SENATE APPROPRIATIONS SUB COMMITTEE ON TRANSPORTATION

Minutes **February 6, 1997** 8:30 A.M. Room 1027 Legislative Building

The Senate Appropriations Subcommittee on Transportation held its first meeting on February 6, 1997 at 8:30A.M. in room 1027 of the Legislative Building. **Senator Luther Jordan** chaired the meeting. He opened the meeting with welcoming remarks. Introductions of members and staff were made. All five members of the committee were in attendance.

Tony Goldman, Fiscal Research Division handed out copies of the 1997-99 North Carolina State Budget on Transportation, and the Overview of Fiscal and Budgetary Actions, North Carolina General Assembly, 1995 & 1996 Session. Mr. Goldman referred to Statue G. S. 143 which discusses the format for budget presentation. He then reviewed page B-1 in the Overview Book, the Summary of the Budget, 1995-97 Biennium. That is the certified budget as passed by the North Carolina General Assembly. The committee will address the Highway Fund and the Highway Trust Fund.

Senator Albertson requested a breakdown of the 14 Highway Districts. The Department of Transportation will provide it..

Senator Carpenter asked if the 1996 Bond issue impacted on the budget. Mr. Goldman stated that the Bond issue did not impact on the budget as it occurred subsequently to it.

Mr. Goldman then referred to the Glossary. There is a Certified Budget, which is the one adopted by the General Assembly, and there is an Authorized Budget, which allows the Governor to make certain adjustments.

Mr. Goldman stated that the committee will work on the Continuation Budget, and an Expansion Budget. Upon completion, both will be passed to the House. Mr. Goldman further advised that most discretionary decisions are in the Expansion budget.

Mr. Goldman reviewed the Introduction to the 1997-99 Transportation Budget, focusing on Volume 7 of the budget is is the Performance/Program Analysis. The General Assembly will look at programs. The committee will look more at line items. For example, if there are similar programs, they will be identified together to enable the committee to look at the broader picture, as well as look at an analysis of what money was spent, why, and what was the performance.

Mr. Goldman then discussed the mechanics of how the budget is pulled together and handed out a recommended Continuation Budget Layout (attached). Mr. Goldman

requested the committee to look in Volume 6, Transportation Budget, at page Aa2-budget codes; Aa3-budget and purpose codes; and Aa5- Summary by Objects. Mr. Goldman announced that we can access the budget information by computer through N. C. Accounting System.

Senator Carpenter requested the difference between the Highway Fund and the Highway Trust Fund. Mr. Karl Knapp responded. The Highway Fund is for general maintenance of highways and transportation through the state. In 1989, The Highway Trust Fund was set up as a result of the gas tax and the increase in car sales. That revenue is for designated purposes, and construction of highways such as the urban loops. Some of the other purposes are intra state systems, paving secondary roads, and money for municipal roads. The funds in the Highway Trust fund are budgeted by broad topic.

Most construction is done with Federal and Trust fund money. Some of the programs are:

- The Governor's Highway Safety program is funded primarily with federal money.
- DMV trucks that operate in various states are registered separately from cars.
- Leaking Underground Storage Tanks
- Department of Crime Control and Safety. The Justice & Public Safety will make suggestions regarding their funding.
- Global Transpark receives \$750,000 annually.
- Rail Travel Enhancement and DMV Complex will not be included in the Continuation budget.

In response to a question by Senator Rucho, Mr. Knapp said information regarding use of bond money is not yet available as the bonds will not be issued until April, 1997.

Discussion continued regarding what the Continuation Budget will look like, as well as the format for Special Provisions.

Senator Jordan requested maps and more information regarding Highway Trust funds.

Senator Rucho asked about distribution of money by districts. He was told that this information is not available.

Senator Jordan adjourned the meeting at 10A.M.

Senator Juffler H. Jordan, Jr.

Senate/Chairperson

Gloria Haywood

Senate Committee Clerk

SENATE APPROPRIATIONS TRANSPORTATION SUBCOMMITTEE

February 6, 1997

Agenda

- 1. Opening Comments
- 2. Introduction of Members and Staff
- 3. Continuation Budget Discussion
- 4. General Discussion

DEPARTMENT OF TRANSPORTATION - HIGHWAY FUND

GOAL: The goal of the Department of Transportation is to develop and maintain a safe, effective transportation system for transporting goods, services, and citizens, and to enhance the development of industry and commerce in the state. The powers of the Department of Transportation are set forth in N.C.G.S. 136-18. North Carolina's Transportation Program is reflected in the budget for the Department of Transportation. The budget requirements for transportation purposes are enumerated in the "Budget Appropriations Bill" in accordance with N.C.G.S. 136-44.2.

The Department of Transportation consists of Departmental Administration, the Division of Highways, the Division of Motor Vehicles, the Governor's Highway Safety Program, Public Transportation, Aviation, and Rail programs. The budget is unique because the department acts as custodian of the Highway Fund and accordingly it reflects all the requirements for the fund which include support for other state agencies such as the Highway Patrol.

SUMMARY OF ALL BUDGET CODES:

SENATE APPROPRIATIONS TRANSPORTATION SUBCOMMITTEE

Minutes April 8, 1997 Room 1327 LB 9:45 A. M.

Senator Jordan called a meeting of the Senate Appropriations Subcommittee immediately following the Joint Appropriations Transportation Subcommittee in room 1327 LB, at 9:45A.M. Four of the Senate members were present.

Senator Jordan asked if there were any questions regarding the Special provisions. There were none. Senator Jordan asked that everyone review the special provisions and be prepared to discuss them at the next meeting which will be April 9, 1997 at 8:30A.M. in Room 1028, LB.

At 10:00A.M.m Senator Jordan adjourned the meeting.

SENATE APPROPRIATIONS TRANSPORTATION SUBCOMMITTEE

Minutes April 9, 1997 Room 1028LB 8:30A.M.

The Senate Appropriations Transportation Subcommittee met on April 9, 1997 at 8:30A.M. in room 1028 of the Legislative Building. **Senator Luther H. Jordan, Jr.** Chaired the meeting. Four members of the Senate Committee were present.

Mr. Karl Knapp, staff passed out a three page handout that showed the Governor's Continuation budget for the biennium, and the Expansion Availability. Page 3 of the handout shows the committee recommended changes which are highlighted with arrows. There was committee discussion regarding planning money for the DMV building. It was decided to leave it in and suggested that DMV report the planning progress to the Oversight Committee.

Mr. Knapp also distributed a handout titled Additional Continuation Budget Adjustments, also attached.

Senator Jordan moved the agenda to Special Provisions (attached). #6, Small Urban Construction increased to \$10 Million; #7, Global Transpark needs to develop a plan; #8 limits outdoor advertisingon I-40; #9, rail funding requires a plan and goals to be presented to the Oversight Committee in the fall; #10, \$10 million to be used for public transportation; #11, DMV to provide a survey of highway maintenance; #13, Graduated Licenses.

Senator Rucho wanted to know if the \$10million only for two years. Mr. Knapp said yes. Mr. Levenbook, attorney, said that special provisions only live for the two year biennium. Senator Carpenter wanted to know if the line re Welcome Centers also included Visitor Centers. Mr. Knapp said no.

Senator Jordan requested to leave \$14,698,021 in the proposed expansion plan. He also suggested that no vote be taken on the Special Provisions at this time but on the Proposed Expansion Plan. (See page 3 of handout).

Senator Jordan made a motion to accept the Proposed Expansion Plan as presented. The motion carried.

Senator Jordan said that a vote on the Special Provisions would take place at a subsequent meeting. The meeting was then adjourned at 10:00A.M/)

Senator Luther H. Jordan, Jr.

Senate Chairperson

Gloria Haywood

Senate Clerk

DEPARTMENT OF TRANSPORTATION EXEMPTION FROM GENERAL STATUTES FOR EXPERIMENTAL PROJECT--CONGESTION MANAGEMENT

The Department of Transportation may enter into 1 Sec. @. 2 a design-build-warrant contract to develop, with Federal Highway 3 Administration participation under The 1991 Intermodal Surface 4 Transportation Efficiency Act, Title VI, Part B, Sections 6051-5 6059, a "Congestion Avoidance and Reduction for Autos and Trucks 6 (CARAT)" system of traffic management for the greater Charlotte-7 Mecklenburg urban areas. Notwithstanding any other provision of 8 law, contractors, contractors' employees, and Department 9 Transportation employees involved in this project only do not 10 have to be licensed by occupational licensing boards as "license" 11 and "occupational licensing board" are defined in G.S. 93B-1; and 12 for the purpose of entering into contracts, the Department of 13 Transportation is exempted from the provisions of the following 14 General Statutes: G.S. 136-28.1, 143-52, 143-53, 143-58, 143-128, These statutory exemptions are limited 143-129. 16 available only to the extent necessary to comply with federal 17 rules, regulations, and policies for completion of this project. The Department of Transportation shall report quarterly 19 to the Joint Legislative Transportation Oversight Committee on 20 its efforts to enter into a design-build-warrant contract and to 21 award and construct the project. The report shall include, but 22 not be limited to, the number of types of firms bidding on the 23 project, special qualifications of the firms bidding, and the 24 effect statutory exemptions might have had on the award and of the project and the receipt 25 construction 26 discretionary funding for the project.

F.E.M.A. RECEIVABLES

Sec. @. The Department of Transportation shall report to the Joint Legislative Transportation Oversight Committee and the Fiscal Research Division by March 1, 1998 on the status of Federal Emergency Management Agency receivables for past natural disasters and the efforts by the state to collect those funds from the federal government.

Requested by: Senator Jordan

FEASIBILITY STUDY OF DRIVERS EDUCATION TESTING

- Section @. The Department of Transportation and the Department of Public Instruction shall conduct a study of the feasibility of having drivers education instructors, rather than Division of Motor Vehicles examiners, administer the required written and road tests before a student is issued his or her first drivers permit or license.
- 6 first drivers permit or license.
 7 The Department of Transportation shall report to the Joint
 8 Legislative Transportation Oversight Committee and the Fiscal
 9 Research Division by March 1, 1998 on the results of this
 10 feasibility study along with any enabling legislation necessary
 11 to implement any recommended changes.

CODE NO. 97TRANS-S013B

Requested by: Senator Jordan

SMALL URBAN CONSTRUCTION PROGRAM DISCRETIONARY FUNDS

- 1 Sec. @. Of the funds appropriated in this act to the 2 Department of Transportation:
 - (1) Fourteen million dollars (\$14,000,000) shall be allocated in each fiscal year for small urban construction projects. These funds shall be allocated equally in each fiscal year of the biennium among the 14 Highway Divisions for the small urban construction program for small urban construction projects that are located within the area covered by a one-mile radius of the municipal corporate limits.
 - (2) Ten million dollars (\$10,000,000) shall be used statewide for rural or small urban highway improvements, industrial access roads, and spot safety projects as approved by the Secretary of the Department of Transportation.
- None of these funds used for rural secondary road construction 18 are subject to the county allocation formula as provided in G.S. 19 136-44.5.
- The Department of Transportation shall report to the members of the General Assembly on projects funded pursuant to this section in each member's district prior to the Board of Transportation's
- 23 action. The Department shall make a quarterly comprehensive
- 24 report on the use of these funds to the Joint Legislative
- 25 Transportation Oversight Committee and the Fiscal Research
- 26 Division.

USE OF PUBLIC TRANSPORTATION AND PASSENGER RAIL FUNDING

Section @. The Department of Transportation shall prepare a plan for the use of the expansion funds provided in this act for the improvement of public transportation and passenger rail service. This plan shall set out the specific purposes for which the funds will be used and shall set specific, quantitative goals to be met through the use of the additional funds.

The goals shall address the following:

- (1) Travel time, cost recovery, and business ridership of passenger rail service between Raleigh and Charlotte;
- (2) Extension of passenger rail service to Asheville;
- (3) Assessment of the feasibility and costs of extending passenger rail service in eastern North Carolina;
- (4) Increases in the number of routes served by rural, urban, and regional public transportation systems;
- (5) Increases in ridership for rural, urban, and regional public transportation systems;
- (6) Public transportation service to Work First clients; and
- (7) Cost savings achieved by rural, urban, and regional public transportation systems through the use of new technologies.

The Department of Transportation shall present this plan to the Joint Legislative Transportation Oversight Committee by October 1, 1997, and shall make a report to the 1999 session of the General Assembly indicating the Department's performance in 29 meeting the goals set forth in the plan.

Requested by: Senator Jordan

FEDERAL FUNDS FOR PUBLIC TRANSPORTATION IMPROVEMENTS

BIENNIAL REPORT ON MAINTENANCE REQUIREMENTS

Section @. G.S. 136-44.3 reads as rewritten:

2 §136-44.3. Annual maintenance program; State primary and urban 3 systems. Maintenance Program.

The Department of Transportation shall make a study of the 5 maintenance needs and costs of the State primary and urban 6 systems. On the basis of the costs and proposed appropriations, 7 the Department of Transportation shall develop a statewide annual 8 maintenance program for the State primary and urban systems which 9 shall be subject to the approval of the Board of Transportation 10 and shall take into consideration the general maintenance needs, 11 the special maintenance needs and vehicular traffic and other 12 factors deemed pertinent. The Department of Transportation, from 13 time to time, shall restudy the costs and criteria used as a 14 basis for its annual maintenance program. Copies of the annual 15 maintenance program shall be made available to any member of the 16 Ceneral Assembly upon request. Each division engineer, at the end 17 of the fiscal year, shall certify the maintenance of highways in 18 his division in accordance with the annual work program, along 19 with the explanations of any deviations.

In each even numbered year, the Department of Transportation shall survey the condition of the State highway system and shall prepare a report of the findings of the survey. The report shall provide both quantitative and qualitative descriptions of the condition of the system and shall provide estimates of the following:

- (1) The annual cost of routine maintenance of the State highway system;
- (2) The cost of eliminating any maintenance backlog, by categories of maintenance requirements;
- (3) The annual cost to resurface the State highway system based upon a twelve year repaving cycle for the primary system and a fifteen year cycle for other highways; and
- (4) The cost of eliminating any resurfacing backlog, by type of system.

On the basis of the report, the Department of Transportation 37 shall develop a statewide annual maintenance program for the 38 State highway system, which shall be subject to the approval of 39 the Board of Transportation and shall take into consideration the

- 1 general maintenance needs, special maintenance needs, vehicular
 2 traffic, and other factors deemed pertinent.
- 3 Each division engineer, at the end of the fiscal year, shall 4 certify the maintenance of highways in his division in accordance
- 5 with the annual work program, along with an explanation for any 6 deviations.
- 7 The report on the condition of the State highway system and the 8 annual maintenance program shall be presented to the Joint
- 9 Legislative Transportation Oversight Committee by November 30 of
- 10 each even numbered year and copies shall be made available to any
- 11 member of the General Assembly upon request."

SENATE TRANSPORTATION APPROPRIATIONS SUBCOMMMITTEE

Minutes **April 10, 1997**Room 1027LB
8:00A.M.

Senator Luther Jordan opened the meeting of the Senate Transportation Appropriations Subcommittee which met April 10, 1997 at 8:00A.M. in room 1027 LB. Senator Jordan turned the meeting over to Mr. Tony Goldman, staff.

Mr. Goldman handed out a page titled Subcommittee on Transportation which highlights the proposed budget changes. Mr. Goldman then went over each change indicated by arrows. Mr. Larry Goode of DOT said that \$8 million worth of projects out of \$1 billion will not be completed. This is due to the reduction in Federal Aid Match. There is no reduction in Federal Aid Match in the second year.

Senator Jordan moved the agenda on to Special Provisions. The special provision concerning limitations on outdoor advertising was pulled. Senator Albertson made a motion to accept the special provisions. The motion carried three to two, Senator Carpenter and Senator Rucho both voting no. Senator Jordan then adjourned the meeting at 10A.M.

Senator Luther H. Jordan, Jr.

DEPARTMENT OF TRANSPORTATION EXEMPTION FROM GENERAL STATUTES FOR EXPERIMENTAL PROJECT--CONGESTION MANAGEMENT

1 The Department of Transportation may enter into Sec. 0. 2 a design-build-warrant contract to develop, with Federal Highway 3 Administration participation under The 1991 Intermodal Surface 4 Transportation Efficiency Act, Title VI, Part B, Sections 6051-5 6059, a "Congestion Avoidance and Reduction for Autos and Trucks 6 (CARAT)" system of traffic management for the greater Charlotte-7 Mecklenburg urban areas. Notwithstanding any other provision of contractors, contractors' employees, and Department of 9 Transportation employees involved in this project only do not 10 have to be licensed by occupational licensing boards as "license" 11 and "occupational licensing board" are defined in G.S. 93B-1; and 12 for the purpose of entering into contracts, the Department of 13 Transportation is exempted from the provisions of the following 14 General Statutes: G.S. 136-28.1, 143-52, 143-53, 143-58, 143-128, 143-129. These statutory exemptions are limited 16 available only to the extent necessary to comply with federal 17 rules, regulations, and policies for completion of this project. The Department of Transportation shall report quarterly 18 19 to the Joint Legislative Transportation Oversight Committee on 20 its efforts to enter into a design-build-warrant contract and to 21 award and construct the project. The report shall include, but 22 not be limited to, the number of types of firms bidding on the 23 project, special qualifications of the firms bidding, and the 24 effect statutory exemptions might have had on the award and 25 construction of the project and the receipt 26 discretionary funding for the project.

F.E.M.A. RECEIVABLES

Sec. @. The Department of Transportation shall report to the Joint Legislative Transportation Oversight Committee and the Fiscal Research Division by March 1, 1998 on the status of Federal Emergency Management Agency receivables for past natural disasters and the efforts by the state to collect those funds from the federal government.

Requested by: Senator Jordan

FEASIBILITY STUDY OF DRIVERS EDUCATION TESTING

- Section @. The Department of Transportation and the Department of Public Instruction shall conduct a study of the feasibility of having drivers education instructors, rather than Division of Motor Vehicles examiners, administer the required written and road tests before a student is issued his or her first drivers permit or license.
- 7 The Department of Transportation shall report to the Joint 8 Legislative Transportation Oversight Committee and the Fiscal 9 Research Division by March 1, 1998 on the results of this
- 10 feasibility study along with any enabling legislation necessary
- 11 to implement any recommended changes.

SMALL URBAN CONSTRUCTION PROGRAM DISCRETIONARY FUNDS

1 Sec. @. Of the funds appropriated in this act to the 2 Department of Transportation:

- (1) Fourteen million dollars (\$14,000,000) shall be allocated in each fiscal year for small urban construction projects. These funds shall be allocated equally in each fiscal year of the biennium among the 14 Highway Divisions for the small urban construction program for small urban construction projects that are located within the area covered by a one-mile radius of the municipal corporate limits.
- (2) Ten million dollars (\$10,000,000) shall be used statewide for rural or small urban highway improvements, industrial access roads, and spot safety projects as approved by the Secretary of the Department of Transportation.

None of these funds used for rural secondary road construction 18 are subject to the county allocation formula as provided in G.S. 19 136-44.5.

The Department of Transportation shall report to the members of the General Assembly on projects funded pursuant to this section in each member's district prior to the Board of Transportation's action. The Department shall make a quarterly comprehensive report on the use of these funds to the Joint Legislative Transportation Oversight Committee and the Fiscal Research Division.

GLOBAL TRANSPARK AUTHORITY BUSINESS PLAN FOR DISADVANTAGED BUSINESS PARTICIPATION

- Sec. @. The Global Transpark Authority shall develop a
- 2 business plan for meeting its ten percent goal for disadvantaged
- 3 business participation in contracting. The Global Transpark
- 4 Authority shall submit a copy of that business plan to the Joint
- 5 Legislative Transportation Oversight Committee and the Fiscal
- 6 Research Division by March 1, 1998.

USE OF PUBLIC TRANSPORTATION AND PASSENGER RAIL FUNDING

Section @. The Department of Transportation shall prepare a plan for the use of the expansion funds provided in this act for the improvement of public transportation and passenger rail service. This plan shall set out the specific purposes for which the funds will be used and shall set specific, quantitative goals to be met through the use of the additional funds.

The goals shall address the following:

- (1) Travel time, cost recovery, and business ridership of passenger rail service between Raleigh and Charlotte;
- (2) Extension of passenger rail service to Asheville;
- (3) Assessment of the feasibility and costs of extending passenger rail service in eastern North Carolina;
- (4) Increases in the number of routes served by rural, urban, and regional public transportation systems;
- (5) Increases in ridership for rural, urban, and regional public transportation systems;
- (6) Public transportation service to Work First clients; and
- (7) Cost savings achieved by rural, urban, and regional public transportation systems through the use of new technologies.

The Department of Transportation shall present this plan to the 26 Joint Legislative Transportation Oversight Committee by October 27 1, 1997, and shall make a report to the 1999 session of the 28 General Assembly indicating the Department's performance in 29 meeting the goals set forth in the plan.

BIENNIAL REPORT ON MAINTENANCE REQUIREMENTS

Section @. G.S. 136-44.3 reads as rewritten:

2 §136-44.3. Annual maintenance program; State primary and urban 3 systems. Maintenance Program.

The Department of Transportation shall make a study of the 5 maintenance needs and costs of the State primary and urban 6 systems. On the basis of the costs and proposed appropriations, 7 the Department of Transportation shall develop a statewide annual 8 maintenance program for the State primary and urban systems which 9 shall be subject to the approval of the Board of Transportation 10 and shall take into consideration the general maintenance needs, 11 the special maintenance needs and vehicular traffic and other 12 factors deemed pertinent. The Department of Transportation, from 13 time to time, shall restudy the costs and criteria used as a 14 basis for its annual maintenance program. Copies of the annual 15 maintenance program shall be made available to any member of the 16 General Assembly upon request. Each division engineer, at the end 17 of the fiscal year, shall certify the maintenance of highways in 18 his division in accordance with the annual work program, along 19 with the explanations of any deviations.

In each even numbered year, the Department of Transportation 21 shall survey the condition of the State highway system and shall 22 prepare a report of the findings of the survey. The report shall 23 provide both quantitative and qualitative descriptions of the 24 condition of the system and shall provide estimates 25 following:

- The annual cost of routine maintenance of the State (1) highway system;
- (2) The cost of eliminating any maintenance backlog, by categories of maintenance requirements;
- (3) The annual cost to resurface the State highway system based upon a twelve year repaving cycle for the primary system and a fifteen year cycle for other highways; and
- (4) The cost of eliminating any resurfacing backlog, by type of system.

On the basis of the report, the Department of Transportation 37 shall develop a statewide annual maintenance program for the 38 State highway system, which shall be subject to the approval of 39 the Board of Transportation and shall take into consideration the

- 1 general maintenance needs, special maintenance needs, vehicular 2 traffic, and other factors deemed pertinent.
- Bach division engineer, at the end of the fiscal year, shall
- 4 certify the maintenance of highways in his division in accordance
- 5 with the annual work program, along with an explanation for any
- 6 deviations.
- 7 The report on the condition of the State highway system and the
- 8 annual maintenance program shall be presented to the Joint
- 9 Legislative Transportation Oversight Committee by November 30 of
- 10 each even numbered year and copies shall be made available to any
- 11 member of the General Assembly upon request."

GRADUATED DRIVERS LICENSE PROGRAM

Section @. Section 11 of Chapter ??? of the 1997 1 2 Session Laws reads as rewritten: "Section 11. This act becomes effective December 1, 4 1997, if the General Assembly appropriates the necessary funds 5 from the Highway Fund to the Department of Transportation, 6 Division of Motor Vehicles, to administer the provisional license 7 program. 1997. Sections 1 through 7 of this act do not apply to 8 any person who holds a valid North Carolina limited learner's 9 permit issued before the effective date of this act, who holds a 10 valid North Carolina learner's permit issued before the effective 11 date of this act, or who is a provisional licensee and holds a 12 valid North Carolina drivers license issued before the effective 13 date of this act."
