Any person who shall practice, or offer to practice, engineering or land surveying in this State without first being ~~registered~~ licensed in accordance with the provisions of this Chapter, or any person, firm, partnership, organization, association, corporation, or other entity using or employing the words 'engineer' or 'engineering' or 'professional engineer' or 'professional engineering' or 'land surveyor' or 'land surveying,' or any modification or derivative ~~thereof~~ of those words in its name or form of business or activity except as ~~registered~~ licensed under this Chapter or in pursuit of activities exempted by this Chapter, or any person presenting or attempting to use the certificate of ~~registration~~ licensure or the seal of another, or any person who shall give any false or forged evidence of any kind to the Board or to any member ~~thereof~~ of the Board in obtaining or attempting to obtain a certificate of ~~registration,~~ licensure, or any person who shall falsely impersonate any other ~~registrant~~ licensee of like or different name, or any person who shall attempt to use an expired or revoked or nonexistent certificate of ~~registration,~~ licensure, or who shall practice or offer to practice when not qualified, or any person who falsely claims that ~~he~~ the person is registered under this Chapter, or any person who shall violate any of the provisions of this Chapter, in addition to injunctive procedures set out hereinbefore, shall be guilty of a Class 2 misdemeanor. Section 24. G.S. 89C-25.1 reads as rewritten:

"§ 89C-25.1. Supervision of ~~unregistered~~ unlicensed individuals by ~~registered~~ licensed person.

In all circumstances in which ~~unregistered~~ unlicensed individuals are permitted under this Chapter to perform engineering or land surveying work, or both, under the supervision of a ~~registered~~ licensed engineer, land surveyor, or both, the Board may by regulation establish a reasonable limit on the number of ~~unregistered~~ unlicensed individuals which a ~~registrant~~ licensee of the Board may directly or personally supervise at one time."

Section 25. G.S. 89C-28 reads as rewritten:

"§ 89C-28. Existing ~~registration~~ licensure not affected.

EXPLANATION OF HOUSE BILL 794 (PCS):
Engineering and Land Surveying Changes

TO: Senate Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: July 15, 1998
SPONSOR: Representative Ives

Senate Bill 794 makes several changes to the laws governing the licensing of land surveyors and engineers. The Bill passed the House during the Long Session and was referred to Senate Commerce. The Bill was then re-referred to Senate Finance There are numerous grammatical and technical changes throughout the Bill, and there are also several substantive changes. Among these changes are the following:

- The certificate of registration for land surveyors and professional engineers will become known as a certificate of licensure.
- Registered land surveyors will become known as professional land surveyors. Engineers are already referred to under the existing law as professional engineers. (Page 1 of Bill)
- The definition of what constitutes the practice of land surveying is revised and updated. (Page 3-5 of Bill)
- Definitions are added for "inactive licensee", "retired professional engineer", and "retired Professional land surveyor". (Page 2 and 6 of Bill)
- The State Board of Registration for Professional Engineers and Land Surveyors, which is renamed in the Bill as the "State Board of Examiners for Engineers and Surveyors", may license continuing education sponsors and may charge a fee up to $250.00 for the license. (Page 10 of Bill)
- The requirements for licensure as a land surveyor or engineer are changed as follows:
    - Comity applicants for a professional engineer license must submit 5 references, 2 of whom are professional engineers having personal knowledge of the applicant's engineering experience. (Page 11 of Bill)
    - The engineer-in-training is renamed the engineering intern. A student who has attained senior status in an accredited engineering program can be certified to sit for the exam as an intern. Under current law, a graduate of an engineering curriculum or related science curriculum can also be certified to sit for the exam. (Page 12 and 14 of Bill)
    - A land surveyor applicant with a bachelor of science degree must have 2 years (currently 1 year) of practical experience. An applicant with an associate degree in surveying technology must have 4 years (currently 3 years) of practical experience, 3 of which (currently 2 of which) were under a licensed land surveyor. A high school graduate or a person

with a high school equivalency certificate must continue to have at least 7 years of practical experience. Current law requires that six of these years must have been under a license land surveyor. The Bill spells out when these particular applicants can take the two required exams on page 17 of the Bill

- A land surveyor intern with a high school education must currently have 5 years of experience, 4 of which are under a licensed land surveyor. This requirement is not changed. (Page 20 of Bill)

- Licenses are added for photgrammetrists who have 7 years experience, meet certain other qualifications, and apply to the Board by July 1, 1999. After that date, applicants for photogrammetry must meet the same licensing requirements as a land surveyor. Photogrammetry is the science of making reliable measurements by use of photographs and especially aerial photographs. (Page 18 of Bill)
- A provision is added stating that land surveying consists of different disciplines and that a surveyor can practice only in those areas within the surveyor's expertise (Page 19 of Bill).
- Immediate family members of the applicant are disqualified from serving as references. (Page 20 of Bill).
- The amount of the initial and renewal fees are changed for certification as a professional engineering or land surveying corporation. Current law requires that the initial fee not exceed $50.00 in accordance with G.S. 55B-10 of the Professional Corporation Act), and that the renewal fee not exceed $25.00 in accordance with G.S. 55B-11. The Bill provides that the initial fee shall not exceed $100.00 , and that the renewal fee shall not exceed $75.00. (Page 21 of Bill)
- The criteria for retaking an exam after failure or unexcused absence are revised. An individual with any combination of three failures or unexcused absences on an examination must wait 12 months before applying with the appropriate application fee for reexamination. This individual then may be retested only once in a 12-month period. Currently, if a person fails the exam three times, the person must make a written appeal to the Board before taking a reexamination.(Page 21 of Bill)
- The annual license renewal fee increases from a maximum of $50.00 to $75.00. (Page 24 of Bill).
- The "grace" period for renewing late, without having to reapply and retake the exam, is reduced from 36 months to 12 months following delinquency. If a person fails to renew a certificate during January and does not submit within the next 12 months, the renewal fee plus a late penalty of $100 is

required. Current law requires that the renewal fee be increased ten percent for each month or fraction of a month that a payment is late.(Page 24 of Bill).

- A licensee can ask for and be granted inactive status Once granted, the licensee must submit annual renewal fees, but is not subject to continuing professional competency requirements.(Page 24 of Bill).
- Licensees must cooperate fully with the Board in the course of any investigation. (Page 26 of Bill)

The act is effective when it becomes law and applies to persons applying for licenses on or after that date and to persons practicing engineering and land surveying on or after that date.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: N. C. State Board of Registration for Professional Engineers and Land Surveyors

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: The bill make substantive changes to the North Carolina Engineering and Land Surveying Act (GS Chapter 89C).

ASSUMPTIONS AND METHODOLOGY: The following sections of the bill have fee changes or new fees imposed:

Section 8 - A $250 license fee is charged to sponsors of continuing professional competency activities such as courses or extension courses. The Board currently has agreements with 150 groups offering this service and will not impose this license fee on them. The Board does not

anticipate any new entrants into this field in the near future. Since there is no charge in the bill for annual renewal of the license, no revenue is anticipated from this section.

Section 11 - This section will allow Photogrammetrists to be licensed for the first time by the Board. The Board estimates that the 75 persons that currently qualify for this license in North Carolina will pay a $100 application fee in FY 1998-99 and a $40 annual renewal fee thereafter.

Section 12 - Part (b) of this section says that the "Board may charge any fee necessary to defray the cost of any required examinations". The Board has been doing this, but had no statutory authority. Part (c) of this section sets the certification fee for a corporation at a rate not to exceed $100. The fee is currently $50 and the Board will raise the fee to $100 upon passage of the bill. This section also raises the renewal fee for corporations to a rate not to exceed $75. The rate is now $25 and the Board plans to raise it to $50.

There are currently 1700 firms registered with the Board. The Executive Secretary of the Board estimates that 200 firms will apply for a license each year, while 100 firms will choose not to renew their license. This fluctuation in licenses is due mainly to out of state companies working in the state.

	FY 97-98	FY 98-99	FY 99-00	FY 00-01	FY 01-02	FY 02-03
Renewal	1,700	1,800	1,900	2,000	2,100	2,200
Lapse	100	100	100	100	100	100
New	200	200	200	200	200	200

The chart below shows the additional revenue generated if the Board increases the rates to $100 initial and $75 renewal for corporations - the maximum allowed in the bill.

	FY 97-98	FY 98-99	FY 99-00	FY 00-01	FY 01-02	FY 02-03
Renewal	$80,000	$85,000	$90,000	$95,000	$100,000	$110,000
New	$10,000	$10,000	$10,000	$10,000	$10,000	$10,000
	$90,000	$95,000	$100,000	$105,000	$110,000	$120,000

Section 15 - The renewal of an individual license is increased from an amount not to exceed $50 to an amount not to exceed $75. The 17,200 individuals now registered with the Board pay $40 a year. The Board does not plan to raise this fee in the near future. However, if the Board reconsidered and voted to increase their fee from $40 to the maximum $75, it would increase revenue $602,000 each year.

This section also increases the late fee from 10% a month to a flat rate of $100. There is no estimate of the impact of this fee, but is hoped that it will discourage late filers.

NOTE: The Board's Financial Statement for the year ending November 30, 1997 shows a fund balance of $426,696. The Board tries to keep a reserve equal to one half of their annual budget ($1,060,000 in 1998) for emergencies.

A BILL TO BE ENTITLED

AN ACT TO REQUIRE THAT THE THE CLEAR PROCEEDS OF ALL CIVIL PENALTIES AND CIVIL FORFEITURES THAT ARE COLLECTED BY STATE AGENCIES BE DEPOSITED IN THE STATE CIVIL PENALTY AND FORFEITURE FUND.

The General Assembly of North Carolina enacts:

Section 1. This act becomes effective July 1, 1997.

EXPLANATION OF SENATE BILL 882 (PCS):
Civil Penalties Clarified

TO: Senate Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: July 20, 1998
SPONSOR: Senator Winner

The proposed committee substitute for Senate Bill 882 makes clarifying changes to the statutes of a number of State agencies requiring these agencies to deposit the clear proceeds of civil penalties and forfeitures into the Civil Penalty and Forfeiture Fund. This Fund was created during the last session of the 1997 General Assembly, as part of Senate Bill 352 (The Appropriations Act). The Fund consists of the clear proceeds of all civil penalties and civil forfeitures that are collected by a State agency and that are payable to the county school fund pursuant to Section 7 of Article IX of the State Constitution. The State agency must remit these proceeds to the Office of State Budget and Management within ten days after the close of the calendar month in which the penalties or forfeitures were collected or received. The Office of State Budget and Management then must transfer the funds to the State School Technology Fund. These funds will be allocated to local school units on the basis of average daily membership (ADM).

Section 7 of Article IX of the State Constitution provides that the "clear proceeds of all penalties and forfeitures and of all fines collected in the several counties for any breach of the penal laws of the State, shall belong to and remain in the several counties, and shall be faithfully appropriated and used exclusively for maintaining free public schools." The North Carolina Supreme Court in *Craven County Board of Education v. Boyles*, 343 N.C. 87 (1996), made it clear that the above constitutional provision covers penalties paid to a State agency. In that court case the issue was whether monies paid to the Department of Environment and Natural Resource (DENR)pursuant to a settlement agreement for violations of environmental laws constituted a penalty, forfeiture, or fine under Article IX, Section 7 of the State Constitution. (DENR had assessed a civil penalty against a pulp mill in Craven County.) In deciding that the monies were covered by the State Constitution and therefore should go to the Craven County Board of Education, the Court explained that the monies accrued to the State and that they constituted a penalty. The creation of the Civil Penalty and Forfeiture Fund was enacted after this Supreme Court decision.

Constitutional issues that remain to be litigated are whether the General Assembly has the authority to distribute fines and forfeitures of a State agency on the basis of average daily membership rather than to the county of origin and whether the General Assembly has the authority to transfer the monies to the

School Technology Fund. There is also disagreement about the treatment of late fees, parking and library fines, and some penalties assessed by the Department of Revenue and Department of Transportation. The last group of penalties are viewed by the Department of Revenue and Department of Transportation as taxes instead of fines and forfeitures.

The proposed committee substitute clarifies that the civil penalties and forfeitures from certain State agencies will go to the Civil Penalty and Forfeiture Fund. The proposed committee substitute contains the following penalties and forfeitures from State agencies that both the Attorney General's Office and the School Board Association agree are covered by the Craven County decision.

REVENUES					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Office of State Budget & Management; All state agencies with civil penalties

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: The act requires state agencies to deposit the clear proceeds of civil penalties and civil forfeitures into the Civil Penalty and Forfeiture Fund.

ASSUMPTIONS AND METHODOLOGY: There is no fiscal impact because section 8.20 of the 1997 Appropriations Act (S. L. 1997-443) established the Civil Penalty and Forfeiture Fund and directed all state agencies to remit the proceeds of all civil penalties and civil forfeitures to the Office of State Budget & Management for deposit into this fund. This legislative action was prompted by a 1996 state supreme court ruling in Craven County Board of Education v. Boyles that said state agencies must also comply with the section of the state constitution requiring penalties and fines be used to benefit public schools. It is estimated that agencies will transfer $3 to $5 million a year into the Civil Penalty and Forfeiture Fund.

Any interested person who may show himself to be adversely affected by any such seizure and sale shall have the right to intervene in such suit to protect his rights.

The action referred to above shall be strictly in rem and shall proceed in the name of the State as plaintiff against the illegal oil, illegal gas or illegal product mentioned in the complaint, as defendant, and no bond or bonds shall be required of the plaintiff in connection therewith. Upon the filing of the complaint, the clerk of the court shall issue a summons directed to the sheriff of the county, or to such other officer or person as the court may authorize to serve process, requiring him to summon any and all persons (without undertaking to name them) who may be interested in the illegal oil, illegal gas, or illegal product mentioned in the complaint to appear and answer within 30 days after the issuance and service of such summons. The summons shall contain the style and number of the suit and a very brief statement of the nature of the cause of action. It shall be served by posting one copy thereof at the courthouse door of the county where the commodity involved in the suit is alleged to be located and by posting another copy thereof near the place where the commodity is alleged to be located. A copy of the summons shall also be published once each week for four weeks in some newspaper published in the county where the suit is pending and having a bona fide circulation therein. No judgment shall be pronounced by any court condemning such commodity as contraband until after the lapse of five days from the last publication of said summons. Proof of service of said summons, and the manner thereof, shall be as provided by general law.

Where it appears by a verified pleading on the part of the plaintiff, or by affidavit, or affidavits, or by oral testimony, that grounds for the seizure and sale exist, the clerk, in addition to the summons or warning order, shall issue a warrant of attachment, which shall be signed by the clerk and bear the seal of the court. Such warrant of attachment shall specifically describe the illegal oil, illegal gas or illegal

product, so that the same may be identified with reasonable certainty. It shall direct the sheriff to whom it is addressed to take into his custody, actual or constructive, the illegal oil, illegal gas or illegal product, described therein, and to hold the same subject to the orders of the court. Said warrant of attachment shall be executed as a writ of attachment is executed. No bond shall be required before the issuance of such warrant of attachment, and the sheriff shall be responsible upon his official bond for the proper execution thereof.

Sales of illegal oil, illegal gas or illegal product seized under the authority of this law, and notices of such sales, shall be in accordance with the laws of this State relating to the sale and disposition of attached property; provided, however, that where the property is in custody of a commissioner of the court, the sale shall be held by said commissioner and not by the sheriff. For his services hereunder, such commissioner shall receive a reasonable fee to be paid out of the proceeds of the sale or sales to be fixed by the court ordering such sale.

The court may order that the commodity be sold in specified lots or portions, and at specified intervals, instead of being sold at one time. Title to the amount sold shall pass as of the date of the law which is found by the court to make the commodity contraband. The judgment shall provide for ~~payment of the proceeds of the sale into the general fund of the State Treasurer, after first deducting the costs in connection with the proceedings and the sale.~~ the clear proceeds of the sales to be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. Nothing in this section shall deny or abridge any cause of action a royalty owner, or a lienholder, or any other claimant, may have, because of the forfeiture of the illegal oil, illegal gas, or illegal product, against the person whose act resulted in such forfeiture. No illegal oil, illegal gas or illegal product shall be sold for less than the average market value at the time of sale of similar products of like grade and character."

Section 26. G.S. 105-163.014(d)(2) reads as rewritten:

"(2) ~~Within~~ Except as provided in subsection (d1) of this section, within five years after the investment was made, the qualified business venture or qualified grantee business in which the investment was made makes a redemption with respect to the securities received in the investment."

Section 27. G.S. 105-163.010 is amended by adding a new subdivision to read:

"(10a) Related person. -- A person described in one of the relationships set forth in section 267(b) or 707(b) of the Code."

Section 28. G.S. 105-163.010(14) reads as rewritten:

"(14) Subordinated debt. -- Indebtedness that ~~(i) by its terms matures five or more years after its issuance, (ii) is not secured, and (iii)~~ is not secured and is subordinated to all other indebtedness of the issuer issued or to be issued to a financial institution other than a financial institution described in subdivisions (5)(ii) through (5)(v) of this section. ~~Any~~ Except as provided in G.S. 105-163.014(d1), any portion of indebtedness that matures earlier than five years after its issuance is not subordinated debt."

Section 29. G.S. 105-163.013(b) reads as rewritten:

"(b) Qualified Business Ventures. -- In order to qualify as a qualified business venture under this Division, a business must be registered with the Securities Division of the Department of the Secretary of State. To register, the business must file with the Secretary of State an application and any supporting documents the Secretary of State may require from time to time to determine that the business meets the

requirements for registration as a qualified business venture. A business meets the requirements for registration as a qualified business venture if all of the following are true as of the date the business files the required application:

(1) Repealed by Session Laws 1996, Second Extra Session, c. 14, s. 7.

(1b) Either (i) it was organized after January 1 of the calendar year in which its application is filed or (ii) during its most recent fiscal year before filing the application, it had gross revenues, as determined in accordance with generally accepted accounting principles, of five million dollars ($5,000,000) or less on a consolidated basis.

(2) Repealed by Session Laws 1996, Second Extra Session, c. 14, s. 7.

(3) It is organized to engage primarily in manufacturing, processing, warehousing, wholesaling, research and development, or a service-related industry.

(4) It does not engage as a substantial part of its business in any of the following:

a. Providing a professional service as defined in Chapter 55B of the General Statutes.

b. Construction or contracting.

c. Selling or leasing at retail.

d. The purchase, sale, or development, or purchasing, selling, or holding for investment of commercial paper, notes, other indebtedness, financial instruments, securities, or real property, or otherwise make investments.

e. Providing personal grooming or cosmetics services.

f. Offering any form of entertainment, amusement, recreation, or athletic or fitness activity for which an admission or a membership is charged.

(5) It was not formed for the primary purpose of acquiring all or part of the stock or assets of one or more existing businesses.

(6) It is not a real estate-related business.

The effective date of registration for a qualified business venture whose application is accepted for registration is ~~the filing date of its application.~~ 60 days before the date its application was filed. No credit is allowed under this Division for an investment made before the effective date of the registration or after the registration is revoked. For the purpose of this Article, if a taxpayer's investment is placed initially in escrow conditioned upon other investors' commitment of additional funds, the date of the investment is the date escrowed funds are transferred to the qualified business venture free of the condition.

To remain qualified as a qualified business venture, the business must renew its registration annually as prescribed by rule by filing a financial statement for the most recent fiscal year showing gross revenues, as determined in accordance with generally accepted accounting principles, of five million dollars ($5,000,000) or less on a

consolidated basis and an application for renewal in which the business certifies the facts required in the original application.

Failure of a qualified business venture to renew its registration by the applicable deadline shall result in revocation of its registration effective as of the next day after the renewal deadline, but shall not result in forfeiture of tax credits previously allowed to taxpayers who invested in the business except as provided in G.S. 105-163.014. The Secretary of State shall send the qualified business venture notice of revocation within 60 days after the renewal deadline. A qualified business venture may apply to have its registration reinstated by the Secretary of State by filing an application for reinstatement, accompanied by the reinstatement application fee and a late filing penalty of one thousand dollars ($1,000), within 30 days after receipt of the revocation notice from the Secretary of State. A business that seeks approval of a new application for registration after its registration has been revoked must also pay a penalty of one thousand dollars ($1,000). A registration that has been reinstated is treated as if it had not been revoked.

If the gross revenues of a qualified business venture exceed five million dollars ($5,000,000) in a fiscal year, the business must notify the Secretary of State in writing of this fact by filing a financial statement showing the revenues of the business for that year."

Section 30. Sections 1 - 22 of this act become effective September 1, 1998. Sections 23 and 24 of this act are effective when this act becomes law. The remainder of this act is effective for taxable years beginning on or after January 1, 1998.

EXPLANATION OF SENATE BILL 1241:
Proposed Committee Substitute
Amendments to the Revenue Laws

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 15, 1998
SPONSOR: Senator Hoyle

The proposed committee substitute for Senate Bill 1241 incorporates two bills that the committee has previously discussed:

- Senate Bill 1241, which amends several provisions in the penalty sections of the revenue laws at the request of the Department of Revenue. These changes are contained in sections 1 through 22 of the bill. They become effective September 1, 1998.
- Senate Bill 1239, which extends the sunset for the qualified business tax credit an additional four years, until the year 2003. It retains the current $6 million cap on the credit. This change is contained in sections 23 and 24 of the bill. It becomes effective when the act becomes law.

Senate Bill 1241:

G.S. 105-237 gives the Secretary the authority to waive or reduce all penalties imposed under the tax laws, except the penalty for bad checks. In practice, the authority to waive or reduce penalties is delegated to approximately 55 individuals who are in the collection field offices and the audit department located in Raleigh. The Department of Revenue has a penalty policy that these employees must follow to ensure consistent treatment among taxpayers. The Department of Revenue is currently revising its penalty guidelines. As part of the review process, the Department looked at all of the penalty provisions in Chapter 105. Based upon its review of the penalty provisions, the Department of Revenue requested the Revenue Laws Study Committee to recommend the following changes contained in sections 1 - 22 of this bill:

- It conforms the waiver provision in the inheritance tax statutes with the general rule of G.S. 105-237: the Secretary may waive penalties, but not interest.
- It repeals several penalties that are obsolete or ineffective.
- It provides that a refund of sales taxes, motor fuel taxes, and excise taxes on sacramental wine are barred if filed more than 3 years after their due date. The current law provides a reduction of the amount refunded for late applications.

- It clarifies that additional taxes are assessable as penalties so that it is clear the taxes may be waived by the Secretary. It also clarifies that penalties are assessable as additional taxes to ensure the taxpayer receives the full administrative and judicial remedies applicable to tax assessments. This clarification conforms with the statutory definition of "tax" in G.S. 105-228.90: "[T]he term "tax" and "additional tax" include penalties and interest as well as the principal amount."
- It provides a uniform penalty for all tax deficiencies that exceed 25% of the tax liability.
- It expands the statute concerning the personal liability of corporate officers who fail to remit certain taxes when due to include the manager and managing members of a LLC.

Senate Bill 1239:

The qualified business tax credit was enacted in August 1987 to promote economic development for North Carolina business developments. The initial credits applied to both corporations and individual taxpayers and there was a cap on the total amount of all tax credits of $12 million. In response to a United States Supreme Court decision in Fulton Corp. v. Faulkner in 1996, the General Assembly reduced the $12 million cap to $6 million, limited the credit to individuals and small pass-through entities, and removed the requirement that the qualified businesses be headquartered or operating in North Carolina. The credit will expire for investments made on or after January 1, 1999. The PCS extends the credit for four additional years - until January 1, 2003.

The credit is allowed for an individual taxpayer who purchases the equity securities or subordinated debt of a qualified business venture or a qualified grantee business directly from that business. The credit is equal to 25% of the amount invested and may not exceed $50,000 per individual in a single taxable year. An individual investor may also claim his allocable share of credits obtained by "pass-through entities" of which the investor is an owner. Pass-through entities include limited partnerships, general partnerships, S corporations, and limited liability companies. The credit may not be taken in the year the investment is made. Instead, the credit is taken in the year following the calendar year in which the investment was made, but only if the taxpayer filed an application with the Secretary of State. The unused credit may be carried forward for the next 5 years. The total amount of credits allowed to all taxpayers for investments made in a calendar year may not exceed $6 million. The Secretary of Revenue calculates the total amount of tax credits claimed from applications filed with the Secretary of State. If the amount exceeds the cap, then the Secretary allows a portion of the tax credits claimed by allocating the total of

$6 million in tax credits in proportion to the size of the credit claimed by each taxpayer.

Under the 1996 Fulton case, the original credit provisions clearly violated the interstate commerce clause of the federal constitution because it reduced a taxpayer's tax liability by an amount equal to 25% of the cost of purchasing stock in a business whose purpose is to invest in businesses with headquarters and operations in North Carolina while no tax reduction is allowed for purchasing similar stock in corporations whose purpose is to invest in businesses with headquarters and operations outside of North Carolina. In response to the Fulton case, the Revenue Laws Study Committee discussed this credit, along with several others, at great length. The original proposal of the Committee was to repeal ALL qualified business investment credits, effective 1-1-97. In response to appeals to the Committee and to the General Assembly, the credit was expanded to include all investments wherever located but was limited to individuals and small pass-through entities under the theory that these investors are not likely to invest outside of a 50 mile radius of their home.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue; Department of the Secretary of State

EFFECTIVE DATE: Sections 1 through 22 (penalties) become effective September 1, 1998. The remainder of the act (qualified business tax credit) is effective when it becomes law.

BILL SUMMARY: The bill gives uniformity and simplicity to a number of penalties imposed by the Department of Revenue. The bill also extends the sunset on the qualified business tax credit from January 1, 1999 to January 1, 2003.

ASSUMPTIONS AND METHODOLOGY:

PENALTIES

This bill uses GS 105 - 236 as the standard for penalties charged by the Department of Revenue. A number of technical or clarifying changes are made in the bill to bring uniformity to a list of penalties imposed by the Department. Some penalties are deleted because they are not used by the Department of Revenue, such as the penalty on the clerks of Superior Court in Section 2 and the penalty for frivolous petitions in section 17. However, in the attempt for uniformity, some sections of the bill may create a small revenue impact (less than $100,000). Section 7 lowers the penalty on the tobacco products tax and thus should produce a decrease in revenue. Sections 4 and 9 have higher penalties than the previous statute and may create a revenue gain. **Unfortunately, no estimate can be made because the Department does not collect data on these penalties.**

QUALIFIED BUSINESS TAX CREDIT

The current tax credit for qualified business ventures expires for investments made on or after January 1, 1999. Investments made in 1998, the last year of the credit, will be taken in tax year 1999. The last General Fund impact for this credit will be in FY 99-00 when individual income tax returns are filed in the spring of 2000. (carry forwards will extend some of the credits into future years). Budget availability estimates for future years assume the credit will sunset in 1999. **Extension of the sunset in 1999, effective for tax year 2000, will produce an annual General Fund revenue loss of $6 million for fiscal years 2000-01 through FY 2003-04.**

The qualified business tax credits given since 1993 are as follows:

1993	$4,711,913
1994	$6,011,513
1995	$3,523,894
1996	$4,677,221
1997	$6,000,000 *
1998	$5,082,000 **

* The Department of Revenue received requests for $9,264,679 in credits, but the General Assembly limited the credit amount to $6 million in 1997.

** This amount represents the applications processed as of July 7, 1998. (approximately $200,000 more in credits pending)

requirements for registration as a qualified business venture. A business meets the requirements for registration as a qualified business venture if all of the following are true as of the date the business files the required application:

(1) Repealed by Session Laws 1996, Second Extra Session, c. 14, s. 7.

(1b) Either (i) it was organized after January 1 of the calendar year in which its application is filed or (ii) during its most recent fiscal year before filing the application, it had gross revenues, as determined in accordance with generally accepted accounting principles, of five million dollars ($5,000,000) or less on a consolidated basis.

No credit is allowed under this Division for an investment made before the effective date of the registration or after the registration is revoked. For the purpose of this Article, if a taxpayer's investment is placed initially in escrow conditioned upon other investors' commitment of additional funds, the date of the investment is the date escrowed funds are transferred to the qualified business venture free of the condition.

To remain qualified as a qualified business venture, the business must renew its registration annually as prescribed by rule by filing a financial statement for the most recent fiscal year showing gross revenues, as determined in accordance with generally accepted accounting principles, of five million dollars ($5,000,000) or less on a

consolidated basis and an application for renewal in which the business certifies the facts required in the original application.

Failure of a qualified business venture to renew its registration by the applicable deadline shall result in revocation of its registration effective as of the next day after the renewal deadline, but shall not result in forfeiture of tax credits previously allowed to taxpayers who invested in the business except as provided in G.S. 105-163.014. The Secretary of State shall send the qualified business venture notice of revocation within 60 days after the renewal deadline. A qualified business venture may apply to have its registration reinstated by the Secretary of State by filing an application for reinstatement, accompanied by the reinstatement application fee and a late filing penalty of one thousand dollars ($1,000), within 30 days after receipt of the revocation notice from the Secretary of State. A business that seeks approval of a new application for registration after its registration has been revoked must also pay a penalty of one thousand dollars ($1,000). A registration that has been reinstated is treated as if it had not been revoked.

If the gross revenues of a qualified business venture exceed five million dollars ($5,000,000) in a fiscal year, the business must notify the Secretary of State in writing of this fact by filing a financial statement showing the revenues of the business for that year."

Section 30. Sections 1 - 22 of this act become effective September 1, 1998. Sections 23 and 24 of this act are effective when this act becomes law. The remainder of this act is effective for taxable years beginning on or after January 1, 1998.

(2) The requirements of G.S. 136-44.51 result in practical difficulties or unnecessary hardships.

"§ 136-44.53. Advance acquisition of right-of-way within the ~~roadway~~ transportation corridor.

The city shall obtain the concurrence of the Department of Transportation in all instances of advanced acquisition.

(d) In exercising the authority granted by this section, a municipality is authorized to expend municipal funds for the protection of rights-of-way shown on a duly adopted ~~roadway~~ transportation corridor official map whether the right-of-way to be acquired is located inside or outside the municipal corporate limits."

The Department shall utilize the criteria contained in 49 C.F.R. § 24.103 (1997) when appraising right-of-way in a transportation corridor designated under this Article."

Section 2. G.S. 105-277.9 reads as rewritten:

"**§ 105-277.9. Taxation of property inside certain roadway corridors.**

Real property that lies within a ~~roadway~~ transportation corridor marked on an official map filed under Article 2E of Chapter 136 of the General Statutes is designated a special class of property under Article V, Sec. 2(2) of the North Carolina Constitution and is taxable at twenty percent (20%) of the general tax rate levied on real property by the taxing unit in which the property is situated if:

(1) As of January 1, no building or other structure is located on the property; and

(2) The property has not been subdivided, as defined in G.S. 153A-335 or G.S. 160A-376, since it was included in the corridor."

Section 3. G.S. 136-102.6(j) reads as rewritten:

"(j) The Division of Highways and district engineers of the Division of Highways of the Department of Transportation shall issue a certificate of approval for any subdivision affected by a ~~roadway~~ transportation corridor official map established by the Board of Transportation only if the subdivision conforms to Article 2E of this Chapter or conforms to any variance issued in accordance with that Article."

Section 4. G.S. 160A-458.4 reads as rewritten:

"**§ 160A-458.4. Designation of ~~roadway~~ transportation corridor official maps.**

Any city may establish ~~roadway~~ transportation corridor official maps and may enact and enforce ordinances pursuant to Article 2E of Chapter 136 of the General Statutes."

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE DEPARTMENT OF TRANSPORTATION, REGIONAL PUBLIC TRANSPORTATION AUTHORITIES, AND REGIONAL TRANSPORTATION AUTHORITIES TO CREATE TRANSPORTATION CORRIDORS AND PROTECT THEM FROM DEVELOPMENT, AND TO INSURE PROPER NOTICE TO ALL PROPERTY OWNERS AFFECTED BY THE CORRIDORS.

The General Assembly of North Carolina enacts:

Section 1. Article 2E of Chapter 136 reads as rewritten:

"ARTICLE 2E.

"~~Roadway~~ Transportation Corridor Official Map Act.

"**§ 136-44.50. ~~Roadway~~ Transportation corridor official map act.**

(a) A ~~roadway~~ transportation corridor official map may be adopted or ~~amended~~ amended by any of the following:

(1) ~~by the~~ The governing board of any city for any thoroughfare included as part of a comprehensive plan for streets and highways adopted pursuant to ~~G.S. 136-66.2 or~~ G.S. 136-66.2 or for any proposed public transportation corridor included in the adopted long-range transportation plan.

(2) ~~by the~~ The Board of Transportation for any portion of the existing or proposed State highway ~~system.~~ system or for any public

transportation corridor, to include rail, that is in the Transportation Improvement Program.

(3) Regional public transportation authorities created pursuant to Article 26 of Chapter 160A of the General Statutes or regional transportation authorities created pursuant to Article 27 of Chapter 160A of the General Statutes for any proposed public transportation corridor, or adjacent station or parking lot, included in the adopted long-range transportation plan.

Before a city adopts a ~~roadway~~ transportation corridor official map that extends beyond the extraterritorial jurisdiction of its building permit issuance and subdivision control ordinances, or adopts an amendment to a ~~roadway~~ transportation corridor official map outside the extraterritorial jurisdiction of its building permit issuance and subdivision control ordinances, the city ~~must~~ shall obtain approval from the Board of County Commissioners.

No ~~roadway~~ transportation corridor official map shall be adopted or amended, nor may any property be regulated under this Article until:

(1) The governing board of the ~~city~~ city, the regional transportation authority, or the Department of Transportation ~~in each county affected by the map,~~ has held a public hearing in each county affected by the map on the proposed map or amendment. Notice of the hearing shall be provided:

a. By publication at least once a week for four successive weeks prior to the hearing in a newspaper having general circulation in the county in which the ~~roadway~~ transportation corridor to be designated is located.

b. By two week written notice to the Secretary of Transportation, the Chairman of the Board of County Commissioners, and the Mayor of any city or town through whose corporate or extraterritorial jurisdiction the ~~roadway~~ transportation corridor passes.

c. By posting copies of the proposed ~~roadway~~ transportation corridor map or amendment at the courthouse door for at least 21 days prior to the hearing date. The notice required in sub-subdivision a. above shall make reference to this posting.

(2) A permanent certified copy of the ~~roadway~~ transportation corridor official map or amendment has been filed with the register of deeds. The boundaries may be defined by map or by written description, or a combination thereof. The copy shall measure approximately 20 inches by 12 inches, including no less than one and one-half inches binding space on the left-hand side.

(3) The names of all property owners affected by the corridor have been submitted to the Register of Deeds.

(b) ~~Roadway~~ Transportation corridor official maps and amendments shall be distributed and maintained in the following manner:

(1) A copy of the official map and each amendment thereto shall be filed in the office of the city clerk and in the office of the district engineer.

(2) A copy of the official map, each amendment thereto and any variance therefrom granted pursuant to G.S. 136-44.52 shall be furnished to the tax supervisor of any county and tax collector of any city affected thereby. The portion of properties embraced within a ~~roadway~~ transportation corridor and any variance granted shall be clearly indicated on all tax maps maintained by the county or city for such period as the designation remains in effect.

(3) Notwithstanding any other provision of law, the certified copy filed with the register of deeds shall be placed in a book maintained for that purpose and cross-indexed by number of road, street name, or other appropriate description. The register of deeds shall collect a fee of five dollars ($5.00) for each map sheet or page recorded.

(4) The names submitted as required under subdivision (a)(3) of this section shall be indexed in the 'grantor' index by the Register of Deeds.

(c) Repealed by Session Laws 1989, c. 595, s. 1.

(d) Within ~~one year~~ two years following the establishment of a ~~roadway~~ transportation corridor official map or amendment, work shall begin on an environmental impact statement or preliminary engineering. The failure to begin work on the environmental impact statement or preliminary engineering within the ~~one-year~~ two-year period shall constitute an abandonment of the corridor, and the provisions of this Article shall no longer apply to properties or portions of properties embraced within the ~~roadway~~ transportation corridor. A city may prepare environmental impact studies and preliminary engineering work in connection with the establishment of a ~~roadway~~ transportation corridor official map or amendments to a ~~roadway~~ transportation corridor official map. When a city prepares a ~~roadway~~ transportation corridor official map for a street or highway that has been designated a State responsibility pursuant to G.S. 136-66.2, the environmental impact study and preliminary engineering work shall be reviewed and approved by the Department of Transportation. An amendment to a corridor shall not extend the two-year period provided by this section unless it establishes a substantially different corridor in a primarily new location.

(e) The term 'amendment' for purposes of this section includes any change to a transportation corridor official map, including:

(1) Failure of the Department of Transportation, a city, or a regional transportation authority to begin work on an environmental impact statement or preliminary engineering as required by this section; or

(2) Deletion of the corridor from the transportation corridor official map by action of the Board of Transportation, or deletion of the

corridor from the long-range transportation plan of a city or regional transportation authority by action of the city or regional transportation authority governing Board.

"§ 136-44.51. Effect of ~~roadway~~ transportation corridor official map.

(a) After a ~~roadway~~ transportation corridor official map is filed with the register of deeds, no building permit shall be issued for any building or structure or part thereof located within the ~~roadway~~ transportation corridor, nor shall approval of a subdivision, as defined in G.S. 153A-335 and G.S. 160A-376, be granted with respect to property within the ~~roadway~~ transportation corridor. The ~~district engineer of the Highway District in which the roadway corridor is located~~ Secretary of Transportation or his designee, the director of a regional public transportation authority, or the director of a regional transportation authority, as appropriate, shall be notified within 10 days of all requests for building permits or subdivision approval within the ~~roadway~~ transportation corridor. The provisions of this section shall not apply to valid building permits issued prior to August 7, 1987, or to building permits for buildings and structures which existed prior to the filing of the ~~roadway~~ transportation corridor provided the size of the building or structure is not increased and the type of building code occupancy as set forth in the North Carolina Building Code is not changed.

(b) ~~No~~ In any event, no application for building permit issuance or subdivision plat approval for a tract subject to a valid transportation corridor official map shall be delayed by the provisions of this section for more than three years from the date of its original submittal.

"§ 136-44.52. Variance from ~~roadway~~ transportation corridor official map.

(a) The Department of ~~Transportation or~~ Transportation, the regional public transportation authority, the regional transportation authority, or the city which initiated the ~~roadway~~ transportation corridor official map shall establish procedures for considering petitions for variance from the requirements of G.S. 136-44.51.

(b) The procedure established by the State shall provide for written notice to the Mayor and Chairman of the Board of County Commissioners of any affected city or county, and for the hearing to be held in the county where the affected property is located.

(c) Cities may provide for petitions for variances to be heard by the board of adjustment or other boards or commissions which can hear variances authorized by G.S. 160A-388. The procedures for boards of adjustment shall be followed except that no vote greater than a majority shall be required to grant a variance.

(d) A variance may be granted upon a showing that:

(1) Even with the tax benefits authorized by this Article, no reasonable return may be earned from the land; and

(2) The requirements of G.S. 136-44.51 result in practical difficulties or unnecessary hardships.

"§ 136-44.53. Advance acquisition of right-of-way within the ~~roadway~~ transportation corridor.

(a) After a ~~roadway~~ transportation corridor official map is filed with the register of deeds, the Department of ~~Transportation or~~ Transportation, the regional public transportation authority, the regional transportation authority, or then it becomes law a city which initiated the ~~roadway~~ transportation corridor official map ~~is authorized to~~ may make advanced acquisition of specific parcels of property when ~~such~~ that acquisition is determined by the respective governing board to be in the best public interest to protect the ~~roadway~~ transportation corridor from development or when the ~~roadway~~ transportation corridor official map creates an undue hardship on the affected property owner.

(b) Prior to making any ~~such~~ advanced acquisition of right-of-way under the authority of this Article, the Board of Transportation or the respective ~~municipal~~ governing board which initiated the ~~roadway~~ transportation corridor official map shall develop and adopt appropriate policies and procedures to govern ~~such~~ the advanced acquisition of right-of-way and to assure ~~such~~ that the advanced acquisition is in the best overall public interest.

(c) When a city makes an advanced right-of-way acquisition of property within a ~~roadway~~ transportation corridor official map for a street or highway that has been determined to be a State responsibility pursuant to the provisions of G.S. 136-66.2, the Department of Transportation shall reimburse the city for the cost of ~~such~~ any advanced right-of-way acquisition at the time the street or highway is constructed. The Department of Transportation shall have no responsibility to reimburse a municipality for any advanced right-of-way acquisition for a street or highway that has not been designated a State responsibility pursuant to the provisions of G.S. 136-66.2 prior to the initiation of the advanced acquisition by the city. The city shall obtain the concurrence of the Department of Transportation in all instances of advanced acquisition.

(d) In exercising the authority granted by this section, a municipality is authorized to expend municipal funds for the protection of rights-of-way shown on a duly adopted ~~roadway~~ transportation corridor official map whether the right-of-way to be acquired is located inside or outside the municipal corporate limits."

"**§ 136-44.54. Standard for appraisal of right-of-way within corridor.**

The Department shall utilize the criteria contained in 49 C.F.R. § 24.103 (1997) when appraising right-of-way in a transportation corridor designated under this Article."

Section 2. G.S. 105-277.9 reads as rewritten:

"**§ 105-277.9. Taxation of property inside certain roadway corridors.**

Real property that lies within a ~~roadway~~ transportation corridor marked on an official map filed under Article 2E of Chapter 136 of the General Statutes is designated a special class of property under Article V, Sec. 2(2) of the North Carolina Constitution and is taxable at twenty percent (20%) of the general tax rate levied on real property by the taxing unit in which the property is situated if:

(1) As of January 1, no building or other structure is located on the property; and

(2) The property has not been subdivided, as defined in G.S. 153A-335 or G.S. 160A-376, since it was included in the corridor."

Section 3. G.S. 136-102.6(j) reads as rewritten:

"(j) The Division of Highways and district engineers of the Division of Highways of the Department of Transportation shall issue a certificate of approval for any subdivision affected by a ~~roadway~~ transportation corridor official map established by the Board of Transportation only if the subdivision conforms to Article 2E of this Chapter or conforms to any variance issued in accordance with that Article."

Section 4. G.S. 160A-458.4 reads as rewritten:

"**§ 160A-458.4. Designation of ~~roadway~~ transportation corridor official maps.**

Any city may establish ~~roadway~~ transportation corridor official maps and may enact and enforce ordinances pursuant to Article 2E of Chapter 136 of the General Statutes."

Section 5. This act becomes effective October 1, 1998, and applies to transportation corridor official maps, or amendments to those maps, adopted on or after the effective date of this act.

EXPLANATION OF SENATE BILL 1291:
Transportation Corridors (4th Edition)

TO: Senate Finance Committee
FROM: Giles Perry, Staff Attorney
DATE: July 21, 1998
SPONSOR: Senator Gulley

The concept behind Senate Bill 1291 was recommended by the LRC Public Transit study committee. The Proposed Committee Substitute is intended to accommodate the concerns expressed by some members of the Senate.

Under current law, the Department of Transportation and cities are authorized to preserve highway corridors by designating them on official roadway corridor maps. DOT must begin work on a preliminary engineering or an environmental impact statement (EIS) for the project proposed for the corridor within one year from the date the map is filed. Once the maps are properly adopted and filed at the register of deeds, issuance of a building permit for a project on land subject to a corridor map can be delayed for three years from the date of submittal.

Senate Bill 1291 expands existing law concerning Roadway Corridor Official maps by:

1. Authorizing DOT and cities to preserve transit corridors, in addition to road corridors.
2. Authorizing Public Transit Authorities created under Article 26 and 27 of Chapter 160A to preserve transit corridors.

In addition, Senate Bill 1291 changes the procedures concerning adoption and effect of the transportation corridors official maps, as follows:

1. Allows the reserving entity up to *two* years to begin preliminary engineering or EIS work on the project in the corridor.
2. Requires indexing of the corridor in the grantor files at the register of deeds, to insure notice to affected property owners and subsequent purchasers.
3. Clarifies that all notice and indexing procedures in the statue apply to amendments as well as the original filing of the corridor.
4. Clarifies that appraisals of land subject to the corridor official maps shall not be affected by the fact that it is in a corridor.

Senate Bill 1291 also makes several conforming changes, including extending the favorable property tax treatment for land subject to *highway* corridor official maps to land subject to all of the newly redesignated *transportation* corridor official maps. Such land is taxable at 20% of the general tax rate levied on real property.

EXPENDITURES

No cost impact expected on the Highway Fund or local funds.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Transportation, Local Governments involved in a rapid transit project.

EFFECTIVE DATE: The bill becomes effective October 1, 1998, and applies to transportation corridor official maps, or amendments to those maps, adopted on or after the effective data.

BILL SUMMARY: Under current law the Department of Transportation, as well as cities, can preserve highway corridors by designating them on official roadway corridor maps. By designating the corridors on an official corridor map, the Department and cities effectively stop development on the property. The Department and the cities can delay any development on the corridor for three years, in anticipation of a future road project. The bill extends the law to transit corridors (light rail corridors) by using the term "transportation" corridors instead of "highway corridors". The bill also changes the procedures for adoption and the impact of corridor maps. The bill extends the favorable tax treatment for land subject to the highway corridor regulations to all transit corridor land. The bill also authorizes Public Transit

Authorities to preserve transit corridors. Under current law only the Department of Transportation and cities can preserve a corridor. The bill makes other conforming changes to the existing highway corridor map system.

ASSUMPTIONS AND METHODOLOGY: Two items in the bill have a potential fiscal impact. First, the bill requires that the Register of Deeds make notations on the property records for each parcel of property affected by transportation corridors. Based on information provided by the Department of Transportation and the North Carolina Register of Deeds Association, Fiscal Research believes the impact of this requirement on counties would be insignificant.

The bill also extends the "favorable tax treatment" received by owners of highway corridor land to owners of transit authority land. Under current law, property included in a highway corridor map is taxable at only 20% of the general property tax rate for the period the land is on a highway corridor map. As such, the property owner gets a significant local property tax reduction on that particular piece of property. (The tax reduction is a form of consideration for limiting development on the site.) The provision only applies if the property is undeveloped (there are no buildings on the property) and not subdivided.

At present, only the Triangle area is in the process of developing a public transit system, although the Triad area may consider such a development in future years. Because the Triangle is the only area likely to map a transit corridor before the end of FY 2002-3 it is the only area considered in the analysis. According to the Triangle Transit Authority, the bill has a potential fiscal impact on Wake County, Durham County, and Orange County, as well as the municipalities of Raleigh, Mooresville, Durham, and the Research Triangle Park. The fiscal impact will be the loss of 80% of the property tax revenue associated with undeveloped tracts of land on the corridor map. The chart below outlines the local government losses.

	Property Value	**Purpose**	**County Loss**	**Municipal Loss**
Phase I:				
Wake County	$1,000,000	Stations in Raleigh	$ 5,000	$ 4,150
	$200,000	Stations in Mooresville	$ 1,000	$ 960
Durham County	$400,000	Stations in RTP	$ 2,999	$ 280
	$200,000	Stations in the City of Durham	$ 1,499	$ 1,080
TOTAL PHASE I	$1,800,000		$ 10,498	$ 6,470
Phase II:	Property Value	Purpose	County Revenue Loss	Municipal Loss
Durham County	$44,000,000	Rail and Stations	$ 329,868	unknown
Orange County	$19,000,000	Rail and Stations	$ 137,180	unknown
TOTAL PHASE II	$63,000,000		$467,048	unknown

The Triangle Transit Authority expects to map Phase I in FY 2000-1. They also expect to map portions of Phase II in FY 2002-3. The revenue loss begins in the fiscal year the property is

mapped, and continues for three years. After three years the property is removed from the map, or is purchased by a city or the Department of Transportation for development of the rail line. As such, triangle local governments will lose $16,968 in property tax revenue in fiscal years 2000-1, 2001-2, and 2002-3. This is the loss associated with Phase I development. Durham and Orange counties will lose an additional $467,048 in fiscal years 2002-3, 2003-4, and 2004-5. These are the costs associated with Phase II development. Municipal losses associated with Phase II can not be calculated because the exact location of the lines and stations has not been determined.

Note: This fiscal analysis only addresses the fiscal impact of changes in the map act. It does not address the fiscal impact of potential land purchases for mass transit.

A BILL TO BE ENTITLED

AN ACT TO REPEAL THE INITIATIVE AND REFERENDUM AUTHORITY OF CABARRUS COUNTY AND THE CITY OF CONCORD.

The General Assembly of North Carolina enacts:

Section 1. Sections 3 and 4 of S.L. 1997-452 are repealed.

Section 2. This act is effective on and after March 1, 1998.

EXPLANATION OF HOUSE BILL 1352:
Repeal Cabarrus Initiative Law

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: July 21, 1998
SPONSOR: Representative Capps

House Bill 1352 would repeal S.L. 1997-452 (House Bill 786), effective March 1, 1998. S.L. 1997-452 is a local act authorizing Cabarrus County and the City of Concord to hold binding public referenda on "any question of public interest." Based on this local act, Cabarrus County held a referendum February 24, 1998, to approve levying an additional local sales tax and land transfer tax. The voters turned down the sales tax 63% to 37% and the land transfer tax 65% to 35%.

The Revenue Laws Study Committee found that the act raised a number of legal questions and policy questions that would likely result in litigation if the voters approved a tax increase. Other counties had expressed interest in having similar legislation enacted on their behalf in order to raise taxes. For this reason, the Committee determined that the act had statewide consequences. Because of the potential problems with this type of initiative and referendum law, which applies to any issue, can be initiated by the local government as well as by citizens, and is binding, the Committee recommended that it be repealed.

Several issues arose regarding the constitutionality of the county's effort to raise taxes. The Attorney General had issued an opinion that the county could not levy or increase taxes under the act because the act was not passed by rollcall vote on three separate days in each house, as required by Section 23 of Article II of the North Carolina Constitution.[1] The county argued that its authority to raise taxes came not from the act but from Section 8 of Article I of the North Carolina Constitution, which protects citizens from taxation without representation.[2] Before the voters defeated the proposed taxes in Cabarrus County, a lawsuit had been filed challenging their legality.

---

[1] Section 23 provides in pertinent part: "No laws shall be enacted to...impose any tax upon the people of the State, or to allow the counties, cities, or towns to do so, unless the bill for the purpose shall have been read three several times in each house of the General Assembly and passed three several readings, which readings shall have been on three different days...."

[2] Article I, Section 8 reads: "Representation and taxation. The people of this State shall not be taxed or made subject to the payment of any impost or duty without the consent of themselves or their representatives in the General Assembly, freely given."

The local act also left some policy questions unanswered. The act states that any question of public interest approved by the voters becomes law. This language is extremely broad and, if interpreted literally, would appear to authorize any measure whatsoever, even measures that existing Statewide law prohibits the city or county from acting on. The only measures that could not become effective under the language of the act would be those that violate the State or federal constitution. The rules of statutory construction state that in interpreting the laws, the judicial branch is required to follow the language of the statute. A court has no power or right to strike out clear and unambiguous words or construe them away. If the law were interpreted literally, the local governments could act on issues such as the following, about which general law otherwise restricts local governments' legislative authority: environmental regulation, welfare, public schools, gun control, smoking restrictions, budgets and fiscal control, criminal laws, hunting and fishing, gambling, and alcoholic beverages.

On the other hand, scholars at the Institute of Government of the University of North Carolina at Chapel Hill raised the argument that the act may in fact grant only the authority to hold referenda and no other authority beyond that already provided in current law. This argument is based on the fact that North Carolina is not a home rule state and, because the act represents a dramatic departure from the traditional relationship between the State and its local governments, a court might well hold that it does not grant any authority beyond what is already specifically provided by law. These competing interpretations of the law can be resolved only by the judicial branch.

S.L. 1997-452 is unique. Under current law, the Town of Spindale[3] is the only local government that has a broad referendum procedure, but it can be initiated only by a petition of the voters and the referenda are referenda are nonbinding. Ten other municipalities[4] have a binding initiative procedure, but the procedure is limited to ordinances. The procedure can be initiated only by petition of the voters, not by the governing body of the town. There are no counties that have either of these two types of initiative procedures.

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE FINE FOR DRIVING A VEHICLE ON THE BEACH IN CURRITUCK COUNTY.

The General Assembly of North Carolina enacts:

Section 1. G.S. 153A-139.1(a), as enacted by Chapter 875 of the 1985 Session Laws, reads as rewritten:

Violation of any ordinance adopted by the governing body pursuant to this section is a misdemeanor, punishable by a fine of not more than ~~fifty dollars ($50.00),~~ five hundred dollars ($500.00), or by imprisonment for not more than 30 days, or both in the discretion of the court."

Section 2. This act becomes effective December 1, 1998, and applies to offenses committed on or after that date.

REVENUES

May increase Currituck County revenue, but unable to estimate reliably.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Currituck County.
EFFECTIVE DATE: December 1, 1998.

BILL SUMMARY: The bill increases the maximum fine to $500.00 for driving a motor vehicle on the foreshore, beach strand, or barrier dune system in Currituck County. The current maximum fine is $50.00.

ASSUMPTIONS AND METHODOLOGY: Currituck County has an extensive policy on driving on the beach. Some vehicles, such as three wheel buggies, can receive permits to drive on the beach. Most vehicles can not. There are also restrictions on what time of year individuals can drive on the beach. Under these ordinances, Currituck County issues approximately 50 - 60 tickets, on average, for driving illegally on the beach each season. While the fine actually paid varies, the average fine is near the maximum of $50.00. (The fines vary because of magistrate discretion upon petition). As such, the annual income the county receives from these fees is $2,500 to $3,000 (50 tickets times $50.00 each, and 60 tickets times $50.00 each). If the number of violators remains the same, and the county continues to impose the maximum fine, the county will receive $25,000 to $30,000 in fines (50 tickets times $500.00 each, and 60 tickets times $500.00 each). It is unlikely the number of violators would remain the same with the increased penalties. However, no comparison data is available from other beach front counties. (Because the Park Service and local municipalities control most of their beach front property, very few if any of the beach counties have similar ordinances.). As such, no reliable fiscal estimate is possible.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR DOWNTOWN REVITALIZATION BY ALLOWING A CREDIT FOR CONTRIBUTIONS FOR DEVELOPMENT ZONE PROJECTS.

The General Assembly of North Carolina enacts:

Section 1. The General Assembly finds that downtowns are central to the creation of small, locally owned businesses and that vital downtowns also play a role in the recruitment of larger businesses. Strong downtowns reduce urban sprawl and the costs and quality of life problems associated with urban sprawl. For these reasons, the General Assembly finds that revitalizing declining urban areas is crucial to the well-being of the State as a whole.

Section 2. Article 3A of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-129.13. Credit for contribution for development zone project.**

(a) Credit. -- A taxpayer who contributes cash or property to a development zone agency for an improvement project in a development zone is allowed a credit equal to twenty-five percent (25%) of the value of the contribution. A contribution is for an improvement project for the purposes of this section if the agency receiving the contribution contracts in writing to use the contribution for the project. The credit may not be taken for the year in which the contribution is made but shall be taken for the taxable year beginning during the calendar year in which the application for the credit becomes effective as provided in subsection (d) of this section.

(b) Definitions. -- The following definitions apply in this section:

(1) Community development corporation. -- A nonprofit corporation that meets all of the following conditions:
a. It is chartered pursuant to Chapter 55A of the General Statutes and is tax-exempt pursuant to section 501(c)(3) of the Code.
b. Its primary mission is to develop and improve low-income communities and neighborhoods through economic and related development.
c. Its activities and decisions are initiated, managed, and controlled by the constituents of those local communities.
d. Its primary function is to act as deal-maker and packager of projects and activities that will increase its constituency's opportunities to become owners, managers, and producers of small businesses, to obtain affordable housing, and to obtain jobs designed to produce positive cash flow and curb blight in the targeted community.

(2) Control. -- A person controls an entity if the person owns, directly or indirectly, more than ten percent (10%) of the voting securities of that entity. As used in this subdivision, the term "voting security" means a security that (i) confers upon the holder the right to vote for the election of members of the board of directors or similar governing body of the business or (ii) is convertible into, or entitles the holder to receive upon its exercise, a security that confers such a right to vote. A general partnership interest is a voting security.

(3) Development zone agency. -- Any of the following agencies that the Department of Commerce certifies will undertake an improvement project in a development zone:
a. A community development corporation.
b. A community development financial institution certified by the United States Department of the Treasury under the Community Development Banking and Financial Institutions Act of 1994 (12 U.S.C. § 4701, et seq.).
c. A local housing authority created under Article 1 of Chapter 157 of the General Statutes.

(4) Improvement project. -- A project to construct or improve residential, commercial, or public real property located in a development zone.

(c) Limitations. -- A taxpayer who claims a credit under this section shall identify in the application the development zone agencies to which the taxpayer made contributions and the amount contributed to each. No credit is allowed for a contribution if the taxpayer is related to the development zone agency as defined in section 1313 of the Code or if the taxpayer controls, is controlled by, or is under common control with an affiliate of the development zone agency. No credit is

allowed to the extent the taxpayer receives anything of value in exchange for the contribution.

(d) Application. -- To be eligible for the tax credit provided in this section, the taxpayer must file an application for the credit with the Secretary on or before April 15 of the year following the calendar year in which the contribution was made. The Secretary may grant extensions of this deadline, as the Secretary finds appropriate, upon the request of the taxpayer, except that the application may not be filed after September 15 of the year following the calendar year in which the contribution was made. An application is effective for the year in which it is timely filed. The application shall be on a form prescribed by the Secretary and shall include any supporting documentation that the Secretary may require. If a contribution for which a credit is applied for was of property rather than cash, the taxpayer shall include with the application a certified appraisal of the value of the property contributed.

(e) Ceiling. -- The total amount of all tax credits allowed to taxpayers under this section for contributions made in a calendar year may not exceed five million dollars ($5,000,000). The Secretary of Revenue shall calculate the total amount of tax credits claimed from the applications filed pursuant to subsection (d) of this section. If the total amount of tax credits claimed for contributions made in a calendar year exceeds five million dollars ($5,000,000), the Secretary shall allow a portion of the credits claimed by allocating a total of five million dollars ($5,000,000) in tax credits in proportion to the size of the credit claimed by each taxpayer. If a credit is reduced pursuant to this subsection, the Secretary shall notify the taxpayer of the amount of the reduction of the credit on or before December 31 of the year following the calendar year in which the contribution was made. The Secretary's allocations based on applications filed pursuant to subsection (d) of this section are final and shall not be adjusted to account for credits applied for but not claimed.

(f) Forfeiture. -- A taxpayer forfeits a credit allowed under this section to the extent the development zone agency uses the taxpayer's contribution for any purpose other than an improvement project. Each development zone agency certified by the Department of Commerce shall file with the Department of Commerce annual financial statements audited in accordance with generally accepted accounting principles. The annual statements are required each time the agency receives a contribution eligible for the credit allowed under this section until the entire contribution has been used for improvement projects. If the Department of Commerce determines that a development zone agency has used part or all of a contribution for any purpose other than an improvement project, the Department shall notify the Secretary of Revenue of the forfeiture, the taxpayer who made the contribution, and the amount forfeited."

Section 3. G.S. 105-129.4(a) reads as rewritten:

"(a) Type of Business. -- A taxpayer is eligible for a credit allowed by G.S. 105-129.12 if the real property for which the credit is claimed is used for a central administrative office that creates at least 40 new jobs. A taxpayer is eligible for the credit allowed by G.S. 105-129.13 without regard to the taxpayer's type of business. A taxpayer is eligible for the other credits allowed by this Article if the taxpayer

engages in one of the following types of businesses and the jobs with respect to which a credit is claimed are created in that business, the machinery and equipment with respect to which a credit is claimed are used in that business, and the research and development for which a credit is claimed are carried out as part of that business:

(1) Air courier services.
(2) Central administrative office that creates at least 40 new jobs.
(3) Data processing.
(4) Manufacturing or processing.
(5) Warehousing or distribution.

A central administrative office creates at least 40 new jobs if, during the taxable year the taxpayer first uses the property as a central administrative office, the taxpayer hires at least 40 additional full-time employees to fill new positions at the office. Jobs transferred from one area in the State to another area in the State are not considered new jobs for purposes of this subsection."

Section 4. G.S. 105-129.6(a) reads as rewritten:

"(a) Application. -- To claim the credits allowed by this Article, the taxpayer must provide with the tax return the certification of the Secretary of Commerce that the taxpayer meets all of the eligibility requirements of G.S. 105-129.4 or G.S. 105-129.13, as applicable, with respect to each credit. A taxpayer shall apply to the Secretary of Commerce for certification of eligibility. The application must be on a form provided by the Secretary of Commerce and must contain any information necessary for the Secretary of Commerce to determine whether the taxpayer meets the eligibility requirements. If the Secretary of Commerce determines that the taxpayer meets all of the eligibility requirements of G.S. 105-129.4 or G.S. 105-129.13, as applicable, with respect to a credit, the Secretary shall issue a certificate describing the location with respect to which the credit is claimed, outlining the eligibility requirements for the credit, and stating that the taxpayer meets the eligibility requirements. If the Secretary of Commerce determines that the taxpayer does not meet all of the eligibility requirements of G.S. 105-129.4 or G.S. 105-129.13, as applicable, with respect to a credit, the Secretary must advise the taxpayer in writing of the eligibility requirements the taxpayer fails to meet. The Secretary of Commerce may adopt rules in accordance with Chapter 150B of the General Statutes that are needed to carry out the Secretary of Commerce's responsibilities under this section."

Section 5. This act is effective for taxable years beginning on or after January 1, 1999.

EXPLANATION OF SENATE BILL 396 (2nd Edition):
Downtown Development Zone Improvement

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: July 14, 1998
SPONSOR: Senator Rand

Senate Bill 396 adds a new section to the William S. Lee Act to allow an income or franchise tax credit for 25% of the cash or property contributed to a development zone agency for a project to construct or improve residential, commercial, or public real property located in a development zone. The bill becomes effective beginning with the 1999 tax year.

A development zone agency is defined in the bill to include a community development corporation, a community development financial institution, or a local housing authority. The development zone agency receiving the contribution must contract in writing to use the contribution for a development zone improvement project and must obtain the certification of the Secretary of Commerce that it will be undertaking such a project.

Another bill, Senate Bill 1569, the Economic Opportunity Act of 1998, provides for the designation of economically distressed areas located within municipalities as State development zones. It defines a development zone as an area (1) consisting of one or more contiguous census tracts, block groups, or both, (2) with a population of 1,000 or more, at least 20% of whom are below the poverty level, and (3) located at least partly in a municipality with a population over 5,000.

The credit is to be taken in the tax year immediately following the contribution year. The total amount of credits for a given tax year is capped at $5 million. To receive the credit, the taxpayer must file an application by April 15 of the year following the contribution year. The Secretary of Revenue may allow this deadline to be extended to September 15. If more than $5 million of credits are applied for, the Secretary of Revenue will reduce each taxpayer's credit proportionally.

The credit is disallowed to the extent the taxpayer receives anything of value in exchange for the contribution. In addition, no credit is allowed for contributions between related parties or parties under common control. If a development zone agency that agreed to use a contribution for a development zone improvement project later uses the project for another purpose, the taxpayer forfeits any credit allowed for the contribution. Development zone agencies certified by the Secretary of Commerce are required to file audited

financial statements with Commerce on an annual basis. If the Department of Commerce determines that a contribution has been used for a purpose other than for a development zone improvement project, it will notify the Secretary of Revenue of the forfeiture.

A proposal similar to this bill was supported by the Governor's Economic Development Board, but was not included in the Governor's recommended budget.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: The income tax is administered by the Department of Revenue. Development zones are determined by the Department of Commerce.

EFFECTIVE DATE: Tax years beginning on or after January 1, 1999.

BILL SUMMARY: **Provides for a state income or franchise tax credit for 25% of the cash or property contributed to a development zone agency for a project to construct or improve residential, commercial, or public real property located in a development zone.** The credit is to be taken in the tax year immediately following the contribution year. To receive the credit the taxpayer must file an application by April 15 of the year following the contribution year (Secretary of Revenue may allow deadline to be extended to September 15) and the agency receiving the contribution must contract in writing to use the contribution for the project. The total amount of credits for a given tax year is capped at $5.0 million. If more than this amount of credits are applied for, the credits shall be prorated based on application amounts.

ASSUMPTIONS AND METHODOLOGY: Following the practice established in the 1987 fiscal estimate for the qualified business investment credit, the estimated impact is equal to the capped credit. The reason is that it is impossible to predict in advance the potential amount of contributions under the new credit.

(a) Credit. -- A taxpayer who contributes cash or property to a development zone agency for an improvement project in a development zone is allowed a credit equal to twenty-five percent (25%) of the value of the contribution. If a credit is reduced pursuant to this subsection, the Secretary shall notify the taxpayer of the amount of the reduction of the credit on or before December 31 of the year following the calendar year in which the contribution was made. If the Department of Commerce determines that a development zone agency has used part or all of a contribution for any purpose other than an improvement project, the Department shall notify the Secretary of Revenue of the forfeiture, the taxpayer who made the contribution, and the amount forfeited."

Section 3. G.S. 105-129.4(a) reads as rewritten:

"(a) Type of Business. -- A taxpayer is eligible for a credit allowed by G.S. 105-129.12 if the real property for which the credit is claimed is used for a central

administrative office that creates at least 40 new jobs. A taxpayer is eligible for the credit allowed by G.S. 105-129.13 without regard to the taxpayer's type of business. A taxpayer is eligible for the other credits allowed by this Article if the taxpayer engages in one of the following types of businesses and the jobs with respect to which a credit is claimed are created in that business, the machinery and equipment with respect to which a credit is claimed are used in that business, and the research and development for which a credit is claimed are carried out as part of that business:

(1) Air courier services.

EXPLANATION OF SENATE BILL 1408 (PCS):
Tax Return Donations for Habitat

TO: Senate Finance Committee
FROM: Martha K. Walston, Committee Counsel
DATE: July 21, 1998
SPONSOR: Senator Wellons

Senate Bill 1408 provides space on the income tax return for individuals to make donations from their tax refunds to the North Carolina Office of Habitat for Humanity International. The bill would become effective beginning with the 1998 tax year, for which most returns are filed April 15, 1999. The Secretary of Revenue will transmit the contributions to the Community Assistance Division of the Department of Commerce. The Department of Commerce will then distribute the funds to the North Carolina Office of Habitat for Humanity International office to provide low-income and moderate-income housing. To cover the costs of implementing this donation process, the Secretary of Revenue will draw the necessary amount from the State income tax collections each fiscal year. The bill, as originally introduced, provided for a minimum contribution of $5.00 for a joint return and $3.00 for any other return.

The North Carolina individual income tax return currently has two other programs to which taxpayers may make voluntary donations of their tax refunds, the Nongame and Endangered Wildlife Fund and the Candidates Financing Fund. Each of these donations takes up a separate line on the form. The Habitat for Humanity donation will take up a third line on the form. The Department of Revenue has indicated that there is no space on the current form for this new donation.

From 1989 until 1996, the number of taxpayers donating to the Wildlife Fund through the tax form has declined from about 47,000 to 33,000 and the annual donations have declined from about $479,000 to $336,000. For the same period, the number of taxpayers donating to the Candidates Financing Fund through the tax form has declined from about 7,000 to 4,700 and the annual donations have fluctuated between about $18,000 (1993) and $26,600 (1989).

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue; Department of Commerce

EFFECTIVE DATE: Effective for taxable years beginning on or after January 1, 1998.

BILL SUMMARY: The bill provides space on the income tax return for individuals to make donations from their tax refunds to the North Carolina Office of the Habitat for Humanity International. The Secretary of Revenue transmits the donations to the State Treasurer who will credit the funds to the Community Assistance Division in the Department of Commerce. The Department of Commerce will distribute the funds to the Habitat for Humanity for housing for North Carolina residents with low or moderate incomes.

BACKGROUND: North Carolina currently has two tax refund donation "checkoff" funds. In 1983, the General Assembly allowed taxpayers to contribute to the NC Nongame and Endangered Wildlife Fund. 75% of the donated funds are used for nongame, endangered and threatened species and urban wildlife programs, and 25% of the funds are for other wildlife programs chosen by the Wildlife Resources Commission. The other checkoff is the NC Candidates Financing Fund created in 1991. This fund offers financial assistance to gubernatorial candidates who agree to campaign expenditure limits and a post election audit.

Of the 2.1 million refund checks written in 1996, only 32,905 returns designated $335,852 in contributions to the NC Nongame and Endangered Wildlife Fund. The average contribution was

$10.21. Another 4,497 returns donated $22,139 to the NC Candidates Financing Fund. The average contribution was $4.92.

ASSUMPTIONS AND METHODOLOGY: The bill allows the Department of Revenue to recoup the cost of administering this program from the General Fund, "including costs of redesigning and expanding the tax forms and instructions, computer reprogramming, and accounting and administration". The Department estimates a one-time cost of $38,950 for computer programming changes. The Department anticipates an annual expense of $3,859 to hire temporaries for data entry of the refund contributions.

Section 1. Article 34 of Chapter 106 of the General Statutes is amended by adding a new Part to read:

"Part 6A. Spay/Neuter Fund.

"§ 106-363.5. Spay/Neuter Fund established; education program; distributions to counties.

(a) Spay/Neuter Fund. -- The Spay/Neuter Fund is established in the Animal Welfare Section of the Animal Health Division of the Department of Agriculture and Consumer Services as a nonreverting special revenue account consisting of funds credited to or deposited in the Fund under G.S. 106-363.6, G.S. 153A-153, G.S. 160A-212, or any other provision of law. The money in the Fund shall be used for the following purposes:

(1) Up to twenty percent (20%) of the money in the Fund may be used by the Department to educate the public on the benefits of having pets spayed and neutered.

(2) The remainder of the money in the Fund shall be distributed at the end of each fiscal year to counties eligible to receive a distribution from the Fund under the provisions of subsection (c) of this section.

(b) Statewide Education Program. -- The Department of Agriculture and Consumer Services shall establish a Statewide education program to educate the public on the benefits of having dogs and cats spayed and neutered. The Department may use up to twenty percent (20%) of the money in the Fund to defray the costs of providing staff to the program and may employ outside consultants to assist with the program. The Department may work cooperatively on the program with the North Carolina School of Veterinary Medicine at Raleigh, with other departments of State government, with municipal health and animal control departments, and with Statewide and local humane organizations.

(c) County Spay/Neuter Programs. -- To receive a distribution of money from the Spay/Neuter Fund, a county must apply to the Department of Agriculture and Consumer Services by March 15 of each year. A county is eligible to receive a distribution from the Fund if it offers one or more of the following programs on a year-round basis for the purpose of reducing the cost of spaying and neutering procedures for dogs and cats:

(1) A county-operated spay/neuter clinic.

(2) A spay/neuter clinic operated by a private organization under contract or other arrangement with the county.

(3) A contract or contracts with one or more veterinarians, whether or not located within the county, to provide reduced-cost spaying and neutering procedures.

(5) Subvention of the costs of spaying and neutering costs incurred by persons who adopt a pet from an animal shelter operated by or under contract with any city or county.

The Department shall distribute the money in the Fund to the eligible counties in proportion to the number of dogs and cats that have received a rabies vaccination during the preceding fiscal year in that county. A county receiving distributions from the Spay/Neuter Fund may spend the money only on programs that lower the cost of spaying and neutering dogs and cats.

"**§ 106-363.6. Fee on rabies vaccination.**

(a) Fee. -- A fee of one dollar ($1.00) is payable by the owner of a dog or cat when the dog or cat receives a rabies vaccination. The fee is payable to the licensed veterinarian or certified rabies vaccinator that administers the rabies vaccination. The licensed veterinarian or certified rabies vaccinator must submit the fees collected under this subsection to the Animal Welfare Section of the Department of Agriculture and Consumer Services within 30 days after the end of each calendar quarter. The Department shall credit these payments to the Spay/Neuter Fund established in G.S. 106-363.5.

(b) Exception. -- The fee in subsection (a) of this section does not apply to rabies vaccinations administered at a countywide rabies vaccination clinic where the fee charged for the rabies vaccination is set by the county board of commissioners under G.S. 130A-188.

"**§ 106-363.7. Report by Veterinary Public Health Director.**

EXPLANATION OF SENATE BILL 1571(PCS):
Regulate Ticket Broker's Fee

TO: Senate Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: July 27, 1998
SPONSOR: Senator Hoyle

The proposed committee substitute for Senate Bill 1571 creates a new article in the Commerce and Business Chapter of the General Statutes that applies to the regulation of ticket brokers. Changes enacted by the PCS are in bold. A ticket broker is a "person, firm or corporation who resells tickets of admission to live athletic contests, concerts, theatre performances, or other entertainments, amusements, or exhibitions to which the general public is admitted, and charges a premium in excess of **$3.00 above** the price printed on the tickets **and meets the requirements of registration and bonding.**"

Broker requirements.--A ticket broker must meet the following requirements:

- Maintain a permanent place of business **in the State** as a ticket broker.
- Maintain as the principal business activity the resale of tickets.
- Obtain any business license required by the State or local government.
- **Post the certificate of registration and the registration form required under the new Article.**
- Refund payment received for the purchase of a ticket if the purchaser returns the ticket and requests cancellation of the sale within 36 hours after the purchase and more than 72 hours before the event.
- Refund payment for ticket if event is cancelled and not rescheduled.
- Post the above refund requirements.
- Disclose to the purchaser in writing the difference between the price on the ticket and the amount charged by the ticket broker
- **Maintain certain records about tickets which may be resold.**

Any complaint regarding a provision under the new Article is to be filed with the Attorney General. If the Attorney General makes a request, the ticket broker must provide him with the records the broker is required to maintain.

Bond required.--Each ticket broker must obtain a $200,000 bond in favor of the State for the benefit of any person damaged by a ticket broker's breach of contract or violation of the Article. The aggregate liability of the surety shall only be for actual damages and shall not exceed the amount of the bond. **The original bill required a broker to either obtain a $200,000 bond or establish a trust account in the amount of $200,000.**

Prohibitions. – A ticket broker and the broker's employees are prohibited from (1) selling tickets on the property where the event is to be held, (2) acquiring or reselling more than 1% of the total tickets for the event, or **(3) paying any consideration to a promoter, operator, or ticket sales agent to acquire a ticket, except for the face value cost of the ticket and service fee that the public would pay. The original bill allowed a broker to resell more than 1% of the total tickets if the broker had a contract with the promoter or operator authorizing the resell. A promoter, operator, or ticket sales agent is also prohibited from receiving consideration to acquire a ticket, except for the face value cost of the ticket and service fee that the general public would pay.**

Filing requirements.--A broker must file with the Secretary of State , a registration form and a copy of the required bond. The broker must also pay an annual fee of $2,500 to the Secretary of State. The registration form must contain the name and place of business and a description of the broker's activities. Failure to comply with the filing requirements is punishable by a $25 fine for the first offense and a $75 fine for each succeeding offense.

Penalties.--If there is no prescribed penalty for a violation of the Article, then the broker is guilty of a Class 2 misdemeanor. **Any person, firm, or corporation that violates the prohibition against paying or receiving consideration to acquire a ticket, except for the actual face value cost and any service fee that the public would pay, is guilty of a Class I felony.**

Exemption.--The Article exempts brokers from the criminal statute dealing with scalping. This statute allows anyone to add a reasonable service fee to the face value of tickets sold as long as the fee does not exceed $3.00. An exception is made if a promoter or operator of the property where the event is to be held and a ticket sales agency agree in writing on a greater fee for the first sale of tickets by the ticket sales agent. The existence of the service fee must be shown on the tickets. A violation of this criminal statute is a Class 2 misdemeanor.

Effective date. – The act is effective 30 days after it becomes law.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Secretary of State; Office of the Attorney General

EFFECTIVE DATE: This act is effective 30 days after it becomes law.

BILL SUMMARY: This act sets general requirements for ticket brokers, mandates that ticket brokers obtain $200,000 surety bonds, and requires ticket brokers to register with the Department of Secretary of State.

ASSUMPTIONS AND METHODOLOGY:

Revenue

This bill requires ticket brokers to pay an annual $2,500 registration fee to the Department of Secretary of State. The Department estimates that between 2 and 15 ticket brokers will apply for registration. This fiscal note will assume the midpoint or 9 registrations per year. This number is reasonable given that 11 national ticket brokers were found in an internet search conducted by

Fiscal Research on July 27, 1998. With 9 registrations, the Department will collect $22,500 for deposit into the General Fund.

Expenditures

The Department of Secretary of State estimates that it will take a ¼ time clerical position to administer the registration program for ticket brokers. The Department recommends a grade 63 Administrative Assistant I position at a cost of $6,600. The Department could fund a temporary position each year by using salary reserve. The use of salary reserve requires approval from the Office of State Budget and Management, but does not require an appropriation.

The bill sets Class I felony and Class 2 misdemeanor charges for violation of the ticket broker act. Data is not readily available to calculate the bill's impact on the court system, but the Administrative Office of the Courts (AOC) does not believe this bill will have a substantial fiscal impact. The creation of the new Class I felony and Class 2 misdemeanor charges could increase the number of cases coming through the courts, but the AOC has no evidence to suggest that these registered ticket brokers will not comply with the new regulations. The AOC also notes that individuals who "scalp" tickets without following the registration requirements would be prosecuted under the existing misdemeanor charge. Similarly, the Sentencing Commission does not expect this bill to have a significant impact on the state prison system. The charges might affect county jail populations, but few cases are expected.

If at the ~~sentencing hearing, or at a subsequent~~ forfeiture hearing, the judge determines that the ~~requirements of subsections (a) through (e) of this section exist and the defendant was the only motor vehicle owner at the time of the offense,~~ motor vehicle is subject to forfeiture pursuant to this section and proper notice of the hearing has been given, the judge shall order the motor vehicle forfeited. If at the sentencing hearing or at a ~~subsequent~~ forfeiture hearing, the judge determines that the ~~requirements of subsections (a) through (e) of this section exist and the defendant was not the only vehicle owner at the time of the offense,~~ motor vehicle is subject to forfeiture pursuant to this section and proper notice of the hearing has been given, the judge shall order the motor vehicle forfeited unless another motor vehicle owner establishes, by the greater weight of the evidence, that such motor vehicle owner is an innocent ~~party~~ owner as defined ~~by subdivision (a1)(2) of~~ in this section, in which case the trial judge shall order the motor vehicle released to the innocent ~~party vehicle~~ owner pursuant to the provisions of subsection (e) of this section. In any case where the motor vehicle is ordered forfeited, the judge ~~shall either:~~ shall:

(1) a. Authorize the ~~school board to sell~~ sale of the motor vehicle at public sale or allow the county board of education to retain the motor vehicle for its own use pursuant to G.S. 20-28.5; or

A lessor who refuses to sell, give, or transfer possession of a seized motor vehicle to the defendant or any person acting on the behalf of the defendant shall not be liable for damages arising out of the refusal.

No motor vehicle subject to forfeiture under this section shall be released to a nondefendant motor vehicle owner if the records of the Division indicate the motor vehicle owner had previously signed an acknowledgment, as required by this section, and the same person was operating the motor vehicle while that person's license was revoked unless the innocent ~~vehicle~~ owner shows by the greater weight of the evidence that the motor vehicle owner has taken all reasonable precautions to prevent the use of the motor vehicle by this particular person and immediately reports, upon discovery, any unauthorized use to the appropriate law enforcement agency. A determination by the court at the forfeiture hearing held pursuant to subsection (d) of this section that the petitioner is not an innocent owner is a final judgment and is immediately appealable to the Court of Appeals.

(f) Release to Lienholder. -- ~~The~~ At a forfeiture hearing, the trial judge shall order a forfeited motor vehicle released to the lienholder upon payment of all towing and

storage charges incurred as a result of the seizure of the motor vehicle if the judge determines, by the greater weight of the evidence, that:

(1) The lienholder's interest ~~is equal to or greater than the fair market value of the vehicle;~~ has been perfected and appears on the title to the forfeited vehicle;

(2) The lienholder agrees not to sell, give, or otherwise transfer possession of the forfeited motor vehicle to the defendant or to the motor vehicle owner who owned the motor vehicle immediately prior to forfeiture, or any person acting on the defendant's or motor vehicle owner's behalf;

(5) The lienholder agrees to sell the motor vehicle in accordance with the terms of its agreement and pursuant to the provisions of Part 5 of Article 9 of Chapter 25 of the General Statutes. Upon the sale of the motor vehicle, the lienholder will pay to the clerk of court of the county in which the vehicle was forfeited all proceeds from the sale, less the amount of the lien in favor of the lienholder, and any towing and storage costs paid by the lienholder.

A lienholder who refuses to sell, give, or transfer possession of a forfeited motor vehicle to the defendant, the vehicle owner who owned the motor vehicle immediately prior to forfeiture, or any person acting on the behalf of the defendant or motor vehicle owner shall not be liable for damages arising out of such refusal. The defendant, the motor vehicle owner who owned the motor vehicle immediately prior to forfeiture, and any person acting on the defendant's or motor vehicle owner's behalf are prohibited from purchasing the motor vehicle at any sale conducted by the lienholder.

~~(g) Possessory Lien. -- The entity that tows or stores the motor vehicle, other than the county school board, shall be entitled to a possessory lien as defined in G.S. 28.2(a1)(5).~~"

This notice shall be sent by first-class mail to the most recent address contained in the Division records. The seized motor vehicle is ~~placed~~ under the constructive possession of the ~~school board~~ county board of education for the county in which the operator of the vehicle is charged at the time the vehicle is delivered to a location designated by the county board of education or delivered to its agent pending release or sale, or in the event a statewide or regional contract is in place, under the constructive possession of the Department of Public Instruction, on behalf of the State at the time the vehicle is delivered to a location designated by the Department of Public Instruction or delivered to its agent pending release or sale. ~~Each~~ Absent a statewide or regional contract that provides otherwise, each county ~~school board~~ board of education may elect to have seized motor vehicles stored on property owned or leased by the ~~school~~ county board of education and charge ~~no~~ a reasonable fee for ~~storage.~~ storage, not to exceed ten dollars ($10.00) per day. under G.S. 20-28.3(c) or otherwise violates a condition of pretrial release of the seized motor vehicle as set forth in this subsection, the bond posted shall be ordered forfeited and an order of seizure shall be issued by the court. Additionally, a nondefendant motor vehicle owner or lienholder who willfully violates any condition of pretrial release may be held in civil or criminal contempt.

The clerk shall send a copy of the order of release to the county board of education attorney. At any pretrial hearing conducted pursuant to this subsection, the court is not required to determine the issue of forfeiture, only the issue of whether the petitioner is an innocent owner. If the court determines that the petitioner is an innocent owner, the court shall release the motor vehicle to the petitioner subject to the same conditions as if the petitioner were an innocent owner under G.S. 20-28.2(e). An order issued under this subsection finding that the petitioner failed to establish that the petitioner is an innocent owner may be reconsidered by the court as part of the forfeiture hearing conducted pursuant to G.S. 20-28.2(d).

(e2) Pretrial Release of Motor Vehicle to Defendant Owner. -- A defendant motor vehicle owner may file a petition with the clerk of court seeking a pretrial determination that the defendant's license was not revoked pursuant to an impaired driving license revocation as defined in G.S. 20-28.2(a). The clerk shall schedule a hearing before a judge of the division in which the underlying criminal charge is pending for a hearing to be held within 10 business days or as soon as thereafter as may be feasible. Notice of the hearing shall be given to the defendant, the district attorney, and the attorney for the county board of education. The clerk shall forward a copy of the petition to the district attorney for the district attorney's review. If, based on available information, the district attorney determines that the defendant's motor vehicle is not subject to forfeiture, the district attorney may note the State's consent to the release of the motor vehicle on the petition and return the petition to the clerk of court who shall enter an order releasing the motor vehicle to the defendant upon payment of all towing and storage charges incurred as a result of the seizure and impoundment of the motor vehicle, subject to the satisfactory proof of the

identity of the defendant as a motor vehicle owner and the existence of financial responsibility to the extent required by Article 13 of this Chapter, and no hearing shall be held. The clerk shall send a copy of the order of release to the attorney for the county board of education. At any pretrial hearing conducted pursuant to this subsection, the court is not required to determine the issue of the underlying offense of impaired driving only the existence of a prior drivers license revocation as an impaired driving license revocation. Accordingly, the State shall not be required to prove the underlying offense of impaired driving. An order issued under this subsection finding that the defendant failed to establish that the defendant's license was not revoked pursuant to an impaired driving license revocation as defined in G.S. 20-28.2(a) may be reconsidered by the court as part of the forfeiture hearing conducted pursuant to G.S. 20-28.2(d).

Upon 10 days' prior notice of the date, time, and location of the hearing sent by the lienholder to all interested parties, a judge, after a hearing, shall order a seized motor vehicle released to the lienholder conditioned upon payment of all towing and storage costs incurred as a result of the seizure and impoundment of the motor vehicle if the judge determines, by the greater weight of the evidence, that:

(2) As a consequence of default, the lienholder is entitled to possession of the motor vehicle;

(3) The lienholder agrees to sell the motor vehicle in accordance with the terms of its agreement and pursuant to the provisions of Part 5 of Article 9 of Chapter 25 of the General Statutes. Upon sale of the motor vehicle, the lienholder will pay to the clerk of court of the county in which the vehicle was seized all proceeds from the sale, less the amount of the lien in favor of the lienholder, and any towing and storage costs paid by the lienholder;

(4) The lienholder agrees not to sell, give, or otherwise transfer possession of the forfeited motor vehicle to the defendant or the motor vehicle owner; and

(5) The forfeited motor vehicle had not previously been released to the lienholder.

Property insurance proceeds accruing to the defendant, or other owner of the seized motor vehicle, shall be paid by the responsible insurance company directly to the clerk of superior court in the county where the motor vehicle was seized. If the motor vehicle is declared a total loss by the insurance company responsible for repairs to the motor vehicle, the clerk of superior court, upon application of the county board of education, shall enter an order that the motor vehicle be released to the insurance company upon payment into the court of all insurance proceeds for damage to the motor vehicle after payment of towing and storage costs and all valid liens. The clerk of superior court shall provide the Division with a certified copy of the order entered pursuant to this subsection, and the Division shall transfer title to the insurance company or to such other person or entity as may be designated by the insurance company. Insurance proceeds paid to the clerk of court pursuant to this subsection shall be subject to forfeiture pursuant to G.S. 20-28.5 and shall be disbursed pursuant to further orders of the court. An affected motor vehicle owner or lienholder who objects to any agreed upon settlement under this subsection may file an independent claim with the insurance company for any additional monies believed owed. Notwithstanding any other provisions in the Chapter, nothing in this section shall require an insurance company to make payments in excess of those required pursuant to its policy of insurance on the seized motor vehicle.

(i) Expedited Sale of Seized Motor Vehicles in Certain Cases. -- In order to avoid additional liability for towing and storage costs pending resolution of the criminal proceedings of the defendant, the county board of education may, after expiration of 90 days from the date of seizure, sell any motor vehicle having a fair market value of one thousand five hundred dollars ($1,500) or less. The county board of education

may also sell a motor vehicle, regardless of the fair market value, any time the towing and storage costs exceed eighty-five percent (85%) of the fair market value of the vehicle, or with the consent of all the motor vehicle owners. Any sale conducted pursuant to this subsection shall take place upon not less than 10 days' prior notice to the motor vehicle owners and lienholders and the proceeds of the sale shall be deposited with the clerk of superior court. If an order of forfeiture is entered by the court, the court shall order the proceeds held by the clerk to be disbursed as provided in G.S. 20-28.5(b). If the court determines that the motor vehicle is not subject to forfeiture, the court shall order the proceeds held by the clerk to be disbursed first to pay the sale, towing, and storage costs, second to pay outstanding liens on the motor vehicle, and the balance to be paid to the motor vehicle owners.

(j) Retrieval of Certain Personal Property. -- At reasonable times, the entity charged with storing the motor vehicle may permit owners of personal property not affixed to the motor vehicle to retrieve those items from the motor vehicle, provided satisfactory proof of ownership of the motor vehicle or the items of personal property is presented to the storing entity.

With the prior consent of the county board of education, the district attorney may delegate to the attorney for the county board of education any or all of the duties of the district attorney under this section. Clerks of superior court, law enforcement agencies, and all other agencies with information relevant to the seizure, impoundment, release or forfeiture of motor vehicles are authorized and directed to provide county boards of education with access to that information and to do so by electronic means when existing technology makes this type of transmission possible.

(l) Payment of Fees Upon Conviction. -- If the driver of a motor vehicle seized pursuant to this section is convicted of an offense involving impaired driving, the defendant shall be ordered to pay as restitution to the county board of education, the motor vehicle owner, or the lienholder the cost paid or owing for the towing, storage, and sale of the motor vehicle to the extent the costs were not covered by the proceeds from the forfeiture and sale of the motor vehicle. The order of payment of costs under this subsection, in addition to being a part of the criminal judgment, shall also constitute a civil judgment in favor of the party to whom the restitution is owed, shall be docketed by the clerk of court as any other civil judgment, and may be collected as any other civil judgment.

(m) Trial Priority. -- Trials of impaired driving offenses involving forfeitures of motor vehicles pursuant to G.S. 20-28.2 shall be scheduled on the arresting officer's next court date or within 30 days of the offense, whichever comes first.

(2) The judge makes a finding of a 'compelling reason' for the continuance.

(3) The motion and finding are attached to the court case record.

Upon a determination of guilt, the issue of vehicle forfeiture shall be heard by the judge immediately, or as soon thereafter as feasible, and the judge shall issue the appropriate orders pursuant to G.S. 20-28.2(d).

Should a defendant appeal his conviction to superior court, the appeal shall be set down for trial on the next available trial date and the limitations on continuances and requirement for expedited hearing on the forfeiture of the vehicle, set forth above, shall apply."

A vehicle owner or possessor claiming an interest in such proceeds shall have a right of action under G.S. 116B-38.

Property insurance proceeds accruing to the defendant, or other owner of the seized motor vehicle, shall be paid by the responsible insurance company directly to the clerk of superior court in the county where the motor vehicle was seized. If the motor vehicle is declared a total loss by the insurance company responsible for repairs to the motor vehicle, the clerk of superior court, upon application of the county board of education, shall enter an order that the motor vehicle be released to the insurance company upon payment into the court of all insurance proceeds for damage to the motor vehicle after payment of towing and storage costs and all valid liens. The clerk of superior court shall provide the Division with a certified copy of the order entered pursuant to this subsection, and the Division shall transfer title to the insurance company or to such other person or entity as may be designated by the insurance company. The county board of education may also sell a motor vehicle, regardless of the fair market value, any time the towing and storage costs exceed eighty-five percent (85%) of the fair market value of the vehicle, or with the consent of all the motor vehicle owners. Any sale conducted pursuant to this subsection

In addition, a civil judgment for the costs under this section in favor of the party to whom the restitution is owed shall be docketed by the clerk of

superior court. If the defendant is sentenced to an active term of imprisonment, the civil judgment shall become effective and be docketed when the defendant's conviction becomes final. MEMORANDUM

TO: Senate Finance Committee

FROM: O. Walker Reagan, Committee Co-Counsel, Senate Judiciary Committee

RE: **SENATE BILL 1336 - 1998 GOVERNOR'S DWI AMENDMENTS - Senator Odom**

Senate Bill 1336 is a recommendation of the Joint Corrections and Crime Control Oversight Committee and the Governor's DWI Task Force. The bill would implement 5 recommendations of these two groups:

- Revise the DWI forfeiture laws and other related laws.
- Provide for expedited hearings of DWI's involving seized vehicles.
- Provide for zero alcohol tolerance for commercial drivers, school bus drivers, and day care vehicle drivers.
- Provide for the immediate 30-day revocation for drivers licenses of persons under 21 violating zero tolerance.
- Increase the penalty for 19 and 20 year old possessing or purchasing alcoholic beverages.

PART I - DWI FORFEITURE AMENDMENTS

Part I of the bill (Sections 1 through 17) amends the DWI forfeiture law to make changes and improvements in the law in seven major ways:

1. Expands coverage of the law.
2. Provides greater protections for innocent owners.
3. Provides more bonding options to obtain pre-trial temporary release of the vehicle to nondefendant owners.
4. Provides greater protections for lienholders.
5. Provides greater protections for school boards.
6. Clarifies the authority of law enforcement officers and magistrates in seizure situations.
7. Expedites the sale of some seized vehicles providing greater protections to all parties to avoid excessive storage costs.

Section 1 expands the definition of offenses involving impaired driving to include first degree murder when based on impaired driving and habitual impaired driving.

Section 2 (20-28.2) expands the definition of "impaired driving revocation" to include revocations for habitual impaired driving, commercial driving while impaired, and all vehicular homicides involving impaired driving.

Subsection (a1) includes in the definition of an "innocent owner" persons whose vehicle was reported stolen, persons who filed a police report for unauthorized use of the vehicle, and persons who rent cars that are driven by a person not authorized on the contract to drive.

Subsection (b) permits a forfeiture hearing to be held either at sentencing, at a subsequent hearing, or at an expedited hearing after the defendant fails to appear on the DWI charge and the order of arrest for failing to appear has not been set aside within 60 days.

Subsection (c1) provides that insurance proceeds due from a vehicle damaged in conjunction with the offense leading to the seizure are considered part of the value of the vehicle seized and the proceeds are made subject to forfeiture as well.

Subsection (d) is amended to allow the court to order forfeited collected insurance proceeds and the rights to claim unpaid insurance proceeds.

Subsection (e) provides for the vehicle to be returned to an innocent owner, including a lessor, upon payment of towing and storage charges.

Subsection (f) provides for the vehicle to be released to a lienholder if the vehicle owner is in default on the loan secured by the vehicle, to be sold in accordance with the repossession law, with any equity arising from the sale to be paid to the county board of education.

Section 3 (20-28.3) Subsections (b) does not require the officer to seize a vehicle reported stolen or a rental vehicle driven by a person not authorized on the rental agreement, and together with (b1) removes from arresting officer the duty to notify the relevant parties of the seizure of the vehicle and transfers that responsibility to a state agency designated by the Governor.

Subsection (c1) makes an order of seizure valid statewide and clarifies law enforcement's authority to effect the order of seizure.

Subsection (d) allows custody of seized vehicles to be held either through a state or regional central storage arrangement, or if none is available, by the local county board of education. Storage fees are raised from $5 per day to $10 per day, and school boards are allowed to charge for storage if cars are held on school property. Private commercial towing companies are entitled to payment for towing and storage charges prior to releasing the vehicle, unless other arrangements are agreed to by the towing company.

Subsection (e) expands the options for obtaining temporary release of a seized vehicle by a nondefendant owner pending trial by allowing property and bail bonds as collateral for the return of the vehicle at the forfeiture hearing.

Subsection (e1) allows a pretrial determination of innocent owner status by petition. Upon the filing of the petition a court hearing will be set within 10 days, during which

time the district attorney may authorize the release of the vehicle if the district attorney determines that the vehicle will not be subject to forfeiture.

Subsection (e2) establishes a way for a defendant owner to have a pretrial hearing on the question of whether the vehicle is subject to forfeiture where the defendant contends that the defendant's license was not revoked for an impaired driving offense and the seizure was a mistake.

Subsection (e3) allows the lienholder to petition for pretrial release where the owner is in default on the loan. The lienholder is allowed to sell the vehicle in accordance with the repossession law and any equity arising from the sale is to be paid to the county board of education.

Subsection (h) provides for insurance proceeds to be seized pending forfeiture, allowing the school board attorney to negotiate the claim and allowing a vehicle determined to be a total loss to be released upon payment of the proceeds.

Subsection (i) provides for several circumstances where a seized vehicle may be sold prior to forfeiture in order to mitigate excessive storage charges. Those situations include 1) where the owner consents to the sale, 2) after 90 days if the vehicle is worth $1,500 or less, and 3) anytime the towing and storage charges equal or exceed 85% of the worth of the vehicle.

Subsection (k) authorizes the school board attorney to take a more active and significant role in the forfeiture process.

Subsection (l) provides that the defendant be taxed with the cost of towing and storage as part of the restitution for the criminal offense.

Subsection (m) makes trials of DWI cases involving seized vehicles a higher priority and restricts grounds on which these cases can be continued to later dates.

Section 4 (20-28.4) makes conforming changes for other changes made in the bill.

Section 5 (20-28.5). Subsection (a) changes the sales process for forfeited vehicles from a judicial sale to a public sale with special notices as permitted for the disposal of surplus property by schools.

Subsection (c) clarifies how much the county school board should pay other school boards in the county if the county school board retains the forfeited vehicle.

Section 6 repeals restrictions on registration of vehicles for persons whose vehicles are forfeited. These provisions have been recodified in other sections of the law in Sections 9 and 10 of the bill.

Section 8 (20-28.8 and 20-28.9) clarify what information the clerk of court is required to report to DMV and authorizes the Department of Public Instruction to administer regional or statewide contracts for the towing, storage, and sale of seized and forfeited vehicles. It also clarifies that storage fees up to $10 per day may be charged for storage under a statewide or regional contract and that a $10 per vehicle administrative fee will be collect to defray the costs for DPI to administer this program.

Sections 9 and 10 (20-54 and 20-54.1) recodify restrictions on registration of vehicles for persons whose vehicles are forfeited.

Section 12.1 requires DMV to modify the accident report form to provide for the investigative officer to indicate on the accident report if the vehicle involved in the accident was seized and subject to forfeiture.

Section 14 (44A-2(d)) amends the mechanics lien statute to exempt seized vehicle towed or stored from the mechanics lien statute and provides for payment of towing and storage through the seizure and forfeiture process where these costs are required to be paid when the vehicle is release or paid from the proceeds of sale

Section 15 (44A-4(b)(1) amends the mechanics lien statute to permit another alternative for notice to be sent to a vehicle owner whose vehicle is subject to sale to satisfy an unpaid mechanics lien. Under this provision in addition to DMV sending the notice, the lienholder may send the notice directly.

Sections 16 and 17 (58-71-1 and 58-71-35) amend the bail bond statutes to allow bail bonds to be used to bond the release of seized vehicles.

PART II - ZERO TOLERANCE FOR COMMERCIAL DRIVERS

Sections 18 through 24 amend the laws for commercial driving while impaired offense by reducing the permissible alcohol level from less than 0.04 to no alcohol at all. These sections also revoke for life a commercial drivers license for a second or subsequent commercial DWI.

PART III - ZERO TOLERANCE FOR SCHOOL BUS DRIVERS AND OPERATORS OF CHILD CARE VEHICLES

Sections 25 through 29 make it illegal to drive a school bus or a child care vehicle with any alcohol in the body. Currently, operators of larger vehicles are required to have commercial drivers licenses and are subject to a 0.04 blood alcohol limit. This change would make zero tolerance applicable not to just commercial drivers but also operators of small vehicles for which a commercial drivers license is not required.

PART IV - IMMEDIATE REVOCATION FOR UNDER 21 DRIVERS

Sections 30 through 32 makes the immediate 30-day civil revocation of a drivers license for DWI offenses also applicable for violations of zero tolerance for drivers under age 21.

PART V - MISCELLANEOUS PROVISIONS

Section 35 authorizes the Department of Public Instruction to hire a part-time person to administer the statewide or regional towing and storage contract for seized vehicles.

PART VI - EFFECTIVE DATE

The provisions in the bill changing the DWI forfeiture law would become effective October 1, 1998 and would apply to offenses committed on or after that date. The new provisions allowing for increase options to release a seized vehicle through bonding, an innocent owner petition, a defendant owner petition, a lienholder petition, insurance proceeds and expedited pre-trial sales would apply to vehicles currently held on the effective date. The Parts for zero tolerance violations, immediate revocation for under 21 zero tolerance violation, and increasing the penalty for 19 and 20 year old alcoholic beverages purchase or possession are effective December 1, 1998.

MEMORANDUM

TO: **Senate Finance Committee**
FROM: **Jo B. McCants**
RE: **Senate Bill 1336 - Changes to the Zero Tolerance Provisions**

The proposed committee substitute to Senate Bill 1336 creates a new offense for commercial motor vehicle drivers who drive a commercial motor vehicle with an alcohol concentration of more than 0.00 but less than 0.04 (20-138.2A). The changes also seek to restore the current law for 0.04 violators under 20-138.2. However, the punishment has been changed so that 0.04 violators are sentenced in the same manner as a defendant convicted of DWI under 20-138.1. (This change with regard to punishment was made in the committee substitute that received a favorable report in the Senate Judiciary Committee.)

New Provision (20-138.2A) Operating a commercial vehicle after consuming alcohol.

1. **Offense**. -- Person drives a commercial vehicle with an alcohol concentration greater than 0.00 and less than 0.04. The offense is an implied consent offense.

2. **Punishment**-- a. **First Offense**: Infraction, a mandatory $100 penalty, and a 10-day post conviction disqualification.

b. **Second or Subsequent Offense**: Misdemeanor and defendant sentenced under 20-179, just as a defendant charged under 20-138.1 or 20-138.2. Disqualification for 1 year. Any subsequent convictions will follow the same disqualification track; i.e., modified life, life without consideration, as would a defendant charged under 20-138.2. Conforming changes made to applicable statutes amended so that courts and DMV may administer proper sanctions. (Ex. 20-17(a) instructs DMV to revoke license on second or subsequent offense; 20-17.6 allows DMV to restore license upon completion of substance abuse treatment ordered by the court.)

c. **Lesser Included Offense**: The new offense under 20-138.2A is a lesser included offense of 20-138.2.

The limited driving privilege language has been removed, so that the law complies with federal regulations.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED:
Judicial System, Division of Motor Vehicles, State Highway Patrol, Department of Public Instruction, Local Law Enforcement Agencies, and Local School Boards

EFFECTIVE DATE: The provisions in Part I of the bill changing the DWI forfeiture law would become effective October 1, 1998 and would apply to offenses committed on or after that date. The new provisions allowing for increased options to release a seized vehicle through bonding, an innocent owner petition, a defendant owner petition, a lienholder petition, insurance proceeds and expedited pre-trial sales would apply to vehicles currently held on the effective date. Parts II, III, & IV for zero tolerance violations and immediate revocation for under 21 zero tolerance violations are effective December 1, 1998.

Note 1: The bill requires the Governor to designate an agency to send seizure notifications. The estimate is the higher of the two estimates for the Division of Motor Vehicles and the State Highway Patrol as the designated agency. The estimates for each are in the body of the note.

BILL SUMMARY:

Senate Bill 1336 would implement recommendations of the Joint Legislative Corrections and Crime Control Oversight Committee and the Governor's DWI Task Force. In general, the bill would (1) revise the DWI forfeiture laws and other related laws; (2) provide for expedited hearings of DWI's involving seized vehicles; (3) provide for zero alcohol tolerance for commercial drivers, school bus drivers, and day care vehicle drivers; and (4) provide for the immediate 30-day revocation of drivers licenses of persons under 21 violating zero tolerance. A more detailed summary of each part of the bill is included later in the fiscal note.

ASSUMPTIONS AND METHODOLOGY: Generally

This bill has four major parts. Each part has the potential to impact the following: the Judicial System (Magistrates, Clerks of Court, Trial Judges, Appellate Judges, Indigent Defense Attorneys, District Attorneys), the Division of Motor Vehicles, the State Highway Patrol, local law enforcement agencies, the Department of Public Instruction, and local school boards. This fiscal note includes an analysis for each part of the bill. Included in the analysis for each part of the bill are the detailed bill summary and the assumptions & methodology for each agency impacted by that part.

In most cases, the estimated impact on each agency depends on the projected number of seized vehicles. The Department of Public Instruction reports that 2,337 vehicles were seized from December 1, 1997 through April 30, 1998, the first five months that the 1997 DWI Forfeiture Laws were in effect. Based on this activity, an average of 467 vehicles are seized monthly for a projected total of 5,604 by the end of the first year. **This analysis assumes that approximately 6,000 vehicles will be seized each year.**

A 2.7% inflation rate for operating cost is applied to future years. Also, inflation rates averaging 3.37% were applied to future years for salaries.

SUMMARY OF EACH PART AND METHODOLOGY OF COST ESTIMATE
(summary prepared by Judiciary Committee Counsel, Research Division)

PART I - DWI FORFEITURE AMENDMENTS
Bill Summary

Part I of the bill (Sections 1 through 17) amends the DWI forfeiture law in seven major ways:

1. Expands coverage of the law.
2. Provides greater protections for innocent owners.
3. Provides more bonding options to obtain pre-trial temporary release of the vehicle to nondefendant owners.
4. Provides greater protections for lienholders.
5. Provides greater protections for school boards.
6. Clarifies the authority of law enforcement officers and magistrates in seizure situations.
7. Expedites the sale of some seized vehicles providing greater protections to all parties to avoid excessive storage costs.

Section 1 expands the definition of offenses involving impaired driving to include first degree murder when based on impaired driving and habitual impaired driving.

Section 2 (20-28.2) expands the definition of "impaired driving revocation" to include revocations for habitual impaired driving, commercial driving while impaired, and all vehicular homicides involving impaired driving.

- Subsection (a1) includes in the definition of an "innocent owner" persons whose vehicle was reported stolen, persons who filed a police report for unauthorized use of the vehicle, and persons who rent cars that are driven by a person not authorized on the contract as a driver.
- Subsection (b) permits a forfeiture hearing to be held either at sentencing, at a subsequent hearing, or at an expedited hearing held 60 days after the defendant fails

to appear on the DWI charge and the order of arrest for failing to appear has not been set aside.

- Subsection (c1) provides that insurance proceeds due from a vehicle damaged in conjunction with the offense leading to the seizure are considered part of the value of the vehicle seized and the proceeds are made subject to forfeiture as well.
- Subsection (d) is amended to allow the court to order collected insurance proceeds to be paid to the county board of education and the rights to claim unpaid insurance proceeds assigned to the county board of education.
- Subsection (e) provides for the vehicle to be returned to an innocent owner, including a lessor, upon payment of towing and storage charges.
- Subsection (f) provides for the vehicle to be released to a lienholder if the vehicle owner is in default on the loan secured by the vehicle, to be sold in accordance with the repossession law, with any equity arising from the sale to be paid to the county board of education.

Section 3 (20-28.3)

- Subsections (b) does not require the officer to seize a vehicle reported stolen or a rental vehicle driven by a person not authorized on the rental agreement, and together with (b1) removes from arresting officer the duty to notify the relevant parties of the seizure of the vehicle and transfers that responsibility to a state agency designated by the Governor.
- Subsection (c1) makes an order of seizure valid statewide and clarifies law enforcement's authority to effect the order of seizure.
- Subsection (d) allows custody of seized vehicles to be held either through a state or regional central storage arrangement, or if none is available, by the local county board of education. Storage fees are raised from $5 per day to $10 per day, and school boards are allowed to charge for storage if cars are held on school property. Private commercial towing companies are entitled to payment for towing and storage charges prior to releasing the vehicle, unless other arrangements are agreed to by the towing company.
- Subsection (e) expands the options for obtaining temporary release of a seized vehicle by a nondefendant owner pending trial by allowing property and bail bonds as collateral for the return of the vehicle at the forfeiture hearing.
- Subsection (e1) allows a pretrial determination of innocent owner status by petition. Upon the filing of the petition a court hearing will be set within 10 days, during which time the district attorney may authorize the release of the vehicle if the district attorney determines that the vehicle will not be subject to forfeiture.
- Subsection (e2) establishes a way for a defendant owner to have a pretrial hearing on the question of whether the vehicle is subject to forfeiture where the defendant contends that the defendant's license was not revoked for an impaired driving offense and the seizure was a mistake.
- Subsection (e3) allows the lienholder to petition for pretrial release where the owner is in default on the loan. The lienholder is allowed to sell the vehicle in accordance

with the repossession law and any equity arising from the sale is to be paid to the county board of education.

- Subsection (h) provides for insurance proceeds to be seized pending forfeiture, allowing the school board attorney to negotiate the claim and allowing a vehicle determined to be a total loss to be released upon payment of the proceeds.
- Subsection (i) provides for several circumstances where a seized vehicle may be sold prior to forfeiture in order to mitigate excessive storage charges. Those situations include 1) where the owner consents to the sale, 2) after 90 days if the vehicle is worth $1,500 or less, and 3) anytime the towing and storage charges equal or exceed 85% of the worth of the vehicle.
- Subsection (k) authorizes the school board attorney to take a more active and significant role in the forfeiture process.
- Subsection (l) provides that the defendant be taxed with the cost of towing and storage as part of the restitution for the criminal offense.
- Subsection (m) makes trials of DWI cases involving seized vehicles a higher priority and restricts grounds on which these cases can be continued to later dates.

Section 4 (20-28.4) makes conforming changes for other changes made in the bill.

Section 5 (20-28.5).

- Subsection (a) changes the sales process for forfeited vehicles from a judicial sale to a public sale with special notices as permitted for the disposal of surplus property by schools.
- Subsection (c) clarifies how much the county school board should pay other school boards in the county if the county school board retains the forfeited vehicle.

Section 6 repeals restrictions on registration of vehicles for persons whose vehicles are forfeited. These provisions have been recodified in other sections of the law in Sections 9 and 10 of the bill.

Section 8 (20-28.8 and 20-28.9) clarify what information the clerk of court is required to report to DMV and authorizes the Department of Public Instruction to administer regional or statewide contracts for the towing, storage, and sale of seized and forfeited vehicles. It also clarifies that storage fees up to $10 per day may be charged for storage under a statewide or regional contract and that a $10 per vehicle administrative fee will be collected to defray the Department of Public Instruction's costs for administering this program.

Sections 9 and 10 (20-54 and 20-54.1) recodify restrictions on registration of vehicles for persons whose vehicles are forfeited.

Section 12.1 requires DMV to modify the accident report form to provide for the investigative officer to indicate on the accident report if the vehicle involved in the accident was seized and subject to forfeiture.

Section 14 (44A-2(d)) amends the mechanics lien statute to exempt seized vehicle towed or stored from the mechanics lien statute and provides for payment of towing and storage through the seizure and forfeiture process where these costs are required to be paid when the vehicle is release or paid from the proceeds of sale.

Section 15 (44A-4(b)(1) amends the mechanics lien statute to permit the lienholder to send the notice directly to a vehicle owner whose vehicle is subject to sale to satisfy an unpaid mechanics lien. Under existing law, DMV sends the notices.

Sections 16 and 17 (58-71-1 and 58-71-35) amend the bail bond statutes to allow bail bonds to be used to bond the release of seized vehicles.

Assumptions & Methodology - Judicial System:

Several sections amend the existing law by increasing the options for pre-trial release of seized vehicles and streamlining the DWI forfeiture process. With these changes, many of the administrative tasks in the process will be placed on the clerks of superior court.

The workload for the clerks of court is expected to increase due to (1) broadening the offenses for which vehicles are subject to seizure (Sec. 3); (2) clarification of the process for pre-trial release to innocent parties (Sec. 3); (3) the addition of a mechanism for restitution payments to school boards (Sec. 3); (4) broadening of the definition of innocent parties (Sec. 2); (5) the increase in options for release of impounded vehicles (Sec. 4); and (5) the disbursement of insurance proceeds (Sec. 2).

There is no data available to project the number of new petitions, inquiries and hearings that will result from these changes nor the extent to which the workload will be distributed evenly around the state. If the 6,000 seized vehicles are distributed evenly throughout the year and among the 100 counties, there would be 1 seizure in each county each week. This impact could probably be absorbed within existing resources. However, it is more likely the seizures will be predominantly in certain urban areas and show some seasonality. Under this scenario, some counties would not be able to absorb the additional work.

Section 8 adds new provisions for the clerk of superior court to report to the Division of Motor Vehicles all information required by the Division concerning the disposition of seized and forfeited motor vehicles. These provisions may create additional responsibilities for the clerks, since this information is not provided under current law. There also would be some impact on the court system because programming changes would be required to facilitate the exchange of such information between the clerks and the Division.

FISCAL IMPACT: There is a fiscal impact on the Judicial System but the estimated dollar impact cannot be estimated, reliably.

Assumptions & Methodology - Agency Designated by the Governor:

Under existing law, an officer who seizes a vehicle pursuant to the DWI Forfeiture Laws must send written notification to any vehicle owner who was not operating or present in the vehicle at the time of the seizure. The officer must also notify the Division of Motor Vehicles of the seizure. Sections 3(b) and (b1) of this bill would eliminate the officer's duty to notify the vehicle owner. Rather, the bill would require the officer to notify the Division and an agency designated by the Governor, as soon as practical but within 72 hours, that a motor vehicle has been seized. That agency must issue written notification of the seizure to any lienholder of record and to the motor vehicle owner who was not operating the vehicle or was not present at the time of the offense within 48 hours of receipt of notification from the charging officer. If the vehicle was damaged during the commission of the underlying offense or incident to seizure, that agency must also notify the insurance company of record.

The Governor has not yet designated the agency but the most likely choices are the Division of Motor Vehicles (Division) or the State Highway Patrol (Patrol). The work involved in this task should be very similar in either agency and will require one time modifications to either computer system and new ongoing clerical personnel. There are some important differences in the approach of each agency that could affect the costs.

Assuming DMV is the Designated Agency:

To implement this bill, the Division's current State Titling and Registration System (STARS)/DWI Subsystem must be revised to print notifications of DWI seizures for the owners and lienholders. Revisions to existing programs and the development of new programs would be required to provide for the automated generation of the seizure notifications. The Division estimates that 1,000 hours would be needed to complete the analysis, design, programming, testing, and implementation activity required to modify the subsystem. The total one-time cost is estimated to be $88,400 over a two year period.

The Division estimates that 7 additional employees would be needed to process the notifications. Their estimate includes $172,949 for salaries and benefits for 7 new employees. It also includes $68,641 for furniture, equipment, telephone system, and office space for 7 new employees; postage; and data processing fees.

The Division's estimate is based on the number of employees currently processing lienor notices of intent to sell (3 employees), the time it takes to process the notices (1 hour per notice file), their estimate that 10,000 vehicles will be seized annually, and their

estimate that 9,700 vehicles will be subject to sell by lienors. Thus, the Division calculates the need for 7 additional employees as follows: 19,700 notices (10,000 seizure notices + 9,700 lienor notices) divided by 2,000 work hours per year/employee equals 9.85 employees less 3 current employees equals 7 additional employees needed.

The Fiscal Research Division estimates that only one additional Processing Assistant IV would be needed to process seizure notifications. This assumes an efficient automated system which would require minimal data entry. However, an additional year of experience may indicate the need for more clerical support. The personnel cost for the Processing Assistant IV effective October 1, 1998 is estimated to be $18,530 with an annualized cost of $24,707. The reasons for the difference in the two estimates are as follows. As noted above in the first paragraph under Assumptions and Methodology on page 2, the Fiscal Research Division estimates that 6,000 rather than 10,000 vehicles will be seized annually. Less time should be required to process seizure notices than is required for lienor notices because processing seizure notices would be a more automated process than processing lienor notices. Also, the requirements for a seizure notice are substantially less than the requirements for lienor notices. For example:

- seizure notices are to be sent via first class mail whereas lienor notices must be sent by registered or certified mail, return receipt requested.
- Seizure notices are to be sent to the owner of record if he/she was not operating the vehicle or was not present at the time of seizure, any lienholder of record and to the insurance company of record if the vehicle was damaged. Lienor notices must go the person having legal title, any person with whom the lienor dealt, and any secured party who is actually known to the Division or who can be reasonably ascertained.
- The lienor notice must include more information which is more specific to the intent to sell than is required in the seizure notices.
- Lien notices involve processing of a fee from the lienor.
- A form to be returned by the recipient must be included in each lienor notice and the Division must provide the appropriate follow-up action for any form which is returned.

In addition to the personnel cost, the Fiscal Research Division estimates that $10,354 would be needed for furniture, equipment, a telephone and line, and postage. This estimate, differs from the Division's estimate, does not include the lease of office space or the installation of a new telephone system and has also been adjusted based on one additional person instead of seven.

Assuming the State Highway Patrol is the Designated Agency:

As with the Division, implementation of this bill would require modifications to the Patrol's existing computer system. The Patrol currently sends notifications to registered owners of vehicles impounded by them. However, to send seizure notifications as required by this bill, the Patrol estimates the need for 7 additional technical positions (1 Systems Programmer I, 1 Telecommunications Technician III, 1 Applications Analyst Programmer II, and 4 Application Programmer I's) to create a new applications database and a wide area network capable of interfacing with local level entities. In addition to the technical positions, the Patrol estimates that it will need 4 clerical positions (1 Program Assistant V, 2 Processing Assistants IVs, and 1 Office Assistant IV) for support, data entry, error resolution, general office duties, filing, and mailings. Without the wide area network, the Patrol estimates the need for 8 clerical positions rather than 11 clerical and technical positions. The Patrol's estimate of the number of clerical positions needed is based on the assumption that they will verify data contained in Division's database rather than send the notifications to the most recent address contained in the Division's records.

The Patrol's total estimate for sending the seizure notifications with the establishment of the wide area network is $730,942. The estimate includes personnel cost of $454,788 for the 7 technical positions and $145,282 for the 4 clerical positions. The estimate also includes $124,565 in one-time cost for a modular office facility and work areas, printers, computers, and other data processing equipment and recurring cost of $5,790 for postage. The Fiscal Research Division believes the Patrol's plan, although comprehensive and technologically advance, goes beyond the requirements of the bill.

The wide area network capable of interfacing with local level entities included in the Patrol's estimate is not necessary for the implementation of this bill. Also, the Patrol plans to verify the data contained in the Division's records with other available information in the Department of Revenue, the Judicial System, etc. This verification process is beyond the current requirements of this bill which only requires the agency to send notifications to the lienholder and the registered owner at the most recent address in the Division's system. Further, regardless of which agency is designated by the Governor, the Division has the responsibility for notifying insurance companies when the seized vehicle is damaged.

Currently, the Patrol has a system in place for sending notifications to owners of vehicles seized by the Patrol. The Patrol accesses the Division's database to retrieve the names and addresses of the registered owners. The data is then manually keyed into their

database and the letters are automatically generated. The MIS Division of the Department of Transportation estimates that it can perform the programming necessary to modify the Patrol's existing database to allow online access to and transfer of all the Division data required to give notice, thereby eliminating the need to manually key data into the Patrol's system. The estimated cost for the programming is $61,520.

Based on these factors, the Fiscal Research Division estimates that with the modification of the system to allow the transfer of information, only one Processing Assistant IV would be needed to process the seizure notifications. The personnel cost for a Processing Assistant IV effective October 1, 1998 is estimated to be $18,530 with annualized cost of $24,707. This assumes an efficient automated system which would require minimal data entry. However, an additional year of experience may indicate the need for more clerical support. In addition to the personnel cost, the Fiscal Research Division estimates that $10,817 would be needed for furniture, equipment, and postage.

Assumptions & Methodology - Division of Motor Vehicles

Section 2 amends the existing law to require the Division of Motor Vehicles to determine the name of any insurance companies that are the insurers of record with the Division for the seized vehicle or that may otherwise be liable for repair to the vehicle if the vehicle was damaged. The Division must also notify the insurance company that the claim for insurance proceeds for damage to the seized vehicle shall be paid to the appropriate clerk of superior court.

Based on information provided by the Division, the Fiscal Research Division estimates that one additional Processing Assistant IV will be needed to perform this function. A substantial part of the workload will be devoted to determining the name and address of the insurance company of record or otherwise liable for the repairs because the insurance information required to send the notices may not be readily available to the Division. While the Division does require the registered owner to give the name of the insurance company when the vehicle registration is issued or renewed, the Division does

not verify the validity and accuracy of the information and it does not maintain the names and addresses of insurance companies in its database. The names and addresses are maintained by the Department of Insurance. However, because of inconsistencies in the names used for insurance companies, direct match ups with the Department of Insurance database is extremely difficult. Further, the Division does not require the owner to give notice of changes in insurance companies. For these reason, determining the name and address of insurance companies may be a time consuming process which requires a full-time position.

The personnel cost for a Processing Assistant IV effective October 1, 1998 is estimated to be $18,530 with annualized cost of $24,707. In addition to the personnel cost, the Fiscal Research Division estimates that $5,554 would be needed for furniture, equipment, a telephone and line, and postage. Although the Division has limited office space, we have not included office space in the cost. However, if the Division is the designated agency responsible for seizure notices, additional office space may be needed at an estimated cost of $21,000 recurring and $4,651 nonrecurring.

Section 15 (44A-4(b)(1) amends the mechanics lien statute to allow a lienor to send notices of intent to sell a vehicle subject to sale to satisfy an unpaid mechanics lien. Currently, the Division sends the notices with respect to the mechanics liens.

During the 1996-97 fiscal year, the Division received 9,700 notices of intent to sell from lienors. The Division must send notices to each owner, lienholder and other affected parties by certified or registered mail, return receipt requested. The Division collects a $10.00 fee from the lienor for each notice sent in by the lienor to cover mailing expenses. The Division sends an average of 3 certified letters for each notice.

The Division estimates that 25% of the lienors will send notices directly. Based on this estimate and prior years' activity, the Division estimates that it would process approximately 7,275 notices each year (75% of 9,700 lienor notices). Accordingly, the mailing cost for processing the notices would decrease by $17,824 ((9,700 * 2.45/letter * 3 letters *25%) from $71,295 to $53,471. The revenue from the fees collected from the lienors would decrease by $24,250 ((9,700 * $10.00/lienor * 25%) from $97,000 to $72,750.

The Division estimates that the bill would have no impact on the personnel cost of sending the notices. Currently, three employees are responsible for processing notices. It takes approximately 1 hour to complete a notice file. Thus, each employee can process approximately 2,000 notices per year for a total of 6,000. The Division has fallen several months behind on notices. Therefore, the estimated reduction in workload due to allowing lienors to send notices directly will allow the employees to reduce the backlog of notices.

FISCAL IMPACT: HIGHWAY FUND	
Expenditure	($13,368) effective 10/1/98; ($17,824) annualized
Revenue	$18,390 effective 10/1/98; $24,520 annualized

Assumptions & Methodology - Department of Public Instruction/Local School Boards

Section 8 authorizes the Department of Public Instruction to administer a regional or statewide contract for the towing, storage and sale of seized and forfeited vehicles. It provides for the assessment of a $10 per day storage fee and a $10 per vehicle administrative fee.

The Fiscal Research Division estimates that the Department of Public Instruction would need one additional Administrative Officer III to administer the contract. The personnel cost for the position effective October 1, 1998 is estimated to be $28,900 with an annualized cost of $38,534. The estimate for furniture and equipment is $4,138. Based on the estimated number of vehicles seized annually, the Fiscal Research Division also estimates that fees collected under this section would generate $60,000 (6,000 seized vehicles * $10.00 administrative fee/vehicle) in General Fund revenue on an annual basis to defray the cost of administering the contract.

Subsection 3(d) of the bill authorizes the county boards of education, in the absence of a statewide or regional contract, to contract with a commercial towing and storage facility or other private entity and to charge up to $10 per day for storage. This subsection also authorizes county boards of education, in the absence of a statewide or regional contract to store vehicle on their property and to charge a reasonable fee up to $10.00 per day. These provisions may have a fiscal impact on the county boards of education if for example the actual cost differs from the per day charge. However, the dollar value of the impact cannot be determined on a county by county basis.

Other sections in this part of the bill provide greater protections for school boards by authorizing them to negotiate with insurance companies, directing clerks of court to

pay insurance proceeds to them if the court orders seizure; authorizing expedited sale of vehicles, giving them the right to appear at forfeiture hearings and requiring defendants to pay restitution to them. No data is available to estimate the impact which these sections of the bill would have on school boards.

FISCAL IMPACT: (Statewide or throughout counties, depending on the contract)	
Revenue:	$45,000 effective 10/1/98; $60,000 annualized
Expenditure:	$28,900 R (effective 10/1/98; $38,534 annualized)
	$4,138 NR
Also, there may be an additional impact on expenditures, but the estimate of the dollar amount is not available.	

PART II - ZERO TOLERANCE FOR COMMERCIAL DRIVERS

Bill Summary:

Sections 18 through 24 amend the laws for commercial driving while impaired offense by reducing the permissible alcohol level from less than 0.04 to no alcohol at all. These sections also revoke a commercial drivers license for modified life (possibility of reinstatement after 10 years) for a second DWI conviction or for life without the possibility for reinstatement for a third or subsequent conviction of a commercial DWI offense.

Assumptions & Methodology - Judicial System

These sections stiffen the penalty for DWI for Commercial Drivers in two ways. The bill reduces the permissible blood alcohol level for commercial driving from less than .04 to no alcohol at all. The bill also institutes a 1 year disqualification if a commercial driver has a DWI while driving a noncommercial vehicle.

The reduction in the permissible blood alcohol level for commercial driving will likely result in new cases and more strenuous defense of these cases. Based on data on blood alcohol content testing on commercial drivers, the Judicial System estimates a 17% increase in the number of cases (from 96 to 112), a 10 hour increase (from 5 to 15 hours) in court time per case for judges, deputy clerks and assistant district attorneys, and a 5 hour increase (from 5 to 10 hours) in preparation time per case for assistant district attorneys. The workload for clerks and judges would each increase by 1,200 hours in court time ((96 cases currently * 10 hour increase/case) + 16 new cases * 15 hours/case)). The workload for district attorneys would increase by 1,840 hours per year ((96 cases currently * 5 hour increase in preparation time/case) + (16 new cases * 10 hours of preparation time/case) + 1200 hours of court time for 112 cases). The increase in workloads for judges and deputy clerks equates to .66 of a full-time position for each. The increased workload for the assistant district attorneys would require one additional position.

The Judicial System also estimates that defense attorney costs would increase. This estimate assumes a 33% indigency rate and that the increased workload for defense attorneys would be the same as the increased workload for assistant district attorneys. The estimated cost for defense attorneys is $30,360 (33% * 1,840 additional hours * $50/hour).

Also, the section of the bill which provides for a one-year disqualification from driving a commercial motor vehicle for a conviction of a regular DWI while driving a noncommercial vehicle is likely to have a substantial impact on the courts. However, because the Judicial System does not have any data indicating how many of the people convicted of regular DWI also drive commercial vehicles, the potential impact on the courts cannot be determined.

FISCAL IMPACT:	
1 District Attorney	$41,428 (effective 12/1/98);$68,894 annualized
Indigent Defense	$17,710 (effective 12/1/98); $30,360 annualized
Total	$59,138 (effective 12/1/98); $99,254 annualized

The resource needs are based on an aggregate, statewide basis as though the work were performed at a central location. In practice the workload will be spread throughout the state. The analysis also assumes the additional workload for judges and deputy clerks which equates to less than 1 position each can be absorbed within existing resources.

Assumptions & Methodology - Division of Motor Vehicles

This part of the bill reduces the permissible level of alcohol while driving a commercial vehicle from .04 to zero. The drivers license of any person charged with an offense subject to implied consent is subject to temporary and/or permanent revocation. The bill also allows for reinstatement of driving privileges and conditional driving privileges. Implementation of the bill would change the rules governing driving privileges. Therefore, program modifications to the Division's computerized system are required to implement the bill. However, the estimates for the cost of the additional programming were not available at the time this fiscal note was prepared.

FISCAL IMPACT: There is an impact on the Division of Motor Vehicles, but the estimated dollar amount is not available.

Assumptions & Methodology - Local Law Enforcement Agencies/State Highway Patrol

This part of the bill reduces the permissible level of alcohol while driving a commercial vehicle from .04 to zero. Local law enforcement estimates that this change would not result in any additional stops for violations. However, the change may increase the offense for which the vehicle operator is charged and may, consequently, increase the time required for each incident.

No data is available is estimate the dollar value of the impact and law enforcement assumes any impact would be negligible

FISCAL IMPACT: None

PART III - ZERO TOLERANCE FOR SCHOOL BUS DRIVERS AND OPERATORS OF CHILD CARE VEHICLES

Bill Summary:

Sections 25 through 29 make it illegal to drive a school bus or a child care vehicle with any alcohol in the body. Currently, operators of larger vehicles are required to have commercial drivers licenses and are subject to a 0.04 blood alcohol limit. This change would make zero tolerance applicable not to just commercial drivers but also operators of small vehicles for which a commercial drivers license is not required.

Assumptions & Methodology - Judicial System

This section reduces permissible blood alcohol level necessary for a DWI charge for drivers of school buses and child care vehicles from .04 to zero. While it is expected this will result in some new charges, there is no data available to project the increase and the Judicial System assumes negligible impact.

FISCAL IMPACT: None

Assumptions & Methodology - Division of Motor Vehicles

FISCAL IMPACT: Same as for Part II.

Assumptions & Methodology - Local Law Enforcement Agencies/State Highway Patrol

FISCAL IMPACT: Same as for Part II.

PART IV - IMMEDIATE REVOCATION FOR UNDER 21 DRIVERS

Bill Summary

Sections 30 through 32 makes the immediate 30-day civil revocation of a drivers license for DWI offenses also applicable for violations of zero tolerance for drivers under age 21.

Assumptions & Methodology - Judicial System

These sections provide for an automatic 30-day drivers license revocation for any driver under 21 years of age who is charged with an implied consent offense if results of a chemical analysis reveal the presence of any alcohol concentration at any relevant time after driving. During calendar 1997, there were 6,507 defendants charged with driving while consuming alcohol or within a relevant time after consumption. While this provision would apply to a substantial number of youthful drivers the short duration of the revocation may limit the frequency of hearings to contest these revocations or to request limited driving privileges. The Judicial System expects this provision to have an impact on the courts' workload. However, data is not available to estimate the impact in terms of hours of work or dollars.

FISCAL IMPACT: May be Impact; Estimate Unavailable

Assumptions & Methodology - Division of Motor Vehicles:

This part of the bill provides for the 30-day revocation of drivers license of drivers under 21 years of age who are charged with an implied consent offense or who have any level of alcohol concentration within a relevant time after driving. As with Parts II and III, modifications to the Division's system are required to implement this part of the bill. However, estimates for the cost were not available at the time this fiscal note was prepared.

FISCAL IMPACT: There is an impact on the Division of Motor Vehicles, but the estimated dollar amount is not available.

Assumptions & Methodology - Local Law Enforcement/State Highway Patrol

This part of the bill provides for the 30-day revocation of drivers license of drivers under 21 years of age who are charged with an implied consent offense or who have any level of alcohol concentration within a relevant time after driving. Local law enforcement estimates that this change would not result in any additional stops for violations. However, the change may increase the time required for each incident. No data is available is estimate the dollar value of the impact and law enforcement assumes negligible impact..

FISCAL IMPACT: None

PART V - MISCELLANEOUS PROVISIONS

Bill Summary:

Section 35 authorizes the Department of Public Instruction to hire a part-time person to administer the statewide or regional towing and storage contract for seized vehicles.

Assumptions & Methodology:

As discussed in Part I, the Fiscal Research Division estimates that one full-time Administrative Officer III would be needed to administer the statewide or regional towing and storage contract. The cost for the position is noted in Part I.

FISCAL IMPACT: See Part I.

TECHNICAL CONSIDERATIONS:

DOT/MIS notes its current heavy workload and Year 2000 initiatives and proposes an implementation date of October 1, 2000. The analysis assumes the effective dates as outlined in the bill.

(c) Duty of Prosecutor to Notify Possible Innocent Parties. -- In any case in which a prosecutor determines that a motor vehicle driven by a defendant may be subject to forfeiture under this ~~section,~~ section, and the motor vehicle has not been permanently released to a nondefendant vehicle owner pursuant to G.S. 20-28.3(e1), a defendant owner pursuant to G.S. 20-28.3(e2), or a lienholder, pursuant to G.S. 20-28.3(e3), the prosecutor shall ~~determine the identity of every vehicle owner. The State shall~~ notify the defendant, each motor vehicle owner, and each lienholder that the motor vehicle may be subject to forfeiture and that the defendant, motor vehicle owner, or the lienholder may intervene to protect that person's interest. The notice may be served by any means reasonably likely to provide actual notice, and shall be served at least ~~fourteen~~ 10 days before the hearing at which an order of forfeiture may be entered.

(c1) Motor Vehicles Involved in Accidents. -- If a motor vehicle subject to forfeiture was damaged while the defendant operator was committing the underlying offense involving impaired driving, or was damaged incident to the seizure of the motor vehicle, the Division shall determine the name of any insurance companies that are the insurers of record with the Division for the motor vehicle at the time of the seizure or that may otherwise be liable for repair to the motor vehicle. In any case where a seized motor vehicle was involved in an accident, the Division shall notify the insurance companies that the claim for insurance proceeds for damage to the seized motor vehicle shall be paid to the clerk of superior court of the county

where the motor vehicle was seized to be held and disbursed pursuant to further orders of the court. Any insurance company that receives written or other actual notice of seizure pursuant to this section shall not be relieved of any legal obligation under any contract of insurance unless the claim for property damage to the seized motor vehicle minus the policy owner's deductible is paid directly to the clerk of court. The insurance company paying insurance proceeds to the clerk of court pursuant to this section shall be immune from suit by the motor vehicle owner for any damages alleged to have occurred as a result of the motor vehicle seizure. The proceeds shall be held by the clerk. The clerk shall disburse the insurance proceeds pursuant to further orders of the court.

(d) ~~Duty of Judge.~~ Forfeiture Hearing. -- ~~The trial judge~~ Unless a motor vehicle that has been seized pursuant to G.S. 20-28.3 has been permanently released to an innocent owner pursuant to G.S. 20-28.3(e1), a defendant owner pursuant to G.S. 20-28.3(e2), or to a lienholder pursuant to G.S. 20-28.3(e3), the court shall conduct a hearing on the forfeiture of the motor vehicle. The hearing may be held at the sentencing hearing on the ~~operator's charge of violating G.S. 20-138.1 or G.S. 20-138.5 shall determine if the vehicle is subject to forfeiture under this section.~~ underlying offense involving impaired driving, at a separate hearing after conviction of the defendant, or at a separate forfeiture hearing held not less than 60 days after the defendant failed to appear at the scheduled trial for the underlying offense and the defendant's order of arrest for failing to appear has not been set aside. If at the ~~sentencing hearing, or at a subsequent~~ forfeiture hearing, the judge determines that the ~~requirements of subsections (a) through (e) of this section exist and the defendant was the only motor vehicle owner at the time of the offense,~~ motor vehicle is subject to forfeiture pursuant to this section and proper notice of the hearing has been given, the judge shall order the motor vehicle forfeited. If at the sentencing hearing or at a ~~subsequent~~ forfeiture hearing, the judge determines that the ~~requirements of subsections (a) through (e) of this section exist and the defendant was not the only vehicle owner at the time of the offense,~~ motor vehicle is subject to forfeiture pursuant to this section and proper notice of the hearing has been given, the judge shall order the motor vehicle forfeited unless another motor vehicle owner establishes, by the greater weight of the evidence, that such motor vehicle owner is an innocent ~~party~~ owner as defined ~~by subdivision (a1)(2) of~~ in this section, in which case the trial judge shall order the motor vehicle released to the innocent ~~party vehicle~~ owner pursuant to the provisions of subsection (e) of this section. In any case where the motor vehicle is ordered forfeited, the judge ~~shall either:~~ shall:

(1) a. Authorize the ~~school board to sell~~ sale of the motor vehicle at public sale or allow the county board of education to retain the motor vehicle for its own use pursuant to G.S. 20-28.5; or

If the judge determines that the ~~requirements of subsection (a) and (b) of this section exist~~ motor vehicle is subject to forfeiture pursuant to this section, but that notice as required by subsection (c) has not been given, the judge shall continue the forfeiture proceeding until adequate notice has been given. In no circumstance shall the sentencing of the defendant be delayed as a result of the failure of the prosecutor to give adequate notice.

(e) ~~Return~~ Release of Vehicle to Innocent Motor Vehicle Owner. -- ~~If~~ At a forfeiture hearing, if a nondefendant motor vehicle owner establishes by the greater weight of the evidence that: (i) the motor vehicle was being driven by a person who was not the only motor vehicle owner or had no ownership interest in the motor vehicle at the time of the underlying offense and (ii) ~~that~~ the petitioner is an ~~"innocent party"~~, 'innocent owner', as defined by this section, a judge shall order the motor vehicle ~~returned~~ released to ~~the~~ that ~~owner.~~ owner, conditioned upon payment of all towing and storage charges incurred as a result of the seizure and impoundment of the motor vehicle.

A lessor who refuses to sell, give, or transfer possession of a seized motor vehicle to the defendant or any person acting on the behalf of the defendant shall not be liable for damages arising out of the refusal.

No motor vehicle subject to forfeiture under this section shall be released to a nondefendant motor vehicle owner if the records of the Division indicate the motor vehicle owner had previously signed an acknowledgment, as required by this section, and the same person was operating the motor vehicle while that person's license was revoked unless the innocent ~~vehicle~~ owner shows by the greater weight of the evidence that the motor vehicle owner has taken all reasonable precautions to prevent the use of the motor vehicle by this particular person and immediately

reports, upon discovery, any unauthorized use to the appropriate law enforcement agency. A determination by the court at the forfeiture hearing held pursuant to subsection (d) of this section that the petitioner is not an innocent owner is a final judgment and is immediately appealable to the Court of Appeals.

(f) Release to Lienholder. -- ~~The~~ At a forfeiture hearing, the trial judge shall order a forfeited motor vehicle released to the lienholder upon payment of all towing and storage charges incurred as a result of the seizure of the motor vehicle if the judge determines, by the greater weight of the evidence, that:

(1) The lienholder's interest ~~is equal to or greater than the fair market value of the vehicle;~~ has been perfected and appears on the title to the forfeited vehicle;

(2) The lienholder agrees not to sell, give, or otherwise transfer possession of the forfeited motor vehicle to the defendant or to the motor vehicle owner who owned the motor vehicle immediately prior to forfeiture, or any person acting on the defendant's or motor vehicle owner's behalf;

(5) The lienholder agrees to sell the motor vehicle in accordance with the terms of its agreement and pursuant to the provisions of Part 5 of Article 9 of Chapter 25 of the General Statutes. Upon the sale of the motor vehicle, the lienholder will pay to the clerk of court of the county in which the vehicle was forfeited all proceeds from the sale, less the amount of the lien in favor of the lienholder, and any towing and storage costs paid by the lienholder.

A lienholder who refuses to sell, give, or transfer possession of a forfeited motor vehicle to the defendant, the vehicle owner who owned the motor vehicle immediately prior to forfeiture, or any person acting on the behalf of the defendant or motor vehicle owner shall not be liable for damages arising out of such refusal. The defendant, the motor vehicle owner who owned the motor vehicle immediately prior to forfeiture, and any person acting on the defendant's or motor vehicle owner's behalf are prohibited from purchasing the motor vehicle at any sale conducted by the lienholder.

If the officer determines prior to seizure that the motor vehicle had been reported stolen or that the motor vehicle was a rental vehicle driven by a person not listed as an authorized driver on the rental contract, the officer shall not seize the motor vehicle pursuant to this section. Probable cause may be based on the officer's personal knowledge, reliable information conveyed by another officer, records of the Division, or other reliable source. ~~The officer shall cause to be issued written notification of impoundment to any vehicle owner who was not operating or present in the vehicle at the time of the offense. This notice shall be sent by first-class mail to the most recent address contained in the Division records. An officer who has probable cause to believe the motor vehicle is concealed or stored on private property of a person other than the defendant may obtain a search warrant to enter upon that property for the purpose of seizing the motor vehicle.

(d) Custody of Motor Vehicle. -- ~~The~~ Unless the motor vehicle is towed pursuant to a statewide or regional contract, or a contract with the county board of education, the seized motor vehicle shall be towed by a commercial towing company designated by the law enforcement agency that seized the motor vehicle. ~~to a location designated by the county school board for the county in which the operator of the vehicle is charged and~~ Seized motor vehicles not towed pursuant to a statewide or regional contract or a contract with a county board of education shall be retrieved from the commercial towing company within a reasonable time, not to exceed 10 days, by the county board of education or their agent who must pay towing and storage fees to the commercial towing company when the motor vehicle is retrieved. If either a statewide or regional contractor, or the county board of education, chooses to contract for local towing services, all towing companies on the towing list for each law enforcement agency with jurisdiction within the county shall be given written notice and an opportunity to submit proposals prior to a contract for local towing services being awarded. The seized motor vehicle is ~~placed~~ under the constructive possession of the ~~school board~~ county board of education for the county in which the operator of the vehicle is charged at the time the vehicle is delivered to a location designated by the county board of education or delivered to its agent pending release or sale, or in the event a statewide or regional contract is in place, under the constructive possession of the Department of Public Instruction, on behalf of the State at the time the vehicle is delivered to a location designated by the Department of

(e) Release of Motor Vehicle Pending Trial. -- A motor vehicle owner, ~~or a lienholder of a vehicle,~~ other than the driver at the time of the underlying offense resulting in the seizure, may apply to the clerk of superior court in the county where the charges are pending for pretrial release of the motor vehicle.

The clerk shall release the motor vehicle to a ~~qualified~~ nondefendant motor vehicle owner ~~or a lienholder~~ conditioned upon payment of all towing and storage charges incurred as a result of seizure and impoundment of the motor vehicle under the following conditions:

(6) A bond posted to secure the release of this motor vehicle under this subsection has not been previously ordered forfeited under G.S. 20-28.5.

In the event a nondefendant motor vehicle owner who obtains temporary possession of a seized motor vehicle pursuant to this subsection does not return the motor vehicle on the day of the forfeiture hearing as noticed by the district attorney under G.S. 20-28.3(c) or otherwise violates a condition of pretrial release of the seized motor vehicle as set forth in this subsection, the bond posted shall be ordered forfeited and an order of seizure shall be issued by the court. Additionally, a nondefendant motor vehicle owner or lienholder who willfully violates any condition of pretrial release may be held in civil or criminal contempt.

(e1) Pretrial Release of Motor Vehicle to Innocent Owner. -- A nondefendant motor vehicle owner may file a petition with the clerk of court seeking a pretrial determination that the petitioner is an innocent owner. The clerk shall schedule a hearing before a judge to be held within 10 business days or as soon as thereafter may be feasible. Notice of the hearing shall be given to the petitioner, the district attorney, and the attorney for the county board of education. The clerk shall forward a copy of the petition to the district attorney for the district attorney's review. If, based on available information, the district attorney determines that the petitioner is an innocent owner and that the motor vehicle is not subject to forfeiture, the district attorney may note the State's consent to the release of the motor vehicle on the petition and return the petition to the clerk of court who shall enter an order releasing the motor vehicle to the petitioner subject to the conditions of release as set forth in G.S. 20-28.2(e) and no hearing shall be held. The clerk shall send a copy of the order of release to the county board of education attorney. At any pretrial hearing conducted pursuant to this subsection, the court is not required to determine the issue of forfeiture, only the issue of whether the petitioner is an innocent owner. Accordingly, the State shall not be required to prove the underlying offense of impaired driving or the existence of a prior drivers license revocation. If the court determines that the petitioner is an innocent owner, the court shall release the motor vehicle to the petitioner subject to the same conditions as if the petitioner were an innocent owner under G.S. 20-28.2(e). An order issued under this subsection finding that the petitioner failed to establish that the petitioner is an innocent owner may be reconsidered by the court as part of the forfeiture hearing conducted pursuant to G.S. 20-28.2(d).

(e2) Pretrial Release of Motor Vehicle to Defendant Owner. -- A defendant motor vehicle owner may file a petition with the clerk of court seeking a pretrial determination that the defendant's license was not revoked pursuant to an impaired driving license revocation as defined in G.S. 20-28.2(a). The clerk shall schedule a hearing before a judge of the division in which the underlying criminal charge is pending for a hearing to be held within 10 business days or as soon thereafter as may be feasible. Notice of the hearing shall be given to the defendant, the district

attorney, and the attorney for the county board of education. The clerk shall forward a copy of the petition to the district attorney for the district attorney's review. If, based on available information, the district attorney determines that the defendant's motor vehicle is not subject to forfeiture, the district attorney may note the State's consent to the release of the motor vehicle on the petition and return the petition to the clerk of court who shall enter an order releasing the motor vehicle to the defendant upon payment of all towing and storage charges incurred as a result of the seizure and impoundment of the motor vehicle, subject to the satisfactory proof of the identity of the defendant as a motor vehicle owner and the existence of financial responsibility to the extent required by Article 13 of this Chapter, and no hearing shall be held. The clerk shall send a copy of the order of release to the attorney for the county board of education. At any pretrial hearing conducted pursuant to this subsection, the court is not required to determine the issue of the underlying offense of impaired driving only the existence of a prior drivers license revocation as an impaired driving license revocation. Accordingly, the State shall not be required to prove the underlying offense of impaired driving. An order issued under this subsection finding that the defendant failed to establish that the defendant's license was not revoked pursuant to an impaired driving license revocation as defined in G.S. 20-28.2(a) may be reconsidered by the court as part of the forfeiture hearing conducted pursuant to G.S. 20-28.2(d).

(e3) Pretrial Release of Motor Vehicle to Lienholder. -- A lienholder may file a petition with the clerk of court requesting the court to order pretrial release of a seized motor vehicle. The lienholder shall serve a copy of the petition on all interested parties which shall include the registered owner, the titled owner, the district attorney, and the county board of education attorney. Upon 10 days' prior notice of the date, time, and location of the hearing sent by the lienholder to all interested parties, a judge, after a hearing, shall order a seized motor vehicle released to the lienholder conditioned upon payment of all towing and storage costs incurred as a result of the seizure and impoundment of the motor vehicle if the judge determines, by the greater weight of the evidence, that:

(1) Default on the obligation secured by the motor vehicle has occurred;

(2) As a consequence of default, the lienholder is entitled to possession of the motor vehicle;

(3) The lienholder agrees to sell the motor vehicle in accordance with the terms of its agreement and pursuant to the provisions of Part 5 of Article 9 of Chapter 25 of the General Statutes. Upon sale of the motor vehicle, the lienholder will pay to the clerk of court of the county in which the vehicle was seized all proceeds from the sale, less the amount of the lien in favor of the lienholder, and any towing and storage costs paid by the lienholder;

(4) The lienholder agrees not to sell, give, or otherwise transfer possession of the forfeited motor vehicle to the defendant or the motor vehicle owner; and

(5) The forfeited motor vehicle had not previously been released to the lienholder.

The clerk of superior court may order a seized vehicle released to the lienholder conditioned upon payment of all towing and storage costs incurred as a result of the seizure and impoundment of the motor vehicle at any time when all interested parties have, in writing, waived any rights that they may have to notice and a hearing, and the lienholder has agreed to the provision of subdivision (4) above. A lienholder who refuses to sell, give, or transfer possession of a forfeited motor vehicle to:

(1) The defendant;

(2) The motor vehicle owner who owned the motor vehicle immediately prior to forfeiture; or

(3) Any person acting on the behalf of the defendant or the motor vehicle owner,

shall not be liable for damages arising out of such refusal. However, any subsequent violation of the conditions of release by the lienholder shall be punishable by civil or criminal contempt.

~~(f) Duty of Trial Judge. -- The trial judge at the sentencing hearing on the operator's charge of violating G.S. 20-138.1 or G.S. 20-138.5 shall determine if the vehicle is subject to forfeiture pursuant to the provisions of G.S. 20-28.2.~~

~~(g) Possessory Lien. -- The entity that tows and stores the vehicle, other than the county school board, shall be entitled to a possessory lien as defined in G.S. 28.2(a1)(5).~~

(h) Insurance Proceeds. -- In the event a motor vehicle is damaged incident to the conduct of the defendant which gave rise to the defendant's arrest and seizure of the motor vehicle pursuant to this section, the county board of education, or its authorized designee, is authorized to negotiate the county board of education's interest with the insurance company and to compromise and accept settlement of any claim for damages. Property insurance proceeds accruing to the defendant, or other owner of the seized motor vehicle, shall be paid by the responsible insurance company directly to the clerk of superior court in the county where the motor vehicle was seized. If the motor vehicle is declared a total loss by the insurance company responsible for repairs to the motor vehicle, the clerk of superior court, upon application of the county board of education, shall enter an order that the motor vehicle be released to the insurance company upon payment into the court of all insurance proceeds for damage to the motor vehicle after payment of towing and storage costs and all valid liens. The clerk of superior court shall provide the Division with a certified copy of the order entered pursuant to this subsection, and the Division shall transfer title to the insurance company or to such other person or entity as may be designated by the insurance company. Insurance proceeds paid to the clerk of court pursuant to this subsection shall be subject to forfeiture pursuant to G.S. 20-28.5 and shall be disbursed pursuant to further orders of the court. An affected motor vehicle owner or lienholder who objects to any agreed upon settlement under this subsection may file an independent claim with the insurance company for any additional monies believed owed. Notwithstanding any other

provisions in this Chapter, nothing in this section shall require an insurance company to make payments in excess of those required pursuant to its policy of insurance on the seized motor vehicle.

(i) Expedited Sale of Seized Motor Vehicles in Certain Cases. -- In order to avoid additional liability for towing and storage costs pending resolution of the criminal proceedings of the defendant, the county board of education may, after expiration of 90 days from the date of seizure, sell any motor vehicle having a fair market value of one thousand five hundred dollars ($1,500) or less. The county board of education may also sell a motor vehicle, regardless of the fair market value, any time the towing and storage costs exceed eighty-five percent (85%) of the fair market value of the vehicle, or with the consent of all the motor vehicle owners. Any sale conducted pursuant to this subsection shall take place upon not less than 10 days' prior notice to the motor vehicle owners and lienholders, and the proceeds of the sale shall be deposited with the clerk of superior court. If an order of forfeiture is entered by the court, the court shall order the proceeds held by the clerk to be disbursed as provided in G.S. 20-28.5(b). If the court determines that the motor vehicle is not subject to forfeiture, the court shall order the proceeds held by the clerk to be disbursed first to pay the sale, towing, and storage costs, second to pay outstanding liens on the motor vehicle, and the balance to be paid to the motor vehicle owners.

(j) Retrieval of Certain Personal Property. -- At reasonable times, the entity charged with storing the motor vehicle may permit owners of personal property not affixed to the motor vehicle to retrieve those items from the motor vehicle, provided satisfactory proof of ownership of the motor vehicle or the items of personal property is presented to the storing entity.

(k) County Board of Education Right to Appear and Participate in Proceedings. -- The attorney for the county board of education shall be given notice of all proceedings regarding offenses involving impaired driving related to a motor vehicle subject to forfeiture. The attorney for the county board of education shall also have the right to appear and to be heard on all issues relating to the seizure, possession, release, forfeiture, sale, and other matters related to the seized vehicle under this section. With the prior consent of the county board of education, the district attorney may delegate to the attorney for the county board of education any or all of the duties of the district attorney under this section. Clerks of superior court, law enforcement agencies, and all other agencies with information relevant to the seizure, impoundment, release, or forfeiture of motor vehicles are authorized and directed to provide county boards of education with access to that information and to do so by electronic means when existing technology makes this type of transmission possible.

(l) Payment of Fees Upon Conviction. -- If the driver of a motor vehicle seized pursuant to this section is convicted of an offense involving impaired driving, the defendant shall be ordered to pay as restitution to the county board of education, the motor vehicle owner, or the lienholder the cost paid or owing for the towing, storage, and sale of the motor vehicle to the extent the costs were not covered by the proceeds from the forfeiture and sale of the motor vehicle. In addition, a civil judgment for the costs under this section in favor of the party to whom the restitution

is owed shall be docketed by the clerk of superior court. If the defendant is sentenced to an active term of imprisonment, the civil judgment shall become effective and be docketed when the defendant's conviction becomes final. If the defendant is placed on probation, the civil judgment in the amount found by a judge during the probation revocation or termination hearing to be due, shall become effective and be docketed by the clerk when the defendant's probation is revoked or terminated.

(m) Trial Priority. -- Trials of impaired driving offenses involving forfeitures of motor vehicles pursuant to G.S. 20-28.2 shall be scheduled on the arresting officer's next court date or within 30 days of the offense, whichever comes first.

Once scheduled, the case shall not be continued unless all of the following conditions are met:

(1) A written motion for continuance is filed with notice given to the opposing party prior to the motion being heard.

(2) The judge makes a finding of a 'compelling reason' for the continuance.

(3) The motion and finding are attached to the court case record.

Upon a determination of guilt, the issue of vehicle forfeiture shall be heard by the judge immediately, or as soon thereafter as feasible, and the judge shall issue the appropriate orders pursuant to G.S. 20-28.2(d).

Should a defendant appeal his conviction to superior court, the appeal shall be set down for trial on the next available trial date and the limitations on continuances and requirement for expedited hearing on the forfeiture of the vehicle, set forth above, shall apply."

This Article shall not apply to any of the following:

(1) Electronic signatures and facsimile signatures that are otherwise allowed by law.

(2) The execution of documents filed with, issued, or entered by a court of the General Court of Justice. Notwithstanding any other provision of this Chapter, the Codifer of Rules shall publish in the North Carolina Register a proposed temporary rule received from the Secretary in accordance with this subsection."

Section 3. In developing initial rules pursuant to this act, the Secretary shall consider national standards for ensuring the integrity of electronic signatures and shall seek the advice of public and private agencies, including, but not limited to, the Information Resource Management Commission and the North Carolina Electronics and Information Technologies Association. Before adoption of the rules, the Secretary shall hold at least one public hearing to receive comments.

Section 4. The Legislative Research Commission shall study whether the scope of Article 11A of Chapter 66 of the General Statutes should be expanded to include electronic commerce not involving a public agency. The Commission shall report its recommendations to the 1999 General Assembly.

Section 5. Section 1 of this act becomes effective January 1, 1999. The remainder of this act is effective when it becomes law. The Secretary of State may adopt rules prior to January 1, 1999, to become effective on or after January 1, 1999, to implement Section 1 of this act.

EXPLANATION OF HOUSE BILL 1356 (3rd Edition: *Electronic Commerce Act*

TO: Senate Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: July 29, 1998
SPONSOR: Representative Reynolds

The Senate Commerce Committee Substitute adopted July 15, 1998 is intended to facilitate electronic commerce between private and public entities, and between public entities, by providing for electronic signatures. It was recommended by the Legislative Research Commission Committee on Information Technology. In House Finance the following changes were made to the bill: definitions were added, electronic signature certification authorities were required to be licensed by the Secretary of State, the civil penalty against certification authorities was reduced from $100,000 to $5,000 per violation, a wilful violation of the Article was made a Class I felony, and electronic and facsimile signatures otherwise allowed by law, court documents, and transactions where a public agency is not a party were exempted from the act. The Senate Commerce Committee bolstered the standards set by the Secretary of State for licensing a certification authority. (See Sec. 66-58.3)

The Bill adds a new Article 11A to Chapter 66 of the General Statutes. It is to be known as the Electronic Commerce Act. It establishes procedures for establishing the validity of electronic signatures when a public agency is a party to a contract, transaction, or filing. Public agencies may accept electronic signatures but are not required to do so.

The new statutory section G.S. 66-58.3 requires all persons acting as a certification authority under the Bill to be licensed by the Secretary of State as a licensed certification authority. In order to be licensed, the entity must meet the standards adopted by the Secretary for technical, physical, procedural and personnel security controls, repository obligations, and financial responsibility standards.

An electronic signature is valid and must be accepted as a manual signature, if it meets the following criteria:

(1) It is unique to the person using it;
(2) It is capable of certification;
(3) It is under sole control of the person using it;
(4) It is linked to data in such a manner that if the data are changed, the electronic signature is invalidated; and
(5) It conforms to rules adopted by the Secretary of State.

The act grants authority to the Secretary of State to impose licensing and renewal fees in amounts up to $5,000. It gives the Secretary the power to investigate violations of the rules and other conduct indicating fraudulent or unlawful activities in violation of this act. Included in these powers is the power to impose civil penalties for noncompliance with the act or rules promulgated under it of not more than $5,000 per violation.

The bill also provides for criminal penalties as a Class I felony for violating this Article, or any rule or order under this Article with the intent to defraud.

The General Court of Justice has jurisdiction to enjoin or restrain violations of the act upon application of the Secretary of State. The Attorney General will represent the Secretary of State in these actions.

Exempt from this act are electronic signatures otherwise allowed by law and the execution of documents filed with, issed, or entered by a court, transactions where a public agency is not a party, and signatures required to be notarized.

The Secretary of State is authorized to adopt rules to implement the act, and is given special authority to adopt as temporary rules provisions for implementing certification technology provisions of this act. Under the amendment to G.S. 150B-21.1, in order to use this temporary rule provision the Secretary must publish the proposed temporary rule at least 30 days in advance, must accept public comments, and must hold at least one public hearing to receive comments.

Section 4 of the bill directs the LRC to study whether this law should be expanded to include electronic commerce not involving public agencies.

Section 1 of the act becomes effective January 1, 1999, but the remainder of the act becomes effective when it becomes law. The Secretary of State is authorized to adopt rules to implement this bill prior to January 1, 1999.

EFFECTIVE DATE: Upon Passage.

BILL SUMMARY:
Amends Section 1, Chapter 66 of the General Statutes by adding Article 11A. The new Article facilitates electronic commerce with and by public entities of the State of North Carolina by recognizing the validity of electronic signatures. Article 11A further authorizes the Secretary of State to regulate electronic signatures and certification authorities, and to assess a civil penalty (up to $100,000) against any person who violates a provision of the Article.

ASSUMPTIONS AND METHODOLOGY:
The bill requires the Department of the Secretary of State to perform a new regulatory function in a fluid and relatively complex technological area. The Department of the Secretary of State requests an additional position to perform the work required by the new function. The function

requires a blend of legal/regulatory and technical skills. The individual selected for the position would be required to participate in establishing rules for the use of electronic signatures. Further, the individual would be required to evaluate and monitor certification authorities. The Department requests $75,000 for the new position.

Public-sector experience with the use of electronic signatures remains limited. As a result, a reliable estimate of the potential revenue from penalties assessed (as authorized by this bill) does not exist at this time.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Town of St. Pauls.

EFFECTIVE DATE: When it becomes law.

BILL SUMMARY: The bill authorizes the Town of St. Pauls to levy an occupancy tax. The tax applies to the rental of any room, lodging, or accommodation within the city limits. The occupancy tax rate is 1% of gross receipts from the rental of accommodations. The tax does not apply to lodging provided by a nonprofit, if it is furthering the purpose of the nonprofit. The town must forward the net proceeds of the occupancy tax to the Tourism Development Authority. The Authority must use at least 2/3 of the funds to promote travel and tourism. The Authority may spend the remainder on tourism-related expenses. The Town of St. Pauls may charge a 1% fee for administration. The bill directs the Board of Commissioners to create a Tourism Development Authority and set its membership. The bill also directs the Commission to set compensation for the Authority members. Under the bill, at least 1/3 of the members of the Tourism Development Authority must be associated with businesses who levy the tax, and ¾ of the members must be active in the town's tourism promotion efforts. The bill directs the town finance officer to serve as the ex officio finance officer of the Authority. The Authority must submit quarterly and annual reports to the County Commission.

ASSUMPTIONS AND METHODOLOGY: Currently St. Pauls does not levy an occupancy tax. According to the Town Manager, there is one motel inside the city limits. No motel development is expected in the next five years. Based on receipts from that establishment, the Town Manager estimates total occupancy tax receipts of $6,000 annually. Because no historic data is available, the General Consumer Price Index estimated rate of increase is used to estimate future growth in occupancy tax receipts.

A BILL TO BE ENTITLED

AN ACT TO RAISE THE SALES TAX QUARTERLY THRESHOLD AND TO REPEAL THE ANNUAL WHOLESALE SALES TAX LICENSE.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-164.16(b) reads as rewritten:

"(b) General Reporting Periods. -- Returns of taxpayers who are required by this subsection to report on a monthly or quarterly basis are due within 15 days after the end of each monthly or quarterly period. Returns of taxpayers who are required to report on a semimonthly basis are due within 10 days after the end of each semimonthly period.

A taxpayer who is consistently liable for less than ~~fifty dollars ($50.00)~~ one hundred dollars ($100.00) a month in State and local sales and use taxes may, with the approval of the Secretary, file a return on a quarterly basis. A taxpayer who is consistently liable for at least twenty thousand dollars ($20,000) a month in State and local sales and use taxes shall, when directed to do so by the Secretary, file a return on a semimonthly basis. All other taxpayers shall file a return on a monthly basis. Quarterly reporting periods end on the last day of March, June, September, and December; monthly reporting periods end on the last day of the month; and semimonthly reporting periods end on the 15th of each month and the last day of each month.

The Secretary shall monitor the amount of tax remitted by a taxpayer and shall direct a taxpayer who consistently remits at least twenty thousand dollars ($20,000) each month to file a return on a semimonthly basis. In determining the amount of tax

due from a taxpayer for a reporting period the Secretary shall consider the total amount due from all places of business owned or operated by the same person as the amount due from that person.

A taxpayer who is directed to remit sales and use taxes on a semimonthly basis but who is unable to gather the information required to submit a complete return for either the first reporting period or both the first and second semimonthly reporting periods may, upon written authorization by the Secretary, file an estimated return for that first reporting period or both periods on the basis prescribed by the Secretary. Once a taxpayer is authorized to file an estimated return for the first period or both periods, the taxpayer may continue to file an estimated return for the first or both periods until the Secretary, by written notification, revokes the taxpayer's authorization to do so. When filing a return for the second semimonthly reporting period, a taxpayer who files an estimated return for the first period but not both periods shall remit the amount of tax due for both the first and second reporting periods, less the amount ~~he~~ the taxpayer remitted with ~~his~~ the estimated return.

A taxpayer who files an estimated return for both periods is considered to have been granted an extension for both the first and second reporting periods. Notwithstanding G.S. 105-164.19, if a taxpayer who files an estimated return for both periods files a reconciling return for those periods within ten days of the due date of the return for the second period and any underpayment of estimated taxes remitted with the reconciling return is less than ten percent (10%) of the amount of taxes due for both the first and second reporting periods, no interest shall be charged. Otherwise, a taxpayer who files an estimated return for both periods shall be charged interest at the statutory rate from the due date of the return for the first reporting period to the date the reconciling return is filed."

Section 2. Part 2 of Division II of Article 5 of Chapter 105 of the General Statutes is repealed.

Section 3. G.S. 105-164.4(c) reads as rewritten:

"(c) Certificate of Registration. -- ~~Any person who engages in any business for which a privilege tax is imposed by this Article shall apply for and obtain from the Secretary upon payment of fifteen dollars ($15.00) a license to engage in and conduct the business upon the condition that the person shall pay the tax accruing to the State under this Article; the person shall thereby be duly licensed and registered to engage in the business.~~

~~A license issued under this subsection shall be a continuing license until it becomes void or is revoked for failure to comply with the provisions of this Article. A license issued under this subsection to a person, other than a person who makes only wholesale sales or only exempt sales, becomes void if, for a period of eighteen months, the license holder files no return or files returns showing no sales.~~

~~A retailer who sells tangible personal property at a flea market shall conspicuously display the retailer's sales tax license when making sales at the flea market.~~

Before a person may engage in business as a retailer or a wholesale merchant, the person must obtain a certificate of registration from the Department. To obtain a

certificate of registration, a person must register with the Department and pay fifteen dollars ($15.00).

A certificate of registration is valid unless it is revoked for failure to comply with the provisions of this Article or becomes void. A certificate issued to a retailer becomes void if, for a period of 18 months, the retailer files no returns or files returns showing no sales."

Section 4. G.S. 105-164.6(f) reads as rewritten:

"(f) ~~Every retailer engaged in business in this State selling or delivering tangible personal property for storage, use, or consumption in this State shall apply for and obtain from the Secretary upon payment of fifteen dollars ($15.00) a license to engage in and conduct the business upon the condition that the person shall pay the tax accruing to the State under this Article; the person shall thereby be duly licensed and registered to engage in the business. A license issued under this subsection shall be a continuing license until it becomes void or is revoked for failure to comply with the provisions of this Article. A license issued under this subsection to a person, other than a person who makes only wholesale sales or only exempt sales, becomes void if, for a period of 18 months, the license holder files no return or files returns showing no sales.~~

Before a person may engage in business in this State selling or delivering tangible personal property for storage, use, or consumption in this State, the person must obtain a certificate of registration from the Department. To obtain a certificate of registration, a person must register with the Department and pay fifteen dollars ($15.00).

A certificate of registration is valid unless it is revoked for failure to comply with the provisions of this Article or becomes void. A certificate issued to a retailer becomes void if, for a period of 18 months, the retailer files no returns or files returns showing no sales."

Section 5. G.S. 105-164.4(a)(4b) reads as rewritten:

"(4b) A person who sells tangible personal property at a ~~flea~~ specialty market, other than the person's own household personal property, is considered a retailer under this Article. A tax at the general rate of tax is levied on the sales price of each article sold by the retailer at the ~~flea~~ specialty market. ~~A person who leases or rents space to others at a flea market may not lease or rent this space unless the retailer requesting to rent or lease the space shows the license or a copy of the license required by this Article or other evidence of compliance. A person who leases or rents space at a flea market shall keep records of retailers who have leased or rented space at the flea market. As used in this subdivision, the term "flea market" means a place where space is rented to a person for the purpose of selling tangible personal property.~~ The term "specialty market" has the same meaning as defined in G.S. 66-250."

Section 6. G.S. 66-252 reads as rewritten:

"**§ 66-252. Display and possession of ~~retail sales tax license.~~ certificate of registration.**

(a) When Required. -- A person who sells tangible personal property at a specialty market, other than the person's own household personal property, is considered a retailer under G.S. 105-164.4 and must obtain a certificate of registration from the Department of Revenue before the person may engage in business. An itinerant merchant must keep the merchant's ~~retail sales tax license~~ certificate of registration conspicuously and prominently displayed, so as to be visible for inspection by patrons of the itinerant merchant at the places or locations at which the goods are to be sold or offered for sale. A peddler must carry the peddler's ~~retail sales tax license~~ certificate of registration when the peddler offers goods for sale and must produce the ~~license~~ certificate upon the request of any customer, State or local revenue agent, or law enforcement agent. A specialty market vendor must keep the ~~retail sales tax license~~ certificate of registration conspicuously and prominently displayed, so as to be visible for inspection by patrons of the specialty market vendor at the places or locations at which the goods are to be sold or offered for sale. A specialty market operator must have its ~~retail sales tax license,~~ certificate of registration, if any, available for inspection during all times that the specialty market is open and must produce it upon the request of any customer, State or local revenue agent, or law enforcement agent.

(b) Compliance. -- The requirement that a ~~retail sales tax license~~ certificate of registration be displayed is satisfied if the vendor displays either of the following:

(1) A copy of the ~~license.~~ certificate.

(2) Evidence that the ~~license~~ certificate has been applied for and the applicable ~~license~~ registration fee has been paid within 30 days before the date the ~~license~~ certificate was required to be displayed."

Section 7. G.S. 66-255 reads as rewritten:

"**§ 66-255. Specialty market registration list.**

A specialty market operator must maintain a daily registration list of all specialty market vendors selling or offering goods for sale at the specialty market. The registration list must clearly and legibly show each specialty market vendor's name, permanent address, and ~~retail sales and use tax registration~~ certificate of registration number. The specialty market operator must require each specialty market vendor to exhibit a valid ~~retail sales tax license~~ certificate of registration for visual inspection by the specialty market operator at the time of registration, and must require each specialty market vendor to keep the ~~retail sales tax license~~ certificate of registration conspicuously and prominently displayed, so as to be visible for inspection by patrons of the specialty market vendor at the places or locations at which the goods are offered for sale. Each daily registration list maintained pursuant to this section must be retained by the specialty market operator for no less than two years and must at any time be made available upon request to any law enforcement officer."

Section 8. G.S. 66-257 reads as rewritten:

"**§ 66-257. Misdemeanor violations.**

(a) Class 1 Misdemeanors. -- A person who does any of the following commits a Class 1 misdemeanor:

(1) Fails to keep a record of new merchandise and fails to produce a record or an affidavit pursuant to G.S. 66-254.

(c) Class 3 Misdemeanors. -- A person who does any of the following commits a Class 3 misdemeanor:

EXPLANATION OF HOUSE BILL 1367:
Sales Tax Changes

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: August 3, 1998
SPONSOR: Representative Hill

House Bill 1367 makes three changes to the sales tax statutes that the Department of Revenue requested the Revenue Laws Study Committee to recommend:

- It raises the sales tax quarterly threshold from $50 to $100, effective July 1, 1999. The original bill made this provision effective January 1, 1999. The **proposed committee substitute** changes this effective date.
- It repeals the annual wholesale sales tax license, effective July 1, 1998.
- It changes the name of the retail sales tax license to certificate of registration.

The Senate Finance Committee considered this bill earlier this session on June 23, 1998. At the time, the committee was concerned about the bill's fiscal impact. Yesterday, the Senate gave final approval to the conference report for Senate Bill 1252, Simplify Privilege License Tax, which generated $1.5 million for the 1998-99 fiscal year. Enactment of this bill provided the revenue to offset the loss created by the repeal of the annual wholesale sales tax license.

<u>Sales Tax Quarterly Threshold</u>

Under current law, taxpayers that are liable for less than $50.00 a month in State and local sales and use taxes may file returns and remit the sales and use taxes owed on a quarterly basis. Taxpayers that are consistently liable for at least $20,000 a month in State and local sales and use taxes must file returns and remit taxes on a semi-monthly basis. All other taxpayers must file returns and remit taxes on a monthly basis.

Section 1 of the bill increases the sales tax quarterly threshold from $50 to $100. This change means that approximately 10,000 taxpayers that are now filing monthly sales and use tax returns will be able to file quarterly returns. The change will reduce the number of returns currently being filed by one-third. The threshold was last increased in 1991 from $25 to $50. This section becomes effective July 1, 1999. This change in the law will mean that approximately $2 million that would have been collected in fiscal year 1999-2000 will not be collected until fiscal year 2000-01 because two months of collections are shifted into the 2000-01 fiscal year.

Repeal of the Wholesale Sales Tax License

Under current law, a wholesale merchant must obtain both a wholesale sales tax license and a certificate of registration, referred to in the statute as a retail sales tax license. The form for the two licenses is the same form. The information necessary to obtain both of these licenses is the same. The only difference is that the wholesale sales tax license is an annual license that costs $25. The certificate of registration needs to be acquired only once and it costs $15.

Section 2 of the bill repeals the wholesale sales tax license. Part 2 of Division II of Article 5 of Chapter 105 of the General Statutes contains one statute and that statute imposes an annual privilege license tax of $25 on wholesale merchants. The Department does not need the information from this license because the wholesale merchant has already provided the Department with the information it needs on the certificate of registration. The tax is also expensive to collect and document and it is a nuisance tax for wholesale businesses to report and pay.

Section 3 rewrites the law to clarify that both wholesale merchants and retailers must obtain a certificate of registration before beginning business. Although the statute refers to the certificate as a "retail sales tax license", it must be obtained by both wholesale merchants and retailers because a privilege tax is imposed on both of them under the sales and use tax article.

The section changes the name of the license to a "certificate of registration" because that more accurately reflects the nature of the document. It also corresponds to the name it is most commonly known as in the business community: a "Merchant's Certificate of Registration". Unlike the annual wholesale sales tax license, the certificate of registration needs to be obtained only once. It is valid unless it is revoked because the retailer or wholesale merchant fails to comply with the sales and use tax law. In the case of a retailer, the certificate becomes void if the retailer does not make any sales for a period of 18 months. If the certificate is revoked or becomes void, the retailer or wholesale merchant must register with the Department and obtain a new certificate of registration before engaging in business.

Sections 4 through 8 of the bill make conforming changes in the sales and use tax statutes and in the Article 32 of Chapter 66 of the General Statutes, which governs peddlers, itinerant merchants, and specialty markets. The changes made in sections 2 through 8 of the bill become effective July 1, 1998.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue -Sales Tax Division

EFFECTIVE DATE: Section 1(threshold) becomes effective July 1, 1999. The remainder of the act is effective when it becomes law.

BILL SUMMARY: This act repeals the annual $25 wholesale license tax and changes the name of the retail sales tax license to certificate of registration. The bill also increases the quarterly filing threshold for sales tax from $50 to $100.

ASSUMPTIONS AND METHODOLOGY:

Filing Threshold

Businesses that are liable for less than $50 in sales and use tax remit this tax to the Department of Revenue on a quarterly basis. Section 1 of the bill raises the filing threshold from $50 to $100 beginning July 1, 1999. After analyzing sales and use tax collections and the number of accounts by tax bracket, the Department of Revenue's Tax Research Division estimates that this will affect 10,000 taxpayers and will shift $2 million in collections from FY 1999-00 to FY 2000-01.

There is no actual loss of income, but on a cash flow basis there will be $2 million less to spend on the FY 1999-00 budget.

Wholesale License

Section 2 of the bill repeals the annual $25 wholesale license. The Department of Revenue reports $1.25 million in revenue from this tax each year. Since the Director of the Sales Tax Division projects little or no growth in wholesale license revenues, this memo assumes a flat growth rate for this license. Sections 3 through 8 simply change the name of the retail sales tax license to certificate of registration.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-151.1 reads as rewritten:

The credit is allowed only for dwelling units completed during the taxable year that were required to be built in compliance with Volume I-C of the North Carolina Building Code. If the credit allowed by this section exceeds the tax imposed by this Division reduced by all other credits allowed, the excess may be carried forward for the next succeeding year. In order to claim the credit allowed by this section, the taxpayer ~~shall file with its~~ must file with the income tax return a copy of the occupancy permit on the face of which is recorded by the building inspector the number of units completed during the taxable year that conform to Volume I-C of the North Carolina Building Code. Section 3. This act is effective for taxable years beginning on or after January 1, 1998.

EXPLANATION OF HOUSE BILL 1422:
Make Credits Constitutional

TO: House Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: August 3, 1998
SPONSOR: Representative Connie Wilson
Recommended by Revenue Laws Study Committee

House Bill 1422 amends two individual income tax credits to remove restrictions that prevent nonresidents from taking the credits. These restrictions are probably unconstitutional in light of a recent United States Supreme Court case. The bill is effective for taxable years beginning on or after January 1, 1998.

On January 21, 1998, the United States Supreme Court held in Lunding v. New York that a state's tax laws must treat nonresidents on terms of `substantial equality' with residents. The Court found that New York's individual income tax could not deny the alimony deduction to nonresidents while granting it to residents. The Court concluded that while the Privileges and Immunities Clause[1] of the United States Constitution affords states considerable discretion in formulating their income tax laws, there must be a substantial reason for the difference in treatment of residents and nonresidents within a tax structure.

North Carolina has two individual income tax credits that only residents may claim: the credit for construction of dwelling units for handicapped persons and the credit for child care and certain employment-related expenses. As discussed below, there does not appear to be any reason, much less a substantial one, for prohibiting nonresidents from taking either credit. It appears, therefore, that the part of each credit limiting it to residents would likely be ruled unconstitutional if challenged. House Bill 1422 removes the restriction of the construction credit to residents, and modifies the child care credit so that a nonresident may take a proportional amount of the credit based on the percentage of his or her income that is taxable to North Carolina.

G.S. 105-151.1 grants an individual income tax credit to those residents who construct multi-family rental units that conform with mandatory building code requirements related to accessibility by the handicapped. The dwelling units must be located in North Carolina. The residence of the owner bears no relation to the benefit to this State of having handicapped-accessible dwellings constructed. Furthermore, the same credit is allowed under the corporate

---

[1] Section 2 of Article IV of the United States Constitution.

income tax law, but without any restriction based on the residence or domicile of the taxpayer that constructs the dwelling units.

G.S. 105-151.11 grants an individual income tax credit for child care or similar expenses incurred so the taxpayer may be gainfully employed. For nonresidents employed in North Carolina, the expenses would be directly related to the taxpayer's North Carolina income and thus there seems to be a substantial reason that the credit should be allowed rather than disallowed. In any case, legislative history of this credit shows that the provision preventing nonresidents from claiming the credit was retained in the law due to an oversight in 1981, when it should have been repealed.

The tax credit for child care expenses was formerly a deduction. On July 9, 1981, the General Assembly repealed the deduction and replaced it with a credit. At that time, nonresidents were not allowed to take income tax deductions that were not directly connected to their North Carolina income. Thus, in changing the deduction to a credit, the General Assembly retained the rule that nonresidents could not take advantage of the tax benefit. A few months later, however, the General Assembly abandoned its policy of disallowing nonresidents' deductions for expenses unrelated to North Carolina income and enacted a new law allowing a nonresident to take a proportional amount of these deductions. Through an oversight, the restriction that had been carried forward from the child care deduction to the child care credit was not similarly modified. Because this restriction remains in the law only because of an oversight, a court would be unlikely to find the required substantial reason for it to be upheld in a constitutional challenge.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue - Personal Taxes Division

EFFECTIVE DATE: Effective for taxable years beginning on or after January 1, 1998.

BILL SUMMARY: The act removes unconstitutional restrictions that prevent nonresidents from taking individual income tax credits for child care and for constructing dwellings for the handicapped.

ASSUMPTIONS AND METHODOLOGY:

Child Care Credit

The Tax Research Division of the Department of Revenue estimates that allowing nonresidents to claim a prorated child care credit will produce a General Fund revenue loss of $400,000 to $600,000 per year. Tax Research used a 1991 individual income tax database to derive this estimate. This note will assume the maximum revenue loss of $600,000 to account for growth in the cost of dependent care and in the number of eligible taxpayers since 1991.

Handicapped Dwellings Credit

The Tax Research Division in the Department of Revenue could not identify in its income tax database any potential credits for nonresidents who build handicapped dwellings. According to data compiled by the Building Accessibility Section in the Department of Insurance, there have been 63 handicapped accessible units built by nonresident companies since 1991 (none in 1996 and 1997). At $550 per unit, this equates to $34,650 or $4950 per tax year. Based on this experience in the 1990's, expanding the credit to nonresidents should have little or no impact on the General Fund.

The assessment shall apply to all commercial horse feed subject to the provisions of G.S. 106-284.40(b), and the assessment shall be remitted to the Department with the inspection fee imposed by G.S. 106-284.40. Persons who purchase commercial horse feed on which the assessment has not been paid shall report these purchases and pay the assessment to the Department.

The provisions of this Article, however, shall not include the agricultural products of tobacco, strawberries, strawberry plants, ~~or~~ porcine animals, or horses, with respect to which separate provisions have been made."

EXPENDITURES	(to be determined by the Horse Council)				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Agriculture and Consumer Services

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: The bill authorizes the North Carolina Horse Council to hold a referendum among horse owners on whether to levy a fee of up to $2 a ton on commercial horse feed for the purpose of promoting the horse industry. If approved by a majority of the horse owners, the Department of Agriculture and Consumer Services will collect the fee from commercial feed dealers and distributors and remit the funds to the Horse Council on a quarterly basis. The assessment will be levied for no more than three years. Horse owners have a right to request a refund of the fee from the Horse Council if they do not wish to participate in the promotion effort.

ASSUMPTIONS AND METHODOLOGY: In the 1996 North Carolina Equine Survey, the Department of Agriculture and Consumer Services identified 33,000 equine owners and 132,000 head of equine in the state. The Department 's 1996 Feed Tonnage Report showed 97,279 tons of horse feed were purchased in the state. Horse feed sales grew 8.7% a year from 1993 to 1996, but the growth rate was only 4.4% from 1995 to 1996. Without data on the projected growth in the state's equine herd, it is impossible to predict what the future growth in feed sales will be. This

note assumes a flat 100,000 tons of horse feed are purchased each year during the three years that the assessment is in place. If the referendum is successful, this note assumes the Horse Council will assess $2 per ton beginning in FY 1998-99 for revenues of $200,000 per year.

North Carolina HB 1529 - THE HORSE INDUSTRY PROMOTION BILL
August 1, 1998

This bill, if it passes the NC Legislature, will permit the horse owners of North Carolina **to vote amongest themselves** to determine if they are willing **to assess themselves** 5 cents per bag of horse feed they purchase for marketing their own horse interests. This calculates to about $1.80/horse/year. Passage of HB 1529 does not assess the money. Even if the assessment passes the Legislature and then the horse owners; an individual can get their own money back!

Is this something new?
No, most of the commodity groups of North Carolina have had a self-assessing system to send money to the NC Department of Agriculture which in turn is sent back to the commodity group's spokes organization to use for the industry as a whole. The money is used mostly in the area of marketing and education. The central organization that deals with all the common horse problems in North Carolina is the NC Horse Council. Presently we have the support of major feed companies like Purina, Southern States and Mule City Feeds. Commissioner Graham of the NCDA has been very supportive including having Mr. David McLeod help draft the bill. Major horse owner organizations like the NC Hunter/Jumper Association, NC Quarter Horse Association, Mid East Coast Arabian Association, Central Piedmont Arabian Association, and the Piedmont Hunter Jumper Association support HB-1529.

Who is the North Carolina Horse Council?
The North Carolina Horse Council was incorporated perpetually in 1972 "to encourage, promote, and develop all phases of the horse industry and all other agricultural interests including breeding, feeding, and disease control; to aid in the protection and care of horses; to facilitate the most practical application of all research pertaining to agricultural products especially as it pertains to production, sanitation, and marketing of horses; to inform and educate the general public in matters pertaining to horses; and to promote any shows, sales, exhibitions, and contests for the betterment of agriculture in North Carolina." Commisssioner Graham and the governors since 1972 have recognized that the NCHC is the "voice of the horse industry" of North Carolina. It is a state wide organization like most states have and is a "member" of the American Horse Council.

It is a Council, not an association. All meetings are open to the public. Currently there is a "membership fee" to help with office materials cost. This "fee" is paid by those individuals, organizations and businesses who feel that the concept of helping with issues that pertain to all horses is important. Currently the issues that are helpful to all horse owners are a series of educational seminars held annually with horse extension; the enactment of the Equine Liability Bill; this Bill, HB1529; monitoring equine disease; improving trails (this helps local communities with hiking and green space) and the promotion and providing horses to add to the success of the 1999 Special Olympics.

If HB 1529 passes the Legislature and then the horse owners, what would this money be used for?

The primary use for this money would be for communication to and for the horse industry. The Horse Council would continue to develop lists of all the horse owners, horse organizations and businesses in the state to get them current, beneficial information. This list management would be used to get information to and process information from all horse owners and groups. The Horse Council then would be able to go to the Legislature for needs, help inform the various educational institutions the needs of the horse owners, and develop programs for the general public to help inform them about issues related to the horse. This emphasis on communication could be state wide, regions of the state or on the local level, such as in planning commissions.

The money would also be used to continue and improve the NCHC's role in education of the horse owners and the public as it has done since its inception in 1972. Be able to participate more fully in "facilitating the most practical application of all research pertaining to agricultural products especially as it pertains to production, sanitation, and marketing of horses" ***The aims always of the North Carolina Horse Council and this money, would be for all horse owners; competition, trail and purely pleasure horses; not just one specific group or one project!***

The money is paid to and distributed by the NC Department of Agriculture and Consumer Affairs.

If the Bill passes the Legislature, what next?

HB 1529 has past the NC House and the Senate Agricultural Committee. Currently it is being debated in front of the NC Senate Finance Committee. It still will have to pass this Committee, and a vote in front of the entire Senate. Then the horse owners can vote on the proposal. The voting of the horse owners will be at their county extension offices no sooner than two months after the Governor would sign the Bill into Law. The date will be announced through various horse-related and general media. If a horse owner is opposed to the concept of this type of help for horse owners, that individual can vote against the assessment then. Even if the assessment would pass the NC horse owners's vote, an individual owner can request their own money back.

Why would a feed company or horse owners want to participate favorably in this program?

It is obvious why a feed company would favor this program. A healthier horse industry makes them more profit. They then can produce a better product for horses (and their owners). Yes, there is a small amount of paper work added to their already marked demands of quarterly reporting to the NCDA&CA, but this can also be considered a "payback" to an important group of their customers.

Feed store owners will not be affected at all by any increased costs or paper work. Since this program doesn't cost store owners, supporting this Bill thus showing horse owners who buy plenty of other items than feed for their dogs and horses, would be a good business tactic for the feed store (and feed company).

For horse owners, yes, they will have to pay about $1.80/horse/year. But they will get a Horse Council staff that will be able to create continuity in dealing with common horse issues. Since its beginning without sufficient funding and relying primarily only on volunteer help, the NC Horse Council has had lots of ups and downs. With each issue the volunteers had to reinvent the wheel. (For example it took close to 10 years to get an Equine Liability Law in North Carolina - 38th in the nation.) The number of horses is growing; therefore more issues. And therefore, there is more need of a continuity of NCHC staffing, list management, education, marketing and contact with NC horse owners.

HB 1529 - HORSE INDUSTRY PROMOTION BILL

Passage of HB 1529 would give the horse owners of North Carolina ***the option to vote amongest themselves*** whether they would assess themselves money from purchasing horse feed for marketing, education and research of the horse industry of North Carolina through expansion of existing and development of new programs. This concept of a product assessment is the basic marketing and educational funding of many other livestock and agricultural commodity groups in North Carolina.

This money would be used to benefit the North Carolina horse industry:

1) for the production of marketing, informational and educational materials and programs;

2) to encourage development and growth of the horse industry through attraction of new owners, relocation of out-of-state horse operations and expansion of new and exisiting equine-related agribusiness;

3) to encourage research that would help the development of the horse industry;

4) to improve interaction with North Carolina governmental agencies and any national agencies deemed necessary for the improvement of the North Carolina horse industry;

5) and to enhance the general public's image and knowledge of the North Carolina horse industry.

THE SPECIFICS OF THE BILL

*** Once the Bill is passed by the NC Legislature, the assessment would need to have the approval of the North Carolina horse owners through a referendum.

*** It would be an assessment of $2.00/per ton of any commercial feed labelled for horse use or horse supplements (a nickel per 50 # bag of horse feed). This would amount to approximately $1.80 per horse per year. This concept has the approval of the major horse feed companies, independent feed mill operators, horse organizations and the Department of Agriculture and Consumer Affairs of the state of North Carolina.

*** Horse owners who buy feed; but do not wish to contribute, can request and gain a refund of their money.

Re: Horse Industry Promotion Assessment

Dear Dr. Mansmann:

The Department of Agriculture and Consumer Services supports the efforts of the North Carolina Horse Council to enact a horse promotion assessment.

This legislation would provide for an assessment of up to $2 per ton on commercial horse feed, if approved in a referendum among horse owners. The assessment would be collected by the Department of Agriculture and Consumer Services from all feed manufacturers who sell horse feed in North Carolina. I understand that there is support for this proposal among feed manufacturers due to the mutual benefits to be derived from promotion and expansion of our horse industry. I am not aware of any opposition to this legislation.

We are pleased to work with the North Carolina Horse Council in this effort, and I hope you will feel free to share this letter with members of the General Assembly and other interested parties.

With all good wishes.

Southern States Cooperative supports passage of the "Horse Industry Promotion Act" by the General Assembly of North Carolina. We believe that the funds generated by the assessment, while only nominally affecting horse owners, will provide long-term benefits to the equine industry.

We do believe that it is important for the law and regulations to be drawn in such a way as not to burden the sellers of equine feed with added paperwork, to apply equally to all sellers, and to minimize the possibility of the checkoff's being skirted by sellers or purchasers who would purchase feed for their horses under the guise of feeding it to other species.

To Whom It May Concern

Purina Mills, Inc. is in support of the North Carolina Horse Council's effort to raise funds to promote and support the horse industry in the State of North Carolina. The proposed assessment to be paid on horse feed at $2.00 per ton equates to $1.80 - $2.00 per horse per year.

The funds will be used to promote the horse industry in the State of North Carolina and one of the goals of the Horse Council is to increase the amount of trails available to the horse owner to use on a recreational basis. We at Purina feel the $2.00 per ton assessment is a small investment by the horse owner to insure the long term success of the horse industry.

To Members of the General Assembly

RE: House Bill 1529
Horse Promotion Assessment

The purpose of this letter is to request support for the legistation which has been introduced to provide promotion funds for the North Carolina Horse Industry. The Cooperative Council of North Carolina has considered carefully the status of the equine industry of the state and recognizes the intense need for a self-funded program for promotion and research for the industry.

The membership of the Council's last annual meeting approved a policy supporting this legislation. The legislation reflects the efforts of a hard-working committee which was charged with the responsibility of proposing a structure to provide the needed funds.

The Cooperative Council agrees with the committee that an assessment to be paid by the buyers of horse feed is an easy, effective solution.

We urge the General Assembly to pass the proposed legislation which will give the horse owners of North Carolina the right to vote whether or not they want this self-assessment.

Sincerely,

F. Carlyle Teague
President

To Whom It May Concern:

The North Carolina Hunter Jumper Association with approximately 600 members in North Carolina supports HB 1529 - The Horse Industry Promotion Bill. Our organization is a family organization primarily interested in showing horses. However, we are also interested in cooperating with the North Carolina Horse Council marketing North Carolina to help develop new horse farms. We sanction over 80 horse shows per year in North Carolina, bringing many visitors who spend money for food, lodging and and other tourism related expenditures in the communities that host those shows.

We are very grateful to the NC Horse Council and the NC General Assembly for getting us liability help through the passage of the Equine Activity Liability Act last year.

This is an important economic industry and should have the benefits similar to the other agricultural commodity groups in North Carolina.

Sincerely,

Andrew Ellis

In Support of HB 1529 - Horse Industry Promotion

To Whom It May Concern:

Piedmont Hunter Jumper Association, Inc. is a non-profit equestrian organization with over 100 individual and family members, the vast majority of whom are horse owners. PHJA is an organization dedicated to promoting sportsmanship and education of children and adult riders. PHJA provides governance and incentives for high-quality, moderately-priced horse shows and educational opportunities in the Piedmont region, accessible geographically and financially to competitors at all levels.

This letter is to request your support of HB 1529 - the Horse Industry Promotion Bill, which passed the NC House Agricultural Committee unanimously on June 2nd. As horse owners, the members of PHJA are all too familiar with the difficult issues facing not just our organization, but the horse industry as a whole. Richard A. Mansmann, VMD, PhD, and co-chair of the North Carolina Horse Council Legislative Committee has described these issues very well in a separate letter, which PHJA has reviewed and supports.

Bill 1529 is asking the Legislature to allow horse owners throughout the state to vote to assess ourselves money through feed company cooperation to work at solving these common problems. Many North Carolina commodity groups have this type of self-assessment to help promote their industries. The costs of the program would fall to horse owners (many of whom we represent), not the public in general. Furthermore, a horse owner somehow opposed to the program would have the opportunity to receive a refund of his assessment. Strengthening the base of this growing agricultural and tourist-attracting industry, and allowing it to flourish, will be a benefit to the entire tax base of the State. As such, this Bill presents a win-win opportunity for the State of North Carolina.

There are wonderful opportunities for competition, trail riding, green belt and farm development within North Carolina! We hope you think as positively about this bill (Bill 1529 - Horse Industry Promotion) as we do, and will help it to be enacted into law as soon as possible.

Please do not hesitate to call if you have any questions or would like further information regarding the perspective of PHJA and its members.

Sincerely,

Sarah L.

Subject: HB 1529 - HORSE INDUSTRY PROMOTION BILL

The entire 142 adult membership of Central Piedmont AHA is behind this bill.

The goal of the Horse Industry Promotion Bill will be for the horse industry itself to annually contribute funds dedicated to the marketing, education and research of the horse industry of North Carolina through expansion of existing and development of new programs.

This money would be used to benefit the North Carolina horse industry:

1) for the production of marketing, informational and educational materials and programs;

2) to encourage development and growth of the horse industry through attraction of new owners, relocation of out-of-state horse operations and expansion of new and existing equine-related agribusiness;

3) to encourage research that would help the development of the horse industry;

4) to improve interaction with North Carolina governmental agencies and any national agencies deemed necessary for the improvement of the North Carolina horse industry;

5) and to enhance the general publics image and knowledge of the North Carolina horse industry.

For these reason I urge you to support HB 1529 - The Horse Industry Promotion Bill.

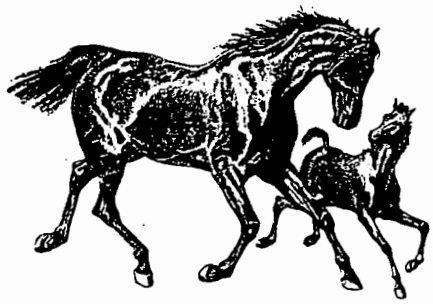
Introduction

The 1996 North Carolina Equine Survey was designed to determine equine inventory as well as the industry's economic contribution to the State. The results of the survey were compiled from the voluntary and confidential responses of thousands of equine owners across the State. The summarized data will be used by the equine industry, agricultural businesses, government and other interested parties to better serve the North Carolina equine industry.



The survey was conducted in two phases, with the first phase concentrating on inventory and the value of equine. The second phase, beginning in March of 1997, will examine other economic issues such as the value of equipment, cost of owning horses, and purchases made by equine owners.

To conduct the survey, a list of equine owners was constructed from all available sources to provide a good cross section of the industry. Breeding associations, veterinarians, Extension Service, riding clubs and other sources were asked to provide names of equine owners. The lists were merged and duplication removed prior to mailing the questionnaire. Because it was impossible to develop a complete list of equine owners, an "area frame sample" was used to measure and account for the list's incompleteness. The area sample consisted of 362 areas of land called segments that average about one square mile in size. Equine found in a segment that were not covered on the list were expanded to represent equine on similar segments across the state. The list and area data were combined to account for all equine in North Carolina.

Summary

The 1996 North Carolina Equine Survey accounted for 132,000 head of equine in the state. Equine were found on 26,300 places with an average of five horses per operation. Land associated with equine operations, totaled 446,000 acres, and averaged 17 acres per operation. The survey identified 33,000 equine owners in North Carolina, 6,700 which do not stable horses on their own property. Owners reported an average of 4 horses per owner.

Light horse breeds, at 105,400 head, dominate North Carolina's equine inventory, accounting for 80 percent of the equine in the state. Race horse inventory, at 10,400 head, was a distant second and comprise 8 percent of the total. The remainder of the inventory includes Ponies, 5 percent; Warmbloods, 3 percent; Draft horses, 2 percent; and Donkeys and Mules at 1 percent each. The American Quarter Horse is the most commonly owned light breed, totaling 45,100 head. Other light breeds include the Tennessee Walking Horse, 11,200 head; Arabian, 10,100 head; Appaloosa, 8,600 head; American Paint, 6,700 head and American Saddlebred at 4,300 head.

The value of total equine in North Carolina is estimated at $533 million dollars. Light horse breeds, valued at $383 million, account for 72 percent of the total. Race horses are valued at $80.1 million; Warmbloods, $48 million; Ponies, 11.1 million; Draft horses, $7.8 million; Mules, $1.7 million and Donkeys, $910 thousand. The value owners placed on their equine ranged from $50 to over $500,000 per animal. The average value per animal was $4,038.

The average age of an equine owner was 44 years, with nearly 70 percent of the owners falling between the ages of 36 and 65. Nearly 83 percent of equine owners have been involved with equine for over 5 years.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE CERTAIN MUNICIPALITIES TO CHARGE A FEE NOT TO EXCEED TEN DOLLARS FOR UNCERTIFIED COPIES OF POLICE INCIDENT OR ACCIDENT REPORTS AND TO AUTHORIZE THE CITY TO GIVE ANNUAL NOTICE OF VIOLATION TO CHRONIC VIOLATORS OF THE CITY'S OVERGROWN VEGETATION ORDINANCE.

The General Assembly of North Carolina enacts:

Section 1. A municipality may charge a fee not to exceed ten dollars ($10.00) for an uncertified copy of a police incident or accident report, except that a representative of a newspaper, wire service, radio station, or television station shall not be charged a fee that exceeds the municipality's actual cost of making the uncertified copy and the operator of a vehicle involved in an accident shall be entitled to one free copy of an uncertified copy. The fees collected shall be used for law enforcement purposes only.

Section 2. A municipality may notify a chronic violator of the municipality's overgrown vegetation ordinance that, if the violator's property is found to be in violation of the ordinance, the municipality shall, without further notice in the calendar year in which notice is given, take action to remedy the violation and the expense of the action shall become a lien upon the property and shall be collected as unpaid taxes. The notice shall be served by registered or certified mail. A chronic violator is a person who owns property whereupon, in the previous

calendar year, the municipality took remedial action at least three times under the overgrown vegetation ordinance.

Section 3. This act applies to the Towns of Denton and Farmville and the City of Greenville only.

Section 4. This act is effective when it becomes law.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Towns of Denton and Farmville, and the City of Greenville.

EFFECTIVE DATE: When it becomes law.

BILL SUMMARY: This bill applies to the Towns of Denton and Farmville, and the City of Greenville. The bill has two parts. First, the bill authorizes the listed municipalities to charge a ten dollar ($ 10.00) fee for an uncertified copy of police incident or accident report. The operator of a vehicle involved in an accident is entitled to one free uncertified copy of the report. Representatives of the media pay the municipalities' cost of making the copy, and not the $10.00 listed above. The fees provide additional law enforcement funding. The second part of the bill addresses overgrown lots. The bill authorizes Greenville, Farmville, and Denton to notify the owner of a chronically overgrown lot of the municipality's overgrown vegetation ordinance. The bill authorizes the municipality to "remedy" the violation, (mow, etc.) once the owner is notified and again found in violation. The cost associated with mowing become the equalivent of a tax

lien against the property. Under the bill, notice must be given at least once during the calendar year. The bill defines a chronic violator as a person who owns property sited at least three times during the previous calendar year for overgrown vegetation.

ASSUMPTIONS AND METHODOLOGY:

Greenville: According to the City Attorney, Greenville receives approximately 10,000 requests per year for uncertified accident reports. This number does not include those requested by the media. Of the 10,000 requests, approximately 25% are from vehicle owners, and are not covered by the bill. As such, the bill impacts approximately 7,500 requests. Assuming the city charges the maximum fee of $10.00 on each request, the total potential revenue to the city is $75,000 (7,500 requests x $10 each) . The City Attorney believes most the 7,500 requests are from attorneys following up on claims, and insurance adjusters. This note assumes the number of requests remains constant over time. The city believes the fiscal impact of the weedy lot portion of the bill is minimal. The only expected savings to the city is the cost of certified postage. (Under current law the city must notify the owner each time there is a violation.) They believe the primary impact of this portion of the bill is procedural.

Denton: According to the Denton Town Manager, the town's primary interest in the bill is the weedy lot provision. They believe the town will see some decrease in their postal expenses as a result of this provision. However, they expect the fiscal impact to be minimal. The town of Denton currently charges $2.00 for an accident report. They now receive approximately 100 requests for accident reports. It is the town's intention to continue to charge a $2.00 fee.

Farmville: This community's primary interest is also in the weedy lot portion of the bill. The Town Manager estimates that the weedy lot provision will save the community less than $100 a year in postage. The change is primarily procedural. The Town Manager believes the community will continue to charge the current $1.00 fee for uncertified copies of accident reports. As a result, no significant fiscal impact is expected.

A BILL TO BE ENTITLED

AN ACT TO CLARIFY COMMUNITY COLLEGES' AUTHORITY TO ENTER INTO LEASE PURCHASE AND INSTALLMENT PURCHASE CONTRACTS FOR EQUIPMENT.

The General Assembly of North Carolina enacts:

Section 1. G.S. 115D-20 is amended by adding a new subdivision to read:

"(11) To enter into lease purchase and installment purchase contracts for equipment under G.S. 115D-58.15."

Section 2. Article 4A of Chapter 115D of the General Statutes is amended by adding a new section to read:

"**§ 115D-58.15. Lease purchase and installment purchase contracts for equipment.**

(a) Authority. -- The board of trustees of a community college may use lease purchase or installment purchase contracts to purchase or finance the purchase of equipment as provided in this section.

(b) Contract Approval. -- Contracts for more than one hundred thousand dollars ($100,000) or for a term of more than three years shall be subject to review and approval as provided in this subsection. If the source of funds for payment of the obligation by the community college is intended to be local funds, the contract must be approved by resolution of the tax-levying authority, and the authority must acknowledge in writing its understanding that the community college may require appropriations from the tax-levying authority in order to meet the college's

obligations under the contract. The tax-levying authority may in each fiscal year appropriate sufficient funds to meet the amounts to be paid during the fiscal year under the contract. If the source of funds for payment of the obligation by the community college is intended to be State funds, the contract must be approved by resolution of the State Board of Community Colleges. The State Board may in each fiscal year allocate sufficient funds to meet the amounts to be paid during the fiscal year under the contract.

(c) Local Government Commission. -- A contract that is subject to approval by the tax-levying authority also shall be subject to approval by the Local Government Commission as provided in Article 8 of Chapter 159 of the General Statutes if the contract:

(1) Extends for five or more years from the date of the contract;

(2) Obligates the board of trustees to pay sums of money to another, regardless of whether the payee is a party to the contract; and

(3) Obligates the board of trustees to pay five hundred thousand dollars ($500,000) or more over the full term of the contract.

(d) Application of Section. -- When determining whether a contract is subject to approval under this section the total cost of exercising an option to upgrade property shall be taken into consideration. The term of a contract shall include periods that may be added to the original term through the exercise of an option to renew or extend.

(e) Nonsubstitution Clause. -- No contract entered into under this section may contain a nonsubstitution clause that restricts the right of a board of trustees to:

(1) Continue to provide a service or activity; or

(2) Replace or provide a substitute for any property financed or purchased by the contract.

(f) Nonappropriations Clause. -- No deficiency judgment may be rendered against any board of trustees, any tax-levying authority, the State Board of Community Colleges, or the State of North Carolina in any action for breach of a contractual obligation authorized by this section. The taxing power of a tax-levying authority and the State is not and may not be pledged directly or indirectly to secure any moneys due under a contract authorized by this section."

Section 3. G.S. 115D-5 is amended by adding a new subsection to read:

"(l) The State Board shall review and approve lease purchase and installment purchase contracts as provided under G.S. 115D-58.15(b). The State Board shall adopt policies and procedures governing the review and approval process."

Re: **HB 1369** - Community College Lease Purchase Authority (3rd Edition)

Background: In July of 1997, the State Board of Community Colleges requested an Attorney General's opinion regarding whether community colleges had the authority to enter into lease purchase or installment purchase contracts for equipment. In October of 1997, the Attorney General issued an advisory letter finding that "we have determined that community colleges are not authorized to enter into [lease purchase or installment purchase] contracts." That finding was based upon the lack of any express statutory authority, which does exist for units of local government and for public schools regarding selected types of equipment. In November of 1997, President Lancaster requested that the Attorney General reconsider the finding in the advisory letter. In January of 1998, the Attorney General issued an Advisory Opinion That opinion found that community colleges did have the authority to enter into lease purchase and installment purchase contracts provided the contracts were made with the approval of the Purchase and Contract Division of the North Carolina Department of Administration. The Attorney General went on to "strongly suggest" that the Department of Community Colleges request that the General Assembly enact legislation that specifically grants the authority to community colleges. In response to these events, President Lancaster came before the Community Colleges LRC Committee and requested that it consider introducing legislation that clearly grants to community colleges the authority to enter into lease purchase and installment purchase contracts. The Committee approved legislation to that effect.

Section 1 amends G.S. 115D-20 to clarify that a board of trustees of a community college may enter into lease purchase or installment purchase contracts for equipment.

Section 2 creates a new section, G.S. 115D-58.15, which outlines the process for using lease purchase or installment purchase contracts for equipment. Community college boards of trustees would have the authority to enter into these contracts without any prior approval if the contract is for less than $100,000 or is for more than 3 years. If the community college is going to use State appropriated funds to pay for a contract that is for more than $100,000 or that is for more than years, the contract must be approved by resolution of the State Board of Community Colleges. If local funds will be used and the contract exceeds the $100,000 or 3 year threshold, the tax levying authority (the board or boards of county commissioners that are directly responsible for the local financial support and local administration of the college) have review and approval authority. If the tax levying authority approves a lease purchase or installment purchase contract it must do so by resolution and must acknowledge in writing that the community college may

require appropriations from the tax-levying authority in order to met the college's obligations under the contract. The tax-levying authority is authorized to appropriate funds in subsequent fiscal years to meet the obligation. The Local Government Commission must approve contracts for 5 or more years and over $500,000, if the payments will be made from local funds.

The term of a contract includes any options to renew or extend. The total obligation under a contract includes any additional costs for upgrading the equipment. In the event a college failed to make its payments, the vendor's only recourse would be to repossess the equipment. The vendor could not sue the college, the tax-levying authority, the State Board of Community Colleges, or the State for additional monies owned. Furthermore, neither the taxing authority of the State or a county is pledged.

Section 3 directs the State Board of Community Colleges to review and approve lease purchase and installment purchase contracts and to adopt policies and procedures for that process.

The bill is effective upon becoming law and would apply to contracts entered into on or after that date.

TO: Senate Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: July 27, 1998
SPONSOR: Senator Hoyle

The proposed committee substitute for Senate Bill 1571 creates a new article in the Commerce and Business Chapter of the General Statutes that applies to the regulation of ticket brokers. Changes enacted by the PCS are in bold. A ticket broker is a "person, firm or corporation who resells tickets of admission to live athletic contests, concerts, theatre performances, or other entertainments, amusements, or exhibitions to which the general public is admitted, and charges a premium in excess of **$3.00 above** the price printed on the tickets **and meets the requirements of registration and bonding.**"

Broker requirements.--A ticket broker must meet the following requirements:

- Maintain a permanent place of business **in the State** as a ticket broker.
- Maintain as the principal business activity the resale of tickets.
- Obtain any business license required by the State or local government.
- **Post the certificate of registration and the registration form required under the new Article.**
- Refund payment received for the purchase of a ticket if the purchaser returns the ticket and requests cancellation of the sale within 36 hours after the purchase and more than 72 hours before the event.
- Refund payment for ticket if event is cancelled and not rescheduled.
- Post the above refund requirements.
- Disclose to the purchaser in writing the difference between the price on the ticket and the amount charged by the ticket broker
- **Maintain certain records about tickets which may be resold.**

Any complaint regarding a provision under the new Article is to be filed with the Attorney General. If the Attorney General makes a request, the ticket broker must provide him with the records the broker is required to maintain.

Bond required.--Each ticket broker must obtain a $200,000 bond in favor of the State for the benefit of any person damaged by a ticket broker's breach of contract or violation of the Article. The aggregate liability of the surety shall only be for actual damages and shall not exceed the amount of the bond. **The original bill required a broker to either obtain a $200,000 bond or establish a trust account in the amount of $200,000.**

Prohibitions. – A ticket broker and the broker's employees are prohibited from (1) selling tickets on the property where the event is to be held, (2) acquiring or reselling more than 1% of the total tickets for the event, or **(3) paying any consideration to a promoter, operator, or ticket sales agent to acquire a ticket, except for the face value cost of the ticket and service fee that the public would pay. The original bill allowed a broker to resell more than 1% of the total tickets if the broker had a contract with the promoter or operator authorizing the resell. A promoter, operator, or ticket sales agent is also prohibited from receiving consideration to acquire a ticket, except for the face value cost of the ticket and service fee that the general public would pay.**

Filing requirements.--A broker must file with the Secretary of State , a registration form and a copy of the required bond. The broker must also pay an annual fee of $2,500 to the Secretary of State. The registration form must contain the name and place of business and a description of the broker's activities. Failure to comply with the filing requirements is punishable by a $25 fine for the first offense and a $75 fine for each succeeding offense.

Penalties.--If there is no prescribed penalty for a violation of the Article, then the broker is guilty of a Class 2 misdemeanor. **Any person, firm, or corporation that violates the prohibition against paying or receiving consideration to acquire a ticket, except for the actual face value cost and any service fee that the public would pay, is guilty of a Class I felony.**

Exemption.--The Article exempts brokers from the criminal statute dealing with scalping. This statute allows anyone to add a reasonable service fee to the face value of tickets sold as long as the fee does not exceed $3.00. An exception is made if a promoter or operator of the property where the event is to be held and a ticket sales agency agree in writing on a greater fee for the first sale of tickets by the ticket sales agent. The existence of the service fee must be shown on the tickets. A violation of this criminal statute is a Class 2 misdemeanor.

Effective date. – The act is effective 30 days after it becomes law.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Secretary of State; Office of the Attorney General

EFFECTIVE DATE: This act is effective 30 days after it becomes law.

BILL SUMMARY: This act sets general requirements for ticket brokers, mandates that ticket brokers obtain $200,000 surety bonds, and requires ticket brokers to register with the Department of Secretary of State.

ASSUMPTIONS AND METHODOLOGY:

Revenue

This bill requires ticket brokers to pay an annual $2,500 registration fee to the Department of Secretary of State. The Department estimates that between 2 and 15 ticket brokers will apply for registration. This fiscal note will assume the midpoint or 9 registrations per year. This number is reasonable given that 11 national ticket brokers were found in an internet search conducted by

Fiscal Research on July 27, 1998. With 9 registrations, the Department will collect $22,500 for deposit into the General Fund.

Expenditures

The Department of Secretary of State estimates that it will take a ¼ time clerical position to administer the registration program for ticket brokers. The Department recommends a grade 63 Administrative Assistant I position at a cost of $6,600. The Department could fund a temporary position each year by using salary reserve. The use of salary reserve requires approval from the Office of State Budget and Management, but does not require an appropriation.

The bill sets Class I felony and Class 2 misdemeanor charges for violation of the ticket broker act. Data is not readily available to calculate the bill's impact on the court system, but the Administrative Office of the Courts (AOC) does not believe this bill will have a substantial fiscal impact. The creation of the new Class I felony and Class 2 misdemeanor charges could increase the number of cases coming through the courts, but the AOC has no evidence to suggest that these registered ticket brokers will not comply with the new regulations. The AOC also notes that individuals who "scalp" tickets without following the registration requirements would be prosecuted under the existing misdemeanor charge. Similarly, the Sentencing Commission does not expect this bill to have a significant impact on the state prison system. The charges might affect county jail populations, but few cases are expected.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE THAT THE LEGISLATIVE RESEARCH COMMISSION SHALL STUDY ALLOWING REGULATED TICKET BROKERS TO RESELL TICKETS.

Whereas, reselling event tickets in North Carolina above face value is generally unlawful in North Carolina; and

Whereas, such practice under regulation is allowed in some states; and

Whereas, an examination of newspaper advertisements and common knowledge shows that such business already takes place in North Carolina without regulation; and

Whereas, there is concern about balancing the need for a free market with ensuring the availability of tickets to the general public by preventing the market from being cornered by brokers; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. The Legislative Research Commission shall study the question of whether ticket brokering can be made lawful in North Carolina in a manner which allows the free market to operate while preventing the market from being cornered to the disadvantage of the general public. The Legislative Research Commission shall report to the 1999 Regular Session of the General Assembly.

Section 3. This act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE COUNTY OF MONTGOMERY TO COLLECT UTILITY BILLS AS IF THEY WERE TAXES DUE TO THE COUNTY OF MONTGOMERY.

The General Assembly of North Carolina enacts:

Section 1. Whenever water supply or distribution or sewage collection or disposal is provided by a county under Article 15 of Chapter 153A of the General Statutes, and the person legally responsible for payment of the rents, rates, fees or charges for the service fails to pay such rents, rates, fees or charges for more than 60 days after they became delinquent, the county providing the service may treat the amount due as if it were a tax due to the county and may proceed to collect the amount due through the use of levy on tangible personal property under G.S. 105-366 and G.S. 105-367.

Section 2. This act applies to Montgomery County only.

Section 3. This act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 1579:
Montgomery Delinquent Utility Bill

TO: Senate Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: August 5, 1998
SPONSOR: Representatives Hightower; and Goodwin

House Bill 1587 allows Montgomery County to collect utility bills as if they were taxes due. The bill would allow the County to collect in this manner for water supply or distribution or sewage collection or disposal provided by the County when the person responsible for the bill fails to pay for more than 60 days after the bill becomes delinquent. The County could collect the delinquent amount through the use of levy on the person's tangible personal property under G.S. 105-366 and G.S. 105-367. G.S. 105-366 gives the tax collector authority to levy on the delinquent person's personal property. G.S. 105-367 provides that the tax collector shall conduct the sale of the personal property, unless the governing body of the taxing unit authorizes the tax collector to direct the sheriff to execute on the property and conduct the sale.

During the 1989 Session, the General Assembly gave authority to collect certain utility bills as if they were taxes due to the Town of Richfield in Stanly County. During the current Session, two bill have been introduced that would give the Town of Stanfield, City of Locust, and Town of Mount Gilead the same authority. All three are located in Stanly County. House Bill 1587 would give the Town of Stanfield and City of Locust this authority. House Bill 1587 passed the House and Senate and is now in the House Committee on Local and Regional Government II. House Bill 1312 would give the Town of Mount Gilead the authority to collect certain utility bills as if they were taxes due. House Bill 1312 has been referred to the House Subcommittee on Local, Regional, and State Revenues.

Other counties that have the authority to collect certain fees the same as property taxes are the following:

- 1981 Union County given authority to collect delinquent water supply or distribution or sewage collection or disposal by levying on tangible personal property or by attachment and garnishment.
- 1989 Union County given authority to collect delinquent sewerage connection and use charges for the towns of Indian Trail and Stallings by levying on tangible personal property or by attachment and garnishment.
- 1989 Haywood County, Pender County and Surf City given authority to collect delinquent solid waste collection and disposal fees by using the same remedies to collect delinquent ad valorem taxes.

- 1993 City of Durham given authority to collect delinquent water and sewer fees resulting from leaking pipes or fixtures owned by the real property owner and located on the real property using or served by the public enterprise. The City can collect the delinquent fees in a foreclosure action using the same procedure for collecting delinquent personal or real property taxes. The local act sets out notice requirements and opportunity for appeal The act also states that the lien is inferior to all prior and subsequent liens for federal, State, and local taxes, equal to liens of special assessments, and superior to all other liens and encumbrances.

§ 153A-293. (See editor's note) Collection of fees for solid waste disposal facilities and solid waste collection services.

A county may adopt an ordinance providing that any fee imposed under G.S. 153A-292 may be billed with property taxes, may be payable in the same manner as property taxes, and, in the case of nonpayment, may be collected in any manner by which delinquent personal or real property taxes can be collected. If an ordinance states that delinquent fees can be collected in the same manner as delinquent real property taxes, the fees are a lien on the real property described on the bill that includes the fee. (1989, c. 591, ss. 1, 2; 1989 (Reg. Sess., 1990), cc. 905, 938, 940, 974, 1017; 1991, c. 652, s. 2.)

~~**Editor's Note.** — This section was originally derived from Session Laws 1989, c. 591, effective July 6, 1989, and was applicable to fees imposed on or after April 1, 1989. As enacted, c. 591 was applicable to Ashe, Robeson and Wayne Counties only. The section was made applicable to additional counties by Session Laws 1989 (Reg. Sess., 1990), as follows: Chapter 905, effective July 13, 1990, made this section applicable to Alleghany, Caswell, Richmond, and Watauga; c. 938, effective July 17, 1990, and applicable to fees imposed on or after Jan. 1, 1991, made this section applicable to Polk, Transylvania, and Cleveland; c. 940, effective July 17, 1990, made this section applicable to Duplin; c. 974, effective July 19, 1990, made this section applicable to Burke, Gaston, Lee, Lenoir, and Washington; c. 1017, effective July 26, 1990, made this section applicable to Anson and Montgomery.~~

Session Laws 1991, c. 652, is entitled "An act to authorize cities and counties to impose an availability fee for solid waste disposal facilities and to bill and collect the fee in the same manner as property taxes."

Session Laws 1991, c. 652, s. 2, amends § 153A-293 in the coded bill drafting format to read as follows:

"§ 153A-293. Collection of fees ~~in certain counties.~~ for solid waste disposal facilities and solid waste collection services.

~~(a)~~ A county may ~~provide that~~ adopt an ordinance providing that any fee imposed under G.S. 153A-292 may be billed ~~with the ad valorem~~ property taxes, may be payable in the same manner as ~~ad valorem~~ property taxes, and, in the case of nonpayment, may ~~result in the imposition of a lien on the property owner's real property in the same manner as ad valorem taxes.~~ be collected in any manner by which delinquent personal or real property taxes can be collected. If an ordinance states that delinquent fees can be collected in the same manner as delinquent real property taxes, the fees are a lien on the real property described on the bill that includes the fee.

~~(b) This section applies to Alleghany, Anson, Ashe, Burke, Caswell, Cleveland, Duplin, Gaston, Lee, Lenoir, Montgomery, Polk, Richmond, Robeson, Transylvania, Washington, Watauga, and Wayne Counties only.~~"

See § 120-20.1.

This section is set out in the form above at the direction of the Revisor of Statutes.

Section 6 of Session Laws 1991, c. 652 provides: "Chapters 591, 905, 938, 940, 974, 1007, and 1017 of the 1989 Session Laws are repealed. An ordinance adopted under a local act that is repealed by this act is considered to have been adopted under G.S. 153A-293, as amended by this act."

Effect of Amendments. — The 1991 amendment, effective July 12, 1991, rewrote this section. See Editor's note above.

EFFECTIVE DATE: When it becomes law.

BILL SUMMARY: This bill applies to the Towns of Denton and Farmville, and the City of Greenville. The bill has two parts. First, the bill authorizes the listed municipalities to charge a ten dollar ($ 10.00) fee for an uncertified copy of police incident or accident report. The operator of a vehicle involved in an accident is entitled to one free uncertified copy of the report. Representatives of the media pay the municipalities' cost of making the copy, and not the $10.00 listed above. The fees provide additional law enforcement funding. The second part of the bill addresses overgrown lots. The bill authorizes Greenville, Farmville, and Denton to notify the owner of a chronically overgrown lot of the municipality's overgrown vegetation ordinance. The bill authorizes the municipality to "remedy" the violation, (mow, etc.) once the owner is notified and again found in violation. The cost associated with mowing become the equalivent of a tax

lien against the property. Under the bill, notice must be given at least once during the calendar year. The bill defines a chronic violator as a person who owns property sited at least three times during the previous calendar year for overgrown vegetation.

ASSUMPTIONS AND METHODOLOGY:

Greenville: According to the City Attorney, Greenville receives approximately 10,000 requests per year for uncertified accident reports. This number does not include those requested by the media. Of the 10,000 requests, approximately 25% are from vehicle owners, and are not covered by the bill. As such, the bill impacts approximately 7,500 requests. Assuming the city charges the maximum fee of $10.00 on each request, the total potential revenue to the city is $75,000 (7,500 requests x $10 each) . The City Attorney believes most the 7,500 requests are from attorneys following up on claims, and insurance adjusters. This note assumes the number of requests remains constant over time. The city believes the fiscal impact of the weedy lot portion of the bill is minimal. The only expected savings to the city is the cost of certified postage. (Under current law the city must notify the owner each time there is a violation.) They believe the primary impact of this portion of the bill is procedural.

Denton: According to the Denton Town Manager, the town's primary interest in the bill is the weedy lot provision. They believe the town will see some decrease in their postal expenses as a result of this provision. However, they expect the fiscal impact to be minimal. The town of Denton currently charges $2.00 for an accident report. They now receive approximately 100 requests for accident reports. It is the town's intention to continue to charge a $2.00 fee.

Farmville: This community's primary interest is also in the weedy lot portion of the bill. The Town Manager estimates that the weedy lot provision will save the community less than $100 a year in postage. The change is primarily procedural. The Town Manager believes the community will continue to charge the current $1.00 fee for uncertified copies of accident reports. As a result, no significant fiscal impact is expected.

EXPLANATION OF HOUSE BILL 1529 (5th Ed.):
Horse Promotion Assessment

TO: Senate Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: August 3, 1998
SPONSOR: Representative Brown

House Bill 1529 (5th Edition) provides for a referendum to allow horse owners to assess themselves through a levy on commercial horse feed, in order to provide funds to the North Carolina Horse Council. These funds will be used to promote interests in the horse industry and for administrative expenses reasonably necessary to carry out this promotion. The act is effective when it become law. Provisions were added to the Bill in House Finance. These provisions were deleted after the Bill passed the House and was referred to the Senate Committee on Agriculture. The Bill now before the Senate Finance Committee is essentially the same bill that was adopted by the House Committee on Agriculture.

The Bill authorizes the North Carolina Horse Council to conduct a referendum among horse owners to determine if the assessment should be levied. To take effect, the assessment must be approved by a majority of votes cast in the referendum. The amount of the assessment may not exceed $2 per ton of commercial horse feed and shall not extend for a period of more than 3 years. The Council is to determine the exact amount and period of the levy.

If the assessment is approved, the North Carolina Department of Agriculture and Consumer Services shall notify all commercial feed dealers and distributors of the assessment and shall provide forms for reporting the assessment. The assessment is to be remitted to the Department with the inspection feed imposed under the Commercial Feed Law, Article 31C of Chapter 106. Anyone purchasing commercial horse feed upon which the assessment has been paid may demand a refund of the assessment by writing the Horse Council within 30 days of buying feed and providing proof of purchase. The Department must remit funds to the Horse Council at least quarterly.

Similar promotion assessment acts have been enacted for flue-cured tobacco farmers, strawberry producers and pork producers.

House Bill 1529 was initially referred to the House Committee on Agriculture where definitions for "equine" and "horse owner" were added. The Bill was then referred to House Finance where the following provisions were added: (1) requiring Horse Council to notify horse owners of the referendum through press releases to newspapers and trade journals and to post notice of the referendum in places where commercial horse feed is sold, and (2) specifying that the assessment is voluntary and may be avoided by filing a certificate that the person elects not to pay. After the Bill passed the House, it was referred to the Senate Committee on Agriculture. There the Bill deleted the provisions added by the House Finance Committee.

EXPLANATION OF HOUSE BILL 1529 (PCS):
Horse Promotion Assessment

TO: Senate Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: August 5, 1998
SPONSOR: Representative Brown

The proposed Senate committee substitute for House Bill 1529 provides for a referendum to allow horse owners to assess themselves through a levy on commercial horse feed, in order to provide funds to the North Carolina Horse Council. These funds will be used to promote interests in the horse industry and for administrative expenses reasonably necessary to carry out this promotion. The act is effective when it become law. Provisions were added to the Bill in House Finance. These provisions were deleted after the Bill passed the House and was referred to the Senate Committee on Agriculture. **The Bill now before the Senate Finance Committee is essentially the same bill that was adopted by the House Committee on Agriculture except for the following changes:**

- **A horse owner no longer includes a person who has a financial interest in equines or an equine operation.**
- **The Horse Council may not bring an action to collect unpaid assessments against a horse owner. The action may only be brought against a feed manufacturer or distributor. There is no right to recover costs of action, including attorneys fees.**
- **A person now has up to one year to demand a refund. The earlier version allowed only 30 days.**

The Bill authorizes the North Carolina Horse Council to conduct a referendum among horse owners to determine if the assessment should be levied. To take effect, the assessment must be approved by a majority of votes cast in the referendum. The amount of the assessment may not exceed $2 per ton of commercial horse feed and shall not extend for a period of more than 3 years. The Council is to determine the exact amount and period of the levy.

If the assessment is approved, the North Carolina Department of Agriculture and Consumer Services shall notify all commercial feed dealers and distributors of the assessment and shall provide forms for reporting the assessment. The assessment is to be remitted to the Department with the inspection feed imposed under the Commercial Feed Law, Article 31C of Chapter 106. Anyone purchasing commercial horse feed upon which the assessment has been paid may demand a refund of the assessment by writing the

Horse Council within 30 days of buying feed and providing proof of purchase. The Department must remit funds to the Horse Council at least quarterly.

Similar promotion assessment acts have been enacted for flue-cured tobacco farmers, strawberry producers and pork producers.

House Bill 1529 was initially referred to the House Committee on Agriculture where definitions for "equine" and "horse owner" were added. After the Bill passed the House, it was referred to the Senate Committee on Agriculture. There the Bill deleted the provisions added by the House Finance Committee.

REVENUES					
Horse Council Funds	$200,000	$200,000	$200,000		
EXPENDITURES	(to be determined by the Horse Council)				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Agriculture and Consumer Services

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: The bill authorizes the North Carolina Horse Council to hold a referendum among horse owners on whether to levy a fee of up to $2 a ton on commercial horse feed for the purpose of promoting the horse industry. If approved by a majority of the horse owners, the Department of Agriculture and Consumer Services will collect the fee from commercial feed dealers and distributors and remit the funds to the Horse Council on a quarterly basis. The assessment will be levied for no more than three years. Horse owners have a right to request a refund of the fee from the Horse Council if they do not wish to participate in the promotion effort.

ASSUMPTIONS AND METHODOLOGY: In the 1996 North Carolina Equine Survey, the Department of Agriculture and Consumer Services identified 33,000 equine owners and 132,000 head of equine in the state. The Department 's 1996 Feed Tonnage Report showed 97,279 tons of horse feed were purchased in the state. Horse feed sales grew 8.7% a year from 1993 to 1996, but the growth rate was only 4.4% from 1995 to 1996. Without data on the projected growth in the state's equine herd, it is impossible to predict what the future growth in feed sales will be. This

note assumes a flat 100,000 tons of horse feed are purchased each year during the three years that the assessment is in place. If the referendum is successful, this note assumes the Horse Council will assess $2 per ton beginning in FY 1998-99 for revenues of $200,000 per year.

A BILL TO BE ENTITLED

AN ACT TO REVISE AND CONSOLIDATE THE CHARTER OF THE TOWN OF ROWLAND.

The General Assembly of North Carolina enacts:

Section 1. The Charter of the Town of Rowland is revised and consolidated to read as follows:

"THE CHARTER OF THE TOWN OF ROWLAND.

"ARTICLE 1. INCORPORATION, CORPORATE POWERS, AND BOUNDARIES.

"Section 1.1 **Incorporation.** The Town of Rowland, North Carolina, in Robeson County, and the inhabitants thereof, shall continue to be a municipal body politic and corporate, under the name of the 'Town of Rowland', hereinafter at times referred to as the 'Town'.

"Section 1.2. **Powers.** The Town shall have and may exercise all of the powers, duties, rights, privileges, and immunities conferred upon the Town of Rowland specifically by this Charter or upon municipal corporations by general law. The term 'general law' is employed herein as defined in G.S. 160A-1.

"Section 1.3. **Corporate Boundaries.** The corporate boundaries shall be those existing at the time of ratification of this Charter, as set forth on the official map of the Town and as they may be altered from time to time in accordance with law. An official map of the Town, showing the current municipal boundaries, shall be maintained in the office of the Town Clerk and shall be available for public inspection. Upon alteration of the corporate limits pursuant to law, the appropriate changes to the official map shall be made, and copies shall be filed in the office of

the Secretary of State, the Robeson County Register of Deeds, and the appropriate board of elections.

"ARTICLE 2. GOVERNING BODY.

"Section 2.1. **Identification.** The Town Board of Commissioners hereinafter referred to as the 'Board', shall be the governing body of the Town.

"Section 2.2. **Composition; Terms of Office.** The Town Board shall be composed of four Commissioners to be elected by all the qualified voters of the Town voting at large for terms of four years, or until their successors are elected and qualified, and the Mayor.

"Section 2.3. **Mayor; Term of Office; Duties.** The Mayor shall be elected by all the qualified voters of the Town for a term of two years or until a successor is elected and qualified. The Mayor shall be the official head of the Town government and shall preside at meetings of the Board, shall have the right to vote only when there is an equal division on any question or matter before the Board, and shall exercise the powers and duties conferred by law or as directed by the Board.

"Section 2.4. **Qualifications for Office; Compensation; Vacancies.** The qualifications and compensation of the Mayor and Commissioners shall be in accordance with general law. In addition, no Mayor or Commissioner shall be qualified to hold office if that person: (i) is more than 30 days delinquent in the payment of any sum of money owed by that person to the Town of Rowland, (ii) has been convicted of any felony by any court of competent jurisdiction, (iii) has failed to attend more than three meetings of the Town Board of which that person has had proper notice. If the Town Board determines that one of the above-listed qualifications has been violated by a Commissioner or the Mayor and that such violation was within the control of the violator or that the violation can reasonably be expected to continue for an additional three months, the Board shall declare the position of the violator vacant and shall proceed to fill the vacancy. Vacancies shall be filled as provided below.

"Section 2.5. **Mayor Pro Tempore.** The Board shall elect one of its members as Mayor Pro Tempore to perform the duties of the Mayor during the Mayor's absence or disability, in accordance with general law. While presiding at meetings of the Board, the Mayor Pro Tempore shall be entitled to cast his vote as a Commissioner, but shall not cast an additional deciding vote in the case of a tie vote. The Mayor Pro Tempore shall serve in such capacity at the pleasure of the Board.

"Section 2.6. **Meetings.** In accordance with general law, the Board shall establish a suitable time and place for its regular meeting. Special and emergency meetings may be held as provided by general law. The quorum provisions of G.S. 160A-74 shall apply. Official action of the Board shall in every instance be by majority vote, provided that a quorum, consisting of a majority of the actual membership of the Board, is present. Vacant seats are to be subtracted from the normal Board membership to determine the actual membership.

"Section 2.7. **Quorum.** A majority of the actual membership of the council plus the Mayor (or the Mayor Pro Tempore), excluding vacant seats, shall constitute a quorum. A member who has withdrawn from a meeting without being excused by

majority vote of the remaining members present shall be counted as present for purposes of determining whether or not a quorum is present. Any number of commissioner(s) attending a duly called meeting or public hearing may, by majority vote, with or without the presence of a presiding officer, recess the meeting or hearing to another time, without the necessity for additional publicity of the meeting or hearing.

"ARTICLE 3. ELECTIONS.

"Section 3.1. **Regular Municipal Elections.** Regular municipal elections shall be held in each odd-numbered year in accordance with the uniform municipal election laws of North Carolina. Elections shall be conducted on a nonpartisan basis and the results determined using the nonpartisan election and runoff election method as provided in G.S. 163-279(a)(4) and G.S. 163-293.

"Section 3.2. **Election of Mayor.** A Mayor shall be elected in each regular municipal election.

"Section 3.3. **Election of Commissioners.** Two Commissioners shall be elected in each regular municipal election.

"Section 3.4. **Special Elections to Fill Vacancies.** If there is a vacancy in the office of Mayor or Commissioner after qualification or because of a refusal to qualify, a special election shall be called by the Town Board and shall be held to fill the vacancy. However, if the vacancy occurs after the opening date for filing of candidacy under the General Statutes in the year in which the term is to expire, no special election shall be held. In such case, the provisions of G.S. 160A-63 shall control. Candidates in any special election may file their notices of candidacy no earlier than noon on the tenth Friday preceding the special election and no later than noon on the seventh Friday preceding the special election.

"Section 3.5. **Other Special Elections and Referenda.** Except as specified above, special elections and referenda may be held only as provided by general law or applicable local acts of the General Assembly.

The Town Board shall require by resolution the giving and maintenance of all such bonds in amounts adequate to protect the Town from loss. The premiums on such bonds shall be paid by the Town.

"ARTICLE 5. MISCELLANEOUS.

"Section 5.1. **Town Departments.** The Board of Commissioners may establish such departments to serve the Town as they deem appropriate.

"Section 5.2. **Conflicts of Interest.** Any officer, employee, Commissioner or Mayor who has a financial interest, direct or indirect, in any proposed contract with the Town or in a proposed sale of any land, material, supplies, or services to the Town or to a contractor supplying the Town, shall make known that interest and shall refrain from voting upon or otherwise participating in the making of such a contract or sale. If the Town Board determines that any officer, employee, Commissioner, or Mayor has willfully violated the requirements of this section, that person shall be removed by the Town Board from his office or position. Violation of this section with knowledge, expressed or implied, by the person or corporation contracting with or making a sale to the Town shall render the contract void.

EXPLANATION OF HOUSE BILL 55:
No Fee for Purple Heart Plates (PCS)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: August 19, 1998
SPONSOR: Representative Warner

The proposed Senate Finance Committee Substitute for **House Bill 55** does two things:

- It removes the $10.00 additional fee to obtain a Purple Heart special registration plate.
- It directs the Division of Motor Vehicles to redesign the Purple Heart registration plate by January 1, 1999.

The current fee for this special registration plate, as well as other special registration plates, is the regular motor vehicle registration plate fee plus an additional $10.00. The only exception to this rule is the special registration plate issuable to active members of the national guard – this plate may be obtained by paying only the regular motor vehicle registration plate fee. There are 3 plates that are issued free of both the regular motor vehicle registration plate fee and the additional special plate fee: the Congressional Medal of Honor plate, 100% disabled veteran plate, and ex-prisoner of war plate. There are also some special registration plates that cost more than the additional $10 fee. These plates are the ones designed to raise money for a particular group.

The General Assembly has authorized the Division of Motor Vehicles to issue special registration plates for several different military decorations and for persons serving in the armed forces. With the exceptions noted in the paragraph above, all of the persons who elect to have one of these special plates must pay the $10 additional fee:

- Combat Veteran. – Issuable to a veteran of the armed forces who served in a combat zone.
- Disabled Veteran. – Issuable to a veteran who suffered a 100% service-connected disability.
- Legion of Valor. – Issuable to a recipient of one of the following military decorations: The Congressional Medal of Honor, the Distinguished Service Cross, the Navy Cross, or the Air Force Cross. The Congressional Medal of Honor is the highest decoration awarded in the armed forces. The service crosses are the second highest decoration awarded in the armed forces.

- Partially Disabled Veteran. – Issuable to a veteran who suffered a service connected disability of less than 100%.
- Pearl Harbor Survivor. – Issuable to a veteran of the armed forces who was present at and survived the attack on Pearl Harbor.
- Prisoner of War. – Issuable to an ex-Prisoner of War.
- Purple Heart. -- Awarded to persons serving in the armed forces who are wounded in action against the enemy.
- Vietnam Veteran. – Issuable to a veteran of the armed forces who served in Vietnam.

In all cases, $10.00 of the additional fee charged for special registration plates is credited to the Special Registration Plate Account. This uniform system of fees has been in place since 1991 when a study commission recommended that the special registration plate system be simplified through a uniform fee schedule. After deducting the cost of the plates from this account, the money is distributed quarterly as follows:

Percentage	Purpose
33%	Department of Commerce for advertising travel and tourism and industrial development
50%	Department of Transportation for beautification of highways
17%	Department of Human Resources to promote Travel accessibility for disabled persons

A BILL TO BE ENTITLED

AN ACT TO EXTEND THE INCOME TAX CREDIT FOR POULTRY COMPOSTING FACILITIES TO CORPORATE ENTITIES AND TO REMOVE THE SUNSET FOR THE INDIVIDUAL INCOME TAX CREDIT.

The General Assembly of North Carolina enacts:

Section 1. Division I of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-130.43. Credit for construction of poultry composting facility.**

A taxpayer who constructs in this State a poultry composting facility, as defined in G.S. 106-549.51 for the composting of whole, unprocessed poultry carcasses from commercial operations in which poultry is raised or produced, is allowed as a credit against the tax imposed by this Division an amount equal to twenty-five percent (25%) of the installation, materials, and equipment costs of construction paid during the taxable year. This credit may not exceed one thousand dollars ($1,000) for any single installation. The credit allowed by this section may not exceed the amount of tax imposed by this Division for the taxable year reduced by the sum of all credits allowable, except payments of tax by or on behalf of the taxpayer. The credit allowed by this section does not apply to costs paid with funds provided the taxpayer by a State or federal agency."

Section 2. G.S. 105-151.25(a) reads as rewritten:

"(a) Credit. -- A taxpayer ~~or Subchapter S corporation~~ who constructs in this State a poultry composting facility as defined in G. S. 106-549.51 for the composting

of whole, unprocessed poultry carcasses from commercial operations in which poultry is raised or produced is allowed as a credit against the tax imposed by this Division an amount equal to twenty-five percent (25%) of the installation, materials, and equipment costs of construction paid during the taxable year. This credit may not exceed one thousand dollars ($1,000) for any single installation. The credit allowed by this section may not exceed the amount of tax imposed by this Division for the taxable year reduced by the sum of all credits allowable, except payments of tax by or on behalf of the taxpayer. The credit allowed by this section does not apply to costs paid with funds provided the taxpayer by a State or federal agency."

Section 3. Section 4 of Chapter 543 of the 1995 Session Laws reads as rewritten:

"Sec. 4. Section 1 of this act becomes effective for taxable years beginning on or after January 1, ~~1995, and expires for taxable years beginning on or after January 1, 1998.~~ 1995. The remainder of this act is effective upon ratification."

Section 4. Section 1 of this act is effective for taxable years beginning on or after January 1, 1998. The remainder of this act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 1617 (3rd Ed):
Poultry Composting Tax Credit

TO: Senate Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: August 18, 1998
SPONSOR: Representative Mitchell

House Bill 1617 (3rd Edition) removes the sunset from the individual income tax credit for constructing a facility in this State for the composting of poultry carcasses resulting from commercial poultry operations. The current credit, which expires this year, is available only to individuals and shareholders in Subchapter S corporations. The bill expands the credit to C corporations. The bill also removes the sunset language from the 1995 Session Laws, which created the tax credit. The bill has been in House Agriculture and House Finance and passed third reading in the House on August 5, 1998.

The amount of the credit allowed is 25% of the installation, equipment, and materials costs of building the facility, not to exceed $1,000. The credit does not apply to costs paid with funds provided to the taxpayer by a State or federal agency. The amount of the credit allowed cannot exceed the amount of tax imposed for the taxable year and any unused credit may not be carried forward to succeeding taxable years.

A poultry composting facility is a structure or an enclosure in which whole, unprocessed poultry carcasses are decomposed by a natural process into an organic, biologically safe by-product that can be used for plant food. Every person that is engaged in raising poultry for commercial purposes and has a flock of at least 200 fowl is required to dispose of the poultry carcasses in a pit, an incinerator, or a poultry composting facility that has been approved by the Department of Agriculture and Consumer Services. In the poultry business, the grower of a bird is often not the owner of the bird. The burden of disposing of poultry mortalities is usually on the grower of the bird.

The purpose of the credit is to encourage people who raise turkeys, chickens, or other poultry to compost the dead poultry rather than burn it or put it in a pit. By composting the poultry carcasses, the by-product can be converted into a useful product.

	FY 1998-99	FY 1999-00	FY 2000-01	FY 2001-02	FY 2002-03
REVENUES					
General Fund	($30,000)	($30,000)	($30,000)	($30,000)	($30,000)

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: This bill extends income tax credit for poultry composting facilities to corporate entities and removes the sunset for the individual income tax credit.

BACKGROUND: This tax credit is available for individuals and S corporations who construct facilities in North Carolina for composting whole, unprocessed poultry carcasses from commercial poultry operations. The credit is equal to 25% of the installation, materials, and equipment costs of construction paid during the taxable year, but not to exceed $1,000 for any single installation. The credit is not refundable and there is no carry-forward of the credit. The credit does not apply to costs paid with funds provided by a state or federal agency. The credit expires in the 1998 tax year.

ASSUMPTIONS AND METHODOLOGY: Before constructing a poultry composting facility, the grower must receive a permit from the Veterinary Division in the Department of Agriculture and Consumer Services. Based on permit information, the number of facilities constructed since 1990 is as follows:

1990 (began in August)	12
1991	63
1992	132
1993	133
1994	85
1995	136
1996	61
1997	33
1998 (by July 27)	20

The numbers above show a decline in composting facilities since 1995. Dr. Thomas A. Carter, Extension Poultry Specialist at North Carolina State University, attributes this decline to poultry growers' increased use of incineration. Due to incineration and other technological changes, Dr. Carter believes the number of composting facilities will average 30 per year over the next five years.

The cost to continue this credit is approximately $30,000 per year. As noted above, there will be 30 composting facilities constructed each year. Since the cost of a compost facility is between $5,000 and $10,000 per installation, each facility will qualify for the maximum $1,000 credit. This fiscal note assumes each grower has enough tax liability to fully use each tax credit. Since there is no data on the tax status of the permit holders, this note contains the total cost for both individual and corporate taxpayers.

AN ACT TO PROTECT NORTH CAROLINA CITIZENS FROM LOSSES DUE TO FEDERAL TOBACCO LEGISLATION OR TOBACCO LITIGATION AND TO PROVIDE THAT FUNDS RECEIVED DUE TO SETTLEMENTS AND RELATED CONGRESSIONAL LEGISLATION SHALL BE SPENT ONLY PURSUANT TO APPROPRIATION BY THE GENERAL ASSEMBLY.

The General Assembly of North Carolina enacts:

Section 1. The General Assembly finds that:

(1) In June 1997, a tentative settlement was reached in litigation between United States cigarette manufacturers and the attorneys general of 40 states.

(2) Dozens of bills were introduced in Congress dealing with this settlement, and several of those bills would have provided financial assistance to tobacco farmers and others who depend on tobacco for their livelihoods.

(3) Some of these proposed bills would also have provided for block grants and other funds for states to use for related purposes.

(4) Congress is unlikely to enact legislation on this subject during 1998.

(5) Tobacco litigation and federal legislation providing for settlement of the litigation have the potential to affect the interests of tobacco farmers and others who depend on tobacco for their livelihoods.

Section 2. Article 1 of Chapter 143 of the General Statutes is amended by adding a new section to read:

"**§ 143-16.4. Settlement Reserve Fund.**

(a) The 'Settlement Reserve Fund' is established as a restricted reserve in the General Fund. Funds shall be expended from the Settlement Reserve Fund only by specific appropriation by the General Assembly.

(b) Unless prohibited by federal law, federal funds provided to the State by block grant or otherwise as part of federal legislation implementing a settlement between United States tobacco companies and the states shall be credited to the Settlement Reserve Fund. Unless prohibited by court order, funds paid to the State or a State agency pursuant to a tobacco litigation settlement agreement or final order or judgment of a court shall be credited to the Settlement Reserve Fund."

Section 3. It is the intent of the General Assembly that federal funds provided to the State by block grant or otherwise as part of federal legislation implementing a settlement between United States tobacco companies and the states shall be used pursuant to specific appropriation for healthcare costs, tobacco transition assistance, and other purposes related to protecting the interest of North Carolina tobacco farmers, allotment holders, workers (including agricultural, commercial, and manufacturing workers), and other North Carolina citizens.

Section 4. Article 1 of Chapter 114 of the General Statutes is amended by adding a new section to read:

"**§ 114-2.5. Attorney General to report payment of public monies pursuant to settlement agreements and final court orders.**

(a) The Attorney General shall report to the Joint Legislative Commission on Governmental Operations and the Chairs of the Appropriations Committees of the Senate and House of Representatives on any payments received pursuant to a settlement agreement or final order or judgment of a court and credited to the Settlement Reserve Fund in accordance with G.S. 143-16.4. The Attorney General shall also report on the terms or conditions of payment set forth in the agreement or order. The Attorney General shall submit a written report to the Fiscal Research Division of the General Assembly.

(b) This section applies only to executed settlement agreements and final orders or judgments of a court and does not affect the authority of the Attorney General to negotiate the settlement of cases in which the State or a State department, agency, institution, or officer is a party."

Section 5. It is the intent of the General Assembly to monitor the progress of federal tobacco settlement legislation and to enact appropriate income tax exemptions for financial assistance payments that may later be enacted by Congress for tobacco farmers and for others who depend on tobacco for their livelihoods. In addition, it is the intent of the General Assembly to monitor the status of tobacco

litigation in this State and other states and to act to protect the interests of North Carolina tobacco farmers and other North Carolina citizens who depend on tobacco for their livelihoods.

Section 6. This act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 1248 (PCS):
Tobacco Settlements Payments

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: August 18, 1998
SPONSOR: Representative Baker

House Bill 1248 makes the following three changes relating to possible federal legislation that may be enacted as part of a tobacco litigation settlement. The bill is effective when it becomes law.

1. It provides legislative findings and statements of intent regarding potential federal financial assistance to farmers and others who depend on tobacco for their livelihood.
2. It provides that any block grants and other federal payments provided to North Carolina by Congress as part of the tobacco settlement may be spent only by appropriation of the General Assembly
3. It provides that any significant court settlement payments or payments pursuant to litigation on any subject may be spent only by appropriation of the General Assembly.

In June 1997, United States tobacco companies reached a tentative settlement of litigation initiated by the attorneys general of 40 states. The settlement would have required the companies to pay damages and would have limited their future liability. In response to the tentative settlement, many bills were introduced in Congress to establish the detailed rights and obligations of the parties. The legislation would have profound effects on the tobacco industry at all levels. Elimination of the federal tobacco program was proposed, and several of the bills proposed financial assistance to tobacco farmers, tobacco quota owners, tobacco workers, and others involved in the tobacco industry. This financial assistance would be designed to replace income these farmers and others might lose due to changes in the tobacco industry. In addition, some of the federal bills proposed to distribute funds to States in the form of block grants or appropriations. Federal tobacco settlement legislation seemed likely as of May 1998 but has since stalled.

Section 1 of the proposed committee substitute sets out the above facts as findings of the General Assembly. These findings form the basis for the remainder of the bill.

Section 2 of the bill establishes a restricted reserve in the General Fund called the Settlement Reserve Fund. Monies in this reserve may be spent only by

specific appropriation of the General Assembly. The bill provides that, unless prohibited by federal law, any federal funds North Carolina receives pursuant to tobacco settlement legislation will be credited to the Settlement Reserve Fund. In addition, unless prohibited by court order, any funds received pursuant to a tobacco litigation settlement agreement will be credited to the Settlement Reserve Fund. These requirements will allow the General Assembly to control the expenditure of funds received pursuant to litigation settlements and court judgments.

Section 3 of the bill states that it is the intent of the General Assembly that any funds received pursuant to federal tobacco settlement legislation will be used for healthcare costs, tobacco transition assistance, and other purposes that will protect the interest of North Carolina farmers and other North Carolina citizens who depend on tobacco for their livelihood. The funds cannot be spent except pursuant to specific appropriation of the General Assembly. This section outlines the general plan for any federal tobacco funds received, but leaves the details to be worked out in a future appropriations bill.

Section 4 of the bill requires the Attorney General to keep the General Assembly informed of payments received under any litigation settlements or court judgments and credited to the Settlement Reserve Fund as provided in Section 3. This reporting requirement will provide the General Assembly the information it needs to design the specific appropriations of the funds credited to the reserve. Sections 3 and 4 of this bill are very similar to Section 18.7 of the House Budget bill, Senate Bill 1366, 5th Edition.

Section 5 of the bill states the General Assembly's intent to monitor the progress of federal tobacco settlement legislation and provide appropriate income tax exemptions for financial assistance payments to tobacco farmers and others who depend on tobacco for their livelihoods. It also states the intent of the General Assembly to monitor any tobacco litigation and to protect the interests of North Carolina citizens.

The plate shall bear the insignia of the Boy Scouts of America and shall bear the words "Eagle Scout". The Division may not issue the plate authorized by this subdivision unless it receives at least 300 applications for the plate."

Section 2. G.S. 20-79.4(b) is amended by adding a new subdivision to read:

"(16a) Girl Scout Gold Award recipient. -- Issuable to a young woman who has been certified as a Girl Scout Gold Award recipient by the Girl Scouts of the U.S.A., or to her parents or guardians. The plate shall bear the insignia of the Girl Scouts of the U.S.A. and shall bear the words "Girl Scout Gold Award". The Division may not issue the plate authorized by this subdivision unless it receives at least 300 applications for the plate."

Section 3. G.S. 20-63(d) reads as rewritten:

"(d) Registration plates issued for a motor vehicle other than a motorcycle, trailer, or semitrailer shall be attached thereto, one in the front and the other in the rear: Provided, that when only one registration plate is issued for a motor vehicle other than a truck-tractor, said registration plate shall be attached to the rear of the motor vehicle. Provided further, that when only one registration plate is issued for a motor vehicle and this motor vehicle is transporting a substance that may adhere to the plate so as to cover or discolor the plate or if the motor vehicle has a mechanical loading device that may damage the plate, the registration plate may be attached to the front of the motor vehicle.

Any motor vehicle of the age of 35 years or more from the date of manufacture may bear the license plates of the year of manufacture instead of the current registration plates, if the current registration plates are maintained within the vehicle and produced upon the request of any person.

The Division shall provide registered owners of motorcycles and motorcycle trailers with suitably reduced size registration plates."

Section 4. This act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 1518:
Eagle and Gold Scout Special Plate (PCS)

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: August 18, 1998
SPONSOR: Representative Eddins

The Proposed Senate Finance Committee Substitute for **House Bill 1518** does three things:

- It authorizes the issuance of a new Eagle Scout special license plate. (In House version of the bill)
- It authorizes the issuance of a new Gold Scout special license plate. (The proposed committee substitute adds this section to the bill)
- It authorizes a smaller registration plate for motorcycles and motor cycle trailers. (In House version of the bill)

Sections 1 and 2 would authorize the Division of Motor Vehicles to develop a special registration plate issuable to a person who has been certified as an Eagle Scout by the Boy Scouts of America or as a Gold Scout by the Girl Scouts of America. The plates could also be issued to the person's parent or guardian. The plates would depict the insignia of the Scouts and bear the words "Eagle Scout" and "Gold Scout", respectively. The Division would have to receive at least 300 applications of the plate before one could be issued .

The fee for the special registration plates would be the regular motor vehicle registration fee plus an additional $10.00. The additional $10.00 fee is credited to the Special Registration Plate Account. After deducting the cost of the plates from this account, the money is distributed quarterly as follows:

Percentage	Purpose
33%	Department of Commerce for advertising travel and tourism and industrial development
50%	Department of Transportation for beautification of highways
17%	Department of Human Resources to promote Travel accessibility for disabled persons

Section 3 requires the Division to issue a smaller registration plate for motorcycles and motorcycle trailers. The current law does not specify what size a registration plate must be. It does specify what the plate must have displayed

on it and it requires that the plate be of sufficient size to be plainly readable from a distance of 100 feet during daylight. The plate must have a registration number displayed on it along with the name of the State of North Carolina, the year number for which it is issued, and, for a private passenger vehicle, the words "First in Flight".

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Transportation - Division of Motor Vehicles.

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: Sections 1 and 2 authorizes the Division of Motor Vehicles (DMV) to issue a special registration plate to individuals certified as Eagle Scouts or Gold Scouts, if at least 300 applications for such a plate are received. The Boy Scouts of America must certify the Eagle Scout standing. The Girl Scouts of America must certify the Gold Scout standing. Parents or guardians of certified scouts are also authorized to purchase the plates. The second part of the bill authorizes the division to issue smaller registration plates for motorcycles and motorcycle trailers.

ASSUMPTIONS AND METHODOLOGY: The ten Boy Scout Councils in North Carolina report that, combined, they award approximately 1,100 Eagle Scouts rankings per year. The Girl Scouts of America report that they award 2,500 Gold Scout awards per year, nationwide. They estimate that approximately 75 Gold Scouts are awarded annually through there seven councils in North Carolina, although there is no specific listing by state. Because there is no way to determine how many of the North Carolina Eagle Scouts and Gold Scouts will request the special plate, this fiscal note assumes the issuance of the minimum 300 license plates for each set of

scouts (Gold and Eagle Scouts) in FY 1998-99. The note also assumes that those plates will be renewed in the following years.

According to the Division of Motor Vehicles and the Department of Corrections, there is a one time cost of $100 to design the new plate. There is also a production cost of $2.52 per plate (This assumes a basic one color design. If the design is more complex, or requires more color, the per plate cost increases). The total production cost for 300 basic plates is $856.00. As such, the total production cost associated with the bill is $1712.00 ($856.00 x 2 plates). Special Registration Plate Account funds will be used to cover this expense. In addition to the normal $20.00 registration fee every owner of a private passenger vehicle pays, there is a $10.00 fee for each specialized Eagle Scout plate. Funds from the $10.00 special plate fee are deposited in the Special Registration Plate Account. Assuming that 300 Eagle Scout plates and 300 Gold Scout plates were ordered, the total revenue to the Special Registration Plate Account will be $6000.

The Division of Motor Vehicles does not anticipate a significant fiscal impact to making smaller plates available for motorcycles and motorcycle trailers. The Division also indicates that there may be some production problems associated with personalizing the smaller plates.

Section 2. This act becomes effective January 1, 1999.

EXPLANATION OF HOUSE BILL 577 (Third Edition):
Forester Registration

TO: Senate Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: August 25, 1998
SPONSOR: Representative Weatherly

House Bill 577 requires mandatory registration of all foresters practicing in the State. Current law provides only for voluntary registration and makes it unlawful for any person who is not registered to use the title "registered forester". In addition, the bill raises the standards for foresters. The bill passed the House. The committee substitute before this Committee was given a favorable report by the Senate Committee on Agriculture and does the following: adds a definition for "forestry", changes the effective date from January 1, 1998 to January 1, 1999, and provides that foresters registered with the Board as of January 1, 1999 are exempt from taking the Board's revised exam and from meeting the experience requirements (6 or more years of forestry practice). In addition, the bill makes the following changes to Chapter 89B on Foresters:

1. Adds definitions for "forestry" and "urban forestry"

2. Allows the State Board of Registration for Foresters (a five-member Board appointed by the Governor) to set the fees subject to statutory maximums. The bill also increases the fees as follows:

FEES	CURRENT AMOUNT	PROPOSED AMOUNT
Application fee	$15.00	not to exceed $50.00
Registration fee	$20.00	not to exceed $40.00
Annual renewal fee	$20.00	not to exceed $50.00
Replacement fee	$5.00	same
Reexamination fee	$15.00	not to exceed $50.00

Under current law a renewal of an expired registration requires a $20.00 fee plus $1.00 per month from the date of expiration not to exceed $20.00. The bill requires payment of the registration fee plus 1/12 of the annual renewal fee per calendar month not to exceed the renewal fee.

3. Under current law, an applicant for registration must (1) have either a bachelors or higher degree in a forestry curriculum and two years of experience, or (2) pass an exam that shows knowledge approximating that obtained through graduation from a four-year forestry curriculum and five years

of experience.. The bill requires an applicant to pass a comprehensive written exam. The bill also increases the years of forestry experience from five to six years for an applicant without a bachelors or higher degree in forestry. As part of this change, the bill also provides that an Associate Applied Science degree in a curriculum approved by the Board is the equivalent of one year of experience, completion of the junior year of an approved forestry curriculum is the equivalent of two years of experience, and completion of the senior year is the equivalent of three years of experience.

4. The bill allows registration of an applicant who (1) has practiced "urban forestry" for six years prior to January 1, 1999, (2) is a North Carolina resident, (3) applies to the Board before June 30, 1999, for registration and (4) submits a sworn affidavit showing experience and education equivalent to a forester. Urban forestry is the practice of forestry in an urban setting that involves municipal ownership, homesteads, parks and woodlots, and similar urban properties.

The bill also allows registration of an applicant who was registered in good standing as a registered forester with the Board as of January 1, 1999.

5. Allows the Board to issue a forester-in-training certificate to an applicant who has graduated with a bachelors or higher degree in forestry but has not yet passed the exam or gained the two years of forestry experience.

6. Allows the Board to limit an applicant to three attempts to take and pass the exam.

7. Adds a continuing education requirement for registered foresters not to exceed 12 hours per year.

8. Requires a consulting forester to file annually with the Board an affidavit of compliance with the Chapter requirements. A consulting forester is allowed to practice forest management, appraisal, development, marketing, protection, and utilization for the benefit of the public on a fee, contractual, or contingency basis.

9. Makes violation of the Chapter, a Class 3 misdemeanor (1-10 days community punishment, fine of up to $200, if no prior record.)

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: State Board of Registration for Foresters

EFFECTIVE DATE: The act is effective January 1, 1999

BILL SUMMARY: The bill strengthens the registration requirements for foresters. For example, all applicants will be required to take a comprehensive written exam and the Board of Registration for Foresters may require all licensees to take 12 hours of continuing education courses each year. The Board also may increase the fees charged for applications, exams and annual registration.

ASSUMPTIONS AND METHODOLOGY:
HB 577 permits the Board of Registration for Foresters to increase the fee for applications, exams and certificates of registration to the following amounts:

	Current Fee	HB 577 Maximum Fee
Renewal of Registration	$20	$50
Application for Registration	$15	$50
Examination	$15	$50
New Registration	$20	$40

According to the Board of Registration for Foresters, there are 975 registered foresters as of August 1998 (42 are late with their renewal but are counted in this number). These foresters renew their license each July upon payment of a $20 fee. Since HB 577 will not allow the Board to raise this fee until after January 1, 1999, there will be no revenue impact until FY 1999-00.

Approximately 75 new foresters are registered each year. Those requesting registration currently pay a $15 application fee and a $20 fee for a certificate of registration. For those without a college degree from an accredited forestry school, the Board requires an applicant to pay the $15 application fee and pay an additional $15 to take a comprehensive written exam. Currently, about 75 persons take the exam each year. If HB 577 passes, all applicants for registration will have to take the written exam that is given twice a year. Under the proposed bill, the Board estimates that 120 persons will sit for the exam each year and that 75 will pass. If the applicants pass the exam, they then pay for a certificate of registration.

This note assumes that no fee increase will make it through the rule making process in time for the 1998-99 fiscal year, thus additional revenue from fee increases on new applicants will not be realized until FY 1999-00. The chart below illustrates the amount of additional revenue that could be earned if the Board imposed the highest fees allowed by HB 577 beginning in FY 1999-00.

Authorization of Self-Liquidating Capital Improvements Projects

It is recommended that the Board approve eleven self-liquidating capital improvements projects totaling $92,482,400 at eight institutions. The projects would then be forwarded to the General Assembly for authorization during the 1998 Session.

Appalachian State University

Renovation of Welborn Cafeteria, $6,159,700

The project would provide for the renovation of Welborn Cafeteria, the principal student dining facility on campus. The original facility was constructed in 1925 with additions completed in 1965 and 1988. The project proposes to renovate the 30,555 square feet in the original facility and to provide new heating, ventilating, cooling, plumbing, and electrical systems. The original facility contains the central kitchen and two main dining rooms which seat a total of 900 people. The project further provides for asbestos abatement, re-roofing, ADA improvements, and exterior renovations. The University proposes to finance the project through the sale of revenue bonds to be retired from dining system receipts.

East Carolina University

West End Dining Hall, $7,410,300

The project would provide for the construction of a 32,950 square foot dining hall with seating for 600 people. The facility would be located on the main academic campus near five university residence halls as well as a privately owned student condominium complex. The project would be financed through the sale of revenue bonds to be retired from dining receipts.

North Carolina A&T State University

Residence Hall Improvements, $5,000,100

The University has employed the firm of Hayes, Seay, Mattern & Mattern to conduct a study and make recommendations concerning improvements to campus residence halls. The firm has identified the need to invest in excess of $20 million in the housing system to perform all needed renovations. The University requests to proceed with improvements totaling $5,000,100 in eleven residence halls to address the most immediate needs including building code violations, life safety needs, roofing needs, sprinkler systems, electrical upgrades, and plumbing needs. The University proposes to finance the project through the sale of revenue bonds to be retired from housing system receipts.

North Carolina State University

Centennial Campus Buildings, Improvements for Tenants Use, $2,862,600

The project would provide for the design and construction of improvements to facilities on the Centennial Campus to meet specific needs of the tenants that occupy the facilities. The improvements would be financed through the sale of revenue bonds to be retired from rents charged to building occupants.

The University of North Carolina at Chapel Hill

Medical Biomolecular Research Building, Phase II, $30,045,500

Included in the *1997-99 Budget Request of the Board of Governors* is a request for $29,493,800 to provide funding for Phase I of the Medical Biomolecular Research Building. The General Assembly has previously appropriated $1,000,000 for planning this facility. The University now proposes to construct the second phase of the research facility at the same time as the first phase by adding three additional floors estimated to cost $30,045,500. The self-liquidating portion of the project would be financed through the sale of revenue bonds to be retired from overhead receipts.

Renovations and Addition to the Frank Porter Graham Student Union, $13,287,300

The Frank Porter Graham Student Union was completed in 1968 with an addition that was constructed in 1977. The project proposes to construct an addition of 36,120 square feet to provide space for student organizational offices, meeting rooms, and a variety of activity and service spaces. The existing 118,255 square foot building would be completely renovated. The project would be financed through the sale of revenue bonds to be retired from a new debt service fee of approximately $60.00.

Addition to Beard Hall, $8,414,200

The General Assembly has appropriated $9,824,600 to provide an addition to Beard Hall to accommodate growth in the School of Pharmacy. The University now proposes to expand the addition by 22,000 square feet to provide more classroom and laboratory space. The proposed project further provides approximately $1.5 million for additional fixed, movable, and audiovisual equipment. In addition, the cost estimate provides $1.5 million for the relocation of major steam and chilled water lines which must be moved before the addition can be constructed. The project would be financed through gifts to the University.

Institute of Government Parking Deck, $1,548,500

The project would provide for the construction of a 183-space, two-level parking deck on the west side of the Knapp Building. The deck is an integral part of the additions and renovations to the Knapp Building and is needed to provide adequate parking for students and visitors to the Institute of Government. The project would be financed through borrowing to be retired from parking system receipts.

The University of North Carolina at Charlotte

Addition to the Barnhardt Student Activity Center, $5,772,800

The project would provide for a 29,200 square foot addition to the north side of the Student Activity Center. The addition would contain weight training facilities, a practice basketball court, offices, and academic study hall space. The project would be financed from a combination of balances in institutional accounts and contributions.

The University of North Carolina at Wilmington

Improvements to Athletic Facilities, $4,481,600

The project would provide for improvements to several different athletic facilities throughout the UNC-Wilmington campus. First, the University proposes to construct a 10,000 square foot sports medicine complex with offices, conference rooms, classrooms, treatment facilities, and lockers/dressing rooms for six sports programs. Next, the University proposes to add 6,000 square feet and renovate 2,200 square feet in Nixon Annex, which houses the Director of Athletics. An addition of 1,500 square feet and the renovation of 2,200 square feet is proposed for use by the baseball program. In the softball stadium, the University proposes to construct two players' dugouts and a two-story press building. Within Green Track Stadium, the running track would be resurfaced and restrooms and locker rooms would be added. The University proposes to resurface the tennis courts and add bleachers, restrooms, and locker rooms. Within the soccer stadium, bleachers would be enclosed within a brick screen wall and restroom facilities would be added. The project further provides for air conditioning the natatorium. The project would be financed from private gifts.

Western Carolina University

Work Force Development Center, $7,499,800

The project would provide for the construction of a 31,400 square foot facility to be financed from Federal grants. The purpose of the Center is to contribute to a better-prepared, more highly skilled workforce for the mountain region of Western North Carolina by enhancing undergraduate and graduate education through the application of electronics technologies to the curricula. The Center will assist businesses in North Carolina, especially new, emerging, and small businesses in Western North Carolina, through training, credit and non-credit education, videoconferencing, and public-private partnerships for product or service development. The facility would contain classrooms, laboratories, computer rooms for 150 people, plastics and laser laboratories, television and radio studios, and a robotics research laboratory.

EXPLANATION OF HOUSE BILL 1318 (PCS):
Nonresident Tax Collection

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: August 25, 1998
SPONSOR: Representative Neely.

House Bill 1318 was a recommendation of the Revenue Laws Study Committee. The original bill would have limited the withholding requirement for payments to nonresident contractors, so that it would apply only to payments to contractors doing business as athletes and entertainers. The House committee substitute further limited the requirement to payments to a nonresident contractor in excess of $5,000 a year. The proposed Senate committee substitute changes this threshold to $1,500. These changes relating to withholding become effective retroactively as of January 1, 1998.

The proposed Senate committee substitute adds provisions requiring occupational licensing boards for construction-related trades to cooperate with the Department of Revenue to assure that nonresidents pay delinquent taxes before being licensed to do business in this State. Most of these changes affecting occupational licensing become effective July 1, 1999.

Nonresident Withholding Changes. The 1997 General Assembly enacted S.L. 1997-109 to require withholding from compensation paid to nonresident individuals and nonresident entities for personal services performed in North Carolina. The nonresident withholding requirement was suggested by the Department of Revenue and recommended to the 1997 General Assembly by the Revenue Laws Study Committee. The withholding requirement was phased in as follows. Beginning January 1, 1998, it applied to payments to individuals for any personal services and payments to entities for services relating to entertainment, athletic events, and construction. The withholding requirement was to be expanded to payments to entities for all personal services effective January 1, 1999.

After S.L. 1997-109 became law, legislators, staff, and the Department of Revenue were contacted by businesses that were required to withhold from their payments for personal services. These businesses stated that the withholding requirement would create an expensive, time-consuming burden on them. They would have to reprogram their accounting software, examine invoices manually, and make difficult judgment calls regarding where services were performed. Large, multistate corporations in particular claimed that the new law would be burdensome. In response to these concerns, House Bill 1318 would repeal nearly the entire withholding requirement. The only part that would be retained is the

requirement to withhold from payments for services relating to entertainment and athletic events.

As enacted by S.L. 1997-109, the withholding requirement applied to payments made to nonresident contractors only if the total payments exceeded $600 during a calendar year. The $600 threshold is the federal threshold for tax reporting. House Bill 1318 raises the threshold for withholding from contract payments to nonresident athletes and entertainers from $600 to $1,500 a year. The higher threshold will have the effect of insulating organizations, such as PTAs, from having to withhold on their occasional payments to out-of-state entertainers.

The rollback of the withholding requirement would become effective retroactively as of January 1, 1998. Anyone who had been complying with the law by withholding for services other than those performed by athletes and entertainers could choose to refund the withheld taxes only if the taxes had not yet been paid into the Department of Revenue. All taxpayers who had taxes withheld from their payments will receive a credit for the withheld taxes when they file their income tax return.

The rationale for limiting the withholding requirement to athletes and entertainers is that athletic and entertainment events can be easily identified by those required to withhold, the entire performance is clearly taxable to the state where it occurs, and, because of the large sums often involved, the administrative burden of withholding is small compared to the benefit the State receives. For other personal services performed by nonresidents, the burden of compliance outweighs the benefit because the services are less easily identified and may be performed partly in this state and partly in another state. For those, such as large, multistate corporations, who deal with a myriad of contractors for goods and services throughout the nation, the burden can be significant.

Many nonresidents who derive income from North Carolina do not pay the North Carolina tax due on this income. This problem is particularly troublesome with respect to single event performers such as athletes or entertainers who may be paid large amounts for their work in North Carolina. It is difficult, expensive, and inefficient for the Department of Revenue to trace and pursue these nonresidents who do not pay the tax they owe. The 1997 act imposed the withholding requirement to address this problem.

The 1997 act requires a person or entity who, in the course of a trade or business, pays a nonresident more than $600 for personal services in this State to withhold 4% of the payment and deposit the withheld taxes with the Department of Revenue. The withholding agent must register with the Department of Revenue. The withheld taxes are due by the last day of the first month after the end of the calendar quarter in which the withholding agent paid the nonresident. As is the case with employers who withhold from employees' wages, the withholding agent is required to give each nonresident a statement similar to a W-2 form in January and

to provide a compilation of these statements to the Department of Revenue. Filing these documents relieves the agent of the existing information reporting requirement of G.S. 105-154.

The withheld taxes are credited to the nonresident individual or entity from which they were withheld. If the entity is a pass-through entity such as a partnership, Subchapter S corporation, or limited liability company, the credit will pass through to the partners or other owners of the entity. The nonresident receives credit for the withheld taxes by filing a North Carolina income tax return; any excess will be refunded to the taxpayer.

Occupational Licensing Changes. Sections 4 through 13 of House Bill 1318 add reporting and licensing requirements for nonresident individuals and foreign entities that seek occupational licenses for construction-related occupations. These changes would affect four occupational licensing boards:

1. The State Licensing Board for General Contractors
2. The State Board of Examiners of Plumbing, Heating, and Fire Sprinkler Contractors
3. The State Board of Examiners of Electrical Contractors
4. The North Carolina State Board of Examiners for Engineers and Surveyors.

The bill would provide that each of these licensing boards must require a nonresident corporation or a nonresident limited liability company to first obtain a certificate of authority from the Secretary of State before being licensed by the board to do business or, in the case of engineers and surveyors, before having their certificate of licensure renewed. This requirement would become effective July 1, 1999. Under current law, all foreign corporations and foreign limited liability companies are required to obtain a certificate of authority from the Secretary of State before transacting business in this State. G.S. 55-15-01, G.S. 57C-7-02.

The bill would also provide a mechanism to prevent nonresident individuals and foreign entities from renewing their occupational licenses if they (or one of their partners or members, in the case of a partnership or limited liability company) owe a delinquent income tax debt. A delinquent income tax debt is a final debt after the taxpayer has been notified of the final assessment and no longer has the right to contest the amount. The provisions relating to individuals would go into effect July 1, 1999. The provisions relating to entities would go into effect July 1, 2000.

If requested by the Secretary of Revenue, each construction-related licensing board will provide the Secretary of Revenue annual lists identifying the name, address, and tax identification number of every nonresident individual and foreign entity licensed by the board. Occupational licensing boards are already required to obtained individual licensees' social security numbers under G.S. 93B-14. The Department of Revenue will check these lists against its records of taxpayers who owe delinquent income tax debts. If the Department of Revenue finds that a

nonresident individual or a foreign corporation owes a delinquent tax debt, the Department will instruct the licensing board not to renew the taxpayer's license until the debt has been settled. If the Department of Revenue finds that a partner in a foreign partnership or a member of a foreign limited liability company owes a delinquent tax debt, the Department will instruct the licensing board not to renew the partnership or limited liability company's license until the debt has been settled. The license may be renewed once the licensing board receives written notice from the Secretary of Revenue that the debt has been settled.

This provision is similar to G.S. 93B-13, which revokes an occupational license if the licensee fails to comply with child support requirements. The proposed mechanism in this bill is also similar to the law regarding property taxes on motor vehicles. The Division of Motor Vehicles provides the counties periodic lists of motor vehicles registered and renewed in this State. If the owner fails to pay local property taxes on the vehicle, the county notifies DMV not to renew the vehicle registration until the taxes are paid. This mechanism provides an incentive for taxpayers to pay their taxes.

Section 8 of the bill clarifies that taxpayers are not entitled to an additional administrative hearing regarding a board's refusal to renew a license based on a delinquent income tax debt. The Department of Revenue will block renewals only for those debts for which the taxpayer has already been afforded full procedural rights required by the Due Process Clause of the United States Constitution.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue

EFFECTIVE DATE: The act is effective retroactively as of January 1, 1998.

BILL SUMMARY: This bill will limit the withholding requirement for payments over $5,000 to nonresident contractors to apply only to athletes and entertainers.

ASSUMPTIONS AND METHODOLOGY: The fiscal note for HB 57 (S. L. 1997-109) estimated that $10 million in General Fund revenue would be gained through nonresident withholding. Of this amount, $3 million was attributed to athletes and entertainers and $7 million to other contractors. Since this revenue was included in budget availability for future fiscal years, removal of "other contractors" from withholding will reduce General Fund revenues by $7 million each fiscal year.

Changing the withholding threshold from $600 in the current law to $5,000 in this bill will have no impact on the estimate for athletes and entertainers. The estimate made in 1997 was based on payments to entertainers performing in the state's largest venues and to athletes in events sponsored by professional groups such as the PGA, USTA, and NASCAR.

A BILL TO BE ENTITLED

AN ACT TO IMPROVE COLLECTION OF LOCAL TAXES BY ALLOWING CERTAIN GOVERNMENT OFFICIALS TO SHARE SPECIFIED TAX INFORMATION AND BY ALLOWING A TAXPAYER TO RECEIVE A RELEASE OR REFUND OF PRORATED VEHICLE PROPERTY TAXES IF THE TAXPAYER MOVES OUT-OF-STATE.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-259(b) is amended by adding two new subdivisions to read:

"(5c) To provide the following information to a regional public transportation authority or a regional transportation authority created pursuant to Article 26 or Article 27 of Chapter 160A of the General Statutes on an annual basis, when the information is needed to enable the authority to administer its tax laws:

a. The name, address, and identification number of retailers who collect the tax on leased vehicles imposed by G.S. 105-187.5.

b. The name, address, and identification number of a retailer audited by the Department of Revenue regarding the tax on leased vehicles imposed by G.S. 105-187.5, when the Department determines that the audit results may be of interest to the authority.

(5d) To provide the following information to a county or city on an annual basis, when the county or city needs the information for

the administration of its local tax on prepared food and beverages:

a. The name, address, and identification number of retailers who collect the sales and use taxes imposed under Article 5 of this Chapter and may be engaged in the business of selling prepared food and beverages.

b. The name, address, and identification number of a retailer audited by the Department of Revenue regarding the sales and use taxes imposed under Article 5 of this Chapter, when the Department determines that the audit results may be of interest to the county or city in the administration of its local tax on prepared food and beverages."

Section 2. G.S. 153A-148.1(a) is amended by adding two new subdivisions to read:

"(4) To exchange information with a regional public transportation authority or a regional transportation authority created pursuant to Article 26 or Article 27 of Chapter 160A of the General Statutes, when the information is needed to fulfill a duty imposed on the authority or on the county.

(5) To exchange information with the Department of Revenue, when the information is needed to fulfill a duty imposed on the Department or on the county."

Section 3. G.S. 105-330.6(c) reads as rewritten:

"(c) If the owner of a classified motor vehicle listed pursuant to G.S. 105-330.3(a)(1) either transfers the motor vehicle to a new owner or moves out-of-state and registers the vehicle in another jurisdiction, and the owner surrenders the registration plates from the listed vehicle to the Division of Motor ~~Vehicles and at the date of surrender one or more full calendar months remains in the listed vehicle's tax year,~~ Vehicles, then the owner may apply for a release or refund of taxes on the vehicle for ~~the~~ any full calendar months remaining ~~after surrender.~~ in the vehicle's tax year after the date of surrender. To apply for a release or refund, the owner must present to the county tax collector within 120 days after surrendering the plates the receipt received from the Division of Motor Vehicles accepting surrender of the registration plates. The county tax collector shall then multiply the amount of the taxes for the tax year on the vehicle by a fraction, the denominator of which is 12 and the numerator of which is the number of full calendar months remaining in the vehicle's tax year after the date of surrender of the registration plates. The product of the multiplication is the amount of taxes to be released or refunded. If the taxes have not been paid at the date of application, the county tax collector shall make a release of the prorated taxes and credit the owner's tax notice with the amount of the release. If the taxes have been paid at the date of application, the county tax collector shall direct an order for a refund of the prorated taxes to the county finance officer, and the finance officer shall issue a refund to the vehicle owner."

Section 4. This act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 1489 (2nd Edition):
Local Tax Information/Refunds

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: August 24, 1998
SPONSOR: Representative Neely

House Bill 1489 makes the following two change relating to local taxes, effective when the bill becomes law:

1. Sections 1 and 2 authorize the Department of Revenue and county tax officials to share certain tax information with one another and with regional transit authorities in order to facilitate collection of taxes. An earlier version of these changes was recommended by the Public Transit Study Committee.
2. Section 3 allows a motor vehicle owner to receive a prorated refund or release of property taxes on the vehicle when the owner surrenders the registration plates to the Division of Motor Vehicles because the owner has moved to a different state and registered the vehicle in another jurisdiction. This change was recommended by the Revenue Laws Study Committee.

Information Sharing. The Department of Revenue collects the alternate highway use tax, which is a gross receipts tax on vehicle rentals. Regional transit authorities are authorized to levy gross receipts taxes on vehicle rentals. In addition, the Department of Revenue collects sales and use taxes from retailers, including restaurants and other businesses that sell prepared food and beverages. Several local governments are authorized to levy local taxes on prepared food and beverages.[1] The compliance and audit information gathered by the Department of Revenue in collecting the State vehicle rental tax could assist regional authorities in enforcing their local vehicle rental taxes and the compliance and audit information gathered by the Department of Revenue in collecting sales and use taxes could assist local governments in enforcing their local taxes on prepared food and beverages. G.S. 105-259 prohibits the Department of Revenue from revealing confidential tax information, however.

Section 1 of this bill would authorize the Department of Revenue to provide regional transit authorities, on an annual basis, identifying information about the retailers from whom it collects the State vehicle rental tax. In addition,

---

[1] Charlotte/Mecklenburg, Cumberland County, Dare County, Wake County, and the Town of Hillsborough.

Section 1 would authorize the Department of Revenue to provide counties and cities, on an annual basis, identifying information about the retailers from whom it collects sales and use taxes who might be engaged in the business of selling prepared food and beverages.

Some counties audit vehicle rental dealers for property tax purposes and audit retailers of prepared food and beverages for purposes of the local meals tax. The information gathered by a county in these audits could assist regional transit authorities in enforcing their vehicle rental taxes and could assist the State in enforcing the sales and use taxes it collects. G.S. 153A-148.1 prohibits counties from sharing tax information about a taxpayer's income or receipts, however. Section 2 of this bill would authorize counties and regional transit authorities to exchange tax information about vehicle rental dealers with one another when the exchange will aid either agency in fulfilling its duties. Section 2 would also authorize counties and regional transit authorities to provide tax information to the Department of Revenue when the information would help the Department of Revenue in its duties.

Property Taxation of Motor Vehicles. In 1993, counties began taxing motor vehicles that are registered with the Division of Motor Vehicles on a revolving, year-round basis. Under this system, the taxpayer receives a property tax notice a couple of months after the registration is obtained or renewed and the taxes are due within four months after the registration was obtained or renewed. If the taxes remain unpaid for more than four months after they become due, the county places a block on the vehicle's registration with DMV. DMV will then refuse to renew the vehicle's registration the following year unless the taxpayer obtains a receipt showing that the previous year's taxes have been paid.

In some cases, taxpayers move out of state during the tax year. Therefore, the block on the vehicle's registration would not impact them if they have not paid the property taxes. In most instances, the taxpayer is willing to pay the taxes on the part of the tax year that the vehicle was registered in North Carolina. In order to obtain part of the tax liability, some counties prorate the amount of taxes due, although they do not have statutory authority to do so. This proposal provides that authority by requiring the partial release or refund of property taxes on a motor vehicle when the taxpayer surrenders the vehicle's registration plate to the DMV because the taxpayer has moved out of state and registered the vehicle in another jurisdiction. The taxpayer may apply for a release or refund of taxes on the vehicle for any full calendar months remaining in the vehicle's tax year after the date of surrender.

Background on Regional Transit Authorities. In 1997, the General Assembly enacted S.L. 1997-417, which authorized a regional transit authority to levy a gross receipts tax of up to 5% on retailers within the region engaged in the

business of renting passenger motor vehicles and motorcycles. The tax applies only to short-term rentals, i.e., rentals for a period of less than one year. The tax is collected by the authority but is otherwise administered in the same way as the optional highway use tax on gross receipts from vehicle rentals. This optional highway use tax is 8% on short-term rentals, so the combined tax within the jurisdiction of the authority would be 13% if the authority levies the full 5% tax. Each authority may use the proceeds of the tax for its public transportation purposes. Before levying or increasing the tax, the authority must obtain approval from each county in the region.

A regional transit authority is a regional public transportation authority created under Article 26 of Chapter 160A of the General Statutes or a regional transportation authority created under Article 27 of Chapter 160A of the General Statutes. The authority created under Article 26, the Triangle Transit Authority for Wake, Durham, and Orange Counties, is governed by a board of trustees appointed by the counties creating the authority and larger cities within the counties. Article 27 of Chapter 160A, enacted in 1997, authorizes the creation of a regional transit authority for the Triad region. The Triad Transit Authority may be created by the four largest cities of the five counties served by the Authority in order to promote the development of sound transportation systems in the area served by the Authority. The Authority would be governed by a board of trustees consisting of the mayors of the four largest cities and the chair of each Metropolitan Planning Organization in the area. The counties served by the Authority would be Forsyth, Guilford, Randolph, Davidson, and Alamance. The four major cities involved in the creation of the Authority are Greensboro, High Point, Winston-Salem, and Burlington.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue, Regional Transportation Authority, Regional Public Transportation Authority, County and City Governments.

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: This bill authorizes tax officials to share information, about the taxes paid on leased vehicles, with a regional public transportation authority or a regional transportation authority. The bill directs state tax officials to share information regarding sales and use taxes with city and county government representatives. Finally, the bill gives counties the specific authority to release or refund the taxes on a motor vehicle when the taxpayer moves out of state and surrenders their license plate.

ASSUMPTIONS AND METHODOLOGY: The information sharing portion of the bill will have no impact on state revenues and will impose a very minimal expense on the Department of Revenue. The Department of Revenue has indicated that this bill will be easy to administer. As for local governments, there may be some positive revenue impact if the information facilitates the collection of more taxes. The section dealing with the collection of motor vehicle taxes could have an impact at the local level. However, because may counties currently prorate this item, the bill will not create a significant change in local revenues.

A BILL TO BE ENTITLED

AN ACT TO REMOVE THE SUNSET FROM THE QUALIFIED BUSINESS TAX CREDIT AND TO INCREASE THE CAP FROM SIX MILLION DOLLARS TO NINE MILLION DOLLARS.

The General Assembly of North Carolina enacts:

Section 1. Section 7 of Chapter 443 of the 1993 Session Laws is repealed.

Section 2. Section 10 of Chapter 443 of the 1993 Session Laws reads as rewritten:

"Sec. 10. Section 6 of this act is effective upon ratification. ~~Section 7 of this act becomes effective for investments made on or after January 1, 1999.~~ The remainder of this act becomes effective for taxable years beginning on or after January 1, 1994.

A business registered as a qualified business venture or a qualified grantee business before January 1, 1994, retains its registration until the renewal date for the registration of that business under Division V of Article 4 of Chapter 105 of the General Statutes as in effect before January 1, 1994. The Secretary of State shall not grant renewal of a registration as a qualified business venture or a qualified grantee business unless at the time of filing the renewal application, the business meets the requirements then in effect for a new registration.

Notwithstanding the provisions of G.S. 105-163.014(a), as amended by this act, a credit under Division V of Article 4 of Chapter 105 of the General Statutes for an investment made before January 1, 1994, is not forfeited solely on the grounds that a sibling of the taxpayer provides services for compensation to the business in which the taxpayer invested.

Notwithstanding the provisions of G.S. 105-163.014(d), as amended by this act, a credit under Division V of Article 4 of Chapter 105 of the General Statutes for an investment made before January 1, 1994, is not forfeited solely on the grounds that a redemption of the securities received in the investment is made within five years after the investment was made.

The Secretary of State may require a qualified business venture or a qualified grantee business that is unable to renew its registration after January 1, 1994, to file reports the Secretary of State considers appropriate to determine the location of the headquarters and principal business operations of the business until three years after the date of the last investment in the business that qualified for the tax credit allowed under Division V of Article 4 of Chapter 105 of the General Statutes."

Section 3. G.S. 105-163.012(b) reads as rewritten:

"(b) The total amount of all tax credits allowed to taxpayers under G.S. 105-163.011 for investments made in a calendar year may not exceed ~~six million dollars ($6,000,000).~~ nine million dollars ($9,000,000). The Secretary of Revenue shall calculate the total amount of tax credits claimed from the applications filed pursuant to G.S. 105-163.011(c). If the total amount of tax credits claimed for investments made in a calendar year exceeds ~~six million dollars ($6,000,000),~~ nine million dollars ($9,000,000), the Secretary shall allow a portion of the credits claimed by allocating a total of ~~six million dollars ($6,000,000)~~ nine million dollars ($9,000,000) in tax credits in proportion to the size of the credit claimed by each taxpayer."

Section 4. Section 3 of this act is effective for investments made on or after January 1, 1997. The remainder of this act is effective when it becomes law.

Section 2. This act becomes effective January 1, 1999, and applies to the estates of decedents dying on or after that date.

EXPLANATION OF SENATE BILL 1239 (PCS):
Exempt Family Farms/Family Businesses

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: September 2, 1998
SPONSOR: Senator Hoyle

The proposed committee substitute for **Senate Bill 1239** would provide a full inheritance tax deduction for the value of a family-owned business, such as a family farm. The bill would become effective January 1, 1999, and apply to the estates of decedents dying on or after that date.

The Internal Revenue Code provides a federal estate tax deduction for the value of qualified family-owned businesses. The federal deduction is capped at a maximum of $675,000 and this maximum may be reduced so that, when combined with the amount excludable by the federal estate tax credit, no more than $1.3 million in total value is excluded from the estate. This bill adopts the federal deduction but without the cap - there is no maximum amount that may be deducted under the proposed committee substitute.

A family-owned business is a business or business interest owned for at least five years by the decedent or a member of the decedent's family and in which the decedent or a member of the decedent's family materially participated. The business interest must be passed to "qualified heirs" of the decedent. A qualified heir is a family member or an active employee employed for at least 10 years. Family members are defined as the decedent's (1) parents and grandparents, (2) spouse, (3) children, grandchildren, etc., including stepchildren and stepgrandchildren, (4) brothers, sisters, nieces, and nephews, and their children, and (5) a spouse of anyone described in #3 or 4.

The business may be any type of business, including a farm, but may not be a passive investment business. It may be a sole proprietorship or a business entity. If it is a corporation, it may not be publicly traded. If the business is a business entity, at least 50% of it must be owned by the decedent and members of the decedent's family. However, the decedent and family members need to own only 30% or more of the business if at least 70% is owned by two families or 90% is owned by three families.

To qualify for the deduction, the value of the business must be more than 50% of the value of the decedent's adjusted gross estate. In addition, the decedent must be a citizen or resident of the United States and no deduction is allowed if the principal place of business is outside the United States.

REVENUES

PRINCIPAL DEPARTMENT AFFECTED: The inheritance tax is collected by the Department of Revenue.

EFFECTIVE DATE: Applies to estate of decedents dying on or after January 1, 1999.

BILL SUMMARY: The 1997 Tax Relief Act enacted by Congress allows a maximum $1.3 million federal estate tax exclusion for certain family-owned business interests. This exemption incorporates the regular estate tax exemption so that currently the impact of this deduction is a maximum of $675,000. As the regular federal exemption rises to $1 million during the next 8 years, the special exclusion for business interests will decline to $300,000.

The proposed committee substitute allows a full North Carolina inheritance tax deduction for family-owned business interests that qualify for the federal exemption.

ASSUMPTIONS AND METHODOLOGY: This estimate was based on estate tax information from the IRS, discussions with the Department of Revenue, and a review of a statistical tabulation of types of property listed on federal estate tax returns filed in 1996, and The fiscal impact is affected by the following factors:

(1) The current inheritance tax allows a full exemption for property passing to the surviving spouse and an effective exemption of at least $600,000 for Class A beneficiaries (essentially lineal ancestors and lineal descendants). The current exemption is even greater if the property is divided among more than one Class A beneficiary

(COVER)

(2) Families with a large estate have an incentive to use legal specialists and other estate planners to minimize their tax liability

(3) This bill is tied to Federal eligibility requirements.

Estates have 9 months after a death to pay the tax. Thus, the January 1, 1999 effective date means that there will be no budgetary impact for the 98-99 fiscal year and only 3 quarters for 99-00.

Section 3. G.S. 105-134.6(b)(13) reads as rewritten:

"(13) The amount that is distributed to a beneficiary of the Parental Savings Trust Fund of the State Education Assistance Authority ~~if the earnings on the amount are excluded from income under subdivision (12) of this subsection or section 529 of the Code.~~ unless the distribution is a refund of earnings described in section 529 of the Code."

Section 4. G.S. 105-188 is amended by adding a new subsection to read:

"(k) Qualified Tuition Programs. -- The provisions of section 529(c)(2) and (5) of the Code apply to this Article. Section 5. Notwithstanding Section 1 of this act, to the extent an amendment to the Internal Revenue Code enacted after January 1, 1997, would increase North Carolina taxable income for a taxpayer's tax year beginning before January 1, 1998, the amendment does not apply to the taxpayer for that tax year.

Section 6. G.S. 105-130.8 reads as rewritten:

"**§ 105-130.8. Net economic loss.**

The deduction ~~herein specified~~ allowed in this section does not authorize the carrying forward of any particular items or category of loss except to the extent that ~~such loss or losses shall result~~ the loss results in the impairment of the net economic situation of the corporation so as to result in a net economic loss as ~~hereinafter defined.~~ defined in this section.

(2) The net economic loss for any year ~~shall mean~~ means the amount by which allowable deductions for the year other than prior year losses ~~shall~~ exceed income from all sources in the year including any income not taxable under this Division.

(4) A net economic loss carried forward from any year shall first be applied to, or offset by, any income taxable or nontaxable of the

next succeeding year before any portion of ~~such~~ the loss may be carried forward to a succeeding year.

(5) For purposes of this section, any income item deductible in determining State net income under the provisions of G.S. 105-130.5 and any nonbusiness income not allocable to this State under the provisions of G.S. 105-130.4 shall be considered as income not taxable under this Division.

EXPLANATION OF HOUSE BILL 1326 (PCS):
Update IRC Reference/Conform Gift Tax

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: September 14, 1998
SPONSOR: Representative Gray

The proposed Senate Committee Substitute for House Bill 1326 makes four changes relating to tax law:

1. It rewrites the definition of the Internal Revenue Code used in State tax statutes to change the reference date from January 1, 1997, to September 1, 1998.
2. It conforms to federal gift tax treatment of qualified tuition programs.
3. It extends the carryforward period for corporate net economic losses from five years to fifteen years, effective for taxable years beginning on or after January 1, 1999, with a three-year cap on the amount of the extended losses that may be deducted.
4. It corrects two redlining errors in Finance bills enacted earlier this session.

Update Code Reference. Updating the Internal Revenue Code reference makes recent amendments to the Code applicable to the State to the extent that State tax law previously tracked federal law. Congress made numerous, significant changes to the Code last year that will affect federal taxable income. This year, it enacted several additional changes that will affect taxable income. Because the State corporate and individual income taxes are based upon federal taxable income, these changes, if adopted, will affect State policies and revenues. The fiscal note and attachments list and summarize the significant changes made by the federal Taxpayer Relief Act of 1997 and the Internal Revenue Service Restructuring and Reform Act of 1998.

One of the federal tax changes enacted in 1997 was an income tax exemption for the annual earnings on amounts contributed to qualified tuition programs, such as North Carolina's Parental Savings Trust Fund, for the future payment of room or board at an institution of higher education. North Carolina law has a provision exempting these earnings to the extent they are taxed under federal law. Because they are no longer taxed under federal law, Section 2 of the bill repeals the North Carolina exemption. Section 3 amends a related North Carolina provision to clarify that it exempts distributions from tax only if they are used for qualified higher education expenses.

Section 5 of House Bill 1326 provides that the recent federal tax law changes that could increase a taxpayer's North Carolina taxable income for the 1997 tax year will not become effective until January 1, 1998. Under Article 1, Section 16 of the North

Carolina Constitution, the legislature cannot pass a law that will increase a tax retroactively. There are a number of provisions in the federal Taxpayer Relief Act of 1997 and the Internal Revenue Service Restructuring and Reform Act of 1998 that could increase taxable income for the 1997 tax year. Because the Code Update could not be acted upon until the 1998 Session of the General Assembly, these changes had to be given a delayed effective date.

Since the State corporate income tax was changed to a percentage of federal taxable income in 1967, the reference date to the Internal Revenue Code has been updated periodically. In discussing bills to update the Code reference, the question frequently arises as to why the statutes refer to the Code on a particular date instead of referring to the Code and any future amendments to it, thereby eliminating the necessity of bills like this one. The answer to the question lies in both a policy decision and a potential legal restraint.

First, the policy reason for specifying a particular date is that, in light of the many changes made in federal tax law from year to year, the State may not want to adopt automatically all federal changes. By pinning references to the Code to a certain date, the State ensures that it can examine any federal changes before making the changes effective for the State.

Secondly, and more importantly, however, the North Carolina Constitution imposes an obstacle to a statute that automatically adopts any changes in federal tax law. Section 2(1) of Article V of the Constitution provides in pertinent part that the "power of taxation ... shall never be surrendered, suspended, or contracted away." Relying on this provision, the North Carolina court decisions on delegation of legislative power to administrative agencies, and an analysis of the few federal cases on this issue, the Attorney General's Office concluded in a memorandum issued in 1977 to the Director of the Tax Research Division of the Department of Revenue that a "statute which adopts by reference future amendments to the Internal Revenue Code would ... be invalidated as an unconstitutional delegation of legislative power."

The Revenue Laws Study Committee explored the possibility of legislation that would automatically adopt federal changes to the Code each year, with legislative review and approval required in the succeeding legislative session. It was hoped that this approach would avoid the practical difficulties that occur when Code changes go into effect many months before the General Assembly has a chance to pass legislation adopting the changes. The Attorney General's Office reviewed the relevant case law in this State and other states before concluding that this approach would be unlikely to withstand a constitutional challenge.

Qualified Tuition Plan Gift Tax. Section 4 of House Bill 1326 adopts for North Carolina gift tax purposes the provisions of federal law listed below. Conforming to

federal law will relieve taxpayers from unexpected gift tax liability and will simplify tax compliance and administration.

1. A distribution from a qualified tuition program is not a taxable gift, unless a new beneficiary, who is a generation below the original beneficiary, is named to the account or receives the account in a rollover.
2. A contribution to a qualified tuition program is a gift to the designated beneficiary, but not a gift of a future interest. If the contribution were considered a gift of a future interest, a gift tax return would have to be filed even if the amount were under the $10,000 annual exclusion amount.
3. A contribution to a qualified tuition program is not a direct payment of tuition. If it were, it would be exempt from gift tax.
4. If a contribution exceeds the $10,000 annual gift tax exclusion amount, the donor may elect to avoid gift tax by treating the contribution as if it had been made over a five-year period. For example, a $25,000 contribution would not be taxable because it would be considered a gift of $5,000 a year over five years and thus would be below the $10,000 annual exclusion amount.

These provisions would apply to any qualified state tuition program under section 529 of the Internal Revenue Code. North Carolina has such a program, known as the Parental Savings Trust Fund. This Fund is part of the State Education Assistance Authority. The Fund is authorized by G.S. 116-209.25, which the General Assembly enacted in 1996. A person can contribute amounts into the Parental Savings Trust Fund for a child who is less than 16 years old. The amount contributed in the account, along with its interest and investment earnings, can be used to pay the expenses of the beneficiary at any accredited public or private college or community college. Either the child or the person making the contributions must be a resident of this State. The Education Assistance Authority opened the Parental Savings Trust Fund in early June, 1998.

Section 529 of the Code excludes the amounts earned on contributions to a qualified state tuition program from federal income tax and, therefore, from North Carolina tax as well. Under federal law, the earnings are exempt if the contributions are for the payment of qualified higher education expenses: tuition, room and board, fees, books, supplies, and equipment. Also under federal law, the amount distributed to a beneficiary of the Parental Savings Trust Fund for qualified higher education expenses is taxable to the extent it exceeds the amount contributed. Thus, under federal law, the tax on the investment earnings is simply deferred until a distribution is made, at which time the earnings are taxable to the beneficiary rather than the contributor. Under North Carolina law, however, the entire distribution is not taxable if it is used for qualified higher education expenses. Under both federal and North Carolina law, earnings distributed for purposes other than qualified

higher education expenses are taxable and are also subject to a penalty imposed by the state operating the program.

Corporate Loss Carryforwards. Sections 6, 7, and 8 of the bill would extend the corporate income tax carryforward for net economic loss deductions from five years to fifteen years, effective beginning with the 1999 tax year. Losses from 1993 and later tax years will benefit from this extension. For the first three years this extension is in effect, the carryforward deduction for losses more than five years old is restricted to 15% of taxable income. Beginning with the 2002 tax year, there will be no cap on the deduction for losses carried forward.

This part of the bill was not recommended by the Revenue Laws Study Committee but was added by amendment in House Finance and then revised in this proposed committee substitute. The carryforward period for the similar net operating loss deduction under the Internal Revenue Code was recently extended from fifteen to twenty years, but most states allow no more than a fifteen-year carryforward period. Because it may be difficult for an auditor to substantiate a loss carryforward based on deductions that are ten to fifteen years old, the bill clarifies that the corporation must maintain records that verify the amount of the loss deduction claimed and also provides that the taxpayer or the Secretary of Revenue may redetermine an item for a tax year that is closed under the statute of limitations in order to calculate a loss carried forward to an open year.

A net economic loss is the amount by which a corporation's deductions for a taxable year exceed its income from all sources, including income not taxable by the State. Income not taxable includes income items that are deductible in determining State net income as well as a multi-state corporation's nonbusiness income that is allocable to another state. G.S. 105-130.8 allows a corporation to carry a net economic loss forward and deduct it in the next five succeeding taxable years, but only to the extent the carried forward loss exceeds the amount of any income not taxable for each succeeding year. If the corporation is a multi-state corporation, it may deduct from income allocable to this State only that percentage of the carried forward loss that corresponds to the percentage of the corporation's income allocated and apportioned to this State.

The State's net economic loss provision is apparently based on a similar provision that was in the 1939 Internal Revenue Code. The State originally allowed a two-year carryforward; the carryforward period was extended to five years in 1957.

The State's calculation of net economic losses differs in a number of respects from the net operating loss deduction currently provided in the Internal Revenue Code. The Internal Revenue Code of 1954 changed the federal net economic loss deduction to a net operating loss calculation based primarily on revenues and expenditures affecting taxable income. Some limitations and restrictions have evolved in the ensuing years relating to continuity of corporate ownership, corporate

equity, successor corporations, and other situations. Of course, under federal law, it is not necessary to address the state income tax issues regarding multi-state corporations whose income is allocable to more than one state. Finally, under federal law, a corporation may elect to carry the federal net operating loss deduction back for two earlier years before carrying it forward for twenty years.

Technical Corrections. Sections 9 and 10 of the bill correct two redlining errors that occurred in Finance bills enacted earlier this session. The changes are technical and have no substantive effect.

Internal Revenue Service Restructuring and Reform Act of 1998

The following changes made by the federal IRS Restructuring and Reform Act of 1998, which became law July 22, 1998, will affect North Carolina's tax laws if the reference to the Code is updated to September 1, 1998.

1. Section 3462. Clarify Provisions Relating to Examination and Collection Activities: Offers-in-compromise. This section has no direct impact on the State's tax laws, but the Department of Revenue always considers a federal settlement as one factor when the Department is deciding on how and whether to negotiate a settlement with a taxpayer. The specific changes made by this section, which becomes effective July 23, 1998, are:
    - The IRS Secretary will prescribe guidelines for settlements. The guidelines will include schedules of allowances for basic living expenses and prohibit rejection of a low-income taxpayer's offer solely on the basis of amount.
    - The IRS may not levy while certain offers are pending or while certain installment agreements are pending or in effect.
    - The IRS Secretary will establish procedures for independent administrative review of rejected offers-in-compromise and will publish a statement of taxpayers' rights concerning offers-in-compromise.

2. Section 3711. Offset of Past-Due, Legally Enforceable State Income Tax Obligations Against Overpayments. This section expands the federal setoff debt collection program to include income taxes owed to States. Under this program, if the IRS owes a refund to a taxpayer, it will collect debts owed by the taxpayer by setting them off against the refund and will remit the set-off amount to the creditor. The priorities for this program are IRS debts, child support arrearages, and debts owed federal agencies. State income tax debts will become the fourth priority effective for refunds payable beginning January 1, 2000. Although this change does not affect North Carolina tax law, it will increase North Carolina tax revenues when debts are offset and remitted to the Department of Revenue. The offset program applies only to income tax debts owed by State residents – it will not address the problem of nonresidents who fail to pay income taxes owed to the State. To be eligible for offset, the income tax debt must have been finally determined by a judicial or administrative procedure and the time for appeal must have passed. Before submitting an income tax debt for setoff, the Department of Revenue must notify the taxpayer and give the taxpayer an opportunity to contest the debt.

3. Section 5002. Clarification of Exclusion of Meals for Certain Employees. Under current law, meals furnished to employees on the employer's premises and for the employer's convenience are not taxable income to the employee. This section provides that if the majority of the meals furnished to employees on the employer's premises are for the employee's convenience, then the meals furnished not for the employer's convenience will also be treated as if they were furnished for the employer's convenience (and thus will not be taxable to the employee).

4. Section 7001. Clarification of Deduction for Deferred Compensation. In general, contributions under a deferred compensation plan are deductible by the employer in the year in which the amount is includible in the employee's income (Section 404 of the Code). Vacation pay treated as deferred compensation is deductible by the employer in the year it is paid to the employee. In determining whether an item is considered deferred compensation, if the item is received by the employee within 2 ½ months after the end of the taxable year, it is not deferred. A recent case held that if an employer funded vacation and severance pay by obtaining a letter of credit within that 2 ½ month period, it could deduct the cost because the benefits were considered received by the employee in that period and thus were not deferred compensation. This section clarifies that compensation is not treated as received by an employee, or paid, until actually received by the employee. This clarification will require some employers to change their method of accounting. They will be allowed to spread the resulting adjustments over three years.

5. Section 7002. Freeze Grandfathered Status of Stapled or Paired-share REITS. A REIT is a real estate investment trust. It is an entity that receives most of its income from passive real estate-related investments and does not engage in any active trade or business. It is a pass-through entity whose income is not taxed if distributed to shareholders. In a "stapled" REIT structure, the shares of a REIT and a C Corporation may be traded but not sold separately. In 1984, the tax benefits of this structure were curtailed except for certain pre-existing stapled REITs. This section limits that exception to real property interests acquired on or before March 26, 1998. In general, for interests acquired after that date, the special treatment for pre-existing stapled REITs is eliminated.

6. Section 7003. Make Certain Trade Receivables Ineligible for Mark-to-Market Treatment. Under current law, dealers in securities are required to use a mark-to-market method of accounting for securities. A security is any evidence of indebtedness and a dealer is anyone who regularly buys or sells securities from or to customers in the ordinary course of business. This

section eliminates dealer mark-to-market treatment for evidences of indebtedness arising out of the sale of nonfinancial goods or services by a person whose principal activity is providing non-financial goods or services, if the indebtedness is held by that person or a related party at all times. This change will require some taxpayers to change their method of accounting. They will be allowed to spread the resulting adjustments over four years.

1997 Federal Tax Law Changes

General

The federal Taxpayer Relief Act of 1997 creates 285 new sections in the Internal Revenue Code and amends 824 existing sections. The following list summarizes some of the significant provisions of the 1997 legislation.

Affects N.C. Individual Income Tax Only

1. Allows exclusion of $250,000 ($500,000 for joint filers) of capital gain from **sales of residence** occupied by taxpayer as principal residence for two of previous five years. Former rules on rollover and former one-time exclusion are repealed. Effective for sales after 5/6/97. This is a tax increase for those who have more than $250,000/$500,000 in gain, so to that extent it cannot be retroactive. (§ 121)
2. Expands business expense deduction for percentage of **self-employed individuals' health insurance**: effective in 2000, the percentage is increased to 50%, then phased up reaching 100% in 2007. (§ 16(a)(1)(B))

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue

EFFECTIVE DATE: Section 4 (Qualified Tuition Programs) becomes effective for taxable years beginning on or after January 1, 1998. Sections 6 and 7 (net loss carryforward) are effective for taxable years beginning on or after July 1, 1999, and apply to losses incurred for taxable years beginning on or after July 1, 1993. Section 8 becomes effective for taxable years beginning on or after January 1, 2002. The remainder of the act is effective when it becomes law.

BILL SUMMARY: The act (1) updates the reference to the Internal Revenue Code used in defining and determining certain state tax provisions (from January 1, 1997 to September 1, 1998), (2) conforms to federal gift tax treatment of contributions to qualified tuition programs, (3) extends the corporate income tax carryforward for net economic losses from five years to fifteen years, but no more than 15% of taxable income can be offset in tax years 1999 through 2001, and (4) makes two technical changes in the revenue laws.

BACKGROUND: Each year the General Assembly changes the reference date in the definition of the Internal Revenue Code used in the state individual and corporate income tax statutes. Congress made hundreds of changes in the Code with the passage of the Taxpayer Relief Act of 1997. These changes were reviewed by the Revenue Laws Study Committee and were recommended to the 1998 General Assembly with a few exceptions. Those tax law changes that affect the 1997 tax year cannot be adopted by North Carolina until 1998, because the state constitution prohibits enacting a retroactive tax increase.

Congress recently approved and the president signed the Internal Revenue Service Restructuring and Reform Act of 1998. This act made additional changes in both individual and corporate income tax laws that have a positive impact on the state General Fund.

ASSUMPTIONS AND METHODOLOGY:

IRC Update

North Carolina estimates on updating the Internal Revenue Code reference are based on a percentage of the federal estimate calculated by the Congressional Joint Committee on Taxation. The percentage used is North Carolina's actual tax collections divided by national tax collections. (individual = .723% and corporate = .542%.) The charts on the following pages show the fiscal impact of the major federal tax changes on the state's General Fund.

Qualified Tuition Program

As for the gift tax change on qualified tuition programs, there should be little or no revenue loss to the state. The newly created College Vision Fund, administered by the State Education Assistance Authority, is designed for middle income taxpayers who save an average of $125 a month for their children's college education. While gifts exceeding $10,000 may be accepted by the fund, such contributions are not the norm. Those with the means to give more than $10,000 per year will probably invest in college trust funds bearing interest greater than the interest paid by the State Treasurer on the investments in the College Vision Fund.

Net Economic Loss Carryforwards

The Tax Research Division of the Department of Revenue estimates that extending the corporate income tax carryforward for net economic losses from 5 years to 15 years will cause a **revenue loss in the General Fund from $8 million to $16 million per year**. This estimate was based on corporate income tax returns from 1994 when 36,780 nontaxable corporations had $10.1 billion in unexpended net economic loss carryforwards. The Department could not be more precise due to the volatility of corporate taxable income and the lack of information concerning "expired" losses. The Department confirmed this estimate by reviewing a small sample of 1996 returns.

Section 6 of the bill requires that losses that are more than five years old may offset only 15% of any taxable income in tax years 1999, 2000, and 2001. In 2002, 100% of losses may once again be used. Since this section is effective for taxable years on or after January 1, 1999, it is assumed that the majority of corporations will file their annual returns three months and 15 days after the close of their fiscal year on January 1, 2000. This would put the first year revenue loss in FY 1999-00. There will be some short period returns filed due to mergers and other reasons, but there is no data to determine how many might occur in the spring of 1999 or FY 1998-99. Using the returns mentioned above, the Department of Revenue estimated that a 15% cap on the use of carryforward losses would produce a General Fund revenue loss of $3.7 million. For 2002 and beyond, this fiscal note uses the high end of the range ($16 million) to be conservative in estimating budget availability in future fiscal years.

NOTES:

1) North Carolina estimates are based on a percentage of the federal estimate calculated by the Congressional Joint Committee on Taxation. The percentage used is N.C. actual tax collections divided by national tax collections. (Individual = .723% Corporate = .542%)

2) The North Carolina constitution prohibits enacting a retroactive tax increase, so this bill cannot adopt federal revenue increasing items for the 1997 tax year. This chart assumes that half of the revenue gained from tax increases in 1997 will be received by the Department in Tax Year 1998.

A BILL TO BE ENTITLED

AN ACT TO PROTECT NORTH CAROLINA CITIZENS FROM LOSSES DUE TO FEDERAL TOBACCO LEGISLATION OR TOBACCO LITIGATION AND TO PROVIDE THAT FUNDS RECEIVED DUE TO SETTLEMENTS AND RELATED CONGRESSIONAL LEGISLATION SHALL BE SPENT ONLY PURSUANT TO APPROPRIATION BY THE GENERAL ASSEMBLY.

The General Assembly of North Carolina enacts:

Section 1. The General Assembly finds that:

(1) In June 1997, a tentative settlement was reached in litigation between United States cigarette manufacturers and the attorneys general of 40 states.

(2) Dozens of bills were introduced in Congress dealing with this settlement, and several of those bills would have provided financial assistance to tobacco farmers and others who depend on tobacco for their livelihoods.

(3) Some of these proposed bills would also have provided for block grants and other funds for states to use for related purposes.

(4) Congress is unlikely to enact legislation on this subject during 1998.

(5) Tobacco litigation and federal legislation providing for settlement of the litigation have the potential to affect the interests of tobacco farmers and others who depend on tobacco for their livelihoods.

Section 2. Article 1 of Chapter 143 of the General Statutes is amended by adding a new section to read:

"**§ 143-16.4. Settlement Reserve Fund.**

(a) The 'Settlement Reserve Fund' is established as a restricted reserve in the General Fund. Funds shall be expended from the Settlement Reserve Fund only by specific appropriation by the General Assembly.

(b) Unless prohibited by federal law, federal funds provided to the State by block grant or otherwise as part of federal legislation implementing a settlement between United States tobacco companies and the states shall be credited to the Settlement Reserve Fund. Unless prohibited by court order, funds paid to the State or a State agency pursuant to a tobacco litigation settlement agreement or final order or judgment of a court shall be credited to the Settlement Reserve Fund."

Section 3. It is the intent of the General Assembly that federal funds provided to the State by block grant or otherwise as part of federal legislation implementing a settlement between United States tobacco companies and the states shall be used pursuant to specific appropriation for healthcare costs, tobacco transition assistance, and other purposes related to protecting the interest of North Carolina tobacco farmers, allotment holders, workers (including agricultural, commercial, and manufacturing workers), and other North Carolina citizens.

Section 4. Article 1 of Chapter 114 of the General Statutes is amended by adding a new section to read:

"**§ 114-2.5. Attorney General to report payment of public monies pursuant to settlement agreements and final court orders.**

(a) The Attorney General shall report to the Joint Legislative Commission on Governmental Operations and the Chairs of the Appropriations Committees of the Senate and House of Representatives on any payments received pursuant to a settlement agreement or final order or judgment of a court and credited to the Settlement Reserve Fund in accordance with G.S. 143-16.4. The Attorney General shall also report on the terms or conditions of payment set forth in the agreement or order. The Attorney General shall submit a written report to the Fiscal Research Division of the General Assembly.

(b) This section applies only to executed settlement agreements and final orders or judgments of a court and does not affect the authority of the Attorney General to negotiate the settlement of cases in which the State or a State department, agency, institution, or officer is a party."

Section 5. It is the intent of the General Assembly to monitor the progress of federal tobacco settlement legislation and to enact appropriate income tax exemptions for financial assistance payments that may later be enacted by Congress for tobacco farmers and for others who depend on tobacco for their livelihoods. In addition, it is the intent of the General Assembly to monitor the status of tobacco litigation in this State and other states and to act to protect the interests of North

Carolina tobacco farmers and other North Carolina citizens who depend on tobacco for their livelihoods.

Section 6. This act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 1248 (PCS):
Tobacco Settlements Payments

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: September 14, 1998
SPONSOR: Representative Baker

House Bill 1248 makes the following three changes relating to possible federal legislation that may be enacted as part of a tobacco litigation settlement. The bill is effective when it becomes law.

1. It provides legislative findings and statements of intent regarding potential federal financial assistance to farmers and others who depend on tobacco for their livelihood.
2. It provides that any block grants and other federal payments provided to North Carolina by Congress as part of the tobacco settlement may be spent only by appropriation of the General Assembly
3. It provides that any significant court settlement payments or payments pursuant to litigation on any subject may be spent only by appropriation of the General Assembly.

In June 1997, United States tobacco companies reached a tentative settlement of litigation initiated by the attorneys general of 40 states. The settlement would have required the companies to pay damages and would have limited their future liability. In response to the tentative settlement, many bills were introduced in Congress to establish the detailed rights and obligations of the parties. The legislation would have profound effects on the tobacco industry at all levels. Elimination of the federal tobacco program was proposed, and several of the bills proposed financial assistance to tobacco farmers, tobacco quota owners, tobacco workers, and others involved in the tobacco industry. This financial assistance would be designed to replace income these farmers and others might lose due to changes in the tobacco industry. In addition, some of the federal bills proposed to distribute funds to States in the form of block grants or appropriations. Federal tobacco settlement legislation seemed likely as of May 1998 but has since stalled.

Section 1 of the proposed committee substitute sets out the above facts as findings of the General Assembly. These findings form the basis for the remainder of the bill.

Section 2 of the bill establishes a restricted reserve in the General Fund called the Settlement Reserve Fund. Monies in this reserve may be spent only by specific appropriation of the General Assembly. The bill provides that, unless prohibited by federal law, any federal funds North Carolina receives pursuant to tobacco settlement legislation will be credited to the Settlement Reserve Fund. In addition, unless prohibited by court order, any funds received pursuant to a tobacco litigation settlement agreement will be credited to the Settlement Reserve Fund. These requirements will allow the General Assembly to control the expenditure of funds received pursuant to litigation settlements and court judgments. This section is similar to Section 18.7 of the House Budget bill, Senate Bill 1366, 5th Edition.

Section 3 of the bill states the General Assembly's intent to monitor the progress of federal tobacco settlement legislation and provide appropriate tax relief for financial assistance payments to tobacco farmers and others who depend on tobacco for their livelihoods. It also states the intent of the General Assembly to monitor any tobacco litigation and to protect the interests of North Carolina tobacco farmers and other North Carolina citizens who depend on tobacco for their livelihoods.

Settlement Reserve Fund	**(see ASSUMPTIONS AND METHODOLOGY)**				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Attorney General; Department of Agriculture and Consumer Services; Department of Commerce

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: The act establishes a Settlement Reserve Fund for any federal funds the state receives pursuant to tobacco settlement legislation and any funds greater than $75,000 the state receives from litigation. The Attorney General is to keep the General Assembly informed of payments credited to the Fund. The act directs all federal funds received by the state to be divided evenly between the Department of Agriculture and Consumer Services and the Department of Commerce to be used for tobacco transition assistance and related purposes. The act states that the General Assembly will monitor federal tobacco legislation and will enact appropriate income tax exemptions for financial assistance payments that Congress may enact for tobacco farmers and others who depend on tobacco for their livelihoods.

ASSUMPTIONS AND METHODOLOGY: This bill has no fiscal impact because it provides only legislative intent on how tobacco settlement funds will be handled by the state. The bill does not appropriate any funds nor does it exempt any taxable income at this time. As of August 18, 1998, there were 50 bills in the 105th U. S. Congress dealing with the June 1997 tobacco settlement between U.S. cigarette manufacturers and 40 states' attorney generals. Six of these bills, including Senator McCain's SB 1415, provide market transition assistance to tobacco quota holders, growers, workers, and producers. SB 1415 was debated for weeks by the U.S. Senate before it was returned to the Senate Committee on Commerce, Science and Transport on June 17.

At this point, no federal legislation dealing with compensation to the tobacco producing community is imminent.

Current Law	**Proposed Changes to Current Law under HB 1737 (by Section)**
Centennial Campus means the real property and appurtenant facilities designated by the UNC Board of Governors.	Section 2 amends the definition of Centennial Campus in G.S. 116-198.33(4) to specifically include the following properties in addition to all other real property and appurtenant facilities designated by the UNC Board of Governors: (1) the College of Veterinary Medicine (2) the University Club (3) the Agricultural Turf Grass Management Program (4) the former Dix Hospital properties and other contiguous parcels of property The designated properties do not have to be contiguous with the Centennial Campus.
G.S. 146-27 provides that every sale, lease or rental of State-owned land or land owned by a State agency shall be made by the Department of Administration and then approved by the Governor and Council of State. G.S. 143-341(4) provides that the Department of Administration has the authority to make all leases and rentals of State-owned buildings or buildings owned by a State agency with the approval of the Governor and Council of State.	Section 3 amends G.S. 116-198.34(5) by deleting the 40 year limit on land and building leases at Centennial Campus. Further, rental agreements for space in buildings on Centennial Campus made for 10 years or less do not require the approval of the Governor and the Council of State but are subject to approval by the UNC Board of Governors. All other acquisitions and dispositions made under this subdivision are subject to G.S. 143-341 and Chapter 146. Adds G.S. 116-198.34(8a) to clarify that the UNC Board of Governors has the authority to designate the real property and appurtenant facilities that are part of Centennial Campus.

Current Law	Proposed Changes to Current Law under HB 1737 (by Section)
G.S. 146-30 requires that the service charge from any lease of State land shall go into the State Land Fund. However, G.S. 116-36.5 requires that all funds from the development of the Centennial Campus shall go into the Centennial Campus Trust Fund.	Section 4 amends G.S. 146-30 by adding a new subsection to provide that no service charge shall be deducted and paid into the State Land Fund from the proceeds of any lease of State lands designated as part of the Centennial Campus.
G.S. 146-27 does not provide a limit on the length of the lease or rental of land owned by the State.	Section 5 amends G.S. 146-27 to provide that a lease or rental of land owned by the State may not exceed 99 years.

House Bill 1737 would take effect when it becomes law.

BILL NUMBER: HB 1737 (Second Edition)

REVENUES	(see ASSUMPTIONS AND METHODOLOGY)				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina State University, UNC Board of Governors

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: The bill does the following: 1) expands the Centennial Campus at North Carolina State University to include the College of Veterinary Medicine and surrounding land, 2) clarifies that the UNC Board of Governors shall designate what real estate and facilities comprise the Centennial Campus, 3) deletes the 40 year limit on land and building leases at Centennial Campus, 4) allows the UNC Board of Governors to approve leases of buildings on the Centennial Campus for periods of 10 years or less without Council of State approval, 5) exempts Centennial Campus real estate transactions from service charges that are made to the State Land Fund, 6) establishes that a lease or rental of land owned by the state may not exceed a period of 99 years, and 7) instructs agencies to consult with the Joint Legislative Commission on Governmental Operations upon the sale or the receipt of a gift of land valued at $25,000 or more.

ASSUMPTIONS AND METHODOLOGY:

State Land Fund

Section 4 of the bill exempts the Centennial Campus from paying a service charge to the State Land Fund for each of its lease, rental, or easement transactions. There is no fiscal impact from this change, because the Centennial Campus has never paid any fees to the Fund. The bill simply

removes a conflict between two statutes. G.S. 146-30 requires that a service charge be paid for all land or lease transactions, while G.S. 116-36.5 requires that all moneys from development of the Centennial Campus shall go into the Centennial Campus Trust Fund.

Property Tax

The bill has the potential to remove additional land and structures from the property tax rolls in Wake County if the UNC Board of Governors uses the power granted in section 2 of the bill to expand the Centennial Campus to noncontiguous land not currently owned by NC State University. However, under current law, the county could recoup its tax loss in several ways. First, if the Campus land is leased at below market value to a private firm, then the leased land can be taxed. Second, if a private firm leases land from the campus at market value and builds its own building, then Wake county may levy property tax only on the building and its furnishings and equipment. Third, if a private firm leases the land and building from the Campus, then only the furnishings and equipment will be subject to property tax.

Local floodplain regulations may regulate all types and uses of buildings or structures located in flood hazard areas identified by local, State, and federal agencies, and include provisions governing substantial improvements,

substantial damage, cumulative substantial improvements, lowest floor elevation, protection of mechanical and electrical systems, foundation construction, anchorage, acceptable flood resistant materials, and other measures the political subdivision deems necessary considering the characteristics of its flood hazards and vulnerability. In the absence of approval by the Building Code Council, or in the event that approval is withdrawn, local fire prevention codes and regulations shall have no force and effect. Provided any local regulations approved by the local governing body which are found by the Council to be more stringent than the adopted statewide fire prevention code and which are found to regulate only activities and conditions in buildings, structures, and premises that pose dangers of fire, explosion or related hazards, and are not matters in conflict with the State Building Code, shall be approved. Local governments may enforce the fire prevention code of the State Building Code using civil remedies authorized under G.S. 143-139, 153A-123, and 160A-175. Appeals from the assessment or imposition of such civil remedies shall be as provided in G.S. 160A-434."

Provided any local regulations approved by the local governing body which are found by the Council to be more stringent than the adopted statewide fire prevention code and which are found to regulate only activities and conditions in buildings, structures, and premises that pose dangers of fire, explosion or related hazards, and are not matters in conflict with the State Building Code, shall be approved. Local governments may enforce the fire prevention code of the State Building Code using civil remedies authorized under G.S. 143-139, 153A-123, and 160A-175. If the Commissioner of Insurance or other State official with responsibility for enforcement of the Code institutes a civil action pursuant to G.S. 143-139, a local government may not institute a civil action under G.S. 143-139, 153A-123, or 160A-175 based upon the same violation. Appeals from the assessment or imposition of such civil remedies shall be as provided in G.S. 160A-434."

EXPLANATION OF HOUSE BILL 1260 (PCS):
Floodplain Management

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: September 16, 1998
SPONSOR: Representative Ives

The proposed committee substitute for House Bill 1260 restores the authority of local governments to adopt local floodplain management regulations. Prior to 1997, local governments relied on the "local building code" provision in the building code law as authority for the adoption of floodplain management regulations. The "local building code" provision (which allowed for local variation in the State Building Code) was repealed in 1997 as part of the effort to create a 3-year building code cycle. Because the State Building Code does not meet the minimum construction requirements of the federal National Flood Insurance Program, local governments may no longer enact local regulations in compliance with the federal program. Thus, local governments are ineligible to participate in the flood insurance program. Instead of immediately removing North Carolina local governments from the program, the Federal Emergency Management Agency has granted North Carolina a grace period to restore local governments' authority to adopt ordinances that comply with the requirements of the flood insurance program. According to information provided by the County Commissioners Association, if North Carolina were removed from the National Flood Insurance Program, property in floodplains would no longer be eligible for emergency assistance from federal agencies because eligibility for the assistance is conditioned on eligibility for flood insurance.

Section 1 of the bill authorizes local governments to adopt floodplain management regulations that will comply with the requirements of the National Flood Insurance Program. Section 2 of the bill retroactively validates floodplain management regulations that were in effect prior to the changes enacted in 1997.

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE INCOME TAX CREDIT FOR CHARITABLE CONTRIBUTIONS BY NONITEMIZERS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-151.26 reads as rewritten:

"**§ 105-151.26. Credit for charitable contributions by nonitemizers.**

A taxpayer who elects the standard deduction under section 63 of the Code for federal tax purposes is allowed as a credit against the tax imposed by this Division an amount equal to ~~two and three-fourths percent (2.75%)~~ seven percent (7%) of the taxpayer's excess charitable contributions. The taxpayer's excess charitable contributions are the amount by which the taxpayer's charitable contributions for the taxable year that would have been deductible under section 170 of the Code if the taxpayer had not elected the standard deduction exceed two percent (2%) of the taxpayer's adjusted gross income as calculated under the Code.

No credit shall be allowed under this section for amounts deducted from gross income in calculating taxable income under the Code or for contributions for which a credit was claimed under G.S. 105-151.12 or G.S. 105-151.14. A nonresident or part-year resident who claims the credit allowed by this section shall reduce the amount of the credit by multiplying it by the fraction calculated under G.S. 105-134.5(b) or (c), as appropriate. The credit allowed under this section may not exceed the amount of tax imposed by this Division for the taxable year reduced by the sum of all credits allowed, except payments of tax made by or on behalf of the taxpayer."

EXPLANATION OF HOUSE BILL 20 (PCS):
Increase Nonitemizer Charity Credit

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: September 22, 1998
SPONSOR: Representative McMahan

In 1996, the General Assembly enacted a tax credit for charitable contributions made by individuals who do not itemize their deductions, effective beginning with the 1997 tax year. **House Bill 20** would increase the amount of the credit from 2.75% to 7% of eligible contributions, effective beginning with the 1999 tax year.

Under the federal Internal Revenue Code, an individual who itemizes deductions may deduct contributions to nonprofit charitable organizations. Individuals who elect the standard deduction, however, may not deduct charitable contributions. An individual's North Carolina's income tax is based on the federal calculation of taxable income, with some adjustments. The federal disallowance of charitable deductions for nonitemizers is "piggybacked" by North Carolina tax law. Legislation was introduced in Congress in 1996 to allow nonitemizers to deduct charitable contributions, but it did not pass.

Individuals who elect the standard deduction are those whose total itemized deductions (such as mortgage interest, State and local property and income taxes, medical expenses, and charitable contributions) do not exceed the standard deduction amount. The standard deduction amounts for 1997 are $6,900 for a married couple filing a joint return and $4,150 for a single individual.

In 1996, the General Assembly enacted G.S. 105-151.26, which allows a North Carolina income tax credit for 2.75% of a nonitemizer's charitable contributions to the extent the contributions exceed 2% of the taxpayer's adjusted gross income. A tax credit is a dollar-for-dollar subtraction from tax rather than a subtraction from taxable income. Thus, if a taxpayer pays tax at the 7% rate, a 7% tax credit is equal to a full deduction. North Carolina's tax rates are 6%, 7%, and 7.75%. By raising the credit from 2.75% to 7%, this bill would make the credit equivalent to the deduction currently enjoyed by most itemizers.

The House Select Committee on Nonprofits recommended the nonitemizers tax incentive proposal to the 1996 General Assembly. The Committee, which Representative McMahan chaired, recommended a 7% credit. In the course of its study, the Committee on Nonprofits heard a couple of presentations on the question of "Do tax incentives make a difference in charitable giving?" The answer is yes for federal tax incentives and probably not for state tax incentives because the state tax is so small that it does little to influence individual giving. However, the Committee strongly believed that a state incentive may affect perceptions, and thus behavior, even if the tax is too small to provide a significant economic incentive.

EFFECTIVE DATE: Effective for taxable years beginning on or after January 1, 1999.

BILL SUMMARY: The act increases the income tax credit for charitable contributions by non-itemizers from 2.75% to 7%. The credit is allowed for those contributions that exceed 2% of the taxpayer's adjusted gross income.

ASSUMPTIONS AND METHODOLOGY: The non-itemizer charitable contribution tax credit of 2.75% went into effect on January 1, 1997. The estimated cost of the 2.75% credit is approximately $5 million a year. If this credit were increased to 7%, the annual cost would be approximately $13 million each year. The net fiscal impact of the 7% proposal is shown below. A 1% growth factor is assumed for this tax credit and is based on the actual growth in the number of individual income tax returns filed from 1989 to 1993. The increased credit would not affect the budget until FY 99-00, because taxpayers will not file returns for Tax Year 1999 until the spring of 2000.

These estimates are based on charitable giving rates for non-itemizers provided by the Independent Sector, a non-profit coalition of over 800 corporate, foundation and voluntary organization members. The number of non-itemizers in North Carolina is based on estimates from the Department of Revenue's personal income tax model.

It should be noted that the above estimates are based on current giving behavior. If the credit is successful in increasing charitable giving, then the credit will produce additional losses for the General Fund. For every 5% increase in charitable giving, an additional $2 million in State revenues will be lost.

Proposed Fishery Management Plans shall be developed in accordance with the Priority List, Schedule, and guidance criteria established by the Marine Fisheries Commission under ~~G.S. 143B-289.22.~~ G.S. 143B-289.52.

(b) The goal of the plans shall be to ensure the long-term viability of the State's commercially and recreationally significant species or fisheries. Each plan shall be designed to reflect fishing practices so that one plan may apply to a specific fishery, while other plans may be based on gear or geographic areas. Each plan shall:

(1) Contain necessary information pertaining to the fishery or fisheries, including management goals and objectives, status of relevant fish stocks, stock assessments for multiyear species, fishery habitat and water quality considerations consistent with Coastal Habitat Protection Plans adopted pursuant to G.S. 143B-279.8, social and economic impact of the fishery to the State, and user conflicts.

(2) Recommend management actions pertaining to the fishery or fisheries.

Before submission of a plan for review by the Joint Legislative Commission on Seafood and Aquaculture or the Environmental Review Commission, the Department shall review any comment or recommendation regarding the plan that a regional advisory committee submits to the Department within the time limits established in the Schedule for the development and adoption of Fishery Management Plans established by G.S. 143B-289.52. The Commission shall consult with the regional advisory committees regarding the development of any temporary management measure that the Commission determines to be necessary to ensure the viability of the species or fishery while the plan is being developed and regarding the development of any management measure to implement the plan. Before the Commission adopts a temporary management measure or a management measure to implement a plan, the Commission shall review any comment or recommendation regarding the management measure that a regional advisory committee submits to the Commission.

(d) Each Fishery Management Plan shall be revised at least once every three years. The Marine Fisheries Commission may revise the Priority List and guidance criteria whenever it determines that a revision of the Priority List or guidance criteria will facilitate or improve the development of Fishery Management Plans or is necessary to restore, conserve, or protect the marine and estuarine resources of the State. The Marine Fisheries Commission may not revise the Schedule for the development of a ~~Fisheries~~ Fishery Management Plan, once adopted, without the approval of the Secretary of Environment and Natural Resources.

(e) The Secretary of Environment and Natural Resources shall monitor progress in the development and adoption of Fishery Management Plans in relation to the Schedule for development and adoption of the plans established by the Marine Fisheries Commission. The Secretary of Environment and Natural Resources shall report to the Joint Legislative Commission on Seafood and Aquaculture and the Environmental Review Commission on progress in developing and implementing the Fishery Management Plans on or before 1 September of each year. The Secretary of Environment and Natural Resources shall report to the Joint Legislative Commission on Seafood and Aquaculture and the Environmental Review Commission within 30 days of the completion or substantial revision of each proposed Fishery Management Plan. The Joint Legislative Commission on Seafood and Aquaculture and the Environmental Review Commission shall concurrently review each proposed Fishery Management Plan within 30 days of the date the proposed Plan is submitted by the Secretary. The Joint Legislative Commission on Seafood and Aquaculture and the Environmental Review Commission may submit comments and recommendations on the proposed Plan to the Secretary within 30 days of the date the proposed Plan is submitted by the Secretary.

(f) The Marine Fisheries Commission shall adopt rules to implement Fishery Management Plans in accordance with Chapter 150B of the General Statutes.

(g) To achieve optimal yield under a Fishery Management Plan, the Marine Fisheries Commission may include in the Plan a recommendation that the General Assembly limit the number of fishermen authorized to participate in the fishery. The Commission may recommend that the General Assembly limit participation in a fishery only if the Commission determines that optimal yield cannot otherwise be achieved. In determining whether to recommend that the General Assembly limit participation in a fishery, the Commission shall consider all of the following factors:

(1) Current participation in and dependence on the fishery.
(2) Past fishing practices in the fishery.
(3) Economics of the fishery.
(4) Capability of fishing vessels used in the fishery to engage in other fisheries.

(c) Temporary Cap. There is hereby imposed a temporary cap on the total number of SCFLs that the Division may issue. The temporary cap equals the total number of endorsements to sell fish that establish eligibility for a SCFL under subsection (g) of this section plus 500 additional SCFLs, authorized by subsection (d) of this section.

(d) 1999-2000 License Year. For the 1999-2000 license year, the Commission is authorized to issue SCFLs as provided in subsection (g) of this section plus an additional 500 SCFLs using the procedure set out in subsection (h) of this section.

The Commission may increase the number of SCFLs that are issued from the pool of available SCFLs up to the temporary cap. The Commission may decrease the number of SCFLs that are issued from the pool of available SCFLs but may not refuse to renew a SCFL that is issued during the previous license year and that has not been suspended or revoked. The Division shall issue SCFLs under this subsection by lot. All applicants who are determined to be eligible shall have an equal chance of being issued a SCFL.

(i) SCFL Eligibility Board. There is established a SCFL Eligibility Board. (2) Past fishing practices in the fishery.
(3) Economics of the fishery.

MEMORANDUM

September 23, 1998

To: Senate Committee on Finance

From: Jeff Hudson, Committee Counsel for Senate Committee on Agriculture, Environment, and Natural Resources

Regarding: Proposed Senate Committee Substitute 015 for House Bill 1448 (1998 Marine Fisheries Amendments)

Proposed Senate Committee Substitute 015 for House Bill 1448 (1998 Marine Fisheries Amendments)

PART I. MARINE FISHERIES COMMISSION

Sections 1.1 and 1.2 update cross-references. *Effective retroactively to September 1, 1997.*

Section 1.3 removes an unnecessary tax reference. *Effective when this act becomes law.*

Section 1.4 authorizes the Marine Fisheries Commission (Commission) to regulate participation in a fishery if a federal fishery management plan has placed a quota on the State for the harvest of fish in that fishery. If the Commission regulates a fishery pursuant to this authority, the Division of Marine Fisheries (Division) may issue a license to participate in the fishery to a person who:

- Held a license issued by the Division to harvest, land, or sell fish during at least two of the three license years preceding the control date established by the Commission and
- Participated in the fishery during two of those license years by landing in the State at least the minimum number of pounds of fish established by the Commission

Effective July 1, 1999.

Section 1.5 clarifies a reference to federal law and authorizes the Commission to adopt temporary rules needed to remain in compliance with changes in federal fishery management plans. *Effective when this act becomes law.*

Section 1.6 adds to the Commission's appointment statute a cross-reference to the prohibition against a member of the Commission receiving a financial benefit from a Fishery Resource Grant Program grant. *Effective retroactively to September 1, 1997.*

Section 1.7 corrects a typographical error in a cross-reference. *Effective retroactively to September 1, 1997.*

Section 1.8 increases the quorum for the Commission from 5 to 6. This section also prohibits the Commission from transacting business unless a "commercial" member, other than the Chair, and a "recreational" member, other than the Chair, are present. If the Commission is unable to transact business because a "commercial" member or a "recreational" member is not present, the Chair of the Commission will call another meeting of the Commission within 30 days and will place on the agenda for that meeting every matter for which the Commission was unable to transact business. For any meeting called under this provision, 5 members will constitute a quorum and the presence of a "commercial" member and "recreational" member will not be required. *Effective when this act becomes law.*

PART II. FISHERY MANAGEMENT PLANS

Section 2.1 changes the term "advisory council" to "fishery management plan advisory committee" and makes technical corrections to the term "Fishery Management Plan". This section also directs the Department of Environment and Natural Resources (DENR) and the Commission to consult with and review comments by the regional advisory committees regarding the development of Fishery Management Plans, management measures to implement the plans, and temporary management measures. Finally, Section 2.1 adds a section specifically authorizing the Commission to include in a fishery management plan a recommendation that the General Assembly limit participation in a fishery. The Commission may make this type of recommendation only if it determines that optimal yield cannot otherwise be achieved and must consider:

- Current participation in and dependence on the fishery
- Past fishing practices in the fishery
- Economics of the fishery
- Capability of vessels to be used in another fishery
- Cultural and social factors relevant to the fishery and affected communities
- Capacity of the fishery to support biological parameters
- Equitable resolution of competing social and economic interests
- Other relevant considerations

Effective when this act becomes law.

PART III. MARINE FISHERIES LAW ENFORCEMENT

Section 3.1 updates a cross-reference. *Effective retroactively to September 1, 1997.*

Section 3.2 removes an unnecessary tax reference. *Effective when this act becomes law.*

Sections 3.3 and 3.4 update cross-references. *Effective July 1, 1999.*

Sections 3.5 and 3.6 update cross-references. *Effective retroactively to September 1, 1997.*

Section 3.7 increases the penalty for the unauthorized taking of shellfish from a privately held shellfish bottom from a Class 2 misdemeanor to a Class A1 misdemeanor. *Effective December 1, 1998 and applies to offenses committed on or after that date.*

Section 3.8 amends the "act of God" defense to proclamation violations so that it is a defense to an enforcement action when a person is prevented from receiving notice of the proclamation due to a natural disaster or other act of God. *Effective when this act becomes law.*

Section 3.9 makes it unlawful under the fisheries statutes to steal buoys, markers, stakes, nets, pots, and other related devices and increases the penalty for robbing from, stealing, or injuring these devices. *Effective December 1, 1998 and applies to offenses committed on or after that date.*

Section 3.10 updates a cross-reference. *Effective July 1, 1999.*

PART IV. FISHING LICENSES; TRANSITIONAL PROVISIONS

Section 4.1 makes a conforming change to the vessel identification statute. *Effective July 1, 1999.*

Section 4.2 makes technical and conforming changes to the vessel identification statute related to commercial vessels. This section also removes the income requirement from the definition of "commercial fishing vessel". *Effective July 1, 1999.*

Section 4.3 updates a cross-reference. *Effective July 1, 1999.*

Section 4.4 removes an unnecessary tax reference. *Effective when this act becomes law.*

Section 4.5 makes a technical change. *Effective when this act becomes law.*

Section 4.6 deletes the prohibition against selling fish using another person's endorsement to sell. This provision was mistakenly added in the Fisheries Reform Act. *Effective retroactively to August 14, 1997.*

Sections 4.7 and 4.8 delete old penalty provisions that conflict with the new penalties for the unlawful sale or purchase of fish established by the Fisheries Reform Act of 1997. *Effective retroactively to September 1, 1997.*

Section 4.9 amends the definition of "commercial fishing operation" to delete taking people fishing for hire and to exclude taking fish in a recreational fishing tournament with recreational gear and taking fish under a Recreational Commercial Gear License (RCGL). This section also defines "immediate family" for purposes of transferring a Standard Commercial Fishing License (SCFL) or Retired Standard Commercial Fishing License (RSCFL). Finally, Section 4.9 amends the definition of "North Carolina resident" found in the commercial fishing license statutes so that it is consistent with the definition of "resident" that applies throughout the marine, estuarine, and wildlife resources statutes. *Effective July 1, 1999.*

Section 4.10 amends and expands the general licensing provisions statute to:

- Provide that all coastal and estuarine fishing licenses, except the RCGL, expire on June 30 of each year
- Require that a person fishing pursuant to an assigned SCFL must have the SCFL and the assignment available for inspection
- Consolidate provisions from other statutes governing license issuance and renewal
- Require a licensee to apply for a replacement license within 30 days of a change in the licensee's name or address and authorize the Commission to establish replacement license fees of up to $10.00 in order to compensate the Division for the administrative costs associated with issuing replacement licenses
- Provide that eligibility to renew a SCFL extends until one year after the date the SCFL expires
- Prohibit a person from obtaining or renewing a license if, at the time of application, any other license held by the person has been suspended or revoked
- Prohibit a person from obtaining a license if, within the three years prior to application, the person has been determined to be responsible for four or more violations of state laws governing the management of marine and estuarine resources

- Require a person applying for a license to certify that the person has not been determined to be responsible for four or more violations of state laws governing the management of marine and estuarine resources
- Authorize the Division to cancel a license issued based on false information supplied by the applicant

Effective July 1, 1999.

Section 4.11 amends the SCFL statute to:

- Clarify that in order to take shellfish, a person must hold either a SCFL with a shellfish endorsement or a shellfish license
- Clarify that the SCFL authorizes the use of only one vessel at a time, unless the Commission adopts rules to exempt from this requirement unlicensed auxiliary vessels engaged in particular fisheries
- Delete general licensing provisions that were consolidated into the general licensing provision statute
- Delete references to vessel endorsements that are no longer necessary due to the replacement by Sections 4.14 and 4.15 of the vessel endorsement system with the vessel registration system
- Base the residency requirement for all persons, except military personnel, applying for a SCFL on the filing of a tax return as a North Carolina resident
- Exempt assignments lasting five days or less from filing requirements
- Provide that an assignee cannot further assign a SCFL
- Add assignment termination in the following cases:
    - the estate of the assignor notifies the assignee and the Division of termination
    - the assignee becomes ineligible to hold a license
    - upon the death of the assignee
    - upon suspension or revocation of the SCFL
    - at the end of the license year
- Clarify that a SCFL may only be transferred by the Division
- Clarify the process by which a SCFL may be transferred through an estate

Effective July 1, 1999.

Section 4.12 clarifies that all licensing provisions applicable to the SCFL are also applicable to the RSCFL, except that a RSCFL may not be assigned. This section also makes the transfer provision for the RSCFL consistent with the SCFL transfer provision revised by Section 4.11. *Effective July 1, 1999.*

Section 4.13 clarifies that a person must have the specific license to sell the type of fish the person is offering for sale. This section also deletes the term "nonprofit" from the provision governing the sale of fish by recreational fishing tournaments. Finally, Section 4.13 clarifies that the sale of fish by a recreational fishing tournament must be to a licensed fish dealer; gross proceeds from the sale must be used for charitable, religious, educational, civic, or conservation purposes only; and gross proceeds from the sale must not be used to pay tournament expenses. *Effective July 1, 1999.*

Section 4.14 deletes the vessel endorsement provision. These provisions are reconstituted in the commercial fishing vessel registration requirements established by Section 4.15. Section 4.14 also clarifies that a menhaden endorsement of a SCFL is only required to take, land, or sell menhaden taken by a purse seine. Finally, Section 4.14 provides that a shellfish endorsement of a SCFL authorizes the harvest and sale of shellfish. *Effective July 1, 1999.*

Section 4.15 requires vessels engaged in commercial fishing operations, except for non-motorized auxiliary vessels, to be registered by the Division. This requirement replaces the vessel endorsement provisions deleted by Section 4.14. Section 4.15 requires an owner to annually register each vessel engaged in a commercial fishing operation. Vessel registration fees remain the same as the vessel endorsement fees deleted by Section 4.14. *Effective July 1, 1999, and expires September 1, 2003.*

Section 4.16 clarifies the eligibility requirements for obtaining a menhaden license for nonresidents not eligible for a SCFL. This section also provides that crew members of a vessel engaged in a commercial fishing operation harvesting and selling menhaden are not required to hold a menhaden nonresident license or a SCFL when working under the direction of a person who holds a menhaden license. *Effective July 1, 1999.*

Section 4.17 provides that a shellfish license is required for taking shellfish from privately held grounds. This section also clarifies the personal use exemption to the shellfish license requirements. Finally, Section 4.17 moves the issuance and renewal provisions from the shellfish license statute to the general licensing provision statute and deletes the reference to the vessel endorsement provisions deleted by Section 4.14. *Effective July 1, 1999.*

Section 4.18 provides that fish dealer licenses will be available at all offices of the Division. This section also provides that failure to comply with the requirement that a fish dealer apply for a replacement license within 30 days after changing the name or address of the fish dealer operation will result in a revocation of the fish dealer license. Furthermore, Section 4.18 clarifies that for a fish dealer to lawfully buy fish, the seller must present the license required to sell the type of fish being sold and the registration for the vessel used to catch the fish. Finally, this section limits the provision governing the unlawful purchase, possession, and sale of fish to fish dealers. *Effective July 1, 1999.*

Section 4.19 provides that the replacement license provision in the general licensing statute applies to pier licenses. *Effective July 1, 1999.*

Section 4.20 makes a technical change. *Effective July 1, 1999.*

Section 4.21 provides that it is unlawful for a person fishing under a RCGL to possess fish in excess of recreational possession limits. This section also adds an exemption to the RCGL statute allowing a person to take shellfish by nonmechanical means up to the personal use limits without holding a RCGL. *Effective July 1, 1999.*

Section 4.22 updates cross-references. *Effective July 1, 1999.*

Section 4.23 provides for North Carolina membership in the Mid-Atlantic Fishery Management Council. This provision is parallel to the membership provision currently in place for North Carolina membership in the South Atlantic Fishery Management Council. *Effective when this act becomes law.*

Section 4.24 clarifies that the number of SCFLs available in each license year, beginning with the 2000-2001 license year, is the number of the temporary cap (number of endorsements to sell held June 30, 1999, plus a one time addition of 500 SCFLs) less the sum of SCFLs issued and renewed during the previous license year. This section also provides that a person who holds a non-vessel endorsement to sell, other than an endorsement for an aquaculture operation or fishing tournament, on June 30, 1999, is eligible to obtain a SCFL. Finally, Section 4.21 modifies the eligibility review process for the 500 additional SCFLs. The SCFL Eligibility Board (Board) is established to replace the Division in the application of the eligibility criteria established by the Commission. The Board is composed of the following members:

- The Secretary of Environment and Natural Resources or the Secretary's designee
- The Fisheries Director or the Director's designee
- The Chair of the Commission or the Chair's designee

Decisions by the Board are exempt from administrative review, but are subject to judicial review. *Effective July 1, 1999.*

PART V. MISCELLANEOUS PROVISIONS; EFFECTIVE DATES

ASSUMPTIONS AND METHODOLOGY:

REVENUES:

The bill authorizes the Marine Fisheries Commission to establish a replacement fee for lost, stolen or destroyed licenses, including endorsements. The fee charged may not exceed $10.00 and shall be set by the commission to compensate the division for associated administrative costs.

Currently, the Division of Marine Fisheries charges $5.00 to replace vessel licenses and related endorsements to sell that are either destroyed or unreadable. In addition, the division routinely provides copies of its license receipts to replace lost licenses until a new one can be issued for the next license year. Such "certified copies" are currently provided free of charge.

The division issued a total of 30,964 commercial fishing licenses and vessel endorsements during the 1997-98 fiscal year. Of these, 115 were either destroyed or unreadable and replaced for a $5.00 fee or total replacement fee revenue of $575.00. Certified copies were issued for another 192 licenses that were reported lost during the fiscal year.

The division is unsure how many of each type of license will be issued under the new license system effective July 1, 1999, but does not anticipate a dramatic increase in the total number of licenses issued. Unless the division must issue a substantial number of licenses as a result of the requirement that a replacement be issued within 30 days of a change in the licensee's name or address, the division is not likely to experience a significant change in the number of replacement licenses issued.

The proposal to allow the Marine Fisheries Commission to establish the fee ties the amount of the fee to the costs associated with administering replacement license requests. The division is considering issuing photo identification cards under the new licensing system to reduce fraud. The picture ID licenses are expected to cost more to replace than current licenses. Assuming the division continues to replace approximately 300 licenses each year, and the commission sets the replacement fee at $10.00, the maximum allowed, the division would receive an additional $2,425.00 per year in license revenues (relative to current replacement fee receipts of $575.00).

EXPENDITURES:

Effective July 1, 1999, the 1997 Fisheries Reform Act (Chapter 400, 1997 Session Laws) establishes a new Standard Commercial Fishing License (SCFL) which will be available only to persons holding a valid endorsement to sell fish on July 1, 1999 (the bill proposes to change this date to June 30, 1999). In addition, up to 500 additional SCFLs may be available for distribution by lot to new entrants or persons not otherwise eligible for a SCFL.

According to the Division of Marine Fisheries the bill is not expected to have a significant fiscal impact unless a clerical position is needed to support the SCFL Eligibility Board established in Section 4.24. The board is to consist of three members and is responsible for determining the eligibility of an applicant for a commercial fishing license relative to the eligibility criteria adopted by the Marine Fisheries Commission.

The Division of Marine Fisheries currently provides administrative support to the Appeals Panel established in 1994 to review petitions for the issuance of fishing licenses under the license moratorium in effect since July 1, 1994. The division is currently seeking a Processing Assistant III position at an annual cost of $29,738 for the Appeals Panel through the Governor's 1998 Recommended Expansion Budget and expects this position to support the SCFL Eligibility Board beginning with the 1999-2000 fiscal year. In 1994 the General Assembly appropriated $10,000 to cover the panel's expenses. Although, the division has paid operating expenses in excess of the appropriation with existing resources since the panel was established, it is uncertain whether the Eligibility Board established in this bill will experience a comparable workload and carry out its responsibilities in a manner similar to the Appeals Panel, thereby requiring permanent staff support and additional operating support.

Demand for the SCFL is somewhat unknown. Petitions for licenses heard by the Appeals Panel have declined since the first year of the moratorium. The panel reviewed 369 petitions in FY 94-95, 377 in FY 95-96, 301 in FY 96-97 and 178 through October of the 1997-98 fiscal year. In addition, petitions heard by the Appeals Panel include persons seeking a commercial license for the sole purpose of using commercial gear, not to derive income from the sale of fish. Those persons will be able to purchase a new Recreational Commercial Gear License (RCGL) and likely will not apply for a SCFL. If demand is low, the Eligibility Board will not have many applications to review.

The Appeals Panel currently holds two meetings each month to hear petitions for commercial fishing licenses, but the Eligibility Board does not necessarily have to use a "hearing" format to determine eligibility for the lot. Depending on the eligibility criteria established by the commission, the Eligibility Board may be able to expedite consideration of applicants relative to the process used by the Appeals Panel.

Until there is a better indication of the actual level of demand for SCFLs through the new license pool process and the operating needs of the Eligibility Board are more clearly defined based on the eligibility criteria as adopted by the Marine Fisheries Commission, it is anticipated that the division can continue to provide staff support from existing resources.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 1997

H 1

HOUSE BILL 1490*

Short Title: Extend Submerged Lands Claims. (Public)

Sponsors: Representative Weatherly.

Referred to: Environment.

May 25, 1998

A BILL TO BE ENTITLED

AN ACT TO EXTEND THE TIME FOR THE RESOLUTION OF CLAIMS TO LAND UNDER NAVIGABLE WATERS, AS RECOMMENDED BY THE ENVIRONMENTAL REVIEW COMMISSION.

The General Assembly of North Carolina enacts:

Section 1. G.S. 113-206 reads as rewritten:

"**§ 113-206. Chart of grants, leases and fishery rights; overlapping leases and rights; contest or condemnation of claims; damages for taking of property.**

(a) The Secretary must commence to prepare as expeditiously as possible charts of the waters of North Carolina containing the locations of all oyster and clam leaseholds made by the Department under the provisions of this Article and of all existing leaseholds as they are renewed under the provisions of this Article, the locations of all claims of grant of title to portions of the bed under navigable waters registered with him, and the locations of all areas in navigable waters to which a right of private fishery is claimed and registered with him. Charting or registering any claim by the Secretary in no way implies recognition by the State of the validity of the claim.

(a1) If a claim is based on an oyster or other shellfish grantor a perpetual franchise for shellfish cultivation, the Secretary may, to resolve the claim, grant a shellfish lease to the claimant for part or all of the area claimed. If a claim of exclusive shellfishing rights was registered based upon a conveyance by the Literary Fund, the North Carolina Literary Board or the State Board of Education, and the claimant shows that the area had been cultivated by the claimant or his predecessor in title for the seven-year period prior to registration of the claim, the Secretary may,

to resolve the claim, grant a shellfish lease to the claimant for all or part of the area claimed, not to exceed ten acres. A shellfish lease granted under this subsection is subject to the restrictions imposed on shellfish leases in G.S. 113-202, except the prohibition against leasing an area that contains a natural shellfish bed in G.S. 113-202(a)(2). This restriction is waived because, due to the cultivation efforts of the claimant, the area is likely to contain a natural shellfish bed.

(b) In the event of any overlapping of areas leased by the Department, the Secretary shall recommend modification of the areas leased as he deems equitable to all parties. Appeal from the recommendation of the Secretary lies for either party in the same manner as for a lease applicant as to which there is a recommendation of denial or modification of lease. If there is no appeal, or upon settlement of the issue upon appeal, the modified leases must be approved by the Marine Fisheries Commission and reissued by the Secretary in the same manner as initial or renewal leases. Leaseholders must furnish the Secretary surveys of the modified leasehold areas, meeting the requisite criteria for surveys established by the Secretary.

(c) In the event of any overlapping of areas leased by the Department and of areas in which title or conflicting private right of fishery is claimed and registered under the provisions of this Article, the Secretary must give preference to the leaseholder engaged in the production of oysters or clams in commercial quantities who received the lease with no notice of the existence of any claimed grant or right of fishery. To this end, the Secretary shall cause a modification of the claim registered with him and its accompanying survey to exclude the leasehold area. Such modification effected by the Secretary has the effect of voiding the grant of title or right of fishing to the extent indicated.

(d) In the interest of conservation of the marine and estuarine resources of North Carolina, the Department may institute an action in the superior court to contest the claim of title or claimed right of fishery in any navigable waters of North Carolina registered with the Secretary. In such proceeding, the burden of showing title or right of fishery, by the preponderance of the evidence, shall be upon the claiming title or right holder. In the event the claiming title or right holder prevails, the trier of fact shall fix the monetary worth of the claim. The Department may elect to condemn the claim upon payment of the established owners or right holders their pro rata shares of the amount so fixed. The Department may make such payments from such funds as may be available to it. An appeal lies to the appellate division by either party both as to the validity of the claim and as to the fairness of the amount fixed. The Department in such actions may be represented by the Attorney General. In determining the availability of funds to the Department to underwrite the costs of litigation or make condemnation payments, the use which the Department proposes to make of the area in question may be considered; such payments are to be deemed necessary expenses in the course of operations attending such use or of developing or attempting to develop the area in the proposed manner.

(e) A person who claims that the application of G.S. 113-205 or this section has deprived him of his private property rights in land under navigable waters or his right of fishery in navigable waters without just compensation may file a complaint in the

superior court of the county in which the property is located to contest the application of G.S. 113-205 or this section. If the plaintiff prevails, the trier of fact shall fix the monetary worth of the claim, and the Department may condemn the claim upon payment of this amount to him if the Secretary considers condemnation appropriate and necessary to conserve the marine and estuarine resources of the State. The Department may pay for a condemned claim from available funds. An action under this subsection is considered a condemnation action and is therefore subject to G.S. 7A-248.

The limitation period for an action brought under this subsection is three years. This period is tolled during the disability of the plaintiff. No action, however, may be instituted under this subsection after ~~December 31, 2001.~~ 31 December 2006.

(f) In evaluating claims registered pursuant to G.S. 113-205, the Secretary shall favor public ownership of submerged lands and public trust rights. The Secretary's action does not alter or affect in any way the rights of a claimant or the State.

To facilitate resolution of claims registered pursuant to G.S. 113-205, the Secretary, in cooperation with the Secretary of Administration and the Attorney General, shall establish a plan to resolve these claims by ~~December 31, 1998.~~ 31 December 2003. The Secretary shall notify the Secretary of Administration and the Attorney General of the resolution of each claim. In addition, on or before October 1 of each year, the Secretary shall submit a report to the Joint Legislative Commission on Governmental Operations stating the following:

(1) The number of claims registered pursuant to G.S. 113-205 that were resolved during the preceding year;
(2) The cost of resolving these claims;
(3) The number of unresolved claims; and
(4) Payments made to acquire claims by condemnation."

Section 2. G.S. 105-151.12(e) reads as rewritten:

"(e) In the case of marshland for which a claim has been filed pursuant to G.S. 113-205, the offer of donation must be made before ~~December 31, 1998,~~ 31 December 2003 to qualify for the credit allowed by this section."

Section 3. This act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 1490:
Extend Submerged lands Claims

TO: Senate Finance Committee
FROM: Martha Walston and Jeff Hudson, Staff Attorneys
DATE: September 22, 1998
SPONSOR: Representative Weatherly

House Bill 1490 is a recommendation of the Environmental Review Commission. House Bill 1490 was also reviewed by the Joint Legislative Commission on Seafood and Aquaculture. The bill was received from the House on September 7, 1998. The companion to House Bill 1490, Senate bill 1274, was introduced in the Senate by Senator Albertson and passed third reading in the Senate on June 4, 1998. On September 16, 1998, the House Environment Committee gave a favorable report to a committee substitute to Senate Bill 1274. This committee substitute, which has been referred to House Finance, does not change the submerged lands portion of the bill but tacks on amendments to the law regarding the control of childhood lead exposure.

House Bill 1490 was requested by the Department of Environment and Natural Resources (DENR) in order to provide more time for DENR, in conjunction with the Attorney General's Office, to resolve outstanding submerged land claims. A submerged land claim is one whereby a person alleges that he has been deprived of his private property rights in lands under navigable waters or his right of fishery in navigable waters without just compensation If the claimant prevails, DENR may condemn the property and pay the claimant the worth of his claim. The courts have applied the public trust doctrine in these instances. This doctrine favors public ownership of submerged lands.

Section 1 extends the date by which a submerged lands claim must be instituted from December 31, 2001 to December 31, 2006. This section also extends the date by which the Secretary of DENR must establish a plan to resolve submerged lands claims from December 31, 1998 to December 31, 2003.

Section 2 extends the date by which marshland claimed under the submerged lands claims statutes must be offered for donation in order to qualify for a tax credit under G.S. 105-151.12, from December 31, 1998 to December 31, 2003. This is a tax credit in the amount of 25% of the donated property interest and may not exceed $100,000. Any unused portion of the credit may be carried forward five years.

Section 3 makes this act effective when it becomes law.

Memorandum

September 23, 1998

TO: Senate Committee on Finance

FROM: Jeff Hudson, Committee Counsel; Senate Committee on Agriculture, Environment, and Natural Resources

SUBJECT: House Bill 1490 (Extend Submerged Lands Claims)

House Bill 1490 was recommended to the 1998 Regular Session of the 1997 General Assembly by the Environmental Review Commission. House Bill 1490 was also reviewed by the Joint Legislative Commission on Seafood and Aquaculture. The companion to House Bill 1490, Senate Bill 1274, (Extend Submerged Lands Claims), was introduced in the Senate by Senator Charles Albertson.

House Bill 1490 was requested by the Department of Environment and Natural Resources (DENR) in order to provide more time for DENR, in conjunction with the Attorney General's Office, to resolve outstanding submerged lands claims.

Section 1 extends the date by which a submerged lands claim must be instituted from December 31, 2001 to December 31, 2006. This section also extends the date by which the Secretary of Environment and Natural Resources must establish a plan to resolve submerged lands claims from December 31, 1998 to December 31, 2003.

Section 2 extends the date by which marshland claimed under the submerged lands claims statutes must be donated in order to qualify for a tax credit under G.S. 105-151.12 (credit for certain real property donations) from December 31, 1998 to December 31, 2003.

Section 3 makes this act effective when it becomes law.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Marine Fisheries, Department of Environment and Natural Resources.

EFFECTIVE DATE: When it becomes law.

BILL SUMMARY: The bill extends three deadlines related to submerged land claims. First, the bill extends until December 31, 2006, the time allowed to file a submerged land claim. Under current law that period closes on December 31, 2001. As such, the bill gives the potential plaintiff five more years to take action. Second, the bill gives the Department of Environment and Natural Resources until December 31, 2003, to establish a plan to resolve submerged land claims. Under current law, the Department's time expires on December 31, 1998. Third, the bill extends the date by which claimed marshlands must be donated to qualify for a tax credit under G.S. 105-151,12 from December 31, 1998, to December 31, 2003.

ASSUMPTIONS AND METHODOLOGY: The only change in the bill that may have a fiscal impact is the extension of time to claim a tax credit. Under G.S. 105-151.12(e), a person who makes a "qualified" donation of claimed marshland can take an income tax credit of up to 25% of the fair market value of the land. The credit can not exceed $100,000. Any unused portion of the credit may be carried forward for five years. To "qualify" a donation must be accepted by the state. The tax credit for the marshland donations portion of G.S. 105-151.12(e) sunsets on December 31, 1998. Under current law, the claim to marshland must be made by that date to be

eligible for a tax credit, if the land is donated. The bill extends this portion of G.S. 105-151.12(e) to December 31, 2003.

In calendar year 1996 (the most recent year for which data is available) only one organization took advantage of the submerged lands credit. That donation was of 1,143.5 acres. The donor estimated the value of the property at $205,000. Under current law that donation would create a $51,250.00 tax credit. (However, because the credit cap for this program was at $25,000 in 1996, the total liability associated with this claim was $25,000). Officials from Marine Fisheries have processed claims for approximately 11,000 acres since 1985. They processed less than one claim per year under the program. State officials are only aware on one project that is "in the pipeline" at this time, but more are possible. They do not believe last session's action to increase the credit cap has had a significant impact on this portion of the conservation program.

Assuming one claim is filed per year, and the maximum tax credit applies, the loss is $100,000 per year.

The Department currently absorbs the cost of the program out of existing resources, and expects to be able to continue the program without additional appropriations.

Section 9. G.S. 58-2-205 reads as rewritten:

All outstanding securities of the same class as a registered security are considered to be registered for the purpose of any nonissuer transaction (i) so long as the registration statement is effective and (ii) between the thirtieth day after the entry of any stop order suspending or revoking the effectiveness of the registration statement under G.S. 78A-29 (if the registration statement did not relate in whole or

in part to a nonissuer distribution) and one year from the effective date of the registration statement. A registration statement may not be withdrawn for one year from its effective date if any securities of the same class are outstanding. A registration statement may be withdrawn otherwise only in the discretion of the Administrator.

Such an amendment becomes effective when the Administrator so orders. Every person filing such an amendment shall pay a ~~registration fee calculated in the manner specified in subsection (b) and a~~ filing fee of fifty dollars ($50.00) with respect to the additional securities proposed to be offered."

b. Administering permits or registrations issued under ~~Articles~~ Article 21, other than Parts 1 and 1A, Articles 21A, 21B, ~~or~~ and 38 of this Chapter including monitoring compliance with the terms of those permits; and

c. Reviewing, processing, and publicizing applications for construction grant awards under the Federal Water Pollution Control Act.

No fee may be charged under this provision, however, to a farmer who submits an application that pertains to his farming operations.

(1b) ~~The fee to be charged pursuant to G.S. 143-215.3(a)(1a) for processing an application for a permit under G.S. 143-215.1 of Article 21 may not exceed four hundred dollars ($400.00).~~ The fee to be charged pursuant to G.S. 143-215.3(a)(1a) for processing an application for a permit under G.S. 143-215.108 and G.S. 143-215.109 of Article 21B of this Chapter may not exceed five hundred dollars ($500.00). A single facility is defined to be any contiguous area under one ownership and in which permitted activities occur. For all permits issued under these Articles where a fee schedule is not specified in the statutes, the Commission, or other commission specified by statute shall adopt a fee schedule in a rule following the procedures established by the Administrative Procedure Act. Fee schedules shall be established to reflect the size of the emission or discharge, the potential impact on the environment, the staff costs involved, relative costs of the issuance of new permits and the reissuance of existing permits, and shall include adequate safeguards to prevent unusual fee assessments which would result in serious economic burden on an individual applicant. A system shall be considered to allow consolidated annual payments for persons with multiple permits. In its rulemaking to establish fee schedules, the Commission is also directed to consider a method of rewarding facilities which achieve full compliance with administrative and self-monitoring reporting requirements, and to consider, in those cases where the cost of renewal or amendment of a permit is less than for the original permit, a lower fee for the renewal or amendment.

(1c) Moneys collected pursuant to G.S. 143-215.3(a)(1a) shall be used to:

d. Decrease the length of the processing period for permit applications.

(1d) The Commission may adopt and implement a graduated fee schedule sufficient to cover all direct and indirect costs required for the State to develop and administer a permit program which meets the requirements of Title V. The provisions of subdivision (1b) of this subsection do not apply to the adoption of a fee schedule under this subdivision. In adopting and implementing a fee schedule, the Commission shall require that the owner or operator of all air contaminant sources subject to the requirement to obtain a permit under Title V to pay an annual fee, or the equivalent over some other period, sufficient to cover costs as provided in section 502(b)(3)(A) of Title V. The fee schedule shall

be adopted according to the procedures set out in Chapter 150B of the General Statutes.

a. The total amount of fees collected under the fee schedule adopted pursuant to this subdivision shall conform to the requirements of section 502(b)(3)(B) of Title V. No fee shall be collected for more than 4,000 tons per year of any individual regulated pollutant, as defined in section 502(b)(3)(B)(ii) of Title V, emitted by any source. Fees collected pursuant to this subdivision shall be credited to the Title V Account.

b. The Commission may reduce any permit fee required under this section to take into account the financial resources of small business stationary sources as defined under Title V and regulations promulgated by the United States Environmental Protection Agency.

c. When funds in the Title V Account exceed the total amount necessary to cover the cost of the Title V program for the next fiscal year, the Secretary shall reduce the amount billed for the next fiscal year so that the excess funds are used to supplement the cost of administering the Title V permit program in that fiscal year.

(1e) The Commission shall collect the application, annual, and project fees for processing and administering permits, certificates of coverage under general permits, and certifications issued under Parts 1 and 1A of this Article and for compliance monitoring under Parts 1 and 1A of this Article as provided in G.S. 143-215.3D and G.S. 143-215.10G.

(2) To direct that such investigation be conducted as it may reasonably deem necessary to carry out its duties as prescribed by this Article or Article 21A or Article 21B of this Chapter, and for this purpose to enter at reasonable times upon any property, public or private, for the purpose of investigating the condition of any waters and the discharge therein of any sewage, industrial waste, or other waste or for the purpose of investigating the condition of the air, air pollution, air contaminant sources, emissions, or the installation and operation of any air-cleaning devices, and to require written statements or the filing of reports under oath, with respect to pertinent questions relating to the operation of any air-cleaning device, sewer system, disposal system, or treatment works. In the case of effluent or emission data, any records, reports, or information obtained under this Article or Article 21A or Article 21B of this Chapter shall be related to any applicable effluent or emission limitations or toxic, pretreatment, or new source performance standards. No person shall refuse entry or access to

any authorized representative of the Commission or Department who requests entry for purposes of inspection, and who presents appropriate credentials, nor shall any person obstruct, hamper or interfere with any such representative while in the process of carrying out his official duties.

(3) To conduct public hearings and to delegate the power to conduct public hearings in accordance with the procedures prescribed by this Article or by Article 21B of this Chapter.

(4) To delegate such of the powers of the Commission as the Commission deems necessary to one or more of its members, to the Secretary or any other qualified employee of the Department. The Commission shall not delegate to persons other than its own members and the designated employees of the Department the power to conduct hearings with respect to the classification of waters, the assignment of classifications, air quality standards, air contaminant source classifications, emission control standards, or the issuance of any special order except in the case of an emergency under subdivision (12) of this subsection for the abatement of existing water or air pollution. Any employee of the Department to whom a delegation of power is made to conduct a hearing shall report the hearing with its evidence and record to the Commission.

(5) To institute such actions in the superior court of any county in which a violation of this Article, Article 21B of this Chapter, or the rules of the Commission has occurred, or, in the discretion of the Commission, in the superior court of the county in which any defendant resides, or has his or its principal place of business, as the Commission may deem necessary for the enforcement of any of the provisions of this Article, Article 21B of this Chapter, or of any official action of the Commission, including proceedings to enforce subpoenas or for the punishment of contempt of the Commission.

(6) To agree upon or enter into any settlements or compromises of any actions and to prosecute any appeals or other proceedings.

(7) To direct the investigation of any killing of fish and wildlife which, in the opinion of the Commission, is of sufficient magnitude to justify investigation and is known or believed to have resulted from the pollution of the waters or air as defined in this Article, and whenever any person, whether or not he shall have been issued a certificate of approval, permit or other document of approval authorized by this or any other State law, has negligently, or carelessly or unlawfully, or willfully and unlawfully, caused pollution of the waters or air as defined in this Article, in such quantity, concentration or manner that fish or wildlife are killed as the result thereof, the Commission, may recover, in the name of

the State, damages from such person. The measure of damages shall be the amount determined by the Department and the North Carolina Wildlife Resources Commission, whichever has jurisdiction over the fish and wildlife destroyed to be the replacement cost thereof plus the cost of all reasonable and necessary investigations made or caused to be made by the State in connection therewith. Upon receipt of the estimate of damages caused, the Department shall notify the persons responsible for the destruction of the fish or wildlife in question and may effect such settlement as the Commission may deem proper and reasonable, and if no settlement is reached within a reasonable time, the Commission shall bring a civil action to recover such damages in the superior court in the county in which the discharge took place. Upon such action being brought the superior court shall have jurisdiction to hear and determine all issues or questions of law or fact, arising on the pleadings, including issues of liability and the amount of damages. On such hearing, the estimate of the replacement costs of the fish or wildlife destroyed shall be prima facie evidence of the actual replacement costs of such fish or wildlife. In arriving at such estimate, any reasonably accurate method may be used and it shall not be necessary for any agent of the Wildlife Resources Commission or the Department to collect, handle or weigh numerous specimens of dead fish or wildlife.

The State of North Carolina shall be deemed the owner of the fish or wildlife killed and all actions for recovery shall be brought by the Commission on behalf of the State as the owner of the fish or wildlife. The fact that the person or persons alleged to be responsible for the pollution which killed the fish or wildlife holds or has held a certificate of approval, permit or other document of approval authorized by this Article or any other law of the State shall not bar any such action. The proceeds of any recovery, less the cost of investigation, shall be used to replace, insofar as and as promptly as possible, the fish and wildlife killed, or in cases where replacement is not practicable, the proceeds shall be used in whatever manner the responsible agency deems proper for improving the fish and wildlife habitat in question. Any such funds received are hereby appropriated for these designated purposes. Nothing in this paragraph shall be construed in any way to limit or prevent any other action which is now authorized by this Article.

(8) After issuance of an appropriate order, to withhold the granting of any permit or permits pursuant to G.S. 143-215.1 or G.S. 143-215.108 for the construction or operation of any new or additional disposal system or systems or air-cleaning device or devices in any area of the State. Such order may be issued only

upon determination by the Commission, after public hearing, that the permitting of any new or additional source or sources of water or air pollution will result in a generalized condition of water or air pollution within the area contrary to the public interest, detrimental to the public health, safety, and welfare, and contrary to the policy and intent declared in this Article or Article 21B of this Chapter. The Commission may make reasonable distinctions among the various sources of water and air pollution and may direct that its order shall apply only to those sources which it determines will result in a generalized condition of water or air pollution.

The determination of the Commission shall be supported by detailed findings of fact and conclusions set forth in the order and based upon competent evidence of record. The order shall describe the geographical area of the State affected thereby with particularity and shall prohibit the issuance of permits pending a determination by the Commission that the generalized condition of water or air pollution has ceased.

Notice of hearing shall be given in accordance with the provisions of G.S. 150B-21.2.

A person aggrieved by an order of the Commission under this subdivision may seek judicial review of the order under Article 4 of Chapter 150B of the General Statutes without first commencing a contested case. An order may not be stayed while it is being reviewed.

(9) If an investigation conducted pursuant to this Article or Article 21B of this Chapter reveals a violation of any rules, standards, or limitations adopted by the Commission pursuant to this Article or Article 21B of this Chapter, or a violation of any terms or conditions of any permit issued pursuant to G.S. 143-215.1 or 143-215.108, or special order or other document issued pursuant to G.S. 143-215.2 or G.S. 143-215.110, the Commission may assess the reasonable costs of any investigation, inspection or monitoring survey which revealed the violation against the person responsible therefor. If the violation resulted in an unauthorized discharge to the waters or atmosphere of the State, the Commission may also assess the person responsible for the violation for any actual and necessary costs incurred by the State in removing, correcting or abating any adverse effects upon the water or air resulting from the unauthorized discharge. If the person responsible for the violation refuses or fails within a reasonable time to pay any sums assessed, the Commission may institute a civil action in the superior court of the county in which the violation occurred or, in the Commission's discretion, in the superior court of the county in which such

person resides or has his or its principal place of business, to recover such sums.

(10) To require a laboratory facility that performs any tests, analyses, measurements, or monitoring required under this Article or Article 21B of this Chapter to be certified annually by the Department, to establish standards that a laboratory facility and its employees must meet and maintain in order for the laboratory facility to be certified, and to charge a laboratory facility a fee for certification. Fees collected under this subdivision shall be credited to the Water and Air Account and used to administer this subdivision. These fees shall be applied to the cost of certifying commercial, industrial, and municipal laboratory facilities.

(11) Repealed by Session Laws 1983, c. 296, s. 6.

(12) To declare an emergency when it finds that a generalized condition of water or air pollution which is causing imminent danger to the health or safety of the public. Regardless of any other provisions of law, if the Department finds that such a condition of water or air pollution exists and that it creates an emergency requiring immediate action to protect the public health and safety or to protect fish and wildlife, the Secretary of the Department with the concurrence of the Governor, shall order persons causing or contributing to the water or air pollution in question to reduce or discontinue immediately the emission of air contaminants or the discharge of wastes. Immediately after the issuance of such order, the chairman of the Commission shall fix a place and time for a hearing before the Commission to be held within 24 hours after issuance of such order, and within 24 hours after the commencement of such hearing, and without adjournment thereof, the Commission shall either affirm, modify or set aside the order.

In the absence of a generalized condition of air or water pollution of the type referred to above, if the Secretary finds that the emissions from one or more air contaminant sources or the discharge of wastes from one or more sources of water pollution is causing imminent danger to human health and safety or to fish and wildlife, he may with the concurrence of the Governor order the person or persons responsible for the operation or operations in question to immediately reduce or discontinue the emissions of air contaminants or the discharge of wastes or to take such other measures as are, in his judgment, necessary, without regard to any other provisions of this Article or Article 21B of this Chapter. In such event, the requirements for hearing and affirmance, modification or setting aside of such orders set forth in the preceding paragraph of this subdivision shall apply.

(13) Repealed by Session Laws 1983, c. 296, s. 6.

(14) To certify and approve, by appropriate delegations and conditions in permits required by G.S. 143-215.1, requests by publicly owned treatment works to implement, administer and enforce a pretreatment program for the control of pollutants which pass through or interfere with treatment processes in such treatment works; and to require such programs to be developed where necessary to comply with the Federal Water Pollution Control Act and the Resource Conservation and Recovery Act, including the addition of conditions and compliance schedules in permits required by G.S. 143-215.1. Pretreatment programs submitted by publicly owned treatment works shall include, at a minimum, the adoption of pretreatment standards, a permit or equally effective system for the control of pollutants contributed to the treatment works, and the ability to effectively enforce compliance with the program.

(15) To adopt rules for the prevention of pollution from underground tanks containing petroleum, petroleum products, or hazardous substances. Rules adopted under this section may incorporate standards and restrictions which exceed and are more comprehensive than comparable federal regulations.

(16) To adopt rules limiting the manufacture, storage, sale, distribution or use of cleaning agents containing phosphorus pursuant to G.S. 143-214.4(e), and to adopt rules limiting the manufacture, storage, sale, distribution or use of cleaning agents containing nitrilotriacetic acid.

(17) To adopt rules to implement Part 2A of Article 21A of Chapter 143."

Section 5.3. G.S. 143-215.3A reads as rewritten:

If a permit is issued, the application fee will be applied as the annual fee for the first year that the permit is in effect. If the application is denied, the application fee shall not be refunded.

(c) Fees collected under this section shall be credited to the Water and Air Quality Account. The Department shall use fees collected pursuant to this section to cover the costs of administering this Part."

"(a) An applicant for certification under this Part shall pay a fee of ~~ten dollars ($10.00)~~ twenty-five dollars ($25.00) for the examination and the certificate."

Section 5.7. Subsection (d) of Section 27.13 of Chapter 18 of the 1995 Session Laws (1996 Second Extra Session) is repealed.

Section 5.8. This Part of this act shall not be construed to relieve any person of the obligation to pay any fee due for any activity described in this Part under the schedule of fees in effect prior to the date this Part becomes effective.

PART VI. INSURANCE LAW CHANGES

Section 6.1. G.S. 58-7-50(d) reads as rewritten:

(2) The insurer requests an examination of its records or assets.

(3) The Commissioner examines an insurer that is impaired or insolvent or is unlikely to be able to meet obligations with respect to known or anticipated claims or to pay other obligations in the normal course of business.

The amount paid by an insurer for an examination of records or assets shall not exceed one hundred thousand dollars ($100,000), unless the insurer and the Commissioner agree on a higher amount."

Section 6.5. G.S. 58-7-16(f) reads as rewritten:

(2) Reserves to be maintained by insurers issuing funding agreements.
(3) Accounting and reporting of funds credited under funding agreements.
(4) Disclosure of information to be given to holders and prospective holders of funding agreements.
(5) Qualification and compensation of persons selling funding agreements on behalf of insurers.

In determining minimum valuation reserves to be maintained by insurers issuing funding agreements, the Commissioner may use any relevant actuarial guideline, regulation, interpretation, or paper published by the Society of Actuaries or the American Academy of Actuaries that the Commissioner considers reasonable."

Section 6.7. G.S. 58-2-205 reads as rewritten:

~~An insurer that, as of October 1, 1993, has mortgage investments that exceed the aggregate limitation specified in this subsection shall submit to the Commissioner no later than January 31, 1994, a plan to bring the amount of mortgage investments into compliance with the limitations by January 1, 2001.~~

The cost of investments made by an insurer in mortgage loans authorized by G.S. 58-7-179 with any one person, or in mortgage pass-through securities and derivatives of mortgage pass-through securities authorized by G.S. 58-7-173(1), (2), (8), or (17), and backed by a single collateral package, shall not exceed three percent (3%) of the insurer's admitted assets. An insurer shall not invest in additional mortgage loans or mortgage pass-through securities and derivatives of mortgage pass-through securities without the Commissioner's consent if the admitted value of all those investments held by the insurer exceeds an aggregate of sixty percent (60%) of the admitted assets of the insurer. Within the aggregate sixty percent (60%) limitation, the admitted value of all mortgage pass-through securities and derivatives of mortgage pass-through securities permitted by G.S. 58-7-173(17) shall not exceed thirty-five percent (35%) of the admitted assets of the insurer. The admitted value of other mortgage loans permitted by G.S. 58-7-179 shall not exceed forty percent (40%) of the admitted assets of the insurer. Mortgage pass-through securities authorized by G.S. 58-7-173(1), (2), or (8) shall only be subject to the single collateral package limitation and the sixty percent (60%) aggregate limitation. No later than January 31, 1999, an insurer that has mortgage investments that exceed the limitations specified in this subsection shall submit to the Commissioner a plan to bring the amount of mortgage investments into compliance with the specified limitations by January 1, 2004."

EXPLANATION OF HOUSE BILL 1429:
Proposed Senate Committee Substitute
Set Regulatory Fees/Various Fees/Insurance

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: September 22, 1998
SPONSOR: Representative Connie Wilson

The proposed Senate Committee Substitute for House Bill 1429 does the following:

- PART I sets the public utility regulatory fee at 0.09%.
- PART II lowers the insurance regulatory charge from 8.75% to 6%. This rate is lower than the rate set in the Senate version of Senate Bill 1199, which was set at 6.5%.
- PART III creates and increases various fees charged by the Secretary of State. With the exception of the effective date, these fee provisions are identical to the fee provisions the Senate passed in Senate Bill 1199 on July 1, 1998. The House also passed these fee provisions in Senate Bill 1199 on second reading on September 22, 1998.
- PART VI increases the autopsy fee from $400 to $1,000. The Senate passed this fee provision in Senate Bill 1199. The House passed this fee provision on second reading on September 22, 1998, in Senate Bill 1199.
- PART V codifies all of the existing fees related to water quality and increases some of them. The Senate passed these fee provisions on July 1, 1998, in Senate Bill 1199. The House passed these fee provisions on second reading on September 22, 1998.
- PART VI makes various changes to the insurance laws. Sections 6.1 through 6.9 are in House Bill 1492, 4th edition. The Senate passed Sections 6.1 through 6.8 in Senate Bill 1300 on July 15, 1998. The last section, Section 6.9, was added in the House Rules Committee.

PART I. Public Utility Regulatory Fee

PART I sets the public utility regulatory fee for fiscal year 1998-99 at 0.09%. This rate maintains the current 0.09% rate set in fiscal year 1997-98. The utility regulatory fee was first imposed in 1989. Its purpose is to defray the State's cost in regulating public utilities. The regulatory fee is imposed on all utilities that are subject to regulation by the North Carolina Utilities Commission. The fee is a percentage of the utility's North Carolina jurisdictional revenues. In general, jurisdictional revenue is revenue derived from providing utility service in North Carolina.

PART II. Insurance Regulatory Charge

PART II. decreases the insurance regulatory charge from 8.75% to 6%. This charge was first imposed in 1991. Its purpose is to make the Department of Insurance receipt-supported and thereby eliminate General Fund support of the Department. The regulatory charge is imposed on insurance companies that pay the gross premiums tax, other than service corporations such as Blue Cross/Blue Shield and Delta Dental Corporation. Health maintenance organizations do not pay the regulatory charge because they do not pay the gross premiums tax. The charge is a percentage of the insurance company's premiums tax liability.

Last year, the General Assembly clarified that the premiums tax liability upon which the charge is levied is not reduced by any tax credits allowed a taxpayer for guaranty or solvency fund assessments. This change explains in part the reason why the charge is able to be decreased this fiscal year by 2.75%. Section 2.2 ensures that the regulatory charge will continue to be based upon gross premium tax collections by providing that the premium tax liability upon which the charge is levied is not reduced by any tax credits allowed a taxpayer under Chapter 105. The Economic Opportunity Act of 1989, passed earlier this session by the General Assembly, allows a tax credit against the gross premiums tax for investing in central administrative office property.

PART III. Secretary of State Fee Increases

PART III. contains the fee increases applicable to the Office of the Secretary of State. The revenue generated by these fee increases is credited to the General Fund. These fees become effective January 1, 1999.

- It increases the fee imposed to be commissioned or recommissioned as a notary public from $25 to $30. A commission must be renewed every five years.
- It converts the volume-based registration fee imposed on companies that sell investment securities and mutual funds to North Carolina investors to a flat $2,000 registration fee. The current volume-based registration fee is 1/10 of 1% of the maximum aggregate offering price, not to exceed $1,600.
- It authorizes the Secretary of State to charge a fee for fairness hearings. The amount of the fee is to be based upon the time and expenses incurred by the Secretary's staff. The fee may not be less than $500, nor more than $5,000.

  When securities are being exchanged, as opposed to purchased, a corporation may request the Securities Division to conduct a "fairness hearing" to determine whether the exchange rates and values are fair.

A fairness hearing conducted by the Securities Division exempts the corporation from having to register with the SEC – which is a very costly and time-consuming process.

The Director of the Securities Division conducts between 30 and 35 hearings annually. It takes a minimum of 5-6 hours to a maximum of 18-20 hours to prepare for and conduct a hearing and to generate a post-hearing Order. The Secretary recommends assessing a flat $500 fee for all hearings, and $200 per hour for all staff time devoted to a hearing in excess of 5 hours, not to exceed a maximum of $5,000.

- It increases the fee for authenticating documents from $6.25 to $10.

PART VI. Autopsy Fees

PART VI. increases the fee that may be charged for an autopsy by private contracted pathologists and the medical institutions from $400 to $1,000, effective for autopsies performed on or after January 1, 1999. An autopsy must be performed when a medical examiner, a district attorney, or a superior court judge decides that one is necessary. The cost of performing the autopsy is borne by the State unless the decedent is a resident of the county in which the death or fatal accident occurred. In that instance, the county pays the cost of the autopsy.

Of the 3,570 autopsies performed each year, approximately 2,010 are performed by private contracted pathologists and the remaining 1,560 are performed by the State through the Office of the Chief Medical Examiner in Chapel Hill and the Mecklenburg County Office. The State pays private contracted pathologists to perform 402 autopsies a year. However, the counties pay the State to perform 1,008 autopsies a year.

PART V. Water Quality Fees

PART V. codifies all of the existing fees related to water quality and increases many of them to accomplish two goals: To achieve greater equity among the groups that pay the fees and to maintain the goal of generating 30% of the program's costs through fees. The remaining 70% of the program's costs are funded through General Fund appropriations and federal monies. This Part of the bill was a recommendation of the Environmental Review Commission. It is based upon the recommendations of a 15-member working group that represented business and industry, agriculture, local governments, the conservation community, and economic development interests. These fees become effective January 1, 1999.

PART VI. Insurance Provisions

Section 6.1 amends the law that requires every North Carolina insurance company to maintain its records and assets in this State by making it clear that the Commissioner may permit a domestic insurer to maintain a part of its records or assets outside North Carolina.

Sections 6.2 and 6.3 are technical. They amend two statutory provisions to include a cross-reference to the new statute created in Section 6.4 of the bill.

Section 6.4 adds a new section to the Examination Law that would provide that the Department of Insurance may bill an insurance company for an examination of its records and assets, up to a maximum billing of $100,000 (unless there is a mutual agreement for a higher amount), in only three situations:

1. When a North Carolina insurer keeps records and assets out of North Carolina and the Department needs to examine those out-of-state records or assets.
2. When an insurer requests an examination, usually this happens when another company wants to acquire or merge with the insurer and the insurer wants an official "stamp of approval" on its financial situation.
3. When an insurer is financially unstable. The last item is important because intervention by the Department through an examination can keep the insurer from becoming insolvent, thus avoiding a liquidation and assessments by a guaranty fund on all other insurers. Billing an impaired insurer does not cause further deterioration in the insurer's financial situation.

Section 6.5 amends the law that gives the Commissioner authority to regulate the issuance and sale of funding agreements. In determining the appropriate level of reserves to be required by the Commissioner, the Commissioner's actuarial staff has determined that the statute should reference and permit the Commissioner to use relevant guidelines published by the Society of Actuaries or the American Academy of Actuaries, when determined by the Commissioner to be reasonable.

Section 6.6 changes the schedule for regular examinations of domestic insurers from at least once every three years to every five years.

Section 6.7 allows the Commissioner to adopt rules that are substantially similar to the National Association of Insurance Commissioners model rule for annual audited financial reports. **Section 6.8** permits the Commissioner to adopt expedited temporary rules in order to keep these rules consistent with the NAIC

model rule. The Department needs this flexibility to maintain its accreditation with the NAIC, which is critical for North Carolina insurance companies. This approach will make any rule changes subject to scrutiny through the permanent rulemaking process, which follows the temporary rulemaking process. It just allows changes to go into effect on a temporary basis before the next session of the General Assembly.

Section 6.9 deals with insurance company investments in mortgage loans and mortgage pass-through securities and derivatives of mortgage pass-through securities. The purpose of the rewrite is to clarify the existing statute and to set meaningful limitations on investments in mortgage loans and mortgage pass-through securities. The rewrite is supported by both the Insurance Department and the insurance industry.

The insurance industry is very active in the financial investment markets. The changes proposed in this section will allow North Carolina's insurance companies to compete in the financial investment markets without assuming undue risk. It does so by limiting the percentage of an insurer's total qualified assets that these investments can comprise:

- Investments in loans with any one entity are reduced from 5% to 3% of an insurer's assets.
- Overall limitations on mortgage and mortgage-related investments continues at 60% of assets.
- A limitation of 35% is set on mortgage pass-through securities and derivatives. The types of mortgage pass-through securities in which insurers can invest are those backed by the federal government, insured or guaranteed by the federal government, federal government bonds, debentures, or other securities, and private mortgage obligations that have been rated to qualify for investment by insurers.

EXPLANATION OF HOUSE BILL 1126 (PCS):
No Sales Tax On Pay Phones

TO: Senate Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: September 22, 1998
SPONSOR: Representative Miner

House Bill 1126 would exempt from sales tax pay telephone calls that are paid for by coin, effective January 1, 2000. Credit card calls and other calls not paid for by coin would not be exempt. The gross receipts from sales of all local telecommunications services are subject to State sales tax at 3% (G.S. 105-164.4(a)(4a)) and State gross receipts tax at 3.22% (G.S. 105-120). There is no local sales tax on these services.

When this bill was introduced in April 1997, pay telephone calls were regulated so that the owners were not permitted to raise the price of a call above 25¢. The owners complained that the sales tax forced them to operate at a loss because they could not increase the price of the calls to cover the tax. Last fall, however, pay telephones were deregulated and the price of most calls has increased by 40% or more, generating more than enough revenue to cover the 3% tax. The problem that gave rise to the bill has, therefore, already been solved.

Until 1984, local telecommunications were not subject to sales tax but were subject only to the State franchise tax at the rate of 6% of the gross receipts. (G.S. 105-120). In 1984, part of this gross receipts tax was converted to a State sales tax at 3%, which was the general State sales tax rate at that time.[1] The motivation for the 1984 change was to enable taxpayers to deduct the tax on their federal income tax returns. Shortly thereafter, Congress eliminated the deductibility of State sales taxes. The tax on local telecommunications services has, however, remained divided between franchise gross receipts tax under G.S. 105-120 (3.22%) and State sales tax under G.S. 105-164.4 (3%).

Current law is very inconsistent with regard to sales taxes on sales from coin-operated machines. The following table shows the current law treatment:

---

[1] When the general State sales tax rate was increased from 3% to 4% in 1991, the rate on local telecommunications service was not increased.

Type of Coin Sale	State Sales Tax	Local Sales Tax	Tax Break
Phone Calls	3%	None	None
Cigarettes	4%	2%	None
Soft Drinks	4%	2%	None
Other Vending Sales	4%	2%	50% Reduction
Washers & Dryers	0%	0%	Exempt

Coin-operated washers and dryers are exempt from sales tax. Sales taxes on other coin-operated vending machines, except soft drink and cigarette machines, are reduced by 50%. Sales taxes on coin-operated soft drink and cigarette machines are subject to the full 4% State sales tax and 2% local sales tax. Vending machine sales of food and beverages do not qualify for the reduced State sales tax on food, and are not subject to local prepared meals taxes.

PRINCIPAL CLERK'S OFFICE (FOR ENGROSSMENT)

EXPLANATION OF HOUSE BILL 74:
Proposed Senate Committee Substitute
Credit for Long-Term Care Insurance

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: October 7, 1998
SPONSOR: Representative Cansler

The Proposed Senate Committee Substitute for **House Bill 74** allows a State individual income tax credit of 15% of the premium paid each year on long term care insurance. The credit may not exceed $350 for each policy for which the credit is claimed. The credit may not exceed the amount of tax owed by the taxpayer and there is no provision in the bill to allow unused portions of the credit to be carried forward. The credit becomes effective for taxable years beginning on or after January 1, 1999, and expires for taxable years beginning on or after January 1, 2003. The Legislative Research Commission will study the effect of the credit on the State's Medicaid costs and it must report its findings to the 2003 General Assembly.

A taxpayer may claim a credit for policies that provide coverage for either the taxpayer, the taxpayer's spouse, or a family member for whom the taxpayer provides over half of the support and whose income is below an exemption amount. A long term care insurance policy is one that provides only coverage of long term care services and that meets the following requirements:

1. Is guaranteed renewable.
2. Does not provide for a cash surrender value.
3. Provides that refunds and dividends may only be used to reduce future premiums or to increase future benefit.
4. Does not pay or reimburse expenses which are reimbursable under Medicare.
5. Satisfies consumer protection laws.

Under federal law, premiums paid on long term care insurance contracts are treated as deductible medical expenses. Under the medical expense itemized deduction, unreimbursed medical expenses may be deducted to the extent that the expenses exceed 7.5% of adjusted gross income. To the extent a taxpayer claims a deduction for long term care insurance premiums under the Code, the taxpayer will receive a deduction for State income tax purposes as well since North Carolina uses federal taxable income as the starting point for calculating State taxable income. To prevent a double tax benefit in those cases, the credit is limited to those expenses for which a deduction has not already been claimed. The language in the bill concerning no double tax benefit is identical to the language used in the credit for child health insurance enacted earlier this year.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue

EFFECTIVE DATE: Effective for taxable years beginning on or after January 1, 1999 and expires for taxable years beginning on or after January 1, 2003.

BILL SUMMARY: The bill provides an individual income tax credit equal to 15% of the premium paid each year on long term care insurance. The credit is nonrefunadable and capped at $350 per policy. The tax credit will sunset in tax year 2002. The Legislative Research Commission will study the effect of the credit on the state's Medicaid costs and report its findings to the 2003 General Assembly.

ASSUMPTIONS AND METHODOLOGY:

SURVEY

Due to unreliable survey data from the National Association of Insurance Commissioners on the number of North Carolinians with long term care insurance, the Life and Health Division of the North Carolina Department of Insurance conducted its own survey in May 1998. The Department surveyed 96 insurance companies that had obtained approval of at least one long-term care insurance product in North Carolina between June 1990 and May 1998. Of those surveyed, 85 provided adequate data within the short time frame of the survey. The survey revealed 64,236 North Carolinians were covered by long-term care insurance in 1997. There were 51,605 renewing insureds and 12,631 new insureds. Included in the new insureds are previous

policyholders who had let their policies lapse or had been terminated. The average premium was $1,397.64 for new insureds and $1,209.42 for renewals. The average weighted premium for all insured was $1,246.43.

POLICY ESTIMATES

Statistically, one year of reliable data is not sufficient information for estimating future growth in the price and the number of long term care policies. Officials with the Life and Health Division in the Department of Insurance recommend calculating both the growth in the number of policies and the growth rate for premiums at 5% a year. The premium amount in the chart below is a weighted average of 1) all current policies beginning in 1997 at $1,246 and growing 5% per year, and 2) all new policies beginning in 1998 at $1,398 and growing 5% a year. The tax credit amounts are within the $350 maximum set in the bill. Tax year 1999 cost will impact the FY 1999-00 General Revenue Fund budget.

	Premium Weighted Average	15% Tax Credit	Number of Policies	Estimated Cost
1997	**$1,246**	**$187**	**64,236**	**$12,005,708**
1998	**$1,316**	**$197**	**67,448**	**$13,314,196**

NONREFUNDABLE CREDIT

The Senate Committee Substitute for HB 74 provides a nonrefundable income tax credit for long term care insurance. Socio-demographic data on long term care insurance policy holders is needed to determine the number of taxpayers that have a tax liability great enough to use the proposed tax credit. Unfortunately, such data does not exist for North Carolina. However, national data is available from a 1994 Lifeplans, Inc. national survey of long term care insurance purchasers. The Health Insurance Association of America published the survey findings in a publication entitled "Who Buys Long-Term Care Insurance". The survey found the following about long term care insurance buyers:

average age = 69
39% male / 61% female
62% married / 27% widowed / 12% divorced, never married or separated
income status

less than $20,000	21%
$20,000 to $24,999	16%
$25,000 to $34,999	24%
$35,000 to $49,999	18%
$50,000 and over	20%

total liquid assets

less than $20,000	18%
$20,000 to $49,999	23%
$50,000 to $99,999	18%
$100,000 and over	41%

For this fiscal note, it is assumed that North Carolina long term care insurance purchasers have an income and marital status similar to the national average. In 1999, 62% of the long term care policy holders (43,908) will be married, filing joint tax returns and 38% (26,912) will be filing single returns. The Social Security Administration (SSA) reported that North Carolina retired workers received $729 per month in social security payments in 1997. For this note it is assumed all retirees earn the same payments. Since the North Carolina individual income tax does not apply to these payments, they are excluded from taxable income in the charts below. Also deducted from income are personal exemptions, standard deductions, and a portion of pension benefits. These adjustments are made to income before the state income tax is applied. As shown below, married couples with incomes below $35,000 and single filers with incomes below $20,000 will not have a state income tax liability and thus would not receive the long term care insurance credit.

TECHNICAL CONSIDERATIONS: The 1997 General Assembly conformed the state's income tax laws to changes Congress made in the Internal Revenue Code in 1996. Under federal law, premiums paid on long term care insurance contracts are treated as deductible medical expenses. Under the medical expense itemized deduction, unreimbursed medical expenses may be deducted to the extent that the expenses exceed 7.5% of adjusted gross income. Federal law also allows employers to offer long term care insurance as an untaxed benefit. The taxpayer claiming a deduction for long term care insurance premiums on their federal tax form, will also receive a deduction on their State income tax. In this case, this credit for long term care insurance will offer a limited double benefit.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE AN INDIVIDUAL INCOME TAX CREDIT FOR PREMIUMS PAID ON LONG-TERM CARE INSURANCE.

The General Assembly of North Carolina enacts:

Section 1. Part 2 of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-151.28. Credit for premiums paid on long-term care insurance.**

(a) Credit. -- An individual is allowed, as a credit against the tax imposed by this Division, an amount equal to fifteen percent (15%) of the premium costs paid during the taxable year on a qualified long-term care insurance contract that offers coverage to either the individual, the individual's spouse, or a dependent for whom the individual was allowed to deduct a personal exemption under section 151(c)(1)(A) of the Code for the taxable year. The credit allowed by this section may not exceed three hundred fifty dollars ($350.00) for each qualified long-term care insurance contract for which a credit is claimed. The credit allowed under this section may not exceed the amount of tax imposed by this Part for the taxable year reduced by the sum of all credits allowed, except payments of tax made by or on behalf of the taxpayer. A nonresident or part-year resident who claims the credit allowed by this subsection shall reduce the amount of the credit by multiplying it by the fraction calculated under G.S. 105-134.5(b) or (c), as appropriate.

(b) No Double Benefit. -- If the taxpayer claimed a deduction for health insurance costs of self-employed individuals under section 162(l) of the Code for the taxable

year, the amount of credit otherwise allowed the taxpayer under this section is reduced by the applicable percentage provided in section 162(l) of the Code. If the taxpayer claimed a deduction for medical care expenses under section 213 of the Code for the taxable year, the taxpayer is not allowed a credit under this section. A taxpayer who claims the credit allowed by this section must provide any information required by the Secretary to demonstrate that the amount paid for premiums for which the credit is claimed was not excluded from the taxpayer's gross income for the taxable year.

(c) Definition. -- For purposes of this section, the term 'qualified long-term care insurance contract' has the same meaning as defined in section 7702B of the Code."

Section 2. G.S. 105-160.3(b) is amended by adding a new subdivision to read:

"(6) G.S. 105-151.28. Credit for long-term care insurance."

Section 3. The Legislative Research Commission shall study the effectiveness of the credit enacted by this act. The Department of Revenue shall provide the Commission data on the usage of this credit, including profiles of taxpayer categories using the credit. The Division of Aging, Department of Human Resources, shall provide the Commission data on the effect of the credit on the State's Medicaid costs. The Commission shall report its findings and recommendations to the 2004 Session of the 2003 General Assembly.

Section 4. Sections 1 and 2 of this act are effective for taxable years beginning on or after January 1, 1999, and expire for taxable years beginning on or after January 1, 2004. The remainder of this act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR THE MANDATORY ARBITRATION OF CLAIMS RELATED TO DEFECTIVE SEED.

The General Assembly of North Carolina enacts:

Section 1. G.S. 106-277.29 is repealed.

Section 2. Article 31 of Chapter 106 of the General Statutes is amended by adding the following new sections:

"**§ 106-277.30. Condition precedent to filing an action; notice required.**

(a) Complaint by Buyer. -- When a buyer has reasonable cause to believe that he or she has suffered damages due to the failure of agricultural seeds or vegetable seeds to produce or perform as labeled, as warranted, or as a result of negligence, the buyer shall make a complaint against the dealer from whom the seeds were purchased, alleging the damages sustained or to be sustained, and file the complaint with the Commissioner of Agriculture within such time as to permit inspection of the seeds, crops, or plants. The buyer shall send a copy of the complaint to the dealer by certified or registered mail. A filing fee of one hundred dollars ($100.00) shall be paid to the Department of Agriculture and Consumer Services with each complaint filed. This fee may be used by the Commissioner to offset the expenses of the arbitration committee incurred under G.S. 106-277.32. Within 10 days after receipt of a copy of the complaint, the dealer may file an answer to the complaint and, in that event, shall send a copy to the buyer by certified or registered mail.

(b) Notice Required. -- The seed dealer shall legibly print or type on the seed container or affix a label on the seed container a notice in the following form or using reasonably equivalent language:

'Notice of Mandatory Arbitration

Under the seed laws of some states, arbitration is required as a precondition of maintaining certain legal actions against a seller of seed. Information about this requirement where applicable, may be obtained from a state's Commissioner of Agriculture or corresponding chief agricultural official.'

(c) Condition Precedent. -- Complying with subsection (a) of this section is a condition precedent to the buyer's right to file an action against the seed dealer. This subsection does not apply if the seed dealer fails to provide notice as required under subsection (b) of this section.

(d) Investigation Requested by Seed Dealer. -- Any seed dealer who has received notice, either orally or in writing, that a buyer has reasonable cause to believe that he or she has suffered damage due to the failure of agricultural seeds or vegetable seeds sold by the dealer to perform as labeled, as warranted, or as a result of negligence, may request an investigation by the arbitration committee pursuant to G.S. 106-277.32. A filing fee of one hundred dollars ($100.00) shall be paid to the Department of Agriculture and Consumer Services by the party requesting the investigation. The dealer shall send a copy of the request to the buyer by certified or registered mail. The buyer may file a response to the request with the Commissioner of Agriculture within 10 days of receipt of the request for an investigation.

(e) Referral to Committee. -- The Commissioner of Agriculture shall refer the complaint and the answer to the complaint, if any, to the arbitration committee to investigate and make findings and recommendations on the matters complained of pursuant to G.S. 106-277.32.

"§ 106-277.31. Arbitration committee created; membership; duties.

(a) The Commissioner of Agriculture shall appoint an arbitration committee composed of five members, three of whom shall be appointed upon the recommendation of the following: Director of the Agricultural Research Service, North Carolina State University; Director of the North Carolina Cooperative Extension Service, North Carolina State University; and President of the North Carolina Seedsmen's Association. The other two members shall include: one farmer who is not connected in any way to selling seeds at retail or wholesale and one employee of the Department of Agriculture and Consumer Services. An alternate for each member shall also be appointed in the same manner as that member was appointed to serve whenever that member is unable or unwilling to serve. Each member of the committee shall serve until replaced by the Commissioner of Agriculture. The committee shall elect a chairperson. The chairperson shall conduct all meetings and deliberations and direct all other activities of the committee.

(b) A clerk shall be appointed to serve the committee. The clerk shall be an employee of the Department of Agriculture and Consumer Services. The clerk shall keep accurate and correct records of all meetings and deliberations and perform other duties for the committee as directed by the chairperson.

(c) The purpose of the arbitration committee is to assist seed buyers and seed dealers in determining the matters alleged in complaints made by buyers against seed dealers.

(d) The arbitration committee may be called into session by the Commissioner of Agriculture at the Commissioner's discretion or upon the direction of the chairperson to consider the matters referred to it by the Commissioner of Agriculture.

(e) The Department shall provide administrative support for the investigation under this section. The committee shall adopt rules to govern investigations and hearings. A copy of the rules shall be mailed to each party to a dispute upon receipt of a complaint.

(f) Members of the committee appointed by the Commissioner who are not State employees shall be entitled to receive reimbursement for necessary travel and subsistence expenses pursuant to G.S. 138-5. Other members of the committee shall not be entitled to any compensation or reimbursement of expenses from the Department of Agriculture and Consumer Services.

(g) The Attorney General shall represent the committee in any and all legal proceedings that may arise concerning or against the committee.

"§ 106-277.32. Duties of arbitration committee.

(a) In conducting its investigation of claims referred by the Commissioner of Agriculture, activities of the arbitration committee may include any of the following:

(1) Examine the buyer regarding the buyer's use of the seeds of which the buyer complains and examine the seed dealer on the dealer's packaging, labeling, and selling of the seeds alleged to be faulty.

(2) Grow a representative sample of the alleged faulty seeds to production when such action is deemed by the committee to be necessary.

(3) Hold informal hearings at a time and place directed by the chairperson upon reasonable notice to the buyer and the seed dealer.

(4) Seek evaluations from authorities in allied disciplines, when deemed necessary by the committee.

(5) Visit and inspect the affected site and take samples, make plant counts, and take pictures of affected and unaffected areas.

(b) The committee shall keep a record of its activities and reports on file in the Department of Agriculture and Consumer Services. The Department shall transmit all findings and recommendations to the buyer and to the seed dealer within 30 days of completion of the arbitration.

(c) No investigation shall be made by less than the whole membership of the committee unless the chairperson directs such investigation in writing. Such investigation shall be summarized in writing and considered by the committee in reporting its findings and making its recommendations.

(d) The report of arbitration shall be binding upon all parties to the extent, if any, that they have so agreed in writing subsequent to the filing of a complaint pursuant to G.S. 106-277.30.

"**§ 106-277.33. Filing an action regarding a defective seed claim.**

(a) In the absence of an agreement to be bound by arbitration, a buyer may file an action against a seed seller or assert such claim as a counterclaim or defense in any action brought by the seed seller at any time after the receipt of the report of arbitration under G.S. 106-277.32.

(b) In any court action involving a complaint that has been the subject of an investigation under G.S. 106-277.32, any party may introduce evidence of seed quality, cultivation practices and procedures, and scientific opinion contained in the report of the arbitration committee. Statements of the parties and recommendations of the arbitration committee as resolution of the dispute are not admissible as evidence unless such evidence is otherwise discoverable."

Section 3. This section of this act and G.S. 106-277.31, as enacted by Section 2 of this act, are effective when they become law. The remainder of this act becomes effective December 1, 1998, and applies to complaints filed with the Commissioner of Agriculture pursuant to this act on or after that date.

EXPLANATION OF HOUSE BILL 1055:
Proposed Senate Finance Committee Substitute
Arbitration of Seed Claims

TO: Senate Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: October 6, 1998
SPONSOR: Representative Carolyn Russell

The Senate Committee Substitute for **House Bill 1055** provides that a buyer of seed who brings a cause of action in court against a seed dealer for defective seeds is limited in the amount of damages the buyer can recover from the seed dealer unless the buyer first brings a complaint against the seed dealer before the Seed Board. Under the House version of this bill, the current voluntary system of seed dispute investigation is replaced with a mandatory, but non-binding arbitration. Under the House version of the bill, a buyer could not bring an action in court against a seed dealer unless the buyer first filed a complaint with the arbitration committee.

The Senate version of the bill replaces the current voluntary system North Carolina has with a substantially similar voluntary system. However, unlike the current system, a buyer's right to damages is limited if the buyer does not first seek the help of the voluntary Seed Board. The buyer's right to damages would be limited to actual expenditures paid by the buyer to other persons for the cost of seed, labor, equipment, fertilizer, insecticide, herbicide, land rent, or other expenses incurred in connection with the cultivation of the seed alleged to be defective, less any value received by the buyer arising from the sale or transfer of any crops grown for the see in questions.

The Seed Board created by this act has one additional duty than the current investigation committee: to visit and inspect the affected site and take samples, make plant counts, and take pictures of affected and unaffected areas. The Seed Board has substantially the same membership as the current investigation committee: representatives of farm groups, seed companies, universities, and the Department of Agriculture, and one farmer who is not connected in any way to selling seeds at retail or wholesale. The Seed Board's purpose is to address issues which are technical in nature: the buyer's use of the seed, the seed dealer's packaging of the see, an evaluation of the seed's product, an inspection of the affected site, etc.

Under the bill, seed dealers would be required to provide notice that North Carolina offers a special seed board as an alternative to filing a court action and that failure to seek the help of this board will limit the amount of damages the buyer may be able to recover in court. To initiate this procedure, the buyer must make a sworn complaint against the seed dealer, file the complaint with the Commissioner of Agriculture within time to permit the arbitration committee to inspect the seed, crops, or plants alleged to be defective before they are destroyed, and pay a filing fee of $100. The current filing fee is $10.

LEGISLATIVE FISCAL ESTIMATE

BILL NUMBER: H.B. 1055 SCS

SHORT TITLE: Arbitration of Seed Claims

FISCAL IMPACT

	FY 1998-99	FY 1999-00	FY 2000-01	FY 2001-02	FY 2002-03
REVENUES	$1,850	$3,900	$4,100	$4,300	$4,500

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina Department of Agriculture.

EFFECTIVE DATE: Section 3 and 4 become effective when it becomes law. The remainder becomes effective January 1, 1999, and applies to agricultural and vegetable seed purchased on or after that date.

BILL SUMMARY: The bill allows the parties involved in a disagreement about the quality of agricultural seeds to request an investigation by a special "Seed Board", and participate in special arbitration. The bill directs the Agriculture Commissioner to appoint a five-member Seed Board. Three members will be appointed on the recommendations of the NCSU Agricultural Research Service Director, the Cooperative Extension Director, and the President of the North Carolina Seedmen's Association. The bill also directs the Commission to appoint one farmer (not connected to seed sales) and one Department employee to the Board. The committee must conduct an investigation when they receive a complaint from a buyer or a request for investigation from a dealer. The bill requires that the complaint be filed within a time period that allows for inspection of the affected seed, crops, or plants. Both dealers and buyers must pay a $100 fee when filing their complaint or request for investigation. Once a buyer files a complaint, they must notify the dealer. The deal has ten days to file a response. After the 10 day period, the Seed Board will begin their investigation, following the guidelines in the bill. The findings of the Seed Board are binding if the buyer and dealer have agreed, in advance, to abide by the decision of the Board. If legal action is taken by either party after the Board completes its

investigation, the committee's findings are admissible as evidence. If the buyer alleges damages and does not file a complaint with the Seed Board, their right to recovery in court is limited to their actual cultivation related expenses.

ASSUMPTIONS AND METHODOLOGY: According to the Department of Agriculture's legal staff, Georgia is the only state with a seed arbitration program substantially similar to the bill. The Georgia seed arbitration program has been in operation for three years. The Georgia program received eight (8) complaints or requests for investigation in 1995, fifteen (15) in 1996, and thirty (30) in 1997. They also report receiving more than 30 complaints and/or requests for investigation, so far, in 1998. Based on these estimates, and the relative size of the seed market, the North Carolina Department of Agriculture estimates that they will receive twenty-five (25) buyer complaints and twelve (12) dealer requests for investigation. Assuming each buyer and dealer pays the $100.00 filing fee, the bill would generate $3,700 in FY 1998-9 (37 Total complaints and requests for investigation X $100), if the bill were in effect for the entire year. The FY 1998-9 estimate shown in the table above represents the actual revenue expected in FY 1998-9 as adjusted for the January 1, 1999, effective date.

The North Carolina Department of Agriculture expects the number of complaints and/or requests for investigation to increase with the continued development of genetically modified crop varieties. These new varieties are resistant to pests and tolerate certain herbicides. Because these genetically modified seeds are more expensive (Since the introduction of these genetically modified seeds three years ago, national farm expenditures for seeds have increased an average of 7.5% per year.), and the risks associated with non-performance greater, farmers are likely to seek compensation for seed failure. This note assumes 5% annual growth in the number of filings.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR THE INVESTIGATION AND RESOLUTION OF CLAIMS RESULTING FROM DEFECTIVE SEED.

The General Assembly of North Carolina enacts:

Section 1. G. S. 106-277.2 reads as rewritten:

"**§ 106-277.2. Definitions.**

(2) The term 'agricultural seeds' shall include the seed of grass, forage, cereal, fiber crops and any other kinds of seeds commonly recognized within this State as agricultural or field seeds, lawn seeds and mixtures of such seeds, and may include noxious-weed seeds when the Commissioner determines that such seed is being used as agricultural seed.

(3) The term 'blend' means a mechanical combination of varieties identified by a blend designation in which each component variety is equal to or above the minimum standard germination for its class; which is always present in the same percentage in each lot identified by the same 'blend' designation; and for which research

data supports an advantage of the 'blend' over the singular use of either component variety. 'Blend' designations shall be treated as variety names.

~~(3)~~ (3a) The term 'Board' means the North Carolina Board of Agriculture as established under G.S. 106-2.

(3b) The term 'brand' means an identifying numeral, letter, word, or any combination of these, used with the word 'brand' to designate source of seeds.

(5) The term 'clone' means all the individuals derived by vegetative propagation from a single, original individual.

(7) The term 'Commissioner' means the Commissioner of Agriculture of North Carolina or his designated agent or agents.

(8) The term 'date of test' means the month and year the percentage of germination appearing on the label was obtained by laboratory test.

(9) The term 'dealer' or 'vendor' shall mean any person, not classified as a grower, who buys, sells or offers for sale any seed for seeding purposes and shall include any person who has seed grown under contract for resale for seeding purposes.

(9a) The term 'Department' means the Department of Agriculture and Consumer Services as established in G.S. 106-2.

~~(9a)~~ (9b) The term 'distribute' means to provide seed for seeding purposes to more than five persons, but shall not include seed provided for educational purposes.

(10) The term 'germination' means the percentages by count of seeds under consideration, determined to be capable of producing normal seedlings in a given period of time and under normal conditions.

(11) The term 'grower' shall mean any person who produces seed, directly as a landlord, tenant, sharecropper or lessee, which are offered or exposed for sale.

(12) The term 'hard seeds' means seeds which, because of hardness or impermeability, do not absorb moisture and germinate but remain hard during the normal period of germination.

(13) The term 'hybrid' means the first generation seed of a cross produced by controlling cross-fertilization within prescribed limits and combining (i) two or more inbred lines or clones, or (ii) one or more inbred lines or clones with an open-pollinated variety, or (iii) two or more varieties or species, clonal or otherwise, except open-pollinated varieties of normally cross-fertilized species. The second-generation or subsequent-generation seed from such crosses shall not be designated as hybrids. Hybrid designations shall be treated as variety names. The Board of Agriculture shall prescribe minimum limits of pollination control (percent hybridity) for each hybridized species which will qualify to be labeled 'hybrid'.

(14) The term 'inbred line' means a relatively stable and pure breeding strain resulting from not less than four successive generations of controlled self-pollination or four successive generations of backcrossing in the case of male sterile lines or their genetic equivalent.

(22) 'Noxious-weed seeds' shall be divided into two classes:

b. 'Restricted noxious-weed seeds' are the seeds of weeds which are very objectionable in fields, lawns and gardens in this State and are difficult to control by cultural practices commonly used.

(23) The term 'official certifying agency' means

a. An agency authorized under the laws of a state, territory, or possession to officially certify seed which has standards and procedures approved by the U.S. Secretary of Agriculture to assure the genetic purity and identity of the seed certified, or

(26) The term 'person' shall include any individual, partnership, corporation, company, society or association.

(27) The term 'processing' means cleaning, scarifying or blending to obtain uniform quality and other operations which would change the purity or germination of the seed and therefore require retesting to determine the quality of the seed, but does not include operations such as packaging, labeling, blending together of uniform lots of the same kind or kind and variety without cleaning, or preparation of a mixture without cleaning, any of which would not require retesting to determine the quality of the seed.

(28) The term 'pure seed' means agricultural or vegetable seeds, exclusive of inert matter, weed seeds and all other seeds distinguishable from the kind or kind and variety being considered when examined according to procedures prescribed by rules and regulations promulgated pursuant to the provisions of this Article.

(29) The term 'purity' means the name or names of the kind, type or variety and the percentage or percentages thereof, the percentage of other crop seed; the percentage of weed seeds, including noxious-weed seeds; the percentage of inert matter; and the name and rate of occurrence of each noxious-weed seed.

(30) The terms 'recognized variety name' and 'recognized hybrid designation' mean the name or designation which was first

(31) The term 'screenings' includes seed, inert matter and other materials removed from agricultural or vegetable seed by cleaning or processing.

(32) The term 'seed offered for sale' means any seed or grain, whether in bags, packets, bins or other containers, exposed in salesrooms, storerooms, warehouses or other places where seed is sold or delivered for seeding purposes, and shall be subject to the provisions of the seed law, unless clearly labeled 'not for sale as seed.'

~~(40) 'Blend' -- A mechanical combination of varieties identified by a blend designation in which each component variety is equal to or above the minimum standard germination for its class; which is always present in the same percentage in each lot identified by the same "blend" designation; and for which research data supports an advantage of the "blend" over the singular use of either component variety. "Blend" designations shall be treated as variety names.~~

Section 2. G.S. 106-277.29 is repealed.

Section 3. Article 31 of Chapter 106 of the General Statutes is amended by adding the following new sections:

"**§ 106-277.30. Filing complaint; investigation; referral to Seed Board.**

(a) Complaint by Buyer. -- When a buyer believes that he or she has suffered damages due to the failure of agricultural or vegetable seed to produce or perform as labeled or as warranted, or as the result of negligence, the buyer may make a sworn complaint against the dealer from whom the seeds were purchased, alleging the damages sustained or to be sustained, and file the complaint with the Commissioner within such time as to permit inspection of the seed, crops, or plants. The buyer shall send a copy of the complaint to the dealer by registered mail. A filing fee of one hundred dollars ($100.00) shall be paid to the Department with each complaint filed. This fee may be used by the Commissioner to offset the expenses of the Seed Board incurred under G.S. 106-277.32. Within 10 days after receipt of a copy of the complaint, the dealer may file an answer to the complaint and, in that event, shall send a copy to the buyer by registered mail.

(b) Investigation Requested by Dealer. -- Any dealer who has received notice, either orally or in writing, that a buyer believes that he or she has suffered damage due to the failure of agricultural or vegetable seed sold by the dealer to perform as labeled or as warranted, or as a result of negligence, may request an investigation by the Seed Board pursuant to G.S. 106-277.32. A filing fee of one hundred dollars ($100.00) shall be paid to the Department by the party requesting the investigation. The dealer shall send a copy of the request to the buyer by registered mail. The buyer may file a response to the request with the Commissioner within 10 days of receipt of the request for an investigation.

(c) Referral to Seed Board. -- The Commissioner shall refer the complaint or request for investigation to the Seed Board to investigate and make findings and recommendations on the matters complained of pursuant to G.S. 106-277.32.

"**§ 106-277.31. Notice required.**

Dealers shall legibly print or type on each seed container or affix a label on each seed container a notice in the following form or using reasonably equivalent language:

'**Notice of Claims Procedure for Defective Seed**

North Carolina provides an opportunity for persons who believe that they have suffered damage from the failure of agriculture or vegetable seeds to perform as labeled or warranted, or as a result of negligence, to have the matter investigated and heard before a special seed board as an alternative to filing a court action. To take advantage of this procedure, a purchaser of seed must file a complaint with the North Carolina Commissioner of Agriculture in time for the seed, crop, or plants to be inspected. Failure to follow this procedure will limit the amount of damages you

may be able to recover. Please contact the Commissioner of Agriculture for information about this claims procedure.'

"**§ 106-277.32. Seed Board created; membership; duties.**

(a) The Commissioner shall appoint a Seed Board composed of five members, three of whom shall be appointed upon the recommendation of the following: Director of the Agricultural Research Service, North Carolina State University; Director of the North Carolina Cooperative Extension Service, North Carolina State University; and President of the North Carolina Seedsmen's Association. The other two members shall include: one farmer who is not connected in any way to selling seeds at retail or wholesale and one employee of the Department. An alternate for each member shall also be appointed in the same manner as that member was appointed to serve whenever that member is unable or unwilling to serve. Each member of the Board shall serve a four-year term at the discretion of the Commissioner. The Board shall elect a chairperson. The chairperson shall conduct all meetings and deliberations and direct all other activities of the Board. Three members of the Board shall constitute a quorum and at least three board members must vote affirmatively for the Board to take any action.

(b) A clerk shall be appointed to serve the Board. The clerk shall be an employee of the Department. The clerk shall keep accurate and correct records of all meetings and deliberations and perform other duties for the Board as directed by the chairperson.

(c) The Department shall provide administrative support for the investigation under this section. The Board shall adopt rules to govern investigations and hearings. A copy of the rules shall be mailed to each party to a dispute upon receipt of a complaint.

(d) Members of the Board appointed by the Commissioner who are not governmental employees shall be entitled to receive reimbursement for necessary travel and subsistence expenses pursuant to G.S. 138-5. Members of the Board who are State employees shall be entitled to receive reimbursement for necessary travel and subsistence expenses pursuant to G.S. 138-6.

(e) The Attorney General shall represent the Board in any and all legal proceedings that may arise concerning or against the Board.

"**§ 106-277.33. Duties of Seed Board.**

(a) In conducting its investigation of claims referred by the Commissioner, the Seed Board may engage in the following activities:

(1) Examine the buyer regarding the buyer's use of the seed of which the buyer complains and examine the dealer on the dealer's packaging, labeling, and selling of the seed alleged to be faulty.

(2) Grow a representative sample of the alleged faulty seed to production when such action is deemed by the Board to be necessary.

(3) Hold informal hearings at a time and place directed by the chairperson upon reasonable notice to the buyer and the dealer.

(4) Seek evaluations from authorities in allied disciplines, when deemed necessary by the Board.

(5) Visit and inspect the affected site and take samples, make plant counts, and take pictures of affected and unaffected areas.

(b) The Board shall keep a record of its activities and reports on file in the Department. The Department shall transmit all findings and recommendations to the buyer and to the dealer within 30 days of completion of the investigation.

(c) No investigation shall be made by less than the whole membership of the Board unless the chairperson directs such investigation in writing. Such investigation shall be summarized in writing and considered by the Board in reporting its findings and making its recommendations.

(d) The report of the investigation and the recommendations of the Seed Board shall be binding upon all parties to the extent, if any, that they have so agreed in writing subsequent to the filing of the complaint pursuant to G.S. 106-277.30.

"**§ 106-277.34. Actions regarding defective seed claims; evidence.**

(a) In any court action involving a complaint that has been the subject of an investigation under G.S. 106-277.32, any party may introduce evidence of seed quality, cultivation practices and procedures, and scientific opinion contained in the report of the Seed Board. Statements of the parties and recommendations of the Seed Board as resolution of the dispute are not admissible as evidence unless such evidence is otherwise discoverable.

(b) In any court action where a buyer alleges that he or she suffered damages due to the failure of agricultural or vegetable seed to produce or perform as labeled or warranted, or as the result of negligence, and the buyer failed to make a sworn complaint against the dealer as set forth in G.S. 106-277.30, the buyer's right to recover damages shall be limited to actual expenditures paid by the buyer to other persons for the cost of seed, labor, equipment, fertilizer, insecticide, herbicide, land rent, or other expenses incurred in connection with the cultivation of the seed alleged to be defective, less any value received by the buyer arising from the sale or transfer of any crops grown from the seed in question."

Section 4. The Cooperative Extension Service shall make information about the alternative claims procedure set forth in this act available to the farmers of the State. Among the means used to disseminate information about the program, the Cooperative Extension Service may consider the publication of brochures, inclusion of the material in relevant continuing education programs, and through routine contacts with farmers by county extension agents.

Section 5. G.S. 106-277.32 and G.S. 106-277.33, as enacted in Section 3 of this act, and Section 4 of this act are effective when this act becomes law. The remainder of this act becomes effective January 1, 1999, and applies to agricultural and vegetable seed purchased on or after that date.

Section 1. G.S. 7A-517 reads as rewritten:

"**§ 7A-517. Definitions.**

Unless the context clearly requires otherwise, the following words have the listed meanings:

Section 2. G.S. 7A-544 reads as rewritten:

"**§ 7A-544. Investigation by Director; access to confidential information; notification of person making the report.**

When a report of abuse, neglect, or dependency is received, the Director of the Department of Social Services shall make a prompt and thorough investigation in order to ascertain the facts of the case, the extent of the abuse or neglect, and the risk of harm to the juvenile, in order to determine whether protective services should be provided or the complaint filed as a petition. When the report alleges abuse, the Director shall immediately, but no later than 24 hours after receipt of the report, initiate the investigation. When the report alleges neglect or dependency, the Director shall initiate the investigation within 72 hours following receipt of the report. The investigation and evaluation shall include a visit to the place where the juvenile resides. All information received by the Department of Social Services, including the identity of the reporter, shall be held in strictest confidence by the Department.

When a report of a juvenile's death as a result of suspected maltreatment or a report of suspected abuse, neglect, or dependency of a juvenile is received, the Director of the Department of Social Services shall immediately ascertain if other juveniles remain in the home, and, if so, initiate an investigation in order to determine whether they require protective services or whether immediate removal of the juveniles from the home is necessary for their protection.

If the investigation indicates that abuse, neglect, or dependency has occurred, the Director shall decide whether immediate removal of the juvenile or any other juveniles in the home is necessary for their protection. If immediate removal does not seem necessary, the Director shall immediately provide or arrange for protective services. If the parent or other caretaker refuses to accept the protective services provided or arranged by the Director, the Director shall sign a complaint seeking to invoke the jurisdiction of the court for the protection of the juvenile or juveniles.

If immediate removal seems necessary for the protection of the juvenile or other juveniles in the home, the Director shall sign a complaint which alleges the applicable facts to invoke the jurisdiction of the court. Where the investigation shows that it is warranted, a protective services worker may assume temporary custody of the juvenile for the juvenile's protection pursuant to Article 46 of this Chapter.

In performing any duties related to the investigation of the complaint or the provision or arrangement for protective services, the Director may consult with any public or private agencies or individuals, including the available State or local law-enforcement officers who shall assist in the investigation and evaluation of the

seriousness of any report of abuse, neglect, or dependency when requested by the Director. The Director or the Director's representative may make a written demand for any information or reports, whether or not confidential, that may in the Director's opinion be relevant to the investigation of or the provision for protective services. Upon the Director's or the Director's representative's request and unless protected by the attorney-client privilege, any public or private agency or individual shall provide access to and copies of this confidential information and these records to the extent permitted by federal law and regulations. If a custodian of criminal investigative information or records believes that release of the information will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation, it may seek an order from a court of competent jurisdiction to prevent disclosure of the information. In such an action, the custodian of the records shall have the burden of showing by a preponderance of the evidence that disclosure of the information in question will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation. Actions brought pursuant to this paragraph shall be set down for immediate hearing, and subsequent proceedings in the actions shall be accorded priority by the trial and appellate courts.

Within five working days after receipt of the report of abuse, neglect, or dependency, the Director shall give written notice to the person making the report, unless requested by that person not to give notice, as to whether the report was accepted for investigation and whether the report was referred to the appropriate State or local law enforcement agency.

Within five working days after completion of the protective services investigation, the Director shall give subsequent written notice to the person making the report, unless requested by that person not to give notice, as to whether there is a finding of abuse, neglect, or dependency, whether the county Department of Social Services is taking action to protect the juvenile, and what action it is taking, including whether or not a petition was filed. The person making the report shall be informed of procedures necessary to request a review by the prosecutor of the Director's decision not to file a petition. A request for review by the prosecutor shall be made within five working days of receipt of the second notification. The second notification shall include notice that, if the person making the report is not satisfied with the Director's decision, he may request review of the decision by the prosecutor within five working days of receipt. The person making the report may waive the person's right to this notification and no notification is required if the person making the report does not identify himself to the Director."

Section 3. G.S. 7A-576 reads as rewritten:

"§ 7A-576. Place of secure or nonsecure custody.

(a) A juvenile meeting the criteria set out in G.S. 7A-574, subsection (a), may be placed in nonsecure custody with the Department of Social Services or a person designated in the order for temporary residential placement in:

(1) A licensed foster home or a home otherwise authorized by law to provide such care or
(2) A facility operated by the Department of Social Services or
(3) Any other home or ~~facility~~ facility, including a relative's home, approved by the court and designated in the order.

In placing a juvenile in nonsecure custody under this ~~section and under G.S. 7A-629 and G.S. 7A-651,~~ section, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order placement of the juvenile with the ~~relative.~~ relative unless the court finds that placement with the relative would be contrary to the best interests of the juvenile. ~~Prior to placement~~ In placing a juvenile in nonsecure custody under this section, the court shall consider the Indian Child Welfare Act, Pub. L. No. 95-608, 25 U.S.C. §§ 1901, et seq., as amended, and the Howard M. Metzenbaum Multiethnic Placement Act of 1994, Pub. L. No. 103-382, 108 Stat. 4056, as amended, as they may apply. Placement of a juvenile with a relative outside of this ~~State, the placement~~ State must be in accordance with the Interstate Compact on the Placement of Children.

(b) A juvenile meeting the criteria set out in G.S. 7A-574(b) may be temporarily detained in an approved county detention home or a regional detention facility which shall be separate from any jail, lockup, prison, or other adult penal institution. It shall be unlawful for a county or any unit of government to operate a juvenile detention home unless the facility meets the standards promulgated by the Department of Health and Human Services."

Section 4. G.S. 7A-577 reads as rewritten:

"**§ 7A-577. Hearing to determine need for continued secure or nonsecure custody.**

(a) No juvenile shall be held under a secure custody order for more than five calendar days or under a nonsecure custody order for more than seven calendar days, without a hearing on the merits or a hearing to determine the need for continued custody. A hearing on secure custody conducted under this subsection may not be continued or waived. A hearing on nonsecure custody conducted under this subsection may be continued for up to 10 business days with the consent of the juvenile's parent, guardian, or custodian, and, if appointed, the juvenile's guardian ad litem. In addition, the court may require the consent of additional parties or may schedule the hearing on nonsecure custody despite a party's consent to a continuance. In every case in which an order has been entered by an official exercising authority delegated pursuant to G.S. 7A-573, a hearing to determine the need for continued custody shall be conducted on the day of the next regularly scheduled session of district court in the city or county where the order was entered if such session precedes the expiration of the applicable time period set forth in this subsection: Provided, that if such session does not precede the expiration of the time period, the hearing may be conducted at another regularly scheduled session of district court in the district where the order was entered.

(b) Any juvenile who is alleged to be delinquent shall be advised of the right to have legal representation as provided in G.S. 7A-584 if the juvenile appears without counsel at the hearing.

(c) At a hearing to determine the need for continued custody, the judge shall receive testimony and shall allow the juvenile, and the juvenile's parent, guardian, or custodian an opportunity to introduce evidence, to be heard in their own behalf, and to examine witnesses. The State shall bear the burden at every stage of the proceedings to provide clear and convincing evidence that restraints on the juvenile's liberty are necessary and that no less intrusive alternative will suffice. The judge shall not be bound by the usual rules of evidence at such hearings.

(d) The judge shall be bound by criteria set forth in G.S. 7A-574 in determining whether continued custody is warranted.

(e) The judge shall impose the least restrictive interference with the liberty of a juvenile who is released from secure custody including:

(1) Release on the written promise of the juvenile's parent, guardian, or custodian to produce the juvenile in court for subsequent proceedings; or

(2) Release into the care of a responsible person or organization; or

(3) Release conditioned on restrictions on activities, associations, residence or travel if reasonably related to securing the juvenile's presence in court; or

(4) Any other conditions reasonably related to securing the juvenile's presence in court.

(f) If the judge determines that the juvenile meets the criteria in G.S. 7A-574 and should continue in custody, the judge shall issue an order to that effect. The order shall be in writing with appropriate findings of fact. The findings of fact shall include the evidence relied upon in reaching the decision and the purposes which continued custody is to achieve.

(g) Pending a hearing on the merits, further hearings to determine the need for continued secure custody shall be held at intervals of no more than seven calendar days. A subsequent hearing on continued nonsecure custody shall be held within seven business days, excluding Saturdays, Sundays, and legal holidays, of the initial hearing required in subsection (a) of this section and hearings thereafter shall be held at intervals of no more than 30 calendar days.

(g1) Hearings conducted under subsection (g) of this section may be waived as follows:

(1) In the case of a juvenile alleged to be delinquent, only with the consent of the juvenile, through counsel for the juvenile; and

(2) In the case of a juvenile alleged to be abused, neglected, or dependent, only with the consent of the juvenile's parent, guardian, or custodian, and, if appointed, the juvenile's guardian ad litem.

The court may require the consent of additional parties or schedule a hearing despite a party's consent to waiver.

~~(h) Any order authorizing the continued nonsecure custody of a juvenile who is alleged to be abused, neglected, or dependent shall include findings as to whether reasonable efforts have been made to prevent or eliminate the need for placement of the juvenile in custody and may provide for services or other efforts aimed at returning the juvenile promptly to a safe home. A finding that reasonable efforts have not been made shall not preclude the entry of an order authorizing continued nonsecure custody when the court finds that continued nonsecure custody is necessary for the protection of the juvenile. Where efforts to prevent the need for the juvenile's placement were precluded by an immediate threat of harm to the juvenile, the court may find that the placement of the juvenile in the absence of such efforts was reasonable. If the court finds through written findings of fact that efforts to eliminate the need for placement of the juvenile in custody clearly would be futile or would be inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time, then the court shall specify in its order that reunification efforts are not required or order that reunification efforts cease.~~

(i) At each hearing to determine the need for continued nonsecure custody, the court shall:

(1) Inquire as to the identity and location of any missing parent. The court shall include findings as to the efforts undertaken to locate the missing parent and to serve that parent. The order may provide for specific efforts aimed at determining the identity and location of any missing parent;

(2) Inquire as to whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order temporary placement of the juvenile with the ~~relative.~~ relative unless the court finds that placement with the relative would be contrary to the best interests of the juvenile. ~~Prior to placement~~ In placing a juvenile in nonsecure custody under this section, the court shall consider the Indian Child Welfare Act, Pub. L. No. 95-608, 25 U.S.C. §§ 1901, et seq., as amended, and the Howard M. Metzenbaum Multiethnic Placement Act of 1994, Pub. L. No. 103-382, 108 Stat. 4056, as amended, as they may apply. Placement of a juvenile with a relative outside of this ~~State, the placement~~ State must be in accordance with the Interstate Compact on the Placement of Children; and

(3) Inquire as to whether there are other juveniles remaining in the home from which the juvenile was removed and, if there are, inquire as to the specific findings of the investigation conducted under G.S. 7A-544 and any actions taken or services provided by the Director for the protection of the other juveniles."

Section 4.1. Article 46 of Chapter 7A of the General Statutes is amended by adding the following new section to read:

"§ 7A-577.1. Reasonable efforts.

(a) An order placing or continuing the placement of a juvenile in the custody or placement responsibility of a county department of social services, whether an order for continued nonsecure custody, a dispositional order, or a review order:

(1) Shall contain a finding that the juvenile's continuation in or return to the juvenile's own home would be contrary to the juvenile's best interest;

(2) Shall contain findings as to whether a county department of social services has made reasonable efforts to prevent or eliminate the need for placement of the juvenile, unless the court has previously determined under subsection (b) of this section that such efforts are not required or shall cease;

(3) Shall contain findings as to whether a county department of social services should continue to make reasonable efforts to prevent or eliminate the need for placement of the juvenile, unless the court has previously determined or determines under subsection (b) of this section that such efforts are not required or shall cease;

(4) Shall specify that the juvenile's placement and care are the responsibility of the county department of social services and that the agency is to provide or arrange for the foster care or other placement of the juvenile; and

(5) May provide for services or other efforts aimed at returning the juvenile to a safe home or at achieving another permanent plan for the juvenile.

A finding that reasonable efforts have not been made by a county department of social services shall not preclude the entry of an order authorizing the juvenile's placement when the court finds that placement is necessary for the protection of the juvenile. Where efforts to prevent the need for the juvenile's placement were precluded by an immediate threat of harm to the juvenile, the court may find that the placement of the juvenile in the absence of such efforts was reasonable.

(b) In any order placing a juvenile in the custody or placement responsibility of a county department of social services, whether an order for continued nonsecure custody, a dispositional order, or a review order, the court may direct that reasonable efforts to eliminate the need for placement of the juvenile shall not be required or shall cease if the court makes written findings of fact that:

(1) Such efforts clearly would be futile or would be inconsistent with the juvenile's health, safety, and need for a safe, permanent home within a reasonable period of time;

(2) A court of competent jurisdiction has determined that the parent has subjected the child to aggravated circumstances as defined in G.S. 7A-517(3a);

(3) A court of competent jurisdiction has terminated involuntarily the parental rights of the parent to another child of the parent; or

(4) A court of competent jurisdiction has determined that: the parent has committed murder or voluntary manslaughter of another child of the parent; has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child or another child of the parent; or has committed a felony assault resulting in serious bodily injury to the child or another child of the parent.

(c) At any hearing at which the court finds that reasonable efforts to eliminate the need for the juvenile's placement are not required or shall cease, the court shall direct that a permanency planning hearing as required by G.S. 7A-657.1 be held within 30 calendar days after the date of the hearing and, if practicable, shall set the date and time for the permanency planning hearing.

(d) In determining reasonable efforts to be made with respect to a juvenile and in making such reasonable efforts, the juvenile's health and safety shall be the paramount concern. Reasonable efforts to preserve or reunify families may be made concurrently with efforts to plan for the juvenile's adoption, to place the juvenile with a legal guardian, or to place the juvenile in another permanent arrangement."

Section 5. G.S. 7A-629 reads as rewritten:

"**§ 7A-629. Adjudicatory hearing.**

The adjudicatory hearing shall be held in the district at such time and place as the chief district judge shall ~~designate.~~ designate but no later than 60 days from the filing of the petition, unless the judge pursuant to G.S. 7A-632 orders that it be held at a later time. The judge may exclude the public from the hearing unless the juvenile moves that the hearing be open, which motion shall be granted."

Section 6. G.S. 7A-647 reads as rewritten:

"**§ 7A-647. Dispositional alternatives for delinquent, undisciplined, abused, neglected, or dependent juvenile.**

The following alternatives for disposition shall be available to any judge exercising jurisdiction, and the judge may combine any of the applicable alternatives when he finds such disposition to be in the best interest of the juvenile:

(1) The judge may dismiss the case, or continue the case in order to allow the juvenile, parent, or others to take appropriate action.

(2) In the case of any juvenile who needs more adequate care or supervision or who needs placement, the judge may:

a. Require that he be supervised in his own home by the Department of Social Services in his county, a court counselor or other personnel as may be available to the court, subject to conditions applicable to the parent or the juvenile as the judge may specify; or

b. Place him in the custody of a parent, relative, private agency offering placement services, or some other suitable person; or

c. Place him in the custody of the Department of Social Services in the county of his residence, or in the case of a

juvenile who has legal residence outside the State, in the physical custody of the Department of Social Services in the county where he is found so that agency may return the juvenile to the responsible authorities in his home state. The Director may, unless otherwise ordered by the judge, arrange for, provide, or consent to, needed routine or emergency medical or surgical care or treatment. In the case where the parent is unknown, unavailable or unable to act on behalf of their child or children, the Director may, unless otherwise ordered by the judge, arrange for, provide or consent to any psychiatric, psychological, educational, or other remedial evaluations or treatment for the juvenile placed by a judge or his designee in the custody or physical custody of a county Department of Social Services under the authority of this or any other Chapter of the General Statutes. Prior to exercising this authority, the Director shall make reasonable efforts to obtain consent from a parent or guardian of the affected child. If the Director can not obtain such consent, the Director shall promptly notify the parent or guardian that care or treatment has been provided and shall give him frequent status reports on the circumstances of the child. Upon request of a parent or guardian of the affected child, the results or records of the aforementioned evaluations, findings or treatment shall be made available to such parent or guardian by the Director unless prohibited by G.S. 122C-53(d). If a juvenile is removed from the home and placed in custody or placement responsibility of a county department of social services, the Director shall not allow unsupervised visitation with, or return physical custody of the juvenile to, the parent or person standing in loco parentis without a hearing at which the court finds that the juvenile will receive proper care and supervision in a safe home.

In placing a juvenile in out-of-home care under this section, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order placement of the juvenile with the relative unless the court finds that the placement is contrary to the best interests of the juvenile. Placement of a juvenile with a relative outside of this State must be in accordance with the Interstate Compact on the Placement of Children.

(3) In any case, the judge may order that the juvenile be examined by a physician, psychiatrist, psychologist or other qualified expert as may be needed for the judge to determine the needs of the juvenile.

a. Upon completion of the examination, the judge shall conduct a hearing to determine whether the juvenile is in need of medical, surgical, psychiatric, psychological, or other treatment and who should pay the cost of the treatment. The county manager, or such person who shall be designated by the chairman of the county commissioners, of the juvenile's residence shall be notified of the hearing, and allowed to be heard. If the judge finds the juvenile to be in need of medical, surgical, psychiatric, psychological or other treatment, the judge shall permit the parent or other responsible persons to arrange for treatment. If the parent declines or is unable to make necessary arrangements, the judge may order the needed treatment, surgery or care, and the judge may order the parent to pay the cost of the care pursuant to G.S. 7A-650. If the judge finds the parent is unable to pay the cost of treatment, the judge shall order the county to arrange for treatment of the juvenile and to pay for the cost of the treatment. The county department of social services shall recommend the facility that will provide the juvenile with treatment.

b. If the judge believes, or if there is evidence presented to the effect that the juvenile is mentally ill or is developmentally disabled, the judge shall refer the juvenile to the area mental health, developmental disabilities, and substance abuse services director for appropriate action. A juvenile shall not be committed directly to a State hospital or mental retardation center; and orders purporting to commit a juvenile directly to a State hospital or mental retardation center except for an examination to determine capacity to proceed shall be void and of no effect. The area mental health, developmental disabilities, and substance abuse director shall be responsible for arranging an interdisciplinary evaluation of the juvenile and mobilizing resources to meet the juvenile's needs. If institutionalization is determined to be the best service for the juvenile, admission shall be with the voluntary consent of the parent or guardian. If the parent, guardian, or custodian refuses to consent to a mental hospital or retardation center admission after such institutionalization is recommended by the area mental health, developmental disabilities, and substance

abuse director, the signature and consent of the judge may be substituted for that purpose. In all cases in which a regional mental hospital refuses admission to a juvenile referred for admission by a judge and an area mental health, developmental disabilities, and substance abuse director or discharges a juvenile previously admitted on court referral prior to completion of his treatment, the hospital shall submit to the judge a written report setting out the reasons for denial of admission or discharge and setting out the juvenile's diagnosis, indications of mental illness, indications of need for treatment, and a statement as to the location of any facility known to have a treatment program for the juvenile in question.

(4) In any case in which a juvenile, who was at least eleven years of age at the time of the offense, is adjudicated delinquent for committing a violation of G.S. 14-27.2 (first degree rape), G.S. 14-27.3 (second degree rape), 14-27.4 (first degree sexual offense), 14-27.5 (second degree sexual offense), or G.S. 14-27.6 (attempted rape or sexual offense), the judge, upon a finding that the juvenile is a danger to the community, may order that the juvenile register in accordance with Part 4 of Article 27A of Chapter 14 of the General Statutes."

Section 7. G.S. 7A-651 reads as rewritten:

"**§ 7A-651. Dispositional order.**

(a) The dispositional order shall be in writing and shall contain appropriate findings of fact and conclusions of law. The judge shall state with particularity, both orally and in the written order of disposition, the precise terms of the disposition including the kind, duration and the person who is responsible for carrying out the disposition and the person or agency in whom custody is vested.

(b) A dispositional order under which a juvenile is removed from the custody of a parent or person standing in loco parentis shall direct that the review hearing required by G.S. 7A-657 be held within ~~six months of~~ 90 days from the date of the ~~juvenile's placement in custody~~ dispositional hearing and, if practicable, shall set the date and time for the review hearing.

(c) Any dispositional order ~~directing placement of a juvenile in foster care shall also contain:~~ shall comply with the requirements of G.S. 7A-577.1.

~~(1) A finding that the juvenile's continuation in or return to his own home would be contrary to the juvenile's best interest; and~~

~~(2) Findings as to whether reasonable efforts have been made to prevent or eliminate the need for placement of the juvenile in foster care. A finding that reasonable efforts were not made shall not preclude entry of a dispositional order authorizing placement in foster care when the court finds that such placement is needed for protection of the juvenile. When efforts to prevent the need for~~

~~the juvenile's placement are precluded by an immediate threat of harm to the juvenile, the court may find that placement of the juvenile in the absence of such efforts is reasonable.~~

~~The order may provide for services or other efforts aimed at returning the juvenile promptly to a safe home. If the court finds through written findings of fact that efforts to eliminate the need for placement of the juvenile in custody clearly would be futile or would be inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time, the court shall specify in its order that reunification efforts are not required or order that reunification efforts cease.~~

~~(d) An order that places a juvenile in the custody of a county department of social services for placement shall specify that the juvenile's placement and care are the responsibility of the county department of social services and that the county department is to provide or arrange for the foster care or other placement of the juvenile.~~ Any dispositional order shall provide for appropriate visitation as may be in the best interests of the juvenile and consistent with the juvenile's health and safety. If the juvenile is placed in the custody or placement responsibility of a county department of social services, the court may order the director to arrange, facilitate, and supervise a visitation plan expressly approved by the court.

(e) An order that commits a juvenile to the Division of Youth Services shall recite detailed findings that support commitment to the Division as the least restrictive alternative in light of the circumstances. These findings shall state that all alternatives to commitment prescribed in G.S. 7A-647, 7A-648, and 7A-649 have been attempted unsuccessfully or were considered and found to be inappropriate and that the juvenile's behavior constitutes a threat to persons or property in the community. These findings shall be supported by substantial evidence in the record that the judge determined the needs of the juvenile, determined the appropriate community resources required to meet those needs, and explored and exhausted or considered inappropriate those resources prior to committing the juvenile to the Division."

Section 8. G.S. 7A-657 reads as rewritten:

"**§ 7A-657. Review of custody order.**

(a) In any case where custody is removed from a ~~parent,~~ parent or person standing in loco parentis, the judge shall conduct a review hearing within ~~six months of~~ 90 days from the date ~~the order was entered,~~ of the dispositional hearing ~~shall conduct a second review within six months after the first review,~~ and shall conduct a subsequent ~~reviews~~ review hearing within six months ~~at least every year~~ thereafter. person or agency the court may specify, indicating the court's impending review. Nothing in this subsection shall be construed to make any foster parent, relative, or preadoptive parent a party to the proceeding solely based on receiving notice and an opportunity to be heard.

(b) Notwithstanding other provisions of this Article, the court may waive the holding of review hearings required by subsection (a), may require written reports to the court by the agency or person holding custody in lieu of review hearings, or order that review hearings be held less often than every ~~12~~ six months, if the court finds by clear, cogent and convincing evidence that:

(1) The juvenile has resided with a relative or has been in the custody of another suitable person for a period of at least one year; and

(2) The placement is stable and continuation of the placement is in the juvenile's best interest; and

(3) Neither the juvenile's best interests nor the rights of any party require that review hearings be held every ~~12~~ six months; and

(4) All parties are aware that the matter may be brought before the court for review at any time by the filing of a motion for review or on the court's own motion; and

(5) The court order has designated the relative or other suitable person as the juvenile's permanent caretaker or guardian of the person.

The court may not waive or refuse to conduct a review hearing if a party files a motion seeking the review.

(c) At every review hearing, the court shall consider information from ~~the Department of Social Services, the court counselor, the juvenile, the parent or person standing in loco parentis, the custodian, the foster parent, the guardian ad litem, and any public or private agency~~ the parent, any person standing in loco parentis, the juvenile, the guardian, any foster parent, relative, or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency which will aid it in its review.

In each case the court shall consider the following criteria and make written findings regarding those that are relevant:

(1) Services which have been offered to reunite the family, or whether efforts to reunite the family clearly would be futile or inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time;

(2) Where the juvenile's return home is unlikely, the efforts which have been made to evaluate or plan for other methods of care;

(3) Goals of the foster care placement and the appropriateness of the foster care plan;

(4) A new foster care plan, if continuation of care is sought, that addresses the role the current foster parent will play in the planning for the juvenile;

(5) Reports on the placements the juvenile has had and any services offered to the juvenile and the parent;
(5a) An appropriate visitation plan;
(5b) If the juvenile is 16 or 17 years of age, a report on an independent living assessment of the juvenile and, if appropriate, an independent living plan developed for the juvenile;
(6) When and if termination of parental rights should be considered;
(7) Any other criteria the court deems necessary.

(d) The judge, after making findings of fact, may appoint a guardian of the person for the juvenile pursuant to G.S. 7A-585 or may make any disposition authorized by G.S. 7A-647, including the authority to place the child in the custody of either parent or any relative found by the court to be suitable and found by the court to be in the best interest of the juvenile. ~~If the juvenile is placed in or remains in the custody of the department of social services, the court may authorize the department to arrange and supervise a visitation plan. Except for such visitation, the juvenile shall not be returned to the parent or person standing in loco parentis without a hearing at which the court finds sufficient facts to show that the juvenile will receive proper care and supervision.~~ The court may enter an order continuing the placement under review or providing for a different placement as is deemed to be in the best interest of the juvenile. If at any time custody is restored to a parent, the court shall be relieved of the duty to conduct periodic judicial reviews of the placement.

~~(d1) At a hearing designated by the court, but at least within 12 months after the juvenile's placement, a review hearing shall be held under this section and designated as a permanency planning hearing. The purpose of the hearing shall be to develop a plan to achieve a safe, permanent home for the juvenile within a reasonable period of time. Notice of the hearing shall inform the parties of the purpose of the hearing. At the conclusion of the hearing, if the juvenile is not returned home, the judge shall make specific findings as to the best plan of care to achieve a safe, permanent home for the juvenile within a reasonable period of time and shall enter an order consistent with those findings.~~

(e) The provisions of ~~subsections (b), (c), and (d) of G.S. 7A-651~~ G.S. 7A-577.1 shall apply to any order entered under this ~~section which continues the foster care placement of a juvenile.~~ section."

Section 8.1. Article 52 of Chapter 7A of the General Statutes is amended by adding the following new section to read:

"**§ 7A-657.1. Permanency planning hearing.**

(a) In any case where custody is removed from a parent or person standing in loco parentis, the judge shall conduct a review hearing designated as a permanency planning hearing within 12 months after the date of the initial order removing custody, and the hearing may be combined, if appropriate, with a review hearing required by G.S. 7A-657. The purpose of the permanency planning hearing shall be to develop a plan to achieve a safe, permanent home for the juvenile within a reasonable period of time. Subsequent permanency planning hearings shall be held at least every six months thereafter, or earlier as set by the court, to review the

progress made in finalizing the permanent plan for the juvenile, or if necessary, to make a new permanent plan for the juvenile. The Director of Social Services shall make a timely request to the clerk to calendar each permanency planning hearing at a session of court scheduled for the hearing of juvenile matters. The clerk shall give 15 days' notice of the hearing and its purpose to the parent and to any person standing in loco parentis, the juvenile if 12 years of age or more, the guardian, any foster parent, relative, or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency the court may specify, indicating the court's impending review. Nothing in this provision shall be construed to make any foster parent, relative, or preadoptive parent a party to the proceeding solely based on receiving notice and an opportunity to be heard.

(b) At any permanency planning review, the court shall consider information from the parent, any person standing in loco parentis, the juvenile, the guardian, any foster parent, relative, or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency which will aid it in the court's review. At the conclusion of the hearing, if the juvenile is not returned home, the court shall consider the following criteria and make written findings regarding those that are relevant:

(1) Whether it is possible for the juvenile to be returned home immediately or within the next six months, and if not, why it is not in the juvenile's best interests to return home;

(2) Where the juvenile's return home is unlikely within six months, whether legal guardianship or custody with a relative or some other suitable person should be established, and if so, the rights and responsibilities which should remain with the parents;

(3) Where the juvenile's return home is unlikely within six months, whether adoption should be pursued, and if so, any barriers to the juvenile's adoption;

(4) Where the juvenile's return home is unlikely within six months, whether the juvenile should remain in the current placement or be placed in another permanent living arrangement and why;

(5) Whether the county department of social services has since the initial permanency plan hearing made reasonable efforts to implement the permanent plan for the juvenile;

(6) Any other criteria the court deems necessary.

(c) At the conclusion of the hearing, the judge shall make specific findings as to the best plan of care to achieve a safe, permanent home for the juvenile within a reasonable period of time. The judge may appoint a guardian of the person for the juvenile pursuant to G.S. 7A-585 or make any disposition authorized by G.S. 7A-647, including the authority to place the child in the custody of either parent or any relative found by the court to be suitable and found by the court to be in the best interests of the juvenile. If the juvenile is not returned home, the court shall enter an order consistent with its findings that directs the department of social services to

make reasonable efforts to place the juvenile in a timely manner in accordance with the permanent plan, to complete whatever steps are necessary to finalize the permanent placement of the juvenile, and to document such steps in the juvenile's case plan. If at any time custody is restored to a parent, or findings are made in accordance with G.S. 7A-657(b), the court shall be relieved of the duty to conduct periodic judicial reviews of the placement.

If the court continues the juvenile's placement in the custody or placement responsibility of a county department of social services, the provisions of G.S. 7A-577.1 shall apply to any order entered under this section.

(d) In the case of a juvenile who is in the custody or placement responsibility of a county department of social services, and has been in placement outside the home for 15 of the most recent 22 months; or a court of competent jurisdiction has determined that the parent has abandoned the child; or has committed murder or voluntary manslaughter of another child of the parent; or has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child or another child of the parent, the court shall order the director of the department of social services to initiate a proceeding to terminate the parental rights of the parent unless the court finds:

(1) The permanent plan for the juvenile is guardianship or custody with a relative or some other suitable person;

(2) The court makes specific findings why the filing of a petition for termination of parental rights is not in the best interests of the child; or

(3) The department of social services has not provided the juvenile's family with such services as the department deems necessary, when reasonable efforts are still required to enable the juvenile's return to a safe home.

(e) If a proceeding to terminate the parental rights of the juvenile's parents is necessary in order to perfect the permanent plan for the juvenile, the director of the department of social services shall file a petition to terminate parental rights within 60 calendar days from the date of the permanency planning hearing unless the court makes written findings why the petition cannot be filed within 60 days. If the court makes findings to the contrary, the court shall specify the time frame in which any needed petition to terminate parental rights shall be filed."

Section 9. G.S. 7A-659 reads as rewritten:

"**§ 7A-659. Post termination of parental rights' placement court review.**

(a) The purpose of each placement review is to insure that every reasonable effort is being made to provide for a permanent placement plan for the child who has been placed in the custody of a county director or licensed child-placing agency, which is consistent with the child's best interest. At each review hearing the court may consider information from the Department of Social Services, the licensed child-placing agency, the guardian ad litem, the child, ~~the~~ any foster parent, relative, or preadoptive parent providing care for the child, and any other person or agency the court determines is likely to aid in the review.

(b) The court shall conduct a placement review not later than six months from the date of the termination hearing when parental rights have been terminated by a petition brought by any person or agency designated in G.S. 7A-289.24(2) through (5) and a county director or licensed child-placing agency has custody of the child. The court shall conduct reviews every six months thereafter until the child is placed for adoption and the adoption petition is filed by the adoptive parents.

(1) No more than 30 days and no less than 15 days prior to each review, the clerk shall give notice of the review to the child if he is at least 12 years of age, the legal custodian of the child, ~~the~~ any foster parent, relative, or preadoptive parent providing care for the child, the guardian ad litem, if any, and any other person or agency the court may specify. Only the child if he is at least 12 years of age, the legal custodian of the child, ~~the~~ any foster parent, relative, or preadoptive parent providing care for the child, and the guardian ad litem shall attend the review hearings, except as otherwise directed by the court. Nothing in this subdivision shall be construed to make any foster parent, relative, or preadoptive parent a party to the proceeding solely based on receiving notice and an opportunity to be heard.

(2) If a guardian ad litem for the child has not been appointed previously by the court in the termination proceeding, the court, at the initial six-month review hearing, may appoint a guardian ad litem to represent the child. The court may continue the case for such time as is necessary for the guardian ad litem to become familiar with the facts of the case.

(c) The court shall consider at least the following in its review:

(1) The adequacy of the plan developed by the county department of social services or a licensed child-placing agency for a permanent placement relative to the child's best interest and the efforts of the department or agency to implement such plan;

(2) Whether the child has been listed for adoptive placement with the North Carolina Adoption Resource Exchange, the North Carolina Photo Adoption Listing Service (PALS), or any other specialized adoption agency; and

(3) The efforts previously made by the department or agency to find a permanent home for the child.

(d) The court, after making findings of fact, shall affirm the county department's or child-placing agency's plans or require specific additional steps which are necessary to accomplish a permanent placement which is in the best interests of the child.

(e) If the child has been placed for adoption prior to the date scheduled for the review, written notice of said placement shall be given to the clerk to be placed in the court file and the review hearing shall be cancelled, with notice of said cancellation given by the clerk to all persons previously notified.

(f) The process of selection of specific adoptive parents shall be the responsibility of and within the discretion of the county department of social services or licensed child-placing agency. The guardian ad litem may request information from and consult with the county department or child-placing agency concerning the selection process. If the guardian ad litem requests information about the selection process, the county shall provide the information within five days. Any issue of abuse of discretion by the county department or child-placing agency in the selection process must be raised by the guardian ad litem within 10 days following the date the agency notifies the court and the guardian ad litem in writing of the filing of the adoption petition."

Section 9.1. Article 24B of Chapter 7A of the General Statutes is amended by adding the following new section to read:

"**§ 7A-289.23.1. Pending child abuse, neglect, or dependency hearings.**

When a juvenile is currently within the jurisdiction of the district court based upon an abuse, neglect, or dependency proceeding, a petition for termination of parental rights to that juvenile may be filed as a motion in the cause in the abuse, neglect, or dependency proceeding. Any parent of that juvenile who was previously served in the abuse, neglect, or dependency proceeding in accordance with G.S. 7A-565 shall be served with the petition to terminate parental rights in accordance with G.S. 1A-1, Rule 5."

Section 10. G.S. 7A-289.27 reads as rewritten:

"**§ 7A-289.27. Issuance of summons.**

(a) Except as provided in G.S. 7A-289.26, upon the filing of the petition, the court shall cause a summons to be issued, directed to the following persons or agency, not otherwise a party petitioner, who shall be named as respondents:

(5) The child, if he or she is 12 years of age or older at the time the petition is filed.

Provided, no summons need be directed to or served upon any parent who has previously surrendered the child to a county department of social services or licensed child-placing agency, nor to any parent who has consented to the adoption of the child by the petitioner. The summons shall notify the respondents to file a written answer within 30 days after service of the summons and petition. Service of the summons shall be completed as provided under the procedures established by G.S.

1A-1, Rule 4(j); but the parent of the child shall not be deemed to be under disability even though such parent is a minor.

(b) The summons shall be issued for the purpose of terminating parental rights pursuant to the provisions of subsection (a) of this section and shall include:

(2) Notice that a written answer to the petition must be filed with the clerk who signed the petition within 30 days after service of the summons and a copy of the petition, or the parent's rights may be terminated;

(6) Notice of the purpose of the hearing and notice that the parents may attend the termination hearing.

(c) If a county department of social services, not otherwise a party petitioner, is served with a petition alleging that the parental rights of the parent should be terminated pursuant to G.S. 7A-289.32, the department shall file a written answer and shall be deemed a party to the proceeding."

Section 11. G.S. 7A-289.32 reads as rewritten:

"**§ 7A-289.32. Grounds for terminating parental rights.**

The court may terminate the parental rights upon a finding of one or more of the following:

(1) Repealed by Session Laws 1979, c. 669, s. 2.

(2) The parent has abused or neglected the child. The child shall be deemed to be abused or neglected if the court finds the child to be an abused child within the meaning of G.S. 7A-517(1), or a neglected child within the meaning of G.S. 7A-517(21).

(3) The parent has willfully left the child in foster care or placement outside the home for more than 12 months without showing to the satisfaction of the court that reasonable progress under the circumstances has been made within 12 months in correcting those conditions which led to the removal of the child. Provided, however, that no parental rights shall be terminated for the sole reason that the parents are unable to care for the child on account of their poverty.

(3a) The burden in such proceedings shall be upon the petitioner to prove the facts justifying such termination by clear and convincing evidence.

(4) The child has been placed in the custody of a county Department of Social Services, a licensed child-placing agency, a child-caring institution, or a foster home, and the parent, for a continuous period of six months next preceding the filing of the petition, has willfully failed for such period to pay a reasonable portion of the cost of care for the child although physically and financially able to do so.

(5) One parent has been awarded custody of the child by judicial decree, or has custody by agreement of the parents, and the other parent whose parental rights are sought to be terminated has for a period of one year or more next preceding the filing of the petition willfully failed without justification to pay for the care, support, and education of the child, as required by said decree or custody agreement.

a. Establish(ed) paternity judicially or by affidavit which has been filed in a central registry maintained by the Department of Health and Human Services; provided, the court shall inquire of the Department of Health and Human Services as to whether such an affidavit has been so filed and shall incorporate into the case record the Department's certified reply; or

Incapability under this subdivision may be the result of substance abuse, mental retardation, mental illness, organic brain syndrome, or any other similar cause or condition.

(8) The parent has willfully abandoned the child for at least six consecutive months immediately preceding the filing of the petition. ~~For the purpose of this subdivision, a child may be willfully abandoned by his or her natural father if the mother of the child had been willfully abandoned by and was living separate and apart from the father at the time of the child's birth, although the father may not have known of such birth; but in any event the~~

~~child must be over the age of three months at the time of the filing of the petition.~~

(9) The parent has committed murder or voluntary manslaughter of another child of the parent or other child residing in the home; has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child, another child of the parent, or other child residing in the home; or has committed a felony assault that results in serious bodily injury to the child, another child of the parent, or other child residing in the home.

(10) The parental rights of the parent with respect to another child of the parent have been terminated involuntarily by a court of competent jurisdiction and the parent lacks the ability or willingness to establish a safe home."

When any of the above is not reasonably available, the preplacement assessment shall state why it is unavailable.

(d) The agency shall conduct an investigation for any criminal record as permitted by law. If a prospective adoptive parent is seeking to adopt a minor who is in the custody or placement responsibility of a county department of social services, a county department of social services shall have the individual's criminal history investigated pursuant to G.S. 48-3-309, and based on the criminal history, make a determination pursuant to subsection (e) of this section as to the individual's fitness to have responsibility for the safety and well-being of children.

(e) In the preplacement assessment, the agency shall review the information obtained pursuant to subsections (b), (c), and (d) of this section and evaluate the

individual's strengths and weaknesses to be an adoptive parent. The agency shall then determine whether the individual is suitable to be an adoptive parent.

(f) If the agency determines that the individual is suitable to be an adoptive parent, the preplacement assessment shall include specific factors which support that determination.

(g) If the agency determines that the individual is not suitable to be an adoptive parent, the replacement assessment shall state the specific concerns which support that determination. A specific concern is one that reasonably indicates that placement of any minor, or a particular minor, in the home of the individual would pose a significant risk of harm to the well-being of the minor.

(h) In addition to the information and finding required by subsections (c) through (g) of this section, the preplacement assessment must contain a list of the sources of information on which it is based.

(i) The Social Services Commission shall have authority to establish by rule additional standards for preplacement assessments."

Section 15. Effective January 1, 1999, Article 3 of Chapter 48 of the General Statutes is amended by adding the following new section to read:

"**§ 48-3-309. Mandatory preplacement criminal checks of prospective adoptive parents seeking to adopt a minor who is in the custody or placement responsibility of a county department of social services.**

(a) The department shall ensure that the criminal histories of all prospective adoptive parents seeking to adopt a minor who is in the custody or placement responsibility of a county department of social services are checked prior to placement and, based on the criminal history, a determination is made as to the individual's fitness to have responsibility for the safety and well-being of children. The department shall ensure that all prospective adoptive parents seeking to adopt a minor who is in the custody or placement responsibility of a county department of social services are checked prior to placement for county, state, and federal criminal histories.

(b) A county department of social services may issue an unfavorable preplacement assessment to a prospective adoptive parent if the county department of social services determines pursuant to G.S. 48-3-303(e) that the individual is unfit to have responsibility for the safety and well-being of children based on the criminal history.

(c) The Department of Justice shall provide to the Department of Health and Human Services the criminal history of such a prospective adoptive parent obtained from the State and National Repositories of Criminal Histories as requested by the Department. The Department shall provide to the Department of Justice, along with the request, the fingerprints of the prospective adoptive parent to be checked, any additional information required by the Department of Justice, and a form consenting to the check of the criminal record and to the use of fingerprints and other identifying information required by the State or National Repositories signed by the individual to be checked. The fingerprints of the prospective adoptive parent shall be forwarded to the State Bureau of Investigation for a search of the State's criminal history record file, and the State Bureau of Investigation shall forward a set of

fingerprints to the Federal Bureau of Investigation for a national criminal history record check.

(d) At the time of the request for a preplacement assessment or at a subsequent time prior to placement, a prospective adoptive parent whose criminal history is to be checked shall be furnished with a statement substantially similar to the following:

'NOTICE

MANDATORY CRIMINAL HISTORY CHECK: NORTH CAROLINA LAW REQUIRES THAT A CRIMINAL HISTORY CHECK BE CONDUCTED PRIOR TO PLACEMENT ON PROSPECTIVE ADOPTIVE PARENTS SEEKING TO ADOPT A MINOR WHO IS IN THE CUSTODY OR PLACEMENT RESPONSIBILITY OF A COUNTY DEPARTMENT OF SOCIAL SERVICES.

'Criminal history' means a county, state, or federal criminal history of conviction or a pending indictment of a crime, whether a misdemeanor or a felony, that bears upon an individual's fitness to have responsibility for the safety and well-being of children, including the following North Carolina crimes contained in any of the following Articles of Chapter 14 of the General Statutes: Article 6, Homicide; Article 7A, Rape and Kindred Offenses; Article 8, Assaults; Article 10, Kidnapping and Abduction; Article 13, Malicious Injury or Damage by Use of Explosive or Incendiary Device or Material; Article 26, Offenses Against Public Morality and Decency; Article 27, Prostitution; Article 39, Protection of Minors; Article 40, Protection of the Family; and Article 59, Public Intoxication; violation of the North Carolina Controlled Substances Act, Article 5 of Chapter 90 of the General Statutes, and alcohol-related offenses such as sale to underage persons in violation of G.S. 18B-302 or driving while impaired in violation of G.S. 20-138.1 through G.S. 20-138.5; or similar crimes under federal law or under the laws of other states. Your fingerprints will be used to check the criminal history records of the State Bureau of Investigation (SBI) and the Federal Bureau of Investigation (FBI).

If it is determined, based on your criminal history, that you are unfit to have responsibility for the safety and well-being of children, you shall have the opportunity to complete, or challenge the accuracy of, the information contained in the SBI or FBI identification records.

If you are denied a favorable preplacement assessment by a county department of social services as a result of the criminal history check, you may request a review of the assessment pursuant to G.S. 48-3-308(a).

Any prospective adoptive parent who intentionally falsifies any information required to be furnished to conduct the criminal history is guilty of a Class 2 misdemeanor.'

Refusal to consent to a criminal history check is grounds for the issuance by a county department of social services of an unfavorable preplacement assessment. Any prospective adoptive parent who intentionally falsifies any information required to be furnished to conduct the criminal history is guilty of a Class 2 misdemeanor.

(e) The department shall notify the prospective adoptive parent's supervising county department of social services of the results of the criminal history check in accordance with the federal and State law regulating the dissemination of the contents of the criminal history file. The department shall not release nor disclose any portion of the prospective adoptive parent's criminal history to the prospective adoptive parent. The department shall also ensure that the prospective adoptive parent is notified of the prospective adoptive parent's right to review the criminal history information, the procedure for completing or challenging the accuracy of the criminal history, and the prospective adoptive parent's right to contest the preplacement assessment of the county department of social services.

A prospective adoptive parent who disagrees with the preplacement assessment of the county department of social services may request a review of the assessment pursuant to G.S. 48-3-308(a).

(f) All the information that the department receives through the checking of the criminal history is privileged information and is not a public record but is for the exclusive use of the department and those persons authorized under this section to receive the information. The department may destroy the information after it is used for the purposes authorized by this section after one calendar year.

(g) There is no liability for negligence on the part of a State or local agency, or the employees of a State or local agency, arising from any action taken or omission by any of them in carrying out the provisions of this section. The immunity established by this subsection shall not extend to gross negligence, wanton conduct, or intentional wrongdoing that would otherwise be actionable. The immunity established by this subsection shall be deemed to have been waived to the extent of indemnification by insurance, indemnification under Article 31A of Chapter 143 of the General Statutes, and to the extent sovereign immunity is waived under the Tort Claims Act, as set forth in Article 31 of Chapter 143 of the General Statutes.

(h) The Department of Justice shall perform the State and national criminal history checks on prospective adoptive parents seeking to adopt a minor in the custody or placement responsibility of a county department of social services and shall charge the Department of Health and Human Services a reasonable fee only for conducting the checks of the national criminal history records authorized by this section. The Division of Social Services, Department of Health and Human Services, shall bear the costs of implementing this section."

Section 16. Article 4 of Chapter 114 of the General Statutes is amended by adding the following new section to read:

"**§ 114-19.7. Criminal record checks prior to placement of prospective adoptive parents seeking to adopt a minor who is in the custody or placement responsibility of a county department of social services.**

The Department of Justice may provide to the Division of Social Services, Department of Health and Human Services, the criminal history from the State and National Repositories of Criminal Histories as defined in G.S. 48-1-101(5a). The Division shall provide to the Department of Justice, along with the request, the fingerprints of the prospective adoptive parent seeking to adopt a minor who is in the custody or placement responsibility of a county department of social services, any additional information required by the Department of Justice, and a form consenting to the check of the criminal record and to the use of fingerprints and other identifying information required by the State or National Repositories signed by the individual to be checked. The fingerprints of the prospective adoptive parent shall be forwarded to the State Bureau of Investigation for a search of the State's criminal history record file, and the State Bureau of Investigation shall forward a set of fingerprints to the Federal Bureau of Investigation for a national criminal history record check. The Division shall keep all information pursuant to this section privileged, as provided in G.S. 48-3-309(f). The Department of Justice shall charge a reasonable fee only for conducting the checks of the national criminal history records authorized by this section."

Section 17. The Legislative Research Commission may study changes proposed to the juvenile justice system contained in House Bill 1561 and Senate Bill 1513, 1997 General Assembly. The study may include other issues relevant to child abuse, neglect, and dependency cases. The Commission shall report its findings, recommendations, and any legislative proposals to the 1999 General Assembly.

Section 19. G.S. 7B-302, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"§ 7B-302. Investigation by director; access to confidential information; notification of person making the report.

When a report of abuse, neglect, or dependency is received, the director of the department of social services shall make a prompt and thorough investigation in order to ascertain the facts of the case, the extent of the abuse or neglect, and the risk of harm to the juvenile, in order to determine whether protective services should be provided or the complaint filed as a petition. When the report alleges abuse, the director shall immediately, but no later than 24 hours after receipt of the report, initiate the investigation. When the report alleges neglect or dependency, the director shall initiate the investigation within 72 hours following receipt of the report. The investigation and evaluation shall include a visit to the place where the juvenile resides. All information received by the department of social services, including the identity of the reporter, shall be held in strictest confidence by the department.

When a report of a juvenile's death as a result of suspected maltreatment or a report of suspected abuse, neglect, or dependency of a juvenile is received, the director of the department of social services shall immediately ascertain if other juveniles remain in the home, and, if so, initiate an investigation in order to determine whether they require protective services or whether immediate removal of the juveniles from the home is necessary for their protection.

If the investigation indicates that abuse, neglect, or dependency has occurred, the director shall decide whether immediate removal of the juvenile or any other juveniles in the home is necessary for their protection. If immediate removal does not

seem necessary, the director shall immediately provide or arrange for protective services. If the parent, guardian, custodian, or caretaker refuses to accept the protective services provided or arranged by the director, the director shall sign a complaint seeking to invoke the jurisdiction of the court for the protection of the juvenile or juveniles.

If immediate removal seems necessary for the protection of the juvenile or other juveniles in the home, the director shall sign a complaint which alleges the applicable facts to invoke the jurisdiction of the court. Where the investigation shows that it is warranted, a protective services worker may assume temporary custody of the juvenile for the juvenile's protection pursuant to Article 5 of this Chapter.

In performing any duties related to the investigation of the complaint or the provision or arrangement for protective services, the director may consult with any public or private agencies or individuals, including the available State or local law enforcement officers who shall assist in the investigation and evaluation of the seriousness of any report of abuse, neglect, or dependency when requested by the director. The director or the director's representative may make a written demand for any information or reports, whether or not confidential, that may in the director's opinion be relevant to the investigation of or the provision for protective services. Upon the director's or the director's representative's request and unless protected by the attorney-client privilege, any public or private agency or individual shall provide access to and copies of this confidential information and these records to the extent permitted by federal law and regulations. If a custodian of criminal investigative information or records believes that release of the information will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation, it may seek an order from a court of competent jurisdiction to prevent disclosure of the information. In such an action, the custodian of the records shall have the burden of showing by a preponderance of the evidence that disclosure of the information in question will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation. Actions brought pursuant to this paragraph shall be set down for immediate hearing, and subsequent proceedings in the actions shall be accorded priority by the trial and appellate courts.

Within five working days after receipt of the report of abuse, neglect, or dependency, the director shall give written notice to the person making the report, unless requested by that person not to give notice, as to whether the report was accepted for investigation and whether the report was referred to the appropriate State or local law enforcement agency.

Within five working days after completion of the protective services investigation, the director shall give subsequent written notice to the person making the report, unless requested by that person not to give notice, as to whether there is a finding of abuse, neglect, or dependency, whether the county department of social services is taking action to protect the juvenile, and what action it is taking, including whether or not a petition was filed. The person making the report shall be informed of

procedures necessary to request a review by the prosecutor of the director's decision not to file a petition. A request for review by the prosecutor shall be made within five working days of receipt of the second notification. The second notification shall include notice that, if the person making the report is not satisfied with the director's decision, the person may request review of the decision by the prosecutor within five working days of receipt. The person making the report may waive the person's right to this notification, and no notification is required if the person making the report does not identify himself to the director."

Section 20. G.S. 7B-505, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-505. Place of nonsecure custody.**

A juvenile meeting the criteria set out in G.S. 7B-503 may be placed in nonsecure custody with the department of social services or a person designated in the order for temporary residential placement in:

(1) A licensed foster home or a home otherwise authorized by law to provide such care; or

(2) A facility operated by the department of social services; or

(3) Any other home or ~~facility~~ facility, including a relative's home approved by the court and designated in the order.

In placing a juvenile in nonsecure custody under this section, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order placement of the juvenile with the ~~relative.~~ relative unless the court finds that placement with the relative would be contrary to the best interests of the juvenile. In placing a juvenile in nonsecure custody under this section, the court shall consider the Indian Child Welfare Act, Pub. L. No. 95-608, 25 U.S.C. §§ 1901, et seq., as amended, and the Howard M. Metzenbaum Multiethnic Placement Act of 1994, Pub. L. No. 103-382, 108 Stat. 4056, as amended, as they may apply. ~~Prior to placement~~ Placement of a juvenile with a relative outside of this ~~State, the placement~~ State must be in accordance with the Interstate Compact on the Placement of Children, Article 38 of this Chapter."

Section 21. G.S. 7B-506, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-506. Hearing to determine need for continued nonsecure custody.**

(a) No juvenile shall be held under a nonsecure custody order for more than seven calendar days without a hearing on the merits or a hearing to determine the need for continued custody. A hearing on nonsecure custody conducted under this subsection may be continued for up to 10 business days with the consent of the juvenile's parent, guardian, custodian, or caretaker and, if appointed, the juvenile's guardian ad litem. In addition, the court may require the consent of additional parties or may schedule the hearing on custody despite a party's consent to a continuance. In every case in which an order has been entered by an official exercising authority delegated pursuant to G.S. 7B-502, a hearing to determine the need for continued

custody shall be conducted on the day of the next regularly scheduled session of district court in the city or county where the order was entered if such session precedes the expiration of the applicable time period set forth in this subsection: Provided, that if such session does not precede the expiration of the time period, the hearing may be conducted at another regularly scheduled session of district court in the district where the order was entered.

(b) At a hearing to determine the need for continued custody, the court shall receive testimony and shall allow the guardian ad litem, or juvenile, and the juvenile's parent, guardian, custodian, or caretaker an opportunity to introduce evidence, to be heard in the person's own behalf, and to examine witnesses. The State shall bear the burden at every stage of the proceedings to provide clear and convincing evidence that the juvenile's placement in custody is necessary. The court shall not be bound by the usual rules of evidence at such hearings.

(c) The court shall be bound by criteria set forth in G.S. 7B-503 in determining whether continued custody is warranted.

(d) If the court determines that the juvenile meets the criteria in G.S. 7B-503 and should continue in custody, the court shall issue an order to that effect. The order shall be in writing with appropriate findings of fact. The findings of fact shall include the evidence relied upon in reaching the decision and the purposes which continued custody is to achieve.

(e) If the court orders at the hearing required in subsection (a) of this section that the juvenile remain in custody, a subsequent hearing on continued custody shall be held within seven business days of that hearing, excluding Saturdays, Sundays, and legal holidays, and pending a hearing on the merits, hearings thereafter shall be held at intervals of no more than 30 calendar days.

(f) Hearings conducted under subsection (e) of this section may be waived only with the consent of the juvenile's parent, guardian, custodian, or caretaker, and, if appointed, the juvenile's guardian ad litem.

The court may require the consent of additional parties or schedule a hearing despite a party's consent to waiver.

~~(g) Any order authorizing the continued custody of a juvenile shall include findings as to whether reasonable efforts have been made to prevent or eliminate the need for placement of the juvenile in custody and may provide for services or other efforts aimed at returning the juvenile promptly to a safe home. A finding that reasonable efforts have not been made shall not preclude the entry of an order authorizing continued custody when the court finds that continued custody is necessary for the protection of the juvenile. Where efforts to prevent the need for the juvenile's placement were precluded by an immediate threat of harm to the juvenile, the court may find that the placement of the juvenile in the absence of such efforts was reasonable. If the court finds through written findings of fact that efforts to eliminate the need for placement of the juvenile in custody clearly would be futile or would be inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time, then the court shall specify in its order that reunification efforts are not required or order that reunification efforts cease.~~

(h) At each hearing to determine the need for continued custody, the court shall:

(1) Inquire as to the identity and location of any missing parent. The court shall include findings as to the efforts undertaken to locate the missing parent and to serve that parent. The order may provide for specific efforts aimed at determining the identity and location of any missing parent;

(2) Inquire as to whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order temporary placement of the juvenile with the ~~relative.~~ relative unless the court finds that placement with the relative would be contrary to the best interests of the juvenile. In placing a juvenile in nonsecure custody under this section, the court shall consider the Indian Child Welfare Act, Pub. L. No. 95-608, 25 U.S.C. §§ 1901, et seq., as amended, and the Howard M. Metzenbaum Multiethnic Placement Act of 1994, Pub. L. No. 103-382, 108 Stat. 4056, as amended, as they may apply. Placement of a juvenile with a relative outside of this State must be in accordance with the Interstate Compact on the Placement of Children set forth in Article 38 of this Chapter; and

(3) Inquire as to whether there are other juveniles remaining in the home from which the juvenile was removed and, if there are, inquire as to the specific findings of the investigation conducted under G.S. 7B-302 and any actions taken or services provided by the director for the protection of the other juveniles."

Section 21.1. If Senate Bill 1260, 1997 General Assembly, is enacted into law by the 1997 General Assembly, then G.S. 7A-577.1, as enacted in Part I of this act is recodified as G.S. 7B-506.1 and reads as rewritten:

"**§ 7B-506.1. Reasonable efforts.**

(a) An order placing or continuing the placement of a juvenile in the custody or placement responsibility of a county department of social services, whether an order for continued nonsecure custody, a dispositional order, or a review order:

(1) Shall contain a finding that the juvenile's continuation in or return to the juvenile's own home would be contrary to the juvenile's best interest;

(2) Shall contain findings as to whether a county department of social services has made reasonable efforts to prevent or eliminate the need for placement of the juvenile, unless the court has previously determined under subsection (b) of this section that such efforts are not required or shall cease;

(3) Shall contain findings as to whether a county department of social services should continue to make reasonable efforts to prevent or eliminate the need for placement of the juvenile, unless the court

has previously determined or determines under subsection (b) of this section that such efforts are not required or shall cease;

(4) Shall specify that the juvenile's placement and care are the responsibility of the county department of social services and that the agency is to provide or arrange for the foster care or other placement of the juvenile; and

(5) May provide for services or other efforts aimed at returning the juvenile to a safe home or at achieving another permanent plan for the juvenile.

A finding that reasonable efforts have not been made by a county department of social services shall not preclude the entry of an order authorizing the juvenile's placement when the court finds that placement is necessary for the protection of the juvenile. Where efforts to prevent the need for the juvenile's placement were precluded by an immediate threat of harm to the juvenile, the court may find that the placement of the juvenile in the absence of such efforts was reasonable.

(b) In any order placing a juvenile in the custody or placement responsibility of a county department of social services, whether an order for continued nonsecure custody, a dispositional order, or a review order, the court may direct that reasonable efforts to eliminate the need for placement of the juvenile shall not be required or shall cease if the court makes written findings of fact that:

(1) Such efforts clearly would be futile or would be inconsistent with the juvenile's health, safety, and need for a safe, permanent home within a reasonable period of time;

(2) A court of competent jurisdiction has determined that the parent has subjected the child to aggravated circumstances as defined in G.S. ~~7A-517(3a);~~ 7B-101;

(3) A court of competent jurisdiction has terminated involuntarily the parental rights of the parent to another child of the parent; or

(4) A court of competent jurisdiction has determined that: the parent has committed murder or voluntary manslaughter of another child of the parent; has aided, abetted, attempted, conspired, or solicited to commit murder or voluntarily manslaughter of the child or another child of the parent; or has committed a felony assault resulting in serious bodily injury to the child or another child of the parent.

(c) At any hearing at which the court finds that reasonable efforts to eliminate the need for the juvenile's placement are not required or shall cease, the court shall direct that a permanency planning hearing as required by G.S. ~~7A-657.1~~ 7B-906.1 be held within 30 calendar days after the date of the hearing and, if practicable, shall set the date and time for the permanency planning hearing.

(d) In determining reasonable efforts to be made with respect to a juvenile and in making such reasonable efforts, the juvenile's health and safety shall be the paramount concern. Reasonable efforts to preserve or reunify families may be made

concurrently with efforts to plan for the juvenile's adoption, to place the juvenile with a legal guardian, or to place the juvenile in another permanent arrangement."

Section 22. G.S. 7B-801, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-801. Hearing.**

(a) At any hearing authorized or required under this Subchapter, the court in its discretion shall determine whether the hearing or any part of the hearing shall be closed to the public. In determining whether to close the hearing or any part of the hearing, the court shall consider the circumstances of the case, including, but not limited to, the following factors:

(1) The nature of the allegations against the juvenile's parent, guardian, custodian or caretaker;

(2) The age and maturity of the juvenile;

(3) The benefit to the juvenile of confidentiality;

(4) The benefit to the juvenile of an open hearing; and

(5) The extent to which the confidentiality afforded the juvenile's record pursuant to G.S. 132-1.4(l) and G.S. 7B-2901 will be compromised by an open hearing.

(b) No hearing or part of a hearing shall be closed by the court if the juvenile requests that it remain open.

(c) The adjudicatory hearing shall be held in the district at such time and place as the chief district court judge shall designate, but no later than 60 days from the filing of the petition unless the judge pursuant to G.S. 7B-803 orders that it be held at a later time.

Section 23. G.S. 7B-903, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-903. Dispositional alternatives for abused, neglected, or dependent juvenile.**

The following alternatives for disposition shall be available to any court exercising jurisdiction, and the court may combine any of the applicable alternatives when the court finds the disposition to be in the best interests of the juvenile:

(1) The court may dismiss the case or continue the case in order to allow the parent, guardian, custodian, caretaker or others to take appropriate action.

(2) In the case of any juvenile who needs more adequate care or supervision or who needs placement, the court may:

a. Require that the juvenile be supervised in the juvenile's own home by the department of social services in the juvenile's county, or by other personnel as may be available to the court, subject to conditions applicable to the parent, guardian, custodian, or caretaker as the court may specify; or

b. Place the juvenile in the custody of a parent, relative, private agency offering placement services, or some other suitable person; or

c. Place the juvenile in the custody of the department of social services in the county of the juvenile's residence, or in the case of a juvenile who has legal residence outside the State, in the physical custody of the department of social services in the county where the juvenile is found so that agency may return the juvenile to the responsible authorities in the juvenile's home state. The director may, unless otherwise ordered by the court, arrange for, provide, or consent to, needed routine or emergency medical or surgical care or treatment. In the case where the parent is unknown, unavailable, or unable to act on behalf of the juvenile, the director may, unless otherwise ordered by the court, arrange for, provide, or consent to any psychiatric, psychological, educational, or other remedial evaluations or treatment for the juvenile placed by a court or the court's designee in the custody or physical custody of a county department of social services under the authority of this or any other Chapter of the General Statutes. Prior to exercising this authority, the director shall make reasonable efforts to obtain consent from a parent or guardian of the affected juvenile. If the director cannot obtain such consent, the director shall promptly notify the parent or guardian that care or treatment has been provided and shall give the parent frequent status reports on the circumstances of the juvenile. Upon request of a parent or guardian of the affected juvenile, the results or records of the aforementioned evaluations, findings, or treatment shall be made available to such parent or guardian by the director unless prohibited by G.S. 122C-53(d). If a juvenile is removed from the home and placed in custody or placement responsibility of a county department of social services, the director shall not allow unsupervised visitation with, or return physical custody of the juvenile to, the parent, guardian, custodian, or caretaker without a hearing at which the court finds that the juvenile will receive proper care and supervision in a safe home.

In placing a juvenile in out-of-home care under this section, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order

placement of the juvenile with the relative unless the court finds that the placement is contrary to the best interests of the juvenile. Placement of a juvenile with a relative outside of this State must be in accordance with the Interstate Compact on the Placement of Children.

(3) In any case, the court may order that the juvenile be examined by a physician, psychiatrist, psychologist, or other qualified expert as may be needed for the court to determine the needs of the juvenile:

a. Upon completion of the examination, the court shall conduct a hearing to determine whether the juvenile is in need of medical, surgical, psychiatric, psychological, or other treatment and who should pay the cost of the treatment. The county manager, or such person who shall be designated by the chairman of the county commissioners, of the juvenile's residence shall be notified of the hearing, and allowed to be heard. If the court finds the juvenile to be in need of medical, surgical, psychiatric, psychological, or other treatment, the court shall permit the parent or other responsible persons to arrange for treatment. If the parent declines or is unable to make necessary arrangements, the court may order the needed treatment, surgery, or care, and the court may order the parent to pay the cost of the care pursuant to G.S. 7B-904. If the court finds the parent is unable to pay the cost of treatment, the court shall order the county to arrange for treatment of the juvenile and to pay for the cost of the treatment. The county department of social services shall recommend the facility that will provide the juvenile with treatment.

b. If the court believes, or if there is evidence presented to the effect that the juvenile is mentally ill or is developmentally disabled, the court shall refer the juvenile to the area mental health, developmental disabilities, and substance abuse services director for appropriate action. A juvenile shall not be committed directly to a State hospital or mental retardation center; and orders purporting to commit a juvenile directly to a State hospital or mental retardation center except for an examination to determine capacity to proceed shall be void and of no effect. The area mental health, developmental disabilities, and substance abuse director shall be responsible for arranging an interdisciplinary evaluation of the juvenile and mobilizing resources to meet the juvenile's needs. If institutionalization is determined to be the best service for the juvenile,

admission shall be with the voluntary consent of the parent or guardian. If the parent, guardian, custodian, or caretaker refuses to consent to a mental hospital or retardation center admission after such institutionalization is recommended by the area mental health, developmental disabilities, and substance abuse director, the signature and consent of the court may be substituted for that purpose. In all cases in which a regional mental hospital refuses admission to a juvenile referred for admission by a court and an area mental health, developmental disabilities, and substance abuse director or discharges a juvenile previously admitted on court referral prior to completion of treatment, the hospital shall submit to the court a written report setting out the reasons for denial of admission or discharge and setting out the juvenile's diagnosis, indications of mental illness, indications of need for treatment, and a statement as to the location of any facility known to have a treatment program for the juvenile in question."

Section 24. G.S. 7B-905, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-905. Dispositional order.**

(a) The dispositional order shall be in writing and shall contain appropriate findings of fact and conclusions of law. The court shall state with particularity, both orally and in the written order of disposition, the precise terms of the disposition including the kind, duration, and the person who is responsible for carrying out the disposition and the person or agency in whom custody is vested.

(b) A dispositional order under which a juvenile is removed from the custody of a parent, guardian, custodian, or caretaker shall direct that the review hearing required by G.S. 7B-906 be held within ~~six months of~~ 90 days from of the date of the ~~juvenile's placement in custody~~ dispositional hearing and, if practicable, shall set the date and time for the review hearing.

(c) Any dispositional order ~~directing placement of a juvenile in foster care shall also contain:~~ shall comply with the requirements of G.S. 7B-506.1.

~~(1) A finding that the juvenile's continuation in or return to the juvenile's home would be contrary to the juvenile's best interests; and~~

~~(2) Findings as to whether reasonable efforts have been made to prevent or eliminate the need for placement of the juvenile in foster care. A finding that reasonable efforts were not made shall not preclude entry of a dispositional order authorizing placement in foster care when the court finds that such placement is needed for protection of the juvenile. When efforts to prevent the need for the juvenile's placement are precluded by an immediate threat of~~

~~harm to the juvenile, the court may find that placement of the juvenile in the absence of such efforts is reasonable.~~ ~~The order may provide for services or other efforts aimed at returning the juvenile promptly to a safe home. If the court finds through written findings of fact that efforts to eliminate the need for placement of the juvenile in custody clearly would be futile or would be inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time, the court shall specify in its order that reunification efforts are not required or order that reunification efforts cease.~~

~~(d) An order that places a juvenile in the custody of a county department of social services for placement shall specify that the juvenile's placement and care are the responsibility of the county department of social services and that the county department is to provide or arrange for the foster care or other placement of the juvenile.~~ Any dispositional order shall provide for appropriate visitation as may be in the best interests of the juvenile and consistent with the juvenile's health and safety. If the juvenile is placed in the custody or placement responsibility of a county department of social services, the court may order the director to arrange, facilitate, and supervise a visitation plan expressly approved by the court."

Section 25. G.S. 7B-906, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-906. Review of custody order.**

(a) In any case where custody is removed from a parent, guardian, custodian, or caretaker the court shall conduct a review hearing within ~~six months of~~ 90 days from the date ~~the order was entered,~~ of the dispositional hearing ~~shall conduct a second review within six months after the first review,~~ and shall conduct ~~subsequent reviews at least every year thereafter.~~ a review hearing within six months thereafter. Nothing in this subsection shall be construed to make any foster parent, relative, or preadoptive parent a party to the proceeding solely based on receiving notice and an opportunity to be heard.

(b) Notwithstanding other provisions of this Article, the court may waive the holding of review hearings required by subsection (a) of this section, may require written reports to the court by the agency or person holding custody in lieu of review hearings, or order that review hearings be held less often than every ~~12~~ six months, if the court finds by clear, cogent, and convincing evidence that:

(1) The juvenile has resided with a relative or has been in the custody of another suitable person for a period of at least one year;

(2) The placement is stable and continuation of the placement is in the juvenile's best interests;
(3) Neither the juvenile's best interests nor the rights of any party require that review hearings be held every ~~12~~ six months;
(4) All parties are aware that the matter may be brought before the court for review at any time by the filing of a motion for review or on the court's own motion; and
(5) The court order has designated the relative or other suitable person as the juvenile's permanent caretaker or guardian of the person.

The court may not waive or refuse to conduct a review hearing if a party files a motion seeking the review.

(c) At every review hearing, the court shall consider information from the ~~department of social services, the juvenile, the parent, the guardian, the custodian, the foster parent, the guardian ad litem, and any public or private agency which will aid it in its review.~~ parent, the juvenile, the guardian, any foster parent, relative, or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency which will aid in its review.

In each case the court shall consider the following criteria and make written findings regarding those that are relevant:

(1) Services which have been offered to reunite the family, or whether efforts to reunite the family clearly would be futile or inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time.
(2) Where the juvenile's return home is unlikely, the efforts which have been made to evaluate or plan for other methods of care.
(3) Goals of the foster care placement and the appropriateness of the foster care plan.
