisers, the Administrator may require that
16 certain information be furnished or disseminated as necessary or appropriate in the
17 public interest or for the protection of investors and advisory clients. To the extent
18 determined by the Administrator in his discretion, information furnished to clients or
19 prospective clients of an investment adviser pursuant to the Investment Advisers Act
20 of 1940 and the rules thereunder may be used in whole or partial satisfaction of this
21 requirement.

22 (c) Every registered investment adviser shall file such financial reports as the
23 Administrator by rule ~~prescribes.~~ prescribes, except as provided by Section 222 of the
24 Investment Advisers Act of 1940 [15 U.S.C. § 80(b)-18a].

32 (e) All the records referred to in subsection (a) of this section are subject at any
33 time or from time to time to such reasonable periodic, special, or other examinations
34 by representatives of the Administrator, within or without this State, as the
35 Administrator deems necessary or appropriate in the public interest or for the
36 protection of investors. For the purpose of avoiding unnecessary duplication of
37 examinations, the Administrator, insofar as he deems it practicable in administering
38 this subsection, may cooperate with the securities administrators of other states, the
39 Securities and Exchange Commission, and any national securities exchange or
40 national securities association registered under the Securities Exchange Act of 1934."

41 Section 20. G.S. 78C-46(b) reads as rewritten:

2 him or his successor, executor or administrator which arises under this Chapter or
3 any rule or order hereunder after the consent has been filed, with the same force and
4 validity as if served personally on the person filing the consent. A person who has
5 filed such a consent in connection with a previous registration or notice filing need
6 not file another. Service may be made by leaving a copy of the process in the office
7 of the Administrator, but it is not effective unless (i) the plaintiff, who may be the

10 defendant or respondent at his last address on file with the Administrator, and (ii) the
11 plaintiff's affidavit of compliance with the subsection is filed in the case on or before

EXPLANATION OF SENATE BILL 466
Parental Savings Trust Fund

TO: Senate Finance Committee
FROM: Sabra Faires, Committee Counsel
DATE: May 13, 1997
SPONSOR: Senator Fletcher Hartsell

Senate Bill 466 excludes two types of income from State individual income tax. The items excluded are the annual earnings on amounts contributed to the Parental Savings Trust Fund for the future payment of room or board at an institution of higher education and the amount distributed to a beneficiary of the Fund that is used to pay for higher education expenses. The bill is effective for taxable years beginning on or after January 1, 1998.

The Parental Savings Trust Fund is part of the State Education Assistance Authority. The Fund is authorized by G.S. 116-209.25, which was enacted by the 1996 General Assembly. The Authority plans to begin the Fund in the fall of this year. The Parental Savings Trust Fund is a kind of qualified state tuition program under section 529 of the Internal Revenue Code.

Section 529 of the Code excludes some of the amounts earned by contributors to the Parental Savings Trust Fund from federal tax and, therefore, North Carolina tax as well. Under federal law, earnings on amounts contributed for the payment of tuition, fees, books, supplies, and equipment at an institution of higher education are excluded from tax but not the earnings on amounts contributed for room and board. Also under federal law, the amount distributed to a beneficiary of the Fund that exceeds the amount contributed is taxable. Under federal law, the tax on the investment earnings is deferred until a distribution is made, at which time the earnings are taxable to the beneficiary rather than the contributor.

This bill establishes a different tax treatment for federal and state purposes for earnings on amounts contributed for the payment of room and board and for distributions from the Fund. The State exclusion is accomplished by deducting these amounts from federal taxable income. Federal taxable income is the starting point for determining State taxable income.

Under the Parental Savings Trust Fund, a person can contribute amounts for a child who is less than 16 years old. Either the child or the person making the contributions must be a resident of this State. The amount in the account can

be used to pay expenses at any accredited public or private college or community college.

PRINCIPAL DEPARTMENT(S) &

PROGRAM(S) AFFECTED: State Education Assistance Authority, Department of State Treasurer

EFFECTIVE DATE: The act is effective for taxable years beginning on or after January 1, 1998.

BILL SUMMARY: The bill exempts the earnings of the Parental Savings Trust Fund from state individual income tax.

BACKGROUND: The 1996 General Assembly established a Parental Savings Trust Fund to encourage parents and others to save for postsecondary education expenses. (1996, 2nd Extra Session, c. 18, s.16.7) The Fund is administered by the State Education Assistance Authority and Fund investments are made by the State Treasurer. Within the Fund there will be two accounts. One account will be for qualified expenses - tuition, fees, books, supplies and equipment. Earnings from this account are exempt from federal and state individual income tax until the proceeds are distributed to the beneficiary (and taxed at the beneficiary's tax rate). The second account will be for non-qualified expenses - travel, room, board, and incidentals. Earnings from this account are assigned to the contributor and taxed in the year earned. The Authority will ask contributors to the Fund whether they are saving for a public or private institution, then determine how much should be placed in each account based on average college costs.

To assist those parents or interested parties whose savings in the Fund are insufficient to pay for all college expenses, the General Assembly authorized the State Education Assistance Authority to develop a loan program in conjunction with the Parental Savings Trust Fund.

ASSUMPTIONS AND METHODOLOGY: The consultant that developed the Parental Savings Trust Fund concept for the State Education Assistance Authority assumes the following criteria in projecting the number of participants in the Fund:

- 1) Children age birth to 16 are eligible for the account. Establishing an account for a person over age 16 would not yield sufficient savings in time for college.
- 2) Approximately 64,000 children finish high school in the state each year and approximately 43% of them pursue higher education (excluding community college).
- 3) Using the data above, the target population is approximately 448,000

16 (age levels) X 64,000 (high school graduates in each age group) X .43 (percent going to college)

- 4) Each year between .6% and 1.2% of this target population will start savings accounts.

This fiscal note assumes the Fund will attract 1.2% of the target population or 5,376 new accounts each year. The Fund anticipates receiving its first accounts in October 1997. The average account holder will contribute \$125 a month. The average interest rate earned by these contributions is 5.5%. (This is equivalent to the State Treasurer's short term interest rate of 6.5% minus 1% in administrative charges.) There will be no payouts from the Fund for the first six years.

Based on the above assumptions, the interest earned by the Fund each calendar year is as follows:

1998	\$	93,426
1999	\$	583,240
2000	\$	1,549,839
2001	\$	3,020,115
2002	\$	5,022,482

2007 \$12,600,000 (max)

For this fiscal note, it is assumed that half of the Fund earnings will be credited to qualified expenses and tax deferred. Federal tax law allows the earnings on qualified expenses (tuition, fees, books) in the Fund to be tax deferred until the student attends college. State tax law conforms with the federal law on this topic. For private schools, tuition and fees might be 70% of the overall cost of attending the university. For public schools, tuition and fees may average about 30% of the cost of a university education. Since there is no sound basis to judge the college

destination of future Fund participants, this fiscal note chooses the mid-point of 50%. Thus 50% of the earnings will be taxed at the student's tax rate when the funds are paid out and 50% of the earnings will be taxed at the contributors' rate when earned each year.

Under SB 466, the interest earned in 1998 on non-qualified expenses accounts in the Fund will be tax exempt when individuals file their income tax returns in the spring of 1999. It is assumed that the average Fund contributor pays a 7% individual income tax rate. The tax loss for non-qualified expenses is 50% of the estimated earnings on page 2 times the 7% tax rate.

FY 1998-99	\$ 3,269
FY 1999-00	\$ 20,413
FY 2000-01	\$ 57,244
FY 2001-02	\$105,704
FY 2006-07	\$441,000

The interest on qualified expenses would be taxable under current law when the first payouts are made in FY 2004-05. SB 466 would exempt the earnings on qualified expenses from tax. If the average student works in the summer, works part-time in school, and is claimed as a dependent on his/her parents' tax return, then it is possible that the distribution from the Fund will be subject to the minimum state income tax of 6%. In FY 2006-07, the total earnings in the Fund are estimated to be \$12.6 million, with 50% of this amount or \$6.3 million designated for qualified expenses. Applying a 6% tax rate to \$6.3 million is equal to \$378,000.

The maximum tax loss for qualified and non-qualified expenses based on the scenario outlined above is \$819,000 beginning in FY 2006-07.

23 (2) The original expenditure was paid more than 60 days before the

PROGRAM(S) AFFECTED:** Department of Commerce

County Bond Authorities

EFFECTIVE DATE: Effective upon ratification

BILL SUMMARY: The bill clarifies the expenditures that may be financed with industrial revenue bonds 60 days prior to an inducement agreement.

BACKGROUND: An inducement agreement is an official letter of intent between a company and a county bond authority to signify that an industrial revenue bond is requested for a project. The Internal Revenue Service recognizes this agreement as the first official action in establishing such bonds. Federal law allows companies to receive reimbursement for expenses they incur 60 days before an inducement agreement is signed. States bordering North Carolina conform to the federal law in this matter.

ASSUMPTIONS AND METHODOLOGY: The bill makes a technical change that broadens the use of bond proceeds. In any event, there would be no cost to the state or to counties because industrial revenue bonds are backed by bank letters of credit arranged by the companies seeking the bonds.

23 ~~prescribed by the county. The return shall state the total gross receipts derived in the~~

25 ~~A return filed with the county finance officer under this act is not a public record~~
26 ~~as defined by G.S. 132-1 and may not be disclosed except as required by law.~~

33 (e) Distribution and use of tax revenue. Nash County shall, on a quarterly basis,
34 remit the net proceeds of the occupancy tax to the Nash Tourism Development
35 Authority. The Authority shall spend at least two-thirds of the funds remitted to it
36 under this subsection only to promote travel and tourism in Nash County, and shall
37 spend the remainder on tourism-related expenditures. The following definitions
38 apply in this subsection:

3 listed activities.

- 4 (3) Tourism-related expenditures. -- Expenditures that are designed to
5 increase the use of lodging facilities in a county or to attract
6 tourists or business travelers to the county and expenditures
7 incurred by the county in collecting the tax. The term includes
8 expenditures to construct, maintain, operate, or market a
9 convention center and other expenditures that, in the judgment of

11 ~~(f) Effective date of levy. A tax levied under this act shall become effective on~~
12 ~~the date specified in the resolution levying the tax. That date must be the first day of~~
13 ~~a calendar month, however, and may not be earlier than the first day of the second~~
14 ~~month after the date the resolution is adopted.~~

15 ~~(g) Repeal. A tax levied under this act may be repealed by a resolution adopted~~
16 ~~by the Nash County Board of Commissioners. Repeal of a tax levied under this act~~
17 ~~does not affect a liability for a tax that was attached before the effective date of the~~
18 ~~repeal, nor does it affect a right to a refund of a tax that accrued before the effective~~
19 ~~date of the repeal."~~

20 Section 2. County administrative provisions. (a) Article 7 of Chapter
21 153A of the General Statutes is amended by adding a new section to read:

22 "§ 153A-155. Uniform provisions for room occupancy taxes.

23 (a) Scope. -- This section applies only to counties the General Assembly has
24 authorized to levy room occupancy taxes.

25 (b) Levy. -- A room occupancy tax may be levied only by resolution, after not less
26 than 10 days' public notice and after a public hearing held pursuant thereto. A room
27 occupancy tax shall become effective on the date specified in the resolution levying
28 the tax. That date must be the first day of a calendar month, however, and may not
29 be earlier than the first day of the second month after the date the resolution is
30 adopted.

31 (c) Collection. -- Every operator of a business subject to a room occupancy tax
32 shall, on and after the effective date of the levy of the tax, collect the tax. The tax
33 shall be collected as part of the charge for furnishing a taxable accommodation. The
34 tax shall be stated and charged separately from the sales records, and shall be paid by
35 the purchaser to the operator of the business as trustee for and on account of the
36 taxing county. The tax shall be added to the sales price and shall be passed on to the
37 purchaser instead of being borne by the operator of the business. The taxing county
38 shall design, print, and furnish to all appropriate businesses and persons in the county
39 the necessary forms for filing returns and instructions to ensure the full collection of
40 the tax. An operator of a business who collects a room occupancy tax may deduct
41 from the amount remitted to the taxing county a discount equal to the discount the
42 State allows the operator for State sales and use tax.

43 (d) Administration. -- The taxing county shall administer a room occupancy tax it
44 levies. A room occupancy tax is due and payable to the county finance officer in

1 monthly installments on or before the 15th day of the month following the month in
2 which the tax accrues. Every person, firm, corporation, or association liable for the
3 tax shall, on or before the 15th day of each month, prepare and render a return on a
4 form prescribed by the taxing county. The return shall state the total gross receipts
5 derived in the preceding month from rentals upon which the tax is levied. A room
6 occupancy tax return filed with the county finance officer is not a public record and
7 may not be disclosed except in accordance with G.S. 153A-148.1 or G.S. 160A-208.1.

8 (e) Penalties. -- A person, firm, corporation, or association who fails or refuses to
9 file a room occupancy tax return or pay a room occupancy tax as required by law is
10 subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file
11 a return for State sales and use taxes. The governing board of the taxing county has
12 the same authority to waive the penalties for a room occupancy tax that the Secretary
13 of Revenue has to waive the penalties for State sales and use taxes.

14 (f) Repeal or reduction. -- A room occupancy tax levied by a county may be
15 repealed or reduced by a resolution adopted by the governing body of the county.
16 Repeal or reduction of a room occupancy tax shall become effective on the first day
17 of a month and may not become effective until the end of the fiscal year in which the
18 resolution was adopted. Repeal or reduction of a room occupancy tax does not affect
19 a liability for a tax that was attached before the effective date of the repeal or
20 reduction, nor does it affect a right to a refund of a tax that accrued before the
21 effective date of the repeal or reduction."

22 (b) This section applies only to Nash County.

23 Section 3. This act is effective when it becomes law.

EFFECTIVE DATE: Effective upon ratification.

BILL SUMMARY: The bill allows the Alcohol Beverage Control Commission to sell a cider and vinegar manufacturer permit for \$100 to those wishing to purchase out-of-date unfortified and fortified wines from wine wholesalers for the purpose of making a food product item.

ASSUMPTIONS AND METHODOLOGY: According to the Alcoholic Beverage Control Commission (ABC), the N. C. Beer and Wine Wholesalers Association and one of the largest wine wholesalers in the state, there is very little demand for this type of permit. The Chief Counsel for the ABC knows of only one company that has asked for this permit. The lobbyist for the N. C. Beer and Wine Wholesalers Association has not heard one request from his clientele for this permit.

15 Section 2. G.S. 105-164.4 is amended by adding a new subsection to
16 read:
17 "(d) For the purpose of this Article, a retailer is a qualified retail food business if
18 either (i) it sells all of the staple food items listed in this subsection or (ii) more than
19 eighty percent (80%) of its gross sales are sales of one or more staple food items

 11 shall be considered. If the retailer has been in business for less than one reporting
 12 period, the determination shall be based on the retailer's expected sales for the first
 13 reporting period."

14 Section 3. G.S. 105-164.21 is reenacted and rewritten to read:

15 **"§ 105-164.21. Merchant's discount.**

EXPLANATION OF SENATE BILL 1035
Proposed Senate Finance Committee Substitute
Modify Food Tax/Merchant's Discount

TO: Senate Finance Committee
FROM: Sabra Faires, Committee Counsel
DATE: May 20, 1997
SPONSOR: Senator John Kerr

Senate Bill 1035 makes two changes in the State sales and use tax laws. First, it changes the definition of food that determines whether the food is subject to tax at the reduced State rate of 3% rather than the full State rate of 4%. Second, it reinstates and modifies the merchant's discount, which is an allowance to merchants for collecting and remitting State sales and use taxes. The change in the definition of food becomes effective July 1, 1997, and the reinstatement of the merchant's discount becomes effective January 1, 1998.

Chapter 13 of the Second 1996 Extra Session of the General Assembly reduced the State sales tax rate on food that can be purchased with food stamps from 4% to 3% effective January 1, 1997. The act did not reduce the 2% local sales tax on these items. Thus, under current law, food that can be purchased with food stamps is subject to tax at the combined State and local rate of 5% and food items that cannot be purchased with food stamps are subject to tax at the combined State and local rate of 6%.

This bill adds a new condition that must be met for food to be subject to the lower rate. The new condition is that the food is sold at a business that either sells all of a list of ten staple food items or derives more than 80% of its gross sales revenue from sales of one or more of the ten staples on the list. The ten staples are raw meat, raw poultry, raw fish, bread, breadstuffs, cereal, vegetables, fruit, fruit or vegetable juices, and dairy products.

The purpose of adding a new condition to the State sales tax reduction for food is to make sales of food at grocery stores and similar businesses subject to tax at the lower rate but to keep a standard 6% rate on sales of food at businesses, like convenience stores and gas stations, that may sell crackers, candy, and soda but do not sell much food. The bill was requested and is supported by the North Carolina Retail Merchants' Association, the North Carolina Association of Convenience Stores, and the Petroleum Marketers Association.

The second change made by the bill is to reinstate a merchant's discount. The discount would apply to all retailers, not just those who sell food. The discount increases over a three-year period starting January 1, 1998. The discount starts at 1% in 1998 and increases another percentage each year to reach 3% in 2000. The discount has a monthly per-location cap that starts at \$30 and increases to \$50 and a monthly retailer group cap that starts at \$500 and goes to \$1,000.

For many years, the State allowed merchants a 3% discount from both State and local sales and use taxes. The discount was repealed in 1987 in the same act that excluded inventories of retail and wholesale merchants from property tax and reimbursed cities and counties for part of the loss.

BILL SUMMARY:

(1) The 1985 General Assembly exempted from the state and local sales tax items purchased with Food Stamps. The 1996 General Assembly reduced the state sales tax on food intended for off-premises consumption from 4% to 3%, effective January 1, 1997. However, many small retail merchants have expressed concern about the difficulty of separating fully taxable food items from reduced rate items. **The bill revises the reduced rate provisions to apply to food items sold at a "retail food business" if the business sells all of the items from a list of staple food items or more than 80% of its gross sales are sales of one or more of the listed staple items.** The retailer's sales for the most recent 12-month period shall be used to determine whether a retailer is a qualified food business. If the retailer has been in business for less than 12 months, the sales experience of the retailer up to the time of determination will be used. For new retailers the determination shall be based on the retailer's expected sales for the first reporting period. This change is effective for sales occurring on or after July 1, 1997.

(OVER)

(2) Prior to the 1987 session merchants were allowed to retain 3% of gross state and local sales tax collected in remitting their sales and use tax return. **The bill establishes a new merchants' discount that is based on a percentage of tax collected, with a monthly per location cap and a monthly retailer group limit. The discount schedule is as follows:**

<u>Returns Filed</u>	<u>Percentage Discount</u>	<u>Per Location</u>	<u>Retailer Group</u>
In 1998	1%	\$30	\$ 500
Thereafter	2%	40	750

The change is effective for **tax returns filed on or after January 1, 1998.**

ASSUMPTIONS AND METHODOLOGY: The Department of Revenue provided estimates of the current year cost of each step of the phase-in of the merchants' discount restoration. This analysis arrayed the 180,000 merchants by size and reviewed departmental information on number of locations. An FRD analysis converted the data to state fiscal years. In addition, the Department analyzed the sales tax reports for February, 1997 (the first full month of the reduction in the food tax rate) to determine the impact of the food tax redefinition for the 1997-98 and 1998-99 fiscal years. An FRD growth rate of 3% was used to project the food tax and merchants' discount numbers. For information purposes the first two full months of the food tax reduction have indicated a monthly cost of \$6.3 million, versus the budget estimate of \$6.9 million. Part of the reason could be the difficulty of separating purchases by tax rate. In addition, retail sales are usually higher in the Summer and around the Christmas season so the first two months might not be a reliable indicator.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED:	Local units of government that levy a property tax.				
EFFECTIVE DATE:	Transfers of property made on or after June 1, 1997.				

BILL SUMMARY: Property meeting one of the three classes defined in G.S. 105-277.3 is eligible for taxation on the basis of the value of the property in its present-use instead of its market value. The difference in the taxes due on the present-use and the taxes which would have been payable in the absence of the "present-use classifications" are carried forward as deferred taxes. If the classification of the property changes due to ownership, the deferred taxes are due. The amount payable is equal to the amount deferred for the three previous years plus the current year's property tax based on the market value.

Under this act, the amount of deferred tax is to be paid by the party condemning the property.

ASSUMPTIONS AND METHODOLOGY:

In order to gauge an impact, the Department of Transportation provided a partial list of the property condemned in 1996 for right-of-way acquisitions. The counties listed by the DOT were Catawba, Chatham, Cherokee, Edgecombe, Guilford, Madison, Mecklenburg, Pender, Randolph, Wake, and Watauga. A questionnaire was sent to each of the counties listed by the Department, asking if any of the property listed was taxed at use value. Eight of the counties responded, five of which reported an amount in deferred taxes paid in tax year 1996. These five counties reported collecting \$287,852 in deferred taxes on condemned property for the tax year.

The Department of Transportation is not the only State agency that has power of immanent domain. Local units of government too have such authority as well as public utility companies.

SPONSOR(S): SEN. WEBSTER

FISCAL IMPACT

Yes () No () No Estimate Available (X)

PRINCIPAL DEPARTMENT AFFECTED: The income tax is administered by the Department of Revenue.

EFFECTIVE DATE: Tax returns due on or after January 1, 1998

BILL SUMMARY: Conforms state tax law to federal rule that grants a filing extension even if the request is not accompanied by payment. Also, the bill allows the Department of Revenue to earmark from 1997-98 income tax payments the one-time cost of implementing the change.

ASSUMPTIONS AND METHODOLOGY: The practical effect of the bill is to **eliminate late filing penalties on extension returns not accompanied by the tax due**. It does not eliminate any penalties for late payment of the tax due. The Department of Revenue does not have a break-down of income tax penalties by type of penalty.

1 A BILL TO BE ENTITLED
2 AN ACT TO AUTHORIZE SUPPLEMENTAL SOURCES OF REVENUE FOR
3 LOCAL GOVERNMENT TRANSIT FINANCING.
4 The General Assembly of North Carolina enacts:
5 Section 1. The title of Subchapter VIII of Chapter 105 of the General
6 Statutes reads as rewritten:
7 "SUBCHAPTER VIII. LOCAL GOVERNMENT ~~SALES AND USE TAX. TAXES.~~"
8 Section 2. Subchapter VIII of Chapter 105 of the General Statutes is
9 amended by adding two new Articles to read:
10 "ARTICLE 43.
11 "Local Government Sales and
12 Vehicle Rental Taxes for Public Transit.
13 "§ 105-505. Short title; purpose.
14 This Article shall be known as the Local Government Public Transit Tax Act.
15 This Article gives Regional Public Transportation Authorities and the counties of this
16 State an opportunity to obtain additional sources of revenue with which to meet their
17 needs for financing local public transportation systems. It provides these local
18 governments with authority to levy one-half percent (1/2%) sales and use taxes and
19 five percent (5%) gross receipts taxes on short-term vehicle rentals.
20 "§ 105-506. Definitions.
21 The definitions in G.S. 160A-601 and G.S. 105-164.3 and the following definitions
22 apply to this Article:

- 1 (1) Long-term lease or rental. -- Defined in G.S. 105-187.1.
2 (2) Motorcycle. -- Defined in G.S. 20-4.01.
3 (3) Net proceeds. -- Gross proceeds less the cost of administering and
4 collecting the tax. In the case of a tax collected by a taxing unit,
5 the cost of administering and collecting the tax shall be determined
6 by the finance officer, but may not exceed seven percent (7%) of
7 the gross proceeds.
8 (4) Private passenger vehicle. -- Defined in G.S. 20-4.01.
9 (5) Public transportation system. -- Any combination of real and
10 personal property established for purposes of public transportation.
11 The systems may include one or more of the following: structures,
12 improvements, buildings, equipment, vehicle parking or passenger
13 transfer facilities, railroads and railroad rights-of-way,
14 rights-of-way, bus services, shared-ride services, high-occupancy
15 vehicle facilities, car-pool and vanpool programs, voucher
16 programs, telecommunications and information systems, integrated
17 fare systems, bus lanes, and busways. The term does not include,
18 however, streets, roads, or highways except to the extent they are
19 dedicated to public transportation vehicles or to the extent they are
20 necessary for access to vehicle parking or passenger transfer
21 facilities.
22 (6) Short-term lease or rental. -- A lease or rental that is not a long-
23 term lease or rental.
24 (7) Taxing unit. -- A Regional Public Transportation Authority or a
25 county that levies a tax under this Article.

27 (a) Levy by County. -- A county may not levy a tax under this Article unless the
28 county or at least one unit of local government in the county operates a public
29 transportation system.

30 (b) Levy by County Located in Authority. -- A county may not levy a tax under
31 this Article that has been levied by an Authority in which the county is located. A
32 county may not levy a tax under this Article without giving an Authority in which it
33 is located six months' written notice of its intent to levy. If a county located within
34 an Authority has levied a tax under this Article, the Authority may levy the same tax,
35 but the Authority's levy may not become effective before the end of six months after
36 the adoption of a resolution levying the tax. The county's authority to levy the tax
37 terminates upon the effective date of the levy of the same tax by the Authority in
38 which the county is located.

39 (c) Levy by Authority. -- An Authority may not levy or increase a tax under this
40 Article unless the special tax board of the Authority and the board of county
41 commissioners of each county organizing the Authority have first passed a resolution
42 approving the levy or increase, except where the levy or increase in tax is necessary
43 for debt service on bonds or notes that the special tax board and each of the boards
44 of county commissioners had previously approved under G.S. 159-51.

1 "§ 105-508. Local election on adoption of sales and use tax.

2 (a) Resolution. -- The board of commissioners of a county or the board of trustees
3 of an Authority may direct the county board or boards of elections to conduct an
4 advisory referendum within the county or within the jurisdiction of the Authority on
5 the questions of whether a local sales and use tax at the rate of one-half percent
6 (1/2%) will be levied in accordance with this Article. The election shall be held on a
7 date jointly agreed upon by the boards and shall be held in accordance with the
8 procedures of G.S. 163-287. The board of commissioners or board of trustees shall
9 hold a public hearing on the question at least 30 days before the date the election is
10 to be held.

11 (b) Ballot Question. -- The form of the question to be presented on a ballot for a
12 special election concerning the levy of each tax authorized by this Article shall be:

13 '[] FOR [] AGAINST

14 One-half percent (1/2%) local sales and use taxes, in addition to the current two
15 percent (2%) local sales and use taxes, to be used only for public transportation
16 systems.'

17 "§ 105-509. Levy and collection of sales and use tax.

18 (a) Levy. -- If the majority of those voting in a referendum held pursuant to this
19 Article vote for the levy of the tax, the board of commissioners of the county or the
20 board of trustees of the Authority may, by resolution, levy one-half percent (1/2%)
21 local sales and use taxes in addition to any other State and local sales and use taxes
22 levied pursuant to law. In addition, if no referendum has been held pursuant to this
23 Article within five years at which the tax has been defeated, the board of
24 commissioners of a county or the board of trustees of an Authority may, by
25 resolution, after not less than 10 days' public notice and after a public hearing, levy
26 one-half percent (1/2%) local sales and use taxes in addition to any other State and

31 Chapter to this Article, references to 'this Article' mean 'Article 43 of Chapter 105 of
32 the General Statutes'.

33 (c) Food Exempt. -- A tax levied under this Article does not apply to the sales
34 price of food that is not otherwise exempt from tax pursuant to G.S. 105-164.13 but
35 would be exempt from the State sales and use tax pursuant to G.S. 105-164.13 if it
36 were purchased with coupons issued under the Food Stamp Program, 7 U.S.C. § 51.

37 "§ 105-510. Levy and collection of vehicle rental tax.

38 (a) Levy. -- The board of commissioners of a county or the board of trustees of an
39 Authority may, by resolution, after not less than 10 days' public notice and after a
40 public hearing, levy on a retailer who is engaged in the business of leasing or renting
41 private passenger vehicles or motorcycles a tax at a rate of up to five percent (5%) of
42 the gross receipts derived by the retailer from the short-term lease or rental of these
43 vehicles. A tax imposed under this section applies to short-term leases or rentals

1 made by a retailer whose place of business or inventory is located within the
2 jurisdiction of the taxing unit. This tax is in addition to all other taxes.

3 (b) Effective Date. -- A tax imposed under this section becomes effective on the
4 date set by the board of commissioners or the board of trustees in the resolution
5 imposing the tax. The effective date must be the first day of a month and may not be
6 earlier than the first day of the second month after the board adopts the resolution.

7 (c) Collection. -- A tax imposed under this section shall be collected by the
8 taxing unit but shall otherwise be administered in the same manner as the optional
9 gross receipts tax imposed by G.S. 105-187.5. Like the optional gross receipts tax, a
10 tax imposed under this section is to be added to the lease or rental price of a private
11 passenger vehicle or motorcycle and thereby be paid by the person to whom it is
12 leased or rented.

13 A tax imposed under this section applies regardless of whether the retailer who
14 leases or rents the private passenger vehicle or motorcycle has elected to pay the
15 optional gross receipts tax on the lease or rental receipts from the vehicle. A tax
16 imposed under this section must be paid to the taxing unit by the date an optional
17 gross receipts tax would be payable to the Secretary of Revenue under G.S. 105-187.5
18 if the retailer who leases or rents the private passenger vehicle or motorcycle had
19 elected to pay the optional gross receipts tax.

20 (d) Penalties and Remedies. -- The penalties and remedies that apply to local
21 sales and use taxes imposed under this Subchapter apply to a tax imposed under this
22 section. A taxing unit may exercise the same powers in collecting the tax imposed
23 under this section that a county may exercise in collecting local sales and use taxes
24 under this Subchapter.

25 (e) Exemptions and Refunds. -- No exemptions are allowed from a tax imposed
26 under this section. No refunds are allowed for a tax lawfully imposed under this
27 section.

28 **"§ 105-511. Distribution and use of taxes.**

29 (a) Distribution of Sales and Use Taxes. -- The Secretary shall, on a quarterly
30 basis, allocate to each taxing unit the net proceeds of the tax levied under G.S. 105-
31 509 by that unit. If the Secretary collects taxes under this Article in a month and the
32 taxes cannot be identified as being attributable to a particular taxing unit, the
33 Secretary shall allocate these taxes among the taxing units in proportion to the
34 amount of taxes collected in each unit under this Article in that month and shall
35 include them in the quarterly distribution.

36 The Secretary shall distribute to each Authority the net proceeds of the tax levied
37 by the Authority. The Secretary shall distribute the net proceeds of the tax levied by
38 a county on a per capita basis among the county and the units of local government in
39 the county that operate public transportation systems. No proceeds shall be
40 distributed to a county that does not operate a public transportation system or to a
41 unit of local government that does not operate a public transportation system.

42 (b) Distribution of Vehicle Rental Taxes. -- An Authority that levies a tax under
43 G.S. 105-510 shall retain the proceeds of the tax. A county that levies a tax under
44 G.S. 105-510 shall distribute the net proceeds of the tax quarterly on a per capita

1 basis among the taxing county and the units of local government in the county that
2 operate public transportation systems. No proceeds shall be distributed to a county
3 that does not operate a public transportation system or to a unit of local government
4 that does not operate a public transportation system.

5 (c) Use. -- An Authority may use the proceeds of a tax levied under this Article to
6 carry out its purposes provided in Article 26 of Chapter 160A of the General
7 Statutes. A county or other unit of local government may use the net proceeds
8 distributed to it under this Article only for financing, constructing, operating, and
9 maintaining local public transportation systems.

10 "ARTICLE 44.

11 "Local Government Vehicle

12 Registration Tax for Public Transit.

13 "§ 105-514. Limitations.

14 This Article applies only to counties that are not located within the territorial
15 jurisdiction of a Regional Public Transit Authority created pursuant to Article 26 of
16 Chapter 160A of the General Statutes. A county may not levy a tax under this
17 Article unless the county or at least one unit of local government in the county
18 operates a public transportation system.

19 "§ 105-515. Levy of vehicle registration tax.

20 The board of commissioners of a county may, by resolution, after not less than 10
21 days' public notice and a public hearing, levy an annual registration tax on motor
22 vehicles with a tax situs within the county. The tax must be a full dollar amount and
23 may not exceed five dollars (\$5.00). A tax levied under this section is in addition to
24 any other motor vehicle license or registration tax.

25 The tax applies to vehicles required to pay a tax under G.S. 20-88, except trailers,
26 or pay a tax under G.S. 20-87(1), (2), (4), (5), (6), or (7). The tax situs of a motor
27 vehicle for the purpose of this Article is its ad valorem tax situs. If the vehicle is not
28 subject to ad valorem tax, its tax situs for the purpose of this Article is the ad
29 valorem tax situs it would have if it were subject to ad valorem tax.

30 The effective date of a tax levied under this section must be the first day of a
31 calendar month set by the board of commissioners in the resolution levying the tax
32 and shall be no earlier than the first day of the third calendar month after the
33 adoption of the resolution.

34 "§ 105-516. Administration.

35 The Division of Motor Vehicles of the Department of Transportation shall collect
36 and administer a tax levied under this section. Immediately after adopting a
37 resolution levying, modifying, or repealing a tax under this section, the Commission
38 shall deliver a certified copy of the resolution to the Division of Motor Vehicles. A
39 tax levied under this section is due at the same time and subject to the same
40 restrictions as the tax levied in G.S. 20-87 and G.S. 20-88. The tax shall be prorated
41 in accordance with G.S. 20-95. The Commissioner of Motor Vehicles may adopt rules
42 necessary to administer the tax.

43 "§ 105-517. Modification or repeal of tax.

1 The board of commissioners of a county may, by resolution, repeal the levy of the
2 tax under this section, or increase or decrease the rate of tax, under the same
3 procedures as provided in G.S. 105-515. The repeal, increase, or decrease of the tax
4 shall become effective on the first day of a month and may not become effective
5 before the first day of the third calendar month after the adoption of the resolution.
6 The repeal or reduction of a tax under this Article does not affect a liability for a tax
7 that attached before the effective date of the repeal or reduction, nor does it affect a
8 right to a refund of a tax that accrued before the effective date of the repeal or
9 reduction.

10 **"§ 105-518. Distribution and use of tax proceeds.**

11 The Commissioner of Motor Vehicles shall credit the proceeds of each tax levied
12 under this Article to a special account and distribute the net proceeds on a quarterly
13 basis. Interest on the special account shall be credited quarterly to the Highway
14 Fund to reimburse the Division of Motor Vehicles for the cost of collecting and
15 administering the tax.

16 The Commissioner of Motor Vehicles shall allocate to each taxing county the net
17 proceeds of the tax levied by that county. The Commissioner shall distribute the tax
18 proceeds on a per capita basis among the taxing county and the units of local
19 government in the county that operate public transportation systems. No proceeds
20 shall be distributed to a county that does not operate a public transportation system
21 or to a unit of local government that does not operate a public transportation system.

22 A unit of local government may use the proceeds distributed to it under this
23 Article only for financing, constructing, operating, and maintaining local public
24 transportation systems. As used in this section, the term 'public transportation
25 system' has the meaning provided in G.S. 105-506."

26 Section 3. Article 9 of Chapter 160A of the General Statutes is amended
27 by adding a new section to read:

28 **"§ 160A-211.2. Privilege license tax on nonresidential parking spaces.**

29 (a) Authorization. -- A city may levy an annual privilege license tax on every
30 person who owns parking spaces and provides them to others, at the rate of up to five
31 dollars (\$5.00) per parking space. The tax applies whether the spaces are provided to
32 others free of charge, pursuant to a lease, or for a fee. The tax applies to parking
33 spaces owned as of January 1. If the owner disposes of a parking space during the
34 year, the tax on that space for the year shall be reduced in proportion to the number
35 of months during the year it was not owned by the taxpayer.

36 (b) Exemptions. -- A tax levied under this section does not apply to:

- 37 (1) A person who owns 10 or fewer parking spaces.
- 38 (2) A federal, State, or local government agency.
- 39 (3) Parking spaces provided exclusively for residential parking.
- 40 (4) Parking spaces owned by a nonprofit religious organization and
41 provided to others free of charge.

42 (c) Collection. -- A tax levied under this section shall be billed with the taxpayer's
43 property taxes, is payable in the same manner as property taxes, and, in the case of
44 nonpayment, may be collected in any manner by which delinquent personal or real

1 property taxes can be collected. Delinquent taxes are a lien on the real property that
2 includes the parking spaces on which the taxes are levied."

3 Section 4. This act is effective when it becomes law.

4 Section 5. A tax levied under Article 43 of Chapter 105 of the General
5 Statutes, as enacted by this act, does not apply to construction materials purchased to
6 fulfill a lump sum or unit price contract entered into or awarded before the effective
7 date of the levy or entered into or awarded pursuant to a bid made before the
8 effective date of the levy when the construction materials would otherwise be subject
9 to the tax levied under Article 43 of Chapter 105 of the General Statutes.

31 Authority in which the county is located. A county may not levy
32 a tax under this Article without giving an Authority in which it
33 is located six months' written notice of its intent to levy the
34 tax. If a county located within an Authority has levied a tax
35 under this Article, the Authority may levy the same tax, but the
36 Authority's levy may not become effective before the end of six

15 the special tax board and each of the boards of
16 county commissioners had previously approved under
17 G.S. 159-51.

18 **"§ 105-508. Local election on adoption of sales and use tax.**

24 one-half percent (1/2%) may be levied in accordance with this
25 Article. The election shall be held on a date jointly agreed
26 upon by the boards and shall be held in accordance with the
27 procedures of G.S. 163-287. The board of commissioners or board

44 in this Article, the adoption, levy, collection, administration,

1 and repeal of these additional taxes shall be in accordance with
2 Article 39 of this Chapter. In applying the provisions of
3 Article 39 of this Chapter to this Article, references to 'this
4 Article' mean 'Article 43 of Chapter 105 of the General
5 Statutes'.

8 G.S. 105-164.13 but would be exempt from the State sales and use
9 tax pursuant to G.S. 105-164.13 if it were purchased with coupons

31 26 of Chapter 160A of the General Statutes. The Authority shall
32 allocate the proceeds in accordance with its financial plan
33 developed pursuant to G.S. 105-507 and any periodic updates of
34 the plan.

35 Before using the net proceeds distributed to it under this
36 Article, a county must develop a financial plan and distribute it
37 to each unit of local government in the county that operates a
38 local public transportation system. The financial plan must
39 provide for equitable allocation of the net proceeds distributed
40 to the county in consideration of the identified needs of local
41 public transportation systems in the county, county-wide human
42 service transportation systems, and expansion of public
43 transportation service to unserved areas in the county. The
44 county must update the financial plan periodically. The county

1 must allocate the net proceeds distributed to it in accordance
2 with this financial plan and use the net proceeds only for
3 financing, constructing, operating, and maintaining local public
4 transportation systems.

5 Any other unit of local government may use the net proceeds
6 distributed to it under this Article only for financing,

20 A tax levied under this Subchapter applies regardless of
21 whether the retailer who leases or rents the private passenger
22 vehicle or motorcycle has elected to pay the optional gross

11 levy of a tax or an increase in a tax rate under this Subchapter
12 apply to the repeal of the tax or a decrease in the tax rate.

13 A tax repeal or a tax decrease becomes effective on the date
14 set by the Board of Trustees in the resolution repealing or
15 decreasing the tax. The effective date must be on the first day
16 of a month and may not be earlier than the first day of the

EXPLANATION OF SENATE BILL 913

Proposed Committee Substitute

Local Transit Revenue Options

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: May 28, 1997
SPONSOR: Senator Gulley

This bill provides local governments with revenue options to finance local public transportation systems, as follows:

1. It authorizes counties and regional public transportation authorities to levy a ½ cent local sales tax if approved by the voters of the county or region.
2. It authorizes cities to levy an additional \$5 motor vehicle tax.
3. It authorizes regional public transportation authorities to levy a gross receipts tax of up to 5% on short-term motor vehicle rentals.

A regional public transportation authority is an entity created by three counties under Article 26 of Chapter 160A of the General Statutes to provide a public transportation system for the region. The authority is governed by a board of trustees appointed by the counties creating the authority and larger cities within the counties. Currently, there is only one regional transportation authority, the Triangle Transit Authority for Wake, Durham, and Orange Counties.

A public transportation system is defined broadly in the bill to include any combination of real and personal property established for purposes of public transportation. It does not include, however, streets, roads, and highways not dedicated to public transportation or related parking.

Section 2 of the bill authorizes counties and regional transportation authorities to levy a ½ cent sales tax only if the tax is approved by the voters of the county or region, as applicable. The proceeds of the tax must be used to finance, construct, operate, and maintain local public transportation systems. The tax does not apply to food. In other respects, it will be administered in the same way as the existing local sales and use taxes.

A county may not levy the sales tax unless the county or at least one unit of government within the county operates a local public transportation system. A sales tax levied by a county will be distributed between the county and other

units in the county that operate local public transportation systems, on a per capita basis. The county must develop a financial plan for equitable allocation of the proceeds it receives based on the identified needs of local public transportation systems in the county and planned expansion of public transportation to unserved areas. The county must allocate the tax proceeds it receives based on this financial plan.

An authority may not levy the sales tax unless every county within the region has approved the levy. Before levying the sales tax, the authority must also adopt a financial plan that has been reviewed and approved by the local governments within the region. The authority must allocate tax proceeds it receives in accordance with the financial plan.

A county that is located within the jurisdiction of a regional public transportation may not levy the sales tax if the authority levies it, and must give the authority six months' advance notice of the intent to levy. Thus, you would never have a duplicate tax levied by both a county within a regional transportation authority and the authority itself.

Section 3 of the bill authorizes municipalities to levy an additional \$5 motor vehicle tax, to be used only to finance, construct, operate, and maintain local public transportation systems. Current law already authorizes municipalities to levy a \$5 annual motor vehicle tax. Many municipalities have local legislation authorizing them to levy an increased amount. Section 3 adds an extra authorization for \$5 more. If that \$5 would cause the municipality's total local motor vehicle tax to exceed \$30, however, the additional \$5 tax may not be levied. The City of Charlotte and the Town of Matthews are authorized by local act to levy annual motor vehicle taxes of \$30. These local units are the only ones that would currently be affected by this limitation.

Section 4 of the bill authorizes a regional public transportation authority to levy a gross receipts tax of up to 5% on retailers within the region engaged in the business of renting private passenger motor vehicles and motorcycles. The tax applies to short-term rentals only. The tax will be collected by the authority but is otherwise administered in the same way as the optional highway use tax on gross receipts from vehicle rentals. That tax is 8% on short-term rentals, so the combined tax within the jurisdiction of the authority would be 13%. The authority may use the proceeds of the tax for its public transportation purposes. Before levying or increasing the tax, the authority must obtain approval from each county in the region.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED:	Local units of government that provide public transportation Department of Revenue Sales and Use Tax Division Department of Revenue Corp., Excise, and Ins. Tax Division				
EFFECTIVE DATE:	When it becomes law.				

BILL SUMMARY:

The proposed legislation authorizes local governments to implement several new revenue sources for financing public transit systems.

- County units of government and transit authorities are given the right to levy a ½ cent sales and use tax and a 5% vehicle rental tax. The taxing unit of government or the authority must pass a resolution and hold a public hearing before an effective date for a transportation tax can be set. If an additional ½ cent sales tax is to be imposed, the board of commissioners must hold an election.

The vehicle rental tax applies only to passenger vehicles and motorcycles held for lease and located within the territorial jurisdiction of the transportation authority. The transportation authority is given the power to levy this tax after a public hearing has been held and a resolution has been adopted. The governing board of commissioners must also adopt a resolution.

The revenues from the sales and use tax are to be collected in the same manner as the ½ cent sales and use tax under Article 39 of the Revenue Laws. The 5% gross receipts tax is to be collected by the authority. The additional revenue from ½ cent sales tax and the 5% transportation tax are to be used by the unit of local government or the authority for financing public transportation needs.

- Cities and towns are authorized to levy a \$5.00 municipal vehicle tax for public transportation. This tax is in addition to the general municipal vehicle tax authorized under G.S. 20-97(B). The revenue from this registration tax is to be used for public transportation funding only.

ASSUMPTIONS AND METHODOLOGY:

There are thirty counties that are either a part of a transit authority or have at least one municipality that provides public transportation services. Table 1, shows the amount of revenue expected from the imposition of a ½ cent sales and use tax fiscal year 1997-98. The distribution is per capita, in accordance with Article 39 of the sales and use tax statutes. The revenue amounts recorded under the fiscal impact section assumes a six month collection period for the first year. County units of government and existing authorities will have to prepare resolutions, hold public hearings, and referendums before the tax can be imposed. The estimate also assumes that voters in each county will vote in favor of the tax. The growth in the revenue projections for an additional ½ cent sales and use tax are based on forecast values used in the General Fund financial model.

The act does not prohibit a county from establishing a public transportation service and implementing the ½ cent sales tax. If all 100 counties of the State were to levy such a tax the revenue for fiscal year 1997-98 is estimated to be \$365.2 million.

There is currently a gross receipts tax on the lease of motor vehicles authorized under General Statutes 105-187.5. The rate is 3% on long term leases and 8% on short term leases. This act proposes a tax of 5% on the short term leases. In fiscal year 1995-96 the revenue from the gross receipts tax on short term leases of motor vehicles was \$28.7 million. The expected revenue from an additional 5% tax to be applied to the same base is \$18.6 million for the same period. The growth in the 5% estimate is the same growth expected in Highway Trust Fund Revenues for fiscal years 1996-97 through 2001-02.

The \$5.00 municipal vehicle tax for public transportation can be levied without restriction to an existing public transportation service. The estimate is based on registration records provided by the Department of Transportation on vehicle registrations by municipality.

33 requirements established by the Board. A clinical supervisor shall also complete 15
34 hours of substance abuse clinical supervision or training prior to the certificate being
35 renewed. Certification that is not renewed automatically lapses, unless the Board
36 provides for the late renewal of certification upon the payment of a late fee. No late
37 renewal shall be granted more than five years after a certification expires. A
38 suspended certification is subject to this section's renewal requirements and may be
39 renewed as provided in this section. This renewal does not entitle the certified person
40 to engage in the certified activity or in any other conduct or activity in violation of
41 the order or judgment by which the certification was suspended, until the certification
42 is reinstated. If a certification revoked on disciplinary grounds is reinstated and
43 requires renewal, the certified person shall pay the renewal fee and any applicable
44 late fee.

1 (b) The Board shall establish the manner in which lapsed certification may be

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina Substance Abuse Professional Certification Board

EFFECTIVE DATE: This act is effective on October 1, 1997.

BILL SUMMARY: The bill adds clinical addictions specialist, clinical supervisor, and residential facility director to the list of job types the N. C. Substance Abuse Professional Certification Board certifies. The maximum fee for certification is increased from \$300 to \$325. The bill enables the professions of psychiatry, psychology, social work, licensed professional counselors, certified rehabilitation counselors and nurses to be certified by the Board under a "deemed status" provision. The fee for deemed status certification is \$100 initially and \$50 every two years.

ASSUMPTIONS AND METHODOLOGY: There are two fee changes in SB 712. The first is in Section 7, part(a) where the maximum fee to obtain a certificate of certification is increased from \$300 to \$325. The Executive Director of the Board, Jim Scarborough, explained that the increase in the certification fee is actually a transfer of a \$25 fee for testing materials to the certification fee. There is no increase in revenue from this action. The second change is in section 7, part (b), where professionals certified by the Board under "deemed status" are charged an

initial \$100 fee and a \$50 renewal fee every two years. Mr. Scarborough estimates there will be 1,000 professionals over the next five years to apply for certification. This fiscal note assumes that 200 professionals will apply each year. The revenue from this fee is calculated as follows:

	<u>1997-98</u>	<u>1998-99</u>	<u>1999-00</u>	<u>2000-01</u>	<u>2001-02</u>

NOTE: The Board's cash balance as of June 30, 1996 was \$31,258.

7 **"§ 130A-454. Certification of persons performing lead abatement; accreditation of**
8 **training courses and training providers.**

9 (a) No person shall commence or continue to perform abatement without first
10 obtaining certification from the Department. Persons who perform abatement within
11 a residential dwelling that they own and in which they reside are exempt from the
12 above certification requirement. The Commission shall adopt rules governing
13 certification including, but not limited to, categories of certification, education,
14 training, examination requirements, and an implementation schedule for certification
15 requirements. Any entity engaged in abatement activities shall only use persons
16 certified by the Department to perform abatements.

17 (b) No person shall commence or continue to provide certification training in
18 abatement unless the training and training provider have been accredited by the

29 for each examination.

30 (b) The Department shall establish and collect fees for the accreditation of lead
31 abatement training courses. These fees shall be used to support the Lead-Based Paint
32 Hazard Management Program in the Department. The fees shall not exceed two
33 thousand dollars (\$2,000) for initial accreditation for each course and shall not
34 exceed seven hundred fifty dollars (\$750.00) for annual renewal of each course.

35 (c) The fees established under this section shall not apply to any State, local
36 government, or nonprofit lead abatement training program.

37 (d) The fees established under this section shall not apply to governmental
38 regulatory personnel performing or inspecting abatement solely for the purpose of
39 determining compliance with applicable statutes or regulations.

40 **"§ 130A-454.2. Lead abatement permits.**

41 No person shall engage in lead abatement without a lead abatement permit issued
42 by the Department. The Commission shall adopt rules governing lead abatement

44 assessments.

1 "§ 130A-454.3. Application fees for lead abatement permits.

2 (a) The Department shall establish and collect an application fee for lead
3 abatement permits. These fees shall be used to support the Lead-Based Paint Hazard
4 Management Program in the Department. The application fee shall not exceed two
5 percent (2%) of the contracted price.

6 (b) The owner of any single-family dwelling, in which the owner will reside after
7 the lead abatement is complete, is not required to pay an application fee under
8 subsection (a) of this section. The owner of any single-family dwelling that is not
9 occupied by the owner is required to pay the application fee under subsection (a) of
10 this section.

11 "§ 130A-454.4. Commission to adopt work practice standards.

12 The Commission shall adopt standards to ensure that abatements performed under
13 this Article result in the elimination of lead-based paint hazards.

14 "§ 130A-454.5. Commission to adopt rules.

15 The Commission shall adopt rules to implement this Article."

16 Section 2. G.S. 130A-22 is amended by adding a new subsection to read:

17 "(b3) The Secretary may impose an administrative penalty on a person
18 who violates Article 19A of this Chapter or any rules adopted
19 pursuant to Article 19A of this Chapter. Each day of a continuing
20 violation shall constitute a separate violation. The penalty shall

- 1 A BILL TO BE ENTITLED
2 AN ACT TO ESTABLISH A STATE-ADMINISTERED LEAD-BASED PAINT
3 HAZARD MANAGEMENT PROGRAM IN LIEU OF HAVING A FEDERALLY
4 ADMINISTERED PROGRAM APPLY IN THIS STATE.
5 The General Assembly of North Carolina enacts:
6 Section 1. Chapter 130A of the General Statutes is amended by adding
7 the following new Article to read:
8 "ARTICLE 19A.
9 "Lead-Based Paint Hazard Management Program.
10 "§ 130A-453. Definitions.
11 The following definitions apply in this Article:
12 (1) Abatement. -- Identifying lead-based paint, identifying or assessing
13 a lead-based paint hazard, or undertaking any of the following
14 measures to eliminate a lead-based paint hazard:
15 a. Removing lead-based paint from a surface and repainting
16 the surface.
17 b. Removing a component, such as a windowsill, painted with
18 lead-based paint and replacing the component.
19 c. Enclosing a surface painted with lead-based paint with
20 paneling, vinyl siding, or another approved material.
21 d. Encapsulating a surface painted with lead-based paint with a
22 sealant.
23 e. Any other measure approved by the Commission.

1 The term includes an inspection and a risk assessment.

2 (2) Child-occupied facility. -- Defined in 40 C.F.R. § 745.223.

3 (3) Inspection. -- An investigation to determine the presence of lead-
4 based paint.

5 (4) Lead-based paint. -- Paint or another surface coating that contains
6 lead in excess of a level that is safe, as established by the
7 Commission.

8 (5) Lead-based paint hazard. -- A condition that is likely to cause
9 adverse human health effects as a result of exposure to lead-based
10 paint or to soil or dust that contains lead derived from lead-based
11 paint.

12 (6) Person. -- Defined in G.S. 130A-444.

13 (7) Risk assessment. -- An on-site investigation to determine and
14 report the source, severity, and location of a lead-based paint
15 hazard.

16 (8) Target housing. -- Defined in 40 C.F.R. § 745.223.

17 **"§ 130A-454. Certification of individuals who perform abatements.**

18 (a) Requirement. -- An individual shall not perform or offer to perform an
19 abatement of target housing or a child-occupied facility unless the individual is
20 certified by the Department to perform the activity. Performance of an abatement
21 encompasses a range of activities. To ensure proper performance of all aspects of an
22 abatement, the certification requirement imposed on an individual applies to each
23 category of abatement activity.

24 The categories of individual certification are inspector, risk-assessor, designer,
25 supervisor, worker, and any other category required by federal law. The category of
26 risk-assessor includes the category of inspector. Thus, a person who is certified as a
27 risk-assessor is not required to be certified as an inspector. Otherwise, an individual
28 who performs or offers to perform activities within the scope of more than one
29 category must be certified in each category.

30 (b) Exemption. -- The certification requirement imposed by this section does not
31 apply to an individual who performs an abatement of a residential dwelling the
32 person owns and occupies as a residence.

33 **"§ 130A-454.1. Certification and other requirements of firms that perform**
34 **abatements.**

35 A firm or other entity shall not perform or offer to perform an abatement of target
36 housing or a child-occupied facility unless the entity is certified by the Department as
37 a firm that is qualified to perform the activity. An entity that performs an abatement
38 of target housing or a child-occupied facility shall not use an individual to perform
39 the abatement unless the individual is certified by the Department to perform the
40 activity.

41 **"§ 130A-454.2. Qualifications for certification of individuals and firms.**

42 To be certified under this Article, a person must meet the qualification
43 requirements set by the Commission. Qualification requirements include education,

1 training, experience, the successful completion of an examination, and payment of
 2 any applicable fee.

3 **"§ 130A-454.3. Renewal of certification.**

4 A certification of an individual or a firm issued under this Article expires on the
 5 last day of the 12th month after the certification is issued. A certification may be
 6 renewed by paying the renewal fee and meeting any standards for renewal, such as
 7 refresher training, established by the Commission.

8 **"§ 130A-454.4. Accreditation of training courses and training providers.**

9 Completion of a training course on abatement does not satisfy a training
 10 requirement that is a condition for certification under this Article unless both the
 11 course provider and the course have been accredited by the Department. The
 12 Commission shall establish the procedure and standards for a course provider and a
 13 course to be accredited.

14 **"§ 130A-454.5. Certification and accreditation fee schedule.**

15 (a) The Commission shall establish fees for the items listed in the table below. A
 16 fee for an item may not exceed the maximum amount set in the table. The fees for
 17 examination and certification apply to each category in which a person is examined
 18 for certification or is certified.

<u>Item</u>	<u>Maximum Fee</u>
20 <u>Examination for certification</u>	<u>\$75</u>
21 <u>Certification as worker</u>	<u>50</u>
22 <u>Certification in any category other</u> 23 <u>than worker</u>	<u>150</u>
24 <u>Course provider accreditation</u>	<u>150</u>
25 <u>Initial course accreditation</u>	<u>2,000</u>
26 <u>Renewal course accreditation</u>	<u>750.</u>

27 (b) Use. -- The fees imposed under this section are departmental receipts and shall
 28 be used by the Department to administer this Article.

29 (c) Exemptions. -- The examination and certification fees imposed under this
 30 section do not apply to governmental regulatory personnel who perform abatements
 31 solely for the purpose of determining compliance with applicable statutes or rules.
 32 The course provider and course accreditation fees imposed under this section do not
 33 apply to the State, a unit of local government, or a nonprofit entity or a course
 34 offered by one of these persons.

35 **"§ 130A-454.6. Abatement permits.**

36 (a) Requirement. -- No person shall conduct an abatement of target housing or a
 37 child-occupied facility unless the person has obtained a permit for the abatement
 38 from the Department. The Commission shall establish the procedure for obtaining a
 39 permit. The permit requirement does not apply to an inspection or a risk assessment.

40 (b) Permit Fee. -- An applicant for an abatement permit must pay an application
 41 fee to the Department. The fee is two percent (2%) of the contracted price for the
 42 corrective action to be performed in the abatement, not to exceed five hundred
 43 dollars (\$500.00). The fee imposed under this section is a departmental receipt and
 44 shall be used by the Department to administer this Article.

1 (c) Homeowner. -- An individual who owns a single-family dwelling, conducts an
2 abatement on the dwelling, and will reside in the dwelling after the abatement is
3 completed is required to obtain a permit to conduct the abatement but is not
4 required to pay the permit fee for the permit.

5 "§ 130A-454.7. Standards to ensure elimination of hazards; consumer information.

6 (a) Standards. -- The Commission shall establish standards to ensure that
7 abatements performed under this Article result in the elimination of lead-based paint
8 hazards. An abatement performed under this Article must be performed in
9 accordance with these standards.

10 (b) Information. -- The Department shall prepare a fact sheet on abatement for
11 distribution to consumers. The sheet shall list the various measures for abatement of
12 a child-occupied facility or target housing and give the relative cost of each measure.
13 A person who is certified under this Article shall give a copy of the sheet to a person
14 for whom the certified person performs an abatement.

15 "§ 130A-454.8. Commission to adopt rules.

16 The Commission shall adopt rules to implement this Article."

17 Section 2. G.S. 130A-22 is amended by adding a new subsection to read:

18 "(b3) The Secretary may impose an administrative penalty on a person who
19 violates Article 19A of this Chapter or any rules adopted pursuant to Article 19A of
20 this Chapter. Each day of a continuing violation is a separate violation. The penalty
21 shall not exceed one thousand dollars (\$1,000) for each day the violation continues.
22 The penalty authorized by this section does not apply to a person who is not required
23 to be certified under this Article nor to a failure to obtain certification."

24 Section 3. G.S. 130A-454.8, as enacted by this act, and this section are
25 effective when they become law. The remainder of this act becomes effective July 1,
26 1998. This act does not affect the interim certification program requirements that
27 apply before July 1, 1998, for individuals who perform lead-based paint activities
28 funded by a grant from the federal government.

for each lead abatement project (excluding homeowners) at a price equal to 2% of the contracted price of the project. Violation of this statute carries a \$1,000 a day administrative penalty.

ASSUMPTIONS AND METHODOLOGY:

Revenue

I. Accreditation of Training Courses

The Department estimates that it will accredit 10 lead abatement training courses in each of the first two years of the program, then accredit only 4 each year thereafter. Each program will be charged \$2,000 for accreditation review and \$750 for annual renewal of their accreditation. In the first year, the Department will also verify the courses and instructors of programs accredited in 26 states such as Maryland, Virginia, Georgia, and Kentucky. The Department will charge \$750 for the course verification or the same as a renewal. It is anticipated that some training programs will drop out each year beginning in the year 2000.

		\$50,000

FY 1999-00	4 Initial	X \$2,000 = \$8,000
	50 Renewals	X \$750 = <u>\$37,500</u>
		\$45,500

FY 2000-01	4 Initial	X \$2,000 = \$8,000
	40 Renewals	X \$750 = <u>\$30,000</u>
		\$38,000

FY 2001-02	4 Initial	X \$2,000 = \$8,000
	40 Renewals	X \$750 = <u>\$30,000</u>
		\$38,000

II. Lead abatement certification

The Department may charge up to \$150 to certify a person to perform lead abatement. The Department has set the following rates for each category of personnel:

- worker = \$25
- supervisor = \$150
- inspector = \$150
- risk assessor = \$150
- designer = \$150
- firm = \$100

Due to rule-making and other startup delays, the program is anticipated to begin in January 1998. Revenue from lead abatement certification for the first fiscal year reflects only 6 months of program operation. Department officials expect certifications to rise until the year 2000 then level off as shown in the chart below.

	<u>1997-98</u>	<u>1998-99</u>	<u>1999-00</u>	<u>2000-01</u>	<u>2001-02</u>
Worker	300	500	800	800	800
Supervisor	75	100	150	150	150
Inspector	150	350	500	500	500
Risk Assessor	40	80	120	120	120

Firms	40	60	80	80	80
Total	610	1,105	1,675	1,675	1,675
Annual Fees	\$52,000	\$100,250	\$147,250	\$147,250	\$147,250

III. Lead certification exams

The Department projects the number of exams it will administer as follows (at \$75 per exam):

	<u>Exams</u>	<u>Revenues</u>
FY 1997-98	270	\$ 20,250
FY 1998-99	500	\$ 37,500
FY 1999-00	200	\$ 15,000
FY 2000-01	200	\$ 15,000
FY 2001-02	200	\$ 15,000

IV. Lead-based paint removal permits

The fee for lead-based paint removal permits is equal to 2% of the contract price. Half of the permits will be used by homeowners and will be exempt from the charge. The Department believes much of the permit activity in the first two years will be driven by federal HUD housing funds, but the work will decline in 1999 and beyond as the federal dollars end.

	<u>Permits</u>	<u>Revenues</u>
FY 1997-98	500	\$ 13,000
FY 1998-99	900	\$ 23,400
FY 1999-00	500	\$ 13,000
FY 2000-01	500	\$ 13,000
FY 2001-02	500	\$ 13,000

Expenditures

The Lead-Based Paint Hazard Management Program created by this act will be partially supported with revenues generated from the accreditation, certification, examination and permit fees to be established by the Department. A federal lead grant will be used to offset the remaining program costs.

Program responsibilities and activities include:

- ◆ certification of persons performing lead abatement activities to ensure that qualified persons conduct lead hazard reduction activities,
- ◆ accreditation of training courses and persons providing training to individuals seeking certification to assure adequacy of course materials and competency of instructors,
- ◆ regulatory guidance, oversight and compliance, including the establishment of a lead abatement notification system to facilitate monitoring of abatement activities by the state.

According to the Department, a total of six full-time positions will be required to administer the program with an initial startup cost of \$369,192, including \$4,500 for a nonrecurring equipment purchase. Since program revenues are expected to be less the first year because of rule-making and other startup delays, the federal grant will be used to fund four positions for the 1997-98 fiscal year. The remaining two positions will be supported with certification and other program receipts during the 1997-98 fiscal year. As program revenues increase, beginning with the 1998-99 fiscal year, federally funded positions will be shifted to certification, accreditation, examination and/or permit receipts. The department expects sufficient federal funds to be available to offset any costs not covered by program fees.

The total estimated budget requirements for the Lead-Based Paint Hazard Management Program are outlined in the following table:

	FY 1997-98	FY 1998-99	FY 1999-00	FY 2000-01	FY 2001-02

* Beginning with the 1998-99 fiscal year, salaries are adjusted to reflect the projected growth estimated for average hourly earnings in manufacturing. The inflation rates used are based on forecasts by Data Resources, Inc.

EXPLANATION OF SENATE BILL 915
Proposed Committee Substitute
Intangibles Tax Remedy

TO: Senate Finance Committee
FROM: Sabra Faires, Committee Counsel
DATE: June 3, 1997
Sponsor: Senators Kerr and Hoyle

The proposed committee substitute for Senate Bill 915 provides an intangibles tax refund, with interest, to intangibles taxpayers who made a timely protest. Since the enactment of Senate Bill 388, S.L. 1997-17, the General Assembly is obligated to pay protesters their refunds. The bill does not provide relief to nonprotesters. The Attorney General's office issued an opinion in April that it would be unconstitutional for the General Assembly to refund intangible taxes not filed under protest.

On February 10, 1997, the North Carolina Supreme Court held that the taxable percentage deduction in the North Carolina intangible tax on stock violated the commerce clause by discriminating against out-of-state companies. The deduction reduced a taxpayer's liability for the tax in proportion to the amount of business the corporation did in North Carolina. The court did not order refunds. Instead, it allowed the possibility of curing the past discrimination by the assessment of intangibles tax on those who did not pay in reliance on the unconstitutional taxable percentage deduction. The Secretary of Revenue began preparing to take this action in early March.

However, on April 9, 1997, the General Assembly ratified Senate Bill 388, and the Governor signed it into law, S.L. 1997-17, on April 10, 1997. That legislation directed the Secretary of Revenue to take no action to collect or assess back intangibles tax for tax years 1990 through 1994. This legislation forecloses the possibility of assessments on those who relied on the taxable percentage deduction. Therefore, to cure the past discrimination, the General Assembly must now provide intangibles tax refunds to those intangibles taxpayers who paid tax on shares of stock and who protested the payment of the tax within 30 days of payment.

The issue of refunds to protesters has been addressed recently in the Smith case, another intangibles tax case, in which the group of intangible tax protesters has been certified as a class for purposes of the suit. Within the last two weeks, the superior court judge in that case issued a verbal order to pay the

protesters refunds with simple interest at 8%. A written judgment has not been issued yet in that case. The enactment of this bill will fulfill the General Assembly's obligation to provide for refunds after prohibiting the assessments, may speed the refunds, and may help taxpayers decide whether they would receive any benefit by remaining part of the Smith class. A taxpayer who is part of the class may be required to pay attorneys fees from the refund the taxpayer will otherwise receive.

The bill does not provide relief to nonprotesters. The reason for this is that, because the State has no legal obligation to these taxpayers, any payments to them would be an exclusive emolument prohibited by Article I, Section 32 of the North Carolina Constitution. The exclusive emoluments provision of the State Constitution prohibits the legislature from extending special privileges to a select group of individuals except in consideration of public services. The tax refunds granted by the 1996 General Assembly to federal retirees who did not pay the tax on their federal retirement income under protest were stated to be in consideration of their public service.

1 Section 2. The Secretary of Revenue shall make these refunds in
2 accordance with G.S. 105-267.

3 Section 3. This act becomes effective July 1, 1997.

9 The General Assembly finds that a statewide network of
10 protected natural areas, riparian buffers, and greenways can best
11 be accomplished through a conservation easements program. The
12 General Assembly further finds that other public conversation and
13 use programs, such as natural area protection, beach access,
14 trail systems, historic landscape protection, and agricultural
15 preservation, can benefit from increased conservation tools. In
16 this Article, the General Assembly therefore intends to extend
17 the ability of the Department of Environment, Health, and Natural
18 Resources to achieve these purposes and to strengthen the
19 capability of private nonprofit land trusts to participate in
20 land and water conservation.

21 "§ 113A-231. Program to accomplish conservation purposes.

22 The Department of Environment, Health, and Natural Resources
23 shall develop a nonregulatory program that uses conservation tax
24 credits as a prominent tool to accomplish conservation purposes,
25 including the maintenance of ecological systems.

26 "§ 113A-232. Conservation Grant Fund.

27 (a) Fund Created. -- The Conservation Grant Fund is created
28 within the Department of Environment, Health, and Natural
29 Resources. The Fund shall be administered by that Department.
30 The purpose of the Fund is to stimulate the use of conservation

32 trusts to successfully accomplish conservation projects, to
33 better equip real estate related professionals to pursue
34 opportunities for conservation, to increase citizen participation
35 in land and water conservation, and to provide an opportunity to
36 leverage private and other public monies for conservation
37 easements.

38 (b) Fund Sources. -- The Conservation Grant Fund shall consist
39 of any monies appropriated to it by the General Assembly and any
40 monies received from public or private sources. Unexpended
41 monies in the Fund that were appropriated from the General Fund
42 by the General Assembly shall revert at the end of the fiscal
43 year unless the General Assembly otherwise provides. Unexpended

1 monies in the Fund from other sources shall not revert and shall
2 remain available for expenditure in accordance with this Article.

3 (c) Eligibility. -- In order for land to be the subject of a
4 grant under this Article, the land must possess or have a high
5 potential to possess ecological value, must be reasonably
6 restorable, and must qualify for tax credits under G.S. 105-
7 130.34. or G.S. 105-151.12. Private nonprofit land trust
8 organizations must be qualified pursuant to G.S. 105-130.34 and

18 from which will be used for a purpose described in
19 G.S. 113A-233(a)(3) or (a)(5).

20 "§ 113A-233. Uses of a grant from the Conservation Grant Fund.

21 (a) Allowable Uses. -- A grant from the Conservation Grant
22 Fund may be used only to pay for one or more of the following
23 costs:

- 24 (1) Reimbursement for total or partial transaction
25 costs for donations from individuals or
26 corporations satisfying either of the following:
 - 27 a. Insufficient financial ability to pay all
28 costs or insufficient taxable income to allow
29 these costs to be included in the donated
30 value.
 - 31 b. Insufficient tax burdens to allow these costs
32 to be offset by the value of tax credits under
33 G.S. 105-130.34 or G.S. 105-151.12 or by
34 charitable deductions.

3 such as overnight travel.

4 (7) Administrative costs for short-term growth or for
5 building capacity.

6 (b) Prohibition. -- The Fund shall not be used to pay the
7 purchase price for any interest in land.

8 "§ 113A-234. Administration of grants.

9 The Secretary of Environment, Health, and Natural Resources
10 shall establish the procedures and criteria for awarding grants
11 from the Conservation Grant Fund. The criteria shall focus
12 grants on those areas, approaches, and techniques that are likely
13 to provide the optimum positive effect on environmental
14 protection. The Secretary shall make the final decision on the
15 award of grants and shall announce the award publicly in a timely
16 manner.

17 The Secretary may administer the grants under this Article or
18 may contract for selected activities under this Article. If
19 administrative services are contracted, the Department shall
20 establish guidance and criteria for its operation and contract
21 with a statewide nonprofit land trust service organization.

22 "§ 113A-235. Conservation easements.

23 Ecological systems and appropriate public use of these systems
24 may be protected through conservation easements, including
25 conservation agreements under Article 4 of Chapter 121 of the
26 General Statutes, the Conservation and Historic Preservation
27 Agreements Act. The Department of Environment, Health, and
28 Natural Resources shall work cooperatively with State and local

BILL SUMMARY:

The proposed act increases the income tax credit for donations of real property made to the State, a unit of local government, or to a body organized to receive land for conservation purposes. The corporate credit under G. S. 105-130.34 is increased from \$25,000 to \$250,000. The individual credit under G. S. 105-151.12 is increased from \$25,000 to \$100,000. .
 Makes a clarifying change to the property tax statutes under G. S. 105-287(a) and G. S. 105-317(a).

ASSUMPTIONS AND METHODOLOGY:

It is impossible to determine how much real property will be donated in a given year under this act. Donors are motivated to make such gifts for many different reasons. However, it is logical to assume that the greater the tax credit received from the donation, the more real property individuals and corporations are willing to donate. This assumption is evident in the increase in donations and their characteristics when the credit was increased from a \$5,000 cap to the current \$25,000. (The percentage increase in the cap effective tax year 1989 was 500% or five times the 1983 cap.)

For tax years 1983 through 1988, 37 donations were made by 169 donors. Each donor gave an average of 66 acres for a total acreage of 2,383. The estimated value of this acreage is \$5.6 million. For tax years 1989 through 1995, 95 donations were made by 215 donors. Each donor gave an average of 252 acres for a total acreage of 23,714. The estimated value of this acreage is \$34.5 million. The cumulative credit for the period 1983 to 1988 was \$574,151 and for the period 1989 to 1995 was \$2,805,488. The percentage increase over this period is 488% or almost five times the cumulative credit for 1983 through 1988. The ratio of the increase in the credit cap to the increase in certified credits is almost 1 to 1; 488% increase in credits to a 500% increase in the cap.

This act raises the credit cap 1000% for corporations and 400% for individuals. If this ratio continues the level of additional certified credit, on average, for the next five years is expected to be \$1.7 million a year for corporations and \$1.5 million a year for individuals.

Equations shown below:

Corporations

The base data for credits certified to corporations is the seven year average of cumulative credits for the period 1989 to 1995 times 30%, the corporate share of total credits for the period; \$841,646. This value times 10 divided by five years equals \$1.7 million a year in new credits.

- $\$2,805,488 * .30 = \$841,646$
- $(\$841,646 * 10) / 5 = \1.7 million

Individuals

The base data for credits certified to individuals is the seven year average of cumulative credits for the period 1989 to 1995 times 69%, the individual share of total credits for the period; \$1,935,787. This value times 4 divided by five years equals \$1.5 million a year in new credits.

- $\$2,805,488 * .69 = \$1,935,787$
- $(\$1,935,787 * 4) / 5 = \1.5 million

19 from the Fund are consistent with sound business practices, including requirements
20 that all loans be collateralized, that applicants have sound credit ratings and meet
21 experience standards set by the Authority, and that financing not be speculative. The
22 Authority shall assure that guaranteed loans meet standards such that the loans can
23 be sold on the secondary market.

24 The Authority shall charge a fee of one percent (1%) of the guaranteed amount of
25 the loan. The face of each guarantee issued must contain a statement that the
26 Authority is obligated to pay the guarantee only from the revenue in the Fund and
27 that neither the taxing power nor the faith and credit of the State or any of its
28 political subdivisions is pledged in payment of the guarantee.

29 (c) Minimum Wage Standards. -- The Authority shall require as a condition of
30 receiving a loan guarantee from the Fund that jobs to be created by a business must
31 pay at least twenty-five percent (25%) above the median weekly wage paid in the
32 county in which the jobs will be located. For the purpose of this subsection, the
33 median wage in a county is the median average wage for all insured industries in the
34 county as computed by the Employment Security Commission for the most recent
35 period for which data are available. The Authority may waive or alter the minimum
36 wage requirement if the area in which the jobs are to be created has an especially
37 severe rate of unemployment or in similar cases involving extreme circumstances.

38 (d) Minimum and Maximum Guarantee. -- A loan guarantee may not exceed
39 ninety percent (90%) of the unpaid balance of the loan. The Authority shall provide
40 loan guarantees in amounts no less than fifty thousand dollars (\$50,000) per business
41 and no greater than one hundred fifty thousand dollars (\$150,000) per business. The
42 amount of loan guarantees should not exceed twenty thousand dollars (\$20,000) per
43 job to be created, on average.

1 (e) Priority of Financing. -- In choosing businesses to finance, the Authority shall
2 give priority to start-up businesses; businesses that engage primarily in manufacturing,
3 processing, warehousing, wholesaling, research and development, or a service-related
4 industry; businesses that will create high-quality jobs; and businesses that cannot
5 obtain sufficient financing through traditional financial institutions. The Authority
6 shall assign a lower priority to real estate related businesses as defined in G.S. 105-
7 163.010 and to businesses that engage primarily in providing a professional service as
8 defined in Chapter 55B of the General Statutes, construction or contracting, selling or
9 leasing at retail, providing personal grooming or cosmetic services, or offering any
10 form of entertainment, amusement, recreation, or athletic or fitness activity for which
11 an admission or a membership is charged. The Authority shall not finance a business
12 engaged as a substantial part of its business in the purchase, sale, or development, or
13 purchasing, selling, or holding for investment of commercial paper, notes, other
14 indebtedness, financial instruments, securities, or real property, or otherwise in
15 making investments. The Authority shall not finance a business formed for the
16 primary purpose of acquiring all or part of the stock or assets of one or more existing
17 businesses.

18 (f) Disbursements. -- The Authority shall pay a participating lender the amount
19 owed under a guarantee on a defaulted loan upon certification of the lender that all
20 collateral for that loan that can reasonably be liquidated has been liquidated.

21 (g) Technical Assistance. -- The Authority shall provide technical assistance and
22 support to businesses to enable them to obtain loan guarantees and other support
23 from federal agencies and other sources.

24 "§ 53A-54. Powers of the Authority.

25 (a) The Authority shall have all of the powers necessary to execute the provisions
26 of this Part, which shall include at least the following powers:

- 27 (1) The powers of a corporate body, including the power to sue and
28 be sued and to adopt and use a common seal.
- 29 (2) To own, acquire, finance, rent, lease, dispose of, encumber,
30 mortgage, or manage real or personal property, but not to acquire
31 property by eminent domain.
- 32 (3) To pay all necessary costs and expenses in the formation,
33 organization, administration, and operation of the Authority.
- 34 (4) To apply for, accept, and administer loans and grants of money
35 from any federal agency, from the State or its political subdivisions,
36 or from any other public or private sources available, to expend
37 the money in accordance with the requirements imposed by the
38 lender or donor, and to give any evidences of indebtedness that are
39 required. No indebtedness of any kind incurred or created by the
40 Authority shall constitute an indebtedness of the State or its
41 political subdivisions, and no indebtedness of the Authority shall
42 involve or be secured by the faith, credit, or taxing power of the
43 State or its political subdivisions.

1 (5) To make loans to or deposits with lending institutions and
2 purchase or sell loans.

3 (6) To adopt bylaws or rules implementing the provisions of this Part.

4 (7) To indemnify the Authority and its officers, directors, agents,
5 employees, and adjoining property owners, or the general public
6 against loss or liability resulting from any act or omission by or on
7 behalf of the Authority.

8 (8) To arrange for the State Treasurer to invest in its obligations
9 pursuant to G.S. 147-69.2(b)(10a).

10 (b) To execute the powers provided in subsection (a) of this section, the Board
11 shall determine the policies of the Authority by majority vote of the members of the
12 Board present and voting, a quorum having been established. Once a policy is
13 determined, the Board shall communicate it to the executive director, who shall have
14 the sole and exclusive authority to execute the policy of the Authority. No member
15 of the Board shall have the responsibility or authority to give operational directives to
16 any employee of the Authority other than the executive director.

17 **"§ 53A-55. Purchases and sales of loans.**

18 If the Authority becomes the owner of a defaulted loan it may purchase or
19 contract to purchase and sell or contract to sell the loan.

20 **"§ 53A-56. Taxation of property of Authority.**

21 Property owned by the Authority is exempt from taxation in accordance with
22 Section 2 of Article V of the North Carolina Constitution.

23 **"§ 53A-57. Authority funds; pledge.**

24 (a) All Authority funds shall be deposited in one or more banks to be designated
25 by the Board. Funds of the Authority shall be paid out only upon warrants signed by
26 the treasurer or assistant treasurer of the Authority and countersigned by the chair,
27 the acting chair, or the executive director. Warrants shall be drawn or issued
28 disbursing the funds of the Authority only for a purpose authorized by this Part and
29 only when the account or expenditure has been audited and approved by the
30 Authority or its executive director.

31 (b) The Authority may not pledge any money other than money in the Fund for
32 payment of a loss. No action by the Authority constitutes the creation of a debt
33 secured by a pledge of the taxing power or of the faith and credit of the State or any
34 of its political subdivisions.

35 Any pledge made by the Authority shall be valid and binding from time to time
36 when the pledge is made. The money, assets, or revenues of the Authority so pledged
37 and thereafter received by the Authority shall immediately be subject to the lien of
38 the pledge without any physical delivery or further act, and the lien of any pledge
39 shall be valid and binding as against all parties having claims of any kind in tort,
40 contract, or otherwise against the Authority, irrespective of whether the parties have
41 notice of the lien. Neither the resolution nor any other instrument by which a pledge
42 is created need be recorded or filed in order to establish and perfect a lien or security
43 interest in the property so pledged by the Authority. This section does not prohibit
44 the Authority from selling any assets subject to any pledge except to the extent that

1 the sale may be restricted by the trust agreement or resolution providing for the
2 issuance of such obligations.

3 **"§ 53A-58. Cooperation by other State agencies.**

4 All State officers and agencies shall render the services to the Authority within
5 their respective functions as may be requested by the Authority.

6 **"§ 53A-59. Annual reports.**

7 The Authority shall, promptly following the close of each fiscal year, submit an
8 annual report of its activities for the preceding year to the Governor, the General
9 Assembly, and the State Treasurer. Each report shall be accompanied by an audit of
10 its books and accounts. The costs of all audits, whether conducted by the State
11 Auditor's staff or contracted with a private auditing firm, shall be paid from funds of
12 the Authority.

13 **"§ 53A-60. Dissolution.**

14 Whenever the Board determines by resolution that the purposes for which the
15 Authority was formed have been substantially fulfilled and that all obligations
16 incurred by the Authority have been fully paid or satisfied, the Board may declare
17 the Authority to be dissolved. On the effective date of the resolution, the title to all
18 funds and other property owned by the Authority at the time of the dissolution shall
19 vest in the State and possession of the funds and other property shall be delivered to
20 the State."

6 Section 1. This act is the Small Business Capital and
7 Growth Act of 1997.
8 Section 2. Part 2 of Article 10 of Chapter 143B of the
9 General Statutes is amended by adding a new section to read:
10 "§ 143B-437B. Capital Access Loan Guarantee Fund.

12 Fund is created as a special revenue account in the Department of
13 Commerce to provide loan guarantees to qualified North Carolina
14 businesses, as defined in G.S. 53A-37. Revenue in the Fund does
15 not revert at the end of a fiscal year, and interest and other
16 investment income earned by the Fund accrues to the Fund.
17 (b) Capital Access Loan Guarantee Program. -- The Capital
18 Access Loan Guarantee Fund shall be used to guarantee private
19 loans made by federally insured lending institutions to qualified
20 North Carolina businesses for capital costs of business start-ups
21 and expansions. A loan guarantee from the Fund may not exceed

1 ninety percent (90%) of the unpaid balance of the loan. The loan
2 guarantees shall be in amounts no less than twenty-five thousand
3 dollars (\$25,000) per business and no more than one hundred fifty
4 thousand dollars (\$150,000) per business. The loan proceeds must
5 be used to acquire, construct, or improve capital assets and may
6 not be used for operating expenses. The term of the loan may not

8 years. The loan applicant must invest equity of at least ten
9 percent (10%) of the project amount. The Fund shall charge a fee
10 of one percent (1%) of the guaranteed amount of a loan.

11 (c) Conditions for Loan Guarantees. -- The Department of
12 Commerce shall assure that all loan guarantees provided from the
13 Fund are consistent with sound business practices by requiring
14 that the loans be collateralized, that the applicants have sound
15 credit ratings and meet experience standards set by the
16 Department, and that financing not be speculative. The
17 Department of Commerce shall assure that guaranteed loans meet
18 standards such that the loans can be sold on the secondary
19 market.

20 The Fund shall guarantee only loans that will result in the
21 creation of new jobs. The amount of loan guarantees should not
22 exceed twenty thousand dollars (\$20,000) per job to be created,
23 on average. The Department shall require as a condition of
24 receiving a loan guarantee from the Fund that jobs to be created
25 by a business as a result of the loan guarantee must meet the
26 wage standard established in G.S. 105-129.4(b). The Department
27 may waive or alter this minimum wage requirement if the area in
28 which the jobs are to be created has an especially severe rate of
29 unemployment or in similar cases involving extreme circumstances.

30 (d) Priority of Financing. -- In choosing businesses to
31 finance, the Department of Commerce shall give priority to
32 start-up businesses; businesses that engage primarily in

35 create high-quality jobs; and businesses that cannot obtain
36 sufficient financing through traditional financial institutions.
37 The Department shall assign a lower priority to real estate

41 construction or contracting, selling or leasing at retail,
42 providing personal grooming or cosmetic services, or offering any
43 form of entertainment, amusement, recreation, or athletic or
44 fitness activity for which an admission or a membership is

1 charged. The Department shall not finance a business engaged as
2 a substantial part of its business in the purchase, sale, or
3 development, or purchasing, selling, or holding for investment of
4 commercial paper, notes, other indebtedness, financial
5 instruments, securities, or real property, or otherwise in making
6 investments. The Department shall not finance a business formed
7 for the primary purpose of acquiring all or part of the stock or
8 assets of one or more existing businesses.

10 Department of Commerce for a loan guarantee on behalf of a loan
11 applicant. The application must include the following:

- 13 (2) Borrower's address and business address, if it is

24 Commerce.

25 (f) Administration. -- All loan guarantees must be approved by
26 the Department of Commerce. The total amount of loan guarantees
27 issued may not exceed ten times the amount of money in the Fund.
28 The Department may not pledge any money other than money in the
29 Fund for payment of a loss. No action by the Department
30 constitutes the creation of a debt secured by a pledge of the
31 taxing power or of the faith and credit of the State or any of
32 its political subdivisions. The face of each guarantee issued
33 must contain a statement that the Department is obligated to pay
34 the guarantee only from the revenue in the Fund and that neither
35 the taxing power nor the faith and credit of the State or any of
36 its political subdivisions is pledged in payment of the
37 guarantee.

38 (g) Disbursements. -- The Department of Commerce shall pay a

42 been liquidated.

43 (h) Reports. -- The Department of Commerce shall report
44 annually to the General Assembly concerning the applications made

1 to the fund and the loan guarantees made from the fund, and the
2 impact of the guarantees on job creation in the State. The
3 Department of Commerce shall also report quarterly to the Joint
4 Legislative Commission on Governmental Operations and the Fiscal

13 in this act. It is the intent of the General Assembly that this
14 appropriation represents nonrecurring funds and shall not become
15 part of the Department of Commerce's continuation budget after
16 the 1997-99 fiscal biennium.

17 Section 4. This act becomes effective July 1, 1997.

EXPLANATION OF SENATE BILL 271
Proposed Committee Substitute
Small Business Capital & Growth Act

TO: Senate Finance Committee
FROM: Sabra Faires, Committee Counsel
DATE: June 3, 1997
SPONSOR: Senator Larry Shaw

The proposed committee substitute for **Senate Bill 271** establishes the Capital Access Loan Guarantee Fund and appropriates \$50 million from the General Fund to this new Fund during the 1997-99 biennium. Revenue in the Fund is to be used to guarantee private loans made by federally insured lending institutions to qualified North Carolina businesses for the purpose of acquiring, constructing, or improving capital assets. A qualified North Carolina business is a business whose headquarters and principal business operations are located in this State and that, together with any affiliates, had gross income during the preceding fiscal year of less than \$40 million dollars. The bill becomes effective July 1, 1997.

The Fund is to be administered by the Department of Commerce. A loan guarantee from the Fund is subject to certain limits. The amount guaranteed may not exceed 90% of the unpaid balance of the loan. The guarantee must be for at least \$25,000 and cannot exceed \$150,000. The term of the loan that is guaranteed cannot exceed 20 years and the loan must be callable at up to seven years. The loan must result in the creation of new jobs. The new jobs must meet the wage standards for the existing jobs tax credit, unless the Department waives the wage standard because of extreme circumstances in the locality. To be eligible for a loan guarantee, the loan applicant must invest equity in the business of at least 10% of the loan amount. The loan must be collateralized and the loan applicant must have a sound credit rating and meet the experience standards set by the Department.

The bill establishes a priority for making loan guarantees. The priorities are for start-up businesses, businesses that engage primarily in manufacturing, processing, warehousing, wholesaling, research and development, or a service-related industry, businesses that will create high-quality jobs, and businesses that cannot obtain sufficient financing from traditional sources. Businesses that engage primarily in making investments or in financing are not eligible for a loan guarantee from the Fund.

A fee applies to a person who receives a loan guarantee from the Fund. The fee is 1% of the guaranteed amount of the loan.

A cap applies to the total amount of loans that the Fund can guarantee. The cap is 10 times the amount of money in the Fund. The Department of Commerce must report annually on the activities of the Fund.

MEMORANDUM

TO: Senator Larry Shaw
North Carolina General Assembly

FROM: Niki Underwood, Director *TU*
Tax Research Division

SUBJECT: Information for Senate Bill 271

Per your request, following is a rough presentation based on the addition of 25,000 jobs into North Carolina's economy at an average wage of \$20,000, for a total of \$500,000,000. Of course, we have no knowledge of how many jobs would actually be created if Senate Bill 271 were enacted, nor what the actual average wage would be. Given the uncertainty attached to these estimates, they should not be considered as estimates of the fiscal impact of Senate Bill 271, but only as an indicator of the potential effect, given the assumptions which you provided.

The percentages used to distinguish state and local taxes are based primarily on estimates of state and local taxes related to total personal income from data found in Governmental Finances: 1992-93, published by the Bureau of the Census, US Department of Commerce, and presented by OSBM in the North Carolina Tax Guide 1996. It was further assumed that 80% of total state and local taxes would be paid by individuals.

- 25,000 jobs @ \$20,000 = \$500,000,000
- Estimated % of personal income of individuals going to state taxes: 6.40%
- Estimated state taxes: 6.40% X \$500,000,000 = \$32,000,000
 - Individual income taxes: 50% \$16,000,000
 - Sales tax: 30% 9,600,000
 - All other state taxes: 20% 6,400,000
- Estimated % of personal income of individuals going to local taxes: 2.64%
- Estimated local taxes: 2.64% X \$500,000,000 = 13,200,000
 - Property taxes: 72% \$9,504,000
 - Sales tax: 25% 3,300,000
 - All other local taxes: 3% 396,000
- Total from above computations \$45,200,000

Rhode Island Ranks High in Helping Small Businesses

By UDAYAN GUPTA
 Staff Reporter of THE WALL STREET JOURNAL
WANT FINANCIAL SUPPORT for a small business? Try Rhode Island.

The tiny New England state, followed by Massachusetts, Minnesota and Illinois, provides the best financial support for small and medium-sized businesses, according to the Corporation for Enterprise Development, a Washington, D.C., nonprofit group that tracks economic development activity. Arkansas, Mississippi and New Mexico rank as the weakest states in such support, the group said in its annual development report card.

According to the report, Rhode Island has the nation's most active banks in small-business lending. Moreover, Rhode Island introduced an economic development program in 1974 to offset the effects of the closing of military bases, says Paul Barrett, the state's director of economic development. As part of the program, Rhode Island has floated or guaranteed nearly \$1 billion in bonds to help small-sized and medium-sized businesses, he adds.

For instance, when Alpha Beta Technology, a Massachusetts biotechnology start-up, wanted to finance a manufacturing facility and couldn't find the capital, the state guaranteed a \$30 million bond issue and also invested in Alpha Beta stock warrants. The deal, which called for Alpha Beta to put up \$10 million in cash, has brought 200 manufacturing jobs to Rhode Island, notes Mr. Barrett.

In the past three years, a state small-business loan fund has lent over \$7.2 million to 89 companies "that were first rejected by at least two commercial

banks," Mr. Barrett says. For example, Rhode Island provided \$150,000 in working capital loans to Rau Fasteners Inc., a Canadian fastener maker that wanted to relocate in the area but couldn't find a bank to lend it money.

The Washington research group ranked Massachusetts and Minnesota high on the list because both provide high levels of venture-capital financing. Massachusetts banks, "while having only moderate amounts of capital and overall loan activity, are concentrating on a lot of commercial and industrial loans," the report says. Minnesota ranked high because of its strong levels of non-traditional financing and high level of venture capital financing.

In most states that ranked poorly in the report, banks were relatively passive in small-business development and state governments did little to take up the slack. Arkansas, for instance, has the 16th highest rate of deposits per capita but ranks in the bottom 10 for all loan activity.

"Although there is money in Arkansas banks, they just aren't using it," the report said.

BILL SUMMARY -- The proposed committee substitute creates the "Capital Access Loan Guarantee Fund," and the "Capital Access Loan Guarantee Program," for the purpose of providing loan guarantees to qualified North Carolina businesses; a "qualified North Carolina business" is generally defined as a business (including affiliates) that has gross income of \$40 million or less (GS 53A-37). The proposed legislation appropriates a total of \$50 million in non recurring appropriations over the 1997-99 biennium to capitalize the Fund (\$25 million in each fiscal year); in addition, the legislation authorizes the levying of a 1% loan fee on the guaranteed amount of a loan provided by a participating lender. Receipts generated from the 1% loan fee

and any investment earnings are deposited to the Fund. The proposed committee substitute requires the Department of Commerce to administer the Fund and its associated program requirements. The bill does not authorize the use of Fund earnings or appropriations for administrative expenditures.

- 1) The estimated number of loan requests per year: 100
- 2) The estimated number of actual loans guaranteed per year: 50
- 3) The estimated average per loan amount guaranteed by the Fund: \$45,000
- 4) The estimated amount of receipts generated by the 1% loan fee authorized in the legislation is estimated at \$22,500 per year. This sum is calculated as follows: estimated average loan amount guaranteed, (\$45,000) *multiplied* by the estimated number of actual loans guaranteed per year (50), *multiplied* by the 1% loan fee – [$\$45,000 \times 50 \times 1\% = \$22,500$].
- 5) It is estimated that 5 loans will default on an annual basis and will require the Fund to compensate participating lending institutions for up to 90% of these loan losses. The amount of default losses are estimated at \$180,000 per year. This number is calculated by assuming that 5 loan defaults per year, *multiplied* by the estimated average per loan guarantee of \$45,000, *minus* any collectable loan collateral (estimated at a value of 20% of the original loan guarantee) -- [$(5 \times \$45,000) - (225,000 \times 20\%) = \$180,000$].
- 6) Interest earnings on the Fund’s cash balance are estimated at 6% per year over the five-year projection.

Program Administration Costs

- 1) Administrative program costs include recurring expenditures for salaries and benefits for one Industrial Finance Specialist (\$57,132) and one Accounting Clerk V (\$32,511), and non recurring costs in the first year for legal fees (\$30,000), marketing materials (\$25,000), computer equipment (\$10,000) and office equipment (\$10,000).
- 2) Salary expenditures have been adjusted for inflation over the projected five-year estimate under the following schedule: FY 1997-98: 3.9%, FY 1998-99: 3.4%, FY 1999-00: 3.4%, FY 2000-01: 3.5%, and FY 2001-02: 3.6%.

ASSUMPTIONS AND METHODOLOGY:

The following chart assumes the North Carolina Board of Pharmacy will charge the maximum fee allowed by the bill. The Board of Pharmacy provided the number of current licenses and an estimate of the number of new licenses. Many of the fees in the bill have not been increased since 1988.

Difference					\$ 567,700

EXPENDITURES

The Board of Pharmacy plans to double their inspection/investigation staff to do routine annual inspections and to investigate complaints. The hiring of four additional inspectors will cost at least \$240,000 per year. The Board has not hired a new pharmacy inspector since 1987.

The proposed new fees in HB 933 will cover the costs of registering physician assistants, nurse practitioners, and physicians that dispense drugs. The Board has been registering these professionals since 1977 (1988 for doctors) without charge. The Board estimates that it has spent \$250,000 on registering these groups and investigating complaints about these professionals.

1 A BILL TO BE ENTITLED
2 AN ACT TO GIVE LINCOLN COUNTY AUTHORITY TO BUILD AND
3 IMPROVE ROADS WITHIN LINCOLN COUNTY THAT ARE NOT PART OF
4 THE STATE HIGHWAY SYSTEM.
5 The General Assembly of North Carolina enacts:
6 Section 1. A county may build, construct, improve, reconstruct, widen,
7 pave, install curbs and gutters, and otherwise build and improve roads and streets
8 that are located in the county and outside a city and that are not part of the State
9 highway system and may advertise, accept bids, enter into contracts, and undertake
10 any other action reasonably necessary to carry out the powers granted by this act. A
11 county shall make special assessments against benefitted property to pay for any work
12 in accordance with the procedures set forth in this act. The authority granted by this
13 act shall include the authority to make any improvements necessary to bring roads up
14 to State standards so that they may be accepted into the State highway system.
15 Section 2. Before a county may finance all or a portion of the cost of
16 improvements to a subdivision or residential street, it must receive a petition for the
17 improvements signed by at least seventy-five percent (75%) of the owners of property
18 to be assessed, who must represent at least seventy-five percent (75%) of all the lineal
19 feet of frontage of the lands abutting on the street or portion thereof to be improved.
20 The petition shall state that portion of the cost of the improvement to be assessed,
21 which shall be the local share required by policies of the Secondary Roads Council.
22 A county may treat as a unit and consider as one street two or more connecting
23 State-maintained subdivision or residential streets in a petition filed under this

1 subsection calling for the improvement of subdivision or residential streets subject to
2 property owner sharing in the cost of improvement under policies of the Department
3 of Transportation.

4 Property owned by the United States shall not be included in determining
5 the lineal feet of frontage on the improvement, nor shall the United States be
6 included in determining the number of owners of property abutting the improvement.
7 Property owned by the State of North Carolina shall be included in determining
8 frontage and the number of owners only if the State has consented to assessment as
9 provided in G.S. 153A-189. Property owned, leased, or controlled by railroad
10 companies shall be included in determining frontage and the number of owners to
11 the extent the property is subject to assessment under G.S. 160A-222. Property
12 owned, leased, or controlled by railroad companies that is not subject to assessment
13 shall not be included in determining frontage or the number of owners.

14 No right of action or defense asserting the invalidity of street assessments
15 on grounds that the county did not comply with this subsection in securing a valid
16 petition may be asserted except in an action or proceeding begun within 90 days after
17 the day of publication of the notice of adoption of the preliminary assessment
18 resolution.

19 Section 3. This act is intended to provide a means of assisting in
20 financing improvements to streets and roads that are not on the State highway system.
21 By financing improvements under this act, a county does not acquire or assume any
22 responsibility for the streets or roads involved, and a county has no liability arising
23 from the construction of an improvement to a road or the maintenance of the street
24 or road.

25 Section 4. A county may make assessments against benefitted property to
26 recoup all or part of the costs of the work authorized in this act on the basis of:

- 27 (1) The frontage abutting on the project, at an equal rate per foot of
28 frontage; or
29 (2) The street frontage of the lots served, or subject to being served, by
30 the project, at an equal rate per foot of frontage; or
31 (3) The area of land served, or subject to being served, by the project,
32 at an equal rate per unit of area; or
33 (4) The valuation of land served, or subject to being served, by the
34 project, being the value of the land without improvements as
35 shown on the tax records of the county, at an equal rate per dollar
36 of valuation; or
37 (5) A combination of two or more of these bases. For each project,
38 the Board of Commissioners shall endeavor to establish an
39 assessment method from among the bases set out in this section
40 that will most accurately assess each lot or parcel of land according
41 to the benefit conferred upon it by the project. The Board's
42 decision as to the method of assessment is final and not subject to
43 further review and challenge.

1 Section 5. The Board of Commissioners shall develop guidelines for
2 determining which projects, authorized by this act, to pursue and in what order. The
3 Board of Commissioners may consider, among other reasonable factors:

4 (1) The chronological order in which it receives petitions as provided
5 for in this act;

6 (2) The number of citizens to be served per mile by the proposed
7 project;

8 (3) The severity of the need to be alleviated by the proposed project
9 relative to other similar situations in the county; or

10 (4) Funds advanced, if any, by the citizens to be served by the
11 proposed project to participate in paying for the project.

12 Section 6. Except as otherwise provided in this act, a county shall follow
13 the procedures set forth in Article 9 of Chapter 153A of the General Statutes in
14 making, giving notice of, providing for payment of, and enforcing assessments for
15 projects authorized in this act.

16 Section 7. This act applies to Lincoln County only.

17 Section 8. This act is effective when it becomes law.

3 TO EXERCISE EXTRATERRITORIAL PLANNING JURISDICTION OVER AN
4 AREA EXTENDING NOT MORE THAN TWO MILES FROM THEIR
5 CORPORATE LIMITS.

6 The General Assembly of North Carolina enacts:

9 General Statutes within an area extending not more than two miles beyond their

18 Section 6. This act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 698:
Morehead-Newport Annexations (3rd Edition)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: June 10, 1997
SPONSOR: Representative Smith

House Bill 698 limits the authority of the Towns of Morehead City and Newport to annex noncontiguous areas and it modifies the laws relating to the annexation of noncontiguous areas by the Town of Mooresville.

G.S. 160A-58.1 governs the voluntary annexation of noncontiguous property. Property owners may petition a city for voluntary annexation of noncontiguous property if the property meets all of the following standards:

1. The nearest point on the proposed satellite corporate limits must be not more than 3 miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation is a subdivision, all of the subdivision must be included.
5. The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.

Section 1 of the bill modifies G.S. 160A-58.1(b)(2) for the Towns of Morehead City and Newport. Under the bill, the Towns may annex property within their extraterritorial planning jurisdiction, even if that property is closer to primary corporation limits of the other town than it is to the primary corporate limits of the annexing town.

Section 3 of the bill will allow the Town of Mooresville to annex property that is not contiguous with its primary corporate limits even though the annexed property will exceed 10% of the area within the primary city limits. Five other cities have also eliminated this standard altogether: Hickory, New Bern, Statesville, Kenly, and Troy. Several other cities have modified this standard.

Under current law, this standard has been modified for the Town of Mooresville for annexation ordinances adopted on or before December 31, 2000. Section 2 repeals this modification in lieu of the broader modification allowed by this bill. Section 4 of the bill provides that the increased satellite corporate limits of Mooresville will not increase the area within its extraterritorial land-use regulation authority.

34 Section 3. G.S. 159C-8 reads as rewritten:

35 "§ 159C-8. Approval of bonds. bonds by Local Government Commission.

36 (a) No bonds may be issued by an authority unless the issuance thereof is first
37 approved by the Local Government Commission.

38 The authority shall file an application for approval of its proposed bond issue with
39 the Secretary of the Local Government Commission, and shall notify the Secretary of
40 the Department of Commerce of such filing.

41 In determining whether a proposed bond issue should be approved, the Local
42 Government Commission may consider, without limitation, the following:

43 (1) Whether the proposed operator and obligor have demonstrated or
44 can demonstrate the financial responsibility and capability to fulfill

1 their obligations with respect to the financing agreement. In
2 making such determination, the Commission may consider the
3 operator's experience and the obligor's ratio of current assets to
4 current liabilities, net worth, earnings trends and coverage of fixed
5 charges, the nature of the industry or business involved and its
6 stability and any additional security such as insurance, guaranties
7 or property to be pledged to secure such bonds.

8 (2) Whether the political subdivisions in or near which the proposed
9 project is to be located have the ability to cope satisfactorily with
10 the impact of such project and to provide, or cause to be provided,
11 the public facilities and services, including utilities, that will be
12 necessary for such project and on account of any increase in
13 population which are expected to result therefrom.

14 (3) Whether the proposed date and manner of sale will have an
15 adverse effect upon any scheduled or anticipated sale of obligations
16 by the State or any political subdivision or any agency of either of
17 them.

18 If the initial proposed operator of the project is not expected to be the operator for
19 the term of the bonds proposed to be issued, the Local Government Commission may
20 consider the matters required under subdivision (1) only with respect to the initial
21 operator. The obligor shall be obligated to perform all of the duties of the obligor
22 required hereunder during the term the bonds are outstanding. The Local
23 Government Commission shall evaluate the obligor's ability to perform these duties
24 without regard to whether the initial proposed operator of the project is expected to
25 be the operator for the term of the bonds proposed to be issued. To facilitate the
26 review of the proposed bond issue by the Commission, the Secretary may require the
27 authority to obtain and submit such financial data and information about the
28 proposed bond issue and the security therefor, including the proposed prospectus or
29 offering circular, the proposed financing agreement and security document and
30 annual and other financial reports and statements of the obligor, as the Secretary may
31 prescribe. The Secretary may also prescribe such forms and such rules and
32 regulations as he shall deem reasonably necessary to implement the provisions of this
33 section.

34 (b) This section does not prohibit, prevent, or delay the distribution of a
35 preliminary prospectus or offering circular before the Local Government Commission
36 approves the bonds if the following conditions are met:

- 37 (1) The prospectus or circular is prepared by a nationally recognized
38 underwriter counsel.
39 (2) The authority has issued bonds under this Chapter for the operator
40 of the proposed project within 24 months before the application
41 for approval was filed with the Local Government Commission."

42 Section 4. G.S. 159C-10 reads as rewritten:

43 "§ 159C-10. Location of projects.

1 Except as provided in this section, any project or projects of an authority shall be
2 located within the boundaries of the county for which the authority was created. A
3 portion or portions of any project including, but not limited to, any real or personal
4 property or improvements necessary or convenient for the construction, maintenance,
5 and operation of the project, may be located in a county or counties other than the
6 county in which the principal part of the project is located so long as the additional
7 portion or portions constitute functionally appurtenant or incidental facilities and the
8 governing body of each other county in which the additional portion or portions of
9 the project is or are located approves the project. In addition, if a project or a group
10 of related projects is located in two or more adjacent counties, the project or related
11 group of projects may be considered to be one project located in any one of the
12 counties with the consent of each authority and each county for all purposes of this
13 Chapter."

14 Section 5. G.S. 159C-19(a) reads as rewritten:

15 "(a) Each authority is hereby authorized to provide by resolution for the issuance
16 of refunding bonds of the authority for the purpose of refunding any bonds then
17 outstanding ~~which shall~~ that have been issued under the provisions of this Chapter,
18 including the payment of any redemption premium thereon and any interest accrued
19 or to accrue to the date of redemption of such bonds, and, if deemed advisable by the
20 authority, for either or both of the following additional purposes:

- 21 (1) Constructing improvements, additions, extensions or enlargements
22 of the project or projects in connection with which the bonds to be
23 refunded ~~shall~~ have been issued, and
- 24 (2) Paying all or any part of the cost of any additional project or
25 projects.

26 The issuance of such bonds, the maturities and other details thereof, the rights of
27 the holders thereof, and the rights, duties and obligations of the authority in respect
28 to the same shall be governed by the provisions of this Chapter ~~which that~~ relate to
29 the issuance of bonds, insofar as such provisions may be appropriate ~~therefor~~.
30 therefor, including that any such bonds may have a single maturity within the limit
31 prescribed by G.S. 159C-6.

32 The approvals required by G.S. 159C-7 and 159C-8 shall be obtained prior to the
33 issuance of any refunding bonds; provided, however, that in the case where the
34 refunding bonds of all or a portion of an issue are to be issued solely for the purpose
35 of refunding outstanding bonds issued under this Chapter, the approval required by
36 G.S. 159C-7 shall not be required as to the project financed with the bonds to be
37 refunded."

38 Section 6. This act is effective when it becomes law.

1 that officer before the delivery of the bonds, the signature or the facsimile shall
2 nevertheless be valid and sufficient for all purposes the same as if the person had
3 remained in office until such delivery. The authority may also provide for the
4 authentication of the bonds by a trustee or fiscal agent. The bonds may be issued in
5 coupon or in fully registered form, or both, as the authority may determine, and
6 provision may be made for the registration of any coupon bonds as to principal alone
7 and also as to both principal and interest, and for the reconversion into coupon
8 bonds of any bonds registered as to both principal and interest, and for the
9 interchange of registered and coupon bonds.

10 The proceeds of the bonds of each issue shall be used solely for the payment of the
11 cost of the project or projects, or a portion thereof, for which the bonds were issued,
12 and shall be disbursed in such manner and under such restrictions, if any, as the
13 authority may provide in the financing agreement and the security document. If the
14 proceeds of the bonds of any issue, by reason of increased construction costs or error
15 in estimates or otherwise, ~~shall be~~ are less than such cost, additional bonds may in
16 like manner be issued to provide the amount of the deficiency.

17 The proceeds of bonds shall not be used to refinance the cost of a project. For the
18 purposes of this section, a cost of a project is considered refinanced if both of the
19 following conditions are met:

20 (1) The cost is initially paid from sources other than bond proceeds,
21 and the original expenditure is to be reimbursed from bond
22 proceeds.

23 (2) The original expenditure was paid more than 60 days before the
24 authority took some action indicating its intent that the
25 expenditure would be financed or reimbursed from bond proceeds.

26 However, preliminary expenditures that are incurred prior to the commencement of
27 the acquisition, construction, or rehabilitation of a project, such as architectural costs,
28 engineering costs, surveying costs, soil testing costs, bond issuance costs, and other
29 similar costs, may be reimbursed from bond proceeds even if these costs are incurred
30 or paid more than 60 days prior to the authority's action. This exception that allows
31 preliminary expenditures to be reimbursed from bond proceeds, regardless of whether
32 or not they are incurred or paid within 60 days of the authority's action, does not
33 include costs that are incurred incident to the commencement of the construction of a
34 project, such as expenditures for land acquisition and site preparation. In any event,
35 an expenditure originally paid before the authority took some action indicating its
36 intent that the expenditures would be financed or reimbursed from bond proceeds
37 may only be reimbursed from bond proceeds if the authority finds that reimbursing
38 those costs from bond proceeds will promote the purposes of this Chapter.

39 The authority may issue interim receipts or temporary bonds, with or without
40 coupons, exchangeable for definitive bonds when such bonds have been executed and
41 are available for delivery. The authority may also provide for the replacement of any
42 bonds ~~which shall~~ that become mutilated or ~~shall be~~ are destroyed or lost.

43 Bonds may be issued under the provisions of this Chapter without obtaining,
44 except as otherwise expressly provided in this Chapter, the consent of the State or of

1 any political subdivision or of any agency of ~~either thereof~~, either, and without any
2 other proceedings or the happening of any conditions or things other than those
3 proceedings, conditions or things which are specifically required by this Chapter and
4 the provisions of the financing agreement and security document authorizing the
5 issuance of such bonds and securing the same."

6 Section 2. G.S. 159C-7 reads as rewritten:

7 "§ 159C-7. Approval of project. ~~project by Secretary of Commerce.~~

8 (a) Approval Required. -- No bonds may be issued by an authority unless the

- 34 (3) In any case (whether the proposed project is an industrial or a
35 pollution control project), except a pollution control project for a
36 public utility,
37 a. That the jobs to be generated or saved, directly or indirectly,
38 by the proposed project will be large enough in number to
39 have a measurable impact on the area immediately
40 surrounding the proposed project and will be commensurate
41 with the size and cost of the proposed project,
42 b. That the proposed operator of the proposed project has
43 demonstrated or can demonstrate the capability to operate
44 such project, and

1 c. That the financing of such project by the authority will not

6 in the area, or site limitations.

7 If the initial proposed operator of a project is not expected to be the operator for
8 the term of the bonds proposed to be issued, the Secretary may make the findings

14 project is located has first conducted a public hearing and, at or after the public
15 hearing, approved in principle the issuance of bonds under this Chapter for the
16 purpose of paying all or part of the cost of the proposed project. Notice of the public
17 hearing shall be published at least once in at least one newspaper of general
18 circulation in the county not less than 14 days before the public hearing. The notice
19 shall describe generally the bonds proposed to be issued and the proposed project,
20 including its general location, and any other information the governing body
21 considers appropriate or the Secretary of Commerce prescribes for the purpose of
22 providing the Secretary with the views of the community. The notice shall also state
23 that following the public hearing the authority intends to file an application for
24 approval of the proposed project with the Secretary of Commerce.

25 (d) Certificate of Department of Environment, Health, and Natural Resources. --
26 The Secretary of Commerce shall not make the findings required by subdivisions (1)b
27 and (2) of this section unless he shall have the Secretary has first received a
28 certification from the Department of Environment, Health, and Natural Resources
29 that, in the case of a proposed industrial project, the proposed project will not have a
30 materially adverse effect on the environment and that, in the case of a proposed
31 pollution control project, the proposed project will have a materially favorable impact
32 on the environment or will prevent or diminish materially the impact of pollution
33 which would otherwise occur. In no case shall the The Secretary of Commerce shall
34 not make the findings required by subdivision (2a) unless he shall have the Secretary
35 has first received a certification from the Department of Environment, Health, and
36 Natural Resources that the proposed project is environmentally sound, will not have
37 an adverse effect on public health and will further the waste management goals of
38 North Carolina. The Secretary of Commerce shall deliver a copy of the application
39 to the Department of Environment, Health, and Natural Resources. The Department
40 of Environment, Health, and Natural Resources shall provide each certification to the
41 Secretary of Commerce within seven days after the applicant satisfactorily
42 demonstrates to it that all permits, including environmental permits, necessary for the
43 construction of the proposed project have been obtained, unless the authority
44 consents to a longer period of time. In any case where the Secretary shall make

1 (e) Waiver of Wage Requirement. -- If the Secretary of Commerce has made all of

24 and approval shall have been so published, in the Superior Court of Wake County.
25 ~~Such~~ The superior court is hereby vested with jurisdiction to hear such action, but if
26 no such action is filed within the 30 days herein prescribed, the validity of such

29 be given to the authority, the governing body of the county and the Secretary of the
30 Local Government Commission.

31 ~~Such~~ The certificate of approval shall become effective immediately following the

38 part of the costs of the project, however, the certificate shall expire three years after
39 the date of the first issuance of the bonds."

40 Section 3. G.S. 159C-10 reads as rewritten:

41 "**§ 159C-10. Location of projects.**

42 Except as provided in this section, any project or projects of an authority shall be
43 located within the boundaries of the county for which the authority was created. A
44 portion or portions of any project including, but not limited to, any real or personal

1 property or improvements necessary or convenient for the construction, maintenance,
2 and operation of the project, may be located in a county or counties other than the
3 county in which the principal part of the project is located so long as the additional
4 portion or portions constitute functionally appurtenant or incidental facilities and the
5 governing body of each other county in which the additional portion or portions of
6 the project is or are located approves the project. In addition, if a project or a group
7 of related projects is located in two or more adjacent counties, the authority created
8 for any one of the counties may issue bonds as provided in G.S. 159C-6 for the
9 purpose of paying all or any part of the cost of the project or group of related
10 projects if the following conditions are met:

- 11 (1) The board of commissioners of each county in which the project or
12 group of related projects is located has consented.
- 13 (2) The governing body of the authority created for each county in
14 which the project or group of related projects is located has
15 consented.
- 16 (3) The bonds are issued in compliance with all other provisions of
17 this Chapter."

18 Section 4. G.S. 159C-19(a) reads as rewritten:

19 "(a) Each authority is hereby authorized to provide by resolution for the issuance
20 of refunding bonds of the authority for the purpose of refunding any bonds then
21 outstanding ~~which shall~~ that have been issued under the provisions of this Chapter,
22 including the payment of any redemption premium thereon and any interest accrued
23 or to accrue to the date of redemption of such bonds, and, if deemed advisable by the
24 authority, for either or both of the following additional purposes:

- 25 (1) Constructing improvements, additions, extensions or enlargements
26 of the project or projects in connection with which the bonds to be
27 refunded ~~shall~~ have been issued, and
- 28 (2) Paying all or any part of the cost of any additional project or
29 projects.

30 The issuance of such bonds, the maturities and other details thereof, the rights of
31 the holders thereof, and the rights, duties and obligations of the authority in respect
32 to the same shall be governed by the provisions of this Chapter ~~which that~~ relate to
33 the issuance of bonds, insofar as such provisions may be appropriate ~~therefor.~~
34 therefor, including that any such bonds may have a single maturity within the limit
35 prescribed by G.S. 159C-6.

36 The approvals required by G.S. 159C-7 and 159C-8 shall be obtained prior to the
37 issuance of any refunding bonds; provided, however, that in the case where the
38 refunding bonds of all or a portion of an issue are to be issued solely for the purpose
39 of refunding outstanding bonds issued under this Chapter, the approval required by
40 G.S. 159C-7 shall not be required as to the project financed with the bonds to be
41 refunded."

EXPLANATION OF SENATE BILL 730:
Industrial Revenue Bond Changes (PCS)

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: June 9, 1997
SPONSOR: Senator Ballance

Senate Bill 730 makes the following changes to the law authorizing county authorities to issue industrial revenue bonds to finance qualifying industrial or pollution control projects for private manufacturing firms:

1. It increases the maximum term of the bonds from 30 to 35 years, and provides that refunding bonds may have the same maximum term. (Sections 1 and 4)
2. It requires a county to hold a public hearing before asking the Secretary of Commerce to approve the issuance of bonds for a proposed project. Under current law, the Secretary of Commerce has discretion to request the county authority to hold a public hearing; by rule, the Secretary requires a public hearing to be held in every case. (Section 2)
3. It imposes a seven-day turn-around time on DEHNR's required certification that a proposed industrial project will not have an adverse effect on the environment or that a proposed pollution control project will have a favorable impact on the environment or will prevent or diminish pollution. This certification is necessary before the Secretary of Commerce can approve bonds for a proposed project. (Section 2)
4. It provides that the Secretary of Commerce's certificate of approval, which is valid for one year, will remain valid for three years after bonds are first issued if bonds are issued during the initial one-year period of validity. This change will allow a company to get certification of a large project and then issue bonds over a three-year period. (Section 2)
5. It provides that if a proposed project is located in two or more counties, the county authority of any of those counties may issue the bonds if each affected county and county authority has consented. (Section 3)

Industrial Revenue Bonds offer companies engaged in manufacturing long-term debt financing at interest rates substantially below the current prime

rate. There are three types of bonds: tax-exempt bonds for industrial projects, tax-exempt bonds for pollution control projects, and federally taxable bonds for industrial projects. Under the program, a county authority may enter into a financing agreement with a company to provide revenue bond proceeds to the company to be used to finance capital expenditures, such as fixed assets, land, buildings, and equipment. The amounts payable by the company to the authority under the financing agreement must be sufficient to pay all of the principal and interest on the bonds.

Before bonds can be issued, the proposed project must be approved by the Secretary of Commerce and the bonds must be approved by the Local Government Commission. Bond proceeds cannot be used to refinance existing debt or as venture capital. Nor can they be used for a project that will result in the closing of another facility in North Carolina. The proposed project must generate a number of jobs that is commensurate with the cost of the project and will have a measurable impact on the local economy.

Typical industrial projects are new or expanded product manufacturing facilities, distribution centers, and research and development facilities necessary to the manufacturing process. To qualify for bonds for an industrial project, the company must agree to pay its employees at least the average weekly manufacturing wage of the county or the State average weekly manufacturing wage plus 10%. This wage requirement may be waived if the project is to be located in an area of especially severe unemployment.

After a project has been approved by the Department of Commerce, there is no mechanism to follow up to make sure the standards for job creation and wage level are actually met. The Department of Commerce has not been provided the resources that would be necessary for this type of oversight and auditing.

The federal government designates the maximum amount of tax-exempt industrial revenue bonds each state may issue, based on population. The 1997 amount for North Carolina is \$377 million. For a single project, tax-exempt bonds may be used to finance capital expenditures of no more than \$10 million for a single project over a six-year period. In addition, a company may not have more than \$40 million in tax-exempt bonds outstanding nationwide at any given time.

taxable and tax-exempt:

SENATE BILL 1012*

Short Title: Publication of Appellate Decisions.

(Public)

Sponsors: Senators Rucho; and Odom.

Referred to: Judiciary.

April 21, 1997

1 A BILL TO BE ENTITLED
2 AN ACT TO PROVIDE PARTIES WITH THE RIGHT TO THE PUBLICATION
3 OF ANY OPINION ISSUED BY THE COURT OF APPEALS.
4 The General Assembly of North Carolina enacts:
5 Section 1. Article 2 of Chapter 7A of the General Statutes is amended
6 by adding a new section to read:
7 "§ 7A-6.1. Right to publication of Court of Appeals opinions.
8 When a case is decided by the Court of Appeals without publication of an opinion
9 under Rule 30(e) of the Rules of Appellate Procedure, either party may, within 30
10 days of the issuance of the court's decision, pay to the Judicial Department an
11 amount equal to the cost of publication and providing storage for the publishing of
12 the opinion, and the court's opinion shall be published and treated in all respects as a
13 published opinion. The amount paid to the Judicial Department shall be set by the
14 Judicial Department based upon a methodology developed by the Department for
15 reflecting the actual cost of publication and storage of additional opinions, and may
16 not exceed the sum of five hundred dollars (\$500.00)."
17 Section 2. This act is effective when it becomes law and applies to
18 decisions issued on or after that date.

Proposal to amend Rule 30(e)(1) by adding the underlined paragraph.

Rule 30 Oral Argument

(e) Decision of Appeal Without Publication of an Opinion.

(1) In order to minimize the cost of publication and of providing storage space for the published reports, the Court of Appeals is not required to publish an opinion on every decided case. If the panel which hears the case determines that the appeal involves no new legal principles and that an opinion, if published, would have no value as a precedent, it may direct that no opinion be published.

Within 20 days after an unpublished opinion is filed with the Clerk of the Court of Appeals, any party to the appeal may file with the court a motion to publish the opinion. The motion shall set forth the new legal principles involved, any value as precedent or any other basis, stated with particularity, upon which the party asserts that the opinion should be published. A response may be filed by any other party to the appeal within 10 days after service of the motion.

Constitutionality of statutes which are in conflict with
provisions in the Rules of Appellate Procedure

The North Carolina Supreme Court has held on numerous occasions that statutes which are in conflict with provisions of the Rules of Appellate Procedure violate the Constitution of North Carolina and are therefore ineffective.

In *State v. Elam*, 302 N.C. 157, 273 S.E.2d 661 (1981), Justice Huskins wrote:

Subsection (6) of G.S. 15A-1446(d) is in direct conflict with Rules 10 and 14(b)(2) of the Rules of Appellate Procedure and our case law on the point. The Constitution of North Carolina provides that “[t]he Supreme Court shall have exclusive authority to make rules of practice and procedure for the Appellate Division.” N.C. Const. Art. IV § 13(2). The General Assembly was without authority to enact G.S. 15A-1446(d)(6). It violates our Constitution. Our Rule 14(b)(2) and our case law are authoritative on this point.

Id. at 160, 273 S.E.2d at 664.

This rule of constitutional interpretation has been followed on many occasions by both the North Carolina Supreme Court and Court of Appeals. For examples, see *State v. Spaugh*, 321 N.C. 550, 364 S.E.2d 368 (1988), and *State v. Bradley*, 91 N.C. App. 559, 373 S.E.2d 130 (1988).

Thus, to the extent HB 1042 and SB 1012 (allowing a party to an appeal to decide whether an opinion shall be published) is in conflict with Rule 30(e) of the Rules of Appellate Procedure promulgated by the Supreme Court (providing that the panel hearing the case in the Court of Appeals shall decide whether to publish the opinion), HB 1042/SB 1012 would appear to violate Article IV, § 13(2) of the Constitution of North Carolina and would be ineffective.

Supreme Court has no original jurisdiction over claims against the State. and the General Assembly has no authority to confer such jurisdiction upon it. *Smith v. State*, 289 N.C. 303, 222 S.E.2d 412 (1976).

The Supreme Court's jurisdiction over claims against the State is the same as over all other claims. *Smith v. State*, 289 N.C. 303, 222 S.E.2d 412 (1976).

Trial Court Must Adjudicate Claims against State. — The appropriate trial court of the General Court of Justice now has original jurisdiction to adjudicate claims against the State. *Smith v. State*, 289 N.C. 303, 222 S.E.2d 412 (1976).

Repeal and Unconstitutionality of § 7A-25. — Section 7A-25 was rendered null and void when the electorate approved revised N.C. Const., Art. IV, which deleted the provision granting the Supreme Court original jurisdiction of claims against the State. *Smith v. State*, 289 N.C. 303, 222 S.E.2d 412 (1976).

Even if the General Assembly did not intend to repeal § 7A-25, providing for original jurisdiction of claims against the State in the Supreme Court, by ratification of the 1971 revision of N.C. Const.,

Art. IV, § 7A-25 is unconstitutional. *Smith v. State*, 289 N.C. 303, 222 S.E.2d 412 (1976).

As to the original jurisdiction formerly conferred upon the Supreme Court over claims against the State, see *Bledsoe v. State*, 64 N.C. 392 (1870); *Sinclair, Owens & Brown v. State*, 69 N.C. 47 (1873); *Clements v. State*, 76 N.C. 199 (1877); *Horne v. State*, 82 N.C. 382 (1880); *Bain v. State*, 86 N.C. 49 (1882); *Baltzer v. State*, 104 N.C. 265, 10 S.E. 153 (1889); *Burton v. Furman*, 115 N.C. 166, 20 S.E. 443 (1894); *Cowles v. State*, 115 N.C. 173, 20 S.E. 384 (1894); *Miller v. State*, 134 N.C. 270, 46 S.E. 514 (1904); *Carpenter v. Atlanta & C. Air Line Ry.*, 184 N.C. 400, 114 S.E. 693 (1922); *Calkins Dredging Co. v. State*, 191 N.C. 243, 131 S.E. 665 (1926); *Lacy v. State*, 195 N.C. 284, 141 S.E. 886 (1928); *Rotan v. State*, 195 N.C. 291, 141 S.E. 733 (1928); *Warren v. State*, 199 N.C. 211, 153 S.E. 864 (1930); *Cohoon v. State*, 201 N.C. 312, 160 S.E. 183 (1931); *Dalton v. State Hwy. & Pub. Works Comm'n.*, 223 N.C. 406, 27 S.E.2d 1 (1943); *Sale v. State Hwy. & Pub. Works Comm'n.*, 242 N.C. 612, 89 S.E.2d 290 (1955).

Sec. 13. Forms of action; rules of procedure.

(1) *Forms of Action.* There shall be in this State but one form of action for the enforcement or protection of private rights or the redress of private wrongs, which shall be denominated a civil action, and in which there shall be a right to have issues of fact tried before a jury. Every action prosecuted by the people of the State as a party against a person charged with a public offense, for the punishment thereof, shall be termed a criminal action.

(2) *Rules of Procedure.* The Supreme Court shall have exclusive authority to make rules of procedure and practice for the Appellate Division. The General Assembly may make rules of procedure and practice for the Superior Court and District Court Divisions, and the General Assembly may delegate this authority to the Supreme Court. No rule of procedure or practice shall abridge substantive rights or abrogate or limit the right of trial by jury. If the General Assembly should delegate to the Supreme Court the rule-making power, the General Assembly may, nevertheless, alter, amend, or repeal any rule of procedure or practice adopted by the Supreme Court for the Superior Court or District Court Divisions.

History. — The provisions of this section are similar to those to Art. IV, § 11, Const. 1868, as that article was rewritten in 1962.

Amended: 3 March 1982—29(a)(1); 3 September 1987—29(a)(1); 26 July 1990—29(b)—effective 1 October 1990.

RULE 30. ORAL ARGUMENT

(a) **Order and Content of Argument.** The appellant is entitled to open and conclude the argument. The opening argument shall include a fair statement of the case. Oral arguments should complement the written briefs, and counsel will therefore not be permitted to read at length from briefs, records, and authorities.

(b) Time Allowed for Argument.

(1) *In General.* Ordinarily a total of thirty minutes will be allowed all appellants and a total of thirty minutes will be allowed all appellees for oral argument. Upon written or oral application of any party, the court for good cause shown may extend the times limited for argument. Among other causes, the existence of adverse interests between multiple appellants or between multiple appellees may be suggested as good cause for such an extension. The court of its own initiative may direct argument on specific points outside the times limited. Counsel is not obliged to use all the time allowed, and the court may terminate argument whenever it considers further argument unnecessary.

(2) *Numerous Counsel.* Any number of counsel representing individual appellants or appellees proceeding separately or jointly may be heard in argument within the times herein limited or allowed by order of court. When more than one counsel is heard, duplication or supplementation of argument on the same points shall be avoided unless specifically directed by the court.

(c) **Non-appearance of Parties.** If counsel for any party fails to appear to present oral argument, the court will hear argument from opposing counsel. If counsel for no party appears, the court will decide the case on the written briefs unless it orders otherwise.

(d) **Submission on Written Briefs.** By agreement of the parties, a case may be submitted for decision on the written briefs; but the court may nevertheless order oral argument prior to deciding the case.

(e) Decision of Appeal Without Publication of an Opinion.

(1) In order to minimize the cost of publication and of providing storage space for the published reports, the Court of Appeals is not required to publish an opinion in every decided case. If the panel which hears the case determines that the appeal involves no new legal principles and that an opinion, if published, would have no value as a precedent, it may direct that no opinion be published.

(2) Decisions without published opinion shall be reported only by listing the case and the decision in the Advance Sheets and the bound volumes of the Court of Appeals Reports.

(3) A decision without a published opinion is authority only in the case in which such decision is rendered and should not be cited in any other case in any court for any purpose, nor should any court consider any such decision for any purpose except in the case in which such decision is rendered.

(f) Pre-argument Review; Decision of Appeal Without Oral Argument.

(1) At any time that the Supreme Court concludes that oral argument in any case pending before it will not be of assistance to the Court, it may dispose of the case on the record and briefs. In those cases, counsel will be notified not to appear for oral argument.

(2) The Chief Judge of the Court of Appeals may from time to time designate a panel to review any pending case, after all briefs are filed but before argument, for decision under this rule. If all of the judges of the panel to which a pending appeal has been referred conclude that oral argument will not be of assistance to the Court, the case may be disposed of on record and briefs. Counsel will be notified not to appear for oral argument.

RULE 31. PETITION FOR REHEARING

(a) **Time for Filing; Content.** A petition for rehearing may be filed in a civil action within 15 days after the mandate of the court has been issued. The petition shall state with particularity the points of fact or law which, in the opinion of the petitioner, the court has overlooked or misapprehended, and shall contain such argument in support of the petition as petitioner desires to present. It shall be accompanied by a certificate of at least two attorneys who for periods of at least five years respectively, shall have been members of the bar of this State and who have no interest in the subject of the action and have not been counsel for any party to the action, that they have carefully examined the appeal and the authorities cited in the decision, and that they consider the decision in error on points specifically and concisely identified. Oral argument in support of the petition will not be permitted.

(b) **How Addressed; Filed.** A petition for rehearing shall be addressed to the court which issued the opinion sought to be reconsidered. Two copies thereof shall be filed with the clerk.

State v. Spaugh

The State's evidence at trial tended to show, *inter alia*, that the victim lived with her parents in September of 1985, which was the month prior to her thirteenth birthday. The defendant is her father. The victim testified that she came home from school and was watching television in the family living room. The defendant was the only other person in the home at the time.

The defendant asked the victim to come to his bedroom. When she entered the bedroom, the defendant was naked and lying on the bed. He told the victim to take her clothes off and lie down with him. She did as the defendant, her father, commanded and he committed sexual intercourse and sodomy upon her. She cried but the defendant yelled at her to be quiet. After completing the acts of sexual intercourse and sodomy upon the victim, the defendant told her to dress and to make the bed. He instructed her not to tell anyone about what had happened, or she "could get hurt."

The defendant offered evidence tending to show that neither his wife nor his other children had any reason to believe that the defendant had engaged in any sexual activities with the victim. The defendant testified that he had never had sexual relations with the victim at any time. He specifically denied that he had sex with the victim on an afternoon in September of 1985.

[1] Appellate counsel for the defendant first contends that the evidence as submitted to the jury was insufficient with regard to the victim's age to support the defendant's conviction for first degree rape. Although the defendant's counsel at trial made a motion for dismissal at the close of the State's evidence, that motion was waived when the defendant introduced evidence. N.C.G.S. § 15-173 (1983); App. R. 10(b)(3). Trial counsel for the defendant did not renew the motion to dismiss at the close of all of the evidence. Although N.C.G.S. § 15A-1446(d)(5) provides that questions of insufficiency of the evidence may be the subject of appellate review, even when no objection or motion has been made at trial, North Carolina Rule of Appellate Procedure 10(b)(3) provides that a defendant who fails to make a motion to dismiss at the close of all of the evidence may not attack on appeal the sufficiency of the evidence at trial. We have specifically held in this regard that: "To the extent that N.C.G.S. 15A-1446(d)(5) is inconsistent with N.C.R. App. P. 10(b)(3), the statute must fail." *State*

State v. Spaugh

v. Stocks, 319 N.C. 437, 439, 355 S.E. 2d 492, 493 (1987). Accordingly, we reject this contention by appellate counsel.

[2] The defendant next contends that he is entitled to a new trial because the trial court failed to conduct a voir dire examination to determine the competency of the victim as a witness and failed to make findings of fact and conclusions in this regard. We do not agree.

In support of his contention that the trial court was required to conduct a voir dire hearing and make findings and conclusions as to the competency of the victim as a witness, the defendant relies on the recent statement of this Court that:

The obligation of a trial judge to make a preliminary determination of a witness's competency is embodied in Rules 104(a) and 601(a) and (b) of the new North Carolina Evidence Code. . . . Underlying the evidence rules as codified and the traditional case law analysis is the assumption that, in exercising his discretion in ruling on the competency of a child witness to testify, a trial judge must rely on his personal observation of the child's demeanor and responses to inquiry on *voir dire* examination. . . . Obviously, there can be no informed exercise of discretion where a trial judge merely adopts the stipulations of counsel that a child is not competent to testify without ever having personally examined or observed the child on *voir dire*. The competency of a child witness to testify at trial is not a proper subject for stipulation of counsel absent the trial judge's independent finding pursuant to his opportunity to personally examine or observe the child on *voir dire*.

State v. Fearing, 315 N.C. 167, 173-74, 337 S.E. 2d 551, 555 (1985). In *Fearing* we held that the trial court erred in relying on a stipulation of counsel as to the competency of a child witness, rather than relying on its own observation of the child in exercising its discretion in determining the child's competency to testify. As can be seen from the foregoing quotation from *Fearing*, our primary concern was that the trial court exercise its independent discretion in deciding competency after observation of the child and not the particular procedure whereby the court conducted its observation. *Fearing* is not authority for the proposition that a defendant is entitled to a new trial in every instance in which a

State v. Bradley

Mack, however, the Court sought to distinguish *Massey* by finding that N.C.G.S. § 15A-1446(d) waives the requirement for an objection. The statute provides that:

Errors based upon the following grounds . . . may be subject to appellate review even though no objection . . . has been made in the trial division.

* * * *

(5) The evidence was insufficient as a matter of law.

This reasoning may be doubtful because N.C.G.S. § 15A-1446(d)(5) was not intended to be used in a sentencing context, but rather was designed to allow a defendant to question the sufficiency of the evidence to support a verdict against him without objecting or excepting at trial to the trial court's denial of his motion to dismiss. There is no authority to support the Court's extension of the statute to the sentencing context. We do note, however, that our Supreme Court has found that when N.C.G.S. § 15A-1446(d)(5) attempts to allow for the appeal on the sufficiency of the evidence, absent a motion or objection at trial, it is inconsistent with the provisions of Appellate Rule 10(b)(3), and as such that provision must fail. *See State v. Stocks*, 319 N.C. 437, 355 S.E. 2d 492 (1987). There is no authority to revive the statute for sentencing purposes.

Nevertheless, assuming *arguendo* that N.C.G.S. § 15A-1446(d)(5) is applicable to sentencing issues, defendant has failed to properly preserve his exceptions for review. Pursuant to Appellate Rule 10(b)(2) in order to preserve a right to appeal a party must object to the jury charge, or any omission therefrom, before the jury retires. The rule also explicitly requires a party to object to the failure of the trial court to make necessary findings and conclusions in order to advance these issues on appeal.

The purpose of this rule appears to be to provide the trial court an opportunity to correct any obvious defects and thereby eliminate the need for an appeal and a new proceeding. Implicit in this rule is also an obligation on a party to object to erroneous findings made by the trial court. This requirement is consistent with the spirit of the rule which can be ascertained from the requirements for objection with regard to errors in the jury charge. Therefore, insofar as the provisions of N.C.G.S. § 15A-1446(d)(5)

Cummings v. Snyder

allows a party to raise arguments regarding the sufficiency of the evidence to support a finding of fact at sentencing, it is inconsistent with the spirit and purpose of Rule 10(b)(2). Statutes which are in conflict with the Rules of Appellate Procedure are ineffective. See *State v. Elam*, 302 N.C. 157, 273 S.E. 2d 661 (1981). Therefore, N.C.G.S. § 15A-1446(d)(5) is ineffective to override the purpose of Rule 10(b)(2) and the case law set forth in *Massey*. Thus, defendant waived his right to appeal any possible error regarding the district attorney's statements at sentencing by failing to object to them.

No error.

Wills § 28.4; Trusts § 5— marital home held in trust for benefit of husband— termination clause— construction

In an action to terminate a life estate in respondent which had been created by his deceased wife's will and held in trust for his benefit during his lifetime, the only logical interpretation of the language "in the event my said husband shall fail to reside in my said residence for at least six consecutive months during any five-year period during the term of this trust, then it shall be deemed that he thereby released his lifetime right to reside in the residence and my trustee shall then have the power to lease or sell my said residence . . ." is that respondent need only reside in the home for a single six consecutive month period during any five-year period. The trial court's order terminating the life estate was remanded for entry of judgment in favor of respondent.

EXPLANATION OF SENATE BILL 1012:
Publication of Appellate Decisions

TO: Senate Finance Committee
FROM: Robin S. Johnson, Staff Attorney
DATE: June 10, 1997
SPONSOR: Senator Rucho

SENATE BILL 1012 would allow either party in a case decided by the Court of Appeals to request publication of the Court's opinion. Once published, the opinion is to be treated in all respects as a published opinion. The party seeking publication must pay, within 30 days of the issuance of the court's opinion, a fee to the Judicial Department. The fee, which cannot exceed \$500, would be an amount based upon the Department's methodology that reflects the actual cost of publication and storage. The bill becomes effective when it becomes law and applies to decisions issued on or after that date.

Under Rule 30(e) of the Rules of Appellate Procedure, the Court of Appeals may issue an unpublished opinion when the three-judge panel that hears the case determines that the appeal involves no new legal principles and that the opinion, if published, would have no precedent value. This Rule also provides that an unpublished decision is authority only in the case in which the decision is rendered and shall not be cited in any other case in any court for any purpose, nor should any court consider an unpublished decision for any purpose except in the case in which the decision is rendered. Senate Bill 1012 appears to change the effect of opinions that, absent this bill, would be unpublished. The bill would require these opinions to be given the same effect as any other published opinion.

Currently, most opinions of the Court of Appeals are not published. The opinions themselves must be unanimous and the decision not to publish them is also unanimous. In addition, either party may appeal the decision not to publish an opinion. Unpublished opinions are public records and are listed in published reports that identify the names of the parties and the results of the appeals. Also, copies of unpublished opinions are sent to the parties, are available to the public, including the media, and are sent to any person who requests a copy.

Constitutional Issue: Under the North Carolina Constitution, the Supreme Court has "exclusive authority to make rules of procedure and practice for the Appellate Division." As a result, the courts have consistently refused to uphold statutes that enact appellate rules or that are inconsistent with appellate rules. Senate Bill 1012 appears to contradict an appellate rule or procedure and is likely to be found unconstitutional, if enacted in its present form.

Constitutionality of statutes which are in conflict with
provisions in the Rules of Appellate Procedure

The North Carolina Supreme Court has held on numerous occasions that statutes which are in conflict with provisions of the Rules of Appellate Procedure violate the Constitution of North Carolina and are therefore ineffective.

In *State v. Elam*, 302 N.C. 157, 273 S.E.2d 661 (1981), Justice Huskins wrote:

Subsection (6) of G.S. 15A-1446(d) is in direct conflict with Rules 10 and 14(b)(2) of the Rules of Appellate Procedure and our case law on the point. The Constitution of North Carolina provides that “[t]he Supreme Court shall have exclusive authority to make rules of practice and procedure for the Appellate Division.” N.C. Const. Art. IV § 13(2). The General Assembly was without authority to enact G.S. 15A-1446(d)(6). It violates our Constitution. Our Rule 14(b)(2) and our case law are authoritative on this point.

Id. at 160, 273 S.E.2d at 664.

This rule of constitutional interpretation has been followed on many occasions by both the North Carolina Supreme Court and Court of Appeals. For examples, see *State v. Spaugh*, 321 N.C. 550, 364 S.E.2d 368 (1988), and *State v. Bradley*, 91 N.C. App. 559, 373 S.E.2d 130 (1988).

Thus, to the extent HB 1042 and SB 1012 (allowing a party to an appeal to decide whether an opinion shall be published) is in conflict with Rule 30(e) of the Rules of Appellate Procedure promulgated by the Supreme Court (providing that the panel hearing the case in the Court of Appeals shall decide whether to publish the opinion), HB 1042/SB 1012 would appear to violate Article IV, § 13(2) of the Constitution of North Carolina and would be ineffective.

BILL SUMMARY: *TO PROVIDE PARTIES WITH THE RIGHT TO THE PUBLICATION OF ANY OPINION ISSUED BY THE COURT OF APPEALS.* Adds new GS 7A-6.1, permitting any party to an action to pay Judicial Department costs (not to exceed \$500) for printing, publishing, and storing a court opinion when the Court of Appeals decides a case without publication of an opinion under Rule 30(e).

ASSUMPTIONS AND METHODOLOGY: Judicial Department

The Judicial Department anticipates this bill would have some fiscal impact on the court system. Currently, Court of Appeals opinions are not published when the Court determines "that the appeal involves no new legal principles and that an opinion, if published, would have no value as precedent." The proposed bill would allow any party to require publication of any opinion upon paying up to \$500 of the costs of publication. The fiscal impact would be twofold: (1) There would be a need for one additional staff person in the Appellate Reporter Office (who

administers publication of appellate opinions); and, (2) A need for additional operating funds to publish the additional opinions.

Number of Opinions

Presently, most Court of Appeals opinions are *not* published. The Clerk of the Court of Appeals reported that of the 1,399 opinions filed in 1996, approximately 959, or nearly 70%, were not published.

It is very difficult to determine how often parties would demand that opinions be published, although there appear to be several factors which seem to militate against publication. First, unpublished opinions are public records. The Court sends copies to the parties, any person may request a copy, and the media can report on cases decided by unpublished opinion. Published reports already list the cases decided by unpublished opinion, identifying the parties and briefly stating the results of the appeals. In addition, many parties, especially losing parties, may not see a large incentive to have an opinion published. A dissatisfied party may seek review by the Supreme Court or may by motion ask the Court of Appeals to reconsider its determination that an opinion will not be published. (Motions that request publication of an opinion are most often granted, but such motions are infrequent, some twelve per year.) Finally, a dissatisfied party might prefer that the decision not be published, since forcing publication would give precedential force to an opinion with which the party disagrees.

On the other hand, there are factors which may contribute to parties wanting to have opinions published. For instance, there may be some losing parties who believe that publication is necessary to hold the Court's decision up to greater public scrutiny. In addition, there may be many prevailing parties and/or their attorneys who would want an opinion to be published because they prevailed.

For purposes of this fiscal note, it is estimated that parties would request publication for 10% of the opinions that are not published now which would total approximately 96 additional opinions each year (959 opinions not published last year). These 96 additional opinions would result in an 22% increase of the number of published opinions.

Estimated Fiscal Impact

Personnel

The Appellate Reporter Office prepares appellate opinions for publication (both for the Court of Appeals and the Supreme Court). Currently, there are two full-time and one part-time Assistant Appellate Reporters, who prepare the headnotes and other legal references for all appellate opinions. (Headnotes are succinct summaries of the legal issues decided by the Court, printed for convenient reference before each opinion; the reports also include an analytical index of legal issues.) Additional staff consist of two Editorial Assistants who handle all of the non-legal indexing (including case and attorney lists), and all other administrative tasks for publication.

Based on consultations with the Clerk of the Court of Appeals, the Department estimates the potential 22% increase in the number of published opinions would necessitate one Assistant Appellate Reporter position. The costs for this position are \$54,144 recurring (position effective 10/1/97) and \$6,700 nonrecurring for FY 1997-98 and \$71,567 recurring for future years.

Costs of Publication

Appellate opinions are published in both "advance sheets" and later, in permanent bound volumes. (Advance sheets are pamphlet-like publications which are produced so that the legal profession and public have prompt access to appellate opinions which under present law the Court has determined to have value as legal precedent.) Once enough opinions have been issued, a bound volume is produced, and advance sheets are generally discarded. The Judicial Branch contracts for the printing of the appellate reports and advance sheets. Based on the most recent three editions of the advance sheets and bound volumes, the costs for printing and distribution of Court of Appeals opinions is \$64.00 *per page*. The average length of an unpublished opinion is about five printed pages. Thus, printing the 96 additional opinions would cost approximately \$30,720 each year.

Potential Revenues

Based on five pages per opinion, the average cost to a party would be \$320 (five pages times \$64 per page), which is less than the maximum of \$500 that a party could be charged under this bill. However, in instances where an opinion exceeds 8 pages in length, the party would not pay the full costs of publication (\$500 divided by \$64 per page is 7.8 pages). It is probable that some opinions would exceed eight pages. For purposes of this fiscal note, it is estimated that revenues will equal \$320 per request (\$64 X 5 pages), thus totaling about \$30,720 in fees collected each year (\$320 X 96 opinions).

PROGRAM(S) AFFECTED: State Board of Education - N C Standards Board for Public School Administration

EFFECTIVE DATE: The act becomes effective July 1, 1997.

BILL SUMMARY: The bill removes the fee for the school administrator's exam from the statutes.

BACKGROUND: The General Assembly created the North Carolina Standards Board for Public School Administration in 1993. For administrative purposes, the seven member board is under the State Board of Education. The Board is charged with developing and implementing a North Carolina Public School Administrator Exam effective January 1, 1998. To be eligible for the exam, a person must have a bachelors degree and a graduate degree from an accredited public school administration program. Passage of the exam is required to be certified by the State Board of Education as a public school administrator. Certification by the State Board of Education is a condition that must be met prior to assuming a job as an assistant principal or principal. Those currently serving as principals or assistant principals are grandfathered in and do not take the exam. However, for those persons who were previously certified as a principal, but are not in a principal position now, would have to take the exam in order to return to a school administrative post.

ASSUMPTIONS AND METHODOLOGY: The State Board of Education estimates that 500 individuals will take the public school administrators exam each year. The Board has chosen ETS (Education Testing Service) to administer the exam at a cost of \$400 per exam. The school administrators will pay ETS directly for the exams. The \$150 exam fee was originally placed in the statute in 1993 before the Standards Board had determined what type of exam would be given and who would administer the exam.

19 Section 2. G.S. 105-129.4 reads as rewritten:

20 "**§ 105-129.4. (Repealed effective January 1, 2002) Eligibility; forfeiture.**

21 (a) Type of Business. -- A taxpayer is eligible for the credit for creating a
22 construction job for a welfare recipient under G.S. 105-129.8(a1) or the credit for
23 construction craftworker training under G.S. 105-129.11(b) if the taxpayer is engaged
24 in the business of construction. A taxpayer is eligible for ~~a credit~~ the remaining
25 credits allowed by this Article if the taxpayer engages in manufacturing or processing,
26 warehousing or distributing, or data processing, and the jobs with respect to which a
27 credit is claimed are created in that business, the machinery and equipment with
28 respect to which a credit is claimed are used in that business, and the research and
29 development for which a credit is claimed are carried out as part of that business.

30 (b) Wage Standard. -- A taxpayer is eligible for the credit for creating jobs or the
31 credit for worker training if the jobs for which the credit is claimed meet the wage
32 standard at the time the taxpayer applies for the credit. A taxpayer is eligible for the
33 credit for investing in machinery and equipment or the credit for research and
34 development if the jobs at the location with respect to which the credit is claimed
35 meet the wage standard at the time the taxpayer applies for the credit. Jobs meet the
36 wage standard if they pay an average weekly wage that is at least ten percent (10%)
37 above the average weekly wage paid in the county in which the jobs will be located.
38 In calculating the average weekly wage of jobs, positions that pay a wage or salary at
39 a rate that exceeds one hundred thousand dollars (\$100,000) a year shall be excluded.
40 For the purpose of this subsection, the average wage in a county is the average wage
41 for all insured industries in the county as computed by the Employment Security
42 Commission for the most recent period for which data are available.

43 (c) Worker Training. -- A taxpayer is eligible for the tax credit for worker training
44 only for training workers who occupy jobs for which the taxpayer is eligible to claim

1 an installment of the credit for creating jobs or which are full-time positions at a
2 location with respect to which the taxpayer is eligible to claim an installment of the
3 credit for investing in machinery and equipment for the taxable year.

4 The credit for worker training is allowed only with respect to employees in
5 positions not classified as exempt under the Fair Labor Standards Act, 29 U.S.C. §
6 213(a)(1) and for expenditures for training that would be eligible for expenditure or
7 reimbursement under the Department of Community Colleges' New and Expanding
8 Industry Program, as determined by guidelines adopted by the State Board of
9 Community Colleges. To establish eligibility, the taxpayer must obtain as part of the
10 application process under G.S. 105-129.6 the certification of the Department of
11 Community Colleges that the taxpayer's planned worker training would satisfy the
12 requirements of this paragraph. A taxpayer shall apply to the Department of
13 Community Colleges for this certification. The application must be on a form
14 provided by the Department of Community Colleges, must provide a detailed plan of
15 the worker training to be provided, and must contain any information required by the
16 Department of Community Colleges to determine whether the requirements of this
17 paragraph will be satisfied. If the Department of Community Colleges determines that
18 the planned worker training meets the requirements of this paragraph, the
19 Department of Community Colleges shall issue a certificate describing the location
20 with respect to which the credit is claimed and stating that the planned worker
21 training meets the requirements of this paragraph. The State Board of Community
22 Colleges may adopt rules in accordance with Chapter 150B of the General Statutes
23 that are needed to carry out its responsibilities under this paragraph.

24 (c) Construction Craftworker Training. -- A taxpayer is eligible for the tax credit
25 for construction craftworker training only for training construction craftworkers in
26 positions not classified as exempt under the Fair Labor Standards Act, 29 U.S.C. §
27 213(a)(1), and only for training provided pursuant to a program that satisfies the
28 following conditions:

- 29 (1) It combines classroom instruction and jobsite training in
30 construction craftwork.
31 (2) It includes competency testing to verify completion of each stage of
32 training.
33 (3) It is approved by the Department of Labor, the Department of
34 Community Colleges, or a statewide trade association that
35 represents employers engaged in the construction business.

36 To establish eligibility, the taxpayer must obtain as part of the application process
37 under G.S. 105-129.6 the certification of the Department of Community Colleges that
38 the taxpayer's planned construction craftworker training would satisfy the
39 requirements of this subsection. A taxpayer shall apply to the Department of
40 Community Colleges for this certification. The application must be on a form
41 provided by the Department of Community Colleges, must provide a detailed plan of
42 the construction craftworker training to be provided, and must contain any
43 information required by the Department of Community Colleges to determine
44 whether the requirements of this subsection will be satisfied. If the Department of

1 Community Colleges determines that the planned construction craftworker training
 2 meets the requirements of this subsection, the Department of Community Colleges
 3 shall issue a certificate describing the taxpayer, identifying the entity that approved
 4 the training program, and stating that the planned construction craftworker training
 5 meets the requirements of this subsection. The State Board of Community Colleges
 6 may adopt rules in accordance with Chapter 150B of the General Statutes that are
 7 needed to carry out its responsibilities under this subsection.

8 (d) Forfeiture. -- A taxpayer forfeits a credit allowed under this Article if the
 9 taxpayer was not eligible for the credit at the time the taxpayer applied for the credit.
 10 A taxpayer that forfeits a credit under this Article is liable for all past taxes avoided
 11 as a result of the credit plus interest at the rate established under G.S. 105-241.1(i),
 12 computed from the date the taxes would have been due if the credit had not been
 13 allowed. The past taxes and interest are due 30 days after the date the credit is
 14 forfeited; a taxpayer that fails to pay the past taxes and interest by the due date is
 15 subject to the penalties provided in G.S. 105-236. If a taxpayer forfeits the credit for
 16 creating jobs or the credit for investing in machinery and equipment, the taxpayer
 17 also forfeits any credit for worker training claimed for the jobs for which the credit
 18 for creating jobs was claimed or the jobs at the location with respect to which the
 19 credit for investing in machinery and equipment was claimed.

20 (e) Change in Ownership of Business. -- The sale, merger, acquisition, or
 21 bankruptcy of a business, or any other transaction by which an existing business
 22 reformulates itself as another business, does not create new eligibility in a succeeding
 23 business with respect to credits for which the predecessor was not eligible under this
 24 Article. A successor business may, however, take any installment of or carried-over
 25 portion of a credit that its predecessor could have taken if it had a tax liability."

26 Section 3. G.S. 105-129.8 reads as rewritten:

27 "**§ 105-129.8. (Repealed effective January 1, 2002) Credit Credits for creating jobs.**

28 (a) ~~Credit.~~ Creating Jobs. -- A taxpayer that meets the eligibility requirements set
 29 out in G.S. 105-129.4, has five or more employees for at least 40 weeks during the
 30 taxable year, and hires an additional full-time employee during that year to fill a
 31 position located in this State is allowed a credit for creating a new full-time job. The
 32 amount of the credit for each new full-time job created is set out in the table below
 33 and is based on the enterprise tier of the area in which the position is located:

34 Area Enterprise Tier	Amount of Credit
35 Tier One	\$12,500
36 Tier Two	4,000
37 Tier Three	3,000
38 Tier Four	1,000
39 Tier Five	500

40 A position is located in an area if more than fifty percent (50%) of the employee's
 41 duties are performed in the area.

42 (a1) Creating Construction Jobs for Welfare Recipients. -- A taxpayer that is
 43 engaged in the construction business, has five or more employees for at least 40
 44 weeks during the taxable year, and hires a welfare recipient as an additional full-time

1 employee during the year is allowed a credit of five hundred dollars (\$500.00) for the
2 job.

3 (a2) The credit may not be taken in the taxable year in which the additional
4 employee is hired. Instead, the credit shall be taken in equal installments over the
5 four years following the taxable year in which the additional employee was hired and
6 shall be conditioned on the continued employment by the taxpayer of the number of
7 full-time employees the taxpayer had upon hiring the employee that caused the
8 taxpayer to qualify for the credit.

9 If, in one of the four years in which the installment of a credit accrues, the number
10 of the taxpayer's full-time employees falls below the number of full-time employees
11 the taxpayer had in the year in which the taxpayer qualified for the credit, the credit
12 expires and the taxpayer may not take any remaining installment of the credit. The
13 taxpayer may, however, take the portion of an installment that accrued in a previous
14 year and was carried forward to the extent permitted under G.S. 105-129.5.

15 If, in one of the four years in which the installment of a credit accrues, a job for
16 which the welfare recipient credit was allowed is no longer filled by a welfare
17 recipient, the credit expires and the taxpayer may not take any remaining installment
18 of the welfare recipient credit with respect to that job.

19 Jobs transferred from one area in the State to another area in the State shall not be
20 considered new jobs for purposes of this section. If, in one of the four years in which
21 the installment of a credit accrues, the position filled by the employee is moved to an
22 area in a higher- or lower-numbered enterprise tier, the remaining installments of the
23 credit shall be calculated as if the position had been created initially in the area to
24 which it was moved.

25 (b) Repealed by Session Laws 1989, c. 111, s. 1.

26 (b1), (c) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.3.

27 (d) Planned Expansion. -- A taxpayer that signs a letter of commitment with the
28 Department of Commerce to create at least twenty new full-time jobs in a specific
29 area within two years of the date the letter is signed qualifies for the credit in the
30 amount allowed by subsection (a) of this section based on the area's enterprise tier
31 for that year even though the employees are not hired that year. The credit shall be
32 available in the taxable year after at least twenty employees have been hired if the
33 hirings are within the two-year commitment period. The conditions outlined in
34 subsection (a) apply to a credit taken under this subsection except that if the area is
35 redesignated to a higher-numbered enterprise tier after the year the letter of
36 commitment was signed, the credit is allowed based on the area's enterprise tier for
37 the year the letter was signed. If the taxpayer does not hire the employees within the
38 two-year period, the taxpayer does not qualify for the credit. However, if the taxpayer
39 qualifies for a credit under subsection (a) in the year any new employees are hired,
40 the taxpayer may take the credit under that subsection.

41 (e), (f) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.3 for
42 taxable years beginning on or after January 1, 1996."

43 Section 4. G.S. 105-129.11 reads as rewritten:

1 "§ 105-129.11. (Repealed effective January 1, 2002) ~~Credit for worker training.~~
2 Credits for worker training and construction craftworker training.

3 (a) ~~Credit.~~ Worker Training. -- A taxpayer that provides worker training for five
4 or more of its eligible employees during the taxable year is allowed a credit equal to
5 fifty percent (50%) of its eligible expenditures for the training. For positions located
6 in an enterprise tier one area, the credit may not exceed one thousand dollars
7 (\$1,000) per employee trained during the taxable year. For other positions, the credit
8 may not exceed five hundred dollars (\$500.00) per employee trained during the
9 taxable year. A position is located in an area if more than fifty percent (50%) of the
10 employee's duties are performed in the area.

11 (b) ~~Eligibility.~~ ~~The eligibility of a taxpayer's expenditures and employees is~~
12 ~~determined as provided in G.S. 105-129.4.~~ Construction Craftworker Training. -- A
13 taxpayer that is engaged in the construction business and provides construction
14 craftworker training to its eligible employees is allowed a credit equal to five hundred
15 dollars (\$500.00) for each employee who completes his or her 1,000th hour of the
16 provided training during the taxable year.

17 (c) Eligibility. -- The eligibility of a taxpayer's training, expenditures, and
18 employees is determined as provided in G.S. 105-129.4."

19 Section 5. This act is effective for taxable years beginning on or after
20 January 1, 1998.

28 "§ 105-129.4. (Repealed effective January 1, 2002) Eligibility;
29 forfeiture.

30 (a) Type of Business. -- A taxpayer is eligible for the credit
31 for creating a construction job for a welfare recipient under
32 G.S. 105-129.8(a1) or the credit for construction craftworker
33 training under G.S. 105-129.11(b) if the taxpayer is engaged in
34 the business of construction. A taxpayer is eligible for a
35 credit the remaining credits allowed by this Article if the
36 taxpayer engages in manufacturing or processing, warehousing or
37 distributing, or data processing, and the jobs with respect to
38 which a credit is claimed are created in that business, the
39 machinery and equipment with respect to which a credit is claimed
40 are used in that business, and the research and development for
41 which a credit is claimed are carried out as part of that
42 business.

43 (b) Wage Standard. -- A taxpayer is eligible for the credit
44 for creating jobs or the credit for worker training if the jobs

1 for which the credit is claimed meet the wage standard at the
2 time the taxpayer applies for the credit. A taxpayer is eligible
3 for the credit for investing in machinery and equipment or the
4 credit for research and development if the jobs at the location
5 with respect to which the credit is claimed meet the wage
6 standard at the time the taxpayer applies for the credit. Jobs
7 meet the wage standard if they pay an average weekly wage that is
8 at least ten percent (10%) above the average weekly wage paid in
9 the county in which the jobs will be located. In calculating the
10 average weekly wage of jobs, positions that pay a wage or salary
11 at a rate that exceeds one hundred thousand dollars (\$100,000) a
12 year shall be excluded. For the purpose of this subsection, the
13 average wage in a county is the average wage for all insured
14 industries in the county as computed by the Employment Security
15 Commission for the most recent period for which data are
16 available.

17 (c) Worker Training. -- A taxpayer is eligible for the tax
18 credit for worker training only for training workers who occupy
19 jobs for which the taxpayer is eligible to claim an installment
20 of the credit for creating jobs or which are full-time positions
21 at a location with respect to which the taxpayer is eligible to
22 claim an installment of the credit for investing in machinery and
23 equipment for the taxable year.

24 The credit for worker training is allowed only with respect to
25 employees in positions not classified as exempt under the Fair
26 Labor Standards Act, 29 U.S.C. § 213(a)(1) and for expenditures
27 for training that would be eligible for expenditure or
28 reimbursement under the Department of Community Colleges' New and
29 Expanding Industry Program, as determined by guidelines adopted
30 by the State Board of Community Colleges. To establish
31 eligibility, the taxpayer must obtain as part of the application
32 process under G.S. 105-129.6 the certification of the Department
33 of Community Colleges that the taxpayer's planned worker training
34 would satisfy the requirements of this paragraph. A taxpayer
35 shall apply to the Department of Community Colleges for this
36 certification. The application must be on a form provided by the
37 Department of Community Colleges, must provide a detailed plan of
38 the worker training to be provided, and must contain any
39 information required by the Department of Community Colleges to
40 determine whether the requirements of this paragraph will be
41 satisfied. If the Department of Community Colleges determines
42 that the planned worker training meets the requirements of this
43 paragraph, the Department of Community Colleges shall issue a
44 certificate describing the location with respect to which the

1 credit is claimed and stating that the planned worker training
2 meets the requirements of this paragraph. The State Board of
3 Community Colleges may adopt rules in accordance with Chapter
4 150B of the General Statutes that are needed to carry out its
5 responsibilities under this paragraph.

6 (c1) Construction Craftworker Training. -- A taxpayer is
7 eligible for the tax credit for construction craftworker training
8 only for training construction craftworkers in positions not
9 classified as exempt under the Fair Labor Standards Act, 29
10 U.S.C. § 213(a)(1), and only for training provided pursuant to a
11 program that satisfies the following conditions:

- 12 (1) It combines jobsite training and related
13 instruction in construction craftwork.
- 14 (2) It includes competency testing to verify completion
15 of each stage of training.
- 16 (3) It is approved by the Department of Labor, the
17 Department of Community Colleges, or a statewide
18 trade association that represents employers engaged
19 in the construction business.

20 To establish eligibility, the taxpayer must obtain as part of the
21 application process under G.S. 105-129.6 certification that the
22 taxpayer's planned construction craftworker training would
23 satisfy the requirements of this subsection. A taxpayer must
24 apply to the Department of Labor for certification of registered
25 apprenticeships and certified on-the-job training and to the
26 Department of Community Colleges for certification of all other
27 training. The application must be on a form provided by the
28 certifying Department, must provide a detailed plan of the
29 construction craftworker training to be provided, and must
30 contain any information required by the certifying Department to
31 determine whether the requirements of this subsection will be
32 satisfied. If the certifying Department determines that the
33 planned construction craftworker training meets the requirements
34 of this subsection, it shall issue a certificate describing the
35 taxpayer, identifying the entity that approved the training
36 program, and stating that the planned construction craftworker
37 training meets the requirements of this subsection. The State
38 Board of Community Colleges and the Department of Labor may adopt
39 rules in accordance with Chapter 150B of the General Statutes
40 that are needed to carry out their responsibilities under this
41 subsection.

42 (d) Forfeiture. -- A taxpayer forfeits a credit allowed under
43 this Article if the taxpayer was not eligible for the credit at
44 the time the taxpayer applied for the credit. A taxpayer that

1 forfeits a credit under this Article is liable for all past taxes
 2 avoided as a result of the credit plus interest at the rate
 3 established under G.S. 105-241.1(i), computed from the date the
 4 taxes would have been due if the credit had not been allowed. The
 5 past taxes and interest are due 30 days after the date the credit
 6 is forfeited; a taxpayer that fails to pay the past taxes and
 7 interest by the due date is subject to the penalties provided in
 8 G.S. 105-236. If a taxpayer forfeits the credit for creating jobs
 9 or the credit for investing in machinery and equipment, the
 10 taxpayer also forfeits any credit for worker training claimed for
 11 the jobs for which the credit for creating jobs was claimed or
 12 the jobs at the location with respect to which the credit for
 13 investing in machinery and equipment was claimed.

14 (e) Change in Ownership of Business. -- The sale, merger,
 15 acquisition, or bankruptcy of a business, or any other
 16 transaction by which an existing business reformulates itself as
 17 another business, does not create new eligibility in a succeeding
 18 business with respect to credits for which the predecessor was
 19 not eligible under this Article. A successor business may,
 20 however, take any installment of or carried-over portion of a
 21 credit that its predecessor could have taken if it had a tax
 22 liability."

23 Section 3. G.S. 105-129.8 reads as rewritten:
 24 "§ 105-129.8. (Repealed effective January 1, 2002) ~~Credit~~
 25 Credits for creating jobs.

26 (a) ~~Credit.~~ Creating Jobs. -- A taxpayer that meets the
 27 eligibility requirements set out in G.S. 105-129.4, has five or
 28 more employees for at least 40 weeks during the taxable year, and
 29 hires an additional full-time employee during that year to fill a
 30 position located in this State is allowed a credit for creating a
 31 new full-time job. The amount of the credit for each new
 32 full-time job created is set out in the table below and is based
 33 on the enterprise tier of the area in which the position is
 34 located:

35 Area Enterprise Tier	Amount of Credit
36 Tier One	\$12,500
37 Tier Two	4,000
38 Tier Three	3,000
39 Tier Four	1,000
40 Tier Five	500

41 A position is located in an area if more than fifty percent
 42 (50%) of the employee's duties are performed in the area.

43 (a1) Creating Construction Jobs for Welfare Recipients. -- A
 44 taxpayer that is engaged in the construction business, has five

1 or more employees for at least 40 weeks during the taxable year,
2 and hires a welfare recipient as an additional full-time employee
3 during the year is allowed a credit of five hundred dollars
4 (\$500.00) for the job.

5 (a2) The credit may not be taken in the taxable year in which
6 the additional employee is hired. Instead, the credit shall be
7 taken in equal installments over the four years following the
8 taxable year in which the additional employee was hired and shall
9 be conditioned on the continued employment by the taxpayer of the
10 number of full-time employees the taxpayer had upon hiring the
11 employee that caused the taxpayer to qualify for the credit.

12 If, in one of the four years in which the installment of a
13 credit accrues, the number of the taxpayer's full-time employees
14 falls below the number of full-time employees the taxpayer had in
15 the year in which the taxpayer qualified for the credit, the
16 credit expires and the taxpayer may not take any remaining
17 installment of the credit. The taxpayer may, however, take the
18 portion of an installment that accrued in a previous year and was
19 carried forward to the extent permitted under G.S. 105-129.5.

20 If, in one of the four years in which the installment of a
21 credit accrues, a job for which the welfare recipient credit was
22 allowed is no longer filled by a welfare recipient, the credit
23 expires and the taxpayer may not take any remaining installment
24 of the welfare recipient credit with respect to that job.

25 Jobs transferred from one area in the State to another area in
26 the State shall not be considered new jobs for purposes of this
27 section. If, in one of the four years in which the installment of
28 a credit accrues, the position filled by the employee is moved to
29 an area in a higher- or lower-numbered enterprise tier, the
30 remaining installments of the credit shall be calculated as if

36 (d) Planned Expansion. -- A taxpayer that signs a letter of

EXPLANATION OF SENATE BILL 938
Proposed Committee Substitute
Construction Worker, Training Tax Credits

TO: Senate Finance Committee
FROM: Committee Staff
DATE: June 10, 1997
SPONSOR: Senator Luther Jordan

Senate Bill 938 establishes two new tax credits that can be taken against income tax or franchise tax. Both credits apply to construction employers. The first credit is for a construction employer who provides craftworker training for an employee. The second credit is for a construction employer who hires a welfare recipient. The credits are effective for taxable years beginning on or after January 1, 1998. The proposed committee substitute modifies the requirements and the application process for certification of a craftworker training program.

A construction employer is eligible to take the credit for providing craftworker training when one of the employer's employees completes his or her 1,000th hour of approved instruction. The credit is \$500 for each employee. Approved instruction is instruction that combines jobsite training and related instruction in construction craftwork, includes competency testing, and has been certified by the Department of Labor (for apprenticeships and on-the-job training) or the Department of Community Colleges (for all other training). To take the credit, the taxpayer must also obtain a certification from the Secretary of Commerce that the taxpayer is eligible for the credit. The training for which a credit is provided does not have to be for a job that meets the wage standards established for the existing jobs tax credit and worker training tax credit.

A construction employer is eligible to take the credit for hiring a welfare recipient if the employer has five or more employees for at least 40 weeks during the taxable year and hires a welfare recipient as an additional full-time employee. The credit is \$500 for each welfare recipient hired.

Unlike the existing jobs tax credit, the job for which the welfare recipient is hired does not have to meet the wage standards. Like the jobs tax credit, the credit may not be taken in the year in which the employee is hired but is taken in four annual installments beginning in the following year. The credit expires if, in any of these four years, the position is no longer filled by a welfare recipient or the number of full-time employees of the employer falls below the number the employer had when the welfare recipient was hired. A welfare recipient is a

person who received AFDC (aid to families with dependent children) within 12 months before being hired.

The total credits allowed by this bill, when combined with all other tax credits for new and expanding businesses, cannot exceed 50% of the taxpayer's liability for the year. Any unused portion of the credits can be carried forward for five years.

A construction employer is an employer engaged in one of three types of construction: general construction, heavy construction, or building-related special trades. General construction includes businesses primarily engaged in the construction of residential, farm, industrial, commercial, or other buildings. Heavy construction includes businesses primarily engaged in heavy construction other than building, such as highways and streets, bridges, sewers, railroads, irrigation projects, flood control projects, and marine construction. Heavy construction also includes special trade contractors primarily engaged in activities specialized to heavy construction rather than building construction. Building-related special trades includes businesses whose activities are specialized to building construction or to both building and nonbuilding projects. They include plumbing, heating and air conditioning, painting and paper hanging, electrical work, masonry, stonework, tile setting, plastering, carpentry, floor work, roofing, siding, sheet metal work, concrete work, water well drilling, excavation, demolition, antenna installation, steam cleaning, etc.

PRINCIPAL DEPARTMENTS AFFECTED: The tax credits will be administered by the Department of Revenue along with other jobs tax credits and the regular worker training tax credit. The construction worker training tax credit will require approval by either the Department of Labor, the Department of Community Colleges, or a statewide construction trade association.					
EFFECTIVE DATE: Tax years beginning on or after January 1, 1998.					
*See "Assumptions and Methodology"					

BILL SUMMARY: (1) Amends the state income tax credit for job creation to add a \$500 credit for a construction firm (with 5 or more employees for 40 or more weeks during a tax year) for each welfare recipient hired by the employer. The credit is to be taken over 4 years, beginning with the year after the job is created. For credit purposes, a welfare recipient is defined as a person who received Aid to Families With Dependent Children dollars within the 12-month period before being hired by the employer. If during on of the four years in which the installment of the credit is taken the job is no longer filled by a welfare recipient, the credit expires and the remaining installments may not be used. The credit may not exceed 50% of the employer's tax liability with a five-year carryforward. The credit sunsets on January 1, 2002.

(2) Amends the existing worker training tax credit law to allow an income tax credit for a construction firm who provides construction craftworker training to its eligible employees. The credit is \$500 for each employee who completes 1,000 hours of the provided training during the tax year. To be eligible for the credit, the training must combine classroom instruction and jobsite training, include competency testing for each stage of training, and be approved by the state Department of Labor, the Department of Community Colleges, or a statewide trade

association that represents construction firms. The credit may not exceed 50% of the employer's tax liability with a five-year carryforward. The credit sunsets January 1, 2002.

ASSUMPTIONS AND METHODOLOGY: There is no hard data as to the number of welfare recipients that will be hired and trained by construction firms. Thus, the approach used in this note is to simulate the tax consequences based on certain assumptions. The first assumption, based on discussions with construction industry representatives about the training capacity in the industry, uses 400 additional trainees for the 1998 tax year, 1200 for the 1999 tax year, 1600 for tax year 2000, and then 1700 additional trainees for the tax year 2001. A second assumption is that the employer will receive both the hiring credit and the training credit in the year in which the training takes place. Third, it is assumed that each employer will be able to use all of the credit in the appropriate year (no carryforwards).

For information purposes, the affected construction firms had a payroll of 174,000 in 1995. In addition, the Work First program indicates that 117,500 households in the state received case assistance for 1994-95. Of this total, adult men represented 4999 (4.25%). The Work First program anticipates 50% of adult men going to work by the Year 2002. Finally, the program estimates that 2211-7775 welfare recipients will leave welfare for work during the next 5 years.

20 Section 2. G.S. 105-129.4 reads as rewritten:

21 "**§ 105-129.4. (Repealed effective January 1, 2002) Eligibility; forfeiture.**

22 (a) Type of Business. -- A taxpayer is eligible for the credit for creating a
23 construction job for a welfare recipient under G.S. 105-129.8(a1) or the credit for
24 construction craftworker training under G.S. 105-129.11(b) if the taxpayer is engaged
25 in the business of construction. A taxpayer is eligible for ~~a credit~~ the remaining
26 credits allowed by this Article if the taxpayer engages in manufacturing or processing,
27 warehousing or distributing, or data processing, and the jobs with respect to which a

33 standard at the time the taxpayer applies for the credit. A taxpayer is eligible for the
34 credit for investing in machinery and equipment or the credit for research and
35 development if the jobs at the location with respect to which the credit is claimed
36 meet the wage standard at the time the taxpayer applies for the credit. Jobs meet the
37 wage standard if they pay an average weekly wage that is at least ten percent (10%)
38 above the average weekly wage paid in the county in which the jobs will be located.
39 In calculating the average weekly wage of jobs, positions that pay a wage or salary at
40 a rate that exceeds one hundred thousand dollars (\$100,000) a year shall be excluded.
41 For the purpose of this subsection, the average wage in a county is the average wage
42 for all insured industries in the county as computed by the Employment Security
43 Commission for the most recent period for which data are available.

1 (c) Worker Training. -- A taxpayer is eligible for the tax credit for worker training
2 only for training workers who occupy jobs for which the taxpayer is eligible to claim
3 an installment of the credit for creating jobs or which are full-time positions at a
4 location with respect to which the taxpayer is eligible to claim an installment of the
5 credit for investing in machinery and equipment for the taxable year.

6 The credit for worker training is allowed only with respect to employees in
7 positions not classified as exempt under the Fair Labor Standards Act, 29 U.S.C. §
8 213(a)(1) and for expenditures for training that would be eligible for expenditure or
9 reimbursement under the Department of Community Colleges' New and Expanding
10 Industry Program, as determined by guidelines adopted by the State Board of
11 Community Colleges. To establish eligibility, the taxpayer must obtain as part of the
12 application process under G.S. 105-129.6 the certification of the Department of
13 Community Colleges that the taxpayer's planned worker training would satisfy the
14 requirements of this paragraph. A taxpayer shall apply to the Department of
15 Community Colleges for this certification. The application must be on a form
16 provided by the Department of Community Colleges, must provide a detailed plan of
17 the worker training to be provided, and must contain any information required by the
18 Department of Community Colleges to determine whether the requirements of this
19 paragraph will be satisfied. If the Department of Community Colleges determines that
20 the planned worker training meets the requirements of this paragraph, the
21 Department of Community Colleges shall issue a certificate describing the location
22 with respect to which the credit is claimed and stating that the planned worker
23 training meets the requirements of this paragraph. The State Board of Community
24 Colleges may adopt rules in accordance with Chapter 150B of the General Statutes
25 that are needed to carry out its responsibilities under this paragraph.

26 (c1) Construction Craftworker Training. -- A taxpayer is eligible for the tax credit
27 for construction craftworker training only for training construction craftworkers in
28 positions not classified as exempt under the Fair Labor Standards Act, 29 U.S.C. §
29 213(a)(1), and only for training provided pursuant to a program that satisfies the
30 following conditions:

- 31 (1) It combines jobsite training and related instruction in construction
32 craftwork.
33 (2) It includes competency testing to verify completion of each stage of
34 training.
35 (3) It is approved by the Department of Labor, the Department of
36 Community Colleges, or a statewide trade association that
37 represents employers engaged in the construction business.

38 To establish eligibility, the taxpayer must obtain as part of the application process
39 under G.S. 105-129.6 certification that the taxpayer's planned construction
40 craftworker training would satisfy the requirements of this subsection. A taxpayer
41 must apply to the Department of Labor for certification of registered apprenticeships
42 and certified on-the-job training and to the Department of Community Colleges for
43 certification of all other training. The application must be on a form provided by the
44 certifying Department, must provide a detailed plan of the construction craftworker

1 training to be provided, and must contain any information required by the certifying
 2 Department to determine whether the requirements of this subsection will be
 3 satisfied. If the certifying Department determines that the planned construction
 4 craftworker training meets the requirements of this subsection, it shall issue a
 5 certificate describing the taxpayer, identifying the entity that approved the training
 6 program, and stating that the planned construction craftworker training meets the
 7 requirements of this subsection. The State Board of Community Colleges and the
 8 Department of Labor may adopt rules in accordance with Chapter 150B of the
 9 General Statutes that are needed to carry out their responsibilities under this
 10 subsection.

11 (d) Forfeiture. -- A taxpayer forfeits a credit allowed under this Article if the
 12 taxpayer was not eligible for the credit at the time the taxpayer applied for the credit.
 13 A taxpayer that forfeits a credit under this Article is liable for all past taxes avoided
 14 as a result of the credit plus interest at the rate established under G.S. 105-241.1(i),
 15 computed from the date the taxes would have been due if the credit had not been
 16 allowed. The past taxes and interest are due 30 days after the date the credit is
 17 forfeited; a taxpayer that fails to pay the past taxes and interest by the due date is
 18 subject to the penalties provided in G.S. 105-236. If a taxpayer forfeits the credit for
 19 creating jobs or the credit for investing in machinery and equipment, the taxpayer
 20 also forfeits any credit for worker training claimed for the jobs for which the credit
 21 for creating jobs was claimed or the jobs at the location with respect to which the
 22 credit for investing in machinery and equipment was claimed.

23 (e) Change in Ownership of Business. -- The sale, merger, acquisition, or
 24 bankruptcy of a business, or any other transaction by which an existing business
 25 reformulates itself as another business, does not create new eligibility in a succeeding
 26 business with respect to credits for which the predecessor was not eligible under this
 27 Article. A successor business may, however, take any installment of or carried-over
 28 portion of a credit that its predecessor could have taken if it had a tax liability."

29 Section 3. G.S. 105-129.8 reads as rewritten:

30 "**§ 105-129.8. (Repealed effective January 1, 2002) Credit Credits for creating jobs.**

31 (a) Credit. Creating Jobs. -- A taxpayer that meets the eligibility requirements set
 32 out in G.S. 105-129.4, has five or more employees for at least 40 weeks during the
 33 taxable year, and hires an additional full-time employee during that year to fill a
 34 position located in this State is allowed a credit for creating a new full-time job. The
 35 amount of the credit for each new full-time job created is set out in the table below
 36 and is based on the enterprise tier of the area in which the position is located:

37 Area Enterprise Tier	Amount of Credit
38 Tier One	\$12,500
39 Tier Two	4,000
40 Tier Three	3,000
41 Tier Four	1,000
42 Tier Five	500

43 A position is located in an area if more than fifty percent (50%) of the employee's
 44 duties are performed in the area.

1 (a1) Creating Construction Jobs for Welfare Recipients. -- A taxpayer that is
2 engaged in the construction business, has five or more employees for at least 40
3 weeks during the taxable year, and hires a welfare recipient as an additional full-time
4 employee during the year is allowed a credit of five hundred dollars (\$500.00) for the
5 job.

6 (a2) The credit may not be taken in the taxable year in which the additional
7 employee is hired. Instead, the credit shall be taken in equal installments over the
8 four years following the taxable year in which the additional employee was hired and
9 shall be conditioned on the continued employment by the taxpayer of the number of
10 full-time employees the taxpayer had upon hiring the employee that caused the
11 taxpayer to qualify for the credit.

12 If, in one of the four years in which the installment of a credit accrues, the number
13 of the taxpayer's full-time employees falls below the number of full-time employees
14 the taxpayer had in the year in which the taxpayer qualified for the credit, the credit
15 expires and the taxpayer may not take any remaining installment of the credit. The
16 taxpayer may, however, take the portion of an installment that accrued in a previous
17 year and was carried forward to the extent permitted under G.S. 105-129.5.

18 If, in one of the four years in which the installment of a credit accrues, a job for
19 which the welfare recipient credit was allowed is no longer filled by a welfare
20 recipient, the credit expires and the taxpayer may not take any remaining installment
21 of the welfare recipient credit with respect to that job.

22 Jobs transferred from one area in the State to another area in the State shall not be
23 considered new jobs for purposes of this section. If, in one of the four years in which
24 the installment of a credit accrues, the position filled by the employee is moved to an
25 area in a higher- or lower-numbered enterprise tier, the remaining installments of the
26 credit shall be calculated as if the position had been created initially in the area to
27 which it was moved.

28 (b) Repealed by Session Laws 1989, c. 111, s. 1.

29 (b1), (c) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.3.

30 (d) Planned Expansion. -- A taxpayer that signs a letter of commitment with the
31 Department of Commerce to create at least twenty new full-time jobs in a specific
32 area within two years of the date the letter is signed qualifies for the credit in the
33 amount allowed by subsection (a) of this section based on the area's enterprise tier
34 for that year even though the employees are not hired that year. The credit shall be
35 available in the taxable year after at least twenty employees have been hired if the
36 hirings are within the two-year commitment period. The conditions outlined in
37 subsection (a) apply to a credit taken under this subsection except that if the area is
38 redesignated to a higher-numbered enterprise tier after the year the letter of
39 commitment was signed, the credit is allowed based on the area's enterprise tier for
40 the year the letter was signed. If the taxpayer does not hire the employees within the
41 two-year period, the taxpayer does not qualify for the credit. However, if the taxpayer
42 qualifies for a credit under subsection (a) in the year any new employees are hired,
43 the taxpayer may take the credit under that subsection.

1 (e), (f) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.3 for
2 taxable years beginning on or after January 1, 1996."

3 Section 4. G.S. 105-129.11 reads as rewritten:

4 "§ 105-129.11. (Repealed effective January 1, 2002) Credit for worker training.
5 Credits for worker training and construction craftworker training.

6 (a) Credit. Worker Training. -- A taxpayer that provides worker training for five
7 or more of its eligible employees during the taxable year is allowed a credit equal to
8 fifty percent (50%) of its eligible expenditures for the training. For positions located
9 in an enterprise tier one area, the credit may not exceed one thousand dollars
10 (\$1,000) per employee trained during the taxable year. For other positions, the credit
11 may not exceed five hundred dollars (\$500.00) per employee trained during the
12 taxable year. A position is located in an area if more than fifty percent (50%) of the
13 employee's duties are performed in the area.

14 (b) Eligibility. -- The eligibility of a taxpayer's expenditures and employees is
15 determined as provided in G.S. 105-129.4. Construction Craftworker Training. -- A
16 taxpayer that is engaged in the construction business and provides construction
17 craftworker training to its eligible employees is allowed a credit equal to five hundred
18 dollars (\$500.00) for each employee who completes his or her 1,000th hour of the
19 provided training during the taxable year.

20 (c) Eligibility. -- The eligibility of a taxpayer's training, expenditures, and
21 employees is determined as provided in G.S. 105-129.4."

EXPLANATION OF HOUSE BILL 476:
Vital Records Access (3rd Edition)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: June 10, 1997
SPONSOR: Representative Hurley
Agency Bill

House Bill 476 makes the following changes to the vital records statutes in anticipation of the automation of the birth registration system:

- Provides that general birth data is a public record.
- Provides that specific birth data, such as the person's name, the parents' names, the addresses of the parents, the social security number of the parents, and health and medical information is not a public record.
- Expands the list of people who may obtain a certified copy of a vital record to include stepparents, stepchildren, and grandparents.
- Allows a funeral director or a funeral service licensee to obtain a certified copy of a death certificate.
- Provides that copies of or abstracts from any computer or microform database which contains individual-specific health or medical birth data may be provided only to the specific individual or a person authorized by that individual to obtain the records and to a person who will use the information for medical research purposes. This provision conforms to the current limitations on who may receive copies or abstracts of the health and medical information contained on birth certificates.
- Imposes the same fee on local agencies using the State database that the State imposes for the database's use. That fee is \$10. Five dollars of this fee is credited to the Vital Records Automation Account.
- Authorizes a fee for a copy of a computer or microform database. The fee may not exceed the cost to the agency of making and providing the copy.
- Provides that the revenue in the Vital Records Automation Account may be used to maintain the automated vital records system. Currently, the money in the Account may only be used to automate the system.

Vital records include birth certificates, death certificates, marriage certificates, and the registration of divorces and annulments. The vital records are maintained by the State Registrar. Copies of vital records may be obtained from the State Registrar as well as registers of deeds and local health departments. Currently, the records registered, maintained, and issued by local officials are limited to individual counties.

In 1991, the General Assembly created a nonreverting automation account for the purpose of automating the system of vital records in this State. The electronic system will allow statewide access to vital records, enabling the local officials to issue copies of birth certificates for persons born throughout North Carolina. Full automation is expected to be completed during late 1998. The program will be pilot-tested to allow further development of the program. Statewide access to birth certification data is expected to be available within the next three years. Statewide access to death, marriage, and divorce registration will begin in stages and is expected to be completed within the next 10 years.

The Account derives its revenues from \$5 of the fee charged by the State Registrar for issuing a copy of a vital record or for conducting a routine search of the files for a record when no copy is made. This bill requires local agencies using the State Registrar's database to charge the standard \$10 fee for searches and to forward \$5 of the fee to the State for the Vital Records Automation Account.

As the information contained on vital records becomes more available, there is growing concern about its protection. This bill specifies what information on a vital record is considered a public record. The purpose of this clarification is to prevent a person from using the Public Records Law to obtain computerized birth databases that could easily be used to generate counterfeit copies of birth certificates.

The bill becomes effective when it becomes law.

PRINCIPAL DEPARTMENT(S) &

PROGRAM(S) AFFECTED: Department of Environment, Health and Natural Resources - State Center for Health Statistics ; County Registers of Deeds

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: The bill expands the availability of certified birth or death records to a person's direct ancestor or descendant, stepparent or stepchild, or funeral director. The bill clarifies individual-specific birth records are not public records. When a County Register of Deeds uses the state database to issue a copy of a vital record or conduct a routine search of the files for a record, then a \$10 fee is charged with \$5 kept by the local agency and \$5 forwarded to the State Registrar for deposit into the Vital Records Automation Account. The bill also expands the use of funds credited to the Vital Records Automation Account to include maintenance of the vital records automated system.

BACKGROUND: From 1991 until March 1997, the nonreverting Vital Records Automation Account has received \$1,965,835. This account has been used to equip the Vital Records Section with personal computers, to purchase and install an electronic birth registration system throughout the state, to install a system to issue computer-generated copies of birth certificates, and other automation uses. Receipts into this fund have been as follows:

FY 91-92	\$267,131
FY 92-93	\$352,214
FY 93-94	\$366,466
FY 94-95	\$363,985
FY 95-96	\$377,730
FY 96-97	\$238,310 (as of 3/1/97)

ASSUMPTIONS AND METHODOLOGY: The fiscal impact of this bill hinges on the implementation of an automated system for the statewide issuance of birth certificates. The system is scheduled for a pilot test in Harnett county next year. According to a Department of Environment, Health and Natural Resources (DEHNR) official, statewide access to birth certification would not be available until 3 years after the pilot testing. That would push statewide access to FY 2000-01. The automation of death, marriage, and divorce registration is not expected to be completed until FY 2006-07.

When county Register of Deeds are able to access the state database, every transaction will cost the consumer \$10, the same as it does today. The current \$10 is divided between the Vital Records Automation Account (\$5) and DEHNR receipts (\$5). DEHNR receipts are currently used to support the personnel and operating costs of the state's Vital Records Registration program. In the future, when a county does the transaction, the \$10 will be divided between the county (\$5) and the Vital Records Automation Account (\$5). **When transactions are performed on the state database on a regular basis by counties, then county revenues will increase, DEHNR receipts will be reduced, and the Vital Records Automation Account will be held harmless. The concern for DEHNR is that to maintain their Vital Records Registration program they may need to seek an increase in their General Fund appropriation or increase receipts to make up for the deficit due to lost transactions fees.**

DEHNR believes that expanding the access to vital records to grandparents, stepparents, stepchildren, as required in HB 476, will increase revenues. Alabama is used as an example where state revenues increased when access to vital records was expanded. Access may increase transactions, but it would seem that those transactions would occur where the customer has the easiest and fastest way to get the information and that would be at the County Register of Deeds. In the short term, an increased number of transactions may affect the department's ability to absorb the impact of lost transaction receipts on the Vital Records Registration program. However, an increase in the number of transactions, whether performed by the state or by a county, will increase the revenue credited to the Vital Records Automation Account and will in the long term benefit the Vital Records Registration program. When revenues credited to the Vital Records Automation Account exceed the level required to automate and maintain the state's vital records system, any excess funds may be used to support the Vital Records

Registration program in accordance with G.S. 130A-93.1(b), which limits the amount the amount credited to the automation account.

HOUSE BILL 773

Short Title: Bald Head Island Charter.

(Local)

Sponsors: Representatives Redwine and Hill (Cosponsors).

Referred to: Ways and Means.

April 3, 1997

1 A BILL TO BE ENTITLED
2 AN ACT TO REVISE AND CONSOLIDATE THE CHARTER OF THE VILLAGE
3 OF BALD HEAD ISLAND.

4 Whereas, Bald Head Island is suitably located in a subtropic environment
5 and blessed with temperate climates from the Atlantic Ocean and is conducive to the
6 maintenance of permanent and retirement residences and other buildings and
7 structures with an emphasis on environmental controls and a planned community;
8 and

9 Whereas, the Village of Bald Head Island, in company with all its
10 residents and property owners and their representatives, is fully aware of the unique
11 nature of Bald Head Island with its combination of structures, land, and vegetation,
12 including the oldest standing lighthouse along the coast of the State and
13 approximately 172 acres of publicly owned prime maritime forest, that exist in a
14 delicate ecological balance requiring careful planning, nurture, and support, as
15 evidenced in the development plan for the island; and

16 Whereas, Bald Head Island is solely situated between the waters of the
17 Atlantic Ocean and the Cape Fear River and is not connected to the mainland of the
18 State by either natural or man-made structures, necessitating a unique form of
19 transportation unlike any other in the State; and

20 Whereas, the Village of Bald Head Island recognizes the inordinately
21 large numbers of nonresident property owners and values their past contributions to
22 the orderly and successful development of Bald Head Island; and

23 Whereas, while there exists no formal arrangement to continue an
24 ongoing obligatory relationship with the nonresident property owners, the Village of

1 Bald Head Island has long recognized such a relationship to be beneficial to all
2 persons who have an interest in the island and the advisability of continuing to call
3 upon nonresidents for their expertise and counsel; and

4 Whereas, the Village of Bald Head Island has served and will continue to
5 serve as a model for cooperation between government and property owners and their
6 representatives in efficient service and good planning without duplication in
7 expenditures or unnecessary taxation; and

8 Whereas, Bald Head Island with its variance in seasonal population has
9 benefited from the advantages of a municipal form of government, with the
10 modifications and limitations as specified herein, in order to achieve its goals as a
11 planned community; Now, therefore,

12 The General Assembly of North Carolina enacts:

13 Section 1. The Charter of the Village of Bald Head Island is revised and
14 consolidated to read as follows:

15 "THE CHARTER OF THE VILLAGE OF BALD HEAD ISLAND.

16 "ARTICLE I. INCORPORATION, CORPORATE POWERS, AND BOUNDARIES.

17 "Section 1.1. **Incorporation.** The Village of Bald Head Island, North Carolina, in
18 Brunswick County, and the inhabitants thereof shall continue to be a municipal body
19 politic and corporate, under the name of the 'Village of Bald Head Island',
20 hereinafter at times referred to as the 'Village'.

21 "Section 1.2. **Powers.** The Village shall have and may exercise all of the powers,
22 duties, rights, privileges, and immunities conferred upon the Village of Bald Head
23 Island specifically by this Charter or upon municipal corporations by general law.
24 The term 'general law' is employed herein as defined in G.S. 160A-1.

25 "Section 1.3. **Corporate Boundaries.** The corporate boundaries shall be those
26 existing at the time of ratification of this Charter, as set forth on the official map of
27 the Village and as they may be altered from time to time in accordance with law. An
28 official map of the Village, showing the current municipal boundaries, shall be
29 maintained permanently in the office of the Village Clerk and shall be available for
30 public inspection. Upon alteration of the corporate limits pursuant to law, the

32 destroy a sea turtle, a sea turtle nest, or sea turtle eggs, must be consistent with the
33 ordinance powers found in G.S. 160A-174, G.S. 160A-308, and any other law. The
34 ordinances adopted by the Village may by cross-reference incorporate the criminal

36 be unlawful for any person within the sea turtle sanctuary to disturb or destroy a sea
37 turtle, a sea turtle nest, or sea turtle eggs in violation of an ordinance adopted by the
38 Village of Bald Head Island."

39 Section 2. The purpose of this act is to revise the Charter of the Village
40 of Bald Head Island and to consolidate certain acts concerning the property, affairs,
41 and government of the Village. It is intended to continue without interruption those
42 provisions of prior acts which are expressly consolidated into this act, so that all
43 rights and liabilities which have accrued are preserved and may be enforced.

1 A BILL TO BE ENTITLED
2 AN ACT TO REVISE AND CONSOLIDATE THE CHARTER OF THE VILLAGE
3 OF BALD HEAD ISLAND AND TO EXTEND THE CORPORATE LIMITS OF
4 THE TOWN OF LELAND.

5 Whereas, Bald Head Island is suitably located in a subtropic environment
6 and blessed with temperate climates from the Atlantic Ocean and is conducive to the
7 maintenance of permanent and retirement residences and other buildings and
8 structures with an emphasis on environmental controls and a planned community;
9 and

10 Whereas, the Village of Bald Head Island, in company with all its
11 residents and property owners and their representatives, is fully aware of the unique
12 nature of Bald Head Island with its combination of structures, land, and vegetation,
13 including the oldest standing lighthouse along the coast of the State and
14 approximately 172 acres of publicly owned prime maritime forest, that exist in a
15 delicate ecological balance requiring careful planning, nurture, and support, as
16 evidenced in the development plan for the island; and

17 Whereas, Bald Head Island is solely situated between the waters of the
18 Atlantic Ocean and the Cape Fear River and is not connected to the mainland of the
19 State by either natural or man-made structures, necessitating a unique form of
20 transportation unlike any other in the State; and

21 Whereas, the Village of Bald Head Island recognizes the inordinately
22 large numbers of nonresident property owners and values their past contributions to
23 the orderly and successful development of Bald Head Island; and

1 Whereas, while there exists no formal arrangement to continue an
2 ongoing obligatory relationship with the nonresident property owners; the Village of
3 Bald Head Island has long recognized such a relationship to be beneficial to all
4 persons who have an interest in the island and the advisability of continuing to call
5 upon nonresidents for their expertise and counsel; and

6 Whereas, the Village of Bald Head Island has served and will continue to
7 serve as a model for cooperation between government and property owners and their
8 representatives in efficient service and good planning without duplication in
9 expenditures or unnecessary taxation; and

10 Whereas, Bald Head Island with its variance in seasonal population has
11 benefited from the advantages of a municipal form of government, with the
12 modifications and limitations as specified herein, in order to achieve its goals as a
13 planned community; Now, therefore,

14 The General Assembly of North Carolina enacts:

36 longer. Nothing in this section shall be construed to prohibit the further granting of
37 vested rights by the Village pursuant to the provisions of G.S. 160A-385.1.

38 "Section 9.3. **Alteration of Vested Rights.** As specifically authorized by G.S.
39 160A-385.1(e)(1)a., the vested rights herein granted may only be changed, prior to
40 December 31, 1999, as allowed by the exceptions set forth in G.S. 160A-385.1(e). In
41 addition, subject to the approval of the Village and within the limits established by
42 the Village zoning and other land-use ordinances, vested densities may be transferred
43 within the area depicted on the Stage 2 Master Plan referred to in Section 9.2 of this
44 Charter so long as the density of development within the total area is not increased.

1 "Section 9.4. **Land-Use Regulation.** Except as herein expressly provided, nothing
2 in this Charter shall be construed to prohibit the Village from amending its current
3 land-use regulatory ordinances, in whole or in part, or otherwise regulating the use of
4 land within the planning and zoning jurisdiction of the Village.

10 ownership of motor vehicles within the jurisdiction of the Village of Bald Head
11 Island. Additionally, notwithstanding the provisions of Chapter 20 of the General
12 Statutes or any other statute, and in addition to those powers now or hereafter
13 conferred by law, the Village shall have the authority to regulate motor vehicles and
14 other means of transportation within the jurisdiction of the Village, including the

22 the jurisdiction of the Village.

23 "Section 10.2. **Street Regulation.** In order to establish and preserve the unique
24 character and aesthetics of Bald Head Island, the Village may adopt, by ordinance,
25 such standards for the establishment and maintenance of streets and roads within the
26 jurisdiction of the Village as it deems appropriate. The streets and roads within the

32 "Section 11.1. **Sea Turtle Sanctuary.** The Village of Bald Head Island may create
33 and establish a sea turtle sanctuary within the areas of the Village limits above the
34 mean low watermark, to include the foreshore. Any ordinances adopted by the
35 Village to regulate activities within the sea turtle sanctuary that may or will disturb or
36 destroy a sea turtle, a sea turtle nest, or sea turtle eggs, must be consistent with the
37 ordinance powers found in G.S. 160A-174, G.S. 160A-308, and any other law. The
38 ordinances adopted by the Village may by cross-reference incorporate the criminal
39 statutes regarding the taking of sea turtles in G.S. 113-189 and G.S. 113-337. It shall
40 be unlawful for any person within the sea turtle sanctuary to disturb or destroy a sea
41 turtle, a sea turtle nest, or sea turtle eggs in violation of an ordinance adopted by the

1 affairs, and government of the Village. It is intended to continue without interruption
2 those provisions of prior acts which are expressly consolidated into Part I of this act,
3 so that all rights and liabilities which have accrued are preserved and may be

13 Section 5. The Mayor and Council members serving on the date of
14 ratification of this act shall serve until the expiration of their terms or until their
15 successors are elected and qualified. Thereafter those offices shall be filled as
16 provided in Articles II and III of Section 1 of this Charter.

17 Section 6. Part I of this act does not affect any rights or interests which
18 arose under any provisions repealed by Part I of this act.

19 Section 7. All existing ordinances, resolutions, and other provisions of
20 the Village of Bald Head Island not inconsistent with the provisions of Part I of this
21 act shall continue in effect until repealed or amended.

22 Section 8. No action or proceeding pending on the effective date of this
23 act by or against the Village or any of its departments or agencies shall be abated or
24 otherwise affected by this act.

25 Section 9. Whenever a reference is made in Part I of this act to a
26 particular provision of the general statutes, and that provision is later amended,
27 superseded, or recodified, the reference shall be deemed amended to refer to the

1 A BILL TO BE ENTITLED

2 AN ACT TO DIRECT THE DEPARTMENT OF HUMAN RESOURCES NOT TO
3 ELECT ANY CHILD SUPPORT DISTRIBUTION OPTION FOR WHICH
4 FEDERAL FUNDS ARE NOT PROVIDED AND TO INCREASE THE
5 APPLICATION FEE FOR NONPUBLIC ASSISTANCE CHILD SUPPORT
6 ENFORCEMENT SERVICES.

7 The General Assembly of North Carolina enacts:

8 Section 1. Effective 30 days after this act becomes law, the Department
9 of Human Resources shall not elect any child support distribution option for families
10 receiving cash assistance under the State Plan for the Temporary Assistance for
11 Needy Families (TANF) Block Grant Program for which the federal government does
12 not provide funding to the State to exercise the option.

13 Section 2. G.S. 110-130.1(a) reads as rewritten:

14 "(a) All child support collection and paternity determination services provided
15 under this Article to recipients of public assistance shall be made available to any
16 individual not receiving public assistance in accordance with federal law and as
17 contractually authorized by the nonrecipient, upon proper application and payment

21 income does not exceed one hundred percent (100%) of the federal poverty
22 guidelines issued each year in the Federal Register by the U.S. Department of Health

1 and Human Services. For the purposes of this subsection, the term 'gross income'
2 has the same meaning as defined in G.S. 105-134.1."

4 2 of this act becomes effective July 1, 1997.

EXPLANATION OF HOUSE BILL 363:
Child Support Options/Fees (3rd Edition)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: June 17, 1997
SPONSOR: Representative Gardner

House Bill 363 does two things:

1. It discontinues what is commonly known as the "\$50 disregard".
2. It increases the fee for child support collection assistance rendered to families who are not recipients of public assistance if the individual's gross income does not exceed 100% of the federal poverty guidelines issued each year in the Federal Register by the U.S. Department of Health and Human Services.

Currently, an individual receiving receiving cash assistance is allowed to keep the first \$50 of a child support payment regardless of the amount owed to offset the cost of the cash assistance. The balance, after the \$50 distribution to the individual, is used to offset the federal, state, and local cost of cash assistance. Effective October 1, 1996, the federal government repealed the federal law requiring a disregard or pass-through of the first \$50 of any child support payments each month for a family receiving cash assistance. States may continue to disregard support distributed to the family, but the federal government will not share in the cost of doing so. Section 1 of this bill discontinues any distribution option, including the \$50 disregard, for which the federal government does not share in the cost of funding. This section is effective when the act becomes law.

All of the child support collection and paternity determination services provided to recipients of public assistance are also available others. Currently, there is a nonrefundable fee of \$10 charged for the services. The federal government allows states to collect up to \$25 for the services. Section 2 of the bill increases the nonrefundable fee to \$25 for individuals whose gross income does not exceed 100% of the federal poverty guidelines issued each year in the Federal Register by the U.S. Department of Health and Human Services. This section becomes effective July 1, 1997.

BILL SUMMARY: This bill involves two child support program components which impact state and county governments. First, the bill mandates the termination of any child support payments for families receiving cash assistance under the Temporary Assistance for Needy Families (TANF) Block Grant Program for which the federal government does not provide funding to the State. The second component of the bill amends G.S. 110-130.1(a) to increase the nonrefundable child support collection and paternity determination application fee from the current amount of \$10 per application to \$25, the maximum allowable under federal law.

BACKGROUND: Prior to the passage of federal welfare reform, federal, state and local governments participated in "disregard" and "excess" payments. A disregard payment is a payment in which an individual receiving cash assistance is allowed to keep the first \$50 of a child support payment regardless of the amount owed to offset the cost of the cash assistance. The balance, after

the \$50 distribution to the individual, is used to offset the federal, state and local cost of cash assistance. An "excess" payment is the amount paid in child support (paid by the non-custodial parent) that exceeds the current month's public assistance benefits paid to the custodial parent. These payments were made to the recipient regardless of the amount due to federal, state and local governments for past due cash assistance repayments (also known as arrearages).

The passage of federal welfare reform (Personal Responsibility and Work Opportunity Reconciliation Act - P.L. 104-193), eliminated federal participation in "disregard" and "excess" payments and made state and local participation optional. Termination of federal participation in these payments became effective October 1, 1996 and North Carolina counties ended their financial participation December 31, 1996. Thus since January 1, 1997, the State has been incurring the full cost of both the disregard and excess payments.

ASSUMPTIONS AND METHODOLOGY:

Section 1. The first part of the bill addresses the termination of child support payments known as "disregard" and "excess" payments. The following assumptions were used:

- (1) the law becomes effective July 1, 1997;
- (2) anticipated savings are based upon actual payments made through calendar year 1996 {FY 95/96 actual payments = \$12.6 Million}; and
- (3) federal financial participation remains at 63.29% over next five fiscal years.

Termination of the state's participation would result in an estimated savings of \$810,597 for April 1997 and \$810,597 for May 1997.

Section 2. The second section of the bill proposes an increase in child support collection and paternity determination application fees from the current fee of \$10 per application to the maximum allowable under federal law, \$25. The following assumptions were used:

- (1) the rate of growth in new applications will continue at 28% over the next five years - in State operated Child Support Enforcement (CSE) Offices {FY 96/97 new applications = 3,273 x 28%};
- (2) the rate of growth in new applications will continue at 12% in county operated CSE offices {FY 96/97 new applications = 6,721 x 12%} over the next five years;
- (3) the federal financial participation rate (the rate at which the federal government reimburses states) will continue at 63.29% over the next five years;
- (4) the maximum allowable application fee will remain at \$25 per application; and
- (5) current state and federal laws governing CSE do not change.

EXPLANATION OF SENATE BILL 475:
WomenWork Fund

TO: Senate Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: June 16, 1997
SPONSOR: Senator Perdue

EXISTING LAW

Provides for the North Carolina Council For Women to establish or contract for the establishment of a pilot center for displaced homemakers. Currently there are 23 centers that provide job counseling programs, job training and placement programs, health education and counseling services, financial management services, and educational services for displaced homemakers.

"Displaced Homemaker" is defined as an individual who:

- a. Has worked in his or her own household for at least five years and during which period has provided unpaid household services; and
- b. Is unable to secure gainful employment due to the lack of required training or experience; or is unemployed, or underemployed; and
- c. Has been dependent on the income of another household member but is no longer adequately supported by that income, or is receiving support from a spouse but is within two years of losing such support, or has been supported by public assistance as the parent of minor children but is no longer eligible, or is within two years of losing such eligibility.

SENATE BILL 475

Section 1 of the Bill would establish the North Carolina WomenWork Fund for Displaced Homemakers within the Department of Administration. The Fund would be administered by the Council for Women and used to make quarterly grants to eligible programs for displaced homemakers. An award of these grants would be based upon criteria established by the Council. All of these criteria must be met before a displaced homemaker program would be eligible for grant funds. No more than 20% of the funds may be used by the Council for administrative costs. The Council may recommend rules to implement the Fund, and the Department of Administration would then adopt these rules. The WomenWork Fund would provide additional funding for displaced homemaker programs.

Section 2 of the Bill adds a new subsection to G.S. 7A-305 **Costs in civil actions**. In addition to the current district court costs in civil actions of \$50.00 (\$10.00 facilities fee and \$40.00 General Court of Justice fee), a cost of \$20.00

would be assessed against the person filing a final action for divorce in district court. This cost will be collected by the clerk of court and remitted to the State Treasurer for deposit to the WomenWork Fund.

Section 3 of the Bill sets the effective date at July 1, 1997, and applies to final actions for divorce filed on and after this date.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Judicial Branch; Department of Administration

EFFECTIVE DATE: July 1, 1997 and applies to final actions on and after that date.

BILL SUMMARY: TO ESTABLISH THE NORTH CAROLINA WOMENWORK FUND FOR DISPLACED HOMEMAKERS TO BE ADMINISTERED BY THE NORTH CAROLINA COUNCIL FOR WOMEN, AND TO ESTABLISH AN ADDITIONAL CIVIL ACTION FEE TO BE COLLECTED BY THE COURT IN DIVORCE ACTIONS.

ASSUMPTIONS AND METHODOLOGY:

Judicial Department

According to data from the State Center for Health Statistics, there were 36,943 divorces and annulments in 1995. The Center estimates there will be approximately 37,000 divorces in FY 1997-98. The Judicial Department anticipates the extra \$20 fee would be collected up front when the divorce action is filed. Thus, if the fee were collected in all of these cases, an additional \$740,000 would be generated annually for transfer to the WomenWork fund.

The Department estimates it would take about ten hours of programming to update the accounting system in order to collect the \$20 fee. This programming could be handled by a programmer within the Department's Information Services Division.

Department of Administration

The Department of Administration believes it would need roughly \$86,000 to administer the expanded Displaced Homemaker program. Administrative costs would include costs of promoting the program through newsletters and other mailings, costs of increased travel to monitor local programs, and wages for temporary office support staff to help administer the program. However, the Department has the authority to spend considerably more than the \$86,000 it estimates it needs. The bill allows up to 20% of the fees collected to be spent on administration. Based on the fee estimates discussed above, these administrative costs could amount to as much as \$148,000. Because the Department has the authority to spend money above and beyond what it estimates it needs, we believe that the Department may spend more than \$86,000. Under these assumptions, administrative costs would range somewhere between the \$86,000 the Department states that it needs and the \$148,000 the bill allows it to spend. We base our estimates for administrative expense on the midpoint of this range, \$117,000.

1

A BILL TO BE ENTITLED

2 AN ACT TO AUTHORIZE RANDOLPH COUNTY TO LEVY A ROOM
3 OCCUPANCY AND TOURISM DEVELOPMENT TAX.

4 The General Assembly of North Carolina enacts:

5 Section 1. Occupancy tax. (a) **Authorization and scope.** The Randolph
6 County Board of Commissioners may by resolution, after not less than 10 days' public
7 notice and after a public hearing held pursuant thereto, levy a room occupancy tax of
8 up to five percent (5%) of the gross receipts derived from the rental of any room,
9 lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar
10 place within the county that is subject to sales tax imposed by the State under G.S.
11 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does
12 not apply to accommodations furnished to nonprofit charitable, educational, or
13 religious organizations for use in furthering their nonprofit purpose.

14 (b) **Collection.** Every operator of a business subject to the tax levied
15 under this section shall, on and after the effective date of the levy of the tax, collect
16 the tax. This tax shall be collected as part of the charge for furnishing a taxable
17 accommodation. The tax shall be stated and charged separately from the sales
18 records and shall be paid by the purchaser to the operator of the business as trustee
19 for and on account of the county. The tax shall be added to the sales price and shall
20 be passed on to the purchaser instead of being borne by the operator of the business.
21 The county shall design, print, and furnish to all appropriate businesses and persons
22 in the county the necessary forms for filing returns and instructions to ensure the full
23 collection of the tax. An operator of a business who collects the occupancy tax
24 levied under this section may deduct from the amount remitted to the county a

1 discount equal to the discount the State allows the operator for State sales and use
2 tax.

3 (c) **Administration.** The county shall administer a tax levied under this
4 section. A tax levied under this section is due and payable to the county finance
5 officer in monthly installments on or before the 15th day of the month following the
6 month in which the tax accrues. Every person, firm, corporation, or association liable
7 for the tax shall, on or before the 15th day of each month, prepare and render a
8 return on a form prescribed by the county. The return shall state the total gross
9 receipts derived in the preceding month from rentals upon which the tax is levied.

10 A return filed with the county finance officer under this section is not a
11 public record and may not be disclosed except in accordance with G.S. 153A-148.1
12 or G.S. 160A-208.1.

13 (d) **Penalties.** A person, firm, corporation, or association who fails or
14 refuses to file the return or pay the tax required by this section is subject to the civil
15 and criminal penalties set by G.S. 105-236 for failure to pay or file a return for State
16 sales and use taxes. The Randolph County Board of Commissioners has the same
17 authority to waive the penalties for a room occupancy tax that the Secretary of
18 Revenue has to waive the penalties for State sales and use taxes.

19 (e) **Distribution and use of tax revenue.** Randolph County shall, on a
20 quarterly basis, remit the net proceeds of the occupancy tax to the Randolph Tourism
21 Development Authority. The Authority may use these funds and any other revenue
22 it receives only to develop or promote travel and tourism and for tourism-related
23 expenditures in Randolph County. The Authority shall use at least two-thirds of the
24 funds remitted to it under this subsection to promote travel and tourism in Randolph
25 County and shall use the remainder for tourism-related expenditures.

26 The following definitions apply in this subsection:

27 (1) Net proceeds. -- Gross proceeds less the cost to the county of
28 administering and collecting the tax, as determined by the finance
29 officer, not to exceed three percent (3%) of the gross proceeds.

30 (2) Promote travel and tourism. -- To advertise or market an area or
31 activity, publish and distribute pamphlets and other materials,
32 conduct market research, or engage in similar promotional
33 activities that attract tourists or business travelers to the area; the
34 term includes administrative expenses incurred in engaging in the
35 listed activities.

36 (3) Tourism-related expenditures. -- Expenditures that are designed to
37 increase the use of lodging facilities in the county or to attract
38 tourists or business travelers to the county. The term includes
39 tourism-related capital expenditures and other expenditures that, in
40 the judgment of the Authority, will facilitate and promote tourism.
41 Examples of tourism-related expenditures include expenditures to
42 create, advertise, promote, and support cultural programs, events,
43 festivals, public park and recreation areas, historic preservation and

1 museums, beautification projects, parking facilities, and other
2 public amenities and services.

3 (f) **Effective date of levy.** A tax levied under this section shall become
4 effective on the date specified in the resolution levying the tax. That date must be
5 the first day of a calendar month, however, and may not be earlier than the first day
6 of the second month after the date the resolution is adopted.

7 (g) **Repeal.** A tax levied under this section may be repealed or reduced
8 by a resolution adopted by the Randolph County Board of Commissioners. Repeal
9 or reduction of a tax levied under this section shall become effective on the first day
10 of a month and may not become effective until the end of the fiscal year in which the
11 repeal resolution was adopted. Repeal or reduction of a tax levied under this section
12 does not affect a liability for a tax that was attached before the effective date of the
13 repeal, nor does it affect a right to a refund of a tax that accrued before the effective
14 date of the repeal.

15 Section 2. Tourism Development Authority. (a) **Appointment and**
16 **membership.** When the board of commissioners adopts a resolution levying a room
17 occupancy tax under this act, it shall also adopt a resolution creating a county
18 Tourism Development Authority, which shall be a public authority under the Local
19 Government Budget and Fiscal Control Act. The Authority shall be composed of
20 nine members to be appointed by the board of commissioners as follows:

21 (1) Seat 1 shall represent the hotel and motel industry, seat 4 shall
22 represent the North Carolina Zoological Park, seat 7 is
23 unrestricted, and seat 9 shall represent the county.

27 of Commerce, and the Randleman Chamber of Commerce,
28 respectively.

29 (3) Seat 8 shall represent the hotel and motel industry and shall be
30 appointed upon the recommendation of the Asheboro/Randolph
31 Chamber of Commerce.

32 In appointing and recommending members, each entity shall strive to
33 select individuals who either have expertise in promoting and developing travel and
34 tourism or are affiliated with organizations that collect the tax. The board of
35 commissioners may reject the recommendation of a chamber of commerce and
36 require the chamber to submit additional names within 30 days after the rejection. If
37 the chamber does not submit additional names within this period, the board of
38 commissioners may appoint someone to the seat based upon its own
39 recommendation.

40 All members of the Authority serve at the pleasure of the board of
41 commissioners and may be removed by the board at any time. The board of
42 commissioners shall designate one member of the Authority as chair and another as
43 cochair. Members shall serve without compensation.

1 Except for initial terms, the term of office shall be for three years. No
2 member may serve more than two consecutive three-year terms. The initial terms for
3 seats 1, 2, and 3 shall be one year. The initial terms for seats 4, 5, and 6 shall be two
4 years. The initial terms for seats 7, 8, and 9 shall be three years.

5 The Authority shall meet at the call of the chair and shall adopt bylaws
6 and rules of procedure to govern its meetings. The Finance Officer for Randolph
7 County shall be the ex officio finance officer of the Authority.

8 (b) **Duties.** The Authority shall expend the net proceeds of the tax
9 levied under this act for the purposes provided in Section 1 of this act.

10 (c) **Powers.** In addition to other powers conferred by law, the Authority
11 may contract with any person, firm, corporation, or agency to assist it in carrying out
12 its duties. All contracts the Authority enters into with nonprofit organizations shall
13 require an annual financial audit of any funds expended and a performance audit of
14 contractual obligations. The Authority may accept contributions from any source to
15 be used for the purposes provided in Section 1 of this act.

16 (d) **Reports.** The Authority shall report quarterly and at the close of the
17 fiscal year to the board of commissioners on its receipts and expenditures for the
18 preceding quarter and for the year in such detail as the board may require.

19 Section 3. This act is effective when it becomes law.

- 1 (1) Net proceeds. -- Gross proceeds less the cost to the county of
2 administering and collecting the tax, as determined by the finance
3 officer, not to exceed three percent (3%) of the gross proceeds.
- 4 (2) Promote travel and tourism. -- To advertise or market an area or
5 activity, publish and distribute pamphlets and other materials,
6 conduct market research, or engage in similar promotional
7 activities that attract tourists or business travelers to the area; the

9 listed activities.
- 10 (3) Tourism-related expenditures. -- Expenditures that are designed to
11 increase the use of lodging facilities in the county or to attract

21 "(b) This section applies only to Madison ~~County~~ and Randolph Counties."

22 Section 3. Tourism Development Authority. (a) **Appointment and**
23 **membership.** When the board of commissioners adopts a resolution levying a room
24 occupancy tax under this act, it shall also adopt a resolution creating a county
25 Tourism Development Authority, which shall be a public authority under the Local
26 Government Budget and Fiscal Control Act. The Authority shall be composed of

**EXPLANATION OF HOUSE BILL 989:
Sch. Administrators Exam Fee - 3rd Edition**

TO: Senate Finance Committee
FROM: Robin S. Johnson, Staff Attorney
DATE: June 16, 1997
SPONSOR: Representative Rogers

House Bill 989 amends G.S. 115C-290.5(a) to remove the authority of the North Carolina Standards Board for Public School Administration (Board) to collect a maximum fee of \$150 for the school administrators' exam.

In 1993, the General Assembly created the Board and directed it to develop and recommend to the State Board of Education an exam for school administrators. School administrators include public school superintendents, deputy superintendents, associate superintendents, assistant superintendents, principals, and assistant principals. Beginning January 1, 1998, applicants who seek certification as school administrators will be required to take and pass this exam. (Currently certified school administrators are not required to take this exam.)

The State Board, which is directed to adopt an exam for this purpose by December 31, 1997, has chosen Education Testing Service (ETS) to administer this exam. Under current law the Board may collect an exam fee that cannot exceed \$150. The Board does not plan to collect the exam fee; rather, the applicants will submit the fees directly to ETS.

1 A BILL TO BE ENTITLED
2 AN ACT TO AUTHORIZE NASH COUNTY TO LEVY AN ADDITIONAL
3 ROOM OCCUPANCY AND TOURISM DEVELOPMENT TAX.
4 The General Assembly of North Carolina enacts:
5 Section 1. Nash Occupancy Tax. Section 1 of Chapter 32 of the 1987
6 Session Laws, as amended by Chapter 545 of the 1993 Session Laws, reads as
7 rewritten:
8 "Section 1. Occupancy tax. (a) Authorization and scope. The Nash County
9 Board of Commissioners may ~~by resolution, after not less than ten (10) days' public~~
10 ~~notice and after a public hearing held pursuant thereto,~~ levy a room occupancy tax of
11 three percent (3%) of the gross receipts derived from the rental of any room, lodging,
12 or similar accommodation furnished by a hotel, motel, inn, or similar place within the
13 county that is subject to sales tax imposed by the State under G.S. ~~105-164.4(3).~~
14 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does
15 not apply to accommodations furnished by nonprofit charitable, educational, or
16 religious organizations.
17 (a1) Authorization of Additional Tax. In addition to the tax authorized by
18 subsection (a) of this section, the Nash County Board of Commissioners may levy an
19 additional room occupancy tax of up to three percent (3%) of the gross receipts
20 derived from the rental of accommodations taxable under subsection (a). The levy,
21 collection, administration, and repeal of the tax authorized by this subsection shall be
22 in accordance with the provisions of this section. Nash County may not levy a tax

1 under this subsection unless it also levies the tax authorized under subsection (a) of
2 this section.

3 (b) Administration. A tax levied under this section shall be levied, administered,
4 collected, and repealed as provided in G.S. 153A-155. The penalties provided in
5 G.S. 153A-155 apply to a tax levied under this section.

6 ~~Collection. Every operator of a business subject to the tax levied under this act shall,~~
7 ~~on and after the effective date of the levy of the tax, collect the tax. This tax shall be~~
8 ~~collected as part of the charge for furnishing a taxable accommodation. The tax shall~~
9 ~~be stated and charged separately from the sales records, and shall be paid by the~~
10 ~~purchaser to the operator of the business as trustee for and on account of the county.~~
11 ~~The tax shall be added to the sales price and shall be passed on to the purchaser~~
12 ~~instead of being borne by the operator of the business. The county shall design,~~
13 ~~print, and furnish to all appropriate businesses and persons in the county the~~
14 ~~necessary forms for filing returns and instructions to ensure the full collection of the~~
15 ~~tax. An operator of a business who collects the occupancy tax levied under this act~~
16 ~~may deduct from the amount remitted to the county a discount equal to the discount~~
17 ~~the State allows the operator for collecting State sales and use taxes.~~

18 ~~(c) Administration. The county shall administer a tax levied under this act. A tax~~
19 ~~levied under this act is due and payable to the county finance officer in monthly~~
20 ~~installments on or before the 15th day of the month following the month in which the~~
21 ~~tax accrues. Every person, firm, corporation, or association liable for the tax shall, on~~
22 ~~or before the 15th day of each month, prepare and render a return on a form~~
23 ~~prescribed by the county. The return shall state the total gross receipts derived in the~~
24 ~~preceding month from rentals upon which the tax is levied.~~

25 ~~A return filed with the county finance officer under this act is not a public record~~
26 ~~as defined by G.S. 132-1 and may not be disclosed except as required by law.~~

27 ~~(d) Penalties. A person, firm, corporation, or association who fails or refuses to~~
28 ~~file the return required by this act is subject to the civil and criminal penalties set by~~
29 ~~G.S. 105-236 for failure to pay or file a return for State sales and use taxes. The~~
30 ~~Board of Commissioners has the same authority to waive the penalties for a room~~
31 ~~occupancy tax that the Secretary of Revenue has to waive the penalties for State sales~~
32 ~~and use taxes.~~

33 (e) Distribution and use of tax revenue. Nash County shall, on a quarterly basis,
34 remit the net proceeds of the occupancy tax to the Nash Tourism Development
35 Authority. The Authority shall spend at least two-thirds of the funds remitted to it
36 under this subsection only to promote travel and tourism in Nash County, and shall
37 spend the remainder on tourism-related expenditures. The following definitions
38 apply in this subsection:

39 (1) Net proceeds. -- Gross proceeds less the cost to the county of
40 administering and collecting the tax, as determined by the finance
41 officer, not to exceed seven percent (7%) of the amount collected.

3 listed activities.

- 4 (3) Tourism-related expenditures. -- Expenditures that are designed to
5 increase the use of lodging facilities in a county or to attract

12 ~~the date specified in the resolution levying the tax. That date must be the first day of~~
13 ~~a calendar month, however, and may not be earlier than the first day of the second~~
14 ~~month after the date the resolution is adopted.~~

15 ~~(g) Repeal. A tax levied under this act may be repealed by a resolution adopted~~
16 ~~by the Nash County Board of Commissioners. Repeal of a tax levied under this act~~
17 ~~does not affect a liability for a tax that was attached before the effective date of the~~
18 ~~repeal, nor does it affect a right to a refund of a tax that accrued before the effective~~
19 ~~date of the repeal."~~

20 Section 2. County administrative provisions. (a) Article 7 of Chapter
21 153A of the General Statutes is amended by adding a new section to read:

22 "§ 153A-155. Uniform provisions for room occupancy taxes.

24 authorized to levy room occupancy taxes.

25 (b) Levy. -- A room occupancy tax may be levied only by resolution, after not less
26 than 10 days' public notice and after a public hearing held pursuant thereto. A room
27 occupancy tax shall become effective on the date specified in the resolution levying
28 the tax. That date must be the first day of a calendar month, however, and may not
29 be earlier than the first day of the second month after the date the resolution is
30 adopted.

31 (c) Collection. -- Every operator of a business subject to a room occupancy tax
32 shall, on and after the effective date of the levy of the tax, collect the tax. The tax
33 shall be collected as part of the charge for furnishing a taxable accommodation. The
34 tax shall be stated and charged separately from the sales records, and shall be paid by
35 the purchaser to the operator of the business as trustee for and on account of the
36 taxing county. The tax shall be added to the sales price and shall be passed on to the
37 purchaser instead of being borne by the operator of the business. The taxing county
38 shall design, print, and furnish to all appropriate businesses and persons in the county
39 the necessary forms for filing returns and instructions to ensure the full collection of
40 the tax. An operator of a business who collects a room occupancy tax may deduct
41 from the amount remitted to the taxing county a discount equal to the discount the
42 State allows the operator for State sales and use tax.

43 (d) Administration. -- The taxing county shall administer a room occupancy tax it
44 levies. A room occupancy tax is due and payable to the county finance officer in

1 monthly installments on or before the 15th day of the month following the month in
2 which the tax accrues. Every person, firm, corporation, or association liable for the
3 tax shall, on or before the 15th day of each month, prepare and render a return on a
4 form prescribed by the taxing county. The return shall state the total gross receipts
5 derived in the preceding month from rentals upon which the tax is levied. A room
6 occupancy tax return filed with the county finance officer is not a public record and
7 may not be disclosed except in accordance with G.S. 153A-148.1 or G.S. 160A-208.1.

8 (e) Penalties. -- A person, firm, corporation, or association who fails or refuses to
9 file a room occupancy tax return or pay a room occupancy tax as required by law is
10 subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file
11 a return for State sales and use taxes. The governing board of the taxing county has
12 the same authority to waive the penalties for a room occupancy tax that the Secretary
13 of Revenue has to waive the penalties for State sales and use taxes.

14 (f) Repeal or reduction. -- A room occupancy tax levied by a county may be
15 repealed or reduced by a resolution adopted by the governing body of the county.
16 Repeal or reduction of a room occupancy tax shall become effective on the first day
17 of a month and may not become effective until the end of the fiscal year in which the
18 resolution was adopted. Repeal or reduction of a room occupancy tax does not affect
19 a liability for a tax that was attached before the effective date of the repeal or
20 reduction, nor does it affect a right to a refund of a tax that accrued before the
21 effective date of the repeal or reduction."

22 (b) This section applies only to Nash County.
