EXPLANATION OF HOUSE BILL 460:
Abolish Aquariums Commission (4th Edition)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: June 18, 1997
SPONSOR: Representative Culpepper
Agency Bill

House Bill 460 abolishes the North Carolina Aquariums Commission, which was established in 1992. The sole purpose of the Commission was to recommend a schedule of uniform fees for the three State supported aquariums at Fort Fisher, Pine Knoll Shores, and Roanoke Island. The Commission recommended a fee schedule in 1993. The current admission fees were implemented in May of 1994 and are as follows:

Adult	\$3
Sr. Citizens and Active Military	\$2
Ages 6-17	\$1
Under 6	Free
Members	Free
North Carolina School Groups	Free
AZA Reciporcals	Free
Handicapped Groups	Free

Discounts of 15% are provided for groups of 10 or more and for block ticket sales.

The bill moves the fee setting authority to the Secretary of Environment, Health, and Natural Resources. The fees would continue to be credited to a special, nonreverting fund known as "The North Carolina Special Aquariums Fund". The purpose of the Fund remains unchanged. The money in it may be used only for repair, maintenance, and education exhibit construction at existing aquariums and for matching private funds that are raised for one of those three purposes. The money may be expended only upon the authorization of the General Assembly.

The Department does not anticipate increasing the fees until major expansion of the facilities and exhibits are completed. Expansion plans are being completed and the construction will begin after the General Assembly appropriates expansion funds. Any fee increases would be preceded by a study of fees charged at comparable facilities. The Department would also seek input

from the three local communities, the Aquarium Advisory Committees, and the North Carolina Aquarium Society Board of Directors.

The bill repeals cross references in the statutes to the North Carolina Aquariums Commission and makes technical changes to the statutes. The bill also deletes language in the statutes to the Office of Marine Affairs because it no longer exists. The duties of that Office that concern the Aquariums now reside in the Division of North Carolina Aquariums.

7 The General Assembly of North Carolina enacts:

8 Section 1. G.S. 105-164.3(16) is amended by adding a new sub-
9 subdivision to read:

10 "(16) g. The term 'sales price' includes a late charge for the late
11 return of leased or rented personal property, except that the
12 term does not include the excess of the late charge for the
13 late period over the rental charge for an equivalent period if
14 the following conditions are met:

- 15 1. The late charge is imposed only if the lessee violates
16 the terms of the lease or rental agreement by failing
17 to return the property on time.
18 2. The late charge is charged and accounted for
19 separately from the charge for leasing or renting the
20 property."

1 Section 2. Article 13 of Chapter 66 of the General Statutes is amended
2 by adding a new section to read:

3 "§ 66-67.4. Remedies for failure to pay extra-day charges for late return of video.

4 (a) The following definitions apply in this section:

5 (1) Extra-day charge. -- A charge for the late return of a rented
6 videocassette at a rate that does not exceed the daily rental charge
7 rate or the regular per-day rental charge rate.

8 (2) Member of record. -- A person in whose name a video rental store
9 membership is held and on whose membership a videocassette is
10 rented.

11 (3) Videocassette. -- The term includes video cartridges.

12 (4) Video rental store. -- An entity that rents videocassette tapes for
13 noncommercial use.

14 (b) A member of record who fails to pay the extra-day charges assessed for the
15 late return of a videocassette within 30 days after written demand for payment of
16 such charges is liable to the video rental store for a minimum amount of fifty dollars
17 (\$50.00) or three times the amount of the extra-day charges, whichever is greater,
18 subject to a maximum amount of one hundred dollars (\$100.00) per tape.

19 (c) The written demand shall be mailed by certified mail to the member of
20 record's last known address.

21 (d) The damages provided for in this section do not apply unless, at the time of
22 the rental of the videocassette tape, the video rental store conspicuously displayed in
23 the vicinity of the checkout counter a sign that displays the following warnings in
24 block letters not less than one inch in height:

25 'STATE LAW PROVIDES THAT FAILURE TO PAY THE LATE
26 RETURN, EXTRA-DAY CHARGES DUE ON ANY RENTED
27 VIDEOCASSETTE TAPE MAY RESULT IN DAMAGES OF TRIPLE
28 THE AMOUNT OF THE LATE CHARGES, WITH A MINIMUM OF
29 \$50.00 AND A MAXIMUM OF \$100.00 PER TAPE. (G.S. 66-67.4).'

30 (e) Any recovery of these damages must be recovered by a civil action.

31 (f) Nothing contained in this section shall prohibit recovery upon any other theory
32 of law."

33 Section 3. This act becomes effective October 1, 1997, and applies to
34 rentals occurring on or after that date.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: The sales tax is collected by the Department of Revenue. The enactment of the legislation will not have a significant impact on the tax collection efforts of the Department.					
EFFECTIVE DATE: Applies to rentals occurring on or after October 1, 1997.					

BILL SUMMARY: (1) Amends definition of "sales price" under sales tax law to make it clear that the tax applies to "late charges" for the late return of leased or rented personal property to the extent that the extra charge does not exceed the rental charge for an equivalent period. (2) Provides that damages equal to the greater of three times the extra day charges, or \$50.00 shall be levied in a civil action to enforce payment of extra day charges assessed for the late return of a video cassette or video cartridge within 30 days after written demand for its return. The damages do not apply unless at the time of the rental the video rental establishment conspicuously displays a warning about the treble damages.

ASSUMPTIONS AND METHODOLOGY: The enactment of the bill will cause an indirect revenue gain in state and local sales tax revenue resulting from the impact of the treble damages penalty. A spokesman for the video rental industry felt that the gain would be less than \$500,000 per year, but admitted that it is impossible to come up with a reliable estimate. The language clarifying the sale tax base definition will have a minor impact due to the fact that most late charges are in the form of extra day rentals. This analysis is based also on discussions with the Department of Revenue.

DATE: February 19, 1997

EXPLANATION OF HOUSE BILL 136
Proposed Senate Finance Committee Substitute
Late Video Return/Sales Tax

TO: Senate Finance Committee
FROM: Committee Staff
DATE: May 21, 1997
SPONSOR: Representative Weatherly

House Bill 136 makes two separate changes to the law concerning rented property:

- It clarifies that certain charges for the late return of rented personal property are subject to the sales tax.
- It provides that a person can be assessed treble damages for failure to pay certain late charges for the late return of a rented videocassette tape.

Both changes become effective October 1, 1997, and apply to rentals occurring on or after that date.

The first part of the bill specifies that a late charge imposed for the late return of leased or rented personal property is subject to sales tax. However, if the amount of the late charge exceeds the amount of the rental charge for the same period, the excess of the late charge over the rental charge is not included in the sales price if it (1) is imposed only if the lessee violates the terms of the agreement by failing to return the property on time; and (2) is charged and accounted for separately. At the present time, the application of sales tax to late charges varies depending upon the vendor's interpretation of the law. This bill will clarify the law and thus bring consistency to the application of sales tax to late charges for the late return of rental property.

The second part of the bill creates a new statutory remedy available to video rental stores when a person fails to remit the late charges owed for the late return of a videocassette tape. This remedy applies only to late charges that do not exceed the daily rental charge. If a person fails to pay the late charges owed within 30 days after receiving a written demand for their payment, then the person would be liable for a minimum of \$50.00 or three times the amount of late charges, whichever is greater, up to a maximum of \$100 per tape. Sales tax is not applicable to these damages. Under the statute, a written demand for the payment of the late charges must be mailed by certified mail, return receipt requested, to the person's last known address. Also, the damages do not apply unless the store displays an 8x11 inch warning with boldface type at least 48 points in size stating the amount of damages available. The damages can be collected only by civil action and, if the person tenders the full amount of the extra day charges before the retailer files the action, then the damages do not apply.

31 fiscal year. ~~Such fees shall be reduced whenever a surplus exists which exceeds the~~
32 ~~estimated cost of operating the office of the Commissioner of Banks for one year,~~
33 ~~even if such reduction shall result in the collection of a smaller sum than the~~
34 ~~estimated cost of maintaining the office of the Commissioner of Banks for that year.~~
35 In no event shall any surplus at the end of any fiscal year resulting from the

EXPLANATION OF HOUSE BILL 400:
Bank Assessments

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: June 18, 1997
SPONSOR: Representatives Tallent and Ramsey
Agency Bill

House Bill 400 more evenly distributes the cost of operating the Office of the Commissioner of Banks among the state-chartered banks and non-bank operations supervised by the agency. In response to a state audit of the Office of the Commissioner of Banks, the Banking Commission conducted a study and found that the current assessment schedule causes a disproportionate burden on large banks while the assessment on other banks does not cover the direct cost of their examinations. It also found that the bank assessments are currently supplementing the cost of regulating the non-bank operations in the agency. Under the bill, the total assessments proposed will be less than those currently authorized under the statute. Under the assessments proposed by the bill, most state-chartered banks will see a decrease in their assessments, and the consumer finance licensees will see an increase in their assessments.

The Office of the Commissioner of Banks is receipt-supported. Although the Office is subject to the appropriation process, it does not derive its financial support from the General Fund. The statute sets the fees and assessments payable by the banks and consumer finance licensees regulated by the Office. The amount of fees and assessments collected should not exceed the costs of operating and maintaining the Office of the Commissioner of Banks. The Banking Commission has the authority to increase or decrease the fees and assessments by a uniform percentage to ensure that they equal, to as close a degree as possible, the actual expenses of the Office. The assessment schedule has not been changed since 1979.

PROGRAM(S) AFFECTED:**

EFFECTIVE DATE: Assessments due on or after January 1, 1998

BILL SUMMARY:

The proposed act amends G.S. 53-122 by replacing the existing assessment schedule with a new assessment schedule and authorizing a new reporting procedure.

Examiners of the State Banking Commission examine bank and consumer finance company records to verify all reports made to the Commissioner of Banks. The current examination assessment schedule on banks is \$85.00 for the first \$100,000 in assets and \$12.00 per \$100,000 in assets over \$100,000. The current examination assessment schedule on consumer finance companies is \$170.00 for the first \$100,000 in assets and \$12.00 per \$100,000 in assets over \$100,000.

The new schedule proposed in this act is as follows:

Bank Assessment Schedule	Consumer Finance Assessment Schedule
First \$50 million of Assets \$6,000	\$18 per \$100,000 of assets
\$50 million to \$250 million \$12 per \$100,000	Plus \$300 per office
\$250 million to \$500 million \$9 per \$100,000	Minimum annual assessment \$494,000
\$500 million to \$1 billion \$7 per \$100,000	
\$1 billion to \$10 billion \$5 per \$100,000	
Assets over \$10 billion \$3 per \$100,000	

Under the current law, institutions are required to pay the assessment in full to the Commissioner of banks within ten days after an assessment has been made. This act authorizes the Commissioner of Banks, acting at the direction of the State Banking Commission, to collect the assessment either annually or in periodic installments.

The requirement, under G.S. 53-184(d), that affiliated lenders file composite annual reports in addition to separate reports is repealed.

ASSUMPTIONS AND METHODOLOGY:

Under G.S. 53-122, the State Banking Commission is required to set the assessment fees to cover the operations expense of maintaining the office. In addition, the Commission collects business license fees, registration fees, and other fines, penalties, and assessments to cover the cost of operating the Commission. The Commission is entirely receipt supported; no General Fund moneys are appropriated to cover the activities and operations of the Commission.

In the first half of the year the Commission reviews the estimated cost of operating the office. If the fees used in generating the revenue for the Commission exceeds the estimated cost, the Commission is authorized to reduce all of the examination fees by a uniform amount so to meet the estimate. In the past, the Commission has had to adjust these fees to prevent ending a year in surplus. According to representatives of the State Banking Commission the new fee schedule, outlined in this act, will prevent the need to readjust fees.

Information provided by the State Banking Commission and the revenue collected is expected to cover the cost of operating the office for fiscal year 1997-98.

PRINCIPAL DEPARTMENT(S) &

PROGRAM(S) AFFECTED: Department of Environment, Health and Natural Resources(DEHNR) - N C Dusty Trades Program; N C Industrial Commission

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: The bill increases the maximum amount paid physicians to read x-rays for the Dusty Trades Program from \$10 per film to \$40 per film. When establishing a new rate, DEHNR will be "guided" by the Medicaid/Medicare reimbursement schedule for medical procedures and functions.

BACKGROUND: The North Carolina Dusty Trades program is an industrial hygiene program required by the North Carolina Workers' Compensation Act that is designed to ensure early detection of silicosis and asbestosis lung diseases. The act is enforced by the N C Industrial Commission and administered by the Department of Environment, Health and Natural Resources (DEHNR). The N C Industrial Commission appoints three physicians to an advisory medical

committee to conduct examinations and make reports as directed by the Commission. Each member of the committee receives \$100 per month and up to \$10 for each x-ray film examined. The \$10 x-ray reading fee is charged to employers of workers in dusty trades such as aggregate mining. The collection of the fee from employers and the payment of the reading fee to physicians is handled by DEHNR. DEHNR does not retain any of the proceeds from the reading fee for its administrative expense. The fee was last changed in 1991 from \$3 to \$10.

ASSUMPTIONS AND METHODOLOGY: The physician who has served as the principal x-ray reader for the Dusty Trades Program since the late 1930's has accepted a \$5 per x-ray film fee for his service. However, the standard industry rate for reading x-ray films ranges from \$31 to \$40 per film. There are only 14 physicians in the state qualified to read x-rays dealing with occupational lung diseases. DEHNR believes when the current physician retires, that no doctor will accept the task for less than \$20 per film. DEHNR expects to negotiate a x-ray reading fee between \$20 and \$30 per film. If DEHNR were to follow the Medicaid/Medicare reimbursement schedule as advised by the bill, it would pay \$7.90 per x-ray read.

The advisory medical committee reviews 3,000 x-rays each year. At \$5 per film, industry pays \$15,000 per year for this service. If DEHNR paid the committee the full \$40 per film, \$30 above the statutory rate and \$35 above the current rate, then industry would pay an additional \$105,000. This fiscal note assumes the rate will be set at the maximum \$40 to illustrate the full potential impact of the bill.

4 **"§ 105-113.108. Reports; revenue stamps.**

7 payable under this Article at the time and on the form prescribed by the Secretary.
8 Dealers are not required to give their name, address, social security number, or other
9 identifying information on the form. Upon payment of the tax, the Secretary shall
10 issue stamps in an amount equal to the amount of the tax paid. Taxes may be paid
11 and stamps may be issued either by mail or in person.

12 **"§ 105-113.109. When tax payable.**

13 The tax imposed by this Article is payable by any dealer who actually or
14 constructively possesses ~~a controlled~~ an unauthorized substance in this State upon
15 which the tax has not been paid, as evidenced by a stamp. The tax is payable within
16 48 hours after the dealer acquires actual or constructive possession of a non-tax-paid
17 ~~controlled~~ unauthorized substance, exclusive of Saturdays, Sundays, and legal
18 holidays of this State, in which case the tax is payable on the next working day. Upon
19 payment of the tax, the dealer shall permanently affix the appropriate stamps to the
20 ~~controlled~~ unauthorized substance. Once the tax due on ~~a controlled~~ an unauthorized
21 substance has been paid, no additional tax is due under this Article even though the
22 ~~controlled~~ unauthorized substance may be handled by other dealers.

23 **"§ 105-113.110A. Interest and penalty.**

24 The tax due under this Article shall bear interest at the rate established pursuant
25 to G.S. 105-241.1(i) from the date due until paid. In addition, a dealer who neglects,
26 fails, or refuses to pay the tax due under this Article is liable for a penalty equal to
27 fifty percent (50%) of the tax.

28 **"§ 105-113.111. Assessments.**

29 Notwithstanding any other provision of law, an assessment against a dealer who
30 possesses ~~a controlled~~ an unauthorized substance to which a stamp has not been
31 affixed as required by this Article shall be made as provided in this section. The
32 Secretary shall assess a tax, applicable penalties, and interest based on personal
33 knowledge or information available to the Secretary. The Secretary shall notify the
34 dealer in writing of the amount of the tax, penalty, and interest due, and demand its
35 immediate payment. The notice and demand shall be either mailed to the dealer at
36 the dealer's last known address or served on the dealer in person. If the dealer does
37 not pay the tax, penalty, and interest immediately upon receipt of the notice and
38 demand, the Secretary shall collect the tax, penalty, and interest pursuant to the
39 procedure set forth in G.S. 105-241.1(g) for jeopardy assessments or the procedure set
40 forth in G.S. 105-242, including causing execution to be issued immediately against
41 the personal property of the dealer, unless the dealer files with the Secretary a bond
42 in the amount of the asserted liability for the tax, penalty, and interest. The Secretary
43 shall use all means available to collect the tax, penalty, and interest from any

1 property in which the dealer has a legal, equitable, or beneficial interest. The dealer
2 may seek review of the assessment as provided in Article 9 of this Chapter.

3 **"§ 105-113.112. Confidentiality of information.**

4 Notwithstanding any other provision of law, information obtained pursuant to this
5 Article is confidential and may not be disclosed or, unless independently obtained,
6 used in a criminal prosecution other than a prosecution for a violation of this Article.
7 Stamps issued pursuant to this Article may not be used in a criminal prosecution
8 other than a prosecution for a violation of this Article. A person who discloses
9 information obtained pursuant to this Article is guilty of a Class 1 misdemeanor.
10 This section does not prohibit the Secretary from publishing statistics that do not
11 disclose the identity of dealers or the contents of particular returns or reports.

12 **"§ 105-113.113. Use of tax proceeds.**

13 (a) Special Account. -- The Secretary shall credit the proceeds of the tax levied by
14 this Article to a special nonreverting account, to be called the State ~~Controlled~~
15 Unauthorized Substances Tax Account, until the tax proceeds are unencumbered.
16 The Secretary shall remit the unencumbered tax proceeds as provided in this section
17 on a quarterly or more frequent basis. Tax proceeds are unencumbered when either
18 of the following occurs:

- 19 (1) The tax has been fully paid and the taxpayer has no current right
20 under G.S. 105-267 to seek a refund.
21 (2) The taxpayer has been notified of the final assessment of the tax
22 under G.S. 105-241.1 and has neither fully paid nor timely
23 contested the tax under G.S. 105-241.1 through G.S. 105-241.4 or
24 G.S. 105-267.

25 (b) Distribution. -- The Secretary shall remit seventy-five percent (75%) of the
26 part of the unencumbered tax proceeds that was collected by assessment to the State
27 or local law enforcement agency that conducted the investigation of a dealer that led
28 to the assessment. If more than one State or local law enforcement agency conducted
29 the investigation, the Secretary shall determine the equitable share for each agency
30 based on the contribution each agency made to the investigation. The Secretary shall
31 credit the remaining unencumbered tax proceeds to the General Fund.

32 (c) Refunds. -- The refund of a tax that has already been distributed shall be
33 drawn initially from the State ~~Controlled~~ Unauthorized Substances Tax Account. The
34 amount of refunded taxes that had been distributed to a law enforcement agency
35 under this section and any interest shall be subtracted from succeeding distributions
36 from the Account to that law enforcement agency. The amount of refunded taxes that
37 had been credited to the General Fund under this section and any interest shall be
38 subtracted from succeeding credits to the General Fund from the Account."

39 Section 2. This act becomes effective October 1, 1997.

ASSUMPTIONS AND METHODOLOGY:

The tax rate on a gallon of illegally distilled liquor is based on the fractional portion of the charges authorized under G.S. 18B-804 on a U.S. gallon of liquor. The tax rate on illegally mixed beverages is the fractional portion of the mixed beverage surcharge, authorized under G. S. 18B-804(8), on a U.S. gallon of liquor. The per gallon tax rate on mash is based on the assumption that 100 gallons of mash will produce 10 gallons of liquor. This ratio is used by the Alcohol Law Enforcement Division to measure the capacity of a confiscated distillery.

The Department of Crime Control and Public Safety provided the amounts of illegally distilled liquor, mash, and liquor sold by the drink illegally that was confiscated in fiscal year 1995-96. The tax loss is calculated by applying the appropriate tax rate set-out in the bill to the gallons of illegal substance.

The amount of liquor confiscated from places selling liquor by the drink illegally was 9,115 gallons and the loss in mixed beverage tax revenue is \$172,182. The loss in tax revenue from the 7,116 gallons of illegally distilled liquor confiscated is \$91,085. Alcohol and law enforcement officers confiscated 57,760 gallons of mash and the revenue loss associated with this amount is \$73,933. The total loss in excise tax revenue for fiscal year 1996-97 was \$337,200.

Confiscation's of illegal liquor substances increased 108% in fiscal year 1995-96 over the year before and the Department reports an expected increase in this fiscal year over fiscal year 1995-96. They could not elaborate on a percentage increase because most of their investigations are continuing and they will not know the gallon amounts of substance confiscated until actions have been taken.

1 Section 3. This act is effective when it becomes law. All property or
2 funds held as forfeited reservation deposits prior to the effective date of this act
3 pursuant to G.S. 116B-23 shall not escheat.

EXPLANATION OF HOUSE BILL 311:
Escheat Sunset Removed (2nd Edition)

TO: House Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: June 25, 1997
SPONSOR: Representative Cansler

House Bill 311 makes permanent the statute that excludes forfeited reservation deposits as a type of intangible property that may escheat to the State. Under current law, the exclusion will expire on June 30, 1997. The proposed committee substitute rewrites the statute to clarify what types of deposits do not escheat to the State.

Under the Escheat and Unclaimed Property Program, unclaimed or forgotten money or property belonging to North Carolina citizens for a specific period of time, usually five years or more, are reported and remitted to the State Treasurer. This property is placed in the Escheat Fund. The interest earnings of the Fund are remitted to the North Carolina State Education Assistance Authority to provide low interest student loans to North Carolina residents attending a public university pursuant to Article IX, Section 10 of the North Carolina Constitution. The State Treasurer's office makes a diligent effort to reunite the unclaimed property with its rightful owner.

North Carolina law recognizes over 100 different categories of unclaimed property, including savings and checkings accounts, utility deposits, uncashed checks, and safe deposit box contents. Prior to the 1996 law change, the audit policy of the Program was to consider nonrefundable room reservation deposits subject to escheat only if the deposits were refunded to some parties and not to others. The Program recognized that exceptions may be made to a policy not to refund a deposit when the customer could not fulfill the commitment due to illness, inclement weather, transportation, or other related problems. The change in the escheat law for forfeited room deposits occurred after an unclaimed property audit on a resort hotel revealed that the hotel had a policy of waiving nonrefundable room reservation deposits approximately 50% of the time. Under the audit policy, the remaining 50% should escheat to the State.

There have been no major changes made to the Escheat and Unclaimed Property Program since 1981 when legislation was enacted to give the Program greater authority in regard to enforcement of the escheat laws. In 1995, the National Conference of Commissioners on Uniform State Laws passed the Uniform Unclaimed Property Act. The 1996 legislation that enacted G.S. 116B-23 also included a study of the Program: its policies towards escheats and the effects of its policies on the economy and citizens of the State. This study was never undertaken.

ASSUMPTIONS AND METHODOLOGY:

The Department of State Treasurer reports that there will be a minimal loss to the Escheat Fund and to the North Carolina Education Assistance Authority. [Interest earnings on the principal in the Escheat Fund are used to provide low interest student loans to North Carolina residents attending public universities.] The actions of the 1996 General Assembly prohibited Escheat Fund audits from identifying forfeited room deposits prior to July 1, 1996. The violation of forfeited room deposits subject to escheat is normally discovered through audit procedures. The department does not have sufficient audit records, recording forfeited room and reservation deposits, to prepare an estimate on future losses.

The only information available, as to a fiscal impact, is a record of audits conducted by the Escheat Program in 1996. At least three audits were performed that year on separate resort hotels and one of the resorts was identified as having violated its nonrefundable deposit policy. The balance in room deposits held by the resort was \$1.1 million. The Escheat Program did not collect the \$1.1 million because of the 1996 actions of the General Assembly.

If North Carolina fails to collect unclaimed or forfeited room and reservation deposits from a business association that is located in this State but incorporated in another state then the property is subject to escheat in the state of incorporation.

34 accordance with the terms and conditions under
35 which the same are provided;
- 36 (14) To enter into contract with any political
37 subdivision by which the authority shall assume the
38 payment of the principal of and interest on
39 indebtedness of such subdivision; and
- 40 (14a) To make special assessments against benefited
41 property within the area served or to be
42 served by the authority for the purpose of
43 constructing, reconstructing, extending, or
44 otherwise improving water systems or sanitary

1 collection, treatment, and sewage disposal
2 systems, in the same manner that a county may
3 make special assessments under authority of
4 Chapter 153A, Article 9, except that the
5 language appearing in G.S. 153A-185 reading as
6 follows: "A county may not assess property
7 within a city pursuant to subdivision (1) or
8 (2) of this section unless the governing board
9 of the city has by resolution approved the
10 project," shall not apply to assessments
11 levied by Water and Sewer Authorities
12 established pursuant to Chapter 162A, Article
13 1, of the General Statutes. For the purposes
14 of this paragraph, references in Chapter 153A,
15 Article 9, to the "county," the "board of
16 county commissioners," "the board" or a
17 specific county official or employee are
18 deemed to refer, respectively, to the
19 authority and to the official or employee of
20 the authority who performs most nearly the
21 same duties performed by the specified county
22 official or employee.

23 Assessment rolls after being confirmed shall be
24 filed for registration in the office of the
25 Register of Deeds of the county in which the
26 property being assessed is located, and the term
27 "county tax collector" wherever used in G.S. 153A-
28 195 and G.S. 153A-196, shall mean the Executive
29 Director or other administrative officer designated
30 by the authority to perform the functions described
31 in said sections of the statute.

32 (14b) To provide for the defense of civil and
33 criminal actions and payment of civil
34 judgments against employees and officers or
35 former employees and officers and members or
36 former members of the governing body as
37 authorized by G.S. 160A-167, as amended.

38 (14c) To adopt ordinances to regulate and control
39 the discharge of sewage or stormwater into any
40 sewerage system owned or operated by the
41 authority and to adopt ordinances to regulate
42 and control structural and natural stormwater
43 and drainage systems of all types. Prior to
44 the adoption of any such ordinance or any

1 amendment to any such ordinance, the authority
2 shall first pass a declaration of intent to
3 adopt such ordinance or amendment. The
4 declaration of intent shall describe the
5 ordinance which it is proposed that the
6 authority adopt. The declaration of intent
7 shall be submitted to each governing body for
8 review and comment. The authority shall
9 consider any comment or suggestions offered by
10 any governing body with respect to the
11 proposed ordinance or amendment. Thereafter,
12 the authority shall be authorized to adopt
13 such ordinance or amendment to it at any time
14 after 60 days following the submission of the
15 declaration of intent to each governing body.
16 (14d) To require the owners of developed property on
17 which there are situated one or more
18 residential dwelling units or commercial
19 establishments located within the jurisdiction
20 of the authority and within a reasonable
21 distance of any waterline or sewer collection
22 line owned, leased as lessee, or operated by
23 the authority to connect the property with the
24 waterline, sewer connection line, or both and
25 fix charges for the connections. The power
26 granted by this subdivision may be exercised
27 by an authority only to the extent that the
28 service, whether water, sewer, or a
29 combination thereof, to be provided by the
30 authority is not then being provided to the
31 improved property by any other political
32 subdivision or by a public utility regulated
33 by the North Carolina Utilities Commission
34 pursuant to Chapter 62 of the General
35 Statutes. In the case of improved property
36 that would qualify for the issuance of a
37 building permit for the construction of one or
38 more residential dwelling units or commercial
39 establishments and where the authority has
40 installed water or sewer lines or a
41 combination thereof directly available to the
42 property, the authority may require payment of
43 a periodic availability charge, not to exceed
44 the minimum periodic service charge for

1 properties that are connected. This
2 subdivision applies only to a water and sewer
3 authority whose membership includes part or
4 all of a county that has a population of at
5 least 40,000 according to the most recent
6 annual population estimates certified by the
7 State Planning Officer.

8 (15) To do all acts and things necessary or convenient
9 to carry out the powers granted by this Article.

10 (16) To purchase real or personal property as provided
11 by G.S. 160A-20, in addition to any other method
12 allowed under this Article.

13 (b) In addition to the powers given under subsection (a) of
14 this section, an authority created under G.S. 162A-3.1 and its
15 participating political subdivisions may enter into agreements
16 obligating these subdivisions to make payments to the authority
17 for treated water delivered or made available or expected to be
18 delivered or made available by the authority, regardless of
19 whether treated water is actually delivered or made available.
20 Such payments may be designed to cover the authority's operating
21 costs (including debt service and related amounts) by allocating
22 those costs among the participating political subdivisions and by
23 requiring these subdivisions to pay additional amounts to make up
24 for the nonpayment of defaulting subdivisions. The participating
25 political subdivisions may agree to budget for and appropriate
26 such payments. Such payment obligations may be made absolute,
27 unconditional and irrevocable and required to be performed
28 strictly in accordance with the terms of such agreements and
29 without abatement or reduction under all circumstances
30 whatsoever, including whether or not any facility of the
31 authority is completed, operable or operating and notwithstanding
32 the suspension, interruption, interference, reduction or
33 curtailment of the output of any such facility or the treated
34 water contracted for, and such obligations may be made subject to
35 no reduction, whether by offset or otherwise, and not conditioned
36 upon the performance or nonperformance of the authority or any
37 participating political subdivision under any agreement. Such
38 payment obligations are in consideration of any output or
39 capacity that may at any time be available from facilities of the
40 authority. The participating political subdivisions may agree to
41 make such payments from limited or specified sources. To the
42 extent such payments relate to debt service of the authority and
43 related amounts, they may not be made from any moneys derived
44 from exercise by the participating political subdivisions of

1 their taxing power, and such payment obligations shall not
2 constitute a pledge of such taxing power. The participating
3 political subdivisions may agree (i) not to pledge or encumber
4 any source of payment and (ii) to operate (including fixing rates
5 and charges) in a manner that enables them to make such payments
6 from such sources. The participating political subdivisions may
7 also secure such payment obligations with a pledge of or lien
8 upon any such sources of payment. Notwithstanding the provisions
9 of G.S. 162A-9 or any other law to the contrary, an authority
10 entering into any such agreement need not fix rates, fees and
11 other charges for its services except as provided herein, and
12 such rates, fees and charges need not be uniform through the
13 authority's service areas. Notwithstanding the provisions of
14 G.S. 160A-322 or any other law to the contrary, agreements
15 described herein may have a term not exceeding 50 years.
16 Notwithstanding any law to the contrary, the execution and
17 effectiveness of any agreement authorized hereby shall not be
18 subject to any authorizations or approvals by any entity except
19 the parties thereto. Each authority and its participating
20 political subdivisions shall have the power to do all acts and
21 things necessary or convenient to carry out the powers granted by
22 this subdivision. This subsection applies only to authorities
23 created under G.S. 162A-3.1, at least half the participating
24 political subdivisions of which have populations of at least
25 65,000 according to the most recent decennial federal census.

26 (c) In addition to the powers given under subsections (a) and
27 (b) of this section, an authority that holds a certificate issued
28 by the Environmental Management Commission under G.S. 162A-7
29 (repealed) may acquire property by the power of eminent domain or
30 by gift, purchase, grant, exchange, lease, or any other lawful
31 method for one or more of the following purposes:

- 32 1. To relocate a road or to construct a road
33 necessitated by construction of water supply
34 project.
- 35 2. To establish, extend, enlarge, or improve storm
36 sewer and drainage systems and works, or sewer and
37 septic tank lines and systems.
- 38 3. To establish drainage programs and programs to
39 prevent obstructions to the natural flow of
40 streams, creeks and natural water channels or
41 improving drainage facilities. The authority
42 contained in this subdivision is in addition to any
43 authority contained in Chapter 156.
- 44 4. To acquire property for wetlands mitigation."

1 Section 2. This act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 1057:
Exempt Audiovisual Masters

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: June 27, 1997
SPONSOR: Representative Grady

House Bill 1057 is identical to Senate Bill 123, introduced by Senator Ballantine. The Senate Finance Committee gave Senate Bill 123 a favorable report on April 1, 1997. The bill was re-referred to the Appropriations Committee.

The bill creates a new State and local sales and use tax exemption. The new exemption is for audiovisual masters. An audiovisual master is the film, tape, or other storage device that is made or used by a production company to make more copies of the film or tape. The bill becomes effective July 1, 1997.

The tax at issue in this bill involves post-production work on a film, video, or commercial. Assume, for example, that a politician contracts with an advertising agency to have a political commercial made. The agency then films or contracts with others to film the politician in action. When the filming is completed, the agency contracts with a company to edit the film and put it in a finished form with sound and any narration. When the finished product (the audiovisual master) is delivered by the agency to the politician, a sales tax applies to the sale of that finished product. The tax is computed on the value of all the services that went into the finished product, such as acting fees or other charges.

According to the North Carolina Film Office, most post-production work on films is done in California or New York but the post-production work on commercials and videos is done in many other places. South Carolina and Virginia do not tax audiovisual masters, so a lot of post-production work on commercials and videos is done in those states.

Technical Consideration:

The bill has a July 1, 1997, effective date. The effective date should be changed to October 1, 1997. That date will correspond with the Department's mailings of the new sales and use tax reports.

36 10 of Chapter 160A of the General Statutes.

41 ordinance, establish a procedure whereby City forces may cut and remove limbs,

44 event, the cost of such cutting and removal shall become a lien upon the abutting

1 property equal to the lien for ad valorem taxes and may thereafter be collected either
2 by suit in the name of the City or by foreclosure of the lien in the same manner and
3 subject to the same rules, regulations, costs, and penalties as provided by law for the
4 foreclosure of the lien on real estate for ad valorem taxes.

5 "ARTICLE VI. SIDEWALKS.

6 "Section 6.1. **Assessments for Sidewalk Improvements; Petition Unnecessary.** In
7 addition to any authority granted by general law, the Council may, without the
8 necessity of a petition, order sidewalk improvements or repairs according to standards
9 and specifications of the City, and assess the total costs or a portion thereof against
10 abutting property, according to one or more of the assessment bases set forth in
11 Article 10 of Chapter 160A of the General Statutes. Regardless of the assessment
12 basis or bases employed, the Council may order the costs of sidewalk improvements
13 made only on one side of a street to be assessed against property abutting both sides
14 of the street. In ordering sidewalk improvements or repairs without a petition and
15 assessing the costs thereof under authority of this Article, the Council shall comply
16 with the procedures provided by Article 10 of Chapter 160A of the General Statutes,
17 except those provisions relating to petitions of property owners and the sufficiency
18 thereof. The effect of levying assessments under authority of this Article shall be the
19 same as if the assessments were levied under authority of Article 10 of Chapter 160A
20 of the General Statutes.

21 "Section 6.2. **Property Owner's Responsibility.** The Council shall have the
22 authority to require every property owner in the City to keep clean and free of
23 debris, trash, and other obstacles or impediments the sidewalks abutting the owner's

26 sidewalks abutting the owner's property.

27 "Section 6.3. **City Cleaning or Repair; Costs Become Lien.** The Council may, by
28 ordinance, establish a procedure whereby City forces may clean any sidewalk, remove
29 therefrom any debris or trash, or cut and remove limbs, branches, and parts of trees
30 or shrubbery extending upon or overhanging any sidewalk after failure of the abutting
31 property owner after 10 days' notice to do so. In such event, the cost of the repair,
32 cleaning, cutting, or removal shall become a lien upon the abutting property equal to
33 the lien for ad valorem taxes and may thereafter be collected either by suit in the
34 name of the City or by foreclosure of the lien in the same manner and subject to the
35 same rules, regulations, costs, and penalties as provided by law for the foreclosure of
36 the lien on real estate for ad valorem taxes.

2 granted by general law, the City is authorized to acquire, by purchase, gift, or

EXPLANATION OF HOUSE BILL 1061:
Disabled Sportsman Licenses – 2nd Edition

TO: Senate Finance Committee
FROM: Robin S. Johnson, Staff Attorney
DATE: June 30, 1997
SPONSOR: Representative McCombs

House Bill 1061 adds the following two lifetime sportsman licenses to those that are currently issued by the Wildlife Resources Commission:

1. A lifetime resident sportsman license for any resident of the State who is a 50% or more disabled veteran, as determined by the United States Department of Veterans Affairs, for a \$100 fee.
2. A lifetime resident sportsman license for any totally disabled State resident who is physically incapable of being gainfully employed, for a \$100 fee.

Lifetime sportsman licenses entitle the holders to capture, kill, pursue, hunt, fish, or otherwise take into possession any wild animal, bird other than waterfowl, or fish in all open seasons, on game lands, and in public mountain trout waters. As used for these licenses, a State resident is an individual who has resided in the State for the preceding six months or who has been domiciled here for the preceding 60 days. Currently, disabled residents can obtain an "adult resident lifetime sportsman license", for a \$500 fee. Revenue from lifetime sportsman licenses are deposited into the Wildlife Endowment Fund.

House Bill 1061 also combines and increases the fee for new lifetime combination hunting and fishing licenses for 50% or more disabled resident veterans as determined by the United States Department of Veterans Affairs and for totally disabled residents from \$7.50 to \$10, with the proceeds going to the Wildlife Endowment Fund. These licenses entitle the holders to hunt and fish in all open seasons, except on game lands or in public mountain trout waters.

The principal and income of the Wildlife Endowment Fund, also known as the "Eddie Bridges Fund", are used for the purpose of supporting wildlife conservation programs of the State. The Fund is subject to the oversight of the State Auditor.

Section 5 of the bill makes knowing, improper use of facilities and activities provided by the Wildlife Resources Commission for disabled sportsmen a Class 3 misdemeanor (1-10 days community penalty, fine of up to \$200, if no prior record). The Wildlife Resources Commission administers a Disabled Sportsman Program that consists of special hunting and fishing activities adapted to the needs of permanently disabled individuals. Each disabled individual may be accompanied by a non-disabled companion. The activities include special seasons, the use of vehicles in areas normally closed to vehicles, and exceptions to the manner for taking wildlife.

Section 5 takes effect December 1, 1997, and the rest of the bill is effective July 1, 1997.

PROGRAM(S) AFFECTED: Wildlife Resources Commission

EFFECTIVE DATE: Section 5 of the bill becomes effective December 1, 1997. The remainder of the act is effective July 1, 1997.

BILL SUMMARY: This act creates a new Disabled Resident Sportsman License that entitles the license holder to lifetime hunting and fishing privileges including big game, game lands, waterfowl, and mountain trout. The new license sells for \$100 and the revenue earned from the license will be deposited into the Wildlife Endowment Fund. The act converts the Disabled Veteran Lifetime Combination Hunting and Fishing License and the Totally Disabled Resident Lifetime Combination Hunting and Fishing License into a Lifetime Combination Hunting and Fishing License for Disabled Residents. The fee for this license is increased from the current \$7.50 to \$10 and deposits the funds into the Wildlife Endowment Fund. The eligibility criteria for the new license is the same as the old licenses. The bill also adds a Class 3 misdemeanor to the statutes for persons who unlawfully use facilities provided to disabled sportsman by the Wildlife Resources Commission.

ASSUMPTIONS AND METHODOLOGY:

The Wildlife Resources Commission reported that 1,850 disabled person lifetime hunting and fishing licenses were sold at a price of \$7.50 in FY 1995-96. This included 195 Disabled Veterans and 1,655 Disabled Residents licenses. Beginning in FY 1997-98, disabled veterans and residents will pay \$10 for the same lifetime hunting and fishing license. The only differences are the 1) price, 2) the name - Lifetime Combination Hunting and Fishing License for Disabled Residents, and 3) the fund - revenues will be deposited into the Wildlife Endowment Fund. Assuming the same number of lifetime license applicants each year, the price increase will raise \$4,625 more revenue annually. Since the license proceeds are being transferred from the Wildlife Resources Fund to the Wildlife Endowment Fund, there will be loss of revenue in the agency's operating fund.

The bill also creates a new Disabled Resident Sportsman License for \$100. This license has the same eligibility criteria as the disabled hunting and fishing license, but offers access to waterfowl, trout, big game, and game lands. The agency believes that one half of the new disabled applicants applying for hunting and fishing licenses will opt for the new sportsman license. The agency also believes that one fourth of the current holders of disabled lifetime hunting and fishing licenses will also buy the new sportsman license. After discussions with state officials at Division of Vocational Rehabilitation Services, the Governor's Advocacy Council for Persons with Disabilities, and the Division of Veteran Affairs, this memo assumes that the agency's assumptions are unfounded. Those persons knowledgeable about the disabled population believe most would choose the inexpensive license to hunt and fish over the more expensive sportsman license. The offer of big game, trout and waterfowl in the sportsman license is not attractive to a group limited by health and mobility concerns. This memo assumes that the disabled will buy the \$10 hunting and fishing license and not the \$100 sportsman license. For the few that may buy the sportsman license, no revenue is projected.

As for the misdemeanor in the bill, the Administrative Office of the Courts (AOC) does not anticipate that it would have a substantial impact on the Judicial Department as there would not be any significant changes in how cases are processed or disposed. The AOC believes that the very few additional cases which may result from this bill could be absorbed within existing resources. Likewise, the bill would not have a significant fiscal impact on the Department of Correction.

EXPLANATION OF HOUSE BILL 299:
Vietnam Veterans Plates (PCS)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: June 27, 1997
SPONSOR: Representative Sexton

House Bill 299 would authorize the Division of Motor Vehicles to develop a special registration plate issuable to a veteran of the armed forces of the United States who served in Vietnam. The Division would have to receive at least 300 applications of the plate before it could be issued .

Under the original bill, the \$10 additional fee charged for this special plate would be credited to the North Carolina Veterans Home Trust Fund. This would be the only special license plate for which the \$10 additional fee would be diverted from the Special Registration Plate Fund. The **proposed committee substitute** conforms the fee schedule for this special license plate with the current fee schedule for all other special license plates by crediting the additional \$10.00 fee to the Special Registration Plate Account. After deducting the cost of the plates from this account, the money is distributed quarterly as follows:

<u>Percentage</u>	<u>Purpose</u>
33%	Department of Commerce for advertising travel and tourism and industrial development
50%	Department of Transportation for beautification of highways
17%	Department of Human Resources to promote Travel accessibility for disabled persons

In 1991, the General Assembly created a study committee to address the many varied statutes concerning special license plates. At that time, there were six different categories of special license plates with four different fee dispositions, and a complicated web of various fee accounts. Based upon an audit performed by the State Auditor's office, the Committee recommended, and the General Assembly enacted, a uniform fee schedule that consolidated the special license plates into one statute and provided that the \$10 additional fee from all special registration plates be credited to the special registration plate account. Since 1991, the General Assembly has enacted at least 14 new special registration plates. In all instances, the first \$10 of any additional fee has been credited to the Special Registration Plate Account.

There are some special license plates that earn money for a particular cause. In those instances, the additional fee a person must pay to obtain the special registration plate is greater than \$10. The amount of the additional fee that exceeds \$10 is credited to an account to be distributed quarterly to the appropriate entity. The additional fees for plates that raise money for a particular cause range from \$20 to \$30.

The original bill would have attributed the initial \$10 additional fee to the North Carolina Veterans Home Trust Fund. The General Assembly created the North Carolina Veterans Home Trust Fund in 1995 when it funded the first State run veterans home. The home is expected to be completed during the 1997-98 fiscal year. The Governor's continuation budget requested a \$300,000 appropriation for the 1997-98 fiscal year and a \$200,000 appropriation for the 1998-99 fiscal year for operating expenses of the home. The Trust Fund is an interest-bearing, nonreverting fund. The balance in the Fund at this time is approximately \$15,361.

The Fund consists of appropriations, grants, and fees charged the residents who are admitted to a State veterans home. The money in the Fund may be used by the Division of Veterans Affairs to build or remodel buildings to be used as homes for aged and infirm veterans living in North Carolina and to pay the expenses of the homes. It is hoped that the homes will be self-funding through fees charged their residents and federal aid and assistance.

1 A BILL TO BE ENTITLED
2 AN ACT TO EXTEND THE TIME FOR THE DEPARTMENT OF HUMAN
3 RESOURCES TO ADMINISTER THE SERVICES OF THE TRI-COUNTY
4 AREA AUTHORITY.
5 The General Assembly of North Carolina enacts:
6 Section 1. Notwithstanding S.L. 1997-7, the Department of Human
7 Resources may continue to administer the services of the Tri-County Area Authority
8 in accordance with G.S. 122C-125.1 on behalf and at the request of the board of
9 county commissioners of one or more of the counties that constitute the Tri-County
10 Area Authority. The extension granted under this section shall be for a period not to
11 exceed three calendar months commencing July 1, 1997, and shall be for the sole
12 purpose of allowing one or more of the counties that constitute the Tri-County Area
13 Authority to assess the feasibility of combining with another existing area authority.
14 Section 2. This act becomes effective July 1, 1997.

SUMMARY
PROPOSED COMMITTEE SUBSTITUTE FOR H101

BACKGROUND

House Bill 77 directed the Secretary of Human Resources to dissolve certain area mental health authorities (Tri-County) by June 30, 1997. After HB 77 was ratified the Department requested that a special provision be included in the budget bill authorizing the Department to continue to administer the services of the Tri-County Area Authority for three months beginning on July 1, 1997. A special provision was included in both the Senate and the House budget bills. However, since the budget bill has not yet been enacted, the Department does not have the authority to continue the administration of Tri County Services as of July 1, 1997.

PROPOSED COMMITTEE SUBSTITUTE

The Proposed Senate Committee Substitute for H101 uses the language from the special provision in the Senate budget bill to extend DHR's authority to administer Tri-County services for a period not to exceed three months from July 1, 1997. The extension is granted for the purpose of allowing one or more of the counties that constituted Tri-County Area Authority to assess the feasibility of combining with another existing area authority. The administration must be exercised in accordance with G.S. 122C-125.1 (section that governs takeover of an area mental health authority by DHR) and at the request of the board of county commissioners of one or more of the affected Tri-County counties.

[Note: H101 is a local bill introduced by Rep. Baker. It pertains to Stokes county school acquisition and is no longer needed by Rep. Baker.]

(1) The area consists of all or part of five counties, all five counties of which form a contiguous territory;

(2) At least two of those counties are contiguous to each other and each have a population of 250,000 or over; and

(3) The other three counties each have a population of 100,000 or over.

"§ 160A-633. Creation of Authority.

(a) The city councils of the four largest cities within an area for which an authority may be created as defined in G.S. 160A-632 may by resolution signify their determination to organize an authority under the provisions of this Article. 1 date fixed for such hearing, in a newspaper having a general circulation in the
2 county. Such notice shall contain a brief statement of the substance of the proposed

9 fees, charges, routes, and schedules of an Authority for service within its territorial

EXPLANATION OF HOUSE BILL 993:
Regional Transportation Authorities (3rd Edition)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: June 30, 1997
SPONSOR: Representative Gray

House Bill 993 provides for the creation of a regional transportation authority in an area of a Metropolitan Planning Organization that meets all of the following criteria:

- The area consists of all or part of five counties, all counties of which form a contiguous territory.
- At least two of those counties are contiguous to each other and each have a population of 250,000 or more.
- The other three counties each have a population of 100,000 or more.

This description describes the Triad area consisting of Forsyth, Guilford, Randolph, Davidson, and Alamance Counties. The four major cities involved in the creation of the authority are Greensboro, High Point, Winston-Salem, and Burlington.

The purpose and powers of this regional transportation authority would be very similar to the purpose and powers of the regional public transportation authority the General Assembly created in 1989 for the Triangle area. Unlike the 1989 legislation, this bill does not give the authority created by this act any taxing power. The transportation authority created in 1989 for the Triangle area may levy an annual motor vehicle registration tax of \$5 on motor vehicles that have a property tax situs in Orange, Durham, or Wake Counties. The only other differences between the two are their territorial jurisdiction and the make-up of their board of trustees.

The Authority would be created to promote the development of sound transportation systems in the area served by the Authority. The Authority could be created upon the adoption of a resolution by the city councils of the four largest cities within the area that could be served by the authority. The governing body of the authority would be the Board of Trustees. The Board of Trustees would consist of the mayor of the four largest cities served by the authority and the chair of each Metropolitan Planning Organization in the territorial jurisdiction of the authority. If there is an agreement between the

Board of Trustees and the boards of county commissioners of the counties served by the authority, then the chair of the board of commissioners of any county within the territorial jurisdiction of the county may serve on the Board of Trustees. Two members of the Board of Transportation appointed by the Secretary of Transportation would also serve on the Board of Trustees as ex officio nonvoting members.

The powers of the Board of Trustees of the Authority would include:

- The authority to own, lease, and operate public transportation systems. However, the creation of the authority would not have an effect on any existing franchises granted by a unit of local government or upon any local government ordinances regulating local public transportation systems.
- The authority to set in its sole discretion rates, fees, and charges for use of its public transportation systems.
- The authority to issue bonds and notes pursuant to the provisions of The State and Local Government Revenue Bond Act.
- The authority to make installment purchases.
- The authority to exercise the power of eminent domain.
- The authority to require public utilities to relocate their structures and equipment if necessary.

An authority would be a public authority subject to the Local Government Finance Act and eligible for the appropriation of money from State and local governments. The property of the Authority would be exempt from property tax and it would be eligible for annual refunds of sales and use taxes paid. The Board of Trustees could terminate the existence of the Authority at any time when it has no outstanding indebtedness. In the event of termination, all property and assets of the Authority become the property of the State.

The House budget, contained in Senate Bill 352 (5th Edition), allocates \$750,000 from the funds appropriated to the Department of Transportation for a Major Investment Study. The study would include a passenger rail proposal providing service between Asheville and Raleigh through Winston-Salem and a passenger rail proposal providing for commuter rail services between Winston-Salem, Greensboro, High Point, and outlying communities. Section 3 of this bill provides that if the Study is funded by the General Assembly, the regional transportation authority created pursuant to this act will administer it, in consultation with the Department of Transportation and the Metropolitan Planning Organizations of Forsyth County, Greensboro, and High Point.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: **Regional Transit authorities organized under Article 27.**

EFFECTIVE DATE: When it becomes law

BILL SUMMARY:

Adds a new Article 26 to General Statutes Chapter 160A to allow the creation of additional regional transportation authorities (GS 160A-600 through 160A-625 now allows creation of authorities within limited areas). Allows creation of regional transportation authority (RTA) for the area of any metropolitan planning organization of the state that, at the time of creation, consists of all or part of five contiguous counties if at least two of the counties each have a population of at least 250,000 and are contiguous *and* if the other three counties each have a population of at least 100,000. Authorizes the city councils of the four largest cities within the area to create an RTA according to the procedures in the act. Allows the new RTA, with the consent of the affected boards of county commissioners, to expand to include contiguous areas up to a total service area of twelve counties. Governing body of RTA will consist of the mayors of the four cities with the largest populations within the service area; two members of the State Board of Transportation appointed by the Secretary of Transportation (as ex officio, nonvoting members); the chair of each metropolitan planning organization in the service area; and the chair of any board of county commissioners within the service area. Sets forth powers of RTA, including the power to issue bonds and notes (pursuant to the Local Government Revenue Bond Act) for the purpose of financing public transportation systems; purchase and lease equipment; acquire property by eminent domain; and require public utilities, railroads, and other public service corporations to relocate utility structures. Allows state and local government units to appropriate funds to the RTA for its operations.

House committee substitute makes the following changes to 1st edition. Recodifies new article as General Statutes Chapter 160A, Article 27 (was, Art. 26). Provides that if S 352 is enacted with funds appropriated to Department of Transportation for 1997-98, then major investment study will be made to include a passenger rail proposal providing service between Asheville and Raleigh through Winston-Salem generally following the I-40 corridor, and a passenger rail proposal providing for commuter rail services between Winston-Salem, Greensboro, High Point, and outlying communities. MIS will be administered by regional transportation authority created under this act, which includes Guilford and Forsyth Counties, in consultation with Department of Transportation, Forsyth County Metropolitan Planning Organization (MPO), Greensboro MPO, and High Point MPO.

ASSUMPTIONS AND METHODOLOGY:

House Bill 1231 authorizes regional transit authorities (RTA), created pursuant to Article 27, to charge a \$5.00 registration fee on motor vehicles sited in the counties of the authority for property taxation. In addition, an RTA is authorized to levy a 5% gross receipts tax on the short term lease of motor vehicles leased in the region. The expected revenue from these two sources in fiscal year 1997-98 is \$3.3 million. The revenue is estimated to grow to \$7 million by fiscal year 2001-02. Municipal units of government located within the region are authorized to levy a \$5.00 license tax on motor vehicles. The revenue derived from this tax is expected to be \$1.6 million in fiscal year 1997-98 and grow to \$3.4 million by fiscal year 2001-02.

EXPLANATION OF HOUSE BILL 1044:
County Tax Information Recipient

TO: Senate Finance Subcommittee
FROM: Cindy Avrette, Committee Counsel
DATE: July 7, 1997
SPONSOR: Representative Rogers

In 1995, the General Assembly gave counties access to information regarding local sales tax refunds paid to nonprofit corporations and governmental entities. Under prior law, counties did not have access to this information because the local sales tax is collected by the State and the tax secrecy statute prevents the Department of Revenue from disclosing information about individual taxpayers. Without information about local sales tax refunds, counties were not able to audit claims for refunds against them. The counties had to rely on the Department of Revenue to audit the claims, but the Department does not have enough resources to provide the level of audit some counties wished to provide for themselves.

To obtain information concerning local sale tax refunds, a county must request the information in writing from the Secretary of Revenue. The Secretary has 30 days to provide the chair of the board of county commissioners with a list of each nonprofit corporation or governmental entity that received a refund of at least \$1,000 of that county's local taxes within the last 12 months. **House Bill 1044** allows the county board of commissioners to designate a county official to receive this information from the Department of Revenue. If the board has not adopted such a resolution, then the Department will continue to send the requested information to the chair of the board of county commissioners.

The county uses the list it receives from the Department to identify entities whose refund claims the county may wish to audit. Upon the written request of the county, an entity that has received a refund must provide the county with a copy of the request for refund, along with supporting documentation requested by the county to verify the request. If an entity determines that a refund it has received has been charged to the wrong county, it must file an amended return for the refund. The amended return will enable the Department to make the appropriate adjustments in the subsequent quarterly distribution of local sales tax revenue.

Under G.S. 105-164.14, nonprofit corporations and certain governmental entities may seek a refund of State and local sales taxes they pay on their purchases. To do so, these entities must file a written request for refund with the

Department of Revenue and name the counties where the purchases were made. The Secretary of Revenue deducts the claimed refunds of local sales taxes from tax revenue distributed to the counties. Errors in identifying the correct county in refund claims occur because the local sales tax applies to the county in which the retailer is located, not the county in which the purchaser is located. Some counties believe that entities located in one county who pay sales tax to another county are claiming the refund against the county in which they are located, rather than against the county in which they made the purchase.

EXPLANATION OF HOUSE BILL 457:
Amend Forest Development Act (PCS)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 7, 1997
SPONSOR: Representative Weatherly
Agency Bill

House Bill 457 amends the Forest Development Act in three ways:

- It requires a landowner to enter into a written agreement with the Department of Environment, Health, and Natural Resources before the landowner can receive any cost-sharing payments. The landowner must agree to implement approved forestry practices on land suitable for forestry purposes and must agree to maintain those practices for at least 10 years. Under the bill, if a landowner fails to maintain the practices for a 10-year period, the landowner must repay all cost-sharing funds received for that land. If the landowner voluntarily relinquishes control or title to the land on which the approved practices have been established, the landowner may do one of two things: (1) obtain an agreement from the new owner to maintain the approved practices for the remainder of the 10-year period; or (2) repay the cost-sharing payments.
- It makes the Forest Development Fund a non-reverting, interest-bearing account.
- It repeals the expenditure limit on the Fund. Under current law, expenditures from the Fund are limited to four times the amount of the General Fund appropriation that year. This bill repeals this limitation.

The proposed committee substitute clarifies what type of fund the Forest Development Fund is and it amends the effective date. Under the original bill, the act became effective June 30, 1997.

The legislature created the State's first cost-sharing program and the companion forest product assessment in 1977. The Forest Development Program was designed to encourage woodland owners to reforest their land after harvest and to put idle or underproductive land into trees. The program offers cost share assistance to private landowners as an incentive to put and keep forestland in a forest development plan. There is an assessment levied on primary forest products processed from North Carolina timber to provide the major source of funds for this program. The General Assembly also appropriates money for the program. The collection of the assessment is suspended in any fiscal year in

which the General Assembly fails to make General Fund appropriations to the Fund or in which there is carried forward from previous years a balance of unobligated funds in the Fund greater than twice the amount appropriated from the General Fund for that fiscal year.

An eligible landowner may receive forest development cost sharing payments for satisfactorily completing approved forestry practices. The amount of assistance cannot exceed the lesser of 60% of the landowner's actual per acre cost incurred in implementing the approved practices or 60% of the prevailing per acre cost as determined by the Secretary. In 1995, it was estimated that 561,000 acres had been planted through the program. Since the program began, instances of willful destruction and neglect of trees for which cost-sharing payments have been received are increasing. The investment sought to encourage is lost when the planted trees are not brought full cycle to commercial harvest. To address this problem, this bill requires recipients of the cost share funds to reimburse the program if trees are not maintained and protected for 10 years. The funds would be used to fund new projects.

There has not been an increase in the assessment rate since the establishment of the program 1977. The State has appropriated \$700,000 to the Fund each year since 1993. However, at the current rate, existing funds are not expect to last throughout the fiscal year. Under the current law, any State appropriations left in the fund at the end of the fiscal year revert to the General Fund and any interest accruing on the money in the Fund is credited to the General Fund. Under this bill, the Fund becomes an interest-bearing, non-reverting account to help maintain and increase the revenue available in the Fund.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED:	Primary Forest Produce Assessment Act				
EFFECTIVE DATE:	When it becomes law				

BILL SUMMARY:

The proposed act amends General Statute 113A-178 to provide that landowners who do not maintain for ten years the areas and trees for which they have received cost-sharing funds must repay those funds to the Forest Development Fund. The word "maintain" is defined as making every reasonable effort to protect the reforested area from destructive fire and grazing, insects, disease, noxious weeds, and unauthorized clearing of trees. Also amends G.S. 113A-183 to provide that funds in the Forest Development Fund, including funds appropriated from the General Fund, do not revert and that interest on the funds shall be credited to the Forest Development Fund. Also eliminates provision restricting expenditures from Forest Development Fund to four times the amount of General Fund appropriations for that year.

The original bill, replaced by the House Committee Substitute, included a requirement that eligible landowners maintain approved practices for 10 years, and repay cost-sharing funds if they do not. Substitute replaces this requirement with provision for written agreement under which landowner agrees to maintain practices for 10 years and repay funds if they fail to do so. Provides for continuation of approved practices during 10-year period if original landowner relinquishes control or title to land.

Source: Institute of Government Bill Digest

ASSUMPTIONS AND METHODOLOGY:

The fund annually maintains a balance of \$3 to \$4 million in cost sharing assistance that is obligated for approved projects. (After a project is approved landowners are given one year to begin and one year to complete the project. There are also cases where extensions are granted. Once a project has been approved the amount is designated within the fund and is disbursed when the project is complete.) The current interest rate on short term investments, made by the State Treasurer, is 6.486%. The expected gain in earned interest, based on the stated balance, is between \$195,000 and \$260,00 annually.

EXPLANATION OF HOUSE BILL 14:
Update Custom Computer Software (4th Edition)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 7, 1997
SPONSOR: Representative Cansler
Recommendation of the Revenue Laws Study Committee

House Bill 14 modifies the sales tax definition of custom computer software to make a clear distinction between software that is subject to State and local sales and use taxes and software that is not subject to these taxes. The bill reflects an agreement between the sponsor, the Department of Revenue, and the North Carolina Electronic & Information Technologies Association on the definition of custom computer software. The bill becomes effective October 1, 1997.

Under current law, canned software is subject to sales and use taxes and custom software is not subject to these taxes. The North Carolina sales and use tax law excludes custom computer software from tax to implement the policy that computer services are not subject to sales and use taxes. The cost for custom computer programs is attributable to the programming services provided rather than the cost of producing a tangible form of the program on a cd rom or tape. The current definition of custom software is very broad, however, and can include off-the counter "shrink-wrap" programs and programs that have been modified only slightly by the vendor.

Under the current definition, custom computer software includes all software recommended to the purchaser by the seller after performing an analysis of the purchaser's needs. Thus, under this definition, a common product such as Microsoft's Word program becomes exempt from sales and use tax if the seller of the program analyzes the customer's needs and decides that Word is better for the customer than WordPerfect or another competing product. The bill deletes an analysis of a customer's needs as a determining factor in whether a program is custom (exempt) or canned (taxable).

The current definition of custom software also includes all programs adapted by the seller of the program to be used in a particular computer and its associated input/output devices such as printers. This type of adaptation can be slight, such as the completion of a "fill-in-the-blank" series in which the particular hardware to be used with the program is designated, or it can require extensive changes to the lines of code in the software. Under the current definition, any slight modification of a program makes the entire program exempt from State and local sales and use taxes. The bill changes current law by providing that prewritten software that can be installed and executed with no changes to the software's source code other than changes made to configure hardware or software.

EFFECTIVE DATE: October 1, 1997

BILL SUMMARY: The act redefines custom computer software for sales tax purposes as software written according to the specifications of a specific customer. Custom software is not "prewritten software that can be installed and executed with no changes to the software's source code other than changes made to configure hardware or software or to select personal preferences".

ASSUMPTIONS AND METHODOLOGY: The Department of Revenue has no data on canned versus custom software, because it collects sales tax data by type of business and not by type of commodity. The Software Publishers Association reported retail software sales of \$10.6 billion in the US and Canada in 1996. If North Carolina's share of the software sales equals its population share of the US and Canada (2.5%), then North Carolina retail software sales in 1996 were \$265 million. The Software Publishers Association reported software sales for 1995 and 1996 grew 8.2% each year. This inflation rate is used in this fiscal note for the next five years.

The Tax Research Division in the Department of Revenue believes the state is losing sales tax on 3% to 8% of retail software sales because of the ambiguous custom software language now in the

statutes. In other words, by clarifying the definition of custom software in HB 14, the Department of Revenue projects the annual revenue gain to the state and local governments will equal the sales tax on 3% to 8% of software sales. To simplify the estimation of the revenue gain, this fiscal note uses 5.5% or the midpoint of the Department of Revenue's estimate.

How the States Tax Sales of Computers and Computer Software

¶ 60-160

Generally, computer hardware is taxable with certain exceptions for computers used in manufacturing, production, research, etc. Similar exceptions may exist for software that would otherwise be taxable.

The methods by which the states apply their sales and use taxes to sales of computer software vary greatly. Generally, most states impose their sales taxes on transfers of tangible personal property, but computer software is not easily classified as "tangible" or "intangible" because the value of the information contained on the software must be balanced against the value of the tangible tapes, discs, punchcards, etc., used to transfer the information. Many states, through case law, determine the classification of software by utilizing the "true object" test. If the "true object" of the transaction is to obtain tangible personal property, the software will be taxable; if the "true object" of the transaction is to obtain a service, the software will not be taxable.

Many states distinguish between "canned" or "prewritten" software, which can be purchased off the shelf and used in a customer's computer without any modification, and "custom" software, which is generally a program created to meet a specific customer's needs. In some states, a canned program modified to meet a particular customer's needs qualifies as a nontaxable custom program. Definitions of "custom" programs vary widely among the states.

For purposes of this chart, "T" stands for taxable and "E" stands for exempt, but the designations are of a general nature and exceptions unnoted in the chart may exist.

FISCAL RESEARCH DIVISION: 733-4910

PREPARED BY: Warren Plonk

APPROVED BY:

DATE: July 7, 1997

EXPLANATION OF HOUSE BILL 457:
Amend Forest Development Act (PCS)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 7, 1997
SPONSOR: Representative Weatherly
Agency Bill

House Bill 457 amends the Forest Development Act in three ways:

- It requires a landowner to enter into a written agreement with the Department of Environment, Health, and Natural Resources before the landowner can receive any cost-sharing payments. The landowner must agree to implement approved forestry practices on land suitable for forestry purposes and must agree to maintain those practices for at least 10 years. Under the bill, if a landowner fails to maintain the practices for a 10-year period, the landowner must repay all cost-sharing funds received for that land. If the landowner voluntarily relinquishes control or title to the land on which the approved practices have been established, the landowner may do one of two things: (1) obtain an agreement from the new owner to maintain the approved practices for the remainder of the 10-year period; or (2) repay the cost-sharing payments.
- It makes the Forest Development Fund a non-reverting, interest-bearing account.
- It repeals the expenditure limit on the Fund. Under current law, expenditures from the Fund are limited to four times the amount of the General Fund appropriation that year. This bill repeals this limitation.

The proposed committee substitute clarifies what type of fund the Forest Development Fund is and it amends the effective date. Under the original bill, the act became effective June 30, 1997.

The legislature created the State's first cost-sharing program and the companion forest product assessment in 1977. The Forest Development Program was designed to encourage woodland owners to reforest their land after harvest and to put idle or underproductive land into trees. The program offers cost share assistance to private landowners as an incentive to put and keep forestland in a forest development plan. There is an assessment levied on primary forest products processed from North Carolina timber to provide the major source of funds for this program. The General Assembly also appropriates money for the program. The collection of the assessment is suspended in any fiscal year in

which the General Assembly fails to make General Fund appropriations to the Fund or in which there is carried forward from previous years a balance of unobligated funds in the Fund greater than twice the amount appropriated from the General Fund for that fiscal year.

An eligible landowner may receive forest development cost sharing payments for satisfactorily completing approved forestry practices. The amount of assistance cannot exceed the lesser of 60% of the landowner's actual per acre cost incurred in implementing the approved practices or 60% of the prevailing per acre cost as determined by the Secretary. In 1995, it was estimated that 561,000 acres had been planted through the program. Since the program began, instances of willful destruction and neglect of trees for which cost-sharing payments have been received are increasing. The investment sought to encourage is lost when the planted trees are not brought full cycle to commercial harvest. To address this problem, this bill requires recipients of the cost share funds to reimburse the program if trees are not maintained and protected for 10 years. The funds would be used to fund new projects.

There has not been an increase in the assessment rate since the establishment of the program 1977. The State has appropriated \$700,000 to the Fund each year since 1993. However, at the current rate, existing funds are not expect to last throughout the fiscal year. Under the current law, any State appropriations left in the fund at the end of the fiscal year revert to the General Fund and any interest accruing on the money in the Fund is credited to the General Fund. Under this bill, the Fund becomes an interest-bearing, non-reverting account to help maintain and increase the revenue available in the Fund.

EXPLANATION OF SENATE BILL 1001 (PCS):
Expand Amusement Tax Exemption

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: July 7, 1997
SPONSOR: Senator Kinnaird

This bill creates a new exemption from the privilege license tax on various forms of amusements and entertainments. The bill would exempt a nonprofit arts organization's arts festivals if the organization holds no more than two festivals a year and the festivals last no more than seven days each, are held outdoors on public property, and involve a variety of exhibitions and activities. The bill would become effective August 1, 1997.

The State levies a 3% gross receipts tax on anyone engaged in the business of offering amusements, athletic events, dances, and entertainments for which an admission is charged. Under current law, exemptions from the tax are narrowly drawn:

- Elementary and secondary athletic contests
- The first \$1,000 of receipts from fund-raising dances actually managed by the civic group or school raising funds
- Fund-raising entertainments produced exclusively by volunteer local talent
- Entertainments (but not athletic events) offered at and by a nonprofit arts center
- Nonprofit teen centers

Like the 6% retail sales and use tax, the 3% gross receipts tax on amusements applies equally to nonprofit and for profit organizations selling admissions to the public, with a few exceptions. This tax system prevents nonprofit organizations from obtaining a competitive advantage over for profit organizations offering similar amusements.

8 Section 1. G.S. 105-267 reads as rewritten:

9 "**§ 105-267. Taxes to be paid; suits for recovery of taxes.**

10 No court of this State shall entertain a suit of any kind brought for the purpose of

15 any time within the applicable protest period, the taxpayer may demand a refund of
16 the tax paid in writing from the Secretary and if the tax is not refunded within 90
17 days thereafter, may sue the Secretary in the courts of the State for the amount

6 Section 2. G.S. 105-266(c) reads as rewritten:

38 Section 3. G.S. 105-130.5(b) is amended by adding a new subdivision to

EXPLANATION OF HOUSE BILL 1157 (PCS):
Various Corporate Tax Law Changes

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 7, 1997
SPONSOR: Representative Morris

House Bill 1157 is a recommendation of the North Carolina Bar Association. It makes the following changes to the corporate income tax laws effective for taxable years beginning on or after January 1, 1997:

1. It extends the income tax exclusion allowed individuals for interest on State or local obligations and obligations of nonprofit educational institutions organized or chartered in the State to corporations.
2. It conforms statutory law to the current practice of the Department of Revenue with regard to the taxability of dividend income received by corporations from regulated investment companies and real estate investment trusts.

The bond law exempts interest on State and local government obligations and on obligations of nonprofit educational institutions organized or chartered in the State from State income tax. The tax statutes provide for the deduction in the individual income tax statutes as well. However, there is not a similar provision in the corporate income tax statutes. Section 1 of the bill makes a conforming change in the corporate income tax statutes that specifically exempts interest on State and local government obligations and on obligations of nonprofit educational institutions organized or chartered in the State from State income tax.

Section 2 of the bill conforms the language of the statute to the current practice of the Department of Revenue with regard to the taxability of income received by a corporation from regulated investment companies and real estate investment trusts. Corporations and individuals may invest income in a regulated investment company, commonly known as mutual funds, and in a real estate investment trust. Under the Code, dividends paid by a regulated investment company or a real estate investment trust to its shareholders are treated as pass-through income, meaning that the character of the income remains the same after that income is passed to its shareholders. For example, interest on a State municipal bond is exempt if paid directly to a person. Under the Code, this income does not lose its tax exempt status because the person

receives it as a dividend from a regulated investment company or a real estate investment trust rather than directly from the tax-exempt source.

State corporate income tax law likewise provides that a corporation may deduct from State taxable income that portion of the dividends it receives from a regulated investment company or a real estate investment trust that it could deduct if it received the dividends directly, rather than through the regulated investment company or the real estate investment trust. The statute, however, appears to limit the amount a corporate investor may deduct under this pass-through treatment to \$15,000. The Department of Revenue does not currently treat the cap as applicable to these types of pass-through income from federal, State, and local obligations. Arguably, this practice conflicts with the \$15,000 statutory limitation. This section repeals the \$15,000 cap.

The proposed committee substitute removes two provisions that would have extended the statute of limitations for requesting or making a tax refund.

**NORTH CAROLINA GENERAL ASSEMBLY
LEGISLATIVE FISCAL ESTIMATE**

BILL NUMBER: HOUSE BILL 1157
SHORT TITLE: VARIOUS STATE TAX LAW CHANGES
SPONSOR(S): REP. MORRIS

FISCAL IMPACT

Yes () No () No Estimate Available (X)

PRINCIPAL DEPARTMENT AFFECTED: The tax changes are administered by the Department of Revenue. The changes are not expected to change the Department's costs.

BILL SUMMARY: (1) Conforms state law on the timing of lawsuits and refunds to the federal law. Under the current law an overpayment of tax must be discovered or demanded within 3 years after the date set by statute for filing the returns or within 6 months after the tax is paid, whichever is later. The effect of the bill is to change the "within 6 months" language to "two years". This change become effective November 1, 1997 and apply to taxes paid on or after that date (2) Extends the income tax exclusion allowed individuals for interest on state or local obligations and obligations of nonprofit educational institutions organized or chartered in the State to corporations. In most cases such interest is not included in federal taxable income. The effect of the bill is to exempt the interest of those obligations whose interest income is included in federal taxable income, net of related expenses. This change is effective for tax years beginning on or after January 1, 1997. (3) Conforms statutory law to the current practice of the Department of Revenue with regard to the taxability of income on regulated investment companies and real estate investment trusts. The current statutes limit the income deduction of corporations from these investment vehicles to \$15,000. The Department of Revenue does not currently treat the cap as applicable to these types of pass-through income from federal, state, and local obligations since the federal treatment of these vehicles exempts pass-through income to investors that would have been exempt if the income flowed directly to the investor. The change is effective for tax years beginning on or after January 1, 1997.

ASSUMPTIONS AND METHODOLOGY: The Department of Revenue is unable to identify an example whereby the enactment of the bill would cause a General Fund revenue loss. The extension of time for filing a tax protest has an unknown impact because at this time neither the Attorney General's Office or legislative staff are aware of any laws not under litigation that might be held unconstitutional. Also, many taxpayers are filing a protest when they pay their tax so the lengthening of the period would have no impact.

EXPLANATION OF HOUSE BILL 35:
Proposed Committee Substitute
Conform Sales Tax Refund Period

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 8, 1997
SPONSOR: Representative Capps
Recommendation of the Revenue Laws Study Committee

House Bill 35 would extend from six months to three years the period during which a governmental entity or nonprofit entity may claim a sales tax refund. The Department of Revenue suggested to the Revenue Laws Study Committee that the statute of limitations be extended from six months to three years, bringing it in line with the general rules of G.S. 105-266 and G.S. 105-266.1, which apply to refunds of overpayments of tax. Since the Committee made its report, the Department has suggested a couple of other similar changes to the motor fuel tax refund statutes. The proposed committee substitute, based upon the Department's suggestions, makes the following changes to the bill:

- Makes a conforming change to the motor fuel and alternative fuel refund statutes to give a taxpayer three years instead of six months to file for a refund.
- Changes the sales tax exemption for motor fuel to exclude from the sales tax exemption those motor fuels that have been granted a refund of motor fuel tax paid.
- Makes a corresponding change to the motor fuel refund statutes to deduct from the refund given the amount of sales tax that is due on the fuel.
- Changes the effective date of the sales tax refund change from January 1, 1994, to ratification. Makes the motor fuel tax changes effective January 1, 1998.

Under G.S. 105-164.14, nonprofit entities, certain hospitals, and certain governmental entities may seek a refund of State and local sales taxes they pay on their purchases. To do so, these entities must file a written request for refund with the Department of Revenue and name the counties where the purchases were made. Governmental entities must apply for the refund after the end of each fiscal year; other entities must apply for the refund semiannually. The application must be filed within six months. If the application is late, there is a penalty equal to a percentage of the refund claimed. If the application is more than six months late, it is barred. The Secretary of Revenue has the authority to

waive penalties for good cause, but once a refund is barred, the Secretary may not revive it. Section 1 of the bill extends the statute of limitations for refunds from six months to three years, bringing it in line with the general rules of G.S. 105-266 and G.S. 105-266.1, which apply to refunds of overpayments of tax. Section 2 of the bill makes a similar change for motor fuel tax refunds.

Under current law, motor fuel is exempt from sales tax, regardless of whether or not any motor fuel tax is payable. Section 3 provides that motor fuel for which a refund of the motor fuel tax is allowed because the motor fuel is accidentally mixed with some other type of fuel or the motor fuel is used in a boat is subject to sales tax. Section 4 provides that the applicable sales tax due on motor fuel used for an off-highway use is to be subtracted from any refund a taxpayer receives of motor fuel tax paid on that fuel. The section also clarifies that the price of motor fuel subject to sales tax is the average of the wholesale prices used to determine the excise tax rates in effect for the two six-month periods of the year for which the refund is claimed.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED:	Department of Revenue Sales and Use Tax Division Department of Revenue Motor Fuels Tax Division				
EFFECTIVE DATE:	Taxes paid on or after January 1, 1994.				

BILL SUMMARY: The proposed act extends the time nonprofit organizations and government entities have to file for sales and use tax refunds from six months to three years. In addition, conforming changes are made to the motor fuel and alternative fuel refund statutes. This act conforms to the same period allowed taxpayers for refunds of overpayment of taxes.

The bill does not affect the penalty. If an applicant files within thirty days after the due date the penalty is still 25% of the refund. If an applicant files after thirty days but within three years, instead of six months, the penalty is still 50% of the refund. Refunds are barred if applied for three years after the due date instead of six months.

Each year bills are introduced in the General Assembly for refunds of nonprofit entities and State agencies whose refunds have been barred because their applications were filed six months after the due date. The Department of Revenue informed the Revenue Laws Study Commission that by increasing the filing deadline to three years most of the refund legislation could be eliminated.

ASSUMPTIONS AND METHODOLOGY : In fiscal year 1995-96, the total of all penalties did not exceed \$250,000. In fiscal year 1995-96 18,732 nonprofit entities filed for a refund under G.S. 105-164.14(b) the total amount refunded equaled \$153.9 million. Over the same period 740 government entities filed for a refund under G.S. 105-164.14(c) the total amount refunded equaled \$56.4 million.

The revenue from the one cent under G.S. 105-449.107 was used to retire road bonds that have been paid off. As of January 1, 1996, 19 million gallons were subject to the 1 cent holdback from the off-highway use tax. If a taxpayer receives a refund on the taxes paid on motor fuels the sales and use tax will apply. The gain in a single fiscal year is expected to be \$797,525. The net of the loss from the Sales and use tax refund and the gain from the motor fuels sales and use tax is \$597,525 in general Fund revenues.

RE: HOUSE BILL 35 -- A BILL TO BE ENTITLED AN ACT TO EXTEND THE TIME ALLOWED
FOR CLAIMING SALES TAX REFUNDS, MOTOR FUELS REFUNDS, AND
ALTERNATIVE FUEL TAX REFUNDS, AND TO PROVIDE THAT A MOTOR FUEL TAX
REFUND IS NET OF THE SALES TAX DUE ON THE FUEL.

This bill amends G.S. 105-164.14(d) and G.S. 105-449.109 to provide for a statute of limitations of three years for filing sales tax, motor fuels tax and alternative fuels tax refunds. It further provides for the reduction of the motor fuels or alternative fuels refunds by the sales tax that would be due under G.S. 105-449.107.

Section 1: Amends G.S. 105-164.14(d) to allow for sales tax refunds to be filed up to three years after the due date of the return. Currently, the law allows the taxpayer up to six (6) months to file for the refund.

Section 2: Amends G.S. 105-449.109 to allow for motor fuels tax and alternative fuels tax refunds to be filed up to three years after the due date of the return. Currently, the law allows the taxpayer up to six (6) months to file for the refund.

Section 3: Rewrites G.S. 105-164.13(11) to exclude motor fuels and alternative fuels, which have been issued a refund under G.S. 105-449.105(c) and (d) or 105-449.107, from the exemption of sales tax. Currently, if motor fuels tax or alternative fuels tax was charged and then refunded to the user due to a non-highway use, the sales and use tax could not be applied to the untaxed fuel. This exemption was also extended to the fuel that was statutorily exempt from the fuel tax.

Section 4: Amends G.S. 105-449.107 to reduce the motor fuel refund, allowed under this section, by the amount of sales tax due on that fuel. The amount of sales tax due would be computed by using the average wholesale prices used to determine the excise tax rates for that period.

Section 5: Provides for Section 1 to become effective immediately upon ratification. Section 2 through Section 4 become effective January 1, 1998 and apply to motor fuel or alternative fuel taxes paid on or after that date.

8 other qualifications for licensure."

9 Section 4. G.S. 85B-4 is amended by adding a new subsection to read:

13 Commission may impose different continuing education requirements, or none, upon
14 the different classifications of licensees under this Chapter. The Commission shall be
15 authorized to waive the continuing education requirement in cases of hardship,
16 disability, or illness or under such other circumstances as the Commission deems
17 appropriate. This subsection shall apply to each renewal cycle which begins after the
18 1998-99 renewal."

19 Section 5. G.S. 85B-4.1 reads as rewritten:
20 **"§ 85B-4.1. Auctioneer Recovery Fund.**

21 "(a) In addition to license fees, upon application for a license or renewal of a
22 license, the Commission may charge the applicant or licensee up to fifty dollars
23 (\$50.00) per year to be included in the Fund.

24 (b) The Commission shall maintain at least ~~one~~ two hundred thousand dollars
25 ~~(\$100,000)~~ (\$200,000) in the Fund for use as provided in this Chapter. The Fund may
26 be invested by the State Treasurer in interest bearing accounts, and any interest
27 accrued shall be added to the Fund. Sufficient liquidity shall be maintained to insure
28 that funds will be available to satisfy claims processed through the Board. The Fund

30 at the discretion of the State Treasurer.

31 (c) The Commission, in its discretion, may use contents of the Fund in excess of
32 ~~one~~ two hundred thousand dollars ~~(\$100,000)~~ (\$200,000) for the following purposes:

- 33 (1) To promote education and research in the auctioneer profession, in

- 36 (2) To underwrite educational seminars, training centers, and other
37 forms of educational projects for the use and benefit of licensees;
- 38 (3) To sponsor, contract for, or underwrite education and research
39 projects in order to advance the auctioneer profession in North
40 Carolina; and
- 41 (4) To cooperate with associations of auctioneers, or other groups, in
42 order to promote the enlightenment and advancement of the
43 auctioneer profession in North Carolina."

44 Section 6. G.S. 85B-6(a) reads as rewritten:

1 (a) The Commission shall collect and remit to the State Treasurer fees in an
 2 amount not to exceed the following:

<u>Item</u>	<u>Maximum Fee</u>
3	
4 Apprentice Auctioneers:	
5 Application for license	\$50.00 <u>\$125.00</u>
6 Issuance or renewal of license	50.00 <u>125.00</u>

14 Issuance or renewal of license	100.00 <u>250.00</u>
15 Reinstatement of License	25.00 <u>75.00</u>

16 An application fee for a license and an examination fee are nonrefundable. The
 17 amount payable by a nonresident under G.S. 85B-5 to obtain a nonresident reciprocal
 18 auctioneer license is the greater of the amount set in the above table for an
 19 examination for and the issuance of an auctioneer's license and the amount the
 20 nonresident's state would charge a resident auctioneer of this State to obtain a
 21 comparable license from that state.

22 A reinstatement fee is payable when a person applies for renewal of a license after
 23 the license has lapsed for failure to renew it before it expired. The reinstatement of a
 24 lapsed license is not retroactive in effect and does not limit the authority of the courts
 25 or of the Commission to take disciplinary action against a person who engages in the
 26 auctioneer profession with a lapsed license."

27 Section 7. G.S. 85B-9(a) reads as rewritten:

28 "(a) Any person, corporation or association of persons violating the provisions of
 29 G.S. 85B-4(a) shall be guilty of a Class 1 misdemeanor. The Attorney General of
 30 North Carolina or his representative, shall have concurrent jurisdiction with the
 31 district attorneys of this State to prosecute violations of this Chapter."

32 Section 8. This act is effective when it becomes law, except that G.S.
 33 85B-4(b)(6) as enacted by this act does not apply to any person holding a license
 34 under Chapter 85B of the General Statutes on that date.

PRINCIPAL DEPARTMENT(S) &

PROGRAM(S) AFFECTED:

North Carolina Auctioneer Licensing Board,
North Carolina Auctioneers Commission

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: The act makes several changes in Chapter 85B of the General Statutes concerning auctioneers. Section 1 of the bill requires auctioneer licensees to have a high school diploma or its equivalent. This section also requires licensees to complete 6 hours of continuing education courses each year for license renewal. Section two requires a minimum balance of \$200,000 in the Auctioneer Recovery Fund. Section three increases the maximum fee that the Board can charge for licenses and exams. Section 4 authorizes the Attorney General to prosecute anyone acting as an auctioneer without a license.

ASSUMPTIONS AND METHODOLOGY:

Continuing Education

Section 1 of the bill allows the N. C. Auctioneers Commission to impose a continuing education requirement of up to 6 hours of courses on auctioneers seeking to renew their licenses. Although these courses are offered free to auctioneers twice a year at conventions of the Auctioneers Association of North Carolina, the Executive Director of the Board feels the requirement could discourage part-time auctioneers from renewing their license and thus reduce revenue for the Board's Special Revenue Fund. An unofficial estimate by the Board's Executive Director

projects the loss could be one fourth of current licensees. Since the language in HB 1166 is permissive, this fiscal note assumes the Board will not implement the continuing ed requirements within the next five years and thus no change in revenues.

Auctioneer Recovery Fund

Section 2 of the bill increases the minimum balance in the Auctioneer Recovery Fund that is used to compensate persons who have suffered monetary losses from the fraudulent acts of auctioneers. The bill increases the minimum from \$100,000 to \$200,000. In effect, this change puts into the statutes a practice that the Board has deemed prudent and sound fiscal policy for several years. In 1995, the fund balance in the Auctioneer Recovery Fund was \$220,837. In 1996, the balance dipped to \$188,977 primarily due to \$30,521 in claims paid that year. With Fund interest and a \$50 fee paid by new applicants, the Fund should return to \$200,000 in 1997. If needed, the Board has the authority to assess all auctioneers a fee to insure the Fund has a sufficient balance.

Fees

Section 3 increases the maximum fee the Board can charge for licenses and exams for deposit into the Board's Special Revenue Fund for its operating budget. The Board has not increased the statutory maximum license fee since 1973, but did add exam and application fees in 1993. As shown in the chart below, the Board currently does not use the maximum fees allowed by statute. However, with expenditures exceeding revenues for the last two years, the Board has submitted a fee increase to the Rules Review Commission that would become effective September 1, 1998. The Board's Executive Director feels this fee increase will provide sufficient revenue for Board operations for the next five years. The chart below shows the impact if the Board chose to raise all fees to the maximum when given the authority under HB 1166.

EXPLANATION OF HOUSE BILL 463 (CS):
Farm Products Weight Exemption

TO: House Senate Committee
FROM: Martha Walston, Committee Counsel
DATE: July 14, 1997
SPONSOR: Representative Owens

House Bill 463 amends the motor vehicles statute regarding weight of vehicles operating on the highways of the State by increasing the permissible weight of a vehicle transporting agricultural crops from the farm where they were grown to first market. The current law permits a vehicle with a five-axle combination with a gross weight of no more than 88,000 pounds. House Bill 463 increases the gross weight to no more than 90,000 pounds. "Gross weight" is defined as the weight of any single axle, tandem axle, or axle group of a vehicle or combination of vehicles plus the weight of any load thereon. The current law requires that market be within 35 miles of where the crops are grown and that the vehicle not be operated on an interstate highway while hauling the crops. House Bill 463 also prohibits the operation of the vehicle on a posted bridge while hauling crops.

The bill is effective when it becomes law.

BILL SUMMARY: The proposed act increases from 88,000 to 90,000 the permissible weight of vehicles that are exempt from vehicle weight laws while transporting agriculture crops from the field first to market on non-interstate highways. The proposed act also prohibits these vehicles from traveling on a posted bridge.

ASSUMPTIONS AND METHODOLOGY: The Department of Transportation indicates that increasing the weight of vehicles using State highways speeds up the rate at which those highways are damaged. Increased damage results in a greater maintenance requirement, but the Department of Transportation is unable to quantify the level of such an increase. An increase in the maximum weight would also reduce the number of overweight penalties issued to vehicles transporting crops. The Division of Motor Vehicles overweight penalties records are not kept at a sufficient level of detail to determine how many penalties are issued to vehicles in the 88,000 to 90,000 pound range.

EXPLANATION OF HOUSE BILL 524:
UNC Alcohol Ed. Endowment Fund (2nd Edition)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 14, 1997
SPONSOR: Representative Morris

House Bill 524 increases the cap on the amount of drivers license restoration fees that are credited to the Center for Alcohol Studies Endowment Fund from \$5 million to \$10 million. The interest earned by the Endowment Fund is used to support the Skipper Bowles Center for Alcohol Studies. The money the Center receives from the Endowment Fund makes up less than 11% of its annual budget. The Center's mission is to conduct, coordinate, and promote basic and clinical research on the causes, prevention, and treatment of alcoholism and alcohol abuse.

In 1989, the General Assembly increased the amount of the motor vehicle restoration fee for revocations for offenses involving impaired driving from \$25 to \$50. The first \$25 of this fee, as well as all other revocation fees, is credited to the Highway Fund. The \$25 increase in the fee is credited to the General Fund and appropriated to the Center for Alcohol Studies Endowment Fund. The \$25 from the restoration fee for restorations for offenses involving impaired driving has generated approximately \$3.4 million. Under current law, the restoration fee will revert back to \$25 when the amount of money generated from the fee increase equals \$5 million.

When the General Assembly increased the fee, it stated its intent to annually appropriate the revenue generated by the increased fee to the Endowment Fund, but not to exceed a cumulative total of \$5 million. However, the General Assembly has chosen to appropriate more money to the Endowment Fund over the years than the fee has generated. Including the amount appropriated in this year's proposed budget, the General Assembly has appropriated \$5 million for the Center for Alcohol Studies Endowment since 1991-92.

Under the statement of intent in G.S. 20-7, the General Assembly has appropriated all it has intended to appropriate for this purpose. However, the \$50 fee will continue to be collected until the amount collected under the \$25 increase equals \$5 million. That will probably not occur until 1999-2000. This bill resolves this conflict by providing that the fee will remain at \$50 until the amount collected from the \$25 increase equals or exceeds \$10 million.

BILL SUMMARY:

The proposed act increases the cap on the amount of drivers license restoration fees that are deposited into the fund for the Center for Alcohol Studies Endowment at the University of North Carolina at Chapel Hill. The act also provides that the money deposited in the General Fund for this purpose shall not be appropriated to the Center until the amount deposited in the General Fund, from the restoration fee, equals or exceeds the cumulative amount appropriated to the Center as of July 1, 1998. The cap is increased from \$5 million to \$10 million.

ASSUMPTIONS AND METHODOLOGY:

In 1989, the General Assembly increased the restoration fee on drivers' whose license had been revoked from \$25.00 to \$50.00. The increase was devoted to the UNC Center for Alcohol Studies until the cumulative total reached \$5 million; at which time the restoration fee would revert to \$25.00. Since 1989 the devoted revenue, from the restoration fee, has been deposited into the General Fund and an amount appropriated annually to the Endowment. As shown in the table below, the fund has received \$5 million in General Fund appropriations while collections from the fee have totaled \$3.37 million.

Section 1. G.S. 20-7(i1) reads as rewritten:

"(i1) Restoration Fee. -- Any person whose drivers license has been revoked pursuant to the provisions of this Chapter, other than G.S. 20-17(2), shall pay a restoration fee of twenty-five dollars (\$25.00). A person whose drivers license has been revoked under G.S. 20-17(2) shall pay a restoration fee of fifty dollars (\$50.00) until the end of the fiscal year in which the cumulative total amount of fees deposited under this subsection in the General Fund exceeds ~~five~~ ten million dollars ~~(\$5,000,000)~~ (\$10,000,000), and shall pay a restoration fee of twenty-five dollars (\$25.00) thereafter. The fee shall be paid to the Division prior to the issuance to such person of a new drivers license or the restoration of the drivers license. The restoration fee shall be paid to the Division in addition to any and all fees which may be provided by law. This restoration fee shall not be required from any licensee whose license was revoked or voluntarily surrendered for medical or health reasons whether or not a medical evaluation was conducted pursuant to this Chapter. The twenty-five dollar (\$25.00) fee, and the first twenty-five dollars (\$25.00) of the fifty-dollar (\$50.00) fee, shall be deposited in the Highway Fund. The remaining twenty-five dollars (\$25.00) of the fifty-dollar (\$50.00) fee shall be deposited in the General Fund of the State. "

Section 2. This act is effective when it becomes law.

In North Carolina each year problems associated with alcohol and drug abuse cost more than \$5.5 billion. Your support of HB 524 will guarantee that "abuser fees" paid by convicted drunk drivers will continue to be invested in critical research on alcoholism and drug addiction through the Skipper Bowles Center for Alcohol Studies.

In fact there is legislation already in place which has set up an endowment fund through the \$25 portion of the license restoration fee paid by driver's convicted of driving while impaired. The moneys collected are placed in the General Fund and appropriated to the endowment fund.

The Center for Alcohol Studies only receives the interest earned by the endowment fund. This makes up less than 11% of the Center's total annual budget, most of which comes from Federal grants. HB 524 extends the total amount of funds for the endowment from \$5 million to \$10 million because of the growing cost of medical research. The only way the fund can grow is by "abusers" paying to have their licenses renewed. *Let the people with the problem help solve one of North Carolina's most costly problems.*

The Skipper Bowles Center for Alcohol Studies' mission is to conduct, coordinate and promote basic and clinical research on the causes, prevention and treatment of alcoholism and alcohol abuse. For more than 26 years the Center for Alcohol Studies has been a leader in the search for the causes and prevention of alcoholism and has worked to improve intervention and treatment for alcohol abuse and alcoholism, including

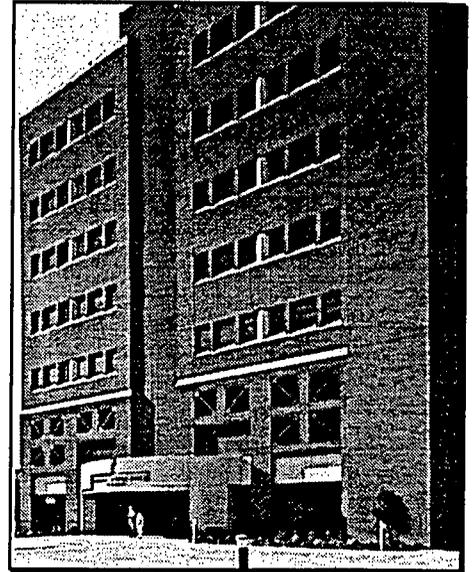

The discovery that alcohol has unique actions on different brain regions which most likely underlie the development of alcoholism. ***This is an important and promising area of research in which the Center for Alcohol Studies is an active participant.***

The development of a simple and highly effective diagnostic tool, known as the CAGE, to identify alcoholism without putting people on the defensive or prompting denial. For more than 20 years the CAGE has been taught to medical students, physicians and other health care professionals. It has been utilized in many health care settings around the world. ***The Center for Alcohol Studies continues to train health care professionals to diagnose alcoholism and to detect alcohol abuse.***

Contributions in the discovery of medications which can reduce relapse rates by turning off the brain's reward center to reduce craving. More than a decade after the Center's first studies in this area ReVia (naltrexone) was given FDA approval -- the first drug approved for the treatment of alcoholism since Antabuse. ***The Center for Alcohol Studies is dedicated to improving treatment outcomes for persons with alcoholism.***

When your constituents ask you what you have done to help solve the alcohol and drug problem, you can tell them you voted to support the Center for Alcohol Studies which is working to continue to find more effective treatments, and even possibly, a cure. And a cure for alcohol addiction will likely lead to a cure for all drug addictions.

11 section.

12 (6) Each application for examination shall be accompanied by a check,

14 license fee required by this Article. Regular examinations shall be
15 given in the months of April and October of each year, and
16 additional examinations may be given at such other times as the

EXPLANATION OF HOUSE BILL 408 (CS):
Plumbing/Heating Contractors (Agency Bill)

TO: Senate Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: July 14, 1997
SPONSOR: Representative Ives

House Bill 408 would require the State Board of Examiners of Plumbing, Heating, and Fire Sprinkler contractors to issue, effective April 15, 1998, a new fuel piping license to persons who do not have a current plumbing or heating license, but who desire to engage in the contracting or installing of fuel piping extending from an approved fuel source at or near the premises and which piping is used to supply fuel to plumbing or heating systems or equipment. Under current law, the Board has two classes of licenses:

- Class I covering all plumbing, heating, and fire sprinkler systems for all structures.
- Class II covering plumbing and heating systems in single-family detached residential dwellings.

The Bill would also allow the Board to establish additional restricted classifications to provide for licensure to engage in the following: (1) a specific phase of heating, plumbing, or fire sprinkling contracting, (2) a specific phase of heating, plumbing, or fire sprinkling contracting that is an incidental part of their primary business, which is a lawful business other than heating, plumbing, or fire sprinkling contracting, or (3) contracting and installing fuel piping from an approved fuel source on the premises to a point inside the residence.

The annual fee for the new fuel piping license or restricted classification license will not exceed the cost for a plumbing or heating license. The current cost for a plumbing or heating license may not exceed \$75.00 in cities or towns of 10,000 inhabitants or more, and may not exceed \$50.00 in cities or towns of less than 10,000 inhabitants.

Counsel to the Board of Examiners of Plumbing, Heating, and Fire Sprinkler Contractors has stated that a license as a plumbing or heating contractor is required for the gas piping which carries natural gas or propane from a connection point outside the building to the furnace, water heater or other plumbing or heating equipment which uses gas fuel. The Board has determined that a number of dealers in propane or natural gas fuel have been doing this piping work illegally. The bill would allow a propane dealer or natural gas installer to obtain a limited license for the purpose of installing the gas piping.

The act becomes effective October 1, 1997.

EFFECTIVE DATE: The act is effective when it becomes law. The fuel piping and restricted licenses are effective April 15, 1998.

BILL SUMMARY: The bill creates a new fuel piping license for persons who contract or install piping from an approved fuel source, such as natural gas or propane, to plumbing or heating systems or equipment. The bill also allows more restrictive licenses for persons engaged in specific phases of heating, plumbing or fire sprinkling contracting. The fee for these new licenses may not exceed the cost of a plumbing or heating license.

ASSUMPTIONS AND METHODOLOGY: The Executive Secretary of the State Board of Examiners of Plumbing, Heating , and Fire Sprinkler Contractors, Mr. Tom Phillips, believes those most likely to apply for this new fuel piping license will be members of the North Carolina Propane Gas Association. (Mr. Phillips believes most workers in natural gas companies currently buy a plumbers license.) This fiscal note assumes that each of the 500 plus retail propane outlets in the state will buy a fuel piping license to cover their employees. The annual

House Bill 1158 will grant similar property tax relief to owners of antique airplanes that the 1995 General Assembly gave to owners of antique automobiles. Under the bill, antique airplanes owned by collectors will be assessed at the lower of their true value or \$5,000, effective for taxable years beginning on or after July 1, 1998.

An airplane qualifies for this exemption if it meets all of the following conditions:

Non-business property means personal property that is used by the owner of the property for a purpose other than the production of income and that is not used in connection with a business. The term includes collectibles such as antiques, coins, and paintings. However, the term does not include aircraft.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED:	Local units of government that levy a property tax				
EFFECTIVE DATE:	Taxable years beginning on or after July 1, 1998				

BILL SUMMARY: The proposed act defines antique aircraft as a special class of property for property taxation and establishes a maximum property value on aircraft that meet the definition. The maximum assessed value that can be placed on this type of property for property taxation is \$5,000.

ASSUMPTIONS AND METHODOLOGY: In North Carolina there are approximately 600 aircraft that meet the definition of antique aircraft outlined in the bill. The estimated value of this property is \$12.8 million dollars. Using an average tax rate of 64 cent per \$100.00 in value, the property tax due in fiscal year 1997-98 is approximately \$81,000. If the maximum value that can be placed on these 600 aircraft is \$5,000, then the tax due for fiscal year 1997-98 is \$19,200. The difference is \$61,800.

The estimate is given in a range because some of the aircraft registered in the State could be valued greater than, as well as less than the actual listing on the property tax rolls. The values, used in determining the aircraft registered in the State, are derived from aviation trade publications used nationwide to value aircraft property where ever located.

EXPLANATION OF HOUSE BILL 1108:
Brew on Premises Permits (PCS)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 14, 1997
SPONSOR: Representative McMahan

House Bill 1108 authorizing the Alcoholic Beverage Commission to issue "Brew on Premises" permits to a business located in a jurisdiction where the sale of malt beverages is allowed. The permit will allow businesses to sell ingredients and rent equipment, time, and space to individual adult customers to brew malt beverages for personal use. Without this change, a person may not possess and rent the equipment needed to manufacture alcoholic beverages. Under current law, a person may only possess the equipment if the person uses the equipment for personal use or is permitted as a manufacturer. The "Brew on Premises" permit fee is \$200. The permit must be renewed annually. The renewal fee is 25% of the original application fee or \$50. The bill is effective when it becomes law.

The proposed committee substitute removes the exceptions to the statewide applicability of the bill because they are unconstitutional. The North Carolina constitution prohibits local acts that regulate trade. The bill, in its 3rd Edition, is uniformly applicable in all jurisdictions that permit the sale of malt beverages except Columbus and Davie Counties. The exception for these two counties is a local restraint on trade that does not appear to have any rational basis.

Federal law permits adults to produce up to 100 gallons of wine and beer a year for personal use, or up to 200 gallons a year if there are two or more adults in the household, without paying the federal excise tax on alcoholic beverages. (27 C.F.R. § 25.205) North Carolina also permits individuals to produce wine and beer for personal use without obtaining a permit. The bill puts a provision in State law restricting the amount of beer a person may produce for personal use to the same amount allowed under federal law.

Since the business is not permitted to be a manufacturer of beer, the bill seeks to ensure that the customer is the person actually producing the beer by setting forth what the customer must do. The customer must select the recipe, add the yeast, filter and bottle the beer, and add any ingredients used to produce the beer. Although the permittee may offer advise and help, the permittee is specifically prohibited from adding the yeast.

BILL SUMMARY: H 1108. BREW ON PREMISES PERMITS. Amends G.S. 18B-1001 to provide that in counties with a population of at least 500,000, the ABC Commission may issue a brew on premises permit for operation of a business where retail clients purchase ingredients and rent equipment to brew malt beverages for their personal use. The \$200 fee is a onetime permit.

ASSUMPTIONS AND METHODOLOGY: There are two counties in the State that have populations greater than 500,000; Wake and Mecklenburg. The estimate assumes a maximum of 10 establishments annually could apply for the permit. At present there is one known establishment that plans to offer the services allowed under the permit authorized in this act.

39 penalty of ~~seventy five dollars (\$75.00);~~ one thousand dollars (\$1,000);

- 40 (1) Operates a for-hire motor vehicle in this State without registering
- 41 its operations, as required by this Part.
- 42 (2) Operates a for-hire motor vehicle in interstate commerce in this
- 43 State that does not carry a copy of either an insurance registration
- 44 receipt issued to the motor carrier or a cab card with an

1 identification stamp issued for the vehicle, as required by G.S. 20-
2 382.

3 (3) Operates a for-hire motor vehicle in intrastate commerce in this
4 State for which it has not verified it has insurance, as required by
5 G.S. 20-382.1.

6 (b) Payment. -- When the Division finds that a for-hire motor vehicle is operated
7 in this State in violation of the registration and insurance verification requirements of
8 this Part, the motor vehicle may not be driven for a purpose other than to park the
9 motor vehicle until the penalty imposed under this section is paid unless the officer
10 that imposes the penalty determines that operation of the motor vehicle will not
11 jeopardize collection of the penalty. A motor carrier that denies liability for a penalty
12 imposed under this section may pay the penalty under protest and apply to the
13 Division for a hearing.

14 (c) Hearing. -- Upon receiving a request for a hearing, the Commissioner ~~must~~
15 shall schedule a hearing within 30 days after receipt of the request. If after the

19 carrier may bring an action in the Superior Court of Wake County against the
20 Division for refund of the penalty. A court of this State may not issue a restraining
21 order or an injunction to restrain or enjoin the collection of the penalty or to permit

24 Penalties collected under this section shall be credited to the Highway Fund as
25 nontax revenue."

26 Section 5. The Division of Motor Vehicles shall study the feasibility of
27 establishing a staggered registration system for commercial motor vehicles under the
28 International Registration Plan (IRP). The registration plan shall be coordinated with
29 other states which currently stagger IRP registrations to eliminate, insofar as possible,
30 multiple application dates for the same carrier. The registration plan shall provide
31 for a smooth transition to the staggered system providing for credits and partial fees,
32 as needed. The Division shall report the results of this study along with any
33 legislation to implement the staggered registration system to the Joint Legislative
34 Transportation Oversight Committee and the Fiscal Research Division by April 1,
35 1998.

36 Section 6. The Legislative Research Commission may study the following
37 issues encouraging the growth of the trucking industry in North Carolina through
38 increased truck registrations:

39 (1) The feasibility of removing the highway use tax on vehicles with a
40 gross weight rating of more than 26,000 pounds;

41 (2) The replacement of the revenue from the removal of the highway
42 use tax studied in subdivision (1) of this section by an increase in
43 registration fees for the same vehicles by ten cents (10¢) per one
44 hundred pounds of registered weight; and

1 (3) Eliminate the stacking of overweight penalties by restricting the
2 penalties so that they do not exceed the highest axle-group weight
3 that exceeds the allowable limits rather than assessing separate
4 penalties for each axle-group and stacking those penalties for the
5 same weight violations.

6 The Legislative Research Commission may make an interim report of the
7 study authorized by this section to the 1998 Session of the General Assembly and
8 may make a final report to the 1999 Session of the General Assembly.

9 Section 7. Sections 5, 6, and 7 of this act are effective when this act
10 becomes law. Sections 1 through 4 of this act become effective October 1, 1997.

16 Section 4. The Division of Motor Vehicles shall study the feasibility of
17 establishing a staggered registration system for commercial motor vehicles under the
18 International Registration Plan (IRP). The registration plan shall be coordinated with
19 other states which currently stagger IRP registrations to eliminate, insofar as possible,
20 multiple application dates for the same carrier. The registration plan shall provide
21 for a smooth transition to the staggered system providing for credits and partial fees,
22 as needed. The Division shall report the results of this study along with any
23 legislation to implement the staggered registration system to the Joint Legislative
24 Transportation Oversight Committee and the Fiscal Research Division by April 1,
25 1998.

26 Section 5. The Joint Legislative Transportation Oversight Committee
27 and the Revenue Laws Study Committee shall study the following issues encouraging
28 the growth of the trucking industry in North Carolina through increased truck
29 registrations:

- 30 (1) The feasibility of removing the highway use tax on vehicles with a
31 gross weight rating of more than 26,000 pounds;
- 32 (2) The replacement of the revenue from the removal of the highway
33 use tax studied in subdivision (1) of this section by an increase in
34 registration fees for the same vehicles by ten cents (10¢) per 100
35 pounds of registered weight; and
- 36 (3) Eliminate the stacking of overweight penalties by restricting the
37 penalties so that they do not exceed the highest axle-group weight
38 that exceeds the allowable limits rather than assessing separate
39 penalties for each axle-group and stacking those penalties for the
40 same weight violations.

41 The Joint Legislative Transportation Oversight Committee may make an
42 interim report of the study authorized by this section to the 1998 Session of the
43 General Assembly and shall make a final report to the 1999 Session of the General
44 Assembly.

1 Section 6. Sections 4 and 5 of this act are effective when this act becomes
2 law. Sections 2 and 3 of this act become effective October 1, 1997. Section 1 of this
3 act becomes effective January 1, 1999.

PRINCIPAL DEPARTMENT(S) &

PROGRAM(S) AFFECTED: Division of Highways
Division of Motor Vehicles

EFFECTIVE DATE: January 1, 1999 for permanent plate provisions. October 1, 1997 for the permanent plate, light traffic road, vehicle length, and civil penalty provisions. Upon becoming law for all other provisions.

BILL SUMMARY: The proposed act makes the following changes to current law:

- 1) Requires DMV to issue permanent truck and truck-tractor plates, rather than annual plates.
- 2) Exempts from light traffic road restrictions all vehicles carrying forest products from farm or forest to first market (was only unprocessed forest products).
- 3) Increases the civil penalty for failure to comply with registration or insurance verification requirements from \$75 to \$1,000.

In addition, the proposed act requires DMV to study the feasibility of implementing staggered registration for International Registration Plan vehicles, and allows the Legislative Research Commission to study the following issues:

- 1) The feasibility of exempting vehicles with a gross weight of 26,000 or more from the Highway Use Tax.
- 2) The feasibility of replacing this lost Highway Use Tax revenue through increased registration fees.
- 3) The elimination of penalties for truck axle-group overweight violations other than the penalty computed on the highest axle-group weight that exceeds the allowable limit.

ASSUMPTIONS AND METHODOLOGY:

Civil Penalties: During FY95-96, a total of 109 citations were issued for motor carrier insurance verification violations at various penalty levels. At \$75 each, penalties totaling \$8,175 would have been assessed. At \$1,000 per citation, penalties would have been \$109,000, for an increase of \$100,825. This figure is not expected to change significantly in the future.

Permanent Plates: Permanent plates would not be issued until 1999. The cost of each current annual plate is \$1.32. The cost of each permanent plate is \$1.65.

Current Law:	126,268 annual plates at \$1.32 = \$166,674
Proposed FY98-99	126,268 permanent plates at \$1.65 = \$208,342
Proposed FY99-02	75,000 (inventory) @ \$1.65 = \$124,500

Highway Maintenance: The Division of Highways indicates that the proposed act's provisions related to light traffic road restrictions will increase the weight of vehicles on certain State highways, and that this increased weight will cause increased wear of those highways, requiring additional maintenance expenditures. The Division of Highways can not quantify the amount of additional maintenance expenditures that would be required by the provisions of the proposed act.

TECHNICAL CONSIDERATIONS: None.

1 risk of liability for problems they did not create, so long as the
2 property can be and is made safe for appropriate future use.

- 3 (5) Public and local government involvement in commenting on the
4 safe reuse of brownfields will improve the quality and acceptability
5 of their redevelopment.

6 Section 2. Article 9 of Chapter 130A of the General Statutes is amended
7 by adding a new Part to read:

28 **"§ 130A-310.32. Brownfields agreement.**

29 (a) The Department may, in its discretion, enter into a brownfields agreement
30 with a prospective developer who satisfies the requirements of this section. A
31 prospective developer shall provide the Department with any information necessary
32 to demonstrate that:

- 33 (1) The prospective developer, and any parent, subsidiary, or other
34 affiliate of the prospective developer has substantially complied
35 with:
- 36 a. The terms of any brownfields agreement or similar
37 agreement to which the prospective developer or any parent,
38 subsidiary, or other affiliate of the prospective developer has
39 been a party.
- 40 b. The requirements applicable to any remediation in which
41 the applicant has previously engaged.
- 42 c. Federal and state laws, regulations, and rules for the
43 protection of the environment.

1 (2) As a result of the implementation of the brownfields agreement,
2 the brownfields property will be suitable for the uses specified in
3 the agreement while fully protecting public health and the
4 environment instead of being remediated to current standards.

5 (3) There is a public benefit commensurate with the liability
6 protection provided under this Part.

7 (4) The prospective developer has or can obtain the financial,
8 managerial, and technical means to fully implement the
9 brownfields agreement and assure the safe use of the brownfields
10 property.

11 (5) The prospective developer has complied with or will comply with
12 all applicable procedural requirements.

13 (b) In negotiating a brownfields agreement, parties may rely on land-use
14 restrictions that will be included in a Notice of Brownfields Property required under
15 G.S. 130A-310.35. A brownfields agreement may provide for remediation standards
16 that are based on those land-use restrictions.

17 (c) A brownfields agreement shall contain a description of the brownfields
18 property that would be sufficient as a description of the property in an instrument of
19 conveyance and, as applicable, a statement of:

20 (1) Any remediation to be conducted on the property, including:

21 a. A description of specific areas where remediation is to be
22 conducted.

23 b. The remediation method or methods to be employed.

24 c. The resources that the prospective developer will make
25 available.

26 d. A schedule of remediation activities.

27 e. Applicable remediation standards.

28 f. A schedule and the method or methods for evaluating the
29 remediation.

30 (2) Any land-use restrictions that will apply to the brownfields
31 property.

32 (3) The desired results of any remediation or land-use restrictions with
33 respect to the brownfields property.

34 (4) The guidelines, including parameters, principles, and policies
35 within which the desired results are to be accomplished.

36 (5) The consequences of achieving or not achieving the desired results.

37 (d) Any failure of the prospective developer or the prospective developer's agents
38 and employees to comply with the brownfields agreement constitutes a violation of
39 this Part by the prospective developer.

40 "§ 130A-310.33. Liability protection.

41 (a) A prospective developer who enters into a brownfields agreement with the
42 Department and who is complying with the brownfields agreement shall not be held
43 liable for remediation of areas of contaminants identified in the brownfields
44 agreement except as specified in the brownfields agreement, so long as the activities

1 conducted on the brownfields property by or under the control or direction of the
2 prospective developer do not increase the risk of harm to public health or the
3 environment and the prospective developer is not required to undertake additional
4 remediation to current standards pursuant to subsection (c) of this section. The
5 liability protection provided under this Part applies to all of the following persons to
6 the same extent as to a prospective developer, so long as these persons are not
7 otherwise potentially responsible parties or parents, subsidiaries, or affiliates of
8 potentially responsible parties and the person is not required to undertake additional
9 remediation to current standards pursuant to subsection (c) of this section:

- 10 (1) Any person under the direction or control of the prospective
11 developer who directs or contracts for remediation or
12 redevelopment of the brownfields property.
- 13 (2) Any future owner of the brownfields property.
- 14 (3) A person who develops or occupies the brownfields property.
- 15 (4) A successor or assign of any person to whom the liability
16 protection provided under this Part applies.
- 17 (5) Any lender or fiduciary that provides financing for remediation or
18 redevelopment of the brownfields property.

19 (b) A person who conducts an environmental assessment or transaction screen on
20 a brownfields property and who is not otherwise a potentially responsible party is not
21 a potentially responsible party as a result of conducting the environmental assessment
22 or transaction screen unless that person increases the risk of harm to public health or
23 the environment by failing to exercise due diligence and reasonable care in
24 performing the environmental assessment or transaction screen.

25 (c) If a land-use restriction set out in the Notice of Brownfields Property required
26 under G.S. 130A-310.35 is violated, the owner of the brownfields property at the time
27 the land-use restriction is violated, the owner's successors and assigns, and the
28 owner's agents who direct or contract for alteration of the brownfields property in
29 violation of a land-use restriction shall be liable for remediation to current standards.
30 A prospective developer who completes the remediation or redevelopment required
31 under a brownfields agreement or other person who receives liability protection
32 under this Part shall not be required to undertake additional remediation at the
33 brownfields property unless any of the following apply:

- 34 (1) The prospective developer knowingly or recklessly provides false
35 information that forms a basis for the brownfields agreement or
36 that is offered to demonstrate compliance with the brownfields
37 agreement or fails to disclose relevant information about
38 contamination at the brownfields property.
- 39 (2) New information indicates the existence of previously unreported
40 contaminants or an area of previously unreported contamination
41 on or associated with the brownfields property that has not been
42 remediated to current standards, unless the brownfields agreement
43 is amended to include any previously unreported contaminants and
44 any additional areas of contamination. If the brownfields

1 agreement sets maximum concentrations for contaminants, and
2 new information indicates the existence of previously unreported
3 areas of these contaminants, further remediation shall be required
4 only if the areas of previously unreported contaminants raise the
5 risk of the contamination to public health or the environment to a
6 level less protective of public health and the environment than that
7 required by the brownfields agreement.

8 (3) The level of risk to public health or the environment from
9 contaminants is unacceptable at or in the vicinity of the
10 brownfields property due to changes in exposure conditions,
11 including (i) a change in land use that increases the probability of
12 exposure to contaminants or in the vicinity of the brownfields
13 property or (ii) the failure of remediation to mitigate risks to the
14 extent required to make the brownfields property fully protective
15 of public health and the environment as planned in the
16 brownfields agreement.

17 (4) The Department obtains new information about a contaminant
18 associated with the brownfields property or exposures at or around
19 the brownfields property that raises the risk to public health or the
20 environment associated with the brownfields property beyond an
21 acceptable range and in a manner or to a degree not anticipated in
22 the brownfields agreement. Any person whose use, including any
23 change in use, of the brownfields property causes an unacceptable
24 risk to public health or the environment may be required by the
25 Department to undertake additional remediation measures under
26 the provisions of this Part.

27 (5) A prospective developer fails to file a timely and proper Notice of
28 Brownfields Development under this Part.

29 **§ 130A-310.34. Public notice and community involvement.**

30 (a) A prospective developer who desires to enter into a brownfields agreement
31 shall notify the public and the community in which the brownfields property is
32 located of planned remediation and redevelopment activities. The prospective
33 developer shall submit a Notice of Intent to Redevelop a Brownfields Property and a
34 summary of the Notice of Intent to the Department. The Notice of Intent shall
35 provide, to the extent known, a legal description of the location of the brownfields
36 property, a map showing the location of the brownfields property, a description of the
37 contaminants involved and their concentrations in the media of the brownfields
38 property, a description of the intended future use of the brownfields property, any
39 proposed investigation and remediation, and a proposed Notice of Brownfields
40 Property prepared in accordance with G.S. 130A-310.35. Both the Notice of Intent
41 and the summary of the Notice of Intent shall state the time period and means for
42 submitting written comment and for requesting a public meeting on the proposed
43 brownfields agreement. The summary of the Notice of Intent shall include a
44 statement as to the public availability of the full Notice of Intent. After approval of

1 the Notice of Intent and summary of the Notice of Intent by the Department, the
2 prospective developer shall provide a copy of the Notice of Intent to all local
3 governments having jurisdiction over the brownfields property. The prospective
4 developer shall publish the summary of the Notice of Intent in a newspaper of
5 general circulation serving the area in which the brownfields property is located and
6 shall file a copy of the summary of the Notice of Intent with the Codifier of Rules,
7 who shall publish the summary of the Notice of Intent in the North Carolina Register.
8 The prospective developer shall also conspicuously post a copy of the summary of the
9 Notice of Intent at the brownfields site.

10 (b) Publication of the approved summary of the Notice of Intent in the North
11 Carolina Register and publication in a newspaper of general circulation shall begin a
12 public comment period of at least 60 days from the later date of publication. During
13 the public comment period, members of the public, residents of the community in
14 which the brownfields property is located, and local governments having jurisdiction
15 over the brownfields property may submit comment on the proposed brownfields
16 agreement, including methods and degree of remediation, future land uses, and
17 impact on local employment.

18 (c) Any person who desires a public meeting on a proposed brownfields
19 agreement shall submit a written request for a public meeting to the Department
20 within 30 days after the public comment period begins. The Department shall
21 consider all requests for a public meeting and shall hold a public meeting if the
22 Department determines that there is significant public interest in the proposed
23 brownfields agreement. If the Department decides to hold a public meeting, the
24 Department shall, at least 30 days prior to the public meeting, mail written notice of
25 the public meeting to all persons who requested the public meeting and to any other
26 person who had previously requested notice. The Department shall also direct the
27 prospective developer to publish, at least 30 days prior to the date of the public
28 meeting, a notice of the public meeting at least one time in a newspaper having
29 general circulation in such county where the brownfields property is located. In any
30 county in which there is more than one newspaper having general circulation, the
31 Department shall direct the prospective developer to publish a copy of the notice in
32 as many newspapers having general circulation in the county as the Department in its
33 discretion determines to be necessary to assure that the notice is generally available
34 throughout the county. The Department shall prescribe the form and content of the
35 notice to be published. The Department shall prescribe the procedures to be
36 followed in the public meeting. The Department shall take detailed minutes of the
37 meeting. The minutes shall include any written comments, exhibits, or documents
38 presented at the meeting.

39 (d) Prior to entering into a brownfields agreement, the Department shall take into
40 account the comment received during the comment period and at the public meeting
41 if the Department holds a public meeting. The Department shall incorporate into the
42 brownfields agreement provisions that reflect comment received during the comment
43 period and at the public meeting to the extent practical. The Department shall give

1 particular consideration to written comment that is supported by valid scientific and
2 technical information and analysis.

3 **"§ 130A-310.35. Notice of Brownfields Property; land-use restrictions in deed.**

4 (a) In order to reduce or eliminate the danger to public health or the environment
5 posed by a brownfields property being addressed under this Part, a prospective
6 developer who desires to enter into a brownfields agreement with the Department
7 shall submit to the Department a proposed Notice of Brownfields Property. A Notice
8 of Brownfields Property shall be entitled 'Notice of Brownfields Property', shall
9 include a survey plat of areas designated by the Department that has been prepared
10 and certified by a professional land surveyor and that meets the requirements of G.S.
11 47-30, shall include a legal description of the brownfields property that would be
12 sufficient as a description of the property in an instrument of conveyance, and shall
13 identify all of the following:

- 14 (1) The location and dimensions of the areas of potential
15 environmental concern with respect to permanently surveyed
16 benchmarks.
- 17 (2) The type, location, and quantity of regulated substances and
18 contaminants known to exist on the brownfields property.
- 19 (3) Any restrictions on the current or future use of the brownfields
20 property or, with the owner's permission, other property that are
21 necessary or useful to maintain the level of protection appropriate
22 for the designated current or future use of the brownfields property
23 and that are designated in the brownfields agreement. These
24 land-use restrictions may apply to activities on, over, or under the
25 land, including, but not limited to, use of groundwater, building,
26 filling, grading, excavating, and mining. Where a brownfields
27 property encompasses more than one parcel or tract of land, a
28 composite map or plat showing all parcels or tracts may be
29 recorded.

30 (b) After the Department approves and certifies the Notice of Brownfields
31 Property under subsection (a) of this section, a prospective developer who enters into
32 a brownfields agreement with the Department shall file a certified copy of the Notice
33 of Brownfields Property in the register of deeds' office in the county or counties in
34 which the land is located. The prospective developer shall file the Notice of
35 Brownfields Property within 15 days of the prospective developer's receipt of the
36 Department's approval of the notice or the prospective developer's entry into the
37 brownfields agreement, whichever is later.

38 (c) The register of deeds shall record the certified copy of the notice and index it
39 in the grantor index under the names of the owners of the land, and, if different, also
40 under the name of the prospective developer conducting the redevelopment of the
41 brownfields property.

42 (d) When a brownfields property is sold, leased, conveyed, or transferred, the
43 deed or other instrument of transfer shall contain in the description section, in no
44 smaller type than that used in the body of the deed or instrument, a statement that

1 the brownfields property has been classified and, if appropriate, cleaned up as a
2 brownfields property under this Part.

3 (e) A Notice of Brownfields Property filed pursuant to this section may, at the
4 request of the owner of the land, be cancelled by the Secretary after the hazards have
5 been eliminated. If requested in writing by the owner of the land and if the Secretary
6 concurs with the request, the Secretary shall send to the register of deeds of each
7 county where the notice is recorded a statement that the hazards have been
8 eliminated and request that the notice be cancelled of record. The Secretary's
9 statement shall contain the names of the owners of the land as shown in the notice
10 and reference the plat book and page where the notice is recorded. The register of
11 deeds shall record the Secretary's statement in the deed books and index it on the
12 grantor index in the names of the owners of the land as shown in the Notice of
13 Brownfields Property and on the grantee index in the name 'Secretary of
14 Environment, Health, and Natural Resources'. The register of deeds shall make a
15 marginal entry on the Notice of Brownfields Property showing the date of
16 cancellation and the book and page where the Secretary's statement is recorded, and
17 the register of deeds shall sign the entry. If a marginal entry is impracticable because
18 of the method used to record maps and plats, the register of deeds shall not be
19 required to make a marginal entry.

20 (f) Any land-use restriction filed pursuant to this section shall be enforced by any
21 owner of the land. Any land-use restriction may also be enforced by the Department
22 through the remedies provided in Part 2 of Article 1 of this Chapter or by means of a
23 civil action. The Department may enforce any land-use restriction without first
24 having exhausted any available administrative remedies. A land-use restriction may
25 also be enforced by any unit of local government having jurisdiction over any part of
26 the brownfields property by means of a civil action without the unit of local
27 government having first exhausted any available administrative remedy. A land-use
28 restriction may also be enforced by any person eligible for liability protection under
29 this Part who will lose liability protection if the land-use restriction is violated. A
30 land-use restriction shall not be declared unenforceable due to lack of privity of
31 estate or contract, due to lack of benefit to particular land, or due to lack of any
32 property interest in particular land. Any person who owns or leases a property
33 subject to a land-use restriction under this section shall abide by the land-use
34 restriction.

35 (g) This section shall apply in lieu of the provisions of G.S. 130A-310.8 for
36 brownfields properties remediated under this Part.

37 **"§ 130A-310.36. Appeals.**

38 A decision by the Department as to whether or not to enter into a brownfields
39 agreement including the terms of any brownfields agreement is reviewable under
40 Article 3 of Chapter 150B of the General Statutes.

41 **"§ 130A-310.37. Construction of Part.**

42 (a) This Part is not intended and shall not be construed to:

43 (1) Affect the ability of local governments to regulate land use under
44 Article 19 of Chapter 160A of the General Statutes and Article 18

1 of Chapter 153A of the General Statutes. The use of the identified
2 brownfields property and any land-use restrictions in the
3 brownfields agreement shall be consistent with local land-use
4 controls adopted under those statutes.

5 (2) Amend, modify, repeal, or otherwise alter any provision of any
6 remedial program or other provision of this Chapter, Chapter 143
7 of the General Statutes, or any other provision of law relating to
8 civil and criminal penalties or enforcement actions and remedies
9 available to the Department, except as may be provided in a
10 brownfields agreement.

11 (3) Prevent or impede the immediate response of the Department or
12 responsible party to an emergency that involves an imminent or
13 actual release of a regulated substance that threatens public health
14 or the environment.

15 (4) Relieve a person receiving liability protection under this Part from
16 any liability for contamination later caused by that person on a
17 brownfields property.

18 (5) Affect the right of any person to seek any relief available against
19 any party to the brownfields agreement who may have liability
20 with respect to the brownfields property, except that this Part does
21 limit the relief available against any party to a brownfields
22 agreement with respect to remediation of the brownfields property
23 to the remediation required under the brownfields agreement.

24 (6) Affect the right of any person who may have liability with respect
25 to the brownfields property to seek contribution from any other
26 person who may have liability with respect to the brownfields
27 property and who neither received nor has liability protection
28 under this Part.

29 (7) Prevent the State from enforcing specific numerical remediation
30 standards, monitoring, or compliance requirements specifically
31 required to be enforced by the federal government as a condition
32 to receive program authorization, delegation, primacy, or federal
33 funds.

34 (8) Create a defense against the imposition of criminal and civil fines
35 or penalties or administrative penalties otherwise authorized by
36 law and imposed as the result of the illegal disposal of waste or for
37 the pollution of the land, air, or waters of this State on a
38 brownfields property.

39 (9) Relieve a person of any liability for failure to exercise due
40 diligence and reasonable care in performing an environmental
41 assessment or transaction screen.

42 (b) Notwithstanding the provisions of the Tort Claims Act, G.S. 143-291 through
43 G.S. 143-300.1 or any other provision of law waiving the sovereign immunity of the
44 State of North Carolina, the State, its agencies, officers, employees, and agents shall

1 be absolutely immune from any liability in any proceeding for any injury or claim
2 arising from negotiating, entering, monitoring, or enforcing a brownfields agreement
3 or a Notice of Brownfields Property under this Part or any other action implementing
4 this Part.

5 "§ 130A-310.38. Brownfields Property Reuse Act Implementation Account.

6 The Brownfields Property Reuse Act Implementation Account is created as a
7 nonreverting interest-bearing account in the Office of the State Treasurer. The
8 Account shall consist of fees collected under G.S. 130A-310.39, moneys appropriated
9 to it by the General Assembly, moneys received from the federal government, moneys
10 contributed by private organizations, and moneys received from any other source.
11 Funds in the Account shall be used by the Department to defray a portion of the
12 costs of implementing this Part.

13 "§ 130A-310.39. Fees.

14 (a) The Department shall collect the following fees:

15 (1) A prospective developer who submits a proposed brownfields
16 agreement for review by the Department shall pay a fee of one
17 thousand dollars (\$1,000).

18 (2) A prospective developer who submits a final report certifying
19 completion of remediation under a brownfields agreement shall
20 pay a fee of five hundred dollars (\$500.00).

21 (b) Fees imposed under this section shall be credited to the Brownfields Property
22 Reuse Act Implementation Account.

23 "§ 130A-310.40. Legislative reports.

24 The Department shall prepare and submit to the Environmental Review
25 Commission, concurrently with the report on the Inactive Hazardous Sites Response
26 Act of 1987 required under G.S. 130A-310.10, an evaluation of the effectiveness of
27 this Part in facilitating the remediation and reuse of existing industrial and
28 commercial properties. This evaluation shall include any recommendations for
29 additional incentives or changes, if needed, to improve the effectiveness of this Part
30 in addressing such properties. This evaluation shall also include a report on receipts
31 by and expenditures from the Brownfields Property Reuse Act Implementation
32 Account."

33 Section 3. G.S. 130A-26.1(g) is amended by adding three new
34 subdivisions to read:

35 "(5) Provides false information or fails to provide information relevant
36 to a decision by the Department as to whether or not to enter into
37 a brownfields agreement under Part 5 of Article 9 of this Chapter.

38 (6) Provides false information or fails to provide information required
39 by a brownfields agreement under Part 5 of Article 9 of this
40 Chapter.

41 (7) Provides false information relevant to a decision by the
42 Department pursuant to:

43 a. G.S. 130A-308(b).

44 b. G.S. 130A-310.7(c).

- 1 c. G.S. 143-215.3(f).
2 d. G.S. 143-215.84(e)."

3 Section 4. G.S. 130A-308 reads as rewritten:

4 "**§ 130A-308. Continuing releases at permitted ~~facilities:~~ facilities; notification of**
5 **completed corrective action.**

6 (a) Standards adopted under G.S. 130A-294(c) ~~shall require, and a permit issued~~
7 ~~after November 8, 1984, and a permit issued under G.S. 130A-294(c) shall require~~
8 corrective action for all releases of hazardous waste or constituents from any solid
9 waste management unit at a treatment, storage, or disposal facility seeking a permit
10 under G.S. 130A-294(c), regardless of the time at which waste was placed in such
11 unit. Permits issued under G.S. 130A-294(c) which implement Section 3005 of RCRA
12 (42 U.S.C. § 6925) shall contain schedules of compliance for such corrective action
13 (where such corrective action cannot be completed prior to issuance of the permit)
14 and assurances of financial responsibility for completing such corrective action.
15 Notwithstanding any other provision of this section, this section shall apply only to
16 units, facilities, and permits that are covered by Section 3004(u) of RCRA (42 U.S.C.
17 § 6924(u)). Notwithstanding the foregoing, corrective action authorized elsewhere in
18 this Chapter shall not be limited by this section.

19 (b) The definitions set out in G.S. 130A-310.31(b) apply to this subsection. Any
20 person may submit a written request to the Department for a determination that a
21 corrective action for a release of a hazardous waste or constituents from a solid waste
22 management unit that is a treatment, storage, or disposal facility permitted under G.S.
23 130A-294(c) has been completed to current standards. A request for a determination
24 that a corrective action at a facility has been completed to current standards shall be
25 accompanied by the fee required by G.S. 130A-310.39(a)(2). If the Department
26 determines that the corrective action at a facility has been completed to current
27 standards, the Department shall issue a written notification that no further corrective
28 action will be required at the facility. The notification shall state that no further
29 corrective action will be required at the facility unless the Department later
30 determines, based on new information or information not previously provided to the
31 Department, that the corrective action at the facility has not been completed to
32 current standards or that the Department was provided with false or incomplete
33 information. Under any of those circumstances, the Department may withdraw the
34 notification and require responsible parties to take corrective action at a facility to
35 bring the facility into compliance with current standards."

36 Section 5. G.S. 130A-310.7 reads as rewritten:

37 "**§ 130A-310.7. Action for reimbursement; liability of responsible ~~parties:~~ parties;**
38 **notification of completed remedial action.**

39 (a) Notwithstanding any other provision or rule of law, and subject only to the
40 defenses set forth in this subsection, any person who:

- 41 (1) Discharges or deposits; or
42 (2) Contracts or arranges for any discharge or deposit; or
43 (3) Accepts for discharge or deposit; or

1 (4) Transports or arranges for transport for the purpose of discharge or
2 deposit
3 any hazardous substance, the result of which discharge or deposit is the existence of
4 an inactive hazardous substance or waste disposal site, shall be considered a
5 responsible party. Neither an innocent landowner who is a bona fide purchaser of
6 the inactive hazardous substance or waste disposal site without knowledge or without
7 a reasonable basis for knowing that hazardous substance or waste disposal had
8 occurred nor a person whose interest or ownership in the inactive hazardous
9 substance or waste disposal site is based on or derived from a security interest in the
10 property shall be considered a responsible party. A responsible party shall be directly
11 liable to the State for any or all of the reasonably necessary expenses of developing
12 and implementing a remedial action program for such site. The Secretary shall bring
13 an action for reimbursement of the Inactive Hazardous Sites Cleanup Fund in the
14 name of the State in the superior court of the county in which the site is located to
15 recover such sum and the cost of bringing the action. The State must show that a
16 danger to the public health or the environment existed and that the State complied
17 with the provisions of this Part.

18 (b) There shall be no liability under this section for a person who can establish by
19 a preponderance of the evidence that the danger to the public health or the
20 environment caused by the site was caused solely by:

- 21 (1) An act of God; or
22 (2) An act of war; or
23 (3) An intentional act or omission of a third party (but this defense
24 shall not be available if the act or omission is that of an employee
25 or agent of the defendant, or if the act or omission occurs in
26 connection with a contractual relationship with the defendant); or
27 (4) Any combination of the above causes.

28 (c) The definitions set out in G.S. 130A-310.31(b) apply to this subsection. Any
29 person may submit a written request to the Department for a determination that a site
30 that is subject to this Part has been remediated to current standards as provided in
31 Part 5 of Article 9 of Chapter 130A of the General Statutes. A request for a
32 determination that a site has been remediated to current standards shall be
33 accompanied by the fee required by G.S. 130A-310.39(a)(2). If the Department
34 determines that the site has been remediated to current standards, the Department
35 shall issue a written notification that no further remediation will be required at the
36 site. The notification shall state that no further remediation will be required at the
37 site unless the Department later determines, based on new information or information
38 not previously provided to the Department, that the site has not been remediated to
39 current standards or that the Department was provided with false or incomplete
40 information. Under any of those circumstances, the Department may withdraw the
41 notification and require responsible parties to remediate the site to current
42 standards."

43 Section 6. G.S. 143-215.3 is amended by adding a new subsection to
44 read:

1 "(f) Notification of Completed Remedial Action. -- The definitions set out in G.S.
2 130A-310.31(b) apply to this subsection. Any person may submit a written request to
3 the Department for a determination that groundwater has been remediated to meet
4 the standards and classifications established under this Part. A request for a
5 determination that groundwater has been remediated to meet the standards and
6 classifications established under this Part shall be accompanied by the fee required by
7 G.S. 130A-310.39(a)(2). If the Department determines that groundwater has been
8 remediated to established standards and classifications, the Department shall issue a
9 written notification that no further remediation of the groundwater will be required.
10 The notification shall state that no further remediation of the groundwater will be
11 required unless the Department later determines, based on new information or
12 information not previously provided to the Department, that the groundwater has not
13 been remediated to established standards and classifications or that the Department
14 was provided with false or incomplete information. Under any of those
15 circumstances, the Department may withdraw the notification and require responsible
16 parties to remediate the groundwater to established standards and classifications."

17 Section 7. G.S. 143-215.84 is amended by adding a new subsection to
18 read:

19 "(e) Notification of Completed Removal of Prohibited Discharges. -- The
20 definitions set out in G.S. 130A-310.31(b) apply to this subsection. Any person may
21 submit a written request to the Department for a determination that a discharge of oil
22 or a hazardous substance in violation of this Article has been remediated to current
23 standards. A request for a determination that a discharge has been remediated to
24 current standards shall be accompanied by the fee required by G.S.
25 130A-310.39(a)(2). If the Department determines that the discharge has been
26 remediated to current standards, the Department shall issue a written notification that
27 no further remediation of the discharge will be required. The notification shall state
28 that no further remediation of the discharge will be required unless the Department
29 later determines, based on new information or information not previously provided to
30 the Department, that the discharge has not been remediated to current standards or
31 that the Department was provided with false or incomplete information. Under any
32 of those circumstances, the Department may withdraw the notification and require
33 responsible parties to remediate the discharge to current standards."

34 Section 8. This act shall not be construed to obligate the General
35 Assembly to make any appropriation to implement the provisions of this act. The
36 Department of Environment, Health, and Natural Resources shall implement the
37 provisions of this act from funds otherwise available or appropriated to the
38 Department.

39 Section 9. This act becomes effective 1 October 1997.

Memorandum

July 15, 1997

TO: Senate Committee on Finance

FROM: George Givens, Staff Attorney
Jeff Hudson, Staff Attorney

SUBJECT: House Bill 1121 (Brownfields Property Reuse Act)

Section 1 sets out the findings of the General Assembly relating to the reuse of "brownfields property" (abandoned, idled, or underused property at which expansion or redevelopment is hindered by actual or possible environmental contamination and that is or may be subject to cleanup requirements under State or federal law).

Section 2 establishes the Brownfields Property Reuse Act.

§130A-310.30. Short Title.
Brownfields Property Reuse Act.

§130A-310.31. Definitions.
Definitions include:

"Brownfields agreement" means an agreement between the Department of Environment, Health, and Natural Resources (DEHNR) and a prospective developer that meets the requirements of G.S. 130A-310.32 (Brownfields agreements).

"Prospective developer" means any person who desires to either buy or sell a brownfields property for the purpose of developing or redeveloping that property and who did not cause or contribute to the contamination at the brownfields property.

"Remediation" means action to clean up, mitigate, correct, abate, minimize, eliminate, control, or prevent the spreading, migration, leaking, leaching, volatilization, spilling, transport, or further release of a contaminant into the environment in order to protect public health or the environment.

§130A-310.32. Brownfields agreements.

DEHNR may enter into a brownfields agreement (agreement) with a prospective developer (developer).

The developer must demonstrate: (1) the compliance history of itself and its parents, subsidiaries, and affiliates; (2) that the property is suitable for the proposed uses while protecting public health and the environment; (3) that the benefit to the public is commensurate with the liability protection afforded under this Part; (4) the financial, managerial, and technical means to implement the agreement and assure safe use of the property; (5) current and prospective compliance with procedural requirements.

The agreement must include: (1) a legal description of the property; (2) a description of any remediation to be conducted on the property; (3) any land use restrictions that will apply to the property; (4) the desired results of remediation; (5) the guidelines within which the desired results are to be accomplished; and (6) the consequences of achieving or not achieving those results. Failure to comply with an agreement will subject a developer to the enforcement provisions of this Part.

§130A-310.33. Liability protection.

A developer who enters into an agreement with DEHNR and is complying with the agreement will not be held liable for cleanup of areas of contaminants identified in the agreement, so long as the activities conducted on the property do not increase the risk of harm to public health or the environment and the developer is not required to undertake additional remediation pursuant to G.S. 130A-310.33(c) (*see paragraph below*). This liability protection is extended to parties who are not otherwise liable for remediation who are (1) agents of the developer involved in redevelopment or remediation; (2) future owners of the property; (3) persons who develop or occupy the property; (4) successors or assigns to any other person with liability protection; (5) parties providing financing for remediation or redevelopment of the property. Conducting an environmental assessment or transaction screen will not subject a person to liability unless the person increases the risk to public health or the environment by failing to exercise due diligence or reasonable care.

Pursuant to G.S. 130A-310.33(c), if a land-use restriction under the agreement is violated, the owner at the time of violation, the owners successors and assigns, and the owner's agents will be liable for remediation to current standards. A developer who completes the remediation required by an agreement will not be required to undertake additional remediation of the property unless any of the following apply: (1) the developer knowingly or recklessly gives false information in the formation of the agreement or in demonstration of compliance with the agreement; (2) new information indicates the existence of unreported contamination associated with the property; (3) the level of risk becomes unacceptable in the vicinity of the property due to changes in exposure conditions; (4) DEHNR obtains new information about a contamination or exposure that makes the risk unacceptable in a manner not anticipated in the agreement; (5) the owner fails to file a timely and proper Notice of Brownfields Development. In the case of new information indicating the existence of unreported contamination (2), further cleanup will only be required if the original agreement set target concentrations for contaminants and the levels of unreported contaminants exceed these target concentrations or the unreported contaminants raise the risk to public health or the environment.

§130A-310.34. Public notice and community involvement.

A developer desiring to enter into an agreement will notify the public and community in which the property is located of the planned remediation and redevelopment. The developer will also submit notice to DEHNR providing the location of the property, a map of this location, a description of contaminants and their concentrations; a description of intended future use, any

proposed investigation and cleanup measures, and a proposed Notice of Brownfields Property as required by G.S. 130A-310.35 (*see below*). Notice will also be given to local governments with jurisdiction over the property, a newspaper of general circulation serving the area in which the property is located, and the North Carolina Register. The developer will also conspicuously post a summary of the Notice on the property. The public and local governments will have 60 days within which to provide input into the cleanup and redevelopment plans. DEHNR will receive written request for a public meeting during a 30-day period and will hold a public meeting after giving 30 days notice if it determines that there is significant public interest. DEHNR will incorporate public comment into the agreement to the extent practicable and will give particular consideration to written comment that is supported by valid scientific information.

§130A-310.35. Notice of Brownfields Property; land use restrictions in deed.

A person who enters into an agreement with DEHNR will submit to DEHNR a proposed Notice of Brownfields Property that will include: (1) a survey plat prepared by a certified professional land surveyor of areas designated by DEHNR; (2) a legal description of the property; (3) the location and dimensions of areas of potential environmental concern; (4) the type, location, and quantity of contaminants on the property; and (5) any restrictions on current or future use of the property.

After DEHNR approves and certifies the Notice, the developer will file a certified copy of the Notice in the register of deeds' office in the county or counties in which the property is located. The register of deeds will record the Notice and index it in the grantor index under the names of the property owners and, if different, also under the name of the person conducting the redevelopment. When the property is transferred, the instrument of transfer will contain a statement that the property has been classified and, if appropriate, cleaned up as a brownfields property.

A property owner may request that a Notice be canceled by the Secretary of Environment, Health, and Natural Resources (Secretary) after the remediation of a property has eliminated the hazards. If the Secretary concurs with the written request, the Secretary will send to the register of deeds a statement that the hazards have been eliminated and will have the Notice canceled. The register of deeds will record the Secretary's statement and index it in the grantor index.

Restrictions on the current or future use of a property will be enforced by the owner of the property, and may be enforced by DEHNR, any unit of local government having jurisdiction over the property, or any person eligible for liability protection. A restriction will not be declared unenforceable due to: (1) lack of privity of estate or contract, (2) lack of benefit to particular land, or (3) lack of any property interest in particular land. Any person who owns or leases a property subject to a restriction will abide by the restriction.

Notice of brownfields properties will be filed in accordance with these provisions, rather than G.S. 130A-310.8 (Recordation of inactive hazardous substance or waste disposal sites).

§130A-310.36. Appeals.

A decision by DEHNR as to whether or not to enter into an agreement, including any terms of an agreement, is reviewable under the contested case provisions of the North Carolina Administrative Procedure Act.

§130A-310.37. Construction of Part.

This program is not intended to and will not be construed to: (1) affect the ability of local governments to regulate land development; (2) modify any remedial program or enforcement authority of DEHNR, except as provided in an agreement; (3) impede the immediate response of DEHNR or a responsible party to an imminent or actual release threatening public health or the

environment; (4) relieve a person from liability for contamination caused by that person on a brownfields property; (5) and (6) except for further remediation, affect the ability of any person to seek relief or contribution from any person who may have liability with respect to a property and who does not receive cleanup liability; (7) prevent the State from complying with federal laws and standards and receive federal funds; (8) create a defense for the illegal disposal of waste; (9) relieve a person of liability for failure to exercise reasonable care in the performance of an environmental assessment or transaction screen. No action or inaction of the State, its employees, Agencies, or agents related to brownfields agreements will subject the State to tort liability or waive sovereign immunity.

§130A-310.38. Brownfields Property Reuse Act Implementation Account.

The Brownfields Property Reuse Act Implementation Account (Account) is created as a nonreverting, interest-bearing account in the Office of the State Treasurer and consists of fees collected under this Part, moneys appropriated by the General Assembly, moneys received from the federal government, moneys contributed by private organizations, and moneys received from any other source. Funds in the Account will be used to defray a portion of the costs of implementing this Part.

§130A-310.39. Fees.

DEHNR will collect the following fees: (1) \$1,000.00 from a developer who submits a proposed agreement to DEHNR and (2) \$500.00 from a developer who submits a final report certifying completion of remediation under an agreement. These fees will be credited to the Account.

§130A-310.40. Legislative reports.

DEHNR will report to the Environmental Review Commission on the Brownfields program concurrently with every report on the Inactive Waste Sites program (made on February 15 of each year). The report will evaluate the effectiveness of the Brownfields program in facilitating the remediation and reuse of existing industrial and commercial properties, include any recommendations for additional incentives or changes to improve effectiveness, and include information on receipts by and expenditures from the Account.

Section 3 makes it a Class I felony, which may include a fine of up to \$100,000 per day of violation (not to exceed a cumulative total of \$500,000 for each 30 day period of continuing violation), to provide false or incomplete information relevant to an agreement or relevant to a determination that remediation has been completed.

Sections 4 through 7 authorize DEHNR to issue a written notification that no further remediation will be required where clean up has been completed to current standards at permitted hazardous waste treatment, storage, and disposal facilities; inactive hazardous sites; groundwater remediation sites; and oil or hazardous substance discharge remediation sites.

Section 8 provides that the General Assembly is not obligated to appropriate funds to implement this act.

Section 9 makes this act effective October 1, 1997.

**PRINCIPAL DEPARTMENT(S) &
PROGRAM(S) AFFECTED:** Department of Environment Health and Natural Resources

EFFECTIVE DATE: Effective July 1, 1997.

BILL SUMMARY:

Adds new Part 5 (the Brownfields Property Reuse Act) to Article 9 of G.S. Chapter 130A, relating to brownfields property or sites (defined as abandoned, idled, or underused property at which expansion or redevelopment is hindered by actual or possible environmental contamination and that is or may be subject to state or federal remediation requirements). Provides for "brownfields agreements" between a prospective developer and the Department of Environment, Health, and Natural Resources, that (1) provide for cleanup, remediation, or other activities at brownfield property, (2) ensure the property is made and kept safe for its actual use, and (3) provide liability protection for persons consistent with the act. Developer that enters into and complies with such an agreement is not liable for remediation of areas of contaminants identified in the agreement except as specified in the agreement, as long as its activities conducted on the property do not increase the risk of harm to the public health or the environment. The protection also extends to persons under the developer's direction or control, any future owner, a person who develops or occupies the property, a successor or assign of any person with such protection, and any lender or fiduciary that provides financing for remediation or redevelopment of the property. Specifies that a person who conducts an environmental assessment or transaction screen on property is not a person responsible for remediation. Specifies exclusive circumstances under which a prospective developer who complete requirements of an agreement may be required to undertake additional remediation.

Requires developer who desires to enter into a brownfields agreement to notify the public and the community in which the property is located of the planned remediation and redevelopment activities and to submit a notice of intent to redevelop brownfields property to the DEHNR. Specifies required content of the notice. If the DEHNR approves the notice, the developer must provide a copy to all local governments having jurisdiction over the property and publish a summary of it in a newspaper serving the area. DEHNR must publish notice of the approval in the North Carolina Register. After both publications, a public comment period of at least 60 days must follow. Requires DEHNR, before entering into an agreement, to take into account community and local government views and comments. A decision by DEHNR not to enter a brownfields agreement is reviewable under the contested case provisions of the Administrative Procedure Act.

Requires the preparation, approval by the DEHNR, and filing with the register of deeds of a "Notice of Brownfields Property" by a purchaser of a brownfields property that is not otherwise noted in the chain of title as a property on which contaminants are located. Requires register of deeds to record such notice and index it in the grantor index under names of owners and name of person conducting redevelopment of the property. Requires that any instrument of transfer contain in the description section a statement that the property has been classified and, if appropriate, cleaned up, as a brownfields property. Sets out procedure whereby Secretary of Environment, Health, and Natural Resources may cancel a notice of brownfields property.

Provides that a person who knowingly provides false information about a property's eligibility or omits or falsifies required information is guilty of a class I felony, which may include a fine of \$50,000 per violation, each day a violation occurs being a separate violation.

Provides that use of brownfields property and any deed restrictions used as part of a redevelopment plan may not be inconsistent with local land development controls adopted under Article 19 of G.S. Chapter 160A or Article 18 of G.S. Chapter 153A. Specifies other laws and rights that the act is not intended to affect. Requires DEHNR, beginning Oct. 1, 1997, to conduct and submit to the Environmental Review Commission an evaluation of the effectiveness of the act concurrently with every report on the Inactive Waste Sites program.

Creates the Brownfields Study Commission, consisting of six members—three appointed by the Speaker and three by the President Pro Tempore — representing specified groups or communities. Directs Secretary of Environment, Health and Natural Resources to designate one employee of the department as an ex officio member. Requires the Commission to meet at least monthly and to report to the 1998 General Assembly and the Environmental Review Commission, no later than the first day the General Assembly convenes. Appropriates from General Fund to the General Assembly \$50,000 for 1997-98 for costs of the Commission's work.

Intro. by McComas.

Intro. 4/21/97. House committee substitute makes the following changes to 1st edition. The committee substitute makes numerous clarifying changes and the following substantive changes: (1) deletes provisions making certain acts and omissions related to brownfields agreements a class I felony; (2) deletes provisions establishing the Brownfields Study Commission; (3) deletes appropriation provisions; (4) creates Brownfields Property Reuse Act Implementation Account as nonreverting, interest-bearing account in Office of State Treasurer (account will consist of fees, appropriations, and other revenues related to brownfields agreements and will be used to defray part of cost of implementing the act) and (5) makes act effective when it becomes law (was, July 1, 1997).

ASSUMPTIONS AND METHODOLOGY:

The amount of revenue collected from the fees imposed in this act is not known. It is expected that some revenue will be generated from the \$1,000 proposal fee and the \$500 final report fee but the actual number of developers choosing to develop in a brownfield in a single year is not known.

The expense associated with the implementation and administration of this act is limited to the revenues generated from the proposal fee and final report fee.

HOUSE BILL 1121
Committee Substitute Favorable 5/14/97
Committee Substitute #2 Favorable 6/11/97

Short Title: Brownfields Property Reuse Act.

Referred to:

April 21, 1997

- 1 A BILL TO BE ENTITLED
2 AN ACT TO PROMOTE THE SAFE REUSE OF PROPERTIES WHERE
3 ACTUAL CONTAMINATION, OR THE POSSIBILITY OF
4 CONTAMINATION, HAS IMPEDED REDEVELOPMENT.
5 The General Assembly of North Carolina enacts:
6 Section 1. Findings. -- The General Assembly makes the following
7 findings:
8 (1) There are abandoned, idle, and underused properties in North
9 Carolina, often referred to as "brownfields", that may have been or
10 were contaminated by past industrial and commercial activities, but
11 that are attractive locations for redevelopment.
12 (2) The reuse, development, redevelopment, transfer, financing, and
13 other use of brownfields is impaired by the potential liability
14 associated with the risk of contamination.
15 (3) The safe redevelopment of brownfields would benefit the citizens
16 of North Carolina in many ways, including improving the tax base
17 of local government and creating job opportunities for citizens in
18 the vicinity of brownfields.
19 (4) Potential purchasers and developers of brownfields and other
20 parties who have no connection with the contamination of the
21 property, including redevelopment lenders, should be encouraged
22 to provide capital and labor to improve brownfields without undue

1 risk of liability for problems they did not create, so long as the
2 property can be and is made safe for appropriate future use.

- 3 (5) Public and local government involvement in commenting on the
4 safe reuse of brownfields will improve the quality and acceptability
5 of their redevelopment.

6 Section 2. Article 9 of Chapter 130A of the General Statutes is amended
7 by adding a new Part to read:

8 "Part 5. Brownfields Property Reuse Act.

28 **"§ 130A-310.32. Brownfields agreement.**

29 (a) The Department may, in its discretion, enter into a brownfields agreement
30 with a prospective developer who satisfies the requirements of this section. A
31 prospective developer shall provide the Department with any information necessary
32 to demonstrate that:

- 33 (1) The prospective developer, and any parent, subsidiary, or other
34 affiliate of the prospective developer has substantially complied
35 with:
- 36 a. The terms of any brownfields agreement or similar
37 agreement to which the prospective developer or any parent,
38 subsidiary, or other affiliate of the prospective developer has
39 been a party.
- 40 b. The requirements applicable to any remediation in which
41 the applicant has previously engaged.
- 42 c. Federal and state laws, regulations, and rules for the
43 protection of the environment.

1 (2) As a result of the implementation of the brownfields agreement,
2 the brownfields property will be suitable for the uses specified in
3 the agreement while fully protecting public health and the
4 environment instead of being remediated to current standards.

5 (3) There is a public benefit commensurate with the liability
6 protection provided under this Part.

7 (4) The prospective developer has or can obtain the financial,
8 managerial, and technical means to fully implement the
9 brownfields agreement and assure the safe use of the brownfields
10 property.

11 (5) The prospective developer has complied with or will comply with
12 all applicable procedural requirements.

13 (b) In negotiating a brownfields agreement, parties may rely on land-use
14 restrictions that will be included in a Notice of Brownfields Property required under
15 G.S. 130A-310.35. A brownfields agreement may provide for remediation standards
16 that are based on those land-use restrictions.

17 (c) A brownfields agreement shall contain a description of the brownfields
18 property that would be sufficient as a description of the property in an instrument of
19 conveyance and, as applicable, a statement of:

20 (1) Any remediation to be conducted on the property, including:

21 a. A description of specific areas where remediation is to be
22 conducted.

23 b. The remediation method or methods to be employed.

24 c. The resources that the prospective developer will make
25 available.

26 d. A schedule of remediation activities.

27 e. Applicable remediation standards.

28 f. A schedule and the method or methods for evaluating the
29 remediation.

30 (2) Any land-use restrictions that will apply to the brownfields
31 property.

32 (3) The desired results of any remediation or land-use restrictions with
33 respect to the brownfields property.

34 (4) The guidelines, including parameters, principles, and policies
35 within which the desired results are to be accomplished.

36 (5) The consequences of achieving or not achieving the desired results.

37 (d) Any failure of the prospective developer or the prospective developer's agents
38 and employees to comply with the brownfields agreement constitutes a violation of
39 this Part by the prospective developer.

40 "§ 130A-310.33. Liability protection.

41 (a) A prospective developer who enters into a brownfields agreement with the
42 Department and who is complying with the brownfields agreement shall not be held
43 liable for remediation of areas of contaminants identified in the brownfields
44 agreement except as specified in the brownfields agreement, so long as the activities

1 conducted on the brownfields property by or under the control or direction of the
2 prospective developer do not increase the risk of harm to public health or the
3 environment and the prospective developer is not required to undertake additional
4 remediation to current standards pursuant to subsection (c) of this section. The
5 liability protection provided under this Part applies to all of the following persons to
6 the same extent as to a prospective developer, so long as these persons are not
7 otherwise potentially responsible parties or parents, subsidiaries, or affiliates of
8 potentially responsible parties and the person is not required to undertake additional
9 remediation to current standards pursuant to subsection (c) of this section:

- 10 (1) Any person under the direction or control of the prospective
11 developer who directs or contracts for remediation or
12 redevelopment of the brownfields property.
- 13 (2) Any future owner of the brownfields property.
- 14 (3) A person who develops or occupies the brownfields property.
- 15 (4) A successor or assign of any person to whom the liability
16 protection provided under this Part applies.
- 17 (5) Any lender or fiduciary that provides financing for remediation or
18 redevelopment of the brownfields property.

19 (b) A person who conducts an environmental assessment or transaction screen on
20 a brownfields property and who is not otherwise a potentially responsible party is not
21 a potentially responsible party as a result of conducting the environmental assessment
22 or transaction screen unless that person increases the risk of harm to public health or
23 the environment by failing to exercise due diligence and reasonable care in
24 performing the environmental assessment or transaction screen.

25 (c) If a land-use restriction set out in the Notice of Brownfields Property required
26 under G.S. 130A-310.35 is violated, the owner of the brownfields property at the time
27 the land-use restriction is violated, the owner's successors and assigns, and the
28 owner's agents who direct or contract for alteration of the brownfields property in
29 violation of a land-use restriction shall be liable for remediation to current standards.
30 A prospective developer who completes the remediation or redevelopment required
31 under a brownfields agreement or other person who receives liability protection
32 under this Part shall not be required to undertake additional remediation at the
33 brownfields property unless any of the following apply:

- 34 (1) The prospective developer knowingly or recklessly provides false
35 information that forms a basis for the brownfields agreement or
36 that is offered to demonstrate compliance with the brownfields
37 agreement or fails to disclose relevant information about
38 contamination at the brownfields property.
- 39 (2) New information indicates the existence of previously unreported
40 contaminants or an area of previously unreported contamination
41 on or associated with the brownfields property that has not been
42 remediated to current standards, unless the brownfields agreement
43 is amended to include any previously unreported contaminants and
44 any additional areas of contamination. If the brownfields

1 agreement sets maximum concentrations for contaminants, and
2 new information indicates the existence of previously unreported
3 areas of these contaminants, further remediation shall be required
4 only if the areas of previously unreported contaminants raise the
5 risk of the contamination to public health or the environment to a
6 level less protective of public health and the environment than that
7 required by the brownfields agreement.

8 (3) The level of risk to public health or the environment from
9 contaminants is unacceptable at or in the vicinity of the
10 brownfields property due to changes in exposure conditions,
11 including (i) a change in land use that increases the probability of
12 exposure to contaminants or in the vicinity of the brownfields
13 property or (ii) the failure of remediation to mitigate risks to the
14 extent required to make the brownfields property fully protective
15 of public health and the environment as planned in the
16 brownfields agreement.

17 (4) The Department obtains new information about a contaminant
18 associated with the brownfields property or exposures at or around
19 the brownfields property that raises the risk to public health or the
20 environment associated with the brownfields property beyond an
21 acceptable range and in a manner or to a degree not anticipated in
22 the brownfields agreement. Any person whose use, including any
23 change in use, of the brownfields property causes an unacceptable
24 risk to public health or the environment may be required by the
25 Department to undertake additional remediation measures under
26 the provisions of this Part.

27 (5) A prospective developer fails to file a timely and proper Notice of
28 Brownfields Development under this Part.

29 **"§ 130A-310.34. Public notice and community involvement.**

30 (a) A prospective developer who desires to enter into a brownfields agreement
31 shall notify the public and the community in which the brownfields property is
32 located of planned remediation and redevelopment activities. The prospective
33 developer shall submit a Notice of Intent to Redevelop a Brownfields Property and a
34 summary of the Notice of Intent to the Department. The Notice of Intent shall
35 provide, to the extent known, a legal description of the location of the brownfields
36 property, a map showing the location of the brownfields property, a description of the
37 contaminants involved and their concentrations in the media of the brownfields
38 property, a description of the intended future use of the brownfields property, any
39 proposed investigation and remediation, and a proposed Notice of Brownfields
40 Property prepared in accordance with G.S. 130A-310.35. Both the Notice of Intent
41 and the summary of the Notice of Intent shall state the time period and means for
42 submitting written comment and for requesting a public meeting on the proposed
43 brownfields agreement. The summary of the Notice of Intent shall include a
44 statement as to the public availability of the full Notice of Intent. After approval of

1 the Notice of Intent and summary of the Notice of Intent by the Department, the
2 prospective developer shall provide a copy of the Notice of Intent to all local
3 governments having jurisdiction over the brownfields property. The prospective
4 developer shall publish the summary of the Notice of Intent in a newspaper of
5 general circulation serving the area in which the brownfields property is located and
6 shall file a copy of the summary of the Notice of Intent with the Codifier of Rules,
7 who shall publish the summary of the Notice of Intent in the North Carolina Register.
8 The prospective developer shall also conspicuously post a copy of the summary of the
9 Notice of Intent at the brownfields site.

10 (b) Publication of the approved summary of the Notice of Intent in the North
11 Carolina Register and publication in a newspaper of general circulation shall begin a
12 public comment period of at least 60 days from the later date of publication. During
13 the public comment period, members of the public, residents of the community in
14 which the brownfields property is located, and local governments having jurisdiction
15 over the brownfields property may submit comment on the proposed brownfields
16 agreement, including methods and degree of remediation, future land uses, and
17 impact on local employment.

18 (c) Any person who desires a public meeting on a proposed brownfields
19 agreement shall submit a written request for a public meeting to the Department
20 within 30 days after the public comment period begins. The Department shall
21 consider all requests for a public meeting and shall hold a public meeting if the
22 Department determines that there is significant public interest in the proposed
23 brownfields agreement. If the Department decides to hold a public meeting, the
24 Department shall, at least 30 days prior to the public meeting, mail written notice of
25 the public meeting to all persons who requested the public meeting and to any other
26 person who had previously requested notice. The Department shall also direct the
27 prospective developer to publish, at least 30 days prior to the date of the public
28 meeting, a notice of the public meeting at least one time in a newspaper having
29 general circulation in such county where the brownfields property is located. In any
30 county in which there is more than one newspaper having general circulation, the
31 Department shall direct the prospective developer to publish a copy of the notice in
32 as many newspapers having general circulation in the county as the Department in its
33 discretion determines to be necessary to assure that the notice is generally available
34 throughout the county. The Department shall prescribe the form and content of the
35 notice to be published. The Department shall prescribe the procedures to be
36 followed in the public meeting. The Department shall take detailed minutes of the
37 meeting. The minutes shall include any written comments, exhibits, or documents
38 presented at the meeting.

39 (d) Prior to entering into a brownfields agreement, the Department shall take into
40 account the comment received during the comment period and at the public meeting
41 if the Department holds a public meeting. The Department shall incorporate into the
42 brownfields agreement provisions that reflect comment received during the comment
43 period and at the public meeting to the extent practical. The Department shall give

1 particular consideration to written comment that is supported by valid scientific and
2 technical information and analysis.

3 "§ 130A-310.35. Notice of Brownfields Property; land-use restrictions in deed.

4 (a) In order to reduce or eliminate the danger to public health or the environment
5 posed by a brownfields property being addressed under this Part, a prospective
6 developer who desires to enter into a brownfields agreement with the Department
7 shall submit to the Department a proposed Notice of Brownfields Property. A Notice
8 of Brownfields Property shall be entitled 'Notice of Brownfields Property', shall
9 include a survey plat of areas designated by the Department that has been prepared
10 and certified by a professional land surveyor and that meets the requirements of G.S.
11 47-30, shall include a legal description of the brownfields property that would be
12 sufficient as a description of the property in an instrument of conveyance, and shall
13 identify all of the following:

14 (1) The location and dimensions of the areas of potential
15 environmental concern with respect to permanently surveyed
16 benchmarks.

17 (2) The type, location, and quantity of regulated substances and
18 contaminants known to exist on the brownfields property.

19 (3) Any restrictions on the current or future use of the brownfields
20 property or, with the owner's permission, other property that are
21 necessary or useful to maintain the level of protection appropriate
22 for the designated current or future use of the brownfields property
23 and that are designated in the brownfields agreement. These
24 land-use restrictions may apply to activities on, over, or under the
25 land, including, but not limited to, use of groundwater, building,
26 filling, grading, excavating, and mining. Where a brownfields
27 property encompasses more than one parcel or tract of land, a
28 composite map or plat showing all parcels or tracts may be
29 recorded.

30 (b) After the Department approves and certifies the Notice of Brownfields
31 Property under subsection (a) of this section, a prospective developer who enters into
32 a brownfields agreement with the Department shall file a certified copy of the Notice
33 of Brownfields Property in the register of deeds' office in the county or counties in
34 which the land is located. The prospective developer shall file the Notice of
35 Brownfields Property within 15 days of the prospective developer's receipt of the
36 Department's approval of the notice or the prospective developer's entry into the
37 brownfields agreement, whichever is later.

38 (c) The register of deeds shall record the certified copy of the notice and index it
39 in the grantor index under the names of the owners of the land, and, if different, also
40 under the name of the prospective developer conducting the redevelopment of the
41 brownfields property.

42 (d) When a brownfields property is sold, leased, conveyed, or transferred, the
43 deed or other instrument of transfer shall contain in the description section, in no
44 smaller type than that used in the body of the deed or instrument, a statement that

1 the brownfields property has been classified and, if appropriate, cleaned up as a
2 brownfields property under this Part.

3 (e) A Notice of Brownfields Property filed pursuant to this section may, at the
4 request of the owner of the land, be cancelled by the Secretary after the hazards have
5 been eliminated. If requested in writing by the owner of the land and if the Secretary
6 concurs with the request, the Secretary shall send to the register of deeds of each
7 county where the notice is recorded a statement that the hazards have been
8 eliminated and request that the notice be cancelled of record. The Secretary's
9 statement shall contain the names of the owners of the land as shown in the notice
10 and reference the plat book and page where the notice is recorded. The register of
11 deeds shall record the Secretary's statement in the deed books and index it on the
12 grantor index in the names of the owners of the land as shown in the Notice of
13 Brownfields Property and on the grantee index in the name 'Secretary of
14 Environment, Health, and Natural Resources'. The register of deeds shall make a
15 marginal entry on the Notice of Brownfields Property showing the date of
16 cancellation and the book and page where the Secretary's statement is recorded, and
17 the register of deeds shall sign the entry. If a marginal entry is impracticable because
18 of the method used to record maps and plats, the register of deeds shall not be
19 required to make a marginal entry.

20 (f) Any land-use restriction filed pursuant to this section shall be enforced by any
21 owner of the land. Any land-use restriction may also be enforced by the Department
22 through the remedies provided in Part 2 of Article 1 of this Chapter or by means of a
23 civil action. The Department may enforce any land-use restriction without first
24 having exhausted any available administrative remedies. A land-use restriction may
25 also be enforced by any unit of local government having jurisdiction over any part of
26 the brownfields property by means of a civil action without the unit of local
27 government having first exhausted any available administrative remedy. A land-use
28 restriction may also be enforced by any person eligible for liability protection under
29 this Part who will lose liability protection if the land-use restriction is violated. A
30 land-use restriction shall not be declared unenforceable due to lack of privity of
31 estate or contract, due to lack of benefit to particular land, or due to lack of any
32 property interest in particular land. Any person who owns or leases a property
33 subject to a land-use restriction under this section shall abide by the land-use
34 restriction.

35 (g) This section shall apply in lieu of the provisions of G.S. 130A-310.8 for
36 brownfields properties remediated under this Part.

37 **"§ 130A-310.36. Appeals.**

38 A decision by the Department as to whether or not to enter into a brownfields
39 agreement including the terms of any brownfields agreement is reviewable under
40 Article 3 of Chapter 150B of the General Statutes.

41 **"§ 130A-310.37. Construction of Part.**

42 (a) This Part is not intended and shall not be construed to:

43 (1) **Affect the ability of local governments to regulate land use under**
44 **Article 19 of Chapter 160A of the General Statutes and Article 18**

1 of Chapter 153A of the General Statutes. The use of the identified
2 brownfields property and any land-use restrictions in the
3 brownfields agreement shall be consistent with local land-use
4 controls adopted under those statutes.

5 (2) Amend, modify, repeal, or otherwise alter any provision of any
6 remedial program or other provision of this Chapter, Chapter 143
7 of the General Statutes, or any other provision of law relating to
8 civil and criminal penalties or enforcement actions and remedies
9 available to the Department, except as may be provided in a
10 brownfields agreement.

11 (3) Prevent or impede the immediate response of the Department or
12 responsible party to an emergency that involves an imminent or
13 actual release of a regulated substance that threatens public health
14 or the environment.

15 (4) Relieve a person receiving liability protection under this Part from
16 any liability for contamination later caused by that person on a
17 brownfields property.

18 (5) Affect the right of any person to seek any relief available against
19 any party to the brownfields agreement who may have liability
20 with respect to the brownfields property, except that this Part does
21 limit the relief available against any party to a brownfields
22 agreement with respect to remediation of the brownfields property
23 to the remediation required under the brownfields agreement.

24 (6) Affect the right of any person who may have liability with respect
25 to the brownfields property to seek contribution from any other
26 person who may have liability with respect to the brownfields
27 property and who neither received nor has liability protection
28 under this Part.

29 (7) Prevent the State from enforcing specific numerical remediation
30 standards, monitoring, or compliance requirements specifically
31 required to be enforced by the federal government as a condition
32 to receive program authorization, delegation, primacy, or federal
33 funds.

34 (8) Create a defense against the imposition of criminal and civil fines
35 or penalties or administrative penalties otherwise authorized by
36 law and imposed as the result of the illegal disposal of waste or for
37 the pollution of the land, air, or waters of this State on a
38 brownfields property.

39 (9) Relieve a person of any liability for failure to exercise due
40 diligence and reasonable care in performing an environmental
41 assessment or transaction screen.

42 (b) Notwithstanding the provisions of the Tort Claims Act, G.S. 143-291 through
43 G.S. 143-300.1 or any other provision of law waiving the sovereign immunity of the
44 State of North Carolina, the State, its agencies, officers, employees, and agents shall

1 be absolutely immune from any liability in any proceeding for any injury or claim
2 arising from negotiating, entering, monitoring, or enforcing a brownfields agreement
3 or a Notice of Brownfields Property under this Part or any other action implementing
4 this Part.

5 "§ 130A-310.38. Brownfields Property Reuse Act Implementation Account.

6 The Brownfields Property Reuse Act Implementation Account is created as a
7 nonreverting interest-bearing account in the Office of the State Treasurer. The
8 Account shall consist of fees collected under G.S. 130A-310.39, moneys appropriated
9 to it by the General Assembly, moneys received from the federal government, moneys
10 contributed by private organizations, and moneys received from any other source.
11 Funds in the Account shall be used by the Department to defray a portion of the
12 costs of implementing this Part.

13 "§ 130A-310.39. Fees.

14 (a) The Department shall collect the following fees:

- 15 (1) A prospective developer who submits a proposed brownfields
16 agreement for review by the Department shall pay a fee of one
17 thousand dollars (\$1,000).
18 (2) A prospective developer who submits a final report certifying
19 completion of remediation under a brownfields agreement shall
20 pay a fee of five hundred dollars (\$500.00).

21 (b) Fees imposed under this section shall be credited to the Brownfields Property
22 Reuse Act Implementation Account.

23 "§ 130A-310.40. Legislative reports.

24 The Department shall prepare and submit to the Environmental Review
25 Commission, concurrently with the report on the Inactive Hazardous Sites Response
26 Act of 1987 required under G.S. 130A-310.10, an evaluation of the effectiveness of
27 this Part in facilitating the remediation and reuse of existing industrial and
28 commercial properties. This evaluation shall include any recommendations for
29 additional incentives or changes, if needed, to improve the effectiveness of this Part
30 in addressing such properties. This evaluation shall also include a report on receipts
31 by and expenditures from the Brownfields Property Reuse Act Implementation
32 Account."

33 Section 3. G.S. 130A-26.1(g) is amended by adding three new
34 subdivisions to read:

36 to a decision by the Department as to whether or not to enter into
37 a brownfields agreement under Part 5 of Article 9 of this Chapter.
38 (6) Provides false information or fails to provide information required
39 by a brownfields agreement under Part 5 of Article 9 of this
40 Chapter.
41 (7) Provides false information relevant to a decision by the
42 Department pursuant to:
43 a. G.S. 130A-308(b).
44 b. G.S. 130A-310.7(c).

1 c. G.S. 143-215.3(f).
2 d. G.S. 143-215.84(e)."

3 Section 4. G.S. 130A-308 reads as rewritten:

4 "**§ 130A-308. Continuing releases at permitted ~~facilities~~; facilities; notification of**
5 **completed corrective action.**

6 (a) Standards adopted under G.S. 130A-294(c) ~~shall require, and a permit issued~~
7 ~~after November 8, 1984, and a permit issued under G.S. 130A-294(c) shall require~~
8 corrective action for all releases of hazardous waste or constituents from any solid
9 waste management unit at a treatment, storage, or disposal facility seeking a permit
10 under G.S. 130A-294(c), regardless of the time at which waste was placed in such
11 unit. Permits issued under G.S. 130A-294(c) which implement Section 3005 of RCRA
12 (42 U.S.C. § 6925) shall contain schedules of compliance for such corrective action
13 (where such corrective action cannot be completed prior to issuance of the permit)
14 and assurances of financial responsibility for completing such corrective action.
15 Notwithstanding any other provision of this section, this section shall apply only to
16 units, facilities, and permits that are covered by Section 3004(u) of RCRA (42 U.S.C.
17 § 6924(u)). Notwithstanding the foregoing, corrective action authorized elsewhere in
18 this Chapter shall not be limited by this section.

19 (b) The definitions set out in G.S. 130A-310.31(b) apply to this subsection. Any
20 person may submit a written request to the Department for a determination that a
21 corrective action for a release of a hazardous waste or constituents from a solid waste
22 management unit that is a treatment, storage, or disposal facility permitted under G.S.
23 130A-294(c) has been completed to current standards. A request for a determination
24 that a corrective action at a facility has been completed to current standards shall be
25 accompanied by the fee required by G.S. 130A-310.39(a)(2). If the Department
26 determines that the corrective action at a facility has been completed to current
27 standards, the Department shall issue a written notification that no further corrective
28 action will be required at the facility. The notification shall state that no further
29 corrective action will be required at the facility unless the Department later
30 determines, based on new information or information not previously provided to the
31 Department, that the corrective action at the facility has not been completed to
32 current standards or that the Department was provided with false or incomplete
33 information. Under any of those circumstances, the Department may withdraw the
34 notification and require responsible parties to take corrective action at a facility to
35 bring the facility into compliance with current standards."

36 Section 5. G.S. 130A-310.7 reads as rewritten:

37 "**§ 130A-310.7. Action for reimbursement; ~~liability of responsible parties~~; parties;**

42 (2) Contracts or arranges for any discharge or deposit; or
43 (3) Accepts for discharge or deposit; or

1 (4) Transports or arranges for transport for the purpose of discharge or
2 deposit
3 any hazardous substance, the result of which discharge or deposit is the existence of
4 an inactive hazardous substance or waste disposal site, shall be considered a
5 responsible party. Neither an innocent landowner who is a bona fide purchaser of
6 the inactive hazardous substance or waste disposal site without knowledge or without
7 a reasonable basis for knowing that hazardous substance or waste disposal had
8 occurred nor a person whose interest or ownership in the inactive hazardous
9 substance or waste disposal site is based on or derived from a security interest in the
10 property shall be considered a responsible party. A responsible party shall be directly
11 liable to the State for any or all of the reasonably necessary expenses of developing
12 and implementing a remedial action program for such site. The Secretary shall bring
13 an action for reimbursement of the Inactive Hazardous Sites Cleanup Fund in the
14 name of the State in the superior court of the county in which the site is located to
15 recover such sum and the cost of bringing the action. The State must show that a
16 danger to the public health or the environment existed and that the State complied
17 with the provisions of this Part.

18 (b) There shall be no liability under this section for a person who can establish by
19 a preponderance of the evidence that the danger to the public health or the
20 environment caused by the site was caused solely by:

- 21 (1) An act of God; or
22 (2) An act of war; or
23 (3) An intentional act or omission of a third party (but this defense
24 shall not be available if the act or omission is that of an employee
25 or agent of the defendant, or if the act or omission occurs in
26 connection with a contractual relationship with the defendant); or
27 (4) Any combination of the above causes.

28 (c) The definitions set out in G.S. 130A-310.31(b) apply to this subsection. Any
29 person may submit a written request to the Department for a determination that a site
30 that is subject to this Part has been remediated to current standards as provided in
31 Part 5 of Article 9 of Chapter 130A of the General Statutes. A request for a
32 determination that a site has been remediated to current standards shall be
33 accompanied by the fee required by G.S. 130A-310.39(a)(2). If the Department
34 determines that the site has been remediated to current standards, the Department
35 shall issue a written notification that no further remediation will be required at the
36 site. The notification shall state that no further remediation will be required at the
37 site unless the Department later determines, based on new information or information
38 not previously provided to the Department, that the site has not been remediated to
39 current standards or that the Department was provided with false or incomplete
40 information. Under any of those circumstances, the Department may withdraw the
41 notification and require responsible parties to remediate the site to current
42 standards."

43 Section 6. G.S. 143-215.3 is amended by adding a new subsection to
44 read:

1 "(f) Notification of Completed Remedial Action. -- The definitions set out in G.S.
2 130A-310.31(b) apply to this subsection. Any person may submit a written request to
3 the Department for a determination that groundwater has been remediated to meet
4 the standards and classifications established under this Part. A request for a
5 determination that groundwater has been remediated to meet the standards and
6 classifications established under this Part shall be accompanied by the fee required by
7 G.S. 130A-310.39(a)(2). If the Department determines that groundwater has been
8 remediated to established standards and classifications, the Department shall issue a
9 written notification that no further remediation of the groundwater will be required.
10 The notification shall state that no further remediation of the groundwater will be
11 required unless the Department later determines, based on new information or
12 information not previously provided to the Department, that the groundwater has not
13 been remediated to established standards and classifications or that the Department
14 was provided with false or incomplete information. Under any of those
15 circumstances, the Department may withdraw the notification and require responsible
16 parties to remediate the groundwater to established standards and classifications."

17 Section 7. G.S. 143-215.84 is amended by adding a new subsection to
18 read:

19 "(e) Notification of Completed Removal of Prohibited Discharges. -- The
20 definitions set out in G.S. 130A-310.31(b) apply to this subsection. Any person may
21 submit a written request to the Department for a determination that a discharge of oil
22 or a hazardous substance in violation of this Article has been remediated to current
23 standards. A request for a determination that a discharge has been remediated to
24 current standards shall be accompanied by the fee required by G.S.
25 130A-310.39(a)(2). If the Department determines that the discharge has been
26 remediated to current standards, the Department shall issue a written notification that
27 no further remediation of the discharge will be required. The notification shall state
28 that no further remediation of the discharge will be required unless the Department
29 later determines, based on new information or information not previously provided to
30 the Department, that the discharge has not been remediated to current standards or
31 that the Department was provided with false or incomplete information. Under any
32 of those circumstances, the Department may withdraw the notification and require
33 responsible parties to remediate the discharge to current standards."

34 Section 8. This act shall not be construed to obligate the General
35 Assembly to make any appropriation to implement the provisions of this act. The
36 Department of Environment, Health, and Natural Resources shall implement the
37 provisions of this act from funds otherwise available or appropriated to the
38 Department.

39 Section 9. This act becomes effective 1 October 1997.

1 A BILL TO BE ENTITLED
2 AN ACT TO AUTHORIZE CERTAIN WATER AND SEWER AUTHORITIES TO
3 ENTER INTO CERTAIN AGREEMENTS.

4 The General Assembly of North Carolina enacts:

5 Section 1. G.S. 162A-6 is amended by adding a new subdivision to read:
6 "(17) Each authority created under G.S. 162A-3.1 and its participating
7 political subdivisions may enter into agreements obligating these
8 subdivisions to make payments to the authority for treated water
9 delivered or made available or expected to be delivered or made
10 available by the authority, regardless of whether treated water is
11 actually delivered or made available. Such payments may be
12 designed to cover the authority's operating costs (including debt
13 service and related amounts) by allocating those costs among the
14 participating political subdivisions and by requiring these
15 subdivisions to pay additional amounts to make up for the
16 nonpayment of defaulting subdivisions. The participating political
17 subdivisions may agree to budget for and appropriate such
18 payments. Such payment obligations may be made absolute,
19 unconditional and irrevocable and required to be performed
20 strictly in accordance with the terms of such agreements and
21 without abatement or reduction under all circumstances
22 whatsoever, including whether or not any facility of the authority is
23 completed, operable or operating and notwithstanding the

1 suspension, interruption, interference, reduction or curtailment of
2 the output of any such facility or the treated water contracted for,
3 and such obligations may be made subject to no reduction,
4 whether by offset or otherwise, and not conditioned upon the
5 performance or nonperformance of the authority or any
6 participating political subdivision under any agreement. Such
7 payment obligations are in consideration of any output or capacity
8 that may at any time be available from facilities of the authority.
9 The participating political subdivisions may agree to make such
10 payments from limited or specified sources. To the extent such
11 payments relate to debt service of the authority and related
12 amounts, they may not be made from any moneys derived from
13 exercise by the participating political subdivisions of their taxing
14 power, and such payment obligations shall not constitute a pledge
15 of such taxing power. The participating political subdivisions may
16 agree (i) not to pledge or encumber any source of payment and (ii)
17 to operate (including fixing rates and charges) in a manner that
18 enables them to make such payments from such sources. The
19 participating political subdivisions may also secure such payment
20 obligations with a pledge of or lien upon any such sources of
21 payment. Notwithstanding the provisions of G.S. 162A-9 or any
22 other law to the contrary, an authority entering into any such
23 agreement need not fix rates, fees and other charges for its services
24 except as provided herein, and such rates, fees and charges need
25 not be uniform through the authority's service areas.
26 Notwithstanding the provisions of G.S. 160A-322 or any other law
27 to the contrary, agreements described herein may have a term not
28 exceeding 50 years. Notwithstanding any law to the contrary, the
29 execution and effectiveness of any agreement authorized hereby
30 shall not be subject to any authorizations or approvals by any
31 entity except the parties thereto. Each authority and its
32 participating political subdivisions shall have the power to do all
33 acts and things necessary or convenient to carry out the powers
34 granted by this subdivision. This subdivision applies only to
35 authorities created under G.S. 162A-3.1 at least half the
36 participating political subdivisions of which have populations of at
37 least 65,000 according to the most recent decennial federal census."

38 Section 2. This act is effective when it becomes law.

26 granted by this subdivision may be exercised
27 by an authority only to the extent that the
28 service, whether water, sewer, or a
29 combination thereof, to be provided by the
30 authority is not then being provided to the
31 improved property by any other political
32 subdivision or by a public utility regulated
33 by the North Carolina Utilities Commission
34 pursuant to Chapter 62 of the General
35 Statutes. In the case of improved property
36 that would qualify for the issuance of a
37 building permit for the construction of one or
38 more residential dwelling units or commercial
39 establishments and where the authority has
40 installed water or sewer lines or a
41 combination thereof directly available to the
42 property, the authority may require payment of
43 a periodic availability charge, not to exceed
44 the minimum periodic service charge for

1 properties that are connected. This
2 subdivision applies only to a water and sewer
3 authority whose membership includes part or
4 all of a county that has a population of at
5 least 40,000 according to the most recent
6 annual population estimates certified by the
7 State Planning Officer.

8 (15) To do all acts and things necessary or convenient
9 to carry out the powers granted by this Article.

10 (16) To purchase real or personal property as provided
11 by G.S. 160A-20, in addition to any other method
12 allowed under this Article.

13 (b) In addition to the powers given under subsection (a) of
14 this section, an authority created under G.S. 162A-3.1 and its
15 participating political subdivisions may enter into agreements
16 obligating these subdivisions to make payments to the authority
17 for treated water delivered or made available or expected to be
18 delivered or made available by the authority, regardless of
19 whether treated water is actually delivered or made available.
20 Such payments may be designed to cover the authority's operating
21 costs (including debt service and related amounts) by allocating
22 those costs among the participating political subdivisions and by
23 requiring these subdivisions to pay additional amounts to make up
24 for the nonpayment of defaulting subdivisions. The participating
25 political subdivisions may agree to budget for and appropriate
26 such payments. Such payment obligations may be made absolute,
27 unconditional and irrevocable and required to be performed
28 strictly in accordance with the terms of such agreements and
29 without abatement or reduction under all circumstances
30 whatsoever, including whether or not any facility of the
31 authority is completed, operable or operating and notwithstanding
32 the suspension, interruption, interference, reduction or
33 curtailment of the output of any such facility or the treated
34 water contracted for, and such obligations may be made subject to
35 no reduction, whether by offset or otherwise, and not conditioned
36 upon the performance or nonperformance of the authority or any
37 participating political subdivision under any agreement. Such
38 payment obligations are in consideration of any output or
39 capacity that may at any time be available from facilities of the
40 authority. The participating political subdivisions may agree to
41 make such payments from limited or specified sources. To the
42 extent such payments relate to debt service of the authority and
43 related amounts, they may not be made from any moneys derived
44 from exercise by the participating political subdivisions of

1 their taxing power, and such payment obligations shall not
2 constitute a pledge of such taxing power. The participating
3 political subdivisions may agree (i) not to pledge or encumber
4 any source of payment and (ii) to operate (including fixing rates
5 and charges) in a manner that enables them to make such payments
6 from such sources. The participating political subdivisions may
7 also secure such payment obligations with a pledge of or lien
8 upon any such sources of payment. Notwithstanding the provisions
9 of G.S. 162A-9 or any other law to the contrary, an authority
10 entering into any such agreement need not fix rates, fees and
11 other charges for its services except as provided herein, and
12 such rates, fees and charges need not be uniform through the
13 authority's service areas. Notwithstanding the provisions of
14 G.S. 160A-322 or any other law to the contrary, agreements
15 described herein may have a term not exceeding 50 years.
16 Notwithstanding any law to the contrary, the execution and
17 effectiveness of any agreement authorized hereby shall not be
18 subject to any authorizations or approvals by any entity except
19 the parties thereto. Each authority and its participating
20 political subdivisions shall have the power to do all acts and
21 things necessary or convenient to carry out the powers granted by
22 this subdivision. This subsection applies only to authorities
23 created under G.S. 162A-3.1, at least half the participating
24 political subdivisions of which have populations of at least
25 65,000 according to the most recent decennial federal census.
26 (c) In addition to the powers given under subsections (a) and
27 (b) of this section, an authority that holds a certificate issued
28 by the Environmental Management Commission under G.S. 162A-7
29 (repealed) may acquire property by the power of eminent domain or
30 by gift, purchase, grant, exchange, lease, or any other lawful
31 method for one or more of the following purposes:
32 1. To relocate a road or to construct a road
33 necessitated by construction of water supply
34 project.
35 2. To establish, extend, enlarge, or improve storm
36 sewer and drainage systems and works, or sewer and
37 septic tank lines and systems.
38 3. To establish drainage programs and programs to
39 prevent obstructions to the natural flow of
40 streams, creeks and natural water channels or
41 improving drainage facilities. The authority
42 contained in this subdivision is in addition to any
43 authority contained in Chapter 156.
44 4. To acquire property for wetlands mitigation."

EXPLANATION OF HOUSE BILL 847:
PROPOSED COMMITTEE SUBSTITUTE
Additional Powers/Certain Water Authorities

TO: Senate Finance Committee
FROM: Committee Counsel
DATE: June 25, 1997
SPONSOR: Rep. Culp

Proposed Committee Substitute for House Bill 847 adds new powers to those given to a water and sewer authority under G.S. 162A-7. A water and sewer authority may be created by a county or by the governing bodies of two or more political subdivisions. The purpose of a water and sewer authority is to provide a water supply system and to regulate and control treatment of sewage and stormwater drainage.

Under new subsection (b), water and sewer authorities created under G.S. 162A-3.1 and with respect to which at least half the participating political subdivisions have populations of at least 65,000 are authorized to enter into long-term (up to 50 years) continuing contracts with their participating subdivisions. (It is believed that the only authority that meets the criteria of G.S. 162A-3.1 is Piedmont Triad Water Authority.) These contracts would obligate the subdivisions to pay for treated water that is delivered or made available by their authority, regardless of whether the water actually is delivered or made available. The payments may cover the authority's operating costs, including debt service, by allocating the costs among the political subdivisions and by requiring payment by the other subdivisions upon the default of another subdivision. Payments that relate to the authority's debt service may not be made from tax revenue of the participating political subdivisions and may not constitute a pledge of their taxing power. In addition, the participating political subdivisions may agree not to pledge or encumber any source of payment and to operate, such as by fixing rates and charges, in order to enable them to make the payments from those sources. Unlike other rates set by the authority, rates and charges in connection to these agreements would not be required to be uniform throughout the authority's service area. A contract would not be subject to the authorization or approval by any entity other than the parties. (However, revenue bonds to be issued that are secured by one of these contracts would be subject to the scrutiny of the Local Government Commission.)

Subsection (b) of the bill was requested by bond counsel, and appears to address a project financed with revenue bonds, where the potential buyers do not feel as if the revenue is sufficiently secure since it probably is unclear how

much treated water will, in fact, be sold. According to David Lawrence, Institute of Government, a case in Washington that arose upon the financial collapse of a project, held that absent specific statutory authority to enter into these types of agreements, the agreements were void and the participating governmental units could not be made to pay the remaining debts. As a result of this case, bond counsel are asking for this type of law. There is precedent in North Carolina for this type of statutory authority. G.S. 159B-12 authorizes any municipality that is a member of a joint power agency to enter into similar contracts. The major exception is that certain contracts "in respect of a capital project to be used by or for the benefit" of the municipality must receive the prior approval of the Local Government Commission.

Under new subsection (c), an authority, that has a certificate issued by the Environmental Management Commission under G.S. 162A-7 (repealed) may exercise the powers of eminent domain for the following purposes:

1. To relocate a road or to construct a road necessitated by construction of a water supply project.
2. To establish, extend, enlarge, or improve storm sewer and drainage systems and works.
3. To establish drainage programs and programs to prevent obstructions to the natural flow of streams, creeks, and natural water channels.
4. To improve drainage facilities.
5. To acquire property for wetlands mitigation.

According to John Kime, with the Piedmont Triad Water Authority, subsection (c) is necessary to insure that the Authority has sufficient powers of eminent domain not only to acquire the property for Randleman Lake, but also to construct roads and to acquire property for wetlands mitigation necessary for completion of the project. The Authority is the only one holding a certificate under G.S. 162A-7 that has not completed its project.

EXPLANATION OF HOUSE BILL 96:
Intangibles Tax Remedy (PCS)

TO: Senate Finance Committee
FROM: Committee Staff
DATE: July 14, 1997

The proposed Senate committee substitute for House Bill 96 has two provisions regarding the intangibles tax:

1. It provides a refund of the intangibles tax on stock, with interest, to taxpayers who made a timely protest ("protesters") for the 1990 through 1994 tax years. (Sections 1 and 2)
2. It directs the Secretary of Revenue to, as soon as possible, mail a copy of the Wake County Superior Court's notice in the class action lawsuit Smith v. State to all protesters that she has identified. (Section 3)

Since the enactment of Senate Bill 388, S.L. 1997-17, the State is obligated to pay protesters their refunds. The bill does not provide relief to nonprotesters. The Attorney General's office issued an opinion in April that it would be unconstitutional for the General Assembly to refund intangible taxes not filed under protest.

There is a lawsuit pending in Wake County Superior Court called Smith v. State, seeking refunds of intangibles taxes paid for the 1991 through 1994 tax years. The court has certified the case as a class action representing all taxpayers who paid under timely protest. On June 11, 1997, the court entered judgment in favor of the protesters, awarding them full refunds with interest.

On August 8, 1997, the court will hold a hearing to decide various issues including an award of attorneys fees and costs to the plaintiffs' attorneys in the class action lawsuit. Any such award will be deducted from the interest paid on refunds to the protesters who are members of the class. The attorneys have requested a fee equal to 16% of the total amount to be paid to protesters. The Department of Revenue and the State of North Carolina are opposing any award of attorneys fees on the grounds that the Department of Revenue will pay all protesters for the 1992 through 1994 tax years anyway, whether or not there is a court order.

A taxpayer may decide to "opt out" of the class. By doing so, the taxpayer will avoid having attorneys fees deducted from the taxpayer's intangibles tax refund. A taxpayer who opts out will still receive a refund for any of the tax

years from 1992 through 1994 for which the taxpayer was a timely protester. Most taxpayers who protested did so only for 1993, 1994, or both. If a taxpayer paid under protest for 1991 but did not "preserve" the protest by filing suit, the taxpayer will not receive a refund for that year unless the taxpayer remains in the class. Most taxpayers did not pay under protest for the 1991 tax year, however.

The court has issued a notice of the lawsuit and the possibility opting out. The notice, which sets a July 28, 1997, deadline for opting out, has been published in newspapers across the State, but many affected taxpayers have not seen the notice because it was in the classifieds section. Section 3 of the bill directs the Secretary of Revenue to mail a notice to as many affected taxpayers as possible and provides funds for the cost of the mailing. Section 3 states the General Assembly's intent that as many affected taxpayers as possible receive actual, complete information before the deadline set by the court for taxpayers to make a decision regarding the class action lawsuit.

On February 10, 1997, the North Carolina Supreme Court held that the taxable percentage deduction in the North Carolina intangible tax on stock violated the commerce clause by discriminating against out-of-state companies. The deduction reduced a taxpayer's liability for the tax in proportion to the amount of business the corporation did in North Carolina. The court did not order refunds. Instead, it allowed the possibility of curing the past discrimination by the assessment of intangibles tax on those who did not pay in reliance on the unconstitutional taxable percentage deduction. The Secretary of Revenue began preparing to take this action in early March.

However, on April 9, 1997, the General Assembly ratified Senate Bill 388, and the Governor signed it into law, S.L. 1997-17, on April 10, 1997. That legislation directed the Secretary of Revenue to take no action to collect or assess back intangibles tax for tax years 1990 through 1994. The act forecloses the possibility of assessments on those who relied on the taxable percentage deduction. Therefore, to cure the past discrimination, the General Assembly must now provide intangibles tax refunds to those intangibles taxpayers who paid tax on shares of stock and who protested the payment of the tax within 30 days of payment.

House Bill 96 does not provide relief to nonprotesters. Because the State has no legal obligation to these taxpayers, any payments would be an exclusive emolument prohibited by Article I, Section 32 of the North Carolina Constitution. The exclusive emoluments provision of the State Constitution prohibits the legislature from extending special privileges to a select group of individuals except in consideration of public services.

3 COMMISSION, TO REQUIRE THAT WELL CONTRACTORS BE CERTIFIED,
4 AND TO MAKE VARIOUS AMENDMENTS TO THE WELL
5 CONSTRUCTION ACT, AS RECOMMENDED BY THE ENVIRONMENTAL
6 REVIEW COMMISSION.

7 The General Assembly of North Carolina enacts:

8 Section 1. Article 7 of Chapter 143B of the General Statutes is amended
9 by adding a new Part to read:

10 "Part 9A. Well Contractors Certification Commission.

11 "§ 143B-301.10. Definitions.

12 The definitions in G.S. 87-85 and G.S. 87-98.2 apply in this Part.

13 "§ 143B-301.11. Creation, powers, and duties of the Commission.

14 (a) Creation and Duties. -- The Well Contractors Certification Commission is

34 (f) Removal. -- The Governor may remove any member of the Commission from

32 this Article.

33 **"§ 87-98.8. Disciplinary actions.**

34 The Commission may issue a written reprimand to a well contractor or, in
35 accordance with the provisions of Article 3A of Chapter 150B of the General

37 finds that the well contractor has:

38 (1) Engaged in fraud or deception in connection with obtaining
39 certification or in connection with any well contractor activity.

40 (2) Failed to use reasonable care, judgment, or the application of the
41 person's knowledge or ability in the performance of any well
42 contractor activity.

43 (3) Been grossly negligent or has demonstrated willful disregard of any
44 applicable laws or rules governing well construction.

(4) Failed to satisfactorily complete continuing education requirements established by the Commission.

"§ 87-98.9. Fees; Well Construction Fund.

The fee for certification by examination may not exceed one hundred dollars (\$100.00), the annual fee may not exceed two hundred dollars (\$200.00) per year, and the temporary certification fee shall not exceed one hundred dollars (\$100.00). A well contractor certificate is void if the well contractor fails to pay the annual fee within 30 days of the date the fee is due.

(b) Fund. -- The Well Construction Fund is created as a nonreverting account within the Department. All fees collected pursuant to this Article shall be credited to the Fund. The Fund shall be used for the costs of administering this Article.

"§ 87-98.13. Injunctive relief.

Upon violation of this Article, a rule adopted under this Article, or an order issued under this Article, the Secretary may, either before or after the institution of proceedings for the collection of any penalty imposed under this Article for the violation, request the Attorney General to institute a civil action in the superior court in the name of the State for injunctive relief to restrain the violation or require corrective action and for any other relief the court finds proper. Initiating an action shall not relieve any party to the proceedings from any penalty prescribed by this Article."

EXPLANATION OF HOUSE BILL 251:
Well Contractors Certification (2nd Edition)

TO: House Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 14, 1997
SPONSOR: Representative Culp
Recommendation of the Environmental Review Commission

House Bill 251 creates the Well Contractors Certification Commission, requires that well contractors be certified under the Well Contractors Certification Act, and makes various changes to the Well Construction Act.

Under current law, a person engaged in the well construction business must register annually with the Department of Environment, Health, and Natural Resources and must construct wells consistent with the requirements of the North Carolina Well Construction Act. This bill will repeal the registration requirement, effective January 1, 1999, and substitute a certification requirement.

Under the bill, a person engaging in the well construction business must be certified by the North Carolina Well Contractors Certification Commission, which is created in this bill. The Commission may establish different types of well contractor certifications based on the activities performed. To be certified, a person must meet minimum education, knowledge, and experience requirements for the classification in which the person desires to be certified. The certification is valid for one year. The Commission will establish minimum continuing education requirements that must be met before the certification can be renewed. The fees for certification can not exceed the following:

Examination Fee	\$150
Annual certification fee	\$350
Temporary certification fee	\$100

The fees will be credited to a newly created Well Construction Fund. The Fund is created as a nonreverting account. Under current law, there is a \$50 fee for the annual registration of well contractors. The bill provides that this fee will also be credited to this Fund.

The Commission will consist of 6 members in the well construction business appointed by the General Assembly and 1 public member appointed by the Governor. The Commission may adopt rules for the certification of well contractors, make final agency decisions regarding civil penalties assessed for violations of well certification laws, and adopt rules to secure federal aid for well contraction certification programs.

A person who has engaged in the well construction business since July 1, 1986, and who has been registered with the DEHNR since July 1, 1992, or who has been an employee of a company registered with DEHNR since July 1, 1992, will be grandfathered into the certification process. These people will not need to pass an examination as a condition of certification. A person working under the supervision of a certified well contractor and a person who constructs a well on land owned or lease by that person is exempt from the certification requirements of this bill.

The bill also makes the following changes in the Well Construction Act:

1. It repeals the current exemption for wells constructed by a person on land owned or leased by the person. Thus, under this bill, all wells must meet the specifications of the Well Construction Act.
2. A person who violates the Well Construction Act or the Well Construction Certification Act may be assessed a civil penalty of not more than \$100 a day. Under current law, a penalty cannot be assessed until the person alleged to be in violation has been notified of the alleged violation and given an opportunity to take the remedial action described in the notice of noncompliance. If the person takes the remedial action within the time frame given, the penalty is not assessed. This bill removes this provision. Therefore, the civil penalty may be imposed regardless of whether or not the person undertakes the remedial action described in the notice.

PROGRAM(S) AFFECTED: Department of Environment, Health, and Natural Resources, Division of Water Quality

EFFECTIVE DATE: When the act becomes law, except for G.S. 87-98(a), the certification requirement, and G.S. 87-98.14, injunctive relief, as enacted by Section 2, which become effective January 1, 1999, and Section 5 requiring registration fees to be credited to the Well Construction Fund, which becomes effective July 1, 1997, and Section 6 repealing the registration fee requirement, which becomes effective January 1, 1999.

* Revenue estimate based on the maximum fee allowed by the act.

** See statement on page 3, under Assumptions and Methodology regarding the creation of the Well Construction Fund.

◆ Annual Certification Renewal

The bill establishes a certification requirement for well contractors effective January 1, 1999 and sets the maximum annual certification fee charged by the commission at \$200.00. However, the commission is authorized to set a lower renewal fee to more accurately reflect actual program costs. The department estimates that an annual certification fee of \$125.00 is sufficient to cover the costs of the certification program.

All persons registered with the department for the 1997-98 fiscal year to perform well construction activities are expected to pay the certification fee beginning with the 1998-99 fiscal year. Again, the department expects the number of certifications to increase by 25 each year. Based on the number of annual certification renewals anticipated by the department, the projected revenue from the annual certification fee beginning with the 1998-99 fiscal year is reflected in the following table. The projected revenue from certifications based on a fee of \$125.00 as recommended by the department is also included.

Revenue from Annual Certification Renewal	FY 1998-99	FY 1999-00	FY 2000-01	FY 2001-02
# of Well Contractors	650	675	700	725
Maximum Annual Certification Revenue (\$200.00)	130,000	135,000	140,000	145,000
Annual Certification Revenue Based on Projected Operating Requirements (\$125.00)	81,250	84,375	87,500	90,625

◆ Certification by Examination

Any person performing well contractor activities who is not eligible for certification without examination must satisfactorily complete any training and examination requirements established by the commission. The bill authorizes the commission to charge up to \$100.00 for the examination. Because the well contractor certification requirement is new, the department initially expects 200 persons will be required to seek certification by examination for the 1998-99 fiscal year. However, the number of persons certified annually by examination is expected to level off immediately to 25, beginning with the 1999-2000 fiscal year.

Revenue from Certification by Examination	FY 1998-99	FY 1999-00	FY 2000-01	FY 2001-02
# Examined	200	25	25	25
Maximum Examination Fee (\$100.00)	20,000	2,500	2,500	2,500

◆ Temporary Certification

The bill also provides for temporary certification of persons approved by the commission. The department projects 25 persons will seek temporary certification each year. The commission may charge up to \$100.00 for each temporary certification.

Revenue from Temporary Certifications	FY 1998-99	FY 1999-00	FY 2000-01	FY 2001-02
# Temporary Well Contractors	25	25	25	25
Maximum Temporary Certification Fee (\$100.00)	2,500	2,500	2,500	2,500

Expenditures

The bill provides eighteen months for the commission to adopt permanent rules to meet the requirements of the bill, in accordance with the Administrative Procedures Act, before the certification requirement goes into effect January 1, 1999. Until such time, costs incurred by the commission are expected to be limited to allowable per diem, travel and subsistence for commission members, clerical support and operational expenses, such as postage, telephone and printing.

The commission is expected to meet more frequently during the first two years to adopt formal rules governing the certification of well contractors; therefore per diem and travel expenses for the commission will be higher the first two years. For the purpose of estimating commission expenses, it is assumed the commission will hold twelve meetings in 1997-98, eight meetings in 1998-99 and quarterly meetings each year thereafter.

According to the department, additional staff support will not required until the 1998-99 fiscal year, when the certification requirement becomes effective. The department will use existing staff to provide any clerical support needed by the commission during the 1997-98 fiscal year. Beginning with the 1998-99 fiscal year, the department anticipates the need for two full-time staff to support the commission and the certification program. An Office Assistant III will provide clerical support to the commission, as well as manage and maintain the certification records. A hydrogeologist will also be employed to provide technical expertise to the commission, to include assistance with certification oversight and enforcement.

The total estimated budget requirements for the Well Contractors Certification program are outlined in the following table:

	FY 1997-98	FY 1998-99	FY 1999-00	FY 2000-01	FY 2001-02
Personnel					
Office Assistant III		23,025	23,749	24,520	25,340
Hydrogeologist I		40,958	42,292	43,711	45,222
Total Salaries & Benefits *	-	63,984	66,041	68,231	70,562
Positions		2.0	2.0	2.0	2.0
Operating Expenses	2,000	27,000	17,000	17,000	17,000
Commission Expenses	8,652	5,768	2,884	2,884	2,884
Total Requirements	\$10,652	\$96,752	\$85,925	\$88,115	\$90,446

* Beginning with the 1998-99 fiscal year, salaries are adjusted to reflect the projected growth estimated for average hourly earnings in manufacturing. The inflation rates used are based on forecasts by Data Resources, Inc.

TECHNICAL CONSIDERATIONS:

The bill allows the commission and the Secretary of DEHNR to provide training for well contractors in cooperation with educational institutions, professional associations and others. If the commission and the Secretary decide to make training and continuing education offerings available to well contractors, the costs associated with those offerings will be funded with receipts from the Well Construction Fund, as required by the bill.

Until the scope of any proposed educational requirements/offerings is defined, the costs of implementing training and education programs for contractors cannot be estimated. However, according to the department, some professional associations offer well drilling review courses at a cost of \$100 per course. A more comprehensive training program is expected to require additional staff and operating support.

1 (b) Administration. A tax levied under this section shall be levied,
2 administered, collected, and repealed as provided in G.S. 153A-155. The penalties
3 provided in G.S. 153A-155 apply to a tax levied under this section.

4 (c) Distribution and use of tax revenue. Brunswick County shall, on a
5 monthly basis, remit the net proceeds of the occupancy tax to the Brunswick Tourism
6 Development Authority. The Authority shall use the funds remitted to it under this
7 subsection to promote travel and tourism in Brunswick County. No more than ten
8 percent (10%) of the funds remitted to the Authority under this subsection may be
9 used for the Authority's administrative expenses, including salaries and benefits.

10 The following definitions apply in this subsection:

11 (1) Net proceeds. -- Gross proceeds less the cost to the county of
12 administering and collecting the tax, as determined by the finance
13 officer, not to exceed three percent (3%) of the gross proceeds.

14 (2) Promote travel and tourism. -- To advertise or market an area or
15 activity, publish and distribute pamphlets and other materials,
16 conduct market research, or engage in similar promotional
17 activities that attract tourists or business travelers to the area; the
18 term includes administrative expenses incurred in engaging in the
19 listed activities.

20 Section 2. Brunswick Tourism Development Authority. (a)
21 Appointment and membership. When the board of commissioners of Brunswick
22 County adopts a resolution levying a room occupancy tax under Section 1 of this act,
23 it shall also adopt a resolution creating a county Tourism Development Authority,
24 which shall be a public authority under the Local Government Budget and Fiscal
25 Control Act. The Authority shall have 10 members appointed by the Brunswick
26 County Commissioners as follows:

27 (1) Five individuals who are currently involved in the promotion of
28 travel and tourism, selected by the Brunswick County
29 Commissioners.

30 (2) Five individuals selected jointly by the South Brunswick Islands
31 Chamber of Commerce and the Southport-Oak Island Chamber of
32 Commerce.

33 The resolution shall provide for the members' terms of office and for the
34 filling of vacancies on the Authority. The board of commissioners shall designate one
35 member of the Authority as chair. Members of the Authority shall serve without
36 compensation.

37 The Authority shall meet monthly and shall adopt rules of procedure to
38 govern its meetings. The Finance Officer for Brunswick County shall be the ex
39 officio finance officer of the Authority.

40 (b) Duties. The Authority shall expend the net proceeds of the tax
41 levied under Section 1 of this act to promote travel and tourism in Brunswick County
42 as provided in Section 1 of this act. The Authority shall promote travel, tourism, and
43 conventions in the county.

1 (c) Reports. The Authority shall report quarterly and at the close of the
2 fiscal year to the board of commissioners on its receipts and expenditures for the
3 preceding quarter and for the year in such detail as the board may require.

4 Section 3. County administrative provisions. Section 3(b) of S.L. 1997-
5 102, as amended by Section 2 of S.L. 1997-255, reads as rewritten:

6 "(b) This section applies only to ~~Madison and Nash~~ Brunswick, Madison, Nash,
7 and Person Counties."

8 Section 4. Conforming change. Section 2(a2) of Chapter 664 of the 1991
9 Session Laws, as enacted by Chapter 617 of the 1993 Session Laws, is repealed.

10 Section 5. Municipal administrative provisions. (a) Article 9 of Chapter
11 160A of the General Statutes is amended by adding a new section to read:

12 "§ 160A-215. Uniform provisions for room occupancy taxes.

13 (a) Scope. -- This section applies only to municipalities the General Assembly has
14 authorized to levy room occupancy taxes. For the purpose of this section, the term
15 'city' means a municipality.

16 (b) Levy. -- A room occupancy tax may be levied only by resolution, after not less
17 than 10 days' public notice and after a public hearing held pursuant thereto. A room
18 occupancy tax shall become effective on the date specified in the resolution levying
19 the tax. That date must be the first day of a calendar month, however, and may not
20 be earlier than the first day of the second month after the date the resolution is
21 adopted.

22 (c) Collection. -- Every operator of a business subject to a room occupancy tax
23 shall, on and after the effective date of the levy of the tax, collect the tax. The tax
24 shall be collected as part of the charge for furnishing a taxable accommodation. The
25 tax shall be stated and charged separately from the sales records and shall be paid by
26 the purchaser to the operator of the business as trustee for and on account of the
27 taxing city. The tax shall be added to the sales price and shall be passed on to the
28 purchaser instead of being borne by the operator of the business. The taxing city
29 shall design, print, and furnish to all appropriate businesses and persons in the city
30 the necessary forms for filing returns and instructions to ensure the full collection of
31 the tax. An operator of a business who collects a room occupancy tax may deduct
32 from the amount remitted to the taxing city a discount equal to the discount the State
33 allows the operator for State sales and use tax.

34 (d) Administration. -- The taxing city shall administer a room occupancy tax it
35 levies. A room occupancy tax is due and payable to the city finance officer in
36 monthly installments on or before the 15th day of the month following the month in
37 which the tax accrues. Every person, firm, corporation, or association liable for the
38 tax shall, on or before the 15th day of each month, prepare and render a return on a
39 form prescribed by the taxing city. The return shall state the total gross receipts
40 derived in the preceding month from rentals upon which the tax is levied. A room
41 occupancy tax return filed with the city finance officer is not a public record and may
42 not be disclosed except in accordance with G.S. 153A-148.1 or G.S. 160A-208.1.

43 (e) Penalties. -- A person, firm, corporation, or association who fails or refuses to
44 file a room occupancy tax return or pay a room occupancy tax as required by law is

1 subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file
2 a return for State sales and use taxes. The governing board of the taxing city has the
3 same authority to waive the penalties for a room occupancy tax that the Secretary of
4 Revenue has to waive the penalties for State sales and use taxes.

5 (f) Repeal or Reduction. -- A room occupancy tax levied by a city may be
6 repealed or reduced by a resolution adopted by the governing body of the city.
7 Repeal or reduction of a room occupancy tax shall become effective on the first day
8 of a month and may not become effective until the end of the fiscal year in which the
9 resolution was adopted. Repeal or reduction of a room occupancy tax does not affect
10 a liability for a tax that was attached before the effective date of the repeal or
11 reduction, nor does it affect a right to a refund of a tax that accrued before the
12 effective date of the repeal or reduction."

13 (b) This section applies only to the municipalities in Brunswick County.

14 Section 6. Shallotte occupancy tax. (a) Authorization and scope. The
15 Board of Aldermen of the Town of Shallotte may levy a room occupancy tax of up to
16 three percent (3%) of the gross receipts derived from the rental of any room, lodging,
17 or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place
18 within the town that is subject to sales tax imposed by the State under G.S.
19 105-164.4(a)(3) and from the rental of private residences and cottages within the town
20 that are exempt from the sales tax imposed under G.S. 105-164.4(a)(3) solely because
21 they are rented for less than 15 days. This tax is in addition to any State or local
22 sales tax. This tax does not apply to accommodations furnished by nonprofit
23 charitable, educational, or religious organizations when furnished in furtherance of
24 their nonprofit purpose.

25 (b) Administration. A tax levied under this section shall be levied,
26 administered, collected, and repealed as provided in G.S. 160A-215. The penalties
27 provided in G.S. 160A-215 apply to a tax levied under this section.

28 (c) Distribution and use of tax revenue. The Town of Shallotte shall, on
29 a quarterly basis, remit the net proceeds of the occupancy tax to the Shallotte
30 Tourism Development Authority. The Authority shall use at least one-half of the
31 funds remitted to it under this subsection to promote travel and tourism in Shallotte
32 and shall use the remainder for tourism-related expenditures.

33 The following definitions apply in this subsection:

- 34 (1) Net proceeds. -- Gross proceeds less the cost to the town of
35 administering and collecting the tax, as determined by the finance
36 officer, not to exceed three percent (3%) of the first five hundred
37 thousand dollars (\$500,000) of gross proceeds collected each year
38 and one percent (1%) of the remaining gross receipts collected
39 each year.
- 40 (2) Promote travel and tourism. -- To advertise or market an area or
41 activity, publish and distribute pamphlets and other materials,
42 conduct market research, or engage in similar promotional
43 activities that attract tourists or business travelers to the area; the

1 term includes administrative expenses incurred in engaging in the
2 listed activities.

3 (3) Tourism-related expenditures. -- Expenditures that, in the
4 judgment of the Authority, are designed to increase the use of
5 lodging facilities, meeting facilities, or convention facilities in the
6 town or to attract tourists or business travelers to the town. The
7 term includes tourism-related capital expenditures.

8 Section 7. Shallotte Tourism Development Authority. (a) Appointment
9 and membership. When the Board of Aldermen of the Town of Shallotte adopts a
10 resolution levying a room occupancy tax under Section 6 of this act, it shall also
11 adopt a resolution creating a town Tourism Development Authority, which shall be a
12 public authority under the Local Government Budget and Fiscal Control Act. The
13 Authority shall have five members appointed by the board of aldermen. The
14 resolution shall provide for the membership of the Authority, including the members'
15 terms of office, and for the filling of vacancies on the Authority. At least one-third of
16 the members must be individuals who are affiliated with businesses that collect the
17 tax in the town and at least three-fourths of the members must be individuals who are
18 currently active in the promotion of travel and tourism in the town. The Board of
19 Aldermen of the Town of Shallotte shall designate one member of the Authority as
20 chair and shall determine the compensation, if any, to be paid to members of the
21 Authority.

22 The Authority shall meet at the call of the chair and shall adopt rules of
23 procedure to govern its meetings. The Finance Officer for the Town of Shallotte
24 shall be the ex officio finance officer of the Authority.

25 (b) Duties. The Authority shall expend the net proceeds of the tax
26 levied under Section 6 of this act for the purposes provided in Section 6 of this act.
27 The Authority shall promote travel, tourism, and conventions in the town, sponsor
28 tourist-related events and activities in the town, and finance tourist-related capital
29 projects in the town.

30 (c) Reports. The Authority shall report quarterly and at the close of the
31 fiscal year to the Board of Aldermen of the Town of Shallotte on its receipts and
32 expenditures for the preceding quarter and for the year in such detail as the board
33 may require.

34 Section 8. Caswell Beach occupancy tax changes. Section 1 of Chapter
35 664 of the 1991 Session Laws reads as rewritten:

36 "Section 1. Caswell Beach Occupancy Tax. (a) Authorization and Scope. The

17 Board of Commissioners of the Town of Yaupon Beach may ~~by resolution, after not~~
18 ~~less than 10 days' public notice and a public hearing held pursuant thereto,~~ levy a
19 room occupancy tax of up to three percent (3%) of the gross receipts derived from
20 the rental of accommodations within the town that are subject to sales tax imposed by
21 the State under G.S. 105-164.4(a)(3) and from the rental of private residences and
22 cottages within the town that are exempt from the sales tax imposed under G.S.
23 105-164.4(a)(3) solely because they are rented for less than 15 days.

24 (a1) Authorization of Additional Tax. In addition to the tax authorized by
25 subsection (a) of this section, the Board of Commissioners of the Town of Yaupon
26 Beach may levy an additional room occupancy tax of up to two percent (2%) of the
27 gross receipts derived from the rental of accommodations taxable under subsection
28 (a). The levy, collection, administration, and repeal of the tax authorized by this
29 subsection shall be in accordance with the provisions of this section. The Town of
30 Yaupon Beach may not levy a tax under this subsection unless it also levies the tax
31 authorized under subsection (a) of this section.

32 (b) Administration. A tax levied under this section shall be levied, administered,
33 collected, and repealed as provided in G.S. 160A-215. The penalties provided in
34 G.S. 160A-215 apply to a tax levied under this section.

35 ~~Collection. Every operator of a business subject to the tax levied by this act shall, on~~
36 ~~and after the effective date of the tax, collect the tax. This tax shall be collected as~~
37 ~~part of the charge for furnishing a taxable accommodation. The tax shall be stated~~
38 ~~and charged separately from the sales records, and shall be paid by the purchaser to~~
39 ~~the operator of the business as trustee for and on account of the town. The~~
40 ~~occupancy tax levied under this act shall be added to the sales price and shall be~~
41 ~~passed on to the purchaser instead of being borne by the owner of the business. The~~
42 ~~town shall design, print, and furnish to all appropriate businesses in the town the~~
43 ~~necessary forms for filing returns and instructions to ensure the full collection of the~~
44 ~~tax.~~

1 ~~(e) Administration. The town shall administer the occupancy tax levied under~~
2 ~~this act. A tax levied under this act is due and payable to the town tax collector in~~
3 ~~monthly installments on or before the fifteenth day of the month following the month~~
4 ~~in which the tax accrues. Every person, firm, or corporation liable for the tax shall,~~
5 ~~on or before the fifteenth day of each month, prepare and render a return on a form~~
6 ~~prescribed by the town. The return shall state the total gross receipts derived in the~~
7 ~~preceding month from rentals upon which the tax is levied.~~

8 ~~A return filed with the town tax collector under this act is not a public record as~~
9 ~~defined by G.S. 132-1 and may not be disclosed except as required by law.~~

10 ~~(d) Penalties. A person, firm, corporation, or association who fails or refuses to~~
11 ~~file the return required by this act shall pay a penalty of ten dollars (\$10.00) for each~~
12 ~~day's omission. In case of failure or refusal to file the return or pay the tax for a~~
13 ~~period of 30 days after the time required for filing the return or for paying the tax,~~
14 ~~there shall be an additional tax, as a penalty, of five percent (5%) of the tax due in~~
15 ~~addition to any other penalty, with an additional penalty of five percent (5%) for~~
16 ~~each additional month or fraction thereof until the tax is paid. The board of~~
17 ~~commissioners may, for good cause shown, compromise or forgive the additional tax~~
18 ~~penalties imposed by this subsection.~~

19 ~~Any person who willfully attempts in any manner to evade a tax imposed under~~
20 ~~this act or who willfully fails to pay the tax or make and file a return shall, in~~
21 ~~addition to all other penalties provided by law, be guilty of a misdemeanor and shall~~
22 ~~be punishable by a fine not to exceed one thousand dollars (\$1,000), imprisonment~~
23 ~~not to exceed six months, or both.~~

24 ~~(e) (c) Use of Proceeds. The town may use the proceeds of a tax levied under this~~
25 ~~act subsection (a) of this section only for tourism-related expenditures. As used in~~
26 ~~this act, the term 'tourism-related expenditures' includes the following types of~~
27 ~~expenditures: criminal justice system, fire protection, public facilities and utilities,~~
28 ~~health facilities, solid waste and sewage treatment, and the control and repair of~~
29 ~~waterfront erosion. These funds may not be used for services normally provided by~~
30 ~~the town on behalf of its citizens unless these services promote tourism and enlarge~~
31 ~~its economic benefits by enhancing the ability of the town to attract and provide for~~
32 ~~tourists.~~

33 ~~The town may use the proceeds of a tax levied under subsection (a1) of this~~
34 ~~section only for beach renourishment and protection.~~

35 ~~(f) Effective Date of Levy. A tax levied under this act shall become effective on~~
36 ~~the date specified in the resolution levying the tax. That date must be the first day of~~
37 ~~a calendar month, however, and may not be earlier than the first day of the second~~
38 ~~month after the date the resolution is adopted.~~

39 ~~(g) Repeal. The Board of Commissioners of the Town of Yaupon Beach may by~~
40 ~~resolution repeal a tax levied under this act. Repeal of a tax levied under this act~~
41 ~~shall become effective on the first day of a month and may not become effective until~~
42 ~~the end of the fiscal year in which the repeal resolution was adopted. Repeal of a tax~~
43 ~~levied under this act does not affect a liability for a tax that was attached before the~~

1 ~~effective date of the repeal, nor does it affect a right to a refund of a tax that accrued~~
2 ~~before the effective date of the repeal."~~

3 Section 14. Person County occupancy tax. (a) Authorization and scope.
4 The Person County Board of Commissioners may levy a room occupancy tax of up to
5 five percent (5%) of the gross receipts derived from the rental of any room, lodging,
6 or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place
7 within the county that is subject to sales tax imposed by the State under G.S. 105-
8 164.4(a)(3).

9 This tax is in addition to any State or local sales tax. This tax does not
10 apply to accommodations furnished by nonprofit charitable, educational, or religious
11 organizations when furnished in furtherance of their nonprofit purpose.

12 (b) Administration. Except as otherwise provided in this section, a tax
13 levied under this section shall be levied, administered, collected, and repealed as
14 provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax
15 levied under this section.

16 (c) Distribution and use of tax revenue. Person County shall, on a
17 quarterly basis, remit the net proceeds of the occupancy tax to the Person Tourism
18 Development Authority. Of the net proceeds that accrue during the first four years
19 that a tax is levied under this section, the Authority may use up to two-thirds only for
20 the following tourism-related expenditures: (i) constructing or operating the Person
21 County Historical Museum, (ii) developing Lake Mayo for fishing tournaments, skiing
22 tournaments, and other activities designed to attract tourists to the lake from outside

25 proceeds that accrue during the first four years that a tax is levied under this section
26 only to promote travel and tourism in Person County.

27 Of the net proceeds that accrue after this four-year period, the Authority
28 shall use at least two-thirds of the funds remitted to it under this subsection to
29 promote travel and tourism in Person County and shall use the remainder for
30 tourism-related expenditures.

31 The following definitions apply in this subsection:

32 (1) Net proceeds. -- Gross proceeds less the cost to the county of
33 administering and collecting the tax, as determined by the finance
34 officer, not to exceed three percent (3%) of the gross proceeds.

35 (2) Promote travel and tourism. -- To advertise or market an area or
36 activity, publish and distribute pamphlets and other materials,
37 conduct market research, or engage in similar promotional
38 activities that attract tourists or business travelers to the area; the
39 term includes administrative expenses incurred by the Authority in
40 engaging in the listed activities.

41 (3) Tourism-related expenditures. -- Expenditures that, in the
42 judgment of the Authority, are designed to increase the use of
43 lodging facilities, meeting facilities, and convention facilities in a

1 county or to attract tourists or business travelers to the county.

2 The term includes tourism-related capital expenditures.

3 Section 15. Person Tourism Development Authority. (a) Appointment
4 and membership. When the board of commissioners adopts a resolution levying a
5 room occupancy tax under Section 14 of this act, it shall also adopt a resolution
6 creating a county Tourism Development Authority, which shall be a public authority
7 under the Local Government Budget and Fiscal Control Act.

8 The Authority shall be composed of six members, three appointed by the
9 Person County Board of Commissioners and three appointed by the Roxboro City
10 Council. One of the three members appointed by each governing body must be an
11 owner or manager of a Person County hotel or motel. The remaining members must
12 be individuals who are currently active in the promotion of travel and tourism in the
13 county. The resolution shall determine the compensation, if any, to be paid to
14 members of the Authority.

15 The initial terms of the members who are owners or managers of a hotel
16 or motel shall be three years. Each governing body shall designate one of its
17 remaining appointees to serve an initial term of two years and the other to serve an
18 initial term of one year. Thereafter, all terms shall be three years. Vacancies shall be
19 filled in the same manner as original appointments, and members appointed to fill
20 vacancies shall serve for the remainder of the unexpired term.

21 At its first meeting and at the first meeting of each calendar year, the
22 membership of the Authority shall elect one member to serve as chair until the first
23 meeting of the following calendar year. The Authority shall meet at the call of the
24 chair and shall adopt rules of procedure to govern its meetings. The Finance Officer
25 for Person County shall be the ex officio finance officer of the Authority.

26 (b) Duties. The Authority shall expend the net proceeds of the tax
27 levied under Section 14 of this act for the purposes provided in Section 14 of this act.
28 The Authority shall promote travel, tourism, and conventions in the county, sponsor
29 tourist-related events and activities in the county, and finance tourist-related capital
30 projects in the county.

31 (c) Reports. The Authority shall report quarterly and at the close of the
32 fiscal year to the board of commissioners on its receipts and expenditures for the
33 preceding quarter and for the year in such detail as the board may require.

34 Section 16. This act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 990:
Exempt Certain Nonprofit Utilities (PCS)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 22, 1997
SPONSOR: Representative Church

The proposed committee substitute for **House Bill 990** does two things:

1. It provides that the Utilities Commission may exempt nonprofit and consumer-owned water or sewer utilities from regulation.
2. It increases the regulatory exemption for utilities selling water to less than ten residential customers to utilities selling water to less than 15 residential customers.

Under current law, nonprofit membership or consumer-owned corporations that supply water are exempt from regulation by the Utilities Commission if both of the following conditions are met:

- A federal financing agency exercises substantial control over and regulation of the corporation's rates and terms and conditions of service.
- The members or consumer-owners elect the governing board of the corporation.

The Utilities Commission and legislative staff recently learned, however, that no federal financing agency does, or ever has, exercised such control. Therefore, no nonprofit membership or consumer-owned corporation can possibly qualify for the exemption from regulation under the current law.

To rectify this problem, Section 1 deletes the current exemption. Section 2 provides that the Utilities Commission may exempt nonprofit and consumer-owned water or sewer utilities from regulation, subject to conditions the Commission deems appropriate, if both of the following conditions are met:

- The members or consumer-owners elect the governing board of the corporation.
- The Commission finds that the organization and quality of service of the utility are adequate to protect the public interest.

The exemption will be granted on a case-by-case basis. To obtain an exemption, a nonprofit or consumer-owned water or sewer utility would need to apply to the Commission. Section 3 imposes a \$100 fee for each application for exemption filed by a nonprofit or consumer-owned water or sewer utility.

Section 1 also increases the regulatory exemption for utilities that sell water to less than ten residential customers. The exemption will now apply to those selling to less than 15 residential customers. This will match exemptions allowed by the Department of Environment, Health, and Natural Resources.

13 "§ 53A-70. Requirements for certification of a certified North Carolina capital
14 company.

15 (a) Initial Certification. -- In order to be initially certified as a certified North
16 Carolina capital company, a company must satisfy the following requirements:

17 (1) It is a partnership, corporation, trust, or limited liability company,
18 whether for-profit or nonprofit, whose primary business activity is

24 Part.

1 (4) No insurance company or affiliate of an insurance company is a
2 managing general partner of the certified North Carolina capital
3 company or controls the direction of investments of the certified
4 North Carolina capital company. This subdivision does not
5 preclude an insurance company or any other party from exercising
6 its legal rights and remedies, which may include interim
7 management of a certified North Carolina capital company, in the
8 event that a certified North Carolina capital company is in default
9 of its statutory obligations or its contractual obligations to the
10 insurance company or other party.

11 **(b) Continuing Certification. -- To remain certified as a certified North Carolina**
12 **capital company, the company must satisfy the following requirements:**

13 (1) Within three years after the date it was initially certified, at least
14 thirty percent (30%) of the certified capital invested in the
15 company must be placed in approved investments.

16 (2) Within five years after the date it was initially certified, at least
17 fifty percent (50%) of the certified capital invested in the company

19 (3) It shall not invest in a single approved business venture an amount

23 managing general partner of the certified North Carolina capital
24 company or controls the direction of investments of the certified
25 North Carolina capital company. This subdivision does not
26 preclude an insurance company or any other party from exercising
27 its legal rights and remedies, which may include interim
28 management of a certified North Carolina capital company, in the
29 event that a certified North Carolina capital company is in default
30 of its statutory obligations or its contractual obligations to the

36 **certification and is no longer required to obtain continuing certification as required in**
37 **G.S. 53A-71. A certified North Carolina capital company that has qualified for**
38 **permanent certification must continue to submit annual financial statements and**
39 **reports under G.S. 53A-71 for three years after it qualifies for permanent**
40 **certification.**

41 **"§ 53A-71. Procedure for initial and continuing certification; reports.**

42 **(a) Initial Certification. -- In order to be initially certified as a certified North**
43 **Carolina capital company, a company must file an application with the Department**
44 **and pay the initial certification fee. The application shall include any information**

1 and supporting documents required by the Secretary of State to determine whether
2 the company qualifies for initial certification. Within 60 days after an application is
3 filed, the Department shall determine whether the applicant qualifies for initial
4 certification and shall either issue the certification or shall refuse the certification and
5 notify the applicant in detail of the grounds for the refusal, including suggestions for
6 the removal of those grounds.

7 The Department shall review and approve or reject applications in the order
8 submitted. If more than one application is received by the Department on the same
9 day, all applications received on that day shall be reviewed and approved
10 simultaneously, except in the case of incomplete applications or applications for
11 which additional information is requested by the Department and is not supplied by
12 the applicant within the allowable time limits established by the Department. If more
13 than one applicant is certified on the same day, the Department shall ensure that all
14 applicants certified on that day are notified of certification at the same time.

15 (b) Continuing Certification. -- A certified North Carolina capital company that
16 has not qualified for permanent certification must, in order to remain certified,
17 submit an annual application for continued certification and pay the annual review
18 fee. The request shall include any information and supporting documents required
19 by the Secretary of State to determine whether the company qualifies for continued
20 certification.

21 The Department shall conduct an annual review of each certified North Carolina
22 capital company that has not qualified for permanent certification to determine if the
23 company is in compliance with the requirements for initial and continuing
24 certification and to ensure that the company's investments are in compliance with
25 this Part. The review shall be based upon the company's financial statements and
26 other information submitted in accordance with this section.

27 (c) Application Forms; Fees. -- Applications for initial and continuing certification
28 under this section shall be in the form required by the Secretary of State. The
29 Secretary of State shall prepare blank forms for the applications. Each application
30 shall be signed by the owners, a manager, or an executive officer of the company.
31 There shall be annexed to the application the affirmation of the person making the
32 application in the following form: 'Under penalties prescribed by law, I certify and
33 affirm that to the best of my knowledge and belief this application is true and
34 complete.' A person who submits a false application is guilty of a Class 1
35 misdemeanor.

36 The Secretary of State shall charge an applicant a fee of one thousand dollars
37 (\$1,000) for initial certification as a certified North Carolina capital company and a
38 fee of one thousand dollars (\$1,000) for annual review for continuing certification as
39 a certified North Carolina capital company. Fees collected under this section shall be
40 applied to the cost of administering this Part.

41 (d) Periodic Reports. -- Each certified North Carolina capital company shall
42 provide the Department an annual audited financial statement and report that
43 includes an opinion of an independent certified public accountant. The audit shall
44 address the methods of operation and conduct of the business of the company to

1 determine whether the company has complied with this Part and whether the cash
2 invested in the company has been invested as required by this Part. The audit shall
3 also determine whether each business in which the company has invested is an
4 approved business venture as defined in this Article. In addition, each certified
5 North Carolina capital company shall provide the Department a midyear, unaudited
6 update of its annual financial statement and report. The reports and updates shall be
7 in the form prescribed by the Secretary of State and shall include any information
8 required by the Secretary of State about the company and about the approved
9 business ventures in which it has invested.

10 A certified North Carolina capital company that has not qualified for permanent
11 certification shall submit the annual financial statement and report and the midyear
12 update on the due dates specified by the Department. A certified North Carolina
13 capital company that has qualified for permanent certification is no longer required
14 to submit midyear updates but shall continue to submit the annual financial statement
15 and report on the due dates specified by the Department for three years after the
16 company qualifies for permanent certification. Thereafter, no additional financial
17 statements and reports are required under this subsection.

18 "§ 53A-72. Distributions; maximum interest rate.

19 (a) Distributions. -- A certified North Carolina capital company may make
20 qualified distributions at any time. A certified North Carolina capital company may,
21 without restriction, make distributions and payments to debt holders with respect to
22 debt owed them by the company, but no distributions or payments may be made to
23 an equity holder, or any of its affiliates, that is entitled to a credit under Article 8C of
24 Chapter 105 of the General Statutes until the certified North Carolina capital
25 company has qualified for permanent certification. A certified North Carolina capital
26 company may make other distributions only after it has qualified for permanent
27 certification.

28 (b) Maximum Interest Rate. -- A certified North Carolina capital company shall
29 not charge interest on a senior, secured loan at an annual rate that exceeds the prime
30 rate plus three percent (3%).

31 "§ 53A-73. Tax credits.

32 (a) Credit Allowed. -- A person who invests cash in a certified North Carolina
33 capital company is entitled to a tax credit as provided in Article 8C of Chapter 105 of
34 the General Statutes but, notwithstanding the provisions of Division V of Article 4 of
35 Chapter 105 of the General Statutes, is not allowed a tax credit under that Division
36 for the investment. In addition, notwithstanding the provisions of Division V of
37 Article 4 of Chapter 105 of the General Statutes, a certified North Carolina capital
38 company is not allowed a tax credit under that Division for its investments.

39 (b) Allocation of Credits. -- The Department shall allocate the total amount of
40 credit allowed pursuant to G.S. 105-228.10E among taxpayers as provided in this
41 section. A certified North Carolina capital company may apply for allocation of
42 credits on behalf of its investors no earlier than the first business day after it is
43 certified. The application shall be in the form required by the Secretary of State and
44 shall provide all of the following:

- 1 (1) The name of each investor.
- 2 (2) The amount each investor has committed to invest in the company.
- 3 (3) Proof that the investor has committed to invest the funds subject to
4 allocation of the applicable credits pursuant to this section.
- 5 (4) The maximum amount of credit the investment would entitle the
6 investor to under G.S. 105-228.10C for the current taxable year
7 and the following nine taxable years.
- 8 (5) Any other information required by the Secretary of State:

9 Upon receipt of a completed application, the Department shall determine the
10 amount of available credit not yet allocated for each taxable year specified in the
11 application. Within seven business days after receipt of the application, the
12 Department shall allocate to the North Carolina capital company, on behalf of the
13 investors named in the application, the total amount of credit applied for in the
14 application, but only to the extent of available credit not yet allocated for each
15 taxable year. The Department's allocations of credit under this section shall be in
16 writing.

17 The Department shall allocate available credit to applicants in the order the
18 applications are received. If more than one certified North Carolina capital company
19 submits a completed application on the same day, the Department shall make the
20 allocations to those applicants simultaneously. If the amount of credit applied for in
21 the simultaneous applications exceeds the amount of available credit not yet allocated
22 for a taxable year, the Department shall allocate the available credit for that taxable
23 year among the simultaneous applicants on a pro rata basis in proportion to the
24 amount of credit applied for by each.

25 **"§ 53A-74. Decertification of certified North Carolina capital company.**

26 (a) Grounds for Decertification. -- Any material violation of this Part shall be
27 grounds for decertification under this section.

28 (b) Procedure for Decertification. -- If the Department determines that a certified
29 North Carolina capital company is not in compliance with any requirement for
30 continuing certification, it shall, by written notice, inform the officers of the company
31 and the board of directors, manager, trustees, or general partners that the company
32 will be decertified in 120 days after the date the notice is mailed unless the company
33 corrects the deficiencies to bring itself in compliance with the requirements for
34 certification. At the end of the 120-day grace period, if the certified North Carolina
35 capital company is still not in compliance, the Department shall decertify the
36 company and send a notice of decertification to the company and to the Department
37 of Revenue and the Department of Insurance.

38 (c) Effect of Decertification. -- If a certified North Carolina capital company is
39 decertified, no further tax credits for an investment in the company are allowed
40 pursuant to G.S. 105-228.10D.

41 **"§ 53A-75. Rules; report.**

42 The Secretary of State may adopt rules to implement this Part. The Secretary of
43 State shall report to the Legislative Research Commission by October 1 of each
44 odd-numbered year and by February 1 of each even-numbered year the number of

1 certified North Carolina capital companies certified under this Part, the date each
2 company was created, the amount and percentage of certified capital invested by each
3 company, the amount of tax credits allocated to each company, and any other

28 The following definitions apply in this Article:

- 29 (1) Certified capital. -- Defined in G.S. 53A-37.
 30 (2) Certified North Carolina capital company. -- A certified North
 31 Carolina capital company created under Article 3 of Chapter 53A
 32 of the General Statutes.

33 "§ 105-228.10C. Premiums tax credit for investments.

34 (a) Credit. -- A person who invests certified capital in a certified North Carolina
 35 capital company is allowed against the gross premiums tax imposed by G.S. 105-228.5
 36 and G.S. 105-228.8 a credit equal to the amount of certified capital invested by the
 37 taxpayer during the taxable year, subject to the limitations provided in this Article.
 38 To claim the credit allowed by this section, the taxpayer must provide the Secretary a
 39 copy of the certified North Carolina capital company's application for allocation of
 40 credit under G.S. 53A-73, a copy of the Secretary of State's written allocation of
 41 credit under G.S. 53A-73, and any other supporting documentation the Secretary
 42 requires.

43 (b) Limitations. -- The taxpayer may not take the entire credit for the taxable year
 44 the investment is made, but may take up to ten percent (10%) of the aggregate credit

1 allowed under this section for that taxable year and for each succeeding taxable year
2 until the entire credit has been used. The amount of credit taken may not exceed the
3 taxpayer's gross premiums tax liability for a taxable year reduced by the sum of all
4 credits allowable except payments of tax by or on behalf of the taxpayer. Subject to
5 the ten percent (10%) limitation, any unused portion of the credit may be carried
6 forward to the five succeeding taxable years.

7 (c) Transfer of Credit. -- A taxpayer may transfer a credit allowed under this
8 section to another taxpayer. The taxpayer must apply for the approval of the
9 Commissioner of Insurance before transferring the credit. The application shall be in
10 the form prescribed by the Commissioner. The application shall identify the
11 proposed transferor and transferee, state the transferor's tax credit balance before and
12 after the proposed transfer, state the amount of the credit to be transferred and the
13 proposed date of the transfer, and include any other information the Commissioner
14 requires regarding the proposed transfer.

15 The Commissioner of Insurance shall approve the proposed transfer if the
16 application is accurate and complete and the Commissioner determines that the
17 proposed transfer will not have an adverse effect on either taxpayer or their
18 policyholders or shareholders. Within 60 days after receiving an application, the
19 Commissioner shall notify the applicant that the proposed transfer has been approved
20 or disapproved.

21 The Commissioner of Insurance shall maintain records and monitor all transferred
22 credits to ensure that transfers do not result in multiple parties claiming the same
23 credit. The Commissioner shall provide the Secretary complete records of all
24 transferred credits.

25 "§ 105-228.10D. Effect of decertification.

26 If a certified North Carolina capital company is decertified under G.S. 53A-74, no

30 North Carolina capital company does not affect a tax credit allowed under this
31 Article for a taxpayer's taxable year that began before the calendar year in which the
32 decertification occurred.

33 "§ 105-228.10E. Annual ceiling; cap.

34 (a) Annual Ceiling. -- The total amount of tax credits that may be taken by all
35 taxpayers under this Article in a taxable year may not exceed fifteen million dollars

42 based on premiums imposed in connection with particular kinds of insurance, to the
43 special purpose regulatory charge imposed under G.S. 58-6-25, or to dedicated special

1 (75%) of the one and thirty-three hundredths percent (1.33%) tax on amounts
 2 collected on contracts of insurance applicable to fire and lightning coverage shall not
 3 be a special purpose obligation or assessment or a dedicated special purpose tax
 4 within the meaning of this subsection. The credit allowed by G.S. 105-228.10C shall
 5 not be considered in determining the amount of premium taxes imposed by this
 6 State."

7 Section 6. G.S. 58-6-25(a) reads as rewritten:

8 "(a) Charge Levied. -- There is levied on each insurance company an annual
 9 charge for the purposes stated in subsection (d) of this section. As used in this
 10 section, the term 'insurance company' means a company that pays the gross
 11 premiums tax levied in G.S. 105-228.5 and G.S. 105-228.8, except that the term does
 12 not include a hospital, medical, or dental service corporation regulated under Articles
 13 65 and 66 of this Chapter. The term 'insurance company' does not include a
 14 company regulated under Article 67 of this Chapter. The charge levied in this section
 15 is in addition to all other fees and taxes. The charge shall be at a percentage rate of
 16 the company's premium tax liability for the taxable year. In determining an insurance
 17 company's premium tax liability for a taxable year, the following shall be disregarded:

- 18 (1) The additional taxes imposed by G.S. ~~105-228.8~~ and the 105-228.8.
 19 (2) The additional local fire and lightning tax imposed by G.S.
 20 ~~105-228.5(d)(4)~~ shall be disregarded. 105-228.5(d)(4).
 21 (3) The credit allowed by G.S. 105-228.10C."

22 Section 7. The title of Chapter 53A of the General Statutes reads as
 23 rewritten:

25 "~~Business Development Corporations and North~~
 26 ~~Carolina Capital Resource Corporations: and Access to Capital."~~

32 Section 9. G.S. 53A-35 and G.S. 53A-47 are repealed.

33 Section 10. G.S. 53A-36 reads as rewritten:

34 "§ 53A-36. Legislative findings and purpose.

35 (a) The General Assembly finds ~~and declares~~ that there exists in ~~the State of~~
 36 North Carolina a serious shortage of mezzanine finance capital and credit available
 37 for investment in rural ~~areas~~ areas and other areas in the State. This shortage of
 38 mezzanine finance capital and credit is severe throughout ~~the rural areas of~~ the State,
 39 has persisted for a number of years, and constitutes a grave threat to the welfare and
 40 prosperity of all residents of the State. The lack of access to capital prevents North
 41 Carolina businesses from creating jobs that would otherwise enhance the economy of
 42 the State and provide livelihoods for North Carolina citizens.

43 (b) The General Assembly finds ~~and declares further~~ that private enterprise and
 44 existing federal and State governmental programs have not adequately alleviated the

1 severe shortage of mezzanine finance capital and credit available for investments in
2 rural areas in the this State.

3 (c) The General Assembly finds ~~and declares~~ that it is a matter of grave public
4 necessity that North Carolina Enterprise Corporations be authorized to be created
5 and ~~to be~~ empowered to alleviate these severe shortages of mezzanine finance capital
6 and credit for investment in rural areas of the State. North Carolina Enterprise
7 Corporations shall help eliminate barriers to rural economic development by
8 providing mezzanine finance capital and credit, and other types of financing as
9 appropriate, to businesses in rural areas that have been unable to obtain sufficient

12 certified North Carolina capital companies be authorized to be created as venture
13 capital companies whose primary business activity is the investment of cash in small
14 North Carolina business ventures that are in need of capital for survival, expansion,
15 new product development, or similar purposes."

16 Section 11. G.S. 53A-38(a) reads as rewritten:

24 Section 13. G.S. 53A-42 reads as rewritten:

25 "§ 53A-42. Powers.

30 by Section 2 of this act, become effective for taxable years beginning on or after
31 January 1, 1997, and apply to investments made on or after that date. The remainder
32 of this act is effective when this act becomes law. An application for initial

2 AN ACT TO STIMULATE A SUBSTANTIAL INCREASE IN VENTURE CAPITAL
3 INVESTMENTS IN NORTH CAROLINA BY ALLOWING AN INSURANCE PREMIUMS
4 TAX CREDIT FOR THESE INVESTMENTS.
5 The General Assembly of North Carolina enacts:
6 Section 1. This act shall be known as the Venture
7 Capital Investment Incentive Act of 1997.
8 Section 2. G.S. 53A-35 through G.S. 53A-37 are
9 designated Part 1 of Article 3 of Chapter 53A of the General
10 Statutes, entitled "General Provisions" and the remainder of
11 Article 3 of Chapter 53A of the General Statutes is designated
12 Part 2, entitled "North Carolina Enterprise Corporations".
13 Section 3. Article 3 of Chapter 53A of the General
14 Statutes, as amended by this act, is further amended by adding a
15 new Part to read:
16 "Part 3. Certified North Carolina Capital Companies.
17 "§ 53A-70. Requirements for certification of a certified North
18 Carolina capital company.
19 (a) Initial Certification. -- In order to be initially
20 certified as a certified North Carolina capital company, a
21 company must satisfy the following requirements:

- 1 (1) It is a partnership, corporation, trust, or limited
2 liability company, whether for-profit or nonprofit,
3 whose primary business activity is the investment
4 of cash in approved business ventures.
- 5 (2) Its cash, marketable securities, and other liquid
6 assets equal at least five hundred thousand dollars
7 (\$500,000).
- 8 (3) Its officers and its board of directors, partners,

11 Act of 1997 and any applicable rules.
- 12 (4) No insurance company or affiliate of an insurance
13 company is a managing general partner of the
14 certified North Carolina capital company or
15 controls the direction of investments of the
16 certified North Carolina capital company. This
17 subdivision does not preclude an insurance company
18 or any other party from exercising its legal rights
19 and remedies, which may include interim management
20 of a certified North Carolina capital company, in
21 the event that a certified North Carolina capital
22 company is in default of its statutory obligations
23 or its contractual obligations to the insurance
24 company or other party.
- 25 (5) It agrees that, because the tax credits provided by
26 law are considered an investment by the State of
27 North Carolina, it will pay to the State an
28 investment return calculated as provided in G.S.
29 53A-75. In addition, it agrees that its contracts
30 with investors will provide for the company's
31 payment of this investment return to the State.
- 32 (b) Continuing Certification. -- To remain certified as a
33 certified North Carolina capital company, the company must
34 satisfy the following requirements:
- 35 (1) Within two years after the date it was initially
36 certified, at least twenty-five percent (25%) of
37 the certified capital invested in the company must
38 be placed in approved investments.
- 39 (2) Within three years after the date it was initially
40 certified, at least forty percent (40%) of the
41 certified capital invested in the company must be
42 placed in approved investments.
- 43 (3) Within four years after the date it was initially
44 certified, at least fifty percent (50%) of the

- 1 certified capital invested in the company must be
2 placed in approved investments.
- 3 (4) It shall not invest in a single approved business
4 venture an amount that is more than fifteen percent
5 (15%) of the total certified capital under the
6 company's management at the time of the investment.
- 7 (5) No insurance company or affiliate of an insurance
8 company is a managing general partner of the
9 certified North Carolina capital company or
10 controls the direction of investments of the
11 certified North Carolina capital company. This
12 subdivision does not preclude an insurance company
13 or any other party from exercising its legal rights
14 and remedies, which may include interim management
15 of a certified North Carolina capital company, in
16 the event that a certified North Carolina capital
17 company is in default of its statutory obligations
18 or its contractual obligations to the insurance
19 company or other party.
- 20 (c) Permanent Certification. -- A certified North Carolina
21 capital company that has satisfied the requirements of G.S.
22 53A-70(b) and has invested all of its certified capital in
23 approved investments, as demonstrated by its most recent
24 financial statement and report filed in accordance with G.S.
25 53A-71, qualifies for permanent certification and is no longer
26 required to obtain continuing certification as required in G.S.
27 53A-71. A certified North Carolina capital company that has
28 qualified for permanent certification must continue to submit
29 annual financial statements and reports under G.S. 53A-71 for
30 three years after it qualifies for permanent certification.
31 "§ 53A-71. Procedure for initial and continuing certification;
32 reports.
- 33 (a) Initial Certification. -- In order to be initially
34 certified as a certified North Carolina capital company, a
35 company must file an application with the Department and pay the
36 initial certification fee. The application shall include any
37 information and supporting documents required by the Secretary of
38 State to determine whether the company qualifies for initial
39 certification. Within 60 days after an application is filed, the
40 Department shall determine whether the applicant qualifies for
41 initial certification and shall either issue the certification or
42 shall refuse the certification and notify the applicant in detail
43 of the grounds for the refusal, including suggestions for the
44 removal of those grounds.

1 The Department shall review and approve or reject applications
2 in the order submitted. If more than one application is received
3 by the Department on the same day, all applications received on
4 that day shall be reviewed and approved simultaneously, except in
5 the case of incomplete applications or applications for which
6 additional information is requested by the Department and is not
7 supplied by the applicant within 15 days after the request by the
8 Department. If more than one applicant is certified on the same
9 day, the Department shall ensure that all applicants certified on
10 that day are notified of certification at the same time.

11 (b) Continuing Certification. -- A certified North Carolina
12 capital company that has not qualified for permanent
13 certification must, in order to remain certified, submit an
14 annual application for continued certification and pay the annual
15 review fee by July 1 of each year. The request shall include any
16 information and supporting documents required by the Secretary of
17 State to determine whether the company qualifies for continued
18 certification. The request shall also include copies of the
19 certified North Carolina capital company's applications for
20 allocation of credit under G.S. 105-228.10E and of the
21 Secretary's written allocation of credit to the company under
22 G.S. 105-228.10E.

23 The Department shall conduct an annual review of each certified
24 North Carolina capital company that has not qualified for
25 permanent certification to determine if the company is in
26 compliance with the requirements for initial and continuing
27 certification and to ensure that the company's investments are in
28 compliance with this Part. The review shall be based upon the
29 company's financial statements and other information submitted in
30 accordance with this section.

31 (c) Application Forms; Fees. -- Applications for initial and
32 continuing certification under this section shall be in the form
33 required by the Secretary of State. The Secretary of State shall
34 prepare blank forms for the applications. Each application shall
35 be signed by the owners, a manager, or an executive officer of
36 the company. There shall be annexed to the application the
37 affirmation of the person making the application in the following
38 form: 'Under penalties prescribed by law, I certify and affirm
39 that to the best of my knowledge and belief this application is
40 true and complete.' A person who submits a false application is
41 guilty of a Class 1 misdemeanor.

42 The Secretary of State shall charge an applicant a fee of five
43 thousand dollars (\$5,000) for initial certification as a
44 certified North Carolina capital company, a fee of five thousand

1 dollars (\$5,000) for annual review for continuing certification
2 as a certified North Carolina capital company, and a fee of five
3 thousand dollars (\$5,000) for issuing a certificate of permanent
4 certification. The Secretary of State shall credit forty percent
5 (40%) of each fee to the Department of Revenue and shall retain
6 the balance. Fees collected under this section shall be applied
7 to the cost of administering this Part and Article 8C of Chapter
8 105 of the General Statutes.

9 (d) Periodic Reports Before Permanent Certification. -- Each
10 certified North Carolina capital company shall provide the
11 Department the following reports and updates on the due dates
12 specified by the Department. The reports and updates shall be in
13 the form prescribed by the Secretary of State and shall include
14 any information required by the Secretary of State about the
15 company and about the approved business ventures in which it has
16 invested.

17 (1) Annual Audit. -- An annual audited financial
18 statement and report that includes an opinion of an
19 independent certified public accountant approved by
20 the Secretary of State. The audit shall address
21 the methods of operation and conduct of the
22 business of the company to determine whether the
23 company has complied with this Part and whether the
24 cash invested in the company has been invested as
25 required by this Part. The audit shall also
26 determine whether each business in which the
27 company has invested is an approved business
28 venture as defined in this Article.

29 (2) Annual Audit of Cumulative Distributions. -- An
30 audited report of the company's cumulative,
31 nonqualified distributions that includes an opinion
32 of an independent certified public accountant
33 approved by the Secretary of State. The audit
34 shall detail the company's cumulative
35 distributions, other than qualified distributions,
36 to equity holders and debt holders, as compared to
37 the amount of the company's original certified
38 capital and any additional capital contributions to
39 the company. The audit shall determine what annual
40 internal rate of return these cumulative
41 nonqualified distributions, when combined with all
42 tax credits allocated to debt holders and equity
43 holders pursuant to G.S. 105-228.10E, have resulted
44 in, when computed on the amount of the company's

1 original certified capital and any additional
2 capital contributions to the company. The audit
3 shall then compute an amount equal to twenty-five
4 percent (25%) of the amount of these cumulative
5 nonqualified distributions in excess of the amount,
6 combined with the allocated tax credits, required
7 to produce an annual internal rate of return of
8 fifteen percent (15%) and compare that amount with
9 the total amount of investment return the company
10 has paid to the State pursuant to G.S. 35A-75.

11 (3) Midyear Update. -- A midyear, unaudited update of
12 the certified North Carolina capital company's
13 annual financial statement and report described in
14 subdivision (1) of this subsection.

15 (e) Periodic Reports After Permanent certification. -- A
16 certified North Carolina capital company that has qualified for
17 permanent certification is no longer required to submit midyear
18 updates but shall continue to submit, for informational purposes
19 only, the annual financial statement and report described in
20 subdivision (d)(1) of this section on the due dates specified by
21 the Department for three years after the company qualifies for
22 permanent certification. In addition, the company shall continue
23 to submit the annual cumulative distributions audit described in
24 subdivision (d)(2) of this section until it has made final
25 distributions to its investors and will not be making any future
26 distributions other than qualified distributions. Thereafter, no
27 additional financial statements and reports are required under
28 this subsection.

29 "§ 53A-72. Distributions; maximum interest rate.

30 (a) Distributions. -- A certified North Carolina capital
31 company may make qualified distributions at any time. A
32 certified North Carolina capital company may, without
33 restriction, make distributions and payments to debt holders with
34 respect to debt owed them by the company, but no distributions or
35 payments may be made to an equity holder, or any of its
36 affiliates, that is entitled to a credit under Article 8C of
37 Chapter 105 of the General Statutes until the certified North
38 Carolina capital company has qualified for permanent
39 certification. A certified North Carolina capital company may
40 make other distributions only after it has qualified for
41 permanent certification.

42 (b) Maximum Interest Rate. -- A certified North Carolina
43 capital company shall not charge interest on a senior, secured

1 loan at an annual rate that exceeds the prime rate plus three
2 percent (3%).

3 "§ 53A-73. Tax credits.

4 A person who invests cash in a certified North Carolina capital
5 company is entitled to a tax credit as provided in Article 8C of
6 Chapter 105 of the General Statutes but, notwithstanding the
7 provisions of Division V of Article 4 of Chapter 105 of the
8 General Statutes, is not allowed a tax credit under that Division
9 for the investment. In addition, notwithstanding the provisions
10 of Division V of Article 4 of Chapter 105 of the General
11 Statutes, a certified North Carolina capital company is not
12 allowed a tax credit under that Division for its investments.

13 "§ 53A-74. Decertification of certified North Carolina capital
14 company.

15 (a) Grounds for Decertification. -- Any material violation of
16 this Part not cured pursuant to subsection (b) of this section
17 shall be grounds for decertification under this section of a
18 certified North Carolina capital company that has not qualified
19 for permanent certification.

20 (b) Procedure for Decertification. -- If the Department
21 determines that a certified North Carolina capital company is not
22 in compliance with any requirement for continuing certification,
23 it shall, by written notice, inform the officers of the company
24 and the board of directors, manager, trustees, or general
25 partners that the company will be decertified in 120 days after
26 the date the notice is mailed unless the company corrects the
27 deficiencies to bring itself in compliance with the requirements
28 for certification. If the deficiencies are corrected so as to
29 bring the certified North Carolina capital company into
30 compliance within the 120-day grace period, then the violation of
31 this Part shall be considered not to have occurred. At the end
32 of the 120-day grace period, if the certified North Carolina
33 capital company is still not in compliance, the Department shall
34 decertify the company and send a notice of decertification to the
35 company and to the Department of Revenue and the Department of
36 Insurance.

37 (c) Effect of Decertification. -- If a certified North
38 Carolina capital company is decertified, no further tax credits
39 or carryforwards of credits for an investment in the company are
40 allowed as provided in G.S. 105-228.10D. In addition, if a
41 certified North Carolina capital company is decertified before it
42 has met all the requirements of G.S. 53A-70(b)(1) through (3),
43 all tax credits for investment in the company are forfeited as
44 provided in G.S. 105-228.10D.

1 "§ 53A-75. Investment return to State.

2 (a) The tax credits provided in Article 8C of Chapter 105 of
3 the General Statutes are an investment by the State of North
4 Carolina in each certified North Carolina capital company. Each
5 certified North Carolina capital company, as part of its initial
6 certification, has agreed to pay the State a return on its
7 investment. Each year, every certified North Carolina capital
8 company shall determine from its annual audit of cumulative
9 distributions filed pursuant to G.S. 53A-71(d)(2), an amount
10 equal to twenty-five percent (25%) of its cumulative nonqualified
11 distributions that exceed the amount of distributions, combined
12 with all tax credits allocated to debt holders and equity
13 holders, required to produce an annual internal rate of return of
14 fifteen percent (15%). Within 30 days after filing its annual
15 audit of cumulative distributions, the company shall pay the
16 Department of Revenue the excess of this amount over the total
17 cumulative amount it has paid under this section in past years.
18 If a company's annual audit demonstrates that the annual internal
19 rate of return of the company's cumulative nonqualified
20 distributions, combined with all tax credits allocated to debt
21 holders and equity holders, does not exceed fifteen percent
22 (15%), the company is not required to make a payment under this
23 section for that year.

24 (b) A company that fails to make a payment required by this
25 section is subject to the penalties and remedies provided in
26 Article 9 of Chapter 105 of the General Statutes to the same
27 extent as if the required payment were a tax. The Department of
28 Revenue shall credit payments made under this section to the
29 General Fund as nontax revenue.

30 "§ 53A-76. Rules; report.

31 The Secretary of State may adopt rules to implement this Part.
32 The Secretary of State shall report to the Legislative Research
33 Commission by October 1 of each year the number of certified
34 North Carolina capital companies certified under this Part, the
35 date each company was created, the amount and percentage of
36 certified capital invested by each company, the amount of tax
37 credits allocated to each company, and any other information
38 requested by the Legislative Research Commission."

39 Section 4. G.S. 53A-37 reads as rewritten:

8 Section 5. Chapter 105 of the General Statutes is
9 amended by adding a new Article to read:

10 "ARTICLE 8C.
11 "Premiums Tax Credit for Investments in
12 North Carolina Small Businesses.

13 "§ 105-228.10A. Purpose.

14 The purpose of this Article is to stimulate a substantial
15 increase in venture capital investments in North Carolina by
16 providing an incentive for insurance companies to invest in
17 certified North Carolina capital companies.

18 "§ 105-228.10B. Definitions.

19 The following definitions apply in this Article:

20 (1) Certified capital. -- Defined in G.S. 53A-37.

21 (2) Certified North Carolina capital company. -- A
22 certified North Carolina capital company created
23 under Article 3 of Chapter 53A of the General
24 Statutes.

25 "§ 105-228.10C. Premiums tax credit for investments.

26 (a) Credit. -- A person who invests certified capital in one
27 or more certified North Carolina capital companies is allowed
28 against the gross premiums tax imposed by G.S. 105-228.5 and G.S.
29 105-228.8 a credit equal to the amount of certified capital
30 invested by the taxpayer during the taxable year, subject to the
31 limitations provided in this Article. To claim the credit
32 allowed by this section, the taxpayer must provide the Secretary
33 a copy of each certified North Carolina capital company's
34 application for allocations of credit under G.S. 105-228.10E, a
35 copy of the Secretary's written allocation of credit under G.S.
36 105-228.10E, and any other supporting documentation the Secretary
37 requires.

38 (b) Limitations. -- The taxpayer may not take the entire
39 credit for the taxable year the investment is made, but may take
40 up to ten percent (10%) of the aggregate credit allowed under
41 this section for that taxable year and for each succeeding
42 taxable year until the entire credit has been used. The amount
43 of credit taken may not exceed the taxpayer's gross premiums tax
44 liability for a taxable year reduced by the sum of all credits

1 allowable except payments of tax by or on behalf of the taxpayer.
2 Subject to the ten percent (10%) limitation, to the extent a
3 taxpayer does not use all of the credit it is entitled to take in
4 any year, the unused portion of that year's credit may be carried
5 forward to the five succeeding taxable years.

6 "§ 105-228.10D. Effect of decertification.

7 If a certified North Carolina capital company is decertified
8 under G.S. 53A-74, no tax credit or carryforward of a tax credit
9 for an investment in the company is allowed under this Article
10 for a taxpayer's taxable year beginning in the calendar year the
11 decertification occurred or for subsequent taxable years.
12 Decertification of a certified North Carolina capital company
13 after it has met all the requirements of G.S. 53A-70(b)(1)
14 through (3) does not affect a tax credit allowed under this
15 Article for a taxpayer's taxable year that began before the
16 calendar year in which the decertification occurred. If a
17 certified North Carolina capital company is decertified before it
18 has met all the requirements of G.S. 53A-70(b)(1) through (3),
19 all tax credits previously allowed to taxpayers for investment in
20 the company are forfeited. A taxpayer who forfeits a credit
21 under this section is liable for all past taxes avoided as a
22 result of the credit plus interest at the rate established under
23 G.S. 105-241.1(i), computed from the date the taxes would have
24 been due if the credit had not been allowed. The past taxes and

40 certified. The application shall be in the form required by the
41 Secretary and shall provide all of the following:

- 42 (1) The name of each investor.
43 (2) The amount each investor has committed to invest in

8 (5) Any other information required by the Secretary.

9 Upon receipt of a completed application, the Department shall
10 determine the amount of available credit not yet allocated for
11 each taxable year specified in the application. Within 20
12 business days after receipt of the application, the Department
13 shall allocate to the North Carolina capital company, on behalf
14 of the investors named in the application, the total amount of
15 credit applied for in the application, but only to the extent of
16 available credit not yet allocated for each taxable year. The
17 Department's allocations of credit under this subsection shall be
18 in writing.

19 The Department shall allocate available credit to applicants in
20 the order the applications are received. If more than one
21 certified North Carolina capital company submits a completed
22 application on the same day, the Department shall make the
23 allocations to those applicants simultaneously. If the amount of
24 credit applied for in the simultaneous applications exceeds the
25 amount of available credit not yet allocated for a taxable year,
26 the Department shall allocate the available credit for that
27 taxable year among the simultaneous applicants on a pro rata
28 basis in proportion to the amount of credit applied for by each."

30 "(e) This section shall not apply to special purpose
31 obligations or assessments based on premiums imposed in
32 connection with particular kinds of insurance, to the special
33 purpose regulatory charge imposed under G.S. 58-6-25, or to

35 of this section, seventy-five percent (75%) of the one and
36 thirty-three hundredths percent (1.33%) tax on amounts collected
37 on contracts of insurance applicable to fire and lightning
38 coverage shall not be a special purpose obligation or assessment
39 or a dedicated special purpose tax within the meaning of this
40 subsection. The credit allowed by G.S. 105-228.10C shall not be
41 considered in determining the amount of premium taxes imposed by
42 this State."

43 Section 7. G.S. 58-6-25(a) reads as rewritten:

1 "(a) Charge Levied. -- There is levied on each insurance

5 in G.S. 105-228.5 and G.S. 105-228.8, except that the term does
6 not include a hospital, medical, or dental service corporation
7 regulated under Articles 65 and 66 of this Chapter. The term
8 'insurance company' does not include a company regulated under
9 Article 67 of this Chapter. The charge levied in this section is
10 in addition to all other fees and taxes. The charge shall be at a

EXPLANATION OF SENATE BILL 956 (PCS):
Venture Capital Investment Incentive

TO: Senate Finance Committee
FROM: Committee Staff
DATE: July 22, 1997
SPONSOR: Senator Hoyle

Senate Bill 956 seeks to provide start-up and expansion capital to small businesses by giving private insurance companies that make certain venture capital investments a dollar for dollar tax credit to be applied against the insurance premiums tax owed by these companies. The tax credit is effective for taxable years beginning on or after January 1, 1999, and applies to investments made on or after that date, and it expires for investments made on or after January 1, 2001.

Under the bill, an insurance company invests in a certified North Carolina capital company (CAPCO), which in turn provides capital to approved North Carolina business ventures. The insurance company is entitled to a tax credit of 100% of the cash it invests in a CAPCO during the 365-day period after the company has been initially certified. The credit may be taken at the rate of up to 10% per year until the entire credit is used, subject to an annual maximum credit amount of \$1,500,000. Any unused installment of the credit may be carried forward for five years, subject to the 10% limit. If a CAPCO is decertified, the insurance company is not permitted to take any unused tax credits or carryforwards. If the CAPCO is decertified before it has met the requirement that it invest 50% of its certified capital within four years in approved investments, the taxpayer also forfeits all tax credits and carryforwards previously taken and must repay all back taxes avoided because of the credit, with interest.

The total amount of credit that may be taken by all taxpayers in any one taxable year is \$15,000,000. The credit is allocated to taxpayers on a "first come, first served" basis. The CAPCO must apply to the Department of Revenue for the allocation of credits on behalf of its investors. Upon receipt of the application, the Department will determine the amount of available credit not yet allocated for each taxable year specified in the application. The Department must allocate to the CAPCO, on behalf of its investors, the total amount of credit applied for in the application to the extent of the available credit not yet allocated for each taxable year. To claim the credit, the taxpayer must provide the Secretary of Revenue with a copy of the CAPCO's application for allocation of credit, a copy of the Secretary of Revenue's written allocation of credit, and any other supporting documentation the Secretary may require. The original bill required the Secretary of State to make the allocation; the proposed committee substitute shifts that responsibility to the Department of Revenue. The Department of Revenue has stated that it will have recurring costs of \$22,325 and nonrecurring costs of \$3,200 in taking on this responsibility.

The allocation of the credit appears to violate the uniformity provisions of the North Carolina Constitution. The General Assembly has the authority to create classifications for

taxation, but the class must be reasonable and based on a rational difference of situation and condition. In other words, there must be a rational basis reasonably related to the purpose of the legislation to justify the decision to exclude some parties from the application of the law. Under the allocation method proposed by this bill, a taxpayer who made an investment and applied for allocation of the credit early in the taxable year would be allowed a tax credit and an identical taxpayer who applied for allocation later in the year would not. If this "first come, first served" allocation were held unconstitutional, the bill has a nonseverability clause stating that the tax credit is repealed for investments made on or after that date. For the tax years challenged, however, the State would probably be liable for refunds for those who paid under protest. Other tax credits in existing law provide a cap by allocating the credits on a pro rata basis after all identical applicants have applied for credit, which does not violate the constitution.

An insurance company must invest cash, either in the form of equity or debt capital, in a certified North Carolina capital company to be eligible for the credit allowed by this bill. Traditional private sector venture capital financing involves risks greater than those inherent in other investments. Under this bill, the State assumes this increased risk on behalf of the insurance company by providing tax credits equal to the amount of the investment, thus essentially reimbursing the company for its investment. The proposed committee substitute provides the State a potential return on its investment. Under proposed G.S. 53A-75, a CAPCO would pay the State 25% of the excess of its cumulative distributions that exceed the amount that, when combined with all tax credits allocated, would produce an annual internal rate of return of 15%. The calculation would be made as part of the CAPCO's annual audit and payment to the Department of Revenue would be due within 30 days after the audit. The payments would be credited to the General Fund as nontax revenue.

To be initially certified by the Secretary of State, a capital company must have at least \$500,000 of liquid assets which it would invest in approved business ventures. An approved business venture is a business that meets all of the following conditions:

1. It is headquartered in this State, does a majority of its production in this State, and employs a majority of its employees in this State.
2. It employs no more than 300 employees.
3. It has gross revenues of no more than \$7,000,000 a year.
4. It is not a majority-owned subsidiary of another company.
5. It is engaged primarily in manufacturing, processing, warehousing, wholesaling, research and development, or a service related industry.
6. It does not engage in providing professional services, construction or contracting, selling or leasing at retail, purchase or sale of commercial paper or real estate, personal grooming or cosmetic services, entertainment, athletic or recreation services for a fee.
7. It is not formed for the purpose of acquiring the stock or assets of another business.
8. It is not a real estate related business.

9. Its authorized representative has provided a sworn affidavit that a majority of the proceeds of the CAPCO's investment in it will be used for operations or capital improvements in North Carolina.

For a CAPCO's certification to be renewed, it must invest 25% of the capital invested in it in approved business ventures within two years, 40% within three years, and 50% within five years. The company is also limited to investing no more than 15% of its capital in any one business. Once a CAPCO has invested 100% of the capital invested in it in approved business ventures, it qualifies for permanent certification. It may then distribute investment returns to investors and is no longer required to obtain continuing certification. The company must continue to file annual financial statements and reports for three years after it qualifies for permanent certification. The initial certification, annual review, and permanent certification are handled by the Secretary of State's office for a fee of \$5,000 each, which will be distributed 40% to the Department of Revenue and 60% to the Secretary of State. The Secretary of State is to report to the Legislative Research Commission annually on the amount of the credit taken and the number of taxpayers taking the credit.

The credit allowed by this bill for insurance companies is similar to the income tax credit currently allowed to individuals and small partnerships for investing directly in qualified businesses. Prior to January 1, 1997, the definition of a qualified business was very similar to an approved business venture. The General Assembly expanded the credit to include businesses outside of North Carolina because the credit violated the Commerce Clause of the Constitution when it was limited to investments in North Carolina businesses. Although the credit allowed by this bill is limited to indirect investments in North Carolina businesses and thus discriminates against out-of-state businesses, the Attorney General's office believes that the credit would not be held unconstitutional if challenged because this credit applies only to insurance companies. Congress, through the McCarran-Ferguson Act, has removed all Commerce Clause limitations on the authority of the states to regulate and tax the business of insurance. Committee staff has found no case law on point with the tax credit proposed by this bill. Most of the cases surrounding the McCarran-Ferguson Act concern the differing tax treatment between in-state and out-of-state insurance companies. The Supreme Court has consistently held that a state may discriminate in its tax treatment of insurance companies because of the McCarran-Ferguson Act. The courts have not addressed whether this discrimination may be extended beyond insurance companies to the business ventures in which they invest without a violation of the Commerce Clause. If the bill were invalidated under the Commerce Clause, the bill has a nonseverability clause stating that the tax credit is repealed for investments made on or after that date. For the tax years challenged, however, the State would probably be liable for refunds for those who paid under protest.

Dear Representative Wilkins:

I understand that you are sponsoring legislation to encourage the formation of more early stage venture capital in North Carolina. We are generally supportive of any efforts to provide more early stage capital for North Carolina entrepreneurs.

While there are many qualified early stage venture capital investing opportunities in our North Carolina, only a small subset of these transactions are actually funded because of the lack of adequate capital sources. Providing more North Carolina sources of early stage capital to these companies is critical to their success. These promising young companies can be tremendous engines of job growth as they provide high wage employment opportunities.

If we can provide further information about the need for early stage venture capital in our state, please do not hesitate to contact us. You are to be commended for your efforts in helping make capital more readily available for North Carolina entrepreneurs.

Best wishes.

Dear Sam:

I appreciate the opportunity to express some thoughts about North Carolina's support of entrepreneurs. After having obtained my MBA from Duke University's Fuqua School of Business in 1981 and having worked at Duke Medical Center for nearly seven years as Director of Development and Administrative Manager of the Duke Comprehensive Cancer Center, I decided to become an entrepreneur.

In 1982 Eugene Stead, Jr., MD and I co-invented a no-fault malpractice insurance program and partnered with an insurance company in Georgia. There was virtually no venture money in North Carolina at that time, so our sole source of capital was from our partner. Our company was vastly under-funded and while policies were approved in North Carolina, Florida and Massachusetts, it eventually failed because we did not have the financial resources and independence to pursue paths that we felt would have given us a good chance of success.

In 1986 a partner and I started Johnston, Zabor & Associates, Inc., a marketing research firm that developed innovative technologies. We attempted to raise venture capital, but were unsuccessful identifying any North Carolina funds. We were able to obtain \$250,000 in "angel money," which allowed us to survive during some lean times. We are now a firm with over 60 employees and a firm that is nationally recognized. The technology we developed in 1989 still exists, but never realized its potential, we think largely because we never had the resources to completely develop or market it nationally.

In 1995 I began developing a revolutionary approach toward using The Internet, Intranets and CD ROM interactive multi-media to help consumers make complex decisions on benefit selection. Our first products are called PlanSmartChoice™ Decision Tools. We have obtained more than \$800,000 from two Small Business Innovative Research (SBIR) contracts with the federal government and more than \$250,000 from one corporate sponsor in North Carolina.

We now have products, almost fully designed, that reviewers nationally have told us are the most sophisticated decision support for consumers and employees they have ever seen. Organizations with far greater resources have not been able to design tools that are as intuitive and easy to use, while helping people make very complex decisions on health care and other benefits.

We have been attempting to raise \$1.5 to \$2 million dollars in first round funding for nearly a year. We are nearly finished with the product design phase and are now moving into the marketing phase. We have an opportunity to be the nation's leader in consumer decision support systems, but without capital our products will languish. Timing is critical.

Venture capital firms in North Carolina are so small that they do not have the capital resources to take much risk or to hire sophisticated staff members to work with start-up companies in a "seed" deal. It does appear we will raise \$750,000 to \$1 million this year from North Carolina VCs and angels, but it has been a laborious task.

Venture capital firms I have dealt with in Boston, Washington, New York and California all have \$200 million, \$600 million or \$4 billion dollars under management. Getting them to invest in North Carolina start-ups is a real challenge. Most out-of-state VC's want a local "seed" partner, but the venture capital firms in North Carolina are often considered under-funded and insignificant as meaningful partners.

I have had one venture capital firm in Boston tell me that we would be easily funded if we moved to Boston. Similar comments have been made by firms in Washington, DC and in Silicon Valley, California. We love North Carolina and believe this area is a melting pot for technology. What it lacks is capital resources.

Decision Innovations has the potential to be a \$100,000,000 company, employing 1,000 or more people, but without the resources we may have to move out-of-state or risk failure.

North Carolina must recognize that entrepreneurial enterprises, not just large business, offer a rich future of employment, taxes and quality of life for North Carolinians. This potential will only be realized if there is adequate capital in the region to support companies like mine.

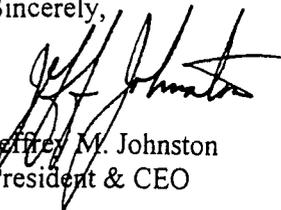

It is my sincere hope that initiatives, currently being considered by The State Legislature, to channel significant funding to North Carolina venture investments, would be realized. While investing in start-up ventures in North Carolina might be considered riskier than investing in blue chip stocks and bonds, the potential to invigorate the North Carolina economy long into the future far out-weighs the risk.

I am sure there are many more examples like mine where funding from sources of venture capital could have made a significant difference.

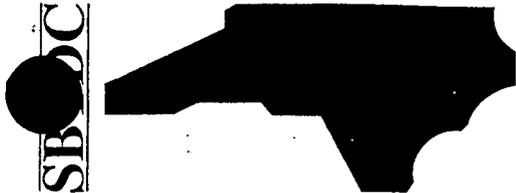

Please feel free to share this letter with whomever you please. I am happy to have had the opportunity to express my feelings and beliefs about the need for greater support.

Thank you.

The Honorable John Kerr
NC Senate
NC General Assembly
Room 526 Legislative Office Bldg.
Raleigh, NC 27601-1096

Dear Senator Kerr:

I write to you with regard to concerns which have arisen with respect to HB 987—the bill which has been introduced to attract venture capital investments from insurance companies doing business in North Carolina.

First, there are some who believe that small firms in North Carolina have adequate access to venture capital (and debt capital) and that the good deals get funded. Second, there is a presumption among some that the shortage of North Carolina based venture capital is adequately offset by the investments of out-of-state venture capital firms in North Carolina. Third, there are a few who believe that providing state incentives to attract capital is inappropriate; and somewhat more who feel that the proposed incentives to the insurance industry under HB 987 are too large.

From our experience with thousands of small to medium sized businesses, many of which were seeking outside financing, neither of the first two concerns noted are correct. We do, in fact, have a critical deficiency in the level of locally based venture capital—about 2.2% of the total U.S. pool. And this deficiency is not offset by investments from out-of-state venture capital firms—less than 1% of all venture investments were made in North Carolina in the most recently reported year.

The third concern is harder to address because it is essentially philosophically based. However, if one believes as has been the case in North Carolina since the early railroad development days that public investment incentives are appropriate tools to support economic development objectives, then the proposed incentive under HR 987 to insurance companies doing business in North Carolina may be very appropriate. It creates an effective mechanism for leveraging venture capital from one of the three major capital resource institutions in this country (pensions, insurance companies and banks), all of which have significant constraints to capital venture investments.

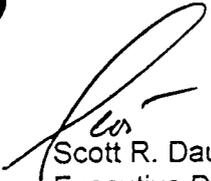

Venture capital investing is unique in several other respects. First, it is based more on "personal" connectedness than many other types of financing. For instance, venture firms only invest in 1% to 2% of all deals brought before them (and it's patently absurd to believe that 98% to 99% of all proposed venture deals are unworthy). As a consequence, personal contacts/connections with members of firms are an important key to accessing venture capital. It's clear, too, that venture capital firms have a strong preference for doing deals in their own back yard. They want to be able to see and touch their investments regularly and with ease. We are aware of a number of North Carolina originated deals which have been lost to the state because venture money was not found here. Venture firms also like to spread their risks. They do so by co-investing in projects with other firms.

These factors argue for the expansion of our local venture capital base. The approach proposed in HB 987 has proven effective in the two other states (Louisiana and Missouri) which have followed this model in creating relatively large venture capital pools. From our experience we, again, believe that there will be sufficient deal flow from North Carolina firms with strong growth potential should added capital for investment be available. We need to keep them here.

I hope this is helpful. I would be pleased to meet with you to discuss these issues further, if needed.

Thanks for your help.

Sincerely yours,

Scott R. Daugherty

*Venture Capital for Young and Growing North Carolina Companies
and
HB 987*

Development of new technologies and new, home-grown companies requires locally based sources of capital.

I write to urge your support of HB 987, which will increase funding available to small, rapidly growing companies in North Carolina. Experience shows that without such monies available in-state, companies are less likely to develop here – and might well move elsewhere. We can, for example, document at least two companies that have recently left the state – after being initially established here – because necessary financing was available elsewhere. In 1996, Research Triangle Pharmaceuticals moved to Canada to gain access to a government venture capital program; in 1995, Icagen, Inc., set up an R&D subsidiary in Canada for the same reason.

Other examples of North Carolina losses due to insufficient capital can be documented:

- We know of developing biopharmaceutical companies that, unable to secure capital in-state, are working with venture funds that would require them to leave North Carolina.
- The Biotechnology Center is currently in discussion with start-up companies to bring technologies to North Carolina from other states. The Center will have to wait for new appropriations before we can secure these companies for North Carolina; moreover, no other appropriate in-state funds are targeted to assist these companies.

- The state also this year lost recruitment to the Greenville area of an enormously promising biotechnology company developing pharmaceutical uses of tobacco. BioSource Technologies, based in California, looked finally at North Carolina and Kentucky as sites for its new facility. The company chose Kentucky because the state could lend it monies to move and to set up a R&D facility near the University of Kentucky.

Such losses will be replicated with other young technology companies until sufficient venture capital monies are available in North Carolina to fund them. Over time, the diminishment to our economy, technological base, and future will be enormous.

Thank you for your support and for the ongoing public service you render.

Dear Mr. Driskill:

It has come to my attention that the Missouri Legislature is considering enactment of Certified Capital Company legislation. The Louisiana Capital Companies (CAPCO) Tax Credit Program was initially enacted in 1983 and provided a 35% income tax credit for investors in certified Louisiana capital companies. In 1989 the program was expanded to provide insurance companies a 120% credit against their premium taxes to be taken over a ten year period. Beginning around 1992, CAPCOs began to raise significant amounts of venture capital from insurance company investors.

We had a severe shortage of venture capital funding and this program has helped a lot. We consider the CAPCO program to be an integral part of our economic development efforts. Venture capital invested in Louisiana companies has created jobs and increased tax revenues for the state. Seed investments by CAPCOs have enabled Louisiana companies to grow and gain access to other capital provided by banks and the public security markets.

Within the Louisiana Department of Economic Development, CAPCOs are regulated by the Office of Financial Institutions (OFI). The individual at OFI most familiar with the CAPCO program is Ms. Dale Jacobs (504/922-0632). Should your staff wish to discuss CAPCO statutes or regulations or the general operation of the program, please do not hesitate to contact Ms. Jacobs.

If I can be of any assistance, please feel free to call.

Sincerely yours,

Mr. Joseph Driskill, Director

Dear Mr. Driskill:

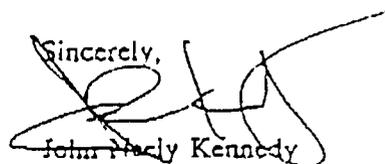

I understand that the Missouri Legislature is currently considering the adoption of legislation authorizing the creation of Certified Capital Companies in Missouri. I have been familiar with the Louisiana Certified Capital Company ("CAPCO") Tax Credit Program since serving as legal counsel to Governor Buddy Roemer in 1987-91. As a result of certain changes to the CAPCO program by the Roemer administration, Louisiana CAPCOs have generated over one hundred million dollars of new private venture capital for investment in growing Louisiana businesses.

Historically, Louisiana has lacked adequate sources of venture capital to assist new businesses in their efforts to expand and create jobs and economic opportunity for our citizens. The CAPCO program has helped to close the gap by providing seed capital for exciting technology start-ups as well as expansion financing for more established businesses with high growth potential. One company funded initially by a group of Louisiana CAPCOs has already accessed the broader securities market with an initial public offering of \$180 million completed last fall.

As Secretary of the Department of Revenue and Taxation under our new Governor, Mike Foster, I am acutely aware of Louisiana's budget needs and the impact of business growth on tax revenues. Not only are we confident that the CAPCO program will contribute to the formation of new companies and the creation of well-paying jobs, but we also anticipate that the burgeoning growth of high-tech industries will over time produce tax revenues far in excess of the cost of the program. Thus, it is not surprising that this program has received broad, bipartisan support through four gubernatorial administrations and has been extended and revised several times by legislative majorities.

I consider the CAPCO program to be an important and fiscally responsible part of our state's overall economic development plan. It is certainly worth a close and careful look in Missouri. Please contact me if I can provide you with any information that might be helpful to you in your analysis and decision-making.

Sincerely,

Start-up tax credits proposed

\$100M would go to insurers

By JAV GALLAGHER
Albany Bureau Chief

ALBANY — The Assembly's top Democrat and a key committee chair on Tuesday proposed giving out \$100 million in tax credits over 10 years to try to make it easier for start-up companies in New York to get financing.

"New York State is not attracting venture capital commensurate with our size," said Assembly Speaker Sheldon Silver, D-Manhatten. "This state needs a more aggressive approach."

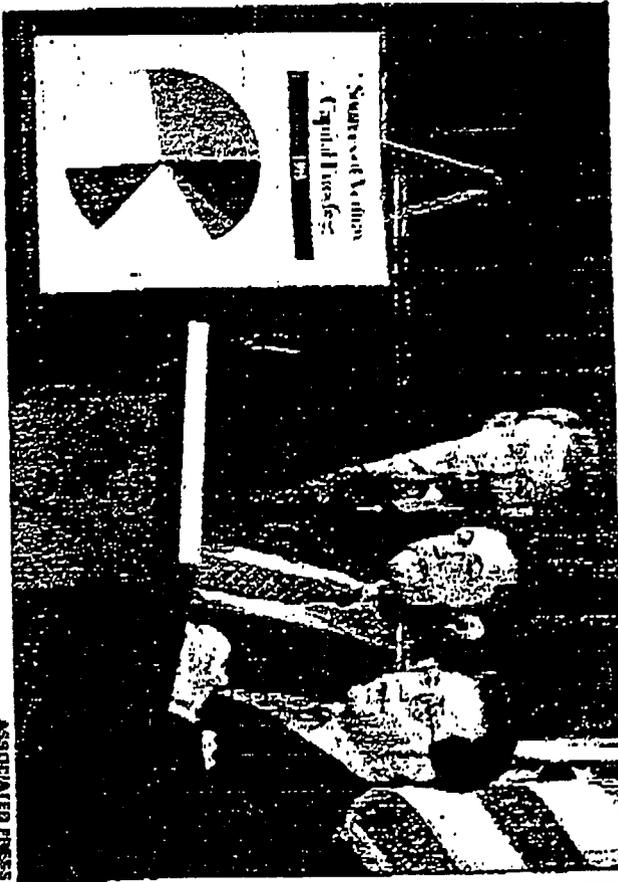

In 1995, New York ranked only ninth among states in attracting venture capital, according to a report done by Silver's staff. The \$224.1 million represented only 3 percent of the national total, according to the report.

"Businesses that are promising but non-traditional have difficulty obtaining the backing they need to get off the ground," said Assembly Small Business Committee chairman Joseph Morelle, D-Rondaquon.

State leaders frequently blame the relative lack of available financing for the state's lagging growth in high-tech industries compared to states like Massachusetts and California.

In fact, employment in high-tech companies actually dropped almost 2 percent in New York between 1993 and 1995, while it went up 6.3 percent in the country as a whole, according to the Assembly study.

The Assembly plan, which Silver admitted hasn't been explained to the Senate yet, calls for the state to give tax credits of \$50 million in each of the next two years to insurance companies that invest in venture-capital firms.

ASSOCIATED PRESS

New York Assembly Speaker Sheldon Silver, D-Manhatten, center, along with Assemblymen Joseph D. Morelle, D-Rochester,

right, and Robert Sweeney, D-Suffolk County, left, announce a plan to increase venture capital in the state Tuesday in Albany.

'Businesses that are promising but non-traditional have difficulty obtaining the backing they need to get off the ground.'

Joseph Morelle, Assembly Small Business Committee chairman

The companies would take a 10 percent credit annually for 10 years.

Silver said the state would more than recoup the lost revenues from the increased business activity the investments would spark.

Morelle said the plan, targeted to small businesses, would use the

money efficiently, since it would be venture capitalists and not state officials who would decide where to invest the money.

The idea got a backhanded compliment from the Empire Development Corp., Gov. George Pataki's main economic-development agency.

"Gov. Pataki is committed to helping small businesses, and we would like to see the state take a leadership role in this area," said John McCardle, spokesman for the agency.

take a look at this one."

The Republican-led Senate also didn't dissent the idea out of hand, which it frequently does with proposals from the Democratic Assembly.

"If this is something that will help businesses, we'll certainly be supporting," said Senate Republican spokesman John McCardle.

EXPLANATION OF HOUSE BILL 485:
Funeral Establishment (3rd Edition)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 23, 1997
SPONSOR: Representative Dockham
Agency Bill (The North Carolina Board of Mortuary Science)

House Bill 485 makes several changes to the statutes governing funeral services, cremation, and preneed funeral contracts. The bill becomes effective October 1, 1997. The bill is before the Finance Committee because of the following changes in the law:

1. Clarification that the reinspection fee of \$100 applies to embalming facilities that are not contained in funeral homes. (page 12)
2. The establishment of a crematory license year and an annual renewal process. The annual renewal fee is already set by statute at \$150. (Pages 14)
3. The bill establishes a list of late fee requirements for late renewals and for late reports. The late renewal fees are currently set by statute. The fee for filing a cremation report late is set at \$75 a month and the late penalty for paying the \$10 per cremation fee is set at \$10. (page 17)
4. Provides that a crematory must pay a reinspection fee of \$100 when a reinspection is necessary. (page 15 and 17)
5. Allows the Board to accept a monetary offer of not more than \$1,000 instead of suspending or revoking the license of a funeral establishment or a crematory. (pages 15 and 22)
6. Establishes a preneed license year for a preneed funeral establishment and annual renewal procedures. The annual renewal fee may not exceed \$150. The bill sets a late renewal fee of an amount that may not exceed \$100. (page 19)
7. Establishes a license year for a preneed sales license and its annual renewal procedures. The annual renewal fee may not exceed \$50. The bill sets a late renewal fee of an amount that may not exceed \$25. (page 19-20)
8. When a preneed funeral contract is sold, the licensee must remit a fee of \$15 to the Board. The bill provides that this fee may be increased up to \$20 and it sets a late filing and payment fee of an amount not to exceed \$25. (page 20)

9. The bill also sets a late fee for the late filing of a certificate of performance (\$25) and for the late filing of an annual report (\$150); it also establishes a reinspection fee for preneed licensee of up to \$100. (page 20)

Some of the other changes made by the bill include:

1. Giving the Board the authority to inspect embalming facilities that are not contained in funeral homes and requiring these facilities to be registered with the Board.
2. Recognizing the existence of limited liability companies.
3. Changing the contents of funeral directing and service examinations and embalming examinations to conform with the contents of examinations currently being given throughout the United States.
4. Establishing an inactive license that will allow a inactive licensee to vote for the members of the Board.
5. Setting the requirements for cremation reports, requiring a body to be enclosed in a container when it is cremated, and requiring the crematory operator to have a signed cremation authorization form before cremating a body.
6. Requiring a funeral home that is paid through a preneed funeral contract to mail proof of its performance of the contract to the Board, requiring a preneed licensee to divest itself of all the preneed contracts it holds when it is no longer licensed, and specifying that the names and addresses of preneed contract purchasers and beneficiaries are not public records.
7. Deleting the requirement that the Board use an administrative law judge for its hearings.
8. Deleting the requirement that the Board report evidence of misdemeanors to district attorney.
9. Setting the order of priority in authorizing the disposition of body or body parts.

Several sections of the bill add late fees for delinquent payments. Section 22 adds a late fee for crematories that do not submit their cremation fees (\$10 late fee per cremation) and their cremation report (\$75 per month past due date) in a timely manner. Only 2 of the 37 crematories in the state are habitual offenders of the filing deadlines. No revenue is projected from these late fees, because the Board thinks the late penalties will encourage the delinquent filers to follow Board rules. Section 27 adds a late fee for failure to timely renew a preneed funeral establishment license (\$100) or a preneed sales license (\$25) and failure to timely file a certificate of performance (\$150). Again, no revenue is anticipated from the late fees, because the Board believes the threat of late fees will encourage compliance with their deadlines.

There are two other sections that add a new license, but there is no revenue impact. Section 9 adds a new inactive license for individuals, but no fee is charged. A \$100 reinspection fee for preneed licensees is added in Section 28, but little or no revenue is expected since the Board has done only 2 reinspections in 5 years.

11 obligation to pay or reimburse response costs pursuant to this Part shall be expressly
12 contingent upon availability of monies in the Fund, and the State and its departments
13 and agencies shall have no obligation to pay or reimburse eligible expenses if monies
14 are not available in the Fund. The provisions of this Part shall not constitute a
15 contract, either express or implied, to pay or reimburse response costs in excess of the
16 monies available in the Fund. In making disbursements from the Fund, the
17 Commission shall pay the claims with the highest priority before claims of lower
18 priority, and claims of equal priority in the order in which the facility or abandoned
19 site was certified until the revenue is exhausted. Consistent with the provisions of
20 this Part, the Commission may disburse monies from the Fund to abate imminent
21 hazards caused by dry-cleaning solvent contamination at abandoned dry-cleaning
22 facility sites which have not been certified. Up to twenty percent (20%) of the
23 amount of revenue credited to the Fund in a year may be used to defray costs
24 incurred by the Department and the Attorney General's Office in connection with
25 administration of the program described in this Part, including oversight of response
26 activities.

27 "§ 143-215.104D. Powers of the Commission.

28 (a) Administrative Functions. -- The Commission may delegate any or all of the
29 powers enumerated in this subsection to the Department or engage a private
30 contractor or contractors to carry out the activities enumerated in this subsection. If
31 the Commission engages a private contractor to carry out the functions enumerated
32 in subdivisions (1) through (6) of this subsection, no action of the contractor shall be
33 effective until ratified by the Commission. The Commission shall:

34 (1) Accept petitions for certification and petitions to enter into dry-
35 cleaning solvent assessment or remediation agreements under this
36 Part.

37 (2) Prioritize certified dry-cleaning facilities, certified wholesale
38 distribution facilities, or certified abandoned dry-cleaning facility
39 sites for the initiation of assessment or remediation activities that
40 are reimbursable from the Fund.

41 (3) Develop forms to be used by persons applying for reimbursement
42 of assessment or remediation costs.

43 (4) Schedule funding of assessment and remedial response activities.

1 (5) Determine whether assessment or remediation is necessary at a
2 contamination site.

3 (6) Determine that all necessary assessment and remediation has been
4 completed at a contamination site.

5 (7) Make payments from the Fund to reimburse the costs of assessment
6 and remediation, provided, however, that any such payments made
7 by a private contractor engaged by the Commission shall be
8 authorized by the Commission prior to disbursement.

9 (b) Rulemaking. -- The Commission shall adopt such rules as are necessary to
10 implement the provisions of this Part. Rules adopted by the Commission shall be
11 consistent with and shall not duplicate, but may incorporate by reference, the rules
12 adopted by the Commission for Health Services pursuant to Article 9 of Chapter
13 130A of the General Statutes. The Commission shall not delegate the rule-making
14 powers provided in this subsection.

15 (1) The Commission may adopt rules governing:

16 a. Fees for response costs reimbursable under this Part.

17 b. The certification and decertification of facilities or
18 abandoned sites.

19 c. The prioritization of facilities or abandoned sites and
20 scheduling of funding for assessment and remedial response
21 activities. These rules shall take into consideration the
22 degree of harm or risk to public health and the
23 environment; the order in which certification issued for the
24 facility or abandoned site; and other factors the Commission
25 finds appropriate in the use of the Fund to maximize the
26 reduction of harm or risk posed by certified facilities,
27 certified abandoned sites, and uncertified facilities and sites.

28 d. The disbursement of revenue from the Fund for payment or
29 reimbursement of approved assessment or remedial
30 responses costs.

31 e. The determination whether assessment or remediation is
32 necessary at a contamination site.

33 f. The determination that all necessary assessment and
34 remediation has been completed at a contamination site.

35 g. The terms and conditions of dry-cleaning solvent assessment
36 and remediation agreements.

37 h. The determination whether additional assessment or
38 remediation is necessary at a contamination site previously
39 closed under this Part.

40 (2) The Commission may adopt rules establishing minimum
41 management practices for handling of dry-cleaning solvent at dry-
42 cleaning facilities and wholesale distribution facilities. The rules
43 may:

- 1 a. Require that all perchloroethylene dry-cleaning machines
2 installed at a dry-cleaning facility after the effective date of
3 the rule or temporary rule meet air emission standards that
4 equal or exceed the standards that apply to comparable dry-
5 to-dry perchloroethylene dry-cleaning machines with
6 integral refrigerated condensation.
- 7 b. Prohibit the discharge of dry-cleaning solvents or water that
8 contains dry-cleaning solvents into sanitary sewers, septic
9 systems, storm sewers, or waters of the State.
- 10 c. Require spill containment structures around dry-cleaning
11 machines, filters, stills, vapor absorbers, solvent storage
12 areas, and waste solvent storage areas.
- 13 d. Require floor sealants for cleaning room areas, provided that
14 the Commission finds the sealants to be effective.
- 15 e. Require, by 1 January 2002, the use of improved solvent
16 transfer systems to prevent releases at the time of delivery of
17 solvents to a dry-cleaning facility.
- 18 f. Require any solvent handling practices the Commission may
19 find necessary and appropriate to minimize the risk of
20 releases at wholesale distribution facilities.
- 21 (3) The Commission shall adopt rules establishing a risk-based
22 approach applicable to the assessment, prioritization, and cleanup
23 of dry-cleaning solvent contamination resulting from releases at
24 facilities or abandoned sites certified pursuant to G.S. 143-
25 215.104G. The rules shall address, at a minimum:
- 26 a. Criteria and methods for determining cleanup requirements,
27 including the level of cleanup necessary to assure adequate
28 protection of public health and the environment.
- 29 b. The circumstances under which information specific to the
30 dry-cleaning solvent contamination site should be considered
31 and required.
- 32 c. The circumstances under which restrictions on the future
33 use of any remediated dry-cleaning solvent contamination
34 site should be considered and required as a means of
35 achieving and maintaining an adequate level of protection
36 for public health and the environment.
- 37 d. Strategies for the assessment and remediation of dry-
38 cleaning solvent contamination, including presumptive
39 remedial responses sufficient to provide an adequate level of
40 protection as described under sub-subdivision a. of this
41 subdivision.
- 42 (c) All rules adopted by the Commission shall be applicable to all dry-cleaning
43 facilities, wholesale distribution facilities, and abandoned dry-cleaning facilities in the
44 State and shall, to the maximum extent practicable, be cost-effective and technically

1 feasible while protecting public health and the environment from the release of dry-
2 cleaning solvents.

3 (d) Unless otherwise provided in this Part, the Commission may delegate any of
4 its rights, duties, and responsibilities under this Part to the Department.

5 **"§ 143-215.104E. Requirement of financial responsibility for dry-cleaning facilities.**

6 (a) The owner or operator of any dry-cleaning facility or any wholesale
7 distribution facility operating in the State shall establish and continuously maintain
8 financial responsibility for legal liability arising in connection with dry-cleaning
9 solvent contamination resulting from a release at the facility by either:

10 (1) Obtaining pollution and remediation legal liability insurance for
11 the facility with coverage limits not less than one million dollars
12 (\$1,000,000) from an insurance carrier authorized to do business in
13 this State, or

14 (2) Depositing with the Commission, securities or a third-party bond
15 acceptable to the Commission in an amount not less than one
16 million dollars (\$1,000,000).

17 (b) If the owner or operator of a dry-cleaning facility or any wholesale distribution
18 facility demonstrates to the satisfaction of the Commission an inability to establish
19 financial responsibility consistent with the standards of subsection (a) of this section,
20 then the Commission shall issue a determination of uninsurability to the operator of
21 the facility. When a facility is designated as uninsurable by the Commission, the
22 financial responsibility requirements of subsection (a) of this section are satisfied.

23 (c) Unless the Commissioner of Insurance adopts rules providing otherwise, a dry-
24 cleaning facility or wholesale distribution facility shall be determined to be
25 uninsurable if the annual premium for coverage of the dry-cleaning facility or
26 wholesale distribution facility meeting the requirements of this Part is more than
27 three times the average premium for similar coverage for dry-cleaning facilities or
28 wholesale distribution facilities where dry-cleaning solvent contamination is not
29 known to have occurred. Each insurer selling pollution and remediation legal
30 liability insurance in this State shall annually report to the Commission the number
31 of policies held in force by the company in this State for dry-cleaning facilities and
32 for wholesale distribution facilities, and the average premium rate for each type of
33 facility. The first report required by this section shall be made no later than 1
34 January 1998.

35 (d) Dry-cleaning facilities and abandoned dry-cleaning facility sites located on a
36 United States military base or owned by the United States or a department or agency
37 of the United States and dry-cleaning facilities and abandoned dry-cleaning facility
38 sites owned by the State or an agency or department of the State are exempt from
39 complying with this section.

40 **"§ 143-215.104F. Requirements for certification, assessment agreements, and**
41 **remediation agreements.**

42 (a) Any person petitioning for certification of a facility or abandoned site pursuant
43 to G.S. 143-215.104G, for a Dry-Cleaning Solvent Assessment Agreement pursuant to
44 G.S. 143-215.104H, or for a Dry-Cleaning Solvent Remediation Agreement pursuant

1 to G.S. 143-215.104I, shall meet the requirements set out in this section and any other
2 applicable requirements of this Part.

3 (b) Requirements for Potentially Responsible Persons Generally. -- Every
4 petitioner shall provide the Commission with:

5 (1) Information necessary for the Commission to determine the
6 priority ranking of the facility or abandoned site described in the
7 petition.

8 (2) Information necessary to demonstrate the person's ability to incur
9 the response costs specified in subsection (e) of this section.

10 (3) Evidence of financial responsibility established in accordance with
11 G.S. 143-104.215E(a) or a copy of a determination of uninsurability
12 issued by the Commission pursuant to G.S. 143-25.104E(b).

13 (c) Requirement for Property Owners. -- In addition to the information required
14 by subsection (b) of this section, a petitioner who is the owner of the property on
15 which the dry-cleaning solvent contamination identified in the petition is located shall
16 provide the Commission a written agreement authorizing the Commission or its agent
17 to have access to the property for purposes of determining whether assessment or
18 remediation activities are being conducted in compliance with this Part and any
19 assessment or remediation agreement.

20 (d) The Commission shall reject any petition made pursuant to this Part in any of
21 the following circumstances:

22 (1) The petitioner is an owner or operator of the facility described in
23 the petition and the facility was not being operated in compliance
24 with minimum management practices adopted by the Commission
25 pursuant to G.S. 143-215.104D(b)(2) at the time the contamination
26 was discovered.

27 (2) The petitioner is an owner or operator of a facility described in the
28 petition and the petitioner owed delinquent taxes under Article 5D
29 of Chapter 105 of the General Statutes at the time the dry-cleaning
30 solvent contamination was discovered.

31 (3) The petitioner is the owner or operator of the facility described in
32 the petition and the petitioner had failed, at the time the
33 contamination was discovered, to establish financial responsibility
34 for the facility pursuant to G.S. 143-215.104E(a) or to obtain a
35 determination of uninsurability pursuant to G.S. 143-215.104E(b).

36 (e) The Commission may reject any petition made pursuant to this Part in any of
37 the following circumstances:

38 (1) The petitioner fails to provide the information required by
39 subsection (b) of this section.

40 (2) The petitioner falsified any information in its petition which was
41 material to the determination of the priority ranking, the nature,
42 scope and extent of contamination to be assessed or remediated, or
43 the appropriate means to contain and remediate the contaminants.

1 (f) Financial Responsibility Requirements. -- Each potentially responsible person
 2 who petitions the Commission to enter into a Dry-Cleaning Solvent Assessment or
 3 Remediation Agreement shall accept written responsibility in the amount specified in
 4 this section for the assessment or remediation of the dry-cleaning solvent
 5 contamination identified in the petition. If two or more potentially responsible
 6 persons petition the Commission jointly, the requirements below shall be the
 7 aggregate requirements for the financial responsibility of all potentially responsible
 8 persons who are party to the petition. Unless an alternative arrangement is agreed to
 9 by copetitioners, the financial responsibility requirements of this section shall be
 10 apportioned equally among the copetitioners. The requirements in this subsection
 11 shall be in addition to any insurance or other financial responsibility, including
 12 deductibles or retentions, established pursuant to G.S. 143-215.104E.

<u>Facility or Abandoned Site Where Release Occurred</u>	<u>Costs</u>
<u>Dry-cleaning facilities owned by persons who employ fewer than five full-time employees or the equivalent in activities related to dry-cleaning operations during the preceding calendar year</u>	<u>\$5,000</u>
<u>Dry-cleaning facilities owned by persons who employ at least five but fewer than 10 full-time employees or their equivalent in activities related to dry-cleaning operations during the preceding calendar year</u>	<u>\$10,000</u>
<u>Dry-cleaning facilities owned by persons who employ 10 or more full-time employees or their equivalent in activities related to dry-cleaning operations during the preceding calendar year</u>	<u>\$15,000</u>
<u>Wholesale distribution facilities</u>	<u>\$25,000</u>
<u>Abandoned dry-cleaning facility sites</u>	<u>\$50,000</u>

32 Provided, however, that if a dry-cleaning facility is determined to be uninsurable, the
 33 financial responsibility requirements for the facility shall be three times the amount
 34 provided above; and provided further, that the financial responsibility requirement
 35 for a wholesale distribution facility that is determined to be uninsurable shall be fifty
 36 thousand dollars (\$50,000).

37 **"§ 143-215.104G. Certification of facilities and abandoned sites.**

38 (a) A potentially responsible party who meets the applicable requirements of G.S.
 39 143-215.104F may petition the Commission to certify a facility or abandoned site
 40 where a release of dry-cleaning solvent is believed to have occurred. The
 41 Commission shall certify the facility or abandoned site if the petitioner meets the
 42 requirements of this Part. Upon its decision to certify a facility or abandoned site, the
 43 Commission shall inform the petitioner of its decision and of the initial priority
 44 ranking of the facility or site.

1 (b) The Commission may change the initial priority rankings of any facility or
2 abandoned site as additional facilities or abandoned sites are certified which are
3 determined by the Commission, in its sole discretion, to pose a higher degree of harm
4 or risk to public health and the environment; provided, however, that the
5 Commission shall not change the priority ranking of an abandoned site that is set in a
6 Dry-Cleaning Solvent Remediation Agreement.

7 (c) A potentially responsible person petitioning for certification of a facility or
8 abandoned site shall provide the Commission with either of the following:

9 (1) A proposed Dry-Cleaning Solvent Assessment or Remediation
10 Agreement, or an indication of the petitioner's intent to enter into
11 such an agreement.

12 (2) A written statement of the petitioner's intent to conduct assessment
13 and remediation activities pursuant to subsection (d) of this
14 section.

15 (d) A person who has access to the property on which a facility or abandoned site
16 is located and who has successfully petitioned for certification of the abandoned site
17 pursuant to this section may undertake assessment or remediation of dry-cleaning
18 solvent contamination located on the property consistent with the standards
19 established by the Commission pursuant to G.S. 143-215.104D(b)(3) without first
20 entering into a Dry-Cleaning Solvent Assessment Agreement or a Dry-Cleaning
21 Solvent Remediation Agreement; provided, however, no assessment or remediation
22 activities undertaken pursuant to this subsection shall rely on standards that require
23 the creation of land-use restrictions. A person who undertakes assessment or
24 remediation activities pursuant to this subsection shall provide the Commission prior
25 written notice of the activity. Costs associated with assessment or remediation
26 activities undertaken pursuant to this subsection shall not be eligible for
27 reimbursement from the Fund.

28 (e) The rejection of any petition filed pursuant to this section shall not affect the
29 rights of any other petitioner, other than any parent, subsidiary, or other affiliate of
30 the petitioner, under this Part. The rejection of a petition or the decertification of a
31 facility or abandoned site may be the basis for rejection of a petition by any parent,
32 subsidiary, or other affiliate of the petitioner for the facility or abandoned site.

33 **§ 143-215.104H. Dry-Cleaning Solvent Assessment Agreements.**

34 (a) Assessment Agreements. -- One or more potentially responsible parties may
35 petition the Commission to enter into a Dry-Cleaning Solvent Assessment Agreement
36 regarding a facility or abandoned site that has been certified pursuant to G.S. 143-
37 215.104G and for which the party may have responsibility. The Commission may, in
38 its discretion, enter into an assessment agreement with any potentially responsible
39 party who satisfied the requirements of this section and the applicable requirements
40 of G.S. 143-215.104F. If more than one potentially responsible party petitions the
41 Commission, the Commission may enter into a single agreement with one or more of
42 the petitioners. The Commission shall not unreasonably refuse to enter into an
43 assessment agreement pursuant to this section. Petitioners shall provide the
44 Commission with any information necessary to demonstrate:

- 1 (1) The priority ranking assigned to the facility or site is consistent
2 with the rules adopted by the Commission or the adjusted priority
3 ranking which the petitioner agrees to accept is consistent with the
4 rules adopted by the Commission.
- 5 (2) The projected schedule for funding of assessment activities,
6 including reimbursements from the Fund.
- 7 (3) The assessment activities to be undertaken with respect to the dry-
8 cleaning solvent contamination and any other contamination at the
9 contamination site.
- 10 (4) The person who will be responsible for implementation of the
11 activities is capable and qualified to conduct the assessment.
- 12 (5) The financial responsibilities of the petitioner with respect to the
13 costs of the assessment activities and the ability to meet those
14 responsibilities.
- 15 (6) The permits or other authorizations required to conduct the
16 assessment activities and to lawfully dispose of any hazardous
17 substances or wastes generated by the assessment activities have
18 been or can be obtained.
- 19 (7) The assessment activities will not increase the existing level of
20 public exposure to health or environmental hazards at the
21 contamination site.
- 22 (8) The petitioner continues to have available the financial resources
23 necessary to satisfy the share of response costs imposed on the
24 petitioner by G.S. 143-215.104F.
- 25 (9) The response costs to be incurred in connection with the
26 agreement are reasonable and necessary.
- 27 (10) The consent of other property owners to enter into their property
28 for purpose of conducting assessment activities specified in the
29 assessment agreement.
- 30 (11) The date that any necessary remediation of the contamination site
31 could begin assuming the availability of monies in the Fund.
- 32 (b) The terms and conditions of an assessment agreement regarding dry-cleaning
33 solvent contamination shall be guided by and consistent with the rules adopted by the
34 Commission pursuant to G.S. 143-215.104D and the reimbursement authorities and
35 limitations set out in this Part. Agreements shall provide, subject to availability of
36 monies in the Fund, for prompt reimbursement of response costs incurred in
37 assessment activities that are found by the Commission to be consistent with the
38 assessment agreement and this Part.
- 39 (c) The Commission may refuse to enter into a dry-cleaning solvent assessment
40 agreement with any potentially responsible person if:
 - 41 (1) The petitioner will not accept financial responsibility for the share
42 of the response costs established in G.S. 143-215.104F.

1 (2) The petitioner will not accept responsibility for conducting,
2 supervising, or otherwise undertaking assessment activities required
3 by the Commission.

4 (3) The petitioner fails to provide any information required by
5 subsection (a) of this section.

6 (d) The refusal of the Commission to enter into a Dry-Cleaning Solvent
7 Assessment Agreement with any potentially responsible person shall not affect the
8 rights of any other petitioner, other than any parent, subsidiary or other affiliate of
9 the petitioner, other than any parent, subsidiary or other affiliate of the petitioner,
10 under this Part. The refusal of the Commission to enter into an agreement may be
11 the basis for rejection of a petition by any parent, subsidiary or other affiliate of the
12 petitioner for the facility or abandoned site.

13 (e) If the Commission determines from the assessment prepared pursuant to this
14 Part that the degree of risk to public health or the environment resulting from dry-
15 cleaning solvent contamination otherwise subject to assessment or remediation under
16 this Part and Article 9 of Chapter 130A is acceptable in light of the criteria
17 established pursuant to G.S. 143-215.104D(b)(3) and Article 9 of Chapter 130A, the
18 Commission shall issue a written statement of its determination and notify the owner
19 or operator of the facility or abandoned site responsible for the contamination that no
20 cleanup, no further cleanup, or no further action is required in connection with the
21 contamination.

22 (f) If the Commission determines that no remediation or further action is required
23 in connection with dry-cleaning solvent contamination otherwise subject to
24 assessment or remediation pursuant to this Part and Article 9 of Chapter 130A, the
25 Commission shall not pay or reimburse any response costs otherwise payable or
26 reimbursable under this Part from the Fund other than costs reasonable and necessary
27 to conduct the risk assessment pursuant to this section and in compliance with a Dry-
28 Cleaning Solvent Assessment Agreement.

29 **§ 143-215.104I. Dry-Cleaning Solvent Remediation Agreements.**

30 (a) Upon the completion of assessment activities required by a Dry-Cleaning
31 Solvent Assessment Agreement, a potentially responsible party may petition the
32 Commission to enter into a Dry-Cleaning Solvent Remediation Agreement for any
33 contamination requiring remediation. The Commission may, in its discretion, enter
34 into a remediation agreement with any petitioner who satisfies the requirements of
35 this section and the applicable requirements of G.S. 143-215.104F. If more than one
36 potentially responsible party petitions the Commission, the Commission may enter
37 into a single agreement with one or more of the petitioners. The Commission shall
38 not unreasonably refuse to enter into an assessment agreement pursuant to this
39 section. The Commission may, in its discretion, enter into a remediation agreement
40 that includes the assessment described in G.S. 143-215.104H. Petitioners shall
41 provide the Commission with any information necessary to demonstrate that:

42 (1) The petitioner, and any parent, subsidiary or other affiliate of the
43 petitioner has substantially complied with:

- 1 a. The terms of the Dry-Cleaning Solvent Assessment
2 Agreement and any Dry-Cleaning Solvent Remediation
3 Agreement, brownfields agreement or similar agreement to
4 which the requesting party, or any parent, subsidiary or
5 other affiliate of the requesting person has been a party.
6 b. The requirements applicable to any remediation in which
7 the petitioner has previously engaged.
8 c. Federal and State laws, regulations, and rules for the
9 protection of the environment.
10 (2) As a result of the remediation agreement, the contamination site
11 will be suitable for the uses specified in the agreement while fully
12 protecting public health and the environment from dry-cleaning
13 solvent contamination and any other contaminants included in the
14 remediation agreement instead of being remediated to current
15 standards.
16 (3) There is a public benefit commensurate with the liability
17 protection provided under this Part.
18 (4) The petitioner has or can obtain the financial, managerial, and
19 technical means to fully implement the remediation agreement and
20 assure the safe use of the contamination site.
21 (5) The petitioner has complied with or will comply with all
22 applicable procedural requirements.
23 (6) The agreement will not cause the Department to violate, or
24 potentially violate, the terms and conditions under which it
25 operates and administers remedial programs, including the
26 programs established or operated pursuant to Article 9 of Chapter
27 130A of the General Statutes, by delegation or similar
28 authorization from the United States or its departments or agencies
29 including the Environmental Protection Agency.
30 (7) The priority ranking assigned to the facility or site is consistent
31 with the rules adopted by the Commission or the adjusted priority
32 ranking which the petitioner agrees to accept is consistent with the
33 rules adopted by the Commission.
34 (8) The projected schedule for funding of remediation activities,
35 including reimbursements from the Fund.
36 (9) The petitioner continues to have available the financial resources
37 necessary to satisfy the share of response costs imposed on the
38 petitioner by G.S. 143-215.104F.
39 (10) The expenditures eligible for reimbursement from the Fund and to
40 be incurred in connection with the agreement are reasonable and
41 necessary.
42 (11) The consent of other property owners to enter into their property
43 for purposes of conducting remediation activities specified in the
44 assessment agreement.

1 (b) In negotiating a remediation agreement, parties may rely on land-use
2 restrictions that will be included in a notice of Dry-Cleaning Solvent Remediation
3 notice required under G.S. 143-215.104M. A remediations agreement may provide
4 for remediations standards that are based on those land-use restriction.

5 (c) A Dry-Cleaning Solvent Remediation Agreement shall contain a description of
6 the contamination site that would be sufficient as a description of the property in an
7 instrument of conveyance and, as applicable, a statement of:

8 (1) Any remediation, including remediation of contaminants other
9 than dry-cleaning solvents, to be conducted on the property,
10 including:

11 a. A description of specific areas where remediation is to be
12 conducted.

13 b. The remediation method or methods to be employed.

14 c. The resources that the petitioner will make available and
15 the degree to which the petitioner intends to rely on the
16 Fund for resources.

17 d. A schedule of remediation activities.

18 e. Applicable remediation methods which for dry-cleaning
19 solvent contamination shall not be in excess of the
20 requirements adopted by the Commission pursuant to G.S.
21 143-104D(b)(3).

22 f. A schedule and the method or methods for evaluating the
23 remediation.

24 (2) Any land-use restrictions that will apply to the contamination site
25 or other property.

26 (3) The desired results of any remediation or land-use restrictions with
27 respect to the contamination site.

28 (4) The guidelines, including parameters, principles, and policies
29 within which the desired results are to be accomplished.

30 (5) The consequences of achieving or not achieving the desired results.

31 (6) The final priority ranking of the facility or abandoned site.

32 (7) The person who will conduct the remediation if that person is not
33 the potentially responsible party entering the agreement.

34 (d) In addition to the bases in subsection (c) of this section, the Commission may
35 refuse to enter into a dry-cleaning solvent assessment or remediation agreement with
36 any potentially responsible person if:

37 (1) The petitioner will not accept financial responsibility for the share
38 of the response costs established in G.S. 143-215.104F. This
39 requirement shall not apply to a potentially responsible person
40 who (i) is the owner of property upon which the dry-cleaning
41 solvent contamination is located, and (ii) is not a current or former
42 owner or operator of a facility believed to be responsible for the
43 contamination.

1 (2) The petitioner will not accept responsibility for conducting,
2 supervising, or otherwise undertaking remediation activities
3 required by the Commission.

4 (3) The petitioner does not provide any information that is necessary
5 to demonstrate the facts required to be shown by subsection (a) of
6 this section.

7 (e) In addition to the bases set forth in subsection (d) of this section, the
8 Commission may refuse to enter into a dry-cleaning solvent remediation agreement
9 with the owner of the property on which a contamination site is located if the owner
10 refuses to accept limitations on the future use of the property and to give notice of
11 such limitations pursuant to G.S. 143-215.104M.

12 (f) The refusal of the Commission to enter into a Dry-Cleaning Remediation
13 Agreement with any potentially responsible person shall not affect the rights of any
14 other petitioner, other than any parent, subsidiary or other affiliate of the petitioner,
15 under this Part. The refusal of the Commission to enter into an agreement may be
16 the basis for rejection of a petition by any parent, subsidiary or other affiliate of the
17 petitioner for the facility or abandoned site.

18 (g) The terms and conditions of a Dry-Cleaning Solvent Remediation Agreement
19 concerned with dry-cleaning solvent contamination shall be guided by and consistent
20 with the rules adopted by the Commission pursuant to G.S. 143-215.104D and the
21 reimbursement authorities and limitations set out in this Part. Agreements shall
22 provide, subject to availability of monies in the Fund, for prompt reimbursement of
23 response costs incurred in assessment activities that are found by the Commission to
24 be consistent with the remediation agreement and this Part.

25 (h) Any failure of the requesting person or the requesting person's agents or
26 employees to comply with the Dry-Cleaning Solvent Remediation Agreement
27 constitutes a violation of this part by the requesting party.

28 **"§ 143-215.104J. Decertification; termination of assessment or remediation**
29 **agreements.**

30 (a) The Commission may decertify a facility or abandoned site, renegotiate a Dry-
31 Cleaning Solvent Assessment or Remediation Agreement, or terminate a Dry-
32 Cleaning Solvent Assessment or Remediation Agreement with respect to any party
33 thereto in the following circumstances:

34 (1) The owner or operator of the facility, at any time subsequent to the
35 certification of the facility, violates any of the minimum
36 management requirements adopted by the Commission pursuant to
37 G.S. 143-215.104D(b)(2).

38 (2) In the case of dry-cleaning contamination on property that is
39 owned by a petitioner, the petitioner fails to file a notice of dry-
40 cleaning solvent remediation as provided in G.S. 143-215.104M.

41 (3) The potentially responsible persons who are parties to a Dry-
42 Cleaning Solvent Assessment Agreement are unable to reach an
43 agreement with the Commission to enter into a Dry-Cleaning

- 1 Solvent Remediation Agreement within the time specified in the
2 assessment agreement.
- 3 (4) The payment of taxes assessed to the facility under Article 5D of
4 Chapter 105 of the General Statutes is delinquent.
- 5 (5) The financial responsibility to meet the requirement of G.S. 143-
6 215.104E is not maintained continuously for any facility, unless a
7 determination of uninsurability has been issued for the facility.
- 8 (6) The owner or operator fails to comply with all applicable
9 requirements of this Part to complete any assessment or
10 remediation activities required by a Dry-Cleaning Solvent
11 Assessment and Remediation Agreement.
- 12 (7) The owner or operator of a facility where assessment or
13 remediation activities are scheduled or in progress transfers the
14 ownership or operation of the facility or abandoned site to another
15 person without the prior consent of the Commission and the
16 execution of a substitute Dry-Cleaning Solvent Assessment or
17 Remediation Agreement.
- 18 (8) The standards applied to the dry-cleaning solvent contamination
19 remediation or containment under the provisions of this Part and
20 the Dry-Cleaning Solvent Remediation Agreement will, or are
21 likely to, cause the Department to fail to comply with the terms
22 and conditions under which it operates and administers a
23 remediation program by delegation or similar authorization from
24 the United States or one of its departments and agencies, including
25 the Environmental Protection Agency.
- 26 (b) Prior to decertifying any facility or abandoned site or renegotiating or
27 terminating any assessment or remediation agreement, the Commission shall give the
28 petitioners notice and opportunity for hearing. The Commission is not required to
29 give the petitioners notice and opportunity for hearing when the Commission
30 reasonably takes an emergency action to abate an imminent hazard caused by or
31 arising from assessment or remediation activities at a contamination site whether the
32 Commission issues a special order pursuant to G.S. 143-215.2 or takes other action.
- 33 (c) Neither the decertification of any facility or abandoned site, the renegotiation
34 of any agreement, nor the termination of any agreement pursuant to this subsection
35 shall not affect the rights of any petitioner, other than any parent, subsidiary or other
36 affiliate of the petitioner, found to be in violation of the provisions of subsection (a)
37 of this section. If the Commission decertifies a facility or abandoned site or
38 terminates an assessment or remediation agreement with any party to the agreement
39 pursuant to subsection (a) of this section, the Commission shall use its best efforts to
40 negotiate a substitute agreement with any remaining parties to the agreement.
- 41 "§ 143-215.104K. Liability protection.
- 42 (a) A potentially responsible party who enters into a Dry-Cleaning Solvent
43 Assessment or Remediation Agreement with the Commission and who is complying
44 with the agreement shall not be held liable for assessment or remediation of areas of

1 contamination identified in the agreement except as specified in the assessment or
2 remediation agreement, so long as the activities conducted at the contamination site
3 by and under the control or direction of the petitioner do not increase the risk of
4 harm to public health or the environment and the petitioner is not required to
5 undertake additional remediation to current standards pursuant to subsection (c) of
6 this section. The liability protection provided under this Part applies to all of the
7 following persons to the same extent as the petitioner, so long as these persons are
8 not otherwise potentially responsible parties or parent, subsidiaries, or affiliates of
9 potentially responsible parties and the person is not required to undertake additional
10 remediation to current standards pursuant to subsection (c) of this section:

11 (1) Any person under the direction or control of the requesting person
12 who directs or contracts for remediation or redevelopment of the
13 contamination site.

14 (2) Any future owner of the contamination site.

15 (3) A person who develops or occupies the contamination site.

16 (4) A successor or assign of any person to whom the liability
17 protection provided under this Part applies.

18 (5) Any lender or fiduciary that provides financing for remediation or
19 redevelopment of the contamination site.

20 (b) A person who conducts an environmental assessment or transaction screen on
21 contamination resulting from a release at a certified facility or certified abandoned
22 site consistent contamination resulting from a release at a certified facility or certified
23 abandoned site consistent with the Dry-Cleaning Solvent Assessment Agreement, if
24 any was required under this Part, and who is not otherwise a potentially responsible
25 party is not a potentially responsible party as a result of conducting the
26 environmental assessment or transaction screen unless that person increases the risk
27 of harm to public health, or the environment by failing to exercise due diligence and
28 reasonable care in performing the environmental assessment or transaction screen.

29 (c) If a land-use restriction set out in the Dry-Cleaning Solvent Remediation
30 Notice required under G.S. 143-215.104M is violated, the owner of the contamination
31 site at the time the land-use restriction is violated, the owner's successors and assigns,
32 and the owner's agents who direct or contract for alteration of the contamination site
33 in violation of a land-use restriction shall be liable for remediation of all
34 contaminants to current standards. A petitioner who completes the remediation or
35 redevelopment required under a Dry-Cleaning Solvent Remediation Agreement or
36 other person who receives liability protection under this Part shall not be required to
37 undertake additional remediation unless any of the following apply:

38 (1) The petitioner knowingly or recklessly provides false information
39 that forms a basis for the remediation agreement or that is offered
40 to demonstrate compliance with the agreement or fails to disclose
41 relevant information about contamination related to a facility or
42 abandoned site.

43 (2) New information indicates the existence of previously unreported
44 dry-cleaning solvent contaminants or any other contaminants to be

1 remediated under the remediation agreement, or an area of
2 previously unreported contamination by contaminants addressed in
3 the agreement on or associated with the facility or abandoned site
4 which has not been remediated to current standards, unless the
5 agreement is amended to include any previously unreported
6 contaminants and any additional area of contamination. If the
7 agreement sets maximum concentrations for contaminants and new
8 information indicates the existence of previously unreported areas
9 of these contaminants, further remediation shall be required only if
10 the areas of previously unreported contaminants raise the risk of
11 the contamination to public health or the environment to a level
12 less protective of public health and the environment than that
13 required by the agreement.

14 (3) The level of risk to public health and the environment from
15 contaminants is unacceptable at or in the vicinity of the
16 contamination site due to changes in exposure conditions,
17 including (i) a change in land use that increases the probability of
18 exposure to contaminants at or in the vicinity of the contamination
19 site or (ii) the failure of remediation to mitigate risks to the extent
20 required to make the contamination site fully protective of public
21 health and the environment as planned in the agreement.

22 (4) The Commission obtains new information about a contaminant to
23 be remediated under the remediation agreement and associated
24 with the facility or abandoned site or exposures at or around the
25 contamination site that raises the risk to public health and the
26 environment associated with the contamination site beyond an
27 acceptable range and in a manner or to a degree not anticipated in
28 the agreement. Any person whose use, including any change in
29 use, of the contamination site causes an unacceptable risk to public
30 health and the environment may be required by the Commission to
31 undertake additional remediation measures under the provisions of
32 this Part.

33 (5) A petitioner fails to file a timely and proper Dry-Cleaning Solvent
34 Remediation Notice under this Part.

35 (6) A facility or abandoned site loses its certification before the
36 assessment and any remediation required under the provisions of
37 this Part and the Dry-Cleaning Solvent Remediation Agreement
38 are completed to the satisfaction of the Department.

39 (7) The remediation required in the remediation agreement has
40 resulted in notification from the United States or its departments
41 and agencies, including the Environmental Protection Agency, that
42 the Department will violate the terms and conditions under which
43 it operates and administers remedial programs by delegation or
44 similar authorization.

1 "§ 143-215.104L. Public notice and community involvement.

2 (a) If a petitioner desires to enter into a Dry-Cleaning Solvent Remediation
3 Agreement based on remediation standards that rely on the creation of land-use
4 restriction, the petitioner shall notify the public and the community in which the
5 facility or abandoned site is located of planned remediation and redevelopment
6 activities. The petitioner shall submit Notice of Intent to Remediate a Dry-Cleaning
7 Solvent Facility or Abandoned Site and a summary of the Notice of Intent to the
8 Commission. The Notice of Intent shall provide, to the extent known, a legal
9 description of the location of the contamination site, a map showing the location of
10 the contamination site, a description of the contaminants involved and their
11 concentrations in the media of the contamination site, a description of the future use
12 of the contamination site, any proposed investigation and remediation, and a
13 proposed Dry-Cleaning Solvent Remediation Notice prepared in accordance with
14 G.S. 143-215.104M. Both the Notice of Intent and the summary of the Notice of
15 Intent shall state the time period and means for submitting written comment and for
16 requesting a public meeting on the proposed Dry-Cleaning Solvent Remediation
17 Agreement. The summary of the Notice of Intent shall include a statement as to the
18 public availability of the full Notice of Intent. After approval of the Notice of Intent
19 and summary of the Notice of Intent by the Commission, the petitioner shall provide
20 a copy of the Notice of Intent to all local governments having jurisdiction over the
21 contamination site. The petitioner shall publish the summary of the Notice of Intent
22 in a newspaper of general circulation serving the area in which the contamination is
23 located and shall file a copy of the summary of the Notice of Intent with the Codifier
24 of Rules, who shall publish the summary of the Notice of Intent in the North
25 Carolina Register. The petitioner shall also conspicuously post a copy of the
26 summary of the Notice of Intent at the contamination site.

27 (b) Publication of the approved summary of the Notice of Intent in the North
28 Carolina Register and publication in a newspaper of general circulation shall begin a
29 public comment period of at least 60 days from the later date of publication. During
30 the public comment period, members of the public, residents of the community in
31 which the contamination site is located, and local governments having jurisdiction
32 over the contamination site may submit comment on the proposed Dry-Cleaning
33 Solvent Remediation Agreement, including methods and degree of remediation,
34 future land uses, and impact on local employment.

35 (c) Any person who desires a public meeting on a proposed Dry-Cleaning Solvent
36 Remediation Agreement shall submit a written request for a public meeting to the
37 Commission within 30 days after the public comment period begins. The
38 Commission shall consider all requests for a public meeting and shall hold a public
39 meeting if the Commission determines that there is significant public interest in the
40 proposed agreement. If the Commission decides to hold a public meeting, the
41 Commission shall, at least 30 days prior to the public meeting, mail written notice of
42 the public meeting to all persons who requested the public meeting and to any other
43 person who had previously requested notice. The Commission shall also direct the
44 petitioner to publish, at least 30 days prior to the date of the public meeting, a notice

1 of the public meeting at least one time in a newspaper having general circulation in
2 such county where the contamination site is located. In any county in which there is
3 more than one newspaper having general circulation, the Commission shall direct the
4 petitioner to publish a copy of the notice in as many newspapers having general
5 circulation in the county as the Commission in its discretion determines to be
6 necessary to assure that the notice is generally available throughout the county. The
7 Commission shall prescribe the form and content of the notice to be published. The
8 Commission shall prescribe the procedures to be followed in the public meeting. The
9 Commission shall take detailed minutes of the meeting. The minutes shall include
10 any written Dry-Cleaning Solvent Remediation Agreement, the Commission shall
11 take into account the comment received during the comment period and at the public
12 meeting if the Commission holds a public meeting. The Commission shall
13 incorporate into the agreement provisions that reflect comment received during the
14 comment period and at the public meeting to the extent practical. The Commission
15 shall give particular consideration to written comment that is supported by valid
16 scientific and technical information and analysis.

17 "§ 143-215.104M. Dry-Cleaning Solvent Remediation Notice; land-use restrictions in
18 deeds.

19 (a) Land-Use Restriction. -- In order to reduce or eliminate the danger to public
20 health or the environment posed by a dry-cleaning solvent contamination site, the
21 owner of property upon which dry-cleaning solvent contamination has been
22 discovered may prepare a Dry-Cleaning Solvent Remediation Notice identifying the
23 site on which the contamination has been discovered and providing for current or
24 future restrictions on the use of the property. If a petitioner requests that a
25 contamination site be remediated to standards which require land-use restrictions, the
26 petitioner must file a Dry-Cleaning Solvent Remediation Notice for the remediation
27 agreement to become effective.

28 (b) Notice of Restriction. -- A Dry-Cleaning Solvent Remediation Notice shall
29 include:

- 30 (1) A survey plat of the contamination site that has been prepared and
31 certified by a professional land surveyor and that meets the
32 requirements of G.S. 47-30.
33 (2) A legal description of the property that would be sufficient as a
34 description in an instrument of conveyance.
35 (3) A description of the location and dimensions of the areas of
36 potential environmental concern with respect to permanently
37 surveyed benchmarks.
38 (4) The type, location, and quantity of dry-cleaning solvent known to
39 exist on the property.
40 (5) Any restrictions on the current or future use of the property or
41 other property that are necessary to assure adequate protection of
42 public health and the environment as provided in rules adopted
43 pursuant to G.S. 143-215.104D(b)(3). These land-use restrictions
44 may apply to activities on, over, or under the land, including, but

1 not limited to, use of groundwater, building, filling, grading,
2 excavating, and mining. Where a contamination site encompasses
3 more than one parcel or tract of land, a composite map or plat
4 showing all parcels or tracts may be recorded.

5 (c) Recordation of Notice. -- After the Commission approves and certifies the
6 Dry-Cleaning Solvent Remediation Notice under subsection (a) of this section, a
7 certified copy of a Dry-Cleaning Solvent Remediation Notice shall be filed in the
8 office of the register of deeds of the county or counties in which the property
9 described is located. The petitioner shall file the Dry-Cleaning Solvent Remediation
10 Notice within 15 days of the petitioner's receipt of the Commission's approval of the
11 notice or the petitioner's entry into the Dry-Cleaning Solvent Remediation
12 Agreement, whichever is later. The register of deeds shall record the certified copy
13 of the Dry-Cleaning Solvent Remediation Notice and index it in the grantor index
14 under the names of the owners of the land.

15 (d) Notice of Transfer. -- When property for which a Dry-Cleaning Solvent
16 Remediation Notice has been filed is sold, leased, conveyed, or transferred, the deed
17 or other instrument of transfer shall contain in the description section, in no smaller
18 type than that used in the body of the deed or instrument, a statement that the
19 property has been contaminated with dry-cleaning solvent and, if appropriate,
20 cleaned up under this Part.

21 (e) Cancellation of Notice. -- A Dry-Cleaning Solvent Remediation Notice filed
22 pursuant to this Part may, at the request of the owner of the property subject to the
23 Dry-Cleaning Solvent Remediation Notice, be canceled by the Secretary after the risk
24 to public health and the environment associated with the dry-cleaning solvent
25 contamination and any other contaminants included in the Dry-Cleaning Solvent
26 Remediation Agreement has been eliminated as a result of remediation of the
27 property. The Secretary shall forward notice of cancellation to the register of deeds
28 of the county or counties where the Dry-Cleaning Solvent Remediation Notice is
29 recorded and request that the Dry-Cleaning Solvent Remediation Notice be canceled.
30 The notice of cancellation shall contain the names of the landowners as shown in the
31 Dry-Cleaning Solvent Remediation Notice. The register of deeds shall record the
32 notice of cancellation in the deed books and index it on the grantor index in the
33 name of the landowner as shown in the Dry-Cleaning Solvent Remediation Notice
34 and on the grantee index in the name 'Secretary of Environment, Health, and Natural
35 Resources'. The register of deeds shall make a marginal entry on the Dry-Cleaning
36 Solvent Remediation Notice showing the date of cancellation and the book and page
37 where the notice of cancellation is recorded, and the register of deeds shall sign the
38 entry. If a marginal entry is impracticable because of the method used to record
39 maps and plats, the register of deeds shall not be required to make a marginal entry.

40 (f) Enforcement. -- Any restriction on the current or future use of property subject
41 to a Dry-Cleaning Solvent Remediation Notice filed pursuant to this section shall be
42 enforced by any owner of the property or by any other responsible party. Any land-
43 use restriction may also be enforced by the Commission through the remedies
44 provided in this Part or by means of a civil action in the superior court. The

1 Commission may enforce any land-use restriction without first having exhausted any
2 available administrative remedies. Restrictions also may be enforced by any unit of
3 local government having jurisdiction over any part of the property by means of a civil
4 action without the unit of local government having first exhausted any available
5 administrative remedy. A land-use restriction may also be enforced by any person
6 eligible for liability protection under this Part who will lose liability protection if the
7 land-use restriction is violated. A restriction shall not be declared unenforceable due
8 to lack of privity of estate or contract, due to lack of benefit to particular land, or due
9 to lack of privity of any property interest in particular land. Any person who owns
10 or leases a property subject to a land-use restriction under this section shall abide by
11 the land-use restriction.

12 (g) Relation to Brownfields Notice. -- Unless the Commission decertifies a
13 previously certified facility or a previously certified abandoned site, this section shall
14 apply in lieu of the provisions of Article 9 of Chapter 130A of the General Statutes
15 and Parts 1 and 2 of Article 21A of Chapter 143 of the General Statutes for
16 properties remediated under this Part.

17 "§ 143-215.104N. Reimbursement of dry-cleaning solvent assessment and remediation
18 costs; limitations; collection of reimbursement.

19 (a) Reimbursement. -- To the extent monies are available in the Fund for
20 reimbursement of response costs, the Commission shall reimburse any person
21 responsible for implementing assessment and remediation activities at a
22 contamination site associated with a certified facility or a certified abandoned site
23 pursuant to a Dry-Cleaning Solvent Assessment or Remediation Agreement for the
24 following assessment and remediation response costs:

- 25 (1) Costs of assessment with respect to dry-cleaning solvent
26 contamination.
- 27 (2) Costs of treatment or replacement of potable water supplies
28 affected by the contamination.
- 29 (3) Costs of remediation of affected soil, groundwater, and surface
30 waters.
- 31 (4) Monitoring of the contamination.
- 32 (5) Inspection and supervision of activities described in this subsection.
- 33 (6) Reasonable costs of restoring property as nearly as practicable to
34 the conditions that existed prior to activities associated with
35 assessment and remediation conducted pursuant to this Part.
- 36 (7) Other activities reasonably required to protect public health and
37 the environment.

38 (b) Limitations. -- Notwithstanding subsection (a) of this section, the Commission
39 shall not make any disbursement from the Fund:

- 40 (1) For costs incurred in connection with facilities or abandoned sites
41 not certified pursuant to G.S. 143-215.104G.
- 42 (2) For costs not incurred pursuant to a Dry-Cleaning Solvent
43 Assessment Agreement or a Dry-Cleaning Solvent Remediation
44 Agreement.

- 1 (3) For costs before funds available through the financial responsibility
2 demonstrated by the owner or operator of the facility or
3 abandoned site pursuant to G.S. 143-215.104E and funds obligated
4 by potentially responsible persons pursuant to a Dry-Cleaning
5 Solvent Assessment or Remediation Agreement in accordance with
6 G.S. 143-215.104F(f) are exhausted.
- 7 (4) For costs at a contamination site that has been identified by the
8 United States Environmental Protection Agency as a federal
9 Superfund site pursuant to 40 Code of Federal Regulations, Part
10 300, except that the Commission may authorize distribution of the
11 required State matchup to two hundred thousand dollars
12 (\$200,000) per year per site. The Commission shall not delegate
13 its authority to disburse funds pursuant to this subdivision.
- 14 (5) For remediation beyond the level required under the
15 Commission's risk-based criteria for determining the appropriate
16 level of remediation and the remediations agreement.
- 17 (6) For assessment or remediation response costs incurred in
18 connection with any individual dry-cleaning solvent assessment or
19 remediation agreement in excess of two hundred thousand dollars
20 (\$200,000) per year; provided, however, that the Commission may
21 disburse up to four hundred thousand dollars (\$400,000) per year
22 for assessment and remediation costs incurred in connection with a
23 certified facility or a certified abandoned site that poses an
24 imminent hazard.
- 25 (7) That would result in a diminution of the Fund balance below one
26 hundred thousand dollars (\$100,000), unless an emergency exists in
27 connection with a dry-cleaning solvent contamination abandoned
28 site that constitutes an imminent hazard.
- 29 (8) For any costs incurred in connection with dry-cleaning solvent
30 contamination from a facility located on a United State military
31 base or owned by the United States or a department or agency of
32 the United States.
- 33 (9) For any costs incurred in connection with dry-cleaning solvent
34 contamination from a facility or abandoned site owned by the State
35 or a department or agency of the State.

36 The Commission shall not pay or reimburse any response costs arising from a dry-
37 cleaning solvent assessment or remediation agreement until the petitioners who are
38 party to the agreement have exhausted the financial resources made available under
39 the agreement pursuant to G.S. 143-215.104E and G.S. 143-215.104F.

40 (c) All dry-cleaning solvent assessment or remediation agreements made by the
41 Commission pursuant to this Part shall expressly state that the Commission's
42 obligation to reimburse response costs incurred pursuant to such agreements shall be
43 contingent upon the availability of monies from the Fund and that the State and its
44 departments and agencies have no obligation to reimburse otherwise eligible expenses

1 if monies are not available in the Fund to pay the reimbursements. If, at any time,
2 the Commission determines that the cost of assessment and remediation activities
3 reimbursable pursuant to existing dry-cleaning solvent assessment or remediation
4 agreements equals or exceeds the total revenues expected to be credited to the Fund
5 over the life of the Fund, the Commission shall publish notice of the determination in
6 the North Carolina Register. Following the publication of a notice pursuant to this
7 Section, the Commission may continue to enter into dry-cleaning solvent assessment
8 or remediation agreements until the day of adjournment of the first regular session of
9 the General Assembly that begins after the date the notice is published, but shall
10 have no authority to enter into additional dry-cleaning solvent assessment or
11 remediation agreements after that date unless the Commission first determines either
12 (i) that revenues will be available from the Fund to reimburse the costs of assessment
13 and remediation activities expected to be reimbursable pursuant to the agreement, or
14 (ii) that assessment and remediation activities undertaken pursuant to the agreement
15 will be paid entirely from sources other than the Fund. For the purposes of this
16 subsection, the term 'day of adjournment' shall mean: (i) in the case of a regular
17 session held in an odd-numbered year, the day the General Assembly adjourns by
18 joint resolution for more than 10 days, and (ii) in the case of a regular session held in
19 an even-numbered year, the day the General Assembly adjourns sine die.

20 (d) The Commission shall reimburse the response costs of eligible parties as they
21 are incurred. If the cleanup of the contamination site is not completed as required by
22 the agreement, any response costs previously reimbursed for the cleanup shall be
23 repaid to the Fund, with interest. The Commission shall request the Attorney
24 General to commence a civil action to secure repayment of such response costs and
25 interest of the costs.

26 **"§ 143-215.1040. Remediation of uncertified sites.**

27 (a) In the event the owner or operator of a dry-cleaning facility or wholesale
28 distribution facility or the current owner of an abandoned dry-cleaning facility site
29 cannot be identified or located, unreasonably refuses to enter into either an
30 assessment or remediation agreement or cannot be made to comply with the
31 provisions of the remediation agreement between the petitioner and the Commission,
32 the Commission may direct the Department or a private contractor engaged by the
33 Commission to use staff, equipment, or materials under the control of the
34 Department or contractor or provided by other cooperating federal, State, or local
35 agencies to develop and implement a plan for abatement of an imminent hazard, or
36 to provide interim alternative sources of drinking water to third parties affected by
37 dry-cleaning solvent contamination resulting from a release at a dry-cleaning facility,
38 wholesale distribution facility, or abandoned dry-cleaning facility site. The cost of
39 any of these actions shall be paid from the Fund. The Department or private
40 contractor shall keep a record of all expenses incurred for personnel and for the use
41 of equipment and materials and all other expenses of developing and implementing
42 the remediation plan.

43 (b) The Commission shall request the Attorney General to commence a civil
44 action to secure reimbursement of costs incurred under this subsection.

1 (c) In the event a civil action is commenced pursuant to this Part to recover
2 monies paid from the Fund, the Commission may recover, in addition to any amount
3 due, the costs of the action, including reasonable attorneys' fees and investigation
4 expenses. Any moneys received or recovered as reimbursement shall be paid into the
5 Fund or other source from which the expenditures were made.

6 "§ 143-215.104P Enforcement procedures; civil penalties.

7 (a) Unless the violation involves a hazardous waste as defined in G.S. 130A-290, a
8 civil penalty of not more than ten thousand dollars (\$10,000) may be assessed by the
9 Secretary against any person who:

- 10 (1) Fails to establish financial responsibility for a dry-cleaning facility
11 or a wholesale distribution facility as required by this Part.
- 12 (2) Engages in dry-cleaning operations using dry-cleaning solvent for
13 which the appropriate sales or use tax has not been paid.
- 14 (3) Fails to comply with rules adopted by the Commission pursuant to
15 this Part.
- 16 (4) Fails to file, submit, or make available, as the case may be, any
17 documents, data, or reports required by this Part.
- 18 (5) Violates or fails to act in accordance with the terms, conditions, or
19 requirements of any special order or other appropriate document
20 issued pursuant to G.S. 143-215.2.
- 21 (6) Falsifies or tampers with any recording or monitoring device or
22 method required to be operated or maintained under this Part or
23 rules implementing this Part.
- 24 (7) Knowingly renders inaccurate any recording or monitoring device
25 or method required to be operated or maintained under this Part
26 or rules implementing this Part.
- 27 (8) Knowingly makes any false statement, representation, or

36 **"§ 143-215.104O. Enforcement procedures; criminal penalties.**

37 (a) Any person who negligently commits any of the offenses set out in
38 subdivisions (1) through (12) of G.S. 143-215.104P(a) shall be guilty of a Class 2
39 misdemeanor which may include a fine not to exceed fifteen thousand dollars
40 (\$15,000) per day of violation, provided that such fine shall not exceed a cumulative
41 total of two hundred thousand dollars (\$200,000) for each period of 30 days during
42 which a violation continues.

43 (b) Any person who knowingly and willfully commits any of the offenses set out
44 in subdivisions (1) through (12) of G.S. 143-215.104P(a) shall be guilty of a Class I

1 felony, which may include a fine not to exceed one hundred thousand dollars
2 (\$100,000) per day of violation, provided that this fine shall not exceed a cumulative
3 total of five hundred thousand dollars (\$500,000) for each period of 30 days during
4 which the violation continues. For the purposes of this subsection, the phrase
5 'knowingly and willfully' shall mean 'intentionally and consciously' as the courts of
6 this State, according to the principles of common law, interpret the phrase in the
7 light of reason and experience.

8 (c) (1) Any person who knowingly commits any of the offenses set out in
9 subdivisions (4) through (12) of G.S. 143-215.104P(a) and who
10 knows at that time that he thereby places another person in
11 imminent danger of death or serious bodily injury shall be guilty of
12 a Class C felony, which may include a fine not to exceed two
13 hundred fifty thousand dollars (\$250,000) per day of violation,
14 provided that this fine shall not exceed a cumulative total of one
15 million dollars (\$1,000,000) for each period of 30 days during
16 which the violation continues.

17 (2) For the purposes of this subsection, a person's state of mind is
18 knowing with respect to:

19 a. His conduct, if he is aware of the nature of his conduct.

20 b. An existing circumstance, if he is aware or believes that the
21 circumstance exists.

22 c. A result of his conduct, if he is aware or believes that his
23 conduct is substantially certain to cause danger of death or
24 serious bodily injury.

25 (3) Under this subsection, the following should be considered in
26 determining whether a defendant who is a natural person knew
27 that his conduct placed another person in imminent danger of
28 death or serious bodily injury:

29 a. The person is responsible only for actual awareness or actual
30 belief that he possessed, and

31 b. knowledge possessed by a person other than the defendant
32 but not by the defendant himself may not be attributed to
33 the defendant.

34 (4) It is an affirmative defense to a prosecution under this subsection
35 that the conduct charged was conduct consented to by the person
36 endangered and that the danger and conduct charged were
37 reasonably foreseeable hazards of an occupation, a business or
38 profession, or of medical treatment or medical or scientific
39 experimentation conducted by professionally approved methods,
40 and such other person had been made aware of the risks involved
41 prior to giving consent. The defendant may establish an
42 affirmative defense under this subdivision by a preponderance of
43 the evidence.

1 (d) No proceeding shall be brought or continued under this section for or on
2 account of a violation by any person who has previously been convicted of a federal
3 violation based upon the same set of facts.

4 (e) In proving the defendant's possession of actual knowledge, circumstantial
5 evidence may be used, including evidence that the defendant took affirmative steps to
6 shield himself from relevant information. Consistent with the principles of common
7 law, the subjective mental state of defendants may be inferred from their conduct.

8 (f) For the purposes of the felony provisions of this section, a person's state of
9 mind shall not be found 'knowingly and willfully' or 'knowingly' if the conduct that
10 is the subject of the prosecution is the result of any of the following occurrences or
11 circumstances:

13 prevented or avoided by the exercise of due care or foresight.

20 on the advice.

21 (4) An act causing no significant harm to the environment or risk to
22 public health, safety, or welfare and done in compliance with other
23 conflicting environmental requirements or other constraints
24 imposed in writing by environmental agencies or officials after
25 written notice is delivered to all relevant agencies that the conflict
26 exists and will cause a violation of the identified standard.

27 (5) Violations causing no significant harm to the environment or risk
28 to public health, safety, or welfare for which no enforcement action
29 or civil penalty could have been imposed under any written civil
30 enforcement guidelines in use by the Department at the time. This
31 subdivision shall not be construed to require the Department to
32 develop or use written civil enforcement guidelines.

33 (6) Occasional, inadvertent, short-term violations causing no significant
34 harm to the environment or risk to public health, safety, or
35 welfare. If the violation occurs within 30 days of a prior violation
36 or lasts for more than 24 hours, it is not an occasional, short-term
37 violation.

38 (g) All general defenses, affirmative defenses, and bars to prosecution that may
39 apply with respect to other criminal offenses under law may apply to prosecutions
40 brought under this section or other criminal statutes that refer to this section and
41 shall be determined by the courts of this State according to the principles of common
42 law as they may be applied in light of reason and experience. Concepts of
43 justification and excuse applicable under this section may be developed in light of
44 reason and experience.

1 (h) All general defenses, affirmative defenses, and bars to prosecution that may

13 or machinery for carrying out said intent and purpose into effect, then, and only then,
14 this section shall not apply to elected officials or to any responsible appointed
15 officials or employees of such county, city, town, or other political subdivision.

16 **"§ 143-215.104R. Enforcement procedures; injunctive relief.**

18 violated or is threatening to violate any of the provisions of this Part or rule
19 implementing this Part, the Commission may, either before or after the institution of
20 any other action or proceeding authorized by this Part, request the Attorney General
21 to institute a civil action in the name of the State upon the relation of the
22 Commission for injunctive relief to restrain the violation or threatened violation and
23 for such other and further relief in the premises as the court shall deem proper. The
24 Attorney General may institute such action in the superior court of the county in
25 which the violation occurred or may occur or, in his discretion, in the superior court
26 of the county in which the person responsible for the violation or threatened
27 violation resides or has his or its principal place of business. Upon a determination
28 by the court that the alleged violation of the provisions of this Part or the rules of the
29 Commission has occurred or is threatened, the court shall grant the relief necessary to
30 prevent or abate the violation or threatened violation. Neither the institution of the
31 action nor any of the proceedings thereon shall relieve any part to such proceedings
32 from any penalty prescribed for violation of this Part. In the event a civil action is
33 commenced pursuant to this section, the Commission may recover the costs of the
34 action, including attorneys' fees and investigation expenses. All monies received or
35 recovered shall be paid into the Fund or other source from which the expenditures
36 were made.

37 **"§ 143-215.104S. Appeals.**

39 215.104F through G.S. 143-215.104O may commence a contested case by filing a
40 petition under G.S. 150B-23 within 60 days after the Commission's decision. If no
41 contested case is initiated within the allotted time period, the Commission's decision
42 shall be final and not subject to review. The Commission shall make the final agency
43 decision in contested cases initiated pursuant to this section. The Commission shall
44 not delegate its authority to make a final agency decision pursuant to this section.

25 party to an agreement with respect to remediation of the
26 contamination site to the remediation required under the
27 agreement.

2 for coverage of facilities at which dry-cleaning solvent
3 contamination is not known to be present, but in no event greater
4 than three times the average premium amount for such facilities."

5 Section 4. Subchapter I of Chapter 105 of the General Statutes is
6 amended by adding a new Article to read:

16 gallon of dry-cleaning solvent sold by the retailer to a dry-cleaning facility. An excise
17 tax is imposed on dry-cleaning solvent purchased outside the State for storage, use, or
18 consumption by a dry-cleaning facility in this State. The rate of the privilege tax and
19 the excise tax is five dollars and eighty-five cents (\$5.85) for each gallon of dry-
20 cleaning solvent that is chlorine-based and eighty cents (80¢) for each gallon of dry-
21 cleaning solvent that is hydrocarbon-based. These taxes are in addition to all other
22 taxes.

29 taxes imposed by Article 5 of this Chapter. As under Article 5 of this Chapter, the

42 as reimbursement to the Department."

PRINCIPAL DEPARTMENT(S) &

PROGRAM(S) AFFECTED: Department of Environment Health and Natural Resources (DEHNR), Environmental Management Commission, Department of Revenue/Sales Tax Division, Commissioner of Insurance, Department of Justice

EFFECTIVE DATE: The sections of the bill establishing the Dry-Cleaning Solvent Cleanup Fund and the powers of the Environmental Management Commission over this fund are effective when the act becomes law. The new dry-cleaning solvent tax is effective October 1, 1997 and is repealed on January 1, 2010. The enforcement procedures and penalties are effective January 1, 1998. The requirement of financial responsibility for dry-cleaning facilities is effective on April 1, 1998. The provisions on certification, land-use restrictions, assessment and remediation agreements, appeals, risk assessment, and

reporting requirements to the Environmental Review Commission begin January 1, 1999. This act is repealed January 1, 2012.

BILL SUMMARY: The bill creates a Dry-Cleaning Solvent Cleanup Fund to reimburse persons who cleanup sites polluted with dry-cleaning solvents. The Fund will be administered by the Department of Environment, Health and Natural Resources (DEHNR). The rules governing the Fund will be developed by the Environmental Management Commission. The source of revenue for the new Dry-Cleaning Solvent Cleanup Fund is a dry-cleaning solvent tax. The solvent tax is a per gallon privilege tax equal to \$5.85 per gallon of chlorine based solvents (perchloroethylene) and 80 cents per gallon of hydrocarbon or petroleum based solvents.

ASSUMPTIONS AND METHODOLOGY:

REVENUE

A privilege tax is imposed on a dry-cleaning solvent retailer for each gallon of dry-cleaning solvent it sells to a dry-cleaning facility. If a dry-cleaning facility purchases the solvent from an out-of-state supplier, an excise tax is imposed on each gallon purchased. The privilege/excise tax is equal to \$5.85 per gallon of chlorine based solvents (perchloroethylene or perc) and 80 cents per gallon of hydrocarbon or petroleum based solvents.

The N. C. Association of Launderers and Cleaners provided information on the gallonage of solvents consumed by cleaners. The Association surveyed 50 plants that use perchloroethylene and 11 plants that use petroleum based products. This sample was used to construct the average number of gallons in the chart below.

Type of Facility	Perchloroethylene Users			Petroleum Users			Total
	Number	Gallons	Tax	Number	Gallons	Tax	
0 to 5 employees	113	250	\$165,263	38	1,750	\$ 53,200	\$ 218,463
6 to 10 employees	138	400	\$322,920	46	2,750	\$ 101,200	\$ 424,120
11+ employees	220	550	\$707,850	72	3,900	\$224,640	\$ 932,490
	471		\$1,196,033	156		\$379,040	\$1,575,073

With an October 1 1997 effective date, the revenue in FY 1997-98 will be 75% of the total shown above or \$1,181,304.

There is a debate between the dry cleaning industry and DEHNR officials concerning the level of solvent use in future years. DEHNR estimates that the use of perc will be reduced 7% each year and the use of oil solvents will be reduced 5% each year. For perc, DEHNR cites an EPA study estimating a 20% reduction in perc use from 1994 to 1996. However, the industry argues that the reductions in the last five years due to tougher environmental laws and to new machinery cannot

be sustained in the future. The industry representative for North Carolina estimates solvent use will decline 1% each year for both perc and oil-based solvents.

This fiscal note assumes a 7% reduction in perc use each year and no change in the consumption of oil-based solvents. The Center for Emissions Control reported in Chemical Week magazine (5/4/94) that perc use in dry cleaning dropped 40% from 1986 to 1993. Dr. Joseph DeSimone, Professor of Chemistry and Chemical Engineering at UNC-CH and N. C. State, agrees with DEHNR's estimated 7% annual reduction in perc use. He believes environmental restrictions will force the dry cleaning industry to continue reducing its perc use and eventually find an alternative method of cleaning. With funding from the EPA, the National Science Foundation and eight chemical companies, Dr. DeSimone has developed and will market in 1998 a dry cleaning machine that uses liquid carbon dioxide. This and other technological breakthroughs will continue driving perc use down. As for oil-based solvents, this fiscal note assumes no change in consumption. In fact, a spokesperson for the International Fabricare Institute believes that oil-based solvents may actually increase due to a new product that will soon be on the market that is safer to use.

EXPENDITURES

The Department of Revenue is allowed to spend up to \$125,000 a year to administer this act. The Department has made a preliminary estimate that it will need \$115,000 to \$120,000 each year to collect the new dry-cleaning solvent tax. It will hire two clerical positions in FY 1997-98 for the Returns Processing and Office Exam sections and in FY 1998-99 it will add an auditor in the Field Operations Unit. This number will be revised downward if it is determined that solvents are sold by a limited number of distributors in the state and not by out of state vendors.

On the other hand, the Department of Environment, Health and Natural Resources (DEHNR) and the Department of Justice will share 20% of the revenue credited to the Dry-Cleaning Solvent Cleanup Fund to administer this program. Based on its experience with the Underground Storage Tank program, DEHNR has requested 10 positions to handle the certifications, inspections, assessments, billing, etc. at an annual cost of \$403,401. The Department of Justice has requested an Attorney III and a Paralegal II at an annual cost of \$108,706 for the preparation of legal agreements concerning site cleanups. After deducting the \$125,000 for the Department of Revenue, DEHNR and Justice will be given only \$211,261 in FY 1997-98 or 41.2% of their requested operating budget for this bill. In the following years, the amount budgeted will decline as revenues into the fund decline, but the administrative workload will remain steady.

SOLVENT CLEANUP FUND

Based on the Revenue and Expenditure data presented above, the Dry-Cleaning Solvent Cleanup Fund will receive \$10.5 million in revenues from the dry-cleaning solvent tax from 1997 to 2010. However, it is not certain whether this amount will be sufficient to cover all cleanup costs. The dry-cleaning industry projects 69 sites will be cleaned up by the Fund at an average cost of \$167,500 per site. Using the industry cost per cleanup, the \$10.5 million in the Fund will cover the cleanup of only 63 of the 69 projected sites. This gap is even larger based on data supplied by DEHNR. DEHNR projects cleanup costs to be \$300,000 per site and expects 120 contaminated sites will be found over the next 10 years. At \$300,000 per site, the Fund will pay for the cleanup of 35 of the 120 sites.

1 A BILL TO BE ENTITLED
2 AN ACT TO PROVIDE FOR CLEANUP OF DRY-CLEANING SOLVENT
3 CONTAMINATION IN NORTH CAROLINA, AS RECOMMENDED BY THE
4 ENVIRONMENTAL REVIEW COMMISSION.

5 Whereas, there are dry-cleaning operations in the State at which
6 dry-cleaning solvent contamination has or may have occurred; and

7 Whereas, many instances of dry-cleaning solvent contamination have
8 resulted from solvent handling practices that were lawful and common at the time
9 such practices were undertaken; and

10 Whereas, the financial resources of individual dry-cleaning operators are
11 frequently insufficient to assess and remediate dry-cleaning solvent contamination to
12 current environmental standards; and

13 Whereas, the dry-cleaning industry, through the North Carolina
14 Association of Launderers and Cleaners, has expressed a willingness and desire to
15 work cooperatively and to share financial resources to address dry-cleaning solvent
16 contamination resulting from dry-cleaning facilities; and

17 Whereas, the level of remediation required for dry-cleaning solvent
18 contamination can be determined using the same risk-assessment techniques that are
19 currently being applied to releases of other regulated substances; and

1 Whereas, assessment and remediation of dry-cleaning solvent
2 contamination sites in this State can be accelerated through the use of an industry-
3 supported funding mechanism; Now, therefore,
4 The General Assembly of North Carolina enacts:

5 Section 1. Article 21A of Chapter 143 of the General Statutes is
6 amended by adding a new Part to read:

11 **"§ 143-215.104C. Dry-Cleaning Solvent Cleanup Fund.**

12 (a) Creation. -- The Dry-Cleaning Solvent Cleanup Fund is established as a
13 special revenue fund to be administered by the Commission. Accordingly, revenue in
14 the Fund at the end of a fiscal year does not revert and interest and other investment
15 income earned by the Fund must be credited to it. The Fund is created to provide
16 revenue to implement this Part.

17 (b) Sources of Revenue. -- The following revenue is credited to the Fund:

18 (1) Dry-cleaning solvent taxes collected under Article 5D of Chapter
19 105 of the General Statutes.

20 (2) Recoveries made pursuant to G.S. 143-215.104N and G.S.
21 143-215.104O.

22 (3) Gifts and grants made to the Fund.

23 (c) Disbursements. -- A claim filed against the Fund may be paid only from
24 monies in the Fund and only in accordance with the provisions of this Part. Any
25 obligation to pay or reimburse claims against the Fund shall be expressly contingent
26 upon availability of monies in the Fund. Neither the State nor any of its agencies
27 shall have any obligation to pay or reimburse any costs for which monies are not
28 available in the Fund. The provisions of this Part shall not constitute a contract,
29 either express or implied, to pay or reimburse costs in excess of the monies available
30 in the Fund. In making disbursements from the Fund, the Commission shall pay the
31 claims with the highest priority before claims of lower priority, and claims of equal
32 priority in the order in which the facility or abandoned site was certified until the
33 revenue is exhausted. Consistent with the provisions of this Part, the Commission
34 may disburse monies from the Fund to abate imminent hazards caused by
35 dry-cleaning solvent contamination at abandoned dry-cleaning facility sites that have
36 not been certified. Up to twenty percent (20%) of the amount of revenue credited to
37 the Fund in a year may be used to defray costs incurred by the Department and the
38 Attorney General's Office in connection with administration of the program
39 described in this Part, including oversight of response activities.

40 **"§ 143-215.104D. Powers of the Commission.**

41 (a) Administrative Functions. -- The Commission may delegate any or all of the
42 powers enumerated in this subsection to the Department or engage a private
43 contractor or contractors to carry out the activities enumerated in this subsection. If
44 the Commission engages a private contractor to carry out the functions enumerated

1 in subdivisions (1) through (6) of this subsection, no action of the contractor shall be
2 effective until ratified by the Commission. The Commission shall:

- 3 (1) Accept petitions for certification and petitions to enter into
4 dry-cleaning solvent assessment agreements or remediation
5 agreements under this Part.
- 6 (2) Prioritize certified dry-cleaning facilities, certified wholesale
7 distribution facilities, or certified abandoned dry-cleaning facility
8 sites for the initiation of assessment or remediation activities that
9 are reimbursable from the Fund.
- 10 (3) Develop forms to be used by persons applying for reimbursement
11 of assessment or remediation costs.
- 12 (4) Schedule funding of assessment and remediation activities.
- 13 (5) Determine whether assessment or remediation is necessary at a site
14 at which dry-cleaning solvent contamination has occurred.
- 15 (6) Determine that all necessary assessment and remediation has been
16 completed at a contamination site.
- 17 (7) Make payments from the Fund to reimburse the costs of assessment
18 and remediation. Any payments made by a private contractor
19 engaged by the Commission shall be authorized by the
20 Commission prior to disbursement.

21 (b) Rule making. -- The Commission shall adopt rules as are necessary to
22 implement the provisions of this Part. Rules adopted by the Commission shall be
23 consistent with and shall not duplicate, but may incorporate by reference, the rules
24 adopted by the Commission for Health Services pursuant to Article 9 of Chapter
25 130A of the General Statutes. The Commission shall not delegate the rule-making
26 powers provided in this subsection.

- 27 (1) The Commission may adopt rules governing:
 - 28 a. Fees for response costs reimbursable under this Part.
 - 29 b. The certification and decertification of facilities or
30 abandoned sites.
 - 31 c. The prioritization of facilities or abandoned sites and
32 scheduling of funding for assessment and remediation
33 activities. These rules shall provide for:
 - 34 1. Consideration of the degree of harm or risk to public
35 health and the environment.
 - 36 2. Consideration of the order in which certification is
37 issued for the facility or abandoned site.
 - 38 3. Consideration of the relative cost of assessment and
39 remediation activities.
 - 40 4. Use of the Fund so as to maximize the reduction of
41 harm or risk posed by certified facilities, certified
42 abandoned sites, uncertified facilities and uncertified
43 sites.

- 1 d. The disbursement of revenue from the Fund for payment or
2 reimbursement of approved assessment or remediation costs.
3 e. The determination whether assessment or remediation is
4 necessary at a contamination site.
5 f. The determination that all necessary assessment and
6 remediation has been completed at a contamination site.
7 g. The terms and conditions of dry-cleaning solvent assessment
8 agreements and remediation agreements.
9 h. The determination whether additional assessment or
10 remediation is necessary at a contamination site previously
11 closed under this Part.
12 (2) The Commission may adopt rules establishing minimum
13 management practices for handling of dry-cleaning solvent at
14 dry-cleaning facilities and wholesale distribution facilities. The
15 rules may:
16 a. Require that all perchloroethylene dry-cleaning machines
17 installed at a dry-cleaning facility after the effective date of
18 the rule or temporary rule meet air emission standards that
19 equal or exceed the standards that apply to comparable
20 dry-to-dry perchloroethylene dry-cleaning machines with
21 integral refrigerated condensation.
22 b. Prohibit the discharge of dry-cleaning solvents or water that
23 contains dry-cleaning solvents into sanitary sewers, septic
24 systems, storm sewers, or waters of the State.
25 c. Require spill containment structures around dry-cleaning
26 machines, filters, stills, vapor adsorbers, solvent storage
27 areas, and waste solvent storage areas.
28 d. Require floor sealants for cleaning room areas if the
29 Commission finds the sealants to be effective.
30 e. Require, by 1 January 2002, the use of improved solvent
31 transfer systems to prevent releases at the time of delivery of
32 solvents to a dry-cleaning facility.
33 f. Require any other solvent-handling practices the
34 Commission may find necessary and appropriate to
35 minimize the risk of releases at dry-cleaning facilities or
36 wholesale distribution facilities.
37 (3) The Commission shall adopt rules establishing a risk-based
38 approach applicable to the assessment, prioritization, and
39 remediation of dry-cleaning solvent contamination resulting from
40 releases at facilities or abandoned sites certified pursuant to G.S.
41 143-215.104G. The rules shall address, at a minimum:
42 a. Criteria and methods for determining remediation
43 requirements, including the level of remediation necessary

1 to assure adequate protection of public health and the
2 environment.

3 b. The circumstances under which information specific to the
4 dry-cleaning solvent contamination site should be considered
5 and required.

6 c. The circumstances under which restrictions on the future
7 use of any remediated dry-cleaning solvent contamination
8 site should be considered and required as a means of
9 achieving and maintaining an adequate level of protection
10 for public health and the environment.

11 d. Strategies for the assessment and remediation of
12 dry-cleaning solvent contamination, including presumptive
13 remedial responses sufficient to provide an adequate level of
14 protection as described under sub-subdivision a. of this
15 subdivision.

16 (c) All rules adopted by the Commission shall be applicable to all dry-cleaning
17 facilities, wholesale distribution facilities, and abandoned dry-cleaning facilities in the
18 State and shall, to the maximum extent practicable, be cost-effective and technically
19 feasible while protecting public health and the environment from the release of
20 dry-cleaning solvents.

21 (d) Unless otherwise provided in this Part, the Commission may delegate any of
22 its rights, duties, and responsibilities under this Part to the Department.

23 **§ 143-215.104E. Requirement of financial responsibility for dry-cleaning facilities.**

24 (a) The owner or operator of any dry-cleaning facility or any wholesale
25 distribution facility operating in the State shall establish and continuously maintain
26 financial responsibility for legal liability arising in connection with dry-cleaning
27 solvent contamination resulting from a release at the facility by either:

28 (1) Obtaining pollution and remediation legal liability insurance for
29 the facility with coverage limits not less than one million dollars
30 (\$1,000,000) from an insurance carrier authorized to do business in
31 this State, or

32 (2) Depositing with the Commission, securities or a third-party bond
33 acceptable to the Commission in an amount not less than one
34 million dollars (\$1,000,000).

35 (b) If the owner or operator of a dry-cleaning facility or any wholesale distribution
36 facility demonstrates to the satisfaction of the Commission an inability to establish
37 financial responsibility consistent with the standards of subsection (a) of this section,
38 then the Commission shall issue a determination of uninsurability to the operator of
39 the facility. When a facility is designated as uninsurable by the Commission, the
40 financial responsibility requirements of subsection (a) of this section are satisfied.

41 (c) Unless the Commissioner of Insurance adopts rules providing otherwise, a
42 dry-cleaning facility or wholesale distribution facility shall be determined to be
43 uninsurable if the annual premium for coverage of the dry-cleaning facility or
44 wholesale distribution facility meeting the requirements of this Part is more than

1 three times the average premium for similar coverage for dry-cleaning facilities or
2 wholesale distribution facilities where dry-cleaning solvent contamination is not
3 known to have occurred. Each insurer selling pollution and remediation legal
4 liability insurance in this State shall, on or before 1 March of each year, report to the
5 Commission the number of policies held in force by the company in this State for
6 dry-cleaning facilities and for wholesale distribution facilities and the average
7 premium rate for each type of facility during the preceding calendar year.

8 (d) Dry-cleaning facilities and abandoned dry-cleaning facility sites located on a
9 United States military base or owned by the United States or a department or agency
10 of the United States and dry-cleaning facilities and abandoned dry-cleaning facility
11 sites owned by the State or an agency or department of the State are exempt from
12 complying with this section.

13 "§ 143-215.104F. Requirements for certification, assessment agreements, and
14 remediation agreements.

15 (a) Any person petitioning for certification of a facility or abandoned site pursuant
16 to G.S. 143-215.104G, for a dry-cleaning solvent assessment agreement pursuant to
17 G.S. 143-215.104H, or for a dry-cleaning solvent remediation agreement pursuant to
18 G.S. 143-215.104I, shall meet the requirements set out in this section and any other
19 applicable requirements of this Part.

20 (b) Requirements for Potentially Responsible Persons Generally. -- Every
21 petitioner shall provide the Commission with:

22 (1) Information necessary for the Commission to determine the
23 priority ranking of the facility or abandoned site described in the
24 petition.

25 (2) Information necessary to demonstrate the person's ability to incur
26 the response costs specified in subsection (f) of this section.

27 (3) Evidence of financial responsibility established in accordance with
28 G.S. 143-104.215E(a) or a copy of a determination of uninsurability
29 issued by the Commission pursuant to G.S. 143-25.104E(b).

30 (c) Requirement for Property Owners. -- In addition to the information required
31 by subsection (b) of this section, a petitioner who is the owner of the property on
32 which the dry-cleaning solvent contamination identified in the petition is located shall
33 provide the Commission a written agreement authorizing the Commission or its agent
34 to have access to the property for purposes of determining whether assessment or
35 remediation activities are being conducted in compliance with this Part and any
36 assessment agreement or remediation agreement.

37 (d) The Commission shall reject any petition made pursuant to this Part in any of
38 the following circumstances:

39 (1) The petitioner is an owner or operator of the facility described in
40 the petition and the facility was not being operated in compliance
41 with minimum management practices adopted by the Commission
42 pursuant to G.S. 143-215.104D(b)(2) at the time the contamination
43 was discovered.

- 1 (2) The petitioner is an owner or operator of the facility described in
 2 the petition and the petitioner owed delinquent taxes under Article
 3 5D of Chapter 105 of the General Statutes at the time the
 4 dry-cleaning solvent contamination was discovered.
- 5 (3) The petitioner is an owner or operator of the facility described in
 6 the petition and the petitioner had failed, at the time the
 7 contamination was discovered, to establish financial responsibility
 8 for the facility pursuant to G.S. 143-215.104E(a) or to obtain a
 9 determination of uninsurability pursuant to G.S. 143-215.104E(b).
- 10 (e) The Commission may reject any petition made pursuant to this Part in any of
 11 the following circumstances:
- 12 (1) The petitioner fails to provide the information required by
 13 subsection (b) of this section.
- 14 (2) The petitioner falsified any information in its petition that was
 15 material to the determination of the priority ranking, the nature,
 16 scope and extent of contamination to be assessed or remediated, or
 17 the appropriate means to contain and remediate the contaminants.
- 18 (f) Financial Responsibility Requirements. -- Each potentially responsible person
 19 who petitions the Commission to enter into a dry-cleaning solvent assessment
 20 agreement or dry-cleaning solvent remediation agreement shall accept written
 21 responsibility in the amount specified in this section for the assessment or
 22 remediation of the dry-cleaning solvent contamination identified in the petition. If
 23 two or more potentially responsible persons petition the Commission jointly, the
 24 requirements below shall be the aggregate requirements for the financial
 25 responsibility of all potentially responsible persons who are party to the petition.
 26 Unless an alternative arrangement is agreed to by co-petitioners, the financial
 27 responsibility requirements of this section shall be apportioned equally among the
 28 co-petitioners. The requirements in this subsection shall be in addition to any
 29 insurance or other financial responsibility, including deductibles or retentions,
 30 established pursuant to G.S. 143-215.104E.

2 Wholesale distribution facilities \$25,000

3
4 Abandoned dry-cleaning facility sites \$50,000.

5
6 (g) If a dry-cleaning facility is determined to be uninsurable, the financial
7 responsibility requirements for the dry-cleaning facility shall be three times the
8 amount provided above. The financial responsibility requirement for a wholesale
9 distribution facility that is determined to be uninsurable shall be fifty thousand dollars
10 (\$50,000).

11 "§ 143-215.104G. Certification of facilities and abandoned sites.

12 (a) A potentially responsible party may petition the Commission to certify a
13 facility or abandoned site where a release of dry-cleaning solvent is believed to have
14 occurred. The Commission shall certify the facility or abandoned site if the
15 petitioner meets the applicable requirements of G.S. 143-215.104F. Upon its decision
16 to certify a facility or abandoned site, the Commission shall inform the petitioner of
17 its decision and of the initial priority ranking of the facility or site.

18 (b) The Commission may change the initial priority rankings of any facility or
19 abandoned site as additional facilities or abandoned sites are certified if the
20 Commission, in its sole discretion, determines that additional facilities or sites pose a
21 higher degree of harm or risk to public health and the environment. However, the
22 Commission shall not change the priority ranking of a facility or an abandoned site
23 that is set in a dry-cleaning solvent remediation agreement.

24 (c) A potentially responsible party who petitions for certification of a facility or
25 abandoned site shall provide the Commission with either of the following:

26 (1) A proposed dry-cleaning solvent assessment agreement or
27 dry-cleaning solvent remediation agreement or an indication of the
28 petitioner's intent to enter into an assessment agreement or
29 remediation agreement.

30 (2) A written statement of the petitioner's intent to conduct assessment
31 and remediation activities pursuant to subsection (d) of this
32 section.

33 (d) A person who has access to property that is contaminated by dry-cleaning
34 solvent and who has successfully petitioned for certification of the facility or
35 abandoned site from which the contamination is believed to have resulted may
36 undertake assessment or remediation of dry-cleaning solvent contamination located
37 on the property consistent with the standards established by the Commission pursuant
38 to G.S. 143-215.104D(b)(3) without first entering into a dry-cleaning solvent
39 assessment agreement or a dry-cleaning solvent remediation agreement. No
40 assessment or remediation activities undertaken pursuant to this subsection shall rely
41 on standards that require the creation of land-use restrictions. A person who
42 undertakes assessment or remediation activities pursuant to this subsection shall
43 provide the Commission prior written notice of the activity. Costs associated with

1 assessment or remediation activities undertaken pursuant to this subsection shall not
2 be eligible for reimbursement from the Fund.

3 (e) The rejection of any petition filed pursuant to this section shall not affect the
4 rights of any other petitioner, other than any parent, subsidiary, or other affiliate of
5 the petitioner, under this Part. The rejection of a petition or the decertification of a
6 facility or abandoned site may be the basis for rejection of a petition by any parent,
7 subsidiary, or other affiliate of the petitioner for the facility or abandoned site.

8 "§ 143-215.104H. Dry-Cleaning Solvent Assessment Agreements.

9 (a) Assessment Agreements. -- One or more potentially responsible parties may
10 petition the Commission to enter into a dry-cleaning solvent assessment agreement
11 regarding a facility or abandoned site that has been certified pursuant to G.S.
12 143-215.104G. The Commission may, in its discretion, enter into an assessment
13 agreement with any potentially responsible party who satisfies the requirements of
14 this section and the applicable requirements of G.S. 143-215.104F. If more than one
15 potentially responsible party petitions the Commission, the Commission may enter
16 into a single assessment agreement with one or more of the petitioners. The
17 Commission shall not unreasonably refuse to enter into an assessment agreement
18 pursuant to this section. Petitioners shall provide the Commission with any
19 information necessary to demonstrate that the:

20 (1) Priority ranking assigned to the facility or site is consistent with the
21 rules adopted by the Commission or the adjusted priority ranking
22 that the petitioner agrees to accept is consistent with the rules
23 adopted by the Commission.

24 (2) Projected schedule for funding of assessment activities, including
25 reimbursements from the Fund is adequate.

26 (3) Assessment activities to be undertaken with respect to the
27 dry-cleaning solvent contamination and any other contamination at
28 the contamination site are adequate.

29 (4) Person who will be responsible for implementation of the activities
30 is capable and qualified to conduct the assessment.

31 (5) Petitioner has and will continue to have available the financial
32 resources necessary to pay the costs of assessment activities and the
33 share of response costs imposed on the petitioner by G.S.
34 143-215.104F.

35 (6) Permits or other authorizations required to conduct the assessment
36 activities and to lawfully dispose of any hazardous substances or
37 wastes generated by the assessment activities have been or can be
38 obtained.

39 (7) Assessment activities will not increase the existing level of public
40 exposure to health or environmental hazards at the contamination
41 site.

42 (8) Costs to be incurred in connection with the assessment activities
43 contemplated by the assessment agreement are reasonable and
44 necessary.

1 (9) Petitioner has obtained the consent of other property owners to
2 enter into their property for the purpose of conducting assessment
3 activities specified in the assessment agreement.

4 (b) The terms and conditions of an assessment agreement regarding dry-cleaning
5 solvent contamination shall be guided by and consistent with the rules adopted by the
6 Commission pursuant to G.S. 143-215.104D and the reimbursement authorities and
7 limitations set out in this Part. An assessment agreement shall, subject to the
8 availability of monies from the Fund:

9 (1) Specify the date on which remediation will begin.

10 (2) Provide for the prompt reimbursement of response costs incurred
11 in assessment activities that are found by the Commission to be
12 consistent with the assessment agreement and this Part.

13 (c) The Commission may refuse to enter into a dry-cleaning solvent assessment
14 agreement with any petitioner if:

15 (1) The petitioner will not accept financial responsibility for the share
16 of the response costs required by G.S. 143-215.104F.

17 (2) The petitioner will not accept responsibility for conducting,
18 supervising, or otherwise undertaking assessment activities required
19 by the Commission.

20 (3) The petitioner fails to provide any information required by
21 subsection (a) of this section.

22 (d) The refusal of the Commission to enter into a dry-cleaning solvent assessment
23 agreement with any petitioner shall not affect the rights of any other petitioner under
24 this Part, except that the refusal may be the basis for rejection of a petition by any
25 parent, subsidiary or other affiliate of the petitioner for the facility or abandoned site.

26 (e) If the Commission determines from an assessment prepared pursuant to this
27 Part that the degree of risk to public health or the environment resulting from
28 dry-cleaning solvent contamination otherwise subject to assessment or remediation
29 under this Part and Article 9 of Chapter 130A is acceptable in light of the criteria
30 established pursuant to G.S. 143-215.104D(b)(3) and Article 9 of Chapter 130A, the
31 Commission shall issue a written statement of its determination and notify the owner
32 or operator of the facility or abandoned site responsible for the contamination that no
33 cleanup, no further cleanup, or no further action is required in connection with the
34 contamination.

35 (f) If the Commission determines that no remediation or further action is required
36 in connection with dry-cleaning solvent contamination otherwise subject to
37 assessment or remediation pursuant to this Part and Article 9 of Chapter 130A, the
38 Commission shall not pay or reimburse any response costs otherwise payable or
39 reimbursable under this Part from the Fund other than costs reasonable and necessary
40 to conduct the risk assessment pursuant to this section and in compliance with a
41 dry-cleaning solvent assessment agreement.

42 "§ 143-215.104I. Dry-Cleaning Solvent Remediation Agreements.

43 (a) Upon the completion of assessment activities required by a dry-cleaning
44 solvent assessment agreement, one or more potentially responsible parties may

1 petition the Commission to enter into a dry-cleaning solvent remediation agreement
2 for any contamination requiring remediation. The Commission may, in its discretion,
3 enter into a remediation agreement with any petitioner who satisfies the requirements
4 of this section and the applicable requirements of G.S. 143-215.104F. If more than
5 one potentially responsible party petitions the Commission, the Commission may
6 enter into a single remediation agreement with one or more of the petitioners. The
7 Commission shall not unreasonably refuse to enter into a remediation agreement
8 pursuant to this section. The Commission may, in its discretion, enter into a
9 remediation agreement that includes the assessment described in G.S. 143-215.104H.
10 Petitioners shall provide the Commission with any information necessary to
11 demonstrate that:

- 12 (1) The petitioner, and any parent, subsidiary, or other affiliate of the
13 petitioner has substantially complied with:
14 a. The terms of any dry-cleaning solvent assessment agreement,
15 dry-cleaning solvent remediation agreement, brownfields
16 agreement, or other similar agreement to which the
17 petitioner or any parent, subsidiary, or other affiliate of the
18 petitioner has been a party.
19 b. The requirements applicable to any remediation in which
20 the petitioner has previously engaged.
21 c. Federal and State laws, regulations, and rules for the
22 protection of the environment.
23 (2) As a result of the remediation agreement, the contamination site
24 will be suitable for the uses specified in the remediation agreement
25 while fully protecting public health and the environment from
26 dry-cleaning solvent contamination and any other contaminants
27 included in the remediation agreement.
28 (3) There is a public benefit commensurate with the liability
29 protection provided under this Part.
30 (4) The petitioner has or can obtain the financial, managerial, and
31 technical means to fully implement the remediation agreement and
32 assure the safe use of the contamination site.
33 (5) The petitioner has complied with or will comply with all
34 applicable procedural requirements.
35 (6) The remediation agreement will not cause the Department to
36 violate the terms and conditions under which the Department
37 operates and administers remedial programs, including the
38 programs established or operated pursuant to Article 9 of Chapter
39 130A of the General Statutes, by delegation or similar
40 authorization from the United States or its departments or
41 agencies, including the United States Environmental Protection
42 Agency.
43 (7) The priority ranking assigned to the facility or site is consistent
44 with the rules adopted by the Commission or the adjusted priority

- 1 ranking that the petitioner agrees to accept is consistent with the
2 rules adopted by the Commission.
- 3 (8) The projected schedule for funding of remediation activities,
4 including reimbursements from the Fund.
- 5 (9) The petitioner will continue to have available the financial
6 resources necessary to satisfy the share of response costs imposed
7 on the petitioner by G.S. 143-215.104F.
- 8 (10) The expenditures eligible for reimbursement from the Fund and to
9 be incurred in connection with the remediation agreement are
10 reasonable and necessary.
- 11 (11) The consent of other property owners to enter into their property
12 for purposes of conducting remediation activities specified in the
13 remediation agreement.
- 14 (b) In negotiating a remediation agreement, parties may rely on land-use
15 restrictions that will be included in a Notice of Dry-Cleaning Solvent Remediation
16 required under G.S. 143-215.104M. A remediation agreement may provide for
17 remediation in accordance with standards that are based on those land-use
18 restrictions.
- 19 (c) A dry-cleaning solvent remediation agreement shall contain a description of
20 the contamination site that would be sufficient as a description of the property in an
21 instrument of conveyance and, as applicable, a statement of:
- 22 (1) Any remediation, including remediation of contaminants other
23 than dry-cleaning solvents, to be conducted on the property,
24 including:
- 25 a. A description of specific areas where remediation is to be
26 conducted.
- 27 b. The remediation method or methods to be employed.
- 28 c. The resources that the petitioner will make available and
29 the degree to which the petitioner intends to rely on the
30 Fund for resources.
- 31 d. A schedule of remediation activities.
- 32 e. Applicable remediation standards. Applicable remediation
33 standards for dry-cleaning solvent contamination shall not
34 exceed the requirements adopted by the Commission
35 pursuant to G.S. 143-104D(b)(3).
- 36 f. A schedule and the method or methods for evaluating the
37 remediation.
- 38 (2) Any land-use restrictions that will apply to the contamination site
39 or other property.
- 40 (3) The desired results of any remediation or land-use restrictions with
41 respect to the contamination site.
- 42 (4) The guidelines, including parameters, principles, and policies
43 within which the desired results are to be accomplished.
- 44 (5) The consequences of achieving or not achieving the desired results.

1 (6) The final priority ranking of the facility or abandoned site.

2 (7) The person who will conduct the remediation if that person is not
3 the potentially responsible party entering the remediation
4 agreement.

5 (d) The Commission may refuse to enter into a dry-cleaning solvent assessment
6 agreement or dry-cleaning solvent remediation agreement with any petitioner if:

7 (1) The petitioner will not accept financial responsibility for the share
8 of the response costs established in G.S. 143-215.104F. This
9 requirement shall not apply to a petitioner who (i) is the owner of
10 property upon which the dry-cleaning solvent contamination is
11 located, and (ii) is not a current or former owner or operator of a
12 facility believed to be responsible for the contamination.

13 (2) The petitioner will not accept responsibility for conducting,
14 supervising, or otherwise undertaking remediation activities
15 required by the Commission.

16 (3) The petitioner fails to provide any information that is necessary to
17 demonstrate the facts required to be shown by subsection (a) of
18 this section.

19 (e) In addition to the bases set forth in subsection (d) of this section, the
20 Commission may refuse to enter into a dry-cleaning solvent remediation agreement
21 with the owner of the property on which a contamination site is located if the owner
22 refuses to accept limitations on the future use of the property and to give notice of
23 these limitations pursuant to G.S. 143-215.104M.

24 (f) The refusal of the Commission to enter into a dry-cleaning remediation
25 agreement with any petitioner shall not affect the rights of any other petitioner, other
26 than any parent, subsidiary, or other affiliate of the petitioner, under this Part. The
27 refusal of the Commission to enter into a remediation agreement may be the basis for
28 rejection of a petition by any parent, subsidiary, or other affiliate of the petitioner for
29 the facility or abandoned site.

30 (g) The terms and conditions of a dry-cleaning solvent remediation agreement
31 concerned with dry-cleaning solvent contamination shall be guided by and consistent
32 with the rules adopted by the Commission pursuant to G.S. 143-215.104D and the
33 reimbursement authorities and limitations set out in this Part. A remediation
34 agreement shall provide, subject to availability of monies in the Fund, for prompt
35 reimbursement of response costs incurred in assessment activities that are found by
36 the Commission to be consistent with the remediation agreement and this Part.

37 (h) Any failure of a petitioner or the petitioner's agents or employees to comply
38 with the dry-cleaning solvent remediation agreement constitutes a violation of this
39 Part by the petitioner.

40 "§ 143-215.104J. Decertification; termination of assessment agreements and
41 remediation agreements.

42 (a) The Commission may decertify a facility or abandoned site or renegotiate or
43 terminate an assessment agreement or remediation agreement with respect to any
44 party thereto in the following circumstances:

- 1 (1) The owner or operator of the facility, at any time subsequent to the
2 certification of the facility, violates any of the minimum
3 management requirements adopted by the Commission pursuant to
4 G.S. 143-215.104D(b)(2).
- 5 (2) In the case of dry-cleaning contamination on property that is
6 owned by a petitioner, the petitioner fails to file a Notice of
7 Dry-Cleaning Solvent Remediation, if required, as provided in
8 G.S. 143-215.104M.
- 9 (3) The potentially responsible persons who are parties to a
10 dry-cleaning solvent assessment agreement are unable to reach an
11 agreement with the Commission to enter into a dry-cleaning
12 solvent remediation agreement within the time specified in the
13 assessment agreement.
- 14 (4) The payment of taxes assessed to the facility under Article 5D of
15 Chapter 105 of the General Statutes is delinquent.
- 16 (5) The financial responsibility to meet the requirement of G.S.
17 143-215.104E is not maintained continuously for any facility, unless
18 a determination of uninsurability has been issued for the facility.
- 19 (6) The owner or operator fails to comply with all applicable
20 requirements of this Part to complete any assessment or
21 remediation activities required by an assessment agreement or
22 remediation agreement.
- 23 (7) The owner or operator of a facility for which an assessment or
24 remediation activity is scheduled or in progress transfers the
25 ownership or operation of the facility or abandoned site to another
26 person without the prior consent of the Commission and the
27 execution of a substitute assessment agreement or remediation
28 agreement.
- 29 (8) The standards applied to the dry-cleaning solvent contamination
30 remediation or containment under the provisions of this Part and
31 the dry-cleaning solvent remediation agreement will, or are likely
32 to, cause the Department to fail to comply with the terms and
33 conditions under which it operates and administers a remediation
34 program by delegation or similar authorization from the United
35 States or one of its departments or agencies, including the
36 Environmental Protection Agency.
- 37 (b) Prior to decertifying any facility or abandoned site or renegotiating or
38 terminating any assessment agreement or remediation agreement, the Commission
39 shall give the petitioners notice and opportunity for hearing. The Commission is not
40 required to give the petitioners notice and opportunity for hearing when the
41 Commission reasonably takes an emergency action to abate an imminent hazard
42 caused by or arising from assessment or remediation activities at a contamination site
43 whether the Commission issues a special order pursuant to G.S. 143-215.2 or takes
44 other action.

1 (c) Decertification of any facility or abandoned site or renegotiation or
2 termination of any assessment agreement or remediation agreement pursuant to this
3 section shall not affect the rights of any petitioner, other than a petitioner whose
4 violation of the provisions of subsection (a) of this section was the basis for the
5 decertification, renegotiation, or termination and any parent, subsidiary, or other
6 affiliate of that petitioner. If the Commission decertifies a facility or abandoned site
7 or terminates an assessment agreement or remediation agreement with any party to
8 the agreement pursuant to subsection (a) of this section, the Commission shall use its
9 best efforts to negotiate a substitute agreement with any remaining parties to the
10 agreement.

11 **"§ 143-215.104K. Liability protection.**

12 (a) A potentially responsible party who enters into an assessment agreement or
13 remediation agreement with the Commission and who is complying with the
14 agreement shall not be held liable for assessment or remediation of areas of
15 contamination identified in the agreement except as specified in the assessment
16 agreement or remediation agreement, so long as the activities conducted at the
17 contamination site by or under the control or direction of the petitioner do not
18 increase the risk of harm to public health or the environment and the petitioner is
19 not required to undertake additional remediation to current standards pursuant to
20 subsection (c) of this section. The liability protection provided under this Part
21 applies to all of the following persons to the same extent as the petitioner, so long as
22 these persons are not otherwise potentially responsible parties or parents, subsidiaries,
23 or affiliates of potentially responsible parties and the person is not required to
24 undertake additional remediation to current standards pursuant to subsection (c) of
25 this section:

- 26 (1) Any person under the direction or control of the petitioner who
27 directs or contracts for assessment, remediation, or redevelopment
28 of the contamination site.
29 (2) Any future owner of the contamination site.
30 (3) A person who develops or occupies the contamination site.
31 (4) A successor or assign of any person to whom the liability
32 protection provided under this Part applies.
33 (5) Any lender or fiduciary that provides financing for assessment,
34 remediation, or redevelopment of the contamination site.

35 (b) A person who conducts an environmental assessment or transaction screen on
36 contamination resulting from a release at a certified facility or certified abandoned
37 site consistent with a dry-cleaning solvent assessment agreement, if any was required
38 under this Part, and who is not otherwise a potentially responsible party is not a
39 potentially responsible party as a result of conducting the environmental assessment
40 or transaction screen unless that person increases the risk of harm to public health or
41 the environment by failing to exercise due diligence and reasonable care in
42 performing the environmental assessment or transaction screen.

43 (c) If a land-use restriction set out in a Notice of Dry-Cleaning Solvent
44 Remediation required under G.S. 143-215.104M is violated, the owner of the

1 contamination site at the time the land-use restriction is violated, the owner's
2 successors and assigns, and the owner's agents who direct or contract for alteration of
3 the contamination site in violation of a land-use restriction shall be liable for
4 remediation of all contaminants to current standards. A petitioner who completes the
5 remediation or redevelopment required under a dry-cleaning solvent remediation
6 agreement or other person who receives liability protection under this Part shall not
7 be required to undertake additional remediation unless:

8 (1) The petitioner knowingly or recklessly provides false information
9 that forms a basis for the remediation agreement or that is offered
10 to demonstrate compliance with the remediation agreement or fails
11 to disclose relevant information about contamination related to a
12 facility or abandoned site.

13 (2) New information indicates the existence of previously unreported
14 dry-cleaning solvent contaminants or any other contaminants to be
15 remediated under the remediation agreement, or an area of
16 previously unreported contamination by contaminants addressed in
17 the remediation agreement is discovered to be associated with the
18 facility or abandoned site and has not been remediated to current
19 standards, unless the remediation agreement is amended to include
20 any previously unreported contaminants and any additional area of
21 contamination. If the remediation agreement sets maximum
22 concentrations for contaminants and new information indicates the
23 existence of previously unreported areas of these contaminants,
24 further remediation shall be required only if the areas of previously
25 unreported contaminants raise the risk of the contamination to
26 public health or the environment to a level less protective of public
27 health and the environment than that required by the remediation
28 agreement.

29 (3) The level of risk to public health and the environment from
30 contaminants is unacceptable at or in the vicinity of the
31 contamination site due to changes in exposure conditions,
32 including (i) a change in land use that increases the probability of
33 exposure to contaminants at or in the vicinity of the contamination
34 site or (ii) the failure of remediation to mitigate risks to the extent
35 required to make the contamination site fully protective of public
36 health and the environment as planned in the remediation
37 agreement.

38 (4) The Commission obtains new information about a contaminant to
39 be remediated under the remediation agreement and associated
40 with the facility or abandoned site or exposures at or around the
41 contamination site that raises the risk to public health or the
42 environment associated with the contamination site beyond an
43 acceptable range and in a manner or to a degree not anticipated in
44 the remediation agreement. Any person whose use, including any

1 change in use, of the contamination site causes an unacceptable
2 risk to public health or the environment may be required by the
3 Commission to undertake additional remediation measures under
4 the provisions of this Part.

5 (5) A petitioner fails to file a timely and proper Notice of
6 Dry-Cleaning Solvent Remediation under this Part.

7 (6) A facility or abandoned site loses its certification before the
8 assessment and any remediation required under the provisions of
9 this Part and the dry-cleaning solvent remediation agreement are
10 completed to the satisfaction of the Department.

11 (7) The remediation required in the remediation agreement has
12 resulted in notification from the United States or its departments
13 and agencies, including the Environmental Protection Agency, that
14 the Department will violate the terms and conditions under which
15 it operates and administers remedial programs by delegation or
16 similar authorization.

17 **"§ 143-215.104L. Public notice and community involvement.**

18 (a) If a petitioner desires to enter into a dry-cleaning solvent remediation
19 agreement based on remediation standards that rely on the creation of land-use
20 restrictions, the petitioner shall notify the public and the community in which the
21 facility or abandoned site is located of the planned remediation and redevelopment
22 activities. The petitioner shall submit a Notice of Intent to Remediate a
23 Dry-Cleaning Solvent Facility or Abandoned Site and a summary of the Notice of
24 Intent to the Commission. The Notice of Intent shall provide, to the extent known, a
25 legal description of the location of the contamination site, a map showing the location
26 of the contamination site, a description of the contaminants involved and their
27 concentrations in the media of the contamination site, a description of the future use
28 of the contamination site, any proposed investigation and remediation, and a
29 proposed Notice of Dry-Cleaning Solvent Remediation prepared in accordance with
30 G.S. 143-215.104M. Both the Notice of Intent and the summary of the Notice of
31 Intent shall state the time period and means for submitting written comment and for
32 requesting a public meeting on the proposed dry-cleaning solvent remediation
33 agreement. The summary of the Notice of Intent shall include a statement as to the
34 public availability of the full Notice of Intent. After approval of the Notice of Intent
35 and summary of the Notice of Intent by the Commission, the petitioner shall provide
36 a copy of the Notice of Intent to all local governments having jurisdiction over the
37 contamination site. The petitioner shall publish the summary of the Notice of Intent
38 in a newspaper of general circulation serving the area in which the contamination is
39 located and shall file a copy of the summary of the Notice of Intent with the Codifier
40 of Rules, who shall publish the summary of the Notice of Intent in the North
41 Carolina Register. The petitioner shall also conspicuously post a copy of the
42 summary of the Notice of Intent at the contamination site.

43 (b) Publication of the approved summary of the Notice of Intent in the North
44 Carolina Register and publication in a newspaper of general circulation shall begin a

1 public comment period of at least 60 days from the later date of publication. During
2 the public comment period, members of the public, residents of the community in
3 which the contamination site is located, and local governments having jurisdiction
4 over the contamination site may submit comment on the proposed dry-cleaning
5 solvent remediation agreement, including methods and degree of remediation, future
6 land uses, and impact on local employment.

7 (c) Any person who desires a public meeting on a proposed dry-cleaning solvent
8 remediation agreement shall submit a written request for a public meeting to the
9 Commission within 30 days after the public comment period begins. The
10 Commission shall consider all requests for a public meeting and shall hold a public
11 meeting if the Commission determines that there is significant public interest in the
12 proposed remediation agreement. If the Commission decides to hold a public
13 meeting, the Commission shall, at least 30 days prior to the public meeting, mail
14 written notice of the public meeting to all persons who requested the public meeting
15 and to any other person who had previously requested notice. The Commission shall
16 also direct the petitioner to publish, at least 30 days prior to the date of the public
17 meeting, a notice of the public meeting at least one time in a newspaper having
18 general circulation in the county where the contamination site is located. In any
19 county in which there is more than one newspaper having general circulation, the
20 Commission shall direct the petitioner to publish a copy of the notice in as many
21 newspapers having general circulation in the county as the Commission in its
22 discretion determines to be necessary to assure that the notice is generally available
23 throughout the county. The Commission shall prescribe the form and content of the
24 notice to be published. The Commission shall prescribe the procedures to be
25 followed in the public meeting. The Commission shall take detailed minutes of the
26 meeting. The minutes shall include any written dry-cleaning solvent remediation
27 agreement. The Commission shall take into account the comment received during
28 the comment period and at the public meeting if the Commission holds a public
29 meeting. The Commission shall incorporate into the remediation agreement
30 provisions that reflect comment received during the comment period and at the
31 public meeting to the extent practical. The Commission shall give particular
32 consideration to written comment that is supported by valid scientific and technical
33 information and analysis.

34 "§ 143-215.104M. Notice of Dry-Cleaning Solvent Remediation; land-use restrictions
35 in deeds.

36 (a) Land-Use Restriction. -- In order to reduce or eliminate the danger to public
37 health or the environment posed by a dry-cleaning solvent contamination site, the
38 owner of property upon which dry-cleaning solvent contamination has been
39 discovered may prepare and submit to the Commission for approval a Notice of
40 Dry-Cleaning Solvent Remediation identifying the site on which the contamination
41 has been discovered and providing for current or future restrictions on the use of the
42 property. If a petitioner requests that a contamination site be remediated to
43 standards that require land-use restrictions, the owner of the property must file a

1 Notice of Dry-Cleaning Solvent Remediation for the remediation agreement to
2 become effective.

3 (b) Notice of Restriction. -- A Notice of Dry-Cleaning Solvent Remediation shall
4 include:

5 (1) A survey plat of the contamination site that has been prepared and
6 certified by a professional land surveyor and that meets the
7 requirements of G.S. 47-30.

8 (2) A legal description of the property that would be sufficient as a
9 description in an instrument of conveyance.

10 (3) A description of the location and dimensions of the areas of
11 potential environmental concern with respect to permanently
12 surveyed benchmarks.

13 (4) The type, location, and quantity of dry-cleaning solvent
14 contamination known to exist on the property.

15 (5) Any restrictions on the current or future use of the property or
16 other property that are necessary to assure adequate protection of
17 public health and the environment as provided in rules adopted
18 pursuant to G.S. 143-215.104D(b)(3). These land-use restrictions
19 may apply to activities on, over, or under the land, including, but
20 not limited to, use of groundwater, building, filling, grading,
21 excavating, and mining. Where a contamination site encompasses
22 more than one parcel or tract of land, a composite map or plat
23 showing all parcels or tracts may be recorded.

24 (c) Recordation of Notice. -- After the Commission approves and certifies the
25 Notice of Dry-Cleaning Solvent Remediation under subsection (a) of this section, a
26 certified copy of a Notice of Dry-Cleaning Solvent Remediation shall be filed in the
27 office of the register of deeds of the county or counties in which the property
28 described is located. The owner of the property shall file the Notice of
29 Dry-Cleaning Solvent Remediation within 15 days of the property owner's receipt of
30 the Commission's approval of the notice or the effective date of the dry-cleaning
31 solvent remediation agreement, whichever is later. The register of deeds shall record
32 the certified copy of the Notice of Dry-Cleaning Solvent Remediation and index it in
33 the grantor index under the names of the owners of the land.

34 (d) Notice of Transfer. -- When property for which a Notice of Dry-Cleaning
35 Solvent Remediation has been filed is sold, leased, conveyed, or transferred, the deed
36 or other instrument of transfer shall contain in the description section, in no smaller
37 type than that used in the body of the deed or instrument, a statement that the
38 property has been contaminated with dry-cleaning solvent and, if appropriate,
39 cleaned up under this Part.

40 (e) Cancellation of Notice. -- A Notice of Dry-Cleaning Solvent Remediation filed
41 pursuant to this Part may, at the request of the owner of the property subject to the
42 Notice of Dry-Cleaning Solvent Remediation, be canceled by the Secretary after the
43 risk to public health and the environment associated with the dry-cleaning solvent
44 contamination and any other contaminants included in the dry-cleaning solvent

1 remediation agreement has been eliminated as a result of remediation of the property.
2 The Secretary shall forward notice of cancellation to the register of deeds of the
3 county or counties where the Notice of Dry-Cleaning Solvent Remediation is
4 recorded and request that the Notice of Dry-Cleaning Solvent Remediation be
5 canceled. The notice of cancellation shall contain the names of the landowners as
6 shown in the Notice of Dry-Cleaning Solvent Remediation. The register of deeds
7 shall record the notice of cancellation in the deed books and index it on the grantor
8 index in the name of the landowner as shown in the Notice of Dry-Cleaning Solvent
9 Remediation and on the grantee index in the name 'Secretary of Environment,
10 Health, and Natural Resources'. The register of deeds shall make a marginal entry
11 on the Notice of Dry-Cleaning Solvent Remediation showing the date of cancellation
12 and the book and page where the notice of cancellation is recorded, and the register
13 of deeds shall sign the entry. If a marginal entry is impracticable because of the
14 method used to record maps and plats, the register of deeds shall not be required to
15 make a marginal entry.

16 (f) Enforcement. -- Any restriction on the current or future use of property subject
17 to a Notice of Dry-Cleaning Solvent Remediation filed pursuant to this section shall
18 be enforced by any owner of the property or by any other potentially responsible
19 party. Any land-use restriction may also be enforced by the Commission through the
20 remedies provided in this Part or by means of a civil action in the superior court.
21 The Commission may enforce any land-use restriction without first having exhausted
22 any available administrative remedies. Restrictions also may be enforced by any unit
23 of local government having jurisdiction over any part of the property by means of a
24 civil action without the unit of local government having first exhausted any available
25 administrative remedy. A land-use restriction may also be enforced by any person
26 eligible for liability protection under this Part who will lose liability protection if the
27 land-use restriction is violated. A restriction shall not be declared unenforceable due
28 to lack of privity of estate or contract, due to lack of benefit to particular land, or due
29 to lack of privity of any property interest in particular land. Any person who owns
30 or leases a property subject to a land-use restriction under this section shall abide by
31 the land-use restriction.

32 (g) Relation to Brownfields Notice. -- Unless the Commission decertifies a
33 previously certified facility or a previously certified abandoned site, this section shall
34 apply in lieu of the provisions of Article 9 of Chapter 130A of the General Statutes
35 and Parts 1 and 2 of Article 21A of Chapter 143 of the General Statutes for
36 properties remediated under this Part.

37 **"§ 143-215.104N. Reimbursement of dry-cleaning solvent assessment and remediation**
38 **costs; limitations; collection of reimbursement.**

39 (a) Reimbursement. -- To the extent monies are available in the Fund for
40 reimbursement of response costs, the Commission shall reimburse any person
41 responsible for implementing assessment and remediation activities at a
42 contamination site associated with a certified facility or a certified abandoned site
43 pursuant to a dry-cleaning solvent assessment agreement or dry-cleaning solvent
44 remediation agreement for the following assessment and remediation response costs:

- 1 (1) Costs of assessment with respect to dry-cleaning solvent
2 contamination.
- 3 (2) Costs of treatment or replacement of potable water supplies
4 affected by the contamination.
- 5 (3) Costs of remediation of affected soil, groundwater, surface waters,
6 bedrock or other rock formations, or buildings.
- 7 (4) Monitoring of the contamination.
- 8 (5) Inspection and supervision of activities described in this subsection.
- 9 (6) Reasonable costs of restoring property as nearly as practicable to
10 the conditions that existed prior to activities associated with
11 assessment and remediation conducted pursuant to this Part.
- 12 (7) Other activities reasonably required to protect public health and
13 the environment.
- 14 **(b) Limitations.** -- Notwithstanding subsection (a) of this section, the Commission
15 shall not make any disbursement from the Fund:
- 16 (1) For costs incurred in connection with facilities or abandoned sites
17 not certified pursuant to G.S. 143-215.104G.
- 18 (2) For costs not incurred pursuant to a dry-cleaning solvent
19 assessment agreement or a dry-cleaning solvent remediation
20 agreement.
- 21 (3) For costs before funds available through the financial responsibility
22 demonstrated by the owner or operator of the facility or
23 abandoned site pursuant to G.S. 143-215.104E and funds obligated
24 by petitioners pursuant to a dry-cleaning solvent assessment
25 agreement or dry-cleaning solvent remediation agreement in
26 accordance with G.S. 143-215.104F(f) are exhausted.
- 27 (4) For costs at a contamination site that has been identified by the
28 United States Environmental Protection Agency as a federal
29 Superfund site pursuant to 40 Code of Federal Regulations, Part
30 300 (1 July 1996 Edition), except that the Commission may
31 authorize distribution of the required State match in an amount
32 not to exceed two hundred thousand dollars (\$200,000) per year
33 per site. The Commission shall not delegate its authority to
34 disburse funds pursuant to this subdivision.
- 35 (5) For remediation beyond the level required under the
36 Commission's risk-based criteria for determining the appropriate
37 level of remediation.
- 38 (6) For assessment or remediation response costs incurred in
39 connection with any individual dry-cleaning solvent assessment
40 agreement or dry-cleaning solvent remediation agreement in excess
41 of two hundred thousand dollars (\$200,000) per year. However,
42 that the Commission may disburse up to four hundred thousand
43 dollars (\$400,000) per year for assessment and remediation costs

- 1 incurred in connection with a certified facility or a certified
2 abandoned site that poses an imminent hazard.
- 3 (7) That would result in a diminution of the Fund balance below one
4 hundred thousand dollars (\$100,000), unless an emergency exists in
5 connection with a dry-cleaning solvent contamination abandoned
6 site that constitutes an imminent hazard.
- 7 (8) For any costs incurred in connection with dry-cleaning solvent
8 contamination from a facility located on a United States military
9 base or owned by the United States or a department or agency of
10 the United States.
- 11 (9) For any costs incurred in connection with dry-cleaning solvent
12 contamination from a facility or abandoned site owned by the State
13 or a department or agency of the State.
- 14 (c) Commission shall not pay or reimburse any response costs arising from a
15 dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation
16 agreement until the petitioners who are party to the agreement have exhausted the
17 financial resources made available under the agreement pursuant to G.S.
18 143-215.104E and G.S. 143-215.104F.
- 19 (d) Each dry-cleaning solvent assessment agreement or dry-cleaning solvent
20 remediation agreements made by the Commission pursuant to this Part shall expressly
21 state that the Commission's obligation to reimburse response costs incurred pursuant
22 to these agreements shall be contingent upon the availability of monies from the
23 Fund and that the State and its departments and agencies have no obligation to
24 reimburse otherwise eligible expenses if monies are not available in the Fund to pay
25 the reimbursements. If, at any time, the Commission determines that the cost of
26 assessment and remediation activities reimbursable pursuant to existing dry-cleaning
27 solvent assessment agreements and dry-cleaning solvent remediation agreements
28 equals or exceeds the total revenues expected to be credited to the Fund over the life
29 of the Fund, the Commission shall publish notice of the determination in the North
30 Carolina Register. Following the publication of a notice pursuant to this section, the
31 Commission may continue to enter into dry-cleaning solvent assessment agreements
32 and dry-cleaning solvent remediation agreements until the day of adjournment of the
33 first regular session of the General Assembly that begins after the date the notice is
34 published, but shall have no authority to enter into additional dry-cleaning solvent
35 assessment agreements and dry-cleaning solvent remediation agreements after that
36 date unless the Commission first determines either (i) that revenues will be available
37 from the Fund to reimburse the costs of assessment and remediation activities
38 expected to be reimbursable pursuant to the agreements, or (ii) that assessment and
39 remediation activities undertaken pursuant to the agreements will be paid entirely
40 from sources other than the Fund. For the purposes of this subsection, the term 'day
41 of adjournment' shall mean: (i) in the case of a regular session held in an
42 odd-numbered year, the day the General Assembly adjourns by joint resolution for
43 more than 10 days, and (ii) in the case of a regular session held in an even-numbered
44 year, the day the General Assembly adjourns sine die.

1 (e) The Commission shall pay the reimbursable response costs of eligible parties
2 as they are incurred. If the cleanup of the contamination site is not completed as
3 required by the remediation agreement, any response costs previously reimbursed for
4 the cleanup shall be repaid to the Fund, with interest. The Commission shall request
5 the Attorney General to commence a civil action to secure repayment of response
6 costs and interest of the costs.

7 **"§ 143-215.104O. Remediation of uncertified sites.**

8 (a) In the event the owner or operator of a facility or the current owner of an
9 abandoned site cannot be identified or located, unreasonably refuses to enter into
10 either an assessment agreement or remediation agreement or cannot be made to
11 comply with the provisions of an assessment agreement or remediation agreement
12 between the petitioner and the Commission, the Commission may direct the
13 Department or a private contractor engaged by the Commission to use staff,
14 equipment, or materials under the control of the Department or contractor or
15 provided by other cooperating federal, State, or local agencies to develop and
16 implement a plan for abatement of an imminent hazard, or to provide interim
17 alternative sources of drinking water to third parties affected by dry-cleaning solvent
18 contamination resulting from a release at the facility or abandoned site. The cost of
19 any of these actions shall be paid from the Fund. The Department or private
20 contractor shall keep a record of all expenses incurred for personnel and for the use
21 of equipment and materials and all other expenses of developing and implementing
22 the remediation plan.

23 (b) The Commission shall request the Attorney General to commence a civil
24 action to secure reimbursement of costs incurred under this subsection.

25 (c) In the event a civil action is commenced pursuant to this Part to recover
26 monies paid from the Fund, the Commission may recover, in addition to any amount
27 due, the costs of the action, including reasonable attorneys' fees and investigation
28 expenses. Any monies received or recovered as reimbursement shall be paid into the
29 Fund or other source from which the expenditures were made.

30 **"§ 143-215.104P. Enforcement procedures; civil penalties.**

31 (a) The Secretary may assess a civil penalty of not more than ten thousand dollars
32 (\$10,000) or, if the violation involves a hazardous waste, as defined in G.S. 130-290,
33 of not more than twenty-five thousand dollars (\$25,000) against any person who:

- 34 (1) Fails to establish financial responsibility for a dry-cleaning facility
35 or a wholesale distribution facility as required by this Part.
- 36 (2) Engages in dry-cleaning operations using dry-cleaning solvent for
37 which the appropriate sales or use tax has not been paid.
- 38 (3) Fails to comply with rules adopted by the Commission pursuant to
39 this Part.
- 40 (4) Fails to file, submit, or make available, as the case may be, any
41 documents, data, or reports required by this Part.
- 42 (5) Violates or fails to act in accordance with the terms, conditions, or
43 requirements of any special order or other appropriate document
44 issued pursuant to G.S. 143-215.2.

- 1 (6) Falsifies or tampers with any recording or monitoring device or
2 method required to be operated or maintained under this Part or
3 rules implementing this Part.
- 4 (7) Knowingly renders inaccurate any recording or monitoring device
5 or method required to be operated or maintained under this Part
6 or rules implementing this Part.
- 7 (8) Knowingly makes any false statement, representation, or
8 certification in any application, record, report, plan, or other
9 document filed or required to be maintained under this Part or
10 rule implementing this Part.
- 11 (9) Knowingly makes a false statement of material fact in a
12 rule-making proceeding or contested case under this Part.
- 13 (10) Refuses access to the Commission or its duly designated
14 representative to any premises for purposes of conducting a lawful
15 inspection provided for in this Part or rule implementing this Part.
- 16 (b) If any action or failure to act for which a penalty may be assessed under
17 subsection (a) of this section is continuous, the Secretary may assess a penalty not to
18 exceed ten thousand dollars (\$10,000) per day or, if the violation involves a
19 hazardous waste, as defined in G.S. 130-290, not exceed twenty-five thousand dollars
20 (\$25,000) per day. A penalty for a continuous violation shall not exceed two
21 hundred thousand dollars (\$200,000) for each period of 30 days during which the
22 violation continues.
- 23 (c) In determining the amount of the penalty, the Secretary shall consider the
24 factors set out in G.S. 143B-282.1(b). The procedures set out in G.S. 143B-282.1 shall
25 apply to civil penalty assessments that are presented to the Commission for final
26 agency decision.
- 27 (d) The Secretary shall notify any person assessed a civil penalty for the
28 assessment and the specific reasons therefor by registered or certified mail or by any
29 means authorized by G.S. 1A-1, Rule 4. Contested case petitions shall be filed
30 pursuant to G.S. 150B-23 within 30 days of receipt of the notice of assessment. The
31 Secretary shall make the final decision regarding assessment of a civil penalty under
32 this section.
- 33 (e) Requests for remission of civil penalties shall be filed with the Secretary.
34 Remission requests shall not be considered unless made within 30 days of receipt of
35 the notice of assessment. Remission requests must be accompanied by a waiver of the
36 right to a contested case hearing pursuant to Chapter 150B of the General Statutes
37 and a stipulation of the facts on which the assessment was based. Consistent with the
38 limitations in G.S. 143B-282.1(c) and (d), remission requests may be resolved by the
39 Secretary and the violator. If the Secretary and the violator are unable to resolve the
40 request, the Secretary shall deliver the remission request and the recommended
41 action to the Committee on Civil Penalty Remissions of the Environmental
42 Management Commission appointed pursuant to G.S. 143B-282.1(c).
- 43 (f) If any civil penalty has not been paid within 30 days after notice of assessment
44 has been served on the violator, the Secretary shall request the Attorney General to

1 institute a civil action in the superior court of any county in which the violator
2 resides or the violator's principal place of business is located in order to recover the
3 amount of the assessment, unless the violator contests the assessment as provided in
4 subsection (d) of this section or requests remission of the assessment in whole or in
5 part as provided in subsection (e) of this section. If any civil penalty has not been
6 paid within 30 days after the final agency decision or order has been served on the
7 violator, the Secretary shall request the Attorney General to institute a civil action in
8 the superior court of any county in which the violator resides or the violator's
9 principal place of business is located to recover the amount of the assessment. A
10 civil action must be filed within three years of the date the final agency decision or
11 court order was served on the violator.

12 **"§ 143-215.104O. Enforcement procedures; criminal penalties.**

13 (a) Any person who negligently commits any of the offenses set out in
14 subdivisions (1) through (10) of G.S. 143-215.104P(a) shall be guilty of a Class 2
15 misdemeanor, which may include a fine not to exceed fifteen thousand dollars
16 (\$15,000) per day of violation, provided that the fine shall not exceed a cumulative
17 total of two hundred thousand dollars (\$200,000) for each period of 30 days during
18 which a violation continues.

19 (b) Any person who knowingly and willfully commits any of the offenses set out
20 in subdivisions (1) through (10) of G.S. 143-215.104P(a) shall be guilty of a Class I
21 felony, which may include a fine not to exceed one hundred thousand dollars
22 (\$100,000) per day of violation, provided that this fine shall not exceed a cumulative
23 total of five hundred thousand dollars (\$500,000) for each period of 30 days during
24 which the violation continues. For the purposes of this subsection, the phrase
25 'knowingly and willfully' shall mean 'intentionally and consciously' as the courts of
26 this State, according to the principles of common law, interpret the phrase in the
27 light of reason and experience.

28 (c) (1) Any person who knowingly commits any of the offenses set out in
29 subdivisions (3) through (10) of G.S. 143-215.104P(a) and who
30 knows at that time that he thereby places another person in
31 imminent danger of death or serious bodily injury shall be guilty of
32 a Class C felony, which may include a fine not to exceed two
33 hundred fifty thousand dollars (\$250,000) per day of violation,
34 provided that this fine shall not exceed a cumulative total of one
35 million dollars (\$1,000,000) for each period of 30 days during
36 which the violation continues.

37 (2) For the purposes of this subsection, a person's state of mind is
38 knowing with respect to:

- 39 a. His conduct, if he is aware of the nature of his conduct.
40 b. An existing circumstance, if he is aware or believes that the
41 circumstance exists.
42 c. A result of his conduct, if he is aware or believes that his
43 conduct is substantially certain to cause danger of death or
44 serious bodily injury.

- 1 (3) Under this subsection, the following should be considered in
2 determining whether a defendant who is a natural person knew
3 that his conduct placed another person in imminent danger of
4 death or serious bodily injury:
- 5 a. The person is responsible only for actual awareness or actual
6 belief that he possessed, and
- 7 b. Knowledge possessed by a person other than the defendant
8 but not by the defendant himself may not be attributed to
9 the defendant.
- 10 (4) It is an affirmative defense to a prosecution under this subsection
11 that the conduct charged was conduct consented to by the person
12 endangered and that the danger and conduct charged were
13 reasonably foreseeable hazards of an occupation, a business or
14 profession, or of medical treatment or medical or scientific
15 experimentation conducted by professionally approved methods,
16 and the person had been made aware of the risks involved prior to
17 giving consent. The defendant may establish an affirmative
18 defense under this subdivision by a preponderance of the evidence.
- 19 (d) No proceeding shall be brought or continued under this section for or on
20 account of a violation by any person who has previously been convicted of a federal
21 violation based upon the same set of facts.
- 22 (e) In proving the defendant's possession of actual knowledge, circumstantial
23 evidence may be used, including evidence that the defendant took affirmative steps to
24 shield himself from relevant information. Consistent with the principles of common
25 law, the subjective mental state of defendants may be inferred from their conduct.
- 26 (f) For the purposes of the felony provisions of this section, a person's state of
27 mind shall not be found 'knowingly and willfully' or 'knowingly' if the conduct that
28 is the subject of the prosecution is the result of any of the following occurrences or
29 circumstances:
- 30 (1) A natural disaster or other act of God that could not have been
31 prevented or avoided by the exercise of due care or foresight.
- 32 (2) An act of third parties other than agents, employees, contractors,
33 or subcontractors of the defendant.
- 34 (3) An act done in reliance on the written advice or emergency on-site
35 direction of an employee of the Department. In emergencies, oral
36 advice may be relied upon if written confirmation is delivered to
37 the employee as soon as practicable after receiving and relying on
38 the advice.
- 39 (4) An act causing no significant harm to the environment or risk to
40 public health, safety, or welfare and done in compliance with other
41 conflicting environmental requirements or other constraints
42 imposed in writing by environmental agencies or officials after
43 written notice is delivered to all relevant agencies that the conflict
44 exists and will cause a violation of the identified standard.

1 (5) Violations causing no significant harm to the environment or risk
2 to public health, safety, or welfare for which no enforcement action
3 or civil penalty could have been imposed under any written civil
4 enforcement guidelines in use by the Department at the time. This
5 subdivision shall not be construed to require the Department to
6 develop or use written civil enforcement guidelines.

7 (6) Occasional, inadvertent, short-term violations causing no significant
8 harm to the environment or risk to public health, safety, or
9 welfare. If the violation occurs within 30 days of a prior violation
10 or lasts for more than 24 hours, it is not an occasional, short-term
11 violation.

12 (g) All general defenses, affirmative defenses, and bars to prosecution that may
13 apply with respect to other criminal offenses under law may apply to prosecutions
14 brought under this section or other criminal statutes that refer to this section and
15 shall be determined by the courts of this State according to the principles of common
16 law as they may be applied in light of reason and experience. Concepts of
17 justification and excuse applicable under this section may be developed in light of
18 reason and experience.

19 (h) All general defenses, affirmative defenses, and bars to prosecution that may
20 apply with respect to other criminal offenses under law may apply to prosecutions
21 brought under this section or other criminal statutes that refer to this section and
22 shall be determined by the courts of this State according to the principles of common
23 law as they may be applied in light of reason and experience. Concepts of
24 justification and excuse applicable under this section may be developed in light of
25 reason and experience.

26 (i) For purposes of this section, the term 'person' means, in addition to the
27 definition contained in G.S. 143-212, any responsible corporate or public office or
28 employee. If a vote of the people is required to effectuate the intent and purpose of
29 this Article by a county, city, town, or other political subdivision of the State and the
30 vote on the referendum is against the means or machinery for carrying out the intent
31 and purpose, then this section shall not apply to elected officials or to any responsible
32 appointed officials or employees of the county, city, town, or other political
33 subdivision.

34 **"§ 143-215.104R. Enforcement procedures; injunctive relief.**

35 Whenever the Commission has reasonable cause to believe that any person has
36 violated or is threatening to violate any of the provisions of this Part or rule
37 implementing this Part, the Commission may, either before or after the institution of
38 any other action or proceeding authorized by this Part, request the Attorney General
39 to institute a civil action in the name of the State upon the relation of the
40 Commission for injunctive relief to restrain the violation or threatened violation and
41 for other and further relief in the premises as the court shall deem proper. The
42 Attorney General may institute an action in the superior court of the county in which
43 the violation occurred or may occur or, in the Attorney General's discretion, in the
44 superior court of the county in which the person responsible for the violation or

1 threatened violation resides or has a principal place of business. Upon a
2 determination by the court that the alleged violation of the provisions of this Part or
3 the rules of the Commission has occurred or is threatened, the court shall grant the
4 relief necessary to prevent or abate the violation or threatened violation. Neither the
5 institution of the action nor any of the proceedings thereon shall relieve any party to
6 the proceedings from any penalty prescribed for violation of this Part. In the event a
7 civil action is commenced pursuant to this section, the Commission may recover the
8 costs of the action, including attorneys' fees and investigation expenses. All monies
9 received or recovered shall be paid into the Fund or other source from which the
10 expenditures were made.

11 **"§ 143-215.104S. Appeals.**

12 Any person who is aggrieved by a decision of the Commission under G.S.
13 143-215.104E through G.S. 143-215.104O may commence a contested case by filing a
14 petition under G.S. 150B-23 within 60 days after the Commission's decision. If no
15 contested case is initiated within the allotted time period, the Commission's decision
16 shall be final and not subject to review. The Commission shall make the final agency
17 decision in contested cases initiated pursuant to this section. The Commission shall
18 not delegate its authority to make a final agency decision pursuant to this section.

19 **"§ 143-215.104T. Construction of this Part.**

33 responsible party to an emergency that involves an imminent or
34 actual release of a regulated substance that threatens public health
35 or the environment.
- 36 (4) Relieve a person receiving liability protection under this Part from
37 any liability for contamination later caused by that person at a
38 facility or abandoned site.
- 39 (5) Affect the right of any person to seek any relief available against
40 any party to the dry-cleaning solvent remediation agreement who
41 may have liability with respect to the facility or abandoned site,
42 except that this Part does limit the relief available against any party
43 to a remediation agreement with respect to assessment or

1 remediation of the contamination site to the assessment
2 remediation required under the remediation agreement.

3 (6) Affect the right of any person who may have liability with respect
4 to the facility or abandoned site to seek contribution from any
5 other person who may have liability with respect to the facility or
6 abandoned site and who neither received nor has liability
7 protection under this Part.

8 (7) Prevent the State from enforcing specific numerical remediation
9 standards, monitoring, or compliance requirements specifically
10 required to be enforced by the federal government as condition to
11 receive program authorization, delegation, primacy, or federal
12 funds.

22 G.S. 143-300.1 or any other provision of law waiving the sovereign immunity of the
23 State of North Carolina, the State, its agencies, officers, employees, and agents shall
24 be absolutely immune from any liability in any proceeding for any injury or claim
25 arising from negotiating, entering into, monitoring, or enforcing a dry-cleaning
26 solvent assessment agreement, a dry-cleaning solvent remediation agreement, or a
27 Notice of Dry-Cleaning Solvent Remediation under this Part or any other action
28 implementing this Part.

29 "§ 143-215.104U. Reporting requirements.

30 (a) The Secretary shall present an annual report to the Environmental Review
31 Commission that shall include at least the following:

33 Department.

34 (2) A list of all facilities and abandoned sites certified by the
35 Commission and the status of contamination associated with each
36 facility or abandoned site.

37 (3) An estimate of the cost of assessment and remediation required in
38 connection with facilities or abandoned sites certified by the
39 Commission and an estimate of assessment and remediation costs
40 expected to be paid from the Fund.

41 (4) A statement of receipts and disbursements for the Fund.

42 (5) A statement of all claims against the Fund, including claims paid,
43 claims denied, pending claims, anticipated claims, and any other
44 obligations.

2 The privilege tax this Article imposes on a dry-cleaning solvent retailer is an
3 additional State sales tax, and the excise tax this Article imposes on the storage, use,
4 or consumption of dry-cleaning solvent by a dry-cleaning facility in this State is an
5 additional State use tax. Except as otherwise provided in this Article these taxes shall
6 be collected and administered in the same manner as the State sales and use taxes
7 imposed by Article 5 of this Chapter. As under Article 5 of this Chapter, the
8 additional State sales tax paid when dry-cleaning solvent is sold at retail is a credit
9 against the additional State use tax imposed on the storage, use, or consumption of
10 the same dry-cleaning solvent.

11 **"§ 105-187.33. Exemptions and refunds.**

12 The exemptions in G.S. 105-164.13 do not apply to the taxes imposed by this
13 Article. The refunds allowed in G.S. 105-164.14 do not apply to the taxes imposed
14 by this Article.

15 **"§ 105-187.34. Use of tax proceeds.**

16 The Secretary must credit the taxes collected under this Article, less the
17 Department of Revenue's allowance for administrative expenses, to the Dry-Cleaning
18 Solvent Cleanup Fund. The Secretary may retain the Department's cost of
19 collection, not to exceed one hundred twenty-five thousand dollars (\$125,000) a year,
20 as reimbursement to the Department."

3
4 "Whereas, there are drycleaning operations in the State at
5 which drycleaning solvent contamination has or may have occurred;
6 and

7 Whereas, many instances of drycleaning solvent
8 contamination have resulted from solvent handling practices that
9 were lawful and common at the time such practices were undertaken;
10 and

11 Whereas, the financial resources of individual drycleaning
12 operators are frequently insufficient to assess and remediate
13 drycleaning solvent contamination to current environmental

21 solvent contamination can be determined using the same risk-
22 assessment techniques that are currently being applied to releases

EXPLANATION OF HOUSE BILL 631:
Forsyth Room Tax Distribution (4th Edition)

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: July 22, 1997

This bill changes the method by which the Forsyth County occupancy tax is distributed. Forsyth County levies a total of 6% in occupancy taxes, made up of a 2% tax, a 1% tax, and a 3% tax. The county deducts the cost of collecting and administering the taxes and distributes the net proceeds. Under current law, the 1% and 2% taxes are distributed as follows: 5% to the municipalities (other than Winston-Salem) in the county; the remainder to the Forsyth County Tourism Development Authority. Under current law, the 3% tax is distributed as follows: 5% to the municipalities (other than Winston-Salem) in the county; the remainder divided evenly between Winston-Salem, Forsyth County, and the Forsyth County Tourism Development Authority.

Section by Section Analysis

1. Section 1 of the bill makes clarifying changes to the 2% and 1% taxes.
2. Section 2 of the bill changes the distribution of the 3% tax by redirecting 10% of the amount that Winston Salem and Forsyth County would otherwise receive to those municipalities in Forsyth County (other than Winston-Salem) in which taxable establishments are located. Section 2 of the bill also provides that municipalities (other than Winston-Salem) that have taxable establishments must create a five-member Tourism Development Authority to expend the room tax proceeds, at least 2/3 to promote tourism and the remainder for tourism-related expenditures.
3. Section 3 of the bill provides for the creation of these Tourism Development Authorities and states that they may not spend more than 10% of the room tax proceeds for administrative expenses, including salaries and benefits.
4. Section 4 of the bill sets the effective date at August 1, 1997.

4 COMMISSION MAY ESTABLISH DIFFERENT RATES FOR NATURAL GAS
5 SERVICE TO UNSERVED COUNTIES THAT REFLECT THE COST OF
6 PROVIDING SERVICE TO THE UNSERVED COUNTIES AND
7 AUTHORIZING THE CREATION OF NATURAL GAS DISTRICTS FOR
8 NATURAL GAS EXPANSION.

9 The General Assembly of North Carolina enacts:

10 PART I.

11 DIFFERENT RATES

12 Section 1. G.S. 62-140(a) reads as rewritten:

13 "(a) No public utility shall, as to rates or services, make or grant any unreasonable
14 preference or advantage to any person or subject any person to any unreasonable
15 prejudice or disadvantage. No public utility shall establish or maintain any
16 unreasonable difference as to rates or services either as between localities or as
17 between classes of service. The Commission may determine any questions of fact
18 arising under this section; provided that it shall not be an unreasonable preference or
19 advantage or constitute discrimination against any person, firm or corporation or
20 general rate payer for telephone utilities to contract with motels, hotels and hospitals
21 to pay reasonable commissions in connection with the handling of intrastate toll calls
22 charged to a guest or patient and collected by the motel, hotel or hospital; provided
23 further, that payment of such commissions shall be in accordance with uniform tariffs

1 which shall be subject to the approval of the Commission. Provided further, that it
2 shall not be considered an unreasonable preference or advantage for the Commission
3 to order, if it finds the public interest so requires, a reduction in local telephone rates
4 for low-income residential consumers meeting a means test established by the
5 Commission in order to match any reduction in the interstate subscriber line charge
6 authorized by the Federal Communications Commission.

7 Nothing in this section prohibits the Commission from establishing different rates
8 for natural gas service to counties that are substantially unserved, to the extent that
9 those rates reflect the cost of providing service to the unserved counties and upon a
10 finding by the Commission that natural gas service would not otherwise become
11 available to the counties."

12 PART II.

13 NATURAL GAS DISTRICTS

14 Section 2. Chapter 160A of the General Statutes is amended by adding a
15 new Article to read:

16 "ARTICLE 27.

17 "Regional Natural Gas District.

18 "§ 160A-630. Title.

20 name.

21 "§ 160A-631. Purpose; definitions.

22 (a) The purpose of a district created under this Article is to enhance the quality of
23 life in its territorial jurisdiction by promoting the development of natural gas
24 distribution systems to enhance the economic development of the area.

25 (b) The following definitions apply in this Article:

26 (1) Board of Trustees. -- The governing board of the district in which
27 the general legislative powers of the district are vested.

30 organized in accordance with the provisions of this Article for the
31 purposes, with the powers, and subject to the restrictions set forth
32 in this Article.

33 (4) Unit of local government. -- Any county, city, town, or
34 municipality of this State, and any other political subdivision,
35 public corporation, or district in this State, that is or may be
36 authorized by law to acquire, establish, construct, enlarge, improve,
37 maintain, own, or operate natural gas systems.

38 (5) Unit of local government's chief administrative official. -- The
39 county manager, city manager, town manager, or other person, by

43 (a) A district may be created for one or more entire counties that are totally
44 unserved with natural gas and in which a specific natural gas project has not been

1 approved by the Utilities Commission at the time of creation of the district. This
2 area is the territorial jurisdiction and the service area of the district.

3 (b) The creation of a district does not confer on the district the exclusive right to
4 provide natural gas service in that territorial jurisdiction.

5 "§ 160A-633. Creation of district.

6 (a) The boards of commissioners of any one or more counties within an area for
7 which a district may be created as provided by G.S. 160A-632 may by resolution
8 signify their determination to organize a district under the provisions of this Article.
9 Each of these resolutions shall be adopted after a public hearing thereon, notice of
10 which hearing shall be given by publication at least once, not less than 10 days prior
11 to the date fixed for the hearing, in a newspaper having a general circulation in the
12 county. The notice shall contain a brief statement of the substance of the proposed
13 resolution, shall set forth the proposed articles of incorporation of the district, and
14 shall state the time and place of the public hearing. A copy of the notice shall be
15 mailed not later than the first day of newspaper publication to the business office of
16 any public utility that holds a franchise from the North Carolina Utilities Commission
17 to serve any part of the proposed district with natural gas service. No county shall be
18 required to make any other publication of the resolution under the provisions of any
19 other law. Any municipality located within the area may join the district by following
20 the procedures set out in this section.

21 (b) Each resolution shall include articles of incorporation which shall set forth all

28 (5) Provision for the distribution of assets in the event the district is
29 terminated.

30 (c) A certified copy of each of the resolutions signifying the determination to
31 organize a district under the provisions of this Article shall be filed with the
32 Secretary of State, together with proof of publication and mailing of the notice of
33 hearing on each of the resolutions. If the Secretary of State finds that the resolutions,
34 including the articles of incorporation, conform to the provisions of this Article and
35 that the notices of hearing were properly published and mailed, the Secretary of State
36 shall file the resolutions and proofs of publication and mailing, shall issue a certificate
37 of incorporation under the seal of the State, and shall record the certificate in an
38 appropriate book of record. The issuance of this certificate of incorporation by the
39 Secretary of State shall constitute the district a public body and body politic and
40 corporate of the State of North Carolina. The certificate of incorporation shall be
41 conclusive evidence of the fact that the district has been duly created and established
42 under this Article.

43 (d) When the district has been duly organized and its officers elected, the
44 secretary of the district shall certify to the Secretary of State the names and addresses

1 of the officers, the name and address of the registered agent, and the address of the
2 principal office of the district. The district shall be subject to the provisions of
3 Article 5 of Chapter 55A of the General Statutes.

4 **"§ 160A-634. Membership; officers; compensation.**

5 (a) The governing body of a district is the Board of Trustees. The Board of
6 Trustees shall consist of members as provided in the articles of incorporation.

7 (b) Service on the Board of Trustees may be in addition to any other office which
8 a person is entitled to hold. Each voting member of the Board of Trustees may hold
9 elective public office as defined by G.S. 128-1.1(d).

10 (c) Members of the Board of Trustees shall reside within the territorial jurisdiction
11 of the district as defined by G.S. 160A-632.

13 Vice-chair, and shall annually elect a Secretary and a Treasurer.

14 (e) Members of the Board of Trustees shall receive a sum not to exceed fifty
15 dollars (\$50.00) as compensation for attendance at each duly conducted meeting of

44 thereof) whenever the property is no longer required for purposes

- 1 of the district, or exchange it for other property or rights which are
2 useful for the district's purposes. Except as provided in any
3 covenant or debt instrument designed to protect the creditor, if any
4 loans or grants by the Department of Commerce have not been
5 repaid, all or a substantial part of an operating natural gas district
6 may not be disposed of without the approval of the Department of

29 from the entry.
- 30 (12) To develop and carry out demonstration projects.

- 37 (15) To own, lease, and operate gas production, storage, transmission,
38 and distribution systems. These systems may also include the
39 purchase or lease, or both, of natural gas fields and natural gas
40 reserves within the State, and the purchase of natural gas supplies
41 within or without the State. A district may operate that part of a
42 gas system involving the purchase or lease, or both, of natural gas
43 fields, natural gas reserves, and natural gas supplies, in an
44 operating agreement, partnership or joint venture arrangement

1 with natural gas utilities and private enterprise. The district may

11 government pursuant to the provisions of Part 1 of Article 20 of
12 Chapter 160A of the General Statutes) and to enter into contracts
13 and agreements with private natural gas companies, but this
14 subdivision does not authorize the operation of, or contracting for
15 the operation of, service of a natural gas system outside the service
16 area of the district.

17 (19) Except as restricted by covenants in bonds, notes, security interests,
18 or trust certificates, to set in its sole discretion rates, fees, and
19 charges for use of its natural gas system in accordance with G.S.

25 gas system or any part thereof and to refund, whether or not in
26 advance of maturity or the earliest redemption date, any such
27 bonds or other obligations.

28 **§ 160A-638. Fiscal accountability.**

29 A district is a public authority subject to the provisions of Chapter 159 of the
30 General Statutes.

31 **§ 160A-639. Funds.**

32 The establishment and operation of a district is a public purpose, and the State of
33 North Carolina and any unit of local government may appropriate funds to support
34 the establishment and operation of the district. The State of North Carolina and any
35 unit of local government may also dedicate, sell, convey, donate, or lease any of their
36 interests in any property to the district. A district may apply for grants from the State
37 of North Carolina, or from the United States or any department, agency, or
38 instrumentality thereof. The Department of Commerce may allocate to a district any
39 funds appropriated for natural gas.

40 **§ 160A-640. Effect on existing franchises and operations.**

41 Creation of the district does not affect any existing franchises granted by any unit
42 of local government. Those existing franchises shall continue in full force and effect
43 until legally terminated, and all ordinances and resolutions of the unit of local
44 government regulating local natural gas systems shall continue in full force and effect

1 unless superseded by rules of the district. This superseding, if any, may occur only
2 on the basis of prior mutual agreement between the district and the respective unit of
3 local government.

4 **"§ 160A-641. Termination of district.**

5 The Board of Trustees, after providing for the continued availability of natural gas
6 service to its customers, if any, may terminate the existence of the district at any time
7 when it has no outstanding indebtedness. The Board of Trustees shall file
8 notification of the termination with the Secretary of State.

9 **"§ 160A-642. Controlling provisions.**

10 Insofar as the provisions of this Article are not consistent with the provisions of
11 any other law, public or private, the provisions of this Article shall be controlling.

12 **"§ 160A-643. Bonds and notes authorized.**

13 In addition to the powers granted by this Article, the district may issue bonds and
14 notes pursuant to the provisions of the State and Local Government Revenue Bond
15 Act, Article 5 of Chapter 159 of the General Statutes, for the purpose of financing
16 natural gas systems or any part thereof and to refund the bonds and notes, whether or
17 not in advance of their maturity or earliest redemption date.

18 **"§ 160A-644. Equipment trust certificates.**

19 In addition to the powers granted in this Article, the district shall have continuing
20 power to purchase equipment, and in connection therewith to execute agreements,
21 leases with or without option to purchase, or equipment trust certificates. All money
22 required to be paid by the district under the provisions of these agreements, leases
23 with or without option to purchase, and equipment trust certificates shall be payable
24 solely from the fares, fees, rentals, charges, revenues, and earnings of the district,
25 moneys derived from the sale of any surplus property of the district and gifts, grants,
26 and contributions from any source. Payment for such equipment or rentals therefore,
27 may be made in installments; the deferred installments may be evidenced by
28 equipment trust certificates payable solely from the aforesaid revenues or receipts and
29 title to the equipment may or may not vest in the district until the equipment trust
30 certificates are paid.

31 **"§ 160A-645. Acquisition, power of eminent domain.**

32 (a) The district shall have continuing power to acquire, by gift, grant, devise,
33 bequest, exchange, purchase, lease with or without option to purchase, or any other
34 lawful method including, but not limited to, the power of eminent domain, the fee or
35 any lesser interest in real or personal property for use by the district.

36 (b) Exercise of the power of eminent domain by the district shall be as a private
37 condemnor in accordance with Chapter 40A of the General Statutes.
38 Notwithstanding Chapter 40A of the General Statutes, before final judgment may be
39 entered in any action of condemnation initiated by the district, the district shall
40 furnish proof that the county board of commissioners of the county where the land is
41 located has consented by resolution or ordinance to the taking.

42 **"§ 160A-646. Tax exemption.**

43 Property owned by the district is exempt from property tax. Income of the district
44 is exempt from State income tax. This tax exemption does not apply to the lease, or

1 other arrangement that amounts to a leasehold interest, of district property to a
2 private party, or to the income of the lessee, unless the property is leased solely for
3 the purpose of the district, in which case the activities of the lessee are considered the
4 activities of the district. The interest on bonds or obligations issued by the district are
5 exempt from State taxes.

6 **"§ 160A-647. Authority to fix and enforce rates.**

7 (a) A district may establish and revise from time to time schedules of rents, rates,
8 fees, charges, and penalties made applicable throughout the district for the gas

17 discontinued for delinquency, it shall be unlawful for any person other than a duly
18 authorized agent or employee of the district to do any act that results in a resumption
19 of services. If a delinquent customer is not the owner of the premises to which the
20 services are delivered, the payment of the delinquent account may not be required
21 before providing services at the request of a new and different tenant or occupant of
22 the premises, but this restriction shall not apply when the premises are occupied by
23 two or more tenants whose services are measured by the same meter.

A BILL TO BE ENTITLED

1
2 AN ACT TO ADDRESS NORTH CAROLINA'S URGENT INFRASTRUCTURE
3 NEEDS BY CLARIFYING THAT THE NORTH CAROLINA UTILITIES
4 COMMISSION MAY ESTABLISH DIFFERENT RATES FOR NATURAL GAS
5 SERVICE TO UNSERVED COUNTIES THAT REFLECT THE COST OF
6 PROVIDING SERVICE TO THE UNSERVED COUNTIES AND
7 AUTHORIZING THE CREATION OF NATURAL GAS DISTRICTS FOR
8 NATURAL GAS EXPANSION.

9 The General Assembly of North Carolina enacts:

10 PART I.

11 DIFFERENT RATES

12 Section 1. G.S. 62-140(a) reads as rewritten:

13 "(a) No public utility shall, as to rates or services, make or grant any unreasonable
14 preference or advantage to any person or subject any person to any unreasonable
15 prejudice or disadvantage. No public utility shall establish or maintain any
16 unreasonable difference as to rates or services either as between localities or as
17 between classes of service. The Commission may determine any questions of fact
18 arising under this section; provided that it shall not be an unreasonable preference or
19 advantage or constitute discrimination against any person, firm or corporation or
20 general rate payer for telephone utilities to contract with motels, hotels and hospitals
21 to pay reasonable commissions in connection with the handling of intrastate toll calls
22 charged to a guest or patient and collected by the motel, hotel or hospital; provided

1 further, that payment of such commissions shall be in accordance with uniform tariffs
2 which shall be subject to the approval of the Commission. Provided further, that it
3 shall not be considered an unreasonable preference or advantage for the Commission
4 to order, if it finds the public interest so requires, a reduction in local telephone rates
5 for low-income residential consumers meeting a means test established by the
6 Commission in order to match any reduction in the interstate subscriber line charge
7 authorized by the Federal Communications Commission.

8 Nothing in this section prohibits the Commission from establishing different rates
9 for natural gas service to counties that are substantially unserved, to the extent that
10 those rates reflect the cost of providing service to the unserved counties and upon a
11 finding by the Commission that natural gas service would not otherwise become
12 available to the counties."

13 PART II.

15 Section 2. Chapter 160A of the General Statutes is amended by adding a
16 new Article to read:

29 charges for use of its natural gas system in accordance with G.S.
30 160A-647.
- 31 (20) To do all related things necessary to carry out its purpose and to
32 exercise the powers granted to the district.
- 33 (21) To issue revenue bonds and notes and to incur other obligations as
34 authorized by this Article.

35 **"§ 160A-638. Fiscal accountability.**

36 A district is a public authority subject to the provisions of Chapter 159 of the
37 General Statutes.

38 **"§ 160A-639. Funds.**

39 The establishment and operation of a district is a public purpose, and the State of
40 North Carolina and any unit of local government may appropriate funds to support
41 the establishment and operation of the district. The State of North Carolina and any
42 unit of local government may also dedicate, sell, convey, donate, or lease any of their
43 interests in any property to the district. A district may apply for grants from the State
44 of North Carolina, or from the United States or any department, agency, or

1 instrumentality thereof. The Department of Commerce may allocate to a district any
2 funds appropriated for natural gas.

3 **"§ 160A-640. Effect on existing franchises and operations.**

4 Creation of the district does not affect any existing franchises granted by any unit
5 of local government. Those existing franchises shall continue in full force and effect
6 until legally terminated, and all ordinances and resolutions of the unit of local
7 government regulating local natural gas systems shall continue in full force and effect
8 unless superseded by rules of the district. This superseding, if any, may occur only
9 on the basis of prior mutual agreement between the district and the respective unit of
10 local government.

11 **"§ 160A-641. Termination of district.**

12 The Board of Trustees, after providing for the continued availability of natural gas
13 service to its customers, if any, may terminate the existence of the district at any time
14 when it has no outstanding indebtedness. The Board of Trustees shall file
15 notification of the termination with the Secretary of State.

16 **"§ 160A-642. Joinder of county or city.**

17 (a) Whenever a district has been organized under the provisions of this Article, a
18 county as defined in G.S. 160A-332(a) or a city within that county, or a city that did
19 not join in the organization of a district but is geographically located within the
20 district may, with the consent of the district as evidenced by a resolution adopted by
21 a majority of the members of the Board of Trustees of the district, join the district.

22 (b) A county or city desiring to join an existing district shall signify its desire by
23 resolution adopted after a public hearing thereon, notice of which hearing shall be
24 given in the manner and at the time provided in G.S. 160A-633. Such notice shall
25 contain a brief statement of the substance of said resolution and shall state the time
26 and place of the public hearing.

27 (c) A certified copy of each resolution signifying the desire of a county or city to
28 join an existing district, together with proof of publication of the notice of hearing on
29 the resolution, and a certified copy of the resolution of the Board of Trustees of the
30 district consenting to the joining shall be filed with the Secretary of State. If the
31 Secretary of State finds that the resolutions conform to the provisions of this Article
32 and that the notices of hearing were properly published, the Secretary of State shall
33 file such resolutions and proofs of publication in the office of the Secretary of State,
34 shall issue a certificate of joinder, and shall record the certificate in the appropriate
35 book of record. The issuance of the certificate shall be conclusive evidence of the
36 joinder of the county or city to the district.

37 **"§ 160A-643. Bonds and notes authorized.**

38 The district may issue revenue bonds and revenue bond anticipation notes
39 pursuant to the provisions of the State and Local Government Revenue Bond Act,
40 Article 5 of Chapter 159 of the General Statutes, and Article 9 of Chapter 159 for the
41 purposes provided in this Article. If and to the extent any provisions of Articles 5
42 and 9 of Chapter 159 are inconsistent with the provisions of this Article, the
43 provisions of this Article shall be controlling. A district may proceed with the
44 issuance of bonds and notes under Articles 5 and 9 of Chapter 159 notwithstanding

1 that, to the extent of any inconsistency only, the district complies with the provisions
2 of this Article and not the provisions of Articles 5 and 9 of Chapter 159.

3 **"§ 160A-644. Acquisition, power of eminent domain.**

4 (a) The district shall have continuing power to acquire, by gift, grant, devise,
5 bequest, exchange, purchase, lease with or without option to purchase, or any other
6 lawful method including, but not limited to, the power of eminent domain, the fee or
7 any lesser interest in real or personal property for use by the district.

8 (b) Exercise of the power of eminent domain by the district shall be as a private
9 condemnor in accordance with Chapter 40A of the General Statutes.
10 Notwithstanding Chapter 40A of the General Statutes, before final judgment may be
11 entered in any action of condemnation initiated by the district, the district shall
12 furnish proof that the board of commissioners of the county where the land is located
13 has consented by resolution or ordinance to the taking.

14 **"§ 160A-645. Tax exemption.**

15 A district, and its property, bonds and notes, and income, are exempt from
16 property taxes and income taxes to the same extent as if it were a city. A district is
17 subject to gross receipts tax under G.S. 105-116.

18 **"§ 160A-646. Authority to fix and enforce rates.**

19 (a) A district may establish and revise from time to time schedules of rents, rates,
20 fees, charges, and penalties made applicable throughout the district for the gas
21 services. Schedules of rents, rates, fees, charges, or penalties may vary according to
22 classes of service. Before it establishes or revises a schedule of rents, rates, fees,
23 charges, or penalties, the district Board of Trustees shall hold a public hearing on the
24 matter. A notice of the hearing shall be given at least once in a newspaper having
25 general circulation in the area, not less than seven days before the public hearing.

26 (b) A district may collect delinquent accounts by any remedy provided by law for
27 collecting and enforcing private debts. A district may also discontinue service to any
28 customer whose account remains delinquent for more than 30 days. When service is
29 discontinued for delinquency, it shall be unlawful for any person other than a duly
30 authorized agent or employee of the district to do any act that results in a resumption
31 of services. If a delinquent customer is not the owner of the premises to which the
32 services are delivered, the payment of the delinquent account may not be required
33 before providing services at the request of a new and different tenant or occupant of
34 the premises, but this restriction shall not apply when the premises are occupied by
35 two or more tenants whose services are measured by the same meter.

36 (c) Rents, rates, fees, charges, and penalties for services shall be legal obligations
37 of the person contracting for them and shall in no case be a lien upon the property or
38 premises served.

39 (d) Rents, rates, fees, charges, and penalties for services shall be legal obligations
40 of the owner of the premises served when the property or premises are leased or
41 rented to more than one tenant and services rendered to more than one tenant are
42 measured by the same meter."

43 Section 3. G.S. 105-116 reads as rewritten:

1 "§ 105-116. Franchise or privilege tax on electric power, natural gas, water, and
2 sewerage companies.

3 (a) Tax. -- An annual franchise or privilege tax is imposed on ~~a person, firm, or~~
4 ~~corporation, other than a municipal corporation, that is:~~ the following:

5 (1) An electric power company engaged in the business of furnishing
6 electricity, electric lights, current, or power.

7 (2) A natural gas company engaged in the business of furnishing piped
8 natural gas.

9 (2a) A regional natural gas district created under Article 27 of Chapter
10 160A of the General Statutes.

11 (3) A water company engaged in owning or operating a water system
12 subject to regulation by the North Carolina Utilities Commission.

13 (4) A public sewerage company engaged in owning or operating a
14 public sewerage system.

15 The tax on an electric power company is three and twenty-two hundredths percent
16 (3.22%) of the company's taxable gross receipts from the business of furnishing
17 electricity, electric lights, current, or power. The tax on a natural gas company is
18 three and twenty-two hundredths percent (3.22%) of the company's taxable gross
19 receipts from the business of furnishing piped natural gas. The tax on a regional
20 natural gas district is three and twenty-two hundredths percent (3.22%) of the
21 district's taxable gross receipts from the furnishing of piped natural gas. The tax on a
22 water company is four percent (4%) of the company's taxable gross receipts from
23 owning or operating a water system subject to regulation by the North Carolina
24 Utilities Commission. The tax on a public sewerage company is six percent (6%) of
25 the company's taxable gross receipts from owning or operating a public sewerage
26 company. A company's taxable gross receipts are its gross receipts from business
27 inside the State less the amount of gross receipts from sales reported under
28 subdivision (b)(2). A company that engages in more than one business taxed under
29 this section shall pay tax on each business. A company is allowed a credit against the
30 tax imposed by this section for the company's investments in certain entities in
31 accordance with Division V of Article 4 of this Chapter.

32 (b) Report and Payment. -- The tax imposed by this section is payable monthly or
33 quarterly as specified in this subsection. A report is due quarterly. An electric power
34 ~~company or company,~~ a natural gas ~~company company,~~ or a regional natural gas
35 ~~district~~ shall pay tax monthly. A monthly tax payment is due by the last day of the
36 month that follows the month in which the tax accrues, except the payment for tax
37 that accrues in May. The payment for tax that accrues in May is due by June 25. ~~At~~
38 ~~electric power company or a natural gas company~~ A taxpayer is not subject to
39 interest on or penalties for an underpayment of a monthly amount due if the
40 ~~company~~ taxpayer timely pays at least ninety-five percent (95%) of the amount due
41 and includes the underpayment with the next report the company files. A water
42 company or a public sewerage company shall pay tax quarterly when filing a report.

43 A quarterly report covers a calendar quarter and is due by the last day of the
44 month that follows the quarter covered by the report. A ~~company~~ taxpayer shall

1 submit a report on a form provided by the Secretary. The report shall include the
2 ~~company's taxpayer's~~ gross receipts from all property it owned or operated during the
3 reporting period in connection with its business taxed under this section and shall
4 contain the following information:

- 5 (1) The ~~company's taxpayer's~~ gross receipts for the reporting period
6 from business inside and outside this State, stated separately.
- 7 (2) The ~~company's taxpayer's~~ gross receipts from commodities or
8 services described in subsection (a) that are sold to a vendee
9 subject to the tax levied by this section or to a joint agency
10 established under G.S. Chapter 159B or a city having an ownership
11 share in a project established under that Chapter.
- 12 (3) The amount of and price paid by the ~~company taxpayer~~ for
13 commodities or services described in subsection (a) that are
14 purchased from others engaged in business in this State and the
15 name of each vendor.
- 16 (4) For an electric power ~~company or company~~, a natural gas
17 company, or a regional natural gas district, the ~~company's~~ entity's
18 gross receipts from the sale within each city of the commodities
19 and services described in subsection (a).

20 A ~~company taxpayer~~ shall report its gross receipts on an accrual basis. If a
21 ~~company's taxpayer's~~ report does not state the ~~company's taxpayer's~~ taxable gross
22 receipts derived within a city, the Secretary must determine a practical method of
23 allocating part of the ~~company's taxpayer's~~ taxable gross receipts to the city.

24 (c) Gas Special Charges. -- Gross receipts of a natural gas company do not
25 include the following:

- 26 (1) Special charges collected within this State by the company
27 pursuant to drilling and exploration surcharges approved by the
28 North Carolina Utilities Commission, if the surcharges are
29 segregated from the other receipts of the company and are devoted
30 to drilling, exploration, and other means to acquire additional
31 supplies of natural gas for the account of natural gas customers in
32 North Carolina and the beneficial interest in the surcharge
33 collections is preserved for the natural gas customers paying the
34 surcharges under rules established by the Commission.
- 35 (2) Natural gas expansion surcharges imposed under G.S. 62-158.

36 (d) Distribution. -- Part of the taxes imposed by this section on electric power
37 ~~companies and natural gas companies~~ companies, natural gas companies, and regional
38 natural gas districts is distributed to cities under G.S. 105-116.1.

39 (e) Local Tax. -- So long as there is a distribution to cities from the tax imposed
40 by this section, no city shall impose or collect any greater franchise, privilege or
41 license taxes, in the aggregate, on the businesses taxed under this section, than was
42 imposed and collected on or before January 1, 1947. If any municipality shall have
43 collected any privilege, license or franchise tax between January 1, 1947, and April 1,
44 1949, in excess of the tax collected by it prior to January 1, 1947, then upon

1 distribution of the taxes imposed by this section to municipalities, the amount
2 distributable to any municipality shall be credited with such excess payment.

3 (f) Gas City Exemption. -- The tax imposed by this section does not apply to the
4 following cities that operate their own piped natural gas systems: Bessemer City,
5 Kings Mountain, Lexington, Shelby, Greenville, Monroe, Rocky Mount, and Wilson."

6 Section 3.1. G.S. 105-116.1 reads as rewritten:

7 "**§ 105-116.1. Distribution of gross receipts taxes to cities.**

8 (a) Definitions. -- The following definitions apply in this section:

- 9 (1) Freeze deduction. -- The amount by which the percentage
10 distribution amount of a city was required to be reduced in fiscal
11 year 1995-96 in determining the amount to distribute to the city.
12 (2) Percentage distribution amount. -- Three and nine hundredths
13 percent (3.09%) of the gross receipts derived by an electric power
14 company, a natural gas company, a regional natural gas district,
15 and a telephone company from sales within a city that are taxable
16 under G.S. 105-116 or G.S. 105-120.

17 (b) Distribution. -- The Secretary must distribute to the cities part of the taxes
18 collected under this Article on electric power companies, natural gas companies,
19 regional natural gas districts, and telephone companies. Each city's share for a
20 calendar quarter is the percentage distribution amount for that city for that quarter
21 minus one-fourth of the city's hold-back amount. The Secretary must make the
22 distribution within 75 days after the end of each calendar quarter.

23 (c) Limited Hold-Harmless Adjustment. -- The hold-back amount for a city that,
24 in the 1995-96 fiscal year, received from gross receipts taxes less than ninety-five
25 percent (95%) of the amount it received in the 1990-91 fiscal year is the amount
26 determined by the following calculation:

- 27 (1) Adjust the city's 1995-96 distribution by adding the city's freeze
28 deduction to the amount distributed to the city for that year.
29 (2) Compare the adjusted 1995-96 amount with the city's 1990-91
30 distribution.
31 (3) If the adjusted 1995-96 amount is less than or equal to the city's
32 1990-91 distribution, the hold-back amount for the city is zero.
33 (4) If the adjusted 1995-96 amount is more than the city's 1990-91
34 distribution, the hold-back amount for the city is the city's freeze
35 deduction minus the difference between the city's adjusted 1995-96
36 amount and the city's 1990-91 distribution.

37 (d) Allocation of Hold-Harmless Adjustment. -- The hold-back amount for a city
38 that, in the 1995-96 fiscal year, received from gross receipts taxes at least ninety-five
39 percent (95%) of the amount it received in the 1990-91 fiscal year is the amount
40 determined by the following calculation:

- 41 (1) Determine the amount by which the freeze deduction is reduced
42 for all cities whose hold-back amount is determined under
43 subsection (c) of this section. This amount is the total hold-
44 harmless adjustment.

1 (2) Determine the amount of gross receipts taxes that would be
2 distributed for the quarter to cities whose hold-back amount is
3 determined under this subsection if these cities received their
4 percentage distribution amount minus one-fourth of their freeze
5 deduction.

6 (3) For each city included in the calculation in subdivision (2) of this
7 subsection, determine that city's percentage share of the amount
8 determined under that subdivision.

9 (4) Add to the city's freeze deduction an amount equal to the city's
10 percentage share under subdivision (3) of this subsection
11 multiplied by the total hold-harmless adjustment."

12 Section 4. G.S. 105-164.3(25) reads as rewritten:

13 "(25) 'Utility' means an electric power company, a gas company, a
14 regional natural gas district, or a telephone company that is subject
15 to a privilege tax based on gross receipts under G.S. 105-116 or
16 105-120, a business entity that provides local, toll, or private
17 telecommunications service as defined by G.S. 105-120(e) or a
18 municipality that sells electric power, other than a municipality
19 whose only wholesale supplier of electric power is a federal agency
20 and who is required by a contract with that federal agency to make
21 payments in lieu of taxes."

22 Section 5. G.S. 105-164.14(c) is amended by adding a new subdivision to

23 read:

24 "(22) A regional natural gas district created pursuant to Article 27 of
25 Chapter 160A of the General Statutes."

26 Section 6. G.S. 159-81(1) reads as rewritten:

27 "(1) 'Municipality' means a county, city, town, incorporated village,
28 sanitary district, metropolitan sewerage district, metropolitan water
29 district, county water and sewer district, water and sewer authority,
30 hospital authority, hospital district, parking authority, special
31 airport district, regional public transportation authority, regional
32 natural gas district, regional sports authority, airport authority,
33 joint agency created pursuant to Part 1 of Article 20 of Chapter
34 160A of the General Statutes, and joint agency authorized by
35 agreement between two cities to operate an airport pursuant to
36 G.S. 63-56, but not any other forms of local government."

37 Section 7. G.S. 160A-20(h) reads as rewritten:

38 "(h) As used in this section, the term 'unit of local government' means any of the
39 following:

40 (1) A county.

41 (2) A city.

42 (3) A water and sewer authority created under Article 1 of Chapter
43 162A of the General Statutes.

- 1 (4) An airport authority whose situs is entirely within a county that
2 has (i) a population of over 120,000 according to the most recent
3 federal decennial census and (ii) an area of less than 200 square
4 miles.
- 5 (5) An airport authority in a county in which there are two
6 incorporated municipalities with a population of more than 65,000
7 according to the most recent federal decennial census.
- 8 (5a) An airport board or commission authorized by agreement between
9 two cities pursuant to G.S. 63-56, one of which is located partially
10 but not wholly in the county in which the jointly owned airport is
11 located, and where the board or commission provided water and
12 wastewater services off the airport premises before January 1, 1995;
13 provided that the authority granted by this section may be
14 exercised by such a board or commission with respect to water and
15 wastewater systems or improvements only.
- 16 (6) A local school administrative unit (i) that is located in a county
17 that has a population of over 90,000 according to the most recent

- 22 (8) A consolidated city-county, as defined by G.S. 160B-2(1).
- 23 (9) A regional natural gas district, as defined by Article 27 of this
24 Chapter."

25 Section 8. G.S. 62-3(23) is amended by adding a new sub-subdivision to

26 read:

27 "k. The term 'public utility' shall not include a regional natural
28 gas district organized and operated pursuant to Article 27 of
29 Chapter 160A of the General Statutes."

30 Section 9. G.S. 62-50(g) reads as rewritten:

31 "(g) For the purpose of this section, 'gas operators' include gas utilities and gas
32 pipeline carriers operating under a franchise from the Utilities Commission,
33 municipal corporations operating municipally owned gas distribution systems,
34 regional natural gas districts organized and operated pursuant to Article 27 of
35 Chapter 160A of the General Statutes, and public housing authorities and any person
36 operating apartment complexes or mobile home parks that distribute or submeter
37 natural gas to their tenants. This section does not confer any other jurisdiction over
38 municipally owned gas distribution systems, regional natural gas districts, public
39 housing authorities or persons operating apartment complexes or mobile home
40 parks."

41 Section 10. (a) Insofar as the provisions of this act are not consistent with
42 the provisions of any other law, public or private, the provisions of this act shall be

1 (b) References in this act to specific sections or Chapters of the General
2 Statutes are intended to be references to such sections or Chapters as they may be
3 amended from time to time by the General Assembly.

4 (c) This act, being necessary for the health and welfare of the people of
5 the State, shall be liberally construed to effect the purposes thereof.

6 (d) If any provision of this act or the application thereof to any person or

8 applications of the act which can be given effect without the invalid provision or
9 application, and to this end the provisions of this act are declared to be severable.

10 PART III.

11 EFFECTIVE DATES

12 Section 11. This act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 495 (PCS):
Natural Gas

TO: Senate Finance Committee
FROM: Committee Counsel
DATE: July 23, 1997
SPONSOR: Representative Owens

House Bill 495 is intended to promote the extension of natural gas service to unserved counties by permitting public utilities to charge different rates in those counties in order to reflect the additional cost of providing service and by authorizing the creation of natural gas districts for the purpose of providing expansion into unserved areas.

The bill was discussed in the Utilities Subcommittee of Commerce. The Subcommittee adopted a proposed committee substitute. However, the full Commerce Committee did not hear the bill. The bill was withdrawn from committee and referred to finance. The proposed committee substitute before you is the proposed committee substitute the subcommittee adopted, with changes recommended by the Department of State Treasurer and changes dictated by recently ratified Senate Bill 34. (This Bill was enacted to adjust the share the cities receive from the State gross receipts tax to make the distribution more equitable).

Section 1 authorizes the Utilities Commission to establish different rates for natural gas service to counties that are substantially unserved. The Commission must find that natural gas would become available to those counties without the rate differential. Current law prohibits unreasonable differences as to rates or service to exist between localities or between classes of service.

Section 2 authorizes the creation of regional natural gas districts. A district may be created for one or more entire counties that are totally unserved with natural gas at the time the district is created. This area constitutes the territorial jurisdiction and the service area of the district. A city geographically located in the county or counties that are totally unserved may also join in the organization of the district. The district's right to serve does not extend beyond its jurisdiction and service area. The district's right to serve does not prevent a public utility or municipality from providing service.

The district is created by the boards of county commissioners and the governing body of any city located in the county if the city chooses to join in the organization of the district. The governing body of the district is its board of

trustees, the membership of which is as provided in the district's articles of incorporation. Persons serving on the board of trustees may hold an elective public office as well.

The district may be terminated after the board of trustees provides for the continued availability of natural gas service to its customers, provided it has no outstanding indebtedness.

A city within the county making up the district may later join the district with the consent of the board of trustees of the district. A county totally unserved by natural gas and a city within that county may also join a district with the consent of the board of trustees.

The powers of the district include the following:

1. To purchase, construct, and operate natural gas systems.
2. To contract with private parties and natural gas companies for management and operation of natural gas systems.
3. To own, lease and operate gas systems.
4. To purchase natural gas supplies.
5. To set rates, rents, fees, charges, and penalties
6. to make surveys, soundings, drillings, and examinations.
7. To issue bonds and notes
8. To purchase equipment and finance it in various ways, such as installment financing.
9. To acquire property by eminent domain, with the consent of the boards of county commissioners.

The district is exempt from property taxes and income taxes to the same extent as if it were a city. However a district is subject to gross receipts taxes under G.S. 105-116. The district is allowed an annual refund of sales and use taxes to the same extent as other governmental entities. The district is subject to an annual franchise or privilege tax to the same extent as natural gas companies (3.22% of the district's taxable gross receipts from the furnishing of piped natural gas) The sale of natural gas is also subject to sales tax.

Section 6 of the bill adds "regional natural gas district" to the definition of "municipality" in the Revenue Bond Act.

Section 7 of the bill adds "regional gas district" to the definition of "unit of local government" in G.S. 160A-20. This statute allows units of local government to purchase or finance the purchase of property by installment contracts that create in the property purchased a security interest.

Sections 8 and 9 of the bill provide that regional gas districts are not regulated by the Utilities Commission but they are subject to safety oversight by the Commission.

Section 10 clarifies the statutory interpretation of the act.

The act is effective when it becomes law.

10 area containing more than ~~40~~ 15 residential building

EXPLANATION OF HOUSE BILL 990:
Exempt Certain Nonprofit Utilities (PCS)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 22, 1997
SPONSOR: Representative Church

The proposed committee substitute for **House Bill 990** does two things:

1. It provides that the Utilities Commission may exempt nonprofit and consumer-owned water or sewer utilities from regulation.
2. It increases the regulatory exemption for utilities selling water to less than ten residential customers to utilities selling water to less than 15 residential customers.

Under current law, nonprofit membership or consumer-owned corporations that supply water are exempt from regulation by the Utilities Commission if both of the following conditions are met:

- A federal financing agency exercises substantial control over and regulation of the corporation's rates and terms and conditions of service.
- The members or consumer-owners elect the governing board of the corporation.

The Utilities Commission and legislative staff recently learned, however, that no federal financing agency does, or ever has, exercised such control. Therefore, no nonprofit membership or consumer-owned corporation can possibly qualify for the exemption from regulation under the current law.

To rectify this problem, Section 1 deletes the current exemption. Section 2 provides that the Utilities Commission may exempt nonprofit and consumer-owned water or sewer utilities from regulation, subject to conditions the Commission deems appropriate, if both of the following conditions are met:

- The members or consumer-owners elect the governing board of the corporation.
- The Commission finds that the organization and quality of service of the utility are adequate to protect the public interest.

The exemption will be granted on a case-by-case basis. To obtain an exemption, a nonprofit or consumer-owned water or sewer utility would need to apply to the Commission. Section 3 imposes a \$100 fee for each application for exemption filed by a nonprofit or consumer-owned water or sewer utility.

Section 1 also increases the regulatory exemption for utilities that sell water to less than ten residential customers. The exemption will now apply to those selling to less than 15 residential customers. This will match exemptions allowed by the Department of Environment, Health, and Natural Resources.

EXPLANATION OF HOUSE BILL 611:
Increase Compensation for Erroneous Conviction (3rd Edition)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 28, 1997
SPONSOR: Representative Hackney

House Bill 611 makes several changes to the law that allows the State to compensate people who have been erroneously convicted and imprisoned of a felony:

- It increases the amount a person may be awarded.
- It changes the agency that determines the award from the Department of Correction to the Industrial Commission.
- It provides that the petition must be presented to the Commission within five years of the granting of the pardon.
- It repeals the requirement that the Commission must find that the claimant sustained pecuniary loss through the erroneous conviction and imprisonment.
- It allows the Commission to award the amount to the claimant, rather than the Governor upon the approval of the Council of State.
- It clarifies that the amount awarded to the claimant is exempt from State income tax.

Under current law, a person who has been granted a pardon of innocence for the erroneous conviction and imprisonment of a felony may petition the State for the financial loss sustained by the person through the erroneous conviction and imprisonment. The petition is presented to the Department of Correction. At the hearing, the Department must find that the person was erroneously convicted and imprisoned and that the person sustained a financial loss because of it. The Department reports its conclusions and recommendations to the Governor. The Governor, upon the approval of the Council of State, may award the claimant the amount recommended by the Department. The Department may not award an amount that exceeds \$500 for each year imprisoned and the total compensation may not exceed \$5,000.

Under the bill, a person would have five years from the granting of the pardon to present a petition to the Industrial Commission for compensation from the State for the financial loss the person suffered because of an erroneous conviction and imprisonment. Upon finding that the person was granted a pardon of innocence, the Commission must determine the amount the claimant is

entitled to be paid for the claimant's pecuniary loss and must enter an award for that amount. A claimant will be entitled to an amount equal to \$10,000 for each year or the pro rata amount for the portion of each year of the imprisonment. The compensation may not exceed a total amount of \$150,000. The Commission must give written notice of its decision to all parties concerned. Its determination is subject to judicial review.

Section 4 of the bill clarifies that the amount awarded to a claimant is not subject to State income tax. Under current law, it is unclear whether the amount awarded to a claimant is exempt from federal income tax. Prior to 1996, section 104 of the Code excluded amounts received as damages on account of personal injuries and sickness. Last year, Congress amended this section to say that gross income does not include "the amount of damages received on account of personal physical injuries or physical sickness." Because of the 1996 federal tax law change, it is questionable whether the compensation would be taxable under federal law. To the extent the income is subject to federal income tax, it would also be subject to State income tax. Section 4 provides that to the extent the compensation is included in federal taxable income, it may be deducted for State income tax purposes.

The bill is effective when it becomes law and applies to persons pardoned on or after July 1, 1995.

ASSUMPTIONS AND METHODOLOGY: GS 148-82, GS 148-83 and GS148-84 specify a claims for pecuniary loss procedure for felons who were imprisoned and then pardoned by the Governor, on the ground that the crime for which they were convicted was not committed at all or not committed by them (a "pardon of innocence"). Current law specifies that the individual can petition the Department of Correction for a hearing before the Parole Commission. This bill moves the petition/hearing to the Industrial Commission and raises the compensation (paid from the Contingency and Emergency Fund) from a maximum of \$500 per year of imprisonment to \$10,000 per year and from a total of \$5,000 to a total of \$150,000. It also specifies claims must be made within 5 years of the pardon and that compensation is exempt from state income tax.

According to the Governor's Office of Pardon and the Post Release Supervision and Parole Commission, only one individual has received a pardon of innocence in memory. That individual was incarcerated roughly 10 years and pardoned in 1995 (within the time period specified in this bill). Their claim may be as high as \$100,000 (10*10000) depending on the findings of the Industrial Commission. Under existing law, their claim would be limited to \$5,000 (10*500) and would be subject to tax (assume 6%, tax due would be \$300) with a net cost of \$4,700. Therefore, the net cost of HB 611 is \$95,300 (=\$100,000-\$4,700).

Because pardons of innocence are rare events, no impact is projected on the Industrial Commission.

41 143-318.11.

42 (b) The final agency decision in contested cases that arise from civil penalty
43 assessments shall be made by the Commission. In the evaluation of each violation, the

3 incremental or cumulative with no damage that can be immediately observed or
4 documented. Penalties up to the maximum authorized may be based on any one or
5 combination of the following factors:

6 (1) The degree and extent of harm to the marine and estuarine
7 resources of the State, to the public health, or to private property
8 resulting from the violation.

9 (2) The frequency and gravity of the violation.

20 decision on remission requests. In determining whether a remission request will be
21 approved, the Committee shall consider the recommendation of the Secretary and the
22 following factors:

23 (1) Whether one or more of the civil penalty assessment factors in
24 subsection (b) of this section were wrongly applied to the
25 detriment of the petitioner.

26 (2) Whether the violator promptly abated continuing environmental
27 damage resulting from the violation.

28 (3) Whether the violation was inadvertent.

29 (4) Whether the violator had been assessed civil penalties for any
30 previous violations.

31 (5) Whether payment of the civil penalty will prevent payment for the
32 remaining necessary remedial actions.

33 (d) The Committee on Civil Penalty Remissions may remit the entire amount of
34 the penalty only when the violator has not been assessed civil penalties for previous
35 violations and when payment of the civil penalty will prevent payment for the
36 remaining necessary remedial actions.

37 (e) If any civil penalty has not been paid within 30 days after the final agency
38 decision or court order has been served on the violator, the Secretary of
39 Environment, Health, and Natural Resources shall request the Attorney General to
40 institute a civil action in the superior court of any county in which the violator
41 resides or has his or its principal place of business to recover the amount of the
42 assessment.

43 (f) The Secretary may delegate his powers and duties under this section to the
44 Fisheries Director.

25 (a) The Commission shall meet at least once each calendar quarter and may hold
26 additional meetings at any time and place within the State at the call of the Chair or
27 upon the written request of at least four members. At least three of the four

31 **"§ 143B-289.28. Marine Fisheries Endowment Fund.**

32 (a) Recognizing the inestimable importance to the State and its people of
33 conserving the marine and estuarine resources of the State, and for the purpose of
34 providing the opportunity for citizens and residents of the State to invest in the future
35 of its marine and estuarine resources, there is created the North Carolina Marine
36 Fisheries Endowment Fund, the income and principal of which shall be used only for
37 the purpose of supporting marine and estuarine resource conservation programs of
38 the State in accordance with this section.

39 (b) There is created the Board of Trustees of the Marine Fisheries Endowment
40 Fund of the Marine Fisheries Commission, with full authority over the administration
41 of the Marine Fisheries Endowment Fund, whose ex officio Chair, Vice-Chair, and
42 members shall be the Chair, Vice-Chair, and members of the Marine Fisheries
43 Commission. The State Treasurer shall be the custodian of the Marine Fisheries

1 Endowment Fund and shall invest its assets in accordance with the provisions of G.S.
2 147-69.2 and G.S. 147-69.3.

3 (c) The assets of the Marine Fisheries Endowment Fund shall be derived from the
4 following:

5 (1) The proceeds of any gifts, grants, and contributions to the State
6 that are specifically designated for inclusion in the Fund.

7 (2) Any other sources specified by law.

8 (d) The Marine Fisheries Endowment Fund is declared to constitute a special
9 trust derived from a contractual relationship between the State and the members of
10 the public whose investments contribute to the Fund. In recognition of this special
11 trust, the following limitations and restrictions are placed on expenditures from the
12 Fund:

13 (1) Any limitations or restrictions specified by the donors on the uses
14 of the income derived from the gifts, grants, and voluntary
15 contributions shall be respected but shall not be binding.

16 (2) No expenditure or disbursement shall be made from the principal
17 of the Marine Fisheries Endowment Fund except as otherwise
18 provided by law.

19 (3) The income received and accruing from the investments of the
20 Marine Fisheries Endowment Fund must be spent only to further
21 the conservation of marine and estuarine resources.

22 (e) The Board of Trustees of the Marine Fisheries Endowment Fund may
23 accumulate the investment income of the Fund until the income, in the sole judgment
24 of the trustees, can provide a significant supplement to the budget for the
25 conservation and management of marine and estuarine resources. After that time the
26 trustees, in their sole discretion and authority, may direct expenditures from the
27 income of the Fund for the purposes set out in subdivision (3) of subsection (d)
28 above.

29 (f) Expenditure of the income derived from the Marine Fisheries Endowment
30 Fund shall be made through the State budget accounts of the Marine Fisheries

36 Fisheries Endowment Fund available for the purpose set out in subdivision (3) of
37 subsection (d) above shall be used to supplement other income of and appropriations
38 for the conservation and management of marine and estuarine resources to the end
39 that the Commission may improve and increase its services and become more useful
40 to a greater number of people.

41 **"§ 143B-289.29. Conservation Fund; Commission may accept gifts.**

42 (a) The Marine Fisheries Commission may accept gifts, donations, or
43 contributions from any sources. These funds shall be held in a separate account and
44 used solely for the purposes of marine and estuarine conservation and management.

1 These funds shall be administered by the Marine Fisheries Commission and shall be
2 used for marine and estuarine resources management, including education about the
3 importance of conservation, in a manner consistent with marine and estuarine
4 conservation management principles.

5 (b) The Marine Fisheries Commission is hereby authorized to issue and sell
6 appropriate emblems by which to identify recipients thereof as contributors to a
7 special marine and estuarine resources Conservation Fund that shall be made
8 available to the Marine Fisheries Commission for conservation, protection,
9 enhancement, preservation, and perpetuation of marine and estuarine species that
10 may be endangered or threatened with extinction and for education about these
11 issues. The special Conservation Fund is subject to oversight of the State Auditor
12 pursuant to Article 5A of Chapter 147 of the General Statutes. Emblems of different
13 sizes, shapes, types, or designs may be used to recognize contributions in different
14 amounts, but no emblem shall be issued for a contribution amounting in value to less
15 than five dollars (\$5.00).

16 **"§ 143B-289.30. Article subject to Chapter 113.**

17 Nothing in this Article shall be construed to affect the jurisdictional division
18 between the Marine Fisheries Commission and the Wildlife Resources Commission
19 contained in Subchapter IV of Chapter 113 of the General Statutes or in any way to
20 alter or abridge the powers and duties of the two agencies conferred in that
21 Subchapter.

22 **"§ 143B-289.31. Jurisdictional questions.**

23 In the event of any question arising between the Wildlife Resources Commission
24 and the Marine Fisheries Commission or between the Department of Environment,
25 Health, and Natural Resources and the Marine Fisheries Commission as to any duty,
26 responsibility, or authority imposed upon any of these bodies by law or with respect
27 to conflict involving rules or administrative practices, the question or conflict shall be
28 resolved by the Governor, whose decision shall be binding."

29

30 **PART III. COASTAL HABITAT PROTECTION PLANS; FISHERY**
31 **MANAGEMENT PLANS**

32

33 Section 3.1. Article 7 of Chapter 143B of the General Statutes is
34 amended by adding a new section to read:

35 **"§ 143B-279.8. Coastal Habitat Protection Plans.**

36 (a) The Department shall coordinate the preparation of draft Coastal Habitat
37 Protection Plans for critical fisheries habitats. The Department shall use the staff of
38 those divisions within the Department that have jurisdiction over marine fisheries,
39 water quality, and coastal area management in the preparation of the Coastal Habitat
40 Protection Plans and shall request assistance from other federal and State agencies as
41 necessary. The plans shall:

42

43

44

(1) Describe and classify biological systems in the habitats, including
wetlands, fish spawning grounds, estuarine or aquatic endangered
or threatened species, primary or secondary nursery areas, shellfish

1 beds, submerged aquatic vegetation (SAV) beds, and habitats in
2 outstanding resource waters.

3 (2) Evaluate the function, value to coastal fisheries, status, and trends
4 of the habitats.

5 (3) Identify existing and potential threats to the habitats and the
6 impact on coastal fishing.

7 (4) Recommend actions to protect and restore the habitats.

8 (b) Once a draft Coastal Habitat Protection Plan has been prepared, the chairs of
9 the Coastal Resources Commission, the Environmental Management Commission,
10 and the Marine Fisheries Commission shall each appoint two members of the
11 commission he or she chairs to a six-member review committee. The six-member
12 review committee, in consultation with the Department, shall review the draft Plan
13 and may revise the draft Plan on a consensus basis. The draft Plan, as revised by the
14 six-member review committee, shall then be submitted to the Coastal Resources
15 Commission, the Environmental Management Commission, and the Marine Fisheries
16 Commission, each of which shall independently consider the Plan for adoption. If
17 any of the three commissions is unable to agree to any aspect of a Plan, the chair of
18 each commission shall refer that aspect of the Plan to a six-member conference
19 committee to facilitate the resolution of any differences. The six-member conference
20 committee shall be appointed in the same manner as a six-member review committee
21 and may include members of the six-member review committee that reviewed the
22 Plan. Each final Coastal Habitat Protection Plan shall consist of those provisions
23 adopted by all three commissions. The three commissions shall review and revise
24 each Coastal Habitat Protection Plan at least once every five years.

25 (c) In carrying out their powers and duties, the Coastal Resources Commission,
26 the Environmental Management Commission, and the Marine Fisheries Commission
27 shall ensure, to the maximum extent practicable, that their actions are consistent with
28 the Coastal Habitat Protection Plans as adopted by the three commissions. The
29 obligation to act in a manner consistent with a Coastal Habitat Protection Plan is
30 prospective only and does not oblige any commission to modify any rule adopted,
31 permit decision made, or other action taken prior to the adoption or revision of the
32 Coastal Habitat Protection Plan by the three commissions. The Coastal Resources
33 Commission, the Environmental Management Commission, and the Marine Fisheries
34 Commission shall adopt rules to implement Coastal Habitat Protection Plans in
35 accordance with Chapter 150B of the General Statutes.

36 (d) If any of the three commissions concludes that another commission has taken
37 an action that is inconsistent with a Coastal Habitat Protection Plan, that commission
38 may request a written explanation of the action from the other commission. A
39 commission shall provide a written explanation: (i) upon the written request of one
40 of the other two commissions, or (ii) upon its own motion if the commission
41 determines that it must take an action that is inconsistent with a Coastal Habitat
42 Protection Plan.

43 (e) The Coastal Resources Commission, the Environmental Management
44 Commission, and the Marine Fisheries Commission shall report to the Joint

1 Legislative Commission on Seafood and Aquaculture and the Environmental Review
2 Commission on progress in developing and implementing the Coastal Habitat
3 Protection Plans, including the extent to which the actions of the three commissions
4 are consistent with the Plans, on or before 1 September of each year."

5 (f) The Secretary of Environment, Health, and Natural Resources shall report to
6 the Environmental Review Commission within 30 days of the completion or
7 substantial revision of each draft Coastal Habitat Protection Plan. The
8 Environmental Review Commission shall review each draft Coastal Habitat
9 Protection Plan within 30 days of the date the draft Plan is submitted to the
10 Environmental Review Commission. The Environmental Review Commission may
11 submit comments and recommendations on the draft Plan to the Secretary within 30
12 days of the date the draft Plan is submitted by the Secretary."

13 Section 3.2. G.S. 143B-282(a)(1) is amended by adding a new sub-
14 subdivision to read:

15 "v. To approve Coastal Habitat Protection Plans as provided in
16 G.S. 143B-279.8."

17 Section 3.3. Part 1 of Article 7 of Chapter 113A of the General Statutes
18 is amended by adding a new section to read:

19 "§ 113A-106.1. Adoption of Coastal Habitat Protection Plans.

20 The Commission shall approve Coastal Habitat Protection Plans as provided in
21 G.S. 143B-279.8."

22 Section 3.4. Article 15 of Chapter 113 of the General Statutes is
23 amended by adding a new section to read:

24 "§ 113-182.1. Fishery Management Plans.

25 (a) The Department shall prepare proposed Fishery Management Plans for
26 adoption by the Marine Fisheries Commission for all commercially or recreationally
27 significant species or fisheries that comprise State marine or estuarine resources.
28 Proposed Fishery Management Plans shall be developed in accordance with the
29 Priority List, Schedule, and guidance criteria established by the Marine Fisheries
30 Commission under G.S. 143B-289.22.

31 (b) The goal of the plans shall be to ensure the long-term viability of the State's
32 commercially and recreationally significant species or fisheries. Each plan shall be
33 designed to reflect fishing practices so that one plan may apply to a specific fishery,
34 while other plans may be based on gear or geographic areas. Each plan shall:

35 (1) Contain necessary information pertaining to the fishery or fisheries,
36 including management goals and objectives, status of relevant fish
37 stocks, stock assessments for multiyear species, fishery habitat and
38 water quality considerations consistent with Coastal Habitat
39 Protection Plans adopted pursuant to G.S. 143B-279.8, social and
40 economic impact of the fishery to the State, and user conflicts.

41 (2) Recommend management actions pertaining to the fishery or
42 fisheries.

1 (3) Include conservation and management measures that prevent
2 overfishing, while achieving, on a continuing basis, the optimal
3 yield from each fishery.

4 (c) To assist in the development of each Fishery Management Plan, the Chair of
5 the Marine Fisheries Commission shall appoint an Advisory Council. Each Advisory
6 Council shall be composed of commercial fishermen, recreational fishermen, and
7 scientists, all with expertise in the fishery for which the Fishery Management Plan is
8 being developed.

9 (d) Each Fishery Management Plan shall be revised at least once every three
10 years. The Marine Fisheries Commission may revise the Priority List and guidance
11 criteria whenever it determines that a revision of the Priority List or guidance criteria
12 will facilitate or improve the development of Fishery Management Plans or is
13 necessary to restore, conserve, or protect the marine and estuarine resources of the
14 State. The Marine Fisheries Commission may not revise the Schedule for the
15 development of a Fisheries Management Plan, once adopted, without the approval of
16 the Secretary of Environment, Health, and Natural Resources.

17 (e) The Secretary of Environment, Health, and Natural Resources shall monitor
18 progress in the development and adoption of Fishery Management Plans in relation
19 to the Schedule for development and adoption of the plans established by the Marine
20 Fisheries Commission. If the Secretary determines that the Division of Marine
21 Fisheries has failed to develop or the Marine Fisheries Commission has failed to
22 adopt a Fishery Management Plan in compliance with the Schedule, the Secretary
23 may issue a proclamation prohibiting the taking of species to which the Plan would
24 apply. The completion of any act within 30 days of the time specified by the
25 Schedule constitutes compliance with the Schedule. A proclamation issued pursuant
26 to this subsection is not subject to Article 2A of Chapter 150B of the General
27 Statutes.

28 (f) The Secretary of Environment, Health, and Natural Resources shall report to
29 the Joint Legislative Commission on Seafood and Aquaculture and the
30 Environmental Review Commission on progress in developing and implementing the
31 Fishery Management Plans on or before 1 September of each year. The Secretary of
32 Environment, Health, and Natural Resources shall report to the Joint Legislative
33 Commission on Seafood and Aquaculture and the Environmental Review
34 Commission within 30 days of the completion or substantial revision of each
35 proposed Fishery Management Plan. The Joint Legislative Commission on Seafood
36 and Aquaculture and the Environmental Review Commission shall review each
37 proposed Fishery Management Plan within 30 days of the date the proposed Plan is
38 submitted to the commission. The Joint Legislative Commission on Seafood and
39 Aquaculture and the Environmental Review Commission may submit comments and
40 recommendations on the proposed Plan to the Secretary within 30 days of the date
41 the proposed Plan is submitted by the Secretary.

42 (g) The Marine Fisheries Commission shall adopt rules to implement Fishery
43 Management Plans in accordance with Chapter 150B of the General Statutes."

1 Section 3.5. G.S. 113-129 is amended by adding two new subdivisions to
2 read:

3 "(12a) Optimal yield. -- The amount of fish that:

- 4 a. Will provide the greatest overall benefit to the State,
5 particularly with respect to food production and recreational
6 opportunities, and taking into account the protection of
7 marine ecosystems;
8 b. Is prescribed on the basis of the maximum sustainable yield
9 from the fishery, as reduced by any relevant economic,
10 social, or ecological factor; and
11 c. In the case of an overfished fishery, provides for rebuilding
12 to a level consistent with producing the maximum
13 sustainable yield in the fishery.

14 (12b) Overfishing or overfished. -- A rate or level of fishing mortality
15 that jeopardizes the capacity of a fishery to produce the maximum
16 sustainable yield on a continuing basis."
17

34 (d) Any person in charge of a commercial fishing operation conducted in
35 violation of the following provisions of this Subchapter or the following rules of the
36 Marine Fisheries Commission; and any person in charge of any vessel used in
37 violation of the following provisions of the Subchapter or the following rules, shall be
38 guilty of a ~~Class 2~~ Class A1 misdemeanor. The violations of the statute or the rules
39 for which the penalty is mandatory are:

10 Section 4.2. Article 15 of Chapter 113 of the General Statutes is
11 amended by adding a new section to read:

12 "§ 113-190. Unlawful sale or purchase of fish; criminal and civil penalties.

16 (b) Any person who purchases fish in violation of G.S. 113-169.3 or a rule of the
17 Marine Fisheries Commission to implement that section is guilty of a Class A1
18 misdemeanor.

19 (c) A civil penalty of not more than ten thousand dollars (\$10,000) may be
20 assessed by the Secretary against any person who sells fish in violation of G.S.
21 113-168.4 or purchases fish in violation of G.S. 113-169.3.

32 the notice of assessment. Remission requests must be accompanied by a waiver of the
33 right to a contested case hearing pursuant to Chapter 150B of the General Statutes
34 and a stipulation of the facts on which the assessment was based. Consistent with the
35 limitations in G.S. 143B-289.23(c), remission requests may be resolved by the
36 Secretary and the violator. If the Secretary and the violator are unable to resolve the
37 request, the Secretary shall deliver remission requests and his recommended action to
38 the Committee on Civil Penalty Remissions of the Marine Fisheries Commission
39 appointed pursuant to G.S. 143B-289.23(c).

40 (g) If any civil penalty has not been paid within 30 days after notice of assessment
41 has been served on the violator, the Secretary shall request the Attorney General to
42 institute a civil action in the superior court of any county in which the violator

12 particular rules of the Commission which may be affected by variable conditions.
13 Such proclamations are to be issued by the Fisheries Director or by a person
14 designated by the Fisheries Director. All proclamations must state the hour and date
15 upon which they become effective and must be issued at least 48 hours in advance of
16 the effective date and time. In those situations in which the proclamation prohibits
17 the taking of certain fisheries resources for reasons of public health, the proclamation
18 can be made effective immediately upon issuance. Notwithstanding any other
19 provisions of this subsection, a proclamation can be issued at least 12 hours in
20 advance of the effective date and time to reopen the taking of certain fisheries
21 resources closed for reason of public health through a prior proclamation made
22 effective immediately upon issuance. Persons violating any proclamation which is
23 made effective immediately shall not be charged with a criminal offense during the
24 time between the issuance and 48 hours after such issuance unless such person had
25 actual notice of the issuance of such proclamation. Fisheries resources taken or
26 possessed by any person in violation of any proclamation may be seized regardless of
27 whether such person had actual notice of the proclamation. A permanent file of the
28 text of all proclamations shall be maintained in the office of the Fisheries Director.
29 Certified copies of proclamations are entitled to judicial notice in any civil or

34 at docks and other places where persons affected may gather, personal
35 communication by inspectors and other agents of the Fisheries Director, and such
36 other measures designed to reach the persons who may be affected. The Fisheries
37 Director may determine, on a case-by-case basis and at the Fisheries Director's sole
38 discretion, that a proclamation did not apply to an individual licensee when an act of
39 God occurred that prevented the licensee from receiving notice of the proclamation."

40 Section 4.4. The Marine Fisheries Commission shall develop a Violation
41 Points System applicable to the fishing licenses of all persons who violate marine
42 fisheries statutes or rules. In developing this system, the Marine Fisheries
43 Commission shall consider the recommendations made in the Final Report of the
44 Moratorium Steering Committee and the suspension, revocation, and reissuance

1 procedures under G.S. 113-166. The Marine Fisheries Commission shall also develop
2 an implementation schedule for the Violation Points System. The Marine Fisheries
3 Commission shall report to the Joint Legislative Commission on Seafood and
4 Aquaculture no later than 1 July 1999, on the development of the Violation Points
5 System and the implementation schedule.

34 (a) Duration, Fees. -- All licenses and endorsements issued under this Article
35 expire on the last day of the license year. An applicant for any license shall pay the
36 full annual license fee at the time the applicant applies for the license regardless of
37 when application is made.

38 (b) Licenses Required to Engage in Commercial Fishing. -- It is unlawful for any
39 person to engage in a commercial fishing operation without being licensed as
40 required by this Article. It is unlawful for anyone to command a vessel engaged in a
41 commercial fishing operation without complying with the provisions of this Article
42 and rules adopted by the Commission under this Article.

43 (c) Licenses and Endorsements Available for Inspection. -- It is unlawful for any
44 person to engage in a commercial fishing operation in the State without having ready

1 at hand for inspection all currently valid licenses and endorsements required under
2 this Article. To comply with this subsection, a person must have either a currently
3 valid (i) license issued in the person's true name and bearing the person's current
4 address or (ii) an assignment of a SCFL authorized under this Article. A licensee or
5 assignee shall not refuse to exhibit the licenses and endorsements upon the request of
6 an inspector or any other law enforcement officer authorized to enforce federal or
7 State laws, regulations, or rules relating to marine fisheries.

8 (d) No Dual Residency. -- It is unlawful for any person to hold any currently valid
9 license issued under this Article to the person as a North Carolina resident if that
10 person holds any currently valid commercial or recreational fishing license issued by
11 another state to the person as a resident of that state.

12 (e) License Format. -- Licenses issued under this Article shall be issued in the
13 name of the applicant. Each license shall show the type of license and any
14 endorsements; the name, address, and date of birth of the licensee; the date on which
15 the license is issued; the date on which the license expires; and any other information
16 that the Commission or the Division determines to be necessary to accomplish the
17 purposes of this Subchapter.

18 **"§ 113-168.2. Standard Commercial Fishing License.**

19 (a) Requirement. -- No person shall engage in a commercial fishing operation in
20 the coastal fishing waters without holding a Standard Commercial Fishing License
21 issued by the Division. A person who works as a member of the crew of a vessel
22 engaged in a commercial fishing operation under the direction of a person who holds
23 a valid SCFL or RSCFL is not required to hold a SCFL or RSCFL.

24 (b) Purchase; Renewal. -- A person may purchase a SCFL at any office of the
25 Division. The SCFL and endorsements may be renewed by mail by forwarding a
26 completed application, including applicable fees, to the Division's Morehead City
27 office. Any person who is issued a SCFL or a RSCFL is eligible to renew the SCFL
28 or RSCFL and any endorsements if the SCFL or RSCFL has not been suspended or
29 revoked.

30 (c) Replacement License. -- A licensee may obtain a replacement license for a lost
31 or destroyed license, including all endorsements, upon receipt of a proper application
32 in the offices of the Division together with a ten-dollar (\$10.00) fee. The Division
33 shall not accept an application for a replacement license unless the Division
34 determines that the applicant's current license has not been suspended or revoked. A
35 copy of an application duly filed with the Division shall serve as the license until the
36 replacement license has been received. The Commission may provide by rule for the
37 replacement of lost, obliterated, destroyed, or otherwise illegible license plates or
38 decals upon tender of the original license receipt or upon other evidence that the
39 Commission deems sufficient.

40 (d) Nonresident Certification Required. -- Persons obtaining licenses who are not
41 North Carolina residents shall certify that their conviction record in their state of
42 residence is such that they would not be denied a license under the standards in G.S.
43 113-171. When a license application is denied for violations of fisheries laws,
44 whether the violations occurred in North Carolina or another jurisdiction, the license

1 fees shall not be refunded and shall be applied to the costs of processing the
2 application.

3 (e) Fees. -- The annual SCFL fee for a North Carolina resident shall be two
4 hundred dollars (\$200.00). The annual SCFL fee for a person who is not a resident
5 of North Carolina shall be two thousand dollars (\$2,000) or the amount charged to a
6 North Carolina resident in the nonresident's state, whichever is lesser.

7 (f) Assignment. -- The holder of a SCFL may assign the SCFL to any individual,
8 provided that a SCFL or RSCFL issued to the individual is not suspended or
9 revoked. If the SCFL is endorsed for one or more vessels, each vessel endorsement
10 may be assigned, independently of the SCFL, to another holder of a SCFL. An
11 assignment of a SCFL vessel endorsement shall be valid only for use by a holder or
12 assignee of a SCFL in the operation of the vessel for which the SCFL is endorsed.
13 The assignment shall be in writing on a form provided by the Division and shall
14 include the name of the licensee, the license number, any endorsements, the
15 assignee's name and mailing address, and the duration of the assignment. A
16 notarized copy of the assignment shall be filed with the Division. The assignee shall
17 carry the assignment on the assignee's person and have the assignment available for
18 inspection at all times while using the vessel. The assignment may be revoked by: (i)
19 written notification by the assignor that the assignment has been terminated; or (ii) a
20 determination by the Division that the assignee is operating in violation of the terms
21 and conditions applicable to the assignment.

22 (g) Transfer. -- A SCFL may be transferred:

23 (1) By the license holder to a member of the license holder's
24 immediate family.

25 (2) By the State to the estate of the license holder upon the death of
26 the license holder.

27 (3) By a surviving family member to whom a license was transferred
28 pursuant to subdivision (2) of this subsection to a third-party
29 purchaser of the license holder's fishing vessel upon the death of
30 the license holder.

31 (4) By the license holder to a third-party purchaser of the license
32 holder's fishing vessel upon retirement of the license holder from
33 commercial fishing.

34 (5) Under any other circumstance authorized by rule of the
35 Commission.

36 (h) Identification as Commercial Fisherman. -- The receipt of a current and valid
37 SCFL, RSCFL, or shellfish license issued by the Division shall serve as proper
38 identification of the licensee as a commercial fisherman.

39 (i) Record-Keeping Requirements. -- The fish dealer shall record each transaction
40 at the time and place of landing on a form provided by the Division. The transaction
41 form shall include the information on the SCFL, RSCFL, or shellfish license, the
42 quantity of the fish, the identity of the fish dealer, and other information as the
43 Division deems necessary to accomplish the purposes of this Subchapter. The person
44 who records the transaction shall provide a completed copy of the transaction form to

1 the Division and to the other party of the transaction. The Division's copy of each
2 transaction form shall be transmitted to the Division by the fish dealer on or before
3 the tenth day of the month following the transaction.

4 **"§ 113-168.3. Retired Standard Commercial Fishing License.**

5 (a) SCFL Provisions Applicable. -- Except as provided in this section, the
6 provisions set forth in G.S. 113-168.2 concerning the SCFL shall apply to the RSCFL.

7 (b) Eligibility; Fee. -- Any person who is 65 years of age or older and who is
8 otherwise eligible for a SCFL under G.S. 113-168.2 may purchase a RSCFL for an
9 annual fee of one hundred dollars (\$100.00). Proof of age shall be supplied at the
10 time the application is made.

11 (c) Transfer. -- The holder of a RSCFL may transfer the RSCFL as provided in
12 G.S. 113-168.2 or, upon retirement from commercial fishing, to a third-party
13 purchaser of the RSCFL holder's fishing vessel. If the third-party purchaser is less
14 than 65 years of age, that purchaser shall pay the fee for the SCFL set forth in G.S.
15 113-168.2.

16 (d) Assignment. -- The RSCFL shall not be assignable.

17 **"§ 113-168.4. Regulations concerning the sale of fish.**

18 (a) Except as otherwise provided in this section, it is unlawful for any person who
19 takes or lands any species of fish under the authority of the Commission from coastal
20 fishing waters by any means whatever, including mariculture operations, to sell, offer
21 for sale, barter or exchange for merchandise these fish, without holding a current and
22 valid SCFL or RSCFL issued under G.S. 113-168.2 or G.S. 113-168.3, or a valid
23 shellfish license issued under G.S. 113-169.2. It is unlawful for fish dealers to buy fish
24 unless the seller presents a current and valid SCFL, RSCFL, or shellfish license at the
25 time of the transaction. Any subsequent sale of fish shall be subject to the licensing
26 requirements of fish dealers under G.S. 113-169.3.

27 (b) It is unlawful for any person licensed under this section to sell fish taken
28 outside the territorial waters of the State or to sell fish taken from coastal fishing
29 waters except to:

30 (1) Fish dealers licensed under G.S. 113-169.3; or

31 (2) The public, if the seller is also licensed as a fish dealer under G.S.
32 113-169.3.

33 (c) A person who organizes a nonprofit recreational fishing tournament may sell
34 fish taken in connection with the tournament pursuant to a recreational fishing
35 tournament license to sell fish. A person who organizes a nonprofit recreational
36 fishing tournament may obtain a recreational fishing tournament license to sell fish
37 upon application to the Division and payment of a fee of one hundred dollars
38 (\$100.00). A recreational fishing tournament is an organized fishing competition
39 occurring within a specified time period not to exceed one week and that is not a
40 commercial fishing operation. Proceeds derived from the sale of fish may be used
41 only for charitable purposes.

42 **"§ 113-168.5. License endorsements for Standard Commercial Fishing License and**
43 **Retired Standard Commercial Fishing License.**

1 (a) A SCFL or RSCFL may be endorsed to authorize the use of a vessel in a
2 commercial fishing operation.

3 (b) Vessel Endorsements. --

4 (1) As used in this subsection, a North Carolina vessel is a vessel that
5 has its primary situs in the State. A vessel has its primary situs in
6 the State if:

7 a. A certificate of number has been issued for the vessel under
8 Article 1 of Chapter 75A of the General Statutes;

9 b. A certificate of title has been issued for the vessel under
10 Article 4 of Chapter 75A of the General Statutes; or

11 c. A certification of documentation has been issued for the
12 vessel that lists a home port in the State under 42 U.S.C. §
13 12101, et seq., as amended.

14 (2) It is unlawful to use a vessel in a commercial fishing operation in
15 the coastal fishing waters of the State without a vessel endorsement
16 of the license required under this Article for that commercial
17 fishing operation. It is unlawful to use a North Carolina vessel to
18 land or sell fish in the State that are taken during a commercial
19 fishing operation outside the coastal fishing waters of the State
20 without a vessel endorsement of the license required under this
21 Article for that commercial fishing operation. No endorsement is
22 required, however, for a vessel of any length that does not have a
23 motor if the vessel is used only in connection with another vessel
24 for which the required license has been properly endorsed.

25 (3) The fee for a vessel endorsement shall be determined by the length
26 of the vessel and shall be in addition to the fee for a SCFL,
27 RSCFL, or shellfish license. The length of a vessel shall be
28 determined by measuring the distance between the ends of the
29 vessel along the deck and through the cabin, excluding the sheer.
30 The fee for a vessel endorsement is:

31 a. One dollar (\$1.00) per foot for a vessel not over 18 feet in
32 length.

33 b. One dollar and fifty cents (\$1.50) per foot for a vessel over
34 18 feet but not over 38 feet in length.

35 c. Three dollars (\$3.00) per foot for a vessel over 38 feet but
36 not over 50 feet in length.

37 d. Six dollars (\$6.00) per foot for a vessel over 50 feet in
38 length.

39 (4) A vessel endorsement may be assigned as provided in G.S.
40 113-168.2(f).

41 (5) When the owner of a vessel for which a SCFL, RSCFL, or shellfish
42 license has been endorsed transfers ownership of the vessel to a
43 holder of a SCFL, RSCFL, or shellfish license, the vessel
44 endorsement may be transferred from the former owner's SCFL,

1 RSCFL, or shellfish license to the new owner's SCFL, RSCFL, or
2 shellfish license upon the request of the new owner. The new
3 owner of the vessel shall notify the Division of the change in
4 ownership and request that the vessel endorsement be transferred
5 within 30 days of the date on which the transfer of ownership
6 occurred. The notification of a change in the ownership of a
7 vessel and request that the vessel endorsement be transferred shall
8 be made on a form provided by the Division and shall be
9 accompanied by satisfactory proof of the transfer of vessel
10 ownership. Transfer of vessel ownership may be proven by a
11 notarized copy of: (i) the bill of sale; (ii) a temporary vessel
12 registration; or (iii) a vessel documentation transfer.

13 (c) Menhaden Endorsements. -- Except as provided in G.S. 113-169, it is unlawful
14 to use a vessel to take menhaden by purse seine in the coastal fishing waters of the
15 State, to land menhaden in the State, or to sell menhaden from a vessel in the State
16 without obtaining a menhaden endorsement of a SCFL or RSCFL. The fee for a
17 menhaden endorsement shall be two dollars (\$2.00) per ton, based on gross tonnage
18 as determined by the custom house measurement for the mother ship. The
19 menhaden endorsement shall be required for the mother ship but no separate
20 endorsement shall be required for a purse boat carrying a purse seine. The
21 application for a menhaden endorsement must state the name of the person in
22 command of the vessel. Upon a change in command of a menhaden vessel, the
23 owner must notify the Division in writing within 30 days.

24 (d) Shellfish Endorsement for North Carolina Residents. -- The Division shall
25 issue a shellfish endorsement of a SCFL or RSCFL to a North Carolina resident at
26 no charge.

27 **"§ 113-169. Menhaden license for nonresidents not eligible for a SCFL.**

28 A person who is not a resident of North Carolina, who is not eligible for a SCFL
29 under this Article, and who only seeks to engage in menhaden fishing is eligible to
30 purchase a menhaden license for nonresidents. The fee for the menhaden license for
31 nonresidents shall be two dollars (\$2.00) per ton, gross tonnage, customhouse
32 measurements for the mother ship. The menhaden license for nonresidents shall be
33 required for the mother ship to take, land, or sell menhaden in North Carolina taken
34 by purse seine. No separate endorsement shall be required for a purse boat carrying
35 a purse seine. The application for a menhaden license for nonresidents must state the
36 name of the person in command of the vessel. Upon change in command of a
37 menhaden vessel, the owner must notify the Division within 30 days.

38 **"§ 113-169.1. Other commercial licenses and permits authorized by the Commission.**

39 The Commission may adopt rules to establish licenses or permits as set forth in this
40 section. Licenses or permits shall be issued upon the payment of fees as prescribed
41 by the Commission in its duly adopted rules at a rate to be established by the
42 Commission. The fee rate for licenses or permits authorized under this section shall,
43 at a minimum, be adequate to compensate the Division for the actual and
44 administrative cost associated with the conservation and management of the fishery.

1 (1) Crew licenses. -- The Commission may adopt rules to establish an
2 individual crew license for persons working aboard a vessel
3 engaged in a commercial fishing operation at a rate not to exceed
4 one hundred dollars (\$100.00) per license.

5 (2) Permits. -- The Commission may adopt rules to establish permits
6 for gear, equipment, and specialized activities at a rate not to
7 exceed fifty dollars (\$50.00) per permit. The Commission may
8 require permits for commercial fishing operations that do not
9 involve the use of a vessel. The Commission may require that a
10 person obtain a special permit prior to transplanting oysters or
11 clams.

12 **"§ 113-169.2. Shellfish license for North Carolina residents without a SCFL.**

13 (a) License or Endorsement Necessary to Take or Sell Shellfish. -- It is unlawful
14 for an individual to take shellfish from the public grounds of the State by mechanical
15 means or for commercial use by any means without holding either a shellfish license
16 or a shellfish endorsement of a SCFL or RSCFL. A North Carolina resident who
17 seeks only to take and sell shellfish shall be eligible to purchase a shellfish license
18 without holding a SCFL or RSCFL. The license includes the privilege to sell shellfish
19 to a licensed fish dealer.

20 (b) Purchase; Renewal. -- A person may purchase a shellfish license at any office
21 of the Division. The shellfish license and endorsements may be renewed by mail by
22 forwarding a completed application, including applicable fees, to the Division's
23 Morehead City Office. Any person who is issued a shellfish license is eligible to
24 renew the shellfish license and any endorsements if the shellfish license has not been
25 suspended or revoked.

26 (c) Fees. -- Shellfish licenses shall be issued annually upon payment of a fee of
27 twenty-five dollars (\$25.00) upon proof that the license applicant is a North Carolina
28 resident: Provided, that persons under 16 years of age are exempt from the license
29 requirements of this section if accompanied by a parent, grandparent, or guardian
30 who is in compliance with the requirements of this section or if in possession of a
31 parent's, grandparent's, or guardian's shellfish license.

32 (d) License Available for Inspection. -- It is unlawful for any individual to take
33 shellfish for commercial use from the public grounds of the State without having
34 ready at hand for inspection a current and valid shellfish license issued to the licensee
35 personally and bearing the licensee's correct name and address. It is unlawful for any
36 individual taking or possessing freshly taken shellfish to refuse to exhibit the
37 individual's license upon the request of an officer authorized to enforce the fishing
38 laws.

39 (e) Vessel Endorsement Required. -- A license holder under this section shall be
40 required to purchase a vessel endorsement under G.S. 113-168.5 if a vessel is used in
41 the take or sale of shellfish. A vessel endorsement of a shellfish license does not
42 authorize the use of the vessel for any commercial fishing operation other than the
43 taking or selling of shellfish.

1 (f) Name or Address Change. -- In the event of a change in name or address or
2 upon receipt of an erroneous shellfish license, the licensee shall, within 30 days, apply
3 for a replacement shellfish license bearing the correct name and address. Upon a
4 showing by the individual that the name or address change occurred within the past
5 30 days, the trial court or prosecutor shall dismiss any charges brought pursuant to
6 this subsection.

7 (g) Transfer Prohibited. -- It is unlawful for an individual issued a shellfish license
8 to transfer or offer to transfer the license, either temporarily or permanently, to
9 another. It is unlawful for an individual to secure or attempt to secure a shellfish
10 license from a source not authorized by the Commission.

11 (h) Limitation on Taking Shellfish Without a License. --

12 (1) A person who is not required to obtain a shellfish license under
13 subsection (a) of this section shall not take more than:

14 a. One bushel of oysters per day.

15 b. One-half bushel of scallops per day.

16 c. One hundred clams per day.

17 (2) Two or more persons who are not required to obtain a shellfish
18 license under subsection (a) of this section and who are using a
19 vessel to take shellfish shall not take more than:

20 a. Two bushels of oysters per day.

21 b. One bushel of scallops per day.

22 c. Two hundred clams per day.

23 **§ 113-169.3. Licenses for fish dealers.**

24 (a) Eligibility. -- A fish dealer license shall be issued to a North Carolina resident
25 upon receipt of a proper application in the Morehead City Office of the Division
26 together with all license fees including the total number of dealer categories set forth
27 in this section. The license shall be issued in the name of the applicant and shall
28 include all dealer categories on the license.

29 (b) Application for License. -- Applications shall not be accepted from persons
30 ineligible to hold a license issued by the Division, including any applicant whose
31 license is suspended or revoked on the date of the application. The applicant shall be
32 provided with a copy of the application marked received. The copy shall serve as the
33 fish dealer's license until the license issued by the Division is received, or the
34 Division determines that the applicant is ineligible to hold a license. Where an
35 applicant does not have an established location for transacting the fisheries business
36 within the State, the license application shall be denied unless the applicant satisfies
37 the Secretary that his residence, or some other office or address within the State, is a
38 suitable substitute for an established location and that records kept in connection
39 with licensing, sale, and purchase requirements will be available for inspection when
40 necessary. Fish dealers' licenses are issued on a fiscal year basis upon payment of a
41 fee as set forth herein upon proof, satisfactory to the Secretary, that the license
42 applicant is a North Carolina resident.

43 (c) License Requirement. -- Except as otherwise provided in this section, it is
44 unlawful for any person not licensed pursuant to this article:

1 (1) To buy fish for resale from any person involved in a commercial
2 fishing operation that takes any species of fish from coastal fishing
3 waters. For purposes of this subdivision, a retailer who purchases
4 fish from a fish dealer shall not be liable if the fish dealer has not
5 complied with the licensing requirements of this section;

6 (2) To sell fish to the public; or

7 (3) To sell to the public any species of fish under the authority of the
8 Commission taken from coastal fishing waters.

9 Any person subject to the licensing requirements of this section is a fish dealer.
10 Any person subject to the licensing requirements of this section shall obtain a
11 separate license for each physical location conducting activities required to be
12 licensed under this section.

13 (d) Exceptions to License Requirements. -- The Commission may adopt rules to
14 implement this subsection including rules to clarify the status of the listed classes of
15 exempted persons, require submission of statistical data, and require that records be
16 kept in order to establish compliance with this section. Any person not licensed
17 pursuant to this section is exempt from the licensing requirements of this section if all
18 fish handled within any particular licensing category meet one or more of the
19 following requirements:

20 (1) The fish are sold by persons whose dealings in fish are primarily
21 educational, scientific, or official, and who have been issued a
22 permit by the Division that authorizes the educational, scientific, or
23 official agency to sell fish taken or processed in connection with
24 research or demonstration projects;

25 (2) The fish are sold by individual employees of fish dealers when
26 transacting the business of their duly licensed employer;

27 (3) The fish are shipped to a person by a dealer from without the
28 State;

29 (4) The fish are of a kind the sale of which is regulated exclusively by
30 the Wildlife Resources Commission; or

31 (5) The fish are purchased from a licensed dealer.

32 (e) Application Fee for New Fish Dealers. -- An applicant for a new fish dealer
33 license shall pay a nonrefundable application fee of fifty dollars (\$50.00) in addition
34 to the license category fees set forth in this section.

35 (f) License Category Fees. -- Every fish dealer subject to licensing requirements
36 shall secure an annual license at each established location for each of the following
37 activities transacted there, upon payment of the fee set out:

38 (1) Dealing in oysters: \$50.00;

39 (2) Dealing in scallops: \$50.00;

40 (3) Dealing in clams: \$50.00;

41 (4) Dealing in hard or soft crabs: \$50.00;

42 (5) Dealing in shrimp, including bait: \$50.00;

43 (6) Dealing in finfish, including bait: \$50.00;

1 (7) Operating menhaden or other fish-dehydrating or oil-extracting
2 processing plants: \$50.00; or

3 (8) Consolidated license (all categories): \$300.00.

4 Any person subject to fish dealer licensing requirements who deals in fish not
5 included in the above categories shall secure a finfish dealer license. The Commission
6 may adopt rules implementing and clarifying the dealer categories of this subsection.
7 Bait operations shall be licensed under either the finfish or shrimp dealer license
8 categories.

9 (g) License Format. -- The format of the license shall include the name of the
10 licensee, date of birth, name and physical address of each business location,
11 expiration date of the license, and any other information the Division deems
12 necessary to accomplish the purposes of this Subchapter.

13 (h) Application for Replacement License. -- A replacement license shall only be
14 obtained from an office of the Division. The Division shall not accept an application
15 for a replacement license unless the Division determines that the applicant's current
16 license has not been suspended or revoked. A copy of an application duly filed with
17 the Division shall serve as the license until the replacement license has been received.

18 (i) Purchase and Sale of Fish. -- It is unlawful for a fish dealer to buy fish unless
19 the seller possesses a current and valid SCFL, RSCFL, shellfish license, menhaden
20 license for nonresidents, or a special fisheries sale permit issued under G.S.
21 113-168.4(c), and the dealer records the transaction consistent with the
22 record-keeping requirements of G.S. 113-168.2(i). It is unlawful for any person to
23 purchase, possess, or sell fish taken from coastal fishing waters in violation of this
24 Subchapter or the rules adopted by the Commission implementing this Subchapter.

25 (j) Transfer Prohibited. -- Any fish dealer license issued under this section is
26 nontransferable. It is unlawful to use a fish dealer license issued to another person in
27 the sale or attempted sale of fish or for a licensee to lend or transfer a fish dealer
28 license for the purpose of circumventing the requirements of this section.

29 **"§ 113-169.4. Licensing of ocean fishing piers: fees.**

30 (a) Every manager of an ocean fishing pier within the coastal fishing waters who
31 charges the public a fee to fish in any manner from the pier shall secure a current
32 and valid pier license from the Division. An application for a pier license shall
33 disclose the names of all parties involved in the pier operations, including the owner
34 of the property, owner of the pier if different, and all leasehold or other corporate
35 arrangements, and all persons with a substantial financial interest in the pier.

36 (b) Within 30 days following a change of ownership of a pier, or a change as to
37 the manager, the manager or new manager shall secure a replacement pier license
38 from the Division. The replacement license is issued without charge.

39 (c) Pier licenses are issued upon payment of fifty cents (50¢) per linear foot, to
40 the nearest foot, that the pier extends into coastal fishing waters beyond the mean
41 high waterline. The length of the pier shall be measured to include all extensions of
42 the pier.

43 (d) The manager who secures the pier license shall be the individual with the duty
44 of executive-level supervision of pier operations.

1 **"§ 113-169.5. Land or sell license; vessels fishing beyond territorial waters.**

2 (a) Persons aboard vessels not having their primary situs in the State that are
3 carrying a cargo of fish taken outside the waters of the State may land or sell their
4 catch in the State by purchasing a land or sell license as set forth in this section with
5 respect to the vessel in question. The Commission may by rule modify the land or sell
6 licensing procedure in order to devise an efficient and convenient procedure for
7 licensing out-of-state vessels to only land, or after landing to permit sale of cargo.

8 (b) The fee for a land or sell license for a vessel not having its primary situs in
9 North Carolina is two hundred dollars (\$200.00), or an amount equal to the
10 nonresident fee charged by the nonresident's state, whichever is greater. Persons
11 aboard vessels having a primary situs in a jurisdiction that would allow North
12 Carolina vessels without restriction to land or sell their catch, taken outside the
13 jurisdiction, may land or sell their catch in the State without complying with this
14 section if the persons are in possession of a valid license from their state of residence.

15 **"§ 113-170. Exportation and importation of fish and equipment.**

16 The Commission may adopt rules governing the importation and exportation of
17 fish, and equipment that may be used in taking or processing fish, as necessary to
18 enhance the conservation of marine and estuarine resources of the State. These rules
19 may regulate, license, prohibit, or restrict importation into the State and exportation
20 from the State of any and all species of fish that are native to coastal fishing waters or
21 may thrive if introduced into these waters.

22 **"§ 113-170.1. Nonresidents reciprocal agreements.**

23 Persons who are not North Carolina residents are not entitled to obtain licenses
24 under the provisions of this Article except as provided in this section. Residents of
25 jurisdictions that sell commercial fishing licenses to North Carolina residents are
26 entitled to North Carolina commercial fishing licenses under the provisions of G.S.
27 113-168.2. Licenses may be restricted in terms of area, gear, and fishery by the
28 Commission so that the nonresidents are licensed to engage in North Carolina
29 fisheries on the same or similar terms that North Carolina residents can be licensed to
30 engage in the fisheries of other jurisdictions. The Secretary may enter into reciprocal
31 agreements with other jurisdictions as necessary to allow nonresidents to obtain
32 commercial fishing licenses in the State subject to the foregoing provisions.

33 **"§ 113-170.2. Fraud or deception as to licenses, permits, or records.**

34 (a) It is unlawful for any person to give any false information or willfully to omit
35 giving required information to the Division or any license agent when the information
36 is material to the securing of any license or permit under this Article. It is unlawful
37 to falsify, fraudulently alter, or counterfeit any license, permit, identification, or
38 record to which this Article applies or otherwise practice any fraud or deception
39 designed to evade the provisions of this Article or reasonable administrative
40 directives made under the authority of this Article.

41 (b) A violation of this section is punishable by a fine of not less than one hundred
42 dollars (\$100.00) nor more than five hundred dollars (\$500.00).

43 **"§ 113-170.3. Record-keeping requirements.**

1 (a) The Commission may require all licensees under this Article to keep and to
2 exhibit upon the request of an authorized agent of the Department records and
3 accounts as may be necessary to the equitable and efficient administration and
4 enforcement of this Article. In addition, licensees may be required to keep additional
5 information of a statistical nature or relating to location of catch as may be needed to
6 determine conservation policy. Records and accounts required to be kept must be
7 preserved for inspection for not less than three years.

8 (b) It is unlawful for any licensee to refuse or to neglect without justifiable excuse
9 to keep records and accounts as may be reasonably required. The Department may
10 distribute forms to licensees to aid in securing compliance with its requirements, or it
11 may inform licensees of requirements in other effective ways such as distributing
12 memoranda and sending agents of the Department to consult with licensees who have
13 been remiss. Detailed forms or descriptions of records, accounts, collection and
14 inspection procedures, and the like that reasonably implement the objectives of this
15 Article need not be embodied in rules of the Commission in order to be validly
16 required.

17 (c) The following records collected and compiled by the Department shall not be
18 considered public records within the meaning of Chapter 132 of the General Statutes,
19 but shall be confidential and shall be used only for the equitable and efficient
20 administration and enforcement of this Article or for determining conservation
21 policy, and shall not be disclosed except when required by the order of a court of
22 competent jurisdiction; all records, accounts, and reports that licensees are required
23 by the Commission to make, keep, and exhibit pursuant to the provisions of this
24 section, and all records, accounts, and memoranda compiled by the Department from
25 records, accounts, and reports of licensees and from investigations and inspections,
26 containing data and information concerning the business and operations of licensees
27 reflecting their assets, liabilities, inventories, revenues, and profits; the number,
28 capacity, capability, and type of fishing vessels owned and operated; the type and
29 quantity of fishing gear used; the catch of fish or other seafood by species in numbers,
30 size, weight, quality, and value; the areas in which fishing was engaged in; the
31 location of catch; the time of fishing, number of hauls, and the disposition of the fish
32 and other seafood. The Department may compile statistical information in any
33 aggregate or summary form that does not directly or indirectly disclose the identity of
34 any licensee who is a source of the information, and any compilation of statistical
35 information by the Department shall be a public record open to inspection and
36 examination by any person, and may be disseminated to the public by the
37 Department.

38 "§ 113-170.4. Rules as to possession, transportation, and disposition of fisheries
39 resources.

40 The Commission may adopt rules governing possession, transportation, and
41 disposition of fisheries resources by all persons, including those not subject to fish
42 dealer licensing requirements, in order that inspectors may adequately distinguish
43 regulated coastal fisheries resources from those not so regulated and enforce the
44 provisions of this Article equitably and efficiently. These rules may include

1 requirements as to giving notice, filing declarations, securing permits, marking
2 packages, and the like.

3 "§ 113-170.5. Violations with respect to coastal fisheries resources.

4 It is unlawful to take, possess, transport, process, sell, buy, or in any way deal in
5 coastal fisheries resources without conforming with the provisions of this Article or of
6 rules adopted under the authority of this Article.

7 "§ 113-171. Suspension, revocation, and reissuance of licenses.

8 (a) Upon receipt of reliable notice that a person licensed under this Article has
9 had imposed against the person a conviction of a criminal offense within the
10 jurisdiction of the Department under the provisions of this Subchapter or of rules of
11 the Commission adopted under the authority of this Subchapter, the Secretary must
12 suspend or revoke all licenses held by the person in accordance with the terms of this
13 section. Reliable notice includes information furnished the Secretary in prosecution
14 or other reports from inspectors. As used in this section, a conviction includes a plea
15 of guilty or nolo contendere, any other termination of a criminal prosecution
16 unfavorably to the defendant after jeopardy has attached, or any substitute for
17 criminal prosecution whereby the defendant expressly or impliedly confesses the
18 defendant's guilt. In particular, procedures whereby bond forfeitures are accepted in
19 lieu of proceeding to trial and cases indefinitely continued upon arrest of judgment or
20 prayer for judgment continued are deemed convictions. The Secretary may act to
21 suspend or revoke licenses upon the basis of any conviction in which:

22 (1) No notice of appeal has been given;

23 (2) The time for appeal has expired without an appeal having been
24 perfected; or

25 (3) The conviction is sustained on appeal. Where there is a new trial,
26 finality of any subsequent conviction will be determined in the
27 manner set out above.

28 (b) The Secretary must initiate an administrative procedure designed to give the
29 Secretary systematic notice of all convictions of criminal offenses by licensees
30 covered by subsection (a) of this section above and keep a file of all convictions
31 reported. Upon receipt of notice of conviction, the Secretary must determine whether
32 it is a first, a second, a third, or a fourth or subsequent conviction of some offense
33 covered by subsection (a). In the case of second convictions, the Secretary must
34 suspend all licenses issued to the licensee for a period of 10 days. In the case of third
35 convictions, the Secretary must suspend all licenses issued to the licensee for a period
36 of 30 days. In the case of fourth or subsequent convictions, the Secretary must
37 revoke all licenses issued to the licensee. Where several convictions result from a
38 single transaction or occurrence, they are to be treated as a single conviction so far as
39 suspension or revocation of the licenses of any licensee is concerned. Anyone
40 convicted of taking or of knowingly possessing, transporting, buying, selling, or
41 offering to buy or sell oysters or clams from areas closed because of suspected
42 pollution will be deemed by the Secretary to have been convicted of two separate
43 offenses on different occasions for license suspension or revocation purposes.

1 (c) Where a license has been suspended or revoked, the former licensee is not
2 eligible to apply for reissuance of license or for any additional license authorized in
3 this Article during the suspension or revocation period. Licenses must be returned to
4 the licensee by the Secretary or the Secretary's agents at the end of a period of
5 suspension. Where there has been a revocation, application for reissuance of license
6 or for an additional license may not be made until six months following the date of
7 revocation. In such case of revocation, the eligible former licensee must satisfy the
8 Secretary that the licensee will strive in the future to conduct the operations for
9 which the license is sought in accord with all applicable laws and rules. Upon the
10 application of an eligible former licensee after revocation, the Secretary, in the
11 Secretary's discretion, may issue one license sought but not another, as deemed
12 necessary to prevent the hazard of recurring violations of the law.

13 (d) Upon receiving reliable information of a licensee's conviction of a second or
14 subsequent criminal offense covered by subsection (a) of this section, the Secretary
15 shall promptly cause the licensee to be personally served with written notice of
16 suspension or revocation, as the case may be. The written notice may be served upon
17 any responsible individual affiliated with the corporation, partnership, or association
18 where the licensee is not an individual. The notice of suspension or revocation may
19 be served by an inspector or other agent of the Department, must state the ground
20 upon which it is based, and takes effect immediately upon personal service. The
21 agent of the Secretary making service shall then or subsequently, as may be feasible
22 under the circumstances, collect all license certificates and plates and other forms or
23 records relating to the license as directed by the Secretary. It is unlawful for any
24 licensee willfully to evade the personal service prescribed in this subsection.

25 (e) A licensee served with a notice of suspension or revocation may obtain an
26 administrative review of the suspension or revocation by filing a petition for a
27 contested case under G.S. 150B-23 within 20 days after receiving the notice. The
28 only issue in the hearing shall be whether the licensee was convicted of a criminal
29 offense for which a license must be suspended or revoked. A license remains
30 suspended or revoked pending the final decision by the Secretary.

31 (f) If the Secretary refuses to reissue the license or issue an additional license to
32 an applicant whose license was revoked, the applicant may contest the decision by
33 filing a petition for a contested case under G.S. 150B-23 within 20 days after the
34 Secretary makes the decision. The Commission shall make the final agency decision
35 in a contested case under this subsection. An applicant whose license is denied
36 under this subsection may not reapply for the same license for at least six months.

37 (g) The Commission may adopt rules to provide for the disclosure of the identity
38 of any individual or individuals in responsible positions of control respecting
39 operations of any licensee that is not an individual. For the purposes of this section,
40 individuals in responsible positions of control are deemed to be individual licensees
41 and subject to suspension and revocation requirements in regard to any applications
42 for license they may make -- either as individuals or as persons in responsible
43 positions of control in any corporation, partnership, or association. In the case of

1 individual licensees, the individual applying for a license or licensed under this
2 Article must be the real party in interest.

3 (h) In determining whether a conviction is a second or subsequent offense under
4 the provisions of this section, the Secretary may not consider convictions for:

5 (1) Offenses that occurred three years prior to the effective date of this
6 Article; or

7 (2) Offenses that occurred more than three years prior to the time of
8 the latest offense the conviction for which is in issue as a
9 subsequent conviction.

10 "§ 113-171.1. Use of spotter planes in commercial fishing operations regulated.

11 (a) Spotter Plane Defined. -- A 'spotter plane' is an aircraft used for aerial
12 identification of the location of fish in coastal fishing waters so that a vessel may be
13 directed to the fish.

14 (b) License. -- Before an aircraft is used as a spotter plane in a commercial fishing
15 operation, the owner or operator of the aircraft must obtain a license for the aircraft
16 from the Division. The fee for a license for a spotter plane is one hundred dollars
17 (\$100.00). An applicant for a license for a spotter plane shall include in the
18 application the identity, either by boat or by company, of the specific commercial
19 fishing operations in which the spotter plane will be used during the license year. If,
20 during the course of the license year, the aircraft is used as a spotter plane in a
21 commercial fishing operation that is not identified in the original license application,
22 the owner or operator of the aircraft shall amend the license application to add the
23 identity of the additional commercial fishing operation.

24 (c) Unlawful Activity. -- It shall be unlawful to:

25 (1) Use a spotter plane directed at food fish, except in connection with
26 a purse seine operation authorized by a rule of the Commission.

27 (2) Use or permit the use of an unlicensed spotter plane or a licensed
28 spotter plane whose license application does not identify the
29 specific commercial fishing operation involved.

30 (3) Participate knowingly in a commercial fishing operation that uses
31 an unlicensed spotter plane or a licensed spotter plane whose
32 license application does not identify the specific commercial fishing
33 operation involved.

34 (d) Violation a Misdemeanor. -- A violation of subsection (c) of this section is a
35 Class 1 misdemeanor.

36 "§ 113-172. License agents.

37 (a) The Secretary shall designate license agents for the Department. At least one
38 license agent shall be designated for each county that contains or borders on coastal
39 fishing waters. The Secretary may designate additional license agents in any county if
40 the Secretary determines that additional agents are needed to provide efficient service
41 to the public. The Division and license agents designated by the Secretary under this
42 section shall issue all licenses authorized under this Article in accordance with this
43 Article and the rules of the Commission. The Secretary shall require license agents
44 to enter into a contract that provides for their duties and compensation, post a bond,

1 and submit to reasonable inspections and audits. If a license agent violates any
2 provision of this Article, the rules of the Commission, or the terms of the contract,
3 the Secretary may initiate proceedings for the forfeiture of the license agent's bond
4 and may summarily suspend, revoke, or refuse to renew a designation as a license
5 agent and may impound or require the return of all licenses, moneys, record books,
6 reports, license forms and other documents, ledgers, and materials pertinent or
7 apparently pertinent to the license agency. The Secretary shall report evidence or
8 misuse of State property, including license fees, by a license agent to the State Bureau
9 of Investigation as provided by G.S. 114-15.1.

10 (b) License agents shall be compensated by adding a surcharge of one dollar
11 (\$1.00) to each license sold and retaining the surcharge. If more than one license is
12 listed on a consolidated license form, the license agent shall be compensated as if a
13 single license were sold. It is unlawful for a license agent to add more than the
14 surcharge authorized by this section to the fee for each license sold.

15 "§ 113-173. Recreational Commercial Gear License.

16 (a) License Required. -- Except as provided in subsection (j) of this section, it is
17 unlawful for any person to take or attempt to take fish for recreational purposes by
18 means of commercial fishing equipment or gear in coastal fishing waters without
19 holding a RCGL. As used in this section, fish are taken for recreational purposes if
20 the fish are not taken for the purpose of sale. The RCGL entitles the licensee to use
21 authorized commercial gear to take fish for personal use subject to recreational
22 quotas or limits.

23 (b) Sale of Fish Prohibited. -- It is unlawful for the holder of a RCGL or for a
24 person who is exempt under subsection (k) of this section to sell fish taken under the
25 RCGL or pursuant to the exemption.

26 (c) Authorized Commercial Gear. -- The Commission shall adopt rules
27 authorizing the use of a limited amount of commercial fishing equipment or gear for
28 recreational fishing under a RCGL. The Commission may authorize the limited use
29 of commercial gear on a uniform basis in all coastal fishing waters or may vary the
30 limited use of commercial gear within specified areas of the coastal fishing waters.
31 The Commission shall periodically evaluate and revise the authorized use of
32 commercial gear for recreational fishing. Authorized commercial gear shall be
33 identified by visible colored tags or other means specified by the Commission in
34 order to distinguish between commercial gear used in a commercial operation and
35 commercial gear used for recreational purposes.

36 (d) Purchase; Renewal. -- A RCGL may be purchased at designated offices of the
37 Division and from a license agent authorized under G.S. 113-172. A RCGL may be
38 renewed by mail.

39 (e) Replacement RCGL. -- Upon receipt of a proper application and a two-dollar
40 (\$2.00) replacement fee, the Division may issue a duplicate RCGL to replace an
41 unexpired RCGL that has been lost or destroyed.

42 (f) Duration; Fees. -- The RCGL shall be valid for a one-year period from the
43 date of purchase. The fee for a RCGL for a North Carolina resident shall be

1 thirty-five dollars (\$35.00). The fee for a RCGL for an individual who is not a North
2 Carolina resident shall be two hundred fifty dollars (\$250.00).

3 (g) RCGL Available for Inspection. -- It is unlawful for any person to engage in
4 recreational fishing by means of restricted commercial gear in the State without
5 having ready at hand for inspection a valid RCGL. A holder of a RCGL shall not
6 refuse to exhibit the RCGL upon the request of an inspector or any other law
7 enforcement officer authorized to enforce federal or State laws, regulations, or rules
8 relating to marine fisheries.

9 (h) Assignment and Transfer Prohibited. -- A RCGL is not transferable. It is
10 unlawful to buy, sell, lend, borrow, assign, or otherwise transfer a RCGL, or to
11 attempt to buy, sell, lend, borrow, assign, or otherwise transfer a RCGL.

12 (i) Reporting Requirements. -- The holder of a RCGL shall comply with the
13 biological data sampling and survey programs of the Commission and the Division.

14 (j) Exemptions. --

15 (1) A person who is under 16 years of age may take fish for
16 recreational purposes by means of authorized commercial gear
17 without holding a RCGL if the person is accompanied by a parent,
18 grandparent, or guardian who holds a valid RCGL or if the person
19 has in the person's possession a valid RCGL issued to the person's
20 parent, grandparent, or guardian.

21 (2) A person may take crabs for recreational purposes by means of one
22 or more crab pots attached to the shore along privately owned land
23 or to a privately owned pier without holding a RCGL provided
24 that the crab pots are attached with the permission of the owner of
25 the land or pier.

26 (3) A person who is on a vessel may take fish for recreational purposes
27 by means of authorized commercial gear without holding a RCGL
28 if there is another person on the vessel who holds a valid RCGL.
29 This exemption does not authorize the use of commercial gear in
30 excess of that authorized for use by the person who holds the valid
31 RCGL or, if more than one person on the vessel holds a RCGL, in
32 excess of that authorized for use by those persons."

33 Section 5.2. (a) Definitions; Citations. The definitions set out in G.S.
34 113-168 apply to this section. A citation to a provision of the General Statutes in this
35 section means that provision of the General Statutes as enacted by this act.

36 (b) Transitional Provisions. In order to effect an orderly implementation
37 of this act and the transition from the moratorium imposed by subsection (a) of
38 Section 3 of Chapter 576 of the 1993 Session Laws, Regular Session 1994, as
39 amended by Section 3 of Chapter 675 of the 1993 Session Laws, Regular Session
40 1994; subsection (a) of Section 26.5 of Chapter 507 of the 1995 Session Laws; Section
41 7 of Chapter 256 of the 1997 Session Laws; and subsection (a) of Section 6.1 of this
42 act, to the licensing provision of Article 14A of Chapter 113 of the General Statutes,
43 the provisions of this section shall apply to the issuance of licenses under Article 14A

1 of Chapter 113 of the General Statutes until all Fishery Management Plans have been
2 adopted as required by G.S. 113-182.1 and G.S. 143B-289.22.

3 (c) Temporary Cap. There is hereby imposed a temporary cap on the
4 total number of SCFLs that the Division may issue. The temporary cap equals the
5 total number of endorsements to sell fish that establish eligibility for a SCFL under
6 subsection (g) of this section plus 500 additional SCFLs, authorized by subsection (d)
7 of this section.

8 (d) 1999-2000 License Year. For the 1999-2000 license year, the
9 Commission is authorized to issue SCFLs as provided in subsection (g) of this section
10 plus an additional 500 SCFLs using the procedure set out in subsection (h) of this
11 section.

12 (e) Subsequent License Years. For license years beginning with the
13 2000-01 license year, the Commission is authorized to issue SCFLs from the pool of
14 available SCFLs as provided in subsection (f) of this section using the procedure set
15 out in subsection (h) of this section.

16 (f) Adjustment of Number of SCFLs. The number of SCFLs in the pool
17 of available SCFLs in license years beginning with the 2000-01 license year is the
18 temporary cap less the number of SCFLs that are renewed. The Commission may
19 increase or decrease the number of SCFLs that are issued from the pool of available
20 SCFLs. The Commission may increase the number of SCFLs that are issued from
21 the pool of available SCFLs up to the temporary cap. The Commission may decrease
22 the number of SCFLs that are issued from the pool of available SCFLs but may not
23 refuse to renew a SCFL that is issued during the previous license year and that has
24 not been suspended or revoked. The Commission shall increase or decrease the
25 number of SCFLs that are issued to reflect its determination as to the effort that the
26 fishery can support, based on the best available scientific evidence.

27 (g) Eligibility for SCFL. Any person who holds a valid endorsement to
28 sell fish of a vessel license on 1 July 1999 is eligible to receive a SCFL. The Division
29 shall issue a SCFL to any person who is eligible under this subsection upon receipt of
30 an application and required fees. If the person held more than one endorsement to
31 sell fish, the person is eligible to receive a SCFL for each endorsement to sell
32 previously held. Eligibility to receive a SCFL under this subsection shall expire 1
33 July 2000.

34 (h) Procedure for Issuing Additional SCFLs. The Commission shall
35 determine a procedure for issuing the 500 additional SCFLs authorized by subsection
36 (d) of this section for the 1999-2000 license year and for issuing SCFLs from the pool
37 of available SCFLs authorized by subsection (e) of this section. The procedure shall
38 set a date on which the Division will begin receiving applications and a date on
39 which the determination by lot of which applicants will receive a SCFL will be made.
40 The Commission shall develop criteria for determining eligibility for a SCFL under
41 this subsection. Criteria shall include the past involvement of the applicant and the
42 applicant's family in commercial fishing; the extent to which the applicant has relied
43 on commercial fishing for the applicant's livelihood; the extent to which the applicant
44 has complied with federal and State laws, regulations, and rules relating to coastal

1 fishing and protection of the environment; and any other factors the Commission
2 determines to be relevant. The Division shall review each application for a SCFL
3 that it receives during the application period to determine whether the applicant is
4 eligible under the eligibility criteria established by the Commission. The Division
5 shall issue SCFLs under this subsection by lot. All applicants who are determined to
6 be eligible shall have an equal chance of being issued a SCFL.

7 Section 5.3. The Marine Fisheries Commission shall adopt rules
8 authorizing the use of a limited amount commercial gear for recreational fishing
9 under a Recreational Commercial Gear License, as required by G.S. 113-173, as
10 enacted by Section 5.1 of this act, on or before 1 July 1999.

11 Section 5.4. (a) G.S. 113-153.1 is recodified as G.S. 113-168.9 in Article
12 14A of Chapter 113 of the General Statutes, as enacted by Section 5.1 of this act.

13 (b) G.S. 113-168.9(e), as recodified by subsection (a) of this section, reads
14 as rewritten:

15 "(e) The owner of a vessel ~~licensed under G.S. 113-152~~ shall be eligible to
16 purchase a vessel crab license for crabs as an alternative to the purchase of individual
17 licenses under this section. A vessel crab license authorizes the owner of the vessel
18 and up to two unlicensed persons serving as crew to fish for crabs from that vessel. It
19 is unlawful for the owner of a vessel to take crabs from the coastal fishing waters of
20 North Carolina for commercial use by any means, when unlicensed persons not
21 authorized by the vessel crab license are on the vessel. The Secretary shall revoke a
22 vessel crab license issued under this subsection ~~shall be revoked when~~ if the owner of
23 the vessel or any other person using the owner's vessel is convicted of a violation
24 under this section, except for subsection (b): section, other than conviction for a
25 violation under subsection (b) of this section."

26 (c) All sections of Article 14 of Chapter 113 of the General Statutes
27 other than G.S. 113-153.1 are repealed.

28 Section 5.5. The Marine Fisheries Commission shall adopt a Fishery
29 Management Plan for the blue crab fishery in accordance with G.S. 143B-289.22, as
30 enacted by Section 2.1 of this act, and G.S. 113-182.1, as enacted by Section 3.4 of
31 this act, no later than 1 January 2000.

32 Section 5.6. Notwithstanding the provisions of G.S. 113-168.2 and G.S.
33 113-168.3, as enacted by Section 5.1 of this act, it is unlawful for any person to take
34 crabs from the coastal fishing waters of the State for commercial use without being
35 licensed under G.S. 113-168.9.

36 Section 5.7. G.S. 113-168.9, as recodified from G.S. 113-153.1 by Section
37 5.4 of this act, is repealed.

38 Section 5.8. The Revisor of Statutes shall set out Section 5.2 of this act as
39 a note to G.S. 113-168.2, as enacted by Section 5.1 of this act.

40 Section 5.9. G.S. 113-203(a)(2) reads as rewritten:

41 "(2) When the transplanting is done by a dealer in accordance with the
42 provisions of G.S. ~~113-158~~ 113-169.1(2) and implementing rules;
43 or"

44 Section 5.10. G.S. 113-154.1 reads as rewritten:

1 "§ 113-154.1. Endorsement to sell fish.

2 (a) Requirements. -- Except as otherwise provided in this section, it is unlawful for
3 any person who takes or lands any species of fish under the authority of the Marine
4 Fisheries Commission from coastal fishing waters by any means whatever, including
5 aquaculture operations, to sell, offer for sale, barter or exchange for merchandise
6 such fish, without having first procured a current and valid endorsement to sell fish.
7 It is unlawful for fish dealers to buy fish unless the seller presents a current and valid
8 vessel license with an endorsement to sell, or a separate endorsement to sell if no
9 vessel is involved, at the time of the transaction. Any subsequent sale of fish shall be
10 subject to the licensing requirements of fish dealers under G.S. 113-156.

11 (b) Fees. -- The annual fee for an endorsement to sell fish on a vessel license for a
12 resident of this State is set forth in G.S. 113-152(h). The annual fee for an
13 endorsement to sell fish when no vessel is involved for a resident of this State is
14 fifteen dollars (\$15.00) and for a nonresident of this State is one hundred dollars
15 (\$100.00) or an amount equal to the nonresident fee charged by the nonresident's
16 state, whichever is greater. The license shall be valid for the period July 1 through
17 June 30 of a given year.

18 (c) Non-Vessel Endorsement Format. -- The format of an endorsement when the
19 applicant is not seeking a vessel license shall include the name of the applicant, date
20 of birth, expiration date of the endorsement, and any other information the Division

30 incremental or cumulative with no damage that can be immediately observed or
31 documented. Penalties up to the maximum authorized may be based on any one or
32 combination of the following factors:

33 (1) The degree and extent of harm to the marine and estuarine
34 resources of the State, to the public health, or to private property
35 resulting from the violation.

2 interest. The Committee on Civil Penalty Remissions shall make the final agency
3 decision on remission requests. In determining whether a remission request will be
4 approved, the Committee shall consider the recommendation of the Secretary and the
5 following factors:

- 6 (1) Whether one or more of the civil penalty assessment factors in
7 subsection (b) of this section were wrongly applied to the
8 detriment of the petitioner.
9 (2) Whether the violator promptly abated continuing environmental
10 damage resulting from the violation.
11 (3) Whether the violation was inadvertent.
12 (4) Whether the violator had been assessed civil penalties for any
13 previous violations.
14 (5) Whether payment of the civil penalty will prevent payment for the
15 remaining necessary remedial actions.

16 (d) The Committee on Civil Penalty Remissions may remit the entire amount of
17 the penalty only when the violator has not been assessed civil penalties for previous
18 violations and when payment of the civil penalty will prevent payment for the
19 remaining necessary remedial actions.

20 (e) If any civil penalty has not been paid within 30 days after the final agency
21 decision or court order has been served on the violator, the Secretary of
22 Environment, Health, and Natural Resources shall request the Attorney General to
23 institute a civil action in the superior court of any county in which the violator
24 resides or has his or its principal place of business to recover the amount of the
25 assessment.

26 (f) The Secretary may delegate his powers and duties under this section to the
27 Fisheries Director.

15 **"§ 143B-289.28. Marine Fisheries Endowment Fund.**

16 (a) Recognizing the inestimable importance to the State and its people of
17 conserving the marine and estuarine resources of the State, and for the purpose of
18 providing the opportunity for citizens and residents of the State to invest in the future
19 of its marine and estuarine resources, there is created the North Carolina Marine
20 Fisheries Endowment Fund, the income and principal of which shall be used only for
21 the purpose of supporting marine and estuarine resource conservation programs of
22 the State in accordance with this section.

23 (b) There is created the Board of Trustees of the Marine Fisheries Endowment

7 (e) The Board of Trustees of the Marine Fisheries Endowment Fund may
8 accumulate the investment income of the Fund until the income, in the sole judgment
9 of the trustees, can provide a significant supplement to the budget for the
10 conservation and management of marine and estuarine resources. After that time the
11 trustees, in their sole discretion and authority, may direct expenditures from the
12 income of the Fund for the purposes set out in subdivision (3) of subsection (d)
13 above.

14 (f) Expenditure of the income derived from the Marine Fisheries Endowment

30 These funds shall be administered by the Marine Fisheries Commission and shall be
31 used for marine and estuarine resources management, including education about the
32 importance of conservation, in a manner consistent with marine and estuarine
33 conservation management principles.

34 (b) The Marine Fisheries Commission is hereby authorized to issue and sell
35 appropriate emblems by which to identify recipients thereof as contributors to a
36 special marine and estuarine resources Conservation Fund that shall be made
37 available to the Marine Fisheries Commission for conservation, protection,
38 enhancement, preservation, and perpetuation of marine and estuarine species that
39 may be endangered or threatened with extinction and for education about these
40 issues. The special Conservation Fund is subject to oversight of the State Auditor
41 pursuant to Article 5A of Chapter 147 of the General Statutes. Emblems of different
42 sizes, shapes, types, or designs may be used to recognize contributions in different

4 contained in Subchapter IV of Chapter 113 of the General Statutes or in any way to
5 alter or abridge the powers and duties of the two agencies conferred in that
6 Subchapter.

7 "§ 143B-289.31. Jurisdictional questions.

9 and the Marine Fisheries Commission or between the Department of Environment,
10 Health, and Natural Resources and the Marine Fisheries Commission as to any duty,
11 responsibility, or authority imposed upon any of these bodies by law or with respect
12 to conflict involving rules or administrative practices, the question or conflict shall be
13 resolved by the Governor, whose decision shall be binding."

15 **PART III. COASTAL HABITAT PROTECTION PLANS; FISHERY**
16 **MANAGEMENT PLANS**
17

18 Section 3.1. Article 7 of Chapter 143B of the General Statutes is
19 amended by adding a new section to read:

20 "§ 143B-279.8. Coastal Habitat Protection Plans.

21 (a) The Department shall coordinate the preparation of draft Coastal Habitat
22 Protection Plans for critical fisheries habitats. The Department shall use the staff of
23 those divisions within the Department that have jurisdiction over marine fisheries,
24 water quality, and coastal area management in the preparation of the Coastal Habitat
25 Protection Plans and shall request assistance from other federal and State agencies as
26 necessary. The plans shall:

27 (1) Describe and classify biological systems in the habitats, including
28 wetlands, fish spawning grounds, estuarine or aquatic endangered
29 or threatened species, primary or secondary nursery areas, shellfish
30 beds, submerged aquatic vegetation (SAV) beds, and habitats in
31 outstanding resource waters.

32 (2) Evaluate the function, value to coastal fisheries, status, and trends
33 of the habitats.

34 (3) Identify existing and potential threats to the habitats and the
35 impact on coastal fishing.

36 (4) Recommend actions to protect and restore the habitats.

37 (b) Once a draft Coastal Habitat Protection Plan has been prepared, the chairs of
38 the Coastal Resources Commission, the Environmental Management Commission,
39 and the Marine Fisheries Commission shall each appoint two members of the
40 commission he or she chairs to a six-member review committee. The six-member
41 review committee, in consultation with the Department, shall review the draft Plan
42 and may revise the draft Plan on a consensus basis. The draft Plan, as revised by the
43 six-member review committee, shall then be submitted to the Coastal Resources
44 Commission, the Environmental Management Commission, and the Marine Fisheries

1 Commission, each of which shall independently consider the Plan for adoption. If
2 any of the three commissions is unable to agree to any aspect of a Plan, the chair of
3 each commission shall refer that aspect of the Plan to a six-member conference
4 committee to facilitate the resolution of any differences. The six-member conference
5 committee shall be appointed in the same manner as a six-member review committee
6 and may include members of the six-member review committee that reviewed the
7 Plan. Each final Coastal Habitat Protection Plan shall consist of those provisions
8 adopted by all three commissions. The three commissions shall review and revise
9 each Coastal Habitat Protection Plan at least once every five years.

10 (c) In carrying out their powers and duties, the Coastal Resources Commission,
11 the Environmental Management Commission, and the Marine Fisheries Commission
12 shall ensure, to the maximum extent practicable, that their actions are consistent with
13 the Coastal Habitat Protection Plans as adopted by the three commissions. The
14 obligation to act in a manner consistent with a Coastal Habitat Protection Plan is
15 prospective only and does not oblige any commission to modify any rule adopted,
16 permit decision made, or other action taken prior to the adoption or revision of the
17 Coastal Habitat Protection Plan by the three commissions. The Coastal Resources
18 Commission, the Environmental Management Commission, and the Marine Fisheries
19 Commission shall adopt rules to implement Coastal Habitat Protection Plans in
20 accordance with Chapter 150B of the General Statutes.

21 (d) If any of the three commissions concludes that another commission has taken
22 an action that is inconsistent with a Coastal Habitat Protection Plan, that commission
23 may request a written explanation of the action from the other commission. A
24 commission shall provide a written explanation: (i) upon the written request of one
25 of the other two commissions, or (ii) upon its own motion if the commission
26 determines that it must take an action that is inconsistent with a Coastal Habitat
27 Protection Plan.

28 (e) The Coastal Resources Commission, the Environmental Management
29 Commission, and the Marine Fisheries Commission shall report to the Joint
30 Legislative Commission on Seafood and Aquaculture and the Environmental Review
31 Commission on progress in developing and implementing the Coastal Habitat
32 Protection Plans, including the extent to which the actions of the three commissions
33 are consistent with the Plans, on or before 1 September of each year."

34 (f) The Secretary of Environment, Health, and Natural Resources shall report to
35 the Environmental Review Commission within 30 days of the completion or
36 substantial revision of each draft Coastal Habitat Protection Plan. The
37 Environmental Review Commission shall review each draft Coastal Habitat
38 Protection Plan within 30 days of the date the draft Plan is submitted to the
39 Environmental Review Commission. The Environmental Review Commission may
40 submit comments and recommendations on the draft Plan to the Secretary within 30
41 days of the date the draft Plan is submitted by the Secretary."

42 Section 3.2. G.S. 143B-282(a)(1) is amended by adding a new sub-
43 subdivision to read:

1 "v. To approve Coastal Habitat Protection Plans as provided in
2 G.S. 143B-279.8."

3 Section 3.3. Part 1 of Article 7 of Chapter 113A of the General Statutes
4 is amended by adding a new section to read:

5 **"§ 113A-106.1. Adoption of Coastal Habitat Protection Plans.**

6 The Commission shall approve Coastal Habitat Protection Plans as provided in
7 G.S. 143B-279.8."

8 Section 3.4. Article 15 of Chapter 113 of the General Statutes is
9 amended by adding a new section to read:

10 **"§ 113-182.1. Fishery Management Plans.**

11 (a) The Department shall prepare proposed Fishery Management Plans for
12 adoption by the Marine Fisheries Commission for all commercially or recreationally
13 significant species or fisheries that comprise State marine or estuarine resources.
14 Proposed Fishery Management Plans shall be developed in accordance with the
15 Priority List, Schedule, and guidance criteria established by the Marine Fisheries
16 Commission under G.S. 143B-289.22.

17 (b) The goal of the plans shall be to ensure the long-term viability of the State's
18 commercially and recreationally significant species or fisheries. Each plan shall be
19 designed to reflect fishing practices so that one plan may apply to a specific fishery,
20 while other plans may be based on gear or geographic areas. Each plan shall:

21 (1) Contain necessary information pertaining to the fishery or fisheries,
22 including management goals and objectives, status of relevant fish
23 stocks, stock assessments for multiyear species, fishery habitat and
24 water quality considerations consistent with Coastal Habitat
25 Protection Plans adopted pursuant to G.S. 143B-279.8, social and
26 economic impact of the fishery to the State, and user conflicts.

27 (2) Recommend management actions pertaining to the fishery or
28 fisheries.

29 (3) Include conservation and management measures that prevent
30 overfishing, while achieving, on a continuing basis, the optimal
31 yield from each fishery.

32 (c) To assist in the development of each Fishery Management Plan, the Chair of
33 the Marine Fisheries Commission shall appoint an Advisory Council. Each Advisory
34 Council shall be composed of commercial fishermen, recreational fishermen, and
35 scientists, all with expertise in the fishery for which the Fishery Management Plan is
36 being developed.

37 (d) Each Fishery Management Plan shall be revised at least once every three
38 years. The Marine Fisheries Commission may revise the Priority List and guidance
39 criteria whenever it determines that a revision of the Priority List or guidance criteria
40 will facilitate or improve the development of Fishery Management Plans or is
41 necessary to restore, conserve, or protect the marine and estuarine resources of the
42 State. The Marine Fisheries Commission may not revise the Schedule for the
43 development of a Fisheries Management Plan, once adopted, without the approval of
44 the Secretary of Environment, Health, and Natural Resources.

1 (e) The Secretary of Environment, Health, and Natural Resources shall monitor
2 progress in the development and adoption of Fishery Management Plans in relation
3 to the Schedule for development and adoption of the plans established by the Marine
4 Fisheries Commission. If the Secretary determines that the Division of Marine
5 Fisheries has failed to develop or the Marine Fisheries Commission has failed to
6 adopt a Fishery Management Plan in compliance with the Schedule, the Secretary
7 may issue a proclamation prohibiting the taking of species to which the Plan would
8 apply. The completion of any act within 30 days of the time specified by the
9 Schedule constitutes compliance with the Schedule. A proclamation issued pursuant
10 to this subsection is not subject to Article 2A of Chapter 150B of the General
11 Statutes.

12 (f) The Secretary of Environment, Health, and Natural Resources shall report to
13 the Joint Legislative Commission on Seafood and Aquaculture and the
14 Environmental Review Commission on progress in developing and implementing the
15 Fishery Management Plans on or before 1 September of each year. The Secretary of
16 Environment, Health, and Natural Resources shall report to the Joint Legislative
17 Commission on Seafood and Aquaculture and the Environmental Review
18 Commission within 30 days of the completion or substantial revision of each
19 proposed Fishery Management Plan. The Joint Legislative Commission on Seafood
20 and Aquaculture and the Environmental Review Commission shall review each
21 proposed Fishery Management Plan within 30 days of the date the proposed Plan is
22 submitted to the commission. The Joint Legislative Commission on Seafood and
23 Aquaculture and the Environmental Review Commission may submit comments and
24 recommendations on the proposed Plan to the Secretary within 30 days of the date
25 the proposed Plan is submitted by the Secretary.

26 (g) The Marine Fisheries Commission shall adopt rules to implement Fishery
27 Management Plans in accordance with Chapter 150B of the General Statutes."

28 Section 3.5. G.S. 113-129 is amended by adding two new subdivisions to
29 read:

30 "(12a) Optimal yield. -- The amount of fish that:
31 a. Will provide the greatest overall benefit to the State,
32 particularly with respect to food production and recreational
33 opportunities, and taking into account the protection of
34 marine ecosystems;
35 b. Is prescribed on the basis of the maximum sustainable yield
36 from the fishery, as reduced by any relevant economic,
37 social, or ecological factor; and
38 c. In the case of an overfished fishery, provides for rebuilding
39 to a level consistent with producing the maximum
40 sustainable yield in the fishery.

41 (12b) Overfishing or overfished. -- A rate or level of fishing mortality
42 that jeopardizes the capacity of a fishery to produce the maximum
43 sustainable yield on a continuing basis."

21 guilty of a ~~Class 2~~ Class A1 misdemeanor. The violations of the statute or the rules
22 for which the penalty is mandatory are:

37 Section 4.2. Article 15 of Chapter 113 of the General Statutes is
38 amended by adding a new section to read:

39 **"§ 113-190. Unlawful sale or purchase of fish; criminal and civil penalties.**

2 Marine Fisheries Commission to implement that section is guilty of a Class A1
3 misdemeanor.

4 (c) A civil penalty of not more than ten thousand dollars (\$10,000) may be
5 assessed by the Secretary against any person who sells fish in violation of G.S.

17 the notice of assessment. Remission requests must be accompanied by a waiver of the
18 right to a contested case hearing pursuant to Chapter 150B of the General Statutes
19 and a stipulation of the facts on which the assessment was based. Consistent with the
20 limitations in G.S. 143B-289.23(c), remission requests may be resolved by the
21 Secretary and the violator. If the Secretary and the violator are unable to resolve the
22 request, the Secretary shall deliver remission requests and his recommended action to
23 the Committee on Civil Penalty Remissions of the Marine Fisheries Commission
24 appointed pursuant to G.S. 143B-289.23(c).

25 (g) If any civil penalty has not been paid within 30 days after notice of assessment
26 has been served on the violator, the Secretary shall request the Attorney General to
27 institute a civil action in the superior court of any county in which the violator

41 particular rules of the Commission which may be affected by variable conditions.
42 Such proclamations are to be issued by the Fisheries Director or by a person
43 designated by the Fisheries Director. All proclamations must state the hour and date
44 upon which they become effective and must be issued at least 48 hours in advance of

1 the effective date and time. In those situations in which the proclamation prohibits
2 the taking of certain fisheries resources for reasons of public health, the proclamation
3 can be made effective immediately upon issuance. Notwithstanding any other
4 provisions of this subsection, a proclamation can be issued at least 12 hours in
5 advance of the effective date and time to reopen the taking of certain fisheries
6 resources closed for reason of public health through a prior proclamation made
7 effective immediately upon issuance. Persons violating any proclamation which is
8 made effective immediately shall not be charged with a criminal offense during the
9 time between the issuance and 48 hours after such issuance unless such person had
10 actual notice of the issuance of such proclamation. Fisheries resources taken or
11 possessed by any person in violation of any proclamation may be seized regardless of
12 whether such person had actual notice of the proclamation. A permanent file of the
13 text of all proclamations shall be maintained in the office of the Fisheries Director.
14 Certified copies of proclamations are entitled to judicial notice in any civil or
15 criminal proceeding.

16 The Fisheries Director must make every reasonable effort to give actual notice of

18 Reasonable effort includes press releases to communications media, posting of notices
19 at docks and other places where persons affected may gather, personal
20 communication by inspectors and other agents of the Fisheries Director, and such
21 other measures designed to reach the persons who may be affected. The Fisheries
22 Director may determine, on a case-by-case basis and at the Fisheries Director's sole
23 discretion, that a proclamation did not apply to an individual licensee when an act of
24 God occurred that prevented the licensee from receiving notice of the proclamation."

25 Section 4.4. The Marine Fisheries Commission shall develop a Violation
26 Points System applicable to the fishing licenses of all persons who violate marine
27 fisheries statutes or rules. In developing this system, the Marine Fisheries
28 Commission shall consider the recommendations made in the Final Report of the
29 Moratorium Steering Committee and the suspension, revocation, and reissuance
30 procedures under G.S. 113-166. The Marine Fisheries Commission shall also develop
31 an implementation schedule for the Violation Points System. The Marine Fisheries
32 Commission shall report to the Joint Legislative Commission on Seafood and
33 Aquaculture no later than 1 July 1999, on the development of the Violation Points
34 System and the implementation schedule.

10 (b) Purchase; Renewal. -- A person may purchase a SCFL at any office of the

27 North Carolina residents shall certify that their conviction record in their state of
28 residence is such that they would not be denied a license under the standards in G.S.

24 identification of the licensee as a commercial fisherman.

25 (i) Record-Keeping Requirements. -- The fish dealer shall record each transaction
26 at the time and place of landing on a form provided by the Division. The transaction

40 time the application is made.

41 (c) Transfer. -- The holder of a RSCFL may transfer the RSCFL as provided in
42 G.S. 113-168.2 or, upon retirement from commercial fishing, to a third-party
43 purchaser of the RSCFL holder's fishing vessel. If the third-party purchaser is less

1 than 65 years of age, that purchaser shall pay the fee for the SCFL set forth in G.S.
2 113-168.2.

3 (d) Assignment. -- The RSCFL shall not be assignable.

4 **"§ 113-168.4. Regulations concerning the sale of fish.**

5 (a) Except as otherwise provided in this section, it is unlawful for any person who
6 takes or lands any species of fish under the authority of the Commission from coastal
7 fishing waters by any means whatever, including mariculture operations, to sell, offer
8 for sale, barter or exchange for merchandise these fish, without holding a current and

12 time of the transaction. Any subsequent sale of fish shall be subject to the licensing
13 requirements of fish dealers under G.S. 113-169.3.

14 (b) It is unlawful for any person licensed under this section to sell fish taken
15 outside the territorial waters of the State or to sell fish taken from coastal fishing

24 upon application to the Division and payment of a fee of one hundred dollars
25 (\$100.00). A recreational fishing tournament is an organized fishing competition
26 occurring within a specified time period not to exceed one week and that is not a
27 commercial fishing operation. Proceeds derived from the sale of fish may be used

42 vessel that lists a home port in the State under 42 U.S.C. §
43 12101, et seq., as amended.

- 1 (2) It is unlawful to use a vessel in a commercial fishing operation in
2 the coastal fishing waters of the State without a vessel endorsement
3 of the license required under this Article for that commercial
4 fishing operation. It is unlawful to use a North Carolina vessel to
5 land or sell fish in the State that are taken during a commercial
6 fishing operation outside the coastal fishing waters of the State
7 without a vessel endorsement of the license required under this
8 Article for that commercial fishing operation. No endorsement is
9 required, however, for a vessel of any length that does not have a
10 motor if the vessel is used only in connection with another vessel
11 for which the required license has been properly endorsed.
- 12 (3) The fee for a vessel endorsement shall be determined by the length
13 of the vessel and shall be in addition to the fee for a SCFL,
14 RSCFL, or shellfish license. The length of a vessel shall be
15 determined by measuring the distance between the ends of the
16 vessel along the deck and through the cabin, excluding the sheer.
17 The fee for a vessel endorsement is:
- 18 a. One dollar (\$1.00) per foot for a vessel not over 18 feet in
19 length.
- 20 b. One dollar and fifty cents (\$1.50) per foot for a vessel over
21 18 feet but not over 38 feet in length.
- 22 c. Three dollars (\$3.00) per foot for a vessel over 38 feet but
23 not over 50 feet in length.
- 24 d. Six dollars (\$6.00) per foot for a vessel over 50 feet in
25 length.
- 26 (4) A vessel endorsement may be assigned as provided in G.S.
27 113-168.2(f).
- 28 (5) When the owner of a vessel for which a SCFL, RSCFL, or shellfish
29 license has been endorsed transfers ownership of the vessel to a
30 holder of a SCFL, RSCFL, or shellfish license, the vessel
31 endorsement may be transferred from the former owner's SCFL,
32 RSCFL, or shellfish license to the new owner's SCFL, RSCFL, or
33 shellfish license upon the request of the new owner. The new
34 owner of the vessel shall notify the Division of the change in
35 ownership and request that the vessel endorsement be transferred
36 within 30 days of the date on which the transfer of ownership
37 occurred. The notification of a change in the ownership of a
38 vessel and request that the vessel endorsement be transferred shall
39 be made on a form provided by the Division and shall be
40 accompanied by satisfactory proof of the transfer of vessel
41 ownership. Transfer of vessel ownership may be proven by a
42 notarized copy of: (i) the bill of sale; (ii) a temporary vessel
43 registration; or (iii) a vessel documentation transfer.

1 (c) Menhaden Endorsements. -- Except as provided in G.S. 113-169, it is unlawful
2 to use a vessel to take menhaden by purse seine in the coastal fishing waters of the
3 State, to land menhaden in the State, or to sell menhaden from a vessel in the State
4 without obtaining a menhaden endorsement of a SCFL or RSCFL. The fee for a
5 menhaden endorsement shall be two dollars (\$2.00) per ton, based on gross tonnage
6 as determined by the custom house measurement for the mother ship. The
7 menhaden endorsement shall be required for the mother ship but no separate
8 endorsement shall be required for a purse boat carrying a purse seine. The
9 application for a menhaden endorsement must state the name of the person in
10 command of the vessel. Upon a change in command of a menhaden vessel, the
11 owner must notify the Division in writing within 30 days.

12 (d) Shellfish Endorsement for North Carolina Residents. -- The Division shall
13 issue a shellfish endorsement of a SCFL or RSCFL to a North Carolina resident at
14 no charge.

15 **"§ 113-169. Menhaden license for nonresidents not eligible for a SCFL.**

16 A person who is not a resident of North Carolina, who is not eligible for a SCFL
17 under this Article, and who only seeks to engage in menhaden fishing is eligible to
18 purchase a menhaden license for nonresidents. The fee for the menhaden license for
19 nonresidents shall be two dollars (\$2.00) per ton, gross tonnage, customhouse
20 measurements for the mother ship. The menhaden license for nonresidents shall be
21 required for the mother ship to take, land, or sell menhaden in North Carolina taken
22 by purse seine. No separate endorsement shall be required for a purse boat carrying
23 a purse seine. The application for a menhaden license for nonresidents must state the
24 name of the person in command of the vessel. Upon change in command of a
25 menhaden vessel, the owner must notify the Division within 30 days.

26 **"§ 113-169.1. Permits for gear, equipment, and other specialized activities authorized.**

27 The Commission may adopt rules to establish permits for gear, equipment, and
28 specialized activities, including commercial fishing operations that do not involve the
29 use of a vessel and transplanting oysters or clams. The Commission shall establish a
30 fee for each permit in an amount that compensates the Division for the actual
31 administrative costs associated with the permit but that does not exceed fifty dollars
32 (\$50.00) per permit.

33 **"§ 113-169.2. Shellfish license for North Carolina residents without a SCFL.**

34 (a) License or Endorsement Necessary to Take or Sell Shellfish. -- It is unlawful
35 for an individual to take shellfish from the public grounds of the State by mechanical
36 means or for commercial use by any means without holding either a shellfish license
37 or a shellfish endorsement of a SCFL or RSCFL. A North Carolina resident who
38 seeks only to take and sell shellfish shall be eligible to purchase a shellfish license
39 without holding a SCFL or RSCFL. The license includes the privilege to sell shellfish
40 to a licensed fish dealer.

41 (b) Purchase; Renewal. -- A person may purchase a shellfish license at any office
42 of the Division. The shellfish license and endorsements may be renewed by mail by
43 forwarding a completed application, including applicable fees, to the Division's
44 Morehead City Office. Any person who is issued a shellfish license is eligible to

1 renew the shellfish license and any endorsements if the shellfish license has not been
2 suspended or revoked.

3 (c) Fees. -- Shellfish licenses shall be issued annually upon payment of a fee of
4 twenty-five dollars (\$25.00) upon proof that the license applicant is a resident of
5 North Carolina.

6 (d) License Available for Inspection. -- It is unlawful for any individual to take
7 shellfish for commercial use from the public grounds of the State without having
8 ready at hand for inspection a current and valid shellfish license issued to the licensee
9 personally and bearing the licensee's correct name and address. It is unlawful for any
10 individual taking or possessing freshly taken shellfish to refuse to exhibit the
11 individual's license upon the request of an officer authorized to enforce the fishing
12 laws.

13 (e) Vessel Endorsement Required. -- A license holder under this section shall be
14 required to purchase a vessel endorsement under G.S. 113-168.5 if a vessel is used in
15 the take or sale of shellfish. A vessel endorsement of a shellfish license does not
16 authorize the use of the vessel for any commercial fishing operation other than the
17 taking or selling of shellfish.

18 (f) Name or Address Change. -- In the event of a change in name or address or
19 upon receipt of an erroneous shellfish license, the licensee shall, within 30 days, apply
20 for a replacement shellfish license bearing the correct name and address. Upon a
21 showing by the individual that the name or address change occurred within the past
22 30 days, the trial court or prosecutor shall dismiss any charges brought pursuant to
23 this subsection.

24 (g) Transfer Prohibited. -- It is unlawful for an individual issued a shellfish license
25 to transfer or offer to transfer the license, either temporarily or permanently, to
26 another. It is unlawful for an individual to secure or attempt to secure a shellfish
27 license from a source not authorized by the Commission.

28 (h) Taking and Selling Shellfish Without a License. -- Persons under the age of 18
29 years of age may take and sell shellfish from the public or private grounds of the
30 State during the period from May 15 through September 1 of each year without
31 holding a shellfish license under this section.

32 (i) Taking Shellfish Without a License for Personal Use. --

33 (1) A person may take shellfish for personal use without obtaining a
34 license under this section in quantities up to:

35 a. One bushel of oysters per day.

36 b. One-half bushel of scallops per day.

37 c. One hundred clams per day.

38 (2) Two or more persons who are using a vessel to take shellfish may
39 take shellfish for personal use without obtaining a license under
40 this section in quantities up to:

41 a. Two bushels of oysters per day.

42 b. One bushel of scallops per day.

43 c. Two hundred clams per day.

44 "§ 113-169.3. Licenses for fish dealers.

1 (a) Eligibility. -- A fish dealer license shall be issued to a North Carolina resident
2 upon receipt of a proper application in the Morehead City Office of the Division
3 together with all license fees including the total number of dealer categories set forth
4 in this section. The license shall be issued in the name of the applicant and shall
5 include all dealer categories on the license.

6 (b) Application for License. -- Applications shall not be accepted from persons
7 ineligible to hold a license issued by the Division, including any applicant whose
8 license is suspended or revoked on the date of the application. The applicant shall be
9 provided with a copy of the application marked received. The copy shall serve as the
10 fish dealer's license until the license issued by the Division is received, or the
11 Division determines that the applicant is ineligible to hold a license. Where an
12 applicant does not have an established location for transacting the fisheries business
13 within the State, the license application shall be denied unless the applicant satisfies
14 the Secretary that his residence, or some other office or address within the State, is a
15 suitable substitute for an established location and that records kept in connection
16 with licensing, sale, and purchase requirements will be available for inspection when
17 necessary. Fish dealers' licenses are issued on a fiscal year basis upon payment of a
18 fee as set forth herein upon proof, satisfactory to the Secretary, that the license
19 applicant is a North Carolina resident.

20 (c) License Requirement. -- Except as otherwise provided in this section, it is
21 unlawful for any person not licensed pursuant to this article:

22 (1) To buy fish for resale from any person involved in a commercial
23 fishing operation that takes any species of fish from coastal fishing
24 waters. For purposes of this subdivision, a retailer who purchases
25 fish from a fish dealer shall not be liable if the fish dealer has not
26 complied with the licensing requirements of this section;

27 (2) To sell fish to the public; or

28 (3) To sell to the public any species of fish under the authority of the
29 Commission taken from coastal fishing waters.

30 Any person subject to the licensing requirements of this section is a fish dealer.
31 Any person subject to the licensing requirements of this section shall obtain a
32 separate license for each physical location conducting activities required to be
33 licensed under this section.

34 (d) Exceptions to License Requirements. -- The Commission may adopt rules to
35 implement this subsection including rules to clarify the status of the listed classes of
36 exempted persons, require submission of statistical data, and require that records be
37 kept in order to establish compliance with this section. Any person not licensed
38 pursuant to this section is exempt from the licensing requirements of this section if all
39 fish handled within any particular licensing category meet one or more of the
40 following requirements:

41 (1) The fish are sold by persons whose dealings in fish are primarily
42 educational, scientific, or official, and who have been issued a
43 permit by the Division that authorizes the educational, scientific, or

- 1 official agency to sell fish taken or processed in connection with
2 research or demonstration projects;
- 3 (2) The fish are sold by individual employees of fish dealers when
4 transacting the business of their duly licensed employer;
- 5 (3) The fish are shipped to a person by a dealer from without the
6 State;
- 7 (4) The fish are of a kind the sale of which is regulated exclusively by
8 the Wildlife Resources Commission; or
- 9 (5) The fish are purchased from a licensed dealer.
- 10 (e) Application Fee for New Fish Dealers. -- An applicant for a new fish dealer
11 license shall pay a nonrefundable application fee of fifty dollars (\$50.00) in addition
12 to the license category fees set forth in this section.
- 13 (f) License Category Fees. -- Every fish dealer subject to licensing requirements
14 shall secure an annual license at each established location for each of the following
15 activities transacted there, upon payment of the fee set out:
- 16 (1) Dealing in oysters: \$50.00;
17 (2) Dealing in scallops: \$50.00;
18 (3) Dealing in clams: \$50.00;
19 (4) Dealing in hard or soft crabs: \$50.00;
20 (5) Dealing in shrimp, including bait: \$50.00;
21 (6) Dealing in finfish, including bait: \$50.00;
22 (7) Operating menhaden or other fish-dehydrating or oil-extracting
23 processing plants: \$50.00; or
24 (8) Consolidated license (all categories): \$300.00.
- 25 Any person subject to fish dealer licensing requirements who deals in fish not
26 included in the above categories shall secure a finfish dealer license. The Commission
27 may adopt rules implementing and clarifying the dealer categories of this subsection.
28 Bait operations shall be licensed under either the finfish or shrimp dealer license
29 categories.
- 30 (g) License Format. -- The format of the license shall include the name of the
31 licensee, date of birth, name and physical address of each business location,
32 expiration date of the license, and any other information the Division deems
33 necessary to accomplish the purposes of this Subchapter.
- 34 (h) Application for Replacement License. -- A replacement license shall only be
35 obtained from an office of the Division. The Division shall not accept an application
36 for a replacement license unless the Division determines that the applicant's current
37 license has not been suspended or revoked. A copy of an application duly filed with
38 the Division shall serve as the license until the replacement license has been received.
- 39 (i) Purchase and Sale of Fish. -- It is unlawful for a fish dealer to buy fish unless
40 the seller possesses a current and valid SCFL, RSCFL, shellfish license, menhaden
41 license for nonresidents, or a special fisheries sale permit issued under G.S.
42 113-168.4(c), and the dealer records the transaction consistent with the
43 record-keeping requirements of G.S. 113-168.2(i). It is unlawful for any person to

1 purchase, possess, or sell fish taken from coastal fishing waters in violation of this
2 Subchapter or the rules adopted by the Commission implementing this Subchapter.

3 (j) Transfer Prohibited. -- Any fish dealer license issued under this section is
4 nontransferable. It is unlawful to use a fish dealer license issued to another person in
5 the sale or attempted sale of fish or for a licensee to lend or transfer a fish dealer
6 license for the purpose of circumventing the requirements of this section.

7 **"§ 113-169.4. Licensing of ocean fishing piers; fees.**

8 (a) The owner or operator of an ocean fishing pier within the coastal fishing
9 waters who charges the public a fee to fish in any manner from the pier shall secure a
10 current and valid pier license from the Division. An application for a pier license
11 shall disclose the names of all parties involved in the pier operations, including the
12 owner of the property, owner of the pier if different, and all leasehold or other
13 corporate arrangements, and all persons with a substantial financial interest in the
14 pier.

15 (b) Within 30 days following a change of ownership of a pier, or a change as to
16 the manager, the manager or new manager shall secure a replacement pier license
17 from the Division. The replacement license is issued without charge.

18 (c) Pier licenses are issued upon payment of fifty cents (50¢) per linear foot, to
19 the nearest foot, that the pier extends into coastal fishing waters beyond the mean
20 high waterline. The length of the pier shall be measured to include all extensions of
21 the pier.

22 (d) The manager who secures the pier license shall be the individual with the duty
23 of executive-level supervision of pier operations.

24 **"§ 113-169.5. Land or sell license; vessels fishing beyond territorial waters.**

25 (a) Persons aboard vessels not having their primary situs in the State that are
26 carrying a cargo of fish taken outside the waters of the State may land or sell their
27 catch in the State by purchasing a land or sell license as set forth in this section with
28 respect to the vessel in question. The Commission may by rule modify the land or sell
29 licensing procedure in order to devise an efficient and convenient procedure for
30 licensing out-of-state vessels to only land, or after landing to permit sale of cargo.

31 (b) The fee for a land or sell license for a vessel not having its primary situs in
32 North Carolina is two hundred dollars (\$200.00), or an amount equal to the
33 nonresident fee charged by the nonresident's state, whichever is greater. Persons
34 aboard vessels having a primary situs in a jurisdiction that would allow North
35 Carolina vessels without restriction to land or sell their catch, taken outside the
36 jurisdiction, may land or sell their catch in the State without complying with this
37 section if the persons are in possession of a valid license from their state of residence.

38 **"§ 113-170. Exportation and importation of fish and equipment.**

39 The Commission may adopt rules governing the importation and exportation of
40 fish, and equipment that may be used in taking or processing fish, as necessary to
41 enhance the conservation of marine and estuarine resources of the State. These rules
42 may regulate, license, prohibit, or restrict importation into the State and exportation
43 from the State of any and all species of fish that are native to coastal fishing waters or
44 may thrive if introduced into these waters.

1 **"§ 113-170.1. Nonresidents reciprocal agreements.**

2 Persons who are not North Carolina residents are not entitled to obtain licenses
3 under the provisions of this Article except as provided in this section. Residents of
4 jurisdictions that sell commercial fishing licenses to North Carolina residents are
5 entitled to North Carolina commercial fishing licenses under the provisions of G.S.
6 113-168.2. Licenses may be restricted in terms of area, gear, and fishery by the
7 Commission so that the nonresidents are licensed to engage in North Carolina
8 fisheries on the same or similar terms that North Carolina residents can be licensed to
9 engage in the fisheries of other jurisdictions. The Secretary may enter into reciprocal
10 agreements with other jurisdictions as necessary to allow nonresidents to obtain
11 commercial fishing licenses in the State subject to the foregoing provisions.

12 **"§ 113-170.2. Fraud or deception as to licenses, permits, or records.**

13 (a) It is unlawful for any person to give any false information or willfully to omit
14 giving required information to the Division or any license agent when the information
15 is material to the securing of any license or permit under this Article. It is unlawful
16 to falsify, fraudulently alter, or counterfeit any license, permit, identification, or
17 record to which this Article applies or otherwise practice any fraud or deception
18 designed to evade the provisions of this Article or reasonable administrative
19 directives made under the authority of this Article.

20 (b) A violation of this section is punishable by a fine of not less than one hundred
21 dollars (\$100.00) nor more than five hundred dollars (\$500.00).

22 **"§ 113-170.3. Record-keeping requirements.**

23 (a) The Commission may require all licensees under this Article to keep and to
24 exhibit upon the request of an authorized agent of the Department records and
25 accounts as may be necessary to the equitable and efficient administration and
26 enforcement of this Article. In addition, licensees may be required to keep additional
27 information of a statistical nature or relating to location of catch as may be needed to
28 determine conservation policy. Records and accounts required to be kept must be
29 preserved for inspection for not less than three years.

30 (b) It is unlawful for any licensee to refuse or to neglect without justifiable excuse
31 to keep records and accounts as may be reasonably required. The Department may
32 distribute forms to licensees to aid in securing compliance with its requirements, or it
33 may inform licensees of requirements in other effective ways such as distributing
34 memoranda and sending agents of the Department to consult with licensees who have
35 been remiss. Detailed forms or descriptions of records, accounts, collection and
36 inspection procedures, and the like that reasonably implement the objectives of this
37 Article need not be embodied in rules of the Commission in order to be validly
38 required.

39 (c) The following records collected and compiled by the Department shall not be
40 considered public records within the meaning of Chapter 132 of the General Statutes,
41 but shall be confidential and shall be used only for the equitable and efficient
42 administration and enforcement of this Article or for determining conservation
43 policy, and shall not be disclosed except when required by the order of a court of
44 competent jurisdiction: all records, accounts, and reports that licensees are required

1 by the Commission to make, keep, and exhibit pursuant to the provisions of this
2 section, and all records, accounts, and memoranda compiled by the Department from
3 records, accounts, and reports of licensees and from investigations and inspections,
4 containing data and information concerning the business and operations of licensees
5 reflecting their assets, liabilities, inventories, revenues, and profits; the number,
6 capacity, capability, and type of fishing vessels owned and operated; the type and
7 quantity of fishing gear used; the catch of fish or other seafood by species in numbers,
8 size, weight, quality, and value; the areas in which fishing was engaged in; the
9 location of catch; the time of fishing, number of hauls, and the disposition of the fish
10 and other seafood. The Department may compile statistical information in any
11 aggregate or summary form that does not directly or indirectly disclose the identity of
12 any licensee who is a source of the information, and any compilation of statistical
13 information by the Department shall be a public record open to inspection and
14 examination by any person, and may be disseminated to the public by the
15 Department.

16 **§ 113-170.4. Rules as to possession, transportation, and disposition of fisheries**
17 **resources.**

18 The Commission may adopt rules governing possession, transportation, and
19 disposition of fisheries resources by all persons, including those not subject to fish
20 dealer licensing requirements, in order that inspectors may adequately distinguish
21 regulated coastal fisheries resources from those not so regulated and enforce the
22 provisions of this Article equitably and efficiently. These rules may include
23 requirements as to giving notice, filing declarations, securing permits, marking
24 packages, and the like.

25 **§ 113-170.5. Violations with respect to coastal fisheries resources.**

26 It is unlawful to take, possess, transport, process, sell, buy, or in any way deal in
27 coastal fisheries resources without conforming with the provisions of this Article or of
28 rules adopted under the authority of this Article.

29 **§ 113-171. Suspension, revocation, and reissuance of licenses.**

30 (a) Upon receipt of reliable notice that a person licensed under this Article has
31 had imposed against the person a conviction of a criminal offense within the
32 jurisdiction of the Department under the provisions of this Subchapter or of rules of
33 the Commission adopted under the authority of this Subchapter, the Secretary must
34 suspend or revoke all licenses held by the person in accordance with the terms of this
35 section. Reliable notice includes information furnished the Secretary in prosecution
36 or other reports from inspectors. As used in this section, a conviction includes a plea
37 of guilty or nolo contendere, any other termination of a criminal prosecution
38 unfavorably to the defendant after jeopardy has attached, or any substitute for
39 criminal prosecution whereby the defendant expressly or impliedly confesses the
40 defendant's guilt. In particular, procedures whereby bond forfeitures are accepted in
41 lieu of proceeding to trial and cases indefinitely continued upon arrest of judgment or
42 prayer for judgment continued are deemed convictions. The Secretary may act to
43 suspend or revoke licenses upon the basis of any conviction in which:

44 (1) No notice of appeal has been given;

1 (2) The time for appeal has expired without an appeal having been
2 perfected; or

3 (3) The conviction is sustained on appeal. Where there is a new trial,
4 finality of any subsequent conviction will be determined in the
5 manner set out above.

6 (b) The Secretary must initiate an administrative procedure designed to give the
7 Secretary systematic notice of all convictions of criminal offenses by licensees
8 covered by subsection (a) of this section above and keep a file of all convictions
9 reported. Upon receipt of notice of conviction, the Secretary must determine whether
10 it is a first, a second, a third, or a fourth or subsequent conviction of some offense
11 covered by subsection (a). In the case of second convictions, the Secretary must
12 suspend all licenses issued to the licensee for a period of 10 days. In the case of third
13 convictions, the Secretary must suspend all licenses issued to the licensee for a period
14 of 30 days. In the case of fourth or subsequent convictions, the Secretary must
15 revoke all licenses issued to the licensee. Where several convictions result from a
16 single transaction or occurrence, they are to be treated as a single conviction so far as
17 suspension or revocation of the licenses of any licensee is concerned. Anyone
18 convicted of taking or of knowingly possessing, transporting, buying, selling, or
19 offering to buy or sell oysters or clams from areas closed because of suspected
20 pollution will be deemed by the Secretary to have been convicted of two separate
21 offenses on different occasions for license suspension or revocation purposes.

22 (c) Where a license has been suspended or revoked, the former licensee is not
23 eligible to apply for reissuance of license or for any additional license authorized in
24 this Article during the suspension or revocation period. Licenses must be returned to
25 the licensee by the Secretary or the Secretary's agents at the end of a period of
26 suspension. Where there has been a revocation, application for reissuance of license
27 or for an additional license may not be made until six months following the date of
28 revocation. In such case of revocation, the eligible former licensee must satisfy the
29 Secretary that the licensee will strive in the future to conduct the operations for
30 which the license is sought in accord with all applicable laws and rules. Upon the
31 application of an eligible former licensee after revocation, the Secretary, in the
32 Secretary's discretion, may issue one license sought but not another, as deemed
33 necessary to prevent the hazard of recurring violations of the law.

34 (d) Upon receiving reliable information of a licensee's conviction of a second or
35 subsequent criminal offense covered by subsection (a) of this section, the Secretary
36 shall promptly cause the licensee to be personally served with written notice of
37 suspension or revocation, as the case may be. The written notice may be served upon
38 any responsible individual affiliated with the corporation, partnership, or association
39 where the licensee is not an individual. The notice of suspension or revocation may
40 be served by an inspector or other agent of the Department, must state the ground
41 upon which it is based, and takes effect immediately upon personal service. The
42 agent of the Secretary making service shall then or subsequently, as may be feasible
43 under the circumstances, collect all license certificates and plates and other forms or

1 records relating to the license as directed by the Secretary. It is unlawful for any
2 licensee willfully to evade the personal service prescribed in this subsection.

3 (e) A licensee served with a notice of suspension or revocation may obtain an
4 administrative review of the suspension or revocation by filing a petition for a
5 contested case under G.S. 150B-23 within 20 days after receiving the notice. The
6 only issue in the hearing shall be whether the licensee was convicted of a criminal
7 offense for which a license must be suspended or revoked. A license remains
8 suspended or revoked pending the final decision by the Secretary.

9 (f) If the Secretary refuses to reissue the license of or issue an additional license to
10 an applicant whose license was revoked, the applicant may contest the decision by
11 filing a petition for a contested case under G.S. 150B-23 within 20 days after the
12 Secretary makes the decision. The Commission shall make the final agency decision
13 in a contested case under this subsection. An applicant whose license is denied
14 under this subsection may not reapply for the same license for at least six months.

15 (g) The Commission may adopt rules to provide for the disclosure of the identity
16 of any individual or individuals in responsible positions of control respecting
17 operations of any licensee that is not an individual. For the purposes of this section,
18 individuals in responsible positions of control are deemed to be individual licensees
19 and subject to suspension and revocation requirements in regard to any applications
20 for license they may make -- either as individuals or as persons in responsible
21 positions of control in any corporation, partnership, or association. In the case of
22 individual licensees, the individual applying for a license or licensed under this
23 Article must be the real party in interest.

24 (h) In determining whether a conviction is a second or subsequent offense under
25 the provisions of this section, the Secretary may not consider convictions for:

- 26 (1) Offenses that occurred three years prior to the effective date of this
27 Article; or
28 (2) Offenses that occurred more than three years prior to the time of
29 the latest offense the conviction for which is in issue as a
30 subsequent conviction.

31 **"§ 113-171.1. Use of spotter planes in commercial fishing operations regulated.**

32 (a) Spotter Plane Defined. -- A 'spotter plane' is an aircraft used for aerial
33 identification of the location of fish in coastal fishing waters so that a vessel may be
34 directed to the fish.

35 (b) License. -- Before an aircraft is used as a spotter plane in a commercial fishing
36 operation, the owner or operator of the aircraft must obtain a license for the aircraft
37 from the Division. The fee for a license for a spotter plane is one hundred dollars
38 (\$100.00). An applicant for a license for a spotter plane shall include in the
39 application the identity, either by boat or by company, of the specific commercial
40 fishing operations in which the spotter plane will be used during the license year. If,
41 during the course of the license year, the aircraft is used as a spotter plane in a
42 commercial fishing operation that is not identified in the original license application,
43 the owner or operator of the aircraft shall amend the license application to add the
44 identity of the additional commercial fishing operation.

1 (c) Unlawful Activity. -- It shall be unlawful to:

- 2 (1) Use a spotter plane directed at food fish, except in connection with
3 a purse seine operation authorized by a rule of the Commission.
4 (2) Use or permit the use of an unlicensed spotter plane or a licensed
5 spotter plane whose license application does not identify the
6 specific commercial fishing operation involved.
7 (3) Participate knowingly in a commercial fishing operation that uses
8 an unlicensed spotter plane or a licensed spotter plane whose
9 license application does not identify the specific commercial fishing
10 operation involved.

11 (d) Violation a Misdemeanor. -- A violation of subsection (c) of this section is a
12 Class 1 misdemeanor.

13 "§ 113-172. License agents.

14 (a) The Secretary shall designate license agents for the Department. At least one
15 license agent shall be designated for each county that contains or borders on coastal
16 fishing waters. The Secretary may designate additional license agents in any county if
17 the Secretary determines that additional agents are needed to provide efficient service
18 to the public. The Division and license agents designated by the Secretary under this
19 section shall issue licenses authorized under this Article in accordance with this
20 Article and the rules of the Commission. The Secretary shall require license agents
21 to enter into a contract that provides for their duties and compensation, post a bond,
22 and submit to reasonable inspections and audits. If a license agent violates any
23 provision of this Article, the rules of the Commission, or the terms of the contract,
24 the Secretary may initiate proceedings for the forfeiture of the license agent's bond
25 and may summarily suspend, revoke, or refuse to renew a designation as a license
26 agent and may impound or require the return of all licenses, moneys, record books,
27 reports, license forms and other documents, ledgers, and materials pertinent or
28 apparently pertinent to the license agency. The Secretary shall report evidence or
29 misuse of State property, including license fees, by a license agent to the State Bureau
30 of Investigation as provided by G.S. 114-15.1.

31 (b) License agents shall be compensated by adding a surcharge of one dollar
32 (\$1.00) to each license sold and retaining the surcharge. If more than one license is
33 listed on a consolidated license form, the license agent shall be compensated as if a
34 single license were sold. It is unlawful for a license agent to add more than the
35 surcharge authorized by this section to the fee for each license sold.

36 "§ 113-173. Recreational Commercial Gear License.

37 (a) License Required. -- Except as provided in subsection (j) of this section, it is
38 unlawful for any person to take or attempt to take fish for recreational purposes by
39 means of commercial fishing equipment or gear in coastal fishing waters without
40 holding a RCGL. As used in this section, fish are taken for recreational purposes if
41 the fish are not taken for the purpose of sale. The RCGL entitles the licensee to use
42 authorized commercial gear to take fish for personal use subject to recreational
43 quotas or limits.

1 (b) Sale of Fish Prohibited. -- It is unlawful for the holder of a RCGL or for a
2 person who is exempt under subsection (k) of this section to sell fish taken under the
3 RCGL or pursuant to the exemption.

4 (c) Authorized Commercial Gear. -- The Commission shall adopt rules
5 authorizing the use of a limited amount of commercial fishing equipment or gear for
6 recreational fishing under a RCGL. The Commission may authorize the limited use
7 of commercial gear on a uniform basis in all coastal fishing waters or may vary the
8 limited use of commercial gear within specified areas of the coastal fishing waters.
9 The Commission shall periodically evaluate and revise the authorized use of
10 commercial gear for recreational fishing. Authorized commercial gear shall be
11 identified by visible colored tags or other means specified by the Commission in
12 order to distinguish between commercial gear used in a commercial operation and
13 commercial gear used for recreational purposes.

14 (d) Purchase; Renewal. -- A RCGL may be purchased at designated offices of the
15 Division and from a license agent authorized under G.S. 113-172. A RCGL may be
16 renewed by mail.

17 (e) Replacement RCGL. -- Upon receipt of a proper application and a two-dollar
18 (\$2.00) replacement fee, the Division may issue a duplicate RCGL to replace an
19 unexpired RCGL that has been lost or destroyed.

20 (f) Duration; Fees. -- The RCGL shall be valid for a one-year period from the
21 date of purchase. The fee for a RCGL for a North Carolina resident shall be
22 thirty-five dollars (\$35.00). The fee for a RCGL for an individual who is not a North
23 Carolina resident shall be two hundred fifty dollars (\$250.00).

24 (g) RCGL Available for Inspection. -- It is unlawful for any person to engage in
25 recreational fishing by means of restricted commercial gear in the State without
26 having ready at hand for inspection a valid RCGL. A holder of a RCGL shall not
27 refuse to exhibit the RCGL upon the request of an inspector or any other law
28 enforcement officer authorized to enforce federal or State laws, regulations, or rules
29 relating to marine fisheries.

30 (h) Assignment and Transfer Prohibited. -- A RCGL is not transferable. Except
31 as provided in subsection (j) of this section, it is unlawful to buy, sell, lend, borrow,
32 assign, or otherwise transfer a RCGL, or to attempt to buy, sell, lend, borrow, assign,
33 or otherwise transfer a RCGL.

34 (i) Reporting Requirements. -- The holder of a RCGL shall comply with the
35 biological data sampling and survey programs of the Commission and the Division.

36 (j) Exemptions. --

37 (1) A person who is under 16 years of age may take fish for
38 recreational purposes by means of authorized commercial gear
39 without holding a RCGL if the person is accompanied by a parent,
40 grandparent, or guardian who holds a valid RCGL or if the person
41 has in the person's possession a valid RCGL issued to the person's
42 parent, grandparent, or guardian.

43 (2) A person may take crabs for recreational purposes by means of one
44 or more crab pots attached to the shore along privately owned land

1 or to a privately owned pier without holding a RCGL provided
2 that the crab pots are attached with the permission of the owner of
3 the land or pier.

4 (3) A person who is on a vessel may take fish for recreational purposes
5 by means of authorized commercial gear without holding a RCGL
6 if there is another person on the vessel who holds a valid RCGL.
7 This exemption does not authorize the use of commercial gear in
8 excess of that authorized for use by the person who holds the valid
9 RCGL or, if more than one person on the vessel holds a RCGL, in
10 excess of that authorized for use by those persons."

11 Section 5.2. (a) Definitions; Citations. The definitions set out in G.S.
12 113-168 apply to this section. A citation to a provision of the General Statutes in this
13 section means that provision of the General Statutes as enacted by this act.

14 (b) Transitional Provisions. In order to effect an orderly implementation
15 of this act and the transition from the moratorium imposed by subsection (a) of
16 Section 3 of Chapter 576 of the 1993 Session Laws, Regular Session 1994, as
17 amended by Section 3 of Chapter 675 of the 1993 Session Laws, Regular Session
18 1994; subsection (a) of Section 26.5 of Chapter 507 of the 1995 Session Laws; Section
19 7 of Chapter 256 of the 1997 Session Laws; and subsection (a) of Section 6.1 of this
20 act, to the licensing provision of Article 14A of Chapter 113 of the General Statutes,
21 the provisions of this section shall apply to the issuance of licenses under Article 14A
22 of Chapter 113 of the General Statutes until all Fishery Management Plans have been
23 adopted as required by G.S. 113-182.1 and G.S. 143B-289.22.

24 (c) Temporary Cap. There is hereby imposed a temporary cap on the
25 total number of SCFLs that the Division may issue. The temporary cap equals the
26 total number of endorsements to sell fish that establish eligibility for a SCFL under
27 subsection (g) of this section plus 500 additional SCFLs, authorized by subsection (d)
28 of this section.

29 (d) 1999-2000 License Year. For the 1999-2000 license year, the
30 Commission is authorized to issue SCFLs as provided in subsection (g) of this section
31 plus an additional 500 SCFLs using the procedure set out in subsection (h) of this
32 section.

33 (e) Subsequent License Years. For license years beginning with the
34 2000-01 license year, the Commission is authorized to issue SCFLs from the pool of
35 available SCFLs as provided in subsection (f) of this section using the procedure set
36 out in subsection (h) of this section.

37 (f) Adjustment of Number of SCFLs. The number of SCFLs in the pool
38 of available SCFLs in license years beginning with the 2000-01 license year is the
39 temporary cap less the number of SCFLs that are renewed. The Commission may
40 increase or decrease the number of SCFLs that are issued from the pool of available
41 SCFLs. The Commission may increase the number of SCFLs that are issued from
42 the pool of available SCFLs up to the temporary cap. The Commission may decrease
43 the number of SCFLs that are issued from the pool of available SCFLs but may not
44 refuse to renew a SCFL that is issued during the previous license year and that has

1 not been suspended or revoked. The Commission shall increase or decrease the
2 number of SCFLs that are issued to reflect its determination as to the effort that the
3 fishery can support, based on the best available scientific evidence.

4 (g) Eligibility for SCFL. Any person who holds a valid endorsement to
5 sell fish of a vessel license on 1 July 1999 is eligible to receive a SCFL. The Division
6 shall issue a SCFL to any person who is eligible under this subsection upon receipt of
7 an application and required fees. If the person held more than one endorsement to
8 sell fish, the person is eligible to receive a SCFL for each endorsement to sell
9 previously held. Eligibility to receive a SCFL under this subsection shall expire 1
10 July 2000.

11 (h) Procedure for Issuing Additional SCFLs. The Commission shall
12 determine a procedure for issuing the 500 additional SCFLs authorized by subsection
13 (d) of this section for the 1999-2000 license year and for issuing SCFLs from the pool
14 of available SCFLs authorized by subsection (e) of this section. The procedure shall
15 set a date on which the Division will begin receiving applications and a date on
16 which the determination by lot of which applicants will receive a SCFL will be made.
17 The Commission shall develop criteria for determining eligibility for a SCFL under
18 this subsection. Criteria shall include the past involvement of the applicant and the
19 applicant's family in commercial fishing; the extent to which the applicant has relied
20 on commercial fishing for the applicant's livelihood; the extent to which the applicant
21 has complied with federal and State laws, regulations, and rules relating to coastal
22 fishing and protection of the environment; and any other factors the Commission
23 determines to be relevant. The Division shall review each application for a SCFL
24 that it receives during the application period to determine whether the applicant is
25 eligible under the eligibility criteria established by the Commission. The Division
26 shall issue SCFLs under this subsection by lot. All applicants who are determined to
27 be eligible shall have an equal chance of being issued a SCFL.

28 Section 5.3. The Marine Fisheries Commission shall adopt rules
29 authorizing the use of a limited amount commercial gear for recreational fishing
30 under a Recreational Commercial Gear License, as required by G.S. 113-173, as
31 enacted by Section 5.1 of this act, on or before 1 July 1999.

35 as rewritten:

36 "(e) The owner of a vessel ~~licensed under G.S. 113-152~~ shall be eligible to
37 purchase a vessel crab license for crabs as an alternative to the purchase of individual
38 licenses under this section. A vessel crab license authorizes the owner of the vessel
39 and up to two unlicensed persons serving as crew to fish for crabs from that vessel. It
40 is unlawful for the owner of a vessel to take crabs from the coastal fishing waters of
41 North Carolina for commercial use by any means, when unlicensed persons not
42 authorized by the vessel crab license are on the vessel. The Secretary shall revoke a
43 vessel crab license issued under this subsection ~~shall be revoked when~~ if the owner of
44 the vessel or any other person using the owner's vessel is convicted of a violation

1 under this section, ~~except for subsection (b)~~. section, other than conviction for a
2 violation under subsection (b) of this section."

3 (c) All sections of Article 14 of Chapter 113 of the General Statutes
4 other than G.S. 113-153.1 are repealed.

6 Management Plan for the blue crab fishery in accordance with G.S. 143B-289.22, as
7 enacted by Section 2.1 of this act, and G.S. 113-182.1, as enacted by Section 3.4 of
8 this act, no later than 1 January 2000.

9 Section 5.6. Notwithstanding the provisions of G.S. 113-168.2 and G.S.
10 113-168.3, as enacted by Section 5.1 of this act, it is unlawful for any person to take
11 crabs from the coastal fishing waters of the State for commercial use without being
12 licensed under G.S. 113-168.9.

13 Section 5.7. G.S. 113-168.9, as recodified from G.S. 113-153.1 by Section
14 5.4 of this act, is repealed.

15 Section 5.8. The Revisor of Statutes shall set out Section 5.2 of this act as
16 a note to G.S. 113-168.2, as enacted by Section 5.1 of this act.

17 Section 5.9. G.S. 113-203(a)(2) reads as rewritten:

Re: **House Bill 1097, 6th edition - Fisheries Reform Act-2**

WHEREAS CLAUSES

The General Assembly recognizes

- The State of North Carolina has one of the most diverse fisheries in the United States;
- That commercial fishermen perform an essential function by providing wholesome food for the citizens of the State and thereby properly earn a livelihood;
- The economic contribution and important heritage of commercial fishing;
- That for many citizens, fishing is an important recreational activity and that recreational fishing is a source of great personal enjoyment and satisfaction;
- The importance of plentiful fisheries resources to maintain and enhance tourism in the State; and
- The need to protect our coastal fisheries resources and to balance commercial and recreational interests.

PART I. SHORT TITLE; PERFORMANCE AUDIT

Section 1.1 entitles this act the Fisheries Reform Act of 1997.

Section 1.2 directs the State Auditor to conduct a performance audit of the Division of Marine Fisheries (Division) and to assess the capacity of the Division of Marine Fisheries to effectively implement the licensing provisions (Part V) of this act. This section directs that the State Auditor report to the Joint Legislative Commission on Seafood and Aquaculture (Seafood and Aquaculture) by February 1, 1998, and directs Seafood and Aquaculture to review the performance audit and make a specific recommendation to the 1998 General Assembly as to whether or not the licensing provisions of this act should be implemented.

Effective Date: *Audit is effective retroactively to March 1, 1997*

PART II. MARINE FISHERIES COMMISSION

(Note: Current Marine Fisheries Commission (MFC) is repealed in Section 6.3(a) of this act.)

Section 2.1 amends Article 7 of Chapter 143B by adding a new Part entitled "Part 5B. Marine Fisheries Commission. This section:

- Reduces Marine Fisheries Commission (MFC) from 17 to 9 members comprised of:
 - two persons actively engaged in, or recently retired from, commercial fishing;
 - one person actively connected with, and experienced as, a licensed fish dealer or seafood processor;
 - two persons actively engaged in recreational sports fishing;
 - one person actively engaged in the sports fishing industry;
 - two persons having general knowledge of and experience related to subjects and persons regulated by the MFC; and,

This section also establishes 4 regional advisory committees representing the different regions of the State; and
- Authorizes the MFC to act as an appellate body for civil penalty assessments and clarifies that unless otherwise provided, the MFC has the final decision making authority for contested cases within its jurisdiction.

Effective Date: Sept. 1, 1997

PART III. COASTAL HABITAT PROTECTION PLANS; FISHERY MANAGEMENT PLANS

Coastal Habitat Protection Plans (CHPPs)

Section 3.1 amends Chapter 143B by adding a new section, G.S. 143B-279.8 that directs DEHNR to coordinate the preparation of draft Coastal Habitat Protection Plans (CHPPs) for critical fisheries habitats. A CHPP shall: (i) describe and classify biological systems in habitats; (ii) evaluate the function, value to coastal fisheries, status, and trends of habitats; (iii) identify existing and potential threats to habitats and impacts on coastal fishing; and (iv) make recommendations to protect and restore critical fisheries habitats. Once a draft CHPP has been prepared, the MFC, Environmental Management Commission (EMC), and Coastal Resources Commission (CRC) must appoint a six-member review committee to review and revise the draft CHPP. The CHPP will then be submitted to each commission to consider for adoption. The commissions may appoint a six-member conference committee to facilitate the resolution of any aspect of a CHPP on which they cannot agree. The final CHPP will consist of the provisions concurrently agreed upon by all three commissions. Each CHPP must be reviewed and revised at least once every five years. Each commission must, to the maximum extent practicable, ensure that its actions are consistent with the CHPPs and must provide a written explanation of any action it takes that is inconsistent with a CHPP. Any rules adopted to implement the CHPPs must be done in accordance with the APA. The three commissions must report annually to the ERC and Seafood and Aquaculture on progress and implementation of CHPPs. The SEHNR must report to the ERC within 30 days of the completion, or substantial revision of the CHPPs, and the ERC has 30 days to review and comment.

Sections 2.1, 3.2, and 3.3 direct the MFC, EMC, and the CRC to adopt CHPPs.

Section 6.8 requires that the CHPPs be adopted by July 1, 2003.

Effective Date: July 1, 1998.

Fishery Management Plans

Section 3.4 amends Chapter 113 by adding a new section, G.S. 113-182.1 that directs DEHNR to prepare proposed Fishery Management Plans (FMPs) for all commercially or recreationally significant species or fisheries that comprise State marine or estuarine resources. The FMPs are to be developed in accordance with a Priority List, Schedule, and guidance criteria established by MFC. The FMPs must incorporate fishery habitat and water quality considerations consistent with CHPPs, recommend management actions, and conservation and management measures. Any rules adopted to implement a FMP must be done in accordance with the APA. This section provides that Advisory Councils composed of experts on each particular fishery will assist in the development of the FMPs, and that the Secretary of Environment, Health and Natural Resources (SEHNR) will monitor progress of development and adoption of FMPs and will report annually to the ERC and Seafood and Aquaculture on this progress. This section also requires that the SEHNR report to Seafood and Aquaculture and the ERC within 30 days of the completion or substantial revision of the FMPs and gives Seafood and Aquaculture and the ERC 30 days to review and comment. Finally, this section authorizes the SEHNR to issue a proclamation prohibiting the taking of certain fisheries resources if there is a failure to complete the FMP according to the Schedule.

Section 3.5 amends G.S. 113-129, Definitions relating to resources, to add definitions for "optimal yield" and "overfishing or overfished".

Section 2.1 directs the MFC to establish a Priority List, schedule, and guidance criteria for FMPs.

Effective Date: July 1, 1998.

PART IV. MARINE FISHERIES LAW ENFORCEMENT

Section 4.1 amends G.S. 113-187 to increase the penalties for violation of general fisheries laws.

Section 4.2 adds G.S. 113-190 to increase the penalties for the unlawful sale or purchase of fish. This section also authorizes the SEHNR to assess a civil penalty up to \$10,000 for illegal sale or purchase of fish.

Section 4.3 amends G.S. 113-221(e) to authorize the Fisheries Director to determine, on a case-by-case basis and in the Director's sole discretion, that a proclamation did not apply to a licensee who was without notice due to an act of God or unforeseeable circumstance.

Section 4.4 directs the MFC to develop a Violations Points System and implementation schedule and report to Seafood and Aquaculture by July 1, 1999 on the development of the Violation Points System and the implementation schedule.

Effective Date: Sept. 1, 1997; provisions apply to violations and offenses on or after September 1, 1997.

PART V. COMMERCIAL FISHING LICENSES; TRANSITIONAL PROVISIONS

- Transferability - SCFLs may be transferred under certain circumstances to a member of the SCFL holder's estate; a third-party purchaser of the SCFL holder's fishing vessel; or as authorized by MFC; and

- Flexibility for new entrants - 500 SCFLs will be available for distribution by lot for persons not otherwise eligible for a SCFL;
- Establishment of a temporary cap on the total number of SCFLs the MFC may issue. The temporary cap is equal to the total number of endorsements to sell that establish eligibility for a SCFL plus an additional 500 SCFLs for new entrants;
- For the 1999-2000 license year, the MFC is authorized to:
 - issue an SCFL to any person who held a valid endorsement to sell fish prior to July 1, 1999;
 - issue an SCFL to any person who filed a petition with the Appeals Panel which was denied; and,
 - distribute an additional 500 SCFLs by lot.

For subsequent license years, the MFC is authorized to issue licenses from the pool of available SCFLs. (The pool of available SCFLs is the temporary cap less the number of SCFLs renewed from the previous license year.)

Effective Date: July 1, 1999.

- RCGL holder may use limited amounts of commercial gear;
- License holder is not entitled to sell fish; and
- Fees: \$35 for residents; \$250 for nonresidents.

Section 5.3 directs the MFC to adopt rules authorizing the use of a limited amount of commercial gear for recreational fishing by July 1, 1999.

- Extending the moratorium on the issuance of crab licenses until July 1, 2000;
- Directing the MFC to adopt a blue crab FMP by January 1, 2000; and

1 (c) Distribution and use of tax revenue. The City of Mount Airy shall,
2 on a quarterly basis, remit the net proceeds of the occupancy tax to the Mount Airy

14 Authority.

15 Section 2. Mount Airy Tourism Development Authority. (a)
16 Appointment and membership. When the board of commissioners adopts a
17 resolution levying a room occupancy tax under this act, it shall also adopt a
18 resolution creating a Mount Airy Tourism Development Authority, which shall be a

20 board of commissioners shall appoint the following eight members to the Authority:

21 (1) Two individuals who are owners or operators of taxable tourist
22 accommodations in the city.

23 (2) Two residents of the city who have experience in the promotion of
24 travel and tourism.

33 original appointment. Members appointed to fill vacancies shall serve for the
34 remainder of the unexpired term. An individual may serve as a member for no more
35 than two consecutive terms. The members shall elect a chair from among the

1 recommendation of the Authority shall be hired and supervised by the Authority,
2 which shall pay the salaries and expenses of this staff.

3 (c) Reports. The Authority shall report quarterly and at the close of the
4 fiscal year to the board of commissioners on its receipts and expenditures for the

7 Chapter 160A of the General Statutes is amended by adding a new section to read:

8 "§ 160A-215. Uniform provisions for room occupancy taxes.

10 authorized to levy room occupancy taxes. For the purpose of this section, the term
11 'city' means a municipality.

12 (b) Levy. -- A room occupancy tax may be levied only by resolution after not less
13 than 10 days' public notice and after a public hearing held pursuant thereto. A room
14 occupancy tax shall become effective on the date specified in the resolution levying
15 the tax. That date must be the first day of a calendar month, however, and may not
16 be earlier than the first day of the second month after the date the resolution is
17 adopted.

18 (c) Collection. -- Every operator of a business subject to a room occupancy tax
19 shall, on and after the effective date of the levy of the tax, collect the tax. The tax
20 shall be collected as part of the charge for furnishing a taxable accommodation. The
21 tax shall be stated and charged separately from the sales records and shall be paid by
22 the purchaser to the operator of the business as trustee for and on account of the
23 taxing city. The tax shall be added to the sales price and shall be passed on to the
24 purchaser instead of being borne by the operator of the business. The taxing city
25 shall design, print, and furnish to all appropriate businesses and persons in the city
26 the necessary forms for filing returns and instructions to ensure the full collection of
27 the tax. An operator of a business who collects a room occupancy tax may deduct
28 from the amount remitted to the taxing city a discount equal to the discount the State
29 allows the operator for State sales and use tax.

30 (d) Administration. -- The taxing city shall administer a room occupancy tax it
31 levies. A room occupancy tax is due and payable to the city finance officer in
32 monthly installments on or before the 15th day of the month following the month in
33 which the tax accrues. Every person, firm, corporation, or association liable for the
34 tax shall, on or before the 15th day of each month, prepare and render a return on a
35 form prescribed by the taxing city. The return shall state the total gross receipts
36 derived in the preceding month from rentals upon which the tax is levied. A room
37 occupancy tax return filed with the city finance officer is not a public record and may
38 not be disclosed except in accordance with G.S. 153A-148.1 or G.S. 160A-208.1.

39 (e) Penalties. -- A person, firm, corporation, or association who fails or refuses to
40 file a room occupancy tax return or pay a room occupancy tax as required by law is
41 subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file
42 a return for State sales and use taxes. The governing board of the taxing city has the
43 same authority to waive the penalties for a room occupancy tax that the Secretary of
44 Revenue has to waive the penalties for State sales and use taxes.

1 (f) Repeal or Reduction. -- A room occupancy tax levied by a city may be
2 repealed or reduced by a resolution adopted by the governing body of the city.
3 Repeal or reduction of a room occupancy tax shall become effective on the first day
4 of a month and may not become effective until the end of the fiscal year in which the
5 resolution was adopted.. Repeal or reduction of a room occupancy tax does not affect
6 a liability for a tax that was attached before the effective date of the repeal or
7 reduction, nor does it affect a right to a refund of a tax that accrued before the
8 effective date of the repeal or reduction."

9 (b) This section applies only to the City of Mount Airy.

EXPLANATION OF HOUSE BILL 1110:
Landscape Architects (4th Edition)

TO: Senate Finance Committee
FROM: Committee Staff
DATE: July 28, 1997
SPONSOR: Rep. Ed McMahan

Under current law, a person may not use the title "landscape architect" unless the person is registered with the North Carolina Board of Landscape Architects. House Bill 1110 provides that effective October 1, 1997, no person may engage in the practice of landscape architect without first being registered with the Board. To be registered with the Board, the person must meet all of the following conditions:

- Be at least 18 years of age.
- Be of good moral character.
- Be a graduate of a college curriculum in landscape architecture accredited by the Landscape Architect's Accreditation Board and approved by the North Carolina Board of Landscape Architects.
- Have at least four year's experience in landscape architecture.
- Pass an examination given by the Board.
- Pay the \$450 examination fee and the \$100 application fee.

A person who practices landscape architecture without first being registered with the Board is guilty of a Class 2 misdemeanor and is subject to a civil penalty assessed by the Board. The penalty may not exceed \$2,000.

The practice of landscape architecture means "the preparation of plans and specifications and supervising the execution of projects involving the arranging of land and the elements used thereon for public or private use and enjoyment, embracing drainage, soil conservation, grading and planting plans and erosion control, in accordance with the accepted professional standards of public health, safety and welfare."

The bill makes several other changes to the law concerning landscape architects:

- Requires a firm, partnership, or corporation that engages in the practice of landscape architect to be registered with the Board and to pay the \$100 annual registration fee. Any landscape architecture performed by the firm, partnership, or corporation must be done under the direct supervision of an individual registered with the Board.

- Provides that people licensed to practice architecture, engineering, or land surveying do not need to be registered with the Board so long as they do not use the title "landscape architect", "landscape architecture", "landscape architectural".
- Expands the exemptions to the registration requirements to include the following: (1) the drafting of plans related to the location of plants on a site; (2) the preparation, sale, or furnishing of plans, and the supervision of the construction of the plans, if the project is a single family residential site, a site of one acre or less, a site of more than one acre where only planting and mulching is required; (3) the preparation of plans, and the supervision of construction of the plans, for a person's own building site.
- Gives the Board a specified list of powers and duties that include (1) the power to examine applicants for registration and registration renewal; (2) the power to determine the qualifications of businesses applying for registration; (3) the power to establish and approve continuing education requirements; (4) and conduct administrative hearings.
- Specifies that an acceptable college curriculum is one accredited by the Landscape Architect's Accreditation Board.
- Increases the years of experience a person must have to be registered as a landscape architect from one year to four years.
- Increases the minimum number of years of education and experience a person must have to be a landscape architect from 7 years to 10 years.
- Gives the Board the authority to grant an "honorific title" to persons who have been registered in landscape architect for a minimum of 20 years. A person with this title may use the title "landscape architect" but the person may not practice landscape architecture.
- Removes the Board's authority to issue temporary permits pending examination.
- Reduces the criminal offense for violating the registration requirements from a Class 1 misdemeanor to a Class 2 misdemeanor.
- Authorizes the Board to assess civil penalties.
- Provides that the Attorney General must assign an attorney on his staff to serve as advisor to the Board.

33 (a) Remedy Additional. -- The collection remedy under this Article Chapter is in
 34 addition to and not in substitution for any other remedy available by law.

35 (b) Mandatory State Usage. -- All claimant agencies shall submit, for collection
 36 under the procedure established by this Article, all debts which they are owed, except
 37 debts that they are advised by A State agency must submit a debt owed to it for
 38 collection under this Chapter unless the State Controller has waived this requirement
 39 or the Attorney General has advised the State agency not to submit the debt because
 40 the validity of the debt is legitimately in dispute, because an alternative means of
 41 collection is pending and believed to be adequate, or because such a collection
 42 attempt would result in a loss of federal funds. The State Controller may waive the
 43 requirement for a State agency, other than the Department of Human Resources or a
 44 county acting on behalf of that Department, to submit a debt owed to it for collection

1 under this Chapter if the State Controller finds that collection by this means would
2 not be practical or cost-effective. A waiver may apply to all debts owed a State
3 agency or a type of debt owed a State agency.

4 (b1) Optional Local Usage. -- A local agency may submit a debt owed to it for
5 collection under this Chapter. A local agency that decides to submit a debt owed to
6 it for collection under this Chapter must establish the debt by following the
7 procedure set in G.S. 105A-5 and must submit the debt through one of the following:

8 (1) A clearinghouse that is established pursuant to an interlocal

18 business and who the claimant agencies can foresee may become a debtor under this
19 Article. Chapter.

20 (d) Registration and Reports. -- A ~~claimant~~ State agency must register with the
21 Department and with the State Controller. Every State agency must report annually
22 to the ~~Department~~ State Controller the amount of debts owed to the agency for
23 which the agency did not submit a claim for setoff and the reason for not submitting
24 the claim.

25 A clearinghouse or an organization that submits debts on behalf of a local agency
26 must register with the Department. Once a clearinghouse registers with the
27 Department under this subsection, no other clearinghouse may register to submit
28 debts for collection under this Chapter.

29 **"§ 105A-4. Minimum ~~sum collectible~~ debt and refund.**

30 ~~A claimant agency shall not be allowed to effect final setoff and collect debts~~
31 ~~through use of the remedy established under this Article unless both the debt and the~~
32 ~~refund, if any, are~~ This Chapter applies only to a debt that is at least fifty dollars
33 ~~(\$50.00).~~ (\$50.00) and to a refund that is at least this same amount.

34 **"§ 105A-5. Local agency notice, hearing, and decision.**

35 (a) Prerequisite. -- A local agency may not submit a debt for collection under this
36 Chapter until it has given the notice required by this section, and the claim has been
37 finally determined as provided in this section.

38 (b) Notice. -- A local agency must send written notice to a debtor that the agency
39 intends to submit the debt owed by the debtor for collection by setoff. The notice
40 must explain the basis for the agency's claim to the debt and that the agency intends
41 to apply the debtor's refund against the debt. The notice must also inform the debtor
42 that the debtor has the right to contest the matter by filing a request for a hearing
43 with the local agency, must state the time limits and procedure for requesting the

1 hearing, and must state that failure to request a hearing within the required time will
2 result in setoff of the debt.

3 (c) Administrative Review. -- A debtor who decides to contest a proposed setoff
4 must file a written request for a hearing with the local agency within 30 days after the
5 date the local agency mails a notice of the proposed action to the debtor. A request
6 for a hearing is considered to be filed when it is delivered for mailing with postage
7 prepaid and properly addressed. The governing body of the local agency or a person
8 designated by the governing body must hold the hearing.

9 If the debtor disagrees with the decision of the governing body or the person
10 designated by the governing body, the debtor may file a petition for a contested case
11 under Article 3 of Chapter 150B of the General Statutes. The petition must be filed
12 within 30 days after the debtor receives a copy of the local decision. Notwithstanding
13 the provisions of G.S. 150B-2, a local agency is considered an agency for purposes of
14 contested cases and appeals under this Chapter.

15 In a hearing under this section, an issue that has previously been litigated in a
16 court proceeding cannot be considered.

17 (d) Decision. -- A decision made after a hearing under this section must determine
18 whether a debt is owed to the local agency and the amount of the debt.

19 (e) Return of Amount Setoff. -- If a local agency submits a debt for collection
20 under this Chapter without sending the notice required by subsection (b) of this
21 section, the agency must send the taxpayer the entire amount set off plus the
22 collection assistance fee retained by the Department. Similarly, if a local agency
23 submits a debt for collection under this Chapter after sending the required notice but
24 before final determination of the debt, and a decision finds that the local agency is
25 not entitled to any part of the amount set off, the agency must send the taxpayer the
26 entire amount set off plus the collection assistance fee retained by the Department.
27 That portion of the amount returned that reflects the collection assistance fee must be
28 paid from the local agency's funds.

29 If a local agency submits a debt for collection under this Chapter after sending the
30 required notice and the net proceeds collected that are credited to the local agency
31 for the debt exceed the amount of the debt, the local agency must send the balance to
32 the debtor. No part of the collection assistance fee retained by the Department may
33 be returned when a notice was sent and a debt is owed but the debt is less than the
34 amount set off.

35 Interest accrues on the amount of a refund returned to a taxpayer under this
36 subsection in accordance with G.S. 105-266. A local agency that returns a refund to a
37 taxpayer under this subsection must pay from the local agency's funds any interest
38 that has accrued since the fifth day after the Department mailed the notice of setoff
39 to the taxpayer.

40 ~~Collection of sums due claimant agencies through setoff.~~

41 ~~Subject to the limitations contained in this Article, the Department of Revenue~~
42 ~~shall upon request render assistance in the collection of any delinquent account or~~
43 ~~debt owing to any claimant agency. This assistance shall be provided by setting off~~

1 ~~any refunds due the debtor from the Department by the sum certified by claimant~~
2 ~~agency as due and owing.~~

3 **"§ 105A-6. Procedure for Department to follow in making setoff.**

4 (a) Notice to Department. -- A claimant agency seeking to attempt collection of a
5 debt through setoff ~~shall~~ must notify the Department in writing and supply (i)
6 information necessary to identify the debtor whose refund is sought to be set off ~~and~~
7 (ii) off. The claimant agency may include with the notification the date, if any, that
8 the debt is expected to expire. ~~Notification to the Department and the furnishing of~~
9 ~~identifying information must occur on or before a date specified by the Department~~
10 ~~in the first year preceding the calendar year during which the refund would be paid.~~
11 ~~The notice is effective to initiate setoff against refunds that would be made in~~
12 ~~calendar years following the year in which the notice was first made until the date~~
13 ~~specified in the notice that the debt is expected to expire. The agency shall~~ must
14 notify the Department in writing when a debt has been paid or is no longer owed the
15 agency.

16 (b) Setoff by Department. -- The Department, upon receipt of notification, ~~shall~~
17 must determine each year whether the debtor to the claimant agency is entitled to a
18 refund of at least fifty dollars (\$50.00) from the Department. Upon determination by
19 the Department that a debtor specified by a claimant agency qualifies for such a
20 refund, the Department ~~shall notify in writing the claimant agency that a refund is~~
21 ~~pending, specify its sum, and indicate the debtor's address as listed on the tax return.~~

22 (c) ~~Unless stayed by court order, the Department shall, upon certification as~~
23 ~~provided in this Article, must set off the certified debt against the refund to which the~~
24 ~~debtor would otherwise be entitled. entitled and must refund any remaining balance~~
25 to the debtor. The Department must mail the debtor written notice that the setoff
26 has occurred and must credit the net proceeds collected to the claimant agency. If
27 the claimant agency is a State agency, that agency must credit the amount received to
28 a nonreverting trust account and must follow the procedure set in G.S. 105A-8.

29 **~~"§ 105A-7. Notification of intention to set off and right to hearing.~~**

30 (a) ~~The claimant agency, upon receipt of notification from the Department that a~~
31 ~~debtor is entitled to a refund, shall within 10 days send a written notification to the~~
32 ~~debtor and a copy of same to the Department of its assertion of rights to the refund~~
33 ~~or any part thereof. Such notification shall inform the debtor of the claimant agency's~~
34 ~~intention to direct the Department to apply the refund or any portion thereof against~~
35 ~~the debt certified as due and owing. For the Department to be obligated to continue~~
36 ~~holding refunds until receipt of certification of the debt, if any, pursuant to G.S.~~
37 ~~105A-10, the copy of the notification to the debtor by the claimant agency of its~~
38 ~~intention to set off must be received by the Department within 15 days of the date of~~
39 ~~the Department's mailing to the respective claimant agency the notification of the~~
40 ~~debtor's entitlement to a refund.~~

41 (b) ~~The contents of the written notification to the debtor (and the Department's~~
42 ~~copy) of the setoff claim shall clearly set forth the basis for the claim to the refund,~~
43 ~~the intention to apply the refund against the debt to the claimant agency, the debtor's~~
44 ~~opportunity to give written notice of intent to contest the validity of the claim within~~

1 ~~30 days of the date of the mailing of the notice, the mailing address to which the~~
2 ~~application for a hearing must be sent, and the fact that failure to apply for a hearing~~
3 ~~in writing within the 30 day period will be deemed a waiver of the opportunity to~~
4 ~~contest the claim causing final setoff by default.~~

5 ~~(e) The written application by the debtor for a hearing shall be effective upon~~
6 ~~mailing the application postage prepaid and properly addressed to the claimant~~
7 ~~agency.~~

8 **"§ 105A-8. Hearing procedure. State agency notice, hearing, decision, and refund of**
9 **setoff.**

10 (a) Notice. -- Within 10 days after a State agency receives a refund of a debtor, the
11 agency must send the debtor written notice that the agency has received the debtor's
12 refund. The notice must explain the debt that is the basis for the agency's claim to
13 the debtor's refund and that the agency intends to apply the refund against the debt.
14 The notice must also inform the debtor that the debtor has the right to contest the
15 matter by filing a request for a hearing, must state the time limits and procedure for
16 requesting the hearing, and must state that failure to request a hearing within the
17 required time will result in setoff of the debt. A State agency that does not send a
18 debtor a notice within the time required by this subsection must refund the amount
19 set off plus the collection assistance fee, in accordance with subsection (e) of this
20 section.

21 (c) Hearing. -- A hearing on a contested claim of a State agency, except a

27 contested claim of the Employment Security Commission must be conducted in
28 accordance with rules adopted by that Commission. A request for a hearing on a
29 contested claim of any State agency must be filed within 30 days after the State
30 agency mails the debtor notice of the proposed setoff. A request for a hearing is
31 considered to be filed when it is delivered for mailing with postage prepaid and
32 properly addressed. In a hearing under this section, an issue that has previously been
33 litigated in a court proceeding cannot be considered.

34 (d) Decision. -- A decision made after a hearing under this section must determine
35 whether a debt is owed to the State agency and the amount of the debt.

36 (e) Return of Amount Set Off. -- If a State agency fails to send the notice required
37 by subsection (a) of this section within the required time or a decision finds that a
38 State agency is not entitled to any part of an amount set off, the agency must send the
39 taxpayer the entire amount set off plus the collection assistance fee retained by the
40 Department. That portion of the amount returned that reflects the collection
41 assistance fee must be paid from the State agency's funds.

42 If a debtor owes a debt to a State agency and the net proceeds credited to the
43 State agency for the debt exceed the amount of the debt, the State agency must send
44 the balance to the debtor. No part of the collection assistance fee retained by the

1 Department may be returned when a debt is owed but it is less than the amount set
2 off.

3 Interest accrues on the amount of a refund returned to a taxpayer under this
4 subsection in accordance with G.S. 105-266. A State agency that returns a refund to a
5 taxpayer under this subsection must pay from the State agency's funds any interest
6 that has accrued since the fifth day after the Department mailed the notice of setoff
7 to the taxpayer.

14 ~~hearing on a contested claim of the Employment Security Commission of North~~
15 ~~Carolina shall be conducted in accordance with regulations adopted by the~~
16 ~~Employment Security Commission of North Carolina. Additionally, it shall be~~
17 ~~determined at the hearing whether the claimed sum asserted as due and owing is~~
18 ~~correct, and if not, an adjustment to the claim shall be made.~~

19 ~~(b) Pending final determination at hearing of the validity of the debt asserted by~~
20 ~~the claimant agency, no action shall be taken in furtherance of collection through the~~
21 ~~setoff procedure allowed under this Article.~~

22 ~~(c) No issues may be considered at the hearing which have been previously~~
23 ~~litigated.~~

24 **"§ 105A-9. Appeals from hearings.**

33 ~~"§ 105A-10. Certification of debt by claimant agency; finalization of setoff.~~

34 ~~(a) Upon final determination through hearing provided by G.S. 105A-8 of the debt~~
35 ~~due and owing the claimant agency or upon the debtor's default for failure to~~
36 ~~comply with G.S. 105A-7 mandating timely request for review of the asserted basis~~
37 ~~for setoff, the claimant agency shall within 20 days certify the debt to the Department~~
38 ~~and in default thereof, the Department shall no longer be obligated to hold the~~
39 ~~refund for setoff.~~

40 ~~(b) Upon receipt by the Department of a certified debt from the claimant agency,~~
41 ~~the Department shall finalize the setoff by transferring the net proceeds collected for~~
42 ~~credit or payment in accordance with the provisions of G.S. 105A-14 and by~~
43 ~~refunding any remaining balance to the debtor as if setoff had not occurred.~~

44 ~~"§ 105A-11. Notice of final setoff.~~

1 ~~Upon the finalization of setoff under the provisions of this Article, the Department~~

12 Resources and the counties that are acting on behalf of that Department and are
13 therefore considered to be State agencies have priority over all other State agencies
14 except the Department of Revenue. State agencies have priority over local agencies
15 for collection by setoff. When there are multiple claims by State agencies that do not
16 have priority over other State agencies, the claims have priority based on the date
17 each agency registered with the Department under G.S. 105A-3. When there are
18 multiple claims by two or more organizations submitting debts on behalf of local
19 agencies, the claims have priority based on the date each organization registered with
20 the Department under G.S. 105A-3. When there are multiple claims among local
21 agencies whose debts are submitted by the same organization, the claims have priority
22 based on the date each local agency requested the organization to submit debts on its
23 behalf.

24 **"§ 105A-13. ~~Disposition of proceeds collected; collection~~ Collection assistance fees.**

26 ~~the respective claimant agencies for the net proceeds collected on their behalf.~~

27 ~~(b) Each year the Department shall determine its actual cost of collection under~~
28 ~~the Setoff Debt Collection Act for the immediately preceding year and shall calculate~~
29 ~~the percentage that cost represents of the preceding year's collections, excluding~~

31 ~~retain that percentage from the gross proceeds collected by the Department through~~
32 ~~setoff for the current year, other than the gross proceeds collected of child support~~
33 ~~arrearages under G.S. 105A-2(1)d. To recover the costs incurred by the Department~~
34 in collecting debts under this Chapter, a collection assistance fee of no more than
35 fifteen dollars (\$15.00) is imposed on each debt collected through setoff. The
36 Department must collect this fee as part of the debt and retain it. The Department
37 must set the amount of the collection assistance fee based on its actual cost of
38 collection under this Chapter for the immediately preceding year. If the Department
39 is able to collect only part of a debt through setoff, the collection assistance fee has
40 priority over the remainder of the debt. The collection assistance fee shall not be
41 added to child support debts or collected as part of child support debts. Instead, the
42 Department shall retain from collections under Division II of Article 4 of Chapter
43 105 of the General Statutes the cost of collecting child support debts under this
44 Chapter.

11 determination of the claim if it is a State agency claim, and an accounting of the
12 proceeds as specified under this section, the claimant agency ~~shall~~ must credit the
13 debtor's obligation with the ~~gross~~ net proceeds collected.

14 "§ 105A-15. Confidentiality exemption; nondisclosure.

21 (b) The information ~~obtained by~~ a claimant agency or an organization submitting
22 debts on behalf of a local agency obtains from the Department in accordance with the
23 exemption allowed by subsection (a) ~~shall only~~ may be used by ~~a claimant~~ the agency
24 or organization only in the pursuit of its debt collection duties and ~~practices and any~~
25 ~~person employed by, or formerly employed by, a claimant agency who discloses any~~
26 ~~such information for any other purpose, except as otherwise allowed by G.S. 105-259,~~
27 ~~shall be penalized in accordance with the terms of that statute.~~ practices and may not
28 be disclosed except as provided in G.S. 105-259, 153A-148.1, or 160A-208.1.

29 "§ 105A-16. ~~Rules and regulations:~~ Rules.

30 The Secretary of Revenue ~~is authorized to prescribe forms and make all rules~~
31 ~~which he deems necessary in order to effectuate the intent of this Article.~~ may adopt
32 rules to implement this Chapter. The State Controller may adopt rules to implement
33 this Chapter."

34 Section 2. G.S. 105-266(b) reads as rewritten:

35 "(b) Interest. -- An overpayment of tax bears interest at the rate established in
36 G.S. 105-241.1(i) from the date that interest begins to accrue until a refund is paid. A
37 refund sent to a taxpayer is considered paid on a date determined by the Secretary
38 that is no sooner than five days after a refund check is mailed.

39 A refund set off against a debt pursuant to Chapter 105A of the General Statutes is
40 considered paid five days after the Department mails the taxpayer a notice of the
41 setoff, unless G.S. 105A-5 or G.S. 105A-8 requires the agency that requested the
42 setoff to return the refund to the taxpayer. In this circumstance, the refund that was
43 set off is not considered paid until five days after the agency that requested the
44 refund mails the taxpayer a check for the refund.

1 Interest on an overpayment of a tax, other than a tax levied under Article 4 or
2 Article 8B of this Chapter, accrues from a date 90 days after the date the tax was
3 originally paid by the taxpayer until the refund is paid. Interest on an overpayment of
4 a tax levied under Article 4 or Article 8B of this Chapter accrues from a date 45 days
5 after the latest of the following dates until the refund is paid:

- 6 (1) The date the final return was filed.
- 7 (2) The date the final return was due to be filed.
- 8 (3) The date of the overpayment.

9 The date of an overpayment of a tax levied under Article 4 or Article 8B of this
10 Chapter is determined in accordance with section 6611(d), (f), (g), and (h) of the
11 Code."

12 Section 3. The General Assembly finds that the Department of Human
13 Resources will incur extraordinary one-time costs for automation in administering the
14 requirements of this act because the various divisions of the Department of Human
15 Resources and the county agencies through which they administer their programs
16 have an extraordinary number of debts that they are required by law to collect
17 through setoff. Accordingly, there is appropriated from the General Fund to the
18 Department of Human Resources the sum of \$X for the 1998-99 fiscal year for
19 one-time automation costs and related costs of administering the requirements of this
20 act. These funds shall not revert but shall remain available to the Department of
21 Human Resources until used for this purpose.

22 Section 4. The General Assembly finds that the Department of Human
23 Resources will incur extraordinary recurring costs for personnel in administering the
24 requirements of this act because the various divisions of the Department of Human
25 Resources and the county agencies through which they administer their programs
26 have an extraordinary number of debts that they are required by law to collect
27 through setoff. Accordingly, it is the intent of the General Assembly to appropriate
28 to the Department of Human Resources the sum of \$X in recurring funds beginning
29 in the 1999-2000 fiscal year for recurring costs of administering the requirements of
30 this act.

31 Section 5. The changes to G.S. 105A-3(d) and G.S. 105A-16 made by
32 this act are effective when this act becomes law. The changes to G.S. 105A-5 made
33 by this act become effective January 1, 1999. Section 3 of this act becomes effective
34 July 1, 1998. The remainder of this act becomes effective January 1, 2000, and
35 applies to income tax refunds determined on or after that date.

 43 means of collection is pending and believed to be adequate, or because such a
 44 collection attempt would result in a loss of federal funds. The State Controller may

1 waive the requirement for a State agency, other than the Department of Human
2 Resources or a county acting on behalf of that Department, to submit a debt owed to
3 it for collection under this Chapter if the State Controller finds that collection by this
4 means would not be practical or cost effective. A waiver may apply to all debts owed
5 a State agency or a type of debt owed a State agency.

6 (b1) Optional Local Usage. -- A local agency may submit a debt owed to it for
7 collection under this Chapter. A local agency that decides to submit a debt owed to
8 it for collection under this Chapter must establish the debt by following the
9 procedure set in G.S. 105A-5 and must submit the debt through one of the following:

26 the claim.

27 A clearinghouse or an organization that submits debts on behalf of a local agency
28 must register with the Department. Once a clearinghouse registers with the
29 Department under this subsection, no other clearinghouse may register to submit
30 debts for collection under this Chapter.

31 "§ 105A-4. Minimum ~~sum collectible: debt and refund.~~

32 ~~A claimant agency shall not be allowed to effect final setoff and collect debts~~
33 ~~through use of the remedy established under this Article unless both the debt and the~~
34 ~~refund, if any, are~~ This Chapter applies only to a debt that is at least fifty dollars
35 ~~(\$50.00). (\$50.00) and to a refund that is at least this same amount.~~

36 "§ 105A-5. Local agency notice, hearing, and decision.

37 (a) Prerequisite. -- A local agency may not submit a debt for collection under this
38 Chapter until it has given the notice required by this section and the claim has been
39 finally determined as provided in this section.

40 (b) Notice. -- A local agency must send written notice to a debtor that the agency
41 intends to submit the debt owed by the debtor for collection by setoff. The notice
42 must explain the basis for the agency's claim to the debt and that the agency intends
43 to apply the debtor's refund against the debt. The notice must also inform the debtor
44 that the debtor has the right to contest the matter by filing a request for a hearing

1 with the local agency, must state the time limits and procedure for requesting the
2 hearing, and must state that failure to request a hearing within the required time will
3 result in setoff of the debt.

4 (c) Administrative Review. -- A debtor who decides to contest a proposed setoff
5 must file a written request for a hearing with the local agency within 30 days after the
6 date the local agency mails a notice of the proposed action to the debtor. A request
7 for a hearing is considered to be filed when it is delivered for mailing with postage
8 prepaid and properly addressed. The governing body of the local agency or a person
9 designated by the governing body must hold the hearing.

10 If the debtor disagrees with the decision of the governing body or the person
11 designated by the governing body, the debtor may file a petition for a contested case
12 under Article 3 of Chapter 150B of the General Statutes. The petition must be filed
13 within 30 days after the debtor receives a copy of the local decision. Notwithstanding
14 the provisions of G.S. 150B-2, a local agency is considered an agency for purposes of
15 contested cases and appeals under this Chapter.

16 In a hearing under this section, an issue that has previously been litigated in a
17 court proceeding cannot be considered.

18 (d) Decision. -- A decision made after a hearing under this section must determine
19 whether a debt is owed to the local agency and the amount of the debt.

20 (e) Return of Amount Set Off. -- If a local agency submits a debt for collection
21 under this Chapter without sending the notice required by subsection (b) of this
22 section, the agency must send the taxpayer the entire amount set off plus the
23 collection assistance fee retained by the Department. Similarly, if a local agency
24 submits a debt for collection under this Chapter after sending the required notice but
25 before final determination of the debt and a decision finds that the local agency is not
26 entitled to any part of the amount set off, the agency must send the taxpayer the
27 entire amount set off plus the collection assistance fee retained by the Department.
28 That portion of the amount returned that reflects the collection assistance fee must be
29 paid from the local agency's funds.

30 If a local agency submits a debt for collection under this Chapter after sending the
31 required notice and the net proceeds collected that are credited to the local agency
32 for the debt exceed the amount of the debt, the local agency must send the balance to
33 the debtor. No part of the collection assistance fee retained by the Department may
34 be returned when a notice was sent and a debt is owed but the debt is less than the
35 amount set off.

36 Interest accrues on the amount of a refund returned to a taxpayer under this
37 subsection in accordance with G.S. 105-266. A local agency that returns a refund to a
38 taxpayer under this subsection must pay from the local agency's funds any interest
39 that has accrued since the fifth day after the Department mailed the notice of setoff
40 to the taxpayer.

41 ~~**Collection of sums due claimant agencies through setoff.**~~

42 ~~Subject to the limitations contained in this Article, the Department of Revenue~~
43 ~~shall upon request render assistance in the collection of any delinquent account or~~
44 ~~debt owing to any claimant agency. This assistance shall be provided by setting off~~

1 ~~any refunds due the debtor from the Department by the sum certified by claimant~~
2 ~~agency as due and owing.~~

3 **"§ 105A-6. Procedure for Department to follow in making setoff.**

4 (a) Notice to Department. -- A claimant agency seeking to attempt collection of a
5 debt through setoff shall must notify the Department in writing and supply (i)
6 information necessary to identify the debtor whose refund is sought to be set off and
7 (ii) off. The claimant agency may include with the notification the date, if any, that
8 the debt is expected to expire. ~~Notification to the Department and the furnishing of~~
9 ~~identifying information must occur on or before a date specified by the Department~~
10 ~~in the first year preceding the calendar year during which the refund would be paid.~~
11 ~~The notice is effective to initiate setoff against refunds that would be made in~~
12 ~~calendar years following the year in which the notice was first made until the date~~
13 ~~specified in the notice that the debt is expected to expire.~~ The agency shall must
14 notify the Department in writing when a debt has been paid or is no longer owed the
15 agency.

16 (b) Setoff by Department. -- The Department, upon receipt of notification, shall
17 must determine each year whether the debtor to the claimant agency is entitled to a
18 refund of at least fifty dollars (\$50.00) from the Department. Upon determination by
19 the Department that a debtor specified by a claimant agency qualifies for such a
20 refund, the Department shall ~~notify in writing the claimant agency that a refund is~~
21 ~~pending, specify its sum, and indicate the debtor's address as listed on the tax return.~~

22 (c) ~~Unless stayed by court order, the Department shall, upon certification as~~
23 ~~provided in this Article, must set off the certified debt against the refund to which the~~
24 ~~debtor would otherwise be entitled.~~ entitled and must refund any remaining balance
25 to the debtor. The Department must mail the debtor written notice that the setoff
26 has occurred and must credit the net proceeds collected to the claimant agency. If
27 the claimant agency is a State agency, that agency must credit the amount received to
28 a nonreverting trust account and must follow the procedure set in G.S. 105A-8.

29 **"§ 105A-7. Notification of intention to set off and right to hearing.**

30 (a) ~~The claimant agency, upon receipt of notification from the Department that a~~
31 ~~debtor is entitled to a refund, shall within 10 days send a written notification to the~~
32 ~~debtor and a copy of same to the Department of its assertion of rights to the refund~~
33 ~~or any part thereof. Such notification shall inform the debtor of the claimant agency's~~
34 ~~intention to direct the Department to apply the refund or any portion thereof against~~
35 ~~the debt certified as due and owing. For the Department to be obligated to continue~~
36 ~~holding refunds until receipt of certification of the debt, if any, pursuant to G.S.~~
37 ~~105A-10, the copy of the notification to the debtor by the claimant agency of its~~
38 ~~intention to set off must be received by the Department within 15 days of the date of~~
39 ~~the Department's mailing to the respective claimant agency the notification of the~~
40 ~~debtor's entitlement to a refund.~~

41 (b) ~~The contents of the written notification to the debtor (and the Department's~~
42 ~~copy) of the setoff claim shall clearly set forth the basis for the claim to the refund,~~
43 ~~the intention to apply the refund against the debt to the claimant agency, the debtor's~~
44 ~~opportunity to give written notice of intent to contest the validity of the claim within~~

1 ~~30 days of the date of the mailing of the notice, the mailing address to which the~~
2 ~~application for a hearing must be sent, and the fact that failure to apply for a hearing~~
3 ~~in writing within the 30-day period will be deemed a waiver of the opportunity to~~
4 ~~contest the claim causing final setoff by default.~~

5 ~~(e) The written application by the debtor for a hearing shall be effective upon~~
6 ~~mailing the application postage prepaid and properly addressed to the claimant~~
7 ~~agency.~~

8 "§ 105A-8. Hearing procedure: State agency notice, hearing, decision, and refund of
9 setoff.

10 (a) Notice. -- Within 10 days after a State agency receives a refund of a debtor, the
11 agency must send the debtor written notice that the agency has received the debtor's
12 refund. The notice must explain the debt that is the basis for the agency's claim to
13 the debtor's refund and that the agency intends to apply the refund against the debt.
14 The notice must also inform the debtor that the debtor has the right to contest the
15 matter by filing a request for a hearing, must state the time limits and procedure for
16 requesting the hearing, and must state that failure to request a hearing within the
17 required time will result in setoff of the debt. A State agency that does not send a
18 debtor a notice within the time required by this subsection must refund the amount
19 set off plus the collection assistance fee, in accordance with subsection (e) of this
20 section.

21 (b) Hearing. -- A hearing on a contested claim of a State agency, except a

28 accordance with rules adopted by that Commission. A request for a hearing on a
29 contested claim of any State agency must be filed within 30 days after the State
30 agency mails the debtor notice of the proposed setoff. A request for a hearing is
31 considered to be filed when it is delivered for mailing with postage prepaid and
32 properly addressed. In a hearing under this section, an issue that has previously been
33 litigated in a court proceeding cannot be considered.

34 (c) Decision. -- A decision made after a hearing under this section must determine
35 whether a debt is owed to the State agency and the amount of the debt.

36 (d) Return of Amount Set Off. -- If a State agency fails to send the notice
37 required by subsection (a) of this section within the required time or a decision finds
38 that a State agency is not entitled to any part of an amount set off, the agency must
39 send the taxpayer the entire amount set off plus the collection assistance fee retained
40 by the Department. That portion of the amount returned that reflects the collection
41 assistance fee must be paid from the State agency's funds.

42 If a debtor owes a debt to a State agency and the net proceeds credited to the
43 State agency for the debt exceed the amount of the debt, the State agency must send
44 the balance to the debtor. No part of the collection assistance fee retained by the

1 Department may be returned when a debt is owed but it is less than the amount set
2 off.

3 Interest accrues on the amount of a refund returned to a taxpayer under this
4 subsection in accordance with G.S. 105-266. A State agency that returns a refund to a
5 taxpayer under this subsection must pay from the State agency's funds any interest
6 that has accrued since the fifth day after the Department mailed the notice of setoff
7 to the taxpayer.

8 ~~(a) A hearing on a contested claim, other than a claim of a constituent institution~~

18 ~~correct, and if not, an adjustment to the claim shall be made.~~

19 ~~(b) Pending final determination at hearing of the validity of the debt asserted by~~

31 ~~in collecting debts under this Chapter, a collection assistance fee of no more than~~
32 ~~fifteen dollars (\$15.00) is imposed on each debt collected through setoff. The~~
33 ~~Department must collect this fee as part of the debt and retain it. The Department~~
34 ~~must set the amount of the collection assistance fee based on its actual cost of~~
35 ~~collection under this Chapter for the immediately preceding year. If the Department~~

30 this Chapter."

31 Section 2. G.S. 105-266(b) reads as rewritten:

32 "(b) Interest. -- An overpayment of tax bears interest at the rate established in
33 G.S. 105-241.1(i) from the date that interest begins to accrue until a refund is paid. A
34 refund sent to a taxpayer is considered paid on a date determined by the Secretary
35 that is no sooner than five days after a refund check is mailed.

36 A refund set off against a debt pursuant to Chapter 105A of the General Statutes is
37 considered paid five days after the Department mails the taxpayer a notice of the
38 setoff, unless G.S. 105A-5 or G.S. 105A-8 requires the agency that requested the
39 setoff to return the refund to the taxpayer. In this circumstance, the refund that was
40 set off is not considered paid until five days after the agency that requested the
41 refund mails the taxpayer a check for the refund.

42 Interest on an overpayment of a tax, other than a tax levied under Article 4 or
43 Article 8B of this Chapter, accrues from a date 90 days after the date the tax was
44 originally paid by the taxpayer until the refund is paid. Interest on an overpayment of

1 a tax levied under Article 4 or Article 8B of this Chapter accrues from a date 45 days
2 after the latest of the following dates until the refund is paid:

- 3 (1) The date the final return was filed.
- 4 (2) The date the final return was due to be filed.
- 5 (3) The date of the overpayment.

6 The date of an overpayment of a tax levied under Article 4 or Article 8B of this
7 Chapter is determined in accordance with section 6611(d), (f), (g), and (h) of the
8 Code."

9 Section 3. The State Controller is directed to study whether it is
10 desirable and feasible for the State to establish a central clearinghouse for compiling
11 debt set-off information required by the Department of Revenue to comply with
12 Chapter 105A of the General Statutes. In conducting the study, the State Controller
13 shall consider which State agency is the most appropriate agency to serve as a
14 clearinghouse and the costs and benefits of developing a clearinghouse, including the
15 extent to which separate agencies must establish duplicative functions in the absence
16 of a central clearinghouse.

17 The State Controller shall report the findings of this study to the Revenue
18 Laws Study Committee by February 16, 1998. The Revenue Laws Study Committee
19 shall report any recommendations on this issue to the 1998 Regular Session of the
20 General Assembly.

21 Section 4. Section 3 of this act and the changes to G.S. 105A-3(d) and
22 G.S. 105A-16 made by this act are effective when this act becomes law. The changes
23 to G.S. 105A-5 made by this act become effective January 1, 1999. The remainder of
24 this act becomes effective January 1, 2000, and applies to income tax refunds
25 determined on or after that date.

SHORT TITLE: Modify Setoff Debt Collection

FISCAL IMPACT

Yes (X) No () No Estimate Available ()

REVENUES (See "Assumptions and Methodology")

EXPENDITURES (See "Assumptions and Methodology")

POSITIONS:

PRINCIPAL DEPARTMENT(S) &

PROGRAM(S) AFFECTED: The program is administered by the Department of Revenue.

EFFECTIVE DATE: The major changes under the bill apply to tax refunds determined on or after January 1, 2000.

BILL SUMMARY: The 1979 General Assembly approved legislation to allow selected State agencies to request the Department of Revenue to offset income tax refunds (if refund at least \$50) as a means of collecting debts owed agencies by taxpayers (in addition to other remedies). The Department of Revenue's cost of collecting the debt is earmarked from refunds offset, with the earmarking based on the prior year's experience.

The program has been modified over the years as other agencies have asked to be included. The bill modifies the program as follows:

- (1) Authorizes local government agencies to submit debts for setoff, but only through a local government clearinghouse for all units participating and only after the local government provides the debtor with notice and rights to a hearing and appeal.
- (2) Streamlines the program by eliminating unnecessary notices between the Department of Revenue and the claimant agencies and by allowing the Department to place refunds of debtors in escrow while the State agency finalizes the debt setoff.

(over)

(3) Requires State agencies not currently allowed to use the program to submit debts for setoff unless the State Controller waives the requirement.

(4) Provides that the Department of Revenue's costs of administering the program be charged to the debtor instead of the state agency, limits collection assistance fee to \$15 per debt collected, and shifts the cost of collecting child support debts from all State agencies to an earmarking of state income tax collections.

(5) Sets up a procedure for a state or local agency to mail a refund to a taxpayer in cases where the actual debt is less than the setoff amount or where the agency does not comply with the taxpayer notification requirements of the bill. In addition, if a taxpayer protests the setoff and the decision finds that the agency is not entitled to the setoff, the agency must send the taxpayer the full setoff amount plus the collection assistance fee. The return of the collection assistance fee is financed from the agency's budget. When the setoff amount exceeds the actual debt, the agency must refund the excess but is not required to refund the collection assistance fee. The payment of interest applies to refunds sent out by agencies.

(6) Directs the State Controller to study the merits of establishing a central clearinghouse for compiling debt setoff information required by the Department of Revenue. The Controller shall report the findings to the Revenue Laws Study Committee by February 16, 1998.

ASSUMPTIONS AND METHODOLOGY:

(1) Authorizing local government units to participate in the program will increase revenue for the cities and counties that participate. There is no data available at this time to calculate the gains. However, if the change allowed local units to collect 1/3 of their delinquent property tax bills, the additional receipts would be over \$37 million.

This provision will substantially increase the number of claims processed by the Department of Revenue. However, the proposal to shift more of the administrative burden to claimant agencies and the use of a clearinghouse to submit claims for local units should help offset the additional workload. In addition, the new claims will be eligible for collection assistance fees.

(2) Requiring State agencies currently not eligible for the program to participate will increase agency receipts by a maximum of \$1 million per year. In theory, the additional receipts should reduce General Fund budget requirements for the recipient agencies. At this time, the State Controller estimates that as much as 90% of the potential claim volume in State government is covered by the program.

(3) Requiring the Department of Revenue's costs to be paid by the debtor instead of being earmarked out of the refunds offset would increase agency receipts by a maximum of \$300,000 per year based on the 1996 experience. This would reduce General Fund budget requirements. In cases where the tax refund is greater than the debt, more of the taxpayer's refund will be

offset. If the debt is greater than the refund, the collection cost will be added to the debt amount to be carried over to the following year.

(4) The shift in the funding of child support collection costs to a General Fund earmarking from an earmarking of refunds offset will change how the General Fund pays for the costs, but there will be no change in overall budget requirements.

(5) Limiting the collection assistance fee to \$15 will not have a fiscal effect since the average fee now is far less than \$15.

(6) Shifting the administrative burden on state agency debts will increase the workload and costs of state agencies. The Department of Human Resources is developing data on the impact of their operations.

For information purposes, the graph on the back of this page shows the recent yield from the setoff program.

SETOFF DEBT COLLECTION ACT RESULTS

EXPLANATION OF SENATE BILL 39
Proposed Committee Substitute PCSX1854
Modify Setoff Debt Collection

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: July 29, 1997
SPONSOR: Senator Larry Shaw

Senate Bill 39 is one of the bills recommended to the 1997 General Assembly by the Revenue Laws Study Committee. It modifies the Setoff Debt Collection Act, Chapter 105A of the General Statutes. Under that act, the Department of Revenue sends the income tax refund of an individual who owes money to a State agency to that agency in payment of the debt rather than to the individual. The individual's income tax refund is therefore set off against the debt the individual owes the State agency.

In April, the Senate Finance Committee adopted a committee substitute that contained an appropriation to the Department of Human Resources; the bill was re-referred to Appropriations. This proposed committee substitute represents a compromise between the Department of Revenue, local governments, and the other affected State agencies. It removes the appropriation to the Department of Human Resources, requires the State Controller to study setting up a State clearinghouse for compiling State debt setoff information, and removes a proposed change in agency priorities for debt setoff.

Senate Bill 39 expands and streamlines the setoff program as follows:

1. It requires all State agencies not given a waiver by the State Controller to use the setoff program to collect debts owed the agency. Under current law, the State agencies that are included in a list in the statute must use the setoff program to collect debts and those that are not listed cannot use the setoff program.
2. It extends the setoff program to local units of government and their agencies and establishes the procedures local units and their agencies must follow to use the setoff program. The bill allows, but does not require, local entities to use the setoff program.
3. It streamlines the setoff program by eliminating several unnecessary notices between the Department of Revenue and the claimant agencies. It accomplishes this by allowing the Department to place refunds of debtors of State agencies in escrow while the State agency finalizes the setoff.
4. It shifts the cost of the program from the agencies whose debts are collected to the debtors who owe the debts, sets a \$15.00 cap on the fee imposed for collection through setoff, and shifts the cost of collecting

child support debts from all the State agencies that use the setoff program to an earmarking of income tax collections.

5. It clarifies and reorganizes some of the provisions in the Setoff Debt Collection Act.

Expansion to All State Agencies

The Setoff Debt Collection Act currently requires certain named State agencies to participate. Other State agencies may not participate, even on a voluntary basis. The bill would extend the mandatory State program to all State agencies, as recommended by the State Controller's Office, which administers the Statewide accounts receivable program pursuant to G.S. 147-86.22. If a State agency's use of the program would not be practical or cost effective in certain cases, the State Controller could waive the requirement.

Expansion to Local Governments

The idea to expand the setoff program to local entities originated with Senate Bill 761 of the 1995 Session, introduced by Senator Conder. Senate Bill 39 authorizes local governments to submit their debts for collection by setoff only after providing the debtor with notice, an opportunity to be heard before the local government, and an appeal process pursuant to the Administrative Procedure Act. After completing this process, the agency can submit the debt through the League of Municipalities, the Association of County Commissioners, or another clearinghouse. Funneling the debts through a clearinghouse rather than having each local government submit its own debts will avoid placing an undue administrative burden on the Department of Revenue.

Streamlining of Program

Under current law, the setoff process requires three notices to the Department by the claimant agency, two notices by the Department to the agency, and two notices to the taxpayer. The bill eliminates two of the notices to the Department by claimant agencies and one of the notices by the Department to claimant agencies.

Currently, a State agency notifies the Department of a debt. The Department checks to see if the debtor will be receiving a tax refund. If so, the Department notifies the agency that the debtor is entitled to a refund. The agency then sends the Department and the debtor a notice of intent to apply the refund to the debt. After any hearing requested by the debtor, the agency sends the Department a notice of certification of the debt. The Department then applies the tax refund to the debt and notifies the taxpayer and the agency of the setoff. If the debt is less than the refund, the Department sends the balance of the refund at the same time.

Under the bill, a claimant agency sends the Department notice of the debt and the Department immediately sets off the debt against the refund and notifies the taxpayer and the claimant agency. A local agency cannot notify the Department of a debt until after the debt has been established through notice to the debtor and a hearing, if requested. A State agency can notify the Department of a debt, have the

refund placed in an escrow for the agency, notify the debtor and hold any hearing requested, and then disburse the escrowed amount accordingly.

The bill gives a debtor the same procedural and substantive rights as under current law, including the right to interest on any part of the refund found not to be a valid debt. Under current law, a debtor is notified of a potential setoff and the right to contest the setoff. The debtor receives the same notifications under the bill. Also, under the bill, if an agency fails to give the debtor the required notice, the agency must return all the refund even though a debt is owed.

Collection Assistance Fee Changes

The cost of administering the setoff debt collection program is paid by the State agencies whose debts are collected by setoff. Each year, the Department of Revenue determines its costs of running the program and recovers these costs by charging a collection assistance fee as a percentage of each debt collected. The bill caps this fee at no more than \$15.00 per debt. The actual fee is expected to be less.

The bill shifts the burden of paying the administrative costs of most setoffs from participating State agencies to the debtors. Under current law, except in the case of child support debts, the Department of Revenue retains the collection assistance fee from each setoff. The retention of the fee reduces the amount paid to the agency. The agency therefore absorbs the cost of collecting the debt by receiving less than the full amount of the debt. Under the bill, the Department of Revenue will still retain the collection assistance fee but the fee will be added to the debt and paid by the debtor from the refund rather than subtracted from the amount payable to the agency. As a result, the debtor will pay the fee out of the tax refund that was set off. This change will shift approximately \$270,000, which is the cost of collecting about 39,000 debts, from State agencies' budgets to debtors.

Under current law, the Department of Human Resources and their county counterparts use the debt setoff program to collect child support arrearages pursuant to the federal Child Support Enforcement Program. Since January 1, 1996, rather than deducting its administrative costs from amounts collected for child support arrearages, the Department of Revenue has been required to spread among other State agencies the portion of the Department's administrative costs attributable to child support collections. That change shifted child support setoff administrative costs from child support collections to other setoff collections, resulting in an increase in the percentage deducted from those other collections. The bill directs the administrative costs of collecting child support arrearages to be drawn from income tax collections rather than deducted from the amounts collected on behalf of other State agencies. The General Fund bears the cost in either case, but under the bill the cost will not come from amounts appropriated to State agencies for other purposes.

35 Commission.

36 (2) Oral arguments by the parties may be allowed by the Chair of the
37 Commission upon request of the parties.

38 (3) Deliberations of the Commission shall be conducted in its public

41 143-318.11.

42 (b) The final agency decision in contested cases that arise from civil penalty
43 assessments shall be made by the Commission. In the evaluation of each violation, the

20 decision on remission requests. In determining whether a remission request will be
21 approved, the Committee shall consider the recommendation of the Secretary and the
22 following factors:

23 (1) Whether one or more of the civil penalty assessment factors in
24 subsection (b) of this section were wrongly applied to the
25 detriment of the petitioner.

26 (2) Whether the violator promptly abated continuing environmental
27 damage resulting from the violation.

28 (3) Whether the violation was inadvertent.

29 (4) Whether the violator had been assessed civil penalties for any
30 previous violations.

31 (5) Whether payment of the civil penalty will prevent payment for the
32 remaining necessary remedial actions.

33 (d) The Committee on Civil Penalty Remissions may remit the entire amount of
34 the penalty only when the violator has not been assessed civil penalties for previous
35 violations and when payment of the civil penalty will prevent payment for the
36 remaining necessary remedial actions.

37 (e) If any civil penalty has not been paid within 30 days after the final agency
38 decision or court order has been served on the violator, the Secretary of
39 Environment, Health, and Natural Resources shall request the Attorney General to
40 institute a civil action in the superior court of any county in which the violator
41 resides or has his or its principal place of business to recover the amount of the
42 assessment.

43 (f) The Secretary may delegate his powers and duties under this section to the

10 and the Marine Fisheries Commission shall each appoint two members of the
11 commission he or she chairs to a six-member review committee. The six-member
12 review committee, in consultation with the Department, shall review the draft Plan
13 and may revise the draft Plan on a consensus basis. The draft Plan, as revised by the
14 six-member review committee, shall then be submitted to the Coastal Resources
15 Commission, the Environmental Management Commission, and the Marine Fisheries
16 Commission, each of which shall independently consider the Plan for adoption. If
17 any of the three commissions is unable to agree to any aspect of a Plan, the chair of
18 each commission shall refer that aspect of the Plan to a six-member conference
19 committee to facilitate the resolution of any differences. The six-member conference
20 committee shall be appointed in the same manner as a six-member review committee
21 and may include members of the six-member review committee that reviewed the
22 Plan. Each final Coastal Habitat Protection Plan shall consist of those provisions
23 adopted by all three commissions. The three commissions shall review and revise
24 each Coastal Habitat Protection Plan at least once every five years.

25 (c) In carrying out their powers and duties, the Coastal Resources Commission,
26 the Environmental Management Commission, and the Marine Fisheries Commission
27 shall ensure, to the maximum extent practicable, that their actions are consistent with
28 the Coastal Habitat Protection Plans as adopted by the three commissions. The
29 obligation to act in a manner consistent with a Coastal Habitat Protection Plan is
30 prospective only and does not oblige any commission to modify any rule adopted,
31 permit decision made, or other action taken prior to the adoption or revision of the
32 Coastal Habitat Protection Plan by the three commissions. The Coastal Resources
33 Commission, the Environmental Management Commission, and the Marine Fisheries
34 Commission shall adopt rules to implement Coastal Habitat Protection Plans in
35 accordance with Chapter 150B of the General Statutes.

36 (d) If any of the three commissions concludes that another commission has taken
37 an action that is inconsistent with a Coastal Habitat Protection Plan, that commission
38 may request a written explanation of the action from the other commission. A
39 commission shall provide a written explanation: (i) upon the written request of one
40 of the other two commissions, or (ii) upon its own motion if the commission
41 determines that it must take an action that is inconsistent with a Coastal Habitat
42 Protection Plan.

43 (e) The Coastal Resources Commission, the Environmental Management
44 Commission, and the Marine Fisheries Commission shall report to the Joint

1 Legislative Commission on Seafood and Aquaculture and the Environmental Review
2 Commission on progress in developing and implementing the Coastal Habitat
3 Protection Plans, including the extent to which the actions of the three commissions
4 are consistent with the Plans, on or before 1 September of each year."

5 (f) The Secretary of Environment, Health, and Natural Resources shall report to
6 the Environmental Review Commission within 30 days of the completion or
7 substantial revision of each draft Coastal Habitat Protection Plan. The
8 Environmental Review Commission shall review each draft Coastal Habitat
9 Protection Plan within 30 days of the date the draft Plan is submitted to the
10 Environmental Review Commission. The Environmental Review Commission may
11 submit comments and recommendations on the draft Plan to the Secretary within 30
12 days of the date the draft Plan is submitted by the Secretary."

13 Section 3.2. G.S. 143B-282(a)(1) is amended by adding a new sub-
14 subdivision to read:

15 "v. To approve Coastal Habitat Protection Plans as provided in
16 G.S. 143B-279.8."

17 Section 3.3. Part 1 of Article 7 of Chapter 113A of the General Statutes
18 is amended by adding a new section to read:

19 "**§ 113A-106.1. Adoption of Coastal Habitat Protection Plans.**

20 The Commission shall approve Coastal Habitat Protection Plans as provided in
21 G.S. 143B-279.8."

22 Section 3.4. Article 15 of Chapter 113 of the General Statutes is
23 amended by adding a new section to read:

24 "**§ 113-182.1. Fishery Management Plans.**

25 (a) The Department shall prepare proposed Fishery Management Plans for
26 adoption by the Marine Fisheries Commission for all commercially or recreationally
27 significant species or fisheries that comprise State marine or estuarine resources.
28 Proposed Fishery Management Plans shall be developed in accordance with the
29 Priority List, Schedule, and guidance criteria established by the Marine Fisheries
30 Commission under G.S. 143B-289.22.

31 (b) The goal of the plans shall be to ensure the long-term viability of the State's
32 commercially and recreationally significant species or fisheries. Each plan shall be
33 designed to reflect fishing practices so that one plan may apply to a specific fishery,
34 while other plans may be based on gear or geographic areas. Each plan shall:

35 (1) Contain necessary information pertaining to the fishery or fisheries,
36 including management goals and objectives, status of relevant fish
37 stocks, stock assessments for multiyear species, fishery habitat and
38 water quality considerations consistent with Coastal Habitat
39 Protection Plans adopted pursuant to G.S. 143B-279.8, social and
40 economic impact of the fishery to the State, and user conflicts.
41 (2) Recommend management actions pertaining to the fishery or
42 fisheries.

1 (3) Include conservation and management measures that prevent
2 overfishing, while achieving, on a continuing basis, the optimal
3 yield from each fishery.

4 (c) To assist in the development of each Fishery Management Plan, the Chair of
5 the Marine Fisheries Commission shall appoint an Advisory Council. Each Advisory
6 Council shall be composed of commercial fishermen, recreational fishermen, and
7 scientists, all with expertise in the fishery for which the Fishery Management Plan is
8 being developed.

9 (d) Each Fishery Management Plan shall be revised at least once every three
10 years. The Marine Fisheries Commission may revise the Priority List and guidance
11 criteria whenever it determines that a revision of the Priority List or guidance criteria
12 will facilitate or improve the development of Fishery Management Plans or is
13 necessary to restore, conserve, or protect the marine and estuarine resources of the
14 State. The Marine Fisheries Commission may not revise the Schedule for the
15 development of a Fisheries Management Plan, once adopted, without the approval of
16 the Secretary of Environment, Health, and Natural Resources.

17 (e) The Secretary of Environment, Health, and Natural Resources shall monitor
18 progress in the development and adoption of Fishery Management Plans in relation
19 to the Schedule for development and adoption of the plans established by the Marine
20 Fisheries Commission. If the Secretary determines that the Division of Marine
21 Fisheries has failed to develop or the Marine Fisheries Commission has failed to
22 adopt a Fishery Management Plan in compliance with the Schedule, the Secretary
23 may issue a proclamation prohibiting the taking of species to which the Plan would
24 apply. The completion of any act within 30 days of the time specified by the
25 Schedule constitutes compliance with the Schedule. A proclamation issued pursuant
26 to this subsection is not subject to Article 2A of Chapter 150B of the General
27 Statutes.

28 (f) The Secretary of Environment, Health, and Natural Resources shall report to
29 the Joint Legislative Commission on Seafood and Aquaculture and the
30 Environmental Review Commission on progress in developing and implementing the
31 Fishery Management Plans on or before 1 September of each year. The Secretary of
32 Environment, Health, and Natural Resources shall report to the Joint Legislative
33 Commission on Seafood and Aquaculture and the Environmental Review
34 Commission within 30 days of the completion or substantial revision of each
35 proposed Fishery Management Plan. The Joint Legislative Commission on Seafood
36 and Aquaculture and the Environmental Review Commission shall review each
37 proposed Fishery Management Plan within 30 days of the date the proposed Plan is
38 submitted to the commission. The Joint Legislative Commission on Seafood and
39 Aquaculture and the Environmental Review Commission may submit comments and
40 recommendations on the proposed Plan to the Secretary within 30 days of the date
41 the proposed Plan is submitted by the Secretary.

42 (g) The Marine Fisheries Commission shall adopt rules to implement Fishery
43 Management Plans in accordance with Chapter 150B of the General Statutes."

1 Section 3.5. G.S. 113-129 is amended by adding two new subdivisions to
2 read:

3 "(12a) Optimal yield. -- The amount of fish that:

- 4 a. Will provide the greatest overall benefit to the State,
5 particularly with respect to food production and recreational
6 opportunities, and taking into account the protection of
7 marine ecosystems;
8 b. Is prescribed on the basis of the maximum sustainable yield
9 from the fishery, as reduced by any relevant economic,
10 social, or ecological factor; and
11 c. In the case of an overfished fishery, provides for rebuilding
12 to a level consistent with producing the maximum
13 sustainable yield in the fishery.

14 (12b) Overfishing or overfished. -- A rate or level of fishing mortality
15 that jeopardizes the capacity of a fishery to produce the maximum
16 sustainable yield on a continuing basis."

17
18 **PART IV. MARINE FISHERIES LAW ENFORCEMENT**

22 (a) Any person who participates in a commercial fishing operation conducted in
23 violation of any provision of this Subchapter and its implementing rules or in an

34 (d) Any person in charge of a commercial fishing operation conducted in
35 violation of the following provisions of this Subchapter or the following rules of the
36 Marine Fisheries Commission; and any person in charge of any vessel used in
37 violation of the following provisions of the Subchapter or the following rules, shall be
38 guilty of a ~~Class 2~~ Class A1 misdemeanor. The violations of the statute or the rules
39 for which the penalty is mandatory are:

41 oysters, mussels, or clams taken from areas closed by statute, rule,
42 or proclamation because of suspected pollution.
43 (2) Taking or attempting to take or have in possession aboard a vessel,

10 Section 4.2. Article 15 of Chapter 113 of the General Statutes is
11 amended by adding a new section to read:

12 "**§ 113-190. Unlawful sale or purchase of fish; criminal and civil penalties.**

13 (a) Any person who sells fish in violation of G.S. 113-168.4 or a rule of the

16 (b) Any person who purchases fish in violation of G.S. 113-169.3 or a rule of the
17 Marine Fisheries Commission to implement that section is guilty of a Class A1
18 misdemeanor.

19 (c) A civil penalty of not more than ten thousand dollars (\$10,000) may be
20 assessed by the Secretary against any person who sells fish in violation of G.S.
21 113-168.4 or purchases fish in violation of G.S. 113-169.3.

22 (d) In determining the amount of the penalty, the Secretary shall consider the
23 factors set out in G.S. 143B-289.23(b). The procedures set out in G.S. 143B-289.23
24 shall apply to civil penalty assessments that are presented to the Commission for final
25 agency decision.

26 (e) The Secretary shall notify any person assessed a civil penalty of the assessment
27 and the specific reasons therefor by registered or certified mail or by any means
28 authorized by G.S. 1A-1, Rule 4. Contested case petitions shall be filed pursuant to
29 G.S. 150B-23 within 30 days of receipt of the notice of assessment.

30 (f) Requests for remission of civil penalties shall be filed with the Secretary.
31 Remission requests shall not be considered unless filed within 30 days of receipt of
32 the notice of assessment. Remission requests must be accompanied by a waiver of the
33 right to a contested case hearing pursuant to Chapter 150B of the General Statutes
34 and a stipulation of the facts on which the assessment was based. Consistent with the
35 limitations in G.S. 143B-289.23(c), remission requests may be resolved by the
36 Secretary and the violator. If the Secretary and the violator are unable to resolve the
37 request, the Secretary shall deliver remission requests and his recommended action to
38 the Committee on Civil Penalty Remissions of the Marine Fisheries Commission
39 appointed pursuant to G.S. 143B-289.23(c).

40 (g) If any civil penalty has not been paid within 30 days after notice of assessment
41 has been served on the violator, the Secretary shall request the Attorney General to
42 institute a civil action in the superior court of any county in which the violator
43 resides or has his or its principal place of business to recover the amount of the

9 Section 4.3. G.S. 113-221(e) reads as rewritten:

10 "(e) The Marine Fisheries Commission may delegate to the Fisheries Director the
11 authority to issue proclamations suspending or implementing, in whole or in part,
12 particular rules of the Commission which may be affected by variable conditions.
13 Such proclamations are to be issued by the Fisheries Director or by a person
14 designated by the Fisheries Director. All proclamations must state the hour and date
15 upon which they become effective and must be issued at least 48 hours in advance of
16 the effective date and time. In those situations in which the proclamation prohibits
17 the taking of certain fisheries resources for reasons of public health, the proclamation
18 can be made effective immediately upon issuance. Notwithstanding any other
19 provisions of this subsection, a proclamation can be issued at least 12 hours in
20 advance of the effective date and time to reopen the taking of certain fisheries
21 resources closed for reason of public health through a prior proclamation made
22 effective immediately upon issuance. Persons violating any proclamation which is
23 made effective immediately shall not be charged with a criminal offense during the
24 time between the issuance and 48 hours after such issuance unless such person had
25 actual notice of the issuance of such proclamation. Fisheries resources taken or
26 possessed by any person in violation of any proclamation may be seized regardless of
27 whether such person had actual notice of the proclamation. A permanent file of the
28 text of all proclamations shall be maintained in the office of the Fisheries Director.
29 Certified copies of proclamations are entitled to judicial notice in any civil or
30 criminal proceeding.

31 The Fisheries Director must make every reasonable effort to give actual notice of
32 the terms of any proclamation to the persons who may be affected thereby. ~~Such~~
33 Reasonable effort includes press releases to communications media, posting of notices
34 at docks and other places where persons affected may gather, personal
35 communication by inspectors and other agents of the Fisheries Director, and such
36 other measures designed to reach the persons who may be affected. The Fisheries
37 Director may determine, on a case-by-case basis and at the Fisheries Director's sole
38 discretion, that a proclamation did not apply to an individual licensee when an act of
39 God occurred that prevented the licensee from receiving notice of the proclamation."

40 Section 4.4. The Marine Fisheries Commission shall develop a Violation
41 Points System applicable to the fishing licenses of all persons who violate marine
42 fisheries statutes or rules. In developing this system, the Marine Fisheries
43 Commission shall consider the recommendations made in the Final Report of the
44 Moratorium Steering Committee and the suspension, revocation, and reissuance

1 procedures under G.S. 113-166. The Marine Fisheries Commission shall also develop
2 an implementation schedule for the Violation Points System. The Marine Fisheries
3 Commission shall report to the Joint Legislative Commission on Seafood and
4 Aquaculture no later than 1 July 1999, on the development of the Violation Points
5 System and the implementation schedule.

10 time the application is made.

11 (c) Transfer. -- The holder of a RSCFL may transfer the RSCFL as provided in
12 G.S. 113-168.2 or, upon retirement from commercial fishing, to a third-party
13 purchaser of the RSCFL holder's fishing vessel. If the third-party purchaser is less
14 than 65 years of age, that purchaser shall pay the fee for the SCFL set forth in G.S.
15 113-168.2.

16 (d) Assignment. -- The RSCFL shall not be assignable.

17 **"§ 113-168.4. Regulations concerning the sale of fish.**

18 (a) Except as otherwise provided in this section, it is unlawful for any person who
19 takes or lands any species of fish under the authority of the Commission from coastal
20 fishing waters by any means whatever, including mariculture operations, to sell, offer
21 for sale, barter or exchange for merchandise these fish, without holding a current and
22 valid SCFL or RSCFL issued under G.S. 113-168.2 or G.S. 113-168.3, or a valid
23 shellfish license issued under G.S. 113-169.2. It is unlawful for fish dealers to buy fish
24 unless the seller presents a current and valid SCFL, RSCFL, or shellfish license at the
25 time of the transaction. Any subsequent sale of fish shall be subject to the licensing
26 requirements of fish dealers under G.S. 113-169.3.

34 fish taken in connection with the tournament pursuant to a recreational fishing
35 tournament license to sell fish. A person who organizes a nonprofit recreational
36 fishing tournament may obtain a recreational fishing tournament license to sell fish
37 upon application to the Division and payment of a fee of one hundred dollars
38 (\$100.00). A recreational fishing tournament is an organized fishing competition
39 occurring within a specified time period not to exceed one week and that is not a
40 commercial fishing operation. Proceeds derived from the sale of fish may be used
41 only for charitable purposes.

42 **"§ 113-168.5. License endorsements for Standard Commercial Fishing License and**
43 **Retired Standard Commercial Fishing License.**

1 (a) A SCFL or RSCFL may be endorsed to authorize the use of a vessel in a
2 commercial fishing operation.

3 (b) Vessel Endorsements. --

4 (1) As used in this subsection, a North Carolina vessel is a vessel that
5 has its primary situs in the State. A vessel has its primary situs in
6 the State if:

7 a. A certificate of number has been issued for the vessel under
8 Article 1 of Chapter 75A of the General Statutes;

9 b. A certificate of title has been issued for the vessel under
10 Article 4 of Chapter 75A of the General Statutes; or

11 c. A certification of documentation has been issued for the
12 vessel that lists a home port in the State under 42 U.S.C. §
13 12101, et seq., as amended.

14 (2) It is unlawful to use a vessel in a commercial fishing operation in
15 the coastal fishing waters of the State without a vessel endorsement
16 of the license required under this Article for that commercial
17 fishing operation. It is unlawful to use a North Carolina vessel to
18 land or sell fish in the State that are taken during a commercial
19 fishing operation outside the coastal fishing waters of the State
20 without a vessel endorsement of the license required under this
21 Article for that commercial fishing operation. No endorsement is
22 required, however, for a vessel of any length that does not have a
23 motor if the vessel is used only in connection with another vessel
24 for which the required license has been properly endorsed.

25 (3) The fee for a vessel endorsement shall be determined by the length
26 of the vessel and shall be in addition to the fee for a SCFL,
27 RSCFL, or shellfish license. The length of a vessel shall be
28 determined by measuring the distance between the ends of the
29 vessel along the deck and through the cabin, excluding the sheer.
30 The fee for a vessel endorsement is:

31 a. One dollar (\$1.00) per foot for a vessel not over 18 feet in
32 length.

33 b. One dollar and fifty cents (\$1.50) per foot for a vessel over
34 18 feet but not over 38 feet in length.

35 c. Three dollars (\$3.00) per foot for a vessel over 38 feet but
36 not over 50 feet in length.

37 d. Six dollars (\$6.00) per foot for a vessel over 50 feet in
38 length.

39 (4) A vessel endorsement may be assigned as provided in G.S.
40 113-168.2(f).

41 (5) When the owner of a vessel for which a SCFL, RSCFL, or shellfish
42 license has been endorsed transfers ownership of the vessel to a
43 holder of a SCFL, RSCFL, or shellfish license, the vessel
44 endorsement may be transferred from the former owner's SCFL,

1 RSCFL, or shellfish license to the new owner's SCFL, RSCFL, or
2 shellfish license upon the request of the new owner. The new
3 owner of the vessel shall notify the Division of the change in
4 ownership and request that the vessel endorsement be transferred
5 within 30 days of the date on which the transfer of ownership
6 occurred. The notification of a change in the ownership of a
7 vessel and request that the vessel endorsement be transferred shall
8 be made on a form provided by the Division and shall be
9 accompanied by satisfactory proof of the transfer of vessel
10 ownership. Transfer of vessel ownership may be proven by a
11 notarized copy of: (i) the bill of sale; (ii) a temporary vessel
12 registration; or (iii) a vessel documentation transfer.

13 (c) Menhaden Endorsements. -- Except as provided in G.S. 113-169, it is unlawful
14 to use a vessel to take menhaden by purse seine in the coastal fishing waters of the
15 State, to land menhaden in the State, or to sell menhaden from a vessel in the State
16 without obtaining a menhaden endorsement of a SCFL or RSCFL. The fee for a
17 menhaden endorsement shall be two dollars (\$2.00) per ton, based on gross tonnage
18 as determined by the custom house measurement for the mother ship. The
19 menhaden endorsement shall be required for the mother ship but no separate
20 endorsement shall be required for a purse boat carrying a purse seine. The
21 application for a menhaden endorsement must state the name of the person in
22 command of the vessel. Upon a change in command of a menhaden vessel, the
23 owner must notify the Division in writing within 30 days.

24 (d) Shellfish Endorsement for North Carolina Residents. -- The Division shall
25 issue a shellfish endorsement of a SCFL or RSCFL to a North Carolina resident at
26 no charge.

27 **"§ 113-169. Menhaden license for nonresidents not eligible for a SCFL.**

28 A person who is not a resident of North Carolina, who is not eligible for a SCFL
29 under this Article, and who only seeks to engage in menhaden fishing is eligible to
30 purchase a menhaden license for nonresidents. The fee for the menhaden license for
31 nonresidents shall be two dollars (\$2.00) per ton, gross tonnage, customhouse
32 measurements for the mother ship. The menhaden license for nonresidents shall be
33 required for the mother ship to take, land, or sell menhaden in North Carolina taken
34 by purse seine. No separate endorsement shall be required for a purse boat carrying
35 a purse seine. The application for a menhaden license for nonresidents must state the
36 name of the person in command of the vessel. Upon change in command of a
37 menhaden vessel, the owner must notify the Division within 30 days.

38 **"§ 113-169.1. Other commercial licenses and permits authorized by the Commission.**

39 The Commission may adopt rules to establish licenses or permits as set forth in this
40 section. Licenses or permits shall be issued upon the payment of fees as prescribed
41 by the Commission in its duly adopted rules at a rate to be established by the
42 Commission. The fee rate for licenses or permits authorized under this section shall,
43 at a minimum, be adequate to compensate the Division for the actual and
44 administrative cost associated with the conservation and management of the fishery.

1 (1) Crew licenses. -- The Commission may adopt rules to establish an
2 individual crew license for persons working aboard a vessel
3 engaged in a commercial fishing operation at a rate not to exceed
4 one hundred dollars (\$100.00) per license.

5 (2) Permits. -- The Commission may adopt rules to establish permits
6 for gear, equipment, and specialized activities at a rate not to
7 exceed fifty dollars (\$50.00) per permit. The Commission may
8 require permits for commercial fishing operations that do not
9 involve the use of a vessel. The Commission may require that a
10 person obtain a special permit prior to transplanting oysters or
11 clams.

12 **"§ 113-169.2. Shellfish license for North Carolina residents without a SCFL.**

13 (a) License or Endorsement Necessary to Take or Sell Shellfish. -- It is unlawful
14 for an individual to take shellfish from the public grounds of the State by mechanical
15 means or for commercial use by any means without holding either a shellfish license
16 or a shellfish endorsement of a SCFL or RSCFL. A North Carolina resident who
17 seeks only to take and sell shellfish shall be eligible to purchase a shellfish license
18 without holding a SCFL or RSCFL. The license includes the privilege to sell shellfish
19 to a licensed fish dealer.

20 (b) Purchase; Renewal. -- A person may purchase a shellfish license at any office
21 of the Division. The shellfish license and endorsements may be renewed by mail by
22 forwarding a completed application, including applicable fees, to the Division's
23 Morehead City Office. Any person who is issued a shellfish license is eligible to
24 renew the shellfish license and any endorsements if the shellfish license has not been
25 suspended or revoked.

26 (c) Fees. -- Shellfish licenses shall be issued annually upon payment of a fee of
27 twenty-five dollars (\$25.00) upon proof that the license applicant is a North Carolina
28 resident: Provided, that persons under 16 years of age are exempt from the license
29 requirements of this section if accompanied by a parent, grandparent, or guardian
30 who is in compliance with the requirements of this section or if in possession of a
31 parent's, grandparent's, or guardian's shellfish license.

32 (d) License Available for Inspection. -- It is unlawful for any individual to take
33 shellfish for commercial use from the public grounds of the State without having
34 ready at hand for inspection a current and valid shellfish license issued to the licensee
35 personally and bearing the licensee's correct name and address. It is unlawful for any
36 individual taking or possessing freshly taken shellfish to refuse to exhibit the
37 individual's license upon the request of an officer authorized to enforce the fishing
38 laws.

39 (e) Vessel Endorsement Required. -- A license holder under this section shall be
40 required to purchase a vessel endorsement under G.S. 113-168.5 if a vessel is used in
41 the take or sale of shellfish. A vessel endorsement of a shellfish license does not
42 authorize the use of the vessel for any commercial fishing operation other than the
43 taking or selling of shellfish.

1 (f) Name or Address Change. -- In the event of a change in name or address or
2 upon receipt of an erroneous shellfish license, the licensee shall, within 30 days, apply
3 for a replacement shellfish license bearing the correct name and address. Upon a
4 showing by the individual that the name or address change occurred within the past
5 30 days, the trial court or prosecutor shall dismiss any charges brought pursuant to
6 this subsection.

7 (g) Transfer Prohibited. -- It is unlawful for an individual issued a shellfish license
8 to transfer or offer to transfer the license, either temporarily or permanently, to
9 another. It is unlawful for an individual to secure or attempt to secure a shellfish
10 license from a source not authorized by the Commission.

11 (h) Limitation on Taking Shellfish Without a License. --

12 (1) A person who is not required to obtain a shellfish license under
13 subsection (a) of this section shall not take more than:

14 a. One bushel of oysters per day.

15 b. One-half bushel of scallops per day.

16 c. One hundred clams per day.

17 (2) Two or more persons who are not required to obtain a shellfish
18 license under subsection (a) of this section and who are using a
19 vessel to take shellfish shall not take more than:

20 a. Two bushels of oysters per day.

21 b. One bushel of scallops per day.

22 c. Two hundred clams per day.

23 **§ 113-169.3. Licenses for fish dealers.**

24 (a) Eligibility. -- A fish dealer license shall be issued to a North Carolina resident
25 upon receipt of a proper application in the Morehead City Office of the Division
26 together with all license fees including the total number of dealer categories set forth
27 in this section. The license shall be issued in the name of the applicant and shall
28 include all dealer categories on the license.

29 (b) Application for License. -- Applications shall not be accepted from persons
30 ineligible to hold a license issued by the Division, including any applicant whose
31 license is suspended or revoked on the date of the application. The applicant shall be
32 provided with a copy of the application marked received. The copy shall serve as the
33 fish dealer's license until the license issued by the Division is received, or the
34 Division determines that the applicant is ineligible to hold a license. Where an
35 applicant does not have an established location for transacting the fisheries business
36 within the State, the license application shall be denied unless the applicant satisfies
37 the Secretary that his residence, or some other office or address within the State, is a
38 suitable substitute for an established location and that records kept in connection
39 with licensing, sale, and purchase requirements will be available for inspection when
40 necessary. Fish dealers' licenses are issued on a fiscal year basis upon payment of a
41 fee as set forth herein upon proof, satisfactory to the Secretary, that the license
42 applicant is a North Carolina resident.

43 (c) License Requirement. -- Except as otherwise provided in this section, it is
44 unlawful for any person not licensed pursuant to this article:

1 (1) To buy fish for resale from any person involved in a commercial
2 fishing operation that takes any species of fish from coastal fishing
3 waters. For purposes of this subdivision, a retailer who purchases
4 fish from a fish dealer shall not be liable if the fish dealer has not
5 complied with the licensing requirements of this section;

6 (2) To sell fish to the public; or

7 (3) To sell to the public any species of fish under the authority of the
8 Commission taken from coastal fishing waters.

9 Any person subject to the licensing requirements of this section is a fish dealer.
10 Any person subject to the licensing requirements of this section shall obtain a
11 separate license for each physical location conducting activities required to be
12 licensed under this section.

13 (d) Exceptions to License Requirements. -- The Commission may adopt rules to
14 implement this subsection including rules to clarify the status of the listed classes of
15 exempted persons, require submission of statistical data, and require that records be
16 kept in order to establish compliance with this section. Any person not licensed
17 pursuant to this section is exempt from the licensing requirements of this section if all
18 fish handled within any particular licensing category meet one or more of the
19 following requirements:

20 (1) The fish are sold by persons whose dealings in fish are primarily
21 educational, scientific, or official, and who have been issued a
22 permit by the Division that authorizes the educational, scientific, or
23 official agency to sell fish taken or processed in connection with
24 research or demonstration projects;

25 (2) The fish are sold by individual employees of fish dealers when
26 transacting the business of their duly licensed employer;

27 (3) The fish are shipped to a person by a dealer from without the
28 State;

29 (4) The fish are of a kind the sale of which is regulated exclusively by
30 the Wildlife Resources Commission; or

31 (5) The fish are purchased from a licensed dealer.

32 (e) Application Fee for New Fish Dealers. -- An applicant for a new fish dealer
33 license shall pay a nonrefundable application fee of fifty dollars (\$50.00) in addition
34 to the license category fees set forth in this section.

35 (f) License Category Fees. -- Every fish dealer subject to licensing requirements
36 shall secure an annual license at each established location for each of the following
37 activities transacted there, upon payment of the fee set out:

38 (1) Dealing in oysters: \$50.00;

39 (2) Dealing in scallops: \$50.00;

40 (3) Dealing in clams: \$50.00;

41 (4) Dealing in hard or soft crabs: \$50.00;

42 (5) Dealing in shrimp, including bait: \$50.00;

43 (6) Dealing in finfish, including bait: \$50.00;

1 (7) Operating menhaden or other fish-dehydrating or oil-extracting
2 processing plants: \$50.00; or

3 (8) Consolidated license (all categories): \$300.00.

4 Any person subject to fish dealer licensing requirements who deals in fish not
5 included in the above categories shall secure a finfish dealer license. The Commission
6 may adopt rules implementing and clarifying the dealer categories of this subsection.
7 Bait operations shall be licensed under either the finfish or shrimp dealer license
8 categories.

9 (g) License Format. -- The format of the license shall include the name of the
10 licensee, date of birth, name and physical address of each business location,
11 expiration date of the license, and any other information the Division deems
12 necessary to accomplish the purposes of this Subchapter.

13 (h) Application for Replacement License. -- A replacement license shall only be
14 obtained from an office of the Division. The Division shall not accept an application
15 for a replacement license unless the Division determines that the applicant's current
16 license has not been suspended or revoked. A copy of an application duly filed with
17 the Division shall serve as the license until the replacement license has been received.

18 (i) Purchase and Sale of Fish. -- It is unlawful for a fish dealer to buy fish unless
19 the seller possesses a current and valid SCFL, RSCFL, shellfish license, menhaden
20 license for nonresidents, or a special fisheries sale permit issued under G.S.
21 113-168.4(c), and the dealer records the transaction consistent with the
22 record-keeping requirements of G.S. 113-168.2(i). It is unlawful for any person to
23 purchase, possess, or sell fish taken from coastal fishing waters in violation of this
24 Subchapter or the rules adopted by the Commission implementing this Subchapter.

25 (j) Transfer Prohibited. -- Any fish dealer license issued under this section is
26 nontransferable. It is unlawful to use a fish dealer license issued to another person in
27 the sale or attempted sale of fish or for a licensee to lend or transfer a fish dealer
28 license for the purpose of circumventing the requirements of this section.

29 **"§ 113-169.4. Licensing of ocean fishing piers; fees.**

30 (a) Every manager of an ocean fishing pier within the coastal fishing waters who
31 charges the public a fee to fish in any manner from the pier shall secure a current
32 and valid pier license from the Division. An application for a pier license shall
33 disclose the names of all parties involved in the pier operations, including the owner
34 of the property, owner of the pier if different, and all leasehold or other corporate
35 arrangements, and all persons with a substantial financial interest in the pier.

36 (b) Within 30 days following a change of ownership of a pier, or a change as to
37 the manager, the manager or new manager shall secure a replacement pier license
38 from the Division. The replacement license is issued without charge.

39 (c) Pier licenses are issued upon payment of fifty cents (50¢) per linear foot, to
40 the nearest foot, that the pier extends into coastal fishing waters beyond the mean
41 high waterline. The length of the pier shall be measured to include all extensions of
42 the pier.

43 (d) The manager who secures the pier license shall be the individual with the duty
44 of executive-level supervision of pier operations.

1 **"§ 113-169.5. Land or sell license; vessels fishing beyond territorial waters.**

2 (a) Persons aboard vessels not having their primary situs in the State that are
3 carrying a cargo of fish taken outside the waters of the State may land or sell their
4 catch in the State by purchasing a land or sell license as set forth in this section with
5 respect to the vessel in question. The Commission may by rule modify the land or sell
6 licensing procedure in order to devise an efficient and convenient procedure for
7 licensing out-of-state vessels to only land, or after landing to permit sale of cargo.

8 (b) The fee for a land or sell license for a vessel not having its primary situs in
9 North Carolina is two hundred dollars (\$200.00), or an amount equal to the
10 nonresident fee charged by the nonresident's state, whichever is greater. Persons
11 aboard vessels having a primary situs in a jurisdiction that would allow North
12 Carolina vessels without restriction to land or sell their catch, taken outside the
13 jurisdiction, may land or sell their catch in the State without complying with this
14 section if the persons are in possession of a valid license from their state of residence.

15 **"§ 113-170. Exportation and importation of fish and equipment.**

16 The Commission may adopt rules governing the importation and exportation of
17 fish, and equipment that may be used in taking or processing fish, as necessary to
18 enhance the conservation of marine and estuarine resources of the State. These rules
19 may regulate, license, prohibit, or restrict importation into the State and exportation
20 from the State of any and all species of fish that are native to coastal fishing waters or
21 may thrive if introduced into these waters.

22 **"§ 113-170.1. Nonresidents reciprocal agreements.**

23 Persons who are not North Carolina residents are not entitled to obtain licenses
24 under the provisions of this Article except as provided in this section. Residents of
25 jurisdictions that sell commercial fishing licenses to North Carolina residents are
26 entitled to North Carolina commercial fishing licenses under the provisions of G.S.
27 113-168.2. Licenses may be restricted in terms of area, gear, and fishery by the
28 Commission so that the nonresidents are licensed to engage in North Carolina
29 fisheries on the same or similar terms that North Carolina residents can be licensed to
30 engage in the fisheries of other jurisdictions. The Secretary may enter into reciprocal
31 agreements with other jurisdictions as necessary to allow nonresidents to obtain
32 commercial fishing licenses in the State subject to the foregoing provisions.

33 **"§ 113-170.2. Fraud or deception as to licenses, permits, or records.**

34 (a) It is unlawful for any person to give any false information or willfully to omit
35 giving required information to the Division or any license agent when the information
36 is material to the securing of any license or permit under this Article. It is unlawful
37 to falsify, fraudulently alter, or counterfeit any license, permit, identification, or
38 record to which this Article applies or otherwise practice any fraud or deception
39 designed to evade the provisions of this Article or reasonable administrative
40 directives made under the authority of this Article.

41 (b) A violation of this section is punishable by a fine of not less than one hundred
42 dollars (\$100.00) nor more than five hundred dollars (\$500.00).

43 **"§ 113-170.3. Record-keeping requirements.**

1 (a) The Commission may require all licensees under this Article to keep and to
2 exhibit upon the request of an authorized agent of the Department records and
3 accounts as may be necessary to the equitable and efficient administration and
4 enforcement of this Article. In addition, licensees may be required to keep additional
5 information of a statistical nature or relating to location of catch as may be needed to
6 determine conservation policy. Records and accounts required to be kept must be
7 preserved for inspection for not less than three years.

8 (b) It is unlawful for any licensee to refuse or to neglect without justifiable excuse
9 to keep records and accounts as may be reasonably required. The Department may
10 distribute forms to licensees to aid in securing compliance with its requirements, or it
11 may inform licensees of requirements in other effective ways such as distributing
12 memoranda and sending agents of the Department to consult with licensees who have
13 been remiss. Detailed forms or descriptions of records, accounts, collection and
14 inspection procedures, and the like that reasonably implement the objectives of this
15 Article need not be embodied in rules of the Commission in order to be validly
16 required.

17 (c) The following records collected and compiled by the Department shall not be
18 considered public records within the meaning of Chapter 132 of the General Statutes,
19 but shall be confidential and shall be used only for the equitable and efficient
20 administration and enforcement of this Article or for determining conservation
21 policy, and shall not be disclosed except when required by the order of a court of
22 competent jurisdiction: all records, accounts, and reports that licensees are required
23 by the Commission to make, keep, and exhibit pursuant to the provisions of this
24 section, and all records, accounts, and memoranda compiled by the Department from
25 records, accounts, and reports of licensees and from investigations and inspections,
26 containing data and information concerning the business and operations of licensees
27 reflecting their assets, liabilities, inventories, revenues, and profits; the number,
28 capacity, capability, and type of fishing vessels owned and operated; the type and
29 quantity of fishing gear used; the catch of fish or other seafood by species in numbers,
30 size, weight, quality, and value; the areas in which fishing was engaged in; the
31 location of catch; the time of fishing, number of hauls, and the disposition of the fish
32 and other seafood. The Department may compile statistical information in any
33 aggregate or summary form that does not directly or indirectly disclose the identity of
34 any licensee who is a source of the information, and any compilation of statistical
35 information by the Department shall be a public record open to inspection and
36 examination by any person, and may be disseminated to the public by the
37 Department.

38 **"§ 113-170.4. Rules as to possession, transportation, and disposition of fisheries**
39 **resources.**

40 The Commission may adopt rules governing possession, transportation, and
41 disposition of fisheries resources by all persons, including those not subject to fish
42 dealer licensing requirements, in order that inspectors may adequately distinguish
43 regulated coastal fisheries resources from those not so regulated and enforce the
44 provisions of this Article equitably and efficiently. These rules may include

1 requirements as to giving notice, filing declarations, securing permits, marking
2 packages, and the like.

3 "§ 113-170.5. Violations with respect to coastal fisheries resources.

4 It is unlawful to take, possess, transport, process, sell, buy, or in any way deal in
5 coastal fisheries resources without conforming with the provisions of this Article or of
6 rules adopted under the authority of this Article.

7 "§ 113-171. Suspension, revocation, and reissuance of licenses.

8 (a) Upon receipt of reliable notice that a person licensed under this Article has
9 had imposed against the person a conviction of a criminal offense within the
10 jurisdiction of the Department under the provisions of this Subchapter or of rules of
11 the Commission adopted under the authority of this Subchapter, the Secretary must
12 suspend or revoke all licenses held by the person in accordance with the terms of this
13 section. Reliable notice includes information furnished the Secretary in prosecution
14 or other reports from inspectors. As used in this section, a conviction includes a plea
15 of guilty or nolo contendere, any other termination of a criminal prosecution
16 unfavorably to the defendant after jeopardy has attached, or any substitute for
17 criminal prosecution whereby the defendant expressly or impliedly confesses the
18 defendant's guilt. In particular, procedures whereby bond forfeitures are accepted in
19 lieu of proceeding to trial and cases indefinitely continued upon arrest of judgment or
20 prayer for judgment continued are deemed convictions. The Secretary may act to
21 suspend or revoke licenses upon the basis of any conviction in which:

22 (1) No notice of appeal has been given;

23 (2) The time for appeal has expired without an appeal having been
24 perfected; or

25 (3) The conviction is sustained on appeal. Where there is a new trial,
26 finality of any subsequent conviction will be determined in the
27 manner set out above.

28 (b) The Secretary must initiate an administrative procedure designed to give the
29 Secretary systematic notice of all convictions of criminal offenses by licensees
30 covered by subsection (a) of this section above and keep a file of all convictions
31 reported. Upon receipt of notice of conviction, the Secretary must determine whether
32 it is a first, a second, a third, or a fourth or subsequent conviction of some offense
33 covered by subsection (a). In the case of second convictions, the Secretary must
34 suspend all licenses issued to the licensee for a period of 10 days. In the case of third
35 convictions, the Secretary must suspend all licenses issued to the licensee for a period
36 of 30 days. In the case of fourth or subsequent convictions, the Secretary must
37 revoke all licenses issued to the licensee. Where several convictions result from a
38 single transaction or occurrence, they are to be treated as a single conviction so far as
39 suspension or revocation of the licenses of any licensee is concerned. Anyone
40 convicted of taking or of knowingly possessing, transporting, buying, selling, or
41 offering to buy or sell oysters or clams from areas closed because of suspected
42 pollution will be deemed by the Secretary to have been convicted of two separate
43 offenses on different occasions for license suspension or revocation purposes.

1 (c) Where a license has been suspended or revoked, the former licensee is not
2 eligible to apply for reissuance of license or for any additional license authorized in
3 this Article during the suspension or revocation period. Licenses must be returned to
4 the licensee by the Secretary or the Secretary's agents at the end of a period of
5 suspension. Where there has been a revocation, application for reissuance of license
6 or for an additional license may not be made until six months following the date of
7 revocation. In such case of revocation, the eligible former licensee must satisfy the
8 Secretary that the licensee will strive in the future to conduct the operations for
9 which the license is sought in accord with all applicable laws and rules. Upon the
10 application of an eligible former licensee after revocation, the Secretary, in the
11 Secretary's discretion, may issue one license sought but not another, as deemed
12 necessary to prevent the hazard of recurring violations of the law.

13 (d) Upon receiving reliable information of a licensee's conviction of a second or
14 subsequent criminal offense covered by subsection (a) of this section, the Secretary
15 shall promptly cause the licensee to be personally served with written notice of
16 suspension or revocation, as the case may be. The written notice may be served upon
17 any responsible individual affiliated with the corporation, partnership, or association
18 where the licensee is not an individual. The notice of suspension or revocation may
19 be served by an inspector or other agent of the Department, must state the ground
20 upon which it is based, and takes effect immediately upon personal service. The
21 agent of the Secretary making service shall then or subsequently, as may be feasible
22 under the circumstances, collect all license certificates and plates and other forms or
23 records relating to the license as directed by the Secretary. It is unlawful for any
24 licensee willfully to evade the personal service prescribed in this subsection.

25 (e) A licensee served with a notice of suspension or revocation may obtain an
26 administrative review of the suspension or revocation by filing a petition for a
27 contested case under G.S. 150B-23 within 20 days after receiving the notice. The
28 only issue in the hearing shall be whether the licensee was convicted of a criminal
29 offense for which a license must be suspended or revoked. A license remains
30 suspended or revoked pending the final decision by the Secretary.

31 (f) If the Secretary refuses to reissue the license or issue an additional license to
32 an applicant whose license was revoked, the applicant may contest the decision by
33 filing a petition for a contested case under G.S. 150B-23 within 20 days after the
34 Secretary makes the decision. The Commission shall make the final agency decision
35 in a contested case under this subsection. An applicant whose license is denied
36 under this subsection may not reapply for the same license for at least six months.

37 (g) The Commission may adopt rules to provide for the disclosure of the identity
38 of any individual or individuals in responsible positions of control respecting
39 operations of any licensee that is not an individual. For the purposes of this section,
40 individuals in responsible positions of control are deemed to be individual licensees
41 and subject to suspension and revocation requirements in regard to any applications
42 for license they may make -- either as individuals or as persons in responsible
43 positions of control in any corporation, partnership, or association. In the case of

1 individual licensees, the individual applying for a license or licensed under this
2 Article must be the real party in interest.

3 (h) In determining whether a conviction is a second or subsequent offense under
4 the provisions of this section, the Secretary may not consider convictions for:

5 (1) Offenses that occurred three years prior to the effective date of this
6 Article; or

7 (2) Offenses that occurred more than three years prior to the time of
8 the latest offense the conviction for which is in issue as a
9 subsequent conviction.

10 **"§ 113-171.1. Use of spotter planes in commercial fishing operations regulated.**

11 (a) Spotter Plane Defined. -- A 'spotter plane' is an aircraft used for aerial
12 identification of the location of fish in coastal fishing waters so that a vessel may be
13 directed to the fish.

14 (b) License. -- Before an aircraft is used as a spotter plane in a commercial fishing
15 operation, the owner or operator of the aircraft must obtain a license for the aircraft
16 from the Division. The fee for a license for a spotter plane is one hundred dollars
17 (\$100.00). An applicant for a license for a spotter plane shall include in the
18 application the identity, either by boat or by company, of the specific commercial
19 fishing operations in which the spotter plane will be used during the license year. If,
20 during the course of the license year, the aircraft is used as a spotter plane in a
21 commercial fishing operation that is not identified in the original license application,
22 the owner or operator of the aircraft shall amend the license application to add the
23 identity of the additional commercial fishing operation.

24 (c) Unlawful Activity. -- It shall be unlawful to:

25 (1) Use a spotter plane directed at food fish, except in connection with
26 a purse seine operation authorized by a rule of the Commission.

27 (2) Use or permit the use of an unlicensed spotter plane or a licensed
28 spotter plane whose license application does not identify the
29 specific commercial fishing operation involved.

30 (3) Participate knowingly in a commercial fishing operation that uses
31 an unlicensed spotter plane or a licensed spotter plane whose
32 license application does not identify the specific commercial fishing
33 operation involved.

34 (d) Violation a Misdemeanor. -- A violation of subsection (c) of this section is a
35 Class 1 misdemeanor.

36 **"§ 113-172. License agents.**

37 (a) The Secretary shall designate license agents for the Department. At least one
38 license agent shall be designated for each county that contains or borders on coastal
39 fishing waters. The Secretary may designate additional license agents in any county if
40 the Secretary determines that additional agents are needed to provide efficient service
41 to the public. The Division and license agents designated by the Secretary under this
42 section shall issue all licenses authorized under this Article in accordance with this
43 Article and the rules of the Commission. The Secretary shall require license agents
44 to enter into a contract that provides for their duties and compensation, post a bond,

1 and submit to reasonable inspections and audits. If a license agent violates any
2 provision of this Article, the rules of the Commission, or the terms of the contract,
3 the Secretary may initiate proceedings for the forfeiture of the license agent's bond
4 and may summarily suspend, revoke, or refuse to renew a designation as a license
5 agent and may impound or require the return of all licenses, moneys, record books,
6 reports, license forms and other documents, ledgers, and materials pertinent or
7 apparently pertinent to the license agency. The Secretary shall report evidence or
8 misuse of State property, including license fees, by a license agent to the State Bureau
9 of Investigation as provided by G.S. 114-15.1.

10 (b) License agents shall be compensated by adding a surcharge of one dollar
11 (\$1.00) to each license sold and retaining the surcharge. If more than one license is
12 listed on a consolidated license form, the license agent shall be compensated as if a
13 single license were sold. It is unlawful for a license agent to add more than the
14 surcharge authorized by this section to the fee for each license sold.

15 **"§ 113-173. Recreational Commercial Gear License.**

16 (a) License Required. -- Except as provided in subsection (j) of this section, it is
17 unlawful for any person to take or attempt to take fish for recreational purposes by
18 means of commercial fishing equipment or gear in coastal fishing waters without
19 holding a RCGL. As used in this section, fish are taken for recreational purposes if
20 the fish are not taken for the purpose of sale. The RCGL entitles the licensee to use
21 authorized commercial gear to take fish for personal use subject to recreational
22 quotas or limits.

23 (b) Sale of Fish Prohibited. -- It is unlawful for the holder of a RCGL or for a
24 person who is exempt under subsection (k) of this section to sell fish taken under the
25 RCGL or pursuant to the exemption.

26 (c) Authorized Commercial Gear. -- The Commission shall adopt rules
27 authorizing the use of a limited amount of commercial fishing equipment or gear for
28 recreational fishing under a RCGL. The Commission may authorize the limited use
29 of commercial gear on a uniform basis in all coastal fishing waters or may vary the
30 limited use of commercial gear within specified areas of the coastal fishing waters.
31 The Commission shall periodically evaluate and revise the authorized use of
32 commercial gear for recreational fishing. Authorized commercial gear shall be
33 identified by visible colored tags or other means specified by the Commission in
34 order to distinguish between commercial gear used in a commercial operation and
35 commercial gear used for recreational purposes.

36 (d) Purchase; Renewal. -- A RCGL may be purchased at designated offices of the
37 Division and from a license agent authorized under G.S. 113-172. A RCGL may be
38 renewed by mail.

39 (e) Replacement RCGL. -- Upon receipt of a proper application and a two-dollar
40 (\$2.00) replacement fee, the Division may issue a duplicate RCGL to replace an
41 unexpired RCGL that has been lost or destroyed.

42 (f) Duration; Fees. -- The RCGL shall be valid for a one-year period from the
43 date of purchase. The fee for a RCGL for a North Carolina resident shall be

1 thirty-five dollars (\$35.00). The fee for a RCGL for an individual who is not a North
2 Carolina resident shall be two hundred fifty dollars (\$250.00).

3 (g) RCGL Available for Inspection. -- It is unlawful for any person to engage in
4 recreational fishing by means of restricted commercial gear in the State without
5 having ready at hand for inspection a valid RCGL. A holder of a RCGL shall not
6 refuse to exhibit the RCGL upon the request of an inspector or any other law
7 enforcement officer authorized to enforce federal or State laws, regulations, or rules
8 relating to marine fisheries.

9 (h) Assignment and Transfer Prohibited. -- A RCGL is not transferable. It is
10 unlawful to buy, sell, lend, borrow, assign, or otherwise transfer a RCGL, or to
11 attempt to buy, sell, lend, borrow, assign, or otherwise transfer a RCGL.

12 (i) Reporting Requirements. -- The holder of a RCGL shall comply with the
13 biological data sampling and survey programs of the Commission and the Division.

14 (j) Exemptions. --

15 (1) A person who is under 16 years of age may take fish for
16 recreational purposes by means of authorized commercial gear
17 without holding a RCGL if the person is accompanied by a parent,
18 grandparent, or guardian who holds a valid RCGL or if the person
19 has in the person's possession a valid RCGL issued to the person's
20 parent, grandparent, or guardian.

21 (2) A person may take crabs for recreational purposes by means of one
22 or more crab pots attached to the shore along privately owned land
23 or to a privately owned pier without holding a RCGL provided
24 that the crab pots are attached with the permission of the owner of
25 the land or pier.

26 (3) A person who is on a vessel may take fish for recreational purposes
27 by means of authorized commercial gear without holding a RCGL
28 if there is another person on the vessel who holds a valid RCGL.
29 This exemption does not authorize the use of commercial gear in
30 excess of that authorized for use by the person who holds the valid
31 RCGL or, if more than one person on the vessel holds a RCGL, in
32 excess of that authorized for use by those persons."

33 Section 5.2. (a) Definitions; Citations. The definitions set out in G.S.
34 113-168 apply to this section. A citation to a provision of the General Statutes in this
35 section means that provision of the General Statutes as enacted by this act.

36 (b) Transitional Provisions. In order to effect an orderly implementation
37 of this act and the transition from the moratorium imposed by subsection (a) of
38 Section 3 of Chapter 576 of the 1993 Session Laws, Regular Session 1994, as
39 amended by Section 3 of Chapter 675 of the 1993 Session Laws, Regular Session
40 1994; subsection (a) of Section 26.5 of Chapter 507 of the 1995 Session Laws; Section
41 7 of Chapter 256 of the 1997 Session Laws; and subsection (a) of Section 6.1 of this
42 act, to the licensing provision of Article 14A of Chapter 113 of the General Statutes,
43 the provisions of this section shall apply to the issuance of licenses under Article 14A

1 of Chapter 113 of the General Statutes until all Fishery Management Plans have been
2 adopted as required by G.S. 113-182.1 and G.S. 143B-289.22.

3 (c) Temporary Cap. There is hereby imposed a temporary cap on the
4 total number of SCFLs that the Division may issue. The temporary cap equals the
5 total number of endorsements to sell fish that establish eligibility for a SCFL under
6 subsection (g) of this section plus 500 additional SCFLs, authorized by subsection (d)
7 of this section.

8 (d) 1999-2000 License Year. For the 1999-2000 license year, the
9 Commission is authorized to issue SCFLs as provided in subsection (g) of this section
10 plus an additional 500 SCFLs using the procedure set out in subsection (h) of this
11 section.

12 (e) Subsequent License Years. For license years beginning with the
13 2000-01 license year, the Commission is authorized to issue SCFLs from the pool of
14 available SCFLs as provided in subsection (f) of this section using the procedure set
15 out in subsection (h) of this section.

16 (f) Adjustment of Number of SCFLs. The number of SCFLs in the pool
17 of available SCFLs in license years beginning with the 2000-01 license year is the
18 temporary cap less the number of SCFLs that are renewed. The Commission may
19 increase or decrease the number of SCFLs that are issued from the pool of available
20 SCFLs. The Commission may increase the number of SCFLs that are issued from
21 the pool of available SCFLs up to the temporary cap. The Commission may decrease
22 the number of SCFLs that are issued from the pool of available SCFLs but may not
23 refuse to renew a SCFL that is issued during the previous license year and that has
24 not been suspended or revoked. The Commission shall increase or decrease the
25 number of SCFLs that are issued to reflect its determination as to the effort that the
26 fishery can support, based on the best available scientific evidence.

27 (g) Eligibility for SCFL. Any person who holds a valid endorsement to
28 sell fish of a vessel license on 1 July 1999 is eligible to receive a SCFL. The Division
29 shall issue a SCFL to any person who is eligible under this subsection upon receipt of
30 an application and required fees. If the person held more than one endorsement to
31 sell fish, the person is eligible to receive a SCFL for each endorsement to sell
32 previously held. Eligibility to receive a SCFL under this subsection shall expire 1
33 July 2000.

34 (h) Procedure for Issuing Additional SCFLs. The Commission shall
35 determine a procedure for issuing the 500 additional SCFLs authorized by subsection
36 (d) of this section for the 1999-2000 license year and for issuing SCFLs from the pool
37 of available SCFLs authorized by subsection (e) of this section. The procedure shall
38 set a date on which the Division will begin receiving applications and a date on
39 which the determination by lot of which applicants will receive a SCFL will be made.
40 The Commission shall develop criteria for determining eligibility for a SCFL under
41 this subsection. Criteria shall include the past involvement of the applicant and the
42 applicant's family in commercial fishing; the extent to which the applicant has relied
43 on commercial fishing for the applicant's livelihood; the extent to which the applicant
44 has complied with federal and State laws, regulations, and rules relating to coastal

1 fishing and protection of the environment; and any other factors the Commission
2 determines to be relevant. The Division shall review each application for a SCFL
3 that it receives during the application period to determine whether the applicant is
4 eligible under the eligibility criteria established by the Commission. The Division
5 shall issue SCFLs under this subsection by lot. All applicants who are determined to
6 be eligible shall have an equal chance of being issued a SCFL.

7 Section 5.3. The Marine Fisheries Commission shall adopt rules
8 authorizing the use of a limited amount commercial gear for recreational fishing
9 under a Recreational Commercial Gear License, as required by G.S. 113-173, as
10 enacted by Section 5.1 of this act, on or before 1 July 1999.

11 Section 5.4. (a) G.S. 113-153.1 is recodified as G.S. 113-168.9 in Article
12 14A of Chapter 113 of the General Statutes, as enacted by Section 5.1 of this act.

13 (b) G.S. 113-168.9(e), as recodified by subsection (a) of this section, reads
14 as rewritten:

15 "(e) The owner of a vessel ~~licensed under G.S. 113-152~~ shall be eligible to
16 purchase a vessel crab license for crabs as an alternative to the purchase of individual
17 licenses under this section. A vessel crab license authorizes the owner of the vessel
18 and up to two unlicensed persons serving as crew to fish for crabs from that vessel. It
19 is unlawful for the owner of a vessel to take crabs from the coastal fishing waters of
20 North Carolina for commercial use by any means, when unlicensed persons not
21 authorized by the vessel crab license are on the vessel. The Secretary shall revoke a
22 vessel crab license issued under this subsection ~~shall be revoked when~~ if the owner of
23 the vessel or any other person using the owner's vessel is convicted of a violation
24 under this section, except for subsection (b). section, other than conviction for a
25 violation under subsection (b) of this section."

26 (c) All sections of Article 14 of Chapter 113 of the General Statutes
27 other than G.S. 113-153.1 are repealed.

28 Section 5.5. The Marine Fisheries Commission shall adopt a Fishery
29 Management Plan for the blue crab fishery in accordance with G.S. 143B-289.22, as
30 enacted by Section 2.1 of this act, and G.S. 113-182.1, as enacted by Section 3.4 of
31 this act, no later than 1 January 2000.

32 Section 5.6. Notwithstanding the provisions of G.S. 113-168.2 and G.S.
33 113-168.3, as enacted by Section 5.1 of this act, it is unlawful for any person to take
34 crabs from the coastal fishing waters of the State for commercial use without being
35 licensed under G.S. 113-168.9.

36 Section 5.7. G.S. 113-168.9, as recodified from G.S. 113-153.1 by Section
37 5.4 of this act, is repealed.

38 Section 5.8. The Revisor of Statutes shall set out Section 5.2 of this act as
39 a note to G.S. 113-168.2, as enacted by Section 5.1 of this act.

40 Section 5.9. G.S. 113-203(a)(2) reads as rewritten:

41 "(2) When the transplanting is done by a dealer in accordance with the
42 provisions of G.S. ~~113-158~~ 113-169.1(2) and implementing rules;

5 aquaculture operations, to sell, offer for sale, barter or exchange for merchandise
6 such fish, without having first procured a current and valid endorsement to sell fish.
7 It is unlawful for fish dealers to buy fish unless the seller presents a current and valid
8 vessel license with an endorsement to sell, or a separate endorsement to sell if no
9 vessel is involved, at the time of the transaction. Any subsequent sale of fish shall be
10 subject to the licensing requirements of fish dealers under G.S. 113-156.

11 (b) Fees. -- The annual fee for an endorsement to sell fish on a vessel license for a
12 resident of this State is set forth in G.S. 113-152(h). The annual fee for an

14 fifteen dollars (\$15.00) and for a nonresident of this State is one hundred dollars
15 (\$100.00) or an amount equal to the nonresident fee charged by the nonresident's

33 serve as the endorsement to sell, until the endorsement issued by the Division is

41 replacement endorsement unless the Division determines that the applicant's current

20 following two exceptions: (i) an individual under the age of 16 may sell fish under the
21 license of a relative or guardian; or (ii) a license may be transferred within a single
22 fishing operation if the person to whom it is transferred is a U.S. citizen. It is
23 unlawful for a licensee to lend or transfer a license to sell for the purpose of
24 circumventing the requirements of this section.

15 **"§ 143B-289.28. Marine Fisheries Endowment Fund.**

16 (a) Recognizing the inestimable importance to the State and its people of
17 conserving the marine and estuarine resources of the State, and for the purpose of
18 providing the opportunity for citizens and residents of the State to invest in the future
19 of its marine and estuarine resources, there is created the North Carolina Marine
20 Fisheries Endowment Fund, the income and principal of which shall be used only for
21 the purpose of supporting marine and estuarine resource conservation programs of
22 the State in accordance with this section.

23 (b) There is created the Board of Trustees of the Marine Fisheries Endowment
24 Fund of the Marine Fisheries Commission, with full authority over the administration
25 of the Marine Fisheries Endowment Fund, whose ex officio Chair, Vice-Chair, and
26 members shall be the Chair, Vice-Chair, and members of the Marine Fisheries
27 Commission. The State Treasurer shall be the custodian of the Marine Fisheries
28 Endowment Fund and shall invest its assets in accordance with the provisions of G.S.
29 147-69.2 and G.S. 147-69.3.

31 following:

32 (1) The proceeds of any gifts, grants, and contributions to the State
33 that are specifically designated for inclusion in the Fund.

34 (2) Any other sources specified by law.

35 (d) The Marine Fisheries Endowment Fund is declared to constitute a special
36 trust derived from a contractual relationship between the State and the members of
37 the public whose investments contribute to the Fund. In recognition of this special
38 trust, the following limitations and restrictions are placed on expenditures from the
39 Fund:

40 (1) Any limitations or restrictions specified by the donors on the uses
41 of the income derived from the gifts, grants, and voluntary

1 (2) No expenditure or disbursement shall be made from the principal
2 of the Marine Fisheries Endowment Fund except as otherwise
3 provided by law.

4 (3) The income received and accruing from the investments of the
5 Marine Fisheries Endowment Fund must be spent only to further
6 the conservation of marine and estuarine resources.

7 (e) The Board of Trustees of the Marine Fisheries Endowment Fund may
8 accumulate the investment income of the Fund until the income, in the sole judgment
9 of the trustees, can provide a significant supplement to the budget for the
10 conservation and management of marine and estuarine resources. After that time the
11 trustees, in their sole discretion and authority, may direct expenditures from the
12 income of the Fund for the purposes set out in subdivision (3) of subsection (d)
13 above.

14 (f) Expenditure of the income derived from the Marine Fisheries Endowment
15 Fund shall be made through the State budget accounts of the Marine Fisheries
16 Commission in accordance with the provisions of the Executive Budget Act. The
17 Marine Fisheries Endowment Fund is subject to the oversight of the State Auditor
18 pursuant to Article 5A of Chapter 147 of the General Statutes.

19 (g) The Marine Fisheries Endowment Fund and the income therefrom shall not

21 Fisheries Endowment Fund available for the purpose set out in subdivision (3) of
22 subsection (d) above shall be used to supplement other income of and appropriations

30 These funds shall be administered by the Marine Fisheries Commission and shall be
31 used for marine and estuarine resources management, including education about the
32 importance of conservation, in a manner consistent with marine and estuarine
33 conservation management principles.

34 (b) The Marine Fisheries Commission is hereby authorized to issue and sell
35 appropriate emblems by which to identify recipients thereof as contributors to a
36 special marine and estuarine resources Conservation Fund that shall be made
37 available to the Marine Fisheries Commission for conservation, protection,
38 enhancement, preservation, and perpetuation of marine and estuarine species that
39 may be endangered or threatened with extinction and for education about these
40 issues. The special Conservation Fund is subject to oversight of the State Auditor
41 pursuant to Article 5A of Chapter 147 of the General Statutes. Emblems of different
42 sizes, shapes, types, or designs may be used to recognize contributions in different

44 than five dollars (\$5.00).

1 "§ 143B-289.30. Article subject to Chapter 113.

2 Nothing in this Article shall be construed to affect the jurisdictional division
3 between the Marine Fisheries Commission and the Wildlife Resources Commission
4 contained in Subchapter IV of Chapter 113 of the General Statutes or in any way to
5 alter or abridge the powers and duties of the two agencies conferred in that
6 Subchapter.

7 "§ 143B-289.31. Jurisdictional questions.

8 In the event of any question arising between the Wildlife Resources Commission
9 and the Marine Fisheries Commission or between the Department of Environment,
10 Health, and Natural Resources and the Marine Fisheries Commission as to any duty,
11 responsibility, or authority imposed upon any of these bodies by law or with respect
12 to conflict involving rules or administrative practices, the question or conflict shall be
13 resolved by the Governor, whose decision shall be binding."

15 **PART III. COASTAL HABITAT PROTECTION PLANS; FISHERY**
16 **MANAGEMENT PLANS**
17

18 Section 3.1. Article 7 of Chapter 143B of the General Statutes is
19 amended by adding a new section to read:

20 "§ 143B-279.8. Coastal Habitat Protection Plans.

21 (a) The Department shall coordinate the preparation of draft Coastal Habitat
22 Protection Plans for critical fisheries habitats. The Department shall use the staff of
23 those divisions within the Department that have jurisdiction over marine fisheries,
24 water quality, and coastal area management in the preparation of the Coastal Habitat
25 Protection Plans and shall request assistance from other federal and State agencies as
26 necessary. The plans shall:

- 27 (1) Describe and classify biological systems in the habitats, including
28 wetlands, fish spawning grounds, estuarine or aquatic endangered
29 or threatened species, primary or secondary nursery areas, shellfish
30 beds, submerged aquatic vegetation (SAV) beds, and habitats in
31 outstanding resource waters.
- 32 (2) Evaluate the function, value to coastal fisheries, status, and trends
33 of the habitats.
- 34 (3) Identify existing and potential threats to the habitats and the
35 impact on coastal fishing.
- 36 (4) Recommend actions to protect and restore the habitats.

37 (b) Once a draft Coastal Habitat Protection Plan has been prepared, the chairs of
38 the Coastal Resources Commission, the Environmental Management Commission,
39 and the Marine Fisheries Commission shall each appoint two members of the
40 commission he or she chairs to a six-member review committee. The six-member
41 review committee, in consultation with the Department, shall review the draft Plan
42 and may revise the draft Plan on a consensus basis. The draft Plan, as revised by the
43 six-member review committee, shall then be submitted to the Coastal Resources
44 Commission, the Environmental Management Commission, and the Marine Fisheries

1 Commission, each of which shall independently consider the Plan for adoption. If
2 any of the three commissions is unable to agree to any aspect of a Plan, the chair of
3 each commission shall refer that aspect of the Plan to a six-member conference
4 committee to facilitate the resolution of any differences. The six-member conference
5 committee shall be appointed in the same manner as a six-member review committee
6 and may include members of the six-member review committee that reviewed the
7 Plan. Each final Coastal Habitat Protection Plan shall consist of those provisions
8 adopted by all three commissions. The three commissions shall review and revise
9 each Coastal Habitat Protection Plan at least once every five years.

10 (c) In carrying out their powers and duties, the Coastal Resources Commission,
11 the Environmental Management Commission, and the Marine Fisheries Commission
12 shall ensure, to the maximum extent practicable, that their actions are consistent with
13 the Coastal Habitat Protection Plans as adopted by the three commissions. The
14 obligation to act in a manner consistent with a Coastal Habitat Protection Plan is
15 prospective only and does not obligè any commission to modify any rule adopted,
16 permit decision made, or other action taken prior to the adoption or revision of the
17 Coastal Habitat Protection Plan by the three commissions. The Coastal Resources
18 Commission, the Environmental Management Commission, and the Marine Fisheries
19 Commission shall adopt rules to implement Coastal Habitat Protection Plans in
20 accordance with Chapter 150B of the General Statutes.

21 (d) If any of the three commissions concludes that another commission has taken
22 an action that is inconsistent with a Coastal Habitat Protection Plan, that commission
23 may request a written explanation of the action from the other commission. A
24 commission shall provide a written explanation: (i) upon the written request of one
25 of the other two commissions, or (ii) upon its own motion if the commission
26 determines that it must take an action that is inconsistent with a Coastal Habitat
27 Protection Plan.

28 (e) The Coastal Resources Commission, the Environmental Management
29 Commission, and the Marine Fisheries Commission shall report to the Joint
30 Legislative Commission on Seafood and Aquaculture and the Environmental Review
31 Commission on progress in developing and implementing the Coastal Habitat
32 Protection Plans, including the extent to which the actions of the three commissions
33 are consistent with the Plans, on or before 1 September of each year."

34 (f) The Secretary of Environment, Health, and Natural Resources shall report to
35 the Environmental Review Commission within 30 days of the completion or
36 substantial revision of each draft Coastal Habitat Protection Plan. The
37 Environmental Review Commission shall review each draft Coastal Habitat
38 Protection Plan within 30 days of the date the draft Plan is submitted to the
39 Environmental Review Commission. The Environmental Review Commission may
40 submit comments and recommendations on the draft Plan to the Secretary within 30
41 days of the date the draft Plan is submitted by the Secretary."

42 Section 3.2. G.S. 143B-282(a)(1) is amended by adding a new sub-
43 subdivision to read:

1 "v. To approve Coastal Habitat Protection Plans as provided in
2 G.S. 143B-279.8."

3 Section 3.3. Part 1 of Article 7 of Chapter 113A of the General Statutes
4 is amended by adding a new section to read:

5 **"§ 113A-106.1. Adoption of Coastal Habitat Protection Plans.**

6 The Commission shall approve Coastal Habitat Protection Plans as provided in
7 G.S. 143B-279.8."

8 Section 3.4. Article 15 of Chapter 113 of the General Statutes is
9 amended by adding a new section to read:

10 **"§ 113-182.1. Fishery Management Plans.**

11 (a) The Department shall prepare proposed Fishery Management Plans for
12 adoption by the Marine Fisheries Commission for all commercially or recreationally
13 significant species or fisheries that comprise State marine or estuarine resources.
14 Proposed Fishery Management Plans shall be developed in accordance with the
15 Priority List, Schedule, and guidance criteria established by the Marine Fisheries
16 Commission under G.S. 143B-289.22.

17 (b) The goal of the plans shall be to ensure the long-term viability of the State's
18 commercially and recreationally significant species or fisheries. Each plan shall be
19 designed to reflect fishing practices so that one plan may apply to a specific fishery,
20 while other plans may be based on gear or geographic areas. Each plan shall:

21 (1) Contain necessary information pertaining to the fishery or fisheries,
22 including management goals and objectives, status of relevant fish
23 stocks, stock assessments for multiyear species, fishery habitat and
24 water quality considerations consistent with Coastal Habitat
25 Protection Plans adopted pursuant to G.S. 143B-279.8, social and
26 economic impact of the fishery to the State, and user conflicts.

27 (2) Recommend management actions pertaining to the fishery or
28 fisheries.

29 (3) Include conservation and management measures that prevent
30 overfishing, while achieving, on a continuing basis, the optimal
31 yield from each fishery.

32 (c) To assist in the development of each Fishery Management Plan, the Chair of
33 the Marine Fisheries Commission shall appoint an Advisory Council. Each Advisory
34 Council shall be composed of commercial fishermen, recreational fishermen, and
35 scientists, all with expertise in the fishery for which the Fishery Management Plan is
36 being developed.

37 (d) Each Fishery Management Plan shall be revised at least once every three
38 years. The Marine Fisheries Commission may revise the Priority List and guidance
39 criteria whenever it determines that a revision of the Priority List or guidance criteria
40 will facilitate or improve the development of Fishery Management Plans or is
41 necessary to restore, conserve, or protect the marine and estuarine resources of the
42 State. The Marine Fisheries Commission may not revise the Schedule for the
43 development of a Fisheries Management Plan, once adopted, without the approval of
44 the Secretary of Environment, Health, and Natural Resources.

1 (e) The Secretary of Environment, Health, and Natural Resources shall monitor
2 progress in the development and adoption of Fishery Management Plans in relation
3 to the Schedule for development and adoption of the plans established by the Marine
4 Fisheries Commission. If the Secretary determines that the Division of Marine
5 Fisheries has failed to develop or the Marine Fisheries Commission has failed to
6 adopt a Fishery Management Plan in compliance with the Schedule, the Secretary
7 may issue a proclamation prohibiting the taking of species to which the Plan would
8 apply. The completion of any act within 30 days of the time specified by the
9 Schedule constitutes compliance with the Schedule. A proclamation issued pursuant
10 to this subsection is not subject to Article 2A of Chapter 150B of the General
11 Statutes.

12 (f) The Secretary of Environment, Health, and Natural Resources shall report to
13 the Joint Legislative Commission on Seafood and Aquaculture and the
14 Environmental Review Commission on progress in developing and implementing the
15 Fishery Management Plans on or before 1 September of each year. The Secretary of
16 Environment, Health, and Natural Resources shall report to the Joint Legislative
17 Commission on Seafood and Aquaculture and the Environmental Review
18 Commission within 30 days of the completion or substantial revision of each
19 proposed Fishery Management Plan. The Joint Legislative Commission on Seafood
20 and Aquaculture and the Environmental Review Commission shall review each
21 proposed Fishery Management Plan within 30 days of the date the proposed Plan is
22 submitted to the commission. The Joint Legislative Commission on Seafood and
23 Aquaculture and the Environmental Review Commission may submit comments and
24 recommendations on the proposed Plan to the Secretary within 30 days of the date
25 the proposed Plan is submitted by the Secretary.

26 (g) The Marine Fisheries Commission shall adopt rules to implement Fishery
27 Management Plans in accordance with Chapter 150B of the General Statutes."

28 Section 3.5. G.S. 113-129 is amended by adding two new subdivisions to
29 read:

30 "(12a) Optimal yield. -- The amount of fish that:
31 a. Will provide the greatest overall benefit to the State,
32 particularly with respect to food production and recreational
33 opportunities, and taking into account the protection of
34 marine ecosystems;
35 b. Is prescribed on the basis of the maximum sustainable yield
36 from the fishery, as reduced by any relevant economic,
37 social, or ecological factor; and
38 c. In the case of an overfished fishery, provides for rebuilding
39 to a level consistent with producing the maximum
40 sustainable yield in the fishery.

41 (12b) Overfishing or overfished. -- A rate or level of fishing mortality
42 that jeopardizes the capacity of a fishery to produce the maximum
43 sustainable yield on a continuing basis."
44

35 net, mechanical methods for oyster or clam harvest or dredge in
36 designated primary nursery areas."37 Section 4.2. Article 15 of Chapter 113 of the General Statutes is
38 amended by adding a new section to read:39 "**§ 113-190. Unlawful sale or purchase of fish; criminal and civil penalties.**40 (a) Any person who sells fish in violation of G.S. 113-168.4 or a rule of the
41 Marine Fisheries Commission to implement that section is guilty of a Class A1
42 misdemeanor.

1 (b) Any person who purchases fish in violation of G.S. 113-169.3 or a rule of the
2 Marine Fisheries Commission to implement that section is guilty of a Class A1
3 misdemeanor.

4 (c) A civil penalty of not more than ten thousand dollars (\$10,000) may be
5 assessed by the Secretary against any person who sells fish in violation of G.S.
6 113-168.4 or purchases fish in violation of G.S. 113-169.3.

7 (d) In determining the amount of the penalty, the Secretary shall consider the
8 factors set out in G.S. 143B-289.23(b). The procedures set out in G.S. 143B-289.23
9 shall apply to civil penalty assessments that are presented to the Commission for final
10 agency decision.

11 (e) The Secretary shall notify any person assessed a civil penalty of the assessment
12 and the specific reasons therefor by registered or certified mail or by any means
13 authorized by G.S. 1A-1, Rule 4. Contested case petitions shall be filed pursuant to
14 G.S. 150B-23 within 30 days of receipt of the notice of assessment.

15 (f) Requests for remission of civil penalties shall be filed with the Secretary.

24 appointed pursuant to G.S. 143B-289.23(c).

25 (g) If any civil penalty has not been paid within 30 days after notice of assessment
26 has been served on the violator, the Secretary shall request the Attorney General to
27 institute a civil action in the superior court of any county in which the violator
28 resides or has his or its principal place of business to recover the amount of the
29 assessment, unless the violator contests the assessment as provided in subsection (e) of
30 this section, or requests remission of the assessment in whole or in part as provided in
31 subsection (f) of this section. If any civil penalty has not been paid within 30 days
32 after the final agency decision or court order has been served on the violator, the
33 Secretary shall request the Attorney General to institute a civil action in the superior
34 court of any county in which the violator resides or has his or its principal place of
35 business to recover the amount of the assessment. Civil actions must be filed within
36 three years of the date the final agency decision or court order was served on the
37 violator."

38 Section 4.3. G.S. 113-221(e) reads as rewritten:

39 "(e) The Marine Fisheries Commission may delegate to the Fisheries Director the
40 authority to issue proclamations suspending or implementing, in whole or in part,
41 particular rules of the Commission which may be affected by variable conditions.
42 Such proclamations are to be issued by the Fisheries Director or by a person
43 designated by the Fisheries Director. All proclamations must state the hour and date
44 upon which they become effective and must be issued at least 48 hours in advance of

1 the effective date and time. In those situations in which the proclamation prohibits
2 the taking of certain fisheries resources for reasons of public health, the proclamation
3 can be made effective immediately upon issuance. Notwithstanding any other
4 provisions of this subsection, a proclamation can be issued at least 12 hours in
5 advance of the effective date and time to reopen the taking of certain fisheries
6 resources closed for reason of public health through a prior proclamation made
7 effective immediately upon issuance. Persons violating any proclamation which is
8 made effective immediately shall not be charged with a criminal offense during the
9 time between the issuance and 48 hours after such issuance unless such person had
10 actual notice of the issuance of such proclamation. Fisheries resources taken or
11 possessed by any person in violation of any proclamation may be seized regardless of
12 whether such person had actual notice of the proclamation. A permanent file of the
13 text of all proclamations shall be maintained in the office of the Fisheries Director.
14 Certified copies of proclamations are entitled to judicial notice in any civil or
15 criminal proceeding.

16 The Fisheries Director must make every reasonable effort to give actual notice of
17 the terms of any proclamation to the persons who may be affected thereby. ~~Such~~
18 Reasonable effort includes press releases to communications media, posting of notices
19 at docks and other places where persons affected may gather, personal
20 communication by inspectors and other agents of the Fisheries Director, and such
21 other measures designed to reach the persons who may be affected. The Fisheries
22 Director may determine, on a case-by-case basis and at the Fisheries Director's sole
23 discretion, that a proclamation did not apply to an individual licensee when an act of
24 God occurred that prevented the licensee from receiving notice of the proclamation."

25 Section 4.4. The Marine Fisheries Commission shall develop a Violation
26 Points System applicable to the fishing licenses of all persons who violate marine
27 fisheries statutes or rules. In developing this system, the Marine Fisheries
28 Commission shall consider the recommendations made in the Final Report of the
29 Moratorium Steering Committee and the suspension, revocation, and reissuance
30 procedures under G.S. 113-166. The Marine Fisheries Commission shall also develop
31 an implementation schedule for the Violation Points System. The Marine Fisheries
32 Commission shall report to the Joint Legislative Commission on Seafood and
33 Aquaculture no later than 1 July 1999, on the development of the Violation Points
34 System and the implementation schedule.

22 full annual license fee at the time the applicant applies for the license regardless of
23 when application is made.

24 (b) Licenses Required to Engage in Commercial Fishing. -- It is unlawful for any
25 person to engage in a commercial fishing operation without being licensed as
26 required by this Article. It is unlawful for anyone to command a vessel engaged in a
27 commercial fishing operation without complying with the provisions of this Article
28 and rules adopted by the Commission under this Article.

29 (c) Licenses and Endorsements Available for Inspection. -- It is unlawful for any
30 person to engage in a commercial fishing operation in the State without having ready
31 at hand for inspection all valid licenses and endorsements required under this Article.
32 To comply with this subsection, a person must have either a currently valid (i) license
33 issued in the person's true name and bearing the person's current address or (ii) an
34 assignment of a SCFL authorized under this Article. A licensee or assignee shall not

36 any other law enforcement officer authorized to enforce federal or State laws,
37 regulations, or rules relating to marine fisheries.

38 (d) No Dual Residency. -- It is unlawful for any person to hold any currently valid

2 that the Commission or the Division determines to be necessary to accomplish the
3 purposes of this Subchapter.

4 **"§ 113-168.2. Standard Commercial Fishing License.**

5 (a) Requirement. -- No person shall engage in a commercial fishing operation in
6 the coastal fishing waters without holding a Standard Commercial Fishing License
7 issued by the Division. A person who works as a member of the crew of a vessel
8 engaged in a commercial fishing operation under the direction of a person who holds
9 a valid SCFL or RSCFL is not required to hold a SCFL or RSCFL.

10 (b) Purchase; Renewal. -- A person may purchase a SCFL at any office of the
11 Division. The SCFL and endorsements may be renewed by mail by forwarding a
12 completed application, including applicable fees, to the Division's Morehead City
13 office. Any person who is issued a SCFL or a RSCFL is eligible to renew the SCFL
14 or RSCFL and any endorsements if the SCFL or RSCFL has not been suspended or
15 revoked.

16 (c) Replacement License. -- A licensee may obtain a replacement license for a lost
17 or destroyed license, including all endorsements, upon receipt of a proper application
18 in the offices of the Division together with a ten-dollar (\$10.00) fee. The Division
19 shall not accept an application for a replacement license unless the Division
20 determines that the applicant's current license has not been suspended or revoked. A
21 copy of an application duly filed with the Division shall serve as the license until the
22 replacement license has been received. The Commission may provide by rule for the
23 replacement of lost, obliterated, destroyed, or otherwise illegible license plates or
24 decals upon tender of the original license receipt or upon other evidence that the
25 Commission deems sufficient.

26 (d) Nonresident Certification Required. -- Persons obtaining licenses who are not
27 North Carolina residents shall certify that their conviction record in their state of
28 residence is such that they would not be denied a license under the standards in G.S.
29 113-171. When a license application is denied for violations of fisheries laws,
30 whether the violations occurred in North Carolina or another jurisdiction, the license
31 fees shall not be refunded and shall be applied to the costs of processing the
32 application.

33 (e) Fees. -- The annual SCFL fee for a North Carolina resident shall be two
34 hundred dollars (\$200.00). The annual SCFL fee for a person who is not a resident
35 of North Carolina shall be two thousand dollars (\$2,000) or the amount charged to a
36 North Carolina resident in the nonresident's state, whichever is lesser.

37 (f) Assignment. -- The holder of a SCFL may assign the SCFL to any individual,
38 provided that a SCFL or RSCFL issued to the individual is not suspended or
39 revoked. If the SCFL is endorsed for one or more vessels, each vessel endorsement
40 may be assigned, independently of the SCFL, to another holder of a SCFL. An
41 assignment of a SCFL vessel endorsement shall be valid only for use by a holder or
42 assignee of a SCFL in the operation of the vessel for which the SCFL is endorsed.
43 The assignment shall be in writing on a form provided by the Division and shall
44 include the name of the licensee, the license number, any endorsements, the

1 assignee's name and mailing address, and the duration of the assignment. A
2 notarized copy of the assignment shall be filed with the Division. The assignee shall
3 carry the assignment on the assignee's person and have the assignment available for
4 inspection at all times while using the vessel. The assignment may be revoked by: (i)
5 written notification by the assignor that the assignment has been terminated; or (ii) a
6 determination by the Division that the assignee is operating in violation of the terms
7 and conditions applicable to the assignment.

8 (g) Transfer. -- A SCFL may be transferred:

- 9 (1) By the license holder to a member of the license holder's
10 immediate family.

12 the license holder.
- 13 (3) By a surviving family member to whom a license was transferred
14 pursuant to subdivision (2) of this subsection to a third-party

16 the license holder.
- 17 (4) By the license holder to a third-party purchaser of the license
18 holder's fishing vessel upon retirement of the license holder from
19 commercial fishing.
- 20 (5) Under any other circumstance authorized by rule of the
21 Commission.

22 (h) Identification as Commercial Fisherman. -- The receipt of a current and valid
23 SCFL, RSCFL, or shellfish license issued by the Division shall serve as proper
24 identification of the licensee as a commercial fisherman.

25 (i) Record-Keeping Requirements. -- The fish dealer shall record each transaction
26 at the time and place of landing on a form provided by the Division. The transaction
27 form shall include the information on the SCFL, RSCFL, or shellfish license, the
28 quantity of the fish, the identity of the fish dealer, and other information as the
29 Division deems necessary to accomplish the purposes of this Subchapter. The person
30 who records the transaction shall provide a completed copy of the transaction form to
31 the Division and to the other party of the transaction. The Division's copy of each
32 transaction form shall be transmitted to the Division by the fish dealer on or before
33 the tenth day of the month following the transaction.

34 "§ 113-168.3. Retired Standard Commercial Fishing License.

35 (a) SCFL Provisions Applicable. -- Except as provided in this section, the
36 provisions set forth in G.S. 113-168.2 concerning the SCFL shall apply to the RSCFL.

37 (b) Eligibility; Fee. -- Any person who is 65 years of age or older and who is
38 otherwise eligible for a SCFL under G.S. 113-168.2 may purchase a RSCFL for an
39 annual fee of one hundred dollars (\$100.00). Proof of age shall be supplied at the
40 time the application is made.

41 (c) Transfer. -- The holder of a RSCFL may transfer the RSCFL as provided in
42 G.S. 113-168.2 or, upon retirement from commercial fishing, to a third-party
43 purchaser of the RSCFL holder's fishing vessel. If the third-party purchaser is less

1 than 65 years of age, that purchaser shall pay the fee for the SCFL set forth in G.S.
2 113-168.2.

3 (d) Assignment. -- The RSCFL shall not be assignable.

4 **"§ 113-168.4. Regulations concerning the sale of fish.**

5 (a) Except as otherwise provided in this section, it is unlawful for any person who
6 takes or lands any species of fish under the authority of the Commission from coastal
7 fishing waters by any means whatever, including mariculture operations, to sell, offer
8 for sale, barter or exchange for merchandise these fish, without holding a current and
9 valid SCFL or RSCFL issued under G.S. 113-168.2 or G.S. 113-168.3, or a valid
10 shellfish license issued under G.S. 113-169.2. It is unlawful for fish dealers to buy fish
11 unless the seller presents a current and valid SCFL, RSCFL, or shellfish license at the
12 time of the transaction. Any subsequent sale of fish shall be subject to the licensing
13 requirements of fish dealers under G.S. 113-169.3.

14 (b) It is unlawful for any person licensed under this section to sell fish taken
15 outside the territorial waters of the State or to sell fish taken from coastal fishing
16 waters except to:

17 (1) Fish dealers licensed under G.S. 113-169.3; or

18 (2) The public, if the seller is also licensed as a fish dealer under G.S.
19 113-169.3.

20 (c) A person who organizes a nonprofit recreational fishing tournament may sell
21 fish taken in connection with the tournament pursuant to a recreational fishing
22 tournament license to sell fish. A person who organizes a nonprofit recreational
23 fishing tournament may obtain a recreational fishing tournament license to sell fish
24 upon application to the Division and payment of a fee of one hundred dollars
25 (\$100.00). A recreational fishing tournament is an organized fishing competition
26 occurring within a specified time period not to exceed one week and that is not a
27 commercial fishing operation. Proceeds derived from the sale of fish may be used
28 only for charitable purposes.

29 **"§ 113-168.5. License endorsements for Standard Commercial Fishing License and**
30 **Retired Standard Commercial Fishing License.**

31 (a) A SCFL or RSCFL may be endorsed to authorize the use of a vessel in a
32 commercial fishing operation.

33 (b) Vessel Endorsements. --

34 (1) As used in this subsection, a North Carolina vessel is a vessel that
35 has its primary situs in the State. A vessel has its primary situs in
36 the State if:

37 a. A certificate of number has been issued for the vessel under
38 Article 1 of Chapter 75A of the General Statutes;

39 b. A certificate of title has been issued for the vessel under
40 Article 4 of Chapter 75A of the General Statutes; or

41 c. A certification of documentation has been issued for the
42 vessel that lists a home port in the State under 42 U.S.C. §
43 12101, et seq., as amended.

- 1 (2) It is unlawful to use a vessel in a commercial fishing operation in
2 the coastal fishing waters of the State without a vessel endorsement
3 of the license required under this Article for that commercial
4 fishing operation. It is unlawful to use a North Carolina vessel to
5 land or sell fish in the State that are taken during a commercial
6 fishing operation outside the coastal fishing waters of the State
7 without a vessel endorsement of the license required under this
8 Article for that commercial fishing operation. No endorsement is
9 required, however, for a vessel of any length that does not have a
10 motor if the vessel is used only in connection with another vessel
11 for which the required license has been properly endorsed.
- 12 (3) The fee for a vessel endorsement shall be determined by the length
13 of the vessel and shall be in addition to the fee for a SCFL,
14 RSCFL, or shellfish license. The length of a vessel shall be
15 determined by measuring the distance between the ends of the
16 vessel along the deck and through the cabin, excluding the sheer.
17 The fee for a vessel endorsement is:
- 18 a. One dollar (\$1.00) per foot for a vessel not over 18 feet in
19 length.
- 20 b. One dollar and fifty cents (\$1.50) per foot for a vessel over
21 18 feet but not over 38 feet in length.
- 22 c. Three dollars (\$3.00) per foot for a vessel over 38 feet but
23 not over 50 feet in length.
- 24 d. Six dollars (\$6.00) per foot for a vessel over 50 feet in
25 length.
- 26 (4) A vessel endorsement may be assigned as provided in G.S.
27 113-168.2(f).
- 28 (5) When the owner of a vessel for which a SCFL, RSCFL, or shellfish
29 license has been endorsed transfers ownership of the vessel to a
30 holder of a SCFL, RSCFL, or shellfish license, the vessel
31 endorsement may be transferred from the former owner's SCFL,
32 RSCFL, or shellfish license to the new owner's SCFL, RSCFL, or
33 shellfish license upon the request of the new owner. The new
34 owner of the vessel shall notify the Division of the change in
35 ownership and request that the vessel endorsement be transferred
36 within 30 days of the date on which the transfer of ownership
37 occurred. The notification of a change in the ownership of a
38 vessel and request that the vessel endorsement be transferred shall
39 be made on a form provided by the Division and shall be
40 accompanied by satisfactory proof of the transfer of vessel
41 ownership. Transfer of vessel ownership may be proven by a
42 notarized copy of: (i) the bill of sale; (ii) a temporary vessel
43 registration; or (iii) a vessel documentation transfer.

1 (c) Menhaden Endorsements. -- Except as provided in G.S. 113-169, it is unlawful
2 to use a vessel to take menhaden by purse seine in the coastal fishing waters of the
3 State, to land menhaden in the State, or to sell menhaden from a vessel in the State
4 without obtaining a menhaden endorsement of a SCFL or RSCFL. The fee for a
5 menhaden endorsement shall be two dollars (\$2.00) per ton, based on gross tonnage
6 as determined by the custom house measurement for the mother ship. The
7 menhaden endorsement shall be required for the mother ship but no separate
8 endorsement shall be required for a purse boat carrying a purse seine. The
9 application for a menhaden endorsement must state the name of the person in
10 command of the vessel. Upon a change in command of a menhaden vessel, the
11 owner must notify the Division in writing within 30 days.

12 (d) Shellfish Endorsement for North Carolina Residents. -- The Division shall
13 issue a shellfish endorsement of a SCFL or RSCFL to a North Carolina resident at
14 no charge.

15 **"§ 113-169. Menhaden license for nonresidents not eligible for a SCFL.**

16 A person who is not a resident of North Carolina, who is not eligible for a SCFL
17 under this Article, and who only seeks to engage in menhaden fishing is eligible to
18 purchase a menhaden license for nonresidents. The fee for the menhaden license for
19 nonresidents shall be two dollars (\$2.00) per ton, gross tonnage, customhouse
20 measurements for the mother ship. The menhaden license for nonresidents shall be
21 required for the mother ship to take, land, or sell menhaden in North Carolina taken
22 by purse seine. No separate endorsement shall be required for a purse boat carrying
23 a purse seine. The application for a menhaden license for nonresidents must state the
24 name of the person in command of the vessel. Upon change in command of a
25 menhaden vessel, the owner must notify the Division within 30 days.

26 **"§ 113-169.1. Permits for gear, equipment, and other specialized activities authorized.**

27 The Commission may adopt rules to establish permits for gear, equipment, and
28 specialized activities, including commercial fishing operations that do not involve the
29 use of a vessel and transplanting oysters or clams. The Commission shall establish a
30 fee for each permit in an amount that compensates the Division for the actual
31 administrative costs associated with the permit but that does not exceed fifty dollars
32 (\$50.00) per permit.

33 **"§ 113-169.2. Shellfish license for North Carolina residents without a SCFL.**

34 (a) License or Endorsement Necessary to Take or Sell Shellfish. -- It is unlawful
35 for an individual to take shellfish from the public grounds of the State by mechanical
36 means or for commercial use by any means without holding either a shellfish license
37 or a shellfish endorsement of a SCFL or RSCFL. A North Carolina resident who
38 seeks only to take and sell shellfish shall be eligible to purchase a shellfish license
39 without holding a SCFL or RSCFL. The license includes the privilege to sell shellfish
40 to a licensed fish dealer.

41 (b) Purchase; Renewal. -- A person may purchase a shellfish license at any office
42 of the Division. The shellfish license and endorsements may be renewed by mail by
43 forwarding a completed application, including applicable fees, to the Division's
44 Morehead City Office. Any person who is issued a shellfish license is eligible to

1 renew the shellfish license and any endorsements if the shellfish license has not been
2 suspended or revoked.

3 (c) Fees. -- Shellfish licenses shall be issued annually upon payment of a fee of
4 twenty-five dollars (\$25.00) upon proof that the license applicant is a resident of
5 North Carolina.

6 (d) License Available for Inspection. -- It is unlawful for any individual to take
7 shellfish for commercial use from the public grounds of the State without having
8 ready at hand for inspection a current and valid shellfish license issued to the licensee
9 personally and bearing the licensee's correct name and address. It is unlawful for any
10 individual taking or possessing freshly taken shellfish to refuse to exhibit the
11 individual's license upon the request of an officer authorized to enforce the fishing
12 laws.

13 (e) Vessel Endorsement Required. -- A license holder under this section shall be
14 required to purchase a vessel endorsement under G.S. 113-168.5 if a vessel is used in
15 the take or sale of shellfish. A vessel endorsement of a shellfish license does not
16 authorize the use of the vessel for any commercial fishing operation other than the
17 taking or selling of shellfish.

18 (f) Name or Address Change. -- In the event of a change in name or address or
19 upon receipt of an erroneous shellfish license, the licensee shall, within 30 days, apply
20 for a replacement shellfish license bearing the correct name and address. Upon a
21 showing by the individual that the name or address change occurred within the past
22 30 days, the trial court or prosecutor shall dismiss any charges brought pursuant to
23 this subsection.

24 (g) Transfer Prohibited. -- It is unlawful for an individual issued a shellfish license
25 to transfer or offer to transfer the license, either temporarily or permanently, to
26 another. It is unlawful for an individual to secure or attempt to secure a shellfish
27 license from a source not authorized by the Commission.

28 (h) Taking and Selling Shellfish Without a License. -- Persons under the age of 18
29 years of age may take and sell shellfish from the public or private grounds of the
30 State during the period from May 15 through September 1 of each year without
31 holding a shellfish license under this section.

32 (i) Taking Shellfish Without a License for Personal Use. --

33 (1) A person may take shellfish for personal use without obtaining a
34 license under this section in quantities up to:

35 a. One bushel of oysters per day.

36 b. One-half bushel of scallops per day.

37 c. One hundred clams per day.

38 (2) Two or more persons who are using a vessel to take shellfish may
39 take shellfish for personal use without obtaining a license under
40 this section in quantities up to:

41 a. Two bushels of oysters per day.

42 b. One bushel of scallops per day.

43 c. Two hundred clams per day.

44 "§ 113-169.3. Licenses for fish dealers.

1 (a) Eligibility. -- A fish dealer license shall be issued to a North Carolina resident
2 upon receipt of a proper application in the Morehead City Office of the Division
3 together with all license fees including the total number of dealer categories set forth
4 in this section. The license shall be issued in the name of the applicant and shall
5 include all dealer categories on the license.

6 (b) Application for License. -- Applications shall not be accepted from persons
7 ineligible to hold a license issued by the Division, including any applicant whose
8 license is suspended or revoked on the date of the application. The applicant shall be
9 provided with a copy of the application marked received. The copy shall serve as the
10 fish dealer's license until the license issued by the Division is received, or the
11 Division determines that the applicant is ineligible to hold a license. Where an
12 applicant does not have an established location for transacting the fisheries business
13 within the State, the license application shall be denied unless the applicant satisfies
14 the Secretary that his residence, or some other office or address within the State, is a
15 suitable substitute for an established location and that records kept in connection
16 with licensing, sale, and purchase requirements will be available for inspection when
17 necessary. Fish dealers' licenses are issued on a fiscal year basis upon payment of a
18 fee as set forth herein upon proof, satisfactory to the Secretary, that the license
19 applicant is a North Carolina resident.

20 (c) License Requirement. -- Except as otherwise provided in this section, it is
21 unlawful for any person not licensed pursuant to this article:

22 (1) To buy fish for resale from any person involved in a commercial
23 fishing operation that takes any species of fish from coastal fishing
24 waters. For purposes of this subdivision, a retailer who purchases
25 fish from a fish dealer shall not be liable if the fish dealer has not
26 complied with the licensing requirements of this section;

27 (2) To sell fish to the public; or

28 (3) To sell to the public any species of fish under the authority of the
29 Commission taken from coastal fishing waters.

30 Any person subject to the licensing requirements of this section is a fish dealer.
31 Any person subject to the licensing requirements of this section shall obtain a
32 separate license for each physical location conducting activities required to be
33 licensed under this section.

34 (d) Exceptions to License Requirements. -- The Commission may adopt rules to
35 implement this subsection including rules to clarify the status of the listed classes of
36 exempted persons, require submission of statistical data, and require that records be
37 kept in order to establish compliance with this section. Any person not licensed
38 pursuant to this section is exempt from the licensing requirements of this section if all
39 fish handled within any particular licensing category meet one or more of the
40 following requirements:

41 (1) The fish are sold by persons whose dealings in fish are primarily
42 educational, scientific, or official, and who have been issued a
43 permit by the Division that authorizes the educational, scientific, or

- 1 official agency to sell fish taken or processed in connection with
2 research or demonstration projects;
- 3 (2) The fish are sold by individual employees of fish dealers when
4 transacting the business of their duly licensed employer;
- 5 (3) The fish are shipped to a person by a dealer from without the
6 State;
- 7 (4) The fish are of a kind the sale of which is regulated exclusively by
8 the Wildlife Resources Commission; or
- 9 (5) The fish are purchased from a licensed dealer.
- 10 (e) Application Fee for New Fish Dealers. -- An applicant for a new fish dealer
11 license shall pay a nonrefundable application fee of fifty dollars (\$50.00) in addition
12 to the license category fees set forth in this section.
- 13 (f) License Category Fees. -- Every fish dealer subject to licensing requirements
14 shall secure an annual license at each established location for each of the following
15 activities transacted there, upon payment of the fee set out:
- 16 (1) Dealing in oysters: \$50.00;
17 (2) Dealing in scallops: \$50.00;
18 (3) Dealing in clams: \$50.00;
19 (4) Dealing in hard or soft crabs: \$50.00;
20 (5) Dealing in shrimp, including bait: \$50.00;
21 (6) Dealing in finfish, including bait: \$50.00;
22 (7) Operating menhaden or other fish-dehydrating or oil-extracting
23 processing plants: \$50.00; or
24 (8) Consolidated license (all categories): \$300.00.
- 25 Any person subject to fish dealer licensing requirements who deals in fish not
26 included in the above categories shall secure a finfish dealer license. The Commission
27 may adopt rules implementing and clarifying the dealer categories of this subsection.
28 Bait operations shall be licensed under either the finfish or shrimp dealer license
29 categories.
- 30 (g) License Format. -- The format of the license shall include the name of the
31 licensee, date of birth, name and physical address of each business location,
32 expiration date of the license, and any other information the Division deems
33 necessary to accomplish the purposes of this Subchapter.
- 34 (h) Application for Replacement License. -- A replacement license shall only be
35 obtained from an office of the Division. The Division shall not accept an application
36 for a replacement license unless the Division determines that the applicant's current
37 license has not been suspended or revoked. A copy of an application duly filed with
38 the Division shall serve as the license until the replacement license has been received.
- 39 (i) Purchase and Sale of Fish. -- It is unlawful for a fish dealer to buy fish unless
40 the seller possesses a current and valid SCFL, RSCFL, shellfish license, menhaden
41 license for nonresidents, or a special fisheries sale permit issued under G.S.
42 113-168.4(c), and the dealer records the transaction consistent with the
43 record-keeping requirements of G.S. 113-168.2(i). It is unlawful for any person to

1 purchase, possess, or sell fish taken from coastal fishing waters in violation of this
2 Subchapter or the rules adopted by the Commission implementing this Subchapter.

3 (j) Transfer Prohibited. -- Any fish dealer license issued under this section is
4 nontransferable. It is unlawful to use a fish dealer license issued to another person in
5 the sale or attempted sale of fish or for a licensee to lend or transfer a fish dealer
6 license for the purpose of circumventing the requirements of this section.

7 **"§ 113-169.4. Licensing of ocean fishing piers; fees.**

8 (a) The owner or operator of an ocean fishing pier within the coastal fishing
9 waters who charges the public a fee to fish in any manner from the pier shall secure a
10 current and valid pier license from the Division. An application for a pier license
11 shall disclose the names of all parties involved in the pier operations, including the
12 owner of the property, owner of the pier if different, and all leasehold or other
13 corporate arrangements, and all persons with a substantial financial interest in the
14 pier.

15 (b) Within 30 days following a change of ownership of a pier, or a change as to
16 the manager, the manager or new manager shall secure a replacement pier license
17 from the Division. The replacement license is issued without charge.

18 (c) Pier licenses are issued upon payment of fifty cents (50¢) per linear foot, to
19 the nearest foot, that the pier extends into coastal fishing waters beyond the mean
20 high waterline. The length of the pier shall be measured to include all extensions of
21 the pier.

22 (d) The manager who secures the pier license shall be the individual with the duty
23 of executive-level supervision of pier operations.

24 **"§ 113-169.5. Land or sell license; vessels fishing beyond territorial waters.**

25 (a) Persons aboard vessels not having their primary situs in the State that are
26 carrying a cargo of fish taken outside the waters of the State may land or sell their
27 catch in the State by purchasing a land or sell license as set forth in this section with
28 respect to the vessel in question. The Commission may by rule modify the land or sell
29 licensing procedure in order to devise an efficient and convenient procedure for
30 licensing out-of-state vessels to only land, or after landing to permit sale of cargo.

31 (b) The fee for a land or sell license for a vessel not having its primary situs in
32 North Carolina is two hundred dollars (\$200.00), or an amount equal to the
33 nonresident fee charged by the nonresident's state, whichever is greater. Persons
34 aboard vessels having a primary situs in a jurisdiction that would allow North
35 Carolina vessels without restriction to land or sell their catch, taken outside the
36 jurisdiction, may land or sell their catch in the State without complying with this
37 section if the persons are in possession of a valid license from their state of residence.

38 **"§ 113-170. Exportation and importation of fish and equipment.**

39 The Commission may adopt rules governing the importation and exportation of
40 fish, and equipment that may be used in taking or processing fish, as necessary to
41 enhance the conservation of marine and estuarine resources of the State. These rules
42 may regulate, license, prohibit, or restrict importation into the State and exportation
43 from the State of any and all species of fish that are native to coastal fishing waters or
44 may thrive if introduced into these waters.

1 "§ 113-170.1. Nonresidents reciprocal agreements.

2 Persons who are not North Carolina residents are not entitled to obtain licenses
3 under the provisions of this Article except as provided in this section. Residents of
4 jurisdictions that sell commercial fishing licenses to North Carolina residents are
5 entitled to North Carolina commercial fishing licenses under the provisions of G.S.
6 113-168.2. Licenses may be restricted in terms of area, gear, and fishery by the
7 Commission so that the nonresidents are licensed to engage in North Carolina
8 fisheries on the same or similar terms that North Carolina residents can be licensed to
9 engage in the fisheries of other jurisdictions. The Secretary may enter into reciprocal
10 agreements with other jurisdictions as necessary to allow nonresidents to obtain
11 commercial fishing licenses in the State subject to the foregoing provisions.

12 "§ 113-170.2. Fraud or deception as to licenses, permits, or records.

13 (a) It is unlawful for any person to give any false information or willfully to omit
14 giving required information to the Division or any license agent when the information
15 is material to the securing of any license or permit under this Article. It is unlawful
16 to falsify, fraudulently alter, or counterfeit any license, permit, identification, or
17 record to which this Article applies or otherwise practice any fraud or deception
18 designed to evade the provisions of this Article or reasonable administrative
19 directives made under the authority of this Article.

20 (b) A violation of this section is punishable by a fine of not less than one hundred
21 dollars (\$100.00) nor more than five hundred dollars (\$500.00).

22 "§ 113-170.3. Record-keeping requirements.

23 (a) The Commission may require all licensees under this Article to keep and to
24 exhibit upon the request of an authorized agent of the Department records and
25 accounts as may be necessary to the equitable and efficient administration and
26 enforcement of this Article. In addition, licensees may be required to keep additional
27 information of a statistical nature or relating to location of catch as may be needed to
28 determine conservation policy. Records and accounts required to be kept must be
29 preserved for inspection for not less than three years.

30 (b) It is unlawful for any licensee to refuse or to neglect without justifiable excuse
31 to keep records and accounts as may be reasonably required. The Department may
32 distribute forms to licensees to aid in securing compliance with its requirements, or it
33 may inform licensees of requirements in other effective ways such as distributing
34 memoranda and sending agents of the Department to consult with licensees who have
35 been remiss. Detailed forms or descriptions of records, accounts, collection and
36 inspection procedures, and the like that reasonably implement the objectives of this
37 Article need not be embodied in rules of the Commission in order to be validly
38 required.

39 (c) The following records collected and compiled by the Department shall not be
40 considered public records within the meaning of Chapter 132 of the General Statutes,
41 but shall be confidential and shall be used only for the equitable and efficient
42 administration and enforcement of this Article or for determining conservation
43 policy, and shall not be disclosed except when required by the order of a court of
44 competent jurisdiction: all records, accounts, and reports that licensees are required

1 by the Commission to make, keep, and exhibit pursuant to the provisions of this
2 section, and all records, accounts, and memoranda compiled by the Department from
3 records, accounts, and reports of licensees and from investigations and inspections,
4 containing data and information concerning the business and operations of licensees
5 reflecting their assets, liabilities, inventories, revenues, and profits; the number,
6 capacity, capability, and type of fishing vessels owned and operated; the type and
7 quantity of fishing gear used; the catch of fish or other seafood by species in numbers,
8 size, weight, quality, and value; the areas in which fishing was engaged in; the
9 location of catch; the time of fishing, number of hauls, and the disposition of the fish
10 and other seafood. The Department may compile statistical information in any
11 aggregate or summary form that does not directly or indirectly disclose the identity of
12 any licensee who is a source of the information, and any compilation of statistical
13 information by the Department shall be a public record open to inspection and
14 examination by any person, and may be disseminated to the public by the
15 Department.

16 **"§ 113-170.4. Rules as to possession, transportation, and disposition of fisheries**
17 **resources.**

18 The Commission may adopt rules governing possession, transportation, and
19 disposition of fisheries resources by all persons, including those not subject to fish
20 dealer licensing requirements, in order that inspectors may adequately distinguish
21 regulated coastal fisheries resources from those not so regulated and enforce the
22 provisions of this Article equitably and efficiently. These rules may include
23 requirements as to giving notice, filing declarations, securing permits, marking
24 packages, and the like.

25 **"§ 113-170.5. Violations with respect to coastal fisheries resources.**

26 It is unlawful to take, possess, transport, process, sell, buy, or in any way deal in
27 coastal fisheries resources without conforming with the provisions of this Article or of
28 rules adopted under the authority of this Article.

29 **"§ 113-171. Suspension, revocation, and reissuance of licenses.**

30 (a) Upon receipt of reliable notice that a person licensed under this Article has
31 had imposed against the person a conviction of a criminal offense within the
32 jurisdiction of the Department under the provisions of this Subchapter or of rules of
33 the Commission adopted under the authority of this Subchapter, the Secretary must
34 suspend or revoke all licenses held by the person in accordance with the terms of this
35 section. Reliable notice includes information furnished the Secretary in prosecution
36 or other reports from inspectors. As used in this section, a conviction includes a plea
37 of guilty or nolo contendere, any other termination of a criminal prosecution
38 unfavorably to the defendant after jeopardy has attached, or any substitute for
39 criminal prosecution whereby the defendant expressly or impliedly confesses the
40 defendant's guilt. In particular, procedures whereby bond forfeitures are accepted in
41 lieu of proceeding to trial and cases indefinitely continued upon arrest of judgment or
42 prayer for judgment continued are deemed convictions. The Secretary may act to
43 suspend or revoke licenses upon the basis of any conviction in which:

44 (1) No notice of appeal has been given;

1 (2) The time for appeal has expired without an appeal having been
2 perfected; or

3 (3) The conviction is sustained on appeal. Where there is a new trial,
4 finality of any subsequent conviction will be determined in the
5 manner set out above.

6 (b) The Secretary must initiate an administrative procedure designed to give the
7 Secretary systematic notice of all convictions of criminal offenses by licensees
8 covered by subsection (a) of this section above and keep a file of all convictions
9 reported. Upon receipt of notice of conviction, the Secretary must determine whether
10 it is a first, a second, a third, or a fourth or subsequent conviction of some offense
11 covered by subsection (a). In the case of second convictions, the Secretary must
12 suspend all licenses issued to the licensee for a period of 10 days. In the case of third
13 convictions, the Secretary must suspend all licenses issued to the licensee for a period
14 of 30 days. In the case of fourth or subsequent convictions, the Secretary must
15 revoke all licenses issued to the licensee. Where several convictions result from a
16 single transaction or occurrence, they are to be treated as a single conviction so far as
17 suspension or revocation of the licenses of any licensee is concerned. Anyone
18 convicted of taking or of knowingly possessing, transporting, buying, selling, or
19 offering to buy or sell oysters or clams from areas closed because of suspected
20 pollution will be deemed by the Secretary to have been convicted of two separate
21 offenses on different occasions for license suspension or revocation purposes.

22 (c) Where a license has been suspended or revoked, the former licensee is not
23 eligible to apply for reissuance of license or for any additional license authorized in
24 this Article during the suspension or revocation period. Licenses must be returned to
25 the licensee by the Secretary or the Secretary's agents at the end of a period of
26 suspension. Where there has been a revocation, application for reissuance of license
27 or for an additional license may not be made until six months following the date of
28 revocation. In such case of revocation, the eligible former licensee must satisfy the
29 Secretary that the licensee will strive in the future to conduct the operations for
30 which the license is sought in accord with all applicable laws and rules. Upon the
31 application of an eligible former licensee after revocation, the Secretary, in the
32 Secretary's discretion, may issue one license sought but not another, as deemed
33 necessary to prevent the hazard of recurring violations of the law.

34 (d) Upon receiving reliable information of a licensee's conviction of a second or
35 subsequent criminal offense covered by subsection (a) of this section, the Secretary
36 shall promptly cause the licensee to be personally served with written notice of
37 suspension or revocation, as the case may be. The written notice may be served upon
38 any responsible individual affiliated with the corporation, partnership, or association
39 where the licensee is not an individual. The notice of suspension or revocation may
40 be served by an inspector or other agent of the Department, must state the ground
41 upon which it is based, and takes effect immediately upon personal service. The
42 agent of the Secretary making service shall then or subsequently, as may be feasible
43 under the circumstances, collect all license certificates and plates and other forms or

1 records relating to the license as directed by the Secretary. It is unlawful for any
2 licensee willfully to evade the personal service prescribed in this subsection.

3 (e) A licensee served with a notice of suspension or revocation may obtain an
4 administrative review of the suspension or revocation by filing a petition for a
5 contested case under G.S. 150B-23 within 20 days after receiving the notice. The
6 only issue in the hearing shall be whether the licensee was convicted of a criminal
7 offense for which a license must be suspended or revoked. A license remains
8 suspended or revoked pending the final decision by the Secretary.

9 (f) If the Secretary refuses to reissue the license of or issue an additional license to
10 an applicant whose license was revoked, the applicant may contest the decision by
11 filing a petition for a contested case under G.S. 150B-23 within 20 days after the
12 Secretary makes the decision. The Commission shall make the final agency decision
13 in a contested case under this subsection. An applicant whose license is denied
14 under this subsection may not reapply for the same license for at least six months.

15 (g) The Commission may adopt rules to provide for the disclosure of the identity
16 of any individual or individuals in responsible positions of control respecting
17 operations of any licensee that is not an individual. For the purposes of this section,
18 individuals in responsible positions of control are deemed to be individual licensees
19 and subject to suspension and revocation requirements in regard to any applications
20 for license they may make -- either as individuals or as persons in responsible
21 positions of control in any corporation, partnership, or association. In the case of
22 individual licensees, the individual applying for a license or licensed under this
23 Article must be the real party in interest.

24 (h) In determining whether a conviction is a second or subsequent offense under
25 the provisions of this section, the Secretary may not consider convictions for:

26 (1) Offenses that occurred three years prior to the effective date of this
27 Article; or

28 (2) Offenses that occurred more than three years prior to the time of
29 the latest offense the conviction for which is in issue as a
30 subsequent conviction.

31 **"§ 113-171.1. Use of spotter planes in commercial fishing operations regulated.**

32 (a) Spotter Plane Defined. -- A 'spotter plane' is an aircraft used for aerial
33 identification of the location of fish in coastal fishing waters so that a vessel may be
34 directed to the fish.

35 (b) License. -- Before an aircraft is used as a spotter plane in a commercial fishing
36 operation, the owner or operator of the aircraft must obtain a license for the aircraft
37 from the Division. The fee for a license for a spotter plane is one hundred dollars
38 (\$100.00). An applicant for a license for a spotter plane shall include in the
39 application the identity, either by boat or by company, of the specific commercial
40 fishing operations in which the spotter plane will be used during the license year. If,
41 during the course of the license year, the aircraft is used as a spotter plane in a
42 commercial fishing operation that is not identified in the original license application,
43 the owner or operator of the aircraft shall amend the license application to add the
44 identity of the additional commercial fishing operation.

1 (c) Unlawful Activity. -- It shall be unlawful to:

- 2 (1) Use a spotter plane directed at food fish, except in connection with
3 a purse seine operation authorized by a rule of the Commission.
4 (2) Use or permit the use of an unlicensed spotter plane or a licensed
5 spotter plane whose license application does not identify the
6 specific commercial fishing operation involved.
7 (3) Participate knowingly in a commercial fishing operation that uses
8 an unlicensed spotter plane or a licensed spotter plane whose
9 license application does not identify the specific commercial fishing
10 operation involved.

11 (d) Violation a Misdemeanor. -- A violation of subsection (c) of this section is a
12 Class 1 misdemeanor.

13 "§ 113-172. License agents.

14 (a) The Secretary shall designate license agents for the Department. At least one
15 license agent shall be designated for each county that contains or borders on coastal
16 fishing waters. The Secretary may designate additional license agents in any county if
17 the Secretary determines that additional agents are needed to provide efficient service
18 to the public. The Division and license agents designated by the Secretary under this
19 section shall issue licenses authorized under this Article in accordance with this
20 Article and the rules of the Commission. The Secretary shall require license agents
21 to enter into a contract that provides for their duties and compensation, post a bond,
22 and submit to reasonable inspections and audits. If a license agent violates any
23 provision of this Article, the rules of the Commission, or the terms of the contract,
24 the Secretary may initiate proceedings for the forfeiture of the license agent's bond
25 and may summarily suspend, revoke, or refuse to renew a designation as a license
26 agent and may impound or require the return of all licenses, moneys, record books,
27 reports, license forms and other documents, ledgers, and materials pertinent or
28 apparently pertinent to the license agency. The Secretary shall report evidence or
29 misuse of State property, including license fees, by a license agent to the State Bureau
30 of Investigation as provided by G.S. 114-15.1.

31 (b) License agents shall be compensated by adding a surcharge of one dollar
32 (\$1.00) to each license sold and retaining the surcharge. If more than one license is
33 listed on a consolidated license form, the license agent shall be compensated as if a
34 single license were sold. It is unlawful for a license agent to add more than the
35 surcharge authorized by this section to the fee for each license sold.

36 "§ 113-173. Recreational Commercial Gear License.

37 (a) License Required. -- Except as provided in subsection (j) of this section, it is
38 unlawful for any person to take or attempt to take fish for recreational purposes by
39 means of commercial fishing equipment or gear in coastal fishing waters without
40 holding a RCGL. As used in this section, fish are taken for recreational purposes if
41 the fish are not taken for the purpose of sale. The RCGL entitles the licensee to use
42 authorized commercial gear to take fish for personal use subject to recreational
43 quotas or limits.

1 (b) Sale of Fish Prohibited. -- It is unlawful for the holder of a RCGL or for a
2 person who is exempt under subsection (k) of this section to sell fish taken under the
3 RCGL or pursuant to the exemption.

4 (c) Authorized Commercial Gear. -- The Commission shall adopt rules
5 authorizing the use of a limited amount of commercial fishing equipment or gear for
6 recreational fishing under a RCGL. The Commission may authorize the limited use
7 of commercial gear on a uniform basis in all coastal fishing waters or may vary the
8 limited use of commercial gear within specified areas of the coastal fishing waters.
9 The Commission shall periodically evaluate and revise the authorized use of
10 commercial gear for recreational fishing. Authorized commercial gear shall be
11 identified by visible colored tags or other means specified by the Commission in
12 order to distinguish between commercial gear used in a commercial operation and
13 commercial gear used for recreational purposes.

14 (d) Purchase; Renewal. -- A RCGL may be purchased at designated offices of the
15 Division and from a license agent authorized under G.S. 113-172. A RCGL may be
16 renewed by mail.

17 (e) Replacement RCGL. -- Upon receipt of a proper application and a two-dollar
18 (\$2.00) replacement fee, the Division may issue a duplicate RCGL to replace an
19 unexpired RCGL that has been lost or destroyed.

20 (f) Duration; Fees. -- The RCGL shall be valid for a one-year period from the
21 date of purchase. The fee for a RCGL for a North Carolina resident shall be
22 thirty-five dollars (\$35.00). The fee for a RCGL for an individual who is not a North
23 Carolina resident shall be two hundred fifty dollars (\$250.00).

24 (g) RCGL Available for Inspection. -- It is unlawful for any person to engage in
25 recreational fishing by means of restricted commercial gear in the State without
26 having ready at hand for inspection a valid RCGL. A holder of a RCGL shall not
27 refuse to exhibit the RCGL upon the request of an inspector or any other law
28 enforcement officer authorized to enforce federal or State laws, regulations, or rules
29 relating to marine fisheries.

30 (h) Assignment and Transfer Prohibited. -- A RCGL is not transferable. Except
31 as provided in subsection (j) of this section, it is unlawful to buy, sell, lend, borrow,
32 assign, or otherwise transfer a RCGL, or to attempt to buy, sell, lend, borrow, assign,
33 or otherwise transfer a RCGL.

34 (i) Reporting Requirements. -- The holder of a RCGL shall comply with the
35 biological data sampling and survey programs of the Commission and the Division.

36 (j) Exemptions. --

37 (1) A person who is under 16 years of age may take fish for
38 recreational purposes by means of authorized commercial gear
39 without holding a RCGL if the person is accompanied by a parent,
40 grandparent, or guardian who holds a valid RCGL or if the person
41 has in the person's possession a valid RCGL issued to the person's
42 parent, grandparent, or guardian.

43 (2) A person may take crabs for recreational purposes by means of one
44 or more crab pots attached to the shore along privately owned land

1 or to a privately owned pier without holding a RCGL provided
2 that the crab pots are attached with the permission of the owner of
3 the land or pier.

4 (3) A person who is on a vessel may take fish for recreational purposes
5 by means of authorized commercial gear without holding a RCGL
6 if there is another person on the vessel who holds a valid RCGL.
7 This exemption does not authorize the use of commercial gear in
8 excess of that authorized for use by the person who holds the valid
9 RCGL or, if more than one person on the vessel holds a RCGL, in
10 excess of that authorized for use by those persons."

11 Section 5.2. (a) Definitions; Citations. The definitions set out in G.S.
12 113-168 apply to this section. A citation to a provision of the General Statutes in this
13 section means that provision of the General Statutes as enacted by this act.

14 (b) Transitional Provisions. In order to effect an orderly implementation
15 of this act and the transition from the moratorium imposed by subsection (a) of
16 Section 3 of Chapter 576 of the 1993 Session Laws, Regular Session 1994, as
17 amended by Section 3 of Chapter 675 of the 1993 Session Laws, Regular Session
18 1994; subsection (a) of Section 26.5 of Chapter 507 of the 1995 Session Laws; Section
19 7 of Chapter 256 of the 1997 Session Laws; and subsection (a) of Section 6.1 of this
20 act, to the licensing provision of Article 14A of Chapter 113 of the General Statutes,
21 the provisions of this section shall apply to the issuance of licenses under Article 14A
22 of Chapter 113 of the General Statutes until all Fishery Management Plans have been
23 adopted as required by G.S. 113-182.1 and G.S. 143B-289.22.

24 (c) Temporary Cap. There is hereby imposed a temporary cap on the
25 total number of SCFLs that the Division may issue. The temporary cap equals the
26 total number of endorsements to sell fish that establish eligibility for a SCFL under
27 subsection (g) of this section plus 500 additional SCFLs, authorized by subsection (d)
28 of this section.

29 (d) 1999-2000 License Year. For the 1999-2000 license year, the
30 Commission is authorized to issue SCFLs as provided in subsection (g) of this section
31 plus an additional 500 SCFLs using the procedure set out in subsection (h) of this
32 section.

33 (e) Subsequent License Years. For license years beginning with the
34 2000-01 license year, the Commission is authorized to issue SCFLs from the pool of
35 available SCFLs as provided in subsection (f) of this section using the procedure set
36 out in subsection (h) of this section.

37 (f) Adjustment of Number of SCFLs. The number of SCFLs in the pool
38 of available SCFLs in license years beginning with the 2000-01 license year is the

42 the pool of available SCFLs up to the temporary cap. The Commission may decrease
43 the number of SCFLs that are issued from the pool of available SCFLs but may not

14 of available SCFLs authorized by subsection (e) of this section. The procedure shall
15 set a date on which the Division will begin receiving applications and a date on
16 which the determination by lot of which applicants will receive a SCFL will be made.
17 The Commission shall develop criteria for determining eligibility for a SCFL under
18 this subsection. Criteria shall include the past involvement of the applicant and the
19 applicant's family in commercial fishing; the extent to which the applicant has relied
20 on commercial fishing for the applicant's livelihood; the extent to which the applicant
21 has complied with federal and State laws, regulations, and rules relating to coastal
22 fishing and protection of the environment; and any other factors the Commission
23 determines to be relevant. The Division shall review each application for a SCFL
24 that it receives during the application period to determine whether the applicant is
25 eligible under the eligibility criteria established by the Commission. The Division
26 shall issue SCFLs under this subsection by lot. All applicants who are determined to
27 be eligible shall have an equal chance of being issued a SCFL.

39 and up to two unlicensed persons serving as crew to fish for crabs from that vessel. It
40 is unlawful for the owner of a vessel to take crabs from the coastal fishing waters of
41 North Carolina for commercial use by any means, when unlicensed persons not
42 authorized by the vessel crab license are on the vessel. The Secretary shall revoke a
43 vessel crab license issued under this subsection ~~shall be revoked when~~ if the owner of

MEMORANDUM

To: Senate Finance Committee

From: Jeff Hudson, Committee Counsel
Mary Beach Shuping, Administrative Assistant

Re: House Bill 1097, 6th edition - Fisheries Reform Act-2

WHEREAS CLAUSES

The General Assembly recognizes

- The State of North Carolina has one of the most diverse fisheries in the United States;
- That commercial fishermen perform an essential function by providing wholesome food for the citizens of the State and thereby properly earn a livelihood;
- The economic contribution and important heritage of commercial fishing;
- That for many citizens, fishing is an important recreational activity and that recreational fishing is a source of great personal enjoyment and satisfaction;
- The importance of plentiful fisheries resources to maintain and enhance tourism in the State; and
- The need to protect our coastal fisheries resources and to balance commercial and recreational interests.

PART I. SHORT TITLE; PERFORMANCE AUDIT

Section 1.1 entitles this act the Fisheries Reform Act of 1997.

Section 1.2 directs the State Auditor to conduct a performance audit of the Division of Marine Fisheries (Division) and to assess the capacity of the Division of Marine Fisheries to effectively implement the licensing provisions (Part V) of this act. This section directs that the State Auditor report to the Joint Legislative Commission on Seafood and Aquaculture (Seafood and Aquaculture) by February 1, 1998, and directs Seafood and Aquaculture to review the performance audit and make a specific recommendation to the 1998 General Assembly as to whether or not the licensing provisions of this act should be implemented.

Effective Date: *Audit is effective retroactively to March 1, 1997*

PART II. MARINE FISHERIES COMMISSION

(Note: Current Marine Fisheries Commission (MFC) is repealed in Section 6.3(a) of this act.)

Section 2.1 amends Article 7 of Chapter 143B by adding a new Part entitled "Part 5B. Marine Fisheries Commission. This section:

- Reduces Marine Fisheries Commission (MFC) from 17 to 9 members comprised of:
 - two persons actively engaged in, or recently retired from, commercial fishing;
 - one person actively connected with, and experienced as, a licensed fish dealer or seafood processor;
 - two persons actively engaged in recreational sports fishing;
 - one person actively engaged in the sports fishing industry;
 - two persons having general knowledge of and experience related to subjects and persons regulated by the MFC; and,
 - one person who is a fisheries scientist.
- Provides that appointments are to be made by the Governor;
- Provides that at least 5 members must be residents of a coastal region of the State;
- Strengthens ethical standards;
- Establishes 4 standing advisory committees (Finfish Committee; Crustacean Committee; Shellfish Committee; Habitat & Water Quality Committee) comprised of commercial and recreational fishermen, scientists, and other experts. This section also establishes 4 regional advisory committees representing the different regions of the State; and
- Authorizes the MFC to act as an appellate body for civil penalty assessments and clarifies that unless otherwise provided, the MFC has the final decision making authority for contested cases within its jurisdiction.

Effective Date: Sept. 1, 1997

PART III. COASTAL HABITAT PROTECTION PLANS; FISHERY MANAGEMENT PLANS

Coastal Habitat Protection Plans (CHPPs)

Section 3.1 amends Chapter 143B by adding a new section, G.S. 143B-279.8 that directs DEHNR to coordinate the preparation of draft Coastal Habitat Protection Plans (CHPPs) for critical fisheries habitats. A CHPP shall: (i) describe and classify biological systems in habitats; (ii) evaluate the function, value to coastal fisheries, status, and trends of habitats; (iii) identify existing and potential threats to habitats and impacts on coastal fishing; and (iv) make recommendations to protect and restore critical fisheries habitats. Once a draft CHPP has been prepared, the MFC, Environmental Management Commission (EMC), and Coastal Resources Commission (CRC) must appoint a six-member review committee to review and revise the draft CHPP. The CHPP will then be submitted to each commission to consider for adoption. The commissions may appoint a six-member conference committee to facilitate the resolution of any aspect of a CHPP on which they cannot agree. The final CHPP will consist of the provisions concurrently agreed upon by all three commissions. Each CHPP must be reviewed and revised at least once every five years. Each commission must, to the maximum extent practicable, ensure that its actions are consistent with the CHPPs and must provide a written explanation of any action it takes that is inconsistent with a CHPP. Any rules adopted to implement the CHPPs must be done in accordance with the APA. The three commissions must report annually to the ERC and Seafood and Aquaculture on progress and implementation of CHPPs. The SEHNR must report to the ERC within 30 days of the completion, or substantial revision of the CHPPs, and the ERC has 30 days to review and comment.

Sections 2.1, 3.2, and 3.3 direct the MFC, EMC, and the CRC to adopt CHPPs.

Section 6.8 requires that the CHPPs be adopted by July 1, 2003.

Effective Date: July 1, 1998.

Fishery Management Plans

Section 3.4 amends Chapter 113 by adding a new section, G.S. 113-182.1 that directs DEHNR to prepare proposed Fishery Management Plans (FMPs) for all commercially or recreationally significant species or fisheries that comprise State marine or estuarine resources. The FMPs are to be developed in accordance with a Priority List, Schedule, and guidance criteria established by MFC. The FMPs must incorporate fishery habitat and water quality considerations consistent with CHPPs, recommend management actions, and conservation and management measures. Any rules adopted to implement a FMP must be done in accordance with the APA. This section provides that Advisory Councils composed of experts on each particular fishery will assist in the development of the FMPs, and that the Secretary of Environment, Health and Natural Resources (SEHNR) will monitor progress of development and adoption of FMPs and will report annually to the ERC and Seafood and Aquaculture on this progress. This section also requires that the SEHNR report to Seafood and Aquaculture and the ERC within 30 days of the completion or substantial revision of the FMPs and gives Seafood and Aquaculture and the ERC 30 days to review and comment. Finally, this section authorizes the SEHNR to issue a proclamation prohibiting the taking of certain fisheries resources if there is a failure to complete the FMP according to the Schedule.

Section 3.5 amends G.S. 113-129, Definitions relating to resources, to add definitions for "optimal yield" and "overfishing or overfished".

Section 2.1 directs the MFC to establish a Priority List, schedule, and guidance criteria for FMPs.

Effective Date: July 1, 1998.

PART IV. MARINE FISHERIES LAW ENFORCEMENT

Section 4.1 amends G.S. 113-187 to increase the penalties for violation of general fisheries laws.

Section 4.2 adds G.S. 113-190 to increase the penalties for the unlawful sale or purchase of fish. This section also authorizes the SEHNR to assess a civil penalty up to \$10,000 for illegal sale or purchase of fish.

Section 4.3 amends G.S. 113-221(e) to authorize the Fisheries Director to determine, on a case-by-case basis and in the Director's sole discretion, that a proclamation did not apply to a licensee who was without notice due to an act of God or unforeseeable circumstance.

Section 4.4 directs the MFC to develop a Violations Points System and implementation schedule and report to Seafood and Aquaculture by July 1, 1999 on the development of the Violation Points System and the implementation schedule.

Effective Date: Sept. 1, 1997; provisions apply to violations and offenses on or after September 1, 1997.

PART V. COMMERCIAL FISHING LICENSES; TRANSITIONAL PROVISIONS

Standard Commercial Fishing License (SCFL)

Section 5.1 establishes Article 14A of G.S. 113 to be entitled the Coastal and Estuarine Commercial Fishing Licenses which establishes SCFLs as follows:

- Entitles holder to sell fish;
- Fees: \$200 for residents; \$2,000 for nonresidents or the amount charged to a NC resident in the nonresident's state, whichever is less;
- Assignability - SCFL is assignable. Vessel endorsements may be assigned independently of SCFL to another SCFL holder;
- Transferability - SCFLs may be transferred under certain circumstances to a member of the SCFL holder's estate; a third-party purchaser of the SCFL holder's fishing vessel; or as authorized by MFC; and
- Vessel endorsement required for an additional fee based on length of vessel.

Other commercial fishing licenses

Section 5.1 also provides for the following:

- Retired SCFL available to persons 65 and older for an annual fee of \$100;
- Shellfish license for NC residents not holding a SCFL available for \$25; and
- Fish dealer license available for various fees.

Section 5.2 establishes provisions to implement Section 5.1. These transitional provisions apply to the issuance of fishing licenses until all FMPs have been adopted. These provisions provide for the following:

- Eligibility - SCFLs are available to any person who holds an endorsement to sell on July 1, 1999;
- Flexibility for new entrants - 500 SCFLs will be available for distribution by lot for persons not otherwise eligible for a SCFL;
- Establishment of a temporary cap on the total number of SCFLs the MFC may issue. The temporary cap is equal to the total number of endorsements to sell that establish eligibility for a SCFL plus an additional 500 SCFLs for new entrants;
- For the 1999-2000 license year, the MFC is authorized to:
 - issue an SCFL to any person who held a valid endorsement to sell fish prior to July 1, 1999;
 - issue an SCFL to any person who filed a petition with the Appeals Panel which was denied; and,
 - distribute an additional 500 SCFLs by lot.

For subsequent license years, the MFC is authorized to issue licenses from the pool of available SCFLs. (The pool of available SCFLs is the temporary cap less the number of SCFLs renewed from the previous license year.)

Effective Date: July 1, 1999.

Recreational Commercial Gear License (RCGL)

Section 5.1 also establishes a Recreational Commercial Gear License (RCGL) as follows:

- RCGL holder may use limited amounts of commercial gear;
- License holder is not entitled to sell fish; and
- Fees: \$35 for residents; \$250 for nonresidents.

Section 5.3 directs the MFC to adopt rules authorizing the use of a limited amount of commercial gear for recreational fishing by July 1, 1999.

Effective Date: July 1, 1999

Sections 5.4, 5.5, 5.6, 5.7 and 6.2 govern the taking of crabs by:

- Retaining the current crab license;
- Extending the moratorium on the issuance of crab licenses until July 1, 2000;
- Directing the MFC to adopt a blue crab FMP by January 1, 2000; and
- Providing that only those persons currently holding crab licenses may take crabs.

Section 5.10 makes the Endorsement to Sell transferable to the purchaser of a vessel.

**PART VI. MORATORIUM EXTENSION; MISCELLANEOUS PROVISIONS;
EFFECTIVE DATE.**

Section 6.1 extends moratorium on issuance of licenses from July 31, 1997, to July 1, 1999 and alters the moratorium on licenses to include all Endorsements to Sell (vessel and non-vessel); effective July 31, 1997.

Section 6.3 recodifies G.S. 143B-289.19 to G.S. 143B-289.40 and makes technical and clarifying changes.

Section 6.4 transfers all records personnel, property, unexpended funds and functions from the current Marine Fisheries Commission to the Marine Fisheries Commission established by this act.

Section 6.5 establishes staggered terms for members of the MFC.

Section 6.6 authorizes the MFC to regulate NC fisheries consistent with federal law.

Section 6.7 recodifies G.S. 113-190 to G.S. 113-200.

Section 6.8 requires that the CHPPs be adopted by July 1, 2003.

Section 6.9 directs Seafood and Aquaculture to study the establishment of a comprehensive State program to acquire, preserve, and restore habitats critical to marine and estuarine fisheries. Seafood and Aquaculture will report its findings and recommendations, if any, to the 1998 Regular Session of the General Assembly.

Section 6.10 clarifies that this act constitutes a recent act of the General Assembly pursuant the G.S. 150B (APA), and therefore, agencies are authorized to adopt temporary rules to implement the provisions of this act. This section will continue to be in effect until all rules necessary to implement this act have been adopted as temporary or permanent rules.

Section 6.11 authorizes the MFC to adopt temporary rules to comply with fisheries management plans adopted by an interstate fisheries management council.

Section 6.12 Part Headings as convenience for reader only.

Section 6.13 Severability Clause.

Section 6.14 extends the moratorium on new shellfish cultivation leases in a portion of Core Sound from August 1, 1997 to July 1, 1998; effective August 1, 1997.

Section 6.15 Effective Dates.

Use of Marine Fisheries License Revenues

Receipts generated from the sale of marine fisheries licenses and endorsements are not credited to the General Fund, but are treated as departmental receipts and therefore retained by the Department of Environment, Health, Natural Resources. License revenue is used by the Division of Marine Fisheries to offset the cost of various marine fisheries programs, including licensing administration, data collection efforts for commercial landings and law enforcement. The provisions of House Bill 1097 do not propose to change the treatment of license receipts. The following table identifies the amount of revenue generated by license type and the distribution of license receipts by program for the 1996-97 fiscal year:

License Revenues and Expenditures 1996-97 Fiscal Year (Authorized)

PRINCIPAL DEPARTMENT(S) &

PROGRAM(S) AFFECTED: Department of Environment, Health, and Natural Resources - Marine Fisheries Commission, Division of Marine Fisheries; Department of Correction; Judicial Department; Office of the State Auditor

EFFECTIVE DATE: Part I (performance audit) is effective retroactively to March 1, 1997. Part II (Marine Fisheries Commission), Part IV (Marine Fisheries Law Enforcement) and sections 5.3, 6.3, 6.4, 6.5, 6.6, and 6.11 are effective September 1, 1997. Part III (Coastal Habitat Protection Plans and Fishery Management Plans) is effective July 1, 1998. Part V (Commercial Fishing Licenses) is effective July 1, 1999. Part VI, section 6.1 (extend moratorium on licenses) is effective July 31, 1997. Sections 5.1 and 5.2 expire September 1, 2003. Section 5.6 (crab license) will expire July 1, 2000 and section 5.7 will become effective July 1, 2000. Sections 1.1, 5.8, 6.7, 6.9, 6.10, 6.12, 6.13, and 6.15 are effective when the act becomes law.

BILL SUMMARY: Part I of the bill directs the State Auditor to conduct a performance audit of the Division of Marine Fisheries and to present the audit to the General Assembly by February 1, 1998. Part II of the bill reduces the membership of the Marine Fisheries Commission from 17 to 9 and changes the type of appointments to the Commission. Part III directs the Department of Environment, Health, and Natural Resources (DEHNR) to coordinate the preparation of draft Coastal Habitat Protection Plans and to prepare Fishery Management Plans for all commercially and recreationally significant fish species. Part IV increases the penalties for violating general fisheries laws. Part V creates a Standard Commercial Fishing License (SCFL) priced at \$200 for residents and \$2000 for nonresidents. Owners of a SCFL must have a vessel endorsement whose price is based on vessel length. This Part also creates a \$35 Recreational Commercial Gear License (RCGL) for recreational fishermen who want to use commercial gear such as shrimp nets and crab pots. This Part also makes changes in dealer licenses and other minor licenses. Part VI has miscellaneous provisions dealing with the moratorium on fishing licenses, the staggered terms of Marine Fisheries Commission members, and further legislative study of marine and estuarine fisheries habitats.

ASSUMPTIONS AND METHODOLOGY:

The differences in the current fishing licenses and the licenses proposed by HB 1097 are shown in the chart below and on page 3. The major change is the creation of the Standard Commercial Fishing License (SCFL) and the Recreational Commercial Gear License (RCGL), and the deletion of Endorsements to Sell.

The change in fishing licenses will increase revenue to the Division of Marine Fisheries beginning in FY 1999-00. In FY 1995-96, the primary revenue from fishing license receipts came from vessel endorsements (\$700,137), endorsements to sell (\$243,365), and dealers (\$86,050). The revenue lost from reducing the number of ships needing vessel endorsements, abolishing the endorsement to sell; and reducing the dealer fees is replaced by the \$200 SCFL and the \$35 RCGL. When the new licenses become effective in FY 1999-00, the SCFL will yield \$780,000 in revenue and the RCGL will earn \$455,000 as shown below.

The Division of Marine Fisheries estimates that 3,900 SCFLs will be purchased in FY1999-00. It assumes that only a portion of the fishermen now holding Endorsements-to-Sell (ETS) will buy the new license. In FY 1994-95 there were 6,539 individuals with ETS licenses. Of this number, 45% or 2,943 sold less than \$1,000 worth of seafood. The Division assumes that the \$200 license will discourage most of these low volume fishermen from obtaining a SCFL. The Division projects 3,780 individuals with a ETS license will apply for the SCFL. In addition, the Division assumes that the owners of 120 vessels that were granted vessel licenses through the appeals process in the last few years will also apply for a license. This brings the total to 3,900. This number will grow to 4,400 in FY 2000-01 and to 4,900 in FY 2001-02 when additional licenses are made available to new entrants into the market.

The owners of a SCFL must also buy a vessel endorsement. The cost of the endorsement is based on vessel length. The average length of the vessel and the percent of vessels in each category are shown below.

0-18 ft @ \$1.00/ft	16.1 ft.	47%
18-38 ft @ \$1.50/ft	24.5 ft	45%
38-50 ft @ \$3.00/ft	43.7 ft.	4%
>50 ft @ \$6.00/ft	69.4 ft.	4%

Of the 22,000 vessels that can now obtain vessel licenses and use commercial fishing gear in North Carolina, the Division estimates that 14,500 are owned by recreational fishermen. The Division believes 13,000 recreational fishermen will opt to buy the RCGL instead of the SCFL.

The number of dealers and other licenses shown in the chart are also estimates of the Division. The dealers licenses are grown by 3% a year.

EXPENDITURES

The Division of Marine Fisheries is currently authorized to use the proceeds from the sale of licenses and vessel endorsements to offset the operating costs of the License Administration Section, the Statistics and Information Management Section and the Marine Patrol Section. Although this legislation will increase license revenues beginning with the 1999-2000 fiscal year, the increased receipts will not be enough to offset the costs associated with implementing all the provisions of this act. Therefore, General Fund support will be required. However, revenues are projected to be sufficient to cover the increased costs associated with administering the licensing provisions by the 2001-2002 fiscal year.

◆ Marine Fisheries Commission *Effective September 1, 1997*

The bill reduces the membership of the Marine Fisheries Commission from seventeen to nine and establishes four technical advisory committees and four regional advisory committees.

The Division of Marine Fisheries estimates the annual operating costs of the reformed commission, exclusive of the advisory committees, to be \$85,680. This estimate is based on a total travel (\$178) and per diem (\$100) rate of \$278 per day for commission members in accordance with G.S. 138-6 and assumes the commission will meet up to eight times per year, for up to three days (9 members x \$278/day x 8 meetings x 3 days/meeting = \$60,048). In addition, the estimate includes allowed subsistence of \$178 per day for two representatives from the Office of the Attorney General (2 representatives x \$178/day x 8 meetings x 3 days/meeting = \$8,544). Subsistence expenses for an ad hoc committee of twelve members are also included in the estimate, as the chair of the commission may appoint ad hoc committees to address special issues, (12 members x \$178/day x 4 meetings x 2 days/meeting = \$17,088).

The total annual cost of the eight technical and regional advisory committees is estimated to be \$136,704, assuming there are twelve members on each committee, and the committees meet four times per year for two days (12 members x \$178/day x 4 meetings x 2 days/meeting x 8 committees = \$136,704).

The continuation budget for the Division of Marine Fisheries includes \$108,000 to fund expenses incurred by the commission and should be used to offset any costs associated with modifying the present structure of the commission. Therefore, the net increase in expenditures for the Marine Fisheries Commission is \$114,384 each year (\$85,680 + \$136,704 - \$108,000).

◆ Coastal Habitat Protection Plans *Effective July 1, 1998*

According to the division, four marine biologists and an office assistant will be required to develop habitat protection plans as required by the bill. The additional staff will be primarily

responsible for preparing protection plans for critical fisheries habitats in cooperation with the Division of Water Quality and the Division of Coastal Management. The staff will also participate in the preparation of fisheries management plans with respect to habitat issues.

The total estimated budget requirements to implement the section on coastal habitat protection plans is outlined in the following table:

◆ Fisheries Management Plans *Effective July 1, 1998*

As written, the bill requires the Marine Fisheries Commission to establish a priority order and schedule for developing fisheries management plans (FMPs) for each of the state's commercially or recreationally significant coastal fisheries species or species groups. The division and the Moratorium Steering Committee, established by the General Assembly in 1994, have identified 31 species and species groups for which management plans are needed.

Staff for FMP Development

The estimated staff required to prepare and periodically update fisheries management plans for all 31 species or species groups, is based on the following assumptions (*italicized*) and information on the division's current workload capabilities:

1. *One full-time biologist is required to supervise on-going field data collection and analysis efforts to support the development of management plans for 4 species. A total of 8 full-time biologists is required to prepare FMPs for 31 species and groups. Currently, the division has 7 full-time equivalent biologists assigned to the development of management plans; therefore, the division needs 1 additional biologist.*
2. *Three full-time technicians are required to collect data to support 1 biologist. A total of 24 technicians is needed to support 8 biologists. Currently, the division has 15 full-time equivalent technicians assigned to collect data for FMPs; therefore, the division needs 9 additional technicians.*
3. *On average, at least three years of field data is necessary to develop a management plan for a single species or fisheries group.*

4. The division currently has sufficient data on 12 species groups to begin analyzing the information and writing management plans. The division also has sufficient baseline data on an additional 3 species groups to complete data collection, and begin data analysis and plan writing within two years. The division does not have any data on the remaining 16 significant species.
5. *The division will complete an average of 5 initial FMPs per year during the first 3 years of the program and an average of 3 initial FMPs per year over the next five years of the program.* Based on this time line, initial management plans for all 31 species will be completed within 8 years (see table below for estimated plan development schedule).
6. *The division will revise each FMP every three years* (see table below for estimated revision schedule).
7. *The initial preparation of a fisheries management plan will take approximately six to seven months to complete. Revision of an existing plan will take approximately three months to complete.* Plans involving several species or multiple fisheries are expected to take longer.
8. *One full-time biologist is capable of performing statistical analyses and writing plans for 2 species groups.* Therefore, it will take 3 full-time biologists to write and periodically revise management plans for 31 species.
9. Two full-time population dynamicists are required to conduct modeling of fishery stocks to determine the status of the stocks to support the development of 31 FMPs. The division currently employs 1 full-time population dynamicist; therefore, 1 additional dynamicist will be required.

Advisory Councils

The bill requires the Chair of the Marine Fisheries Commission to appoint an advisory council for each FMP being developed. The division expects input from each council to be required only during the period of time when the plan is actually being written or revised. Each council will comprise up to twelve members, and will likely need to hold six meetings during the initial development of a plan and three meetings to revise an existing plan.

The table below indicates the **anticipated schedule** (the Marine Fisheries Commission is responsible for adopting a formal schedule) for the initial development and revision of fisheries management plans over the next ten years, as well as the cost of the required advisory councils.

◆ **Licensing Administration Effective July 1, 1999**

The bill provides for the purchase and renewal of Standard Commercial Fishing Licenses, Recreational Commercial Gear Licenses, vessel endorsements, dealer and other licenses at the central and district offices of the Division of Marine Fisheries, by mail (applies to renewals only) or through designated license agents. Currently licenses are available only at the central office, located in Morehead City, and through authorized license agents. In addition to the office in Morehead City, the division maintains district offices in Wilmington, Washington, Columbia, Wanchese and Elizabeth City.

The division currently employs five full-time permanent and two part-time temporary staff persons to handle administration of the commercial licensing program. The current authorized

budget of the Licensing Section is \$208,649, of which \$88,059 is from General Fund appropriations, and \$120,590 is from license receipts.

According to the Division of Marine Fisheries, an additional 13.25 full-time equivalent positions are required to implement the licensing provisions of this act. The new positions include a processing unit supervisor to oversee the day-to-day operations of the new licensing program, and to investigate and resolve problems or questions concerning licenses. An office assistant position is needed to provide clerical support to the unit supervisor and licensing staff in the district offices. The division also anticipates the need for 10.25 full-time equivalent processing assistants to handle licensing transactions. This number includes seven full-time and two part-time (1.25 full-time equivalents) positions to manage sales in the division's five district offices along the coast, one full-time position to process and track requests for renewals by mail, and one full-time position to oversee the newly created Recreational Commercial Gear License. The division plans to implement a more sophisticated licensing system by automating the current system, which relies heavily on hard copy paper flow and file maintenance, consolidating several existing data bases, and providing on-line access to historical license data and violation statistics. A computer services analyst position is proposed to maintain the new computer based licensing system.

Since the licensing requirements of this act are effective July 1, 1999, the division needs to complete the computer system and technology upgrades during the 1998-99 fiscal year to ensure the automated licensing system is in place and operational on July 1, 1999. The division also needs to phase in new staff during the 1998-99 fiscal year in order to have adequate time to hire and train personnel to be in place on July 1, 1999. The budget requirements reflected for licensing administration for the 1998-99 fiscal year assume funding for the positions will be effective January 1, 1998.

The total estimated budget requirements to implement the licensing section is outlined in the following table:

◆ Department of Correction and Judicial Department (Criminal and Civil Penalties)

Currently, the Judicial Department does not have an offense code relating to offenses outlined in G.S. 113-187 and G.S. 113-190. This indicates a small number of offenses since "offense codes" are established only when the number of offenses is significant. Based on this finding, the Sentencing Commission does not expect the proposed changes to have any significant impact on prison populations. The Sentencing Commission estimates, for example, that if 10 individuals are convicted of these offenses per year, approximately 1 or 2 additional inmates will be added to the prison population. If there are as many as 30 convictions, no more than 3 to 6 additional inmates will be added to the prison system. These few potential additional inmates can be absorbed within existing Department of Correction resources.

Likewise, there will not be a significant fiscal impact on the Judicial Branch, as no major changes are expected in the time required to process or dispose of these cases. The Judicial Department can absorb these potential few new cases within existing resources.

◆ Office of the State Auditor

The State Auditor estimates the cost of conducting a detailed operational review and performance audit of the Division of Marine Fisheries by February 1, 1998 will be \$25,000.

1 A BILL TO BE ENTITLED
2 AN ACT TO AUTHORIZE SUPPLEMENTAL SOURCES OF REVENUE FOR
3 LOCAL GOVERNMENT TRANSIT FINANCING.

4 The General Assembly of North Carolina enacts:

5

6 PART I. MECKLENBURG COUNTY SALES TAX

7 Section 1. (a) This section applies only to Mecklenburg County.

8 (b) Subchapter VIII of Chapter 105 of the General Statutes is amended
9 by adding a new Article to read:

10 "ARTICLE 43.

11 "Local Government Sales and Use Taxes for Public Transportation.

12 "§ 105-505. Short title; purpose.

13 This Article is the Local Government Public Transportation Sales Tax Act and
14 may be cited by that name. This Article gives the counties of this State an
15 opportunity to obtain an additional source of revenue with which to meet their needs
16 for financing local public transportation systems. It provides counties with authority
17 to levy one-half percent (1/2%) sales and use taxes.

18 "§ 105-506. Definitions.

19 The definitions in G.S. 105-164.3 and the following definitions apply in this
20 Article:

21 (1) Net proceeds. -- Gross proceeds less the cost of administering and
22 collecting the tax.

1 (2) Public transportation system. -- Any combination of real and
2 personal property established for purposes of public transportation.
3 The systems may include one or more of the following: structures,
4 improvements, buildings, equipment, vehicle parking or passenger
5 transfer facilities, railroads and railroad rights-of-way,
6 rights-of-way, bus services, shared-ride services, high-occupancy
7 vehicle facilities, car-pool and vanpool programs, voucher
8 programs, telecommunications and information systems, integrated
9 fare systems, bus lanes, and busways. The term does not include,
10 however, streets, roads, or highways except to the extent they are
11 dedicated to public transportation vehicles or to the extent they are
12 necessary for access to vehicle parking or passenger transfer
13 facilities.

14 **"§ 105-507. Limitations.**

15 A county may not levy a tax under this Article unless the county or at least one
16 unit of local government in the county operates a public transportation system. In
17 addition, a county may not levy a tax under this Article unless it has developed a
18 financial plan and distributed it to each unit of local government in the county that
19 operates a local public transportation system. The financial plan must provide for
20 equitable allocation of the net proceeds distributed to the county in consideration of
21 the identified needs of local public transportation systems in the county, countywide
22 human service transportation systems, and expansion of public transportation service
23 to unserved areas in the county.

24 **"§ 105-508. Local election on adoption of sales and use tax.**

25 (a) Resolution. -- The board of commissioners of a county may direct the county
26 board of elections to conduct an advisory referendum within the county on the
27 question of whether a local sales and use tax at the rate of one-half percent (1/2%)
28 may be levied in accordance with this Article. The election shall be held on a date
29 jointly agreed upon by the boards and shall be held in accordance with the
30 procedures of G.S. 163-287. The board of commissioners shall hold a public hearing
31 on the question at least 30 days before the date the election is to be held.

32 (b) Ballot Question. -- The form of the question to be presented on a ballot for a
33 special election concerning the levy of a tax authorized by this Article shall be:

34 '[] FOR [] AGAINST

35 One-half percent (1/2%) local sales and use taxes, in addition to the current two
36 percent (2%) local sales and use taxes, to be used only for public transportation
37 systems.'

38 **"§ 105-509. Levy and collection of sales and use tax.**

39 If the majority of those voting in a referendum held pursuant to this Article vote
40 for the levy of the tax, the board of commissioners of the county may, by resolution,
41 levy one-half percent (1/2%) local sales and use taxes in addition to any other State
42 and local sales and use taxes levied pursuant to law. Except as provided in this
43 Article, the adoption, levy, collection, administration, and repeal of these additional
44 taxes shall be in accordance with Article 39 of this Chapter. In applying the

1 provisions of Article 39 of this Chapter to this Article, references to 'this Article'
2 mean 'Article 43 of Chapter 105 of the General Statutes'.

3 A tax levied under this Article does not apply to the sales price of food that is not
4 otherwise exempt from tax pursuant to G.S. 105-164.13 but would be exempt from
5 the State sales and use tax pursuant to G.S. 105-164.13 if it were purchased with
6 coupons issued under the Food Stamp Program, 7 U.S.C. § 51.

7 **"§ 105-510. Distribution and use of taxes.**

8 (a) Distribution. -- The Secretary shall, on a quarterly basis, allocate to each taxing
9 county the net proceeds of the tax levied under this Article by that county. If the
10 Secretary collects taxes under this Article in a month and the taxes cannot be
11 identified as being attributable to a particular taxing county, the Secretary shall
12 allocate these taxes among the taxing counties, in proportion to the amount of taxes
13 collected in each county under this Article in that month and shall include them in
14 the quarterly distribution.

15 The Secretary shall distribute the net proceeds of the tax levied by a county on a
16 per capita basis among the county and the units of local government in the county
17 that operate public transportation systems. No proceeds shall be distributed to a
18 county that does not operate a public transportation system or to a unit of local
19 government that does not operate a public transportation system.

20 (b) Use. -- A county must allocate the net proceeds distributed to it in accordance
21 with its financial plan adopted pursuant to G.S. 105-507 and use the net proceeds
22 only for financing, constructing, operating, and maintaining local public
23 transportation systems. Any other unit of local government may use the net proceeds
24 distributed to it under this Article only for financing, constructing, operating, and
25 maintaining local public transportation systems. Every unit of government shall use
26 the net proceeds to supplement and not to supplant or replace existing funds or other
27 resources for public transportation systems."

28

26 PART III. REGIONAL TRANSIT AUTHORITY VEHICLE RENTAL TAX

27 Section 3. Chapter 105 of the General Statutes is amended by adding a
28 new Subchapter to read:

29 "SUBCHAPTER IX. MULTICOUNTY TAXES.

30 "ARTICLE 50.

31 "Regional Transit Authority Vehicle Rental Tax.

32 "§ 105-550. Definitions.

33 The definitions in G.S. 105-164.3 and the following definitions apply in this
34 Article:

35 (1) Authority. -- A regional public transportation authority or a
36 regional transportation authority created pursuant to Article 26 or
37 Article 27 of Chapter 160A of the General Statutes.

38 (2) Long-term lease or rental. -- Defined in G.S. 105-187.1.

39 (3) Motorcycle. -- Defined in G.S. 20-4.01.

40 (4) Private passenger vehicle. -- Defined in G.S. 20-4.01.

41 (5) Public transportation system. -- Any combination of real and

43 The systems may include one or more of the following: structures,
44 improvements, buildings, equipment, vehicle parking or passenger

1 transfer facilities, railroads and railroad rights-of-way,
2 rights-of-way, bus services, shared-ride services, high-occupancy
3 vehicle facilities, car-pool and vanpool programs, voucher
4 programs, telecommunications and information systems, integrated
5 fare systems, bus lanes, and busways. The term does not include,
6 however, streets, roads, or highways except to the extent they are
7 dedicated to public transportation vehicles or to the extent they are
8 necessary for access to vehicle parking or passenger transfer
9 facilities.

10 (6) Short-term lease or rental. -- A lease or rental that is not a long-
11 term lease or rental.

12 **"§ 105-551. Tax on gross receipts authorized.**

13 (a) Tax. -- The board of trustees of an Authority may levy a privilege tax on a
14 retailer who is engaged in the business of leasing or renting private passenger vehicles
15 or motorcycles based on the gross receipts derived by the retailer from the short-term
16 lease or rental of these vehicles. The tax rate must be a percentage and may not
17 exceed five percent (5%). A tax levied under this section applies to short-term leases
18 or rentals made by a retailer whose place of business or inventory is located within
19 the territorial jurisdiction of the Authority. This tax is in addition to all other taxes.

20 (b) Restrictions. -- The board of trustees of an Authority may not levy a tax under
21 this section or increase the tax rate of a tax levied under this section until all of the
22 following requirements have been met:

23 (1) The board of trustees has held a public hearing on the tax or the
24 increase in the tax rate after giving at least 10 days' notice of the
25 hearing.

26 (2) If the Authority has a special tax board, the special tax board has
27 adopted a resolution approving the levy of the tax or the increase
28 in the tax rate.

29 (3) The board of commissioners of each county included in the
30 territorial jurisdiction of the Authority has adopted a resolution
31 approving the levy of the tax or the increase in the tax rate.

32 **"§ 105-552. Collection and administration of gross receipts tax.**

33 (a) Effective Date. -- A tax or a tax increase levied under this Article becomes
34 effective on the date set by the board of trustees in the resolution levying the tax or
35 the tax increase. The effective date must be the first day of a month and may not be
36 earlier than the first day of the second month after the board of trustees adopts the
37 resolution.

38 (b) Collection. -- A tax levied by an Authority under this Article shall be
39 collected by the Authority but shall otherwise be administered in the same manner as
40 the optional gross receipts tax levied by G.S. 105-187.5. Like the optional gross
41 receipts tax, a tax levied under this Article is to be added to the lease or rental price
42 of a private passenger vehicle or motorcycle and thereby be paid by the person to
43 whom it is leased or rented.

1 A tax levied under this Article applies regardless of whether the retailer who leases
2 or rents the private passenger vehicle or motorcycle has elected to pay the optional
3 gross receipts tax on the lease or rental receipts from the vehicle. A tax levied under
4 this Article must be paid to the Authority that levied the tax by the date an optional
5 gross receipts tax would be payable to the Secretary of Revenue under G.S. 105-187.5
6 if the retailer who leases or rents the private passenger vehicle or motorcycle had
7 elected to pay the optional gross receipts tax.

8 (c) Penalties and Remedies. -- The penalties and remedies that apply to local sales
9 and use taxes levied under Subchapter VIII of this Chapter apply to a tax levied
10 under this Article. The board of trustees of an Authority may exercise any power the
11 Secretary of Revenue or a board of county commissioners may exercise in collecting
12 local sales and use taxes.

13 **"§ 105-553. Exemptions and refunds.**

14 No exemptions are allowed from a tax levied under this Article. No refunds are
15 allowed for a tax lawfully levied under this Article.

16 **"§ 105-554. Use of tax proceeds.**

17 An Authority that levies a tax under this Article may use the proceeds of the tax
18 for any purpose for which the Authority is authorized to use funds. An Authority
19 shall use the tax proceeds to supplement and not to supplant or replace existing funds
20 or other resources for public transportation systems. Authorized purposes for which
21 an Authority may use funds include the following:

- 22 (1) Pledging funds in connection with the financing of a public
23 transportation system or any part of a public transportation system.
24 (2) Paying a note, bond, or other obligation entered into by the
25 Authority pursuant to Article 26 or Article 27 of Chapter 160A of
26 the General Statutes.

27 **"§ 105-555. Repeal of tax or decrease in tax rate.**

28 The board of trustees of an Authority may repeal a tax levied under this Article or
29 decrease the tax rate of a tax levied under this Article. The same restrictions that
30 apply to the levy of a tax or an increase in a tax rate under this Article apply to the
31 repeal of the tax or a decrease in the tax rate.

32 A tax repeal or a tax decrease becomes effective on the date set by the board of
33 trustees in the resolution repealing or decreasing the tax. The effective date must be
34 on the first day of a month and may not be earlier than the first day of the second
35 month after the board of trustees adopts the resolution. Repeal or decrease of a tax
36 levied under this Article does not affect the rights or liabilities of an Authority, a
37 taxpayer, or another person arising before the repeal or decrease."

38

39 **PART IV. REGIONAL TRANSPORTATION AUTHORITY REGISTRATION TAX**

40 Section 4. Subchapter IX of Chapter 105 of the General Statutes, as
41 enacted by this act, is amended by adding a new Article to read:

42

"ARTICLE 51.

43

"Regional Transit Authority Registration Tax.

44

"§ 105-560. Definitions.

- 1 (1) Authority. -- Any of the following:
2 a. A public transportation authority created pursuant to Article
3 25 of Chapter 160A of the General Statutes that includes
4 two or more counties.
5 b. A regional public transportation authority created pursuant
6 to Article 26 of Chapter 160A of the General Statutes.
7 c. A regional transportation authority created pursuant to
8 Article 27 of Chapter 160A of the General Statutes.
9 (2) Board of trustees. -- The governing body of an Authority.
10 (3) Public transportation system. -- Defined in G.S. 105-550.

11 **"§ 105-561. Authority registration tax authorized.**

12 (a) Tax Authorized. -- The board of trustees of an Authority may, by resolution,
13 levy an annual license tax in accordance with this Article upon any motor vehicle
14 with a tax situs within its territorial jurisdiction. The purpose of the tax levied under
15 this Article is to raise revenue for capital and operating expenses of an Authority in
16 providing public transportation systems. The rate of tax levied under this Article
17 must be a full dollar amount, but may not exceed five dollars (\$5.00) a year.

18 (b) Restrictions. -- The board of trustees of an Authority may not levy a tax
19 under this Article or increase the tax rate until all of the following requirements have
20 been met:

- 21 (1) The board of trustees has held a public hearing on the tax or the
22 increase in the tax rate after giving at least 10 days' notice of the
23 hearing.
24 (2) If the Authority has a special tax board, the special tax board has
25 adopted a resolution approving the levy of the tax or the increase
26 in the tax rate.
27 (3) Except where the levy or increase in tax is necessary for debt
28 service on bonds or notes that each of the boards of county
29 commissioners had previously approved under G.S. 159-51, the
30 board of commissioners of each county included in the territorial
31 jurisdiction of the Authority has adopted a resolution approving
32 the levy of the tax or the increase in the tax rate.

33 (c) Resolutions. -- The board of trustees and the board of county commissioners,
34 upon adoption of a resolution pursuant to this section, shall cause a certified copy of
35 the resolution to be delivered immediately to the Authority and to the Division of
36 Motor Vehicles.

37 **"§ 105-562. Collection and scope.**

38 (a) Collection. -- A tax or a tax increase levied under this Article becomes
39 effective on the date set by the board of trustees in the resolution levying the tax or
40 the tax increase. The effective date must be the first day of a month and may not be
41 earlier than the first day of the third calendar month after the board of trustees
42 adopts the resolution. To the extent the tax applies to vehicles whose tax situs is in a
43 county the entire area of which is within the jurisdiction of the Authority, the
44 Division of Motor Vehicles shall collect and administer the tax. To the extent the tax

1 applies to vehicles whose tax situs is in a county that is only partially within the
2 jurisdiction of the county, the Authority shall collect and administer the tax. The
3 Authority may contract with one or more local governments in its jurisdiction to
4 collect the tax on its behalf.

5 Upon receipt of the resolutions under G.S. 105-561, the Division of Motor Vehicles
6 shall proceed to collect and administer the tax as provided in this Article. The tax is
7 due at the same time and subject to the same restrictions as in G.S. 20-87(1), (2), (4),
8 (5), (6), and (7) and G.S. 20-88. The Division of Motor Vehicles may adopt rules to
9 carry out its responsibilities under this Article.

10 (b) Scope. -- Only vehicles required to pay a tax under G.S. 20-87(1), (2), (4), (5),
11 (6), and (7) and G.S. 20-88 shall be subject to the tax provided by this Article. Taxes
12 shall be prorated in accordance with G.S. 20-95.

13 (c) Tax Situs. -- The tax situs of a motor vehicle for the purpose of this Article is
14 its ad valorem tax situs. If the vehicle is exempt from ad valorem tax, its tax situs for
15 the purpose of this Article is the ad valorem tax situs it would have if it were not
16 exempt from ad valorem tax.

17 **"§ 105-563. Modification or repeal of tax.**

18 The Board of Trustees may, by resolution, repeal the levy of the tax under this
19 Article or decrease the amount of the tax, under the same procedures and subject to

EXPLANATION OF HOUSE BILL 1231:
Local Transit Revenue Options (3rd Edition)

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: July 30, 1997
SPONSOR: Representative Miner

This bill provides local governments with revenue options to finance local public transportation systems, as follows:

1. It authorizes Mecklenburg county to levy a ½ cent local sales tax if approved by the voters of the county.
2. It authorizes cities that have public transportation systems, other than the city of Durham, to levy an additional \$5 motor vehicle tax.
3. It authorizes regional public transportation authorities to levy a gross receipts tax of up to 5% on short-term motor vehicle rentals.
4. It authorizes the proposed Triad regional transportation authority to levy the same \$5 vehicle registration tax that the existing Triangle regional public transportation authority levies. It also authorizes public transportation authorities organized under existing law and comprised of two or more counties to levy this same \$5 vehicle registration tax.

A regional public transportation authority is an entity created by three counties under Article 26 of Chapter 160A of the General Statutes to provide a public transportation system for the region. The authority is governed by a board of trustees appointed by the counties creating the authority and larger cities within the counties. Currently, there is only one regional transportation authority, the Triangle Transit Authority for Wake, Durham, and Orange Counties. A second regional transportation authority is proposed in House Bill 993, which has passed the House and is in Senate Finance. This authority would be created under Article 27 of Chapter 160A of the General Statutes by the four largest cities of the five counties served by the authority, in order to promote the development of sound transportation systems in the area served by the authority. The authority would be governed by a board of trustees consisting of the mayors of the four largest cities and the chair of each Metropolitan Planning Organization in the area.

A public transportation authority is an entity created by one or more local government entities under Article 25 of Chapter 160A to provide public transportation. There are three multi-county public transportation authorities.

A public transportation system is defined broadly in the bill to include any combination of real and personal property established for purposes of public transportation. It does not include, however, streets, roads, and highways not dedicated to public transportation or related parking.

Section 1 of the bill authorizes Mecklenburg County to levy a ½ cent sales tax only if the tax is approved by the voters of the county. The proceeds of the tax must be used to finance, construct, operate, and maintain local public transportation systems. The tax does not apply to food. In other respects, it will be administered in the same way as the existing local sales and use taxes.

The county may not levy the sales tax unless it has developed a financial plan for equitable allocation of the proceeds it receives based on the identified needs of local public transportation systems in the county and planned expansion of public transportation to unserved areas. The sales tax authorized for Mecklenburg County will be distributed between the county and other local government units in the county that operate local public transportation systems, on a per capita basis. The county must allocate the tax proceeds it receives based on its financial plan.

Section 2 of the bill authorizes municipalities that operate public transportation systems, other than the City of Durham, to levy an additional \$5 motor vehicle tax, to be used only to finance, construct, operate, and maintain local public transportation systems. Current law already authorizes municipalities to levy a \$5 annual motor vehicle tax. Many municipalities already have local legislation authorizing them to levy an increased amount. Section 2 adds an extra authorization for \$5 more. If that \$5 would cause the municipality's total local motor vehicle tax to exceed \$30, however, the additional \$5 tax may not be levied. The City of Charlotte and the Town of Matthews are authorized by local act to levy annual motor vehicle taxes of \$30. These local units are the only ones that would currently be affected by this limitation.

Section 3 of the bill authorizes a regional public transportation authority to levy a gross receipts tax of up to 5% on retailers within the region engaged in the business of renting private passenger motor vehicles and motorcycles. The tax applies to short-term rentals only. The tax will be collected by the authority but is otherwise administered in the same way as the optional highway use tax on gross receipts from vehicle rentals. This optional highway use tax is 8% on short-term rentals, so the combined tax within the jurisdiction of the authority

would be 13%. Each authority may use the proceeds of the tax for its public transportation purposes. Before levying or increasing the tax, the authority must obtain approval from each county in the region.

Sections 4 and 5 of the bill authorize the proposed Triad regional transportation authority and any multi-county public transportation authorities organized under current law to levy a \$5 vehicle registration tax identical to the tax already authorized for, and levied by, the existing Triangle Transit Authority. The authority must obtain the approval of each county within its jurisdiction before it can levy the tax. The Division of Motor Vehicles will collect the tax in counties that are entirely located within the authority's jurisdiction. If the authority's jurisdiction includes just a part of one or more county, the authority will collect the registration tax in those parts of counties. The authority may contract with local governments to collect this tax. Authorization for authorities to levy this tax is organized into a new Article in Chapter 105 of the General Statutes; accordingly, the Triangle Transit Authority's tax is recodified from Chapter 160A to the new Article in Chapter 105.

EFFECTIVE DATE: When it becomes law					

BILL SUMMARY: The proposed act allows for the implementation of several revenue sources for the funding of public transportation services in qualified counties and cities of the State. Each local funding option authorized by this act is subject to the approval of the county board of commissioners or the city council except for the local option sales tax which is subject to a vote of the qualified voters of the county.

Funding option: ½ cent sales tax

Mecklenburg County is authorized to levy a one half cent sales and use tax. The proceeds are to be used for financing the construction and maintenance of a public transportation system as defined in G.S. 105-506(2) of the act.

Funding option: municipal vehicle tax

The act authorizes any municipality in the State, that has a public transportation system, to levy a \$5.00 municipal vehicle tax for public transportation. The tax is levied on motor vehicles sited in the municipality for property tax purposes. This tax is in addition to the general municipal vehicle tax authorized under G.S. 20-97.

Funding option: gross receipts

Counties that form a transportation authority under Article 26 or 27 of Chapter 160A of the General Statutes are authorized to impose a 5% vehicle rental tax on the short term lease of motor vehicles leased in the region. The Triangle Transit Authority would be eligible to levy this tax. The Triad Transit Authority will be eligible if it is organized under Article 27 of Chapter 160A, which is created in House Bill 993. (HB 993 has passed the House and is in Senate Finance.) See addendum I for a list of the counties that make-up the authorities.

This bill does not limit other counties from organizing a transit authority under either of these articles and imposing this tax. The revenue from the tax is to be used by an authority for any authorized purpose.

Funding option: vehicle registration

Transit authorities organized under Article 25, Article 26, and Article 27 of Chapter 160A of the General Statutes, are allowed to charge a \$5.00 registration fee on motor vehicles sited in each member county for property taxation. This is the same authorization given to the Triangle Transit Authority.

ASSUMPTIONS AND METHODOLOGY:

The increase in the sales tax for Mecklenburg County is based on the most recent prediction of the General Fund financial model for a statewide increase in the local sales and use tax by county. The expected growth in sales tax collections for Mecklenburg County is 6% a year for fiscal years 1997-98 through 1999-00 and 5.9% for each additional year.

The revenue estimates from a \$5.00 increase in the registration fee are based on vehicle registrations by county as of July 25, 1997. The estimates on the \$5.00 local vehicle license are based on vehicle registrations by municipality as of July 25, 1997. Both the registration and municipal license revenues are expected to grow at the same rate as the statewide population. The expected statewide growth in population is 1.5% a year over the next five years.

The revenue associated with the 5% vehicle rental tax is based on a percentage of the 8% gross receipts tax on short term rentals. The percentages are based on the value of vehicles in counties having a major airport. Of the \$374.7 million in value identified throughout the State, it is estimated that Wake has 37% of the revenue, Guilford has 11%, and Forsyth has 2%. If an 8% tax on the gross receipts of the short term lease of motor vehicles produces \$29 million in revenue, a 5% tax on the same revenue would produce \$18.0 million statewide. To derive the tax receipts by individual county, the percentages for Wake, Guilford, and Forsyth Counties were applied to the \$18 million. The expected growth is 1.5% on average over the next five years.

In the first fiscal year the expected revenues are based on a six month collection period.

EXPLANATION OF HOUSE BILL 1156:
March of Dimes/School Technology Plates (PCS)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 30, 1997
SPONSOR: Representative Morris

The proposed committee substitute for **House Bill 1156** would authorize the Division of Motor Vehicles to develop two new special license plates: a March of Dimes special registration plate and a School Technology special registration plate. The Division would have to receive at least 300 applications for a special plate before it could be issued. The cost of the plates would be the regular registration fee plus an additional \$20. The first \$10 of the additional fee would be credited to the Special Registration Plate Fund. The remaining \$10 of the additional fee would be credited to the Collegiate and Cultural Attraction Plate Account and transferred quarterly to the March of Dimes Birth Defects Foundation and the State School Technology Fund respectively.

The March of Dimes Birth Defects Foundation is incorporated in New York. There is a registered agent for the Foundation in North Carolina and four local chapters: the Eastern Carolina Chapter, the Western Carolina Chapter, the Greater Triad Chapter, and the Greater Piedmont Chapter. The chapters have decided that the Eastern Carolina Chapter will be the local group to receive the quarterly disbursement of revenue generated from the sale of the March of Dimes special license plate. The Eastern Carolina Chapter will distribute the funds proportionately among the four chapters located in North Carolina based upon the population of the area each chapter represents. The chapters use the money they receive to fight birth defects through educational programs and through research and development.

The General Assembly created the State School Technology Fund in 1994 to help local school administrative units implement their technology plans. The Commission on School Technology develops a State school technology plan and each local board of education develops a local school system technology plan that meets the requirements of the State plan. After a local school's plan is approved by the State Board of Education, it may use funds in the State School Technology Fund that are allocated to the local school administrative unit to implement its plan. The purpose of the technology plan is to improve student performance through the use of learning and instructional management technologies. The money generated from the sale of the School Technology special license plates will help increase the money available to local school administrative units for their technology needs.

EFFECTIVE DATE: The act is effective when it becomes law.					

BILL SUMMARY: The bill authorizes the Division of Motor Vehicles (DMV) to issue a special registration plate to supporters of the March of Dimes if at least 300 applications for such plate are received.

ASSUMPTIONS AND METHODOLOGY:

This fiscal note assumes the issuance of the minimum 300 license plates in FY 1997-98 and renewal of those plates in the following years. There is a one-time cost of \$100 to design the new plate and a one-time production cost of \$2.45 per plate. For 300 plates, the total production cost of \$835 is paid from the Special Registration Plate Account. In addition to the normal \$20 registration fee every license holder pays, there is an additional \$20 annual fee for each March of

Dimes plate. \$10 of the fee will be deposited into the Collegiate and Cultural Attractions Plate Account to be transferred quarterly to the March of Dimes Birth Defects Foundation for use in programs in North Carolina. The other \$10 will go into the Special Registration Plate Account. It is assumed that all persons applying for the March of Dimes plate currently have a regular plate that will be turned in to DMV upon receipt of the new plate.

38 (a) Acts. -- A motor carrier who does any of the following is subject to a civil
 39 penalty of ~~seventy-five dollars (\$75.00):~~ one thousand dollars (\$1,000):

- 40 (1) Operates a for-hire motor vehicle in this State without registering
- 41 its operations, as required by this Part.
- 42 (2) Operates a for-hire motor vehicle in interstate commerce in this
- 43 State that does not carry a copy of either an insurance registration
- 44 receipt issued to the motor carrier or a cab card with an

1 identification stamp issued for the vehicle, as required by G.S. 20-
2 382.

3 (3) Operates a for-hire motor vehicle in intrastate commerce in this
4 State for which it has not verified it has insurance, as required by
5 G.S. 20-382.1.

6 (b) Payment. -- When the Division finds that a for-hire motor vehicle is operated
7 in this State in violation of the registration and insurance verification requirements of
8 this Part, the motor vehicle may not be driven for a purpose other than to park the
9 motor vehicle until the penalty imposed under this section is paid unless the officer
10 that imposes the penalty determines that operation of the motor vehicle will not
11 jeopardize collection of the penalty. A motor carrier that denies liability for a penalty
12 imposed under this section may pay the penalty under protest and apply to the
13 Division for a hearing.

14 (c) Hearing. -- Upon receiving a request for a hearing, the Commissioner ~~must~~
15 shall schedule a hearing within 30 days after receipt of the request. If after the
16 hearing the Commissioner determines that the motor carrier was not liable for the
17 penalty, the amount collected ~~must~~ shall be refunded. If after the hearing the
18 Commissioner determines that the motor carrier was liable for the penalty, the motor
19 carrier may bring an action in the Superior Court of Wake County against the
20 Division for refund of the penalty. A court of this State may not issue a restraining
21 order or an injunction to restrain or enjoin the collection of the penalty or to permit
22 the operation of the vehicle without payment of the penalty.

23 (d) Proceeds. -- A penalty imposed under this section is payable to the Division.
24 Penalties collected under this section shall be credited to the Highway Fund as
25 nontax revenue."

26 Section 5. The Division of Motor Vehicles shall study the feasibility of
27 establishing a staggered registration system for commercial motor vehicles under the
28 International Registration Plan (IRP). The registration plan shall be coordinated with
29 other states which currently stagger IRP registrations to eliminate, insofar as possible,
30 multiple application dates for the same carrier. The registration plan shall provide
31 for a smooth transition to the staggered system providing for credits and partial fees,
32 as needed. The Division shall report the results of this study along with any
33 legislation to implement the staggered registration system to the Joint Legislative
34 Transportation Oversight Committee and the Fiscal Research Division by April 1,
35 1998.

36 Section 6. The Legislative Research Commission may study the following
37 issues encouraging the growth of the trucking industry in North Carolina through
38 increased truck registrations:

39 (1) The feasibility of removing the highway use tax on vehicles with a
40 gross weight rating of more than 26,000 pounds;

41 (2) The replacement of the revenue from the removal of the highway
42 use tax studied in subdivision (1) of this section by an increase in
43 registration fees for the same vehicles by ten cents (10¢) per one
44 hundred pounds of registered weight; and

1 (3) Eliminate the stacking of overweight penalties by restricting the
2 penalties so that they do not exceed the highest axle-group weight
3 that exceeds the allowable limits rather than assessing separate
4 penalties for each axle-group and stacking those penalties for the
5 same weight violations.

6 The Legislative Research Commission may make an interim report of the
7 study authorized by this section to the 1998 Session of the General Assembly and
8 may make a final report to the 1999 Session of the General Assembly.

9 Section 7. Sections 5, 6, and 7 of this act are effective when this act
10 becomes law. Sections 1 through 4 of this act become effective October 1, 1997.

- 37 (3) Operates a for-hire motor vehicle in intrastate commerce in this
38 State for which it has not verified it has insurance, as required by
39 G.S. 20-382.1.

40 (b) Payment. -- When the Division finds that a for-hire motor vehicle is operated
41 in this State in violation of the registration and insurance verification requirements of
42 this Part, the motor vehicle may not be driven for a purpose other than to park the
43 motor vehicle until the penalty imposed under this section is paid unless the officer
44 that imposes the penalty determines that operation of the motor vehicle will not

1 jeopardize collection of the penalty. A motor carrier that denies liability for a penalty
2 imposed under this section may pay the penalty under protest and apply to the
3 Division for a hearing.

4 (c) Hearing. -- Upon receiving a request for a hearing, the Commissioner ~~must~~
5 shall schedule a hearing within 30 days after receipt of the request. If after the
6 hearing the Commissioner determines that the motor carrier was not liable for the
7 penalty, the amount collected ~~must~~ shall be refunded. If after the hearing the
8 Commissioner determines that the motor carrier was liable for the penalty, the motor
9 carrier may bring an action in the Superior Court of Wake County against the
10 Division for refund of the penalty. A court of this State may not issue a restraining
11 order or an injunction to restrain or enjoin the collection of the penalty or to permit
12 the operation of the vehicle without payment of the penalty.

13 (d) Proceeds. -- A penalty imposed under this section is payable to the Division.
14 Penalties collected under this section shall be credited to the Highway Fund as
15 nontax revenue."

16 Section 4. The Division of Motor Vehicles shall study the feasibility of
17 establishing a staggered registration system for commercial motor vehicles under the
18 International Registration Plan (IRP). The registration plan shall be coordinated with
19 other states which currently stagger IRP registrations to eliminate, insofar as possible,
20 multiple application dates for the same carrier. The registration plan shall provide
21 for a smooth transition to the staggered system providing for credits and partial fees,
22 as needed. The Division shall report the results of this study along with any
23 legislation to implement the staggered registration system to the Joint Legislative
24 Transportation Oversight Committee and the Fiscal Research Division by April 1,
25 1998.

26 Section 5. The Joint Legislative Transportation Oversight Committee
27 and the Revenue Laws Study Committee shall study the following issues encouraging
28 the growth of the trucking industry in North Carolina through increased truck
29 registrations:

- 30 (1) The feasibility of removing the highway use tax on vehicles with a
31 gross weight rating of more than 26,000 pounds;
- 32 (2) The replacement of the revenue from the removal of the highway
33 use tax studied in subdivision (1) of this section by an increase in
34 registration fees for the same vehicles by ten cents (10¢) per 100
35 pounds of registered weight; and
- 36 (3) Eliminate the stacking of overweight penalties by restricting the
37 penalties so that they do not exceed the highest axle-group weight
38 that exceeds the allowable limits rather than assessing separate
39 penalties for each axle-group and stacking those penalties for the
40 same weight violations.

41 The Joint Legislative Transportation Oversight Committee may make an
42 interim report of the study authorized by this section to the 1998 Session of the
43 General Assembly and shall make a final report to the 1999 Session of the General
44 Assembly.

1 Section 6. Sections 4 and 5 of this act are effective when this act becomes
2 law. Sections 2 and 3 of this act become effective October 1, 1997. Section 1 of this
3 act becomes effective January 1, 1999.

EXPLANATION OF SENATE 886:
Proposed Committee Substitute
Trucking Adjustment Act of 1997

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 31, 1997
SPONSOR: Senator Jordan

The proposed committee substitute for **Senate Bill 886** makes the following changes to the motor vehicle laws that affect the trucking industry and provides for the following studies:

- Allows Class A and B Commercial vehicles to be issued permanent license plates.
- Allows wood chips and other processed forest products to be transported on a light-traffic road from the woodlands to the first market.
- Lowers the penalty for violating the weight limit on any highway for a vehicle transporting wood chips and processed lumber.
- Substantially increases the civil penalty for operating a for-hire vehicle in violation of the registration and insurance verification requirements.
- Directs the Division of Motor Vehicles to study the feasibility of establishing a staggered registration system for commercial vehicles.
- Directs the Joint Legislative Transportation Oversight Committee and the Revenue Laws Study Committee to study the feasibility of removing the highway use tax on vehicles with a gross weight rating of more than 26,000 pounds and replacing the revenue with an increase in the vehicles' registration fees.

Section 1 would authorize DMV to issue permanent registration plates to Class A and B commercial vehicles. These vehicles are primarily those that have a gross vehicle weight of more than 26,000 pounds. Under current law, these vehicles are registered on a calendar year basis and they receive a new license plate each year. Class C vehicles must also be renewed annually. However, the registrations may be on a staggered basis and the renewal of most of these vehicles is evidenced by a renewal sticker. The only vehicles that currently enjoy a permanent plate are publicly owned vehicles and semitrailers and trailers. Semitrailers and trailers may be issued a multiyear plate that is valid until the owner transfers the vehicle or surrenders the plate. The one-time fee for this plate is \$75.00.

Effective January 1, 1999, Class A and B commercial vehicles would be issued one plate that would need to be renewed annually. However, the plate would bear the word "PERMANENT" and there would be no renewal sticker attached to the plate that would inform law enforcement of the validity of the vehicle's registration. The Division is authorized to issue the necessary rules providing for the recall, transfer, exchange, or cancellation of these permanent plates.

Section 2 does two things. It allows processed forest products to be transported from the farm or woodlands to first market without regard to the weight limits for light-traffic roads. It also provides that the penalty imposed on a vehicle transporting these products for violating the weight limit on other roads is one-half of what it would otherwise be.

Under current law, unprocessed forest products, primarily trees, can be transported from the place they are cut to the first market on light-traffic roads without regard to the weight limit restrictions. This bill expands the exception to include processed forest products, such as wood chips and lumber. A light-traffic road is one on which the Department of Transportation has limited the axle weight of the vehicles that may travel on it below the statutory limits. The Department may post a road as a light-traffic road when it determines that the road is inadequate to carry and will be injuriously affected by vehicles carrying the maximum axle weight. Vehicles excepted from the light-traffic road limitations are also assessed a lesser penalty for violating the single-axle and tandem-axle weight limits on other roads.

Section 3 increases the civil penalty for operating a for-hire vehicle in violation of the registration and insurance requirements from \$75 to \$1,000. **Sections 4 and 5** direct DMV, the Transportation Oversight Committee, and the Revenue Laws Study Committee to study the feasibility of several issues relating to the trucking industry:

- The feasibility of a staggered registration system for commercial motor vehicles.
- The feasibility of removing the highway use tax on vehicles with a gross weight of more than 26,000 pounds.
- The feasibility of increasing the registration fees on vehicles with a gross weight of more than 26,000 pounds.
- The feasibility of eliminating the stacking of overweight penalties.

32 fee.

33 (c) An application for a preneed sales license shall be accompanied by a
34 nonrefundable application fee of not more than fifty dollars (\$50.00). The Board shall
35 set the amounts of the application fees and renewal fees by rule, but the fees shall not
36 exceed fifty dollars (\$50.00). If the license is granted, the application fee shall be
37 applied to the annual license fee for the first year or part thereof. Upon receipt of the
38 application and payment of the application fee, the Board shall issue a renewable
39 preneed sales license provided the applicant has met the qualifications to engage in
40 preneed funeral planning as established by the Board unless it determines that the
41 applicant has violated any provision of G.S. 90-210.69(c). The license shall expire on
42 December 31 and ~~Each each~~ preneed sales licensee shall pay annually to the Board
43 on or before June 30 of each year, that date a license renewal fee of not more than

11 (\$25.00) for the late filing of a certificate of performance and a fee of not more than
12 one hundred and fifty dollars (\$150.00) for the late filing of an annual report.

13 (e) The fees collected under this Article, except for monies used pursuant to G.S.
14 90-210.66, shall be used for the expenses of the Board in carrying out the provisions
15 of this Article. Any funds collected under this Article and remaining with the Board
16 after all expenses under this Article for the current fiscal year have been fully
17 provided for shall be paid over to the General Fund of the State of North Carolina.
18 Provided, however, the Board shall have the right to maintain an amount, the
19 cumulative total of which shall not exceed twenty percent (20%) of gross receipts
20 under this Article for the previous fiscal year of its operations, as a maximum
21 contingency or emergency fund.

22 (f) Any entity licensed by the Commissioner of Banks under Article 13B of

38 Article, may during normal hours of operation and periods shortly before or after
39 normal hours of operation, investigate the books, records, and accounts of any

17 successor funeral establishment must be a preneed licensee or shall be required to
18 apply for and be granted such license by the Board before accepting any preneed
19 funeral contracts, whether funded by trust deposits or preneed insurance policies.
20 Provided further, a successor funeral establishment shall be liable to the preneed

EXPLANATION OF HOUSE BILL 99:
Camden School Acquisition (3rd Edition)

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: August 4, 1997
SPONSOR: Representative Howard Hunter

House Bill 99 is a local bill that applies only to Camden County and the local boards of education for school administrative units in that county. The substance of the bill is that same as that already enacted for 56 other counties.

The bill makes the following changes concerning the acquisition and financing of public school facilities:

- (1) It authorizes Camden County to acquire real or personal property for use by a school administrative unit located in the county when requested to do so by the unit. Under current law, only those counties listed in G.S. 153A-158.1(e) have this authority. Under general law, a county is authorized to acquire real or personal property only on behalf of the county or an agency of the county and a school administrative unit is not an agency of the county.
- (2) It authorizes the local boards of education to contract with Camden county for the erection of a public school building that is located on a site owned by the county. Under current general law, local boards of education are required to hold title to all school property and therefore have no authority to make contracts concerning the construction of school buildings located on sites not owned by them.
- (3) It authorizes the local boards of education to transfer to the county property on which a school building in need of renovation or repair is located for any price agreed to by the board of education and the county. Current law requires transfers from a local board of education to a county to be at fair market value and allows a local board of education to transfer property to a county only if the board does not believe the property is necessary or desirable for a school.

The effect of these changes is to allow certain installment financing to be used for public school construction or renovation. The installment financing that can be used is an installment contract secured by a security interest in the building constructed or renovated. This type of financing is available to counties but is not generally available to school administrative units. Under G.S. 160A-20, only a school administrative unit located in a county whose population exceeds

90,000 and whose local board of education can levy a school tax is authorized to use this type of financing.

One type of installment financing is the issuance of certificates of participation. A certificate of participation is a document setting out the share of a local unit's debt that is owed to that person. In practice, the holder of the certificate receives interest and principal payments in a manner similar to interest and principal payments on a bond issued by the borrowing unit. Unlike the issuance of a bond, however, the issuance of a certificate of participation is not subject to a vote of the people.

If a county builds and equips a school on behalf of a local school administrative unit, the county can receive a refund of sales and use taxes paid on the project. In contrast, the local school administrative unit could not receive a refund of these taxes if it built and equipped the school itself. This is because a local school administrative unit is not one of the governmental entities that are allowed refunds of sales and use taxes under G.S. 105-164.14(c).

1 A BILL TO BE ENTITLED
2 AN ACT TO ASSESS A FEE OF FIFTY DOLLARS FOR WORTHLESS CHECKS
3 COLLECTED THROUGH THE BAD CHECK COLLECTION PROGRAM.
4 The General Assembly of North Carolina enacts:
5 Section 1. G.S. 7A-308 is amended by adding a new section to read:
6 "(c) A person who participates in a program for the collection of worthless checks
7 under G.S. 14-107.2 must pay a fee of fifty dollars (\$50.00). The fee collected under
8 this subsection must be remitted to the State by the clerk of court in the county in
9 which the program is established and credited to the Collection of Worthless Checks
10 Fund. The Collection of Worthless Checks Fund is created as a special revenue fund.
11 Revenue in the Fund does not revert at the end of the fiscal year, and interest and
12 other investment income earned by the Fund accrues to the Fund. The money in the
13 Fund is subject to appropriation by the General Assembly and may be used solely for
14 the expenses of the programs established under G.S. 14-107.2 for the collection of
15 worthless checks."
16 Section 2. Chapter 14 of the General Statutes is amended by adding a
17 new section to read:
18 "§ 14-107.2. Program for the collection of worthless check cases.
19 A district attorney may establish a program for the collection of worthless check
20 cases that would, if prosecuted under G.S. 14-107, be punishable as a Class 2
21 misdemeanor. The purpose of the program is to collect worthless checks in a more
22 timely manner, to alleviate the need to prosecute each worthless check case, and to

1 provide an opportunity for the check passer to avoid criminal prosecution. In
2 creating the program, the district attorney must establish criteria for the types of
3 worthless check cases that will be eligible for collection under the program. If the
4 check passer participates in the program by paying the fee under G.S. 7A-308(c) and
5 providing restitution to the check taker for (i) the amount of the check or draft, (ii)
6 any service charges imposed on the check taker by a bank or depository for
7 processing the dishonored check, and (iii) any processing fees imposed by the check
8 taker pursuant to G.S. 25-3-512, then the district attorney will not prosecute the
9 worthless check case under G.S. 14-107. The Administrative Office of the Court
10 must establish procedures for remitting the fee and providing restitution to the check
11 taker. For the purposes of this section, the terms 'check passer' and 'check taker'
12 have the same meanings as defined in G.S. 14-107.1."

13 Section 3. This act applies only to Rockingham and Wake Counties.

14 Section 4. This act becomes effective October 1, 1997, if Senate Bill 352
15 is enacted and provides funds to establish a bad check collection pilot program in
16 Rockingham and Wake Counties. This act shall sunset June 30, 1998.

EXPLANATION OF HOUSE BILL 1114:
Bad Check Collection Pilot (3rd Edition)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: August 4, 1997
SPONSOR: Representatives Sexton and Eddins

House Bill 1114 corresponds with a provision in the House Budget bill, Senate Bill 352 (5th Edition), that allocates \$120,000 of the funds appropriated to the Judicial Department to establish a bad check collection pilot program in Wake and Rockingham Counties. The special provision directs the Administrative Office of the Courts to add two administrative positions to the district attorney's office in each county to assist the district attorney in collecting worthless checks in a more timely manner. The AOC will report on the effectiveness of the pilot programs by May 1, 1998. The special provision allocates enough money to cover the additional administrative positions for one year.

The bill repeats and expands upon the provision in the House budget bill. It makes it clear that a person may avoid criminal prosecution under G.S. 14-107 by participating in the program. To participate in the program, a check passer must agree to pay the \$50 fee and to provide restitution to the check taker. The district attorney's office is responsible for developing the details of its program. The details may vary from district to district, depending on the needs of the district. A rural county and an urban county were chosen for the pilot program so that its effectiveness could be viewed in both settings.

The bill becomes effective October 1, 1997, and expires on June 30, 1998. The program will last less than a year. Under the special provision, the AOC will report on the effectiveness of the pilot programs to the General Assembly by May 1, 1998.

The bill establishes a \$50 fee to be paid by people who participate in the program. The \$50 fee would be payable in lieu of the higher district court costs. The court cost generally associated with a worthless check is \$60: part of this money goes to the county for its judicial facilities, part of it goes to the sheriff's retirement fund, and part of it goes to the General Fund. Senate Bill 727 proposes to increase the court cost \$15 so that the court cost associated with a worthless check would be \$75. The \$50 fee proposed to be charged under the worthless check collection program would be credited to a nonreverting,

interest-bearing special revenue fund, the receipts of which may only be appropriated by the General Assembly for costs incurred in establishing and maintaining bad check collection programs. The bill would become effective only if the special provision contained in the House budget bill is enacted.

Under current law, after a check is dishonored, the check taker may send a letter by certified mail to the address recorded on the check, identifying the check, explaining the circumstances of dishonor, and requesting rectification of the situation. The check taker may advise the check passer in the letter that legal action may be taken if payment is not made within 10 days. If the check passer does not remedy the situation, the check taker may file an affidavit with a judicial official before issuance of the first process or pleading in the prosecution of the worthless check.

The judicial process of recovering a worthless check is often long and tedious. This bill attempts to expedite the check collection process by adding a step to the process. Before filing a criminal action under G.S. 14-107 for a worthless check, a check taker may solicit the help of the district attorney's office through the bad check collection program. It is the belief and experience in other states that a letter from the district attorney's office results in prompter payment of worthless checks. If this program is successful, the check taker will receive the payment upon the worthless check sooner. The check passer may avoid prosecution under G.S. 14-107 and the more expensive court costs. It is a type of deferred prosecution, which may perhaps be possible under G.S. 143B-475.1. However, without the appropriation in the special provision and the fee established by this bill, the district attorney's offices do not have the financial resources to undertake this type of labor intensive program.

By its Constitution, North Carolina has a court system that is uniform across the State. The Constitution specifically provides that court fees and costs must be uniform throughout the State and that the operating expenses of the judicial department must be paid from State funds. This bill creates a program that is only available in two counties, and it establishes a fee to be paid to support the program by those who use it.

EFFECTIVE DATE: October 1, 1997

BILL SUMMARY: *TO ESTABLISH PILOT PROGRAMS IN WAKE AND ROCKINGHAM COUNTIES IN THE OFFICE OF THE DISTRICT ATTORNEY FOR THE COLLECTION OF WORTHLESS CHECKS.* Authorizes pilot programs as title indicates. Requires persons participating in the program to pay a \$50 fee which will be deposited in a special revenue fund. These funds are to be used to pay the expenses of administering worthless check programs. Effective October 1, 1997.

ASSUMPTIONS AND METHODOLOGY: Judicial Department

EXPENDITURES

This bad check pilot program is funded in the House budget bill (SB 352 - Fifth Edition). The House Subcommittee on Justice and Public Safety included \$120,000 in non-recurring funds to fund four positions in Wake and Rockingham Counties for FY 1997-98 only. The funds will pay for a DA Investigator and a DA Legal Assistant in each county effective October 1, 1997. Section 15.23 of the bill also requires AOC to report on the implementation and effectiveness of the programs by May 1, 1998.

REVENUES

The amount of revenue that would be collected from the \$50 fee can not be determined at this time. According to the Administrative Office of the Courts (AOC), there is no data on the number of worthless check charges and convictions by county. Statewide, there were 93,887 defendants charged with worthless check offenses in 1996 and 54,088 defendants convicted on that charge. The revenue collected would be remitted to a special revenue fund titled *Collection of Worthless Check Fund*. All fees are subject to appropriation by the General Assembly and may only be used to pay the expenses of administering worthless check programs.

This pilot program would have some impact on court revenues collected by Wake and Rockingham Counties. Under current law, a convicted worthless check offender would pay the following court costs:

- \$5 for service of process and \$6 in facilities fees - remitted to local governments,
- \$7.25 for retirement and insurance benefits of state and local law enforcement officers,
- \$.75 to supplement pension benefits for Sheriffs, and
- \$46 General Court of Justice fee - remitted to the state General Fund

Under the proposed legislation, a worthless check offender participating in this program would pay the \$50 fee in lieu of court costs. Thus, Wake and Rockingham Counties would lose some court revenues if individuals participated in this program instead of going to court.

RE: **HB 1114 Bad Check Collections Pilot**

The sheer volume of bad checks is a problem for both North Carolina's merchants and district attorneys. This bill will **establish a nine-month pilot project** (begins October 1, 1997 and sunsets June 30, 1998) for **Wake and Rockingham counties**.

The program is a win-win.

- ◆ This program offers a **benefit to the check writer**: \$50 fee and deferred prosecution (no criminal record) instead of \$85 court cost plus a criminal record.
- ◆ This program is a **benefit to the check taker**: because it will afford a faster path to restitution.
- ◆ This program is a **benefit to the DA's**: because it affords self-funding for part of their work load that is large and growing larger.
- ◆ If the pilot is successful, there should be a reduction in time spent by law enforcement to serve summons.

Alabama, California, Arizona and New Mexico have **successfully operated a similar program**. We hope that you can support this one-year pilot, in an attempt to resolve a most difficult problem for both DA's and merchants.

This bill has been scheduled for a hearing in the Senate Finance Committee for **Wednesday, August 6**. We hope that you can support this pilot project.

H1114 BAD CHECK COLLECTIONS PILOT

Sponsors: Representatives Wayne Sexton & Rick Eddins

THE PROBLEM

The two groups who suffer most from bad checks are the District Attorneys and the retailers. The sheer volume of checks continues to increase. One small grocery store chain reported to NCRMA that it wrote off \$300,000 in uncollectable checks last year.

THE SOLUTION

Five states have empowered their District Attorneys with the authority to establish check collection units. (Alabama, Arizona, California, New Mexico and Texas.) The check collection units in these states have proven to be an overwhelming success. Checks collections have risen and the passing of bad checks has declined.

This pilot project would allow the DA's in these two counties to establish a process of **deferred prosecution** in lieu of criminal proceedings. It establishes a special fund whereby deferred prosecution monies would be used to fund a check collection unit in Wake and Rockingham county. The goal of the project is to run the units on non-taxpayer monies. The AOC (which has helped the DA's and merchants to fine tune this pilot language) will report on the progress of the project to the 1998 General Assembly.

8 programs offered in the State by public schools, charter schools,
9 nonpublic schools, or community colleges.

10 The State Board also shall issue rules for the procedures a
11 person who is or was enrolled in a public school, in a charter
12 school, or in a nonpublic school accredited by the Board must
13 follow and the requirements that person must meet to obtain a
14 driving eligibility certificate. The person required under G.S. 20-
15 11(n) to sign the driving eligibility certificate must provide the
16 certificate if he or she determines that one of the following
17 requirements is met:

18 a. The person seeking the certificate is currently enrolled in
19 school and is making progress toward obtaining a high
20 school diploma or its equivalent.

21 b. A substantial hardship would be placed on the person
22 seeking the certificate or the person's family if the person

26 These rules shall provide for an appeal to an appropriate

31 school, or in a nonpublic school accredited by the Board no longer
32 meets the requirements for a driving eligibility certificate."

33 Section 4. G.S. 115D-5 is amended by adding the following new
34 subsection to read:

35 "(a3) The State Board of Community Colleges shall issue rules for the procedures
36 a person who is or was enrolled in a community college must follow and the
37 requirements that person must meet to obtain a driving eligibility certificate. The

14 Section 5. Article 39 of Chapter 115C of the General Statutes is

28 its equivalent.

29 (2) A substantial hardship would be placed on the person seeking the

33 obtaining a high school diploma or its equivalent.

34 The rules shall provide for an appeal to an appropriate educational entity by a

36 Education also shall develop policies as to when it is appropriate to notify the
37 Division of Motor Vehicles that a person who is or was enrolled in a home school or
38 in a nonpublic school that is not accredited by the State Board of Education no
39 longer meets the requirements for a driving eligibility certificate."

40 Section 6. The State Board of Education shall initiate and coordinate
41 meetings with the Division of Nonpublic Education in the Office of the Governor,
42 with representatives of nonpublic schools, and with the State Board of Community
43 Colleges in order to develop coordinated rules, policies, and guidelines needed to
44 implement this act.

1 Section 7. The State Board of Education shall study the effectiveness of
2 this act on the dropout rates and progress toward graduation of students under the
3 age of 18 and shall report the results of this study to the Joint Legislative Education
4 Oversight Committee and the Fiscal Research Division by November 15, 2002.

5 Section 8. This act constitutes a recent act of the General Assembly
6 within the meaning of G.S. 150B-21.1. Every agency to which this act applies that is
7 authorized to adopt rules to implement this act may adopt temporary rules to
8 implement this act. This section shall continue in effect until all rules necessary to
9 implement this act have become effective as either temporary or permanent rules.

10 Section 9. If any section or provision of this act is declared
11 unconstitutional or invalid by the courts, the unconstitutional or invalid section or
12 provision does not affect the validity of this act as a whole or any part of this act
13 other than the part declared to be unconstitutional or invalid.

14 Section 10. Sections 1 and 2 of this act become effective August 1, 1998.
15 The remainder of this act is effective when it becomes law. Sections 1 and 2 of this
16 act do not apply to any person who holds a valid North Carolina limited learner's
17 permit issued before December 1, 1997, who holds a valid North Carolina learner's
18 permit issued before December 1, 1997, or who is a provisional licensee and holds a
19 valid North Carolina drivers license issued before December 1, 1997.

EXPLANATION OF HOUSE BILL 769:
Dropout Prevention/Drivers License (5th Edition)

TO: Senate Finance Committee
FROM: Committee Counsel
DATE: June 25, 1997
SPONSOR: Representative Sherrill

House Bill 769 seeks to encourage students to stay in school by making school enrollment a prerequisite to obtaining and keeping a permit or license to drive. The requirements of the bill would become effective August 1, 1998. The bill coordinates with the graduated drivers' license program the General Assembly enacted earlier this session. This act, like the graduated drivers license act, does not apply to a person who holds a valid North Carolina limited learners' permit, a learner's permit, or a provisional drivers' license issued before December 1, 1997.

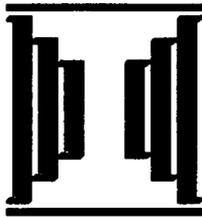

The bill provides that a person under the age of 18 must have a driving eligibility certificate or a high school diploma or its equivalent before the person may obtain a limited learner's permit, a limited provisional license, or a full provisional license. A driving eligibility certificate must be on a form approved by the Division of Motor Vehicles, must be dated within 30 days of the date when the person applies for a permit or license, and must be signed by an appropriate educational entity who indicates that he or she has determined that (i) the person is currently enrolled in school and is making progress towards graduation, (ii) a substantial hardship would be placed on the person or the person's family if the person does not receive the certificate, or (iii) the person cannot make progress towards graduation.

The bill directs the State Board of Education to adopt rules applicable to all educational entities that define what requirements a person must meet to be considered "making progress towards obtaining a high school diploma or its equivalent." Under the current administrative rules, a student athlete must pass at least five out of six courses each semester to be eligible to participate in interscholastic athletic competition. The rules concerning a driving eligibility certificate probably would be similar to these rules. The Board also must adopt rules for the procedures a person who was or is enrolled in a public school, charter school, or nonprofit school that is accredited by the Board must follow and the requirements that person must meet in order to obtain a certificate. These rules also must provide for an appeal to an appropriate educational entity because the issue of whether a certificate was properly issued or improperly

denied cannot be appealed to the Division of Motor Vehicles. The State Board of Community Colleges must adopt similar rules for students who were or are enrolled in a community college. The Department of Administration, upon consideration of the advice of the Division of Nonpublic Education in the Office of the Governor, must adopt similar rules for students who were or are enrolled in home schools or nonpublic schools that are not accredited by the State Board of Education. The State Board of Education must initiate and coordinate meetings with the Board of Community Colleges and the Division of Nonpublic Education so that the rules, procedures, and guidelines needed to implement the act are coordinated. In addition, Section 8 of the bill gives temporary rulemaking authority to the agencies that must adopt rules to implement this act.

The Division of Motor Vehicles must revoke the permit or license of a person under the age of 18 if the Division is notified by the appropriate school authority that the person has quit school. The revocation would last until the person's eighteenth birthday or until the Division restores the permit or license. (The general law is that revocation is for one year.) The person's license or permit must be restored if the person submits to the Division a high school diploma or its equivalent or a driving eligibility certificate. The restoration fee is set by statute at \$25.00.

Section 7 of the bill directs the State Board of Education to study the effectiveness of this act on dropout rates and graduation rates. The report must be completed and submitted to the Joint Legislative Education Oversight Committee and the Fiscal Research Division by November 15, 2002.

Dear Representative Sherrill:

As a representative of the North Carolina Community College System, I commend you for introducing H.B. 769. The System office supports H.B. 769 with an amendment that would give the System office the opportunity to develop guidelines for reporting the appropriate information to the Department of Motor Vehicles. It is understood that these guidelines will provide the latitude for local campuses to address their own unique logistical problems, and that the primary responsibility for collecting the information will fall on the individual student.

Due to the new semester conversion for Community Colleges during 1997-98, it is requested that the completion of these guidelines be delayed until June 30, 1998.

If you have any questions, please call me or Jerry Owens in the System office (733-7051; ext. 711 or 314, respectively).

Sincerely,

Barry W. Russell

Dear Representative Sherrill:

The North Carolina School Boards Association shares your desire to increase student motivation toward greater academic achievement. We are also concerned over the level of school dropouts. Any reasonable legislation that attempts to improve these two situations certainly will have the support of every local school board member.

Toward these objectives, NCSBA supports your legislation HB769 Dropout Prevention/Drivers License. We understand that it will require students to continue to make progress toward graduation in order to gain or maintain a drivers license. Hopefully, this provision will increase their awareness and motivation toward their academic achievement. It places a focus on education as a key to the future of our children.

Should the bill become law, we will work with the State Board of Education to develop meaningful and workable guidelines to define progress. Please call if we can be of assistance.

Sincerely,

Dear Representative Sherrill:

North Carolina Citizens for Business and Industry is pleased to endorse your driver's license bill which, we believe, would go a long way in encouraging more of our young people to stay in school and to continue to make academic progress.

Our State's dropout rate is unacceptably high. Too many of our students do just enough work to get a diploma. However, many are unprepared for today's job market. Your legislation will help motivate students to do better so they can keep or get their driver's license.

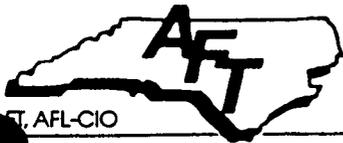

We applaud this legislation as another aspect of the efforts to improve public education, and we urge the General Assembly to enact it.

Dear Representative Sherrill:

On behalf of the members of the American Federation of Teachers in North Carolina, I would like to commend you for your sponsorship of House Bill 769. As an organization, we have long been concerned about what happens to students as a result of being able to have a driver's license at age 16. Many either seriously neglect their school work or drop out of school completely. Your bill makes that a far less desirable option. We fully support the graduated driver's license bill that was signed into law and believe that this is a good companion piece.

All of us recognize that there may be situations in which the general provisions of this bill could cause undue hardship; however, you have made allowance for those extreme cases. We also know that some students who are working very hard may not be able to show measurable gains toward graduation, and you have also allowed for those unusual cases.

We believe that this is a strong bill that will send the message that school is important and that we expect every student not only to attend but to have graduation as a goal as well. Thank you for your part in establishing that school attendance is serious business.

Sincerely,

Sarah Stewart

We especially appreciate your willingness to recognize our concern that hardship cases be considered on an individual basis. Dear Representative Sherrill:

I am pleased to inform you that the Executive Committee of the North Carolina PTA Board of Managers agreed to support House Bill 769 – Dropout Prevention/Drivers License at our meeting this afternoon in a unanimous vote. We felt the provisions of the bill would be helpful in encouraging youth to complete their high school education by removing their privilege to obtain and hold a drivers license if they drop out of school. In today's society, it is extremely important for our youth to be adequately educated, and this law would provide additional incentives to strive for that diploma. We believe this bill has the potential to grab the attention of those youth who may consider dropping out and serve as that extra incentive that will cause them to complete their education. We support many measures and programs that attempt to keep youth in school.

We realize there may be a need for exceptions to the provisions of this law from time to time in certain situations. The provisions to exempt youth under specified circumstances were seen as sufficient safeguards for those who might experience undue hardships as a result of the passage of the law.

Thank you for your efforts to encourage our youth to remain in school. We gladly support this attempt to further strengthen the commitment to education in North Carolina. Please let me know if there are additional ways we may assist you.

Sincerely,

Dear Wilma:

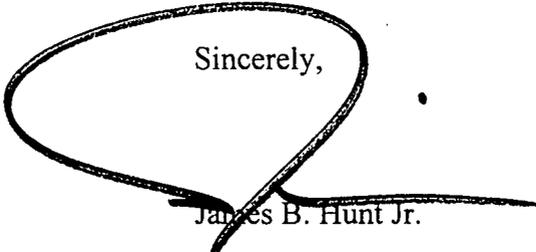

As you know, our young people are our most precious resource. It is important that we focus our efforts on giving our students the best education possible. I am glad we are working together to improve our schools, support our teachers and ensure all young North Carolinians have an opportunity to succeed.

Your proposal to tie driver licenses to graduation and educational progress, contained in HB 769, has great merit. We want our teen-agers to realize that growing older means more than gaining privileges. It means meeting responsibilities—working hard, studying and being good citizens.

To gain the full benefits of our educational system, we want as many young people as possible to stay in school, to learn and to get their diploma. Your bill would certainly help encourage them in this endeavor. I endorse your effort to enact HB 769 and will sign it if your effort is successful.

My warmest personal regards.

22 (4) No insurance company or affiliate of an insurance company is a
23 managing general partner of the certified North Carolina capital
24 company or controls the direction of investments of the certified
25 North Carolina capital company. This subdivision does not
26 preclude an insurance company or any other party from exercising
27 its legal rights and remedies, which may include interim
28 management of a certified North Carolina capital company, in the
29 event that a certified North Carolina capital company is in default
30 of its statutory obligations or its contractual obligations to the
31 insurance company or other party.

32 **(c) Permanent Certification. -- A certified North Carolina capital company that**
33 **has satisfied the requirements of G.S. 53A-70(b) and has invested all of its certified**
34 **capital in approved investments, as demonstrated by its most recent financial**
35 **statement and report filed in accordance with G.S. 53A-71, qualifies for permanent**
36 **certification and is no longer required to obtain continuing certification as required in**
37 **G.S. 53A-71. A certified North Carolina capital company that has qualified for**
38 **permanent certification must continue to submit annual financial statements and**
39 **reports under G.S. 53A-71 for three years after it qualifies for permanent**
40 **certification.**

41 **"§ 53A-71. Procedure for initial and continuing certification; reports.**

42 **(a) Initial Certification. -- In order to be initially certified as a certified North**
43 **Carolina capital company, a company must file an application with the Department**
44 **and pay the initial certification fee. The application shall include any information**

1 and supporting documents required by the Secretary of State to determine whether
2 the company qualifies for initial certification. Within 60 days after an application is
3 filed, the Department shall determine whether the applicant qualifies for initial
4 certification and shall either issue the certification or shall refuse the certification and
5 notify the applicant in detail of the grounds for the refusal, including suggestions for
6 the removal of those grounds.

7 The Department shall review and approve or reject applications in the order
8 submitted. If more than one application is received by the Department on the same
9 day, all applications received on that day shall be reviewed and approved
10 simultaneously, except in the case of incomplete applications or applications for
11 which additional information is requested by the Department and is not supplied by
12 the applicant within the allowable time limits established by the Department. If more
13 than one applicant is certified on the same day, the Department shall ensure that all
14 applicants certified on that day are notified of certification at the same time.

15 (b) Continuing Certification. -- A certified North Carolina capital company that
16 has not qualified for permanent certification must, in order to remain certified,
17 submit an annual application for continued certification and pay the annual review
18 fee. The request shall include any information and supporting documents required
19 by the Secretary of State to determine whether the company qualifies for continued
20 certification.

21 The Department shall conduct an annual review of each certified North Carolina
22 capital company that has not qualified for permanent certification to determine if the
23 company is in compliance with the requirements for initial and continuing
24 certification and to ensure that the company's investments are in compliance with
25 this Part. The review shall be based upon the company's financial statements and
26 other information submitted in accordance with this section.

27 (c) Application Forms; Fees. -- Applications for initial and continuing certification
28 under this section shall be in the form required by the Secretary of State. The
29 Secretary of State shall prepare blank forms for the applications. Each application
30 shall be signed by the owners, a manager, or an executive officer of the company.
31 There shall be annexed to the application the affirmation of the person making the
32 application in the following form: 'Under penalties prescribed by law, I certify and
33 affirm that to the best of my knowledge and belief this application is true and
34 complete.' A person who submits a false application is guilty of a Class 1
35 misdemeanor.

36 The Secretary of State shall charge an applicant a fee of one thousand dollars
37 (\$1,000) for initial certification as a certified North Carolina capital company and a
38 fee of one thousand dollars (\$1,000) for annual review for continuing certification as
39 a certified North Carolina capital company. Fees collected under this section shall be
40 applied to the cost of administering this Part.

41 (d) Periodic Reports. -- Each certified North Carolina capital company shall
42 provide the Department an annual audited financial statement and report that
43 includes an opinion of an independent certified public accountant. The audit shall
44 address the methods of operation and conduct of the business of the company to

1 determine whether the company has complied with this Part and whether the cash
2 invested in the company has been invested as required by this Part. The audit shall
3 also determine whether each business in which the company has invested is an
4 approved business venture as defined in this Article. In addition, each certified
5 North Carolina capital company shall provide the Department a midyear, unaudited
6 update of its annual financial statement and report. The reports and updates shall be
7 in the form prescribed by the Secretary of State and shall include any information
8 required by the Secretary of State about the company and about the approved
9 business ventures in which it has invested.

10 A certified North Carolina capital company that has not qualified for permanent
11 certification shall submit the annual financial statement and report and the midyear
12 update on the due dates specified by the Department. A certified North Carolina
13 capital company that has qualified for permanent certification is no longer required
14 to submit midyear updates but shall continue to submit the annual financial statement
15 and report on the due dates specified by the Department for three years after the
16 company qualifies for permanent certification. Thereafter, no additional financial
17 statements and reports are required under this subsection.

18 "§ 53A-72. Distributions; maximum interest rate.

19 (a) Distributions. -- A certified North Carolina capital company may make
20 qualified distributions at any time. A certified North Carolina capital company may,
21 without restriction, make distributions and payments to debt holders with respect to
22 debt owed them by the company, but no distributions or payments may be made to
23 an equity holder, or any of its affiliates, that is entitled to a credit under Article 8C of
24 Chapter 105 of the General Statutes until the certified North Carolina capital
25 company has qualified for permanent certification. A certified North Carolina capital
26 company may make other distributions only after it has qualified for permanent
27 certification.

28 (b) Maximum Interest Rate. -- A certified North Carolina capital company shall
29 not charge interest on a senior, secured loan at an annual rate that exceeds the prime
30 rate plus three percent (3%).

31 "§ 53A-73. Tax credits.

32 (a) Credit Allowed. -- A person who invests cash in a certified North Carolina
33 capital company is entitled to a tax credit as provided in Article 8C of Chapter 105 of
34 the General Statutes but, notwithstanding the provisions of Division V of Article 4 of
35 Chapter 105 of the General Statutes, is not allowed a tax credit under that Division
36 for the investment. In addition, notwithstanding the provisions of Division V of
37 Article 4 of Chapter 105 of the General Statutes, a certified North Carolina capital
38 company is not allowed a tax credit under that Division for its investments.

39 (b) Allocation of Credits. -- The Department shall allocate the total amount of
40 credit allowed pursuant to G.S. 105-228.10E among taxpayers as provided in this
41 section. A certified North Carolina capital company may apply for allocation of
42 credits on behalf of its investors no earlier than the first business day after it is
43 certified. The application shall be in the form required by the Secretary of State and
44 shall provide all of the following:

- 1 (1) The name of each investor.
- 2 (2) The amount each investor has committed to invest in the company.
- 3 (3) Proof that the investor has committed to invest the funds subject to
4 allocation of the applicable credits pursuant to this section.
- 5 (4) The maximum amount of credit the investment would entitle the
6 investor to under G.S. 105-228.10C for the current taxable year
7 and the following nine taxable years.
- 8 (5) Any other information required by the Secretary of State:

9 Upon receipt of a completed application, the Department shall determine the
10 amount of available credit not yet allocated for each taxable year specified in the
11 application. Within seven business days after receipt of the application, the
12 Department shall allocate to the North Carolina capital company, on behalf of the
13 investors named in the application, the total amount of credit applied for in the
14 application, but only to the extent of available credit not yet allocated for each
15 taxable year. The Department's allocations of credit under this section shall be in
16 writing.

17 The Department shall allocate available credit to applicants in the order the
18 applications are received. If more than one certified North Carolina capital company
19 submits a completed application on the same day, the Department shall make the
20 allocations to those applicants simultaneously. If the amount of credit applied for in
21 the simultaneous applications exceeds the amount of available credit not yet allocated
22 for a taxable year, the Department shall allocate the available credit for that taxable
23 year among the simultaneous applicants on a pro rata basis in proportion to the
24 amount of credit applied for by each.

25 **"§ 53A-74. Decertification of certified North Carolina capital company.**

26 (a) Grounds for Decertification. -- Any material violation of this Part shall be
27 grounds for decertification under this section.

28 (b) Procedure for Decertification. -- If the Department determines that a certified
29 North Carolina capital company is not in compliance with any requirement for
30 continuing certification, it shall, by written notice, inform the officers of the company
31 and the board of directors, manager, trustees, or general partners that the company
32 will be decertified in 120 days after the date the notice is mailed unless the company
33 corrects the deficiencies to bring itself in compliance with the requirements for
34 certification. At the end of the 120-day grace period, if the certified North Carolina
35 capital company is still not in compliance, the Department shall decertify the
36 company and send a notice of decertification to the company and to the Department
37 of Revenue and the Department of Insurance.

38 (c) Effect of Decertification. -- If a certified North Carolina capital company is
39 decertified, no further tax credits for an investment in the company are allowed
40 pursuant to G.S. 105-228.10D.

41 **"§ 53A-75. Rules; report.**

42 The Secretary of State may adopt rules to implement this Part. The Secretary of
43 State shall report to the Legislative Research Commission by October 1 of each
44 odd-numbered year and by February 1 of each even-numbered year the number of

1 certified North Carolina capital companies certified under this Part, the date each
2 company was created, the amount and percentage of certified capital invested by each
3 company, the amount of tax credits allocated to each company, and any other

27 "§ 105-228.10B. Definitions.

28 The following definitions apply in this Article:

29 (1) Certified capital. -- Defined in G.S. 53A-37.

30 (2) Certified North Carolina capital company. -- A certified North
 31 Carolina capital company created under Article 3 of Chapter 53A
 32 of the General Statutes.

33 "§ 105-228.10C. Premiums tax credit for investments.

34 (a) Credit. -- A person who invests certified capital in a certified North Carolina
 35 capital company is allowed against the gross premiums tax imposed by G.S. 105-228.5
 36 and G.S. 105-228.8 a credit equal to the amount of certified capital invested by the
 37 taxpayer during the taxable year, subject to the limitations provided in this Article.
 38 To claim the credit allowed by this section, the taxpayer must provide the Secretary a
 39 copy of the certified North Carolina capital company's application for allocation of
 40 credit under G.S. 53A-73, a copy of the Secretary of State's written allocation of
 41 credit under G.S. 53A-73, and any other supporting documentation the Secretary

3 taxpayer's gross premiums tax liability for a taxable year reduced by the sum of all

5 the ten percent (10%) limitation, any unused portion of the credit may be carried
6 forward to the five succeeding taxable years.

7 (c) Transfer of Credit. -- A taxpayer may transfer a credit allowed under this
8 section to another taxpayer. The taxpayer must apply for the approval of the

14 requires regarding the proposed transfer.

15 The Commissioner of Insurance shall approve the proposed transfer if the
16 application is accurate and complete and the Commissioner determines that the
17 proposed transfer will not have an adverse effect on either taxpayer or their
18 policyholders or shareholders. Within 60 days after receiving an application, the
19 Commissioner shall notify the applicant that the proposed transfer has been approved
20 or disapproved.

21 The Commissioner of Insurance shall maintain records and monitor all transferred
22 credits to ensure that transfers do not result in multiple parties claiming the same
23 credit. The Commissioner shall provide the Secretary complete records of all
24 transferred credits.

25 **"§ 105-228.10D. Effect of decertification.**

26 If a certified North Carolina capital company is decertified under G.S. 53A-74, no

42 based on premiums imposed in connection with particular kinds of insurance, to the
43 special purpose regulatory charge imposed under G.S. 58-6-25, or to dedicated special

1 (75%) of the one and thirty-three hundredths percent (1.33%) tax on amounts
 2 collected on contracts of insurance applicable to fire and lightning coverage shall not
 3 be a special purpose obligation or assessment or a dedicated special purpose tax
 4 within the meaning of this subsection. The credit allowed by G.S. 105-228.10C shall
 5 not be considered in determining the amount of premium taxes imposed by this
 6 State."

7 Section 6. G.S. 58-6-25(a) reads as rewritten:

 13 65 and 66 of this Chapter. The term 'insurance company' does not include a
 14 company regulated under Article 67 of this Chapter. The charge levied in this section
 15 is in addition to all other fees and taxes. The charge shall be at a percentage rate of

 31 Certified North Carolina Capital Companies."

32 Section 9. G.S. 53A-35 and G.S. 53A-47 are repealed.

33 Section 10. G.S. 53A-36 reads as rewritten:

35 (a) The General Assembly finds ~~and declares~~ that there exists in ~~the State of~~
 36 North Carolina a serious shortage of mezzanine finance capital and credit available
 37 for investment in rural ~~areas~~ areas and other areas in the State. This shortage of
 38 mezzanine finance capital and credit is severe throughout ~~the rural areas of~~ the State,
 39 has persisted for a number of years, and constitutes a grave threat to the welfare and
 40 prosperity of all residents of the State. The lack of access to capital prevents North
 41 Carolina businesses from creating jobs that would otherwise enhance the economy of
 42 the State and provide livelihoods for North Carolina citizens.

43 (b) The General Assembly finds ~~and declares further~~ that private enterprise and
 44 existing federal and State governmental programs have not adequately alleviated the

1 severe shortage of mezzanine finance capital and credit available for investments in
2 ~~rural areas in the~~ this State.

3 (c) The General Assembly finds ~~and declares~~ that it is a matter of grave public
4 necessity that North Carolina Enterprise Corporations be authorized to be created
5 and ~~to be~~ empowered to alleviate these severe shortages of mezzanine finance capital
6 and credit for investment in rural areas of the State. North Carolina Enterprise
7 Corporations shall help eliminate barriers to rural economic development by
8 providing mezzanine finance capital and credit, and other types of financing as
9 appropriate, to businesses in rural areas that have been unable to obtain sufficient
10 financing through traditional financial institutions.

11 (d) The General Assembly finds that it is a matter of grave public necessity that
12 certified North Carolina capital companies be authorized to be created as venture
13 capital companies whose primary business activity is the investment of cash in small
14 North Carolina business ventures that are in need of capital for survival, expansion,
15 new product development, or similar purposes."

16 Section 11. G.S. 53A-38(a) reads as rewritten:

17 "(a) One or more persons, a majority of whom are residents of this State, may, by
18 filing a certificate of incorporation as provided in subsection (b), incorporate a North
19 Carolina Enterprise Corporation under the provisions of this ~~Article~~ Part."

20 Section 12. G.S. 53A-41 reads as rewritten:

21 "**§ 53A-41. Governing law.**

22 Except as otherwise provided in this ~~Article~~ Part, a North Carolina Enterprise
23 Corporation shall be governed by Chapter 55 of the General Statutes."

24 Section 13. G.S. 53A-42 reads as rewritten:

25 "**§ 53A-42. Powers.**

26 A North Carolina Enterprise Corporation created under this ~~Article~~ Part shall
27 have all the powers conferred on business corporations by Chapter 55 of the General
28 Statutes."

29 Section 14. Sections 4, 5, and 6 of this act and G.S. 53A-73, as enacted
30 by Section 2 of this act, become effective for taxable years beginning on or after
31 January 1, 1997, and apply to investments made on or after that date. The remainder
32 of this act is effective when this act becomes law. An application for initial
33 certification as a North Carolina capital company pursuant to G.S. 53A-71 may not
34 be submitted until the first Monday that falls at least 45 days after this act becomes
35 law. G.S. 53A-73 and Article 8C of Chapter 105 of the General Statutes, as enacted
36 by this act, are repealed effective for investments made on or after January 1, 2000.

14 Statutes, as amended by this act, is further amended by adding a
15 new Part to read:
16 "Part 3. Certified North Carolina Capital Companies.
17 "§ 53A-70. Requirements for certification of a certified North
18 Carolina capital company.
19 (a) Initial Certification. -- In order to be initially
20 certified as a certified North Carolina capital company, a
21 company must satisfy the following requirements:

- 1 (1) It is a partnership, corporation, trust, or limited
2 liability company, whether for-profit or nonprofit,
3 whose primary business activity is the investment
4 of cash in approved business ventures.
- 5 (2) Its cash, marketable securities, and other liquid
6 assets equal at least five hundred thousand dollars
7 (\$500,000).
- 8 (3) Its officers and its board of directors, partners,
9 trustees, or managers have certified that they have
10 a copy of the Venture Capital Investment Incentive
11 Act of 1997 and any applicable rules.
- 12 (4) No insurance company or affiliate of an insurance
13 company is a managing general partner of the
14 certified North Carolina capital company or
15 controls the direction of investments of the
16 certified North Carolina capital company. This
17 subdivision does not preclude an insurance company
18 or any other party from exercising its legal rights
19 and remedies, which may include interim management
20 of a certified North Carolina capital company, in
21 the event that a certified North Carolina capital
22 company is in default of its statutory obligations
23 or its contractual obligations to the insurance
24 company or other party.
- 25 (5) It agrees that, because the tax credits provided by
26 law are considered an investment by the State of
27 North Carolina, it will pay to the State an
28 investment return calculated as provided in G.S.
29 53A-75. In addition, it agrees that its contracts
30 with investors will provide for the company's
31 payment of this investment return to the State.
- 32 (b) Continuing Certification. -- To remain certified as a
33 certified North Carolina capital company, the company must
34 satisfy the following requirements:
- 35 (1) Within two years after the date it was initially
36 certified, at least twenty-five percent (25%) of
37 the certified capital invested in the company must
38 be placed in approved investments.
- 39 (2) Within three years after the date it was initially
40 certified, at least forty percent (40%) of the
41 certified capital invested in the company must be
42 placed in approved investments.
- 43 (3) Within four years after the date it was initially
44 certified, at least fifty percent (50%) of the

- 1 certified capital invested in the company must be
2 placed in approved investments.
- 3 (4) It shall not invest in a single approved business
4 venture an amount that is more than fifteen percent
5 (15%) of the total certified capital under the
6 company's management at the time of the investment.
- 7 (5) No insurance company or affiliate of an insurance
8 company is a managing general partner of the
9 certified North Carolina capital company or
10 controls the direction of investments of the
11 certified North Carolina capital company. This
12 subdivision does not preclude an insurance company
13 or any other party from exercising its legal rights
14 and remedies, which may include interim management
15 of a certified North Carolina capital company, in
16 the event that a certified North Carolina capital
17 company is in default of its statutory obligations
18 or its contractual obligations to the insurance
19 company or other party.
- 20 (c) Permanent Certification. -- A certified North Carolina
21 capital company that has satisfied the requirements of G.S.
22 53A-70(b) and has invested all of its certified capital in
23 approved investments, as demonstrated by its most recent
24 financial statement and report filed in accordance with G.S.
25 53A-71, qualifies for permanent certification and is no longer
26 required to obtain continuing certification as required in G.S.
27 53A-71. A certified North Carolina capital company that has
28 qualified for permanent certification must continue to submit
29 annual financial statements and reports under G.S. 53A-71 for
30 three years after it qualifies for permanent certification.
31 "§ 53A-71. Procedure for initial and continuing certification;
32 reports.
- 33 (a) Initial Certification. -- In order to be initially
34 certified as a certified North Carolina capital company, a
35 company must file an application with the Department and pay the
36 initial certification fee. The application shall include any
37 information and supporting documents required by the Secretary of
38 State to determine whether the company qualifies for initial
39 certification. Within 60 days after an application is filed, the
40 Department shall determine whether the applicant qualifies for
41 initial certification and shall either issue the certification or
42 shall refuse the certification and notify the applicant in detail
43 of the grounds for the refusal, including suggestions for the
44 removal of those grounds.

1 The Department shall review and approve or reject applications
2 in the order submitted. If more than one application is received
3 by the Department on the same day, all applications received on
4 that day shall be reviewed and approved simultaneously, except in
5 the case of incomplete applications or applications for which
6 additional information is requested by the Department and is not
7 supplied by the applicant within 15 days after the request by the
8 Department. If more than one applicant is certified on the same
9 day, the Department shall ensure that all applicants certified on
10 that day are notified of certification at the same time.

11 (b) Continuing Certification. -- A certified North Carolina
12 capital company that has not qualified for permanent
13 certification must, in order to remain certified, submit an
14 annual application for continued certification and pay the annual
15 review fee by July 1 of each year. The request shall include any
16 information and supporting documents required by the Secretary of
17 State to determine whether the company qualifies for continued
18 certification. The request shall also include copies of the
19 certified North Carolina capital company's applications for
20 allocation of credit under G.S. 105-228.10E and of the
21 Secretary's written allocation of credit to the company under
22 G.S. 105-228.10E.

23 The Department shall conduct an annual review of each certified
24 North Carolina capital company that has not qualified for
25 permanent certification to determine if the company is in
26 compliance with the requirements for initial and continuing
27 certification and to ensure that the company's investments are in
28 compliance with this Part. The review shall be based upon the
29 company's financial statements and other information submitted in
30 accordance with this section.

31 (c) Application Forms; Fees. -- Applications for initial and
32 continuing certification under this section shall be in the form
33 required by the Secretary of State. The Secretary of State shall
34 prepare blank forms for the applications. Each application shall
35 be signed by the owners, a manager, or an executive officer of
36 the company. There shall be annexed to the application the
37 affirmation of the person making the application in the following
38 form: 'Under penalties prescribed by law, I certify and affirm
39 that to the best of my knowledge and belief this application is
40 true and complete.' A person who submits a false application is
41 guilty of a Class 1 misdemeanor.

42 The Secretary of State shall charge an applicant a fee of five
43 thousand dollars (\$5,000) for initial certification as a
44 certified North Carolina capital company, a fee of five thousand

1 dollars (\$5,000) for annual review for continuing certification
2 as a certified North Carolina capital company, and a fee of five
3 thousand dollars (\$5,000) for issuing a certificate of permanent
4 certification. The Secretary of State shall credit forty percent
5 (40%) of each fee to the Department of Revenue and shall retain
6 the balance. Fees collected under this section shall be applied
7 to the cost of administering this Part and Article 8C of Chapter
8 105 of the General Statutes.

9 (d) Periodic Reports Before Permanent Certification. -- Each
10 certified North Carolina capital company shall provide the
11 Department the following reports and updates on the due dates
12 specified by the Department. The reports and updates shall be in
13 the form prescribed by the Secretary of State and shall include
14 any information required by the Secretary of State about the
15 company and about the approved business ventures in which it has
16 invested.

17 (1) Annual Audit. -- An annual audited financial
18 statement and report that includes an opinion of an
19 independent certified public accountant approved by
20 the Secretary of State. The audit shall address
21 the methods of operation and conduct of the
22 business of the company to determine whether the
23 company has complied with this Part and whether the
24 cash invested in the company has been invested as
25 required by this Part. The audit shall also
26 determine whether each business in which the
27 company has invested is an approved business
28 venture as defined in this Article.

29 (2) Annual Audit of Cumulative Distributions. -- An
30 audited report of the company's cumulative,
31 nonqualified distributions that includes an opinion
32 of an independent certified public accountant
33 approved by the Secretary of State. The audit
34 shall detail the company's cumulative
35 distributions, other than qualified distributions,
36 to equity holders and debt holders, as compared to
37 the amount of the company's original certified
38 capital and any additional capital contributions to
39 the company. The audit shall determine what annual
40 internal rate of return these cumulative
41 nonqualified distributions, when combined with all
42 tax credits allocated to debt holders and equity
43 holders pursuant to G.S. 105-228.10E, have resulted
44 in, when computed on the amount of the company's

1 original certified capital and any additional
2 capital contributions to the company. The audit
3 shall then compute an amount equal to twenty-five
4 percent (25%) of the amount of these cumulative
5 nonqualified distributions in excess of the amount,
6 combined with the allocated tax credits, required
7 to produce an annual internal rate of return of
8 fifteen percent (15%) and compare that amount with
9 the total amount of investment return the company
10 has paid to the State pursuant to G.S. 35A-75.

11 (3) Midyear Update. -- A midyear, unaudited update of
12 the certified North Carolina capital company's
13 annual financial statement and report described in
14 subdivision (1) of this subsection.

15 (e) Periodic Reports After Permanent certification. -- A
16 certified North Carolina capital company that has qualified for
17 permanent certification is no longer required to submit midyear
18 updates but shall continue to submit, for informational purposes
19 only, the annual financial statement and report described in
20 subdivision (d)(1) of this section on the due dates specified by
21 the Department for three years after the company qualifies for
22 permanent certification. In addition, the company shall continue
23 to submit the annual cumulative distributions audit described in
24 subdivision (d)(2) of this section until it has made final
25 distributions to its investors and will not be making any future
26 distributions other than qualified distributions. Thereafter, no
27 additional financial statements and reports are required under
28 this subsection.

29 "§ 53A-72. Distributions; maximum interest rate.

30 (a) Distributions. -- A certified North Carolina capital
31 company may make qualified distributions at any time. A
32 certified North Carolina capital company may, without
33 restriction, make distributions and payments to debt holders with
34 respect to debt owed them by the company, but no distributions or
35 payments may be made to an equity holder, or any of its
36 affiliates, that is entitled to a credit under Article 8C of
37 Chapter 105 of the General Statutes until the certified North
38 Carolina capital company has qualified for permanent
39 certification. A certified North Carolina capital company may
40 make other distributions only after it has qualified for
41 permanent certification.

42 (b) Maximum Interest Rate. -- A certified North Carolina
43 capital company shall not charge interest on a senior, secured

1 loan at an annual rate that exceeds the prime rate plus three
2 percent (3%).

3 "§ 53A-73. Tax credits.

4 A person who invests cash in a certified North Carolina capital
5 company is entitled to a tax credit as provided in Article 8C of
6 Chapter 105 of the General Statutes but, notwithstanding the
7 provisions of Division V of Article 4 of Chapter 105 of the
8 General Statutes, is not allowed a tax credit under that Division
9 for the investment. In addition, notwithstanding the provisions
10 of Division V of Article 4 of Chapter 105 of the General
11 Statutes, a certified North Carolina capital company is not
12 allowed a tax credit under that Division for its investments.

13 "§ 53A-74. Decertification of certified North Carolina capital
14 company.

15 (a) Grounds for Decertification. -- Any material violation of
16 this Part not cured pursuant to subsection (b) of this section
17 shall be grounds for decertification under this section of a
18 certified North Carolina capital company that has not qualified
19 for permanent certification.

20 (b) Procedure for Decertification. -- If the Department
21 determines that a certified North Carolina capital company is not
22 in compliance with any requirement for continuing certification,
23 it shall, by written notice, inform the officers of the company
24 and the board of directors, manager, trustees, or general
25 partners that the company will be decertified in 120 days after
26 the date the notice is mailed unless the company corrects the
27 deficiencies to bring itself in compliance with the requirements
28 for certification. If the deficiencies are corrected so as to
29 bring the certified North Carolina capital company into
30 compliance within the 120-day grace period, then the violation of
31 this Part shall be considered not to have occurred. At the end
32 of the 120-day grace period, if the certified North Carolina
33 capital company is still not in compliance, the Department shall
34 decertify the company and send a notice of decertification to the
35 company and to the Department of Revenue and the Department of
36 Insurance.

37 (c) Effect of Decertification. -- If a certified North
38 Carolina capital company is decertified, no further tax credits
39 or carryforwards of credits for an investment in the company are
40 allowed as provided in G.S. 105-228.10D. In addition, if a
41 certified North Carolina capital company is decertified before it
42 has met all the requirements of G.S. 53A-70(b)(1) through (3),
43 all tax credits for investment in the company are forfeited as
44 provided in G.S. 105-228.10D.

1 "§ 53A-75. Investment return to State.

2 (a) The tax credits provided in Article 8C of Chapter 105 of
3 the General Statutes are an investment by the State of North
4 Carolina in each certified North Carolina capital company. Each
5 certified North Carolina capital company, as part of its initial
6 certification, has agreed to pay the State a return on its
7 investment. Each year, every certified North Carolina capital
8 company shall determine from its annual audit of cumulative
9 distributions filed pursuant to G.S. 53A-71(d)(2), an amount
10 equal to twenty-five percent (25%) of its cumulative nonqualified
11 distributions that exceed the amount of distributions, combined
12 with all tax credits allocated to debt holders and equity
13 holders, required to produce an annual internal rate of return of
14 fifteen percent (15%). Within 30 days after filing its annual
15 audit of cumulative distributions, the company shall pay the
16 Department of Revenue the excess of this amount over the total
17 cumulative amount it has paid under this section in past years.
18 If a company's annual audit demonstrates that the annual internal
19 rate of return of the company's cumulative nonqualified
20 distributions, combined with all tax credits allocated to debt
21 holders and equity holders, does not exceed fifteen percent
22 (15%), the company is not required to make a payment under this
23 section for that year.

24 (b) A company that fails to make a payment required by this
25 section is subject to the penalties and remedies provided in
26 Article 9 of Chapter 105 of the General Statutes to the same
27 extent as if the required payment were a tax. The Department of
28 Revenue shall credit payments made under this section to the
29 General Fund as nontax revenue.

30 "§ 53A-76. Rules; report.

31 The Secretary of State may adopt rules to implement this Part.
32 The Secretary of State shall report to the Legislative Research
33 Commission by October 1 of each year the number of certified
34 North Carolina capital companies certified under this Part, the
35 date each company was created, the amount and percentage of
36 certified capital invested by each company, the amount of tax
37 credits allocated to each company, and any other information
38 requested by the Legislative Research Commission."

39 Section 4. G.S. 53A-37 reads as rewritten:

14 approved business venture. The capital acquired
15 may be any debt, equity, or hybrid security,

8 Section 5. Chapter 105 of the General Statutes is
9 amended by adding a new Article to read:

10 "ARTICLE 8C.
11 "Premiums Tax Credit for Investments in
12 North Carolina Small Businesses.

13 "§ 105-228.10A. Purpose.

14 The purpose of this Article is to stimulate a substantial
15 increase in venture capital investments in North Carolina by
16 providing an incentive for insurance companies to invest in
17 certified North Carolina capital companies.

18 "§ 105-228.10B. Definitions.

19 The following definitions apply in this Article:

20 (1) Certified capital. -- Defined in G.S. 53A-37.

21 (2) Certified North Carolina capital company. -- A
22 certified North Carolina capital company created
23 under Article 3 of Chapter 53A of the General
24 Statutes.

25 "§ 105-228.10C. Premiums tax credit for investments.

26 (a) Credit. -- A person who invests certified capital in one
27 or more certified North Carolina capital companies is allowed
28 against the gross premiums tax imposed by G.S. 105-228.5 and G.S.
29 105-228.8 a credit equal to the amount of certified capital
30 invested by the taxpayer during the taxable year, subject to the
31 limitations provided in this Article. To claim the credit
32 allowed by this section, the taxpayer must provide the Secretary
33 a copy of each certified North Carolina capital company's
34 application for allocations of credit under G.S. 105-228.10E, a
35 copy of the Secretary's written allocation of credit under G.S.
36 105-228.10E, and any other supporting documentation the Secretary
37 requires.

38 (b) Limitations. -- The taxpayer may not take the entire
39 credit for the taxable year the investment is made, but may take
40 up to ten percent (10%) of the aggregate credit allowed under
41 this section for that taxable year and for each succeeding
42 taxable year until the entire credit has been used. The amount
43 of credit taken may not exceed the taxpayer's gross premiums tax
44 liability for a taxable year reduced by the sum of all credits

1 allowable except payments of tax by or on behalf of the taxpayer.
2 Subject to the ten percent (10%) limitation, to the extent a
3 taxpayer does not use all of the credit it is entitled to take in
4 any year, the unused portion of that year's credit may be carried
5 forward to the five succeeding taxable years.

6 "§ 105-228.10D. Effect of decertification.

7 If a certified North Carolina capital company is decertified
8 under G.S. 53A-74, no tax credit or carryforward of a tax credit
9 for an investment in the company is allowed under this Article
10 for a taxpayer's taxable year beginning in the calendar year the
11 decertification occurred or for subsequent taxable years.
12 Decertification of a certified North Carolina capital company
13 after it has met all the requirements of G.S. 53A-70(b)(1)
14 through (3) does not affect a tax credit allowed under this
15 Article for a taxpayer's taxable year that began before the
16 calendar year in which the decertification occurred. If a
17 certified North Carolina capital company is decertified before it
18 has met all the requirements of G.S. 53A-70(b)(1) through (3),
19 all tax credits previously allowed to taxpayers for investment in
20 the company are forfeited. A taxpayer who forfeits a credit
21 under this section is liable for all past taxes avoided as a
22 result of the credit plus interest at the rate established under
23 G.S. 105-241.1(i), computed from the date the taxes would have
24 been due if the credit had not been allowed. The past taxes and
25 interest are due 30 days after the date the company is
26 decertified; a taxpayer who fails to pay the past taxes and
27 interest by the due date is subject to the penalties provided in
28 G.S. 105-236.

29 "§ 105-228.10E. Cap; annual ceiling.

30 (a) Cap. -- The amount of credit allowed a taxpayer under this
31 Article for a taxable year may not exceed ten percent (10%) of
32 the annual ceiling for that year.

33 (b) Annual Ceiling. -- The total amount of tax credits that may
34 be taken by all taxpayers under this Article in a taxable year
35 may not exceed fifteen million dollars (\$15,000,000). The
36 Department of Revenue shall allocate this amount among taxpayers
37 as provided in this subsection. A certified North Carolina
38 capital company may apply for allocation of credits on behalf of
39 its investors no earlier than the first business day after it is
40 certified. The application shall be in the form required by the
41 Secretary and shall provide all of the following:

42 (1) The name of each investor.

43 (2) The amount each investor has committed to invest in
44 the company.

- 1 (3) Proof that the investor has committed to invest the
2 funds subject to allocation of the applicable
3 credits pursuant to this section.
4 (4) The maximum amount of credit the investment would
5 entitle the investor to under this Article for the
6 current taxable year and the following nine taxable
7 years.
8 (5) Any other information required by the Secretary.

9 Upon receipt of a completed application, the Department shall
10 determine the amount of available credit not yet allocated for
11 each taxable year specified in the application. Within 20
12 business days after receipt of the application, the Department
13 shall allocate to the North Carolina capital company, on behalf
14 of the investors named in the application, the total amount of
15 credit applied for in the application, but only to the extent of
16 available credit not yet allocated for each taxable year. The
17 Department's allocations of credit under this subsection shall be
18 in writing.

19 The Department shall allocate available credit to applicants in
20 the order the applications are received. If more than one
21 certified North Carolina capital company submits a completed
22 application on the same day, the Department shall make the
23 allocations to those applicants simultaneously. If the amount of
24 credit applied for in the simultaneous applications exceeds the
25 amount of available credit not yet allocated for a taxable year,
26 the Department shall allocate the available credit for that
27 taxable year among the simultaneous applicants on a pro rata
28 basis in proportion to the amount of credit applied for by each."

29 Section 6. G.S. 105-228.8(e) reads as rewritten:

30 "(e) This section shall not apply to special purpose
31 obligations or assessments based on premiums imposed in
32 connection with particular kinds of insurance, to the special
33 purpose regulatory charge imposed under G.S. 58-6-25, or to
34 dedicated special purpose taxes based on premiums. For purposes
35 of this section, seventy-five percent (75%) of the one and
36 thirty-three hundredths percent (1.33%) tax on amounts collected
37 on contracts of insurance applicable to fire and lightning
38 coverage shall not be a special purpose obligation or assessment
39 or a dedicated special purpose tax within the meaning of this

EXPLANATION OF SENATE BILL 956 (PCS):
Venture Capital Investment Incentive

TO: Senate Finance Committee
FROM: Committee Staff
DATE: August 5, 1997
SPONSOR: Senator Hoyle

Senate Bill 956 seeks to provide start-up and expansion capital to small businesses by giving private insurance companies that make certain venture capital investments a dollar for dollar tax credit to be applied against the insurance premiums tax owed by these companies. The tax credit is effective for taxable years beginning on or after January 1, 1999, and applies to investments made on or after that date, and it expires for investments made on or after January 1, 2001.

Under the bill, an insurance company invests in a certified North Carolina capital company (CAPCO), which in turn provides capital to approved North Carolina business ventures. The insurance company is entitled to a tax credit of 100% of the cash it invests in a CAPCO during the 365-day period after the company has been initially certified. The credit may be taken at the rate of up to 10% per year until the entire credit is used, subject to an annual maximum credit amount of \$1,500,000. Any unused installment of the credit may be carried forward for five years, subject to the 10% limit. If a CAPCO is decertified, the insurance company is not permitted to take any unused tax credits or carryforwards. If the CAPCO is decertified before it has met the requirement that it invest 50% of its certified capital within four years in approved investments, the taxpayer also forfeits all tax credits and carryforwards previously taken and must repay all back taxes avoided because of the credit, with interest.

The total amount of credit that may be taken by all taxpayers in any one taxable year is \$15,000,000. The credit is allocated to taxpayers on a "first come, first served" basis. The CAPCO must apply to the Department of Revenue for the allocation of credits on behalf of its investors. Upon receipt of the application, the Department will determine the amount of available credit not yet allocated for each taxable year specified in the application. The Department must allocate to the CAPCO, on behalf of its investors, the total amount of credit applied for in the application to the extent of the available credit not yet allocated for each taxable year. To claim the credit, the taxpayer must provide the Secretary of Revenue with a copy of the CAPCO's application for allocation of credit, a copy of the Secretary of Revenue's written allocation of credit, and any other supporting documentation the Secretary may require. The original bill required the Secretary of State to make the allocation; the proposed committee substitute shifts that responsibility to the Department of Revenue. The Department of Revenue has stated that it will have recurring costs of \$22,325 and nonrecurring costs of \$3,200 in taking on this responsibility.

The allocation of the credit appears to violate the uniformity provisions of the North Carolina Constitution. The General Assembly has the authority to create classifications for

taxation, but the class must be reasonable and based on a rational difference of situation and condition. In other words, there must be a rational basis reasonably related to the purpose of the legislation to justify the decision to exclude some parties from the application of the law. Under the allocation method proposed by this bill, a taxpayer who made an investment and applied for allocation of the credit early in the taxable year would be allowed a tax credit and an identical taxpayer who applied for allocation later in the year would not. If this "first come, first served" allocation were held unconstitutional, the bill has a nonseverability clause stating that the tax credit is repealed for investments made on or after that date. For the tax years challenged, however, the State would probably be liable for refunds for those who paid under protest. Other tax credits in existing law provide a cap by allocating the credits on a pro rata basis after all identical applicants have applied for credit, which does not violate the constitution.

An insurance company must invest cash, either in the form of equity or debt capital, in a certified North Carolina capital company to be eligible for the credit allowed by this bill. Traditional private sector venture capital financing involves risks greater than those inherent in other investments. Under this bill, the State assumes this increased risk on behalf of the insurance company by providing tax credits equal to the amount of the investment, thus essentially reimbursing the company for its investment. The proposed committee substitute provides the State a potential return on its investment. Under proposed G.S. 53A-75, a CAPCO would pay the State 25% of the excess of its cumulative distributions that exceed the amount that, when combined with all tax credits allocated, would produce an annual internal rate of return of 15%. The calculation would be made as part of the CAPCO's annual audit and payment to the Department of Revenue would be due within 30 days after the audit. The payments would be credited to the General Fund as nontax revenue.

To be initially certified by the Secretary of State, a capital company must have at least \$500,000 of liquid assets which it would invest in approved business ventures. An approved business venture is a business that meets all of the following conditions:

1. It is headquartered in this State, does a majority of its production in this State, and employs a majority of its employees in this State.
2. It employs no more than 300 employees.
3. It has gross revenues of no more than \$7,000,000 a year.
4. It is not a majority-owned subsidiary of another company.
5. It is engaged primarily in manufacturing, processing, warehousing, wholesaling, research and development, or a service related industry.
6. It does not engage in providing professional services, construction or contracting, selling or leasing at retail, purchase or sale of commercial paper or real estate, personal grooming or cosmetic services, entertainment, athletic or recreation services for a fee.
7. It is not formed for the purpose of acquiring the stock or assets of another business.
8. It is not a real estate related business.

9. Its authorized representative has provided a sworn affidavit that a majority of the proceeds of the CAPCO's investment in it will be used for operations or capital improvements in North Carolina.

For a CAPCO's certification to be renewed, it must invest 25% of the capital invested in it in approved business ventures within two years, 40% within three years, and 50% within five years. The company is also limited to investing no more than 15% of its capital in any one business. Once a CAPCO has invested 100% of the capital invested in it in approved business ventures, it qualifies for permanent certification. It may then distribute investment returns to investors and is no longer required to obtain continuing certification. The company must continue to file annual financial statements and reports for three years after it qualifies for permanent certification. The initial certification, annual review, and permanent certification are handled by the Secretary of State's office for a fee of \$5,000 each, which will be distributed 40% to the Department of Revenue and 60% to the Secretary of State. The Secretary of State is to report to the Legislative Research Commission annually on the amount of the credit taken and the number of taxpayers taking the credit.

The credit allowed by this bill for insurance companies is similar to the income tax credit currently allowed to individuals and small partnerships for investing directly in qualified businesses. Prior to January 1, 1997, the definition of a qualified business was very similar to an approved business venture. The General Assembly expanded the credit to include businesses outside of North Carolina because the credit violated the Commerce Clause of the Constitution when it was limited to investments in North Carolina businesses. Although the credit allowed by this bill is limited to indirect investments in North Carolina businesses and thus discriminates against out-of-state businesses, the Attorney General's office believes that the credit would not be held unconstitutional if challenged because this credit applies only to insurance companies. Congress, through the McCarran-Ferguson Act, has removed all Commerce Clause limitations on the authority of the states to regulate and tax the business of insurance. Committee staff has found no case law on point with the tax credit proposed by this bill. Most of the cases surrounding the McCarran-Ferguson Act concern the differing tax treatment between in-state and out-of-state insurance companies. The Supreme Court has consistently held that a state may discriminate in its tax treatment of insurance companies because of the McCarran-Ferguson Act. The courts have not addressed whether this discrimination may be extended beyond insurance companies to the business ventures in which they invest without a violation of the Commerce Clause. If the bill were invalidated under the Commerce Clause, the bill has a nonseverability clause stating that the tax credit is repealed for investments made on or after that date. For the tax years challenged, however, the State would probably be liable for refunds for those who paid under protest.

EXPLANATION OF HOUSE BILL 1027, PCS:
State Treasurer Venture Capital

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: August 7, 1997
SPONSOR: Representative Owens

The proposed committee substitute for House Bill 1027 makes the following changes in the law regarding the State Treasurer's duty to invest certain funds:

1. It authorizes the State Treasurer to invest up to \$100 million of excess cash of the Escheat Fund in North Carolina partnerships that primarily finance rural North Carolina businesses. The partnerships would be required to reinvest the funds only in rural North Carolina businesses.
2. It authorizes the State Treasurer to invest excess cash of non-retirement trust funds in venture capital partnerships. The amount invested, when added to the amount of Escheat Funds invested as described in #1 above, may not exceed \$100 million.
3. It authorizes the State Treasurer to invest excess cash of the General Fund and Highway Fund in a variety of new investments, including venture capital partnerships. The amount invested, when added to the amount invested as described in #1 and #2 above, may not exceed \$100 million.

G.S. 147-69.2 sets out the permitted investments for cash in trust funds and special funds held by the State for any purpose other than meeting State appropriations. Under current law, the cash in these funds may be invested in a variety of obligations and securities, including up to \$30 million in venture capital partnerships and up to \$20 million in obligations or securities of the North Carolina Enterprise Corporation. House Bill 1027 adds two new permitted investments for cash in these funds. It authorizes the State Treasurer to invest up to \$100 million of the Escheat Fund in North Carolina partnerships that primarily finance rural North Carolina businesses. The investment must be conditioned on the partnership's reinvestment of the funds only in rural North Carolina businesses. If this investment results in a loss, the bill states that it is the intent of the General Assembly to appropriate funds to the Escheat Fund to make up the loss. The bill also authorizes the State Treasurer to invest additional cash in these trust funds and special funds, other than retirement or pension systems, in venture capital partnerships. The additional amount invested may not exceed

\$100 million when added to the amount of Escheat Funds invested in North Carolina partnerships financing North Carolina businesses.

G.S. 147-69.1 sets out the permitted investments for cash in the Highway Fund and the General Fund in excess of the amount required to meet current needs and demands. Under current law, the excess cash may be invested in highly liquid assets such as United States obligations, obligations of various federal agencies, obligations of the State, certificate of deposits, and savings accounts. House Bill 1027 amends G.S. 147-69.1(c) to allow the State Treasurer to invest excess cash of the General Fund and the Highway Fund in the following additional assets, some of which are less liquid:

- general obligations of other states
- general obligations of North Carolina cities, counties, and special districts
- highly-rated obligations of U.S. companies
- FHA-insured or VA-guaranteed mortgages on real estate in North Carolina
- limited partnership interests in venture capital partnerships.

The bill makes additional clarifying and technical changes to the statutes governing investments by the State Treasurer. It is effective when it becomes law.

The State Treasurer has a fiduciary duty to seek the best possible investments in terms of return and safety. Existing law reflects the policy of the State that the State Treasurer's investment decisions should be professional decisions made in the best interest of the owner of the assets and not influenced by political or economic development considerations. The Treasurer is independent of fiscal control by the Governor and is authorized to contract with independent professionals and experts as necessary for proper administration of the investment programs. The Treasurer is required to establish annual yield targets for investments and report annually to the General Assembly on the nature and character of all investments, the return on the investments, and the extent to which the annual yield targets have been reached. The Treasurer is also required to report quarterly on all investments to the Joint Legislative Commission on Governmental Operations and to the Co-Chairs of the House and Senate Appropriations Committees.

The State Treasurer has made investments since 1988 in venture capital partnerships and in the North Carolina Enterprise Corporation. The annualized

return on these investments through September 1996 is 4.55%.¹ The annualized return on the State's equity investment fund from September 1988 through September 1996 is 15.31%.

The North Carolina Enterprise Corporation is an entity formed under Article 3 of Chapter 53A of the General Statutes to make investments in small North Carolina businesses. The Corporation focuses on investments that have significant potential to create jobs and diversify and stabilize the economy of rural areas of the State.

The Escheat Fund is one of the trust funds invested by the State Treasurer. Escheated property is property to which the State assumes ownership under Chapter 116B of the General Statutes, either because the property is determined to be abandoned or the property was owned by a person who died and had no heirs. Article IX, 10 of the North Carolina Constitution requires property in the Escheat Fund to be used to "aid worthy and needy students who are residents of this State and are enrolled in public institutions of higher education in this State." The State Treasurer administers the Escheat Fund and resolves the claims of any creditors of those who owned property that has escheated.

In 1987, the State Treasurer was authorized to invest up to 3% of the cash in the General Fund and the Highway Fund in venture capital partnerships. In 1988, this authorization was extended to include up to \$20 million in the North Carolina Enterprise Corporation. During the 1990-91 financial crisis, the cash in the General Fund became low. At that time, the State Auditor informed the General Assembly that investment of the General Fund in these illiquid assets creates a potential problem because when the cash balance is below the amount invested in the illiquid assets, it creates a deficit cash balance. Based on the Auditor's recommendation, legislation was passed in 1990 to prohibit investment of the General Fund and Highway Fund in venture capital partnerships and in the North Carolina Enterprise Corporation and authorizing instead the investment of the less liquid trust funds in these assets. As a result, the pension and retirement funds bought the venture capital and Enterprise Corporation investments from the General Fund. This bill retains the existing authorization for investment of up to \$50 million of pension and retirement funds in venture capital partnerships and the North Carolina Enterprise Corporation, but authorizes the new \$100 million to be invested from only non-pension and retirement sources, including the Highway Fund and the General Fund.

¹ There are ten such investments, with annualized returns ranging from 16.70% to (20.62%), over different periods.

EXPLANATION OF HOUSE BILL 566 (Senate PCS):
Wake Schools Development Charges

TO: Senate Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: August 13, 1997
SPONSOR: Representative Ellis

House Bill 566 is a local bill that exempts the Wake County Public School System and qualified nonpublic schools in Wake County from development charges assessed by Wake County or any municipality with territory in Wake County if the development charge is assessed against the construction, renovation, or repair of school infrastructure facilities. The proposed committee substitute adds qualified nonpublic schools to this exemption and also adds the sections dealing with changes in Wake County regarding restitution for drug analyses, the authority to close streets and alleys in the extraterritorial jurisdiction of the County, and the appointment of private process servers.

A "school infrastructure facility" is any building, structure, or other facility used or to be used by the Wake County public school system or qualified nonpublic school for instructional, administrative, or maintenance purposes. The term includes mobile classroom units.

A "qualified nonpublic school" means a school with an enrollment of at least 20 students and that has one or more of the following characteristics:

- (1) It is accredited by the State Board of Education
- (2) It is accredited by the Southern Association of Colleges and Schools.
- (3) It is an active member of the N.C. Association of Independent Schools.
- (4) It receives no funding from the State.

A "development charge" means the following:

- Impact fee, facility fee, development fee, project fee, regulatory fee, or other similar fee assessed in connection with the construction, renovation, or repair of a school infrastructure facility where the fee is based on the student seating capacity of the facility.
- Water and sewer acreage fee when the county school system or a qualified nonpublic school has installed water and sewer improvements.

- Transportation development fee when the county school system or qualified nonpublic school has installed transportation improvements.
- Utility tap fee
- Plan review fee
- Building permit fee
- Fee to place a mobile classroom unit on property owned by the county school system. or qualified nonpublic school.

Section 3 of the Bill repeals the law that took away the authority of municipalities in Wake County to close streets and alleys located within a municipality's extraterritorial jurisdiction.

Section 4 removes the sunset provision from the law that allows civil process papers, except executions and summary ejectments, to be served by a private process server appointed by the clerk of court. This law was enacted in 1995 and applies only to Wake County.

Section 5 rewrites the section of the Controlled Substances Act regarding restitution for drug analyses to provide that a person convicted under the Act may be ordered to pay restitution to a unit of local government if the unit of local government provides the controlled substance analysis. The section now provides that restitution goes only to the State and is deposited in the General Fund. This section applies only to Wake County.

Section 1 and 2 of the act are effective when they become law and apply to Wake County Public School System or Wake County qualified nonpublic school projects for which a building permit is issued on or after the effective date of the act, except that any "valid development charge" that accrued prior to that date shall remain valid and payable by the school system or school.

Section 3, 4, 5, and 7 apply only to Wake County. Section 4 is effective retroactively from July 1, 1997. Any process served pursuant to the 1995 Wake County law, after July 1, 1977 but before this act becomes law, is validated by this act. Sections 3, 5, and 7 are effective when they become law..

EXPLANATION OF SENATE BILL 624 (2nd Edition) Local:
Sedalia Incorporated (Guilford)

TO: Senate Finance Committee
FROM: Committee Counsel
DATE: August 14, 1997
SPONSOR: Senators Martin, Blust, and Shaw

Senate Bill 624 incorporates the town of Sedalia. The incorporation does not have a referendum.

Sec. 2.1 of the Charter sets out the corporate boundaries.

Sec. 2.2 provides that the Town may not do any voluntary or involuntary annexations under the general law for 20 years. This section further provides that for satellite annexations of Greensboro, the proximity to Sedalia would not be considered. Under general law, satellite annexations by Greensboro could not take place if the area was closer to Sedalia than to Greensboro. The Charter further provides that the governing body of the Town will be a town council with five members. The Town will operate under a Mayor-Council plan.

Section 4(a) of the bill directs the Guilford County Board of Elections to establish a special filing period. This is necessary since the normal general law candidate filing period has already passed for the 1997 municipal election. Section 4(b) allows the Guilford County Board of Elections to hold the regular municipal election later than the November date set by general law. This is necessary because the bill must be precleared by the U.S. Department of Justice under Section 5 of the Voting Rights Act.

The act is effective when it becomes law.

EXPLANATION OF SENATE BILL 1065:
Exempt Severance Pay (PCS)

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: August 15, 1997
SPONSOR: Senator Hoyle

The proposed committee substitute for Senate Bill 1065 would expand the income tax exclusion for severance pay due to closing of a manufacturing plant and would modify the cap on the exclusion, effective beginning with the 1998 tax year. Except for the effective date, the bill is identical to House Bill 1170, introduced by Representative Buchanan.

In 1996, the General Assembly enacted an income tax exclusion for severance pay a taxpayer receives due to the permanent closure of a manufacturing or processing plant, not to exceed a maximum of \$35,000 for the taxable year. The exemption was expected to reduce General Fund revenues by approximately \$4 million a year. This bill modifies the exemption in three ways:

1. It expands the tax exemption to severance pay received due to any involuntary termination through no fault of the employee. The expanded exemption would include being fired without cause, being laid off due to a reduction in force, as well as being terminated due to a plant closure. It would not include voluntary early retirement or being fired for cause.
2. It expands the tax exemption to cover any type of job in the private or public sector, not just a job at a manufacturing plant.
3. It closes a loophole in the \$35,000 cap. Some companies were able to avoid the \$35,000 cap by paying part of the severance pay in December and the rest in January. The bill closes this loophole by clarifying that the \$35,000 cap applies to the total amount paid over the most recent three-year period.

**NORTH CAROLINA GENERAL ASSEMBLY
LEGISLATIVE FISCAL ESTIMATE**

SHORT TITLE: Exempt Severance Pay

FISCAL IMPACT

REVENUES (\$Mill.)		-\$2.09	-\$2.21	-\$2.35	-\$2.49
State General Fund					
PRINCIPAL DEPARTMENT AFFECTED: The personal income tax is administered by the Department of Revenue.					
EFFECTIVE DATE: Tax years beginning on or after January 1, 1998.					

BILL SUMMARY: The 1996 General Assembly enacted legislation that exempted the first \$35,000 of severance pay that results from the permanent closure of a manufacturing or processing plant. The committee substitute expands the exemption to severance pay that results from "the taxpayer's permanent, involuntary termination from employment through no fault of the employee". Thus, the exemption would not be restricted to manufacturing and processing industries and to the permanent closing of such employers. In addition, the new language would cap the exemption at \$35,000 for the current tax year plus the two preceding tax years.

ASSUMPTIONS AND METHODOLOGY: The starting point for the calculation of the tax loss is a 1995 and 1996 calendar year tabulation of announced business closings and layoffs by the Employment Security Commission. This data is derived from a survey of newspaper accounts and from information supplied to ESC from employers experiencing the layoffs and closings. ESC indicates that the tabulation may not include all situations. On the other hand, some of the announced closing and layoffs may not actually occur. In addition, data for April-December 1995 from the Mass Layoff Statistics tabulation of ESC was available to compare to the industry mix of layoffs and closings under newspaper tabulation. The mass layoff data applies only to employers with at least 50 employees and thus is not a complete count.

For the purpose of this analysis it is assumed that 60% of the industries affected by the bill (non-manufacturing) provide severance pay. For manufacturing and processing, the assumed ratio for the 1996 bill was 75%. This data is based on the results of a survey by Lee Hecht Harrison,

(OVER)

personnel consultants (found on the Internet). The nationwide numbers were adjusted downward to get to North Carolina estimates due to the lower pay and benefits in the state, relative to the U.S. A report by Challenger, Gray, and Christmas, Inc., specialists in tabulating layoff data, indicates that the median severance pay package has dropped from 16.7 weeks in 1993 to 12 weeks in the first quarter of 1997. In this analysis, a figure of 8 weeks is used because the legislation affects the nonmanufacturing sectors and the fact the private sector benefits are generally lower in North Carolina.

The average annual pay for nonmanufacturing private sector workers was \$22,937 for the 3rd quarter of 1996.

Finally, a marginal tax rate of 6.5% was used to calculate the tax savings. The analysis assumes that all eligible taxpayers are able to use the full amount of the exemption.

The expanded definition includes severance pay in cases other than permanent layoffs and establishment closings. There is no data to determine the impact of these other situations but it is felt that these numbers will be relatively small. In addition, the impact of applying the \$35,000 cap to a 3-year period instead of one tax year is expected to be minimal.

A growth rate of 6% was used to project the future year impact of the bill. This approximates the rate used in the General Fund Financial Model

1 (a) Primary. -- The tax imposed by this Article is payable from the assets of the
2 estate. A person who receives property from an estate is liable for the amount of
3 estate tax attributable to that property.

4 (b) Personal Representative. -- The personal representative of an estate is liable for
5 an estate tax that is not paid within two years after it was due. This liability is
6 limited to the value of the assets of the estate that were under the control of the
7 personal representative. The amount for which the personal representative is liable
8 may be recovered from the personal representative or from the surety on any bond
9 filed by the personal representative under Article 8 of Chapter 28A of the General
10 Statutes.

11 (c) Clerk of Court. -- A clerk of court who allows a personal representative to
12 make a final settlement of an estate without presenting one of the following is liable
13 on the clerk's bond for any estate tax due:

14 (1) An affirmation by the personal representative certifying that no tax
15 is due on the estate because this Article does not require an estate
16 tax return to be filed for that estate.

17 (2) A certificate issued by the Secretary stating that the tax liability of
18 the estate has been satisfied.

19 **"§ 105-32.4. Payment of estate tax.**

20 (a) Due Date. -- The estate tax imposed by this Article is due when an estate tax
21 return is due. An estate tax return is due on the date a federal estate tax return is
22 due.

23 (b) Filing Return. -- An estate tax return must be filed under this Article if a
24 federal estate tax return is required. The return must be filed by the personal
25 representative of the estate on a form provided by the Secretary.

26 (c) Extension. -- An extension of time to file a federal estate tax return is an
27 automatic extension of the time to file an estate tax return under this Article. The
28 Secretary may, in accordance with G.S. 105-263, extend the time for paying the
29 estate tax imposed by this Article or for filing an estate tax return.

30 (d) Interest and Penalties. -- The penalties in G.S. 105-236 apply to the failure to
31 file an estate tax return or to pay an estate tax when due. Interest at the rate set in
32 G.S. 105-241.1 accrues on estate taxes paid after the date they are due.

33 (e) Obtaining Amount Due. -- The personal representative of an estate may sell
34 assets in the estate to obtain money to pay the tax imposed by this Article.

35 **"§ 105-32.5. Making installment payments of tax due when federal estate tax is**
36 **payable in installments.**

37 A personal representative who elects under section 6166 of the Code to make
38 installment payments of federal estate tax may elect to make installment payments of
39 the tax imposed by this Article. An election under this section extends the time for
40 payment of the tax due in accordance with the extension elected under section 6166
41 of the Code. Payments of tax are due under this section at the same time and in the
42 same proportion to the total amount of tax due as payments of federal estate tax
43 under section 6166 of the Code. Acceleration of payments under section 6166 of the
44 Code accelerates the payments due under this section.

1 "§ 105-32.6. Estate tax is a lien on real property in the estate.

2 The tax imposed by this Article on an estate is a lien on the real property in the
3 estate and on the proceeds of the sale of the real property in the estate. The lien is
4 extinguished when one of the following occurs:

5 (1) The personal representative certifies to the clerk of court that no
6 tax is due on the estate because this Article does not require an
7 estate tax return to be filed for that estate.

8 (2) The Secretary issues a certificate stating that the tax liability of the
9 estate has been satisfied.

10 (3) For specific real property, when the Secretary issues a tax waiver
11 for that property.

12 (4) Ten years have elapsed since the date of the decedent's death.

13 "§ 105-32.7. Generation-skipping transfer tax.

14 (a) Tax. -- A tax is imposed on a generation-skipping transfer that is subject to the
15 tax imposed by Chapter 13 of Subtitle B of the Code when any of the following
16 apply:

17 (1) The original transferor is a resident of this State at the date of the
18 original transfer.

19 (2) The original transferor is not a resident of this State at the date of
20 the original transfer and the transfer includes any of the following:

21 a. Real or tangible personal property that is located in this
22 State.

23 b. Intangible personal property that has a tax situs in this State.

24 (b) Amount. -- The amount of the tax imposed by this section is the maximum
25 credit for state generation-skipping transfer taxes allowed under section 2604 of the
26 Code. If property in the transfer is located in a state other than North Carolina, the
27 amount of tax payable is the North Carolina percentage of the credit.

28 If the original transferor was a resident of this State at the date of the original
29 transfer, the North Carolina percentage is the net value of the property transferred
30 that does not have a tax situs in another state, divided by the net value of all property
31 transferred. If the original transferor was not a resident of this State at the date of
32 the original transfer, the North Carolina percentage is the net value of real property
33 that is located in North Carolina plus the net value of any personal property that has
34 a tax situs in North Carolina, divided by the net value of all property transferred,
35 unless the original transferor's state of residence uses a different formula to determine
36 that state's percentage. In that circumstance, the North Carolina percentage is the
37 amount determined by the formula used by the original transferor's state of residence.

38 The net value of property that is located in or has a tax situs in this State is its
39 gross value reduced by any debt secured by that property. The net value of all the
40 property in a transfer is its gross value reduced by any debts secured by the property.

41 (c) Payment. -- The tax imposed by this section is due when a return is due. A
42 return is due the same date as the federal return for payment of the federal
43 generation-skipping transfer tax. The tax is payable by the person who is liable for
44 the federal generation-skipping transfer tax.

1 "§ 105-32.8. Federal determination that changes the amount of tax payable to the
2 State.

3 If the federal government corrects or otherwise determines the amount of the
4 maximum state death tax credit allowed an estate under section 6166 of the Code, the
5 personal representative must, within two years after being notified of the correction
6 or final determination by the federal government, file an estate tax return with the
7 Secretary reflecting the correct amount of tax payable under this Article. If the
8 federal government corrects or otherwise determines the amount of the maximum
9 state generation-skipping transfer tax credit allowed under section 2604 of the Code,
10 the person who made the transfer must, within two years after being notified of the
11 correction or final determination by the federal government, file a tax return with the
12 Secretary reflecting the correct amount of tax payable under this Article.

13 The Secretary must assess and collect any additional tax due as provided in Article
14 9 of this Chapter and must refund any overpayment of tax as provided in Article 9 of
15 this Chapter. A person who fails to report a federal correction or determination in
16 accordance with this section is subject to the penalties in G.S. 105-236 and forfeits the
17 right to any refund due by reason of the determination."

18 Section 4. This act does not affect the rights or liabilities of the State, a
19 taxpayer, or another person arising under a statute amended or repealed by this act
20 before the effective date of its amendment or repeal; nor does it affect the right to
21 any refund or credit of a tax that was available under the amended or repealed
22 statute before the effective date of its amendment or repeal.

23 Section 5. Section 1 of this act becomes effective January 1, 1998, and
24 applies to the estates of decedents dying on or after that date. Sections 2 and 3 of
25 this act become effective January 1, 2002, and apply to the estates of decedents dying

EXPLANATION OF HOUSE BILL 13 (PCS 8/16):
Reduce Inheritance Tax

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: August 19, 1997
SPONSOR: Representative Cansler
Modified Recommendation of the Revenue Laws Study Committee

The proposed committee substitute for House Bill reduces the amount of inheritance tax payable by 9%. It becomes effective for decedents dying on or after July 1, 1998, and sunsets July 1, 2001. The original bill, which was recommended by the Revenue Laws Study Committee, would have phased the inheritance tax out over five years by reducing it 20% a year starting in 1998.

North Carolina imposes an inheritance tax on property transferred by a decedent. The amount of tax payable depends on the relationship of the person transferring the property (the decedent) to the person receiving the property (the beneficiary). This is in contrast to federal law, which has a single rate schedule for estates.

State law classifies beneficiaries into three classes, Class A, Class B, and Class C, and sets different inheritance tax rates for each class. A Class A beneficiary is a lineal ancestor, a lineal descendant, an adopted child, a step-child, or a son-in-law or daughter-in-law whose spouse is not entitled to any of the decedent's property. A Class B beneficiary is a sibling, a descendant of a sibling, or an aunt or uncle by blood. A Class C beneficiary is anyone who is not a Class A or Class B beneficiary.

Class A beneficiaries have the lowest inheritance tax rates and an inheritance tax credit that amounts to a \$600,000 exemption. Class B beneficiaries have higher rates and no exemption. Class C beneficiaries have the highest rates and no exemption. Thus, North Carolina's rate structure favors transfers to children and parents by giving those transfers the lowest rates plus an exemption and prefers transfers to other close family members over transfers to more distant relatives or to persons who are not related.

The bill reduces the State inheritance tax liability by 9%. This liability is not reduced below the amount of the federal estate death tax credit, however. Therefore, the amount of tax paid by a person who is subject to State inheritance

tax but not the federal estate tax will be reduced by 9% and the amount paid by a person who owes federal estate tax and North Carolina inheritance tax will be reduced by 9% of the difference between the amount of inheritance tax owed and the amount of the federal state death tax credit. Class B and Class C beneficiaries are the groups likely to owe inheritance tax but not federal estate tax because they have no State exemption comparable to the federal.

Until its recent amendment, federal estate tax allowed a unified estate and gift tax credit that effectively exempted \$600,000 of the total estate. The State's Class A exemption was increased in 1996 to mirror this exemption for State inheritance tax. The 1997 federal budget agreement gradually increases the \$600,000 federal exemption until it reaches \$1 million in 2006. The increases are listed in the table below.

EXPLANATION OF HOUSE BILL 469:
Permit Fees

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: August 19, 1997
SPONSOR: Representative Tallent
Agency Bill

House Bill 469 establishes a reinstatement fee for establishments whose permits are suspended for failure to pay the permit fees at the recommendation of the State Auditor's Office. The reinstatement fee is established at \$150. It also removes the ability of the Department of Human Resources to revoke a permit for failure to pay the permit fees. DHR may continue to suspend a permit.

Restaurants, bars, and other establishments that prepare and serve food or drinks as well as hotels, bed and breakfast inns, and other establishments that provide lodging must have a permit issued annually by the Department. The cost of the annual permit is \$25. An establishment that fails to pay the fee within 45 days after billing by the Department is subject to a late payment fee of \$25. If the establishments fails to pay the fee within 60 days after billing, the Department may suspend or revoke the permit.

Approximately 10% of the 23,000 permittees pay late. Approximately 300 of the 23,000 permittees have their permits suspended for not paying the fee within 60 days of billing. The Department must then begin court proceedings against these permittees for operating without a license. The State's cost to suspend a permit for failure to pay the required permit fee and to initiate court action against an establishment operating with a suspended permit is approximately \$866, as determined by the Office of the State Auditor in its Performance Audit of the Food Sanitation Inspection Program within the Department of Environment, Health, and Natural Resources. In its audit, the Office of the State Auditor found that the current fee structure fails to deter late payment and recommended increasing the late fee and requiring a reinstatement fee to provide an incentive for prompt payment.

The fees collected by the Department must be used for State and local public health programs and activities. Under G.S. 130A-248, no more than one-third of the fees collected may be used to support State health programs and activities. The remaining two-thirds is distributed to the counties to support local food sanitation inspection programs. The reinstatement fees collected would be subject to the one-third cap placed on State program expenditures, and two-thirds would be allocated to local health departments. The bill clarifies the purposes for which the money may be used to State and local food, lodging, and institution sanitation programs.

all fees collected from food and lodging establishments may be used to support state health programs and administrative costs. In addition, the bill proposes to narrow the use of the state's share of any fees collected to the food, lodging and institution sanitation program.

ASSUMPTIONS AND METHODOLOGY:

Revenues

The Department reports that 300 of the 23,000 permittees, in the State, have to be taken to court each year by the Department for operating without a permit. According to the Director of the Division of Environmental Health, approximately 300 permittees could be subject to the \$150.00 reinstatement fee annually. The revenue potential from the reinstatement fee \$45,000.

Expenditures

The State Auditor found in a performance audit of the Food Sanitation Inspection Program that the state's cost to suspend a permit for failure to pay the required permit fee and to initiate court action against an establishment operating with a suspended permit is approximately \$866.00. For cases settled in court, the establishment is required only to pay the \$25.00 permit fee and the \$25.00 late fee plus court costs to have its permit reinstated. Because the state does not recover the \$866.00 in this process, the State Auditor found the current fee structure fails to deter late payment and recommended increasing the late fee and requiring a reinstatement fee to provide an incentive for prompt payment.¹

As written, the bill does not propose to change the allocation of fees collected for permits, late payment or the proposed reinstatement penalty. Although the bill establishes the reinstatement charge to help recover the costs associated with suspending permits, any fees collected will be subject to the one third cap placed on state program expenditures. The remaining two thirds of all fees collected from food and lodging establishments is distributed to county health departments to support local food sanitation inspection programs.

TECHNICAL CONSIDERATIONS:

Although the number of late paying permittees and the number of permittees taken to court has been relatively constant the past several years, the new reinstatement fee is intended to encourage establishments to pay the annual \$25.00 permit fee on time to avoid the late payment charge, permit suspension and court action. The projected revenues assume the number of establishments required to pay the late fee and taken to court does not decline, and therefore reflect the maximum amount likely to be collected.

The department finds the same establishments fail to pay their permit fees on time each year and believes the reinstatement fee will encourage timely payment. Therefore, the department expects actual revenues to be lower than the maximum projected.

House Bill 1137 would authorize the Division of Motor Vehicles to develop a Soil and Water Conservation special registration plate. The Division would have to receive at least 300 applications for the plate before it could be issued. The cost of the plate would be the regular registration fee plus an additional \$20. The first \$10 of the additional fee would be credited to the Special Registration Plate Fund. The remaining \$10 of the additional fee would be credited to the Collegiate and Cultural Attraction Plate Account and transferred quarterly to the Soil and Water Conservation Account.

The bill establishes a Soil and Water Conservation Account as a nonreverting account within the Department of Environment, Health, and Natural Resources. EFFECTIVE DATE: The act is effective when it becomes law.					

BILL SUMMARY: The bill authorizes the Division of Motor Vehicles (DMV) to issue a special registration plate to those interested in soil and water conservation if at least 300 applications for such plate are received.

ASSUMPTIONS AND METHODOLOGY:

This fiscal note assumes the issuance of the minimum 300 license plates in FY 1997-98 and renewal of those plates in the following years. There is a one-time cost of \$100 to design the new plate and a one-time production cost of \$2.45 per plate. For 300 plates, the total production cost of \$835 is paid from the Special Registration Plate Account. In addition to the normal \$20

registration fee every license holder pays, there is an additional \$20 annual fee for each Soil and Water Conservation plate. \$10 of the fee will be deposited into the Collegiate and Cultural Attractions Plate Account to be transferred quarterly to the Soil and Water Conservation Account established as a nonreverting account in the Department of Environment, Health and Natural Resources. The other \$10 will go into the Special Registration Plate Account. It is assumed that all persons applying for the Soil and Water Conservation plate currently have a regular plate that will be turned in to DMV upon receipt of the new plate.

31 Section 2 of Chapter 7 of the 1993 Session Laws. However, ambulatory surgical
32 facilities with only one operating room developed prior to the effective date of
33 Chapter 7 of the 1993 Session Laws may still be licensed as if this section had not

9 the oil or hazardous substance discharge site. Any land-use restriction may also be
10 enforced by the Department through the remedies provided in this Article, Part 2 of
11 Article 1 of Chapter 130A of the General Statutes, or by means of a civil action. The
12 Department may enforce any land-use restriction without first having exhausted any
13 available administrative remedies. A land-use restriction may also be enforced by
14 any unit of local government having jurisdiction over any part of the site. A land-use
15 restriction shall not be declared unenforceable due to lack of privity of estate or

17 interest in particular land. Any person who owns or leases a property subject to a
18 land-use restriction under this Part shall abide by the land-use restriction."

EXPLANATION OF HOUSE BILL 115 (PSCS) :
1997 Technical Corrections

TO: Senate Finance Committee
FROM: Committee Counsel
DATE: August 20, 1997
SPONSOR:

House Bill 115 makes corrections of a technical nature to various sections of the General Statutes. The amendments recommended by the General Statutes Commission are in Sections 1 through 27 of the bill. These amendments correct spelling, typographical, grammatical, redlining, and other obvious drafting errors, make technical conforming changes, update or correct statutory references, and authorize the Revisor of Statutes to renumber sections or parts of sections if needed by the General Assembly's new computer programs. Section 13 of the bill has been deleted because the section it was amending has been repealed. The repeal and deletion have occurred since the General Statutes summary was prepared. The changes beginning with Section 28 have been identified by legislative and agency staff, many of which are correcting errors or duplicative section numbers in laws adopted during the 1997 Session.

The bill is before Senate Finance because of the recommendations in Sections 43 and 51. This bill also adds more recommendations to correct technical errors in Senate Bill 929.

Section 43 of the bill repeals various subsections of G.S. 105-305. This statute describes the place for listing intangible personal property for property tax purposes. Since House Bill 295, which was ratified April 30th, exempted most intangible personal property from property taxes other than leasehold interests in exempted real property, the following subsections of G.S. 105-305 need to be repealed:

- Subsection (b) which sets out the general rule for determining the residence of the owner as the tax situs for intangible personal property.
- Subsection (d) which refers to intangible personal property of a decedent whose estate is in administration.
- Subsection (e) which refers to intangible personal property held by a trustee, guardian or other fiduciary.

The subsections in G.S. 105-305, setting out listing instructions and the taxation of intangible personal property representing an interest in real property, are not repealed.

Section 51 of the bill makes a technical correction to House Bill 411, ratified on June 9th. HB 411 revised the laws relating to the Game Commission of Currituck County. The technical correction clarifies that the application fee for a bush blind is nonrefundable. The ratified bill only referred to the processing fee as nonrefundable.

The proposed committee substitute for House Bill 115 adds section 43.1 to make a technical correction to Senate Bill 929 (AN ACT TO ENHANCE AND IMPROVE CHILD CARE IN NORTH CAROLINA). This section clarifies that child care centers (now facilities) may use domestic kitchen equipment, provided appropriate temperature levels for heating, cooling, and storing are maintained. A child care center is an arrangement where, at any one time, there are three or more preschool-age children or nine or more school-age children receiving child care. A facility includes child care centers, family child care homes, and any other child care arrangement that provides child care. If the correction is not made there is some concern among local health departments that the provision could be construed to require inspections of family child care homes by the local health department. A family child care home is an arrangement located in a residence where, at any one time, more than two children but less than nine children receive child care.

5 Section 1. G.S. 105-151.20 reads as rewritten:

6 "**§ 105-151.20. Credit or partial refund for tax paid on certain federal retirement**
7 **benefits.**

8 (a) Purpose; Definitions. -- The purpose of this section is to benefit certain retired
9 federal government workers on account of their public service. The following
10 definitions apply in this section:

11 (1) Federal retirement benefits. -- Retirement benefits received from
12 one or more federal government retirement plans.

13 (2) Net pension tax. -- The amount of tax a taxpayer paid under this
14 Division for the 1985, 1986, 1987, and 1988 tax years on federal
15 retirement benefits, without interest, less any part of the tax for
16 which the taxpayer received a credit under this section before 1997
17 and any part of the tax refunded to the taxpayer before 1997.

18 (3) Tax year. -- The taxpayer's taxable year beginning on a day in the
19 applicable calendar year.

20 (b) Credit. -- A taxpayer who received federal retirement benefits during the 1985,
21 1986, 1987, or 1988 tax year may claim a credit against the tax imposed by this

1 Division equal to the net pension tax on those benefits. The credit allowed under
2 this section shall be taken in equal installments over the taxpayer's first three taxable
3 years beginning on or after January 1, 1996. The credit allowed under this section
4 may not exceed the amount of tax imposed by this Division reduced by the sum of all
5 credits allowed against the tax, except payments of tax made by or on behalf of the
6 ~~taxpayer.~~ taxpayer; any unused portion of a credit installment may be carried forward
7 to succeeding tax years until the entire installment has been taken.

8 (c) Partial Refund Alternative. -- If the amount of tax imposed by this Division on
9 the taxpayer for the taxpayer's 1996 tax year, reduced by the sum of all credits
10 allowed against the tax except payments of tax made by or on behalf of the taxpayer,
11 is less than five percent (5%) of the taxpayer's net pension tax for which credit is
12 allowed, the taxpayer is eligible to elect a partial refund under this subsection in lieu
13 of claiming the credit. The partial refund allowed under this subsection is equal to
14 the lesser of eighty-five percent (85%) of the taxpayer's net pension tax or the
15 reduced amount determined by the Secretary as provided in this subsection. To elect
16 the partial refund, an eligible taxpayer must file with the Secretary on or before April
17 15, 1997, a written request for a partial refund of the taxpayer's net pension. The
18 Secretary shall calculate from these requests eighty-five percent (85%) of the total
19 amount of net pension tax for which partial refunds have been claimed and, if this
20 sum exceeds the amount in the Federal Retiree Refund Account created in this
21 section, shall allocate the amount in the Account among the eligible taxpayers
22 claiming partial refunds by reducing each taxpayer's claimed refund in proportion to
23 the size of the claimed refund. The Secretary shall remit these partial refunds before
24 January 1, 1998.

25 (d) Substantiation; Deceased Taxpayers. -- In order to claim a refund or credit
26 under this section, a taxpayer must provide any information required by the Secretary
27 to establish the taxpayer's eligibility for tax benefit and the amount of the tax benefit.
28 In the case of a taxpayer who is deceased, the representative of the taxpayer's estate
29 may claim the refund ~~or credit~~ in the name of the deceased ~~taxpayer.~~ taxpayer and, if
30 the taxpayer does not qualify for a refund, the surviving spouse may claim the
31 deceased taxpayer's credit. If there is no surviving spouse, the representative of the
32 taxpayer's estate may claim the credit in the name of the taxpayer.

33 (e) Federal Retiree Accounts. -- There are created in the Department of Revenue
34 two special accounts to be known as the Federal Retiree Refund Account and the
35 Federal Retiree Administration Account. Funds in the Federal Retiree Refund
36 Account shall be spent only for partial refunds pursuant to subsection (c) of this
37 section. The Department of Revenue may use funds in the Federal Retiree
38 Administration Account only for the costs of administering this section. Funds in the
39 Federal Retiree Refund Account and the Federal Retiree Administration Account
40 shall not revert to the General Fund until the Director of the Budget certifies that the
41 Department of Revenue has completed all duties necessary to implement this section,

43 Section 2. Section 2 of Chapter 19 of the Session Laws, Second Extra

EXPLANATION OF HOUSE BILL 537 (PCS):
Relief for Federal Retirees

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: August 25, 1997
SPONSOR: Representatives Grady and Morgan

The proposed committee substitute for House Bill 537 provides the following additional relief to federal retirees who paid unconstitutional North Carolina income tax on their federal retirement benefits in 1985, 1986, 1987, and 1988, but did not protest or request a refund within 30 days as required by law:

1. It allows federal retirees to carry forward for two years the unused portion of their credit for payment of these unconstitutional taxes if they cannot claim the entire tax credit because the credit exceeds their tax liability.
2. It allows the surviving spouse of a deceased federal retiree to take the decedent's credit, including the two-year carryforward. If there is no surviving spouse, the decedent's estate may take the credit, but not the two-year carryforward.

The bill is effective retroactively to the 1996 tax year. It requires the Secretary of Revenue to reimburse the General Fund for the costs of the additional tax relief by transferring \$8 million of excess funds in a reserve account created last year.

In 1996, the General Assembly enacted legislation giving federal retirees income tax credits and partial refunds for the North Carolina income taxes they paid on their federal retirement benefits in 1985, 1986, 1987, and 1988. If a federal retiree paid these 1985-88 pension taxes under timely protest, the retiree already received a refund as required by existing law. The 1996 legislation, estimated to cost the General Fund \$117 million over three years, provided relief to nonprotesters, who were not legally entitled to a refund or credit.

The 1996 legislation allowed partial refunds and credits as follows: federal retirees who did not make a timely protest and who pay North Carolina income tax may take a State income tax credit equal to the amount of pension taxes they paid. The tax credit was allowed in three equal, annual installments, one for the 1996 tax year, one for the 1997 tax year, and one for the 1998 tax year. For a taxpayer whose 1996 tax liability was less than 5% of the pension taxes the

taxpayer paid during 1985-88, a one-time refund equal to 85% of the pension taxes was allowed in lieu of a credit. The taxpayer was required to claim this refund by April 1, 1997. The 1996 legislation provided that if a federal retiree who would otherwise be eligible for a credit or refund had died, the retiree's estate could claim the credit or refund.

After the 1996 legislation was enacted, legislators began receiving complaints that it did not provide sufficient relief for surviving spouses or for retirees who did not have enough current tax liability to claim the entire credit. If a retiree eligible for the first installment of the credit for the 1996 tax year died in 1996 or thereafter, the surviving spouse could not claim any of the remaining installments of the credit. The 1996 legislation authorized the estate to claim the credit, but estates often have little or no tax liability against which the credit could be claimed. House Bill 537 addresses this complaint by allowing surviving spouses to claim the credit. The other complaint received was from taxpayers who were ineligible for the 85% refund because their tax liability equaled 5% or more of the amount of pension taxes they paid for 1985-88. Those taxpayers might receive a credit equal to anywhere from 15% to 100% of the pension taxes, depending upon whether they had enough tax liability against which to claim the credit. The credit allowed is nonrefundable - to the extent it exceeds the taxpayer's tax liability, it is lost. Taxpayers with lower liability would receive credit for less than 100% of their pension taxes. House Bill 537 addresses this complaint by allowing taxpayers to carry the unused portion of the credit forward to the following two tax years: 1999 and 2000.

The legislative history of the 1996 legislation indicates that the General Assembly intended that some taxpayers would not receive 100% credit, either because they died in 1996 or later or because their potential credit exceeded their tax liability against which it could be claimed. In the 1996 Second Extra Session, the Senate and the House of Representatives had different approaches to granting relief to nonprotesters for the taxes they paid on their federal pensions from 1985 through 1988. The House passed House Bill 30 (Rep. Grady), which would have provided a full refund of all taxes paid, through a refundable credit payable over four years. If the retiree died, the surviving spouse or estate was entitled to the refund. The estimated cost of the bill was a total of \$142.8 million. In contrast, the Senate passed a Senate Committee Substitute for House Bill 30 that provided only partial relief for an estimated total cost of \$117.7 million. This version of the bill provided only nonrefundable credits and did not provide relief for surviving spouses of deceased retirees. The matter went to conference and the Senate plan prevailed. The two limitations now complained of are the reason the Senate plan cost less than the House plan.

BILL SUMMARY: The 1996 General Assembly approved legislation that provided relief to federal retirees on the state income tax paid on their pensions during the 1985-88 period, net of any relief already granted (primarily for 1988 tax year). **For the majority of retirees, the relief is provided through a 3-year income tax credit, beginning with the 1996 tax year. In addition, the 1996 bill allowed the representative of a retiree's estate to claim the relief in the name of a deceased retiree.**

The Senate Committee Substitute for House Bill 537 allows an unused credit to be carried forward for two years after the 1996-98 three-year credit period. In the case of a deceased retiree, the surviving spouse will now be able to claim the credit. Finally, the right of an estate to claim the credit in the case of no surviving spouse would end with the 1998 tax year.

The cost of the additional relief for the 1997-98 and 1998-99 fiscal years would be financed by earmarking most of the remaining proceeds in the Federal Retiree Refund Account. The Account is a special budget reserve established to pay one-time refunds to federal retirees who do not normally file and income tax return or whose tax liability is very small. Of the \$25 million earmarked into the Account, a maximum of \$10.5 million will be needed for the one-time refund for certain retirees and \$5.6 million was transferred to address refunds ordered by the courts for certain tax protestors. This will leave an estimated \$8.9 million that will ultimately revert.

(OVER)

ASSUMPTIONS AND METHODOLOGY: The estimated cost of the 1996 legislation providing refunds and tax credits to federal retirees was \$117.8 million. This was \$24.9 million less than the \$142.7 million of cost if all retirees were living and able to obtain 100% relief. Based on mortality data it is estimated that 25% of the retirees have passed away since the 1985-88 period.

17 or under Chapter 1096 of the 1967 Session Laws, the first
18 one-half cent (1/2¢) local sales and use tax under Article 40 of
19 this Chapter, and the second one-half cent (1/2¢) local sales and
20 use tax under Article 42 of this Chapter.
21 "§ 105-527. Levy of tax.
22 The board of commissioners of a county may, by resolution, levy
23 one percent (1%) local sales and use taxes in addition to any

1 other State and local sales and use taxes levied pursuant to law.
2 Before adopting a resolution under this section, the board of
3 commissioners must give at least 10 days' public notice of its
4 intent to adopt the resolution and must hold a public hearing on
5 the issue of adopting the resolution.

6 "§ 105-528. Administration of taxes.

37 county under this Article in that month and shall include them in
38 the quarterly distribution.

39 (b) Use. -- The proceeds of a tax levied under this Article may
40 be used only for public school capital outlay purposes or to
