I, Christine (Tina) M. Kirby, being a Certified Verbatim Reporter and a Notary Public in and for the state of North Carolina, was appointed commissioner by consent to take the HOUSE LEGISLATIVE REDISTRICTING COMMITTEE public hearing held on the 3rd day of October, 2001, beginning at 6:16 p.m. in the Legislative Auditorium located at Raleigh, North Carolina.

REP. SUTTON: Ladies and gentlemen, if you will take your seats, we will begin the public hearing on the legislative redistricting on members of the North Carolina House. Microphone not working? The microphone is working, but it's not working very well. I hope that's not an omen for tonight. If everyone would take their seats, we will begin. Let me give you a welcome to the General Assembly, tell you that we're -- our procedures and guidelines tonight.

First, I'd like to introduce my co-chair on redistricting, Representative Larry Justus, 50th house district. He will

be working jointly with me here tonight and presiding. There has been a sign-up sheet out front for those of you that want to address the group tonight. There is a sign-up sheet out front. We're going to take them in the order that they signed up.

I have 20 people already presented to me here to speak, and I understand there's others out front that have signed up. So that will tell you how many folks plan to address the group tonight. Presenters will be -- all presentations will be made at this microphone here. We have a court reporter that's going to be taking verbatim everything that is said and will be made a part of the packet that will be submitted to the Justice Department and made available elsewhere.

Presenters will have 5 minutes. Now folks, let's cooperate on this. You'll have 5 minutes. At the 4-minute mark, the lady sitting right down front, raise your hand if you would, please, will hold up the yellow caution card. That tells you you have 1 minute remaining. She will then hold up the

red card. That means finish your statement, not necessarily your chain of thought or your conversations, but your statement and terminate it. Please don't put us in the embarrassing position of having to stop you because if we stop one person and not another, then both say we're showing partiality. So please when the red flag card comes up, stop your presentation at the end of that sentence or very shortly thereafter. Let's be fair to each other.

There is also a box out front that you can leave your written comments and other submissions. You certainly are free to deliver to us tonight and leave with us maps, charts, graphs, written comments, tapes, anything of that order that you would like to leave to us. Please do so and there is a box out front on the table.

Speakers will be called in accordance with the way they signed up right here through -- 1 through 20. If you are not present when your name is called, we will merely skip over you and go on to the next

one. Then when we have extinguished all the speakers, we will go back to those that were skipped in the order that they were skipped.

At this point in time, we are now ready to have our first speaker. And ladies and gentlemen, please bear with us. These are handwritten. Some of them look in English. Some don't. So we will do the best we can. The first presenter is Lula Crenshaw from Cumberland County.

MS. CRENSHAW: Mr. Chairman, members of the committee, good evening. My name is Lula Crenshaw. I'm the immediate past chair of the Cumberland County Democratic Party. I live in west area precinct which is the second largest precinct in Cumberland County. I'd like to thank you for the opportunity to speak with you this evening on the proposed house district.

I am particularly interested in how Cumberland County's majority/minority districts have been split up. I'm sure you're aware of the uniqueness of Cumberland County in the election process. We are

blessed to have one of the largest military installations in this country located within our county. We have a lot of people, but it inflates our population numbers and do not bring in a lot in voter participation. I notice in the proposed district that we have Fort Bragg precinct split between two people with districts starting at the Lee County line and meandering down Murchison Road into downtown Fayetteville, splitting several of the precincts to the point that the citizens would find it confusing to be able to vote.

Community interest dictates that the inner city, which has historically been represented by Representative Mary McAllister, remain that way. She has been a consistent and viable representative for our county for the past 11 years in the House and 10 years prior to that as a County Commissioner. She has always represented that district. We have always supported Representative McAllister and she has served us in a manner consistent with what we want.

So we ask that she maintain in the

inner city to include my precinct which is the west area and to have the precincts to remain whole and not broken up into districts. Cumberland County remains one of the indomitable Democratic forces as it has always been in North Carolina, and I would like to thank you for taking the time to listen.

REP. SUTTON: Thank you very much. I would remind all the audience before you on the left side and to your right are two maps, one each of the current House districts in which members are now serving and the other, the proposed House district or commonly known as the Sutton-1 plan, both of those. And feel free to go up and take a look at those if you have not done so.

The next presenter -- ladies and gentlemen, I think I just made a major boo-boo in that I did not take the first one in the right order. I took them in the order they were listed here, but it was not number one. That is my mistake. The next presenter is Lee M. Foreman, Beaufort County

Republican Party.

MR. FOREMAN: Probably it's best I didn't go first. I'm a little nervous of this. Representative Sutton and Representative Justus, thank y all for allowing me this opportunity. My name is Lee Foreman. I'm just a citizen of Beaufort County. I am the county chairman for the Beaufort County Republican Party.

As I drove up here today, I wondered is this trip a trip of waste, am I going to be productive, is someone going to listen to me? And I guess when you think in that terms, you think well, you just can't quit. So I come up here and I ask y all, everyone on this committee, to think about what you're doing when you draw these maps. Beaufort County has been one district as long as there's been districts. It's never been divided. In both plans, the Sutton plan and the Justus plan, you have split Beaufort County. We are a small county. We are economically distressed, and we need unity. Our nation needs unity. And these plans

that you've presented to us take this away from our county.

Our North Carolina Republican Party presented a plan to -- made available a plan that kept Beaufort County and most counties in the state in one district. And for whatever reason, your personal reasons, your personal agendas, you elected to not look at this map or use this map in your drawing these lines. And we all know why. It's to protect yourself. And that's not fair. That's not fair to us as citizens. It's not fair to the people you represent. You were brought -- sent to Raleigh to represent us, not to protect your area, not to protect -- to make sure we got X number of Republicans or X number of Democrats. You were voted on to come up here and represent us. We haven't received this. We haven't received it from our own representative.

So I ask you when you go back this coming week and next week, look at these maps again and look at what's been presented to you and look at the constitutionality of

these maps. Do they keep counties together when they can? Do they keep minorities together when you can? And this minority is not black or white. It's about minorities in general. We're a minority county. We're poor. We're all poor. So keep these in mind when you draw these maps. Thank you.

REP. SUTTON: Thank you very much, Mr. Foreman.

I would like to bring to the audience's attention that we are honored to have with us today back in the back near the door former Commissioner of Agriculture Jim Graham. He's with us today. And Commissioner, we're glad to have you with us.

Our next presenter is Ann Holton, chair of the Pamlico County Democratic Women.

MS. HOLTON: Good evening, and thank you Representative Sutton and Representative Justus for the opportunity to speak this evening. My name is Ann Holton, chair of the Pamlico County Democratic Women's organization. At this time, I would also like to ask that the entire delegation from

Pamlico stand up. We're proud of our delegation this evening and pleased to have them with us. And we will have another speaker from Pamlico in just a minute.

We are here to ask that in the redistricting process of the House of Representatives Pamlico County continue to be aligned with Craven County. Up until 1872 Pamlico was a part of Craven County. Since that time, although geographically divided by a small creek which is our county line, these two share mutual interests in many different aspects.

A majority of Pamlico County's working population is employed in Craven County. Most Pamlico County residents needing health care use facilities or services located in Craven County. Many social and civic organizations are shared between the two counties. And because of its rural nature and limited shopping opportunities, Craven County is a major shopping hub for Pamlico County. And just as important, Pamlico County provides many opportunities and many

water-related recreational opportunities for Craven County residents.

We cannot stress enough how important it is that Pamlico County remain with Craven County in the redistricting process. It is contiguous to Craven County. They share the main corridor into Pamlico County which is Highway 55. They share many governmental services. They share many social, civic and recreational opportunities. It is the right thing to do to keep these two counties aligned, and we ask that you do the right thing. Thank you.

REP. SUTTON: Thank you very much. The next presenter is Donna Bridges, Pamlico County Commissioner.

COMM. BRIDGES: Good evening, Representative Justus and Representative Sutton. My name is Donna Bridges, and I'm a Pamlico County Commissioner. And at our meeting last night we passed a resolution and I'd like to read it to you.

"Whereas, Pamlico County was formed out of a portion of Craven County and has shared

a common historical interest since its formation; and whereas, Craven County and Pamlico County have many interlocal agencies benefitting from mutual interests of the citizens of Pamlico and Craven County in such matters as mutual health services, solid waste management programs, various governmental contracts, medical facilities, judicial districts, highway needs and other mutual aid agreements; and whereas, Craven County is contiguous to Pamlico and shares mutual interests, geographical boundaries, rivers, creeks and highways, such as their House of Representative district in the North Carolina General Assembly should be kept intact as much as possible; and whereas, the economic livelihood of Pamlico County and Craven County are interwoven and is directed towards New Bern with the main highway, Highway 55, leading into Pamlico County through New Bern and Craven County; and whereas a large contingency of the population of Pamlico County is employed in Craven County at various facilities and particularly

the Marine Corps Air Station Cherry Point; and whereas, it would be extremely disruptive, difficult and ineffective representation for Pamlico County to be separated from Craven County in the North Carolina House of Representatives; and therefore, the Pamlico County Board of Commissioners hereby request the Redistricting Committee and the General Assembly of North Carolina to use its best efforts to draw the House of Representatives district lines and keep Pamlico County with the largest portion of Pamlico County population possible remaining in the present House of Representative district in any redistricting plan enacted by the House of -- of North Carolina General Assembly. Done this day the 2nd of October, 2001."

Also Craven County passed a resolution with the same message and has been forwarded to Representative Black. Thank you.

REP. SUTTON: Thank you. The next presenter is Dan McMillan, Ashe County Manager.

MR. MCMILLAN: Thank you. I'm Dan McMillan. I'm the Ashe County Manager. I'm from a small county in northwest North Carolina, and I have a message sent for -- by commissioners. I would like to address this board regarding the proposed redistricting of the present 40th House district on behalf of the Ashe County Board of Commissioners.

On Monday, October 1st, 2001, the Ashe County Commissioners discussed the two proposals that were presented for representative of Ashe County, the Justus plan for the 40th House district and the Sutton plan for the 92nd and the 93rd district. The Commissioners expressed their concern for equal representation of the citizens of Ashe County through the representation based on county lines versus voting precincts.

Being a small northwest county, we are aware that the population of Ashe County is not adequate for a single representation, but the combination of Watauga County with Ashe

County does appear to justify the population necessary for a single representative. The Commissioners of Ashe County feel that the county's interest in the demographics should also be -- should have considerable weight in the decision of the districts. The counties in the region with very similar demographics would include Ashe County, Alleghany, Watauga, Avery, Mitchell, Yancey and Wilkes. These should be considered as possible candidates to make the representative districts more in keeping with the community needs.

We would encourage the Committee to further discuss the possibilities of utilizing county lines as boundaries for representatives. The potential for confusion arising from these changes could alleviate the possibility of both continuity and representative to the better interact -- to better interact with the county and community matters. Thank you very much.

REP. SUTTON: Thank you. The next presenter is Wayne -- I think that's Wrench

of Sampson County Republican Party.

MR. WRENCH: Thank you, Mr. Speaker. I'd like to say I'm Wayne Wrench from the Sampson County Republican Party. I'm currently serving as chairman. This year we understand that the perfect district is around 67,000 people. Our county consists of about 64,000 people. We understand we have a dilemma because we have two representatives from the same county. So we understand that divisions have to be made, but with the county where we have such -- it's not a very narrow margin, but it's not outlandish by any means -- of Republicans and Democrats, we feel that we deserve a little bit of Republican representation in our county.

Now the Sutton plan calls for us to be divided between three representatives, Mr. Bell, Mr. Warwick, and Mr. Ed Nye. Once again three precincts on the northern most boundary of Sampson County, three predominantly Republican districts have been once again gerrymandered into a predominantly Democratic district. Mr. Nye's district will

go from Plain View precinct, which is just south of Dunn, all the way to New Hanover County. We do not feel that our representation will be fair and accurate to be represented by a man who's going to go from all the way to New Hanover back to Dunn. I doubt that we're going to see him in our part of the world very much.

Our representative for the past six years has been Mr. Don Davis. We've had a very good rapport with him. We've had a great deal of success with Mr. Davis. And if anything, those three precincts could be left in Mr. Davis's district with just a little bit of movement in the other precincts. We'd like to see this occur because Mr. Davis is a local person. His office is about 15 miles from any one of our precincts. And it would give us a local voice, not a voice in Elizabethtown.

We'd like to ask for some Republican representation in Sampson County. If we cannot get Mr. Davis, then we ask that we get Mr. Warwick. At least in that

opportunity, we will have a representative who serves us from Sampson County. I think that we need to have representation. Our counties -- as a lot of the speakers have already said and a lot more will say, our counties are being broken up and divided in half to protect offices. And that's fine. If I was in your shoes, I guess I would do the same thing. But we have an obligation and we have a duty to make sure that our people are represented by people who have common interests and common goals. At least if we're represented by someone in Sampson County, we do at least have an opportunity to have a fair shake.

But I ask you, please, to reconsider putting the northern three precincts into Mr. Nye's district and reconsider putting us back in with Mr. Davis. It would be greatly appreciated. Thank you.

REP. SUTTON: Thank you. The next presenter is Duane Royal of the Sampson County Republican Party.

MR. ROYAL: Mr. Chairman, members of the

Committee, my name is Duane Royal from Clinton, Sampson County. I'm a member of the Sampson County Republican Executive Committee. North Carolina's redistricting policy basically has three guidelines: one person per vote, non-disillusion of minority strengths and district contiguousness. By these standards, there's a great deal of room for gerrymanders with the intent to represent at a greater advantage any specific group at the expense of others outside of a racial profile and not one -- and not for the purpose of representing the electorate as a whole.

Respectfully, I and those Sampson County Republicans on whose behalf I am now speaking believe this is the case here. The redistricting plan in its present form seeks to isolate and remove three precincts from Sampson County which are largely Republican and renders any hopes for representation in their interests inert. This redistricting -- a primary byproduct being one of disenfranchisement. Why vote when one is

already defeated by the rules?

This would also affect other races as a consequence. Those precincts are Clement, Mingo and Plain View. Under the proposed plan, these three precincts located in the western and northern most areas of the county have been included in District 19. They're removed from the remainder of Sampson County, sectioned in with the southern end of Cumberland County and Bladen County in its entirety, then sweeps through southern section of Pender County into the northern section of New Hanover County.

We see the sole purpose here is to dilute the Republican base in these precincts which borders with Harnett and Cumberland Counties near Dunn and Fayetteville and include them in a larger Democratic base whose representatives from an entirely different county, Pender, which is left whole as a district, then gerrymanders close to Wilmington covering a linear area of approximately 153 miles.

Then we see in District 20 a major

section of Sampson County that now includes a center section of Johnston County and a major portion of Pender County. District 20 under the proposed plan is also gerrymandered along a 146 linear mile stretch that includes upwards into Johnston County in Selma, moves down into Sampson County into Newton Grove, south into Clinton, Roseboro, Garland, Harrells and includes the northern half of Pender County including Burgaw, Rocky Point and Maple Hill. This is a stretch which will almost certainly be challenged if left unadjusted.

Preferably we would rather see a serious consideration given to adjusting the boundaries to include these three precincts into either District 40 in Harnett County or they would stand to be represented as they are currently or we would like to see these three precincts included in District 20 and remain a part of Sampson County where they are located.

Mr. Chairman and members of the committee, thank you for your time and

consideration.

REP. SUTTON: Thank you. The next presenter is Bill Miller, Sr., Forsyth County Republican Party.

MR. MILLER: I want to thank the Chair for allowing me to speak before this body this evening. And I am Bill Miller, Forsyth County Republican Party chairman. And I'm here tonight to speak for the entire redistricting plan set forth by the Sutton plan in North Carolina. I'm here to tell you today that what I think is the will of the people of North Carolina. North Carolina -- or North Carolinians want fairness in redistricting. They're not interested in petty or personal politics. The people of North Carolina and the election boards do not want split precincts.

The people of North Carolina want their votes to count. Just last week in Forsyth County during our primary elections in several split precincts many, many voters did not get their votes counted. Why? The Democrat controlled city council of

Winston-Salem had split the precincts during redistricting. And what happened there was we had several precincts voting where there were four districts -- four precincts that people were voting in and there was confusion in giving out the ballots. Not only was there confusion for the voters, but also for the judges and assistant judges.

Under the Sutton house plan, precincts are split. Districts are packed with a majority of Republican voters so as to eliminate fair competition between Republican and Democrat candidates. This defeats the will of the people. The Sutton plan of dividing up counties defeats the will of the people. It disenfranchises voters and in my opinion is unconstitutional. The Sutton plan is gerrymandering, plain and simple. By packing districts with huge Republican majorities, you eliminate the right to vote for other districts who have also -- who also want Republican House members.

The gerrymandering by the Democrats has been going on in North Carolina since the

early 1950s when the Republicans first elected Charles Jonas to Congress and was followed very shortly and closely thereafter by Jim Broyhill.

But let me be perfectly clear. The people of North Carolina are watching the majority of Democrats in this body. They don't like what they see. And they will not tolerate unfairness. I want to thank you.

REP. SUTTON: The next presenter is Representative Art Pope.

REP. POPE: Mr. Chairman, members of the Committee and members of the general public, I am Art Pope. I am from Wake County, North Carolina. I also represent House District 61 in Wake County. I will be submitting more detailed written remarks and exhibits.

First of all, I wish that the Committee will adopt criteria governing the redistricting procedure, criteria that are consistent with the North Carolina Constitution as well as the federal constitution and our federal laws. I have submitted criteria. They look familiar.

It's because they're part of a bill I filed at the beginning of session with co-sponsors for a non-partisan redistricting commission with criteria which bill has sat in rule since then.

One of the criteria should be compliance with federal law including the Voting Rights Act. One of the key factors under Section 5 of the Voting Rights Act is whether or not there has been retrogression, a delusion of minority voting strength in existing districts. The Sutton plan does have major retrogression in it. Seventeen districts that now currently have black majorities or plurality have had their percentage reduced. Twelve of those districts are in Section 5 counties under the Voting Rights Act. This is greater retrogression than is under Representative Justus's proposed plan.

The Committee should look at reasonable alternatives where there is less retrogression. In that way I have prepared North Carolina House Less Retrogression Plan

which does have less retrogression than the Justus plan to an extent but definitely to Representative Sutton's plan. I have deliberately left the areas surrounding the districts not in question blank because I think we should comply with the Voting Rights Act in Section 5 without regard to how that affects the adjoining district, whether it helps or supports an adjoining incumbent or helps or supports one party, Republican party or the Democrat party. Comply with the law and let the chips fall where they may.

Another part of the Voting Rights Act deals with Section 2 in the case of Gingles versus Thornbird. And under that law there are thresholds established that are in the legislative guidelines. And basically those thresholds say that if it's reasonable and possible that there is the existence of a politically cohesive minority group, there is officially large and geographically compact to constitute a majority in a Gingle-membered district and that the white majority vote as

a block and usually defeat the preferred candidate, then you can look at creating a majority black district that is in compliance with the constitution including the restraints of Shaw v. Reno.

There are three districts which I have identified are in the less retrogression plan: District 38 in Wake County; District 6 in northeast, primarily around the Washington County area; and District 58 in Mecklenburg County. So I would hope that the Committee and the General Assembly will consider complying with Section 2 of the Voting Rights Act and avoiding future Gingle style litigation by again complying with the Constitution, complying with the federal law, then let the chips fall where they may so whether it hurts or helps a particular incumbent in one party or the other.

Mr. Chairman and members of the Committee, I realize these are complex issues that reasonable men can disagree in their legal opinion and they can disagree on the facts, but I wish to submit this information

to you on the record so these alternatives may be considered. Thank you.

REP. SUTTON: Thank you, Representative Pope. The next presenter is Representative Zeno Edwards.

REP. EDWARDS: Thank you, Mr. Chairman. I'm Zeno Edwards. I represent House District 2. I'm the representative that Mr. Foreman said I didn't represent, just to bring us straight here.

All along I have asked for House District 2 to remain intact. I think the Chairman will testify to this. We meet the present guidelines and we could exist. We're about 2,000 people short, but we are within the guidelines. I recognize that the surrounding districts need more people, but I felt other solutions were available. Now I appreciate both chairmen offering to keep my district intact if I were a candidate, but I've aged out. It's time for me to go home. But I do want District 2 to remain the same.

District 2 is largely an agricultural district. I believe a representative from

that district as presently constituted would more fairly represent them. I do not believe an urban representative would necessarily realize the solution to many of our problems. We are -- we have electric cities in my district. We are low-wealth counties in my entire district. And I believe our interests would be more fairly represented if we had a representative from within the district.

I urge you to reconsider your decision to allocate parts of District 2 to other districts.

REP. SUTTON: Thank you, Representative Edwards. The next presenter is Mr. Paul Fogleman, city of Hickory, Catawba County.

MR. FOGLEMAN: Thank you, Mr. Chairman. For the past two years, the city of Hickory in Catawba County has had an overriding legislative goal and that was to create a district there that would reflect I think the issues of what we call the community of interest. And under the Sutton plan, District 94 within -- all within Catawba

County encompasses totally the city of Hickory. And what I'm here to do is primarily say that's exactly what we want and to also say that the Sutton plan certainly does reflect that.

Additionally, there were -- as the redistricting came forward here, the city of Hickory, Catawba County government, the Chamber of Commerce and the Republican Party of Catawba County as well as several other organizations sort of put forth their vision in a resolution. And what they said was that looking at Catawba County with a population of 141,000 people that they would like to have two districts within Catawba County and that none of the municipalities in Catawba County be split. And as I understand it, conceptually the Sutton plan meets those objectives with the exception that of course not all of the districts can be totally within the boundaries of Catawba County.

Basically, the city of Hickory and Catawba County and the Hickory Political

Action Committee, which is a bipartisan group of people here, have asked me to come down and testify on behalf of the Sutton plan. Let me also say that we appreciate the fine service that our legislators have given us over the past ten years and there's nothing in our vision that represents unhappiness in that particular area. But what we were looking for were compact districts where we had readily -- and were readily visible to our legislators and with us there.

And I'm also happy to say that two of the legislators that have represented Hickory are still going to be in our community because of the fact that their district will come right up to the Catawba County line and part of Catawba County does go into Burke County and we're pleased about that. So I guess what we would say is that we are pleased with the plan and thank you very much.

SEN. JUSTUS: Thank you very much, Mr. Fogleman. I'm Larry Justus. I'm the other co-chair of the Redistricting Committee. And

we're moving along so well tonight, Mr. Chairman, if you'll bear with me, I'll do a few housekeeping duties. And I would like the committee members of the Redistricting Committee to stand that are here, if you would please, so that the people can see who you are. Thank you very much. There are 44 of them, counting Representative Sutton and I. We're glad that some of you could attend tonight.

I'd like to introduce Ms. Tina Kirby who is our court reporter. She keeps every word. Even a cough and a gasp will be in the record. So everything that you say will certainly be taken down tonight.

Some of our staff are here who have worked so well, Esther Manheimer, Erica Churchill and Karen Cochran-Brown. And would they stand, please? Thank you.

And our clerks, Juanita Coley and Carolyn Justus, are here, and I guess they're outside doing the job they're supposed to do. And as I -- if I see some other folks who have been engaged in this as

we move along, I'll certainly see that that's taken care of.

Our next presenter is Ashley Stephenson from Beaufort County and is that National Organization of Women here?

MR. STEPHENSON: It's Beaufort County NOW.

REP. JUSTUS: What does that stand for?

MR. STEPHENSON: It's a local Internet website. It's one of our alternative media.

REP. JUSTUS: Very good. Thank you, sir.

MR. STEPHENSON: Thank you very much. Before I start, something I've heard time and time again down here every time I come down here people talk about my district, my district. I'd like to remind all of you elected officials this is our district, and we -- or at least we would like them back. So please speak in those terms next time you start talking about the 50,000 folks who are back home.

I've traveled from Beaufort County here today to express my sincere belief that when

it comes to drawing up these legislative districts that represent the right of North Carolina citizens to pick their elected officials from their own local sons and daughters, that frankly you guys are just trying to sell us a dog that not only won't hunt; but with all due respect to the humane society, it ought to be taken outside and shot.

The only thing more ridiculous to Beaufort County than the Sutton plan, with all due respect, was the Justus plan, our Republican representative on the committee. It cut us into four pieces. Counties like Beaufort have been torn in two after decades of continuous representation only to find -- have us have to vote for one or two people who know nothing about us and will not give us a lick of attention until re-election time. And I use the term re-election because I know and you know that the only purpose of these so-called districts is to re-elect incumbents turning their silver keys to the executive washroom and the gold keys

to the executive washroom.

It seems so easy to a layman. Just take the politics out of it. That's the part where you're supposed to laugh. I've had some experience with a split district. Currently Beaufort County is represented in the Senate by Marc Basnight, the 1st district, most powerful man in the state according to all the magazines, and Ed Warren in the 9th district. Their hometowns look like Disneyland compared to the split outskirts of their districts like Washington. Greenville gets tons of funds dumped on it each year by this legislature. A lot of money -- it's amazing what you can do when you pour a lot of money into a town. Dare County is the Moulin Rouge of eastern North Carolina. They've got better bike paths than we've got roads.

How then, with two of these powerful Senators representing us in the Senate, has Beaufort County dipped to the point where we had the highest unemployment in the state, where we've got some of the highest local

taxes and we don't have any investment from Raleigh? By the way, thanks for the billion dollar tax increase. That's just what my non-benefit receiving family needed right now. I really appreciate that.

Enough of the pleasantries. I'm here to put you on notice. I will encourage, participate in and instigate if I have to a lawsuit that will take this political Rorschach test out of your hands and deliver it to the courts to decide. You've shown me you're not up to the task. As partisan as you've acted in this longest session in history, I should not expect any less.

Retrogression, remember the word because you're going to hear it again. You can't diminish the number of minority voters in a minority district. You do, we sue. That's the way it works. Section 5 of the Voting Rights Act must be adhered to. I've seen in county after county white male Democrats rolling through. We're a voting rights county. Who have we got in the Senate? Two white male Democrats. How does

that work? I don't understand it.

Sometimes I think the only thing you guys are concerned with is who is first in line to the shrimp bowl at the Brownstone. You're lacking the courage right now, the confidence in yourselves, to play the game without stacking the deck. Find that courage or hand this thing over to the courts. The bottom line is heavy-handed tactics, partisanship in redistricting cannot be allowed to stand. Our right to select our representatives and not have them select us is on the line. Thank you very much.

SEN. SUTTON: Mr. Harold Webb of the Wake County Voter Coalition.

MR. WEBB: Representative Justus and Representative Sutton, co-chairs of the House Redistricting Committee, members of the Committee, I am Harold H. Webb of 1509 Tyranny Circle here in Raleigh, Precinct 34 and currently in House District 21. That's in the map that's far to my right.

I am pleased to appear before you representing a significant number of citizens

in southeast Raleigh community and a portion of eastern Wake County. We have received and reviewed the map of the proposed House Plan 1. We have received copies of the backup data on each proposed district. In addition, we understand one person must equal one vote. We understand the consideration for minorities in Section 2 of the Voting Rights Act. We understand that the redistricting plans are also subject to lawsuits if consideration of race impermissively dominate the redistricting process and, finally, that districts must be contiguous.

Our concern today affects only one little small item in Wake County out of the proposed 113 House districts statewide. Proposed House District 33 in Wake County omits Precinct No. 50, a large African-American strong voting precinct that was formerly in the current House District 21. Recently under the jurisdiction of the Wake County Board of Elections, old Precinct 22 was divided into Precinct 22 and a new

Precinct 50. The new proposed House District No. 33 places House District 21 -- replaces House District 21 but does not include Precinct 50 which used to be a part of old Precinct 22 and current House District 21.

Our request is that you include Precinct No. 50 in the new proposed District 33. This would continue to provide a composite piece of geography within the same House district and would therefore promote the continuation of a high level voter participation necessary to perpetuate community voting cohesiveness in a strong district composed mostly of African-American citizens.

We thank you for your consideration. We thank you for your cooperation. And we appreciate the opportunity to speak before you today, and we will leave these written comments with the young lady to my right. Thank you very much.

SEN. SUTTON: Thank you very much, Mr. Webb. The next presenter will be Mr. Roy Baber.

MR. BABER: I'll pass my turn, Mr. Chairman.

SEN. SUTTON: Do you wish us to come back to you?

MR. BABER: No.

SEN. SUTTON: Bob Kennel.

MR. KENNEL: Representative Justus, thank you very much. Ladies and gentlemen, my name is Bob Kennel. I am the president of Kennel's Beach Incorporated. Kennel's Beach is a -- in Pamlico County. It is a little slice of heaven about halfway between New Bern and Minnesott Beach, five miles across from Cherry Point and Havelock. I'm here.

I wrote a letter that I delivered -- hand delivered to one of the chairmen on Monday. Basically this is common sense and not political. It might be the only one you hear about that tonight. It is to keep District 3 and District 12, where there is a common bound bond between Craven County and Pamlico County, together.

There are three major reasons that that

should be done: economics, environment, education. The new Neuse River bridge finally has given Highway 55 corridor into Pamlico County a chance for economic development. The Minnesott Beach ferry continues to give economic sustenance to that end of the county with Cherry Point and Havelock. So the economics are tied.

From an education standpoint, there is good cooperation between the public school systems in Pamlico and Craven, including the charter school, including the private schools, and including the community colleges.

From an environmental standpoint, Craven and Pamlico have indeed a mutual responsibility and opportunity to be watch guards of the lower Neuse. We're on either side. And that is something I think that we all understand.

So my letter was very clear that I am against any change. The old layout, the new Sutton plan, I would strongly support. I would object vigorously to any changes that would attempt to put Craven -- Pamlico

County and Carteret County together. I know why I am for the current layout. I do not know why anyone would be for a new one. Thank you.

REP. SUTTON: Bob, is your -- did I mispronounce your name or did I get it right? It's Kennel?

MR. KENNEL: It's Kennel, just like a dog kennel.

REP. SUTTON: I got it right. Thank you, sir. Mr. Lee Mortimer.

MR. MORTIMER: Thank you, Mr. Chairman and members of the Committee. My name is Lee Mortimer. I am from Durham County. I am here as a voter and a citizen. I'd like to thank you for giving us the opportunity to talk on the subject of redistricting tonight.

The reason for the disagreement that we're seeing is that the legislators have an impossible job. It's simply not possible to draw fair voting districts to elect only one person in win or take all elections. I'd like to offer a simple alternative that

would be fair to Democrats, to Republicans, to members of racial minorities but most of all would allow the voters to choose their representatives and not have redistricting decide who gets elected.

I outlined this proposal in an article in The News and Observer back in May. Since then, this article has run in The Greensboro News & Records, The Winston-Salem Journal, and other newspapers. Instead of single-member districts, each district would elect three House members. But like single-member districts, each voter would vote for one candidate in the general election. This is called limited voting. And it's already used to elect city councils, county commissioners and school boards in about a dozen local jurisdictions in North Carolina.

Each party could nominate three candidates in a district. The party whose candidate gets the most votes in the general election would get two seats, and the party that comes in second would get one seat.

The top vote getters would get their party's seats. The result would be that every district would have two party representation and every voter would have a Democrat or a Republican to represent them.

Now according to new census data, 27 percent of the state's voting age population is non-white, but people of color hold only 15 percent of seats in this General Assembly. And that's not likely to improve with any of the redistricting plans that you're looking at. But it would improve with limited voting because a candidate in a three-member district could get elected with 15 to 20 percent of the district-wide vote.

Using census and voting data, I drew up ten sample three-member districts. And here they are. These are logically grouped together. They did not require a computer program to draw them. Because the districts are larger, only counties with more than 200,000 people would have to be divided. Most districts -- or rather most counties would not have to be divided in a limited

voting plan.

By averaging the election results within each district that's drawn up here, using the Edwards-Faircloth Senate race results from 1998 and the 2000 results from the Fuller-Tyson judicial election, five of these sample districts would lean Democratic and five would lean Republican. And based on their non-white voting age population, about 25 percent of the members elected from these districts would likely be racial minorities.

Multi-member districts are nothing new in North Carolina. Our neighbor Georgia is moving to multi-member districts for their legislative elections. Limiting the vote would spread the representation out by preventing any single geographic area or any single group of voters from winning all the seats in a multi-member district. Limited voting combines the best features of single-member and multi-member districts to provide fair partisan, racial and geographic representation.

I have copies of this material that I'll leave for the Committee. And I also have extra copies if anyone in the audience would like to find out about it. Thank you very much.

REP. SUTTON: Thank you very much, sir, for that very interesting presentation. The next presenter will be Mr. Coy Brewer.

MR. BREWER: Mr. Chairman, members of the Committee, my name is Coy Brewer. I presently serve as the Democratic Party Chair for Cumberland County. Initially, I wish to endorse the remarks of the prior Democratic Party Chair, Ms. Lula Crenshaw, who was the initial speaker and addressed the issue related to the majority minority districts within Cumberland County.

I wish to speak not representing necessarily the Democratic Party in Cumberland County, because I think that other Democrats in Cumberland County may have different feelings about aspects of redistricting, but about one specific issue, as an individual citizen of Cumberland

County, as it relates to the present two-member 18th district which I think in the Sutton plan is the 42nd District and the issue as to whether that district should be a two-member district or a two single-member district. It is my understanding that it is under present consideration that it be divided into two single-member districts. And I wish to endorse the division of the 18th House district or the 42nd House district into two single-member districts.

The division of that district into two single-member districts will create frankly two highly competitive single-member districts. Presently the 18th House district is represented by one Democrat and one Republican. The division of the district into two single-member districts will create two districts with almost equal Democratic/Republican performance numbers and will I think encourage an honest, thoughtful debate of the issues within those two districts. It will permit the candidates within those districts to contrast and

compare their stands on the issues in what would be a highly competitive and I think very informative race.

It might well be that at the end of the day two Republicans were elected from those two districts or two Democrats or one Republican and one Democrat as is the present configuration. But I think that the quality of the debate and the defining of the issues, which is a fundamental component of Democratic government, would be enhanced by a division of the 18th House district or the 42nd House district depending upon whether you're talking about the existing House district or the Sutton-1 plan into two single-member districts. And I recommend that to the Committee. Thank you.

REP. JUSTUS: Thank you very much, Mr. Brewer. The next speaker will be Charles Evans.

MR. EVANS: Thank you, Mr. Chairman. I'm Charles Evans from Fayetteville, North Carolina. I'm precinct chair of Cross Creek 1 which is currently in House District 17.

I'm here speaking on behalf of members of Precinct 1 -- Cross Creek 1, excuse me.

Cross Creek 1 is related to the other precincts of District 17 because of their similar interests and needs such as housing, recreation, senior citizens and the less fortunate. If Cross Creek 1 were to move into the district Representative Hurley is currently representing, they share none of those interests that I mentioned.

As a product of Cross Creek 1, Representative Mary McAllister is familiar with the needs and desires of our precinct. She's a Representative that at any time we contact her about an issue, we are assured of her utmost attention. And I'm sure if Cross Creek 1 were to be removed from its present district, we would not receive the care and concern that's currently being provided by Representative Mary McAllister.

So with saying that, I urge the Redistricting Committee to please keep Cross Creek 1 with House 17.

SEN. JUSTUS: Thank you very much, sir.

Chastain Smith or Christine Smith, which is it? Must be Christine. I'm sorry.

MS. SMITH: Christina. Mr. Chairman and members of the Committee, my name is Christina Smith. I don't hold any titles. I don't have any chairmanships. I'm just an ordinary person from Fayetteville, North Carolina, lives in Cumberland County in Ms. Mary McAllister's district.

But when I saw the map that they had drawn that moved my precinct from where it is to over to Mr. Hurley's, I knew I had to come up here and say something to you even though you control my future. I know you control my future, but I had to let you know how I felt.

This -- I am a retired teacher from Fayetteville City Schools, however. I do maintain that title. When I looked at this map, it made me think of a jigsaw puzzle that I used to have a long time ago when I taught my children how to read. And when you put it together, it makes something. But when I put this together, I didn't make

anything at all. It looked like a jumble, jumble, jumble-jeb. So I knew I had to come let you know how I felt.

Now in my particular precinct which Ms. McAllister happened to be from which is Cross Creek 1, we are made up of low to moderate income people. If you were to move me to Mr. Hurley's district, that would be mixing -- like mixing oil and water. They do not have my interests at heart. Maybe they have my interests at heart, but they don't understand where I'm coming from because in my area you have Public Housing 1, Public Housing 2, Public Housing 3. We also now are able to have a Habitat village. We also have a CDC that's building homes for a kingdom.

So you see our people are different from those in Van Story Hills out there by Methodist College. And if you put us there, we would be completely lost because our needs, our interests, our wants, our desires are nothing alike. I mean, they mean well. They mean well and no doubt they love us,

but they don't understand. So how could -- how could Mr. Hurley do for me what Ms. McAllister can do for me when she's from my neighborhood, when I've been knowing her all my life? She taught in Fayetteville City Schools along the same times I was teaching there. So I understand her.

So to do that to me would be doing a disadvantage. Remember -- I know this is the first time I've ever been up here, and really I stand in awe of all you people. But I had to let you know how I felt. Now I could keep on talking, but I realize I don't have but five minutes. Thank you.

REP. JUSTUS: Thank you very much, Christina. Mr. Chairman, if you will take the podium, I'm scheduled to be the next speaker.

REP. SUTTON: Our next presenter as you heard will be my co-chair, Larry Justus, Representative Larry Justus.

REP. JUSTUS: Thank you very much, Mr. Chairman. Members of the Redistricting Committee and ladies and gentlemen, I am

Larry Justus and I serve with my colleague Representative Sutton as co-chair of this Committee.

Six months ago we officially embarked on the North Carolina House of Representatives redistricting process. Until last Thursday, September the 27th, I was led to believe that the process was going to be as fair and equitable as humanly possible. It was agreed by the House leadership to appoint a Redistricting Committee of 44 members, 22 Democrats and 22 Republicans, which was done. Included in that number was a Democrat co-chair, Representative Sutton, and a Republican co-chair, who happened to be me. Two maps were to be created, one Democrat map and one Republican map. And when the maps were completed, they were to be melded together to form one compromised map to reflect the House makeup of 62 Democrats and 58 Republicans or what was commonly called a status quo map.

Members of the Committee, I and my legislative assistant, our intern and staff

have labored over weekends and late nights for these past six and a half months. We created a map known as the Justus SGMM-1 which is fair, adheres to the original agreements, maintains equity, has 22 minority districts by my count with minimum retrogression and creates four new districts and meets the criteria established at the beginning of the process.

Last Thursday, September the 27th, Representative Gulley and I met with the House leadership and was shocked to learn that the two maps would not be considered together, that only one map would be placed before the Redistricting Committee and that was the Sutton map 1.

Therefore, Mr. Chairman, I am placing the Justus SGMMI-1 before the public hearing along with the accompanying data to be included in the recorded minutes of this public hearing as an alternative, fair and inclusive plan to the Sutton plan.

And I additionally have, Mr. Chair, a second map which probably is drawn as many of

you would really like to see a map drawn -- and I would too if it were possible -- and that's a map that has 120 single-member districts each one the ideal number 67,000 and change, with -- numbered east to west consecutively from 1 through 120 without regard to where any incumbent lives. That solves a lot of problems for us, term limits for some, fairness to everyone. And I'll not dwell on that plan a lot because it's not going to pass, but it is something that ought to be put before the public for future consideration and it would solve this 10-year problem we have in a really equitable way.

Mr. Chairman, I thank you very much for the opportunity in presenting these maps.

REP. SUTTON: Our next presenter is Troy Williams.

MR. WILLIAMS: Thank you, Mr. Chairman, other committee members. My name is Troy Williams. I reside in Cumberland County in Fayetteville in the present 17th House district. I also reside in the West Area precinct, and I'm a registered Republican

there.

I want to address this body with reference to the new proposed Districts No. 41 and 113. I believe that the Sutton plan is proposing two single-member districts; and out of that plan, what you will be doing you will be splitting the West Area precinct. Your proposal may crunch the numbers, but really it lacks logical and geographical sense for the citizens residing in this district. It is not necessary to split this precinct to create two single-member districts.

Please reconsider your present proposal in the Sutton plan and not split this precinct. Split precincts would just further serve to confuse an already apathetic voter base. A great American who happened to be a Republican named Abraham Lincoln said, "They may forget what we've said here, but they will never forget what we've done here." Nike said, "Just do it." Spike Lee said, "Do the right thing." Rodney King said, "Why can't we call get along?"

REP. SUTTON: Thank you very much. The next presenter is Representative Cary Allred, the 25th district.

REP. ALLRED: Thank you, Mr. Chairman Justus and Mr. Chairman Sutton. I'm going to be as brief as I can because I'll have an opportunity to make my comments in the Committee as a member of the Committee. But on behalf of my constituents in Alamance County, I feel compelled to at this public hearing say that I believe the majority of people in Alamance County disagree with this Sutton House plan, nothing personal, Mr. Chairman. But the voting patterns of Alamance County are pro-Republican in state House races, presidential races, state Senate races and this map does not reflect the voting history of Alamance County. It splits a precinct which is not necessary. And I would on behalf of my constituents ask that Alamance County be considered for a two-member multi-member district with designated seats.

Some of you may not know what

"designated seats" are, but designated seats mean that you have seats that are designated and when someone goes in to file for office, they say I want to run for Seat A or Seat B or Seat C, if it's a three-member multi-member district. But that way it would work the same way that the judicial district elections are held in multi-member judicial districts. And it doesn't make everyone have to go out and spend money and run for the office when somebody is after one candidate but not after both, if you understand -- if you can understand what I'm saying.

But I do object to the division of Alamance County the way it's done in this map; and on behalf of my constituents in Alamance County, we would request that a plan reflect the -- any division be more reflective of the voting history of the county and/or have a two-member multi-member district. Thank you.

REP. SUTTON: Thank you, Representative Allred.

Before we go to the next presenter, I

would like to recognize a couple of people that are here with us. First is Jane Gray, who is our Speaker's legal counsel. Jane, if you would raise your hand. And next is Joe Hackney, Representative Joe Hackney, our Speaker pro tem. Raise your hand, Joe, if you would. Thank you.

Our next presenter is -- and correct me if I am wrong out there, ladies. According to my records this is the last presenter and that is Representative Russell Capps.

REP. CAPPS: Thank you, Mr. Chairman. I didn't plan to speak when I came here tonight, but I listened to a lot of talk about fairness. And I want to show you what fairness is in the eyes of the Sutton plan. I hope you can see this sandy colored conglomeration right here that runs from downtown Raleigh over into Durham County and takes one precinct right in the center of Durham -- city of Durham. If you turn that upside down, it looks like a turkey with a tail over here and a long neck that goes back into the city of Raleigh and it's got a

camel's head on it. And back here it don't have any legs or anything, but it just shows you what a stupid, unfair district is. And I just couldn't help but tell you what is happening.

Now I don't care myself, but the people that live around me and in my part of the county are not going to be represented by anything like that. It's totally unfair. And if you don't know it, the Democratic National Committee in Washington, DC, is the ones that did this plan. It was not done by people who represent the people of North Carolina. And I want you to know that fact.

Whether I come back or not makes no difference. The fairness of the people in this state -- in this county of Wake that we need to consider. And I urge you to do something about it. There are plans out there that are fair to everybody. There are several alternate plans. There are plans that would give each and every representative that's here now a fair shake. It would give the people of this state a fair shake, and

it would not be done on the basis of getting people elected that the Democratic National Party in Washington, DC, wanted to get done. So I hope you'll listen accordingly.

REP. SUTTON: Thank you. I understand that we have another sign-up of Mr. David -- is it Iannucci?

MR. IANNUCCI: Iannucci.

REP. SUTTON: David Iannucci, chairman of the Wake County Young Republicans.

MR. IANNUCCI: Thank you, Mr. Chairman. I encourage you to tear down this plan. Why have you built walls when the citizens of North Carolina have worked so hard to remove them? Your redistricting plan -- redistricting plan is an embarrassment. I would expect this plan to be submitted by Joseph Stalin to purge his opponents. When did it become acceptable for legislators to pick their voters as opposed to voters electing their leaders? Why have you not forged a plan that encourages competition among differing ideologies? Rather, you've created a plan that very well may dictate the

makeup of the legislature based upon absurd and biased political gerrymandering.

I'd hoped for a plan that I could accept and respect. Instead, the voters are stuck with a plan for ten more years that is nothing more than the political gleams and places voters at the mercy of your political wins. You must work to earn the respect of the voters. You simply have not done so. I ask you to drop the games. You have the duty and obligation to create a plan that encourages competition and create a plan that earned voters' respect. Perform your duty and live up to your obligations. Thank you.

REP. SUTTON: Thank you. Ladies and gentlemen, that appears to be the last speaker that is signed up this evening. Your name, sir?

MR. WALEND: Ken Walend.

REP. SUTTON: Well, I don't see you on the list, but if you'll come sign the list, you can certainly present. I don't know what happened to any form that you --

MR. WALEND: Thank you, Representatives.

REP. SUTTON: Identify yourself.

MR. WALEND: I am Ken Walend, a citizen of Transylvania County, North Carolina, five hours west. You may notice that there are not many other folks from the west here. Ten to twelve hours round trip is hard to justify for a five-minute presentation. But that's the reason that this hearing should be employing the distance learning equipment that all of us taxpayers have paid for throughout the state so that the people who are that far away could make their point. That's the first point that I wanted to make.

The second point is that those folks -- those of us who live in the far west part of the state are being shortchanged by this plan. To lead into what I wanted to say, I have to point out that if you are in an underpopulated district, your vote -- your impact in the General Assembly is greater than if you are in a district that is overpopulated. Necessarily, districts have to vary from the ideal population of 67,000. So there have to be pluses and minuses.

However, when you divide the state in half roughly, you'll find that 37 of the 54 eastern districts are undersized, 69 percent. Thirty-four percent, 20 of the 59 western districts are undersized. 69 percent, 34 percent.

On the other hand, 17 of the 54 eastern counties are oversized, 31 percent. Thirty-nine of the 59 western counties are oversized. That is, they're packed. That's 66 percent -- 66 percent to 31 percent. Both cases out of favor put to the west. This means that eastern voters have more impact in the House than western voters.

Western residents of this state are already under served by the House or by the legislature. Mitch Gillespie back there made a major presentation last year explaining how the clean water trust funds were misspent, favoring the east and leaving the west out. And that's just one example. We've looked at highway spending and it's the same thing. So western North Carolina is already typically shortchanged. This plan

exacerbates that unfair attack on the one man, one vote rule. Thank you.

REP. SUTTON: I understand that is the last presenter. Am I correct? Is anyone else signed up? If not, we want to thank you very much for being with us tonight. We'll certainly take all your comments, remarks, charts, maps and all of that into consideration. And I thank you very much.

Thank you for giving us the opportunity to speak to you on the subject of redistricting.

The reason you all are here tonight and deadlocked—rather than working on something your constituents are more interested in, or home with your families--is because you're trying to do the impossible. It isn't possible to draw fair districts that use winner-take-all elections.

I would like to offer a simple alternative that would be fair to Democrats, to Republicans, to members of racial minorities—but most of all would allow the voters to choose their representatives and not have redistricting decide who gets elected.

I outlined this proposal in a News & Observer article back in May. The article has since run in the Greensboro News & Record, the Winston-Salem Journal and other newspapers.

Instead of single-member districts, each district would elect three House members. But like single-member districts, each voter would vote for one candidate in the general election. It's called limited voting, and it's already used to elect city councils and school boards in about a dozen local jurisdictions in North Carolina.

Each party could nominate three candidates in a district. The party whose candidates get the most votes in the general election would get two seats; the party that comes in second would get one seat. The result would be that every district would have two-party representation, and every voter would have a Democrat or a Republican to represent them.

According to the new census data, 27 percent of the state's voting-age population is non-white. But people of color hold only 15 percent of seats in the General Assembly. And that's not likely to improve with either of the plans that you're looking at.

But it would improve with limited voting because a candidate in a three-member district could get elected with 15-20 percent of the districtwide vote.

Using census and voting data, I drew up 10 sample three-member districts. They are logically grouped together and didn't require a computer program to draw. Because the districts are larger, only counties with more than 200,000 people would have to be divided. Most counties would not be divided.

By averaging election results within each district of the 1998 Edwards-Faircloth Senate race and the 2000 Fuller-Tyson judicial race, five of the sample districts would lean Democrat and five would lean Republican. And based on their non-white voting-age populations, about 25 percent of the members elected from these districts would likely be racial minorities.

Multimember districts are nothing new in North Carolina. Our neighbor Georgia is shifting to multimember districts for their legislative elections. Limiting the vote spreads out the representation by preventing any single geographic area from winning all the seats in a multimember district.

Limited voting combines the best features of single-member and multimember districts to provide fair partisan, racial and geographic representation. The choice is up to you.

Limit voting to expand democracy

BY LEE MORTIMER

DURHAM — The General Assembly is getting down to the contentious business of redistricting for legislative and congressional elections. Democrats and Republicans seem confident they can turn the tables on the other party and use redistricting to gain advantage in the next elections.

The outcome could lead to more redistricting lawsuits. With some simple modifications, legislators could spare voters, taxpayers and themselves a lot of the agony and expense associated with redistricting. The result would be fairer elections for parties and candidates and fairer representation for voters.

POINT OF VIEW

Most legislative elections today are held in single-member districts. One legislator is chosen to represent all the voters of a district. The problem is that up to 49 percent may have voted *against* their "representative."

Some districts — such as state House District 23 covering Durham County — elect three members. But existing multimember districts are little different when it comes to representing the minority. The 23rd district has elected only Democrats, while other multimember districts elect only Republicans.

A simple procedure called limited voting would combine the attributes of single- and multimember districts. The 120-member state House of Representatives could be divided into 40 three-member districts. Each party could nominate three candidates. But instead of voting for three, a voter could vote for one candidate in the general election.

The party whose candidates receive the most votes would get two seats. The runner-up party would get one seat. The top vote-getters in each party would get their party's seats. Every district would have two-party representation in the legislature, and every Democratic and Republican voter would have a directly elected representative.

Limited voting is currently used in nine North Carolina locales, including Beaufort, Bladen, Martin and Sampson counties, to elect city councils, county commissioners and school boards. "Limiting" the vote to fewer than the number being elected prevents the majority from shutting out the minority.

Limited voting was first adopted to help racial minorities get elected. Applying it to partisan legislative elections would enable Republicans to be elected in Democratic strongholds like Durham and Orange counties, and Democrats to be elected in the GOP's mountain and western Piedmont strongholds. But the chief beneficiaries would be the thousands of voters in every part of the state who today are represented by a party and a legislator they rejected at the polls.

Voters are closely divided in partisan preferences. In elections such as U.S. Senate in 1998 and governor and lieutenant governor in 2000, the Democratic candidate averaged about 53 percent of the two-party vote. In some Council of State and statewide judicial races, the major-party candidates were separated by a single percentage point.

Limited voting might not have much impact on the overall partisan lineup (at least in the state House). But it would likely increase the number of racial minorities in office. According to new census data, 27 percent of the state's voting-age population is nonwhite. But people of color hold only 15 percent of seats in the General Assembly. That's because the current practice of concentrating minorities in single-member districts wastes votes. In a three-member district, a nonwhite Democratic candidate with 15-20 percent support could be elected by finishing first or second among the Democratic candidates.

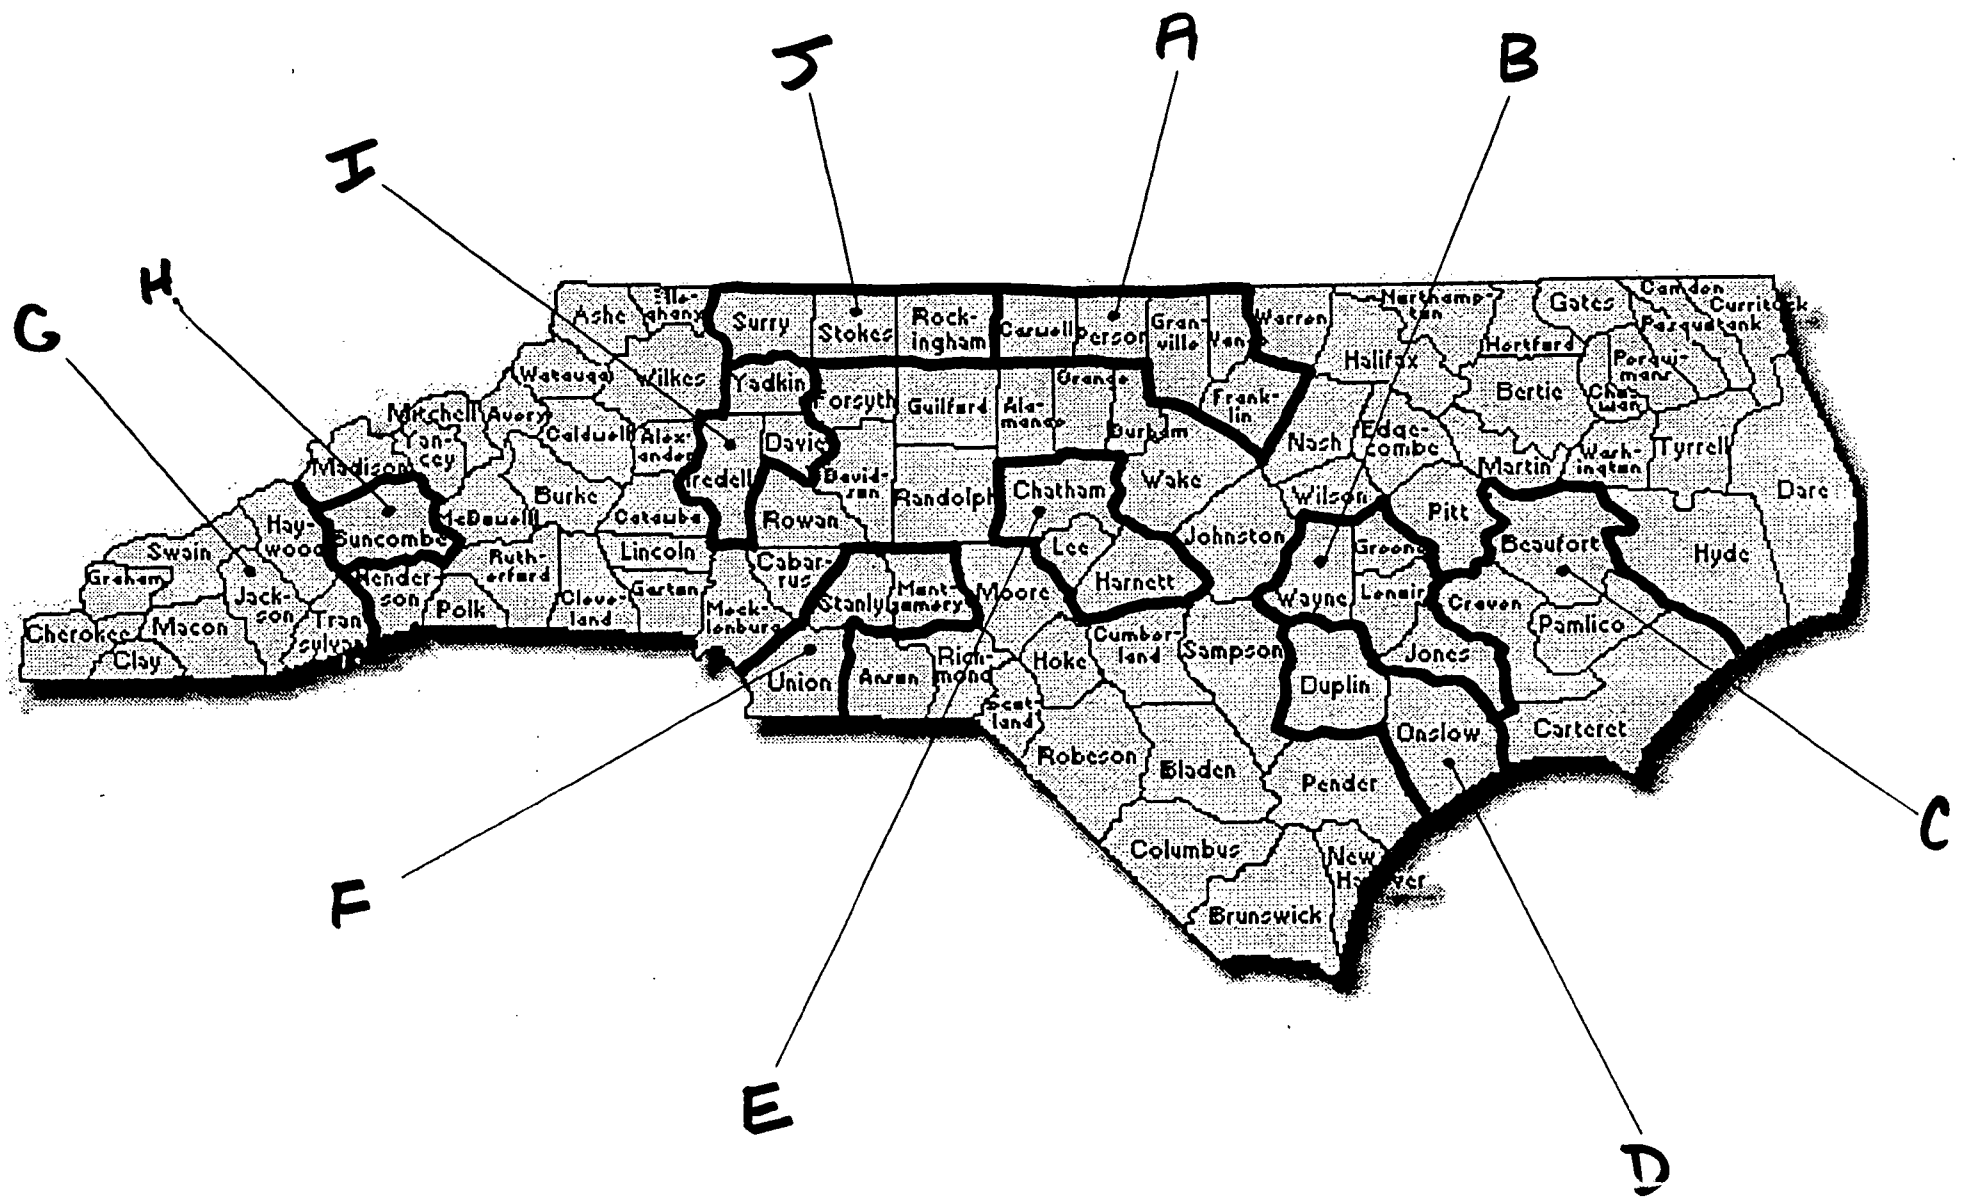

Support for a "generic" legislative candidate can be estimated from the results of statewide races within a given district. By averaging 1998 U.S. Senate returns and 2000 judicial returns, a generic Democratic candidate would win 52 percent of the vote in a district consisting of Chatham, Lee and Harnett counties, and 43 percent in a district consisting of Union, Stanly and Montgomery counties.

Chatham-Lee-Harnett includes 26 percent nonwhite adults. A black Democrat could well finish first or second among Democrats and win one of the party's two seats. Union-Stanly-Montgomery includes 17 percent nonwhite adults. A black Democrat would have a good shot at winning the party's single seat by coming in first on the Democratic side.

If legislators wanted to improve elections and representation for voters, and improve policy-making for themselves by defusing redistricting as an issue of dispute, there is absolutely nothing standing in their way.

PUBLIC HEARING

SUTTON PLAN I

OCTOBER 3, 2001

Thank you Representative Ron Sutton and Representative Larry Justus for the opportunity to speak this evening. My name is Ann Holton, Chair of the Pamlico County Democratic Women's Organization. At this time, I would like to recognize the delegation from Pamlico County: Donna Bridges, County Commissioner, from whom you have already heard, Randy Beeman, County Manager, Bill and Joan Blair, two of the most concerned citizens and dedicated volunteers you will ever find, Jenny Lassiter, Health Director, Almira Dallas, Magistrate.

We are here to ask that, in the redistricting process of the House of Representatives, Pamlico County continue to be aligned with Craven County. Up until 1872, Pamlico was a part of Craven County. Since that time, although geographically divided by a small creek, which is the "county line," these two share mutual interests in many different aspects. A majority Pamlico County's working population is employed in Craven County. Most Pamlico County residents needing health care, use facilities/services located in Craven County. Many social and civic organizations are shared between the two counties. And, because of its rural nature and limited shopping opportunities, Craven County is a major shopping hub for

Pamlico County; and just as important, Pamlico County provides many water-related recreational opportunities for Craven County residents.

We cannot stress enough how important it is that Pamlico County remain with Craven County in the redistricting process. It is contiguous to Craven County; they share the main corridor into Pamlico County, Highway 55; they share many governmental services; they share many social, civic, and recreational opportunities. It is the right thing to do...and we ask that you do the right thing!

RESOLUTION OF PAMLICO COUNTY BOARD OF COMMISSIONERS REGARDING REDISTRICTING OF HOUSE OF REPRESENTATIVE

WHEREAS, Pamlico County was formed out of a portion of Craven County and has shared a common historical interest since its formation; and

WHEREAS, Craven County and Pamlico County have many interlocal agreements benefiting the mutual interest of the citizens of Pamlico County and Craven County in such matters as mutual health services, solid waste management programs, various governmental contracts, medical facilities, judicial district, highway needs and other mutual aid agreements; and

WHEREAS, Craven County is contiguous to Pamlico County and shares mutual interests, geographical boundaries, rivers, creeks and highways such that their House of Representative districts in the North Carolina General Assembly should be kept intact as much as possible; and

WHEREAS, the economic lifeblood of Pamlico County and Craven County are interwoven and is directed towards New Bern with the main highway, Highway 55, leading into Pamlico County through New Bern and Craven County; and

WHEREAS, a large contingency of the population of Pamlico County is employed in Craven County at various facilities and particularly the Marine Corps Air Station at Cherry Point; and

WHEREAS, it would be extremely disruptive, difficult and ineffective representation for Pamlico County to be separated from Craven County in the North Carolina House of Representatives; and

Therefore
~~WHEREAS~~, the Pamlico County Board of Commissioners hereby requests the Redistricting Committee and the General Assembly of North Carolina to use its best efforts to draw the House of Representative's district lines and keep Pamlico County with the largest portion of Pamlico County population possible remaining in the present House of Representative District in any redistricting plan enacted by the North Carolina General Assembly.

Re: Submission to the Public Hearing on Legislative Redistricting, October 3, 2001

I respectfully submit the following for consideration by the North Carolina House Legislative Redistricting Committee, the General Assembly, and members of the public:

I. Criteria for Redistricting

It is surprising and disappointing that in the nine months that the General Assembly has been in Session (since January, 2001), the North Carolina House Legislative Redistricting Committee has never met to adopt, or even consider adopting, criteria that would govern redistricting proposals. I respectfully submit Exhibit A for consideration as criteria based on the requirements of the Constitution of the United States, Federal Law including the Voting Rights Act; the North Carolina Constitution; judicial decisions in regard to redistricting; and previous criteria used by North Carolina. I realize that the members of the Committee may well disagree with the specifics of the criteria. I do hope, however, that the Committee will at least consider and adopt some criteria to guide the public and members of the General Assembly in the proposing and the adoption of redistricting plans.

II. Section 5 of the Voting Rights Act and Retrogression

One of the above criteria (and a requirement of law) is compliance with the Federal Voting Rights Act of 1965 and its Section 5. One of the major factors considered to determine if a redistricting plan complies with Section 5, is whether or not the proposed plan reduces minority voting strength compared to the last enacted plan. In short, whether or not the proposed plan is "retrogressive."

The Sutton House Plan 1 is retrogressive. It reduces minority-voting strength in seventeen (17) House Districts in the state where Blacks make up more than 47% of the total population of the 1992 House Districts according to the 2000 Census. Twelve (12) of these House Districts include North Carolina counties subject to Section 5. The percentage of Blacks of the total population was only increased in one Section 5 district. That was Sutton House Plan 1 District 58 (current District 26), and that was an increase of only 0.37%.

There are reasonable alternative plans that are substantially less retrogressive than Sutton House Plan 1. I respectfully hereby submit for your consideration one example of such a plan, titled "NC House Less Retrogression." The NC House Less Retrogression plan has a higher percentage of Black population, less retrogression than Sutton House Plan 1, in twenty House Districts. In fact, the NC House Less Retrogression plan has small increases in the percentage of Black population in eleven districts compared to the current enacted plan.

The House districts in the NC House Less Retrogression plan are Constitutional. The NC House Less Retrogression districts are just as geographically compact and respect existing communities and political boundaries, as do the Sutton House Plan 1 districts. The NC House Less Retrogression Plan does not over concentrate, or "pack", minority voters in districts.

I respectfully submit that the reason the Sutton House Plan 1 is so regressive is that it deliberately fragments concentration of minority voters among different districts where Whites are the majority in order to protect and strengthen the districts of White Democrat incumbents in adjoining districts.

Attached, as Exhibit B, is a spreadsheet analysis comparing the House Districts in question according to the 2000 Census for the 1992 enacted House Districts, the proposed Sutton House Plan districts, and the NC House Less Retrogression districts. Also attached is a set of maps for the NC House Less Retrogression plan showing the state and the districts in question. The NC House Less Retrogression plan will also be made available on the Legislative computer system to all members and staff of the General Assembly and the general public. I have included house districts that are located in counties not subject to Section 5 because I believe this is evidence of a systematic and overall discriminatory purpose in drawing the Sutton House Plan 1 to maximize the election of White Democrats by fragmenting and diluting the voting strength of Blacks.

III. Section 2 of the Voting Rights Act and the "*Gingles*"Threshold

North Carolina's 1981 House redistricting plan was overturned under Section 2 of the Voting Rights Act by the 1986 United States Supreme Court decision, *Thornburg v. Gingles* . The *Gingles* set forth three threshold conditions that, if present, provide a compelling state interest for creating Black majority districts. These conditions were summarized in the North Carolina "Legislator's Guide," at page 13, as being:

1. The existence of a politically cohesive minority group,
2. Sufficiently large and geographically compact to constitute a majority in a *Gingle* member district, and
3. That the white majority voting as a bloc usually defeats the preferred candidate.

I respectfully submit that there are three potential Black majority districts, as shown in the NC House Less Retrogression plan that meet the above *Gingles* threshold and that are not included in Sutton House Plan 1. The three *Gingles* districts in NC House Less Retrogression plan are Districts 38 (Wake County), District 6 (Bertie, Gates, Hertford, Martin, Pitt and Washington Counties) and District 58 (Mecklenburg County). In regard to the issue of being geographically compact, these districts are just as compact, or more so, as districts in Sutton House Plan 1.

House Legislative Redistricting Committee

Be it resolved by the House Legislative Redistricting Committee:

SECTION 1. In preparing legislative and congressional district plans, the House Legislative Redistricting Committee shall adhere to the following criteria in the order of precedence in which they appear below:

(1) State Senate and State House of Representatives districts shall be drawn so as to contain approximately the ideal number of residents for each member. In no event shall the overall range of deviation in the State House of Representatives and the State Senate plans exceed five percent (5%). In congressional districts, the districts shall be drawn as nearly equal in population as practicable.

(2) In order to enforce the provisions of the United States Constitution and the Voting Rights Act of 1965, the voting rights of racial minorities shall not be abridged or denied in the formation of districts.

(3) Compliance with the North Carolina Constitution, including:

a. All districts shall consist of contiguous territory.

b. Avoidance of unnecessary division of counties.

(4) All legislative districts shall be single-member districts.

(5) Census blocks shall not be divided in the drawing of districts.

(6) It is desirable to avoid dividing precincts in the drawing of districts.

(7) Legislative districts shall be drawn so as to avoid the unnecessary division of cities and other political subdivisions. No city smaller than the size of a district shall contain subdivisions of more than two districts.

(8) Districts shall be geographically compact in form. In drawing such districts, populous adjacent territory shall not be bypassed to reach distant populous areas.

(9) Legislative districts shall be drawn so as to preserve existing geographic communities of interest where that can be done in compliance with the standards listed above.

(10) Districts shall not be established with the intent and effect of diluting the voting strength of any person, group of persons, or members of any political party. Legislative districts shall not be drawn for the purpose of favoring any incumbent.

SECTION 2. This resolution is effective upon adoption.

Re: Public Hearing on Legislative Redistricting, October 3, 2001

Dear Representative Sutton:

At the Public Hearing on Legislative Redistricting, October 3, 2001, I submitted a written statement and an attached "Exhibit B" spreadsheet titled "Statistical Analysis of 'NC House Plan Less Retrogression' compared to 'Sutton House Plan 1.'"

The first column of the spreadsheet, "1992 HD 2000 Census % Black," is in error, which affects the rest of the spreadsheet. Apparently, at some point, the statistics for the 1992 House Districts according to the 1990 Census was used, rather than the 2000 Census. I take full responsibility and apologize for this error.

By way of explanation, I was attending the Session at the North Carolina House of Representatives up to the time the Public Hearing started, and did not have time to double check and edit the numbers. It was late yesterday afternoon that Bill Gilkeson of the Legislative staff did a similar analysis, titled "Comparison of Black Districts In Sutton 2 Plan and Justus SGMM1 Plan." When comparing the Gilkeson analysis to my analysis this morning, I discovered the error.

I respectfully submit for the record of the Public Hearing this letter as an addendum to my written remarks acknowledging the error. The error does not alter my major point regarding the dilution of minority voting strength, as shown by the retrogression under "Sutton Plan 1", and now "Sutton Plan 2." Indeed, in some districts the error caused the retrogression to be understated.

I further submit as an addendum the Legislative staff prepared comparison of "Black Districts In Sutton 2 Plan and Justus SGMM1 Plan" and my updated analysis dated October 10, 2001, using the correct numbers.

Thank you.

Yours truly,

Rep. Art Pope

Subject: Support of Sutton Plan

Russell, would you please have this read into the record for the public hearing, as we discussed yesterday. Thank you so much for everything.

On behalf of the Jacksonville.Onslow Chamber of Commerce, we'd like to thank the committee members who have worked so diligently on the redistricting plans. We know that it has been an enormous undertaking. We in Onslow County have worked to make known our needs to have the district lines redrawn to make our county less fragmented. We supported single member districts and ones in which the majority of the constituents lived within Onslow County. The Sutton Plan illustrates that you heard our requests. We are very pleased with this plan, because it gives us most of the things we have supported.

We will be sorry to lose some of our present House members, because they have represented us well. We feel, though, that having fewer districts will help our citizens have a clearer understanding of who represents them in Raleigh. We hope that this will lead to less voter apathy and higher turn-out at the polls over the next ten years.

We support passage of the Sutton Plan and we thank you for your support during this redistricting process.

From: Dan McMillan
Ashe County Manager

I would like to address this board regarding the proposed redistricting of the present 40th House District on behalf of the Ashe County Board of Commissioners.

On Monday, October 1, 2001, the Ashe County Commissioners discussed the two proposals that were presented for representation of Ashe County, the Justus Plan for the 40th District and the Sutton Plan for the 92nd and 93rd Districts. The commissioners express their concern for equal representation of the citizens of Ashe County through representation based on county lines versus voting precincts. Being a small northwestern county, we are aware that the population of Ashe County is not adequate for single representation, but the combination of Watauga County with Ashe County does appear to justify the population necessary for single representation.

The Commissioners of Ashe County feels that county interest and demographics should have considerable weight in the decision of districts. The counties in the region with very similar demographics would include Ashe, Alleghany, Watauga, Avery, Mitchell, Yancey, and Wilkes. These should be considered as possible candidates to make the representative's district more in keeping with ~~committee~~ community needs.

We would encourage the committee to further discuss the possibilities of utilizing county lines as boundaries for representatives. The potential for confusion arising from these changes could alleviate the possibility for both constituent and representative to better interact on county and community matters.

PUBLIC HEARING

HOUSE COMMITTEE ON REDISTRICTING
WEDNESDAY, OCTOBER 3RD, 2001

MR. CHAIRMEN, MEMBERS OF THE HOUSE REDISTRICTING COMMITTEE, I AM HAROLD H. WEBB OF 1509 TIERNEY CIRCLE, RALEIGH, NORTH CAROLINA, WAKE COUNTY PRECINCT 34 AND CURRENT HOUSE DISTRICT #21. I AM PLEASED TO APPEAR BEFORE YOU REPRESENTING A SIGNIFICANT NUMBER OF CITIZENS IN SOUTHEAST RALEIGH COMMUNITY AND A PORTION OF EASTERN WAKE COUNTY.

WE HAVE RECEIVED AND REVIEWED THE MAP OF THE PROPOSED HOUSE PLAN 1; WE HAVE RECEIVED COPIES OF THE BACK UP DATA ON EACH PROPOSED DISTRICT. IN ADDITION, WE UNDERSTAND ONE PERSON MUST EQUAL ONE VOTE; WE UNDERSTAND THE CONSIDERATION FOR MINORITIES AND SECTION 2 OF THE VOTING RIGHTS ACT; WE UNDERSTAND THAT THE REDISTRICTING PLANS ARE ALSO SUBJECTED TO LAWSUITS IF CONSIDERATION OF RACE IMPERMISSIBLY DOMINATE THE REDISTRICTING PROCESS, AND FINALLY THAT DISTRICTS MUST BE CONTIGUOUS.

OUR CONCERN TODAY AFFECTS ONLY ONE SMALL ITEM IN WAKE COUNTY OUT OF THE PROPOSED 113 HOUSE DISTRICTS STATEWIDE. PROPOSED HOUSE DISTRICT #33 IN WAKE COUNTY OMITS PRECINCT #50, A LARGE AFRICAN AMERICAN STRONG VOTING PRECINCT THAT WAS FORMALLY IN THE CURRENT HOUSE DISTRICT #21. RECENTLY UNDER THE JURISDICTION OF THE WAKE COUNTY BOARD OF ELECTIONS OLD PRECINCT #22 WAS DIVIDED INTO PRECINCT #22 AND A NEW PRECINCT 50. THE NEW PROPOSED HOUSE DISTRICT #33 REPLACES HOUSE DISTRICT #21, BUT DOES NOT INCLUDE PRECINCT 50, WHICH USED TO BE A PART OF OLD PRECINCT #22 AND CURRENT HOUSE DISTRICT #21.

OUR REQUEST IS THAT YOU INCLUDE PRECINCT #50 IN THE NEW PROPOSED HOUSE DISTRICT 33. THIS WOULD CONTINUE TO PROVIDE A

COMPOSITE PIECE OF GEOGRAPHY WITHIN THE SAME HOUSE DISTRICT AND WOULD THEREFORE PROMOTE THE CONTINUATION OF A HIGH LEVEL VOTER PARTICIPATION NECESSARY TO PERPETUATE COMMUNITY VOTING COHESIVENESS AND A STRONG DISTRICT COMPOSED MOSTLY OF AFRICAN AMERICAN CITIZENS.

THANK YOU FOR YOUR CONSIDERATION AND EFFORTS AS YOU SEEK TO DEVELOP THE BEST HOUSE DISTRICT PLAN FOR NORTH CAROLINA.

Mr. Chairman, members of the committee:

My name is Duane Royal from Clinton, Sampson County. I am a member of the Sampson County Republican Executive Committee

North Carolina's redistricting policy basically has three rules:

One person per vote

Non-dissolution of minority strengths

District contiguousness

By these standards, there is a great deal of room for gerrymanders with the intent to represent, at a greater advantage, any specific group at the expense of others outside of a racial profile, and *not* for the purpose of representing the electorate as a whole.

Respectfully, I and those Sampson County Republicans on whose behalf I am now speaking believe this is the case here.

The redistricting plan, in its present form, seeks to isolate and remove three precincts from Sampson County, which is largely Republican and renders any hopes for representation in their interests inert.

A primary byproduct being one of disenfranchisement. Why vote when one is already defeated by the rules? This would also affect other races as a consequence.

Those precincts are: Clement, Mingo, and Plainview.

Under the current proposed plan, these three precincts, located in the western and northern most ends of the county, have been included in District 19, are removed from the remainder of Sampson County and sectioned in with the southern end of Cumberland County and Bladen County in its entirety.

Then sweeps through a southern section of Pender County, into a northern section of New Hanover County.

We see the sole purpose here is to dilute the Republican base in these precincts, which boarders with Harnett and Cumberland Counties near Dunn and Fayetteville, and include them in a larger Democratic base whose representative is from an entirely different county, Pender, which is left whole as a district, then gerrymanders close to Wilmington covering a linear area of approximately 153 miles.

Then we see in District 20 a major section of Sampson County that now includes a center section of Johnston County and a major portion of Pender County.

District 20 under the plan is also gerrymandered along a 146 linear mile stretch that includes upwards into Johnston County in Selma, moves down into Sampson County into Newton Grove, south into Clinton, Roseboro, Garland, Harrells, and includes the northern half of Pender County including Burgaw, Rocky Point, and Maple Hill.

This is a stretch, which will almost certainly be challenged if left unadjusted.

Preferably, we would rather see serious consideration given to adjusting the boundaries to include these three precincts into either District 40 in Harnett County where they would stand to be represented as they are currently.

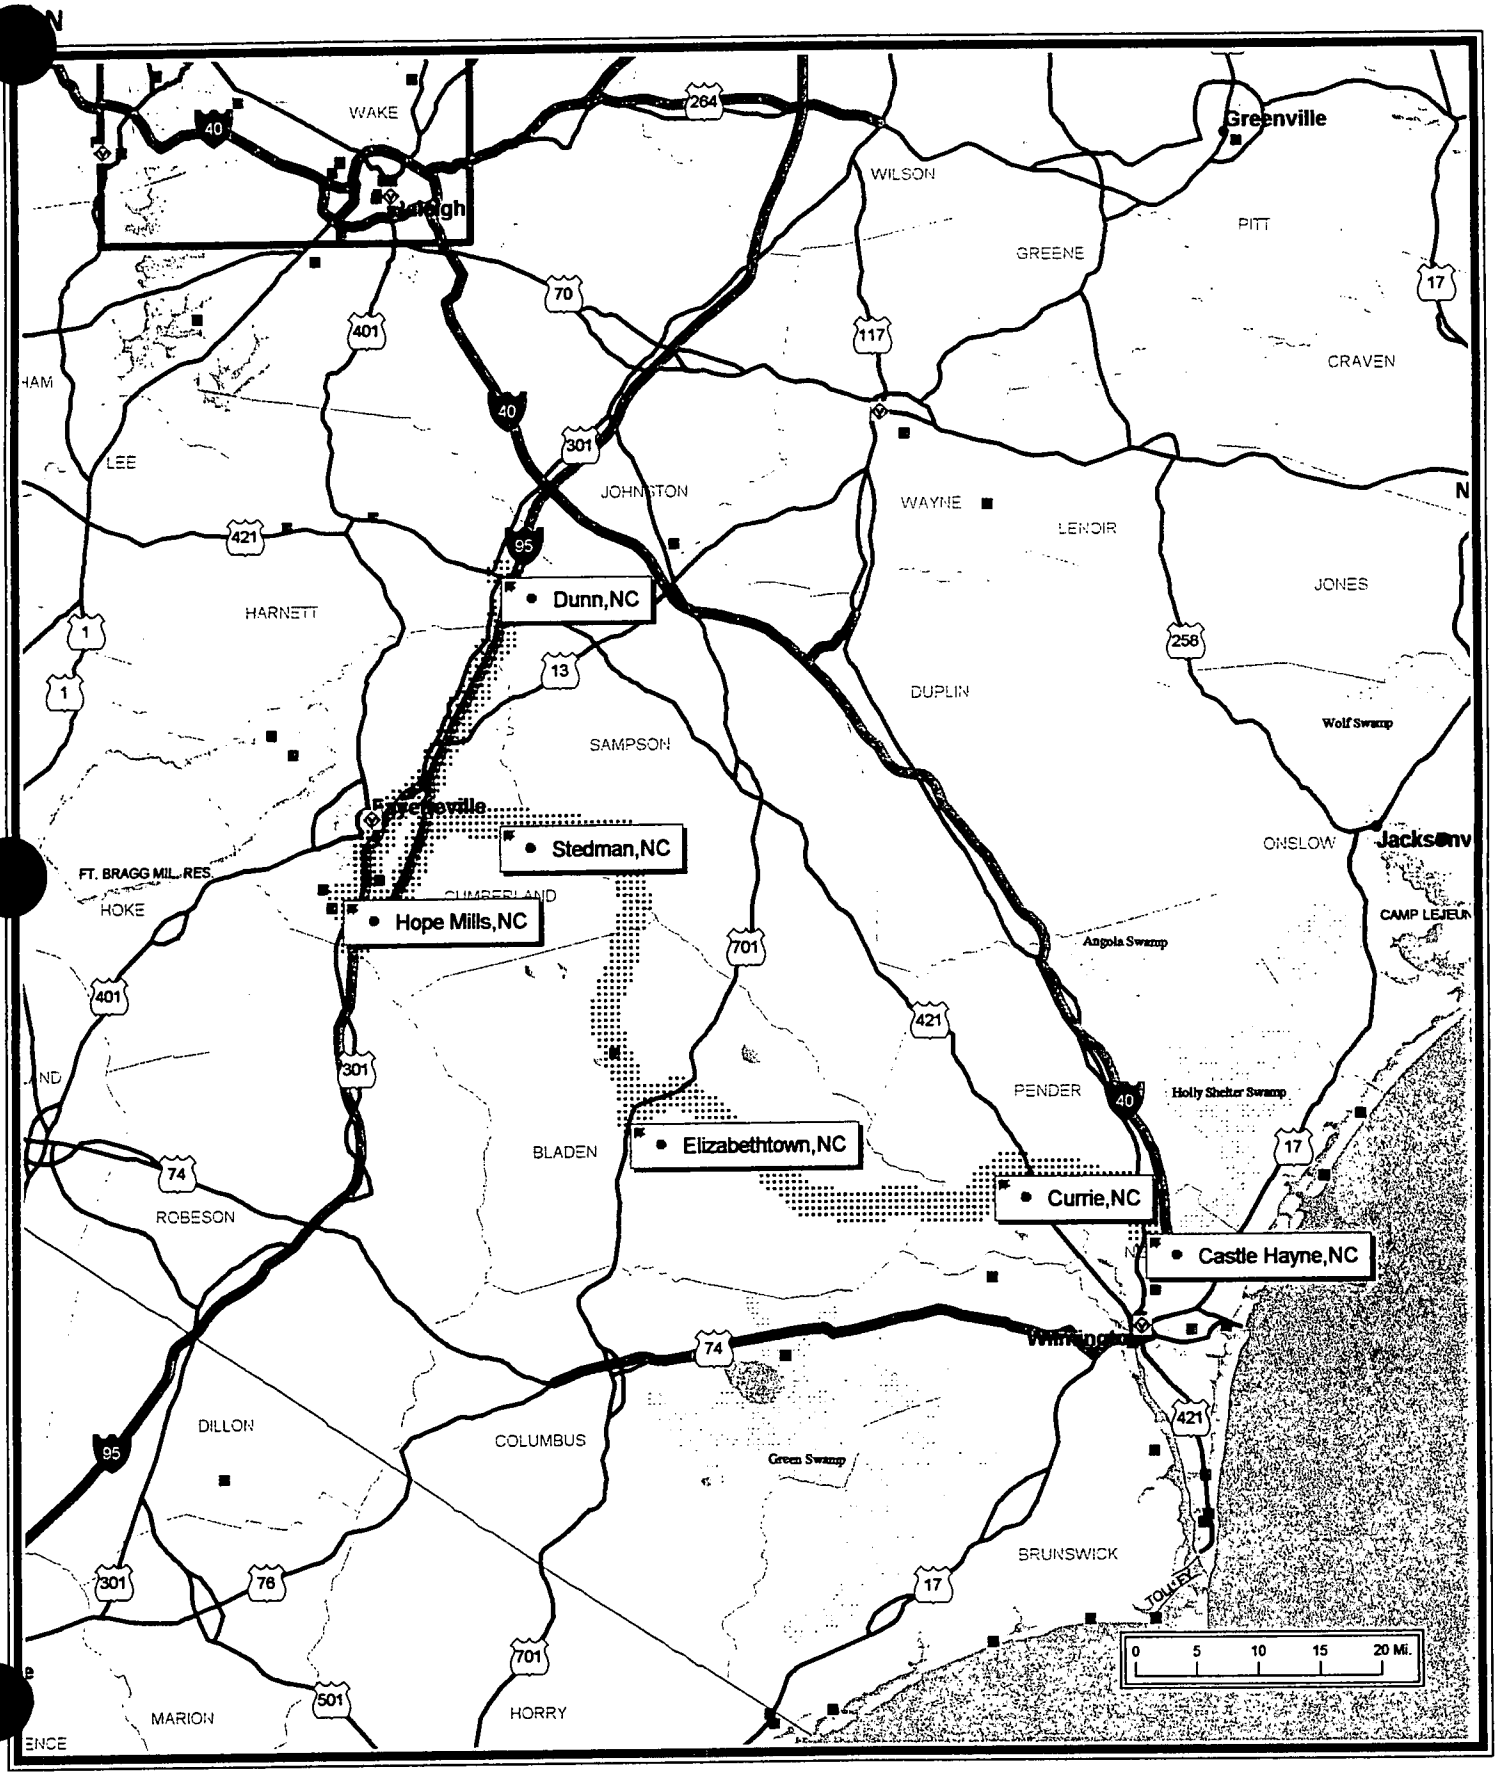

Or we would like to see these three precincts included into District 20 and remain a part of Sampson County, where they are located.

Mr. Chairman, members of the committee, thank you for your time and consideration.

(b) The names and boundaries of precincts (voting tabulation districts), tracts, block groups, and blocks specified in this section are as they were legally defined and recognized in the 2000 United States Census. Boundaries are as shown on the Redistricting Census 2000 TIGER Files, with modifications made by the Legislative Services Office on its computer database as of May 1, 2001, to reflect precincts divided or renamed as outlined in subsection (c) of this section. However, in Robeson County PHILADEPLUS is, in fact, PHILADELPHUS, and in Vance County SANDY SCREEK is, in fact, SANDY CREEK. If the boundary line between Iredell and Mecklenburg

Counties in the Redistricting Census 2000 TIGER Files conflicts with that provided by Section 1 of Session Law 1998-15 as rewritten by Session Law 2001-429, Section 1 of Session Law 1998-15 as rewritten by Session Law 2001-429 prevails to the extent of the conflict.

(c) The Legislative Services Office modified on its computer database some of the precincts shown on the Redistricting Census 2000 TIGER Files to reflect precincts divided or renamed by county boards of elections after the TIGER Files were completed. As a result, precincts are shown differently on the Legislative Services Office computer database from the TIGER Files in the following counties:

(1) Buncombe County:

(d) If any precinct boundary is changed, that change shall not change the boundary of a senatorial district, which shall remain the same.

(e) If this section does not specifically assign any area within North Carolina to a district, and the area is:

(1) Entirely surrounded by a single district, the area shall be deemed to have been assigned to that district.

(2) Contiguous to two or more districts, the area shall be deemed to have been assigned to that district which contains the least population according to the 2000 United States Census.

(3) Contiguous to only one district and to another state or the Atlantic Ocean, the area shall be deemed to have been assigned to that district."

SECTION 2. This act is effective when it becomes law.

I, Amy L. Poythress, being a Certified Verbatim Reporter and a Notary Public in and for the state of North Carolina, was appointed commissioner by consent to take the HOUSE LEGISLATIVE REDISTRICTING COMMITTEE meeting held on the 9th day of October, 2001, beginning at 10:15 a.m. in the Legislative Office Building located at Raleigh, North Carolina.

REP JUSTUS: Please take your seats. I will call this meeting of the House Redistricting Committee together on this 9th day of October at 10:15. So we're already 15 minutes late and we have a lot to do.

Most of you know our Sergeant At Arms and our Clerk, so I'll forego that. I will tell you that our court reporter is Amy Poythress and tell you her role here is to take down every word, including a cough and sneeze. And so make sure that when you speak to speak clearly so she can get what you say for the record.

What we're going to be doing this morning, at this point Representative Sutton

is going to present his plan for your consideration. And then this afternoon we're going to come back and take amendments and do other things.

I would like to say to you that each committee member, I assume, has a copy of the map and the data sheets. There are more maps and data sheets being prepared. They will be out at the Research Room just outside the door before the elevators.

Committee members and members are first to receive those maps and data sheets and others later. They're still assembling them, so they may not be ready yet, but they will be after a bit.

Representative Sutton, do you have any announcements or other matters to come before us before we start?

REP. SUTTON: No. Not in the form of announcements, no.

REP. JUSTUS: Now, we will take -- as he progresses, we'll be more than happy to take your questions and try to answer them. Either Representative Sutton, myself or the

staff will make every effort to see that you have your questions answered. And with that said, Representative Sutton, will you proceed?

REP. SUTTON: Thank you, Mr. Chairman. Ladies and gentlemen, you have before you House Plan -- Sutton House Plan 2, which is an upgraded version of Sutton House Plan 1 that was presented last Tuesday a week ago to you on the floor -- made available to you on the floor.

So that's been some couple of weeks almost now -- I guess it has been two weeks -- to where we've had an opportunity to review that plan and make some tweaks to it. I will tell you that we've had many requests from both sides of the aisle, Democrats and Republicans, for modifications to their districts and to their areas.

Some of them were extensive; others were just minor tweaks, as I call them. And we made changes that benefitted both Democrats and Republicans that affected 64 members. And those were everything from, as I say, minor to we made a major change that

affected all of Mecklenburg County, as you're aware.

You will also note that the -- some of the districts are renumbered on Sutton House Plan 2 as different from Sutton House Plan 1. And that's because we modified some -- late in the game, we modified some two-member districts to single-member districts and we renumbered them accordingly, starting with one up in the northeast part of the state and ending up with Seat Number 114 down in the far west belonging at this point to Representative West.

Now, there's several things I will tell you about the -- the map and the plan. You -- you have before you all the statistical data, basically, that I have, telling you about many characteristics of each district, such as their voter registration, their -- the counties and the precincts and the blocks involved.

In addition, we have data for you that gives you the ideal versus the actual population based on the 2000 Census. In

addition, the election results by district so that you'll -- in certain races, not every race of course -- in certain races. We have district population by race and ethnicity -- ethnicity. Also, voter registration by House district and a listing of all split counties and all split precincts.

So that has been assimilated for you to make it easier for you to digest. Then also you have a tax description of each House district, including the counties by name; precincts by name; and from the split county precinct -- and if a split precinct, by block number.

So all that is available to you. And as I stated earlier -- or as the chairman stated earlier, those of you that are not on the committee can get copies of these down in the Research Department for the main office, just outside the door on the right, with members having priority and after that the general public.

The -- we have certain minority districts. We have 12 seats with over 50

percent minority population -- Black population. We have 22 seats with over 40 percent Black population. And there are four open seats at this point in time with no incumbent, and they range -- one of them has 55.14 percent Democratic performance; three of them with 51 percent Democratic performance; one with about 58 percent Republican performance, that one being in Wake County.

We have limited -- reduced, I should say, the number of multi-member districts. We have one district with three members. That is District 29, consisting of Representative Luebke, Representative Michaux and Representative Miller as the incumbents.

We have three districts with two members in each district: Allen and Crawford in District 28, Hackney and Insko in District 52, Buchanan and Thompson in District 106, and Hill and Redwine in District Number 17.

Now, you have before you the map that, as I said, we started working over in the northeast and worked our way across the

state. As you are aware, we had a -- we had four regional chairs: four Democrats, four Republicans. We had two vice-chairs: one Democrat, one Republican.

And we encouraged both sides of the aisle to talk with their membership and try to come up with a plan that would be suitable to consider all the factors, such as politics, incumbency, keeping in mind we have certain requirements that we have to deal with for those -- especially those areas that are under the Voting Rights Act, Section 5 and Section 2 throughout the state. All these factors were taken into consideration in drawing the map.

Now, you have before you the -- I will also tell you that as a matter of information for you, districts that are -- with Republican incumbents reached from the roughly 70 percent Republican incumbency with a 70 percent performance in District 64 and -- and it goes all the way down to a 44.3 percent in one of the other districts.

So there is -- most of the Republican

districts with incumbents have strong Republican members. We tried to give Democrats -- take politics into consideration and give Democrats reasonable numbers as well.

So this has been a -- a rather long and cumbersome activity. We've tried over the last two weeks to accommodate -- week and a half or so to accommodate as many folks as we could in -- with modifications. Some of them were just virtually impossible to do without a complete redrawing of a region, and we did not have time to do that.

I don't think it's a secret to anyone that we've been in session now nine-plus months. We're probably the longest -- certainly the longest history of any General Assembly in this state and probably one of the longest in the country ever.

But we have been here a long time, and we have gotten marching orders that we need to move forward and get this plan through committee, get it on the floor and get a vote of the membership -- the entire body on the floor.

Now, we have -- you've spent a long time working on some districts to accommodate folks that wanted single-member districts that were no longer happy in dual districts, two-member districts. That encompassed a good bit of our time, especially in the last ten days or so, and we've -- we've been able to do that.

I don't think there's very many members of the House that are absolutely thrilled over their districts on either side of the aisle. I didn't expect many members to be absolutely thrilled over the districts. It's just not the name of the game when you have to do this. And it does not make it any easier for us, but what -- but I think we've done a reasonably good job of doing this. We have some strong Democrat, strong Republican districts out there and fair and reasonable now.

I will -- will tell you that, as all of you heard on the floor last night, we have our marching orders to get this bill out of committee, move it onto the floor and have a

vote on it on the floor.

We certainly -- in committee, you have a right to run amendments. We're not going to take any this meeting, but you have a -- will have an opportunity -- will -- beginning this afternoon after session to run amendments.

And I can tell you that staff has informed me that it's going to take anywhere from two to two and a half hours per amendment to get them in the form that's going to be necessary to get them before the committee or before the floor.

So I don't know at this point how much time you're going to have to get all the amendments that you would like for this afternoon. But we will -- it's my understanding in talking to my coach here, we have other committee member meetings beginning at 11 o'clock today, so we -- it's my intention to be out of here so folks can go to their other meetings and that'll give folks, beginning at around 11 o'clock, an opportunity to get some amendments drawn.

Now, I will remind you again that there are five folks you can contact if you want to draw amendments, and I'll give you those names again. Certainly, Jerry Cohen -- everyone knows Jerry Cohen, Bill Gilkeson, Esther Manheimer, Erika Churchill and Karen Cochrane-Brown. Either of those five will deal with you with amendments. If Jerry doesn't draw it for you, he'll direct you to someone who can.

Now, having said all that, Mr. Chairman, I'm ready to --

REP. JUSTUS: Are you ready for questions? Question from the committee? Representative Sherrill.

REP. SHERRILL: Thank you, Mr. Chairman. Representative Sutton, point of clarification. You said there were four open seats. Could you give us those numbers? And, in addition, you said there were three districts with two members and you called out four districts.

REP. SUTTON: Well, that was a misstatement on my part. There are four --

four districts with two members, and I'll give you those first: District 28, 52, 106 and 17. Those are the four-member -- four districts that have two members. We have one district, District 29, that has three members.

Now, as to your first question, if I said there was four, I'm -- I meant to say there are four Democratic leaning districts with vacant districts and one Republican vacant district. And do you want those numbers?

REP. SHERRILL: So -- so there are five?

REP. SUTTON: There's five, yes. Let me give you the numbers.

REP. SHERRILL: Yes, I would like those numbers, please, sir.

REP. SUTTON: The first is District 54, District 14, District 94, District 103 and 37.

REP. JUSTUS: Further questions by the committee? Representative Kiser.

REP. KISER: Thank you, Mr. Chairman. On these open districts, were any of them drawn with the intentions of drawing a minority district for the open districts?

REP. SUTTON: At this point in time, I think my response to that would be, no, I don't think so. And -- and when you're saying a -- a racial minority, no, I don't think there were any drawn with a racial minority.

REP. JUSTUS: Second question?

REP. KISER: In looking at -- at this plan, it appears to me that the Republican districts have been drawn with more people in them than the Democrat districts. Was this a part of the plan?

REP. SUTTON: Well, first of all, when you -- if you will notice that -- and this is a general statement. A lot of Democrats are down east and a lot of Republicans are in the west. With the population changing and shifting, to give consideration to incumbency, that basically was one of the things we had to do in considering incumbency.

Now, likewise, in the west, we had to do the same thing and incumbency was a major consideration in that and politics, of course.

REP. JUSTUS: Representative Weatherly.

REP. WEATHERLY: Would you tell us how many single-member districts there are with two incumbents and how many of those are Democrats and how many are Republican?

REP. SUTTON: Well, first of all, I will say that when -- in drawing the plan, when a member came to us and indicated that he or she was no longer going to run, we basically did not consider them an incumbent any longer. And as a result, we eliminated the Edwards seat over in -- to the east. When Representative Teague came to us and indicated he was no longer going to be a candidate, we, in essence, treated him likewise.

Beyond that, as I recall off the top of my head -- and I don't have it statistically written down -- I think there are two incumbents in District 95, and they are Republican, being in the west. There are two incumbents in District 101, and both of those are Republican.

I -- I don't recall off the top of my head, but I could be wrong, but I don't

think there's any more at this point.

REP. JUSTUS: Further questions? Representative Holmes.

REP. SUTTON: Yes, let me -- before I do that. I would point out that in District 74 there are two incumbents, District 74. And ours was drawn that way because in our earlier discussions with my co-chair, he informed me that his district was going to look that way and so did mine. And we just did it kind of as a joint venture.

REP. WEATHERLY: So that makes --

REP. SUTTON: Three.

REP. WEATHERLY: -- another Republican district, is that correct, Mr. Chair?

REP. JUSTUS: I'm sorry?

REP. WEATHERLY: That -- that adds another Republican district?

REP. JUSTUS: Yes, three.

REP. SUTTON: Three.

REP. JUSTUS: Representative Holmes.

REP. HOLMES: Thank you, Mr. Chairman. Representative Sutton, what criteria was used when you drew this new -- on your Plan

Number 1 and Number 2 determining how to draw that, what criteria was used?

REP. SUTTON: To draw the entire plan?

REP. HOLMES: Yes.

REP. SUTTON: Well, we took several things. We took -- and without disputing we took politics into consideration, we took population into consideration. We took incumbency into consideration. We certainly took seniority among members into consideration. And we took the compactness of districts, trying to make them as compact as reasonably possible.

We also took in just the general look of what a district looked like once you had drawn it on a map. We took that into consideration. We took race into consideration to some degree, especially in majority-minority districts.

And those are just some of the -- the criteria that we -- and we certainly took in the shifting of the population. As the population shifted from the more rural areas into the metropolitan areas, that was a key

factor.

REP. HOLMES: Mr. Chairman.

REP. JUSTUS: Yes, sir. Mr. Holmes.

REP. HOLMES: Follow-up. I believe there was a bill introduced early in the session and I don't recall what the number was, but it addressed the criteria of drawing redistricting maps. I think that bill was sent to Rules; I'm not sure about it. But I would think that maybe it might serve this committee to -- if we could look at that and try to comply with that. I think it -- most of the items in that bill were part of the Justice Department's thoughts on redistricting.

Would there be a chance for -- for that bill to be brought before this committee so we could look at it and see if we can comply with some -- some of the things that Justice has said we must do?

REP. SUTTON: Well, Representative Holmes, I think we've complied or attempted to comply with -- with all the things that the courts have laid before us, all the

things that the Justice Department has said that -- that we need do and must do in those -- especially those Voting Rights counties, those 40 Voting Rights counties.

We've certainly attempted to comply with all of those things and also take into consideration the things that the -- both the courts and the Justice Department has said that can be taken into consideration, such as incumbency and politics and things of that nature.

So we've attempted to do all that. We -- we have not necessarily laid out a set of criteria, made the criteria public or anything of that nature. But we have -- we've done our best to try to comply with all the requirements that were laid on us for that.

REP. HOLMES: Follow-up, Mr. Chairman.

REP. JUSTUS: Yes, go ahead.

REP. HOLMES: Would it be detrimental to the action of this committee if we looked at that -- those suggestions and -- and see if we've complied with those that are

important in drawing a redistricting map?

REP. SUTTON: I don't think it would be -- necessarily be detrimental to anyone to look at those things, and, certainly, they're on the Internet and it's available in bill drafting if anyone wants a copy of it.

I don't see any purpose to be served, personally, by taking that -- those up at this stage in the process or even spending the time working with those when we've already attempted to comply with all those requirements.

REP. HOLMES: Mr. Chairman, if I could --

REP. JUSTUS: You may.

REP. HOLMES: Could I make a motion --

REP. JUSTUS: Yes, sir.

REP. HOLMES: -- that we ask that bill be brought before the Redistricting Committee so all the members would have a chance to look at that and see if we've complied with most of the suggestions that we're supposed to comply with?

REP. JUSTUS: That's a proper motion.

REP. HOLMES: I so move.

REP. JUSTUS: The committee's heard the motion.

REP. REDWINE: Mr. Chairman.

REP. JUSTUS: Is there -- is there discussion?

REP. REDWINE: Mr. Chairman.

REP. JUSTUS: Representative Redwine.

REP. REDWINE: Yes. May I ask a question of Representative Sutton?

REP. JUSTUS: You're on.

REP. SUTTON: I yield.

REP. REDWINE: Representative Sutton, in regard to Representative Holmes' request, that information -- I'm going to make an assumption -- has been around and available since the date that bill was introduced. And do you have any knowledge -- does anybody have any knowledge as to when that bill was originally filed? I believe Representative Holmes said early in the session. Is that correct?

REP. SUTTON: I don't know when it was filed, but I think it may have been as early

as April -- March or April. The material has been available for any committee member or any member of this body or the general public to review.

And at this point in time, this is the first time I've had anybody come forward and want a review of that material or anything and it's certainly been out there for the public.

REP. REDWINE: Second question, Mr. Chairman.

REP. JUSTUS: Go ahead.

REP. REDWINE: Representative Sutton, as far as the elements of drawing the plan, regardless of what that bill says, I'm going to assume that you and Representative Justus both when you did this and the staff and the people you used, is it correct to say that -- that you took into -- into consideration the elements of what would -- the Justice Department and the courts look at in drawing this map? So is it safe to say that you've already pretty much looked at the elements and what it takes to draw a district?

REP. SUTTON: Absolutely. We -- I can only speak for myself. But my staff and I, we looked at the court cases in recent years. We looked at the Justice Department guidelines. And we reviewed all that and we made an attempt to stay within all those guidelines in -- in drawing this plan. And I see nothing to gain by -- other than a delaying tactic to try to bring that bill before this committee to be studied and reviewed.

REP. REDWINE: Mr. Chairman, if I might speak to the motion.

REP. JUSTUS: You may.

REP. REDWINE: Mr. Chairman and members of the committee, you know, Representative Sutton's correct and I believe Representative Holmes' own -- own admission is in his motion that the bill to which he refers has been around here since, well, let's say March or April.

Ladies and gentlemen of the House, this is October and going on November. And I think most of you, including Representative

Holmes, wants to be home. I know I do, and I've heard conversations of people -- Representative Daughtry's been very eloquent in his criticism of the length of this session. And I think everybody agrees -- and I agree with -- with the comment that's being made in the paper that we need to draw this thing to a conclusion.

And this information has been around a long time. It's been available for anybody on this committee and anybody in the world, for that matter, to look at to see as to the elements of drawing the plan.

You've heard Representative Sutton say that they've already taken these elements into account as they drew the plan because, obviously, he and others, if this plan passes or any other plan passes, have to defend it to the Justice Department and the courts.

And to now come drag up a bill that's been around since April for all of us to look at and discuss and amend, pass, not pass, you know, to apply to this map or not to apply seems to be nothing more than an exercise in

futility.

And, quite frankly, if you folks want to be around here another month or two, and we can celebrate Thanksgiving and Christmas together maybe you want to vote for this motion. But I, for one, am not going to support it because I believe it's time to do business.

We've all had a chance to look at this. Every member, I assume, has had an opportunity for months now to contact Representative Sutton about their district, as to the elements of it, whether they liked it, didn't like it, any changes, any tweaking. I believe that's the word that's been used on the floor. There's been ample time to do that.

So let's just do business and get it over with. This is nothing more than delay, delay, delay. I think it's time to go on.

REP. HOLMES: Mr. Chairman.

REP. CUNNINGHAM: Mr. Chairman, inquiry of the chair, please.

REP. JUSTUS: Stand by just a minute.

Representative Redwine, I've already ordered a Christmas tree just in case. I think it'll be delivered next week.

REP. REDWINE: I have been present all week, Mr. Chairman.

REP. JUSTUS: We have some previous people ahead of you, Representative Holmes.

REP. HOLMES: Thank you, Mr. Chairman.

REP. JUSTUS: No.

REP. HOLMES: I thought you were recognizing me.

REP. JUSTUS: Representative Hackney, Representative Cunningham and then you.

REP. HACKNEY: Well, whose bill are we talking about and why are we -- why are we entertaining a motion for a request which is in the providence of the Rules Chairman and the Speaker? I don't understand. If anybody wants to make a request that the bill be moved, they have the right to go request it.

Can I ask Representative Sutton a question?

REP. SUTTON: I yield.

REP. JUSTUS: You may.

REP. HACKNEY: Whose bill are we talking about?

REP. SUTTON: I -- I'm vaguely familiar with the fact that the particular bill was filed. I don't know whose it was. However, I would tell you that at our very first meeting we handed out a booklet that was about yea thick that listed and -- and discussed in detail all the criteria that the courts and the Justice Department have set down for redistricting.

Every member of the committee and many members of the general public and all House members had opportunities to get one of these booklets. I think they were tan in color, may have been yellow or tan, something like that. And all this data has been out there to the membership throughout the entire process.

So this is nothing more than just something to try to slow the process down.

REP. JUSTUS: Representative Hackney, if I might explain to you, as the chair

understands it, this is not a request to take up that bill. It's merely a motion to look at the criteria that's within that bill, as -- as the chair understood it.

Now, do you have another question?

REP. HACKNEY: No, sir. I believe that the -- the motion was to request somebody -- some unspecified person to move it to this committee, and I think that's inappropriate. I hope we'll vote against it.

REP. JUSTUS: Representative Cunningham.

REP. CUNNINGHAM: Yes, question of Representative Holmes.

REP. HOLMES: Yes.

REP. CUNNINGHAM: Representative Holmes, let's say that the -- that the -- that the motion does pass. You mind telling us what happens after then with the bill if it's -- what -- what -- what will you do with the bill at this point? What's your preference?

REP. HOLMES: I'm not doing anything to the bill. The bill is still before us. And if you don't want to call -- recall the bill

or have the bill before us, I can make a copy of -- of all of the resolutions concerning that for each member to look at if they want to.

It simply states the criteria to be used in the redistricting by the Redistricting Committee. And it lists about ten items here and that's all it does. And if -- if -- with the chair's permission, I can make a copy of this to give to each committee member. It's not the bill itself, but it's the items that are in the bill.

Now, I'm not -- I'm not here to delay anything. As Representative Redwine has said, you know, we've been here since January, over nine months. This is the first formal committee meeting that we've had to -- to draw maps and to look at all the districts across the state.

And I -- I don't think that I'm trying to delay anything. We've been delayed for nine months. And I'll be glad to share this with -- with anybody that wants to see it, and I think that all the committee members

would -- would like to have one, or most of them would.

And, in fact, I've been handed a -- a supply of these, if you want to hand them out, Representative Cunningham, I'd be glad to share it with you.

REP. CUNNINGHAM: Well, follow-up, Mr. Chairman.

REP. HOLMES: And I might add, Mr. Chairman --

REP. JUSTUS: Yes, sir.

REP. HOLMES: This was prepared by our staff. I think Mr. Cohen is the one that prepared this. I'm not trying to pull any surprises. I just want everybody on the committee to know --

REP. JUSTUS: Well, this -- this is a pretty --

REP. HOLMES: -- what we're all about.

REP. JUSTUS: Representative Holmes, this is a pretty open committee. If you wanted to submit that document for the record, I'm sure that we could accept that if you'd like. And Representative

Cunningham, you had a follow-up question.

REP. CUNNINGHAM: Yes. What I was trying to get to, Representative Holmes, even if this committee -- let me ask you this. Even if this committee vote to bring the bill back -- well, to -- to bring it -- to bring the bill -- whatever your motion was to get the bill before this committee and let's say that the Speaker or the Rules Chairman say, no, that's a waste of time or whatever they -- let's say they refuse to bring that bill to allow the committee to hear the bill, what -- what position does that -- because I think that even if we vote to do that -- question of the chair. Let me ask the chair.

REP. SUTTON: Representative Cunningham, would you yield for a question?

REP. JUSTUS: Representative Cunningham, do you have an inquiry of the chair?

REP. CUNNINGHAM: Yes, sir. My question is, Mr. Chairman, even if this committee votes to bring the bill before the committee and the Speaker or the Rules

Chairman decide that they don't want to do that, what enforcement does the -- does this committee have to bring the bill out if they don't want to do it?

REP. JUSTUS: Mr. Chair -- Representative Cunningham, I don't know whether the chair can give you a proper answer on that. I think, however, if the committee voted to bring the bill before us, then that would create a dilemma as to whether the committee rule or the speaker wanted to overrule the committee, if he could indeed do that, and I'm not sure that he can.

REP. SUTTON: Mr. Chairman.

REP. JUSTUS: Representative Sutton.

REP. SUTTON: I think we can resolve this very simply if -- if we -- if the chair will just allow a copy of these -- this matter to be passed out to every member. And I think he -- Representative Holmes either has a copy or can get a copy for every member and the simplest thing to do is let them pass them out. I have no problem

with that. I -- I'm concerned about bringing bills before the committee --

REP. JUSTUS: Representative Holmes.

REP. SUTTON: -- but at this point just pass out this proposal and let's move forward.

REP. JUSTUS: Would you be willing to do that and submit this information for the record?

REP. HOLMES: Mr. Chairman, I think I have enough copies here, and that's fine with me to pass it out. I think that -- that it would be interesting for the members to look at.

And, Mr. Chairman, I'd like to make a statement about what Representative Redwine said, if I may.

REP. JUSTUS: You may.

REP. HOLMES: Representative Redwine, we've been here a long time I know, and this particular bill that we were talking about has not been moved. It seems as though maybe whoever's in charge of that is dragging their feet. This -- this is not harmful at all. It's just a matter of reading, and I

would hope that each member would look at it.

I want to get away from here just as fast as I can. In fact, I'm -- I'm -- had to cancel two trips to Kansas City and -- and supposed to leave this weekend, but I don't know whether I'm going to get to go now or not. So I'm not dragging my feet.

I don't intend to -- to slow the process down. I just want everybody to -- to -- to see what the map looks like and if it meets with this resolution that has been introduced by a member of the General Assembly. Thank you, Mr. Chairman.

REP. REDWINE: Mr. Chairman.

REP. JUSTUS: Representative Holmes, we are getting pressed on time. Do you wish to have this motion voted on or do you wish to withdraw it and submit this document for the record? Which way would you like to go, sir?

REP. HOLMES: Well, I think that the chairman has already -- Chairman Sutton has already recommended that we pass this resolution out, and that's fine with me as long as all the members get to see it and

can compare these resolutions to the map itself.

REP. JUSTUS: Are you then withdrawing your motion?

REP. HOLMES: I'll withdraw my motion if you will allow these to be passed out, and I think they've been passed out.

REP. REDWINE: Mr. Chairman.

REP. JUSTUS: The chair rules that you can pass them out and they'll be made a part of the record.

REP. REDWINE: Mr. Chairman.

REP. JUSTUS: Representative -- I'm stuttering this morning. Excuse me. Representative Baddour is ahead of you, Representative Redwine.

REP. BADDOUR: I'll pass.

REP. JUSTUS: Representative Redwine, you're recognized.

REP. REDWINE: Mr. Chairman, I -- I do not object to this being passed out, but -- and that's fine with me. But Representative Holmes' original motion was to take a bill from another committee and put it before us,

if I understand his motion.

REP. JUSTUS: He's withdrawn that motion.

REP. REDWINE: I understand that. That's the reason for my comments about delay.

REP. WARWICK: Inquiry of the chair, Mr. Chairman.

REP. JUSTUS: Representative Warwick.

REP. WARWICK: The paper that was passed out, I don't have any problem with -- with looking at this either. But I'd like to point out that this came from another bill that's in another committee that has not yet been acted on. There is no validity to this whatsoever other than to the people who introduced the bill.

Now, this is good and -- and one of the chairs at least has said most all of this has been taken into consideration anyway. So there's nothing binding about this particular piece of paper, is that correct?

REP. JUSTUS: That's correct. But both chairs have ruled that document be passed out and the chair presiding has ruled it be

made a part of the record. And as far as I'm concerned, that -- that solves this matter. And Representative Sutton, you're recognized to move on.

REP. SUTTON: Thank you. Thank you, Mr. Chairman.

Ladies and gentlemen, we're supposed to be out of here a few minutes ago. Am I correct in understanding that members of the committee -- and you can do this by general showing of hand -- want to run amendments in the committee rather than on the floor or vice versa or whatever? Are there members here that want to prepare amendments and run them in committee today?

Okay. Fine. Well, what we need to do, you folks that want to have your amendments in committee, we will be back in session after -- after session. We will be back probably 15 minutes after session in this same room. And you need to contact Bill Gilkeson, Esther Manheimer, Erika Churchill, Karen Cochrane-Brown or Jerry Cohen to have your amendments prepared.

Now, let me tell you, folks -- now this is very important. When you do an amendment, if it's a major amendment that's going to affect, say, ten or 20 members, you need to go ahead and have an entire state plan redone. If it's going to affect just two or three members, then you can have a sectional map of that -- of that area. But you have to show how it's going to affect each and every member that's affected.

If you do not have all that criteria, both the map and the data showing how it's going to affect each and every member that will be affected or each and every district that will be affected -- if you do not have that, it will be ruled out of order.

So, please -- staff will work with you; but to save yourself some time, make sure that what you have will be in order. Otherwise, it will be ruled out of order.

And, Mr. Chairman, based on that, we're out of time, and I move that we adjourn.

REP. WAINWRIGHT: Mr. Chairman. Mr. Chairman.

REP. JUSTUS: Representative Wainwright, you're recognized for one quick question and then we're going to adjourn.

REP. WAINWRIGHT: Thank you, sir. Inquiry of the chair.

REP. JUSTUS: State your inquiry.

REP. WAINWRIGHT: This document that was passed out entitled "House Legislative Redistricting Committee," it appears to be a resolution. Now, I understood you to say that both chairs had agreed to enter this into the record, but I would like to know how is it being entered into the record? Is it being entered as information or what?

REP. JUSTUS: You misunderstood. Both chairs have agreed the document will be passed out. The Presiding Chair ruled it could be placed in the record -- in the official record.

REP. SUTTON: And, Mr. Chairman, if I may.

REP. WAINWRIGHT: As what?

REP. SUTTON: As just information. And it's just information. It's not binding.

There's been no vote on the material placed in this document. It's not binding. It's just information, just like any other information passed out to the Committee.

REP. JUSTUS: Does that answer your inquiry, Representative Wainwright?

REP. WAINWRIGHT: That answers my inquiry. Thank you.

REP. JUSTUS: Representative Gulley, right quick.

REP. GULLEY: I just want to know if the major metropolitan areas can get a blowup of their map because it's hard to read Charlotte and Greensboro?

REP. SUTTON: Yes, I'm sure. Just see the staff and they can provide you that. They have the capability on the computer of just blowing up any region, and all the -- the major metropolitan areas can be blown up. Just see staff for that.

REP. JUSTUS: And remind the members to bring your maps back with you because they're in rather limited supply right now for this afternoon's meeting.

If there's no further business to come before this meeting, the meeting is adjourned.

I, Amy L. Poythress, being a Certified Verbatim Reporter and a Notary Public in and for the state of North Carolina, was appointed commissioner by consent to take the HOUSE LEGISLATIVE REDISTRICTING COMMITTEE meeting held on the 9th day of October, 2001, beginning at 3:00 p.m. in the Legislative Office Building located at Raleigh, North Carolina.

REP. SUTTON: The Legislative Redistricting Committee will come to order. We have been waiting on some amendments. They have started to arrive and we will now move forward with business for the day.

We're going to take the amendments in the format that they were delivered to us. At this point in time, the first amendment is the Holmes amendment.

Have all the members been handed out House Redistricting Sutton Plan 2, the proposed committee substitute? Please raise your hand if you do not have a copy of that on your -- available to you on your desk.

At this time, recognize Representative

Baddour for amendment -- for motion.

REP. BADDOUR: Move that the proposed committee substitute be before us for the purpose of discussion.

REP. SUTTON: All those in favor, say aye. All those opposed, no. Ayes have it. It is now before us for discussion.

The first amendment that is being passed out is that of Representative Holmes. It's HO25ARR93V2. Does all the members have that?

Representative Holmes is recognized.

REP. HOLMES: Thank you, Mr. Chairman. This amendment is to change District 93 or combine District 93 and 92. The amendment would bring that in its entirety to a two-member district. Right now, 92 is a single-member district, 93 is a single-member district.

The bill further -- or the amendment further changes the number on the bill on page 55, line 30 by changing the 114th District to the 93rd District. And the reason for doing that was the 114th is the

last district in the plan -- in the Sutton plan. And it makes the entire district -- 93 and 92 the 92nd District and changes 114th District to the 93rd District.

This district, Mr. Chairman, ladies and gentlemen, meets the numbers, population, as the Sutton Plan 2 is 92nd District, 70,007 people, according to the 2000 Census; District 93 is 70,078 people, for a total for those two combined districts 140,085. That would be on the plus side 5,929 with a 4.4 percent deviation.

Ladies and gentlemen, I am trying to keep the district that I have represented for -- since 1975 intact. The district that is -- that I have been assigned to according to the map is District 92, which puts me -- divides my little County of Yadkin almost in half. I think I have 40 percent of the population of my home county. I have a substantial amount of Northern Iredell County and Alexander County.

The 93rd District includes, which Representative Walker has -- is the member

that would represent that district if it were a single-member district, all of Wilkes County, a part of Ashe County, a part of Alleghany County.

By combining this, it makes a -- a two-member district that meet the numbers that we are supposed to meet. And I would ask for the adoption of this amendment, and I would call for the ayes and nos, Mr. Chairman, and I'll try to answer any questions anyone has.

REP. SUTTON: Thank you, Representative Holmes. Any discussion on the amendment? Representative Baddour.

REP. BADDOUR: I'd like to ask Representative Holmes a question, if he would yield, first of all.

REP. HOLMES: I yield.

REP. SUTTON: He yields.

REP. BADDOUR: What does Representative Walker think about your amendment, if you know, Representative Holmes?

REP. HOLMES: I have a signed statement that he is in agreement -- as long as Wilkes

County is kept whole that he would agree to a two-member district.

REP. SUTTON: Follow up? He yields.

REP. HOLMES: I yield.

REP. BADDOUR: What -- in the plan that Representative Justus proposed, what happens to these -- to this district?

REP. HOLMES: I don't think we're considering Representative Justus' map, but the map that he proposed would -- it had a single-member district. The entire Yadkin County, the eastern part of Wilkes County, the -- that was in my district, a single-member district.

In the Walker district, it included Alexander County in its entirety and the western part of Wilkes County. That kept the entire 41st District intact. Excuse me. Wait. Let me correct myself on that.

No, it went up -- it did not include Alexander County. It included Western Wilkes, went into Alleghany and to Surry County. A subsequent map changed it to Alexander County.

REP. BADDOUR: Speak on the amendment.

REP. SUTTON: Representative Baddour's recognized to speak on the amendment.

REP. BADDOUR: I -- I would have to urge the members to -- to vote against this. I think -- although it's not possible to do it everywhere, I think one of the goals was to create more single-member districts where we could.

A quick look at it, I think both of the -- the districts are substantially Republican registration. And if you look at the Auditor's race or pick any of the races that is shown, the Republican candidate seems to do exceptionally well in both of those single-member districts.

So I understand how Representative Holmes feels in terms of wanting to continue to represent people that he's represented in the past. Unfortunately, every ten years, there just has to be some changes or there are some changes as the population shifts and as -- as things happen and we're called on to -- to represent perhaps some different

areas or maybe not as many people as we used to before. So I would urge you to defeat this amendment.

REP. SUTTON: Representative Holmes is recognized.

REP. HOLMES: Thank you, Mr. Chairman. I would -- I would honor -- or would be honored if Representative Baddour were to -- were to submit a single-member map. I think that is the way we should go. I have tried to get my cohort to accept a single-member district. He has not agreed to it because it would split his home county and he wants his home county as a district.

The problem that I have with the map that is drawn under the first Sutton House Plan 2 is that my county, which is the smallest county in the entire district, is split and I get 40 percent of the population of that county. I cannot survive a primary in that district.

And I -- I would say that I have served the people well in the 41st District for 25 years, and I would certainly like to

continue to represent them and they have expressed that to me.

REP. SUTTON: Any other comments? Representative Owens is recognized.

REP. OWENS: Yes, a question to Representative Holmes.

REP. HOLMES: I yield.

REP. SUTTON: He yields.

REP. OWENS: Representative Holmes, earlier you passed out this here and it says, "Legislative districts shall be single-member districts."

REP. HOLMES: I passed out what?

REP. OWENS: The redistrict -- the guidelines that we put in the record.

REP. HOLMES: I -- I've just got through saying to Representative Baddour that I would welcome a single-member district. That is my preference, and I think we ought to have single-member districts all over the state. I don't think there should be any multi-member districts, not with -- with the way we have to use the population under the one man, one vote rules.

And I would welcome that, but my -- my fellow representative does not want a single-member district as long as it would divide his home county. He wants his home county as a whole.

REP. SUTTON: Representative Holmes, when you talk about your fellow representative, who is it? Would you state who it is that wants their county whole and is not satisfied with the -- with the plan that is before us now?

REP. HOLMES: Representative Walker.

REP. SUTTON: And if I may, you -- he is now in a single-member district. You are in a single-member district. Am I correct?

REP. HOLMES: No, you are not. We serve as a two-member district representing Yadkin, Wilkes and Alexander County and we have for almost 20 years.

REP. SUTTON: But under the Sutton 2 plan before you, you are both in single-member districts, are you not?

REP. HOLMES: That's correct. That's correct.

REP. SUTTON: Any other comments -- questions, comments? You've heard the request by Representative Holmes that he be combined into a two-member district from the Sutton 2 plan that has them in single-member districts and he's called for the ayes and the nos.

Representative Justus.

REP. JUSTUS: No. I was just stretching.

REP. SUTTON: Oh, I'm sorry. I thought you were asking a question.

REP. JUSTUS: Aye.

REP. SUTTON: The amendment fails, 20 to 22. Pass out the second amendment.

[AMENDMENT BEING PASSED OUT]

REP. JUSTUS: Mr. Chairman.

REP. SUTTON: Representative Justus.

REP. JUSTUS: While they're passing out those amendments, we didn't have much of a chance to discuss your plan earlier this morning. Could I ask a question or two about it during this interim period?

REP. SUTTON: Go ahead.

REP. JUSTUS: How many minority districts is in the Sutton plan?

REP. SUTTON: In the Sutton plan that is before you, there's 12 seats with over 50 percent Black, 22 seats over 40 percent Black and there's something about -- for minority districts, we have a triple-member district that is over 40 percent Black. We have 12 majority Black seats. But it's also pointed out that 49 percent in Representative Bell's district is Black.

The Bonner seat is 47.73 percent Black but has 17.78 percent Indian or Native American population. And the McAllister-Lucas districts are 46.25 and 45.24 percent Black, and that was made from the division of the -- the old 17th District.

REP. JUSTUS: Mr. Chairman, the reason I asked that question, there seems to be some difference in the way people count the minority districts. I'm referring to those that are in the historically 40 counties that are under the Voting Rights Act, plus those members that in 1991 were serving in a Black district or a minority district, whichever.

And I wondered if you had a count of those in -- in toto because I'm not sure I'd count the ones I've counted -- we're doing it differently.

REP. SUTTON: I'll have staff make sure of the figures on that and get back with you.

REP. JUSTUS: Thank you much.

REP. SUTTON: Have we passed out all the -- the current amendment? This is -- it's labeled the Johnson Amendment.

REP. BRUBAKER: Mr. Chairman.

REP. SUTTON: Who's handling it?

REP. BRUBAKER: Mr. Chairman.

REP. SUTTON: Representative Brubaker.

REP. BRUBAKER: I've been asked by Representative Johnson and Representative Barnhart to submit this amendment. And, basically, what it does, it takes two precincts from Representative Johnson's district and puts them in -- excuse me, one precinct from Representative Johnson's district and puts that into Barnhart's district and takes two of his.

It's a change of approximately 1200 voters from Johnson to Barnhart and 800 from Barnhart back to Johnson. That's what it does.

REP. SUTTON: And, Representative Brubaker, can you tell us what these precincts are by name or anything?

REP. BRUBAKER: Yeah. Well, I'm plowing new ground here. Precinct 410 and -- and 408 and Precinct 1207. 1207 is what she is giving up and in return getting 408

and 410, which I am told are her back door.

REP. SUTTON: Any comments? Representative Hackney.

REP. HACKNEY: Mr. Chairman and members, I hope that we will stick to the plan that's been offered by Representative Sutton. I'm -- I can't debate the particulars of the change of precincts, but I do know that a lot of work has gone into the Sutton plan. I think that it is a good plan. It's a fair plan with the input of a lot of people, and I hope we'll stick to it and defeat this and other amendments. Thank you.

REP. GULLEY: Mr. Chairman.

REP. SUTTON: Any other -- Representative Gulley?

REP. GULLEY: Thank you, Mr. -- thank you, Mr. Chairman. I think that this plan does not impact the partisan infrastructure, and I recommend we accommodate this change.

REP. SUTTON: Thank you, Representative Gulley. Any other comment? Representative Baddour.

REP. BADDOUR: I just want to say that I support what Representative Hackney said. I would urge the members to -- to vote against this amendment.

REP. JUSTUS: Mr. Chairman.

REP. SUTTON: Representative Justus.

REP. JUSTUS: Mr. Chairman, you remember last week we were talking about tweaking your plan. And at that time, the rules or parameters were set out that if it -- two members wanted to change so long as it doesn't affect any other members and they were agreeable that that would be a acceptable change.

And you remember you came to me later in the week, when we were supposed to stop at noon on Tuesday, and asked if we could extend the deadline until six o'clock on Thursday, and I agreed.

Now, I just wonder, if we're not going to allow any of the tweaking by the members, what kind of fairness that's going to exhibit in this total plan. I -- I really can't see any reason at all since it only

affects two Republican members -- nobody else on either side of their districts; it actually affects a net change of 400 people -- why in the world that they can't accommodate those two members to allow that change. It doesn't hurt any Democratic member. It doesn't affect any other Republican member.

So we started out this process to be fair, and it's gone downhill ever since during the last three weeks. I'd like to see some fairness here, and I'd like to see this particular amendment passed. I think we ought to accommodate those two members.

REP. SUTTON: Representative Justus, in order to set the record straight, I think the members should know that at no time did I say in private or on the floor that all members had to do was bring in something that everybody around them agreed to and it was going to be done.

My statement was we would review it, we would take a look at it and we would try to accommodate. But at no time was the

information given out that all members had to do was bring in something that everybody around them agreed to and it was a done deal. That's never been -- been discussed in private or on the floor.

Now, I assure you, we looked at all requests that came in to the committee -- came into my office. I looked at them. We accommodated some of them. Some of them we did not accommodate for a variety of reasons.

I cannot stand here and say why we did not accommodate that because I can't stand here and say that this request ever came in. I don't recall having ever seen this specific request come in as part of the tweaking process. To my recollection, this is the first time that I've seen this -- this request in the form of a request or an amendment. I just want to make the record clear on that.

REP. JUSTUS: Mr. Chairman.

REP. SUTTON: Representative Justus.

REP. JUSTUS: I want to respectfully say, why on earth would you put people to

the trouble of making necessary changes that didn't hurt anybody else within their own districts -- put them to the trouble of drawing up these amendments and bringing them in if you weren't going to give them any consideration?

REP. SUTTON: Well, certainly, Representative Justus, I don't think anyone can just say to folks "Go ahead and put together your package; as long as everybody agrees, it's a done deal," because those type decisions I don't think could be made. You have to look at each and every one of them on their own merits.

And if this was before us -- and I don't recall this specific one being before us during the tweaking stage. I certainly don't recall this particular one; but if it was, it was looked at.

But I do believe this is the first time I've seen this one here on the floor, and, therefore, I would oppose it.

REP. BRUBAKER: Mr. Chairman, can I call for the ayes and nos?

REP. SUTTON: Representative Brubaker calls for the ayes and nos. Any other further discussion?

REP. ALLRED: Mr. Chairman.

REP. SUTTON: Representative Allred.

REP. ALLRED: Mr. Chairman, thank you. I -- could I ask Representative Brubaker a question? Will he yield for a question?

REP. BRUBAKER: Sure.

REP. SUTTON: He yields.

REP. ALLRED: Does -- does your amendment have any impact whatsoever on whether a -- a Democrat candidate, you know, could get elected somewhere else or not?

REP. BRUBAKER: Not to my knowledge. There's no effect.

REP. ALLRED: Mr. Chairman, you know, this is really a -- a technical, minor change, and I would hate for us to be irrational here and just turn down everything for meanness. And I would implore the members of the committee to, you know, be rational and vote for this amendment. It doesn't have any effect on any partisan

politics.

REP. SUTTON: Well, Representative Allred, you know, I can't stand here and say whether it has an effect on a Democrat wanting to run. I -- I don't have any idea. I don't know what effect it would have on other Republicans wanting to run. But I assure you, my objection to this is not because of meanness. I have no reason to be mean about the thing.

We put together a plan. Both of these folks are in a good, solid district. There should be no reason they can't win. And I don't see any need to be tweaking it at this point, especially if they did not come forward with this request before, and I don't recall seeing it. I don't want to be held a hundred percent on that, but I do not recall seeing it.

Representative Rayfield's recognized.

REP. RAYFIELD: Thank you, Mr. Chairman. Question to Representative Hackney.

REP. HACKNEY: Yes, sir.

REP. RAYFIELD: Representative Hackney,

you have two members in the same district wanting to get a couple of precincts changed, something like a technical change or something like that.

REP. HACKNEY: Well, Representative --

REP. RAYFIELD: Well, let me finish, if you would, please, sir. There's no impact on the plan for the statewide. It's only within that one district.

Would you be good enough to tell me why you feel so strongly about this little change?

REP. HACKNEY: Because I do not believe, based on the statements that have been made, that anybody knows what the impact is, except probably the two people who are -- who are perfectly well-situated as they are in the plan.

We don't have numbers. We don't have -- Representative Brubaker says that he's just submitting it for them. We don't know what the impact is. That's why I'm opposed to it. And I -- I do know that they're well-situated like they are in -- in the plan as it is.

I mean, it's not like we're trying to run either one of them out of office or something. Don't make this into something it's not.

REP. SUTTON: Follow up?

REP. RAYFIELD: It would appear that the numbers are there. You'd have that same situation with -- with all these amendments. You don't know all the situations. You don't know all the details. But if two members are satisfied, what's the problem?

REP. HACKNEY: The problem is we don't know what the impact is, and I don't -- most respectfully, sir, I don't believe you know what the impact is either. You're just assuming it one way, and I'm assuming it perhaps another.

REP. BRUBAKER: Mr. Chairman, could I ask --

REP. SUTTON: Representative Brubaker.

REP. BRUBAKER: Could I ask the chairman to displace this amendment and I'll get those numbers? Thank you.

REP. SUTTON: The amendment is

displaced. Move forward to another amendment, if we have one ready.

[AMENDMENT BEING PASSED OUT]

REP. SUTTON: The chair will give you a few minutes to examine the amendment once you receive it.

[BRIEF PAUSE]

REP. SUTTON: The committee will come back to order. Who's running this amendment? Representative Kiser. Representative Kiser is recognized.

REP. KISER: Thank you, Mr. Chairman. This amendment was given to me by Representative Sexton. It involves Representative Cole, Representative Baker and Representative Sexton.

What this amendment would do, if you will look on your map, Sandy Ridge in District 56 and Mitchell Precincts would go from Sexton to Baker. Looking at Number 74, it would -- I'm sorry. It would go from Baker to Sexton in both of those cases.

And then in District 74 -- this goes to you -- from -- from Sexton would be East

Walnut Cove and West Walnut Cove from Baker -- to Baker from Sexton. Over in District -- in Rockingham County -- I don't know the number there. It must be 55 or something -- 56, is that -- okay.

UNIDENTIFIED SPEAKER: 55.

REP. KISER: Cole would receive Reidsville 4 and Reidsville 3. All these changes would be within all the numbers, and they're listed for you there. I'm told that all three of these have agreed to this and that this plan was submitted earlier on, when the tweaking was taking place.

And I would ask that the committee approve these, since all three has no really effect I'm told -- and you've got the numbers laid out here for you. And I would ask for the ayes and the nos.

REP. SUTTON: You've heard the motion. Is there any discussion?

REP. HACKNEY: Mr. Chairman.

REP. SUTTON: Representative Hackney.

REP. HACKNEY: Is Representative Cole here?

REP. SUTTON: Is Representative Cole in the audience any place? I have -- I do not see him.

REP. HACKNEY: May I ask Representative Kiser a question?

REP. KISER: I yield.

REP. SUTTON: He yields.

REP. HACKNEY: This affects District 55, which goes into Orange County. Have you consulted with either one of the Orange County representatives about this?

REP. KISER: I -- I will tell you that Representative Sexton told me that all three of the people that were making this switch, including Representative Cole, had agreed to this as late as this morning. No, I have not talked to the Orange County people.

REP. HACKNEY: Again, inquiry of the chair.

REP. SUTTON: Representative Hackney, state your inquiry.

REP. HACKNEY: Is this one that was submitted previously and considered?

REP. SUTTON: This is one -- well, let

me say this. There was a Sexton amendment or proposal submitted. I have to presume that it -- I have not compared it to this. I have to presume that it was the exact same one. I have no reason to believe it was not the same -- exact same one. It was considered but was not acted favorably upon.

REP. HACKNEY: Can I ask the chair -- you're in an awkward position since you drew the plan, but you're up there. Can you comment on this?

REP. SUTTON: Well, there's -- it'll have several impacts on the numbers. It does not take them out of the deviation, either in -- in straight deviation nor does it change many things. But it does change some of the political ramifications involved here, and -- and for that reason it was not acted upon.

REP. HACKNEY: Speak on the amendment.

REP. SUTTON: You have the floor.

REP. HACKNEY: Mr. Chairman and members, you know, we all -- you know, Representative Sexton is a good fellow. I

mean, we all like him. But, you know, this is just done to help his district, I assume; otherwise, he wouldn't be running it. And I hope that we won't start in on the plan for that purpose.

You've been talking about being fair. You know, we didn't put Representative Sexton or our drawers didn't in a district with another Republican. You're all familiar -- I know you are -- with what happened in Virginia, where every senior Democrat was placed in a -- in a district with another Democrat. They were all decimated up there. None of that has been done here; you know that.

And so let -- let's stick with what is really a very fair plan. And -- and I -- I think the work of the chair deserves to be supported, and I hope you'll vote against the amendment.

REP. SUTTON: Any further comment?

REP. KISER: Mr. Chairman.

REP. SUTTON: Representative Kiser's recognized.

REP. KISER: I really thought this was an amendment that was bipartisan because we were helping everyone, Democrats and Republicans, involved here. And I thought this might be one that we might reach across and -- and -- and pass, and I'd urge you to do that.

REP. SUTTON: Any other member of the committee want to be heard? Anyone else? If not, you've seen the -- you've heard the motion before you.

Did you call for the ayes and nos? Member calls for the ayes and nos. Roll will be called.

REP. BADDOUR: No.

THE CLERK: Cunningham?

REP. CUNNINGHAM: No.

THE CLERK: Sutton?

REP. SUTTON: No.

THE CLERK: Justus?

REP. JUSTUS: Aye.

REP. SUTTON: The amendment fails 22-19. Do we have any other amendments at

this time?

REP. BRUBAKER: Mr. Chairman. No, I'm still waiting for some more information. Are there any more amendments ready at this time, staff? If not -- Representative Justus --

REP. JUSTUS: If there are no more amendments at this time, does that mean this meeting is coming to end and we're going to take a vote?

REP. SUTTON: Not exactly right now. Depends on what -- we will stand at ease to find out what staff has. If staff's got some amendments that's -- can be heard in a reasonable amount of time, we will wait on those. I don't know the answer to that at this point. so we will stand at ease for just a few minutes.

[AT EASE - 3:45 p.m. to 4:27 p.m.]

REP. JUSTUS: Call this meeting back to order and welcome you back to this excellent exercise in democracy and say that my only wish is we had all the little children in the state and their teachers down here to witness this exercise.

Okay. The next amendment, I believe, is the Hiatt amendment. Has it been -- has it been passed out?

REP. HIATT: Yes, it's been passed out.

REP. JUSTUS: Are you --

REP. HIATT: Or it's up there anyway.

REP. JUSTUS: Are you ready, Representative Hiatt?

REP. HIATT: We passed out everything.

REP. JUSTUS: You may proceed.

REP. HIATT: Mr. Chairman and ladies and gentlemen of the committee, the purpose of this amendment is to bring the City of Mount Airy precincts back together to create a two-member district and to bring the City of -- little City of Walnut Cove back together.

During the exercises of tweaking, I don't know but I don't think that there was any consideration given to the fact that I represent a district in North Carolina and that I deserve the same benefits as other incumbents receive.

Now, Mr. Chairman, I won't take a whole lot of time, but I would move the adoption

of the amendment.

REP. JUSTUS: Are you also calling for the ayes and nos?

REP. HIATT: Yes.

REP. JUSTUS: Okay. One question of Representative Hiatt. Does this put you and -- and Representative Baker back into a two-member district?

REP. HIATT: It would, yes, sir.

REP. JUSTUS: I might explain to the committee --

REP. HIATT: Now, let me -- let me explain something --

REP. JUSTUS: Yes, sir.

REP. HIATT: -- Mr. Chairman. There is an open seat that projects up into Surry County, the City of Mount Airy. There is a -- an open district that projects itself into Surry County. In fact, it's just down the road a few blocks from where I reside. And it would create a two-member district.

REP. JUSTUS: By way of explanation to the committee, on information received when we were drawing the maps both on

Representative Sutton's map and the map that I had drawn, we understood that, you know, Representative Baker, Representative Sutton would not be running. So we utilized that district when we ran the geography and had those two running against each other. What this would do then would correct that particular situation.

Are there questions from the committee?

REP. SUTTON: Mr. Chairman.

REP. JUSTUS: Representative Sutton.

REP. SUTTON: Thank you. I just want to clarify that our plan was drawn up in concern with the Republican plan and that was -- I won't say by mutual agreement. It was just we -- we all understood and saw -- had discussions to that effect, and, therefore, at the conclusion of both plans, Representative Baker and Hiatt were in the same district.

And I don't know what members are going to run or what members are not going to run. But I can tell you that geographically as you move from the east to the west, folks

started to get squeezed, and I would ask that you would not vote for this amendment and would keep the Sutton plan as is.

REP. JUSTUS: Any other comment from the committee? Comment from the audience? Representative Baker's recognized.

REP. BAKER: Thank you, Mr. Chairman. Rex Baker. I live in Stokes County, represent the 40th District currently. This -- I fully support the amendment that Representative Hiatt has submitted.

Since some of the maps -- the Sutton map has been made public, I have gotten comments from some city and -- officials and from some elected officials in the district concerned about it.

One of the things that -- that that map does, as Representative Hiatt says, on the right-hand side of the map, it exchanges a precinct or two with Representative Sexton. I recommended that in order to put the little Town of Walnut Cove back together. The map -- the Sutton map divides it right down Main Street. It's a very small town

and -- and has a lot of unity to it.

The other big point is in the City of Mount Airy, which is the largest city in those two districts that are looked to be put together. This past weekend I was chatting with a District Court Judge about the redistricting. He is a Democrat, by the way, but a good friend of mine, and he was appalled that we would draw a map that divided the Town of Mount Airy, which he felt was very critical for representation that that be put back together. And I certainly told him that I would support the amendment that Representative Hiatt was going to run to try to get those two back together.

I think this -- this makes a lot of sense. I certainly support it. Representative Sexton agreed with the little tweaking over in Eastern Stokes, and, obviously, Representative Hiatt approves it. So I would urge the committee to give favorable consideration to this amendment.

REP. JUSTUS: Thank you, Representative Baker. Representative Hackney.

REP. HACKNEY: Mr. Chairman and members, it ought not to go without comment that we have had a lot of communication from up in that area that these ought to be single-member districts.

The -- the -- a double-member district going from Ashe, Alleghany, Surry, Stokes across to Rockingham is a very long -- if you look across the top of the state there, it's -- it's -- looks like it's more than a third of the length of the state. And it's -- it's not an unreasonable district the way Representative Sutton and Representative Justus originally drew this.

And Representative Justus, I -- I heard your little comment there, and I just have to say that over -- all in all I say again, this is a very fair plan. The Democrats in Wyoming were allowed four seats on the redistricting committee, and there'll probably be another -- not another Democrat in that state unless they're in an inner-city district somewhere if they've got one. Same in Texas and I've already talked

about Virginia.

We did not do what some other states have done. And -- so this is a very fair -- this is not a map, this is not a plan which will guarantee either party dominance for a period of time. It just isn't that kind of plan. There will be a relatively -- if this plan passes -- I don't know if it will or not. But there will be under this plan a relatively strong presence on either side that's not in power throughout this next decade if this plan passes.

So as you look across the country at plans, this is a very fair and balanced plan. So I hope you will keep it intact, including voting against this amendment. Thank you.

REP. JUSTUS: Thank you, Representative Hackney. I would remind you very respectfully that this is not by all means Virginia and Texas; this is North Carolina. And fairness is in the eye of the beholder, I suspect.

Further comment from the -- yes, sir.

REP. HACKNEY: Well, Mr. Chairman, it

-- it is only to say that there have been some fairly draconian, I guess, plans drawn across the United States, and this just isn't one of them.

REP. JUSTUS: I understand that, sir. And right after this amendment, we will show you one that's really fair.

[REPRESENTATIVE SUTTON TAKES THE CHAIR]

REP. SUTTON: The next amendment is that of Representative Justus and Representative Justus is recognized.

REP. JUSTUS: Thank you, Mr. Chair. Does everyone have a copy of this amendment?

REP. SUTTON: They're just now passing it out, Mr. Co-Chair. Let's give them a couple of minutes.

[BRIEF PAUSE]

REP. SUTTON: Does every member have a copy? If you're a member and do not have a copy, would you raise your hand, please? We're one copy short.

Representative Rogers, do you have a copy at this time?

REP. ROGERS: I do.

REP. SUTTON: Mr. Co-Chair, I think everyone has a copy of the Justus plan.

REP. JUSTUS: Thank you, Mr. Chairman. I'll try to proceed and be as quick as I may.

This is a plan that we have worked on for some six months. It was designed with the criterion in mind to have contiguous districts, to have as close to possible the

ideal district of 67,000 each. You can see the departures, plus or minus, from each district.

We wanted compactness. Sometimes you get compactness and sometimes with the way you have to draw the minority districts and draw the other districts around them, why, that destroys the idea of having compact districts. We want districts contiguous. We want them to share the commonality of community. We've tried to do that.

In addition, the agreement that we thought we had in the beginning -- and it was a bi-partisan agreement in which 22 Republicans were appointed to this committee and 22 Democrats were appointed to this committee with a co-chair from each side, myself from the Republican side and my very good colleague Representative Sutton from the Democrat's side. And we proceeded to work with that idea in mind.

From the onset, we were across the hall from each other in the old Secretary of State Office in the 300 floor of the LOB.

Our door was left open at all times and initially the door to the Democrat's side was left open.

There were no secrets and for a long time we had maps that matched up pretty good, the idea being to get them as close as possible and then at the end we would merge the two maps together and go tit for tat in swapping out whatever we had to swap out to make the process work.

Sometime about three weeks ago, the whole thing changed; and we're in the position that we're in now of only looking at one map and having the original agreement cast out the door. I find that very unpleasant and wish that it could have been otherwise and will tell you if I -- if I could have done anything about it, it would have been at the last.

I will tell you that this map was drawn to maintain equity. It's as near to 62 Republicans and 58 Democrats as we could get. It has four new districts, two in Mecklenburg -- excuse me, one in Mecklenburg,

two in Wake, one on the east coast. Those districts are probably two and two, and two of them were put in with the idea of spreading them out when we merged the maps.

One thing that we would like to add to -- should this plan pass is renumbering the districts from 1 through 115. I have 115 single-member districts, which was also one of the goals of the committee when we started out initially.

We got to 115. We have four -- about five multi-member districts. Representative Hackney, we left you and Ms. Insko's -- Representative Insko's district as a multi-member district. McAllister and Lucas -- and I understand that after we drew the map that Representative McAllister would prefer a single-member district. Hurley and Morris, Hill and Redwine and, up in the mountain area, Representative Buchanan and Representative Thompson.

Unfortunately, we had three districts we had to draw colleagues against each other. One of them was Representative Baker and

Hiatt's, with the understanding that one of them would not run. Another area we ran out of drawing space and we certainly didn't want Dr. Young to not have a district. So the talk had been that Representative Gibson and Representative Goodman are going to run for Congress. So I put them together to find out which one was going to run for Congress.

Now I find that neither one are going to run for Congress and we might have worked that out had we had -- been given the opportunity.

And the other one was, unfortunately, down on the east coast. Because of the way the minority districts ran, I ran out of space and had to put Representative Bell and -- who is it --

UNIDENTIFIED SPEAKER: Tucker.

REP. JUSTUS: Tucker, yeah. And I have nothing at all against either of those gentlemen and we'd hoped to work that out when we merged the maps together.

But in any event, I can say to you that

the map that you're looking at now -- I have to get a little water. The map that's before you was drawn with the interests of every person in this building at heart. We didn't want any colleague to be drawn out of a district. The percentages were as good as we thought we could get, and we were willing to trade those percentages when we started merging the maps.

We have by my count 23 minority districts. And I think there's some differences in the way people count those, but that includes everybody that's in the Voting Rights Act's counties plus anybody that was in a minority district before.

So we think we did that extremely fairly. Our plan contains -- maintains better retrogression figures than the Sutton plan, which I think's important. When the Justice Department looks at it, we're going to say we did our dead level best and if you can do better, we'd like you to show us how to do it and certainly would be willing to.

But with that said, that's about all I

can tell you about this plan except it had fairness in mind. I'm sorry that that idea of fairness collapsed. I'm sorry that the bi-partisanship collapsed into a partisan program.

I wish adamantly that we could have worked on the basis that we started out and I -- that I wouldn't be forced to offer this as an alternative to the plan that Representative Sutton has. But that's the way this worked out.

And, Mr. Chairman, I move for the adoption of the amendment and call for the ayes and nos.

REP. SUTTON: Thank you, Representative Justus. Any comment from -- Representative Brubaker.

REP. BRUBAKER: Mr. Chairman, Mr. Justus, you talked about retrogression. Do you have any figures of comparing basically all three plans or does staff have any information that they could give us in terms of retrogression from Sutton Plan 1 to Sutton Plan 2? I know in the public hearing

there was a retrogression model put up. But do we have any other comparison then how do they compare to your plan?

REP. SUTTON: Representative Brubaker, I just received this from the staff. I'd asked for it at the beginning of the meeting and that's what's been holding up the presentation on my part. And I'm going to have to look at this just a minute to see how we -- how we relate.

Staff, would -- could we give every member a copy of this deviation document?

MR. GILKESON: Yes, sir.

REP. SUTTON: Staff indicates they can.

REP. JUSTUS: And is it correct, to the best of your knowledge?

MR. GILKESON: It is correct, to the best of my knowledge. I've been putting it together in a short time.

REP. JUSTUS: Then you're saying that there might be some errors in it, is that correct?

MR. GILKESON: I checked it more than once. So --

REP. JUSTUS: It's getting close to Christmas. Check it once and check it twice. I'll just stand down and --

REP. SUTTON: We can --

REP. JUSTUS: -- let --

REP. SUTTON: If you would like to take another question while we're waiting on that, I'm sure Representative Brubaker would -- would hold his response until we -- if you're ready to take another question.

REP. BRUBAKER: That was just my question in follow-up. If he's got the information, that's -- that's all.

REP. SUTTON: That's fine. Okay. Representative Wainwright.

REP. JUSTUS: Let me say this before we leave that subject --

REP. SUTTON: Okay.

REP. JUSTUS: -- Mr. Chair. There may be other documents around that might be submitted for the record concerning retrogression, and if anyone has those, I'd certainly have no objection to having those submitted also.

And could we just say that any other retrogression records that somebody might have could be submitted as well as the one I have here, which admittedly might have a error or two in it?

REP. SUTTON: Well, you know, for documents to get in, they need to be part of an amendment or some other bill or what have you. This is not a public hearing where we take just things at random because someone has it. But I'm sure if they have that, they can make it a part of some amendment that will be forthcoming in the future.

REP. JUSTUS: Yes, sir.

REP. SUTTON: Representative Wainwright.

REP. WAINWRIGHT: Thank you, Mr. Chairman. I'd like to ask the plan sponsor a question, please.

REP. SUTTON: He yields.

REP. WAINWRIGHT: Representative Justus, is there any other district in your plan that includes seven or more counties?

REP. JUSTUS: If you're talking about your district, per se --

REP. WAINWRIGHT: Exactly

REP. JUSTUS: -- I wouldn't know just offhand without counting whether there might be another district that contains seven or more counties. But I can tell you that the reason yours might contain seven or more counties is that we had to hunt left and right to get your minority figures as high as we could. And that's why it -- it's that way. It was to help you, and if I -- if I recollect, you came over to our shop and looked at your district and we allowed you to do that and were very happy for you to do that. And when you left, as far as I -- I know, you were quite happy with it.

REP. WAINWRIGHT: Oh, no. That was a misrepresentation if you thought I left happy.

REP. JUSTUS: Well, you didn't tell me you were unhappy.

REP. SUTTON: Follow-up?

REP. WAINWRIGHT: Thank you. Looking at Sutton's 1/2 plan versus your plan and how they arrived at a district for that area that is now the present 79th District, you will

agree now that the Sutton 1 or the Sutton 2 plan is a better plan and it does eliminate retrogression as it relates to the district that I presently represent.

REP. JUSTUS: I would tell you, Representative Wainwright, that it is better now than the plan that we have. And that occurred after you were afforded the privilege of looking at the plan that I have.

REP. WAINWRIGHT: Well, just make a comment.

REP. JUSTUS: Is that -- is that not correct?

REP. SUTTON: You're free to make your comment.

REP. WAINWRIGHT: I think the Sutton 1 plan had already been developed prior to my coming over and taking a look at that, but I don't think that's really important.

But Mr. Chairman and members of the committee, in talking about retrogression, I think when you look at the Justus plan for the 7 and 8 House District, I think that is retrogression at its best. It's

unconscionable to think that any one member could feasibly represent seven counties that's comprised of 67,000 people.

It would be one thing if it would only be expected of that member to represent the area of that county that's in the district. But we all know that once a member is assigned to a county that the residents of that county look to that member to become, first of all, a member of the delegation and, secondly, to represent the interests of the residents of that county.

And it is not feasible to even believe that any one member could represent seven counties as indicated in this plan. As I review the Justus plan, to my best recollection, there is no other district in this plan that is comprising of seven counties, and I don't think that there is a Senate district that has seven districts [sic] in it.

And for that reason and because of the unfairness of the way that the 7 and 8 House District is drawn, I could not support the

Justus House plan.

REP. SUTTON: Thank you, Representative Wainwright. Any other comments?

REP. JUSTUS: May I respond, Mr. Chairman?

REP. SUTTON: You may respond, yes.

REP. JUSTUS: Representative Wainwright, we legitimately hunted to keep your retrogression figures down as low as possible. The old -- the old population was 50.82. We found and kept it to 49.64, which was pretty well on target.

After you looked at our plan and went back to the Sutton plan, they managed to get it up to 50.20. And to answer your question, I don't know about seven of the counties. I can tell you that Senator Carpenter has a district that runs about halfway across the state. And I believe you'll find he has as many counties or more than you do to represent.

REP. SUTTON: Representative --

REP. WAINWRIGHT: You talking about --

REP. SUTTON: You may follow-up.

REP. WAINWRIGHT: Thank you, Mr. Chairman. Just in response and out of fairness to the Sutton 1 and Sutton 2 plan, I did not do any tinkering to that plan after looking at the Justus plan.

The House members that were charged with the responsibility of -- of drawing the Sutton 1 and Sutton 2 map had already developed the district as it is presently constituted in both the Sutton 1 and Sutton 2 plan.

And I just want to share with Representative Chairman Justus that I did not look at your plan and go back and tinker the district in the Sutton 1 or in the Sutton 2 plan based on anything that had taken place in the district that you had drawn. I just wanted the record to reflect the fact that that did not happen.

REP. JUSTUS: Well, it would have been very fine if you did. That's all right.

REP. SUTTON: But I also want the record to know that, to my knowledge -- and I don't know when Representative Wainwright

saw the Justus plan; but, to my knowledge, he did not disclose to us that he had even seen the Justus plan. So -- Representative Hackney.

REP. HACKNEY: I'd like to speak in opposition to the Justus plan. Various people have mentioned problems with it. Representative Wainwright has certainly identified one or more problems. And I think there are a number of problems with it, and I think the Sutton plan is the superior plan. And -- and so I hope we will oppose this plan.

But I do want to say this. I do not -- I -- I do appreciate the work that Representative Justus -- Chairman Justus has done. I think it has contributed to the effort. I think that if -- if Wainwright didn't look at the Justus plan and get some ideas, then others did as we went along through this process.

So I think in a very real way it contributed to the development of the map which may get out of this committee. And so

I appreciate his work. I think it's valuable work and I think it's not been vain quite to the extent that Representative Justus seems to think.

That said, there are a number of problems with it, and I hope we will not adopt it as our plan for this committee and I intend to vote against it.

REP. SUTTON: Representative Baddour?

REP. BADDOUR: Speak on the amendment.

REP. SUTTON: You have the floor.

REP. BADDOUR: I, too, want to commend Representative Justus for his many, many months of -- of hard work and he has put a great deal of -- of hard work into this plan. And I think to me what it points out is when you look at his plan you understand that we do not live in a perfect world and you understand the difficulty in attaining all of the goals that one starts out with when you start in the redistricting process.

For instance, Representative Justus said himself and very early on had a goal of single-member districts throughout the state.

He just found -- he did it as far as he could, but he found out that he could not do it completely.

He, I think, as well as Representative Sutton, was aware of the legal constraints that we are under in this redistricting process. We -- we've all learned about Section 5 and retrogression, and we've all learned about Shaw versus Reno and the restrictions of those and how those two concepts play into each other.

And I -- in talking with -- with the lawyers who've looked at this and those who've worked on this, I'm -- I'm very comfortable that the Sutton plan meets the requirements of the law, that we have a good and -- and constitutional plan before us.

You know, I mean, you can just look and there's no question some people are going to be happier if you have the Justus plan and some people are going to be happier if you have the Sutton plan. I go from two counties to four counties under the Justus plan, so I certainly wouldn't be very happy

under the Justus plan.

But I -- I just want to say to -- to the group here is that we have -- this is a little bit about what Representative Hackney is saying. When you look at other states, it's true that Democrats have a very close, very small majority in the house. It's also true that redistricting is -- is very much a political process.

I do think there has been an effort to be fair. One of the things that we all look at is past performance, past voter history in the districts. And as I look at it and go through it, while some have been accused -- the accusation has been made that some districts tend to tilt towards Democrat or tend to tilt towards Republican, some of these districts that were swing districts maybe are not anymore or some that weren't before become what we refer to as swing districts.

But I tell you, folks, if you look at it, you're really talking about very small percentages by and large. I'm not talking

about every single district, but just by and large some of these changes -- if we're saying that one party has an advantage over the other, it is a very small advantage, if any; within just a percent or two of the other.

When you look at it on balance -- when you look over it on balance, I would have to say to you that, in my opinion, the -- the Sutton plan is the better plan. It's the plan that I certainly intend to support, and I would urge you to defeat this amendment.

REP. SUTTON: Anyone else want to speak on the plan? Representative Kiser's recognized.

REP. KISER: Thank you, Mr. Chairman. Looking at the Justus map here, it appears to me that I have found at least two other districts that have seven counties in those districts, and it would be the ones that Representative Culpepper has and Representative Rogers, I believe.

Now, you've got to realize that in some cases you have to go into many counties to

get 67,000 people. And I just wanted to point out it just -- this plan doesn't do it just to one person. It does it to several people, and the reason is that with all the constraints that you have in drawing this -- these districts, then you've got to get enough people to meet that 67,000 goal.

I think this is a fair plan. I think it is one that has actually gone out and protected incumbents much better than -- than other plans have. And -- and I think it's -- it's fair that we do that, and I would urge you to vote for it.

REP. SUTTON: Anyone else want to speak? If not, before we vote on it --

REP. ALLRED: Mr. Chairman -- Mr. Chairman.

REP. SUTTON: Representative Allred.

REP. ALLRED: I was just wondering if -- if this plan has a chance of passing if we couldn't -- if we couldn't have a -- a perfecting amendment to change the numbers that are assigned to the districts.

For instance, in Alamance County, the

district -- the people's district in which I would live -- notice I did not say "my district" -- would be Number 109. The southern part of the district would be Number 9 -- District Number 9.

REP. SUTTON: Representative Allred, if I may stop you here. If this passes, if the sponsor does not run an amendment on the floor to change the numbers, I would do so.

REP. JUSTUS: Mr. Chair.

REP. SUTTON: Representative Justus.

REP. JUSTUS: I'd like to thank Representative Allred because that's been one of my goals, whatever we do, is to start numbering the districts from the east and going to west in an orderly fashion so that you would know if you had a high number you were in the west, a low number you were in the east and if you had a mid number, you'd be in the middle of the state because we have such a garbled situation as we have now.

So if -- if this bill passes, certainly we'd want to fix it and I left the old district numbers there so you could follow me

better. I intended to do that. And that said, I'll stop and let you vote.

REP. SUTTON: Okay. You've heard the motion before us for the acceptance of the Justus plan. All those in favor say "aye." Did you ask for the ayes and nos?

REP. JUSTUS: I asked for ayes and nos, yes, sir.

REP. SUTTON: Okay. I didn't recall that. He asked for the ayes and nos. We will have the roll call.

REP. SUTTON: Representative Justus.

REP. JUSTUS: Just, if I could, I'd like to make a comment.

REP. SUTTON: You have the floor.

REP. JUSTUS: Mr. Chairman, I think this process has really gone downhill. I thought it was a real travesty for us to be told to come in here, look at these maps, take these amendments in one afternoon and vote the bill out.

Indeed, the staff never had time to get other people's amendments ready and certainly they should have -- members of this committee are due to be allowed to present their amendments in committee as they should be. And I find it indeed unfortunate that's not happened and that we had to run the meeting the way we did.

That's not any reflect on you, sir. You've done what you had to do and -- but I just wish it had been otherwise.

REP. SUTTON: Your comments are noted. Any other comments? We stand adjourned.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2001

HOUSE BILL 1473

Short Title:	Union County Line Plan.	(Public)
Sponsors:	Representative Shubert.	
Referred to:	Legislative Redistricting.	

November 5, 2001

A BILL TO BE ENTITLED

AN ACT TO ADOPT A HOUSE REDISTRICTING PLAN FOR THE UNION COUNTY AREA.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 120-2 is rewritten to read:

"**§ 120-2. House apportionment specified.**

(a) For the purpose of nominating and electing members of the North Carolina House of Representatives in 2002 and periodically thereafter; the State of North Carolina shall be divided into the following districts:

This section is only for the following Districts: 34, 108.

District 34: Mecklenburg County: Precinct 139; Union County: Precinct 02, Precinct 03, Precinct 05, Precinct 07, Precinct 09, Precinct 17, Precinct 18, Precinct 19, Precinct 20, Precinct 21, Precinct 22, Precinct 23, Precinct 24, Precinct 25, Precinct 26, Precinct 27, Precinct 28, Precinct 31, Precinct 33, Precinct 41, Precinct 42, Precinct 43.

District 108: Union County: Precinct 01, Precinct 04, Precinct 06, Precinct 08, Precinct 10, Precinct 11, Precinct 12, Precinct 13, Precinct 14, Precinct 15, Precinct 16, Precinct 29, Precinct 30, Precinct 32, Precinct 34, Precinct 35, Precinct 36, Precinct 37, Precinct 38, Precinct 39, Precinct 40.

(b) The names and boundaries of precincts (voting tabulation districts), tracts, block groups, and blocks specified in this section are as they were legally defined and recognized in the 2000 United States Census. Boundaries are as shown on the Redistricting Census 2000 TIGER Files, with modifications made by the Legislative Services Office on its computer database as of May 1, 2001, to reflect precincts divided or renamed as outlined in subsection (c) of this section. However, in Robeson County PHILADEPLUS is, in fact, PHILADELPHUS, and in Vance County SANDY SCREEK is, in fact, SANDY CREEK. If the boundary line between Iredell and Mecklenburg Counties in the Redistricting Census 2000 TIGER Files conflicts with that provided by Section 1 of Session Law 1998-15 as rewritten by Session Law 2001-429, Section 1 of

Session Law 1998-15 as rewritten by Session Law 2001-429 prevails to the extent of the conflict.

(c) The Legislative Services Office modified on its computer database some of the precincts shown on the Redistricting Census 2000 TIGER Files to reflect precincts divided or renamed by county boards of elections after the TIGER Files were completed. As a result, precincts are shown differently on the Legislative Services Office computer database from the TIGER Files in the following counties:

(1) Buncombe County:
  a. Precinct Asheville 4 in TIGER is shown as Precincts Asheville 4 and Asheville 28.
  b. Precinct Asheville 22 in TIGER is shown as Precincts Asheville 22 and Asheville 27.
  c. Precinct Asheville 19 in TIGER is shown as Precincts Asheville 19 and Asheville 29.
  d. Precinct Riceville Swannanoa 2 CRU in TIGER is shown as Precincts Riceville Swannanoa 2 CRU and Riceville Swannanoa CRU 2.
  e. Precinct Black Mountain 3 in TIGER is shown as Precincts Black Mountain 3 and Black Mountain 4.

(2) Cabarrus County:
  a. Precinct 0202 in TIGER is shown as Precincts 0202 and 0207.
  b. Precinct 1209 in TIGER is shown as Precincts 1209 and 1212.

(3) Caldwell County: Precinct Lovelady in TIGER is shown as Precincts Lovelady 1 and Lovelady 2.

(4) Chatham County:
  a. Precinct North Williams in TIGER is shown as Precincts North Williams and North Williams 2.
  b. Precinct East Williams in TIGER is shown as Precincts East Williams and East Williams 2.

(5) Craven County: Precinct Havelock in TIGER is shown as Precincts Havelock East and Havelock West.

(6) Franklin County: Precinct Harris in TIGER is shown as Precincts East Harris and West Harris.

(7) Guilford County: Precinct Greensboro 40 in TIGER is shown as Precincts Greensboro 40A and Greensboro 40B.

(8) Johnston County: Precinct East Clayton in TIGER is shown as Precincts East Clayton and South Clayton.

(9) Orange County:
  a. Precinct Frank Porter Graham in TIGER is renamed Precinct Damascus 1.
  b. Precinct Dogwood Acres in TIGER is shown as Precincts Dogwood Acres and Damascus 2.

(10) Rowan County:
a. Precinct Bostian Crossroads in TIGER is shown as Precincts Bostian Crossroads and Rock Grove.

HOUSE BILL 1474

Short Title:	Union Co. Line Plan - 2.	(Public)
Sponsors:	Representative Shubert.	
Referred to:	Legislative Redistricting.	

November 5, 2001

A BILL TO BE ENTITLED

AN ACT TO ADOPT A HOUSE REDISTRICTING PLAN FOR THE UNION COUNTY AREA.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 120-2 is rewritten to read:

"**§ 120-2. House apportionment specified.**

(a) For the purpose of nominating and electing members of the North Carolina House of Representatives in 2002 and periodically thereafter; the State of North Carolina shall be divided into the following districts:

This section is only for the following Districts: 34, 108.

District 34: Mecklenburg County: Precinct 139; Union County: Precinct 02, Precinct 03, Precinct 05, Precinct 07, Precinct 09, Precinct 10, Precinct 17, Precinct 19, Precinct 20, Precinct 21, Precinct 22, Precinct 23, Precinct 24, Precinct 25, Precinct 26, Precinct 27, Precinct 28, Precinct 31, Precinct 33, Precinct 36, Precinct 42, Precinct 43.

District 108: Union County: Precinct 01, Precinct 04, Precinct 06, Precinct 08, Precinct 11, Precinct 12, Precinct 13, Precinct 14, Precinct 15, Precinct 16, Precinct 18, Precinct 29, Precinct 30, Precinct 32, Precinct 34, Precinct 35, Precinct 37, Precinct 38, Precinct 39, Precinct 40, Precinct 41.

(b) The names and boundaries of precincts (voting tabulation districts), tracts, block groups, and blocks specified in this section are as they were legally defined and recognized in the 2000 United States Census. Boundaries are as shown on the Redistricting Census 2000 TIGER Files, with modifications made by the Legislative Services Office on its computer database as of May 1, 2001, to reflect precincts divided or renamed as outlined in subsection (c) of this section. However, in Robeson County PHILADEPLUS is, in fact, PHILADELPHUS, and in Vance County SANDY SCREEK is, in fact, SANDY CREEK. If the boundary line between Iredell and Mecklenburg Counties in the Redistricting Census 2000 TIGER Files conflicts with that provided by Section 1 of Session Law 1998-15 as rewritten by Session Law 2001-429, Section 1 of

Session Law 1998-15 as rewritten by Session Law 2001-429 prevails to the extent of the conflict.

(c) The Legislative Services Office modified on its computer database some of the precincts shown on the Redistricting Census 2000 TIGER Files to reflect precincts divided or renamed by county boards of elections after the TIGER Files were completed. As a result, precincts are shown differently on the Legislative Services Office computer database from the TIGER Files in the following counties:

(1) Buncombe County:
   a. Precinct Asheville 4 in TIGER is shown as Precincts Asheville 4 and Asheville 28.

(b) The names and boundaries of precincts (voting tabulation districts), tracts, block groups, and blocks specified in this section are as they were legally defined and recognized in the 2000 United States Census. Boundaries are as shown on the Redistricting Census 2000 TIGER Files, with modifications made by the Legislative Services Office on its computer database as of May 1, 2001, to reflect precincts divided or renamed as outlined in subsection (c) of this section. However, in Robeson County PHILADEPLUS is, in fact, PHILADELPHUS, and in Vance County SANDY SCREEK is, in fact, SANDY CREEK. If the boundary line between Iredell and Mecklenburg Counties in the Redistricting Census 2000 TIGER Files conflicts with that provided by Section 1 of Session Law 1998-15 as rewritten by Session Law 2001-429, Section 1 of Session Law 1998-15 as rewritten by Session Law 2001-429 prevails to the extent of the conflict.

(c) The Legislative Services Office modified on its computer database some of the precincts shown on the Redistricting Census 2000 TIGER Files to reflect precincts divided or renamed by county boards of elections after the TIGER Files were

completed. As a result, precincts are shown differently on the Legislative Services Office computer database from the TIGER Files in the following counties:

(d) If any precinct boundary is changed, that change shall not change the boundary of a senatorial district, which shall remain the same.

(e) If this section does not specifically assign any area within North Carolina to a district, and the area is:

(1) Entirely surrounded by a single district, the area shall be deemed to have been assigned to that district.

(2) Contiguous to two or more districts, the area shall be deemed to have been assigned to that district which contains the least population according to the 2000 United States Census.

(3) Contiguous to only one district and to another state or the Atlantic Ocean, the area shall be deemed to have been assigned to that district."

SECTION 2. This act is effective when it becomes law.
