SENATE COMMERCE COMMITTEE

February 18, 1997

The first meeting of the Senate Commerce Committee was held in Room 1027 of the State Legislative Building at 11:00 a.m. on Tuesday, February 18, 1997. Nineteen member of the Committee were present. Visitors attending the meeting are listed on the attached Visitor Registration Sheets.

Senator Soles, Chairman, called the meeting to order and asked each member to introduce themselves stating the area of the State which they represent and also to give a brief statement concerning their business background. Senator Soles then introduced the staff attorneys who will be working with the Committee and the areas of their expertise. They are: Mr. Linwood Jones (Mfg. And Labor Issues), Mr. Walker Reagan (Economic Development), Ms. Karen C. Brown (Financial Institutions) and Mr. Steve Rose (Public Utilities).

Secretary E. Norris Tolson, North Carolina Department of Commerce, was recognized by Senator Soles to address the Committee. Mr. Tolson who was recently appointed to the position of Secretary gave the Committee a brief overview of the Department and what it is about along with some plans he has for the future. (See attached handout which outlines the duties of the various divisions within the Department.).

The second speaker was Mr. Paul G. Butler, Jr., Director of the Southeastern North Carolina Regional Economic Development Commission. Mr. Butler described some of the things the Commission has been involved in in its efforts to bring economic benefit to the eleven counties in the region. He said he was excited about the fact that they had been able to raise some private funds to further their efforts, and thanked the Legislature for their vision in establishing the regional commissions.

The final speaker was Mr. Jim Sughrue, Vice President for Communications, N. C. Global Transpark Authority. Mr. Sughrue reviewed the history of the Authority and the progress that has been made during the past few years. He said the Environmental Impact Study would be completed by the end of the summer and they would then be in a position to receive federal funding to go forward with the development of the air field and other aspects of the Park.

Following a question and answer period of all speakers Senator Soles adjourned the meeting at 12:00 Noon.

The Department of Commerce is the state's lead agency for economic and community development. The department promotes a wide variety of opportunities to improve the economy of the entire Tar Heel State, rural and urban areas alike. Promoting tourism, exporting, film production, downtown revitalization and industry recruitment are some of the areas for which the Commerce Department is responsible. The department's goal is to create new jobs and more diverse employment opportunities for all North Carolinians.

Business/Industry Development Division: This division leads North Carolina's business and industrial recruitment efforts. Based in Raleigh, its staff works closely with other public and private development organizations to attract new industries to the state. In addition, the division's retention and expansion program -- designed to encourage existing North Carolina companies to stay and grow here -- operates out of nine regional offices to ensure better service and equal access to companies throughout the state.

Division of Community Assistance: This division has a threefold mission. First, it administers the federally funded Small Cities Community Development Block Grant program, which assists low- and moderate-income North Carolinians through the creation of jobs, housing and improved infrastructure. CDBGs are awarded to local governments on a competitive basis. The division also administers the state's Main Street program, which helps communities revitalize their downtown areas. Finally, planners in the division's seven regional offices assist local governments with other planning needs, such as annexations and zoning regulations.

Division of Employment and Training: This division administers North Carolina's share of federal Job Training Partnership Act funds. Economically disadvantaged people, people laid off from work, and people with serious barriers to employment are trained for jobs, or retrained for a different kind of job, through JTPA programs. Also designated as the state's Dislocated Worker Unit, this division receives notice of all plant closings and mass layoffs in the state to ensure timely assistance to affected workers.

Energy Division: This division is the state's official source for energy planning and management, energy information and energy technical assistance. The division's key responsibilities include promoting renewable energy and energy efficiency in every sector of the economy, preparing energy forecasts and updating and developing North Carolina's energy emergency plans.

Film Office: The Film Office promotes North Carolina as a site for motion picture, television and commercial production. The Film Office staff works closely with film producers and others to keep movie making in North Carolina practical, pleasant and profitable.

Finance Center: To help businesses that want to locate or expand operations in the Tar Heel State, the Commerce Finance Center administers a variety of economic development financing programs: the Industrial Building Renovation Fund, the Basic Building Fund and the Community Development Block Grant program for economic development projects. The agency also administers Industrial Revenue Bonds and the William S. Lee Quality Jobs and Business Expansion Act. This Act provides tax credits to companies that invest in jobs, equipment, research and development and worker training.

International Trade Division: Responsible for the state's foreign trade activities, this division's primary goal is to help small and mid-sized firms market their products overseas through its Export Outreach Program, Trade Events Program and the Shared Foreign Sales Corporation Program.

Sports Development Office: The Sports Development Office works with local groups, other state agencies and sports organizations to attract amateur and professional sporting events to North Carolina.

Division of Travel and Tourism: The Division of Travel and Tourism promotes North Carolina as a vacation destination to travelers worldwide in an effort to increase travel expenditures, create additional employment and strengthen the overall economy of the state.

MINUTES
SENATE COMMERCE COMMITTEE
February 25, 1997

A meeting of the Senate Commerce Committee was held in Room 1027 of the State Legislative Building at 11:00 a.m. on Tuesday, February 25, 1997. Nineteen members of the Committee were present. Visitors attending the meeting are listed on the attached Visitor Registration Sheets.

Senator Soles called the meeting to order.

The following bills were considered by the Committee:

S. B. 141, AN ACT TO IMPLEMENT THE RECOMMENDATION OF THE STATE PORTS COMMISSION TO EXEMPT THE STATE PORTS AUTHORITY FROM STATE PURCHASE AND CONTRACT REQUIREMENTS.

Senator Rand was recognized to explain the bill. He offered a Committee Substitute for the bill, a copy of which is attached. He said that the bill came out of a recommendation of the Ports Study Commission, and he felt it would enable our Ports to be more competitive with Charleston and other ports around the country.

Speaking in opposition to the bill were Mr. Ed Little, Chief of Purchasing, Purchase and Contract Division, and Mr. Speros Flagas from the State Construction Office. A copy of a memorandum from the Department of Administration is attached which enumerates the concerns of that Department.

Mr. Tommy Green, Chief Financial Officer of the State Ports Authority, Mr. Dennis Myers, attorney from the Attorney General's Office who is Counsel to the State Ports, and Mr. Jack Tilley, Chairman of the Ports Advisory Council, spoke in support of the legislation.

After questions from the Committee, Senator Rand offered an amendment (Copy attached.) which added a sunset provision to the bill. Senator Rand then moved the adoption of the Committee Substitute for Senate Bill 141, as amended. Motion carried.

S.B. 142, AN ACT TO IMPLEMENT THE RECOMMENDATION OF THE STATE PORTS STUDY COMMISSION TO PROVIDE THAT AT LEAST ONE MEMBER OF THE BOARD OF THE NORTH CAROLINA STATE PORTS AUTHORITY BE AFFILIATED WITH A MAJOR EXPORTER OR IMPORTER USING THE STATE PORTS.

Senator Rand was recognized to explain the bill. He said the bill requires that one appointment to the State Ports Authority made by the Governor be a person affiliated with a major exporter or importer currently using the State Ports. Senator Kincaid moved that Senate Bill 142 be given a favorable report. Motion carried.

S.B. 157, AN ACT TO AMEND THE LAW GOVERNING DISSENTERS' RIGHTS PROCEDURES AND THE FILING OF DOCUMENTS BY LIMITED LIABILITY COMPANIES, TO ALLOW FACSIMILE SIGNATURES AND ADVISORY REVIEW OF DOCUMENTS BY THE SECRETARY OF STATE, AND TO CLARIFY CORRECTIONS PROCEDURES, LIMITED LIABILITY NAME AVAILABILITY, AND THE DEFINITION OF FOREIGN PROFESSIONAL CORPORATIONS AS RECOMMENDED BY THE GENERAL STATUTES COMMISSION.

Senator Hartsell, the bill sponsor, was recognized. He, in turn, asked Mrs. Doris Bray, a member of the General Statutes Commission, to explain the bill. See attached copy of a memorandum dated February 24, 1997, for a summary of her remarks.

Senator Rand moved that Senate Bill 157 be given a favorable report but that it be re-referred to the Committee on Finance. Motion carried.

Senator Soles introduced Secretary of State Elaine Marshall who was in the audience and asked if she had comments on the bill. She said she had none in that Mrs. Bray had done such an excellent job of explaining it.

There being no further business, the meeting adjourned at 12:05 p.m.

MEMORANDUM

TO: Senator R.C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel

RE: **SENATE BILL 141 - EXEMPT STATE PORTS FROM PURCHASE AND CONTRACT** - Senator Rand.

Senate Bill 141 would exempt the State Ports Authority from normal purchase and contract requirements that apply to most state agencies. This bill is a recommendation of the State Ports Study Commission.

Section 1 of the bill would amend G.S. 143B-465 which currently makes the State Ports Authority subject to the provisions of Articles 3 and 8 of Chapter 143, by exempting the State Ports from the mandatory requirements of these Articles while allowing the State Ports to use the services of the Department of Administration in these areas when appropriate. Article 3 governs the purchase of supplies, materials and services by State government. Article 8 governs the construction projects. This section also requires the State Ports Authority to report to the Joint Legislative Commission on Governmental Operations quarterly on any purchases or building contracts exceeding $250,000.

This bill would become effective when it becomes law.

HOUSE BILL #164 & SENATE BILL #141

STATE PORTS/PURCHASE & CONTRACT

SUBJECT: To exempt the State Ports Authority from State Purchase and Contract requirements

CONCERNS:

1) Accountability: There will be no accountability on the way funds are spent. There will be no way to insure the money is being spent efficiently. Most of their purchases are probably under the reporting requirement of $250,000.00

The Board of Award, comprised mostly of legislators, currently advises on the award of contracts on purchases that exceed $10,000.00. They would loose sight of the majority of the expenditures by the Ports.

2) Oversight: There will be no oversight on how they conduct their business. Who would have oversight to ensure fair and open competition is being sought? The purchasing functions would go undetected. NOTE: The State Auditor does not perform this function.

Oversight by the Division of Purchase and Contract provides the opportunity to review files to insure purchasing practices used are in the best interest of the State.

3) Competition: Competition would not be required. Advertisement to alert potential sources and to show the procurement process is being conducted in an open and fair manner would not be required.

4) Staffing: Their staff would have to be enlarged resulting in a duplication of effort and unnecessary expenditures.

116 West Jones Street Raleigh, North Carolina 27603-8002
State Courier 51-01-06
An Equal Opportunity / Affirmative Action Employer

5) Reporting: The Legislature, under Article 3, Chapter 143, requires numerous reports on what is purchased and with whom. They would not be required to provide these reports.

Reports filed by Purchase and Contract with the Legislature would be incomplete without knowledge of their procurements.

SUMMARY: The professional purchasing staff of the Division of Purchase and Contract are assigned by statute the responsibility and accountability for the procurement of goods and services, for the purpose of insuring effective and efficient expenditures of public funds. This provides for oversight by an unbiased party in the preparation, evaluation and award of contracts. It also prevents preference buying which is not permitted in governmental contracting.

The General Assembly shall appoint two persons to serve terms expiring June 30, 1983. The General Assembly shall appoint four persons to serve terms beginning July 1, 1983, to serve until June 30, 1985, and successors shall serve for two-year terms. Of the four appointments made in 1983 and biennially thereafter, two shall be made upon the recommendation of the President of the Senate, and two shall be made upon the recommendation of the Speaker. Successors to these persons for terms beginning on or after January 1, 1997, shall be appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate.

Thereafter, at the expiration of each stipulated term of office all appointments made by the General Assembly shall be for terms of two years.

Appointments by the General Assembly shall be made in accordance with G.S. 120-121, and vacancies in those appointments shall be filled in accordance with G.S. 120-122. Members appointed by the General Assembly may be removed only for reasons provided by G.S. 143B-13.

MEMORANDUM

TO: Senator R.C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel

RE: **SENATE BILL 142 - PORT USER ON PORTS BOARD** - Senator Rand.

Senate Bill 142 would require that one appointment to the State Ports Authority made by the Governor be a person affiliated with a major exporter or importer currently using the State Ports. This bill is a recommendation of the State Ports Study Commission.

Section 1 of the bill amends G.S. 143B-452 which creates the State Ports Authority and its board. This provision adds the requirement that at leaset one of the appointees of the Governor be a person affiliated with a major exporter or importer currently using the State Ports.

The board of the State Ports Authority has 11 members, 7 selected by the Governor (6 appointees and the Secretary of Commerce) and 4 appointed by the General Assembly (2 upon the recommendation of the Speaker, 2 upon the recommendation of the President Pro Tempore (beginning January 1, 1997)). The Governor's appointees serve 6-year terms, and their terms are currently staggered so that the Governor has one appointment per year. The General Assembly's appointees serve 2-year terms, and their terms are currently staggered so that the General Assembly appoints 2 members each year.

Section 2 of the bill provides that the Governor's appointment of a port user would be for the member whose term expires June 30, 1998.

The bill would be effective when it becomes law.

MEMORANDUM

TO: Senate Commerce Committee

FROM: General Statutes Commission

DATE: February 24, 1997

RE: **Senate Bill 157 (Corporate Amendments)**

General Comments

Senate Bill 157 amends various statutes relating to business corporations, nonprofit corporations, professional corporations, limited liability companies, and limited partnerships. The bill amends the law governing dissenters' rights procedures and the filing of documents by limited liability companies; allows facsimile signatures and advisory review of documents by the Secretary of State; and clarifies corrections procedures, limited liability company name availability, and the definition of foreign professional corporations. Parts II through XI of this bill were prepared in cooperation with the Office of the Secretary of State.

Specific Comments

Part I. Amendment of Dissenters' Rights Procedures.

This Part amends G.S. 55-13-22(b) to eliminate an ambiguity caused by the term "corporate action" by making it clear that the term refers to shareholder approval, or if no shareholder approval is required, then approval of the board of directors, of the corporate transaction creating dissenters' rights under G.S. 55-13-02. The Part also amends G.S. 55-13-30: (1) to clarify that a dissenters' rights proceeding is a civil action that must be heard by a superior court judge and is local rather than transitory in nature; (2) to specify a period of time within which a corporation must pay a dissenting shareholder after a complaint in a dissenters' rights proceeding is served on the corporation; and (3) to clarify that there is no right to a jury trial in a proceeding by a dissenter in a public corporation that was a public corporation

immediately prior to consummation of the corporate action, e.g. merger, creating the right of dissent.

Part II. Advisory Review of Preliminary Drafts of Documents.

This Part amends Chapters 55, 55A, and 57C to provide explicit authority for the Secretary of State to perform an advance review of documents to be submitted for filing at a later date. The Part also authorizes the Secretary of State to charge a fee of $200 for the review.

Part III. Clarification of Articles of Correction Procedures.

This Part clarifies that articles of correction may be used to correct an incorrect statement in a filed document only if the statement was incorrect when the document was filed. The Part also amends Chapter 59 to permit a limited partnership to correct an incorrect statement in a document filed with the Secretary of State.

Part IV. Restatement of Limited Liability Company Articles of Organization.

This Part adds a new section to Chapter 57C to permit limited liability companies to file restated articles of organization. G.S. 57C-1-22(a) presently authorizes the Secretary of State to collect filing fees for restated articles of organization, both with and without amendments, but Chapter 57C otherwise contains no explicit authority for restated articles.

Part V. Cancellation of Articles of Dissolution of Limited Liability Company.

This Part adds a new section to Chapter 57C to permit limited liability companies to cancel articles of dissolution. The Part also makes a conforming amendment to G.S. 57C-1-22(a).

Part VI. Availability of Limited Liability Company Name.

This Part authorizes the Secretary of State to permit the name of a dissolved limited liability company to be used by another company once it is certain that the dissolved company cannot be returned to an active status either by vote of the members to carry on the business or by reinstatement from administrative dissolution.

Part VII. Authorization of Facsimile Signatures for Limited Partnership Documents.

This Part permits limited partnerships to use facsimile signatures on any document authorized to be filed with the Secretary of State. The Part brings the limited partnership statutes in conformity with the statutes governing business corporations, nonprofit corporations, and limited liability companies.

Part VIII. Modification of Definition of Foreign Professional Corporation.

This Part eliminates a conflict between G.S. 55B-15, which excludes from the scope of the Professional Corporation Act grandfathered business corporations (those incorporated and engaging in professional services prior to June 5, 1969), and G.S. 55B-16, which requires foreign grandfathered corporations applying for certificates of authority to meet the requirements contained in G.S. 55B-16(a).

Part IX. Correction of Delayed Effective Date Statutes for Limited Partnership Documents.

This Part eliminates the 20-day delayed effective date provision in G.S. 59-201(b) for a certificate of limited partnership and in G.S. 59-203(4) for a certificate of cancellation. These provisions conflict with the 90-day delayed effective date provision in G.S. 59-206(b2) for any limited partnership document. The elimination of this conflict conforms the delayed effective date limits for limited partnerships to the delayed effective date limits authorized for business corporations, nonprofit corporations, and limited liability companies.

Part X. Removal of "Conforming to Law" Language in Revised Uniform Limited Partnership Act.

This Part requires the Secretary of State to file a limited partnership document if it satisfies the requirements of the Revised Uniform Limited Partnership Act, G.S. 59-101 et seq., rather than if the document conforms to law. The Part brings the limited partnership statutes in conformity with the statutes governing business corporations, nonprofit corporations, and limited liability companies.

Part XI. Effective Dates.

This Part contains effective date and applicability provisions.

MEMORANDUM

TO: Senator R.C. Soles, Jr., Chairman

FROM: Linwood Jones, Staff Counsel

RE: Senate Bill 157 (Corporate Amendments)

Section 1 changes the time allotted to a corporation to notify dissenting shareholders that it is taking action that will invoke the dissenter's rights to obtain payment for the fair value of their shares. Currently, the notice must be given within 10 days after the corporate action was taken. Section 1 requires the notice to be given within 10 days after shareholder approval of the corporate action or, if no shareholder approval was required, within 10 days after approval of the corporate action by the board of directors.

Section 2 amends the law governing the dissenter's filing of a lawsuit to resolve an unsettled claim for payment for shares. The amendments specify that suit must be brought in *superior* court and gives the corporation a specific time period (10 days after suit is brought) in which to pay to the dissenter the amount that is has already offered to the dissenter. The suit will be tried as any other civil action, except there is no trial by jury if the corporation was a public corporation at the time it took the action creating the dissenter's rights.

Sections 3, 4, 5, and 6 of the bill authorize the Secretary of State to review in advance a document to be filed by a corporation, nonprofit corporation, limited liability company, or limited partnership to ensure that the document contains the information necessary for it to be accepted for filing and to alert the filer of any needed changes.

Sections 7, 8, 9 and 10 provide for a $200 fee for this advanced review for each of these four types of entities.

Sections 11 through 14 allow these four types of entities to correct a document filed with the Secretary of State if the information to be corrected was incorrect at the time of filing and continues to be incorrect. Limited liability companies and limited partnerships will also be able

to correct a defective attestation, seal, verification, or acknowledgement. (Corporations and nonprofit corporations can already do this).

Section 15 adds a new provision concerning restatement of limited liability company articles of organization.

Section 16 adds a new provision for cancellation of articles of dissolution of a limited liability company. A limited liability company may cancel articles of dissolution it has filed by filing, with the agreement of the remaining members, articles of cancellation within 90 days of the event of withdrawal.

Section 17 renames "articles of revocation of dissolution" as "cancellation of articles of dissolution."

Section 18 sets out the time period after the dissolution of a limited liability company in which no business can use the name of the dissolved limited liability company.

Section 19 acknowledges faxed signatures on partnership document filings.

Section 20 modifies the definition of a foreign professional corporation.

Sections 21 and 22 amend the delayed effective date statute for limited partnerships. The change allows the partnership to specify a delayed effective date as to when the partnership comes into existence. Currently, the effective date can be delayed only up to 20 days after the endorsement by the Secretary of State. A similar change was made for a delay in cancellation of a certificate of limited partnership.

Sections 23 and 24 revise language in the limited partnership laws concerning the Secretary of State determining whether filed documents "conform to law." The Secretary instead will determine whether "the requirements of this article (Uniform Limited Partnership Act) are met."

Section 25 sets out the effective dates for the changes. The changes concerning dissenter's rights, the changes concerning advisory review of documents, and certain other changes take effect October 1, 1997. The remaining portions of the bill take effect when the bill becomes law.

SENATE COMMERCE COMMITTEE
March 4, 1997

The Senate Commerce Committee met in Room 1027 of the State Legislative Building at 11:00 a.m. on Tuesday, March 4, 1997. Nineteen members of the Committee were present. Visitors attending the meeting are listed on the attached Visitor Registration Sheets.

Senator Soles called the meeting to order.

The following bills were considered by the Committee:

SJR 107, A JOINT RESOLUTION PROVIDING FOR THE CONFIRMATION OF THE APPOINTMENT OF WILLIAM R. PITTMAN MADE BY THE GOVERNOR TO MEMBERSHIP ON THE NORTH CAROLINA UTILITIES COMMISSION.

Senator Soles recognized Mr. Pittman for remarks. (See attached Resume, Statement of Economic Interest, and other information relating to this appointment.) Mr. Pittman elaborated on his background and his interest in serving on the Commission. Questions were asked by various members of the Committee. In addition to Senators Cooper and Reeves, sponsors of the resolution, Senators Hoyle, Kerr, Lee and Rand spoke in support of Mr. Pittman. Senator Hoyle moved that SJR 107 be given a favorable report. Motion carried.

SB 153, AN ACT TO EXTEND THE SCRAP TIRE DISPOSAL TAX AT ITS CURRENT RATE, TO AMEND THE SCRAP TIRE DISPOSAL ACT TO DISCOURAGE THE DISPOSAL OF SCRAP TIRES FROM OUTSIDE THE STATE, AND TO COMPLETE THE CLEANUP OF NUISANCE TIRE COLLECTION SITES, AS RECOMMENDED BY THE ENVIRONMENTAL REVIEW COMMISSION.

Senator Odom was recognized for an explanation of the bill. (See attached information on the Scrap Tire Disposal Account.) Senator Odom said the thrust of the bill was to take out the sunset provision in the law which expires at the end of the fiscal year. Senator Odom said that 50 per cent of the fees collected goes to the counties; 40 percent to recycling and 10 per cent to clean up sites. Senator Ed Warren moved that SB 153 receive a favorable report and that it be re-referred to the Finance Committee. Motion carried.

SB 158, AN ACT TO EXPAND THE TIME CORPORATIONS AND LIMITED LIABILITY COMPANIES MAY APPLY FOR REINSTATEMENT FROM ADMINISTRATIVE DISSOLUTION, TO INCREASE THE FEE CORPORATIONS MUST PAY FOR REINSTATEMENT AFTER ADMINISTRATIVE DISSOLUTION, TO ESTABLISH A FEE LIMITED LIABILITY COMPANIES MUST PAY FOR REINSTATEMENT AFTER ADMINISTRATIVE DISSOLUTION, AND TO PROVIDE THAT ANNUAL REPORTS OF BUSINESS CORPORATIONS AND LIMITED LIABILITY COMPANIES SHALL BE FILED WITH THE DEPARTMENT OF REVENUE RATHER THAN THE SECRETARY OF STATE, AS RECOMMENDED BY THE GENERAL STATUTES STUDY COMMISSION. Mrs. Doris Bray, member of the General Statutes Commission, explained the bill. (See attached memorandum for specific information on the bill.) Mr. David Massey with the Secretary of State's Office assisted in answering questions. Senator Hoyle moved that SB 158 be given a favorable report but re-referred to the Finance Committee. Motion carried.

S. B. 163, AN ACT TO ENACT THE UNIFORM TRANSFER ON DEATH (TOD) SECURITY REGISTRATION ACT AS RECOMMENDED BY THE GENERAL STATUTES COMMISSION. Senator Hartsell, the bill sponsor, introduced Mr. Charlie Murray, a member of the Drafting Committee of the General Statutes Commission, who explained the bill. (See attached memoranda for information on the legislation.) Mr. Tom Andrews, Chief Counsel for the Administrative Office of the Courts, said the bill would have some effect on their operation but it was difficult to calculate to what extent. Senator Hoyle moved that the bill be given a favorable report and that it be re-referred to the Finance Committee. Motion carried.

There being no further business, the meeting adjourned at 12:10 p.m.

MEMORANDUM

TO: **Senate Committee on Commerce**

FROM: **Steven Rose, Committee Counsel for Public Utilities**

RE: **Senate Joint Resolution 107; Confirmation of appointment of William R. Pittman to the North Carolina Utilities Commission**

Senate Joint Resolution 107 confirms the appointment of William R. Pittman as a member of the North Carolina Utilities Commission. Commissioner Pittman was appointed by Governor Hunt to serve the remainder of the unexpired term of Commissioner Hugh Wells. This term will expire June 30, 2001.

The North Carolina Utilities Commission consists of seven commissioners who are appointed for eight year terms. Commissioners are appointed by the Governor and must be confirmed by the General Assembly by Joint Resolution. Vacancies are filled by the Governor with confirmation by the General Assembly. A vacancy arising when the General Assembly is not in Session, may be filled by the Governor if he deems the appointment urgent. The Commissioner so appointed serves on an interim basis pending confirmation by the General Assembly. Mr. Pittman was appointed in this manner.

A Utilities Commissioner is paid the same salary as a Superior Court Judge, $90,915 at present. There are fixed salary increases based upon length of service on the Utilities Commission, 4.8% after five years of service and 9.6% after ten years. Members of the Utilities Commission are subject to the same standards of conduct as a judge. They may be removed during their term of office only for cause, by impeachment.

During service on the Commission, a Commissioner may not engage in any other employment, business, profession or vocation. During the term of office the Commissioner may not be associated in any way with any public utility company, including ownership of any interest.

The General Assembly created the Utilities Commission and establishes policies which the Commission carries out, usually with broad discretion. The Commission is both a regulator of public utilities, as well as a judge in all contested matters relating to public utilities. Decisions of the Utilities Commission are appealable directly to the North Carolina Court of Appeals, with the exception of general rate cases, which are appealable directly to the North Carolina Supreme Court.

The North Carolina Utilities Commission regulates the rates and services of the intrastate operations of public utilities supplying electricity, gas, telecommunications services, water and sewer services, taxis, buses, trains, trucking services, express package and mail services, and radio common carriers. The extent of this regulation varies from utility to utility, and there are

limitations imposed by federal law. The Commission hears and decides proceedings relating to the issuance of utility franchises, the construction of electric generating plants, the setting of rates, the adjustment of electric utility rates based upon fuel cost changes, the provision of new utility services, and the adjudication of complaints concerning the services of public utilities. Again, the extent of the Commission's jurisdiction varies from utility to utility and is effected in some cases by federal law.

Organization of Utilities Commission.

§ 62-10. Number; appointment; terms; qualifications; chairman; vacancies; compensation; other employment prohibited.

(a) The North Carolina Utilities Commission shall consist of seven commissioners who shall be appointed by the Governor subject to confirmation by the General Assembly by joint resolution. The names of commissioners to be appointed by the Governor shall be submitted by the Governor to the General Assembly for confirmation by the General Assembly on or before May 1, of the year in which the terms for which the appointments are to be made are to expire. Regardless of the way in which names of commissioners are submitted, confirmation of commissioners must be accomplished prior to adjournment of the then current session of the General Assembly. This subsection shall be subject to the provisions of subsection (c) of this section.

(b) The terms of the commissioners now serving shall expire at the conclusion of the term for which they were appointed which shall remain as before with two regular eight-year terms expiring on July 1 of each fourth year after July 1, 1965, and the fifth term expiring on July 1 of each eighth year after July 1, 1963. The terms of office of utilities commissioners thereafter shall be eight years commencing on July 1 of the year in which the predecessor terms expired, and ending on July 1 of the eighth year thereafter.

(c) In order to increase the number of commissioners to seven, the names of two additional commissioners shall be submitted to the General Assembly on or before May 27, 1975, for confirmation by the General Assembly as provided in G.S. 62-10(a). The commissioners so appointed and confirmed shall serve new terms commencing on July 1, 1975, one of which shall be for a period of two years (with the immediate successor serving for a period of six years), and one of which shall be for a period of two years.

Thereafter, the terms of office of the additional commissioners shall be for eight years as provided in G.S. 62-10(b).

(d) A commissioner in office shall continue to serve until his successor is duly confirmed and qualified but such holdover shall not affect the expiration date of such succeeding term.

(e) On July 1, 1965, and every four years thereafter, one of the commissioners shall be designated by the Governor to serve as chairman of the Commission for the succeeding four years and until his successor is duly confirmed and qualifies. Upon death or resignation of the commissioner appointed as chairman, the Governor shall designate the chairman from the remaining commissioners and appoint a successor as hereinafter provided to fill the vacancy on the Commission.

(f) In case of death, incapacity, resignation or vacancy for any other reason in the office of any commissioner prior to the expiration of his term of office, the name of his successor shall be submitted by the Governor within four weeks after the vacancy arises to the General Assembly for confirmation by the General Assembly. Upon failure of the Governor to submit the name of the successor, the Lieutenant Governor and Speaker of the House jointly shall submit the name of a successor to the General Assembly within six weeks after the vacancy arises. Regardless of the way in which names of commissioners are submitted, confirmation of commissioners must be accomplished prior to the adjournment of the then current session of the General Assembly.

(OVER)

(g) If a vacancy arises or exists pursuant to either subsection (a) or (c) or (f) of this section when the General Assembly is not in session, and the appointment is deemed urgent by the Governor, the commissioner may be appointed and serve on an interim basis pending confirmation by the General Assembly.

(h) The salary of each commissioner shall be the same as that fixed from time to time for judges of the superior court except that the commissioner designated as the chairman shall receive one thousand dollars ($1,000) additional per annum. In lieu of merit and other increment raises paid to regular State employees, each commissioner, including the commissioner designated as chairman, shall receive as longevity pay an amount equal to four and eight-tenths percent (4.8%) of the annual salary set forth in the Current Operations Appropriations Act payable monthly after five years of service, and nine and six-tenths percent (9.6%) after 10 years of service. "Service" means service as a member of the Utilities Commission.

§ 62-11. Oath of office.

Short Title: Scrap Tire Disposal Tax Amend. (Public)

Sponsors: Senator Odom.

Referred to: Commerce.

February 17, 1997

A BILL TO BE ENTITLED

AN ACT TO EXTEND THE SCRAP TIRE DISPOSAL TAX AT ITS CURRENT RATE, TO AMEND THE SCRAP TIRE DISPOSAL ACT TO DISCOURAGE THE DISPOSAL OF SCRAP TIRES FROM OUTSIDE THE STATE, AND TO COMPLETE THE CLEANUP OF NUISANCE TIRE COLLECTION SITES, AS RECOMMENDED BY THE ENVIRONMENTAL REVIEW COMMISSION.

The General Assembly of North Carolina enacts:

Section 1. Section 9 of Chapter 548 of the 1993 Session Laws reads as rewritten:

"Sec. 9. Section 4 of this act becomes effective January 1, 1994. ~~Section 8 of this act becomes effective June 30, 1997.~~ All other sections of this act become effective October 1, 1993. ~~Sections 1 through 6 of this act expire June 30, 1997.~~ Section 7 of this act expires June 30, 1995. ~~Any funds remaining in the Scrap Tire Disposal Account created by this act on June 30, 1997, shall be transferred to the Solid Waste Management Trust Fund. The expiration of the additional tax imposed by Section 1 of this act does not affect the rights or liabilities of the State, a taxpayer, or another person that arise during the time the additional tax is in effect.~~ The first quarterly report required by G.S. 130A-309.63(e), as enacted by this act, is due within 60 days after the quarter that ends on December 31, 1993."

Section 2. G.S. 130A-309.63 reads as rewritten:

"**§ 130A-309.63. Scrap Tire Disposal Account.**

(a) Creation. -- The Scrap Tire Disposal Account is established as a nonreverting account within the Department. The Account consists of revenue credited to the

Account from the proceeds of the scrap tire disposal tax imposed by Article 5B of Chapter 105 of the General Statutes.

(b) Use. -- The Department may use revenue in the Account only as authorized by this section. The Department may use up to ~~twenty-five percent (25%)~~ fifty percent (50%) of the revenue in the Account to make grants to units of local government to assist them in disposing of scrap tires. To administer the grants, the Department shall establish procedures for applying for a grant and the criteria for selecting among grant applicants. The criteria shall include the financial ability of a unit of local government to provide for scrap tire disposal, the severity of a unit of local government's scrap tire disposal problem, the effort made by a unit of local government to ensure that only tires generated in the normal course of business in this State are provided free disposal, and the effort made by a unit of local government to provide for scrap tire disposal within the resources available to it. The Department may use up to forty percent (40%) of the revenue in the Account to make grants to encourage the use of crumb rubber. Grants to encourage the use of crumb rubber shall be made in consultation with the Department of Commerce and the Recycling Business Assistance Center. Grants to encourage the use of crumb rubber shall not be used to process tires.

(c) Eligibility. -- A unit of local government is not eligible for a grant unless its costs for disposing of scrap tires for the six-month period preceding the date the unit of local government files an application for a grant exceeded the amount the unit of local government received during that period from the proceeds of the scrap tire tax under G.S. 105-187.19. A grant to a unit of local government may not exceed the unit of local government's unreimbursed cost for the six-month period.

(d) Cleanup of Nuisance Tire Sites. -- The Department may use the remaining revenue in the Account only to clean up scrap tire collection sites that the Department has determined are a nuisance. The Department may use funds in the Account to clean up a nuisance tire collection site only if no other funds are available for that purpose. The Department may use funds in the Account to establish and support a position to provide regulatory assistance to local governments to develop programs to prevent scrap tires from outside the State from being presented for free disposal and to complete the cleanup of nuisance tire collection sites.

(e) Reports. -- The Department shall report annually on the Scrap Tire Disposal Account to the Environmental Review Commission. The report shall be submitted by 1 October of each year for the fiscal year ending the preceding 30 June. The report shall show the beginning and ending balances in the Account for the reporting period, the amount credited to the Account during the reporting period, and the amount of revenue used for grants and to clean up nuisance tire collection sites."

MEMORANDUM

TO: Senate Commerce Committee

FROM: General Statutes Commission

DATE: February 24, 1997

RE: Senate Bill 158 (Administrative Dissolution/Annual Rept.)

General Comments

This bill is the result of a study assigned to the General Statutes Commission last year by the General Assembly in Chapter 17 of the 1996 Session Laws, Second Extra Session.

As is set forth more fully in the Commission's Report to the 1997 General Assembly of North Carolina on Corporate Reinstatement After Dissolution, filed on or about February 17, 1997, business corporations, nonprofit corporations, and limited liability companies can be administratively dissolved by the Secretary of State for a variety of statutorily fixed reasons. Once dissolved, an entity is required to cease doing business. It can, however, be reinstated by the Secretary of State if it corrects whatever the problem was and applies for reinstatement within two years after administrative dissolution. If it does not act within this two-year grace period, it has no alternative but to wind up its affairs and go out of business, with possible disastrous tax consequences. Experience has shown that the current reinstatement period of two years is too short, although some outside limit is desirable to afford closure to the public records. The Commission concluded that five years was a reasonable period.

The most common reason for administrative dissolution is the failure of a business corporation or limited liability company to file the annual report required of these entities by statute (nonprofit corporations do not file annual reports). Since the early 1990's, the Office of the Secretary of State has been able in this way to remove from its records more than 50,000 abandoned corporations, both clearing the public record and making the names of these corporations available for use by others. In most cases the affected entity was actually abandoned and no longer doing business; it had merely failed to file articles of dissolution. The annual report provides other benefits as well, so the Commission concluded that it should be retained rather than eliminated.

There are, however, a comparatively small but significant number of administrative

dissolutions that are caused by the apparently inadvertent failure of an active entity to file its annual report. In these cases, the entity most commonly failed to file a change of address with the Secretary of State and apparently never received either the annual report form or any notices of dissolution sent it by the Secretary of State, through no fault of the Secretary. Because corporations generally have a higher level of awareness about filing their tax returns than they do about filing annual reports, the Commission concluded that it would virtually eliminate inadvertent failures to file if the Department of Revenue mailed the annual report forms with the appropriate tax forms for entities to return with their tax return. On receipt, the Department of Revenue would transmit the annual reports to the Secretary of State. This procedure would further allow business corporations and limited liability companies the benefit of making a single filing.

Because truly inadvertent filings should be virtually eliminated by having the annual report forms mailed and filed with the appropriate tax forms, the Commission further concurred with a proposal by the Office of the Secretary of State to increase the reinstatement fee. An increased reinstatement fee should serve as an incentive for corporations and limited liability companies to remain in good standing and file the required reports.

Specific Comments

Part I.

Sections 1 through 3 amend G.S. 55-14-22, 55A-14-22, and 57C-6-03, respectively, to extend the grace period for reinstatement from two to five years for business corporations, nonprofit corporations, and limited liability companies.

Sections 4 and 5 amend G.S. 55-1-22 and 55A-1-22, respectively, to increase the reinstatement fee from $25 to $200 per year for business corporations and nonprofit corporations. Section 4 also makes a stylistic change to G.S. 55-1-22 to make the reference to the Secretary of State gender neutral. Section 6 amends G.S. 57C-1-22 to add a reinstatement fee in the amount of $200 per year for limited liability companies.

Part II.

Section 7 amends G.S. 55-16-22 (i) to require a business corporation to file its annual report with the Secretary of Revenue rather than the Secretary of State, (ii) to delete the requirement that the names of directors be included in the report, on the basis that this information is not truly useful to the public, (iii) to explicitly allow a corporation to certify that there are no changes from the previous annual report and eliminate the burden of filling out repetitious reports, and (iv) to tie the due date of a corporation's annual report to the due date of its tax return. Amendments to annual reports continue to be filed with the Secretary of State.

Please note that the issues reflected in proposed new subsections 55-16-22(f) and (g) were raised by the Office of the Secretary of State after the Commission last met, and accordingly it has

not had the opportunity of reviewing these proposed new subsections.

Section 9 amends G.S. 55-1-22 to delete the ten dollar fee currently collected by the Secretary of State for filing an annual report.

Sections 8 and 10 through 13 make conforming amendments to other sections of Chapter 55 of the General Statutes to reflect the filing of annual reports with the Secretary of Revenue rather than the Secretary of State.

Sections 14 through 18 make equivalent amendments to comparable sections of Chapter 57C of the General Statutes, dealing with limited liability companies.

Section 19 makes a conforming amendment to G.S. 105-228.90, in the chapter of the General Statutes dealing with the Department of Revenue, to reflect the filing of annual reports with the Secretary of Revenue.

Section 20 adds a new Section, G.S. 105-257.1, to Chapter 105 of the General Statutes requiring the Secretary of Revenue to transmit the annual reports to the Secretary of State. It also transfers payment of the annual report filing fee of $200 currently paid by limited liability companies from the Secretary of State to the Secretary of Revenue. This fee is not truly a mere filing fee but is a substitute for a franchise tax and should be continued.

Section 21 amends G.S. 105-259 to specify that annual reports are not tax information and to allow the Secretary of Revenue to provide the Secretary of State with an entity's end of tax year date. This Section also makes a conforming amendment to recognize the existence of limited liability companies.

Section 22 makes a appropriation to carry out the transfer of function from the Secretary of State to the Secretary of Revenue. The amount of the appropriation was submitted by the Department of Revenue, since the General Statutes Commission lacks the expertise to determine an appropriate amount independently of the Department.

Part III.

Section 23 contains effective date and applications provisions.

SENATE BILL 163

Short Title: Securities Transfer on Death. (Public)

Sponsors: Senators Hartsell, Odom; and Carpenter.

Referred to: Commerce.

February 17, 1997

A BILL TO BE ENTITLED

AN ACT TO ENACT THE UNIFORM TRANSFER ON DEATH (TOD) SECURITY REGISTRATION ACT AS RECOMMENDED BY THE GENERAL STATUTES COMMISSION.

The General Assembly of North Carolina enacts:

Section 1. The General Statutes are amended by rewriting the title of Chapter 41 to read "Estates and Interests in Property", and Chapter 41 of the General Statutes is amended by adding a new Article to read:

"ARTICLE 4.

"The Uniform Transfer on Death (TOD) Security Registration Act.

"**§ 41-40. Definitions.**

In this Article, unless the context otherwise requires:

(1) 'Beneficiary form' means a registration of a security which indicates the present owner of the security and the intention of the owner regarding the person who will become the owner of the security upon the death of the owner.

(2) 'Devisee' means any person designated in a will to receive a disposition of real or personal property.

(3) 'Heirs' means those persons, including the surviving spouse, who are entitled under Chapter 29 of the General Statutes or the statutes of intestate succession of other states to take the property of a decedent by intestate succession.

(4) 'Person' means an individual, a corporation, an organization, or other legal entity.

(5) 'Personal representative' includes executor, administrator, collector, successor personal representative, special administrator, and persons who perform substantially the same function under the law governing their status.

(6) 'Property' includes both real and personal property or any interest in real or personal property and means anything that may be the subject of ownership.

(7) 'Register', including its derivatives, means to issue a certificate showing the ownership of a certificated security or, in the case of an uncertificated security, to initiate or transfer an account showing ownership of securities.

(8) 'Registering entity' means a person who originates or transfers a security title by registration and includes a broker maintaining security accounts for customers and a transfer agent or other person acting for or as an issuer of securities.

(9) 'Security' means a share, participation, or other interest in property, in a business, or in an obligation of an enterprise or other issuer, and includes a certificated security, an uncertificated security, and a security account.

(10) 'Security account' means (i) a reinvestment account associated with a security, a securities account with a broker, a cash balance in a brokerage account, cash, interest, earnings, or dividends earned or declared on a security in an account, a reinvestment account, or a brokerage account, whether or not credited to the account before the owner's death, or (ii) a cash balance or other property held for or due to the owner of a security as a replacement for or product of an account security, whether or not credited to the account before the owner's death.

(11) 'State' includes any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and any territory or possession subject to the legislative authority of the United States.

"§ 41-41. Registration in beneficiary form; sole or joint tenancy ownership.

Only individuals whose registration of a security shows sole ownership by one individual or multiple ownership by two or more individuals with right of survivorship, rather than as tenants in common, may obtain registration in beneficiary form. Multiple owners of a security registered in beneficiary form hold as joint tenants with right of survivorship, as tenants by the entireties, or as owners of community property held in survivorship form, and not as tenants in common.

"§ 41-42. Registration in beneficiary form; applicable law.

A security may be registered in beneficiary form if the form is authorized by this or a similar statute of the state of organization of the issuer or registering entity, the location of the registering entity's principal office, the office of its transfer agent or its

office making the registration, or by this or a similar statute of the law of the state listed as the owner's address at the time of registration. A registration governed by the law of a jurisdiction in which this or similar legislation is not in force or was not in force when a registration in beneficiary form was made is nevertheless presumed to be valid and authorized as a matter of contract law.

"**§ 41-43. Origination of registration in beneficiary form.**

A security, whether evidenced by certificate or account, is registered in beneficiary form when the registration includes a designation of a beneficiary to take the ownership at the death of the owner or the deaths of all multiple owners.

"**§ 41-44. Form of registration in beneficiary form.**

Registration in beneficiary form may be shown by the words 'transfer on death' or the abbreviation 'TOD', or by the words 'pay on death' or the abbreviation 'POD', after the name of the registered owner or owners and before the name of a beneficiary.

"**§ 41-45. Effect of registration in beneficiary form.**

The designation of a TOD beneficiary on a registration in beneficiary form has no effect on ownership of the security until the owner's death. A registration of a security in beneficiary form may be cancelled or changed at any time by the sole owner or all then-surviving owners, without the consent of the beneficiary.

"**§ 41-46. Ownership on death of owner.**

On death of a sole owner or the last to die of all multiple owners, ownership of securities registered in beneficiary form passes to the beneficiary or beneficiaries who survive all owners. On proof of death of all owners and compliance with any applicable requirements of the registering entity, a security registered in beneficiary form may be reregistered in the name of the beneficiary or beneficiaries who survive the death of all owners. Until division of the security after the death of all owners, multiple beneficiaries surviving the death of all owners hold their interests as tenants in common. If no beneficiary survives the death of all owners, the security belongs to the estate of the deceased sole owner or the estate of the last to die of all multiple owners.

"**§ 41-47. Protection of registering entity.**

(a) A registering entity is not required to offer or to accept a request for security registration in beneficiary form. If a registration in beneficiary form is offered by a registering entity, the owner requesting registration in beneficiary form assents to the protections given to the registering entity by this Article.

(b) By accepting a request for registration of a security in beneficiary form, the registering entity agrees that the registration will be implemented on death of the deceased owner as provided in this Article.

(c) A registering entity is discharged from all claims to a security by the estate, creditors, heirs, or devisees of a deceased owner if it registers a transfer of a security in accordance with G.S. 41-46 and does so in good faith reliance (i) on the registration, (ii) on this Article, and (iii) on information provided to it by affidavit of the personal representative of the deceased owner, or by the surviving beneficiary or by the surviving beneficiary's representatives, or other information available to the

registering entity. The protections of this Article do not extend to a reregistration or payment made after a registering entity has received written notice from any claimant to any interest in the security objecting to implementation of a registration in beneficiary form. No other notice or other information available to the registering entity affects its right to protection under this Article.

(d) The protection provided by this Article to the registering entity of a security does not affect the rights of beneficiaries in disputes between themselves and other claimants to ownership of the security transferred or its value or proceeds.

"**§ 41-48. Nontestamentary transfer on death.**

(a) A transfer on death resulting from a registration in beneficiary form is effective by reason of the contract regarding the registration between the owner and the registering entity and this Article and is not testamentary.

(b) The interest of a deceased owner when there are one or more surviving owners, remains liable for the debts of the decedent in the same manner as the personal property included in the decedent's estate, and recovery of that interest shall be made from the surviving owner or owners when the decedent's estate is insufficient to satisfy the debts. The interest of a deceased sole owner, or the last to die of several owners, remains liable for the debts of the decedent in the same manner as the personal property included in the decedent's estate, and recovery of that interest shall be made from the TOD beneficiary when the decedent's estate is insufficient to satisfy the debts.

(c) Nothing in this Article shall be construed to repeal or modify any provision of Article 1 of Chapter 105 of the General Statutes relating to the administration of the inheritance tax laws of this State or any other law relating to inheritance taxes.

"**§ 41-49. Terms, conditions, and forms for registration.**

(a) A registering entity offering to accept registrations in beneficiary form may establish the terms and conditions under which it will receive requests (i) for registrations in beneficiary form, and (ii) for implementation of registrations in beneficiary form, including requests for cancellation of previously registered TOD beneficiary designations and requests for reregistration to effect a change of beneficiary. The terms and conditions established may provide for proving death, avoiding or resolving any problems concerning fractional shares, and designating primary and contingent beneficiaries. Forms of identifying beneficiaries who are to take on one or more contingencies, and rules for providing proofs and assurances needed to satisfy reasonable concerns by registering entities regarding conditions and identities relevant to accurate implementation of registrations in beneficiary form, may be contained in a registering entity's terms and conditions.

(b) The following are illustrations of registrations in beneficiary form which a registering entity may authorize:

(1) Sole owner-sole beneficiary: 'John S. Brown TOD (or POD) John S. Brown, Jr.'

(2) Multiple owners-sole beneficiary: 'John S. Brown, Mary B. Brown JT TEN TOD John S. Brown, Jr.'

(3) Multiple owners-primary and secondary (substituted) beneficiaries: 'John S. Brown, Mary B. Brown JT TEN TOD John S. Brown, Jr. SUB BENE Peter Q. Brown'.

"§ 41-50. Short title; rules of construction.

(a) This Article shall be known as and may be cited as the 'Uniform TOD Security Registration Act'.

MEMORANDUM

DATE: February 21, 1997

RE: Senate Bill 163 (Securities Transfer on Death)

General Comments

Senate Bill 163 enacts the Uniform TOD (Transfer on Death) Security Registration Act, which was officially adopted by the National Conference of Commissioners on Uniform State Laws in 1989 and subsequently reviewed by the General Statutes Commission and its Trusts Drafting Committee. The Act permits the owner of an investment security (that is, stocks, bonds, mutual fund shares, security accounts, etc.) to designate another person to become owner of the security when the present owner dies, in a manner similar to insurance policies. The designation is completely revocable until the death of the owner, and it eliminates the need for probate of that particular security. Estate or inheritance tax liability is not affected. The Uniform Act is endorsed by the American Bar Association and the American Association of Retired Persons and has been enacted in at least 28 states.

The Act offers owners of securities two significant advantages over the use of a joint tenancy when the owner wants nothing more than a nonprobate means of transfering ownership on death. The person named as TOD beneficiary has no ownership interest or right of control during the lifetime of the owner. Therefore, there are no income tax or gift tax consequences and the owner does not risk having the joint tenant cash the security and make off with the proceeds.

Please note that securities issuers and transfer agents with principal offices in states that have already enacted the Act are accepting securities registered in TOD form even from residents of states that have not enacted the Act.

Please note also the following specific points:

(1) Only a sole owner or multiple owners with right of survivorship can use the TOD registration process. The only type of multiple ownership with right of survivorship that can be created in a normal investment security under North Carolina law is a joint tenancy

with right of survivorship, although other types can be created in other states. Tenants in common cannot use the TOD designation. This limitation is found in the Uniform Act itself and is designed to prevent conflicting or divided beneficiary designations.

(2) The designated beneficiary or beneficiaries "take" on the death of the sole owner or the last surviving joint tenant. Multiple beneficiaries "take" as tenants in common.

(3) An issuer or transfer agent is not required to accept TOD designations and may establish the terms and conditions under which it will receive TOD registrations.

(4) This bill differs from the Uniform Act in four respects. First, it includes in the definition of "heirs" a specific citation to North Carolina's intestate succession statutes. Second, it includes in § 41-48 two subsections, (b) and (c), not found in the Uniform Act that are designed to protect the interest of creditors and the Department of Revenue. These provisions are modelled on G.S. 41-2.2(c) and (d) and are similar to other provisions dealing with nontestamentary transfers on death such as joint bank accounts. Third, it omits an illustration and supporting language from § 41-49 that would have defined a particular, commonly used legal term ("per stirpes") in a way different from the usual meaning in this State, thereby avoiding a trap for the unwary. Fourth, it includes in § 41-50 a subsection (c) stating that the Act does not repeal G.S. 41-2.2 to avoid any argument that that section was partially repealed by implication.

Section 2 of the bill makes a conforming change to G.S. 28A-15-10(a), dealing with rights of creditors. Section 3 makes an amendment to the definition of "security" that will be needed if the proposed revision of Article 8 of the Uniform Commercial Code is enacted during this session, and Section 4 authorizes the printing of official and drafters' comments.

MEMORANDUM

TO: Senator R.C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel

RE: **SENATE BILL 163 - SECURITIES TRANSFER ON DEATH** - Senator Hartsell.

Senate Bill 163 would amend Chapter 41 - **Estates**, to provide for a method to transfer securities to a beneficiary upon death based on a prior beneficiary designation by registration.

Senate Bill 163 is a recommendation of the General Statutes Commission and is modeled after the Uniform Transfer on Death (TOD) Securities Registration Act. The Uniform Act has been adopted in at least 28 other states.

Under Section 1 of this bill the owner of securities, which are defined to include stocks, bonds, mutual fund shares and security accounts, would be permitted to designate a beneficiary of the securities to be received upon the death of the owner. This designation could be revoked or modified by the owner anytime up until death. Also this designation does not convey any right or interest in the beneficiary until the time of death. Title to the securities would be transferred as a matter of contract (like life insurance policies or individual retirement accounts), not as a testamentary bequest, and as such would not be part of the probate estate.

Some of the advantages provided by the bill appear to be: 1) provides an alternative to joint ownership with right of survivorship, avoiding the complications and restrictions of dealing with a co-owner but effecting the same transfer upon death; 2) avoids probate and probate fees; and 3) simplifies the process of changing names on securities after death. The bill makes if clear that this act does not affect claims of creditors, who can still claim these securities if necessary to satisfy claims against the decedent's estate in the same ways as with joint bank accounts with right of survivorship. The bill also makes it clear that this form of ownership does not affect estate or inheritance tax collection and that these securities would be counted as part of the taxable estate.

One change that would result from this bill would be a reduction in the collection of probate fees by the clerks of court. Probate fees of $4.00 per $1,000 are

collected on all personal property which passes through the probate estate. Because these changes would transfer these securities outside the probate estate, probate fees would not be collected on the value of the securities transferred by this method.

Section 2 of this bill makes a conforming change to the statute governing the rights of creditors to collect estate debts from assets passing outside the estate. This statute is only triggered when other assets of the estate are insufficient to satisfy all claims.

Section 3 would make a conforming change in the definition of "security" in another bill currently being considered in the 1997 General Assembly if that bill becomes law.

Section 4 authorizes the Revisor of Statutes to include the Official Comments to the Uniform Act from the Uniform Commissioners with the published statutes.

The bill becomes effective when it becomes law and applies to persons dying on or after that date who had registered such a designation on their securities at anytime prior to their death. This will ratify the designations made by people prior to the effective date of this act, including people who may have made such designations under the laws of other states.

SENATE COMMERCE COMMITTEE
March 11, 1997

The Senate Commerce Committee met in Room 1027 of the State Legislative Building at 11:00 a.m. on Tuesday, March 11, 1997. Nineteen members of the Committee were present. Visitors attending the meeting are listed on the attached Visitor Registration Sheets.

Senator Soles called the meeting to order.

The following bills were considered by the Committee:

S. B. 31, AN ACT TO MAKE CONFORMING CHANGES TO THE LP GAS STATUTE. Senator Jordan, the bill sponsor, explained the bill which was a recommendation of the LRC Consumer Protection Study Committee. The purpose of the legislation is to remove the prohibition against unvented gas heaters in manufactured homes and in the bedroom of a home. (See attached memorandum for additional information.) Senator Jordan submitted an amendment (copy attached.) and moved its adoption. Motion carried.

Senator Ballentine moved that a Committee Substitute for S. B. 31, incorporating the changes made by the amendment, be adopted. Motion carried.

S. B. 23, AN ACT TO REQUIRE THAT EVERY DWELLING UNIT LEASED AS RENTAL PROPERTY IN CERTAIN CITIES BE FURNISHED WITH A SOURCE OF HEAT. Senator Reeves was recognized to explain the bill. The legislation requires that every dwelling unit in a city of 200,000 or more that is leased as rental property must have at least one heated habitable room other than the kitchen. (See attached memorandum for additional information.) Several members spoke in support of the bill, and Senator Kerr raised a question with regard to penalty provisions. Senator Larry Shaw moved that S. B. 23 be given a favorable report. Motion carried.

S. B. 233, AN ACT TO EXPAND THE DEFINITION OF CONSUMER WITHIN THE MEANING OF THE LAW PROHIBITING CERTAIN ACTS BY DEBT COLLECTORS. Senator Reeves said the bill amends the definition of "consumer" under the debt collection acts statute by expanding the definition from "natural person" to include "individuals, firms, associations, partnerships, joint stock companies,

corporations, trusts, estates and other legal entities." (See attached memorandum for further clarification of the bill.)

Mr. Paul Stock with the North Carolina Bankers Association said the Association had some concerns about the bill and would like an opportunity to work with the sponsor on some possible changes.

Senator Soles appointed a subcommittee on S. B. 233 consisting of Senators Lee, Chairman, Senators Ballentine and Dalton.

C. S. for H. B. 29, AN ACT TO INCREASE THE MAXIMUM RAFFLE CASH PRIZES AND THE FAIR MARKET VALUE OF RAFFLE MERCHANDISE PRIZES. Representative Baker, the bill sponsor, spoke on the bill. He said it doubles the maximum prize amount that may be awarded in a raffle by a nonprofit organization. (See attached memorandum for further explanation.) Senator Cochrane moved that C. S. for House Bill 29 be given a favorable report. Motion carried.

There being no further business, the meeting adjourned at 11:50 a.m.

MEMORANDUM

TO: Senator R.C. Soles, Jr., Chairman
Senate Commerce Committee

FROM: Linwood Jones, Staff Counsel

RE: Senate Bill 31 (Amend LP Gas Code)

Senate Bill 31 is a recommendation of the LRC Consumer Protection Study Committee. The bill removes the prohibition against unvented gas heaters in manufactured homes. It also removes the prohibition against unvented gas heaters in the bedroom of a home. These laws were put on the books back in the 1950s and early 1960s at a time when the Department of Agriculture had sole regulatory jurisdiction for all LP gas appliances. Within the last ten years or so, jurisdiction over heating appliances inside homes has been shifted to the Building Code Council and jurisdiction over heating appliances inside manufactured homes has shifted to the Manufactured Housing Board. Both the Council and the Board are administratively assigned to the Department of Insurance.

It is my understanding that the Building Code Council and the Manufactured Housing Board, acting under their jurisdiction over heating appliances inside the home, already allow unvented gas heaters in the homes, but not in the bedrooms. By repealing subdivisions (2) and (3) of G.S. 119-58(a), the bill will allow the Building Code Council and the Manufactured Housing Board to also authorize unvented gas heaters in bedrooms. The repeal of subdivision (2) also recognizes that unvented gas heaters are already allowed in portions of a manufactured home.

The bill takes effect when it becomes law.

RE: Senate Bill 23 (Require Rental Property Heat)

Senate Bill 23 requires that every dwelling unit in a city of 200,000 or more that is leased as rental property must have at least one heated habitable room other than the kitchen. The source of the heat must be a central heating system or sufficient chimneys, flues, or gas vents, with heating appliances connected. The heat source must be capable of heating the room to a temperature of 68 degrees Farenheit.

The owner of the dwelling unit must ensure that the heating appliances work and are properly maintained. If the owner of a single-family dwelling or duplex provides the heat in accordance with this act and the tenant uses a portable kerosene heater instead as the primary source of heat, the owner is not liable.

This bill only applies to cities with a population of 200,000 or more, based on the most recent census. Under the most recent census (1990), only Charlotte and Raleigh would be covered by this bill.

This bill would take effect upon becoming law.

Dome: Heating measure gains steam

Raleigh Sen. Eric Reeves scored his first legislative victory Tuesday when his rental heating bill made it out of the Senate Commerce Committee.

The Democrat and former Raleigh City Council member is sponsoring a bill that would require landlords in cities of more than 200,000 people to provide heat to tenants. The bill requires that landlords provide heat in one room.

If passed, the proposed law would apply only to Raleigh because Charlotte already has a rental heating ordinance.

The bill received a sympathetic hearing from both Democratic and Republican lawmakers. It still has to win approval in the Democrat-controlled Senate and get the nod from the Republican-controlled House before it becomes law.

"I like your bill and I'm going to support it," said Rep. Bob Shaw, a Greensboro Republican. "I think every human being should be able to sleep warm."

Sen. Donald Kincaid, a Lenoir Republican, wasn't so sure.

Kincaid told committee members that people should know before they decide to rent whether or not an apartment or home has heat. And he suggested adding a provision that would make it easier for landlords to evict tenants who don't pay the rent.

"I don't own any rental property, don't know any slumlords," Kincaid said. "Don't think we have any slumlords in Lenoir. Don't you think we need to keep this rental/tenant situation sort of balanced?"

Reeves agreed that the relationship is out of balance -- with landlords holding sway over low-income tenants who have little to no choice when it comes to finding affordable housing.

"This legislative building sits within the area of the highest concentration of non-heated housing in Raleigh," Reeves said. "It's about 300 yards from here."

Sen. Howard Lee, a Chapel Hill Democrat, argued for expanding the bill to include smaller cities. But Sen. Frank Ballance, a Warrenton Democrat, said such a move would make it hard for the bill to win final approval.

Penalties for landlords who violate the proposed law are still being worked out.

Reeves -- who tried to get a rental heating ordinance passed when he was on the Raleigh City Council -- said he would be open to expanding the bill.

"This bill deals with something that is a basic need, a basic requirement, which is, should these places have heat or not," Reeves said. "Except for slumlords, this requirement will not impact the garden-variety rental unit."

MEMORANDUM

TO: Senator R. C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel

RE: **Senate Bill 233 - Scope of Acts of Debt Collectors** - Senator Reeves

Senate Bill 233 would amend the Prohibited Acts by Debt Collectors to include collection actions taken against entities other than natural persons.

The bill amends the definition of "consumer" under the debt collection acts statute by expanding the definition from "natural person" to include "individuals, firms, associations, partnerships, joint stock companies, corporations, trusts, estates and other legal entitles". Under this bill debt collection practices which are currently prohibited against individuals would also be prohibited against legal persons, including businesses and corporations.

Article 2 of Chapter 75 sets out various methods of debt collection which are prohibited including prohibitions against certain forms of threats and coercion (G.S. 75-51), harassment (G.S. 75-52), unreasonable publication (G.S. 75-53), deceptive representation (G.S. 75-54), and unconscionable means (G.S. 75-55). Violations of these prohibitions constitute unfair or deceptive trade practices subjecting the violator to treble damages and attorneys fees under G.S. 75-16 and 75-16.1. (See copies attached).

Article 2 applies to all debt collection except debt collection conducted by collection agencies governed by Article 70 of Chapter 58. Under G.S. 58-70-90(2), "consumer" is defined to include "**an individual, aggregation of individuals, corporation, company, association, or partnership**". Article 70 also prohibits the exact same conduct as prohibited by Article 2. This bill would make the definition of "consumer" under Article 2 of Chapter 75 very similar to the definition of "consumer" under Article 70 of Chapter 58.

The bill would become effective October 1, 1997 and would apply to violations that occur on or after that date.

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

ARTICLE 2, CHAPTER 75

PROHIBITED ACTS BY DEBT COLLECTORS

§ 75-50. Definitions.

The following words and terms as used in this Article shall be construed as follows:

(1) "Consumer" means any natural person who has incurred a debt or alleged debt for personal, family, household or agricultural purposes.

(2) "Debt" means any obligation owed or due or alleged to be owed or due from a consumer.

(3) "Debt collector" means any person engaging, directly or indirectly, in debt collection from a consumer except those persons subject to the provisions of Article 70, Chapter 58 of the General Statutes. (1977, c. 747, s. 4; 1989, c. 770, s. 15.)

§75-51. Threats and coercion.

No debt collector shall collect or attempt to collect any debt alleged to be due and owing from a consumer by means of any unfair threat, coercion, or attempt to coerce. Such unfair acts include, but are not limited to, the following:

(1) Using or threatening to use violence or any illegal means to cause harm to the person, reputation or property of any person.

(2) Falsely accusing or threatening to accuse any person of fraud or any crime, or of any conduct that would tend to cause disgrace, contempt or ridicule.

(3) Making or threatening to make false accusations to another person, including any credit reporting agency, that a consumer has not paid, or has willfully refused to pay a just debt.

(4) Threatening to sell or assign, or to refer to another for collection, the debt of the consumer with an attending representation that the result of such sale, assignment or reference would be that the consumer would lose any defense to the debt or would be subjected to harsh, vindictive, or abusive collection attempts.

(5) Representing that nonpayment of an alleged debt may result in the arrest of any person.

(6) Representing that nonpayment of an alleged debt may result in the seizure, garnishment, attachment, or sale of any property or wages unless such action is in fact contemplated by the debt collector and permitted by law.

(7) Threatening to take any action not in fact taken in the usual course of business, unless it can be shown that such threatened action was actually intended to be taken in the particular case in which the threat was made.

(8) Threatening to take any action not permitted by law. (1977, c. 747, s. 4.)

§75-52. Harassment.

No debt collector shall use any conduct, the natural consequence of which is to oppress, harass, or abuse any person in connection with the attempt to collect any debt. Such unfair acts include, but are not limited to, the following:

(1) Using profane or obscene language, or language that would ordinarily abuse the typical hearer or reader.

(2) Placing collect telephone calls or sending collect telegrams unless the caller fully identifies himself and the company he represents.

(3) Causing a telephone to ring or engaging any person in telephone conversation with such frequency as to be unreasonable or to constitute a harassment to the person under the circumstances or at times known to be times other than normal waking hours of the person.

(4) Placing telephone calls or attempting to communicate with any person, contrary to his instructions, at his place of employment, unless the debt collector does not have a telephone number where the consumer can be reached during the consumer's nonworking hours. (1977, c. 747, s. 4.)

§75-53. Unreasonable publication.

No debt collector shall unreasonably publicize information regarding a consumer's debt. Such unreasonable publication includes, but is not limited to, the following:

(1) Any communication with any person other than the debtor or his attorney, except:
   a. With the written permission of the debtor or his attorney given after default;
   b. To persons employed by the debt collector, to a credit reporting agency, to a person or business employed to collect the debt on behalf of the creditor, or to a person who makes a legitimate request for the information;
   c. To the spouse (or one who stands in place of the spouse) of the debtor, or to the parent or guardian of the debtor if the debtor is a minor and lives in the same household with such parent;
   d. For the sole purpose of locating the debtor, if no indication of indebtedness is made;
   e. Through legal process.

(2) Using any form of communication which ordinarily would be seen or heard by any person other than the consumer that displays or conveys any information about the alleged debt other than the name, address and phone number of the debt collector except as otherwise provided in this Article.

(3) Disclosing any information relating to a consumer's debt by publishing or posting any list of consumers, except for credit reporting purposes and the publication and distribution of otherwise permissible "stop lists" to the point-of-sale locations where credit is extended, or by advertising for sale any claim to enforce payment thereof or in any other manner other than through legal process. (1977, c. 747, s. 4; 1979, c. 910.)

§75-54. Deceptive representation.

No debt collector shall collect or attempt to collect a debt or obtain information concerning a consumer by any fraudulent, deceptive or misleading representation. Such representations include, but are not limited to, the following:

(1) Communicating with the consumer other than in the name (or unique pseudonym) of the debt collector and the person or business on whose behalf the debt collector is acting or to whom the debt is owed.

(2) Failing to disclose in all communications attempting to collect a debt that the purpose of such communication is to collect a debt.

(3) Falsely representing that the debt collector has in his possession information or something of value for the consumer.

(4) Falsely representing the character, extent, or amount of a debt against a consumer or of its status in any legal proceeding; falsely representing that the collector is in any way connected with any agency of the federal, State or local government; or falsely representing the creditor's rights or intentions.

(5) Using or distributing or selling any written communication which simulates or is falsely represented to be a document authorized, issued, or approved by a court, an official, or any other legally constituted or authorized authority, or which creates a false impression about its source.

(6) Falsely representing that an existing obligation of the consumer may be increased by the addition of attorney's fees, investigation fees, service fees, or any other fees or charges.
(7) Falsely representing the status or true nature of the services rendered by the debt collector or his business. (1977, c. 747, s. 4.)

§75-55. Unconscionable means.

No debt collector shall collect or attempt to collect any debt by use of any unconscionable means. Such means include, but are not limited to, the following:

(1) Seeking or obtaining any written statement or acknowledgment in any form containing an affirmation of any debt by a consumer who has been declared bankrupt, an acknowledgment of any debt barred by the statute of limitations, or a waiver of any legal rights of the debtor without disclosing the nature and consequences of such affirmation or waiver and the fact that the consumer is not legally obligated to make such affirmation or waiver.
(2) Collecting or attempting to collect from the consumer all or any part of the debt collector's fee or charge for services rendered, collecting or attempting to collect any interest or other charge, fee or expense incidental to the principal debt unless legally entitled to such fee or charge.
(3) Communicating with a consumer (other than a statement of account used in the normal course of business) whenever the debt collector has been notified by the consumer's attorney that he represents said consumer.
(4) Bringing suit against the debtor in a county other than that in which the debt was incurred or in which the debtor resides if the distances and amounts involved would make it impractical for the debtor to defend the claim. (1977, c. 747, s. 4.)

§ 75-56. Application.

The specific and general provisions of this Article shall exclusively constitute the unfair or deceptive acts or practices proscribed by G.S. 75-1.1 in the area of commerce regulated by this Article. Notwithstanding the provisions of G.S. 75-15.2 and 75-16, in private actions or actions instituted by the Attorney General, civil penalties in excess of two thousand dollars ($2,000) shall not be imposed, nor shall damages be trebled for any violation under this Article. (1977, c. 747, s. 4; 1983, c. 417, s. 1; 1985 (Reg. Sess., 1986), c. 802; 1991, c. 68, s. 1.)

Commerce Committee

FROM: Linwood Jones, Staff Counsel

RE: House Bill 29 (3rd Ed.) (Raffle Limits Upped)

House Bill 29 doubles the maximum prize amount that may be awarded in a raffle by a nonprofit organization. The bill increases the maximum allowable cash prize from $5,000 to $10,000 and the maximum allowable merchandise prize from a $25,000 to a $50,000 value. The bill also limits the total cash prizes that can be awarded through raffles by the nonprofit organization in a calendar year to $10,000 and the total prizes, cash or otherwise, to $50,000.

Raffles are limited by law to tax-exempt nonprofit organizations. An organization can conduct no more than two raffles in a calendar year period.

The bill takes effect upon becoming law.

MINUTES
SENATE COMMERCE COMMITTEE
March 18, 1997

The Senate Commerce Committee met in Room 1027 of the State Legislative Building at 11:00 a.m. on Tuesday, March 18, 1997. Twenty members of the Committee were present. Visitors attending the meeting are listed on the attached Visitor Registration Sheets.

Senator Soles called the meeting to order.

The following bills were considered by the Committee:

S. B. 246, AN ACT TO PROVIDE THAT PARTS MAY BE REMOVED FROM CONFISCATED WEAPONS PRIOR TO THE DESTRUCTION OF THE WEAPONS TO REPAIR EXISTING LAW ENFORCEMENT WEAPONS. Senator Rand , the bill sponsor, explained the bill saying that it allows parts to be removed from guns seized by the courts for destruction before the gun itself is destroyed. The parts may then be used by local law enforcement to repair their guns. The bill applies to deadly weapons that are confiscated by the courts from persons convicted of certain offenses. (See attached memorandum for further explanation.)

Senator Hoyle moved that S. B. 246 be given a favorable report. Motion carried.

S. B. 329, AN ACT TO REPEAL THE REQUIREMENT THAT STATE SAVINGS BANKS USE THE LETTERS "SSB" OR THE WORDS "Savings Bank" IN THEIR LEGAL NAME IN ORDER TO CONFORM WITH THE REQUIREMENTS APPLICABLE TO FEDERAL SAVINGS BANKS. Senator Dalton explained the bill saying that the present law was enacted in 1991 and authorized the creation of state-chartered savings banks. At that time, federal savings banks chartered by the Office of Thrift Supervision, were required to use the letters "FSB" in their legal name. The state law was designed to track many of the provisions of the federal law; and since that time the Office of Thrift Supervision has eliminated the "FSB" designation requirement for federal savings banks. This bill will similarly eliminate the requirement for state savings banks to keep these institutions as par with their federal counterparts. (See attached memorandum for further explanation.)

Senator Lee moved that S. B. 329 be given a favorable report. Motion carried.

S. B. 330, AN ACT TO AMEND THE LAW GOVERNING SAFE-DEPOSIT BOXES. Senator Dalton explained the bill. Under the present law, if the rent is one year past due on a safe-deposit box, the lessor may send a notice by registered mail to last known address of the lessee that the safe-deposit box will be opened and the contents stored at the lessee's expense unless the rent is paid within 30 days. The bill changes the period of time a lessor must wait from one year to 90 days and changes the notice requirement from registered mail to certified mail. The bill also changes the requirement that a copy of the law be printed on every contract for rental of a safe-deposit box. Under this amendment the contract need only make reference to this section of the law.

Mr. Paul Stock with the North Carolina Bankers Association assisted in answering questions from the members of the Committee. Several amendments were indicated to satisfy concerns from the Committee, and Senator Soles ruled that the bill be removed from the calendar to allow staff time to prepare a committee substitute incorporating amendments into the bill. The committee substitute will be brought before the Committee at its next meeting.

S. B. 333, AN ACT TO AMEND THE LAW GOVERNING THE PROCEDURE FOR ENTRY OF ORDERS IN THE COMMODITIES ACT. Senator Dalton, the bill's sponsored, offered a Committee Substitute for the bill and moved its adoption. Motion carried. The bill provides that if no request for a hearing, other responsive pleading, or submission is received by the Administrator within 30 business days of receipt of service of notice of summary order and no hearing is ordered by the Administrator, the summary order will automatically become a final order after 30 business days from the date service of the notice of summary order was received.

Senator Larry Shaw moved the Committee Substitute for Senate Bill 333 be given a favorable report. Motion carried.

There being no further business, the meeting adjourned at 11:30 a.m.

MEMORANDUM

TO: Senator R.C. Soles, Jr., Chairman
Commerce Committee

FROM: Linwood Jones, Staff Counsel

RE: Senate Bill 246 (Gov't. Use/Seized Gun Parts)

Senate Bill 246 allows parts to be removed from guns seized by the courts for destruction before the gun itself is destroyed. The parts may then be used by local law enforcement to repair their guns.

The bill applies to deadly weapons that are confiscated by the courts from persons convicted of certain offenses. The covered offenses are as follows:

(1) Any serious felony (Class A, B, B1, B2, C, D, or E) that was committed with the use, display or threat of use or display of a firearm (G.S. 14-2.2);
(2) Any offense that was committed with a deadly weapon (in this case, a pistol or gun) in violation of law (G.S. 14-269(a1).
(2) Carrying a concealed weapon in violation of law (G.S. 14-269)
(3) Possession or carrying of a handgun by a minor.

Under current law, when the court confiscates a deadly weapon, it may dispose of it by ordering it returned to its rightful owner (if other than the defendant), turning it over to the SBI, turning it over to the Justice Academy, or turning it over to the sheriff for destruction. In cases where the judge turns the gun over to the sheriff for destruction, Senate Bill 246 will allow the sheriff to remove the parts for use in other local law enforcement guns before destroying the remainder of the gun.

The bill takes effect upon becoming law.

§ 14-2.2. Sentencing of a person convicted of a Class A, B, B1, B2, C, D, or E felony who used, displayed, or threatened to use or display a firearm during the commission of the crime; confiscation and disposition of a firearm used in a felony.

(a) If a person is convicted of a Class A, B, B1, B2, C, D, or E felony and the person used, displayed, or threatened to use or display a firearm during the commission of the felony, the person shall, in addition to the punishment for the underlying felony, be sentenced to a minimum term of imprisonment for 60 months as provided by G.S. 15A-1340.16A.

Editor's Note. —

Session Laws 1994, Extra Session, c. 22, which amended this section, in s. 19(c) repealed Session Laws 1993, c. 538, s. 4, which as amended by Session Laws 1994, Extra Session, c. 24, s. 14(b), would have repealed this section effective October 1, 1994.

Subsection (a) was amended by Session Laws 1994, Extra Session, c. 22, s. 19(a), in the coded bill drafting format provided by § 120-20.1. Without engrossing the amendment added a sentence to the end of the first paragraph in subsection (a) which read "Evidence of the use, display, or threatened use or display of a firearm that is needed to prove an element of the underlying felony shall not be used to establish the enhancement under this section." This language is similar to present subsection (b)(2). The section has been set out in the form above at the direction of the Revisor of Statutes.

Session Laws 1994, Extra Session, c. 22, which amended this section, in s. 1 provides: "This act shall be known as the Crime Control Act of 1994."

Session Laws 1994, Extra Session, c. 22, which amended this section, in s. 24 provides: "Prosecution for, or sentences based on, offenses committed before the effective dates of this Part are not abated or affected by this Part, and the statutes that would be applicable to those prosecutions or sentences but for the provisions of this Part remain applicable to those prosecutions or sentences."

Session Laws 1994, Extra Session, which amended this section, made the amendment by c. 22, s. 18, effective May 1, 1994, and applicable to offenses committed on or after that date.

Session Laws 1994, Extra Session, which amended this section, made the amendment by c. 22, s. 19(a) and (b), which was effective on the date that Section 56 of Chapter 538 of the 1993 Session Laws became effective (October 1, 1994), and applicable to offenses committed on or after that date.

§ 14-2.4. Punishment for conspiracy to commit a felony.

(a) Unless a different classification is expressly stated, a person who is convicted of a conspiracy to commit a felony is guilty of a felony that is one class lower than the felony he or she conspired to commit, except that a conspiracy to commit a Class A or Class B1 felony is a Class B2 felony, a conspiracy to commit a Class B2 felony is a Class C felony, and a conspiracy to commit a Class I felony is a Class 1 misdemeanor.

(b) Unless a different classification is expressly stated, a person who is convicted of a conspiracy to commit a misdemeanor is guilty of a misdemeanor that is one class lower than the misdemeanor he or she conspired to commit, except that a conspiracy to commit a

The burden of proving this defense is on the defendant.

(c) Any person violating the provisions of subsection (a) of this section shall be guilty of a Class 2 misdemeanor. Any person violating the provisions of subsection (a1) of this section shall be guilty of a Class 2 misdemeanor for the first offense. A second or subsequent offense is punishable as a Class I felony.

(d) This section does not apply to an ordinary pocket knife carried in a closed position. As used in this section, "ordinary pocket knife" means a small knife, designed for carrying in a pocket or purse, that has its cutting edge and point entirely enclosed by its handle, and that may not be opened by a throwing, explosive, or spring action. MEMORANDUM

RE: **Senate Bill 329 - Savings Bank Name.**

Senate Bill 329 amends G.S. 54C-8(a) by deleting the requirement that any savings bank chartered by the North Carolina Savings Institution Commission use the letters "SSB" in its legal name.

The present law was enacted in 1991 and authorized the creation of state chartered savings banks. At that time, federal savings banks chartered by the Office of Thrift Supervision, were required to use the letters "FSB" in their legal name. The state law was designed to track many of the provisions of the federal law. Since that time, the Office of Thrift Supervision has eliminated the "FSB" designation requirement for federal savings banks. This bill would similarly eliminate the requirement for state savings banks to keep these institutions on a par with their federal counterparts.

Section 2 of the bill is a conforming amendment which repeals G.S. 54C-64(3). That provision makes it a misdemeanor for a savings bank to advertise without using the "SSB" designation and the words "savings bank" in a type that is equally prominent with the other terms in the name of the savings bank.

This act would become effective July 1, 1997, and Section 2 would apply to acts committed on or after that date.

MEMORANDUM

FROM: O. Walker Reagan, Committee Co-Counsel

RE: **Senate Bill 333 - Commodities Act Amendments** - Senator Dalton

Senate Bill 333 clarifies the effective date of a summary order issued by the Secretary of State for an alleged violation of the Commodities Act. This bill is a recommendation of the Secretary of State's office.

The bill clarifies that if no request for a hearing, other responsive pleading, or any other submission is received by the Secretary of State in response to a summary order issued by the Secretary within 30 days after the service of the notice, the summary order becomes effective 30 days after the date of the entry of the order. The present law is not clear as to the time limit for requesting a hearing nor when the order becomes effective.

Actions by the Secretary of State under this section are civil administrative proceedings, normally seeking to stop actions in violation of the law. While certain violations of the Commodities Act are punished as Class I felonies, the administrative actions, primarily as cease and desist orders, are often used in situations where violations are initiated out of state and where obtaining criminal jurisdiction would be more difficult.

This bill would become effective October 1, 1997, and would apply to administrative proceedings commenced by the Secretary of State on or after that date.

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

§ 78D-30. Procedure for entry of an order.

(a) The Administrator shall commence an administrative proceeding under this Chapter, by entering either a notice of intent to do a contemplated act or a summary order. The notice of intent or summary order may be entered without notice, without opportunity for hearing, and need not be supported by findings of fact or conclusions of law, but must be in writing.

(b) Upon entry of a notice of intent or summary order, the Administrator shall promptly notify all interested parties that the notice or summary order has been entered and the reasons therefor. If the proceeding is pursuant to a notice of intent, the Administrator shall inform all interested parties of the dates, time, and place set for the hearing on the notice. If the proceeding is pursuant to a summary order, the Administrator shall inform all interested parties that they have 30 business days from the entry of the order to file a written request for a hearing on the matter with the Administrator and that the hearing will be scheduled to commence with 30 business days after the receipt of the written request.

(c) If the proceeding is pursuant to a summary order, the Administrator, whether or not a written request for a hearing is received from any interested party, may set the matter down for hearing on the Administrator's own motion.

(d) If no hearing is requested and none is ordered by the Administrator, the summary order will automatically become a final order after 30 business days.

(e) If a hearing is requested or ordered, the Administrator, after notice of, and opportunity for, hearing to all interested persons, may modify or vacate the order or extend it until final determination.

(f) No final order or order after hearing may be returned without:

(1) Appropriate notice to all interested persons;

(2) Opportunity for hearing by all interested persons; and

(3) Entry of written findings of fact and conclusions of law.

Every hearing in an administrative proceeding under this Chapter shall be public unless the Administrator grants a request joined in by all the respondents that the hearing be conducted privately.

SENATE BILL 330

Short Title: Safe-Deposit Boxes. (Public)

Sponsors: Senators Dalton, Soles; and Warren.

Referred to: Commerce.

March 10, 1997

A BILL TO BE ENTITLED

AN ACT TO AMEND THE LAW GOVERNING SAFE-DEPOSIT BOXES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 53-43.7 reads as rewritten:

"**§ 53-43.7. Safe-deposit boxes; unpaid rentals; procedure; escheats.**

(a) If the rental due on a safe-deposit box has not been paid for ~~one year,~~ 90 days, the lessor may send a notice by ~~registered~~ certified mail to the last known address of the lessee stating that the safe-deposit box will be opened and its contents stored at the expense of the lessee unless payment of the rental is made within 30 days. If the rental is not paid within 30 days from the mailing of the notice, the box may be opened in the presence of an officer of the lessor and of a notary public who is not a director, officer, employee or stockholder of the lessor. The contents shall be sealed in a package by the notary public who shall write on the outside the name of the lessee and the date of the opening. The notary public shall execute a certificate reciting the name of the lessee, the date of the opening of the box and a list of its contents. The certificate shall be included in the package and a copy of the certificate shall be sent by registered mail to the last known address of the lessee. The package shall then be placed in the general vaults of the lessor at a rental not exceeding the rental previously charged for the box.

(b) Any property, including documents or writings of a private nature, which has little or no apparent value, need not be sold but may be destroyed by the Treasurer or by the lessor, if retained by the lessor pursuant to a determination by the Treasurer under G.S. 116B-31(c).

(c) If the contents of the safe-deposit box have not been claimed within two years of the mailing of the certificate, the lessor may send a further notice to the last known address of the lessee stating that, unless the accumulated charges are paid within 30 days, the contents of the box will be delivered to the State Treasurer as abandoned property under the provisions of Chapter 116B.

(d) The lessor shall submit to the Treasurer a verified inventory of all of the contents of the safe-deposit box upon delivery of the contents of the box or such part thereof as shall be required by the Treasurer under G.S. 116B-31(c); but the lessor may deduct from any cash of the lessee in the safe-deposit box an amount equal to accumulated charges for rental and shall submit to the Treasurer a verified statement of such charges and deduction. If there is no cash, or insufficient cash to pay accumulated charges, in the safe-deposit box, the lessor may submit to the Treasurer a verified statement of accumulated charges or balance of accumulated charges due, and the Treasurer shall remit to the lessor the charges or balance due, up to the value of the property in the safe-deposit box delivered to him, less any costs or expenses of sale; but if the charges or balance due exceeds the value of such property, the Treasurer shall remit only the value of the property, less costs or expenses of sale. Any accumulated charges for safe-deposit box rental paid by the Treasurer to the lessor shall be deducted from the value of the property of the lessee delivered to the Treasurer.

(e) Repealed by Session Laws 1979, 2nd Session, c. 1311, s. 5.

(f) A ~~copy of~~ reference to this section shall be printed on every contract for rental of a safe-deposit box."

MEMORANDUM

TO: Senator R.C. Soles, Chairman, Senate Commerce Committee

FROM: Karen Cochrane Brown, Committee Co-Counsel KCB

RE: **Senate Bill 330 - Safe - Deposit Boxes.**

Senate Bill 330 amends G.S. 53-43.7 relating to unpaid rent on safe-deposit boxes. Under present law, if the rent is one year past due, the lessor may send a notice by registered mail to the last known address of the lessee that the safe-deposit box will be opened and the contents stored at the lessee's expense unless the rent is paid within 30 days.

This bill changes the period of time a lessor must wait from one year to 90 days and changes the notice requirement from registered mail to certified mail. This bill also changes the requirement that a copy of the law be printed on every contract for rental of a safe-deposit box. Under this amendment the contract need only make reference to this section of the law.

This act would become effective July 1, 1997 and apply to safe-deposit boxes rented on or after that date.

MINUTES
SENATE COMMERCE COMMITTEE
MARCH 25, 1997

A meeting of the Senate Commerce Committee was held in Room 1027 of the State Legislative Building at 11:00 a.m. on Tuesday, March 25, 1997. Sixteen members of the Committee were present. Visitors attending the meeting are listed on the attached Visitor Registration Sheets.

Senator Soles called the meeting to order. He introduced Sarah E. Kinsey from Cary, North Carolina, the Senate Page assisting with the meeting. Ms. Kinsey was sponsored by Senator Reeves.

The following bills were considered by the Committee:

C. S. for SB 141, AN ACT TO EXEMPT CERTAIN GOVERNMENTAL ENTITIES FROM STATE PURCHASE AND CONTRACT REQUIREMENTS.

Senator Rand moved the adoption of Committee Substitute # 2 for Committee Substitute #1 for Senate Bill 141. Motion carried. Senator Rand said the new Committee Substitute adds two provisions to make the statute applicable to the North Carolina Seafood Industrial Park Authority and the County of Davie. The original bill pertained to the State Ports Authority only. Senator Cochrane explained the provision for Davie County was needed to expedite the design and construction of jail and law enforcement facilities, and she moved that the Committee Substitute #2 for Committee Substitute #1 for S. B. 141 be given a favorable report. Motion carried.

Mr. John Boyd with the Carolinas Electrical Contractors Assn., Inc., stated his Association's opposition to the bill.

SB 330, AN ACT TO AMEND THE LAW GOVERNING SAFE-DEPOSIT BOXES.

Senator Dalton, sponsor of the bill, was recognized to speak on the bill, and he moved the adoption of a Committee Substitute. Motion carried. Senator Dalton said the Committee Substitute simply incorporated the changes discussed at the previous meeting. Senator Hoyle moved that the Committee Substitute for Senate Bill 330 be given a favorable report. Motion carried.

SB 382, AN ACT REDEFINING THE BASE PERIOD FOR UNEMPLOYMENT BENEFITS AND ELIMINATING THE ONE AND ONE-HALF TIMES TEST.

Senator Winner, the bill sponsor, was recognized to explain the bill. (See attached memorandum for additional information.) The bill redefines the "base period" that a

person must have worked before being eligible for unemployment benefits and eliminates one of the other tests ("the one and one-half times test") to determine eligibility. Numerous questions were asked by Committee members. Mr. Parker Chesson, Chairman of the Employment Security Commission, assisted in the explanation.

Senator Kerr moved that Senate Bill 382 be given a favorable report. Senator Jordan offered a substitute motion that the bill be referred to a subcommittee. Senator Jordan's motion failed. The motion to give the bill a favorable report failed. Senator Soles ruled that the bill would be removed from the calendar and rescheduled at the sponsor's request.

SB 96, AN ACT TO CLARIFY THE REQUIREMENT THAT PAWNSHOP RECORDS BE MADE AVAILABLE TO LOCAL LAW ENFORCEMENT.

Senator Kerr, the bill sponsor, said the bill requires pawnshops located within municipalities make pawn ticket records available to both the sheriff of the county and the chief of police. The present wording of the statute requires the records to be made available to the sheriff only if the pawnshop is not located within a municipality. (See attached memorandum for further information.) Senator Kerr said the Sheriff's Association supported the bill. Mr. Howard Kramer representing the North Carolina Pawnbrokers' Association said the Association also supports it. Senator Reeves moved that Senate Bill 96 be given a favorable report. Motion carried.

There being no further business, the meeting adjourned at 11:55 a.m.

MEMORANDUM

TO: Senator R.C. Soles, Jr., Chairman
Commerce Committee

FROM: Linwood Jones, Staff Counsel

RE: Senate Bill 382 (Redefine Unemployment Insurance Base Period)

Senate Bill 382 redefines the "base period" that a person must have worked before being eligible for unemployment benefits and eliminates one of the other tests ("the one and one-half times test") to determine eligibility. Currently, a person's base period is the first four of the last five completed calendar quarters prior to the filing of the claim for unemployment benefits. A person must have earned wages during that base period at least six times greater than the average weekly insured wage. Senate Bill 382 provides that if the person did not earn enough wages during the first four of the last five months to qualify for unemployment benefits, he or she can instead use the last four calendar quarters as a base period.

Current law also requires that the person's base period wages must be at least one and one-half times his high quarter wages and that these high quarter wages must be at least one and one-half times the average weekly insured wage. Senate Bill 382 eliminates this requirement. The "six times" test referred to above is not eliminated.

This bill takes effect upon becoming law and applies to new initial claims filed on or after September 1, 1997.

The act is effective when it becomes law. A copy of G.S. 91-7 is found on the reverse side of this memorandum.

Short Title: Public Contract Bonding Req'ments. (Public)

Sponsors: Senators Shaw of Cumberland, Ballance; and Jordan.

Referred to: Commerce.

March 18, 1997

A BILL TO BE ENTITLED

AN ACT TO ELIMINATE THE BONDING REQUIREMENTS FOR PUBLIC CONTRACTS WITH A VALUE OF ONE MILLION DOLLARS OR LESS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 143-129(b) reads as rewritten:

"(b) Advertisement of the letting of such contracts shall be as follows:

Where the contract is to be let by a board or governing body of the State government, or of a State institution, as distinguished from a board or governing body of a subdivision of the State, proposals shall be invited by advertisement at least one week before the time specified for the opening of said proposals in a newspaper having general circulation in the State of North Carolina. Provided that the advertisements for bidders required by this section shall be published at such a time that at least seven full days shall lapse between the date of publication of notice and the date of the opening of bids.

Where the contract is to be let by a county, city, town or other subdivision of the State, proposals shall be invited by advertisement at least one week before the time specified for the opening of said proposals in a newspaper having general circulation in such county, city, town or other subdivision.

Such advertisement shall state the time and place where plans and specifications of proposed work or a complete description of the apparatus, supplies, materials or equipment may be had, and the time and place for opening of the proposals, and shall reserve to said board or governing body the right to reject any or all such proposals.

Proposals shall not be rejected for the purpose of evading the provisions of this Article. No board or governing body of the State or subdivision thereof shall assume responsibility for construction or purchase contracts, or guarantee the payments of labor or materials therefor except under provisions of this Article.

All proposals shall be opened in public and shall be recorded on the minutes of the board or governing body and the award shall be made to the lowest responsible bidder or bidders, taking into consideration quality, performance and the time specified in the proposals for the performance of the contract. In the event the lowest responsible bids are in excess of the funds available for the project, the responsible board or governing body is authorized to enter into negotiations with the lowest responsible bidder above mentioned, making reasonable changes in the plans and specifications as may be necessary to bring the contract price within the funds available, and may award a contract to such bidder upon recommendation of the Department of Administration in the case of the State government or of a State institution or agency, or upon recommendation of the responsible commission, council or board in the case of a subdivision of the State, if such bidder will agree to perform the work at the negotiated price within the funds available therefor. If a contract cannot be let under the above conditions, the board or governing body is authorized to readvertise, as herein provided, after having made such changes in plans and specifications as may be necessary to bring the cost of the project within the funds available therefor. The procedure above specified may be repeated if necessary in order to secure an acceptable contract within the funds available therefor.

No proposal for a contract with a value of more than one million dollars ($1,000,000) shall be considered or accepted by said board or governing body unless at the time of its filing the same shall be accompanied by a deposit with said board or governing body of cash, or a cashier's check, or a certified check on some bank or trust company insured by the Federal Deposit Insurance Corporation in an amount equal to not less than five percent (5%) of the proposal. In lieu of making the cash deposit as above provided, such bidder may file a bid bond executed by a corporate surety licensed under the laws of North Carolina to execute such bonds, conditioned that the surety will upon demand forthwith make payment to the obligee upon said bond if the bidder fails to execute the contract in accordance with the bid bond. No deposit or bid bond shall be required when the contract has a value of one million dollars ($1,000,000) or less. This deposit shall be retained if the successful bidder fails to execute the contract within 10 days after the award or fails to give satisfactory surety as required herein. ~~In the case of proposals in an estimated amount of less than one hundred thousand dollars ($100,000) for the purchase of apparatus, supplies, materials, or equipment, the board or governing body may waive the requirement for a bid bond or other deposit.~~

Bids shall be sealed if the invitation to bid so specifies and, in any event, the opening of a bid or the disclosure or exhibition of the contents of any bid by anyone without the permission of the bidder prior to the time set for opening in the invitation to bid shall constitute a Class 1 misdemeanor."

Section 2. G.S. 143-129(c) reads as rewritten:

"(c) All contracts to which this section applies shall be executed in writing, and the board or governing body shall require the person to whom the award of contract is made for a contract with a value of more than one million dollars ($1,000,000) to furnish bond as required by Article 3 of Chapter 44A; or require a deposit of money, certified check or government securities for the full amount of said contract to secure the faithful performance of the terms of said contract and the payment of all sums due for labor and materials in a manner consistent with Article 3 of Chapter 44A; and no such contract shall be altered except by written agreement of the contractor, the sureties on his bond, and the board or governing body. Such surety bond or deposit required herein shall be deposited with the board or governing body for which the work is to be performed. When a deposit, other than a surety bond, is made with the board or governing body, said board or governing body assumes all the liabilities, obligations and duties of a surety as provided in Article 3 of Chapter 44A to the extent of said deposit. In the case of contracts for the purchase of apparatus, supplies, materials, or equipment, the board or governing body ~~may~~ shall waive the requirement for a surety bond or other ~~deposit.~~ deposit when the contract has a value of one million dollars ($1,000,000) or less.

The owning agency or the Department of Administration, in contracts involving a State agency, and the owning agency or the governing board, in contracts involving a political subdivision of the State, may reject the bonds of any surety company against which there is pending any unsettled claim or complaint made by a State agency or the owning agency or governing board of any political subdivision of the State arising out of any contract under which State funds, in contracts with the State, or funds of political subdivisions of the State, in contracts with such political subdivision, were expended, provided such claim or complaint has been pending more than 180 days."

Section 3. G.S. 44A-26(a) reads as rewritten:

"(a) When the total amount of construction contracts awarded for any one project exceeds one ~~hundred thousand~~ million dollars ~~($100,000)~~ ($1,000,000) a performance and payment bond as set forth in (1) and (2) is required by the contracting body from any ~~contractor with a contract more than fifteen thousand dollars ($15,000).~~ contractor. In the discretion of the contracting body, a performance and payment bond may be required on any construction contract as follows:

(1) A performance bond in the amount of one hundred percent (100%) of the construction contract amount, conditioned upon the faithful performance of the contract in accordance with the plans, specifications and conditions of the contract. Such bond shall be solely for the protection of the contracting body which awarded the contract.

(2) A payment bond in the amount of one hundred percent (100%) of the construction contract amount, conditioned upon the prompt payment for all labor or materials for which a contractor or subcontractor is liable. The payment bond shall be solely for the

protection of the persons furnishing materials or performing labor for which a contractor or subcontractor is liable.

No bonds shall be required from a contractor on a contract with a value of one million dollars ($1,000,000) or less."

MEMORANDUM

TO: Senator R.C. Soles, Jr., Chairman
Senate Commerce Committee

FROM: Linwood Jones, Staff Counsel

RE: Senate Bill 417 (Public Contract Bonding Requirements)

Senate Bill 417 eliminates the bonding requirements for public contracts that have a value of $1,000,000 or less.

Under current law, all public contracts that must be formally bid (i.e., purchase contracts of $20,000 or more and construction contracts of $100,000 or more) require the bidder to post a bid bond or a cash deposit (or a certified or cashiers check) to ensure that it will execute the contract. On purchase contracts of $100,000 or less, the governmental unit soliciting bids *may* waive the requirement of a bid bond. Sections 1 and 2 of Senate Bill 417 would waive bid bonds and deposits for all contracts (purchase contracts and construction contracts) valued at $1,000,000 or less.

Current law also provides for payment and performance bonds on public contracts. Payment and performance bonds ensure the owner that the project will be completed and the subcontractors, suppliers, and laborers that they will be paid. Performance and payment bonds are required only on projects of more than $100,000 and only from those contractors whose contracts on the project exceed $15,000. Section 3 of Senate Bill 417 provides that performance and payment bonds are not required on projects that cost more than $1,000,000. If, however, the project does exceed $1,000,000, each contractor on the project, not just those with contracts worth more than $15,000, must provide the bond. Section 3 also appears to eliminate the governmental unit's discretion in requiring performance and payment bonds when the project is less than the threshold amount ($100,000 under current law, $1,000,000 under the bill).

Section 4 makes this act effective upon becoming law.

SENATE BILL 418

Short Title: Small Business Procurement Act. (Public)

March 18, 1997

A BILL TO BE ENTITLED

AN ACT TO REQUIRE THE SECRETARY OF ADMINISTRATION TO SET BUSINESS SIZE STANDARDS AND APPLY THEM TO THE PROCUREMENT PROCEDURES TO PROMOTE INCREASED PROCUREMENTS FROM SMALL AND MEDIUM-SIZED BUSINESSES.

Whereas, current procurement procedures provide for the consolidation of estimates for supplies, materials, equipment, and contractual services and provide an institutional bias towards awarding State contracts to large businesses; and

Whereas, in this era of large corporate merging, restructuring, and downsizing with the attendant employee reductions, it is the small and medium-sized businesses that are providing for the new employment opportunities and economic growth in North Carolina; and

Whereas, the development of small and medium-sized businesses should be encouraged in North Carolina; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. G.S. 143-52 reads as rewritten:

"**§ 143-52. Competitive bidding procedure; consolidation of estimates by Secretary; bids; awarding of contracts.**

As feasible, the Secretary of Administration will compile and consolidate all such estimates of supplies, materials, equipment and contractual services needed and required by State departments, institutions and agencies to determine the total requirements of any given commodity. Where such total requirements will involve an expenditure in excess of the expenditure benchmark established under the provisions of G.S. 143-53.1 and where the competitive bidding procedure is employed as

hereinafter provided, sealed bids shall be solicited by advertisement in a newspaper of statewide circulation at least once and at least 10 days prior to the date designated for opening of the bids and awarding of the contract: Provided, other methods of advertisement may be adopted by the Secretary of Administration when such other method is deemed more advantageous for certain items or commodities. Regardless of the amount of the expenditure, under the competitive bidding procedure it shall be the duty of the Secretary of Administration to solicit bids direct by mail from qualified sources of supply. Except as otherwise provided under this Article, contracts for the purchase of supplies, materials or equipment shall be based on competitive bids and acceptance made of the lowest and best bid(s) most advantageous to the State as determined upon consideration of the following criteria: prices offered; the quality of the articles offered; the general reputation and performance capabilities of the bidders; the substantial conformity with the specifications and other conditions set forth in the request for bids; the suitability of the articles for the intended use; the personal or related services needed; the transportation charges; the date or dates of delivery and performance; and such other factor(s) deemed pertinent or peculiar to the purchase in question, which if controlling shall be made a matter of record. Competitive bids on such contracts shall be received in accordance with rules and regulations to be adopted by the Secretary of Administration, which rules and regulations shall prescribe for the manner, time and place for proper advertisement for such bids, the time and place when bids will be received, the articles for which such bids are to be submitted and the specifications prescribed for such articles, the number of the articles desired or the duration of the proposed contract, and the amount, if any, of bonds or certified checks to accompany the bids. Bids shall be publicly opened. Any and all bids received may be rejected. Each and every bid conforming to the terms of the invitation, together with the name of the bidder, shall be tabulated or otherwise entered as a matter of record, and all such records with the name of the successful bidder indicated thereon shall, after the award of the contract, be open to public inspection. Provided, that trade secrets, test data and similar proprietary information may remain confidential. A bond for the faithful performance of any contract may be required of the successful bidder at bidder's expense and in the discretion of the Secretary of Administration. After contracts have been awarded, the Secretary of Administration shall certify to the departments, institutions and agencies of the State government the sources of supply and the contract price of the supplies, materials and equipment so contracted for. Prior to adopting other methods of advertisement under this section, the Secretary of Administration may consult with the Advisory Budget Commission. Prior to adopting rules and regulations under this section, the Secretary of Administration may consult with the Advisory Budget Commission.

The Secretary shall establish business size standards for small and medium-sized businesses in this State and shall establish procedures for the division of estimates of supplies, materials, equipment, and contractual services or for allowable consolidation of bids from small and medium-sized firms to provide opportunities for these

businesses to bid on State contracts while still promoting sound purchasing management."

Section 2. G.S. 143-53(b) reads as rewritten:

"(b) In adopting the rules authorized by subsection (a) of this section, the Secretary shall include special provisions for the purchase of goods and services, which provisions are necessary to meet the documented training, work, or independent living needs of persons with disabilities according to the requirements of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act, as amended. The Secretary may consult with other agencies having expertise in meeting the needs of individuals with disabilities in developing these provisions. These special provisions shall establish purchasing procedures that:

(1) Provide for the involvement of the individual in the choice of particular goods, service providers, and in the methods used to provide the goods and services;

(2) Provide the flexibility necessary to meet those varying needs of individuals that are related to their disabilities;

(3) Allow for purchase outside of certified sources of supply and competitive bidding when a single source can provide multiple pieces of equipment, including adaptive equipment, that are more compatible with each other than they would be if they were purchased from multiple vendors;

(4) Permit priority consideration for vendors who have the expertise to provide appropriate and necessary training for the users of the equipment and who will guarantee prompt service, ongoing support, and maintenance of this equipment;

(5) Permit agencies to give priority consideration to suppliers offering the earliest possible delivery date of goods or services especially when a time factor is crucial to the individual's ability to secure a job, meet the probationary training periods of employment, continue to meet job requirements, or avoid residential placement in an institutional setting; ~~and~~

(6) Allow consideration of the convenience of the provider's location for the individual with the ~~disability.~~ disability; and

(7) Allow consideration for encouraging the use of small and medium-sized businesses through the division of requirements and the consolidation of bids from these firms.

In developing these purchasing provisions, the Secretary shall also consider the following criteria: (i) cost-effectiveness, (ii) quality, (iii) the provider's general reputation and performance capabilities, (iv) substantial conformity with specifications and other conditions set forth for these purchases, (v) the suitability of the goods or services for the intended use, (vi) the personal or other related services needed, (vii) transportation charges, and (viii) any other factors the Secretary considers pertinent to the purchases in question."

Section 3. G.S. 143-54 reads as rewritten:

"**§ 143-54. Certification that bids were submitted without collusion.**

The Director of Administration shall require bidders to certify that each bid is submitted competitively and without collusion. The combining of bids pursuant to rules issued under subdivision (7) of G.S. 143-53 shall not be collusion. False certification is a Class I felony."

Section 4. The Department of Administration shall report to the General Assembly, prior to the 1998 Session of the General Assembly, on measures to encourage the use of small and medium-sized businesses to provide the supplies, materials, equipment, and contractual services required by the State. The study shall consider and propose new procedures and policies to eliminate the disincentives to small and medium-sized businesses from bidding on State contracts, such as expediting the prompt payment for completed contracts and elimination of any discounts for prompt payment.

In preparing this report, the Department of Administration shall contact the General Counsel of the United States Office of Small Business Advocacy to determine what has been done in other states to encourage small and medium-sized business participation in government contracts.

Section 5. This act is effective when it becomes law.

Section 2. G.S. 143-49 reads as rewritten:

"**§ 143-49. Powers and duties of Secretary.**

The Secretary of Administration shall have power and authority, and it shall be his duty, subject to the provisions of this Article:

(1) To canvass sources of supply, including sources of supply of materials and supplies with recycled content, and to purchase or to contract for the purchase, lease and lease-purchase of all supplies, materials, equipment and other tangible personal property required by the State government, or any of its departments, institutions or agencies under competitive bidding or otherwise as hereinafter provided.

(2) To establish and enforce specifications which shall apply to all supplies, materials and equipment to be purchased or leased for the use of the State government or any of its departments, institutions or agencies.

(3) To purchase or to contract for, by sealed, competitive bidding or other suitable means, all contractual services and needs of the State government, or any of its departments, institutions, or agencies; or to authorize any department, institution or agency to purchase or contract for such services.

When the award of any contract for contractual services exceeding a cost of one hundred thousand dollars ($100,000) requires negotiation with prospective contractors, the Secretary shall request and the Attorney General shall assign a representative of the office of the Attorney General to assist in negotiation for the award of the contract. It shall be the duty of such representative to assist and advise in obtaining the most favorable contract for the State, to evaluate all proposals available from prospective contractors for that purpose, to interpret proposed contract terms and to advise the Secretary or his representatives of the liabilities of the State and validity of the contract to be awarded. All contracts and drafts of such contracts shall be prepared by the office of the Attorney General and copies thereof shall be retained by such office for a period of three years following the termination of such contracts. The term 'contractual services' as used in this subsection shall mean work performed by an independent contractor requiring specialized knowledge, experience, expertise or similar capabilities wherein the service rendered does not consist primarily of acquisition by this State of equipment or materials and the rental of equipment, materials and supplies. The term "negotiation" as used herein shall not be deemed to refer to

contracts entered into or to be entered into as a result of a competitive bidding process.

(4) To have general supervision of all storerooms and stores operated by the State government, or any of its departments, institutions or agencies and to have supervision of inventories of all tangible personal property belonging to the State government, or any of its departments, institutions or agencies. The duties imposed by this subdivision shall not relieve any department, institution or agency of the State government from accountability for equipment, materials, supplies and tangible personal property under its control.

(5) To make provision for or to contract for all State printing, including all printing, binding, paper stock, recycled paper stock, supplies, and supplies with recycled content, or materials in connection with the same.

(6) To make available to nonprofit corporations operating charitable hospitals, to local nonprofit community sheltered workshops or centers that meet standards established by the Division of Vocational Rehabilitation of the Department of Human Resources, to private nonprofit agencies licensed or approved by the Department of Human Resources as child placing agencies, residential child-care facilities, private nonprofit rural, community, and migrant health centers designated by the Office of Rural Health and Resource Development, and to counties, cities, towns, governmental entities and other subdivisions of the State and public agencies thereof in the expenditure of public funds, the services of the Department of Administration in the purchase of materials, supplies and equipment under such rules, regulations and procedures as the Secretary of Administration may adopt. In adopting rules and regulations any or all provisions of this Article may be made applicable to such purchases and contracts made through the Department of Administration, and in addition the rules and regulations shall contain a requirement that payment for all such purchases be made in accordance with the terms of the contract. Prior to adopting rules and regulations under this subdivision, the Secretary of Administration may consult with the Advisory Budget Commission.

(7) **(See Editor's note)** To evaluate the nonprofit qualifications and capabilities of qualified work centers to manufacture commodities or perform services.

(8) To allow consideration for encouraging the use of small and medium-sized businesses through the division of requirements and the consolidation of bids from these firms."

Section 3. G.S. 143-54 reads as rewritten:

"**§ 143-54. Certification that bids were submitted without collusion.**

The Director of Administration shall require bidders to certify that each bid is submitted competitively and without collusion. The combining of bids pursuant to rules issued under subdivision (7) of G.S. 143-53 shall not be prima facie evidence of collusion. False certification is a Class I felony."

Section 4. The Department of Administration shall report to the General Assembly, prior to the 1998 Session of the General Assembly, on measures to encourage the use of small and medium-sized businesses to provide the supplies, materials, equipment, and contractual services required by the State. The study shall consider and propose new procedures and policies to eliminate the disincentives to small and medium-sized businesses from bidding on State contracts, such as expediting the prompt payment for completed contracts and elimination of any discounts for prompt payment.

In preparing this report, the Department of Administration shall contact the General Counsel of the United States Office of Small Business Advocacy to determine what has been done in other states to encourage small and medium-sized business participation in government contracts.

MEMORANDUM

TO: Senator R.C. Soles, Jr., Chairman
Senate Commerce Committee

FROM: Linwood Jones, Staff Counsel

RE: Senate Bill 418 (Small Business Procurement Act)

Senate Bill 418 requires the Secretary of Administration to establish standards defining small and medium size businesses. The Secretary is directed to develop procedures for dividing up the State's purchasing needs among these small and medium size businesses and allowing these vendors to consolidate their bids. This is to be done in accordance with sound purchasing policy. Section 2 of the bill adds these provisions to the laws governing vocational rehabilitation purchasing (G.S. 143-53(b)). In my opinion, the vocational rehabilitation purchasing statutes are not what the sponsor intended to amend.

Section 3 of the bill provides that if bidders consolidate their bids in accordance with the consolidation procedure to be developed by the Secretary, they will not be guilty of collusion under *State* law.

Section 4 requires the Department of Administration to report to the 1998 legislative session on ways that we can improve the opportunity of small and medium size businesses to get State contracts. The Department is to look at other states' efforts in this area.

The bill takes effect upon becoming law.

MEMORANDUM

TO: Senator R. C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel and Gann Watson, Co-Counsel, Joint Administrative Procedure Oversight Committee

RE: **Proposed Committee Substitute for Senate Bill 208 - Sanitization of Cooking Utensils Provided by Lodging Establishments** - Senator Foxx

The Proposed Committee Substitute for Senate Bill 208 exempts utensils provided in the guest room of a lodging unit for guests to prepare food while staying in the guest room from the normal sanitization requirements. This bill is a recommendation of the Joint Administrative Procedure Oversight Committee.

The purpose of this bill is to make consistent the application of law governing the sanitation of cooking utensils in certain lodging establishments. Under current law, certain lodging establishments are required to sanitize re-usable cooking and eating utensils when those utensils are provided in the lodging unit for guests to use in preparing their food (G.S. 130A-248). Condominiums and private homes that are rented to guests and that also provide re-usable cooking and eating utensils for guest use are exempt from regulation (G.S. 130A-250). Thus, although the service provided by both regulated and nonregulated establishments is the same, as is the risk of public exposure to disease, the application of law is more burdensome on the regulated establishment than on the nonregulated establishment. This bill exempts the regulated establishments from the sanitation requirement. Regulations pertaining to the cleaning of utensils and surfaces still apply. If enacted, this statutory change will be the basis for a temporary rule pertaining to the sanitation requirements.

Section 1 of the bill amends G.S. 130A-248(a3) to provide that sanitation requirements for eating and drinking utensils and other food contact surfaces do not apply to utensils and surfaces provided in the guest room of the lodging unit for guests to prepare food while staying in the guest room.

Section 2 makes the bill effective when it becomes law.

S208-SMRU-001

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

From the Report to the 1997 General Assembly by the

JOINT ADMINISTRATIVE PROCEDURE OVERSIGHT COMMITTEE

FINDING NUMBER 5:

The following findings pertain to 15A NCAC 18A.1812, a rule adopted by the Health Services Commission.

Reasonable regulation of establishments that provide food and lodging services to the general public is necessary for the protection of the public health. However, regulation that is more restrictive than necessary to achieve its purpose can impose hardships on business that significantly outweigh the benefits to the general public. Moreover, a law that regulates a service provided by one entity more stringently than an identical service provided by a different type of entity should be carefully reviewed to ensure that there is justification for the inconsistency in regulation. Thus, the Committee finds as follows:

(1) Lodging establishments such as motels, hotels, and tourist homes are regulated under Article 8 of Chapter 130A of the General Statutes. Rules adopted under that Article include those pertaining to the sanitation of re-usable cooking and eating utensils provided by the establishment for use by guests in the preparation of food in their lodging unit.

(2) Condominiums and private homes are exempt from regulation under Article 8, G.S. 130A-250, although many of these apartments and homes are rented to the general public and provide the same level and type of re-usable cooking and eating utensils for use by renters in preparation of food in the rental unit.

(3) The public health concern about cleanliness of cooking and eating utensils is relevant to both types of entities. Yet one entity is required to sanitize the utensils, while the other entities are not. Moreover, the sanitatization process required of the regulated establishment is more burdensome than is reasonably necessary to protect the public health, especially given that public exposure to the relevant health risks is relatively the same in establishments that are regulated and in those that are exempt from regulation.

(4) The law should apply equitably to all lodging establishments that provide the same or substantially similar services to the general public, such that the public health concerns are addressed without unjustifiably burdensome regulation on one segment of business or industry.

RECOMMENDATION NUMBER 5:

The Committee recommends that General Assembly enact legislation which clarifies that rules pertaining to sanitation of eating and drinking utensils do not apply to utensils in lodging units that provide utensils for guests to use in preparing food while staying in the lodging unit. (SEE LEGISLATIVE PROPOSAL 5)

§ 130A-248. Regulation of food and lodging establishments.

(a) For the protection of the public health, the Commission shall adopt rules governing the sanitation of establishments that prepare or serve drink or food for pay and establishments that prepare and sell meat food products or poultry products. However, any establishment that prepares or serves food or drink to the public, regardless of pay, shall be subject to the provisions of this Article if the establishment that prepares or serves food or drink holds an ABC permit, as defined in G.S. 18B-101, meets any of the definitions in G.S. 18B-1000, and does not meet the definition of a private club as provided in G.S. 130A-247(2).

(a1) For the protection of the public health, the Commission shall adopt rules governing the sanitation of hotels, motels, tourist homes, and other establishments that provide lodging for pay.

(a2) For the protection of the public health, the Commission shall adopt rules governing the sanitation of private homes offering bed and breakfast accommodations to eight or fewer persons per night, and rules governing the sanitation of bed and breakfast inns as defined in G.S. 130A-247. In carrying out this function, the Commission shall adopt requirements that are the least restrictive so as to protect the public health and not unreasonably interfere with the operation of bed and breakfast inns.

(a3) The rules adopted by the Commission pursuant to subsections (a), (a1), and (a2) of this section shall address, but not be limited to, the following:

(1) Sanitation requirements for cleanliness of floors, walls, ceilings, storage spaces, utensils, ventilation equipment, and other areas and items;

(2) Requirements for:
   a. Lighting and water supply;
   b. Wastewater collection, treatment, and disposal facilities; and
   c. Lavatory and toilet facilities, food protection, and waste disposal;

(3) The cleaning and bactericidal treatment of eating and drinking utensils and other food-contact surfaces;

(3a) The appropriate and reasonable use of gloves or utensils by employees who handle unwrapped food;

(4) The methods of food preparation, transportation, catering, storage, and serving;

(5) The health of employees;

(6) Animal and vermin control; and

(7) The prohibition against the offering of unwrapped food samples to the general public unless the offering and acceptance of the samples are continuously supervised by an agent of the entity preparing or offering the samples or by an agent of the entity on whose premises the samples are made available. As used in this subdivision, "food samples" means unwrapped food prepared and made available for sampling by and without charge to the general public for the purpose of promoting the food made available for sampling. This subdivision does not apply to unwrapped food prepared and offered in buffet, cafeteria, or other style in exchange for payment by the general public or by the person or entity arranging for the preparation and offering of such unwrapped food. This subdivision shall not apply to open air produce markets nor to farmer market facilities operated on land owned or leased by the State of North Carolina or any local government.

The rules shall contain a system for grading establishments, such as Grade A, Grade B, and Grade C. The rules shall be written in a manner that promotes consistency in both the interpretation and application of the grading system.

(a4) .....

§ 130A-250. Exemptions.

The following shall be exempt from this Part:

(1) Establishments that provide lodging described in G.S. 130A-248(a1) with four or fewer lodging units;

(2) Condominiums;

(3) Establishments that prepare or serve food or provide lodging to regular boarders or permanent house guests only;

(4) Private homes that occasionally offer lodging accommodations, which may include the providing of food, for two weeks or less to persons attending special events, provided these homes are not bed and breakfast homes or bed and breakfast inns;

(5) Private clubs;

(6) Curb markets operated by the State Agricultural Extension Service;

(7) Establishments that prepare or serve food or drink for pay no more frequently than once a month for a period not to exceed two consecutive days;

(8) Establishments that put together, portion, set out, or hand out only drinks using single service containers that are not reused on the premises; and

(9) Markets where meat food products or poultry products are prepared and sold and which are under the continuous inspection by the North Carolina Department of Agriculture or the United States Department of Agriculture.

MEMORANDUM

TO: Senator R.C. Soles, Jr.
Commerce Committee

FROM: Linwood Jones, Staff Counsel

RE: Senate Bill 425 (Refrigeration Contractors)

Senate Bill 425 amends the laws governing refrigeration contractors. Section 1 makes several grammatical changes and redefines the exemption for persons installing air conditioning units, devices, and systems in homes, businesses, plants, etc. The exemption will instead refer to persons installing "comfort cooling devices or systems."

Section 2 repeals a provision that currently prevents a person who fails the licensing exam from retaking the exam any earlier than the next regular scheduled examination, thus allowing that person to request a special exam (upon paying the appropriate fee) as first-time takers can do.

Section 3 revises the language concerning reissuance of a license to a person whose license was revoked. Current law requires three or more members to vote in favor of the reissuance in order for a person to obtain a reissued license. The bill will require a majority of the Board (4 members of the 7-member board).

Current law allows a corporation or partnership to engage in the business of refrigeration contracting as long as a licensed contractor is in charge and exercises general supervision over all work. Section 4 of the bill adds a provision that makes clear that the Board can determine how many businesses the licensed person can exercise supervision over and their proximity to one another. In addition, the licensed person's connection to the business entity must be spelled out in a written contract in advance.

Section 5 increases the maximum fee for reinstatement of a lapsed license from $5 to $75.

Section 6 makes this act effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO ESTABLISH A THREE-YEAR CYCLE FOR BUILDING CODE AMENDMENTS BEGINNING IN 1999 AND TO MAKE RELATED CHANGES CONCERNING THE ADMINISTRATION AND ENFORCEMENT OF THE STATE BUILDING CODE.

The General Assembly of North Carolina enacts:

Section 1. G.S. 143-138(a) reads as rewritten:

"(a) Preparation and Adoption. -- The Building Code Council is hereby empowered to prepare and adopt, in accordance with the provisions of this Article, a North Carolina State Building Code. Prior to the adoption of this Code, or any part thereof, the Council shall hold at least one public hearing. A notice of such public hearing shall be given once a week for two successive calendar weeks in a newspaper published in Raleigh, said notice to be published the first time not less than 15 days prior to the date fixed for said hearing. The Council may hold such other public hearings and give such other notice as it may deem necessary.

The Council shall request the Office of State Budget and Management to prepare a fiscal note for a proposed Code change that has a substantial economic impact, as defined in G.S. 150B-21.4(b1). The Council shall not take final action on a proposed Code change that has a substantial economic impact until at least 60 days after the fiscal note has been prepared. The change can become effective only in accordance with G.S. 143-138(d)."

Section 2. G.S. 143-138(c) reads as rewritten:

"(c) Standards to Be Followed in Adopting the Code. -- All regulations contained in the North Carolina State Building Code shall have a reasonable and substantial connection with the public health, safety, morals, or general welfare, and their provisions shall be construed ~~liberally~~ reasonably to those ends. Requirements of the Code shall conform to good engineering ~~practice, as evidenced generally by the~~ practice. The Council may use as guidance, but is not required to adopt, the requirements of the National Building Code of the American Insurance Association, formerly the National Board of Fire Underwriters, the Southern Standard Building Code of the Southern Building Code Congress, the Uniform Building Code of the Pacific Coast Building Officials Conference, the Basic Building Code of the Building Officials Conference of America, Inc., the National Electric Code, the Life Safety Code and Fire Prevention Code of the National Fire Protection Association, the American Standard Safety Code for Elevators, Dumbwaiters, and Escalators, the Boiler Code of the American Society of Mechanical Engineers, Standards of the American Insurance Association for the Installation of Gas Piping and Gas Appliances in Buildings, and standards promulgated by the United States of America Standards Institute, formerly the American Standards Association, Underwriters' Laboratories, Inc., and similar national agencies engaged in research concerning strength of materials, safe design, and other factors bearing upon health and safety."

Section 3. G.S. 143-138(d) reads as rewritten:

"(d) Amendments of the Code. -- The Building Code Council may ~~from time to time~~ revise and amend the North Carolina State Building Code, either on its own motion or upon application from any citizen, State agency, or political subdivision of the State. In adopting any amendment, the Council shall comply with the same procedural requirements and the same standards set forth above for adoption of the Code. Code revisions and amendments adopted by the Building Code Council on or after September 1, 1997, but prior to July 1, 1998, shall become effective January 1, 1999. Code revisions and amendments adopted by the Building Code Council on or after July 1, 1998, but prior to July 1, 2001, shall become effective January 1, 2002. All future revisions and amendments shall be adopted prior to July 1 every three years after July 1, 2001, to become effective the first day of January of the following year. A revision or amendment may be made effective on an earlier date if determined by the Building Code Council to be necessary to address an imminent threat to the public's health, safety, or welfare.

Handbooks providing explanatory material on Code provisions shall be provided no later than January 1, 2000, and shall be updated with each trienniel revision of the Code or, in the discretion of the Council, more frequently. The Department may charge a reasonable fee for the handbooks."

Section 4. G.S. 143-137 reads as rewritten:

"**§ 143-137. Organization of Council; rules; meetings; staff; fiscal affairs.**

(a) First Meeting; Organization; Rules. -- Within 30 days after its appointment, the Building Code Council shall meet on call of the Commissioner of Insurance. The Council shall elect from its appointive members a chairman and such other officers as it may choose, for such terms as it may designate in its rules. The Council shall

adopt such rules not inconsistent herewith as it may deem necessary for the proper discharge of its duties. The chairman may appoint members to such committees as the work of the Council may require. In addition, the chairman shall establish and appoint ad hoc code revision committees to consider and prepare revisions and amendments to the Code volumes. Each ad hoc committee shall consist of members of the Council, licensed contractors, and design professionals most affected by the Code volume for which the ad hoc committee is responsible, and members of the public. The subcommittees shall meet upon the call of their respective chairs and shall report their recommendations to the Council.

(b) Meetings. -- The Council shall meet regularly, at least once every six months, at places and dates to be determined by the Council. Special meetings may be called by the chairman on his own initiative and must be called by him at the request of two or more members of the Council. All members shall be notified by the chairman in writing of the time and place of regular and special meetings at least seven days in advance of such meeting. Seven members shall constitute a quorum. All meetings shall be open to the public.

(c) Staff. -- Personnel of the Division of Engineering of the Department of Insurance shall serve as a staff for the Council. Such staff shall have the duties of

(1) Keeping an accurate and complete record of all meetings, hearings, correspondence, laboratory studies, and technical work performed by or for the Council, and making these records available for public inspection at all reasonable times;

(2) Handling correspondence for the Council.

(d) Fiscal Affairs of the Council. -- All funds for the operations of the Council and its staff shall be appropriated to the Department of Insurance for the use of the Council. All such funds shall be held in a separate or special account on the books of the Department of Insurance, with a separate financial designation or code number to be assigned by the Department of Administration or its agent. Expenditures for staff salaries and operating expenses shall be made in the same manner as the expenditure of any other Department of Insurance funds. The Department of Insurance may hire such additional personnel as may be necessary to handle the work of the Building Code Council, within the limits of funds appropriated for the Council and with the approval of the Council."

Section 5. G.S. 143-138(e) reads as rewritten:

"(e) Effect upon Local Codes. -- The North Carolina State Building Code shall apply throughout the State, from the time of its adoption. However, any political subdivision of the State may adopt ~~a building code or building rules and regulations governing construction or~~ a fire prevention code within its jurisdiction. The territorial jurisdiction of any municipality or county for this purpose, unless otherwise specified by the General Assembly, shall be as follows: Municipal jurisdiction shall include all areas within the corporate limits of the municipality and extraterritorial jurisdiction areas established as provided in G.S. 160A-360 or a local act; county jurisdiction shall include all other areas of the county. No such code or regulations, other than those permitted by G.S. 160A-436, shall be effective until they have been officially

approved by the Building Code Council as providing adequate minimum standards to preserve and protect health and safety, in accordance with the provisions of subsection (c) above. ~~While it remains effective, such approval shall be taken as conclusive evidence that a local code or local regulations supersede the State Building Code in its particular political subdivision. Whenever the Building Code Council adopts an amendment to the State Building Code, it shall consider any previously approved local regulations dealing with the same general matters, and it shall have authority to withdraw its approval of any such local code or regulations unless the local governing body makes such appropriate amendments to that local code or regulations as it may direct.~~ In the absence of approval by the Building Code Council, or in the event that approval is withdrawn, local codes and regulations shall have no force and effect. Provided any local regulations approved by the local governing body which are found by the Council to be more stringent than the adopted statewide fire prevention code and which are found to regulate only activities and conditions in buildings, structures, and premises that pose dangers of fire, explosion or related hazards, and are not matters in conflict with the State Building Code, shall be approved. Local governments may enforce the fire prevention code of the State Building Code using civil remedies authorized under G.S. 143-139, 153A-123, and 160A-175. If the Commissioner of Insurance or other State official with responsibility for enforcement of the Code institutes a civil action pursuant to G.S. 143-139, a local government may not institute a civil action under G.S. 143-139, 153A-123, or 160A-175 based upon the same violation. Appeals from the assessment or imposition of such civil remedies shall be as provided in G.S. 160A-434."

Section 6. Article 9 of Chapter 143 of the General Statutes is amended by adding the following new section:

"**§ 143-138.1. Introduction and instruction of the North Carolina Building Code.**

Prior to the effective date of Code changes pursuant to G.S. 143-138, the State Building Code Council and Department of Insurance shall provide for instructional classes for the various trades affected by the Code. The Department of Insurance shall develop the curriculum for each class but shall consult the affected licensing boards and trade organizations. The curriculum shall include explanations of the rationale and need for each Code amendment or revision. Classes may also be conducted by, on behalf of, or in cooperation with licensing boards, trade associations, and professional societies. The Department of Insurance may charge fees sufficient to recover the costs it incurs under this section. The Council shall ensure that courses are accessible to persons throughout the State."

Section 7. G.S. 143-141(b) reads as rewritten:

"(b) Interpretations of the Code. -- The Building Code Council shall have the duty, in hearing appeals, to give interpretations of such provisions of the Building Code as shall be pertinent to the matter at issue. Where the Council finds that an enforcement agency was in error in its interpretation of the Code, it shall remand the case to the agency with instructions to take such action as it directs. Interpretations

by the Council and local enforcement officials shall be based on a reasonable construction of the Code provisions."

Section 8. Sections 3 and 6 of this act become effective September 1, 1997. The remainder of this act is effective when it becomes law.

MEMORANDUM

TO: Senator R. C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel and Giles Perry, House State Government Committee Counsel

RE: **HOUSE BILL 39 - BUILDING CODE CHANGES** - Representative Ives

House Bill 95 establishes three-year cycles for State Building Code changes, beginning in 1999, and makes several other related changes to the statutes governing the State Building Code.

Section 1 is a conforming change that makes it clear that Code changes with a fiscal impact are subject to the same three-year cycle provided for in Section 3 of the bill.

Section 2 changes the standard for (judicial) interpretation of the Building Code from "construed liberally" to "construed reasonably". This section also clarifies that the Building Code Council may use the various national construction standards listed in the statutes for guidance, but it is not required to adopt them as the standard in the Code.

Section 3 provides that changes to the Building Code adopted by the Building Code Council on or after September 1, 1997, but before July 1, 1998, will become effective January 1, 1999. Thereafter changes will be made on a three-year cycle, unless determined by the Council to be needed earlier to address an imminent threat to public safety. Section 3 also requires an explanatory handbook on the Building Code to be provided no later than January 1, 2000, and updated at least every three years.

Section 4 directs the Chair of the Building Code Council to establish ad hoc revision committees that include persons in the building industry and the general public to consider and prepare revisions to the Code.

Section 5 eliminates local authority to adopt building codes, rules and regulations (local fire codes could continue to be adopted). Existing law permits the adoption of local building codes more stringent than the State Code when approved by the State

Building Code Council. Currently no approved local building codes are being used anywhere in the State.

Section 6 requires the Department of Insurance to provide instruction in new Code changes prior to the effective date of any changes. A fee may be charged by the Department to cover the cost of a course.

Section 7 makes conforming changes consistent with the changes made in Section 2 of the bill to specify that the Building Code Council and local enforcement officers shall base interpretations of the Code on "reasonable construction" of its provisions.

Section 3 (3-year Code revision cycle) and Section 6 (instruction on changes in Code) become effective September 1, 1997. The remainder of the bill will be effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO REGULATE CHECK-CASHING BUSINESSES.

The General Assembly of North Carolina enacts:

Section 1. Chapter 53 of the General Statutes is amended by adding the following new Article to read:

"ARTICLE 22.

"Check-Cashing Businesses.

"**§ 53-275. Definitions.**

As used in this Article, unless the context clearly requires otherwise, the term:

(1) 'Cashing' means providing currency for payment instruments, but does not include the bona fide sale or exchange of travelers checks and foreign denomination payment instruments.

(2) 'Check-cashing service' means any person or entity engaged in the business of cashing checks, drafts, or money orders for a fee, service charge, or other consideration.

(3) 'Commission' means the State Banking Commission.

(4) 'Commissioner' means the Commissioner of Banks.

(5) 'Licensee' means a person or entity licensed to engage in a check-cashing business under this Article.

(6) 'Person' means an individual, partnership, association, or corporation.

"**§ 53-276. License required.**

No person or other entity may engage in the business of cashing checks, drafts, or money orders for consideration without first obtaining a license under this Article.

No person or other entity providing a check-cashing service may avoid the requirements of this Article by providing a check or other currency equivalent instead of currency when cashing payment instruments.

"**§ 53-277. Exemptions.**

(a) This Article shall not apply to:

(1) A bank, savings institution, credit union, or farm credit system organized under the laws of the United States or any state; and

(2) Any person or entity principally engaged in the bona fide retail sale of goods or services, who either as an incident to or independently of a retail sale or service and not holding itself out to be a check-cashing service, from time to time cashes checks, drafts, or money orders for a fee or other consideration, where not more than two dollars ($2.00) is charged for the service.

(b) A person licensed under Article 16 of this Chapter (Money Transmitters Act) is exempt from G.S. 53-276, 53-278, 53-279, and 53-283, but is deemed a licensee for purposes of the remaining provisions of this Article. This exemption does not apply to an agent of a person licensed under Article 16 of this Chapter.

"**§ 53-278. Application for license; investigation; application fee.**

(a) An application for licensure under this Article shall be in writing, under oath, and on a form prescribed by the Commissioner. The application shall set forth all of the following:

(1) The name and address of the applicant.

(2) If the applicant is a firm or partnership, the name and address of each member of the firm or partnership.

(3) If the applicant is a corporation, the name and address of each officer, director, registered agent, and principal.

(4) The addresses of the locations of the business to be licensed.

(5) Other information concerning the financial responsibility, background experience, and activities of the applicant and its members, officers, directors, and principals as the Commissioner requires.

(b) The Commissioner may make such investigations as the Commissioner deems necessary to determine if the applicant has complied with all applicable provisions of this Article and State and federal law.

(c) The application shall be accompanied by payment of a two hundred fifty dollar ($250.00) application fee and a five hundred dollar ($500.00) investigation fee. These fees are not refundable or abatable, but, if the license is granted, payment of the application fee shall satisfy the fee requirement for the first license year or remaining part thereof.

(d) Licenses shall expire annually and may be renewed upon payment of a license fee of two hundred fifty dollars ($250.00) plus a fifty dollar ($50.00) fee for each branch location certificate issued under a license.

"**§ 53-279. Liquid assets required; other qualifications; denial of license; appeal to Commission.**

(a) Every licensee and applicant shall have and maintain liquid assets of at 'least twenty-five thousand dollars ($25,000) per licensee.

(b) Upon the filing and investigation of an application, and compliance by the applicant with G.S. 53-278, and this section, the Commissioner shall issue and deliver to the applicant the license applied for to engage in business under this Article at the locations specified in the application, provided that the Commissioner finds that the financial responsibility, character, reputation, experience, and general fitness of the applicant and its members, officers, directors, and principals are such as to warrant belief that the business will be operated efficiently and fairly, in the public interest, and in accordance with law. If the Commissioner fails to make such findings, no license shall be issued, and the Commissioner shall notify the applicant of the denial and the reasons therefor. The applicant shall be entitled to an informal hearing on the denial provided the applicant requests the hearing in writing within 30 days after the Commissioner has mailed the notice required under this subsection to the applicant. In the event of a hearing, which shall be held in the offices of the Commissioner of Banks in Raleigh, the Commissioner shall reconsider the application and, after hearing, issue a written order granting or denying the application.

"§ 53-280. Maximum fees for service; fees posted; endorsement of checks cashed.

(a) Notwithstanding any other provision of law, no check-cashing business licensed under this Article shall directly or indirectly charge or collect fees or other consideration for check-cashing services in excess of the following:

(1) Three percent (3%) of the face amount of the check or five dollars ($5.00), whichever is greater, for checks issued by the federal government, State government, or any agency of the State or federal government, or any county or municipality of this State.

(2) Ten percent (10%) of the face amount of the check or five dollars ($5.00), whichever is greater, for personal checks.

(3) Five percent (5%) of the face amount of the check or five dollars ($5.00), whichever is greater, all other checks, or for money orders.

(b) A licensee shall ensure that in every location conducting business under a license issued under this Article, there is conspicuously posted and at all times displayed a notice stating the fees charged for cashing checks, drafts, and money orders. A licensee shall further ensure that notice of the fees currently charged at every location shall be filed with the Commissioner.

(c) Checks, drafts, and money orders cashed at every location conducting business under a license issued under this Article shall be deposited or presented for payment within three days of the date the check is cashed for the customer. A licensee shall endorse every check, draft, or money order presented by the licensee for payment in the name of the licensee.

"§ 53-281. Record keeping; receipt requirements.

(a) Every person required to be licensed under this Article shall maintain in its offices such books, accounts, and records as the Commissioner may reasonably require. The Commissioner may examine the books, accounts, and records in order to determine whether the person is complying with this Article and rules adopted

pursuant thereto. The books, accounts, and records shall be maintained separate from any other business in which the person is engaged, and shall be retained for a period prescribed by the Commissioner.

(b) The licensee shall ensure that each customer cashing a check shall be provided a receipt showing the name or trade name of the licensee, the transaction date, amount of the check, and the fee charged.

"**§ 53-282. Prohibited practices.**

No person required to be licensed under this Article shall do any of the following:

(1) Charge fees in excess of those authorized under this Article.

(2) Engage in the business of making loans of money, credit, goods, or things, or discounting notes, bills of exchange, items, or other evidences of debt; or accepting deposits or bailments of money or items.

(3) Hold checks cashed by customers for more than three days before depositing or presenting the checks for payment.

(4) Use or cause to be published or disseminated any advertising communication which contains any false, misleading, or deceptive statement or representation.

(5) Conduct business at premises or locations other than locations licensed by the Commissioner.

(6) Engage in unfair, deceptive, or fraudulent practices.

(7) Cash a check, draft, or money order made payable to a payee other than a natural person unless the licensee has previously obtained appropriate documentation from the executive entity of the payee clearly indicating the authority of the natural person or persons cashing the check, draft, or money order on behalf of the payee.

"**§ 53-283. Suspension and revocation of license; grounds; procedure.**

(a) The Commissioner may suspend or revoke any license or licenses issued pursuant to this Article if, after notice and opportunity for hearing, the Commissioner issues written findings that the licensee has engaged in any of the following conduct:

(1) Violated this Article or applicable State or federal law or rules.

(2) Made a false statement on the application for a license under this Article.

(3) Refused to permit investigation by the Commissioner authorized under this Article.

(4) Failed to comply with an order of the Commissioner.

(5) Demonstrated incompetency or untrustworthiness to engage in the business of check cashing.

(6) Been convicted of a felony or misdemeanor involving fraud, misrepresentation, or deceit.

(b) The Commissioner may not suspend or revoke any license issued under this Article unless the licensee has been given notice and opportunity for hearing in accordance with Article 3A of Chapter 150B of the General Statutes.

"**§ 53-284. Cease and desist orders.**

If the Commissioner determines that a person required to be licensed under this Article has violated this Article or rules adopted pursuant to it, then the Commissioner may, upon notice and opportunity for hearing in accordance with Article 3A of Chapter 150B of the General Statutes, order the person to cease and desist from the violations and to comply with this Article. The Commissioner may enforce compliance with an order issued pursuant to this section by the imposition and collection of civil penalties authorized under this Article.

"**§ 53-285. Civil penalties and restitution.**

The Commissioner may order and impose civil penalties upon any person required to be licensed under this Article for violations of this Article or rules adopted thereunder. Civil penalties shall not exceed one thousand dollars ($1,000) per violation. All civil money penalties collected under this Article shall be paid to the county school fund. The Commissioner may also order repayment of unlawful or excessive fees charged to customers.

"**§ 53-286. Criminal penalties.**

A violation of G.S. 53-276 by a person required to obtain a license under this Article is a Class I felony. Each transaction involving the unlawful cashing of a check, draft, or money order constitutes a separate offense.

"**§ 53-287. Commissioner to adopt rules.**

The Commissioner may adopt rules necessary to carry out the purposes of this Article, to provide for the protection of the public, and to assist licensees in interpreting and complying with this Article.

"**§ 53-288. Commission may review rules, orders, or acts by Commissioner.**

The Commission shall have full authority to review any rule, regulation, order, or act of the Commissioner done pursuant to or with respect to the provisions of this Article, and any person aggrieved by any such rule, regulation, order, or act may appeal to the Commission for review upon giving notice in writing within 20 days after such rule, regulation, order, or act complained of is adopted, issued, or done."

(5) Other information concerning the financial responsibility, background experience, and activities of the applicant and its members, officers, directors, and principals as the Commissioner requires.

(b) The Commissioner may make such investigations as the Commissioner deems necessary to determine if the applicant has complied with all applicable provisions of this Article and State and federal law.

(c) The application shall be accompanied by payment of a two hundred fifty dollar ($250.00) application fee and a five hundred dollar ($500.00) investigation fee. These fees are not refundable or abatable, but, if the license is granted, payment of the application fee shall satisfy the fee requirement for the first license year or remaining part thereof.

(d) Licenses shall expire annually and may be renewed upon payment of a license fee of two hundred fifty dollars ($250.00) plus a fifty dollar ($50.00) fee for each branch location certificate issued under a license.

"§ 53-279. Liquid assets required; other qualifications; denial of license; hearing.

(a) Every licensee and applicant shall have and maintain liquid assets of at least fifty thousand dollars ($50,000) per licensee.

(b) Upon the filing and investigation of an application, and compliance by the applicant with G.S. 53-278, and this section, the Commissioner shall issue and deliver to the applicant the license applied for to engage in business under this Article at the locations specified in the application, provided that the Commissioner finds that the financial responsibility, character, reputation, experience, and general fitness of the applicant and its members, officers, directors, and principals are such as to warrant belief that the business will be operated efficiently and fairly, in the public interest, and in accordance with law. If the Commissioner fails to make such findings, no license shall be issued, and the Commissioner shall notify the applicant of the denial and the reasons therefor. The applicant shall be entitled to an informal hearing on the denial provided the applicant requests the hearing in writing within 30 days after the Commissioner has mailed the notice required under this subsection to the applicant. In the event of a hearing, which shall be held in the offices of the Commissioner of Banks in Raleigh, the

Commissioner shall reconsider the application and, after hearing, issue a written order granting or denying the application.

"§ 53-280. Maximum fees for service; fees posted; endorsement of checks cashed.

(a) Notwithstanding any other provision of law, no check-cashing business licensed under this Article shall directly or indirectly charge or collect fees or other consideration for check-cashing services in excess of the following:

(2) Ten percent (10%) of the face amount of the check or five dollars ($5.00), whichever is greater, for personal checks.

(3) Five percent (5%) of the face amount of the check or five dollars ($5.00), whichever is greater, for all other checks, or for money orders.

(b) A licensee may not advance monies on the security of a check unless the account from which the check being presented is drawn is legitimate, open, and active. Except as provided by G.S. 53-281(a), any licensee who cashes a check for a fee shall deposit the check not later than three business days from the date the check is cashed.

(c) A licensee shall ensure that in every location conducting business under a license issued under this Article, there is conspicuously posted and at all times displayed a notice stating the fees charged for cashing checks, drafts, and money orders. A licensee shall further ensure that notice of the fees currently charged at every location shall be filed with the Commissioner.

(d) A licensee shall endorse every check, draft, or money order presented by the licensee for payment in the name of the licensee.

"§ 53-281. Postdated or delayed deposit checks.

(a) A licensee may defer the deposit of a personal check cashed for a customer for up to 31 days pursuant to the provisions of this section.

(b) The face amount of any postdated or delayed deposit check cashed pursuant to this section shall not exceed three hundred dollars ($300.00).

(c) Each postdated or delayed deposit check cashed by a licensee shall be documented by a written agreement that has been

signed by the customer and the licensee. The written agreement shall contain a statement of the total amount of any fees charged, expressed both as a dollar amount and as an effective annual percentage rate (APR). The written agreement shall authorize the licensee to defer deposit of the personal check until a specific date not later than 31 days from the date the check is cashed.

(d) A licensee shall not directly or indirectly charge any fee or other consideration for cashing a postdated or delayed deposit check in excess of fifteen per cent (15%) of the face amount of the check.

(e) No check cashed under the provisions of this section shall be repaid by the proceeds of another check cashed by the same licensee or any affiliate of the licensee. A licensee shall not, for any consideration, renew or otherwise extend any postdated or delayed check or withhold such check from deposit for any period beyond the time set forth in the written agreement with the customer.

"§ 53-282. Record keeping; receipt requirements.

(a) Every person required to be licensed under this Article shall maintain in its offices such books, accounts, and records as the Commissioner may reasonably require. The books, accounts, and records shall be maintained separate from any other business in which the person is engaged, and shall be retained for a period prescribed by the Commissioner.

(b) The licensee shall ensure that each customer cashing a check shall be provided a receipt showing the name or trade name of the licensee, the transaction date, amount of the check, and the fee charged.

(c) The Commissioner may examine the books, accounts, and records in order to determine whether the person is complying with this Article and rules adopted pursuant thereto. The cost of the examination shall be paid by the licensee and shall be determined by applying the hourly rate for special examinations adopted by the State Banking Commission by regulation.

"§ 53-283. Prohibited practices.

No person required to be licensed under this Article shall do any of the following:

(1) Charge fees in excess of those authorized under this Article.

(2) Engage in the business of making loans of money, or extensions of credit, or discounting notes, bills of exchange, items, or other evidences of debt; or

(3) Use or cause to be published or disseminated any advertising communication which contains any false, misleading, or deceptive statement or representation.

(4) Conduct business at premises or locations other than locations licensed by the Commissioner.

(5) Engage in unfair, deceptive, or fraudulent practices.

(6) Cash a check, draft, or money order made payable to a payee other than a natural person unless the licensee has previously obtained appropriate documentation from the executive entity of the payee clearly indicating the authority of the natural person or persons cashing the check, draft, or money order on behalf of the payee.

"§ 53-284. Suspension and revocation of license; grounds; procedure.

(a) The Commissioner may suspend or revoke any license or licenses issued pursuant to this Article if, after notice and opportunity for hearing, the Commissioner issues written findings that the licensee has engaged in any of the following conduct:

"§ 53-285. Cease and desist orders.

If the Commissioner determines that a person required to be licensed under this Article has violated this Article or rules adopted pursuant to it, then the Commissioner may, upon notice and opportunity for hearing in accordance with Article 3A of Chapter 150B of the General Statutes, order the person to cease

and desist from the violations and to comply with this Article, The Commissioner may enforce compliance with an order issued pursuant to this section by the imposition and collection of civil penalties authorized under this Article.

"§ 53-286. Civil penalties and restitution.

The Commissioner may order and impose civil penalties upon any person required to be licensed under this Article for violations of this Article or rules adopted thereunder. Civil penalties shall not exceed one thousand dollars ($1,000) per violation. All civil money penalties collected under this Article shall be paid to the county school fund. The Commissioner may also order repayment of unlawful or excessive fees charged to customers.

"§ 53-287. Criminal penalties.

A violation of G.S. 53-276 by a person required to obtain a license under this Article is a Class I felony. Each transaction involving the unlawful cashing of a check, draft, or money order constitutes a separate offense.

"§ 53-288. Commissioner to adopt rules.

The Commissioner may adopt rules necessary to carry out the purposes of this Article, to provide for the protection of the public, and to assist licensees in interpreting and complying with this Article.

"§ 53-289. Commission may review rules, orders, or acts by Commissioner.

The Commission shall have full authority to review any rule, regulation, order, or act of the Commissioner done pursuant to or with respect to the provisions of this Article, and any person aggrieved by any such rule, regulation, order, or act may appeal to the Commission for review upon giving notice in writing within 20 days after such rule, regulation, order, or act complained of is adopted, issued, or done."

Section 2. The Commissioner of Banks shall report to the 2001 General Assembly on the practices of licensees with regard to checks cashed pursuant to the provisions of G.S. 53-281, including any evidence as to consumer complaints, unfair or deceptive trade practices, and the frequency of repeat use by individuals of postdated or delayed deposit checks. MEMORANDUM

TO: Senator R.C. Soles, Chairman, Senate Commerce Committee

FROM: Karen Cochrane Brown, Committee Co-Counsel

RE: **Senate Bill 312 - Regulate Check Cashing/AB**
(Proposed Committee Substitute)

Senate Bill 312 adds a new Article 22 to Chapter 53 authorizing the Commissioner of Banks to regulate the business of check cashing. The bill requires all persons engaged in the business of check cashing to obtain a license from the Commissioner. Applications for licenses must be on a form prescribed by the Commissioner and must be accompanied by a $250 application fee and a $500 one-time investigation fee. Licenses must be renewed annually at a fee of $250 plus a $50 fee for each branch operated under the license.

The bill exempts the following entities from the licensing requirement: (1) banks, savings institutions, credit unions or farm credit systems, and (2) retailers who occasionally cash checks and charge a fee of no more than two dollars for the service. Licensed money transmitters are exempt from the licensing provisions of the act but are subject to the remaining provisions.

The maximum fees which may be charged for check cashing services are set forth as follows:

1. the greater of $5 or 3% of the face amount of a check issued by a governmental entity.
2. the greater of $5 or 10% of the face amount of a personal check.
3. the greater of $5 or 5% of the face amount of all other checks or money orders.

The following activities are deemed prohibited practices under the act;

1. charging fees in excess of the statutory limits.
2. making loans.
3. conducting business at a location other than as approved in the license.
4. false, misleading or deceptive advertising.
5. unfair, deceptive or fraudulent practices.
6. cashing checks made payable to an entity without written authorization naming a natural person to accept the proceeds.

The Commissioner of Banks is authorized to suspend or revoke licenses, issue cease and desist orders, and impose civil penalties of up to $1,000 for violations of the act. In addition, conducting a check cashing business without a license is punishable as a Class I felony. The Commissioner is authorized to adopt rules to implement the act and persons aggrieved by a rule order or act of the Commissioner may appeal to the Banking Commission.

The proposed committee substitute makes several significant changes to the bill. First, it raises the liquid assets requirement from $25,000 to $50,000. This is the amount which all licensees must maintain to be eligible for a license. Next, it adds a new section 53-281 which allows licensees to cash postdated or delayed deposit checks so long as the face amount does not exceed $300. The customer and the licensee must enter a written agreement which states the fees charged, both as a dollar amount and as an effective annual percentage rate, and the deposit may not be deferred for more than 31 days. A licensee may not charge a fee in excess of 15% for cashing a postdated or delayed deposit check and checks cashed under this section may not be repaid by the proceeds of another check cashed by the same licensee or an affiliate of that licensee. Section 3 of the bill provides that this provision will sunset on July 31, 2001.

The committee substitute also adds a new section 2 to the bill which directs the Commissioner of Banks to report to the 2001 General Assembly on the practices of licensees with regard to the provision relating to postdated and delayed deposit checks. The section notes that it is the intent of the General Assembly to remove the sunset on this provision if there is not evidence of excessive complaints or unfair and deceptive practices.

The act becomes effective October 1, 1997 and the provisions of G.S. 53-281 expire on July 31, 2001.

MINUTES
SENATE COMMERCE COMMITTEE
April 8, 1997

A meeting of the Senate Commerce Committee was held in Room 1027 of the State Legislative Building at 11:00 a.m. on Tuesday, April 8, 1997. Sixteen members of the Committee were present. Visitors attending the meeting are listed on the attached Visitor Registration Sheet.

Senator Soles called the meeting to order.

The following bills were considered by the Committee:

SB 253, AN ACT TO REQUIRE THE REGISTRATION OF TELEPHONIC SELLERS IN NORTH CAROLINA, TO MAKE THE OFFERING OF TELEPHONE SALES RECOVERY SERVICES A CRIMINAL OFFENSE, AND TO RESTRICT THE TIME PERIOD WITHIN WHICH UNSOLICITED AUTOMATIC DIALING AND RECORDED MESSAGES MAY BE MADE BY PHONE.

A Committee Substitute was proposed for the bill and Senator Cochrane moved that the Committee Substitute for Senate Bill 253 be adopted. Motion carried. Senator Winner stated that the Committee Substitute bill makes changes to the original bill that are simply clarifying in nature; it does not make any substantive changes. She said that 29 states now have laws to regulate telephonic sellers and it seems that they tend to seek out states for their offerings who have no legislation in this regard. (See attached memorandum for full explanation of the bill.)

Mrs. Polly Williams with the Legislative Committee of the AARP spoke in support of the bill. She also represented the Triangle OWL.

Senator Ballantine spoke against the registering and bonding portion of the bill. Mr. David Kirkman, Assistant Attorney General, responded to Senator Ballantine saying it would make it far easier to go after unscrupulous telemarketers if these provisions were in the bill. He said now an investigation cannot begin in a scam until a victim comes forward and voices the complaint. With the new bill, a group could be investigated early on.

The Secretary of State, Elaine Marshall, and the Deputy Secretary of State, Scott Templeton, said they had been working with the Attorney General's Office on the legislation and feel they can support it. They indicated enactment of the legislation would require additional staff in the Office of Secretary of State.

Senator Reeves moved that the Committee Substitute for Senate Bill 253 be given a favorable report. Motion carried. The Chairman indicated the bill would need to be re-referred to Finance and then Appropriations.

SB 438, AN ACT TO AMEND THE ENFORCEMENT PROCEDURES RELATED TO THE REGISTRATION OF SECURITIES AND TO INVESTMENT ADVISERS AND TO ESTABLISH THE CONFIDENTIALITY OF RECORDS RELATING TO CRIMINAL INVESTIGATIONS AND ENFORCEMENT PROCEEDINGS.

Senator Reeves, the bill sponsor, offered a Committee Substitute for SB 438 and moved it adoption. Motion carried. He said the bill was an agency bill requested by the Secretary of State's Office. It amends the NC Securities Act and the Investment Advisors Act by clarifying when a hearing on an order issued by the Secretary of State may be requested, and making clear that records of criminal investigations conducted by the Secretary under these acts are not public records as any other criminal investigation, and civil investigation records are not public records until the investigations are finished.(See attached memorandum for explanation of the bill.) Mr. David Massey, General Counsel of the Secretary of State's Office, spoke briefly on the necessity for the legislation.

Senator Hartsell moved that the Committee Substitute for SB 438 be given a favorable report. Motion carried.

SB 439, AN ACT TO CONFORM THE NORTH CAROLINA SECURITIES ACT AND THE INVESTMENT ADVISERS ACT TO THE NATIONAL SECURITIES MARKETS IMPROVEMENT ACT OF 1996.

Senator Reeves briefly explained the bill saying that it amends the North Carolina Securities Act to conform North Carolina law with 1996 changes made in federal securities laws involving the registration of securities dealers and sellers, and investment advisers. This bill is also a recommendation of the Secretary of State's Office. Since the bill was placed on the Committee agenda, it has come to his attention that an amendment needs to be written before final consideration. Senator Soles ruled that the bill be withdrawn from the Agenda and considered at Thursday's meeting to allow time for preparation of the amendment.

There being no further business, the meeting adjourned at 11:50 a.m.

MEMORANDUM

TO: Senator R.C. Soles, Jr., Chairman
Commerce Committee

FROM: Linwood Jones, Staff Counsel

RE: Senate Bill 253
Telephone Consumer Protection

Senate Bill 253 requires telephonic sellers to register with the Secretary of State. A telephonic seller is a person who solicits persons by telephone to purchase goods or services, enter contests, or contribute to charities, but does not include nonprofit charities, licensed charitable solicitors, insurance agents, banks, realtors, securities sellers, utilities, airlines, and certain other enumerated persons, nor does it include certain types of transactions, such as isolated commercial solicitations and solicitations of persons who have previously initiated purchases from the solicitor (see §66-251(11). The registration process includes the filing of required information and payment of a $100 fee. Registration may be renewed annually upon payment of a $100 fee.

In addition to registering, a telephonic seller engaged in a promotion involving gifts or prizes of $500 or more must notify the Secretary of State of the details of the promotion and file a bond covering the value of the gifts and prizes offered. All gifts and prizes offered must be awarded. It is unlawful to request or demand payment or to require the calling of a pay-per-call number as a condition of claiming a gift. In addition, it is unlawful to solicit anyone under 18 years of age. A person who is entitled to a gift or prize and does not receive it within 30 days may file a claim under the posted bond for the market or represented value of the gift or prize or the amount of consideration paid, whichever is greatest.

A violation is an unfair and deceptive trade practice under the Unfair and Deceptive Trade Practices Law. If the violation involves a victim age 65 or older, the court may impose a civil penalty of up to $25,000.

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

Section 2 of the bill prohibits telephone sales recovery services. These are services provided by persons who, for a fee or other consideration, offer to recover money paid to a telephonic seller or prizes or gifts offered by the telephonic seller. Attorneys, persons licensed by the Private Protective Services Board, and licensed collection agents are exempt from this prohibition. A violation of this law is a Class H felony if a fee or other consideration is collected for the services; otherwise, the violation is a Class 1 misdemeanor.

Re: Proposed Amendments to North Carolina S.B. 253

Dear Chairman Soles:

I am writing on behalf of Thomas Cook Currency Services, Inc. ("Thomas Cook") to comment on S.B. 253, the North Carolina Telephonic Seller Registration and Bond Requirement Act, which was introduced by Senator Winner and is pending before the Committee on Commerce. Thomas Cook is already licensed and bonded in North Carolina pursuant to the Sale of Checks Act. Set forth below, for your consideration, is a proposed amendment to the bill that is designed to prevent unnecessary and duplicative regulation of Thomas Cook in the State while, at the same time, ensuring that the company's business practices are adequately regulated.

Thomas Cook Services

Thomas Cook is a premier vendor of travel-related financial services throughout the world, including the United States. With more than 1,300 wholly-owned sales offices worldwide, the 150 year-old company has a presence in every principal city in this country.

Financial services offered by Thomas Cook include foreign currency drafts, money orders and travelers checks, among others. In addition, Thomas Cook recently acquired Deak International Group's North American Retail Operations, which retails gold and silver bars in the United States. Thomas Cook currently markets these financial services by "word-of-mouth", newspaper advertising and direct mail advertising. While all these products and services are now purchased primarily through customer-initiated transactions at Thomas Cook retail locations, the company is developing plans to initiate focused,

targeted telemarketing efforts for sale of foreign currency, money orders, travelers checks and drafts, as well as gold and silver bouillon sales.

S.B. 253 Would Require Duplicative Regulation of Thomas Cook in the State

S.B. 253 requires telephone solicitors to register with the state and post a surety bond. Similarly, the North Carolina Sale of Checks Act, N.C. Gen. Stat. §§53-192 to 53-208, requires companies, such as Thomas Cook, engaged in the sale of travelers checks, money orders, etc., to obtain a license from the North Carolina Commissioner of Banks and post a surety bond. Thomas Cook is similarly regulated under laws of many other states where the Company does business. These statutes, like the North Carolina Sale of Checks Act, provide for the safety and soundness of Thomas Cook's business operations and assure consumer protection, and obviate the need for further regulation under the Telephonic Seller Registration and Bond Requirement Act.

Proposed Amendment

Given the fact that the company is already licensed and regulated by the State, we propose that S.B. 253 be amended by adding the following exemption at Article 33, § 66.260 (11) (W):

> Any person or entity licensed pursuant to the North Carolina Sale of Checks Act, N.C. Gen.Stat. §§53-192 to 53-208.

In conclusion, there is no need for further regulation of Thomas Cook's telephone sales operations because North Carolina law already thoroughly regulates Thomas Cook's activities ensuring the safety and soundness of the company's business practices in protecting consumers in North Carolina. I appreciate your consideration of this proposal.

Sincerely,

Rosemary H. McEnery

MEMORANDUM

TO: Senator R. C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel

RE: **PROPOSED COMMITTEE SUBSTITUTE FOR SENATE BILL 438 - SECURITIES/INVESTMENT ADVISERS ENFORCEMENT** - Senator Reeves

The Proposed Committee Substitute for Senate Bill 438 would amend the NC Securities Act and the Investment Advisors Act by clarifying when a hearing on an order issued by the Secretary of State may be requested, and making clear that records of criminal investigations conducted by the Secretary under these acts are not public records as any other criminal investigation, and civil investigation records are not public records until the investigations are finished.

Sections 1 through 5 of the bill amend parts of the **NC Securities Act**. Section 1 allows the Secretary to deny, suspend, or revoke the registration of a securities dealer when a final order suspending or expelling the dealer from the national securities organizations is entered. Sections 2 and 4 will make the Secretary's order final unless a request for hearing, other responsive pleading, or submission is made within 30 business days of receipt of the notice of the order by the dealer. Section 5 makes it clear that the provisions of G.S. 132-1.4 (a copy is attached) which exempts criminal investigative records from the public records law applies to investigations under this Act by the Secretary. This section also provides that noncriminal investigation records shall not be subject to public access until the matter is completed and ceases to be active. Additionally, this section makes clear that confidential information obtained from other law enforcement, administrative, or regulatory agencies retains its confidentiality with the Secretary.

Sections 6 through 10 would make similar changes to parts of the **Investment Advisers Act**. Section 6 adds a definition of person to the Act. Sections 7 and 9 will make the Secretary's order denying or suspending the investment advisers registration final unless a request for hearing, other responsive pleading, or submission is made within 30 business days of receipt of the notice of the order by the advisor.

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

Section 10 provides the same exemptions from the public records law for investigations under the Investment Advisers Act as does Section 5 of the bill.

Actions by the Secretary of State under many of these sections are civil administrative proceedings, normally seeking to stop actions in violation of the law. While certain violations of both the NC Securities Act and the Investment Adviser Act are punished as Class I felonies, the administrative actions, primarily as cease and desist orders, are often used in situations where violations are initiated out of state and where obtaining criminal jurisdiction would be more difficult.

This bill would become effective October 1, 1997, and would apply to proceedings commenced on or after that date.

§ 132-1.4. Criminal investigations; intelligence information records.

(a) Records of criminal investigations conducted by public law enforcement agencies or records of criminal intelligence information compiled by public law enforcement agencies are not public records as defined by G.S. 132-1. Records of criminal investigations conducted by public law enforcement agencies or records of criminal intelligence information may be released by order of a court of competent jurisdiction.

(b) As used in this section:

(1) "Records of criminal investigations" means all records or any information that pertains to a person or group of persons that is compiled by public law enforcement agencies for the purpose of attempting to prevent or solve violations of the law, including information derived from witnesses, laboratory tests, surveillance, investigators, confidential informants, photographs, and measurements.

(2) "Records of criminal intelligence information" means records or information that pertain to a person or group of persons that is compiled by a public law enforcement agency in an effort to anticipate, prevent, or monitor possible violations of the law.

(3) "Public law enforcement agency" means a municipal police department, a county police department, a sheriff's department, a company police agency commissioned by the Attorney General pursuant to G.S. 74E-1, **et seq.**, and any State or local agency, force, department, or unit responsible for investigating, preventing, or solving violations of the law.

(4) "Violations of the law" means crimes and offenses that are prosecutable in the criminal courts in this State or the United States and infractions as defined in G.S. 14-3.1.

(5) "Complaining witness" means an alleged victim or other person who reports a violation or apparent violation of the law to a public law enforcement agency.

(c) Notwithstanding the provisions of this section, and unless otherwise prohibited by law, the following information shall be public records within the meaning of G.S. 132-1.

(1) The time, date, location, and nature of a violation or apparent violation of the law reported to a public law enforcement agency.

(2) The name, sex, age, address, employment, and alleged violation of law of a person arrested, charged, or indicted.

(3) The circumstances surrounding an arrest, including the time and place of the arrest, whether the arrest involved resistance, possession or use of weapons, or pursuit, and a description of any items seized in connection with the arrest.

(4) The contents of "911" and other emergency telephone calls received by or on behalf of public law enforcement agencies, except for such contents that reveal the name, address, telephone number, or other information that may identify the caller, victim, or witness.

(5) The contents of communications between or among employees of public law enforcement agencies that are broadcast over the public airways.

(6) The name, sex, age, and address of a complaining witness.

(d) A public law enforcement agency shall temporarily withhold the name or address of a complaining witness if release of the information is reasonably likely to pose a threat to the mental health, physical health, or personal safety of the complaining witness or materially compromise a continuing or future criminal investigation or

criminal intelligence operation. Information temporarily withheld under this subsection shall be made available for release to the public in accordance with G.S. 132-6 as soon as the circumstances that justify withholding it cease to exist. Any person denied access to information withheld under this subsection may apply to a court of competent jurisdiction for an order compelling disclosure of the information. In such action, the court shall balance the interests of the public in disclosure against the interests of the law enforcement agency and the alleged victim in withholding the information. Actions brought pursuant to this subsection shall be set down for immediate hearing, and subsequent proceedings in such actions shall be accorded priority by the trial and appellate courts.

(e) If a public law enforcement agency believes that release of information that is a public record under subdivisions (c)(1) through (c)(5) of this section will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation, it may seek an order from a court of competent jurisdiction to prevent disclosure of the information. In such action the law enforcement agency shall have the burden of showing by a preponderance of the evidence that disclosure of the information in question will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation. Actions brought pursuant to this subsection shall be set down for immediate hearing, and subsequent proceedings in such actions shall be accorded priority by the trial and appellate courts.

(f) Nothing in this section shall be construed as authorizing any public law enforcement agency to prohibit or prevent another public agency having custody of a public record from permitting the inspection, examination, or copying of such public record in compliance with G.S. 132-6. The use of a public record in connection with a criminal investigation or the gathering of criminal intelligence shall not affect its status as a public record.

(g) Disclosure of records of criminal investigations and criminal intelligence information that have been transmitted to a district attorney or other attorney authorized to prosecute a violation of law shall be governed by this section and Chapter 15A of the General Statutes.

(h) Nothing in this section shall be construed as requiring law enforcement agencies to disclose the following:

(1) Information that would not be required to be disclosed under Chapter 15A of the General Statutes; or

(2) Information that is reasonably likely to identify a confidential informant.

(i) Law enforcement agencies shall not be required to maintain any tape recordings of "911" or other communications for more than 30 days from the time of the call, unless a court of competent jurisdiction orders a portion sealed.

(j) When information that is not a public record under the provisions of this section is deleted from a document, tape recording, or other record, the law enforcement agency shall make clear that a deletion has been made. Nothing in this subsection shall authorize the destruction of the original record.

(k) The following court records are public records and may be withheld only when sealed by court order: arrest and search warrants that have been returned by law enforcement agencies, indictments, criminal summons, and nontestimonial identification orders.

(l) Records of investigations of alleged child abuse shall be governed by G.S. 7A-675. (1993, c. 461, s. 1.)

MEMORANDUM

TO: Senator R. C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel

RE: **SENATE BILL 439 - CONFORM SECURITIES AND INVESTMENT ADVISORS LAW TO FEDERAL LAW** - Senator Reeves

Senate Bill 439 amends the North Carolina Securities Act to conform North Carolina law with 1996 changes made in federal securities laws involving the registration of securities dealers and sellers, and investment advisers. This bill is a recommendation of the Secretary of State's office.

The National Securities Markets Improvement Act of 1996 preempts state regulation of certain "covered securities" with federal securities registration. Under this law the states retain investigative and enforcement authority with respect to securities fraud and deceit. The law also allows the states to require "notice" filings of the federal securities filings with the state and permits the states to continue to charge filing and registration fees for these securities. The new federal law also exempts from Securities Exchange Commission (SEC) registration investment advisors subject to state regulation unless they manage at least $25 million in assets and serve as advisers to certain federally registered investment companies. For those investment advisers subject to SEC registration the states still have the right to require "notice filings" and registration fees, and may also investigate fraud and deceit. The law also limits recordkeeping, capital, or bonding requirements to no more than those required in the state where the investment adviser has its principal place of business. The law exempts from state registration advisers who do not have a place of business in the state and who have fewer than 6 clients who were residents of the State for the preceding 12-month period.

Senate Bill 439 amends NC law to conform to those matters still within the control of the State, and to exempt those matters on which federal law preempts state law.

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

Sections 1, 2 and 3 involve amendments to definitions to distinguish matters subject to state regulation and those subject to federal regulation. Section 3 amends effective October 1, 1999 the definition amended in Section 2, because federal law give the states three years to regulate securities otherwise exempt when the issuer fails file the required notice and pay the required state fees.

Section 6 spells out the notice filing registration requirements for securities that are exempt from state regulation, including the fees that the Secretary of State may charge. This section also includes the authority to require the securities issuer to consent to service of process in this State and to issue a stop order for an issuer who fails to comply with this section.

Sections 7 through 10 make conforming changes to other related statutes.

Sections 11 and 12 involve amendments to definitions of investment advisers to make clear which advisers are regulated by state law and which advisers are not. Section 12 amends effective October 1, 1999 the definition amended in Section 11, because federal law gives the states three years to regulate advisers otherwise exempt when the advisor fails to register and pay the required state fees.

Section 14 specifies that all investment advisers transacting business in the State must register unless they are exempt under federal law and those advisers exempt under federal law must still make a notice filing and pay the appropriate fees.

Sections 15, 16, and 17 make conforming changes to other related statutes.

The bill becomes effective October 1, 1997 except for Sections 3 and 12 which will amend sections 2 and 11 once the 3-year enforcement overlap period expires.

A person who has filed such a consent in connection with a previous registration or notice filing need not file another. Service may be made by leaving a copy of the process in the office of the Administrator, but it is not effective unless (i) the plaintiff, who may be the Administrator in a suit, action, or proceeding instituted by him, forthwith sends notice of the service and a copy of the process by registered mail to the defendant or respondent at his address on file with the Administrator, and (ii) the plaintiff's affidavit of compliance with the subsection is filed in the case on or before the return day of the process, if any, or within such further time as the court allows."

The Administrator may by rule or order specify an earlier effective date, and he may by order defer the effective date until noon of the 30th day after the filing of any amendment. Registration of an investment adviser automatically constitutes registration of any investment adviser representative who is a partner, executive officer, or director, or a person occupying a similar status or performing similar functions.

(a1) The Administrator may require investment advisers covered under federal law to file with the Administrator any documentation filed with the Securities and Exchange Commission as a condition of doing business in this State. (c1) Every person acting as an investment adviser covered under federal law in this State shall pay an initial filing fee of one hundred dollars ($100.00) and a renewal notice filing fee of one hundred dollars ($100.00).

(d) The Administrator may by rule establish minimum net capital requirements not to exceed one hundred thousand dollars ($100,000) for registered investment advisers, subject to the limitations of Section 222 of the Investment Advisers Act of 1940 [15 U.S.C. § 80(b)-18a], which may include different requirements for those investment advisers who maintain custody of clients' funds or securities or who have discretionary authority over same and those investment advisers who do not.

(e) The Administrator may by rule require registered investment advisers who have custody of or discretionary authority over client funds or securities to post surety bonds in amounts up to one hundred thousand dollars ($100,000), subject to the limitations of Section 222 of the Investment Advisers Act of 1940 [15 U.S.C. § 80(b)-18a], and may determine their conditions. Any appropriate deposit of cash or securities shall be accepted in lieu of any bond so required. No bond may be required of any investment adviser whose minimum net capital, which may be defined by rule, exceeds one hundred thousand dollars ($100,000). Every bond shall provide for suit thereon by any person who has a cause of action under G.S. 78C-38 and, if the Administrator by rule or order requires, by any person who has a cause of action not arising under this Chapter. Every bond shall provide that no suit may be maintained to enforce any liability on the bond unless brought within the time limitations of G.S. 78C-38(d)."

Section 16. G.S. 78C-18 reads as rewritten:

"**§ 78C-18. Post-Registration provisions.**

(a) Every registered investment adviser shall make and keep such accounts, correspondence, memoranda, papers, books and records as the Administrator by rule ~~prescribes.~~ prescribes, except as provided by Section 222 of the Investment Advisers Act of 1940 [15 U.S.C. § 80(b)-18a].

All records so required shall be preserved for three years unless the Administrator by rule prescribes otherwise for particular types of records.

(b) With respect to investment advisers, the Administrator may require that certain information be furnished or disseminated as necessary or appropriate in the public interest or for the protection of investors and advisory clients. To the extent determined by the Administrator in his discretion, information furnished to clients or prospective clients of an investment adviser pursuant to the Investment Advisers Act of 1940 and the rules thereunder may be used in whole or partial satisfaction of this requirement.

(c) Every registered investment adviser shall file such financial reports as the Administrator by rule ~~prescribes.~~ prescribes, except as provided by Section 222 of the Investment Advisers Act of 1940 [15 U.S.C. § 80(b)-18a].

(d) If the information contained in any document filed with the Administrator is or becomes inaccurate or incomplete in any material respect, the registrant or an investment adviser covered under federal law shall promptly file a correcting ~~amendment~~ amendment, if the document is filed with respect to a registrant or when

the amendment is required to be filed with respect to an investment adviser covered under federal law, unless notification of the correction has been given under G.S. 78C-16(b).

(e) All the records referred to in subsection (a) of this section are subject at any time or from time to time to such reasonable periodic, special, or other examinations by representatives of the Administrator, within or without this State, as the Administrator deems necessary or appropriate in the public interest or for the protection of investors. For the purpose of avoiding unnecessary duplication of examinations, the Administrator, insofar as he deems it practicable in administering this subsection, may cooperate with the securities administrators of other states, the Securities and Exchange Commission, and any national securities exchange or national securities association registered under the Securities Exchange Act of 1934."

Section 17. G.S. 78C-46(b) reads as rewritten:

"(b) Every applicant for registration under this Chapter shall file with the Administrator, in such form as he by rule prescribes, an irrevocable consent appointing the Administrator or his successor in office to be his attorney to receive service of any lawful process in any noncriminal suit, action or proceeding against him or his successor, executor or administrator which arises under this Chapter or any rule or order hereunder after the consent has been filed, with the same force and validity as if served personally on the person filing the consent. A person who has filed such a consent in connection with a previous registration or notice filing need not file another. Service may be made by leaving a copy of the process in the office of the Administrator, but it is not effective unless (i) the plaintiff, who may be the Administrator in a suit, action, or proceeding instituted by him, forthwith sends notice of the service and a copy of the process by registered or certified mail to the defendant or respondent at his last address on file with the Administrator, and (ii) the plaintiff's affidavit of compliance with the subsection is filed in the case on or before the return day of the process, if any, or within such further time as the court allows."

Section 18. Sections 3 and 12 of this act become effective October 10, 1999. The remainder of this act becomes effective October 1, 1997, and Sections 1 through 10 of this act apply to securities offered or sold and to persons who offer or sell securities on or after that date. Sections 11 through 17 of this act apply to advisory business conducted on or after October 1, 1997.

The Senate Commerce Committee met in Room 1027 of the State Legislative Building at 11:00 a.m. on Thursday, April 10, 1997. Sixteen members of the Committee were present. Visitors attending the meeting are listed on the attached Visitor Registration Sheet.

Senator Soles called the meeting to order.

The following bills were considered by the Committee:

SB 597, AN ACT TO ALLOW PHYSICIANS PRACTICING PSYCHIATRY AND PSYCHOLOGISTS TO FORM PROFESSIONAL CORPORATIONS WITH LICENSED PROFESSIONAL COUNSELORS.

Senator Lee, sponsor of the bill, was recognized for an explanation. He said the bill allows Licensed Professional Counselors in North Carolina under the Professional Corporation Act to be in collaborative practice with physicians practicing psychiatry, psychologists, and certified clinical social workers. (See attachments for additional information on Licensed Professional Counselors.)

Senator Lee moved that Senate bill 597 be given a favorable report. The motion carried.

SB 439 - AN ACT TO CONFORM THE NORTH CAROLINA SECURITIES ACT AND THE INVESTMENT ADVISERS ACT TO THE NATIONAL SECURITIES MARKETS IMPROVEMENT ACT OF 1996.

Senator Reeves, the bill sponsor, offered a Committee Substitute for the bill and moved its adoption. Motion carried. Senator Reeves said the Committee Substitute amends the North Carolina Securities Act to conform North Carolina law with 1996 changes made in federal securities laws involving the registration of securities dealers and sellers, and investment advisers. He said the bill was a recommendation of the Secretary of State's Office and Mr. David Massey, Counsel to the Secretary of State's Office, assisted in answering questions concerning the legislation.

Senator Reeves moved that the Committee Substitute for Senate Bill 439 be given a favorable report. The motion carried.

SB 564, AN ACT TO AMEND THE NORTH CAROLINA FINANCIAL PRIVACY ACT TO PERMIT THE DISCLOSURE OF THE NAME, ADDRESS, ACCOUNT NUMBER, AND TYPE OF ACCOUNT OF ANY CUSTOMER.

Senator Reeves, the bill sponsor, and Mr. Paul Stock representing the N. C. Bankers' Association, explained the bill. After much discussion by the Committee and expressions of concern over the disclosure of information allowed by the bill, Senator Ballance moved that S. B. 564 be placed in a subcommittee for study. Motion carried. The Chairman appointed the following members of the Committee to the Subcommittee:

Senator Warren, Chairman
Senator Ballance
Senator Lee.

SB 577, AN ACT TO AMEND THE LAW GOVERNING INSURANCE PREMIUM FINANCING.

Senator Reeves, the bill sponsor, said the legislation makes several changes to the laws regulating insurance premium financing companies and insurance financing arrangements. (See attached memorandum for detailed explanation of the bill.) Several amendments were suggested for the bill. Since the amendments were not in proper form and order, the Chairman asked the staff and sponsor to get the amendments in order and he would reschedule the bill to heard at its next meeting.

There being no further business, the meeting adjourned at 11:45 a.m.

MEMORANDUM

TO: Senator R.C. Soles, Jr., Chairman
Commerce Committee

FROM: Linwood Jones, Counsel

RE: Senate Bill 597 (Licensed Professional Counselors)

Senate Bill 597 will allow psychiatrists and/or licensed psychologists to form professional corporations with licensed professional counselors for the purpose of providing psychotherapeutic and related services. This bill does not expand the scope of practice of these practitioners; they can each continue to provide only those services that their respective professions are licensed to provide.

G.S. 55B-14(c) sets ou the different combinations of professional health services that are allowed under current law. Current law already allows psychiatrists and/or psychologists to practice together in professional corporations with certified clinical specialists in psychiatric and mental health nursing and with certified clinical social workers. Section 1 of the bill adds licensed professional counselors.

Section 2 of the bill amends the definition of "professional services" under G.S. 55B-2 to include licensed professional counselors.

Section 3 of the bill makes this act effective October 1, 1997.

Section 15. G.S. 78C-17 read as rewritten:

(5) The applicant's financial condition and history; and

(6) Any information to be furnished or disseminated to any client or prospective client.

If no denial order is in effect and no proceeding is pending under G.S. 78C-19, registration becomes effective at noon of the 30th day after an application is filed. The Administrator may by rule or order specify an earlier effective date, and he may by order defer the effective date until noon of the 30th day after the filing of any amendment. Registration of an investment adviser automatically constitutes registration of any investment adviser representative who is a partner, executive officer, or director, or a person occupying a similar status or performing similar functions.

(a1) The Administrator may require investment advisers covered under federal law to file with the Administrator any documentation filed with the Securities and Exchange Commission as a condition of doing business in this State. (b) Every applicant for initial or renewal registration shall pay a filing fee of two hundred dollars ($200.00) in the case of an investment adviser, and forty-five dollars ($45.00) in the case of an investment adviser representative. When an application is denied or withdrawn, the Administrator shall retain the fee.

(c) A registered investment adviser may file an application for registration of a successor, whether or not the successor is then in existence, for the unexpired portion of the year. There shall be no filing fee.

(c1) Every person acting as an investment adviser covered under federal law in this State shall pay an initial filing fee of one hundred dollars ($100.00) and a renewal notice filing fee of one hundred dollars ($100.00).

Any appropriate deposit of cash or securities shall be accepted in lieu of any bond so required. No bond may be required of any investment adviser whose minimum net capital, which may be defined by rule, exceeds one hundred thousand dollars ($100,000). Every bond shall provide for suit thereon by any person who has a cause of action under G.S. 78C-38 and, if the Administrator by rule or order requires, by any person who has a cause of action not arising under this Chapter. Every bond shall provide that no suit may be maintained to enforce any liability on the bond unless brought within the time limitations of G.S. 78C-38(d)."

Section 16. G.S. 78C-18 reads as rewritten:

All records so required shall be preserved for three years unless the Administrator by rule prescribes otherwise for particular types of records.

(b) With respect to investment advisers, the Administrator may require that certain information be furnished or disseminated as necessary or appropriate in the public interest or for the protection of investors and advisory clients. To the extent determined by the Administrator in his discretion, information furnished to clients or prospective clients of an investment adviser pursuant to the Investment Advisers Act of 1940 and the rules thereunder may be used in whole or partial satisfaction of this requirement.

(c) Every registered investment adviser shall file such financial reports as the Administrator by rule ~~prescribes.~~ prescribes, except as provided by Section 222 of the Investment Advisers Act of 1940 [15 U.S.C. § 80(b)-18a].

(d) If the information contained in any document filed with the Administrator is or becomes inaccurate or incomplete in any material respect, the registrant or an investment adviser covered under federal law shall promptly file a correcting ~~amendment~~ amendment, if the document is filed with respect to a registrant or when

the amendment is required to be filed with respect to an investment adviser covered under federal law, unless notification of the correction has been given under G.S. 78C-16(b).

(e) All the records referred to in subsection (a) of this section are subject at any time or from time to time to such reasonable periodic, special, or other examinations by representatives of the Administrator, within or without this State, as the Administrator deems necessary or appropriate in the public interest or for the protection of investors. For the purpose of avoiding unnecessary duplication of examinations, the Administrator, insofar as he deems it practicable in administering this subsection, may cooperate with the securities administrators of other states, the Securities and Exchange Commission, and any national securities exchange or national securities association registered under the Securities Exchange Act of 1934."

Section 17. G.S. 78C-46(b) reads as rewritten:

"(b) Every applicant for registration under this Chapter shall file with the Administrator, in such form as he by rule prescribes, an irrevocable consent appointing the Administrator or his successor in office to be his attorney to receive service of any lawful process in any noncriminal suit, action or proceeding against him or his successor, executor or administrator which arises under this Chapter or any rule or order hereunder after the consent has been filed, with the same force and validity as if served personally on the person filing the consent. A person who has filed such a consent in connection with a previous registration or notice filing need not file another. Service may be made by leaving a copy of the process in the office of the Administrator, but it is not effective unless (i) the plaintiff, who may be the Administrator in a suit, action, or proceeding instituted by him, forthwith sends notice of the service and a copy of the process by registered or certified mail to the defendant or respondent at his last address on file with the Administrator, and (ii) the plaintiff's affidavit of compliance with the subsection is filed in the case on or before the return day of the process, if any, or within such further time as the court allows."

Section 18. Sections 3 and 12 of this act become effective October 10, 1999. The remainder of this act becomes effective October 1, 1997, and Sections 1 through 10 of this act apply to securities offered or sold and to persons who offer or sell securities on or after that date. Sections 11 through 17 of this act apply to advisory business conducted on or after October 1, 1997.

No investment adviser representative may be registered with more than one investment adviser unless each of the investment advisers which employs or associates the investment adviser representative is under common ownership or control.

(c) Every registration or notice filing expires December 31st of each year unless renewed.

(d) Except with respect to investment advisers whose only clients are those described in G.S. 78C-16(a)(2), it is unlawful for any investment adviser covered under federal law to conduct advisory business in this State unless the investment adviser complies with the provisions of G.S. 78C-17."

Section 18. G.S. 78C-17 reads as rewritten:

"**§ 78C-17. Registration procedures.**

(a) An investment adviser, or investment adviser representative may obtain an initial or renewal registration by filing with the Administrator or his designee an application together with a consent to service of process pursuant to G.S. 78C-46(b). The application shall contain whatever information the Administrator by rule requires concerning such matters as:

(1) The applicant's form and place of organization;

(2) The applicant's proposed method of doing business;

(3) The qualifications and business history of the applicant; in the case of an investment adviser, the qualifications and business history of any partner, officer, or director, any person occupying a similar

status or performing similar functions, or any person directly or indirectly controlling the investment adviser;

(4) Any injunction or administrative order or conviction of a misdemeanor involving a security or any aspect of the securities business and any conviction of a felony;

(5) The applicant's financial condition and history; and

(6) Any information to be furnished or disseminated to any client or prospective client.

If no denial order is in effect and no proceeding is pending under G.S. 78C-19, registration becomes effective at noon of the 30th day after an application is filed. The Administrator may by rule or order specify an earlier effective date, and he may by order defer the effective date until noon of the 30th day after the filing of any amendment. Registration of an investment adviser automatically constitutes registration of any investment adviser representative who is a partner, executive officer, or director, or a person occupying a similar status or performing similar functions.

(a1) The Administrator may require investment advisers covered under federal law to file with the Administrator any documentation filed with the Securities and Exchange Commission as a condition of doing business in this State. This subsection does not apply to investment advisers covered under federal law whose only clients are those described in G.S. 78C-16(a)(2).

(b) Every applicant for initial or renewal registration shall pay a filing fee of two hundred dollars ($200.00) in the case of an investment adviser, and forty-five dollars ($45.00) in the case of an investment adviser representative. When an application is denied or withdrawn, the Administrator shall retain the fee.

(c) A registered investment adviser may file an application for registration of a successor, whether or not the successor is then in existence, for the unexpired portion of the year. There shall be no filing fee.

(c1) Every person acting as an investment adviser covered under federal law in this State shall pay an initial filing fee of one hundred dollars ($100.00) and a renewal notice filing fee of one hundred dollars ($100.00).

(d) The Administrator may by rule establish minimum net capital requirements not to exceed one hundred thousand dollars ($100,000) for registered investment advisers, subject to the limitations of Section 222 of the Investment Advisers Act of 1940 [15 U.S.C. § 80(b)-18a], which may include different requirements for those investment advisers who maintain custody of clients' funds or securities or who have discretionary authority over same and those investment advisers who do not.

(e) The Administrator may by rule require registered investment advisers who have custody of or discretionary authority over client funds or securities to post surety bonds in amounts up to one hundred thousand dollars ($100,000), subject to the limitations of Section 222 of the Investment Advisers Act of 1940 [15 U.S.C. § 80(b)-18a], and may determine their conditions. Any appropriate deposit of cash or securities shall be accepted in lieu of any bond so required. No bond may be required of any investment adviser whose minimum net capital, which may be

defined by rule, exceeds one hundred thousand dollars ($100,000). Every bond shall provide for suit thereon by any person who has a cause of action under G.S. 78C-38 and, if the Administrator by rule or order requires, by any person who has a cause of action not arising under this Chapter. Every bond shall provide that no suit may be maintained to enforce any liability on the bond unless brought within the time limitations of G.S. 78C-38(d)."

Section 19. G.S. 78C-18 reads as rewritten:

"**§ 78C-18. Post-Registration provisions.**

(a) Every registered investment adviser shall make and keep such accounts, correspondence, memoranda, papers, books and records as the Administrator by rule ~~prescribes.~~ prescribes, except as provided by Section 222 of the Investment Advisers Act of 1940 [15 U.S.C. § 80(b)-18a].

All records so required shall be preserved for three years unless the Administrator by rule prescribes otherwise for particular types of records.

(b) With respect to investment advisers, the Administrator may require that certain information be furnished or disseminated as necessary or appropriate in the public interest or for the protection of investors and advisory clients. To the extent determined by the Administrator in his discretion, information furnished to clients or prospective clients of an investment adviser pursuant to the Investment Advisers Act of 1940 and the rules thereunder may be used in whole or partial satisfaction of this requirement.

(c) Every registered investment adviser shall file such financial reports as the Administrator by rule ~~prescribes.~~ prescribes, except as provided by Section 222 of the Investment Advisers Act of 1940 [15 U.S.C. § 80(b)-18a].

(d) If the information contained in any document filed with the Administrator is or becomes inaccurate or incomplete in any material respect, the registrant or an investment adviser covered under federal law shall promptly file a correcting ~~amendment~~ amendment, if the document is filed with respect to a registrant or when the amendment is required to be filed with respect to an investment adviser covered under federal law, unless notification of the correction has been given under G.S. 78C-16(b).

(e) All the records referred to in subsection (a) of this section are subject at any time or from time to time to such reasonable periodic, special, or other examinations by representatives of the Administrator, within or without this State, as the Administrator deems necessary or appropriate in the public interest or for the protection of investors. For the purpose of avoiding unnecessary duplication of examinations, the Administrator, insofar as he deems it practicable in administering this subsection, may cooperate with the securities administrators of other states, the Securities and Exchange Commission, and any national securities exchange or national securities association registered under the Securities Exchange Act of 1934."

Section 20. G.S. 78C-46(b) reads as rewritten:

"(b) Every applicant for registration under this Chapter shall file with the Administrator, in such form as he by rule prescribes, an irrevocable consent appointing the Administrator or his successor in office to be his attorney to receive

service of any lawful process in any noncriminal suit, action or proceeding against him or his successor, executor or administrator which arises under this Chapter or any rule or order hereunder after the consent has been filed, with the same force and validity as if served personally on the person filing the consent. A person who has filed such a consent in connection with a previous registration or notice filing need not file another. Service may be made by leaving a copy of the process in the office of the Administrator, but it is not effective unless (i) the plaintiff, who may be the Administrator in a suit, action, or proceeding instituted by him, forthwith sends notice of the service and a copy of the process by registered or certified mail to the defendant or respondent at his last address on file with the Administrator, and (ii) the plaintiff's affidavit of compliance with the subsection is filed in the case on or before the return day of the process, if any, or within such further time as the court allows."

Section 21. Sections 4 and 15 of this act become effective October 10, 1999. The remainder of this act becomes effective October 1, 1997. Sections 1 through 13 of this act apply to securities offered or sold and to persons who offer or sell securities on or after the applicable effective date of each of these sections. Sections 14 through 20 of this act apply to advisory business conducted on or after the applicable effective date of each of these sections.

MEMORANDUM

TO: Senator R. C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel

RE: **PROPOSED COMMITTEE SUBSTITUTE FOR SENATE BILL 439 - CONFORM SECURITIES AND INVESTMENT ADVISORS LAW TO FEDERAL LAW** - Senator Reeves

The Proposed Committee Substitute for Senate Bill 439 amends the North Carolina Securities Act to conform North Carolina law with 1996 changes made in federal securities laws involving the registration of securities dealers and sellers, and investment advisers. This bill is a recommendation of the Secretary of State's office.

The National Securities Markets Improvement Act of 1996 preempts state regulation of certain "covered securities" with federal securities registration. Under this law the states retain investigative and enforcement authority with respect to securities fraud and deceit. The law also allows the states to require "notice" filings of the federal securities filings with the state and permits the states to continue to charge filing and registration fees for these securities. The new federal law also exempts from Securities Exchange Commission (SEC) registration investment advisors subject to state regulation unless they manage at least $25 million in assets and serve as advisers to certain federally registered investment companies. For those investment advisers subject to SEC registration the states still have the right to require "notice filings" and registration fees, and may also investigate fraud and deceit. The law also limits recordkeeping, capital, or bonding requirements to no more than those required in the state where the investment adviser has its principal place of business. The law exempts from state registration advisers who do not have a place of business in the state and who have fewer than 6 clients who were residents of the State for the preceding 12-month period.

Senate Bill 439 amends NC law to conform to those matters still within the control of the State, and to exempt those matters on which federal law preempts state law.

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

Sections 1 through 4 involve amendments to definitions to distinguish matters subject to state regulation and those subject to federal regulation. Section 4 amends effective October 1, 1999 the definition amended in Section 3, because federal law give the states three years to regulate securities otherwise exempt when the issuer fails file the required notice and pay the required state fees.

Section 9 spells out the notice filing registration requirements for securities that are exempt from state regulation, including the fees that the Secretary of State may charge. This section also includes the authority to require the securities issuer to consent to service of process in this State and to issue a stop order for an issuer who fails to comply with this section.

Sections 10 through 13 make conforming changes to other related statutes.

Sections 14 and 15 involve amendments to definitions of investment advisers to make clear which advisers are regulated by state law and which advisers are not. Section 15 amends effective October 1, 1999 the definition amended in Section 14, because federal law gives the states three years to regulate advisers otherwise exempt when the advisor fails to register and pay the required state fees.

Section 17 specifies that all investment advisers transacting business in the State must register unless they are exempt under federal law and those advisers exempt under federal law must still make a notice filing and pay the appropriate fees.

Sections 18, 19, and 20 make conforming changes to other related statutes.

The bill becomes effective October 1, 1997 except for Sections 4 and 15 which will amend sections 3 and 14 once the 3-year enforcement overlap period expires.

MEMORANDUM

TO: Senator R.C. Soles, Jr., Chairman
Commerce Committee

FROM: Linwood Jones

RE: Senate Bill 577 (Insurance Premium Financing)

Senate Bill 577 makes several changes to the laws regulating insurance premium financing companies and insurance premium financing agreements.

Section 1 allows premium financing companies to use microfilm , microfiche, and imaging systems, in addition to photographic reproductions, to store records that are required to be kept on file for inspection by the Commissioner. Current law allows only the originals and photographic reproductions.

Section 2 eliminates the requirement that the text of the premium financing agreement be in 8-point type and instead allows the Commissioner of Insurance to set the type size by rule. This section also makes several technical and grammatical changes to the law that sets out the required contents of a premium financing agreement and allows the agreement to list any mailing address specified by the insured (in lieu of the insured's residence or place of business).

Section 3 provides that when the insured finances more than one insurance contract under a premium financing agreement, the service charge is computed from the earliest of the following three dates: (i) the date the premium was advanced, (ii) the inception date of the insurance contract, or (iii) the due date of the premiums. Under current law, the service charge for an agreement that finances more than one insurance contract is calculated from the earlier of (ii) or (iii).

Section 4 provides that the premium financing company or agent can have the agreement delivered to the insured before the due date of the first installment payment. Current law requires the company or agent to deliver it.

Section 5 provides that when the amount of a refund credit for anticipation of payment is less than $5.00, no refund is required to be made. Under current law, this threshold is $1.00.

Section 6 allows the premium financing company to notify the insured of cancellation of its insurance contract (assuming the premium financing company has been authorized to cancel) by mail, personal delivery, e-mail, and fax. Currently, the delivery must be by mail. The premium financing company, in its request to the insurer to cancel the insurance contract, must specify the effective date of cancellation. The insurer must cancel it effective that date. A copy of this request must also be sent to the agent. An insurance policy is considered invalid and void if the agent or premium financing company informs the insurer that the initial down payment for the premium has been dishonored.

Section 6 also requires that the return of unearned premiums from the insurer to the premium financing company when the insurance policy is canceled must be calculated on a pro rata basis and must be refunded within 30 days of the effective date of the cancellation. If the premium is subject to an audit to determine the final premium amount, the gross unearned premium will be calculated on the deposit premium. The insurer cannot offset the return premiums against other debts that the insured owes the insurer. If the return premiums credited to the insured exceed what the insured owes by $5.00 or more, the premium finance company must refund the excess to the insured as soon as possible and in any event within 30 days. An unpaid balance owed by the insured after cancellation of his or her policy earns interest at the rate specified in the agreement.

Section 7 rewrites the anti-rebate law for insurance premium financing. The current law prohibits premium financing companies and their employees from offering a rebate or any other kind of inducement to an agent, an agent's employee, or any other person as an inducement to the financing of the premium with that company. The bill restates this prohibition in a different manner.

Section 8 makes this act effective October 1, 1997, and applicable to premium finance agreements entered into on or after that date.

MINUTES
SENATE COMMERCE COMMITTEE
April 15, 1977

A meeting of the Senate Commerce Committee was held in Room 1027 of the State Legislative Building at 11:00 a.m. on Tuesday, April 15, 1997. Seventeen members were present. Visitors attending the meeting are listed on the attached Visitor Registration Sheets.

Senator Soles, Chairman, called the meeting to order.

The following bills were considered by the Committee:

S. B. 562, AN ACT TO INCREASE THE AMOUNT OF THE PROCESSING FEE CHARGED FOR RETURNED CHECKS.

Senator Warren, the bill sponsor, was recognized to explain the bill. He said it simply raises the fee from $20 to $30 for returned checks. The fee was raised to $20 in 1991. Senator Ballance expressed concern over the amount of the increase and offered an amendment to change the fee from $20 to $25. He moved its adoption.

Mrs. Fran Preston, representing the N. C. Retail Merchants Association, and Mrs. Cam Cover, representing the N. C. Association of Convenience Stores, spoke in support of raising the fee.

Following the discussion, Senator Ballance's amendment was adopted. (Copy attached.)

Senator Warren then moved that S.B. 562, as amended, be given a favorable report. Motion carried.

S. B. 629, AN ACT TO ASSIST THE JOHNSTON COUNTY BOARD OF EDUCATION WITH THE EXPEDITING OF PUBLIC SCHOOL FACILITIES.

Senator Wellons was recognized to explain the bill. He said it authorizes the Johnston County Board of Education to select and negotiate with separate prime contractors, rather than using competitive bidding, to hire contractors to build the Unitary System Approrach (USA) model school system.

Mr. Ray DeBruhl, President of Public Facilities Group, and consultant to the Johnston County Board of Education, assisted in answering questions from the Committee.

Senator Larry Shaw moved that Senate Bill 629 be given a favorable report. Mr. Dave Simpson, representing Carolinas AGC which consists of 3,400 contractors, asked the Committee to give consideration to the benefit of the open competitive low-bid system. Mr. Henry Jones, also representing the construction trade, said he believed the competitive bid system establishes the price in construction.

A vote was taken on the bill, and it failed 8 to 7.

S. B. 777, AN ACT TO ALLOW LICENSES TO ADJUST CERTAIN INTEREST RATES AND LOAN CEILINGS, TO COLLECT ATTORNEY FEES AND COURT COSTS IN THE CASE OF DEFAULT, AND TO MAINTAIN RECORDS IN THE FORM OF OPTICAL IMAGING.

Senator Lee, the bill sponsor, moved that S. B. 777 be assigned to a subcommittee and that Chairman Soles name the members of the subcommittee before the end of the day. Motion carried. The following subcommittee was appointed:

Senator Warren, Chairman
Senator Ballance
Senator Cochrane
Senator Forrester
Senator Plyler
Senator Rand.

S. B. 550, AN ACT TO AMEND CHAPTER 89C OF THE GENERAL STATUTES TO PROVIDE THAT THE DESIGN OF LAND APPLICATION IRRIGATION SYSTEMS FOR ANIMAL WASTE MANAGEMENT SYSTEMS MAY BE PERFORMED BY IRRIGATION DESIGN TECHNICAL SPECIALISTS AND CONCERNING AGRICULTURAL BEST MANAGEMENT PRACTICES.

Senator Albertson, the bill sponsor, said the bill provides that two types of activities are exempt from regulation as "engineering" under the engineers' practice act (Chapter 89C). They are (1) The planning or design of best management practices on agricultural lands by employees of the Natural Resources Conservation Service is exempt from regulation as engineering; and (2) The design of land application irrigation systems for an animal waste management plan that is required under G. S. 143-215.10C if the person has at least 3 years relevant experience in soil science and basic hydraulics and is thereby designated as an Irrigation Design Technical Specialist by the North Carolina Soil and Water Conservation Commission. (See attached memorandum for additional information.)

Senator Cochrane moved that S. B. 550 be given a favorable report. Motion carried.

S. B. 568, AN ACT TO ESTABLISH A BILL OF RIGHTS FOR OWNERS OF MANUFACTURED HOMES.

Since the bill sponsor was not present due to a conflict of committee meetings, the Chairman asked Committee Counsel, Linwood Jones, to explain the bill. (See attached memorandum.) Mr. Jones said the bill establishes a "bill of rights" for tennants who lease space for their manufactured homes in mobile home parks. (See memorandum for list of these rights.)

Senator Kerr moved that S. B. 568 be given a favorable report. Motion carried.

There being no further business, the meeting adjourned at 11:45 a.m.

SENATE BILL 562

Short Title: Increase Fees for Returned Checks. (Public)

Sponsors: Senators Warren, Cooper; and Martin of Pitt.

Referred to: Commerce.

April 1, 1997

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE AMOUNT OF THE PROCESSING FEE CHARGED FOR RETURNED CHECKS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 25-3-506 reads as rewritten:

"**§ 25-3-506. Collection of processing fee for returned checks.**

A person who accepts a check in payment for goods or services may charge and collect a processing fee, not to exceed ~~twenty dollars ($20.00),~~ thirty dollars ($30.00), for a check on which payment has been refused by the payor bank because of insufficient funds or because the drawer did not have an account at that bank if at the time the consumer presented the check to the person, a sign:

(1) Was conspicuously posted on or in the immediate vicinity of the cash register or other place where the check is received;

(2) Was in plain view of anyone paying for goods or services by check;

(3) Was no smaller than 8 by 11 inches; and

(4) Stated the amount of the fee that would be charged for returned checks.

When the drawer sends a check by mail for payment of a debt and the check is dishonored and returned, the processing fee may be collected if the drawer was given prior written notice that a fee would be charged for returned checks. Any document that clearly and conspicuously states the amount of the fee that will be charged for returned checks and is delivered to the drawer or his agent, or is mailed first-class mail to the drawer at his last known address as part of any document requesting payment of a debt satisfies this notice requirement for that payment only.

If a collection agency collects or seeks to collect on behalf of its principal a processing fee as specified in this section in addition to the sum payable of a check, the amount of such processing fee must be separately stated on the collection notice. The collection agency shall not collect or seek to collect from the drawer any sum other than the actual amount of the returned check and the specified processing fee."

Section 2. This act becomes effective October 1, 1997, and applies to checks written on or after that date.

Whereas, the Johnston County Board of Education and the Johnston County Board of Commissioners have jointly approved and funded a School Facilities 2000 building program; and

Whereas, the Johnston County Board of Education, faced with the critical need for school facilities, has implemented a model facilities plan using the Unitary System Approach (USA) to design school facilities that are educationally effective and economically efficient; and

Whereas, the Johnston County Board of Education has competitively bid the USA school design under the separate prime bid laws of North Carolina and has developed certain cost parameters based on this USA concept; and

Whereas, the Johnston County Board of Education desires to explore alternative approaches to expedite the construction of school facilities that could assist in meeting the critical need for school facilities; and

Whereas, the General Assembly reaffirms its commitment to enhance public education and to encourage innovation by public officials in meeting the critical need for school facilities; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. Notwithstanding the provisions of Article 8 of Chapter 143 of the General Statutes, the Johnston County Board of Education may select and

negotiate with separate prime contractors to build the Unitary System Approach (USA) model school plan if the Johnston County Board of Education determines that using the selection and negotiations processes instead of competitive bidding will expedite the project, create an effective construction team, and control costs, quality, and schedule.

SENATE BILL 777

Short Title: Adjust Interest Rates and Loan Ceilings. (Public)

Sponsors: Senator Lee.

Referred to: Commerce.

April 9, 1997

A BILL TO BE ENTITLED

AN ACT TO ALLOW LICENSEES TO ADJUST CERTAIN INTEREST RATES AND LOAN CEILINGS, TO COLLECT ATTORNEY FEES AND COURT COSTS IN THE CASE OF DEFAULT, AND TO MAINTAIN RECORDS IN THE FORM OF OPTICAL IMAGING.

The General Assembly of North Carolina enacts:

Section 1. G.S. 53-166(a) reads as rewritten:

"(a) Scope. -- No person shall engage in the business of lending in amounts of ~~ten thousand dollars ($10,000)~~ twenty-five thousand dollars ($25,000) or less and contract for, exact, or receive, directly or indirectly, on or in connection with any such loan, any charges whether for interest, compensation, consideration, or expense, or any other purpose whatsoever, which in the aggregate are greater than permitted by Chapter 24, except as provided in and authorized by this Article, and without first having obtained a license from the Commissioner. The word 'lending' as used in this section, shall include, but shall not be limited to, endorsing or otherwise securing loans or contracts for the repayment of loans."

Section 2. G.S. 53-176 reads as rewritten:

"**§ 53-176. Optional rates, maturities and amounts.**

In lieu of making loans in the amount and at the charges stated in G.S. 53-173 and for the terms stated in G.S. 53-180, a licensee may at any time elect to make loans in installments not exceeding ~~ten thousand dollars ($10,000)~~ twenty-five thousand dollars ($25,000) and which shall not be repayable in less than six months or more than 84 months and which shall not be secured by deeds of trust or mortgages on real estate and which are repayable in substantially equal consecutive monthly payments

and to charge and collect interest in connection ~~therewith which shall not exceed the following actuarial rates:~~

~~(1) With respect to a loan not exceeding seven thousand five hundred dollars ($7,500), thirty percent (30%) per annum on that part of the unpaid principal balance not exceeding one thousand dollars ($1,000) and eighteen percent (18%) per annum on the remainder of the unpaid principal balance.~~

therewith. On the part of the unpaid balance not exceeding five thousand dollars ($5,000), interest shall not exceed the actuarial rate of twenty-nine percent (29%) per annum. On the remainder of the unpaid balance, interest shall not exceed the actuarial rate of eighteen percent (18%) per annum. Interest shall be contracted for and collected at the single simple interest rate applied to the outstanding balance that would earn the same amount of interest as the above rates for payment according to schedule.

~~(2) With respect to a loan exceeding seven thousand five hundred dollars ($7,500), eighteen percent (18%) per annum on the outstanding principal balance.~~

In addition to the interest permitted in this section, a licensee may assess at closing a reasonable credit investigation charge as agreed upon by the parties, not to exceed the actual cost of the credit investigation; provided that such charges may not be assessed more than twice in any 12-month period. The Commissioner of Banks may review charges assessed pursuant to this section and may adopt appropriate rules in accordance with G.S. 53-185.

The provisions of G.S. 53-173(b), (c) and (d) and G.S. 53-180(b), (c), (d), (e), (f), (g), (h) and (i) shall apply to loans made pursuant to this section.

Any licensee under this Article shall have the right to elect to make loans in accordance with this section by the filing of a written statement to that effect with the Commissioner and on date of such notification begin making loans regulated by this section for the following 12 months. Annually after such election a licensee may elect to make loans in accordance with this section unless the licensee notifies in writing the Commissioner of its intention to terminate such election.

The due date of the first monthly payment shall not be more than 45 days following the disbursement of funds under any such installment loan. A borrower under this section may prepay all or any part of a loan made under this section without penalty.

No individual, partnership, or corporate licensee and no corporation which is the parent, subsidiary or affiliate of a corporate licensee that is making loans under this Article except as authorized in this section, shall be permitted to make loans under the provisions of this section. Any corporate licensee or individual or partnership licensee that elects to make loans in accordance with the provisions of this section shall be bound by that election with respect to all of its offices and locations in this State and all offices and locations in this State of its parent, subsidiary or affiliated corporate licensee, or with respect to all ~~of his or their~~ offices and locations in this State."

Section 3. G.S. 53-180(e) reads as rewritten:

"(e) Limitation on Attorney's Fees. -- With respect to a loan made pursuant to the provisions of G.S. 53-173, the agreement may not provide for payment by the borrower of attorney ~~fees.~~ fees, except court and collection costs in the case of default by the borrower."

Section 4. G.S. 53-182(b) reads as rewritten:

"(b) Upon payment of any loan in full, a licensee shall cancel and return to the borrower, within a reasonable length of time, originals or copies of any note, assignment, mortgage, deed of trust, or other instrument securing ~~such~~ the loan, which no longer secures any indebtedness of the borrower to the licensee."

Section 5. G.S. 53-184(a) reads as rewritten:

"(a) Each licensee shall maintain all books and records relating to loans made under this Article required by the Commissioner of Banks to be kept, and the Commissioner, ~~his~~ the Commissioner's deputy, or duly authorized examiner or agent or employee is authorized and empowered to examine ~~such~~ the records at any reasonable time. ~~Such books~~ Books and records may be maintained in the form of magnetic tape, magnetic ~~disk~~ disk, optical image disk, or other form of computer, electronic or microfilm media available for examination on the basis of computer printed reproduction, video display or other medium acceptable to the Commissioner of Banks; provided, however, that ~~such~~ the books and records so kept must be convertible into clearly legible tangible documents within a reasonable time. Any licensee having more than one licensed office may maintain ~~such~~ the required books and records at a location other than the licensed office location if ~~such~~ the location is approved by the Commissioner; provided that, ~~upon such requirements as may be imposed by the Commissioner of Banks,~~ the Commissioner of Banks may require that there shall be available to the borrower at each licensed location or such other location convenient to the borrower, as designated by the licensee, complete loan information; and provided further that ~~such~~ the books and records of each licensed office shall be clearly segregated. When a licensee maintains its books and records outside of North Carolina, the licensee shall make them available for examination at the place where they are maintained and shall pay for all reasonable and necessary expenses incurred by the Commissioner in conducting such examination. Where the data processing for any licensee is performed by a person other than the licensee, the licensee shall provide to the Commissioner of Banks a copy of a binding agreement between the licensee and the data processor which allows the Commissioner of Banks, ~~his~~ the Commissioner's deputy, or duly authorized examiner or agent or employee to examine that particular data processor's activities pertaining to the licensee to the same extent as if such services were being performed by the licensee on its own premises; and, notwithstanding the provisions of G.S. 53-167 and 53-122, when billed by the Commissioner of Banks, the licensee shall reimburse the Commissioner of Banks for all costs and expenses incurred by ~~him~~ the Commissioner in ~~such~~ the examination."

Section 6. This act becomes effective October 1, 1997, and applies to contracts entered into on or after that date.

MEMORANDUM

TO: Senator R.C. Soles, Jr., Chairman
Commerce Committee

FROM: Linwood Jones, Staff Counsel

RE: SB 550 (Irrigation System Design Not Engineering)

Senate Bill 550 provides that the following two types of activities are exempt from regulation as "engineering" under the engineers' practice act (Chapter 89C):

(1) The planning or design of best management practices on agricultural lands by employees of the Natural Resources Conservation Service is exempt from regulation as engineering.

MEMORANDUM

TO: Senator R.C. Soles, Jr., Chairman
Commerce Committee

FROM: Linwood Jones, Staff Counsel

RE: SB 568 (Manufactured Home Owners' Bill of Rights)

Senate Bill 568 establishes a "bill of rights" for tenants who lease space for their manufactured homes in mobile home parks. These rights are as follows:

(1) The owner of the mobile home park must clearly define what services are included in the rental fee (including water and sewer, garbage disposal, and lawn maintenance, and clubhouse or pool use, if applicable).

(2) The owner must give the tenant a list of the park rules. These rules can be changed only with 60 days written notice to the tenants.

(3) The tenant has the exclusive right to sell the manufactured home that he or she owns. The mobile home park owner cannot charge the tenant a commission when the home is sold unless the owner and tenant have agreed in advance in writing to the commission.

(4) The owner cannot unreasonably interfere with the tenant's attempts to sell his or her home (such as prohibiting "for sale" signs or prohibiting access to the park by prospective purchasors). The owner can regulate the size, placement, and character of "for sale" signs in his park.

(5) The owner can terminate a rental agreement in order to change the use of the land in the park, but only with written notice to each tenant 90 days prior to the change in use.

(6) The retaliatory eviction defense (which allows the tenant, if evicted, to offer proof that the eviction was prompted by his request for repairs, complaint to a government agency, etc.) is

available to mobile home park tenants who are evicted. (Note: The retaliatory eviction law in Article 4A of Chapter 42 also sets out several grounds on which the landlord can prevail despite a claim of retaliatory eviction (such as when the tenant has failed to pay rent).

This bill would take effect January 1, 1998 and would apply to rental agreements entered into on or after that date.

A BILL TO BE ENTITLED

AN ACT TO ASSIST THE JOHNSTON COUNTY BOARD OF EDUCATION WITH THE EXPEDITING OF PUBLIC SCHOOL FACILITIES.

Whereas, Johnston County is faced with the critical need for school facilities created by an unusual growth in student population; and

Whereas, the Johnston County Board of Education and the Johnston County Board of Commissioners have jointly approved and funded a School Facilities 2000 building program; and

Whereas, the Johnston County Board of Education, faced with the critical need for school facilities, has implemented a model facilities plan using the Unitary System Approach (USA) to design school facilities that are educationally effective and economically efficient; and

MEMORANDUM

TO: Senate Commerce Committee

FROM: Linwood Jones, Staff Counsel

RE: Various Bills

Senate Bill 465 (DOT Engineering/Design Contracts

Senate Bill 465 allows the Department to solicit proposals for professional engineering services and other kinds of professional services relating to highway construction and maintenance in accordance with Departmental rules. Current law requires the Department to use these rules on contracts over $10,000. The bill also authorizes DOT to establish fiscal guidelines and limitations to promote cost efficiency in overhead, salary, and expense reimbursement rates.

Senate Bill 837 authorizes the ABC Commission to issue permits to sports clubs. The list already includes seven other types of permits that the ABC Commission can issue without approval at an election (see the list in the bill).

Senate Bill 838 (Tourism Resort ABC Permits)

Senate Bill 838 authorizes the ABC Commissioner to issue permits to qualified establishments at tourist resorts as follows: on-premises malt beverage permits, on-premises unfortified wine permits, on-premises fortified wine permits, and mixed beverage permits. A "tourist resort" is a restaurant and lodging facility that is operated as a resort. The resort must offer meeting facilities and have golf or tennis facilities and other recreational facilities in order to qualify.

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

Senate Bill 814 (In Stand ABC Sales)

Senate Bill 814 allows a retail permittee under the ABC laws to sell malt beverages in the stands of a ballpark or stadium or other public place with a seating capacity of 60,000 or more in a city with a population of 450,000 or more if the following conditions are met:

(1) The seating areas are designated as part of the permittee's licensed premises
(2) The permittee has notified the ABC Commission that it will sell malt beverages in the stands
(3) Food and nonalcoholic beverages are also available in the seating areas
(4) The permittee has trained its employees to identify intoxicated and underage persons.

Senate Bill 575 (MV Dealers/Manufacturers Licensing Law)

Senate Bill 575 makes several changes to the motor vehicle dealer franchise laws.

Section 1 requires franchise agreements and forms to be consistent with State laws and requires the manufacturer or distributor to certify that it in fact is in compliance with our laws and rules. Revisions to the franchise and the reasons for those revisions must be filed with the Commissioner of Motor Vehicles within 60 days.

Section 2 requires the Commissioner to investigate any complaint alleging a violation of the franchise laws and provides the mechanism by which a dealer can file a complaint against the manufacturer or distributor and have a hearing on the complaint.

Section 3 gives the Commissioner flexibility in the time he has to render a decision in a hearing that is held to determine whether a new dealer can enter an existing dealer's market area. Current law requires a decision within 180 days of the time the existing dealer filed the protest. The bill provides that the Commissioner must attempt to render a decision within 180 days. In addition, a provision is added to subject satellite dealerships (where either new cars or sold or manufacturer's warranty work is performed) to the same market entry requirements as new dealerships. A 180-day decision period for cancellation of a motor vehicle franchise is also changed to require that the Commissioner attempt to render a decision within 180 days. The manufacturer or distributor is also prohibited, through a right of first refusal or otherwise, from preventing the dealer from transferring the franchise to the dealer's designee.

The bill also prohibits the manufacturer or distributor from (a) requiring the dealer to issue ownership interests in the dealership to a general manager or other persons involved in the dealership, (b) varying the price charged dealers in this State for new

motor vehicles because of he dealer's purchase of equipment or other merchandise, the dealer's relocating or remodeling of existing facilities, (c) the dealer's participation in training sponsored by the manufacturer, or (d) the dealer's achievement of specified levels of customer satisfaction. The manufacturer or distributor must offer the entire line of new vehicles to its North Carolina dealers at the lowest prices they are offered to its dealers in other states. In addition, the manufacturer or distributor cannot require the dealer to compensate the manufacturer or distributor for legal fees incurred when a dealer asserts its rights under the motor vehicle franchise law, nor can it require the dealer to pay an additional fee, purchase ad displays, or remodel its facilities to receive any model or series of vehicles. The bill also provides for a stay of certain payments or charges by the dealer to the manufacturer while administrative proceedings involving manufacturer or distributor warranties are pending.

Senate Bill 646 (Official State Dance)

This bill designates the square dance as the American folk dance for North Carolina.

Senate Bill 382 - Proposed Committee Substitute (Unemployment Base Period)

Senate Bill 382 redefines the "base period" that a person must have worked before being eligible for unemployment benefits and eliminates one of the other tests ("the one and one-half times test") to determine eligibility. Currently, a person's base period is the first four of the last five completed calendar quarters prior to the filing of the claim for unemployment benefits. A person must have earned wages during that base period at least six times greater than the average weekly insured wage. Senate Bill 382 provides that if the person did not earn enough wages during the first four of the last five months to qualify for unemployment benefits, he or she can instead use the last four calendar quarters as a base period.

Current law also requires that the person's base period wages must be at least one and one-half times his high quarter wages and that these high quarter wages must be at least one and one-half times the average weekly insured wage. Senate Bill 382 eliminates this requirement. The "six times" test referred to above is not eliminated.

The proposed committee substitute sunsets this act in September, 2001. The Employment Security Commission will study the effects of this act and report back to the General Assembly by January 1, 2001 on its effect.

SENATE BILL 801 (Planned Community Act)

Summary is from the Instuitute of Government

Enacts new "North Carolina Planned Community Act." Defines a "planned community" as real estate with respect to which a person, by virtue of owning a lot, is

obligated by a declaration to pay real property taxes, insurance premiums, or other expenses to maintain or improve other real estate described in the declaration. Provides that neither a cooperative nor a condominium is a planned community, but that the land in either may be part of a planned community. Allows creation of a leasehold planned community where lot leases are at least 20 years in length, including renewal options. Applies to planned communities created in this state after Oct. 1, 1997, except those with fewer than 12 lots or those that are restricted to nonresidential purposes, unless the declaration provides otherwise. Also provides that certain sections of act apply to planned communities with more than 12 lots created before Oct. 1, 1997. States that provisions of bill may not be varied by the declaration or bylaws or by agreement, but that, after a breach of a provision in bill, rights may be knowingly waived in writing.

Creation, alteration and termination of planned communities. Requires declaration creating community to be executed as a deed and recorded in name of community in grantee index of register of deeds. Defines required contents of declaration. Provides for the expiration or termination of a lease that may terminate the community or reduce its size. Provides for the allocation of limited common elements to particular lots. Establishes requirements for plat that is part of the declaration. Provides for the expansion of the community and the conversion or reduction of lots. Provides generally that declaration may be amended by lot owners to which 67% of the votes in the association are allocated or any larger majority provided in the declaration. Establishes a one-year limitation on actions to challenge validity of declaration amendments. Provides generally that the community may be terminated only with the consent of the lot owners to which 80% of the votes in the association are allocated. Includes provisions regarding the creation of, and powers that may be exercised by a master association.

Management of planned community. Includes provisions relating to the powers that may be exercised by the lot owners' association and the executive board. Provides that notwithstanding any provision in the declaration or bylaws to the contrary, the lot owners may remove a member of the executive board (other than a member appointed by the declarant) by a 67% vote of all persons present and entitled to vote at an official meeting. Also provides for the relinquishment of control over appointments to the executive board by the declarant. Provides that declarant control terminates no later than the earlier of (a) 120 days after conveyance of 75% of the lots; (b) two years after declarant ceases to offer lots; or (c) two years after any development rights to add new lots was last exercised. Also provides for transition period during which some but not all members of board are elected by lot owners. Provides for the use of proxies at association meetings. Requires the association to maintain both property and liability insurance on common elements, to the extent such insurance is reasonably available. Provides for assessing lot owners for common expenses and establishes a lien against a lot for which an assessment levied against it remains unpaid for a period of at least 30 days, if a claim of lien is filed of record in the office of the clerk of superior court. Provides that lien is extinguished if proceedings to enforce the lien are not instituted within three years after claim of lien docketed.

Protection of purchasers. Requires, as general rule, that initial seller of lot, before execution or sale of a lot, furnish purchaser with a copy of the declaration, the bylaws, the rules, and an initial sale certificate containing financial information specified in act. Requires a lot owner to provide a more abbreviated disclosure statement to purchaser if lot resold.

Re: SB 837 & SB 838

Dear R.C.:

The above bills are scheduled for the Commerce Committee tomorrow at 8 AM and I am sorry I have not gotten by to see you to discuss them before the committee meets but since they were just introduced I didn't expect them to be taken up until next week and I have been in meetings all week.

But thank you for your consideration and I will be at the meeting. However, I am using the Internet to contact you tonight to assure you of my intersts and let you know I did want to speak with you on behalf of the travel industry before the bills actually came up. I am sorry that was not possible. I will be prepared to take your questions on them tomorrow. However, in the event you do check your mail before committee, I wanted you to have the following:

Specifically, North Carolina is a travel and tourism state but we are losing a lot of meetings and conferences to other states because so many true sports clubs and resort facilities in some areas of NC do not have mixed beverages. When that happens other retail establishments in those areas lose sales, too. NC and the county lose sales tax collections.

During the Governor's Conference on Tourism just recently held in Asheville, I spoke with representatives who sell NC travel in the United Kingdom and Germany.
I was more than surprised when both said they cannot book some areas of NC because of the lack of beer, wine and mixed beverages. They were quite emphatic.

T. Keith Mangum represents NC in Germany. He said to the German..."beer is bread"...not an alcoholic beverage. His e-mail address, if you wish to verify this is as follows: think@mangum.de ...so feel free to contact him. His Fax number is (089) 26 66 21 0 and please feel free to contact him.

Stella Clery-Ackland is Managing Director of North Carolina, UK Office: Cellet Travel Services, LTD. She said to me, " If a Brit comes to NC and cannot get a drink he will walk out of the place and never return and suggest to his friends that they not visit that region. If you tell a German who has traveled all the way to NC that he cannot get a beer he might just break the furniture!" Mangum confirmed that.

You may also contact Stella at Cellet Travel Services, Brook House, 47 High Street, Henley-In-Arden, Warwickshire B95 5AA.

Please note that as we in Travel and Tourism work to promote Regional Tourism and Heritage Tourism we are facing this serious problem. Lots of small retail businesses in those areas are also losing sales. And as you face budget matters please consider that it is our Regional Tourism and Heritage Tourism that is essential to many areas of our State.

SB 837 Sports Club ABC Permits: Most of you are aware of the Sports Club provisions and there are numerous other true sports clubs across the state that feel they should have Sports Club Permits. They tell me (as indicated above) they are losing business...travel and tourism business and are concerned. We have also heard some discussions about a challenge to the law if some of these establishments can't get the permit when others can. It is on their behalf that we asked this bill be introduced and ask for your support.

SB 838 Tourism Resort ABC Permits: Again this is on behalf of a number of large and small resorts that have told us they are losing travel & tourism business because they cannot offer mixed beverages. They too, say other retailers in their areas are losing sales. Under this provision only a true resort with lodging and a restaurant as well as meeting facilities and other sports or recreating facilities including a golf course or two or more tennis courts would be eligible for the permit. These facilities can attract meetings and conferences as well as group travelers that they sometime cannot attract because of the lack of mixed beverages.

Frankly, we believe these two bills, if enacted can be used as economic development tools.

We also see the need for North Carolina to ban brownbagging and go to state-wide mixed beverages as a matter of control and for the tax revenue. (It should also cut down on the number of bills, special bills and local bills the General Assembly must deal with each year.) Therefore, I ask you to consider a ban on brownbagging at least by January 1, 2000. Please think about it.

Thank you in advance for your consideration oon these matters.

If an individual lacks sufficient base period wages in order to establish a benefit year in the manner set forth above, the claimant shall have an alternative base period substituted for the current base period so as not to prevent establishment of a valid claim. For the purposes of this subdivision, 'alternative base period' means the last four completed calendar quarters."

Section 3. This act is effective when it becomes law and applies to new initial claims filed on or after September 1, 1997. The Employment Security Commission shall report to the General Assembly by January 1, 2001, on the effect of this act on unemployment compensation claims. This act expires September 1, 2001.

A BILL TO BE ENTITLED

AN ACT TO ESTABLISH THE NORTH CAROLINA PLANNED COMMUNITY ACT.

The General Assembly of North Carolina enacts:

Section 1. The General Statutes are amended by adding a new Chapter to read:

"Chapter 47E.

"North Carolina Planned Community Act.

"ARTICLE 1.

"General Provisions.

"**§ 47E-1-101. Short title.**

This act shall be known and may be cited as the North Carolina Planned Community Act.

"**§ 47E-1-102. Applicability.**

(a) This act applies to all planned communities created within this State on or after October 1, 1997.

(b) This act does not apply to a planned community created within this State on or after October 1, 1997:

(1) Which contains no more than 12 lots (including all lots which may be added or created by the exercise of development rights) unless the declaration provides or is amended as permitted in subsection (e) of this section to provide that this act does apply to that planned community; or

(2) In which all lots are restricted exclusively to nonresidential purposes and the declaration provides that this act does not apply to that planned community.

(c) Except as provided in subsection (d) of this section, G.S. 47E-1-106 (Applicability of local ordinances, regulations, and building codes), G.S. 47E-1-107 (Eminent domain), G.S. 47E-2-103 (Construction and validity of declaration and bylaws), G.S. 47E-2-104 (Description of lots), G.S. 47E-3-102(a)(1) through (6) and (11) through (17) (Powers of owners' association), G.S. 47E-3-107 (Upkeep of planned community; responsibility and assessments for damages), G.S. 47E-3-107A (Procedures for fines and suspension of planned community privileges or services), G.S. 47E-3-111 (Tort and contract liability), G.S. 47E-3-112 (Conveyance or encumbrance of common elements), G.S. 47E-3-115 (Assessments for common expenses), G.S. 47E-3-116 (Lien for assessments), G.S. 47E-3-118 (Association records), and G.S. 47E-4-117 (Effect of violation on rights of action; attorneys' fees) apply to all planned communities created in this State before October 1, 1997. These sections apply only with respect to events and circumstances occurring on or after October 1, 1997, and do not invalidate existing provisions of the declaration, bylaws, or plats and plans of those planned communities. G.S. 47E-1-103 (Definitions) applies to all planned communities created in this State before October 1, 1997, to the extent necessary in construing any of the preceding sections.

(d) A planned community created within this State before October 1, 1997, which contains no more than 12 lots (including all lots which may be added or created by the exercise of development rights) shall not be subject to this act.

(e) Notwithstanding the provisions of subsections (c) and (d) of this section, the declaration of any planned community created before October 1, 1997, may be amended to provide that this entire act does apply to that planned community. Such an amendment may be made under the provision of this act specifying procedures and requirements for amendment of declarations. To the extent the procedures and requirements for amendment in the declaration conflict with the provisions of this act, this act shall control.

(f) This act does not apply to planned communities or lots located outside this State.

"**§ 47E-1-103. Definitions.**

In the declaration and bylaws, unless specifically provided otherwise or the context otherwise requires, and in this act:

(1) 'Affiliate of a declarant' means any person who controls, is controlled by, or is under common control with a declarant. A person 'controls' a declarant if the person (i) is a general partner, officer, director, or employer of the declarant; (ii) directly or indirectly or acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds with power to vote, or holds proxies representing, more than twenty percent (20%) of the voting interest in the declarant; (iii) controls in any manner the election of a majority of the directors of the declarant;

or (iv) has contributed more than twenty percent (20%) of the capital of the declarant. A person 'is controlled by' a declarant if the declarant (i) is a general partner, officer, director, or employer of the person; (ii) directly or indirectly or acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds with power to vote, or holds proxies representing, more than twenty percent (20%) of the voting interest in the person; (iii) controls in any manner the election of a majority of the directors of the person; or (iv) has contributed more than twenty percent (20%) of the capital of the person. Control does not exist if the powers described in this subdivision are held solely as security for an obligation and are not exercised.

(2) 'Allocated interests' means the common expense liability and votes in the association allocated to each lot.

(3) 'Association' or 'owners' association' means the association organized under G.S. 47E-3-101.

(4) 'Common elements' means any real estate within a planned community owned or leased by the association, other than a lot.

(5) 'Common expenses' means expenditures made by or financial liabilities of the association, together with any allocations to reserves.

(6) 'Common expense liability' means the liability for common expenses allocated to each lot pursuant to G.S. 47E-2-107.

(7) 'Condominium' means real estate, portions of which are designated for separate ownership and the remainder of which is designated for common ownership solely by the owners of those portions. Real estate is not a condominium unless the undivided interests in the common elements are vested in the unit owners.

(8) 'Cooperative' means real estate owned by a corporation, trust, trustee, partnership, or unincorporated association, where the governing instruments of that organization provide that each of the organization's members, partners, stockholders, or beneficiaries is entitled to exclusive occupancy of a designated portion of that real estate.

(9) 'Declarant' means any person or group of persons acting in concert who (i) as part of a common promotional plan, offers to dispose of his or its interest in a lot not previously disposed of, or (ii) reserves or succeeds to any special declarant right.

(10) 'Declaration' means any instruments, however denominated, that create a planned community and any amendments to those instruments.

(11) 'Development rights' means any right or combination of rights reserved by a declarant in the declaration (i) to add real estate to a planned community; (ii) to create lots, common elements, or

limited common elements within a planned community; (iii) to subdivide lots or convert lots into common elements; or (iv) to withdraw real estate from a planned community.

(12) 'Dispose' or 'disposition' means a voluntary transfer to a purchaser of any legal or equitable interest in a lot, but does not include the transfer or release of a security interest.

(13) 'Executive board' means the body, regardless of name, designated in the declaration to act on behalf of the association.

(14) 'Identifying number' means a symbol that identifies only one lot in a planned community.

(15) 'Initial seller' means the declarant, an affiliate of the declarant or any person or entity that acquires a lot for any purpose other than to use the lot for residential purposes.

(16) 'Leasehold planned community' means a planned community in which all or a portion of the real estate is subject to a lease, the expiration or termination of which will terminate the planned community or reduce its size.

(17) 'Lessee' means the party entitled to present possession of a leased lot whether lessee, sublessee, or assignee.

(18) 'Limited common element' means a portion of the common elements allocated by the declaration or by operation of G.S. 47E-2-104(b)(2) for the exclusive use of one or more but fewer than all of the lots.

(19) 'Lot' means a physical portion of the planned community designated for separate ownership or occupancy, the boundaries of which are described pursuant to G.S. 47E-2-105(a)(3).

(20) 'Lot owner' means a declarant or other person who owns a lot, or a lessee of a lot in a leasehold planned community whose lease expires simultaneously with any lease the expiration or termination of which will remove the lot from the planned community, but does not include a person having an interest in a lot solely as security for an obligation.

(21) 'Master association' means an organization described in G.S. 47E-2-120, whether or not it is also an association described in G.S. 47E-3-101.

(22) 'Person' means a natural person, corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision or agency, or other legal or commercial entity.

(23) 'Planned community' means real estate with respect to which any person, by virtue of his ownership of a lot, is expressly obligated by a declaration to pay real property taxes, insurance premiums, or other expenses to maintain, improve, or benefit other lots or other real estate described in the declaration. For purposes of this act,

neither a cooperative nor a condominium is a planned community, but real estate comprising a condominium or cooperative may be part of a planned community. 'Ownership of a lot' does not include holding a leasehold interest of less that 20 years in a lot, including renewal options.

(24) 'Purchaser' means any person, other than a declarant or a person in the business of selling real estate for his own account, who by means of a voluntary transfer acquires a legal or equitable interest in a lot, other than (i) a leasehold interest (including renewal options) of less than 20 years, or (ii) as security for an obligation.

(25) 'Reasonable attorneys' fees' means attorneys' fees actually incurred without regard to any limitations on attorneys' fees which may be included in other statutes.

(26) 'Real estate' means any leasehold or other estate or interest in, over, or under land, including structures, fixtures, and other improvements and interests which by custom, usage, or law pass with a conveyance of land though not described in the contract of sale or instrument of conveyance. 'Real estate' includes parcels with or without upper or lower boundaries, and spaces that may be filled with air or water.

(27) 'Residential purposes' means use for dwelling or recreational purposes, or both.

(28) 'Special declarant rights' means rights reserved for the benefit of a declarant (i) to complete improvements indicated on plats and plans filed with the declaration (G.S. 47E-2-109); (ii) to exercise any development right (G.S. 47E-2-110); (iii) to maintain sales offices, management offices, signs advertising the planned community, and models (G.S. 47E-2-115); (iv) to use easements through the common elements for the purpose of making improvements within the planned community or within real estate which may be added to the planned community (G.S. 47E-2-116); (v) to make the planned community part of a larger planned community or group of planned communities (G.S. 47E-2-121); (vi) to make the planned community subject to a master association (G.S. 47E-2-120); or (vii) to appoint or remove any officer or executive board member of the association or any master association during any period of declarant control (G.S. 47E-3-103(d)).

(29) 'Time share' means a time share as defined in Chapter 93A of the General Statutes.

"**§ 47E-1-104. Variation.**

(a) Except as specifically provided in specific sections of this Chapter, the provisions of this Chapter may not be varied by the declaration or bylaws.

(b) The provisions of this Chapter may not be varied by agreement; however, after breach of a provision of this Chapter, rights created hereunder may be knowingly waived in writing.

(c) Notwithstanding any of the provisions of this Chapter, a declarant may not act under a power of attorney or proxy or use any other device to evade the limitations or prohibitions of this Chapter, the declaration, or the bylaws.

"§ 47E-1-105: Reserved.

"§ 47E-1-106. Applicability of local ordinances, regulations, and building codes.

A zoning, subdivision, or building code or other real estate use law, ordinance, or regulation may not prohibit a planned community or impose any requirement upon a planned community which it would not impose upon a substantially similar development under a different form of ownership or administration. Otherwise, no provision of this Chapter invalidates or modifies any provision of any zoning, subdivision, or building code or any other real estate use law, ordinance, or regulation. No local ordinance or regulation may require the recordation of a declaration prior to the date required by this Chapter.

"§ 47E-1-107. Eminent domain.

(a) If a lot is acquired by eminent domain, or if part of a lot is acquired by eminent domain leaving the lot owner with a remnant which may not practically or lawfully be used for any purpose permitted by the declaration, the award shall compensate the lot owner for his lot and its interest in the common element. Upon acquisition, unless the decree otherwise provides, the lot's allocated interests are automatically reallocated to the remaining lots in proportion to the respective allocated interests of those lots before the taking, exclusive of the lot taken.

(b) Except as provided in subsection (a) of this section, if part of a lot is acquired by eminent domain, the award shall compensate the lot owner for the reduction in value of the lot. Upon acquisition, unless the decree otherwise provides, (i) that lot's allocated interests are reduced in proportion to the reduction in the size of the lot, or on any other basis specified in the declaration, and (ii) the portion of the allocated interests divested from the partially acquired lot are automatically reallocated to that lot and the remaining lots in proportion to the respective allocated interests of those lots before the taking, with the partially acquired lot participating in the reallocation on the basis of its reduced allocated interests.

(c) If there is any reallocation under subsection (a) or (b) of this section, the association shall promptly prepare, execute, and record an amendment to the declaration reflecting the reallocations. Any remnant of a lot remaining after part of a lot is taken under this subsection is thereafter a common element.

(d) If part of the common elements is acquired by eminent domain, the portion of the award attributable to the common elements taken shall be paid to the association. Unless the declaration provides otherwise, any portion of the award attributable to the acquisition of a limited common element shall be apportioned among the owners of the lots to which that limited common element was allocated at the time of acquisition based on their allocated interest in the common elements before the taking.

(e) The court decree shall be recorded in every county in which any portion of the planned community is located.

"**§ 47E-1-108. Supplemental general principles of law applicable.**

The principles of law and equity supplement the provisions of this act, except to the extent inconsistent with this act.

"**§§ 47E-1-109 through 47E-1-115:** Reserved.

"ARTICLE 2.

"Creation, Alteration, and Termination of Planned Communities.

"**§ 47E-2-101. Creation of the planned community.**

A declaration creating a planned community shall be executed in the same manner as a deed, shall be recorded in every county in which any portion of the planned community is located, and shall be indexed in the Grantee index in the name of the planned community and the association and in the Grantor index in the name of each person executing the declaration.

"**§ 47E-2-102:** Reserved.

"**§ 47E-2-103. Construction and validity of declaration and bylaws.**

(a) All provisions of the declaration and bylaws are severable.

(b) The rule against perpetuities may not be applied to defeat any provision of the declaration, bylaws, rules, or regulations adopted pursuant to G.S. 47E-3-102(a)(1).

(c) In the event of a conflict between the provisions of the declaration and the bylaws, the declaration prevails except to the extent the declaration is inconsistent with this act.

(d) Title to a lot and common elements is not rendered unmarketable or otherwise affected by reason of an insubstantial failure of the declaration to comply with this act. Whether a substantial failure to comply with this act impairs marketability shall be determined by the law of this State relating to marketability.

"**§ 47E-2-104. Description of lots.**

(a) A description of a lot which sets forth the name of the planned community, the recording data for the declaration or a plat on which the lot is identified, and the identifying number of the lot, or which otherwise complies with the general requirements of the laws of this State concerning description of real property, is a sufficient legal description of that lot and all rights, obligations, and interests appurtenant to that lot which are created by the declaration, the bylaws, or this act.

(b) Except as provided by the declaration:

(1) If any chute, flue, duct, wire, conduit, bearing wall, bearing column, or any other fixture lies partially within and partially outside the designated boundaries of a lot, any portion thereof serving only that lot is a limited common element allocated solely to that lot, and any portion thereof serving more than one lot or any portion of the common elements is a part of the common elements.

(2) All fixtures, improvements, attachments, and systems designed to serve a single lot, but located outside the lot's boundaries, are limited common elements allocated exclusively to that lot.

"**§ 47E-2-105. Contents of declaration.**

(a) The declaration for a planned community shall contain:

(1) The name of the planned community and the name of the association;

(2) The name of every county in which any part of the planned community is situated;

(3) A description by reference to the plat(s) described in G.S. 47E-2-109 of the boundaries of each lot, including the lot's identifying number, and the common elements created by the declaration;

(4) A description of any real estate which is or must become common elements or limited common elements, other than those specified in G.S. 47E-2-104(b), as provided in G.S. 47E-2-109(b)(9);

(5) A description of any real estate (except real estate subject to development rights) which may be allocated subsequently as limited common elements, other than limited common elements specified in G.S. 47E-2-104(b), together with a statement that they may be so allocated;

(6) A description of any development rights and other special declarant rights reserved by the declarant, together with a legally sufficient description of the real estate to which each of those rights applies, a statement of the maximum number of lots which the declarant reserves the right to create, and a time limit within which each of those rights must be exercised;

(7) If any development right may be exercised with respect to different parcels of the real estate at different times, a statement to that effect together with (i) either a statement fixing the boundaries of those portions and regulating the order in which those portions may be subjected to the exercise of each development right, or a statement that no assurances are made in those regards; and (ii) a statement as to whether, if any development right is exercised in any portion of the real estate subject to that development right, that development right must be exercised in all or in any other portion of the remainder of that real estate;

(8) Any other conditions or limitations under which the rights described in subdivision (6) of this subsection may be exercised or will lapse;

(9) An allocation to each lot of the allocated interests in the manner described in G.S. 47E-2-107;

(10) Any restrictions on use, occupancy, and alienation of the lots;

(11) The recording data for recorded easements and licenses appurtenant to or included in the planned community or to which any portion of the planned community is or may become subject by virtue of a reservation in the declaration; and

(12) All matters required by G.S. 47E-2-106, 47E-2-107, 47E-2-108, 47E-2-109, 47E-2-115, 47E-2-116, and 47E-3-103(d).

(b) The declaration may contain any other matters the declarant deems appropriate.

"**§ 47E-2-106. Leasehold planned communities.**

(a) Any lease the expiration or termination of which may terminate the planned community or reduce its size, or a memorandum thereof, shall be recorded. Every lessor of those leases shall sign the declaration, and the declaration shall state:

(1) Where the complete lease may be inspected;

(2) The date on which the lease is scheduled to expire;

(3) A legally sufficient description of the real estate subject to the lease;

(4) Any right of the lot owners to redeem the reversion and the manner whereby those rights may be exercised, or a statement that they do not have those rights;

(5) Any right of the lot owners to remove any improvements after the expiration or termination of the lease, or a statement that they do not have those rights; and

(6) Any rights of the lot owners to renew the lease and the conditions of any renewal, or a statement that they do not have those rights.

(b) After the declaration for a leasehold planned community is recorded, neither the lessor nor his successor in interest may terminate the leasehold interest of a lot owner who, after demand, makes timely payment of his share of the rent determined in proportion to his common expense liability and otherwise complies with all covenants which, if violated, would entitle the lessor to terminate the lease. A lot owner's leasehold interest is not affected by failure of any other person to pay rent or fulfill any other covenant.

(c) Acquisition of the leasehold interest of any lot owner by the owner of the reversion or remainder does not merge the leasehold and fee simple interests unless the leasehold interests of all lot owners subject to that reversion or remainder are acquired.

(d) If the expiration or termination of a lease decreases the number of lots in a planned community, the allocated interests shall be reallocated in accordance with G.S. 47E-1-107(a) as though those lots had been taken by eminent domain. Reallocations shall be confirmed by an amendment to the declaration prepared, executed, and recorded by the association.

"**§ 47E-2-107. Allocation of votes and common expense liabilities.**

(a) The declaration shall allocate a fraction or percentage of the common expenses of the association and a portion of the votes in the association to each lot in the planned community and state the formulas used to establish those allocations. Unless otherwise stated in the declaration, votes and common expenses shall be allocated equally among all lots. No allocation may discriminate in favor of lots owned by the declarant or an affiliate of the declarant.

(b) If lots may be added to or withdrawn from the planned community, the declaration shall state the formulas to be used to reallocate the allocated interests among all lots included in the planned community after the addition or withdrawal.

(c) The declaration may provide: (i) that different allocations of votes shall be made to the lots on particular matters specified in the declaration; (ii) for cumulative voting only for the purpose of electing members of the executive board; and (iii) for class voting on specified issues affecting the class if necessary to protect valid interests of the class. No declarant or affiliate of the declarant may utilize cumulative or class voting for the purpose of evading any limitation imposed on declarants or affiliates of declarants by this act, nor may lots constitute a class because they are owned by a declarant or an affiliate of the declarant.

(d) Except for minor variations due to rounding, the sum of the common expense liabilities allocated at any time to all the lots shall equal one if stated as a fraction or one hundred percent (100%) if stated as a percentage. In the event of a discrepancy between an allocated interest and the result derived from application of the pertinent formula, the allocated interest prevails.

"**§ 47E-2-108. Limited common elements.**

(a) Except for the limited common elements described in G.S. 47E-2-104(b), the declaration shall specify to which lot or lots each limited common element is allocated. That allocation may not be altered without the unanimous consent of the lot owners whose lots are affected.

(b) Except as the declaration otherwise provides, a limited common element may be reallocated by an amendment to the declaration executed by all the lot owners between or among whose lots the reallocation is made. The lot owners executing the amendment shall provide an original in recordable form with sufficient recording fees to the association, which shall record it. The amendment shall be recorded in the names of the parties and the planned community.

(c) A common element not previously allocated as a limited common element may not be so allocated except by unanimous consent or pursuant to provisions in the declaration made in accordance with G.S. 47E-2-105(a)(5). All such allocations shall be made by amendments to the declaration and shall become effective in accordance with G.S. 47E-2-117(c).

"**§ 47E-2-109. Plats.**

(a) Plats are a part of the declaration and shall be recorded by the declarant. Each plat shall be clear and legible and contain a certification by a land surveyor or engineer registered under the provisions of Chapter 89C of the General Statutes that the plat contains all information required by this section.

(b) Each plat shall show:

(1) The name and a survey or general schematic map of the entire planned community;

(2) The location and dimensions of all real estate not subject to development rights, or subject only to the development right to withdraw, and the location and dimensions of all existing improvements within that real estate;

(3) The location and dimensions of any real estate subject to development rights, labeled to identify the rights applicable to each parcel;

(4) The extent of any encroachments by or upon any portion of the planned community;

(5) The location and dimensions of all easements having specific location and dimensions and serving and burdening any portion of the planned community;

(6) The location and dimensions of any lot boundaries and that lot's identifying number;

(7) A legally sufficient description of any real estate in which the lot owners will own only an estate for years, labeled as 'leasehold real estate';

(8) The distance between noncontiguous parcels of real estate comprising the planned community; and

(9) The location and dimensions of limited common elements provided for in the declaration pursuant to G.S. 47E-2-105(a)(4) and (5) but not including parking spaces or the other limited common elements described in G.S. 47E-2-104(b).

(c) A plat may also show the intended location and dimensions of any contemplated improvement to be constructed anywhere within the planned community. Any contemplated improvement shown shall be labeled either 'MUST BE BUILT' or 'NEED NOT BE BUILT'.

(d) Upon exercising any development right, the declarant shall record new plats necessary to conform to the requirements of subsections (a), (b), and (c) of this section.

"**§ 47E-2-110. Development rights.**

(a) To exercise any development right reserved under G.S. 47E-2-105(a)(6), the declarant shall record an amendment to the declaration (G.S. 47E-2-117) and comply with G.S. 47E-2-109. The declarant is the owner of any lots thereby created. The amendment to the declaration shall assign an identifying number to each new lot created, and except in the case of subdivision or conversion of lots described in subsection (c) of this section, reallocate the allocated interests among all lots. The amendment shall describe any common elements and any limited common elements thereby created and, in the case of limited common elements, designate the lots to which each is allocated to the extent required by G.S. 47E-2-108 (Limited common elements).

(b) Development rights may be reserved within any real estate added to the planned community if the amendment adding that real estate includes all matters required by, and is in compliance with, G.S. 47E-2-105 and also if the plats include all matters required by G.S. 47E-2-109. This provision does not extend the time limit on the exercise of development rights imposed by the declaration pursuant to G.S. 47E-2-105(a)(6).

(c) Whenever a declarant exercises a development right to subdivide or convert a lot previously created into additional lots, common elements, or both:

(1) If the declarant converts the lot entirely to common elements, the amendment to the declaration shall reallocate all the allocated interests of that lot among the other lots as if that lot had been taken by eminent domain; or

(2) If the declarant subdivides the lot into two or more lots, whether or not any part of the lot is converted into common elements, the amendments to the declaration shall reallocate all the allocated interests of the lot among the lots created by the subdivision in any reasonable manner prescribed by the declarant.

(d) If the declaration provides, pursuant to G.S. 47E-2-105(a)(6), that all or a portion of the real estate is subject to the development right of withdrawal:

(1) If all the real estate is subject to withdrawal, and the declaration does not describe separate portions of real estate subject to that right, none of the real estate may be withdrawn after a lot has been conveyed to a purchaser; and

(2) If a portion or portions are subject to withdrawal, no portion may be withdrawn after a lot in that portion has been conveyed to a purchaser.

(e) Any portion of the common elements for which the declarant has reserved any development rights shall be separately taxed and assessed against the declarant, and the declarant alone is liable for payment of those taxes.

"§ 47E-2-111. Alterations of lots.

Subject to the provisions of the declaration and other provisions of law, a lot owner:

(1) May make any improvements or alterations to his lot that do not impair the structural integrity or mechanical systems or lessen the support of any other portion of the planned community;

(2) May not change the appearance of the common elements, without permission of the association; and

(3) After acquiring an adjoining lot or an adjoining part of an adjoining lot, may remove or alter any intervening partition or create apertures therein if those acts do not impair the structural integrity or mechanical systems or lessen the support of any other portion of the planned community. Removal of partitions or creation of apertures under this subdivision is not an alteration of boundaries.

"§ 47E-2-112: Reserved.

"§ 47E-2-113. Subdivision of lots.

(a) If the declaration expressly so permits, a lot may be subdivided. Subject to the provisions of the declaration and other provisions of law, upon application of a lot owner to subdivide a lot, the association shall prepare, execute, and record an amendment to the declaration, including the plats, subdividing that lot. All expenses

incurred in connection with the subdivision of a lot shall be paid in advance to the association by the lot owner requesting that the lot be subdivided.

(b) The amendment to the declaration shall be executed by the owner of the lot to be subdivided, shall assign an identifying number to each lot created, and shall reallocate the allocated interests formerly allocated to the subdivided lot to the new lots in any reasonable manner prescribed by the owner of the subdivided lot.

"**§ 47E-2-114: Reserved.**

"**§ 47E-2-115. Use for sale purposes.**

A declarant may maintain sales offices, management offices, and models on lots or on common elements in the planned community only if the declaration so provides and specifies the rights of a declarant with regard to the number, size, location, and relation thereof. Subject to any limitations in the declaration, a declarant may maintain signs on the common elements advertising the planned community. The provisions of this section are subject to the provisions of other State law, and to local ordinances.

"**§ 47E-2-116. Easement rights.**

(a) Subject to the provisions of G.S. 47E-3-112, (Alienation of common elements) the unit owners have an easement (i) in the common elements for purposes of access to their lots and (ii) to use the common elements and all real estate which must become common elements (G.S. 47E-2-105(a)(4)) for all other purposes, except as otherwise provided in this act.

(b) Subject to the provisions of the declaration, a declarant has an easement through the common elements as may be reasonably necessary for the purpose of discharging a declarant's obligations or exercising special declarant rights, whether arising under this act or reserved in the declaration.

"**§ 47E-2-117. Amendment of declaration.**

(a) Except in cases of amendments that may be executed by a declarant under G.S. 47E-2-109(d) or G.S. 47E-2-110; by the association under G.S. 47E-1-107, 47E-2-106(d), 47E-2-108(c), or 47E-2-113(a); or by certain lot owners under G.S. 47E-2-108(b), 47E-2-113(b), or 47E-2-118(b), and except as limited by subsection (d) of this section, the declaration may be amended only by affirmative vote or written agreement signed by lot owners of lots to which at least sixty-seven percent (67%) of the votes in the association are allocated, or any larger majority the declaration specifies. The declaration may specify a smaller number only if all of the lots are restricted exclusively to nonresidential use.

(b) No action to challenge the validity of an amendment adopted pursuant to this section may be brought more than one year after the amendment is recorded.

(c) Every amendment to the declaration shall be recorded in every county in which any portion of the planned community is located and is effective only upon recordation. An amendment shall be indexed in the Grantee index in the name of the planned community and the association and in the Grantor index in the name of each person executing the amendment.

(d) Except to the extent expressly permitted or required by other provisions of this act, no amendment may create or increase the special declarant rights, increase

the number of lots, change the boundaries of any lot, the allocated interests of a lot, or the uses to which any lot is restricted, in the absence of unanimous consent of the lot owners.

(e) Amendments to the declaration required by this act to be recorded by the association shall be prepared, executed, recorded, and certified on behalf of the association by any officer of the association designated for that purpose or, in the absence of designation, by the president of the association.

"§ 47E-2-118. Termination of planned community.

(a) Except in the case of taking of all the lots by eminent domain (G.S. 47E-1-107), a planned community may be terminated only by agreement of lot owners of lots to which at least eighty percent (80%) of the votes in the association are allocated, or any larger percentage the declaration specifies. The declaration may specify a smaller percentage only if all of the lots in the planned community are restricted exclusively to nonresidential uses.

(b) An agreement to terminate shall be evidenced by the execution of a termination agreement, or ratifications thereof, in the same manner as a deed, by the requisite number of lot owners. The termination agreement shall specify a date after which the agreement will be void unless it is recorded before that date. A termination agreement and all ratifications thereof shall be recorded in every county in which a portion of the planned community is situated and is effective only upon recordation.

(c) A termination agreement may provide for sale of the common elements, but may not require that the lots be sold following termination, unless the declaration as originally recorded provided otherwise or unless all the lot owners consent to the sale. If, pursuant to the agreement, any real estate in the planned community is to be sold following termination, the termination agreement shall set forth the minimum terms of the sale.

(d) The association, on behalf of the lot owners, may contract for the sale of real estate in the planned community, but the contract is not binding until approved pursuant to subsections (a) and (b) of this section. Until the sale has been concluded and the proceeds thereof distributed, the association continues in existence with all powers it had before termination. Proceeds of the sale shall be distributed to lot owners and lien holders as their interests may appear, as provided in the termination agreement.

(e) If the real estate constituting the planned community is not to be sold following termination, title to the common elements vests in the lot owners upon termination as tenants in common in proportion to their respective interests as provided in the termination agreement.

(f) Following termination of the planned community, the proceeds of any sale of real estate, together with the assets of the association, are held by the association as trustee for lot owners and holders of liens on the lots as their interests may appear. All other creditors of the association are to be treated as if they had perfected liens on the common elements immediately before termination.

(g) If the termination agreement does not provide for the distribution of sales proceeds pursuant to subsection (d) of this section or the vesting of title pursuant to subsection (e) of this section, sales proceeds shall be distributed and title shall vest in accordance with each lot owner's allocated share of common expense liability.

(h) Except as provided in subsection (i) of this section, foreclosure or enforcement of a lien or encumbrance against the common elements does not of itself terminate the planned community, and foreclosure or enforcement of a lien or encumbrance against a portion of the common elements other than withdrawable real estate does not withdraw that portion from the planned community. Foreclosure or enforcement of a lien or encumbrance against withdrawable real estate does not of itself withdraw that real estate from the planned community, but the person taking title thereto has the right to require from the association, upon request, an amendment excluding the real estate from the planned community.

(i) If a lien or encumbrance against a portion of the real estate comprising the planned community has priority over the declaration and the lien or encumbrance has not been partially released, the parties foreclosing the lien or encumbrance may, upon foreclosure, record an instrument excluding the real estate subject to that lien or encumbrance from the planned community.

"**§ 47E-2-119: Reserved.**

"**§ 47E-2-120. Master associations.**

(a) If the declaration for a planned community provides that any of the powers described in G.S. 47E-3-102 are to be exercised by or may be delegated to a profit or nonprofit corporation which exercises those or other powers on behalf of one or more other planned communities or for the benefit of the lot owners of one or more other planned communities, all provisions of this act applicable to lot owners' associations apply to any such corporation, except as modified by this section.

(b) Unless a master association is acting in the capacity of an association described in G.S. 47E-3-101, it may exercise the powers set forth in G.S. 47E-3-102(a)(2) only to the extent expressly permitted in the declarations of the planned communities which are part of the master association or expressly described in the delegations of power from those planned communities to the master association.

(c) If the declaration of any planned community provides that the executive board may delegate certain powers to a master association, the members of the executive board have no liability for the acts or omissions of the master association with respect to those powers following delegation.

(d) The rights and responsibilities of lot owners with respect to the lot owners' association set forth in G.S. 47E-3-103, 47E-3-108, 47E-3-109, 47E-3-110, and 47E-3-112, apply in the conduct of the affairs of a master association only to those persons who elect the board of a master association, whether or not those persons are otherwise lot owners within the meaning of this act.

(e) Notwithstanding the provisions of G.S. 47E-3-103(f) with respect to the election of the executive board of an association by all lot owners after the period of declarant control ends, and even if a master association is also an association described in G.S. 47E-3-101, the articles of incorporation of the master association

and the declaration of each planned community, the powers of which are assigned by the declaration or delegated to the master association, may provide that the executive board of the master association shall be elected after the period of declarant control in any of the following ways:

(1) All lot owners of all planned communities subject to the master association may elect all members of that executive board.

(2) All members of the executive boards of all planned communities subject to the master association may elect all members of that executive board.

(3) All lot owners of each planned community subject to the master association may elect specified members of that executive board.

(4) All members of the executive board of each planned community subject to the master association may elect specified members of that executive board.

"§ 47E-2-121. Merger of consolidation of planned communities.

(a) Any two or more planned communities, by agreement of the lot owners as provided in subsection (b) of this section, may be merged or consolidated into a single planned community. In the event of a merger or consolidation, unless the agreement otherwise provides, the resultant planned community is, for all purposes, the legal successor of all of the preexisting planned communities, and the operations and activities of all associations of the preexisting planned communities shall be merged or consolidated into a single association which shall hold all powers, rights, obligations, assets, and liabilities of all preexisting associations.

(b) An agreement of two or more planned communities to merge or consolidate pursuant to subsection (a) of this section shall be evidenced by the president of the association of each of the preexisting planned communities following approval by owners of lots to which are allocated the percentage of votes in each planned community required to terminate that planned community. Any such agreement shall be recorded in every county in which a portion of the planned community is located and is not effective until recorded.

(c) Every merger or consolidation agreement shall provide for the reallocation of the allocated interests in the new association among the lots of the resultant planned community either (i) by stating the reallocations or the formulas upon which they are based or (ii) by stating the percentage of overall common expense liabilities and votes in the new association which are allocated to all of the lots comprising each of the preexisting planned communities, and providing that the portion of the percentages allocated to each lot formerly comprising a part of the preexisting planned community shall be equal to the percentages of common expense liabilities and votes in the association allocated to that lot by the declaration of the preexisting planned community.

"§ 47E-2-122. Addition of unspecified real estate.

If the right is originally reserved in the declaration, the declarant may, in addition to any other development right, amend the declaration at any time during as many years as are specified in the declaration to add additional real estate to the planned

community without describing the location of that real estate in the original declaration; provided, that the amount of real estate added to the planned community pursuant to this section may not exceed ten percent (10%) of the real estate described in G.S. 47E-2-105(a)(3), and provided further, that the declarant may not in any event increase the number of lots in the planned community beyond the number stated in the original declaration pursuant to G.S. 47E-2-105(a)(5).

"ARTICLE 3.

"Management of Planned Community.

"§ 47E-3-101. Organization of owners' association.

A lot owners' association shall be incorporated no later than the date the first lot in the planned community is conveyed. The membership of the association at all times shall consist exclusively of all the lot owners or, following termination of the planned community, of all persons entitled to distributions of proceeds under G.S. 47E-2-118. The association shall be organized as a profit or nonprofit corporation.

"§ 47E-3-102. Powers of owners' association.

(a) Subject to the provisions of the declaration, the association may:

(1) Adopt and amend bylaws and rules and regulations;

(2) Adopt and amend budgets for revenues, expenditures, and reserves and collect assessments for common expenses from lot owners;

(3) Hire and discharge managing agents and other employees, agents, and independent contractors;

(4) Institute, defend, or intervene in litigation or administrative proceedings on matters affecting the planned community;

(5) Make contracts and incur liabilities;

(6) Regulate the use, maintenance, repair, replacement, and modification of common elements;

(7) Cause additional improvements to be made as a part of the common elements;

(8) Acquire, hold, encumber, and convey in its own name any right, title, or interest to real or personal property, provided that common elements may be conveyed or subjected to a security interest only pursuant to G.S. 47E-3-112;

(9) Grant easements, leases, licenses, and concessions through or over the common elements;

(10) Impose and receive any payments, fees, or charges for the use, rental, or operation of the common elements other than the limited common elements described in G.S. 47E-2-104(b) and for services provided to lot owners;

(11) Impose reasonable charges for late payment of assessments and, after notice and an opportunity to be heard, suspend privileges or services provided by the association (except rights of access to lots including those provided for in G.S. 47E-2-116(a)(i)) during any period that assessments or other amounts due and owing to the association remain unpaid for a period of 30 days or longer;

(12) After notice and an opportunity to be heard, impose reasonable fines or suspend privileges or services provided by the association (except rights of access to lots including those provided for in G.S. 47E-2-116(a)(i)) for reasonable periods for violations of the declaration, bylaws, and rules and regulations of the association;

(13) Impose reasonable charges in connection with the preparation and recordation of amendments to the declaration, initial sale certificates required by G.S. 47E-4-102, resale statements required by G.S. 47E-4-109, or statements of unpaid assessments;

(14) Provide for the indemnification of and maintain liability insurance for its officers, executive board, directors, employees, and agents;

(15) Assign its right to future income, including the right to receive common expense assessments;

(16) Exercise all other powers that may be exercised in this State by legal entities of the same type as the association; and

(17) Exercise any other powers necessary and proper for the governance and operation of the association.

(b) Notwithstanding subsection (a) of this section, the declaration may not impose limitations on the power of the association to deal with a declarant which are more restrictive than the limitations imposed on the power of the association to deal with other persons.

"**§ 47E-3-103. Executive board members and officers.**

(a) Except as provided in the declaration, in the bylaws, in subsection (b) of this section, or in other provisions of this act, the executive board may act in all instances on behalf of the association. In the performance of their duties, officers and members of the executive board shall be deemed to stand in a fiduciary relationship to the association and the lot owners and shall discharge their duties in good faith, and with that diligence and care which ordinarily prudent men would exercise under similar circumstances in like positions.

(b) The executive board may not act on behalf of the association to amend the declaration (G.S. 47E-2-117), to terminate the planned community (G.S. 47E-2-118), or to elect members of the executive board or determine the qualifications, powers and duties, or terms of office of executive board members (G.S. 47E-3-103(f)), but the executive board may fill vacancies in its membership for the unexpired portion of any term. Notwithstanding any provision of the declaration or bylaws to the contrary, the lot owners, by a sixty-seven percent (67%) vote of all persons present and entitled to vote at any meeting of the lot owners at which a quorum is present, may remove any member of the executive board with or without cause, other than a member appointed by the declarant.

(c) Within 30 days after adoption of any proposed budget for the planned community, the executive board shall provide a summary of the budget to all the lot owners and shall set a date for a meeting of the lot owners to consider ratification of the budget not less than 14 nor more than 30 days after mailing of the summary. There shall be no requirement that a quorum be present at the meeting. The budget

is ratified unless at that meeting a majority of all the lot owners in the association or any larger vote specified in the declaration rejects the budget. In the event the proposed budget is rejected, the periodic budget last ratified by the lot owners shall be continued until such time as the lot owners ratify a subsequent budget proposed by the executive board.

(d) Subject to subsection (e) of this section, the declaration may provide for a period of declarant control of the association, during which period a declarant, or persons designated by him, may appoint and remove the officers and members of the executive board. Regardless of the period provided in the declaration, a period of declarant control terminates no later than the earlier of: (i) 120 days after conveyance of seventy-five percent (75%) of the lots (including lots which may be created pursuant to special declarant rights) to lot owners other than a declarant; (ii) two years after all declarants have ceased to offer lots for sale in the ordinary course of business; or (iii) two years after any development right to add new lots was last exercised. A declarant may voluntarily surrender the right to appoint and remove officers and members of the executive board before termination of that period, but in that event he may require, for the duration of the period of declarant control, that specified actions of the association or executive board, as described in a recorded instrument executed by the declarant, be approved by the declarant before they become effective.

(e) Not later than 60 days after conveyance of twenty-five percent (25%) of the lots (including lots which may be created pursuant to special declarant rights) to lot owners other than a declarant, at least one member and not less than twenty-five percent (25%) of the members of the executive board shall be elected by lot owners other than the declarant. Not later than 60 days after conveyance of fifty percent (50%) of the lots (including lots which may be created pursuant to special declarant rights) to lot owners other than a declarant, not less than thirty-three percent (33%) of the members of the executive board shall be elected by lot owners other than the declarant.

(f) Not later than the termination of any period of declarant control, the lot owners shall elect an executive board of at least three members, at least a majority of whom shall be lot owners. The executive board shall elect the officers. The executive board members and officers shall take office upon election.

"**§ 47E-3-104. Transfer of special declarant rights.**

(a) No special declarant right (G.S. 47E-1-103(28)) created or reserved under this act may be transferred except by an instrument evidencing the transfer recorded in every county in which any portion of the planned community is located. The instrument is not effective unless executed by the transferee.

(b) Upon transfer of any special declarant right, the liability of a transferor declarant is as follows:

(1) A transferor is not relieved of any obligation or liability arising before the transfer, including, but not limited to, liability as to obligations related to warranties. Lack of privity does not deprive

any lot owner of standing to maintain an action to enforce any obligation of the transferor.

(2) If a successor to any special declarant right is an affiliate of a declarant (G.S. 47E-1-103(1)), the transferor is jointly and severally liable with the successor for any obligation or liability of the successor which relates to the planned community.

(3) If a transferor retains any special declarant right, but transfers other special declarant rights to a successor who is not an affiliate of the declarant, the transferor is liable for any obligations or liabilities imposed on a declarant by this act or by the declaration relating to the retained special declarant rights and arising after the transfer.

(4) A transferor has no liability for any act or omission or any breach of a contractual or warranty obligation arising from the exercise of a special declarant right by a successor declarant who is not an affiliate of the transferor.

(c) Unless otherwise provided in a mortgage instrument or deed of trust, in case of foreclosure of a mortgage, tax sale, judicial sale, sale by a trustee under a deed of trust, or sale under Bankruptcy Code or receivership proceedings, of any lots owned by a declarant or real estate in a planned community subject to development rights, a person acquiring title to all the real estate being foreclosed or sold, but only upon his request, succeeds to all special declarant, or only to any rights reserved in the declaration and held by that declarant to maintain models, sales offices, and signs. The judgment or instrument conveying title shall provide for transfer of only the special declarant rights requested.

(d) Upon foreclosure, tax sale, judicial sale, sale by a trustee under a deed of trust, or sale under Bankruptcy Code or receivership proceedings, of all lots and other real estate in a planned community owned by a declarant, the declarant ceases to have any special declarant rights.

(e) The liabilities and obligations of a person who succeeds to special declarant rights are as follows:

(1) A successor to any special declarant right who is an affiliate of a declarant is subject to all obligations and liabilities imposed on the transferor related to the planned community.

(2) A successor to any special declarant right, other than a successor described in subdivision (3) or (4) of this subsection, who is not an affiliate of a declarant, is subject to all obligations and liabilities imposed:

a. On a declarant which relate to his exercise or nonexercise of special declarant rights; or

b. On his transferor, other than:

1. Misrepresentations by any prior declarant;

2. Warranty obligations on improvements made by any previous declarant, or made before the planned community was created;
3. Breach of any fiduciary obligation by any previous declarant or his appointees to the executive board; or
4. Any liability or obligation imposed on the transferor as a result of the transferor's acts or omissions after the transfer.

(3) A successor to only a right reserved in the declaration to maintain models, sales offices, and signs (G.S. 47E-2-115), if he is not an affiliate of a declarant, may not exercise any other special declarant right, and is not subject to any liability or obligation as a declarant, except the obligation to provide an initial sale certificate, and any liability arising as a result thereof.

(4) A successor to all special declarant rights held by his transferor who is not an affiliate of that declarant and who succeeded to those rights pursuant to a deed in lieu of foreclosure or a judgment or instrument conveying title to lots under subsection (c) of this section, may declare his intention in a recorded instrument to hold those rights solely for transfer to another person. Thereafter, until transferring all special declarant rights to any person acquiring title to any lot owned by the successor, or until recording an instrument permitting exercise of all of those rights, other than any right held by his transferor to control the executive board in accordance with the provisions of G.S. 47E-3-103(d) for the duration of any period of declarant control, any attempted exercise of those rights is void. So long as a successor declarant may not exercise special declarant rights under this subsection, he is not subject to any liability or obligation as a declarant other than liability for his acts and omissions under G.S. 47E-3-103(d).

"**§ 47E-3-105. Termination of contracts and leases of declarant.**

If entered into before the executive board elected by the lot owners pursuant to G.S. 47E-3-103(f) takes office, (i) any management contract, employment contract, or lease of recreational or parking areas or facilities affecting or related to the planned community, (ii) any other contract or lease between the association and a declarant or an affiliate of a declarant, or (iii) any contract or lease affecting or related to the planned community that is not bona fide or was unconscionable to the lot owners at the time entered into under the circumstances then prevailing, may be terminated without penalty by the association at any time after the executive board elected by the lot owners pursuant to G.S. 47E-3-103(f) takes office upon not less than 90 days notice to the other party. Notice of the substance of the provisions of this section shall be set out in each contract entered into by or on behalf of the association before the executive board elected by the lot owners pursuant to G.S. 47E-3-103(f) takes office. Failure of the contract to contain such a provision shall not affect the rights of

the association under this section. This section does not apply to any lease, the termination of which would terminate the planned community or reduce its size, unless the real estate subject to that lease was included in the planned community for the purpose of avoiding the right of the association to terminate a lease under this section.

"§ 47E-3-106. Bylaws.

(a) The bylaws of the association shall provide for:

(1) The number of members of the executive board and the titles of the officers of the association;

(2) Election by the executive board of officers of the association;

(3) The qualifications, powers and duties, terms of office, and manner of electing and removing executive board members and officers and filling vacancies;

(4) Which, if any, of its powers the executive board or officers may delegate to other persons or to a managing agent;

(5) Which of its officers may prepare, execute, certify, and record amendments to the declaration on behalf of the association; and

(6) The method of amending the bylaws.

(b) The bylaws may provide for any other matters the association deems necessary and appropriate.

"§ 47E-3-107. Upkeep of planned community; responsibility and assessments for damages.

(a) Except as otherwise provided in the declaration, G.S. 47E-3-113(h) or subsection (b) of this section, the association is responsible for causing the common elements to be maintained, repaired, and replaced when necessary and to assess the lot owners as necessary to recover the costs of such maintenance, repair, or replacement except that the costs of maintenance, repair or replacement of a limited common element shall be assessed as provided in G.S. 47E-3-115(c)(1). Except as otherwise provided in the declaration, each lot owner is responsible for the maintenance and repair of his lot and any improvements thereon. Each lot owner shall afford to the association and when necessary to another lot owner access through his lot reasonably necessary for any such maintenance, repair or replacement activity.

(b) If a lot owner is legally responsible for damage inflicted on any common element, the association may direct such lot owner to repair such damage or the association may itself cause the repairs to be made and recover damages from the responsible lot owner.

(c) If damage is inflicted on any lot by an agent of the association in the scope of his activities as such agent, the association is liable to repair such damage or to reimburse the lot owner for the cost of repairing such damages. The association shall also be liable for any losses to the lot owner.

(d) When the claim under subsection (b) or (c) of this section is less than or equal to the jurisdictional amount established for small claims by G.S. 7A-210, any aggrieved party may request that a hearing be held before an adjudicatory panel

appointed by the executive board to determine if a lot owner is responsible for damages to any common element or the association is responsible for damages to any lot. If the executive board fails to appoint an adjudicatory panel to hear such matters, hearings under this section shall be held before the executive board. Such panel shall accord to the party charged with causing damages notice of the charge, opportunity to be heard and to present evidence, and notice of the decision. This panel may assess liability for each damage incident against each lot owner charged or against the association not in excess of the jurisdictional amount established for small claims by G.S. 7A-210. When the claim under subsection (b) or (c) of this section exceeds the jurisdictional amount established for small claims by G.S. 7A-210, liability of any lot owner charged or the association shall be determined as otherwise provided by law. Liabilities of lot owners determined by adjudicatory hearing or as otherwise provided by law shall be assessments secured by lien under G.S. 47E-3-166. Liabilities of the association determined by adjudicatory hearing or as otherwise provided by law may be offset by the lot owner against sums owing to the association and if so offset, shall reduce the amount of any lien of the association against the lot at issue.

(e) The declarant alone is liable for maintenance, repair, and all other expenses in connection with real estate subject to development rights.

"**§ 47E-3-107A. Procedures for fines and suspension of planned community privileges or services.**

Unless a specific procedure for the imposition of fines or suspension of planned community privileges or services is provided for in the declaration, a hearing shall be held before an adjudicatory panel appointed by the executive board to determine if any lot owner should be fined or if planned community privileges or services should be suspended pursuant to the powers granted to the association in G.S. 47E-3-102(11) and (12). If the executive board fails to appoint an adjudicatory panel to hear such matters, hearings under this section shall be held before the executive board. The lot owner charged shall be given notice of the charge, opportunity to be heard and to present evidence, and notice of the decision. If it is decided that a fine should be imposed, a fine not to exceed one hundred fifty dollars ($150.00) may be imposed for the violation and without further hearing, for each day after the decision that the violation occurs. Such fines shall be assessments secured by liens under G.S. 47E-3-116. If it is decided that a suspension of planned community privileges or services should be imposed, the suspension may be continued without further hearing until the violation or delinquency is cured.

"**§ 47E-3-108. Meetings.**

A meeting of the association shall be held at least once each year. Special meetings of the association may be called by the president, a majority of the executive board, or by lot owners having twenty percent (20%), or any lower percentage specified in the bylaws, of the votes in the association. Not less than 10 nor more than 50 days in advance of any meeting, the secretary or other officer specified in the bylaws shall cause notice to be hand-delivered or sent prepaid by United States mail to the mailing address of each lot or to any other mailing address designated in

writing by the lot owner. The notice of any meeting shall state the time and place of the meeting and the items on the agenda, including the general nature of any proposed amendment to the declaration or bylaws, any budget changes, and any proposal to remove a director or officer.

"§ 47E-3-109. Quorums.

(a) Unless the bylaws provide otherwise , a quorum is present throughout any meeting of the association if persons entitled to cast twenty percent (20%) of the votes which may be cast for election of the executive board are present in person or by proxy at the beginning of the meeting.

(b) Unless the bylaws specify a larger percentage, a quorum is deemed present throughout any meeting of the executive board if persons entitled to cast fifty percent (50%) of the votes on that board are present at the beginning of the meeting.

"§ 47E-3-110. Voting; proxies.

(a) If only one of the multiple owners of a lot is present at a meeting of the association, he is entitled to cast all the votes allocated to that lot. If more than one of the multiple owners are present, the votes allocated to that lot may be cast only in accordance with the agreement of a majority in interest of the multiple owners, unless the declaration or bylaws expressly provides otherwise. Majority agreement is conclusively presumed if any one of the multiple owners casts the votes allocated to that lot without protest being made promptly to the person presiding over the meeting by any of the other owners of the lot.

(b) Votes allocated to a lot may be cast pursuant to a proxy duly executed by a lot owner. If a lot is owned by more than one person, each owner of the lot may vote or register protest to the casting of votes by the other owners of the lot through a duly executed proxy. A lot owner may not revoke a proxy given pursuant to this section except by actual notice of revocation to the person presiding over a meeting of the association. A proxy is void if it is not dated. A proxy terminates one year after its date, unless it specifies a shorter term.

(c) If the declaration requires that votes on specified matters affecting the planned community be cast by lessees rather than lot owners of leased lots, (i) the provisions of subsections (a) and (b) of this section apply to lessees as if they were lot owners; (ii) lot owners who have leased their lots to other persons may not cast votes on those specified matters; and (iii) lessees are entitled to notice of meetings, access to records, and other rights respecting those matters as if they were lot owners. Lot owners shall also be given notice, in the manner provided in G.S. 47E-3-108, of all meetings at which lessees may be entitled to vote.

(d) No votes allocated to a lot owned by the association may be cast.

(e) The declaration may provide that on specified issues only a defined subgroup of lot owners may vote provided;

(1) The issue being voted is of special interest solely to the members of the subgroup; and

(2) All except de minimis cost that will be incurred based on the vote taken will be assessed solely against those lot owners entitled to vote.

(f) For purposes of subdivision(e)(1) above, an issue to be voted on is not a special interest solely to a subgroup if it substantially affects the overall appearance of the planned community or substantially affects living conditions of lot owners not included in the voting subgroup.

"**§ 47E-3-111. Tort and contract liability.**

(a) Neither the association nor any lot owner except the declarant is liable for that declarant's torts in connection with any part of the planned community which that declarant has the responsibility to maintain.

(b) An action alleging a wrong done by the association shall be brought against the association and not against a lot owner.

(c) If an action is brought against the association for a wrong which occurred during any period of declarant control, and if the association gives the declarant who then controlled the association reasonable notice of and an opportunity to defend against the action, such declarant is liable to the association:

(1) For all tort losses suffered by the association or that lot owner, and

(2) For all losses which the association would not have incurred but for breach of contract.

Nothing in this subsection shall be construed to impose strict or absolute liability upon the declarant for wrongs or actions which occurred during the period of declarant control.

(d) In any case where the declarant is liable to the association under this section, the declarant is also liable for all litigation expenses, including reasonable attorneys' fees, incurred by the association. Any statute of limitation affecting the association's right of action under this section is tolled until the period of declarant control terminates. A lot owner is not precluded from bringing an action contemplated by this section because he is a lot owner or a member or officer of the association.

"**§ 47E-3-112. Conveyance or encumbrance of common elements.**

(a) Portions of the common elements may be conveyed or subjected to a security interest by the association if persons entitled to cast at least eighty percent (80%) of the votes in the association, including eighty percent (80%) of the votes allocated to lots not owned by a declarant, or any larger percentage the declaration specifies, agree in writing to that action; provided that all the owners of lots to which any limited common element is allocated shall agree in order to convey that limited common element or subject it to a security interest. The declaration may specify a smaller percentage only if all the lots are restricted exclusively to nonresidential uses. Distribution of proceeds of the sale of a limited common element shall be as provided by agreement between the lot owners to which it is allocated and the association. Proceeds of the sale or financing of a common element (other than a limited common element) shall be an asset of the association.

(b) The association, on behalf of the lot owners, may contract to convey common elements or subject them to a security interest, but the contract is not enforceable against the association until approved pursuant to subsection (a) of this section. Thereafter, the association has all powers necessary and appropriate to effect the conveyance or encumbrance, free and clear of any interest of any lot owner or the

association in or to the common element conveyed or encumbered, including the power to execute deeds or other instruments.

(c) Any purported conveyance, encumbrance, or other voluntary transfer of common elements, unless made pursuant to this section is void.

(d) No conveyance or encumbrance of common elements pursuant to this section may deprive any lot of its rights of access and support.

"**§ 47E-3-113. Insurance.**

(a) Commencing not later than the time of the first conveyance of a lot to a person other than a declarant, the association shall maintain, to the extent reasonably available:

(1) Property insurance on the common elements insuring against all risks of direct physical loss commonly insured against including fire and extended coverage perils. The total amount of insurance after application of any deductibles shall be not less than eighty percent (80%) of the replacement cost of the insured property at the time the insurance is purchased and at each renewal date, exclusive of land, excavations, foundations, and other items normally excluded from property policies; and

(2) Liability insurance in reasonable amounts, covering all occurrences commonly insured against for death, bodily injury, and property damage arising out of or in connection with the use, ownership, or maintenance of the common elements.

(b) If the insurance described in subsection (a) of this section is not reasonably available, the association promptly shall cause notice of that fact to be hand-delivered or sent prepaid by United States mail to all lot owners. The declaration may require the association to carry any other insurance, and the association in any event may carry any other insurance it deems appropriate to protect the association or the lot owners.

(c) Insurance policies carried pursuant to subsection (a) of this section shall provide that:

(1) Each lot owner is an insured person under the policy to the extent of his insurable interest;

(2) The insurer waives its right to subrogation under the policy against any lot owner or member of his household;

(3) No act or omission by any lot owner, unless acting within the scope of his authority on behalf of the association, will preclude recovery under the policy; and

(4) If, at the time of a loss under the policy, there is other insurance in the name of a lot owner covering the same risk covered by the policy, the association's policy provides primary insurance.

(d) Any loss covered by the property policy under subdivision (a)(1) of this section shall be adjusted with the association, but the insurance proceeds for that loss are payable to any insurance trustee designated for that purpose, or otherwise to the association, and not to any mortgagee or beneficiary under a deed of trust. The

insurance trustee or the association shall hold any insurance proceeds in trust for lot owners and lien holders as their interests may appear. Subject to the provisions of subsection (h) of this section, the proceeds shall be disbursed first for the repair or restoration of the damaged property, and lot owners and lien holders are not entitled to receive payment of any portion of the proceeds unless there is a surplus of proceeds after the property has been completely repaired or restored, or the planned community is terminated.

(e) An insurance policy issued to the association does not prevent a lot owner from obtaining insurance for his own benefit.

(f) An insurer that has issued an insurance policy under this section shall issue certificates or memoranda of insurance to the association and, upon written request, to any lot owner, mortgagee, or beneficiary under a deed of trust. The insurer issuing the policy may not cancel or refuse to renew it until 30 days after notice of the proposed cancellation or nonrenewal has been mailed to the association, each lot owner and each mortgagee or beneficiary under a deed of trust to whom certificates or memoranda of insurance have been issued at their respective last known addresses.

(g) Any portion of the planned community for which insurance is required under subdivision (a)(1) of this section which is damaged or destroyed shall be repaired or replaced promptly by the association unless (i) the planned community is terminated, (ii) repair or replacement would be illegal under any State or local health or safety statute or ordinance, or (iii) the lot owners decide not to rebuild by an eighty percent (80%) vote, including one hundred percent (100%) approval of owners assigned to the limited common elements not to be rebuilt. The cost of repair or replacement in excess of insurance proceeds and reserves is a common expense. If the entire planned community is not repaired or replaced, (i) the insurance proceeds attributable to the damaged common elements shall be used to restore the damaged area to a condition compatible with the remainder of the planned community, (ii) the insurance proceeds attributable to limited common elements which are not rebuilt shall be distributed to the owners of the lots to which those limited common elements were allocated, or to lienholders, as their interests may appear, and (iii) the remainder of the proceeds shall be distributed to all the lot owners or lienholders, as their interests may appear, in proportion to the common expense liabilities of all the lots. Notwithstanding the provisions of this subsection, G.S. 47E-2-118 (termination of the planned community) governs the distribution of insurance proceeds if the planned community is terminated.

(h) The provisions of this section may be varied or waived in the case of a planned community all of whose lots are restricted to nonresidential use.

"**§ 47E-3-114. Surplus funds.**

Unless otherwise provided in the declaration, any surplus funds of the association remaining after payment of or provision for common expenses and any prepayment of reserves shall be paid to the lot owners in proportion to their common expense liabilities or credited to them to reduce their future common expense assessments.

"**§ 47E-3-115. Assessments for common expenses.**

(a) Until the association makes a common expense assessment, the declarant shall pay all common expenses. After any assessment has been made by the association, assessments thereafter shall be made at least annually.

(b) Except for assessments under subsections (c), (d), and (e) of this section, all common expenses shall be assessed against all the lots in accordance with the allocations set forth in the declaration pursuant to G.S. 47E-2-107(a). Any past due common expense assessment or installment thereof bears interest at the rate established by the association not exceeding eighteen percent (18%) per year.

(c) To the extent required by the declaration:

(1) Any common expense associated with the maintenance, repair, or replacement of a limited common element shall be assessed against the lots to which that limited common element is assigned, equally, or in any other proportion that the declaration provides;

(2) Any common expense or portion thereof benefiting fewer than all of the lots shall be assessed exclusively against the lots benefitted; and

(3) The costs of insurance shall be assessed in proportion to risk and the costs of utilities shall be assessed in proportion to usage.

(d) Assessments to pay a judgment against the association may be made only against the lots in the planned community at the time the judgment was entered, in proportion to their common expense liabilities.

(e) If any common expense is caused by the negligence or misconduct of any lot owner or occupant, the association may assess that expense exclusively against his lot.

(f) If common expense liabilities are reallocated, common expense assessments and any installment thereof not yet due shall be recalculated in accordance with the reallocated common expense liabilities.

"**§ 47E-3-116. Lien for assessments.**

(a) Any assessment levied against a lot remaining unpaid for a period of 30 days or longer shall constitute a lien on that lot when a claim of lien is filed of record in the office of the clerk of superior court of the county in which the lot is located in the manner provided herein. The association may foreclose the claim of lien in like manner as a mortgage on real estate under power of sale under Article 2A of Chapter 45 of the General Statutes. Unless the declaration otherwise provides, fees, charges, late charges, fines, interest, and other charges imposed pursuant to G.S. 47E-3-102, 47E-3-107, 47E-3-107A, and 47E-3-115 are enforceable as assessments under this section.

(b) The lien under this section is prior to all liens and encumbrances on a lot except (i) liens and encumbrances (specifically including but not limited to, a mortgage or deed of trust on the lot) recorded before the docketing of the claim of lien in the office of the clerk of superior court, and (ii) liens for real estate taxes and other governmental assessments and charges against the lot. This subsection does not affect the priority of mechanics' or materialmen's liens.

(c) A lien for unpaid assessments is extinguished unless proceedings to enforce the lien are instituted within three years after the docketing of the claim of lien in the office of the clerk of superior court.

(d) This section does not prohibit other actions to recover the sums for which subsection (a) of this section creates a lien or prohibit an association taking a deed in lieu of foreclosure.

(e) A judgment, decree, or order in any action brought under this section shall include costs and reasonable attorneys' fees for the prevailing party.

(f) Where the holder of a first mortgage or first deed of trust of record, or other purchaser of a lot obtains title to the lot as a result of foreclosure of a first mortgage or first deed of trust, such purchaser and its heirs, successors and assigns, shall not be liable for the assessments against such lot which became due prior to the acquisition of title to such lot by such purchaser. Such unpaid assessments shall be deemed to be common expenses collectible from all the lot owners including such purchaser, its heirs, successors and assigns.

(g) A claim of lien shall set forth the name and address of the association, the name of the record owner of the lot at the time the claim of lien is filed, a description of the lot and the amount of the lien claimed.

"**§ 47E-3-117: Reserved.**

"**§ 47E-3-118. Association records.**

(a) The association shall keep financial records sufficiently detailed to enable the association to comply with this act. All financial and other records shall be made reasonably available for examination by any lot owner and his authorized agents.

(b) The association, upon written request, shall furnish to a lot owner or his authorized agents a statement setting forth the amount of unpaid assessments and other charges against a lot. The statement shall be furnished within 10 business days after receipt of the request and is binding on the association, the executive board, and every lot owner.

"**§ 47E-3-119. Association as trustee.**

With respect to a third person dealing with the association in the association's capacity as a trustee under G.S. 47E-2-118 following termination or G.S. 47E-3-113 for insurance proceeds, the existence of trust powers and their proper exercise by the association may be assumed without inquiry. A third person is not bound to inquire whether the association has power to act as trustee or is properly exercising trust powers, and a third person, without actual knowledge that the association is exceeding or improperly exercising its powers, is fully protected in dealing with the association as if it possessed and properly exercised the powers it purports to exercise. A third person is not bound to assure the proper application of trust assets paid or delivered to the association in its capacity as trustee.

"ARTICLE 4.

"Protection of Purchasers.

"**§ 47E-4-101. Applicability and waiver.**

(a) This Article applies to all lots subject to this act, except as provided in subsection (b) of this section or as modified or waived by agreement of purchasers of lots in a planned community in which all lots are restricted to nonresidential use.

(b) Neither an initial sale certificate nor a resale statement need be prepared or delivered in the case of a disposition which is:

(1) Gratuitous;
(2) Pursuant to court order;
(3) By government or governmental agency;
(4) By foreclosure or deed in lieu of foreclosure;
(5) To a person in the business of selling real estate who intends to offer the lot or lots to purchasers; or
(6) Subject to cancellation at any time for any reason by the purchasers without penalty.

"**§ 47E-4-102. Initial seller disclosure requirements.**

Any initial seller shall furnish to a purchaser before execution of any contract for sale of a lot, or otherwise before conveyance, a copy of the declaration (other than the plats), the bylaws, the rules or regulations of the association, and an initial sale certificate containing and fully and accurately disclosing:

(1) A statement setting forth the amount and frequency of common expense assessments, other fees or charges payable by lot owners;
(2) A statement setting forth any unpaid common expense assessments, other fees or charges currently due and payable from the initial seller;
(3) A statement of any capital expenditures anticipated by the association for the current and two next succeeding fiscal years;
(4) A statement of the amount of any reserves for capital expenditures and of any portions of those reserves designated by the association for any specified projects;
(5) The most recent regularly prepared balance sheet and income and expense statement, if any, of the association;
(6) The current operating budget of the association; and
(7) Any services not reflected in the budget that the declarant provides, or expenses that he pays and that he expects may become at any subsequent time a common expense of the association and the projected common expense assessment attributable to each of those services or expenses for the association and for each type of lot.

The failure of an initial seller to comply with the requirements of this section shall not affect title to any lot transferred.

"**§§ 47E-4-103 to 47E-4-108:** Reserved.

"**§ 47E-4-109. Resales of lots.**

Except in the case of a sale subject to G.S. 47E-4-102 or unless exempt under G.S. 47E-4-101(b), a lot owner shall furnish to a prospective purchaser before conveyance

a statement setting forth the common expense assessment and any other fees payable by lot owners.

"**§ 47E-4-110: Reserved.**

"**§ 47E-4-111. Conveyances to the association.**

Before conveying real estate to the association, the declarant shall have that real estate released from all liens. Further, improvements on the real estate shall be substantially complete before the real estate is conveyed to the association or the declarant shall provide reasonable assurances and security for the completion of the improvements, independent of the declarant.

"**§§ 47E-4-112 to 47E-4-116: Reserved.**

"**§ 47E-4-117. Effect of violations on rights of action; attorneys' fees.**

If a declarant or any other person subject to this act fails to comply with any provision hereof or any provision of the declaration or bylaws, any person or class of persons adversely affected by the failure to comply has a claim for appropriate relief. The court may award reasonable attorneys' fees to the prevailing party.

"**§ 47E-4-118. Labeling of promotional material.**

If any improvement contemplated in a planned community is labeled 'NEED NOT BE BUILT' on a plat, or is to be located within a portion of the planned community with respect to which the declarant has reserved a development right, no promotional material may be displayed or delivered to prospective purchasers which describes or portrays that improvement unless the description or portrayal of the improvement in the promotional material is conspicuously labeled or identified as 'NEED NOT BE BUILT'.

"**§ 47E-4-119. Declarant's obligation to complete and restore.**

(a) The declarant shall complete all improvements labeled 'MUST BE BUILT' on plats prepared pursuant to G.S. 47E-2-109.

(b) The declarant is subject to liability for the prompt repair and restoration, to a condition compatible with the remainder of the planned community, of any portion of the planned community affected by the exercise of rights reserved pursuant to or created by G.S. 47E-2-110, 47E-2-111, 47E-2-113, 47E-2-115, or 47E-2-116.

"**§ 47E-4-120: Reserved.**"

A BILL TO BE ENTITLED

AN ACT TO REQUIRE MORE SPECIFIC DISCLOSURE OF LOBBYING.

The General Assembly of North Carolina enacts:

Section 1. G.S. 120-47.2 reads as rewritten:

"**§ 120-47.2. Registration procedure.**

(a) A lobbyist shall file a registration statement with the Secretary of State before engaging in any lobbying. A separate registration statement is required for each lobbyist's principal.

(b) The form of the registration shall be prescribed by the Secretary of State and shall include the registrant's full name, firm, and complete address; the registrant's place of business; the full name and complete address of each person by whom the registrant is employed or retained; ~~and a general description of the matters on which the registrant expects to act as a lobbyist.~~ a statement of the general issue areas in which the registrant expects to engage in lobbying on behalf of each principal; and the name of every political committee of which each principal is a parent entity under the provisions of G.S. 163-278.19.

(c) Each lobbyist shall register again with the Secretary of State no later than 10 days after any change in the information supplied in his last registration under subsection (b). Each supplementary registration shall include a complete statement of the information that has changed.

(d) Within 20 days after the convening of each session of the General Assembly, the Secretary of State shall furnish each member of the General Assembly and the State Legislative Library a list of all persons who have registered as lobbyists and

whom they represent. A supplemental list shall be furnished periodically each 20 days thereafter as the session progresses.

(e) Each registration statement required under this Article shall be effective from the date of filing until January 1 of the following odd-numbered year. The lobbyist shall file a new registration statement after that date, and the applicable fee shall be due and payable."

Section 2. G.S. 120-47.6 reads as rewritten:

"**§ 120-47.6. Statements of lobbyist's lobbying expenses and lobbying activities required.**

(a) Each lobbyist shall file an expense report and a report of lobbying activities with the Secretary of State with respect to each principal within 60 days after the last day of the regular session. ~~This expense report shall include all expenditures made between January 1 and the last day of the regular session. The lobbyist shall file a supplemental report including all expenditures made after the last day of the regular session, but during the calendar year, by February 28 of the following year. The lobbyist shall file both expense reports whether or not expenditures are made.~~

(b) The expense report shall include all expenditures made between January 1 and the last day of the regular session. The lobbyist shall file a supplemental report including all expenditures made after the last day of the regular session, but during the calendar year, by February 28 of the following year. The lobbyist shall file both expense reports whether or not expenditures are made. Each expense report shall set forth the date of each expenditure, to whom paid, the name of any legislator who benefitted from each expenditure, and the amount of each expenditure made during the previous reporting period in connection with lobbying, in each of the following categories: (1) transportation, (2) lodging, (3) entertainment, (4) food, (5) any item having a cash equivalent value of more than twenty-five dollars ($25.00) and (6) contributions made, paid, incurred or promised, directly or indirectly. It shall not be necessary to report expenditures of twenty-five dollars ($25.00) or less, nor shall it be necessary to report any expenditures made in connection with the attendance of a legislator at any fund-raising function or event sponsored by a nonprofit organization qualified under 26 U.S.C. § 501(c). When more than 10 members of the General Assembly benefitted or were invited to benefit from an expenditure, the lobbyist shall not be required to report the name of any legislator, but shall be required to report the number of legislators or, with particularity, the basis for their selection.

(b1) The report of lobbying activities shall cover the period between January 1 and the last day of the regular session. The lobbyist shall file a supplemental report covering all lobbying activities engaged in after the last day of the regular session, but during the calendar year, by February 28 of the following year. The lobbyist shall file both reports of lobbying activities, whether or not any lobbying occurred. The report of lobbying activities shall state the following:

(1) A list of the specific issues upon which that lobbyist engaged in lobbying, including, to the maximum extent practicable, a list of the bill numbers; and

(2) With regard to each specific issue, whether the lobbyist spent on that issue ten percent (10%) or more of the total time the lobbyist spent lobbying for the principal. For each issue on which the lobbyist spent approximately ten percent (10%) or more of the total time the lobbyist spent lobbying for the principal, the report shall further state the principal's position on the specific issue, including whether the principal supported or opposed specific legislation, identifying the legislation by bill number where possible, and any proposed amendments that the principal favored or opposed. The lobbyist may attach to the statement of lobbying activities a copy of correspondence or other documents setting forth the principal's position on the specific issue.

(c) All reports shall be in the form prescribed by the Secretary of State and shall be open to public inspection. The Secretary of State may combine the expense report and the lobbying activities report on a single form, or place them on separate forms.

(d) When a lobbyist fails to file a lobbying expense report or report of lobbying activities as required herein, the Secretary of State shall send a certified or registered letter advising the lobbyist of the delinquency and the penalties provided by law. Within 20 days of the receipt of the letter, the lobbyist shall deliver or post by United States mail to the Secretary of State the required report and an additional late filing fee of ten dollars ($10.00). Filing of the required report and payment of the additional fee within the time extended shall constitute compliance with this section. Failure to file ~~an expense~~ a report in one of the manners prescribed herein shall result in revocation of any and all registrations of a lobbyist under this Article. No lobbyist may register or reregister under this Article until he has fully complied with this section."

Section 3. G.S. 120-47.7 reads as rewritten:

"**§ 120-47.7. Statements ~~of~~ by lobbyist's principal of lobbying expenses and of lobbying activities required.**

MEMORANDUM

TO: Senator R. C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel

RE: **SENATE BILL 539 - LOBBYIST DISCLOSURE** - Senator Miller

Senate Bill 539 amends the lobbyist registration statutes to require lobbyists and the lobbyist's principal to include in their registration filings and expense reports information on the issues and bills they are interested in and will or have lobbied on. The bill also requires the lobbyist and the lobbyist's principal to identify any political action committees the lobbyist's principal is affiliated with.

Section 1 of the bill amends the registration procedures for lobbyists by requiring in addition to the information currently required, a statement of the general issue areas the lobbyist expects to lobby in on behalf of each principal the lobbyist works for. The lobbyist is also required to furnish the name of every political committee that the lobbyist's principal is the parent entity for under the election laws.

Section 2 amends the lobbyist expense reporting statute to include a report on lobbying activities. The lobbying activities are reported on the same schedule as the reports of expenses. The activity report should include a list of specific issues the lobbyist lobbied on, including bill numbers when possible. This report is also to report on issues that required 10% or more of a lobbyist's time by giving the principal's position on the specific issue, including support or opposition for the bill by number, and whether the principal favored or opposed any proposed amendments to the bills.

Section 3 amends the lobbyist's principal reporting statute to include a report on lobbying activities the same as required for the lobbyist. Additionally, the principal is required to disclose the total compensation the principal paid each lobbyist and what portion of that compensation was paid for lobbying each issue. The principal is also required to disclose the name of any political committee the principal is the parent entity of under the election laws.

The bill would become effective January 1, 1999.

MINUTES
SENATE COMMERCE COMMITTEE
April 22, 1997

The Senate Commerce Committee met in Room 1027 of the State Legislative Building on Tuesday, April 22, 1997, at 11:00 a.m. Eighteen members of the Committee were present. Visitors attending the meeting are listed on the attached Visitor Registration Sheets..

Senator Soles, Chairman, called the meeting to order.

The following bills were considered by the Committee:

SB 945, AN ACT TO REQUIRE THE PRESCRIBER'S AND THE PATIENT'S CONSENT FOR INTERCHANGE OF A LIMITED CLASS OF DRUGS.

Senator Rand, the bill sponsor, offered a Committee Substitute for Senate Bill 945 and moved its adoption. Motion carried. He said the bill provides that a prescription for a "narrow therapeutic index drug" must be refilled only with the same product from the same manufacturer as the previous prescription unless the prescriber and the patient agree in writing to another manufacturer's product. (See attached memorandum for additional information.) Senator Rand said the bill had the support of the N. C. Medical Society, the North Carolina Academy of Physicians and other related groups.

Several speakers were heard who supported the bill: Dr. Christine Dean with the Epilepsy Institute of North Carolina; and Dr. James B. Groce, Assistant Professor of Pharmacy at Campbell University, Clinical Instructor of Medicine, UNC School of Medicine and Clinical Pharmacist II, The Moses Cone Health System. Also present and supporting the bill were Ms. Fran Hamilton and Dr. Michael Tennyson. Senator Rand explained that the legislation affects only a very narrow range of drugs and it sets up a method for listing these drugs.

Mr. Bruce L. Downey, Chairman and Chief Executive Officer of Barr Laboratories, Inc., of Pomona, New York, spoke in opposition to the bill. Barr Laboratories is one of the largest generic producers in the country. (See handout in the Commerce Committee Files presented by Mr. Downey.)

Senator Rand moved that the Committee Substitute for Senate Bill 945 be given a favorable report. Motion carried.

SB 809, AN ACT AMENDING THE NORTH CAROLINA APPRAISERS ACT.

Senator Ledbetter, the sponsor of the bill was recognized. He said the bill provides that the law regulating real estate appraisers does not prevent a licensed real estate salesman or broker from doing a comparative market analysis or a broker's market analysis as long as the salesman or broker does not claim to be a certified or licensed real estate appraiser. Section 2 defines a "broker's market analysis" as an analysis of the probable sales price of a property. (See attached memorandum for additional information.)

Senator Reeves sent forward an amendment to the bill and moved its adoption. The motion carried. (See attached copy.)

Senator Ledbetter moved that Senate Bill 809, as amended, be given a favorable report and that the amendment be rolled into a committee substitute. The motion carried.

SB 646, AN ACT TO DESIGNATE THE SQUARE DANCE AS THE AMERICAN FOLK DANCE OF THE STATE OF NORTH CAROLINA.

Senator Rucho, the bill sponsor explained the legislation. Senator Rand moved that Senate Bill 646 be given a favorable report. Motion carried.

SB 408, AN ACT TO ENHANCE, ENSURE, AND PROTECT THE PUBLIC'S RIGHT TO CONTINUED ACCESS TO RENEWABLE RESOURCE ENERGY GENERATED BY SMALL POWER PRODUCERS OF FIVE MEGAWATTS OR LESS BY PROVIDING THAT AVOIDED COSTS TO A UTILITY FROM THAT ENERGY BE CALCULATED BY THE RESIDUAL REVENUE METHOD.

Senator Bob Shaw, the sponsor explained the purpose of the legislation. He offered a Committee Substitute for the bill and moved its adoption. Motion carried. He called on Mr. Steve Cook, President of Cook Industries, Inc. of Greensboro, to assist in the explanation. (Information presented is contained in a handout contained in the Senate Commerce Committee Files.)

Because of a lack of time, the Committee was unable to finish consideration of this bill, and the Chairman stated that he would carry it over to the next meeting of the Committee.

The meeting adjourned at 12 Noon.

MEMORANDUM

TO: Senate Commerce Committee

FROM: Linwood Jones
Committee Counsel

RE: Senate Bill 809 (Amend NC Appraiser Act)

Section 1 of the bill provides that the law regulating real estate appraisers does not prevent a licensed real estate salesman or broker from doing a comparative market analysis or a broker's market analysis as long as the salesman or broker does not claim to be a certified or licensed real estate appraiser. These market analysis can be performed for compensation.

Section 2 defines a "broker's market analysis" as an analysis of the probable sales price of a property, based on a review of the property's condition and of competition and future market conditions, and the market strategies to be used by the broker or salesperson. "Comparative market analysis" is already defined in the existing law (*see subdivision (7a)*), although the definition is amended in this bill to delete language that says that the analysis is performed for the broker's or salesperson's "principal." The remaining changes throughout Section 2 are only stylistic changes to the statute.

This act would take effect upon becoming law.

SENATE BILL 646*

Short Title: Official State Dance. (Public)

Sponsors: Senators Rucho; Blust, Carpenter, Odom, and Shaw of Guilford.

Referred to: Commerce.

April 2, 1997

A BILL TO BE ENTITLED

AN ACT TO DESIGNATE THE SQUARE DANCE AS THE AMERICAN FOLK DANCE OF THE STATE OF NORTH CAROLINA.

Whereas, North Carolina has distinctive and meaningful symbols of its ideals in the State's flag and in many cultural endeavors, but no official designation of a State folk dance; and

Whereas, the square dance, which was first associated with the American people and recorded in history since 1651, has consistently been the one dance traditionally recognized by the American people as a dignified and enjoyable expression of American folk dancing; and

Whereas, square dancing is a traditional form of family recreation which symbolizes a basic strength of this country, namely the unity of family; and

Whereas, because of its exercise value, square dancing is an activity which fosters good health among the dancers; and

Whereas, square dancing is an activity for young and old and encourages fellowship among the dancers; and

Whereas, square dancing is the American folk dance which is called, cued, or prompted to the dancers, and includes squares, rounds, clogging, contra, line, and heritage dances; and

Whereas, numerous states have adopted the square dance as their state dance, including South Carolina, Virginia, Georgia, Tennessee, Alabama, and Maryland; and

Whereas, official recognition of the square dance will enhance the cultural stature of North Carolina both nationally and internationally; and

Whereas, national and international prestige is in the best interest of all Americans; and

Whereas, it is fitting that the square dance be added to the array of State symbols; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. Chapter 145 of the General Statutes is amended by adding a new section to read:

"**§ 145-18. State dance.**

The square dance is adopted as the American folk dance of North Carolina."

Section 2. This act is effective when it becomes law.

SENATE BILL 408

Short Title: Renewable Resource Energy. (Public)

Sponsors: Senators Shaw of Guilford and Cochrane.

Referred to: Commerce.

March 18, 1997

A BILL TO BE ENTITLED

AN ACT TO ENHANCE, ENSURE, AND PROTECT THE PUBLIC'S RIGHT TO CONTINUED ACCESS TO RENEWABLE RESOURCE ENERGY GENERATED BY SMALL POWER PRODUCERS OF FIVE MEGAWATTS OR LESS BY PROVIDING THAT AVOIDED COSTS TO A UTILITY FROM THAT ENERGY BE CALCULATED BY THE RESIDUAL REVENUE METHOD.

Whereas, it is in the public interest to encourage small business development in the area of electric energy generation and to enhance the continued economic feasibility of the production of renewable energy at small power production facilities producing five megawatts or less of electricity; and

Whereas, the operation of such small power production facilities helps to curtail the need for facilities operating on fossil fuels; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. G.S. 62-156 reads as rewritten:

"**§ 62-156. Power sales by small power producers to public utilities.**

(a) In the event that a small power producer and an electric utility are unable to mutually agree to a contract for the sale of electricity or to a price for the electricity purchased by the electric utility, the commission shall require the utility to purchase the power, under rates and terms established as provided in subsection (b) of this section.

(b) No later than March 1, 1981, and at least every two years thereafter, the commission shall determine the rates to be paid by electric utilities for power

purchased from small power producers, other than those producers described in subsection (c) of this section, according to the following standards:

(1) Term of Contract. -- Long-term contracts for the purchase of electricity by the utility from small power producers shall be encouraged in order to enhance the economic feasibility of small power production facilities.

(2) Avoided Cost of Energy to the Utility. -- The rates paid by a utility to a small power producer shall not exceed, over the term of the purchase power contract, the incremental cost to the electric utility of the electric energy which, but for the purchase from a small power producer, the utility would generate or purchase from another source. A determination of the avoided energy costs to the utility shall include a consideration of the following factors over the term of the power contracts: the expected costs of the additional or existing generating capacity which could be displaced, the expected cost of fuel and other operating expenses of electric energy production which a utility would otherwise incur in generating or purchasing power from another source, and the expected security of the supply of fuel for the utilities' alternative power sources.

(3) Availability and Reliability of Power. -- The rates to be paid by electric utilities for power purchased from a small power producer shall be established with consideration of the reliability and availability of the power.

(c) The rates paid by a utility to a small power producer producing five megawatts of electricity or less at the same site and at dams in existence prior to 1997, shall be determined by using the residual revenue method as follows: by deducting from the Commission's approved residential retail rate for electricity for the applicable utility a billing and distribution charge, not to exceed ten percent (10%) of the retail rate, and a handling charge, not to exceed twelve percent (12%) of the retail rate. The result of this calculation shall be the avoided cost to the utility. The percentage deduction for the billing and distribution charge and the handling charge may be established by agreement between the small power producer and the utility for a period of up to 15 years, but the rate paid by a utility shall fluctuate as the Commission's approved residential rate for electricity for the receiving utility fluctuates."

Section 2. This act is effective when it becomes law and applies to contracts entered into on or before January 1, 1997.

MEMORANDUM

TO: Senator R. C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel

RE: **SENATE BILL 846 - RETAILERS TO ACCEPT GOODS FOR DISPOSAL -** Senator Odom

Senate Bill 846 would require retailers and wholesalers to accept back from a purchaser of new hard-to-dispose of items, similar hard-to-dispose of items in amounts at least equal to the new purchases of these items.

The bill defines "hard-to-dispose items" to include telephone books, nickel-cadmium batteries, mercuric oxide batteries, automobile tires, certain toxic fluorescent lights, hypodermic needles, propane tanks, smoke detectors, certain pesticide containers, certain products with cathode ray tubes, motor oil, antifreeze, oil-based paints and solvents, and white goods

Under the bill, retailers will be required to post a sign stating that State law requires the retailer to accept used items for recycling in exchange for new items purchased of the same type. Failure to post the sign is subject to a $50 per day civil penalty. Wholesalers are given a period of up to 90 days to remove items accepted upon the purchase of new items, and wholesalers are subject to a civil penalty of $50 for each violation of this statute.

The bill also authorizes the Department of Environment, Health, and Natural Resources to inspect premises selling hard-to-dispose items and to warn persons not in compliance with this act.

The bill makes it illegal for any person or retailer to knowingly dispose of hard-to-place items in a landfill, incinerator, or a waste-to-energy facility, except for facilities authorized under Chapter 130A or the United States Environmental Protection

Agency. Violation of this provision is subject to assessment of a civil penalty up to $50 per violation. Each item improperly disposed of is considered a separate violation.

The bill becomes effective July 1, 1998.

National Paint & Coatings Association

April 23, 1997

Honorable R. C. Soles, Jr.
Chairman, Senate Commerce Committee
State Legislative Building
Raleigh, North Carolina 27603-2808

Re: Senate Bill 846 – Retailer Acceptance of Hard-to-Dispose Items

Dear Senator Soles:

We respectfully wish to register our opposition to Senate Bill 846 because of the adverse impact it would have on the paint and coatings industry at the retail, wholesale and manufacturer's levels. We have also written to the sponsor, Senator Odom, indicating our opposition to his legislation.

The National Paint and Coatings Association is a voluntary, nonprofit industry trade association representing some 400 paint and coatings manufacturers, raw material suppliers and distributors. Our membership collectively produces approximately 75 percent of the total volume of paint and coatings sold in the United States, a fair amount of which is produced in North Carolina.

Senate Bill 846 would require the "take-back" of, among other things, oil-based paints and solvents by retailers, wholesalers and manufacturers. Such a requirement would create major problems for the industry.

First, the paint and coatings industry is not equipped to be in the business of hazardous waste collection and disposal. Its business is to provide products of high value to the community which are meant to be *completely used up.*

Second, the return of containers of leftover oil-based paint as proposed would create significant potential health and safety hazards for those responsible for accepting and sorting the materials. This is because, unfortunately, experience has shown that consumers consider paint cans to be handy containers for mixing in such hazardous materials as used oil, pesticides and even, on occasion, industrial coatings (swimming pool paints, marine coatings, certain lacquers, etc.).

Not only would such contaminants present real risks for untrained handlers, they would also create major disposal problems for retailers, who are ill-equipped to identify, sort and dispose of such tainted paint products – assuming they would

even have the necessary storage facilities. And for producers of paints and coatings, who take strong measures to prevent the contamination of their manufacturing facilities, the possibility of introducing unknown substances would create real concern because of the costs involved in decontamination.

Consider, too, the potential liability which could attach should there be injury or sickness resulting from the acceptance of tainted leftover paint. Is it fair to impose this burden? Wouldn't it be better public policy to encourage organized, effective management of post-consumer paint by those specially trained to be in that particular business?

Third, we note that Senate Bill 846 recognizes the likely problems for those receiving "leftover paint" products by allowing wholesalers to store the leftovers for up to 90 days. However, acceptance of such "hazardous waste products" at any level is likely to mean that permits would have to be obtained in order to handle, transport or dispose of such products or risk violation of federal (and probably state) regulations. This means additional costs and the burden of obtaining yet another set of environmental permits.

One parenthetical note. Senate Bill 846 appears to encourage recycling as an alternative to outright disposal. For many of the other "items" listed, recycling may well be feasible. However, despite the best efforts of the paint and coatings industry, the recycling of oil-based paint simply doesn't work; the chemistry is too complex. Even a brief focus on the variety of just the solvents alone used by manufacturers of oil-based paint – such as mineral spirits, alcohols, acetates and aliphatic solvents – should convince even the most skeptical.

NPCA has been outspoken in its support of the proper management of post-consumer paint. It has published and distributed two editions of its Post-Consumer Paint Management Guidance Manual and is the recognized source for materials which have assisted numerous community, municipal and state organizations throughout the country in their efforts to effectively deal with the issue of leftover paint products. We would be happy to share any and all of our materials with you and the members of your committee; just let us know how we can be of assistance.

Again, for the reasons outlined above, we respectfully urge you and the Senate Commerce Committee to reject Senate Bill 846.

Sincerely yours,

David W. Lloyd

MEMORANDUM

TO: Senate Commerce Committee

FROM: Linwood Jones, Staff Counsel

RE: Senate Bill 992 (NC Boxing Commission)

Senate Bill 992 amends the laws governing the North Carolina Boxing Commission and the regulation of boxing in this State.

The bill gives the Boxing Commission the authority to regulate amateur matches and "toughman" events and provides that the Commission's jurisdiction over boxing and boxing-related activities applies to events where admission is charged of spectators or a purse of $25.00 or more is involved. The bill redefines a "professional" (boxer) as a boxer licensed under the Federal Professional Boxing Safety Act of 1996. The bill also defines sanctioned amateurs, sanctioned amateur matches, toughman events, and toughman contestants.

All of the Boxing Commission members must meet the requirements for membership under the Professional Boxing Safety Act of 1996. The Commission is also authorized to adopt rules that include procedures and requirements for compliance with the federal Boxing Safety Act. The bill authorizes the Executive Director to contract for carrying out monitoring of events and certain other duties. The bill also clarifies that the bond required to be filed by an applicant for a boxing promotor's license is issued for the benefit of any person damaged by the promoter's failure to comply with the boxing laws or by the promoter's failure to fulfill its contractual obligations relating to holding a boxing event.

The bill also authorizes the Executive Director (currently, the Commission) to issue orders for civil penalties and to apply for injunctive relief against those violating the boxing laws.

MEMORANDUM

TO: Senate Commerce Committee

FROM: Linwood Jones, Staff Counsel

RE: Senate Bill 914 (Workers Comp. Hospital Charges)

Senate Bill 914 revises the method by which hospitals are reimbursed for treatment and care rendered to workers' compensation patients. The bill addresses a problem that arose a little over a year ago with self-insured employers and the impact of the hospital reimbursement methodology on those employers. A temporary solution was enacted last year but expires June 30th of this year. This bill extends and modifies that solution.

When the Workers' Compensation Reform Act of 1994 (SB 906) was enacted, it tied hospital reimbursement for workers' compensation payments to the same reimbursement those hospitals received under the State Health Plan. When the State Health Plan went to a diagnostic related grouping (DRG) reimbursement system for hospital reimbursement over a year ago, the workers' compensation reimbursement system was also switched to a DRG system. Under the DRG system, a hospital is reimbursed primarily on the basis of the diagnosis of the patient, not the actual itemized charges that are calculated based on how long the patient stays in the hospital. The reimbursement is reduced some for each unusually short inpatient stay, and it is increased some for each unusually long inpatient stay. Most insurers have a large enough mix of cases so that the DRG system does not adversely effect them. However, self-insured employers who must pay their injured employees' medical bills under workers' compensation may not have this type of case mix and may end up with bills that exceed the hospital's actual itemized charges.

Legislation enacted last year addressed this by creating a "risk corridor" under which the self-insured employers would not pay more under the DRG system than the actual charges and the hospitals would not be reimbursed less than 90% of those

charges. However, this legislation expires June 30, 1997. Senate Bill 914 re-establishes this 90/100 risk corridor for the remainder of this year. The corridor would be adjusted in future years by the Industrial Commission to produce a discount for the payors (insurers and self-insured employers) that is equal to the discount received under the State Health Plan. In modifying the risk corridor, the Industrial Commission would follow more formal requirements for giving notice of its proposed modification. The Commissions' modification would be subject to judicial review.

A BILL TO BE ENTITLED

AN ACT TO EXEMPT FROM THE PLUMBING LICENSURE REQUIREMENTS CERTAIN PERSONS PERFORMING ON-SITE ASSEMBLY OF FACTORY DESIGNED DRAIN SYSTEMS UNDERNEATH MANUFACTURED HOMES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 87-21 reads as rewritten:

"**§ 87-21. Definitions; contractors licensed by Board; examination; posting license, etc.**

(a) Definitions. -- For the purpose of this Article:

(1) The word 'plumbing' is hereby defined to be the system of pipes, fixtures, apparatus and appurtenances, installed upon the premises, or in a building, to supply water thereto and to convey sewage or other waste therefrom.

(2) The phrase 'heating, group number one' shall be deemed and held to be the heating system of a building, which requires the use of high or low pressure steam, vapor or hot water, including all piping, ducts, and mechanical equipment appurtenant thereto, within, adjacent to or connected with a building, for comfort heating.

(3) The phrase 'heating, group number two' means an air conditioning system which consists of an assemblage of interacting components producing conditioned air for comfort cooling by the lowering of temperature, and having a mechanical refrigeration capacity in excess of fifteen tons, and which circulates air.

(4) The phrase 'heating, group number three' shall be deemed and held to be a direct heating system of a building which produces heat to raise the temperature of the space within the building for the purpose of comfort in which electric heating elements or products of combustion exchange heat either directly with the building supply air or indirectly through a heat exchanger and using an air distribution system of ducts. A heating system requiring air distribution ducts and supplied by ground water or utilizing a coil supplied by water from a domestic hot water heater not exceeding 150 Fahrenheit requires either plumbing or heating group number one license to extend piping from valved connections in the domestic hot water system to the heating coil and requires either heating group number one or heating group number three license for installation of coil, duct work, controls, drains and related appurtenances.

(5) Any person, firm or corporation, who for a valuable consideration, (i) installs, alters or restores, or offers to install, alter or restore, either plumbing, heating group number one, or heating group number two, or heating group number three, or (ii) lays out, fabricates, installs, alters or restores, or offers to lay out, fabricate, install, alter or restore fire sprinklers, or any combination thereof, as defined in this Article, shall be deemed and held to be engaged in the business of plumbing, heating, or fire sprinkler contracting; provided, however, that nothing herein shall be deemed to restrict the practice of qualified registered professional engineers. Any person who installs a plumbing, heating, or fire sprinkler system on property which at the time of installation was intended for sale or to be used primarily for rental is deemed to be engaged in the business of plumbing, heating, or fire sprinkler contracting without regard to receipt of consideration, unless exempted elsewhere in this Article.

(6) The word 'contractor' is hereby defined to be a person, firm or corporation engaged in the business of plumbing, heating, or fire sprinkler contracting.

(7) The word 'heating' shall be deemed and held to mean heating group number one, heating group number two, heating group number three, or any combination thereof.

~~(8) The obtaining of a license, as required by this Article, shall not of itself authorize the practice of another profession or trade for which a State qualification license is required.~~

(9) The word 'Board' means the State Board of Examiners of Plumbing, Heating, and Fire Sprinkler Contractors.

(10) The word 'experience' means actual and practical work directly related to the category of plumbing, heating group number one,

heating group number two, heating group number three, or fire sprinkler contracting, and includes related work for which a license is not required.

(11) The phrase 'fire sprinkler' means an automatic or manual sprinkler system designed to protect the interior or exterior of a building or structure from fire, and where the primary extinguishing agent is water. These systems include wet pipe and dry pipe systems, preaction systems, water spray systems, foam water sprinkler systems, foam water spray systems, nonfreeze systems, and circulating closed-loop systems. These systems also include the overhead piping, combination standpipes, inside hose connections, thermal systems used in connection with the sprinklers, tanks, and pumps connected to the sprinklers, and controlling valves and devices for actuating an alarm when the system is in operation. This subsection shall not apply to owners of property who are building or improving farm outbuildings. This subsection shall not include water and standpipe systems having no connection with a fire sprinkler system. Nothing herein shall prevent licensed plumbing contractors, utility contractors, or fire sprinkler contractors from installing underground water supplies for fire sprinkler systems.

(b) Classes of Licenses; Eligibility and Examination of Applicant; Necessity for License. -- In order to protect the public health, comfort and safety, the Board shall establish two classes of licenses: Class I covering all plumbing, heating, and fire sprinkler systems for all structures, and Class II covering plumbing and heating systems in single-family detached residential dwellings. The Board shall prescribe the standard of competence, experience and efficiency to be required of an applicant for license of each class, and shall give an examination designed to ascertain the technical and practical knowledge of the applicant concerning the analysis of plans and specifications, estimating costs, fundamentals of installation and design, codes, fire hazards, and related subjects as these subjects pertain to plumbing, heating, or fire sprinkler systems. The examination for a fire sprinkler contractor's license shall include such materials as would test the competency of the applicant and which may include the minimum requirements of certification for Level III, subfield of Automatic Sprinkler System Layout, National Institute for Certification of Engineering Technologies (NICET).

As a result of the examination, the Board shall issue a certificate of license of the appropriate class in plumbing, heating, or fire sprinkler contracting, and a license shall be obtained, in accordance with the provisions of this Article, before any person, firm or corporation shall engage in, or offer to engage in, the business of plumbing, heating, or fire sprinkler contracting, or any combination thereof. <u>The obtaining of a license, as required by this Article, shall not of itself authorize the practice of another profession or trade for which a State qualification license is required.</u> The Board may require experience as a condition of examination, provided

that (i) the experience required may not exceed two years, (ii) that up to one-half the experience may be in the form of academic or technical courses of study, and (iii) that registration is not required at the commencement of the period of experience. Conditions of examination set by the Board shall be uniformly applied to each applicant within each license classification. It is the purpose and intent of this section that the Board shall provide an examination for plumbing, heating group number one, or heating group number two, or heating group number three, and may provide an examination for fire sprinkler contracting or may accept a current certification of the National Institute for Certification in Engineering Technologies for Fire Protection Engineering Technician, Level III, subfield of Automatic Sprinkler System Layout. The Board is authorized to issue a certificate of license limited to either plumbing or heating group number one, or heating group number two, or heating group number three, or fire sprinkler contracting, or any combination thereof.

Each application for examination shall be accompanied by a check, post-office money order, or cash, in the amount of the annual license fee required by this Article. Regular examinations shall be given in the months of April and October of each year, and additional examinations may be given at such other times as the Board may deem wise and necessary. Any person may demand in writing a special examination, and upon payment by the applicant of the cost of holding such examination and the deposit of the amount of the annual license fee, the Board in its discretion will fix a time and place for such examination. Upon satisfactory proof of the applicant's inability to write and upon demand of an applicant for a Class II plumbing or heating license six weeks prior to an examination, the Board shall conduct the examination of that applicant orally, and shall not require that applicant to take a written examination as to examination inquiries answered other than by preparation of diagrams. Signed statements from two reliable citizens resident in the home county of the applicant shall constitute satisfactory proof of an applicant's inability to write. A person who fails to pass any examination shall not be reexamined until the next regular examination.

(c) To Whom Article Applies. -- The provisions of this Article shall apply to all persons, firms, or corporations who engage in, or attempt to engage in, the business of plumbing, heating, or fire sprinkler contracting, or any combination thereof as defined in this Article. The provisions of this Article shall not apply to those who make minor repairs or minor replacements to an already installed system of plumbing or heating, but shall apply to those who make repairs, replacements, or modifications to an already installed fire sprinkler system.

(c1) Exemption. -- The provisions of this Article shall not apply to a person who performs the on-site assembly of a factory designed drain line system for a manufactured home, as defined in G.S. 143-143.9(6), if the person is a licensed manufactured home retailer, a licensed manufactured home set-up contractor, or an employee of either, and the person performs the assembly according to factory instructions. The assembly of the drain system shall be approved by a local building inspector.

(d) Repealed by Session Laws 1979, c. 834, s. 7.

(d1) Expired.

(e) Posting License; License Number on Contracts, etc. -- The current license issued in accordance with the provisions of this Article shall be posted in the business location of the licensee, and its number shall appear on all proposals or contracts and requests for permits issued by municipalities. The initial qualified licensee on a license is the permanent possessor of the license number under which that license is issued, except that a licensee, or the licensee's legal agent, personal representative, heirs or assigns, may designate in writing to the Board a qualified licensee to whom the Board shall assign the license number upon the payment of a ten dollar ($10.00) assignment fee. Upon such assignment, the qualified licensee becomes the permanent possessor of the assigned license number. Notwithstanding the foregoing, the license number may be assigned only to a qualified licensee who has been employed by the initial licensee's plumbing and heating company for at least 10 years or is a lineal relative, sibling, first cousin, nephew, niece, daughter-in-law, son-in-law, brother-in-law, or sister-in-law of the initial licensee. Each successive licensee to whom a license number is assigned under this subsection may assign the license number in the same manner as provided in this subsection.

(f) Repealed by Session Laws 1971, c. 768, s. 4.

(g) The Board may, in its discretion, grant to plumbing, heating, or fire sprinkler contractors licensed by other states license of the same or equivalent classification without written examination upon receipt of satisfactory proof that the qualifications of such applicants are substantially equivalent to the qualifications of holders of similar licenses in North Carolina and upon payment of the usual license fee.

(h) Expired."

A BILL TO BE ENTITLED

AN ACT TO ENHANCE, ENSURE, AND PROTECT THE PUBLIC'S RIGHT TO CONTINUED ACCESS TO RENEWABLE RESOURCE ENERGY GENERATED BY SMALL POWER PRODUCERS OF FIVE MEGAWATTS OR LESS BY PROVIDING THAT AVOIDED COSTS TO A UTILITY FROM THAT ENERGY BE CALCULATED BY THE RESIDUAL REVENUE METHOD.

Whereas, it is in the public interest to encourage small business development in the area of electric energy generation and to enhance the continued economic feasibility of the production of renewable energy at small power production facilities producing five megawatts or less of electricity; and

Whereas, the operation of such small power production facilities helps to curtail the need for facilities operating on fossil fuels; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. G.S. 62-156 reads as rewritten:

"**§ 62-156. Power sales by small power producers to public utilities.**

(a) In the event that a small power producer and an electric utility are unable to mutually agree to a contract for the sale of electricity or to a price for the electricity purchased by the electric utility, the commission shall require the utility to purchase the power, under rates and terms established as provided in subsection (b) of this section.

(b) No later than March 1, 1981, and at least every two years thereafter, the commission shall determine the rates to be paid by electric utilities for power

purchased from small power producers, other than those producers described in subsection (c) of this section, according to the following standards:

(1) Term of Contract. -- Long-term contracts for the purchase of electricity by the utility from small power producers shall be encouraged in order to enhance the economic feasibility of small power production facilities.

(2) Avoided Cost of Energy to the Utility. -- The rates paid by a utility to a small power producer shall not exceed, over the term of the purchase power contract, the incremental cost to the electric utility of the electric energy which, but for the purchase from a small power producer, the utility would generate or purchase from another source. A determination of the avoided energy costs to the utility shall include a consideration of the following factors over the term of the power contracts: the expected costs of the additional or existing generating capacity which could be displaced, the expected cost of fuel and other operating expenses of electric energy production which a utility would otherwise incur in generating or purchasing power from another source, and the expected security of the supply of fuel for the utilities' alternative power sources.

(3) Availability and Reliability of Power. -- The rates to be paid by electric utilities for power purchased from a small power producer shall be established with consideration of the reliability and availability of the power.

(c) The rates paid by a utility to a small power producer producing five megawatts of electricity or less at the same site and at dams in existence prior to 1997, shall be determined by using the residual revenue method as follows: by deducting from the Commission's approved residential retail rate for electricity for the applicable utility a billing and distribution charge, not to exceed ten percent (10%) of the retail rate, and a handling charge, not to exceed twelve percent (12%) of the retail rate. The result of this calculation shall be the avoided cost to the utility. The percentage deduction for the billing and distribution charge and the handling charge may be established by agreement between the small power producer and the utility for a period of up to 15 years, but the rate paid by a utility shall fluctuate as the Commission's approved residential rate for electricity for the receiving utility fluctuates."

Section 2. This act is effective when it becomes law and applies to contracts entered into on or before January 1, 1997.

A BILL TO BE ENTITLED

AN ACT TO ENHANCE, ENSURE, AND PROTECT THE PUBLIC'S RIGHT TO CONTINUED ACCESS TO RENEWABLE RESOURCE ENERGY GENERATED BY MINOR POWER PRODUCERS OF FIVE MEGAWATTS OR LESS BY DIRECTING THE UTILITIES COMMISSION TO ADOPT RULES ALLOWING RESIDENTIAL ELECTRIC CONSUMERS AND ELECTRIC COOPERATIVES TO PURCHASE POWER DIRECTLY FROM THOSE PRODUCERS AND TO PROVIDE FOR A PERCENTAGE OF THE PROCEEDS OF THOSE PURCHASES TO BE DEPOSITED INTO THE CLEAN WATER MANAGEMENT TRUST FUND.

Whereas, it is in the public interest to encourage small business development in the area of electric energy generation and to enhance the continued economic feasibility of the production of renewable energy at power production facilities producing five megawatts or less of electricity; and

Whereas, the operation of such power production facilities helps to curtail the need for facilities operating on fossil fuels; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. G.S. 62-3 is amended by adding a new subdivision to read:

"(16b) 'Minor power producer' means a person or corporation owning or operating a hydroelectric production facility using

renewable resource energy with a power production capacity that does not exceed 5 megawatts of electricity, and located at a dam existing prior to January 1, 1997."

Section 2. G.S. 62-3(23) is amended by adding a new sub-subdivision to read:

"k. The term 'public utility' shall not include a minor power producer as defined in subdivision (16b) of this section."

Section 3. Article 3 of Chapter 62 of the General Statutes is amended by adding a new section to read:

"**§ 62-53. Electricity directly from minor power producers.**

(a) The Commission shall adopt rules allowing residential electric consumers and electric cooperatives to purchase electric power generated by minor power producers directly from those producers. The Commission shall inform the general public of the availability of electric power directly from minor power producers.

(b) Rules adopted under this section shall require a public utility furnishing electric service to effect delivery of electric power produced by minor power producers with which the utility is interconnected to residential electric consumers or electric membership corporations and to charge those minor power producers just and reasonable fees for connection to the public utility's grid. This connection shall include metering of facilities necessary to measure in kilowatt hours the amount of power delivered to the utility grid by the minor power producer, payment of administrative costs directly related to the installation and maintenance of the physical facilities necessary to permit interconnected operation with the minor power producer, to the extent that those costs exceed the costs the public utility would have incurred in the absence of the minor power producer, and transmission, distribution, delivery, safety provisions, and other matters necessary to implement this section. The Commission shall determine the amount of and schedule for payments of interconnection costs, but the fee for interconnection shall not exceed eighteen percent (18%) of the sale price of the electrical energy delivered by the public utility. Two percent (2%) of the sale price of the electrical energy produced by the minor power producer and delivered by the public utility shall be paid quarterly by the minor power producer to the State Treasurer for deposit in the Clean Water Management Trust Fund established in G.S. 113-145.3.

(c) A minor power producer may petition the Commission to establish the terms and conditions of interconnection with a public utility furnishing electric service. The Commission shall require the public utility to provide specifications sufficiently detailed to permit construction of the interconnection facility to a reasonable standard or instruct the public utility to accomplish the interconnection. The design and cost of the interconnection may not be discriminatory in relation to other interconnection facilities of similar capacity and purpose. The cost of interconnection equipment and its installation shall be paid by the minor power producer requesting the interconnection.

(d) The sale price per kilowatt hour of electric power produced by a minor power producer and sold to a residential consumer shall be equal to the system-wide, average annual price approved by the Commission, including all ancillary charges, of residential electric power per kilowatt hour paid by residential consumers for the applicable utility. The sale price per kilowatt hour of electric power produced by a minor power producer and sold to an electric membership corporation shall be a negotiated price agreed upon by the purchasing electric membership corporation and the small power producer."

MINUTES
SENATE COMMERCE COMMITTEE
April 29, 1997

The Senate Commerce Committee met in Room 1027 of the State Legislative Building on Tuesday, April 29, 1997, at 11:00 a.m. Twenty-one members of the Committee were present. Visitors attending the meeting are listed on the attached Visitor Registration Sheet.

Senator Soles, Chairman, called the meeting to order.

The following bills were considered by the Committee:

SB 417, AN ACT TO ELIMINATE THE BONDING REQUIREMENTS FOR PUBLIC CONTRACTS WITH A VALUE OF ONE MILLION DOLLARS OR LESS.

Senator Soles said a Committee Substitute was being prepared on S. B. 417, which applies to DOT Contracts only, and it limits the low bid contracts to $500,000. The Committee Substitute requires that the Secretary of Transportation report quarterly to the Joint Legislative Transportation Oversight Committee. The Chairman asked for the Committee's support of the substitute. Senator Hoyle said he felt the Department of Transporation was well able to handle these contracts, and he moved the adoption of the Committee Substitute and that it be given a favorable report. Motion carried.

SB 869, AN ACT TO TRANSFER STATE INFORMATION PROCESSING SERVICES, STATE TELECOMMUNICATIONS SERVICES, AND THE INFORMATION RESOURCE MANAGEMENT COMMISSION FROM THE STATE CONTROLLER AND CENTER FOR GEOGRAPHIC INFORMATION AND ANALYSIS (GEODETIC SURVEY), AND BOARD OF SCIENCE AND TECHNOLOGY TO ANOTHER DEPARTMENT.

Senator Rand, the bill sponsor, sent forward a Committee Substitute for SB 869 and moved its adoption. Motion carried. Senator Rand said the legislation authorizes moving SIPS from the Controllers Office to the Department of Commerce. Secretary Tolson, Department of Commerce, spoke briefly about the transfer and said the Governor had requested it and he is supportive of that request. (See attached memo for additional information on the bill.)

Senator Warren moved that the Committee Substitute for Senate Bill 869 be given a favorable report. Motion carried.

SB 919, AN ACT TO REQUIRE DISCONTINUATION OF TELECOMMUNICATIONS SERVICES USED FOR UNLAWFUL PURPOSES.

Senator Odom, the bill sponsor, said the legislation does essentially what the title indicates. Senator Kerr moved that S. B. 919 be given a favorable report. Motion carried.

SB 361, AN ACT TO EXPAND THE AUTHORIZED USERS AND USES OF THE NORTH CAROLINA INFORMATION HIGHWAY.

Senator Cooper, the bill sponsor, sent forward a Committee Substitute for SB 361, and moved its adoption. Motion carried. He said the bill expands the authorized users of the North Carolina Information Highway to include private nonprofit corporations that are formed to establish public access networks on a regional basis for North Carolina citizens to assist State and local governments. It also permits authorized users of these services at educational institutions to permit their classrooms to be rented for the use of these services by private, non-profit entities, for civic and educational uses which serve a public purpose.

Senator Rand sent forward an amendment (copy attached) and moved its adoption. Motion carried. Senator Warren then moved that the Committee Substitute for SB 361, as amended, be given a favorable report.

Ms. Brenda Doughertry with SPRINT assisted in answering questions on the legislation.

SB 1027, AN ACT TO MODIFY THE HIGH-VOLTAE LINE SAFETY ACT.

Senator Reeves moved the adoption of the Committee Substitute for SB 1027 offered by the sponsor. Motion carried.

Senator Miller explained the Committee Substitute saying for public contracts the cost of moving lines will be on the property owner. He said the Department of Labor supports the change.

Senator Plyler moved that the Committee Substitute for SB 1027 be given a favorable report. Motion carried.

SB 973, AN ACT TO REQUIRE HEALTH MAINTENANCE ORGANIZATIONS TO PROVIDE CERTAIN INFORMATION.

Senator Winner explained the bill and said it was a high priority of AARP. Others in favor of the bill are the Older Women's League, N. C. Health Access, N. C. Short Title: Public Contract Bonding Req'ments. (Public)

Sponsors: Senators Shaw of Cumberland, Ballance; and Jordan.

Referred to: Commerce.

March 18, 1997

A BILL TO BE ENTITLED

AN ACT TO ELIMINATE THE BONDING REQUIREMENTS FOR PUBLIC CONTRACTS WITH A VALUE OF ONE MILLION DOLLARS OR LESS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 143-129(b) reads as rewritten:

"(b) Advertisement of the letting of such contracts shall be as follows:

Where the contract is to be let by a board or governing body of the State government, or of a State institution, as distinguished from a board or governing body of a subdivision of the State, proposals shall be invited by advertisement at least one week before the time specified for the opening of said proposals in a newspaper having general circulation in the State of North Carolina. Provided that the advertisements for bidders required by this section shall be published at such a time that at least seven full days shall lapse between the date of publication of notice and the date of the opening of bids.

Where the contract is to be let by a county, city, town or other subdivision of the State, proposals shall be invited by advertisement at least one week before the time specified for the opening of said proposals in a newspaper having general circulation in such county, city, town or other subdivision.

Such advertisement shall state the time and place where plans and specifications of proposed work or a complete description of the apparatus, supplies, materials or equipment may be had, and the time and place for opening of the proposals, and shall reserve to said board or governing body the right to reject any or all such proposals.

Proposals shall not be rejected for the purpose of evading the provisions of this Article. No board or governing body of the State or subdivision thereof shall assume responsibility for construction or purchase contracts, or guarantee the payments of labor or materials therefor except under provisions of this Article.

All proposals shall be opened in public and shall be recorded on the minutes of the board or governing body and the award shall be made to the lowest responsible bidder or bidders, taking into consideration quality, performance and the time specified in the proposals for the performance of the contract. In the event the lowest responsible bids are in excess of the funds available for the project, the responsible board or governing body is authorized to enter into negotiations with the lowest responsible bidder above mentioned, making reasonable changes in the plans and specifications as may be necessary to bring the contract price within the funds available, and may award a contract to such bidder upon recommendation of the Department of Administration in the case of the State government or of a State institution or agency, or upon recommendation of the responsible commission, council or board in the case of a subdivision of the State, if such bidder will agree to perform the work at the negotiated price within the funds available therefor. If a contract cannot be let under the above conditions, the board or governing body is authorized to readvertise, as herein provided, after having made such changes in plans and specifications as may be necessary to bring the cost of the project within the funds available therefor. The procedure above specified may be repeated if necessary in order to secure an acceptable contract within the funds available therefor.

No proposal for a contract with a value of more than one million dollars ($1,000,000) shall be considered or accepted by said board or governing body unless at the time of its filing the same shall be accompanied by a deposit with said board or governing body of cash, or a cashier's check, or a certified check on some bank or trust company insured by the Federal Deposit Insurance Corporation in an amount equal to not less than five percent (5%) of the proposal. In lieu of making the cash deposit as above provided, such bidder may file a bid bond executed by a corporate surety licensed under the laws of North Carolina to execute such bonds, conditioned that the surety will upon demand forthwith make payment to the obligee upon said bond if the bidder fails to execute the contract in accordance with the bid bond. No deposit or bid bond shall be required when the contract has a value of one million dollars ($1,000,000) or less. This deposit shall be retained if the successful bidder fails to execute the contract within 10 days after the award or fails to give satisfactory surety as required herein. ~~In the case of proposals in an estimated amount of less than one hundred thousand dollars ($100,000) for the purchase of apparatus, supplies, materials, or equipment, the board or governing body may waive the requirement for a bid bond or other deposit.~~

Bids shall be sealed if the invitation to bid so specifies and, in any event, the opening of a bid or the disclosure or exhibition of the contents of any bid by anyone without the permission of the bidder prior to the time set for opening in the invitation to bid shall constitute a Class 1 misdemeanor."

Section 2. G.S. 143-129(c) reads as rewritten:

"(c) All contracts to which this section applies shall be executed in writing, and the board or governing body shall require the person to whom the award of contract is made for a contract with a value of more than one million dollars ($1,000,000) to furnish bond as required by Article 3 of Chapter 44A; or require a deposit of money, certified check or government securities for the full amount of said contract to secure the faithful performance of the terms of said contract and the payment of all sums due for labor and materials in a manner consistent with Article 3 of Chapter 44A; and no such contract shall be altered except by written agreement of the contractor, the sureties on his bond, and the board or governing body. Such surety bond or deposit required herein shall be deposited with the board or governing body for which the work is to be performed. When a deposit, other than a surety bond, is made with the board or governing body, said board or governing body assumes all the liabilities, obligations and duties of a surety as provided in Article 3 of Chapter 44A to the extent of said deposit. In the case of contracts for the purchase of apparatus, supplies, materials, or equipment, the board or governing body ~~may~~ shall waive the requirement for a surety bond or other ~~deposit.~~ deposit when the contract has a value of one million dollars ($1,000,000) or less.

The owning agency or the Department of Administration, in contracts involving a State agency, and the owning agency or the governing board, in contracts involving a political subdivision of the State, may reject the bonds of any surety company against which there is pending any unsettled claim or complaint made by a State agency or the owning agency or governing board of any political subdivision of the State arising out of any contract under which State funds, in contracts with the State, or funds of political subdivisions of the State, in contracts with such political subdivision, were expended, provided such claim or complaint has been pending more than 180 days."

Section 3. G.S. 44A-26(a) reads as rewritten:

"(a) When the total amount of construction contracts awarded for any one project exceeds one ~~hundred thousand~~ million dollars ~~($100,000)~~ ($1,000,000) a performance and payment bond as set forth in (1) and (2) is required by the contracting body from any ~~contractor with a contract more than fifteen thousand dollars ($15,000).~~ contractor. In the discretion of the contracting body, a performance and payment bond may be required on any construction contract as follows:

(1) A performance bond in the amount of one hundred percent (100%) of the construction contract amount, conditioned upon the faithful performance of the contract in accordance with the plans, specifications and conditions of the contract. Such bond shall be solely for the protection of the contracting body which awarded the contract.

(2) A payment bond in the amount of one hundred percent (100%) of the construction contract amount, conditioned upon the prompt payment for all labor or materials for which a contractor or subcontractor is liable. The payment bond shall be solely for the

protection of the persons furnishing materials or performing labor for which a contractor or subcontractor is liable.

No bonds shall be required from a contractor on a contract with a value of one million dollars ($1,000,000) or less."

A BILL TO BE ENTITLED

AN ACT TO REQUIRE DISCONTINUATION OF TELECOMMUNICATIONS SERVICES USED FOR UNLAWFUL PURPOSES.

The General Assembly of North Carolina enacts:

Section 1. Article 16 of Chapter 15A of the General Statutes is amended by adding a new section to read:

"**§ 15A-299. Discontinuation of telecommunications services used for unlawful purposes.**

(a) The legislature finds that some persons use telecommunications services to violate State or federal law. The legislature further finds that some persons use telecommunications services or technology, such as call forwarding and cellular radio transmission, to avoid detection or arrest.

(b) A customer of a telecommunications company operating within the State may use telecommunications services only for lawful purposes.

(c) If a local, State, or federal law enforcement officer acting within the scope of the officer's duties obtains evidence that telecommunications services are being used or have been used by a customer or by the employee or agent of the customer to violate State or federal law, the officer may apply to the district court of the county in which the suspected violation of State or federal law occurred for an order requiring the telecommunications company to discontinue service to the customer. The court shall hold a hearing on the application as soon as possible, but no sooner than 48 hours after notice of the application for discontinuation of service is delivered to the address at which the telecommunications services are furnished or to the address to which bills for telecommunications services are mailed, according to

the telecommunications company records. Notice must also be given to the registered agent for the service of process upon the telecommunications company at least 48 hours prior to the hearing. If the court finds clear and convincing evidence that the telecommunications services are being used or have been used to violate State or federal law, the court shall order the telecommunications company to discontinue such service immediately.

(d) Telecommunications services discontinued under this section may be reinstated only by court order, and call forwarding or message referrals, whether recorded or live, may not be provided until reinstatement of service is ordered by the court.

(e) A telecommunications company shall be held harmless from liability to any person when complying with any court order issued under this section."

April 17, 1997

A BILL TO BE ENTITLED

AN ACT TO ABOLISH THE MUTUAL BURIAL ASSOCIATION COMMISSION AND TO TRANSFER ITS DUTIES TO THE BOARD OF MORTUARY SCIENCE.

Whereas, mutual burial associations no longer provide an adequate funeral benefit for their members, considering the current cost of funerals, and have largely fulfilled their function; and

Whereas, many mutual burial associations have merged with or sold their assets to insurance companies, and others contemplate doing so; and

Whereas, a number of the remaining associations are not financially sound and have little likelihood of becoming so; and

Whereas, the number of associations remaining after all mergers are accomplished will be inadequate, in all likelihood, to support the activities of the Mutual Burial Association Commission; and

Whereas, as it is appropriate to provide for the merger or dissolution of associations which are not financially sound, to transfer the duties and responsibilities of the Commission for any remaining associations to the Board of Mortuary Science, and to abolish the Commission; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. Effective January 1, 1998, the authority, powers, duties, and functions vested in the North Carolina Mutual Burial Association Commission and in the Burial Association Administrator by Part 13 of Article 10 of Chapter 143B of the General Statutes are transferred to the North Carolina Board of Mortuary Science, created by Article 13A of Chapter 90 of the General Statutes, and the North Carolina

Mutual Burial Association Commission is abolished. All records, property, and unexpended balances of funds of the North Carolina Mutual Burial Association Commission and the Burial Association Administrator are transferred in their entirety to the Board of Mortuary Science. On and after January 1, 1998, the Board of Mortuary Science shall be responsible for the administration of Part 13 of Article 10 of Chapter 143B of the General Statutes.

Section 2. Effective January 1, 1998, G.S. 143B-472 and G.S. 143B-472.1 are repealed.

Section 3. Effective January 1, 1998, G.S. 143B-472.2 reads as rewritten:

"**§ 143B-472.2. Duties of ~~Commission;~~ Board; ~~meetings;~~ meetings. ~~Burial Administrator; secretary.~~**

~~The North Carolina Mutual Burial Association Commission,~~ The North Carolina Board of Mortuary Science, after a public hearing, may promulgate reasonable rules and regulations for the enforcement of this Article and in order to carry out the intent thereof. The ~~Commission~~ Board is authorized and directed to adopt specific rules ~~and regulations~~ to provide for the orderly transfer of a member's benefits in cash or merchandise and services from the funeral director sponsoring the member's association to the funeral establishment which furnishes a funeral service, or merchandise, or both, for the burial of the member, provided that any funeral establishment to which the member's benefits are transferred in accordance with such rules ~~and regulations~~ shall, if located in North Carolina, be a funeral establishment registered and permitted under the provisions of ~~G.S. 90-210.17~~ G.S. 90-210.25 or shall, if located in any other state, territory or foreign country, be a funeral establishment recognized by and operating in conformity with the laws of such other state, territory or foreign country. One or more burial associations operating in North Carolina may merge into another burial association operating in North Carolina and two or more burial associations operating in North Carolina may consolidate into a new burial association provided that any such plan of merger or plan of consolidation shall be adopted and carried out in accordance with rules ~~and regulations~~ adopted by the ~~Commission~~ Board pursuant to this Article.

All rules ~~and regulations~~ heretofore adopted by the Burial Association Administrator or the Mutual Burial Association Commission in accordance with prior law and which have not been amended, rescinded, revoked or otherwise changed, or which have not been nullified or made inoperative or unenforceable because of any statute enacted after the adoption of any such rule, shall remain in full force and

effect until amended, rescinded, revoked or otherwise changed by action of the ~~Burial Association Commission~~ North Carolina Board of Mortuary Science as set out above, or until nullified or made inoperative or unenforceable because of statutory enactment or court decision.

Article 1. The name of this association shall be ....., which shall indicate that said association is a mutual burial association.

Article 2. The objects and purposes for which this association is formed and the purposes for which it has been organized, and the methods and plan of operation of this association shall be to provide a plan for each member of this association for the payment of one funeral benefit for each member, which shall consist of a funeral benefit in cash or merchandise and service, with no free embalming or free ambulance service included in this benefit. No other free service or any other thing free shall be held out, promised or furnished, in any case. Such funeral benefit shall be in the amount of one hundred dollars ($100.00) of cash or merchandise and service, without free embalming or free ambulance service, for persons of the age of 10 years and over, or in the amount of fifty dollars ($50.00) for persons under the age of 10 years; provided, however, that any member of this association of the age of 10 years or more may purchase a double benefit (for a total benefit of two hundred dollars ($200.00)), and provided further, however, that any member of this

association under the age of 10 years may purchase a double benefit (for a total benefit of one hundred dollars ($100.00)) or a quadruple benefit (for a total benefit of two hundred dollars ($200.00)); however, any additional benefit (as set out herein) shall be based on the assessment rate, as provided in Article 6 of this section, at the attained age of applicant at the time the additional benefit takes effect. The purchase of an additional benefit shall not be available to any member who cannot fulfill the requirements as set forth in Article 3 of this section.

Provided, further, that mutual burial associations organized and operating pursuant to this Article may offer for sale to its members in good standing, funeral benefits payable only in cash in excess of two hundred dollars ($200.00), but those sales shall be subject to all applicable insurance laws of this State and shall in no manner be subject to the provisions of this Article or impair whatsoever funds heretofore or hereafter collected and held by that Association pursuant to this Article. All mutual burial association policies heretofore or hereafter sold in this State in an amount of two hundred dollars ($200.00) or less shall continue to be administered by the Burial Association Administrator and shall be subject to all provisions of this Article.

Article 3. Any person who has passed his or her first birthday, and who has not passed his or her sixty-fifth birthday, and who is in good health and not under treatment of any physician, nor confined in any institution for the treatment of mental or other disease, may become a member of this burial association by the payment by such person, or for such person, of a membership fee in accordance with the provisions of this Article and the first assessment due on the membership issued for such member in accordance with the provisions of Article 6 herein. The membership fee for any person joining prior to July 1, 1975, is twenty-five cents (25¢). The membership fee of any person joining after July 1, 1975, is twenty-five cents (25¢) for each one hundred dollars ($100.00) of benefits provided in such membership, with a minimum membership fee of twenty-five cents (25¢). The payment of the membership fee, without the payment of the first quarterly assessment due on the membership, shall not authorize the issuance of a certificate of membership in this burial association, and a certificate of membership for such person shall not be issued until the first such assessment is paid. Any member of this association joining after July 1, 1975, and who shall thereafter purchase an increased benefit shall pay an additional membership fee in accordance with this Article so that the total membership fee paid by such person shall equal twenty-five [cents] (25¢) for each one hundred dollars ($100.00) of benefits in such member's membership; provided, that any member with a fifty-dollar ($50.00) benefit who increases his benefit from fifty dollars ($50.00) to one hundred dollars ($100.00) shall not be required to pay any additional membership fee. The payment of any additional membership fee, without the payment of the first additional assessment due for the increased benefit, shall not make such member eligible for any additional benefit, and such member shall not be eligible for any additional benefit until the first such additional assessment due for such additional benefit is paid. Notwithstanding the foregoing, the provisions of the last paragraph of Article 6, hereinafter set out, shall control the increase of benefits from fifty dollars ($50.00) to one hundred dollars ($100.00) for

any member of this association joining under the age of 10 whose benefits in force upon such member attaining his or her tenth birthday are in the amount of fifty dollars ($50.00).

Applicant's birthday must be written in the application and subject to verification by any record the Burial Association Administrator may deem necessary to prove or establish a true date of the birth of any applicant.

Article 4. The annual meeting of the association shall be held at ..... (here insert the place, date and hour); each member shall have one vote at said annual meeting and 15 members of the association shall constitute a quorum. There shall be elected at the annual meeting of said association a board of directors of seven members, each of whom shall serve for a period of from one to five years as the membership may determine and until his or her successor shall have been elected and qualified. Any member of the board of directors who shall fail to maintain his or her membership, as provided in the rules and bylaws of said association, shall cease to be a member of the board of directors and a director shall be appointed by the president of said association for the unexpired term of such disqualified member. There shall be at least an annual meeting of the board of directors, and such meeting shall be held immediately following the annual meeting of the membership of the association. The directors of the association may, by a majority vote, hold other meetings of which notice shall be given to each member by mailing such notice five days before the meeting to be held. At the annual meetings of the directors of the association, the board of directors shall elect a president, a vice-president, and a secretary-treasurer. The president and vice-president shall be elected from among the directors, but the secretary-treasurer may be selected from the director membership or from the membership of the association, it being provided that it is not necessary that the secretary-treasurer shall be a member of the board of directors. Among other duties that the secretary-treasurer may perform, he shall be chargeable with keeping an accurate and faithful roll of the membership of this association at all times and he shall be chargeable with the duty of faithfully preserving and faithfully applying all moneys coming into his hands by virtue of his said office. The president, vice-president and secretary-treasurer shall constitute a board of control who shall direct the affairs of the association in accordance with these Articles and bylaws of the association, and subject to such modification as may be made or authorized by an act of the General Assembly. The secretary-treasurer shall keep a record of all assessments made, dues collected and benefits paid. The books of the association, together with all records and bank accounts shall be at all times open to the inspection of the Burial Association Administrator or his duly constituted auditors or representatives. It shall be the duty of the secretary or secretary-treasurer of each association to keep the books of the association posted up-to-date so that the financial standing of the association may be readily ascertained by the Burial Association Administrator or any auditor or representative employed by him. Upon the failure of any secretary or secretary-treasurer to comply with this provision, it shall be the duty of the Burial Association Administrator to take charge of the books of the association and do whatever work is necessary to bring the books up-to-date. The actual costs of

said work may be charged the burial association and shall be paid from the thirty percent (30%) allowed by law for the operation of the burial association.

Whenever in the opinion of the Burial Association Administrator, it is necessary to audit the books of any burial association more than once in any calendar year, the Burial Association Commission shall have authority to assess such burial association the actual cost of any audit in excess of one per calendar year, provided that no more than one audit may be deemed necessary unless a discrepancy exists at the last regular audit. Such cost shall be paid from the thirty percent (30%) allowed by law for the operation of the burial association.

Every burial association shall file with the North Carolina Mutual Burial Association Commission an annual report of its financial condition on a form furnished to it by the North Carolina Burial Association Administrator. Such report shall be filed on or before February 15 of each calendar year and shall cover the complete financial condition of the burial association for the immediate preceding calendar year. The Burial Association Commission shall levy and collect a penalty of twenty-five dollars ($25.00) for each day after February 15 that the report called for herein is not filed. The Commission may, in its discretion, grant any reasonable extension of the above filing date without the penalty provided in this section. Such penalty shall be paid from the thirty percent (30%) allowed by law for the operation of the burial association. Any secretary or secretary-treasurer who fails to file such financial report on or before February 15 of each calendar year or on or before the last day of any period of extension for the filing of such report granted by the Commission to the burial association of such secretary or secretary-treasurer shall be guilty of a Class 3 misdemeanor. Each day after February 15, or the last day of any period of extension for the filing of the report granted by the Commission to the burial association of such secretary or secretary-treasurer, that said report is not filed by the secretary or secretary-treasurer of a burial association, shall constitute a separate offense.

Article 5. Upon the death of any officer, his successor shall be elected by the board of directors for the unexpired term. The president, vice-president and secretary-treasurer shall be elected for a term of from one to five years, and shall hold office until his successor is elected and qualified, subject to the power of the board of directors to remove any officer for good cause shown; provided, that any officer removed by the board of directors shall have the right of appeal to the membership of the association, such appeal to be heard at the next ensuing annual meeting of said membership.

Article 6. Each member shall be assessed according to the following schedule for the benefit indicated (or in multiples thereof for additional benefit) at the age of entry of the member.

Assessment Rate for Age Groups:

First to tenth birthday	
($50.00) benefit	five cents (5¢)
Tenth to thirtieth birthday	
($100.00) benefit	ten cents (10¢)

Thirtieth to fiftieth birthday
($100.00) benefit twenty cents (20¢)
Fiftieth to sixty-fifth birthday
($100.00) benefit thirty cents (30¢)

(Ages shall be defined as having passed a certain birthday instead of nearest birthday.) Assessment shall always be made on the entire membership in good standing.

Any member joining under the age of 10 shall, upon attaining his or her tenth birthday, pay thereafter the assessment for a member age 10 as set out above.

Any member joining under the age of 10 whose benefits in force upon such member attaining his or her tenth birthday are in the amount of fifty dollars ($50.00) shall, if such member is in good standing upon attaining his or her tenth birthday, thereafter have benefits in force in the amount of one hundred dollars ($100.00) without the necessity of making application for such increased benefit. Assessments made thereafter for such member shall be the same as an assessment for a member age 10 as set out above. Such one-hundred-dollar ($100.00) benefit shall be in full force and effect for any such member in good standing immediately upon such member attaining his or her tenth birthday even though the increased assessment provided for herein shall not yet be due and payable, it being the intent of this Article that, notwithstanding any other provisions in these Articles, any member in good standing with a fifty-dollar ($50.00) benefit shall immediately upon attainment of his or her tenth birthday have a one-hundred-dollar ($100.00) benefit in force whether or not the increased assessment is then due and payable by such member in accordance with the assessment period of this association.

Article 7. No benefit will be paid for natural death occurring within 30 days from the date of the certificate of membership, which certificate shall express the true date such person becomes a member of this association, and the certificate issued shall be in acknowledgment of membership in this association. Benefits will be paid for death caused by accidental means occurring any time after date of membership certificate. No benefits will be paid in case of suicidal death of any member within one year from the date of the membership certificate. No agent or other person shall have authority to issue membership certificates in the field, but such membership certificates shall be issued at the home office of the association by duly authorized officers: the president, vice-president or secretary, and a record thereof duly made.

Article 8. Any member failing to pay any assessment within 30 days after notice shall be in bad standing, and unless and until restored, shall not be entitled to benefits. Notice shall be presumed duly given when mailed, postage paid, to the last known address of such members: Provided, moreover, that notice to the head of a family shall be construed as notice to the entire membership of such family in said association. Any member or head of a family changing his or her address shall give notice to the secretary-treasurer in writing of such change, giving the old address as well as the new, and the head of a family notifying the secretary-treasurer of change in address shall list with the secretary in such notice all the members of his or her family having membership in said association. Any member in bad standing may,

within 90 days after the date of an assessment notice, be reinstated to good standing by the payment of all delinquent dues and assessments: Provided such person shall at the same time submit to the secretary-treasurer satisfactory evidence of good health, in writing, and no benefit will be paid for natural death occurring within 30 days after reinstatement. In case of death caused by accidental means, benefit will be in force immediately after reinstatement. Any person desiring to discontinue his membership for any reason shall communicate such desire to the secretary-treasurer immediately and surrender his or her certificate of membership. Any adult member who is the head of a family and who, with his family, has become in bad standing, shall furnish to the secretary-treasurer satisfactory evidence of the good health of each member desired to be reinstated in writing.

Article 9. The benefits herein provided are for the purpose of furnishing a funeral and burial benefit, in cash or merchandise and service, for a deceased member. The funeral and burial benefit, if furnished in merchandise and service, shall be in keeping with and similar to the merchandise and service sold and furnished at the same price by reputable funeral directors of this or other like communities.

Article 10. It is understood and stipulated that the benefits provided for shall be payable only to a funeral establishment which provides a funeral service for a deceased member and which, if located in North Carolina, is a funeral establishment registered under the provisions of G.S. 90-210.17 or which, if located in any other state, territory or foreign country, is a funeral establishment recognized by and operating in conformity with the laws of such other state, territory or foreign country. Upon the death of any member, it shall be the duty of the person or persons making the funeral arrangements for such deceased member to notify the secretary of the member's burial association of the death of such member. The person or persons making the funeral arrangements for such deceased member shall have 30 days from the date of the death of such member in which to make demand upon the burial association for the funeral benefits to which such member is entitled.

The benefits provided for are to be paid by the burial association to the funeral director providing such funeral and burial service either in cash or in merchandise and service as elected by the person or persons making the funeral arrangements for such deceased member. If the burial association shall fail, on demand, to provide the benefits to which the deceased member was entitled to the funeral establishment which provided the funeral service for the deceased member, then the benefits shall be paid in cash to the representative of the deceased member qualified under law to receive such benefits.

Article 11. Assessments shall be made as provided in G.S. 143B-472.18. Whenever possible, assessments will be made at definitely stated intervals so as to reduce the cost of collection and to prevent lapse.

Article 12. In the event the proceeds of the annual assessments imposed on the entire membership for one year, as provided in G.S. 143B-472.18, do not prove sufficient at any time to yield the benefit provided for in these bylaws, then the secretary-treasurer shall notify the North Carolina Burial Association Administrator who shall be authorized, unless the membership is increased to that point where such

assessments are sufficient, to cause liquidation of said association, and may transfer all members in good standing to a like organization or association.

Article 13. (a) All legitimate operating expenses of the association shall be paid out of the assessments, but in no case shall the entire expenses exceed thirty percent (30%) of the total of the assessments collected and the investment income of the burial association in one calendar year.

(b) Each burial association shall establish and maintain a reserve account for the payment of member's benefits. On the thirty-first day of December following July 1, 1975, each burial association shall transfer to such burial association's reserve account established in accordance with this Article all funds which such burial association is maintaining on that date in an account designated by such burial association as either a surplus account or a reserve account. Thereafter, beginning on January 1, 1976, each burial association shall place in such reserve account five percent (5%) of the assessments collected from and after that date and five percent (5%) of the investment income of the association earned from and after that date. These sums shall continue to be placed in the association's reserve account until the association's reserve account shall equal twenty-one dollars ($21.00) per member. Thereafter if the reserve account shall fall below twenty-one dollars ($21.00) per member, such sums shall again be deposited in the account until such time as the reserve account shall again be equal to twenty-one dollars ($21.00) per member. If the reserve account shall at any time exceed twenty-one dollars ($21.00) per member, amounts in excess of twenty-one dollars ($21.00) per member may be withdrawn from the reserve account.

Article 14. Special meetings of the association membership may be called by the secretary-treasurer when by him deemed necessary or advisable, and he shall call a meeting when petitioned to do so by sixty-six and two-thirds percent (66 2/3%) of the members of said association who are in good standing.

Article 15. The secretary-treasurer shall, upon satisfactory evidence that membership was granted to any person not qualified at the time of entry as provided under Article 3 of these bylaws, refund any amounts paid as assessment, and shall remove the name from the membership roll.

Article 16. Any member may pay any number of assessments in advance, in which case such member will not be further assessed until a like number of assessments shall have been levied against the remaining membership.

Article 17. No person may maintain active membership in two or more separate burial associations. Any person who is found to have membership in two or more separate burial associations shall forfeit all benefits and fees paid in all associations of which he is a member except in the association which he first joined and of which he is still then a member. A person is not a member of an association for purposes of this Article if he has discontinued his membership in such association or if such association has been placed in liquidation.

Article 18. Each year, before the annual meeting of the membership of this association, the association shall cause to be published in a newspaper of general circulation in the county in which such association has its principal place of business,

or shall cause to be mailed to each member in good standing a statement showing total income collected, expenses paid and burial benefits provided for by such association during the next preceding year.

Article 19. These rules and bylaws shall not be modified, canceled or abridged by any association or other authority except by act of the General Assembly of North Carolina."

Section 5. Effective January 1, 1998, the phrases "North Carolina Mutual Burial Association Commission", "Mutual Burial Association Commission", and "Burial Association Administrator" are deleted and then replaced by the phrase "Board of Mortuary Science" wherever they occur in Part 13 of Article 10 of Chapter 145B of the General Statutes. The words "Commission" and "Administrator" are deleted and then replaced by the word "Board" wherever they occur in Part 13 of Article 10 of Chapter 145B of the General Statutes.

Section 6. Effective January 1, 1998, the pronouns "he" and "his", when referring to the Burial Association Administrator, are deleted wherever they occur in Part 13 of Article 10 of Chapter 143B of the General Statutes and are replaced, respectively, by the pronouns "it" and "its".

Section 7. (a) Effective January 1, 1998, references in the Session Laws to the North Carolina Mutual Burial Association Commission or the Burial Association Administrator shall be deemed to refer to the Board of Mortuary Science. Every Session Law that refers to the North Carolina Mutual Burial Association Commission or the Burial Association Administrator and that relates to any power, duty, function, or obligation of the Commission or the Administrator that continues in effect after the provisions of this act become effective shall be construed in a manner consistent with this act.

(b) The Revisor of Statutes may, on and after the effective date of this act, correct any reference or citation in the General Statutes that is amended by this act by deleting incorrect references and substituting correct references.

(c) The Revisor of Statutes may, on and after the first day of January 1998, delete any reference to the North Carolina Mutual Burial Association Commission or to the Burial Association Administrator in any portion of the General Statutes to which conforming amendments are not made by this act and substitute, as appropriate and consistent with this act, any of the following terms: North Carolina Board of Mortuary Science, Board of Mortuary Science, or Board.

Section 8. Every act of the North Carolina Mutual Burial Association Commission and the Burial Association Administrator that occurred prior to the date this act becomes law or to the date that provisions of this act become effective, and which is otherwise valid, continues to be valid and effective, notwithstanding any change in name or transfer of authority, powers, duties, and functions by this act.

Section 9. This act is effective when it becomes law.

MEMORANDUM

TO: Senate Commerce Committee

FROM: Linwood Jones, Staff Counsel

RE: Senate Bill 930 (Abolish Burial Commission)

Senate Bill 930 abolishes the North Carolina Mutual Burial Association Commission. The Commission and the Burial Administrator supervise burial associations in North Carolina to ensure that they are financially solvent and can pay the benefits owed to their members. The preamble to the bill notes that because many of the mutual burial associations have either merged or sold out to insurance companies, it is unlikely that the remainder can financially support the Mutual Burial Association Commission and Burial Administrator. The responsibility for overseeing the remaining burial associations would be transferred to the Board of Mortuary Science.

The abolition of the Commission is contained in Sections 1 and 2. (Section 2 repeals laws relating to the Commission's structure and membership (G.S. 143B-472 and -472.1). Sections 3 and 4 make conforming changes to a couple of statutes. Sections 5 through 8 complete the transfer of duties from the Commission and Burial Administrator to the Board of Mortuary Science by allowing for all other statutes to be conformed, including the law that provides for the assessment of the burial associations for the support of the Burial Administrator (G.S. 143B-472.5).

This bill takes effect January 1, 1998.

MEMORANDUM

TO: Senate Commerce Committee

FROM: Linwood Jones, Staff Counsel

RE: Senate Bill 1044 (Private Personnel Service Fees)

Senate Bill 1044 authorizes private personnel services to charge their applicants a registration fee for information or services that may lead to employment for the applicant. This fee is separate from the charges for employment placement services provided by the private personnel services. Registration fees are currently not allowed.

Section 2 provides that the $10,000 surety bond that is already required of these entities must be in an amount sufficient to refund unearned registration fees or $10,000, whichever is higher. The bond protects applicants' interest in refunds if the private personnel service goes out of business or fails to render services covered by the registration fee.

Section 3 prohibits a private personnel service from accepting a registration fee unless it has a surety bond in the appropriate amount on deposit with the Commissioner of Labor.

The bill takes effect upon becoming law.

A BILL TO BE ENTITLED

AN ACT TO PROMOTE COMPETITION, CHOICE, AND AVAILABILITY IN THE PURCHASE OF PRESCRIPTION DRUGS AND PHARMACEUTICAL SERVICES.

The General Assembly of North Carolina enacts:

Section 1. Article 51 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-51-37A. Prescription drugs and pharmaceutical services benefits.**

(a) This section applies only to health benefit plans that provide benefits for prescription drugs and pharmaceutical services.

(b) The purposes of this section are:

(1) To promote competition among and continued availability of retail pharmacies who redeem benefits for prescription drugs and pharmaceutical services provided to consumers by a health benefit plan or insurance certificate.

(2) To prohibit anticompetitive restrictions in pharmacy provider contracts between a pharmacy and a health benefit plan, insurer or third-party administrator.

(3) To enable a pharmacy to establish without restriction its prices for both prescription drugs and pharmaceutical services, as well as to control its hours of operation.

(4) To further ensure that consumers may redeem prescription drug and pharmaceutical services benefits allowed by a health benefit plan or an insurer at the pharmacy of the beneficiary's choice.

(5) To continue to enable a health benefit plan, insurer or third-party administrator to establish prescription drug and pharmaceutical services benefits it provides to its beneficiaries or insureds, so long as in so doing it does not interfere with the right of the pharmacy to establish its own price or charge for the drug or service.

(c) As used in this section:

(1) 'Benefit' or 'benefits' means a benefit for either prescription drugs or pharmaceutical services, or both, provided by a health benefit plan or an insurer.

(2) 'Drug' or 'prescription drug' means any substance subject to the Federal Food, Drug and Cosmetic Act, 21 U.S.C. G.S. 301-395, as amended.

(3) 'Health benefit plan' means an accident and health insurance policy or certificate; a nonprofit service corporation contract; a health maintenance organization subscriber contract; a plan provided by a multiple employer welfare arrangement; coverage provided by an employer under G.S. 97-93; or a plan provided by another benefit arrangement, to the extent permitted by the Employee Retirement Income Security Act of 1974, as amended, or by any waiver of or other exception to the act provided under federal law or regulation. 'Health benefit plan' does not mean accident only insurance, or credit insurance, or disability income insurance.

(4) 'Insurer' means any entity that provides or offers a health benefit plan, including, but not limited to, an entity subject to Article 49, Article 65, or Article 67 of this Chapter.

(5) 'Pharmacy' means a pharmacy required by Article 4A of Chapter 90 of the General Statutes to be registered with the North Carolina Board of Pharmacy. Unless otherwise expressly provided in this section, the term 'pharmacy' also means a pharmacy that redeems benefits under a health benefit plan, insurer, or third-party administrator through a pharmacy provider contract or otherwise.

(6) 'Pharmacy provider contract' means a contract or agreement between a pharmacy and a health benefit plan, an insurer or a third-party administrator under which the pharmacy agrees to redeem prescription drug and pharmaceutical services benefits provided by a health benefit plan or insurer to the subscribers or beneficiaries of the plan or health insurance certificate.

(7) 'Third-party administrator' means a person who directly or indirectly solicits or effects coverage of, underwrites, collects

charges or premiums, or adjusts or settles claims in connection with a health benefit plan.

(d) Notwithstanding G.S. 58-51-37, a health benefit plan, insurer, third-party administrator, or other entity shall not, directly or indirectly, restrict or prohibit a pharmacy from establishing its charge or price for prescription drugs and pharmaceutical services, or both, or its hours of operation.

(e) Subject to the provisions of this section, a benefit for prescription drugs or pharmaceutical services or both may be redeemed by the beneficiary at any pharmacy of the beneficiary's choice.

(f) A health benefit plan, insurer, third-party administrator, or other person or entity providing benefits may not, directly or indirectly, restrict, induce, or financially coerce the beneficiary's choice of pharmacy.

(g) Notwithstanding G.S. 58-51-37, if the charge or price established by the pharmacy for a prescription drug or pharmaceutical service, or both, is greater than the benefit allowed by the health benefit plan or insurer for the drug or service, then the beneficiary is responsible for paying the pharmacy the difference between the benefit and the charge or price of the pharmacy for the prescription drug or pharmaceutical service, or both.

(h) A health benefit plan, insurer, or third-party administrator shall not restrict or prohibit, directly or indirectly, a pharmacy from charging the beneficiary for services rendered by the pharmacy that are in addition to charges for the drug, for dispensing the drug, or for patient counseling. Any provision of a pharmacy provider contract that restricts a pharmacy from charging and collecting for the additional service or services is unenforceable to the extent of the conflict.

(i) A health benefit plan, insurer, or third-party administrator shall not do any act which promotes or recommends, directly or indirectly, one pharmacy, group of pharmacies, or other entity over any other pharmacy, group of pharmacies, or other entity, as a source for redeeming benefits to beneficiaries under a health benefit plan, when the purpose of the act is to influence a beneficiary's choice of pharmacy or when the health benefit plan, insurer, or third-party administrator has a financial interest in the choice of pharmacy or in the redeemed benefit transaction. Acts prohibited under this subsection include, but are not limited to:

(1) Reimbursing one pharmacy, group of pharmacies, or other entity for benefits at a reimbursement rate different from that allowed to another pharmacy, or group of pharmacies, or other entity under the plan for the identical prescription drugs or pharmaceutical services, or both, covered by the benefit; or

(2) Directly or indirectly influencing, or attempting to influence, a beneficiary's choice of pharmacy through communications to the beneficiary where an opinion or judgment is expressed as to what a pharmacy's charge or price should be, or as to what a beneficiary's co-payment difference should be; or

(3) By agreement or otherwise, recommending, requiring, coercing or inducing a beneficiary to redeem a benefit at a particular pharmacy, group of pharmacies, or other entity.

(j) The health benefit plan or the insurer shall inform all beneficiaries under the plan that benefits may be redeemed at any pharmacy which the beneficiary chooses. This information shall be communicated through reasonable means on a timely basis and at regular intervals. This information shall also be included in the written summary or description of the health benefit plan or insurance, as well as other written communications furnished to beneficiaries where benefits are mentioned. If the health benefit plan, insurer, or third-party administrator furnishes to a beneficiary the names of pharmacies where benefits may be redeemed, then all pharmacies in the county or area of the State where the beneficiary resides must be included.

(k) A pharmacy eligible to redeem benefits under a health benefit plan may announce and advertise that eligibility in a commercially reasonable manner.

(l) Penalties:

(1) The Commissioner of Insurance shall not approve any health benefit plan or policy providing prescription drug or pharmaceutical services benefits that does not conform to the provisions of this section.

(2) Any provision of a health benefit plan that is executed, delivered, or renewed or otherwise contracted for in this State that is in conflict with any provision of this section shall be void, to the extent of the conflict.

(3) Any provision of a pharmacy provider contract between a health benefit plan, or insurer, or third-party administrator, or other person subject to the provisions of this section and a pharmacy, or pharmacist licensed under Article 4A of Chapter 90 of the General Statutes, that is in conflict with this section is void to the extent of the conflict.

(4) A violation of this section creates a civil cause of action for damages or injunctive relief in favor of any person, pharmacy, or other entity aggrieved by the violation.

(5) The Commissioner of Insurance shall investigate and sanction any person, health benefit plan, insurer, third-party administrator, or other person that violates the provisions of this section, pursuant to Chapter 58 and other applicable law.

(6) A health benefit plan or insurer or third-party administrator, or other person that violates this section shall be subject to the provisions of G.S. 58-2-70 concerning civil penalties, restitution and summary suspension of license or certificate; provided, however, if pursuant to G.S. 58-2-70(d), monetary civil penalties are directed by the Commissioner, for the purposes of this section, these penalties shall not be less than one thousand dollars ($1,000) per day, nor more than ten thousand dollars ($10,000) per day.

(7) If the Commissioner has reason to believe that a health benefit plan, insurer, third-party administrator, or other person or entity has failed to comply, the Commissioner shall issue and serve upon the person or entity a statement of the charges in that respect and a notice of hearing to be held at the time and place fixed in the notice, which shall not be less than 10 days after the date of service of the notice. If, after hearing, the Commissioner finds that the person or entity is in violation of this section, the Commissioner shall reduce the finding to writing and issue and serve upon the person or entity an order requiring the person or entity to cease and desist from engaging in the violation. A person or entity required to cease and desist pursuant to this section may obtain a review of the cease and desist order in accordance with the procedures set forth in G.S. 58-63-35.

(8) The Commissioner of Insurance shall have the authority granted by this Chapter to enforce violations of this section, including additional authority provided in this section.

(9) The Attorney General shall bring such actions as are necessary to enforce or prevent violations of this section, either through representation of the Commissioner of Insurance or otherwise."

Section 2. If any provision of this act or the application of this act to any person or circumstance is held invalid, the other provisions or applications of this act shall be given effect without the invalid provisions or applications.

Section 3. This act applies to every health benefit plan as defined in Section 1 of this act that is delivered, issued for delivery, or renewed on or after October 1, 1997. For purposes of this act, renewal of a health benefit plan is presumed to occur on each anniversary of the date on which coverage was first effective on the person or persons covered by the health benefit plan.

Section 4. This act becomes effective October 1, 1997.

MEMORANDUM

TO: Senate Commerce Committee

FROM: Linwood Jones, Committee Counsel

RE: Senate Bill 866 (Prescription Drugs/Competition)

Senate Bill 866 provides that insurers (including HMOs and other health benefit plans, other than self-funded plans exempt under ERISA) that cover prescription drugs and pharmaceutical services cannot do the following:

(1) Prohibit a pharmacy from establishing its price for drugs or services or its operating hours (*subsection d*)

(2) Prohibit the insured from selecting a pharmacy of his or her choice (*subsection e*) or induce or financially coerce the insured in making that choice (*subsection f*). In addition, the insurer cannot do anything that promotes or recommends a particular pharmacy or group of pharmacies if the purpose is to influence the insured's choice of pharmacy. The following acts would be specifically prohibited: (a) reimbursing one pharmacy or group of pharmacies at higher rates than others for the same drugs or services and (b) giving an opinion to the insured on what a pharmacy's price should be or what the insured's copayment should be for the purpose of influencing the insured's choice of a pharmacy (*subsection i*).

(3) Prohibit a pharmacy from charging the insured for additional services that it renders (*subsection h*).

In addition, the bill provides that the insured is responsible for paying the difference between the price of the drug or service and the amount that the insurer will pay (*subsection g*).

The insurer must notify all of its insureds that drug benefits and pharmaceutical services are covered at any pharmacy that the insured chooses. The insurer is to provide this notification to insureds at regular intervals and to publish it in the plan

summary and other materials that mention benefits. If the insurer lists any pharmacies for insureds to use, it must list all pharmacies in the county or area in which the insured lives (*subsection j*).

A pharmacy can advertise in a "commercially reasonable manner" that it can redeem an insured's benefits under the insured's health benefit plan (*subsection k*).

The bill provides that health benefit plan provisions and contract provisions between an insurer and pharmacist that conflict with this act are void. A violation of this act creates a claim for damages, creates grounds for sanctions by the Commissioner of Insurance, and subjects the insurer to restitution, license suspension, and monetary civil penalties ranging from $1,000 to $10,000 per day. The bill also provides for the issuance of cease and desist orders (following notice an and opportunity for hearing) against insurers that violate the act (*subsection l*).

The act takes effect October 1, 1997, and applies to health benefit plans issued or renewed on or after that date.

Senator R.C. Soles
Legislative Building Room 2022
Raleigh, NC 27601

Dear Senator Soles:

By this letter I am writing to ask for your support on **SB 866, Prescription Drugs/Competition.** Senator Rand has introduced this bill to help small independent pharmacies to continue to accept insurance contracts that require them to fill prescriptions below their actual purchase price.

Our independent pharmacist, who operate in a rural area, know that if they are forced out of business, few chain operators will find it worthwhile to purchase a store in an area of low population. This legislation will allow a consumer to choose to pay a slightly higher fee in order to deal with his local pharmacist. **This legislation will not interfere with the relationship between an insurance company and an insured. It simply allows a consumer to choose a pharmacist based on service and location, rather than on price alone.**

For example, according to the proposed bill, if an insurance company sets a "co-pay" at $5.00, the patient is only required to pay $5.00, regardless of the cost of the medication. However, the consumer may choose to frequent a pharmacy that provides other services, such as home delivery, charge accounts, or insurance filing - services that **are especially important to the elderly and those in rural areas.** For these additional important services, he may choose to pay his $5.00 co-pay plus a $2.00 fee for the service. This bill actually cuts both ways, a pharmacy may choose to decrease the cost of the co-pay in order to be more competitive with its competition.

These personal services are the soul of the independent pharmacy. Independent pharmacies are important to North Carolina consumers, and they are in danger of being lost forever. Passage of this legislation is good for consumers and pharmacists, and does no harm to the insurance industry.

Sincerely,

Fran E. Preston
President

MEMORANDUM

TO: Senator R. C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel

RE: **SENATE BILL 892 - DISSENTERS' RIGHTS** - Senator Soles

Senate Bill 892 would limit the right of certain shareholders to dissent from corporate actions and amends the law of offers to pay dissenters of corporate mergers.

Section 1 adds a new section to the corporate law which provides that shareholders in stock listed on a national stock exchanges or held by at least 2000 shareholders do not have a right of dissent at a meeting at which a plan of merger or share exchanges or the sale or exchange of the property is to be acted on unless the articles of incorporation provide otherwise or the plan of merger or share exchange requires the shareholder to accept anything other than cash, or shares and cash, for their interest in the corporation.

Section 2 amends the time in which the dissenter is entitle to be paid to limit the time to as soon as the proposed corporate action is taken or within 30 days of payment demand. Additionally the payment must be accompanied by an explanation of how the corporation estimated the fair value of the shares being acquired.

Section 3 amends the law that gives the dissenters the right to petition the court to determine the fair value of the corporation's shares. The change provides that if a dissenter fails to commence an action within 60 days of the date payment is made or the payment demand is made, the shareholder is deemed to have withdrawn his dissent and demand for payment.

The bill becomes effective October 1, 1997 and applies to corporate actions to which shareholders may dissent on or after that date.

SENATE BILL 408
Proposed Committee Substitute S408-CSLL-001

Short Title: Renewable Resource Energy. (Public)

March 18, 1997

A BILL TO BE ENTITLED

AN ACT TO ENHANCE, ENSURE, AND PROTECT THE PUBLIC'S RIGHT TO CONTINUED ACCESS TO RENEWABLE RESOURCE ENERGY GENERATED BY MINOR POWER PRODUCERS OF FIVE MEGAWATTS OR LESS BY DIRECTING THE UTILITIES COMMISSION TO ADOPT RULES ALLOWING RESIDENTIAL ELECTRIC CONSUMERS AND ELECTRIC COOPERATIVES TO PURCHASE POWER DIRECTLY FROM THOSE PRODUCERS.

Whereas, it is in the public interest to encourage small business development in the area of electric energy generation and to enhance the continued economic feasibility of the production of renewable energy at power production facilities producing five megawatts or less of electricity; and

Whereas, the operation of such power production facilities helps to curtail the need for facilities operating on fossil fuels; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. G.S. 62-3 is amended by adding a new subdivision to read:

"(16b) 'Minor power producer' means a person or corporation owning or operating a hydroelctric production facility using renewable resource energy with a power production capacity that does not exceed 5 megawatts of electricity,

and located at a dam existing prior to January 1, 1997."

Section 2. G.S. 62-3(23) is amended by adding a new sub-subdivision to read:

"k. The term 'public utility' shall not include a minor power producer as defined in subdivision (16b) of this section."

Section 3. Article 3 of Chapter 62 of the General Statutes is amended by adding a new section to read:

"§ 62-53. Electricity directly from minor power producers.

(a) The Commission shall adopt rules allowing residential electric consumers and electric cooperatives to purchase electric power generated by minor power producers directly from those producers. The Commission shall inform the general public of the availability of electric power directly from minor power producers.

(b) Rules adopted under this section shall require a public utility furnishing electric service to effect delivery of electric power produced by minor power producers with which the utility is interconnected to residential electric consumers or electric membership corporations and to charge those minor power producers just and reasonable fees for connection to the public utility's grid. This connection shall include metering of facilities necessary to measure in kilowatt hours the amount of power delivered to the utility grid by the minor power producer, payment of administrative costs directly related to the installation and maintenance of the physical facilities necessary to permit interconnected operation with the minor power producer, to the extent that those costs exceed the costs the public utility would have incurred in the absence of the minor power producer, and transmission, distribution, delivery, safety provisions, and other matters necessary to implement this section. The Commission shall determine the amount of and schedule for payments of interconnection costs, but the fee for interconnection shall not exceed twenty percent (20%) of the sale price of the electrical energy delivered by the public utility.

(c) A minor power producer may petition the Commission to establish the terms and conditions of interconnection with a public utility furnishing electric service. The Commission shall require the public utility to provide specifications sufficiently detailed to permit construction of the interconnection facility to a reasonable standard or instruct the public utility to accomplish the interconnection. The design and cost of the interconnection may not be discriminatory in relation to other

interconnection facilities of similar capacity and purpose. The cost of interconnection equipment and its installation shall be paid by the minor power producer requesting the interconnection.

(d) The sale price per kilowatt hour of electric power produced by a minor power producer and sold to a residential consumer shall be equal to the system-wide, average annual price approved by the Commission, including all ancillary charges, of residential electric power per kilowatt hour paid by residential consumers for the applicable utility. The sale price per kilowatt hour of electric power produced by a minor power producer and sold to an electric membership corporation shall be a negotiated price agreed upon by the purchasing electric membership corporation and the small power producer."

MEMORANDUM

TO: Senate Commerce Committtee

FROM: Linwood Jones, Staff Counsel

RE: Senate Bill 953 (Corporate Reinstatement)

Senate Bill 953 postpones until July 1, 1998 the law that will, when it takes effect, give a corporation two years from the time it was administratively dissolved to apply to the Secretary of State for reinstatement. The current law has no time limit for applying for reinstatement, but the two-year time limit is scheduled to come into effect July 1, 1997. The bill delays it one additional year.

The Secretary of State can administratively dissolve a corporation for failure to file its annual report, pay penalties and fees, maintain a registered agent, notify the Secretary of a change of agent, or respond to interrogatories from the Secretary. A corporation is given an opportunity to cure these problems to avoid administrative dissolution. A corporation can also be administratively dissolved if its corporate period of duration stated in its articles of incorporation has expired.

Note: The Senate Commerce Committee earlier this year approved a bill *(Senate Bill 158)* recommended by the General Statutes Commission that, among other things, gives corporations that are administratively dissolved *five* years in which to apply for reinstatement.

The General Assembly of North Carolina enacts:

Section 1. G.S. 53-166(a) reads as rewritten:

"(a) Scope. -- No person shall engage in the business of lending in amounts of ~~ten thousand dollars ($10,000)~~ twenty-five thousand dollars ($25,000) or less and contract for, exact, or receive, directly or indirectly, on or in connection with any such loan, any charges whether for interest, compensation, consideration, or expense, or any other purpose whatsoever, which in the aggregate are greater than permitted by Chapter 24, except as provided in and authorized by this Article, and without first having obtained a license from the Commissioner. ~~(2) With respect to a loan exceeding seven thousand five hundred dollars ($7,500), eighteen percent (18%) per annum on the outstanding principal balance.~~

In addition to the interest permitted in this section, a licensee may assess at closing a reasonable credit investigation charge as agreed upon by the parties, not to exceed the actual cost of the credit investigation; provided that such charges may not be assessed more than twice in any 12-month period. Section 3. G.S. 53-180(e) reads as rewritten:

Section 4. G.S. 53-182(b) reads as rewritten:

"(b) Upon payment of any loan in full, a licensee shall cancel and return to the borrower, within a reasonable length of time, originals or copies of any note, assignment, mortgage, deed of trust, or other instrument securing ~~such~~ the loan, which no longer secures any indebtedness of the borrower to the licensee."

Section 5. G.S. 53-184(a) reads as rewritten:

"(a) Each licensee shall maintain all books and records relating to loans made under this Article required by the Commissioner of Banks to be kept, and the Commissioner, ~~his~~ the Commissioner's deputy, or duly authorized examiner or agent or employee is authorized and empowered to examine ~~such~~ the records at any reasonable time. ~~Such books~~ Books and records may be maintained in the form of magnetic tape, magnetic ~~disk~~ disk, optical image disk, or other form of computer, electronic or microfilm media available for examination on the basis of computer printed reproduction, video display or other medium acceptable to the Commissioner of Banks; provided, however, that ~~such~~ the books and records so kept must be convertible into clearly legible tangible documents within a reasonable time. MEMORANDUM

TO: Senator R.C. Soles, Chairman, Senate Commerce Committee.

FROM: Karen Cochrane Brown, Committee Co-Counsel KCB

RE: **Senate Bill 819 - Downtown Database.**

Senate Bill 819 was recommended by the Downtown Revitalization Study Committee. The bill adds a provision to G.S. 143B-431 to require the Department of Commerce to maintain a computerized database of properties in downtown areas which are available for industrial recruitment. The information is to be available to the public, particularly to industry and local governments.

The Committee found that a database in the Department of Commerce of downtown properties available for industrial use would provide valuable assistance to industries interested in locating in downtown areas and to local governments in recruiting such businesses. Currently, there is no central location where such information can be obtained on a Statewide basis. The Committee concluded that since downtown areas already possess the water, sewer, electric. telecommunications and road infrastructures necessary for business and industry, the State's past investments in these infrastructures areas are well served by the recruitment of business to downtowns.

This act would become effective July 1, 1997.

MEMORANDUM

TO: Senator R.C. Soles, Chairman,
Senate Commerce Committee

FROM: Karen Cochrane Brown, Committee Co-Counsel

RE: **Senate Bill 565 - Variable Rate Loans.**

Senate Bill 565 amends several provision contained in Chapter 24 relating to interest rates. Section 1 of the bill amends G.S. 24-1.1(c) which deals with the contractual interest rate on certain loans of $25,000 or less. Currently, the law provides that if the parties agree to vary or adjust the rate during a month during the term of the loan, the maximum rate of interest shall be the rate announced by the Commissioner of Banks in the preceding calendar month. The Commissioner is authorized to set the rate on the fifteenth of each month for nonvariable rate loans. The Commissioner's rate shall be the greater of the rate for six month Treasury bills plus 6% (rounded to the nearest ½ of 1%) or 16%.

This bill would allow variable rates to be adjusted on a basis other than monthly. It provides that the maximum rate of interest permitted would be the greater of the rate announced by the Commissioner in the preceding calendar month or the calendar month preceding that in which the rate is varied or adjusted.

Section 2 of the bill repeals two sections of Chapter 24. G.S. 24-1.1C authorizes variable rate loans for manufactured home loans. A federal statute passed in 1982 superseded this section. It contains comparable consumer protections and is the law relied upon by lenders making such loans. G.S. 24-1.2 sets limits on the rate of interest and fees which may be charged on certain types of installment loans. If this section is repealed, installment loans will be subject to the rate and fee limitations applicable to contract loans under G.S. 24-1.1. Currently, the two sections contain identical rate and fee limitations. Copies of sections 24-1.1C and 24-1.2 are attached to this memorandum.

This act would become effective October 1, 1997 and apply to loans made on or after that date, and section 1 would apply to variations or adjustments in rates occurring on or after that date regardless of the date on which the loan was made.

§ 24-1.1B: Repealed by Session Laws 1979, c. 335.

§ 24-1.1C. Manufactured home loans; variable interest rate loans authorized.

(a) For the purposes of this section, the terms listed herein shall have the following meanings:

(1) "Lender" means a person regularly engaged in the business of selling or financing manufactured homes (i) who is an arranger of credit, or (ii) who regularly extends consumer credit that is subject to a finance charge or is payable by written agreement in more than four installments (not including a down payment) and to whom the obligation is initially payable, either on the face of the note or contract, or by agreement when there is no note or contract.

(2) "Interest" means finance charge expressed as an annual percentage rate. The finance charge is the cost of consumer credit as a dollar amount. It includes any charge payable directly or indirectly by the borrower or imposed directly or indirectly by the lender as an incident to or a condition of the extension of credit.

(3) "Manufactured home" shall mean a mobile home, as defined in G.S. 143-145(7), which is used as a residence, whether or not the home is affixed to real property.

(4) "Manufactured home loan" shall include both the credit sale of a manufactured home and a direct loan used to finance the purchase of a manufactured home, in which the seller or lender is secured by:

a. A security interest which is the first lien on a manufactured home and any personal property sold therewith as part of the home,

b. A first or second mortgage or deed of trust on real estate, or

c. A combination of these financing methods.

(b) A manufactured home loan may provide for a fixed rate of interest payable in substantially equal successive installments over a fixed term, or a manufactured home loan may provide that the rate of interest may be adjusted at certain regular intervals. In this latter event, the manufactured home loan shall be subject to the following provisions:

(1) Adjustments in the interest rate charged must be based on changes in a specific index, as set forth in the loan agreement, with the index base being fixed by the value of the index on the first day of the month in which the loan agreement is dated. The index may be only:

(2) Adjustments to the interest rate may not exceed one-half of one percent (1/2 of 1%) a year for any six-month period. If the stated regular interval for rate adjustments is a twelve-month period, or longer, rate adjustments may not exceed one percent (1%) a year.

(3) The rate of interest shall not increase or decrease during the six-month period beginning with the date of execution of the loan agreement, and at least six months shall elapse between changes.

(4) Adjustments (either up or down) to the rate of interest on each adjustment date shall, for the initial adjustment, be equal to the difference between the index value in effect on the first day of the second month preceding the adjustment date and the index value in effect on the first day of the month in which the loan is executed. For adjustments after the initial adjustment, adjustments shall be equal to the difference between the index value in effect on the first day of the second month preceding the adjustment date and the index value in effect on the first day of the second month preceding the date of the immediately preceding rate adjustment.

(5) Any increase in the rate of interest permitted by this section is optional with the lender. Decreases in the rate of interest are mandatory whenever the total decrease in the index value equals or exceeds one-fourth of one percentage point.

(5a) Any changes in the index which are not reflected in a rate adjustment may, by agreement of the parties, be carried over to subsequent rate adjustment periods, and, subject to the provisions of paragraph (b)(5) above, be implemented to the extent not offset by opposite movement in the index.

(6) By agreement of the parties, adjustments to the rate of interest may result in changes in the amount of regular installment payments due under the loan agreement, or in changes in the term of the loan agreement, or in a combination of such changes in amount and term.

(7) A lender shall allow a borrower to prepay in whole or in part at any time without a prepayment penalty.

(8) A lender may not charge any fees to, or assess any costs against, a borrower in connection with the processing of any rate adjustment, term adjustment or combination of rate and term adjustment.

(9) Before execution of a manufactured home loan agreement, the lender shall comply with all applicable requirements and disclosures pursuant to Part I of the Consumer Protection Act (Truth-In-Lending Act) 15 USC § 1601, et seq., as amended, and as implemented by Regulation Z promulgated by the Board of Governors of the Federal Reserve System. Except as otherwise provided in this Chapter or other applicable law, the parties to a loan, purchase money loan, advance, commitment for a loan, or forbearance, may contract in writing for the payment of interest not in excess of:

(1) On installment loans not exceeding five thousand dollars ($5,000), which are not secured by a security interest in any degree on real property, which are for periods of not less than six months nor more than 120 months, which are repayable in substantially equal consecutive monthly payments, which shall not be collected in advance, and which shall be computed monthly on the outstanding principal balance, the rate shall not exceed the rates set under subdivision (2a) of this section; provided, a minimum charge of ten dollars ($10.00) or one dollar ($1.00) per payment may be agreed to and charged in lieu of interest. The borrower may prepay all or any part of this loan without penalty. The due date of the first monthly payment shall not be more than 45 days following disbursement of funds under any such installment loan.

(2) On installment loans not exceeding twenty-five thousand dollars ($25,000), which are not secured by a first security instrument on real property, and which are payable at least quarterly in substantially equal payments of principal and interest, or in substantially equal payments of principal, the rate of interest, computed on the outstanding balance, shall not exceed the rate set under subdivision (2a) of this section: provided a minimum charge of ten dollars ($10.00) or one dollar ($1.00) per payment may be agreed to and charged in lieu of interest. The borrower may prepay all or any part of the loan without penalty.

(2a) On the fifteenth day of each month, the Commissioner of Banks shall announce and publish the maximum rate of interest permitted by subdivisions (1) and (2) of this section. Such rate shall be the latest published noncompetitive rate for U.S. Treasury bills with a six-month maturity as of the fifteenth day of the month plus six percent (6%), rounded upward or downward, as the case may be, to the nearest one-half of one percent (1/2 of 1%) or sixteen percent (16%), whichever is greater. If there is no nearest one-half of one percent (1/2 of 1%), the Commissioner shall round downward to the lower one-half of one percent (1/2 of 1%). The rate so announced shall be the maximum rate permitted for the term of loans made under this section during the following calendar month when the parties to such loans have agreed that the rate of interest to be charged by the lender and paid by the borrower shall not vary or be adjusted during the term of the loan. The parties to a loan made under this section may agree to a rate of interest

which shall vary or be adjusted during the term of the loan in which case the maximum rate of interest permitted on such loans during a month during the term of the loan shall be the rate announced by the Commissioner in the preceding calendar month.

(3), (4) Repealed by Session Laws 1979, c. 138, s. 3.

(5) Nothing in this section shall be construed to authorize the charging of interest on committed funds prior to the disbursement of said funds.

(6) Notwithstanding the foregoing provisions of this section, on an installment loan not exceeding twenty-five thousand dollars ($25,000) which is secured by a first lien on a residential manufactured home, the parties may contract in writing for the payment of interest as agreed upon by the parties; Provided, however, that this paragraph shall only apply if the parties would have been entitled to so contract by the provisions of section 501 of United States Public Law 96-221 and have complied with the regulations promulgated thereunder. The borrower may prepay all or any part of the loan without penalty.

For the purpose of this paragraph (6), a "residential manufactured home" means a mobile home as defined in G.S. 143-145(7) which is used as a dwelling.

(7) Any lender may charge a party to a loan or extension of credit governed by this section a fee for the modification, renewal, extension, or amendment of any terms of the loan or extension of credit, such fee not to exceed the greater of one quarter of one percent (1/4 of 1%) of the balance outstanding at the time of the modification, renewal, extension, or amendment of terms, or fifty dollars ($50.00).

(8) Any lender may charge a party to a loan or extension of credit not secured by real property governed by this section an origination fee not to exceed the greater of one quarter of one percent (1/4 of 1%) of the outstanding balance or fifty dollars ($50.00). (1969, c. 1303, s. 2; 1971, c. 448; c. 1122, ss. 1, 2; c. 1165; 1977, c. 778, ss. 2, 4; 1979, c. 138, ss. 2, 3; 1981, c. 464, s. 1; c. 934, s. 2; 1983, c. 126, s. 3; 1985, c. 663, s. 2; 1987, c. 853, s. 4; 1991, c. 506, s. 3.)

(4a) If an insurer receives notification from an insurance agent or premium finance company that the initial down payment for the premium being financed has been dishonored by a financial

institution or is otherwise unpaid, there is not a valid contract for insurance and the policy will be voided.

(5) Whenever an insurance contract is cancelled in accordance with this section, the insurer shall promptly return whatever gross unearned premiums are due under the contract to the insurance premium finance company effecting the cancellation for the benefit of the insured or ~~insureds.~~ insureds, no later than 30 days after the effective date of cancellation. Whenever the return premium is in excess of the amount due the insurance premium finance company by the insured under the agreement, the excess shall be remitted promptly to the order of the insured, subject to the minimum service charge provided for in this Article. In the event that a premium is subject to an audit to determine the final premium amount, the gross unearned premium shall be calculated upon the deposit premium and the insurer shall return the gross unearned premium to the premium finance company no later than 30 days after the effective date of cancellation.

(6) The provisions of this section relating to request for cancellation by the insurance premium finance company of an insurance contract and the return by an insurer of unearned premiums to the insurance premium finance company, also apply to the surrender by the insurance premium finance company of an insurance contract providing life insurance and the payment by the insurer of the cash value of the contract to the insurance premium finance company, except that the insurer may require the surrender of the insurance contract.

(7) The insurer shall not deduct from any return premiums any amount owed to the insurer for any other indebtedness owed to the insurer by the insured on any policy or policies other than those being financed under the premium finance agreement.

(8) In the event that the crediting of return premiums to the account of the insured results in a surplus over the amount due from the insured, the premium finance company shall refund the excess to the insured as soon as possible, but in no event later than 30 days of receipt of the return premium, provided that no refund shall be required if it is in an amount less than five dollars ($5.00). This subdivision does not relieve the premium finance company of its duty to report and deliver these unrefunded monies to the State Treasurer in accordance with G.S. 116B-29(b).

(9) In the event that a balance due the premium finance company remains on the account after the cancellation of the agreement, the outstanding balance may earn interest at the rate stated in the agreement until paid in full."

Section 7. G.S. 58-35-40 reads as rewritten:

"**§ 58-35-40. Rebates and inducements prohibited; assignment of insurance premium finance agreements.**

(a) No insurance premium finance ~~company, and no employee of such a~~ company shall pay, allow, or offer to pay or allow ~~in any manner whatsoever~~ payment to an insurance agent ~~or any employee of an insurance agent,~~ or to any other person, ~~or as an inducement to the financing of an insurance policy with the insurance premium finance company or after any such policy has been financed,~~ and no insurance agent or other person shall accept from a company, any rebate whatsoever, either from the service charge for financing specified in the insurance premium finance agreement or ~~otherwise, or~~ otherwise. No insurance premium finance company shall pay, allow, or offer to pay or allow payment to an insurance agent, and no insurance agent shall accept from a company, a rebate as an inducement to the financing of an insurance policy with the company. No insurance premium finance company shall give or offer to give to an insurance agent, and no insurance agent shall accept from a company, any valuable consideration or inducement of any ~~kind~~ kind, directly or indirectly, other than an article of merchandise not exceeding one dollar ($1.00) in value which shall have thereon the advertisement of the insurance premium finance ~~company; but an~~ company. An insurance premium finance company may purchase or otherwise acquire an insurance premium finance agreement ~~provided that it conforms to this Article in all respects,~~ from another insurance premium finance company with recourse against the insurance premium finance company on such terms and conditions as may be mutually agreed upon by the parties, if the agreement complies with the requirements of this Article. ~~and such terms~~ The terms and conditions of the agreement shall be subject to the approval of the Commissioner.

(b) No filing of the assignment or notice thereof to the insured shall be necessary to the validity of the written assignment of an insurance premium finance agreement as against creditors or subsequent purchases, pledges, or encumbrancers of the assignor.

(c) As used in this section, the term 'insurance premium finance company' includes employees of the company and the term 'insurance agent' includes employees of the insurance agent. The word 'company' means an insurance premium finance company."

Section 8. This act becomes effective October 1, 1997, and applies to premium finance agreements or contracts entered into on or after that date.

MEMORANDUM

TO: Senator R.C. Soles, Jr., Chairman
Commerce Committee

FROM: Linwood Jones

RE: Senate Bill 577 - Proposed Committee Susbtitute
(Insurance Premium Financing)

Senate Bill 577 makes several changes to the laws regulating insurance premium financing companies and insurance premium financing agreements.

Section 1 allows premium financing companies to use microfilm , microfiche, and imaging systems, in addition to photographic reproductions, to store records that are required to be kept on file for inspection by the Commissioner. Current law allows only the originals and photographic reproductions.

Section 2 eliminates the requirement that the text of the premium financing agreement be in 8-point type and instead allows the Commissioner of Insurance to set the type size by rule. This section also makes several technical and grammatical changes to the law that sets out the required contents of a premium financing agreement and allows the agreement to list any mailing address specified by the insured (in lieu of the insured's residence or place of business).

Section 3 provides that when the insured finances more than one insurance contract under a premium financing agreement, the service charge is computed from the earlier of the date the premium was advanced and the inception date of the insurance contract.

Section 4 provides that the premium financing company or agent can have the agreement delivered to the insured before the due date of the first installment payment. Current law requires the company or agent to deliver it.

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

Section 5 provides that when the amount of a refund credit for anticipation of payment is less than $5.00, no refund is required to be made. Under current law, this threshold is $1.00. The unrefunded money goes to the escheat fund at the State Treasurer's ofice.

Section 6 allows the premium financing company to notify the insured of cancellation of its insurance contract (assuming the premium financing company has been authorized to cancel) by mail, personal delivery, e-mail, and fax. Currently, the delivery must be by mail. The premium financing company, in its request to the insurer to cancel the insurance contract, must specify the effective date of cancellation. The insurer must cancel it effective that date. A copy of this request must also be sent to the agent. An insurance policy is considered invalid and void if the agent or premium financing company informs the insurer that the initial down payment for the premium has been dishonored.

Section 6 also requires that the return of unearned premiums from the insurer to the premium financing company when the insurance policy is canceled must be refunded within 30 days of the effective date of the cancellation. If the premium is subject to an audit to determine the final premium amount, the gross unearned premium will be calculated on the deposit premium. The insurer cannot offset the return premiums against other debts that the insured owes the insurer on other policies. If the return premiums credited to the insured exceed what the insured owes by $5.00 or more, the premium finance company must refund the excess to the insured as soon as possible and in any event within 30 days. An unpaid balance owed by the insured after cancellation of his or her policy earns interest at the rate specified in the agreement.

Section 7 rewrites the anti-rebate law for insurance premium financing. The current law prohibits premium financing companies and their employees from offering a rebate or any other kind of inducement to an agent, an agent's employee, or any other person as an inducement to the financing of the premium with that company. The bill restates this prohibition in a different manner.

Section 8 makes this act effective October 1, 1997, and applicable to premium finance agreements entered into on or after that date.

INSURANCE PREMIUM FINANCING

WHAT IS A PREMIUM FINANCE COMPANY?

It is a company that is licensed and regulated and which provides financing for customers of insurance agents in North Carolina, principally in the area of automobile liability and collision, and fire and casualty insurance policies.

IS PREMIUM FINANCING IMPORTANT?

This system is very important to the consumer who does not have the money to pay for the policy or who does not have credit standing to borrow from a bank. Because this financing is available, there are fewer motorists driving uninşured on the highways.

This system is also important to some of the small businessmen who finance casualty or other premiums with a premium finance company and keep their regular lines of credit open at banks for other purposes.

HOW DOES IT WORK?

A customer purchases a liability or casualty insurance policy from his agent. The customer then has the choice of paying the premium from (a) funds on hand; (b) on open account with the agent; (c) borrowing the money; or (d) using the premium finance method.

A premium financing contract can include one or more than one insurance policy premiums. A customer may finance the liability and collision insurance coverages plus the fire and casualty coverage on his house in a single premium finance contract. About 6% of the automobile liability and other fire and casualty policies purchased in this state are financed through the premium finance method. In 1995, there were 917,966 contracts financed through this system in North Carolina. The premium finance industry is a very specialized industry that offers an alternative to other means of financing insurance contracts.

The agent requires a down payment of approximate 20% to 35% of the premium, and the customer can finance the balance for approximately six to eight months. Upon receipt of the papers from the agent, the company will mail the agent the balance of the premium, and the agent can immediately pay the company. The policyholder then pays the monthly premium to the premium finance company.
The first premium is due in 30 days, and monthly thereafter. If a payment is not made, it takes about 25 days to go through the notice process for a delinquent payment, and where a policy is canceled for a delinquent payment, and where a policy is canceled for non-payment, it takes about 60 days to process the paperwork and to receive a returned premium from the agent.

The cancellation rate is about 22% and the bad debt loss runs about 18%.

An employee who is aggrieved by a violation of this subsection may bring an action for damages and reasonable attorneys' fees.

(e) Statement of Payments. -- Within 15 days after the defendant garnishee has remitted payment to the judgment creditor, the judgment creditor shall furnish the defendant garnishee, the judgment debtor, and the clerk of court a written statement showing all payments that were credited to the account of the judgment debtor during that month.

(i) Public Wages. -- Wages paid by a city, county, State, or local government authority are subject to this section in the same manner as the wages of a private person."

Section 3. Article 70 of Chapter 58 of the General Statutes is amended by adding a new section to read:

RE: **PROPOSED COMMITTEE SUBSTITUTE FOR SENATE BILL 740 - GARNISHMENT TO SATISFY JUDGMENTS** - Senator Rand.

The Proposed Committee Substitute for Senate Bill 740 would expand the law of garnishment to permit a judgment creditor to garnish a portion of the judgment debtors wages to be applied towards the satisfaction of the judgment owed.

The current law only permits regular garnishment of wages in a few limited circumstances including for child support payments and taxes, and permits garnishment for other judgments only on earnings more than 60 days due if the earnings are necessary for the use of a family supported wholly or partly by the debtor's labor which makes garnishment impractical and unproductive in most situtations.

This bill would authorize garnishment of wages in excess of 30 times the federal minimum hourly wage per work week or 75% of the debtor's net income, whichever is greater. Section 2 creates a new Article in Chapter 1C which sets out the procedures for garnishment. Under these provisions, once a judgment is obtained for money damages, a judgment creditor may ask the clerk to issue an order of garnishment to the debtor's employer, directing the employer to withhold from the debtor's wages the non-exempt portion of the debtor's pay. This withheld amount is to be sent directly to the creditor to be applied towards the judgment. The employer is entitled to a fee for processing the garnishment of 2% of the amount withheld or $5.00, whichever is greater. The debtor has a right to object to the garnishment and may have a hearing before the clerk to determine the validity of the garnishment.

Section 2 also establishes the priorities for multiple garnishment claims and sets out the priority for applying payments received. Once the judgment is satisfied, the judgment creditor must notify the employer and the clerk. This procedure applies to wages paid to governmental employees as well as private employees.

Section 3 prohibits retaliation by an employer against an employee whose wages are being garnished.

The bill becomes effective October 1, 1997 and applies to civil action filed on or after that date.

OVERVIEW OF SB 740

Garnishment To Satisfy Judgments

I. When a person or business is owed a debt that remains delinquent, he may file suit and obtain a "judgment." This judgment is often viewed as a useless piece of paper, this legislation endeavors to provide a remedy to the person who holds this "useless" piece of paper.

II. Protects "Living" Wages

Consistent with federal laws, this bill places a "floor" on the amount of wages that may be garnished to satisfy judgments. Earnings equal to or below 30 times the federal minimum hourly wage per work week or 75% of the debtor's net income, whichever is greater, **cannot** be garnished to satisfy judgments. Example: For an employee who "takes home" $200 per week, $154.50 is exempt from any and all forms of garnishment, or $45.50 is the maximum amount that can be garnished.

III. Process

The bill provides for a new way to collect court authorized judgments while at the same time not overburdening the court system.

To achieve this goal, the bill requires the employer to make payment directly to the creditor. The judgment holder is required to notify the clerk of court and the employer when the judgment is satisfied.

IV. Protects Child Support Garnishment

SB 740 states that the garnishment for child support and taxes shall always have priority over a garnishment for judgment.

V. Protects Employee from Being Fired Because His Wages are Being Garnished

The bill specifically states that an employee cannot be fired because of garnishment of his/her wages.

VI. Provides for More Efficient Collection of Debts

Bill allows small businesses, who often do not have the manpower to collect their own accounts, to assign their accounts to a collection agency for suit.

Dear Senator Rand:

It is our understanding that the Senate is considering a bill which you have introduced which would enact a garnishment law in North Carolina.

Virginia has had a garnishment law for decades. It is a relatively simple procedure which has not generated undue hardship for Virginia employers who are quite accustomed to it. Indeed, some employers use the procedure to collect debts.

In the seven years that I have been with the Virginia Chamber, no employer has raised a complaint. I have consulted with my colleagues with the Virginia Manufacturers Association, the Virginia Retail Merchants Association, the Virginia Auto Dealers Association, and the Virginia Hospitality and Travel Association. None have received complaints. It simply is not an issue for employers in Virginia.

I hope this information is helpful as the legislature considers a similar law in North Carolina.

With kind regards, I am

Very truly yours,

Dear Senator Rand,

Earlier this month, on April 6th and 7th, over 200 small business owners from all regions of our State gathered for the North Carolina Governor's Conference on Small Business. The purpose of this meeting was to address the priorities for changes needed to improve the climate for business success in North Carolina. I thought that you should know that one of the top priorities recommended by the delegates to the conference was the need for a wage garnishment law to allow North Carolina business owners to collect debts owed to them by customers.

As a small business owner I know well the difficulties encountered when a customer fails to pay for goods purchased on credit. To the business owner, it's as if a thief came into your store and stole your merchandise! I urge that you and your colleagues support legislation that will allow small business owners to seek wage garnishment for debts rightfully owed to them.

Please feel free to call me if I can answer any questions regarding this matter.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE GARNISHMENT OF WAGES AS AN ADDITIONAL MEANS OF SATISFYING JUDGMENTS IN CIVIL ACTIONS AND TO AUTHORIZE COLLECTION AGENCIES TO TAKE AN ASSIGNMENT OF CLAIMS AS REAL PARTIES IN INTEREST FOR THE PURPOSE OF BILLING, COLLECTION, AND BRINGING SUITS.

Whereas, four states allow garnishment of commercial debts; and

Whereas, personal bankruptcy has increased 35% in North Carolina since 1995; and

Whereas, the United States federal government allows wage garnishment of civil service employees; and

Whereas, garnishment of wages is allowed in North Carolina regarding judgments ordering the payment of hospital bills, ambulance charges, and child support; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. G.S. 1-362 reads as rewritten:

"**§ 1-362. Debtor's property ordered sold.**

The court or judge may order any property, whether subject or not to be sold under execution (except the homestead and personal property exemptions of the judgment debtor), in the hands of the judgment debtor or of any other person, or due to the judgment debtor, to be applied towards the satisfaction of the ~~judgment; except~~

~~that the~~ judgment. The earnings of the debtor for ~~his~~ the debtor's personal ~~services, at any time within 60 days next preceding the order, cannot be so applied when it appears, by the debtor's affidavit or otherwise, that these earnings are necessary for the use of a family supported wholly or partly by his labor~~ services shall not be subject to attachment or garnishment in excess of 30 times the federal minimum hourly wage or seventy-five percent (75%) of the debtor's net income, whichever is greater."

Section 2. Part 3 of Article 35 of Chapter 1 of the General Statutes is amended by adding a new section to read:

"**§ 1-440.18A. Levy on wages in possession of defendant garnishee.**

(a) Levy on Wages. -- The sheriff shall levy on the debtor's wages in the possession of the defendant garnishee to the extent allowed under G.S. 1-362. The levy shall continue until the debt is satisfied. The defendant garnishee shall withhold the attachable wages payable to the debtor and shall remit the amount withheld directly to the creditor within 15 days of the last wage pay period of each month. The defendant garnishee shall be entitled to deduct from each employee any extra costs incurred to record these transactions, not to exceed two percent (2%) of the amount of money collected under this section.

(b) Order of Wage Attachments. -- Attachments shall be satisfied in the following order, beginning with highest priority:

(1) Attachment for child support.

(2) Attachment by a governmental entity.

(3) Attachment by other entities.

If an employer is served with more than one attachment of the same order of priority against the same judgment debtor, then the attachments shall be satisfied in the order in which they were served. Each prior attachment shall be satisfied before any effect is given to a subsequent attachment.

(c) Lapse of Attachment. -- If a judgment debtor resigns or is dismissed from employment while an attachment on the debtor's wages is wholly or partially unsatisfied, the attachment shall lapse unless the judgment debtor is reinstated or reemployed within 90 days from the date of dismissal.

(d) Prohibition. -- No employer shall discharge an employee because the employee's wages are being garnished. An employer who violates this subsection may be adjudged in contempt of court and subject to a fine of up to five hundred dollars ($500.00). An employee who is aggrieved by a violation of this subsection may bring an action for damages and reasonable attorneys' fees.

(e) Statement of Payments. -- Within 15 days after the defendant garnishee has remitted payment to the judgment creditor, the judgment creditor shall furnish the defendant garnishee, the judgment debtor, and the clerk of court a written statement showing all payments that were credited to the account of the judgment debtor during that month.

(f) Notice of Satisfaction. -- The judgment creditor shall, within seven business days after satisfaction of the total amount due under the judgment, including interest and costs of the judgment, notify the defendant garnishee in writing that the order of

wage attachments is satisfied. The judgment creditor shall, within 30 days after satisfaction of the total amount due under the judgment, including interest and costs of the judgment, notify the clerk of court in writing that the order of wage attachments is satisfied.

(g) Application of Payments Received. -- All payments received by a judgment creditor shall be credited in the following order, beginning with the first:

(1) Against the record costs of the judgment and attachment orders.

(2) Against the accrued interest on the unpaid balance of the judgment, if any.

(3) Against the principal amount of the judgment.

(4) Against any attorneys' fees and costs actually assessed.

(h) Failure to Comply. -- If the judgment creditor fails to comply with this section, the court may, upon request, set aside the attachment and order the judgment creditor to pay reasonable attorneys' fees and court costs of the party seeking to set aside the attachment.

(i) Public Wages. -- Wages paid by a city, county, State, or local government authority are subject to this section in the same manner as the wages of a private person."

Section 3. Article 70 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-7-121. Assignments.**

Nothing in this Article prevents a collection agency from taking an assignment of a claim in its own name as a real party in interest for the purpose of billing, collection, and filing a civil action. No civil action under this section may be instituted on behalf of a collection agency in any court unless an attorney makes an appearance for the collection agency."

MEMORANDUM

TO: Senator R.C. Soles, Chairman, Senate Commerce Committee

FROM: Karen Cochrane Brown, Committee Co-Counsel KCB

RE: **Senate Bill 821 - Housing Trust Fund/Downtown.**

Senate Bill 821 directs the Housing Finance Agency to examine the use of funds from the Housing Trust Fund in downtown areas. The bill requires the Fund to report to the Joint Legislative Commission on Governmental Operations on or before July 1, 1998 on the use of funds in downtown areas including the number and location of projects financed from the Fund in downtown areas.

This bill is a recommendation of the LRC Downtown Revitalization Study Committee, which noted that the Housing Trust Fund was created to assist people of low and moderate incomes to obtain decent, affordable and energy efficient housing. The Committee found that the Fund could play a role in stimulating housing growth in the State's downtown areas and that it merits close examination by the Housing Finance Agency.

This act would become effective July 1, 1997.

MEMORANDUM

TO: Senate Committee on Commerce

FROM: Steven Rose, Committee Counsel for Public Utilities

RE: Proposed Committee Substitute for Senate Bill 1013; Encourage renewable energy

The proposed committee substitute for Senate Bill 1013 does the following:

Section 1 is a finding by the General Assembly in favor of voluntary, incentive-based programs by electric utilities that would promote renewable energy and energy efficiency during the time period prior to deregulation or restructuring of the electric utility industry.

Section 2 adds a new G.S. 62-303 that authorizes electric utilities to pursue new renewable energy and energy efficiency initiatives and receive credit against future requirements imposed by deregulation or restructuring. It also allows "rate-basing" of the utilities' annual expenses associated with such programs. The Utilities Commission is required to adopt rules for awarding the energy credits. The formula for calculating the energy credits is found in G.S. 62-303. In the event deregulation or restructuring does not occur by June 30, 2003 the value of the sustainable energy credits may be recovered by the electric utilities through "rate-basing" without approval of the Commission. Under present law, nothing may be added to the rate-base without prior approval of the Commission.

Sections 3 and 4 add definitions of "renewable energy" and "energy efficiency" to G.S. 62-3.

Section 5 of the bill provides that the North Carolina Solar Center at North Carolina State University shall provide clarification and interpretation on renewable energy technologies and the Energy Division of the Department of Commerce shall do the same on energy efficiency technologies. The section does not specify who the recipient of this clarification and interpretation will be.

The act becomes effective July 1, 1997.

A BILL TO BE ENTITLED

AN ACT TO ENCOURAGE NORTH CAROLINA'S ELECTRIC UTILITIES TO IMPLEMENT RENEWABLE ENERGIES AND ENERGY EFFICIENCY BY AUTHORIZING SUSTAINABLE ENERGY CREDITS FOR ELECTRIC UTILITIES THAT PURSUE NEW RENEWABLE ENERGY AND ENERGY EFFICIENCY INITIATIVES.

Section 1. The General Assembly finds that the State of North Carolina would benefit from a voluntary, incentive-based program under which the electric utilities servicing the State receive credit for conducting new renewable energy and energy efficiency initiatives during the time period prior to deregulation or restructuring of the electric utility industry in North Carolina.

Section 2. Chapter 62 of the General Statutes is amended by adding a new section to read:

"**§ 62-303. Renewable energy and energy efficiency.**

(a) An electric utility may elect to pursue new renewable energy and energy efficiency initiatives and receive credit against future requirements that may be imposed by deregulation or restructuring, in addition to rate-basing its annual expenses associated with the implementation of renewable energy and energy efficiency programs in the conventional manner. The Commission

shall adopt rules for awarding sustainable energy credits, which shall apply only to newly created initiatives undertaken between July 1, 1997 and July 1, 2003 and shall be determined by multiplying the cost of the actual expenditure (which shall be rated-based) incurred by the electric utility in a particular year by the following sustainable energy credit factors:

Time Period			Sustainable Energy Credit Factors
July 1, 1997	-	June 30, 1999	1.0 x cost
July 1, 1999	-	June 30, 2001	.75 x cost
July 1, 2001	-	June 30, 2003	.50 x cost

Sustainable energy credits under this section shall not apply to renewable energy or energy efficiency initiatives that are paid for directly by customers.

(b) In the event that no deregulation or restructuring of the electric utility industry occurs by June 30, 2003, and electric utilities have incurred costs associated with new renewable energy or energy efficiency initiatives, those utilities may recoup the value of the sustainable energy credits through rate-basing these credits, as other costs, after June 30, 2003, without approval by the Commission."

Section 3. G.S. 62-3 is amended by adding a new subdivision to read:

"(24a) 'Renewable energy' means and includes technologies such as solar electric energy (photovoltaics, wind energy, thermal electric, low-head hydroelectric, ocean and tidal), solar thermal energy (concentrating collector systems, distillation, desalination, cooking or drying, solar ponds), biofuels (direct combustion, anaerobic digestion, ethanol), and solar buildings (solar water heating, active heating and cooling, passive heating and cooling, daylighting);"

Section 4. G.S. 62-3 is amended by redesignating subdivision (9a) of that section as subdivision (9b) and by adding a new subdivision to read:

"(9a) 'Energy efficiency' refers to a project or initiative that improves the energy efficiency of an existing building, product, application, or system by a minimum of twenty-five percent

(25%) over the current efficiency levels or improves the energy efficiency of a new building, product, application, or system by a minimum of twenty-five percent (25%) above current North Carolina State Building Code standards."

Section 5. The North Carolina Solar Center at North Carolina State University shall provide clarification and interpretation on technologies that qualify as "renewable energy" projects or initiatives as defined in G.S. 62-3(9a) and the Energy Division of the Department of Commerce shall provide clarification and interpretation on technologies that qualify as "energy efficiency" projects or initiatives as defined in G.S. 62-3(24a).

Section 6. This act becomes effective July 1, 1997.

Sponsors: Senator Gulley.

Referred to: Commerce.

April 1, 1997

A BILL TO BE ENTITLED

AN ACT REQUIRING CERTAIN EMPLOYERS TO PROVIDE MEAL AND REST PERIODS DURING WORKING HOURS UNDER CERTAIN CIRCUMSTANCES.

The General Assembly of North Carolina enacts:

Section 1. Article 2A of Chapter 95 of the General Statutes is amended by adding the following new section to read:

"**§ 95-25.4A. Meal and rest periods required; scope; exemptions.**

(a) Except as otherwise provided in this section, every employer shall permit employees who work for a period of five consecutive hours or more to have a meal period of at least one-half hour.

(b) Every employer shall permit employees to take rest periods which, insofar as practicable, shall be in the middle of each work period. The duration of the rest period shall be based on the total hours worked daily at the rate of 10 minutes for each five hours or major fraction thereof. Rest periods need not be permitted for employees whose total daily work time is less than three and one-half hours. Authorized rest periods shall be counted as hours worked, for which there shall be no deduction from wages.

(c) This section does not apply to the following:

(1) Situations where only one person is employed at a particular place of business; and

(2) Employees included within the provisions of a collective bargaining agreement.

(d) The Commissioner shall adopt rules to implement this section. The rules shall include exemptions from the requirements of this section, as follows:

(1) When an employer makes a written request for an exemption and the Commissioner finds from evidence submitted by the employer that business necessity precludes providing the meal and rest period requirements of this section, then the exemption shall be granted.

(2) Upon the Commissioner's own initiative or upon written request and hearing of an association of employers, exemptions shall be granted for a defined category of employers from providing to all or to one or more defined categories of employees one or more of the benefits conferred by this section if the Commissioner finds that business necessity precludes providing the particular benefits to the employees affected.

Exemptions granted under this subsection must be applied equally to male and female employees. In order to demonstrate business necessity for obtaining an exemption under this subsection, the employer must show that providing the meal or rest period required under this section would substantially impair, disrupt, or otherwise interfere with normal business operations."

MEMORANDUM

TO: Senate Commerce Committee

FROM: Linwood Jones, Staff Counsel

RE: Senate Bill 574 (Require Work Breaks)

Senate Bill 574 requires each employer to provide a meal period of at least 1/2 hour for employees that work at least 5 consecutive hours and a rest period of at least 10 minutes for employees that work at least 3 1/2 hours. Each 5 hours worked earns an employee a 10 minutes rest period. The rest period(s) must, to the extent practicable, be in the middle of the work period. Rest periods are considered time worked, and the employee must be compensated for that time.

These requirements do not apply to an employer who has only one employee at a particular place of business nor to an employees covered by a collective bargaining agreement. In addition, the Commissioner of Labor can exempt from these requirements (1)any employer that can prove "business necessity" prevents it from giving the required rest or meal period and (2) any association or group of employers that can prove with respect to all or certain categories of employees that business necessity prevents the required breaks. "Business necessity" means showing that the meal or rest period would substantially interfere with normal business operations.

This bill would take effect January 1, 1998.

SENATE COMMERCE COMMITTEE
May 6, 1997

The Senate Commerce Committee met in Room 1027 of the State Legislative Building on Tuesday, May 6, 1997, at 11:00 a.m. Seventeen members of the Committee were present. Visitors attending the meeting are listed on the attached Visitor Registration Sheet.

Senator Soles, Chairman, called the meeting to order.

The following bills were considered by the Committee:

C. S. for HB 1033, AN ACT TO GIVE OUT-OF-STATE BANKS TWO MORE YEARS TO ESTABLISH AND MAINTAIN A DE NOVO BRANCH OR A BRANCH THROUGH ACQUISITION PURSUANT TO CERTAIN CONDITIONS.

Representative Church, the bill sponsor, explained the bill. He said it simply extends the sunset provision from June l, 1997, to June 1, 1999, in G. S. 53-224.14(c). Senator Hoyle moved that the C. S. for HB 1033 be given a favorable report. Motion carried.

C. S. for HB 790, AN ACT TO PROVIDE THAT A CHECK TAKER OR ACCEPTOR SHALL NOT WRITE OR PRINT THE RACE OR GENDER ON THE CHECK OR DRAFT OF A CHECK PASSER.

Representative Michaux, sponsor of the bill, said in Forsyth and Mecklenburg Counties magistrates are asking merchants to write the race and gender of the check passer on checks. This bill provides that the check taker would lose the benefit of making a prima facie case in worthless check cases if he/she writes the above information on the check. (See attached memorandum for additional information.)

Representative Michaux said the Merchant's Association supports the bill. Senator Lee moved that C.S. for HB 790 be given a favorable report. Motion carried.

C. S. for HB 899, AN ACT TO MODIFY THE REQUIREMENTS FOR DISCLOSURES UPON THE SALE OF RESIDENTIAL PROPERTIES.

Representative Howard, the sponsor, asked Senator Ledbetter to speak on the bill as she was Chairing a Committee in the House. The bill amends the Residential Property Disclosure Act by deleting the statutory disclosure form and directing the Real Estate Commission to adopt a standard disclosure form. Senator Ledbetter sent forward amendments to the Committee Substitute Bill. (See attachment).
Considerable discussion followed on the amendments and the bill itself, and Senator Warren suggested that a subcommittee be appointed to look at the bill more closely. Senator Kerr said he thought the statute should be repealed.

Senator Soles, Committee Chairman, appointed the following subcommittee to study the C. S. for HB 899:

Senator Warren, Chairman
Senator Dalton
Senator Ledbetter
Senator Lee
Senator R. Shaw.

The meeting adjourned at 11:45 a.m.

The General Assembly of North Carolina enacts:

Section 1. G.S. 14-107.1(b) reads as rewritten:

"(b) In prosecutions under G.S. 14-107 the prima facie evidence provisions of subsections (d) and (e) apply if all the conditions of subdivisions (1) through (7) below are met. The prima facie evidence provisions of subsection (e) apply if only conditions (5) through (7) are met. The conditions are:

(1) The check or draft is delivered to a check taker.

(2) The name and mailing address of the check passer are written or printed on the check or ~~draft.~~ draft, and the check taker or acceptor has not written or printed the race or gender of the check passer on the check or draft.

(3) The check taker identifies the check passer at the time of accepting the check by means of a North Carolina driver's license, a special identification card issued pursuant to G.S. 20-37.7, or other reliable serially numbered identification card containing a photograph and mailing address of the person in question.

(4) The license or identification card number of the check passer appears on the check or draft.

(5) After dishonor of the check or draft by the bank or depository, the acceptor sends the check passer a letter by certified mail, to the address recorded on the check, identifying the check or draft, setting forth the circumstances of dishonor, and requesting rectification of any bank error or other error in connection with the transaction within 10 days.

An acceptor may advise the check passer in a letter that legal action may be taken against him if payment is not made within the prescribed time period. Such letter, however, shall be in a form which does not violate applicable provisions of Article 2 of Chapter 75.

(6) The acceptor files the affidavit described in subdivision (7) with a judicial official, as defined in G.S. 15A-101(5), before issuance of the first process or pleading in the prosecution under G.S. 14-107. The affidavit must be kept in the case file (attached to the criminal pleading in the case).

(7) The affidavit of the acceptor, sworn to before a person authorized to administer oaths, must:

a. State the facts surrounding acceptance of the check or draft. If the conditions set forth in subdivisions (1) through (5) have been met, the specific facts demonstrating observance of those conditions must be stated.

b. Indicate that at least 15 days have elapsed since the mailing of the letter required under subdivision (5) and that the check passer has failed to rectify any error that may have occurred with respect to the dishonored check or draft.

c. Have attached a copy of the letter sent to the check passer pursuant to subdivision (5).

d. Have attached the receipt, or a copy of it, from the United States Postal Service certifying the mailing of the letter described in subdivision (5).

e. Have attached the check or draft or a copy thereof, including any stamp, marking or attachment indicating the reason for dishonor."

MEMORANDUM

TO: Senator R.C. Soles, Chairman, Senate Commerce Committee

FROM: Karen Cochrane Brown, Committee Co-Counsel

RE: **House Bill 790 - No Race or Gender on Checks.**

House Bill 790 amends G.S. 14-107.1(b) which sets out the conditions that must be met for a prima facie case in prosecutions of worthless check cases. Under G.S. 14-107, it is unlawful for any person to "draw make, utter or issue and deliver to another" a check or draft when the person knows at the time that the maker or drawer has insufficient funds on deposit in or credit with the bank with which to pay the check or draft. If the amount of the check is more than $2,000, the person is guilty of a Class I felony. If the amount of the check is $2,000 or less, the person is guilty of a misdemeanor.

Proof of having met certain conditions, set forth in G.S. 14-107.1 is prima facie evidence that the person charged was in fact the identified check passer. The conditions include that the check is delivered to the check taker; that the name and mailing address of the passer are written or printed on the check, that the taker identified the passer by a driver's license or other photographic identification; that the acceptor notifies the passer by certified mail that the check has been dishonored and allows 10 days for the passer to correct any bank error; and that the acceptor has filed an affidavit in accordance with the section setting forth the pertinent facts.

This bill would add a limitation to this provision in cases in which the check taker in a face-to-face transaction, has written or printed the race or gender of the check passer on the check. In such cases, the check taker would lose the benefit of making a prima facie case by proving that the other conditions had been met.

This act would become effective on October 1, 1997, and applies to acts committed on or after that date.

MEMORANDUM

TO: Senator R. C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel

RE: **HOUSE BILL 899 - RESIDENTIAL PROPERTY DISCLOSURE ACT -** Representative Howard.

House Bill 899 amends the Residential Property Disclosure Act by deleting the statutory disclosure form and directing the Real Estate Commission to adopt a standard disclosure form. The bill also clarifies when the buyer's right to cancel a contract terminates when the disclosure is not furnished to the buyer at or prior to the time of the contract.

Section 1 of the bill amends G.S. 47E-4 by deleting the disclosure form in the statute and requiring the Real Estate Commission to develop a standard disclosure statement. This section also amends the matters that are to be included in a standard disclosure statement by adding disclosure of characteristics and conditions of: structural components and modifications to structural components, other mechanical systems, other land-use restrictions, and environmental contamination.

Section 2 amends the time for the buyer to cancel the contract in situations where the disclosure was not furnished to the buyer prior to or at the time of contract. Current law gives the buyer three days from the date the disclosure is given to cancel the contract. This bill provides that the right to cancel terminates either at the end of the third day following receipt of the disclosure, the end of the third day following the date the contract is made, upon settlement or occupancy in the case of sale or exchange, or settlement in the case of a purchase pursuant to a lease with option to purchase. The right to cancel is waived if not exercised within the applicable time limits, in writing, and either hand delivered or mailed to the seller or the seller's agent.

Section 3 makes a stylistic change.

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

Section 4 amends the duty of the agent to inform the owner of the property of the duty to disclose by requiring the agent to inform the agent's clients of their rights under this law, regardless whether they are the seller or the buyer.

The bill would become effective December 1, 1997.

MINUTES
SENATE COMMERCE COMMITTEE
May 13, 1997

A meeting of the Senate Commerce Committee was held on Tuesday, May 13, 1997, at 11:00 a.m. in Room 1027 of the State Legislative Building. Eighteen members of the Committee were present. Visitor Registration Sheets are attached listing others attending the meeting.

Senator R. C. Soles, Jr., Chairman, called the meeting to order.

The following bills were considered by the Committee:

SJR 1078, A JOINT RESOLUTION PROVIDING FOR THE CONFIRMATION OF THE APPOINTMENTS OF RICHARD CONDER AND ROBERT V. OWENS, JR., MADE BY THE GOVERNOR TO MEMBERSHIP ON THE NORTH CAROLINA UTILITIES COMMISSION.

Senator Soles recognized Mr. Steve Rose, Counsel for Public Utilities, to explain the procedure the Committee would follow. (See attached memorandum from Mr. Rose dated May 13, 1997.) Copies of Biographical Information and Financial Statements were distributed to the Committee on each of the appointees. (A copy of this information is included with the Minutes.)

Senator Soles called upon appointee Senator Richard Conder for remarks and to answer any questions the Committee might have after which Senators Hoyle, Lee, Plyler and Warren each spoke in support of Senator Conder. The Chairman then recognized appointee Mr. Robert V. Owens, Jr., for a statement. MEMORANDUM

TO: **Senate Committee on Commerce**

FROM: **Steven Rose, Committee Counsel for Public Utilities**

RE: **Senate Joint Resolution 1078; Confirmation of appointments of J. Richard Conder and Robert V. Owens, Jr. to the North Carolina Utilities Commission**

Senate Joint Resolution 1078 confirms the appointments of J. Richard Conder and Robert V. Owens, Jr. as members of the North Carolina Utilities Commission. Senator Conder and Mr. Owens were appointed by Governor Hunt to serve terms beginning on July 1, 1997 and ending on June 30, 2005.

The North Carolina Utilities Commission consists of seven commissioners who are appointed for eight year terms. Commissioners are appointed by the Governor and must be confirmed by the General Assembly by Joint Resolution.

A Utilities Commissioner is paid the same salary as a Superior Court Judge, $90,915 at present. There are fixed salary increases based upon length of service on the Utilities Commission, 4.8% after five years of service and 9.6% after ten years. Members of the Utilities

Commission are subject to the same standards of conduct as a judge. They may be removed during their term of office only for cause, by impeachment.

During service on the Commission, a Commissioner may not engage in any other employment, business, profession or vocation. During the term of office the Commissioner may not be associated in any way with any public utility company, including ownership of any interest.

The General Assembly created the Utilities Commission and establishes policies which the Commission carries out, usually with broad discretion. The Commission is both a regulator of public utilities, as well as a judge in all contested matters relating to public utilities. Decisions of the Utilities Commission are appealable directly to the North Carolina Court of Appeals, with the exception of general rate cases, which are appealable directly to the North Carolina Supreme Court.

The North Carolina Utilities Commission regulates the rates and services of the intrastate operations of public utilities supplying electricity, gas, telecommunications services, water and sewer services, taxis, buses, trains, trucking services, express package and mail services, and radio common carriers. The extent of this regulation varies from utility to utility, and there are limitations imposed by federal law. The Commission hears and decides proceedings relating to the issuance of utility franchises, the construction of electric generating plants, the setting of utility rates, the adjustment of electric utility rates based upon fuel cost changes, the adjustment of natural gas rates based upon changes in the cost of natural gas, the provision of new utility services, and the adjudication of complaints concerning the services of public utilities. Again,

the extent of the Commission's jurisdiction varies from utility to utility and is effected in some cases by federal law.

Article 2.

Organization of Utilities Commission.

§ 62-10. Number; appointment; terms; qualifications; chairman; vacancies; compensation; other employment prohibited.

(a) The North Carolina Utilities Commission shall consist of seven commissioners who shall be appointed by the Governor subject to confirmation by the General Assembly by joint resolution. The names of commissioners to be appointed by the Governor shall be submitted by the Governor to the General Assembly for confirmation by the General Assembly on or before May 1, of the year in which the terms for which the appointments are to be made are to expire. Upon failure of the Governor to submit names as herein provided, the Lieutenant Governor and Speaker of the House jointly shall submit the names of a like number of commissioners to the General Assembly on or before May 15 of the same year for confirmation by the General Assembly. Regardless of the way in which names of commissioners are submitted, confirmation of commissioners must be accomplished prior to adjournment of the then current session of the General Assembly. This subsection shall be subject to the provisions of subsection (c) of this section.

(b) The terms of the commissioners now serving shall expire at the conclusion of the term for which they were appointed which shall remain as before with two regular eight-year terms expiring on July 1 of each fourth year after July 1, 1965, and the fifth term expiring on July 1 of each eighth year after July 1, 1963. The terms of office of utilities commissioners thereafter shall be eight years commencing on July 1 of the year in which the predecessor terms expired, and ending on July 1 of the eighth year thereafter.

(c) In order to increase the number of commissioners to seven, the names of two additional commissioners shall be submitted to the General Assembly on or before May 27, 1975, for confirmation by the General Assembly as provided in G.S. 62-10(a). The commissioners so appointed and confirmed shall serve new terms commencing on July 1, 1975, one of which shall be for a period of two years (with the immediate successor serving for a period of six years), and one of which shall be for a period of two years.

Thereafter, the terms of office of the additional commissioners shall be for eight years as provided in G.S. 62-10(b).

(d) A commissioner in office shall continue to serve until his successor is duly confirmed and qualified but such holdover shall not affect the expiration date of such succeeding term.

(e) On July 1, 1965, and every four years thereafter, one of the commissioners shall be designated by the Governor to serve as chairman of the Commission for the succeeding four years and until his successor is duly confirmed and qualifies. Upon death or resignation of the commissioner appointed as chairman, the Governor shall designate the chairman from the remaining commissioners and appoint a successor as hereinafter provided to fill the vacancy on the Commission.

(f) In case of death, incapacity, resignation or vacancy for any other reason in the office of any commissioner prior to the expiration of his term of office, the name of his successor shall be submitted by the Governor within four weeks after the vacancy arises to the General Assembly for confirmation by the General Assembly. Upon failure of the Governor to submit the name of the successor, the Lieutenant Governor and Speaker of the House jointly shall submit the name of a successor to the General Assembly within six weeks after the vacancy arises. Regardless of the way in which names of commissioners are submitted, confirmation of commissioners must be accomplished prior to the adjournment of the then current session of the General Assembly.

(g) If a vacancy arises or exists pursuant to either subsection (a) or (c) or (f) of this section when the General Assembly is not in session, and the appointment is deemed urgent by the Governor, the commissioner may be appointed and serve on an interim basis pending confirmation by the General Assembly.

(h) The salary of each commissioner shall be the same as that fixed from time to time for judges of the superior court except that the commissioner designated as the chairman shall receive one thousand dollars ($1,000) additional per annum. In lieu of merit and other increment raises paid to regular State employees, each commissioner, including the commissioner designated as chairman, shall receive as longevity pay an amount equal to four and eight-tenths percent (4.8%) of the annual salary set forth in the Current Operations Appropriations Act payable monthly after five years of service, and nine and six-tenths percent (9.6%) after 10 years of service. "Service" means service as a member of the Utilities Commission.

(i) The standards of judicial conduct provided for judges in Article 30 Chapter 7A of the General Statutes shall apply to members of the Commission. Members of the Commission shall be liable to impeachment for the causes and in the manner provided for judges of the General Court of Justice in Chapter 123 of the General Statutes. Members of the Commission shall not engage in any other employment, business, profession, or vocation while in office.

(j) Members of the Commission shall be reimbursed for travel and subsistence expenses at the rates allowed to State officers and employees by G.S. 138-6(a). (1941, c. 97, s. 2; 1949, c. 1009, s. 1; 1959, c. 1319; 1963, c. 1165, s. 1; 1967, c. 1238; 1975, c. 243, s. 3; c. 867, ss. 1, 2; 1977, c. 468, s. 1; c. 913, s. 2; 1983 (Reg. Sess., 1984), c. 1116, s. 91; 1989, c. 781, s. 41.2; 1993 (Reg. Sess., 1994), c. 769, s. 7.4(b); 1996, 2nd Ex. Sess., c. 18, s. 28.2(b).)

§ 62-11. Oath of office.

Each utilities commissioner before entering upon the duties of his office shall file with the Secretary of State his oath of office to support the Constitution and laws of the United States and the Constitution and laws of the State of North Carolina, and to well and truly perform the duties of his said office as utilities commissioner, and that he is not the agent or attorney of any public utility, or an employee thereof, and that he has no interest in any public utility. (1933, c. 134, s. 5; 1935, c. 280; 1939, c. 404; 1941, c. 97; 1963, c. 1165, s. 1.)

(f) The Commissioner of Banks may collect the assessments provided for in subsection (a) of this section annually or in periodic installments as approved by the State Banking Commission."

Section 2. G.S. 53-184(b) reads as rewritten:

MEMORANDUM

TO: Senator R.C. Soles, Chairman, Senate Commerce Committee

FROM: Karen Cochrane Brown, Committee Co-Counsel

RE: **House Bill 400 - Bank Assessments/AB**

House Bill 400 amends G.S. 53-122 to rewrite the provisions relating to fees and assessments which banks and consumer finance licensees are charged for the maintenance and operation of the office of the Commissioner of Banks.

Under current law, banks are assessed $85 for the first $100,000 of assets and $12 per $100,000 for assets in excess of $100,000. The assessment must be paid within ten days of the assessment which is based on the annual report of total assets which the bank makes to the Commissioner. Trust assets are currently assessed at the rate of $3.50 for each $100,000, and consumer finance licensees are assessed at $170 for the first $100,000 of assets and $12 per $100,000 for assets in excess of $100,000.

This bill proposes the following schedule for banks: $6,000 on the first $50,000,000 of assets, $12 per $100,000 on assets between $50,000,000 and $250,000,000;$9 per $100,000 on assets between $250,000,000 and $500,000,000; $7 per $100,000 on assets between $500,000,000 and $1,000,000,000; $5 per $100,000 on assets between $1,000,000,000 and $10,000,000,000; and $3 per $100,000 on assets in excess of $10,000,000,000. In addition, banks must pay an assessment of $1 per $100,000 on trust assets. Consumer finance licensees will be assessed at the rate of $18 per $100,000 of assets plus $300 per office, with a minimum annual assessment of $500.

The Commissioner of Banks is also authorized to make special assessments when it is determined that further examinations or increased supervision is necessary. A special assessment may not exceed the amount determined by the initial assessment.

The bill also changes the fee of $10 per day which is charged in civil and criminal cases when employees of the Commissioner of Banks are used as witnesses. This bill allows the presiding

judge to determine the per day fee which will be charged at the end of the trial along with other costs.

The Commissioner retains the authority to increase or decrease assessments when warranted to meet the office's operating expenses. However, this bill deletes the provision that the Commissioner may not reduce the fees and assessments by more than fifty percent for any one year.

Section 2 of the bill revises the provision relating to the reports which must be filed by consumer finance licensees to update the language.

Section 3 deletes an outdated provision which requires consumer finance affiliates to file composite financial reports. The all now file consolidated reports.

The act is made effective January 1, 1998 and applies to assessments due for years beginning with 1998.

REVISION OF BANK AND CONSUMER FINANCE ASSESSMENTS
HOUSE BILL 400

In response to a state audit of the Office of the Commissioner of Banks, the North Carolina Banking Commission conducted a study of (1) the cost of examining the various industries under the supervision of the Banking Commission; (2) the method of calculating the annual assessment of state-chartered banks and consumer finance licensees; (3) fee structures of the Office of the Comptroller of the Currency and our sister states; (4) changes in the banking industry since the last revision of the assessment schedule in 1979; and (5) clarification of existing language within the current statute.

Findings of the study included:

- the current assessment schedule is not fair and causes a disproportionate burden on large banks, while the assessment on some banks did not cover the direct cost of their examinations;
- bank assessments are currently supplementing the cost of regulating non-bank operations in the agency; and
- our current assessment schedule places North Carolina at a competitive disadvantage in maintaining a state-chartered system in an interstate banking environment.

House Bill 400 addresses the concerns of the Banking Commission. The proposed bill more evenly distributes the cost of operating the Office of the Commissioner of Banks among the state-chartered banks and non-bank operations supervised by the agency. Flexibility is maintained in the proposed bill to allow the Banking Commissioner to adjust the assessments within a stated range to ensure adequate funding for the agency. The total assessments under the proposed bill will be less than the current statute. Most state-chartered banks will see a decrease in their assessments, and the consumer finance licensees will see an increase in their assessments.

The proposed bill has been discussed at several meetings of the State Banking Commission and with the trade associations of the banking and consumer finance industries. We know of no opposition to the bill.

Section 1. G.S. 14-107.1(b) reads as rewritten:

(1) The check or draft is delivered to a check taker.

(6) The acceptor files the affidavit described in subdivision (7) with a judicial official, as defined in G.S. 15A-101(5), before issuance of the first process or pleading in the prosecution under G.S. 14-107. The affidavit must be kept in the case file (attached to the criminal pleading in the case).

(7) The affidavit of the acceptor, sworn to before a person authorized to administer oaths, must:

b. Indicate that at least 15 days have elapsed since the mailing of the letter required under subdivision (5) and that the check passer has failed to rectify any error that may have occurred with respect to the dishonored check or draft.

c. Have attached a copy of the letter sent to the check passer pursuant to subdivision (5).

d. Have attached the receipt, or a copy of it, from the United States Postal Service certifying the mailing of the letter described in subdivision (5).

e. Have attached the check or draft or a copy thereof, including any stamp, marking or attachment indicating the reason for dishonor."

MINUTES
SENATE COMMERCE COMMITTEE
May 20, 1997

The Senate Commerce Committee met in Room 1027 of the State Legislative Building on Tuesday, May 20, 1997, at 11:00 a.m. Seventeen members of the Committee were present. Visitors attending the meeting are listed on the attached Visitor Registration Sheet.

Senator Soles, Chairman, called the meeting to order.

The following bills were considered by the Committee:

HB 407, AN ACT TO REPEAL THE CURRENT STATUTES REGARDING FRAUDULENT CONVEYANCES AND TO ADOPT THE UNIFORM FRAUDULENT TRANSFER ACT IN ORDER TO MODERNIZE NORTH CAROLINA LAW AND HARMONIZE OUR LAW ON THIS SUBJECT WITH THOSE STATES THAT HAVE ADOPTED THIS UNIFORM ACT.

Representative Baddour, the bill sponsor, was recognized for an explanation. He said the bill would clarify the present North Carolina statute and it would also make it consistent with laws that have been adopted in other states. He said it was drafted by the National Conference of Commissioners on Uniform State Laws and approved in 1984. It was recommended by the Business Law Section of the Bar Association. Mr. Jerry Hartsell assisted Rep. Baddour in answering questions on the bill. (See attached memorandum prepared by Committee Counsel and other related information.)

Following a lengthy discussion, Senator Rand moved that House Bill 407 be placed in a subcommittee with the hope that the Committee could pass it. He said the legislation certainly had merit. Motion carried. The following were appointed to a subcommittee:

Senator Dalton, Chairman
Senator Ballance
Senator Cochrane
Senator Rand.

HB 160, AN ACT TO IMPLEMENT THE RECOMMENDATION OF THE STATE PORTS STUDY COMMISSION TO PROVIDE THAT AT LEAST ONE MEMBER OF THE BOARD OF THE NORTH CAROLINA STATE PORTS AUTHORITY BE AFFILIATED WITH A MAJOR EXPORTER OR IMPORTER USING THE STATE PORTS.

Representative McComas was present to explain the bill. Senator Rand said he felt sure he had an identical Senate Bill which had passed the Senate and was in the House, and he moved that House Bill 160 be given a favorable report but held until the status of the identical bill could be determined. Motion carried.

HB 114, AN ACT TO REPEAL ARTICLE 6 OF THE UNIFORM COMMERCIAL CODE RELATING TO BULK TRANSFERS AND TO ENACT CONFORMING AMENDMENTS TO THE UNIFORM COMMERCIAL CODE AND OTHER GENERAL STATUTES, AS RECOMMENDED BY THE GENERAL STATUTES COMMISSION.

Representative Culpepper, the bill sponsor, was recognized for an explanation. (See copy of memorandum to the Committee from the General Statutes Commission.) Representative Culpepper said the bill, which repeals UCC Article on Bulk Transfers, was sponsored by the General Statutes Commission, and is endorsed by the American Law Institute. Repeal is supported by the North Carolina Bar Assocation.

Many questions were asked and concern expressed. Senator Kerr spoke against the legislation.

Senator Carpenter moved that HB 114 be given a favorable report. Motion failed.

HB 414, AN ACT RELATING TO SEVERANCE PAY FOR THE PURPOSES OF UNEMPLOYMENT INSURANCE BENEFITS.

Representative Berry, the bill sponsor, said the bill allows workers who have received severance pay the opportunity to take vocational courses and be trained and be eligible to receive unemployment compensation if they use their severance pay compensation to pay for the education and training. (See attached memorandum from Committee Counsel for full explanation.)

Senator Kerr moved that HB 414 be given a favorable report. Motion carried.

SB 379, AN ACT TO EXEMPT OPERATORS OF SOLID WASTE MANAGEMENT FACILITIES WHO HAVE FIVE YEARS CONTINUOUS EXPERIENCE IMMEDIATELY PRECEDING JANUARY 1, 1998, FROM THE TRAINING COURSE REQUIREMENT FOR OPERATORS OF SOLID WASTE MANAGEMENT FACILITIES.

Senator East, the bill sponsor, was present to explain the bill. He said the training requirement for operators of solid waste management facilities will not apply to an operator who has five years of continuous experience as a solid waste management facility operator immediately before January 1, 1998. Senator Ledbetter sent forward an amendment and moved its adoption. (Copy attached.) Motion carried. (See attached memorandum from Committee Counsel for additional information.)

Senator Ledbetter moved that SB 379 be given a favorable report, as amended, and that it be rolled into a Committee Substitute. Motion carried.

The meeting adjourned at 12 Noon.

(c) A partnership is insolvent under subsection (a) of this section if the sum of the partnership's debts is greater than the aggregate, at a fair valuation, of all of the partnership's assets and the sum of the excess of the value of each general partner's nonpartnership assets over the partner's nonpartnership debts.

(d) Assets under this section do not include property that has been transferred, concealed, or removed with intent to hinder, delay, or defraud creditors or that has been transferred in a manner making transfer voidable under this Article.

(e) Debts under this section do not include an obligation to the extent it is secured by a valid lien on property of the debtor not included as an asset.

"**§ 39-23.3. Value.**

(a) Value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or an antecedent debt is secured or satisfied, but value does not include an unperformed promise made otherwise than in the ordinary course of the promisor's business to furnish support to the debtor or another person.

(b) For the purposes of G.S. 39-23.4(a)(2) and G.S. 39-23.5, a person gives a reasonably equivalent value if the person acquires an interest of the debtor in an asset pursuant to a regularly conducted, noncollusive foreclosure sale or execution of a power of sale for the acquisition or disposition of the interest of the debtor upon default under a mortgage, deed of trust, or security agreement.

(c) A transfer is made for present value if the exchange between the debtor and the transferee is intended by them to be contemporaneous and is in fact substantially contemporaneous.

"**§ 39-23.4. Transfers fraudulent as to present and future creditors.**

(a) A transfer made or obligation incurred by a debtor is fraudulent as to a creditor, whether the creditor's claim arose before or after the transfer was made or the obligation was incurred, if the debtor made the transfer or incurred the obligation:

(1) With actual intent to hinder, delay, or defraud any creditor of the debtor; or

(2) Without receiving a reasonably equivalent value in exchange for the transfer or obligation, and the debtor:

a. Was engaged or was about to engage in a business or a transaction for which the remaining assets of the debtor were unreasonably small in relation to the business or transaction; or

b. Intended to incur, or believed or reasonably should have believed that the debtor would incur, debts beyond the debtor's ability to pay as they became due.

(b) In determining actual intent under subdivision (a)(1) of this section, consideration may be given, among other factors, to whether:

(1) The transfer or obligation was to an insider;

(2) The debtor retained possession or control of the property transferred after the transfer;
(3) The transfer or obligation was disclosed or concealed;
(4) Before the transfer was made or obligation was incurred, the debtor had been sued or threatened with suit;
(5) The transfer was of substantially all the debtor's assets;
(6) The debtor absconded;
(7) The debtor removed or concealed assets;
(8) The value of the consideration received by the debtor was reasonably equivalent to the value of the asset transferred or the amount of the obligation incurred;
(9) The debtor was insolvent or became insolvent shortly after the transfer was made or the obligation was incurred;
(10) The transfer occurred shortly before or shortly after a substantial debt was incurred; and
(11) The debtor transferred the essential assets of the business to a lienor who transferred the assets to an insider of the debtor.

"§ 39-23.5. Transfers fraudulent as to present creditors.

(a) A transfer made or obligation incurred by a debtor is fraudulent as to a creditor whose claim arose before the transfer was made or the obligation was incurred if the debtor made the transfer or incurred the obligation without receiving a reasonably equivalent value in exchange for the transfer or obligation and the debtor was insolvent at that time or the debtor became insolvent as a result of the transfer or obligation.

(b) A transfer made by a debtor is voidable as to a creditor whose claim arose before the transfer was made if the transfer was made to an insider for an antecedent debt, the debtor was insolvent at that time, and the insider had reasonable cause to believe that the debtor was insolvent.

"§ 39-23.6. When transfer is made or obligation is incurred.

For the purposes of this Article:

(1) A transfer is made:
a. With respect to an asset that is real property other than a fixture, but including the interest of a seller or purchaser under a contract for the sale of the asset, when the transfer is so far perfected that a good-faith purchaser of the asset from the debtor against whom applicable law permits the transfer to be perfected cannot acquire an interest in the asset that is superior to the interest of the transferee; and
b. With respect to an asset that is not real property or that is a fixture, when the transfer is so far perfected that a creditor on a simple contract cannot acquire a judicial lien otherwise than under this Article that is superior to the interest of the transferee.

(2) If applicable law permits the transfer to be perfected as provided in subdivision (1) of this section and the transfer is not so perfected before the commencement of an action for relief under this Article, the transfer is deemed made immediately before the commencement of the action.

(3) If applicable law does not permit the transfer to be perfected as provided in subdivision (1) of this section, the transfer is made when it becomes effective between the debtor and the transferee.

(4) A transfer is not made until the debtor has acquired rights in the asset transferred.

(5) An obligation is incurred:

a. If oral, when it becomes effective between the parties; or

b. If evidenced by a writing, when the writing executed by the obligor is delivered to or for the benefit of the obligee.

"**§ 39-23.7. Remedies of creditors.**

(a) In an action for relief against a transfer or obligation under this Article, a creditor, subject to the limitations in G.S. 39-23.8, may obtain:

(1) Avoidance of the transfer or obligation to the extent necessary to satisfy the creditor's claim;

(2) An attachment or other provisional remedy against the asset transferred or other property of the transferee in accordance with the procedure prescribed by Article 35 of Chapter 1 of the General Statutes;

(3) Subject to applicable principles of equity and in accordance with applicable rules of civil procedure,

a. An injunction against further disposition by the debtor or a transferee, or both, of the asset transferred or of other property;

b. Appointment of a receiver to take charge of the asset transferred or of other property of the transferee; or

c. Any other relief the circumstances may require.

(b) If a creditor has obtained a judgment on a claim against the debtor, the creditor, if the court so orders, may levy execution on the asset transferred or its proceeds.

"**§ 39-23.8. Defenses, liability, and protection of transferee.**

(a) A transfer or obligation is not voidable under G.S. 39-23.4(a)(1) against a person who took in good faith and for a reasonably equivalent value or against any subsequent transferee or obligee.

(b) Except as otherwise provided in this section, to the extent a transfer is voidable in an action by a creditor under G.S. 39-23.7(a)(1), the creditor may recover judgment for the value of the asset transferred, as adjusted under subsection (c) of this section, or the amount necessary to satisfy the creditor's claim, whichever is less. The judgment may be entered against:

(1) The first transferee of the asset or the person for whose benefit the transfer was made; or

(2) Any subsequent transferee other than a good-faith transferee who took for value or from any subsequent transferee.

(c) If the judgment under subsection (b) of this section is based upon the value of the asset transferred, the judgment shall be for an amount equal to the value of the asset at the time of the transfer, subject to adjustment as the equities may require.

(d) Notwithstanding voidability of a transfer or an obligation under this Article, a good-faith transferee or obligee is entitled, to the extent of the value given the debtor for the transfer or obligation, to:

(1) A lien on or a right to retain any interest in the asset transferred;

(2) Enforcement of any obligation incurred; or

(3) A reduction in the amount of the liability on the judgment.

(e) A transfer is not voidable under G.S. 39-23.4(a)(2) or G.S. 39-23.5 if the transfer results from:

(1) Termination of a lease upon default by the debtor when the termination is pursuant to the lease and applicable law; or

(2) Enforcement of a security interest in compliance with Article 9 of Chapter 25 of the General Statutes, the Uniform Commercial Code.

(f) A transfer is not voidable under G.S. 39-23.5(b):

(1) To the extent the insider gave new value to or for the benefit of the debtor after the transfer was made unless the new value was secured by a valid lien;

(2) If made in the ordinary course of business or financial affairs of the debtor and the insider; or

(3) If made pursuant to a good-faith effort to rehabilitate the debtor and the transfer secured present value given for that purpose as well as an antecedent debt of the debtor.

"**§ 39-23.9. Extinguishment of cause of action.**

A cause of action with respect to a fraudulent or voidable transfer or obligation under this Article is extinguished unless action is brought:

(1) Under G.S. 39-23.4(a)(1), within four years after the transfer was made or the obligation was incurred or, if later, within one year after the transfer or obligation was or could reasonably have been discovered by the claimant;

(2) Under G.S. 39-23.4(a)(2) or G.S. 39-23.5(a), within four years after the transfer was made or the obligation was incurred; or

(3) Under G.S. 39-23.5(b), within one year after the transfer was made or the obligation was incurred.

"**§ 39-23.10. Supplementary provisions.**

Unless displaced by the provisions of this Article, the principles of law and equity, including the law merchant and the law relating to principal and agent, estoppel,

laches, fraud, misrepresentation, duress, coercion, mistake, insolvency, or other validating or invalidating cause, supplement its provisions.

"§ 39-23.11. Uniformity of application and construction.

This act shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this Article among states enacting it.

"§ 39-23.12. Short title.

This Article may be cited as the Uniform Fraudulent Transfer Act."

Section 3. The Revisor of Statutes shall cause to be printed with this act all relevant portions of the official comments to the Uniform Fraudulent Transfer Act and all explanatory comments of the drafters of this act, as the Revisor deems appropriate.

Section 4. This act is effective October 1, 1997, and applies to all transfers subject to this act made on or after that date.

ARTICLE 3.

Fraudulent Conveyances.

§ 39-15. Conveyance with intent to defraud creditors void.

For avoiding and abolishing feigned, covinous and fraudulent gifts, grants, alienations, conveyances, bonds, suits, judgments and executions, as well of lands and tenements as of goods and chattels, which may be contrived and devised of fraud, to the purpose and intent to delay, hinder and defraud creditors and others of their just and lawful actions and debts, every gift, grant, alienation, bargain and conveyance of lands, tenements and hereditaments, goods and chattels, by writing or otherwise, and every bond, suit, judgment and execution, at any time had or made, to or for any intent or purpose last before declared and expressed, shall be deemed and taken (only as against that person, his heirs, executors, administrators and assigns, whose actions, debts, accounts, damages, penalties and forfeitures, by such covinous or fraudulent devices and practices aforesaid, are, shall, or might be in anywise disturbed, hindered, delayed or defrauded) to be utterly void and of no effect; any pretense, color, feigned consideration, expressing of use, or any other matter or thing to the contrary notwithstanding; and in all actions by creditors to set aside gifts, grants, alienations and conveyances of lands and tenements and judgments purporting to be liens on the same on the ground that such gifts, grants, alienations, conveyances and judgments are feigned, covinous and fraudulent hereunder, it shall be no defense to the action to allege and prove that the lands and tenements alleged to be so conveyed or encumbered do not exceed in value the homestead allowed by law as an exemption: Provided, that nothing in this section shall be construed to authorize the sale under execution or other final process, obtained on any debt during the continuance of the homestead, of any interest in such land as may be exempt as a homestead. (50 Edw. III, c. 6; 13 Eliz., c. 5, s. 2; 1715, c. 7, s. 4; R.C., c. 50, s. 1; Code, s. 1545; 1893, c. 78; Rev., s. 960; C.S., s. 1005.)

FRAUDULENT CONVEYANCES AND THE UNIFORM ACT

Three Generations Of Fraudulent Conveyance Law

- the Statute of 13 Elizabeth (1570)
  basis for old U.S. law and North Carolina's current law

- the Uniform Fraudulent Conveyance Act (1918)
  ultimately adopted in 25 states; replaced by UFTA.

- the Uniform Fraudulent Transfer Act ("UFTA") (1984)
  adopted by 36 states and District of Columbia
  similar to rules applied by bankruptcy law

Extent Of UFTA Change To Current North Carolina Law

- major points: slight change
  transfers intended to defraud creditors-- no change
  transfers not for "reasonably equivalent value"-- no change
  transfers to insider for old debt-- new

- prominent technical changes
  who can object-- creditors-at-the-time vs. subsequent creditors
  covers "obligations" as well as "transfers"
  statute of limitations

- numerous clarifications, definitions

Reasons For Adopting UFTA In North Carolina

- make law consistent and uniform
  match law in majority of other states
  match bankruptcy law

- make law clear
  present statutes meaningless
  case law difficult to interpret, sometimes inconsistent

MEMORANDUM

TO: Senator R. C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel and Tim Hovis, Co-Counsel to the House Judiciary II Committee

RE: **HOUSE BILL 407 - UNIFORM FRAUDULENT TRANSFER ACT -** Representative Baddour.

House Bill 407 would enact the Uniform Fraudulent Transfer Act (UFTA) which was drafted by the National Conference of Commissioners on Uniform State Laws and approved in 1984. Fraudulent transfer laws are intended to prevent people who owe money from transferring their assets to others in order to avoid those assets being available to satisfy the claims of creditor. Such actions to avoid creditors in this manner are also referred to as "defrauding creditors".

The bill would repeal the current fraudulent conveyance law in the State which is a reenactment of English law (Statutes of Elizabeth) dating to 1570 and replace it with the uniform act. Through May, 1996, the uniform act has been adopted in 33 states. The current N.C. law has not been revised or amended since at least 1924.

The bill repeals the current Article 3 of Chapter 39 of the General Statutes and adds a new Article 3A. The new Article begins with a series of definitions to be used in the Act, including separate sections containing definitions of "insolvency" and "value." A debtor is defined as insolvent if the debtor's debts are greater than all the debtor's assets. A debtor is presumed to be insolvent if he or she is not paying debts as the debts become due. "Value" is defined as the transfer of property or the satisfaction of an antecedent debt, but does not include an unperformed promise other than a promise in the ordinary course of the promisor's business. The acquisition of a debtor's interest in property pursuant to a noncollusive foreclosure sale or power of sale pursuant to a mortgage is deemed to be reasonably equivalent value. Under current law, a bid at a foreclosure sale can, depending on the circumstances, be considered to be less than fair value.

UFTA provides that a transfer is fraudulent as to **present and future creditors** if (1) the debtor made the transfer with actual intent to hinder or defraud creditors, or (2) the transfer was made without receiving a reasonably equivalent value and the debtor had unreasonably small remaining assets in relation to the debtor's business, or the debtor believed or should have believed that the debtor would incur debts beyond his or her ability to pay. The Act lists several factors which may be used to determine actual intent to defraud.

UFTA provides that a transfer is fraudulent as to **present creditors only** if the debtor made the transfer without receiving a reasonably equivalent value and the debtor was insolvent at the time of the transfer or became insolvent as a result of the transfer. No intent to hinder or defraud creditors is required. A transfer is also fraudulent as to present creditors if it was made to an insider for an antecedent debt, the debtor was insolvent at the time, and the insider had reasonable cause to believe the debtor was insolvent.

If a transfer is deemed to be fraudulent under the Act, a creditor may avoid the transfer, attach the asset transferred, or apply for an injunction against further transfer of the asset. If a judgment is obtained against the debtor, the creditor may execute on the asset.

The Act provides for defenses and protections for persons who took from the debtor in good faith and for reasonably equivalent value.

Under current law, fraudulent transfers are subject to a three year statute of limitations. The Act provides that a creditor's claim is "extinguished" under this Act if it is not generally brought within four years after the transfer is made. An action resulting from a transfer made by an insolvent debtor to an insider for an antecedent debt is subject to a one year statute of limitation.

The bill becomes effective October 1, 1997 and applies to transfers made on or after that date.

MEMORANDUM

TO: Senator R. C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel

RE: **HOUSE BILL 160 - PORT USER ON PORTS BOARD** - Representative McComas

House Bill 160 would require that one appointment to the State Ports Authority made by the Governor be a person affiliated with a major exporter or importer currently using the State Ports. This bill is a recommendation of the State Ports Study Commission and is very similar to Senate Bill 142 which has passed the Senate.

Section 1 of the bill amends G.S. 143B-452 which creates the State Ports Authority and its board. This provision adds the requirement that at least one of the appointees of the Governor be person affiliated with a major exporter or importer currently using the State Ports. The House added an amendment to the study commission bill to clarify that no member of the Authority may participate in any discussion or vote on any matter before the Authority on which the member has a conflict of interest.

The board of the State Ports Authority has 11 members, 7 selected by the Governor (6 appointees and the Secretary of Commerce) and 4 appointed by the General Assembly (2 upon the recommendation of the President Pro Tempore (beginning January 1, 1997), 2 upon the recommendation of the Speaker). The Governor's appointees serve 6-year terms, and their terms are currently staggered so that the Governor has one appointment per year. The General Assembly's appointees serve 2-year terms, and their terms are currently staggered so that the General Assembly appointees 2 members each year.

Section 2 of the bill provides that the Governor's appointment of a port user would be for the member whose term expires June 30, 1998.

The bill would become effective when it becomes law.

MEMORANDUM

TO: Senate Commerce Committee

FROM: General Statutes Commission

DATE: May 16, 1997

RE: House Bill 114 (Repeal UCC Article on Bulk Transfers)

House Bill 114 repeals Article 6 of the Uniform Commercial Code, regulating bulk transfers, and makes conforming amendments to the Uniform Commercial Code ("UCC") and other sections of the General Statutes. Article 6, Bulk Transfers, was enacted in North Carolina as part of the UCC in 1965 and has been amended only once since its enactment.

Article 6 was revisited by the National Conference of Commissioners on Uniform State Laws and the American Law Institute in 1989. The Conference and the Institute concluded that Article 6 has become obsolete, that changes in the business and legal contexts in which sales are conducted have made regulation of bulk sales unnecessary. Both bodies therefore decided to withdraw their support for Article 6 and encourage those states that have enacted the Article to repeal it. Since that decision was made, 36 states have repealed Article 6 or its equivalent, and one state has pending legislation to repeal the Article.

The General Statutes Commission circulated to its mailing list the proposal to repeal Article 6 and received no negative comments. Repeal is supported by the North Carolina Bar Association. The Commission is not aware of any opposition to the repeal.

Bulk sales laws were originally drafted in response to a fraud perceived to be common around the turn of the century where a merchant would acquire stock in trade on credit, then sell the entire inventory ("in bulk") and abscond with the proceeds, leaving creditors unpaid. Article 6 in turn was drafted as a uniform replacement to individual state bulk sales laws. The Article imposes several duties on a buyer in bulk, primarily including the duty to give ten days' notice to the seller's creditors of the impending bulk transfer. It requires compliance even when there is no reason to believe that the seller is conducting a fraudulent transfer and imposes strict liability for noncompliance. Failure to comply with the provisions render the transfer ineffective as to the seller's creditors, even when the buyer has acted in good faith.

Modernization in the business and legal contexts in which sales are conducted have made this type of regulation of bulk sales unnecessary. Creditors are better able to make informed decisions about whether to extend credit. Changes in technology since the early 1900s have enabled credit reporting services to provide fast, accurate, and more complete credit histories at relatively small cost. Creditors no longer face the choice of extending unsecured credit or no credit at all. Retaining an interest in inventory to secure its price has become relatively simple and inexpensive under Article 9 of the UCC - adopted in every state and the District of Columbia. Creditors also have greater opportunity to collect their debts. The adoption of state long-arm statutes have greatly improved the possibility of obtaining personal jurisdiction over a debtor who flees to another state. Moreover, if a bulk sale is fraudulent, creditors have remedies under state fraudulent conveyances statutes. There appears to be no evidence that in today's economy, fraudulent bulk sales are frequent enough, or engender credit losses significant enough, to require regulation of all bulk sales, particularly since the problem bulk sales laws are designed to address is now rare.

Moreover, in view of the burden Article 6 places on the buyer, benefit to the seller's creditors in a sale in which the buyer complies with the Article is slight. All the creditors receive is ten days' notice of the sale. The Article places no responsibility on the buyer to see that the seller's creditors are actually paid. Practitioners in this field also reported to the General Statutes Commission that the common practice in bulk sales is to draft the transfer documents in such a way as to eliminate the need for compliance with Article 6.

In light of these reasons, the General Statutes Commission recommends that the North Carolina General Assembly repeal UCC Article 6, Bulk Transfers.

A BILL TO BE ENTITLED

AN ACT RELATING TO SEVERANCE PAY FOR THE PURPOSES OF UNEMPLOYMENT INSURANCE BENEFITS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 96-8(10) reads as rewritten:

"(10) Total and partial unemployment.

a. For the purpose of establishing a benefit year, an individual shall be deemed to be unemployed:

1. If he has payroll attachment but, because of lack of work during the payroll week for which he is requesting the establishment of a benefit year, he worked less than the equivalent of three customary scheduled full-time days in the establishment, plant, or industry in which he has payroll attachment as a regular employee. If a benefit year is established, it shall begin on the Sunday preceding the payroll week ending date.

2. If he has no payroll attachment on the date he reports to apply for unemployment insurance. If a benefit year is established, it shall begin on the Sunday of the calendar week with respect to which the claimant met the reporting requirements provided by Commission regulation.

b. For benefit weeks within an established benefit year, a claimant shall be deemed to be:
   1. Totally unemployed, irrespective of job attachment, if his earnings for such week, including payments defined in subparagraph c below, would not reduce his weekly benefit amount as prescribed by G.S. 96-12(c).
   2. Partially unemployed, if he has payroll attachment but because of lack of work during the payroll week for which he is requesting benefits he worked less than three customary scheduled full-time days in the establishment, plant, or industry in which he is employed and whose earnings from such employment (including payments defined in subparagraph c below) would qualify him for a reduced payment as prescribed by G.S. 96-12(c).
   3. Part-totally unemployed, if the claimant had no job attachment during all or part of such week and whose earnings for odd jobs or subsidiary work (including payments defined in subparagraph c below) would qualify him for a reduced payment as prescribed by G.S. 96-12(c).

c. No individual shall be considered unemployed if, with respect to the entire calendar week, he is receiving, has received, or will receive as a result of his separation from employment, remuneration in the form of (i) wages in lieu of notice, (ii) accrued vacation pay, (iii) terminal leave pay, (iv) severance pay, (v) separation pay, or (vi) dismissal payments or wages by whatever name. Provided, however, if such payment is applicable to less than the entire week, the claimant may be considered to be unemployed as defined in subsections a and b of this paragraph. Sums received by any individual for services performed as an elected official who holds an elective office, as defined in G.S. 128-1.1(d), or as a member of the N. C. National Guard, as defined in G.S. 127A-3, or as a member of any reserve component of the United States Armed Forces shall not be considered in determining that individual's employment status under this subsection. Provided further, however, that an individual shall be considered to be unemployed as to receipt of severance pay for any week the individual is registered at or attending any institution of higher education as defined in G.S. 96-8(5)j., or secondary school as defined in G.S. 96-

8(5)q., or Commission approved vocational, educational, or training programs as defined in G.S. 96-13.

d. An individual's week of unemployment shall be deemed to commence only after his registration at an employment office, except as the Commission may by regulation otherwise prescribe."

MEMORANDUM

TO: Senator R. C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel and William R. Gilkeson, House Commerce Committee Co-Counsel

RE: **HOUSE BILL 414 - UNEMPLOYMENT INSURANCE BENEFITS/SEVERANCE** - Representative Berry.

House Bill 414 would allow laid-off workers who received severance pay to also receive unemployment compensation during any week that that person is in school.

Current North Carolina law disqualifies a person who loses a job from receiving unemployment insurance benefits for any week in which that person receives severance pay. If the person who was making $1,000 a week is laid off and receives a lump sum of $10,000 in severance pay, that severance pay is spread out over 10 weeks so that the person is treated as if she was still employed and receiving her $1,000 a week paycheck for those 10 weeks after layoff. Only after the severance pay runs out may the employee begin receiving unemployment benefits.

Unlike some aspects of unemployment compensation law, the severance pay exclusion is not mandated federally. Not all states treat severance pay the way North Carolina does.

This bill would not change the basic way North Carolina law treats severance pay. It would, however, lift the disqualification and allow a person who got a severance package to receive unemployment benefits for any week that person was registered at or attending one of three types of schools. The types of schools, listed in the bill, are:

1. Institutions of higher learning defined in G.S. 96-8(5)j.
2. Secondary schools defined in G.S. 96-8(5)q.
3. Vocational, educational, or training programs defined in G.S. 96-13.

The bill becomes effective when it becomes law and applies to new initial claims filed on or after September 1, 1997.

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

j. Prior to January 1, 1978, any institution of higher education or State hospital located in this State which is an agency or instrumentality of this State, or which is owned or operated by the State or an instrumentality of this State (or by this State and one or more states or their instrumentalities), provided such employing unit, in each of 20 different calendar weeks within the current or preceding calendar year (whether or not such weeks are or were consecutive), has or had in employment one or more individuals (not necessarily simultaneously and irrespective of whether the same individuals are or were employed in each such week), or in any calendar quarter in either the current or preceding calendar year paid for services in employment wages of one thousand five hundred dollars ($1,500) or more.

For purposes of this Chapter, "institution of higher education" means an educational institution in this State which: (i) admits as regular students only individuals having a certificate of graduation from a high school or the recognized equivalent of such certificate; (ii) is legally authorized in this State to provide a program of education beyond high school; (iii) provides an educational program for which it awards a bachelor's or higher degree, or provides a program which is acceptable for credit toward such a degree or a program of training to prepare students for gainful employment in a recognized occupation; (iv) is a public or other nonprofit institution; and (v) notwithstanding any of the foregoing provisions of this subdivision, is a university, college, or community college in the State.

For purposes of this Chapter, "State hospital" means any institution licensed by the Department of Human Resources under Chapter 122C or Chapter 131E of the General Statutes.

q. With respect to employment on and after January 1, 1978, any nonprofit elementary and secondary school. For purposes of this Chapter, "secondary school" means any school not an institution of higher education as defined in G.S. 96-8(5)j.

§ 96-13. Benefit eligibility conditions.

(a) An unemployed individual shall be eligible to receive benefits with respect to any week only if the Commission finds that —

(1) The individual has registered for work at and thereafter has continued to report at an employment office at regular intervals no more than four weeks apart and in accordance with such regulations as the Commission may prescribe;

(2) He has made a claim for benefits in accordance with the provisions of G.S. 96-15(a);

(3) The individual is able to work, and is available for work: Provided that, unless temporarily excused by Commission regulations, no individual shall be deemed available for work unless he establishes to the satisfaction of the Commission that he is actively seeking work: Provided further, that an individual customarily employed in seasonal employment shall, during the period of nonseasonal operations, show to the satisfaction of the Commission that such individual is actively seeking employment which such individual is qualified to perform by past experience or training during such nonseasonal period: Provided further, however, that no individual shall be considered available for work for any week not to exceed two in any calendar year in which the Commission finds that his unemployment is due to a vacation. In administering this proviso, benefits shall be paid or denied on a payroll-week basis as established by the employing unit. A week of unemployment due to a vacation as provided herein means any payroll week within which the equivalent of three customary full-time working days consist of a vacation period. For the purpose of this subdivision, any unemployment which is caused by a vacation period and which occurs in the calendar year following that within which the vacation period begins shall be deemed to have occurred in the calendar year within which such vacation period begins. For purposes of this subdivision, no individual shall be deemed available for work during any week that the individual tests positive for a controlled substance if (i) the test is a controlled substance examination administered under Article 20 of Chapter 95 of the General Statutes, (ii) the test is required as a condition of hire for a job, and (iii) the job would be suitable work for the claimant. The employer shall report to the Commission, in accordance with regulations adopted by the Commission, each claimant that tests positive for a controlled substance under this subdivision. For the purposes of this subdivision, no individual shall be deemed available for work during any week in which he is registered at and attending an established school, or is on vacation during or between successive quarters or semesters of such school attendance, or on vacation between yearly terms of such school attendance. Except: (i) Any person who was engaged in full-time employment concurrent with his school attendance, who is otherwise eligible, shall not be denied benefits because of school enrollment and attendance. Except: (ii) Any otherwise qualified unemployed individual who is attending a vocational school or training program which has been approved by the Commission for such individual shall be deemed available for work. However, any unemployment insurance benefits payable with respect to any week for which a training allowance is payable pursuant to the provisions of a federal or State law, shall be reduced by the amount of such allowance which weekly benefit amount shall be rounded to the nearest lower full dollar amount (if not a full dollar amount). The Commission may approve such training course for an individual only if:

1.a. Reasonable employment opportunities for which the individual is fitted by training and experience do not exist in the locality or are severely curtailed;

b. The training course relates to an occupation or skill for which there are expected to be reasonable opportunities for employment; and

c. The individual, within the judgment of the Commission, has the required qualifications and the aptitude to complete the course successfully; or,

2. Such approval is required for the Commission to receive the benefits of federal law.

(4) No individual shall be deemed able to work under this subsection during any week for which that person is receiving or is applying for benefits under any other State or federal law based on his temporary total or permanent total disability. Provided that if compensation is denied to any individual for any week under the foregoing sentence and such individual is later determined not to be totally disabled, such individual shall be entitled to a retroactive payment of the compensation for each week for which the individual filed a timely claim for compensation and for which the compensation was denied solely by reason of the foregoing sentence.

(5) The individual has participated in reemployment services, if the Division referred the individual to these services after determining, through use of a worker profiling system, that the individual would likely exhaust regular benefits and would need reemployment services to make a successful transition to new employment, unless the individual establishes justifiable cause for failing to participate in the services.

MEMORANDUM

TO: Senate Commerce Committee

FROM: Linwood Jones, Counsel

RE: Senate Bill 379 (Solid Waste Operator Course Exemption)

When the General Assembly enacted the Solid Waste Management Act of 1989, it included a requirement that beginning January 1, 1996, all operators of solid waste management facilities must complete a training program. The program qualifications were to be developed by DEHNR. Last year, the General Assembly delayed the January 1, 1996 implementation date for this requirement to January 1, 1998.

Senate Bill 379 provides that the training requirement will not apply to an operator of a solid waste management facility who has five years of continuous experience as a solid waste management facility operator immediately before January 1, 1998.

An "operator" is defined in G.S. 130A-290(a)(21) as "*any person, including the owner, who is principally engaged in, and is in charge of, the actual operation, supervision, and maintenance of a solid waste management facility and includes the person in charge of a shift or periods of operation during any part of the day.*"

The bill takes effect when it becomes law.

S379-SMRN-001

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

§ 130A-309.25. Training of operators of solid waste management facilities.

(a) The Department shall establish qualifications for, and encourage the development of training programs for, operators of incinerators, operators of landfills, coordinators of local recycling programs, and other solid waste management facilities.

(b) The Department shall work with accredited community colleges, vocational technical centers, State universities, and private institutions in developing educational materials, courses of study, and other such information to be made available for persons seeking to be trained as operators of solid waste management facilities.

(c) A person may not perform the duties of an operator of a solid waste management facility after 1 January 1998, unless he has completed an operator training course approved by the Department. An owner of a solid waste management facility may not employ any person to perform the duties of an operator unless the person has completed an approved solid waste management facility operator training course.

(d) The Commission may adopt rules and minimum standards to effectuate the provisions of this section and to ensure the safe, healthy, and lawful operation of solid waste management facilities. The Commission may establish, by rule, various classifications for operators to address the need for differing levels of training required to operate various types of solid waste management facilities due to different operating requirements at the facilities.

(e) In developing training programs for incinerator operators under this section, the Department shall establish and consult with ad hoc advisory groups to help coordinate the requirements under this section with other training programs for incinerator operators. (1989, c. 784, s. 2; 1993, c. 29, s. 1; 1995 (Reg. Sess., 1996), c. 594, s. 19.)

Effect of Amendments. — The 1995 (Reg. Sess., 1996) amendment, effective October 1, 1996, substituted "1 January 1998" for "1 January 1996" in subsection (c).

Representative Thompson, the bill sponsor, explained the bill. He said it allows the resale of data developed and operated by counties and cities public records to real estate trade associations and multiple listing services. Senator Hoyle sent forward an amendment and moved its adoption. (Copy attached.) Motion carried.

Mr. Jim Blackburn, representing the Association of County Commissioners, said some of his members have a problem with this exception to the statute. Mr. Tim Minton, N. C. Associaton of Realtors, spoke in favor of the bill.

Representative Berry, the bill sponsor, said the bill raises the North Carolina minimum wage to the same level as required by federal law and thereafter tracks

any increase to the federal minimum wage. The bill also makes other changes that will conform certain State wage law to the federal minimum wage law. (See attached memorandum from Committee Counsel for the substance of these changes.)

Mr. Dana Cope from the Department of Labor assisted in answering questions from the Committee.

Senator Ballance moved that HB 871 be given a favorable report. Motion carried.

SB 891, AN ACT TO UPDATE AND REVISE THE LAWS AFFECTING LOCAL GOVERNMENT CONTRACTING.

A BILL TO BE ENTITLED

AN ACT TO REVISE THE REIMBURSEMENT METHODOLOGY FOR HOSPITAL CHARGES UNDER WORKERS' COMPENSATION.

The General Assembly of North Carolina enacts:

Section 1. G.S. 97-26(b) reads as rewritten:

"(b) **(Effective June 30, 1997 -- see editor's note)** Hospital Fees. -- ~~Payment for medical compensation rendered by a hospital participating in the State Plan shall be equal to the payment the hospital receives for the same treatment and services under the State Plan. Payment for a particular type of medical compensation that is not covered under the State Plan shall be based on the allowable charge under the State Plan for comparable services or treatment, as determined by the Commission.~~ Each hospital subject to the provisions of this subsection shall be reimbursed the amount provided for in this subsection unless it has agreed under contract with the ~~insurer or managed care organization~~ insurer, managed care organization, employer (or other payor obligated to reimburse for inpatient hospital services rendered under this Chapter) to accept a different amount or reimbursement methodology.

Except as otherwise provided herein, payment for medical treatment and services rendered to workers' compensation patients by a hospital shall be equal to the payment the hospital is authorized to receive for the same treatment or service under the State Plan, provided that:

(1) Payment for inpatient hospital inpatient services provided on or after July 1, 1997, and on or before December 31, 1997, shall not be less than a minimum of ninety percent (90%) nor more than a

maximum of one hundred percent (100%) of the hospital's itemized charges as shown on the UB-92 claim form.

(2) Payment for inpatient hospital services provided on or after January 1, 1998, through and including December 31, 1998, shall be not more than a maximum of one hundred percent (100%) of the hospital's itemized charges as shown on the UB-92 claim form nor less than a minimum percentage of such charges that the Commission determines would have been required to have produced an average payment rate equal to ninety-three and one-tenth percent (93.1%) of aggregate charges for all inpatient claims processed by the Commission during the fiscal year ending June 30, 1997.

(3) Payment for inpatient hospital services provided on or after January 1, 1999, shall be not more than a maximum of one hundred percent (100%) of the hospital's itemized charges as shown on the UB-92 claim form nor less than the minimum percentage established annually by the Commission as follows:

a. Beginning in the third quarter (July, August, and September) of 1998, and annually thereafter, the Commission shall review data from the State Plan to ascertain the aggregate hospital itemized charges and aggregate amounts authorized for payment by the State Plan (including payments actually made by the State Plan and deductible, coinsurance, or other amounts for which the patient/insured may have been liable) for inpatient hospital claims paid to participating hospitals by the State Plan during the immediately preceding fiscal year ending June 30. The Commission shall then utilize the data described in the preceding sentence to calculate the extent, if any, to which aggregate State Plan authorized payments were less than aggregate charges on inpatient hospital claims paid by the State Plan during the preceding fiscal year.

b. Beginning in the third quarter (July, August, and September) of 1998, and annually thereafter, the Commission shall calculate aggregate hospital itemized charges and aggregate payments authorized by the Commission on all inpatient hospital workers' compensation claims approved for payment by the Commission during the preceding fiscal year ending June 30.

c. Based on the data described in sub-subdivisions a. and b. of this subdivision, the Commission shall on or before December 1, 1998, and December 1 of each subsequent year establish a minimum percentage that will result in a payment rate for inpatient workers' compensation cases that in the aggregate bears a percentage relationship to hospital itemized charges

that is equal to the State Plan relationship between aggregate payments authorized and aggregate itemized charges for claims paid by the State Plan during the preceding fiscal year ending June 30. The percentage rate established shall be effective for the next succeeding calendar year beginning January 1 of that year.

Notwithstanding any other provisions of law, the Commission's determination of payment rates under this subsection shall:

(1) Comply with the procedures for adoption of a fee schedule established in G.S. 97-26(a);

(2) Include publication on or before October 1 of each year of the proposed payment rate, and a summary of the data and calculations on which the rate is based;

(3) Be subject to the declaratory ruling provisions of G.S. 150B-4; and

(4) Be deemed to constitute a final permanent rule under Article 2A of Chapter 150B for purposes of judicial review under Article 4 of that Chapter.

Payment for a particular type of medical compensation that is not covered under the State Plan shall be based on the allowable charge under the State Plan for comparable services or treatment, as determined by the Commission.

A hospital's itemized charges on the UB-92 claim form for workers' compensation services shall be the same as itemized charges for like services for all other payers."

MEMORANDUM

TO: Senator R. C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel

RE: **HOUSE BILL 499 - GIS RECORD EXEMPTION** - Representative Thompson

House Bill 499 would add another exemption to the general prohibition against reselling or otherwise using for trade or commercial purposes, geographical information developed by counties and cities, to allow resale of this data by real estate trade associations and multiple listing services.

G.S. 132-10 was added to the public records law in 1995. This statute makes the geographic information systems databases and data files developed and operated by counties and cities public records and requires that the public have access to public terminals to retrieve the information contained in these databases. Under this statute when a person requests an electronic copy of the database the person must agree in writing that the copy will not be resold or otherwise used for trade or commercial purposes. The statute makes an exception from this requirement that publication or broadcast by the news media does not constitute resale, trade or commercial use. The statute also currently makes clear that use of the data by a licensed professional in the course of practicing the professional's profession is not use for a commercial purpose.

This bill adds real estate trade associations and multiple listing services to the news media as entities that may resale this information.

The bill would become effective when it becomes law.

The General Assembly of North Carolina enacts:

Section 1. G.S. 95-25.3 reads as rewritten:

"**§ 95-25.3. Minimum wage.**

(a) Every employer shall pay to each employee who in any workweek performs any work, wages of at least ~~three dollars and eighty cents ($3.80) per hour effective January 1, 1992, and four dollars and twenty-five cents ($4.25) per hour effective January 1, 1993,~~ the minimum wage set forth in paragraph 1 of section 6(a) of the Fair Labor Standards Act, 29 U.S.C. 206(a)(1), as that wage may change from time to time, except as otherwise provided in this section.

(b) In order to prevent curtailment of opportunities for employment, the wage rate for full-time students, learners, apprentices, and messengers, as defined under the Fair Labor Standards Act, shall be ninety percent (90%) of the rate in effect under subsection (a) above, rounded to the lowest nickel.

(c) The Commissioner, in order to prevent curtailment of opportunities for employment, may, by regulation, establish a wage rate less than the wage rate in

effect under section (a) which may apply to persons whose earning or productive capacity is impaired by age or physical or mental deficiency or injury, as such persons are defined under the Fair Labor Standards Act.

(d) The Commissioner, in order to prevent curtailment of opportunities for employment of the economically disadvantaged and the unemployed, may, by regulation, establish a wage rate not less than eighty-five percent (85%) of the otherwise applicable wage rate in effect under subsection (a) which shall apply to all persons (i) who have been unemployed for at least 15 weeks and who are economically disadvantaged, or (ii) who are, or whose families are, receiving ~~aid to families with dependent children provided under Part A of Title IV of the Social Security Act,~~ Work First Family Assistance, or who are receiving supplemental security benefits under Title XVI of the Social Security Act.

Even if the employee refuses to certify tips accurately, tips may still be counted as wages when the employer complies with the other requirements of this section and can demonstrate by monitoring tips that the employee regularly receives tips in the amount for which the credit is taken. Tip pooling shall also be permissible among employees who customarily and regularly receive tips; however, no employee's tips may be reduced by more than fifteen percent (15%) under a tip pooling arrangement.

(g) In order to prevent curtailment of opportunities for employment, an employer may, in lieu of the minimum wage prescribed by this section, pay a training wage to eligible persons in accordance with G.S. 95-25.3A."

MEMORANDUM

TO: Senate Commerce Committee

FROM: Linwood Jones, Staff Counsel

RE: House Bill 871 (Wage and Hour Act Amendments)

House Bill 871 ties the State minimum wage to the federal minimum wage so that whenever Congress increases the federal minimum wage, the State minimum wage will also increase to the same amount. The federal minimum wage is currently $4.75 per hour and will increase to $5.15 per hour on September 1st of this year (29 USCS §206(a)). The State minimum wage is currently $4.25.

The bill also makes other changes that will conform certain State wage law to the federal minimum wage law, as follows:

* Current law allows an employer whose employees receive tips to allow the tips to count for up to 50% of the wages of the employees for purposes of complying with the minimum wage law. The proposed change in the bill will tie the "tip credit" to the federal law. The federal law, as amended last year by Congress, allows employers to count increasingly more of the tips towards the minimum wage (29 USCS §203(m)).

* Certain computer professionals (computer systems analysts, computer programmers, software engineers, and similar workers) are exempted from the State minimum wage and overtime law. Those meeting the federal standard were exempted by Congress from the federal minimum wage and overtime law last year (29 USCS §213(a)(17)).

This bill would take effect August 1, 1997.

H871-SMRN-001

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

The problem that the Department of Labor is having and hence the need for the bill:

If a small mom and pop business in North Carolina thinks that they should be paying the state minimum wage to their employees and one of the employees calls the Department of Labor to complain that they aren't making the proper minimum wage.

The Department will open an investigation to determine if the small business should be paying the state or the federal minimum wage. Indeed if the department finds that the small business should be paying the federal minimum wage rather than the state minimum wage, the department would refer the case to the U.S. Department of Labor.

The U.S. Department of Labor takes minimum wage cases very seriously and they would begin their own investigation. If the investigation determines that the small business should be paying the federal minimum wage rather than the state minimum wage, U.S. DOL would make the small business pay back wages to all employees who were not paid correctly plus triple the monetary award as a penalty/fine. Again, this assessment would be to all employees who were not adequately paid the appropriate minimum wage, not just the one who filed the complaint.

Therefore, to allow the state minimum wage to track the federal minimum wage makes great sense. It keeps one set of rules for everybody to operate under without fear of being penalized by the U.S. Department of Labor.

The House passed this bill 113-4.

The North Carolina Restaurant Association supports this bill.

The National Computer Professionals Association support this bill.

The North Carolina AFL-CIO supports this bill.

The Department of Labor supports this bill.

There is no known opposition to this bill. Rep. Berry has talked with NCCBI and other business groups and they have no position on this bill.

Matching the Minimum Wage

Who Gets Paid the State Minimum Wage?

-- Only approximately 30,000 or fewer employees (of NC's estimated 3.5 million employees) are covered by the state rather than the federal minimum wage.

-- That is about 1% or less of the North Carolina non-supervisory workforce.

-- Having the state automatically track the federal minimum wage will eliminate the delay which has typically resulted when Congress raises the wage while the General Assembly is out of session.

-- At least 20 other states have recognized this inconsistency, and have passed laws requiring their states' minimum wages to track the federal minimum wage.

Why or Why Not? (Salt and Mustard)

-- Because if an employee's work requires her to be engaged in interstate commerce or the production of goods for interstate commerce, then that employee must be paid the federal minimum wage.

-- Because if that employee places an interstate phone call or sends a facsimile across state lines, ***she is considered to be engaging in interstate commerce.***

-- Consider the employee who works at a Mom & Pop toy store, and who must process credit card transactions. Should he be paid under the state or federal minimum wage? *(Federal -- Credit cards are interstate transactions.)*

-- Some of these employees could be college students who work in food service. They may also unload the supply truck once a week. *(On the days they unload salt from Utah and mustard from Pennsylvannia, they are engaging in interstate commerce and should be paid according to the federal minimum wage. On the days they only wait tables, they should be paid according to the state law.)*

Tracking the Minimum Wage

-- Even though the first federal minimum wage was established in 1938 at 25 cents, North Carolina did not institute its first minimum wage for another 22 years.

-- Over the years, it has been common to see the state minimum wage lag behind the federal wage for one to two years. This is because, sometimes, the federal wage is raised when North Carolina's General Assembly is not in session.

-- At least twice in the state's history, the lag between the state and federal wages grew even longer:

It took NC from 1956 to 1966 to meet the federal wage of $1.00.
It took NC from 1968 to 1972 to meet the federal wage of $1.60.

-- The last increase in the NC wage came in 1993, up from $3.80 to $4.25 per hour, while the federal wage increased in 1996 to $4.75 and is slated to go to $5.15 on September 1, 1997.

Exemptions to the NC Minimum Wage Law

1. Any person engaged in interstate commerce
2. Any person employed in agriculture
3. Any person employed as a domestic, including babysitters and companions
4. Any person employed as a page in the General Assembly or in the Governor's Office
5. Bona fide volunteers in medical, educational, religious or nonprofit organizations
6. Persons confined in and working for any penal, correctional or mental institution of the State or local government
7. Any person employed as a model, or as an actor or performer in motion pictures or theatrical, radio or television productions
8. Any person employed by an outdoor drama in a production role, including lighting, costumes, properties and special effects; but this exemptions does not include such positions as office workers, ticket takers, ushers and parking lot attendants
9. Any employee of a boys' or girls' summer camp or of a seasonal religious or non-profit educational conference center
10. Any person employed in the catching, processing or first sale of seafood
11. The spouse, child, or parent of the employer or any person qualifying as a dependent of the employer under the income tax laws of North Carolina
12. Any person employed in a bona fide* executive, administrative, professional or outside sales capacity
13. Any person while participating in a ridesharing arrangement
14. Any person who is employed as a computer systems analyst, computer programmer, software engineer, or other similarly skilled worker*

*Must meet salary requirement

<u>Notes</u>:

The exemptions listed above will remain unchanged under state law with the enactment of a bill which enables the state minimum wage to track the federal minimum wage.

A report from the US Department of Labor in 1985 estimated that approximately 87% of the non-supervisory workforce was subject to the federal minimum wage. In 1989, Congress repealed the single largest remaining exemption of non-supervisory employees, that of employees who work in the retail trades. As a consequence, it is believed that very few non-supervisory employees are not currently subject to the federal minimum wage.

NORTH CAROLINA WAGE AND HOUR ACT AMENDMENTS

A Press Conference will be held tomorrow morning (April 3,1997)at 11am in the Press Conference Room.

Representative Cherie K. Berry and Commissioner of Labor Harry Payne will be present to discuss a bill that will be introduced by Representative Berry Thursday at session. The proposed bill to amend the ***North Carolina Wage and Hour Act*** raises the ***North Carolina*** minimum wage to the same level as required by federal law and thereafter tracks any increases in the federal minimum wage. It also amends the North Carolina Wage and Hour Act to incorporate two other changes made in 1996 to the Fair Labor Standards Act, creating an exemption from minimum wage and overtime requirements for "computer professionals" and authorizing employers to take a larger credit for tips towards satisfying the minimum wage requirement.

~ MORE ~

Congress raised the federal minimum wage in 1996 from $4.25 per hour to $4.75 per hour and provided for a second raise to $5.15 per hour to take effect on September 1, 1997. The North Carolina minimum wage remains at $4.25 per hour, where it has been since January 1, 1993.

An increase in the minimum wage is an integral part of making welfare reform work. Without an increase in the minimum wage, many former welfare recipients will be stuck in jobs which do not provide their families with a living wage. Even with this increase, families with a minimum wage earner as the primary provider will likely continue to need other assistance or resources to make ends meet.

WASHINGTON DAILY NEWS, WEDNESDAY, APRIL 30, 1997

Senate approves minimum-wage plan

Associated Press

RALEIGH — The state House has unanimously approved a bill requiring an increase in North Carolina's minimum wage every time the federal minimum wage rises.

House members voted 113-0 Tuesday to approve the measure.

Currently, some 30,000 North Carolina workers are left behind every time the federal minimum wage is increased and must wait until the legislature increases the state minimum wage.

North Carolina last raised the state minimum wage in 1993, from $3.80 to $4.25 an hour. The federal minimum wage rose to $4.75 last year and is scheduled to go to $5.15 an hour in September.

The state minimum wage applies only to workers who are not in management and not involved in interstate commerce. That means, for example, that a restaurant waiter is covered by the federal minimum wage on days that he helps unload interstate shipments of food, but by the state minimum wage on days when he just waits tables.

"It's very confusing for employers. It's hard to determine who exactly is covered by the North Carolina minimum wage," said bill sponsor Rep. Cherie Berry, R-Catawba.

Rep. Chuck Neely, R-Wake, said a mimimum wage makes unskilled workers too expensive to hire, but he supported the bill because it makes record-keeping easier for businesses.

"It took President Nixon to open China and it took Rep. Berry to convince me to vote for the minimum wage," Neely said.

About 30,000 North Carolina workers, less than 1 percent of the total labor force, rely on the state minimum wage as their base salary, according to the state Labor Department.

Bill would link N.C. minimum wage to the federal increases

RALEIGH (AP) — North Carolina's minimum wage would be linked to the federal minimum wage under a bill filed Thursday in the state House.

"Common sense says that whenever you work and wherever you work in North Carolina, you should be subject to the same minimum wage," state Labor Commissioner Harry Payne said at a news conference. "It's just not smart and it's also not fair (to have separate state and federal minimum wages).

The state minimum wage applies only to workers who are not in management and are not covered by the federal law.

Labor Department officials say about 30,000 employees, less than 1 percent of the total state workforce, rely on the state minimum wage as their base salary.

Federal law covers any employees who work in interstate commerce. So a restaurant waiter who occasionally helps unload supply trucks would be covered by the federal minimum wage on days when he unloads interstate shipments of food and by the state minimum wage on days when he just waits tables.

Retail employees generally are covered by federal minimum wage because credit card transactions are interstate commerce.

North Carolina last raised the state minimum wage in 1993, from $3.80 to $4.25 an hour. The federal minimum wage rose to $4.75 last year and is scheduled to go to $5.15 an hour in September.

Congress enacted the first minimum wage in 1938, but North Carolina did not pass a state minimum wage law until 1960. It took the state from 1956 to 1966 to meet the federal minimum wage of $1 an hour.

A BILL TO BE ENTITLED

AN ACT TO UPDATE AND REVISE THE LAWS AFFECTING LOCAL GOVERNMENT CONTRACTING.

The General Assembly of North Carolina enacts:

Section 1. G.S. 143-129(a) reads as rewritten:

"(a) No construction or repair work requiring the estimated expenditure of public money in an amount equal to or more than one hundred thousand dollars ($100,000) or purchase of apparatus, supplies, materials, or equipment requiring an estimated expenditure of public money in an amount equal to or more than ~~twenty thousand dollars ($20,000),~~ thirty thousand dollars ($30,000), except in cases of group purchases made by hospitals through a competitive bidding purchasing program or in cases of special emergency involving the health and safety of the people or their property, shall be performed, nor shall any contract be awarded therefor, by any board or governing body of the State, or of any institution of the State government, or of any county, city, town, or other subdivision of the State, unless the provisions of this section are complied with. For purposes of this Article, a competitive bidding group purchasing program is a formally organized program that offers purchasing services at discount prices to two or more hospital facilities. The limitation contained in this paragraph shall not apply to construction or repair work undertaken during the progress of a construction or repair project initially begun pursuant to this section. Further, the provisions of this section shall not apply to the purchase of

gasoline, diesel fuel, alcohol fuel, motor oil or fuel oil. Such purchases shall be subject to G.S. 143-131.

For purchases of apparatus, supplies, materials, or equipment, the governing body of any municipality, county, or other political subdivision of the State may, subject to any restriction as to dollar amount, or other conditions that the governing body elects to impose, delegate to the manager or the chief purchasing official the authority to award contracts, reject bids, readvertise to receive bids on behalf of the unit, or waive bid bonds or deposits, or performance and payment bond requirements. Any person to whom authority is delegated under this subsection shall comply with the requirements of this Article that would otherwise apply to the governing body."

Section 2. G.S. 143-129(b) reads as rewritten:

"(b) Advertisement of the letting of such contracts shall be as follows:

Where the contract is to be let by a board or governing body of the State government, or of a State institution, as distinguished from a board or governing body of a subdivision of the State, proposals shall be invited by advertisement at least one week before the time specified for the opening of said proposals in a newspaper having general circulation in the State of North Carolina. Provided that the advertisements for bidders required by this section shall be published at such a time that at least seven full days shall lapse between the date of publication of notice and the date of the opening of bids.

Where the contract is to be let by a county, city, town or other subdivision of the State, proposals shall be invited by advertisement at least one week before the time specified for the opening of said proposals in a newspaper having general circulation in such county, city, town or other subdivision.

Such advertisement shall state the time and place where plans and specifications of proposed work or a complete description of the apparatus, supplies, materials or equipment may be had, and the time and place for opening of the proposals, and shall reserve to said board or governing body the right to reject any or all such proposals.

Proposals shall not be rejected for the purpose of evading the provisions of this Article. No board or governing body of the State or subdivision thereof shall assume responsibility for construction or purchase contracts, or guarantee the payments of labor or materials therefor except under provisions of this Article.

All proposals shall be opened in public and shall be recorded on the minutes of the board or governing body and the award shall be made to the lowest responsible bidder or bidders, taking into consideration quality, performance and the time specified in the proposals for the performance of the contract. In the event the lowest responsible bids are in excess of the funds available for the project, the responsible board or governing body is authorized to enter into negotiations with the lowest responsible bidder above mentioned, making reasonable changes in the plans and specifications as may be necessary to bring the contract price within the funds available, and may award a contract to such bidder upon recommendation of the Department of Administration in the case of the State government or of a State institution or agency, or upon recommendation of the responsible commission,

council or board in the case of a subdivision of the State, if such bidder will agree to perform the work at the negotiated price within the funds available therefor. If a contract cannot be let under the above conditions, the board or governing body is authorized to readvertise, as herein provided, after having made such changes in plans and specifications as may be necessary to bring the cost of the project within the funds available therefor. The procedure above specified may be repeated if necessary in order to secure an acceptable contract within the funds available therefor.

No proposal shall be considered or accepted by said board or governing body unless at the time of its filing the same shall be accompanied by a deposit with said board or governing body of cash, or a cashier's check, or a certified check on some bank or trust company insured by the Federal Deposit Insurance Corporation in an amount equal to not less than five percent (5%) of the proposal. In lieu of making the cash deposit as above provided, such bidder may file a bid bond executed by a corporate surety licensed under the laws of North Carolina to execute such bonds, conditioned that the surety will upon demand forthwith make payment to the obligee upon said bond if the bidder fails to execute the contract in accordance with the bid bond. This deposit shall be retained if the successful bidder fails to execute the contract within 10 days after the award or fails to give satisfactory surety as required herein. In the case of proposals ~~in an estimated amount of less than one hundred thousand dollars ($100,000)~~ for the purchase of apparatus, supplies, materials, or equipment, the board or governing body may waive the requirement for a bid bond or other deposit.

Bids shall be sealed ~~if the invitation to bid so specifies and, in any event,~~ and the opening of an envelope or package with knowledge that it contains a bid or the disclosure or exhibition of the contents of any bid by anyone without the permission of the bidder prior to the time set for opening in the invitation to bid shall constitute a Class 1 misdemeanor."

Section 3. G.S. 143-129(f) reads as rewritten:

"(f) The provisions of this Article shall not apply to purchases of apparatus, supplies, materials, or equipment ~~by hospitals~~ when performance or price competition for a product are not available; when a needed product is available from only one source of supply; or when standardization or compatibility is the overriding ~~consideration;~~ consideration. Notwithstanding any other provision of this section, the governing board of a municipality, county, or other subdivision of the State shall approve purchases made under this exception prior to the award of the contract. In the case of purchases by hospitals, in addition to the other exceptions in this subsection, the provisions of this Article shall not apply when a particular medical item or prosthetic appliance is needed; when a particular product is ordered by an attending physician for his patients; when additional products are needed to complete an ongoing job or task; when products are purchased for 'over-the-counter' resale; when a particular product is needed or desired for experimental, developmental, or research work; or when equipment is already installed, connected, and in service under a lease or other agreement and the governing body of the hospital determines

that the equipment should be purchased. The governing body of a ~~hospital~~ hospital, municipality, county or other political subdivision of the State shall keep a record of all purchases made pursuant to this exception. These records are subject to public inspection."

Section 4. G.S. 143-129 is amended by adding a new subsection to read:

"(g) When the governing board of any municipality, county, or other subdivision of the State, or the manager or purchasing official delegated authority under subsection (a) of this section, determines that it is in the best interest of the unit, the requirements of this section may be waived for the purchase of apparatus, supplies, materials, or equipment from any person or entity that has, within the previous 12 months, after having completed a public, formal bid process substantially similar to that required by this Article, contracted to furnish the apparatus, supplies, materials, or equipment to:

(1) The United States of America or any federal agency;

(2) The State of North Carolina or any agency or political subdivision of the State; or

(3) Any other state or any agency or political subdivision of that state,

if the person or entity is willing to furnish the items at the same or more favorable prices, terms, and conditions as those provided under the contract with the other unit or agency. Notwithstanding any other provision of this section, any purchase made under this subsection shall be approved by the governing body of the purchasing municipality, county, or other political subdivision of the State at a regularly scheduled meeting of the governing body no fewer than 10 days after publication of notice, in a newspaper of general circulation in the area served by the governing body, that a waiver of the bid procedure will be considered in order to contract with a qualified supplier pursuant to this section. Rules issued by the Secretary of Administration pursuant to G.S. 143-49(6) shall apply with respect to participation in State term contracts."

Section 5. G.S. 143-131 reads as rewritten:

"**§ 143-131. When counties, cities, towns and other subdivisions may let contracts on informal bids.**

All contracts for construction or repair work or for the purchase of apparatus, supplies, materials, or equipment, involving the expenditure of public money in the amount of five thousand dollars ($5,000) or more, but less than the limits prescribed in G.S. 143-129, made by any officer, department, board, or commission of any county, city, town, or other subdivision of this State shall be made after informal bids have been secured. All such contracts shall be awarded to the lowest responsible bidder, taking into consideration quality, performance, and the time specified in the bids for the performance of the contract. It shall be the duty of any officer, department, board, or commission entering into such contract to keep a record of all bids submitted, and such record shall not be subject to public inspection ~~at any time.~~ until the contract has been awarded."

Section 6. G.S. 160A-266 reads as rewritten:

"**§ 160A-266. Methods of sale; limitation.**

(a) Subject to the limitations prescribed in subsection (b) of this section, and according to the procedures prescribed in this Article, a city may dispose of real or personal property belonging to the city by:

(1) Private negotiation and sale;
(2) Advertisement for sealed bids;
(3) Negotiated offer, advertisement, and upset bid;
(4) Public auction; or
(5) Exchange.

(b) Private negotiation and sale may be used only with respect to personal property valued at less than ~~ten thousand dollars ($10,000)~~ thirty thousand dollars ($30,000) for any one item or group of similar items. Real ~~property~~ property, of any value, and personal property valued at ~~ten thousand dollars ($10,000)~~ thirty thousand dollars ($30,000) or more for any one item or group of similar items may be exchanged as permitted by G.S. 160A-271, or may be sold by any method permitted in this Article other than private negotiation and sale, except as permitted in G.S. 160A-277 and G.S. 160A-279.

Provided, however, a city may dispose of real property of any value and personal property valued at ~~ten thousand dollars ($10,000)~~ thirty thousand dollars ($30,000) or more for any one item or group of similar items by private negotiation and sale where (i) said real or personal property is significant for its architectural, archaeological, artistic, cultural or historical associations, or significant for its relationship to other property significant for architectural, archaeological, artistic, cultural or historical associations, or significant for its natural, scenic or open condition; and (ii) said real or personal property is to be sold to a nonprofit corporation or trust whose purposes include the preservation or conservation of real or personal properties of architectural, archaeological, artistic, cultural, historical, natural or scenic significance; and (iii) where a preservation agreement or conservation agreement as defined in G.S. 121-35 is placed in the deed conveying said property from the city to the nonprofit corporation or trust. Said nonprofit corporation or trust shall only dispose of or use said real or personal property subject to covenants or other legally binding restrictions which will promote the preservation or conservation of the property, and, where appropriate, secure rights of public access.

(c) A city council may adopt regulations prescribing procedures for disposing of personal property valued at less than ~~five hundred dollars ($500.00)~~ five thousand dollars ($5,000) for any one item or group of items in substitution for the requirements of this Article. The regulations shall be designed to secure for the city fair market value for all property disposed of and to accomplish the disposal efficiently and economically. The regulations may, but need not, require published notice, and may provide for either public or private exchanges and sales. The council may authorize one or more city officials to declare surplus any personal property valued at less than ~~five hundred dollars ($500.00)~~ five thousand dollars ($5,000) for any one item or group of items, to set its fair market value, and to convey title to the property for the city in accord with the regulations. A city official

authorized under this section to dispose of property ~~shall, on the first day of February, report in writing to the council on any property disposed of under such authorization from July 1 through December 31 of the previous year, and shall on the first day of August report in writing to the council on any property disposed of under such authorization from January 1 through June 30 of that year. The written report~~ shall keep a record of all property sold under this section and that record shall generally describe the property sold or exchanged, to whom it was sold, or with whom exchanged, and the amount of money or other consideration received for each sale or ~~exchange since the last such report was submitted.~~ exchange."

Section 7. Article 8 of Chapter 143 of the General Statutes is amended by adding a new section to read:

"**§ 143-129.7. Purchase with trade-in of apparatus, supplies, materials, and equipment.**

Notwithstanding the provisions of Article 12 of Chapter 160A of the General Statutes, municipalities, counties, and other political subdivisions of the State may include in specifications for the purchase of apparatus, supplies, materials, or equipment an opportunity for bidders to purchase as 'trade-in' specified personal property owned by the municipality, county, or other political subdivision, and the awarding authority may award a contract for both the purchase of the apparatus, supplies, materials, or equipment and the sale of trade-in property, taking into consideration the amount offered on the trade-in when applying the criteria for award established in this Article."

Section 8. This act raises the threshold amount in G.S. 143-129 and G.S. 160A-266. If any local act provides a threshold amount for the subjects addressed in these statutes that is less than the amount provided in this act, this act prevails to the extent of that conflict.

Section 9. This act becomes effective July 1, 1997.

MINUTES
SENATE COMMERCE COMMITTEE
June 3, 1997

The Senate Commerce Committee met in Room 1027 of the State Legislative Building on Tuesday, June 3, 1997, at 11:00 a.m. Eighteen members of the Committee were present.

Senator Soles, Chairman, called the meeting to order.

The following bills were considered by the Committee:

HB 134, AN ACT TO ENACT THE REVISED ARTICLE 8 OF THE UNIFORM COMMERCIAL CODE AND CONFORMING AND MISCELLANEOUS AMENDMENTS TO THE UNIFORM COMMERCIAL CODE AND OTHER GENERAL STATUTES, AS RECOMMENDED BY THE GENERAL STATUTES COMMISSION.

Representative Culpepper, the bill sponsor, said the legislation was recommended by the General Statutes Commission; it was adopted by the National Conference of Commissioners on Uniform State Laws in 1994, has been enacted in 32 states, the District of Columbia and Puerto Rico, and is pending this year in 6 other states. He said it updates Article 8 of the Uniform Commercial Code to provide a modern legal structure for a system of holding securities through brokers, banks and other securities intermediaries. (See attached memorandum from the General Statutes Commission for additional information.)

Professor Donald Clifford with the UNC School of Law and Ms. Doris Bray, Vice-Chairman of the General Statues Commission, assisted in answering questions from the Committee.

Senator Hoyle moved that House Bill 134 be given a favorable report. Motion carried.

HB 482, AN ACT TO ALLOW ALL HANDICAPPED PERSONS TO USE A REGISTERED SIGNATURE FACSIMILE AS A MARK OF THEIR LEGAL SIGNATURE.

Representative Culp, the bill sponsor, said present law only applies to visually handicapped people and the bill extends the same benefit to all handicapped people. An example of the signature facsimile must be registered with the clerk of the superior court in the county where the person lives. (See attached memorandum from Committee Counsel for additional information.)

Senator Rand moved that House Bill 482 be given a favorable report. Motion carried.

HB 485, AN ACT TO AMEND VARIOUS STATUTES RELATING TO THE PRACTICE OF FUNERAL SERVICE, CREMATIONS, AND FUNERAL AND BURIAL TRUST FUNDS.

Representative Dockham, the bill sponsor, could not be present for the meeting but asked that it be taken up with the staff providing the explanation. Steven Rose, Committee Counsel, provided the attached memorandum explaining each section of the bill.

Mr. William R. Hoke, the attorney for the State Licensing Board for Mortuary Science, said the amendments were technical in nature and had been approved by the Board.

Senator Jordan moved to give House Bill 485 a favorable report. Motion carried.

HB 1075, AN ACT TO PERMIT LENDERS TO CONTRACT FOR AND RECEIVE SHARED APPRECIATION IN CERTAIN CIRCUMSTANCES.

Representative Hall, sponsor of the bill, said the bill would allow lenders to contract for and receive shared appreciation or equity if the amount does not exceed 10 per cent of the value of the property at the time of the loan repayment, the loan involved is outstanding 24 months or longer, and the reverse mortgage is guaranteed or insured by the federal government or originated under a program approved by specified federal mortgage entitles. The bill also requires that mandated counseling be provided by a state certified reverse mortgage counselor. (See attached memorandum from Committee Counsel for additional information.)

Ms. Theresa Tilley, Coordinator of Reverse Mortgages with Centura Bank, and Mr. Jon G. Gauthier, Director of the Charlotte Partnership Office of FannieMae, and Mr. Paul Stock with the North Carolina Bankers Assn., assisted Mr. Hall in answering questions from the Committee.

Senator Lee moved that House Bill 1075 be placed in subcommittee for further study. Motion carried. The Chairman named the following to the Subcommittee:

Senator Lee, Chairman
Senator Dalton
Senator Kerr
Senator Ledbetter.

HB 994, AN ACT TO ALLOW PAY TELEPHONE PROVIDERS TO OBTAIN LINE ACCESS FROM COMPETITIVE LOCAL PROVIDERS OF TELEPHONE SERVICE AND TO ELIMINATE THE STATUTORY REQUIREMENT THAT LINE ACCESS RATES BE SET ON A MEASURED RATE BASIS.

Senator Hoyle said the legislation simply continues the deregulation of local telephone service enacted last session. It authorizes the pay telephone to be connected to any authorized local exchange provider and eliminates the requirement that the service be on a measured usage rate basis if possible. (See attached memorandum from Committee Counsel for additional information.)

Senator Rand moved that HB 994 be given a favorable report. Motion carried.

The meeting adjourned at 12 Noon.

MEMORANDUM

TO: Senate Commerce Committee

FROM: General Statutes Commission

DATE: May 16, 1997

RE: **House Bill 134 (Investment Securities UCC Rewrite)**

General Comments

House Bill 134 enacts Revised Article 8 of the Uniform Commercial Code (Investment Securities) which updates current Article 8 to provide a modern legal structure for a system of holding securities through brokers, banks, and other securities intermediaries ("indirect holding system"). The bill also enacts conforming and miscellaneous amendments to Articles 1 (General Provisions), 4 (Bank Deposits and Collections), 5 (Letters of Credit), 9 (Secured Transactions; Sales of Accounts and Chattel Paper), and 10 (Effective Date and Repealer) of the Uniform Commercial Code and other sections of the General Statutes. Revised Article 8, which was adopted by the National Conference of Commissioners on Uniform State Laws in 1994, has been enacted in 32 states, the District of Columbia, and Puerto Rico, and is pending this year in 6 other states.

The General Statutes Commission circulated to its mailing list the proposal to enact Revised Article 8 and received no negative comments. Revised Article 8 is supported by the North Carolina Bar Association and other bodies. The Commission is not aware of any opposition to the enactment of Revised Article 8.

Current Article 8 deals with what is now called the "direct holding system" where the purchaser of securities has a direct relationship with the issuer of the securities and security transfers require physical delivery of indorsed certificates representing the securities. This direct relationship between the purchaser and the issuer worked reasonably well until the late 1960s, but with the development of automation and electronic systems of transfer, the securities industry became unable to process the paper resulting from the increased volume of securities transfers. In 1989 the General Assembly amended current Article 8 to enact the 1977 amendments adopted

by the National Conference of Commissioners on Uniform State Laws to allow issuers the option of issuing securities without certificates ("uncertificated securities"). Transfers of uncertificated securities are registered on the books of the issuer of those securities.

Uncertificated securities never caught on. Wall Street solved the paperwork crunch by creating the indirect holding system, under which the customer does not take possession of the security, but has an account with a broker that credits the customer with "ownership" of the security. The broker in turn has an account with a depository institution, mainly The Depository Trust Corporation in New York, which credits the broker's "ownership" of the security. The Depository Trust Corporation in turn holds legal title to the security (probably through a nominee such as "Cede & Co.") as part of a "jumbo" stock certificate which consolidates the holdings of all the broker and trust and pension accounts. The Depository Trust Corporation or its nominee, Cede & Co., is then registered as a single, very large shareholder on the books of the issuer.

Revised Article 8 defines the nature of the property interest of the customer and sets forth the rights and duties of the participants in the indirect holding system. It also retains the basic conceptual structure and provisions of current Article 8 relating to the direct holding of certificated and uncertificated securities, while eliminating ambiguities and inconsistencies that have been found in the Article.

Specific Comments

Section 1. This section amends Chapter 25 of the General Statutes to enact Revised Article 8 of the Uniform Commercial Code, entitled "Investment Securities." Part 1 of the Article sets forth definitions and other statutory provisions that apply to both direct and indirect holdings. Parts 2, 3, and 4 of the Article deal only with direct holdings in much the same way as in current Article 8. Part 5, which provides legal principles for the acquisition and transfer of rights through the indirect holding system, contains the most important innovations of Revised Article 8.

Part 1 (Short Title and General Matters), in addition to defining several new terms, contains key provisions relating to direct and indirect holdings. The Part includes provisions:

(1) listing ways in which interests in securities, financial assets, or securities entitlements may be acquired;

(2) specifying when a person has notice of an adverse claim to a security or security entitlement;

(3) describing how a purchaser can take control of a financial asset, thereby placing itself in a position where it can have the securities sold, without further action by the owner;

(4) describing the warranties given within the direct holding system by a transferor and

by a person who originates an entitlement order to a securities intermediary;

(5) describing the means by which a creditor may reach a debtor's interest in a certificated security, uncertificated security, or security entitlement to satisfy any claims;

(6) abolishing the statutory requirement that a contract for sale or purchase of a security be in writing; and

(7) ensuring that securities intermediaries will not risk liability to third parties when they act on the instructions of their customers.

Part 2 (Issue and Issuer), which is mainly unchanged from current Article 8, deals with the relationship between issuers of securities and securities holders. The Part contains provisions governing an issuer's obligations when registering and transferring securities on its books and the extent to which an issuer can assert defenses against purchasers of its securities.

Part 3 (Transfer of Certificated and Uncertificated Securities) mainly reorganizes and clarifies the provisions of current Article 8 that relate to interests in securities acquired, held, transferred, or pledged directly by actual possession of security certificates or record ownership on the books of issuers. The few provisions of Part 3 of current Article 8 governing interests in securities acquired, held, transferred, and pledged through securities intermediaries have been moved to new Part 5 of Revised Article 8 and substantially clarified and supplemented.

Part 4 (Registration), which mainly retains the structure and legal principles of current Article 8, deals with the process for registering transfers of securities by the issuer under the direct holding system.

Part 5 (Security Entitlements) contains the provisions for the indirect holding system. The Part contains provisions governing the rights, obligations, duties, and liabilities of persons who deal in and hold securities and other financial assets indirectly through brokers and other securities intermediaries. These provisions also set forth the law governing the relationships among securities intermediaries, their customers, and their respective lenders. Under Part 5, the interest in the property held by, and the package of personal rights against, a securities intermediary is called a "security entitlement." A person identified in the records of a securities intermediary as the person having a security entitlement against the security intermediary is called an "entitlement holder."

Sections 2 through 16. These sections enact conforming and miscellaneous amendments to Article 9. The amendments gather in one place specific provisions governing the attachment, perfection, and priority of security interests in all types of investment property, including certificated securities, uncertificated securities, security entitlements, securities accounts, commodity contracts, and commodity accounts. New Sections G.S. 25-9-115 (Investment

Property) and G.S. 25-9-116 (Security Interest Arising In Purchase Or Delivery Of Financial Assets) are added for the purpose of permitting the creation of a security interest in financial assets held in the indirect holding system.

Sections 17 through 20. These sections update statutory references and language in other sections of the Uniform Commercial Code to reflect the appropriate references and language of Revised Article 8.

Section 21. This section makes a conforming amendment to Article 10.

Sections 22 through 27. These sections make conforming amendments to other section of the General Statutes. Specifically, Sections 22 and 24 through 27 update statutory references to reflect the appropriate references to Revised Article 8, and Section 23 repeals the Uniform Act for Simplification of Fiduciary Security Transfers which will no longer be necessary if Revised Article 8 is enacted.

Section 28. This section authorizes the printing of official and drafters' comments.

Section 29. This section contains transition provisions and provides that the act is to become effective October 1, 1997.

All licenses shall be issued, renewed or duplicated for a period not exceeding one year upon payment of the renewal fee, and all licenses, renewals or duplicates thereof shall expire and terminate the thirty-first day of December following the date of their issue unless sooner revoked and canceled; provided, that the date of expiration may be changed by unanimous consent of the Board and upon 90 days' written notice of such change to all persons licensed for the practice of funeral directing, embalming and funeral service in this State.

The holder of any license issued by the Board who shall fail to renew the same on or before January 31 of the calendar year for which the license is to be renewed shall have forfeited and surrendered the license as of that date. No license forfeited or surrendered pursuant to the preceding sentence shall be reinstated by the Board unless it is shown to the Board that the applicant has, throughout the period of forfeiture, engaged full time in another state of the United States or the District of Columbia in the practice to which his North Carolina license applies and has completed for each such year continuing education substantially equivalent in the opinion of the Board to that required of North Carolina licensees; or has completed in North Carolina a total number of hours of accredited continuing education computed by multiplying five times the number of years of forfeiture; or has passed the North Carolina examination for the forfeited license. No additional resident traineeship shall be required. The applicant shall be required to pay all delinquent annual renewal fees and a reinstatement fee. The Board may waive the provisions of this section for an applicant for a forfeiture which occurred during his service in the armed forces of the United States provided he applies within six months following severance therefrom.

All licensees now or hereafter licensed in North Carolina shall take courses of study in subjects relating to the practice of the profession for which they are licensed, to the end that new techniques, scientific and clinical advances, the achievements of research and the benefits of learning and reviewing skills will be utilized and applied to assure proper service to the public.

As a prerequisite to the annual renewal of a license, the licensee must complete, during the year immediately preceding renewal, at least five hours of continuing education courses, approved by the Board prior to ~~enrollment; except that for renewals for calendar year 1980 the required length of study shall be a total of 15 hours in the three years immediately preceding January 1, 1980.~~ enrollment. A licensee who completes more than five hours in a year may carry over a maximum of five hours as a credit to the following year's requirement. A licensee who is issued an initial license on or after July 1 does not have to satisfy the continuing education requirement for that year.

The Board shall not renew a license unless fulfillment of the continuing education requirement has been certified to it on a form provided by the Board, but the Board may waive this requirement for renewal in cases of certified illness or undue hardship or where the licensee lives outside of North Carolina and does not practice in North Carolina, and the Board shall waive the

requirement for all licensees who have been licensed in North Carolina for a continuous period of 25 years or more, and for all licensees who are, at the time of renewal, members of the General Assembly. The waiver for 25-year licensees shall apply only to those licensees who, before January 1, 1998, are licensed, begin a course of study in a mortuary science college or a trainee program, or make an application for a license.

The Board shall cause to be established and offered to the licensees, each calendar year, at least five hours of continuing education courses in subjects encompassing the license categories of embalming, funeral directing and funeral service. The Board may charge licensees attending these courses a reasonable registration fee in order to meet the expenses thereof and may also meet those expenses from other funds received under the provisions of this Article.

Any person who having been previously licensed by the Board as a funeral director or embalmer prior to July 1, 1975, shall not be required to satisfy the requirements herein for licensure as a funeral service licensee, but shall be entitled to have such license renewed upon making proper application therefor and upon payment of the renewal fee provided by the provisions of this Article. Persons previously licensed by the Board as a funeral director may engage in funeral directing, and persons previously licensed by the Board as an embalmer may engage in embalming. Any person having been previously licensed by the Board as both a funeral director and an embalmer may upon application therefor receive a license as a funeral service licensee."

Section 9. G.S. 90-210.25 is amended by adding a new subsection to read:

"(a1) Inactive Licenses. -- Any person holding a license issued by the Board for funeral directing, for embalming, or for the practice of funeral service may apply for an inactive license in the same category as the active license held. The inactive license is renewable annually. Continuing education is not required for the renewal of an inactive license. The only activity that a holder of an inactive license may engage in is to vote pursuant to G.S. 90-210.18(c)(2). The holder of an inactive license may apply for an active license in the same category, and the Board shall issue an active license if the applicant has completed in North Carolina a total number of hours of accredited continuing education equal to five times the number of years the applicant held the inactive license. No application fee is required for the reinstatement of an active license pursuant to this subsection. The holder of an inactive license who returns to active status shall surrender the inactive license to the Board."

Section 10. G.S. 90-210.25(b)(3) reads as rewritten:

"(3) The Board may issue special permits, to be known as courtesy cards, permitting nonresident funeral directors, embalmers and funeral service licensees to remove bodies from and to arrange and direct funerals and embalm bodies in this State, but these privileges shall not include the right to establish a place of business in or engage generally in the business of funeral directing and embalming in this State. ~~Provided,~~ Except for special permits issued by the Board for teaching continuing education programs and for work in connection with disasters, no special permits may be issued to nonresident funeral directors, embalmers, and funeral service licensees from states that do not issue similar courtesy cards to persons licensed in North Carolina pursuant to this Article."

Section 11. G.S. 90-210.25(d) reads as rewritten:

"(d) Establishment Permit. --

Upon receipt of the application and payment of the application fee, the Board shall issue a renewable preneed sales license provided the applicant has met the qualifications to engage in preneed funeral planning as established by the Board unless it determines that the applicant has violated any provision of G.S. 90-210.69(c). The license shall expire on December 31 and ~~Each~~ each preneed sales licensee shall pay annually to the Board on or before ~~June 30 of each year,~~ that date a license renewal fee of not more than fifty dollars ($50.00). On or before the first day of February, a license may be

renewed without paying a late fee. After that date, a license may be renewed by paying a late fee of not more than twenty-five dollars ($25.00) in addition to the annual renewal fee.

(d) Any person selling a preneed funeral contract, whether funded by a trust deposit or a prearrangement insurance policy, shall remit to the Board, within 10 days of the sale, a fee ~~of fifteen dollars ($15.00)~~ not to exceed twenty dollars ($20.00) for each ~~sale.~~ sale and a copy of each contract. The person shall pay a late fee of not more than twenty-five dollars ($25.00) for each late filing and payment. The ~~fee~~ fees shall not be remitted in cash.

(d1) The Board may also set and collect a fee of not more than twenty-five dollars ($25.00) for the late filing of a certificate of performance and a fee of not more than one hundred and fifty dollars ($150.00) for the late filing of an annual report.

(e) The fees collected under this Article, except for monies used pursuant to G.S. 90-210.66, shall be used for the expenses of the Board in carrying out the provisions of this Article. Any funds collected under this Article and remaining with the Board after all expenses under this Article for the current fiscal year have been fully provided for shall be paid over to the General Fund of the State of North Carolina. Provided, however, the Board shall have the right to maintain an amount, the cumulative total of which shall not exceed twenty percent (20%) of gross receipts under this Article for the previous fiscal year of its operations, as a maximum contingency or emergency fund.

(f) Any entity licensed by the Commissioner of Banks under Article 13B of Chapter 90 of the General Statutes before July 9, 1992 shall be entitled to have its license renewed notwithstanding that it is not a funeral establishment, provided it otherwise satisfies the requirements of this Article."

Section 28. G.S. 90-210.68 reads as rewritten:

"**§ 90-210.68. Licensee's books and records; notice of transfers, assignments and terminations.**

(a) Every preneed licensee shall keep for examination by the Board accurate accounts, books, and records in this State of all preneed funeral contract and prearrangement insurance policy transactions, copies of all agreements, insurance policies, instruments of assignment, the dates and amounts of payments made and accepted thereon, the names and addresses of the contracting parties, the persons for whose benefit funds are accepted, and the names of the financial institutions holding preneed funeral trust funds and insurance companies issuing prearrangement insurance policies. The Board, its inspectors appointed pursuant to G.S. 90-210.24 and its examiners, which the Board may appoint to assist in the enforcement of this Article, may during normal hours of operation and periods shortly before or after normal hours of operation, investigate the books, records, and accounts of any licensee under this Article with respect to trust funds, preneed funeral contracts, and prearrangement insurance policies. Any preneed licensee who, upon inspection, fails to meet the requirements of this subsection or who fails to keep an appointment for an inspection shall pay a reinspection fee to the Board in an amount not to exceed one hundred dollars ($100.00). The Board may require the attendance of and

examine under oath all persons whose testimony it may require. Every preneed licensee shall submit a written report to the Board, at least annually, in a manner and with such content as established by the Board, of its preneed funeral contract sales and performance of such contracts. The Board may also require other reports.

(b) A preneed licensee may transfer preneed funds held by it as trustee from the financial institution which is a party to a preneed funeral contract to a substitute financial institution that is not a party to the contract. Within 10 days after the transfer, the preneed licensee shall notify the Board, in writing, of the name and address of the transferee financial institution. Before the transfer may be made, the transferee financial institution shall agree to make disclosures required under the preneed funeral contract to the Board or its inspectors or examiners. If the contract is revocable, the licensee shall notify the contracting party of the intended transfer.

(c) If any preneed licensee transfers or assigns its assets or stock to a successor funeral establishment or terminates its business as a funeral establishment, the preneed licensee and assignee shall notify the Board at least 15 days prior to the effective date of the transfer, assignment or termination: provided, however, the successor funeral establishment must be a preneed licensee or shall be required to apply for and be granted such license by the Board before accepting any preneed funeral contracts, whether funded by trust deposits or preneed insurance policies. Provided further, a successor funeral establishment shall be liable to the preneed funeral contract purchasers for the amount of contract payments retained by the assigning or transferring funeral home pursuant to G.S. 90-210.61(a)(2).

(d) Financial institutions that accept preneed funeral trust funds and insurance companies that issue prearrangement insurance policies shall, upon request by the Board or its inspectors or examiners, disclose any information regarding preneed funeral trust accounts held or prearrangement insurance policies issued by it for a preneed licensee.

(d1) When a preneed funeral establishment license lapses or is terminated for any reason, the preneed licensee shall immediately divest of all the unperformed preneed funeral contracts and shall transfer them and any amounts retained under G.S. 90-210.61(a)(2) to another preneed funeral establishment licensee pursuant to the procedures of subsection (e) of this section.

(e) In the event that any preneed licensee is unable or unwilling or is for any reason relieved of its responsibility to perform as trustee or to perform any preneed funeral contract, the Board, with the written consent of the purchaser of the preneed funeral contract, or after the purchaser's death or incapacity, the preneed funeral contract beneficiary ~~may~~ shall order the contract and any amounts retained pursuant to G.S. 90-210.61(a)(2) to be assigned to a substitute preneed licensee provided that the substitute licensee agrees to accept such assignment.

(f) The substitute preneed licensee under subsections (d1) and (e) of this section shall be liable to the preneed funeral contract purchasers for the amount of contract payments that had been retained by, and that the substitute preneed licensee has received from, the assigning preneed licensee."

Section 29. G.S. 90-210.69(c) reads as rewritten:

"(c) In accordance with the provisions of Chapter 150B of the General Statutes, ~~If~~ if the Board finds that a licensee, an applicant for a license or an applicant for license renewal is guilty of one or more of the following, the Board may refuse to issue or renew a license or may suspend or revoke a license or place the holder thereof on probation upon conditions set by the Board, with revocation upon failure to comply with the conditions:

(1) Offering to engage or engaging in activities for which a license is required under this Article but without having obtained such a ~~license;~~ license.

In any case in which the Board is authorized to take any of the actions permitted under this subsection, the Board may instead accept an offer in compromise of the charges whereby the accused shall pay to the Board a penalty of not more than one thousand dollars ($1,000)."

Section 30. G.S. 90-210.69(e) reads as rewritten:

"(e) ~~All hearings under this Article shall be conducted pursuant to G.S. 150B-40(e).~~ Judicial review shall be pursuant to Article 4 of Chapter 150B of the General Statutes."

Section 31. G.S. 90-210.70(c) reads as rewritten:

"(c) If a corporation or limited liability company embezzles or fraudulently or knowingly and willfully misapplies or converts preneed funeral funds as provided in subsection (a) hereof or otherwise violates any provision of this Article, the officers, directors, members, agents, or employees responsible for committing the offense shall be fined or imprisoned as herein provided."

Section 32. G.S. 90-210.70(d) reads as rewritten:

"(d) The Board shall have the power to investigate violations of this section and shall deliver all evidence of violations of subsection (a) of this section to the district attorney in the county where the offense occurred. The Board shall, with the fees collected under this Article, employ legal counsel and other staff to monitor preneed trusts, investigate complaints, audit preneed trusts, and be responsible for delivering evidences to the district attorney when there is evidence ~~of criminal violation.~~ that a felony has been committed by a licensee. The record of complaints, auditing, and

enforcement shall be presented in an annual report from the Board to the General Assembly."

Section 33. Article 13D of Chapter 90 of the General Statutes is amended by adding a new section to read:

"**§ 90-210.73. Not public record.**

The names and addresses of the purchasers and beneficiaries of preneed funeral contracts filed with the Board shall not be subject to Chapter 132 of the General Statutes."

Section 34. Article 16 of Chapter 130A of the General Statutes is amended by adding a new Part to read:

"Part 7. Disposition of Body or Body Parts.

"§ 130A-422. Authority to dispose of body or body parts.

(a) An individual at least 18 years of age may authorize the disposition of the individual's own dead body in a written will, pursuant to a health care power of attorney to the extent provided in Article 3 of Chapter 32A of the General Statutes, pursuant to a preneed funeral contract executed pursuant to Article 13D of Chapter 90 of the General Statutes, pursuant to a cremation authorization form executed pursuant to Article 13C of Chapter 90 of the General Statutes, or in a written statement signed by the individual and witnessed by two persons who are at least 18 years old.

(b) If a decedent has left no written authorization for the disposal of the decedent's body as permitted under subsection (a) of this section, the following competent persons in the order listed may authorize the type, method, place, and disposition of the decedent's body:

This subsection does not grant to any person the right to cancel a preneed funeral contract executed pursuant to Article 13D of Chapter 90 of the General Statutes or to prohibit the substitution of a preneed licensee as authorized under G.S. 90-210.63.

(c) An individual at least 18 years of age may, in a writing signed by the individual, authorize the disposition of one or more of the individual's body parts that has been or will be removed. MEMORANDUM

TO: **Senate Committee on Commerce**

FROM: **Steven Rose, Committee Counsel**

RE: **House Bill 485; Funeral establishment amendments.**

House Bill 485 makes various amendments to Chapter 90 of the General Statutes that affect the regulation of the practice of funeral service, cremations, and funeral and burial trust funds. It also amends Article 16, Chapter 130A, with regard to disposition of bodies.

Section 1 amends G.S. 90-210.20(e1) by amending the definition of "funeral chapel" to make it inclusive of funeral chapels operated by licensees other than funeral homes. The effect is to place these other funeral chapels under the control of the Board of Mortuary Science.

Section 2 amends G.S. 90-210.23(d) to allow the Board of Mortuary Science to inspect embalming facilities other than those contained in funeral homes. Those contained in funeral homes can already be inspected because the funeral homes themselves are subject to inspection.

Section 3 amends G.S. 90-210.23(e) to add embalming facilities to those facilities subject to regulation and inspection by the Board. It also grants the Board power to enforce compliance with the Federal Trade Commission Funeral Rules.

Section 4 amends G.S. 90-210.24(b)(1) to conform it to the amendments contained in sections 2 and 3 of the bill dealing with the regulation of embalming facilities.

Sections 5, 6, and 7 of the bill amend G.S. 90-210.25(a)(1), (2), and (3). These subdivisions of G.S. 90-210.25(a) deal with the examinations given for licenses to practice funeral directing, embalming, and funeral service. The amendments change the content of the examinations. The intent is to change the examinations to agree with those currently being given throughout the United States.

Section 8 of the bill amends G.S. 90-210.25(a)(5) to allow licensees to carry over a maximum of 5 hours of continuing education to be used for the following year's requirement. It also adds a provision that a licensee issued an initial license on or after July 1 does not have to satisfy the continuing education requirement for that year. Finally, it changes the standard for waiver of the continuing education requirement. The present waiver of continuing education requirements for 25 year licensees shall only apply to licensees who, before January 1, 1998, are licensed, begin a course of study in a mortuary science college or trainee program, or make an application for a license.

Section 9 amends G.S. 90-210.25 by adding a new subsection (a1) allowing the issuance of "inactive licenses." Holders of inactive licenses are limited to only voting in elections for members of the State Board of Mortuary Science. The new subsection also establishes the criteria for reactivation of a license.

Section 10 amends G.S. 90-210.25(b)(3) to allow the Board to grant special permits to nonresidents for purposes of teaching continuing education programs and for the purpose of doing work in connection with disasters.

Section 11 amends G.S. 90-210.25(d) to add limited liability companies to the list of business entities that may operate funeral establishments and clarifies that permits may be revoked or suspended for violations by various persons in charge of the operation..

Section 12 amends G.S. 90-210.25 by adding a new subsection (d1) that requires embalming facilities to register with the Board of Mortuary Science. This conform to the changes made in sections 2, 3, and 4 of the bill.

Section 13 of the bill amends G.S. 90-210.25(e). The amendments allow the board to enforce the Federal Trade Commission Funeral Rule (conforming to Section 3 of the bill), and change the provisions concerning who has authority to direct disposal of a body to conform with new, specific provisions found in Section 34 of the bill.

Section 14 of the bill amends G.S. 90-210.27A by deleting subsection (d) which presently provides that a convicted felon may not be in the funeral business. Subsection (e) is amended to recognize the existence of limited liability companies.

Section 15 of the bill is a technical correction to G..S. 90-210.28, which deals with fees. No fees are changed in this section of the bill..

Section 16 of the bill makes various changes in the definitions applicable to cremations. Certain definitions are eliminated because the term does not appear anywhere in the cremation article. The definition of "human remains" is amended to include a human fetus. References to the order of authorizing agency to authorize cremation are eliminated because this is now dealt with in another statute created in section 34 of the bill.

Section 17 of the bill amends G.S. 90-210.43 which deals with licensing and inspection of cremation establishments. A crematory license year is established. License renewal procedures and late fees are established. The amendment to subsection (e) acknowledges that the remains of

terminated pregnancies may be disposed of by approved hospital type incineration. The amendments grant the Board authority to accept a monetary penalty as a compromise in an enforcement action. Fees for reinspection of crematories not meeting proper standards are authorized.

Section 18 amends G.S. 90-210.44 to authorize the Board to establish requirements for cremation reports.

Section 19 amends G.S. 90-210.45 to require that a body be enclosed in a container when cremated. This does not require an actual casket. The description of a crematory holding facility that was eliminated in the amendments contained in section 16, is moved to this statutory section.

Section 20 amends G.S. 90-210.46(a) to specifically authorize a crematory operator to store cremated remains as directed by the authorizing agent.

Section 21 amends 90-210.47(b) to clarify that a crematory operator must have a signed cremation authorization form before cremating a body.

Section 22 amends 90-210.48(a) to add late fees for late payment of cremation fees and for late filing of cremation reports. The fees authorized are the maximum amounts.

Section 23 amends 90-210.60(3) to recognize existence of limited liability companies in the definition of an insurance company.

Section 24 amends G.S. 90-210.63(a)(2) to provide that when the purchaser or beneficiary of a preneed contract changes funeral homes, the first funeral home may keep its 10% retention except where the first funeral home is divested of its preneed contracts as provided in section 28 of the bill.

Section 25 of the bill amends G.S. 90-210.64(a) to require a funeral home to mail proof of its performance of a preneed contract to the Board within 10 day after receiving payment.

Section 26 amends G.S. 90-210.66(b) to eliminate the referenced to a specific preneed funeral contract fee since the fee is established elsewhere (see section 27 of the bill).

Section 27 of the bill amends G.S. 90-210.67 which deals with licenses to sell preneed funeral contracts. Limited liability companies are recognized as a licensable entity. A preneed license year is established as well as renewal procedures and late fees. Copies of preneed contracts are required to be filed with the Board. Other fees and late fees are established.

Section 28 of the bill amends G.S. 90-210.68. The amendments establish reinspection fees for preneed licensees, require a preneed funeral establishment to divest itself of all unperformed preneed contracts and transfer the funds if its license lapses or is terminated, and make the substitute licensee responsible to the purchaser for the money it receives from the assigning preneed licensee.

Section 29 clarifies that disciplinary action is in accordance with the provisions of Chapter 150B (Administrative Procedure Act), allows for monetary offers in compromise of violation proceedings, and specifically authorizes the Board to enforce the Federal Trade Commission Funeral Rule within its preneed regulatory authority.

Section 30 amends G.S. 90-210.69(e) to eliminate the requirement that the Board use administrative law judges for administrative hearings involving funeral trust funds.

Section 31 amends G.S. 90-210.70(c). This is a conforming amendment recognizing the existence of limited liability companies.

Section 32 of the bill amends G.S. 90-210.70(d) to eliminate the requirement that the Board report misdemeanor violations of this section (dealing with fraud and embezzlement) to the district attorney. Felony violations must be reported.

Section 33 adds a new section, G.S. 90-210.73, to the Funeral Trust Fund article. It provides that the names and addresses of purchasers and beneficiaries of preneed funeral contracts filed with the Board are not public records.

Section 34 of the bill amends Article 16 of Chapter 130A by adding a new Part 7 dealing with the disposition of bodies and body parts. The new Article allows a person 18 years of age or older to authorize disposition of their body. Where there is no written authorization, an order of priority is established to indicate who may authorize disposal of the body. The list showing the order of priority for authorization is found on page 23, lines 21 through 34 of the bill. The provision specifically provides that it does not affect authorizations for anatomical gift nor does it affect the statutes relating to autopsies.

Section 35 provides that the Board adopt temporary rules to implement the provisions of this act. Section 36 provides that the act becomes effective October 1, 1997.

MEMORANDUM

TO: Senator R.C. Soles, Chairman, Senate Commerce Committee

FROM: Karen Cochrane Brown, Committee Co-Counsel KCB

RE: **House Bill 1075 Appreciation of Reverse Mortgages. (Rep. Hall)**

House Bill 1075 amends the Reverse Mortgage Act to allow lenders to contract for and receive shared appreciation or equity if the amount does not exceed 10% of the value of the property at the time of the loan repayment, the loan involved is outstanding 24 months or longer, and the reverse mortgage is guaranteed or insured by the federal government or originated under a program approved by specified federal mortgage entities.

The Reverse Mortgage Act, (Article 21 of Chapter 53) was enacted by the General Assembly in 1991 to allow senior homeowners (62 years of age or older) to access the equity in their homes without having to sell their homes or take out home equity loans. A reverse mortgage provides payments to the homeowner over a period of years, and the debt is generally paid off when the homeowner dies, moves or sells the home.

Under current law, contracting for or receiving shared appreciation is included as a prohibited act by a reverse mortgage lender. This bill would allow the lender to receive it under the conditions listed above. In addition, this bill requires that mandated counseling be provided by a state certified reverse mortgage counselor.

This act becomes effective October 1, 1997, and applies to contracts for loans entered into in or after that date.

RE: **House Bill 994; Competitive access for pay telephones**

House Bill 994 amends G.S. 62-110(c). This subsection authorizes competitive pay telephone service to the public. The current provision provides that the pay telephone must be connected to the certificated local exchange telephone company and that the rates approved by the Utilities Commission for the access line must be set on a fully compensatory, measured usage rate basis if possible, or on a fully compensatory message rate basis if a measured basis is not possible.

House Bill 994 authorizes the pay telephone to be connected to any authorized local exchange provider and eliminates the requirement that the service be on a measured usage rate basis if possible.

Legislation passed by the 1995 General Assembly authorized competitive local exchange telephone service as well as alternative rate making procedures.

The act becomes effective July 1, 1997.

a. Was engaged or was about to engage in a business or a transaction for which the remaining assets of the debtor were unreasonably small in relation to the business or transaction; or

b. Intended to incur, or believed that the debtor would incur, debts beyond the debtor's ability to pay as they became due.

"**§ 39-23.5. Transfers fraudulent as to present creditors.**

(a) A transfer made or obligation incurred by a debtor is fraudulent as to a creditor whose claim arose before the transfer was made or the obligation was incurred if the debtor made the transfer or incurred the obligation without receiving a reasonably equivalent value in exchange for the transfer or obligation, and the debtor was insolvent at that time or the debtor became insolvent as a result of the transfer or obligation.

(b) A transfer made by a debtor is voidable as to a creditor whose claim arose before the transfer was made if the transfer was made to an insider for an antecedent debt, the debtor was insolvent at that time, and the insider had reasonable cause to believe that the debtor was insolvent.

"**§ 39-23.6. When transfer is made or obligation is incurred.**

For the purposes of this Article:

(1) A transfer is made:

a. With respect to an asset that is real property other than a fixture, but including the interest of a seller or purchaser under a contract for the sale of the asset, when the transfer is so far perfected that a good-faith purchaser of the asset from the debtor against whom applicable law permits the

transfer to be perfected cannot acquire an interest in the asset that is superior to the interest of the transferee; and

b. With respect to an asset that is not real property or that is a fixture, when the transfer is so far perfected that a creditor on a simple contract cannot acquire a judicial lien otherwise than under this Article that is superior to the interest of the transferee.

(2) If applicable law permits the transfer to be perfected as provided in subdivision (1) of this section and the transfer is not so perfected before the commencement of an action for relief under this Article, the transfer is deemed made immediately before the commencement of the action.

(3) If applicable law does not permit the transfer to be perfected as provided in subdivision (1) of this section, the transfer is made when it becomes effective between the debtor and the transferee.

(4) A transfer is not made until the debtor has acquired rights in the asset transferred.

(5) An obligation is incurred:

a. If oral, when it becomes effective between the parties; or

b. If evidenced by a writing, when the writing executed by the obligor is delivered to or for the benefit of the obligee.

(a) In an action for relief against a transfer or obligation under this Article, a creditor, subject to the limitations in G.S. 39-23.8, may obtain:

(1) Avoidance of the transfer or obligation to the extent necessary to satisfy the creditor's claim;

(2) An attachment or other provisional remedy against the asset transferred or other property of the transferee in accordance with the procedure prescribed by Article 35 of Chapter 1 of the General Statutes;

(3) Subject to applicable principles of equity and in accordance with applicable rules of civil procedure,

"**§ 39-23.8. Defenses, liability, and protection of transferee.**

The judgment may be entered against:

(1) The first transferee of the asset or the person for whose benefit the transfer was made; or

(2) Any subsequent transferee other than a good-faith transferee who took for value or from any subsequent transferee.

(d) Notwithstanding voidability of a transfer or an obligation under this Article, a good-faith transferee or obligee is entitled, to the extent of the value given the debtor for the transfer or obligation, to:

(1) A lien on or a right to retain any interest in the asset transferred;

(2) Enforcement of any obligation incurred; or

(3) A reduction in the amount of the liability on the judgment.

(e) A transfer is not voidable under G.S. 39-23.4(a)(2) or G.S. 39-23.5 if the transfer results from:

(1) Termination of a lease upon default by the debtor when the termination is pursuant to the lease and applicable law; or

(2) Enforcement of a security interest in compliance with Article 9 of Chapter 25 of the General Statutes, the Uniform Commercial Code.

"§ 39-23.9. Extinguishment of cause of action.

A cause of action with respect to a fraudulent or voidable transfer or obligation under this Article is extinguished unless action is brought:

"**§ 39-23.10. Supplementary provisions.**

Unless displaced by the provisions of this Article, the principles of law and equity, including the law merchant and the law relating to principal and agent, estoppel, laches, fraud, misrepresentation, duress, coercion, mistake, insolvency, or other validating or invalidating cause, supplement its provisions.

S.B. 932 - HMO Operations

Summary: The American Association of Retired Persons - which has over 800,000 members in this state - asks this Committee to report favorably on S.B. 932 because the individual member of this type of insurance, the consumer and especially the older consumer, cannot possibly gather and evaluate unaided the kind of information covered by this bill. This is a consumer protection bill. (1) *It will enable the Department of Insurance to exercise the kind of quality-oversight over for which the Department was created*: in this instance, it will be able to monitor the new field of Health Maintenance Organization insurers. *Moreover*, (2) implementing these provisions *will not add to health costs, since all the information which is to be furnished to the Department is undoubtedly already available within the HMO - or should be, if it is acting as a sound and socially responsible business, as we believe most HMO's wish to do.* (3) In several respects, it simply *gives the DoI the kinds of functions with respect to HMO's which already apply to other insurers.*

Specifically: The Department will be able to assure that: (1) the network of providers - physicians, hospitals and others - who are associated with that HMO are sufficient in number and location to meet members' needs; (2) these providers are properly credentialled; (3) the HMO concerned has an adequate quality assurance program; (3) the HMO concerned has an adequate utilization review program so that providers are neither overloaded nor underutilized, and that the frquency of services and procedures are approximately what would be expected and, if not, what reasons there might be for deviations from the expected. Additionally (4) DoI will have information about the costs of services, their use, outcomes etc as recommended by HEDIS - the guidelines of the Health Plan Employer Data and Information Set. Finally; (5) SH 932 gives the Commissioner of Insurance the same kind of enforcement powers and the power to revoke licenses of HMO's which already apply to other insurers. Again: this is a badly neede consumer protection bill.

Testimony before the Senate commerce Committee in Support of
S.B. 935 -Utilization Review and Grievances

My name is Henry Landsberger and I am a member of the AARP's State Legislative Committee. The American Association of Retired Persons - which has over 800,000 members in this state - asks this Committee to report favorably also on S.B. 935.

The bill assures that a fair appeals and grievance procedure is in place. It requires that the HMO informs the enrolled person what the complaints procedure is; and requires the insurer and HMO to spell out the grounds for a negative decision; it requires that later stages of the process are independent of the insurer; and it protects the experts - physicians and others - who are involved in it both from lawsuits and from other forms or retaliation for calling the shots as they see them.

All of these are simple matters of assuring impartiality and fairness: characteristics which we require in all walks of life. They are particularly important for older persons who are among those who are least able to protect themselves.

Testimony to the Senate Commerce Committee in Support of S.B. 933 - Health Insurance Coverage/Networks

Summary: The American Association of Retired Persons - which has over 800,000 members in this state - asks this Committee to report favorably also on S.B. 933. Like SB 932, SB9323 further protects the consumer-member of an HMO and again, for the most part without having the HMO to incur additional expense. Many sections require HMO's to do no more than to furnish either the potential member, or the Department of Insurance with information already available within the the organization. Some parts of the bill may minimally increase costs. But that's an inevitable part of protecting those who are in need of care. Protection does not come free any this field.

Specifically: AARP favors: (1) "The prudent lay-person standard" for evaluating whether a person was justified in having recourse to emergency services, since experts may well not be available in an emergency. (2) We favor members having the right to go outside the HMO provider network if the HMO network has no appropriate provider, and a limit on the penalty if the member wishes to go outside the network even if there is an appropriate provider. Many older persons need to stay with a physician to whom they are accustomed. (3) For older persons, the provision that providers cannot be excluded from its network because they have an undue proportion of high-risk patients is especially important. (4) Older persons who are thinking of joining an HMO, and compare one HMO with another must, like all consumers, have full information about the services provided and the conditions under which they are provided. (5) allowing those in Continuing Care Communities to use the health providers on those premises.

We are totally in favor of this bill but if in this version, as compared with earlier versions of this bill, provisions have been dropped: (1) that propective enrollees be provided, on request, with a sample health plan; (2) the requirement that HMO's provide the Department of Insurance with a provider access plan, then it would be good if at some future time, these matters were taken care of. They should not interfere with reporting favorably on this bill. Hey A. Ladd Sr SLC member

SENATE BILL 933

A BILL TO BE ENTITLED

AN ACT TO ESTABLISH STANDARDS FOR COVERAGE AND PROVIDER NETWORKS UNDER HEALTH INSURANCE POLICIES AND MANAGED CARE PLANS.

The General Assembly of North Carolina enacts:

Section 1. Article 3 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-3-200. Miscellaneous insurance and managed care coverage and network provisions.**

(a) Definitions. -- As used in this section:

(1) 'Health benefit plan' means any of the following if offered by an insurer: an accident and health insurance policy or certificate; a nonprofit hospital or medical service corporation contract; a health maintenance organization subscriber contract; or a plan provided by a multiple employer welfare arrangement. 'Health benefit plan' does not mean any plan implemented or administered through the Department of Human Resources or its representatives. 'Health benefit plan' also does not mean any of the following kinds of insurance:

a. Accident.

b. Credit.

c. Disability income.

d. Long-term or nursing home care.

e. Medicare supplement.

f. Specified disease.
g. Dental or vision.
h. Coverage issued as a supplement to liability insurance.
i. Workers' compensation.
j. Medical payments under automobile or homeowners insurance.
k. Hospital income or indemnity.
l. Insurance under which benefits are payable with or without regard to fault and that is statutorily required to be contained in any liability policy or equivalent self-insurance.

(2) 'Insurer' means an entity that writes a health benefit plan and that is an insurance company subject to this Chapter, a service corporation under Article 65 of this Chapter, a health maintenance organization under Article 67 of this Chapter, or a multiple employer welfare arrangement under Article 49 of this Chapter.

(b) Medical Necessity. -- An insurer that limits its health benefit plan coverage to medically necessary services and supplies shall define 'medically necessary services or supplies' in its health benefit plan as those covered services or supplies that are:

(1) Provided for the diagnosis, treatment, cure, or relief of a health condition, illness, injury, or disease.
(2) Necessary for and appropriate to the symptoms, diagnosis, treatment, cure, or relief of a health condition, illness, injury, or disease.
(3) Within generally accepted standards of medical care in the community.
(4) Not solely for the convenience of the insured, the insured's family, or the provider.

For medically necessary services, nothing in this subsection precludes an insurer from comparing the cost-effectiveness of alternative services or supplies when determining which of the services or supplies will be covered, if conditions of coverage state that services and supplies must also be cost-effective.

If an insurer or its authorized representative determines that services, supplies, or other items are covered under its health benefit plan, including any determination under G.S. 58-50-61, the insurer shall not subsequently retract its determination after the services, supplies, or other items have been provided or reduce payments for a service, supply, or other item furnished in reliance on such a determination, unless the determination was based on a material misrepresentation about the covered person's health condition which was knowingly made by the provider of the service, supply, or other item.

(c) Emergency Services. -- When conducting utilization review or making a determination for coverage of emergency services:

(1) An insurer shall cover emergency services necessary to screen and stabilize a covered person and shall not require prior authorization of those services if a prudent lay person acting reasonably would

have believed that an emergency medical condition existed. With respect to care obtained from a health care provider that does not have a contract with the insurer, the insurer shall cover emergency services necessary to screen and stabilize an insured and shall not require prior authorization of those services if a prudent lay person acting reasonably would have believed that an emergency medical condition existed and use of a provider contracting with the insurer would result in a delay that would worsen the emergency.

(2) An insurer shall cover emergency services if a contracting health care provider or an authorized representative of the carrier recommended that the covered person obtain the emergency services.

(3) If an insurer authorizes emergency services, it shall not subsequently retract its authorization after the emergency services have been provided, or reduce payment for an item or service furnished in reliance on the authorization, unless the authorization was based on a material misrepresentation about the insured's health condition that was made by the emergency services provider, the insured, or the insured's representative.

(4) Nothing in this subsection precludes coverage of emergency services being made subject to applicable coinsurance, copayments, and deductibles as specified in the health benefit plan.

(5) Nothing in this subsection precludes an insurer from establishing authorization procedures for the coverage of services after an emergency medical condition either has been found not to exist or has been stabilized.

(6) To facilitate review and treatment authorization for postevaluation and poststabilization services, an insurer shall provide access to an authorized representative 24 hours per day, seven days per week.

As used in this subsection: 'Emergency services' means health care items and services, furnished or required to evaluate and treat an emergency medical condition until such condition is stabilized, including ambulance services and ancillary services routinely available to the emergency department. 'Emergency medical condition' means the sudden and, at the time, unexpected onset of a health condition that requires immediate medical attention, where failure to provide medical attention would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part, or would place the person's health (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy. 'Stabilized' means, with respect to an emergency medical condition, that the emergency medical condition has resolved or that no material deterioration of the condition is likely, within reasonable medical probability, to result from the omission of immediate further care or result from or occur during the transfer from one facility to another.

(d) Provider Network Access Plans. -- This subsection and subsections (e) through (g) of this section apply to insurers that write health benefit plans that require or encourage members to use selected health care providers in return for additional benefits or higher levels of coverage. Beginning with the 1998 calendar year, insurers shall annually file a provider network access plan with the Commissioner no later than February 1 of the same calendar year. The access plan shall be in a format prescribed by the Commissioner and shall include:

(1) The provider network for the health benefit plan.

(2) The procedures used for making or denying referrals within and outside the network, including the procedures used when no appropriate provider is reasonably available, as determined under subsection (e) of this section.

(3) The process used for monitoring and assuring on an ongoing basis the ability of the network to deliver covered services to insureds, including a discussion of at least the following factors: provider-covered person ratios by specialty, geographic accessibility, waiting times for appointments with participating providers, hours of operation, and the accessibility of technological and specialty services available to meet appropriately the special needs of covered persons requiring technologically advanced or specialty care.

(4) The efforts to address the needs of insureds with limited English proficiency and literacy, with diverse cultural and ethnic backgrounds, and with physical and mental disabilities.

(5) The method used for assessing the health care needs of insureds and their satisfaction with services.

(6) The method used for informing insureds of the plan's services and features, including the plan's appeal and grievance procedures, process for choosing and changing providers, and procedures for providing and approving emergency and specialty care.

(7) The method used for ensuring the coordination and continuity of care for insureds referred to specialty physicians, for insureds using ancillary services, including social services and other community resources, and for ensuring appropriate discharge planning.

(8) The method used for allowing insureds to change primary care providers.

(9) The proposed plan for providing continuity of care in the event of contract termination between the insurer and any of its participating providers, or in the event of the insurer's insolvency or other inability to continue operations of the health benefit plan.

(10) Any other information required by the Commissioner.

Effective January 1, 1998, every insurer shall file an access plan with the Commissioner before offering a new health benefit plan and shall file an update to an existing access plan with the Commissioner whenever there are material changes in

the access plan. Effective January 1, 1998, insurers shall make the access plans available on their business premises and shall provide them to any insured upon request. Effective January 1, 1999, every insurer shall annually file with the Commissioner a performance report related to the targets specified in its network access plan for the previous year, with the report due by February 1 each year.

(e) Services Outside Provider Networks. -- No insurer shall penalize or subject an insured to less favorable benefits or coverage unless contracting health care providers able to meet health needs of the insured are reasonably available to the insured without unreasonable delay. No insurer shall reduce payment for a service provided by a provider outside of the insurer's provider network more than twenty percent (20%) of the payment that would be made to a provider in the insurer's network for the same service.

(f) Nondiscrimination Against High-Risk Populations. -- No insurer shall establish provider selection or contract renewal standards or procedures that are designed to avoid or otherwise have the effect of avoiding enrolling high-risk populations by excluding providers because they are located in geographic areas that contain high-risk populations; or because they treat or specialize in treating populations that present a risk of higher than average claims or health care services utilization. This subsection does not prohibit an insurer from declining to select a provider who fails to meet other legitimate selection criteria.

(g) Continuing Care Retirement Community Residents. -- If an insured is a resident of a continuing care retirement community regulated under Article 64 of this Chapter, the insurer shall provide the insured the option to receive approved service in the continuing care retirement community that serves as the insured's primary residence. This option is available only if the continuing care retirement community has available or can make arrangements to provide the needed service, and the continuing care retirement community is willing to accept the contract rate that has been negotiated with similar service providers for the same services and supplies. Those services include skilled nursing care, rehabilitative and other therapy services, and postacute care as needed.

(h) Information For Prospective Insureds. -- At the request of a prospective insured, an insurer shall provide that person with a sample copy of its health benefit plan.

(i) No insurer shall deny payment for covered services when those services are provided without any required preauthorization, precertification, or concurrent or prospective review if the provider reasonably believed that the patient's health condition could be further harmed by any delay in the provision of those services."

Section 2. This act applies to all health benefit plans that are delivered, issued for delivery, or renewed on and after October 1, 1997. For the purposes of this act, renewal of a health benefit plan is presumed to occur on each anniversary of the date on which coverage was first effective on the person or persons covered by the health benefit plan.

Section 3. This act becomes effective October 1, 1997.

SENATE BILL 934

Short Title: Preferred Provider Amendments. (Public)

Sponsors: Senator Perdue.

Referred to: Commerce.

April 17, 1997

A BILL TO BE ENTITLED

AN ACT TO REWRITE AND MODERNIZE THE LAWS ON PREFERRED HEALTH CARE PROVIDERS, PREFERRED PROVIDER ORGANIZATIONS, AND PREFERRED PROVIDER BENEFIT PLANS.

The General Assembly of North Carolina enacts:

Section 1. Article 50 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-50-56. Preferred provider organizations and benefit plans.**

(a) Definitions. -- As used in this section:

(1) 'Insurer' means an insurer or service corporation subject to this Chapter.

(2) 'Preferred provider' means health care provider who has agreed to accept special reimbursement or other terms for health care services from an insurer for health care services on a fee-for-service basis. A 'preferred provider' is not a health care provider participating in any prepaid health service or capitation arrangement implemented or administered by the Department of Human Resources or its representatives.

(3) 'Preferred provider benefit plan' means a health benefit plan offered by an insurer in which both of the following features are present:

a. Utilization review or quality management programs are used to manage the provision of covered health care services; and

b. Enrollees are given incentives through benefit differentials to limit the receipt of covered health care services to those furnished by participating providers; and health care services are provided by preferred providers under a contract pursuant to G.S. 58-50-55.

(4) 'Preferred provider organization' or 'PPO' means an insurer holding contracts with preferred providers to be used by or offered to insurers offering preferred provider benefit plans.

(b) Insurers may enter into preferred provider contracts or enter into other cost containment arrangements approved by the Commissioner to reduce the costs of providing health care services. These contracts or arrangements may be entered into with licensed health care providers of all kinds without regard to specialty of services or limitation to a specific type of practice.

(c) At the initial offering of a preferred provider plan to the public, health care providers may submit proposals for participation in accordance with the terms of the preferred provider plan within 30 days after that offering. After that time period, any health care provider may submit a proposal, and the insurer offering the preferred provider benefit plan shall consider all pending applications for participation and give reasons for any rejections or failure to act on an application on at least an annual basis. Any health care provider seeking to participate in the preferred provider benefit plan, whether upon the initial offering or subsequently, may be permitted to do so in the discretion of the insurer offering the preferred provider benefit plan. The second and third paragraphs of G.S. 58-50-30(a) apply to preferred provider benefit plans.

(d) Any provision of a contract between an insurer offering a preferred provider benefit plan and a health care provider that restricts the provider's right to enter into preferred provider contracts with other persons is prohibited, is void ab initio, and is not enforceable. The existence of that restriction does not invalidate any other provision of the contract.

(e) Except where specifically prohibited either by this section or by rules adopted by the Commissioner, the contractual terms and conditions for special reimbursements shall be those that the parties find mutually agreeable.

(f) Every PPO shall provide all of the preferred providers with whom it holds contracts information about all of the insurers with whom the PPO does business and the insurers' preferred provider benefit plans. This information shall include for each insurer and preferred provider benefit plan the benefit designs and incentives that are used to encourage insureds to use preferred providers.

(g) The Commissioner may adopt rules applicable to insurers offering preferred provider benefit plans under this section. These rules shall provide for:

(1) Accessibility of preferred provider services to individuals within the insured group.

(2) The adequacy of the number and locations of health care providers.

(3) The availability of services at reasonable times.

(4) Financial solvency.

(h) Each insurer offering a preferred provider benefit plan shall provide the Commissioner with summary data about the financial reimbursements offered to health care providers. All such persons or insurers shall disclose annually the following information:

(1) The name by which the preferred provider benefit plan is known and its business address.

(2) The name, address, and nature of any PPO or other separate organization that administers the preferred provider benefit plan for the insurer.

(3) The names and addresses of all health care providers designated by the PPO as preferred providers; and the terms of the agreements entered into with those providers.

(4) Any other information necessary to determine compliance with this section, rules adopted under this section, or other requirements applicable to preferred provider benefit plans.

(i) A person enrolled in a preferred provider benefit plan may obtain covered health care services from a provider who does not participate in the plan. The preferred provider benefit plan may limit the coverage for health care services obtained from a provider who does not participate in the plan, except that payments for services rendered by a nonparticipating provider may not be reduced by more than twenty percent (20%) of the payment that would be made to a participating provider for the same service. This percentage limitation shall not require any waiver of copayments or waiver of deductibles in determining payments for services rendered by nonparticipating providers. Preferred provider benefit plans shall provide for payment for services rendered by nonparticipating providers. Except as provided in this subsection, this payment may differ from that provided to participating providers in the discretion of the person or insurer offering the preferred provider health benefit plan.

(j) A list of the current participating providers in the geographic area in which a substantial portion of health care services will be available shall be provided to insureds and contracting parties.

(k) Publications or advertisements of preferred provider benefit plans or organizations shall not refer to the quality or efficiency of the services of nonparticipating providers."

Section 2. Article 63 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-63-70. Health care service discount practices by insurers and service corporations.**

(a) It is an unfair trade practice for any insurer or service corporation subject to this Chapter to make an intentional misrepresentation to a health care provider to the effect that the insurer or service corporation is entitled to a certain preferred provider or other discount off the fees charged for medical services, procedures, or supplies provided by the health care provider, when the insurer or service corporation is not

All information and reports shall be in a format prescribed by or acceptable to the Commissioner:

(1) A report on the availability and accessibility of each of its provider networks offered, which shall include:

a. Information on the insurer's program to determine the level of network availability, as measured by the numbers and types of network providers, required to provide covered services to covered persons. This information shall include the insurer's methodology for:

1. Establishing performance targets for the numbers and types of providers by specialty, area of practice, or facility type, for each of the following categories: primary care physicians, specialty care physicians, nonphysician health care providers, hospitals, and nonhospital health care facilities.
2. Determining when changes in plan membership will necessitate changes in the provider network.

The report shall also include: the availability performance targets for the previous and current years; the numbers and types of providers currently participating in the insurer's provider network; and an evaluation of actual plan performance against performance targets.

b. The insurer's method for arranging or providing health care services from nonnetwork providers, both within and outside of its service area, when network providers are not available to provide covered services.

c. Information on the insurer's program to determine the level of provider network accessibility necessary to serve its membership. This information shall include the insurer's methodology for establishing performance targets for member access to covered services from primary care physicians, specialty care physicians, nonphysician health care providers, hospitals, and nonhospital health care facilities. The methodology shall establish targets for:

2. Expected waiting time for appointments for urgent care, acute care, specialty care, and routine services for prevention and wellness.

(5) A report showing the number of changes in provider network. The report shall detail the number of provider contracts that were terminated during the previous calendar year, showing voluntary and involuntary terminations separately, and the number of provider contracts that were added to the network. This subdivision does not require the disclosure of any identifying information about a provider, and no civil liability shall arise from compliance with this subdivision.

(6) A report listing the types of methods of provider compensation utilized in its provider contracts, such as: capitation arrangements; discounted fee-for-service; salary; and withhold or incentive arrangements.

(c) Each health benefit plan shall provide its prospective insureds upon request its evidence of coverage (G.S. 58-67-50), subscriber contract (G.S. 58-65-60, G.S. 58-65-140), health insurance policy (G.S. 58-51-80, 58-50-125, 58-50-55), or the contract and benefit summary of any other type of health benefit plan written by the insurer.

A BILL TO BE ENTITLED

AN ACT TO ESTABLISH STANDARDS FOR COVERAGE AND PROVIDER NETWORKS UNDER HEALTH INSURANCE POLICIES AND MANAGED CARE PLANS.

The General Assembly of North Carolina enacts:

Section 1. Article 3 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-3-200. Miscellaneous insurance and managed care coverage and network provisions.**

(a) Definitions. -- As used in this section:

(1) 'Health benefit plan' means any of the following if written by an insurer: an accident and health insurance policy or certificate; a nonprofit hospital or medical service corporation contract; a health maintenance organization subscriber contract; or a plan provided by a multiple employer welfare arrangement. 'Health benefit plan' does not mean any plan implemented or administered through the Department of Human Resources or its representatives. 'Health benefit plan' also does not mean any of the following kinds of insurance:

a. Accident.

b. Credit.

c. Disability income.

d. Long-term or nursing home care.

e. Medicare supplement.
f. Specified disease.
g. Dental or vision.
h. Coverage issued as a supplement to liability insurance.
i. Workers' compensation.
j. Medical payments under automobile or homeowners insurance.
k. Hospital income or indemnity.
l. Insurance under which benefits are payable with or without regard to fault and that is statutorily required to be contained in any liability policy or equivalent self-insurance.

(2) 'Insurer' means an entity that writes a health benefit plan and that is an insurance company subject to this Chapter, a service corporation under Article 65 of this Chapter, a health maintenance organization under Article 67 of this Chapter, or a multiple employer welfare arrangement under Article 49 of this Chapter.

(b) Medical Necessity. -- An insurer that limits its health benefit plan coverage to medically necessary services and supplies shall define 'medically necessary services or supplies' in its health benefit plan as those covered services or supplies that are:

(1) Provided for the diagnosis, treatment, cure, or relief of a health condition, illness, injury, or disease; and not for experimental, investigational, or cosmetic purposes.
(2) Necessary for and appropriate to the diagnosis, treatment, cure, or relief of a health condition, illness, injury, disease, or its symptoms.
(3) Within generally accepted standards of medical care in the community.
(4) Not solely for the convenience of the insured, the insured's family, or the provider.

For medically necessary services, nothing in this subsection precludes an insurer from comparing the cost-effectiveness of alternative services or supplies when determining which of the services or supplies will be covered.

(c) Coverage Determinations. -- If an insurer or its authorized representative determines that services, supplies, or other items are covered under its health benefit plan, including any determination under G.S. 58-50-61, the insurer shall not subsequently retract its determination after the services, supplies, or other items have been provided or reduce payments for a service, supply, or other item furnished in reliance on such a determination, unless the determination was based on a material misrepresentation about the insured's health condition that was knowingly made by the insured or the provider of the service, supply, or other item.

(d) Services Outside Provider Networks. -- No insurer shall penalize an insured or subject an insured to the out-of-network benefit levels offered under the insured's approved health benefit plan unless contracting health care providers able to meet health needs of the insured are reasonably available to the insured without unreasonable delay.

(e) Nondiscrimination Against High-Risk Populations. -- No insurer shall establish provider selection or contract renewal standards or procedures that are designed to avoid or otherwise have the effect of avoiding enrolling high-risk populations by excluding providers because they are located in geographic areas that contain high-risk populations or because they treat or specialize in treating populations that present a risk of higher than average claims or health care services utilization. This subsection does not prohibit an insurer from declining to select a provider or from not renewing a contract with a provider who fails to meet the insurer's selection criteria.

(f) Continuing Care Retirement Community Residents. -- As used in this subsection, 'Medicare benefits' means medical and health products, benefits, and services used in accordance with Title XVIII of the Social Security Act. If an insured with coverage for Medicare benefits or similar benefits under a plan for retired federal government employees is a resident of a continuing care retirement community regulated under Article 64 of this Chapter, and the insured's primary care physician determines that it is medically necessary for the insured to be referred to a skilled nursing facility upon discharge from an acute care facility, the insurer shall not require that the insured relocate to a skilled nursing facility outside the continuing care retirement community if the continuing care retirement community:

(1) Is a Medicare certified skilled nursing facility.

(2) Agrees to be reimbursed at the insurer's contract rate negotiated with similar providers for the same services and supplies.

(3) Agrees not to bill the insured for fees over and above the insurer's contract rate.

(4) Meets all guidelines established by the insurer related to quality of care, including:

a. Quality assurance programs that promote continuous quality improvement.

b. Standards for performance measurement for measuring and reporting the quality of health care services provided to insureds.

c. Utilization review, including compliance with utilization management procedures.

d. Confidentiality of medical information.

e. Insured grievances and appeals from adverse treatment decisions.

f. Nondiscrimination.

(5) Agrees to comply with the insurer's procedures for referral authorization, risk assumption, use of insurer services, and other criteria applicable to providers under contract for the same services and supplies.

A continuing care retirement community that satisfies subdivisions (1) through (5) of this subsection shall not be obligated to accept, as a skilled nursing facility, any patient other than a resident of the continuing care retirement community and

neither the insurer nor the retirement community shall be allowed to list or otherwise advertise the skilled nursing facility as a participating network provider for Medicare benefits for anyone other than residents of the continuing care retirement community."

Section 2. Chapter 58 of the General Statutes is amended by adding the following new section to read:

"**§ 58-3-205. Coverage required for emergency care.**

(a) As used in this section, the term:

(1) 'Emergency medical condition' means a medical condition manifesting itself by acute symptoms of sufficient severity, including but not limited to severe pain, or by acute symptoms developing from a chronic medical condition that would lead a prudent lay person, possessing an average knowledge of health and medicine, to reasonably expect the absence of immediate medical attention to result in any of the following:

a. Placing the health of an individual, or, with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy.

b. Serious impairment to bodily functions.

c. Serious dysfunction of any bodily organ or part.

(2) 'Emergency services' means health care items and services furnished or required to screen for and treat an emergency medical condition until the condition is stabilized, including prehospital care and ancillary services routinely available to the emergency department.

(3) 'Health benefit plan' means any of the following if written by an insurer: an accident and health insurance policy or certificate; a nonprofit hospital or medical service corporation contract; a health maintenance organization subscriber contract; or a plan provided by a multiple employer welfare arrangement. 'Health benefit plan' does not mean any plan implemented or administered through the Department of Human Resources or its representatives. 'Health benefit plan' also does not mean any of the following kinds of insurance:

a. Accident.

b. Credit.

c. Disability income.

d. Long-term or nursing home care.

e. Medicare supplement.

f. Specified disease.

g. Dental or vision.

h. Coverage issued as a supplement to liability insurance.

i. Workers' compensation.

j. Medical payments under automobile or homeowners insurance.
k. Hospital income or indemnity.
l. Insurance under which benefits are payable with or without regard to fault and that is statutorily required to be contained in any liability policy or equivalent self-insurance.

(4) 'Insurer' means an entity that writes a health benefit plan and that is an insurance company subject to this Chapter, a service corporation under Article 65 of this Chapter, a health maintenance organization under Article 67 of this Chapter, or a multiple employer welfare arrangement under Article 49 of this Chapter.

(5) 'Stabilize' means to provide medical care that is appropriate to prevent a material deterioration of the person's condition, within reasonable medical probability, in accordance with the HCFA (Health Care Financing Administration) interpretative guidelines, policies, and regulations pertaining to responsibilities of hospitals in emergency cases (as provided in the Emergency Medical Treatment and Labor Act, 42 U.S.C.S. § 1395dd), including medically necessary services and supplies to maintain stabilization of the person until the person is transferred.

(b) Every insurer shall provide coverage for emergency services at least to the extent necessary to screen and to stabilize the insured and shall not require prior authorization of the services if a prudent lay person acting reasonably would have believed that an emergency medical condition existed. Payment of claims for emergency services shall be based on the retrospective review of the presenting history and symptoms.

(c) With respect to emergency services provided by a health care provider who is not under contract with the insurer, the services shall be covered if:

(1) A prudent lay person acting reasonably would have believed that a delay would worsen the emergency; or

(2) The insured did not seek services from a provider under contract with the insurer because of circumstances beyond the control of the insured.

(d) If an insurer has given prior authorization for emergency services, then the insurer shall cover the services and shall not retract the authorization after the services have been provided unless the authorization was based on a material misrepresentation about the insured's health condition knowingly made by the provider of the emergency services or by the insured.

(e) Coverage of emergency services shall be subject to coinsurance, co-payments, and deductibles applicable under the health benefit plan. An insurer shall not impose cost-sharing for emergency services provided under this section that differs from the cost-sharing that would have been imposed if the physician or provider furnishing the services were a provider contracting with the insurer.

(f) Both the emergency department and the insurer shall make a good faith effort to communicate with each other in a timely fashion to expedite post-evaluation or post-stabilization services in order to avoid material deterioration of the insured's condition within a reasonable clinical confidence, or, with respect to a pregnant woman, to avoid material deterioration of the condition of the unborn child within a reasonable clinical confidence.

(g) Insurers shall provide information to their insureds on all of the following:

(1) Coverage of emergency medical services.

(2) The appropriate use of emergency services, including the use of the '911' system and other telephone access systems utilized to access prehospital emergency services.

(3) Any cost-sharing provisions for emergency medical services.

(4) The process and procedures for obtaining emergency services, so that insureds are familiar with the location of in-plan emergency departments and with the location and availability of other in-plan settings at which insureds may receive medical care."

Section 3. This act applies to all health benefit plans that are delivered, issued for delivery, or renewed on and after January 1, 1998. For the purposes of this act, renewal of a health benefit plan is presumed to occur on each anniversary of the date on which coverage was first effective on the person or persons covered by the health benefit plan.

Section 4. This act becomes effective January 1, 1998.

A BILL TO BE ENTITLED

AN ACT TO REWRITE AND MODERNIZE THE LAWS ON INSURERS OFFERING PREFERRED PROVIDER BENEFIT PLANS, PREFERRED PROVIDER ORGANIZATIONS, AND PREFERRED PROVIDER BENEFIT PLANS.

The General Assembly of North Carolina enacts:

Section 1. Article 50 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-50-56. Insurers, preferred provider organizations, and preferred provider benefit plans.**

(a) Definitions. -- As used in this section:

(1) 'Insurer' means an insurer or service corporation subject to this Chapter.

(2) 'Preferred provider' means a health care provider who has agreed to accept special reimbursement or other terms for health care services from an insurer for health care services on a fee-for-service basis. A 'preferred provider' is not a health care provider participating in any prepaid health service or capitation arrangement implemented or administered by the Department of Human Resources or its representatives.

(3) 'Preferred provider benefit plan' means a health benefit plan offered by an insurer in which both of the following features are present:

a. Utilization review or quality management programs are used to manage the provision of covered health care services; and

b. Enrollees are given incentives through benefit differentials to limit the receipt of covered health care services to those furnished by participating providers, and health care services are provided by preferred providers under a contract pursuant to this section.

(4) 'Preferred provider organization' or 'PPO' means an insurer holding contracts with preferred providers to be used by or offered to insurers offering preferred provider benefit plans.

(b) Insurers may enter into preferred provider contracts or enter into other cost containment arrangements approved by the Commissioner to reduce the costs of providing health care services. These contracts or arrangements may be entered into with licensed health care providers of all kinds without regard to specialty of services or limitation to a specific type of practice.

(c) At the initial offering of a preferred provider plan to the public, health care providers may submit proposals for participation in accordance with the terms of the preferred provider plan within 30 days after that offering. After that time period, any health care provider may submit a proposal, and the insurer offering the preferred provider benefit plan shall consider all pending applications for participation and give reasons for any rejections or failure to act on an application on at least an annual basis. Any health care provider seeking to participate in the preferred provider benefit plan, whether upon the initial offering or subsequently, may be permitted to do so in the discretion of the insurer offering the preferred provider benefit plan. The second and third paragraphs of G.S. 58-50-30(a) apply to preferred provider benefit plans.

(d) Any provision of a contract between an insurer offering a preferred provider benefit plan and a health care provider that restricts the provider's right to enter into preferred provider contracts with other persons is prohibited, is void ab initio, and is not enforceable. The existence of that restriction does not invalidate any other provision of the contract.

(e) Except where specifically prohibited either by this section or by rules adopted by the Commissioner, the contractual terms and conditions for special reimbursements shall be those that the parties find mutually agreeable.

(f) Every insurer offering a preferred provider benefit plan and contracting with a PPO shall require by contract that the PPO shall provide all of the preferred providers with whom it holds contracts information about the insurer and the insurer's preferred provider benefit plans. This information shall include for each insurer and preferred provider benefit plan the benefit designs and incentives that are used to encourage insureds to use preferred providers.

(g) The Commissioner may adopt rules applicable to insurers offering preferred provider benefit plans under this section. These rules shall provide for:

(1) Accessibility of preferred provider services to individuals within the insured group.
(2) The adequacy of the number and locations of health care providers.
(3) The availability of services at reasonable times.
(4) Financial solvency.

(h) Each insurer offering a preferred provider benefit plan shall provide the Commissioner with summary data about the financial reimbursements offered to health care providers. All such insurers shall disclose annually the following information:

(1) The name by which the preferred provider benefit plan is known and its business address.
(2) The name, address, and nature of any PPO or other separate organization that administers the preferred provider benefit plan for the insurer.
(3) The terms of the agreements entered into by the insurer with preferred providers.
(4) Any other information necessary to determine compliance with this section, rules adopted under this section, or other requirements applicable to preferred provider benefit plans.

(i) A person enrolled in a preferred provider benefit plan may obtain covered health care services from a provider who does not participate in the plan. The preferred provider benefit plan may limit the coverage for health care services obtained from a provider who does not participate in the plan, except that payments for services rendered by a nonparticipating provider may not be reduced by more than twenty percent (20%) of the payment that would be made to a participating provider for the same service. This percentage limitation shall not require any waiver of copayments or waiver of deductibles in determining payments for services rendered by nonparticipating providers. Preferred provider benefit plans shall provide for payment for services rendered by nonparticipating providers. Except as provided in this subsection, this payment may differ from that provided to participating providers in the discretion of the person or insurer offering the preferred provider health benefit plan.

(j) A list of the current participating providers in the geographic area in which a substantial portion of health care services will be available shall be provided to insureds and contracting parties.

(k) Publications or advertisements of preferred provider benefit plans or organizations shall not refer to the quality or efficiency of the services of nonparticipating providers."

Section 2. Article 63 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-63-70. Health care service discount practices by insurers and service corporations.**

(a) It is an unfair trade practice for any insurer or service corporation subject to this Chapter to make an intentional misrepresentation to a health care provider to the effect that the insurer or service corporation is entitled to a certain preferred provider or other discount off the fees charged for medical services, procedures, or supplies provided by the health care provider, when the insurer or service corporation is not entitled to any discount or is entitled to a lesser discount from the provider on those fees.

(b) It is an unfair trade practice for any person with knowledge that an insurer or service corporation intends to make the type of misrepresentation prohibited in subsection (a) of this section to provide substantial assistance to that insurer or service corporation in accomplishing that misrepresentation."

Section 3. G.S. 58-51-57(a) reads as rewritten:

"(a) Every policy or contract of accident or health insurance, and every preferred provider ~~contract, policy, or plan as defined and regulated under G.S. 58-50-50 and G.S. 58-50-55,~~ benefit plan under G.S. 58-50-56, that is issued, renewed, or amended on or after January 1, 1992, shall provide coverage for pap smears and for low-dose screening mammography. A BILL TO BE ENTITLED

AN ACT TO ESTABLISH PROCEDURES AND RIGHTS FOR MANAGED CARE PLAN MEMBERS IN UTILIZATION REVIEW DECISIONS AND GRIEVANCES AGAINST MANAGED CARE ORGANIZATIONS.

The General Assembly of North Carolina enacts:

Section 1. Article 50 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-50-61. Utilization review.**

(a) Definitions. -- As used in this section and in G.S. 58-50-62, the term:

(1) 'Adverse determination' means a determination by a carrier or its designated utilization review organization that an admission, availability of care, continued stay, or other health care service has been reviewed and, based upon the information provided, does not meet the carrier's requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness, and the requested service is therefore denied, reduced, or terminated. An 'adverse determination' is not a decision rendered solely on the basis that the health benefit plan does not provide benefits for the health care service in question, if the exclusion of the specific service requested is clearly stated in the certificate of coverage.

(2) 'Carrier' means an insurance company, multiple employer welfare arrangement, health maintenance organization, or nonprofit hospital or medical service corporation that contracts or offers to

contract to arrange for, pay for, or reimburse any of the costs of health care services.

(3) 'Clinical peer' means a health care professional who holds an unrestricted license in a state of the United States, in the same or similar specialty, and routinely provides the health care services subject to utilization review.

(4) 'Clinical review criteria' means the written screening procedures, decision abstracts, clinical protocols, and practice guidelines used by a carrier to determine the necessity and appropriateness of health care services.

(5) 'Covered person' means a policyholder, subscriber, enrollee, or other individual covered by a health benefit plan. Unless specifically indicated otherwise, 'covered person' includes another person or a provider acting on behalf of a covered person.

(6) 'Emergency services' means health care items and services that are furnished or required to evaluate and treat an emergency medical condition until the condition has been resolved or no material deterioration of the condition is likely, within reasonable medical probability, to result from the omission of immediate further care or result from or occur during the transfer from one facility to another. 'Emergency services' includes ambulance services and ancillary services routinely available to the emergency department. As used in this subdivision, 'emergency medical condition' means the sudden and, at the time, unexpected onset of a health condition that requires immediate medical attention, where failure to provide medical attention would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part, or would place the person's health (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy.

(7) 'Facility' means an institution providing health care services, including hospitals and other licensed inpatient centers; ambulatory surgical or treatment centers; skilled nursing centers; residential treatment centers; diagnostic, laboratory, and imaging centers; and rehabilitation and other therapeutic health settings.

(8) 'Grievance' means a written complaint submitted by a covered person about any of the following:

a. A carrier's decisions, policies, or actions related to availability, delivery, or quality of health care services.

b. Claims payment or handling; or reimbursement for services.

c. The contractual relationship between a covered person and a carrier.

d. The outcome of an appeal of an adverse determination under this section.

(9) 'Health benefit plan' means a policy, contract, certificate, or agreement entered into, offered, or issued by a carrier to provide, deliver, arrange, pay for, or reimburse any of the costs of health care services.

(10) 'Health care professional' means a person authorized under Chapter 90 of the General Statutes to perform health care services.

(11) 'Health care services' means services provided for the diagnosis, prevention, treatment, cure, or relief of a health condition, illness, injury, or disease.

(12) 'Managed care plan' means a health benefit plan in which a carrier either (i) requires a covered person to use or (ii) creates incentives, including financial incentives, for a covered person to use providers that are under contract with or managed, owned, or employed by the carrier.

(13) 'Participating provider' means a provider who, under a contract with a carrier or with a carrier's contractor or subcontractor, has agreed to provide health care services to covered persons in return for direct or indirect payment from the carrier, other than coinsurance, copayments, or deductibles.

(14) 'Provider' means a health care professional or a facility.

(15) 'Utilization review' means a set of formal techniques designed to monitor the use of or evaluate the clinical necessity, appropriateness, efficacy or efficiency of health care services, procedures, providers, or facilities. These techniques may include:

a. Ambulatory review. -- Utilization review of services performed or provided in an outpatient setting.

b. Case management. -- A coordinated set of activities conducted for individual patient management of serious, complicated, protracted, or other health conditions.

c. Certification. -- A determination by a carrier or its designated URO that an admission, availability of care, continued stay, or other service has been reviewed and, based on the information provided, satisfies the carrier's requirements for medical necessity, appropriateness, health care setting, level of care, and effectiveness.

d. Concurrent review. -- Utilization review conducted during a patient's hospital stay or course of treatment.

e. Discharge planning. -- The formal process for determining, before discharge from a facility, the coordination and management of the care that a patient receives after discharge from a facility.

f. Prospective review. -- Utilization review conducted before an admission or a course of treatment including any required preauthorization or precertification.

g. Retrospective review. -- Utilization review of medical necessity that is conducted after services have been provided to a patient, but not the review of a claim that is limited to an evaluation of reimbursement levels, veracity of documentation, accuracy of coding, or adjudication for payment.

h. Second opinion. -- An opportunity or requirement to obtain a clinical evaluation by a provider other than the provider originally making a recommendation for a proposed service to assess the clinical necessity and appropriateness of the proposed service.

(16) 'Utilization review organization' or 'URO' means an entity that conducts utilization review under a managed care plan, but does not mean a carrier performing utilization review for its own health benefit plan.

(b) Carrier Oversight. -- Every carrier shall monitor all utilization review carried out by or on behalf of the carrier and ensure compliance with this section. A carrier shall ensure that appropriate personnel have operational responsibility for the conduct of the carrier's utilization review program. If a carrier contracts to have a URO perform its utilization review, the carrier shall monitor the URO to ensure compliance with this section, which shall include:

(1) A written description of the URO's activities and responsibilities, including reporting requirements.

(2) Evidence of formal approval of the utilization review organization program by the carrier.

(3) A process by which the carrier evaluates the performance of the URO.

(c) Scope and Content of Program. -- Every carrier shall prepare and maintain a utilization review program document that describes all delegated and nondelegated review functions for covered services, including:

(1) Procedures to evaluate the clinical necessity, appropriateness, efficacy or efficiency of health services.

(2) Data sources and clinical review criteria used in decision making.

(3) The process for conducting appeals of adverse determinations.

(4) Mechanisms to ensure consistent application of review criteria and compatible decisions.

(5) Data collection processes and analytical methods used in assessing utilization of health care services.

(6) Provisions for assuring confidentiality of clinical and patient information in accordance with State and federal law.

(7) The organizational structure (e.g., utilization review committee, quality assurance or other committee) that periodically assesses utilization review activities and reports to the carrier's governing body.

(8) The staff position functionally responsible for day-to-day program management.

(9) The methods of collection and assessment of data about underutilization and overutilization of health care services and how the assessment is used to evaluate and improve procedures and criteria for utilization review.

Not later than April 1 of each year, every carrier shall file with the Commissioner a report summarizing its utilization review program activities for the previous calendar year. The report shall include the number of: each type of utilization review performed, adverse determinations for each type of review, each type of review appealed, and appeals settled in favor of covered persons. The report shall be accompanied by a certification from the carrier that it has established and maintains procedures that comply with this section.

(d) Program Operations. -- In every utilization review program, a carrier or URO shall use documented clinical review criteria that are based on sound clinical evidence and that are periodically evaluated to assure ongoing efficacy. A carrier may develop its own clinical review criteria or purchase or license clinical review criteria. Qualified health care professionals shall administer the utilization review program and oversee review decisions under the direction of a medical doctor. Clinical peers shall evaluate the clinical appropriateness of adverse determinations. Compensation to persons involved in utilization review shall not contain any direct or indirect incentives for them to make any particular review decisions. Compensation to utilization reviewers shall not be directly or indirectly based on the number or type of adverse determinations they render. In issuing a utilization review decision, a carrier shall: Obtain all information required to make the decision, including pertinent clinical information; employ a process to ensure that utilization reviewers apply clinical review criteria consistently; and issue the decision in a timely manner pursuant to this section.

(e) Carrier Responsibilities. -- Every carrier shall:

(1) Routinely assess the effectiveness and efficiency of its utilization review program.

(2) Use data systems that are sufficient to support utilization review program activities and to generate management reports to enable the carrier to monitor and manage services effectively.

(3) Coordinate the utilization review program with its other medical management activity, including quality assurance, credentialing, provider contracting, data reporting, grievance procedures, processes for assessing satisfaction of covered persons, and risk management.

(4) Provide covered persons with access to its review staff by a toll-free or collect call telephone number whenever any provider is required to be available to provide services which may require prior certification to any plan enrollee and take corrective action when necessary. Every carrier shall annually publish its standards

for telephone accessibility as well as the carrier's compliance with those standards.

(5) Limit its requests for information to only that information that is necessary to certify the admission, procedure or treatment, length of stay, and frequency and duration of health care services.

(6) Have written procedures for making utilization review decisions and for notifying covered persons of those decisions.

(7) Have written procedures to address the failure or inability of a provider or covered person to provide all necessary information for review. If a provider or covered person fails to release necessary information in a timely manner, the carrier may deny certification.

(f) Prospective and Concurrent Reviews. -- As used in this subsection, 'necessary information' includes the results of any patient examination, clinical evaluation, or second opinion that may be required. Prospective and concurrent determinations shall be made by a carrier within two business days after the carrier obtains all necessary information about the admission, procedure, or health care service. If a carrier certifies a health care service, the carrier shall notify the covered person's provider by telephone within one business day after making the certification; and shall provide written or electronic confirmation of the telephone notification to the covered person and the provider within two business days after making the certification. The written notification shall include the number of days certified and, if a concurrent review, the number of extended days or next review date, the new total number of days or covered services approved, and the date of admission or initiation of health care services. For an adverse determination, the carrier shall notify the covered person's provider by telephone within one business day after making the determination; and provide written or electronic confirmation of the determination within two business days after making the determination. In concurrent reviews, the carrier shall remain liable for the health care services until the covered person has been notified of the determination and until all appeals and remedies available to the covered person have been exhausted.

(g) Retrospective Reviews. -- As used in this subsection, 'necessary information' includes the results of any patient examination, clinical evaluation, or second opinion that may be required. For retrospective review determinations, a carrier shall make the determination within 30 days after receiving all necessary information. For a certification, the carrier may give written notification to the covered person. For an adverse determination, the carrier shall give written notification to the covered person within five business days after making the adverse determination.

(h) Notice of Adverse Determination.-- A written notification of an adverse determination shall include all reasons for the determination, including the clinical rationale, the instructions for initiating a voluntary appeal or reconsideration of the determination, and the instructions for requesting a written statement of the clinical review criteria used to make the determination. A carrier shall provide the clinical rationale in writing for an adverse determination, including the clinical review

criteria used to make that determination, to any person who received the notification of the adverse determination and who follows the procedures for a request.

(i) Requests for Reconsideration. -- A carrier may establish procedures for informal reconsideration of adverse determinations. The reconsideration shall occur within one business day after the receipt of the request and shall be conducted between the covered person's provider and a clinical peer designated by the carrier. If the reconsideration process does not resolve the difference of opinion, the adverse determination may be formally appealed by the covered person. A carrier shall not require a covered person to participate in an informal reconsideration before the covered person may appeal an adverse determination under subsection (j) of this section.

(j) Appeals of Adverse Determinations. -- Every carrier shall have written procedures for appeals of adverse determinations by covered persons, including expedited review to address a situation where the time frames for the standard review procedures set forth in this section would reasonably appear to seriously jeopardize the life or health of a covered person or would jeopardize the covered person's ability to regain maximum function. Appeals shall be evaluated by clinical peers who were not involved in the adverse determinations.

(k) Nonexpedited Appeals. -- For standard, nonexpedited appeals, the carrier shall give written notification of the decision to the covered person and the covered person's provider within 30 days after the request for an appeal. The written decision shall contain:

(1) The qualifying credentials of the person or persons reviewing the appeal.

(2) A statement of the reviewers' understanding of the reason for the covered person's appeal.

(3) The reviewers' decision in clear terms and the medical rationale in sufficient detail for the covered person to respond further to the carrier's position.

(4) A reference to the evidence or documentation that is the basis for the decision, including the clinical review criteria used to make the determination, and instructions for requesting the clinical review criteria.

(5) A statement advising the covered person of the covered person's right to request a second level grievance review and a description of the procedure for submitting a second-level grievance under G.S. 58-51-62.

(l) Expedited Appeals. -- An expedited appeal of an adverse determination may be requested by a covered person only when a nonexpedited appeal will cause a delay in the rendering of health care services that would be detrimental to the health of the covered person. The carrier may request documentation of the medical justification for the expedited appeal. The carrier shall provide expedited review by a clinical peer and communicate its decision to the covered person as soon as possible but not later than four days after receiving information justifying expedited review.

All necessary information, including the carrier's decision, shall be transmitted between the carrier and the covered person by the most expeditious method available. If the expedited review is a concurrent review determination, the carrier shall remain liable for the coverage of the health care services until the covered person has been notified of the determination. Every carrier shall provide written confirmation of its decision in an expedited review within two business days after providing notification of that decision if the initial notification was not in writing. The written decision shall contain the provisions specified in subsection (k) of this section. A carrier is not required to provide an expedited review for retrospective adverse determinations.

(m) Disclosure Requirements. -- In the certificate of coverage and member handbook provided to covered persons, a carrier shall include a clear and comprehensive description of its utilization review procedures, including the procedures for appealing adverse determinations and a statement of the rights and responsibilities of covered persons, including the voluntary nature of the appeal process, with respect to those procedures. A carrier shall include a summary of its utilization review procedures in materials intended for prospective covered persons. A carrier shall print on its membership cards a toll-free telephone number to call for utilization review purposes.

(n) Maintenance of Records. -- Every carrier and URO shall maintain records of review procedures; the health care qualifications of the entity's staff; the criteria used by the entity to make its decisions; a record of review complaints received; a record of the number and type of noncertifications; a record of the number and outcome of any appeals; and the procedures to ensure confidentiality of medical records and personal information. The maintenance of these records, including electronic reproduction and storage, shall be governed by rules adopted by the Commissioner that apply to carriers. These records shall be retained by the carrier and URO for a period of three years or until the next general examination by the Commissioner, whichever is later.

(o) Violation. -- A violation of this section subjects a carrier to G.S. 58-2-70."

Section 2. Article 50 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-50-62. Carrier grievance procedures.**

(a) Purpose and Intent. -- The purpose of this section is to provide standards for the establishment and maintenance of procedures by carriers to assure that covered persons have the opportunity for the appropriate resolution of their grievances.

(b) Availability of Grievance Process. -- Every carrier shall have a grievance process whereby covered persons may voluntarily request reviews of decisions, policies, and actions of the carrier. The grievance process shall provide for first- and second-level reviews of grievances; except that an appeal of an adverse determination that has been reviewed under G.S. 58-50-61 shall be reviewed as a second level grievance under this section.

(c) Grievance Procedures. -- Every carrier shall have written procedures for receiving and resolving grievances from covered persons. Every carrier shall file with

the Commissioner, as part of its annual report required by subsection (d) of this section, a certificate of compliance stating that the carrier has, for each of its lines of business, grievance procedures that comply with this section. A description of the grievance procedures shall be set forth in or attached to the certificate of coverage and member handbook provided to covered persons. The description shall include a statement informing the covered person that the grievance procedures are voluntary and shall also inform the covered person about the availability of the Commissioner's office for assistance, including the telephone number and address of the office.

(d) Grievance Register. -- Every carrier shall keep a written register for each calendar year that documents all first- and second-level grievances received during that calendar year. For each grievance, the register shall contain at least a general description of the reason for the grievance; the date received; the date of each review or hearing; the resolution and date of resolution at each level of the grievance; and the name of the covered person for whom the grievance was filed. The register shall be maintained in a manner that is accessible to the Commissioner. The carrier shall retain each register for three years or until the Commissioner has adopted a final report of an examination that contains a review of the register for that calendar year, whichever is later. On or before April 1 of each year, every carrier shall file a report with the Commissioner in a format prescribed by the Commissioner. The report shall include the number of covered lives, the total number of grievances, a brief description of each grievance, the number of grievances referred to the second-level grievance review, the number of grievances resolved at each level and their resolution, and a description of the actions that are being taken to correct the problems that have been identified.

(e) First-Level Grievance Review. -- A grievance may be submitted by a covered person. A carrier shall issue a written decision to the covered person within 30 days after receiving a grievance. The person or persons reviewing the grievance shall not be the same person or persons who initially handled the matter that is the subject of the grievance. The carrier does not have to allow a covered person to attend the first-level grievance review. A covered person may submit written material. Within three business days after receiving a grievance, the carrier shall provide the covered person with the name, address, and telephone number of the coordinator and information on how to submit written material. The written decision issued in a first-level grievance review shall contain:

(1) The qualifying credentials of the person or persons reviewing the grievance.

(2) A statement of the reviewers' understanding of the grievance.

(3) The reviewers' decision in clear terms and the contractual basis or medical rationale in sufficient detail for the covered person to respond further to the carrier's position.

(4) A reference to the evidence or documentation used as the basis for the decision.

(5) A statement advising the covered person of his or her right to request a second-level grievance review and a description of the

procedure for submitting a second-level grievance under G.S. 58-51-62.

(f) Second-Level Grievance Review. -- A carrier shall establish a second-level grievance review process for covered persons who are dissatisfied with the first-level grievance review decision or a utilization review appeal decision. A carrier shall, within three business days after receiving a grievance, make known to the covered person:

(1) The name, address, and telephone number of a person designated to coordinate the grievance review for the carrier.

(2) A statement of a covered person's rights, which include the right to request and receive from a carrier all information relevant to the case; attend the second-level grievance review; present his or her case to the review panel; submit supporting materials before and at the review meeting; ask questions of any representative of the carrier; and be assisted or represented by a person of his or her choice. A carrier shall convene a second-level grievance review panel for each request. The panel shall comprise persons who were not previously involved in any matter giving rise to the second-level grievance, are not employees of the carrier or URO, and do not have a financial interest in the outcome of the review. A person who was previously involved in the matter may appear before the panel to present information or answer questions. All of the persons reviewing a grievance involving an adverse determination shall be health care professionals who have appropriate expertise, including when a clinical decision is involved, at least one clinical peer.

(g) Second-Level Procedures. -- A carrier's procedures for conducting a second-level panel review shall include:

(1) The review panel shall schedule and hold a review meeting within 45 days after receiving a request for a second-level review.

(2) The review meeting shall be held at a location reasonably accessible to the covered person.

(3) If a carrier is notified in advance that the covered person will not attend the review meeting, the carrier shall offer the covered person the opportunity to communicate with the review panel, at the carrier's expense, by conference call.

(4) The covered person shall be notified in writing at least 15 days before the review meeting date.

(5) The carrier shall allow a covered person at least one postponement of the review meeting. A postponed review meeting shall be rescheduled as soon as possible, but shall not be held more than 45 days after receipt of the postponement request.

(6) The covered person may be represented by a private attorney at the review meeting, in which case the carrier may also be represented by an attorney at that meeting.

(7) The covered person's right to a full review shall not be conditioned on the covered person's appearance at the review meeting.

(h) Second-Level Review Decisions. -- A carrier shall issue a written decision to the covered person within five business days after completing the review meeting. The decision shall include:

(1) The qualifying credentials of the members of the review panel.

(2) A statement of the review panel's understanding of the nature of the grievance and all pertinent facts.

(3) The review panel's recommendation to the carrier and the rationale behind that recommendation.

(4) A description of or reference to the evidence or documentation considered by the review panel in making the recommendation.

(5) In the review of an adverse determination, a written statement of the clinical rationales, including the clinical review criteria, that were used by the review panel to make the recommendation.

(6) The rationale for the carrier's decision if it differs from the review panel's recommendation.

(7) A statement that the decision is the carrier's final determination in the matter.

(8) Notice of the availability of the Commissioner's office for assistance, including the telephone number and address of the Commissioner's office.

(i) Expedited Second-Level Procedures. -- An expedited second-level review shall be made available where medically justified as provided in G.S. 58-50-61(l), whether or not the initial review was expedited. The provisions of subsections (f), (g), and (h) of this section apply to this subsection except for the following timetable: When a covered person is eligible for an expedited second-level review, the carrier shall conduct the review proceeding and communicate its decision within four days after receiving all necessary information. The review meeting may take place by way of a telephone conference call or through the exchange of written information.

(j) No carrier shall discriminate against any provider based on any action taken by the provider under this section on behalf of a covered person."

Section 3. Article 50 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-50-63. Utilization review and grievance review immunities.**

A person who reviews appeals under G.S. 58-50-61 or G.S. 58-50-62 or a member of a duly appointed grievance review panel under G.S. 58-50-62 who acts without malice or fraud is not subject to liability for damages in any civil action on account of any act, statement, or proceeding undertaken, made, or performed within the scope of the provisions of G.S. 58-50-61 or G.S. 58-50-62."

Section 4. G.S. 58-50-65(a) reads as rewritten:

"(a) Nothing in Articles 50 through 55 of this Chapter applies to or affects any policy of liability or workers' compensation insurance, except that the provisions of G.S. 58-50-50 and subsections (b) and (c) of G.S. 58-50-55 through G.S. 58-50-61 and rules adopted under those sections, except where otherwise addressed under the laws and rules of the Industrial Commission, shall apply to policies of workers' compensation insurance."

Section 5. G.S. 58-3-102 and G.S. 58-50-60 are repealed.

Section 6. This act becomes effective January 1, 1998.

AN ACT TO ESTABLISH PROCEDURES AND RIGHTS FOR MANAGED CARE PLAN MEMBERS IN UTILIZATION REVIEW DECISIONS AND GRIEVANCES AGAINST MANAGED CARE ORGANIZATIONS.

The General Assembly of North Carolina enacts:

Section 1. Article 50 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-50-61. Utilization review.**

(a) Definitions. -- As used in this section and in G.S. 58-50-62, the term:

(1) 'Clinical peer' means a health care professional who holds an unrestricted license in a state of the United States, in the same or similar specialty, and routinely provides the health care services subject to utilization review.

(2) 'Clinical review criteria' means the written screening procedures, decision abstracts, clinical protocols, and practice guidelines used by an insurer to determine medically necessary services and supplies.

(3) 'Covered person' means a policyholder, subscriber, enrollee, or other individual covered by a health benefit plan. 'Covered person' includes another person, other than the covered person's provider, who is authorized to act on behalf of a covered person.

(4) 'Emergency medical condition' means a medical condition manifesting itself by acute symptoms of sufficient severity

including, but not limited to, severe pain, or by acute symptoms developing from a chronic medical condition that would lead a prudent layperson, possessing an average knowledge of health and medicine, to reasonably expect the absence of immediate medical attention to result in any of the following:

a. Placing the health of an individual, or with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy.

b. Serious impairment to bodily functions.

c. Serious dysfunction of any bodily organ or part.

(5) 'Emergency services' means health care items and services furnished or required to screen for and treat an emergency medical condition until the condition is stabilized, including prehospital care and ancillary services routinely available to the emergency department.

(6) 'Grievance' means a written complaint submitted by a covered person about any of the following:

a. An insurer's decisions, policies, or actions related to availability, delivery, or quality of health care services.

b. Claims payment or handling; or reimbursement for services.

c. The contractual relationship between a covered person and an insurer.

d. The outcome of an appeal of a noncertification under this section.

(7) 'Health benefit plan' means any of the following if offered by an insurer: an accident and health insurance policy or certificate; a nonprofit hospital or medical service corporation contract; a health maintenance organization subscriber contract; or a plan provided by a multiple employer welfare arrangement. 'Health benefit plan' does not mean any plan implemented or administered through the Department of Human Resources or its representatives. 'Health benefit plan' also does not mean any of the following kinds of insurance:

a. Accident

b. Credit

c. Disability income

d. Long-term or nursing home care

e. Medicare supplement

f. Specified disease

g. Dental or vision

h. Coverage issued as a supplement to liability insurance

i. Workers' compensation

j. Medical payments under automobile or homeowners

k. Hospital income or indemnity

l. Insurance under which benefits are payable with or without regard to fault and that is statutorily required to be contained in any liability policy or equivalent self-insurance.

(8) 'Health care provider' means any person who is licensed, registered, or certified under Chapter 90 of the General Statutes; a health care facility as defined in G.S. 131E-176(9b); or a pharmacy.

(9) 'Health care services' means services provided for the diagnosis, prevention, treatment, cure, or relief of a health condition, illness, injury, or disease.

(10) 'Insurer' means an entity that writes a health benefit plan and that is an insurance company subject to this Chapter, a service corporation under Article 65 of this Chapter, a health maintenance organization under Article 67 of this Chapter, or a multiple employer welfare arrangement under Article 49 of this Chapter.

(11) 'Managed care plan' means a health benefit plan in which an insurer either (i) requires a covered person to use or (ii) creates incentives, including financial incentives, for a covered person to use providers that are under contract with or managed, owned, or employed by the insurer.

(12) 'Medically necessary services or supplies' means those covered services or supplies that are:

a. Provided for the diagnosis, treatment, cure, or relief of a health condition, illness, injury, or disease.

b. Not for experimental, investigational, or cosmetic purposes.

c. Necessary for and appropriate to the diagnosis, treatment, cure, or relief of a health condition, illness, injury, disease, or its symptoms.

d. Within generally accepted standards of medical care in the community.

e. Not solely for the convenience of the insured, the insured's family, or the provider.

For medically necessary services, nothing in this subdivision precludes an insurer from comparing the cost-effectiveness of alternative services or supplies when determining which of the services or supplies will be covered.

(13) 'Noncertification' means a determination by an insurer or its designated utilization review organization that an admission, availability of care, continued stay, or other health care service has been reviewed and, based upon the information provided, does not meet the insurer's requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness, and the requested service is therefore denied, reduced, or terminated. A 'noncertification' is not a decision rendered solely on the basis that the health benefit plan does not provide benefits

for the health care service in question, if the exclusion of the specific service requested is clearly stated in the certificate of coverage.

(14) 'Participating provider' means a provider who, under a contract with an insurer or with an insurer's contractor or subcontractor, has agreed to provide health care services to covered persons in return for direct or indirect payment from the insurer, other than coinsurance, copayments, or deductibles.

(15) 'Provider' means a health care provider.

(16) 'Stabilize' means to provide medical care that is appropriate to prevent a material deterioration of the person's condition, within reasonable medical probability, in accordance with the HCFA (Health Care Financing Administration) interpretative guidelines, policies, and regulations pertaining to responsibilities of hospitals in emergency cases (as provided under the Emergency Medical Treatment and Labor Act, 42 U.S.C.S. § 1395dd), including medically necessary services and supplies to maintain stabilization of the person until the person is transferred.

(17) 'Utilization review' means a set of formal techniques designed to monitor the use of or evaluate the clinical necessity, appropriateness, efficacy or efficiency of health care services, procedures, providers, or facilities. These techniques may include:

a. Ambulatory review. -- Utilization review of services performed or provided in an outpatient setting.

b. Case management. -- A coordinated set of activities conducted for individual patient management of serious, complicated, protracted, or other health conditions.

c. Certification. -- A determination by an insurer or its designated URO that an admission, availability of care, continued stay, or other service has been reviewed and, based on the information provided, satisfies the insurer's requirements for medically necessary services and supplies, appropriateness, health care setting, level of care, and effectiveness.

d. Concurrent review. -- Utilization review conducted during a patient's hospital stay or course of treatment.

e. Discharge planning. -- The formal process for determining, before discharge from a provider facility, the coordination and management of the care that a patient receives after discharge from a provider facility.

f. Prospective review. -- Utilization review conducted before an admission or a course of treatment including any required preauthorization or precertification.

g. Retrospective review. -- Utilization review of medically necessary services and supplies that is conducted after services have been provided to a patient, but not the review of a claim that is limited to an evaluation of reimbursement levels, veracity of documentation, accuracy of coding, or adjudication for payment.

h. Second opinion. -- An opportunity or requirement to obtain a clinical evaluation by a provider other than the provider originally making a recommendation for a proposed service to assess the clinical necessity and appropriateness of the proposed service.

(18) 'Utilization review organization' or 'URO' means an entity that conducts utilization review under a managed care plan, but does not mean an insurer performing utilization review for its own health benefit plan.

(b) Insurer Oversight. -- Every insurer shall monitor all utilization review carried out by or on behalf of the insurer and ensure compliance with this section. An insurer shall ensure that appropriate personnel have operational responsibility for the conduct of the insurer's utilization review program. If an insurer contracts to have a URO perform its utilization review, the insurer shall monitor the URO to ensure compliance with this section, which shall include:

(1) A written description of the URO's activities and responsibilities, including reporting requirements.

(2) Evidence of formal approval of the utilization review organization program by the insurer.

(3) A process by which the insurer evaluates the performance of the URO.

(c) Scope and Content of Program. -- Every insurer shall prepare and maintain a utilization review program document that describes all delegated and nondelegated review functions for covered services including:

(1) Procedures to evaluate the clinical necessity, appropriateness, efficacy, or efficiency of health services.

(2) Data sources and clinical review criteria used in decision making.

(3) The process for conducting appeals of noncertifications.

(4) Mechanisms to ensure consistent application of review criteria and compatible decisions.

(5) Data collection processes and analytical methods used in assessing utilization of health care services.

(6) Provisions for assuring confidentiality of clinical and patient information in accordance with State and federal law.

(7) The organizational structure (e.g., utilization review committee, quality assurance, or other committee) that periodically assesses utilization review activities and reports to the insurer's governing body.

(8) The staff position functionally responsible for day-to-day program management.

(9) The methods of collection and assessment of data about underutilization and overutilization of health care services and how the assessment is used to evaluate and improve procedures and criteria for utilization review.

(d) Program Operations. -- In every utilization review program, an insurer or URO shall use documented clinical review criteria that are based on sound clinical evidence and that are periodically evaluated to assure ongoing efficacy. An insurer may develop its own clinical review criteria or purchase or license clinical review criteria. Qualified health care professionals shall administer the utilization review program and oversee review decisions under the direction of a medical doctor. A medical doctor shall evaluate the clinical appropriateness of noncertifications. Compensation to persons involved in utilization review shall not contain any direct or indirect incentives for them to make any particular review decisions. Compensation to utilization reviewers shall not be directly or indirectly based on the number or type of noncertifications they render. In issuing a utilization review decision, an insurer shall: obtain all information required to make the decision, including pertinent clinical information; employ a process to ensure that utilization reviewers apply clinical review criteria consistently; and issue the decision in a timely manner pursuant to this section.

(e) Insurer Responsibilities. -- Every insurer shall:

(1) Routinely assess the effectiveness and efficiency of its utilization review program.

(2) Coordinate the utilization review program with its other medical management activity, including quality assurance, credentialing, provider contracting, data reporting, grievance procedures, processes for assessing satisfaction of covered persons, and risk management.

(3) Provide covered persons and their providers with access to its review staff by a toll-free or collect call telephone number whenever any provider is required to be available to provide services which may require prior certification to any plan enrollee. Every insurer shall establish standards for telephone accessibility and monitor telephone service as indicated by average speed of answer and call abandonment rate, on at least a month-by-month basis, to ensure that telephone service is adequate, and take corrective action when necessary.

(4) Limit its requests for information to only that information that is necessary to certify the admission, procedure or treatment, length of stay, and frequency and duration of health care services.

(5) Have written procedures for making utilization review decisions and for notifying covered persons of those decisions.

(6) Have written procedures to address the failure or inability of a provider or covered person to provide all necessary information for review. If a provider or covered person fails to release necessary information in a timely manner, the insurer may deny certification.

(f) Prospective and Concurrent Reviews. -- As used in this subsection, 'necessary information' includes the results of any patient examination, clinical evaluation, or second opinion that may be required. Prospective and concurrent determinations shall be communicated to the covered person's provider within three business days after the insurer obtains all necessary information about the admission, procedure, or health care service. If an insurer certifies a health care service, the insurer shall notify the covered person's provider. For a noncertification, the insurer shall notify the covered person's provider and send written or electronic confirmation of the noncertification to the covered person. In concurrent reviews, the insurer shall remain liable for health care services until the covered person has been notified of the noncertification.

(g) Retrospective Reviews. -- As used in this subsection, 'necessary information' includes the results of any patient examination, clinical evaluation, or second opinion that may be required. For retrospective review determinations, an insurer shall make the determination within 30 days after receiving all necessary information. For a certification, the insurer may give written notification to the covered person's provider. For a noncertification, the insurer shall give written notification to the covered person and the covered person's provider within five business days after making the noncertification.

(h) Notice of Noncertification. -- A written notification of a noncertification shall include all reasons for the noncertification, including the clinical rationale, the instructions for initiating a voluntary appeal or reconsideration of the noncertification, and the instructions for requesting a written statement of the clinical review criteria used to make the noncertification. An insurer shall provide the clinical review criteria used to make the noncertification to any person who received the notification of the noncertification and who follows the procedures for a request.

(i) Requests for Reconsideration. -- An insurer may establish procedures for informal reconsideration of noncertifications. The reconsideration shall be conducted between the covered person's provider and a medical doctor designated by the insurer. An insurer shall not require a covered person to participate in an informal reconsideration before the covered person may appeal a noncertification under subsection (j) of this section.

(j) Appeals of Noncertifications. -- Every insurer shall have written procedures for appeals of noncertifications by covered persons or their providers acting on their behalves, including expedited review to address a situation where the time frames for the standard review procedures set forth in this section would reasonably appear to seriously jeopardize the life or health of a covered person or jeopardize the covered person's ability to regain maximum function. Each appeal shall be evaluated by a medical doctor who was not involved in the noncertification.

(k) Nonexpedited Appeals. -- Within three business days after receiving a request for a standard, nonexpedited appeal, the insurer shall provide the covered person with the name, address, and telephone number of the coordinator and information on how to submit written material. For standard, nonexpedited appeals, the insurer shall give written notification of the decision to the covered person and the covered person's provider within 30 days after the insurer receives the request for an appeal. The written decision shall contain:

(1) The professional qualifications and licensure of the person or persons reviewing the appeal.

(2) A statement of the reviewers' understanding of the reason for the covered person's appeal.

(3) The reviewers' decision in clear terms and the medical rationale in sufficient detail for the covered person to respond further to the insurer's position.

(4) A reference to the evidence or documentation that is the basis for the decision, including the clinical review criteria used to make the determination, and instructions for requesting the clinical review criteria.

(5) A statement advising the covered person of the covered person's right to request a second-level grievance review and a description of the procedure for submitting a second-level grievance under G.S. 58-50-62.

(l) Expedited Appeals. -- An expedited appeal of a noncertification may be requested by a covered person or his or her provider acting on the covered person's behalf only when a nonexpedited appeal would reasonably appear to seriously jeopardize the life or health of a covered person or jeopardize the covered person's ability to regain maximum function. The insurer may require documentation of the medical justification for the expedited appeal. The insurer shall, in consultation with a medical doctor, provide expedited review, and the insurer shall communicate its decision in writing to the covered person and his or her provider as soon as possible, but not later than four days after receiving the information justifying expedited review. The written decision shall contain the provisions specified in subsection (k) of this section. If the expedited review is a concurrent review determination, the insurer shall remain liable for the coverage of health care services until the covered person has been notified of the determination. An insurer is not required to provide an expedited review for retrospective noncertifications.

(m) Disclosure Requirements. -- In the certificate of coverage and member handbook provided to covered persons, an insurer shall include a clear and comprehensive description of its utilization review procedures, including the procedures for appealing noncertifications and a statement of the rights and responsibilities of covered persons, including the voluntary nature of the appeal process, with respect to those procedures. An insurer shall include a summary of its utilization review procedures in materials intended for prospective covered persons.

An insurer shall print on its membership cards a toll-free telephone number to call for utilization review purposes.

(n) Maintenance of Records. -- Every insurer and URO shall maintain records of each review performed and each appeal received or reviewed, as well as documentation sufficient to demonstrate compliance with this section. The maintenance of these records, including electronic reproduction and storage, shall be governed by rules adopted by the Commissioner that apply to insurers. These records shall be retained by the insurer and URO for a period of three years or until the Commissioner has adopted a final report of a general examination that contains a review of these records for that calendar year, whichever is later.

(o) Violation. -- A violation of this section subjects an insurer to G.S. 58-2-70."

Section 2. Article 50 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-50-62. Insurer grievance procedures.**

(a) Purpose and Intent. -- The purpose of this section is to provide standards for the establishment and maintenance of procedures by insurers to assure that covered persons have the opportunity for appropriate resolutions of their grievances.

(b) Availability of Grievance Process. -- Every insurer shall have a grievance process whereby a covered person may voluntarily request a review of any decision, policy, or action of the insurer that affects that covered person. The grievance process may provide for an immediate informal consideration by the insurer of a grievance. If the insurer does not have a procedure for informal consideration or if an informal consideration does not resolve the grievance, the grievance process shall provide for first- and second-level reviews of grievances; except that an appeal of a noncertification that has been reviewed under G.S. 58-50-61 shall be reviewed as a second-level grievance under this section.

(c) Grievance Procedures. -- Every insurer shall have written procedures for receiving and resolving grievances from covered persons. A description of the grievance procedures shall be set forth in or attached to the certificate of coverage and member handbook provided to covered persons. The description shall include a statement informing the covered person that the grievance procedures are voluntary and shall also inform the covered person about the availability of the Commissioner's office for assistance, including the telephone number and address of the office.

(d) Maintenance of Records. -- Every insurer shall maintain records of each grievance received and the insurer's review of each grievance, as well as documentation sufficient to demonstrate compliance with this section. The maintenance of these records, including electronic reproduction and storage, shall be governed by rules adopted by the Commissioner that apply to insurers. The insurer shall retain these records for three years or until the Commissioner has adopted a final report of a general examination that contains a review of these records for that calendar year, whichever is later.

(e) First-Level Grievance Review. -- A grievance may be submitted by a covered person or his or her provider acting on the covered person's behalf.

(1) The insurer does not have to allow a covered person to attend the first-level grievance review. A covered person may submit written material. Within three business days after receiving a grievance, the insurer shall provide the covered person with the name, address, and telephone number of the coordinator and information on how to submit written material.

(2) An insurer shall issue a written decision to the covered person and, if applicable, to the covered person's provider, within 30 days after receiving a grievance. The person or persons reviewing the grievance shall not be the same person or persons who initially handled the matter that is the subject of the grievance and, if the issue is a clinical one, at least one of whom shall be a medical doctor with appropriate expertise to evaluate the matter. The written decision issued in a first-level grievance review shall contain:

a. The professional qualifications and licensure of the person or persons reviewing the grievance.

b. A statement of the reviewers' understanding of the grievance.

c. The reviewers' decision in clear terms and the contractual basis or medical rationale in sufficient detail for the covered person to respond further to the insurer's position.

d. A reference to the evidence or documentation used as the basis for the decision.

e. A statement advising the covered person of his or her right to request a second-level grievance review and a description of the procedure for submitting a second-level grievance under this section.

(f) Second-Level Grievance Review. -- An insurer shall establish a second-level grievance review process for covered persons who are dissatisfied with the first-level grievance review decision or a utilization review appeal decision.

(1) An insurer shall, within 10 business days after receiving a request for a second-level grievance review, make known to the covered person:

a. The name, address, and telephone number of a person designated to coordinate the grievance review for the insurer.

b. A statement of a covered person's rights, which include the right to request and receive from an insurer all information relevant to the case; attend the second-level grievance review; present his or her case to the review panel; submit supporting materials before and at the review meeting; ask questions of any member of the review panel; and be assisted or represented by a person of his or her choice,

which person may be without limitation to: a provider, family member, employer representative, or attorney. If the covered person chooses to be represented by an attorney, the insurer may also be represented by an attorney.

(2) An insurer shall convene a second-level grievance review panel for each request. The panel shall comprise persons who were not previously involved in any matter giving rise to the second-level grievance, are not employees of the insurer or URO, and do not have a financial interest in the outcome of the review. A person who was previously involved in the matter may appear before the panel to present information or answer questions. All of the persons reviewing a second-level grievance involving a noncertification or a clinical issue shall be providers who have appropriate expertise, including at least one clinical peer. Provided, however, an insurer that uses a clinical peer on an appeal of a noncertification under G.S. 58-50-61 or on a first-level grievance review panel under this section may use one of the insurer's employees on the second-level grievance review panel in the same matter if the second-level grievance review panel comprises three or more persons.

(g) Second-Level Grievance Review Procedures. -- An insurer's procedures for conducting a second-level grievance review shall include:

(1) The review panel shall schedule and hold a review meeting within 45 days after receiving a request for a second-level review.

(2) The covered person shall be notified in writing at least 15 days before the review meeting date.

(3) The covered person's right to a full review shall not be conditioned on the covered person's appearance at the review meeting.

(h) Second-Level Grievance Review Decisions. -- An insurer shall issue a written decision to the covered person and, if applicable, to the covered person's provider, within seven business days after completing the review meeting. The decision shall include:

(1) The professional qualifications and licensure of the members of the review panel.

(2) A statement of the review panel's understanding of the nature of the grievance and all pertinent facts.

(3) The review panel's recommendation to the insurer and the rationale behind that recommendation.

(4) A description of or reference to the evidence or documentation considered by the review panel in making the recommendation.

(5) In the review of a noncertification or other clinical matter, a written statement of the clinical rationale, including the clinical

review criteria, that was used by the review panel to make the recommendation.

(6) The rationale for the insurer's decision if it differs from the review panel's recommendation.

(7) A statement that the decision is the insurer's final determination in the matter.

(8) Notice of the availability of the Commissioner's office for assistance, including the telephone number and address of the Commissioner's office.

(i) Expedited Second-Level Procedures. -- An expedited second-level review shall be made available where medically justified as provided in G.S. 58-50-61(1), whether or not the initial review was expedited. The provisions of subsections (f), (g), and (h) of this section apply to this subsection except for the following timetable: When a covered person is eligible for an expedited second-level review, the insurer shall conduct the review proceeding and communicate its decision within four days after receiving all necessary information. The review meeting may take place by way of a telephone conference call or through the exchange of written information.

(j) No insurer shall discriminate against any provider based on any action taken by the provider under this section or G.S. 58-50-61 on behalf of a covered person.

(k) Violation. -- A violation of this section subjects an insurer to G.S. 58-2-70."

Section 3. Article 1 of Chapter 90 of the General Statutes is amended by adding a new section to read:

"**§ 90-21.22A. Medical review committees.**

(a) As used in this section, 'medical review committee' means a committee composed of health care providers licensed under this Chapter that is formed for the purpose of evaluating the quality of, cost of, or necessity for health care services, including provider credentialing. 'Medical review committee' does not mean a medical review committee established under G.S. 131E-95.

(b) A member of a duly appointed medical review committee who acts without malice or fraud shall not be subject to liability for damages in any civil action on account of any act, statement, or proceeding undertaken, made, or performed within the scope of the functions of the committee.

(c) The proceedings of a medical review committee, the records and materials it produces, and the materials it considers shall be confidential and not considered public records within the meaning of G.S. 132-1 or G.S. 58-2-100; and shall not be subject to discovery or introduction into evidence in any civil action against a provider of health care services who directly provides services and is licensed under this Chapter or a hospital licensed under Chapter 122C or Chapter 131E of the General Statutes or that is owned or operated by the State, which civil action results from matters that are the subject of evaluation and review by the committee. No person who was in attendance at a meeting of the committee shall be required to testify in any civil action as to any evidence or other matters produced or presented during the proceedings of the committee or as to any findings, recommendations, evaluations, opinions, or other actions of the committee or its members. However,

information, documents, or records otherwise available are not immune from discovery or use in a civil action merely because they were presented during proceedings of the committee. A member of the committee may testify in a civil action but cannot be asked about his or her testimony before the committee or any opinions formed as a result of the committee hearings.

(d) This section applies to a medical review committee, including a medical review committee appointed by one of the entities licensed under Articles 1 through 67 of Chapter 58 of the General Statutes.

(e) Subsection (c) of this section does not apply to proceedings initiated under G.S. 58-50-61 or G.S. 58-50-62."

Section 4. G.S. 58-50-65(a) reads as rewritten:

"(a) Nothing in Articles 50 through 55 of this Chapter applies to or affects any policy of liability or workers' compensation insurance, except that the provisions of G.S. 58-50-50 and subsections (b) and (c) of G.S. 58-50-55 through G.S. 58-50-61 and rules adopted under those sections, except where otherwise addressed under the laws and rules of the Industrial Commission, shall apply to policies of workers' compensation insurance."

Section 5. G.S. 58-50-60 is repealed.

Section 6. This act becomes effective January 1, 1998. Insurers other than health maintenance organizations that are subject to this act have until July 1, 1998, to implement the procedures for grievances that are contained in Section 2 of this act; provided, however, that insurers other than health maintenance organizations shall comply with the second-level grievance review procedures in Section 2 of this act for appeals of noncertifications effective January 1, 1998.

Panel backs HMO reform

Sen. Beverly Perdue says the industry-backed legislation is intended to prevent managed-care 'horror stories.'

BY JENA HEATH
STAFF WRITER

Proposals designed to reform the way North Carolina's health-maintenance organizations operate swept through a Senate committee Tuesday.

The bills would require managed-care companies to report more information about their operations to the state insurance commissioner. They also would require companies to cover most emergency-room visits, make it easier for patients to see out-of-network doctors and fully explain the reasons for denying coverage.

"If these four bills become law I don't believe you'll have any of these horror stories we've heard," said Sen. Beverly Perdue, the New Bern Democrat sponsoring the industry-backed package. Officials at the state Department of Insurance also are backing the bills.

Pam Silberman, research fellow at the Shepp Center for Health Services Research in Chapel Hill, called the changes a major improvement for North Carolina consumers.

"It does provide some good starting points," said Silberman, who in April published a report card on the state's HMOs. "We're going to have much more information than we've ever had before."

Silberman said the package forces HMOs to collect data about how they operate and report it to the Insurance Department, allowing consumers for the first time to compare plans.

The bill also addresses concerns that financial incentives encourage HMO providers to withhold certain treatment. HMOs would have to determine if services are being underused if the bills pass. In addition, Silberman said the packages' grievance procedure will improve due process for patients denied coverage.

Missing from the bills are requirements contained in another measure, sponsored by Sen. Leslie Winner, a Charlotte Democrat. If passed by the General Assembly, that bill would require HMOs to tell prospective patients whether a plan covers a specific medication, among other things. It also would force HMOs to tell prospective patients how they treat specific health conditions. Both provisions would make it easier for consumers to shop for an HMO plan that best fits their needs, Silberman said.

Winner's bill has passed the Senate and is now in the House Rules Committee.

In her appearance before members of the Senate Commerce Committee, Perdue noted that HMOs are growing fast in the state. More than a million residents are now enrolled, she said, compared to 340,000 five years ago.

Perdue faced few tough questions from committee members, who seemed intent on sending the bills to a floor vote that could come next week. The measures must then win House approval and Gov. Jim Hunt's signature before they become law.

Sen. Tony Rand, a Fayetteville Democrat, and Sen. John Kerr, a Goldsboro Democrat, both asked why HMOs pay no state premium taxes, as commercial insurance companies are required to. Perdue said the issue is being discussed but is not addressed in her package.

She said the bills are designed to address, "the revolutionary or evolutionary changes that are taking place in health care today."

NORTH CAROLINA DEPARTMENT OF INSURANCE
MEMORANDUM

June 10, 1997

TO: Members of the Senate Commerce Committee

FROM: William K. Hale
Deputy Commissioner

SUBJECT: Summaries of Managed Care Bills (SB 932 through SB 935)

Senate Bill 932 - Health Benefit Plan Operations

Establishes requirements for annual data reporting to the Commissioner by all health benefit plans. These requirements are: report on availability and accessibility of its provider network, measured in terms of numbers, types, and locations of providers and waiting times for appointments, and including performance targets and actual performance for these measures; summary of utilization review (UR) activity, UR appeals and grievances; additions and deletions in plan members, employer groups, and network providers; and summary information about the types of provider compensation used by the plan. Also requires that health benefit plans provide prospective insureds with a copy of their benefit plan policy upon request.

Adds a requirement that HMO license applicants submit information about their programs so the Commissioner can evaluate the applicants' abilities to assess the adequacies of their provider networks; programs to verify the credentials of network providers; quality management programs; and utilization review programs. Also requires evidence of having current capability to provide for covered services through a network of health care providers.

Requires that HMOs make HEDIS data available to employer groups with 1000 or more covered persons, providing group-specific data in accordance with HEDIS reporting guidelines. Plan-wide data must be available to all employer groups. Requires that HMOs file plan-wide HEDIS data with the Commissioner each year. HEDIS (Health Plan Employer Data and Information Set) is a nationally recognized, standardized data collection and reporting system that captures information about the cost and use of health care services, prevention, and health outcomes.

Places HMOs under the detailed financial and market conduct examination laws that currently apply to other insurers. HMOs are currently subject to examination by the Commissioner, but the HMO examination law is less sophisticated in spelling out the examination process.

Increases the Commissioner's authority and enforcement powers over HMOs by broadening the reasons for which an HMO license may be revoked or suspended. Changes are comparable to what currently applies to all other insurers.

Senate Bill 933 - Health Insurance Coverages and Networks

For all insured health benefit plans:

Establishes a standard definition of medical necessity for the purpose of determining whether or not there is coverage. Prohibits a plan from retracting a finding that services or supplies are medically necessary.

Requires that coverage be provided for emergency medical services, up to the point that a person is stabilized or it is determined that the condition is not an emergency, whenever a prudent lay person would have reasonably thought that an emergency condition existed. For example, if the symptoms appear to indicate an emergency situation, screening services must be covered, even if the results of the screening indicate that no emergency existed. Plans may not require prior authorization for emergency services or reduce level of coverage for emergency care rendered by a non-contracting provider.

For all insured health benefit plans that use provider networks:

Prohibits a plan from denying coverage or applying out-of-network coverage for services rendered by a provider who is not in the plan's network unless a network provider who was able to meet the particular health care needs of the insured was reasonably available without reasonable delay.

Prohibits a plan from discriminating against persons who may be considered high-risk (because of a health condition or geographic considerations) by systematically excluding from the plan's network those health care providers who treat those persons.

Requires that an insured who is a resident of a continuing care retirement community has the option of receiving care at health care facilities available in that retirement community, instead of being referred to a facility in the plan's network.

Senate Bill 934 - Preferred Provider Amendments

Repeals current preferred provider laws and replaces them with a new section that is substantively similar. The primary reason for this change is to reorganize existing language so that provisions that relate to the roles of the insurance company selling a PPO benefit plan, the preferred provider organization forming a provider network, and the preferred providers participating in the network are clearly delineated.

Adds a new requirement that network providers be informed of every health benefit plan that will use the particular network in which the providers participate and about the benefit design features that encourage insureds to use the network providers. Insurers must require that PPOs inform their providers of such information.

Makes it an unfair trade practice for an insurer to represent to a health care provider that the insurer is entitled to a price discount unless the provider has contracted with the insurer for that discount.

Makes a number of technical, conforming changes to other statutes that reference the current PPO laws.

Senate Bill 935 - Utilization Review and Grievances

Applies to all insured health benefit plans:

Repeals current law authorizing administrative rules that apply to utilization review and adds a new law that is more comprehensive than those rules. Adds better and more consumer-oriented requirements regarding information that must be provided to insureds about a plan's decision not to certify health care. Adds stricter requirements for the appeal process, including information that is conveyed to an insured about the plan's decision on an appeal. Requires that a person who is not satisfied with the result of the appeal have a second chance to appeal to the plan through a formal grievance process. Allows plans to offer an informal reconsideration of a noncertification before a member files an appeal.

Establishes requirements for a uniform two-step grievance process. Requires that insureds be allowed to file grievances on matters that are not related to utilization review. Includes a provision to allow a utilization review matter previously appealed to be heard as a second level grievance. Allows plans to offer informal consideration of a grievance before formal first level review.

As part of the second level review, insureds may: attend the review meeting; request information from the plan; present information; bring an

advocate, including legal representation; and ask questions of the review panel members.

Only physicians may be on a second level review panel when the grievance concerns a utilization review decision, unless a clinical peer was in on the primary level. In that case, an employee of the insurer may serve on the second level review panel.

Prohibits plans from discriminating against providers based on their actions when taken on behalf of an insured in making an appeal or grievance.

Grants immunity from liability for civil action to licensed physicians who review appeals or grievances, when actions were taken without malice or fraud.

Grants immunity from civil liability to licensed health care providers who participate in a medical review committee that evaluates the quality of, cost of, or necessity of health care services, including credentialing information, when their actions were taken without malice or fraud. Designates the proceedings and records of medical review committees as confidential.

Applies utilization review and grievance requirements to managed care workers compensation plans, to the extent that these requirements do not conflict with those of the Industrial Commission.

MEMORANDUM

TO: Senate Commerce Committee

FROM: Linwood Jones, Committee Counsel

RE: Senate Bill 932 (PCS)
Senate Bill 933 (PCS)
Senate Bill 934 (PCS)
Senate Bill 935 (PCS)

SENATE BILL 932 (Health Benefit Plan Reporting Requirements)

Senate Bill 932 requires HMOs and insurers that operate managed care plans to provide additional reports on their operations to the Commissioner of Insurance. The HMOs and insurers must report to the Commissioner on how they are ensuring that their members have access to a sufficient number of plan providers, including primary care physicians and specialists, and how accessible these providers are to the members. They must also report on how they arrange for care for their members by providers who do not participate in their plans (for those situations in which the participating providers are unavailable). Additional reports are required on the utilization review activities of managed care plans, the number and type of grievances filed against the plans by members and the procedures for handling those grievances, the number of members that left the plan, changes in the plan's provider network (including how many providers have been terminated from the plan and how many have been added), and the methods used by the plan to compensate its providers. *Section 3* of the bill also requires HMOs to provide cost, outcome and other data for employer groups that they insure, with group specific-information required of larger employer groups (1,000 or more members) and plan-wide information for other employer groups.

Upon request, a managed care plan must also send to the member the policy, benefit booklet, or other summary of the plan. The accessibility, availability, and

other reports required under this bill must be made available for inspection on the insurer's premises by any insured.

The bill expands the type of information that must be filed by a prospective HMO seeking to be licensed in this State. The additional information focuses on the HMO's ability to have an adequate number of providers to serve it members, to validate its providers' credentials, to ensure quality care is provided, and to properly operate its utilization review program (*see Section 2*).

The bill also subjects HMOs to the same insurance examination laws that apply to other insurance companies and allows the Commissioner of Insurance to revoke or suspend the license of an HMO that knowingly or repeatedly files false data with the Department of Insurance (*see Section 4*).

Section 5 allows the Commissioner to suspend or revoke the license of an HMO for knowingly or repeatedly failing or refusing to comply with the law or a Department rule or an order of the Commissioner after notice and a hearing. This section also allows the Commissioner to suspend or revoke the license for knowingly falsifying a report required under this bill or the information on which the report is based.

The bill takes effect January 1, 1998.

SENATE BILL 933 (Managed Care Plan Network Standards)

Senate Bill 933 defines what "medically necessary" services means in managed care plans that limit benefits to those services, requires managed care plans to provide coverage for emergency care, and establishes standards for certain other aspects of managed care plans.

Each plan that limits benefits to "medically necessary" supplies and services must adhere to the uniform definition of "medically necessary" that is set out in the bill. "Medically necessary" means that the supplies or services are provided for the diagnosis or treatment or relief of a condition (and not for experimental, investigational, or cosmetic purposes), are necessary for and appropriate to the diagnosis or treatment, are within the accepted community standard of medical care, and are not solely for the convenience of the plan member, the plan member's family , or the provider (*see §58-3-200(b)).*

The bill also provides that if a managed care plan determines that a particular service or supply is covered under the plan, it cannot retract that determination once the service or supply has been provided, unless its determination was based on a material and knowing misrepresentation by the plan member or the provider. In addition, managed care plans cannot impose their higher non-network coinsurance rates on plan members who see an out-of-network provider if the out-of-network visit was due to the plan's inability to make a network provider reasonably available without unreasonable delay *(see subsections (c) and (d)).*

When a managed care plan is selecting providers to participate in its plan or deciding which ones to keep in the plan, it cannot base its decision on the fact that a provider is located in an area with a high-risk population or otherwise has a high-risk patient population. However, the provider can still be rejected or terminated for not meeting the plan's other selection criteria *(see subsection (e)).*

When a continuing care retirement community resident's physician determines that it is medically necessary for that resident, upon discharge from an acute care facility, to go to a skilled nursing facility, the insurer must allow the resident (if covered by Medicare or a similar health plan for federal retirees) to use a skilled nursing facility within the continuing care retirement community if the community is a Medicare-certified skilled nursing facility, agrees to the reimbursement rates paid to similar providers, agrees not to balance bill, and meets certain other requirements. The continuing care retirement community is not required to accept patients that are not residents of the community (*see subsection (f)).*

Section 2 of the bill requires insurers to provide coverage for emergency services to the extent necessary to stabilize the patient. Prior authorization of these services is not required if a prudent layperson would have believed it to be an emergency. Emergency services obtained outside the plan network must also be covered if a prudent layperson would have believed it to be an emergency and the patient did not seek the services from a plan provider because of circumstances beyond his or her control. The bill also

prohibits an insurer from retracting an authorization it gives for emergency services once the services have been performed (unless there was a material misrepresentation that led to the authorization)*(see G.S. §58-3-205(b), (c), and (d)).*

The emergency department and the insurer must make a good faith effort to timely communicate with each other after the patient is stabilized in order to prevent the patient's condition from worsening *(see §58-3-205(f)).* Insurers must notify their insureds about coverage of emergency medical care under the plan (see *§58-3-205(g)).*

This bill takes effect January 1, 1998.

SENATE BILL 934 (Preferred Provider Plans)

Senate Bill 934 rewrites the existing laws governing preferred provider organizations ("PPOs"). PPOs are health plans in which members can choose to see either the providers that are under contract with the plan or a provider of their choice. However, the plan typically does not provide full reimbursement when the member uses a provider that is not under contract with the plan. Current law allows the PPO to reduce the amount of reimbursement for a member who goes to a non-plan provider by as much as twenty percent (20%). Senate Bill 934 retains this 20% maximum differential *(see G.S. §58-50-56(i)).* PPO plans also use utilization review or qualify management programs to manage the health care that its members receive.

Current law allows all providers to submit proposals to a PPO for participation in the PPO. Current law also leaves to the PPO the discretion whether to accept or reject the provider. These features are retained in the Senate Bill 934. The bill also retains the current restriction that prevents a PPO from prohibiting its providers from participating in other PPO plans *(see §58-50-56(c) and (d)).*

Senate Bill 934 authorizes the Commissioner of Insurance to adopt rules on the accessibility, availability, and adequacy of providers in the PPO plan and rules to ensure the financial solvency of the plan (see *§58-50-56(g)).* Summary data on the financial terms of the contracts between PPOs and their providers must be provided to the Commissioner (see *§58-50-56(g)).*

Section 2 of the bill makes it an unfair insurance trade practice for an insurer to intentionally misrepresent to a provider that it is entitled to a discount on the provider's fee when the insurer is not so entitled (or is entitled to a lesser discount than it claims). This provision also applies to anyone who knowingly and substantially assists the insurer in making this misrepresentation.

Sections 3 through 11 make various conforming amendments to other statutes, and Sections 12 and 13 repeal the existing PPO statutes that are being replaced by G.S. §58-50-56, as created in Section 1 of the bill.

The bill takes effect January 1, 1998.

SENATE BILL 935 (Utilization Review and Grievance Procedures)

Senate Bill 935 establishes procedures and rights for members of managed care plans in the utilization review decisions by their plans and set outs procedures for member grievances against those plans. "Utilization review" refers to prior approval, second opinions, case management, and similar programs commonly used by managed care plans to determine whether particular treatment or medical care is necessary and appropriate for the patient.

All HMOs and insurers operating managed care plans must monitor all utilization review activities. HMOs and insurers often contract with other organizations known as utilization review organizations ("UROs") to perform utilization review on their behalf. Senate Bill 935 imposes several requirements to ensure that HMOs and insurers monitor their UROs and that the URO's duties and responsibilities are clearly spelled out. All utilization review programs must be administered by qualified health care personnel under the supervision of a medical doctor. Persons involved in utilization review cannot be financially rewarded or penalized based on the number or type of noncertifications they make *(see G.S. §58-50-61(d)).*

HMOs and insurers must also provide their members and providers with telephone access to the utilization review staff if prior certification of a procedure is required, and the HMO or insurer is entitled, in reviewing a request for prior certification, only to that information that is necessary to determine prior certification (see *G.S. §58-50-61(e)).* HMOs and insurers are required to make the determination on prior approval within 3 business days of the time they receive all necessary information. The same time limit applies to a concurrent review by the HMO or insurer. (A concurrent review is one conducted during the patient's hospital stay or course of treatment). In a concurrent review, an insurer remains liable for health care services provided to one of its enrollees until it notifies the enrollee of the noncertification. A longer time period (30 days to make a determination plus 5 days to notify) applies when the review is done after the treatment has already been rendered ("retrospective review")(*see G.S. §58-50-61(f) and (g)).*

When an HMO or insurer denies prior approval for a particular treatment, it must disclose its reasons for denial, including the clinical rationale and how the member can appeal the decision. The member may request a written statement of the clinical review criteria that the HMO or insurer used to make its determination (*see G.S. §58-50-61(h)).* The appeals process may include an opportunity for an informal appeal involving the member's physician or other provider and a medical doctor designated by the insurer (see (*see G.S. §58-50-61(i)).* Additional appeals by the member, both on an expedited basis and a nonexpedited basis, must be provided for. The expedited appeal is designed for members whose life, health, or ability to regain maximum function would be seriously jeopardized by pursuing a nonnexpedited appeal (*see G.S. §58-50-61(j), (k), and (l)).*

The utilization review process, the appeals process, and the insured's appeal rights must be disclosed to the insured in the certificate of coverage and the plan handbook.

Prospective insureds must be provided a summary of its utilization review procedures (*see G.S. §58-50-61(m)).*

Section 2 of the bill requires HMOs and insurers with managed care plans to establish grievance procedures so that plan members can have their grievances reviewed by the plan. The HMO or insurer may have an informal grievance level; if not or if the informal review does not resolve the grievance, there are two additional levels of review to which an insured is entitled. At the first level, the insured is entitled to review of the grievance by someone other than the person who was involved in the matter that gave rise to the grievance. The member has the right to submit written material at the review, but it is up the HMO or insurer whether the member can appear in person. A decision of the grievance must be made at this first level of review within 30 days of the it was filed. The HMO or insurer must explain the reason for its decision and refer to any evidence or documentation that it used as the basis for the decision. A second level of review must be made available for plan members who are dissatisfied with the results at the first level. At the second level of review, the member has the right to a hearing before a review panel. The panel must consist of persons who were not involved in the matter that gave rise to the grievance, who are not employees of the HMO or insurer (or a utilization review organization with whom they contract), and who do not have a financial interest in the outcome of the grievance. (An employee involved at the first level may, however, participate on a second-level panel if that panel has 3 or more members and a clinical peer was used at the first level). The panel must meet within 45 days of the second-level appeal and must issue a decision within seven business days after that meeting.

Section 3 of the bill provides that a member of a medical review committee, formed for the purposes of evaluating the quality of, cost of, or necessity for health care services in a managed care plan, is immune from liability for statements without malice or fraud made during the medical review proceedings. The records of the medical review committee are confidential.

Sections 4 and 5 of the bill make conforming changes.

This bill takes effect January 1, 1998.

SENATE COMMERCE COMMITTEE
June 24, 1997

The Senate Commerce Committee met in Room 1027 of the State Legislative Building on Tuesday, June 24, 1997, at 8:00 a.m. Eighteen members of the Committee were present. Visitor Registration Sheets are attached listing others attending the meeting.

Senator R. C. Soles, Jr., called the meeting to order.

The following bills were considered by the Committee:

C.S. for HB 899, AN ACT TO MODIFY THE REQUIREMENTS FOR DISCLOSURES UPON THE SALE OF RESIDENTIAL PROPERTIES.

Representative Howard, the bill sponsor, was recognized for an explanation of the bill. Senator Hoyle moved that the Proposed Senate Committee Substitute for C. S. for HB 899 be adopted. Motion carried. Representative Howard said the Proposed Senate Committee Substitute incorporates the changes that the full Committee had suggested when the bill was taken up in an earlier meeting. Some technical changes have been made and the effective date provisions revised.

She said the bill simply amends the Residential Property Disclosure Act by deleting the statutory disclosure form and directing the Real Estate Commission to adopt a standard disclosure form. The bill also clarifies when the buyer's right to cancel a contract terminates when the disclosure is not furnished to the buyer at or prior to the time of the contract. (See memorandum from Committee Co-Counsel dated June 24, 1997, for additional explanation.)

Senator Warren who was Chairman of the Subcommittee on C. S. for HB 899 reported that the Subcommittee had met and was recommending approval of the Proposed Senate Committee Substitute. The subcommittee felt it was a workable solution to the questions raised on the original bill.

Senator Kerr sent forward an amendment and moved its adoption. (Copy attached.) Motion carried.

Senator Kerr then moved that the Proposed Senate Committee Substitute for C. S. for HB 899 be given a favorable report, as amended, and that the amendment be incorporated into the Committee Substitute. Motion carried.

C. S. for HB 739, AN ACT TO STRENGTHEN AND CLARIFY THE DEALERS AND MANUFACGURERS LICENSING LAW.

Senator Hoyle offered a Proposed Senate Committee Substitute for C. S. for HB 739 and moved its adoption. Motion carried. He then proceeded with a comprehensive explanation of the bill. (See attached memorandum from Committee Co-Counsel for additional information.) He said the automobile dealers have signed off on the bill and meetings had been held with manufacturer's representatives on the legislation. Mr. Sam Johnson, representing the automobile dealers, and Mr. Marvin Musselwhite, representing the manufacturers, spoke on the bill. Mr. Richard Vinegar and former Senator Sandy Sands assisted in answering questions.

Senator Rand offered an amendment to the bill relating to satellite dealers (See copy attached.) and moved its adoption. Motion carried.

Senator Hoyle moved that the Proposed Senate Committee Substitute for C. S. for HB 739 be given a favorable report, as amended, and that the amendment be incorporated into the Committee Substitute. Motion carried.

C.S. FOR HB 1059, AN ACT TO AMEND THE COASTAL AREA MANAGEMENT ACT TO ALLOW CERTAIN TYPES OF REDEVELOPMENT WITHIN URBAN WATERFRONTS THAT HISTORICALLY HAVE A PATTERN OF URBAN-LEVEL DEVELOPMENT.

Representative Wright, the bill sponsor, explained the bill. He said it amends the Coastal Area Management Act to allow for redevelopment in historically urban waterfront areas under certain conditions. (See attached memorandum from Committee Co-Counsel which sets forth these conditions.)

Senator Ballentine sent forward an amendment and moved its adoption. (See attached copy.) Motion carried.

Senator Kincaid moved that C. S. for HB 1059 be given a favorable report, as amended, and that it be rolled into a Senate Committee Substitute. Motion carried.

The meeting adjourned at 9:00 a.m.

MEMORANDUM

TO: Senator R. C. Soles, Chair, Senate Commerce Committee

FROM: O. Walker Reagan, Committee Co-Counsel

RE: **PROPOSED SENATE COMMITTEE SUBSTITUTE FOR HOUSE BILL 899 - RESIDENTIAL PROPERTY DISCLOSURE ACT** - Representative Howard.

The Proposed Senate Committee Substitute for House Bill 899 amends the Residential Property Disclosure Act by deleting the statutory disclosure form and directing the Real Estate Commission to adopt a standard disclosure form. The bill also clarifies when the buyer's right to cancel a contract terminates when the disclosure is not furnished to the buyer at or prior to the time of the contract.

Section 1 of the bill amends G.S. 47E-4 by deleting the disclosure form in the statute and requiring the Real Estate Commission to develop a standard disclosure statement. This section also amends the matters that are to be included in a standard disclosure statement by adding disclosure of characteristics and conditions of: structural components and modifications to structural components, other mechanical systems, other land-use restrictions, and environmental contamination.

Section 2 amends the time for the buyer to cancel the contract in situations where the disclosure was not furnished to the buyer prior to or at the time of contract. Current law gives the buyer three days from the date the disclosure is given to cancel the contract, but the law does not set any maximum time within which the buyer must cancel. Under current law if no disclosure is given prior to closing, the buyer may cancel anytime up until the title is transferred. This bill provides that the right to cancel terminates either at the end of the third day following receipt of the disclosure (same as current law), the end of the third day following the date the contract is made, upon settlement or occupancy in the case of sale or exchange, or settlement in the case of a purchase pursuant to a lease with option to purchase. The right to cancel is waived if not exercised within the applicable time limits, in writing, and either hand delivered or mailed to the seller or the seller's agent.

Section 3 makes a stylistic change.

Section 4 amends the duty of the agent to inform the owner of the property of the duty to disclose by requiring the agent to inform the agent's clients of their rights under this law, regardless whether they are the seller or the buyer.

Section 5 makes a technical change correcting an incorrect statutory reference.

The required changes to the disclosure form to be made by the Real Estate Licensing Commission as set forth in Section 1 of the bill would become effective October 1, 1998 and would apply to contracts entered into on or after that date. The change in the law to limit the time the buyer has to cancel, which are in Section 2 of the bill, and the amendments in Section 3 and 4 of the bill become effective December 1, 1997 and apply to contracts entered into on or after that date. Section 5 would become effective when the bill becomes law. The Real Estate Commission is given authority when the bill becomes law to begin development and adoption of the disclosure form that becomes effective October 1, 1998.

A BILL TO BE ENTITLED

AN ACT TO STRENGTHEN AND CLARIFY THE DEALERS AND MANUFACTURERS LICENSING LAW.

The General Assembly of North Carolina enacts:

Section 1. Chapter 20 of the General Statutes is amended by adding a new section to read:

"**§ 20-297.1. Prefiling of franchise agreements and amendments.**

Any franchise, as defined in G.S. 20-286(8a), offered to a motor vehicle dealer in this State shall provide that all terms and conditions in the agreement inconsistent with any of the laws or rules of this State are of no force and effect. On or before January 1, 1998, every manufacturer, factory branch, distributor, or distributor branch licensed by the Commissioner under this Article which uses an identical or substantially similar form franchise for its dealers or distributors in this State shall file with the Commissioner a copy of the franchise and all supplements. Any applicant for licensing by the Commissioner as a manufacturer, factory branch, distributor, or distributor branch licensed under this Article, which would use an identical or substantially similar form franchise, as defined in G.S. 20-286(8a), for its dealers or distributors in this State, shall, as a condition for the issuance of a license, file with the Commissioner a copy of the franchise and all supplements thereto. Not later than 60 days prior to the date a revision, modification, or addition to a franchise is offered generally to a licensee's franchisees in this State, the licensee shall notify the Commissioner of the proposed revision, modification, or addition to the franchise on file with the Commissioner and include with the notification:

(1) A copy of the form franchise which incorporates all of the proposed revisions, modifications, and additions;

(2) A separate statement which identifies and provides a detailed description of all substantive revisions, modifications, and additions proposed.

It shall be unlawful for a franchise or any addendum or supplement thereto to be offered to a motor vehicle dealer in this State after January 1, 1998, until an applicant or licensee has complied with all of the requirements of this section. The Commissioner is authorized and directed to investigate and prevent violations of this section, including inconsistencies of any manufacturer's franchise with the provisions of this Article."

Section 2. G.S. 20-301 reads as rewritten:

"**§ 20-301. Powers of Commissioner.**

(a) The Commissioner shall promote the interests of the retail buyer of motor vehicles.

(b) The Commissioner shall have power to prevent unfair methods of competition and unfair or deceptive acts or ~~practices.~~ practices and other violations of this Article. Any franchised new motor vehicle dealer who believes that a manufacturer, factory branch, distributor, or distributor branch with whom the dealer holds a currently valid franchise has violated or is currently violating any provision of this Article may file a petition before the Commissioner setting forth the factual and legal basis for such violations. The Commissioner shall promptly forward a copy of the petition to the named manufacturer, factory branch, distributor, or distributor branch requesting a reply to the petition within 30 days. Allowing for sufficient time for the parties to conduct discovery, the Commissioner or his designee shall then hold an evidentiary hearing and render findings of fact and conclusions of law based on the evidence presented. Any parties to a hearing by the Commissioner concerning the establishment or relocating of a new motor vehicle dealer shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes.

(c) The Commissioner shall have the power in hearings arising under this Article to enter scheduling orders and limit the time and scope of discovery; to determine the date, time, and place where ~~they shall be~~ hearings are to be held; to subpoena witnesses; to take depositions of witnesses; and to administer oaths.

(d) The Commissioner may, whenever he shall believe from evidence submitted to him that any person has been or is violating any provision of this Article, in addition to any other ~~remedy~~ remedy, bring an action in the name of the State against ~~such~~ that person and any other persons concerned or in any way participating in, or about to participate in practices or acts so in violation, to enjoin ~~such~~ any persons ~~and such other persons~~ from continuing the ~~same.~~ violations.

(e) ~~The Commissioner shall limit the time for discovery in any contested administrative hearing conducted pursuant to Article 12 to a time not to exceed 60 days. The Commissioner may extend the time for discovery beyond 60 days either upon the consent of all parties to the proceeding or upon application of one or more~~

~~parties to the proceeding for good cause shown.~~ The Commissioner may issue rules and regulations to implement the provisions of this section and to establish procedures related to administrative proceedings commenced under this section."

Section 3. G.S. 20-305 reads as rewritten:

"**§ 20-305. Coercing dealer to accept commodities not ordered; threatening to cancel franchise; preventing transfer of ownership; granting additional franchises; terminating franchises without good cause; preventing family succession.**

It shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch, or any field representative, officer, agent, or any representative whatsoever of any of them:

(1) To require, coerce, or attempt to coerce any dealer to accept delivery of any motor vehicle or vehicles, parts or accessories therefor, or any other commodities, which shall not have been ordered by such dealer;

(2) To require, coerce, or attempt to coerce any dealer to enter into any agreement with such manufacturer, factory branch, distributor, or distributor branch, or representative thereof, or do any other act unfair to such dealer, by threatening to cancel any franchise existing between such manufacturer, factory branch, distributor, distributor branch, or representative thereof, and such dealer;

(3) Unfairly without due regard to the equities of the dealer, and without just provocation, to cancel the franchise of such dealer;

(4) Notwithstanding the terms of any franchise agreement, to prevent or refuse to approve the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale or assignment of a dealer franchise, or a change in the executive management or principal operator of the dealership, or relocation of the dealership to another site within the dealership's relevant market area, if the Commissioner has determined, if requested in writing by the dealer within 30 days after receipt of an objection to the proposed transfer, sale, assignment, relocation, or change, and after a hearing on the matter, that the failure to permit or honor the transfer, sale, assignment, relocation, or change is unreasonable under the circumstances. No franchise may be transferred, sold, assigned, relocated, or the executive management or principal operators changed, unless the franchisor has been given at least 30 days' prior written notice as to the identity, financial ability, and qualifications of the proposed transferee, the identity and qualifications of the persons proposed to be involved in executive management or as principal operators, and the location and site plans of any proposed relocation. The franchisor shall send the dealership notice of objection, by registered or certified mail, return receipt requested, to the proposed transfer, sale, assignment,

relocation, or change within 30 days after receipt of notice from the dealer, as provided in this section. Failure by the franchisor to send notice of objection within 30 days shall constitute waiver by the franchisor of any right to object to the proposed transfer, sale, assignment, relocation, or change. The manufacturer or distributor has the burden of proving that the proposed transfer, sale, assignment, relocation, or change is unreasonable under the circumstances.

a. A manufacturer or distributor shall be permitted to exercise a right of first refusal to acquire the new vehicle dealer's assets or ownership in the event of a proposed change of all, or substantially all, ownership or transfer of all, or substantially all, dealership assets, if all of the following requirements are met:

1. To exercise its right of first refusal, the manufacturer or distributor must notify the dealer in writing within 30 days after receipt of notice from a dealer of a proposed transfer, sale, or assignment as set forth in sub-subdivision a. above.
2. The exercise of the right of first refusal will result in the dealer and dealer's owners receiving the same or greater consideration as they have contracted to receive in connection with the proposed change of all, or substantially all, ownership or transfer of all, or substantially all, dealership assets.
3. The proposed change of all, or substantially all, ownership or transfer of all, or substantially all, dealership assets does not involve the transfer of assets or the transfer or issuance of stock by the dealer or one or more dealer owners to a designated successor, the spouse, child or grandchild, spouse of a child or grandchild, brother, sister or parent of the dealer owner, of one or more dealer owners or to a qualified manager or to a partnership or corporation controlled by such persons.
4. The manufacturer or distributor agrees to pay the reasonable expenses, including reasonable attorneys' fees which do not exceed the usual, customary and reasonable fees charged for similar work done for other clients, incurred by the existing dealer and the proposed new owner and transferee prior to the manufacturer's or distributor's exercise of its right of first refusal in negotiating and implementing the contract for the proposed change of all, or

substantially all, ownership or transfer of all, or substantially all, dealership assets. Notwithstanding the foregoing, no payment of such expenses and attorneys' fees shall be required if the dealer has not submitted or caused to be submitted an accounting of those expenses within 30 days of the dealer's receipt of the manufacturer's or distributor's written request for such an accounting. Such an accounting may be requested by a manufacturer or distributor before exercising its right of first refusal.

(5) To enter into a franchise establishing an additional new motor vehicle dealer or relocating an existing new motor vehicle dealer into a relevant market area where the same line make is then represented without first notifying in writing the Commissioner and each new motor vehicle dealer in that line make in the relevant market area of the intention to establish an additional dealer or to relocate an existing dealer within or into that market area. Within 30 days of receiving such notice or within 30 days after the end of any appeal procedure provided by the manufacturer, any new motor vehicle dealer may file with the Commissioner a protest to the establishing or relocating of the new motor vehicle dealer. When a protest is filed, the Commissioner shall promptly inform the manufacturer that a timely protest has been filed, and that the manufacturer shall not establish or relocate the proposed new motor vehicle dealer until the Commissioner has held a hearing, nor thereafter, if the Commissioner has determined that there is good cause for not permitting the addition or relocation of such new motor vehicle dealer.

a. This section does not apply:

1. To the relocation of an existing new motor vehicle dealer within that dealer's relevant market area, provided that the relocation not be at a site within 10 miles of a licensed new motor vehicle dealer for the same line make of motor vehicle; or
2. If the proposed additional new motor vehicle dealer is to be established at or within two miles of a location at which a former licensed new motor vehicle dealer for the same line make of new motor vehicle had ceased operating within the previous two years;
3. To the relocation of an existing new motor vehicle dealer within two miles of the existing site of the new motor vehicle dealership;

4. To the relocation of an existing new motor vehicle dealer if the proposed site of the relocated new motor vehicle dealership is further away from all other new motor vehicle dealers of the same line make in that relevant market area.

b. In determining whether good cause has been established for not entering into or relocating an additional new motor vehicle dealer for the same line make, the Commissioner shall take into consideration the existing circumstances, including, but not limited to:

1. The permanency of the investment of both the existing and proposed additional new motor vehicle dealers;
2. Growth or decline in population, density of population, and new car registrations in the relevant market area;
3. Effect on the consuming public in the relevant market area;
4. Whether it is injurious or beneficial to the public welfare for an additional new motor vehicle dealer to be established;
5. Whether the new motor vehicle dealers of the same line make in that relevant market area are providing adequate competition and convenient customer care for the motor vehicles of the same line make in the market area which shall include the adequacy of motor vehicle sales and service facilities, equipment, supply of motor vehicle parts, and qualified service personnel;
6. Whether the establishment of an additional new motor vehicle dealer or relocation of an existing new motor vehicle dealer in the relevant market area would increase competition in a manner such as to be in the long-term public interest; and
7. The effect on the relocating dealer of a denial of its relocation into the relevant market area.

c. The Commissioner ~~must~~ shall try to conduct the hearing and render his final determination ~~as expeditiously as possible, but in any event no later than~~ if possible, within 180 days after a protest is filed. ~~Unless waived by the parties, failure to do so shall be deemed the equivalent of a determination that good cause does not exist for refusing to permit the proposed additional or relocated motor vehicle dealer,~~

~~unless such delay is caused by acts of the manufacturer, or the relocating or additional dealer.~~

d. Any parties to a hearing by the Commissioner concerning the establishment or relocating of a new motor vehicle dealer shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes.

e. In a hearing involving a proposed additional dealership, the manufacturer or distributor has the burden of proof under this section. In a proceeding involving the relocation of an existing dealership, the dealer seeking to relocate has the burden of proof under this section.

f. If the Commissioner determines, following a hearing, that good cause does not exist for refusing to permit the proposed additional or relocated motor vehicle dealership, the dealer seeking the proposed additional or relocated motor vehicle dealership must, within two years, obtain a license from the Commissioner for the sale of vehicles at the relevant site, and actually commence operations at the site selling new motor vehicles of all line makes, as permitted by the Commissioner. Failure to obtain a permit and commence sales within two years shall constitute waiver by the dealer of the dealer's right to the additional or relocated dealership, requiring renotification, a new hearing, and a new determination as provided in this section.

g. For purposes of this subdivision, the addition, creation, or operation of a 'satellite' or other facility, not physically part of or contiguous to an existing licensed new motor vehicle dealer, whether or not owned or operated by a person or other entity holding a franchise as defined by G.S. 20-286(8a), at which warranty service work authorized or reimbursed by a manufacturer is performed or at which new motor vehicles are offered for sale to the public, shall be considered an additional new motor vehicle dealer requiring a showing of good cause, prior notification to existing new motor vehicle dealers of the same line make of vehicle within the relevant market area by the manufacturer and the opportunity for a hearing before the Commissioner as provided in this subdivision.

(6) Notwithstanding the terms, provisions or conditions of any franchise or notwithstanding the terms or provisions of any waiver, to terminate, cancel or fail to renew any franchise with a licensed new motor vehicle dealer unless the manufacturer has satisfied the notice requirements of subparagraph c. and the Commissioner has

determined, if requested in writing by the dealer within the time period specified in G.S. 20-305(6)c1II, III or IV, as applicable, and after a hearing on the matter, that there is good cause for the termination, cancellation, or nonrenewal of the franchise and that the manufacturer has acted in good faith as defined in this act regarding the termination, cancellation or nonrenewal. When such a petition is made to the Commissioner by a dealer for determination as to the existence of good cause and good faith for the termination, cancellation or nonrenewal of a franchise, the Commissioner shall promptly inform the manufacturer that a timely petition has been filed, and the franchise in question shall continue in effect pending the Commissioner's decision. The Commissioner ~~must~~ shall try to conduct the hearing and render a final determination ~~no later than~~ within 180 days after a petition has been ~~filed; provided, however, that the Commissioner may extend such period of time upon application of a party and for good cause shown, or upon the consent of all parties to the proceeding.~~ filed. If the termination, cancellation or nonrenewal is pursuant to G.S. 20-305(6)c1III then the Commissioner shall give the proceeding priority consideration and shall try to render his final determination no later than 90 days after the petition has been filed. Any parties to a hearing by the Commissioner under this section shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes.

a. Notwithstanding the terms, provisions or conditions of any franchise or the terms or provisions of any waiver, good cause shall exist for the purposes of a termination, cancellation or nonrenewal when:

1. There is a failure by the new motor vehicle dealer to comply with a provision of the franchise which provision is both reasonable and of material significance to the franchise relationship provided that the dealer has been notified in writing of the failure within 180 days after the manufacturer first acquired knowledge of such failure;
2. If the failure by the new motor vehicle dealer relates to the performance of the new motor vehicle dealer in sales or service, then good cause shall be defined as the failure of the new motor vehicle dealer to comply with reasonable performance criteria established by the manufacturer if the new motor vehicle dealer was apprised by the manufacturer in writing of the failure; and

I. The notification stated that notice was provided of failure of performance pursuant to this section;

II. The new motor vehicle dealer was afforded a reasonable opportunity, for a period of not less than 180 days, to comply with the criteria; and

III. The new motor vehicle dealer failed to demonstrate substantial progress towards compliance with the manufacturer's performance criteria during such period and the new motor vehicle dealer's failure was not primarily due to economic or market factors within the dealer's relevant market area which were beyond the dealer's control.

b. The manufacturer shall have the burden of proof under this section.

c. Notification of Termination, Cancellation and Nonrenewal. --

1. Notwithstanding the terms, provisions or conditions of any franchise prior to the termination, cancellation or nonrenewal of any franchise, the manufacturer shall furnish notification of termination, cancellation or nonrenewal to the new motor vehicle dealer as follows:

I. In the manner described in G.S. 20-305(6)c2 below; and

II. Not less than 90 days prior to the effective date of such termination, cancellation or nonrenewal; or

III. Not less than 15 days prior to the effective date of such termination, cancellation or nonrenewal with respect to any of the following:

A. Insolvency of the new motor vehicle dealer, or filing of any petition by or against the new motor vehicle dealer under any bankruptcy or receivership law;

B. Failure of the new motor vehicle dealer to conduct its customary sales and service operations during its customary business hours for seven consecutive business days, except for acts of God or

circumstances beyond the direct control of the new motor vehicle dealer;

C. Revocation of any license which the new motor vehicle dealer is required to have to operate a dealership;

D. Conviction of a felony involving moral turpitude, under the laws of this State or any other state, or territory, or the District of Columbia.

IV. Not less than 180 days prior to the effective date of such termination or cancellation where the manufacturer or distributor is discontinuing the sale of the product line.

2. Notification under this section shall be in writing; shall be by certified mail or personally delivered to the new motor vehicle dealer; and shall contain:

I. A statement of intention to terminate, cancel or not to renew the franchise;

II. A statement of the reasons for the termination, cancellation or nonrenewal; and

III. The date on which the termination, cancellation or nonrenewal takes effect.

3. Notification provided in G.S. 20-305(6)c1II of 90 days prior to the effective date of such termination, cancellation or renewal may run concurrent with the 180 days designated in G.S. 20-305(6)a2II provided the notification is clearly designated by a separate written document mailed by certified mail or personally delivered to the new motor vehicle dealer.

d. Payments. --

1. Upon the termination, nonrenewal or cancellation of any franchise by the manufacturer or distributor, pursuant to this section, the new motor vehicle dealer shall be allowed fair and reasonable compensation by the manufacturer for the:

I. New motor vehicle inventory that has been acquired from the manufacturer within 18 months, at a price not to exceed the original manufacturer's price to the dealer, and which has not been altered or damaged, and which has not been driven more than 200 miles, and for which no certificate of title has been issued;

II. Unused, undamaged and unsold supplies and parts purchased from the manufacturer, at a

price not to exceed the original manufacturer's price to the dealer, provided such supplies and parts are currently offered for sale by the manufacturer or distributor in its current parts catalogs and are in salable condition;

III. Equipment and furnishings that have not been altered or damaged and that have been required by the manufacturer or distributor to be purchased by the new motor vehicle dealer from the manufacturer or distributor, or their approved sources; and

IV. Special tools that have not been altered or damaged and that have been required by the manufacturer or distributor to be purchased by the new motor vehicle dealer from the manufacturer or distributor, or their approved sources within five years immediately preceding the termination, nonrenewal or cancellation of the franchise.

2. Fair and reasonable compensation for the above shall be paid by the manufacturer within 90 days of the effective date of termination, cancellation or nonrenewal, provided the new motor vehicle dealer has clear title to the inventory and has conveyed title and possession to the manufacturer.

e. Dealership Facilities Assistance upon Termination, Cancellation or Nonrenewal. --

In the event of the termination, cancellation or nonrenewal by the manufacturer or distributor under this section, except termination, cancellation or nonrenewal for insolvency, license revocation, conviction of a crime involving moral turpitude, or fraud by a dealer-owner:

1. Subject to paragraph 3, if the new motor vehicle dealer is leasing the dealership facilities from a lessor other than the manufacturer, the manufacturer shall pay the new motor vehicle dealer a sum equivalent to the rent for the unexpired term of the lease or one year's rent, whichever is less, or such longer term as is provided in the franchise agreement between the dealer and manufacturer; or

2. Subject to paragraph 3, if the new motor vehicle dealer owns the dealership facilities, the manufacturer shall pay the new motor vehicle dealer a sum

equivalent to the reasonable rental value of the dealership facilities for one year.

3. Provided nothing in this paragraph e. shall relieve a lessee or owner, as the case may be, from the obligation to mitigate damages under the lease, nor prevent a manufacturer from occupying and using the dealership facilities while paying rent under subsections 1 and 2, nor prevent a manufacturer from obligations by negotiating a lease termination, a sublease or a new lease. Any amounts recovered by the lessee or owner resulting from mitigation of damages shall be deducted from the amount due from the manufacturer.

f. The provisions of paragraphs d. and e. above shall not be applicable when the termination, nonrenewal or cancellation of the franchise agreement is the result of the voluntary act of the dealer.

(7) Notwithstanding the terms of any contract or agreement, to prevent or refuse to honor the succession to a dealership, including the franchise, by a motor vehicle dealer's designated successor as provided for under this subsection.

a. Any owner of a new motor vehicle dealership may appoint by will, or any other written instrument, a designated family member successor to succeed in the ownership interest of the said owner in the new motor vehicle dealership, including the franchise, upon the death or incapacity of the owner.

b. Any objections by a manufacturer or distributor to an owner's appointment of a designated successor shall be asserted in accordance with the following procedure:

1. Within 30 days after receiving written notice of the identity of the owner's designated successor and general information as to the financial ability and qualifications of the designated successor, the franchisor shall send the owner and designated successor notice of objection, by registered or certified mail, return receipt requested, to the appointment of the designated successor. The notice of objection shall state in detail all facts which constitute the basis for the contention on the part of the manufacturer or distributor that good cause, as defined in this sub-subdivision below, exists for rejection of the designated ~~family member~~ successor. Failure by the franchisor to send notice of objection

within 30 days and otherwise as provided in this sub-subdivision shall constitute waiver by the franchisor of any right to object to the appointment of the designated successor.

2. Any time within 30 days of receipt of the manufacturer's notice of objection the owner or the designated successor may file a request in writing with the Commissioner that the Commissioner hold an evidentiary hearing and determine whether good cause exists for rejection of the designated successor. When such a request is filed, the Commissioner shall promptly inform the affected manufacturer or distributor that a timely request has been filed.

3. The Commissioner shall endeavor to hold the evidentiary hearing required under this sub-subdivision and render a determination within 180 days after receipt of the written request from the owner or designated successor. In determining whether good cause exists for rejection of the owner's appointed designated successor, the manufacturer or distributor has the burden of proving that the designated successor is a person who is not of good moral character or does not meet the franchisor's existing and reasonable standards and, considering the volume of sales and service of the new motor vehicle dealer, uniformly applied minimum business experience standards in the market area.

4. Any parties to a hearing by the Commissioner concerning whether good cause exists for the rejection of the dealer's designated successor shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes.

5. Nothing in this sub-subdivision shall preclude a manufacturer or distributor from, upon its receipt of written notice from a dealer of identity of the dealer's designated successor, requiring that the designated successor promptly provide personal and financial data that is reasonably necessary to determine the financial ability and qualifications of the designated successor; provided, however, that such a request for additional information shall not delay any of the time periods or constraints contained herein.

6. In the event death or incapacity of the owner occurs prior to the time a manufacturer or distributor receives notice of the owner's appointment of a designated successor or before the Commissioner has rendered a determination as provided above, the existing franchise shall remain in effect and the designated successor shall be deemed to have succeeded to all of the owner's rights and obligations in the dealership and under the franchise until a determination is made by the Commissioner or the rights of the parties have otherwise become fixed in accordance with this sub-subdivision.

c. Except as otherwise provided in sub-subdivision d. of this subdivision, any designated successor of a deceased or incapacitated owner of a new motor vehicle dealership appointed by such owner in substantial compliance with this section shall, by operation of law, succeed at the time of such death or incapacity to all of the ownership rights and obligations of the owner in the new motor vehicle dealership and under the existing franchise.

d. Within 60 days after the death or incapacity of the owner, a designated successor appointed in substantial compliance with this section shall give the affected manufacturer or distributor written notice of his or her succession to the ownership of the new motor vehicle dealership; provided, however, that the failure of the designated successor to give the manufacturer or distributor written notice as provided above within 60 days of the owner's death or incapacity shall not result in the waiver or termination of the designated successor's right to succeed to the ownership of the new motor vehicle dealership unless the manufacturer or distributor gives written notice of this provision to either the designated successor or the deceased or incapacitated owner's executor, administrator, guardian or other fiduciary by certified or registered mail, return receipt requested, and said written notice grants not less than 30 days time within which the designated successor may give the notice required hereunder, provided the designated successor or the deceased or incapacitated owner's executor, administrator, guardian or other fiduciary has given the manufacturer reasonable notice of death or incapacity. Within 30 days of receipt of the notice by the manufacturer or distributor from the designated successor provided in this paragraph, the manufacturer or distributor may request that the designated

successor complete the application forms generally utilized by the manufacturer or distributor to review the designated successor's qualifications to establish a successor dealership. Within 30 days of receipt of the completed forms, the manufacturer or distributor shall send a letter by certified or registered mail, return receipt requested, advising the designated successor of facts and circumstances which have changed since the manufacturer's or distributor's original approval of the designated successor, and which have caused the manufacturer or distributor to object to the designated successor. Upon receipt of such notice, the designated successor may either designate an alternative successor or may file a request for evidentiary hearing in accordance with the procedures provided in sub-subdivisions b. 2.-5. of this subdivision. In any such hearing, the manufacturer or distributor shall be limited to facts and circumstances which did not exist at the time the designated successor was originally approved or evidence which was originally requested to be produced by the designated successor at the time of the original request and was either not produced or the material which was produced was incorrect.

e. The designated successor shall agree to be bound by all terms and conditions of the franchise in effect between the manufacturer or distributor and the owner at the time of the owner's death or incapacity, if so requested in writing by the manufacturer or distributor subsequent to the owner's death or incapacity.

f. This section does not preclude an owner of a new motor vehicle dealership from designating any person as his successor by written instrument filed with the manufacturer or distributor, and, in the event there is an inconsistency between the successor named in such written instrument and the designated successor otherwise appointed by the owner consistent with the provisions of this section, and that written instrument has not been revoked by the owner of the new motor vehicle dealership in writing to the manufacturer or distributor, then the written instrument filed with the manufacturer or distributor shall govern as to the appointment of the successor.

(8) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to order or accept delivery of any new motor vehicle with special features, accessories or equipment not included in the list price of such motor vehicles as publicly advertised by the manufacturer or distributor.

(9) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to participate monetarily in an advertising campaign or contest, or to purchase unnecessary or unreasonable quantities of any promotional materials, training materials, training programs, showroom or other display decorations or materials at the expense of the new motor vehicle dealer, provided that nothing in this subsection shall preclude a manufacturer or distributor from including an unitemized uniform charge in the base price of the new motor vehicle charged to the dealer where such charge is attributable to advertising costs incurred or to be incurred by the manufacturer or distributor in the ordinary courses of its business.

(10) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to change the capital structure of the new motor vehicle dealer or the means by or through which the new motor vehicle dealer finances the operation of the dealership provided that the new motor vehicle dealer at all times meets any reasonable capital standards determined by the manufacturer in accordance with uniformly applied criteria; and also provided that no change in the capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor, provided that said consent shall not be unreasonably withheld.

(11) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to refrain from participation in the management of, investment in, or the acquisition of any other line of new motor vehicle or related products; Provided, however, that this subsection does not apply unless the new motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicle, and the new motor vehicle dealer remains in compliance with any reasonable capital standards and facilities requirements of the manufacturer. The reasonable facilities requirements shall not include any requirement that a new motor vehicle dealer establish or maintain exclusive facilities, personnel, or display space, when such requirements, or any of them, would be unreasonable in light of current economic conditions and would not otherwise be justified by reasonable business considerations.

(12) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to change location of the dealership, or to make any substantial alterations to the dealership premises or facilities, when to do so would be unreasonable, or without written assurance of a sufficient supply of new motor vehicles so as to justify such an expansion, in light of the current market and economic conditions.

(13) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to prospectively assent to a release, assignment, novation, waiver or estoppel which would relieve any person from liability to be imposed by this law or to require any controversy between a new motor vehicle dealer and a manufacturer, distributor, or representative, to be referred to any person other than the duly constituted courts of the State or the United States of America, or to the Commissioner, if such referral would be binding upon the new motor vehicle dealer.

(14) To delay, refuse, or fail to deliver motor vehicles or motor vehicle parts or accessories in reasonable quantities relative to the new motor vehicle dealer's facilities and sales potential in the new motor vehicle dealer's relevant market area, and within a reasonable time, after receipt of an order from a dealer having a franchise for the retail sale of any new motor vehicle sold or distributed by the manufacturer or distributor, any new vehicle, parts or accessories to new vehicles as are covered by such franchise, and such vehicles, parts or accessories as are publicly advertised as being available or actually being delivered. The delivery to another dealer of a motor vehicle of the same model and similarly equipped as the vehicle ordered by a motor vehicle dealer who has not received delivery thereof, but who has placed his written order for the vehicle prior to the order of the dealer receiving the vehicle, shall be evidence of a delayed delivery of, or refusal to deliver, a new motor vehicle to a motor vehicle dealer within a reasonable time, without cause. This subsection is not violated, however, if such failure is caused by acts or causes beyond the control of the manufacturer, distributor, factory branch, or factory representative.

(15) To refuse to disclose to any new motor vehicle dealer, handling the same line make, the manner and mode of distribution of that line make within the State.

(16) To award money, goods, services, or any other benefit to any new motor vehicle dealership employee, either directly or indirectly, unless such benefit is promptly accounted for, and transmitted to, or approved by, the new motor vehicle dealer.

(17) To increase prices of new motor vehicles which the new motor vehicle dealer had ordered and which the manufacturer or distributor has accepted for immediate delivery for private retail consumers prior to the new motor vehicle dealer's receipt of the written official price increase notification. A sales contract signed by a private retail consumer shall constitute evidence of each such order provided that the vehicle is in fact delivered to that customer. Price differences applicable to new model or series shall

not be considered a price increase or price decrease. Price changes caused by either: (i) the addition to a new motor vehicle of required or optional equipment; or (ii) revaluation of the United States dollar, in the case of foreign-make vehicles or components; or (iii) an increase in transportation charges due to increased rates imposed by carriers; or (iv) new tariffs or duties imposed by the United States of America or any other governmental authority, shall not be subject to the provisions of this subsection.

(18) To prevent or attempt to prevent a dealer from receiving fair and reasonable compensation for the value of the franchised business transferred in accordance with G.S. 20-305(4) above.

(19) To offer any refunds or other types of inducements to any person for the purchase of new motor vehicles of a certain line make to be sold to the State or any political subdivision thereof without making the same offer available upon request to all other new motor vehicle dealers in the same line make within the State.

(20) To release to any outside party, except under subpoena or as otherwise required by law or in an administrative, judicial or arbitration proceeding involving the manufacturer or new motor vehicle dealer, any confidential business, financial, or personal information which may be from time to time provided by the new motor vehicle dealer to the manufacturer, without the express written consent of the new motor vehicle dealer.

(21) To deny any new motor vehicle dealer the right of free association with any other new motor vehicle dealer for any lawful purpose.

(22) To unfairly discriminate among its new motor vehicle dealers with respect to warranty reimbursements or authority granted its new motor vehicle dealers to make warranty adjustments with retail customers.

(23) To engage in any predatory practice against or unfairly compete with a new motor vehicle dealer located in this State.

(24) To terminate any franchise solely because of the death or incapacity of an owner who is not listed in the franchise as one on whose expertise and abilities the manufacturer relied in the granting of the franchise.

(25) To require, coerce, or attempt to coerce a new motor vehicle dealer in this State to either establish or maintain exclusive facilities, personnel, or display space, when such requirements, or any of them, would be unreasonable in light of current economic conditions and would not otherwise be justified by reasonable business considerations.

(26) To resort to or to use any false or misleading advertisement in the conducting of its business as a manufacturer or distributor in this State.

(27) To knowingly make, either directly or through any agent or employee, any material statement which is false or misleading and which induces any new motor vehicle dealer to enter into any agreement or franchise or to take any action which is materially prejudicial to that new motor vehicle dealer or his business.

(28) To require, coerce, or attempt to coerce any new motor vehicle dealer to purchase or order any new motor vehicle as a precondition to purchasing, ordering, or receiving any other new motor vehicle or vehicles. Nothing herein shall prevent a manufacturer from requiring that a new motor vehicle dealer fairly represent and inventory the full line of new motor vehicles which are covered by the franchise agreement.

(29) To require, coerce, or attempt to coerce any new motor vehicle dealer to sell, transfer, or otherwise issue stock or other ownership interest in the dealership corporation to a general manager or any other person involved in the management of the dealership other than the dealer principal or dealer operator named in the franchise.

(30) To vary the price charged to any of its franchised new motor vehicle dealers located in this State for new motor vehicles based on any of the following factors:

a. The dealer's purchase of new facilities, supplies, tools, equipment, or other merchandise;

b. The dealer's relocation, remodeling, repair, or renovation of existing dealership facilities;

c. The dealer's participation in training programs sponsored, endorsed, or recommended by the manufacturer; or

d. Achievement by the new motor vehicle dealer of one or more levels of customer satisfaction in sales or service specified by the manufacturer.

Such unlawful price variation shall include not only differentiation by a manufacturer in the base price of new motor vehicles, but a manufacturer's use of rebates, credits, or other consideration which has the effect of causing variance in the price of new motor vehicles offered to its franchised dealers located in this State.

Notwithstanding the foregoing, nothing in this subdivision shall be deemed to preclude a manufacturer from establishing sales contests or promotions which provide or award dealers or consumers rebates or incentives; provided, however, that the awarding or amount of any rebates or incentives shall not be based on a violation of sub-subdivisions a., b., c., or d. of this subdivision.

(31) Notwithstanding the terms of any contract, franchise, agreement, release, or waiver, to require that in any civil or administrative proceeding in which a new motor vehicle dealer asserts any claims, rights, or defenses arising under this Article or under the franchise, that the dealer or any nonprevailing party compensate the manufacturer or prevailing party for any court costs, attorneys' fees, or other expenses incurred in the litigation.

(32) To require that any of its franchised new motor vehicle dealers located in this State pay any extra fee, purchase advertising displays or other materials, or remodel, renovate, or recondition the dealers' existing facilities in order to receive any model or series of vehicles manufactured or distributed by the manufacturer for which the dealers have a valid franchise. Notwithstanding the foregoing, nothing contained in this subdivision shall be deemed to prohibit or prevent a manufacturer from requiring that its franchised dealers located in this State purchase special tools or equipment, stock reasonable quantities of certain parts, or participate in training programs which are reasonably necessary for those dealers to sell or service any model or series of vehicles."

Section 4. G.S. 20-305.1 reads as rewritten:

"**§ 20-305.1. Automobile dealer warranty obligations.**

(a) Each motor vehicle manufacturer, factory branch, distributor or distributor branch, shall specify in writing to each of its motor vehicle dealers licensed in this State the dealer's obligations for preparation, delivery and warranty service on its products, the schedule of compensation to be paid such dealers for parts, work, and service in connection with warranty service, and the time allowances for the performance of such work and service. In no event shall such schedule of compensation fail to include reasonable compensation for diagnostic work and associated administrative requirements as well as repair service and labor. Time allowances for the performance of warranty work and service shall be reasonable and adequate for the work to be performed. The compensation which must be paid under this section must be reasonable, provided, however, that under no circumstances may the reasonable compensation under this section be in an amount less than the dealer's current retail labor rate and the amount charged to retail customers for the manufacturer's or distributor's original parts for nonwarranty work of like kind, provided such amount is competitive with other franchised dealers within the dealer's market.

(b) Notwithstanding the terms of any franchise agreement, it is unlawful for any motor vehicle manufacturer, factory branch, distributor, or distributor branch to fail to perform any of its warranty obligations with respect to a motor vehicle, to fail to compensate its motor vehicle dealers licensed in this State for warranty parts other than parts used to repair the living facilities of recreational vehicles, at the prevailing retail rate according to the factors in subsection (a) of this section, or, in service in accordance with the schedule of compensation provided the dealer pursuant to

subsection (a) above, and to fail to indemnify and hold harmless its franchised dealers licensed in this State against any judgment for damages or settlements agreed to by the manufacturer, including, but not limited to, court costs and reasonable attorneys' fees of the motor vehicle dealer, arising out of complaints, claims or lawsuits including, but not limited to, strict liability, negligence, misrepresentation, express or implied warranty, or recision or revocation of acceptance of the sale of a motor vehicle as defined in G.S. 25-2-608, to the extent that the judgment or settlement relates to the alleged defective negligent manufacture, assembly or design of new motor vehicles, parts or accessories or other functions by the manufacturer, factory branch, distributor or distributor branch, beyond the control of the dealer. Any audit for warranty parts or service compensation shall only be for the 12-month period immediately following the date of the payment of the claim by the manufacturer, factory branch, distributor, or distributor branch. Any audit for sales incentives, service incentives, rebates, or other forms of incentive compensation shall only be for the ~~24-month~~ 18-month period immediately following the date of the payment of the claim by the manufacturer, factory branch, distributor, or distributor branch. Provided, however, these limitations shall not be effective in the case of fraudulent claims.

(b1) All claims made by motor vehicle dealers pursuant to this section for compensation for delivery, preparation, warranty and recall work including labor, parts, and other expenses, shall be paid by the manufacturer within 30 days after receipt of claim from the dealer. When any claim is disapproved, the dealer shall be notified in writing of the grounds for disapproval. Any claim not specifically disapproved in writing within 30 days after receipt shall be considered approved and payment is due immediately. No claim which has been approved and paid may be charged back to the dealer unless it can be shown that the claim was false or fraudulent, that the repairs were not properly made or were unnecessary to correct the defective condition, or the dealer failed to reasonably substantiate the ~~claim in accordance with the written requirements of the manufacturer or distributor in effect at the time the claim arose.~~ claim. A manufacturer or distributor shall not deny a claim or reduce the amount to be reimbursed to the dealer as long as the dealer has provided reasonably sufficient documentation that the dealer actually performed the work and that the work performed was diagnosed as reasonably necessary as determined in accordance with accepted standards in the industry.

(c) In the event there is a dispute between the manufacturer, factory branch, distributor, or distributor branch, and the dealer with respect to any matter referred to in subsections ~~(a) and (b) above and subsection (d) below,~~ (a), (b), or (d) of this section, either party may petition the Commissioner in writing, within 30 days after either party has given written notice of the dispute to the other, for a hearing on the subject and the decision of the Commissioner shall be binding on the parties, subject to rights of judicial review and appeal as provided in Chapter 150B of the General Statutes; provided, however, that nothing contained herein shall give the Commissioner any authority as to the content of any manufacturer's or distributor's warranty. Upon the filing of a petition before the Commissioner under this

subsection, any chargeback to or any payment required of a dealer by a manufacturer relating to warranty parts or service compensation, or to sales incentives, service incentives, rebates, or other forms of incentive compensation, shall be stayed during the pendency of the determination by the Commissioner.

(d) Transportation damages. --

(1) Notwithstanding the terms, provisions or conditions of any agreement or franchise, the manufacturer is liable for all damages to motor vehicles before delivery to a carrier or transporter.

(2) If a new motor vehicle dealer determines the method of transportation, the risk of loss passes to the dealer upon delivery of the vehicle to the carrier.

(3) In every other instance, the risk of loss remains with the manufacturer until such time as the new motor vehicle dealer or his designee accepts the vehicle from the carrier.

(4) Whenever a motor vehicle is damaged while in transit when the carrier or the means of transportation is designated by the manufacturer or distributor, or whenever a motor vehicle is otherwise damaged prior to delivery to the dealer, the dealer must:

a. Notify the manufacturer or distributor of such damage within three working days or within such additional time as authorized by the franchise agreement of the occurrence of the delivery of the motor vehicle as defined in subsection (1) of this section; and

b. Must request from the manufacturer or distributor authorization to repair the damages sustained or to replace the parts or accessories damaged.

(5) In the event the manufacturer or distributor refuses or fails to authorize repair or replacement of any such damage within ten working days after receipt of notification of damage by the dealer, ownership of the motor vehicle shall revert to the manufacturer or distributor, and the dealer shall incur no obligation, financial or otherwise, for such damage to the motor vehicle.

(5a) No manufacturer shall fail to disclose in writing to a new motor vehicle dealer, at the time of delivery of a new motor vehicle, the nature and extent of any and all damage and post-manufacturing repairs made to such motor vehicle while in the possession or under the control of the manufacturer if the cost of such post-manufacturing repairs exceeds three percent (3%) of the manufacturer's suggested retail price. A manufacturer is not required to disclose to a new motor vehicle dealer that any glass, tires or bumper of a new motor vehicle was damaged at any time if the damaged item has been replaced with original or comparable equipment.

(6) Nothing in this subsection (d) shall relieve the dealer of the obligation to cooperate with the manufacturer as necessary in filing any transportation damage claim with the carrier.

(e) Damage/Repair Disclosure. -- Notwithstanding the provisions of subdivision (d)(4) of this section and in supplementation thereof, a new motor vehicle dealer shall disclose in writing to a purchaser of the new motor vehicle prior to entering into a sales contract any damage and repair to the new motor vehicle if the damage exceeds five percent (5%) of the manufacturer's suggested retail price as calculated at the rate of the dealer's authorized warranty rate for labor and parts.

(1) A new motor vehicle dealer is not required to disclose to a purchaser that any glass, tires or bumper of a new motor vehicle was damaged at any time if the damaged item has been replaced with original or comparable equipment.

(2) If disclosure is not required under this section, a purchaser may not revoke or rescind a sales contract due solely to the fact that the new motor vehicle was damaged and repaired prior to completion of the sale.

(3) For purposes of this section, 'manufacturer's suggested retail price' means the retail price of the new motor vehicle suggested by the manufacturer including the retail delivered price suggested by the manufacturer for each accessory or item of optional equipment physically attached to the new motor vehicle at the time of delivery to the new motor vehicle dealer which is not included within the retail price suggested by the manufacturer for the new motor vehicle.

(f) The provisions of subsections (a), (b), (b1), (d) and (e) shall not apply to manufacturers and dealers of 'motorcycles' as defined in G.S. 20-4.01(27)."

The General Assembly of North Carolina enacts:

Section 1. Chapter 20 of the General Statutes is amended by adding a new section to read:

"**§ 20-297.1. Prefiling of franchise agreements and amendments.**

Any franchise, as defined in G.S. 20-286(8a), offered to a motor vehicle dealer in this State shall provide that all terms and conditions in the agreement inconsistent with any of the laws or rules of this State are of no force and effect. On or before January 1, 1998, every manufacturer, factory branch, distributor, or distributor branch licensed by the Commissioner under this Article which uses an identical or substantially similar form franchise for its dealers or distributors in this State shall file with the Commissioner a copy of the franchise and all supplements. Any applicant for licensing by the Commissioner as a manufacturer, factory branch, distributor, or distributor branch licensed under this Article, which would use an identical or substantially similar form franchise, as defined in G.S. 20-286(8a), for its dealers or distributors in this State, shall, as a condition for the issuance of a license, file with the Commissioner a copy of the franchise and all supplements thereto.

Not later than 60 days prior to the date a revision, modification, or addition to a franchise is offered generally to a licensee's franchisees in this State, the licensee shall notify the Commissioner of the proposed revision, modification, or addition to the franchise on file with the Commissioner and include with the notification:

The Commissioner is authorized and directed to investigate and prevent violations of this section, including inconsistencies of any manufacturer's franchise with the provisions of this Article."

Section 2. G.S. 20-301 reads as rewritten:

"**§ 20-301. Powers of Commissioner.**

(a) The Commissioner shall promote the interests of the retail buyer of motor vehicles.

(b) The Commissioner shall have power to prevent unfair methods of competition and unfair or deceptive acts or ~~practices.~~ practices and other violations of this Article. Any franchised new motor vehicle dealer who believes that a manufacturer, factory branch, distributor, or distributor branch with whom the dealer holds a currently valid franchise has violated or is currently violating any provision of this Article may file a petition before the Commissioner setting forth the factual and legal basis for such violations. The Commissioner shall promptly forward a copy of the petition to the named manufacturer, factory branch, distributor, or distributor branch requesting a reply to the petition within 30 days. Allowing for sufficient time for the parties to conduct discovery, the Commissioner or his designee shall then hold an evidentiary hearing and render findings of fact and conclusions of law based on the evidence presented. Any parties to a hearing by the Commissioner concerning the establishment or relocating of a new motor vehicle dealer shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the Gene Statutes.

(c) The Commissioner shall have the power in hearings arising under this Article to enter scheduling orders and limit the time and scope of discovery; to determine the date, time, and place where ~~they shall be~~ hearings are to be held; to subpoena witnesses; to take depositions of witnesses; and to administer oaths.

(d) The Commissioner may, whenever he shall believe from evidence submitted to him that any person has been or is violating any provision of this Article, in addition to any other ~~remedy~~ remedy, bring an action in the name of the State against ~~such~~ that person and any other persons concerned or in any way participating in, or about to participate in practices or acts so in violation, to enjoin ~~such~~ any persons ~~and such other persons~~ from continuing the ~~same.~~ violations.

(e) ~~The Commissioner shall limit the time for discovery in any contested administrative hearing conducted pursuant to Article 12 to a time not to exceed 60 days. The Commissioner may extend the time for discovery beyond 60 days either upon the consent of all parties to the proceeding or upon application of one or more parties to the proceeding for good cause shown.~~ The Commissioner may issue rules and regulations to implement the provisions of this section and to establish procedures related to administrative proceedings commenced under this section."

Section 3. G.S. 20-305 reads as rewritten:

"**§ 20-305. Coercing dealer to accept commodities not ordered; threatening to cancel franchise; preventing transfer of ownership; granting additional franchises; terminating franchises without good cause; preventing family succession.**

It shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch, or any field representative, officer, agent, or any representative whatsoever of any of them:

(1) To require, coerce, or attempt to coerce any dealer to accept delivery of any motor vehicle or vehicles, parts or accessories therefor, or any other commodities, which shall not have been ordered by such dealer;

(2) To require, coerce, or attempt to coerce any dealer to enter into any agreement with such manufacturer, factory branch, distributor, or distributor branch, or representative thereof, or do any other act unfair to such dealer, by threatening to cancel any franchise existing between such manufacturer, factory branch, distributor, distributor branch, or representative thereof, and such dealer;

(3) Unfairly without due regard to the equities of the dealer, and without just provocation, to cancel the franchise of such dealer;

(4) Notwithstanding the terms of any franchise agreement, to prevent or refuse to approve the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale or assignment of a dealer franchise, or a change in the executive management or principal operator of the dealership, or relocation of the dealership to another site within the dealership's relevant market area, if the Commissioner has determined, if requested in writing by the dealer within 30 days after receipt of an objection to the proposed transfer, sale, assignment, relocation, or change, and after a hearing on the matter, that the failure to permit or honor the transfer, sale, assignment, relocation, or change is unreasonable under the circumstances. No franchise may be transferred, sold, assigned, relocated, or the executive management or principal operators changed, unless the franchisor has been given at least 30 days' prior written notice as to the identity, financial ability, and qualifications of the proposed transferee, the identity and qualifications of the persons proposed to be involved in executive management or as principal operators, and the location and site plans of any proposed relocation. The franchisor shall send the dealership notice of objection, by registered or certified mail, return receipt requested, to the proposed transfer, sale, assignment, relocation, or change within 30 days after receipt of notice from the dealer, as provided in this section. Failure by the franchisor to send notice of objection within 30 days shall constitute waiver by the franchisor of any right to object to the proposed transfer, sale, assignment, relocation, or change. The manufacturer or distributor has the burden of proving that the proposed transfer, sale, assignment, relocation, or change is unreasonable under the circumstances.

(5) To enter into a franchise establishing additional new motor vehicle dealer or relocating

an existing new motor vehicle dealer into a relevant market area where the same line make is then represented without first notifying in writing the Commissioner and each new motor vehicle dealer in that line make in the relevant market area of the intention to establish an additional dealer or to relocate an existing dealer within or into that market area. Within 30 days of receiving such notice or within 30 days after the end of any appeal procedure provided by the manufacturer, any new motor vehicle dealer may file with the Commissioner a protest to the establishing or relocating of the new motor vehicle dealer. When a protest is filed, the Commissioner shall promptly inform the manufacturer that a timely protest has been filed, and that the manufacturer shall not establish or relocate the proposed new motor vehicle dealer until the Commissioner has held a hearing, nor thereafter, if the Commissioner has determined that there is good cause for not permitting the addition or relocation of such new motor vehicle dealer.

a. This section does not apply:

1. To the relocation of an existing new motor vehicle dealer within that dealer's relevant market area, provided that the relocation not be at a site within 10 miles of a licensed new motor vehicle dealer for the same line make of motor vehicle; or
2. If the proposed additional new motor vehicle dealer is to be established at or within two miles of a location at which a former licensed new motor vehicle dealer for the same line make of new motor vehicle had ceased operating within the previous two years;
3. To the relocation of an existing new motor vehicle dealer within two miles of the existing site of the new motor vehicle dealership;
4. To the relocation of an existing new motor vehicle dealer if the proposed site of the relocated new motor vehicle

dealership is further away from all other new motor vehicle dealers of the same line make in that relevant market area.

b. In determining whether good cause has been established for not entering into or relocating an additional new motor vehicle dealer for the same line make, the Commissioner shall take into consideration the existing circumstances, including, but not limited to:

1. The permanency of the investment of both the existing and proposed additional new motor vehicle dealers;
2. Growth or decline in population, density of population, and new car registrations in the relevant market area;
3. Effect on the consuming public in the relevant market area;
4. Whether it is injurious or beneficial to the public welfare for an additional new motor vehicle dealer to be established;
5. Whether the new motor vehicle dealers of the same line make in that relevant market area are providing adequate competition and convenient customer care for the motor vehicles of the same line make in the market area which shall include the adequacy of motor vehicle sales and service facilities, equipment, supply of motor vehicle parts, and qualified service personnel;
6. Whether the establishment of an additional new motor vehicle dealer or relocation of an existing new motor vehicle dealer in the relevant market area would increase competition in a manner such as to be in the long-term public interest; and
7. The effect on the relocating dealer of a denial of its relocation into the relevant market area.

c. The Commissioner ~~must~~ shall try to conduct the hearing and render his final determination ~~as expeditiously as possible, but in any event~~

~~later than~~ if possible, within 180 days after a protest is filed. ~~Unless waived by the parties, failure to do so shall be deemed the equivalent of a determination that good cause does not exist for refusing to permit the proposed additional or relocated motor vehicle dealer, unless such delay is caused by acts of the manufacturer, or the relocating or additional dealer.~~

d. Any parties to a hearing by the Commissioner concerning the establishment or relocating of a new motor vehicle dealer shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes.

e. In a hearing involving a proposed additional dealership, the manufacturer or distributor has the burden of proof under this section. In a proceeding involving the relocation of an existing dealership, the dealer seeking to relocate has the burden of proof under this section.

f. If the Commissioner determines, following a hearing, that good cause does not exist for refusing to permit the proposed additional or relocated motor vehicle dealership, the dealer seeking the proposed additional or relocated motor vehicle dealership must, within two years, obtain a license from the Commissioner for the sale of vehicles at the relevant site, and actually commence operations at the site selling new motor vehicles of all line makes, as permitted by the Commissioner. Failure to obtain a permit and commence sales within two years shall constitute waiver by the dealer of the dealer's right to the additional or relocated dealership, requiring renotification, a new hearing, and a new determination as provided in this section.

g. For purposes of this subdivision, the addition, creation, or operation of a 'satellite' or other facility, not physically part of or contiguous to an existing licensed new motor vehicle dealer, whether or not owned

or operated by a person or other entity holding a franchise as defined by G.S. 20-286(8a), at which warranty service work authorized or reimbursed by a manufacturer is performed or at which new motor vehicles are offered for sale to the public, shall be considered an additional new motor vehicle dealer requiring a showing of good cause, prior notification to existing new motor vehicle dealers of the same line make of vehicle within the relevant market area by the manufacturer and the opportunity for a hearing before the Commissioner as provided in this subdivision.

(6) Notwithstanding the terms, provisions or conditions of any franchise or notwithstanding the terms or provisions of any waiver, to terminate, cancel or fail to renew any franchise with a licensed new motor vehicle dealer unless the manufacturer has satisfied the notice requirements of subparagraph c. and the Commissioner has determined, if requested in writing by the dealer within the ti period specified in G.S. 20-305(6)c1II, III or IV, as applicable, and after a hearing on the matter, that there is good cause for the termination, cancellation, or nonrenewal of the franchise and that the manufacturer has acted in good faith as defined in this act regarding the termination, cancellation or nonrenewal. When such a petition is made to the Commissioner by a dealer for determination as to the existence of good cause and good faith for the termination, cancellation or nonrenewal of a franchise, the Commissioner shall promptly inform the manufacturer that a timely petition has been filed, and the franchise in question shall continue in effect pending the Commissioner's decision. The Commissioner ~~must~~ shall try to conduct the hearing and render a final determination ~~no later than~~ within 180 days after a petition has been ~~filed; provided, however, that the Commissioner may extend such period of time upon application of a party and for good cause shown, or upon the consent of all parties to proceeding.~~ filed. If the terminati

cancellation or nonrenewal is pursuant to G.S. 20-305(6)c1III then the Commissioner shall give the proceeding priority consideration and shall try to render his final determination no later than 90 days after the petition has been filed. Any parties to a hearing by the Commissioner under this section shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes.

a. Notwithstanding the terms, provisions or conditions of any franchise or the terms or provisions of any waiver, good cause shall exist for the purposes of a termination, cancellation or nonrenewal when:

1. There is a failure by the new motor vehicle dealer to comply with a provision of the franchise which provision is both reasonable and of material significance to the franchise relationship provided that the dealer has been notified in writing of the failure within 180 days after the manufacturer first acquired knowledge of such failure;

2. If the failure by the new motor vehicle dealer relates to the performance of the new motor vehicle dealer in sales or service, then good cause shall be defined as the failure of the new motor vehicle dealer to comply with reasonable performance criteria established by the manufacturer if the new motor vehicle dealer was apprised by the manufacturer in writing of the failure; and

I. The notification stated that notice was provided of failure of performance pursuant to this section;

II. The new motor vehicle dealer was afforded a reasonable opportunity, for a period of not less than 180 days, to comply with the criteria; and

III. The new motor vehicle dealer failed to demonstrate substantial progress

towards compliance with the manufacturer's performance criteria during such period and the new motor vehicle dealer's failure was not primarily due to economic or market factors within the dealer's relevant market area which were beyond the dealer's control.

b. The manufacturer shall have the burden of proof under this section.

c. Notification of Termination, Cancellation and Nonrenewal. --

1. Notwithstanding the terms, provisions or conditions of any franchise prior to the termination, cancellation or nonrenewal of any franchise, the manufacturer shall furnish notification of termination, cancellation or nonrenewal to the new motor vehicle dealer as follows:

I. In the manner described in G.S. 20-305(6)c2 below; and

II. Not less than 90 days prior to the effective date of such termination, cancellation or nonrenewal; or

III. Not less than 15 days prior to the effective date of such termination, cancellation or nonrenewal with respect to any of the following:

A. Insolvency of the new motor vehicle dealer, or filing of any petition by or against the new motor vehicle dealer under any bankruptcy or receivership law;

B. Failure of the new motor vehicle dealer to conduct its customary sales and service operations during its customary business hours for seven consecutive business days, except for acts of God or circumstances beyond the direct control of the new motor vehicle dealer;

C. Revocation of any license which the new motor vehicle dealer is required to have to operate a dealership;

D. Conviction of a felony involving moral turpitude, under the laws of this State or any other state, or territory, or the District of Columbia.

IV. Not less than 180 days prior to the effective date of such termination or cancellation where the manufacturer or distributor is discontinuing the sale of the product line.

2. Notification under this section shall be in writing; shall be by certified mail or personally delivered to the new motor vehicle dealer; and shall contain:

I. A statement of intention to terminate, cancel or not to renew the franchise;

II. A statement of the reasons for the termination, cancellation or nonrenewal; and

III. The date on which the termination, cancellation or nonrenewal takes effect.

3. Notification provided in G.S. 20-305(6)c1II of 90 days prior to the effective date of such termination, cancellation or renewal may run concurrent with the 180 days designated in G.S. 20-305(6)a2II provided the notification is clearly designated by a separate written document mailed by certified mail or personally delivered to the new motor vehicle dealer.

d. Payments. --

1. Upon the termination, nonrenewal or cancellation of any franchise by the manufacturer or distributor, pursuant to this section, the new motor vehicle dealer shall be allowed fair and

reasonable compensation by the manufacturer for the:

I. New motor vehicle inventory that has been acquired from the manufacturer within 18 months, at a price not to exceed the original manufacturer's price to the dealer, and which has not been altered or damaged, and which has not been driven more than 200 miles, and for which no certificate of title has been issued;

II. Unused, undamaged and unsold supplies and parts purchased from the manufacturer, at a price not to exceed the original manufacturer's price to the dealer, provided such supplies and parts are currently offered for sale by the manufacturer or distributor in its current parts catalogs and are in salable condition;

III. Equipment and furnishings that have not been altered or damaged and that have been required by the manufacturer or distributor to be purchased by the new motor vehicle dealer from the manufacturer or distributor, or their approved sources; and

IV. Special tools that have not been altered or damaged and that have been required by the manufacturer or distributor to be purchased by the new motor vehicle dealer from the manufacturer or distributor, or their approved sources within five years immediately preceding the termination, nonrenewal or cancellation of the franchise.

2. Fair and reasonable compensation for the above shall be paid by the manufacturer within 90 days of the effective date termination, cancellation or nonrenewa

provided the new motor vehicle dealer has clear title to the inventory and has conveyed title and possession to the manufacturer.

e. Dealership Facilities Assistance upon Termination, Cancellation or Nonrenewal. -- In the event of the termination, cancellation or nonrenewal by the manufacturer or distributor under this section, except termination, cancellation or nonrenewal for insolvency, license revocation, conviction of a crime involving moral turpitude, or fraud by a dealer-owner:

1. Subject to paragraph 3, if the new motor vehicle dealer is leasing the dealership facilities from a lessor other than the manufacturer, the manufacturer shall pay the new motor vehicle dealer a sum equivalent to the rent for the unexpired term of the lease or one year's rent, whichever is less, or such longer term as is provided in the franchise agreement between the dealer and manufacturer; or
2. Subject to paragraph 3, if the new motor vehicle dealer owns the dealership facilities, the manufacturer shall pay the new motor vehicle dealer a sum equivalent to the reasonable rental value of the dealership facilities for one year.
3. Provided nothing in this paragraph e. shall relieve a lessee or owner, as the case may be, from the obligation to mitigate damages under the lease, nor prevent a manufacturer from occupying and using the dealership facilities while paying rent under subsections 1 and 2, nor prevent a manufacturer from obligations by negotiating a lease termination, a sublease or a new lease. Any amounts recovered by the lessee or owner resulting from mitigation of damages shall be deducted from the amount due from the manufacturer.

f. The provisions of paragraphs d. and e. above shall not be applicable when the termination, nonrenewal or cancellation of the franchise agreement is the result of the voluntary act of the dealer.

(7) Notwithstanding the terms of any contract or agreement, to prevent or refuse to honor the succession to a dealership, including the franchise, by a motor vehicle dealer's designated successor as provided for under this subsection.

a. Any owner of a new motor vehicle dealership may appoint by will, or any other written instrument, a designated ~~family member~~ successor to succeed in the ownership interest of the said owner in the new motor vehicle dealership, including the franchise, upon the death or incapacity of the owner.

b. Any objections by a manufacturer or distributor to an owner's appointment of a designated successor shall be asserted in accordance with the following procedure:

1. Within 30 days after receiving written notice of the identity of the owner's designated successor and general information as to the financial ability and qualifications of the designated successor, the franchisor shall send the owner and designated successor notice of objection, by registered or certified mail, return receipt requested, to the appointment of the designated successor. The notice of objection shall state in detail all facts which constitute the basis for the contention on the part of the manufacturer or distributor that good cause, as defined in this sub-subdivision below, exists for rejection of the designated ~~family member~~ successor. Failure by the franchisor to send notice of objection within 30 days and otherwise as provided in this sub-subdivision shall constitute waiver by the franchisor of any right to object to the appointment the designated successor.

2. Any time within 30 days of receipt of the manufacturer's notice of objection the owner or the designated successor may file a request in writing with the Commissioner that the Commissioner hold an evidentiary hearing and determine whether good cause exists for rejection of the designated successor. When such a request is filed, the Commissioner shall promptly inform the affected manufacturer or distributor that a timely request has been filed.

3. The Commissioner shall endeavor to hold the evidentiary hearing required under this sub-subdivision and render a determination within 180 days after receipt of the written request from the owner or designated successor. In determining whether good cause exists for rejection of the owner's appointed designated successor, the manufacturer or distributor has the burden of proving that the designated successor is a person who is not of good moral character or does not meet the franchisor's existing and reasonable standards and, considering the volume of sales and service of the new motor vehicle dealer, uniformly applied minimum business experience standards in the market area.

4. Any parties to a hearing by the Commissioner concerning whether good cause exists for the rejection of the dealer's designated successor shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes.

5. Nothing in this sub-subdivision shall preclude a manufacturer or distributor from, upon its receipt of written notice from a dealer of identity of the dealer's designated successor, requiring that the designated successor promptly provide personal and financial data that is

reasonably necessary to determine the financial ability and qualifications of the designated successor; provided, however, that such a request for additional information shall not delay any of the time periods or constraints contained herein.

6. In the event death or incapacity of the owner occurs prior to the time a manufacturer or distributor receives notice of the owner's appointment of a designated successor or before the Commissioner has rendered a determination as provided above, the existing franchise shall remain in effect and the designated successor shall be deemed to have succeeded to all of the owner's rights and obligations in the dealership and under the franchise until a determination is made by the Commissioner or the rights of the parties have otherwise become fixed in accordance with this subdivision.

c. Except as otherwise provided in sub-subdivision d. of this subdivision, any designated successor of a deceased or incapacitated owner of a new motor vehicle dealership appointed by such owner in substantial compliance with this section shall, by operation of law, succeed at the time of such death or incapacity to all of the ownership rights and obligations of the owner in the new motor vehicle dealership and under the existing franchise.

d. Within 60 days after the death or incapacity of the owner, a designated successor appointed in substantial compliance with this section shall give the affected manufacturer or distributor written notice of his or her succession to the ownership of the new motor vehicle dealership; provided, however, that the failure of the designated successor to give the manufacturer or distributor written notice as provided above within 60 days of

owner's death or incapacity shall not result in the waiver or termination of the designated successor's right to succeed to the ownership of the new motor vehicle dealership unless the manufacturer or distributor gives written notice of this provision to either the designated successor or the deceased or incapacitated owner's executor, administrator, guardian or other fiduciary by certified or registered mail, return receipt requested, and said written notice grants not less than 30 days time within which the designated successor may give the notice required hereunder, provided the designated successor or the deceased or incapacitated owner's executor, administrator, guardian or other fiduciary has given the manufacturer reasonable notice of death or incapacity. Within 30 days of receipt of the notice by the manufacturer or distributor from the designated successor provided in this paragraph, the manufacturer or distributor may request that the designated successor complete the application forms generally utilized by the manufacturer or distributor to review the designated successor's qualifications to establish a successor dealership. Within 30 days of receipt of the completed forms, the manufacturer or distributor shall send a letter by certified or registered mail, return receipt requested, advising the designated successor of facts and circumstances which have changed since the manufacturer's or distributor's original approval of the designated successor, and which have caused the manufacturer or distributor to object to the designated successor. Upon receipt of such notice, the designated successor may either designate an alternative successor or may file a request for evidentiary hearing in accordance with the procedures provided in sub-subdivisions b. 2.-5. of this subdivision. In any such hearing, the manufacturer or distributor shall be limited to facts and

circumstances which did not exist at the time the designated successor was originally approved or evidence which was originally requested to be produced by the designated successor at the time of the original request and was either not produced or the material which was produced was incorrect.

e. The designated successor shall agree to be bound by all terms and conditions of the franchise in effect between the manufacturer or distributor and the owner at the time of the owner's death or incapacity, if so requested in writing by the manufacturer or distributor subsequent to the owner's death or incapacity.

f. This section does not preclude an owner of a new motor vehicle dealership from designating any person as his successor by written instrument filed with the manufacturer or distributor, and, in the event there is an inconsistency between the successor named in such written instrument and the designated successor otherwise appointed by the owner consistent with the provisions of this section, and that written instrument has not been revoked by the owner of the new motor vehicle dealership in writing to the manufacturer or distributor, then the written instrument filed with the manufacturer or distributor shall govern as to the appointment of the successor.

(8) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to order or accept delivery of any new motor vehicle with special features, accessories or equipment not included in the list price of such motor vehicles as publicly advertised by the manufacturer or distributor.

(9) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to participate monetarily in an advertising campaign or contest, or to purchase unnecessary or unreasonable quantities of any promotional materials, training materials, training programs, showroom or oth

display decorations or materials at the expense of the new motor vehicle dealer, provided that nothing in this subsection shall preclude a manufacturer or distributor from including an unitemized uniform charge in the base price of the new motor vehicle charged to the dealer where such charge is attributable to advertising costs incurred or to be incurred by the manufacturer or distributor in the ordinary courses of its business.

(10) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to change the capital structure of the new motor vehicle dealer or the means by or through which the new motor vehicle dealer finances the operation of the dealership provided that the new motor vehicle dealer at all times meets any reasonable capital standards determined by the manufacturer in accordance with uniformly applied criteria; and also provided that no change in the capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor, provided that said consent shall not be unreasonably withheld.

(11) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to refrain from participation in the management of, investment in, or the acquisition of any other line of new motor vehicle or related products; Provided, however, that this subsection does not apply unless the new motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicle, and the new motor vehicle dealer remains in compliance with any reasonable capital standards and facilities requirements of the manufacturer. The reasonable facilities requirements shall not include any requirement that a new motor vehicle dealer establish or maintain exclusive facilities, personnel, or display space, when such requirements, or any of them, would be unreasonable in light of current economic conditions and would not otherwise be justified by reasonable business considerations.

(12) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to change location of the dealership, or to make any substantial alterations to the dealership premises or facilities, when to do so would be unreasonable, or without written assurance of a sufficient supply of new motor vehicles so as to justify such an expansion, in light of the current market and economic conditions.

(13) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to prospectively assent to a release, assignment, novation, waiver or estoppel which would relieve any person from liability to be imposed by this law or to require any controversy between a new motor vehicle dealer and a manufacturer, distributor, or representative, to be referred to any person other than the duly constituted courts of the State or the United States of America, or to the Commissioner, if such referral would be binding upon the new motor vehicle dealer.

(14) To delay, refuse, or fail to deliver motor vehicles or motor vehicle parts or accessories in reasonable quantities relative to the new motor vehicle dealer's facilities and sales potential in the new motor vehicle dealer's relevant market area, and within a reasonable time, after receipt of an order from a dealer having a franchise for the retail sale of any new motor vehicle sold or distributed by the manufacturer or distributor, any new vehicle, parts or accessories to new vehicles as are covered by such franchise, and such vehicles, parts or accessories as are publicly advertised as being available or actually being delivered. The delivery to another dealer of a motor vehicle of the same model and similarly equipped as the vehicle ordered by a motor vehicle dealer who has not received delivery thereof, but who has placed his written order for the vehicle prior to the order of the dealer receiving the vehicle, shall be evidence of a delayed delivery of, or refusal to deliver, a new motor vehicle to a motor vehicle dealer within a reasonable time, without cause. This subsection is not violated, however, if su

failure is caused by acts or causes beyond the control of the manufacturer, distributor, factory branch, or factory representative.

(15) To refuse to disclose to any new motor vehicle dealer, handling the same line make, the manner and mode of distribution of that line make within the State.

(16) To award money, goods, services, or any other benefit to any new motor vehicle dealership employee, either directly or indirectly, unless such benefit is promptly accounted for, and transmitted to, or approved by, the new motor vehicle dealer.

(17) To increase prices of new motor vehicles which the new motor vehicle dealer had ordered and which the manufacturer or distributor has accepted for immediate delivery for private retail consumers prior to the new motor vehicle dealer's receipt of the written official price increase notification. A sales contract signed by a private retail consumer shall constitute evidence of each such order provided that the vehicle is in fact delivered to that customer. Price differences applicable to new model or series shall not be considered a price increase or price decrease. Price changes caused by either: (i) the addition to a new motor vehicle of required or optional equipment; or (ii) revaluation of the United States dollar, in the case of foreign-make vehicles or components; or (iii) an increase in transportation charges due to increased rates imposed by carriers; or (iv) new tariffs or duties imposed by the United States of America or any other governmental authority, shall not be subject to the provisions of this subsection.

(18) To prevent or attempt to prevent a dealer from receiving fair and reasonable compensation for the value of the franchised business transferred in accordance with G.S. 20-305(4) above.

(19) To offer any refunds or other types of inducements to any person for the purchase of new motor vehicles of a certain line make to be sold to the State or any political subdivision thereof without making the same offer available upon request to all

other new motor vehicle dealers in the same line make within the State.

(20) To release to any outside party, except under subpoena or as otherwise required by law or in an administrative, judicial or arbitration proceeding involving the manufacturer or new motor vehicle dealer, any confidential business, financial, or personal information which may be from time to time provided by the new motor vehicle dealer to the manufacturer, without the express written consent of the new motor vehicle dealer.

(21) To deny any new motor vehicle dealer the right of free association with any other new motor vehicle dealer for any lawful purpose.

(22) To unfairly discriminate among its new motor vehicle dealers with respect to warranty reimbursements or authority granted its new motor vehicle dealers to make warranty adjustments with retail customers.

(23) To engage in any predatory practice against or unfairly compete with a new motor vehicle dealer located in this State.

(24) To terminate any franchise solely because of the death or incapacity of an owner who is not listed in the franchise as one on whose expertise and abilities the manufacturer relied in the granting of the franchise.

(25) To require, coerce, or attempt to coerce a new motor vehicle dealer in this State to either establish or maintain exclusive facilities, personnel, or display space, when such requirements, or any of them, would be unreasonable in light of current economic conditions and would not otherwise be justified by reasonable business considerations.

(26) To resort to or to use any false or misleading advertisement in the conducting of its business as a manufacturer or distributor in this State.

(27) To knowingly make, either directly or through any agent or employee, any material statement which is false or misleading and which induces any new motor vehicle dealer to enter into any agreement or franchise or to take any action which is materially

prejudicial to that new motor vehicle dealer or his business.

(28) To require, coerce, or attempt to coerce any new motor vehicle dealer to purchase or order any new motor vehicle as a precondition to purchasing, ordering, or receiving any other new motor vehicle or vehicles. Nothing herein shall prevent a manufacturer from requiring that a new motor vehicle dealer fairly represent and inventory the full line of new motor vehicles which are covered by the franchise agreement.

(29) To require, coerce, or attempt to coerce any new motor vehicle dealer to sell, transfer, or otherwise issue stock or other ownership interest in the dealership corporation to a general manager or any other person involved in the management of the dealership other than the dealer principal or dealer operator named in the franchise, unless the dealer principal or dealer operator is an absentee owner who is not involved in the operation of the dealership on a regular basis.

(30) To vary the price charged to any of its franchised new motor vehicle dealers located in this state for new motor vehicles based on the dealer's purchase of new facilities, supplies, tools, equipment, or other merchandise from the manufacturer, the dealer's relocation, remodeling, repair, or renovation of existing dealerships or construction of a new facility or upon the dealer's participation in training programs sponsored, endorsed, or recommended by the manufacturer.

The price of the vehicle, for purposes of this subdivision shall include the manufacturer's use of rebates, credits or other consideration which has the effect of causing a variance in the price of new motor vehicles offered to its franchised dealers located in the state.

Notwithstanding the foregoing, nothing in this subsection shall be deemed to preclude a manufacturer from establishing sales contests or promotions which provide or award dealers or consumers rebates or incentives.

Nothing contained in this subdivision shall prohibit a manufacturer from providing assistance

or encouragement to a franchised dealer to remodel, renovate, recondition, or relocate the dealer's existing facilities, provided that this assistance, encouragement, or rewards are not determined on a per vehicle basis.

In the event that at the time of the ratification of this act a manufacturer is currently operating a program or has in effect a policy which would violate this subdivision after the effective date of this act, it shall be lawful for that program or policy to continue in effect as to the manufacturer's franchised dealers located in this state until December 31, 1999. Any manufacturer shall be required to pay or otherwise compensate any franchise dealer who has earned the right to receive payment or other compensation under a program as of December 31, 1999 in accordance with the manufacturer's program or policy.

(31) Notwithstanding the terms of any contract, franchise, agreement, release, or waiver, to require that in any civil or administrati proceeding in which a new motor vehicle deal asserts any claims, rights, or defenses arising under this Article or under the franchise, that the dealer or any nonprevailing party compensate the manufacturer or prevailing party for any court costs, attorneys' fees, or other expenses incurred in the litigation.

(32) To require that any of its franchised new motor vehicle dealers located in this State pay any extra fee, purchase unreasonable or unnecessary quantities of advertising displays or other materials, or remodel, renovate, or recondition the dealers' existing facilities in order to receive any particular model or series of vehicles manufactured or distributed by the manufacturer for which the dealers have a valid franchise. Notwithstanding the foregoing, nothing contained in this subdivision shall be deemed to prohibit or prevent a manufacturer from requiring that its franchised dealers located in this State purchase special tools or equipment, stock reasonable quantities of certain parts, or participate training programs which are reasonably necessa

for those dealers to sell or service any model or series of vehicles."

Section 4. G.S. 20-305.1 reads as rewritten:

"**§ 20-305.1. Automobile dealer warranty obligations.**

(a) Each motor vehicle manufacturer, factory branch, distributor or distributor branch, shall specify in writing to each of its motor vehicle dealers licensed in this State the dealer's obligations for preparation, delivery and warranty service on its products, the schedule of compensation to be paid such dealers for parts, work, and service in connection with warranty service, and the time allowances for the performance of such work and service. In no event shall such schedule of compensation fail to include reasonable compensation for diagnostic work and associated administrative requirements as well as repair service and labor. Time allowances for the performance of warranty work and service shall be reasonable and adequate for the work to be performed. The compensation which must be paid under this section must be reasonable, provided, however, that under no circumstances may the reasonable compensation under this section be in an amount less than the dealer's current retail labor rate and the amount charged to retail customers for the manufacturer's or distributor's original parts for nonwarranty work of like kind, provided such amount is competitive with other franchised dealers within the dealer's market.

(b) Notwithstanding the terms of any franchise agreement, it is unlawful for any motor vehicle manufacturer, factory branch, distributor, or distributor branch to fail to perform any of its warranty obligations with respect to a motor vehicle, to fail to compensate its motor vehicle dealers licensed in this State for warranty parts other than parts used to repair the living facilities of recreational vehicles, at the prevailing retail rate according to the factors in subsection (a) of this section, or, in service in accordance with the schedule of compensation provided the dealer pursuant to subsection (a) above, and to fail to indemnify and hold harmless its franchised dealers licensed in this State against any judgment for damages or settlements agreed to by the manufacturer, including, but not limited to, court costs and reasonable attorneys' fees of the motor vehicle dealer, arising out of complaints, claims or lawsuits including, but not limited to, strict liability, negligence, misrepresentation, express or implied warranty, or recision or revocation of acceptance of the sale of a motor vehicle as defined in G.S. 25-2-608, to the extent that the judgment or settlement relates to

the alleged defective negligent manufacture, assembly or design of new motor vehicles, parts or accessories or other functions by the manufacturer, factory branch, distributor or distributor branch, beyond the control of the dealer. Any audit for warranty parts or service compensation shall only be for the 12-month period immediately following the date of the payment of the claim by the manufacturer, factory branch, distributor, or distributor branch. Any audit for sales incentives, service incentives, rebates, or other forms of incentive compensation shall only be for the 24-month period immediately following the date of the payment of the claim by the manufacturer, factory branch, distributor, or distributor branch. Provided, however, these limitations shall not be effective in the case of fraudulent claims.

(b1) All claims made by motor vehicle dealers pursuant to this section for compensation for delivery, preparation, warranty and recall work including labor, parts, and other expenses, shall be paid by the manufacturer within 30 days after receipt of claim from the dealer. When any claim is disapproved, the dealer shall be notified in writing of the grounds for disapproval. Any claim not specifically disapproved in writing within 30 days after receipt shall be considered approved and payment is due immediately. No claim which has been approved and paid may be charged back to the dealer unless it can be shown that the claim was false or fraudulent, that the repairs were not properly made or were unnecessary to correct the defective condition, or the dealer failed to reasonably substantiate the ~~claim in accordance with the written requirements of the manufacturer or distributor in effect at the time the claim arose.~~ claim. A manufacturer or distributor shall not deny a claim or reduce the amount to be reimbursed to the dealer as long as the dealer has provided reasonably sufficient documentation that the dealer:

(1) Made a good faith attempt to perform the work in compliance with the written policies and procedures of the manufacturer; and

(2) Actually performed the work.

(c) In the event there is a dispute between the manufacturer, factory branch, distributor, or distributor branch, and the dealer with respect to any matter referred to in subsections ~~(a) and (b) above and subsection (d) below,~~ (a), (b), or (d) of this section, either party may petition the Commissioner in writing, within 30 days after either party has given written notice of the dispute to the other, for a hearing on the subject and the decision of the Commissioner shall be binding on the parties,

subject to rights of judicial review and appeal as provided in Chapter 150B of the General Statutes; provided, however, that nothing contained herein shall give the Commissioner any authority as to the content of any manufacturer's or distributor's warranty. Upon the filing of a petition before the Commissioner under this subsection, any chargeback to or any payment required of a dealer by a manufacturer relating to warranty parts or service compensation, or to sales incentives, service incentives, rebates, or other forms of incentive compensation, shall be stayed during the pendency of the determination by the Commissioner.

(d) Transportation damages. --

(1) Notwithstanding the terms, provisions or conditions of any agreement or franchise, the manufacturer is liable for all damages to motor vehicles before delivery to a carrier or transporter.

(2) If a new motor vehicle dealer determines the method of transportation, the risk of loss passes to the dealer upon delivery of the vehicle to the carrier.

(3) In every other instance, the risk of loss remains with the manufacturer until such time as the new motor vehicle dealer or his designee accepts the vehicle from the carrier.

(4) Whenever a motor vehicle is damaged while in transit when the carrier or the means of transportation is designated by the manufacturer or distributor, or whenever a motor vehicle is otherwise damaged prior to delivery to the dealer, the dealer must:

a. Notify the manufacturer or distributor of such damage within three working days or within such additional time as authorized by the franchise agreement of the occurrence of the delivery of the motor vehicle as defined in subsection (1) of this section; and

b. Must request from the manufacturer or distributor authorization to repair the damages sustained or to replace the parts or accessories damaged.

(5) In the event the manufacturer or distributor refuses or fails to authorize repair or replacement of any such damage within ten working days after receipt of notification of damage by the dealer, ownership of the motor vehicle shall revert to the

manufacturer or distributor, and the dealer shall incur no obligation, financial or otherwise, for such damage to the motor vehicle.

(5a) No manufacturer shall fail to disclose in writing to a new motor vehicle dealer, at the time of delivery of a new motor vehicle, the nature and extent of any and all damage and post-manufacturing repairs made to such motor vehicle while in the possession or under the control of the manufacturer if the cost of such post-manufacturing repairs exceeds three percent (3%) of the manufacturer's suggested retail price. A manufacturer is not required to disclose to a new motor vehicle dealer that any glass, tires or bumper of a new motor vehicle was damaged at any time if the damaged item has been replaced with original or comparable equipment.

(6) Nothing in this subsection (d) shall relieve the dealer of the obligation to cooperate with the manufacturer as necessary in filing any transportation damage claim with the carrier.

(e) Damage/Repair Disclosure. -- Notwithstanding the provisions of subdivision (d)(4) of this section and in supplementation thereof, a new motor vehicle dealer shall disclose in writing to a purchaser of the new motor vehicle prior to entering into a sales contract any damage and repair to the new motor vehicle if the damage exceeds five percent (5%) of the manufacturer's suggested retail price as calculated at the rate of the dealer's authorized warranty rate for labor and parts.

(1) A new motor vehicle dealer is not required to disclose to a purchaser that any glass, tires or bumper of a new motor vehicle was damaged at any time if the damaged item has been replaced with original or comparable equipment.

(2) If disclosure is not required under this section, a purchaser may not revoke or rescind a sales contract due solely to the fact that the new motor vehicle was damaged and repaired prior to completion of the sale.

(3) For purposes of this section, 'manufacturer's suggested retail price' means the retail price of the new motor vehicle suggested by the manufacturer including the retail delivered price suggested the manufacturer for each accessory or item

optional equipment physically attached to the new motor vehicle at the time of delivery to the new motor vehicle dealer which is not included within the retail price suggested by the manufacturer for the new motor vehicle.

(f) The provisions of subsections (a), (b), (b1), (d) and (e) shall not apply to manufacturers and dealers of 'motorcycles' as defined in G.S. 20-4.01(27)."

A BILL TO BE ENTITLED

AN ACT TO STRENGTHEN AND CLARIFY THE DEALERS AND MANUFACTURERS LICENSING LAW.

The General Assembly of North Carolina enacts:

Section 1. Chapter 20 of the General Statutes is amended by adding a new section to read:

"**§ 20-297.1. Prefiling of franchise agreements and amendments.**

Any franchise, as defined in G.S. 20-286(8a), offered to a motor vehicle dealer in this State shall provide that all terms and conditions in the agreement inconsistent with any of the laws or rules of this State are of no force and effect. On or before January 1, 1998, every manufacturer, factory branch, distributor, or distributor branch licensed by the Commissioner under this Article which uses an identical or substantially similar form franchise for its dealers or distributors in this State shall file with the Commissioner a copy of the franchise and all supplements. Any applicant for licensing by the Commissioner as a manufacturer, factory branch, distributor, or distributor branch licensed under this Article, which would use an identical or substantially similar form franchise, as defined in G.S. 20-286(8a), for its dealers or distributors in this State, shall, as a condition for the issuance of a license, file with the Commissioner a copy of the franchise and all supplements thereto. Not later than 60 days prior to the date a revision, modification, or addition to a franchise is offered generally to a licensee's franchisees in this State, the licensee shall notify the

Commissioner of the proposed revision, modification, or addition to the franchise on file with the Commissioner and include with the notification:

(1) A copy of the form franchise which incorporates all of the proposed revisions, modifications, and additions;

(2) A separate statement which identifies all substantive revisions, modifications, and additions proposed.

It shall be unlawful for a franchise or any addendum or supplement thereto to be offered to a motor vehicle dealer in this State after January 1, 1998, until an applicant or licensee has complied with all of the requirements of this section. The Commissioner is authorized and directed to investigate and prevent violations of this section, including inconsistencies of any manufacturer's franchise with the provisions of this Article."

Section 2. G.S. 20-301 reads as rewritten:

"**§ 20-301. Powers of Commissioner.**

(a) The Commissioner shall promote the interests of the retail buyer of motor vehicles.

(b) The Commissioner shall have power to prevent unfair methods of competition and unfair or deceptive acts or ~~practices.~~ practices and other violations of this Article. Any franchised new motor vehicle dealer who believes that a manufacturer, factory branch, distributor, or distributor branch with whom the dealer holds a currently valid franchise has violated or is currently violating any provision of this Article may file a petition before the Commissioner setting forth the factual and legal basis for such violations. The Commissioner shall promptly forward a copy of the petition to the named manufacturer, factory branch, distributor, or distributor branch requesting a reply to the petition within 30 days. Allowing for sufficient time for the parties to conduct discovery, the Commissioner or his designee shall then hold an evidentiary hearing and render findings of fact and conclusions of law based on the evidence presented. Any parties to a hearing by the Commissioner concerning the establishment or relocating of a new motor vehicle dealer shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes.

(c) The Commissioner shall have the power in hearings arising under this Article to enter scheduling orders and limit the time and scope of discovery; to determine the date, time, and place where ~~they shall be~~ hearings are to be held; to subpoena witnesses; to take depositions of witnesses; and to administer oaths.

(d) The Commissioner may, whenever he shall believe from evidence submitted to him that any person has been or is violating any provision of this Article, in addition to any other ~~remedy~~ remedy, bring an action in the name of the State against ~~such~~ that person and any other persons concerned or in any way participating in, or about to participate in practices or acts so in violation, to enjoin ~~such~~ any persons ~~and such other persons~~ from continuing the ~~same.~~ violations.

(e) ~~The Commissioner shall limit the time for discovery in any contested administrative hearing conducted pursuant to Article 12 to a time not to exceed 60 days. The Commissioner may extend the time for discovery beyond 60 days either~~

~~upon the consent of all parties to the proceeding or upon application of one or more parties to the proceeding for good cause shown.~~ The Commissioner may issue rules and regulations to implement the provisions of this section and to establish procedures related to administrative proceedings commenced under this section."

Section 3. G.S. 20-305 reads as rewritten:

"**§ 20-305. Coercing dealer to accept commodities not ordered; threatening to cancel franchise; preventing transfer of ownership; granting additional franchises; terminating franchises without good cause; preventing family succession.**

It shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch, or any field representative, officer, agent, or any representative whatsoever of any of them:

(1) To require, coerce, or attempt to coerce any dealer to accept delivery of any motor vehicle or vehicles, parts or accessories therefor, or any other commodities, which shall not have been ordered by such dealer;

(2) To require, coerce, or attempt to coerce any dealer to enter into any agreement with such manufacturer, factory branch, distributor, or distributor branch, or representative thereof, or do any other act unfair to such dealer, by threatening to cancel any franchise existing between such manufacturer, factory branch, distributor, distributor branch, or representative thereof, and such dealer;

(3) Unfairly without due regard to the equities of the dealer, and without just provocation, to cancel the franchise of such dealer;

(4) Notwithstanding the terms of any franchise agreement, to prevent or refuse to approve the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale or assignment of a dealer franchise, or a change in the executive management or principal operator of the dealership, or relocation of the dealership to another site within the dealership's relevant market area, if the Commissioner has determined, if requested in writing by the dealer within 30 days after receipt of an objection to the proposed transfer, sale, assignment, relocation, or change, and after a hearing on the matter, that the failure to permit or honor the transfer, sale, assignment, relocation, or change is unreasonable under the circumstances. No franchise may be transferred, sold, assigned, relocated, or the executive management or principal operators changed, unless the franchisor has been given at least 30 days' prior written notice as to the identity, financial ability, and qualifications of the proposed transferee, the identity and qualifications of the persons proposed to be involved in executive management or as principal operators, and the location and site plans of any proposed relocation. The franchisor shall send the dealership notice of objection, by registered or certified mail,

return receipt requested, to the proposed transfer, sale, assignment, relocation, or change within 30 days after receipt of notice from the dealer, as provided in this section. Failure by the franchisor to send notice of objection within 30 days shall constitute waiver by the franchisor of any right to object to the proposed transfer, sale, assignment, relocation, or change. The manufacturer or distributor has the burden of proving that the proposed transfer, sale, assignment, relocation, or change is unreasonable under the circumstances.

(5) To enter into a franchise establishing an additional new motor vehicle dealer or relocating an existing new motor vehicle dealer into a relevant market area where the same line make is then represented without first notifying in writing the Commissioner and each new motor vehicle dealer in that line make in the relevant market area of the intention to establish an additional dealer or to relocate an existing dealer within or into that market area. Within 30 days of receiving such notice or within 30 days after the end of any appeal procedure provided by the manufacturer, any new motor vehicle dealer may file with the Commissioner a protest to the establishing or relocating of the new motor vehicle dealer. When a protest is filed, the Commissioner shall promptly inform the manufacturer that a timely protest has been filed, and that the manufacturer shall not establish or relocate the proposed new motor vehicle dealer until the Commissioner has held a hearing, nor thereafter, if the Commissioner has determined that there is good cause for not permitting the addition or relocation of such new motor vehicle dealer.

a. This section does not apply:

1. To the relocation of an existing new motor vehicle dealer within that dealer's relevant market area, provided that the relocation not be at a site within 10 miles of a licensed new motor vehicle dealer for the same line make of motor vehicle; or
2. If the proposed additional new motor vehicle dealer is to be established at or within two miles of a location at which a former licensed new motor vehicle dealer for the same line make of new motor vehicle had ceased operating within the previous two years;
3. To the relocation of an existing new motor vehicle dealer within two miles of the existing site of the new motor vehicle dealership;
4. To the relocation of an existing new motor vehicle dealer if the proposed site of the relocated new motor

vehicle dealership is further away from all other new motor vehicle dealers of the same line make in that relevant market area.

b. In determining whether good cause has been established for not entering into or relocating an additional new motor vehicle dealer for the same line make, the Commissioner shall take into consideration the existing circumstances, including, but not limited to:

1. The permanency of the investment of both the existing and proposed additional new motor vehicle dealers;
2. Growth or decline in population, density of population, and new car registrations in the relevant market area;
3. Effect on the consuming public in the relevant market area;
4. Whether it is injurious or beneficial to the public welfare for an additional new motor vehicle dealer to be established;
5. Whether the new motor vehicle dealers of the same line make in that relevant market area are providing adequate competition and convenient customer care for the motor vehicles of the same line make in the market area which shall include the adequacy of motor vehicle sales and service facilities, equipment, supply of motor vehicle parts, and qualified service personnel;
6. Whether the establishment of an additional new motor vehicle dealer or relocation of an existing new motor vehicle dealer in the relevant market area would increase competition in a manner such as to be in the long-term public interest; and
7. The effect on the relocating dealer of a denial of its relocation into the relevant market area.

c. The Commissioner ~~must~~ shall try to conduct the hearing and render his final determination ~~as expeditiously as possible, but in any event no later than~~ if possible, within 180 days after a protest is filed. ~~Unless waived by the parties, failure to do so shall be deemed the equivalent of a determination that good cause does not exist for refusing to permit the proposed additional or relocated motor vehicle dealer, unless such delay is caused by acts of the manufacturer, or the relocating or additional dealer.~~

d. Any parties to a hearing by the Commissioner concerning the establishment or relocating of a new motor vehicle dealer shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes.

e. In a hearing involving a proposed additional dealership, the manufacturer or distributor has the burden of proof under this section. In a proceeding involving the relocation of an existing dealership, the dealer seeking to relocate has the burden of proof under this section.

f. If the Commissioner determines, following a hearing, that good cause does not exist for refusing to permit the proposed additional or relocated motor vehicle dealership, the dealer seeking the proposed additional or relocated motor vehicle dealership must, within two years, obtain a license from the Commissioner for the sale of vehicles at the relevant site, and actually commence operations at the site selling new motor vehicles of all line makes, as permitted by the Commissioner. Failure to obtain a permit and commence sales within two years shall constitute waiver by the dealer of the dealer's right to the additional or relocated dealership, requiring renotification, a new hearing, and a new determination as provided in this section.

g. For purposes of this subdivision, the addition, creation, or operation of a 'satellite' or other facility, not physically part of or contiguous to an existing licensed new motor vehicle dealer, whether or not owned or operated by a person or other entity holding a franchise as defined by G.S. 20-286(8a), at which warranty service work authorized or reimbursed by a manufacturer is performed or at which new motor vehicles are offered for sale to the public, shall be considered an additional new motor vehicle dealer requiring a showing of good cause, prior notification to existing new motor vehicle dealers of the same line make of vehicle within the relevant market area by the manufacturer and the opportunity for a hearing before the Commissioner as provided in this subdivision.

(6) Notwithstanding the terms, provisions or conditions of any franchise or notwithstanding the terms or provisions of any waiver, to terminate, cancel or fail to renew any franchise with a licensed new motor vehicle dealer unless the manufacturer has satisfied the notice requirements of subparagraph c. and the Commissioner has determined, if requested in writing by the dealer within the time period specified in G.S. 20-305(6)c1II, III or IV, as applicable, and

after a hearing on the matter, that there is good cause for the termination, cancellation, or nonrenewal of the franchise and that the manufacturer has acted in good faith as defined in this act regarding the termination, cancellation or nonrenewal. When such a petition is made to the Commissioner by a dealer for determination as to the existence of good cause and good faith for the termination, cancellation or nonrenewal of a franchise, the Commissioner shall promptly inform the manufacturer that a timely petition has been filed, and the franchise in question shall continue in effect pending the Commissioner's decision. The Commissioner ~~must~~ shall try to conduct the hearing and render a final determination ~~no later than~~ within 180 days after a petition has been ~~filed; provided, however, that the Commissioner may extend such period of time upon application of a party and for good cause shown, or upon the consent of all parties to the proceeding.~~ filed. If the termination, cancellation or nonrenewal is pursuant to G.S. 20-305(6)c1III then the Commissioner shall give the proceeding priority consideration and shall try to render his final determination no later than 90 days after the petition has been filed. Any parties to a hearing by the Commissioner under this section shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes.

a. Notwithstanding the terms, provisions or conditions of any franchise or the terms or provisions of any waiver, good cause shall exist for the purposes of a termination, cancellation or nonrenewal when:

   1. There is a failure by the new motor vehicle dealer to comply with a provision of the franchise which provision is both reasonable and of material significance to the franchise relationship provided that the dealer has been notified in writing of the failure within 180 days after the manufacturer first acquired knowledge of such failure;
   2. If the failure by the new motor vehicle dealer relates to the performance of the new motor vehicle dealer in sales or service, then good cause shall be defined as the failure of the new motor vehicle dealer to comply with reasonable performance criteria established by the manufacturer if the new motor vehicle dealer was apprised by the manufacturer in writing of the failure; and

I. The notification stated that notice was provided of failure of performance pursuant to this section;

II. The new motor vehicle dealer was afforded a reasonable opportunity, for a period of not less than 180 days, to comply with the criteria; and

III. The new motor vehicle dealer failed to demonstrate substantial progress towards compliance with the manufacturer's performance criteria during such period and the new motor vehicle dealer's failure was not primarily due to economic or market factors within the dealer's relevant market area which were beyond the dealer's control.

b. The manufacturer shall have the burden of proof under this section.

c. Notification of Termination, Cancellation and Nonrenewal. --

1. Notwithstanding the terms, provisions or conditions of any franchise prior to the termination, cancellation or nonrenewal of any franchise, the manufacturer shall furnish notification of termination, cancellation or nonrenewal to the new motor vehicle dealer as follows:

I. In the manner described in G.S. 20-305(6)c2 below; and

II. Not less than 90 days prior to the effective date of such termination, cancellation or nonrenewal; or

III. Not less than 15 days prior to the effective date of such termination, cancellation or nonrenewal with respect to any of the following:

A. Insolvency of the new motor vehicle dealer, or filing of any petition by or against the new motor vehicle dealer under any bankruptcy or receivership law;

B. Failure of the new motor vehicle dealer to conduct its customary sales and service operations during its customary business hours for seven consecutive business days, except for acts of God or

circumstances beyond the direct control of the new motor vehicle dealer;

C. Revocation of any license which the new motor vehicle dealer is required to have to operate a dealership;

D. Conviction of a felony involving moral turpitude, under the laws of this State or any other state, or territory, or the District of Columbia.

IV. Not less than 180 days prior to the effective date of such termination or cancellation where the manufacturer or distributor is discontinuing the sale of the product line.

2. Notification under this section shall be in writing; shall be by certified mail or personally delivered to the new motor vehicle dealer; and shall contain:

I. A statement of intention to terminate, cancel or not to renew the franchise;

II. A statement of the reasons for the termination, cancellation or nonrenewal; and

III. The date on which the termination, cancellation or nonrenewal takes effect.

3. Notification provided in G.S. 20-305(6)c1II of 90 days prior to the effective date of such termination, cancellation or renewal may run concurrent with the 180 days designated in G.S. 20-305(6)a2II provided the notification is clearly designated by a separate written document mailed by certified mail or personally delivered to the new motor vehicle dealer.

d. Payments. --

1. Upon the termination, nonrenewal or cancellation of any franchise by the manufacturer or distributor, pursuant to this section, the new motor vehicle dealer shall be allowed fair and reasonable compensation by the manufacturer for the:

I. New motor vehicle inventory that has been acquired from the manufacturer within 18 months, at a price not to exceed the original manufacturer's price to the dealer, and which has not been altered or damaged, and which has not been driven more than 200 miles, and for which no certificate of title has been issued;

II. Unused, undamaged and unsold supplies and parts purchased from the manufacturer, at a

price not to exceed the original manufacturer's price to the dealer, provided such supplies and parts are currently offered for sale by the manufacturer or distributor in its current parts catalogs and are in salable condition;

III. Equipment and furnishings that have not been altered or damaged and that have been required by the manufacturer or distributor to be purchased by the new motor vehicle dealer from the manufacturer or distributor, or their approved sources; and

IV. Special tools that have not been altered or damaged and that have been required by the manufacturer or distributor to be purchased by the new motor vehicle dealer from the manufacturer or distributor, or their approved sources within five years immediately preceding the termination, nonrenewal or cancellation of the franchise.

2. Fair and reasonable compensation for the above shall be paid by the manufacturer within 90 days of the effective date of termination, cancellation or nonrenewal, provided the new motor vehicle dealer has clear title to the inventory and has conveyed title and possession to the manufacturer.

e. Dealership Facilities Assistance upon Termination, Cancellation or Nonrenewal. --

In the event of the termination, cancellation or nonrenewal by the manufacturer or distributor under this section, except termination, cancellation or nonrenewal for insolvency, license revocation, conviction of a crime involving moral turpitude, or fraud by a dealer-owner:

1. Subject to paragraph 3, if the new motor vehicle dealer is leasing the dealership facilities from a lessor other than the manufacturer, the manufacturer shall pay the new motor vehicle dealer a sum equivalent to the rent for the unexpired term of the lease or one year's rent, whichever is less, or such longer term as is provided in the franchise agreement between the dealer and manufacturer; or

2. Subject to paragraph 3, if the new motor vehicle dealer owns the dealership facilities, the manufacturer shall pay the new motor vehicle dealer a sum

equivalent to the reasonable rental value of the dealership facilities for one year.

3. Provided nothing in this paragraph e. shall relieve a lessee or owner, as the case may be, from the obligation to mitigate damages under the lease, nor prevent a manufacturer from occupying and using the dealership facilities while paying rent under subsections 1 and 2, nor prevent a manufacturer from obligations by negotiating a lease termination, a sublease or a new lease. Any amounts recovered by the lessee or owner resulting from mitigation of damages shall be deducted from the amount due from the manufacturer.

f. The provisions of paragraphs d. and e. above shall not be applicable when the termination, nonrenewal or cancellation of the franchise agreement is the result of the voluntary act of the dealer.

(7) Notwithstanding the terms of any contract or agreement, to prevent or refuse to honor the succession to a dealership, including the franchise, by a motor vehicle dealer's designated successor as provided for under this subsection.

a. Any owner of a new motor vehicle dealership may appoint by will, or any other written instrument, a designated ~~family member~~ successor to succeed in the ownership interest of the said owner in the new motor vehicle dealership, including the franchise, upon the death or incapacity of the owner.

b. Any objections by a manufacturer or distributor to an owner's appointment of a designated successor shall be asserted in accordance with the following procedure:

1. Within 30 days after receiving written notice of the identity of the owner's designated successor and general information as to the financial ability and qualifications of the designated successor, the franchisor shall send the owner and designated successor notice of objection, by registered or certified mail, return receipt requested, to the appointment of the designated successor. The notice of objection shall state in detail all facts which constitute the basis for the contention on the part of the manufacturer or distributor that good cause, as defined in this sub-subdivision below, exists for rejection of the designated ~~family member~~ successor. Failure by the franchisor to send notice of objection

within 30 days and otherwise as provided in this sub-subdivision shall constitute waiver by the franchisor of any right to object to the appointment of the designated successor.

2. Any time within 30 days of receipt of the manufacturer's notice of objection the owner or the designated successor may file a request in writing with the Commissioner that the Commissioner hold an evidentiary hearing and determine whether good cause exists for rejection of the designated successor. When such a request is filed, the Commissioner shall promptly inform the affected manufacturer or distributor that a timely request has been filed.

3. The Commissioner shall endeavor to hold the evidentiary hearing required under this sub-subdivision and render a determination within 180 days after receipt of the written request from the owner or designated successor. In determining whether good cause exists for rejection of the owner's appointed designated successor, the manufacturer or distributor has the burden of proving that the designated successor is a person who is not of good moral character or does not meet the franchisor's existing and reasonable standards and, considering the volume of sales and service of the new motor vehicle dealer, uniformly applied minimum business experience standards in the market area.

4. Any parties to a hearing by the Commissioner concerning whether good cause exists for the rejection of the dealer's designated successor shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes.

5. Nothing in this sub-subdivision shall preclude a manufacturer or distributor from, upon its receipt of written notice from a dealer of identity of the dealer's designated successor, requiring that the designated successor promptly provide personal and financial data that is reasonably necessary to determine the financial ability and qualifications of the designated successor; provided, however, that such a request for additional information shall not delay any of the time periods or constraints contained herein.

6. In the event death or incapacity of the owner occurs prior to the time a manufacturer or distributor receives notice of the owner's appointment of a designated successor or before the Commissioner has rendered a determination as provided above, the existing franchise shall remain in effect and the designated successor shall be deemed to have succeeded to all of the owner's rights and obligations in the dealership and under the franchise until a determination is made by the Commissioner or the rights of the parties have otherwise become fixed in accordance with this sub-subdivision.

c. Except as otherwise provided in sub-subdivision d. of this subdivision, any designated successor of a deceased or incapacitated owner of a new motor vehicle dealership appointed by such owner in substantial compliance with this section shall, by operation of law, succeed at the time of such death or incapacity to all of the ownership rights and obligations of the owner in the new motor vehicle dealership and under the existing franchise.

d. Within 60 days after the death or incapacity of the owner, a designated successor appointed in substantial compliance with this section shall give the affected manufacturer or distributor written notice of his or her succession to the ownership of the new motor vehicle dealership; provided, however, that the failure of the designated successor to give the manufacturer or distributor written notice as provided above within 60 days of the owner's death or incapacity shall not result in the waiver or termination of the designated successor's right to succeed to the ownership of the new motor vehicle dealership unless the manufacturer or distributor gives written notice of this provision to either the designated successor or the deceased or incapacitated owner's executor, administrator, guardian or other fiduciary by certified or registered mail, return receipt requested, and said written notice grants not less than 30 days time within which the designated successor may give the notice required hereunder, provided the designated successor or the deceased or incapacitated owner's executor, administrator, guardian or other fiduciary has given the manufacturer reasonable notice of death or incapacity. Within 30 days of receipt of the notice by the manufacturer or distributor from the designated successor provided in this paragraph, the manufacturer or distributor may request that the designated

successor complete the application forms generally utilized by the manufacturer or distributor to review the designated successor's qualifications to establish a successor dealership. Within 30 days of receipt of the completed forms, the manufacturer or distributor shall send a letter by certified or registered mail, return receipt requested, advising the designated successor of facts and circumstances which have changed since the manufacturer's or distributor's original approval of the designated successor, and which have caused the manufacturer or distributor to object to the designated successor. Upon receipt of such notice, the designated successor may either designate an alternative successor or may file a request for evidentiary hearing in accordance with the procedures provided in sub-subdivisions b. 2.-5. of this subdivision. In any such hearing, the manufacturer or distributor shall be limited to facts and circumstances which did not exist at the time the designated successor was originally approved or evidence which was originally requested to be produced by the designated successor at the time of the original request and was either not produced or the material which was produced was incorrect.

e. The designated successor shall agree to be bound by all terms and conditions of the franchise in effect between the manufacturer or distributor and the owner at the time of the owner's death or incapacity, if so requested in writing by the manufacturer or distributor subsequent to the owner's death or incapacity.

f. This section does not preclude an owner of a new motor vehicle dealership from designating any person as his successor by written instrument filed with the manufacturer or distributor, and, in the event there is an inconsistency between the successor named in such written instrument and the designated successor otherwise appointed by the owner consistent with the provisions of this section, and that written instrument has not been revoked by the owner of the new motor vehicle dealership in writing to the manufacturer or distributor, then the written instrument filed with the manufacturer or distributor shall govern as to the appointment of the successor.

(8) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to order or accept delivery of any new motor vehicle with special features, accessories or equipment not included in the list price of such motor vehicles as publicly advertised by the manufacturer or distributor.

(9) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to participate monetarily in an advertising campaign or contest, or to purchase unnecessary or unreasonable quantities of any promotional materials, training materials, training programs, showroom or other display decorations or materials at the expense of the new motor vehicle dealer, provided that nothing in this subsection shall preclude a manufacturer or distributor from including an unitemized uniform charge in the base price of the new motor vehicle charged to the dealer where such charge is attributable to advertising costs incurred or to be incurred by the manufacturer or distributor in the ordinary courses of its business.

(10) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to change the capital structure of the new motor vehicle dealer or the means by or through which the new motor vehicle dealer finances the operation of the dealership provided that the new motor vehicle dealer at all times meets any reasonable capital standards determined by the manufacturer in accordance with uniformly applied criteria; and also provided that no change in the capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor, provided that said consent shall not be unreasonably withheld.

(11) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to refrain from participation in the management of, investment in, or the acquisition of any other line of new motor vehicle or related products; Provided, however, that this subsection does not apply unless the new motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicle, and the new motor vehicle dealer remains in compliance with any reasonable capital standards and facilities requirements of the manufacturer. The reasonable facilities requirements shall not include any requirement that a new motor vehicle dealer establish or maintain exclusive facilities, personnel, or display space, when such requirements, or any of them, would be unreasonable in light of current economic conditions and would not otherwise be justified by reasonable business considerations.

(12) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to change location of the dealership, or to make any substantial alterations to the dealership premises or facilities, when to do so would be unreasonable, or without written assurance of a sufficient supply of new motor vehicles so as to justify such an expansion, in light of the current market and economic conditions.

(13) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to prospectively assent to a release, assignment, novation, waiver or estoppel which would relieve any person from liability to be imposed by this law or to require any controversy between a new motor vehicle dealer and a manufacturer, distributor, or representative, to be referred to any person other than the duly constituted courts of the State or the United States of America, or to the Commissioner, if such referral would be binding upon the new motor vehicle dealer.

(14) To delay, refuse, or fail to deliver motor vehicles or motor vehicle parts or accessories in reasonable quantities relative to the new motor vehicle dealer's facilities and sales potential in the new motor vehicle dealer's relevant market area, and within a reasonable time, after receipt of an order from a dealer having a franchise for the retail sale of any new motor vehicle sold or distributed by the manufacturer or distributor, any new vehicle, parts or accessories to new vehicles as are covered by such franchise, and such vehicles, parts or accessories as are publicly advertised as being available or actually being delivered. The delivery to another dealer of a motor vehicle of the same model and similarly equipped as the vehicle ordered by a motor vehicle dealer who has not received delivery thereof, but who has placed his written order for the vehicle prior to the order of the dealer receiving the vehicle, shall be evidence of a delayed delivery of, or refusal to deliver, a new motor vehicle to a motor vehicle dealer within a reasonable time, without cause. This subsection is not violated, however, if such failure is caused by acts or causes beyond the control of the manufacturer, distributor, factory branch, or factory representative.

(15) To refuse to disclose to any new motor vehicle dealer, handling the same line make, the manner and mode of distribution of that line make within the State.

(16) To award money, goods, services, or any other benefit to any new motor vehicle dealership employee, either directly or indirectly, unless such benefit is promptly accounted for, and transmitted to, or approved by, the new motor vehicle dealer.

(17) To increase prices of new motor vehicles which the new motor vehicle dealer had ordered and which the manufacturer or distributor has accepted for immediate delivery for private retail consumers prior to the new motor vehicle dealer's receipt of the written official price increase notification. A sales contract signed by a private retail consumer shall constitute evidence of each such order provided that the vehicle is in fact delivered to that customer. Price differences applicable to new model or series shall

not be considered a price increase or price decrease. Price changes caused by either: (i) the addition to a new motor vehicle of required or optional equipment; or (ii) revaluation of the United States dollar, in the case of foreign-make vehicles or components; or (iii) an increase in transportation charges due to increased rates imposed by carriers; or (iv) new tariffs or duties imposed by the United States of America or any other governmental authority, shall not be subject to the provisions of this subsection.

(18) To prevent or attempt to prevent a dealer from receiving fair and reasonable compensation for the value of the franchised business transferred in accordance with G.S. 20-305(4) above.

(19) To offer any refunds or other types of inducements to any person for the purchase of new motor vehicles of a certain line make to be sold to the State or any political subdivision thereof without making the same offer available upon request to all other new motor vehicle dealers in the same line make within the State.

(20) To release to any outside party, except under subpoena or as otherwise required by law or in an administrative, judicial or arbitration proceeding involving the manufacturer or new motor vehicle dealer, any confidential business, financial, or personal information which may be from time to time provided by the new motor vehicle dealer to the manufacturer, without the express written consent of the new motor vehicle dealer.

(21) To deny any new motor vehicle dealer the right of free association with any other new motor vehicle dealer for any lawful purpose.

(22) To unfairly discriminate among its new motor vehicle dealers with respect to warranty reimbursements or authority granted its new motor vehicle dealers to make warranty adjustments with retail customers.

(23) To engage in any predatory practice against or unfairly compete with a new motor vehicle dealer located in this State.

(24) To terminate any franchise solely because of the death or incapacity of an owner who is not listed in the franchise as one on whose expertise and abilities the manufacturer relied in the granting of the franchise.

(25) To require, coerce, or attempt to coerce a new motor vehicle dealer in this State to either establish or maintain exclusive facilities, personnel, or display space, when such requirements, or any of them, would be unreasonable in light of current economic conditions and would not otherwise be justified by reasonable business considerations.

(26) To resort to or to use any false or misleading advertisement in the conducting of its business as a manufacturer or distributor in this State.

(27) To knowingly make, either directly or through any agent or employee, any material statement which is false or misleading and which induces any new motor vehicle dealer to enter into any agreement or franchise or to take any action which is materially prejudicial to that new motor vehicle dealer or his business.

(28) To require, coerce, or attempt to coerce any new motor vehicle dealer to purchase or order any new motor vehicle as a precondition to purchasing, ordering, or receiving any other new motor vehicle or vehicles. Nothing herein shall prevent a manufacturer from requiring that a new motor vehicle dealer fairly represent and inventory the full line of new motor vehicles which are covered by the franchise agreement.

(29) To require, coerce, or attempt to coerce any new motor vehicle dealer to sell, transfer, or otherwise issue stock or other ownership interest in the dealership corporation to a general manager or any other person involved in the management of the dealership other than the dealer principal or dealer operator named in the franchise, unless the dealer principal or dealer operator is an absentee owner who is not involved in the operation of the dealership on a regular basis.

(30) To vary the price charged to any of its franchised new motor vehicle dealers located in this State for new motor vehicles based on the dealer's purchase of new facilities, supplies, tools, equipment, or other merchandise from the manufacturer, the dealer's relocation, remodeling, repair, or renovation of existing dealerships or construction of a new facility or upon the dealer's participation in training programs sponsored, endorsed, or recommended by the manufacturer.

The price of the vehicle, for purposes of this subdivision shall include the manufacturer's use of rebates, credits, or other consideration which has the effect of causing a variance in the price of new motor vehicles offered to its franchised dealers located in the State.

Notwithstanding the foregoing, nothing in this subdivision shall be deemed to preclude a manufacturer from establishing sales contests or promotions which provide or award dealers or consumers rebates or incentives.

Nothing contained in this subdivision shall prohibit a manufacturer from providing assistance or encouragement to a franchised dealer to remodel, renovate, recondition, or relocate the dealer's existing facilities, provided that this assistance, encouragement, or rewards are not determined on a per vehicle basis.

In the event that at the time of the ratification of this act a manufacturer is currently operating a program or has in effect a policy which would violate this subdivision after the effective date of this act, it shall be lawful for that program or policy to continue in effect as to the manufacturer's franchised dealers located in this State until December 31, 1999. Any manufacturer shall be required to pay or otherwise compensate any franchise dealer who has earned the right to receive payment or other compensation under a program as of December 31, 1999, in accordance with the manufacturer's program or policy.

(31) Notwithstanding the terms of any contract, franchise, agreement, release, or waiver, to require that in any civil or administrative proceeding in which a new motor vehicle dealer asserts any claims, rights, or defenses arising under this Article or under the franchise, that the dealer or any nonprevailing party compensate the manufacturer or prevailing party for any court costs, attorneys' fees, or other expenses incurred in the litigation.
