This section allows the Real Estate Commission to charge applicants the actual cost of the licensing exam and its administration whether it is taken in writing, orally, or by computer. Currently, 95% of applicants take the exam by computer and the Commission has the authority to charge them actual cost. While this section expands the Commission's right to charge written and oral exam takers the actual cost of the test, the Commission's Executive Director said there are no plans to increase the exam fee. However, the Commission's Executive Director stated the Commission's goal is to have 100% of the exams completed by computer.

The second part of Section 1 requires applicants to provide a criminal record report from a reporting service designated by the Commission. The cost of the report is borne by the applicant and the Commission receives no revenue from this transaction.

Sections 2 and 4

Section 2 requires real estate brokers and salespersons to complete annual continuing education requirements or cease actively engaging in the profession. This section also gives the Commission flexibility in setting the 12-month period for license holders to complete the education requirements. Flexibility in the continuing education period is needed if the Commission goes to staggered license renewals. The Commission does not expect either provision to impact license renewals.

Section 4 is a technical change that allows the Executive Director of the Commission to sign for a service of process for a nonresident licensee instead of affixing a corporate seal to the document.

Section 3

This section allows the Commission to charge up to $300 for a nonresident commercial broker or salesperson license. This license would be available to residents of states that do not have reciprocity status with North Carolina. The licensee would not have to complete an exam, would only be involved in commercial real estate, and must be affiliated with a North Carolina real estate broker or salesperson. The Commission's Executive Director said this special license was requested by the commercial real estate industry. The Commission has no estimate of the number of special nonresident licenses it will issue each year.

SESSION 2003

H 1

HOUSE BILL 790

Short Title: Incorporate Cashiers. (Local)

Sponsors: Representative Haire.

Referred to: Finance.

March 27, 2003

A BILL TO BE ENTITLED

AN ACT REPEALING THE CHARTER FOR THE TOWN OF CASHIERS BECAUSE THE TOWN HAS BEEN INACTIVE SINCE INCORPORATION, AND INCORPORATING THE VILLAGE OF CASHIERS.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 112 of the 1927 Session Laws is repealed.

SECTION 2. A Charter for the Village of Cashiers is enacted to read:

"CHARTER OF THE VILLAGE OF CASHIERS.

"ARTICLE I. INCORPORATION AND CORPORATE POWERS.

"Section 1.1. **Incorporation and Corporate Powers.** The inhabitants of the Village of Cashiers are a body corporate and politic under the name 'Village of Cashiers'. The Village of Cashiers has all the powers, duties, rights, privileges, and immunities conferred and imposed on cities by the general laws of North Carolina.

"ARTICLE II. CORPORATE BOUNDARIES.

"Section 2.1. **Village Boundaries.** Until modified in accordance with law, the boundaries of the Village of Cashiers are as follows:

BEGINNING at the northernmost corner of parcel number 7582-01-46-2769 (n/f Hooper), and running along the northeast and east boundaries of said parcel to the southeast corner of said parcel, also being the southwest corner of parcel number 7582-01-46-7446, (n/f Martin), thence along the south boundary of parcel number 7582-01-46-2769 (n/f Hooper), to the easternmost corner of parcel number 7582-01-36-8125 (n/f Parsons), thence along the south boundary of said parcel to the southwest corner of said parcel, thence along the south boundary of parcel number 7582-01-36-4097 (n/f Parsons), to the northeast corner of parcel number 7582-01-35-4422 (n/f Dezell), thence along the east boundary of said parcel to its southeast corner, thence along the south boundary of said parcel to its southernmost corner, thence along the east boundary of parcel number 7582-03-34-4905 (n/f Oak Ridge Builders) to its southeast corner, thence along the east boundary of parcel number 7582-03-34-4732 (n/f Cudahy) to its southeast corner, thence along the east boundary of

parcel number 7582-03-34-4541 (n/f Buck) to its southeast corner, thence along the east boundary of parcel number 7582-03-34-4323 (n/f Roberts) to its southeast corner, thence along the east boundary of parcel number 7582-03-34-3127 (n/f Mansfield) to the northeast corner of parcel number 7582-03-33-2996 (n/f Davis), thence along the east boundary of said parcel to the south corner of said parcel, thence along the south boundary of said parcel to its intersection with Parsons View Road, thence crossing said road to the easternmost corner of parcel number 7582-03-23-8948 (n/f Mountain View Ventures, Inc.), thence along the west boundary of parcel number 7582-03-43-7333 (n/f Mountain View Ventures, Inc.) to the southwest corner of said parcel thence along the south boundary of said parcel to the northeast corner of parcel number 7582-03-32-6218 (n/f Mountain View Ventures, Inc.), thence along the southeast boundary of said parcel to the east corner of parcel number 7582-03-31-2811 (n/f Mountain View Ventures, Inc.), thence along the southeast boundary of said parcel to its south corner, thence along the southwest boundary of said parcel to the southeast corner of parcel number 7582-03-21-0825 (n/f Mountain View Ventures, Inc.), thence along the south boundary of said parcel to the southeast corner of parcel number 7582-03-11-4915 (n/f Lewis), thence along the south boundary of said parcel to the southeast corner of parcel number 7582-03-01-9935 (n/f Lewis), thence along the south boundary of said parcel to the southeast corner of parcel number 7582-03-02-4432 (n/f Engelhardt), thence along the south boundary of said parcel to the east corner of parcel number 7582-03-01-2926 (n/f McCarlton Partners Ltd.), thence along the south boundary of said parcel to the southeast corner of parcel number 7572-04-92-2412 (n/f Andrews), thence along the south boundary of said parcel to a point in that south boundary, said point being due north from the northeast corner of parcel number 7572-04-91-5415 (n/f Ledbetter Ltd.), thence to said northeast corner of said parcel, thence along the east boundary of said parcel to a corner in the line of said parcel, thence in a southeasterly direction to the north corner of parcel number 7572-04-91-8321 (n/f Lofton), thence along the northeast boundary of said parcel to the northernmost corner of the right of way for East Halsted Road, thence along the east boundary of said right of way to its intersection of the north boundary of Wake Road, thence along the northeast boundary of said right of way to the westernmost corner of parcel number 7582-03-00-3170 (n/f Yates), thence along the northwest boundary of said parcel to the north corner of said parcel, thence along the northeast boundary of said parcel to the north corner of parcel number 7582-03-00-2470 (n/f Kehoe), thence along the northeast boundary of said parcel to a point in the north boundary of parcel number 7582-03-00-3224 (n/f Cranford), thence along the north boundary of said parcel to its northeast corner, thence along the east boundary of said parcel to the northeast corner of parcel number 7582-03-00-3068 (n/f Davis), thence along the east boundary of said parcel to the north corner of parcel number 7581-01-09-4898 (n/f Riley), thence along the northeast boundary of said parcel to its easternmost corner, thence along the south boundary of said parcel to its southwest corner in the right of way of Wade Road. Thence along the east boundary of the right of way for Wade Road in a southerly direction to the west corner of parcel number 7581-01-09-9220 (n/f Pearce), thence along the northwest boundary of said parcel to its north corner, thence along the

northeast boundary of said parcel in a southerly direction to its southeast corner, thence along the south boundary of said parcel to the northeast corner of parcel number 7581-01-08-9975 (n/f Fox), thence along the east boundary of said parcel to the northeast corner of parcel number 7581-01-08-9760 (n/f St. John), thence along the east boundary of said parcel to the southernmost corner of said parcel, thence in a northwesterly direction along the southwest boundary of said parcel to its southwest corner. Thence in a southerly direction along the southeast boundary of parcel number 7581-01-08-5411 (n/f Johnson) to the south corner of said parcel, thence along the southwest boundary of said parcel to the boundary of the right of way for Wade Road; thence along the south boundary of the right of way for Wade Road to the north corner of parcel number 7581-01-07-1941 (n/f Strong), thence along the east boundary of said parcel to the east corner of parcel number 7571-02-97-8784 (n/f Jordan), thence along the southeast boundary of said parcel to the east corner of parcel number 7571-02-97-7588 (n/f Warriner). Thence in a southwesterly direction to the north corner of parcel number 7571-04-94-4469 (n/f Waddell), thence along the east boundary of said parcel to the north corner of parcel number 7571-04-93-7748 (n/f Chattooga Dev. Corp.), thence along the north boundary of said parcel in a southerly direction to a corner and thence continuing with said boundary in a northeast direction to the intersection of said boundary with the west boundary of Chimney Top Trail, thence along the west boundary of Chimney Top Trail to the south corner of parcel number 7581-03-04-1419 (n/f Fazio), thence leaving Chimney Top Trail and along the west boundary of said parcel to the north corner of said parcel, thence along the northeast boundary of said parcel to its intersection with the west boundary of the right of way for Chimney Top Trail; thence along the west boundary of Chimney Top Trail to the southwest corner of parcel number 7581-01-16-3228 (n/f Sims), thence along the northwest boundary of said parcel to the northwest corner of parcel number 7581-01-16-5306 (n/f Coker), thence along the north boundary of said parcel to the northwest corner of parcel number 7581-01-16-6377 (n/f Collier), thence along the north boundary of said parcel to the northwest corner of parcel number 7581-01-16-8321 (n/f Domescik), thence along the north boundary of said parcel to the northwest corner of parcel number 7581-01-16-9281 (n/f Cay), thence along the northeast boundary of said parcel to the northwest corner of parcel number 7581-01-26-1164 (n/f Ingram) to the north boundary of the right of way for Chimney Top Trail. Thence along the north boundary of Chimney Top Trail to the west corner of parcel number 7581-01-26-7298 (n/f Allen, Inc.), thence leaving Chimney Top Trail and running to the northwest corner of parcel number 7581-01-26-9206 (n/f Moore), thence along the north boundary of said parcel to the northwest corner of parcel number 7581-01-36-0212 (n/f Puckett), thence along the north boundary of said parcel to the north corner of parcel number 7581-01-36-1115 (n/f Watson), thence along the northeast boundary of said parcel to the north corner of parcel number 7581-01-36-1096 (n/f Dalton), thence along the north boundary of said parcel to the north corner of parcel number 7581-03-44-0738 (n/f Wade Hampton POA) thence along the west, southwest and east boundaries of said parcel to the southwest corner of parcel number 7581-04-54-1583 (n/f Dunagon), thence along the west boundary of said parcel to its

northwest corner and the southwest corner of parcel number 7581-04-54-1946 (n/f Dehority), thence along the west boundary of said parcel to the southwest corner of parcel number 7581-02-55-1424 (n/f Jones), thence along the north boundary of said parcel to the northwest corner of parcel number 7581-02-55-6467 (n/f Chanin), thence along the north boundary of said parcel to the northeast corner of said parcel, thence along the east boundary of said parcel to the north corner of parcel number 7581-02-55-7122 (n/f Green), thence along the east boundary of said parcel to the north corner of parcel number 7581-04-54-7508 (n/f Keller), thence along the east boundary of said parcel to the northeast corner of parcel number 7581-04-54-5037 (n/f Gary), thence along the east boundary of said parcel to the northeast corner of parcel number 7581-04-53-6754 (n/f Livermore), thence along the east boundary of said parcel to the northeast corner of parcel number 7581-04-53-5473 (n/f Floyd), thence along the east boundary of said parcel to the northeast corner of parcel number 7581-04-53-5135 (n/f Griffin), thence along the east boundary of said parcel to the northeast corner of parcel number 7581-04-52-6931 (n/f Davis), thence along the east boundary of said parcel to the northeast corner of parcel number 7581-04-52-6658 (n/f Tattersall), thence along the east boundary of said parcel to the northwest corner of parcel number 7581-04-52-7288 (n/f Smith), thence along the north boundary of said parcel to the northwest corner of parcel number 7581-04-62-3346 (n/f Green), thence along the north boundary of said parcel to the northwest corner of parcel number 7581-04-72-0320 (n/f Green), thence along the north boundary of said parcel to the northeast corner of said parcel, thence along the east boundary of said parcel to the north corner of parcel number 7581-04-71-1054 (n/f Wade Hampton Co.), thence along the east boundary of said parcel to the north corner of parcel number 7581-04-71-0589 (n/f McKee), thence along the east boundary of said parcel to the northeast corner of parcel number 7581-04-71-1008 (n/f McKee Development), thence along the east boundary of said parcel to the northeast corner of parcel number 7581-04-60-9645 (n/f Loon Corp.), thence along the southeast boundary of said parcel to the east corner of parcel number 7581-04-60-3281 (n/f Loon Corp.), thence along the south boundary of said parcel to the southwest corner of said parcel and the south boundary of the right of way of Silver Springs Road (formerly known as "Deer Camp Road"), thence along the south boundary of the right of way for said road to the southeast corner of parcel number 7581-04-50-0244 (n/f Glover), thence leaving said road and running in a west direction with the north boundary of 7581-03-40-7042 (n/f Silver Run Inc.) to its westernmost corner and the east boundary of North Carolina Highway 107 South, thence along the east boundary of the right of way for Highway 107 South, and the west boundary of parcel number 7581-03-40-7042 (n/f Silver Run, Inc.) to the southwest corner of said parcel, thence continuing along the east boundary of the right of way for Highway 107 South in a southerly direction to the southwest corner of parcel number 7580-00-49-6555 (n/f Silver Run, Inc.), thence crossing Highway 107 South and running to the southeast corner of parcel number 7581-03-20-0657 (n/f West Hampton Club, LLC), said corner being in the west boundary of the right of way for Highway 107 South, thence leaving Highway 107 South and running along the south boundary of said parcel to the southeast corner of parcel number 7580-00-29-6440 (n/f Bryson), thence

along the east boundary of said parcel to the northeast corner of said parcel, thence along the north boundary of said parcel to the northwest corner of said parcel, thence along the west boundary of said parcel to the southwest corner of said parcel, thence along the south boundary of parcel number 7581-03-20-0657 (n/f West Hampton Club, LLC) to the southwest corner of said parcel, thence along the west boundary of said parcel to the southeast corner of parcel number 7580-00-09-7162 (n/f Dillard), thence along the south boundary of said parcel to its southwest corner, thence along the southeast boundary of parcel number 7580-00-09-4833 (n/f Kinnard) to the south corner of said parcel, thence along the southwest boundary of said parcel in a northwesterly direction to a corner with parcel number 7580-00-09-1070 (n/f Golden Rule Properties), thence along the line of said parcel in a westerly direction to parcel number 7580-00-09-2945 (n/f Little Terrapin), thence along the southeast and southwest boundary of said parcel to a corner with parcel number 7580-00-09-1070 (n/f Golden Rule Properties), thence with the line of said parcel to a point in the southwest line of parcel number 7571-04-90-8017 (n/f Coggiola), thence with the southeast line of said parcel to its south corner and the east corner of parcel number 7570-00-99-5900 (n/f Moore), thence with the southeast boundary of said parcel to the southeast corner of parcel number 7570-00-99-3873 (n/f Stewart), thence along the southeast boundary of said parcel to the southeast corner of parcel number 7570-00-99-2777 (n/f Kehm), thence along the southeast boundary of said parcel to the southeast corner of parcel number 7570-00-99-1770 (n/f Kehm), thence along the southeast boundary of said parcel to the southeast corner of parcel number 7570-00-99-0589 (n/f Kehm), thence with the southeast boundary of said parcel to a point in said boundary line and the westernmost point of parcel number 7570-00-99-3500 (n/f Kehm), thence with the southwestern boundary of said parcel to the easternmost corner of parcel number 7570-00-89-9405 (n/f Walburn), thence with the southeast boundary of said parcel to the northeast corner of parcel number 7570-00-89-7172 (n/f Evans), thence with the east boundary of said parcel to the north corner of parcel number 7570-00-99-1164 (n/f Little Terrapin Property Owners), thence with the east boundary of said parcel to the northwest corner of parcel number 7570-00-98-2976 (n/f Langford), thence with the southwest boundary of said parcel to the northwest corner of parcel number 7570-00-98-6709 (n/f Gibbs), thence along the southeast boundary of parcel number 7570-00-98-0840 (n/f Langford) to its south corner, thence along the west boundary of said parcel to its northwest corner, thence along the south boundary of parcel number 7570-00-88-7936 (n/f Langford) to its southwest corner, being a point in the east boundary of parcel number 7570-00-79-6188 (n/f USA), thence along the northeast boundary of the USA parcel to its north corner, being a point in the line of parcel number 7571-04-61-2284 (n/f River), running thence in a southwesterly direction along the boundary of the River parcel to the southernmost corner of said parcel, thence in a northerly direction to the southwest corner of parcel number 7571-04-51-7634 (n/f Berglund), thence along the southwest boundary of said parcel to the westernmost corner of said parcel, thence along the north boundary of said parcel to the northeast corner of said parcel, thence along the north boundary of parcel number 7571-04-61-2284 (n/f River) to the southwest corner of parcel number 7571-04-62-7189

(n/f Ingram), thence along the west boundary of said parcel to the southwest corner of parcel number 7571-04-62-8620 (n/f Ingram), thence along the west and northwest boundaries of said property to the westernmost corner of parcel number 7571-04-72-1729 (n/f Terry), thence along the west boundary of said property to the northwest most corner of said parcel, thence crossing Whiteside Cove Road in a northwesterly direction to the southwest corner of parcel number 7571-04-73-2459 (n/f Parsons), thence along the southwest boundary of said parcel to the southeast corner of parcel number 7571-04-63-0643 (n/f First National Bank of Palm Beach), thence along the south boundary of said parcel to the southwest corner of said parcel, thence along the north boundary of parcel 7571-03-21-3762 (n/f Warren) to the southwest corner of parcel number 7571-03-13-1347 (n/f Crawford), thence along the southwest boundary of said parcel to the southwest corner of parcel number 7571-03-03-8596 (n/f Powell), thence along the west and northwest boundaries of said parcel to the westernmost corner of Timber Ridge Drive (parcel number 7571-03-14-5568) (n/f Timber Ridge), thence along the end of Timber Ridge Drive to a point, thence along the northern boundary of the right-of-way for Timber Ridge Drive in an easterly direction to a corner near the northeast corner of parcel number 7571-03-13-4366 (n/f Cameron), thence with the west boundary of the right-of-way of Timber Ridge Drive to Devil's Courthouse View Road, thence along the western and southwestern boundary of the right-of-way for said road to a point due south of the southwest corner of parcel number 7571-01-15-4360 (n/f Swanson), thence crossing said road to the southwest corner of the Swanson parcel, thence along the west boundary of said parcel to the northwest corner of said parcel, thence along the north boundary of said parcel to the southwest corner of parcel number 7571-01-15-9621 (n/f Slaughter), thence along the west boundary of said parcel to the southwest corner of parcel number 7571-01-25-0815 (n/f Tidwell), thence along the west boundary of said parcel to the southwest corner of parcel number 7571-01-26-0094 (n/f Baumgarner), thence along the west boundary of said parcel to its northwest corner, thence along the north boundary of said parcel to its northeast corner, thence with the west boundary of the right-of-way for Mitten Lane, SR 1110, to its intersection with the boundary of 7571-01-26-5723 (n/f Education Tomorrow), thence along the southwest boundary of said parcel to its westernmost corner, thence along the west boundary of said parcel to the south corner of parcel number 7571-01-27-0141 (n/f Davis), thence along the west boundary of said parcel to the south corner of parcel number 7571-01-27-0376 (n/f Young), thence along the western boundary of said parcel to the south corner of parcel number 7571-01-27-1502 (n/f Madden), thence along the southwest boundary of said parcel to the southernmost corner of parcel number 7571-01-27-9527 (n/f Madden), thence along the southwest boundary of said parcel to the southwestern corner of the right-of-way for Zeb Alley Road SR 1111 and the westernmost corner of parcel number 7571-01-17-9527 (n/f Madden), thence to the southeast corner of parcel number 7571-01-17-8774 (n/f Pell) near the north boundary of the right-of-way of Zeb Alley Rd, thence along the southwest boundary of said parcel to the westernmost corner of said parcel, thence along the south and west boundaries of parcel number 7571-01-18-5076 (n/f Wakulla Motel) to the southwest corner of said parcel, thence in a northerly direction along the boundary of parcel number

7571-01-08-5333 (n/f Silver Slip Lodge) to the east corner of parcel number 7561-00-96-0982 (n/f Spraggins), thence along the southeast boundary of said parcel to its south corner, thence along the west boundary of said parcel to the south corner of parcel number 7561-00-97-0291 (n/f Walden), thence with the west boundary of said parcel to the southeast corner of parcel number 7561-00-97-0571 (n/f Woock), thence along the south boundary of said parcel to the southeast corner of parcel number 7561-00-87-5533 (n/f Woocks at Millstone Inn, Inc.), thence along the southwest boundary of said parcel to the southeast corner of parcel number 7561-00-87-4659 (n/f Woock), thence along the south boundary of said parcel to its southwest corner, thence with the north boundary of parcel number 7561-01-77-5244 (n/f Black) in a westerly direction to the northwest corner of said parcel, thence along the south boundary of parcel number 7561-00-68-1485 (n/f Stewart) to its southwest corner and the southeast corner of parcel number 7561-00-58-6320 (n/f Kapers), thence along the southeast boundary of said parcel to its southernmost corner, thence along the southwest boundary of said parcel to the southwest corner of parcel number 7561-00-69-0110 (n/f Palmetto Investors Group, Inc.), thence along the west boundary of said parcel to the southwest corner of parcel number 7561-00-59-4079 (n/f Kapers), thence along the west boundary of said parcel to its northwest corner, said corner being in the south boundary of the right-of-way for US Hwy 64, thence crossing US Hwy 64 in a northwesterly direction to the easternmost corner of parcel number 7561-00-59-3533 (n/f Atkinson Properties), thence with the northern boundary of the right-of-way for US Hwy 64 in a northwesterly direction to the westernmost corner of parcel number 7562-03-01-8754 (n/f Wildcat Mountains Development Co, Inc.), thence along the west boundary of said parcel to the southwest corner of parcel number 7562-03-02-9707 (n/f MMB Development), thence along the southwest boundary of said parcel to its westernmost corner, thence along the northwest boundary of said parcel to the west corner of parcel number 7562-03-12-1965 (n/f MMB Development), thence along the northwest boundary of said parcel to its north corner, thence along the northeast boundary of said parcel to the north corner of parcel number 7562-03-12-4893 (n/f Walker), thence along the northwest boundary of said parcel to the northwest corner of parcel number 7562-03-12-8653 (n/f Hubbard), thence along the north boundary of said parcel to the northwest corner of parcel number 7562-03-22-3353 (n/f Highlands Land Trust), thence along the north boundary of said parcel to the northwest corner of parcel number 7562-03-32-0554 (n/f Senterfit Trust), thence along the north boundary of said parcel to the northwest corner of parcel number 7562-03-32-4479 (n/f Smith), thence along the north boundary of said parcel to the northeast corner of said parcel, thence along the east boundary of said parcel to the north corner of 7562-03-32-6275 (n/f Smith), thence along the east boundary of said parcel to the northeast corner of parcel number 7562-03-32-6173 (n/f Worley), thence along the east boundary of said parcel to the northwest corner of parcel number 7562-03-31-8648 (n/f Douglass), thence along the north boundary of said parcel to the north corner of parcel number 7562-03-31-9494 (n/f Collins), thence to the northwest corner of parcel number 7562-03-41-3458 (n/f Bryan), thence along the north boundary of said parcel to the north corner of parcel number 7562-03-41-5294 (n/f Bryan), thence to the northwest corner of parcel number

7562-03-41-7387 (n/f Watts), thence along the north boundary of said parcel to the northwest corner of parcel number 7562-04-51-1436 (n/f Hilliard), thence along the north boundary of said parcel to the northwest corner of parcel number 7562-04-51-4504 (n/f Meek), thence along the north boundary of said parcel to the westernmost corner of parcel number 7562-04-61-0810 (n/f Wallace), thence along the northwest boundary of said parcel to its north corner, thence along the east boundary of said parcel to the north corner of parcel number 7562-04-61-1584 (n/f Wallace), thence along the east and northeast boundary of said parcel to the westernmost corner of parcel number 7562-04-61-8590 (n/f Drake), thence along the northwest boundary of said parcel to the westernmost corner of parcel number 7562-04-71-0705 (n/f Drake), thence along the northwest boundary of said parcel to its northernmost corner, thence along the northeast boundary of said parcel to its easternmost corner, thence along the southeast boundary of said parcel to its southernmost corner, thence along the northeast boundary of parcel number 7562-04-61-8590 (n/f Drake) to the easternmost corner of said parcel, thence with the boundary of said parcel in a southwesterly direction to a point in the line of parcel number 7562-04-71-6044 (n/f Coyle), thence from said point in a southeasterly direction to the easternmost corner of said parcel, thence in a northeasterly direction along the north boundary of parcel number 7562-04-70-8590 (n/f Failey) to the northeast corner of said parcel, thence in a northeasterly direction along the boundary of parcel number 7562-04-81-7067 (n/f Joe Mike LLC) to the north corner of said parcel and the easternmost corner of parcel number 7562-04-81-8324 (n/f Coyle), thence with the northwest boundary of said parcel to the northwest corner of parcel number 7562-04-91-0486 (n/f Choate), thence along the north boundary of said parcel to the northwest corner of parcel number 7562-04-91-3526 (n/f Oberle), thence along the north boundary of said parcel to the northwest corner of parcel number 7562-04-91-5518 (n/f Valley Helicopters), thence along the north boundary of said parcel to the northeast corner of said parcel and a point in the line of parcel number 7562-04-91-6756 (n/f Dillard), thence along the southwest boundary of said parcel to its west corner and the south corner of parcel number 7562-04-92-1260 (n/f Pinchot), thence in a northwesterly direction along the southwest boundary of said parcel to the northernmost corner of said parcel, thence in a southeasterly direction along the boundary of said parcel to the westernmost corner of parcel number 7562-04-92-6224 (n/f Johnson), thence along the northwest boundary of said parcel to the westernmost corner of parcel number 7562-04-92-3962 (n/f Johnson), thence along the northwest boundary of said parcel to its north corner, thence in a southeasterly direction to the southwest corner of parcel number 7562-04-93-4146 (n/f Owen), thence in a northerly direction to the north corner of said parcel, thence along the northeast boundary of said parcel to the northwest corner of parcel number 7562-04-93-9030 (n/f McCall), thence along the north boundary of said parcel to its northernmost corner and the westernmost corner of parcel number 7572-03-03-2205 (n/f Pressley), thence along the northwest boundary of the Pressley parcel to the westernmost corner of parcel number 7572-03-03-2521 (n/f McCall), thence along the northwest boundary of said parcel to the westernmost corner of parcel number 7572-03-03-4684 (n/f Moss), thence along the northwest boundary of said parcel to a point in the line of parcel number

7572-03-04-5028 (n/f Dills), thence with the boundary of the Dills parcel to its westernmost corner and the southwest corner of parcel number 7572-03-04-1259 (n/f Brandon), thence with the west boundary of the Brandon parcel to its northwest corner, thence with the north boundary of said parcel to the northwest corner of parcel number 7572-03-04-3268 (n/f Newberry), thence along the north boundary of said parcel to the westernmost corner of parcel number 7572-03-04-5324 (n/f Dufilho), thence along the north boundary of said parcel to the northwest corner of parcel number 7572-03-04-7436 (n/f Logan), thence along the north boundary of said parcel to the northwest corner of parcel number 7572-03-04-9558 (n/f Logan), thence along the north boundary of said parcel to the intersection of said boundary and the west boundary of the right-of-way for NC Hwy 107 North, thence with the west boundary of NC Hwy 107 North to a point due south of the southwest corner of parcel number 7572-03-04-8966 (n/f Rogers), thence crossing the right-of-way for NC Hwy 107 North in a north direction to said corner, thence leaving Hwy 107 and running in a northeasterly direction along the boundary of parcel number 7572-01-05-5164 (n/f Jahn) to the north corner of parcel number 7572-03-14-3969 (n/f Pierce), thence along the northeast boundary of parcel number 7572-03-14-6907 (n/f Wolf) to the southeast corner of parcel number 7572-01-15-3647 (n/f Neal), thence along the northeast boundary of said parcel to the north corner of said parcel, thence with the boundary of parcel number 7572-01-16-1209 (n/f Kinsey) to the northeast corner of said parcel, thence continuing with the line of the Kinsey parcel in a westerly direction to the southwest corner of parcel number 7572-01-17-5082 (n/f Cedar Creek Realty), thence with the southwest line of said parcel to its westernmost corner and the south corner of parcel number 7572-01-17-1065 (n/f Webb). Thence with the west boundary of the Webb parcel to the south corner of parcel number 7572-01-17-3704 (n/f Cedar Creek Realty), thence with the southwest boundary of said parcel to its northwest corner, thence along the north boundary of said parcel to the southwest corner of parcel number 7572-01-18-3367 (n/f Toms), thence along the west boundary of said parcel to the southwest corner of parcel number 7572-01-09-8001 (n/f Bennett), thence along the west boundary of said parcel to its north corner and the southwest corner of parcel number 7572-01-09-9267 (n/f Flock), thence along the west boundary of said parcel to its northwest corner, thence along the boundary of parcel number 7573-03-10-3149 (n/f Henry) to the northwest corner of parcel number 7573-03-21-5169 (n/f Damico), thence along the north boundary of said parcel to its northeast corner, thence along the north boundary of parcel number 7573-03-31-2033 (n/f Bebbington) to the northwest corner of parcel number 7573-03-40-8454 (n/f Middelthon), thence along the west boundary of said parcel to the northwest corner of parcel number 7572-02-59-4421 (n/f Big Sheepcliff Property Owners), thence along the west and south boundaries of said parcel to the north corner of parcel number 7572-01-48-0166 (n/f Thomas), thence along the northeast boundary of said parcel and the west boundary of parcel number 7572-02-58-0035 (n/f Foster) to the northeast corner of parcel number 7572-01-47-9109 (n/f Hawkins), thence along the northeast and east boundary of said parcel to its easternmost corner and a corner in the line of parcel number 7572-02-55-4964 (n/f Hawkins), thence with the north boundary of said parcel to the northwest corner of

parcel number 7572-02-56-6461 (n/f Hawkins), thence with the north boundary of said parcel to the northeast corner of said parcel and a point in the line of parcel number 7572-02-66-0536 (n/f Mountain View Ventures), thence along the west boundary of said parcel to its northwest corner, thence along the north boundary of said parcel to the easternmost corner of said parcel, thence to the south corner of parcel number 7572-02-67-1020 (n/f Mountain View Ventures), thence along the eastern boundary of an unnamed private road to its intersection with the north boundary of Wandering Ridge Road, thence along the north boundary of Wandering Ridge Road to the southwest corner of parcel number 7572-02-76-3414 (n/f Law), thence leaving Wandering Ridge Road and running in a northerly direction along the west boundary of said parcel to the northwest corner of said parcel, thence along the north boundary of said parcel to the northwest boundary of the right-of-way for Upper Ridge Road, being a point in the south line of parcel number 7572-02-77-2250 (n/f Law), thence with the northwest boundary of the right-of-way for Upper Ridge Road and the southeast boundary of said parcel to the southeast corner of parcel number 7572-02-77-8219 (n/f Dempsey), thence leaving Upper Ridge Road and running along the west boundary of said parcel to the northernmost corner of said parcel, thence along the south boundary of parcel number 7572-02-87-2951 (n/f Thomas) to the south corner of said parcel and the northwest boundary of the right-of-way for Overlook Pass, thence with the southeast boundary of the Thomas parcel and the northwest boundary of the right-of-way for Overlook Pass to a point in the line of parcel number 7572-02-97-6861 (n/f Rhane), thence with the west boundary of said parcel to its southwest corner, thence with the south boundary of said parcel to the southeast corner of said parcel, being a point in the boundary of the right-of-way for Cedar Creek Road, SR 1120, thence with the west boundary of the right-of-way for Cedar Creek Road in a southeasterly direction to the intersection of the boundary of the right-of-way of said road with the north boundary of the right-of-way of Wandering Ridge Road, thence crossing Cedar Creek Road in an easterly direction to the west corner of parcel number 7582-01-16-0612 (n/f Hackney), thence along the northwest boundary of said parcel to its north corner, thence along the northeast boundary of said parcel to the northwest corner of parcel number 7582-01-16-1586 (n/f Nantahala Power), thence along the north boundary of said parcel to the northwest corner of parcel number 7582-01-16-4505 (n/f Nantahala Power), thence along the north boundary of said parcel to the northwest corner of parcel number 7582-01-16-6527 (n/f Nantahala Power), thence along the north boundary of said parcel to the northwest corner of parcel number 7582-01-16-8559 (n/f Nantahala Power), thence along the north boundary of said parcel to the northwest corner of parcel number 7582-01-26-0683 (n/f Nantahala Power), thence along the north boundary of said parcel to the northeast corner of said parcel and a point in the line of parcel number 7582-01-26-8938 (n/f Valley Corp.), thence along the west boundary of the Valley Corp. parcel to its northwest corner, thence along the north boundary of said parcel to its northeast corner, being a point in the line of parcel number 7582-01-46-2769 (n/f Hooper), thence along the west boundary of said parcel to its northwest corner, thence along the north boundary of said parcel to the point of BEGINNING.

"ARTICLE III. GOVERNING BODY.

"Section 3.1. **Structure of Governing Body; Number of Members.** The governing body of the Village of Cashiers is the Mayor and the Village Council, which shall have five members.

"Section 3.2. **Temporary Officers.** Until the organizational meeting after the initial election in 2003 provided for by Section 4.1 of this Charter, Marcia Moore, Mark Zachary, Frank Doherty, Hamilton Arnall, and Colleen McCall are appointed members of the Village Council of the Village of Cashiers, and they shall possess and exercise the powers granted to the governing body until their successors are elected or appointed and qualified pursuant to this Charter. If any person named in this section is unable to serve, the remaining temporary officers shall, by majority vote, appoint a person to serve until the initial municipal election is held in 2003.

"Section 3.3. **Manner of Electing Village Council; Term of Office.** The qualified voters of the entire Village shall elect the members of the Village Council, and, except as provided in this section, they shall serve four-year terms. In 2003, the two candidates receiving the highest numbers of votes shall be elected to four-year terms, and the three candidates receiving the next highest numbers of votes shall be elected to two-year terms. In 2005, and quadrennially thereafter, three members shall be elected to four-year terms. In 2007, and quadrennially thereafter, two members shall be elected to four-year terms.

"Section 3.4. **Manner of Electing Mayor; Term of Office; Duties.** The qualified voters of the entire Village shall elect the Mayor. In 2003, and quadrennially thereafter, the Mayor shall be elected for a term of four years. The Mayor shall be the official head of Village government and shall preside at all meetings of the Village Council, shall have the right to vote only when there is an equal division on any question or matter before the Village Council, and shall exercise the powers and duties conferred by law or as directed by the Village Council.

"Section 3.5. **Mayor Pro Tempore.** The Village Council shall appoint one of its members as Mayor Pro Tempore to perform the duties of the Mayor during the Mayor's absence or disability. The Mayor Pro Tempore shall serve in such capacity at the pleasure of the Village Council.

"ARTICLE IV. ELECTIONS.

"Section 4.1. **Conduct of Village Elections.** Elections shall be conducted on a nonpartisan basis and results determined by a plurality as provided in G.S. 163-292.

"ARTICLE V. ADMINISTRATION.

"Section 5.1. **Village to Operate Under Council-Manager Plan.** The Village shall operate under the Council-Manager form of government as provided in Part 2 of Article 7 of Chapter 160A of the General Statutes.

"Section 5.2. **Village Manager.** The Village Council shall appoint a Village Manager in accordance with G.S. 160A-147. The Manager shall be the administrative head of all Village departments and shall have all the powers and duties conferred by general law, except as expressly limited by the Village Council, so far as authorized by general law, and the provisions of this Charter, and any additional powers conferred by the Village Council. The Manager shall have the power to appoint, suspend, and remove

all Village officers, department heads, and employees, except the Village attorney and any other official whose appointment or removal is vested in the Village Council.

"ARTICLE VI. TAXES AND BUDGET ORDINANCE.

"Section 6.1. **Commencement of Tax Collection.** From and after the effective date of this act, the citizens and property in the Village of Cashiers shall be subject to municipal taxes levied for the year beginning July 1, 2003, and for that purpose the Village shall obtain from Jackson County a record of property in the area herein incorporated which was listed for property taxes as of January 1, 2003.

"Section 6.2. **Budget.** The Village may adopt a budget ordinance for fiscal year 2003-2004 without following the timetable in the Local Government Budget and Fiscal Control Act but shall follow the sequence of actions in the spirit of the act insofar as is practical. For fiscal year 2003-2004, ad valorem taxes may be paid at par or face amount within 90 days of adoption of the budget ordinance and thereafter in accordance with the schedule in G.S. 105-360. If the effective date of the incorporation is prior to July 1, 2003, the Village may adopt a budget ordinance for fiscal year 2002-2003 without following the timetable in the Local Government Budget and Fiscal Control Act but shall follow the sequence of actions in the spirit of the act insofar as practical. No ad valorem taxes may be levied for the 2002-2003 fiscal year."

SECTION 3. The Village may not exercise any powers authorized under G.S. 160A-360.

SECTION 4. The Village may annex areas only as provided in Parts 1 and 4 of Article 4A of Chapter 160A of the General Statutes.

SECTION 5. On or before June 30, 2004, and June 30, 2005, the Village Council shall submit to the House and Senate Finance Committees and the Joint Legislative Commission on Municipal Incorporations evidence that the Village is providing four municipal services from the list provided in G.S. 120-163(c) for the benefit of the residents of the Village and that the Village has imposed an ad valorem tax of at least five cents (5¢) on the one hundred dollar ($100.00) valuation upon all taxable property within the Village's corporate boundaries.

SECTION 6. The Jackson County Board of Elections shall conduct an election on a date set by the Board, to be not less than 60 nor later than 120 days after this act becomes law, for the purpose of submission to the qualified voters for the area described in Section 2.1 of the Charter of the Village of Cashiers the question of whether or not the area shall be incorporated as the Village of Cashiers. Registration for the election shall be conducted in accordance with G.S. 163-288.2.

SECTION 7. In the election, the question on the ballot shall be:

"[ ]FOR [ ]AGAINST

Incorporation of the Village of Cashiers."

SECTION 8. In the election, if a majority of the votes are cast "For the Incorporation of the Village of Cashiers", Sections 1 through 5 of this act shall become effective on the date that the Jackson County Board of Elections certifies the results of the election. Otherwise, Sections 1 through 5 of this act shall have no force and effect.

SECTION 9. This act is effective when it becomes law.

HOUSE BILL 790:
Incorporate Cashiers

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Haire
Date:	April 8, 2003	**Analysis by:**	Martha Walston
Version:	1st Edition		Committee Counsel

SUMMARY: ***House bill 790 is a local bill that repeals the Charter for the Town of Cashiers in Jackson County and incorporates the Village of Cashiers, subject to a vote of the people in the proposed area to be incorporated. The Town has been inactive since incorporation in 1927. The Joint Legislative Commission on Municipal Incorporations recommended incorporation of the Village in its report on March 24, 2003. The Commission concluded that the proposed Village met the standards required by Article 20 of Chapter 120 of the General Statutes.***

BILL ANALYSIS: Subject to the vote of the people in the area to be incorporated, House Bill 790 incorporates the Village of Cashiers in Jackson County and repeals the charter of the Town of Cashiers. The Village will operate under a council-manager form of government. There will be five members of the Village Council and a Mayor. Until the initial election in 2003, specifically named persons will serve as interim Village Council members. At the initial election, the Village Council will be elected to staggered terms. The Mayor will serve a four-year term. Elections will be on a nonpartisan basis. The Village Council will appoint a Village Manager to be the administrative head of all Village departments.

The Village may not exercise any powers of planning and regulation beyond the village limits, and may only annex by petition or by meeting the statutory requirements for satellite annexation.

On or before June 30 of 2004 and 2005, the Village Council must submit evidence to the House and Senate Finance Committees and the Joint Legislative Commission on Municipal Incorporations that it is providing at least four of the municipal services provided in G.S. 120-163(c) and that the Village has imposed an ad valorem tax of at least 5¢ on the $100 valuation. The services in G.S. 120-163(c) are: police protection, fire protection, solid waste collection or disposal, water distribution, street maintenance, street construction or right-of-way acquisition, street lighting, and zoning.

The election on the question of incorporation must be held not less than 60 nor later than 120 days after the act becomes effective. If the majority of voters vote against incorporation, then the repeal of the Charter for the Town and the incorporation of the Village do not take effect.

BACKGROUND: Article 20 of Chapter 120 of the General Statutes creates the Joint Legislative Commission on Municipal Incorporations and sets out the procedures for review of the statutory requirements for incorporation. The Commission, with the help of the Division of Community Assistance of the Department of Commerce, found that the proposed Village of Cashiers satisfied the following requirements:

- The petition must be signed by 15% of the registered voters in the proposed area, but by not less than 25 registered voters. The petition was signed by 113 of the 596 voters in the proposed area. The Jackson County Board of Elections verified the petition.
- The petition contained the necessary information including a plan to provide a reasonable level of services (fire protection, police protection, zoning, and solid waste collection), and an ad valorem tax of at least 5¢ on the $100 valuation.
- The proposed area must have a permanent population of at least 100 and a population density of at least 250 persons per square mile. The data suggest that there are 2,376 people in the proposed area with a population density of 287 persons per square mile.
- At least 40% of the proposed area must be developed for residential, commercial, industrial, institutional, or governmental uses, or be dedicated as open space. 45.86% of the proposed area is developed.

Cashiers Incorporation
Fiscal Report

1. Sales Tax Revenue Change:

Jackson County distributes sales tax revenues on an ad valorem basis. This analysis uses the ad valorem amounts certified by county, city, and town officials to the Department of Revenue to show how that distribution would have changed had Cashiers been incorporated at that time.

Current

County	Municipalities	Ad Valorem Levy	% Levy*	Sales Tax Distribution
Jackson		16,505,542	94.1%	**6,118,192**
	Dillsboro	61,700	0.4%	22,253
	Forest Hills	18,599	0.1%	7,010
	Highlands	57,237	0.3%	21,673
	Sylva	894,644	5.1%	349,940
	Webster	9,042	0.1%	3,475
TOTAL		17,546,764	100.0%	6,522,542

* These percentages indicate the 2002 percent of levy. However, in 2001 the levy proportions are slightly different. Thus, distribution does not mirror these proportions exactly.

With Incorporation

County	Municipalities	Ad Valorem Levy	% Levy	Sales Tax Distribution	Change (Approx)
Jackson		16,505,542	91.4%	5,962,699	(155,494)
	Dillsboro	61,700	0.3%	22,289	37
	Forest Hills	18,599	0.1%	6,719	(291)
	Highlands	57,237	0.3%	20,677	(996)
	Sylva	894,644	5.0%	323,194	(26,746)
	Webster	9,042	0.1%	3,266	(208)
	Cashiers	*508,500*	2.8%	183,698	183,698
TOTAL		18,055,264	100.0%	6,522,542	(0)

** This assumes the village levies the $0.09 property tax noted in their incorporation papers..

2. Powell Bill Allocation Change

Annually state street aid or Powell Bill allocations are made to incorporated municipalities which establish their eligibility and qualify as provided by G.S. 136-41.1-.3. The amount allocated to each municipality is based on both population and qualifying street miles within the municipality.

FY 2001-02 population based allocations assumed a total, statewide municipal population of 4,086,685 and available funds of $101,578,822.46. This created a per capita distribution rate of $ 24.86.

Adding the new population of Cashiers (2376) to the statewide total creates a new

population of 4,089,061. This creates no appreciable change in the per capita payment rate (less than 2 cents per person). As such, this changes should have no significant impact on Powell Bill payments to other Jackson County municipalities.

3. Utility Excise Tax:

Of the 3.22% state excise tax rate on the in-state gross receipts of gas, power and light and telephone companies, 3.09 percentage points (or 96% of collections) are distributed to the respective municipalities within which these services took place. In 1998-99 the statewide total was $161.1 million.

Because Cashiers only incorporates new areas (areas not currently a part of another municipalities) no revenue shift is expected. Any revenue received by Cashiers from this tax would be new or drawn from the NC General Fund.

4. Reimbursements:

The state reimbursements to local governments for previous tax law changes were repealed by the previous General Assembly. To that end no reimbursements will be available to Cashiers. Under current law some local governments will qualify for a "hold harmless" payment if their new estimated sales tax revenue does not exceed their previous reimbursements. However, because Cashiers did not receive a reimbursement in 2001-02 (the base year for calculation purposes) they are not eligible for a hold harmless payment.

Note: Population numbers used for sales tax and Powell bill allocation vary due to the year used by the controlling agency.

Prepared by Linda Struyk Millsaps, Fiscal Research Division.

House Committee on Finance

Minutes

~

April 10, 2003

The House Committee on Finance met on Thursday, April 10, 2003 at 8:30am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Luebke, and Wainwright; Vice-Chairs Alexander, Decker, Gibson, and Hill; and Representatives Blackwood, Bordsen, Carney, Creech, Glazier, Hackney, Holliman, Lewis, McCombs, McGee, Rayfield, Ross, Setzer, Weiss, and Womble. Also present were Sergeant-at-Arms staff Bob Fowler, Bill Freeman, Dusty Rhodes, and Bill Sullivan. Staff persons present included Richard Bostic, Trina Griffin, Linda Millsaps, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman Wainwright called the meeting to order at 8:30 am and recognized the three Pages present: Meghan Dawson and Amy McClellan, both of Cumberland County, sponsored by Representative Lucas; and Lindsey White of Wake County, sponsored by Representative Stam.

The Chair then recognized Representative Adams to explain HB 626 – GREENSBORO/AIRPORT ANNEXATION AGREEMENTS (see attachment 3). This bill authorizes the City of Greensboro and Piedmont Triad International Airport Authority Administration to enter into agreements to amend the description of a land area that, under current law, cannot be annexed into any municipality. The bill's purpose, explained Representative Adams, is to accommodate the changing needs of the City and the Airport. Linda Miles, City Attorney of Greensboro, was present in the audience to answer any questions from members on the bill. As there was no conflict among parties for this agreement, there were no questions from members. Chairman Wainwright recognized Representative Womble who offered a motion for a favorable report on HB 626. Upon the Chair's call of the vote, the motion passed with no known opposition.

Chairman Wainwright next recognized Senator Weinstein to explain SB 244 – RECOGNIZE RETIRED NURSES/FEES (see attachment 4). Senator Weinstein explained that the bill establishes a one-time fee of up to $50.00 for the issuance of a special license plate to recognize a retired registered nurse (RN) or retired licensed practical nurse (LPN). The bill also describes the procedures for the reinstatement of a retired RN or LPN to active practice. Following this description, the Chair recognized Representative Howard who moved that SB 244 receive a favorable report. The motion carried with no known opposition. Senator Weinstein noted to the Chair that Representative Sutton would be presenting this bill on the House floor.

Next on the agenda was HB 597 – ROANOKE RAPIDS DEANNEXATION and HB 598 – ROANOKE RAPIDS ANNEXATION (see attachment 5). Chairman Wainwright recognized Representative Hall, the sponsor, to explain the bills. HB 597 removes a 1,555-acre section of land from the corporate limits of the City of Roanoke Rapids while HB 598 annexes a 3,990-acre section of land to the City limits. The Chair opened the floor for discussion among the members. Representative Gibson made the motion for a favorable report on HB 597 and the motion carried

unanimously. Representative Howard then moved that HB 598 receive a favorable report and this motion carried unanimously as well.

Next, the Chair recognized Representative Coates to explain HB 351 – SALISBURY PARKING ENFORCEMENT (see attachment 6). This bill would allow the City of Salisbury to adopt an ordinance related to several parking issues. (Please see the attached bill summary for a more detailed description of this proposed ordinance.) The Chair entertained discussion of the bill between Representative Coates and several committee members. On a motion from Representative Womble, the committee voted to offer the bill a favorable report.

Chairman Wainwright recognized Representative Hill to explain the next bill: HB 89 – FORSYTH FIRE DISTRICTS (see attachment 7). Representative Hill explained that this bill would repeal a local law passed in 1981 that authorized the creation of joint fire and rescue protection districts inside of Forsyth County. The bill, by repealing the local law, would make the general law applicable. As there was no controversy on the matter, Representative Womble moved for a favorable report. Chairman Wainwright then called on the committee to vote, and the motion passed.

Lastly, the Chair recognized Representative Hill to explain HB 142 – SUNSET BEACH EROSION CONTROL (see attachment 8). The bill, explained Representative Hill, simply allows the Town of Sunset Beach to exercise the power of "quick-take" condemnation to acquire property for beach erosion control, flood and hurricane protection works, and public beach access. Chairman Wainwright opened the floor for questions following the explanation and recognized Representative Rayfield who asked if this bill affected anyone in the Oak Island area. Representative Hill informed him that he did not represent that area in his district but that a similar bill by Representative Stiller for that area would be coming before the Committee sometime in the near future. Upon a motion of favorable report by Representative Luebke, and hearing no further discussion from Committee members, Chairman Wainwright called the vote, and the motion carried.

As a final announcement, the Chair referred the following bills to the Subcommittee on Tax & Tags: HB 255 – Blue Ridge Parkway Foundation License Plate, HB 477 – NC Coastal Federation Special Plate, HB 563 – Surveyor Special License Plate, HB 577 – Retired Law Enforcement Special Plates, HB 661 – Alternative Fuel Vehicle Special Plate, HB 823 – Zeta Phi Beta Special Registration Plate, HB 855 – Breast Cancer Awareness Special Plate, and SB 295 – Special Registration Plates. Chairman Wainwright also referred HB 96 – Avery County Occupancy Tax, to the Subcommittee on the Occupancy Tax.

Having no further business, the Chair adjourned the meeting at 8:57 a.m.

Respectfully submitted,

Representative William Wainwright
Presiding Chair

Jason A. Cannon
Assistant to Committee on Finance

House Committee on Finance

Minutes

~

April 10, 2003

The House Committee on Finance met on Thursday, April 10, 2003 at 8:30am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Luebke, and Wainwright; Vice-Chairs Alexander, Decker, Gibson, and Hill; and Representatives Blackwood, Bordsen, Carney, Creech, Glazier, Hackney, Holliman, Lewis, McCombs, McGee, Rayfield, Ross, Setzer, Weiss, and Womble. Also present were Sergeant-at-Arms staff Bob Fowler, Bill Freeman, Dusty Rhodes, and Bill Sullivan. Staff persons present included Richard Bostic, Trina Griffin, Linda Millsaps, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman Wainwright called the meeting to order at 8:30 am and recognized the three Pages present: Meghan Dawson and Amy McClellan, both of Cumberland County, sponsored by Representative Lucas; and Lindsey White of Wake County, sponsored by Representative Stam.

The Chair then recognized Representative Adams to explain HB 626 – GREENSBORO/AIRPORT ANNEXATION AGREEMENTS (see attachment 3). This bill authorizes the City of Greensboro and Piedmont Triad International Airport Authority Administration to enter into agreements to amend the description of a land area that, under current law, cannot be annexed into any municipality. The bill's purpose, explained Representative Adams, is to accommodate the changing needs of the City and the Airport. Linda Miles, City Attorney of Greensboro, was present in the audience to answer any questions from members on the bill. As there was no conflict among parties for this agreement, there were no questions from members. Chairman Wainwright recognized Representative Womble who offered a motion for a favorable report on HB 626. Upon the Chair's call of the vote, the motion passed with no known opposition.

Chairman Wainwright next recognized Senator Weinstein to explain SB 244 – RECOGNIZE RETIRED NURSES/FEES (see attachment 4). Senator Weinstein explained that the bill establishes a one-time fee of up to $50.00 for the issuance of a special license plate to recognize a retired registered nurse (RN) or retired licensed practical nurse (LPN). The bill also describes the procedures for the reinstatement of a retired RN or LPN to active practice. Following this description, the Chair recognized Representative Howard who moved that SB 244 receive a favorable report. The motion carried with no known opposition. Senator Weinstein noted to the Chair that Representative Sutton would be presenting this bill on the House floor.

Next on the agenda was HB 597 – ROANOKE RAPIDS DEANNEXATION and HB 598 – ROANOKE RAPIDS ANNEXATION (see attachment 5). Chairman Wainwright recognized Representative Hall, the sponsor, to explain the bills. HB 597 removes a 1,555-acre section of land from the corporate limits of the City of Roanoke Rapids while HB 598 annexes a 3,990-acre section of land to the City limits. The Chair opened the floor for discussion among the members. Representative Gibson made the motion for a favorable report on HB 597 and the motion carried

unanimously. Representative Howard then moved that HB 598 receive a favorable report and this motion carried unanimously as well.

Next, the Chair recognized Representative Coates to explain HB 351 – SALISBURY PARKING ENFORCEMENT (see attachment 6). This bill would allow the City of Salisbury to adopt an ordinance related to several parking issues. (Please see the attached bill summary for a more detailed description of this proposed ordinance.) The Chair entertained discussion of the bill between Representative Coates and several committee members. On a motion from Representative Womble, the committee voted to offer the bill a favorable report.

Chairman Wainwright recognized Representative Hill to explain the next bill: HB 89 – FORSYTH FIRE DISTRICTS (see attachment 7). Representative Hill explained that this bill would repeal a local law passed in 1981 that authorized the creation of joint fire and rescue protection districts inside of Forsyth County. The bill, by repealing the local law, would make the general law applicable. As there was no controversy on the matter, Representative Womble moved for a favorable report. Chairman Wainwright then called on the committee to vote, and the motion passed.

Lastly, the Chair recognized Representative Hill to explain HB 142 – SUNSET BEACH EROSION CONTROL (see attachment 8). The bill, explained Representative Hill, simply allows the Town of Sunset Beach to exercise the power of "quick-take" condemnation to acquire property for beach erosion control, flood and hurricane protection works, and public beach access. Chairman Wainwright opened the floor for questions following the explanation and recognized Representative Rayfield who asked if this bill affected anyone in the Oak Island area. Representative Hill informed him that he did not represent that area in his district but that a similar bill by Representative Stiller for that area would be coming before the Committee sometime in the near future. Upon a motion of favorable report by Representative Luebke, and hearing no further discussion from Committee members, Chairman Wainwright called the vote, and the motion carried.

As a final announcement, the Chair referred the following bills to the Subcommittee on Tax & Tags: HB 255 – Blue Ridge Parkway Foundation License Plate, HB 477 – NC Coastal Federation Special Plate, HB 563 – Surveyor Special License Plate, HB 577 – Retired Law Enforcement Special Plates, HB 661 – Alternative Fuel Vehicle Special Plate, HB 823 – Zeta Phi Beta Special Registration Plate, HB 855 – Breast Cancer Awareness Special Plate, and SB 295 – Special Registration Plates. Chairman Wainwright also referred HB 96 – Avery County Occupancy Tax, to the Subcommittee on the Occupancy Tax.

Having no further business, the Chair adjourned the meeting at 8:57 a.m.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H 1

HOUSE BILL 626

Short Title:	Greensboro/Airport Annexation Agreements.	(Local)
Sponsors:	Representatives Adams, Bowie, Jeffus, and Jones (Primary Sponsors).	
Referred to:	Local Government II.	

March 24, 2003

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE CITY OF GREENSBORO AND THE PIEDMONT TRIAD INTERNATIONAL AIRPORT ADMINISTRATION TO AMEND THE BOUNDARIES OF CERTAIN TERRITORY THAT CANNOT BE ANNEXED BY THE CITY UNDER GENERAL LAW.

The General Assembly of North Carolina enacts:

SECTION 1. The City of Greensboro and the Piedmont Triad International Airport Administration may enter into agreements to amend the boundaries of the territory described in Section 4 of Chapter 818 of the 1985 Session Laws to meet the changing needs of the City and the Airport Administration.

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 626:
Greensboro/Airport Annexation Agreements

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Adams, Bowie, Jeffus, And Jones
Date:	April 10, 2003		
Version:	1st Edition	**Analysis by:**	Martha Walston* Committee Counsel

SUMMARY: House Bill 626 is a local bill that authorizes the City of Greensboro and the Piedmont Triad International Airport Administration to jointly amend the description of the area that cannot be annexed by Greensboro or any other municipality. House Local Government II gave the bill a favorable report on April 2. House Bill 467 is an identical bill.

CURRENT LAW: Under current law, the two tracts described in Section 4 of Chapter 818 of the 1985 Session Laws cannot be annexed by Greensboro or by any other municipality. Chapter 818 also annexed into Greensboro certain property west of the City's corporate limits.

BILL ANALYSIS: House Bill 626 authorizes the City of Greensboro and the Piedmont Triad International Airport Authority Administration to enter into agreements to amend the description of the area that cannot be annexed into any municipality. The purpose of the bill is to meet the changing needs of the City and the Airport Administration.

*Giles Perry, Counsel to House Local Government II, contributed to this summary.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

S 2

SENATE BILL 244
Finance Committee Substitute Adopted 3/25/03

Short Title: Recognize Retired Nurses/Fees. (Public)

Sponsors:

Referred to:

February 27, 2003

A BILL TO BE ENTITLED

AN ACT AUTHORIZING THE NORTH CAROLINA BOARD OF NURSING TO RECOGNIZE RETIRED NURSES BY SPECIAL LICENSURE STATUS AND TO ESTABLISH A FEE FOR THIS STATUS.

The General Assembly of North Carolina enacts:

SECTION 1. Article 9A of Chapter 90 of the General Statutes is amended by adding a new section to read:

"**§ 90-171.36A. Retired nurse status; reinstatement.**

(a) After a registered nurse or a licensed practical nurse has retired, upon payment of the one-time fee required by G.S. 90-171.27(b), the Board may issue a special license to a registered nurse or licensed practical nurse in recognition of the nurse's retired status.

(b) If a retired registered nurse or licensed practical nurse wishes to return to the practice of nursing, the retired nurse shall apply for reinstatement on a form provided by the Board and satisfy any requirements the Board deems necessary to reinstate the license."

SECTION 2. G.S. 90-171.27(b) reads as rewritten:

"(b) The schedule of fees shall not exceed the following rates:

Application for examination leading to certificate and license as registered nurse	$75.00
Application for certificate and license as registered nurse by endorsement	150.00
Application for each re-examination leading to certificate and license as registered nurse	75.00
Renewal of license to practice as registered nurse(two-year period)	100.00
Reinstatement of lapsed license to practice as a registered nurse and renewal fee	180.00
Application for examination leading to certificate and license as licensed practical nurse by examination	75.00

Application for certificate and license as licensed practical nurse by endorsement 150.00
Application for each re-examination leading to certificate and license as licensed practical nurse 75.00
Renewal of license to practice as a licensed practical nurse (two-year period) 100.00
Reinstatement of lapsed license to practice as a licensed practical nurse and renewal fee 180.00
Application fee for retired registered nurse status or retired licensed practical nurse status 50.00
Reinstatement of retired registered nurse to practice as a registered nurse or a retired licensed practical nurse to practice as a licensed practical nurse (two-year period) 100.00
Reasonable charge for duplication services and materials.

A fee for an item listed in this schedule shall not increase from one year to the next by more than twenty percent (20%)."

SECTION 3. The Board shall initially charge a twenty-five dollar ($25.00) application fee for retired registered nurse status or retired licensed practical nurse status. Nothing in this section shall prohibit the Board from amending the fee pursuant to Chapter 150B of the General Statutes.

SECTION 4. This act is effective when it becomes law.

SENATE BILL 244:
Recognize Retired Nurses/Fees

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Weinstein
Date:	April 9, 2003	**Summary by:**	Trina Griffin
Version:	2nd Edition		Committee Counsel

SUMMARY: Senate Bill 244 does the following:

- ***Establishes a one-time fee of up to $50.00 for the issuance of a special license to recognize a retired registered nurse (RN) or a retired licensed practical nurse (LPN).***
- ***Establishes procedures for the reinstatement of a retired RN or LPN to active practice.***
- ***Clarifies that the Board may charge a reinstatement fee to a retired RN or LPN returning to active practice.***

CURRENT LAW: Currently, no category exists for the recognition of a retired RN or LPN. Upon retirement, the RN or LPN can: (1) become inactive and be considered unlicensed; (2) pay a renewal fee every two years of up to $100 to maintain an active license; or (3) pay a fee of up to $180 to reinstate a lapsed license and resume practice.

BILL ANALYSIS:

Retired Nurse Status.

SB 244 establishes the retired RN and LPN category. The purpose for the retired status is two-fold. First, it will allow RNs and LPNs at the end of their careers to obtain title recognition. According to the NC Board of Nursing (Board), some retired RNs and LPNs continue to pay the renewal fee merely to maintain their title. Second, the category would help the Board maintain a more accurate count of nurses who are retired as opposed to inactive or who have let their licenses lapse.

Fee: The Board may charge a one-time fee of up to $50.00 for the retired status. However, the Board has indicated they initially intend to levy a fee of only $25.00.

Reinstatement of RNs and LPNs to Active Licensure.

If a retired RN or LPN wishes to return to the practice of nursing, the nurse must apply for reinstatement to the Board and satisfy any requirements prescribed by the Board for reinstatement.

Procedures for Reinstatement: According to the Board, the following requirements would apply to retired RNs and LPNs wishing to return to active practice:

- Reinstatement 5 Years or Less from Date of Retirement: If the reinstatement occurs five years or less from the date of retired status, the only requirement would be completing the reinstatement application and payment of the reinstatement fee.
- Reinstatement More Than 5 Years from Date of Retirement: If the reinstatement to practice occurs more than five years from the date of retired status, in addition to completing the application and paying the fee, he/she would also be required to take a refresher course before the license would become active.

Fee: The bill authorizes the Board to charge a reinstatement fee to retired RNs and LPNs returning to active status. The fee may not exceed $100 for a 2-year period. Currently, the Board plans to charge $72.00 for a 2-year period, the same as it charges for regular renewals.

Amy Compeau, Research Assistant, Research Division & Staff to the Senate Health Committee, contributed substantially to this summary.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: SB 244 (2nd Edition)

SHORT TITLE: Recognize Retired Nurses/Fees

SPONSOR(S): Senator Weinstein

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES					
General Fund			* No General Fund Impact *		
Board of Nursing	139,188		*See Assumptions and Methodology *		

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Board of Nursing.

EFFECTIVE DATE: When it becomes law.

BILL SUMMARY: The bill authorizes the North Carolina Board of Nursing to issue a special license to a retired registered nurse or licensed practical nurse. The charge for the license is a one-time fee of $50.00. It also authorizes the Board to levy a fee of up to $100 for a retired nurse to return to active practice.

ASSUMPTIONS AND METHODOLOGY: According to the annual report of the North Carolina Board of Nursing, as of December 31, 2001, there were 69,370 licensed registered nurses and 15,140 licensed practical nurses, for a total of 79,100 licensed nurses employed in nursing in North Carolina. Of the licensed nurses, approximately 5,500 are over 65 years of age. Their records also indicate that there were 33,618 registered nurses who were inactive in calendar 2001, and 10,652 licensed practical nurses who were inactive in the same period, for a total of 44,270 inactive nurses. It is unclear to Fiscal Research how many of the inactive nurses are retired, although it is reasonable to assume that at least 25% of the total are retired. It is also unclear to Fiscal Research how many nurses retire each year.

The Board of Nursing indicates that while the legislation authorizes a fee of $50, it intends to only levy a fee of $25. The fiscal note assumes the Board uses a fee of $25 for the first year and $50 in the out years. Using 25% of the inactive nurse number as a proxy for first time applications for a retired nurse registration suggests first year revenue associated with the bill of $276,688 from those nurses. Assuming 50% of the 65-year-old and older nurses apply for the new license, revenue from that source in the first year would amount to an additional $68,750, creating a first year revenue estimate of $345,438. If the loss of license renewals for the retiring

nurses was considered, the net gain to the Board in the first year would be approximately $139,188. If 5% of active nurses retire each year and request a retired nurse license, the annual revenue stream associated with the license would be approximately $197,750 ($50 x 3,955). However, because there would also be an associated loss of traditional license fees ($100 for a two-year license), the net revenue stream would be limited to a loss in the out years, if those same individuals would have continued paying for their full license.

According to the Board, the costs to the Board associated with the bill should be limited to approximately $1,500 in software and database costs, as well as approximately $5 each for the creation of the certificates themselves.

As of December 31, 2001, the NC Board of Nursing carried a $1,849,222 fund balance, which was an increase of $323,428 over the previous year. The 2001 fund balance is equal to approximately 44% of its annual expenditures.

In addition, the bill allows the Board to levy a fee of up to $100 to reinstate the license to practice of a nurse who previously carried a retired nurse license. According to Board staff, while the bill authorizes a fee of up to $100 for the two-year period, they will actually charge $72, as this aligns with other similar fees charged by the Board. Because we currently have no retired nurse program, it is impossible to estimate the number of nursed who would move from a retired nurse program back into practice. Thus, there is no fiscal estimate on this portion of the bill. As a practical matter, however, there would be very little no revenue from the reinstatement fee in the first year.

SOURCES OF DATA: NC Board of Nursing, NC Secretary of State.

A BILL TO BE ENTITLED

AN ACT ADDING CERTAIN DESCRIBED PROPERTY TO THE CORPORATE LIMITS OF THE CITY OF ROANOKE RAPIDS.

The General Assembly of North Carolina enacts:

SECTION 1. The following described property is added to the corporate limits of the City of Roanoke Rapids:

Being a tract of land in Weldon Township, Halifax County, North Carolina, and being more particularly described as follows:

BEGINNING at an existing concrete monument found at the intersection of the northern right-of-way line of N.C.S.R. 1734 and the eastern right-of-way line of N.C.S.R. 1710 in the Town of Weldon, North Carolina. Said beginning point having North Carolina Grid (N.A.D. 83) coordinates of N(Y) = 980,762.16 feet and E(X) = 2,405,278.33 feet and being shown on a drawing titled "Plat Showing Property Being Conveyed to Duquesne Energy, Inc. from Rightmeyer Machine Rentals, Inc.", recorded at Plat Cabinet 6, Slide 22-T of the Halifax County Registry: thence from said point of beginning S 08° 14' 55" W - 100.16 feet with and along the eastern right-of-way line of N.C.S.R. 1710 to an existing iron pipe; thence S 89° 42' 48" E 619.18 feet to a point; thence S 11° 20' 22" W - 71.32 feet to a point; thence N 89° 42' 48" W 685.98 feet to a point; thence N 08° 14' 55" E - 99.43 feet to a point; thence S 89° 46' 25" W 20.21 feet to a point; thence N 08° 20' 54" E - 809.73 feet to a point; thence S 81° 32' 15" E 400.22 feet to a point; thence N 08° 26' 37" E - 248.43 feet to a point; thence S 89° 47' 37" E 360.29 feet to a point; thence S 11° 20' 22" W - 71.34 feet to a point; thence N 89° 47' 37" W 285.92 feet to an existing iron pipe, the northeast corner of Halifax County Property as described in Deed Book 1440, Page 467; thence S 08° 26' 37" W - 257.86 feet with and along the eastern line of the property described in Deed Book 1440, Page 467 to an existing iron pipe found; thence N 81° 32' 15" W - 400.10 feet to a new iron rebar set; thence S 08° 20' 5411 W - 658.24 feet with and along the eastern right-of-way line of N.C. S.R. 1710 to an existing iron pipe found; thence N 89° 46' 25" E - 20.07

feet with and along the northern right-of-way line of N.C.S.R. 1734 to the point of beginning containing 173,799 square feet (3,990 acres) plus or minus.

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 597: Roanoke Rapids Deannexation
HOUSE BILL 598: Roanoke Rapids Annexation

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Hall
Date:	April 10, 2003	**Analysis by:**	Martha Walston
Version:	1st Edition		Committee Counsel

SUMMARY: House Bill 597 and 598 are local bills annexing and de-annexing property to the City Limits of Roanoke Rapids in Halifax County. Both bills are effective when they become law.

CURRENT LAW: A city or town may annex property by petition of owners of property to be annexed or if the property meets certain statutory requirements. If the property does not meet the statutory requirements for annexation, the municipality does not have the authority to annex. However, the General Assembly can extend the corporate limits of a municipality to encompass areas that the municipality would not statutorily have the authority to annex. The General Assembly can also de-annex property of a municipality.

BILL ANALYSIS: House Bill 597 removes a strip of land containing 1.555 acres from the corporate limits of the City of Roanoke Rapids. House Bill 598 annexes 3,990 acres to the corporate limits of the City of Roanoke Rapids.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H 1

HOUSE BILL 351

Short Title:	Salisbury Parking Enforcement.	(Local)
Sponsors:	Representative Coates.	
Referred to:	Local Government II.	

March 6, 2003

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE CITY OF SALISBURY TO ADOPT AND ENFORCE ORDINANCES RELATING TO PARKING.

The General Assembly of North Carolina enacts:

SECTION 1. Article 2 of Chapter VII of the Charter of the City of Salisbury, as revised and consolidated by S.L. 1987-205, is amended by adding the following new section:

"Sec. 7.4. Parking Regulations and Violations.

(a) The City Council may provide by ordinance that each hour a vehicle remains illegally parked in an on-street parking space is a separate offense, and the violator may be given a ticket for each offense.

(b) The City Council may provide by ordinance that any vehicle that has been towed for a parking violation is to be held until the towing fee and penalties related to all outstanding parking tickets and parking penalties owed to the City are paid in full, or a bond is posted in the amount of the towing fee and all outstanding parking tickets and parking penalties. Payment of the towing fee and all outstanding parking tickets and parking penalties shall not constitute a waiver of a person's right to contest the towing or the outstanding parking tickets and parking penalties.

(c) The City Council may provide by ordinance for the use of wheel locks on illegally parked vehicles for which there are three or more outstanding, unpaid, and overdue parking tickets for a period of 90 days. The ordinance shall provide for notice or warning to be affixed to the vehicle, immobilization, towing, impoundment, appeal hearing, an immobilization fee not to exceed fifty dollars ($50.00), and charges for towing and storage. The City shall not be responsible for any damage to an immobilized illegally parked vehicle resulting from unauthorized attempts to free or move that vehicle.

(d) Notwithstanding the provisions of Chapter 20 of the General Statutes or any other public or private local laws to the contrary, the City Council may adopt ordinances:

(1) Prohibiting parking or standing of a vehicle in a space designated with a sign for handicapped persons when the vehicle does not display the distinguishing registration plate, windshield placard, or disabled veteran registration plate and that prohibit parking or standing of a vehicle so as to obstruct a curb ramp or curb cut, as provided in G.S. 20-37.6(e).

(2) Prohibiting parking or standing of a vehicle in front of or within a specified distance in either direction of a fire hydrant or the driveway entrance to any fire station, or in any area designated as a fire lane.

(3) Prohibiting parking or standing of a vehicle in front of or within a specified distance from a public or private driveway.

(4) Prohibiting parking or standing of a vehicle within a specified distance from an intersection or crosswalk.

(e) Any ordinance adopted pursuant to this section may be enforced by law enforcement officers and any person or persons authorized by ordinance, by the city manager, or by the chief of police, whether or not the vehicle is parked on public or private property."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 351:
Salisbury Parking Enforcement.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Coates
Date:	April 9, 2003	**Summary by:**	Trina Griffin
Version:	1st Edition		Committee Counsel

SUMMARY: ***House Bill 351 amends the Charter for the City of Salisbury to authorize it to adopt and enforce ordinances related to parking. This bill received a favorable report in House Local Government II.***

CURRENT LAW: The Salisbury Charter allows the City Council to control traffic through the use of traffic-control devices that include parking meters. It does not otherwise address parking ordinances. However, G.S. 160A-301 provides that a city may, by ordinance, regulate parking of vehicles on the public streets. Violation of local ordinances is an infraction and subject to a penalty of not more than fifty dollars ($50).

The following municipalities currently have the authority to use wheel locks on illegally parked vehicles and assess an immobilization fee: Winston-Salem, Greensboro, Chapel Hill, Greenville, Henderson, Asheville, Durham, Raleigh, Lenoir, Wilmington, Charlotte, and Monroe.

BILL ANALYSIS: HB 351 allows the Salisbury City Council to adopt an ordinance that provides for the following:

- Each hour a vehicle remains illegally parked is a separate offense and may be ticketed separately.
- Vehicles towed for parking violations may be held until the towing fee and penalties are paid in full.
- Authorizes the use of wheel locks on illegally parked vehicles for which there are three or more outstanding and unpaid parking tickets for a period of 90 days. The ordinance must provide for an immobilization fee not to exceed $50.00 and charges for towing and storage.
- Authorizes ordinances prohibiting parking in certain designated spaces.
- Allows for enforcement by law enforcement officers and other persons authorized by the ordinance.

The act is effective when it becomes law.

Kory J. Goldsmith, counsel for House Local Government II, substantially contributed to this summary.

HOUSE BILL 89

Short Title:	Forsyth Fire Districts.	(Local)
Sponsors:	Representatives McGee; Holmes, Parmon, Sexton, and Womble.	
Referred to:	Local Government I.	

February 26, 2003

A BILL TO BE ENTITLED

AN ACT TO REPEAL A LOCAL ACT APPLYING TO FORSYTH COUNTY CONCERNING FIRE AND RESCUE DISTRICTS, SO THE GENERAL LAW WILL APPLY.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 147 of the 1981 Session Laws is repealed.

SECTION 2. This act applies to Forsyth County only.

SECTION 3. This act becomes effective April 17, 1981.

HOUSE BILL 89:
Forsyth Fire Districts

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. McGee
Date:	April 10, 2003	**Analysis by:**	Martha Walston
Version:	1st Edition		Committee Counsel*

SUMMARY: House Bill 89 is a local bill that repeals a 1981 local law that authorized the creation of joint fire and rescue protection districts within Forsyth County. The repeal will make the general law applicable. House Bill 89 was given a favorable report in House Local Government I. on March 19. The bill is effective retroactive to April 17, 1981.

CURRENT GENERAL LAW: Article 3A of Chapter 69 authorizes the board of county commissioners to hold an election to levy property taxes on property in a rural fire protection district for fire protection purposes, if 35% of the resident freeholders living in the district sign a petition calling for the election. G.S. 69-25.4, enacted on April 17, 1981, provides that for purposes of fire protection districts, the term "fire protection" and the levy of a tax for that purpose may include the levy, appropriation, and expenditure of funds for furnishing emergency medical, rescue and ambulance services to protect persons within the fire district from injury or death. The tax cannot be more than 15¢ on the $100 valuation of property.

CURRENT LOCAL LAW: Chapter 147 of the 1981 Session Laws, enacted on March 31, 1981, provides that whenever the term "fire protection district" or "fire protection" is used in Chapter 69, the term is deemed to refer to "fire and rescue district" with respect to Forsyth County only.

BILL ANALYSIS: House Bill 89 would repeal the above local law, and make the general law regarding the formation of rural fire and rescue districts applicable in Forsyth County. The County has been applying the general law since 1981 when it was enacted less than a month after the local law. Local acts take precedence over subsequent general acts, unless the subsequent general act repeals the local act.

*Erika Churchill, staff to House Local Government I, contributed to this summary.

HOUSE BILL 142

Short Title:	Sunset Beach Erosion Control.	(Local)
Sponsors:	Representative Hill.	
Referred to:	Local Government I.	

February 27, 2003

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE TOWN OF SUNSET BEACH TO EXERCISE THE POWER OF EMINENT DOMAIN FOR PURPOSES OF ENGAGING IN BEACH EROSION CONTROL AND FLOOD AND HURRICANE PROTECTION WORKS AND PUBLIC BEACH ACCESS.

The General Assembly of North Carolina enacts:

SECTION 1. Section 3 of S.L. 2001-36, as amended by S.L. 2001-478, reads as rewritten:

"**SECTION 3.** This act applies only to Carolina Beach, Carteret County, Dare County, and the Towns of Atlantic Beach, Emerald Isle, Holden Beach, Indian Beach, Kill Devil Hills, Kitty Hawk, Kure Beach, Nags Head, North Topsail Beach, Pine Knoll Shores, Sunset Beach, Surf City, Topsail Beach, and Wrightsville Beach."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 142:
Sunset Beach Erosion Control

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Hill
Date:	April 10, 2003	**Summary by:**	Trina Griffin
Version:	1st Edition		Committee Counsel

SUMMARY: House Bill 142 authorizes the Town of Sunset Beach to exercise the power of "quick-take" condemnation to acquire property for beach erosion control, flood and hurricane protection works, and public beach access.

CURRENT LAW:

General Condemnation Procedures: Under general condemnation procedures, title to the property and the right of possession vests in the city or county seeking condemnation only after one of the following occur: (1) the property owners do not contest the taking but only request a determination of just compensation; (2) the owners do not respond within 120 days of service of the condemnation action; or (3) the deposit made by the locality is disbursed by the court in accordance with G.S. 40A-44.

"Quick-Take" Procedures: Under current law, cities and counties may use the power of "quick-take" condemnation for purposes set out in G.S. 40A-3 and 40A-42, which include:

- Opening or improving roads, streets, and sidewalks.
- Establishing or improving storm sewer and drainage systems and works, or sewer and septic tank lines and systems.
- Establishing drainage programs

In addition, cities may use quick-take procedures for electricity, water supply and distribution, wastewater treatment and disposal, gas, solid waste collection and disposal, and cable television; counties may use quick-take for water, wastewater treatment and disposal, and solid waste collection and disposal.

Under quick-take condemnation procedures, title to the property and the right to immediate possession vests upon the filing of the complaint and the making of a deposit in an amount estimated by the condemnor to be just compensation for the taking, unless an action for injunctive relief has been initiated.

The following 16 localities have the additional authority to use quick-take condemnation for purposes of engaging in beach erosion control and flood and hurricane protection works and public beach access:

Carolina Beach, Carteret County, Dare County, and the Towns of Atlantic Beach, Emerald Isle, Holden Beach, Indian Beach, Kill Devil Hills, Kitty Hawk, Kure Beach, Nags Head, North Topsail Beach, Pine Knoll Shores, Surf City, Topsail Beach, and Wrightsville Beach.

BILL ANALYSIS: House Bill 142 authorizes the Town of Sunset Beach to use quick-take condemnation procedures for the following purposes:

- Engaging in or participating with other governmental entities in acquiring, construction, reconstructing, extending, or otherwise building or improving beach erosion control or flood and hurricane protection works, including, but not limited to, the acquisition of any property that may be required as a source for beach renourishment.
- Establishing access for the public to public trust beaches and appurtenant parking areas.

House Bill 142 would be effective when it becomes law.

Minutes

~

April 15, 2003 ~ 8:30 am

The House Committee on Finance met on Tuesday, April 15, 2003 at 8:30am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Miner, and Wainwright; Vice-Chairs Alexander, Decker, Gibson, and Hill; and Representatives Blackwood, Bordsen, Carney, Creech, Glazier, Holliman, Jones, Lewis, McCombs, McGee, Munford, Rayfield, Ross, Setzer, Weiss, Wilson, and Womble. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Aaron Woodlief. Staff persons present included Richard Bostic, Trina Griffin, Linda Millsaps, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman G. Allen called the meeting to order at 8:40 am and recognized the three Pages present: Hannah Wright of Cabarrus County, sponsored by Representative L. Johnson; Donovan Ragsdale of Wake County, sponsored by Representative Capps; and Ross Martin of Guilford County, sponsored by Representative Jeffers.

Chairman Allen made several announcements prior to considering the bills on the agenda. First, the Chair announced that the Finance Committee would meet again at 2pm for debate on the proposed bill HB 254 – REDUCE YOUTH SMOKING: RAISE TOBACCO TAXES and a third time immediately following the full House session later in the afternoon for consideration of HB 593 – FAMILY TAX CUT/PROTECT AAA RATING. Finally, the Chairman announced the removal of HB 650 – DURHAM ANNEXATIONS from the day's agenda to be re-calendared at the request of one of the bill's sponsors, Representative Luebke.

The Chair also announced the referral of HB 1034 – M.A.D.D. SPECIAL REGISTRATION PLATE and HB 1160 – STOCK CAR RACING THEME SPECIAL PLATES to the Finance Subcommittee on Tax and Tags. The Chair then reminded the members of the Subcommittee on Tax and Tags that they would meet later in the day at 10:00 am in Room 425 of the Legislative Office Building.

Chairman Allen then recognized Representative Stam to explain HB 517 – HOLLY SPRINGS CHARTER REVISION (see attachment 3). This bill acts to consolidate the charter of the Town of Holly Springs and amends the Charter to include a provision allowing the Town to enact a tree ordinance. Immediately following this explanation, the Chair recognized Representative Weiss who made a motion for a favorable report. Having no discussion, the Chair called the vote and the motion passed with no known opposition.

Chairman Allen then recognized Representative Stiller, the bill sponsor, to explain HB 542 – OAK ISLAND/CASWELL/OCEAN ISLE CONDEMNATIONS (see attachment 4). This bill is proposed to authorize the Towns of Oak Island, Caswell Beach, and Ocean Isle Beach to exercise the power of "quick-take" condemnation to acquire property for beach erosion control, flood and hurricane protection works, and public beach access. Noting that he had already offered a similar bill for his area of representation, Representative Hill moved for a favorable report. The motion

carried without dissent.

The Chairman next recognized Rep. Blackwood to explain HB 731 – STALLINGS SATELLITE ANNEXATION (see attachment 5). Representative Blackwood explained that the bill is controversial, since the Town of Indian Trail has objected to the proposed satellite annexations of the bill. Upon hearing Mr. Blackwood's explanation, Representative Howard stated that it seemed that he had attempted to make a fair compromise on the bill and subsequently moved for a favorable report. However, prior to the consideration of this motion, the Chairman recognized members for questions concerning the opposition of the Town of Indian Trail to the proposed annexations. Representative Womble asked to hear from anyone at the meeting in opposition to this bill; however no one from Indian Trail was present at the meeting to voice opposition. Following this, Representative Jones reasserted the earlier motion for a favorable report, stating that the bill seemed to meet legitimate conditions for annexation.

Representative Blackwood then reiterated his hope that the communities of Indian Trail and Stallings could work out an agreement amongst themselves, as, even when passed, this bill remains a voluntary annexation. Representative Decker offered an amendment to the bill to add a sunset until 2006, as the current edition does not have a stated date of expiration. This amendment would act to provide that the ability to annex for these two communities would expire under law in 2006 if they were to remain unable to reach an appropriate compromise.

Representatives Rayfield and Alexander asked Representative Blackwood if he would consider withdrawing his current bill and return once again to these communities to attempt to sort things out and make a compromising arrangement. Representative Blackwood stated that, unfortunately, at the present time he did not believe there was any other resolution. Representative Womble was then recognized by the Chair to address the Committee and stated his belief that the Committee should not be involved on such a controversial local issue, where there is such wide opposition. He also stated his belief that Representative Blackwood should withdraw his bill and return to the community for further interaction with these communities.

At that time, Representative Blackwood, upon consulting with Chairman Allen, acted to withdraw his bill and to return to the local community for additional attempts at compromise.

Chairman Allen then reminded members of the Subcommittee on Tax and Tags that it would meet at 10 am that day in room 425 of the Legislative Office Building. The Chair also reminded the Committee once again that it would meet again that day at 2:00 pm to debate the Cigarette Tax and for a third time following the full House session at approximately 4:30 pm.

Having no further business at that time, Chairman Allen adjourned the meeting at 9:05 am.

Respectfully submitted,

Representative Gordon Allen
Presiding Chair

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H 2

HOUSE BILL 517
Committee Substitute Favorable 4/7/03

Short Title: Holly Springs Charter Revision. (Local)

Sponsors:

Referred to:

March 17, 2003

A BILL TO BE ENTITLED

AN ACT TO REVISE AND CONSOLIDATE THE CHARTER OF THE TOWN OF HOLLY SPRINGS.

The General Assembly of North Carolina enacts:

SECTION 1. The Charter of the Town of Holly Springs is revised and consolidated to read as follows:

"CHARTER OF THE TOWN OF HOLLY SPRINGS.

"ARTICLE I. INCORPORATION, CORPORATE POWERS, AND BOUNDARIES.

"Section 1.1. **Incorporation.** The Town of Holly Springs and the inhabitants thereof shall continue to be a municipal body politic and corporate under the name of the 'Town of Holly Springs', hereinafter at times referred to as the 'Town'.

"Section 1.2. **Powers.** The Town shall have and may exercise all of the powers, duties, rights, privileges, and immunities conferred upon the Town of Holly Springs specifically by this Charter or upon municipal corporations by general law. The term 'general law' is employed herein as defined in G.S. 160A-1.

"Section 1.3. **Corporate Limits.** The corporate limits shall be those existing at the time of ratification of this Charter, as set forth on the official map of the Town and as they may be altered from time to time in accordance with law. An official map of the Town, showing the current municipal boundaries, shall be maintained permanently in the office of the Town Clerk and shall be available for public inspection. Upon alteration of the corporate limits pursuant to law, the appropriate changes to the official map shall be made and copies shall be filed in the office of the Secretary of State, the Wake County Register of Deeds, and the appropriate board of elections.

"ARTICLE II. GOVERNING BODY.

"Section 2.1. **Town Governing Body.** The Board of Commissioners, hereinafter referred to as the 'Board', and the Mayor shall be the governing body of the Town.

"Section 2.2. **Board of Commissioners; Composition; Terms of Office.** The Board shall be composed of five members, to be elected by all the qualified voters of the

Town, for staggered terms of four years and until their successors are elected and qualified.

"Section 2.3. **Mayor; Term of Office; Duties.** The Mayor shall be elected by all the qualified voters of the Town for a term of four years and until a successor is elected and qualified. The Mayor shall be the official head of the Town government and shall preside at meetings of the Board. The Mayor shall have the right to vote only when there is an equal division on any question or matter before the Board and shall exercise the powers and duties conferred by law or as directed by the Board.

"Section 2.4. **Mayor Pro Tempore.** In accordance with general law, the Board shall elect one of its members to act as Mayor Pro Tempore to perform the duties of the Mayor during his or her absence or disability.

"Section 2.5. **Meetings.** In accordance with general law, the Board shall establish a suitable time and place for its regular meetings. Special and emergency meetings may be held as provided by general law.

"Section 2.6. **Quorum; Voting.** Official actions of the Board and all votes shall be taken in accordance with the applicable provisions of general law, particularly G.S. 160A-75. The quorum provisions of G.S. 160A-74 shall apply.

"Section 2.7. **Compensation; Qualifications for Office; Vacancies.** The compensation and qualifications of the Mayor and Commissioners shall be in accordance with general law.

"ARTICLE III. ELECTIONS.

"Section 3.1. **Regular Municipal Elections.** Regular municipal elections shall be held in each odd-numbered year in accordance with the uniform municipal election laws of North Carolina. Elections shall be conducted on a nonpartisan basis and the results determined by a plurality as provided in G.S. 163-292.

"Section 3.2. **Election of Mayor.** At the regular municipal election in 2005, and quadrennially thereafter, a Mayor shall be elected to serve a term of four years.

"Section 3.3. **Election of Commissioners.** At the regular municipal election in 2003, and quadrennially thereafter, two Commissioners shall be elected to four-year terms. At the regular municipal election in 2005, and quadrennially thereafter, three Commissioners shall be elected to four-year terms.

"Section 3.4. **Special Elections and Referenda.** Special elections and referenda may be held only as provided by general law or applicable local acts of the General Assembly.

"ARTICLE IV. ORGANIZATION AND ADMINISTRATION.

"Section 4.1. **Form of Government.** The Town shall operate under the council-manager form of government as provided in Part 2 of Article 7 of Chapter 160A of the General Statutes.

"Section 4.2. **Town Attorney.** The Board shall appoint a Town Attorney licensed to practice law in North Carolina. It shall be the duty of the Town Attorney to represent the Town, advise Town officials, and perform other duties required by law or as the Board may direct.

"Section 4.3. **Town Clerk.** The Board shall appoint a Town Clerk to keep a journal of the proceedings of the Board, to maintain official records and documents, to give

notice of meetings, and to perform such other duties required by law or as the Board may direct.

"Section 4.4. **Tax Collector.** The Board shall appoint a Tax Collector to collect all taxes owed to the Town and perform those duties specified in G.S. 105-350 and such other duties as prescribed by law or assigned by the Board.

"Section 4.5. **Other Administrative Officers and Employees.** The Board may authorize other positions to be filled by appointment and may organize the Town government as deemed appropriate, subject to the requirements of general law.

"ARTICLE V. MISCELLANEOUS POWERS.

"Section 5.1. **Tree Ordinances.**

(a) The Town may adopt ordinances to regulate the removal and preservation of existing trees and shrubs prior to development within a perimeter buffer zone of up to 50 feet along public roadways and property boundaries adjacent to developed properties and up to 25 feet along property boundaries adjacent to undeveloped properties.

(b) Ordinances adopted pursuant to this section shall:

(1) Provide that the required buffer area shall not exceed twenty percent (20%) of the area of the tract, net of public road rights-of-way and any required conservation easements.

(2) Provide that buffer zones that adjoin public roadways shall be measured from the edge of the public road right-of-way.

(3) Provide that tracts of two acres or less, net of public road rights-of-way, that are zoned for single-family residential use are exempt from the requirements of the ordinances.

(4) Provide that the ordinances are limited to situations where undeveloped property is planned or zoned in accordance with adopted municipal plans and zoning regulations.

(5) Provide that a survey of individual trees is not required.

(6) Include reasonable provisions for access onto and within the subject property.

(7) Exclude normal forestry activities on property taxed under the present-use value standard or conducted pursuant to a forestry management plan prepared or approved by a forester registered pursuant to Chapter 89B of the General Statutes. However, for such properties, a municipality may deny a building permit or refuse to approve a site or subdivision plan for a period of three years following completion of the harvest if all or substantially all of the perimeter buffer trees that should have been protected were removed from the tract of land for which the permit or plan approval is sought. A municipality may deny a permit or refuse to approve a site or subdivision plan for a period of two years if the owner replants the buffer area within 120 days of harvest with plant material that is consistent with buffer areas required under the municipality's ordinances.

(c) Before adopting an ordinance under this section, the governing board of the municipality shall hold a public hearing on the proposed ordinance. Notice of the public hearing shall be given in accordance with G.S. 160A-364.

(d) Nothing in this section shall be construed to limit or be limited by any other existing laws or ordinances.

(e) This section applies to the Town and to property located within the Town's corporate limits and extraterritorial planning jurisdiction under Article 19 of Chapter 160A of the General Statutes.

(f) This section becomes effective January 1, 2004."

SECTION 2. The purpose of this act is to revise the Charter of the Town of Holly Springs and to consolidate herein certain acts concerning the property, affairs, and government of the Town.

SECTION 3. The following acts or portions of acts, having served the purposes for which they were enacted, or having been consolidated into this act, are hereby repealed:

Chapter 110, Session Laws of 1951
Chapter 121, Session Laws of 1953
Chapter 495, Session Laws of 1971
Chapter 331, Session Laws of 1985
Chapter 382, Session Laws of 1985
Chapter 941, Session Laws of 1985.

SECTION 4. No provision of this act is intended, nor shall be construed, to affect in any way any rights or interests (whether public or private):

(1) Now vested or accrued, in whole or in part, the validity of which might be sustained or preserved by reference to any provisions of law repealed by this act.

(2) Derived from, or which might be sustained or preserved in reliance upon, action heretofore taken pursuant to or within the scope of any provisions of law repealed by this act.

SECTION 5. No law heretofore repealed expressly or by implication, and no law granting authority which has been exhausted, shall be revived by:

(1) The repeal herein of any act repealing such law, or

(2) Any provision of this act that disclaims an intention to repeal or affect enumerated or designated laws.

SECTION 6. All existing ordinances and resolutions of the Town of Holly Springs and all existing rules or regulations of departments or agencies of the Town of Holly Springs not inconsistent with the provisions of this act shall continue in full force and effect until repealed, modified, or amended.

SECTION 7. No action or proceeding of any nature (whether civil or criminal, judicial or administrative, or otherwise) pending at the effective date of this act by or against the Town of Holly Springs or any of its departments or agencies shall be abated or otherwise affected by the adoption of this act.

SECTION 8. If any part of this act or the application thereof to any person or circumstance is held to be invalid, such invalidity shall not affect other provisions or

applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

SECTION 9. Whenever a reference is made in this act to a particular provision of the General Statutes and such provision is later amended, repealed, or superceded, the reference shall be deemed amended to refer to the amended General Statute or to the General Statute that most nearly corresponds to the statutory provision amended, repealed, or superceded.

SECTION 10. This act is effective when it becomes law.

HOUSE BILL 517:
Holly Springs Charter Revision

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Stam
Date:	April 15, 2003	**Analysis by:**	Martha Walston
Version:	2nd Edition		Committee Counsel*

SUMMARY: House bill 517 consolidates the charter of the Town of Holly Springs and amends the Charter to include a provision allowing the Town to enact a tree ordinance. The current bill was given a favorable report in House Local Government I.

CURRENT LAW: The charter of the Town of Holly Springs was last revised and consolidated in 1951. Since then, several amendments have been enacted in separate pieces of local legislation.

BILL ANALYSIS: The 2nd Edition of House bill 517 brings together the pieces of the charter into one document and amends the charter to include a provision allowing the Town to enact tree ordinances. HB 517 grants the Town the authority to adopt ordinances regulating the cutting of trees and shrubs prior to development within a perimeter buffer zone. The buffer zone may be up to 50 feet along public roadways and property boundaries adjacent to developed property and up to 25 feet along property boundaries adjacent to undeveloped property. The ordinances must also provide that:

1. The buffer area will not exceed 20% of the area of the tract, net of public road rights-of-way and any required conservation easements.
2. The buffer zones adjoining public roadways shall be measured from the edge of the public road right-of-way.
3. Tracts that are 2 acres or less and zoned for single-family residential use are exempt from the buffer requirements.
4. Ordinances are limited to situations where undeveloped property is planned or zoned in accordance with adopted municipal plans and zoning regulations.
5. Surveys of individual trees are not required.
6. There will be reasonable provisions for access to and within the property.
7. Normal forestry activities on property that is taxed at use value or is managed under a forestry management plan prepared or approved by a registered forester will be excluded. The Town may deny a building permit or refuse a subdivision plan for 3 years after the completion of the harvest of the perimeter trees that would have otherwise been protected. This period may be shortened to 2 years if the owner replants the buffer area within 120 days with appropriate plant material.

BACKGROUND: Other municipalities with similar authority to regulate clear cutting of trees are: Durham, Cary, Garner, Knightdale, Fuquay-Varina, Morrisville, and Spencer (S.L. 2001-191)

*Erika Churchill, staff to House Local Government I, contributed to this summary.

2003 COMMITTEE REPORT
HOUSE OF REPRESENTATIVES

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H 1

HOUSE BILL 542

Short Title: Oak Island/Caswell/Ocean Isle Condemnations. (Local)

Sponsors: Representative Stiller.

Referred to: Local Government I.

March 18, 2003

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE TOWNS OF CASWELL BEACH, OAK ISLAND, AND OCEAN ISLE BEACH TO EXERCISE THE POWER OF EMINENT DOMAIN FOR THE PURPOSES OF ENGAGING IN BEACH EROSION CONTROL, FLOOD AND HURRICANE PROTECTION WORKS, AND PUBLIC BEACH ACCESS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 40A-3(b1) reads as rewritten:

"(b1) Local Public Condemnors [Modified Provision for Certain Localities]. – For the public use or benefit, the governing body of each municipality or county shall possess the power of eminent domain and may acquire by purchase, gift or condemnation any property or interest therein, either inside or outside its boundaries, for the following purposes.

(1) Opening, widening, extending, or improving roads, streets, alleys, and sidewalks. The authority contained in this subsection is in addition to the authority to acquire rights-of-way for streets, sidewalks and highways under Article 9 of Chapter 136. The provisions of this subdivision (1) shall not apply to counties.

(2) Establishing, extending, enlarging, or improving any of the public enterprises listed in G.S. 160A-311 for cities, or G.S. 153A-274 for counties.

(3) Establishing, enlarging, or improving parks, playgrounds, and other recreational facilities.

(4) Establishing, extending, enlarging, or improving storm sewer and drainage systems and works, or sewer and septic tank lines and systems.

(5) Establishing, enlarging, or improving hospital facilities, cemeteries, or library facilities.

(6) Constructing, enlarging, or improving city halls, fire stations, office buildings, courthouse jails and other buildings for use by any department, board, commission or agency.

(7) Establishing drainage programs and programs to prevent obstructions to the natural flow of streams, creeks and natural water channels or improving drainage facilities. The authority contained in this subdivision is in addition to any authority contained in Chapter 156.

(8) Acquiring designated historic properties, designated as such before October 1, 1989, or acquiring a designated landmark designated as such on or after October 1, 1989, for which an application has been made for a certificate of appropriateness for demolition, in pursuance of the purposes of G.S. 160A-399.3, Chapter 160A, Article 19, Part 3B, effective until October 1, 1989, or G.S. 160A-400.14, whichever is appropriate.

(9) Opening, widening, extending, or improving public wharves.

(10) Engaging in or participating with other governmental entities in acquiring, constructing, reconstructing, extending, or otherwise building or improving beach erosion control or flood and hurricane protection works, including, but not limited to, the acquisition of any property that may be required as a source for beach renourishment.

(11) Establishing access for the public to public trust beaches and appurtenant parking areas.

The board of education of any municipality or county or a combined board may exercise the power of eminent domain under this Chapter for purposes authorized by other statutes.

The power of eminent domain shall be exercised by local public condemnors under the procedures of Article 3 of this chapter.

This subsection applies only to Carolina Beach, Carteret County, Dare County, and the Towns of Atlantic Beach, Caswell Beach, Emerald Isle, Holden Beach, Indian Beach, Kill Devil Hills, Kitty Hawk, Kure Beach, Nags Head, North Topsail Beach, Oak Island, Ocean Isle Beach, Pine Knoll Shores, Surf City, Topsail Beach, and Wrightsville Beach."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 542:
Oak Island/Caswell/Ocean Isle Condemnations.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Stiller
Date:	April 15, 2003	**Summary by:**	Trina Griffin
Version:	1st Edition		Committee Counsel

SUMMARY: House Bill 542 authorizes the Towns of Oak Island, Caswell Beach, and Ocean Isle Beach to exercise the power of "quick-take" condemnation to acquire property for beach erosion control, flood and hurricane protection works, and public beach access.

CURRENT LAW:

General Condemnation Procedures: Under general condemnation procedures, title to the property and the right of possession vests in the city or county seeking condemnation only after one of the following occur: (1) the property owners do not contest the taking but only request a determination of just compensation; (2) the owners do not respond within 120 days of service of the condemnation action; or (3) the deposit made by the locality is disbursed by the court in accordance with G.S. 40A-44.

"Quick-Take" Procedures: Under current law, cities and counties may use the power of "quick-take" condemnation for purposes set out in G.S. 40A-3 and 40A-42, which include:

- Opening or improving roads, streets, and sidewalks.
- Establishing or improving storm sewer and drainage systems and works, or sewer and septic tank lines and systems.
- Establishing drainage programs

In addition, cities may use quick-take procedures for electricity, water supply and distribution, wastewater treatment and disposal, gas, solid waste collection and disposal, and cable television; counties may use quick-take for water, wastewater treatment and disposal, and solid waste collection and disposal.

Under quick-take condemnation procedures, title to the property and the right to immediate possession vests upon the filing of the complaint and the making of a deposit in an amount estimated by the condemnor to be just compensation for the taking, unless an action for injunctive relief has been initiated.

The following 16 localities have the additional authority to use quick-take condemnation for purposes of engaging in beach erosion control and flood and hurricane protection works and public beach access:

Carolina Beach, Carteret County, Dare County, and the Towns of Atlantic Beach, Emerald Isle, Holden Beach, Indian Beach, Kill Devil Hills, Kitty Hawk, Kure Beach, Nags Head, North Topsail Beach, Pine Knoll Shores, Surf City, Topsail Beach, and Wrightsville Beach.

BILL ANALYSIS: House Bill 542 authorizes the Towns of Caswell Beach, Oak Island, and Ocean Isle Beach to use quick-take condemnation procedures for the following purposes:

- Engaging in or participating with other governmental entities in acquiring, construction, reconstructing, extending, or otherwise building or improving beach erosion control or flood and hurricane protection works, including, but not limited to, the acquisition of any property that may be required as a source for beach renourishment.
- Establishing access for the public to public trust beaches and appurtenant parking areas.

House Bill 542 would be effective when it becomes law.

SESSION 2003

H 1

HOUSE BILL 731

Short Title:	Stallings Satellite Annexation.	(Local)
Sponsors:	Representative Blackwood.	
Referred to:	Finance.	

March 27, 2003

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE TOWN OF STALLINGS TO MAKE VOLUNTARY SATELLITE ANNEXATION OF CERTAIN PROPERTY WITH THE CONSENT OF THE TOWN OF INDIAN TRAIL.

The General Assembly of North Carolina enacts:

SECTION 1. Notwithstanding G.S. 160A-58.1(b)(2), the Town of Stallings may annex any of the following property in Union County with the approval of an ordinance or resolution by the governing board of the Town of Indian Trail. The remaining provisions of Part 4 of Article 4A of Chapter 160A of the General Statutes shall apply to such annexation.

Union County Tax Parcel identification numbers:

07-147-139

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 731:
Stallings Satellite Annexation

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Blackwood
Date:	April 15, 2003	**Summary by:**	Trina Griffin
Version:	1st Edition		Committee Counsel

SUMMARY: ***House Bill 731 allows the Town of Stallings to make voluntary satellite annexation of certain property with the consent of the Town of Indian Trail. The act is effective when it becomes law.***

CURRENT LAW: G.S. 160A-58.1 governs the voluntary annexation by a municipality of noncontiguous property. All property owners in the satellite area[1] may petition for voluntary annexation of the noncontiguous property if the property meets the following five standards in G.S. 160A-58.1(b):

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.

If the property does not meet the statutory requirements for annexation, the municipality does not have the authority to annex the area. However, the General Assembly can extend the corporate limits of a municipality to encompass areas that the municipality would not statutorily have the authority to annex.

BILL ANALYSIS: House Bill 731 authorizes the Town of Stallings to make voluntary satellite annexation of certain property with the consent of the Town of Indian Trail and without having to meet the requirement in G.S. 160A-58.1(b)(2).

[1] G.S. 160A-58.4 provides that satellite corporate limits cannot be considered a part of a municipality's corporate limits for purposes of its ETJ. Therefore, satellite annexations have no effect upon a municipality's ETJ.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

HOUSE BILL 650

Short Title:	Durham Annexations.	(Local)
Sponsors:	Representatives Crawford, Luebke, Michaux, and Miller (Primary Sponsors).	
Referred to:	Finance.	

March 25, 2003

A BILL TO BE ENTITLED

AN ACT AMENDING THE CHARTER OF THE CITY OF DURHAM TO ALLOW THE CITY TO ANNEX STREETS THAT ARE CONTIGUOUS ON BOTH SIDES OF PROPERTY LOCATED WITHIN THE CITY LIMITS.

The General Assembly of North Carolina enacts:

SECTION 1. The Charter of the City of Durham, being Chapter 671 of the 1975 Session Laws, as amended, is amended by adding a new section to read:

"Sec. 2.7. Annexation of Streets. – In addition to the authority to annex streets under this Charter and general law, the City may annex the portions of public or private streets that are directly contiguous on two opposing sides of property that is within the City limits. When the City proposes to annex a street under this section and the annexation is of the street alone, the City shall adopt a resolution describing the street area and setting a date for a public hearing. Notice shall be given and the public hearing shall be held as provided in Parts 1 and 4 of Article 4A of Chapter 160A of the General Statutes. Upon compliance with the provisions of this section, the City Council may adopt an ordinance annexing the described area and no other requirements shall apply. The time for appealing the annexation shall be as provided in Section 2.6 of this Charter."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 650:
Durham Annexations

BILL ANALYSIS

Committee: House Finance
Date: April 15, 2003
Version: 1st Edition

Sponsor: Rep. Crawford, Luebke, Michaux, and Miller
Analysis by: Martha Walston
Committee Counsel

SUMMARY: House Bill 650 is a local bill that amends the charter of the City of Durham to allow the City to annex streets that are contiguous on both sides of property located within the city limits.

BILL ANALYSIS: House Bill 650 amends the Charter of the City of Durham to give the City the authority to annex portions of public or private streets that are directly contiguous on two opposing sides of property that is within the City limits.

If the annexation is for the street alone, the City must adopt a resolution that describes the street area and sets a date for a public hearing, and then gives notice in a newspaper of general circulation at least 10 days prior to the public hearing. The time for appealing the annexation is 30 days after the adoption of the annexation ordinance.

The bill is effective when it becomes law.

House Committee on Finance

Minutes

~

April 15, 2003 ~ 2:00 pm

The House Committee on Finance met on Tuesday, April 15, 2003 at 2:00 pm in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Luebke, McComas, Miner, and Wainwright; Vice-Chairs Alexander, Decker, Gibson, and Hill; Representatives Blackwood, Bordsen, Capps, Carney, Creech, Glazier, Hackney, Holliman, Jones, Lewis, McCombs, McGee, Munford, Rayfield, Ross, Setzer, Starnes, Weiss, C. Wilson, Womble, and Wood; and Ex-Officio Committee Member Representatives Culpepper, Cunningham, and Eddins. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Aaron Woodlief. Staff persons present included Richard Bostic, Trina Griffin, Canaan Huie, Linda Millsaps, and Martha Walston. The Visitor Registration Sheet is attached and incorporated into these minutes as attachment 1.

Chairman G. Allen called the meeting to order at 2:07 pm and recognized the Pages present at the meeting: (1) Justin Kelly of Wake County, sponsored by Representative Eddins; (2) Faith Smith and (3) Joel Smith, both of Wilson County, sponsored by Representative Farmer-Butterfield.

As the only bill on the agenda, Representative Weiss was recognized by the Chairman to explain HB 254 – REDUCE YOUTH SMOKING: RAISE TOBACCO TAXES. This bill is a committee substitute of the original bill. It acts to increase the excise tax on cigarettes from 5 cents a pack to 50 cents a pack, and increases the excise tax on other tobacco products from 2% of the cost price of the products to 18% of the cost price. Overall, explained Representative Weiss, the bill's purpose is to reduce youth smoking by raising the price of tobacco products higher than affordable for teens. The Representative also presented several pieces of information in favor of the bill to Committee members, which are included in these minutes as attachments 3, 4, and 5.

As there were a great deal of visitors present at the meeting, the Chair recognized all those who desired to address the Committee, but limited their time to 90 seconds each as a means to control the time of debate. Representative Daughtridge, although not a member of the Committee, was present to briefly address the Committee as an opponent of the bill, stating from a travel and tourism position, that people traveling through North Carolina stop currently because of their ability to buy cheap cigarettes and, if this cigarette tax increase passes, they will no longer do so.

The following individuals, representing personal causes, as well as a number of community and state organizations, spoke in support of the bill:

- Peg O'Connell, representing the North Carolina Alliance for Health;
- Adam Searing, representing the North Carolina Health Access Coalition and Covenant with North Carolina's Children (see attachment 6);
- the Reverend Mark Creech, representing the Christian Action League of North Carolina;
- Leah Devlin, State Health Director;
- Steve Shore, Executive Director of the North Carolina Pediatric Society;

- Dr. Adam Goldstein, a family physician with UNC;
- Jim Goodman, representing Capital Broadcasting Company;
- Leanne Winner, representing the North Carolina School Boards Association; and
- John Thompson, representing the Cancer Society.

Also present, were individuals speaking in opposition to the bill:

- Mrs. Asulp, a resident of Surry County and an advocate with the Citizens for a Sound Economy, stated that a lot of tobacco was grown in her area of the state and that this tax increase would seriously hurt their economy;
- Don Yelsin, also with the Citizens for a Sound Economy and a resident of Buncombe County, stated that if legislators want to reduce youth smoking, they should outlaw cigarettes entirely, rather than using this cause as a means to generate revenues for the state.
- Leslie Bebback, representing the North Carolina Citizens for Business and Industry, opposed the bill because "no tax should single out any one industry".
- Roger Bone, of the Tobacco Industry, who spoke to the possible economic implications on the state with an increased tobacco tax.

Following the words of these concerned citizens, Chairman Allen recognized a large number of the Committee Members to voice their position on the bill and asks questions:

- Representative Hill stated his view of this bill in two distinct parts: first, to reduce youth smoking; and second, to raise tobacco taxes, just as the title of the bill suggests. He stated his profession as a retailer already prohibited the sale of cigarettes to minors and that the price of tobacco isn't the problem, it's that others are buying cigarettes for these underage teen smokers. Thus, he believes that an increase in the tobacco tax will not solve the problem of youth smoking.
- Representative Lewis stated that he does not favor the tax because it is nothing more than a punitive tax on a legal product.
- Representative Creech spoke passionately to individual's lack of responsibility on this issue. He stated his belief that the government can't do everything for citizens. Rather, people must make good choices and be held accountable if they do not. He does not believe that government can help the problem of underage smoking and smoking-related disease by raising the taxes on tobacco. He also noted that some 14,000 jobs in the state are due to be lost from this proposed increase.
- Representative Wainwright questioned the bill sponsor, Representative Weiss, asking if the state's budget included appropriations from this tax increase to further address the problem of youth smoking. Representative Weiss stated that raising the price of cigarettes alone, would reduce the number of youth smokers.
- Representative Luebke first noted that while Citizens for a Sound Economy are vehemently against this proposed increase, in 1998 their second largest corporate contributor was the Phillip Morris Company (with contributions of $1,070,550). He also questioned Representative Creech as to the 14,000 jobs that are subject to loss because of this bill. Representative Creech responded that cigarettes were already the most highly taxed product in history. On a final note, Representative Luebke noted that a portion of the monies raised by this tax should be invested in new youth smoking education programs.

- Representative Rayfield asked Representative Weiss when the last tobacco tax increase was passed in the General Assembly. Representative Weiss stated that it was in 1991. Representative Rayfield also noted that neither the Committee nor the General Assembly could be expected to legislate morality.
- Representative Glazier was recognized and prefaced his remarks by mentioning his past service as a local school board member. He also noted that he was a co-sponsor of the bill. His main focus, he stated, aside from the tobacco tax, was to reduce teen smoking.
- Representative McComas asked Representative Weiss of the economic impact that the tobacco settlements have had on the state. Representative Weiss was unaware of the total impact.
- Chairman Allen recognized Representative Holliman who asked a question to RJR Spokesman Gene Ainsworth as to the current number of people RJR currently employs in Davidson County. Mr. Ainsworth stated that RJR employed 585 people in Davidson County at that time. Representative Holliman then stated his concern that an increase in the tax on tobacco might cause even more jobs to be lost in Davidson County, where the unemployment rate is already at 8 percent.
- Representative Jones was recognized for a question to Representative Weiss. He asked her why an increase on tobacco taxes was being proposed now when he had heard no mention of them and there had been no increase since 1991. Representative Jones also stated his feeling that this bill is nothing more than a mechanism for the state to bring in new revenues in these tight economic times.
- Representative Decker was recognized next by the Chair. He commented that the taxes on alcohol had not been raised since 1969 and that he did not favor any increase in cigarette taxes. He also made a motion for the vote on the bill to be made by roll call.

However, prior to Chairman Allen calling the vote on the bill, Representative Weiss, the bill sponsor, acted to withdraw the bill from the Committee, halting any further consideration at that time.

As a final announcement, the Chair reminded the members that the Committee would reconvene once again immediately following the full session for consideration of HB 593 – FAMILY TAX CUT/PROTECT AAA RATING. At 3:50 pm, the Chair adjourned the meeting so that the members could attend the full House session.

Respectfully submitted,

Representative Gordon Allen
Presiding Chair

Jason A. Cannon
Assistant to Committee on Finance

Representative Weiss stated that raising the price of cigarettes alone, would reduce the number of youth smokers.
- Representative Luebke first noted that while Citizens for a Sound Economy are vehemently against this proposed increase, in 1998 their second largest corporate contributor was the Phillip Morris Company (with contributions of $1,070,550). He also questioned Representative Creech as to the 14,000 jobs that are subject to loss because of this bill. Representative Creech responded that cigarettes were already the most highly taxed product in history. On a final note, Representative Luebke noted that a portion of the monies raised by this tax should be invested in new youth smoking education programs.

- Representative Rayfield asked Representative Weiss when the last tobacco tax increase was passed in the General Assembly. Representative Weiss stated that it was in 1991. Representative Rayfield also noted that neither the Committee nor the General Assembly could be expected to legislate morality.
- Representative Glazier was recognized and prefaced his remarks by mentioning his past service as a local school board member. He also noted that he was a co-sponsor of the bill. His main focus, he stated, aside from the tobacco tax, was to reduce teen smoking.
- Representative McComas asked Representative Weiss of the economic impact that the tobacco settlements have had on the state. Representative Weiss was unaware of the total impact.
- Chairman Allen recognized Representative Holliman who asked a question to RJR Spokesman Gene Ainsworth as to the current number of people RJR currently employs in Davidson County. Mr. Ainsworth stated that RJR employed 585 people in Davidson County at that time. Representative Holliman then stated his concern that an increase in the tax on tobacco might cause even more jobs to be lost in Davidson County, where the unemployment rate is already at 8 percent.
- Representative Jones was recognized for a question to Representative Weiss. He asked her why an increase on tobacco taxes was being proposed now when he had heard no mention of them and there had been no increase since 1991. Representative Jones also stated his feeling that this bill is nothing more than a mechanism for the state to bring in new revenues in these tight economic times.
- Representative Decker was recognized next by the Chair. He commented that the taxes on alcohol had not been raised since 1969 and that he did not favor any increase in cigarette taxes. He also made a motion for the vote on the bill to be made by roll call.

However, prior to Chairman Allen calling the vote on the bill, Representative Weiss, the bill sponsor, acted to withdraw the bill from the Committee, halting any further consideration at that time.

As a final announcement, the Chair reminded the members that the Committee would reconvene once again immediately following the full session for consideration of HB 593 – FAMILY TAX CUT/PROTECT AAA RATING. At 3:50 pm, the Chair adjourned the meeting so that the members could attend the full House session.

Respectfully submitted,

Representative Gordon Allen
Presiding Chair

Jason A. Cannon
Assistant to Committee on Finance

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2003

H D

HOUSE BILL 254
PROPOSED COMMITTEE SUBSTITUTE H254-PCS80263-LYx-2

Short Title: Reduce Youth Smoking: Raise Tobacco Taxes. (Public)

Sponsors:

Referred to:

March 6, 2003

A BILL TO BE ENTITLED

AN ACT TO RAISE THE EXCISE TAXES ON CIGARETTES AND OTHER TOBACCO PRODUCTS TO REDUCE AND PREVENT YOUTH SMOKING IN NORTH CAROLINA AND THEREBY PROTECT THE HEALTH AND SAVE THE LIVES OF NORTH CAROLINA'S CHILDREN.

Whereas, North Carolina's excise tax on cigarettes is currently 5¢ a pack, the third lowest in the nation, and

Whereas, the use of tobacco products is the leading cause of preventable death and disability in North Carolina, and

Whereas, the use of tobacco products costs the State $4,750,000,000 in medical costs and lost productivity annually, and

Whereas, 24,600 North Carolina children become new daily smokers each year, a rate of 67 new daily child smokers everyday, and

Whereas, the best way to prevent and reduce tobacco use by children is to substantially increase the cost of cigarettes, and

Whereas, such a tax increase would result in a 16.1% decrease in youth smoking rates, prevent 105,750 North Carolina children from starting to smoke, and save 33,750 North Carolina children from premature smoking-related deaths; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-113.5 reads as rewritten:

"**§ 105-113.5. Tax on cigarettes.**

A tax is levied on the sale or possession for sale in this State, by a distributor, of all cigarettes at the rate of ~~two and one-half mills~~two and one-fourth cents (2 1/4¢) per individual cigarette.

This tax does not apply to any of the following:

(1) Sample cigarettes distributed without charge in packages containing five or fewer cigarettes.

(2) Cigarettes in a package of cigarettes given without charge by the manufacturer of the cigarettes to an employee of the manufacturer who works in a factory where cigarettes are made, if the cigarettes are not taxed by the federal government."

SECTION 2. G.S. 105-113.35(a) reads as rewritten:

"(a) Tax. – An excise tax is levied on tobacco products other than cigarettes at the rate of ~~two percent (2%)~~eighteen percent (18%) of the cost price of the products. This tax does not apply to the following:

(1) A tobacco product sold outside the State.

(2) A tobacco product sold to the federal government.

(3) A sample tobacco product distributed without charge."

SECTION 3. This act becomes effective July 1, 2003.

HOUSE BILL 254:
Reduce Youth Smoking: Raise Tobacco Taxes

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Weiss
Date:	April 15, 2003	**Analysis by:**	Martha Walston and Y. Canaan Huie, Committee Counsel
Version:	PCS to 1st Edition		

SUMMARY: ***The proposed committee substitute for House Bill 254 increases the excise tax on cigarettes from 5 cents a pack to 45 cents a pack, and increases the excise tax on other tobacco products from 2% of the cost price of the products to 18% of the cost price. The bill would become effective July 1, 2003.***

CURRENT LAW: G.S. 105-113.5 levies a tax on the sale or possession of cigarettes in the State at the rate of 5 cents per pack of 20 cigarettes. The tax does not apply to the free distribution of sample cigarettes in packs of five or less or to any packs of cigarettes donated free by a manufacturer to its employees who work in the factory if the cigarettes are not taxed by the federal government.

G.S. 105-113.35(a) levies an excise tax on tobacco products other than cigarettes at the rate of 2% of the cost price of the products. The tax does not apply to a tobacco product sold outside the State, a tobacco product sold to the federal government, or a sample product distributed without charge. A tobacco product is any product that contains tobacco and is intended for inhalation or oral use.

BILL ANALYSIS: House Bill 254 increases the excise tax on cigarettes from 5 cents a pack to 45 cents a pack and increases the tax on other tobacco products from 2% of cost price to 18% of cost price. Historically, North Carolina has had one of the lowest excise taxes on cigarettes and other tobacco products. Currently only two states, Kentucky (3¢ per pack) and Virginia (2.5¢ per pack), [1] have a lower excise tax on cigarettes than does North Carolina. Nationwide, state excise tax rates on cigarettes will average 67.3¢ per pack as of July 1, 2003.[2] Tax rates on other tobacco products are more difficult to compare across states because some states impose a tax based on cost whereas other states impose a tax based on quantity. Of the states that impose a tax based on cost, like North Carolina, only seven have a lower excise tax rate for other tobacco products (District of Columbia, Kentucky, Pennsylvania, and Virginia)[3] or for a subset of the other tobacco products (Florida,[4] Georgia,[5] and New Hampshire[6]).

[1] It should be noted, however, that Virginia allows some localities to place an additional tax on cigarettes. This tax currently is as high as 45¢ a pack in certain localities.
[2] This includes cigarette tax increases that have been enacted and that will become effective between now and July 1, 2003.
[3] None of these states impose an excise tax on any other tobacco products.
[4] Florida has no excise tax on cigars, but has a 25% excise tax on other tobacco products.
[5] Georgia has an excise tax on cigars of 2¢ per 10 cigars or 13% of wholesale price, but no excise tax on other tobacco products.
[6] New Hampshire has no excise tax on cigars, but has a 19.7% excise tax on other tobacco products.

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

TOTAL	**273.0**	**262.7**	**253.4**	**243.9**	**234.9**

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Department of Revenue.

EFFECTIVE DATE: July 1, 2003.

BILL SUMMARY: The bill increases the tax on cigarettes from $0.05 per pack (20 cigarettes) to $0.45 per pack, and other tobacco products from the current rate of 2% to 18%.

ASSUMPTIONS AND METHODOLOGY: In FY 1999-00 and FY 2000-01 the state received the following revenues from the sale of cigarettes and other tobacco products:

	($ million)	
	1999-00	2000-01
Cigarette	40.5	38.5
Other Tobacco Products	3.2	3.5

For fiscal year 2002-03, North Carolina has actually seen an increase in cigarette tax revenue. However, because almost all of this increase occurred in two months directly after a number of other states dramatically increased their cigarette tax, this trend is not expected to continue without additional, large-scale cigarette tax increases in other states.

According to a March 2002 report from the Council of State Governments, cigarette consumption is expected to decline nationally by approximately 1.5% a year. (This estimate is based on the four-year average since the adoption of the Master Settlement Agreement in 1998.) However, historically North Carolina has seen a much more dramatic decline. Therefore, independent of any change in price, Fiscal Research estimates that cigarette tax revenues will decrease by approximately 4% annually, creating the following baseline revenue stream:

	2003-04	2004-05	2005-06	2006-07
Total Cigarette Revenue	37.0	35.5	34.1	32.7
Revenue Per Penny	7.4	7.1	6.8	6.5

While these numbers are a good indication of revenues from existing taxes and even small increases in the tax on cigarettes, academic research suggests that larger price increases could result in smaller per penny gains. According to a 1998 report from the National Bureau of Economic Research, "a ten-percent increase in cigarette prices would reduce overall cigarette consumption by three to five percent". A similar study offered in 1998 by Blake Brown at North Carolina State University suggests that a 10% increase in the price of cigarettes will result in a decline in consumption of 2% - 7.5%. However, because nonresidents often stop in North Carolina to purchase cigarettes or purchase cigarettes from the state through other means, Fiscal Research believes our state's overall consumption will be more sensitive than average to changes in price. Therefore, the higher end estimate of 7.5% is used to determine the impact of each 10% increase in price. An additional adjustment is added to larger increases to remain conservative in our estimating process. In addition, under current law, cigarette distributors get to retain 4% to defray the cost of administering the tax. The 2001 Tax Burden on Tobacco publications indicates that the average cigarette price in North Carolina is $3.12.

Based on the above assumptions, the potential revenue stream from a $0.40 increase in the tax on a pack of cigarettes is estimated as the following:

	2003-04	2004-05	2005-06	2006-07	2007-08
40 Cent Increase*					
Cigarette Tax Revenue	246.3	236.4	227.0	217.9	209.2
Sales Tax Revenue	9.9	9.5	9.1	8.7	8.4
Total New General Fund Revenues	256.1	245.9	236.1	226.6	217.6

The bill also increases the tax on all other tobacco products (OTP) from the current rate of 2% to 18%. Under the current system, OTP revenue is estimated as the following:

	1999-00	2000-01	2001-02	2002-03	2003-04	2004-05
Other Tobacco Products	3.2	3.5	3.7	3.8	3.9	3.9

Once adjustments are made for declines in demand due to increased prices, the following revenue stream is expected from the increase in the Other Tobacco Products tax:

2003-04	2004-05	2005-06	2005-06	2006-07
16.8	16.8	17.3	17.3	17.3

Protect Children – Raise Revenues

Increasing NC's Cigarette Tax by $.75 Will Generate ~$400 million.
The majority of NC voters support an increase in NC's cigarette tax.

North Carolina Smoking Information (04/04/03)

Tobacco is addictive and deadly and accounts for more than 11,500 deaths in North Carolina per year. Raising the price is the most effective way to protect children from starting to smoke.

Health -

- 38.3% of NC high school students currently use tobacco products, exceeding the national average of 34%.[1]
- 18.4% of NC's children in grades 6-8 use tobacco products, exceeding the national average of 15.1%.
- 26% of NC adults are smokers.[2]
- The average age of initiation of the use of tobacco products is between 12-14 years old.[3]
- 14% of pregnant women in NC are smokers.[4]
- Tobacco use is highest among lower-income and lower-education populations;[5] and often translates to higher prevalence, morbidity, and tobacco-attributable mortality among ethnic minorities.
- An increase by $.75 in the cigarette tax will result in a decrease by 16% in youth smoking and a 17.5% decrease in smoking rates among NC pregnant women.

Expenditures -

- The use of tobacco products costs NC $4.75 billion in medical and lost productivity costs.[6]
- In 1998, about 13% of all Medicaid expenditures in NC were spent on smoking-related illnesses and diseases.[7] For SFY 2002 NC State expenditures for Medicaid services were $1.9 billion and NC county expenditures were $355 million.[8]

Revenue -

- An increase of $.75 in NC's cigarette tax will generate ~$400 million in new revenues.[9]
- NC's cigarette tax is $.05 and has not increased since 1991. It is the third lowest in the nation. The average state cigarette tax is $.67.[10] The state's low tax makes it vulnerable to cross border sales. In a Charlotte trial, people were convicted of selling cheap NC cigarettes out-of-state and using the profits as a fundraiser for the Hezbollah.[11]
- Other southern tobacco-producing states are working with NC to increase all cigarette taxes together. West Virginia passed a tax increase on 03.06.03 to $.55.

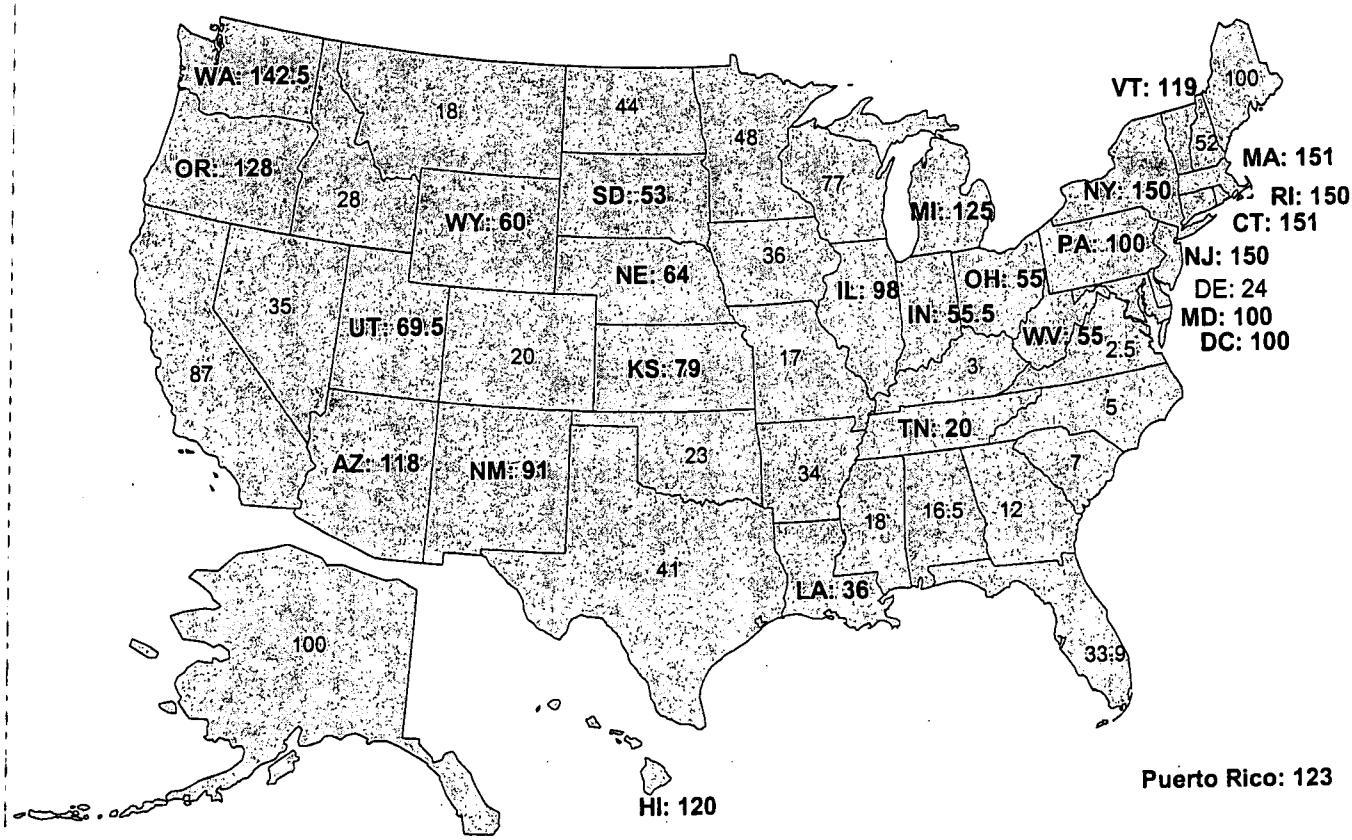
MAP OF STATE CIGARETTE TAX RATES - 2003

Average State Cigarette Tax Per Pack: 67.3 cents

Average Tobacco State Tax: 8.25 cents

Other States' Average: 75.2 cents



Map shows state cigarette tax rates in effect now or already scheduled to be enacted in 2003. States with new tax increases implemented or passed since 1/1/2002 marked in bold. Additional increases scheduled to go into effect in 2004 and beyond in HI and RI. Major tobacco states = NC, KY, VA, SC, TN, GA. State averages do not include Puerto Rico (which has a population larger than those in 20 different states). Including Puerto Rico increases the overall state average to 68.4 cents per pack, and increases the non-tobacco-state average to 76.2 cents. Federal cigarette tax rate is 39 cents per pack. Some local governments also tax cigarettes. For example, New York city increased its local cigarette tax from 8 cents to $1.50 per pack in 2002, and more than 35 cities, towns, and counties in VA have taxes ranging from two to 50 cents per pack. The U.S. Centers for Disease Control & Prevention estimates that smoking-caused health costs in the United States total $7.18 per pack sold.

Representative Jennifer Weiss
Room 2221 Legislative Building
Raleigh, N.C. 27601-1096

Dear Representative Weiss:

I am writing in response to your request to provide a summary and references for the scientific evidence regarding the public health impact of raising the unit price for tobacco products by 50 cents per pack through a product excise tax increase.

The Scientific Evidence. The Task Force on Community Preventive Services' recommends increasing the unit price for tobacco products in order to reduce the number of people who start using tobacco on the basis of strong evidence of effectiveness[1]. This review of the scientific evidence demonstrates that increasing the price of tobacco products is effective both in 1) reducing tobacco use prevalence and consumption among both adolescents and young adults and 2) increasing tobacco use cessation [1]. This Task Force is an independent nonfederal group of scientists that systematically reviewed the price elasticity data and its relationship to initiation, consumption and cessation of tobacco use.

Numerous recent studies indicate that a 10% increase in product price results in an overall 3-5% decrease in cigarette consumption and a 7% decrease in youth smoking.[2] A recent study by the University of Illinois at Chicago (April 2001) found that a 10% increase in the price of cigarettes would decrease the probability of an adolescent starting smoking between 3 and 10 percent depending on the type of initiation, including initiation of any smoking (including experimentation), initiation of daily smoking, and initiation of smoking at lease one half-pack per day. Price was found to have the largest impact on stemming the initiation of daily smoking among youths.[3] A study published in the American Journal of Public Health shows that a 10% increase in price would reduce smoking rates among pregnant women by 7%[4].

The Health Toll of Tobacco in NC. Tobacco use continues to be the leading preventable cause of mortality in NC resulting in more than 14,000 deaths annually.[5] Although 50.4% of adults have never smoked a cigarette, current smoking prevalence continues to hover around a quarter (25.7%) of the population or an estimated 2.1 million North Carolinians.[6] Currently 35.8% of high school and 17.4% of middle school students use tobacco products; 27.8% of high school and 11.3% of middle school students smoke cigarettes. The current prevalence rate is expected to lead to the deaths of 210,000 current youth if the trend prevails.[7]

The Economic Toll of Tobacco Use. Tobacco use in NC costs the state $1.9 billion in direct medical expenditures alone, or more than $255 per person. In 1998, about 13% ($600,000,000 or $513.30 per recipient) of all Medicaid expenditures were spent on smoking-related illnesses. Lost productivity costs are estimated to be greater than $2.8 billion or $370 per person. When combined, direct medical and productivity losses cost NC $4.8 billion annually.[8]

The Benefits of a 50-cent Tobacco Tax Increase. A 50-cent per cigarette pack increase in NC would result in:

- Fewer state packs of cigarettes sold each year: 232.3 million[9]
- Percent decrease in youth smoking: 11.7%[9]
- Increase in total number of kids alive today who will not become smokers: 76,800[9]
- Number of current adult smokers in the state who would quit: 49,900[9]
- Number of current adult smokers saved from smoking-caused death: 10,900[9]
- Number of kids alive today saved from premature smoking-caused death: 24,500[9]
- 5-Year healthcare savings from fewer smoking-affected pregnancies & births: $11.6 million[9]
- 5-year healthcare savings from fewer smoking-caused heart attacks & strokes: $17.0 million[9]
- Long-term healthcare savings in state from adult & youth smoking declines: $1,333.3million.[9]

Thank you for your interest in the health of North Carolinians. Please let me know if I can be of further assistance.

Sincerely,

Leah Devlin, DDS, MPH

Testimony on the Cigarette Tax
Adam Searing, JD, MPH

Representing:
NC Health Access Coalition
Covenant with North Carolina's Children

I am glad that we are finally talking about the need to raise revenue to save services.

Many of you know about the painful cuts in the current House budget to children, pregnant women, infants, working families. Experts tell me that a realistic view of the budget situation includes the possibility of hundreds of millions of less revenue than we are counting on today.

We believe any budget that doesn't harm the health of our most vulnerable children and families must raise substantial revenue and that a cigarette tax must be a part of that effort. WHY?

First and foremost, a substantial cigarette tax will stop significant numbers of children from taking up smoking. This is simply a fact. The boon to the health of our next generation is huge.

Second, in these tough budgetary times the cigarette tax will raise some revenue. We support raising this tax to the median even though it is clearly regressive for the following reasons:

1. NC currently has one of the lowest cigarette taxes in the country. It can be said we are subsidizing smoking by keeping taxes so low. Raising the tax to the national median brings us in line with other states.

2. The huge health benefits to our children who do not start smoking and from other smokers who reduce their smoking outweigh the regressive nature of the tax.

3. Raising this tax as part of a package of revenue raising changes – such as a 4% income tax surcharge that would cost the average taxpayer making $35,000 about $39 – can spread the burden of raising needed revenue.

Caution. A cigarette tax is part of the solution and not the only solution to our budget dilemma. A higher cigarette tax will mean less demand for cigarettes and, as smoking rates decline, less tax revenue every year. In contrast, health program costs grow with inflation and our growing population.

Raise the cigarette tax for the substantial health benefits for all of our children. Raise it to find some needed revenue. But raise it as part of a package that will remove the need for hundreds of millions of dollars in cuts in health programs to our most vulnerable people.

House Committee on Finance

Minutes

~

April 15, 2003 ~ 4:30 pm

The House Committee on Finance met on Tuesday, April 15, 2003 at 4:30 pm in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Luebke, McComas, and Miner; Vice-Chairs Alexander, Decker, Gibson, and Hill; Representatives Blackwood, Bordsen, Capps, Carney, Creech, Glazier, Hackney, Holliman, Jones, Lewis, McCombs, McGee, Munford, Rayfield, Ross, Starnes, Weiss, C. Wilson, Womble, and Wood; and Ex-Officio Committee Member Representatives Brubaker and Cunningham. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Aaron Woodlief. Staff persons present included Richard Bostic, David Crotts, Trina Griffin, Martha Harris, Lisa Holloway, Canaan Huie, Linda Millsaps, Susan Morgan, and Martha Walston. The Visitor Registration Sheet is attached and incorporated into these minutes as attachment 1.

Chairman G. Allen called the meeting to order at 5:00 pm and immediately recognized Representative Miner to explain HB 593 – FAMILY TAX CUT/PROTECT AAA RATING. Representative Miner first noted that because of the excellent and expedient work of the House Appropriations Committee, this committee was now able to consider a revenue bill for the state's budget far earlier than usual. He then made a motion that the Proposed Committee Substitute for HB 593 be approved by the Committee for consideration. The motion was seconded by Representative Weiss and carried without known opposition. Representative Miner explained this bill simply as one that generates the revenues needed by the state but at the same time provides tax relief to working families.

Representative Creech quickly asked Representative Miner as to what spending cuts, exactly, were being made in this bill. Representative Miner explained that the bill produces the needed $384 million in cuts overall, and that staff could provide details of these cuts. Staff person Linda Millsaps then provided a description of these cuts using the fiscal note for HB 593 (see attachment 2). However, even after this description, Representative Creech once again asked for the exact figures that are being proposed.

Representative Decker was recognized by the Chair and asked staff to explain the fee for licensure of Daycare Facilities, which is a new fee. Lisa Holloway, fiscal staff member, was present to explain that many other states already have this fee for license. Peggy Ball from the Division of Child Development was also present to answer Representative Decker's follow-up question of how many daycares there are presently in the state that are under state regulation but do not accept state licensure. Representative Decker then proposed an amendment to HB 593 to exempt from this fee those daycares that will not accept a state license due to religious reasons. Staffperson Canaan Huie, however, stated that the fee was per issuance of the license and would not be levied if these daycares were not in receipt of a license.

Rep. Holliman was recognized next and asked Representative Miner about the "Hold Harmless" agreement expiring in 10 years. Specifically, he wondered how the time period of 10 years had been reached. Representative Miner responded that, to his knowledge, there was no

specific reason for this chosen time period.

Chairman Allen recognized from the audience Paula Wolf with the Covenant for North Carolina's Children to make a statement. She spoke in opposition to the bill stating that it cuts over $800 million in programs for children, pregnant and single mothers, and other vulnerable citizens.

Following this, Representative Capps was recognized by the Chair and asked if all of the "Facilities Fees" mentioned on Page 6 of the bill were new fees. Staffperson Susan Morgan was present to respond and answered "yes". Representative Capps also inquired on the abortion information detailed on Page 5 of the bill. Staffperson Martha Walston responded that this section explains only when and who can legally perform an abortion in the state.

The Chair also recognized Perri Morgan of the National Federation of Independent Businesses of North Carolina (NFIBNC) from the audience to speak on the bill. She stated that the proposed increase on the higher income bracket would not only hurt higher income earners but also small businesses. She was clear that the NFIBNC opposed the bill.

Representative Womble was recognized to ask Paula Wolf about what other alternatives there are to funding if some of the Health and Human Services in the state are not cut. She responded only that other cuts, those not effecting children, mothers, etc. should be made to balance the state's budget.

Representative Blackwood asked why this bill is taxing Nursing Homes when so many are already closing due to bankruptcy. Representative Miner stated that this tax was necessary in order for this budget plan to balance.

Chairman Allen recognized Representative Decker to address Amendment #1 (on the Daycare Facilities Licenses) (see attachment 5). Representative Decker explained that the amendment simply clarifies what facilities are not responsible for the fee. Following this description, he made a motion for adoption of the amendment and the motion carried by consent.

Representative Creech addressed the Committee and spoke passionately that matters as complex as the budget require more time than a single debate. He voiced his belief that the people of North Carolina are being done a disservice by rushing such an important matter through committee and onto the House floor. He also stated that the Finance Committee should have the advantage of hearing from the Appropriations Committee on the fee analysis prior to voting on the budget bill.

Representative Ellis was recognized next by the Chairman to explain Amendment #2 (see attachment 6). This amendment would increase the fee for an abortion license from the proposed $700 to $4,562, the full cost to the State. It also deleted the section of the fees associated with the Emergency Medical Services (EMS) in the state. Upon his explanation of the amendment, Representative Ellis moved its adoption.

Representative Ross was recognized to speak against the amendment. She stated that the amendment's proposed fee increases for abortions are excessive and that the $700 fee is what the Appropriations Committee approved. Representative Alexander seconded Representative Ross' comments. Representative Weiss also spoke in opposition to the amendment due to the fact that the fee had already been determined as an acceptable rate. Representative Starnes, however, voiced

his support of the amendment, as did Representative Capps. The Chair again recognized Representative Ellis who reiterated his motion for adoption, stating that if the fee for abortion is higher, hopefully fewer of the procedures will be performed. Representative Weiss then moved for a roll call vote on the amendment and Chairman Allen instructed the Clerk to call the vote. The amendment failed by a vote of 16 (yes) to 19 (no) (see attachment 7).

Upon failure of this amendment, the Chair recognized the bill sponsor, Representative Miner, who made the motion for a favorable report to HB 593 (unfavorable as to original bill, but favorable to committee substitute bill – see attachment 9). Representative Creech called for a roll call vote and Representative Miner concurred with that call. Chairman Allen then instructed the Clerk to call the vote.

Having 22 votes in the affirmative and 13 votes in the negative (see attachment 8), the bill passed and will be reported by the Clerk to the House floor with a favorable report.

Seeing no further business before the Committee, Chairman Allen adjourned the meeting at 7:05 pm.

Respectfully submitted,

Representative Gordon Allen
Presiding Chair

Jason A. Cannon
Assistant to Committee on Finance

PART 2. INSURANCE REGULATORY CHARGE
PART 3. DEPARTMENT OF HEALTH AND HUMAN SERVICES FEES
PART 4. DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES FEES
PART 5. DEPARTMENT OF TRANSPORTATION FEES
PART 6. ADJUST LOCAL GOVERNMENT HOLD HARMLESS
PART 7. TEMPORARILY MAINTAIN STATE SALES TAX RATE
PART 8. TEMPORARILY MAINTAIN UPPER INCOME TAX RATE
PART 9. REPAIR AND RENOVATION
PART 10. GENERAL PROVISIONS

PART 1. REGULATORY FEE FOR UTILITIES COMMISSION

SECTION 1.1.(a) The percentage rate to be used in calculating the public utility regulatory fee under G.S. 62-302(b)(2) is twelve hundredths of a percent (0.12%) for each public utility's North Carolina jurisdictional revenues earned during each quarter that begins on or after July 1, 2003.

SECTION 1.1.(b) The electric membership corporation regulatory fee imposed under G.S. 62-302(b1) for the 2003-2004 fiscal year is two hundred thousand dollars ($200,000).

SECTION 1.1.(c) This section becomes effective July 1, 2003.

PART 2. INSURANCE REGULATORY CHARGE

SECTION 2.1.(a) The percentage rate to be used in calculating the insurance regulatory charge under G.S. 58-6-25 is six and five-tenths percent (6.5%) for the 2003 calendar year.

SECTION 2.1.(b) This section is effective when it becomes law.

PART 3. DEPARTMENT OF HEALTH AND HUMAN SERVICES FEES

SECTION 3.1.(a) G.S. 131D-2(b)(1) reads as rewritten:

"(b) Licensure; inspections. –

(1) The Department of Health and Human Services shall inspect and license, under rules adopted by the Medical Care Commission, all adult care homes for persons who are aged or mentally or physically disabled except those exempt in subsection (c) of this section. Licenses issued under the authority of this section shall be valid for one year from the date of issuance unless revoked earlier by the Secretary for failure to comply with any part of this section or any rules adopted hereunder. Licenses shall be renewed annually upon filing and the Department's approval of the renewal application. The Department shall charge each adult care home with six or fewer beds a nonrefundable annual license fee in the amount of two hundred fifty dollars ($250.00). The Department shall charge each adult care home with more than six beds a nonrefundable annual license fee in the amount of three hundred fifty dollars ($350.00) plus a nonrefundable annual per-bed fee of twelve dollars and fifty cents ($12.50). A license shall not be renewed if outstanding ~~fines~~ fees, fines, and penalties imposed by the State against the home have not been paid. Fines and penalties for which an appeal is pending are exempt from consideration. The renewal application shall contain all necessary and reasonable information that the Department may by rule require. Except as otherwise provided in this subdivision, the Department may amend a license by reducing it from a full license to a provisional license for a period of not more than 90 days whenever the Department finds that:

a. The licensee has substantially failed to comply with the provisions of Articles 1 and 3 of Chapter 131D of the General Statutes and the rules adopted pursuant to these Articles;

b. There is a reasonable probability that the licensee can remedy the licensure deficiencies within a reasonable length of time; and

c. There is a reasonable probability that the licensee will be able thereafter to remain in compliance with the licensure rules for the foreseeable future.

The Department may extend a provisional license for not more than one additional 90-day period upon finding that the licensee has made substantial progress toward remedying the licensure deficiencies that caused the license to be reduced to provisional status.

The Department may revoke a license whenever:

a. The Department finds that:

1. The licensee has substantially failed to comply with the provisions of Articles 1 and 3 of Chapter 131D of the General Statutes and the rules adopted pursuant to these Articles; and

2. It is not reasonably probable that the licensee can remedy the licensure deficiencies within a reasonable length of time; or

b. The Department finds that:

1. The licensee has substantially failed to comply with the provisions of Articles 1 and 3 of Chapter 131D of the General Statutes and the rules adopted pursuant to these Articles; and

2. Although the licensee may be able to remedy the deficiencies within a reasonable time, it is not reasonably probable that the licensee will be able to remain in compliance with licensure rules for the foreseeable future; or

c. The Department finds that the licensee has failed to comply with the provisions of Articles 1 and 3 of Chapter 131D of the General Statutes and the rules adopted pursuant to these Articles, and the failure to comply endangered the health, safety, or welfare of the patients in the facility.

The Department may also issue a provisional license to a facility, pursuant to rules adopted by the Medical Care Commission, for substantial failure to comply with the provisions of this section or rules adopted pursuant to this section. Any facility wishing to contest the issuance of a provisional license shall be entitled to an administrative hearing as provided in the Administrative Procedure Act, Chapter 150B of the General Statutes. A petition for a contested case shall be filed within 30 days after the Department mails written notice of the issuance of the provisional license."

SECTION 3.1.(b) This section becomes effective October 1, 2003.

SECTION 3.2.(a) G.S. 131E-77(d) reads as rewritten:

"(d) Upon receipt of an application for a license, the Department shall issue a license if it finds that the applicant complies with the provisions of this Article and the rules of the Commission. The Department shall renew each license in accordance with the rules of the Commission. The Department shall charge the applicant a nonrefundable annual base license fee plus a nonrefundable annual per-bed fee as follows:

Facility Type	Number of Beds	Base Fee	Per-Bed Fee
General Acute Hospitals:	1-49 beds	$250.00	$12.50
	50-99 beds	$350.00	$12.50

100-199 beds	$450.00	$12.50
200-399 beds	$550.00	$12.50
400-699 beds	$750.00	$12.50
700+ beds	$950.00	$12.50
Other Hospitals	$500.00	$12.50."

SECTION 3.2.(b) This section becomes effective October 1, 2003.

SECTION 3.3.(a) G.S. 131E-102(b) reads as rewritten:

"(b) Applications shall be available from the Department, and each application filed with the Department shall contain all necessary and reasonable information that the Department may by rule require. A license shall be granted to the applicant upon a determination by the Department that the applicant has complied with the provisions of this Part and the rules promulgated under this Part. The Department shall charge the applicant a nonrefundable annual license fee in the amount of four hundred fifty dollars ($450.00) plus a nonrefundable annual per-bed fee of twelve dollars and fifty cents ($12.50)."

SECTION 3.3.(b) This section becomes effective October 1, 2003.

SECTION 3.4.(a) G.S. 131E-138(c) reads as rewritten:

"(c) An application for a license shall be available from the Department, and each application filed with the Department shall contain all information requested by the Department. A license shall be granted to the applicant upon a determination by the Department that the applicant has complied with the provisions of this Part and the rules promulgated by the Commission under this Part. The Department shall charge the applicant a nonrefundable annual license fee in the amount of three hundred fifty dollars ($350.00)."

SECTION 3.4.(b) This section becomes effective October 1, 2003.

SECTION 3.5.(a) G.S. 131E-147(b) reads as rewritten:

"(b) Applications shall be available from the Department, and each application filed with the Department shall contain all necessary and reasonable information that the Department may by rule require. A license shall be granted to the applicant upon a determination by the Department that the applicant has complied with the provisions of this Part and the rules promulgated by the Commission under this Part. The Department shall charge the applicant a nonrefundable annual base license fee in the amount of seven hundred dollars ($700.00) plus a nonrefundable annual per-operating room fee in the amount of fifty dollars ($50.00)."

SECTION 3.5.(b) This section becomes effective October 1, 2003.

SECTION 3.6.(a) G.S. 131E-167(a) reads as rewritten:

"(a) Applications for certification shall be available from the Department, and each application filed with the Department shall contain all necessary and reasonable information that the Department may by rule require. A certificate shall be granted to the applicant for a period not to exceed ~~two years~~one year upon a determination by the Department that the applicant has substantially complied with the provisions of this Article and the rules promulgated by the Department under this Article. The Department shall charge the applicant a nonrefundable annual certification fee in the amount of two hundred fifty dollars ($250.00)."

SECTION 3.6.(b) This section becomes effective October 1, 2003.

SECTION 3.7.(a) Article 16 of Chapter 131E of the General Statutes is amended by adding the following new section to read:

"**§ 131E-269. Authorization to charge fee for certification of facilities suitable to perform abortions.**

The Department of Health and Human Services shall charge each hospital or clinic certified by the Department as a facility suitable for the performance of abortions, as authorized under G.S. 14-45.1, a nonrefundable annual certification fee in the amount of seven hundred dollars ($700.00)."

SECTION 3.7.(b) This section becomes effective October 1, 2003.

SECTION 3.8.(a) G.S. 122C-23 is amended by adding the following new subsection to read:

"(h) The Department shall charge facilities licensed under this Chapter that have licensed beds a nonrefundable annual base license fee plus a nonrefundable annual per-bed fee as follows:

Type of Facility	Number of Beds	Base Fee	Per-Bed Fee
Facilities (non-ICF-MR):	6 or fewer beds	$250.00	$0
	More than 6 beds	$250.00	$12.50
ICF-MR Only:	6 or fewer beds	$650.00	$0
	More than 6 beds	$650.00	$12.50."

SECTION 3.8.(b) This section becomes effective October 1, 2003.

SECTION 3.9.(a) Part 3 of Article 6 of Chapter 131E of the General Statues is amended by adding the following new section to read:

"**§ 131E-138.1. Licensure fees for nursing beds and adult care home beds in continuing care retirement communities.**

The Department shall charge continuing care retirement communities licensed under Article 64 of Chapter 58 of the General Statutes that have nursing home beds or adult care home beds licensed by the Department a nonrefundable annual base license fee in the amount of four hundred fifty dollars ($450.00) plus a nonrefundable annual per-bed fee in the amount of twelve dollars and fifty cents ($12.50)."

SECTION 3.9.(b) This section becomes effective October 1, 2003.

SECTION 3.10.(a) Article 56 of Chapter 143 of the General Statutes is amended by adding the following new section to read:

"**§ 143-520 Fees.**

The Department of Health and Human Services shall charge a nonrefundable annual fee for emergency medical services provided under this Article, as follows:

Type of Provider	Annual Fee
Credentialing of persons paid for providing EMS Services	$90.00
Licensing of EMS Providers/Vehicle Inspections	$50.00
Licensing of Emergency Dispatch Providers	$185.00."

SECTION 3.10.(b) This section becomes effective October 1, 2003.

SECTION 3.11.(a) Article 16 of Chapter 131E of the General Statutes is amended by adding the following new section to read:

"§ 131E-267. Fees for departmental review of health care facility construction projects.

The Department of Health and Human Services shall charge a fee for the review of each health care facility construction project to ensure that project plans and construction are in compliance with State law. The fee shall be charged on a one-time, per-project basis, as follows, and shall not exceed twenty-five thousand dollars ($25,000) for any single project:

Institutional Project	Project Fee
Hospitals	$300.00 plus $0.20/square foot of project space
Nursing Homes	$250.00 plus $0.15/square foot of project space
Ambulatory Surgical Facility	$200.00 plus $0.15/square foot of project space
Psychiatric Hospital	$200.00 plus $0.15/square foot of project space
Adult Care Home more than 7 beds	$175.00 plus $0.10/square foot of project space

Residential Project	Project Fee
Family Care Homes	$175.00 flat fee
ICF/MR Group Homes	$275.00 flat fee
Group Homes: 1-3 beds	$100.00 flat fee
Group Homes: 4-6 beds	$175.00 flat fee
Group Homes: 7-9 beds	$225.00 flat fee
Other residential:	
More than 9 beds	$225.00 plus $0.075/square foot of facility space."

SECTION 3.11.(b) This section becomes effective October 1, 2003.

SECTION 3.12.(a) G.S. 110-90 reads as rewritten:

"**§ 110-90. Powers and duties of Secretary of Health and Human Services.**

The Secretary shall have the following powers and duties under the policies and rules of the Commission:

(1) To administer the licensing program for child care facilities.

(1a) To establish a fee for the licensing of child care facilities. The amount of the fee may not exceed the amount listed in this subdivision. The fee does not apply to a religious sponsored child care center operated pursuant to a letter of compliance.

Capacity of Facility	Maximum Fee
12 or fewer children	$ 35.00
13-50 children	$125.00
51-100 children	$250.00
101 or more children	$400.00

(2) To obtain and coordinate the necessary services from other State departments and units of local government which are necessary to implement the provisions of this Article.

(3) To employ the administrative personnel and staff as may be necessary to implement this Article where required services, inspections or

reports are not available from existing State agencies and units of local government.

(4) To issue a rated license to any child care facility which meets the standards established by this Article. The rating shall be based on program standards, education levels of staff, and compliance history of the child care facility.

(5) To revoke the license of any child care facility that ceases to meet the standards established by this Article and rules on these standards adopted by the Commission, or that demonstrates a pattern of noncompliance with this Article or the rules, or to deny a license to any applicant that fails to meet the standards or the rules. These revocations and denials shall be done in accordance with the procedures set out in G.S. 150B and this Article and rules adopted by the Commission.

(6) To prosecute or defend on behalf of the State, through the office of the Attorney General, any legal actions arising out of the administration or enforcement of this Article.

(7) To promote and coordinate educational programs and materials for operators of child care facilities which are designed to improve the quality of child care available in the State, using the resources of other State and local agencies and educational institutions where appropriate.

(8) Repealed by Session Laws 1997-506, s. 5.

(9) To levy a civil penalty pursuant to G.S. 110-103.1, or an administrative penalty pursuant to G.S. 110-102.2, or to order summary suspension of a license. These actions shall be done in accordance with the procedures set out in G.S. 150B and this Article and rules adopted by the Commission.

(10) To issue final agency decisions in all G.S. 150B contested cases proceedings filed as a result of actions taken under this Article including, but not limited to the denial, revocation, or suspension of a license or the levying of a civil or administrative penalty.

(11) To issue a license to any child care arrangement that does not meet the definition of child care facility in G.S. 110-86 whenever the operator of the arrangement chooses to comply with the requirements of this Article and the rules adopted by the Commission and voluntarily applies for a child care facility license. The Commission shall adopt rules for the issuance or removal of the licenses."

SECTION 3.12.(b) This section becomes effective October 1, 2003.

SECTION 3.13.(a) G.S. 130A-5 is amended by adding the following new subdivision to read:

"(15) To establish a fee to cover the cost of analyzing clinical Pap smear specimens sent to the State Laboratory by local health departments and

State-owned facilities and for reporting the results of the analysis. This fee shall be in addition to the charge for the Pap smear test kit."

SECTION 3.13.(b) This section becomes effective July 1, 2003.

PART 4. DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES FEES

SECTION 4.1.(a) G.S. 113-34(c) reads as rewritten:

"(c) The Department, with the approval of the Governor and Council of State, may enter into leases of lands and waters for State parks, State lakes and recreational purposes; and the Department may construct, operate, and maintain on the lands and waters suitable public service facilities and conveniences and may charge and collect reasonable fees for each of the following:

(1) The erection, maintenance and use of docks, piers and other structures as may be permitted in or on the waters under its own rules.

(2) Fishing privileges in the waters, provided that the privileges shall be extended only to holders of bona fide North Carolina fishing licenses, and provided further that all State fishing laws and rules are complied with.

(3) Vehicle access to Fort Fisher State Recreation Area."

SECTION 4.1.(b) Notwithstanding G.S. 150B-21.1, the Department of Environment and Natural Resources may adopt temporary rules to establish fees under G.S. 113-34(c)(3), as amended by subsection (a) of this section, within six months after the effective date of this section.

SECTION 4.1.(c) This section becomes effective July 1, 2003.

PART 5. DEPARTMENT OF TRANSPORTATION FEES

SECTION 5.1.(a) G.S. 138-82 reads as rewritten:

"**§ 136-82. Department of Transportation to establish and maintain ferries.**

The Department of Transportation is vested with authority to provide for the establishment and maintenance of ferries connecting the parts of the State highway system, whenever in its discretion the public good may so ~~require, and to prescribe and collect such tolls therefor as may, in the discretion of the Department of Transportation, be expedient.~~ require. The Department of Transportation shall collect tolls on all ferries. The Department may establish various classes of ferry users.

To accomplish the purpose of this section said Department of Transportation is authorized to acquire, own, lease, charter or otherwise control all necessary vessels, boats, terminals or other facilities required for the proper operation of such ferries or to enter into contracts with persons, firms or corporations for the operation thereof and to pay therefor such reasonable sums as may in the opinion of said Department of Transportation represent the fair value of the public service rendered.

The Department of Transportation, notwithstanding any other provision of law, may operate, or contract for the operation of, concessions on the ferries and at ferry facilities to provide to passengers on the ferries food, drink, and other refreshments, personal comfort items, and souvenirs publicizing the ferry system."

SECTION 5.1.(b) This section becomes effective July 1, 2004.

PART 6. ADJUST LOCAL GOVERNMENT HOLD HARMLESS

SECTION 6.1. G.S. 105-521 reads as rewritten:

"**§ 105-521. Transitional local government hold harmless.**

(a) Definitions. – The following definitions apply in this section:

(1) Local government. – A county or municipality that received a distribution of local sales taxes in the most recent fiscal year for which a local sales tax share has been calculated.

(2) Local sales tax share. – A local government's percentage share of the two-cent (2¢) sales taxes distributed during the most recent fiscal year for which data are available.

(3) Repealed reimbursement amount. – The total amount a local government would have been entitled to receive during the 2002-2003 fiscal year under G.S. 105-164.44C, 105-275.1, 105-275.2, 105-277.001, and 105-277.1A, if the Governor had not withheld any distributions under those sections.

(4) Two-cent (2¢) sales taxes. – The first one-cent (1¢) sales and use tax authorized in Article 39 of this Chapter and in Chapter 1096 of the 1967 Session Laws, the first one-half cent (1/2¢) local sales and use tax authorized in Article 40 of this Chapter, and the second one-half cent (1/2¢) local sales and use tax authorized in Article 42 of this Chapter.

(b) Distributions. – On or before ~~September~~ August 15, 2003, and each ~~September~~ August 15 thereafter, the Secretary must multiply each local government's local sales tax share by the estimated amount that all local governments would be expected to receive during the current fiscal year under G.S. 105-520 if every county levied the tax under this Article for the year. If the resulting amount is less than one hundred percent (100%) of the local government's repealed reimbursement amount, the Secretary must pay the local government the difference, but not less than one hundred dollars ($100.00).

On or before May 1, 2003, and each May 1 thereafter, the Office of State Budget and Management and the Fiscal Research Division of the General Assembly must each submit to the Secretary and to the General Assembly a final projection of the estimated amount that all local governments would be expected to receive during the upcoming fiscal year under G.S. 105-520 if every county levied the tax under this Article for the fiscal year. If the Secretary does not use the lower of the two final projections to make the calculation required by this subsection, the Secretary must report the reasons for this decision to the Joint Legislative Commission on Governmental Operations within 60 days after receiving the projections.

(c) Source of Funds. – The Secretary must draw the funds distributed under this section from sales and use tax collections under Article 5 of this Chapter.

(d) Reports. – The Secretary must report to the Revenue Laws Study Committee by January 31, 2004, and each January 31 thereafter, the amount distributed under this section for the current fiscal year."

SECTION 6.2. Effective January 1, 2013, G.S. 105-521 is repealed.

PART 7. TEMPORARILY MAINTAIN STATE SALES TAX RATE

SECTION 7.1. Section 34.13(c) of S.L. 2001-424 reads as rewritten:

"**SECTION 34.13.(c)** This section becomes effective October 16, 2001, and applies to sales made on or after that date. This section is repealed effective for sales made on or after July 1, 2005. ~~2003.~~ This section does not affect the rights or liabilities of the State, a taxpayer, or another person arising under a statute amended or repealed by this section before the effective date of its amendment or repeal; nor does it affect the right to any refund or credit of a tax that accrued under the amended or repealed statute before the effective date of its amendment or repeal."

PART 8. TEMPORARILY MAINTAIN UPPER INCOME TAX RATE

SECTION 8.1. Effective for taxable years beginning on or after January 1, 2006, G.S. 105-134.2(a) reads as rewritten:

"(a) A tax is imposed upon the North Carolina taxable income of every individual. The tax shall be levied, collected, and paid annually and shall be computed at the following percentages of the taxpayer's North Carolina taxable income.

(1) For married individuals who file a joint return under G.S. 105-152 and for surviving spouses, as defined in section 2(a) of the Code:

Over	Up To	Rate
-0-	$21,250	6%
$21,250	$100,000	7%
$100,000	~~$200,000~~NA	7.75%
~~$200,000~~	~~NA~~	~~8.25%~~

(2) For heads of households, as defined in section 2(b) of the Code:

Over	Up To	Rate
-0-	$17,000	6%
$17,000	$80,000	7%
$80,000	~~$160,000~~NA	7.75%
~~$160,000~~	~~NA~~	~~8.25%~~

(3) For unmarried individuals other than surviving spouses and heads of households:

Over	Up To	Rate
-0-	$12,750	6%
$12,750	$60,000	7%
$60,000	~~$120,000~~NA	7.75%
~~$120,000~~	~~NA~~	~~8.25%~~

(4) For married individuals who do not file a joint return under G.S. 105-152:

Over	Up To	Rate
-0-	$10,625	6%
$10,625	$50,000	7%
$50,000	~~$100,000~~NA	7.75%
~~$100,000~~	~~NA~~	~~8.25%~~"

SECTION 8.2. Section 34.18(b) of S.L. 2001-424 reads as rewritten:

"**SECTION 34.18.(b)** This section becomes effective for taxable years beginning on or after January 1, ~~2001, and expires for taxable years beginning on or after January 1, 2004.~~2001. Notwithstanding G.S. 105-163.15, no addition to tax may be made under that statute for a taxable year beginning on or after January 1, 2001, and before January 1, 2002, with respect to an underpayment of individual income tax to the extent the underpayment was created or increased by this section."

PART 9. REPAIR AND RENOVATION

SECTION 9.1. Repair and Renovation. – This section authorizes the issuance or incurrence of special indebtedness in a maximum aggregate principal amount of two hundred million dollars ($200,000,000) to be used only in accordance with this section for the repair and renovation of State facilities and related infrastructure that are supported from the General Fund.

Proceeds of the Repair and Renovation special indebtedness shall be used only for the purposes and in accordance with the procedures provided in G.S. 143-15.3A, the Repairs and Renovations Reserve Account.

Except in the case of an emergency as provided in G.S. 143-15.3A, the Director of the Budget shall use the Repair and Renovations funds only for repairs and renovations that have been approved by an act of the General Assembly or, if the General Assembly is not in session, for repairs and renovations about which the Director of the Budget has first consulted with the Joint Legislative Commission on Governmental Operations under G.S. 143-15.3A(c). The Director of the Budget shall direct the State Treasurer to carry out the financing for repair and renovation projects selected pursuant to this section. Special indebtedness authorized by this section shall be issued or incurred only in accordance with Article 9 of Chapter 142 of the General Statutes, as enacted by this Part.

SECTION 9.2. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Repair and Renovation Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Repair and Renovation Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for repair and renovation of capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities repair and renovations when circumstances and conditions warrant the providing of capital facilities repair and renovations

through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, and other types of reserves required pursuant to the terms of any special indebtedness or related documents, interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company, or other insurance institution, a corporation, investment banking firm, or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State's agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration, created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract, installment purchase contract, or other similar type installment financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(15b) Repair and renovation. – Any project of the type that may be funded from the Repairs and Renovations Reserve Account created in G.S. 143-15.3A.

(16) Special corporation. – Either of the following:

a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.

b. A private corporation or other entity issuing certificates of participation pursuant to this Article.

(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.

(18) State. – The State of North Carolina, including any State agency.

(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.

(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.

(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities, and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency determines that special indebtedness is appropriate to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration concurs, it shall provide written notice to the State Treasurer advising the State Treasurer of this determination.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be

desirable to use special indebtedness to finance the capital facilities, the Department of Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Financing Terms. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness, is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration

after considering any factors it considers relevant in order to determine that the particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Oversight by Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special indebtedness, or to a purchaser of property in connection with a foreclosure or similar conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Documentation. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Documentation. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the

effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the

delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or notes, were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved, if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding, if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the

custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for

the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase

agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 9.3. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery, and similar items; or any combination of the foregoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

SECTION 9.4. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 9.4.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 9.4.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 9.4.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

PART 10. GENERAL PROVISIONS

SECTION 10.1. This act does not affect the rights or liabilities of the State, a taxpayer, or another person arising under a statute amended or repealed by this act before the effective date of its amendment or repeal; nor does it affect the right to any refund or credit of a tax that accrued under the amended or repealed statute before the effective date of its amendment or repeal.

SECTION 10.2. Except as otherwise provided in this act, this act is effective when it becomes law.

HOUSE BILL 397 (3rd Edition):

2003 Budget/Family Tax Cut/AAA Bond Rating

BILL ANALYSIS

Committee: House Floor
Date: April 16, 2003
Version: 3rd Edition

Sponsor:
Analysis by: Finance Team

SUMMARY: This summary covers Parts 32 through 41 of the bill, which are the fee and finance provisions. These Parts contain the following provisions:

- *PART 32 sets the public utility regulatory fee at 0.12% for the 2003 calendar year. This rate generates $12.9 million. The public utility regulatory fee established last year was 0.1%. PART 32 also sets the electric membership corporation regulatory fee at $200,000. The electric membership corporation fee is the same as the rate established last year.*
- *PART 33 sets the insurance regulatory fee at 6.5% for the 2003 calendar year. This rate is the same as the 2002 rate. This rate generates $25 million.*
- *PART 34 authorizes the Department of Health and Human Services to assess the following fees within the Division of Facility Services, Division of Child Development, and the Division of Public Health:*

  Division of Facility Service fees - Annual license or certification fees for adult care homes; hospitals; nursing homes; home care agencies; ambulatory surgical facilities; cardiac rehabilitation certification programs; hospital or clinic certified to perform abortions; facilities for the mentally ill, the developmentally disabled, and substance abusers; and nursing beds and adult care home beds in continuing care retirement facilities.

  Annual fee for credentialing of persons paid for providing EMS services, licensing of EMS providers/vehicle inspections, and licensing of emergency dispatch providers.

  One-time fee for review of each health care facility construction project. The fee may not exceed $25,000 for any single project.

  Division of Child Development fee – This fee is for the licensing of child care facilities, and the amount of the fee is based upon the number of children served by the facility.

  Division of Public Health fee – The fee will cover the cost of analyzing and reporting clinical Pap smear specimens sent to the State Laboratory.
- *PART 35 authorizes the Department of Environment and Natural Resources to charge and collect reasonable fees for vehicle access to Fort Fisher State Recreation Area and to adopt temporary rules for this purpose within six months after the effective date of this section.*
- *PART 36 requires the Department of Transportation to collect tolls on all ferries by July 1, 2004. DOT estimates that a fee structure for the currently free ferries similar to the fee*

structure now in place for the other ferries would generate approximately $1 million per year after expenses.

- *PART 37 moves the annual hold-harmless payment date from September 15 to August 15, and repeals the hold-harmless payments effective January 1, 2013.*
- *PART 38 temporarily maintains State sales and use taxes at their existing rate by extending the sunset for the half-cent increase in the State sales tax from July 1, 2003 to July 1, 2005. This will generate $346.5 million in sales tax revenue in fiscal year 2003-2004.*
- *PART 39 temporarily maintains the individual income tax brackets at their existing rates by extending the sunset for the 8.25% upper income individual income tax bracket from January 1, 2004, to January 1, 2006. This will generate approximately $83.3 million in individual income tax payments in tax year 2004.*
- *PART 40 authorizes the issuance of security interest debt to finance $200 million of repair and renovations in accordance with G.S. 143-15.3A, the Repairs and Renovations Reserve Account.*

PART 32: REGULATORY FEE FOR UTILITIES COMMISSION

Part 32 of the bill sets the tax rate for the public utility regulatory fee for the 2003-2004 tax year at 0.12% **(same as Governor's Budget).** The rate last year was 0.1%. This rate must be set by the General Assembly each year. The utility regulatory fee is a tax that was first imposed in 1989. The proceeds of the fee are credited to the Utilities Commission and Public Staff Fund and used to defray the State's cost in regulating public utilities. The regulatory fee is imposed on all utilities that are subject to regulation by the North Carolina Utilities Commission. The fee is a percentage of the utility's North Carolina jurisdictional revenues. In general, jurisdictional revenue is derived from providing utility service in North Carolina.

In addition to funding the State's cost in regulating public utilities, the money in the Utilities Commission and Public Staff Fund is currently used to finance the work of the Study Commission on the Future of Electric Service in North Carolina. The General Assembly established the Commission in 1997 to examine the cost, adequacy, availability, and pricing of electric rates and service in North Carolina to determine whether legislation is necessary to assure an adequate and reliable source of electricity and economical, fair and equitable rates for all consumers of electricity in North Carolina. Section 14.10 of S.L. 2000-67, the Current Operations and Capital Improvements Appropriations Act of 2000, extended the life of the Study Commission and its funding from the Utilities Commission and Public Staff Fund through June 30, 2006.

Part 32 also sets at $200,000 for the 2003-2004 fiscal year the annual public utility regulatory fee imposed on electric membership corporations whose principal purpose is to furnish or cause to be furnished bulk electric supplies at wholesale **(same as Governor's Budget).** This is the same rate that was in effect for the 2001-2002 and 2002-2003 fiscal years. The North Carolina Electric Membership Corporation is the only electric membership corporation that fits this description.

The proceeds of the fee are credited to the Utilities Commission and Public Staff Fund and used to defray the State's cost in regulating electric membership corporations.

The 1999 General Assembly enacted 1999-180, which authorized electric membership corporations to form subsidiary corporations that may provide energy services and products, telecommunications services and products, and water and wastewater collection and treatment. The subsidiaries must fully compensate the electric membership corporation for its use of the corporation's personnel, services, equipment, and property. The Utilities Commission is charged with regulating this aspect of the subsidiary's business and, to pay for this regulation, S.L. 1999-180 levied a flat-rate regulatory fee to be paid annually by the North Carolina Electric Membership Corporation. The General Assembly must establish the fee amount each year. The North Carolina Electric Membership Corporation is the only electric membership corporation whose principal purpose is to furnish or cause to be furnished bulk electric supplies at wholesale as provided in G.S. 117-16. It is a "generation and supply cooperative" owned by its members. Its members are all but one of the existing North Carolina electric membership corporations, which are "distribution cooperatives." Thus, the fee imposed on the North Carolina Electric Membership Cooperation will be passed on to its member electric membership corporations.

PART 33: INSURANCE REGULATORY CHARGE

Part 33 of this bill sets the insurance regulatory charge at 6.5% for the 2003 calendar year. This is the same rate used for the past two years. The Department of Insurance has indicated that it cannot submit a rate proposal at this time, because it cannot estimate the rate until early May after the April collections are known. Using the rate of 6.5%, the charge is expected to generate $25 million for the 2003-2004 fiscal year. The insurance regulatory charge is a tax that was enacted in 1991 to defray the State's cost of regulating the insurance industry. The charge is a percentage of each insurance company's premiums tax liability. The insurance regulatory charge is imposed on insurance companies that pay the gross premiums tax and, beginning in 2000, on health maintenance organizations and medical service corporations. For health maintenance organizations and medical service corporations, the fee is levied on each company's hypothetical gross premiums tax liability determined at the 1.9% gross premiums tax rate applied to its premiums base. The hypothetical calculation is necessary because medical service corporations and health maintenance organizations pay premiums tax at a lower rate **(not in Governor's Budget).**

PART 34: DEPARTMENT OF HEALTH AND HUMAN SERVICES FEES

Part 34 of this bill authorizes the Department of Health and Human Services to impose the following fees:

Division of Facility Services Fees (effective October 1, 2003)

- Section 34.1 authorizes the Department to charge each adult care home with six or fewer beds a $250 nonrefundable annual license fee. The nonrefundable license fee for more

than six beds is $350 plus a nonrefundable annual per-bed fee of $12.50 **(same as Governor's Budget)**.

- Section 34.2 authorizes the Department to charge hospitals a nonrefundable annual base license fee plus a nonrefundable annual per-bed fee. The amount of the fee is based upon the type of facility (general acute hospitals and other hospitals) and the number of beds in the facility **(same as Governor's Budget)**.
- Section 34.3 authorizes the Department to charge nursing homes a $450 nonrefundable annual license fee plus a nonrefundable annual per-bed fee of $12.50 **(same as Governor's Budget)**.
- Section 34.4 authorizes the Department to charge home care agencies a $350 nonrefundable annual license fee **(same as Governor's Budget)**. A home care agency is a private or public organization that provides home care services. Home care services include the following services and directly related medical supplies and appliances which are provided to an individual in his or her home:
    1. nursing care by or under the supervision of a registered nurse.
    2. physical, occupational, or speech therapy, when provided to an individual who also is receiving nursing services, or any other of these therapy services, in a place used as the individual's home.
    3. medical social services.
    4. in-home aide services that involve hands-on care to an individual.
    5. infusion nursing services.
    6. assistance with pulmonary care, pulmonary rehabilitation, or ventilation.
- Section 34.5 authorizes the Department to charge a $700 nonrefundable annual base license fee plus a $50 nonrefundable annual per-operating room fee to an ambulatory surgical facility **(same as Governor's Budget)**.
- Section 34.6 authorizes the Department to charge a $250 nonrefundable annual certification fee to a Cardiac Rehabilitation Program **(same as Governor's Budget)**, and shortens the certification period from a period not to exceed two years to a period not to exceed one year. A Cardiac Rehabilitation Program is a program for the delivery of cardiac rehabilitation services to outpatients and includes coordinated, physician-directed, individualized programs of therapeutic activity and adaptation designed to assist the cardiac patient in attaining the highest rehabilitative potential. The services offered by the program must meet all cardiac rehabilitation program rules.
- Section 34.7 authorizes the Department to charge a $700 nonrefundable annual certification fee to a hospital or clinic that performs abortions **(same as Governor's Budget except that this bill amends the Health Care Facilities and Services statutes in Chapter 131E instead of the Criminal Law statutes in Chapter 14)**.
- Section 34.8 authorizes the Department to charge an annual base license fee plus a nonrefundable annual per-bed fee to licensed facilities for the mentally ill, developmentally disabled, and substance abusers. The amount of the fees is based on the

type of facility (non-ICF-MR and ICF-MR only) and the number of beds **(same as Governor's Budget)**.

- Section 34.9 authorizes the Department to charge a $450 nonrefundable annual base license fee plus a $12.50 nonrefundable annual per-bed fee to continuing care retirement communities that have nursing home beds or adult care home beds **(same as Governor's Budget)**.
- Section 34.10 authorizes the Department to charge a nonrefundable annual fee to emergency medical service providers. The Division of Facility Services licenses all emergency medical service providers. Under this section, all EMS providers will pay an annual license fee based on the number of permitted EMS vehicles ($50 per vehicle) operated by the EMS provider, except that emergency medical dispatch providers will pay $185 annually. All volunteer-only EMS providers and volunteer EMS providers with paid personnel will be exempted from the fees. The Division of Facility Services also offers eight levels of EMS credential for persons who are trained EMS personnel. This section imposes a $90 credentialing fee for all levels of EMS credentialing. It exempts persons who work as volunteers within an EMS system from paying credentialing fees. Persons who are paid to work in an EMS system or persons with no system affiliation will pay fees **(same as Governor's Budget)**.
- Section 34.11 authorizes the Department to charge a fee for the review of each health care facility construction project to ensure that project plans and construction comply with State law. The fee is charged on a one-time per-project basis and cannot exceed $25,000 for any single project. **(The Governor's Budget does not cap the fee.)** Large institutional projects for hospitals, nursing homes, ambulatory surgical facilities, psychiatric hospitals, and adult care homes with more than seven beds would be charged a flat fee plus an amount based upon the size of the project in square feet. **(The Governor's Budget does not charge the flat fee.)** Residential construction projects for family care homes, intermediate care facilities for the mentally retarded group homes, and mental health group homes would be assessed a flat fee depending on the type and number of beds. If the residential project contains more than nine beds the project will be charged a flat fee plus $0.075 per square foot of facility space. **(The Governor's Budget does not charge the flat fee for a residential project that contains more than nine beds.)**

Division of Child Development Fee (effective October 1, 2003)

- Section 34.12 authorizes the Secretary of Health and Human Services to establish fees for the licensing of child care facilities. The maximum amounts of the fees range from $35 to $400 depending upon the number of children the facility can serve **(not in the Governor's Budget).** The fees do not apply to a religious sponsored child care center operated pursuant to a letter of compliance.

Division of Public Health Fee (effective July 1, 2003)

- Section 34.13 authorizes the establishment of a fee to cover the cost of analyzing and reporting clinical Pap smear specimens sent to the State Laboratory by local health

departments and State-owned facilities. The fee is in addition to the charge for the Pap smear test kit **(not in the Governor's Budget).**

PART 35: DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES FEES

Part 35 of this bill authorizes the Department of Environment and Natural Resources to charge and collect reasonable fees for vehicle access to Fort Fisher State Recreation Area. Part 35 becomes effective July 1, 2003. The Department may also adopt temporary rules to establish these fees within six months of the effective date. According to Department officials, the annual fee would be approximately $40 per year. **(not in the Governor's Budget)**

PART 36: DEPARTMENT OF TRANSPORTATION FEES

Part 36 of this bill instructs the Department of Transportation to collect tolls on all ferries by July 1, 2004, and authorizes DOT to establish various classes of ferry users. Currently there are seven ferries operating in the State. Of these, three collect tolls. The toll operations are Cedar Island-Ocracoke, Swan Quarter-Ocracoke, and Southport-Fort Fisher. The four free ferry operations are Hatteras-Ocracoke, Bayview-Aurora, Cherry Branch-Minnesott, and Currituck-Knotts Island. DOT estimates that if a fee structure similar to that used on the toll ferry operations was in place for the four free ferry operations, it would generate approximately $1 million per year after expenses. This fee change would affect only the Highway Fund **(not in the Governor's Budget).**

PART 37: ADJUST LOCAL GOVERNMENT HOLD-HARMLESS

Part 37 of the bill changes the date that sales tax hold-harmless payments are made to local governments each year, from September 15 to August 15, and repeals the hold-harmless payments after ten years effective January 1, 2013. **(The Governor's Budget would have eliminated the hold harmless payments beginning in 2003.)**

Background: In 2001, the General Assembly gave local governments the authority to increase their local sales tax by one-half cent, effective upon the repeal of the State's additional half-cent sales tax on July 1, 2003. Also effective July 1, 2003, the State's reimbursements to local governments were repealed, and the State was directed to provide hold-harmless payments to those local governments whose potential gain from the half-cent local sales tax increase would be less than 100% of their loss from the repealed State reimbursements. State reimbursements consist of reimbursements from the repeal of the property tax on inventories and on poultry and livestock, the repeal of the intangibles tax, the "homestead exclusion" from property tax, and the repeal of local sales and use taxes on food purchased with food stamps.

In 2002, the General Assembly accelerated the repeal of the State reimbursements from July 1, 2003, to July 1, 2002, and accelerated the effective date that local governments could began levying the additional half-cent local tax from July 1, 2003, to December 1, 2002.

PART 38: TEMPORARILY MAINTAIN STATE SALES TAX RATE

Part 38 of this bill delays the sunset of the half-cent increase in the State sales tax from July 1, 2003, to July 1, 2005. In the 2001 Appropriations Act, the General Assembly increased the State sales tax by one-half cent, from 4% to 4.5%, effective October 16, 2001. This State sales tax increase sunsets July 1, 2003. Before 2001, the State sales tax rate had last been increased in 1991 from 3% to 4%.

Also in 2001, the General Assembly gave local governments the authority to increase their local sales tax by one-half cent, effective upon the repeal of the State's one-half cent on July 1, 2003. In 2002, the General Assembly accelerated the effective date of the additional half-cent local sales and use tax from July 1, 2003, to December 1, 2002 **(same as Governor's recommendation).**

PART 39: TEMPORARILY MAINTAIN UPPER INCOME TAX RATE

Part 39 of this bill delays the sunset of the upper-income 8.25% individual income tax rate from January 1, 2004, to January 1, 2006. In 2001, the General Assembly added a new tax bracket that imposed an additional one-half percent income tax on certain North Carolina taxable income for three years. Under prior North Carolina law, tax was imposed at the following rates on individuals' North Carolina taxable income:

Tax Rate	*Married filing jointly*	*Heads of household*	*Single filers*	*Married filing separately*
6.0%	Up to $21,250	Up to $17,000	Up to $12,750	Up to $10,625
7.0%	Over $21,250 and up to $100,000	Over $17,000 and up to $80,000	Over $12,750 and up to $60,000	Over $10,625 and up to $50,000
7.75%	Over $100,000	Over $80,000	Over $60,000	Over $50,000

The 2001 law created a fourth tax bracket for North Carolina taxable income as follows:

Tax Rate	*Married filing jointly*	*Heads of household*	*Single filers*	*Married filing separately*
8.25%	Over $200,000	Over $160,000	Over $120,000	Over $100,000

This change was estimated to effect approximately 2% of North Carolina taxpayers **(same as Governor's recommendation).**

PART 40: REPAIR AND RENOVATION

Part 40 of this bill authorizes the State to incur $200 million of security interest indebtedness for repair and renovation of State capital facilities. The proceeds would be used to repair and renovate State buildings in the same manner as funds in the Reserve for Repair and Renovations are used. Except in the case of an emergency, the Director of the Budget is required to consult with the Joint Legislative Commission on Governmental Operations before incurring debt for specific repair and renovation projects.

Part 40 also enacts the procedural and regulatory provisions needed to carry out the security interest indebtedness. Commonly referred to as "certificates of participation," security interest indebtedness is debt that is secured by an interest in the property being repaired or renovated. The term "special indebtedness" is employed to cover the three forms that this type of debt can take: installment purchase (with or without certificates of participation), lease-purchase (with or without certificates of participation), and bonds. In each case, the debt is nonvoted. The particular form to be used for a given project will depend on its size, the nature of the property being repaired, and other circumstances. Based on these circumstances, one form or another of security interest debt may be the least expensive and most practical for the State to utilize. **(not in the Governor's Budget)**

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note.]

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Health and Human Services, Utilities Commission, Department of Insurance, Department of Transportation, Department of Revenue, and Department of Environment and Natural Resources.

EFFECTIVE DATE: Part I, Section 3.13 and Part IV are effective July 1, 2003. The remainder of Part III becomes effective October 1, 2003. The remainder of the bill is effective when law.

BILL SUMMARY:

Part I, Section 1(a) sets the regulatory fee rate for the Public Utilities Commission at 0.12%. This rate must be set annually and is an increase from the .1% rate in 2002. Section 1(b) sets the regulatory fee for the electric membership corporations at a flat $200,000. This fee has remained the same since it was first imposed in 1999.

Part II addresses the annual establishment of the insurance regulatory fee. Section 2(a) sets the insurance regulatory charge at 6.5%. The rate remains the same as in the previous year.

Part III addresses three sets of fees related to the Department of Health and Human Services. Sections 3.1-3.11 increase and establish a variety of fees related to the Division of Facility Services. Section 3.12 imposes a new fee on day care facilities. Section 3.13 imposes a new fee on certain pap smears.

Part IV allows the Department of Environment and Natural Resources to adopt temporary rules to establish fees for off-highway vehicle access to the Fort Fisher Recreation Area.

Part V requires the Department of Transportation to collect tolls on all ferries by July 1, 2004. The Department may establish various classes of ferry users.

Part VI ends all hold harmless payments to locals after 2012, and expedites the payment of hold harmless payments in 2003-04 and 2004-05.

Part VII extends the state half-cent sales tax that became effective on October 16, 2001 from July 1, 2003 to July 1, 2005.

Part VIII delays the sunset of the 8.25% income tax rate from January 1, 2004 to January 1, 2006.

Part IX authorizes the state to incur $200 million of security interest indebtedness for the repair and renovation of State facilities. These proceeds would be used to repair and renovate State buildings in the same manner as funds allocated to the Reserve for Repair and Renovations.

ASSUMPTIONS AND METHODOLOGY:

PART 1: REGULATORY FEE FOR UTILITIES COMMISSION

Part 1 of the bill sets the fees for regulation by the North Carolina Utilities Commission ("Commission"). Section 1(a) of the bill sets the public utility regulatory fee rate at 0.12% for FY 2003-04. (The FY 2002-03 rate is .1%) Revenue from this fee, which is assessed against regulated public utilities, is used to support the operations of both the Commission and the Public Staff. The Commission estimates the .12% regulatory fee will produce $12,950,000 in FY 2003-04. For the same period, the Commission estimates that the combined operations of the Commission and Public

Staff will require total expenditures of not less than $12,183,000. The estimated balance in the Commission's Accumulated Fee Margin Reserve Account as of June 30, 2003 is $4.6 million. The proposed fee would generate a surplus of $767,000 that will be added to this Reserve Account for a June 2004 balance of $5.37 million. This represents approximately 4.4 months of operating reserve. The Commission considers this reserve balance "adequate to reasonably ensure our continuing financial integrity".

Section 1(b) of the bill sets the public utility regulatory fee to be paid by the North Carolina Electric Membership Corporation for the 2003-04 fiscal year at $200,000. In 1999, the initial fee of $200,000 was developed as a result of discussions between the industry and the Utilities Commission, based on what the Utilities Commission believed to be the cost associated with regulating the electric membership cooperatives. In 2001 the Utilities Commission provided information to the General Assembly's Fiscal Research illustrating that these fees supported approximately 4000 hours of accounting, engineering, and legal time. This fee amount must be set by the General Assembly each year.

PART 2: INSURANCE REGULATORY CHARGE

Part 2 of the bill sets the insurance regulatory charge at 6.5% for calendar year 2003. This is the same rate used in 2002 because the Department of Insurance has not submitted a rate proposal. The Department has stated that it cannot estimate the rate until early May after the April collections are known.

This fee is assessed against the 1.9% premiums tax paid by insurers or against the presumed premiums tax that would be paid by HMOs and Article 65 companies (Blue Cross/Blue Shield) if taxed at 1.9% (they are taxed at 1%). The revenue is used to reimburse the General Fund for appropriations to the Department of Insurance to pay expenses incurred in regulating the insurance industry and other industries and to other departments as specified in G.S. 58-6-25(d). The 6.5% rate was estimated to generate $25 million in regulatory fee revenue in 2002.

PART 3: DEPARTMENT OF HEALTH AND HUMAN SERVICES FEES

All fees generated in this part of the bill flow to the affected divisions of the Department of Health and Human Services. Corresponding reductions have been made to their General Fund appropriations in the budget bill.

SECTIONS 3.1-3.11: DIVISION OF FACILITIES SERVICES FEES

The purpose of the proposed fees for the Division of Facility Services (DFS) is to provide revenue to cover a portion of the State cost associated with the regulation and licensure of health and social care facilities and services. The proposed fees will generate $5,142,000 in revenue -- $5,100,000 will be used as departmental receipts to cover a portion of the Division of Facility Services operating budget and $42,000 will be used to pay for one position to collect the fees. Under this proposal, fees would support 33% of the General Fund budget ($15.4 million) for the Division of Facility Services. The Division of Facility Services also receives $12.5 million in federal funds. The fees fall into three categories: (1) fees for licensure and regulation of health and social care facilities and services, (2) fees for

the licensure of Emergency Medical Services providers and credentialing persons who are certified by the Division of Facility Services to provide Emergency Medical Services, and (3) fees for processing and reviewing construction plans for social and health care facilities and for conducting physical plant inspection of these facilities.

Fees for Licensure and Regulation of Health and Social Care Facilities and Services

The Division of Facility Services licenses and regulates health and social care facilities including hospitals, abortion clinics, ambulatory surgical facilities, cardiac rehabilitation facilities, nursing facilities, adult care homes, mental health group homes, intermediate care facilities for the mentally retarded, and continuing care retirement communities. DFS also regulates home care service agencies including home health and personal care service providers. The fee structure for all facilities and agencies includes a base fee that applies regardless of the size of the facility. In addition, facilities that have beds, offices, or rooms associated with their license will also be charged a per bed or room fee. Facilities with less than six beds are exempted from the per bed fees. The attached chart summarizes the base fees and per bed fees for all facilities and agencies.

Fees for Licensure and Credentialing of Emergency Medical Service Providers

The Division of Facility Services licenses all emergency medical service providers. Under this proposal, all EMS providers will pay an annual license fee based on the number of permitted EMS vehicles ($50 per vehicle) operated by the EMS provider except that emergency medical dispatch programs will pay $185 annually. All volunteer only EMS providers and volunteer EMS providers with paid personnel will be exempted from the fees.

The Division of Facility Services also offers eight levels of EMS credential for persons who are trained EMS personnel. This proposal establishes a $90 credentialing fee for all levels of EMS credentialing and will be applied for initial credentialing, recredentialing, legal recognition, and challenge applicants. The proposal will exempt persons who work as volunteers within an EMS system from paying credentialing fees. Persons who are paid to work in an EMS system or persons with no system affiliation will pay fees.

Fees for Processing and Reviewing Construction Plans for Social and Health Care Facilities

The Construction Section of the Division of Facility Services has the following responsibilities:

- Review plans for new construction, conversions, additions, and renovations of all health and social care facilities
- On-site inspection of each project's regulatory compliance with licensure standards related to physical plant systems and life safety code requirements during the building process and a final inspection once the project is completed
- Routine inspections of existing facilities to monitor continued compliance with licensure requirements
- Consultation services.

Under the proposal, fees would be assessed for processing and reviewing construction plans for social and health care facilities and for conducting physical plant inspection of these facilities. A chart summarizing the fees is attached.

Large institutional projects for hospitals, nursing homes, ambulatory surgical facilities, and adult care homes with seven or more beds would be assessed fees based on the size of the project in square feet. The fee would range $.10 to $.20 per square foot depending on the type of facility.

Residential construction projects for family care homes, intermediate care facilities for the mentally retarded, group homes, and mental health group homes would be assessed a flat fee ranging from $100 to $275 per project depending on the type and size of the facility.

The revenues generated by the new and increased Division of Facility Services fees are as follows:

FACILITY TYPE	# FACILITIES, REVIEWS or EXAMS	BASE FEE	ADDT'L FEE	# OF BEDS/ OFFICES/ ROOMS	TOTAL REVENUE
GENERAL ACUTE HOSPITALS					
1 - 49 beds	25	$ 250	$ 12.50	736	**$ 15,450**
50 - 99 beds	29	$ 350	$ 12.50	1,993	**$ 35,063**
100 - 199 beds	36	$ 450	$ 12.50	4,918	**$ 77,675**
200 - 399 beds	18	$ 550	$ 12.50	5,093	**$ 73,563**
400 - 699 beds	8	$ 750	$ 12.50	4,789	**$ 65,863**
700 + beds	4	$ 950	$ 12.50	3,273	**$ 44,713**

TOTAL	15,910			**124,016**	$ 5,142,400

NOTES

Column (4) ADDTL FEE is the additional fee that will be based on the number of beds, offices or rooms as shown in Column (5).

OTHER HOSPITALS excludes all State-owned facilities which are exempt from licensure.

TOTAL # FACILITIES does not include emergency medical vehicles.

SECTION 3.12 CHILD CARE LICENSING FEES

This section of the bill adds a new licensing fee for child care centers. The fee will be annual and will cover a portion of the departmental cost of licensing and monitoring these centers. The annual fee will be based on the number of children in the center. The following fees will apply: Centers with 12 or fewer children -$35.00; 13-50 children - $125.00; 51-100 children - $250.00; 101 or more children - $400.

The revenue estimates are based on the current number of childcare centers and the estimated increase in the number of new centers as historical data indicates. There has been an approximate 2.75% annual increase in the number of centers starting up annually over the past seven (7) years and is the amount used to project additional revenues for future years.

	2003-04		2004-05		2005-06		2006-07		2007-08	
Size of facility (number of children)	Number of Centers	Revenue	Number of Centers	Revenue	Number of Centers	Revenue	Number of Centers	Revenue	Number of Centers	Revenue
Up to 12	343	12,005	352	12,335	362	12,674	372	13,023	382	13,381
13-50	1583	197,875	1,627	203,317	1,671	208,908	1,717	214,653	1,764	220,556
51-100	1168	292,000	1,200	300,030	1,233	308,281	1,267	316,759	1,302	325,469
More than 100	946	378,400	972	388,806	999	399,498	1,026	410,484	1,054	421,773
TOTAL	4040	880,280	4,151	904,488	4,265	929,361	4,383	954,919	4,503	981,179

All revenue generated will remain with the Division of Child Development. Corresponding reductions have been made to that division's General Fund appropriation in the budget bill.

SECTION 3.13: PAP SMEAR FEE

This section adds a $7 fee for analyzing clinical Pap smear specimens by the Cancer Cytology Program of the NC State Laboratory of Public Health. This processing fee is in addition to the $7.44 charge for the Pap smear kit already required. This new fee will be charged to the local health departments and other state facilities that utilize the NC State Lab for cytology lab work. This proposal increases receipts by $1,050,000. This revenue estimate is based on a minimum of 150,000 specimens reviewed each year for the next five years. The estimation for lab utilization for cytology work for FY 2003-04 represents a slight decrease from FY 2000-01 (the latest year of data) and remains unchanged for the following years through FY 2007-08, since behavior is unknown of whether local entities will seek their lab work through private labs. While the new fee in conjunction with the cost of the kit is cheaper in most cases for these state facilities and local health departments than private labs, the response time of the private labs may prompt some locals to consider contracting with a private lab in lieu of continuing to utilize the state lab.

All revenue generated will remain with the Division of Public Health. Corresponding reductions have been made to that division's General Fund appropriation in the budget bill.

PART 4: DEPT. OF ENVIRONMENT AND NATURAL RESOURCES FEES

Part IV of the bill relates to the Fort Fisher State Recreation Area. The bill authorizes the Department of Environment and Natural Resources to levy a fee and establish rules related to the use of off-highway vehicle access to the recreation area. According to Department officials, the annual fee would be approximately $40 per year. No information has been provided on offering a daily fee. The fee is expected to generate $36,857. Revenues from this fee flow to the Department of Environment and Natural Resources.

PART 5: DEPARTMENT OF TRANSPORTATION FEES

Section 5.1(a) requires the Department of Transportation to collect tolls on all ferries by July 1, 2004. Currently, three of the State's seven ferries (Cedar Island-Ocracoke, Swan Quarter-Ocracoke, and Southport-Fort Fisher) are toll operations. Four ferries are free (Hatteras-Ocracoke, Bayview-Aurora, Cherry Branch-Minnesott, and Currituck-Knotts Island). DOT estimates that a fee structure for the now free ferries similar to the one currently in place on the other ferries would raise approximately $1,000,000 more per year, after expenses. (A one-year delay is assumed to clear the rule making process). This fee change affects the Highway Fund. No General Fund impact is expected.

PART 6: ADJUST LOCAL GOVERNMENT HOLD HARMLESS

During the 2001 session, the General Assembly agreed to what was termed a "sales tax swap". As a part of this swap, the State portion of the sales tax was increased by ½ cent for the period October 16, 2001 to July 1, 2003. The local units were also granted authority to increase their own sales tax rate by ½ cent, effective July 1, 2003. This additional authority to levy local sales taxes was viewed as a "swap" for the repeal of the state reimbursements to local governments for losses related to several tax repeals. These repeals included the repeal of property taxes on inventories and intangibles, some of the tax loss associated with the homestead exemption, and repeal of the reimbursement for sales taxes that are no longer paid on items purchased with food stamps. The repeal of these reimbursements was to be effective July 1, 2003. The legislation also required that hold harmless payments be made to those local governments whose gain from a half cent local sales tax increase is less than 100% of their loss from the repealed state tax reimbursements. In 2002, the General Assembly chose to move forward the date local units could start levying the additional ½ cent of sales tax by 7 months to December 1, 2002. At the same time, the General Assembly accelerated the repeal of the reimbursements, effective July 1, 2002. No hold harmless payments were made for the 2002-03 fiscal year.

Because of the recent slow down in sales tax revenues, the amount of the calculated hold harmless payments to locals increased over the original estimates. New preliminary estimates created by a model agreed to by the Tax Research Division of the Department of Revenue and Fiscal Research indicate the following hold harmless liability under the current statute:

FY 2003-04	$36.1 million
FY 2004-05	$31.2 million
FY 2005-06	$26.4 million
FY 2006-07	$22.0 million
FY 2007-08	$18.0 million

The bill assumes these payments will be made. The bill makes two additional changes to the hold harmless provision. First, it sunsets the hold harmless payment after 10 years so no hold harmless payments would be made after 2012-13. It also requires that for fiscal years 2003-04 and 2004-05 the hold harmless payment be made by August 15.

PART 7: TEMPORARILY MAINTAIN STATE SALES TAX RATE

As noted in previous sections of this document, in 2001 the General Assembly increased the State portion of the sales tax to 4.5%. Under current law, this increase in the State sales tax will expire July 1, 2003. The bill extends this sunset date by two years to July 1, 2005. Joint estimates provided by Fiscal Research and the Office of State Management and Budget suggest the following revenue stream from this tax extension.

FY 2003-04	$346.5 million
FY 2004-05	$388.2 million
FY 2005-06	$ 26.5 million

Note: While the tax expires June 30, 2005, many retailers will not submit their payments to the Department of Revenue for the month of June until the following fiscal year. Thus, a revenue increase is shown for 2005-06 as well. This timing issue also plays a role in reducing the 2003-04 to the amount above.

PART 8: TEMPORARILY MAINTAIN UPPER INCOME TAX RATE

Section 8.1 of the bill extends the 8.25% tax bracket from January 1, 2004 to January 1, 2006 for taxable incomes that are shown in the chart below.

8.25% for taxable incomes over:	
$200,000	Married filing jointly
$160,000	Head of household
$120,000	Single
$100,000	Married filing separately

The additional revenue from this extension is calculated using the North Carolina Individual Income Tax Model. The model estimates that $83.3 million in individual income tax payments will be generated in Tax Year 2004 and $104.2 million in revenue in Tax Year 2005. This revenue is divided into fiscal years as follows:

FY 2003-04	$37.5 mil.
FY 2004-05	$92.7 mil.
FY 2005-06	$57.3 mil.

FY 2003-04 will receive 45% of Tax Year 2004 revenue because of withholding from January through June 2004 and two quarterly estimated payments. High-income taxpayers avoid a penalty if estimated payments during the tax year equal at least 90% of actual liability. In the FY 2004-05, taxpayers will pay the remaining 55% of the tax due in tax year 2004 and again pay 45% in estimated payments for tax year 2005. FY 2005-06 is equal to the remaining 55% of tax year 2005.

PART 9: REPAIR AND RENOVATION

Last July the Department of State Treasurer prepared an estimate of debt service requirements analysis for a $200 million repairs and renovation security interest financing that would take place in March 2003. We took this schedule and backed the issuance to March 2004. The average interest rate used in the projections was 5.70% and the maturity was 20 years. Based on this analysis the total interest payments would amount to $119.7 million. If the interest payments were added to the $200 million of debt repayment, the total debt service requirements over the period would be $319.7 million. The 5.70% interest rate assumption is very conservative in light of the fact that if the debt were issued today, the interest would be under 5%.

SOURCES OF DATA: February 14, 2003 Memorandum to Governor Easley from Utilities Commission chair Jo Anne Sanford and Executive Director Robert Gruber; Individual Income Tax Model, Tax Research Division of the Department of Revenue, Office of State Budget and Management, and the Treasurer's Debt Service Report.

April 14, 2003

Dear Fellow Republicans:

I write to you out of a growing concern about the State budget.

Those of us who follow state government and care deeply about the future of our state can't help but be concerned that we have lost our Triple-A bond rating with one of the three rating agencies and could easily lose it with the other two.

Not only would this cost us extra money in interest in the years ahead, but it would also have a significant adverse affect in our economic development efforts.

Our law firm represents some forty counties in economic development work, and so we pay a lot of attention to things that help or hurt in the creation of jobs across the state.

Companies that are looking to make a substantial investment always examine the climate in the state - both regulatory and fiscal - and our bond rating is one significant bit of evidence as to how we handle our affairs.

I should say at the outset that in my four terms as a member of the legislature, I never voted for a tax increase, and didn't propose a single tax increase during my four years as Governor. I don't intend to change that philosophy at this point.

Having said this, I want to ask for your thoughtful consideration regarding two points.

First, it seems to me that a limited extension of the sunset on the sales and income taxes is an important part of getting our fiscal situation back in balance and on the right road. Given the hole which we have dug ourselves into, failure to extend the sunset requires either ignoring the Constitution's requirement of a balanced budget (which may have been done for

two or three years now) or making such deep cuts in so many places that serious damage will result. The bond rating agencies will frown on either of these approaches, and it seems to me we tread on really thin ice if we let the sunset stand.

I am not happy about it, but the future well-being of the people of our state will be significantly affected if we don't get our fiscal house in order. Republicans have always tried to be fiscally responsible, and this will follow that tradition.

Frankly, I had to face a similar situation in my third year as Governor. In January of that year, I proposed the repeal of the sales tax on food. Within about two weeks, unemployment figures started to rise, with an accompanying drop in State revenues about six weeks later. Finally, it became apparent that we simply couldn't afford the tax cut at that time, so I withdrew the request from the legislature in order to maintain our fiscal position.

It seems to me that's where we are right now. I suspect some of you feel that a sunset extension would be a "tax increase", but I would submit to you that you are in about the same position that I was in 1975. With the tax on the books right now, it seems to me that allowing it to continue could hardly be called a "tax increase". Rather, what you will be doing is delaying a tax cut until a date that you choose. I think that is a very important distinction, since many of you have done what I used to do - not vote for tax increases. I just don't believe we can afford a tax cut right now.

Having said all of the above, however, I would also encourage you on a second point. I have an increasingly hard time understanding why we keep going beyond the required minimums in the expansion budget when we're in such a deep hole already.

When I say "required minimums", I generally throw in such things as rate increases for utilities; debt service increases; inflation increases (which are incredibly small right now); enrollment increases in the public schools, community colleges, and university; staffing increases for the prison system due to increased prison population; and Medicaid (although I think we've gone beyond what most of our sister states on the east coast have done in the way of benefits and should take a hard look at this).

I realize that the appropriation process in the House is winding to a conclusion, and these thoughts on the expansion budget are too late for consideration in the House

Appropriations Committee. The process is just beginning, however, and these are thoughts for later in the session.

Thanks for all you are doing. It is not an easy time to deal with the budget in Raleigh, but there are also many other important things to which you will attend before you leave town. I wish you well and want you to know I'm always at your disposal if I can be of help.

Sincerely yours,

THE SANFORD HOLSHOUSER LAW FIRM, PLLC

THREE-YEAR EMERGENCY REVENUE PACKAGE

2003 PLAN

North Carolina is facing an extreme budget crisis and budget deficits are projected to continue for several more years. The state cannot afford to resolve this crisis through budget cuts alone, causing long-term irreparable harm to programs and the children they serve. Public officials must raise additional revenue, use existing resources, and close outdated tax loopholes to solve this budget crisis. We support the use of a balanced package of progressive tax options to achieve this goal. This three-year revenue package will get the state beyond this crisis, but it is imperative that officials use this time to restructure the state tax system to meet the growing needs of the state and reflect the realities of the modern economy.

2003 Emergency Revenue Options

Option	ESTIMATED Revenue (millions)
Capture Tobacco Law Suit Settlement[1]	137
Close Tax Preference that Benefits Banks	15
Eliminate Corporate Tax Incentives In Wealthy Counties	17
Expand Sales Tax to Most Services and Lower Overall Tax Rate[2]	350
Reinstate Corporate Income Tax Rate to mid-1990's Levels[3]	97
Raise Cigarette Tax to National Median[4]	393
Adopt Temporary Emergency 10% Surcharge on All Individuals Who Pay Income Tax	750
TOTAL	**$1,799**

[1] Exempt funds going for Senior's Prescription Drug program, Smoking Cessation and Obesity Prevention

[2] Exceptions to taxing services will track the Governor's Commission – health, education, funeral, legal, banking, housing. Could possibly reduce the overall state sales tax rate to less than 3.5% from the current 4.5%.

[3] Reinstate corporate tax to 7.5% from current level of 6.9%. Corporate tax was reduced from 7.5% in 1997.

[4] Current national median cigarette tax is fifty cents per pack, so this would mean a forty-five cents per pack increase. North Carolina's current cigarette tax is five cents per pack, the third lowest in the country.

2003 COMMITTEE REPORT
HOUSE OF REPRESENTATIVES

The following report(s) from standing committee(s) is/are presented:
By Representatives **G. Allen, Howard, Luebke, McComas, Miner, and Wainwright** (Chairs) for the Committee on **FINANCE**.

☐ Committee Substitute for
H.B. 593 A BILL TO BE ENTITLED AN ACT RELATING TO THE COUNTY OF WAKE.

☐ With a favorable report.

☐ With a favorable report and recommendation that the bill be re-referred to the Committee on Appropriations ☐ Finance ☐ ☐.

☐ With a favorable report, as amended.

☐ With a favorable report, as amended, and recommendation that the bill be re-referred to the Committee on Appropriations ☐ Finance ☐ ☐.

☒ With a favorable report as to the committee substitute bill ~~(#),~~ ☒ which changes the title, unfavorable as to the original bill. ~~(Committee Substitute Bill #),~~ ~~(and recommendation that the committee substitute bill #) be re-referred to the Committee on .)~~

☐ With a favorable report as to House committee substitute bill (#), ☐ which changes the title, unfavorable as to Senate committee substitute bill.

☐ With an unfavorable report.

☐ With recommendation that the House concur.

☐ With recommendation that the House do not concur.

☐ With recommendation that the House do not concur; request conferees.

☐ With recommendation that the House concur; committee believes bill to be material.

☐ With an unfavorable report, with a Minority Report attached.

☐ Without prejudice.

☐ With an indefinite postponement report.

☐ With an indefinite postponement report, with a Minority Report attached.

☐ With recommendation that it be adopted. (HOUSE RESOLUTION ONLY)

03/19/03

House Committee on Finance

Minutes

~

April 16, 2003

The House Committee on Finance met on Wednesday, April 16, 2003 at 7:00 pm for an urgent "around the table" meeting in the House Chamber at the desk of Chairwoman Julia Howard. While attendance of the members was limited, a clear quorum was present for the official conduct of committee business. The following members were present: Chairpersons G. Allen, Howard, Luebke, McComas, Miner, and Wainwright; Vice-Chair Alexander; and Representatives Capps, Carney, Hackney, Holliman, Lewis, McCombs, McGee, Rayfield, Ross, and Wood. Bill Freeman was the Sergeant-at-Arms present. Staff persons present included Linda Millsaps and Martha Walston.

Chairwoman Howard called the meeting to order at 7:00 pm and explained to the Committee members the need to hear a highly time sensitive bill sponsored by Representative Rex Baker, HB 222 – MOUNT AIRY ANNEXATION MORATORIUM. Representative Baker was then recognized by the Chair who first moved for adoption of the committee substitute to HB 222 (see attachment 1). The Representative's motion carried without known objection. Representative Baker then explained his bill. He informed the committee members that this bill acted to prohibit the City of Mount Airy from annexing certain property in its surrounding territories for a period of six months. Representative Baker explained that the bill was necessary because the City of Mount Airy was scheduled to involuntarily annex two "country club" areas adjacent to the city's boundaries within the next few days. Representative Baker, who represents the areas facing the annexation and is supported by the other legislators of his delegation on this bill, wants the six months of prohibited annexation to act as a "cooling off" period for the City and these two private communities.

Following this explanation Chairwoman Howard recognized Representative McComas who made the motion for a favorable report on the bill. Committee members, however, posed several questions, before the Chair took action on this motion. Representative Luebke voiced strong concerns that this bill was highly controversial since the City of Mount Airy is highly opposed to the bill's passage. He stated that had he known the controversial nature of this bill and been provided any period of notice, he would have objected to the convening of this urgent meeting in the House Chamber. He also stated that the individuals being affected by this bill, both those from the City of Mount Airy and those from the two private communities, had the right to have this bill heard at a formal meeting where public debate was allowed. Noting that the Committee typically avoids taking positions on local bills with controversy, Representative Luebke requested that the bill be withdrawn from further consideration at the meeting.

Representative Carney, speaking as a past County Commissioner, stated that she could not support a bill that did not allow for the voice of the local governments. In response to this, Representative Baker was quick to note that he was representing his constituents and not the local government.

Representative Holliman noted that he did not feel confident to make such a controversial decision without having additional information on the bill.

Representative Wainwright voiced his concern that the City of Mount Airy was being stripped of its constitutional right to annex areas bordering its corporate limits. He suggested that at least an early morning meeting should be called to invite the officials of the City and the areas facing the annexation to discuss the matter completely. Discussion among the members commenced on this suggestion; however, Representative Baker reiterated the urgency of the bill and his intent to present it to the Senate for passage the following day. Consequently, Chairwoman Howard ruled that time simply did not allow for such a meeting. She noted that a decision on the matter had to be made by the Committee before adjournment.

Seeing no further questions from the members, the Chair requested the vote via roll call and instructed the Clerk to call the vote. With a tally of 7 in the affirmative and 10 in the negative, the motion for a favorable report failed (see attachment 2). Thus, the bill cannot be reported out on the House floor for consideration of passage. Acknowledging the vote of the Committee, Representative Baker thanked the members for their agreement to consider the bill on such short notice and stated that he would inform his constituents of the taken action.

Having no further business at the time, Chairwoman Howard adjourned the meeting at 7:35 pm.

Respectfully submitted,

Representative Julia Howard
Presiding Chair

Jason A. Cannon
Assistant to Committee on Finance

House Committee on Finance

Minutes

~

April 16, 2003

The House Committee on Finance met on Wednesday, April 16, 2003 at 7:00 pm for an urgent "around the table" meeting in the House Chamber at the desk of Chairwoman Julia Howard. While attendance of the members was limited, a clear quorum was present for the official conduct of committee business. The following members were present: Chairpersons G. Allen, Howard, Luebke, McComas, Miner, and Wainwright; Vice-Chair Alexander; and Representatives Capps, Carney, Hackney, Holliman, Lewis, McCombs, McGee, Rayfield, Ross, and Wood. Bill Freeman was the Sergeant-at-Arms present. Staff persons present included Linda Millsaps and Martha Walston.

Chairwoman Howard called the meeting to order at 7:00 pm and explained to the Committee members the need to hear a highly time sensitive bill sponsored by Representative Rex Baker, HB 222 – MOUNT AIRY ANNEXATION MORATORIUM. Representative Baker was then recognized by the Chair who first moved for adoption of the committee substitute to HB 222 (see attachment 1). The Representative's motion carried without known objection. Representative Baker then explained his bill. He informed the committee members that this bill acted to prohibit the City of Mount Airy from annexing certain property in its surrounding territories for a period of six months. Representative Baker explained that the bill was necessary because the City of Mount Airy was scheduled to involuntarily annex two "country club" areas adjacent to the city's boundaries within the next few days. Representative Baker, who represents the areas facing the annexation and is supported by the other legislators of his delegation on this bill, wants the six months of prohibited annexation to act as a "cooling off" period for the City and these two private communities.

Following this explanation Chairwoman Howard recognized Representative McComas who made the motion for a favorable report on the bill. Committee members, however, posed several questions, before the Chair took action on this motion. Representative Luebke voiced strong concerns that this bill was highly controversial since the City of Mount Airy is highly opposed to the bill's passage. He stated that had he known the controversial nature of this bill and been provided any period of notice, he would have objected to the convening of this urgent meeting in the House Chamber. He also stated that the individuals being affected by this bill, both those from the City of Mount Airy and those from the two private communities, had the right to have this bill heard at a formal meeting where public debate was allowed. Noting that the Committee typically avoids taking positions on local bills with controversy, Representative Luebke requested that the bill be withdrawn from further consideration at the meeting.

Representative Carney, speaking as a past County Commissioner, stated that she could not support a bill that did not allow for the voice of the local governments. In response to this, Representative Baker was quick to note that he was representing his constituents and not the local government.

Representative Holliman noted that he did not feel confident to make such a controversial decision without having additional information on the bill.

Representative Wainwright voiced his concern that the City of Mount Airy was being stripped of its constitutional right to annex areas bordering its corporate limits. He suggested that at least an early morning meeting should be called to invite the officials of the City and the areas facing the annexation to discuss the matter completely. Discussion among the members commenced on this suggestion; however, Representative Baker reiterated the urgency of the bill and his intent to present it to the Senate for passage the following day. Consequently, Chairwoman Howard ruled that time simply did not allow for such a meeting. She noted that a decision on the matter had to be made by the Committee before adjournment.

Seeing no further questions from the members, the Chair requested the vote via roll call and instructed the Clerk to call the vote. With a tally of 7 in the affirmative and 10 in the negative, the motion for a favorable report failed (see attachment 2). Thus, the bill cannot be reported out on the House floor for consideration of passage. Acknowledging the vote of the Committee, Representative Baker thanked the members for their agreement to consider the bill on such short notice and stated that he would inform his constituents of the taken action.

Having no further business at the time, Chairwoman Howard adjourned the meeting at 7:35 pm.

Respectfully submitted,

Representative Julia Howard

Referred to:

March 5, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A MORATORIUM OF SIX MONTHS ON ANNEXATION OF CERTAIN AREAS BY THE CITY OF MOUNT AIRY.

The General Assembly of North Carolina enacts:

SECTION 1. Between the date this act becomes law and 180 days later, the City of Mount Airy may not adopt any annexation ordinance, resolution of intent, or resolution of consideration under Part 3 of Article 4A of Chapter 160A of the General Statutes as to any area in the Cross Creek or Laurel Forest Areas. Any deadlines under that Part are suspended during that period as to proposed annexation of any of those areas.

SECTION 2. This act is effective when it becomes law.

House Committee on Finance

Minutes

~

April 22, 2003

The House Committee on Finance met on Tuesday, April 22, 2003 at 9:00 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, and Luebke; Vice-Chairs Alexander, Decker, Gibson, and Hill; Representatives Blackwood, Bordsen, Capps, Carney, Creech, Glazier, Hackney, Holliman, Jones, McCombs, McGee, Munford, Rayfield, Ross, Weiss, and Womble; and Ex-Officio Committee Member Representative Cunningham. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Matt Myers, and Dusty Rhodes. Staff persons present included Richard Bostic, Trina Griffin, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman Luebke called the meeting to order at 9:08 am and recognized the four Pages present at the meeting: (1) Austin Branch of Pitt County, sponsored by Representative Tolson; (2) Joy Hawley and (3) Meagan Hawley, both of Harnett County, sponsored by Representative Lewis, and Teresita Whitley of Wake County, sponsored by Representative Ellis.

The Chair next recognized Representative Preston for explanation of HB 774 – BEAUFORT SATELLITE ANNEXATIONS (see attachment 3). Representative Preston first requested that the Committee approve the Committee Substitute for the bill. Representative Womble was recognized by the Chair and made a motion to approve the Committee Substitute. The motion carried without opposition. Representative Preston explained that the bill was being brought at the request of the elected officials of the Town of Beaufort to allow the Town to annex in (voluntarily) businesses just outside of the Town that are in need of the Town's sewer system. The bill would require 3 of the 6 statutory requirements for annexation to be waived in this case. There were several questions from Representative Rayfield to Representative Preston concerning the special nature of this annexation and the necessity of the statutory exemptions. Representative Preston referred to documentation that she had been provided by the Town of Beaufort in her response (see attachment 3). Immediately following that discussion, Representative Rayfield made the motion for a favorable report to the Committee Substitute Bill to HB 774, unfavorable as to the original bill. Chairman Luebke then called the vote and the motion carried without objection.

Chairman Luebke recognized Representative McCombs next for an update on the Finance Subcommittee on Tax and Tags (of which Representative McCombs chairs) as well as to explain his bill, HB 680 – GRANITE QUARRY CHARTER REVISION (see attachment 4). Representative McCombs, with regard to the Subcommittee, informed the Chairman and the Committee members that the tax and tag bills up for consideration would be on the Committee's calendar the following Thursday (April 24, 2003). He then simply explained HB 680 as an act to consolidate the Town of Granite Quarry's charter into one document, providing for the continuance of a five-member board, the mayor-council form of government, and nonpartisan elections. Representative McCombs, seeing that there were no questions, was recognized by the Chair and then, "as a member of the committee," moved for a favorable report on his bill. The Chair called the vote and the motion passed unanimously.

Discussion of SB 122 – VARIOUS SATELLITE ANNEXATIONS (see attachment 5) was the next item addressed by Chairman Luebke, who recognized Representative McHenry (on behalf of the bill sponsor, Senator Hoyle) to explain the bill. Representative McHenry informed the members of the Committee that the bill adds the municipalities of Bladenboro, Gastonia, Locust, Pine Level, and Ranlo to the list of towns that do not have to meet one of the five statutory standards necessary for voluntary satellite annexations. Specifically, the area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.

Chairman Luebke recognized Representative Womble who asked Representative McHenry if these annexations would result in any tax increases for the annexed areas. Representative McHenry responded that there were no tax increases to his knowledge. Representative Womble also noted his concern that all of these annexations be completely voluntary and then moved for a favorable report to SB 122.

Prior to action of the motion, however, the Chair recognized Representative Creech who made a request for further details of the cities affected by this bill. Senator McHenry stated that he was not aware of all of the details of the cities involved. Representative Creech then stated that he would confer with Senators Smith and Hoyle prior to the bill reaching the House floor for passage.

Representative Decker was then recognized for a question in regard to the 10% exemption and was informed that it does not currently have a sunset. The Representative also offered an amendment to clarify the bill (see attachment 5) and moved its' adoption, which passed without objection.

Representative Capps was then recognized to ask staff if "voluntary annexation" means that all those involved must agree to the annexation in the proposed areas or it cannot take place. Andy Romanet, Counsel to the League of Municipalities, was present to speak on Representative Capps' question. He informed the Committee that "Yes," any voluntary annexation must have 100% support in order to occur.

Representative Howard was then recognized by the Chair and made the motion to roll Representative Decker's amendment into a committee substitute bill and to offer this Committee Substitute a favorable report. Specifically, Representative Howard's motion acted to give a favorable report to the House Committee Substitute Bill, but an unfavorable report to the Senate Committee Substitute Bill. The Chair called the vote and the motion passed unanimously.

Chairman Luebke then asked Co-Chairwoman Howard to preside over the meeting while he presented SB 482 – DURHAM STREET ANNEXATIONS (on behalf of the bill sponsor, Senator Gulley) (see attachment 6). Chairwoman Howard recognized Representative Luebke to explain the bill. The bill, he explained, is companion to HB 650 and allows the City of Durham to annex roads that are adjacent on both sides to property already within its city limits. The bill acts to alleviate troublesome factors of the current law that fail to include these roads in other contiguous annexations. Following this explanation, Chairwoman Howard recognized Representative Decker who moved for a favorable report. The Chair, seeing no questions from committee members, called the vote and the motion carried by consent.

Having no further business before the Committee, Chairwoman Howard adjourned the meeting at 9:50 am.

Respectfully submitted,

Representative Paul Luebke
Presiding Chair

House Committee on Finance

Minutes

~

April 22, 2003

The House Committee on Finance met on Tuesday, April 22, 2003 at 9:00 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, and Luebke; Vice-Chairs Alexander, Decker, Gibson, and Hill; Representatives Blackwood, Bordsen, Capps, Carney, Creech, Glazier, Hackney, Holliman, Jones, McCombs, McGee, Munford, Rayfield, Ross, Weiss, and Womble; and Ex-Officio Committee Member Representative Cunningham. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Matt Myers, and Dusty Rhodes. Staff persons present included Richard Bostic, Trina Griffin, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman Luebke called the meeting to order at 9:08 am and recognized the four Pages present at the meeting: (1) Austin Branch of Pitt County, sponsored by Representative Tolson; (2) Joy Hawley and (3) Meagan Hawley, both of Harnett County, sponsored by Representative Lewis, and Teresita Whitley of Wake County, sponsored by Representative Ellis.

The Chair next recognized Representative Preston for explanation of HB 774 – BEAUFORT SATELLITE ANNEXATIONS (see attachment 3). Representative Preston first requested that the Committee approve the Committee Substitute for the bill. Representative Womble was recognized by the Chair and made a motion to approve the Committee Substitute. The motion carried without opposition. Representative Preston explained that the bill was being brought at the request of the elected officials of the Town of Beaufort to allow the Town to annex in (voluntarily) businesses just outside of the Town that are in need of the Town's sewer system. The bill would require 3 of the 6 statutory requirements for annexation to be waived in this case. There were several questions from Representative Rayfield to Representative Preston concerning the special nature of this annexation and the necessity of the statutory exemptions. Representative Preston referred to documentation that she had been provided by the Town of Beaufort in her response (see attachment 3). Immediately following that discussion, Representative Rayfield made the motion for a favorable report to the Committee Substitute Bill to HB 774, unfavorable as to the original bill. Chairman Luebke then called the vote and the motion carried without objection.

Chairman Luebke recognized Representative McCombs next for an update on the Finance Subcommittee on Tax and Tags (of which Representative McCombs chairs) as well as to explain his bill, HB 680 – GRANITE QUARRY CHARTER REVISION (see attachment 4). Representative McCombs, with regard to the Subcommittee, informed the Chairman and the Committee members that the tax and tag bills up for consideration would be on the Committee's calendar the following Thursday (April 24, 2003). He then simply explained HB 680 as an act to consolidate the Town of Granite Quarry's charter into one document, providing for the continuance of a five-member board, the mayor-council form of government, and nonpartisan elections. Representative McCombs, seeing that there were no questions, was recognized by the Chair and then, "as a member of the committee," moved for a favorable report on his bill. The Chair called the vote and the motion passed unanimously.

Discussion of SB 122 – VARIOUS SATELLITE ANNEXATIONS (see attachment 5) was the next item addressed by Chairman Luebke, who recognized Representative McHenry (on behalf of the bill sponsor, Senator Hoyle) to explain the bill. Representative McHenry informed the members of the Committee that the bill adds the municipalities of Bladenboro, Gastonia, Locust, Pine Level, and Ranlo to the list of towns that do not have to meet one of the five statutory standards necessary for voluntary satellite annexations. Specifically, the area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.

Chairman Luebke recognized Representative Womble who asked Representative McHenry if these annexations would result in any tax increases for the annexed areas. Representative McHenry responded that there were no tax increases to his knowledge. Representative Womble also noted his concern that all of these annexations be completely voluntary and then moved for a favorable report to SB 122.

Prior to action of the motion, however, the Chair recognized Representative Creech who made a request for further details of the cities affected by this bill. Senator McHenry stated that he was not aware of all of the details of the cities involved. Representative Creech then stated that he would confer with Senators Smith and Hoyle prior to the bill reaching the House floor for passage.

Representative Decker was then recognized for a question in regard to the 10% exemption and was informed that it does not currently have a sunset. The Representative also offered an amendment to clarify the bill (see attachment 5) and moved its' adoption, which passed without objection.

Representative Capps was then recognized to ask staff if "voluntary annexation" means that all those involved must agree to the annexation in the proposed areas or it cannot take place. Andy Romanet, Counsel to the League of Municipalities, was present to speak on Representative Capps' question. He informed the Committee that "Yes," any voluntary annexation must have 100% support in order to occur.

Representative Howard was then recognized by the Chair and made the motion to roll Representative Decker's amendment into a committee substitute bill and to offer this Committee Substitute a favorable report. Specifically, Representative Howard's motion acted to give a favorable report to the House Committee Substitute Bill, but an unfavorable report to the Senate Committee Substitute Bill. The Chair called the vote and the motion passed unanimously.

Chairman Luebke then asked Co-Chairwoman Howard to preside over the meeting while he presented SB 482 – DURHAM STREET ANNEXATIONS (on behalf of the bill sponsor, Senator Gulley) (see attachment 6). Chairwoman Howard recognized Representative Luebke to explain the bill. The bill, he explained, is companion to HB 650 and allows the City of Durham to annex roads that are adjacent on both sides to property already within its city limits. The bill acts to alleviate troublesome factors of the current law that fail to include these roads in other contiguous annexations. Following this explanation, Chairwoman Howard recognized Representative Decker who moved for a favorable report. The Chair, seeing no questions from committee members, called the vote and the motion carried by consent.

Having no further business before the Committee, Chairwoman Howard adjourned the meeting at 9:50 am.

Respectfully submitted,

Representative Paul Luebke

HOUSE BILL 774
PROPOSED COMMITTEE SUBSTITUTE H774-PCS80273-SVx-5

Short Title: Beaufort Satellite Annexations. (Local)

Sponsors:

Referred to:

March 27, 2003

A BILL TO BE ENTITLED

AN ACT CONCERNING SATELLITE ANNEXATIONS BY THE TOWN OF BEAUFORT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-58.1(b) reads as rewritten:

"(b) A noncontiguous area proposed for annexation must meet all of the following standards:

~~(1) The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.~~

~~(2) No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city, except as set forth in subsection (b2) of this section.~~

(3) The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.

(4) If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.

~~(5) The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed ten percent (10%) of the area within the primary corporate limits of the annexing city.~~

~~This subdivision does not apply to the Cities of Claremont, Concord, Conover, Newton, Sanford, Salisbury, and Southport, and the Towns of Catawba, Maiden, Midland, Swansboro, and Warsaw.~~

(6) The area must be east of a line that runs from the confluence of Taylor's Creek and Gallant's Channel northwardly with Gallant's Channel to Town Creek, then northwestwardly from Town Creek to the Intracoastal Waterway in Newport River, then northwardly with the Intracoastal Waterway to a point where an extension of SR 1162 would intersect the Waterway of the Intracoastal Waterway, and Beaufort municipal sewer must be available within the area."

SECTION 2. Nothing in this act shall be construed to limit or be limited by any provisions of Chapter 432 of the 1997 Session Laws or any other existing laws or ordinances.

SECTION 3. This act applies to the Town of Beaufort only.

SECTION 4. This act is effective when it becomes law.

SECTION 3. This act applies to the Town of Beaufort only.

SECTION 4. This act is effective when it becomes law.

HOUSE BILL 774:
Beaufort Satellite Annexations

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Preston
Date:	April 22, 2003	**Summary by:**	Trina Griffin
Version:	1st Edition		Committee Counsel

SUMMARY: ***House Bill 774 allows the Town of Beaufort to annex satellite areas without meeting three of the five standards required for voluntary satellite annexation. However, it adds the following requirements:***

- ***The area being annexed must be east of a specifically described area; and***
- ***Beaufort municipal sewer must be available within the area.***

CURRENT LAW: G.S. 160A-58.1 governs the voluntary annexation by a municipality of noncontiguous property. All property owners in the satellite area[1] may petition for voluntary annexation of the noncontiguous property if the property meets the following five standards in G.S. 160A-58.1(b):

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.

BILL ANALYSIS: House Bill 774 authorizes the Town of Beaufort to annex satellite areas without having to meet three of the five statutory requirements in G.S. 160A-58.1, which are as follows:

- The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
- No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
- The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.

However, the bill adds the following requirements:

- The area must be east of a line that runs from the confluence of Taylor's Creek and Gallant's Channel northwardly with Gallant's Channel to Town Creek, then northwestwardly from Town Creek to the Intracoastal Waterway in Newport River, then northwardly with the Intracoastal Waterway to a point where an extension of SR 1162 would intersect the Waterway of the Intracoastal Waterway; and
- Beaufort municipal sewer must be available within the area.

The bill becomes effective when it becomes law.

[1] G.S. 160A-58.4 provides that satellite corporate limits cannot be considered a part of a municipality's corporate limits for purposes of its ETJ. Therefore, satellite annexations have no effect upon a municipality's ETJ.

Representative Jean Preston
N.C. House of Representatives
Raleigh, NC 27601-1096

RE: **House Bill 774**

Dear Representative Preston:

Here are the answers to the four questions you raised regarding the above.

1. The main purpose is to allow Beaufort to annex, by voluntary satellite annexation, properties that apply for connection to Beaufort municipal sewer that are located more than three miles from our primary city limits. Satellite annexation by statute is voluntary. Our sewer lines down Highways 101 and 70 extend approximately five miles. We have received a request for sewer connection from several projects that are more than three miles from the city limits. The Board of Commissioners now believes that if municipal sewer is provided, an option for the Town needs to be annexation. The projects that are already connected to sewer more than three miles from our city limits, such as Jarrett Bay and Parker Boats, are not proposed for annexation but if they request annexation in the future HB 774 would allow the annexation. There is a separate annexation bill for the Taylor Farm Subdivision that was adopted by the General Assembly in the late 1990's. Our current request is not related to Taylor Farms.

2. HB 774 relates to satellite annexation only. Satellite annexation by General Statute is limited to voluntary annexation. The Board of Commissioners is aware of this and cannot and will not use HB 774 for involuntary annexation.

3. Eastman's Creek has applied for both sewer service and voluntary annexation. The project is more than three miles from our city limits; therefore the Town cannot annex the project without HB 774 or some similar legislation. None of the other projects referenced in question number 3 have approached Beaufort about annexation.

Mayor Thomas L. Steepy
Commissioner Julian Arrington Commissioner Faye M. Nelson Commissioner Nancy Russell
Commissioner Math Chaplain Commissioner Charles McDonald
Town Manager Terri Parker-Eakes

and there have been no discussions about annexing these projects. Under the satellite annexation Statutes, they could not be annexed unless they petition for voluntary annexation.

4. HB 774 will have no effect on the jurisdictional control of Michael J. Smith Air Field. Part of the airport is currently within the city limits of Beaufort and the remainder is within the Town's extraterritorial zoning jurisdiction. It is my understanding that the Airport Authority can preempt Town zoning under the State Statutes.

If you need additional explanation, please call or email.

Sincerely,

Terri Parker-Eakes

Terri Parker-Eakes
Town Manager

RESOLUTION REQUESTING THE NORTH CAROLINA GENERAL ASSEMBLY ADOPT A SPECIAL BILL AUTHORIZING VOLUNTARY SATELLITE ANNEXATION BY THE TOWN OF BEAUFORT OF PROPERTIES RECEIVING MUNICIPAL SEWER

WHEREAS, sewer mains connected to the Beaufort municipal sewer system extend northwardly from the city limits along Highway 101 and Highway 70 more than three miles from the primary city limits; and

WHEREAS, property owners in the vicinity of such sewer lines request, from time to time, to be allowed to connect to such sewer lines; and

WHEREAS, under existing Town policy, applicants for connection apply for annexation, but when properties are more than three miles from the city limits, the Town has no authority to annex; and

WHEREAS, Beaufort would like the option of annexing properties that connect to its municipal sewer system upon the voluntary application for satellite annexation by such owners.

NOW, THEREFORE BE IT RESOLVED by the Board of Commissioners of the Town of Beaufort that the North Carolina General Assembly be asked to enact a special bill that will give the Town the authority to satellite annex properties in the vicinity of the Highway 101 and Highway 70 corridors into the city limits when the owners of such properties apply for annexation and when such properties will be served with Beaufort municipal sewer, notwithstanding that such properties do not meet the current statutory requirements for satellite annexation. The attached draft of the proposed bill, and any reasonable modifications thereof, is approved by the Board of Commissioners.

Enacted this 31st day of March, 2003.

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2003

HOUSE BILL 680

Short Title:	Granite Quarry Charter Revision.	(Local)
Sponsors:	Representative McCombs.	
Referred to:	Local Government I.	

March 26, 2003

A BILL TO BE ENTITLED

AN ACT TO REVISE AND CONSOLIDATE THE CHARTER OF THE TOWN OF GRANITE QUARRY.

The General Assembly of North Carolina enacts:

SECTION 1. The Charter of the Town of Granite Quarry is revised and consolidated to read:

"CHARTER OF THE TOWN OF GRANITE QUARRY.

"CHAPTER I.

"INCORPORATION AND CORPORATE POWERS.

"Section 1-1. **Incorporation and Corporate Powers.** The inhabitants of the Town of Granite Quarry are a body corporate and politic under the name "Town of Granite Quarry". Under that name they have all the powers, duties, rights, privileges, and immunities conferred and imposed on cities by the general law of North Carolina.

"CHAPTER II.

"CORPORATE BOUNDARIES.

"Section 2-1. **Town Boundaries.** Until modified in accordance with law, the boundaries of the Town of Granite Quarry are as shown upon the official map showing the current town boundaries retained in the office of the Town Clerk.

"CHAPTER III.

"GOVERNING BODY.

"Section 3-1. **Structure of Governing Body; Number of Members.** The governing body of the Town of Granite Quarry is the Board of Aldermen, which has five members.

"Section 3-2. **Manner of Electing Board.** The qualified voters of the entire Town elect the members of the Board.

"Section 3-3. **Terms of Office of Board Members.** Members of the Board are elected to four-year terms. In 2003, and each four years thereafter, three members of the Board shall be elected. In 2005, and each four years thereafter, two members of the Board shall be elected.

"Section 3-4. **Election of Mayor; Term of Office.** At the organizational meeting of the Board following each election, the Board shall elect one of its members to serve as Mayor and one to serve as Mayor Pro Tempore. The Mayor and Mayor Pro Tempore shall serve at the pleasure of the Board.

"Section 3-5. **Mayor to Vote in Case of Tie Vote Only.** The Mayor shall not vote on any matter before the Board, except when there exists a tie vote among the other members of the Board.

"CHAPTER IV.

"ELECTIONS.

"Section 4-1. **Conduct of Town Elections.** Town officers shall be elected on a nonpartisan basis and the results determined by a plurality as provided in G.S. 163-292.

"CHAPTER V.

"ADMINISTRATION.

"Section 5-1. **Town to Operate Under Mayor-Council Plan.** The Town of Granite Quarry operates under the mayor-council plan as provided in Part 3 of Article 7 of Chapter 160A of the General Statutes."

SECTION 2. The purpose of this act is to revise the Charter of the Town of Granite Quarry and to consolidate herein certain acts concerning the property, affairs, and government of the Town.

SECTION 3. The following acts or portions of acts, having served the purposes for which they were enacted, or having been consolidated into this act, are hereby repealed:

Chapter 259, Private Laws of 1901
Chapter 43, Private Laws of 1905
Chapter 667, Session Laws of 1949
Chapter 14, Session Laws of 1957
Chapter 76, Session Laws of 1959.

SECTION 4. No provision of this act is intended, nor shall be construed, to affect in any way any rights or interests (whether public or private):

(1) Now vested or accrued, in whole or in part, the validity of which might be sustained or preserved by reference to any provisions of law repealed by this act.

(2) Derived from, or which might be sustained or preserved in reliance upon, action heretofore taken pursuant to or within the scope of any provisions of law repealed by this act.

SECTION 5. No law heretofore repealed expressly or by implication, and no law granting authority which has been exhausted, shall be revived by:

(1) The repeal herein of any act repealing such law, or

(2) Any provision of this act that disclaims an intention to repeal or affect enumerated or designated laws.

SECTION 6. All existing ordinances and resolutions of the Town of Granite Quarry and all existing rules or regulations of departments or agencies of the Town of Granite Quarry not inconsistent with the provisions of this act shall continue in full force and effect until repealed, modified, or amended.

SECTION 7. No action or proceeding of any nature (whether civil or criminal, judicial or administrative, or otherwise) pending at the effective date of this act by or against the Town of Granite Quarry or any of its departments or agencies shall be abated or otherwise affected by the adoption of this act.

SECTION 8. If any part of this act or the application thereof to any person or circumstance is held to be invalid, such invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

SECTION 9. Whenever a reference is made in this act to a particular provision of the General Statutes and such provision is later amended, repealed, or superceded, the reference shall be deemed amended to refer to the amended General Statute or to the General Statute which most nearly corresponds to the statutory provision which is repealed or superceded.

SECTION 10. This act is effective when it becomes law.

HOUSE BILL 680:
Granite Quarry Charter Revision

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. McCombs
Date:	April 22, 2003	**Summary by:**	Trina Griffin*
Version:	1st Edition		Committee Counsel

SUMMARY: ***House Bill 680 revises and consolidates the charter of the Town of Granite Quarry. This bill received a favorable report in House Local Government I. The bill would become effective when it becomes law.***

CURRENT LAW: The charter of the Town of Granite Quarry has not been previously revised and consolidated. The Town was incorporated in 1901 under the name of Woodside. The name was changed to Granite Quarry in 1905. The last changes that were made to the charter were in 1957 and 1959, when the present primary and general election schedule were established.

BILL ANALYSIS: House Bill 680 brings together the pieces of the charter into one document, providing for the continuance of five board members, the mayor-council form of government, and non-partisan elections.

*Erika Churchill, counsel for House Local Government I, substantially contributed to this summary.

A BILL TO BE ENTITLED

AN ACT CONCERNING VOLUNTARY SATELLITE ANNEXATION BY THE CITIES OF GASTONIA AND LOCUST AND THE TOWNS OF BLADENBORO, PINE LEVEL, AND RANLO.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-58.1(b) reads as rewritten:

"(b) A noncontiguous area proposed for annexation must meet all of the following standards:

(1) The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.

(2) No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city, except as set forth in subsection (b2) of this section.

(3) The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.

(4) If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.

(5) The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed ten percent (10%) of the area within the primary corporate limits of the annexing city.

Subdivision (5) of this subsection does not apply to the Cities of Claremont, Concord, Conover, Gastonia, Locust, Newton, Sanford, Salisbury, and Southport, and the Towns of Bladenboro, Catawba, Maiden, Midland, Pine Level, Ranlo, Swansboro, and Warsaw."

Southport, and the Towns of Bladenboro, Catawba, Maiden, Midland, Pine Level, Ranlo, Swansboro, and Warsaw."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 122:
Various Satellite Annexations

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Hoyle
Date:	April 22, 2003	**Summary by:**	Trina Griffin*
Version:	3rd Edition		Committee Counsel

SUMMARY: ***Senate Bill 122 adds Bladenboro, Gastonia, Locust, Pine Level, and Ranlo to the list of cities and towns that do not have to meet one of the five statutory standards required for voluntary satellite annexation in G.S. 160A-58.1(b). These cities and towns would not have to meet the standard that limits the size of the area within the satellite corporate limits. The act would become effective when it becomes law.***

CURRENT LAW: G.S. 160A-58.1 governs the voluntary annexation by a municipality of noncontiguous property. All property owners in the satellite area[1] may petition for voluntary annexation of the noncontiguous property if the property meets the following five standards in G.S. 160A-58.1(b):

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. **The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.**

BILL ANALYSIS: Senate Bill 122 amends G.S. 160A-58.1(b) by adding the Cities of Gastonia and Locust and the Towns of Bladenboro, Pine Level and Ranlo to the list of cities and towns[2] that do not have to meet the 5th statutory standard required for voluntary satellite annexation. This means that the noncontiguous property to be annexed does not have to be within the statutory size limit.

*Cindy Avrette, counsel for Senate Finance, substantially contributed to this summary.

[1] G.S. 160A-58.4 provides that satellite corporate limits cannot be considered a part of a municipality's corporate limits for purposes of its ETJ. Therefore, satellite annexations have no effect upon a municipality's ETJ.

[2] G.S. 160A-58.1(b)(5) does not apply to the following cities and towns: Calabash, Catawba, Claremont, Concord, Conover, Dallas, Godwin, Hickory, Kenly, Louisburg, Maiden, Marion, Midland, Mocksville, Mooresville, Mount Airy, Newton, Oxford, Pembroke, Rockingham, Rutherfordton, Salisbury, Sanford, Southport, Statesville, Swansboro, Waynesville, and Warsaw. Several other cities and towns have had this provision modified.

SENATE BILL 482
Second Edition Engrossed 4/10/03

Short Title:	Durham Street Annexations.	(Local)
Sponsors:	Senator Gulley.	
Referred to:	Finance.	

March 20, 2003

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE CITY OF DURHAM TO ANNEX ROADS THAT ARE ADJACENT ON BOTH SIDES TO PROPERTY ALREADY WITHIN THE CITY LIMITS.

The General Assembly of North Carolina enacts:

SECTION 1. The Charter of the City of Durham, being Chapter 671 of the 1975 Session Laws, as amended, is further amended by adding a new section to read:

"**Sec. 2.5A. Annexation of Streets Adjacent to City Limits.**

In addition to its authority to annex streets under this Charter and under general law, the City may annex the portions of public or private streets that are directly contiguous on two opposing sides to property that is within the City limits. When the City proposes to annex a street under this authority and the annexation is of the street alone, and no other property, the City may accomplish the annexation using the procedure described in this section. The City Council shall pass a resolution describing the street area to be annexed, and setting a date for a public hearing. Notice and a public hearing as required under Parts 1 and 4 of Article 4A of Chapter 160A of the General Statutes shall be provided. Upon compliance with these requirements, the City Council may pass an ordinance annexing the described area, and no other requirements shall apply. The time period for appeal of the annexation shall be as provided in Section 2.6 of this Charter."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 482:
Durham Street Annexations

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Gulley
Date:	April 22, 2003	**Summary by:**	Martha Walston
Version:	2nd Edition		Committee Counsel*

SUMMARY: ***Senate Bill 482 is a local bill that authorizes the City of Durham to annex roads that are adjacent on both sides to property already within its city limits. The bill would become effective when it becomes law. The 2nd Edition makes a technical change to the original bill. It changes a section cite from "Sec. 2.6" to "Sec. 2.5A", because the Durham City Charter already contains a Section 2.6. (S.L. 1997-452, s. 5)***

House Bill 650 is a companion bill and also is in House Finance.

BILL ANALYSIS: In Durham, there have been instances where developers have petitioned the City to annex property into its corporate limits. In some cases, the petitions have inadvertently failed to include the portion of the street adjacent to the property. This situation has created holes within the contiguous city limits that are not included within the city. Senate Bill 482 authorizes Durham to annex the portions of streets that are fully contiguous on both sides to the City limits, following notice and a public hearing. Without this legislation, the city would have to begin the formal process of involuntary annexation of the streets or it would have to ask the property owners to petition the city to have the streets annexed. The process provided by this bill allows the municipality to annex the streets in a less cumbersome manner.

CURRENT LAW: A municipality may include within areas to be annexed the streets in that area. Also, property owners may petition a municipality to annex their property within the municipality's corporate limits and included within that property description may be streets. The situation addressed by this bill is where the property described in a voluntary annexation inadvertently failed to include the streets.

Senate Bill 482 provides that notice must be given and a public hearing must be held in accordance with the notice and public hearing requirements for voluntary annexations. Under those requirements, the governing board of the municipality sets the date for a public hearing. Notice of the public hearing must be published once in a newspaper having general circulation in the municipality at least 10 days prior to the date of the public hearing. If there is no such newspaper, then notice of the public hearing must be posted in three or more places within the area to be annexed and within the municipality at large.

The Durham City Charter provides that any judicial action contesting the validity of a voluntary annexation must be filed within 30 days after the adoption of the annexation ordinance. Senate Bill 482 allows for this same appeals process for the annexation of streets adjacent to its city limits.

*Cindy Avrette, counsel to Senate Finance, contributed substantially to this summary.

House Committee on Finance

Minutes

~

April 24, 2003

The House Committee on Finance met on Thursday, April 24, 2003 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Luebke, McComas, and Wainwright; Vice-Chairs Alexander, Decker, Gibson, and Hill; and Representatives Bordsen, Carney, Creech, Glazier, Hackney, Holliman, Jones, McCombs, Rayfield, Ross, Weiss, and Womble. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Jackson Stencil. Staff persons present included Richard Bostic, Trina Griffin, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman McComas called the meeting to order at 8:31 am and recognized the two Pages present at the meeting: (1) Summer Green of Mecklenburg County, sponsored by Representative C. Wilson; and (2) Brittany Matthews of Harnett County, sponsored by Representative Lewis.

The Chair next recognized Representative Hill to explain HB 742 – CAROLINA SHORES CHARTER (see attachment 3). First, however, a technical amendment was necessary (as attached) and was offered by Representative Howard, who also moved for the amendment's adoption. The Committee adopted the amendment unanimously. Representative Hill then noted that this bill makes a number of changes to the Charter of the Town of Carolina Shores, pending the annexation of certain property to its corporate limits prior to August 1, 2003. Representative Wainwright then made a motion to roll the amendment to the bill into a Proposed Committee Substitute, and then moved for a favorable report. Seeing no questions, Chairman McComas called the vote and the motion passed without opposition. HB 742 will be reported as favorable to the committee substitute bill, unfavorable to the original bill.

Chairman McComas next recognized Representative Gibson (on behalf of the bill sponsor, Representative Glazier) to explain HB 959 – STUDY TAX PREFERENCES (see attachment 4). This bill acts to require the Revenue Laws Study Commission to conduct a review of each tax expenditure at least once every ten years to determine if the expenditure is equitable and efficient. The Chair recognized Representative Weiss, who offered an amendment to the bill, changing the required period of review from 10 years to 5 years. The Chair then recognized Representative Womble who stated his agreement to the amendment and moved for its' adoption. The amendment was adopted without objection. Having no other questions from the members, Chairman McComas recognized Representative Howard who requested that the adopted amendment be rolled into a proposed committee substitute bill. She then moved that the Committee offer a favorable report as to the committee substitute bill, unfavorable as to the original bill. Upon the Chair's call, the motion carried by consent.

HB 855 – VARIOUS SPECIAL REGISTRATION PLATES (see attachment 5) was the next bill to be considered. The Chairman recognized Representative Howard who moved that the Proposed Committee Substitute to HB 855 be adopted by the Committee for discussion. The

motion was approved without objection. The Chair then recognized Representative McCombs, Chair of the Finance Subcommittee on Tax and Tags, to explain the bill. Representative McCombs thanked the other members of the Subcommittee (Representatives Decker and Womble) and staff (Martha Walston and Jason Cannon) for all of their good work on the bill. He explained that this committee substitute bill rolls some seven (7) license plate bills into one, and includes license plates for the following groups/organizations: Breast Cancer Awareness, Blue Ridge Parkway Foundation, Surveyors, Retired Law Enforcement Officers, and Mothers Against Drunk Driving. Commissioner of the Division of Motor Vehicles, Carol Howard, was present and spoke briefly on the bill, acknowledging that she had no problems with creating any of the plates in HB 855. She did note concern on the issuance of NASCAR Racing plates, a separate bill not up for consideration at this meeting. Following this, Chairman McComas recognized Representative Wainwright, who thanked Representative McCombs and the Subcommittee for its thorough work on this bill and immediately moved for a favorable report. Representative Creech, however, upon recognition of the Chair, expressed his contention that the number of specialized license plates is "getting out of hand" and that the fees for this state service have not been increased in over 20 years. Chairman McComas then called the vote, and the motion carried with one member, Representative Creech, voicing opposition.

Representative Preston was recognized by the Chairman to explain the final bill on the meeting's agenda: SB 295 – SPECIAL REGISTRATION PLATES (see attachment 6). The Chair first, however, recognized Representative G. Allen who moved the adoption of the Proposed Committee Substitute to SB 295, which carried without objection. Representative Preston then explained that this bill too was one for specialized vehicle plates, and provided for two separate groups: Professional Paramedics and the North Carolina Coastal Federation. The Finance Subcommittee on Tax and Tags also favorably reviewed the bill. Following this explanation, Chairman McComas recognized Representative Creech for a question. He asked Representative Preston if local law enforcement were in favor of all of these license plate bills. Representative Preston responded that she had heard from no law enforcement officials in her district and noted that if law enforcement were significantly concerned, it would be present to express its position. The Chair then recognized Representative Ross, who moved for a favorable report as to the committee substitute bill, unfavorable as to the original bill. Allowing for brief comments from the audience, Mr. Jim Stevenson with the North Carolina Coastal Federation voiced his firm support of the bill. Seeing no further discussion, Chairman McComas called the vote and the motion carried, with Representative Creech again standing as the sole member in opposition.

Having no further business before the Committee, the Chair adjourned the meeting at 9:04 am.

Respectfully submitted,

Representative Danny McComas
Presiding Chair

Jason A. Cannon
Assistant to Committee on Finance

House Committee on Finance

Minutes

~

April 24, 2003

The House Committee on Finance met on Thursday, April 24, 2003 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Luebke, McComas, and Wainwright; Vice-Chairs Alexander, Decker, Gibson, and Hill; and Representatives Bordsen, Carney, Creech, Glazier, Hackney, Holliman, Jones, McCombs, Rayfield, Ross, Weiss, and Womble. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Jackson Stencil. Staff persons present included Richard Bostic, Trina Griffin, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman McComas called the meeting to order at 8:31 am and recognized the two Pages present at the meeting: (1) Summer Green of Mecklenburg County, sponsored by Representative C. Wilson; and (2) Brittany Matthews of Harnett County, sponsored by Representative Lewis.

The Chair next recognized Representative Hill to explain HB 742 – CAROLINA SHORES CHARTER (see attachment 3). First, however, a technical amendment was necessary (as attached) and was offered by Representative Howard, who also moved for the amendment's adoption. The Committee adopted the amendment unanimously. Representative Hill then noted that this bill makes a number of changes to the Charter of the Town of Carolina Shores, pending the annexation of certain property to its corporate limits prior to August 1, 2003. Representative Wainwright then made a motion to roll the amendment to the bill into a Proposed Committee Substitute, and then moved for a favorable report. Seeing no questions, Chairman McComas called the vote and the motion passed without opposition. HB 742 will be reported as favorable to the committee substitute bill, unfavorable to the original bill.

Chairman McComas next recognized Representative Gibson (on behalf of the bill sponsor, Representative Glazier) to explain HB 959 – STUDY TAX PREFERENCES (see attachment 4). This bill acts to require the Revenue Laws Study Commission to conduct a review of each tax expenditure at least once every ten years to determine if the expenditure is equitable and efficient. The Chair recognized Representative Weiss, who offered an amendment to the bill, changing the required period of review from 10 years to 5 years. The Chair then recognized Representative Womble who stated his agreement to the amendment and moved for its' adoption. The amendment was adopted without objection. Having no other questions from the members, Chairman McComas recognized Representative Howard who requested that the adopted amendment be rolled into a proposed committee substitute bill. She then moved that the Committee offer a favorable report as to the committee substitute bill, unfavorable as to the original bill. Upon the Chair's call, the motion carried by consent.

HB 855 – VARIOUS SPECIAL REGISTRATION PLATES (see attachment 5) was the next bill to be considered. The Chairman recognized Representative Howard who moved that the Proposed Committee Substitute to HB 855 be adopted by the Committee for discussion. The

motion was approved without objection. The Chair then recognized Representative McCombs, Chair of the Finance Subcommittee on Tax and Tags, to explain the bill. Representative McCombs thanked the other members of the Subcommittee (Representatives Decker and Womble) and staff (Martha Walston and Jason Cannon) for all of their good work on the bill. He explained that this committee substitute bill rolls some seven (7) license plate bills into one, and includes license plates for the following groups/organizations: Breast Cancer Awareness, Blue Ridge Parkway Foundation, Surveyors, Retired Law Enforcement Officers, and Mothers Against Drunk Driving. Commissioner of the Division of Motor Vehicles, Carol Howard, was present and spoke briefly on the bill, acknowledging that she had no problems with creating any of the plates in HB 855. She did note concern on the issuance of NASCAR Racing plates, a separate bill not up for consideration at this meeting. Following this, Chairman McComas recognized Representative Wainwright, who thanked Representative McCombs and the Subcommittee for its thorough work on this bill and immediately moved for a favorable report. Representative Creech, however, upon recognition of the Chair, expressed his contention that the number of specialized license plates is "getting out of hand" and that the fees for this state service have not been increased in over 20 years. Chairman McComas then called the vote, and the motion carried with one member, Representative Creech, voicing opposition.

Representative Preston was recognized by the Chairman to explain the final bill on the meeting's agenda: SB 295 – SPECIAL REGISTRATION PLATES (see attachment 6). The Chair first, however, recognized Representative G. Allen who moved the adoption of the Proposed Committee Substitute to SB 295, which carried without objection. Representative Preston then explained that this bill too was one for specialized vehicle plates, and provided for two separate groups: Professional Paramedics and the North Carolina Coastal Federation. The Finance Subcommittee on Tax and Tags also favorably reviewed the bill. Following this explanation, Chairman McComas recognized Representative Creech for a question. He asked Representative Preston if local law enforcement were in favor of all of these license plate bills. Representative Preston responded that she had heard from no law enforcement officials in her district and noted that if law enforcement were significantly concerned, it would be present to express its position. The Chair then recognized Representative Ross, who moved for a favorable report as to the committee substitute bill, unfavorable as to the original bill. HOUSE BILL 742*
PROPOSED COMMITTEE SUBSTITUTE H742-PCS60305-LA-10

Short Title: Carolina Shores Charter. (Local)

Sponsors:

Referred to:

March 27, 2003

A BILL TO BE ENTITLED

AN ACT TO IMPLEMENT A PROPOSED ANNEXATION OF THE TOWN OF CAROLINA SHORES.

The General Assembly of North Carolina enacts:

SECTION 1. Section 3.2 of the Charter of the Town of Carolina Shores, as enacted by Section 2 of S.L. 1998-75, reads as rewritten:

"Sec. 3.2. **Manner of Electing Board.** The qualified voters of the entire Town elect all of the members of the Board of Commissioners. The Town is divided into two districts, District 1 consisting of the territory annexed as described in Section 5 of this act; District 2 consists of the remainder of the Town. One member shall be a resident of District 1, two members shall be residents of District 2, and the remaining members may live anywhere within the corporate limits. District 1 and District 2 shall be elected separately on the ballot.

SECTION 2. Section 3.3(b) of the Charter of the Town of Carolina Shores, as enacted by Section 2 of S.L. 1998-75, reads as rewritten:

"(b) In 1999 five members of the Board of Commissioners are elected. The three persons receiving the highest numbers of votes are elected to four-year terms and the two persons receiving the next highest numbers of votes are elected to two-year terms. In 2001 and quadrennially thereafter, two members of the council are elected to four-year ~~terms.~~ terms at large. In 2003 and quadrennially thereafter, three members of the council are elected to four-year ~~terms.~~ terms, one a resident of District 1 and two who are residents of District 2."

SECTION 3. From July 1, 2003, until the organizational meeting after the 2003 regular municipal election, the Board of Commissioners is expanded from five members to six members. The Board of Commissioners shall appoint a person who resides in the territory annexed as described in Section 5 of this act to fill that seat.

SECTION 3.1. Of the funds received by the Town of Carolina Shores under G.S. 136-41.1 through G.S. 136-41.3 for the 10 fiscal years beginning on or after July 1,

2003, the Town must expend in District 1 all of the funds received on account of the population and road mileage in that District.

SECTION 4. Of the funds received by the Town of Carolina Shores from local option sales taxes for the 10 fiscal years beginning on or after July 1, 2003, the Town must expend in District 1 all of the funds received on account of the population or assessed valuation in that District (depending on the formula used by Brunswick County to distribute such revenues to the municipalities in that county).

SECTION 5. Sections 1 through 4 of this act become effective only if the Town of Carolina Shores annexes any or all of the following property under Part 2 of Article 4A of Chapter 160A of the General Statutes prior to August 1, 2003:

BEGINNING at a fixed point of southerly side of the intersection of the right-of-way of Clubview Lane and the easterly side of the right-of-way of State Road 1165 then S06°09'45W 200.0 feet, then S06°24'06W for 185.0 feet, then S 14°22'08 for 133.05 feet then S31°37'12 for 125.0 feet, then S42°37'12W for 884.77 to a fixed point. Then, turning westerly along a utility easement and along the westerly boundary for the Town of Carolina Shores, N25°36'51W for 1369.78 feet, then N25°36'51W for 1491.07 feet, then N25°34'45W 352.46', then N25°29'27 feet for 2444.56 feet. Then N64°30'38 for 120.58 feet, the northerly along the westerly right-of-way of Watson Ave. N25°29'22W for 7.10 feet then N09°59'30 along a chord of 383.14 feet. Then along the Southerly boundary of the utility easement S77°24'38E for 721.50 feet to the westerly edge of a water body known as Lake D. Then along the lake edge N03°33'56E for 42.98 feet, N03°46'23E for 47.50 feet, then N06°12'39E for 28.37 feet, then N32°08'35E for 25.69 feet, then N14°59'37E, then N00°22'22E for 41.11 feet, then N21°33'30E for 21.17 feet, then N17°36'53E for 28.05 feet, then N29°09'08W for 17.25 feet then S78°32'11W for 19.05 feet and S43°47'28W 21.94 feet to the edge of the pond and the rear property line of lot 283. Then S77°24'38E 312.48 feet and then 185.00 feet, then S12°35'22W 183.16 feet, then S77°24'38 for 914.06 feet along a utility and drainage easement, then continuing along the easement S12°35'22W for 724.87 feet. Then S36°10'40E for 161.38 feet, then S48°17'03E for 11245.30 feet, then S87°46'05E for 153.78 feet, then S38°25'40E for 505.54 feet, then S33°42'50E for 168.96 feet then S22°30'50 for 199.35 feet then S64°59'73W for 901.96 feet along a drainage easement. Then N23°26'21 for 482.18 feet, then N66°33'39E for 185.40 feet then N06°09'45E for 716 feet back to the point of beginning.

SECTION 6. This act is effective when it becomes law.

HOUSE BILL 742:
Carolina Shores Charter

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Hill and Stiller
Date:	April 24, 2003	**Analysis by:**	Martha Walston
Version:	1st Edition		Committee Counsel

SUMMARY: House Bill 742 is a local bill that would amend the Charter of the Town of Carolina Shores in Brunswick County only if the Town annexes certain property under the annexation statutes in Chapter 160A of the General Statutes prior to August 1, 2003.

CURRENT LAW: S.L. 1998-75 authorized the incorporation of the Town of Carolina Shores. The Town was to consist of an area previously annexed into the Town of Calabash in 1989.

BILL ANALYSIS: If any or all of certain described property is annexed by the Town of Carolina Shores prior to August 1, 2003, then the Charter of the Town of Carolina Shores will be amended as follows:

- The Town will be divided into two districts. District 1 will consist of the annexed area, and District 2 will consist of the remainder of the Town. One member of the Town Board of Commissioners will be a resident of District 1, two members will be a resident of District 2, and the remaining members may live anywhere within the corporate limits. District 1 and District 2 will be elected separately on the ballot, and the voters of the Town will elect all of the members. Under the Current Charter the Board of Commissioners is composed of five members.
- Under the current charter, in 2003 and every four years thereafter, three members of the Board of Commissioners will be elected to four-year terms. House Bill 742 will require one of the members to be a resident of District 1 and two members to be residents of District 2.
- From July 1, 2003 until the organizational meeting after the 2003 regular municipal election, the Board of Commissioners will be expanded from five to six members. The Board will appoint a sixth member who resides in the annexed area.
- For the 10 fiscal years beginning on or after July 1, 2003, the Town must expend in District 1 all of the Powell Bill funds received on account of the population and road mileage in District 1. Under current law, Powell Bill funds may be used only for the purposes of maintaining, repairing, constructing, reconstructing, or widening of local streets that are the responsibility of the municipalities.
- For the 10 fiscal years beginning on or after July 1, 2003, the Town must expend in District 1 all of the local option sales taxes received by the Town on account of the population or assessed valuation in that District. The amount will depend on the formula used by Brunswick County to distribute local option sales tax revenues to the

municipalities in the County. Current law provides that in April of each year, each county board of commissioners elects one of two methods to determine the distribution of revenue between the county and its municipalities. The two methods are:

Per Capita Method - the net proceeds of the county are divided by the sum of the population of the county and its municipalities to determine a per capita amount. This amount is multiplied by the county's total population and each municipality's population to determine the allocation to each area

Ad Valorem Method - the net proceeds may be distributed between the county and its municipalities in proportion to the total amount of ad valorem taxes levied by each during the fiscal year preceding the year of distribution.

2003 COMMITTEE REPORT
HOUSE OF REPRESENTATIVES

The following report(s) from standing committee(s) is/are presented:
By Representatives **G. Allen, Howard, Luebke, McComas, Miner, and Wainwright** (Chairs) for the Committee on **FINANCE**.

☐ Committee Substitute for
H.B. 742 A BILL TO BE ENTITLED AN ACT TO IMPLEMENT A PROPOSED ANNEXATION OF THE TOWN OF CAROLINA SHORES.

A BILL TO BE ENTITLED

AN ACT TO REQUIRE THE REVENUE LAWS STUDY COMMITTEE TO CONDUCT A REVIEW OF ALL TAX EXPENDITURES AT LEAST ONCE EVERY FIVE YEARS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 120-70.106 reads as rewritten:

"**§ 120-70.106. ~~Purpose and powers~~Purpose, powers, and duties of Committee.**

(a) The Revenue Laws Study Committee may:

(1) Study the revenue laws of North Carolina and the administration of those laws.

(2) Review the State's revenue laws to determine which laws need clarification, technical amendment, repeal, or other change to make the laws concise, intelligible, easy to administer, and equitable.

(3) Call upon the Department of Revenue to cooperate with it in the study of the revenue laws.

(4) Report to the General Assembly at the beginning of each regular session concerning its determinations of needed changes in the State's revenue laws.

These powers, which are enumerated by way of illustration, shall be liberally construed to provide for the maximum review by the Committee of all revenue law matters in this State.

(b) The Committee may make interim reports to the General Assembly on matters for which it may report to a regular session of the General Assembly. A report to the General Assembly may contain any legislation needed to implement a recommendation of the Committee. When a recommendation of the Committee, if enacted, would result in an increase or decrease in State revenues, the report of the Committee must include an estimate of the amount of the increase or decrease.

(c) The Committee shall conduct a comprehensive review of each tax expenditure at least once every five years to determine if the tax expenditure is an equitable and efficient means of achieving a State public policy objective and shall report to the General Assembly on the findings of this review. For the purpose of this subsection, the term 'tax expenditure' has the same meaning as in G.S. 105-256. The Committee may stagger the reviews so that not all tax expenditures have to be reevaluated in the same year."

SECTION 2. The first reviews required under G.S. 120-70.106(c), as enacted by this act, shall be reported to the 2005 General Assembly.

SECTION 3. This act is effective when it becomes law.

HOUSE BILL 959:
Study Tax Preferences.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Glazier
Date:	April 24, 2003	**Summary by:**	Trina Griffin
Version:	1st Edition		Committee Counsel

SUMMARY: House Bill 959 requires the Revenue Laws Study Committee to conduct a review of each tax expenditure at least once every ten years to determine if the expenditure is equitable and efficient. The first review of tax expenditures would be reported to the 2005 General Assembly.

CURRENT LAW: The Revenue Laws Study Committee (Committee) began in 1977 as a subcommittee of the Legislative Research Commission. Then, in 1997, the Committee became a permanent legislative commission established by statute and designed to regularly review issues relating to taxation and finance. The Committee consists of 16 members, eight appointed by the President Pro Tempore of the Senate and eight appointed by the Speaker of the House of Representatives. The Committee is given broad authority to review the State's revenue laws to determine which laws need clarification, technical amendment, repeal, or other change to make the laws concise, intelligible, easy to administer, and equitable. The Committee is directed to report to the General Assembly at the beginning of each regular session concerning its determinations of needed changes in the State's revenue laws. The report may contain any legislation needed to implement a recommendation of the Committee. When a recommendation of the Committee would result in an increase or decrease in State revenues, the report must include an estimate of the amount of the increase or decrease.

The Department of Revenue is required to prepare and publish, at least every two years, a tax expenditure report that lists the tax expenditures and gives an estimate of the amount by which revenue is reduced by each tax expenditure (G.S. 105-256). The Department is required to distribute one copy of this report to each member of the General Assembly.

BILL ANALYSIS: House Bill 959 adds as a duty of the Revenue Laws Study Committee the requirement that it conduct a comprehensive review of each tax expenditure at least once every 10 years to determine if the tax expenditure is an equitable and efficient means of achieving a State public policy objective. The Committee must report to the General Assembly on the findings of this review. The Committee may stagger the reviews so that not all tax expenditures have to be reevaluated in the same year. The term "tax expenditure" means an exemption, an exclusion, a deduction, an allowance, a credit, a refund, a preferential tax rate, or another device that reduces the amount of tax revenue that would otherwise be available to the State.

HOUSE BILL 855*
PROPOSED COMMITTEE SUBSTITUTE H855-PCS30274-LAf-9

Short Title: Various Special Registration Plates. (Public)

Sponsors:

Referred to:

April 3, 2003

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE DIVISION OF MOTOR VEHICLES TO ISSUE SPECIAL REGISTRATION PLATES FOR BLUE RIDGE PARKWAY FOUNDATION, SURVEYORS, RETIRED LAW ENFORCEMENT OFFICERS, ALTERNATIVE FUEL VEHICLES, ZETA PHI BETA SORORITY, BREAST CANCER AWARENESS, AND MOTHERS AGAINST DRUNK DRIVING.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-63(b) reads as rewritten:

"(b) Every license plate shall have displayed upon it the registration number assigned to the vehicle for which it is issued, the name of the State of North Carolina, which may be abbreviated, and the year number for which it is issued or the date of expiration. A plate issued for a commercial vehicle, as defined in G.S. 20-4.2(1), and weighing 26,001 pounds or more, must bear the word "commercial," unless the plate is a special registration plate authorized in G.S. 20-79.4 or the commercial vehicle is a trailer or is licensed for 6,000 pounds or less. The plate issued for vehicles licensed for 7,000 pounds through 26,000 pounds must bear the word "weighted".

A registration plate issued by the Division for a private passenger vehicle or for a private hauler vehicle licensed for 6,000 pounds or less, other than a Friends of the Great Smoky Mountains National Park special registration ~~plate~~ plate, a Blue Ridge Parkway Foundation special registration plate, or a Rocky Mountain Elk Foundation special registration plate shall be a "First in Flight" plate. A "First in Flight" plate shall have the words "First in Flight" printed at the top of the plate above all other letters and numerals. The background of the plate shall depict the Wright Brothers biplane flying over Kitty Hawk Beach, with the plane flying slightly upward and to the right."

SECTION 2. G.S. 20-79.4(b) is amended by adding a new subdivision to read:

"(b) Types. – The Division shall issue the following types of special registration plates:

...

(1a) Alternative Fuel Vehicles. – Issuable to the registered owner of an alternative fuel vehicle. The plate shall bear the words "Alternative Fuel Vehicle". The Division may not issue the plate authorized by this subdivision unless it receives at least 300 applications for the plate.

...

(3d) Blue Ridge Parkway Foundation. – Issuable to a registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate shall have the words "First in Flight" printed at the top of the plate above all other letters and numerals. The background of the plate shall be the full art, three-color design submitted to the Division by the Blue Ridge Parkway Foundation in camera-ready format. The background color and design shall allow the numbers on the face of the plate to be readily distinguished. Submission to the Division of the background design shall be the final design, and, upon acceptance by the Division, no further changes in the background design shall be made.

(3e) Breast Cancer Awareness. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate shall bear the phrase "Early Detection Saves Lives" and a representation of a pink ribbon. The Division must receive 300 or more applications for the plate before it may be developed.

~~(3d)~~(3f) Bronze Star Recipient. – Issuable to a recipient of the Bronze Star. The plate shall bear the emblem of the Bronze Star and the words "Bronze Star."

...

(27c) Mothers Against Drunk Driving. – Issuable to the registered owner of a motor vehicle. The plate shall bear the letters "M.A.D.D." and the words "Mothers Against Drunk Driving". The Division must receive 300 or more applications for the plate before it may be developed.

...

(36b) Retired Law Enforcement Officers. – Issuable to a retired law enforcement officer presenting to the Division, along with the application for the plate, a copy of the officer's retired identification card or letter of retirement. The plate shall bear the phrase "Retired Law Enforcement Officer" and representation of a law enforcement badge. The Division may not issue the plate authorized by this subdivision unless it receives at least 300 applications for the plate.

~~(36b)~~(36c) Rocky Mountain Elk Foundation. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate shall bear the phrase "Rocky Mountain Elk Foundation" and a logo approved by the Rocky Mountain Elk Foundation, Inc.

~~(36c)~~(36d) Save the Sea Turtles. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate may bear the

phrase "Save the Sea Turtles" and a representation related to sea turtles.

...

(45b) Surveyor Plate. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate shall bear the words "Following In Their Footsteps" and shall bear a picture of a transit.

~~(45b)~~(45c) Sweet Potato. – Issuable to the registered owner of a motor vehicle. The plate may bear a phrase and picture representing the State's official vegetable, the sweet potato. The Division may not issue the plate authorized by this subdivision unless it receives at least 300 applications for the plate.

~~(45c)~~(45d) Tobacco Heritage. – Issuable to the registered owner of a motor vehicle. The plate shall bear a picture of a tobacco leaf and plow. The Division may not issue the plate authorized by this subdivision unless it receives at least 300 applications for the plate.

...

(52) Zeta Phi Beta Sorority. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate shall bear the words "Zeta Phi Beta"."

SECTION 3. G.S. 20-79.7(a) reads as rewritten:

"(a) Fees. – Upon request, the Division shall provide and issue free of charge one registration plate to a recipient of the Congressional Medal of Honor, a 100% disabled veteran, and an ex-prisoner of war. All other special registration plates, including additional Congressional Medal of Honor, 100% Disabled Veteran, and Ex-Prisoner of War plates, are subject to the regular motor vehicle registration fee in G.S. 20-87 or G.S. 20-88 plus an additional fee in the following amount:

Special Plate	Additional Fee Amount
Historical Attraction	$30.00
State Attraction	$30.00
Blue Ridge Parkway Foundation	$30.00
Collegiate Insignia	$25.00
Goodness Grows	$25.00
Kids First	$25.00
Olympic Games	$25.00
NC Agribusiness	$25.00
Special Olympics	$25.00
Surveyor Plate	$25.00
The V Foundation for Cancer Research Division	$25.00
University Health Systems of Eastern Carolina	$25.00
Animal Lovers	$20.00
Audubon North Carolina	$20.00
Ducks Unlimited	$20.00
(Effective until June 30, 2006)	
Harley Owners' Group	$20.00

First in Forestry	$20.00
Litter Prevention	$20.00
March of Dimes	$20.00
Omega Psi Phi Fraternity	$20.00
(Effective until June 30, 2006)	
Rocky Mountain Elk Foundation	$25.00
Save the Sea Turtles	$20.00
Scenic Rivers	$20.00
School Technology	$20.00
Soil and Water Conservation	$20.00
Special Forces Association	$20.00
Support Public Schools	$20.00
Wildlife Resources	$20.00
Zeta Phi Beta Sorority	$20.00
Personalized	$20.00
Active Member of the National Guard	None
100% Disabled Veteran	None
Ex-Prisoner of War	None
Legion of Valor	None
Purple Heart Recipient	None
Silver Star Recipient	None
All Other Special Plates	$10.00."

SECTION 4. G.S. 20-79.7(b) reads as rewritten:

"(b) Distribution of Fees. – The Special Registration Plate Account and the Collegiate and Cultural Attraction Plate Account are established within the Highway Fund. The Division must credit the additional fee imposed for the special registration plates listed in subsection (a) among the Special Registration Plate Account (SRPA), the Collegiate and Cultural Attraction Plate Account (CCAPA), and the Natural Heritage Trust Fund (NHTF), which is established under G.S. 113-77.7, as follows:

Special Plate	SRPA	CCAPA	NHTF
Animal Lovers	$10	$10	0
Audubon North Carolina	$10	$10	0
Blue Ridge Parkway Foundation	$10	$20	0
Ducks Unlimited	$10	$10	0
First in Forestry	$10	0	$10
Goodness Grows	$10	$15	0
(Effective until June 30, 2006)			
Harley Owners' Group	$10	$10	0
Historical Attraction	$10	$20	0
In-State Collegiate Insignia	$10	$15	0
Kids First	$10	$15	0
Litter Prevention	$10	$10	0
March of Dimes	$10	$10	0
NC Agribusiness	$10	$15	0

Olympic Games	$10	$15	0
Omega Psi Phi Fraternity	$10	$10	0
Out-of-state Collegiate Insignia	$10	0	$15
Personalized	$10	0	$10
(Effective until June 30, 2006)			
Rocky Mountain Elk Foundation	$10	$15	0
Save the Sea Turtles	$10	$10	0
Scenic Rivers	$10	$10	0
School Technology	$10	$10	0
Soil and Water Conservation	$10	$10	0
Special Forces Association	$10	$10	0
Special Olympics	$10	$10	0
State Attraction	$10	$20	0
Support Public Schools	$10	$10	0
Surveyor Plate	$10	$15	0
The V Foundation for Cancer Research	$10	$15	0
University Health Systems of Eastern Carolina	$10	$15	0
Wildlife Resources	$10	$10	0
Zeta Phi Beta Sorority	$10	$10	0
All other Special Plates	$10	0	0."

SECTION 5. G.S. 20-81.12 is amended by adding two new subdivisions to read:

"(b25) Blue Ridge Parkway Foundation. – The Division must receive 300 or more applications for a Blue Ridge Parkway Foundation plate before the plate may be developed. The Division shall transfer quarterly the money in the Collegiate and Cultural Attraction Plate Account derived from the sale of Blue Ridge Parkway Foundation plates to the Blue Ridge Parkway Foundation for use in promoting and preserving the Blue Ridge Parkway as a scenic attraction in North Carolina.

(b26) Surveyor Plate. – The Division must receive 300 or more applications for a Surveyor plate before the plate may be developed. The Division shall transfer quarterly the money in the Collegiate and Cultural Attraction Plate Account derived from the sale of Surveyor plates to the North Carolina Society of Surveyors Education Foundation, Inc., for public educational programs.

(b27) Zeta Phi Beta Sorority – The Division must receive 300 or more applications for a Zeta Phi Beta sorority plate before the plate may be developed. The Division shall transfer quarterly the money in the Collegiate and Cultural Attraction Plate Account derived from the sale of Zeta Phi Beta Sorority plates to the Zeta Phi Beta Sorority Education Foundation, through the Raleigh office, for the benefit of undergraduate scholarships in this State."

SECTION 6. This act is effective when it becomes law.

HOUSE BILL 855:
Various Special Registration Plates

BILL ANALYSIS

Committee: House Finance
Date: April 24, 2003
Version: Proposed Committee Substitute

Sponsor: Rep. Alexander and Rayfield
Analysis by: Martha Walston
Committee Counsel

SUMMARY: Senate Bill 855 authorizes the Division of Motor Vehicles to issue a special registration plate for Breast Cancer Awareness. The Proposed Committee Substitute authorizes the Division of Motor Vehicles to also issue the following special plates: Blue Ridge Parkway Foundation (requested by Rep. Haire, HB 255), Surveyors (requested by Rep. Gillespie and Gibson, HB 563), Retired Law Enforcement Officers (requested by Rep. A Williams, HB 577), Alternative Fuel Vehicles (requested by Rep. Insko, HB 661), Zeta Phi Beta Sorority (requested by Rep. McAllister, HB 823), and Mothers Against Drunk Driving (requested by Rep. Allred, HB 1034). The Division must receive 300 applications for each of these plates before it can be issued. The plates will be subject to the $10 fee imposed for special plates. The special plates for the Blue Ridge Parkway Foundation, Surveyors, and the Zeta Phi Beta Sorority will also be subject to additional fees of $20, $15, and $10, respectively. These additional fees will be transferred quarterly to support the purposes for which they are imposed.

The Proposed Committee Substitute for HB 855 has been reviewed by the Tax and Tags Subcommittee in House Finance.

CURRENT LAW: The General Assembly has authorized the Division of Motor Vehicles to issue many different special registration plates so long as it receives at least 300 applications for the plate. DMV has issued at least 87 special license plates. It has received requests for at least 40 additional plates but it has not issued those plates because it has not yet received 300 applications for them.

As a general rule, the fee for a special registration plate is the regular vehicle registration fee plus a $10 special registration plate fee.[1] The $10 special registration plate fee is credited to the Special Registration Plate Account. After deducting the cost of the plates from this account, $525,000 is annually appropriated to provide operating assistance for seven Visitor Centers. The Centers are located in Brunswick, Camden, Carteret, Caswell, Macon, Tyrell, and Watauga Counties, and each Center receives $75,000. The remaining revenue in the account is transferred quarterly as follows:

- 33% to the account of the Department of Commerce to aid in financing out-of-state print and other media advertising under the program for the promotion of travel and industrial development in the State.
- 50% to DOT for beautification of highways other than those designated as interstate.
- 17% to the account of DHHS to promote travel accessibility for disable persons.

[1] One registration plate is issued free of charge to a recipient of the Congressional Medal of Honor, a 100% Disabled Veteran, or an ex-prisoner of war. Four special registration plates are exempt from the $10 special plate fee: active member of the National Guard, Legion of Valor, Purple Heart Recipient, and the Silver Star Recipient.

The cost of some special plates includes a fee in additional to the $10 special registration plate fee. In those instances, the first $10 goes to the special registration plate fund and the remainder is transferred quarterly to designated beneficiaries of the additional fee amount.

BILL ANALYSIS: The ***Proposed Committee Substitute*** for House Bill 855 authorizes the following special plates. The Division must receive at least 300 applications for a plate before it may be issued.

- **Alternative Fuel Vehicle (Rep. Insko).** - The special plate would be issuable to a registered owner of an alternative fuel vehicle and would bear the words "Alternative Fuel Vehicle". When a vehicle is titled, the Division is able to tell from the Vehicle Identification Number (VIN) whether the vehicle is an alternative fuel vehicle. The $10 special registration plate fee goes into the Special Registration Plate Account.
- **Breast Cancer Awareness (Rep. Alexander and Rayfield).** - The special plate would be issuable to a registered owner of a vehicle and would bear the phrase "Early Detection Saves Lives" and a representation of a pink ribbon. The $10 special registration plate fee goes to the Special Registration Plate Account.
- **Mothers Against Drunk Driving (Rep. Allred)** - The special plate would be issuable to a registered owner of a vehicle and would bear the letters "M.A.D.D." and the words "Mothers Against Drunk Driving". The $10 special registration plate fee goes to the Special Registration Plate Account.
- **Retired Law Enforcement Officers (Rep. A. Williams)**- The special plate would be issuable to a retired law enforcement officer who presents to the Division a copy of the officer's retired identification card or letter of retirement. The plate will bear the phrase "Retired Law Enforcement Officer" and a representation of a law enforcement badge. The following special plates for retired law enforcement officers are already authorized: "Retired Highway Patrol" and "Sheriff" if the sheriff served for at least 10 years before retiring. The "Sheriff" special plate does not require 300 applications. The $10 special registration plate fee goes to the Special Registration Plate Account.
- **Blue Ridge Parkway Foundation (Rep. Haire)** - The special plate would be issuable to a registered owner of a vehicle and would have the words "First in Flight" printed at the top of the plate. The background of the plate would be the full art, three-color design submitted to the Division by the Blue Ridge Parkway Foundation in camera-ready format. Once the Division accepts the design, no further changes may be made. The fee for the special plate is the $10 special registration plate fee plus an additional $20. The money derived from the additional $20 is transferred quarterly to the Blue Ridge Parkway Foundation for use in promoting and preserving the Blue Ridge Parkway as a scenic attraction in North Carolina. The Foundation was incorporated in North Carolina in 1997 as an independent, private non-profit supporting foundation of the Blue Ridge Parkway. It provides private funding and specific programs and projects which further the preservation, protection and enhancement of the Blue Ridge Parkway.

- **Surveyor Plate (Rep. Gillespie and Gibson)** - The special plate would be issuable to a registered owner of a motor vehicle and would bear the words "Following In Their Footsteps" and a picture of a transit. A transit is a surveyor's instrument for measuring horizontal and, usually, also vertical angles. The fee for the special plate is the $10 special registration plate fee plus an additional $15. The money derived from the additional $15 fee is transferred quarterly to the North Carolina Society of Surveyors Education Foundation, Inc., for public educational programs. The Foundation is a non-profit, tax-exempt organization that works with community colleges and high schools to promote the field of surveying. The Foundation is also working with the community college system and the university system to seek a four-year surveyor degree.

- **Zeta Phi Beta Sorority (Rep. McAllister)** - The special plate would be issuable to a registered owner of a motor vehicle and would bear the words "Zeta Phi Beta". The fee for the special plate is the $10 special registration plate fee plus an additional $10. The money derived from the additional $10 fee is transferred quarterly to the Zeta Phi Beta Sorority Education Foundation, through the Raleigh office, for the benefit of undergraduate scholarships in this State. Zeta Phi Beta Sorority was founded at Howard University in 1920 and emphasizes scholarship and service. The Sorority was the first Greek-letter organization to charter a chapter in Africa and to form adult and youth auxiliary groups.

FISCAL ANALYSIS MEMORANDUM

[This fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note.]

Highway Fund - Special Registration Plate Acct.	$21,000	$21,000	$21,000	$21,000	$21,000
Collegiate and Cultural Attraction Plate Acct.	$13,500	$13,500	$13,500	$13,500	$13,500
EXPENDITURES					
Highway Fund - Special Registration Plate Acct.	$7,000				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Transportation - Division of Motor Vehicles

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: This bill authorizes the Division of Motor Vehicles (DMV) to issue a special registration plate for Alternative Fuel Vehicles, the Blue Ridge Parkway Foundation,

Breast Cancer Awareness, Mothers Against Driving Drunk, Retired Law Enforcement Officers, Surveyors, and the Zeta Phi Beta Sorority if at least 300 applications for each plate are received. The bill also allows the Blue Ridge Parkway Foundation special plate to have a different background other than the "First in Flight" plate background.

ASSUMPTIONS AND METHODOLOGY:
This fiscal note assumes that applicants for these special plates already register their vehicles in the state and are paying the current $20 registration fee, thus there is no new revenue for the Highway Fund. The note also assumes the issuance of the minimum 300 license plates in FY 2003-04 and renewal of those plates in the following years. There is a one-time cost of $100 to design the new plate and a one-time production cost of approximately $3.00 per plate. For 300 plates, the total production cost is $1,000 and is paid from the Special Registration Plate Account.

In addition to the normal $20 registration fee, each plate is assessed a $10 fee that is deposited into the Special Registration Plate Account. Three of the plates have additional fees that are deposited into the Collegiate and Cultural Attraction Plate Account then transferred to specific organizations. The Blue Ridge Parkway Foundation plate has an additional $20 fee that is to be credited to the Foundation for use in promoting and preserving the Blue Ridge Parkway as a scenic attraction in North Carolina. The Surveyors' plate has an additional $15 fee to be given to the North Carolina Society of Surveyors Education Foundation, Inc. for public educational programs. The Zeta Phi Beta Sorority plate has an additional $10 fee to be given to the Zeta Phi Beta Sorority Foundation for funding undergraduate scholarships.

Third Edition Engrossed 4/1/03
PROPOSED HOUSE COMMITTEE SUBSTITUTE S295-PCS40028-LAf-7

Short Title: Special Registration Plates. (Public)

Sponsors:

Referred to:

March 5, 2003

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE DIVISION OF MOTOR VEHICLES TO ISSUE SPECIAL REGISTRATION PLATES FOR PARAMEDICS AND THE NORTH CAROLINA COASTAL FEDERATION.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-79.4(b) is amended by adding the following new subdivisions to read:

"(b) Types. – The Division shall issue the following types of special registration plates:

...

(28d) NC Coastal Federation. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate shall bear a phrase used by the North Carolina Coastal Federation and an image that depicts the coastal area of the State.

...

(29d) Paramedics. – Issuable to an emergency medical technician-paramedic, as defined in G.S. 131E-155. The plate shall bear the Star of Life logo and the phrase "Professional Paramedic". The Division may not issue the plate authorized by this subdivision unless it receives at least 300 applications for the plate."

SECTION 2. G.S. 20-79.7(a) reads as rewritten:

"(a) Fees. – Upon request, the Division shall provide and issue free of charge one registration plate to a recipient of the Congressional Medal of Honor, a 100% disabled veteran, and an ex-prisoner of war. All other special registration plates, including additional Congressional Medal of Honor, 100% Disabled Veteran, and Ex-Prisoner of

War plates, are subject to the regular motor vehicle registration fee in G.S. 20-87 or G.S. 20-88 plus an additional fee in the following amount:

Special Plate	Additional Fee Amount
Historical Attraction	$30.00
State Attraction	$30.00
Collegiate Insignia	$25.00
Goodness Grows	$25.00
Kids First	$25.00
Olympic Games	$25.00
NC Agribusiness	$25.00
NC Coastal Federation	$25.00
Special Olympics	$25.00
The V Foundation for Cancer Research Division	$25.00
University Health Systems of Eastern Carolina	$25.00
Animal Lovers	$20.00
Audubon North Carolina	$20.00
Ducks Unlimited	$20.00
Harley Owners' Group	$20.00
First in Forestry	$20.00
Litter Prevention	$20.00
March of Dimes	$20.00
Omega Psi Phi Fraternity	$20.00
Rocky Mountain Elk Foundation	$25.00
Save the Sea Turtles	$20.00
Scenic Rivers	$20.00
School Technology	$20.00
Soil and Water Conservation	$20.00
Special Forces Association	$20.00
Support Public Schools	$20.00
Wildlife Resources	$20.00
Personalized	$20.00
Active Member of the National Guard	None
100% Disabled Veteran	None
Ex-Prisoner of War	None
Legion of Valor	None
Purple Heart Recipient	None
Silver Star Recipient	None
All Other Special Plates	$10.00."

SECTION 3. G.S. 20-79.7(b) reads as rewritten:

"(b) Distribution of Fees. – The Special Registration Plate Account and the Collegiate and Cultural Attraction Plate Account are established within the Highway Fund. The Division must credit the additional fee imposed for the special registration plates listed in subsection (a) among the Special Registration Plate Account (SRPA), the

Collegiate and Cultural Attraction Plate Account (CCAPA), and the Natural Heritage Trust Fund (NHTF), which is established under G.S. 113-77.7, as follows:

Special Plate	SRPA	CCAPA	NHTF
Animal Lovers	$10	$10	0
Audubon North Carolina	$10	$10	0
Ducks Unlimited	$10	$10	0
First in Forestry	$10	0	$10
Goodness Grows	$10	$15	0
Harley Owners' Group	$10	$10	0
Historical Attraction	$10	$20	0
In-State Collegiate Insignia	$10	$15	0
Kids First	$10	$15	0
Litter Prevention	$10	$10	0
March of Dimes	$10	$10	0
NC Agribusiness	$10	$15	0
NC Coastal Federation	$10	$15	0
Olympic Games	$10	$15	0
Omega Psi Phi Fraternity	$10	$10	0
Out-of-state Collegiate Insignia	$10	0	$15
Personalized	$10	0	$10
Rocky Mountain Elk Foundation	$10	$15	0
Save the Sea Turtles	$10	$10	0
Scenic Rivers	$10	$10	0
School Technology	$10	$10	0
Soil and Water Conservation	$10	$10	0
Special Forces Association	$10	$10	0
Special Olympics	$10	$10	0
State Attraction	$10	$20	0
Support Public Schools	$10	$10	0
The V Foundation for Cancer Research	$10	$15	0
University Health Systems of Eastern Carolina	$10	$15	0
Wildlife Resources	$10	$10	0
All other Special Plates	$10	0	0."

SECTION 4. G.S. 20-81.12 is amended by adding the following new subsection to read:

"(b25) NC Coastal Federation. – The Division must receive 300 or more applications for a NC Coastal Federation plate before the plate may be developed. The Division shall transfer quarterly the money in the Collegiate and Cultural Attraction Plate Account derived from the sale of NC Coastal Federation plates to the North Carolina Coastal Federation, Inc."

SECTION 5. This act is effective when it becomes law.

SENATE BILL 295:
Special Registration Plates

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Thomas
Date:	April 24, 2003	**Summary by:**	Martha Walston
Version:	PCS for 3rd Edition		Committee Counsel
	PCS40028-Laf-7		

SUMMARY: ***The third Edition of Senate Bill 295 authorizes the Division of Motor Vehicles to issue the following special registration plates: NC Coastal Federation (requested by Sen. Hargett, SB 337), Paramedics (requested by Sen. Albertson, SB 163), and Alpha Kappa Alpha Sorority (requested by Sen. Dorsett, SB 397). The Division must receive at least 300 applications for a plate before it can be issued. Each of the three plates authorized by the 3rd Edition will be on a "First in Flight" background and will be subject to the $10 fee imposed for special plates. The special plate for the NC Coastal Federation will also be subject to an additional fee of $15 that will be transferred quarterly to support the purposes for which it is imposed.***

The proposed committee substitute deletes the reference to the Alpha Kappa Alpha Sorority special plate because this plate was authorized in House Bill 482, sponsored by Rep. Adams, and ratified on April 10, 2003. (S.L. 2003-10)

The proposed committee substitute for SB 295 has been reviewed by the Tax and Tags Subcommittee in House Finance.

CURRENT LAW: The General Assembly has authorized the Division of Motor Vehicles to issue many different special registration plates so long as it receives at least 300 applications for the plate. DMV has issued at least 87 special license plates. It has received requests for at least 40 additional plates but it has not issued those plates because it has not yet received 300 applications for them.

As a general rule, the fee for a special registration plate is the regular vehicle registration fee plus a $10 special registration plate fee.[1] The $10 special registration plate fee is credited to the Special Registration Plate Account. After deducting the cost of the plates from this account, $525,000 is annually appropriated to provide operating assistance for seven Visitor Centers. The Centers are located in Brunswick, Camden, Carteret, Caswell, Macon, Tyrell, and Watauga Counties, and each Center receives $75,000. The remaining revenue in the account is transferred quarterly as follows:

- 33% to the account of the Department of Commerce to aid in financing out-of-state print and other media advertising under the program for the promotion of travel and industrial development in the State.
- 50% to DOT for beautification of highways other than those designated as interstate.
- 17% to the account of DHHS to promote travel accessibility for disable persons.

[1] One registration plate is issued free of charge to a recipient of the Congressional Medal of Honor, a 100% Disabled Veteran, or an ex-prisoner of war. Four special registration plates are exempt from the $10 special plate fee: active member of the National Guard, Legion of Valor, Purple Heart Recipient, and the Silver Star Recipient.

The cost of some special plates includes a fee in additional to the $10 special registration plate fee. In those instances, the first $10 goes to the special registration plate fund and the remainder is transferred quarterly to designated beneficiaries of the additional fee amount.

BILL ANALYSIS: The ***Proposed Committee Substitute*** for Senate Bill 295 authorizes the following special license plates. The Division must receive at least 300 applications for a plate before it may be issued. Each of the plates would be on a "First in Flight" background.

- **NC Coastal Federation.** – The special plate would bear a phrase used by the North Carolina Coastal Federation and an image that depicts the coastal area of the State. The fee for the special plate would be the special registration plate fee of $10 plus an additional $15 fee. The money derived from the additional fee would be transferred quarterly to the North Carolina Coastal Federation, Inc. The NC Coastal Federation is a non-profit, tax-exempt organization that seeks to provide citizens and groups with the assistance needed to take an active role in the wise management of North Carolina's coastal water quality and natural resources. Eight grassroots groups concerned with local coastal issues founded it in 1982. Today, it serves 7,500 members and 200 affiliated organizations. It focuses on three main areas of work: the restoration and protection of coastal water quality and habitat; the encouragement of sound environmental programs and their enforcement; and the delivery of effective education programs.
- **Paramedics.** – The special plate would be issuable to an emergency medical technician-paramedic. The plate would bear the phrase "Professional Paramedic" and the Star of Life logo. The fee for the special plate would be the special registration plate fee of $10. To be an emergency medical technician-paramedic, a person must be credentialed as such by the Department of Health and Human Services under G.S. 131E-159. The following special plates are already authorized: "Firefighter", "Rescue Squad", "Firefighter-Rescue Squad".

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Department of Transportation.

EFFECTIVE DATE: When it becomes law.

BILL SUMMARY: The bill authorizes creation of two new special license plates. The new plates would recognize the NC Coastal Federation and paramedics. Fees vary with proceeds sent to a variety of organizations.

ASSUMPTIONS AND METHODOLOGY: The bill does not affect the General Fund. In addition, there is no revenue impact on the Highway Fund since the special plate applicants pay the same $20 vehicle registration fee that they were paying for a regular license plate.

According to the Division of Motor Vehicles, there is a one-time cost of approximately $100 to design a new plate. There is also a production cost of approximately $3.00 per plate based on one color design. The cost per plate will increase if more color is added or the design is complex. Since the number of applications for these plates is unknown, this fiscal analysis assumes only the minimum 300 applicants needed to qualify for a plate. Thus, the total production cost for 300 plates is $1,000. This cost is assumed to apply to both plates under consideration, as both require 300 applications as a minimum to begin production, so the total expenditure is estimated at $2,000.

The paramedic plate requires an additional payment to the special plate account of $10 (per current statute), creating an estimated revenue steam of $3,000 from the plate.

The NC Coastal Federation plate requires an additional payment of $25, with the proceeds flowing to both the special registration plate account ($10) and the collegiate and cultural attraction plate account ($15). Each quarter the collections into the collegiate and cultural attractions plate account for the NC Coastal Federation plate must be transferred to the North Carolina Coastal Federation, Inc.

H1160	Stock Car Racing Theme Special Plates	Goodwin and L. Johnson		Special Plate	Authorizes DMV to issue series of plates displaying themes of professional stock care racing or drivers. DMV must have license to use copyrighted or registered words, symbols, trademarks, or designs and may contract with any person for the license. The additional fee is $30 which goes to the Special Registration Plate Account. A replacement plate will cost $25. The plate will not have the words "First in Flight	
S295 3rd Ed	Special Registration Plates	Thomas	4/10/03	Special Plate	Authorizes DMV to issue special plates for Alpha Kappa Alpha Sorority ($10), NC Coastal Federation ($25 of which $15 goes to NC Coastal Federation, Inc), Paramedics ($10)	When it becomes law.

2003 COMMITTEE REPORT
HOUSE OF REPRESENTATIVES

The following report(s) from standing committee(s) is/are presented:
By Representatives **G. Allen, Howard, Luebke, McComas, Miner, and Wainwright** (Chairs) for the Committee on **FINANCE**.

☒ Committee Substitute for
S.B. 295 A BILL TO BE ENTITLED AN ACT TO AUTHORIZE THE DIVISION OF MOTOR VEHICLES TO ISSUE SPECIAL REGISTRATION PLATES FOR PARAMEDICS, THE NORTH CAROLINA COASTAL FEDERATION, AND THE ALPHA KAPPA ALPHA SORORITY.

☐ With a favorable report.

☐ With a favorable report and recommendation that the bill be re-referred to the Committee on Appropriations ☐ Finance ☐ ☐.

☐ With a favorable report, as amended.

☐ With a favorable report, as amended, and recommendation that the bill be re-referred to the Committee on Appropriations ☐ Finance ☐ ☐.

☐ With a favorable report as to the committee substitute bill (#), ☐ which changes the title, unfavorable as to (the original bill) (Committee Substitute Bill #), (and recommendation that the committee substitute bill #) be re-referred to the Committee on .)

☒ With a favorable report as to House committee substitute bill (#———), ☒ which changes the title, unfavorable as to Senate committee substitute bill.

☐ With an unfavorable report.

☐ With recommendation that the House concur.

☐ With recommendation that the House do not concur.

☐ With recommendation that the House do not concur; request conferees.

☐ With recommendation that the House concur; committee believes bill to be material.

☐ With an unfavorable report, with a Minority Report attached.

☐ Without prejudice.

☐ With an indefinite postponement report.

☐ With an indefinite postponement report, with a Minority Report attached.

☐ With recommendation that it be adopted. (HOUSE RESOLUTION ONLY)

03/19/03

House Committee on Finance

Minutes

~

April 29, 2003

The House Committee on Finance met on Tuesday, April 29, 2003 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Luebke, McComas, Miner, and Wainwright; Vice-Chairs Alexander, Decker, Gibson, and Hill; and Representatives Blackwood, Bordsen, Capps, Carney, Creech, Ellis, Glazier, Hackney, Holliman, Jones, Lewis, McCombs, McGee, Munford, Rayfield, Ross, Weiss, and Womble. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Bill Sullivan. Staff persons present included Richard Bostic, Trina Griffin, Martha Harris, and Martha Walston. There were also two Pages present at the meeting: (1) Kristin Broadwell of Wake County, sponsored by Representative Ellis; and (2) Vonda Walker of Pender County, sponsored by Representative Justice. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman Miner called the meeting to order at 8:33 am and immediately recognized Representative Ross to explain HB 755 – CARY/GARNER CONDEMNATIONS (see attachment 3). She explained very briefly to the Committee that this was a standard condemnation bill. It allows the Towns of Cary and Garner to acquire property for the (re)location of utility lines when it acquires property for streets. It also allows the Towns to acquire property through the condemnation procedures under Chapters 136 and 40A of the General Statutes (see attached Bill Summary). With no discussion from the members, the Chair recognized Representative Gibson for a motion of favorable report. The motion carried without opposition.

The Chairman then recognized Representatives Crawford and Cole to explain HB 48 – MOVING AHEAD TRANSPORTATION INITIATIVE (see attachment 4). Representative Cole explained that the transportation needs of North Carolina are growing exponentially. By 2025, the population in the state is expected to double from the current rate; thus, many more quality roads will be needed. Representative Crawford explained the specifics of the bill. The bill appropriates $300 million in fiscal year 2003-2004 and $400 million in fiscal year 2004-2005 from the State's Highway Trust Fund for "highway preservation, modernization, and maintenance" as well as for regional public transit systems (both urban and rural). According to Representative Crawford, the North Carolina Department of Transportation (DOT), under this bill plans to pursue road projects in all counties of the state and to get them underway immediately.

The Chair recognized Rep. Holliman who asked whether the bill was for road maintenance or new projects. Rep. Crawford explained that these appropriations are mostly for new projects, but are smaller projects in comparison to some of those currently underway in the state.

Representative Carney was recognized to send forth an amendment, which appointed a "Blue Ribbon" commission to study the transportation needs of the state, especially in rural areas. Representative Hackney then sent forth a perfecting amendment changing the number of members of the Commission from 5 to 6 in both the House and Senate. Upon the Chair's call, Representative

Hackney's perfecting amendment carried without objection, increasing the total membership of the Commission to 26.

Chairman Miner also recognized the audience to speak on HB 48. Duane Long, immediate past Chairman of the Greater Raleigh Chamber of Commerce and Ellis Hankins, Executive Director of the North Carolina League of Municipalities both spoke highly in support of the Carney Amendment (establishing a study commission to address the state's transportation needs).

Representative Luebke was then recognized to speak on the Carney amendment, specifically on the creation of a "blue ribbon" commission, rather than a typical study commission. He noted his belief that often, the members of these blue ribbon commissions are too full of legislators and that there should be a member from an environmental agency, such as the North Carolina Department of Environment and Natural Resources (DENR). Representative Luebke then sent forth another perfecting amendment to add an additional member of the commission to represent the state's environmental interests in regard to transportation needs, bringing the total membership of the Commission to 27. He also moved the adoption of this amendment.

Representative Wainwright was then recognized by Chairman Miner and voiced his concerns on the lack of public members on the blue ribbon commission who are from rural areas. He stated his desire to perfect Representative Luebke's perfecting amendment to include this rural membership. Representative Carney stated that she felt confident that the membership of the commission would be diversified without further additions to her proposed amendment.

The Chair then recognized Representative Decker who debated with Representative Luebke as to the necessity of an environmental member on the Commission, since there are no other members from specific areas. Following this discussion, the Chair called the vote on the Luebke perfecting amendment and it carried, but opposition was present. Having no further questions from the Committee, the Chair, upon a motion from Representative Ross, then called the vote on the adoption of Representative Carney's amendment. The motion carried by consent and the amendment was adopted.

Having concluded discussion on these amendments, Chairman Miner informed the Committee that it would now consider the full version of HB 48. Representative Hackney was then recognized to send forth an amendment. This amendment deleted section 5 of the bill, which required the approval of DENR on DOT transportation projects. The amendment carried without opposition.

Representative Howard was then recognized to voice her concern that the use of Highway Trust Fund money in this bill was not the original intention of the Fund. Specifically, she noted that the roads in rural communities have note yet been paved and that this was the trust fund's original purpose. She then sent forth an amendment to reduce the appropriations in the bill for bicycle, ferry, and other improvements from $70 million to $35 million to place the difference of these funds toward the further paving of rural roads in the state. She explained that this amendment places additional dollars for maintenance of roads, while not the traditional purpose of this bill, but helps the state make good on its original promise to constituents of the use of the Highway Trust Fund. Representative McCombs spoke in support of Howard's amendment stating that it would also help to get more of these funds to rural areas. Representative Capps also reiterated Representative Howard in that the State has a responsibility to keep promises made in earlier legislation.

The Chair then took time to recognize members of the audience who desired to speak on the full content of HB 48. Representative Gibson requested that the Committee hear from any DOT representatives that were present. Mr. Sanderson, State Highway Administrator of NCDOT and Miriam Perry, Public Transportation Director with DOT, were present to discuss the state's highway and transportation needs.

Continuing the discussion of the Howard Amendment, Chairman Miner recognized Representative Crawford who, in opposition, stated that the majority of the rural roads in the state had in fact already been paved. Representative Hill stated that his community is depending on this bill to address a very bad intersection in his district. Representative Rayfield voiced his concerns that the smaller communities of the state would not be properly provided for in this bill if the 10 most populous cities were being highlighted by DOT.

Representative Hackney, upon recognition of the Chair, spoke against the Howard Amendment stating that the current bill was already well balanced without further alteration. Representative Ross also spoke in opposition, stating that the State should take whatever matched transportation dollars from the Federal Government that it can. Representative Creech spoke in support of the Howard amendment, stating that rural communities have waited long enough to have their dirt roads paved. Chairman Miner then called the vote, but a division of the members was requested. In tallying a hand vote of 13 to 15, the Howard amendment failed.

On a question from Representative Creech, Representative Crawford explained that the road projects outlined in the bill also act as economic incentives because they are small projects, which are to be completed by local contractors in areas throughout the state.

Representative Capps was then recognized to present an amendment that would restrict $20,000 from use on a Wake County light rail system. He stated his reason for this amendment was that Wake County's transportation problems could not be helped because the City is not ready for the use of rail travel at the present time. He suggested that these funds should be used for other, more appropriate parts of the proposed transportation improvements. Representative Hackney spoke against this amendment basing his argument again on his belief that the bill, as it was, provided a balanced package, already approved by the Governor. Representatives Cole and Crawford also spoke against this amendment, citing this balance. Representative Ross stated this amendment would hurt Wake County due to the large number of youth communities (colleges, universities, etc.) in the area that could benefit from a light rail system. Representative Capps then reiterated his support of his amendment noting that it was a waste of tax dollars for Wake County at the present time. The Chair called the vote and, once again, the request for division was made. By a count of hands, the Capps amendment failed 10 to 15.

Chairman Miner then recognized Representative Hackney who made a motion for a favorable report as to HB 48, incorporating the adopted amendments into a Committee Substitute.

However, prior accepting this motion, the Chair recognized Representative Ellis who sent forth an amendment to require that none of the appropriated funds from HB 48 could be used unless the transportation projects being undertaken were completed to DOT standards. Mr. Sanderson of DOT stated that this standard is already required, but informed the Committee, along

with Representative Crawford, that he had no concerns with the amendment. The Chair then called the vote as to the Ellis amendment and it carried without dissent.

Chairman Miner then recognized Representative Hackney's earlier amendment to offer a favorable report as to HB 48, incorporating the adopted amendments into a Committee Substitute. Hearing no further questions from the Committee, the Chair called the vote and the motion carried without known opposition. Thus, HB 48 received a favorable report as to the committee substitute, unfavorable as to the original bill.

As the next item on the agenda, Representative Gibson was recognized by the Chair to explain HB 697 – TROY QUICK TAKE (see attachment 5). Representative Gibson stated that the purpose of the bill was to allow the Town of Troy and the Troy Redevelopment Commission to exercise the power of "quick-take" condemnation in the acquisition of property for the Smitherman Village neighborhood (see attached Bill Summary). Following this explanation, Representative Luebke was recognized and immediately moved for favorable report. Upon the Chair's call, the motion carried unanimously.

The Chairman then recognized Representative Gordon Allen for his birthday. The members of the Committee gave Representative Allen a standing ovation in observance of his special day.

Next, Chairman Miner recognized Representative LaRoque for explanation of the final bill on the day's agenda, HB 469 – LENOIR/DUPLIN UNPAID FEES COLLECTION (see attachment 6). He explained that the bill allows the Counties of Lenoir and Duplin "to attach personal property, garnish wages, and place liens on certain real property to collect unpaid fees for services." Having heard the explanation, the Chair recognized Representative Jones who moved for a favorable report on HB 469.

However, Representative Howard was first recognized to send forth an amendment adding the County of Davie to the text of the bill.

Representative Luebke was then recognized for a question to staff. He asked if this sort of bill was a regular occurrence because he held concerns about the large use of government taking power in this bill. Staff person Martha Walston stated that bills of a similar nature had already passed in earlier sessions. Representative Blackwood questioned Representative LaRoque as to how this bill would affect landlords. Representative LaRoque explained that this bill would affect only the individuals who have received the unpaid services, not the owners of the property if it were rented.

The Chair then recognized Representative Howard to explain her amendment. She noted that it simply adds Davie County with Lenoir and Duplin Counties in the bill. She also presented a perfecting amendment to include Columbus County (on behalf of Representative Hill). Representative Hill then moved the adoption of both amendments. The Chair called the vote on both the perfecting amendment and then the Howard amendment. Both motions carried without known opposition.

Representative Ross was then recognized by Chairman Miner and voiced her concern on the garnishment of wages in the bill. Seeing no further comments from members, the Chair called the

vote as moved by Representative Hackney for a favorable report as to the committee substitute, unfavorable as to the original on HB 469. The motion carried.

Having no further business before the Committee, Chairman Miner adjourned the meeting at 9:58 am.

Respectfully submitted,

Representative David Miner
Presiding Chair

Jason A. Cannon
Assistant to Committee on Finance

House Committee on Finance

Minutes

~

April 29, 2003

The House Committee on Finance met on Tuesday, April 29, 2003 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Luebke, McComas, Miner, and Wainwright; Vice-Chairs Alexander, Decker, Gibson, and Hill; and Representatives Blackwood, Bordsen, Capps, Carney, Creech, Ellis, Glazier, Hackney, Holliman, Jones, Lewis, McCombs, McGee, Munford, Rayfield, Ross, Weiss, and Womble. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Bill Sullivan. Staff persons present included Richard Bostic, Trina Griffin, Martha Harris, and Martha Walston. There were also two Pages present at the meeting: (1) Kristin Broadwell of Wake County, sponsored by Representative Ellis; and (2) Vonda Walker of Pender County, sponsored by Representative Justice. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman Miner called the meeting to order at 8:33 am and immediately recognized Representative Ross to explain HB 755 – CARY/GARNER CONDEMNATIONS (see attachment 3). She explained very briefly to the Committee that this was a standard condemnation bill. It allows the Towns of Cary and Garner to acquire property for the (re)location of utility lines when it acquires property for streets. It also allows the Towns to acquire property through the condemnation procedures under Chapters 136 and 40A of the General Statutes (see attached Bill Summary). With no discussion from the members, the Chair recognized Representative Gibson for a motion of favorable report. The motion carried without opposition.

The Chairman then recognized Representatives Crawford and Cole to explain HB 48 – MOVING AHEAD TRANSPORTATION INITIATIVE (see attachment 4). Representative Cole explained that the transportation needs of North Carolina are growing exponentially. By 2025, the population in the state is expected to double from the current rate; thus, many more quality roads will be needed. Representative Crawford explained the specifics of the bill. The bill appropriates $300 million in fiscal year 2003-2004 and $400 million in fiscal year 2004-2005 from the State's Highway Trust Fund for "highway preservation, modernization, and maintenance" as well as for regional public transit systems (both urban and rural). According to Representative Crawford, the North Carolina Department of Transportation (DOT), under this bill plans to pursue road projects in all counties of the state and to get them underway immediately.

The Chair recognized Rep. Holliman who asked whether the bill was for road maintenance or new projects. Rep. Crawford explained that these appropriations are mostly for new projects, but are smaller projects in comparison to some of those currently underway in the state.

Representative Carney was recognized to send forth an amendment, which appointed a "Blue Ribbon" commission to study the transportation needs of the state, especially in rural areas. Representative Hackney then sent forth a perfecting amendment changing the number of members of the Commission from 5 to 6 in both the House and Senate. Upon the Chair's call, Representative

Hackney's perfecting amendment carried without objection, increasing the total membership of the Commission to 26.

Chairman Miner also recognized the audience to speak on HB 48. Duane Long, immediate past Chairman of the Greater Raleigh Chamber of Commerce and Ellis Hankins, Executive Director of the North Carolina League of Municipalities both spoke highly in support of the Carney Amendment (establishing a study commission to address the state's transportation needs).

Representative Luebke was then recognized to speak on the Carney amendment, specifically on the creation of a "blue ribbon" commission, rather than a typical study commission. He noted his belief that often, the members of these blue ribbon commissions are too full of legislators and that there should be a member from an environmental agency, such as the North Carolina Department of Environment and Natural Resources (DENR). Representative Luebke then sent forth another perfecting amendment to add an additional member of the commission to represent the state's environmental interests in regard to transportation needs, bringing the total membership of the Commission to 27. He also moved the adoption of this amendment.

Representative Wainwright was then recognized by Chairman Miner and voiced his concerns on the lack of public members on the blue ribbon commission who are from rural areas. He stated his desire to perfect Representative Luebke's perfecting amendment to include this rural membership. Representative Carney stated that she felt confident that the membership of the commission would be diversified without further additions to her proposed amendment.

The Chair then recognized Representative Decker who debated with Representative Luebke as to the necessity of an environmental member on the Commission, since there are no other members from specific areas. Following this discussion, the Chair called the vote on the Luebke perfecting amendment and it carried, but opposition was present. Having no further questions from the Committee, the Chair, upon a motion from Representative Ross, then called the vote on the adoption of Representative Carney's amendment. The motion carried by consent and the amendment was adopted.

Having concluded discussion on these amendments, Chairman Miner informed the Committee that it would now consider the full version of HB 48. Representative Hackney was then recognized to send forth an amendment. This amendment deleted section 5 of the bill, which required the approval of DENR on DOT transportation projects. The amendment carried without opposition.

Representative Howard was then recognized to voice her concern that the use of Highway Trust Fund money in this bill was not the original intention of the Fund. Specifically, she noted that the roads in rural communities have note yet been paved and that this was the trust fund's original purpose. She then sent forth an amendment to reduce the appropriations in the bill for bicycle, ferry, and other improvements from $70 million to $35 million to place the difference of these funds toward the further paving of rural roads in the state. She explained that this amendment places additional dollars for maintenance of roads, while not the traditional purpose of this bill, but helps the state make good on its original promise to constituents of the use of the Highway Trust Fund. Representative McCombs spoke in support of Howard's amendment stating that it would also help to get more of these funds to rural areas. Representative Capps also reiterated Representative Howard in that the State has a responsibility to keep promises made in earlier legislation.

The Chair then took time to recognize members of the audience who desired to speak on the full content of HB 48. Representative Gibson requested that the Committee hear from any DOT representatives that were present. Mr. Sanderson, State Highway Administrator of NCDOT and Miriam Perry, Public Transportation Director with DOT, were present to discuss the state's highway and transportation needs.

Continuing the discussion of the Howard Amendment, Chairman Miner recognized Representative Crawford who, in opposition, stated that the majority of the rural roads in the state had in fact already been paved. Representative Hill stated that his community is depending on this bill to address a very bad intersection in his district. Representative Rayfield voiced his concerns that the smaller communities of the state would not be properly provided for in this bill if the 10 most populous cities were being highlighted by DOT.

Representative Hackney, upon recognition of the Chair, spoke against the Howard Amendment stating that the current bill was already well balanced without further alteration. Representative Ross also spoke in opposition, stating that the State should take whatever matched transportation dollars from the Federal Government that it can. Representative Creech spoke in support of the Howard amendment, stating that rural communities have waited long enough to have their dirt roads paved. Chairman Miner then called the vote, but a division of the members was requested. In tallying a hand vote of 13 to 15, the Howard amendment failed.

On a question from Representative Creech, Representative Crawford explained that the road projects outlined in the bill also act as economic incentives because they are small projects, which are to be completed by local contractors in areas throughout the state.

Representative Capps was then recognized to present an amendment that would restrict $20,000 from use on a Wake County light rail system. He stated his reason for this amendment was that Wake County's transportation problems could not be helped because the City is not ready for the use of rail travel at the present time. He suggested that these funds should be used for other, more appropriate parts of the proposed transportation improvements. Representative Hackney spoke against this amendment basing his argument again on his belief that the bill, as it was, provided a balanced package, already approved by the Governor. Representatives Cole and Crawford also spoke against this amendment, citing this balance. Representative Ross stated this amendment would hurt Wake County due to the large number of youth communities (colleges, universities, etc.) in the area that could benefit from a light rail system. Representative Capps then reiterated his support of his amendment noting that it was a waste of tax dollars for Wake County at the present time. The Chair called the vote and, once again, the request for division was made. By a count of hands, the Capps amendment failed 10 to 15.

Chairman Miner then recognized Representative Hackney who made a motion for a favorable report as to HB 48, incorporating the adopted amendments into a Committee Substitute.

However, prior accepting this motion, the Chair recognized Representative Ellis who sent forth an amendment to require that none of the appropriated funds from HB 48 could be used unless the transportation projects being undertaken were completed to DOT standards. Mr. Sanderson of DOT stated that this standard is already required, but informed the Committee, along

with Representative Crawford, that he had no concerns with the amendment. The Chair then called the vote as to the Ellis amendment and it carried without dissent.

Chairman Miner then recognized Representative Hackney's earlier amendment to offer a favorable report as to HB 48, incorporating the adopted amendments into a Committee Substitute. Hearing no further questions from the Committee, the Chair called the vote and the motion carried without known opposition. Thus, HB 48 received a favorable report as to the committee substitute, unfavorable as to the original bill.

As the next item on the agenda, Representative Gibson was recognized by the Chair to explain HB 697 – TROY QUICK TAKE (see attachment 5). Representative Gibson stated that the purpose of the bill was to allow the Town of Troy and the Troy Redevelopment Commission to exercise the power of "quick-take" condemnation in the acquisition of property for the Smitherman Village neighborhood (see attached Bill Summary). Following this explanation, Representative Luebke was recognized and immediately moved for favorable report. Upon the Chair's call, the motion carried unanimously.

The Chairman then recognized Representative Gordon Allen for his birthday. The members of the Committee gave Representative Allen a standing ovation in observance of his special day.

Next, Chairman Miner recognized Representative LaRoque for explanation of the final bill on the day's agenda, HB 469 – LENOIR/DUPLIN UNPAID FEES COLLECTION (see attachment 6). He explained that the bill allows the Counties of Lenoir and Duplin "to attach personal property, garnish wages, and place liens on certain real property to collect unpaid fees for services." Having heard the explanation, the Chair recognized Representative Jones who moved for a favorable report on HB 469.

However, Representative Howard was first recognized to send forth an amendment adding the County of Davie to the text of the bill.

Representative Luebke was then recognized for a question to staff. He asked if this sort of bill was a regular occurrence because he held concerns about the large use of government taking power in this bill. Staff person Martha Walston stated that bills of a similar nature had already passed in earlier sessions. Representative Blackwood questioned Representative LaRoque as to how this bill would affect landlords. Representative LaRoque explained that this bill would affect only the individuals who have received the unpaid services, not the owners of the property if it were rented.

The Chair then recognized Representative Howard to explain her amendment. She noted that it simply adds Davie County with Lenoir and Duplin Counties in the bill. She also presented a perfecting amendment to include Columbus County (on behalf of Representative Hill). Representative Hill then moved the adoption of both amendments. The Chair called the vote on both the perfecting amendment and then the Howard amendment. Both motions carried without known opposition.

Representative Ross was then recognized by Chairman Miner and voiced her concern on the garnishment of wages in the bill. Seeing no further comments from members, the Chair called the

vote as moved by Representative Hackney for a favorable report as to the committee substitute, unfavorable as to the original on HB 469. The motion carried.

Having no further business before the Committee, Chairman Miner adjourned the meeting at 9:58 am.

Respectfully submitted,

Representative David Miner

HOUSE BILL 755

Committee Substitute Favorable 4/24/03

Short Title: Cary/Garner Condemnations. (Local)

Sponsors:

Referred to:

March 27, 2003

A BILL TO BE ENTITLED

AN ACT AUTHORIZING THE TOWNS OF CARY AND GARNER TO ACQUIRE PROPERTY FOR THE PRESENT OR FUTURE LOCATION OR RELOCATION OF TELEPHONE, TELEGRAPH, ELECTRIC, OR OTHER LINES TO BE OPERATED BY PUBLIC UTILITIES.

The General Assembly of North Carolina enacts:

SECTION 1. When acquiring rights-of-way for the construction or improvement of streets, the Town may also locate and acquire such additional rights-of-way as may be necessary for the present or future location or relocation, above or below ground, of telephone, telegraph, electric, and other lines, as well as gas, water, sewerage, oil, and other pipelines to be operated by public utilities defined and regulated under Chapter 62 of the General Statutes. In acquiring real property by eminent domain for these purposes, the Town may use the procedures of either Chapter 40A or Chapter 136 of the General Statutes.

SECTION 2. This act applies to the Towns of Cary and Garner.

SECTION 3. This act is effective when it becomes law.

HOUSE BILL 755:
Cary/Garner Condemnations.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Ross
Date:	April 29, 2003	**Summary by:**	Trina Griffin*
Version:	2nd Edition		Committee Counsel

SUMMARY: ***House Bill 755 authorizes the Towns of Cary and Garner to acquire property for the location or relocation of utility lines when it acquires property for streets. It also gives these towns the ability to acquire property through the condemnation procedures under Chapter 136 as well as under Chapter 40A. The bill would become effective when it becomes law.***

CURRENT LAW:

Acquiring property for the location of utility lines. – Cities and towns can acquire property for the construction and improvement of streets and roads. Often the construction and improvement of streets and roads involves the movement of utility lines and the need to acquire property for their location or relocation. The utility companies can acquire property for the placement of their lines, but municipalities cannot do it for them.

Acquiring property through Chapter 136. – Local public condemnors and private condemnors may acquire property under the eminent domain provisions in Chapter 40A. The Department of Transportation may acquire property under Article 9 of Chapter 136 for the construction and improvement of highways. Municipalities may also use the condemnation provisions in Article 9 of Chapter 136 for the acquisition of property related to the construction and improvement of roads and streets within their corporate boundaries that are part of the state-highway-system, but not for city streets. There are two primary differences between the acquisition authority granted by Chapter 40A and Article 9 of Chapter 136:

- Under Chapter 40A, a condemnor must give the owner of the property to be acquired 30 days notice of its intent to institute an action to condemn the property.[1] Under Article 9 of Chapter 136, the condemnor does not have to give this 30–day notice.
- Under Chapter 40A, the just compensation for the value of the property taken is generally its fair market value prior to the taking.[2] Under Chapter 136, the just compensation for the property taken is its fair market value, taking into consideration any benefits resulting from the utilization of the part taken for highway purposes.

[1] For purposes of road construction and improvement, the title to the property and the right to immediate possession vests automatically with the city subject to the filing of the condemnation complaint and deposit of the estimated just compensation. Chapter 40A and Article 9 of Chapter 136 do not differ in this point.

[2] Under Chapter 40A, the measure of compensation is the greater of either (i) the amount by which the fair market value of the entire tract immediately before the taking exceeds the fair market value of the remainder immediately after the taking or (ii) the fair market value of the property taken. The value of the property does not include an increase or decrease in value that is cause by the proposed improvement or project for which the property is taken.

BILL ANALYSIS: House Bill 755 authorizes the Towns of Cary and Garner to:

- Acquire rights-of-way for the location or relocation of utility lines when it acquires right-of-way for the construction or improvement of streets. In practice, this right-of-way would then be given to the utility companies. Utility companies are often hesitant to use their condemnation authority to acquire additional rights-of-way to relocate utility lines when a municipality undertakes street improvements. This authority will enable the Towns of Cary and Garner to acquire rights-of-way on a timelier basis, resulting in the completion of road improvement projects on a timelier basis. The Department of Transportation has this authority under G.S. 136-18(2) and the City of Raleigh has had this authority since 1991.[3]
- Use the procedures of either Chapter 40A or Chapter 136 when it acquires property by eminent domain.

*Cindy Avrette, counsel for Senate Finance, contributed substantially to this summary.

A BILL TO BE ENTITLED

AN ACT TO IMPLEMENT THE NORTH CAROLINA MOVING AHEAD TRANSPORTATION INITIATIVE BY ALLOWING CASH BALANCES IN THE HIGHWAY TRUST FUND TO BE USED TO MEET CRUCIAL TRANSPORTATION NEEDS, TO REQUIRE FUNDS DESIGNATED BY THIS ACT FOR PRESERVATION, MODERNIZATION, AND MAINTENANCE BE EXPENDED IN ACCORDANCE WITH THE EQUITY DISTRIBUTION FORMULA, TO REQUIRE THE DEPARTMENT OF TRANSPORTATION TO CERTIFY THAT USE OF FUNDS IN ACCORDANCE WITH THIS ACT WILL NOT DELAY CONSTRUCTION OF ANY HIGHWAY TRUST FUND PROJECT, TO REAFFIRM THE INTENT OF THE GENERAL ASSEMBLY THAT PROCEEDS FROM THE ISSUANCE OF BONDS UNDER AUTHORITY OF THE STATE HIGHWAY BOND ACT OF 1996 SHALL BE USED FOR THE PURPOSES STATED IN THAT ACT, AND FOR NO OTHER PURPOSE, AND TO ESTABLISH A BLUE RIBBON COMMISSION TO STUDY SOLUTIONS TO NORTH CAROLINA'S URBAN TRANSPORTATION NEEDS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 136-176 is amended by adding a new subsection to read:

"(a3) The Department may obligate three hundred million dollars ($300,000,000) in fiscal year 2003-2004 and four hundred million dollars ($400,000,000) in fiscal year 2004-2005 of the cash balance of the Highway Trust Fund for the following purposes:

(1) Six hundred thirty million dollars ($630,000,000) for highway system preservation, modernization, and maintenance, including projects to enhance safety, reduce congestion, improve traffic flow, reduce accidents, upgrade pavement widths and shoulders, extend pavement life, improve pavement smoothness, and rehabilitate or replace deficient bridges; and for economic development transportation

projects recommended by local officials and approved by the Board of Transportation.

(2) Seventy million dollars ($70,000,000) for regional public transit systems, rural and urban public transportation system facilities, regional transportation and air quality initiatives, rail system track improvements and equipment, and other ferry, bicycle, and pedestrian improvements. For any project or program listed in this subdivision for which the Department receives federal funds, use of funds pursuant to this subdivision shall be limited to matching those funds."

SECTION 2. G.S. 136-176 is amended by adding a new subsection to read:

"(a4) Projects selection pursuant to subsection (a3) of this section shall be based on identified and documented need. Funds expended pursuant to subdivision (1) of subsection (a3) of this section shall be distributed in accordance with the distribution formula in G.S. 136-17.2A. No funds shall be expended pursuant to subdivision (1) of subsection (a3) of this section on any project that does not meet Department of Transportation standards for road construction, traffic flow standards, or sight distance criteria."

SECTION 3. G.S. 136-176 is amended by adding a new subsection to read:

"(a5) The Department shall report to the Joint Legislative Transportation Oversight Committee, on or before September 1, 2003, on its intended use of funds pursuant to subsection (a3) of this section. The Department shall report to the Joint Transportation Appropriations Subcommittee, on or before May 1, 2004, on its actual current and intended future use of funds pursuant to subsection (a3) of this section. The Department shall certify to the Joint Legislative Transportation Oversight Committee each year, on or before November 1, that use of the Highway Trust Fund cash balances for the purposes listed in subsection (a3) of this section will not adversely affect the delivery schedule of any Highway Trust Fund projects. If the Department cannot certify that the full amounts authorized in subsection (a3) of this section are available, then the Department may determine the amount that can be used without adversely affecting the delivery schedule and may proportionately apply that amount to the purposes set forth in subsection (a3) of this section."

SECTION 4. The General Assembly reaffirms its intent that the proceeds of the issuance of any bonds pursuant to the Highway Bond Act of 1996, Chapter 590 of the 1995 Session Laws, shall be used only for the purposes stated in that act, and for no other purpose.

SECTION 5.(a) Commission Established. – There is established in the General Assembly a Blue Ribbon Commission to study the unique mobility needs of urban areas in North Carolina.

SECTION 5.(b) Membership. – The Commission shall be composed of 27 members as follows:

(1) Fifteen members of the public appointed by the Governor, two of whom shall represent the Regional Transportation Alliance, one of whom shall represent the environmental community, two of whom shall represent the Business Coalition for Regional Transportation

Strategies, two of whom shall represent the North Carolina Citizens for Business and Industry, two of whom shall represent the transportation industry, and four of whom shall be mayors from among the 10 most populous municipalities in the State.

(2) Six members of the House of Representatives appointed by the Speaker of the House of Representatives.

(3) Six members of the Senate appointed by the President Pro Tempore of the Senate.

SECTION 5.(c) Secretary of Transportation. – The Commission shall invite the Secretary of Transportation to attend each meeting of the Commission and encourage his participation in the Commission's deliberations.

SECTION 5.(d) Duties of Commission. – The Commission shall study the following matters related to North Carolina's urban needs:

(1) Innovative financing approaches to mitigate urban congestion.

(2) Local revenue options which would give urban areas more control over their regional mobility future.

(3) Any other urban transportation issues if approved by the cochairs or recommended by the Secretary of Transportation and approved by the cochairs.

SECTION 5.(e) Vacancies. – Any vacancy on the Commission shall be filled by the appointing authority.

SECTION 5.(f) Cochairs. – Cochairs of the Commission shall be designated by the Speaker of the House of Representatives and the President Pro Tempore of the Senate from among their respective appointees. The Commission shall meet upon the call of the chairs. A quorum of the Commission shall be 11 members.

SECTION 5.(g) Expenses of Members. – Members of the Commission shall receive per diem, subsistence, and travel allowances in accordance with G.S. 120-3.1, 138-5, or 138-6, as appropriate.

SECTION 5.(h) Staff. – Adequate staff shall be provided to the Commission by the Legislative Services Office.

SECTION 5.(i) Consultants. – The Commission may hire consultants to assist with the study. Before expending any funds for a consultant, the Commission shall report to the Joint Legislative Commission on Governmental Operations on the consultant selected, the work products to be provided by the consultant, and the cost of the contract, including an itemization of the cost components.

SECTION 5.(j) Cooperation. – The Commission may call upon any department, agency, institution, or officer of the State or any political subdivision thereof for facilities, data, or other assistance.

SECTION 5.(k) Meetings During Legislative Session. – The Commission may meet during a regular or extra session of the General Assembly, subject to approval of the Speaker of the House of Representatives and the President Pro Tempore of the Senate.

SECTION 5.(l) Meeting Location. – The Commission shall meet at various locations around the State in order to promote greater public participation in its

deliberations. The Legislative Services Commission shall grant adequate meeting space to the Commission in the State Legislative Building or the Legislative Office Building.

SECTION 5.(m) Report. – The Commission shall make an interim report of its findings and recommendations to the 2004 Regular Session of the 2003 General Assembly and shall make a final report of its findings and recommendations to the 2005 General Assembly. The Committee shall submit copies of the reports to the Governor and the Secretary of Transportation. Upon the filing of its final report, the Commission shall terminate.

SECTION 5.(n) Funding. – The Commission may apply for, receive, and accept grants of non-State funds, or other contributions as appropriate to assist in the performance of its duties.

SECTION 5.(o) Appropriation. – Of the funds appropriated to the General Assembly, the Legislative Services Commission shall allocate sufficient funds for the expenses of the Commission.

SECTION 5.(p) This section is effective when it becomes law.

SECTION 6. Except as otherwise provided, this act becomes effective July 1, 2003.

A BILL TO BE ENTITLED

AN ACT TO IMPLEMENT THE NORTH CAROLINA MOVING AHEAD TRANSPORTATION INITIATIVE BY ALLOWING CASH BALANCES IN THE HIGHWAY TRUST FUND TO BE USED TO MEET CRUCIAL TRANSPORTATION NEEDS, TO REQUIRE FUNDS DESIGNATED BY THIS ACT FOR PRESERVATION, MODERNIZATION, AND MAINTENANCE BE EXPENDED IN ACCORDANCE WITH THE EQUITY DISTRIBUTION FORMULA, TO REQUIRE THE DEPARTMENT OF TRANSPORTATION TO CERTIFY THAT USE OF FUNDS IN ACCORDANCE WITH THIS ACT WILL NOT DELAY CONSTRUCTION OF ANY HIGHWAY TRUST FUND PROJECT, TO REAFFIRM THE INTENT OF THE GENERAL ASSEMBLY THAT PROCEEDS FROM THE ISSUANCE OF BONDS UNDER AUTHORITY OF THE STATE HIGHWAY BOND ACT OF 1996 SHALL BE USED FOR THE PURPOSES STATED IN THAT ACT, AND FOR NO OTHER PURPOSE, AND TO EXPEDITE THE ISSUANCE OF PERMITS BY THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 136-176 is amended by adding a new subsection to read:

"(a3) The Department may obligate three hundred million dollars ($300,000,000) in fiscal year 2003-2004 and four hundred million dollars ($400,000,000) in fiscal year 2004-2005 of the cash balance of the Highway Trust Fund for the following purposes:

(1) Six hundred thirty million dollars ($630,000,000) for highway system preservation, modernization, and maintenance, including projects to enhance safety, reduce congestion, improve traffic flow, reduce accidents, upgrade pavement widths and shoulders, extend pavement life, improve pavement smoothness, and rehabilitate or replace deficient bridges; and for economic development transportation projects recommended by local officials and approved by the Board of Transportation.

(2) Seventy million dollars ($70,000,000) for regional public transit systems, rural and urban public transportation system facilities, regional transportation and air quality initiatives, rail system track improvements and equipment, and other ferry, bicycle, and pedestrian improvements. For any project or program listed in this subdivision for which the Department receives federal funds, use of funds pursuant to this subdivision shall be limited to matching those funds."

SECTION 2. G.S. 136-176 is amended by adding a new subsection to read:

"(a4) Projects selection pursuant to subsection (a3) of this section shall be based on identified and documented need. Funds expended pursuant to subdivision (1) of subsection (a3) of this section shall be distributed in accordance with the distribution formula in G.S. 136-17.2A."

SECTION 3. G.S. 136-176 is amended by adding a new subsection to read:

"(a5) The Department shall report to the Joint Legislative Transportation Oversight Committee, on or before September 1, 2003, on its intended use of funds pursuant to subsection (a3) of this section. The Department shall report to the Joint Transportation Appropriations Subcommittee, on or before May 1, 2004, on its actual current and intended future use of funds pursuant to subsection (a3) of this section. The Department shall certify to the Joint Legislative Transportation Oversight Committee each year, on or before November 1, that use of the Highway Trust Fund cash balances for the purposes listed in subsection (a3) of this section will not adversely affect the delivery schedule of any Highway Trust Fund projects. If the Department cannot certify that the full amounts authorized in subsection (a3) of this section are available, then the Department may determine the amount that can be used without adversely affecting the delivery schedule and may proportionately apply that amount to the purposes set forth in subsection (a3) of this section."

SECTION 4. The General Assembly reaffirms its intent that the proceeds of the issuance of any bonds pursuant to the Highway Bond Act of 1996, Chapter 590 of the 1995 Session Laws, shall be used only for the purposes stated in that act, and for no other purpose.

SECTION 5. Chapter 136 of the General Statutes is amended by adding a new section to read:

"**§ 136-44.7B. Permit issuance by Department of Environment and Natural Resources for transportation construction projects.**

(a) Once the Department of Environment and Natural Resources or any agency within the Department of Environment and Natural Resources has received a complete application for a permit that is required for a transportation construction project to be undertaken by or on behalf of the Department of Transportation, the Department of Environment and Natural Resources shall expedite the review of the application and shall issue or deny the permit within 90 days of receipt of the submission. All permits not denied within that time limit shall be deemed approved. The Secretary of Environment and Natural Resources and the Secretary of Transportation shall jointly decide any question as to whether an application for a permit is complete. If the

Secretary of Environment and Natural Resources and the Secretary of Transportation are unable to jointly decide any question, the Governor shall decide the question.

(b) Once the Department of Environment and Natural Resources or any agency within the Department of Environment and Natural Resources has issued a permit that is required for a transportation construction project to be undertaken by or on behalf of the Department of Transportation, that permit shall remain in effect until the project is completed. The permit shall not expire and shall not be modified or cancelled for any reason, including a subsequent change in federal law or regulations or in State law or rules, unless at least one of the following occurs:

(1) The modification or cancellation is requested by the Department of Transportation.

(2) The modification or cancellation is clearly required by a change in federal law or regulations and a failure to modify or cancel the permit by the Department of Environment and Natural Resources would result in a loss of federal program delegation or a significant reduction in the availability of federal funds to the Department of Environment and Natural Resources or to the Department of Transportation.

(3) The modification or cancellation is clearly required by a change in State law as a result of an act of the General Assembly that includes a statement that the General Assembly specifically intends the change in State law to apply to ongoing transportation construction projects.

(4) The modification or cancellation is ordered by a court of competent jurisdiction.

(5) The nature or scope of the transportation construction project is significantly expanded or otherwise altered."

SECTION 6. This act becomes effective July 1, 2003.

NORTH CAROLINA GENERAL ASSEMBLY
AMENDMENT

Representative Carney

moves to amend the bill
on page 1, line 14, by rewriting that line to read:
"PURPOSES STATED IN THAT ACT, AND FOR NO OTHER PURPOSE, TO ESTABLISH A BLUE RIBBON COMMISSION TO STUDY SOLUTIONS TO NORTH CAROLINA'S URBAN TRANSPORTATION NEEDS, AND";

on page 3, line 26, by rewriting the line to read:

"SECTION 6.(a) Commission Established. -- There is established in the General Assembly a Blue Ribbon Commission to study the unique mobility needs of urban areas in North Carolina.

SECTION 6.(b) Membership. -- The Commission shall be composed of 24 members as follows:

(1) Fourteen members of the public appointed by the Governor, two of whom shall represent the Regional Transportation Alliance, two of whom shall represent the Business Coalition for Regional Transportation Strategies, two of whom shall represent the North Carolina Citizens for Business and Industry, two of whom shall represent the transportation industry, and four of whom shall be mayors from among the ten most populous municipalities in the State.

(2) Five members of the House of Representatives appointed by the Speaker of the House of Representatives.

(3) Five members of the Senate appointed by the President Pro Tempore of the Senate.

SECTION 6.(c) Secretary of Transportation. – The Commission shall invite the Secretary of Transportation to attend each meeting of the Commission and encourage his participation in the Commission's deliberations.

SECTION 6.(d) Duties of Commission. – The Commission shall study the following matters related to North Carolina's urban needs:

(1) Innovative financing approaches to mitigate urban congestion.

(2) Local revenue options which would give urban areas more control over their regional mobility future.

(3) Any other urban transportation issues if approved by the cochairs or recommended by the Secretary of Transportation and approved by the cochairs.

SECTION 6.(e) Vacancies. – Any vacancy on the Commission shall be filled by the appointing authority.

SECTION 6.(f) Cochairs. – Cochairs of the Commission shall be designated by the Speaker of the House of Representatives and the President Pro Tempore of the Senate from among their respective appointees. The Commission shall meet upon the call of the chairs. A quorum of the Commission shall be eleven members.

SECTION 6.(g) Expenses of Members. – Members of the Commission shall receive per diem, subsistence, and travel allowances in accordance with G.S. 120-3.1, 138-5, or 138-6, as appropriate.

SECTION 6.(h) Staff. – Adequate staff shall be provided to the Commission by the Legislative Services Office.

SECTION 6.(i) Consultants. – The Commission may hire consultants to assist with the study. Before expending any funds for a consultant, the Commission shall report to the Joint Legislative Commission on Governmental Operations on the consultant selected, the work products to be provided by the consultant, and the cost of the contract, including an itemization of the cost components.

SECTION 6.(j) Cooperation. – The Commission may call upon any department, agency, institution, or officer of the State or any political subdivision thereof for facilities, data, or other assistance.

SECTION 6.(k) Meetings During Legislative Session. – The Commission may meet during a regular or extra session of the General Assembly, subject to approval

of the Speaker of the House of Representatives and the President Pro Tempore of the Senate.

SECTION 6.(l) Meeting Location. – The Commission shall meet at various locations around the State in order to promote greater public participation in its deliberations. The Legislative Services Commission shall grant adequate meeting space to the Commission in the State Legislative Building or the Legislative Office Building.

SECTION 6.(m) Report. – The Commission shall make an interim report of its findings and recommendations to the 2004 Regular Session of the 2003 General Assembly and shall make a final report of its findings and recommendations to the 2005 General Assembly. The Committee shall submit copies of the reports to the Governor and the Secretary of Transportation. Upon the filing of its final report, the Commission shall terminate.

SECTION 6.(n) Funding. – The Commission may apply for, receive, and accept grants of non-State funds, or other contributions as appropriate to assist in the performance of its duties.

SECTION 6.(o) Appropriation. – Of the funds appropriated to the General Assembly, the Legislative Services Commission shall allocate sufficient funds for the expenses of the Commission.

SECTION 6.(p) This section is effective when it becomes law.

SECTION 7. Except as otherwise provided, this act becomes effective July 1, 2003."

HOUSE BILL 48:
Moving Ahead Transportation Initiative

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Crawford and Cole
Date:	April 29 2003	**Analysis by:**	Martha Walston
Version:	2nd Edition		Committee Counsel

SUMMARY: House Bill 48 (2nd Ed) does the following:

- *Authorizes the Department of Transportation (DOT) to use $300 million in fiscal year 2003-2004, and $400 million in fiscal year 2004-2005 of the cash balance of the Highway Trust Fund for specified purposes.*
- *Requires DOT to report on its intended, actual, and future use of the above funds.*
- *Requires the Department of Environment and Natural Resources (DENR) to expedite the permit review process for permits required for transportation construction projects undertaken by DOT.*

CURRENT LAW: The Highway Trust Fund was established in 1989 for the purposes of funding highway construction. The purposes include intrastate system projects, urban loop projects, city streets, and secondary roads. The 2001 General Assembly permitted the use of $680 million of Trust Fund cash balances over three fiscal years for additional purposes, primarily maintenance. At the end of January 2003, the cash balance in the Highway Trust Fund was $213 million.

The Highway Trust Fund's primary revenue sources are ¼ of the motor fuel tax, a 3% Highway Use Tax, title fees and various registration fees, and interest earned on cash balances.

BILL ANALYSIS: Section 1 of House Bill 48 amends G.S. 136-176 (the Highway Trust Fund statute) by adding a new subsection that provides more flexibility in the Highway Trust Fund. This new subsection authorizes DOT to use $300 million in fiscal year 2003-2004 and $400 million in fiscal year 2004-2005 of the cash balance of the Highway Trust Fund for the following purposes:

1. ~~$680~~ million for highway system preservation, modernization, and maintenance.
2. $70 million for regional public transit systems, rural and urban public transportation system facilities, regional transportation and air quality initiatives, rail system track improvements and equipment, and other ferry, bicycle, and pedestrian improvements. If federal funds are received for any of these projects, then the funds from the cash balance of the Highway Trust Fund shall be limited to matching the federal funds.

Section 2 of HB 48 amends the Highway Trust Fund statute to require that projects selected under the new subsection must be based on identified and documented need. Funds expended for highway system preservation, modernization, and maintenance must be distributed in accordance with the equity distribution formula in G.S. 136-17.2A.

Section 3 of HB 48 amends the Highway Trust Fund statute to require DOT to report on the funds authorized by the new subsection as follows:

- DOT must report to the Joint Legislative Transportation Oversight Committee by September 1, 2003, on the intended use of the funds.
- DOT must report to the Joint Transportation Appropriations Subcommittee by May 1, 2004, on it actual current and intended future use of the funds.
- DOT must certify to the Joint Legislative Transportation Oversight Committee each year by November 1, that use of the Highway Trust Fund cash balances for the purposes authorized by the new subsection will not adversely affect the delivery schedule of any Highway Trust Fund projects. If DOT cannot certify that the authorized amounts in the cash balance of the Highway Trust Fund will not have an adverse effect, then DOT may determine the amount that can be used without adversely affecting the delivery schedule and proportionately apply this amount to the purposes authorized in the new subsection.

Section 4 of HB 48 reaffirms the intent of the General Assembly that the proceeds from the issuance of any bonds pursuant to the Highway Bond Act of 1996 are to be used only for the purposes stated in that act, and for no other purpose.[1]

Section 5 of HB 48 adds a new statute to Article 2A (State Roads Generally) of Chapter 136 (Roads and Highways) that would expedite the permit process for a transportation construction project undertaken by DOT. Once DENR has received a complete application for a permit that is required for a transportation construction project, DENR must issue or deny the permit within 90 days of the application's receipt. If the permit is not denied within the 90-day time limit, then the permit is deemed approved. The Secretaries of DENR and DOT will jointly decide if an application for a permit is complete. If the Secretaries are unable jointly to decide any question, the Governor shall make the decision. Once a permit has been issued, it will remain in effect until the transportation project is completed. However, the permit may be modified or cancelled if (1) requested by DOT, (2) required by change in federal law and a failure to modify or cancel the permit would result in a loss of federal funds, (3) required by change in State law that expressly states that the change applies to ongoing transportation construction projects, (4) the modification or cancellation is ordered by the courts, or (5) the nature or scope of the transportation construction project is significantly altered.

[1] The State Highway Bond Act of 1996, subject to the vote of the people, authorized the issuance of $950 million general obligation bonds of the State for the purpose of providing funds, with any other available funds, for constructing, improving, and relocating roads, bridges, tunnels, and other highway facilities constituting at the time of the construction, improvement, and relocation, urban loops, highways in the Intrastate System, or a part of the State secondary highway system.

For Rep Stam

From Rep Stam re HB 48 (not discussed)

The State Board of Elections shall reimburse the counties of the State for all necessary expenses incurred in holding the election which are in addition to those which would have otherwise been incurred, these expenses to be paid out of the Contingency and Emergency Fund or other funds available to the State Board of Elections.

Ballots, voting systems authorized by Article 14 of Chapter 163 of the General Statutes, or both may be used in accordance with rules prescribed by the State Board of Elections. The bond question to be used in the ballots or voting systems shall be in substantially the following form:

[ ] FOR [ ] AGAINST

The issuance of nine hundred fifty million dollars ($950,000,000) State of North Carolina Highway Bonds constituting general obligation bonds of the State secured by a pledge of the faith and credit and taxing power of the State for the purpose of providing funds, with any other available funds, through the application of not in excess of five hundred million dollars ($500,000,000) of the bonds to pay the capital costs of urban loops, the application of not in excess of three hundred million dollars ($300,000,000) of the bonds to pay the capital costs of Intrastate System projects, and the application of not in excess of one hundred fifty million dollars ($150,000,000) of the bonds to pay the capital costs of projects constituting a part of the State secondary highway system resulting in the paving of unpaved roads.

If a majority of those voting on the bond question vote in favor of the issuance of the bonds, the bonds may be issued as provided in this act. If a majority of those voting on the bond question vote against the issuance of the bonds, the bonds shall not be issued.

The results of the election shall be canvassed and declared as provided by law for the holding of elections for State officers; the results of the election shall be certified by the State Board of Elections to the Secretary of State, in the manner and at the time provided by the general election laws of the State.

Sec. 10. Issuance of bonds and notes. (a) Terms and conditions. Bonds or notes may bear such date or dates, may be serial or term bonds or notes, or any combination thereof, may mature in such amounts and at such time or times, not later than December 1, 2013, may be payable at such place or places, either within or without the United States of America, in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, may bear interest at such rate or rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at such price or prices, including a price less than the face amount of the bonds or notes, and under such terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; form and denomination; registration. Bonds or notes may be issued as certificated or uncertificated obligations. If issued as certificated obligations, bonds or notes shall be signed on behalf of the State

H 2

HOUSE BILL 697
Committee Substitute Favorable 4/16/03

Short Title: Troy Quick Take. (Local)

Sponsors:

Referred to:

March 27, 2003

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE CITY OF TROY AND ITS REDEVELOPMENT COMMISSION TO ACQUIRE PROPERTY WITHIN A REDEVELOPMENT AREA USING THE "QUICK TAKE" PROCEDURE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 40A-42(a)(1) reads as rewritten:

"(1) When a local public condemnor is acquiring property by condemnation for a purpose set out in G.S. 40A-3(b)(1), (4) or (7), or when a city is acquiring property for a purpose set out in G.S. 160A-311(1), (2), (3), (4), (6), or (7), or when a city or city redevelopment commission is acquiring property within a redevelopment area under a redevelopment plan adopted pursuant to Article 22 of Chapter 160A, or when a county is acquiring property for a purpose set out in G.S. 153A-274(1), (2) or (3), or when a local board of education or any combination of local boards of education is acquiring property for any purpose set forth in G.S. 115C-517, or when a condemnor is acquiring property by condemnation as authorized by G.S. 40A-3(c)(8), (9), (10), (12), or (13), title to the property and the right to immediate possession shall vest pursuant to this subsection. Unless an action for injunctive relief has been initiated, title to the property specified in the complaint, together with the right to immediate possession thereof, shall vest in the condemnor upon the filing of the complaint and the making of the deposit in accordance with G.S. 40A-41."

SECTION 2. This act applies to the Town of Troy and the Troy Redevelopment Commission when acquiring property for the "Smitherman Village" neighborhood only.

SECTION 3. This act is effective when it becomes law and expires July 1, 2008.

HOUSE BILL 697:
Troy Quick Take.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Gibson
Date:	April 29, 2003	**Summary by:**	Trina Griffin
Version:	2nd Edition		Committee Counsel

SUMMARY: ***House Bill 697 authorizes the Town of Troy and the Troy Redevelopment Commission to exercise the power of "quick-take" condemnation to acquire property for the Smitherman Village neighborhood. The act would be effective when it becomes law and would expire July 1, 2008.***

CURRENT LAW:

General Condemnation Procedures: Both municipalities and redevelopment commissions are granted the authority to acquire real property by eminent domain in accordance with Chapter 40A. Under general condemnation procedures, title to the property and the right of possession vests in the city or county (or redevelopment commission) seeking condemnation only after one of the following occur: (1) the property owners do not contest the taking but only request a determination of just compensation; (2) the owners do not respond within 120 days of service of the condemnation action; or (3) the deposit made by the locality is disbursed by the court in accordance with G.S. 40A-44.

"Quick-Take" Procedures: Under current law, cities and counties may use the power of "quick-take" condemnation for purposes set out in G.S. 40A-3 and 40A-42, which include:

- Opening or improving roads, streets, and sidewalks.
- Establishing or improving storm sewer and drainage systems and works, or sewer and septic tank lines and systems.
- Establishing drainage programs

In addition, cities may use quick-take procedures for electricity, water supply and distribution, wastewater treatment and disposal, gas, solid waste collection and disposal, and cable television; counties may use quick-take for water, wastewater treatment and disposal, and solid waste collection and disposal.

Under quick-take condemnation procedures, title to the property and the right to immediate possession vests upon the filing of the complaint and the making of a deposit in an amount estimated by the condemnor to be just compensation for the taking, unless an action for injunctive relief has been initiated.

BILL ANALYSIS: House Bill 697 authorizes the Town of Troy and the Troy Redevelopment Commission to use quick-take condemnation procedures for acquiring property within a redevelopment area under a redevelopment plan. This authority is only with respect to property acquired for the Smitherman Village project. Currently, the town council members of the Town of Troy comprise the membership of the Troy Redevelopment Commission.

SESSION 2003

H D

HOUSE BILL 469

Committee Substitute Favorable 4/28/03

PROPOSED COMMITTEE SUBSTITUTE H469-PCS60316-LA-13

Short Title: Several Counties Unpaid Fees Collection. (Local)

Sponsors:

Referred to:

March 13, 2003

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE COLUMBUS, DAVIE, DUPLIN, AND LENOIR COUNTIES, CERTAIN DISTRICTS CREATED BY THESE COUNTIES, AND MUNICIPALITIES LOCATED WITHIN THESE COUNTIES TO ATTACH PERSONAL PROPERTY, GARNISH WAGES, AND PLACE LIENS ON CERTAIN REAL PROPERTY TO COLLECT UNPAID FEES FOR SERVICES.

The General Assembly of North Carolina enacts:

SECTION 1. A county may adopt an ordinance providing that any fee charged by the county and remaining unpaid for a period of 90 days may be collected in any manner by which delinquent personal or real property taxes can be collected. If the ordinance states that delinquent fees may be collected in the same manner as delinquent real property taxes, the delinquent fees are a lien on the real property owned by the person contracting with the county for the service, and the ordinance shall provide for an appeals process. If a lien is placed on real property, the lien shall be valid from the time of filing in the office of the clerk of superior court of the county in which the service was provided a statement containing the name and address of the person against whom the lien is claimed, the name of the county, county water and sewer district, county service district, or municipality, whichever applies, claiming the lien, the specific service that was provided, the amount of the unpaid charge for that service, and the date and place of furnishing that service. No lien under this act shall be valid unless filed in accordance with this section after 90 days of the date of the failure to pay for the service and within 180 days of the date of the failure to pay for the service. The lien may be discharged as provided in G.S. 44-48.

SECTION 2. The reference to county shall include a county, a county water and sewer district created under Article 6 of Chapter 162A of the General Statutes, a county service district created under Article 16 of Chapter 153A of the General Statutes, or a municipality located wholly or partly within that county.

SECTION 3. This act shall not apply to fees collectable under Articles 9A and 9B of Chapter 44 of the General Statutes, G.S. 153A- 293, and G.S. 160A-314.1.

SECTION 4. This act applies only to Columbus, Davie, Duplin, and Lenoir Counties, county water and sewer districts located in Columbus, Davie, Duplin, or Lenoir County, county service districts located within Columbus, Davie, Duplin, or Lenoir County, and municipalities located wholly or partially within Columbus, Davie, Duplin, or Lenoir County.

SECTION 5. This act becomes effective July 1, 2003.

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2003

H 2

HOUSE BILL 469
Committee Substitute Favorable 4/28/03

Short Title: Lenoir/Duplin Unpaid Fees Collection. (Local)

Sponsors:

Referred to:

March 13, 2003

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE LENOIR AND DUPLIN COUNTIES, CERTAIN DISTRICTS CREATED BY LENOIR AND DUPLIN COUNTIES, AND MUNICIPALITIES LOCATED WITHIN LENOIR AND DUPLIN COUNTIES TO ATTACH PERSONAL PROPERTY, GARNISH WAGES, AND PLACE LIENS ON CERTAIN REAL PROPERTY TO COLLECT UNPAID FEES FOR SERVICES.

The General Assembly of North Carolina enacts:

SECTION 1. A county may adopt an ordinance providing that any fee charged by the county and remaining unpaid for a period of 90 days may be collected in any manner by which delinquent personal or real property taxes can be collected. If the ordinance states that delinquent fees may be collected in the same manner as delinquent real property taxes, the delinquent fees are a lien on the real property owned by the person contracting with the county for the service, and the ordinance shall provide for an appeals process. If a lien is placed on real property, the lien shall be valid from the time of filing in the office of the clerk of superior court of the county in which the service was provided a statement containing the name and address of the person against whom the lien is claimed, the name of the county, the county water and sewer district, the county service district, or the municipality, whichever applies, claiming the lien, the specific service that was provided, the amount of the unpaid charge for that service, and the date and place of furnishing that service. No lien under this act shall be valid unless filed in accordance with this section after 90 days of the date of the failure to pay for the service and within 180 days of the date of the failure to pay for the service. The lien may be discharged as provided in G.S. 44-48.

SECTION 2. The reference to county shall include a county, a county water and sewer district created under Article 6 of Chapter 162A of the General Statutes, a county service district created under Article 16 of Chapter 153A of the General Statutes, or a municipality located wholly or partly within that county.

SECTION 3. This act shall not apply to fees collectable under Articles 9A and 9B of Chapter 44 of the General Statutes, G.S. 153A- 293, and G.S. 160A-314.1.

SECTION 4. This act applies only to Lenoir and Duplin Counties, county water and sewer districts located in Lenoir or Duplin County, county service districts located within Lenoir or Duplin County, and municipalities located wholly or partially within Lenoir or Duplin County.

SECTION 5. This act becomes effective July 1, 2003.

HOUSE BILL 469:
Lenoir/Duplin Unpaid Fees Collection

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. LaRoque
Date:	April 28, 2003	**Analysis by:**	Martha Walston*
Version:	2nd Edition		Committee Counsel

SUMMARY: House bill 469 would permit the Counties of Lenoir and Duplin, any municipality located wholly or partly in either county, and water and waste-water authorities in those counties to collect any fee owed to the local government that remains unpaid 90 days as if the fee were a delinquent property tax.

CURRENT LAW: Local governments are authorized to charge fees for various services provided to the citizens of the jurisdiction. Examples of programs that might charge fees include: participating in recreational activities, solid waste, water and waste water system, transportation systems, mental health services, health services, environmental health, concealed handgun permit, animal control, etc.

Several of the fees have statutory provisions for collection. Examples include:

- PUBLIC ENTERPRISES. G.S. 153A-277(b) provides that a county operating a public enterprise may disconnect services after an account is delinquent for 10 days. G.S. 160A-314(b) provides like authority for municipalities operating public enterprises. G.S. 162A-9 provides a similar authority for water and sewer authorities after an account is delinquent 30 days.
- AMBULANCE SERVICES. G.S. 44-51.4 allows a local government to collect an account 90 days delinquent through the use of attachment and garnishment proceedings set forth for the collection of property taxes. G.S. 44-51.1 also allows the placement of a lien on real property for unpaid ambulance fees.
- SOLID WASTE FEES. G.S. 153A-293 permits a county to enact an ordinance providing that a solid waste fee may be billed and collected as a property tax. G.S. 160A-214.1(b) provides like authority for municipalities.

BILL ANALYSIS: House Bill 469 would allow the Counties of Lenoir and Duplin, any municipality located wholly or partly in those counties, or a water or sewer authority located in those counties to collect any fee owed to the local government that is past due for 90 days as if it were a property tax. The bill would require the local government to enact an ordinance stating this is a method of collection in that local government's jurisdiction, and would exempt the ambulance and solid waste fees.

*Erika Churchill, counsel to House Local Government I, contributed substantially to this summary.

Currently under general law, property taxes may be collected in the following ways:

- Placement of a lien on real and personal property that are superior to all other liens.
- Sale of personal property.
- Attachment and garnishment of wages and bank accounts.
- Sale of real property.

If the county seeks to collect the delinquent fee by placing a lien on real property, a statement must be filed with the clerk of superior court. The statement must contain the name and address of the delinquent person, the name of the local government claiming the lien, the specific service that was provided, the amount of the unpaid charge, and the date and place of furnishing the service. To be valid, the lien must be filed after 90 days from the date of the failure to pay and within 180 days of the date of the failure to pay.

EFFECTIVE DATE: The act would become effective when it becomes law.

2003 COMMITTEE REPORT
HOUSE OF REPRESENTATIVES

The following report(s) from standing committee(s) is/are presented:
By Representatives **G. Allen, Howard, Luebke, McComas, Miner, and Wainwright** (Chairs) for the Committee on **FINANCE.**

House Committee on Finance

Minutes

~

May 22, 2003

The House Committee on Finance met on Tuesday, May 22, 2003 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Luebke, and Wainwright; Vice-Chairs Alexander, Gibson, and Hill; and Representatives Blackwood, Bordsen, Capps, Ellis, Hackney, Holliman, Jones, McGee, Rayfield, Ross, Setzer, Weiss, Womble, and Wood. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Jackson Stanley. Staff persons present included Cindy Avrette, Richard Bostic, Jerry Cohen, Trina Griffin, Linda Millsaps, Alexei Pavlichev, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman Wainwright called the meeting to order at 8:35 am and immediately recognized the two pages present: Zachary Pope of Haywood County, sponsored by Representative Rapp and Elizabeth Edwards of Rowan County, sponsored by Representative McCombs. She also thanked the Sergeant-at-Arms and Staff for their regular attendance and assistance.

As the first matter of business, Chairman Wainwright recognized Representative Gulley to explain HB 705 – MATTHEWS ANNEXATION (see attachment 3). This bill acts to extend the corporate limits of the Town of Matthews to include the entire area remaining in its "sphere of influence" within Mecklenburg County. Chairman Wainwright recognized Representative Rayfield who asked if there was any known opposition to the bill in the areas of annexation. Representative Gulley stated that the only opposition he was aware of was from the County with regard to the few lands they still held in the proposed annexation areas. Otherwise, he stated that the bill was highly supported. Representative Rayfield then moved for a favorable report on HB 705. The motion carried with no known opposition.

Sen. Stevens was then recognized by the Chairman to explain SB 181 – APEX QUICKTAKE ROADS/HISTORIC STRUCTURES (see attachment 4). The Senator explained that the bill authorizes the Town of Apex to do two different things. First, it allows the Town to use the same condemnation procedures and authority for roads that the Department of Transportation uses. Second, it adopts ordinances for the Town to regulate the demolition of historic structures in its Historic District. Senator Stevens also stated that there was no known opposition on the bill. Without further discussion, Chairman Wainwright recognized Representative Ross who moved for a favorable report on SB 181. The motion carried by consent.

The Chair next recognized Representative Nye to explain HB 1260 – RAISE CEILING/SPEECH PATH./AUDIOLOGIST FEES (see attachment 5). HB 1260 amends the fees that Board of Examiners for Speech and Language Pathologists and Audiologists can charge by increasing the set $40 fees for the initial license fee and the renewal license fee to maximum fees of $100 for the initial license and license renewal. Discussion among the members, particularly from Representative Capps, ensued noting the concern of the Committee that the levels of the fees were being raised more than 100 percent. Representative Nye stated that the fees had not been increased

since 1987 and that the costs of inflation alone made up a significant part of this increase. Seeing no further discussion, Chairman Wainwright recognized Representative Holliman who moved for a favorable report. The Chair called the vote and the motion carried without objection.

The Chair then recognized Representative Moore to explain HB 163 – KINGS MTN. ANNEX WATER SYSTEM (see attachment 6). He explained that the bill acts to allow the City of Kings Mountain to annex certain described property owned by the town by voluntary annexation without having to meet the customary statutory requirements. Representative Moore also noted that there was a Proposed Committee Substitute for the bill; however, Staff was unaware of this. The Chair then temporarily displaced HB 163 so that Representative Moore could confer with Staff on the matter

In the interim, the Chair recognized Sen. Apodaca to explain SB 288 – POLK SCHOOL ACQUISITION (see attachment 7). He explained that the bill acts to add Polk County to the list of 87 counties in North Carolina that are authorized to acquire school property on behalf of their boards of education. He stated that the bill would be effective when it became law and that there was no known opposition on the matter. Having no discussion from the members, Chairman Wainwright recognized Representative McGee who then moved for a favorable report on SB 288. The Chair called the vote and the motion carried unanimously.

The Chair next recognized Representative Alexander to explain HB 1118 – DISPLAY FETAL ALCOHOL SYNDROME WARNING SIGNS (see attachment 8). She explained that the bill requires each ABC store to prominently display a warning sign stating that drinking alcohol during pregnancy can cause birth defects. The bill further requires the ABC Commission to develop the signs and provide for their distribution (for additional details see Bill Analysis in attachment). Following the explanation, Representative Rayfield was recognized for a question. He asked Representative Alexander who was responsible to pay for the required signs. Representative Alexander responded that each individual retail store would be responsible for the costs, which cannot exceed $25.00). Representative Ellis was also recognized by the Chair and commended Representative Alexander on her bill, stating that the best way to protect our pregnant mothers was through education. Chairman Wainwright then recognized Representative Jones, who moved for a favorable report on HB 1118. Seeing no further questions, the Chair called the vote and the motion carried without opposition.

The Chairman then replaced HB 163 - KINGS MTN. ANNEX WATER SYSTEM (see attachment 6). Representative Moore stated that the bill before the Committee was the correct version of the bill and then requested the member's support. (Staff was able to determine that the Committee Substitute on the bill, as mentioned above, had been adopted in an earlier meeting in the House Committee on Local Government I). Seeing no discussion on the bill, Chairman Wainwright recognized Representative McGee for a motion of favorable report.

Representative Luebke was recognized by the Chair to explain the last bill before the Committee for consideration (for the Sponsor, Senator Gulley): SB 214 – RES AND PRODUCTION SVC. DIST. DEANNEXATION (see attachment 9). He explained that the bill establishes a procedure to remove property from a research and production service district and, although a public bill, only effects portions of Durham and Wake County. This deannexation can only be accomplished once a number of requirements have been met (see Bill Analysis for details).

Seeing no discussion or questions on the bill, Chairman Wainwright recognized Representative Weiss who moved for a favorable report on SB 214. The Chair called for the vote and the motion carried without known opposition.

The Chair then made the announcement that the next House Finance Committee Meeting would be held on the following Wednesday, May 28, 2003, at 8:30 am in the same location.

Having no further business before the Committee, Chairman Wainwright wished the Committee members a good Memorial Day holiday and then adjourned the meeting at 9:03 am.

Respectfully submitted,

Representative William Wainwright
Presiding Chair

Jason A. Cannon
Assistant to Committee on Finance

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

HOUSE BILL 705

Short Title:	Matthews Annexation.	(Local)
Sponsors:	Representatives Gulley and Black (Primary Sponsors).	
Referred to:	Finance.	

March 27, 2003

A BILL TO BE ENTITLED

AN ACT TO ANNEX TO THE TOWN OF MATTHEWS ALL THE TERRITORY REMAINING IN ITS SPHERE OF INFLUENCE.

The General Assembly of North Carolina enacts:

SECTION 1. The corporate limits of the Town of Matthews are extended to include the entire area remaining in its sphere of influence within Mecklenburg County. As used in this act, "sphere of influence" means that area designated as such in annexation agreements between the Town of Matthews and other municipalities under Chapter 953 of the 1983 Session Laws, or under other general or local acts.

SECTION 2. The Town of Matthews shall record in the office of the Register of Deeds of Mecklenburg County a detailed map of the area annexed by this act. The map shall also delineate any area for which annexation is deferred pursuant to Section 3 of this act.

SECTION 3. This act becomes effective June 30, 2003, except that as to land that is being taxed at present-use value pursuant to G.S. 105-277.4 on the day this act is ratified, it becomes effective on the same day as determined under G.S. 160A-49(f2) that it would have become effective if the area had been annexed under Part 3 of Article 4A of Chapter 160A of the General Statutes. The Town may, however, provide police, fire, and emergency medical services to areas whose annexation has been deferred by this section.

HOUSE BILL 705:
Matthews Annexation.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Reps. Gulley and Black
Date:	May 22, 2003	**Summary by:**	Trina Griffin
Version:	1st Edition		Committee Counsel

SUMMARY: ***House Bill 705 annexes to the Town of Matthews all the territory remaining in its sphere of influence. Except for land taxed at present-use value, the act would become effective June 30, 2003. The annexation of land taxed at present-use value would be deferred until the land no longer meets the criteria for taxation at present-use value. However, this property would be considered part of the Town of Matthews for boundary and planning purposes and would receive police, fire, and EMS protection.***

CURRENT LAW: Annexation is one method that a city or town may employ to extend its corporate limits, and the process must be done in accordance with Article 4A of Chapter 160A. Annexation may be either voluntary or involuntary.

Voluntary Annexation. – A voluntary annexation requires that the governing board of a municipality pass an ordinance upon presentation of a petition signed by the owners of all real property within the area to be annexed. G.S. 160A-58.1 governs the voluntary annexation by a municipality of noncontiguous property. All property owners in the satellite area[1] may petition for voluntary annexation of the noncontiguous property if the property meets the following five standards in G.S. 160A-58.1(b):

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.

Involuntary Annexation. – An involuntary annexation requires, among other things, that the property meet certain characteristics:

- The area to be annexed must be adjacent or contiguous to the municipality's boundaries.
- At least 1/8 of the aggregate external boundaries of the area must coincide with the municipal boundary; and
- No part of the area may be included within the boundary of another incorporated municipality.

[1] G.S. 160A-58.4 provides that satellite corporate limits cannot be considered a part of a municipality's corporate limits for purposes of its ETJ. Therefore, satellite annexations have no effect upon a municipality's ETJ.

In addition to the requirements concerning location of the area in relation to the municipality's existing boundaries, the area must also be "developed for urban purposes" by meeting one of several standards concerning population, density, and development.

If the property does not meet the statutory requirements for annexation, the municipality does not have the authority to annex the area. However, the General Assembly can extend the corporate limits of a municipality to encompass areas that the municipality would not statutorily have the authority to annex.

BILL ANALYSIS: House Bill 705 annexes to the Town of Matthews the entire area remaining in its sphere of influence within Mecklenburg County. The annexation of any land within the sphere of influence that is currently being taxed at present-use value is deferred until the land no longer qualifies for present-use valuation. However, for boundary purposes, planning purposes, and public safety purposes, the land will be considered part of the Town of Matthews.

BACKGROUND: In 1984, the General Assembly enacted legislation authorizing the City of Charlotte and the surrounding municipalities to enter into annexation agreements that create "spheres of influence." The "sphere of influence" is the area described in the agreement that the parties agree may be annexed by a one of the municipalities to the exclusion of the others. Since this legislation was enacted, Matthews has received over 500 voluntary annexation petitions and several pieces of land have been annexed in accordance with the agreement, creating several "donut holes" along the way. This legislation would close up the remaining donut holes and peninsulas. Additionally, one of the reasons for this legislation is to provide clarification as to the proper entity that will provide police, fire, and EMS protection in these areas.

SENATE BILL 181
Finance Committee Substitute Adopted 4/16/03

Short Title: Apex Quicktake Roads/Historic Structures (Local)

Sponsors:

Referred to:

February 26, 2003

A BILL TO BE ENTITLED

AN ACT AUTHORIZING THE TOWN OF APEX TO USE THE PROCEDURE AND AUTHORITY OF CHAPTER 136 OF THE NORTH CAROLINA GENERAL STATUTES IN CONDEMNATION PROCEEDINGS CONCERNING PUBLIC STREETS AND ROADS, AND TO ADOPT ORDINANCES REGULATING DEMOLITION OF HISTORIC STRUCTURES IN THE APEX HISTORIC DISTRICT.

The General Assembly of North Carolina enacts:

SECTION 1. Section 6.5 of the Charter of the Town of Apex, being Chapter 356 of the 1985 Session Laws, as added by Chapter 70 of the 1987 Session Laws, reads as rewritten:

"Sec. 6.5. Additional Eminent Domain Powers. Notwithstanding the provisions of G.S. 40A-1, in the exercise of its authority of eminent domain for the acquisition of property interests (including, without limitation, fee simple title, rights-of-way, and easements) to be used for water lines and treatment facilities and sewer lines and treatment facilities, and opening, widening, extending, or improving public streets and roads, the town may use the procedure and authority prescribed in Article 9 of Chapter 136 of the General Statutes of North Carolina, as now or hereafter amended; provided further, that whenever therein the words 'Secretary' or 'Secretary of Transportation' appear, they shall be deemed to include the 'Town ~~Manager';~~Manager', and whenever therein the word 'highway' appears, it is deemed to include 'public works' in accordance with this section, provided further that nothing herein shall be construed to enlarge the power of the town to condemn property already devoted to public use. Provided further, just compensation for the acquisition of fee simple title or a perpetual easement pursuant to this section to be used for street or road right-of-way shall be no less than (i) one dollar ($1.00) per square foot of real property taken, or (ii) the prorated ad valorem tax value of the parent tract, whichever is less. The powers granted by this section are in addition to and supplementary to those powers granted by any local or general law."

SECTION 2. In order to preserve and enhance one of the most valuable and unique natural resources of the community, and to preserve the property values and promote the general welfare of its citizens, the Town of Apex may adopt ordinances to regulate the demolition of historic structures within its municipal corporate limits and extraterritorial jurisdiction. For purposes of this section, "historic structures" means any structure (i) individually listed in the National Register of Historic Places, (ii) listed as a contributing structure in the National Register of Historic Places, (iii) certified or preliminarily determined by the Secretary of the Interior as contributing to the significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district, (iv) individually listed in the State inventory of historic places, (v) listed in the Wake County Register of Historic Places, or (vi) individually listed in a local inventory of historic places in communities with historic preservation programs that have been certified by an approved State program as determined by the Secretary of the Interior or directly by the Secretary of the Interior in states without approved programs. Prior to adopting any such ordinance, a public hearing shall be held before the town's governing board. Notice of the hearing shall be given in accordance with G.S. 160A-364. Ordinances adopted under this section may not prohibit the demolition of historic structures except in accordance with the provisions of Part 3C of Article 19 of Chapter 160A of the General Statutes.

SECTION 3. This act is effective when it becomes law. Section 1 of this act expires on December 31, 2008, but civil actions or special proceedings instituted pursuant to that section on or before December 31, 2008, shall be completed under the provisions of that section as if it had not expired.

SENATE BILL 181:
Apex Quicktake Roads/Historic Structures

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Stevens
Date:	May 22, 2003	**Summary by:**	Cindy Avrette
Version:	2nd Edition		Committee Counsel

SUMMARY: Senate Bill 181 authorizes the Town of Apex to do two different things:

- *To use the same condemnation procedures and authority for roads that the Department of Transportation uses in Chapter 136.*
- *To adopt ordinances regulating the demolition of historic structures in its Historic District.*

CONDEMNATION PROCEDURES FOR ROADS: Cities and towns may condemn property under Chapter 40A for opening, widening, extending, or improving roads and streets. The Department of Transportation may acquire property under Article 9 of Chapter 136 for the construction and improvement of highways. Municipalities may also use the condemnation provisions in Article 9 of Chapter 136 for the acquisition of property related to the construction and improvement of roads and streets within their corporate boundaries that are part of the state-highway-system, but not for city streets. There are two primary differences between the acquisition authority granted by Chapter 40A and Article 9 of Chapter 136:

- Under Chapter 40A, a condemnor must give the owner of the property to be acquired 30 days notice of its intent to institute an action to condemn the property.[1] Under Article 9 of Chapter 136, the condemnor does not have to give this 30–day notice.
- Under Chapter 40A, the just compensation for the value of the property taken is generally its fair market value prior to the taking.[2] Under Chapter 136, the just compensation for the property taken is its fair market value, taking into consideration any benefits resulting from the utilization of the part taken for highway purposes.

Section 1 of Senate Bill 181 provides that the Town of Apex may use the procedure and authority of Article 9 of Chapter 136 for the acquisition of property for roads. It currently has this authority for the acquisition of property for water and sewer lines and treatment facilities. It also establishes a floor for determining just compensation by specifying that just compensation may be no less than $1.00 per square foot of real property taken or the prorated property tax value of the parent tract, whichever is less. Therefore, for the Town of Apex, the determination of just compensation under Article 9 of Chapter 136 would be the fair market value of the property taking into consideration any benefit the property derives

[1] For purposes of road construction and improvement, the title to the property and the right to immediate possession vests automatically with the city subject to the filing of the condemnation complaint and deposit of the estimated just compensation. Chapter 40A and Article 9 of Chapter 136 do not differ in this point.

[2] Under Chapter 40A, the measure of compensation is the greater of either (i) the amount by which the fair market value of the entire tract immediately before the taking exceeds the fair market value of the remainder immediately after the taking or (ii) the fair market value of the property taken. The value of the property does not include an increase or decrease in value that is caused by the proposed improvement or project for which the property is taken.

from the road improvement, but in no event may that value be less than $1.00 per square foot or the prorated property tax value of the parent tract, whichever is less.

Section 1 becomes effective when it becomes law and expires on December 31, 2008. The Town of Apex plans to spend approximately $30 million over the next 5-6 years to construct the "Apex Peakway". This provision will allow the Town to use the procedures of Article 9 of Chapter 136 to make the road improvements anticipated over the next few years.

REGULATE DEMOLITION OF HISTORIC BUILDINGS: Section 2 of Senate Bill 181 would allow the Town of Apex to adopt ordinances regulating the demolition of historic structures after notice and a public hearing. The bill defines the term "historic structure". The Town may not prohibit the demolition of an historic structure unless the structure has statewide significance as defined in the criteria of the National Register of Historic Places, as determined by the State Historic Preservation Officer.[3] The Town of Apex's downtown is Federally-designated and recognized as an historic district.

Under current law, municipalities may designate historic districts and historic landmarks if they establish or designate a historic preservation commission and follow the numerous landmark designation procedures outlined in Part 3C of Article 19 of Chapter 160A. Those procedures include preparing and adopting guidelines and procedures, conducting investigations and reports, consulting with the Department of Cultural Resources, etc. A person with property located in an historic district must file an application for a certificate of appropriateness before the person may alter the exterior of a building located in the district or relocate or demolish a building in the district.

Section 2 of this bill would allow the Town of Apex to regulate the demolition of historic structures located in its zoning jurisdiction without having to meet the procedural requirements of Part 3C. Likewise, the Town will not be able to regulate historic structures as extensively as would otherwise be allowed under Part 3C. This bill allows the Town to only regulate the demolition of those structures.

[3] G.S. 160A-400.14. Under this statute, the property may be demolished even if it meets this standard if the property owner would otherwise suffer extreme hardship or be permanently deprived of all beneficial use of the property.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

HOUSE BILL 1260

Short Title:	Raise Ceiling/Speech Path./Audiologist Fees.	(Public)
Sponsors:	Representative Nye.	
Referred to:	Finance.	

April 24, 2003

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE MAXIMUM FEES THAT THE BOARD OF EXAMINERS FOR SPEECH AND LANGUAGE PATHOLOGISTS AND AUDIOLOGISTS MAY ASSESS FOR CERTAIN FEES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 90-305 reads as rewritten:

"**§ 90-305. Fees.**

Persons subject to licensure under this Article shall pay ~~the following~~ fees to the ~~Board:~~Board not to exceed the following:

(1)	Application fee	$30.00
(2)	Examination fee	30.00
(3)	Initial license fee	~~40.00~~100.00
(4)	Renewal license fee	~~40.00~~100.00
(5)	Temporary license	40.00
(6)	Delinquency fee	~~25.00~~25.00."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 1260:
Raise Ceiling/Speech Path./Audiologist Fees

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Nye
Date:	May 22, 2003	**Analysis by:**	Martha Walston
Version:	1st Edition		Committee Counsel

SUMMARY: House Bill 1260 amends the fees that the Board of Examiners for Speech and Language Pathologists and Audiologists may charge by

- *changing these set fees to maximum fees*
- *increasing the set $40 fees for the initial license fee and the renewal license fee to maximum fees of $100 for the initial license and license renewal.*

CURRENT LAW: A person who practices or holds himself or herself out as being able to practice speech and language pathology or audiology in North Carolina must hold a current, unsuspended, unrevoked license issued by the Board of Examiners for Speech and Language Pathologists and Audiologists or register with the Board as an assistant. A license may be granted in either speech and language pathology or audiology independently. A person may be licensed in both areas if qualified in both areas. The license must be renewed annually.

BILL ANALYSIS: House Bill 1260 amends the fees paid to the Board of Examiners for Speech and Language Pathologists and Audiologists as follows:

DESCRIPTION	CURRENT FEE	PROPOSED FEE
Application Fee	$30	not to exceed $30
Examination Fee	$30	not to exceed $30
Initial license Fee	$40	not to exceed $100
Renewal License Fee	$40	not to exceed $100
Temporary License	$40	not to exceed $40
Delinquency Fee	$25	not to exceed $25

The current fees have not been increased since 1987 (S.L. 1987-65). According to the Executive Secretary of the Board, the Board plans to charge $60 for an initial license and a renewal license.

G.S. 12-3.1 requires the Board to consult with the Joint Legislative Commission on Governmental Operations on the amount and the purpose of the fees to be increased before the increase goes into effect.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: HB 1260 (1st Edition)

SHORT TITLE: Raise Ceiling / Speech Path. / Audiologist Fees

SPONSOR(S): Representative Nye

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES					
General Fund	No Impact	No Impact	No Impact	No Impact	No Impact
Board of Examiners	$77,000	$77,000	$77,000	77,000	77,000

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Board of Examiners for Speech and Language Pathologist and Audiologists.

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: The proposed bill changes the G.S. 90-305 by increasing the initial and renewal license fee that the Board of Examiners for Speech and Language Pathologists and Audiologists may charge to maximum fees of $100.

ASSUMPTIONS AND METHODOLOGY: Under current law, speech and language pathology or audiology practitioners in the State of North Carolina are required to hold a current, unsuspended, unrevoked license issued by the Board of Examiners for Speech and Language Pathologists and Audiologists (the Board). A person may be licensed in both areas if qualified in both areas. The license must be renewed annually. Currently, the Board may charge the following fees:

Description	Fee
Application Fee	$30
Examination Fee	$30
Initial License Fee	$40
Renewal License Fee	$40
Temporary License	$40
Delinquency Fee	$25

According to the G.S. 12-3.1, the Board has to consult with the Joint Legislative Commission on Governmental Operations on the amount the purpose of the fees increase before such an increase may be implemented. The House Bill 1260 proposes increasing

maximum initial license fee and maximum renewal license fee from $40 to $100. According to the Executive Secretary of the Board, the Board plans to charge $60 for an initial license and a renewal license.

The current fees have not been increased since 1987 (S.L. 1987-65). Based the *Statistical Abstracts of the United States* historical data on inflation, after adjusting for inflation, the current initial license fee and renewal license fee should amount $63 to be equivalent to the 1987 rate of $40. The Board ended the fiscal year 2002 with a negative fund balance of $10,735, or 6.34 percent. Raising the initial and renewal license fees would allow the Board to overcome fiscal constraints.

For the fiscal year 2002, initial license fees constituted 5.84 percent of all total revenues of the Board. Renewal fees constituted 78.10 percent. Together, these fees amounted to 83.94 percent of total revenues. If the Board starts charging $60 for both initial and renewal of the license, as it plans to, it will constitute a 50-percent increase of the corresponding portion of the revenues. Charging the maximum fees of $100 will constitute a 150-percent increase (Table 1). Alternatively, these new fees would correspond to a 42-percent and 126-percent increase in total revenues for the Board.

Currently, 3,850 language pathology and audiology practitioners are registered with the Board. The twenty-dollar increase of the renewal fees would increase the annual revenues of the Board by $77,000 (3,850 × $20).

Table 1. Percentage increase in fees and total revenues under the proposed legislation

	New Fees	
	$60	**$100**
Fees Increase (%)	50%	150%
Increase in Total Revenues (%)	42%	126%

The proposed legislation does not affect any of the programs or departments and does not produce fiscal impact on the State.

SOURCES OF DATA: North Carolina Board of Examiners for Speech and Language Pathologists and Audiologists; *Statistical Abstracts of the United States*.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H 2

HOUSE BILL 163
Committee Substitute Favorable 4/30/03

Short Title: Kings Mtn. Annex Water System. (Local)

Sponsors:

Referred to:

March 3, 2003

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE CITY OF KINGS MOUNTAIN TO ANNEX CERTAIN PROPERTIES OWNED BY THE TOWN.

The General Assembly of North Carolina enacts:

SECTION 1. The City of Kings Mountain may annex any or all of the following city-owned properties by voluntary annexation under G.S. 160A-58.7 without such annexations satisfying the requirements of G.S. 160A-58.1:

(1) That real estate reflected in the records for Cleveland County, North Carolina, as being parcel 6-3-1-28 in the Tax Mapping Office, the same being that real estate upon which there is situated the Water Treatment Plant at the John H. Moss Reservoir, the John H. Moss Reservoir Dam, the campsite and the buildings and structure located adjacent thereto, such property being bounded by the Elliot M. Johnson Property (now or formerly) as shown in Deed Book 10-M at Page 460 of the Cleveland County Registry; that property of Elliot M. Johnson (now or formerly) as shown in Deed Book 8-J at Page 472 of the Cleveland County Registry; the right-of-way margin of Oak Grove Road; the Craver and/or Austell properties as shown on Tax Map as Map 3137; Lot 1; Parcel 8: the Frank Meeker, Jr. property (now or formerly) as shown in Deed Book 1012 at Page 353 of the Cleveland County Registry; and further, a boundary which is 736.0' above mean sea level elevation, adjacent to the waters of the John H. Moss Reservoir.

(2) That real estate which is commonly referred to as the "Camp Creek Church Road Picnic Area", and such being that acreage reflected on Tax Map 3137, Block 1, Lot 1; Tax Map 3137, Block 1, Lot 2; Tax Map 3137, Block 1, Lot 3; and Tax Map 3137, Block 1, Lot 4, in the Tax Mapping Office for Cleveland County, North Carolina, with the boundary on that side of the property which is bounded by the waters

of the John H. Moss Reservoir, such having a boundary of 736.0' above mean sea level elevation.

SECTION 2. The City of Kings Mountain may exercise the authority in Section 1 of this act only under the following conditions:

(1) The area proposed for annexation must be owned by the City of Kings Mountain.

(2) The City of Kings Mountain must be able to provide the same services within the area proposed for annexation that it provides within the corporate limits.

SECTION 3. This act is effective when it becomes law.

HOUSE BILL 163:
Kings Mtn. Annex Water System.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Moore
Date:	May 22, 2003	**Summary by:**	Trina Griffin
Version:	2nd Edition		Committee Counsel

SUMMARY: ***The bill would allow the City of Kings Mountain to annex certain described property owned by the town by voluntary annexation without having to meet the statutory requirements.***

CURRENT LAW: G.S. 160A-58.1 and 160A-58.7 govern the voluntary annexation by a municipality of noncontiguous property. G.S. 160A-58.1 provides that all property owners in the satellite area may petition a city for voluntary annexation of the noncontiguous property if the property meets the following five standards:

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed ten percent (10%) of the area within the primary corporate limits of the annexing city.

G.S. 160-58.7 provides the process a city must follow when the city is the property owner of the satellite area. This process requires that the city comply with the provisions of G.S. 160A-58.1 as described above.

BILL ANALYSIS: The bill would exempt the City of Kings Mountain from having to meet the requirements in G.S. 160A-58.1 when annexing two particularly described tracts of property owned by the city used as the water treatment facility.

BACKGROUND: The cities of Hickory, New Bern, Statesville, Kenly, Troy, Mt. Airy, Mooresville, Marion, Oxford, Rockingham, Newton, Conover, and Claremont and the Towns of Calabash, Catawba, Dallas, Godwin, Louisburg, Mocksville, Pembroke, Rutherfordton, Maiden, Swansboro and Waynesville have already eliminated the 5th standard for all annexations by the municipality.

EFFECTIVE DATE: The bill would become effective when it becomes law.

Erika Churchill, counsel to House Local Government I, contributed to this summary.

SESSION 2003

S 1

SENATE BILL 288*

Short Title: Polk School Acquisition. (Local)

Sponsors: Senator Apodaca.

Referred to: Finance.

March 5, 2003

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE POLK COUNTY TO ACQUIRE PROPERTY FOR USE BY ITS BOARD OF EDUCATION.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 153A-158.1 reads as rewritten:

"**§ 153A-158.1. Acquisition and improvement of school property in certain counties.**

(a) Acquisition by County. – A county may acquire, by any lawful method, any interest in real or personal property for use by a school administrative unit within the county. In exercising the power of eminent domain a county shall use the procedures of Chapter 40A. The county shall use its authority under this subsection to acquire property for use by a school administrative unit within the county only upon the request of the board of education of that school administrative unit and after a public hearing.

(b) Construction or Improvement by County. – A county may construct, equip, expand, improve, renovate, or otherwise make available property for use by a school administrative unit within the county. The local board of education shall be involved in the design, construction, equipping, expansion, improvement, or renovation of the property to the same extent as if the local board owned the property.

(c) Lease or Sale by Board of Education. – Notwithstanding the provisions of G.S. 115C-518 and G.S. 160A-274, a local board of education may, in connection with additions, improvements, renovations, or repairs to all or part of any of its property, lease or sell the property to the board of commissioners of the county in which the property is located for any price negotiated between the two boards.

(d) Board of Education May Contract for Construction. – Notwithstanding the provisions of G.S. 115C-40 and G.S. 115C-521, a local board of education may enter into contracts for the erection of school buildings upon sites owned in fee simple by one or more counties in which the local school administrative unit is located.

(e) Scope. – This section applies to Alamance, Alexander, Alleghany, Anson, Ashe, Avery, Bertie, Bladen, Brunswick, Burke, Cabarrus, Caldwell, Camden, Carteret,

Catawba, Chatham, Cherokee, Chowan, Clay, Columbus, Craven, Cumberland, Currituck, Dare, Davidson, Davie, Duplin, Durham, Edgecombe, Forsyth, Franklin, Gaston, Gates, Graham, Greene, Guilford, Halifax, Harnett, Haywood, Henderson, Hoke, Hyde, Iredell, Jackson, Johnston, Jones, Lee, Lenoir, Lincoln, Macon, Madison, Martin, McDowell, Mecklenburg, Mitchell, Montgomery, Moore, Nash, New Hanover, Onslow, Orange, Pamlico, Pasquotank, Pender, Perquimans, Person, Pitt, Polk, Randolph, Richmond, Robeson, Rockingham, Rowan, Rutherford, Sampson, Scotland, Stanly, Stokes, Surry, Transylvania, Union, Vance, Wake, Watauga, Wayne, Wilkes, Wilson, and Yadkin Counties."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 288:
Polk School Acquisition

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Apodaca
Date:	May 22, 2003	**Summary by:**	Cindy Avrette
Version:	1st Edition		Committee Counsel

SUMMARY: ***Senate Bill 288 adds Polk County to the list of 87 counties authorized to acquire school property on behalf of their boards of education. The bill is effective when it becomes law.***

BILL ANALYSIS: **Senate Bill 288** is a local bill that applies only to Polk County and the local board of education for school administrative units in Polk County. The substance of the bill is the same as that enacted in past legislative sessions for 87 other counties.

The bill makes the following changes concerning the acquisition and financing of public school facilities:

(1) It authorizes the county to acquire real or personal property for use by a school administrative unit located in the county when requested to do so by the unit. Under current law, only those counties listed in G.S. 153A-158.1(e) have this authority. Under general law, a county is authorized to acquire real or personal property only on behalf of the county or an agency of the county and a school administrative unit is not an agency of the county.

(2) It authorizes the local board of education to contract with the county for the erection or repair of a public school building that is located on a site owned by the county. Under current general law, local boards of education are required to hold title to all school property and therefore have no authority to make contracts concerning the construction or repair of school buildings located on sites not owned by them.[1]

(3) It authorizes the local board of education to transfer to the county any property on which a school building in need of renovation or repair is located for any price agreed to by the board of education and the county. Current law requires transfers from a local board of education to a county to be at fair market value and allows a local board of education to transfer property to a county only if the board does not believe the property is necessary or desirable for a school.[2]

The effect of these changes is to allow installment purchase financing to be used for public school construction or renovation in Polk County. Installment purchase financing is a type of local government debt in which the local unit enters into an installment contract secured by a security interest in the building constructed or renovated. Unlike the issuance of general obligation bonds, installment purchase financing is not subject to a vote of the people. Certificates of participation may be issued as part of the installment purchase financing. A certificate of participation is a document setting out the share of the local unit's debt that is owed to the holder of the certificate. In practice, the holder receives interest and principal payments in a manner similar to interest and principal payments on a bond issued by the borrowing unit.

[1] G.S. 115C-40; G.S. 115C-521.
[2] G.S. 115C-518; G.S. 160A-274.

Under current law, installment purchase financing is available to counties[3] but is not generally available to local school administrative units. G.S. 160A-20 grants installment purchase financing authority only to a local school administrative unit located in a county whose local board of education can levy a school tax. There are only two such local units: Mooresville and Roanoke Rapids. A related provision, G.S. 143-64.17C, authorizes school administrative units and community colleges to use installment purchase financing to finance energy conservation measures. In addition, G.S. 115D-58.15 authorizes community colleges to use installment purchase financing for equipment.

[3] The Local Government Commission must approve installment purchase contracts and certificates of participation. The Local Government Commission cannot approve such a contract if the net debt of the contracting unit, after execution of the contract, would exceed 8% of the assessed value of property subject to taxation by the unit.

HOUSE BILL 1118
Committee Substitute Favorable 4/29/03

Short Title: Display Fetal Alcohol Syndrome Warning Signs. (Public)

Sponsors:

Referred to:

April 10, 2003

A BILL TO BE ENTITLED

AN ACT TO REQUIRE SIGNS TO BE POSTED WARNING OF THE POSSIBLE DANGERS OF CONSUMPTION OF ALCOHOL DURING PREGNANCY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 18B-203(a) is amended by adding the following new subdivision to read:

"(18) Provide for the distribution and posting of warning signs to local ABC boards regarding the dangers of alcohol consumption during pregnancy as required under G.S. 18B-808."

SECTION 2. Article 8 of Chapter 18B of the General Statutes is amended by adding the following new section to read:

"**§ 18B-808. Warning signs regarding dangers of alcohol consumption during pregnancy required; posting.**

(a) Each ABC store shall display or cause to be displayed warning signs that meet the requirements of this section on the store's premises to inform the public of the effects of alcohol consumption during pregnancy.

(b) The Commission shall develop the warning signs in accordance with subsection (c) of this section and provide for their distribution and replacements to local ABC boards subject to the requirement of this section. The Commission may charge a reasonable fee, not to exceed twenty-five dollars ($25.00), for each sign, including replacement signs.

(c) The signs required by this section shall:

(1) Be composed of black, capital letters printed on white paper at the minimum weight of one hundred ten pound index. The letters comprising the word 'WARNING' shall be highlighted black lettering and shall be larger than all other lettering on the sign.

(2) Contain the message: 'WARNING Pregnancy and alcohol do not mix. Drinking alcohol during pregnancy can cause birth defects.'

(3) The size of the sign shall be at least eight and one-half inches by 14 inches.

(4) Contain a graphic depiction of the message to assist nonreaders in understanding the message. The depiction of a pregnant female shall be universal and shall not reflect a specific race or culture.

(5) Be in both English and Spanish.

(d) A local ABC board shall ensure that each ABC store manager displays the warning sign in an open and prominent place in the store within 30 days of receipt of the sign from the Commission."

SECTION 3. This act is effective when it becomes law. The Commission and each local ABC board shall be in full compliance with the requirements of this act no later than six months after the day the bill becomes law.

HOUSE BILL 1118:
Display Fetal Alcohol Syndrome Warning Signs.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Alexander
Date:	May 22, 2003	**Summary by:**	Trina Griffin
Version:	2nd Edition		Committee Counsel

SUMMARY: ***House Bill 1118 requires each ABC store to prominently display a warning sign stating that drinking alcohol during pregnancy can cause birth defects. The bill further requires the ABC Commission to develop the signs and provide for their distribution. The Commission is also authorized to charge a fee not to exceed $25.00 for each sign, including replacements. The local ABC board is required to ensure that each ABC store manager properly displays the sign within 30 days of its receipt.***

The bill would become effective when it becomes law. The Commission and each local ABC board would have six months from the effective date to be in full compliance with the act.

CURRENT LAW: The operation of ABC stores is governed by Article 8 of Chapter 18B, which addresses the opening and closing of stores, the operating hours, the store management, the pricing of alcohol, and the distribution of revenues. ABC stores are under the authority of and operated by a local ABC board.

BILL ANALYSIS: House Bill 1118 does the following:

- ***Requirement for ABC stores.*** – It requires each ABC store to display a warning sign, developed by the ABC Commission, that warns about the dangers of alcohol and pregnancy. Specifically, the sign would state:

  WARNING: Pregnancy and alcohol do not mix.
  Drinking alcohol during pregnancy can cause birth defects.

- ***Requirement for ABC Commission.*** – It requires the ABC Commission to develop and distribute the warning signs. The Commission may charge a fee not to exceed $25.00 for each sign, including replacements. The bill specifies that the signs must:
  - Be on certain paper and in certain lettering.
  - Be at least 8½ x 14 in size.
  - Be in both English and Spanish.
  - Contain a graphic depiction of the message for nonreaders.

- ***Requirement for local ABC boards.*** – It requires local ABC boards to ensure that each ABC store manager posts the warning sign in an open and prominent place in the store within 30 days of its receipt.

BACKGROUND[1]: Fetal Alcohol Syndrome (FAS) is a set of physical, mental, and neurobehavioral birth defects caused by maternal consumption of alcohol during pregnancy. FAS is considered the most common nonhereditary cause of mental retardation. In addition to deficits in general intellectual functioning, individuals with FAS often demonstrate difficulties with learning, memory, attention, and problem solving as well as problems with mental health and social interactions. Although prenatal alcohol exposure does not always result in FAS, there is no known safe level of alcohol consumption during pregnancy. FAS is 100% preventable when a woman completely abstains from alcohol during her pregnancy.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: House Bill 1118 (Second Edition)

SHORT TITLE: Display Fetal Alcohol Syndrome Warning

SPONSOR(S): Rep. Alexander

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES					
ABC Fund	up to $10,000				
EXPENDITURES					
Local ABC Board	up to $10,000				
POSITIONS: (cumulative)					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Alcoholic Beverage Control Commission, Local ABC Boards

EFFECTIVE DATE: This act is effective when it becomes law. The Commission and each local ABC board shall be in full compliance with the law no later than six months after the day the bill becomes law.

BILL SUMMARY: The bill requires the posting of signs in Alcoholic Beverage Control (ABC) stores warning of the possible dangers of consumption of alcohol during pregnancy.

ASSUMPTIONS AND METHODOLOGY: The maximum $25 fee from each of the state's 400 ABC stores will generate $10,000. An administrator of the ABC Commission thinks the $25 fee is more than sufficient to cover the costs of the signs. In fact, the Commission may choose to pay for the signs out of its operating budget rather than bother with collecting fees from the local ABC boards.

A BILL TO BE ENTITLED

AN ACT TO ALLOW TERRITORY TO BE REMOVED FROM A RESEARCH AND PRODUCTION SERVICE DISTRICT.

The General Assembly of North Carolina enacts:

SECTION 1. Part 2 of Article 16 of Chapter 153A of the General Statutes is amended by adding a new section to read:

"**§ 153A-314.1. Removal of territory from service districts.**

(a) Standards. – A board of commissioners may by resolution remove territory from a research and production service district upon finding that:

(1) The owners of the territory to be removed contemplate placing residential uses on some of the territory to be removed.

(2) One hundred percent (100%) of the owners of real property in the territory to be removed have petitioned for removal.

(3) The territory to be removed no longer requires the services, facilities, or functions financed, provided, or maintained for the district.

(b) Report. – Before the public hearing required by subsection (c) of this section, the board shall cause to be prepared a report containing:

(1) A map of the district highlighting the territory proposed to be removed, showing the present and proposed boundaries of the district; and

(2) A statement showing that the territory to be removed meets the standards and requirements of subsection (a) of this section.

The report shall be available for public inspection in the office of the clerk to the board for at least 10 days before the date of the public hearing.

(c) Hearing and Notice. – The board shall hold a public hearing before adopting any resolution reducing the boundaries of a service district. Notice of the hearing shall state the date, hour, and place of the hearing and its subject and shall include a statement that the report required by subsection (b) of this section is available for inspection in the office of the clerk to the board. The notice shall be published at least once not less than

seven days before the hearing. In addition, the notice shall be mailed at least two weeks before the date of the hearing by any class of U.S. mail which is fully prepaid to the owners as shown by the county tax records as of the preceding January 1 (and at the address shown thereon) of all property located within the territory to be removed. The person designated by the board to mail the notice shall certify to the board that the mailing has been completed, and the certificate shall be conclusive in the absence of fraud.

(d) Municipal Annexation Allowed Under General Law. – The general law concerning annexation, Article 4A of Chapter 160A of the General Statutes, shall apply to any territory removed from the district under this section, notwithstanding any local act to the contrary.

(e) Effective Date. – The resolution reducing the boundaries of the district shall take effect at the beginning of a fiscal year commencing after its passage, as determined by the board."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 214:
Res and Production Svc District Deannexation

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Gulley
Date:	May 22, 2003	**Summary by:**	Cindy Avrette
Version:	2nd Edition		Committee Counsel

SUMMARY: ***Senate Bill 214 establishes a procedure to remove property from a research and production service district. The bill is effective when it becomes law.***

CURRENT LAW: In 1985, the General Assembly allowed for the creation of a research and production service district.[1] The legislation sets forth the requirements necessary to create the district, expand the district, and abolish the district; but it does not allow for the removal of property from the district. A county may by resolution establish a research and production service district for an area that meets the following requirements[2]:

- All the property is used for research or scientifically oriented production or for associated commercial or institutional purposes.
- The area contains at least 4,000 acres.
- The area includes research and production facilities that employ at least 5,000 people.
- The area has no more than 25 permanent residents.

The Research Triangle Park is the only research and production service district at this time. The property within the Research Triangle Park is not subject to annexation, pursuant to section 2 of Chapter 435 of the 1985 Session Laws. The Park currently consists of approximately 7,000 acres. Property in the district is subject to an additional property tax at the rate of 0.02 cents on each $100 value of property subject to taxation.[3] The tax revenue generated from this tax may only be used to provide services within the district.

BILL ANALYSIS: Senate Bill 214 establishes a procedure to remove property from a research and production service district. The board of county commissioners may remove property from a district by resolution after notice and a public hearing. For property to be removed from a district, the board of county commissioners must find the following:

- The owners of the property to be removed contemplate placing residential uses on some of the property to be removed.
- All of the owners of property in the area to be removed have petitioned for removal.
- The area to be removed no longer requires the services, facilities, or functions financed, provided, or maintained for the district.

Once property has been removed from the district, it is subject to the general law concerning annexation. A resolution removing property from a district takes effect at the beginning of a fiscal year commencing after its passage. The Research Triangle Park plans a mixed-use project near one of the Triangle Transit Authority Rail stations, to open in 2007. The area to be removed is approximately 26 acres on the edge of the district.

---

[1] Part 2 of Article 16 of Chapter 153A.
[2] G.S. 153A-312(a) imposes additional conditions.
[3] G.S. 153A-317 provides that the tax rate may not exceed 10 cents on each $100 value of property subject to taxation.

Referred to:

February 26, 2003

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE AVERY COUNTY TO LEVY AN OCCUPANCY TAX IN A TAX DISTRICT COMPRISING THE UNINCORPORATED AREAS OF THE COUNTY AND TO AUTHORIZE THE TOWN OF BLOWING ROCK TO INCREASE ITS OCCUPANCY TAX AND TO MAKE OTHER ADMINISTRATIVE CHANGES TO ITS OCCUPANCY TAX.

The General Assembly of North Carolina enacts:

AVERY COUNTY OCCUPANCY TAX

SECTION 1. Avery County District U Created. – Avery County District U is created as a taxing district. Its jurisdiction consists of that part of Avery County that is located outside of incorporated areas within the county. Avery County District U is a body politic and corporate and has the power to carry out the provisions of this act. The Avery County Board of Commissioners shall serve ex officio as the governing body of the district, and the officers of the county shall serve as the officers of the governing body of the district. A simple majority of the governing body constitutes a quorum, and approval by a majority of those present is sufficient to determine any matter before the governing body, if a quorum is present.

SECTION 2. Authorization and Scope. – The governing body of Avery County District U may levy a room occupancy tax of up to six percent (6%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the district that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales or room occupancy tax. This tax does not apply to accommodations furnished by charitable, educational, or religious institutions or nonprofit organizations when furnished in furtherance of their nonprofit purpose.

SECTION 3. Administration. – A tax levied under this act shall be levied, administered, collected, and repealed as provided in G.S. 153A-155 as if Avery County

District U were a county. The penalties provided in G.S. 153A-155 apply to a tax levied under this act.

SECTION 4. Distribution and Use of Tax Revenue. – Avery County District U shall, on a quarterly basis, distribute the net proceeds of the occupancy tax to the Avery County District U Tourism Development Authority created pursuant to Section 5 of this act. The Authority shall use at least two-thirds of the proceeds distributed to it to promote travel and tourism in the district and shall use the remainder for tourism-related expenditures in the district. In accordance with the North Carolina Constitution and the United States Constitution, the tax proceeds may be used only for the direct benefit of the jurisdiction of Avery County District U. None of the proceeds may be used to promote travel or tourism in areas within Avery County that are outside of the district or for tourism-related expenditures in the county that are outside of the district.

The following definitions apply in this act:

(1) Net proceeds. – Gross proceeds less the cost to the district of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that are designed to increase the use of lodging facilities in the district or to attract tourists or business travelers to the district. The term includes expenditures to construct, maintain, operate, or market a convention center and other expenditures that, in the judgment of the entity making the expenditure, will facilitate and support tourism.

SECTION 5.(a) Avery County District U Tourism Development Authority. – Appointment and membership. – The board of commissioners of Avery County shall adopt a resolution creating the Avery County District U Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members must be individuals who are affiliated with businesses that collect the tax in the district, and at least three-fourths of the members must be individuals who are currently active in the promotion of travel and tourism in the district. The board of commissioners shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Avery County shall be the ex officio finance officer of the Authority.

SECTION 5.(b) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in Section 4 of this act. The Authority shall promote travel and tourism in the district and make tourism-related expenditures in the district.

SECTION 5.(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the Avery County Board of Commissioners on its receipts and expenditures for the preceding quarter and for the year in such detail as the board may require.

BLOWING ROCK OCCUPANCY TAX

SECTION 6. Chapter 171 of the 1987 Session Laws reads as rewritten:

"Section 1. Occupancy tax. – (a) Authorization and scope. – The Blowing Rock Town Council may ~~by resolution, after not less than 10 days' public notice and after a public hearing held pursuant thereto,~~ levy a room occupancy tax of three percent (3%) of the gross receipts derived from the rental of any room, lodging, or similar accommodation furnished by a hotel, motel, inn, or similar place within the corporate limits of the town that is subject to sales tax imposed by the State under ~~G.S. 105-164.4(3).~~G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations.

(a1) Additional Occupancy Tax. – In addition to the tax authorized by subsection (a) of this section, the Blowing Rock Town Council may levy a room occupancy and tourism development tax of three percent (3%) of the gross receipts derived from the rental of accommodations taxable under that section. The levy, collection, administration, use, and repeal of the tax authorized by this section shall be in accordance with this act. The Town of Blowing Rock may not levy a tax under this section unless it also levies a tax under subsection (a) of this section.

~~(b) Collection. Every operator of a business subject to the tax levied under this section shall, on and after the effective date of the levy of the tax, collect the tax. This tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately from the sales records, and shall be paid by the purchaser to the operator of the business as trustee for and on account of the town. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The town shall design, print, and furnish to all appropriate businesses and persons in the town the necessary forms for filing returns and instructions to ensure the full collection of the tax. An operator of a business who collects the occupancy tax levied under this section may deduct from the amount remitted to the town a discount of three percent (3%) of the amount collected.~~

(c) Administration. – A tax levied under this act shall be levied, administered, collected, and repealed as provided in G.S. 160A-215. The penalties provided in G.S. 160A-215 apply to a tax levied under this act.~~The town shall administer a tax levied under this section. A tax levied under this section is due and payable to the town finance officer in monthly installments on or before the 15th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 15th day of each month, prepare and render a~~

~~return on a form prescribed by the town. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied.~~

~~A return filed with the town finance officer under this section is not a public record as defined by G.S. 132-1 and may not be disclosed except as required by law.~~

~~(d) Penalties. A person, firm, corporation, or association who fails or refuses to file the return required by this section shall pay a penalty of ten dollars ($10.00) for each day's omission. In case of failure or refusal to file the return or pay the tax for a period of 30 days after the time required for filing the return or for paying the tax, there shall be an additional tax, as a penalty, of five percent (5%) of the tax due in addition to any other penalty, with an additional tax of five percent (5%) for each additional month or fraction thereof until the tax is paid.~~

~~Any person who willfully attempts in any manner to evade a tax imposed under this section or who willfully fails to pay the tax or make and file a return shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and shall be punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed six months, or both. The town council may, for good cause shown, compromise or forgive the penalties imposed by this subsection.~~

(e) Distribution and use of tax revenue. The Town of Blowing Rock ~~shall retain from the gross proceeds of the tax an amount sufficient to pay its direct costs for administrative and collection expenses, not to exceed three percent (3%) of the gross proceeds. The town council shall, at least once annually, conduct a hearing on the proposed use of the net proceeds of the tax. The amount of the net proceeds shall be reported at the hearing. After the hearing, the town council may remit twenty percent (20%) of the net proceeds reported at the hearing to the Blowing Rock Chamber of Commerce. The Blowing Rock Chamber of Commerce may use the funds remitted to it pursuant to this subsection only to promote tourism within the Town of Blowing Rock. The remainder of the net proceeds may be used by the town to enhance the ability of the town to attract tourism, except that the town may not expend any of the net proceeds for general fund operating expenses that are not tourist related or for water and sewer capital or operating expenses that are not tourist related.~~shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Blowing Rock Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Blowing Rock and shall use the remainder for tourism-related expenditures.

The following definitions apply in this subsection:

(1) Net proceeds. – Gross proceeds less the cost to the town of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract

tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, and convention facilities in the town by attracting tourists or business travelers to the town. The term includes tourism-related capital expenditures.

Sec. 1.1. Blowing Rock Tourism Development Authority. – (a) Appointment and membership. – When the Blowing Rock Town Council adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating the Blowing Rock Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members must be individuals who are affiliated with businesses that collect the tax in the town, and at least three-fourths of the members must be individuals who are currently active in the promotion of travel and tourism in the town. The town council shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Blowing Rock shall be the ex officio finance officer of the Authority.

(b) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in Section 1 of this act. The Authority shall promote travel and tourism in the district and make tourism-related expenditures in the town.

(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the Blowing Rock Town Council on its receipts and expenditures for the preceding quarter and for the year in such detail as the town council may require.

~~(f) Effective date of levy. A tax levied under this section shall become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, and may not be earlier than the first day of the second month after the date the resolution is adopted.~~

~~(g) Repeal. A tax levied under this section may be repealed by a resolution adopted by the Blowing Rock Town Council. Repeal of a tax levied under this section shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the repeal resolution was adopted. Repeal of a tax levied under this section does not affect a liability for a tax that was attached before the effective date of the repeal, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal.~~

Sec. 2. This act is effective upon ratification."

SECTION 7. G.S. 153A-155(g) reads as rewritten:

"(g) This section applies only to Anson, Brunswick, Buncombe, Cabarrus, Carteret, Craven, Cumberland, Currituck, Dare, Davie, Durham, Granville, Madison, Montgomery, Nash, New Hanover, Pender, Person, Randolph, Richmond, Rowan,

Scotland, Stanly, Transylvania, Tyrrell, Vance, and Washington Counties, to Avery County District U, and to the Township of Averasboro in Harnett County."

SECTION 8. G.S. 160A-215(g) reads as rewritten:

"(g) This section applies only to Beech Mountain District W, to the Cities of Gastonia, Goldsboro, Greensboro, High Point, Kings Mountain, Lexington, Lincolnton, Lumberton, Monroe, Mount Airy, Shelby, Statesville, Washington, and Wilmington, to the Towns of Beech Mountain, Blowing Rock, Carolina Beach, Carrboro, Kure Beach, Jonesville, Mooresville, North Topsail Beach, Selma, Smithfield, St. Pauls, Wilkesboro, and Wrightsville Beach, and to the municipalities in Avery and Brunswick Counties."

SECTION 9. This act is effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H 1

HOUSE BILL 96

Short Title:	Avery County Occupancy Tax.	(Local)
Sponsors:	Representative Frye.	
Referred to:	Finance.	

February 26, 2003

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE AVERY COUNTY TO LEVY AN OCCUPANCY TAX IN A TAX DISTRICT COMPRISING THE UNINCORPORATED AREAS OF THE COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. Avery County District U Created. – Avery County District U is created as a taxing district. Its jurisdiction consists of that part of Avery County that is located outside of incorporated areas within the county. Avery County District U is a body politic and corporate and has the power to carry out the provisions of this act. The Avery County Board of Commissioners shall serve ex officio as the governing body of the district, and the officers of the county shall serve as the officers of the governing body of the district. A simple majority of the governing body constitutes a quorum, and approval by a majority of those present is sufficient to determine any matter before the governing body, if a quorum is present.

SECTION 2. Authorization and Scope. – The governing body of Avery County District U may levy a room occupancy tax of up to six percent (6%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the district that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales or room occupancy tax. This tax does not apply to accommodations furnished by charitable, educational, or religious institutions or nonprofit organizations when furnished in furtherance of their nonprofit purpose.

SECTION 3. Administration. – A tax levied under this act shall be levied, administered, collected, and repealed as provided in G.S. 153A-155 as if Avery County District U were a county. The penalties provided in G.S. 153A-155 apply to a tax levied under this act.

SECTION 4. Distribution and Use of Tax Revenue. – Avery County District U shall, on a quarterly basis, distribute the net proceeds of the occupancy tax to the Avery County District U Tourism Development Authority created pursuant to Section 5

of this act. The Authority shall use at least two-thirds of the proceeds distributed to it to promote travel and tourism in the district and shall use the remainder for tourism-related expenditures in the district. In accordance with the North Carolina Constitution and the United States Constitution, the tax proceeds may be used only for the direct benefit of the jurisdiction of Avery County District U. None of the proceeds may be used to promote travel or tourism in areas within Avery County that are outside of the district or for tourism-related expenditures in the county that are outside of the district.

The following definitions apply in this act:

(1) Net proceeds. – Gross proceeds less the cost to the district of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that are designed to increase the use of lodging facilities in the district or to attract tourists or business travelers to the district. The term includes expenditures to construct, maintain, operate, or market a convention center and other expenditures that, in the judgment of the entity making the expenditure, will facilitate and support tourism.

SECTION 5.(a) Avery County District U Tourism Development Authority. – Appointment and membership. – The board of commissioners of Avery County shall adopt a resolution creating the Avery County District U Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members must be individuals who are affiliated with businesses that collect the tax in the district, and at least three-fourths of the members must be individuals who are currently active in the promotion of travel and tourism in the district. The board of commissioners shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Avery County shall be the ex officio finance officer of the Authority.

SECTION 5.(b) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in Section 4 of this act. The Authority shall promote travel and tourism in the district and make tourism-related expenditures in the district.

SECTION 5.(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the Avery County Board of Commissioners on its receipts and expenditures for the preceding quarter and for the year in such detail as the board may require.

SECTION 6. G.S. 153A-155(g) reads as rewritten:

"(g) This section applies only to Anson, Brunswick, Buncombe, Cabarrus, Carteret, Craven, Cumberland, Currituck, Dare, Davie, Durham, Granville, Madison, Montgomery, Nash, New Hanover, Pender, Person, Randolph, Richmond, Rowan, Scotland, Stanly, Transylvania, Tyrrell, Vance, and Washington Counties, to Avery County District U, and to the Township of Averasboro in Harnett County."

SECTION 7. This act is effective when it becomes law.

HOUSE BILL 96:
Avery County Occupancy Tax

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Frye
Date:	May 22, 2003	**Summary by:**	Trina Griffin
Version:	PCS for 1st Edition		Committee Counsel

SUMMARY: ***House Bill 96 creates a taxing district in Avery County that consists of the unincorporated areas of the county and authorizes the district to levy a room occupancy tax of up to 6%. The Proposed Committee Substitute adds a provision authorizing the Town of Blowing Rock to increase its room occupancy tax from 3% to 6% and makes its current administrative provisions conform to the occupancy tax guidelines followed by the House Finance Committee.***

The PCS was given a favorable report by the Occupancy Tax Subcommittee.

CURRENT LAW:

Avery County

In 1993, the General Assembly authorized Avery County to levy a 3% occupancy tax. In 2000, the county repealed its occupancy tax, but it still had the legislative authority to levy the tax. Then in 2001, the General Assembly repealed the county's authority to levy the tax. All of the towns in Avery County currently have the authority to levy a 6% room occupancy tax.

Blowing Rock

In 1987, the General Assembly authorized the town of Blowing Rock to levy a 3% room occupancy tax. The legislation requires the town council to conduct a hearing at least once a year on the proposed use of the net proceeds of the tax. After the hearing, the town council may remit 20% of the net proceeds to the Blowing Rock Chamber of Commerce, which must use the funds to promote tourism within the town. The town may use the remainder of the proceeds to enhance the ability of the town to attract tourism. However, the town may not use any of the proceeds for general fund operating expenses that are not tourist-related. Currently, the town does not have a Tourism Development Authority.

BILL ANALYSIS:

Avery County District U

The bill creates the Avery County District U taxing district, which consists of the unincorporated areas of the county. The Avery County Board of Commissioners shall serve ex officio as the governing body of the district, and the officers of the county shall serve as the officers of the governing body of the district. The bill authorizes the district to levy a room occupancy tax of up to 6%. The district must remit the net proceeds of the tax on a quarterly basis to a Tourism Development Authority, which is required to be established under the bill. The Authority must use two-thirds of the net proceeds to promote travel and tourism and the remainder must be used for tourism-related purposes.

The provisions regarding Avery County District U meet all of the uniform provisions for occupancy taxes adopted by the House Finance Committee and supported by the NC Travel and Tourism Coalition.

Blowing Rock

Section 6 of the bill authorizes the town of Blowing Rock to increase its room occupancy tax from 3% to 6%. It also conforms Blowing Rock's current legislation to both the uniform provisions concerning the levy, administration, collection, and repeal of the tax found in G.S. 160A-215 and the uniform provisions concerning the use and distribution of the proceeds.

The provisions regarding Blowing Rock meet all of the uniform provisions for occupancy taxes adopted by the House Finance Committee and supported by the NC Travel and Tourism Coalition.

BACKGROUND: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. In several instances, the General Assembly has authorized both a county and a city within that county to impose an occupancy tax. The rate of tax, the use of the tax proceeds, the administration of the tax, and the body with the authority to determine how the tax proceeds will be spent vary considerably. Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax legislation – G.S. 153A-155 and G.S. 160A-215. These provisions provide uniformity in the areas of levy, administration, collection, repeal, and penalties.

The North Carolina Travel and Tourism Coalition has a policy statement for legislation authorizing local occupancy taxes. Many of the principles contained in its statement are similar to the ones established by the House Finance subcommittee in 1993.

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

Blowing Rock	**333,653**	**340,326**	**347,133**	**354,075**	**361,157**

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Avery County and the Town of Blowing Rock.

EFFECTIVE DATE: When it becomes law.

BILL SUMMARY: The bill makes three changes to current occupancy taxes. First, it creates a taxing district, "Avery County District U", and authorizes that district to levy a room occupancy tax of up to 6%. Second, it allows the Town of Blowing Rock to increase its room occupancy rate from 3% to 6%. Finally, it conforms the existing Blowing Rock occupancy tax language to reflect the occupancy tax guidelines followed by the House Finance Committee.

BACKGROUND: In 1983 the General Assembly authorized Avery County to levy a room occupancy tax of up to 3%. That tax was levied through 1999. In 2000, the local county commission repealed the room tax, and in 2001, the General Assembly repealed that county's authority to levy an occupancy tax. Independent of these actions, all municipalities in Avery County are authorized to levy a room tax of up to 6%.

ASSUMPTIONS AND METHODOLOGY: The first potential fiscal impact relates to Avery County. According to reports filed with the Tax Research Division of The NC Department of Revenue, Avery County municipalities levied and collected the following occupancy taxes in 2001-02:

Municipality	Rate	Revenue
Banner Elk	3%	54,338
Beech Mountain	3%	
Sugar Mountain*	3%	53,896

* Sugar Mountain's occupancy tax became effective January 1, 2002.

In 1999-00 Avery County collected $156,512 in occupancy taxes, using a 3% rate. Growing this forward to a 2001-02 occupancy tax estimate suggests that if a countywide tax were levied in that year it would yield approximately $162,272. However, as the above municipal revenue figures indicate, the vast majority of the revenues were drawn from incorporated areas, suggesting limited revenues from what now would be the Avery County District U. However, no exact fiscal estimate is available at this time.

The second impact relates to Blowing Rock. In 2001-02 the 3% Blowing Rock occupancy tax raised $320,697 in revenues. This suggests that doubling the rate to 6% in that same year would have yielded an additional $320,697. Applying the 2% growth rate noted above suggests the following increased revenue stream for Blowing Rock:

2003-04	2004-05	2005-06	2006-07	2007-08
333,653	340,326	347,133	354,075	361,157

This is the amount shown in the fiscal impact box. It should also be noted that the changes made in the Blowing Rock occupancy tax statutes may result in a reallocation of funds among purposes.

HOUSE FINANCE

COMMITTEE MINUTES

North Carolina General Assembly

House Committee on Finance

Minutes

~

July 15, 2003 – 8:30 A.M.

The House Committee on Finance met on Tuesday, July 15, 2003 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Luebke, McComas, and Wainwright; Vice-Chairs Alexander and Gibson; Representatives Blackwood, Bordsen, Carney, Creech, Glazier, Hackney, Holliman, Jones, Lewis, McCombs, McGee, Munford, Rayfield, Ross, Setzer, Starnes, Weiss, C. Wilson, and Womble. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Bill Sullivan. Staff persons present included Cindy Avrette, Richard Bostic, Gerry Cohen, Trina Griffin, Jennifer Haygood, Martha Harris, Linda Millsaps, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman McComas called the meeting to order at 8:36 am and recognized the six (6) pages serving during the meeting: (1) Matthew Crutchfield of Wake County, sponsored by Representative Miner; (2) Stephen Gourley of Wayne County, sponsored by Representative Pate; (3) Bryan Nicholls of Beaufort County, sponsored by Representative A. Williams; (4) Sara Seiling of Gates County, sponsored by Representative Culpepper; (5) Cameron Tinkham of Gates County, sponsored by Representative Culpepper; and (6) Camille Webster of Orange County, sponsored by Representative Hackney.

The first called by the Chairman for consideration was **SB 550 – CREMATORY ACT CHANGES** (see attachment 3), sponsored by Senator Hagan. Senator Hagan, upon recognition by Chairman McComas, explained the bill as a collaborative, bipartisan effort to revise and reorganize the North Carolina Crematory Act as well as update and make technical changes to the law on funeral service. The Senator specifically stated that the current law in the state only regulates crematory facilities. This bill would enact licensing regulations on the staff of these facilities as well. Finally, she noted that the bill was offered in response to the terrible incidents that occurred at a Crematory in the state of Georgia. Chairman McComas then verified with the Senator that there was no known controversy on the bill. Seeing no further discussion, the Chair recognized Representative Alexander who moved for a favorable report on SB 550. The motion carried with no objection.

Chairman McComas next recognized Representative Luebke, a sponsor of **HB 1323 – CAMA PERMIT FEES** (see attachment 4), to explain his bill. Representative Howard was recognized and moved the adoption of the Proposed Committee Substitute (PCS) for HB 1323. Her motion carried without objection. Representative Luebke then explained that the bill acts to increase the maximum fee that can be charged by the Coastal Resources Commission for processing a CAMA permit application from $400 to $1,000. CAMA (Coastal Area Management Act) requires

permits for development in Areas of Environmental Concern (AEC). It offers permits with both major and minor authority, depending upon the size and potential impacts of a particular project. Representative Luebke explained the need for the drastic increase by informing the members that funding, which in the past covered a number of the costs associated with the permits, has been cut from the budget of the North Carolina Department of Environment and Natural Resources (NCDENR). Chairman McComas also recognized Mr. Charles Jones, Assistant Director for the Division of Coastal Resources within NCDENR, who voiced his support of the bill. Seeing no further discussion, Chairman McComas then recognized Representative Womble who moved that HB 1323 be given a favorable report as to the PCS, an unfavorable report as to the original bill. The Chair called the vote and the motion carried with no known opposition.

HB 855 – VARIOUS SPECIAL REGISTRATION PLATES (see attachment 5) was the next bill to come before the Committee. Chairman McComas informed the members that the bill was up for a vote of recommended concurrence or non-concurrence by the House. He then recognized Representative Alexander, the bill sponsor, to explain her position on the bill. She noted that the Senate had altered the House bill by adding 9 new special plates and increasing the fee for most specialized plates an additional $10.00 per plate. Representative Creech was recognized next and stated that he had spoken with a number of police officers and patrolman concerning the issue of special plates and that they all reported that they were a problem. He further expressed his opinion that this issue had simply gotten "out of hand." The Chair also recognized Mr. James Doughton from the audience to speak on the bill. Mr. Doughton, who represented the Friends of the North Carolina Maritime Museum and the Core Sound Decoy Museum (at Harper's Island), spoke in opposition to the bill stating that the funds raised by the sale of these plates will be undermined by the increased $10.00 (which is allocated equally to the National Parks and National Wildlife Funds. Representative Alexander was then asked of her feelings on the Senate's changes to the bill. She responded that while there were problems with some of the changes, overall she felt the Committee should offer a recommendation of concurrence but would be understanding of whatever decision the Committee made. Representative Howard was recognized next and made a motion that the Committee recommend that the House NOT concur and request conferees. Seeing no further discussion, Chairman McComas then called the motion to a vote and it carried.

Chairman McComas recognized Senator Kerr for the next bill to be considered: **SB 301 – SCHOOL ACQUISITION BY COUNTIES STATEWIDE** (see attachment 6). The Senator explained that the bill acts to extend to all 100 counties the authorization currently given to 88 counties to acquire school property on behalf of their boards of education. Following this short explanation and as there was no discussion on the bill, the Chair recognized Representative Luebke who made a motion for a favorable report to SB 301. Chairman McComas then called the vote and the motion carried by consent.

Representative LaRoque was recognized next by the Chair for explanation of **HB 902 – PRORATE CERTAIN REAL PROPERTY TAXES** (see attachment 7). He stated that the bill would allow for prorated taxes when there is a change in the exemption status of property owned by a nonprofit agency that provides housing to low and moderate income individuals and families. Representative LaRoque also noted that while there is currently no class of real property that is calculated on a prorated basis, the prorating of vehicle taxes is already allowed. Following this, Chairman McComas recognized Mr. Peter Rodda, Tax Collector of Forsyth County and a representative of the North Carolina Tax Assessors Association, who voiced his clear opposition to the bill. He noted that the issue addressed in the bill was not really a problem at the present time and that it would require far too much time to be spent on tax exemptions. He further stated that despite Representative LaRoque's claim that the bill is "revenue neutral" it was highly likely that the bill would result in a revenue loss in the long term. Representative Womble was recognized next

and voiced his opinion that with the presence of such wide opposition, it was not the appropriate time for this bill. Representative Hill inquired to Representative LaRoque as to the effect of the bill on local government's tax base. Representative LaRoque responded, "Not much."

Upon the request of Chairman McComas at that time, Chairwoman Howard assumed the chair for a brief period. Given the continued discussion which had commenced on HB 902, Chairwoman Howard acted to temporarily displace the bill so that the remaining bills on the calendar could be given ample time for the Committee's consideration.

Chairwoman Howard then recognized Representative Pate for the continued discussion of **HB 1233 – EFFICIENCY: SCHOOL BOARD SALES TAX** (see attachment 8). The Chair reminded the members that the bill had been displaced at a prior meeting of the Committee (on July 10, 2003) due to a lack of time for consideration. Representative Pate then briefly explained the bill once again, noting that pushing back the starting age requirement for school by one month, from October 16 to September 16, would raise the funds needed to finance the school system's transition from a system requesting tax refunds to tax exempt status. Following this explanation, Chairman McComas reassumed the Chair and recognized Representative Wainwright who spoke in clear opposition to the bill. He emphasized that the bill was "not in the best interest of the education for our children." He also stated that the October 16th deadline had been in place for many years and that never before had it been a problem. Finally, Representative Wainwright voiced his support of school system's transferring from a tax refund system to one of tax exemption, but stated that the method desired by Representative Pate was an inappropriate financing solution. Chairman McComas then recognized Representative Wainwright again to send forth an amendment, which acted to change HB 1233 into a Revenue Laws Study Commission bill so that it could receive further scrutiny during the session's interim. Representative Pate was recognized by the Chair and stated that he was not opposed to the amendment. Representative Wainwright then moved adoption of his amendment. Chairman McComas called the matter to a vote and the amendment was adopted by consent. The Chair then recognized Representative Wainwright once again and he moved that HB 1233 be given a favorable report as to the PCS (incorporating his adopted amendment) and an unfavorable report as to the original bill. Seeing no further discussion, Chairman McComas then called the vote and the motion carried with no known objection.

As the Committee's time had then expired, Chairman McComas adjourned the meeting at 9:51 am.

Respectfully submitted,

Representative Danny McComas
Presiding Chair

Jason A. Cannon
Clerk, House Committee on Finance

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

S 3

SENATE BILL 550*
Commerce Committee Substitute Adopted 6/9/03
Finance Committee Substitute Adopted 6/23/03

Short Title: Crematory Act Changes. (Public)

Sponsors:

Referred to:

March 27, 2003

A BILL TO BE ENTITLED

AN ACT TO IMPROVE AND STRENGTHEN CREMATION LAW IN NORTH CAROLINA AND TO IMPROVE AND MAKE TECHNICAL CORRECTIONS TO THE FUNERAL LAW.

The General Assembly of North Carolina enacts:

SECTION 1. The name of the North Carolina Board of Mortuary Science is changed to the North Carolina Board of Funeral Service. The Revisor of Statutes is authorized to substitute the term "Board of Funeral Service" for the term "Board of Mortuary Science" wherever that term appears in the General Statutes.

SECTION 2. Article 13C of Chapter 90 of the General Statutes reads as rewritten:

"Article 13C.
"Cremations.

"**§ 90-210.40. Short title.**

This Article shall be known and may be cited as the North Carolina Crematory Act.

"**§ 90-210.41. Definitions.**

As used in this Article, unless the context requires otherwise:

~~(1) "Authorizing agent" means a person legally entitled to order, or carry out the legal order for, the cremation of human remains. In the case of indigents or any other individuals whose final disposition is the responsibility of the State, a public official charged with arranging the final disposition of the deceased, if legally authorized, may serve as the authorizing agent. In the case of individuals whose death occurred in a nursing home or other private institution, and in which the institution is charged with making arrangements for the final disposition of the deceased, a representative of the institution, if legally authorized, may serve as the authorizing agent.~~

~~(2) "Board" means the North Carolina State Board of Mortuary Science.~~

~~(3) Repealed by Session Laws 1997-399, s. 16.~~
~~(4) "Closed container" means any container in which cremated remains can be placed and closed in a manner so as to prevent leakage or spillage of cremated remains or the entrance of foreign material.~~
~~(5) "Cremated remains" means all human remains recovered after the completion of the cremation process, including pulverization which leaves only bone fragments reduced to unidentifiable dimensions.~~
~~(6) "Cremation" means the technical process, using heat, that reduces human remains to bone fragments.~~
~~(7) "Cremation chamber" means the enclosed space within which the cremation process takes place. Cremation chambers covered by this Article shall be used exclusively for the cremation of human remains.~~
~~(8) "Cremation container" means the container in which the human remains are placed in the cremation chamber for a cremation. A cremation container must meet all of the standards established by the rules adopted by the Board.~~
~~(9) "Crematory" means the building or portion of a building that houses the cremation chamber and that may house the holding facility, business office or other part of the crematory business. A crematory must comply with any applicable public health laws and rules and must contain the equipment and meet all of the standards established by the rules adopted by the Board.~~
~~(10) "Crematory authority" means the North Carolina Crematory Authority.~~
~~(11) "Crematory operator" means the legal entity which is licensed by the Board to operate a crematory and perform cremations.~~
~~(12) Repealed by Session Laws 1997-399, s. 16.~~
~~(13) "Human remains" means the body of a deceased person, including a human fetus, regardless of the length of gestation, or part of a body that has been removed from a living or deceased person.~~
~~(14) "Niche" means a compartment or cubicle for the memorialization or permanent placement of an urn containing cremated remains.~~
(1) 'Authorizing agent' means a person legally entitled to authorize the cremation of human remains in accordance with G.S. 90-210.44.
(2) 'Board' means the North Carolina Board of Funeral Service.
(3) 'Body parts' means limbs or other portions of the anatomy that are removed from a person or human remains for medical purposes during treatment, surgery, biopsy, autopsy, or medical research; or human bodies or any portion thereof that have been donated to science for medical purposes.
(4) 'Casket' means a rigid container that is designed for the encasement of human remains and that is usually constructed of wood, metal, or other material and ornamented and lined with fabric, and which may or may not be combustible.

(5) 'Certificate of cremation' means a certificate provided by the crematory manager who performed the cremation containing, at a minimum, the following information:
  a. Name of decedent;
  b. Date of cremation;
  c. Name and address of crematory; and
  d. Signature of crematory manager or person acting as crematory manager.

(6) 'Cremated remains' means all human remains recovered after the completion of the cremation process, including pulverization which leaves only bone fragments reduced to unidentifiable dimensions.

(7) 'Cremation' means the technical process, using intense heat and flame, that reduces human remains to bone fragments. Cremation includes the processing and may include the pulverization of the bone fragments.

(8) 'Cremation chamber' means the enclosed space within which the cremation process takes place. Cremation chambers covered by this Article shall be used exclusively for the cremation of human remains.

(9) 'Cremation container' means the container in which the human remains are transported to the crematory or placed therein upon arrival for storage and placement in a cremation chamber for cremation. A cremation container shall comply with all of the following standards:
  a. Be composed of readily combustible materials suitable for cremation;
  b. Be able to be closed in order to provide a complete covering for the human remains;
  c. Be resistant to leakage or spillage;
  d. Be rigid enough for handling with ease;
  e. Be able to provide protection for the health, safety, and personal integrity of crematory personnel; and
  f. Be easily identifiable. The covering of the cremation container shall contain the following information:
    1. The name of the decedent;
    2. The date of death;
    3. The sex of the decedent; and
    4. The age at death of the decedent.

(10) 'Cremation interment container' means a rigid outer container composed of concrete, steel, fiberglass, or some similar material in which an urn is placed prior to being interred in the ground and which is designed to withstand prolonged exposure to the elements and to support the earth above the urn.

(11) 'Crematory' or 'crematorium' means the building or buildings or portion of a building on a single site that houses the cremation equipment, the holding and processing facilities, the business office, and other parts of the crematory business. A crematory must comply

with all applicable public health and environmental laws and rules and must contain the equipment and meet all of the standards established by the rules adopted by the Board.

(12) 'Crematory licensee' means the individual or legal entity that is licensed by the Board to operate a crematory and perform cremations.

(13) 'Crematory manager' means the person who is responsible for the management and operation of the crematory. A crematory manager must either be licensed to practice funeral directing or funeral service and be qualified as a crematory technician or must obtain a crematory manager permit issued by the Board. In order to receive a crematory manager permit, a person must:

a. Be at least 18 years of age.

b. Be of good moral character.

c. Be qualified as a crematory technician.

Notwithstanding any other provision of law, a crematory that is licensed by the Board prior to January 1, 2004, and as of that date is not managed by a crematory manager who is licensed to practice funeral directing or funeral service, or who has a crematory manager permit, may continue to be managed by a crematory manager who is not licensed to practice funeral directing or funeral service or who does not have a crematory manager permit so long as there is no sale, transfer, devise, bequest, gift, or any other disposal of a controlling interest in the crematory.

(14) 'Crematory technician' means any employee of a crematory licensee who has a certificate confirming that the crematory technician has attended a training course approved by the Board. The Board shall recognize the cremation certificate program that is conducted by the Cremation Association of North America (CANA).

(15) 'Final disposition' means the cremation and the ultimate interment, entombment, inurnment, or scattering of the cremated remains or the return of the cremated remains by the crematory licensee to the authorizing agent or such agent's designee as provided in this Article. Upon the written direction of the authorizing agent, cremated remains may take various forms.

(16) 'Holding and processing facility' means an area or areas that are designated for the retention of human remains prior to, and the retention and processing of cremated remains after, cremation; that comply with all applicable public health and environmental laws; preserve the health and safety of the crematory technician and other personnel of the crematory; and that are secure from access by anyone other than authorized persons. A holding facility and processing facility must be located in a crematory.

(17) 'Human remains' means the body of a deceased person, including a separate human fetus, regardless of the length of gestation, or body parts.

(18) 'Niche' means a compartment or cubicle for the memorialization or final disposition of an urn or container containing cremated remains.

(19) 'Processing' means the removal of bone fragments from the cremation chamber for the reduction in size, labeling and packaging, and placing in an urn or temporary container.

(20) 'Pulverization' means the reduction of identifiable or unidentifiable bone fragments after the completion of the cremation to granulated particles by mechanical means.

(21) 'Scattering area' means an area permitted by North Carolina law including, but not limited to, an area designated by a cemetery and located on dedicated cemetery property where cremated remains that have been removed from their container can be mixed with or placed on top of the soil or ground cover.

(22) 'Temporary container' means a receptacle for cremated remains, usually composed of cardboard, plastic, or similar material which can be closed in a manner so as to prevent the leakage or spillage of the cremated remains or the entrance of foreign material and which is a single container of sufficient size to hold the cremated remains until an urn is acquired or the cremated remains are scattered.

(23) 'Urn' means a receptacle designed to permanently encase the cremated remains.

"§ 90-210.42. Crematory Authority established.

(a) The North Carolina Crematory Authority is established as a Committee within the Board. The Crematory Authority shall suggest rules to the Board for the carrying out and enforcement of the provisions of this Article.

(b) The Crematory Authority shall initially consist of five members appointed by the Governor and two members of the Board appointed by the Board. The Governor may consider a list of recommendations from the Cremation Association of North Carolina.

(c) The initial terms of the members of the Crematory Authority shall be staggered by the appointing authorities so that the terms of three members (two of which shall be appointees of the Governor) expire December 31, 1991, the terms of two members (both of which shall be appointees of the Governor) expire December 31, 1992, and the terms of the remaining two members (one of which shall be an appointee of the Governor) expire December 31, 1993.

As the terms of the members appointed by the Governor expire, their successors shall be elected from among a list of nominees in an election conducted by the Board in which all licensed crematory operators are eligible to vote. The Board may conduct the election for members of the Crematory Authority simultaneously with the election for members of the Board or at any other time. The Board shall prescribe the procedures and establish the time and date for nominations and elections to the Crematory

Authority. A nominee who receives a majority of the votes cast shall be declared elected. The Board shall appoint the successors to the two positions for which it makes initial appointments pursuant to this section.

The terms of the elected members of the Crematory Authority shall be three years. The terms of the members appointed by the Board, including the members initially appointed pursuant to this subsection, shall be coterminous with their terms on the Board. Any vacancy occurring in an elective seat shall be filled for the unexpired term by majority vote of the remaining members of the Crematory Authority. Any vacancy occurring in a seat appointed by the Governor shall be filled by the Governor. Any vacancy occurring in a seat appointed by the Board shall be filled by the Board.

(d) The members of the Crematory Authority shall receive per diem and necessary travel and subsistence expenses in accordance with the provisions of G.S. 93B-5 for all time actually spent upon the business of the Crematory Authority. All expenses, salaries and per diem provided for in this Article shall be paid from funds received ~~under the provisions of this Article and Article 13A~~ and shall in no manner be an expense to the State.

(e) The Crematory Authority shall select from its members a chairman, a vice chairman and a secretary who shall serve for one year or until their successors are elected and qualified. No two offices may be held by the same person. The Crematory Authority, with the concurrence of the Board, shall have the authority to engage adequate staff as deemed necessary to perform its duties.

(f) The Crematory Authority shall hold at least one meeting in each year. In addition, the Crematory Authority may meet as often as the proper and efficient discharge of its duties shall require. ~~Five~~ Four members shall constitute a quorum.

"§ 90-210.43. Licensing and inspection.

~~(a) Any person doing business in this State, or any cemetery, funeral establishment, corporation, partnership, joint venture, voluntary organization or any other entity may erect, maintain and conduct a crematory in this State and may provide the necessary appliances and facilities for the cremation of human remains, provided that such person has secured a license as a crematory operator in accordance with the provisions of this Article.~~

~~(b) A crematory may be constructed on or adjacent to any cemetery, on or adjacent to any funeral establishment that is zoned commercial or industrial, or at any other location consistent with local zoning regulations.~~

~~(c) Application for a license as a crematory operator shall be made on forms furnished and prescribed by the Board. The Board shall examine the premises and structure to be used as a crematory and shall issue a renewable license to the crematory operator if the applicant meets all the requirements and standards of the Board and the requirements of this Article.~~

~~(d) Every application for licensure shall identify the individual who is responsible for overseeing the management and operation of the crematory. The crematory operator shall keep the Board informed at all times of the name and address of the manager.~~

~~(d1) All licenses shall expire on the last day of December of each year. A license may be renewed without paying a late fee on or before the first day of February immediately following expiration. After that date, a license may be renewed by paying a late fee as provided in G.S. 90-210.48 in addition to the annual renewal fee. Licenses that remain expired six months or more require a new application for renewal. Licenses are not transferable. A new application for a license shall be made to the Board within 30 days following a change of ownership of more than fifty percent (50%) of the business.~~

~~(e) No person, cemetery, funeral establishment, corporation, partnership, joint venture, voluntary organization or any other entity shall cremate any human remains, except in a crematory licensed for this express purpose and under the limitations provided in this Article, or unless otherwise permitted by statute.~~

~~(f) Whenever the Board finds that an owner, partner, manager, member, or officer of a crematory operator or an applicant to become a crematory operator, or that any agent or employee of a crematory operator or an applicant to become a crematory operator, with the direct or implied permission of such owner, partner, manager, member, or officer, has violated any provision of this Article, or is guilty of any of the following acts, and when the Board also finds that the crematory operator or applicant has thereby become unfit to practice, the Board may suspend, revoke, or refuse to issue or renew the license, in accordance with the procedures of Chapter 150B:~~

- ~~(1) Conviction of a felony or a crime involving fraud or moral turpitude.~~
- ~~(2) Fraud or misrepresentation in obtaining or renewing a license or in the practice of cremation.~~
- ~~(3) False or misleading advertising.~~
- ~~(4) Gross immorality, including being under the influence of alcohol or drugs while performing cremation services.~~
- ~~(5) Using profane, indecent or obscene language in the presence of a dead human body, and within the immediate hearing of the family or relatives of a deceased, whose body has not yet been cremated or otherwise disposed of.~~
- ~~(6) Violating or cooperating with others to violate any of the provisions of this Article or of the rules of the Board.~~
- ~~(7) Violation of any State law or municipal or county ordinance or regulation affecting the handling, custody, care or transportation of dead human bodies.~~
- ~~(8) Refusing to surrender promptly the custody of a dead human body or cremated remains upon the express order of the person lawfully entitled to the custody thereof, except as provided in G.S. 90-210.47(e).~~
- ~~(9) Indecent exposure or exhibition of a dead human body while in the custody or control of a licensee.~~

~~In any case in which the Board is authorized to take any of the actions permitted under this subsection, the Board may instead accept an offer in compromise of the~~

~~charges whereby the accused shall pay to the Board a penalty of not more than one thousand dollars ($1,000).~~

~~(g) The Board and Crematory Authority may hold hearings in accordance with the provisions of this Article and Chapter 150B. Any such hearing shall be conducted jointly by the Board and the Crematory Authority. The Board and the Crematory Authority shall jointly constitute an "agency" under Article 3A of Chapter 150B of the General Statutes with respect to proceedings initiated pursuant to this Article. The Board is empowered to regulate and inspect crematories and crematory operators and to enforce as provided by law the provisions of this Article and the rules adopted hereunder. Any crematory that, upon inspection, is found not to meet any of the requirements of this Article shall pay a reinspection fee to the Board for each additional inspection that is made to ascertain whether the deficiency or other violation has been corrected.~~

~~In addition to the powers enumerated in Chapter 150B of the General Statutes, the Board shall have the power to administer oaths and issue subpoenas requiring the attendance of persons and the production of papers and records before the Board in any hearing, investigation or proceeding conducted by it or conducted jointly with the Crematory Authority. Members of the Board's staff or the sheriff or other appropriate official of any county of this State shall serve all notices, subpoenas and other papers given to them by the President of the Board for service in the same manner as process issued by any court of record. Any person who neglects or refuses to obey a subpoena issued by the Board shall be guilty of a Class 1 misdemeanor.~~

(a) Any person doing business in this State, or any cemetery, funeral establishment, corporation, partnership, joint venture, voluntary organization, or any other entity may erect, maintain, and operate a crematory in this State and may provide the necessary employees, facilities, structure, and equipment for the cremation of human remains, provided that the person or entity has secured a license as a crematory licensee in accordance with this Article.

(b) A crematory may be constructed on or adjacent to any cemetery, on or adjacent to any funeral establishment that is zoned commercial or industrial, or at any other location consistent with local zoning and environmental regulations.

(c) Application for a license as a crematory licensee shall be made on forms furnished and prescribed by the Board. The Board shall inspect the premises, facilities, structure, and equipment to be used as a crematory, confirm that the crematory manager's and crematory technician's educational certificate is valid, and issue a renewable license to the crematory licensee if the applicant meets all the requirements and standards of the Board and the requirements of this Article.

(d) Every application for licensure shall identify the crematory manager and all crematory technicians employed by the crematory licensee providing that nothing in this Article shall prohibit the designation and identification by the crematory licensee of one individual to serve as a crematory manager and crematory technician. Each crematory licensed in North Carolina shall employ on a full-time basis at least one crematory technician. Every application for licensure and renewal thereof shall include all crematory technicians' educational certificates. The crematory licensee shall keep the

Board informed at all times of the names and addresses of the crematory manager and all crematory technicians. In the event a licensee is in the process of replacing its only crematory technician at the time of license renewal, the licensee may continue to operate the crematory for a reasonable time period not to exceed 180 days.

(e) All licenses and permits shall expire on the last day of December of each year. A license or permit may be renewed without paying a late fee on or before the first day of February immediately following expiration. After that date, a license or permit may be renewed by paying a late fee as provided in G.S. 90-210.52 in addition to the annual renewal fee. Licenses and permits that remain expired six months or more require a new application for renewal. Licenses and permits are not transferable. A new application for a license or permit shall be made to the Board within 30 days following a change of ownership of more than fifty percent (50%) of the business.

(f) No person, cemetery, funeral establishment, corporation, partnership, joint venture, voluntary organization, or any other entity shall cremate any human remains, except in a crematory licensed for this express purpose and operated by a crematory licensee subject to the restrictions and limitations of this Article or unless otherwise permitted by statute.

(g) Whenever the Board finds that an owner, partner, crematory manager, member, officer, or any crematory technician of a crematory licensee or any applicant to become a crematory licensee, or that any authorized employee, agent, or representative has violated any provision of this Article, or is guilty of any of the following acts, and when the Board also finds that the crematory operator or applicant has thereby become unfit to practice, the Board may suspend, revoke, or refuse to issue or renew the license, in accordance with Chapter 150B of the General Statutes:

(1) Conviction of a felony or a crime involving fraud or moral turpitude.

(2) Fraud or misrepresentation in obtaining or renewing a license or in the practice of cremation.

(3) False or misleading advertising.

(4) Solicitation of dead human bodies by the licensee, his agents, assistants, or employees; but this subdivision shall not be construed to prohibit general advertising by the licensee.

(5) Employment directly or indirectly of any agent, assistant, or other person on a part-time or full-time basis or on commission for the purpose of calling upon individuals or institutions by whose influence dead human bodies may be turned over to a particular licensee.

(6) The direct or indirect payment or offer of payment of a commission by the licensee or the licensee's agent, assistant, or employees for the purpose of securing business.

(7) Gross immorality, including being under the influence of alcohol or drugs while performing cremation services.

(8) Aiding or abetting an unlicensed person to perform services under this Article, including the use of a picture or name in connection with advertisements or other written material published or caused to be published by the licensee.

(9) Failing to treat a dead human body with respect at all times.

(10) Violating or cooperating with others to violate any of the provisions of this Article or of the rules of the Board.

(11) Violation of any State law or municipal or county ordinance or regulation affecting the handling, custody, care, or transportation of dead human bodies.

(12) Refusing to surrender promptly the custody of a dead human body or cremated remains upon the express order of the person lawfully entitled to the custody thereof, except as provided in G.S. 90-210.51(e).

(13) Indecent exposure or exhibition of a dead human body while in the custody or control of a licensee.

(14) Practicing funeral directing, embalming, or funeral service without a license.

In any case in which the Board is authorized to take any of the actions permitted under this subsection, the Board may instead accept an offer in compromise of the charges whereby the accused shall pay to the Board a penalty of not more than five thousand dollars ($5,000).

(h) Where the Board finds a licensee is guilty of one or more of the acts or omissions listed in subsection (g) of this section but it is determined by the Board that the licensee has not thereby become unfit to practice, the Board may place the licensee on a term of probation in accordance with the procedures set out in Chapter 150B of the General Statutes. In any case in which the Board is entitled to place a licensee on a term of probation, the Board may also impose a penalty of not more than five thousand dollars ($5,000) in conjunction with the probation.

(i) The Board may hold hearings in accordance with the provisions of this Article and Chapter 150B of the General Statutes. The Board shall conduct any such hearing. The Board shall constitute an "agency" under Article 3A of Chapter 150B of the General Statutes with respect to proceedings initiated pursuant to this Article. The Board is empowered to regulate and inspect crematories and crematory licensees and to enforce as provided by law the provisions of this Article and the rules adopted hereunder. Any crematory that, upon inspection, is found not to meet any of the requirements of this Article shall pay a reinspection fee to the Board for each additional inspection that is made to ascertain whether the deficiency or other violation has been corrected.

In addition to the powers enumerated in Chapter 150B of the General Statutes, the Board shall have the power to administer oaths and issue subpoenas requiring the attendance of persons and the production of papers and records before the Board in any hearing, investigation, or proceeding conducted by it. Members of the Board's staff or the sheriff or other appropriate official of any county of this State shall serve all notices, subpoenas, and other papers given to them by the President of the Board for service in the same manner as process issued by any court of record. Any person who neglects or refuses to obey a subpoena issued by the Board shall be guilty of a Class 1 misdemeanor.

"**§ 90-210.44. Authorizing agent.**

(a) The following person, in the priority list below, shall have the right to serve as an "authorizing agent":

(1) An individual at least 18 years of age may authorize the cremation and disposition of the individual's own dead body in a written will, pursuant to health care power of attorney to the extent provided in Article 3 of Chapter 32 of the General Statues, pursuant to a preneed funeral contract executed pursuant to Article 13D of Chapter 90 of the General Statutes, pursuant to a cremation authorization form executed pursuant to Article 13C of Chapter 90 of the General Statutes, or in a written statement signed by the individual and witnessed by two persons who are at least 18 years old. When an individual has authorized his or her own cremation and disposition in accordance with this subsection, the individual or institution designated by that individual shall act as the authorizing agent for that individual.

(2) If a decedent has left no written authorization for the cremation and disposition of the decedent's body as permitted under subdivision (1) of this subsection, the following competent persons in the order listed may authorize the type, method, place, cremation, and disposition of the decedent's body:

a. The surviving spouse.

b. A majority of the surviving children who are at least 18 years of age and can be located after reasonable efforts.

c. The surviving parents.

d. A majority of the surviving siblings who are at least 18 years of age and can be located after reasonable efforts.

e. A majority of the persons in the classes of the next degrees of kinship, in descending order, who, under State law, would inherit the decedent's estate if the decedent died intestate who are at least 18 years of age and can be located after reasonable efforts.

f. A person who has exhibited special care and concern for the decedent and is willing and able to make decisions about the cremation and disposition.

g. In the case of indigents or any other individuals whose final disposition is the responsibility of the State or any of its instrumentalities, a public administrator, medical examiner, coroner, State-appointed guardian, or any other public official charged with arranging the final disposition of the decedent may serve as the authorizing agent.

h. In the case of individuals who have donated their bodies to science or whose death occurred in a nursing home or private institution and in which the institution is charged with making arrangements for the final disposition of the decedent, a

representative of such institution may serve as the authorizing agent in the absence of any of the above.

i. In the absence of any of the above, any person willing to assume responsibility as authorizing agent, as specified in this act.

This subsection does not grant to any person the right to cancel a preneed funeral contract executed pursuant to Article 13D of Chapter 90 of the General Statutes or to cause or prohibit the substitution of a preneed licensee as authorized under G.S. 90-210.63.

(b) A person who does not exercise his or her right to dispose of the decedent's body under subdivision (a)(2) of this section within five days of notification or 10 days from date of death, whichever is earlier, shall be deemed to have waived his or her right to authorize disposition of the decedent's body or to contest disposition in accordance with this section.

(c) An individual at least 18 years of age may, in a writing signed by the individual, authorize the cremation and disposition of one or more of the individual's body parts that has been or will be removed. If the individual does not authorize the cremation and disposition, a person listed in subdivision (a)(2) of this section may authorize the cremation and disposition as if the individual were deceased.

(d) This section does not apply to the disposition of dead human bodies as anatomical gifts under Part 3 of Article 16 of Chapter 130A of the General Statutes or the right to perform autopsies under Part 2 of Article 16 of Chapter 130A of the General Statutes.

"**§ 90-210.45. Authorization to cremate.**

(a) A crematory licensee shall not cremate human remains until it has received a cremation authorization form signed by an authorizing agent. The cremation authorization form shall be prescribed by the Board and shall contain at a minimum the following information:

(1) The identity of the human remains and confirmation that the human remains are in fact the individual so named.

(2) The time and date of death of the decedent.

(3) The name and address of the funeral establishment and/or the funeral director that obtained the cremation authorization.

(4) The name and address of the crematory to be in receipt of the human remains for the purpose of cremation.

(5) The name and address of the authorizing agent, the relationship between the authorizing agent and the decedent, and the date and time of signature of the authorizing agent.

(6) A representation that the authorizing agent does in fact have the right to authorize the cremation of the decedent and that the authorizing agent is not aware of any living person who has a superior priority right to that of the authorizing agent, as set forth in G.S. 90-210.44. Or, in the event that there is another living person who does have a superior priority right to that of the authorizing agent, a representation

that the authorizing agent has made all reasonable efforts to contact such person, has been unable to do so, and has no reason to believe that such person would object to the cremation of the decedent.

(7) A representation that the authorizing agent has either disclosed the location of all living persons with an equal right to that of the authorizing agent, as set forth in G.S. 90-201.44, or does not know the location of any other living person with an equal right to that of the authorizing agent.

(8) Authorization for the crematory to cremate the human remains, including authorization to process or pulverize the cremated remains.

(9) A representation that the human remains do not contain a pacemaker or any other material or implant that may be potentially hazardous to the person performing the cremation.

(10) The name of the person authorized to receive the cremated remains from the crematory licensee.

(11) The manner in which final disposition of the cremated remains is to take place, if known. If the cremation authorization form does not specify final disposition in a grave, crypt, niche, or scattering area, then the form shall indicate that the cremated remains will be held by the crematory licensee for 30 days before they are disposed of, unless they are received from the crematory licensee prior to that time, in person, by the authorizing agent or his designee.

(12) The signature of the authorizing agent attesting to the accuracy of all representations contained on the cremation authorization form, except as set forth in subsection (b) of this section.

(13) If a cremation authorization form is being executed on a preneed basis, the cremation authorization form shall contain the disclosure required by G.S. 90-210.46. The authorizing agent may specify in writing religious practices that conflict with Article 13 of this Chapter. The crematory licensee and funeral director shall observe those religious practices except where they interfere with cremation in a licensed crematory as specified under G.S. 90-210.43 or the required documentation and record keeping.

(14) A licensed funeral director of the funeral establishment or crematory licensee that received the cremation authorization form shall also sign the cremation authorization form. Such individual shall not be responsible for any of the representations made by the authorizing agent, unless such individual has actual knowledge to the contrary, except for the information requested by subdivisions (a)(1), (2), (3), (4), and (9) of this section, which shall be considered to be representations of the individual. In addition, the funeral director shall warrant to the crematory that the human remains delivered to the crematory licensee are the human remains identified on the cremation

authorization form with any other documentation required by this State, any county, or any municipality.

(b) An authorizing agent who signs a cremation authorization form shall be deemed to warrant the truthfulness of any facts set forth on the cremation authorization form, including that person's authority to order the cremation, except for the information required by subdivisions (a)(4) and (9) of this section, unless the authorizing agent has actual knowledge to the contrary. An authorizing agent signing a cremation authorization form shall be personally and individually liable for all damages occasioned thereby and resulting therefrom.

(c) A crematory licensee shall have the legal right to cremate human remains upon the receipt of a cremation authorization form signed by an authorizing agent. There shall be no liability for a crematory licensee that cremates human remains pursuant to such authorization, or that releases or disposes of the cremated remains pursuant to such authorization, except for such crematory licensee's gross negligence, provided that the crematory licensee performs such functions in compliance with the provisions of this Article. There shall be no liability for a funeral establishment or licensee thereof that causes a crematory licensee to cremate human remains pursuant to such authorization, except for gross negligence, provided that the funeral establishment and licensee thereof and crematory licensee perform their respective functions in compliance with the provisions of this section.

(d) After the authorizing agent has executed a cremation authorization form and prior to the commencement of the cremation, the authorizing agent may revoke the authorization and instruct the crematory licensee to cancel the cremation and to release or deliver the human remains to another crematory licensee or funeral establishment. Such instructions shall be provided to the crematory licensee in writing. A crematory licensee shall honor any instructions given to it by an authorizing agent under this section, provided that it receives such instructions prior to commencement of the cremation of the human remains.

"**§ 90-210.46. Preneed cremation arrangements.**

(a) Any person, on a preneed basis, may authorize the person's own cremation and the final disposition of the person's cremated remains by executing, as the authorizing agent, a cremation authorization form on a preneed basis and having the form signed by two witnesses. The person shall retain a copy of this form, and a copy shall be sent to the funeral establishment and/or the crematory licensee. Any person shall have the right to transfer or cancel this authorization at any time prior to the person's death by destroying the executed cremation authorization form and providing written notice to the party or parties that received the cremation authorization form.

(b) Any cremation authorization form executed by an individual as the individual's own authorizing agent on a preneed basis shall contain the following disclosure, which shall be completed by the authorizing agent:

/ / I do not wish to allow any of my survivors the option of canceling my cremation and selecting alternative arrangements, regardless of whether my survivors deem such a change to be appropriate.

/ / I wish to allow only the survivors whom I have designated below the option of canceling my cremation and selecting alternative arrangements or continuing to honor my wishes for cremation and purchasing services and merchandise if they deem such a change to be appropriate.

(c) Except as provided in subsection (b) of this section, at the time of the death of a person who has executed, as the authorizing agent, a cremation authorization form on a preneed basis, any person in possession of the executed form, and any person charged with making arrangements for the disposition of the decedent's human remains who has knowledge of the existence of the executed form, shall use the person's best efforts to ensure that the decedent's human remains are cremated and that the final disposition of the cremated remains is in accordance with the instructions contained on the cremation authorization form.

(d) If a crematory licensee is in possession of a completed cremation authorization form, executed on a preneed basis, and the crematory licensee is in possession of the designated human remains, then the crematory licensee shall be required to cremate the human remains and dispose of the human remains according to the instructions contained on the cremation authorization form. A crematory licensee that complies with the preneed cremation authorization form under these circumstances may do so without any liability. A funeral establishment or licensee thereof that causes a crematory licensee to act in accordance with the preneed cremation authorization form under these circumstances may do so without any liability.

(e) Any preneed contract sold by, or preneed arrangements made with, a funeral establishment that includes a cremation shall specify the final disposition of the cremated remains, pursuant to G.S. 90-210.50. In the event that no different or inconsistent instructions are provided to the crematory licensee by the authorizing agent at the time of death, the crematory licensee shall be authorized to release or dispose of the cremated remains as indicated in the preneed agreement. Upon compliance with the terms of the preneed agreement, the crematory licensee, and any funeral establishment or licensee thereof who caused the crematory licensee to act in compliance with the terms of the preneed agreement, shall be discharged from any legal obligation concerning such cremated remains.

(f) The provisions of this section shall not apply to any cremation authorization form or preneed contract executed prior to the effective date of this act. Any funeral establishment, however, with the written approval of the authorizing agent or person who executed the preneed contract, may designate that such cremation authorization form or preneed contract shall be subject to this act.

"~~§ 90-210.44. Authorization and record keeping.~~

~~The Board shall establish requirements for record keeping, authorizations, and cremation reports. It shall be a violation of this Article for any crematory operator to fail to comply with the requirements.~~

"**§ 90-210.47. Record keeping.**

(a) The crematory licensee shall furnish to the person who delivers such human remains to the crematory licensee a receipt, signed by both the crematory licensee and

the person who delivers the human remains, showing the date and time of the delivery; the type of casket or cremation container that was delivered; the name of the person from whom the human remains were received and the name of the funeral establishment or other entity with whom such person is affiliated; the name of the person who received the human remains on behalf of the crematory licensee; and the name of the decedent. The crematory licensee shall retain a copy of this receipt in its permanent records for three years.

(b) Upon its release of cremated remains, the crematory licensee shall furnish to the person who receives such cremated remains from the crematory licensee a receipt, signed by both the crematory licensee and the person who receives the cremated remains, showing the date and time of the release; the name of the person to whom the cremated remains were released and the name of the funeral establishment, cemetery, or other entity with whom such person is affiliated; the name of the person who released the cremated remains on behalf of the crematory licensee; and the name of the decedent. The crematory shall retain a copy of this receipt in its permanent records for three years.

(c) A crematory licensee shall maintain at its place of business a record of all forms required by the Board of each cremation that took place at its facility for three years.

(d) The crematory licensee shall maintain a record for three years of all cremated remains disposed of by the crematory licensee in accordance with G.S. 90-210.46(d).

(e) Upon completion of the cremation, the crematory licensee shall issue a certificate of cremation.

(f) All records that are required to be maintained under this Article shall be subject to inspection by the Board or its agents upon request.

"**§ 90-210.48. Cremation containers.**

(a) No crematory licensee shall make or enforce any rules requiring that any human remains be placed in a casket before cremation or that human remains be cremated in a casket, nor shall any crematory licensee refuse to accept human remains for cremation for the reason that they are not in a casket.

(b) No crematory licensee shall make or enforce any rules requiring that any cremated remains be placed in an urn or receptacle designed to permanently encase the cremated remains after the cremation process has been performed.

~~"§ 90-210.45. Cremation procedures.~~

~~(a) No human body shall be cremated before the crematory operator receives a death certificate signed by the attending physician or an authorization for cremation signed by a medical examiner.~~

~~(b) Human remains shall not be cremated within 24 hours after the time of death, unless such death was a result of an infectious, contagious or communicable and dangerous disease as listed by the Commission of Health Services pursuant to G.S. 130A-134, and unless such time requirement is waived in writing by the medical examiner, county health director, or attending physician where the death occurred. In the event such death comes under the jurisdiction of the medical examiner, the human remains shall not be received by the crematory operator until authorization to cremate has been received in writing from the medical examiner of the county in which the~~

~~death occurred. In the event the crematory operator is authorized to perform funerals as well as cremation, this restriction on the receipt of human remains shall not be applicable.~~

~~(c) No unauthorized person shall be permitted in the crematory area while any human remains are in the crematory area awaiting cremation, being cremated, or being removed from the cremation chamber. Relatives of the deceased, the authorizing agent, medical examiners and law enforcement officers in the execution of their duties shall be authorized to have access to the holding facility and crematory facility.~~

~~(c1) Human remains shall be cremated only while enclosed in a cremation container.~~

~~(d) The simultaneous cremation of the human remains of more than one person within the same cremation chamber is forbidden.~~

~~(d1) Every crematory shall have a holding facility, within or adjacent to the crematory, designated for the retention of human remains prior to cremation. The holding facility must comply with any applicable public health laws and rules and must meet all of the standards established pursuant to rules adopted by the Board.~~

~~(e) Crematory operators shall comply with standards established by the Board for the reduction and pulverization of human remains by the cremation process.~~

"**§ 90-210.49. Cremation procedures.**

(a) In deaths certified by the attending physician, the body shall not be cremated before the crematory licensee receives a death certificate signed by the attending physician, which shall contain at a minimum the following information:

(1) Decedent's name;
(2) Date of death;
(3) Date of birth;
(4) Sex;
(5) Place of death;
(6) Facility name (if not institution, give street and number);
(7) County of death;
(8) City of death; and
(9) Time of death (if known).

(b) When required by G.S. 130A-388 and the rules adopted pursuant to that section or by successor statute and the rules pursuant to it, a cremation authorization form signed by a medical examiner shall be received by the crematory prior to cremation.

(c) In deaths coming under full investigation by the Office of the Chief Medical Examiner, a burial-transit permit/cremation authorization form must be received by the crematory before cremation.

(d) No body shall knowingly be cremated with a pacemaker or defibrillator or other potentially hazardous implant or condition in place. The authorizing agent for the cremation of the human remains shall be responsible for taking all necessary steps to ensure that any pacemaker or defibrillator or other potentially hazardous implant or condition is removed or corrected prior to cremation. If an authorizing agent informs the funeral director and the crematory licensee on the cremation authorization form of the

presence of a pacemaker or defibrillator or other potentially hazardous implant or condition in the human remains, then the funeral director shall be responsible for ensuring that all necessary steps have been taken to remove the pacemaker or defibrillator or other potentially hazardous implant or to correct the hazardous condition before delivering the human remains to the crematory.

(e) Human remains shall not be cremated within 24 hours after the time of death, unless such death was a result of an infectious, contagious, or communicable and dangerous disease as listed by the Commission of Health Services, pursuant to G.S. 130A-134, and unless such time requirement is waived in writing by the medical examiner, county health director, or attending physician where the death occurred.

(f) No unauthorized person shall be permitted in view of the cremation chamber or in the holding and processing facility while any human remains are being removed from the cremation container, processed, or pulverized. Relatives of the deceased and their invitees, the authorizing agent and the agent's invitees, medical examiners, Inspectors of the North Carolina Board of Funeral Service, and law enforcement officers in the execution of their duties shall be authorized to have access to the crematory area, subject to the rules adopted by the crematory licensee governing the safety of such individuals.

(g) Human remains shall be cremated only while enclosed in a cremation container. Upon completion of the cremation, and insofar as is possible, all of the recoverable residue of the cremation process shall be removed from the cremation chamber. Insofar as is possible, all residue of the cremation process shall then be separated from any foreign residue or anything else other than bone fragments and then be processed by pulverization so as to reduce the cremated remains to unidentifiable particles. Any foreign residue and anything other than the particles of the cremated remains shall be removed from the cremated remains as far as possible and shall be disposed of by the crematory licensee. This section does not apply where law otherwise provides for commingling of human remains. The fact that there is incidental and unavoidable residue in the cremation chamber used in a prior cremation is not a violation of this subsection.

(h) The simultaneous cremation of the human remains of more than one person within the same cremation chamber is forbidden.

(i) Every crematory shall have a holding and processing facility, within the crematory, designated for the retention of human remains prior to cremation. The holding and processing facility must comply with any applicable public health laws and rules and must meet all of the standards established pursuant to rules adopted by the Board.

(j) Crematory licensees shall comply with standards established by the Board for the processing and pulverization of human remains by cremation.

(k) Nothing in this Article shall require a crematory licensee to perform a cremation that is impossible or impractical to perform.

(l) The cremated remains with proper identification shall be placed in a temporary container or the urn selected or provided by the authorizing agent. The temporary container or urn contents shall not be contaminated with any other object,

unless specific authorization has been received from the authorizing agent or as provided in subsection (g) of this section.

(m) If the cremated remains are greater than the dimensions of a temporary container or urn, the excess cremated remains shall be returned to the authorizing agent or its representative in a separate container or urn.

(n) If the cremated remains are to be shipped, the temporary container or urn shall be packed securely in a suitable shipping container that complies with the requirements of the shipper. Cremated remains shall be shipped only by a method which has an internal tracing system available and which provides a receipt signed by the person accepting delivery, unless otherwise authorized in writing by the authorizing agent. Cremated remains shall be shipped to the proper address as stated on the cremation authorization form signed by the authorizing agent.

"~~§ 90-210.46. Disposition of cremated remains.~~

~~(a) The authorizing agent shall provide the person with whom cremation arrangements are made with a signed statement specifying the ultimate disposition of the cremated remains, if known. The crematory operator may store or retain cremated remains as directed by the authorizing agent. Records of retention and disposition of cremated remains shall be kept by the crematory operator pursuant to G.S. 90-210.44.~~

~~(b) The authorizing agent is responsible for the disposition of the cremated remains. If, after a period of 30 days from the date of cremation, the authorizing agent or his representative has not specified the ultimate disposition or claimed the cremated remains, the crematory operator or the person in possession of the cremated remains may dispose of the cremated remains only in a manner permitted in this section. The authorizing agent shall be responsible for reimbursing the crematory operator for all reasonable expenses incurred in disposing of the cremated remains pursuant to this section. A record of such disposition shall be made and kept by the person making such disposition. Upon disposing of cremated remains in accordance with this section, the crematory operator or person in possession of the cremated remains shall be discharged from any legal obligation or liability concerning such cremated remains.~~

~~(c) In addition to the disposal of cremated remains in a crypt, niche, grave, or scattering garden located in a dedicated cemetery, or by scattering over uninhabited public land, the sea or other public waterways pursuant to subsection (f) of this section, cremated remains may be disposed of in any manner on the private property of a consenting owner, upon direction of the authorizing agent. If cremated remains are to be disposed of by the crematory operator on private property, other than dedicated cemetery property, the authorizing agent shall provide the crematory operator with the written consent of the property owner.~~

~~(d) Except with the express written permission of the authorizing agent no person may:~~

~~(1) Dispose of or scatter cremated remains in such a manner or in such a location that the cremated remains are commingled with those of another person. This subdivision shall not apply to the scattering of cremated remains at sea or by air from individual closed containers or~~

~~to the scattering of cremated remains in an area located in a dedicated cemetery and used exclusively for such purposes.~~

~~(2) Place cremated remains of more than one person in the same closed container. This subdivision shall not apply to placing the cremated remains of members of the same family in a common closed container designed for the cremated remains of more than one person.~~

~~(e) Cremated remains shall be delivered by the crematory operator to the individual specified by the authorizing agent on the cremation authorization form. The representative of the crematory operator and the individual receiving the cremated remains shall sign a receipt indicating the name of the deceased, and the date, time, and place of the receipt. After this delivery, the cremated remains may be transported in any manner in this State, without a permit, and disposed of in accordance with the provisions of this Article.~~

~~(f) Cremated remains may be scattered over uninhabited public land, a public waterway or sea, subject to health and environmental standards, or on the private property of a consenting owner pursuant to subsection (c) of this section. A person may utilize a boat or airplane to perform such scattering. Cremated remains shall be removed from their closed container before they are scattered.~~

"**§ 90-210.50. Final disposition of cremated remains.**

(a) The authorizing agent shall provide the person with whom cremation arrangements are made with a signed statement specifying the ultimate disposition of the cremated remains, if known. The crematory licensee may store or retain cremated remains as directed by the authorizing agent. Records of retention and disposition of cremated remains shall be kept by the crematory licensee pursuant to G.S. 90-210.47.

(b) The authorizing agent is responsible for the disposition of the cremated remains. If, after a period of 30 days from the date of cremation, the authorizing agent or the agent's representative has not specified the final disposition or claimed the cremated remains, the crematory licensee or the person in possession of the cremated remains may dispose of the cremated remains only in a manner permitted in this section. The authorizing agent shall be responsible for reimbursing the crematory licensee for all reasonable expenses incurred in disposing of the cremated remains pursuant to this section. A record of such disposition shall be made and kept by the person making the disposition. Upon disposing of cremated remains in accordance with this section, the crematory licensee or person in possession of the cremated remains shall be discharged from any legal obligation or liability concerning such cremated remains.

(c) In addition to the disposal of cremated remains in a crypt, niche, grave, or scattering garden located in a dedicated cemetery, or by scattering over uninhabited public land, the sea, or other public waterways pursuant to subsection (f) of this section, cremated remains may be disposed of in any manner on the private property of a consenting owner, upon direction of the authorizing agent. If cremated remains are to be disposed of by the crematory licensee on private property, other than dedicated cemetery property, the authorizing agent shall provide the crematory licensee with the written consent of the property owner.

(d) Except with the express written permission of the authorizing agent, no person may:

(1) Dispose of or scatter cremated remains in such a manner or in such a location that the cremated remains are commingled with those of another person. This subdivision shall not apply to the scattering of cremated remains at sea or by air from individual closed containers or to the scattering of cremated remains in an area located in a dedicated cemetery and used exclusively for such purposes.

(2) Place cremated remains of more than one person in the same closed container. This subdivision shall not apply to placing the cremated remains of members of the same family in a common closed container designed for the cremated remains of more than one person with the written consent of the family.

(e) Cremated remains shall be released by the crematory licensee to the individual specified by the authorizing agent on the cremation authorization form. The representative of the crematory licensee and the individual receiving the cremated remains shall sign a receipt indicating the name of the deceased, and the date, time, and place of the receipt, and contain a representation that the handling of the final disposition will be in a proper manner. After this delivery, the cremated remains may be transported in any manner in this State, without a permit, and disposed of in accordance with the provisions of this Article.

(f) Cremated remains may be scattered over uninhabited public land, over a public waterway or sea, subject to health and environmental standards, or on the private property of a consenting owner pursuant to subsection (c) of this section. A person may utilize a boat or airplane to perform such scattering. Cremated remains shall be removed from their closed container before they are scattered.

"~~§ 90-210.47. Liability.~~

~~(a) Any person signing a cremation authorization form shall be deemed to warrant the truthfulness of any facts set forth in the cremation authorization form, including the identity of the deceased whose remains are sought to be cremated and that person's authority to order such cremation.~~

~~(b) A crematory operator shall have authority to cremate human remains only upon the receipt of a cremation authorization form signed by an authorizing agent. There shall be no liability of a crematory operator that cremates human remains pursuant to such authorization, or that releases or disposes of the cremated remains pursuant to such authorization.~~

~~(c) A crematory operator shall not be responsible or liable for any valuables delivered to the crematory operator with human remains.~~

~~(d) A crematory operator shall not be liable for refusing to accept a body or to perform a cremation until it receives a court order or other suitable confirmation that a dispute has been settled if:~~

~~(1) It is aware of any dispute concerning the cremation of human remains;~~

~~(2) It has a reasonable basis for questioning any of the representations made by the authorizing agent; or~~

~~(3) For any other lawful reason.~~

~~(e) If a crematory operator is aware of any dispute concerning the release or disposition of the cremated remains, the crematory operator may refuse to release the cremated remains until the dispute has been resolved or the crematory operator has been provided with a court order authorizing the release or disposition of the cremated remains. A crematory operator shall not be liable for refusing to release or dispose of cremated remains in accordance with this subsection.~~

"**§ 90-210.51. Limitation of liability.**

(a) Any person signing a cremation authorization form as authorizing agent shall be deemed to warrant the truthfulness of any facts set forth in the cremation authorization form, including the identity of the deceased whose remains are sought to be cremated and that person's authority to order such cremation.

(b) A crematory licensee shall have authority to cremate human remains only upon the receipt of a cremation authorization form signed by an authorizing agent. There shall be no liability of a crematory licensee that cremates human remains pursuant to such authorization or that releases or disposes of the cremated remains pursuant to such authorization. A crematory licensee and funeral establishment or licensee thereof who causes the crematory licensee to act shall have no liability for the final disposition or manner in which the cremated remains are handled after the cremated remains are released in accordance with the directions of the authorizing agent.

(c) A crematory licensee shall not be responsible or liable for any valuables delivered to the crematory licensee with human remains.

(d) A crematory licensee shall not be liable for refusing to accept a body or to perform a cremation until it receives a court order or other suitable confirmation that a dispute has been settled if:

(1) It is aware of any dispute concerning the cremation of human remains;

(2) It has a reasonable basis for questioning any of the representations made by the authorizing agent; or .

(3) For any other lawful reason.

(e) If a crematory licensee is aware of any dispute concerning the release or disposition of the cremated remains, the crematory licensee may refuse to release the cremated remains until the dispute has been resolved or the crematory licensee has been provided with a court order authorizing the release or disposition of the cremated remains. A crematory licensee shall not be liable for refusing to release or dispose of cremated remains in accordance with this subsection. A crematory licensee may charge a reasonable storage fee if the dispute is not resolved within 30 days after it is received by the crematory licensee.

"~~**§ 90-210.48. Fees.**~~

~~(a) The Board may set and collect fees not to exceed the following amounts from licensed crematory operators and applicants:~~

~~(1)~~	~~Licensee application fee~~	~~$400.00~~
~~(2)~~	~~Annual renewal fee~~	~~150.00~~
~~(3)~~	~~Late renewal penalty~~	~~75.00~~

~~(4) Re-inspection fee 100.00~~
~~(5) Per cremation fee. 10.00~~
~~(6) Late fee, per cremation. 10.00~~
~~(7) Late fee, cremation report 75.00 per month.~~

~~(b) The funds collected pursuant to this Article shall become part of the general fund of the Board. The cost of the maintenance of the Crematory Authority shall be deemed a general expense of the Board. The Board shall keep an accurate accounting of all the receipts and expenditures made pursuant to this Article and shall provide a current report of such to the Crematory Authority biannually.~~

"**§ 90-210.52. Fees.**

(a) The Board may set and collect fees not to exceed the following amounts from crematory licensees, crematory manager permit holders, and applicants:

(1)	Licensee application fee	$400.00
(2)	Annual renewal fee	150.00
(3)	Late renewal fee	75.00
(4)	Reinspection fee	100.00
(5)	Per cremation fee	10.00
(6)	Late fee, per cremation	10.00
(7)	Late fee, cremation report	75.00 per month
(8)	Crematory manager permit application fee	150.00
(9)	Annual crematory manager permit renewal fee	40.00.

(b) The funds collected pursuant to this Article shall become part of the general fund of the Board.

"~~**§ 90-210.49. Crematory operator authority.**~~

~~(a) A crematory operator may employ a licensed funeral director for the purpose of arranging cremations with the general public, transporting human remains to the crematory, and processing all necessary paper work. Nothing in this provision may be construed to require a licensed funeral director to perform any functions not otherwise required by law to be performed by a licensed funeral director.~~

~~(b) A crematory operator may adopt reasonable rules consistent with this Article for the management and operation of a crematory. Nothing in this subsection may be construed to prevent a crematory operator from adopting rules which are more stringent than the provisions of this Article.~~

~~(c) Nothing in this Article shall prohibit or require the performance of cremations by crematory operators for or directly with the public, or exclusively for or through licensed funeral directors.~~

~~(d) Nothing in this Article may be construed to prohibit a crematory operator from transporting human remains.~~

~~(e) Nothing in this Article may be construed to relieve the holder of a license issued hereunder from obtaining any other licenses or permits required by law.~~

"**§ 90-210.53. Crematory licensee rights.**

(a) A crematory licensee may adopt reasonable rules consistent with this Article for the management and operation of a crematory. Nothing in this subsection may be

construed to prevent a crematory licensee from adopting rules which are more stringent than the provisions of this Article.

(b) Nothing in this Article may be construed to relieve the crematory licensee from obtaining any other licenses or permits required by law.

(c) Nothing in this Article shall prohibit or require the performance of cremations by crematory licensees or crematory managers for or directly with the public or exclusively for or through licensed funeral directors.

~~"§ 90-210.50. Rule making; applicability; violations; and prohibitions of Article.~~

~~(a) The Board is authorized to adopt and promulgate such rules for the carrying out and enforcement of the provisions of this Article as may be necessary and as are consistent with the laws of this State and of the United States. The Board shall adopt rules only after consideration of the Crematory Authority's suggested rules pursuant to G.S. 90-210.42(a). The Board may perform such other acts and exercise such other powers and duties as may be provided in this Article, in Article 13A of this Chapter, and otherwise by law and as may be necessary to carry out the powers herein conferred.~~

~~(b) The provisions of this Article shall not apply to the cremation of human remains and medical waste performed by the North Carolina Anatomical Commission, licensed hospitals and medical schools, and the office of the Chief Medical Examiner when the disposition of such human remains and medical waste is the legal responsibility of said institutions.~~

~~(c) A violation of any of the provisions of this Article is a Class 2 misdemeanor.~~

~~(d) No person, firm, or corporation may request or authorize cremation or cremate a dead human body when he has information indicating a crime or violence of any sort in connection with the cause of death unless such information has been conveyed to the State or county medical examiner and permission from the State or county medical examiner to cremate has thereafter been obtained.~~

"**§ 90-210.54. Rulemaking, applicability, violations, and prohibitions of Article.**

(a) The Board is authorized to adopt and promulgate such rules for the carrying out and enforcement of the provisions of this Article as may be necessary and as are consistent with the laws of this State and of the United States. The Board may develop a Standard Cremation Authorization Form and procedures for its execution that shall be used by the crematory licensee subject to this Article, unless a crematory has its own form approved by the Board. A crematory licensee that uses its own approved cremation authorization form must have the cremation authorization form reapproved if changed or after amendments are made to this Article or the rules adopted by the Board related to cremation authorization forms. The Board may perform such other acts and exercise such other powers and duties as may be provided in this Article, in Article 13A of this Chapter, and otherwise by law and as may be necessary to carry out the powers herein conferred.

(b) The provisions of this Article shall not apply to the cremation of medical waste performed by the North Carolina Anatomical Commission, licensed hospitals and medical schools, and the office of the Chief Medical Examiner when the disposition of such medical waste is the legal responsibility of the institutions.

(c) A violation of any of the provisions of this Article is a Class 2 misdemeanor.

(d) No person, firm, or corporation may request or authorize cremation or cremate human remains when the person, firm, or corporation has information indicating a crime or violence of any sort in connection with the cause of death unless such information has been conveyed to the State or county medical examiner and permission from the State or county medical examiner to cremate the human remains has thereafter been obtained."

SECTION 3. G.S. 90-210.20(e1) reads as rewritten:

"(e1) "Funeral chapel" means a chapel or other facility separate from the funeral establishment premises for the primary purpose of reposing of dead human bodies, visitation or funeral ceremony that is owned, operated, or maintained by a funeral establishment or other licensee under this Article, and that does not use the word "funeral" in its name, on a sign, in a directory, in advertising or in any other manner; in which or on the premises of which there is not displayed ~~or offered for sale~~ any caskets or other funeral merchandise; in which or on the premises of which there is not located any ~~funeral business office or a~~ preparation room; ~~in which or on the premises of which no funeral sales, financing, or arrangements are made;~~ and which no owner, operator, employee, or agent thereof represents the chapel to be a funeral establishment."

SECTION 4. G.S. 90-210.22 reads as rewritten:

"**§ 90-210.22. Required meetings of the Board.**

The Board shall hold at least ~~two~~ four meetings in each ~~year at which examinations shall be given to qualified applicants for licenses.~~ year. In addition, the Board may meet as often as the proper and efficient discharge of its duties shall require. Five members shall constitute a quorum."

SECTION 5.(a) G.S. 90-210.23(b) reads as rewritten:

"**§ 90-210.23. Powers and duties of the Board.**

...

(b) The Board shall elect from its members a president, a vice-president and a secretary, no two offices to be held by the same person. The president and vice-president and secretary shall serve for one year and until their successors shall be elected and ~~qualify.~~ qualified. The Board shall have authority to engage adequate staff as deemed necessary to perform its duties."

SECTION 5.(b) G.S. 90-210.23 is amended by adding the following new subsections to read:

"(h1) The Board shall have the power to acquire, hold, rent, encumber, alienate, and otherwise deal with real property in the same manner as a private person or corporation, subject only to approval of the Governor and the Council of State. Collateral pledged by the Board for an encumbrance is limited to the assets, income, and revenues of the Board.

(h2) The Board may employ legal counsel and clerical and technical assistance, and fix the compensation therefor, and incur such other expenses as may be deemed necessary in the performance of its duties and the enforcement of the provisions of this Article or as otherwise required by law and as may be necessary to carry out the powers herein conferred."

SECTION 6. G.S. 90-210.24(a) reads as rewritten:

"**§ 90-210.24. Inspector.**

(a) The Board may appoint one or more agents who shall serve at the pleasure of the Board and who shall have the title "Inspector of the ~~Board of Mortuary Science of North Carolina".~~North Carolina Board of Funeral Service." No person is eligible for appointment as inspector unless at the time of ~~his~~ the appointment ~~he~~ the person is licensed under this Article as a funeral service licensee."

SECTION 7. G.S. 90-210.25 reads as rewritten:

"**§ 90-210.25. Licensing.**

(a) Qualifications, Examinations, Resident Traineeship and Licensure. –

(1) To be licensed for the practice of funeral directing under this Article, a person must:

a. Be at least 18 years of age.

b. Be of good moral character.

c. Be a graduate of a Funeral Director Program at a mortuary science college approved by the Board or a school of mortuary science accredited by the American Board of Funeral Service Education. Have completed a minimum of 32 semester hours or 48 quarter hours of instruction, including the subjects set out in sub-part e.1. of this subdivision, as prescribed by a mortuary science college approved by the Board or a school of mortuary science accredited by the American Board of Funeral Service Education.

d. Have completed 12 months of resident traineeship as a funeral director, pursuant to the procedures and conditions set out in G.S. 90-210.25(a)(4), either before or after satisfying the educational requirement under sub-subdivision c. of this subdivision.

e. Have passed an oral or written funeral director examination on the following subjects:

1. Psychology, sociology, pathology, funeral directing, business law, funeral law, funeral management, and accounting.

2. Repealed by 1997-399, s. 5.

3. Laws of North Carolina and rules of the Board ~~of Mortuary Science~~ and other agencies dealing with the care, transportation and disposition of dead human bodies.

(2) To be licensed for the practice of embalming under this Article, a person must:

a. Be at least 18 years of age.

b. Be of good moral character.

c. Be a graduate of a mortuary science college approved by the Board.

d. Have completed 12 months of resident traineeship as an embalmer pursuant to the procedures and conditions set out in G.S. 90-210.25(a)(4), either before or after satisfying the educational requirement under sub-subdivision c. of this subdivision.

e. Have passed an oral or written embalmer examination on the following subjects:

1. Embalming, restorative arts, chemistry, pathology, microbiology, and anatomy.
2. Repealed by 1997-399, s. 6.
3. Laws of North Carolina and rules of the Board ~~of Mortuary Science~~ and other agencies dealing with the care, transportation and disposition of dead human bodies.

(3) To be licensed for the practice of funeral service under this Article, a person must:

a. Be at least 18 years of age.

b. Be of good moral character.

c. Be a graduate of and receive an associate degree from a mortuary science college approved by the Board or a school of mortuary science accredited by the American Board of Funeral Service Education. Have completed a minimum of ~~32~~ 60 semester hours or ~~48~~ 90 quarter hours of instruction, including the subjects set out in sub-part e.1. of this subdivision, as prescribed by a mortuary science college approved by the Board or a school of mortuary science accredited by the American Board of Funeral Service Education.

d. Have completed 12 months of resident traineeship as a funeral service licensee, pursuant to the procedures and conditions set out in G.S. 90-210.25(a)(4), either before or after satisfying the educational requirement under sub-subdivison c. of this subdivision.

e. Have passed an oral or written funeral service examination on the following subjects:

1. Psychology, sociology, funeral directing, business law, funeral law, funeral management, and accounting.
2. Embalming, restorative arts, chemistry, pathology, microbiology, and anatomy.
3. Repealed by 1997-399, s. 7.
4. Laws of North Carolina and rules of the Board ~~of Mortuary Science~~ and other agencies dealing with the care, transportation and disposition of dead human bodies.

(4) a. A person desiring to become a resident trainee shall apply to the Board on a form provided by the Board. The application shall state that the applicant is not less than 18 years of age, of good moral character, and is the graduate of a high school or the equivalent thereof, and shall indicate the licensee under whom the applicant expects to train. A person training to become an embalmer may serve under either a licensed embalmer or a funeral service licensee. A person training to become a funeral director may serve under either a licensed funeral director or a funeral service licensee. A person training to become a funeral service licensee shall serve under a funeral service licensee. The application must be sustained by oath of the applicant and be accompanied by the appropriate fee. When the Board is satisfied as to the qualifications of an applicant it shall instruct the secretary to issue a certificate of resident traineeship.

b. When a resident trainee leaves the proctorship of the licensee under whom the trainee has worked, the licensee shall file with the Board an affidavit showing the length of time served with the licensee by the trainee, and the affidavit shall be made a matter of record in the Board's office. The licensee shall deliver a copy of the affidavit to the trainee.

c. A person who has not completed the traineeship and wishes to do so under a licensee other than the one whose name appears on the original certificate may reapply to the Board for ~~approval, without payment of an additional fee.~~approval.

d. A certificate of resident traineeship shall be signed by the resident trainee and upon payment of the renewal fee shall be renewable one year after the date of original registration; but the certificate may not be renewed more than ~~one time.~~ two times. The Board shall mail to each registered trainee at his last known address a notice that the renewal fee is due and that, if not paid within 30 days of the notice, the certificate will be canceled. A ~~penalty,~~ late fee, in addition to the renewal fee, shall be charged for a late renewal, but the renewal of the registration of any resident trainee who is engaged in the active military service of the United States at the time renewal is due may, at the discretion of the Board, be held in abeyance for the duration of that service without penalties. No credit shall be allowed for the 12-month period of resident traineeship that shall have been completed more than ~~three~~ five years preceding the examination for a license.

e. All registered resident trainees shall report to the Board at least once every month during traineeship upon forms provided by the Board listing the work which has been completed during the

preceding month of resident traineeship. The data contained in the reports shall be certified as correct by the licensee under whom the trainee has served during the period and by the licensed person who is managing the funeral service establishment. Each report shall list the following:

1. For funeral director trainees, the conduct of any funerals during the relevant time period,
2. For embalming trainees, the embalming of any bodies during the relevant time period,
3. For funeral service trainees, both of the activities named in 1 and 2 of this subsection, engaged in during the relevant time period.

f. To meet the resident traineeship requirements of G.S. 90-210.25(a)(1), G.S. 90-210.25(a)(2) and G.S. 90-210.25(a)(3) the following must be shown by the affidavit(s) of the licensee(s) under whom the trainee worked:

1. That the funeral director trainee has, under supervision, assisted in directing at least 25 funerals during the resident traineeship,
2. That the embalmer trainee has, under supervision, assisted in embalming at least 25 bodies during the resident traineeship,
3. That the funeral service trainee has, under ~~supervision~~ supervision, assisted in directing at least 25 funerals and, under supervision, assisted in embalming at least 25 bodies during the resident traineeship.

g. The Board may suspend or revoke a certificate of resident traineeship for violation of any provision of this Article.

h. Each sponsor for a registered resident trainee must during the period of sponsorship be actively employed with a funeral establishment. The traineeship shall be a primary vocation of the trainee.

i. Only one resident trainee may register and serve at any one time under any one person licensed under this Article.

j., k. Repealed by Session Laws 1991, c. 528, s. 4.

l. The Board shall register no more than one resident trainee at a funeral establishment that served 100 or fewer families during the 12 months immediately preceding the date of the application, and shall register no more than one resident trainee for each additional 100 families served at the funeral establishment during the 12 months immediately preceding the date of the application.

(5) The Board by regulation may recognize other examinations that the Board deems equivalent to its own.

a. All licenses shall be signed by the president and secretary of the Board and the seal of the Board affixed thereto. All licenses shall be issued, renewed or duplicated for a period not exceeding one year upon payment of the renewal fee, and all licenses, renewals or duplicates thereof shall expire and terminate the thirty-first day of December following the date of their issue unless sooner revoked and canceled; provided, that the date of expiration may be changed by unanimous consent of the Board and upon 90 days' written notice of such change to all persons licensed for the practice of funeral directing, embalming and funeral service in this State.

b. The holder of any license issued by the Board who shall fail to renew the same on or before ~~January 31~~February 1 of the calendar year for which the license is to be renewed shall have forfeited and surrendered the license as of that date. No license forfeited or surrendered pursuant to the preceding sentence shall be reinstated by the Board unless it is shown to the Board that the applicant has, throughout the period of forfeiture, engaged full time in another state of the United States or the District of Columbia in the practice to which his North Carolina license applies and has completed for each such year continuing education substantially equivalent in the opinion of the Board to that required of North Carolina licensees; or has completed in North Carolina a total number of hours of accredited continuing education computed by multiplying five times the number of years of forfeiture; or has passed the North Carolina examination for the forfeited license. No additional resident traineeship shall be required. The applicant shall be required to pay all delinquent annual renewal fees and a reinstatement fee. The Board may waive the provisions of this section for an applicant for a forfeiture which occurred during his service in the armed forces of the United States provided he applies within six months following severance therefrom.

c. All licensees now or hereafter licensed in North Carolina shall take continuing education courses ~~of study~~ in subjects relating to the practice of the profession for which they are licensed, to the end that ~~new techniques, scientific and clinical advances, the achievements of research and~~ the benefits of learning and reviewing skills will be utilized and applied to assure proper service to the public.

d. As a prerequisite to the annual renewal of a license, the licensee must complete, during the year immediately preceding renewal, at least five hours of continuing education courses, of which the Board may require licensees to take up to two hours specified

by the Board. All continuing education courses must be approved by the Board prior to enrollment. A licensee who completes more than five hours in a year may carry over a maximum of five hours as a credit to the following year's requirement. A licensee who is issued an initial license on or after July 1 does not have to satisfy the continuing education requirement for that year.

e. The Board shall not renew a license unless fulfillment of the continuing education requirement has been certified to it on a form provided by the Board, but the Board may waive this requirement for renewal in cases of certified illness or undue hardship or where the licensee lives outside of North Carolina and does not practice in North Carolina, and the Board shall waive the requirement for all licensees who were licensed on or before December 31, 2003, and have been licensed in North Carolina for a continuous period of 25 years or more, for all licensees who are licensed on or after January 1, 2004, who have been licensed for a continuous period of 25 years or more and have attained the age of 60 years, and for all licensees who are, at the time of renewal, members of the General Assembly.

f. The Board shall cause to be established and offered to the licensees, each calendar year, at least ~~five~~ eight hours of continuing education ~~courses in subjects encompassing the license categories of embalming, funeral directing and funeral service.~~courses. The Board may charge licensees attending these courses a reasonable registration fee in order to meet the expenses thereof and may also meet those expenses from other funds received under the provisions of this Article.

g. Any person who having been previously licensed by the Board as a funeral director or embalmer prior to July 1, 1975, shall not be required to satisfy the requirements herein for licensure as a funeral service licensee, but shall be entitled to have such license renewed upon making proper application therefor and upon payment of the renewal fee provided by the provisions of this Article. Persons previously licensed by the Board as a funeral director may engage in funeral directing, and persons previously licensed by the Board as an embalmer may engage in embalming. Any person having been previously licensed by the Board as both a funeral director and an embalmer may upon application therefor receive a license as a funeral service licensee.

h. The Department of Justice may provide a criminal record check to the Board for a person who has applied for a new or renewal license, or certification through the Board. The Board shall

provide to the Department of Justice, along with the request, the fingerprints of the applicant, any additional information required by the Department of Justice, and a form signed by the applicant consenting to the check of the criminal record and to the use of the fingerprints and other identifying information required by the State or national repositories. The applicant's fingerprints shall be forwarded to the State Bureau of Investigation for a search of the State's criminal history record file, and the State Bureau of Investigation shall forward a set of the fingerprints to the Federal Bureau of Investigation for a national criminal history check. The Board shall keep all information pursuant to this subdivision privileged, in accordance with applicable State law and federal guidelines, and the information shall be confidential and shall not be a public record under Chapter 132 of the General Statutes.

The Department of Justice may charge each applicant a fee for conducting the checks of criminal history records authorized by this subdivision.

(a1) Inactive Licenses. – Any person holding a license issued by the Board for funeral directing, for embalming, or for the practice of funeral service may apply for an inactive license in the same category as the active license held. The inactive license is renewable annually. Continuing education is not required for the renewal of an inactive license. The only activity that a holder of an inactive license may engage in is to vote pursuant to G.S. 90-210.18(c)(2). The holder of an inactive license may apply for an active license in the same category, and the Board shall issue an active license if the applicant has completed in North Carolina a total number of hours of accredited continuing education equal to five times the number of years the applicant held the inactive license. No application fee is required for the reinstatement of an active license pursuant to this subsection. The holder of an inactive license who returns to active status shall surrender the inactive license to the Board.

(a2) In order to engage in the practice of funeral directing or funeral service, such a licensee must own, be employed by, or otherwise be an agent of a licensed funeral establishment; except that such a licensee may practice funeral directing or funeral service if:

(1) Employed by a college of mortuary science; or

(2) The licensee:

a. Maintains all of his or her business records at a location made known to the Board and available for inspection by the Board under the same terms and conditions as the business records of a licensed funeral establishment;

b. Complies with rules and regulations imposed on funeral establishments and the funeral profession that are designed to protect consumers, to include, but not be limited to, the Federal

Trade Commission's laws and rules requiring General Price Lists and Statements of Goods and Services; and

c. Pays to the Board the funeral establishment license fee required by law and set by the Board.

Nothing in this subdivision shall preclude a licensee from arranging cremations and cremating human remains while employed by a crematory.

(b) Persons Licensed under the Laws of Other Jurisdictions. –

(1) The Board shall grant licenses to funeral directors, embalmers and funeral service licensees, licensed in other states, territories, the District of Columbia, and foreign countries, when it is shown that the applicant holds a valid license as a funeral director, embalmer or funeral service licensee issued by the other jurisdiction, has demonstrated knowledge of the laws and ~~regulations~~ rules governing the profession in North Carolina and has submitted proof of his good moral character; and either that the applicant has continuously practiced the profession in the other jurisdiction for at least three years immediately preceding his application, or the Board has determined that the licensing requirements for the other jurisdiction are substantially similar to those of North Carolina.

(2) The Board shall periodically review the mortuary science licensing requirements of other jurisdictions and shall determine which licensing requirements are substantially similar to the requirements of North Carolina.

(3) The Board may issue special permits, to be known as courtesy cards, permitting nonresident funeral directors, embalmers and funeral service licensees to remove bodies from and to arrange and direct funerals and embalm bodies in this State, but these privileges shall not include the right to establish a place of business in or engage generally in the business of funeral directing and embalming in this State. Except for special permits issued by the Board for teaching continuing education programs and for work in connection with disasters, no special permits may be issued to nonresident funeral directors, embalmers, and funeral service licensees from states that do not issue similar courtesy cards to persons licensed in North Carolina pursuant to this Article.

(c) Registration, Filing and Transportation. –

(1) The holder of any license granted by this State for those within the funeral service profession or renewal thereof provided for in this Article shall cause registration to be filed in the office of the board of health of the county or city in which he practices his profession, or if there be no board of health in such county or city, at the office of the clerk of the superior court of such county. All such licenses, certificates, duplicates and renewals thereof shall be displayed in a

conspicuous place in the funeral establishment where the holder renders service.

(2) It shall be unlawful for any railway agent, express agency, baggage master, conductor or other person acting as such, to receive the dead body of any person for shipment or transportation by railway or other public conveyance, to a point outside of this State, unless the body is accompanied by a burial-transit permit.

(3) The "transportation or removal of a dead human body" shall mean the removal of a dead human body for a fee from the location of the place of death or discovery of death or the transportation of the body to or from a medical facility, funeral establishment or facility, crematory or related holding facility, place of final disposition, or place designated by the Medical Examiner for examination or autopsy of the dead human body.

(4) Any individual, not otherwise exempt from this subsection, shall apply for and receive a permit from the Board before engaging in the transportation or removal of a dead human body in this State. Unless otherwise exempt from this subsection, no corporation or other business entity shall engage in the transportation or removal of a dead human body unless it has in its employ at least one individual who holds a permit issued under this section. No individual permit holder shall engage in the transportation or removal of a dead human body for more than one person, firm, or corporation without first providing the Board with written notification of the name and physical address of each such employer.

(5) The following persons shall be exempt from the permit requirements of this section but shall otherwise be subject to subdivision (9) of this subsection and any rules relating to the proper handling, care, removal, or transportation of a dead human body:

a. Licensees under this Article and their employees.

b. Employees of common carriers.

c. Except as provided in sub-subdivision (6)c. of this section, employees of the State and its agencies and employees of local governments and their agencies.

d. Funeral directors licensed in another state and their employees.

(6) The following persons shall be exempt from this section:

a. Emergency medical technicians, rescue squad workers, volunteer and paid firemen, and law enforcement officers.

b. Employees of public or private hospitals, nursing homes, or long-term care facilities, while handling a dead human body within such facility or while acting within the scope of their employment.

c. State and county medical examiners and their investigators.

d. Any individual transporting cremated remains.

e. Any individual transporting or removing a dead human body of their immediate family or next of kin.

f. Any individual who has exhibited special care and concern for the decedent.

(7) Individuals eligible to receive a permit under this section for the transportation or removal of a dead human body for a fee, shall:

a. Be at least 18 years of age.

b. Possess and maintain a valid drivers license issued by this State and provide proof of all liability insurance required for the registration of any vehicle in which the person intends to engage in the business of the removal or transportation of a dead human body.

c. Affirmatively state under oath that the person has read and understands the statutes and rules relating to the removal and transportation of dead human bodies and any guidelines as may be adopted by the Board.

d. Provide three written character references on a form prescribed by the Board, one of which must be from a licensed funeral director.

e. Be of good moral character.

(8) The permit issued under this section shall expire on December 31 of each year. The application fee for the individual permit shall not exceed one hundred twenty-five dollars ($125.00). A fee, not to exceed one hundred dollars ($100.00), in addition to the renewal fee not to exceed seventy-five dollars ($75.00), shall be charged for any application for renewal received by the Board after February 1 of each year.

(9) No person shall transport a dead human body in the open cargo area or passenger area of a vehicle or in any vehicle in which the body may be viewed by the public. Any person removing or transporting a dead human body shall either cover the body, place it upon a stretcher designed for the purpose of transporting humans or dead human bodies in a vehicle, and secure such stretcher in the vehicle used for transportation, or shall enclose the body in a casket or container designed for common carrier transportation, and secure the casket or container in the vehicle used for transportation. No person shall fail to treat a dead human body with respect at all times. ~~use profanity, indecent, or obscene language in the presence of a dead human body.~~ No person shall take a photograph or video recording of a dead human body without the consent of a member of the deceased's immediate family or next of ~~kin.~~kin or other authorizing agent.

(10) The Board may adopt rules under this section including permit application procedures and the proper procedures for the removal, handling, and transportation of dead human bodies. The Board shall

consult with the Office of the Chief Medical Examiner before initiating rule making under this section and before adopting any rules pursuant to this section. Nothing in this section prohibits the Office of the Chief Medical Examiner from adopting policies and procedures regarding the removal, transportation, or handling of a dead human body under the jurisdiction of that office that are more stringent than the laws in this section or any rules adopted under this section. Any violation of this section or rules adopted under this section may be punished by the Board by a suspension or revocation of the permit to transport or remove dead human bodies or by a term of probation. The Board may, in lieu of any disciplinary measure, accept a penalty not to exceed five thousand dollars ($5,000) per violation.

(11) Each applicant for a permit shall provide the Board with the applicant's home address, name and address of any corporation or business entity employing such individual for the removal or transportation of dead human bodies, and the make, year, model, and license plate number of any vehicle in which a dead human body is transported. A permittee shall provide written notification to the Board of any change in the information required to be provided to the Board by this section or by the application for a permit within 30 days after such change takes place.

(12) If any person shall engage in or hold himself out as engaging in the business of transportation or removal of a dead human body without first having received a permit under this section, the person shall be guilty of a Class 2 misdemeanor.

(13) The Board shall have the authority to inspect any place or premises that the business of removing or transporting a dead human body is carried out and shall also have the right of inspection of any vehicle and equipment used by a permittee for the removal or transportation of a dead human body.

(d) Establishment Permit. –

(1) No person, firm or corporation shall conduct, maintain, manage or operate a funeral establishment unless a permit for that establishment has been issued by the Board and is conspicuously displayed in the establishment. Each funeral establishment at a specific location shall be deemed to be a separate entity and shall require a separate permit and compliance with the requirements of this Article.

(2) A permit shall be issued when:

a. It is shown that the funeral establishment has in charge a person, known as a manager, licensed for the practice of funeral directing or funeral service, who shall not be permitted to manage more than one funeral establishment.

b. The Board receives a list of the names of all part-time and full-time licensees employed by the establishment.

c. It is shown that the funeral establishment satisfies the requirements of G.S. 90-210.27A.

d. The Board receives payment of the permit fee.

(3) Applications for funeral establishment permits shall be made on forms provided by the Board and filed with the Board by the owner, a partner, a member of the limited liability company, or an officer of the corporation by January 1 of each year, and shall be accompanied by the application fee or renewal fee, as the case may be. All permits shall expire on December 31 of each year. If the renewal application and renewal fee are not received in the Board's office on or before February 1, a late renewal fee, ~~A penalty for late renewal,~~ in addition to the regular renewal fee, shall be ~~charged for renewal of registration received after the first day of February.~~charged.

(4) The Board may suspend or revoke a permit when an owner, partner, manager, member, operator, or officer of the funeral establishment violates any provision of this Article or any regulations of the Board, or when any agent or employee of the funeral establishment, with the consent of any person, firm or corporation operating the funeral establishment, violates any of those provisions, rules or regulations.

(5) Funeral establishment permits are not transferable. A new application for a permit shall be made to the Board within 30 days of a change of ownership of a funeral establishment.

(d1) Embalming Outside Establishment. – An embalmer who engages in embalming in a facility other than a funeral establishment or in the residence of the deceased person shall, no later than January 1 of each year, register the facility with the Board on forms provided by the Board.

(e) Revocation; Suspension; Compromise; Disclosure. –

(1) Whenever the Board finds that an applicant for a license or a person to whom a license has been issued by the Board is guilty of any of the following acts or omissions and the Board also finds that the person has thereby become unfit to practice, the Board may suspend or revoke the license or refuse to issue or renew the license, in accordance with the procedures set out in Chapter ~~150B:~~150B of the General Statutes:

a. Conviction of a felony or a crime involving fraud or moral turpitude.

b. Fraud or misrepresentation in obtaining or renewing a license or in the practice of funeral service.

c. False or misleading advertising as the holder of a license.

d. Solicitation of dead human bodies by the licensee, his agents, assistants, or employees; but this paragraph shall not be construed to prohibit general advertising by the licensee.

e. Employment directly or indirectly of any resident trainee agent, assistant or other person, on a part-time or full-time basis, or on commission, for the purpose of calling upon individuals or

institutions by whose influence dead human bodies may be turned over to a particular licensee.

f. The ~~direct or indirect giving of certificates of credit or the~~ payment or offer of payment of a commission by the licensee, his agents, assistants or employees for the purpose of securing ~~business.~~business except as authorized by Article 13D of this Chapter.

g. Gross immorality, including being under the influence of alcohol or drugs while practicing funeral service.

h. Aiding or abetting an unlicensed person to perform services under this Article, including the use of a picture or name in connection with advertisements or other written material published or caused to be published by the licensee.

i. Failing to treat a dead human body with respect at all times. ~~Using profane, indecent or obscene language in the presence of a dead human body, and within the immediate hearing of the family or relatives of a deceased, whose body has not yet been interred or otherwise disposed of.~~

j. Violating or cooperating with others to violate any of the provisions of this Article, the rules and regulations of the Board, or the standards set forth in Funeral Industry Practices, 16 C.F.R. 453 (1984), as amended from time to time.

k. Violation of any State law or municipal or county ordinance or regulation affecting the handling, custody, care or transportation of dead human bodies.

l. Refusing to surrender promptly the custody of a dead human body upon the express order of the person lawfully entitled to the custody thereof.

m. Knowingly making any false statement on a certificate of death.

n. Indecent exposure or exhibition of a dead human body while in the custody or control of a licensee.

In any case in which the Board is entitled to suspend, revoke or refuse to renew a license, the Board may accept from the licensee an offer to pay a penalty of not more than five thousand dollars ($5,000). The Board may either accept a penalty or revoke or refuse to renew a license, but not both.

(2) Where the Board finds that a licensee is guilty of one or more of the acts or omissions listed in subdivision (e)(1) of this section but it is determined by the Board that the licensee has not thereby become unfit to practice, the Board may place the licensee on a term of probation in accordance with the procedures set out in Chapter ~~150B.~~150B of the General Statutes. In any case in which the Board is entitled to place a licensee on a term of probation, the Board may also impose a penalty

of not more than five thousand dollars ($5,000) in conjunction with the probation.

No person licensed under this Article shall remove or cause to be embalmed a dead human body when he or she has information indicating crime or violence of any sort in connection with the cause of death, nor shall a dead human body be cremated, until permission of the State or county medical examiner has first been obtained. However, nothing in this Article shall be construed to alter the duties and authority now vested in the office of the coroner.

No funeral service establishment shall accept a dead human body from any public officer (excluding the State or county medical examiner or his agent), or employee or from the official of any institution, hospital or nursing home, or from a physician or any person having a professional relationship with a decedent, without having first made due inquiry as to the desires of the persons who have the legal authority to direct the disposition of the decedent's body. If any persons are found, their authority and directions shall govern the disposal of the remains of the decedent. Any funeral service establishment receiving the remains in violation of this subsection shall make no charge for any service in connection with the remains prior to delivery of the remains as stipulated by the persons having legal authority to direct the disposition of the body. This section shall not prevent any funeral service establishment from charging and being reimbursed for services rendered in connection with the removal of the remains of any deceased person in case of accidental or violent death, and rendering necessary professional services required until the persons having legal authority to direct the disposition of the body have been notified.

When and where a licensee presents a selection of funeral merchandise to the public to be used in connection with the service to be provided by the licensee or an establishment as licensed under this Article, a card or brochure shall be directly associated with each item of merchandise setting forth the price of the service using said merchandise and listing the services and other merchandise included in the price, if any. When there are separate prices for the merchandise and services, such cards or brochures shall indicate the price of the merchandise and of the items separately priced.

At the time funeral arrangements are made and prior to the time of rendering the service and providing the merchandise, a funeral director or funeral service licensee shall give or cause to be given to the person or persons making such arrangements a written statement duly signed by a licensee of said funeral establishment showing the price of the service as selected and what services are included therein, the price of each of the supplemental items of services or merchandise requested, and the amounts involved for each of the items for which the funeral establishment will advance moneys as an accommodation to the person making arrangements, insofar as any of the above items can be specified at that time. The statement shall have printed, typed or stamped on the face thereof: "This statement of disclosure is provided under the requirements of North Carolina G.S. 90-210.25(e)."

(f) Unlawful Practices. – If any person shall practice or hold himself out as practicing the profession or art of embalming, funeral directing or practice of funeral

service without having complied with the licensing provisions of this Article, he shall be guilty of a Class 2 misdemeanor.

(g) Whenever it shall appear to the Board that any person, firm or corporation has violated, threatens to violate or is violating any provisions of this Article, the Board may apply to the courts of the State for a restraining order and injunction to restrain these practices. If upon application the court finds that any provision of this Article is being violated, or a violation is threatened, the court shall issue an order restraining and enjoining the violations, and this relief may be granted regardless of whether criminal prosecution is instituted under the provisions of this subsection. The venue for actions brought under this subsection shall be the superior court of any county in which the acts are alleged to have been committed or in the county where the defendant in the action resides."

SECTION 8.(a) Chapter 65 of the General Statutes is amended by adding the following new Article to read:

"Article 11.

"Minimum Burial Depth."

SECTION 8.(b) G.S. 90-210.25A is recodified as G.S. 65-77 in Article 11 of Chapter 65 of the General Statutes, as enacted by Section 8(a) of this act.

SECTION 9.(a) G.S. 90-210.27A(g) reads as rewritten:

"(g) No funeral establishment or other licensee under this Article shall own, operate, or maintain a funeral chapel without first having registered the name, location, and ownership thereof with the ~~Board.~~Board; own or maintain more than two funeral chapels, or own or maintain a funeral chapel outside of a radius of 50 miles from the funeral establishment. A duly licensed person may use a funeral chapel for making arrangements for funeral service, selling funeral supplies to the public, or making financial arrangements for the rendering of such service or sale of supplies, provided that such uses are secondary and incidental to and do not interfere with the reposing of dead human bodies, visitation, or funeral ceremony."

SECTION 9.(b) G.S. 90-210.27A is amended by adding the following new subsections to read:

"(i) No funeral establishment shall use an unregistered or misleading name. Misleading names include, but are not limited to, names in the plural form when there is only one funeral establishment and the use of the word "crematory" or "crematorium" in the name of a funeral establishment that does not own a crematory. If an owner of a funeral establishment owns more than one funeral establishment, the owner may not use the word "crematory" or "crematorium" in the name of more than one of its funeral establishments; except that each funeral home having a crematory on the premises may contain the term "crematory" or "crematorium" in its name.

(j) A funeral establishment will not use any name other than the name by which it is properly registered with the Board."

SECTION 10. G.S. 90-210.29A reads as rewritten:

"**§ 90-210.29A. Identification of bodies before burial or cremation.**

The funeral director or person otherwise responsible for the final disposition of a dead body shall, prior to the interment or entombment of the dead body, affix on the

ankle or wrist of the dead body, or, if cremated, on the inside of the ~~vessel~~ temporary container or urn containing the remains of the dead body, a tag of durable, noncorroding material permanently marked with the name of the deceased, the date of death, the social security number of the deceased, the county and state of death, and the site of interment or entombment."

SECTION 11. G.S. 90-210.63(a)(2) reads as rewritten:

"**§ 90-210.63. Substitution of licensee.**

(a) If the preneed funeral contract is irrevocable, the preneed funeral contract purchaser, or after his death the preneed funeral contract beneficiary or his legal representative, upon written notice to the financial institution or insurance company and the preneed licensee who is a party to the preneed funeral contract, may direct the substitution of a different funeral establishment to furnish funeral services and merchandise.

...

(2) The original contracting preneed licensee shall immediately pay all funds received to the successor funeral establishment designated. Regardless of whether the substitution is made before or after the death of the preneed funeral contract beneficiary, the original contracting preneed licensee shall not be required to give credit for the amount retained pursuant to G.S. 90-210.61(a)(2), except when there was a substitution under G.S. 90-210.68(d1) and (e). ~~Except when there was a substitution under G.S. 90-210.68(d1) and (e), if the original contracting preneed licensee did not retain any portion of payments made as is permitted by G.S. 90-210.61(a)(2) then the preneed licensee may retain up to ten percent (10%) of the funds received from the financial institution.~~ Upon making payments pursuant to this subsection, the financial institution and the original contracting preneed licensee shall be relieved from all further contractual liability thereon.

...."

SECTION 12. G.S. 90-210.64(a) reads as rewritten:

"(a) After the death of a preneed funeral contract beneficiary and full performance of the preneed funeral contract by the preneed licensee, the preneed licensee shall promptly complete a certificate of performance ~~or similar claim form~~ and present it to the financial institution that holds funds in trust under G.S. 90-210.61(a)(1) or to the insurance company that issued a preneed insurance policy pursuant to G.S. 90-210.61(a)(3). Upon receipt of the certificate of performance or similar claim form, the financial institution shall pay the trust funds to the contracting preneed licensee and the insurance company shall pay the insurance proceeds according to the terms of the policy. Within 10 days after receiving payment, the preneed licensee shall mail a copy of the certificate of performance or other claim form to the Board."

SECTION 13. G.S. 90-210.65(e) reads as rewritten:

"(e) This section shall not apply to irrevocable preneed funeral contracts. Irrevocable preneed funeral contracts may not be revoked nor any proceeds refunded

except by order of a court of competent jurisdiction. Notwithstanding the previous sentence, irrevocable preneed funeral contracts purchased pursuant to G.S. 90-210.61(a)(3) shall also be revocable when the underlying insurance policy lapses or is otherwise cancelled and the lapsed or cancelled policy no longer provides any funding for the preneed funeral contract."

SECTION 14. G.S. 90-210.67(e) and (f) are repealed.

SECTION 15. G.S. 90-210.70 is amended by adding the following new subsection to read:

"(e) Whenever it shall appear to the Board that any person, firm, or corporation has violated, threatens to violate, or is violating any provisions of this Article, the Board may apply to the courts of the State for a restraining order and injunction to restrain these practices. If upon application the court finds that any provision of this Article is being violated, or a violation is threatened, the court shall issue an order restraining and enjoining the violations, and this relief may be granted regardless of whether criminal prosecution is instituted under the provisions of this subsection. The venue for actions brought under this subsection shall be the superior court of any county in which the acts are alleged to have been committed or in the county where the defendant in the action resides."

SECTION 16. G.S. 143B-472.5, as recodified by Section 17 of this act, reads as rewritten:

"**§ 90-210.83. Assessments against ~~association for expenses of Board of Mortuary Science.~~associations.**

~~In order to meet the expenses of the supervision of the burial associations, the Board of Mortuary Science shall prepare an annual budget for the office of the Board of Mortuary Science. Thereafter, the Board of Mortuary Science shall~~ The North Carolina Board of Funeral Service shall annually assess each burial association one hundred dollars ($100.00) plus an amount not to exceed fifty cents (50¢) per member. ~~and shall prorate the remaining amount of this budget, over and above any other funds made available to it for this purpose, and assess each association on a pro rata basis in accordance with the number of members of each association.~~ Each burial association shall remit to the Board of ~~Mortuary Science~~ Funeral Service its ~~pro rata part of the total~~ assessment, which expense shall be included in the thirty per centum (30%) expense allowance as provided in G.S. ~~143B-472.3.~~ 90-210.81. This assessment shall be made on the first day of July of each and every year and said assessment shall be paid within 30 days thereafter. If any association shall fail or refuse to pay such assessment within 30 days, the Board of ~~Mortuary Science~~ Funeral Service is authorized to transfer all memberships and assets of every kind and description to the nearest association that is found by the Board of ~~Mortuary Science~~ Funeral Service to be in good sound financial condition."

SECTION 17.(a) Chapter 90 of the General Statutes is amended by adding the following new Article to read:

"Article 13E.

"Mutual Burial Associations."

SECTION 17.(b) G.S. 143B-472.2 through G.S. 143B-472.29 are recodified as G.S. 90-210.80 through G.S. 90-210.107 in Article 13E of Chapter 90 of the General Statutes, as enacted by Section 17(a) of this act. The Revisor of Statutes is authorized to make changes to statutory cross-references that will reflect the results of the recodification.

SECTION 18. This act becomes effective October 1, 2003.

SENATE BILL 550:
Crematory Act Changes

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Senator Hagan
Date:	July 14, 2003	**Summary by:**	Wendy Graf Ray
Version:	Third Edition		Staff Attorney

SUMMARY: ***Senate Bill 550 would revise and reorganize the North Carolina Crematory Act, and would update and make technical changes to the law on funeral service.***

This bill has been referred to House Finance because it authorizes two new fees – $150.00 for a crematory manager permit application fee and $40.00 for the annual renewal.

BILL ANALYSIS: Article 13C of Chapter 90 of the General Statutes sets out regulations pertaining to crematories and crematory operators doing business in North Carolina. The Proposed Committee Substitute would amend Article 13C and related statutes in the following ways:

Section 1 would change the name of the Board of Mortuary Science to the Board of Funeral Service throughout the General Statutes.

Section 2 would reorganize and amend Article 13C, which is the North Carolina Crematory Act.

Definitions. Definitions for the following terms would be added to G.S. 90-210.41: "body parts"; "casket"; "certificate of cremation"; "cremation interment container"; "crematory licensee" (called "crematory operator" under current law); "crematory manager" (must be licensed to practice funeral directing or funeral service and qualify as a "crematory technician" or must have permit issued by the Board); "crematory technician" (employee of a crematory licensee who has attended a training course approved by the Board); "final disposition"; "holding and processing facility"; "processing"; "pulverization"; "scattering area"; and "temporary container" and "urn" (replace current definition of "closed container").

Crematory Authority. G.S. 90-210.42 establishes the North Carolina Crematory Authority as a committee within the Board of Mortuary Science. The Authority consists of seven members, and five members constitute a quorum. This section would amend G.S. 90-210.42 so that four members would constitute a quorum.

Licensing and Inspection. This section would make clarifying and conforming changes to existing provisions of G.S. 90-210.43. The following grounds would be added for suspending, revoking, or refusing to issue a license: solicitation of bodies; employing persons for the purpose of influencing others to turn bodies over to the licensee; paying a commission to secure business; aiding or abetting an unlicensed person to perform cremation services; and practicing funeral directing, embalming, or funeral service without a license. The Board would also be authorized to put a licensee on probation.

Authorizing agent. New G.S. 90-210.44 would specify who would be legally entitled to authorize the cremation of human remains. The authorizing agent would be the following persons (listed in order of priority): the individual being cremated through an acceptable written instrument; surviving spouse; surviving children; surviving parents; surviving siblings; other relatives; person who has exhibited special care for the decedent; public official charged with arranging for final disposition of the decedent; representative of an institution to which the body has been donated, or in which the death occurred if the

institution is charged with making arrangements for final disposition; any person willing to assume responsibility in the absence of another authorizing agent.

Authorization to cremate. New G.S. 90-210.45 would prohibit a crematory licensee from cremating human remains until the licensee has received an authorization form, that includes all information specified in the statute, signed by the authorizing agent. The authorizing agent would be deemed to warrant the truthfulness of the facts set forth on the authorization form, and crematory licensees and funeral establishments would not be subject to liability for cremating human remains pursuant to an authorization, in absence of gross negligence, as long as the licensee complies with the appropriate requirements.

Preneed cremation arrangements. New G.S. 90-210.46 would allow individuals to execute a form authorizing the cremation and disposition of their own remains upon their death. Copies of the form, once executed, would be sent to the funeral establishment and/or crematory licensee, but the authorization could be transferred or cancelled at any time prior to the individual's death.

Record keeping. G.S. 90-210.47 (currently G.S. 90-210.44) would significantly expand statutory record keeping requirements. Current law simply authorizes the Board to establish requirements for record keeping, authorizations, and reports. New G.S. 90-210.47 would require crematory licensees to keep detailed records whenever human remains are delivered to the crematory licensee and whenever cremated remains are released, and those records would have to be retained for at least three years. A licensee would have to maintain for three years a record of all forms required by the Board for each cremation that takes place at its facility, and a record of all cremated remains that were disposed of by the licensee. The licensee would also have to issue a certificate of cremation upon the completion of each cremation, and all records maintained by the licensee would be subject to inspection by the Board.

Cremation containers. New G.S. 90-210.48 would prohibit crematory licensees from requiring that human remains be placed in a casket, or that they be placed in an urn after cremation.

Cremation procedures. G.S. 90-210.49 (currently G.S. 90-210.45) would make clarifying and conforming changes to existing provisions. The cremation of bodies with pacemakers, defibrillators, or other potentially hazardous implants or conditions would be prohibited. The authorizing agent would be responsible for taking necessary steps to ensure that these conditions are removed or corrected prior to cremation. New G.S. 90-210.49 would also set out specific procedures for handling cremated remains after the cremation process is completed.

Disposition of cremated remains. G.S. 90-210.50 (currently G.S. 90-210.46) would make clarifying and conforming changes to existing provisions.

Liability. G.S. 90-210.51 (currently G.S. 90-210.47) would make clarifying and conforming changes to existing provisions. It would also authorize a crematory licensee to charge a reasonable storage fee if a dispute concerning the release or disposition of cremated remains is not resolved within 30 days.

Fees. G.S. 90-210.52 (currently G.S. 90-210.48) would authorize the Board to collect a fee of $150 for a crematory manager permit application, and a fee of $40 for an annual crematory manager permit renewal.

Crematory licensee rights. G.S. 90-210.53 (currently G.S. 90-210.49) would make conforming changes to existing provisions.

Rulemaking, applicability, violations, and prohibitions. G.S. 90-210.54 (currently G.S. 90-210.50) would make conforming changes to existing provisions. It would also authorize the Board to develop a

Standard Cremation Authorization Form that would have to be used by crematory licensees unless a licensee has its own form approved by the Board.

Sections 3 through 10 would make technical, clarifying, conforming, and organizational changes to Article 13A of Chapter 90, which sets out regulations pertaining to the practice of funeral service.

Required meetings of the Board. Section 4 would require the Board to hold at least four meetings a year, rather than two.

Powers of the Board. Section 5.(b) would authorize the Board to acquire and deal with property in the same manner as a private person or corporation, subject to the approval of the Governor and Council of State. The Board would also be authorized to employ legal counsel and clerical and technical assistance.

Licensing. Section 7 would make the following changes to G.S. 90-210.25, which sets out licensing requirements for funeral directing, embalming, and funeral service:

- To be licensed for the practice of funeral directing, would add requirement that applicant must be a graduate of a Funeral Directing Program at an approved school of mortuary science. Would also add pathology as one of the subjects to be tested as part of the funeral director examination.
- To be licensed for the practice of funeral service, would add requirement that applicant must receive an associate degree from an approved school of mortuary science, in addition to being a graduate. Applicant would also have to complete a minimum of 60 semester hours (currently 32 hours) or 90 quarter hours (currently 48 hours) of instruction.
- Allows the Board to specify two of the five hours of required continuing education for licensees. Would waive continuing education requirements for licensees who have been licensed for 25 years or more if they were licensed on or before December 31, 2003, but for licensees licensed on or after January 1, 2004, the licensee would have to have been licensed for 25 years or more and be at least 60 years old to have the continuing education requirements waived.
- Would require a funeral directing or funeral service licensee to own or be employed by a licensed funeral establishment in order to practice, except under specified circumstances.

Funeral chapels. A funeral chapel is defined as a facility separate from the funeral establishment premises for the reposing of dead human bodies. Section 9.(a) would amend G.S. 90-210.27A(g) to prohibit a funeral establishment from owning or maintaining more than two chapels or owning or maintaining a chapel outside of a radius of 50 miles from the establishment.

Funeral establishment names. Section 9.(b) would prohibit a funeral establishment from using an unregistered or misleading name, or any name other than the name by which it is properly registered with the Board.

Sections 11 through 15 would amend provisions of Article 13D of Chapter 90, which sets out regulations pertaining to the sale of preneed funeral contracts.

Sections 16 and 17 would recodify the statutes pertaining to mutual burial associations as new Article 13E in Chapter 90, and would amend G.S. 90-210.83 (currently G.S. 143B-472.5) to require the Board to annually assess each burial association a maximum of an additional fifty cents per member.

EFFECTIVE DATE: The bill would become effective October 1, 2003.

POSITIONS: (cumulative)					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina Board of Mortuary Science

EFFECTIVE DATE: This act becomes effective October 1, 2003.

BILL SUMMARY: The bill changes the name of the North Carolina Board of Mortuary Science to North Carolina Board of Funeral Service, rewrites Article 13C of Chapter 90 dealing with cremations, and makes technical changes to the law on funeral service.

ASSUMPTIONS AND METHODOLOGY:

Penalties

The rewrite of GS 90-210.43 in section 2 of the bill increases the maximum penalty the Board can assess from $1,000 to $5,000. This increase conforms the penalty amount for crematory violations to the amount for funeral service found in Article 13A of Chapter 90. The Board typically imposes penalties that range from $250 to $1,000. Given the recent history of Board disciplinary actions, this change will not result in an increase in penalties deposited into the Civil Penalty and Forfeiture Fund.

In the recodification of fees from GS 90-210.48 into GS 90-210.52, the late renewal penalty is changed to a late renewal fee. By changing from a penalty to a fee, the Board can keep the $75 fee and not deposit it into the Civil Penalty and Forfeiture Fund. However, there is no fiscal impact from this change, because the Board of Mortuary Science, on the advice of its Counsel, has not been depositing the penalty fee revenue into the Civil Penalty and Forfeiture Fund. There is also no impact for the change from penalty to late fee for resident trainees in section 7.

Fees

The new GS 90-210.52 has two new fees – the $150 crematory manager permit application fee and the $40 annual crematory manager permit renewal fee. In the short term, no new revenue is expected from this new fee. The fee only applies to crematory managers who work in crematories owned by cemeteries and all current employees are grandfathered in. The Executive Director of the Board of Mortuary Science does not anticipate growth in the number of cemetery owned crematories. Of the 61 crematories in North Carolina licensed by the Board of Mortuary Science and listed on its website, five are owned by cemeteries. While the Cremation Association of North America reports that the number of cremations in North Carolina rose from 12.8% of deaths in 1996 to 17.32% in 2001, the Board's Executive Director reports that no cemetery has built a new crematory in the state since 1991.

Miscellaneous

Section 5(b) of the bill allows the Board to buy property. This section could help the Board reduce operating expenditures. The Board pays $60,000 a year to lease space in Raleigh. The Board's lease expires in February 2004 and its staff is looking at lease versus purchase options. This authority to buy property has been given to other occupational licensing boards in recent years, such as the Board of Examiners of Electrical Contractors.

Section 5(b) of the bill also allows the Board to employ legal counsel and clerical and technical assistance. The Board believes this is a clarifying amendment because such personnel have already been employed. The Board believes current statutes give them the power to hire these staff.

Section 7 closes a loophole for students who had been reaching the mandatory hours for licensing, but not finishing their degrees. For example, some students in the Fayetteville Tech funeral director program were not finishing the school's 37-hour program. This change is not expected to reduce the number of applicants.

Section 14 of the bill repeals the provision for preneed revenue to transfer excess funds to the state General Fund. The Board's Executive Director said that no transfer to the General Fund has ever been made from this Fund.

Section 16 of the bill changes the assessment of Mutual Burial Associations from an amount set as a pro rata share of administrative costs per member to an amount not to exceed 50 cents per member. The Board now charges 35 cents per member of a Mutual Burial Association to audit its books and has no plans to increase the fee. There are approximately 100 associations, but their numbers are declining at a rate of five or six per year. As the number of associations declines, so, too, will the amount of funds needed to audit their accounts.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE AN INCREASE IN FEES FOR CAMA PERMITS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 113A-119.1(a) reads as rewritten:

"(a) The Commission shall have the power to establish a graduated fee schedule for the processing of applications for permits, renewals of permits, modifications of permits, or transfers of permits issued pursuant to this Article. In determining the fee schedule, the Commission shall consider the administrative and personnel costs incurred by the Department for processing the applications, related compliance activities, and the complexity of the development sought to be undertaken for which a permit is required under this Article. The fee to be charged for processing an application may not exceed ~~four hundred dollars ($400.00).~~ one thousand dollars ($1,000). The total funds collected from fees authorized by the Commission pursuant to this section in any fiscal year shall not exceed thirty-three and one-third percent (33 1/3%) of the total personnel and administrative costs incurred by the Department for permit processing and compliance programs within the Division of Coastal ~~Area~~ Management."

SECTION 2. This act becomes effective when it becomes law, and applies to applications for permits submitted on or after that date.

HOUSE BILL 1323: CAMA Permit Fees.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Reps. Luebke and McComas
Date:	July 15, 2003	**Summary by:**	Trina Griffin
Version:	1st Edition		Committee Counsel

SUMMARY: ***The Proposed Committee Substitute for House Bill 1323 would increase the maximum fee that may be charged by the Coastal Resources Commission for processing a CAMA permit application from $400 to $1,000. The bill would become effective when it becomes law, and applies to applications for permits submitted on or after that date.***

CURRENT LAW: The Coastal Area Management Act requires permits for development in Areas of Environmental Concern (AEC).[1] The Coastal Resources Commission (CRC) currently has the authority, upon going through the rule-making process, to establish a graduated fee schedule for the processing of applications for permits, permit renewals or modifications, and permit transfers. The maximum fee that may be charged for processing an application is $400.

The CAMA permit system is divided into major and minor permits, based on the size and possible impacts of a project. Major permits are necessary for activities that require other state or federal permits, for projects that cover more than 20 acres or for construction covering more than 60,000 square feet. Applications for major permits are reviewed by 10 state and four federal agencies before a decision is made.

General permits are used for routine projects that usually pose little or no threat to the environment.
Minor permits are required for projects, such as single-family houses, that don't require major permits or general permits. They are reviewed, issued, and administered to CRC standards by local governments under contract with the Division of Coastal Management. The minor permit program is part of the CRC's efforts to minimize the burden on permit applicants. Under CAMA regulations, a minor permit is to be issued within 25 days once a complete application is in hand. If the project is simple, the review process often is shorter.

CAMA permits are required for projects that meet all of the following conditions:

- It is in one of the 20 counties covered by CAMA;
- It is considered "development"[2] under CAMA;
- It is in, or it affects, an AEC established by the Coastal Resources Commission;
- It doesn't qualify for an exemption.

Any sort of development -- from a sandbag structure to a bridge to a condominium -- in the coastal area, in an AEC probably requires a CAMA permit. Permit applicants also need to follow development rules specific to that AEC.

BILL ANALYSIS: House Bill 1323 increases from $400 to $1,000 the maximum fee that the CRC may charge for processing permit applications. The bill also makes a technical correction by deleting the word "Area" in the reference to the Division of Coastal Management. The Proposed Committee Substitute changes the effective date so that the act would become when the bill becomes law, and would apply to applications for permits submitted on or after that date. Once the act becomes effective, the CRC would still have to go through the rule-making process to increase the fees.

---

[1] An AEC is an area of natural importance; it may be easily destroyed by erosion or flooding, or it may have environmental, social, economic or aesthetic values that make it valuable to our state.

[2] "Development" includes activities such as dredging or filling coastal wetlands or waters, and construction of marinas, piers, docks, bulkheads, oceanfront structures and roads.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: HB 1323 (1st Edition)

SHORT TITLE: CAMA Permit Fees

SPONSOR(S): Representatives Luebke and McComas

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
GENERAL FUND REVENUES:	Exact amount cannot be determined. See Assumptions and Methodology.				
EXPENDITURES:	No significant impact anticipated.				
POSITIONS:	None.				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Coastal Resources Commission; Department of Environment and Natural Resources - Division of Coastal Management

EFFECTIVE DATE: July 1, 2003

BILL SUMMARY: This bill amends GS 113A-119.1(a), authorizing the Coastal Resource Commission (CRC) to increase the maximum fee for processing a CAMA (Coastal Area Management Act) permit application from $400 to $1,000. GS 113A-119.1(a) states that the revenue generated through CAMA permit fees shall not exceed 33 1/3% of the total personnel and administrative costs incurred by the Division of Coastal Management (DCM) for permit processing and compliance programs. The effective date is July 1, 2003.

ASSUMPTIONS AND METHODOLOGY: G.S. 113A-119.1(a) authorizes the CRC to establish a graduated fee schedule for the processing of applications for permits, renewals of permits, modifications of permits, and transfers of permits. Currently, statute limits the maximum fee charged for processing a CAMA permit application to $400. Table A summarizes the current CAMA permit fee schedule and the estimated number of permits issued annually.

This legislation authorizes, but does not require, the CRC to increase the CAMA permitting fees. This bill only has a fiscal impact if the CRC does indeed adopt rules to increase one or more of the fees. The CRC has not yet developed a proposed schedule of fee increases; however, it is likely that it would consider fee increases. Every year since the FY 1998-1999 budget, DCM has experienced a permanent cut to its state appropriations. Meanwhile, projects are becoming

increasingly complex and requiring more staff resources. DCM estimates that over the last two years, staff and operating expenses related to CAMA permitting averaged approximately $2.5 million per year. During the same period, CAMA permitting fees generated an average of $314,000 annually. Thus, CAMA permitting fees are currently covering only 12.6% of the program costs.

Table A: Current CAMA Permit Fees and Estimated Number of Permits Issued Annually

	Fee	Number Issued
General permit to protect wetlands in estuarine and public trust waters	$50	2,410
General permit for installation of sandbags	$250	
All other general permits	$100	
Major permit for private, non-commercial development	$250	108
Major permit for public or commercial development	$400	72
Major development extension request	$100	*Not available
Major permit renewal	$100	50
Minor modification to major permit	$100	100
Permit transfer	$100	10

Note: The fee for minor permits is $100; however, the fee revenue goes directly to local governments. An estimated number of minor permits issued each year is not currently available.

The specific amount of additional fee revenue generated in any particular fiscal year depends on two factors: 1) the specific fee increases; and 2) when the fee increases become effective. Since these two factors are unknown, the specific fiscal impact of this bill cannot be determined.

HOUSE BILL 855:
Various Special Registration Plates

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Alexander and Rayfield
Date:	July 15, 2002	**Summary by:**	Cindy Avrette
Version:	5th Edition		Committee Counsel

SUMMARY: **HOUSE BILL 855 IS BACK IN THE HOUSE FOR CONCURRENCE IN THE SENATE CHANGES TO THE BILL. THE BILL HAS BEEN REFERRED TO THE FINANCE COMMITTEE FOR A RECOMMENDATION ON WHETHER OR NOT THE HOUSE SHOULD CONCUR IN THE SENATE CHANGES TO THE BILL.**

The House version of House Bill 855 authorized the issuance of seven new special registration plates: Blue Ridge Parkway, Surveyors, Retired Law Enforcement Officers, Alternative Fuel Vehicles, Zeta Phi Beta Sorority, Breast Cancer Awareness, and Mothers Against Drunk Driving.

The Senate made the following changes to the bill:

- It increased the additional fee imposed for almost all of the special registration plates from $10 to $20. The additional $10 generated from this fee will be divided equally between the Natural Heritage Trust Fund and the Parks and Recreation Trust Fund.[1]
- It authorized the issuance of nine additional special plates: Be Active NC, Buffalo Soldiers, Celebrate Adoption, Crystal Coast Artificial Reef, Delta Sigma Theta Sorority, Fraternal Order of Police, Friends of the Appalachian Trail, POW/MIA, and Red Hat Society.
- It provided that three of the newly authorized special plates may be on a background that differs from the "First in Flight" background[2]: Blue Ridge Parkway, Friends of the Appalachian Trail, and NC Coastal Federation[3]. The bill provides that the Division and the State Highway Patrol must review and approve the plate's design for clarity and ease of identification.
- It would allow the surviving spouse of a person who had a retired law enforcement officer special plate to continue to renew the plate so long as the spouse does not remarry. The authorization for the plate is contained in the original House Bill 855.
- It would require the Joint Legislative Transportation Oversight Committee to study the number of special registration plates that have net received the minimum number of applications within three years of their authorization and alternative methods of identifying NC registration plates.
- It changed the effective date for the bill from "when it becomes law" to January 1, 2004.

---

[1] The cost of a registration plate is generally $20 and that money goes to the Highway Fund. The cost of a special registration plate is generally $30 ($20 regular registration plate fee, plus $10 additional fee). The $10 additional fee is used to cover the cost of producing the special plate, to fund seven Visitors' Centers, to fund the Highway Beautification program, to advertise the State for travel and tourism, and to promote handicap access. The Senate version of the bill would increase the cost of a special registration plate to $40 ($20 regular registration fee, $10 for the purposes discussed above, and $10 to be divided between the NHTF and the PRTF. Some special plates cost more than the proposed $40. In those instances, the additional money is transferred quarterly to the cause for which the additional fee is imposed, such as the Friends of the Blue Ridge Parkway.

[2] Current law allows the Great Smoky Mountains special plate and the Rocky Mountain Elk Foundation special plate to be on a different background. The Rocky Mountain Elk plate has not yet been issued because DMV has not received the minimum 300 applications needed to issue the plate.

[3] S.L. 2003-68 authorized the issuance of the NC Coastal Federal special registration plate.

EXPENDITURES					
Highway Fund - Special Registration Plate Acct.	$70,355				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Transportation - Division of Motor Vehicles

EFFECTIVE DATE: Sections 7 (study) and 8 of this act are effective when they become law. The remainder of this act becomes effective January 1, 2004.

BILL SUMMARY: The bill increases the fee for special license plates by $10, with $5 of the additional fee deposited into the Natural Heritage Trust Fund and $5 of the increased fee deposited into the Parks and Recreation Trust Fund. This bill also authorizes the Division of Motor Vehicles (DMV) to issue a special registration plate for Alternative Fuel Vehicles, Be Active NC, the Blue Ridge Parkway Foundation, Breast Cancer Awareness, Buffalo Soldiers, Celebrate Adoption, Crystal Coast Artificial Reef Association, Delta Sigma Theta Sorority, Friends of the Appalachian Trail, Mothers Against Driving Drunk, POW/MIA, Red Hat Society,

Retired Law Enforcement Officers, Surveyors, and the Zeta Phi Beta Sorority if at least 300 applications for each plate are received. The bill allows the Blue Ridge Parkway Foundation and the Friends of the Appalachian Trail special plates to have a different background other than the "First in Flight" plate background. The bill requires the Transportation Oversight Committee to study the repeal of special license plates that do not reach their minimum number of applications within three years and the issuance of an alternative method of identifying North Carolina registration plates.

ASSUMPTIONS AND METHODOLOGY:

New Special Plates

For the 15 new special plates authorized in this bill, this fiscal analysis assumes that the applicants for these special plates already register their vehicles in the state and are paying the current $20 registration fee, thus there is no new revenue for the Highway Fund. The analysis also assumes the issuance of the minimum 300 license plates in FY 2003-04 and renewal of those plates in the following years. There is a one-time cost of $100 to design each new plate and an average programming cost of $3,560 per plate to change the State Titling and Registration System (STARS). (Additional programming is needed for the Alternative Fuel Plate, so the cost is $7360.) There is also a one-time cost to manufacture the special plate. The cost of a DMV recommended two-color plate is $2.59. For 4,500 new plates in FY 03-04, the manufacturing cost is $11,655 (300 plate minimum X 15 plates X $2.59). The total one-time cost for the 15 new plates is $70,355 and is paid from the Special Registration Plate Account.

In addition to the normal $20 registration fee, each plate is assessed a $10 fee that is deposited into the Special Registration Plate Account. Seven of the plates have additional fees that are deposited into the Collegiate and Cultural Attraction Plate Account then transferred to specific organizations. The Blue Ridge Parkway Foundation plate has an additional $20 fee that is to be credited to the Foundation for use in promoting and preserving the Blue Ridge Parkway as a scenic attraction in North Carolina. The Friends of the Appalachian Trail has an additional $20 fee that is to be credited to the Appalachian Trail Conference to be used for educational materials, preservation programs, trail maintenance, trailway and viewshed acquisitions, and capital improvements. The Be Active NC plate has an additional $10 fee to be transferred to Be Active North Carolina, Inc. for promotion of physical activity in North Carolina communities. The Buffalo Soldiers plate has an additional $15 fee to be given to the 9th and 10th (Horse) Calvary Association of the Buffalo Soldiers Greater North Carolina Chapter for its public outreach programs. The Crystal Coast plate has an additional $20 fee that is credited to the Crystal Coast Artificial Reef Association to promote scuba diving off the Crystal Coast. The Surveyors' plate has an additional $15 fee to be given to the North Carolina Society of Surveyors Education Foundation, Inc. for public educational programs. The Zeta Phi Beta Sorority plate has an additional $10 fee to be given to the Zeta Phi Beta Sorority Foundation for funding undergraduate scholarships.

Special License Plate Fees

Sections 3 and 4 of the bill increase the special license plate fee by $10 as of January 1, 2004. DMV had 87,573 special license plates as of March 31, 2003. However, 11,860 of these plates are military related and are exempt from the additional fee. This fiscal analysis assumes no change in the number of special plates in the next five years except for the addition of the 4,500 plates resulting from the creation of 15 new plates in this bill and 1,200 plates from four new

plates already authorized in the 2003 Session of the General Assembly. The General Assembly's Fiscal Research Division has not identified any research that predicts the price at which consumers will drop their special plate and return to the regular registration plate. Given that the special plate fee has not been increased since 1989 and that the increase is going for park and nature related purposes might keep tag sales from falling.

Assuming 75,713 currently issued special plates, 4,500 proposed new special plates, 226,809 personalized plates, 1,200 plates from four plates authorized in 2003, and no change in plate demand, the $10 increase will produce $1,541,110 each year for both the Natural Heritage Trust Fund and the Parks and Recreation Trust Fund. The January 1, 2004, effective date will cut the estimated revenue for each fund to $784,805 in FY 03-04 assuming plate renewals are evenly distributed throughout the year and all new plates receive their 300-plate limit in the first year.

AN ACT TO INCREASE THE FEE FOR A SPECIAL REGISTRATION PLATE AND TO CREDIT THE INCREASED FEE REVENUE TO THE NATURAL HERITAGE TRUST FUND AND THE PARKS AND RECREATION TRUST FUND, TO REQUIRE THE JOINT LEGISLATIVE TRANSPORTATION OVERSIGHT COMMITTEE TO STUDY THE NUMBER OF SPECIAL REGISTRATION PLATES THAT HAVE NOT RECEIVED THE MINIMUM NUMBER OF APPLICATIONS WITHIN THREE YEARS OF THEIR AUTHORIZATION AND ALTERNATIVE METHODS OF IDENTIFYING NORTH CAROLINA REGISTRATION PLATES, TO ALLOW THE NC COASTAL FEDERATION SPECIAL PLATE TO HAVE A DIFFERENT PLATE BACKGROUND, AND TO AUTHORIZE THE DIVISION OF MOTOR VEHICLES TO ISSUE THE FOLLOWING NEW SPECIAL REGISTRATION PLATES: ALTERNATIVE FUEL VEHICLES, BE ACTIVE NC, BLUE RIDGE PARKWAY FOUNDATION, BREAST CANCER AWARENESS, BUFFALO SOLDIERS, CELEBRATE ADOPTION, CRYSTAL COAST ARTIFICIAL REEF ASSOCIATION, DELTA SIGMA THETA SORORITY, FRATERNAL ORDER OF POLICE, FRIENDS OF THE APPALACHIAN TRAIL, MOTHERS AGAINST DRUNK DRIVING, POW/MIA, RED HAT SOCIETY, RETIRED LAW ENFORCEMENT OFFICERS, SURVEYORS, AND ZETA PHI BETA SORORITY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-63(b) reads as rewritten:

"(b) Every license plate shall have displayed upon it the registration number assigned to the vehicle for which it is issued, the name of the State of North Carolina, which may be abbreviated, and the year number for which it is issued or the date of

expiration. A plate issued for a commercial vehicle, as defined in G.S. 20-4.2(1), and weighing 26,001 pounds or more, must bear the word "commercial," unless the plate is a special registration plate authorized in G.S. 20-79.4 or the commercial vehicle is a trailer or is licensed for 6,000 pounds or less. The plate issued for vehicles licensed for 7,000 pounds through 26,000 pounds must bear the word "weighted".

~~A~~ Except as otherwise provided in this subsection, a registration plate issued by the Division for a private passenger vehicle or for a private hauler vehicle licensed for 6,000 pounds or ~~less, other than a Friends of the Great Smoky Mountains National Park special registration plate or a Rocky Mountain Elk Foundation special registration plate~~ less shall be a "First in Flight" plate. A "First in Flight" plate shall have the words "First in Flight" printed at the top of the plate above all other letters and numerals. The background of the plate shall depict the Wright Brothers biplane flying over Kitty Hawk Beach, with the plane flying slightly upward and to the right. The following special registration plates do not have to be a "First in Flight" plate. The design of the plates that are not "First in Flight" plates must be approved by the Division and the State Highway Patrol for clarity and ease of identification.

(1) Friends of the Great Smoky Mountains National Park.
(2) Rocky Mountain Elk Foundation.
(3) Blue Ridge Parkway Foundation.
(4) Friends of the Appalachian Trail.
(5) NC Coastal Federation."

SECTION 2. G.S. 20-79.4(b), as amended by S.L. 2003-10, 2003-11, and 2003-68, is amended by adding the following new subdivisions to read:

"(b) Types. – The Division shall issue the following types of special registration plates:

...

(1e) Alternative Fuel Vehicles. – Issuable to the registered owner of an alternative fuel vehicle. The plate shall bear the words "Alternative Fuel Vehicle". The Division must receive 300 or more applications for the plate before it may be developed.

...

(3e) Be Active NC. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate shall bear the phrase "Be Active NC" and a representation of the "Be Active NC" logo.

...

(3h) Breast Cancer Awareness. – Issuable to the registered owner of a motor vehicle. The plate shall bear the phrase "Early Detection Saves Lives" and a representation of a pink ribbon. The Division must receive 300 or more applications for the plate before it may be developed.

...

~~(3d)~~(3j) Bronze Star Recipient. – Issuable to a recipient of the Bronze Star. The plate shall bear the emblem of the Bronze Star and the words "Bronze Star".

...

(3m) Buffalo Soldiers. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate shall bear the words "The Buffalo Soldiers" and the logo of the 9th & 10th (Horse) Cavalry Association of the Buffalo Soldiers Greater North Carolina Chapter (BSGNCC).

...

(3p) Celebrate Adoption. – Issuable to the registered owner of a motor vehicle. The plate shall bear the phrase "Celebrate Adoption" and a representation of a white ribbon with a red heart on it. The Division must receive 300 or more applications for the plate before it may be developed.

...

(11d) Crystal Coast. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate shall bear the words "Crystal Coast Artificial Reef Association" and a representation of a SCUBA diving flag.

...

(11g) Delta Sigma Theta Sorority. – Issuable to the registered owner of a motor vehicle. The plate shall bear the sorority's name and symbol. The Division must receive 300 or more applications for the plate before it may be developed.

...

(15e) Fraternal Order of Police. – The plate authorized by this subdivision shall bear a representation of the Fraternal Order of Police emblem containing the letters 'FOP'. The Division must receive 300 applications for the plate before it may be developed. The plate is issuable to one of the following:

a. A person who presents proof of active membership in the State Lodge, Fraternal Order of Police for the year in which the license plate is sought.

b. The surviving spouse of a person who was a member of the State Lodge, Fraternal Order of Police, so long as the surviving spouse continues to renew the plate and does not remarry.

...

(27e) Mothers Against Drunk Driving. – Issuable to the registered owner of a motor vehicle. The plate shall bear the letters "M.A.D.D." and the words "Mothers Against Drunk Driving". The Division must receive 300 or more applications for the plate before it may be developed.

...

(32c) POW/MIA. – Issuable to the owner of a motor vehicle. The plate shall bear the official POW/MIA logo. The Division must receive 300 or more applications for the plate before it may be developed.

...

~~(36)~~(35d) Register of Deeds. – Issuable to a register of deeds. The plate shall bear the words "Register of Deeds" and the letter "R" followed by a number representing the county of the register of deeds. The number of a county shall be the order of the county in an alphabetical list of counties that assigns number one to the first county in the list.

...

(36) Red Hat Society. – Issuable to the registered owner of a motor vehicle. The plate shall bear a representation of The Red Hat Society. The Division shall not use the name and logo of The Red Hat Society, Inc., on the plate unless The Red Hat Society, Inc., licenses, without charge, the State to use the name and logo on the plate. The Division must receive 300 or more applications for the plate before it may be developed.

...

(36b) Retired Law Enforcement Officers. – The plate authorized by this subdivision shall bear the phrase "Retired Law Enforcement Officer" and a representation of a law enforcement badge. The Division must receive 300 or more applications for the plate before it may be developed. The plate is issuable to one of the following:

a. A retired law enforcement officer presenting to the Division, along with the application for the plate, a copy of the officer's retired identification card or letter of retirement.

b. The surviving spouse of a person who had a retired law enforcement officer plate at the time of death so long as the surviving spouse continues to renew the plate and does not remarry.

...

~~(36b)~~(36e) Rocky Mountain Elk Foundation. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate shall bear the phrase "Rocky Mountain Elk Foundation" and a logo approved by the Rocky Mountain Elk Foundation, Inc.

...

~~(36e)~~(36h) Save the Sea Turtles. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate may bear the phrase "Save the Sea Turtles" and a representation related to sea turtles.

...

(45d) Surveyor Plate. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate shall bear the words "Following In Their Footsteps" and shall bear a picture of a transit.

...

~~(45b)~~(45f) Sweet Potato. – Issuable to the registered owner of a motor vehicle. The plate may bear a phrase and picture representing the State's official vegetable, the sweet potato. The Division may not issue

the plate authorized by this subdivision unless it receives at least 300 applications for the plate.

...

~~(45e)~~(45i) Tobacco Heritage. – Issuable to the registered owner of a motor vehicle. The plate shall bear a picture of a tobacco leaf and plow. The Division may not issue the plate authorized by this subdivision unless it receives at least 300 applications for the plate.

...

(52) Zeta Phi Beta Sorority. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate shall bear the sorority's name and symbol."

SECTION 3. G.S. 20-79.7(a), as amended by S.L. 2003-11 and 2003-68, reads as rewritten:

"(a) Fees. – Upon request, the Division shall provide and issue free of charge one registration plate to a recipient of the Congressional Medal of Honor, a 100% disabled veteran, and an ex-prisoner of war. All other special registration plates, including additional Congressional Medal of Honor, 100% Disabled Veteran, and Ex-Prisoner of War plates, are subject to the regular motor vehicle registration fee in G.S. 20-87 or G.S. 20-88 plus an additional fee in the following amount:

SECTION 5. G.S. 20-81.12(b2) reads as rewritten:

"(b2) State Attraction Plates. – The Division must receive 300 or more applications for a State attraction plate before the plate may be developed. The Division must transfer quarterly the money in the Collegiate and Cultural Attraction Plate Account derived from the sale of State attraction plates to the organizations named below in proportion to the number of State attraction plates sold representing that organization:

(1) Blue Ridge Parkway Foundation. – The revenue derived from the special plate shall be transferred quarterly to Blue Ridge Parkway Foundation for use in promoting and preserving the Blue Ridge Parkway as a scenic attraction in North Carolina.

~~(1)~~(1a) Friends of the Great Smoky Mountains National Park. – The revenue derived from the special plate shall be transferred quarterly to the Friends of the Great Smoky Mountains National Park, Inc., to be used for educational materials, preservation programs, capital improvements for the portion of the Great Smoky Mountains National Park that is located in North Carolina, and operating expenses of the Great Smoky Mountains National Park.

(1b) Friends of the Appalachian Trail. – The revenue derived from the special plate shall be transferred quarterly to The Appalachian Trail Conference to be used for educational materials, preservation programs, trail maintenance, trailway and viewshed acquisitions, trailway and viewshed easement acquisitions, capital improvements for the portions of the Appalachian Trail and connecting trails that are located in North Carolina, and related administrative and operating expenses.

~~(1a)~~(1c) The North Carolina Arboretum. – The revenue derived from the special plate shall be transferred quarterly to The North Carolina Arboretum Society and used to help the Society obtain grants for the North Carolina Arboretum and for capital improvements to the North Carolina Arboretum.

~~(1b)~~(1d) The North Carolina Maritime Museum. – The revenue derived from the special plate shall be transferred quarterly to Friends of the Museum, North Carolina Maritime Museum, Inc., to be used for educational programs and conservation programs and for operating expenses of the North Carolina Maritime Museum.

(2) The North Carolina Zoological Society. – The revenue derived from the special plate shall be transferred quarterly to The North Carolina Zoological Society, Incorporated, to be used for educational programs and conservation programs at the North Carolina Zoo at Asheboro and for operating expenses of the North Carolina Zoo at Asheboro."

SECTION 6. G.S. 20-81.12, as amended by S.L. 2003-11 and S.L. 2003-68, is amended by adding the following new subsections to read:

"(b26) Be Active NC. – The Division must receive 300 or more applications for the Be Active NC plate before the plate may be developed. The Division shall transfer quarterly the money in the Collegiate and Cultural Attraction Plate Account derived from the sale of the Be Active NC plates to Be Active North Carolina, Inc., to be used to promote physical activity in North Carolina communities.

(b27) Buffalo Soldiers. – The Division must receive 300 or more applications for the Buffalo Soldiers plate before the plate may be developed. The Division shall transfer quarterly the money in the Collegiate and Cultural Attraction Plate Account derived from the sale of the Buffalo Soldiers plates to the 9th & 10th (Horse) Cavalry Association of the Buffalo Soldiers Greater North Carolina Chapter (BSGNCC) for its public outreach programs.

(b28) Crystal Coast. – The Division must receive 300 or more applications for the Crystal Coast plate before the plate may be developed. The Division shall transfer quarterly the money in the Collegiate and Cultural Attraction Plate Account derived from the sale of Crystal Coast plates to the Crystal Coast Artificial Reef Association to be used to promote scuba diving off the Crystal Coast.

(b29) Surveyor Plate. – The Division must receive 300 or more applications for a Surveyor plate before the plate may be developed. The Division shall transfer quarterly the money in the Collegiate and Cultural Attraction Plate Account derived from the sale

of Surveyor plates to The North Carolina Society of Surveyors Education Foundation, Inc., for public educational programs.

(b30) Zeta Phi Beta Sorority. -- The Division must receive 300 or more applications for a Zeta Phi Beta Sorority plate before the plate may be developed. The Division shall transfer quarterly the money in the Collegiate and Cultural Attraction Plate Account derived from the sale of Zeta Phi Beta Sorority plates to the Zeta Phi Beta Sorority Education Foundation, through the Raleigh office, for the benefit of undergraduate scholarships in this State."

SECTION 7. The Joint Legislative Transportation Oversight Committee shall review the number of special registration plates that have not received the minimum number of applications in the three years since their authorization, and the Committee shall consider repealing the authority for these plates. The Committee may also consider the registration plate background and other alternative methods of identifying North Carolina vehicles.

SECTION 8. Sections 7 and 8 of this act are effective when they become law. The remainder of this act becomes effective January 1, 2004.

Referred to:

March 5, 2003

A BILL TO BE ENTITLED

AN ACT TO EXTEND TO THE REMAINING TWELVE COUNTIES THE AUTHORITY CURRENTLY GIVEN TO EIGHTY-EIGHT COUNTIES TO ACQUIRE PROPERTY FOR USE BY THEIR LOCAL BOARDS OF EDUCATION.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 153A-158.1, as amended by S.L. 2003-89, reads as rewritten:

"**§ 153A-158.1. Acquisition and improvement of school ~~property in certain counties.~~property.**

(a) Acquisition by County. – A county may acquire, by any lawful method, any interest in real or personal property for use by a school administrative unit within the county. In exercising the power of eminent domain a county shall use the procedures of Chapter 40A. The county shall use its authority under this subsection to acquire property for use by a school administrative unit within the county only upon the request of the board of education of that school administrative unit and after a public hearing.

(b) Construction or Improvement by County. – A county may construct, equip, expand, improve, renovate, or otherwise make available property for use by a school administrative unit within the county. The local board of education shall be involved in the design, construction, equipping, expansion, improvement, or renovation of the property to the same extent as if the local board owned the property.

(c) Lease or Sale by Board of Education. – Notwithstanding the provisions of G.S. 115C-518 and G.S. 160A-274, a local board of education may, in connection with additions, improvements, renovations, or repairs to all or part of any of its property, lease or sell the property to the board of commissioners of the county in which the property is located for any price negotiated between the two boards.

(d) Board of Education May Contract for Construction. – Notwithstanding the provisions of G.S. 115C-40 and G.S. 115C-521, a local board of education may enter

into contracts for the erection of school buildings upon sites owned in fee simple by one or more counties in which the local school administrative unit is located.

(e) Scope. – This section applies ~~to Alamance, Alexander, Alleghany, Anson, Ashe, Avery, Bertie, Bladen, Brunswick, Burke, Cabarrus, Caldwell, Camden, Carteret, Catawba, Chatham, Cherokee, Chowan, Clay, Columbus, Craven, Cumberland, Currituck, Dare, Davidson, Davie, Duplin, Durham, Edgecombe, Forsyth, Franklin, Gaston, Gates, Graham, Greene, Guilford, Halifax, Harnett, Haywood, Henderson, Hoke, Hyde, Iredell, Jackson, Johnston, Jones, Lee, Lenoir, Lincoln, Macon, Madison, Martin, McDowell, Mecklenburg, Mitchell, Montgomery, Moore, Nash, New Hanover, Onslow, Orange, Pamlico, Pasquotank, Pender, Perquimans, Person, Pitt, Polk, Randolph, Richmond, Robeson, Rockingham, Rowan, Rutherford, Sampson, Scotland, Stanly, Stokes, Surry, Transylvania, Union, Vance, Wake, Watauga, Wayne, Wilkes, Wilson, and Yadkin Counties.~~in every county."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 301:
County School Acquisition Statewide

BILL ANALYSIS

Committee: House Finance
Date: July 14, 2003
Version: 2nd Edition

Sponsor: Sen. John Kerr
Analysis by: Martha H. Harris
Staff Attorney

SUMMARY: Extends to all 100 counties the authorization currently given 88 counties[1] to acquire school property on behalf of their boards of education.

The bill makes the following changes concerning the acquisition and financing of public school facilities in the 12 counties not currently included in G.S. 153A-158.1. The 12 counties affected by these changes are Beaufort, Buncombe, Caswell, Cleveland, Granville, Hertford, Northampton, Swain, Tyrell, Warren, Washington, and Yancey.

(1) It authorizes the county to acquire real or personal property for use by a school administrative unit located in the county when requested to do so by the unit. Under current law, only those counties listed in G.S. 153A-158.1(e) have this authority. Under general law, a county is authorized to acquire real or personal property only on behalf of the county or an agency of the county and a school administrative unit is not an agency of the county.

(2) It authorizes the local board of education to contract with the county for the erection or repair of a public school building that is located on a site owned by the county. Under current general law, local boards of education are required to hold title to all school property and therefore have no authority to make contracts concerning the construction or repair of school buildings located on sites not owned by them.[2]

(3) It authorizes the local board of education to transfer to the county any property on which a school building in need of renovation or repair is located for any price agreed to by the board of education and the county. Current law requires transfers from a local board of education to a county to be at fair market value and allows a local board of education to transfer property to a county only if the board does not believe the property is necessary or desirable for a school.[3]

---

[1] The 88 counties currently covered by G.S. 153A-158.1 are: Alamance, Alexander, Alleghany, Anson, Ashe, Avery, Bertie, Bladen, Brunswick, Burke, Cabarrus, Caldwell, Camden, Carteret, Catawba, Chatham, Cherokee, Chowan, Clay, Columbus, Craven, Cumberland, Currituck, Dare, Davidson, Davie, Duplin, Durham, Edgecombe, Forsyth, Franklin, Gaston, Gates, Graham, Greene, Guilford, Halifax, Harnett, Haywood, Henderson, Hoke, Hyde, Iredell, Jackson, Johnston, Jones, Lee, Lenoir, Lincoln, Macon, Madison, Martin, McDowell, Mecklenburg, Mitchell, Montgomery, Moore, Nash, New Hanover, Onslow, Orange, Pamlico, Pasquotank, Pender, Perquimans, Person, Pitt, Polk, Randolph, Richmond, Robeson, Rockingham, Rowan, Rutherford, Sampson, Scotland, Stanly, Stokes, Surry, Transylvania, Union, Vance, Wake, Watauga, Wayne, Wilkes, Wilson, and Yadkin Counties.

[2] G.S. 115C-40; G.S. 115C-521.

[3] G.S. 115C-518; G.S. 160A-274.

The effect of these changes is to allow installment purchase financing to be used under G.S. 160A-20 for public school construction or renovation in every county. Installment purchase financing is a type of local government debt in which the local unit enters into an installment contract secured by a security interest in the building constructed or renovated. Unlike the issuance of general obligation bonds, installment purchase financing is not subject to a vote of the people. Certificates of participation may be issued as part of the installment purchase financing. A certificate of participation is a document setting out the share of the local unit's debt that is owed to the holder of the certificate. In practice, the holder receives interest and principal payments in a manner similar to interest and principal payments on a bond issued by the borrowing unit.

Under current law, installment purchase financing is available to counties[4] but is not generally available to local school administrative units. G.S. 160A-20 grants installment purchase financing authority only to a local school administrative unit located in a county whose local board of education can levy a school tax. There are only two such local units: Mooresville and Roanoke Rapids. A related provision, G.S. 143-64.17C, authorizes school administrative units and community colleges to use installment purchase financing to finance energy conservation measures. In addition, G.S. 115D-58.15 authorizes community colleges to use installment purchase financing for equipment.

[4] The Local Government Commission must approve installment purchase contracts and certificates of participation. The Local Government Commission cannot approve such a contract if the net debt of the contracting unit, after execution of the contract, would exceed 8% of the assessed value of property subject to taxation by the unit.

SESSION 2003

H D

HOUSE BILL 902
PROPOSED COMMITTEE SUBSTITUTE H902-CSLYx-15 [v.2]

7/8/2003 4:37:24 PM

Short Title: Prorate Certain Real Property Taxes. (Public)

Sponsors:

Referred to:

April 7, 2003

A BILL TO BE ENTITLED

AN ACT TO PRORATE REAL PROPERTY TAXES WHEN THE EXEMPTION STATUS OF REAL PROPERTY CHANGES DURING THE YEAR DUE TO A TRANSFER TO OR FROM A NONPROFIT ORGANIZATION THAT PROVIDES HOUSING FOR INDIVIDUALS OR FAMILIES WITH LOW TO MODERATE INCOMES AND TO PROVIDE THAT A NONPROFIT ORGANIZATION THAT PROVIDES HOUSING FOR INDIVIDUALS OR FAMILIES WITH LOW TO MODERATE INCOMES THAT SATISFIES FEDERAL SAFE HARBOR PROVISIONS ALSO SATISFIES CHARITABLE PURPOSE REQUIREMENTS.

The General Assembly of North Carolina enacts:

SECTION 1. Article 12 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-282.2. Prorated taxes for certain low and moderate income housing property.**

(a) Definitions. – The following definitions apply in this section:

(1) Affordable housing organization. – An organization described under G.S. 105-278.6(a)(8).

(2) Exempt housing property. – Real property that is owned by an affordable housing organization and qualifies for exemption under G.S. 105-278.6.

(3) Nonexempt property. – Real property that is not exempt housing property.

(b) Transfer by Affordable Housing Organization. – Notwithstanding G.S. 105-285, whenever exempt housing property becomes nonexempt because it is transferred from an affordable housing organization, the property must be listed for taxation by the transferee as of the date of acquisition and must be appraised in accordance with its true value as of January 1 preceding the date of acquisition. Prorated

taxes are due on the property for the tax year that begins in the calendar year of the transfer. The person in whose name the property is listed may appeal the listing, appraisal, and assessment of the property in the same manner as that provided for listings made as of January 1.

(c) Transfer to Affordable Housing Organization. – Notwithstanding G.S. 105-282.1, if nonexempt property is transferred to an affordable housing organization, the organization may file an application for exemption under G.S. 105-278.6 within 60 days after the date of transfer. If the property becomes exempt housing property pursuant to the application, the taxes due on the property for the tax year that begins in the calendar year of the transfer are prorated. Notwithstanding G.S. 105-380, the governing body of a taxing unit shall release or refund to the original owner the excess of the taxes that would otherwise be due over the prorated amount.

(d) Proration Formula. – For the purpose of this section, the amount of prorated taxes is the product of the proration fraction and the amount of taxes that would be due if the property were nonexempt for the entire year. The numerator of the proration fraction is the number of full months in the calendar year during which the property is nonexempt and the denominator of the fraction is 12."

SECTION 2. G.S. 105-278.6(b) reads as rewritten:

"(b) A charitable purpose within the meaning of this section is one that has humane and philanthropic objectives; it is an activity that benefits humanity or a significant rather than limited segment of the community without expectation of pecuniary profit or reward. The humane treatment of animals is also a charitable purpose. An organization described under subdivision (a)(8) of this section that satisfies the safe harbor provisions of Revenue Procedure 96-32 issued by the Internal Revenue Service satisfies the charitable purpose requirement of this section."

SECTION 3. This act is effective for taxes imposed for taxable years beginning on or after July 1, 2004.

A BILL TO BE ENTITLED

AN ACT TO REPEAL AN EXCEPTION TO THE DATE ON WHICH REAL PROPERTY IS TO BE LISTED AND APPRAISED FOR PROPERTY TAX PURPOSES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-285(d) reads as rewritten:

"(d) Real Property. – The value of real property shall be determined as of January 1 of the years prescribed by G.S. 105-286 and G.S. 105-287. The ownership of real property shall be determined annually as of ~~January 1, except in the following situation: When any real property is acquired after January 1, but prior to July 1, and the property was not subject to taxation on January 1 on account of its exempt status, it shall be listed for taxation by the transferee as of the date of acquisition and shall be appraised in accordance with its true value as of January 1 preceding the date of acquisition; and the property shall be taxed for the fiscal year of the taxing unit beginning on July 1 of the year in which it is acquired. The person in whose name such property is listed shall have the right to appeal the listing, appraisal, and assessment of the property in the same manner as that provided for listings made as of January 1.~~

~~In the event real property exempt as of January 1 is, prior to July 1, acquired from a governmental unit that by contract is making payments in lieu of taxes to the taxing unit for the fiscal period beginning July 1 of the year in which the property is acquired, the tax on such property for the fiscal period beginning on July 1 immediately following acquisition shall be one half of the amount of the tax that would have been imposed if the property had been listed for taxation as of~~ January 1."

SECTION 2. This act is effective for taxes imposed for taxable years beginning on or after July 1, 2004.

House Bill 902:
Prorate Certain Real Property Taxes

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. LaRoque
Date:	July 10, 2003	**Analysis by:**	Y. Canaan Huie
Version:	PCS to 1st		Staff Attorney

SUMMARY: ***This bill would allow for prorated taxes when there is a change in the exemption status of property owned by a nonprofit agency that provides housing to low and moderate income individuals and families. It would also specify that such an agency that satisfies safe harbor provisions under federal law would satisfy the "charitable purpose" requirement for the exemption. The bill would be effective for taxes imposed for taxable years beginning on or after July 1, 2004.***

BACKGROUND: Under North Carolina law, the ownership and value of real property are determined as of the January 1 that precedes the start of the fiscal year. Under G.S. 105-285, any property that is not exempt from taxation on January 1 will remain nonexempt regardless of whether the property becomes exempt later in the year. The statute does not apply in the same manner to property that is exempt from taxation on January 1. There is an exception in G.S. 105-285 that requires real property that is acquired between January 1 and July 1 and that was tax-exempt on January 1 to be listed for taxation at the time of acquisition and to be taxed at the value determined on the previous January 1. The result of this is that property that is not exempt from taxation on January 1 will remain nonexempt regardless of a change in ownership, but property that is exempt from taxation on January 1 will lose the exemption due to a change in ownership that occurs between January 1 and July 1.

G.S. 105-278.6 provides for an exemption from property taxes for real and personal property that is held by an organization that provides housing to low and moderate income individuals and families and that is used entirely and completely for a charitable purpose.

ANALYSIS: This bill would allow for prorated taxes when there is a change in the exemption status of property owned by a nonprofit agency that provides housing to low and moderate income individuals and families. The owner of the property when it is non-exempt would be liable for a portion of the taxes due on the property. Under this bill, the prorated taxes due would be computed by multiplying the taxes that would be due if the property were nonexempt for the entire year by a proration factor. The proration factor is the number of full months that the property is nonexempt divided by 12.[1] Currently, there is no class of real property that is subject to proration of property taxes in this manner. However, proration is allowed for property taxes on motor vehicles.

This bill would also clarify that any organization that satisfies the safe harbor provisions of Revenue Procedure 96-32 issued by the Internal Revenue Service would also satisfy the "charitable purpose" requirement of G.S. 105-278.6. Revenue Procedure 96-32 provides that an organization that provides low-income housing will be considered "charitable" under Section 501(c)(3) of the Code if certain conditions are satisfied. Organizations that fail to meet those criteria will not necessarily be deemed not to be "charitable" – the conditions merely give guidance on what will automatically be considered charitable. Those conditions are as follows:

[1] For example, if an organization that was eligible for the exemption bought real property on August 15, the owner who sold the property would be liable for 7/12 of the amount of taxes that would otherwise be due.

- The organization establishes that for each project that (a) at least 75% of the units are occupied by residents that qualify as low income and (b) either at least 20% of units are occupied by residents that qualify as very low income or at least 40% of the units are occupied by residents that also do not exceed 120% of the areas very low income limit.
- The project is actually occupied by poor and distressed residents. A reasonable transition period is allowed for projects requiring rehabilitation or construction.
- The housing is affordable to the charitable beneficiaries. This is generally accomplished through rent restrictions or mortgage limitations.

The current definition of charitable purpose under North Carolina law is somewhat vague. This provision does not appear to enlarge that definition but merely provides some certainty that projects that satisfy the federal conditions will also satisfy the State statute.

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

RE: HB 902 – Repeal Property Tax Listing Exemption - PCS

FISCAL IMPACT

Yes ( ) **No ( )** **No Estimate Available (X)**

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES					
General Fund	*** No General Fund Impact ***				
Local Governments	*** Potential Unknown Loss – See Assumptions ***				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Department of Revenue, Local Governments.

EFFECTIVE DATE: Taxes imposed for taxable years beginning on or after July 1, 2004.

BILL SUMMARY: The legislation makes two related changes to the property tax laws. Section 1 provides for the pro-ration of property taxes when the exemption status of particular types of property change hands from a for-profit to non-profit organization mid tax year. In particular, it allows the pro-ration of "affordable housing" exists when the transfer occurs in the opposite direction). In addition, the bill clarifies the definition of "charitable purpose" to include any organization that satisfies the "safe harbor" provisions of the Internal Revenue Code.

ASSUMPTIONS AND METHODOLOGY: Because the bill affects only local property taxes, no General Fund impact is expected.

The North Carolina Association of Assessing Officers attempted to survey their members to determine the impact in each county. However, most counties do not code their database in a way that would allow a local estimate. The few counties that do have their databases coded in this manner could not determine their actual potential loss, as the level of detail needed on previous tax year information was not available. Thus, while the bill will create a local government loss, since it adds to the amount of property that is exempt, no fiscal estimate is possible.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H D

HOUSE BILL 1233
PROPOSED COMMITTEE SUBSTITUTE H1233-CSSV-33 [v.3]

7/9/2003 11:07:15 PM

Short Title: Efficiency: School Board Sales Tax. (Public)

Sponsors:

Referred to:

April 24, 2003

A BILL TO BE ENTITLED

AN ACT TO PROMOTE EFFICIENCY IN GOVERNMENT BY ALLOWING A SALES AND USE TAX EXEMPTION FOR LOCAL SCHOOL BOARDS INSTEAD OF A SALES AND USE TAX REFUND TO LOCAL SCHOOL BOARDS AND TO MODIFY THE SCHOOL ADMISSION REQUIREMENTS TO ENSURE THAT ALL STUDENTS ARE READY TO ENTER KINDERGARTEN.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-164.13 is amended by adding a new subdivision to read:

"**§ 105-164.13. Retail sales and use tax.**

The sale at retail, the use, storage or consumption in this State of the following tangible personal property is specifically exempted from the tax imposed by this Article:

...

(53) Items subject to sales and use tax under G.S. 105-164.4, other than electricity and telecommunications service, if all of the following conditions are met:

a. The items are purchased by a local school administrative unit for its own use and in accordance with G.S. 105-164.29A.

b. The items are purchased pursuant to a valid purchase order issued by the local school administrative unit that contains the exemption number of the unit and a description of the property purchased, or the items purchased are paid for with a check, electronic deposit, credit card, procurement card, or credit account of the local school administrative unit.

c. For all purchases other than by a purchase order issued by the local school administrative unit, the unit must provide to or have on file with the retailer the unit's exemption number."

SECTION 2. Part 5 of Article 5 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-164.29A. Local school administrative unit exemption process.**

(a) Application. – To be eligible for the exemption provided in G.S. 105-164.13(53), a local school administrative unit must obtain from the Department of Revenue a sales tax exemption number. The application for exemption must be in the form required by the Secretary, be signed by the local school administrative unit's finance officer, and contain any information required by the Secretary. The Secretary must assign a sales tax exemption number to a local school administrative unit that submits a proper application.

(b) Liability. – A local school administrative unit that does not use the items purchased with its exemption number must pay the tax that should have been paid on the items purchased, plus interest calculated from the date the tax would otherwise have been paid."

SECTION 3. The General Assembly finds that allowing a sales and use tax exemption instead of a sales and use tax refund for local school administrative units is the first step toward eventually allowing a sales and use tax exemption for cities and counties. It is, therefore, the intent of the General Assembly to enact legislation in a future session to continue this administrative trend by also allowing cities and counties to qualify for a sales and use tax exemption instead of a sales and use tax refund.

SECTION 4. G.S. 115C-364 reads as rewritten:

"**§ 115C-364. Admission requirements.**

(a) A child who is presented for enrollment at any time during the first 120 days of a school year is entitled to initial entry into the public schools if:

(1) The child reaches or reached the age of 5 on or before ~~October 16~~ September 16 of that school year; or

(2) The child did not reach the age of 5 on or before ~~October 16~~September 16 of that school year, but has been attending school during that school year in another state in accordance with the laws or rules of that state before the child moved to and became a resident of North Carolina.

(b) A local board may allow a child who is presented for enrollment at any time after the first 120 days of a school year to be eligible for initial entry into the public schools if:

(1) The child reached the age of 5 on or before ~~October 16~~September 16 of that school year; or

(2) The child did not reach the age of 5 on or before ~~October 16~~September 16 of that school year, but has been attending school during that school year in another state in accordance with the laws or rules of that state before the child moved to and became a resident of North Carolina.

(c) The initial point of entry into the public school system shall be at the kindergarten level. If the principal of a school finds as fact subsequent to initial entry that a child, by reason of maturity can be more appropriately served in the first grade rather than in kindergarten, the principal may act under G.S. 115C-288 to implement this educational decision without regard to chronological age. The principal of any

public school may require the parent or guardian of any child presented for admission for the first time to that school to furnish a certified copy of the child's birth certificate, which shall be furnished by the register of deeds of the county having on file the record of the birth of the child, or other satisfactory evidence of date of birth.

(d) A child who has passed the fourth anniversary of the child's birth on or before April 16 may enter kindergarten if the child is presented for enrollment no later than the end of the first month of the school year and if the principal of the school finds, based on information submitted by the child's parent or guardian, that the child is gifted and that the child has the maturity to justify admission to the school. The State Board of Education shall establish guidelines for the principal to use in making this finding."

SECTION 5. Section 1 of this act becomes effective July 1, 2005, and applies to sales made on or after that date. Section 3 of this act becomes effective July 1, 2005. The remainder of this act becomes effective January 1, 2005.

HOUSE BILL 1233:
Efficiency: School Board Sales Tax

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Pate
Date:	July 10, 2003	**Summary by:**	Trina Griffin
Version:	PCS for 1st Edition H1233-CSSV-33 [v.3]		Committee Counsel

SUMMARY: The Proposed Committee Substitute for House Bill 1233 does the following two things:

- ***It would exempt purchases by local school administrative units from the State and local sales and use tax. The local school units must currently apply for an annual refund of sales taxes. The exemption, versus the refund, would become effective July 1, 2005.***
- ***It would modify the school admission requirements for children entering kindergarten by moving the cutoff date by which a child must turn five years old from October 16 to September 16.***

BILL ANALYSIS:

Sections 1-3: Change Refund Process to an Exemption[1] for Local School Administrative Units

Currently, all local school administrative units are subject to State and local taxes. However, the units receive an annual refund of State and local sales taxes paid.

House Bill 1233 would change the current refund process to an exemption for local school administrative units. To qualify for the exemption, the items must be purchased by a local school administrative unit and the purchase must meet one of the following conditions:

- The items are purchased pursuant to a purchase order issued by the unit that contains the exemption number of the unit and a description of the items purchased.
- The items purchased are paid for by a check, electronic deposit, credit card, procurement card, or credit account of the unit and the unit provides to or has on file with the retailer the unit's exemption number.

The bill incorporates all of the various payment and purchase mechanisms where accounting system controls are in place to verify purchases and prevent possible misuse of the unit's sales tax exemption by its employees. The only type of direct purchases not included within this exemption is employee expense reimbursements.

The sales tax exemption would apply only to direct purchases of tangible personal property. Local school units would continue to apply for refunds of State and local taxes paid on indirect purchases of building materials, supplies, fixtures, and equipment that become a part of a structure owned or leased by the unit.

A unit would be liable for items purchased with its exemption number that it does not use. The liability would include not only the tax that should have been paid on the items purchased, but also interest calculated from the date the tax would otherwise have been paid.

[1]Senate Bill 100, which has passed the Senate and is currently scheduled to be on the House floor on July 15, 2003, makes a similar change by allowing *State agencies* a sales and use tax exemption instead of a refund.

Section 3 of the bill indicates that it is the intent of the General Assembly to eventually enact legislation that would also allow the cities and counties to be eligible for an exemption of sales and use tax rather than a refund.

These sections would become effective July 1, 2005.

Section 4: Modify the kindergarten admission requirements

Under current law, a child who has reached or will reach the age of 5 on or before October 16 of that school year is entitled to entry into the public schools. A child who has not reached the age of 5 by October 16, but has been attending school during that school year in another state in accordance with the laws of that State before moving to North Carolina may also enter the public schools.

Under House Bill 1233, the date for qualification for entry into kindergarten is moved back from October 16 to September 16.

This section of the bill would become effective January 1, 2005.

PRINCIPAL DEPARTMENT(S) &

PROGRAM(S) AFFECTED: NC Department of Revenue, NC local governments, NC school administrative units, More at Four, Smart Start.

EFFECTIVE DATE: Section 1 becomes effective July 1, 2005 and applies to sales made on or after that date. Section 2 (certification process) becomes effective January 1, 2005. The remainder becomes effective July 1, 2005.

BILL SUMMARY: The legislation moves the school administrative units from a sales tax refund to a sales tax exemption. This shift affects both state and local sales taxes. The bill also outlines the process for certification for an exemption. The bill shifts back by one month the date by which a child must be five years old to enter kindergarten. Finally, the bill indicates the General Assembly's intent to shift the counties and cities from a sales tax refund to an exemption.

ASSUMPTIONS AND METHODOLOGY: The legislation creates six fiscal impacts, three related to the sales tax and three related to the change in the kindergarten date.

Sales Tax

In terms of the sales tax issues, the shift from a refund to an exemption would reduce interest income for the State and add to investment earnings of local units. This would be a recurring loss/gain. The shift is because refunds are paid the year after the purchase is made. A review of the refunds paid by month for a recent fiscal year indicates that the average refund to local units is paid in November of the fiscal year following the purchase. In analyzing the cost of the exemption, it was assumed that exempt purchases would be made at an even rate throughout the year. Thus, the "average purchase" is made around January 1. This means that a sales tax exemption, rather than a refund, would accelerate sales tax relief from November back to January, a period of 11 months. The assumed interest rate used for the calculation of the interest income loss to the State (and gain to local units) was 5.25%, based on a recent estimate by the Office of the State Treasurer for the 2001-02 fiscal year. This means that the effective interest loss is equal to 4.8125% (5.25% for 11 months) times the exemption amount.

The actual refunds paid to local schools in recent years are as follows:

Fiscal Year of Purchases	Total Refund Amount
1999-00	33,303,389
2000-01	43,600,000
2001-02	46,700,000

Analysis of school refund requests filed to date and conversations with school officials suggest that the amount of refunds will continue to rise by approximately 7.0%. Using this 7.0% rate as a proxy for future growth suggests the following refund request stream:

2002-03	49,969,000

2003-04	53,466,830
2004-05	57,209,508
2005-06	61,214,174
2006-07	65,499,166
2007-08	70,084,107

Because refunds for purchases made in each of fiscal years above are paid in the following fiscal year, the actual cost to the state of these refunds are borne in the next fiscal year. The resulting interest losses to the general fund, taking into account the effective date of the bill, are below.

Fiscal Year	Interest
2004-05	2,573,091
2005-06	2,753,208
2006-07	2,945,932
2007-08	3,152,147

This amount is a loss to the state and a gain to school units.

The second sales tax related fiscal impact relates to the one time transition cost. Under the state constitution, the state general fund budget must be prepared on a cash basis. Refunds to local units are made in the year after the actual purchases. The combination of these factors mean that in the first year the exemption is granted the state has to pay both the refund and the exemption amounts (current year exemptions plus refunds for previous year purchases). Because the exemption becomes effective July 1, 2005, the transitional cost will occur in 2005-06. The actual cost is divided between the state and local governments.

The bill also addresses the issue of transitioning counties and cities from a sales tax refund to an exemption. Actual historical sales tax refunds to these local units have been as follows:

Fiscal year	Counties	Municipalities
1993-94	$14,239,995	$22,476,829
1994-95	NA	NA
1995-96	20,122,552	26,436,834
1996-97	20,388,158	29,777,918
1997-98	22,541,073	30,641,945
1998-99	26,880,204	31,356,402
1999-00	26,975,128	30,977,212
2000-01	26,487,706	34,066,525
2001-02	29,284,899	35,381,885

Shifting these units from a refund to an exemption would result in a one-time transition cost similar to the loss encountered with shifting the schools. Using straight trend line analysis and

the historic state/local division of the cost associated with city and county refunds, suggests the following potential state losses:

Fiscal year	State
2004-05	48,921,503
2005-06	50,832,626
2006-07	52,743,749
2007-08	54,654,872
2008-09	56,565,995
2009-10	58,477,118

It should be noted that only one year of transition cost would actually occur. However, because Fiscal Research cannot determine in which year the General Assembly will actually make this change, we cannot identify the pertinent year and refund amount.

Kindergarten Date

Moving up by one month the date by which children must have turned five years old in order to enter kindergarten for the 2005-06 school year will render newly ineligible those children whose birthdays fall between September 17 and October 16, 2005.[1] Based on birth rates and other historical data regarding kindergarten enrollment the NC Department of Public Instruction (DPI) predicts that approximately 9,290 children will be affected by the policy. The one-time cost savings to the State associated with this many fewer children attending kindergarten in 2005-06 is calculated using the following assumptions:

- Average State appropriation per pupil in kindergarten is $5,000 (Source: DPI).
- Four% of the affected children will in fact enroll in kindergarten under the auspices of the statutory provision for early entry for "gifted" and "mature" children.[2]
- The State will save money only in the first year the policy is implemented because that is the only year in which fewer children than expected will be eligible for kindergarten entry. The savings derives from serving only eleven months' worth of children rather than the typical twelve months' worth.[3] In 2006-07 and subsequent years, a full twelve months' worth of children will once again be eligible each year.

The policy change will therefore produce a one-time reduction in expenditures from the State Public School Fund of $44,592,000 (=(9,290-371 students) X $5,000).

More At Four

[1] These children are eligible for kindergarten under current statute (G.S.115C-364).

[2] G.S. 115C-364(d)

[3] Children who reach the age of five years from September 17-October 16, 2005 will be ineligible for kindergarten in 2005-06, but those who reached that age during that time period in 2004 are still eligible for entry in 2004-05 and are assumed to enter for that school year. The cohort of children entering in 2005-06 therefore have birthdays spread over only eleven rather than twelve months.

The More At Four program will be impacted by the change of the enrollment date for kindergarten. The number of students currently enrolled in the More At Four program, whose birthdays fall between September 17 and October 16, 2004, is 425. This number is used as a proxy for the same cohort in 2005. The state program costs associated with serving these students for an additional year is $3,500 per student on average. The total fiscal impact to the state-funded More At Four program is $1.5 million for FY05.

The More At Four program pays 50% of the cost of the classroom education for the at-risk four-year-olds with county governments or other entities providing a 50% match; therefore, there is an additional $1.5 million impact for entities providing the required match.

The final impact relates to Smart Start. Because more children will likely remain in daycares that receive funding through Smart Start in 2005-06, there may be additional financial demands on that program. However, Fiscal Research cannot quantify the exact nature of that potential increase in demand. Therefore, no estimate is possible on this portion of the bill.

SOURCES OF DATA: NC Department of Revenue, NC Department of Public Instruction, North Carolina More At Four Program

TECHNICAL CONSIDERATIONS: Potentially the bill could result in the elimination of approximately 525 kindergarten teacher positions, for one year, assuming the state maintains the current ratios. However, the bill does not specifically address how this issue will be handled.

Re: HB 1233

Jo Ann Norris
Associate Executive
Public School Forum of NC

July 13, 2003

The Honorable Louis Pate
NC House of Representatives
Room 607, LOB
Raleigh, NC 27603-5925

Dear Representative Pate:

I have a speaking engagement in Brunswick County on Tuesday morning and, therefore, will not be able to attend the continued hearing of HB 1233 Efficiency: School Board Sales Tax in the House Finance Committee. As you are aware, the Education: Everybody's Business Coalition is on record in support of the change from a sales tax refund for local boards of education to a sales tax exemption. Such a change would provide much relief from a paperwork burden as well as cash flow delay. Given the deep cuts in education, LEAs need every available resource to maintain quality levels of funding without having to complete the burdensome paperwork requirement and then wait for the refund.

Neither the Coalition or the Forum has taken a position on moving the eligibility date for kindergarten from October 16 to September 16. Under these conditions, I usually do not share my personal views. However, in this one rare instance and because my field in my "earlier life" of almost twenty years as a classroom teacher in HeadStart, Kindergarten, first and second grades, was rooted in early childhood education, I should like to share my views on the kindergarten eligibility date issue. Some may contend that my actual teaching was so long ago that the experiences are no longer relevant to the issues of today. I would beg to disagree.

School readiness has always been a critical issue for children starting their formal schooling , but particularly in the public schools where movement can be more lock step than in private schools. The level of readiness at that formal beginning forever marks a child's eventual success. School readiness is an even more critical issue today given the intended and unintended consequences and impact of such rigorous reform initiatives as North Carolina's own ABCs Accountability Program and the federal No Child Left Behind Act. Today, the "high stakes" nature of our accountability program is even more heightened by the "all or nothing" nature of NCLB. The expectations for children starting kindergarten are far more rigorous than in times past (The expectations are clearly greater than in the early years of my career and far more rigorous than in the last years of my active teaching career.)

Once a child enters the formal schooling process, he/she is held to the expectations and standards for that age group and grade level and is expected to make the progression to the next grade level for the age group. While all educators strive to address each child's individual needs, society's reality and now federal legislation mandate that all children will meet the proficiency level for his /her age group. While our own ABCs measures the child's growth and rewards or sanctions that growth on a school-wide level, NCLB measures the child's actual proficiency level and the consequences for the child and the school are huge. (Just imagine, now the child is in a subgroup below AYP that caused the entire school to be labeled "Needs Improvement.") We cannot get there overnight. Hopefully, we can get there by the year 2013-14. And while we get there, the rigor increases for every child, including the young kindergartener who was not ready for kindergarten but was able to begin because his/her birthday was on or before October 16! While kindergarteners are not "tested" under the ABCs or NCLB, the rigorous curriculum does begin as do the expectations for success.

There has been a lot said about the "research" basis for the September 16 date. I would contend that there was no "research" basis for the October 16 date either. Over the course of my career, I have known and had conversations with many educators and parents which have validated for me that many, many early childhood teachers believe that the October 16 date to determine the eligibility of a child to enter kindergarten is not the most appropriate date. Most teachers have taught many children, especially little boys, who would have benefited greatly by the extra year at home or in a pre-school program without a formal accountability clock running on them. The issue is not "what difference does one month make." Rather, the issue should be, "what difference another year would make."

Current state law already has provisions for the four year old who is "ready" for kindergarten. If the principal of the school finds, based on information submitted by the child's parent or guardian, that the child if gifted and has the maturity to justify admission, the principal may admit that child to school.

Inasmuch as this section of the bill does not take effect until the 2005-06 school year, parents and schools should have ample time to plan. It must be remembered that no child in North Carolina is being deprived of the kindergarten experience. Two and three year olds today will have another year to develop their readiness for a rigorous, formal, public school career. On another note, given our projected increased student enrollment and decreased class size in k-2, I cannot imagine currently employed early childhood teachers losing their jobs due to decreased enrollment, if this is the issue that some have suggested.

I would like to engage in an in-depth discussion about this issue, but in the interest of the immediate time restraints, these are my immediate thoughts. I hope this is helpful to you in some way. Again, these are my personal thoughts and do not represent any organization or group.

Sincerely,

Jo Ann Norris

HOUSE BILL 896*
PROPOSED COMMITTEE SUBSTITUTE H896-CSLAf-40 [v.2]

7/9/2003 4:43:36 PM

Short Title: Increase Cosmetic Art Fees. (Public)

Sponsors:

Referred to:

April 7, 2003

A BILL TO BE ENTITLED

AN ACT AUTHORIZING THE NORTH CAROLINA BOARD OF COSMETIC ART EXAMINERS TO ESTABLISH NEW FEES AND TO INCREASE CERTAIN CURRENT FEES UNDER THE COSMETIC ART ACT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 88B-20 reads as rewritten:

"**§ 88B-20. Fees required.**

(a) The Board may charge the applicant the actual cost of preparation, administration, and grading of examinations for cosmetologists, apprentices, manicurists, estheticians, or teachers, in addition to its other fees.

(b) The Board may charge application fees as follows:

(1) Inspection of a newly established cosmetic art shop ..... ~~$ 25.00~~$ 70.00

(2) Inspection of a newly established school ..... $ 120.00

~~(2)~~(3) Reciprocity applicant under G.S. 88B-13 ..... ~~$ 15.00.~~$ 30.00

(4) Certification of records ..... $ 25.00

(5) Continuing education provider ..... $ 100.00 per year.

(c) The Board may charge license fees as follows:

(1) Cosmetologist ..... ~~$ 39.00 every 3 years~~$ 44.00 every two years

(2) Apprentice ..... ~~$ 10.00 per year~~$ 22.00 per year

(3) Esthetician ..... ~~$ 10.00 per year~~$ 44.00 every two years

(4) Manicurist ..... ~~$ 10.00 per year~~$ 44.00 every two years

(5) Teacher ..... ~~$ 10.00 every 2 years~~$ 44.00 every two years

(6) Cosmetic art shop ~~per active booth~~ with ..... ~~$ 3.00 per year~~

one to two booths ..... $ 15.00 per year

three to ten booths ..... $ 30.00 per year

eleven or more booths ..... $ 55.00 per year

(7) Cosmetic art school ..... ~~$ 50.00 per year~~$ 120.00 per year

(8) Duplicate license ..... ~~$ 1.00.~~$ 10.00.

(d) The Board may require payment of late fees and reinstatement fees as follows:

(1) Apprentice, cosmetologist, esthetician, manicurist, and teacher late renewal ..... ~~$ 10.00~~$ 50.00

(2) Cosmetic art schools and shops late renewal ..... ~~$ 10.00~~$ 35.00

(3) Reinstatement – cosmetic art schools and shops ..... ~~$ 25.00.~~$ 75.00.

(d1) The Board may require payment of miscellaneous fees as follows:

(1) Document request ..... $ 10.00

(2) Mailing list ..... $ 20.00

(3) License listing ..... $ 15.00 per list.

(e) The Board may prorate fees as appropriate."

SECTION 2. G.S. 88B-21 reads as rewritten:

"**§ 88B-21. Renewals; expired licenses.**

(a) Each license to operate a cosmetic art shop shall be renewed on or before the first day of February of each year. As provided in G.S. 88B-20, a late fee shall be charged for licenses renewed after February 1. Any license not renewed by March 1 of each year shall expire. A cosmetic art shop whose license has been expired for one year or less shall have the license reinstated immediately upon payment of the reinstatement fee, the late fee, and all unpaid license fees. The licensee shall submit to the Board, as a part of the renewal process, a list of all licensed cosmetologists who practice cosmetic art in the shop and shall identify each as an employee or a booth renter.

(b) Cosmetologist licenses shall be renewed on or before October 1 every ~~three years beginning October 1, 1998. A late fee shall be charged for renewals after that date.~~two years. Any license not renewed shall expire on October 1 of the year that renewal is required. The Board may develop and implement a plan for staggered license renewal and may prorate license fees to implement such a plan.

(c) ~~Apprentice, esthetician, and manicurist~~ Apprentice licenses shall be renewed annually on or before October 1 of each year. ~~A late fee shall be charged for the renewal of licenses after that date.~~ Any license not renewed shall expire on October 1 of that year.

(d) ~~Teacher~~ Teacher, esthetician, and manicurist licenses shall be renewed every two years on or before October 1. ~~A late fee shall be charged for the renewal of licenses after that date.~~ Any license not renewed shall expire on October 1 of that year.

(e) Prior to renewal of a teacher's license, the teacher shall annually complete a minimum of eight hours of continuing education which shall be approved by the Board. Teachers shall submit written documentation to the Board showing that they have satisfied the requirements of this subsection.

(f) If an apprentice, cosmetologist, esthetician, manicurist, or teacher fails to renew his or her license within five years following the expiration date, the licensee shall be required to pay the license fee for each year that the fees are delinquent and to pass an examination as prescribed by the Board before the license will be reinstated.

(g) Cosmetic art school licenses shall be renewed on or before October 1 of each year. A late fee shall be charged for licenses renewed after that date. Any license not renewed by November 1 of that year shall expire. A cosmetic art school whose license

has been expired for one year or less shall have its license reinstated upon payment of the reinstatement fee, the late fee, and all unpaid license fees."

SECTION 3. This act becomes effective January 1, 2004.

(7) Cosmetic art school ..... ~~$ 50.00 per year~~$ 120.00 per year

(8) Duplicate license ..... ~~$ 1.00.~~$ 10.00

(9) Inactive license ..... $ 10.00.

(d) The Board may require payment of late fees and reinstatement fees as follows:

(1) Apprentice, cosmetologist, esthetician, manicurist, and teacher late

renewal ..... ~~$ 10.00~~$ 50.00
(2) Cosmetic art schools and shops late renewal ..... ~~$ 10.00~~$ 35.00
(3) Reinstatement – cosmetic art schools and shops ..... ~~$ 25.00.~~$ 75.00.
(d1) The Board may require payment of miscellaneous fees as follows:
(1) Document request ..... $ 10.00
(2) Mailing list ..... $ 20.00
(3) License listing ..... $ 15.00 per list.
(e) The Board may prorate fees as appropriate."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 896:
Increase Cosmetic Art Fees

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Gibson
Date:	July 9, 2003	**Analysis by:**	Martha Walston
Version:	H896-CSLAf-40		Committee Counsel

SUMMARY: House Bill 896 authorizes the North Carolina Board of Cosmetic Art Examiners to establish new fees and to increase existing fees. Senate Bill 757, sponsored by Senator Garrou, is a companion bill.

BILL ANALYSIS: House Bill 896 authorizes the North Carolina board of Cosmetic Art Examiners to establish the following new fees:

Inspection of a newly established school	$120
Certification of records	$ 25
Continuing education provider	$100 per year
Document request	$ 10
Mailing list	$ 20
License listing	$ 15 per list

House Bill 896 authorizes the Board to increase the following existing fees:

FEE TYPE	CURRENT FEE	PROPOSED FEE
Inspection of newly established Cosmetic art shop	$25	$70
Reciprocity applicant	$15	$30
Cosmetologist license	$39 every 3 years	$44 every 2 years
Apprentice	$10 per year	$44 every 2 years
Esthetician	$10 per year	$44 every 2 years
Manicurist	$10 per year	$44 every 2 years
Teacher	$10 every 2 years	$44 every 2 years
Cosmetic art school	$50 per year	$120 per year
Duplicate license	$1	$10
Apprentice, cosmetologist, esthetician, Manicurist, and teacher late renewal	$10	$50
Cosmetic art schools and shops Late renewal	$10	$35
Reinstatement – schools and shops	$25	$75

Cosmetic art shop per active booth $3 per year

House Bill 896 amends the cosmetic art shop booth fee as follows:

NUMBER OF BOOTHS	PROPOSED FEE
One to two booths	$15 per year
Three to ten booths	$30 per year
Eleven or more booths	$55 per year

House Bill 896 makes conforming changes to the license renewal periods in G.S. 88B-21.

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

REVENUES					
General Fund	No Impact	No Impact	No Impact	No Impact	No Impact
Board of Cosmetic Art Examiners	$1,515,906	$1,515,906	$1,515,906	$1,515,906	$1,515,906
EXPENDITURES					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Board of Cosmetic Art Examiners
EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: The proposed bill changes the G.S. 88B-20 by establishing new fees and increasing certain current license fees under the Cosmetic Art Act.

ASSUMPTIONS AND METHODOLOGY:

License Fees Overview

The NC Board of Cosmetic Art Examiners (Board) has not implemented any changes in fees for several decades. Table 1 shows the year of last fee change, current fees, proposed fees, and amounts the current fees were equal to in the year they were established, adjusted for inflation.

Table 1. Analysis of Proposed Fee Changes

Fee	Year of Last Fee Change	Current Fee	Proposed Fee	Current Fees if Adjusted for Inflation
Application Fees				
Inspection of newly established shop	1976	$25	$70	$80.93
Inspection of newly established school	New Fee	N/A	$120	N/A
Reciprocity applicant under G.S. 88B-13	1963	$15	$30	$90.29
Certification of Records	New Fee	N/A	$25	N/A
Continuing Education Provider	New Fee	N/A	$100/year	N/A
License Fees				
Cosmetologist	1985	$13/year	$22/year	$22.25
Apprentice	1995	$10/year	$22/year	$12.09
Esthetician	1998	$10/year	$22/year	$11.30
Manicurist	1995	$10/year	$22/year	$12.09
Teacher	1984	$10/2 years	$22/years	$17.73
Cosmetic Art Shop	1976	$3/chair/year	1-2 chairs $15 3-10 chairs $30 11+ chairs $55	$27.87
Cosmetic Art School	1973	$50/year	$120/year	$207.43
Duplicate Fee	1975	$1	$10	$3.42
Late Fees and Reinstatement Fees				
Apprentice, cosmetologist, esthetician, manicurist, and teacher late renewal	1985	$10	$50	$17.12
Schools and shops late renewal	1976	$10	$35	$32.37
Reinstatement – schools and shops	1975	$25	$75	$85.59
Document Request	New Fee	N/A	$10	N/A
Mailing List	New Fee	N/A	$20	N/A
License Listing	New Fee	N/A	$15/list	N/A

The NC Board of Cosmetic Art Examiners (Board) estimates that the following licenses are in effect each year:

Esthetician	1,084	Manicurist	8,149
Cosmetic Art		Cosmetic Art Shops	11,737

Teacher	838		
Apprentice		Cosmetologist	45,679
Cosmetologist	863	Cosmetic Art Schools	121

Revenues

Based on the above information, Table 2 provides estimates on the current annual revenue generated from issuing the licenses, anticipated annual revenue after fee increases, and annual revenue gain for the Board.

Table 2 Affect of the Major Fee Changes on the Board Revenues

	Current Estimated Revenue	Proposed Estimated Revenue	Annual Revenue Gain
Cosmetologist	$593,827	$1,004,938	$411,111
Manicurist	$81,490	$179,278	$97,788
Esthetician	$10,840	$23,848	$13,008
Apprentice	$8,630	$18,986	$10,356
Teacher	$4,190	$18,436	$14,246
Total	*$698,977*	*$1,245,486*	*$546,509*
Shops	$109,561	$255,900	$146,339
Schools	$6,050	$14,520	$8,470
Grand Total	**$814,588**	**$1,515,906**	**$701,318**

The number of cosmetology professionals will likely increase in the future, which will affect the Board revenues. However no growth estimate is available to be included in the analysis.

Expenses

The Board estimates its annual expenses as they appear in Table 3. The Board estimates annual three-percent growth in their expenses.

Table 3. Estimated Monthly and Annual Expenses of the Board

Type of Expenses	2003-04	2004-05	2005-06	2006-07	2007-08
Personal Expenses	$106,090	$109,273	$112,551	$115,927	$119,405
Purchased Expenses	$41,200	$42,436	$43,709	$45,020	$46,371
Supplies	$2,060	$2,122	$2,185	$2,251	$2,319
Fixed Expenses	$5,150	$5,305	$5,464	$5,628	$5,796

Property, Plant, & Equip.	$2,060	$2,122	$2,185	$2,251	$2,319
Miscellaneous Expenses	$1,545	$1,591	$1,639	$1,688	$1,739
Monthly Expenses	$158,105	$162,848	$167,734	$172,766	$177,949
Annual Expenses	$1,897,260	$1,954,178	$2,012,803	$2,073,187	$2,135,383

Average Monthly Expenses: $167,880
Average Annual Expenses: $2,014,562

According to the Board, OSBM advises it to hold a minimum reserve of three months operating expenses. Based on the average monthly expenses of $167,880, the amount of three-months reserve would be $503,641.

The Board plans to address the discrepancy between proposed estimated revenues (Table 2) and estimated expenses (Table 3) by charging application fees as well as late and reinstatement fees that appear in Table 1.

The proposed legislation does not affect any of the programs or departments and does not produce fiscal impact on the State.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

HOUSE BILL 1315

Short Title:	Large County Law Enforcement Services.	(Public)
Sponsors:	Representative Rhodes.	
Referred to:	Finance.	

May 15, 2003

A BILL TO BE ENTITLED

AN ACT TO EXPAND THE OPTION FOR LARGE COUNTIES TO FUND AND PROVIDE LAW ENFORCEMENT SERVICES IN UNINCORPORATED AREAS AND CONCERNING LAW ENFORCEMENT SERVICES IN UNINCORPORATED AREAS OF MECKLENBURG COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 153A-301(a)(10) reads as rewritten:

"**§ 153A-301. Purposes for which districts may be established.**

(a) The board of commissioners of any county may define any number of service districts in order to finance, provide, or maintain for the districts one or more of the following services, facilities and functions in addition to or to a greater extent than those financed, provided or maintained for the entire county:

...

(10) Law enforcement if ~~all of the following apply:~~

~~a.~~ ~~The~~ The population of the county is over ~~500,000~~ 650,000 according to the most recent federal decennial census.

~~b. The county has an interlocal agreement with a city in the county under which the city provides law enforcement services in the entire unincorporated area of the county.~~

~~c. The county will pay to the city the following percentages of the city-county police department budget if there are no significant changes to the city's statutory annexation authority:~~

~~1. 9.60% for fiscal years 1995-96 and 1996-97.~~

~~2. 7.60% for fiscal years 1997-98 and 1998-99.~~

~~3. 5.60% for fiscal years 1999-2000 and 2000-2001.~~

~~4. 3.60% for fiscal years 2001-02 and 2002-03.~~

~~5. 1.60% for fiscal years 2003-04 and 2004-05.~~

~~Provided, if the difference between the ratio of the population in the unincorporated area to the total population served by the city-county police department and the rate for the current year as stated above is greater than fifteen percent (15%), the county's agreement to pay such percentages can be amended to reflect that difference.~~"

SECTION 2. Section 1 of Chapter 1170 of the 1969 Session Laws, as amended by Section 4 of Chapter 714 of the 1979 Session Laws, reads as rewritten:

"Section 1. Upon approval of the Board of Commissioners of Mecklenburg County all policemen of ~~the City of Charlotte~~ any municipality in the county shall thereafter be authorized and empowered to exercise throughout the portions of the unincorporated areas of the County of Mecklenburg designated by the county board of commissioners the same jurisdiction, authority, powers and rights, including arrest and service of criminal and civil process, which they are authorized by law to exercise within ~~the City of Charlotte,~~ that municipality's corporate limits and shall have the privileges and immunities, including coverage under Worker's Compensation laws, which they now have within the ~~City of Charlotte,~~ municipality's corporate limits, provided that ~~the City of Charlotte and~~ Mecklenburg County shall, prior to the exercise of any of said powers or authority, enter into an agreement setting forth the guidelines and procedures for implementation of this ~~Act.~~act with such municipality or municipalities; provided, however, the board of commissioners of the county may not authorize the police of one municipality to exercise law enforcement powers within another municipality's sphere of influence unless it has first offered that municipality the right to provide law enforcement services within its own sphere of influence on equivalent terms."

SECTION 3. This act becomes effective January 1, 2005.

HOUSE BILL 1315:
Large County Law Enforcement Services

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Rhodes
Date:	July 14, 2003	**Analysis by:**	Martha Walston
Version:	1st Edition		Committee Counsel

SUMMARY: ***House Bill 1315 does two things, effective January 1, 2005:***

- ***It amends G.S. 153A-301 by deleting certain requirements for establishing a law enforcement service district in a county and increasing the total population requirement to establish a law enforcement service district in a county.***
- ***It amends S.L. 1969-1170, as amended by SL 1979-714, to provide that police in any municipality in Mecklenburg County (was in the City of Charlotte) may exercise authority in certain unincorporated areas of the County.***

BILL ANALYSIS: G.S. 153A-301 lists the purposes for which a county may establish a service district. A law enforcement service district may be established if ALL of the following apply:

a. The population of the county is over 500,000 according to the most recent federal decennial census.
b. The county has an interlocal agreement with a city in the county under which the city provides law enforcement services in the entire unincorporated area of the county.
c. The county will pay to the city the following percentages of the city-county police department budget if there are no significant changes to the city' statutory annexation authority:
    1. 9.60% for fiscal years 1995-96 and 1996-97.
    2. 7.60% for fiscal years 1997-98 and 1998-99.
    3. 5.60% for fiscal years 1999-2000 and 2000-2001.
    4. 3.60% for fiscal years 2001-02 and 2002-03.
    5. 1.60% for fiscal years 2003-04 and 2004-05.

    Provided, if the difference between the ratio of the population in the unincorporated area to the total population served by the city-county police department and the rate for the current year as stated above is greater than 15%, the county's agreement to pay such percentages can be amended to reflect that difference.

Section 1 of HB 1315 increases the total population requirement of the county in sub-subdivision (a) from 500,000 to 650,000 and deletes the requirements in sub-subdivisions (b) and (c).

Section 2 of HB 1315 amends a local law which would allow the Mecklenburg County Board of Commissioners to give police in any municipality in the County the authority to exercise their powers in unincorporated areas of the County that have been designated by the County Board of Commissioners. The police may only exercise the power they have in that municipality's corporate limits. Police may not exercise law enforcement powers in another municipality's sphere of influence unless the County Board of Commissioners has first offered that municipality the right to provide law enforcement services within its own sphere of influence. The current local law allows the County Board of Commissioners to give this authority to the police in the City of Charlotte.

H 1315 Large County Law Enforcement Services

The City of Charlotte currently provides law enforcement services to the unincorporated areas of Mecklenburg County. The existing agreement with the City can be terminated by either party by giving at least 14 months notice prior to a July 1 effective termination date, or April 30 of the previous year.

The Mecklenburg County Manager is convening a committee of the chief public safety officers from each municipality, the manager of each municipality, the County Manager, and a designee of the County Manager. This ad hoc committee is to provide a long-range plan for law enforcement services in Mecklenburg County. The committee would identify funding requirements and specifically address the provision of law enforcement in the unincorporated areas of the County until such areas no longer exist. The committee would provide a report to each of the participating governing boards no later than February 15, 2004 and requests that upon receipt of the committee's report each elected body take any necessary action by April 15, 2004.

Under current law, the options for the committee to consider are:

1. Maintain the current agreement with the City of Charlotte
   - Fund using the Law Enforcement Service District Tax, or
   - Fund with a county-wide tax; or
2. Create a new Mecklenburg County Police Department
   - Fund with a county-wide tax; or
3. Fund the Mecklenburg County Sheriff's Department to provide police protection.
   - Fund with a county-wide tax.

Current statutes allow use of the law enforcement service district tax to fund police services for the unincorporated area only if those services are provided throughout the entire unincorporated area by a single city. Under current law, the only municipality that qualifies is the City of Charlotte.

H 1315 provides the committee with additional options and flexibility:

1. Contract with other municipalities to provide police protection outside of the municipality's corporate limits.

2. Fund law enforcement services in the unincorporated area using a law enforcement service district tax if such services are to be provided either by a new County Police Department, the Sheriff's Office, or a municipality other than the City of Charlotte.

By the numbers:

- Only 11% (55.7 square miles) of the County's geographic area consists of unincorporated area other than the City of Charlotte's sphere of influence (71% is the City of Charlotte and its sphere of influence, while 10% of the County is other municipalities and their spheres.).

- 2% of the County's population lives within the unincorporated area of the County, excluding the City of Charlotte's sphere of influence (15,882 of 736,784).

- Only 11% of the County's geographic area and 2% of its population are affected by this legislation.

Conclusion.

- The legislation is in no way critical of the City of Charlotte or its police department.

- The legislation does not mandate any action by the committee or the County. It merely provides for potential cost-saving options to the current agreement.

North Carolina General Assembly

House Committee on Finance

Minutes

~

July 15, 2003 – 4:45 P.M.
(Upon the Adjournment of Session)

The House Committee on Finance met on Tuesday, July 15, 2003 at 4:45 pm for an urgent "around the table" meeting in the House Chamber at the desk of Chairman David Miner. The following members were present: Chairpersons G. Allen, Howard, Luebke, McComas, Miner, and Wainwright; Vice-Chairs Alexander, Decker, Gibson, and Hill; Representatives Blackwood, Bordsen, Carney, Creech, Ellis, Hackney, Holliman, Jones, Lewis, McCombs, McGee, Munford, Rayfield, Setzer, Weiss, and C. Wilson. Martha Walston was the only staff person present. No official agenda for the meeting was prepared and no record of visitors was taken.

Chairman Miner called the meeting to order at 4:45 pm and informed the members that the purpose of the meeting was to discuss a recommendation of either concurrence or non-concurrence on the Senate Committee Substitute for **HB 1294 - QUALIFIED BUSINESS CREDIT/PORTS CREDIT** (see attachment 1), sponsored by Representative Gordon Allen. Representative Luebke was recognized first by the Chair and informed the Committee members that he and the other five Chairs had discussed this matter prior to the announcement of the meeting were inclined to recommend non-concurrence on the bill with a request for conferees. He explained this by stating that the Ports Credit section of the bill was not included in the House version and the Chairs felt that further discussion of the bill was necessary because of this. Specifically, Representative Luebke mentioned that the Senate had set the duration of the Ports Tax Credit at five years. He voiced his concern over such a long period, noting that the Ports Authority had not even made contact with the House Finance Committee. Representative Luebke stated that he was originally proposing a one-year extension of the credit, but was willing to compromise to three years. He maintained, however, that five years was simply too long a period. Representative Gibson was then recognized, , and spoke in opposition to Representative Luebke. He noted his opinion that an extension of one year or even three years could seriously decrease the opportunities for those investing in the port area. Representative Ellis, who was recognized next, agreed with Representative Gibson that the tax credit needed to be extended as long as possible so that those investing could recoup as much of their initial investment as possible.

Chairman Miner recognized Representative Hackney next who inquired as to why this issue was being heard in such a manner (inside the Chamber) and with such urgency. He further stated his disagreement of the discussion and made a motion that the meeting be adjourned. As the House rules do not allow for debate on motions of adjournment, Chairman Miner called the vote. Division among the members was called, the count was taken, and with 11 ayes and 14 nays, the motion failed. Representative Gibson was then recognized and moved that the Committee offer a report

that the House **DO** concur on HB 1294. Representatives Creech, Wilson, and Rayfield, who all stated they saw the five-year extension of the ports credit as an absolute minimum, offered him support of the motion. The Chair then recognized Representative Luebke, however, who objected to the motion stating that the Committee had far too little information on the contents on the Senate Committee Substitute of the bill to make such a decision during the meeting. He clearly noted his opinion that the serious consideration of this bill by the Committee members was "inappropriate" given the circumstances of the meeting. Representative Gibson was recognized to respond and noted that the extension of the credit for five years would have no more fiscal impact each year than if it were extended five times for one-year at a time. He stated simply that the purpose of the credit was to allow businesses to extend their businesses deals. He also reminded the members of the need of the Legislature's help in the coastal parts of the state.

Chairman Miner once again recognized Representative Luebke who made a second motion for adjournment. Again, as no debate was allowed, the Chair then called the vote. Division was called once again and by a vote of 8 ayes and 16 nays, the motion for adjournment failed. Representative Gibson was then recognized and reiterated his earlier motion for a recommendation of concurrence to the Senate Committee Substitute Bill for HB 1294. Seeing no further discussion, Chairman Miner called the vote and the motion carried.

Having no further business before the Committee, Chairman Miner then adjourned the meeting at 5:07 pm.

Respectfully submitted,

Representative David Miner
Presiding Chair

Jason A. Cannon
Clerk, House Committee on Finance

SESSION 2003

H 4

HOUSE BILL 1294

Committee Substitute Favorable 6/11/03
Senate Finance Committee Substitute Adopted 6/26/03
Fourth Edition Engrossed 7/9/03

Short Title: Qualified Business Credit/Ports Credit. (Public)

Sponsors:

Referred to:

May 15, 2003

A BILL TO BE ENTITLED

AN ACT TO EXPAND THE QUALIFIED BUSINESS INVESTMENTS TAX CREDIT AND TO EXTEND THE SUNSET ON THE STATE PORTS TAX CREDIT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-163.015 reads as rewritten:

"**§ 105-163.015. Sunset.**

This Part is repealed effective for investments made on or after January 1, ~~2004.~~2007."

SECTION 2. G.S. 105-163.010 reads as rewritten:

"**§ 105-163.010. Definitions.**

The following definitions apply in this Part:

...

(5a) Granting entity. – Any of the following:

a. A domestic or foreign corporation that (i) is tax-exempt pursuant to section 501(c)(3) of the Code, (ii) has as its principal purpose the stimulation of the development of the biotechnology industry, and (iii) in furtherance of that purpose has received, or is a successor in interest to an organization that has received, direct appropriations from the State in at least three fiscal years.

b. A domestic or foreign corporation that meets the following three conditions:

1. It is tax-exempt pursuant to section 501(c)(3) of the Code, is a private foundation pursuant to section 509 of the Code, or is an affiliate of either of the foregoing.

2. It has as its principal purpose one of the following: conducting research and development in, or stimulating the development of, electronic, photonic, information, or other technologies, which may include investing in companies that provide research, development, products, or services in these technologies.
3. It meets one of the following conditions:
   I. It received direct appropriations in furtherance of one of these purposes from the State in at least three fiscal years.
   II. It was organized to perform one of these purposes for an organization that meets condition I of this sub-subdivision.
   III. It is an affiliate of an entity that meets condition II of this sub-subdivision.

c. An institute that (i) is administratively located within a constituent institution of The University of North Carolina, (ii) is financed in part by a domestic or foreign corporation that is tax-exempt pursuant to section 501(c)(3) of the Code, (iii) has as a principal purpose the stimulation of economic development based on the advancement of science, engineering, and technology, and (iv) funds, either directly or in collaboration with other entities, small businesses engaging in developing technology.

...

(7b) Qualified business. – A qualified business venture, a qualified grantee business, or a qualified licensee business.

...

(9) Qualified grantee business. – A business that (i) is registered with the Secretary of State under G.S. 105-163.013, and (ii) has received during the current year or any of the preceding three years a ~~grant~~ grant, an investment, or other funding from a federal agency under the Small Business Innovation Research Program administered by the United States Small Business Administration or from a granting entity as defined in this section. ~~an organization that meets any of the following qualifications:~~

~~a. It is a domestic or foreign corporation that (i) is tax-exempt pursuant to section 501(c)(3) of the Code, (ii) has as its principal purpose the stimulation of the development of the biotechnology industry, and in furtherance of that purpose has received, or is a successor in interest to an organization that has received, direct appropriations from the State in at least three fiscal years.~~

~~b. It is a domestic or foreign corporation that (i) is tax-exempt pursuant to section 501(c)(3) of the Code, (ii) has as its principal purpose the stimulation of the development of the microelectronics and communication industries, and (iii) in furtherance of that purpose has received, or is a successor in interest to an organization that has received, direct appropriations from the State in at least three fiscal years.~~

~~c. It is an institute that (i) is administratively located within a constituent institution of The University of North Carolina, (ii) is financed in part by a domestic or foreign corporation that is tax-exempt pursuant to section 501(c)(3) of the Code, (iii) has as a principal purpose the stimulation of economic development based on the advancement of science, engineering, and technology, and (iv) funds, either directly or in collaboration with other entities, small businesses engaging in developing technology.~~

(9a) Qualified licensee business. – A business that meets all of the following conditions:

a. It is registered with the Secretary of State under G.S. 105-163.013.

b. During its most recent fiscal year before filing an application for registration under G.S. 105-163.013, it had gross revenues, as determined in accordance with generally accepted accounting principles, of one million dollars ($1,000,000) or less on a consolidated basis.

c. It has been certified by a constituent institution of The University of North Carolina or a research university as currently performing under a licensing agreement with the institution or university for the purpose of commercializing technology developed at the institution or university. For the purpose of this section, a research university is an institution of higher education classified as a Doctoral/Research University, Extensive or Intensive, in the most recent edition of "A Classification of Institutions of Higher Education", the official report of The Carnegie Foundation for the Advancement of Teaching."

SECTION 3. G.S. 105-163.011 reads as rewritten:

"**§ 105-163.011. Tax credits allowed.**

(a) No Credit for Brokered Investments. – No credit is allowed under this section for a purchase of equity securities or subordinated debt if a broker's fee or commission or other similar remuneration is paid or given directly or indirectly for soliciting the purchase.

(b) Individuals. – Subject to the limitations contained in G.S. 105-163.012, an individual who purchases the equity securities or subordinated debt of a qualified

~~business venture or a qualified grantee~~ business directly from that business is allowed as a credit against the tax imposed by Part 2 of this Article for the taxable year an amount equal to twenty-five percent (25%) of the amount invested. The aggregate amount of credit allowed an individual for one or more investments in a single taxable year under this Part, whether directly or indirectly as owner of a pass-through entity, may not exceed fifty thousand dollars ($50,000). The credit may not be taken for the year in which the investment is made but shall be taken for the taxable year beginning during the calendar year in which the application for the credit becomes effective as provided in subsection (c) of this section.

(b1) Pass-Through Entities. – This subsection does not apply to a pass-through entity that has committed capital under management in excess of five million dollars ($5,000,000) or to a pass-through entity that is a qualified ~~grantee business, a qualified business venture,~~business or a North Carolina Enterprise Corporation. Subject to the limitations provided in G.S. 105-163.012, a pass-through entity that purchases the equity securities or subordinated debt of a qualified ~~grantee business or a qualified business venture~~ business directly from the business is eligible for a tax credit equal to twenty-five percent (25%) of the amount invested. The aggregate amount of credit allowed a pass-through entity for one or more investments in a single taxable year under this Part, whether directly or indirectly as owner of another pass-through entity, may not exceed seven hundred fifty thousand dollars ($750,000). The pass-through entity is not eligible for the credit for the year in which the investment by the pass-through entity is made but shall be eligible for the credit for the taxable year beginning during the calendar year in which the application for the credit becomes effective as provided in subsection (c) of this section.

Each individual who is an owner of a pass-through entity is allowed as a credit against the tax imposed by Part 2 of this Article for the taxable year an amount equal to the owner's allocated share of the credits for which the pass-through entity is eligible under this subsection. The aggregate amount of credit allowed an individual for one or more investments in a single taxable year under this Part, whether directly or indirectly as owner of a pass-through entity, may not exceed fifty thousand dollars ($50,000).

If an owner's share of the pass-through entity's credit is limited due to the maximum allowable credit under this section for a taxable year, the pass-through entity and its owners may not reallocate the unused credit among the other owners.

(c) Application. – To be eligible for the tax credit provided in this section, the taxpayer must file an application for the credit with the Secretary on or before April 15 of the year following the calendar year in which the investment was made. The Secretary may grant extensions of this deadline, as the Secretary finds appropriate, upon the request of the taxpayer, except that the application may not be filed after September 15 of the year following the calendar year in which the investment was made. An application is effective for the year in which it is timely filed. The application shall be on a form prescribed by the Secretary and shall include any supporting documentation that the Secretary may require. If an investment for which a credit is applied for was paid for other than in money, the taxpayer shall include with the application a certified appraisal of the value of the property used to pay for the investment. The application for

a credit for an investment made by a pass-through entity must be filed by the pass-through entity.

(d) Penalties. – The penalties provided in G.S. 105-236 apply in this Part."

SECTION 4. G.S. 105-163.012(d) reads as rewritten:

"(d) The taxpayer's basis in the equity securities or subordinated debt acquired as a result of an investment in a qualified ~~business venture or qualified grantee~~ business shall be reduced for the purposes of this Article by the amount of allowable credit. 'Allowable credit' means the amount of credit allowed under G.S. 105-163.011 reduced as provided in subsection (c) of this section."

SECTION 5. G.S. 105-163.013 reads as rewritten:

"**§ 105-163.013. Registration.**

(a) Repealed by Session Laws 1993, c. 443, s. 4.

(b) Qualified Business Ventures. – In order to qualify as a qualified business venture under this Part, a business must be registered with the Securities Division of the Department of the Secretary of State. To register, the business must file with the Secretary of State an application and any supporting documents the Secretary of State may require from time to time to determine that the business meets the requirements for registration as a qualified business venture. A business meets the requirements for registration as a qualified business venture if all of the following are true as of the date the business files the required application:

(1) Repealed by Session Laws 1996, Second Extra Session, c. 14, s. 7.

(1a) Reserved for future codification purposes.

(1b) Either (i) it was organized after January 1 of the calendar year in which its application is filed or (ii) during its most recent fiscal year before filing the application, it had gross revenues, as determined in accordance with generally accepted accounting principles, of five million dollars ($5,000,000) or less on a consolidated basis.

(2) Repealed by Session Laws 1996, Second Extra Session, c. 14, s. 7.

(3) It is organized to engage primarily in manufacturing, processing, warehousing, wholesaling, research and development, or a service-related industry.

(4) It does not engage as a substantial part of its business in any of the following:

a. Providing a professional service as defined in Chapter 55B of the General Statutes.

b. Construction or contracting.

c. Selling or leasing at retail.

d. The purchase, sale, or development, or purchasing, selling, or holding for investment of commercial paper, notes, other indebtedness, financial instruments, securities, or real property, or otherwise make investments.

e. Providing personal grooming or cosmetics services.

f. Offering any form of entertainment, amusement, recreation, or athletic or fitness activity for which an admission or a membership is charged.

(5) It was not formed for the primary purpose of acquiring all or part of the stock or assets of one or more existing businesses.

(6) It is not a real estate-related business.

The effective date of registration for a qualified business venture whose application is accepted for registration is 60 days before the date its application is filed. No credit is allowed under this Part for an investment made before the effective date of the registration or after the registration is revoked. For the purpose of this Article, if a taxpayer's investment is placed initially in escrow conditioned upon other investors' commitment of additional funds, the date of the investment is the date escrowed funds are transferred to the qualified business venture free of the condition.

To remain qualified as a qualified business venture, the business must renew its registration annually as prescribed by rule by filing a financial statement for the most recent fiscal year showing gross revenues, as determined in accordance with generally accepted accounting principles, of five million dollars ($5,000,000) or less on a consolidated basis and an application for renewal in which the business certifies the facts required in the original application.

Failure of a qualified business venture to renew its registration by the applicable deadline shall result in revocation of its registration effective as of the next day after the renewal deadline, but shall not result in forfeiture of tax credits previously allowed to taxpayers who invested in the business except as provided in G.S. 105-163.014. The Secretary of State shall send the qualified business venture notice of revocation within 60 days after the renewal deadline. A qualified business venture may apply to have its registration reinstated by the Secretary of State by filing an application for reinstatement, accompanied by the reinstatement application fee and a late filing penalty of one thousand dollars ($1,000), within 30 days after receipt of the revocation notice from the Secretary of State. A business that seeks approval of a new application for registration after its registration has been revoked must also pay a penalty of one thousand dollars ($1,000). A registration that has been reinstated is treated as if it had not been revoked.

If the gross revenues of a qualified business venture exceed five million dollars ($5,000,000) in a fiscal year, the business must notify the Secretary of State in writing of this fact by filing a financial statement showing the revenues of the business for that year.

(b1) Qualified Licensee Businesses. – In order to qualify as a qualified licensee business under this Part, a business must be registered with the Securities Division of the Department of the Secretary of State. To register, the business must file with the Secretary of State an application and any supporting documents the Secretary of State may require from time to time to determine that the business meets the requirements for registration as a qualified licensee business. The requirements for registration as a qualified licensee business are set out in G.S. 105-163.010.

The effective date of registration for a qualified licensee business whose application is accepted for registration is the filing date of its application. No credit is allowed under this Part for an investment made before the effective date of the registration or after the registration is revoked.

To remain qualified as a qualified licensee business, the business must renew its registration annually as prescribed by rule by filing a financial statement for the most recent fiscal year showing gross revenues, as determined in accordance with generally accepted accounting principles, of one million dollars ($1,000,000) or less on a consolidated basis and an application for renewal in which the business certifies the facts required in the original application.

Failure of a qualified licensee venture to renew its registration by the applicable deadline results in revocation of its registration effective as of the next day after the renewal deadline, but does not result in forfeiture of tax credits previously allowed to taxpayers who invested in the business except as provided in G.S. 105-163.014. The Secretary of State shall send the qualified licensee business notice of revocation within 60 days after the renewal deadline. A qualified licensee business may apply to have its registration reinstated by the Secretary of State by filing an application for reinstatement, accompanied by the reinstatement application fee and a late filing penalty of one thousand dollars ($1,000), within 30 days after receipt of the revocation notice from the Secretary of State. A business that seeks approval of a new application for registration after its registration has been revoked must also pay a penalty of one thousand dollars ($1,000). A registration that has been reinstated is treated as if it had not been revoked.

If the gross revenues of a qualified business venture exceed one million dollars ($1,000,000) in a fiscal year, the business must notify the Secretary of State in writing of this fact by filing a financial statement showing the revenues of the business for that year.

(c) Qualified Grantee Businesses. – In order to qualify as a qualified grantee business under this Part, a business must be registered with the Securities Division of the Department of the Secretary of State. To register, the business must file with the Secretary of State an application and any supporting documents the Secretary of State may require from time to time to determine that the business meets the requirements for registration as a qualified grantee business. The requirements for registration as a qualified grantee business are set out in G.S. 105-163.010.~~G.S. 105-163.010(9).~~

The effective date of registration for a qualified grantee business whose application is accepted for registration is the filing date of its application. No credit is allowed under this Part for an investment made before the effective date of the registration or after the registration is revoked.

To remain qualified as a qualified grantee business, the business must renew its registration annually as prescribed by rule by filing an application for renewal in which the business certifies the facts ~~listed in this subsection.~~demonstrating that it continues to meet the applicable requirements for qualification.

(d) Application Forms; Rules; Fees. – Applications for registration, renewal of registration, and reinstatement of registration under this section shall be in the form

required by the Secretary of State. The Secretary of State may, by rule, require applicants to furnish supporting information in addition to the information required by subsections ~~(b)~~(b), (b1), and (c) of this section. The Secretary of State may adopt rules in accordance with Chapter 150B of the General Statutes that are needed to carry out the Secretary's responsibilities under this Part. The Secretary of State shall prepare blank forms for the applications and shall distribute them throughout the State and furnish them on request. Each application shall be signed by the owners of the business or, in the case of a corporation, by its president, vice-president, treasurer, or secretary. There shall be annexed to the application the affirmation of the person making the application in the following form: "Under penalties prescribed by law, I certify and affirm that to the best of my knowledge and belief this application is true and complete." A person who submits a false application is guilty of a Class 1 misdemeanor.

The fee for filing an application for registration under this section is one hundred dollars ($100.00). The fee for filing an application for renewal of registration under this section is fifty dollars ($50.00). The fee for filing an application for reinstatement of registration under this section is fifty dollars ($50.00).

An application for renewal of registration under this section ~~shall~~ must indicate whether the applicant is a minority business, as defined in G.S. 143-128, and ~~shall~~ include a report of the number of jobs the business created during the preceding year that are attributable to investments that qualify under this section for a tax credit and the average wages paid by each job. An application that does not contain this information is incomplete and the applicant's registration may not be renewed until the information is provided.

(e) Revocation of Registration. – If the Securities Division of the Department of the Secretary of State finds that any of the information contained in an application of a business registered under this section is false, it shall revoke the registration of the business. The Secretary of State shall not revoke the registration of a business solely because it ceases business operations for an indefinite period of time, as long as the business renews its registration each year as required under ~~G.S. 105-163.013.~~this section.

(f) Transfer of Registration. – A registration as a qualified ~~business venture or qualified grantee~~ business may not be sold or otherwise transferred, except that if a qualified ~~business venture or qualified grantee~~ business enters into a merger, conversion, consolidation, or other similar transaction with another business and the surviving company would otherwise meet the criteria for being a qualified ~~business venture or qualified grantee~~ business, the surviving company retains the registration without further application to the Secretary of State. In such a case, the qualified ~~business venture or qualified grantee~~ business ~~shall~~ must provide the Secretary of State with written notice of the merger, conversion, consolidation, or similar transaction and the name, address, and jurisdiction of incorporation or organization of the surviving company.

(g) Report by Secretary of State. – The Secretary of State shall report to the Revenue Laws Study Committee by October 1 of each year all of the businesses that have registered with the Secretary of State as qualified business ~~ventures~~ ventures,

qualified licensee businesses, and qualified grantee businesses. The report shall include the name and address of each business, the location of its headquarters and principal place of business, a detailed description of the types of business in which it engages, whether the business is a minority business as defined in G.S. 143-128, the number of jobs created by the business during the period covered by the report, and the average wages paid by these jobs."

SECTION 6. G.S. 105-163.014 reads as rewritten:

"**§ 105-163.014. Forfeiture of credit.**

(a) Participation in Business. – A taxpayer who has received a credit under this Part for an investment in a qualified ~~business venture or qualified grantee~~ business forfeits the credit if, within three years after the investment was made, the taxpayer participates in the operation of the qualified ~~business venture or qualified grantee~~ business. For the purpose of this section, a taxpayer participates in the operation of a qualified ~~business venture or a qualified grantee~~ business if the taxpayer, the taxpayer's spouse, parent, sibling, or child, or an employee of any of these individuals or of a business controlled by any of these individuals, provides services of any nature to the qualified ~~business venture or qualified grantee~~ business for compensation, whether as an employee, a contractor, or otherwise. However, a person who provides services to a qualified ~~business venture or a qualified grantee~~ business, whether as an officer, a member of the board of directors, or otherwise does not participate in its operation if the person receives as compensation only reasonable reimbursement of expenses incurred in providing the services, participation in a stock option or stock bonus plan, or both.

(b) False Application. – A taxpayer who has received a credit under this Part for an investment in a qualified ~~business venture or a qualified grantee~~ business forfeits the credit if the registration of the qualified ~~business venture or qualified grantee~~ business is revoked because information in the registration application was false at the time the application was filed with the Secretary of State.

(c) Repealed by Session Laws 1996, Second Extra Session, c. 14, s. 7.

(d) Transfer or Redemption of Investment. – A taxpayer who has received a credit under this Part for an investment in a qualified ~~business venture or a qualified grantee~~ business forfeits the credit in the following cases:

(1) Within one year after the investment was made, the taxpayer transfers any of the securities received in the investment that qualified for the tax credit to another person or entity, other than in a transfer resulting from one of the following:

a. The death of the taxpayer.

b. A final distribution in liquidation to the owners of a taxpayer that is a corporation or other entity.

c. A merger, conversion, consolidation, or similar transaction requiring approval by the owners of the qualified ~~business venture or qualified grantee~~ business under applicable State law, to the extent the taxpayer does not receive cash or tangible property in the merger, conversion, consolidation, or other similar transaction.

(2) Except as provided in subsection (d1) of this section, within five years after the investment was made, the qualified ~~business venture or qualified grantee~~ business in which the investment was made makes a redemption with respect to the securities received in the investment.

In the event the taxpayer transfers fewer than all the securities in a manner that would result in a forfeiture, the amount of the credit that is forfeited is the product obtained by multiplying the aggregate credit attributable to the investment by a fraction whose numerator equals the number of securities transferred and whose denominator equals the number of securities received on account of the investment to which the credit was attributable. In addition, if the redemption amount is less than the amount invested by the taxpayer in the securities to which the redemption is attributable, the amount of the credit that is forfeited is further reduced by multiplying it by a fraction whose numerator equals the redemption amount and whose denominator equals the aggregate amount invested by the taxpayer in the securities involved in the redemption. The term "redemption amount" means all amounts paid that are treated as a distribution in part or full payment in exchange for securities under section 302(a) of the Code.

(d1) Certain Redemptions Allowed. – Forfeiture of a credit does not occur under this section if a qualified business venture that engages primarily in motion picture film production makes a redemption with respect to securities received in an investment and the following conditions are met:

(1) The redemption occurred because the qualified business venture completed production of a film, sold the film, and was liquidated.

(2) Neither the qualified business venture nor a related person continues to engage in business with respect to the film produced by the qualified business venture.

(e) Effect of Forfeiture. – A taxpayer who forfeits a credit under this section is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited; a taxpayer who fails to pay the past taxes and interest by the due date is subject to the penalties provided in G.S. 105-236."

SECTION 7. G.S. 105-130.41(d) reads as rewritten:

"(d) Sunset. – This section is repealed effective for taxable years beginning on or after January 1, ~~2004.~~2009."

SECTION 8. G.S. 105-151.22(d) reads as rewritten:

"(d) Sunset. – This section is repealed effective for taxable years beginning on or after January 1, ~~2004.~~2009."

SECTION 9. Sections 1 through 6 of this act become effective for taxable years beginning on or after January 1, 2004. The remainder of this act is effective when it becomes law.

___Reading Clerk - House Chamber

--- Jason A. Cannon (Committee Clerk)

Re: HB 1264
by: Rep Gibson

NORTH CAROLINA PORTS®

EXTENSION OF THE SUNSET OF THE NORTH CAROLINA STATE PORTS AUTHORITY TAX CREDIT FROM JANUARY 1, 2004 UNTIL JANUARY 1, 2009

HOW THE STATE PORTS TAX CREDIT WORKS:

- The State Ports Tax Credit can be earned on cargo wharfage and handling fees that exceed the average for the last three years.
- The amount of credit allowed to a Company is equal to the excess of fees.
- The credit cannot exceed 50% of the amount of tax imposed. Any unused portion of the credit may be carried forward for five years.
- The maximum cumulative credit that can be claimed is $2 million.

In 2002, the statewide economic impact of the tax credit provided over 1,016 jobs and generated over $3.8 million in tax revenues.

COMPANIES THAT RECEIVED THE TAX CREDIT IN FY 2002-2003

Cato Corporation	Charlotte, NC	(clothing)
Progressive Furniture	Claremont, NC	(furniture)
Acacia Home & Garden	Conover, NC	(furniture)
Uchiyama America	Goldsboro, NC	(metal machinery parts)
Regency House	Hickory, NC	(furniture)
Bernards	High Point, NC	(furniture)
Harvey Price Cotton	Kinston, NC	(cotton)
Carolina Holdings	Raleigh, NC	(lumber)
Sinai International Company, Inc.	Raleigh, NC	(wholesale goods)
Hart Furniture	Siler City, NC	(furniture)
Whitewood Industries	Thomasville, NC	(furniture)
Legacy Classic Furniture	Whitsett, NC	(furniture)
Down Island Enterprises	Wilmington, NC	(house wares)
Wilmington Bulk	Wilmington, NC	(grain)
Standard Commercial Tobacco	Wilson, NC	(tobacco)

No company has qualified for the State Ports Tax Credit for wood chip shipments through the port since 1998.

2003 COMMITTEE REPORT
HOUSE OF REPRESENTATIVES

The following report(s) from standing committee(s) is/are presented:
By Representatives **G. Allen, Howard, Luebke, McComas, Miner, and Wainwright** (Chairs) for the Committee on **FINANCE**.

☒ Senate Committee Substitute for
H.B. 1294 A BILL TO BE ENTITLED AN ACT TO EXPAND THE QUALIFIED BUSINESS INVESTMENTS TAX CREDIT AND TO EXTEND THE SUNSET ON THE STATE PORTS TAX CREDIT.

North Carolina General Assembly

House Committee on Finance

Minutes

~

July 16, 2003

The House Committee on Finance met on Wednesday, July 16, 2003 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Luebke, McComas, Miner, and Wainwright; Vice-Chairs Alexander, Decker, Gibson, and Hill; Representatives Blackwood, Bordsen, Capps, Carney, Creech, Ellis, Glazier, Hackney, Holliman, Jones, Lewis, Munford, Rayfield, Ross, Setzer, Starnes, Weiss, C. Wilson, and Womble. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Bill Sullivan. Staff persons present included Cindy Avrette, Richard Bostic, Brenda Carter, Gerry Cohen, David Crotts, Trina Griffin, Linda Millsaps, Alexei Pavlichev, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman Miner called the meeting to order at 8:39 am and recognized the six (6) pages present: (1) James Beckner, III of Haywood County, sponsored by Representative Haire; (2) Matthew Crutchfield of Wake County, sponsored by Representative Miner; (3) Stephen Gourley of Wayne County, sponsored by Representative Pate; (4) Bryan Nicholls of Beaufort County, sponsored by Representative A. Williams; (5) Sara Seiling of Gates County, sponsored by Representative Culpepper; and (6) Cameron Tinkham of Gates County, sponsored by Representative Culpepper.

The first bill called for consideration by the Chairman was **SB 633 – MODIFY UNC BOND LAW** (see attachment 3), sponsored by Senator Clodfelter. Chairman Miner recognized Senator Clodfelter to explain the bill. He stated that the bill makes the maximum maturity for special obligation bonds more consistent with other University debt obligations by increasing the maximum maturity from 25 years to 30 years. He explained that this extended period of bond indebtedness actually decreased the total amount owed because of the potential for loans and bonds at better/lower interest rates. The Chair also recognized Mr. Rob Nelson, Associate Vice-Chancellor of Finance for the University of the North Carolina System, who was present and spoke in support of the bill. Chairman Miner then recognized Representative Glazier who moved that SB 633 receive a favorable report. Seeing no further discussion, the Chair called the vote and the motion carried without opposition.

Chairman Miner then called upon Senator Smith for explanation of **SB 168 – ECONOMIC DEVELOPMENT DISTRICT** (see attachment 4). Senator Smith then explained that the bill was a statewide bill overall, but also included provisions for a specific economic development and training district in Johnston County. He stated that the Town of Clayton and other municipalities in the area as well as the County of Johnston supported the bill. Specifically, as the bill summary explains, SB 168 "provides for the creation of economic development and training districts for the

purpose of providing a skills training center to prepare county residents to perform manufacturing, research and development, and related service and support jobs in pharmaceutical, biotech, life science, chemical, telecommunications, and electronics industries. A county may levy property taxes within the district, in addition to those levied throughout the county, in order to finance the skills training center. **A municipality cannot annex property within a district.**" Following this detailed explanation, Representatives Gibson and C. Wilson voiced their support, noting that the bill offers a unique and creative technique for economic development. Representative Ellis also stated that the district provided an excellent incentive for companies to locate there. Representative Creech, upon recognition of the Chair, then moved that the bill be given a favorable report. However, Representative Womble was recognized next by the Chair and stated his desire hear of any controversy on the bill, specifically from the North Carolina League of Municipalities (NCLM). Mr. Andy Romenet, General Counsel for the NCLM, was then recognized and stated that his concern with the bill was the fact that it was a statewide bill and not a local bill affecting only Johnston County. Representative Womble was troubled by these facts, noting that what may be good in Johnston County for the Town of Clayton could be seen as a loss of annexation powers and tax revenues to other municipalities in the state. Representative Hackney was likewise concerned and was recognized to inquire with the bill sponsor as to why the NCLM's concerned had not been addressed. Chairman Miner recognized Senator Smith who responded to Representative Hackney's inquiry by stating simply that he couldn't foresee this bill ever affecting any other area (besides Johnston County). Representatives Weiss and Hackney were then recognized and voiced their opinion that a solution to their concerns on the bill would be to allow counties to exempt themselves from the bill's provisions concerning municipal annexation of economic development and training districts. Representative Hackney was then again recognized to send forth an amendment. He explained his amendment as an action to restrict the annexation limitations of the bill to Johnston County only and moved its adoption. Seeing no discussion, Chairman Miner then called the amendment to a vote and it was adopted by consent. Representative Creech then moved again that SB 168 be given a favorable report, as amended. The Chair called the vote and the motion carried by consent.

SB 324 – INCREASE HOMEOWNER'S RECOVERY FUND FEE (see attachment 5), sponsored by Senator Hoyle, was the next bill considered by the Committee. Rep. G. Allen was recognized by the Chair to explain the bill. He stated that the bill increases the fee that a general contractor must pay into the Homeowner's Recovery Fund. The Fund reimburses homeowners who have suffered a "reimbursable loss" in construction or alteration of a single-family home. Mr. Paul Wilms with the North Carolina Home Builder's Association and Ms. Patrice Rosler with the North Carolina Association of County Commissioners were present and voiced their support of the bill. Representative Luebke was recognized next and acted to send forth an amendment to increase the portion of the fee that local government's receive from $1.00 to $2.00. Representatives Jones and Gibson both were recognized and spoke in opposition to the amendment. Representative Luebke then acted to withdraw his amendment. Chairman Miner then recognized Representative Weiss who moved that SB 324 (as presented to the Committee) be given a favorable report. The Chair called the vote and the motion carried by consent.

Chairman Miner then recognized Representative Gibson for consideration of **HB 896 – INCREASE COSMETIC ART FEES** (see attachment 6). Representative Gibson informed the members that a great deal of compromise had been made in order to address the opposition on the bill. The Chair recognized Mr. Douglass Van Essen, Executive Director of the North Carolina Cosmetic Art Services Board, who also addressed the Committee and reviewed with the members the substantial decreases that had been made from the fees suggested in the original bill. The Chair was then informed that Representatives Ross and Wainwright desired to send forth amendments. In

order that staff would have the time necessary to prepare those amendments, Chairman Miner acted to temporarily displace the bill.

Representative Sexton was recognized next for consideration of **HB 440 – WENTWORTH AGRI. ZONING/ECONOMIC DEV. DISTRICT** (see attachment 7), which was before the Committee for a recommendation of concurrence or non-concurrence. Representative Sexton addressed the Committee and requested that the members vote NOT to concur on the bill and request conferees as it contained provisions concerning Johnston County (those addressed in SB 168) that needed to be removed from the bill's text. Chairman Miner then recognized Representative Howard who moved that the Committee offer a recommendation that the House NOT concur and request conferees. Seeing no further discussion, Chairman Miner called the vote and the motion carried with no known opposition.

The next bill called for consideration by the Chair was **HB 860 – DETECTOR DOG TRAINERS** (see attachment 8), sponsored by Representative Adams. Representative Adams was recognized to explain the bill and stated that the bill amends the Controlled Substances Act to provide for the registration of persons who train and maintain dogs used to detect the presence of illegal narcotics. She also noted that the bill had been given a favorable report in the House Judiciary III Committee but was referred to this Committee because it creates a new fee for the registration of dog handlers who work with dogs used to detect controlled substances. Following this explanation, Representative Jones was recognized by the Chair and moved (seconded by Representative Hill) that the Proposed Committee Substitute (PCS) for HB 860 be given a favorable report. A great deal of concern arose, however, from the Committee members concerning the possession of otherwise illegal drugs used in the training of the dogs. Representative Weiss and Alexander were also recognized to bring forward their concern that the program should not be centered within the Department of Health and Human Services (DHHS) but perhaps rather the Department of Crime Control and Public Safety. Representative Adams responded that the provisions for this program, although unused, already existed within DHHS. Representative Weiss was then recognized a second time to send forth an amendment. She then moved adoption of her amendment after explaining that it acted to require that those encountering these dog handlers be given "conspicuous" notice of their law enforcement power (i.e. The bill requires that dog handlers who encounter drugs of any kind must report it to law enforcement authorities. The notice required in the amendment would give all "fair warning" of any drug dogs employed on the premises.) Seeing no further on the amendment, Chairman Miner called it to a vote and the amendment was adopted by consent. Representative Ellis was then recognized and made the Chair aware of his intent to send forward another amendment. Acknowledging this, Chairman Miner then acted to displace the bill to give staff time to prepare Representative Ellis' amendment.

Representative Goodwin was recognized by the Chair to explain **HB 918 – INCREASE SERVICE OF PROCESS FEE** (see attachment 9). Representative G. Allen moved that the PCS for HB 918 be adopted for the purposes of discussion and his motion carried without objection. Representative Goodwin explained that the bill would increase the fee for service of process in most civil actions from $5.00 (since 1990) to $15.00 and would provide that at least 50 percent of the fees collected will be used by a county to ensure the timely service of process within the county, which may include the hiring of additional law enforcement personnel upon the recommendation of the sheriff. He also noted that the bill was given a favorable report in the House Judiciary II Committee. Following this, the Chair recognized Representative Ellis to send forth an amendment to HB 918. He explained that the amendment allowed for "private" process of service businesses to operate inside Wake County. He noted that this service was provided in the past and worked well, and that it was currently supported and favored by the County. Both Representative Goodwin and Mr. Eddie Caldwell, Lobbyist for the Sheriff's and Law Enforcement Associations, were recognized

and spoke in strong opposition to the amendment. Representative Ross was also recognized and addressed Representative Ellis's amendment. She noted that while she too represented the area of Wake County, the amendment should be run as a separate local bill at a later time, especially since Representative Ellis did not confer with her on his amendment prior to its presentation. As there was no further discussion of the amendment, Representative Ellis then moved its adoption. The Chair called the vote and the amendment failed. The Chair next recognized Representative Blackwood to speak on the bill. He expressed the point that this bill was acting to increase the already tremendous costs involved in filing small claims cases. Representative Alexander, upon recognition from the Chair, made a motion that the HB 918 be given a favorable report as to the PCS, an unfavorable report as to the original bill. Chairman Miner called the motion to a vote and it carried by a majority.

The Chairman then acted to replace **HB 860 – DETECTOR DOG TRAINERS** (see attachment 8) and Representative Ellis was recognized to send forth his aforementioned amendment. He then explained his amendment by stating that a licensed dog handler must not only provide conspicuous notice to his clients at his place of business, but also "in the contract for services, stating that the dog handler is required by law to notify law enforcement of any dog alert or finding of a controlled substance." Seeing no discussion of the amendment, the Chair called it to a vote and the amendment was adopted by consent. Representative Ellis was then again recognized and spoke to his general dissatisfaction with the quality of the bill, stating that the bill was "not ready for the floor." Chairman Miner recognized Representative C. Wilson who moved that a new PCS for HB 860, incorporating the adopted amendments be given a favorable report. Chairman Miner called the motion to a vote and it failed. Thus, no report was issued in HB 860.

As the time of the Committee had long expired, Chairman Miner then adjourned the meeting at 11:15am.

Respectfully submitted,

Representative David Miner
Presiding Chair

Jason A. Cannon
Clerk, House Committee on Finance

SENATE BILL 633

Short Title:	Modify UNC Bond Law.	(Public)
Sponsors:	Senator Clodfelter.	
Referred to:	Finance.	

April 1, 2003

A BILL TO BE ENTITLED

AN ACT TO REVISE THE UNIVERSITY OF NORTH CAROLINA SPECIAL OBLIGATION BOND LAW.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 116D-26 reads as rewritten:

"**§ 116D-26. Issuance of special obligation bonds and bond anticipation notes.**

(a) Authority. – The Board of Governors may issue, subject to the approval of the Director of the Budget, at one time or from time to time, special obligation bonds of the Board of Governors for the purpose of paying all or any part of the cost of acquiring, constructing, or providing a special obligation project. Before issuing special obligation bonds, the Board of Governors shall first adopt a resolution (i) setting forth the designation by the Board of Governors that the buildings or facilities to be financed by the bond issue are the special obligation bond project being financed and (ii) designating the obligated resources that will secure and be the source of payment of the special obligation bonds to be issued. The Board of Governors shall not issue any special obligation bonds unless the Board of Governors finds that sufficient obligated resources are reasonably expected to be available (i) to pay the principal and interest on the special obligation bonds proposed to be issued, (ii) to create and maintain any reserves for the payment of the special obligation bonds, to the extent the Board of Governors is required to maintain reserves for this purpose by the terms of the trust agreement or resolution authorizing the issuance of the special obligation bonds, and (iii) to provide for the maintenance and operation of the facilities that are to generate the obligated resources to the extent the Board of Governors is required to maintain those facilities by the terms of the trust agreement or resolution authorizing the issuance of the special obligation bonds. Notwithstanding any other provision of this Article, the proceeds of special obligation bonds to be secured by obligated resources derived from the operation of or activities at one institution may not be applied to finance a special obligation project to be located at another institution.

(b) Approval Required. – The Board of Governors shall not issue any special obligation bonds for a project at an institution unless the board of trustees of that institution has approved the issuance of bonds for that project. The Board of Governors shall not issue special obligation bonds under this Article until the effective date of legislation enacted by the General Assembly authorizing the undertaking of the special obligation bond project to be financed and fixing the maximum aggregate principal amount of special obligation bonds that shall be issued for that purpose. In submitting proposed special obligation bond projects to the General Assembly for approval, the Board of Governors shall submit information on the need for each project, project costs, estimates of increased operating costs upon completion, estimated debt service requirements, and the sources and amounts of obligated resources to be pledged for the repayment of the bonds. If the obligated resources to repay the bonds or to operate the proposed project potentially involve increased costs to students or to the General Fund, these costs shall be identified in the Board of Governors' submission.

Except as provided in this Article, special obligation bond projects may be undertaken, special obligation bonds may be issued, and other powers vested in the Board of Governors under this Article may be exercised by the Board without obtaining the consent of any department, division, commission, board, bureau, or agency of the State and without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions, or things which are specifically required by this Article.

(c) Term; Form. – The special obligation bonds of each issue shall be dated, shall mature at any times not exceeding ~~25~~ 30 years from their dates, shall bear interest at any rates as may be determined by the Board of Governors, and may be redeemable before maturity at the option of the Board, at any prices and under any terms and conditions as may be fixed by the Board prior to the issuance of the special obligation bonds. The Board of Governors shall determine the form and manner of execution of the special obligation bonds and shall fix the denominations of the special obligation bonds and the places of payment of principal and interest, which may be at any bank or trust company within or without the State. Notwithstanding any of the other provisions of this Article or any recitals in any special obligation bonds issued under the provisions of this Article, all special obligation bonds shall be negotiable instruments under the laws of this State, subject only to the provisions for registration in a resolution authorizing the issuance of the special obligation bonds or a trust agreement securing the bonds. The Board of Governors may sell the special obligation bonds in any manner, at public or private sale, and for any price, as it may determine to be for its best interests.

(d) Proceeds; Additional Bonds. – The proceeds of the special obligation bonds of each issue shall be used solely for the purpose for which the bonds have been authorized and shall be disbursed in the manner and under such restrictions, if any, as the Board of Governors may provide in the resolution authorizing the issuance of the bonds or in the trust agreement securing them. Unless otherwise provided in the authorizing resolution or in the trust agreement securing the special obligation bonds, if the proceeds of the special obligation bonds, by error of estimates or otherwise, are less than the cost of the special obligation bond project, additional bonds may in like manner

be issued to provide the amount of the deficit and shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose.

The resolution providing for the issuance of special obligation bonds, and any trust agreement securing them, may also contain limitations upon the issuance of additional special obligation bonds as the Board of Governors considers proper, and the additional special obligation bonds must be issued under the restrictions and limitations prescribed by the resolution or trust agreement.

(e) Temporary Bonds; Notes. – Before preparing definitive bonds, the Board of Governors may, under like restrictions, issue interim receipts or temporary bonds exchangeable for definitive bonds when the bonds have been executed and are available for delivery. The Board may also provide for the replacement of any bonds which become mutilated, destroyed, or lost.

The Board of Governors may enter into or negotiate a note with an acceptable bank or trust company in lieu of issuing special obligation bonds for the financing of special obligation bond projects covered under this Article. The terms and conditions of any note of this nature shall be in accordance with the terms and conditions surrounding issuance of the special obligation bonds.

(f) Bond Anticipation Notes. – The Board of Governors may issue, subject to the approval of the Director of the Budget, at one time or from time to time, bond anticipation notes of the Board of Governors in anticipation of the issuance of special obligation bonds authorized by this Article. The principal of and the interest on these notes shall be payable solely from the proceeds of special obligation bonds or renewal notes or, in the event bond or renewal note proceeds are not available, from the obligated resources designated for their payment. The notes of each issue shall be dated, shall mature at any times not exceeding ~~two~~ 30 years from their dates, shall bear interest at any rates as may be determined by the Board of Governors, and may be redeemable before maturity, at the option of the Board of Governors, at any prices and under any terms and conditions as may be fixed by the Board of Governors prior to the issuance of the notes. If the Board of Governors issues a bond anticipation note for a term in excess of three years, no individual project may be funded from the proceeds of the note for longer than three years. The Board shall determine the form and the manner of execution of the notes and shall fix the denominations of the notes and the places of payment of principal and interest, which may be at any bank or trust company within or without the State. Notwithstanding any of the other provisions of this Article or any recitals in any notes issued under the provisions of this Article, all notes shall be negotiable instruments under the laws of this State, subject only to the provisions for registration in a resolution authorizing the issuance of the notes or any trust agreement securing the bonds in anticipation of which the notes are being issued. The Board of Governors may sell the notes in any manner, at public or private sale, and for any price, as it may determine to be for its best interests.

The proceeds of the notes ~~of each issue~~ shall be used solely for the purpose for which the special obligation bonds ~~in anticipation of which the notes are being issued~~ have been authorized, and the note proceeds shall be disbursed in any manner and under

any restrictions as the Board of Governors may provide in the resolution authorizing the issuance of the notes or bonds or in the trust agreement securing the special obligation bonds.

The resolution providing for the issuance of notes, and any trust agreement securing the special obligation bonds in anticipation of which the notes are being authorized, may also contain limitations upon the issuance of additional notes as the Board of Governors considers proper, and such additional notes shall be issued under the restrictions and limitations prescribed by the resolution or trust agreement. The Board may also provide for the replacement of any notes which shall become mutilated, destroyed, or lost.

Except as provided in this Article, notes may be issued under this Article and other powers vested in the Board of Governors under this Article may be exercised by the Board without obtaining the consent of any department, division, commission, board, bureau, or agency of the State and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions, or things which are specifically required by this Article.

Unless the context indicates otherwise, the word 'bonds', wherever used in this Article, include the words 'bond anticipation notes.' "

SECTION 2. This act is effective when it becomes law.

SENATE BILL 633:
Modify UNC Bond Law

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Clodfelter
Date:	July 16, 2003	**Summary by:**	Cindy Avrette
Version:	1st Edition		Committee Counsel

SUMMARY: Senate Bill 633 makes two changes to the UNC Special Obligation bond law:

- *It makes the maximum maturity for special obligation bonds more consistent with other University debt obligations by increasing the maximum maturity of special obligation bonds from 25 years to 30 years.*
- *It provides greater flexibility to provide interim financing at lower costs by allowing commercial paper to be documented as "notes" and be issued for up to 30 years.*

The bill becomes effective when it becomes law.

CURRENT LAW: In 2000, the General Assembly authorized the UNC Board of Governors to issue special obligation bonds payable with any sources of income or receipts of the Board of Governors or a constituent or affiliated institution, but not including tuition payments or appropriations from the General Fund from State revenues. The bond proceeds can be used for construction, improvement, and acquisition of any capital facilities located at UNC constituent and affiliated institutions. The maximum maturity on the bonds is 25 years.

The UNC special obligation bonds can be issued only for projects specifically authorized by the General Assembly. In submitting proposed special obligation bond projects to the General Assembly for approval, the Board of Governors is required to justify the need for each project and to itemize the cost of the project, the estimated operating costs upon completion, and the sources and amounts of obligated resources to be pledged for repayment of the bonds. The Board of Governors can submit a proposed project for approval by the General Assembly only if the board of trustees of the institution at which the project will be located has approved the project.

BILL ANALYSIS: **Senate Bill 633** would provide greater flexibility to the UNC campuses in amortizing their debt obligations and in structuring interim financing debt obligations. The bill does not authorize the University to issue additional debt beyond currently authorized levels and it does not allow the University to issue debt without the explicit approval of the General Assembly.

The bill would change the maximum maturity on special obligation bonds from 25 years to 30 years. This change makes the maximum maturity of special obligation bonds more consistent with other University debt obligations. The maximum maturity for University revenue bond debt issued under G.S. 116-191 is 50 years. The maximum maturity for University revenue bond debt issued under *The Centennial Campus, the Horace Williams Campus, and the Millennial Campuses Financing Act* is 40 years.

The bill would also make it easier and less costly to provide short-term, interim financing for projects authorized by the General Assembly. Currently, interim financing is provided through a bond anticipation note that is issued for each individual project. A bond anticipation note cannot exceed two years. The University has structured a less costly method of interim financing under which a one-time issuance of

notes is anticipated. Under the program, interim financing for projects would be drawn down as needed and repaid by draws from the permanent, long-term financing bond proceeds. This repayment creates a pool of resources to provide interim financing that can be used multiple times for many projects. To accomplish this method of pooled financing, the bill would permit commercial paper to be documented as "notes" and allow them to be issued for up to 30 years. The longer-term notes would reduce the issuance costs associated with notes that must be reauthorized every two years and would allow better interest rates that may be obtained through the long-term market. To ensure that the bond anticipation note proceeds are used for short-term, interim financing needs only, the bill provides that if the Board of Governors issues a bond anticipation note for a term in excess of three years, no individual project may be funded from the proceeds of the note for longer than three years.

BACKGROUND: The UNC special obligation bonds are not general obligation bonds and thus are not required to be approved by the voters. They are not secured by the full faith and credit or the taxing power of the State; a statement to this effect appears on the face of the bonds. Property cannot be pledged to secure the bonds. The Board of Governors' pledge of obligated resources serves as security for the bonds. Obligated resources include rents, charges, or fees to be derived by the Board of Governors or a constituent institution from any activity; earnings on the investment of an endowment fund; and funds to be received from grants and contracts. Obligated resources does not include tuition payments or appropriations of general revenues. Obligated resources derived from one institution cannot be used to finance a bond project located at a different institution.

2003 COMMITTEE REPORT
HOUSE OF REPRESENTATIVES

The following report(s) from standing committee(s) is/are presented:
By Representatives **G. Allen, Howard, Luebke, McComas, Miner, and Wainwright** (Chairs) for the Committee on **FINANCE**.

Referred to:

February 25, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR THE CREATION OF ECONOMIC DEVELOPMENT AND TRAINING DISTRICTS.

The General Assembly of North Carolina enacts:

SECTION 1. Article 16 of Chapter 153A of the General Statutes is amended by adding a new Part to read:

"Part 3. Economic Development and Training Districts.

"**§ 153A-317.11. Purpose for which districts may be created.**

The board of commissioners of any county may define a county economic development and training district, as provided in this Part, to finance, provide, and maintain for the district a skills training center in cooperation with its community college branch in or for the county to prepare residents of the county to perform manufacturing, research and development, and related service and support jobs in the pharmaceutical, biotech, life sciences, chemical, telecommunications, and electronics industries, and allied, ancillary, and subordinate industries, to provide within the district any of the education, training, and related services, facilities, or functions that a county or a city is authorized by general law to provide, finance, or maintain, and to promote economic development in the county. The skills training center and related services shall be financed, provided, or maintained in the district either in addition to or to a greater extent than training facilities and services are financed, provided, or maintained in the entire county.

"**§ 153A-317.12. Definition of economic development and training district.**

(a) Standards. – The board of commissioners may by resolution establish an economic development and training district for an area or areas of the county that, at the time the resolution is adopted, meet the following standards:

(1) All of the real property in the district primarily is being used for, or is subject to, a declaration of covenants, conditions, and restrictions that limits its use primarily to biotech processing, chemical manufacturing, pharmaceutical manufacturing, electronics manufacturing,

telecommunications manufacturing, and any allied, ancillary, or subordinate uses including, without limitation, any research and development facility, headquarters or office, temporary lodging facility, restaurant, warehouse, or transportation or distribution facility.

(2) The district includes at least two pharmaceuticals manufacturing or bioprocessing facilities occupying sites in the district containing in the aggregate at least 425 acres owned by publicly held corporations.

(3) The bioprocessing and pharmaceuticals manufacturing facilities in the district employ in the aggregate at least 1,600 persons.

(4) The district includes an industrial park consisting of at least 60 acres within a noncontiguous parcel of at least 625 acres now or formerly owned by an airport authority.

(5) The district's zoning classifications permit the uses listed in this section.

(6) All real property in the district is either zoned for or is being used primarily for pharmaceutical, biotech, life sciences, chemical, telecommunications, or electronics manufacturing or processing or allied, ancillary, or subordinate uses.

(7) The district shall include a skills training center situated on a tract containing not less than eight acres, which facility shall be designed and staffed to provide relevant training to prepare existing or prospective employees of targeted industries for jobs in one or more of the pharmaceutical, biotech, life sciences, chemical, telecommunications, and electronics industries and allied, ancillary, or subordinate industries. The training center shall be completed within a reasonable period after the creation of the district.

(8) At the date of creation, no part of the district lies within the boundaries of any incorporated city or town.

(9) There exists a uniform set of covenants, conditions, restrictions, and reservations that applies to all real property in the district other than property owned by the federal, State, or local government.

(10) There exists in the district an association of owners and tenants to which owners of real property representing at least fifty percent (50%) of the assessed value of real property in the district belong, which association can make the recommendations provided for in G.S. 153A-317.13.

(11) A petition requesting creation of the district signed by owners of real property in the district who own real and personal property representing at least fifty percent (50%) of the total assessed value of the real and personal property in the district has been presented to the board of commissioners. In determining the assessed value of real and personal property in the district and the owners of real property, there shall be excluded: (i) real property exempted from taxation and real property classified and excluded from taxation and (ii) the owners of

such exempted or classified and excluded property. Assessed value shall mean the most recent values determined by the county for the imposition of taxes on real and personal property.

(b) Findings. – The board of commissioners may establish an economic development and training district if, upon the information and evidence it receives, the board determines that:

(1) The proposed district meets the standards set forth in subsection (a) of this section;

(2) Economic development of the county will be served by providing selected skills training in a facility designed specifically to address the needs of targeted industries such as pharmaceuticals, biotech processing, telecommunications, electronics, and allied, ancillary, or subordinate supplies or services to induce existing industries and targeted industries to improve and expand their facilities and new industries to locate facilities in the district, thereby providing employment opportunities for the residents of the county;

(3) It is impossible or impractical to provide training facilities and services on a countywide basis to all existing and future employers in the county to the same extent as such training services are intended to be furnished within the district; and

(4) It is economically feasible to provide the proposed training facilities and services in the district without unreasonable or burdensome tax levies.

(c) Report. – Before the public hearing required by subsection (d) of this section, the board of commissioners shall cause to be prepared a report containing all of the following:

(1) A map of the proposed district showing its proposed boundaries.

(2) A statement showing that the proposed district meets the standards set out in subsection (a) of this section.

(3) A plan for providing the skills training center and training services to the district.

The report shall be available for public inspection in the office of the clerk to the board for at least four weeks before the date of the public hearing.

(d) Hearing and Notice. – The board of commissioners shall hold a public hearing before adopting any resolution defining a district under this section. Notice of the hearing shall state the date, hour, and place of the hearing and its subject and shall include a map of the proposed district and a statement that the report required by subsection (c) of this section is available for public inspection in the office of the clerk to the board. The notice shall be published at least once not less than one week before the date of the hearing. In addition, it shall be mailed at least four weeks before the date of the hearing by any class of U.S. mail which is fully prepaid to the owners as shown by the county tax records as of the preceding January 1 (and at the address shown thereon) of all property located within the proposed district. The person designated by

the board to mail the notice shall certify to the board that the mailing has been completed, and the certificate shall be conclusive in the absence of fraud.

(e) Effective Date. – The resolution creating a district shall take effect at the beginning of the fiscal year commencing after its passage or such other date as shall be determined by the board of commissioners.

"**§ 153A-317.13. Advisory committee.**

(a) Creation. – The board of commissioners, in the resolution establishing an economic development and training district, shall also provide for an advisory committee for the district. The committee shall consist of five members, serving terms as set forth in the resolution. The resolution shall provide for the appointment or designation of a chair. The board of commissioners shall appoint the members of the advisory committee as provided in this section.

(b) Membership. – Three of the five committee members shall represent the association of owners and tenants, as required by G.S. 153A-317.12(a)(10), and two members shall represent the county. Before making the appointments representing the association, the board of commissioners shall request the association to submit a list of persons to be considered for appointment to the committee. The association of owners and tenants shall submit at least two names for each appointment to be made and the board of commissioners shall make the appointments to the committee representing the association from the list of persons submitted to it by the association. Whenever a vacancy occurs on the committee in a position filled by an appointment by the board of commissioners representing the association of owners and tenants, the board, before filling the vacancy, shall request the association to submit the names of at least two persons to be considered for the vacancy, and the board shall fill the vacancy by appointing one of the persons so submitted.

(c) Advisory Duties. – Each year, before adopting the budget for the district and levying the tax for the district, the board shall request recommendations from the advisory committee as to the type and level of services, facilities, or functions to be provided for the district for the ensuing years. The board of commissioners shall, to the extent permitted by law, expend the proceeds of any tax levied for the district in the manner recommended by the advisory committee.

"**§ 153A-317.14. Extension of economic development and training districts.**

(a) Standards. – A board of commissioners may by resolution annex territory to an economic development and training district upon finding that:

(1) The conditions, covenants, restrictions, and reservations required by G.S. 153A-317.12(a)(1) that apply to all real property in the district, other than property owned by the federal, State, or local government, also apply or will apply to the property, other than property owned by the federal government, to be annexed.

(2) One hundred percent (100%) of the owners of real property in the area to be annexed have petitioned for annexation.

(3) The district, following the annexation, will continue to meet the standards set out in G.S. 153A-317.12(a).

(4) The reasonably anticipated training needs of the existing companies in the area to be annexed and of new companies that may locate within the expanded area can be met by the skills training facility located in the district.

(5) The area to be annexed is either contiguous to a lot, parcel, or tract of land in the district or at least 500 acres in the aggregate counting all parcels proposed for annexation. A property shall, for purposes of this section, be deemed to be contiguous notwithstanding that it may be separated from other property by a street, road, highway, right-of-way, or easement.

(6) If any of the area proposed to be annexed to the district is wholly or partially within the extraterritorial jurisdiction of a municipality, then it shall be necessary to first obtain the affirmative vote of a majority of the members of the governing body of the municipality before the area can be annexed.

(b) Report. – Before the public hearing required by subsection (c) of this section, the board shall cause to be prepared a report containing all of the following:

(1) A map of the district and the territory proposed to be annexed showing the present and proposed boundaries of the district.

(2) A statement that the area to be annexed meets the standards and requirements of subsection (a) of this section.

The report shall be available for public inspection in the office of the clerk to the board for at least four weeks before the date of the public hearing.

(c) Hearing and Notice. – The board shall hold a public hearing before adopting any resolution extending the boundaries of a district. Notice of the hearing shall state the date, hour, and place of the hearing and its subject and shall include a statement that the report required by subsection (b) of this section is available for inspection in the office of the clerk to the board. The notice shall be published at least once not less than four weeks before the hearing. In addition, the notice shall be mailed at least four weeks before the date of the hearing by any class of U.S. mail which is fully prepaid to the owners as shown by the county tax records as of the preceding January 1 (and at the address shown thereon) of all property located within the area to be annexed. The person designated by the board to mail the notice shall certify to the board that the mailing has been completed, and the certificate shall be conclusive in the absence of fraud.

(d) Effective Date. – The resolution extending the boundaries of the district shall take effect at the beginning of the fiscal year commencing after its passage or such other date as shall be determined by the board.

"**§ 153A-317.15. Required provision or maintenance of skills training center.**

(a) New District. – When a county creates a district, it shall provide, maintain, or let contracts for the skills training center for which the district is being taxed within a reasonable time, not to exceed one year, after the effective date of the creation of the district.

(b) Extended District. – When a territory is annexed to a district, the county shall provide, maintain, or let contracts for any necessary additions to the skills training center to provide the same training provided throughout the district to existing and new industries in the area annexed to the district within a reasonable time, not to exceed one year, after the effective date of the annexation.

"**§ 153A-317.16. Abolition of economic development and training districts.**

A board of county commissioners may by resolution abolish a district upon finding that a petition requesting abolition, signed by at least fifty percent (50%) of the owners of real property in the district who own at least fifty percent (50%) of the real and personal property in the district based upon the most recent valuation thereof, has been submitted to the board and that there is no longer a need for such district. In determining the total real and personal property in the district and the number of owners of real and personal property, there shall be excluded: (i) property exempted from taxation and property classified and excluded from taxation and (ii) the owners of such exempted or classified and excluded property. The board shall hold a public hearing before adopting a resolution abolishing a district. Notice of the hearing shall state the date, hour, and place of the hearing and its subject and shall be published at least once not less than one week before the date of the hearing. The abolition of any district shall take effect at the end of a fiscal year following passage of the resolution, as determined by the board.

"**§ 153A-317.17. Taxes authorized; rate limitation.**

A county may levy property taxes within an economic development and training district, in addition to those levied throughout the county, in order to finance, provide, or maintain for the district a skills training center provided therein in addition to or to a greater extent than worker training facilities provided for the entire county. In addition, a county may allocate to a district any other revenues whose use is not otherwise restricted by law. The proceeds of taxes within a district may be expended only to pay annual debt service on up to one million two hundred thousand dollars ($1,200,000) of the capital costs of a skills training center provided for the district and any other services or facilities provided by a county in response to a recommendation of an advisory committee.

Property subject to taxation in a newly established district or in an area annexed to an existing district is subject to taxation by the county as of the preceding January 1.

Such additional property taxes may not be levied within any district established pursuant to this Article in excess of a rate of eight cents (8¢) on each one hundred dollars ($100.00) value of property subject to taxation.

"**§ 153A-317.18. Annexation by municipality.**

No municipality may annex pursuant to Part 2 or Part 3 of Article 4A of Chapter 160A of the General Statutes or under any procedure other than Part 1 or Part 4 of that Article any or all of the real property within an economic development and training district established under this Part."

SECTION 2.(a) If the board of commissioners of Johnston County elects to establish an economic development and training district under Part 3 of Article 16 of Chapter 153A of the General Statutes, as created by this act, the district as initially established shall consist of the following real property owned by Bayer Corporation,

Novo Nordisk Pharmaceutical Industries, Inc., Fresenius Kabi Clayton, L.P., and the Johnston County Airport Authority:

(1) Bayer Corporation. – All of the property shown on those deeds recorded in Book 737, Page 179; Book 737, Page 180; Book 739, Page 96; Book 1328, Page 644; and Book 1328, Page 648 in the office of the Register of Deeds of Johnston County.

(2) Novo Nordisk Pharmaceutical Industries, Inc. – All of the property shown on those certain plats of survey recorded in Plat Book 34, Page 279 and Plat Book 46, Page 431 and as shown in that certain deed recorded in Book 1389, Page 114 in the office of the Register of Deeds of Johnston County.

(3) Fresenius Kabi Clayton, L.P. – All of the property shown on that plat of survey recorded in Plat Book 28, Page 173 in the office of the Register of Deeds of Johnston County.

(4) Johnston County Airport Authority. – All of that property known as North Aviation Industrial Park described in that certain deed recorded in Book 1433, Page 440 in the office of the Register of Deeds of Johnson County.

SECTION 2.(b) This section applies only to Johnston County.

SECTION 3. This act is effective when it becomes law.

SENATE BILL 168:
Economic Development District

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Smith
Date:	July 16,2003	**Summary by:**	Trina Griffin & Cindy Avrette
Version:	2nd Edition		Committee Counsel

SUMMARY: Senate Bill 168 does two things:

- *It provides for the creation of economic development and training districts for the purpose of providing a skills training center to prepare county residents to perform manufacturing, research and development, and related service and support jobs in the pharmaceutical, biotech, life science, chemical, telecommunications, and electronics industries. A county may levy property taxes within the district, in addition to those levied throughout the county, in order to finance the skills training center. A municipality cannot annex property within a district.*
- *It defines the property that may be initially included within an economic development and training district located in Johnston County should the board of commissioners of Johnston County elect to establish one.*

The bill becomes effective when it becomes law.

THE PROVISIONS OF THIS BILL ARE THE SAME AS THE PROVISIONS CONCERNING ECONOMIC DEVELOPMENT DISTRICTS IN THE SENATE PCS FOR HOUSE BILL 440.

BILL ANALYSIS: Section 1 of the bill creates a new Part in Chapter 153A that authorizes a county to establish an economic development and training district.

Purpose of District. – The purpose of the district is to provide a skills training center to prepare residents of the county to perform manufacturing, research and development, and related service and support jobs in the pharmaceutical, biotech, life science, chemical, telecommunications, and electronics industries.

Standards for District. – Several standards must be met before the district may be established, including:

- All of the property in the proposed district is primarily being used for biotech processing, chemical, pharmaceutical, electronics, and telecommunications manufacturing.
- The district includes at least 2 pharmaceuticals manufacturing or bioprocessing facilities occupying sites in the aggregate of at least 425 acres owned by publicly held corporations and employing at least 1,600 persons.
- The district includes an industrial park consisting of at least 60 acres within a noncontiguous parcel of at least 625 acres now or formerly owned by an airport authority.
- No part of the district lies within the boundaries of any incorporated city or town.
- There exists in the district an association of owners and tenants to which owners of real property representing at least 50% of the value of the real property in the district belong.
- There must be a petition signed by the owners of real property in the district representing at least 50% of the total assessed value of real and personal property in the district presented to the board of commissioners.

Findings Required Before Establishing District. – The board of commissioners may establish the district if it determines that:

- The proposed district meets the standards set out above.
- Economic development of the county will be served, specifically in the targeted industries, by providing selected skills training, thus inducing the expansion of existing industries and the location of new facilities, thereby providing employment opportunities in the district.
- It would be impossible or impractical to provide training facilities and services on a countywide basis to all existing and future employers in the county to the same extent the services are intended to be furnished within the district.
- It is economically feasible to provide the proposed training facilities and services without unreasonable or burdensome tax levies.

Hearing and Notice. – The board must provide notice and hold a public hearing before adopting a resolution defining a district.

Advisory Committee. – In the resolution establishing an economic development and training district, the board of commissioners shall provide for a five-member advisory committee, three of whom shall represent the association of owners and tenants and two of whom shall represent the county. The committee shall make recommendations to the board as to the type and level of services, facilities, or functions to be provided for the district for the ensuing years.

Annexation by District. – The board of commissioners would be authorized to annex territory to the district, after giving notice and holding a public hearing, if certain findings exist, such as:

- The property to be annexed meets the same conditions, covenants, restrictions, and reservations as the primary district.
- 100% of the owners of real property in the area to be annexed have petitioned for annexation.
- The reasonably anticipated training needs of the existing companies in the area to be annexed and of new companies that may locate within the area can be met by the skills training facility located in the district.
- The area to be annexed is either contiguous to the district or at least 500 acres in the aggregate.
- If any of the area proposed to be annexed is within the extraterritorial jurisdiction of a municipality, then a majority of the members of the governing body of the municipality must vote in favor of annexation.

Abolition of District. – The board may abolish a district if a petition requesting abolition, signed by at least 50% of real property owners in the district who own at least 50% of the real and personal property in the district, has been submitted to the board and that there is no longer a need for the district. There must be notice and a public hearing prior to the adoption of a resolution abolishing a district.

Taxes Authorized. – The county would be authorized to levy property taxes within the district, in addition to those levied throughout the county, in order to finance, provide, or maintain for the district a skills training center. In addition, a county may allocate to a district any other revenues whose use is not otherwise restricted by law. The proceeds of taxes within the district may be expended only to pay annual debt service on up to $1,200,000 of the capital costs of a skills training center and any other services or facilities provided by the county in response to a recommendation of the advisory committee. The additional property taxes within the district may not exceed a rate of 8¢ on each $100 value of property subject to taxation.

Annexation by Municipality. – No municipality may annex any property within the district other than by voluntary annexation.

Section 2 of the bill provides that if the board of commissioners of Johnston County elect to establish an economic development and training district, then the district as initially established will consist of certain described real property owned by Bayer Corporation, Novo Nordisk Pharmaceutical Industries, Inc., Fresenius Kabi Clayton, L.P., and the Johnston County Airport Authority.

SESSION 2003

S 2

SENATE BILL 324
Second Edition Engrossed 6/10/03

Short Title:	Increase Homeowners Recovery Fund Fee.	(Public)
Sponsors:	Senator Hoyle.	
Referred to:	Finance.	

March 6, 2003

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE HOMEOWNERS RECOVERY FUND PERMIT FEE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 87-15.6(b) reads as rewritten:

"(b) Whenever a general contractor applies for the issuance of a permit for the construction of any single-family residential dwelling unit or for the alteration of an existing single-family residential dwelling unit, a city or county building inspector shall collect from the general contractor a fee in the amount of ~~five dollars ($5.00)~~ ten dollars ($10.00) for each dwelling unit to be constructed or altered under the permit. The city or county inspector shall forward ~~four dollars ($4.00)~~ nine dollars ($9.00) of each fee collected to the Board on a quarterly basis and the city or county may retain one dollar ($1.00) of each fee collected. The Board shall deposit the fees received into the Fund. The Board may accept donations and appropriations to the Fund. G.S. 87-7 shall not apply to the Fund.

The Board may suspend collection of this fee for any year upon a determination that the amount in the Fund is sufficient to meet likely disbursements from the Fund for that year. The Board shall notify city and county building inspectors when it suspends collection of the fee."

SECTION 2. This act becomes effective August 1, 2003 and applies to fees due for applications submitted on or after that date.

SENATE BILL 324:
Increase Homeowners Recovery Fund Fee.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Senator Hoyle
Date:	July 16, 2003	**Summary by:**	Mary Shuping
Version:	2nd Edition		Legislative Analyst

SUMMARY: ***Senate Bill 324 increases the fee that a general contractor must pay into the Homeowners Recovery Fund. The 2nd Edition changes the effective date to August 1, 2003.***

BACKGROUND: The Homeowners Recovery Fund reimburses homeowners who have suffered a "reimbursable loss" in construction or alteration of a single-family home. A "reimbursable loss" is defined as a monetary loss that:

1. Results from dishonest or incompetent conduct by a general contractor in the construction or alteration of the home;
2. Is not paid, in whole or in part, by the contractor whose conduct caused the loss; and
3. Is not covered by a bond, surety agreement, or an insurance contract.

In addition to suffering a reimbursable loss, the homeowner must have 1) either have not obtained the building permit in the person's own name or did use a general contractor; and 2) must have exhausted all civil remedies against the contractor and obtained a judgment against the contractor that remains unsatisfied; however, the requirement of judgment is waived if the person is prevented from filing a civil suit or obtaining a judgment due to the automatic stay provision of the U.S. Bankruptcy Code.

The Fund is administered by the Board of General Contractors. The Board has the discretion to determine the order, amount, and manner of payments from the Fund.

CURRENT LAW & BILL ANALYSIS: Under current law, when a general contractor applies for a permit for the construction or alteration of a single-family home, the contractor pays a $5.00 fee, $4.00 of which is remitted to the Fund and $1.00 is retained by the city or county.

SB 324 increases the fee amount to $10.00, $9.00 of which is remitted to the Fund and $1.00 is retained by the city or county.

EFFECTIVE DATE: The bill becomes effective August 1, 2003, applies to fees due for applications for permits submitted on or after that date. The 1st edition had an effective date of when the bill became law.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: Senate Bill 324 (First Edition)

SHORT TITLE: Increase Homeowners Recovery Fund Fee

SPONSOR(S): Senator Hoyle

FISCAL IMPACT

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES					
Homeowners Recovery Fund	$315,470	$298,375	$305,015	$303,270	$291,170
EXPENDITURES					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina Licensing Board for General Contractors

EFFECTIVE DATE: The bill is effective when it becomes law and applies to fees due for applications submitted on or after that date.

BILL SUMMARY: The bill increases the construction permit fee in GS 87-15.6(b) from $5 to $10 and increases the amount forwarded from each fee to the Homeowners Recovery Fund from $4 to $9.

BACKGROUND: Created in 1991 (1991 SL, Ch. 547), the Homeowners Recovery Fund is intended to provide monetary assistance to homeowners who have suffered a reimbursable loss due to the dishonest or incompetent conduct of a licensed contractor. The Homeowners Recovery Fund is administered by the North Carolina Licensing Board for General Contractors. The Fund receives $4 from each local building permit fee for single-family residential construction or alteration. The Fund also receives payments from contractors as a result of disciplinary actions.

ASSUMPTIONS AND METHODOLOGY: An audit of the Homeowners Recovery Fund by Shelton L. Hawley, CPA, PA reported an end of year balance on December 31, 2002 of $497,474. However, the audit also found that there were $3,769,423 pending but unawarded claims on December 31, 2002. To pay all pending claims, the Fund will need 13 years of fee revenue based on the 2002 building permit fee collections.

Staff of the Licensing Board for General Contractors provided the following data on the $4 permit fee collected from local governments:

2000	$224,856	56,214 permits
2001	$229,958	57,490 permits
2002	$258,383	64,596 permits

To estimate the revenue impact of increasing the building permit fee, this note uses projections of the economic consulting firm Economy.com. This firm has projected the number of construction permits issued for single family housing over the next five years. The number of projected permits multiplied by the $5 fee increase produces the following revenue for the Homeowners Recovery Fund. This note assumes the fee increase will begin on July 1, 2003.

FY 03-04	63,094	$315,470
FY 04-05	59,675	$298,375
FY 05-06	61,003	$305,015
FY 06-07	60,654	$303,270
FY 07-08	58,234	$291,170

A BILL TO BE ENTITLED

AN ACT AUTHORIZING THE NORTH CAROLINA BOARD OF COSMETIC ART EXAMINERS TO ESTABLISH NEW FEES AND TO INCREASE CERTAIN CURRENT FEES UNDER THE COSMETIC ART ACT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 88B-20 reads as rewritten:

"**§ 88B-20. Fees required.**

(a) The Board may charge the applicant the actual cost of preparation, administration, and grading of examinations for cosmetologists, apprentices, manicurists, estheticians, or teachers, in addition to its other fees.

(b) The Board may charge application fees as follows:

(1) Inspection of a newly established cosmetic art shop ..... ~~$ 25.00~~$ 70.00

(2) Inspection of a newly established school ..... $ 120.00

~~(2)~~(3) Reciprocity applicant under G.S. 88B-13 ..... ~~$ 15.00.~~$ 30.00

(4) Certification of records ..... $ 25.00

(5) Continuing education provider ..... $ 100.00 per year.

(c) The Board may charge license fees as follows:

(1) Cosmetologist ..... ~~$ 39.00 every 3 years~~$ 44.00 every two years

(2) Apprentice ..... ~~$ 10.00 per year~~$ 22.00 per year

(3) Esthetician ..... ~~$ 10.00 per year~~$ 44.00 every two years

(4) Manicurist ..... ~~$ 10.00 per year~~$ 44.00 every two years

(5) Teacher ..... ~~$ 10.00 every 2 years~~$ 44.00 every two years

(6) Cosmetic art shop ~~per active booth~~ with ..... ~~$ 3.00 per year~~

one to two booths ..... $ 15.00 per year

three to ten booths ..... $ 30.00 per year

eleven or more booths ..... $ 55.00 per year

(7) Cosmetic art school ..... ~~$ 50.00 per year~~$ 120.00 per year

(8) Duplicate license ..... ~~$ 1.00.~~$ 10.00.

(d) The Board may require payment of late fees and reinstatement fees as follows:

(1) Apprentice, cosmetologist, esthetician, manicurist, and teacher late renewal ..... ~~$ 10.00~~$ 50.00

(2) Cosmetic art schools and shops late renewal ..... ~~$ 10.00~~$ 35.00

(3) Reinstatement – cosmetic art schools and shops ..... ~~$ 25.00.~~$ 75.00.

(d1) The Board may require payment of miscellaneous fees as follows:

(1) Document request ..... $ 10.00

(2) Mailing list ..... $ 20.00

(3) License listing ..... $ 15.00 per list.

(e) The Board may prorate fees as appropriate."

SECTION 2. G.S. 88B-21 reads as rewritten:

"**§ 88B-21. Renewals; expired licenses.**

(a) Each license to operate a cosmetic art shop shall be renewed on or before the first day of February of each year. As provided in G.S. 88B-20, a late fee shall be charged for licenses renewed after February 1. Any license not renewed by March 1 of each year shall expire. A cosmetic art shop whose license has been expired for one year or less shall have the license reinstated immediately upon payment of the reinstatement fee, the late fee, and all unpaid license fees. The licensee shall submit to the Board, as a part of the renewal process, a list of all licensed cosmetologists who practice cosmetic art in the shop and shall identify each as an employee or a booth renter.

(b) Cosmetologist licenses shall be renewed on or before October 1 every ~~three years beginning October 1, 1998. A late fee shall be charged for renewals after that date.~~two years. Any license not renewed shall expire on October 1 of the year that renewal is required. The Board may develop and implement a plan for staggered license renewal and may prorate license fees to implement such a plan.

(c) ~~Apprentice, esthetician, and manicurist~~ Apprentice licenses shall be renewed annually on or before October 1 of each year. ~~A late fee shall be charged for the renewal of licenses after that date.~~ Any license not renewed shall expire on October 1 of that year.

(d) ~~Teacher~~ Teacher, esthetician, and manicurist licenses shall be renewed every two years on or before October 1. ~~A late fee shall be charged for the renewal of licenses after that date.~~ Any license not renewed shall expire on October 1 of that year.

(e) Prior to renewal of a teacher's license, the teacher shall annually complete a minimum of eight hours of continuing education which shall be approved by the Board. Teachers shall submit written documentation to the Board showing that they have satisfied the requirements of this subsection.

(f) If an apprentice, cosmetologist, esthetician, manicurist, or teacher fails to renew his or her license within five years following the expiration date, the licensee shall be required to pay the license fee for each year that the fees are delinquent and to pass an examination as prescribed by the Board before the license will be reinstated.

(g) Cosmetic art school licenses shall be renewed on or before October 1 of each year. A late fee shall be charged for licenses renewed after that date. Any license not renewed by November 1 of that year shall expire. A cosmetic art school whose license

has been expired for one year or less shall have its license reinstated upon payment of the reinstatement fee, the late fee, and all unpaid license fees."

SECTION 3. This act becomes effective January 1, 2004.

HOUSE BILL 896:
Increase Cosmetic Art Fees

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Gibson
Date:	July 9, 2003	**Analysis by:**	Martha Walston
Version:	H896-CSLAf-40		Committee Counsel

SUMMARY: House Bill 896 authorizes the North Carolina Board of Cosmetic Art Examiners to establish new fees and to increase existing fees. Senate Bill 757, sponsored by Senator Garrou, is a companion bill.

BILL ANALYSIS: House Bill 896 authorizes the North Carolina board of Cosmetic Art Examiners to establish the following new fees:

Inspection of a newly established school	$120
Certification of records	$ 25
Continuing education provider	$100 per year
Document request	$ 10
Mailing list	$ 20
License listing	$ 15 per list

House Bill 896 authorizes the Board to increase the following existing fees:

FEE TYPE	CURRENT FEE	PROPOSED FEE
Inspection of newly established Cosmetic art shop	$25	$70
Reciprocity applicant	$15	$30
Cosmetologist license	$39 every 3 years	$44 every 2 years
Apprentice	$10 per year	$44 every 2 years
Esthetician	$10 per year	$44 every 2 years
Manicurist	$10 per year	$44 every 2 years
Teacher	$10 every 2 years	$44 every 2 years
Cosmetic art school	$50 per year	$120 per year
Duplicate license	$1	$10
Apprentice, cosmetologist, esthetician, Manicurist, and teacher late renewal	$10	$50
Cosmetic art schools and shops Late renewal	$10	$35
Reinstatement – schools and shops	$25	$75

Cosmetic art shop per active booth $3 per year

House Bill 896 amends the cosmetic art shop booth fee as follows:

NUMBER OF BOOTHS	PROPOSED FEE
One to two booths	$15 per year
Three to ten booths	$30 per year
Eleven or more booths	$55 per year

House Bill 896 makes conforming changes to the license renewal periods in G.S. 88B-21.

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: The proposed bill changes the G.S. 88B-20 by establishing new fees and increasing certain current license fees under the Cosmetic Art Act.

ASSUMPTIONS AND METHODOLOGY:

License Fees Overview

The NC Board of Cosmetic Art Examiners (Board) has not implemented any changes in fees for several decades. Table 1 shows the year of last fee change, current fees, proposed fees, and amounts the current fees were equal to in the year they were established, adjusted for inflation.

Table 1. Analysis of Proposed Fee Changes

Fee	Year of Last Fee Change	Current Fee	Proposed Fee	Current Fees if Adjusted for Inflation
Application Fees				
Inspection of newly established shop	1976	$25	$70	$80.93
Inspection of newly established school	New Fee	N/A	$120	N/A
Reciprocity applicant under G.S. 88B-13	1963	$15	$30	$90.29
Certification of Records	New Fee	N/A	$25	N/A
Continuing Education Provider	New Fee	N/A	$100/year	N/A
License Fees				
Cosmetologist	1985	$13/year	$22/year	$22.25
Apprentice	1995	$10/year	$22/year	$12.09
Esthetician	1998	$10/year	$22/year	$11.30
Manicurist	1995	$10/year	$22/year	$12.09
Teacher	1984	$10/2 years	$22/years	$17.73
Cosmetic Art Shop	1976	$3/chair/year	1-2 chairs $15 3-10 chairs $30 11+ chairs $55	$27.87
Cosmetic Art School	1973	$50/year	$120/year	$207.43
Duplicate Fee	1975	$1	$10	$3.42
Late Fees and Reinstatement Fees				
Apprentice, cosmetologist, esthetician, manicurist, and teacher late renewal	1985	$10	$50	$17.12
Schools and shops late renewal	1976	$10	$35	$32.37
Reinstatement – schools and shops	1975	$25	$75	$85.59
Document Request	New Fee	N/A	$10	N/A
Mailing List	New Fee	N/A	$20	N/A
License Listing	New Fee	N/A	$15/list	N/A

The NC Board of Cosmetic Art Examiners (Board) estimates that the following licenses are in effect each year:

Esthetician	1,084	Manicurist	8,149
Cosmetic Art		Cosmetic Art Shops	11,737

Teacher	838		
Apprentice		Cosmetologist	45,679
Cosmetologist	863	Cosmetic Art Schools	121

Revenues

Based on the above information, Table 2 provides estimates on the current annual revenue generated from issuing the licenses, anticipated annual revenue after fee increases, and annual revenue gain for the Board.

Table 2 Affect of the Major Fee Changes on the Board Revenues

	Current Estimated Revenue	Proposed Estimated Revenue	Annual Revenue Gain
Cosmetologist	$593,827	$1,004,938	$411,111
Manicurist	$81,490	$179,278	$97,788
Esthetician	$10,840	$23,848	$13,008
Apprentice	$8,630	$18,986	$10,356
Teacher	$4,190	$18,436	$14,246
Total	*$698,977*	*$1,245,486*	*$546,509*
Shops	$109,561	$255,900	$146,339
Schools	$6,050	$14,520	$8,470
Grand Total	**$814,588**	**$1,515,906**	**$701,318**

The number of cosmetology professionals will likely increase in the future, which will affect the Board revenues. However no growth estimate is available to be included in the analysis.

Expenses

The Board estimates its annual expenses as they appear in Table 3. The Board estimates annual three-percent growth in their expenses.

Table 3. Estimated Monthly and Annual Expenses of the Board

Type of Expenses	2003-04	2004-05	2005-06	2006-07	2007-08
Personal Expenses	$106,090	$109,273	$112,551	$115,927	$119,405
Purchased Expenses	$41,200	$42,436	$43,709	$45,020	$46,371
Supplies	$2,060	$2,122	$2,185	$2,251	$2,319
Fixed Expenses	$5,150	$5,305	$5,464	$5,628	$5,796

Property, Plant, & Equip.	$2,060	$2,122	$2,185	$2,251	$2,319
Miscellaneous Expenses	$1,545	$1,591	$1,639	$1,688	$1,739
Monthly Expenses	$158,105	$162,848	$167,734	$172,766	$177,949
Annual Expenses	$1,897,260	$1,954,178	$2,012,803	$2,073,187	$2,135,383

Average Monthly Expenses: $167,880
Average Annual Expenses: $2,014,562

According to the Board, OSBM advises it to hold a minimum reserve of three months operating expenses. Based on the average monthly expenses of $167,880, the amount of three-months reserve would be $503,641.

The Board plans to address the discrepancy between proposed estimated revenues (Table 2) and estimated expenses (Table 3) by charging application fees as well as late and reinstatement fees that appear in Table 1.

The proposed legislation does not affect any of the programs or departments and does not produce fiscal impact on the State.

HOUSE BILL 440

Senate Finance Committee Substitute Adopted 6/5/03
Third Edition Engrossed 6/11/03

Short Title: Wentworth Agri. Zoning/Economic Dev. District. (Public)

Sponsors:

Referred to:

March 13, 2003

A BILL TO BE ENTITLED

AN ACT AMENDING THE CHARTER OF THE TOWN OF WENTWORTH TO EXEMPT AGRICULTURAL LAND USES WITHIN THAT JURISDICTION FROM ZONING AND TO PROVIDE FOR THE CREATION OF ECONOMIC DEVELOPMENT AND TRAINING DISTRICTS.

The General Assembly of North Carolina enacts:

SECTION 1.(a) The Charter of the Town of Wentworth, being Chapter 76 of the Private Laws of 1798, as amended by S.L. 1997-322, is amended by adding a new section to read:

"Sec. 5.2. **Zoning Exemption.** Notwithstanding any other provision of law, the Town may not regulate or restrict agricultural land uses under its zoning ordinance. For the purposes of this section, an 'agricultural land use' includes 'agricultural land' as defined in G.S. 105-277.2 and property used for 'bona fide farm purposes' as defined in G.S. 153A-340(b)(2). This exemption does not limit regulation under this section with respect to the use of farm property for nonfarm purposes."

SECTION 1.(b) This section applies only to the Town of Wentworth.

SECTION 2. Article 16 of Chapter 153A of the General Statutes is amended by adding a new Part to read:

"Part 3. Economic Development and Training Districts.

"**§ 153A-317.11. Purpose for which districts may be created.**

The board of commissioners of any county may define a county economic development and training district, as provided in this Part, to finance, provide, and maintain for the district a skills training center in cooperation with its community college branch in or for the county to prepare residents of the county to perform manufacturing, research and development, and related service and support jobs in the pharmaceutical, biotech, life sciences, chemical, telecommunications, and electronics industries, and allied, ancillary, and subordinate industries, to provide within the district any of the education, training, and related services, facilities, or functions that a county

or a city is authorized by general law to provide, finance, or maintain, and to promote economic development in the county. The skills training center and related services shall be financed, provided, or maintained in the district either in addition to or to a greater extent than training facilities and services are financed, provided, or maintained in the entire county.

"**§ 153A-317.12. Definition of economic development and training district.**

(a) Standards. – The board of commissioners may by resolution establish an economic development and training district for an area or areas of the county that, at the time the resolution is adopted, meet the following standards:

(1) All of the real property in the district primarily is being used for, or is subject to, a declaration of covenants, conditions, and restrictions that limits its use primarily to biotech processing, chemical manufacturing, pharmaceutical manufacturing, electronics manufacturing, telecommunications manufacturing, and any allied, ancillary, or subordinate uses including, without limitation, any research and development facility, headquarters or office, temporary lodging facility, restaurant, warehouse, or transportation or distribution facility.

(2) The district includes at least two pharmaceuticals manufacturing or bioprocessing facilities occupying sites in the district containing in the aggregate at least 425 acres owned by publicly held corporations.

(3) The bioprocessing and pharmaceuticals manufacturing facilities in the district employ in the aggregate at least 1,600 persons.

(4) The district includes an industrial park consisting of at least 60 acres within a noncontiguous parcel of at least 625 acres now or formerly owned by an airport authority.

(5) The district's zoning classifications permit the uses listed in this section.

(6) All real property in the district is either zoned for or is being used primarily for pharmaceutical, biotech, life sciences, chemical, telecommunications, or electronics manufacturing or processing or allied, ancillary, or subordinate uses.

(7) The district shall include a skills training center situated on a tract containing not less than eight acres, which facility shall be designed and staffed to provide relevant training to prepare existing or prospective employees of targeted industries for jobs in one or more of the pharmaceutical, biotech, life sciences, chemical, telecommunications, and electronics industries and allied, ancillary, or subordinate industries. The training center shall be completed within a reasonable period after the creation of the district.

(8) At the date of creation, no part of the district lies within the boundaries of any incorporated city or town.

(9) There exists a uniform set of covenants, conditions, restrictions, and reservations that applies to all real property in the district other than property owned by the federal, State, or local government.

(10) There exists in the district an association of owners and tenants to which owners of real property representing at least fifty percent (50%) of the assessed value of real property in the district belong, which association can make the recommendations provided for in G.S. 153A-317.13.

(11) A petition requesting creation of the district signed by owners of real property in the district who own real and personal property representing at least fifty percent (50%) of the total assessed value of the real and personal property in the district has been presented to the board of commissioners. In determining the assessed value of real and personal property in the district and the owners of real property, there shall be excluded: (i) real property exempted from taxation and real property classified and excluded from taxation and (ii) the owners of such exempted or classified and excluded property. Assessed value shall mean the most recent values determined by the county for the imposition of taxes on real and personal property.

(b) Findings. – The board of commissioners may establish an economic development and training district if, upon the information and evidence it receives, the board determines that:

(1) The proposed district meets the standards set forth in subsection (a) of this section;

(2) Economic development of the county will be served by providing selected skills training in a facility designed specifically to address the needs of targeted industries such as pharmaceuticals, biotech processing, telecommunications, electronics, and allied, ancillary, or subordinate supplies or services to induce existing industries and targeted industries to improve and expand their facilities and new industries to locate facilities in the district, thereby providing employment opportunities for the residents of the county;

(3) It is impossible or impractical to provide training facilities and services on a countywide basis to all existing and future employers in the county to the same extent as such training services are intended to be furnished within the district; and

(4) It is economically feasible to provide the proposed training facilities and services in the district without unreasonable or burdensome tax levies.

(c) Report. – Before the public hearing required by subsection (d) of this section, the board of commissioners shall cause to be prepared a report containing all of the following:

(1) A map of the proposed district showing its proposed boundaries.

(2) A statement showing that the proposed district meets the standards set out in subsection (a) of this section.

(3) A plan for providing the skills training center and training services to the district.

The report shall be available for public inspection in the office of the clerk to the board for at least four weeks before the date of the public hearing.

(d) Hearing and Notice. – The board of commissioners shall hold a public hearing before adopting any resolution defining a district under this section. Notice of the hearing shall state the date, hour, and place of the hearing and its subject and shall include a map of the proposed district and a statement that the report required by subsection (c) of this section is available for public inspection in the office of the clerk to the board. The notice shall be published at least once not less than one week before the date of the hearing. In addition, it shall be mailed at least four weeks before the date of the hearing by any class of U.S. mail which is fully prepaid to the owners as shown by the county tax records as of the preceding January 1 (and at the address shown thereon) of all property located within the proposed district. The person designated by the board to mail the notice shall certify to the board that the mailing has been completed, and the certificate shall be conclusive in the absence of fraud.

(e) Effective Date. – The resolution creating a district shall take effect at the beginning of the fiscal year commencing after its passage or such other date as shall be determined by the board of commissioners.

"**§ 153A-317.13. Advisory committee.**

(a) Creation. – The board of commissioners, in the resolution establishing an economic development and training district, shall also provide for an advisory committee for the district. The committee shall consist of five members, serving terms as set forth in the resolution. The resolution shall provide for the appointment or designation of a chair. The board of commissioners shall appoint the members of the advisory committee as provided in this section.

(b) Membership. – Three of the five committee members shall represent the association of owners and tenants, as required by G.S. 153A-317.12(a)(10), and two members shall represent the county. Before making the appointments representing the association, the board of commissioners shall request the association to submit a list of persons to be considered for appointment to the committee. The association of owners and tenants shall submit at least two names for each appointment to be made and the board of commissioners shall make the appointments to the committee representing the association from the list of persons submitted to it by the association. Whenever a vacancy occurs on the committee in a position filled by an appointment by the board of commissioners representing the association of owners and tenants, the board, before filling the vacancy, shall request the association to submit the names of at least two persons to be considered for the vacancy, and the board shall fill the vacancy by appointing one of the persons so submitted.

(c) Advisory Duties. – Each year, before adopting the budget for the district and levying the tax for the district, the board shall request recommendations from the advisory committee as to the type and level of services, facilities, or functions to be provided for the district for the ensuing years. The board of commissioners shall, to the extent permitted by law, expend the proceeds of any tax levied for the district in the manner recommended by the advisory committee.

"**§ 153A-317.14. Extension of economic development and training districts.**

(a) Standards. – A board of commissioners may by resolution annex territory to an economic development and training district upon finding that:

(1) The conditions, covenants, restrictions, and reservations required by G.S. 153A-317.12(a)(1) that apply to all real property in the district, other than property owned by the federal, State, or local government, also apply or will apply to the property, other than property owned by the federal government, to be annexed.

(2) One hundred percent (100%) of the owners of real property in the area to be annexed have petitioned for annexation.

(3) The district, following the annexation, will continue to meet the standards set out in G.S. 153A-317.12(a).

(4) The reasonably anticipated training needs of the existing companies in the area to be annexed and of new companies that may locate within the expanded area can be met by the skills training facility located in the district.

(5) The area to be annexed is either contiguous to a lot, parcel, or tract of land in the district or at least 500 acres in the aggregate counting all parcels proposed for annexation. A property shall, for purposes of this section, be deemed to be contiguous notwithstanding that it may be separated from other property by a street, road, highway, right-of-way, or easement.

(6) If any of the area proposed to be annexed to the district is wholly or partially within the extraterritorial jurisdiction of a municipality, then it shall be necessary to first obtain the affirmative vote of a majority of the members of the governing body of the municipality before the area can be annexed.

(b) Report. – Before the public hearing required by subsection (c) of this section, the board shall cause to be prepared a report containing all of the following:

(1) A map of the district and the territory proposed to be annexed showing the present and proposed boundaries of the district.

(2) A statement that the area to be annexed meets the standards and requirements of subsection (a) of this section.

The report shall be available for public inspection in the office of the clerk to the board for at least four weeks before the date of the public hearing.

(c) Hearing and Notice. – The board shall hold a public hearing before adopting any resolution extending the boundaries of a district. Notice of the hearing shall state the date, hour, and place of the hearing and its subject and shall include a statement that the report required by subsection (b) of this section is available for inspection in the office of the clerk to the board. The notice shall be published at least once not less than four weeks before the hearing. In addition, the notice shall be mailed at least four weeks before the date of the hearing by any class of U.S. mail which is fully prepaid to the owners as shown by the county tax records as of the preceding January 1 (and at the address shown thereon) of all property located within the area to be annexed. The person designated by the board to mail the notice shall certify to the board that the

mailing has been completed, and the certificate shall be conclusive in the absence of fraud.

(d) Effective Date. – The resolution extending the boundaries of the district shall take effect at the beginning of the fiscal year commencing after its passage or such other date as shall be determined by the board.

"**§ 153A-317.15. Required provision or maintenance of skills training center.**

(a) New District. – When a county creates a district, it shall provide, maintain, or let contracts for the skills training center for which the district is being taxed within a reasonable time, not to exceed one year, after the effective date of the creation of the district.

(b) Extended District. – When a territory is annexed to a district, the county shall provide, maintain, or let contracts for any necessary additions to the skills training center to provide the same training provided throughout the district to existing and new industries in the area annexed to the district within a reasonable time, not to exceed one year, after the effective date of the annexation.

"**§ 153A-317.16. Abolition of economic development and training districts.**

A board of county commissioners may by resolution abolish a district upon finding that a petition requesting abolition, signed by at least fifty percent (50%) of the owners of real property in the district who own at least fifty percent (50%) of the real and personal property in the district based upon the most recent valuation thereof, has been submitted to the board and that there is no longer a need for such district. In determining the total real and personal property in the district and the number of owners of real and personal property, there shall be excluded: (i) property exempted from taxation and property classified and excluded from taxation and (ii) the owners of such exempted or classified and excluded property. The board shall hold a public hearing before adopting a resolution abolishing a district. Notice of the hearing shall state the date, hour, and place of the hearing and its subject and shall be published at least once not less than one week before the date of the hearing. The abolition of any district shall take effect at the end of a fiscal year following passage of the resolution, as determined by the board.

"**§ 153A-317.17. Taxes authorized; rate limitation.**

A county may levy property taxes within an economic development and training district, in addition to those levied throughout the county, in order to finance, provide, or maintain for the district a skills training center provided therein in addition to or to a greater extent than worker training facilities provided for the entire county. In addition, a county may allocate to a district any other revenues whose use is not otherwise restricted by law. The proceeds of taxes within a district may be expended only to pay annual debt service on up to one million two hundred thousand dollars ($1,200,000) of the capital costs of a skills training center provided for the district and any other services or facilities provided by a county in response to a recommendation of an advisory committee.

Property subject to taxation in a newly established district or in an area annexed to an existing district is subject to taxation by the county as of the preceding January 1.

Such additional property taxes may not be levied within any district established pursuant to this Article in excess of a rate of eight cents (8¢) on each one hundred dollars ($100.00) value of property subject to taxation.

"**§ 153A-317.18. Annexation by municipality.**

No municipality may annex pursuant to Part 2 or Part 3 of Article 4A of Chapter 160A of the General Statutes or under any procedure other than Part 1 or Part 4 of that Article any or all of the real property within an economic development and training district established under this Part."

SECTION 3.(a) If the board of commissioners of Johnston County elects to establish an economic development and training district under Part 3 of Article 16 of Chapter 153A of the General Statutes, as created by this act, the district as initially established shall consist of the following real property owned by Bayer Corporation, Novo Nordisk Pharmaceutical Industries, Inc., Fresenius Kabi Clayton, L.P., and the Johnston County Airport Authority:

(1) Bayer Corporation. – All of the property shown on those deeds recorded in Book 737, Page 179; Book 737, Page 180; Book 739, Page 96; Book 1328, Page 644; and Book 1328, Page 648 in the office of the Register of Deeds of Johnston County.

(2) Novo Nordisk Pharmaceutical Industries, Inc. – All of the property shown on those certain plats of survey recorded in Plat Book 34, Page 279 and Plat Book 46, Page 431 and as shown in that certain deed recorded in Book 1389, Page 114 in the office of the Register of Deeds of Johnston County.

(3) Fresenius Kabi Clayton, L.P. – All of the property shown on that plat of survey recorded in Plat Book 28, Page 173 in the office of the Register of Deeds of Johnston County.

(4) Johnston County Airport Authority. – All of that property known as North Aviation Industrial Park described in that certain deed recorded in Book 1433, Page 440 in the office of the Register of Deeds of Johnson County.

SECTION 3.(b) This section applies only to Johnston County.

SECTION 4. This act is effective when it becomes law.

HOUSE BILL 440:
Wentworth Agri. Zoning/Economic Dev. District.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Sexton
Date:	July 8, 2003	**Summary by:**	Trina Griffin
Version:	3rd Edition		Committee Counsel

SUMMARY: House Bill 440 does the following:

- ***It would prohibit the Town of Wentworth from regulating or restricting agricultural land uses under its zoning ordinance.***
- ***It would authorize Johnston County to establish an economic development and training district for the purpose of providing a skills training center to prepare county residents to perform manufacturing, research and development, and related service and support jobs in the pharmaceutical, biotech, life science, chemical, telecommunications, and electronics industries.***

THE BILL IS IN COMMITTEE FOR RECOMMENDATION FOR CONCURRENCE OR NON-CONCURRENCE.

BILL ANALYSIS: Section 1of House Bill 440 would amend the Charter of the Town of Wentworth to prohibit the town from regulating or restricting agricultural land uses under its zoning ordinance. Under current general law, a municipality may regulate agricultural uses of land as a part of its zoning ordinance.

Section 2 of the bill, which applies only to Johnston County, creates a new Part in Chapter 153A that authorizes a county to establish an economic development and training district.

Purpose of District. – The purpose of the district is to provide a skills training center to prepare residents of the county to perform manufacturing, research and development, and related service and support jobs in the pharmaceutical, biotech, life science, chemical, telecommunications, and electronics industries.

Standards for District. – Several standards must be met before the district may be established, including:

- All of the property in the proposed district is primarily being used for biotech processing, chemical, pharmaceutical, electronics, and telecommunications manufacturing.
- The district includes at least 2 pharmaceuticals manufacturing or bioprocessing facilities occupying sites in the aggregate of at least 425 acres owned by publicly held corporations and employing at least 1,600 persons.
- The district includes an industrial park consisting of at least 60 acres within a noncontiguous parcel of at least 625 acres now or formerly owned by an airport authority.
- No part of the district lies within the boundaries of any incorporated city or town.
- There exists in the district an association of owners and tenants to which owners of real property representing at least 50% of the value of the real property in the district belong.
- There must be a petition signed by the owners of real property in the district representing at least 50% of the total assessed value of real and personal property in the district presented to the board of commissioners.

Findings Required Before Establishing District. – The board of commissioners may establish the district if it determines that:

- The proposed district meets the standards set out above.

- Economic development of the county will be served, specifically in the targeted industries, by providing selected skills training, thus inducing the expansion of existing industries and the location of new facilities, thereby providing employment opportunities in the district.
- It would be impossible or impractical to provide training facilities and services on a countywide basis to all existing and future employers in the county to the same extent the services are intended to be furnished within the district.
- It is economically feasible to provide the proposed training facilities and services without unreasonable or burdensome tax levies.

Hearing and Notice. – The board must provide notice and hold a public hearing before adopting a resolution defining a district.

Advisory Committee. – In the resolution establishing an economic development and training district, the board of commissioners shall provide for a five-member advisory committee, three of whom shall represent the association of owners and tenants and two of whom shall represent the county. The committee shall make recommendations to the board as to the type and level of services, facilities, or functions to be provided for the district for the ensuing years.

Annexation by District. – The board of commissioners would be authorized to annex territory to the district, after giving notice and holding a public hearing, if certain findings exist, such as:

- The property to be annexed meets the same conditions, covenants, restrictions, and reservations as the primary district.
- 100% of the owners of real property in the area to be annexed have petitioned for annexation.
- The reasonably anticipated training needs of the existing companies in the area to be annexed and of new companies that may locate within the area can be met by the skills training facility located in the district.
- The area to be annexed is either contiguous to the district or at least 500 acres in the aggregate.
- If any of the area proposed to be annexed is within the extraterritorial jurisdiction of a municipality, then a majority of the members of the governing body of the municipality must vote in favor of annexation.

Abolition of District. – The board may abolish a district if a petition requesting abolition, signed by at least 50% of real property owners in the district who own at least 50% of the real and personal property in the district, has been submitted to the board and that there is no longer a need for the district. There must be notice and a public hearing prior to the adoption of a resolution abolishing a district.

Taxes Authorized. – The county would be authorized to levy property taxes within the district, in addition to those levied throughout the county, in order to finance, provide, or maintain for the district a skills training center. In addition, a county may allocate to a district any other revenues whose use is not otherwise restricted by law. The proceeds of taxes within the district may be expended only to pay annual debt service on up to $1,200,000 of the capital costs of a skills training center and any other services or facilities provided by the county in response to a recommendation of the advisory committee. The additional property taxes within the district may not exceed a rate of 8¢ on each $100 value of property subject to taxation.

Property Within Initial District. – If the board of commissioners elects to establish an economic development and training district, then the district as initially established will consist of certain described real property owned by Bayer Corporation, Novo Nordisk Pharmaceutical Industries, Inc., Fresenius Kabi Clayton, L.P., and the Johnston County Airport Authority.

EFFECTIVE DATE: House Bill 440 would become effective when it becomes law.

HOUSE BILL 860
PROPOSED COMMITTEE SUBSTITUTE H860-PCS30414-RV-26

Short Title: Detector Dog Trainers. (Public)

Sponsors:

Referred to:

April 7, 2003

A BILL TO BE ENTITLED

AN ACT TO AMEND THE REGISTRATION REQUIREMENTS AND FEES TO ENGAGE IN CERTAIN ACTIVITIES WITH CONTROLLED SUBSTANCES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 90-101(a) reads as rewritten:

"(a) Every person who manufactures, distributes, dispenses, or conducts research with any controlled substance within this State or who proposes to engage in any of these activities shall annually register with the North Carolina Department of Health and Human Services, in accordance with rules adopted by the Commission, and shall pay the registration fee set by the Commission for the category to which the applicant belongs. An applicant for registration shall file an application for registration with the Department of Health and Human Services and submit the required fee with the application. The categories of applicants and the maximum fee for each category are as follows:

CATEGORY	MAXIMUM FEE
Clinic	$150.00
Hospital	350.00
Nursing Home	150.00
Teaching Institution	150.00
Researcher	150.00
Analytical Laboratory	150.00
Dog Handler	150.00
Distributor	600.00
Manufacturer	700.00."

SECTION 2. Article 5 of Chapter 90 of the General Statutes is amended by adding a new section to read:

"**§ 90-102.1. Registration of persons requiring limited use of controlled substances for training purposes in certain businesses.**

(a) Definitions. – As used in this Article:

(1) 'Commercial detection service' means any person, firm, association, or corporation contracting with another person, firm, association, or corporation for a fee or other valuable consideration to place, lease, or rent a trained drug detection dog with a dog handler.

(2) 'Dog handler' means a person trained in the handling of drug detection dogs, including the care, feeding, and maintenance of drug detection dogs and the procedures necessary to train and control the behavior of drug detection dogs. .

(3) 'Drug detection dog' means a dog trained to locate controlled substances by scent.

(b) Registration. – A dog handler who is not exempt from registration under G.S. 90-101 who intends to use any controlled substance included in Schedules I through VI for the limited purpose of the initial training and maintenance training of drug detection dogs shall file an application for registration with the Department of Health and Human Services and pay the applicable fee as provided in G.S. 90-101.

(c) Prerequisites for Registration. – Upon receipt of an application, the Department of Health and Human Services shall conduct a background investigation, during the course of which the applicant shall be required to show that the applicant meets all the following requirements and qualifications:

(1) That the applicant is at least 21 years of age.

(2) That the applicant is of good moral character and temperate habits. The following shall be prima facie evidence that the applicant does not have good moral character or temperate habits:

a. Conviction of any crime involving the illegal use, possession, sale, manufacture, distribution, or transportation of a controlled substance, drug, narcotic, or alcoholic beverage;

b. Conviction of a felony or a crime involving an act of violence;

c. Conviction of a crime involving unlawful breaking or entering, burglary, larceny, or any offense involving moral turpitude; or

d. A history of addiction to alcohol or a narcotic drug;

provided that, for purposes of this subsection, conviction means and includes the entry of a plea of guilty or no contest or a verdict rendered in open court by a judge or jury.

(3) That the applicant has not been convicted of any felony involving the illegal use, possession, sale, manufacture, distribution, or transportation of a controlled substance, drug, narcotic, or alcoholic beverage.

(4) That the applicant has the necessary training, qualifications, and experience to demonstrate competency and fitness as a dog handler as the Department of Health and Human Services may determine by rule for all registrations to be approved by the Department.

(5) That the applicant affirms in writing that if the application for registration is approved, the applicant shall report all dog alerts to, or finds of, any controlled substance to a law enforcement agency having jurisdiction in the area where the dog alert occurs or where the controlled substance is found.

(d) Criminal Record Check. – The Department of Justice may provide a criminal record check to the Department of Health and Human Services for a person who has applied for a new or renewal registration. The Department of Health and Human Services shall provide to the Department of Justice, along with the request, the fingerprints of the applicant, any additional information required by the Department of Justice, and a form signed by the applicant consenting to the check of the criminal record and to the use of the fingerprints and other identifying information required by the State or national repositories. The applicant's fingerprints shall be forwarded to the State Bureau of Investigation for a search of the State's criminal history record file, and the State Bureau of Investigation shall forward a set of the fingerprints to the Federal Bureau of Investigation for a national criminal history check. The Department of Health and Human Services shall keep all information pursuant to this subsection privileged, in accordance with applicable State law and federal guidelines, and the information shall be confidential and shall not be a public record under Chapter 132 of the General Statutes. The Department of Justice may charge each applicant a fee for conducting the checks of criminal history records authorized by this subsection.

(e) Acquisition of Controlled Substances. – If the application for registration is approved, the registrant may lawfully obtain and possess controlled substances in the manner and to the extent authorized by the registration, in conformity with G.S. 90-105, other provisions of this Article, and rules promulgated by the Commission pursuant to G.S. 90-100.

(f) Record Keeping; Physical Security. – Each registrant shall keep records and maintain inventories in the manner specified in G.S. 90-104. Registrants shall provide effective controls and procedures to guard against theft and diversion of controlled substances. Controlled substances shall be stored in a securely locked, substantially constructed cabinet, and the storage area shall be protected by an alarm system that is continuously monitored by an alarm company central station.

(g) Disclosure of Discovery of Controlled Substances. – A dog handler shall, upon a dog alert or finding of a controlled substance, notify the State or local law enforcement agency having jurisdiction over the area where the dog alert occurs or the controlled substance is found. Before leaving the premises where the dog alert occurs or where the controlled substance is found, the dog handler shall inform law enforcement of the dog alert or the finding of a controlled substance and shall provide all relevant information concerning the dog alert or the discovery of the controlled substance.

(h) Commercial Detection Services; Dog Certification and Client Confidentiality. – Any drug detection dog utilized in a commercial detection service in this State shall first be certified by a canine certification association approved by the Department of Health and Human Services. Any person, including a nonresident, engaged in providing a commercial detection service in this State shall comply with the requirements of

subsection (g) of this section regarding disclosure of the discovery of controlled substances. Client records of a dog handler who provides a commercial detection service for controlled substances shall be confidential unless the dog handler is required to report a dog alert or finding of a controlled substance in the course of a search, the records are lawfully subpoenaed, or the records are obtained by a law enforcement officer pursuant to a court order, a search warrant, or an exception to the search warrant requirement.

(i) The Department of Health and Human Services shall have the power to investigate or cause to be investigated any complaints, allegations, or suspicions of wrongdoing or violations of this section involving individuals registered or applying to be registered under this section. The Department or the Commission may deny, suspend, or revoke a registration issued under this section if it is determined that the applicant or registrant has:

(1) Made any false statement or given any false information in connection with any application for a registration or for the renewal or reinstatement of a registration.

(2) Violated any provision of this Article.

(3) Violated any rule promulgated by the Department of Health and Human Services or the Commission for Mental Health, Developmental Disabilities, and Substance Abuse Services pursuant to the authority contained in this Article.

(j) This section does not apply to law enforcement agencies, to dog handlers and drug detection dogs that are employed or under contract to law enforcement agencies, or to other persons who are exempt from registration under G.S. 90-101(c)(5)."

SECTION 3. Pursuant to G.S. 90-100, the Commission for Mental Health, Developmental Disabilities, and Substance Abuse Services may adopt temporary and permanent rules relating to the acquisition, possession, and security of controlled substances by persons registered under the provisions of G.S. 90-102.1, as enacted by this act. The Department of Health and Human Services may adopt temporary and permanent rules relating to the training and qualifications for dog handlers and the certification of drug detection dogs subject to the provisions of G.S. 90-102.1, as enacted by this act.

SECTION 4. This act is effective when it becomes law.

HOUSE BILL 860:
Detector Dog Trainers.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Adams
Date:	July 16, 2003	**Summary by:**	Trina Griffin*
Version:	2nd Edition		Committee Counsel

SUMMARY: ***House Bill 860 amends the Controlled Substances Act to provide for the registration of persons who train and maintain dogs used to detect the presence of illegal narcotics.***

THIS BILL WAS GIVEN A FAVORABLE REPORT IN HOUSE JUDICIARY III, AND HAS BEEN REFERRED TO FINANCE BECAUSE IT CREATES A NEW FEE FOR THE REGISTRATION OF DOG HANDLERS WHO WORK WITH DOGS USED TO DETECT CONTROLLED SUBSTANCES.

CURRENT LAW: G.S. 90-95 makes it unlawful to manufacture, sell or deliver, or possess any controlled substance except as authorized by the Controlled Substances Act set out in Article 5 of Chapter 90 of the General Statutes. G.S. 90-101 requires that every person who manufactures, distributes, dispenses, or conducts research with any controlled substance within this State or who proposes to engage in any of these activities register annually with the North Carolina Department of Health and Human Services, and pay the registration fee set by the Commission for Mental Health, Developmental Disabilities, and Substance Abuse Services (Commission) for the category to which the applicant belongs. An applicant must file an application for registration with the Department of Health and Human Services and submit the required fee with the application. Exceptions are provided for law enforcement officers acting within the course and scope of official duties and for medical practitioners licensed in North Carolina. A separate registration is required at each principal place of business, research or professional practice where the registrant manufactures, distributes, dispenses or uses controlled substances, and the Department of Health and Human Services is authorized to inspect the establishment of a registrant, applicant for registration, or practitioner in accordance with rules adopted by the Commission.

BACKGROUND: The N.C. Division of Mental Health, Developmental Disabilities and Substance Abuse Service's Regulatory Unit has assumed the following positions with regard to applicants who wish to possess controlled substances for use in the training and maintenance of detector dogs:

- The N.C. Administrative Code links state registration to possess controlled substances to the federal Drug Enforcement Administration (DEA) registration process, and a State registrant is required to provide evidence of federal registration to conduct research with controlled substances.
- G.S. § 90-111 requires the North Carolina Department of Health and Human Services and the Attorney General of North Carolina to ***"cooperate with federal and other State agencies in discharging their responsibilities concerning traffic in controlled substances and in suppressing the abuse of controlled substances."***
- Registration to possess controlled substances for the purpose of training drug-detection dogs should be granted only to entities that are a branch of law enforcement or have a direct affiliation with law enforcement, and any business/individual authorized to possess controlled substances in connection with the training or use of drug-detection dogs should report all incidents of drug detection to law enforcement.

- The integrity of the public interest is a key concern. G.S. §90-102 (a) requires that the Department of Health and Human Services register an applicant to manufacture or distribute controlled substances ***"unless it determines that the issuance of such registration is inconsistent with the public interest."*** The State has taken the position that confidential drug searches for businesses and individuals that allow anyone other than law enforcement to determine how to dispose of detected narcotics, is not consistent the public interest. In determining the public interest, the statute requires consideration of the following:

  (1) Maintenance of effective controls against diversion of any controlled substances and any substance compounded therefrom into other than legitimate medical, scientific, or industrial channels;

  (2) Compliance with applicable federal, State and local law;

  (3) Prior conviction record of applicant, its agents or employees under federal and State laws relating to the manufacture, distribution, or dispensing of such substances;

  (4) Past experience in the manufacture of controlled substances, and the existence in the establishment or facility of effective controls against diversion; and

  (5) Any factor relating to revocation, suspension, or denial of past registrations, licenses, or applications under this or any other State or federal law;

  (6) Such other factors as may be relevant to and consistent with the public health and safety.

BILL ANALYSIS: House Bill 860 amends the Controlled Substances Act to permit the registration of dog handlers who train and maintain dogs used to detect the presence of illegal narcotics. The maximum fee for a dog handler registration with the Department of Health and Human Services (DHHS) would be $150. Prior to approval of a dog handler's application for registration, DHHS would be required to conduct a background investigation that would include a criminal records check. The bill authorizes the Department of Justice to conduct a criminal records check and to charge the applicant a fee. Once registered, the dog handler would be permitted to lawfully obtain and possess specified amounts of controlled substances for the limited purpose of the initial training and maintenance training of drug detection dogs, subject to rules adopted by the Commission for Mental Health, Developmental Disabilities, and Substance Abuse Services.

Each registered dog handler would be required to keep records and maintain inventories in conformance with federal and State law. The bill requires that all controlled substances be stored in a securely locked cabinet located in an area protected by a monitored alarm system. Dogs to be used in commercial detection services must first be certified by a canine certification association approved by DHHS. When conducting searches, a dog handler, including a nonresident, would be required to contact State or local local law enforcement authorities to report any dog alerts or finds of controlled substances. DHHS has the authority to investigate any complaints, and where violations are found may deny, suspend, or revoke a registration. Registration requirements do not apply to law enforcement agencies, or to dog handlers employed or under contract with law enforcement.

The bill provides for the adoption of temporary and permanent rules to carry out the purposes of the act. The act would be effective when it becomes law.

Brenda Carter, committee counsel for House Judiciary III, contributed substantially to this summary.

REVENUES	**See Assumptions and Methodology**				
EXPENDITURES	**See Assumptions and Methodology**				
POSITIONS:					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Health and Human Services – Division of Mental Health, Developmental Disabilities and Substance Abuse ; Department of Justice

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: The bill authorizes the Department of Health and Human Services to register dog handlers who train and maintain dogs used to detect the presence of illegal narcotics. The annual registration fee of $150 allows the dog handler to lawfully obtain and possess specified amounts of controlled substances for the training of dogs. The applicant for this registration must pay the Department of Justice for a criminal background check and must keep records and maintain inventories in conformance with federal and state laws.

ASSUMPTIONS AND METHODOLOGY:

Revenue

The Department of Health and Human Services has no estimate of the number of new registrants it will receive upon the passage of this bill. The Division of Mental Health, Developmental Disabilities and Substance Abuse's Regulatory Unit currently has 22 persons registered as researchers who are associated with dogs for narcotics detection. Of these 22, sixteen are with police departments and six are considered agents for law enforcement. Since proposed 90-102.1(j) exempts law enforcement agencies and dog handlers that are employed or under contract to law enforcement agencies, the Department could lose the $3,300 in registration fees it now receives from these individuals.

Expenditures

The Division of Mental Health, Developmental Disabilities and Substance Abuse's Regulatory Unit has six employees that handle 2,400 registrants. The unit collected $398, 250 in fees last year and spent approximately $340,000 for 6 personnel that include four inspectors, one supervisor, and one clerical position. The unit receives about 10 new registrants a month that require an inspection. Dog handlers would be another duty added to their workload. Since there is no estimate on the number of dog handler registrants, it is unknown whether the current staff can perform the inspections in a timely manner.

Proposed 90-102.1(d) deals with criminal record background checks. Since the applicant or licensee pays the State Bureau of Investigation (SBI) for the criminal record check, there is no fiscal impact on the Department of Health and Human Services. The SBI is able to accommodate some increase in background checks within its existing staffing level. If the increase in workload due to new record checks is greater than the unit's capacity, the SBI could seek authorization from the Office of State Budget and Management for an additional position supported by the receipts collected from the applicants/ licensees.

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE FEE FOR SERVICE OF PROCESS IN CIVIL CASES AND TO EARMARK THE INCREASE TO ENSURE TIMELY SERVICE OF PROCESS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 7A-311 reads as rewritten:

"**§ 7A-311. Uniform civil process fees.**

(a) In a civil action or special proceeding, except for actions brought under Chapter 50B of the General Statutes, the following fees and commissions shall be assessed, collected, and remitted to the county:

(1) a. For each item of civil process served, including summons, subpoenas, notices, motions, orders, writs and pleadings, the sum of ~~five dollars ($5.00).~~ fifteen dollars ($15.00). When two or more items of civil process are served simultaneously on one party, only one ~~five-dollar ($5.00)~~ fifteen-dollar ($15.00) fee shall be charged.

b. When an item of civil process is served on two or more persons or organizations, a separate service charge shall be made for each person or organization. ~~If the process is served, or attempted to be served, by a city policeman, the fee shall be remitted to the city rather than the county. If the process is served, or attempted to be served by the sheriff, the~~The process fee shall be remitted to the county. This subsection shall not apply to service of summons to jurors.

c. At least fifty percent (50%) of the fees collected pursuant to this subdivision shall be used by the county to ensure the timely service of process within the county, which may include the

hiring of additional law enforcement personnel upon the recommendation of the sheriff.

(2) For the seizure of personal property and its care after seizure, all necessary expenses, in addition to any fees for service of process.

(3) For all sales by the sheriff of property, either real or personal, or for funds collected by the sheriff under any judgment, five percent (5%) on the first five hundred dollars ($500.00), and two and one-half percent (2 1/2%) on all sums over five hundred dollars ($500.00), plus necessary expenses of sale. Whenever an execution is issued to the sheriff, and subsequently while the execution is in force and outstanding, and after the sheriff has served or attempted to serve such execution, the judgment, or any part thereof, is paid directly or indirectly to the judgment creditor, the fee herein is payable to the sheriff on the amount so paid. The judgment creditor shall be responsible for collecting and paying all execution fees on amounts paid directly to the judgment creditor.

(4) For execution of a judgment of ejectment, all necessary expenses, in addition to any fees for service of process.

(5) For necessary transportation of individuals to or from State institutions or another state, the same mileage and subsistence allowances as are provided for State employees.

(b) All fees that are required to be assessed, collected, and remitted under subsection (a) of this section shall be collected in advance (except in suits in forma pauperis) except those contingent on expenses or sales prices. When the fee is not collected in advance or at the time of assessment, a lien shall exist in favor of the county on all property of the party owing the fee. If the fee remains unpaid it shall be entered as a judgment against the debtor and shall be docketed in the judgment docket in the office of the clerk of superior court.

(c) The process fees and commissions set forth in this section are complete and exclusive and in lieu of any and all other process fees and commissions in civil actions and special proceedings."

SECTION 2. This act becomes effective September 1, 2003, and applies to fees assessed or collected on or after that date.

HOUSE BILL 918:
Increase Service of Process Fee

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Goodwin and Miner
Date:	July 15, 2003	**Analysis by:**	Martha Walston
Version:	H918—CSLAf-42		Committee Counsel

SUMMARY: ***House Bill 918 would increase the fee for service of process in most civil actions from $5.00 to $15.00 and would provide that at least 50% of the fees collected will be used by the county to ensure the timely service of process within the county, which may include the hiring of additional law enforcement personnel upon the recommendation of the sheriff.***

House Bill 918 was given a favorable report in House Judiciary II.

The proposed committee substitute changes the effective date from July 1, to September 1, and deletes unnecessary language in the current law.

CURRENT LAW AND BACKGROUND: Under G.S. 7A-311, a $5.00 fee is charged for each summons, subpoena, notice, motion, order, writ, and pleading served in a civil action or special proceeding. This fee does not apply to service of process in actions related to domestic violence, for which no fee is charged. If a city policeman serves the item of civil process, the fee is remitted to the city. If the sheriff serves the item of civil process, the fee is remitted to the county.

Since 1990, the fee has been set at $5.00. Before that the fee was set as follows:

- 1981 - $4.00
- 1979 - $3.00
- 1965 - $2.00

A similar bill, House Bill 1397 (Increase Service of Process Fee), was introduced during the 2001 General Assembly. This bill would have increased the fee to $10.00. House Bill 1397 passed the House of Representatives, but was not acted on in the Finance Committee in the Senate.

BILL ANALYSIS: House Bill 918 would increase the fee for service of process in most civil actions from $5.00 to $15.00. The bill would also provide that at least 50% of the fees collected would be used by the county to ensure the timely service of process within the county, which may include hiring additional law enforcement personnel upon the recommendation of the sheriff.

House Bill 918 also deletes the current language regarding service of process by city policemen, since current law does not provide for the service of items of civil process by city policemen.

EFFECTIVE DATE: This act would become effective September 1, 2003, and apply to fees assessed or collected on or after that date.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Local governments.

EFFECTIVE DATE: September 1, 2003.

BILL SUMMARY: This bill increases the fee for service of process in civil actions from $5 to $15 and directs that at least half of the fees collected be used to support additional local law enforcement personnel, if needed, to assure timely service of process.

ASSUMPTIONS AND METHODOLOGY: The current $5 service of process fee is collected at the local level with unrestricted use. In some counties, the clerk of court collects this fee and disburses it to the local government, but in most cases it is paid directly to the Sheriff's office. For this reason, it is not possible to estimate the revenues generated without surveying the 100 Sheriff's offices.

further moves to amend the bill on page 2, line 31 by inserting the following between lines 31 and 32:

SECTION 1.1.(a) G.S. 1A-1, Rule 4(a) reads as rewritten:

"(a) Summons – Issuance; who may serve. – Upon the filing of the complaint, summons shall be issued forthwith, and in any event within five days. The complaint and summons shall be delivered to some proper person for service. In this State, such proper person shall be the sheriff of the county where service is to be ~~made~~made, a private process server appointed by the clerk of court, or some other person duly authorized by law to serve summons. Upon the request of a party seeking service of process or that party's agent or attorney, service shall be made by a private process server appointed by the clerk of court. Outside this State, such proper person shall be anyone who is not a party and is not less than 21 years of age or anyone duly authorized to serve summons by the law of the place where service is to be made. Upon request of the plaintiff separate or additional summons shall be issued against any defendants. A summons is issued when, after being filled out and dated, it is signed by the officer having authority to do so. The date the summons bears shall be prima facie evidence of the date of issue."

SECTION 1.1.(b) Article 12 of Chapter 7A of the General Statutes is amended by adding a new section to read:

"**§ 7A-114. Appointment of private process server.**

(a) Qualifications. – The clerk of court of each county shall appoint persons as private process servers in accordance with this section. To be appointed as a private

process server, a person must apply to the clerk of court for the appointment and must meet all of the following qualifications:

(1) Be at least 21 years old.
(2) Be a resident of this State.
(3) Have no mental or legal disability.
(4) Not be the defendant in a pending criminal action.
(5) Not have been convicted of a felony.
(6) In the five-year period before the date the application is filed, not have been convicted of a misdemeanor involving moral turpitude or dishonesty.
(7) Pass a written examination given by the clerk testing the applicant's knowledge of the laws and rules of procedure concerning the service of process.
(8) Post with the clerk a performance bond in the amount of one hundred thousand dollars ($100,000).
(9) Pay the application fee and the examination fee set by the clerk.

(b) Exam. – The clerk of court shall determine the content of the examination an applicant must take to become a private process server and the passing grade for the examination. The clerk shall determine the number of times and the locations at which the examination is given in a year. The clerk shall give the examination at least once a year.

(c) Bond. – A performance bond required for appointment as a private process server must be approved by the clerk of court and must be filed for the benefit of any person injured by malfeasance, misfeasance, neglect of duty, or incompetence in performing the duties of a private process server. If an applicant is or will be employed by an entity whose employees are covered by a bond of the employer, the applicant is not required to post a bond if the employer gives a written statement to the clerk affirming that the employer's bond applies or will apply to the applicant in performing the duties of a private process server.

The clerk of court may redeem, in whole or in part, a performance bond filed by a private process server when the clerk determines that a person has been injured by the malfeasance, misfeasance, neglect of duty, or incompetence of the private process

server in serving process. Before the clerk redeems a bond, the clerk must hold a hearing on the matter.

(d) Appointment. – The clerk of court shall appoint a person who meets the qualifications set in subsection (a) of this section as a private process server. The clerk shall issue each person appointed an identification number and an identification card. The card shall bear the process server's identification number, printed name, signature, photograph, and date the appointment expires. The clerk of court may contract with the City-County Bureau of Identification to make the identification cards. The person to whom a card is issued shall pay the fee required for issuance of the card. The clerk shall maintain a list of persons who hold appointments as private process servers.

(e) Effect. – A person appointed as a private process server is authorized to serve civil process, except executions pursuant to Article 28 of Chapter 1 of the General Statutes or summary ejectment pursuant to Article 3 of Chapter 42 of the General Statutes. A person appointed as a private process server shall take an oath that the person will honestly, diligently, and faithfully exercise the duties of a private process server. Process served by a private process server has the same effect as if it had been served by a sheriff.

(f) Renewal of Appointment. – An appointment as a private process server expires one year after the date the clerk of court makes the appointment. An appointment may be renewed by filing an application for renewal with the clerk. The clerk shall renew an appointment if the process server has properly fulfilled the duties of a private process server during the year and the bond posted by the process server remains in effect.

(g) Revocation or Refusal to Renew Appointment. – The clerk of court may revoke or refuse to renew a person's appointment as a private process server whenever the clerk determines that the private process server has not fully and properly discharged the duties of a private process server. Before the clerk revokes or refuses to renew an appointment for cause, the clerk must hold a hearing on the matter.

(h) Hearing. – A clerk of court must notify a private process server of the time and date of a hearing. At the hearing, the process server may cross-examine witnesses, present evidence, and be heard. If the clerk decides to redeem the process server's bond or to revoke or to refuse to renew the process server's appointment, the clerk must make a written record of the findings of fact and set out in detail the reasons why the clerk

NORTH CAROLINA GENERAL ASSEMBLY
AMENDMENT
House Bill 918

AMENDMENT NO. _____
(to be filled in by
Principal Clerk)

H918-ASVf-30 [v.2]

decided to take that action. A person whose bond is redeemed or whose appointment is revoked or not renewed may appeal the action to the superior court of the county whose clerk made the appointment.

(i) Fees. – The clerk of court shall set fees for filing an application to become a private process server, taking an examination to become a private process server, and issuing an identification card to a person appointed as a private process server. The application fee may not exceed one hundred dollars ($100.00). The fee for an identification card may not exceed ten dollars ($10.00).

The fee set in G.S. 7A-311 for service of civil process applies to process served by a private process server. The person who engages a private process server to serve process shall pay the fee set by that statute to the appropriate county at the time required by that statute.

The amount charged by a private process server for serving process is governed by the agreement between the process server and the person who engages the process server. The amount charged is not a process fee under G.S. 7A-311 and is not assessable under G.S. 7A-305 as a cost of a civil action.

(j) Offense. – A private process server who, knowing that the person served is not the person named, serves process on a person not named in the paper is guilty of a Class 1 misdemeanor."

SECTION 1.1.(c) This section applies to Wake County only."

Further amends the bill on page 2, line 32, by deleting "and applies to" and substituting "and Section 1 applies to

March 27, 2003

A BILL TO BE ENTITLED

AN ACT TO REDUCE SALES TAXES ON LIGHT CONSTRUCTION EQUIPMENT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-164.3 is amended by adding a new subdivision to read:

"**§ 105-164.3. Definitions.**

The following definitions apply in this Article:

...

(17b) Light construction equipment. – Equipment that is self-propelled, is used only for construction, has an engine of no more than 160 net horsepower, and is not designed primarily for transportation."

SECTION 2. G.S. 105-164.4(a) is amended by adding a new subdivision to read:

"(a) **(Effective until July 1, 2003)** A privilege tax is imposed on a retailer at the following percentage rates of the retailer's net taxable sales or gross receipts, as appropriate. The general rate of tax is four and one-half percent (4 1/2%).

...

(8) The general rate of tax applies to the sales price of light construction equipment sold at retail, including all accessories attached to the equipment when it is delivered to the purchaser. The maximum tax is three hundred dollars ($300.00) per article."

SECTION 3. This act becomes effective October 1, 2003, and applies to sales made on or after that date. This section is repealed effective for sales made on or after January 1, 2006. This section does not affect the rights or liabilities of the State, a taxpayer, or another person arising under a statute amended or repealed by this section before the effective date of its amendment or repeal; nor does it affect the right to any

refund or credit of a tax that accrued under the amended or repealed statute before the effective date of its amendment or repeal.

HOUSE BILL 759:
Reduce Utility Equipment Sales Tax

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Goforth
Date:	July 15, 2003	**Analysis by:**	Martha Walston
Version:	H759-CSLA-39 [v.2]		Committee Counsel

SUMMARY: House Bill 759 reduces the sales tax owed on the sales price of light construction equipment sold at retail, including all accessories attached to the equipment when it is delivered to the purchaser. The sales tax would be at the general rate with a cap of $300 per article. The light construction equipment would be exempt from local sales tax.

The proposed committee substitute does the following:

- *Moves the effective date from July 1, 2003 to October 1, 2003, and repeals the tax effective for sales made on or after January 1, 2006. The repeal is necessary in order for North Carolina to conform to the Streamlined Sales Tax Agreement. Beginning January 1, 2006, the State and local sales tax base must be the same.*
- *Tightens the definition of light construction equipment by specifying that it must be used only for construction.*

CURRENT LAW: Light construction equipment is subject to both the general sales tax rate of 4 ½% and the local sales tax rate.

BILL ANALYSIS: House Bill 759 would reduce the sales tax imposed on light construction equipment as follows:

- The equipment would be subject to the general sales tax rate (4 ½%) but with a $300 cap per article.
- The equipment would be exempt from local sales tax.[1]

Light construction equipment is defined as "equipment that is self-propelled, is used only for construction, has an engine of no more than 160 net horsepower, and is not designed primarily for transportation."

The act is repealed effective for sales made on or after January 1, 2006 in order to conform to the Streamlined Sales Tax Agreement. Beginning on that date the Agreement does not allow multiple tax bases and caps, except for boats, aircraft, and manufactured homes.

[1] The local sales tax applies only to sales of tangible personal property subject to the general rate of sales tax imposed by the State under G.S. 105-164.4(a)(1) and (a)(4b). House Bill 759 establishes a new subdivision G.S. 105-164.4(a)(8).

LEGISLATIVE FISCAL NOTE

BILL NUMBER: HB 759 (1st Edition)

SHORT TITLE: Reduce Utility Equipment Sales Tax

SPONSOR(S): Rep. Goforth

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES					
General Fund		* Unknown Loss *			
Local Government		* Unknown Loss *			

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Department of Revenue and Local Governments

EFFECTIVE DATE: July 1, 2003 and applies to sales make on or after that date.

BILL SUMMARY: The legislation caps the sales tax levied on each piece of light construction equipment at $300.00.

ASSUMPTIONS AND METHODOLOGY: Examples of light construction equipment generally include skid loaders, telescopic handlers, asphalt pavers, compact excavators, compact track loaders, all-wheel-steer loaders, compact loaders, backhoes, compactors, skidsteers, generators, light towers, and dewatering pumps, to name a few. The bill caps total state and local sales taxes on the purchase of these items at $300. This suggests that the cap will affect all light construction equipment with a sales price greater than $4,285.71 ($4,285.71 x 7.0% tax = $300). A review of industry web sites suggests the price of these items vary from approximately $12,500 to $235,000 and higher (these include prices for used equipment). Thus, the revenue loss associated with the purchase of each item varies from $575 to upwards of $16,150 per item. However, because Fiscal Research cannot determine the total value of all light construction equipment sold in the state, no exact fiscal estimate is possible on the bill.

Referred to:	Finance.	

April 29, 2003

A BILL TO BE ENTITLED

AN ACT TO STIMULATE THE ECONOMY BY EXEMPTING FROM INCOME TAX INCOME DERIVED FROM MANUFACTURING.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-228.90(b) is amended by adding a new subdivision to read:

"(b) Definitions. – The following definitions apply in this Article:

. . .

(4b) Manufacturing. – An industry in manufacturing sectors 31 through 33, as defined by NAICS, but not including quick printing or retail bakeries."

SECTION 2. G.S. 105-130.5(b) is amended by adding a new subdivision to read:

"(22) Income, net of expenses, directly attributable to manufacturing activities. This deduction is optional at the election of the taxpayer."

SECTION 3. G.S. 105-134.6(b) is amended by adding a new subdivision to read:

"(18) Income, net of expenses, directly attributable to manufacturing activities. This deduction is optional at the election of the taxpayer."

SECTION 4. G.S. 105-129.2(16) reads as rewritten:

"(16) Manufacturing. – ~~An industry in manufacturing sectors 31 through 33, as defined by NAICS, but not including quick printing or retail bakeries.~~Defined in G.S. 105-228.90."

SECTION 5. G.S. 105-130.4(i) reads as rewritten:

"(i) All business income of corporations other than public utilities and excluded corporations shall be apportioned to this State by multiplying the income by a fraction,

the numerator of which is the property factor plus the payroll factor plus twice the sales factor, and the denominator of which is four. ~~Provided, that where~~If the sales factor does not exist, the denominator of the fraction ~~shall be~~ is the number of existing factors and ~~where~~ if the sales factor exists but the payroll factor or the property factor does not exist, the denominator of the fraction ~~shall be~~is the number of existing factors plus one.

For taxpayers that elect to deduct manufacturing income pursuant to G.S. 105-130.5(b)(22), in calculating the property factor, the payroll factor, and the sales factor under this section, the following shall be excluded from both the numerator and the denominator: property used directly and primarily for manufacturing, compensation paid directly and primarily for manufacturing, and receipts derived directly and primarily from manufacturing."

SECTION 6. The General Assembly finds the following:

(1) For corporations that are taxable in North Carolina and not taxable in any other states, the calculation under Section 2 of this act is the only calculation that applies. Section 5 of this act does not apply to those corporations.

(2) For a corporation that is taxable in more than one state, if the corporation is currently allocating and apportioning its income to North Carolina by using the fraction provided in G.S. 105-130.4(i), the provisions of Section 5 of this act govern how that fraction is calculated. Section 5 of this act does not itself require a corporation to use the fraction method.

(3) Alternatively, G.S. 105-130.4(t) sets out the circumstances under which a corporation taxable in more than one state may determine the portion of its income taxable to North Carolina based on its books of account, in accordance with generally accepted accounting procedures as established by the Financial Accounting Standards Board.

(4) Section 5 of this act would not, therefore, apply to corporations currently using the separate accounting method under G.S. 105-130.4(t).

SECTION 7. This act becomes effective for taxable years beginning on or after January 1, 2005.

HOUSE BILL 1268:
Stimulate Economy Manufacturing

BILL ANALYSIS

Committee: House Finance
Date: July 16, 2003
Version: 1st Edition

Sponsor: Rep. Blackwood
Analysis by: Martha H. Harris
Staff Attorney

SUMMARY: Exempts from income tax the income attributable to manufacturing in this State, effective beginning with the 2005 tax year.

BILL ANALYSIS: House Bill 1268 would give taxpayers an option to exempt from their State corporate income tax, income, net of expenses, directly attributable to manufacturing. The bill defines manufacturing as "an industry in manufacturing sectors 31 through 33, as defined by NAICS, but not including quick printing or retail bakeries." This is the same definition currently used in the Bill Lee Act. House Bill 1268 also amends the apportionment formula used by multistate corporations to conform to this exemption.

Below is the description of manufacturing sectors 31 through 33 from the North American Industry Classification System (NAICS).

31-33 Manufacturing

The Sector as a Whole

The Manufacturing sector comprises establishments engaged in the mechanical, physical, or chemical transformation of materials, substances, or components into new products. The assembling of component parts of manufactured products is considered manufacturing, except in cases where the activity is appropriately classified in Sector 23, Construction.

Establishments in the Manufacturing sector are often described as plants, factories, or mills and characteristically use power-driven machines and materials-handling equipment. However, establishments that transform materials or substances into new products by hand or in the worker's home and those engaged in selling to the general public products made on the same premises from which they are sold, such as bakeries, candy stores, and custom tailors, may also be included in this sector. Manufacturing establishments may process materials or may contract with other establishments to process their materials for them. Both types of establishments are included in manufacturing.

The materials, substances, or components transformed by manufacturing establishments are raw materials that are products of agriculture, forestry, fishing, mining, or quarrying as well as products of other manufacturing establishments. The materials used may be purchased directly from producers, obtained through customary trade channels, or secured without recourse to the market by transferring the product from one establishment to another, under the same ownership. The new product of a manufacturing establishment may be finished in the sense that it is ready for utilization or consumption, or it may be semifinished to become an input for an establishment engaged in further manufacturing. For example, the product of the alumina refinery is the input used in the primary production of aluminum; primary aluminum is the input to an aluminum wire drawing plant; and aluminum wire is the input for a fabricated wire product manufacturing establishment.

The subsectors in the Manufacturing sector generally reflect distinct production processes related to material inputs, production equipment, and employee skills. In the machinery area, where assembling is a key activity, parts and accessories for manufactured products are classified in the industry of the finished manufactured item when they are made for separate sale. For example, a replacement refrigerator door would be classified with refrigerators and an attachment for a piece of metal working machinery would be classified with metal working machinery. However, components, input from other manufacturing establishments, are classified based on the production function of the component manufacturer. For example, electronic components are classified in Subsector 334, Computer and Electronic Product Manufacturing and stampings are classified in Subsector 332, Fabricated Metal Product Manufacturing.

Manufacturing establishments often perform one or more activities that are classified outside the Manufacturing sector of NAICS. For instance, almost all manufacturing has some captive research and development or administrative operations, such as accounting, payroll, or management. These captive services are treated the same as captive manufacturing activities. When the services are provided by separate establishments, they are classified to the NAICS sector where such services are primary, not in manufacturing.

The boundaries of manufacturing and the other sectors of the classification system can be somewhat blurry. The establishments in the manufacturing sector are engaged in the transformation of materials into new products. Their output is a new product. However, the definition of what constitutes a new product can be somewhat subjective. As clarification, the following activities are considered manufacturing in NAICS: Milk bottling and pasteurizing; Water bottling and processing; Fresh fish packaging (oyster shucking, fish filleting); Apparel jobbing (assigning of materials to contract factories or shops for fabrication or other contract operations) as well as contracting on materials owned by others; Printing and related activities; Ready-mixed concrete production; Leather converting; Grinding of lenses to prescription; Wood preserving; Electroplating, plating, metal heat treating, and polishing for the trade; Lapidary work for the trade; Fabricating signs and advertising displays; Rebuilding or remanufacturing machinery (i.e., automotive parts) Ship repair and renovation; Machine shops; and Tire retreading. Conversely, there are activities that are sometimes considered manufacturing, but which for NAICS are classified in another sector (i.e., not classified as manufacturing). They include:

1. Logging, classified in Sector 11, Agriculture, Forestry, Fishing and Hunting is considered a harvesting operation;

2. The beneficiating of ores and other minerals, classified in Sector 21, Mining, is considered part of the activity of mining;

3. The construction of structures and fabricating operations performed at the site of construction by contractors, is classified in Sector 23, Construction;

4. Establishments engaged in breaking of bulk and redistribution in smaller lots, including packaging, repackaging, or bottling products, such as liquors or chemicals; the customized assembly of computers; sorting of scrap; mixing paints to customer order; and cutting metals to customer order, classified in Sector 42, Wholesale Trade or Sector 44-45, Retail Trade, produce a modified version of the same product, not a new product; and

5. Publishing and the combined activity of publishing and printing, classified in Sector 51, Information, perform the transformation of information into a product where as the value of the

product to the consumer lies in the information content, not in the format in which it is distributed (i.e., the book or software diskette).

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

REVENUES					
State General Fund	-	-	-175.9	-174.8	-174.3

PRINCIPAL DEPARTMENT AFFECTED: The corporate income tax is collected by the Department of Revenue. The enactment of the bill is not expected to affect the budget requirements of the Department.

EFFECTIVE DATE: Tax years beginning on or after January 1, 2005

BILL SUMMARY: Exempts net income directly attributable to manufacturers from the corporate income tax base.

ASSUMPTIONS AND METHODOLOGY: There are no direct numbers on the amount of corporate income tax paid in a state from "manufacturing operations." The majority of the tax is paid by multi-state corporations, which first determine their U. S. taxable income and then apportion that amount to the states where they have physical presence based on payroll, property, and sales. In addition, many manufacturing companies also have retail, transportation and other

nonmanufacturing operations. On the other side of the coin, many taxpayers who are primarily non-manufacturing also have production facilities.

A tabulation of North Carolina corporate taxes paid by companies who are primarily manufacturing was last compiled in 1984 by the Department of Revenue. The Department no longer compiles tax liability by type of company. In addition, we could only find one other state (Wisconsin) that currently makes this type of tabulation.

For both the historical North Carolina data and the Wisconsin tabulation, we compared the share of the tax paid by companies listed as "manufacturers" with the employment share. In all cases, the profits share is larger than the employment share.

Since we know the employment share in North Carolina (manufacturing is 18% of total), we constructed a range estimate of the income tax share using the prior statistical relationships. A rough estimate is $150-175 million of corporate income taxes paid out of a total corporate income tax base of $808.3 million for the 2003 tax year.

The $175.0 million estimate was used for 2003. For future years, this estimate was adjusted by the percentage change in manufacturing employment for each calendar year in North Carolina. This projection came from the national economic firm, *Economy.com*.

HOUSE BILL 782

Short Title:	Satellite Annexation/North Brunswick.	(Local)
Sponsors:	Representatives Stiller, Hill, and Wright (Primary Sponsors).	
Referred to:	Finance.	

March 27, 2003

A BILL TO BE ENTITLED

AN ACT AUTHORIZING SATELLITE ANNEXATION BY THE NORTH BRUNSWICK SANITARY DISTRICT.

The General Assembly of North Carolina enacts:

SECTION 1. Upon receipt of a valid petition signed by all the owners of real property in the area described therein, the North Brunswick Sanitary District may annex an area not contiguous to its primary boundaries when the area meets the standards set out in Section 2 of this act. The petition need not be signed by the owners of real property that is wholly exempt from property taxation under the Constitution and laws of North Carolina, nor by railroad companies, public utilities as defined in G.S. 62-3(23), or electric or telephone membership corporations.

SECTION 2. A noncontiguous area proposed for annexation must meet all of the following standards:

(1) The nearest point on the proposed satellite area to be annexed must be not more than three miles from the primary boundaries of the North Brunswick Sanitary District.

(2) No point on the proposed area to be annexed may be closer to the primary boundaries of another sanitary district than to the primary boundaries of the North Brunswick Sanitary District.

(3) The area must be so situated that the North Brunswick Sanitary District will be able to provide sanitary sewer or potable water within the proposed satellite boundaries.

(4) If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.

SECTION 3. The procedure for the satellite annexation authorized by this act shall be as set forth in G.S. 130A-69, except that it shall not be necessary to hold any election or any hearings provided for by that section on the question of the extension of boundaries by the North Brunswick Sanitary District.

SECTION 4. This act is effective when it becomes law.

North Carolina General Assembly

House Committee on Finance

Minutes

~

July 17, 2003 – 8:30 A.M.

The House Committee on Finance met on Thursday, July 17, 2003 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Luebke, and Wainwright; Vice-Chairs Alexander, Decker, Gibson, and Hill; Representatives Blackwood, Bordsen, Capps, Carney, Creech, Ellis, Glazier, Hackney, Holliman, Jones, Lewis, Rayfield, Ross, Setzer, Weiss, C. Wilson, and Womble. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Bill Sullivan. Staff persons present included Richard Bostic, David Crotts, Trina Griffin, Martha Harris, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman Wainwright called the meeting to order at 8:39 am and recognized the seven (7) pages present: (1) Ashley Deane of Wake County, sponsored by Representative Holliman; (2) Emily Fusco of Buncombe County, sponsored by Representative Goforth; (3) Mimi Hill of Buncombe County, sponsored by Representative Goforth; (4) John Krebser of Wilkes County, sponsored by Representative Walker; (5) Tina Morrison of Wake County, sponsored by Representative Daughtry; (6) Erin Parker of Johnston County, sponsored by Representative Creech; and (7) Camille Webster of Orange County, sponsored by Representative Hackney.

As the first matter of business, Chairman Wainwright called upon Representative Goforth to explain **HB 759 – REDUCE UTILITY EQUIPMENT SALES TAX** (see attachment 3). Representative Goforth reminded the members that the bill had been debated and displaced during the July 16, 2003 meeting of the Finance Committee. He then stated that he had requested a new Proposed Committee Substitute (PCS) for the bill that acted to change to the bill into one that commissions a study by the Revenue Laws Study Committee, which meets in the interim of the legislative session. Representative Hill was recognized and moved that the new PCS for HB 759 be adoption for discussion. The motion carried without objection. Representative Goforth then stated that the PCS would allow for further research into the potential fiscal impacts of the bill. Representative Hill was then once again recognized and moved that the new PCS for HB 759 be given a favorable report and that the PCS be re-referred to the Committee on Appropriations. Seeing no further discussion, Chairman Wainwright called the vote and the motion carried by consent.

Representative L. Johnson was recognized next by the Chair to explain **HB 224 – KANNAPOLIS ANNEXATION** (see attachment 4). Representative Hill was again recognized and moved that the Committee adopt the PCS for HB 224 for the purposes of discussion and his motion carried with no objection. Representative Johnson then explained that the bill acts to annex approximately 260 acres into the City of Kannapolis (Cabarrus County) that is land not contiguous

to its existing boundaries or within 3 miles of the City's boundaries, which is the necessity for this legislation. She explained that all of the land proposed for annexation is owned by the same property owner, who is agreeable to this annexation. Representative Rayfield was recognized following this explanation and moved that HB 224 be given a favorable report as to the PCS, an unfavorable report as to the original bill. Chairman Wainwright then called the vote and the motion carried by consent.

Chairman Wainwright next recognized Representative Blackwood to explain **HB 1268 – STIMULATE ECONOMY MANUFACTURING** (see attachment 5). Representative Blackwood then briefly explained that the bill acts to exempt income attributable to manufacturing from state income tax as a means to stimulate economic growth. He then requested that the bill be sent to the Committee on Rules, Calendar, and Operations of the House in order to be placed into a study bill during the interim. Chairman Wainwright noted his request.

HB 896 – INCREASE COSMETIC ART FEES (see attachment 6) was the next bill called before the Committee for continued discussion as it was displaced during the July 16, 2003 meeting. Representative Gibson, the bill sponsor, was recognized by the Chair and offered the bill to the Committee. Chairman Wainwright recognized Representative Ross to send forth an amendment. Representative Ross explained that the amendment acted to increase the fee for a cosmetologist license from $39.00 to $44.00 every three (3) years. The Chair recognized Mr. Douglas Van Essen, Executive Director of the North Carolina Cosmetic Art Services Board, to speak on the amendment. Mr. Van Essen spoke in support of the amendment. Representative Ross then acted to move the adoption of her amendment. Chairman Wainwright called the vote and the amendment was adopted by consent. Representative Womble was recognized next and sent forth another amendment. He explained that this amendment acted to require that late registration or renewal fees could only be assessed after a five-day grace period has been given. He then moved the adoption of his amendment. The Chair called the vote and the amendment was adopted by consent. Chairman Wainwright then recognized Representative Glazier who moved that HB 896 a favorable report as to a new PCS (incorporating the adopted amendments) and an unfavorable report as to the original bill. Chairman Wainwright then called the motion to a vote. Division having been called, the motion failed by a vote of 9 ayes to 11 nays. Thus, no report was issued on HB 896.

Chairman Wainwright then acted to add a bill to the Committee's calendar: **SB 725 – LOCAL OPTION PROJECT DEVELOPMENT FINANCING** (see attachment 7), sponsored by Senator Clodfelter. Representative Gibson was recognized and moved that the PCS on SB 725 be adopted for discussion. His motion carried without objection. The Senator was recognized to explain the bill and noted first that North Carolina was the only state left in the nation that was not actively employing this financing technique in its local governments. He also informed the members that the bill would require a constitutional amendment to the State Constitution to be voted upon by the voters in the election of 2004. Overall, he explained that the bill would give local governments a new/additional tool to enhance their ability to recruit and retain economic development. This development tool, generally known as tax increment financing, but called project development financing in the bill, would allow local governments to set aside the additional property taxes that are generated by a new investment to pay for public facilities that support that new investment. Following the Senator's explanation, the Chair recognized Representative C. Wilson who moved that SB 725 be given a favorable report as to the House PCS, and an unfavorable report as to the Senate Committee Substitute bill. Representatives Rayfield and Womble were both recognized and clearly stated their support, noting that each of their districts could use the tools offering increased opportunity for economic development in the bill. Representative Luebke was also recognized and brought to the Committee's attention the disadvantages of the bill. He contended that this bill would stimulate economic development, but not in the areas that are most in need of it. Senator

Clodfelter was again recognized and responded to Representative Luebke by noting that while the bill was not perfect (similar to all bills), it was a good piece of legislation that would provide some needed assistance in economic development tools used by local governments. Following some other general discussion, Chairman Wainwright called Representative Wilson's motion for a favorable report to the House PCS to a vote and the motion carried without objection.

Chairman Wainwright once again recognized Senator Clodfelter for explanation of the next bill before the Committee: **SB 137 – SPECIAL OBLIGATION DEBT/PURPOSES** (see attachment 8). The Senator explained that the bill does two things: (1) It would authorize municipalities to define a service district for transit-oriented development; and (2) it would expand local governments' existing authority to issue special obligation bonds for solid waste, water, and sewer projects within a municipal service district. Representative Hackney was recognized following this explanation and stated that the bill was nothing more than a small "tweak" to the existing statues on the issue. He then moved for a favorable report on SB 1367 (seconded by Representative Luebke). When recognized by the Chair, Representatives Creech and Capps both voiced their opposition to the bill. Seeing no further discussion on the bill, Chairman Wainwright called the vote and the motion carried.

Chairman Wainwright next called upon Representative Luebke to explain **HB 1241 – ESC SURTAX DELAY** (see attachment 9). Representative G. Allen was recognized to move that the PCS for HB 1241 be adopted for consideration and his motion carried without objection. Representative Luebke then explained that the bill acts to delay the automatic triggering of the 20 percent Employment Security Commission (ESC) surtax until after the recently doubled ESC tax refills the Unemployment Insurance Fund to the level of $500 million. Representative Wilson was recognized following Representative Luebke's explanation and voiced her support of the bill, noting that the bill acted as somewhat "like a tax cut." Mr. Tom Whitaker with the North Carolina Employment Security Commission was recognized and spoke in support of the bill. Representative Wilson was then again recognized and acted to send forth an amendment. She explained that her amendment added a sunset to the bill repealing the surtax delay "for taxes imposed in the 2005 and subsequent calendar years." She moved adoption of her amendment and it carried by consent. Martha Harris, Research staff, was recognized next by Chairman Wainwright and informed the members that if HB 1241 was not passed into law, the 20 percent ESC surtax would automatically go into effect at the end of this year, increasing the unemployment insurance rates the State requires to be paid by employers. The Chair then recognized Representative Luebke who moved that HB 1241 be given a favorable report as to a new PCS (incorporating the adopted amendment), and an unfavorable report as to the original bill. Chairman Wainwright then called the motion to a vote and it carried by consent.

Having no further business before the Committee, Chairman Wainwright adjourned the meeting at 10:15am.

Respectfully submitted,

Representative William Wainwright
Presiding Chair

Jason A. Cannon
Clerk, House Committee on Finance

Short Title: Reduce Utility Equipment Sales Tax. (Public)

Sponsors:

Referred to:

March 27, 2003

A BILL TO BE ENTITLED

AN ACT TO REQUIRE THE REVENUE LAWS STUDY COMMITTEE TO STUDY A PREFERENTIAL SALES AND USE TAX RATE FOR LIGHT CONSTRUCTION EQUIPMENT.

The General Assembly of North Carolina enacts:

SECTION 1. The Revenue Laws Study Committee shall study the sales and use tax treatment of light construction equipment. The Committee shall examine the impact of giving preferential treatment, including a $300.00 cap on the sales and use tax assessed against equipment that is self-propelled, is used only for construction, has an engine of no more than 160 net horsepower, and is not designed primarily for transportation. The Revenue Laws Study Committee shall make an interim report of its findings and recommendations to the 2004 Regular Session of the 2003 General Assembly and shall make a final report of its findings and recommendations to the 2005 General Assembly.

SECTION 2. This act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO REDUCE SALES TAXES ON LIGHT CONSTRUCTION EQUIPMENT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-164.3 is amended by adding a new subdivision to read:

"**§ 105-164.3. Definitions.**

The following definitions apply in this Article:

...

(17b) Light construction equipment. – Equipment that is self-propelled, is used only for construction, has an engine of no more than 160 net horsepower, and is not designed primarily for transportation."

SECTION 2. G.S. 105-164.4(a) is amended by adding a new subdivision to read:

"(a) **(Effective until July 1, 2003)** A privilege tax is imposed on a retailer at the following percentage rates of the retailer's net taxable sales or gross receipts, as appropriate. The general rate of tax is four and one-half percent (4 1/2%).

...

(8) The general rate of tax applies to the sales price of light construction equipment sold at retail, including all accessories attached to the equipment when it is delivered to the purchaser. The maximum tax is three hundred dollars ($300.00) per article."

SECTION 3. This act becomes effective October 1, 2003, and applies to sales made on or after that date. This section is repealed effective for sales made on or after January 1, 2006. This section does not affect the rights or liabilities of the State, a taxpayer, or another person arising under a statute amended or repealed by this section before the effective date of its amendment or repeal; nor does it affect the right to any

refund or credit of a tax that accrued under the amended or repealed statute before the effective date of its amendment or repeal.

HOUSE BILL 759:
Reduce Utility Equipment Sales Tax

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Goforth
Date:	July 15, 2003	**Analysis by:**	Martha Walston
Version:	H759-CSLA-39 [v.2]		Committee Counsel

SUMMARY: House Bill 759 reduces the sales tax owed on the sales price of light construction equipment sold at retail, including all accessories attached to the equipment when it is delivered to the purchaser. The sales tax would be at the general rate with a cap of $300 per article. The light construction equipment would be exempt from local sales tax.

The proposed committee substitute does the following:

- *Moves the effective date from July 1, 2003 to October 1, 2003, and repeals the tax effective for sales made on or after January 1, 2006. The repeal is necessary in order for North Carolina to conform to the Streamlined Sales Tax Agreement. Beginning January 1, 2006, the State and local sales tax base must be the same.*
- *Tightens the definition of light construction equipment by specifying that it must be used only for construction.*

CURRENT LAW: Light construction equipment is subject to both the general sales tax rate of 4 ½% and the local sales tax rate.

BILL ANALYSIS: House Bill 759 would reduce the sales tax imposed on light construction equipment as follows:

- The equipment would be subject to the general sales tax rate (4 ½%) but with a $300 cap per article.
- The equipment would be exempt from local sales tax.[1]

Light construction equipment is defined as "equipment that is self-propelled, is used only for construction, has an engine of no more than 160 net horsepower, and is not designed primarily for transportation."

The act is repealed effective for sales made on or after January 1, 2006 in order to conform to the Streamlined Sales Tax Agreement. Beginning on that date the Agreement does not allow multiple tax bases and caps, except for boats, aircraft, and manufactured homes.

[1] The local sales tax applies only to sales of tangible personal property subject to the general rate of sales tax imposed by the State under G.S. 105-164.4(a)(1) and (a)(4b). House Bill 759 establishes a new subdivision G.S. 105-164.4(a)(8).

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: HB 759 (1st Edition)

SHORT TITLE: Reduce Utility Equipment Sales Tax

SPONSOR(S): Rep. Goforth

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES					
General Fund		* Unknown Loss *			
Local Government		* Unknown Loss *			

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Department of Revenue and Local Governments

EFFECTIVE DATE: July 1, 2003 and applies to sales make on or after that date.

BILL SUMMARY: The legislation caps the sales tax levied on each piece of light construction equipment at $300.00.

ASSUMPTIONS AND METHODOLOGY: Examples of light construction equipment generally include skid loaders, telescopic handlers, asphalt pavers, compact excavators, compact track loaders, all-wheel-steer loaders, compact loaders, backhoes, compactors, skidsteers, generators, light towers, and dewatering pumps, to name a few. The bill caps total state and local sales taxes on the purchase of these items at $300. This suggests that the cap will affect all light construction equipment with a sales price greater than $4,285.71 ($4,285.71 x 7.0% tax = $300). A review of industry web sites suggests the price of these items vary from approximately $12,500 to $235,000 and higher (these include prices for used equipment). Thus, the revenue loss associated with the purchase of each item varies from $575 to upwards of $16,150 per item. However, because Fiscal Research cannot determine the total value of all light construction equipment sold in the state, no exact fiscal estimate is possible on the bill.

HOUSE BILL 224
PROPOSED COMMITTEE SUBSTITUTE H224-CSST-60 [v.1]

7/15/2003 5:38:16 PM

Short Title: Kannapolis Annexation. (Local)

Sponsors:

Referred to:

March 5, 2003

A BILL TO BE ENTITLED

AN ACT TO ANNEX CERTAIN DESCRIBED TERRITORY TO THE CITY OF KANNAPOLIS.

The General Assembly of North Carolina enacts:

SECTION 1. The corporate limits of the City of Kannapolis are extended to include the following described area:

Lying and being in Number 3 Township, Cabarrus County North Carolina on the West side of Shiloh Church Road adjoining the property of Roger D. Hudson, now or formerly (Book 367, page 49) and others and being more particularly described as follows:

Beginning at an existing ¾" iron in the right of way of Shiloh Church Road, a corner of Hudson as noted above, said pin being S. 18-34-49 W. 1071.93 feet from an existing railroad spike in the intersection of Shiloh Church Road and Placid Road; thence with the right of way of Shiloh Church Road, S. 16-45-12 W. 544.96 feet to an existing iron pin (#5 rebar) on the north side of a 60 foot private right of way; thence with the north side of the 60 foot private right of way the following five (5) lines: 1) N. 84-03-27 W. 188.49 feet to a set iron pin (passing a set iron pin at 17.60 feet); 2) a curve bearing to the left S. 79-23-51 W. 102.95 feet with a radius of 180.00 feet and an arc length of 104.40 feet to a set iron pin; 3) S. 62-42-52 W. 210.68 feet to a set iron pin; 4) a curve bearing to the left S. 78-03-08 W. 63.48 feet with a radius of 120.00 feet and an arc length of 64.25 feet to a set iron pin; and 5) N. 86-39-49 W. 86.22 feet to an exiting iron pin (#4 rebar), a corner of Mickey H. Kinley, now or formerly (Book 581, page 613 and Book 507, page 349); thence the following three lines with Kinley: 1) N. 11-04-59 W. 83.11 feet to an existing iron pin(#4 rebar); 2) S. 68-47-38 W. 103.69 feet to an existing iron pin (#4 rebar); and 3) S. 11-05-34 E. 38.59 feet to and existing iron pin on the north side of the 60 foot private right of way; thence continuing with the private right of way the following two lines: 1) N. 86-29-05 W. 60.02 feet to a set iron pin; and 2) S. 03-38-18 E. 148.85 feet to and existing 5/8" iron rod, a corner of Clifford C. Roten, Sr., now or formerly (Book 2413, page 246); thence the following three lines

with Roten as follows: 1) N. 89-14-57 W. 10.00 feet to an existing iron pin; 2) N. 71-37-21 W. 278.66 feet to an existing iron pin (#4 rebar); and 3) S. 04-17-36 E. 185.00 feet to a set iron pin in the line of William D. Brumley, now or formerly (Book 616, page 94); thence the following five (5) lines with Brumley: 1) N. 76-27-30 W. 381.72 feet to a post; 2) N. 61-29-48 W. 234.44 feet to a post; 3) N. 39-38-36 W. 135.40 feet to a post; 4) N. 49-06-00 W. 319.10 feet to an existing ½" iron rod in stone pile; and 5) S. 00-55-58 W. 926.85 feet (passing an existing 1" iron rod at 862.10 feet) to a point, a corner of Brumley and Helms, as noted above, said point lying in the Rocky River; thence with the line of Helms and the Rocky River, the following six (6) lines: 1) N. 75-17-28 W. 252.10 feet to a point; 2) S. 73-31-21 W. 368.10 feet to a point; 3) S. 65-39-50 W. 523.05 feet to a point; 4) N. 75-08-12 W. 319.81 feet to a point; 5) N. 74-08-13 W. 425.60 feet to a point; and 6) N. 79-59-52 W. 337.20 feet to a point in the line of Rocky River, said point being on the border of Cabarrus County and Mecklenburg County, said point also being a corner of River Run Limited Partnership, now or formerly (Book 6245, page 680 Mecklenburg County Registry); thence twenty eight (28) lines with the line of River Run Limited Partnership, Howard and Associates, and Rocky River as follows: 1) N.18-47-28 W. 250.03 feet to a point; 2) N. 02-43-26 W. 312.05 feet to a point; 3) N. 10-28-53 E. 113.73 feet to a point; 4) N. 03-07-28 E. 92.98 feet to a point; 5) N. 00-25-03 E. 87.16 feet to a point; 6) N. 12-54-32 W. 72.35 feet to a point; 7) N. 16-54-27 W. 63.53 feet to a point; 8) N. 03-32-17 E. 52.59 feet to a point; 9) N. 19-31-24 E. 89.74 feet to a point; 10) N. 13-42-55 E. 84.75 feet to a point; 11) N. 25-13-19 W. 82.75 feet to a point; 12) N. 21-21-58 W. 94.32 feet to a point; 13) N. 21-55-45 E. 81.08 feet to a point; 14) N. 15-13-07 W. 75.32 feet to a point; 15) N. 03-59-20 W. 94.21 feet; and 16) N. 07-51-27 E. 83.50 feet to a point; 17) N. 02-57-31 W. 69.26 feet to a point; 18) N. 10-07-25 W. 78.45 feet to a point; 19) N. 11-31-18 E. 45.53 feet to a point; 20) N. 01-50-53 E. 133.23 feet to a point, a corner of Christopher Davis, now or formerly (Book 8035, page 100 Mecklenburg County Registry); 21) N. 00-56-24 E. 28.66 feet to a point; 22) N. 25-32-24 W. 151.20 feet to a point; 23) N. 24-18-31 W. 212.55 feet to a point; 24) N. 51-06-44 W. 70.12 feet o a point; 25) N. 32-38-00 W. 159.45 feet to a point; 26) N. 01-57-51 W. 35.47 feet to a point; 27) N. 59-40-44 W. 69.47 feet to a point and 28) N. 20-02-08 W. 261.69 feet to a point; thence leaving Rocky River and entering Mecklenburg County with the line of Davis, S. 78-01-45 W. 1,288.86 feet to an existing iron pin on the east side of Shearer Road; thence with the right of way of Shearer Road the following two lines: 1) N. 04-55-47 E. 15.68 feet to an existing iron pin; and 2) N. 04-56-41 E. 31.39 feet to a set iron pin a corner of Hubert M. Howard, now or formerly (Book 4567, page 166 Mecklenburg County Registry); thence with the line of Howard, N. 78-02-01 E. 1287.33 feet to a point in Rocky River on the County line, (passing an existing 1" iron pin at 1235.17 feet); thence continuing with the line of Howard and entering into Cabarrus County, N. 03-10-44 E. 161.14 feet (passing a set iron pin at 61.14 feet) to an existing 1" iron pipe, a corner of Sadie Graeber Barbee (Book 715, page 174); thence the following three lines with Barbee: 1) S. 64-51-03 E. 1,182.56 feet to and existing #4 rebar in stone pile; 2) N. 40-50-58 E. 2,007.16 feet to an existing iron pin; and 3) N. 27-40-35 W. 515.79 feet to an existing 2" pipe in the line of Pricilla H. Melchor, now or formerly (Book 2039, page 334);

Fowler, now or formerly (Book 2631, page 108); thence with the line of Fowler the following six (6) lines: 1) S. 89-29-18 W. 94.09 feet to an existing iron pin; 2) S. 46-52-00 E. 123.80 feet to an existing iron pin; 3) S. 09-18-57 E. 48.00 feet to an existing iron pin; 4) S. 13-49-04 W. 155.55 feet to an existing iron pin; 5) S. 28-04-41 W. 195.49 feet to an existing iron pin; and 6) S.08-29-26 E. 467.21 feet to a set iron pin in the line of Brett L. Fowler, now or formerly (Book 1621, page 251); thence with the line of Fowler the following three lines: 1) S. 79-17-23 W. 200.00 feet to a set iron pin at an existing axle; 2) S. 23-59-21 E. 657.91 feet to an existing 5/8" iron rod; and 3) N. 78-59-50 E. 319.12 feet to an existing 1" iron rod, a corner of James E. Davidson, III, now or formerly (Book 1836, page 156); thence with the line Davidson and John A. Davidson (Book 443, page 712) S. 00-13-04 E. 466.37 feet to an existing iron pin in the line of John L. Guthrie, now or formerly (Book 503, page134); thence the following five (5) lines with Guthrie: 1) N. 77-01-52 W. 30.75 feet to an existing iron pin; 2) S. 00-13-08 E. 240.71 feet to an existing ½" iron rod; 3) S. 76-21-00 E. 597.71 feet to an existing iron pin (passing an existing ½" iron rod at 470.52 feet); 4) N. 36-22-40 E. 32.36 feet to an existing iron pin; and 5) S. 76-23-17 E. 41.02 feet to an existing ½" iron rod, a corner of Frank R. Freeze, now or formerly (Book 384, page 811 and Book 396, page 325); thence with the line of Freeze and Hudson as noted above; S. 76-23-17 E. 617.98 feet to the point of BEGINNING, containing 258.106 acres more or less, as platted and surveyed by Marion L. Sandlin, Jr., PLS December 22, 1999.

SECTION 2. This act is effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2003

HOUSE BILL 224

Short Title:	Cabarrus Co. Local Act-1.	(Local)
Sponsors:	Representative L. Johnson.	
Referred to:	Rules, Calendar, and Operations of the House.	

March 5, 2003

A BILL TO BE ENTITLED

AN ACT RELATING TO THE COUNTY OF CABARRUS.

The General Assembly of North Carolina enacts:

SECTION 1. This act relates to Cabarrus County only.

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 224:
Kannapolis Annexation.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Representative L. Johnson
Date:	July 17, 2003	**Summary by:**	R. Erika Churchill
Version:	H224-CSST- 60v.2		Staff Counsel

SUMMARY: The proposed committee substitute for House Bill 224 annexes approximately 260 acres into the City of Kannapolis.

CURRENT LAW:
North Carolina law sets forth four (4) basic ways in which a town or city may annex an area.

1. **Voluntary Annexation**. The owners of all real property in the area desiring to be annexed sign a petition requesting annexation. Part 1 of Article 4 of Chapter 160A.
2. **Legislative Act**. The General Assembly has the authority to extend the boundaries of any town or city. This method is most helpful to a town or city trying to annex an area that they could not otherwise.
3. **Satellite Annexation**. This method allows a town or city to annex certain non-contiguous areas meeting the statutory standards into the town or city limits. Part 4 of Article 4 of Chapter 160A.
4. **Nonvoluntary Annexation**. The town or city brings into the corporate limits an area that has not voluntarily agreed to be annexed. Parts 2 and 3 of Article 4 of Chapter 160A.

BILL ANALYSIS:
The proposed committee substitute would annex one specifically described 258.106 acre tract of land that is not contiguous to the existing boundaries of the City of Kannapolis into the City. The property described does not meet the qualifications set forth in the statute for voluntary annexation, although the one property owner agrees to the annexation. The property also does not meet the statutory qualifications for satellite annexation, as it is more than three (3) miles outside the existing corporate limits. (G.S. 160A-58.1)

EFFECTIVE DATE: The bill would become effective when it becomes law.

2003 COMMITTEE REPORT
HOUSE OF REPRESENTATIVES

The following report(s) from standing committee(s) is/are presented:
By Representatives **G. Allen, Howard, Luebke, McComas, Miner, and Wainwright** (Chairs) for the Committee on **FINANCE**.

☐ Committee Substitute for
H.B. 224 A BILL TO BE ENTITLED AN ACT RELATING TO THE COUNTY OF CABARRUS.

☐ With a favorable report.

☐ With a favorable report and recommendation that the bill be re-referred to the Committee on Appropriations ☐ Finance ☐ ☐.

☐ With a favorable report, as amended.

☐ With a favorable report, as amended, and recommendation that the bill be re-referred to the Committee on Appropriations ☐ Finance ☐ ☐.

SESSION 2003

HOUSE BILL 1268

Short Title:	Stimulate Economy Manufacturing.	(Public)
Sponsors:	Representatives Blackwood; Barbee, Bowie, Capps, Crawford, Creech, Culp, Daughtry, Dockham, Eddins, Ellis, Frye, Gorman, Gulley, Hilton, Holmes, Justice, Lewis, McHenry, McMahan, Mitchell, Pate, Preston, Rhodes, Sauls, Sexton, Walend, West, and K. Williams.	
Referred to:	Finance.	

April 29, 2003

A BILL TO BE ENTITLED

AN ACT TO STIMULATE THE ECONOMY BY EXEMPTING FROM INCOME TAX INCOME DERIVED FROM MANUFACTURING.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-228.90(b) is amended by adding a new subdivision to read:

"(b) Definitions. – The following definitions apply in this Article:

. . .

(4b) Manufacturing. – An industry in manufacturing sectors 31 through 33, as defined by NAICS, but not including quick printing or retail bakeries."

SECTION 2. G.S. 105-130.5(b) is amended by adding a new subdivision to read:

"(22) Income, net of expenses, directly attributable to manufacturing activities. This deduction is optional at the election of the taxpayer."

SECTION 3. G.S. 105-134.6(b) is amended by adding a new subdivision to read:

"(18) Income, net of expenses, directly attributable to manufacturing activities. This deduction is optional at the election of the taxpayer."

SECTION 4. G.S. 105-129.2(16) reads as rewritten:

"(16) Manufacturing. – ~~An industry in manufacturing sectors 31 through 33, as defined by NAICS, but not including quick printing or retail bakeries.~~Defined in G.S. 105-228.90."

SECTION 5. G.S. 105-130.4(i) reads as rewritten:

"(i) All business income of corporations other than public utilities and excluded corporations shall be apportioned to this State by multiplying the income by a fraction,

the numerator of which is the property factor plus the payroll factor plus twice the sales factor, and the denominator of which is four. ~~Provided, that where~~If the sales factor does not exist, the denominator of the fraction ~~shall be~~ is the number of existing factors and ~~where~~ if the sales factor exists but the payroll factor or the property factor does not exist, the denominator of the fraction ~~shall be~~is the number of existing factors plus one.

For taxpayers that elect to deduct manufacturing income pursuant to G.S. 105-130.5(b)(22), in calculating the property factor, the payroll factor, and the sales factor under this section, the following shall be excluded from both the numerator and the denominator: property used directly and primarily for manufacturing, compensation paid directly and primarily for manufacturing, and receipts derived directly and primarily from manufacturing."

SECTION 6. The General Assembly finds the following:

(1) For corporations that are taxable in North Carolina and not taxable in any other states, the calculation under Section 2 of this act is the only calculation that applies. Section 5 of this act does not apply to those corporations.

(2) For a corporation that is taxable in more than one state, if the corporation is currently allocating and apportioning its income to North Carolina by using the fraction provided in G.S. 105-130.4(i), the provisions of Section 5 of this act govern how that fraction is calculated. Section 5 of this act does not itself require a corporation to use the fraction method.

(3) Alternatively, G.S. 105-130.4(t) sets out the circumstances under which a corporation taxable in more than one state may determine the portion of its income taxable to North Carolina based on its books of account, in accordance with generally accepted accounting procedures as established by the Financial Accounting Standards Board.

(4) Section 5 of this act would not, therefore, apply to corporations currently using the separate accounting method under G.S. 105-130.4(t).

SECTION 7. This act becomes effective for taxable years beginning on or after January 1, 2005.

HOUSE BILL 1268:
Stimulate Economy Manufacturing

BILL ANALYSIS

Committee: House Finance
Date: July 16, 2003
Version: 1st Edition

Sponsor: Rep. Blackwood
Analysis by: Martha H. Harris
Staff Attorney

SUMMARY: Exempts from income tax the income attributable to manufacturing in this State, effective beginning with the 2005 tax year.

BILL ANALYSIS: House Bill 1268 would give taxpayers an option to exempt from their State corporate income tax, income, net of expenses, directly attributable to manufacturing. The bill defines manufacturing as "an industry in manufacturing sectors 31 through 33, as defined by NAICS, but not including quick printing or retail bakeries." This is the same definition currently used in the Bill Lee Act. House Bill 1268 also amends the apportionment formula used by multistate corporations to conform to this exemption.

Below is the description of manufacturing sectors 31 through 33 from the North American Industry Classification System (NAICS).

31-33 Manufacturing

The Sector as a Whole

The Manufacturing sector comprises establishments engaged in the mechanical, physical, or chemical transformation of materials, substances, or components into new products. The assembling of component parts of manufactured products is considered manufacturing, except in cases where the activity is appropriately classified in Sector 23, Construction.

Establishments in the Manufacturing sector are often described as plants, factories, or mills and characteristically use power-driven machines and materials-handling equipment. However, establishments that transform materials or substances into new products by hand or in the worker's home and those engaged in selling to the general public products made on the same premises from which they are sold, such as bakeries, candy stores, and custom tailors, may also be included in this sector. Manufacturing establishments may process materials or may contract with other establishments to process their materials for them. Both types of establishments are included in manufacturing.

The materials, substances, or components transformed by manufacturing establishments are raw materials that are products of agriculture, forestry, fishing, mining, or quarrying as well as products of other manufacturing establishments. The materials used may be purchased directly from producers, obtained through customary trade channels, or secured without recourse to the market by transferring the product from one establishment to another, under the same ownership. The new product of a manufacturing establishment may be finished in the sense that it is ready for utilization or consumption, or it may be semifinished to become an input for an establishment engaged in further manufacturing. For example, the product of the alumina refinery is the input used in the primary production of aluminum; primary aluminum is the input to an aluminum wire drawing plant; and aluminum wire is the input for a fabricated wire product manufacturing establishment.

The subsectors in the Manufacturing sector generally reflect distinct production processes related to material inputs, production equipment, and employee skills. In the machinery area, where assembling is a key activity, parts and accessories for manufactured products are classified in the industry of the finished manufactured item when they are made for separate sale. For example, a replacement refrigerator door would be classified with refrigerators and an attachment for a piece of metal working machinery would be classified with metal working machinery. However, components, input from other manufacturing establishments, are classified based on the production function of the component manufacturer. For example, electronic components are classified in Subsector 334, Computer and Electronic Product Manufacturing and stampings are classified in Subsector 332, Fabricated Metal Product Manufacturing.

Manufacturing establishments often perform one or more activities that are classified outside the Manufacturing sector of NAICS. For instance, almost all manufacturing has some captive research and development or administrative operations, such as accounting, payroll, or management. These captive services are treated the same as captive manufacturing activities. When the services are provided by separate establishments, they are classified to the NAICS sector where such services are primary, not in manufacturing.

The boundaries of manufacturing and the other sectors of the classification system can be somewhat blurry. The establishments in the manufacturing sector are engaged in the transformation of materials into new products. Their output is a new product. However, the definition of what constitutes a new product can be somewhat subjective. As clarification, the following activities are considered manufacturing in NAICS: Milk bottling and pasteurizing; Water bottling and processing; Fresh fish packaging (oyster shucking, fish filleting); Apparel jobbing (assigning of materials to contract factories or shops for fabrication or other contract operations) as well as contracting on materials owned by others; Printing and related activities; Ready-mixed concrete production; Leather converting; Grinding of lenses to prescription; Wood preserving; Electroplating, plating, metal heat treating, and polishing for the trade; Lapidary work for the trade; Fabricating signs and advertising displays; Rebuilding or remanufacturing machinery (i.e., automotive parts) Ship repair and renovation; Machine shops; and Tire retreading. Conversely, there are activities that are sometimes considered manufacturing, but which for NAICS are classified in another sector (i.e., not classified as manufacturing). They include:

1. Logging, classified in Sector 11, Agriculture, Forestry, Fishing and Hunting is considered a harvesting operation;

2. The beneficiating of ores and other minerals, classified in Sector 21, Mining, is considered part of the activity of mining;

3. The construction of structures and fabricating operations performed at the site of construction by contractors, is classified in Sector 23, Construction;

4. Establishments engaged in breaking of bulk and redistribution in smaller lots, including packaging, repackaging, or bottling products, such as liquors or chemicals; the customized assembly of computers; sorting of scrap; mixing paints to customer order; and cutting metals to customer order, classified in Sector 42, Wholesale Trade or Sector 44-45, Retail Trade, produce a modified version of the same product, not a new product; and

5. Publishing and the combined activity of publishing and printing, classified in Sector 51, Information, perform the transformation of information into a product where as the value of the

product to the consumer lies in the information content, not in the format in which it is distributed (i.e., the book or software diskette).

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

DATE: July 15, 2003

TO: Rep. Curtis Blackwood

RE: HB 1268-Stimulate Economy Manufacturing

FISCAL IMPACT ($Mil.)

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES					
State General Fund	-	-	-175.9	-174.8	-174.3

PRINCIPAL DEPARTMENT AFFECTED: The corporate income tax is collected by the Department of Revenue. The enactment of the bill is not expected to affect the budget requirements of the Department.

EFFECTIVE DATE: Tax years beginning on or after January 1, 2005

BILL SUMMARY: Exempts net income directly attributable to manufacturers from the corporate income tax base.

ASSUMPTIONS AND METHODOLOGY: There are no direct numbers on the amount of corporate income tax paid in a state from "manufacturing operations." The majority of the tax is paid by multi-state corporations, which first determine their U. S. taxable income and then apportion that amount to the states where they have physical presence based on payroll, property, and sales. In addition, many manufacturing companies also have retail, transportation and other

nonmanufacturing operations. On the other side of the coin, many taxpayers who are primarily non-manufacturing also have production facilities.

A tabulation of North Carolina corporate taxes paid by companies who are primarily manufacturing was last compiled in 1984 by the Department of Revenue. The Department no longer compiles tax liability by type of company. In addition, we could only find one other state (Wisconsin) that currently makes this type of tabulation.

For both the historical North Carolina data and the Wisconsin tabulation, we compared the share of the tax paid by companies listed as "manufacturers" with the employment share. In all cases, the profits share is larger than the employment share.

Since we know the employment share in North Carolina (manufacturing is 18% of total), we constructed a range estimate of the income tax share using the prior statistical relationships. A rough estimate is $150-175 million of corporate income taxes paid out of a total corporate income tax base of $808.3 million for the 2003 tax year.

The $175.0 million estimate was used for 2003. For future years, this estimate was adjusted by the percentage change in manufacturing employment for each calendar year in North Carolina. This projection came from the national economic firm, *Economy.com*.

MEMORANDUM

Potential increased revenue to the state from H.B. 1268
High: $1,000,000,000.00
Low: $ 674,000,000.00

TO: Rep. Curtis Blackwood

FROM: Dave Crotts
Fiscal Research Division

SUBJECT: Corporate Income Taxes By Manufacturers

Income Taxes Paid on Manufacturing Operations

You had asked for an estimate of the annual amount of North Carolina income taxes paid on "manufacturing operations." A rough estimate is $150-175 million of corporate income taxes paid out of an estimated total corporate income tax base of $808.3 million for the 2003 tax year. This range is equivalent to 18.6-21.7% of the corporate tax base and 1.1-1.2% of the General Fund revenue base.

The numbers represent an estimate as there are no direct numbers on the amount of corporate income tax paid in a state from "manufacturing operations." The majority of the tax is paid by multi-state corporations, which first determine their U. S. taxable income and then apportion the amount to the states where they have presence based on payroll, property, and sales. In addition, many manufacturing companies also have retail, transportation and other operations. On the other side of the coin, many taxpayers who are primarily non-manufacturing also have production facilities.

We did have a tabulation of North Carolina corporate taxes paid by companies who are primarily manufacturing. This data was last compiled in 1984 by the Department of Revenue. The Department no longer compiles tax liability by type of company. In addition, I could only find one other state, Wisconsin, that currently makes this type of tabulation.

For both the historical North Carolina data and the Wisconsin tabulation, I compared the share of the tax paid by companies listed as "manufacturers" with the employment share. In all cases, the profits share is larger than the employment share.

Since we know the employment share in North Carolina (manufacturing is 18% of total), I was able to construct a range estimate of the income tax share using the prior relationships.

You had also asked how much additional state and local revenue might be generated from any additional economic activity that results from exempting "manufacturing operations" from the corporate income tax as well as the reduction in unemployment benefits and social services budgets.

Benefits of Manufacturing Operations: State General Fund

It is impossible to predict the economic impact of legislation to exempt manufacturing operations in North Carolina from the corporate income tax. An alternative that has been used by Fiscal Research and other researchers is to simulate the impact after making an **assumption** about the enhancement of economic activity. The first step in the process is to establish the assumption.

Example 1. Data recently released by the Employment Security Commission indicates that during the five years prior to the 2001-02 recession North Carolina suffered a net loss of 1.9% manufacturing jobs per year. If we apply this loss rate to the 2002 manufacturing employment base of 642,200 we get 12,202 jobs per year.

In this example, we **assume** that the tax stimulus enables the state to avoid this decline in manufacturing employment each year. A model used by Dr. Mike Walden at N.C. State University indicates that annual state General Fund revenues of $61.0 million would be generated by this many manufacturing jobs. The calculation of revenues was made by Fiscal Research, using Dr. Walden's numbers from a hypothetical new manufacturing plant employing 80 persons.

In addition to these benefits, the model indicates that if new construction is involved in creating the facility, the state general fund would receive $105.2 million during the first year of construction and $96.1 million during the second year.

As an alternative, I calculated the impact on state general fund revenues using based a simple Fiscal Research model using an assumed $40,000 annual salary for each position and a multiplier of 1.75. This calculation yields annual state general fund revenues of $48.3 million, compared to $61.0 million for the Walden model.

(See note at end of memo)

Example 2. The same ESC employment data indicates that during the last two calendar years the state has had an annual 9.5% loss of manufacturing jobs. If we apply this percentage to the 2002 base level, we get 61,009 jobs per year. In this example we assume that the tax exemption saves this level of jobs per year. Using Dr. Walden's model, we get $305.0 million of additional state general fund revenue per year. The Fiscal Research analysis comes up with $241.7 million per year. (See note at end of memo)

Benefits of Manufacturing Operations: Local Revenues

The addition or retention of manufacturing jobs also enhances the local revenue base as employees purchase housing, shop in the state, and undertake activities that would generate miscellaneous tax and fee revenue. The bulk of the additional receipts will come from the property tax and the local option sales tax so I will concentrate on these sources. The analysis is based on relating the estimated $6.04 billion of projected property tax revenue and $2.07 billion of local-option sales taxes for the 2003-04 fiscal year to the $13.7 billion of State General Fund revenues (excludes highway transfers).

Example 1. This part of the analysis corresponds to the Example 1 discussed in the State General Fund section, which uses 12,202 manufacturing jobs. For this analysis I have related the local tax base to the State General Fund and then multiplied this factor by the $61.0 million of State General Fund revenue impact in the Walden analysis. The resulting estimate is $36.1 million of additional local revenues. (See note at end of memo)

Example 2. This example uses the same 61,009 manufacturing employment numbers as we used in the State General Fund example. The estimated local revenue impact is $180.6 million. (See note at end of memo)

Benefits of Manufacturing Operations: Unemployment Insurance

One of the issues facing legislators this year is the condition of the state's unemployment insurance fund. The recession has not only reduced the amount of taxes coming into the fund, but the persistence of $100 million per month benefit payouts has led to such a sharp drop in the fund balance that the Employment Security Commission will need to temporarily borrow funds from the national account. This financing could involve the payment of interest, depending on when the loan is repaid. Please keep in mind the fact that unemployment taxes and benefits do not affect state or local budgets.

Example 1. If the enactment of the corporate income tax change were to preserve 12,202 jobs that would be otherwise be permanently lost, the maximum potential savings in unemployment benefits would be $97.6 million. This calculation is based on the maximum 26 weeks of unemployment benefits and $307.90 in weekly benefits. It also assumes that all of the job losses entail the payment of unemployment benefits. (See note at end of memo)

Example 2 If we adjust the number of unemployed workers up to 61,009 the reduced unemployment benefits would be $488.0 million. (See note at end of memo)

Benefits of Manufacturing Operations: Medicaid Requirements

The growth of state and county Medicaid budgets is one of the major problems facing state and local government units in North Carolina. During the last 2 years the state's portion of the Medicaid program has risen from $1.4 billion to $2.2 billion.

The direct linkage between Medicaid requirements and unemployment has not been as clear during the recent recession as past downturns. Fiscal Research is continuing to review this issue and is hopeful that at a later date an estimate can be provided of the impact of enhanced job opportunities on the Medicaid budget.

Benefits of Manufacturing Operations: Social Services Programs

Fiscal Research is also looking into the impact of reduced unemployment on TANF payments (formerly AFDC program) and Food Stamp benefits. All of the Food Stamp benefits are paid from federal dollars.

Note. It is important to state that all of the examples in this memo involve a simulation, not a forecast of results. Neither the Walden model nor the FRD analysis can project the level of new economic activity, state and local revenues, lower unemployment benefits, and reductions in social services spending that will result from the adoption of the income tax exemption for manufacturing operations. The models are simply a rough attempt to measure the potential benefits of increased manufacturing activity, whatever the cause.

A BILL TO BE ENTITLED

AN ACT AUTHORIZING THE NORTH CAROLINA BOARD OF COSMETIC ART EXAMINERS TO ESTABLISH NEW FEES AND TO INCREASE CERTAIN CURRENT FEES UNDER THE COSMETIC ART ACT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 88B-20 reads as rewritten:

"**§ 88B-20. Fees required.**

(a) The Board may charge the applicant the actual cost of preparation, administration, and grading of examinations for cosmetologists, apprentices, manicurists, estheticians, or teachers, in addition to its other fees.

(b) The Board may charge application fees as follows:

(1) Inspection of a newly established cosmetic art shop ..... ~~$ 25.00~~$ 70.00

(2) Inspection of a newly established school ..... $ 120.00

~~(2)~~(3) Reciprocity applicant under G.S. 88B-13 ..... ~~$ 15.00.~~$ 30.00

(4) Certification of records ..... $ 25.00

(5) Continuing education provider ..... $ 100.00 per year.

(c) The Board may charge license fees as follows:

(1) Cosmetologist ..... ~~$ 39.00 every 3 years~~$ 44.00 every two years

(2) Apprentice ..... ~~$ 10.00 per year~~$ 22.00 per year

(3) Esthetician ..... ~~$ 10.00 per year~~$ 44.00 every two years

(4) Manicurist ..... ~~$ 10.00 per year~~$ 44.00 every two years

(5) Teacher ..... ~~$ 10.00 every 2 years~~$ 44.00 every two years

(6) Cosmetic art shop ~~per active booth~~ with ..... ~~$ 3.00 per year~~

one to two booths ..... $ 15.00 per year

three to ten booths ..... $ 30.00 per year

eleven or more booths ..... $ 55.00 per year

(7) Cosmetic art school ..... ~~$ 50.00 per year~~$ 120.00 per year

(8) Duplicate license ..... ~~$ 1.00.~~$ 10.00.

(d) The Board may require payment of late fees and reinstatement fees as follows:

(1) Apprentice, cosmetologist, esthetician, manicurist, and teacher late renewal ..... ~~$ 10.00~~$ 50.00

(2) Cosmetic art schools and shops late renewal ..... ~~$ 10.00~~$ 35.00

(3) Reinstatement – cosmetic art schools and shops ..... ~~$ 25.00.~~$ 75.00.

(d1) The Board may require payment of miscellaneous fees as follows:

(1) Document request ..... $ 10.00

(2) Mailing list ..... $ 20.00

(3) License listing ..... $ 15.00 per list.

(e) The Board may prorate fees as appropriate."

SECTION 2. G.S. 88B-21 reads as rewritten:

"**§ 88B-21. Renewals; expired licenses.**

(a) Each license to operate a cosmetic art shop shall be renewed on or before the first day of February of each year. As provided in G.S. 88B-20, a late fee shall be charged for licenses renewed after February 1. Any license not renewed by March 1 of each year shall expire. A cosmetic art shop whose license has been expired for one year or less shall have the license reinstated immediately upon payment of the reinstatement fee, the late fee, and all unpaid license fees. The licensee shall submit to the Board, as a part of the renewal process, a list of all licensed cosmetologists who practice cosmetic art in the shop and shall identify each as an employee or a booth renter.

(b) Cosmetologist licenses shall be renewed on or before October 1 every ~~three years beginning October 1, 1998. A late fee shall be charged for renewals after that date.~~two years. Any license not renewed shall expire on October 1 of the year that renewal is required. The Board may develop and implement a plan for staggered license renewal and may prorate license fees to implement such a plan.

(c) ~~Apprentice, esthetician, and manicurist~~ Apprentice licenses shall be renewed annually on or before October 1 of each year. ~~A late fee shall be charged for the renewal of licenses after that date.~~ Any license not renewed shall expire on October 1 of that year.

(d) ~~Teacher~~ Teacher, esthetician, and manicurist licenses shall be renewed every two years on or before October 1. ~~A late fee shall be charged for the renewal of licenses after that date.~~ Any license not renewed shall expire on October 1 of that year.

(e) Prior to renewal of a teacher's license, the teacher shall annually complete a minimum of eight hours of continuing education which shall be approved by the Board. Teachers shall submit written documentation to the Board showing that they have satisfied the requirements of this subsection.

(f) If an apprentice, cosmetologist, esthetician, manicurist, or teacher fails to renew his or her license within five years following the expiration date, the licensee shall be required to pay the license fee for each year that the fees are delinquent and to pass an examination as prescribed by the Board before the license will be reinstated.

(g) Cosmetic art school licenses shall be renewed on or before October 1 of each year. A late fee shall be charged for licenses renewed after that date. Any license not renewed by November 1 of that year shall expire. A cosmetic art school whose license

has been expired for one year or less shall have its license reinstated upon payment of the reinstatement fee, the late fee, and all unpaid license fees."

SECTION 3. This act becomes effective January 1, 2004.

renewal ..... ~~$ 10.00~~$ 50.00

(2) Cosmetic art schools and shops late renewal ..... ~~$ 10.00~~$ 35.00

(3) Reinstatement – cosmetic art schools and shops ..... ~~$ 25.00.~~$ 75.00.

(d1) The Board may require payment of miscellaneous fees as follows:

(1) Document request ..... $ 10.00

(2) Mailing list ..... $ 20.00

(3) License listing ..... $ 15.00 per list.

(e) The Board may prorate fees as appropriate."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 896:
Increase Cosmetic Art Fees

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Gibson
Date:	July 9, 2003	**Analysis by:**	Martha Walston
Version:	H896-CSLAf-40		Committee Counsel

SUMMARY: ***House Bill 896 authorizes the North Carolina Board of Cosmetic Art Examiners to establish new fees and to increase existing fees. Senate Bill 757, sponsored by Senator Garrou, is a companion bill.***

BILL ANALYSIS: House Bill 896 authorizes the North Carolina board of Cosmetic Art Examiners to establish the following new fees:

Inspection of a newly established school	$120
Certification of records	$ 25
Continuing education provider	$100 per year
Document request	$ 10
Mailing list	$ 20
License listing	$ 15 per list

House Bill 896 authorizes the Board to increase the following existing fees:

FEE TYPE	CURRENT FEE	PROPOSED FEE
Inspection of newly established Cosmetic art shop	$25	$70
Reciprocity applicant	$15	$30
Cosmetologist license	$39 every 3 years	$44 every 2 years
Apprentice	$10 per year	$44 every 2 years
Esthetician	$10 per year	$44 every 2 years
Manicurist	$10 per year	$44 every 2 years
Teacher	$10 every 2 years	$44 every 2 years
Cosmetic art school	$50 per year	$120 per year
Duplicate license	$1	$10
Apprentice, cosmetologist, esthetician, Manicurist, and teacher late renewal	$10	$50
Cosmetic art schools and shops Late renewal	$10	$35
Reinstatement - schools and shops	$25	$75

Cosmetic art shop per active booth $3 per year

House Bill 896 amends the cosmetic art shop booth fee as follows:

NUMBER OF BOOTHS	PROPOSED FEE
One to two booths	$15 per year
Three to ten booths	$30 per year
Eleven or more booths	$55 per year

House Bill 896 makes conforming changes to the license renewal periods in G.S. 88B-21.

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES					
General Fund	No Impact	No Impact	No Impact	No Impact	No Impact
Board of Cosmetic Art Examiners	$1,515,906	$1,515,906	$1,515,906	$1,515,906	$1,515,906
EXPENDITURES					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Board of Cosmetic Art Examiners
EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: The proposed bill changes the G.S. 88B-20 by establishing new fees and increasing certain current license fees under the Cosmetic Art Act.

ASSUMPTIONS AND METHODOLOGY:

License Fees Overview

The NC Board of Cosmetic Art Examiners (Board) has not implemented any changes in fees for several decades. Table 1 shows the year of last fee change, current fees, proposed fees, and amounts the current fees were equal to in the year they were established, adjusted for inflation.

Table 1. Analysis of Proposed Fee Changes

Fee	Year of Last Fee Change	Current Fee	Proposed Fee	Current Fees if Adjusted for Inflation
Application Fees				
Inspection of newly established shop	1976	$25	$70	$80.93
Inspection of newly established school	New Fee	N/A	$120	N/A
Reciprocity applicant under G.S. 88B-13	1963	$15	$30	$90.29
Certification of Records	New Fee	N/A	$25	N/A
Continuing Education Provider	New Fee	N/A	$100/year	N/A
License Fees				
Cosmetologist	1985	$13/year	$22/year	$22.25
Apprentice	1995	$10/year	$22/year	$12.09
Esthetician	1998	$10/year	$22/year	$11.30
Manicurist	1995	$10/year	$22/year	$12.09
Teacher	1984	$10/2 years	$22/years	$17.73
Cosmetic Art Shop	1976	$3/chair/year	1-2 chairs $15 3-10 chairs $30 11+ chairs $55	$27.87
Cosmetic Art School	1973	$50/year	$120/year	$207.43
Duplicate Fee	1975	$1	$10	$3.42
Late Fees and Reinstatement Fees				
Apprentice, cosmetologist, esthetician, manicurist, and teacher late renewal	1985	$10	$50	$17.12
Schools and shops late renewal	1976	$10	$35	$32.37
Reinstatement – schools and shops	1975	$25	$75	$85.59
Document Request	New Fee	N/A	$10	N/A
Mailing List	New Fee	N/A	$20	N/A
License Listing	New Fee	N/A	$15/list	N/A

The NC Board of Cosmetic Art Examiners (Board) estimates that the following licenses are in effect each year:

Esthetician	1,084	Manicurist	8,149
Cosmetic Art		Cosmetic Art Shops	11,737

Teacher	838		
Apprentice		Cosmetologist	45,679
Cosmetologist	863	Cosmetic Art Schools	121

Revenues

Based on the above information, Table 2 provides estimates on the current annual revenue generated from issuing the licenses, anticipated annual revenue after fee increases, and annual revenue gain for the Board.

Table 2 Affect of the Major Fee Changes on the Board Revenues

	Current Estimated Revenue	Proposed Estimated Revenue	Annual Revenue Gain
Cosmetologist	$593,827	$1,004,938	$411,111
Manicurist	$81,490	$179,278	$97,788
Esthetician	$10,840	$23,848	$13,008
Apprentice	$8,630	$18,986	$10,356
Teacher	$4,190	$18,436	$14,246
Total	*$698,977*	*$1,245,486*	*$546,509*
Shops	$109,561	$255,900	$146,339
Schools	$6,050	$14,520	$8,470
Grand Total	**$814,588**	**$1,515,906**	**$701,318**

The number of cosmetology professionals will likely increase in the future, which will affect the Board revenues. However no growth estimate is available to be included in the analysis.

Expenses

The Board estimates its annual expenses as they appear in Table 3. The Board estimates annual three-percent growth in their expenses.

Table 3. Estimated Monthly and Annual Expenses of the Board

Type of Expenses	2003-04	2004-05	2005-06	2006-07	2007-08
Personal Expenses	$106,090	$109,273	$112,551	$115,927	$119,405
Purchased Expenses	$41,200	$42,436	$43,709	$45,020	$46,371
Supplies	$2,060	$2,122	$2,185	$2,251	$2,319
Fixed Expenses	$5,150	$5,305	$5,464	$5,628	$5,796

Property, Plant, & Equip.	$2,060	$2,122	$2,185	$2,251	$2,319
Miscellaneous Expenses	$1,545	$1,591	$1,639	$1,688	$1,739
Monthly Expenses	$158,105	$162,848	$167,734	$172,766	$177,949
Annual Expenses	$1,897,260	$1,954,178	$2,012,803	$2,073,187	$2,135,383

Average Monthly Expenses: $167,880
Average Annual Expenses: $2,014,562

According to the Board, OSBM advises it to hold a minimum reserve of three months operating expenses. Based on the average monthly expenses of $167,880, the amount of three-months reserve would be $503,641.

The Board plans to address the discrepancy between proposed estimated revenues (Table 2) and estimated expenses (Table 3) by charging application fees as well as late and reinstatement fees that appear in Table 1.

The proposed legislation does not affect any of the programs or departments and does not produce fiscal impact on the State.

SENATE BILL 725
Finance Committee Substitute Adopted 5/22/03
Third Edition Engrossed 5/29/03
PROPOSED HOUSE COMMITTEE SUBSTITUTE S725-PCS55202-SC-10

Short Title: Local Option Project Development Financing. (Public)

Sponsors:

Referred to:

April 3, 2003

A BILL TO BE ENTITLED

AN ACT TO AMEND THE NORTH CAROLINA CONSTITUTION TO PERMIT CITIES AND COUNTIES TO INCUR OBLIGATIONS TO FINANCE THE PUBLIC PORTION OF CERTAIN ECONOMIC DEVELOPMENT PROJECTS.

Whereas, the State of North Carolina and local governments in North Carolina are and should be actively engaged in economic development efforts to attract and stimulate private sector job creation and capital investors in their areas; and

Whereas, over 48 other states and local governments in other states are authorized to utilize a wide variety of incentives, including, but not limited to, project development financing to attract private sector economic development; and

Whereas, other states and local governments in other states have been successful in attracting private sector job creation and capital investment to their areas through incentive packages which have included the provision of infrastructure improvements financed through the issuance of project development debt instruments; and

Whereas, economically distressed areas of North Carolina could utilize project development debt instruments to attract new industry to their areas; and

Whereas, project development financing could enable North Carolina to be more nationally or internationally competitive in attracting private sector job creation and capital investments, particularly in attracting major economic development efforts; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. Article V of the North Carolina Constitution is amended by adding a new section to read:

"**Sec. 14. Project development financing.**

Notwithstanding Section 4 of this Article, the General Assembly may enact general laws authorizing any county, city, or town to define territorial areas in the county, city, or town and borrow money to be used to finance public improvements associated with private development projects within the territorial areas, as provided in this section. The General Assembly shall set forth by statute the method for determining the size of the territorial area and the issuing unit. This method is conclusive. When a territorial area is defined pursuant to this section, the county shall determine the current assessed value of taxable real and personal property in the territorial area. Thereafter, property in the territorial area continues to be subject to taxation to the same extent and in like manner as property not in the territorial area, but the net proceeds of taxes levied on the excess, if any, of the assessed value of taxable real and personal property in the territorial area at the time the taxes are levied over the assessed value of taxable real and personal property in the territorial area at the time the territorial area was defined may be set aside. The instruments of indebtedness authorized by this section shall be secured by these set-aside proceeds. The General Assembly may authorize a county, city, or town issuing these instruments of indebtedness to pledge, as additional security, revenues available to the issuing unit from sources other than the issuing unit's exercise of its taxing power. As long as no revenues are pledged other than the set-aside proceeds authorized by this section and the revenues authorized in the preceding sentence, these instruments of indebtedness may be issued without approval by referendum. The county, city, or town may not pledge as security for these instruments of indebtedness any property tax revenues other than the set-aside proceeds authorized in this section, or in any other manner pledge its full faith and credit as security for these instruments of indebtedness unless a vote of the people is held as required by and in compliance with the requirements of Section 4 of this Article.

Notwithstanding the provisions of Section 2 of this Article, the General Assembly may enact general laws authorizing a county, city, or town that has defined a territorial area pursuant to this section to assess property within the territorial area at a minimum value if agreed to by the owner of the property, which agreed minimum value shall be binding on the current owner and any future owners as long as the defined territorial area is in effect."

SECTION 2. Article 6 of Chapter 159 of the General Statutes is reenacted and is rewritten to read:

"Article 6.

"Project Development Financing Act.

"**§ 159-101. Short title.**

This Article may be cited as the 'North Carolina Project Development Financing Act.'

"**§ 159-102. Unit of local government defined.**

For the purposes of this Article, the term 'unit of local government' means a county or a municipal corporation.

"**§ 159-103. Authorization of project development financing debt instruments; purposes.**

(a) Each unit of local government may issue project development financing debt instruments pursuant to this Article and use the proceeds for one or more of the purposes for which the unit may issue general obligation bonds pursuant to the following subdivisions of G.S. 159-48: (b)(1), (3), (7), (11), (12), (16), (17), (19), (21), (23), (24), or (25), (c)(4a) or (6), or (d)(3), (4), (5), (6), or (7). In addition, the proceeds may be used for any service or facility authorized by G.S. 160A-536 and provided in a municipal service district.

For the purpose of this Article, the term 'capital costs' as defined in G.S. 159-48(h) also includes (i) interest on the debt instruments being issued or on notes issued in anticipation of the instruments during construction and for a period not exceeding seven years after the estimated date of completion of construction and (ii) the establishment of debt service reserves and any other reserves reasonably required by the financing documents. The proceeds of the debt instruments may be used either in a development financing district established pursuant to G.S. 160A-515.1 or G.S. 158-7.3 or, if the use directly benefits private development forecast by the development financing plan for the district, outside the development financing district. The proceeds may be used only for projects that enable, facilitate, or benefit private development within the development financing district, the revenue increment of which is pledged as security for the debt instruments. This subsection does not prohibit the use of proceeds to defray the cost of providing water and sewer utilities to a private development in a project development financing district.

(b) Subject to agreement with the holders of its project development financing debt instruments and the limitation on duration of development financing districts set out in this Article, each unit of local government may issue additional project development financing debt instruments and may issue debt instruments to refund any outstanding project development financing debt instruments at any time before the final maturity of the instruments to be refunded. General obligation bonds issued to refund outstanding project development financing debt instruments shall be issued under the Local Government Bond Act, Article 4 of this Chapter. Revenue bonds issued to refund outstanding project development financing debt instruments shall be issued under the State and Local Government Revenue Bond Act, Article 5 of this Chapter.

Project development financing debt instruments may be issued partly for the purpose of refunding outstanding project development financing debt instruments and partly for any other purpose under this Article. Project development financing debt instruments issued to refund outstanding project development financing debt instruments shall be issued under this Article and not under Article 4 of this Chapter.

(c) If the private development project to be benefited by proposed project development financing debt instruments affects tax revenues in more than one unit of local government and more than one affected unit of local government wishes to provide assistance to the private development project by issuing project development financing debt instruments, then those units may enter into an interlocal agreement pursuant to Article 20 of Chapter 160A of the General Statutes for the purpose of issuing the instruments. The agreement may include a provision that a unit may pledge all or any part of the taxes received or to be received on the incremental valuation

accruing to the development financing district to the repayment of instruments issued by another unit that is a party to the interlocal agreement.

"**§ 159-104. Application to Commission for approval of project development financing debt instrument issue; preliminary conference; acceptance of application.**

A unit of local government may not issue project development financing debt instruments under this Article unless the issue is approved by the Local Government Commission. The governing body of the issuing unit shall file with the secretary of the Commission an application for Commission approval of the issue. At the time of application, the governing body shall publish a public notice of the application in a newspaper of general circulation in the unit of local government. The application shall include any statements of facts and documents concerning the proposed debt instruments, development financing district, and development financing plan, and the financial condition of the unit, required by the secretary. The Commission may prescribe the form of the application.

Before accepting the application, the secretary may require the governing body or its representatives to attend a preliminary conference in order to discuss informally the proposed issue, district, and plan and the timing of the steps to be taken in issuing the debt instruments. The development financing plan need not be adopted by the governing body at the time it files the application with the secretary. However, before the Commission may enter its order approving the debt instruments, the governing body must adopt the plan and make the findings described in G.S. 159-105(b)(1) and (5).

After an application in proper form and order has been filed, and after a preliminary conference if one is required, the secretary shall notify the unit in writing that the application has been filed and accepted for submission to the Commission. The secretary's statement is conclusive evidence that the unit has complied with this section.

"**§ 159-105. Approval of application by Commission.**

(a) In determining whether to approve a proposed project development financing debt instrument issue, the Commission may inquire into and consider any matters that it considers relevant to whether the issue should be approved, including:

(1) Whether the projects to be financed from the proceeds of the project development financing debt instrument issue are necessary to secure significant new project development for a development financing district.

(2) Whether the proposed projects are feasible. In making this determination, the Commission may consider any additional security such as credit enhancement, insurance, or guaranties.

(3) The unit of local government's debt management procedures and policies.

(4) Whether the unit is in default in any of its debt service obligations.

(5) Whether the private development forecast in the development financing plan would likely occur without the public project or projects to be financed by the project development financing debt instruments.

(6) Whether taxes on the incremental valuation accruing to the development financing district, together with any other revenues available under G.S. 159-110, will be sufficient to service the proposed project development financing debt instruments.

(7) The ability of the Commission to market the proposed project development financing debt instruments at reasonable rates of interest.

(b) The Commission shall approve the application if, upon the information and evidence it receives, it finds all of the following:

(1) The proposed project development financing debt instrument issue is necessary to secure significant new economic development for a development financing district.

(2) The amount of the proposed project development financing debt is adequate and not excessive for the proposed purpose of the issue.

(3) The proposed projects are feasible. In making this determination, the Commission may consider any additional security such as credit enhancement, insurance, or guaranties.

(4) The unit of local government's debt management procedures and policies are good, or that reasonable assurances have been given that its debt will henceforth be managed in strict compliance with law.

(5) The private development forecast in the development financing plan would not be likely to occur without the public projects to be financed by the project development financing debt instruments.

(6) The proposed project development financing debt instruments can be marketed at reasonable interest cost to the issuing unit.

(7) The issuing unit has, pursuant to G.S. 160A-515.1 or G.S. 158-7.3, adopted a development financing plan for the development financing district for which the instruments are to be issued.

"**§ 159-106. Order approving or denying the application.**

(a) After considering an application, the Commission shall enter its order either approving or denying the application. An order approving an issue is not an approval of the legality of the debt instruments in any respect.

(b) Unless the debt instruments are to be issued for a development financing district for which a project development financing debt instrument issue has already been approved, the day the Commission enters its order approving an application for project development financing debt instruments is also the effective date of the development financing district for which the instruments are to be issued.

(c) If the Commission enters an order denying the application, the proceedings under this Article are at an end.

"**§ 159-107. Determination of incremental valuation; use of taxes levied on incremental valuation; duration of the district.**

(a) Base Valuation in the Development Financing District. – After the Local Government Commission has entered its order approving a unit of local government's application for project development financing debt instruments, the unit shall immediately notify the tax assessor of the county in which the development financing

district is located of the existence of the development financing district. Upon receiving this notice, the tax assessor shall determine the base valuation of the district, which is the assessed value of all taxable property located in the district on the January 1 immediately preceding the effective date of the district. If the unit or an agency of the unit acquired property within the district within one year before the effective date of the district, the tax assessor shall presume, subject to rebuttal, that the property was acquired in contemplation of the district, and the tax assessor shall include the value of the property so acquired in determining the base valuation of the district. The unit may rebut this presumption by showing that the property was acquired primarily for a purpose other than to reduce the incremental tax base. After determining the base valuation of the development financing district, the tax assessor shall certify the valuation to: (i) the issuing unit; (ii) the county in which the district is located if the issuing unit is not the county; and (iii) any special district, as defined in G.S. 159-7, within which the development financing district is located.

(b) Adjustments to the Base Valuation. – During the lifetime of the development financing district, the base valuation shall be adjusted as follows:

(1) If the unit amends its development financing plan, pursuant to G.S. 160A-515.1 or G.S. 158-7.3, to remove property from the development financing district, on the succeeding January 1, that property shall be removed from the district and the base valuation reduced accordingly.

(2) If the unit amends its development financing plan, pursuant to G.S. 160A-515.1 or G.S. 158-7.3, to expand the district, the new property shall be added to the district immediately. The base valuation of the district shall be increased by the assessed value of the taxable property situated in the added territory on the January 1 immediately preceding the effective date of the district.

(3) If, at the time of revaluation pursuant to G.S. 105-286 of property in the county in which the district is located, it appears that, based on the schedule of values, standards, and rules approved by the board of county commissioners pursuant to G.S. 105-317, the property values of the district as they existed on the January 1 immediately preceding the effective date of the district would be increased because of the revaluation, then the base valuation shall be increased accordingly.

Each time the base valuation is adjusted, the tax assessor shall immediately certify the new base valuation to: (i) the issuing unit; (ii) the county if the issuing unit is not the county; and (iii) any special district, as defined in G.S. 159-7, within which the development financing district is located.

(c) Revenue Increment Fund. – When a unit of local government has established a development financing district, and the project development financing debt instruments for that district have been approved by the Commission, the unit shall establish a separate fund to account for the proceeds paid to the unit from taxes levied on the incremental valuation of the district. The unit shall also place in this fund any moneys received pursuant to an agreement entered into under G.S. 159-108.

(d) Levy of Property Taxes Within the District. – Each year the development financing district is in existence, the tax assessor shall determine the current assessed value of taxable property located in the district. The assessor shall also compute the difference between this current value and the base valuation of the district. If the current value exceeds the base value, the difference is the incremental valuation of the district. In each year the district is in existence, the county, and if the district is within a city or a special district as defined by G.S. 159-7, the city or the special district shall levy taxes against property in the district in the same manner as taxes are levied against other property in the county, city, or special district. The proceeds from ad valorem taxes levied on property in the development financing district shall be distributed as follows:

(1) In any year in which there is no incremental valuation of the district, all the proceeds of the taxes shall be retained by the county, city, or special district, as if there were no development financing district in existence.

(2) In any year in which there is an incremental valuation of the district, the amount of tax due from each taxpayer on property in the district shall be distributed as provided in this subdivision. The net proceeds of the following taxes shall be paid to the government levying the tax: (i) taxes separately stated and levied solely to service and repay debt secured by a pledge of the faith and credit of the unit; (ii) nonschool taxes levied pursuant to a vote of the people; (iii) taxes levied for a municipal or county service district; and (iv) taxes levied by a taxing unit in a development financing district established by a different taxing unit and for which there is no increment agreement between the two units. All remaining taxes on property in the district shall be multiplied by a fraction, the numerator of which is the base valuation for the district and the denominator of which is the current valuation for the district. The amount shown as the product of this multiplication shall, when paid by the taxpayer, be retained by the county, city, or special district, as if there were no development financing district in existence. The net proceeds of the remaining amount shall, when paid by the taxpayer, be turned over to the finance officer of each issuing unit, who shall place this amount in the special revenue increment fund required by subsection (c) of this section. As used in this section, 'net proceeds' means gross proceeds less refunds, releases, and any collection fee paid by the levying government to the collecting government.

(e) Increment Agreements. – Effect of Annexation on District Established by a County. – If a city annexes land in a development financing district established by a county pursuant to G.S. 158-7.3, the proceeds of all taxes levied by the city on property within the district shall be paid to the city unless the city enters into an agreement with the county pursuant to this subsection. The city and the county may enter into an increment agreement under which the city agrees that city taxes on part or all of the incremental valuation in the district shall be paid into the revenue increment fund for the

district. An increment agreement may be entered into when the district is established or at any time after the district is established. The increment agreement may extend for the duration of the district or for a shorter time agreed to by the parties.

(f) Use of Moneys in the Revenue Increment Fund. – If the development financing district includes property conveyed or leased by the unit of local government to a private party in consideration of increased tax revenue expected to be generated by improvements constructed on the property pursuant to G.S. 158-7.1, an amount equal to the tax revenue taken into account in arriving at the consideration, less the increased tax revenue realized since the construction of the improvement, shall be transferred from the Revenue Increment Fund to the county, city, or special district as if there were no development financing district in existence. Any money in excess of this amount in the Fund may be used for any of the following purposes, without priority other than priorities imposed by the order authorizing the project development financing debt instruments:

(1) To finance capital expenditures (including the funding of capital reserves) by the issuing unit in the development financing district pursuant to the development financing plan.

(2) To meet principal and interest requirements on project development financing debt instruments and debt instrument anticipation notes issued for the district.

(3) To repay the appropriate fund of the issuing unit for any moneys actually expended on debt service on project development financing debt instruments pursuant to a pledge made pursuant to G.S. 159-111(b).

(4) To establish and maintain debt service reserves for future principal and interest requirements on project development financing debt instruments and debt instrument anticipation notes issued for the district.

(5) To meet any other requirements imposed by the order authorizing the project development financing debt instruments.

If in any year there is any money remaining in the Revenue Increment Fund after these purposes have been satisfied, it shall be paid to the general fund of the county and, if applicable, of the city and any special district as defined by G.S. 159-7, in proportion to their rates of ad valorem tax on taxable property located in the development financing district.

(g) Duration of District. – A development financing district shall terminate at the earlier of (i) the end of the thirtieth year after the effective date of the district or (ii) the date all project development financing debt instruments issued for the district have been fully retired or sufficient funds have been set aside, pursuant to the order authorizing the debt instruments, to meet all future principal and interest requirements on the instruments.

"**§ 159-108. Agreements with property owners.**

(a) Authorization. – A unit of local government that issues project development financing debt instruments may enter into agreements with the owners of real property

in the development financing district for which the instruments were issued under which the owners agree to a minimum value at which their property will be assessed for taxation. Such an agreement may extend for the life of the development financing district or for a shorter period agreed to by the parties. The agreement may vary the agreed-upon minimum assessed value from year to year.

(b) Filing and Recording Agreement. – The unit shall file a copy of any agreement entered into pursuant to this section with the tax assessor for the county in which the development financing district is located. In addition, the unit shall cause the agreement to be recorded in the office of the register of deeds of that county, and the register of deeds shall index the agreement in the grantor's index under the name of the property owner. Once the agreement has been recorded in the office of the register of deeds, as required by this subsection, it is binding, according to its terms and for its duration, on any subsequent owner of the property.

(c) Minimum Assessment of Property. – An agreement entered into pursuant to this section establishes a minimum assessment of the real property subject to the agreement. If the county tax assessor determines that the real property has a true value less than the minimum established by the agreement, the assessor shall nevertheless assess the property at the minimum set out in the agreement. If the assessor, however, determines that the real property has a true value greater than the minimum established by the agreement, the assessor shall assess the property at the true value.

(d) Effect of Reappraisal. – If an agreement entered into pursuant to this section continues in effect after a reappraisal of property conducted pursuant to G.S. 105-286, the minimum assessment established in the agreement shall be adjusted as provided in this subsection. After the issuing unit of local government has adopted its budget ordinance and levied taxes for the fiscal year that begins next after the effective date of the reappraisal, it shall certify to the county tax assessor the total rate of ad valorem taxes levied by the unit and applicable to the property subject to the agreement. It shall also certify to the assessor the total rate of ad valorem taxes levied by the unit and applicable to the property in the immediately preceding fiscal year. The assessor shall determine the total amount of ad valorem taxes levied by the unit on the property in the immediately preceding fiscal year, based on the tax rate certified by the issuing unit. The assessor shall then determine a value of the property that would provide the same total amount of ad valorem taxes based on the tax rate certified for the fiscal year beginning next after the effective date of the reappraisal. The value so determined is the new minimum assessment for the property subject to the agreement.

(e) Agreement Effective Regardless of Improvements. – An agreement entered into pursuant to this section remains in effect according to its terms regardless of whether the improvements anticipated in the development financing plan are completed or whether those improvements continue to exist during the duration of the agreement. However, if any part of the property subject to the agreement is acquired by a public agency, the agreement is automatically modified by removing the acquired property from the agreement and reducing the minimum assessment accordingly.

"**§ 159-109. Special covenants.**

A project development financing debt instrument order or a trust agreement securing project development financing debt instruments may contain covenants regarding:

(1) The pledge of all or any part of the taxes received or to be received on the incremental valuation in the development financing district during the life of the debt instruments.

(2) Rates, fees, rentals, tolls, or other charges to be established, maintained, and collected, and the use and disposal of revenues, gifts, grants, and funds received or to be received.

(3) The setting aside of debt service reserves and the regulation and disposition of these reserves.

(4) The custody, collection, securing, investment, and payment of any moneys held for the payment of project development financing debt instruments.

(5) Limitations or restrictions on the purposes to which the proceeds of sale of project development financing debt instruments may be applied.

(6) Limitations or restrictions on the issuance of additional project development financing debt instruments or notes for the same development financing district, the terms upon which additional project development financing debt instruments or notes may be issued or secured, or the refunding of outstanding project development financing debt instruments or notes.

(7) The acquisition and disposal of property for project development financing debt instrument projects.

(8) Provision for insurance and for accounting reports, and the inspection and audit of accounting reports.

(9) The continuing operation and maintenance of projects financed with the proceeds of the project development financing debt instruments.

"**§ 159-110. Security of project development financing debt instruments.**

Project development financing debt instruments are special obligations of the issuing unit. Moneys in the Revenue Increment Fund required by G.S. 159-107(c) are pledged to the payment of the instruments, in accordance with G.S. 159-107(f). Except as provided in G.S. 159-111, the unit may pledge the following additional sources of funds to the payment of the debt instruments, and no other sources: the proceeds from the sale of property in the development financing district; net revenues from any public facilities, other than portions of public utility systems, in the development financing district financed with the proceeds of the project development financing debt instruments; and, subject to G.S. 159-47, net revenues from any other public facilities, other than portions of public utility systems, in the development financing district constructed or improved pursuant to the development financing plan.

Except as provided in G.S. 159-111, the principal and interest on project development financing debt instruments do not constitute a legal or equitable pledge, charge, lien, or encumbrance upon any of the unit's property or upon any of its income, receipts, or revenues, except as may be provided pursuant to this section. Except as

provided in G.S. 159-107 and G.S. 159-111, neither the credit nor the taxing power of the unit is pledged for the payment of the principal or interest of project development financing debt instruments, and no holder of project development financing debt instruments has the right to compel the exercise of the taxing power by the unit or the forfeiture of any of its property in connection with any default on the instruments. Unless the unit's taxing power has been pledged pursuant to G.S. 159-111, every project development financing debt instrument shall contain recitals sufficient to show the limited nature of the security for the instrument's payment and that it is not secured by the full faith and credit of the unit.

"**§ 159-111. Additional security for project development financing debt instruments.**

(a) In order to provide additional security for debt instruments issued pursuant to this Article, the issuing unit of local government may pledge its faith and credit for the payment of the principal of and interest on the debt instruments. Before such a pledge may be given, the unit shall follow the procedures and meet the requirements for approval of general obligation bonds under Article 4 of this Chapter. The unit shall also follow the procedures and meet the requirements of this Article. If debt instruments are issued pursuant to this Article and are also secured by a pledge of the issuing unit's faith and credit, the debt instruments are subject to G.S. 159-112 rather than G.S. 159-65.

(b) In order to provide additional security for debt instruments issued pursuant to this Article, and in lieu of pledging its faith and credit for that purpose pursuant to subsection (a) of this section, a unit of local government may agree to apply to the payment of the instruments any available sources of revenues of the unit, as long as the agreement to use the sources to make payment does not constitute a pledge of the unit's taxing power or of the unit's revenues derived from local sales taxes. In addition, to the extent the generation of the revenues is within the power of the unit, the unit may enter into covenants to take action in order to generate the revenues, as long as the covenant does not constitute a pledge of the unit's taxing power.

(c) No agreement or covenant may contain a nonsubstitution clause that restricts the right of the issuing unit of local government to replace or provide a substitute for any project financed pursuant to this subsection.

(d) The obligation of a unit of local government with respect to the sources of payment shall be specifically identified in the proceedings of the governing body authorizing the unit to issue the debt instruments. The sources of payment so specifically identified and then held or thereafter received by the unit or any fiduciary of the unit are immediately subject to the lien of the proceedings without any physical delivery of the sources or further act. The lien is valid and binding as against all parties having claims of any kind against a unit without regard to whether the parties have notice of the lien. The proceedings or any other document or action by which the lien on a source of payment is created need not be filed or recorded in any manner other than as provided in this Article.

"**§ 159-112. Limitations on details of debt instruments.**

In fixing the details of project development financing debt instruments, the governing body of the issuing unit of local government is subject to these restrictions and directions:

(1) The maturity date shall not exceed the shorter of (i) the longest of the various maximum periods of usefulness for the projects to be financed with debt instrument proceeds, as prescribed by the Local Government Commission pursuant to G.S. 159-122, or (ii) the end of the thirtieth year after the effective date of the development financing district.

(2) The first payment of principal shall be payable not more than seven years after the date of the debt instruments.

(3) Any debt instrument may be made payable on demand or tender for purchase as provided in G.S. 159-79, and any debt instrument may be made subject to redemption prior to maturity, with or without premium, on such notice, at such times, and with such redemption provisions as may be stated. Interest on the debt instruments shall cease when the instruments have been validly called for redemption and provision has been made for the payment of the principal of the instruments, any redemption, any premium, and the interest on the instruments accrued to the date of redemption.

(4) The debt instruments may bear interest at such rates payable semiannually or otherwise, may be in such denominations, and may be payable in such kind of money and in such place or places within or without this State as the issuing unit may determine.

"**§ 159-113. Annual report.**

In July of each year, each unit of local government with outstanding project development financing debt instruments shall make a report to any other unit, and to any special district as defined in G.S. 159-7, in which the development financing district for which the instruments were issued is located. This report shall set out the base valuation for the development financing district, the current valuation for the district, the amount of remaining project development financing debt for the district, and the unit's estimate of when the debt will be retired. The unit of local government may meet this requirement by reporting this information in its annual financial statements required by G.S. 159-34."

SECTION 3. G.S. 159-48(b) is amended by adding a new subdivision to read:

"(26) Undertaking public activities in or for the benefit of a development financing district pursuant to a development financing plan."

SECTION 4. G.S. 159-55(a) reads as rewritten:

"(a) After the bond order has been introduced and before the public hearing thereon, the finance officer (or some other officer designated by the governing board for this purpose) shall file with the clerk a statement showing the following:

(1) The gross debt of the unit, excluding therefrom debt incurred or to be incurred in anticipation of the collection of taxes or other revenues or in anticipation of the sale of bonds other than funding and refunding

bonds. The gross debt (after exclusions) is the sum of (i) outstanding debt evidenced by bonds, (ii) bonds authorized by orders introduced but not yet adopted, (iii) unissued bonds authorized by adopted orders, and (iv) outstanding debt not evidenced by bonds. However, for purposes of the sworn statement of debt and the debt limitation, revenue bonds and project development financing debt instruments (unless additionally secured by a pledge of the issuing unit's faith and credit) shall not be considered debt and ~~such bonds~~ shall not be included in gross debt nor deducted from gross debt.

(2) The deductions to be made from gross debt in computing net debt. The following deductions are allowed:

a. Funding and refunding bonds authorized by orders introduced but not yet adopted.

b. Funding and refunding bonds authorized but not yet issued.

c. The amount of money held in sinking funds or otherwise for the payment of any part of the principal of gross debt other than debt incurred for water, gas, electric light or power purposes, or sanitary sewer purposes (to the extent that the bonds are deductible under subsection (b) of this section), or two or more of these purposes.

d. The amount of bonded debt included in gross debt and incurred, or to be incurred, for water, gas, or electric light or power purposes, or any two or more of these purposes.

e. The amount of bonded debt included in the gross debt and incurred, or to be incurred, for sanitary sewer system purposes to the extent that the debt is made deductible by subsection (b) of this section.

f. The amount of uncollected special assessments theretofore levied for local improvements for which any part of the gross debt (that is not otherwise deducted) was or is to be incurred, to the extent that the assessments will be applied, when collected, to the payment of any part of the gross debt.

g. The amount, as estimated by the governing board of the issuing unit or an officer designated by the board for this purpose, of special assessments to be levied for local improvements for which any part of the gross debt (that is not otherwise deducted) was or is to be incurred, to the extent that the special assessments, when collected, will be applied to the payment of any part of the gross debt.

(3) The net debt of the issuing unit, being the difference between the gross debt and deductions.

(4) The assessed value of property subject to taxation by the issuing unit, as revealed by the tax records and certified to the issuing unit by the assessor. In calculating the assessed value, the incremental valuation of

any development financing district located in the unit, as determined pursuant to G.S. 159-107, shall not be included.

(5) The percentage that the net debt bears to the assessed value of property subject to taxation by the issuing unit."

SECTION 5. G.S. 159-79(a) reads as rewritten:

"(a) Notwithstanding any provisions of this Chapter to the contrary, including particularly, but without limitation, the provisions of G.S. 159-65, G.S. 159-112, G.S. 159-123 to G.S. 159-127, inclusive, G.S. 159-130, G.S. 159-138, G.S. 159-162, G.S. 159-164 and G.S. 159-172, a unit of local government, in fixing the details of general obligation bonds to be issued pursuant to this ~~Article or~~Article, general obligation notes to be issued pursuant to Article 9 of this Chapter, or project development financing debt instruments or notes to be issued pursuant to Article 6 of this Chapter, may provide that ~~such bonds or notes~~the instruments or notes:

(1) May be made payable from time to time on demand or tender for purchase by the owner provided a Credit Facility supports such bonds or notes, unless the Commission specifically determines that a Credit Facility is not required upon a finding and determination by the Commission that the proposed bonds or notes will satisfy the conditions set forth in G.S. 159-52;

(2) May be additionally supported by a Credit Facility;

(3) May be made subject to redemption prior to maturity, with or without premium, on such notice, at such time or times, at such price or prices and with such other redemption provisions as may be stated in the resolution fixing the details of such bonds or notes or with such variations as may be permitted in connection with a Par Formula provided in such resolution;

(4) May bear interest at a rate or rates that may vary as permitted pursuant to a Par Formula and for such period or periods of time, all as may be provided in such resolution; and

(5) May be made the subject of a remarketing agreement whereby an attempt is made to remarket the bonds to new purchases prior to their presentment for payment to the provider of the Credit Facility or to the issuing unit."

SECTION 6. G.S. 159-120 reads as rewritten:

"**§ 159-120. Definitions.**

As used in this Article, unless the context clearly requires another meaning, the words 'unit' or 'issuing unit' mean 'unit of local government' as defined in ~~G.S. 159-44,~~ G.S. 159-44 or G.S. 159-102, 'municipality' as defined in G.S. 159-81, and the State of North Carolina, and the words 'governing body,' when used with respect to the State of North Carolina, mean the Council of State."

SECTION 7. G.S. 159-122(a) reads as rewritten:

"(a) Except as provided in this subsection, the last installment of each bond issue shall mature not later than the date of expiration of the period of usefulness of the capital project to be financed by the bond issue, computed from the date of the bonds.

The last installment of a refunding bond issue issued pursuant to G.S. 159-48(a)(4) or (5) shall mature not later than either (i) the shortest period, but not more than 40 years, in which the debt to be refunded can be finally paid without making it unduly burdensome on the taxpayers of the issuing unit, as determined by the Commission, computed from the date of the bonds, or (ii) the end of the unexpired period of usefulness of the capital project financed by the debt to be refunded. The last installment of bonds issued pursuant to G.S. 159-48(a)(1), (2), (3), (6), or (7) shall mature not later than 10 years after the date of the bonds, as determined by the Commission. The last installment of bonds issued pursuant to G.S. 159-48(c)(5) shall mature not later than eight years after the date of the bonds, as determined by the Commission. The last installment of project development financing debt instruments shall mature on the earlier of 30 years after the effective date of the development financing district for which the instruments are issued or the longest of the various maximum periods of usefulness for the projects to be financed with debt instrument proceeds, as prescribed by the Commission pursuant to this section."

SECTION 8. G.S. 159-123(b) reads as rewritten:

"(b) The following classes of bonds may be sold at private sale:

(1) Bonds that a State or federal agency has previously agreed to purchase.

(2) Any bonds for which no legal bid is received within the time allowed for submission of bids.

(3) Revenue bonds, including any refunding bonds issued pursuant to G.S. 159-84, and special obligation bonds issued pursuant to Chapter 159I of the General Statutes.

(4) Refunding bonds issued pursuant to G.S. 159-78.

(5) Refunding bonds issued pursuant to G.S. 159-72 if the Local Government Commission determines that a private sale is in the best interest of the issuing unit.

(6) Bonds designated as qualified zone academy bonds pursuant to G.S. 115C-489.6, if the Local Government Commission determines that a private sale is in the best interest of the issuing unit.

(7) Project development financing debt instruments."

SECTION 9. G.S. 159-125(a) reads as rewritten:

"(a) Except for revenue ~~bonds,~~ bonds and project development financing debt instruments, no bid for less than ninety-eight percent (98%) of the face value of the bonds plus one hundred percent (100%) of accrued interest may be entertained.

Different rates of interest may be bid for bonds maturing in different years, but different rates of interest may not be bid for bonds maturing in the same year."

SECTION 10. G.S. 159-129 reads as rewritten:

"**§ 159-129. Obligations of units certified by Commission.**

Each bond or bond anticipation note that is represented by an instrument shall bear on its face or reverse a certificate signed by the secretary of the Commission or an assistant designated by ~~him~~ the secretary that the issuance of the bond or note has been approved under the provisions of The Local Government Bond ~~Act of~~ Acts, the Local Government Revenue Bond ~~Act.~~ Act, or the North Carolina Project Development

Financing Act. ~~Such~~ This signature may be a manual or facsimile signature as the Commission may determine. Each bond or bond anticipation note that is not represented by an instrument shall be evidenced by a writing relating to such obligation, which writing shall identify such obligation or the issue of which it is part, bear ~~such certificate~~ this certificate, and be on file with the Commission. The certificate shall be conclusive evidence that the requirements of this Subchapter have been observed, and no bond or note without the Commission's certificate or with respect to which a writing bearing ~~such~~ this certificate has not been filed with the Commission shall be valid."

SECTION 11. G.S. 159-132 reads as rewritten:

"**§ 159-132. State Treasurer to deliver bonds and remit proceeds.**

When the bonds are executed, they shall be delivered to the State Treasurer who shall deliver them to the order of the purchaser and collect the purchase price or proceeds. The Treasurer shall then pay from the proceeds any notes issued in anticipation of the sale of the bonds, deduct from the proceeds the Commission's expense in connection with the issue, and remit the net proceeds to the official depository of the unit after assurance that the deposit will be adequately secured as required by law. The proceeds of funding or refunding bonds may be deposited at the place of payment of the indebtedness to be refunded or funded for use solely in the payment of such indebtedness. The proceeds of revenue bonds shall be remitted to the trustee or other depository specified in the trust agreement or resolution securing them. Unless otherwise provided in the trust agreement or resolution securing the debt instruments, the proceeds of project development financing debt instruments shall be remitted in the manner provided by this section for the remission of the proceeds of general obligation bonds."

SECTION 12. G.S. 159-160 reads as rewritten:

"**§ 159-160. Definitions.**

As used in this Part, the words 'unit' or 'issuing unit' means 'unit of local government' as defined in G.S. ~~159-44,~~ 159-44 or G.S. 159-102, 'municipality' as defined in G.S. 159-81, and the State of North Carolina."

SECTION 13. G.S. 159-163.1 is reenacted and is rewritten to read:

"**§ 159-163.1. Security of project development financing debt instrument anticipation notes.**

Notes issued in anticipation of the sale of project development financing debt instruments are special obligations of the issuing unit. Except as provided in G.S. 159-107 and G.S. 159-110, neither the credit nor the taxing power of the issuing unit may be pledged for the payment of notes issued in anticipation of the sale of project development financing debt instruments. No holder of a project development financing debt instrument anticipation note has the right to compel the exercise of the taxing power by the issuing unit or the forfeiture of any of its property in connection with any default on the note. Notes issued in anticipation of the sale of project development financing debt instruments may be secured by the same pledges, charges, liens, covenants, and agreements made to secure the project development financing debt instruments. In addition, the proceeds of each project development financing debt instrument issue are pledged for the payment of any notes issued in anticipation of the

sale of the instruments, and these notes shall be retired from the proceeds of the sale as the first priority."

SECTION 14. G.S. 159-165(b) reads as rewritten:

"(b) When the bond anticipation notes are executed, they shall be delivered to the State Treasurer who shall deliver them to the order of the purchaser and collect the purchase price or proceeds. The Treasurer shall then deduct from the proceeds the Commission's expense in connection with the issue, and remit the net proceeds to the official depository of the unit after assurance that the deposit will be adequately secured as required by law. The net proceeds of revenue bond anticipation ~~notes or~~ notes, special obligation bond anticipation ~~notes~~ notes, or project development financing debt instrument anticipation notes shall be remitted to the trustee or other depository specified in the trust agreement or resolution securing them. If the notes have been issued to renew outstanding notes, the Treasurer, in lieu of collecting the purchase price or proceeds, may provide for the exchange of the newly issued notes for the notes to be renewed."

SECTION 15. G.S. 159-176 reads as rewritten:

"**§ 159-176. Commission to aid defaulting units in developing refinancing plans.**

If a unit of local government or municipality ~~(as defined in G.S. 159-44 or 159-81)~~ (as defined in G.S. 159-44, 159-81, or 159-102) fails to pay any installment of principal or interest on its outstanding debt on or before the due date (whether the debt is evidenced by general obligation bonds, revenue bonds, project development financing debt instruments, bond anticipation notes, tax anticipation notes, or revenue anticipation notes) and remains in default for 90 days, the Commission may take such action as it deems advisable to investigate the unit's or municipality's fiscal affairs, consult with its governing board, and negotiate with its creditors in order to assist the unit or municipality in working out a plan for refinancing, adjusting, or compromising the debt. When a plan is developed that the Commission finds to be fair and equitable and reasonably within the ability of the unit or municipality to meet, the Commission shall enter an order finding that it is fair, equitable, and within the ability of the unit or municipality to meet. The Commission shall then advise the governing board to take the necessary steps to implement it. If the governing board declines or refuses to do so within 90 days after receiving the Commission's advice, the Commission may enter an order directing the governing board to implement the plan. When this order is entered, the members of the governing board and all officers and employees of the unit or municipality shall be under an affirmative duty to do all things necessary to implement the plan. The Commission may apply to the appropriate division of the General Court of Justice for a court order to the governing board and other officers and employees of the unit or municipality to enforce the Commission's order."

SECTION 16. G.S. 160A-505(a) reads as rewritten:

"(a) In lieu of creating a redevelopment commission as authorized herein, the governing body of any municipality may, if it deems wise, either designate a housing authority created under the provisions of Chapter 157 of the General Statutes to exercise the powers, duties, and responsibilities of a redevelopment commission as prescribed herein, or undertake to exercise such powers, duties, and responsibilities itself. Any

such designation shall be by passage of a resolution adopted in accordance with the procedure and pursuant to the findings specified in G.S. 160A-504(a) and (b). In the event a governing body designates itself to perform the powers, duties, and responsibilities of a redevelopment ~~commission,~~ commission under this subsection, or exercises those powers, duties, and responsibilities pursuant to G.S. 153A-376 or G.S. 160A-456, then where any act or proceeding is required to be done, recommended, or approved both by a redevelopment commission and by the municipal governing body, then the performance, recommendation, or approval thereof once by the municipal governing body shall be sufficient to make such performance, recommendation, or approval valid and legal. In the event a municipal governing body designates itself to exercise the powers, duties, and responsibilities of a redevelopment commission, it may assign the administration of redevelopment policies, programs and plans to any existing or new department of the municipality."

SECTION 17. G.S. 160A-512(6) reads as rewritten:

"(6) Within its area of operation, to purchase, obtain options upon, acquire by gift, grant, bequest, devise, eminent domain or otherwise, any real or personal property or any interest therein, together with any improvements thereon, necessary or incidental to a redevelopment project; to hold, improve, clear or prepare for redevelopment any such property, and ~~notwithstanding the provisions of G.S. 160-59 but~~ subject to the provisions of G.S. 160A-514, and with the approval of the local governing body sell, exchange, transfer, assign, subdivide, retain for its own use, mortgage, pledge, hypothecate or otherwise encumber or dispose of any real or personal property or any interest therein, either as an entirety to a single 'redeveloper' or in parts to several redevelopers; provided that the commission finds that the sale or other transfer of any such part will not be prejudicial to the sale of other parts of the redevelopment area, nor in any other way prejudicial to the realization of the redevelopment plan approved by the governing body; to enter into ~~contracts~~ contracts, either before or after the real property that is the subject of the contract is acquired by the Commission (although disposition of the property is still subject to G.S. 160A-514), with 'redevelopers' of property containing covenants, restrictions, and conditions regarding the use of such property for residential, commercial, industrial, recreational purposes or for public purposes in accordance with the redevelopment plan and such other covenants, restrictions and conditions as the commission may deem necessary to prevent a recurrence of blighted areas or to effectuate the purposes of this Article; to make any of the covenants, restrictions or conditions of the foregoing contracts covenants running with the land, and to provide appropriate remedies for any breach of any such covenants or conditions, including the right to terminate such contracts and any interest in the property created pursuant thereto; to borrow money and issue bonds therefor and provide security for bonds; to

insure or provide for the insurance of any real or personal property or operations of the commission against any risks or hazards, including the power to pay premiums on any such insurance; and to enter into any contracts necessary to effectuate the purposes of this Article;".

SECTION 18. G.S. 160A-515.1 is reenacted and is rewritten to read:

"**§ 160A-515.1. Project development financing.**

(a) Authorization. – A city may finance a redevelopment project and any related public improvements with the proceeds of project development financing debt instruments, issued pursuant to Article 6 of Chapter 159 of the General Statutes, together with any other revenues that are available to the city. Before it receives the approval of the Local Government Commission for issuance of project development financing debt instruments, the city's governing body must define a development financing district and adopt a development financing plan for the district. The city may act jointly with a county to finance a project, define a development financing district, and adopt a development financing plan for the district.

(b) Development Financing District. – A development financing district shall comprise all or portions of one or more redevelopment areas defined pursuant to this Article. The total land area within development financing districts in a city, including development financing districts created pursuant to G.S. 158-7.3, may not exceed five percent (5%) of the total land area of the city.

(c) Development Financing Plan. – The development financing plan must be compatible with the redevelopment plan or plans for the redevelopment area or areas included within the district. The development financing plan must include all of the following:

(1) A description of the boundaries of the development financing district.

(2) A description of the proposed development of the district, both public and private.

(3) The costs of the proposed public activities.

(4) The sources and amounts of funds to pay for the proposed public activities.

(5) The base valuation of the development financing district.

(6) The projected incremental valuation of the development financing district.

(7) The estimated duration of the development financing district.

(8) A description of how the proposed development of the district, both public and private, will benefit the residents and business owners of the district in terms of jobs, affordable housing, or services.

(9) A description of the appropriate ameliorative activities which will be undertaken if the proposed projects have a negative impact on residents or business owners of the district in terms of jobs, affordable housing, services, or displacement.

(10) A requirement that the initial users of any new manufacturing facilities that will be located in the district and that are included in the plan will comply with the wage requirements in subsection (d) of this section.

(d) Wage Requirements. – A development financing plan shall include a requirement that the initial users of a new manufacturing facility to be located in the district and included in the plan must pay its employees an average weekly manufacturing wage that is either above the average manufacturing wage paid in the county in which the district will be located or not less than ten percent (10%) above the average weekly manufacturing wage paid in the State. The plan may include information on the wages to be paid by the initial users of a new manufacturing facility to its employees and any provisions necessary to implement the wage requirement. The issuing unit's governing body shall not adopt a plan until the Secretary of Commerce certifies that the Secretary has reviewed the average weekly manufacturing wage required by the plan to be paid to the employees of a new manufacturing facility and has found either (i) that the wages proposed by the initial users of a new manufacturing facility are in compliance with the amount required by this subsection or (ii) that the plan is exempt from the requirement of this subsection. The Secretary of Commerce may exempt a plan from the requirement of this subsection if the Secretary receives a resolution from the issuing unit's governing body requesting an exemption from the wage requirement and a letter from an appropriate State official, selected by the Secretary, finding that unemployment in the county in which the proposed district is to be located is especially severe. Upon the creation of the district, the unit of local government proposing the creation of the district shall take any lawful actions necessary to require compliance with the applicable wage requirement by the initial users of any new manufacturing facility included in the plan; however, failure to take such actions or obtain such compliance shall not affect the validity of any proceedings for the creation of the district, the existence of the district, or the validity of any debt instruments issued under Article 6 of Chapter 159 of the General Statutes. All findings and determinations made by the Secretary of Commerce under this subsection shall be binding and conclusive. For purposes of this section, the term 'manufacturing facility' means any facility that is used in the manufacturing or production of tangible personal property, including the processing resulting in a change in the condition of the property.

(e) County Review. – Before adopting a plan for a development financing district, the city council shall send notice of the plan, by first-class mail, to the board of county commissioners of the county or counties in which the development financing district is located. The person mailing the notice shall certify that fact, and the date thereof, to the city council, and the certificate is conclusive in the absence of fraud. Unless the board of county commissioners (or either board, if the district is in two counties) by resolution disapproves the proposed plan within 28 days after the date the notice is mailed, the city council may proceed to adopt the plan.

(f) Environmental Review. – Before adopting a plan for development financing districts, the city council shall submit the plan to the Secretary of Environment and Natural Resources to review to determine if the construction and operation of any new manufacturing facility in the district will have a materially adverse effect on the environment and whether the company that will operate the facility has operated in substantial compliance with federal and State laws, regulations, and rules for the protection of the environment. If the Secretary finds that the new manufacturing facility

will not have a materially adverse effect on the environment and that the company that will operate the facility has operated other facilities in compliance with environmental requirements, the Secretary shall approve the plan. In making the determination on environmental impact, the Secretary shall use the same criteria that apply to the determination under G.S. 159C-7 of whether an industrial project will have a materially adverse effect on the environment. The findings of the Secretary are conclusive and binding.

(g) Plan Adoption. – Before adopting a plan for a development financing district, the city council shall hold a public hearing on the plan. The council shall, no less than 30 days before the day of hearing, cause notice of the hearing to be mailed by first-class mail to all property owners and mailing addresses within the proposed development financing district. The council shall also, no more than 30 days and no less than 14 days before the day of the hearing, cause notice of the hearing to be published once in a newspaper of general circulation in the city. The notice shall state the time and place of the hearing, shall specify its purpose, and shall state that a copy of the proposed plan is available for public inspection in the office of the city clerk. At the public hearing, the council shall hear anyone who wishes to speak with respect to the proposed district and proposed plan. Unless a board of county commissioners or the Secretary of Environment and Natural Resources has disapproved the plan pursuant to subsection (e) or (f) of this section, the council may adopt the plan, with or without amendment, at any time after the public hearing. However, the plan and the district do not become effective until the city's application to issue project development financing debt instruments has been approved by the Local Government Commission, pursuant to Article 6 of Chapter 159 of the General Statutes.

(h) Plan Modification. – Subject to the limitations of this subsection, a city council may, after the effective date of the district, amend a development financing plan adopted for a development financing district. Before making any amendment, the city council shall follow the procedures and meet the requirements of subsections (d) through (g) of this section. The boundaries of the district may be enlarged only during the first five years after the effective date of the district and only if the area to be added has been or is about to be developed and the development is primarily attributable to development that has occurred within the district, as certified by the Local Government Commission. The boundaries of the district may be reduced at any time, but the city may agree with the holders of any project development financing debt instruments to restrict its power to reduce district boundaries.

(i) Plan Implementation. – In implementing a development financing plan, a city may act directly, through a redevelopment commission, through one or more contracts with private agencies, or by any combination of these."

SECTION 19. G.S. 158-7.3 is reenacted and rewritten to read:

"**§ 158-7.3. Development financing.**

(a) Definitions. – The following definitions apply in this section:

(1) Development project. – A capital project that includes capital expenditures by both private persons and one or more units of local government and that increases net employment opportunities for

residents of the development district or within a two-mile radius of the project, whichever is larger, and increases the local government tax base.

If the district in which such a project will occur is outside a city's central business district (as that district is defined by resolution of the city council, which definition is binding and conclusive), then, of the private development forecast for a development project by the development financing plan for the district in which the project will occur, a maximum of twenty percent (20%) of the plan's estimated square footage of floor space may be proposed for use in retail sales, hotels, banking, and financial services offered directly to consumers, and other commercial uses other than office space.

(2) Publish. – Insertion in a newspaper qualified under G.S. 1-597 to publish legal advertisements in the county or counties in which the unit is located.

(3) Unit or unit of local government. – A county, city, town, or incorporated village.

(b) Authorization. – A unit of local government may finance public improvements that are part of a development project with the proceeds of project development financing debt instruments, issued pursuant to Article 6 of Chapter 159 of the General Statutes, together with any other revenues that are available to the unit. Before it receives the approval of the Local Government Commission for issuance of project development financing debt instruments, the unit's governing body must define a development financing district and adopt a development financing plan for the district. The county may act jointly with a city to finance a project, define a development financing district that is within the city, and adopt a development financing plan for the district.

(c) Development Financing District. – A development financing district created pursuant to this section must be comprised of property that is one or more of the following:

(1) Blighted, deteriorated, deteriorating, undeveloped, or inappropriately developed from the standpoint of sound community development and growth.

(2) Appropriate for rehabilitation or conservation activities.

(3) Appropriate for the economic development of the community.

The total land area within development financing districts in a unit, including development financing districts created pursuant to G.S. 160A-515.1, may not exceed five percent (5%) of the total land area of the unit. A county may not include in a district created pursuant to this section any land that, at the time the district is created, is inside a city, town, or incorporated village.

(d) Development Financing Plan. – The development financing plan must include all of the following:

(1) A description of the boundaries of the development financing district.

(2) A description of the proposed development of the district, both public and private.
(3) The costs of the proposed public activities.
(4) The sources and amounts of funds to pay for the proposed public activities.
(5) The base valuation of the development financing district.
(6) The projected incremental valuation of the development financing district.
(7) The estimated duration of the development financing district.
(8) A description of how the proposed development of the district, both public and private, will benefit the residents and business owners of the district in terms of jobs, affordable housing, or services.
(9) A description of the appropriate ameliorative activities which will be undertaken if the proposed projects have a negative impact on residents or business owners of the district in terms of jobs, affordable housing, services, or displacement.
(10) A requirement that the initial users of any new manufacturing facilities that will be located in the district and that are included in the plan will comply with the wage requirements referred to in subsection (e) of this section.

(e) Wage Requirements. – A development financing plan shall include a requirement that the initial users of a new manufacturing facility to be located in the district and included in the plan must pay its employees an average weekly manufacturing wage that is either above the average manufacturing wage paid in the county in which the district will be located or not less than ten percent (10%) above the average weekly manufacturing wage paid in the State. The plan may include information on the wages to be paid by the initial users of a new manufacturing facility to its employees and any provisions necessary to implement the wage requirement. The issuing unit's governing body shall not adopt a plan until the Secretary of Commerce certifies that the Secretary has reviewed the average weekly manufacturing wage required by the plan to be paid to the employees of a new manufacturing facility and has found either (i) that the wages proposed by the initial users of a new manufacturing facility are in compliance with the amount required by this subsection or (ii) that the plan is exempt from the requirement of this subsection. The Secretary of Commerce may exempt a plan from the requirement of this subsection if the Secretary receives a resolution from the issuing unit's governing body requesting an exemption from the wage requirement and a letter from an appropriate State official, selected by the Secretary, finding that unemployment in the county in which the proposed district is to be located is especially severe. Upon the creation of the district, the unit of local government proposing the creation of the district shall take any lawful actions necessary to require compliance with the applicable wage requirement by the initial users of any new manufacturing facility included in the plan; however, failure to take such actions or obtain such compliance shall not affect the validity of any proceedings for the creation of the district, the existence of the district, or the validity of any debt instruments issued

under Article 6 of Chapter 159 of the General Statutes. All findings and determinations made by the Secretary of Commerce under this subsection shall be binding and conclusive. For purposes of this section, the term 'manufacturing facility' means any facility that is used in the manufacturing or production of tangible personal property, including the processing resulting in a change in the condition of the property.

(f) County Review. – If the unit creating a development financing district and adopting a development financing plan is a city, town, or incorporated village, before adopting the plan the unit's governing body shall send notice of the plan, by first-class mail, to the board of county commissioners of the county or counties in which the development financing district is located. The person mailing the notice shall certify that fact, and the date thereof, to the governing body, and the certificate is conclusive in the absence of fraud. Unless the board of county commissioners (or either board, if the district is in two counties) by resolution disapproves the proposed plan within 28 days after the date the notice is mailed, the governing body may proceed to adopt the plan.

(g) Environmental Review. – Before adopting a plan for development financing districts, the issuing unit's governing body shall submit the plan to the Secretary of Environment and Natural Resources to review to determine if the construction and operation of any new manufacturing facility in the district will have a materially adverse effect on the environment and whether the company that will operate the facility has operated in substantial compliance with federal and State laws, regulations, and rules for the protection of the environment. If the Secretary finds that the new manufacturing facility will not have a materially adverse effect on the environment and that the company that will operate the facility has operated other facilities in compliance with environmental requirements, the Secretary shall approve the plan. In making the determination on environmental impact, the Secretary shall use the same criteria that apply to the determination under G.S. 159C-7 of whether an industrial project will have a materially adverse effect on the environment. The findings of the Secretary are conclusive and binding.

(h) Plan Adoption. – Before adopting a plan for a development financing district, the issuing unit's governing body shall hold a public hearing on the plan. The governing body shall, no more than 30 days and no less than 14 days before the day of the hearing, cause notice of the hearing to be published once and shall cause notice of the hearing to be mailed, by first-class mail, to all property owners and mailing addresses of the development financing district and to the governing body of any special district, as defined by G.S. 159-7, within which the development financing district is located. The notice shall state the time and place of the hearing, shall specify its purpose, and shall state that a copy of the proposed plan is available for public inspection in the office of the unit's clerk. At the public hearing, the governing body shall hear anyone who wishes to speak with respect to the proposed district and proposed plan. Unless a board of county commissioners or the Secretary of Environment and Natural Resources has disapproved the plan pursuant to subsection (f) or (g) of this section, the governing body may adopt the plan, with or without amendment, at any time after the public hearing. However, the plan and the district do not become effective until the unit's application to

issue project development financing debt instruments has been approved by the Local Government Commission, pursuant to Article 6 of Chapter 159 of the General Statutes.

(i) Plan Modification. – Subject to the limitations of this subsection, a governing body may, after the effective date of the district, amend a development financing plan adopted for a development financing district. Before making any amendment, the governing body shall follow the procedures and meet the requirements of subsections (e) through (h) of this section. The boundaries of the district may be enlarged only during the first five years after the effective date of the district and only if the area to be added has been or is about to be developed and the development is primarily attributable to development that has occurred within the district, as certified by the Local Government Commission. The boundaries of the district may be reduced at any time, but the unit may agree with the holders of any project development financing debt instruments to restrict its power to reduce district boundaries.

(j) Plan Implementation. – In implementing a development financing plan, a unit may act directly, through one or more contracts with other public agencies, through one or more contracts with private agencies, or by any combination thereof."

SECTION 20. G.S. 105-284 is amended by adding a new subsection to read:

"(d) Property that is in a development financing district and that is subject to an agreement entered into pursuant to G.S. 159-108 shall be assessed at its true value or at the minimum value set out in the agreement, whichever is greater."

SECTION 21. G.S. 105-277.11 is reenacted and rewritten to read:

"**§ 105-277.11. Taxation of property subject to a development financing district agreement.**

Property that is in a development financing district established pursuant to G.S. 160A-515.1 or G.S. 158-7.3 and that is subject to an agreement entered into pursuant to G.S. 159-108, shall, pursuant to Article V, Section 14 of the North Carolina Constitution, be assessed for taxation at the greater of its true value or the minimum value established in the agreement."

SECTION 22. Liberal Construction. This act, being necessary for the prosperity and welfare of the State and its inhabitants, shall be liberally construed to effect these purposes.

SECTION 23. Severability. If any clause or other portion of this act is held invalid, that decision shall not affect the validity of the remaining portions of this act, which are severable.

SECTION 24. The amendment set out in Section 1 of this act shall be submitted to the qualified voters of the State at the statewide general election in November 2004, which election shall be conducted under the laws then governing elections in the State. Ballots, voting systems, or both may be used in accordance with Chapter 163 of the General Statutes. The question to be used in the voting systems and ballots shall be:

"[ ] FOR [ ] AGAINST

Constitutional amendment to promote local economic and community development projects by (i) permitting the General Assembly to enact general laws giving counties, cities, and towns the power to finance public improvements associated

with qualified private economic and community improvements within development districts, as long as the financing is secured by the additional tax revenues resulting from the enhanced property value within the development district and is not secured by a pledge of the local government's faith and credit or general taxing authority, which financing is not subject to a referendum; and (ii) permitting the owners of property in the development district to agree to a minimum tax value for their property, which is binding on future owners as long as the development district is in existence."

SECTION 25. If a majority of votes cast on the question are in favor of the amendment set out in Section 1 of this act, the State Board of Elections shall certify the amendment to the Secretary of State. The amendment set out in Section 1 of this act and the amendments set out in Sections 2 through 21 of this act become effective upon this certification. The Secretary of State shall enroll the amendment so certified among the permanent records of that office. If a majority of votes cast on the question are not in favor of the amendment set out in Section 1 of this act, that amendment and the amendments set out in Sections 2 through 21 of this act do not go into effect.

SECTION 26. This act is effective when it becomes law.

SENATE BILL 725 (PCS)
Local Project Development Financing

BILL ANALYSIS

Committee: House Finance
Date: July 17, 2003
Version: PCS for 3rd Edition

Sponsor: Sen. Clodfelter
Analysis by: Martha H. Harris
Staff Attorney

SUMMARY: Subject to approval by the voters of the State, amends the constitution to authorize local governments to finance development by issuing tax increment financing bonds within defined areas without a local referendum. The proposed committee substitute adjusts the ballot language and makes corrections.

This bill would give counties, cities, and towns an additional tool to enhance their ability to recruit and retain economic development. The bill would permit the voters of the State to vote on a constitutional amendment that would allow the General Assembly to enact general laws authorizing counties, cities, and towns to borrow money, without voter approval, to finance the public portion of certain economic development projects within a defined territorial area. This development tool, generally known as tax increment financing, but called project development financing in the bill, would allow local governments to set aside the additional property taxes that are generated by a new investment to pay for public facilities that support that new investment.

The project development financing constitutional amendment would be placed before the voters in the next Statewide general election. The Constitution would have to be changed to allow project development financing because under the Constitution as it now reads the General Assembly does not have the power to authorize any unit of local government to issue bonds secured by its property tax revenue without a vote of the people. An amendment is also needed to allow property owners within the development area to agree to a minimum tax assessment on their property.

If the amendment were approved, counties, cities, and towns could create a development financing district and adopt a development financing plan for that district. The total land area of the district may not exceed 5% of the total land area of the unit creating the district. The development financing plan describes the projects the unit of local government desires to finance and how the tax proceeds from the project development financing bonds will be used. The plan must also include a description of how the proposed development, both public and private, will benefit the residents and business owners of the district in terms of jobs, affordable housing, and services. The plan must pass an environmental review and it must contain a requirement that initial users of a new manufacturing facility located in the district pay employees of the facility an average weekly manufacturing wage that is either above the average weekly manufacturing wage paid in the county where the district is located or is at least 10% above the average weekly manufacturing wage paid in the State. A plan may be exempt from the wage requirement if the Secretary of Commerce finds that unemployment in the county in which the district is located is especially severe.

If a local government wants to issue project development financing bonds to finance the public portion of economic development projects within a development financing district, it must have the approval of the Local Government Commission. The Commission cannot approve an application until the development financing district is created and the development financing plan is adopted. The bonds may be issued to finance parking facilities, sewer systems, solid waste disposal systems, storm sewers and flood control facilities, water systems, street improvements, public transportation facilities, land development for industrial or commercial purposes, and redevelopment. Redevelopment includes purchasing and improving property to help local redevelopment commissions. The bonds may also be issued for municipal service district projects.

Before approving the bond issuance, the Commission must find, among other things, that the proposed project development financing bond issue is necessary to secure significant new project development for a development financing district and that the private development forecast in the development financing plan would not be likely to occur without the public projects to be financed by the bonds.

To secure the bonds, the county, city, or town issuing the bonds must establish a separate fund to account for the proceeds paid to it from taxes levied on the incremental valuation of the development financing district. The incremental valuation is the excess of the assessed value of taxable property in the district at the time the taxes are levied over the assessed value of property in the district at the time it was created. The Local Government Commission must find that the taxes on the incremental valuation, together with any proceeds that may be realized from the sale of property in the district and any revenues that may be realized from a public facility in the district, will be sufficient to service the project development financing bonds. The district may remain in effect for 30 years or until the bonds are retired. The bonds must be retired within 30 years or within the useful life of the projects financed, whichever is shorter. After that, all taxes are paid into the local general fund.

To provide additional security for the bonds, the unit of local government issuing the bonds may pledge the proceeds from the sale of property in the development financing district and the net revenues from public facilities in the development financing district constructed or improved under the development financing plan. The unit of local government may also pledge any other available sources of revenue as long as the agreement to use the sources to make payment does not constitute a pledge of the unit's taxing power. Other available sources of revenues that do not constitute a pledge of a local government's taxing power include taxes levied by the State that are transferred to the local government, such as beer and wine tax revenues, utilities franchise tax revenues, and intangibles tax revenues.

The county, city, or town may enter into agreements with the owners of real property in the development financing district for which the bonds were issued under which the owners agree to a minimum value at which their property will be assessed for taxation. Such an agreement may extend for the life of the development financing district or for a shorter period agreed to by the parties. The agreement may vary the agreed-upon minimum assessed value from year to year.

A similar proposed constitutional amendment has been defeated by the voters twice before, on November 2, 1993, and November 2, 1982. In 1993, more than 78% of the voters voted against the constitutional amendment. It failed in every county except Northampton, where the vote was 1,253 for and 1,226 against.

Sen. Clodfelter

SB 725/HB 1293

LOCAL OPTION
PROJECT DEVELOPMENT FINANCING

This legislation:

1) **Proposes a local option project finance tool for local governments to enhance North Carolina's ability to compete for jobs, economic development and community revitalization.**
2) **Puts a required constitutional amendment on the 2004 general election ballot to give citizens the opportunity to authorize our local governments to use this new tool.**

Local Option Project Development Financing allows North Carolina's local governments to use a new mechanism to invest in public infrastructure designed to attract private sector investment and economic development. This new local option authority would not raise taxes or fees. Instead it uses the increased property tax value created by a public infrastructure investment to pay for the costs of the public investment.

Project Development Financing is a way for public investment to pay its own way. The municipality or county establishes a development financing district for an economic development project. The program is based on the assumption that a public-private project will generate higher property values and additional property tax revenue (the rate must remain the same as throughout the jurisdiction). The funds to pay for the public portion of project development are generated by the difference between the property tax collected before the project is started and the property tax collected after the project is completed. This increment can be used to pay for bonds covering the costs of the public investment and infrastructure in the project.

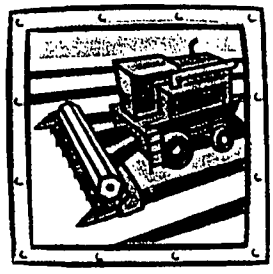
For example, property taxes collected in the development financing district before redevelopment were $50,000 a year. After the public investment leverages private investment and property improvements, the property taxes collected after the project is completed are $120,000 a year. The $70,000 difference is used to pay off the bonds for the public investment.

This economic development and revitalization tool is available in 48 other states. Most recently, West Virginia's citizens passed a constitutional amendment on the November ballot authorizing a similar program. Our cities and counties are playing a critical role in attracting economic development to North Carolina - they need this innovative tool to better compete for jobs and to revitalize their communities.

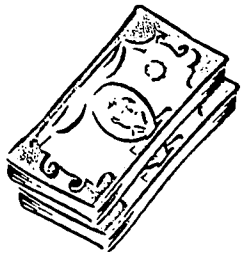
This Local Option economic development tool has broad support in North Carolina:

NC Citizens for Business & Industry, NC League of Municipalities, NC Association of County Commissioners, NC Metropolitan Coalition, NC Rural Economic Development Center, NC Dept. of Commerce, NC Metro Alliance of Chambers of Commerce, NC Economic Development Board, NC Downtown Development Association, NC Economic Developers Association, NC Smart Growth Alliance, NC Chapter American Institute. Of Architects, NC Main Street Program, NC Chapter of American Planners Association, NC Home Builders Association, numerous city councils, county commissions and local chambers of commerce

SB 725 - Local Option Project Development Financing: How it Works

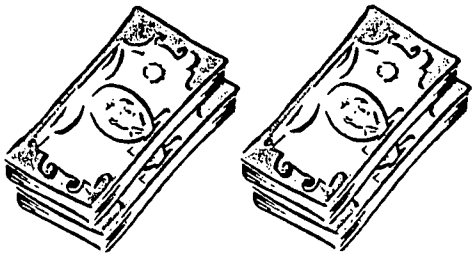


1. Company A wants to locate a facility in County X and create new jobs in that county, but County X lacks the infrastructure - water, sewer, roads - that Company A needs. The site Company A has chosen has a current property tax value of $50,000.



2. In order to raise the money to build the needed infrastructure, County X creates a "development district" and submits a plan to the Local Government Commission detailing how they will use future increases in property taxes on the to-be-improved property to guarantee bonds to finance the infrastructure improvements needed to locate Company A in their county. If the Local Government Commission approves the plan, the County issues bonds and receives the profits from the sale of the bonds.

3. The County builds the roads and puts the water and sewer infrastructure in place.



4. With all of the improvements to the site where Company A has located, the new property tax value is $1 million. County X uses the difference between the original property tax value and the current value - $950,000 - to repay the bond obligation.

5. Company A locates in County X, creating new jobs for the residents of the area.

The Honorable Daniel Gray Clodfelter
Room 408
Legislative Office Building
Raleigh, North Carolina 27601-2808

Dear Senator Clodfelter:

The Rural Center's Board of Directors and staff fully support passage of Senate Bill 725. This legislation will clear the way for rural counties to work together in support of economic development initiatives that will provide jobs in multi-county areas. This legislation builds on the well-known fact that collaboration and coordination are keys to success in economic development. Senate Bill 725 provides for a better financing option that will enable counties to work jointly and will be a tremendous benefit to rural North Carolinians who are willing to drive across county lines to find employment. Senate Bill 725 will assist our state in seeking ways to compete effectively for corporate relocations from outside the state, as well as, providing options for the existing industrial base. Senate Bill 725 will promote public-private partnerships that will provide groups of counties the flexibility they need to make themselves attractive to current and future corporate citizens.

Thank you for your consistent support of measures like Senate Bill 725 that improve the quality of life for the citizens of rural North Carolina.

Sincerely,

Billy Ray Hall

Senator Daniel G. Clodfelter
408 Legislative Office Building
Raleigh, NC 27603-5925

Dear Senator Clodfelter:

I applaud your work on SB 725 that provides the voters of North Carolina an opportunity to grant their local governments the authority to utilize tax increment financing as a way to promote and encourage economic development and create jobs locally.

This public financing option, used appropriately and prudently, can be an important economic development tool for our city and county governments, and is a public financing option available to local governments in most other states.

Please let me know if my office can assist or provide information necessary for a thorough consideration of this legislation by the General Assembly.

Best wishes,

Richard H. Moore

NORTH CAROLINA CHAPTER
OF THE
AMERICAN PLANNING ASSOCIATION

An Introduction to Project Development Financing (Draft 5/19/03)

Background

Starting in the 1970s, communities across the United States began to experience a need for local economic development financing to make up for a loss of federal and state funds and a resistance to raising local property taxes. Currently, 48 States allow local governments to use some form of a financing method that allows new property tax revenue from specific development projects to fund economic development and redevelopment activities. West Virginia joined this group last year. The two states that haven't yet authorized such a tool are Arizona and North Carolina.

How It Works

Project development financing involves the public funding of the "front-end" cost of developing or redeveloping property. The front-end cost may include land assembly, construction of water lines, sewer lines, stormwater infrastructure, roads, parking, and/or other public facilities. The property can be a small parcel or a large area. As the private sector completes the development of the property, the new property tax generated goes directly to paying off the public costs incurred at the front-end of the project.

The public funding is typically generated by using bonds, although improvements could also be made on a "pay-as-you go" basis, particularly if the annual tax increments received are substantial. These bonds are paid off by capturing the incremental increases in property (and real) taxes each year. At the beginning of the year in which the project is initiated, taxes are "frozen" at that year's level (the base year) for each public entity or jurisdiction that is a recipient of the tax revenues. Each year thereafter during the life of the project, the increased tax revenue that is captured goes to the intended public improvements within the designated project development financing district, as called for in the project plan. This technique is premised on the concept that as public improvements are constructed to facilitate improvements in private property, the private property's value (including taxable value) will increase at a faster rate than if these public enhancements had not been made.

Advantages and Disadvantages

The main advantage for local governments of using project development financing is that it stimulates development without relying on general revenues or state or federal funding. The main disadvantage is that tax revenue that is diverted to such a project will not go to other units of government until the project development financing project is completed. During the life of the program, each tax-receiving entity (county, city, etc.) foregoes a certain amount of revenue as a result of having its tax revenues "frozen" at the base year level. However, after the program ends, the entity is able to capture a larger amount of revenue annually than if no program were put in place (because of the property improvements that would otherwise have not taken place or been as substantial).

To maximize the benefits of project development financing, it is important to first undertake planning activities to determine areas in the community or segments of the economy that need public stimulus to promote development. Then analysis should be conducted to determine whether the desired level of private development would take place without a project development financing project. If not, a local government may want to consider establishing a project development financing program. However, to make this possible in North Carolina, the State must first authorize this technique through legislation such as current Senate Bill 725 – "Local Option Project Development Financing".

Conclusion

As North Carolina competes for new businesses and retains the ones it already has, local government financing tools are crucial. Domestic and global competitors are actively developing incentive packages. As our cities and towns search for ways to make their old neighborhoods as attractive as suburban locations, and rural communities try to attract new industry or just keep existing industries, even small differences between locations can take on great importance. Remaining competitive often requires public expenditures. Tax increment financing is one method that reduces that public cost while at the same time promoting much-needed economic development.

Attached are two examples of projects in North Carolina that would benefit from the availability of project development financing.

This write-up was prepared by NCAPA members Jeff Hatling and Nick Evers. NCAPA is an organization of professional and citizen planners with more than 1,200 members across the state. For more information, contact Chapter President Dick Hails at 919/560-4137, x235 or at dhails@ci.durham.nc.us.

LOCAL OPTION PROJECT DEVELOPMENT FINANCING ENJOYS BROAD SUPPORT IN NORTH CAROLINA

The following groups have endorsed SB 725:

N. C. Citizens for Business and Industry

N.C. League of Municipalities

N.C. Association of County Commissioners

N.C. Metropolitan Coalition

N.C. Rural Economic Development Center

N.C. Department of Commerce

N.C. Economic Development Board

Numerous city councils, boards of commissioners and local chambers of commerce

Project Development Financing Examples

Governor's Place, Kettering, Ohio

Project Description:

Acquisition and redevelopment of a 200,000 square foot vacant shopping center on 22 acres of land in a suburb of Dayton, Ohio. Redevelopment included: office, commercial and park uses.

Results to Date:

- 145,000 square feet of office space
- 5,000 square feet of retail
- 1 acre park
- Project built out in 3.5 years
- 500 jobs created

Financing:

Project Development Financing provided $333,000 toward a total project cost of $5,031,000. Other sources of income included: land sales, land leases, CDBG and EDA grants

Picture

Cityplace, Dallas, Texas

Project Description:

Redevelopment of a 238-acre neighborhood one mile north of downtown Dallas into a vibrant residential and commercial neighborhood.

Results to Date:

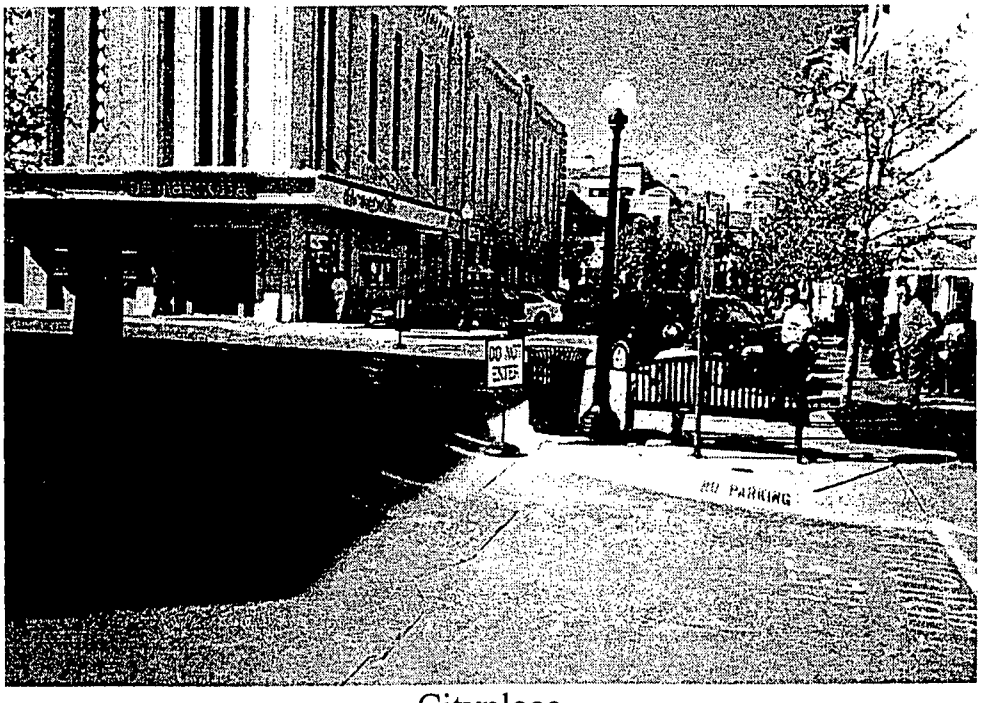
Since 1992, 18 development projects representing over $176million of private investment have been constructed. More than 1,200 residential units have been built in this area and another $76 million of projects are planned. Projects Include:

- Park @ Turtle Creek, 308 apartments, $30 million investment
- West Village, 150 apartments, 150,000 square feet of retail (Gap, Ann Taylor Loft, Banana republic) $55 million investment
- Fairfield residential, 232 apartments, $34 million
- Loews Theater

Property value in the area has increased 371% since creation of the project development financing district in 1992.

Financing:

Project Development Financing funded $22 million in public improvements, including: Central Expressway Bridge, DART light rail station, park improvements, school parking lot and street, utility and intersection improvements.



Cityplace

Denver Pavilions, Denver Colorado

Project Description:

Redevelopment of two blocks in downtown Denver into a 350,000 square foot entertainment retail complex featuring a 15 screen United Artists cinema, Nike Town, Virgin records, Barnes & Noble and a 800 space parking deck

Results to Date:

Project opened in November 1998 with a private sector investment of $104.5 million

Financing:

Project Development Financing supported $24 million in debt, out of a total public debt commitment of $31.5 million

Denver Pavilions

Empire Hotel & Salisbury Convention Center
Project Development Financing Case Study
Downtown Salisbury, Inc.
April 2, 2003

Location:	Downtown (Central Business District), City of Salisbury NC
Project Summary:	Downtown Salisbury, Inc. (DSI) is working with the City of Salisbury on a plan to restore the 90 room Empire Hotel and create a new convention center on land located across the street in the adjacent block. The City has recently invested approximately $1 million in the purchase of the Convention Center Site and DSI is negotiating to purchase the Hotel.
Estimated Cost & Revenue Projections:	Rehabilitation costs for the Hotel will be in the $11 million range. The Convention Center construction cost will be in the $3-5 million range depending on the size of the facility. With an 80% recapture of investment on taxes, the restored Hotel should net the City a minimum of $55,880 in taxes annually. An April 2000 economic impact assessment by Michael A. Kanters, Ph.D & Bryant G. Pierson of NC State University demonstrates that the restored hotel will create 152 new jobs, $2,272,609 in new income, and $6,523,030 in new retail sales. The establishment of a project development financing program would allow the City to spend dedicated funds on the infrastructure (parking, streetscape, etc.) needed to support the Hotel. Because of the adjacent location, it is likely that the Hotel and Convention Center will be served by the same parking and infrastructure as the Convention Center, even further improving the economic impact of the project.

Artists rendering of the restored Empire Hotel in Salisbury, North Carolina

Mill Conversion to Economic Development Incubator
Project Development Financing Case Study
Town of Kernersville
April 24, 2003

Location: Old Industrial Area, Town of Kernersville, NC

Project Summary: During a federally sponsored economic study to address a declining manufacturing base Angelou Economics, a firm hired to help plan the regions economic future, identified that 50% of all new jobs will be created by young people starting businesses. To attract and promote that growth, vacated mills offer the opportunity to act as an incubator to grow those businesses. A potential scenario is that the Town of Kernersville accept the donation of a vacated mill and undertake infrastructure improvements such as road access, parking, landscaping and rehabilitation of the facility. After the acquisition and improvements the facility would be sold to an investment group who would then sub-lease the space to new and expanding businesses. Without the Town's involvement of allowing a business to gain tax benefits by donating the facility and making the property attractive for investment, such a project would most likely not happen.

Expenditures & Revenue: Improvement expenditures would be based on the anticipated increased tax base revenue.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE MUNICIPAL SERVICE DISTRICTS FOR TRANSIT-ORIENTED DEVELOPMENT AND TO AUTHORIZE CITIES TO USE SPECIAL OBLIGATION FINANCING FOR PROJECTS WITHIN MUNICIPAL SERVICE DISTRICTS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-536 reads as rewritten:

"**§ 160A-536. Purposes for which districts may be established.**

(a) Purposes. – The city council of any city may define any number of service districts in order to finance, provide, or maintain for the districts one or more of the following services, facilities, or functions in addition to or to a greater extent than those financed, provided or maintained for the entire city:

(1) Beach erosion control and flood and hurricane protection works.

(1a) Any service, facility, or function which the municipality may by law provide in the city, and including but not limited to placement of utility wiring underground, placement of period street lighting, placement of specially designed street signs and street furniture, landscaping, specialized street and sidewalk paving, and other appropriate improvements to the rights-of-way that generally preserve the character of an historic district; provided that this subdivision only applies to a service district which, at the time of its creation, had the same boundaries as an historic district created under Part 3A of Article 19 of this Chapter.

(2) Downtown revitalization projects.

(2a) Urban area revitalization projects.

(2b) Transit-oriented development projects.

(3) Drainage projects.

(3a) Sewage collection and disposal systems of all types, including septic tank systems or other on-site collection or disposal facilities or systems.

(3b) Lighting at interstate highway interchange ramps.

(4) Off-street parking facilities.

(5) Watershed improvement projects, including but not limited to watershed improvement projects as defined in General Statutes Chapter 139; drainage projects, including but not limited to the drainage projects provided for by General Statutes Chapter 156; and water resources development projects, including but not limited to the federal water resources development projects provided for by General Statutes Chapter 143, Article 21.

(b) Downtown Revitalization Defined. – As used in this section "downtown revitalization projects" include by way of illustration but not limitation improvements to water mains, sanitary sewer mains, storm sewer mains, electric power distribution lines, gas mains, street lighting, streets and sidewalks, including rights-of-way and easements therefor, the construction of pedestrian malls, bicycle paths, overhead pedestrian walkways, sidewalk canopies, and parking facilities both on-street and off-street, and other improvements intended to relieve traffic congestion in the central city, improve pedestrian and vehicular access thereto, reduce the incidence of crime therein, and generally to further the public health, safety, welfare, and convenience by promoting the economic health of the central city or downtown area. In addition, a downtown revitalization project may, in order to revitalize a downtown area and further the public health, safety, welfare, and convenience, include the provision of city services or functions in addition to or to a greater extent than those provided or maintained for the entire city. A downtown revitalization project may also include promotion and developmental activities (such as sponsoring festivals and markets in the downtown area, promoting business investment in the downtown area, helping to coordinate public and private actions in the downtown area, and developing and issuing publications on the downtown area) designed to improve the economic well-being of the downtown area and further the public health, safety, welfare, and convenience. Exercise of the authority granted by this Article to undertake downtown revitalization projects financed by a ~~municipal~~ service district shall not prejudice the city's authority to undertake urban renewal projects in the same area.

(c) Urban Area Revitalization Defined. – As used in this section, the term "urban area revitalization projects" includes the provision within an urban area of any service or facility that may be provided in a downtown area as a downtown revitalization project under subdivision (a)(2) and subsection (b) of this section. As used in this section, the term "urban area" means an area that (i) is located within a city whose population exceeds 150,000 according to the most recent annual population statistics certified by the State Planning Officer and (ii) meets one or more of the following conditions:

(1) It is the central business district of the city.

(2) It consists primarily of existing or redeveloping concentrations of industrial, retail, wholesale, office, or significant employment-generating uses, or any combination of these uses.

(3) It is located in or along a major transportation corridor and does not include any residential parcels that are not, at their closest point, within 150 feet of the major transportation corridor right-of-way or any nonresidentially zoned parcels that are not, at their closest point, within 1,500 feet of the major transportation corridor right-of-way.

(4) It has as its center and focus a major concentration of public or institutional uses, such as airports, seaports, colleges or universities, hospitals and health care facilities, or governmental facilities.

(c1) Transit-Oriented Development Defined. – As used in this section, the term 'transit-oriented development' includes the provision within a public transit area of any service or facility listed in this subsection. A public transit area is an area within a one-fourth mile radius of any passenger stop or station located on a mass transit line. A mass transit line is a rail line along which a public transportation service operates or a busway or guideway dedicated to public transportation service. A busway is not a mass transit line if a majority of its length is also generally open to passenger cars and other private vehicles more than two days a week.

The following services and facilities are included in the definition of 'transit-oriented development' if they are provided within a transit area:

(1) Any service or facility that may be provided in a downtown area as a downtown revitalization project under subdivision (a)(2) and subsection (b) of this section.

(2) Passenger stops and stations on a mass transit line.

(3) Parking facilities and structures associated with passenger stops and stations on a mass transit line.

(4) Any other service or facility, whether public or public-private, that the city may by law provide or participate in within the city, including retail, residential, and commercial facilities.

(d) Contracts. – A city may provide services, facilities, functions, or promotional and developmental activities in a service district with its own forces, through a contract with another governmental agency, through a contract with a private agency, or by any combination thereof. Any contracts entered into pursuant to this paragraph shall specify the purposes for which city moneys are to be used and shall require an appropriate accounting for those moneys at the end of each fiscal year or other appropriate period."

SECTION 2. G.S. 159I-30(a) reads as rewritten:

"(a) Authorization. – Any unit of local government may borrow money for the purpose of financing or refinancing its cost of the acquisition or construction of a project and may issue special obligation bonds and notes, including bond anticipation notes and renewal notes, pursuant to the provisions of this section and the applicable provisions of this Chapter for this purpose. ~~As used in this section, the term 'project' has the meaning provided in G.S. 159I-3 and also includes any of the following as defined~~

~~in S.L. 1998-132: water supply systems, water conservation projects, water reuse projects, wastewater collection systems, and wastewater treatment works.~~"

SECTION 3. G.S. 159I-30(g) reads as rewritten:

"(g) Definitions. – ~~As used~~ The following definitions apply in this section:

(1) ~~"Credit facility" means an~~Credit facility. – An agreement entered into by the unit with a bank, a savings and loan ~~association or other banking institution,~~association, or another banking institution; an insurance company, a reinsurance company, a surety ~~company or other~~company, or another insurance ~~institution,~~ institution; a corporation, an investment banking ~~firm or other~~ firm, or another investment ~~institution,~~ institution; or any financial ~~institution~~ institution, providing for prompt payment of all or any part of the principal, or purchase price (whether at maturity, presentment, or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest on any bonds or notes payable on demand or tender by the owner, in consideration of the unit agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement; the provider of any credit facility may be located either within or without the United States of America.

(2) ~~"Par formula" means any~~ Par formula. – Any provision or formula adopted by the unit to provide for the adjustment, from time to time of the interest rate or rates borne by any bonds or notes including:

a. A provision providing for such adjustment so that the purchase price of such bonds or notes in the open market would be as close to par as possible;

b. A provision providing for such adjustment based upon a percentage or percentages of a prime rate or base rate, which percentage or percentages may vary or be applied for different periods of time; or

c. Any other provision as the unit may determine to be consistent with this section and the applicable provisions of this Chapter and does not materially and adversely affect the financial position of the unit and the marketing of the bonds or notes at a reasonable interest cost to the unit.

(3) Project. – Any of the following:

a. A project as defined in G.S. 159I-3.

b. Any of the following as defined in S.L. 1998-132: water supply systems, water conservation projects, water reuse projects, wastewater collection systems, and wastewater treatment works.

c. With respect to a city, any service or facility authorized by G.S. 160A-536 and provided in a municipal service district.

(g1) Credit Facility. – The obligation of a unit of local government under a credit facility to repay any drawing thereunder may be made payable and otherwise secured, to the extent applicable, as provided in this section."

SECTION 4. G.S. 160A-543 reads as rewritten:

"**§ 160A-543. Bonds authorized.**

A city may ~~issue its general obligation bonds under the Local Government Bond Act~~ incur debt under general law to finance services, facilities or functions provided within a service district. If a proposed general obligation bond issue is required by law to be submitted to and approved by the voters of the city, and if the proceeds of the proposed bond issue are to be used in connection with a service that is or, if the bond issue is approved, will be provided only for one or more service districts or at a higher level in service districts than city wide, the proposed bond issue must be approved concurrently by a majority of those voting throughout the entire city and by a majority of the total of those voting in all of the affected or to be affected service districts."

SECTION 5. This act is effective when it becomes law.

SENATE BILL 137:
Special Obligation Debt/Purposes

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Clodfelter
Date:	July 17, 2003	**Summary by:**	Cindy Avrette
Version:	2nd Edition		Committee Counsel

SUMMARY: Senate Bill 137 does two things:

- ***It would authorize municipalities to define a service district for transit-oriented development.***
- ***It would expand local governments' existing authority to issue special obligation bonds for solid waste, water, and sewer projects to projects within a municipal service district.***

The bill would become effective when it becomes law.

CURRENT LAW:

Municipal Service Districts. – A city may define an area as a service district in order to finance, provide, or maintain for the district one or more of the following services, facilities, or functions in addition to or to a greater extent than those financed, provided, or maintained for the entire city:

- Beach erosion control and flood and hurricane protection works.
- Any service, facility, or function which the municipality may be law provide, such as placement of utility wiring underground and placement of specially designed street signs, so long as the district's boundaries are the same as the boundaries of an historic district.
- Downtown revitalization projects.
- Urban area revitalization projects.
- Drainage projects.
- Sewage collection and disposal systems.
- Lighting at interstate highway interchange ramps.
- Off-street parking facilities.
- Watershed projects.

A city may levy property taxes within defined service districts in addition to those levied throughout the city in order to finance, provide, or maintain for the district services provided. The rate, when added to the rate levied city wide, may not exceed $1.50 per $100 valuation.

Special Obligation Bonds. – In 1989, the General Assembly authorized local governments to issue special obligation bonds to finance solid waste management projects. Last session, in S.L. 2001-238, the General Assembly expanded this authority to include the financing of water and sewer projects. A special obligation bond does not require a vote of the people because it does not pledge the taxing power or full faith and credit of the government issuing the bond. A solid waste special obligation bond must be secured by a pledge of designated nontax revenues. The nontax revenues can be fees or can be taxes that are levied by another unit of government and shared with the local government that proposes to issue the special obligation bonds. For example, a city can pledge its share of local sales and use taxes because the county levies those taxes. A county can pledge landfill fees or State-shared tax revenue, such as deed stamp tax revenue.

BILL ANALYSIS:

Municipal Service Districts. – Section 1 of Senate Bill 137 would enable a city to finance, provide, and maintain services and facilities within a one-fourth mile radius of a mass transit line in addition to or to a greater extent than those financed, provided, or maintained for the entire city. It does so by adding **transit-oriented development projects** to the list of services and facilities for which a service district may be created. The bill defines a "transit-oriented development project" as any of the following services and facilities if they are provided within a one-fourth mile radius of any passenger stop or station located on a mass transit line.

- Any service or facility that could be provided as part of a downtown revitalization project. Those services and facilities may include improvements to street lighting, streets, sidewalks, and rights-of-ways, as well as the construction of pedestrian walkways.
- Passenger stops and stations.
- Parking facilities and structures associated with passenger stops and stations on a mass transit line.
- Any other service or facility that the city may by law provide or participate in within the city, including retail, residential, and commercial facilities.

A mass transit line is a rail line along which a public transportation service operates or a busway or guideway dedicated to public transportation service. A busway is not a mass transit line if a majority of its length is also generally open to passenger cars and other private vehicles more than two days a week.

Special Obligation Bonds. – Sections 2 and 3 of Senate Bill 137 authorizes cities to issue special obligation bonds for any service or facility for which the city could define a municipal service district so long as the service or facility is in fact provided by the city in a municipal service district. Currently, cities may issue special obligation bonds only for solid waste, water, and sewer projects. This bill would enable them to issue special obligation bonds for many other varied services and projects:

- Beach erosion control and flood and hurricane protection works.
- Any service, facility, or function which the municipality may be law provide, such as placement of utility wiring underground and placement of specially designed street signs, so long as the district's boundaries are the same as the boundaries of an historic district.
- Downtown revitalization projects.
- Urban area revitalization projects.
- Drainage projects.
- Sewage collection and disposal systems.
- Lighting at interstate highway interchange ramps.
- Off-street parking facilities.
- Watershed projects.
- Transit-oriented projects.

A BILL TO BE ENTITLED

AN ACT TO DELAY THE REENSTATEMENT OF THE 20% UNEMPLOYMENT INSURANCE SURTAX.

SECTION 1. G.S. 96-9(b)(3)j. reads as rewritten:

"j. A tax is imposed upon contributions at the rate of twenty percent (20%) of the amount of contributions due. The tax is due and payable at the time and in the same manner as the contributions. The tax does not apply in a calendar year if, as of August 1 of the preceding year, either of the following conditions was met: (i) the amount in the Reserve Fund equals or exceeds one hundred sixty-three million three hundred forty-nine thousand dollars ($163,349,000), which is one percent (1%) of taxable wages for calendar year ~~1984.~~1984, or (ii) the balance in the Unemployment Insurance Fund established by G.S. 96-6(a) is five hundred million dollars ($500,000,000) or less. The collection of this tax, the assessment of interest and penalties on unpaid taxes, the filing of judgment liens, and the enforcement of the liens for unpaid taxes is governed by the provisions of G.S. 96-10 where applicable. Taxes collected under this subpart shall be credited to the Employment Security Commission Reserve Fund, and refunds of the taxes shall be paid from the same Fund. Any interest or penalties collected on unpaid taxes shall be credited to the Special Employment Security Administration Fund, and any interest or penalties refunded on taxes imposed by this subpart shall be paid from the same Fund."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 1241

Short Title:	Reform Bill Lee Act.	(Public)
Sponsors:	Representative Luebke.	
Referred to:	Rules, Calendar, and Operations of the House.	

April 24, 2003

A BILL TO BE ENTITLED

AN ACT TO REFORM THE BILL LEE ACT AND RELATED ECONOMIC DEVELOPMENT INCENTIVES.

The General Assembly of North Carolina enacts:

SECTION 1. This act is effective when it becomes law.

HOUSE BILL 1241 (PCS): ESC Surtax Delay

BILL ANALYSIS

Committee: House Finance
Date: July 17, 2003
Version: Draft

Sponsor: Rep. Paul Luebke
Analysis by: Martha H. Harris
Staff Attorney

SUMMARY: The proposed committee substitute delays the automatic triggering of the 20% ESC surtax until after the recently doubled ESC tax refills the Unemployment Insurance Fund to the level of $500 million.

This act delays the reimposition of the 20% unemployment surtax until the regular unemployment insurance tax, which doubled in 2003, replenishes the State Unemployment Insurance Fund ("Trust Fund") to the level of $500 million.

The 20% unemployment insurance surtax proceeds are credited to the Employment Security Commission Reserve Fund ("Reserve Fund"), which bolsters the Trust Fund. The surtax was suspended in 1992 with an automatic trigger that would reinstate it when the Reserve Fund balance fell below $163 million. The Reserve Fund balance has fallen to the point that the 20% surtax would be triggered on for 2004, if not for this bill.

The regular unemployment insurance tax is also subject to a trigger. When the balance in the Trust Fund goes above $800 million, the tax is automatically cut in half. After a number of years of paying the tax at this half rate, employers began paying at the full rate in 2003. The tax will remain at the full rate until the Trust Fund again reaches $800 million, thereby triggering the half rate.

This bill provides that the 20% surtax will remain off as long as the Trust Fund balance is at or below $500 million. When the regular unemployment insurance tax replenishes the Trust Fund to $500 million, then the 20% surtax will be triggered on to start refilling the Reserve Fund. When the Reserve Fund reaches $163 million, the surtax will trigger back off.

Background: Unemployment insurance taxes are paid by employers on a quarterly basis and deposited into the State Unemployment Insurance Trust Fund. After deducting any refunds payable from the Fund pursuant to G.S. 96-10(f), the money is deposited with the secretary of the treasury of the United States to the credit of this State's account in the Unemployment Trust Fund. Funds in the State's account earn interest that is also credited to the account. As money in the State's account is needed to pay benefits, it is transferred to the State and credited to the benefits account of the State's Unemployment Insurance Fund to be used to pay benefits to people who lose their job through no fault of their own. Federal law prohibits transfer of or payment of refunds from money in the Trust Fund.

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

DATE: July 17, 2003

Fiscal Research Division

RE: PCS for HB 1241-R and D Tax Credit and ESC Surtax Delay

FISCAL IMPACT ($Mil.)

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES					
General Fund	-	-	-$15.2	-$15.9	-

PRINCIPAL DEPARTMENT AFFECTED: Department of Commerce and Department of Revenue. The enactment of the bill should not affect the budget requirements of either department.

EFFECTIVE DATE: The new alternative research and development credit will be effective for research expenses incurred on or after July 1, 2005 and is repealed after December 31, 2006.

ISSUE BACKGROUND: Under the current Bill Lee Act (tax incentives for industry recruitment) there is a credit for research and development expenditures. There are two alternative credits available to taxpayers: (1) a credit of 5% of the increase in research and development expenses that are apportioned to North Carolina (2) a credit of 25% of the State's apportioned share of the federal alternative incremental credit (start-up companies).

BILL SUMMARY: **Research and Development Tax Credit**. The bill moves the State research and development credit out of the Bill Lee Act and allows taxpayers the option of using the existing credit system (incremental credit or alternative credit) or a new restructured credit. The new credit makes contains the following features:

- The credit is no longer limited to just certain types of businesses.
- The taxpayer must still satisfy requirements relating to wage standard, health insurance, environmental impact, and safety and health programs.
- The credit may not exceed 50% of tax, with a 15-year carryforward.
- The new credit is a flat rate for qualified North Carolina research expenses, based on federal definitions of this term.

The structure for the new credit is as follows:

- Small business (annual gross receipts below $1 million): 3%.
- Research conducted in Tier 1, 2, or 3 (distress tiers under Bill Lee Act): 3%.
- Other research costs: 1%
- Research payments to N.C. research university payments: additional credit of 15%.

ESC Surtax Delay. Under current law a 20% unemployment insurance surtax is scheduled to go into effect January 1, 2004 due to the balance in the unemployment reserve fund dropping to under $163 million. The bill delays the imposition of the surtax until the balance in the regular unemployment insurance fund reaches $500 million.

ASSUMPTIONS AND METHODOLOGY: **Research and Development Tax Credit**. Data compiled by the Department of Revenue from a review of the tax returns of taxpayers taking the existing credit indicates usage of $8.0 million per year. There were 216 applications for the credit in 2000 and 141 in 2001. These numbers may differ from the number of taxpayers taking the credit due to the fact that the credit can be taken against either the franchise or the income tax.

The Department of Commerce staff, in conjunction with the Department of Revenue, has reviewed the tax returns for the largest 25 taxpayers taking the current R & D credit. These companies generated 77% of the R & D credit for 1999-2001. From the tax return detail supplied by these companies Commerce was able to simulate the impact of the new credit.

For other potential users the starting point in developing a simulation was a National Science Foundation survey of R & D spending for 1988. The data is compiled by state but is not broken down in enough detail to allow an industry-specific calculation of the impact of the credit. . To achieve this end, Commerce "sensitized" the NSF data by using information from the 1997 Economic Census of the Census Bureau (U.S. Department of Commerce) and wage data from the N. C. Employment Security Commission. This enabled the creation of industry average of research and development spending. In addition, Commerce discussed research activity with the universities across the state.

The Department of Commerce, in cooperation with the Department of Revenue, determined from a review of tax returns that companies applying for the R & D credit are able to use 32% of the credit. This usage rate was applied to the categories of the new credit.

After the potential credits were calculated under the new system, it was determined that the additional annual revenue loss would be $12.2 million if all taxpayers were to use the new credit. However, the ability of a taxpayer to choose between the existing credit system and the new credit adds $3.0 million to the cost of the bill. The $15.2 million increase in the cost of the R & D credit is conservative in light of the fact that the analysis was based on a structure that allowed larger credits for increased increments of expenditures in the "other research costs" portion of the credit schedule.

The new credit is effective for eligible research expenditures made on or after July 1, 2005. Thus, the first impact will be for the 2005-06 fiscal year, based on 2005 tax returns (the credit is taken in the year of the activity). The credit sunsets after December 31, 2006 so the 2006-07 fiscal year is the last year affected.

ESC Surtax Delay. This portion of the bill affects the reserve fund in the unemployment insurance system. Thus, it has no direct impact on state or local revenues or expenditures.

SENATE BILL 464

Finance Committee Substitute Adopted 7/15/03

Short Title: Managing Debt Capacity. (Public)

Sponsors:

Referred to:

March 20, 2003

A BILL TO BE ENTITLED

AN ACT TO CREATE THE DEBT AFFORDABILITY ADVISORY COMMITTEE AND THE CAPITAL PROJECTS PRIORITY COMMITTEE.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 10.

"Managing Debt Capacity.

"**§ 142-100. Purpose.**

The purpose of this Article is to provide tools for sound debt management by providing an annual debt affordability study to establish guidelines for maintaining prudent debt levels and by establishing a system for prioritizing State capital needs when the needs exceed the State's capacity for new debt.

"**§ 142-101. Debt Affordability Advisory Committee.**

(a) Membership. – The Debt Affordability Advisory Committee is created in the Department of State Treasurer. The Committee shall consist of five ex officio members or their designees and two appointed members, as follows:

(1) The State Treasurer.

(2) The Secretary of Revenue.

(3) The State Budget Officer.

(4) The State Auditor.

(5) The State Controller.

(6) A member of the public appointed by the President Pro Tempore of the Senate.

(7) A member of the public appointed by the Speaker of the House of Representatives.

(b) Officers and Staff. – The State Treasurer shall serve as the chair of the Committee. The Committee shall meet at the call of the chair. The Department of State Treasurer shall provide space for the Committee to meet. The Department shall also

provide the Committee with necessary staff and supplies to enable it to carry out its duties in an effective manner.

(c) Compensation. – Members of the Committee shall serve without pay but shall receive per diem and allowances provided by G.S. 138-5 and G.S. 138-6.

(d) Duties. – The Debt Affordability Advisory Committee shall annually advise the Governor and the General Assembly on the estimated debt capacity of the State for the upcoming 10 fiscal years. The Committee shall oversee the undertaking of an annual debt affordability study and the establishment of guidelines for evaluating the State's debt burden. The guidelines should include target and ceiling ratios of net tax-supported debt to personal income and debt service to revenues, target and floor percentages for the 10-year payout ratio, and target and floor percentages for the unreserved General Fund balance. The Committee shall also recommend any other debt management policies it considers desirable and consistent with sound management of the State's debt.

(d) Reports. – The Committee shall report its findings and recommendations to the Governor, the President Pro Tempore of the Senate, the Speaker of the House of Representatives, and the Fiscal Research Division by February 1 of each year.

"**§ 142-102. Capital Projects Priority Committee.**

(a) Membership. – The Capital Projects Priority Committee is created in the Department of State Treasurer. The Committee shall consist of six ex officio members or their designees and four appointed members, as follows:

(1) The State Treasurer.
(2) The Secretary of Administration.
(3) The State Budget Officer.
(4) The State Controller.
(5) The Chair of the Board of Governors of The University of North Carolina.
(6) The Chair of the State Board of Community Colleges.
(7) A Senator appointed by the President Pro Tempore of the Senate.
(8) A Representative appointed by the Speaker of the House of Representatives.
(9) A member of the public appointed by the President Pro Tempore of the Senate.
(10) A member of the public appointed by the Speaker of the House of Representatives.

(b) Officers and Staff. – The State Treasurer shall serve as the chair of the Committee. The Committee shall meet at the call of the chair. The State Treasurer shall provide space for the Committee to meet. The State Treasurer shall also provide the Committee with necessary staff and supplies to enable it to carry out its duties in an effective manner.

(c) Compensation. – Members of the Committee shall serve without pay but shall receive per diem and allowances provided by G.S. 138-5 and G.S. 138-6.

(d) Duties. – The Capital Projects Priority Committee shall develop a scoring system as a tool to assist the Governor and the General Assembly in evaluating priorities for capital projects supported by General Fund revenues. The Committee shall

update the system annually based on changing conditions as well as input from the public and from State agencies. The scoring system shall include two categories of criteria for evaluating capital projects: critical criteria and strategic criteria. Points shall be assigned to each criterion. Critical criteria include consideration of danger to life and health, legal liability, binding prior commitments, and other similar criteria identified by the Committee. Strategic criteria include consideration of the following:

(1) The need for the project (i) as a necessary component of identifiable State programs or policies, (ii) to address longer term safety issues, or (iii) to improve services to citizens,

(2) The extent to which the project will benefit citizens of the entire State rather than just a part of the State.

(3) The extent to which the project is supported by user revenue or non-State funding.

(4) Whether the project is necessary for maintenance and repair of existing capital facilities.

(5) The extent to which the project will improve operating efficiencies.

(6) Any other strategic criteria identified by the Committee.

(d) Reports. – The Committee shall report its scoring system as well as its findings and recommendations to the Governor, the President Pro Tempore of the Senate, the Speaker of the House of Representatives, and the Fiscal Research Division by November 1 of each year."

SECTION 2. From funds appropriated to the Department of State Treasurer for the 2003-2005 fiscal biennium, the State Treasurer shall allocate the amounts necessary to implement the provisions of this act.

SECTION 3. This act is effective when it becomes law.

North Carolina General Assembly

House Committee on Finance

Minutes

~

July 17, 2003 – 8:30 P.M.

The House Committee on Finance met on Thursday, July 17, 2003 at 8:30 pm in Room 544 of the Legislative Office Building for a specially called meeting. While attendance was limited, a clear quorum was present for the transaction of Committee business. The following members were present: Chairpersons Howard, McComas, and Wainwright; Vice-Chairs Decker, Gibson, and Hill; Representatives Blackwood, Capps, Ellis, Hackney, Jones, Lewis, McGee, Munford, Weiss, Womble, and Wood; and Ex-Officio member, Representative Brubaker. Staff persons present included Jim Klingler and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman Wainwright called the meeting to order at 8:30 pm. As the first matter of business, Chairman Wainwright accepted a motion from Representative Howard that the Proposed Committee Substitute for **HB 204 – UNION COUNTY OCCUPANCY TAX** (see attachment 3) be adopted by the Committee for the purposes of future discussion on the bill (to be conducted at a later date). The motion carried without objection and the PCS for HB 204 was officially presented to the Committee.

Chairman Wainwright then recognized Representative Adams for reconsideration of **HB 860 – DETECTOR DOG TRAINERS** (see attachment 4). Representative Adams reminded the members that the bill was initially before the Committee during the July 16, 2003 meeting, wherein a motion for a favorable report to the PCS failed. Representative Adams also informed the members that she had a new PCS drafted that incorporated the amendments adopted during the July 16th meeting. Representative Womble was recognized by the Chair to move that the new PCS for HB 860 be adopted for the purposes of discussion. His motion carried without objection. Chairman Wainwright then reminded the members that the bill was in the Finance Committee for debate on the fees associated with the bill and for no other reason. The Chair suggested that debate outside of that parameter should be addressed with the bill sponsor on the House floor. Following this, some general debate on the fiscal impact of the bill ensued. Representative Howard was then recognized and stated that Representative Adams had worked very hard on this bill, that the bill had already been approved by the House Judiciary III Committee, and that if three were concerns on the bill, there was plenty of time for them to be addressed while the bill was on the floor for debate. She then moved that HB 860 be given a favorable report as to the adopted PCS and an unfavorable report as to the original committee substitute bill. Chairman Wainwright then called the motion to a vote and it was carried by the members.

Having no further business before the Committee, Chairman Wainwright adjourned the meeting at 8:42 pm.

Respectfully submitted,

Representative William Wainwright
Presiding Chair

Jason A. Cannon
Clerk, House Committee on Finance

HOUSE BILL 204
PROPOSED COMMITTEE SUBSTITUTE H204-CSSV-37 [v.1]

7/16/2003 4:49:48 PM

Short Title: Union Co. Occupancy Tax. (Local)

Sponsors:

Referred to:

March 5, 2003

A BILL TO BE ENTITLED

AN ACT TO REPEAL THE MONROE OCCUPANCY TAX AND TO AUTHORIZE UNION COUNTY TO LEVY A ROOM OCCUPANCY TAX AND TOURISM DEVELOPMENT TAX.

The General Assembly of North Carolina enacts:

PART 1. REPEAL MONROE OCCUPANCY TAX

SECTION 1.1. Part IV of S.L. 2001-439 is repealed.

SECTION 1.2. G.S. 160A-215(g) reads as rewritten:

"(g) This section applies only to Beech Mountain District W, to the Cities of Gastonia, Goldsboro, Greensboro, High Point, Kings Mountain, Lexington, Lincolnton, Lumberton, ~~Monroe,~~ Mount Airy, Shelby, Statesville, Washington, and Wilmington, to the Towns of Beech Mountain, Carolina Beach, Carrboro, Kure Beach, Jonesville, Mooresville, North Topsail Beach, Selma, Smithfield, St. Pauls, Wilkesboro, and Wrightsville Beach, and to the municipalities in Avery and Brunswick Counties."

PART 2. AUTHORIZE UNION COUNTY OCCUPANCY TAX

SECTION 2.1. Occupancy tax. (a) Authorization and Scope. – The Union County Board of Commissioners may levy a room occupancy tax of up to five percent (5%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the county that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.

SECTION 2.1.(b) Administration. – A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax levied under this section.

SECTION 2.1.(c) Distribution and Use of Tax Revenue. – Union County shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Union County Tourism Development Authority. Except as otherwise provided in this subsection, the Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Union County and shall use the remainder for tourism-related expenditures. The Authority may, upon a two-thirds vote of the members of the Authority, change the distribution formula set out in this subsection.

The following definitions apply in this subsection:

(1) Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in these activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, and convention facilities in a county by attracting tourists or business travelers to the county. The term includes tourism-related capital expenditures.

SECTION 2.2. Tourism Development Authority. – (a) Appointment and Membership. – When the board of commissioners adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating a county Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority including the members' terms of office and for the filling of vacancies on the Authority. At least sixty percent (60%) of the members must be individuals who are affiliated with businesses that collect the tax in the county and the remainder must be individuals who are currently active in the promotion of travel and tourism in the county. The board shall appoint at least one member active in the promotion of travel and tourism from each municipality that has lodging facilities that collect the tax who is recommended by the governing board of that municipality. The board of commissioners shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Union County shall be the ex officio finance officer of the Authority.

SECTION 2.2.(b) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in Section 2.1 of this act. The Authority shall promote travel, tourism, and conventions in the county, sponsor tourist-related events and activities in the county, and finance tourist-related capital projects in the county.

SECTION 2.2.(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the board of commissioners on its receipts and expenditures for the preceding quarter and for the year in such detail as the board may require.

SECTION 2.3. County Administrative Provisions. – G.S. 153A-155(g) reads as rewritten:

"(g) This section applies only to Anson, Brunswick, Buncombe, Cabarrus, Carteret, Craven, Cumberland, Currituck, Dare, Davie, Durham, Granville, Madison, Montgomery, Nash, New Hanover, Pender, Person, Randolph, Richmond, Rowan, Scotland, Stanly, Transylvania, Tyrrell, Union, Vance, and Washington Counties, and to the Township of Averasboro in Harnett County."

A BILL TO BE ENTITLED

AN ACT TO AMEND THE REGISTRATION REQUIREMENTS AND FEES TO ENGAGE IN CERTAIN ACTIVITIES WITH CONTROLLED SUBSTANCES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 90-101(a) reads as rewritten:

"(a) Every person who manufactures, distributes, dispenses, or conducts research with any controlled substance within this State or who proposes to engage in any of these activities shall annually register with the North Carolina Department of Health and Human Services, in accordance with rules adopted by the Commission, and shall pay the registration fee set by the Commission for the category to which the applicant belongs. An applicant for registration shall file an application for registration with the Department of Health and Human Services and submit the required fee with the application. The categories of applicants and the maximum fee for each category are as follows:

CATEGORY	MAXIMUM FEE
Clinic	$150.00
Hospital	350.00
Nursing Home	150.00
Teaching Institution	150.00
Researcher	150.00
Analytical Laboratory	150.00
Dog Handler	150.00
Distributor	600.00
Manufacturer	700.00."

SECTION 2. Article 5 of Chapter 90 of the General Statutes is amended by adding a new section to read:

"**§ 90-102.1. Registration of persons requiring limited use of controlled substances for training purposes in certain businesses.**

(a) Definitions. – As used in this Article:

(1) 'Commercial detection service' means any person, firm, association, or corporation contracting with another person, firm, association, or corporation for a fee or other valuable consideration to place, lease, or rent a trained drug detection dog with a dog handler.

(2) 'Dog handler' means a person trained in the handling of drug detection dogs, including the care, feeding, and maintenance of drug detection dogs and the procedures necessary to train and control the behavior of drug detection dogs.

(3) 'Drug detection dog' means a dog trained to locate controlled substances by scent.

(b) Registration. – A dog handler who is not exempt from registration under G.S. 90-101 who intends to use any controlled substance included in Schedules I through VI for the limited purpose of the initial training and maintenance training of drug detection dogs shall file an application for registration with the Department of Health and Human Services and pay the applicable fee as provided in G.S. 90-101.

(c) Prerequisites for Registration. – Upon receipt of an application, the Department of Health and Human Services shall conduct a background investigation, during the course of which the applicant shall be required to show that the applicant meets all the following requirements and qualifications:

(1) That the applicant is at least 21 years of age.

(2) That the applicant is of good moral character and temperate habits. The following shall be prima facie evidence that the applicant does not have good moral character or temperate habits:

a. Conviction of any crime involving the illegal use, possession, sale, manufacture, distribution, or transportation of a controlled substance, drug, narcotic, or alcoholic beverage;

b. Conviction of a felony or a crime involving an act of violence;

c. Conviction of a crime involving unlawful breaking or entering, burglary, larceny, or any offense involving moral turpitude; or

d. A history of addiction to alcohol or a narcotic drug;

provided that, for purposes of this subsection, conviction means and includes the entry of a plea of guilty or no contest or a verdict rendered in open court by a judge or jury.

(3) That the applicant has not been convicted of any felony involving the illegal use, possession, sale, manufacture, distribution, or transportation of a controlled substance, drug, narcotic, or alcoholic beverage.

(4) That the applicant has the necessary training, qualifications, and experience to demonstrate competency and fitness as a dog handler as the Department of Health and Human Services may determine by rule for all registrations to be approved by the Department.

(5) That the applicant affirms in writing that if the application for registration is approved, the applicant shall report all dog alerts to, or finds of, any controlled substance to a law enforcement agency having jurisdiction in the area where the dog alert occurs or where the controlled substance is found.

(d) Criminal Record Check. – The Department of Justice may provide a criminal record check to the Department of Health and Human Services for a person who has applied for a new or renewal registration. The Department of Health and Human Services shall provide to the Department of Justice, along with the request, the fingerprints of the applicant, any additional information required by the Department of Justice, and a form signed by the applicant consenting to the check of the criminal record and to the use of the fingerprints and other identifying information required by the State or national repositories. The applicant's fingerprints shall be forwarded to the State Bureau of Investigation for a search of the State's criminal history record file, and the State Bureau of Investigation shall forward a set of the fingerprints to the Federal Bureau of Investigation for a national criminal history check. The Department of Health and Human Services shall keep all information pursuant to this subsection privileged, in accordance with applicable State law and federal guidelines, and the information shall be confidential and shall not be a public record under Chapter 132 of the General Statutes. The Department of Justice may charge each applicant a fee for conducting the checks of criminal history records authorized by this subsection.

(e) Acquisition of Controlled Substances. – If the application for registration is approved, the registrant may lawfully obtain and possess controlled substances in the manner and to the extent authorized by the registration, in conformity with G.S. 90-105, other provisions of this Article, and rules promulgated by the Commission pursuant to G.S. 90-100.

(f) Record Keeping; Physical Security. – Each registrant shall keep records and maintain inventories in the manner specified in G.S. 90-104. Registrants shall provide effective controls and procedures to guard against theft and diversion of controlled substances. Controlled substances shall be stored in a securely locked, substantially constructed cabinet, and the storage area shall be protected by an alarm system that is continuously monitored by an alarm company central station.

(g) Disclosure of Discovery of Controlled Substances. – A dog handler shall, upon a dog alert or finding of a controlled substance, notify the State or local law enforcement agency having jurisdiction over the area where the dog alert occurs or the controlled substance is found. Before leaving the premises where the dog alert occurs or where the controlled substance is found, the dog handler shall inform law enforcement of the dog alert or the finding of a controlled substance and shall provide all relevant information concerning the dog alert or the discovery of the controlled substance.

(h) Commercial Detection Services; Dog Certification and Client Confidentiality. – Any drug detection dog utilized in a commercial detection service in this State shall first be certified by a canine certification association approved by the Department of Health and Human Services. Any person, including a nonresident, engaged in providing a commercial detection service in this State shall comply with the requirements of

subsection (g) of this section regarding disclosure of the discovery of controlled substances. Client records of a dog handler who provides a commercial detection service for controlled substances shall be confidential unless the dog handler is required to report a dog alert or finding of a controlled substance in the course of a search, the records are lawfully subpoenaed, or the records are obtained by a law enforcement officer pursuant to a court order, a search warrant, or an exception to the search warrant requirement.

(i) Notice of Disclosure Requirement. – A dog handler shall provide conspicuous written notice to clients at the dog handler's place of business and in the contract for services stating that the dog handler is required by law to notify law enforcement of any dog alert or finding of a controlled substance.

Any person who contracts with a dog handler to provide commercial drug detection services shall provide conspicuous written notice to any person whose person or property may be subject to search stating that the premises is subject to search and that the dog handler is required by law to notify law enforcement of any dog alert or finding of a controlled substance.

(j) The Department of Health and Human Services shall have the power to investigate or cause to be investigated any complaints, allegations, or suspicions of wrongdoing or violations of this section involving individuals registered or applying to be registered under this section. The Department or the Commission may deny, suspend, or revoke a registration issued under this section if it is determined that the applicant or registrant has:

(1) Made any false statement or given any false information in connection with any application for a registration or for the renewal or reinstatement of a registration.

(2) Violated any provision of this Article.

(3) Violated any rule promulgated by the Department of Health and Human Services or the Commission for Mental Health, Developmental Disabilities, and Substance Abuse Services pursuant to the authority contained in this Article.

(k) This section does not apply to law enforcement agencies, to dog handlers and drug detection dogs that are employed or under contract to law enforcement agencies, or to other persons who are exempt from registration under G.S. 90-101(c)(5)."

SECTION 3. Pursuant to G.S. 90-100, the Commission for Mental Health, Developmental Disabilities, and Substance Abuse Services may adopt temporary and permanent rules relating to the acquisition, possession, and security of controlled substances by persons registered under the provisions of G.S. 90-102.1, as enacted by this act. The Department of Health and Human Services may adopt temporary and permanent rules relating to the training and qualifications for dog handlers and the certification of drug detection dogs subject to the provisions of G.S. 90-102.1, as enacted by this act.

SECTION 4. This act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO AMEND THE REGISTRATION REQUIREMENTS AND FEES TO ENGAGE IN CERTAIN ACTIVITIES WITH CONTROLLED SUBSTANCES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 90-101(a) reads as rewritten:

"(a) Every person who manufactures, distributes, dispenses, or conducts research with any controlled substance within this State or who proposes to engage in any of these activities shall annually register with the North Carolina Department of Health and Human Services, in accordance with rules adopted by the Commission, and shall pay the registration fee set by the Commission for the category to which the applicant belongs. An applicant for registration shall file ~~an~~ application for registration with the Department of Health and Human Services and submit the required fee with the application. The categories of applicants and the maximum fee for each category are as follows:

CATEGORY	MAXIMUM FEE
Clinic	$150.00
Hospital	350.00
Nursing Home	150.00
Teaching Institution	150.00
Researcher	150.00
Analytical Laboratory	150.00
Dog Handler	150.00
Distributor	600.00
Manufacturer	700.00."

SECTION 2. Article 5 of Chapter 90 of the General Statutes is amended by adding a new section to read:

"**§ 90-102.1. Registration of persons requiring limited use of controlled substances for training purposes in certain businesses.**

(a) Definitions. – As used in this Article:

(1) 'Commercial detection service' means any person, firm, association, or corporation contracting with another person, firm, association, or corporation for a fee or other valuable consideration to place, lease, or rent a trained drug detection dog with a dog handler.

(2) 'Dog handler' means a person trained in the handling of drug detection dogs, including the care, feeding, and maintenance of drug detection dogs and the procedures necessary to train and control the behavior of drug detection dogs.

(3) 'Drug detection dog' means a dog trained to locate controlled substances by scent.

(b) Registration. – A dog handler who is not exempt from registration under G.S. 90-101 who intends to use any controlled substance included in Schedules I through VI for the limited purpose of the initial training and maintenance training of drug detection dogs shall file an application for registration with the Department of Health and Human Services and pay the applicable fee as provided in G.S. 90-101.

(c) Prerequisites for Registration. – Upon receipt of an application, the Department of Health and Human Services shall conduct a background investigation, during the course of which the applicant shall be required to show that the applicant meets all the following requirements and qualifications:

(1) That the applicant is at least 21 years of age.

(2) That the applicant is of good moral character and temperate habits. The following shall be prima facie evidence that the applicant does not have good moral character or temperate habits:

a. Conviction of any crime involving the illegal use, possession, sale, manufacture, distribution, or transportation of a controlled substance, drug, narcotic, or alcoholic beverage;

b. Conviction of a felony or a crime involving an act of violence;

c. Conviction of a crime involving unlawful breaking or entering, burglary, larceny, or any offense involving moral turpitude; or

d. A history of addiction to alcohol or a narcotic drug;

provided that, for purposes of this subsection, conviction means and includes the entry of a plea of guilty or no contest or a verdict rendered in open court by a judge or jury.

(3) That the applicant has not been convicted of any felony involving the illegal use, possession, sale, manufacture, distribution, or transportation of a controlled substance, drug, narcotic, or alcoholic beverage.

(4) That the applicant has the necessary training, qualifications, and experience to demonstrate competency and fitness as a dog handler as the Department of Health and Human Services may determine by rule for all registrations to be approved by the Department.

(5) That the applicant affirms in writing that if the application for registration is approved, the applicant shall report all dog alerts to, or

finds of, any controlled substance to a law enforcement agency having jurisdiction in the area where the dog alert occurs or where the controlled substance is found.

(d) Criminal Record Check. – The Department of Justice may provide a criminal record check to the Department of Health and Human Services for a person who has applied for a new or renewal registration. The Department of Health and Human Services shall provide to the Department of Justice, along with the request, the fingerprints of the applicant, any additional information required by the Department of Justice, and a form signed by the applicant consenting to the check of the criminal record and to the use of the fingerprints and other identifying information required by the State or national repositories. The applicant's fingerprints shall be forwarded to the State Bureau of Investigation for a search of the State's criminal history record file, and the State Bureau of Investigation shall forward a set of the fingerprints to the Federal Bureau of Investigation for a national criminal history check. The Department of Health and Human Services shall keep all information pursuant to this subsection privileged, in accordance with applicable State law and federal guidelines, and the information shall be confidential and shall not be a public record under Chapter 132 of the General Statutes. The Department of Justice may charge each applicant a fee for conducting the checks of criminal history records authorized by this subsection.

(e) Acquisition of Controlled Substances. – If the application for registration is approved, the registrant may lawfully obtain and possess controlled substances in the manner and to the extent authorized by the registration, in conformity with G.S. 90-105, other provisions of this Article, and rules promulgated by the Commission pursuant to G.S. 90-100.

(f) Record Keeping; Physical Security. – Each registrant shall keep records and maintain inventories in the manner specified in G.S. 90-104. Registrants shall provide effective controls and procedures to guard against theft and diversion of controlled substances. Controlled substances shall be stored in a securely locked, substantially constructed cabinet, and the storage area shall be protected by an alarm system that is continuously monitored by an alarm company central station.

(g) Disclosure of Discovery of Controlled Substances. – A dog handler shall, upon a dog alert or finding of a controlled substance, notify the State or local law enforcement agency having jurisdiction over the area where the dog alert occurs or the controlled substance is found. Before leaving the premises where the dog alert occurs or where the controlled substance is found, the dog handler shall inform law enforcement of the dog alert or the finding of a controlled substance and shall provide all relevant information concerning the dog alert or the discovery of the controlled substance.

(h) Commercial Detection Services; Dog Certification and Client Confidentiality. – Any drug detection dog utilized in a commercial detection service in this State shall first be certified by a canine certification association approved by the Department of Health and Human Services. Any person, including a nonresident, engaged in providing a commercial detection service in this State shall comply with the requirements of subsection (g) of this section regarding disclosure of the discovery of controlled substances. Client records of a dog handler who provides a commercial detection

service for controlled substances shall be confidential unless the dog handler is required to report a dog alert or finding of a controlled substance in the course of a search, the records are lawfully subpoenaed, or the records are obtained by a law enforcement officer pursuant to a court order, a search warrant, or an exception to the search warrant requirement.

(i) The Department of Health and Human Services shall have the power to investigate or cause to be investigated any complaints, allegations, or suspicions of wrongdoing or violations of this section involving individuals registered or applying to be registered under this section. The Department or the Commission may deny, suspend, or revoke a registration issued under this section if it is determined that the applicant or registrant has:

(1) Made any false statement or given any false information in connection with any application for a registration or for the renewal or reinstatement of a registration.

(2) Violated any provision of this Article.

(3) Violated any rule promulgated by the Department of Health and Human Services or the Commission for Mental Health, Developmental Disabilities, and Substance Abuse Services pursuant to the authority contained in this Article.

(j) This section does not apply to law enforcement agencies, to dog handlers and drug detection dogs that are employed or under contract to law enforcement agencies, or to other persons who are exempt from registration under G.S. 90-101(c)(5)."

SECTION 3. Pursuant to G.S. 90-100, the Commission for Mental Health, Developmental Disabilities, and Substance Abuse Services may adopt temporary and permanent rules relating to the acquisition, possession, and security of controlled substances by persons registered under the provisions of G.S. 90-102.1, as enacted by this act. The Department of Health and Human Services may adopt temporary and permanent rules relating to the training and qualifications for dog handlers and the certification of drug detection dogs subject to the provisions of G.S. 90-102.1, as enacted by this act.

SECTION 4. This act is effective when it becomes law.

HOUSE BILL 860:
Detector Dog Trainers.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Adams
Date:	July 16, 2003	**Summary by:**	Trina Griffin*
Version:	PCS for 2nd Edition		Committee Counsel
	H860-CSSVf-38 (v.1)		

SUMMARY: ***House Bill 860 amends the Controlled Substances Act to provide for the registration of persons who train and maintain dogs used to detect the presence of illegal narcotics.***

The Proposed Committee Substitute adds two notice provisions as follows:

- ***A dog handler would be required to provide conspicuous written notice to clients stating that the dog handler is required by law to report to law enforcement any dog alert or finding of a controlled substance.***
- ***Any person contracting with a dog handler would be required to provide conspicuous notice to any person who may be the subject of a search that the premises is subject to search and that the dog handler is required by law to notify law enforcement of any dog alert or finding of a controlled substance.***

THIS BILL WAS GIVEN A FAVORABLE REPORT IN HOUSE JUDICIARY III, AND HAS BEEN REFERRED TO FINANCE BECAUSE IT CREATES A NEW FEE FOR THE REGISTRATION OF DOG HANDLERS WHO WORK WITH DOGS USED TO DETECT CONTROLLED SUBSTANCES.

CURRENT LAW: G.S. 90-95 makes it unlawful to manufacture, sell or deliver, or possess any controlled substance except as authorized by the Controlled Substances Act set out in Article 5 of Chapter 90 of the General Statutes. G.S. 90-101 requires that every person who manufactures, distributes, dispenses, or conducts research with any controlled substance within this State or who proposes to engage in any of these activities register annually with the North Carolina Department of Health and Human Services, and pay the registration fee set by the Commission for Mental Health, Developmental Disabilities, and Substance Abuse Services (Commission) for the category to which the applicant belongs. An applicant must file an application for registration with the Department of Health and Human Services and submit the required fee with the application. Exceptions are provided for law enforcement officers acting within the course and scope of official duties and for medical practitioners licensed in North Carolina. A separate registration is required at each principal place of business, research or professional practice where the registrant manufactures, distributes, dispenses or uses controlled substances, and the Department of Health and Human Services is authorized to inspect the establishment of a registrant, applicant for registration, or practitioner in accordance with rules adopted by the Commission.

BACKGROUND: The N.C. Division of Mental Health, Developmental Disabilities and Substance Abuse Service's Regulatory Unit has assumed the following positions with regard to applicants who wish to possess controlled substances for use in the training and maintenance of detector dogs:

- The N.C. Administrative Code links state registration to possess controlled substances to the federal Drug Enforcement Administration (DEA) registration process, and a State registrant is required to provide evidence of federal registration to conduct research with controlled substances.
- G.S. § 90-111 requires the North Carolina Department of Health and Human Services and the Attorney General of North Carolina to ***"cooperate with federal and other State agencies in discharging their responsibilities concerning traffic in controlled substances and in suppressing the abuse of controlled substances."***
- Registration to possess controlled substances for the purpose of training drug-detection dogs should be granted only to entities that are a branch of law enforcement or have a direct affiliation with law enforcement, and any business/individual authorized to possess controlled substances in connection with the training or use of drug-detection dogs should report all incidents of drug detection to law enforcement.
- The integrity of the public interest is a key concern. G.S. §90-102 (a) requires that the Department of Health and Human Services register an applicant to manufacture or distribute controlled substances ***"unless it determines that the issuance of such registration is inconsistent with the public interest."*** The State has taken the position that confidential drug searches for businesses and individuals that allow anyone other than law enforcement to determine how to dispose of detected narcotics, is not consistent the public interest. In determining the public interest, the statute requires consideration of the following:

  (1) Maintenance of effective controls against diversion of any controlled substances and any substance compounded therefrom into other than legitimate medical, scientific, or industrial channels;

  (2) Compliance with applicable federal, State and local law;

  (3) Prior conviction record of applicant, its agents or employees under federal and State laws relating to the manufacture, distribution, or dispensing of such substances;

  (4) Past experience in the manufacture of controlled substances, and the existence in the establishment or facility of effective controls against diversion; and

  (5) Any factor relating to revocation, suspension, or denial of past registrations, licenses, or applications under this or any other State or federal law;

  (6) Such other factors as may be relevant to and consistent with the public health and safety.

BILL ANALYSIS: House Bill 860 amends the Controlled Substances Act to permit the registration of dog handlers who train and maintain dogs used to detect the presence of illegal narcotics. The maximum fee for a dog handler registration with the Department of Health and Human Services (DHHS) would be $150. Prior to approval of a dog handler's application for registration, DHHS would be required to conduct a background investigation that would include a criminal records check. The bill authorizes the Department of Justice to conduct a criminal records check and to charge the applicant a fee. Once registered, the dog handler would be permitted to lawfully obtain and possess specified amounts of controlled substances for the limited purpose of the initial training and maintenance training of drug detection dogs, subject to rules adopted by the Commission for Mental Health, Developmental Disabilities, and Substance Abuse Services.

Each registered dog handler would be required to keep records and maintain inventories in conformance with federal and State law. The bill requires that all controlled substances be stored in a securely locked cabinet located in an area protected by a monitored alarm system. Dogs to be used in commercial detection services must first be certified by a canine certification association approved by DHHS. When conducting searches, a dog handler, including a nonresident, would be required to contact State or local local law enforcement authorities to report any dog alerts or finds of controlled substances. DHHS has the authority to investigate any complaints, and where violations are found may deny, suspend, or revoke a registration. Registration requirements do not apply to law enforcement agencies, or to dog handlers employed or under contract with law enforcement.

The bill provides for the adoption of temporary and permanent rules to carry out the purposes of the act. The act would be effective when it becomes law.

Brenda Carter, committee counsel for House Judiciary III, contributed substantially to this summary.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: House Bill 860 (Second Edition)

SHORT TITLE: Detector Dog Trainers

SPONSOR(S): Representative Adams

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES	**See Assumptions and Methodology**				
EXPENDITURES	**See Assumptions and Methodology**				
POSITIONS:					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Health and Human Services – Division of Mental Health, Developmental Disabilities and Substance Abuse ; Department of Justice

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: The bill authorizes the Department of Health and Human Services (DHHS) to register dog handlers who train and maintain dogs used to detect the presence of illegal narcotics. The maximum annual registration fee of $150 allows the dog handler to lawfully obtain and possess specified amounts of controlled substances for the training of dogs. DHHS currently registers dog handlers through administrative rules for an annual fee of $125. The applicant for the registration required in this proposed bill must pay the Department of Justice for a criminal background check and must keep records and maintain inventories in conformance with federal and state laws.

ASSUMPTIONS AND METHODOLOGY:

Revenue

DHHS has no estimate of the number of new registrants it will receive upon the passage of this bill. The Division of Mental Health, Developmental Disabilities and Substance Abuse's Regulatory Unit currently has 22 persons registered as researchers who are associated with dogs

for narcotics detection. Of these 22, sixteen are with police departments and six are considered agents for law enforcement.

The proposed statutory changes would exempt law enforcement agencies and dog handlers that are employed or under contract to law enforcement agencies from registration and fee requirements. Currently, law enforcement agencies and their contracted dog trainers are exempted through administrative rules. Despite qualifying for the exemption from administrative rules, the 22 persons currently registered (*see previous paragraph*) voluntarily register and pay the existing fee of $125.00.

Based on existing practices, these 22 law enforcement agents and agencies will likely continue to register and pay the fee under the proposed statutory language changes, regardless of exemption. It is unclear how many new dog handlers would register as a result of the proposed legislation. As a result, additional revenues were not estimated.

Expenditures

The Division of Mental Health, Developmental Disabilities and Substance Abuse's Regulatory Unit has six employees that handle 2,400 registrants. The unit collected $398,250 in fees in FY 2002-03 and spent $353,091 for six personnel that include four inspectors, one supervisor, and one clerical position. The unit receives about 10 new registrants a month that require an inspection. Dog handlers would be another duty added to their workload. Since there is no estimate on the number of dog handler registrants, it is unknown whether the current staff can perform the inspections in a timely manner.

Proposed 90-102.1(d) deals with criminal record background checks. Since the applicant or licensee pays the State Bureau of Investigation (SBI) for the criminal record check, there is no fiscal impact on the DHHS. The SBI is able to accommodate some increase in background checks within its existing staffing level. If the increase in workload due to new record checks is greater than the unit's capacity, the SBI could seek authorization from the Office of State Budget and Management for an additional position supported by the receipts collected from the applicants/ licensees.

HOUSE FINANCE

SECOND EXTRA SESSION

DECEMBER 9

COMMITTEE MINUTES

North Carolina General Assembly

House Committee on Finance

2003 Second Extra Session on Economic Development

Minutes

~

December 9, 2003 – 5:30 P.M.

The House Committee on Finance met on Tuesday, December 9, 2003 at 5:30 pm in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Luebke, McComas, Miner, and Wainwright; Vice-Chairs Alexander, Decker, Gibson, and Hill; and Representatives Blackwood, Bordsen, Capps, Carney, Creech, Ellis, Glazier, Hackney, Holliman, Jones, Lewis, McCombs, McGee, Munford, Rayfield, Ross, Setzer, Starnes, Weiss, C. Wilson, Womble, and Wood. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, Jackson Stancil, and Bill Sullivan. Staff persons present included Richard Bostic, David Crotts, Trina Griffin, Martha Harris, Linda Millsaps, and Martha Walston. The Visitor Registration Sheet is attached and incorporated into these minutes as attachment 1. Representative Hackney approached the Clerk prior to the beginning of the meeting and asked that it be noted that he would not be voting on the matters discussed pursuit to Rule 24 (a)-1.

Chairman Miner called the meeting to order at 5:35 pm and recognized Representative Owens to explain **HB 2 – JOB GROWTH AND INFRASTRUCTURE ACT** (see **attachment 2**), sponsored by Representative G. Allen. Following a brief explanation, Chairman Miner recognized Representative Weiss who then inquired as to Section 1.2 (c) of the bill, lines 4-7, which exempted the economic projects outlined in the bill from the environmental reporting specifications that all actions involving public expenditures and public lands must customarily adhere to. Chairman Miner then recognized Mr. Dan Whittle with Environmental Defense who stated his opposition to this section of the bill noting that since public monies would be spent in the bill, then the State Environmental Policy Act (SEPA) should apply. He stated that passing this exemption as a part of the bill would serve as a poor precedent for the future. Representative Gibson, however, was then recognized by the Chair and explained that this exemption had already been offered to other developments in the State (i.e. prisons) and that not allowing the exemption would significantly delay the construction process. Representative Weiss then sent forth and moved adoption of an amendment deleting lines 4-7 on page 5 of the bill (see **attachment 3**). This amendment would remove the exemption from SEPA, as noted above. Discussion also ensued as to whether projects of this nature were considered public or private ventures. Following some additional discussion from the members as well as Secretary of Commerce Jim Fain, Representative Weiss then acted to withdraw her amendment from the Committee's consideration.

Representative Luebke was then recognized by Chairman Miner and addressed the Committee members on the conditions of the State's displaced textile mill workers. A member of the public, Mr. Robert Neal of Kannapolis, was present and described the ailing conditions of

communities (such as Cabarrus and Rowan Counties) affected by the many textile job losses in North Carolina.

Representative Weiss was recognized next to send forward another amendment (see **attachment 4**). She explained that the amendment adds a provision to the bill that would require any developments under the bill to provide health insurance to its employees. She noted the Department of Commerce expressed no concerns with the amendment and then moved adoption of the amendment. Chairman Miner then called the vote and the amendment was adopted without objection.

Chairman Miner then recognized Representative Weiss to send forth her next amendment (see **attachment 5**). This amendment added a provision to the bill that no company receiving incentives under the bill could receive safety and health citations from OSHA. She then moved adoption of the amendment and it was adopted by consent.

Representative Weiss was once again recognized to send forth another amendment (see **attachment 6**). This amendment, similar to her prior amendment, requires that a company receiving incentives under the bill not be involved with any pending (or within the last five years) "administrative, civil, or criminal enforcement violations" with the Department of Environment and Natural Resources. Following this explanation, Representative Weiss moved adoption of the amendment and it was adopted without opposition.

To send forth a final amendment (see **attachment 7**), Chairman Miner again recognized Representative Weiss. This amendment prohibits a business from receiving incentives under this bill at any time if the business has received "a notice of overdue tax debt and the overdue tax debt has not been satisfied or otherwise resolved." Representative Weiss noted that the Department of Commerce had no objection to the amendment and moved its adoption. Seeing no discussion, Chairman Miner then called the amendment to a vote and it was adopted without objection.

Representative Wilson was recognized next to send forth an amendment (see **attachment 8**). She explained that the purpose of the amendment was to add a section in the bill that requires that businesses are only eligible for incentives for job creation under the bill if the business "can demonstrate a net increase in its employment level in this State over the 12-month period preceding the beginning of the taxable year." Given that the nature of the amendment was "material" because it affects the tax liabilities of corporations in the state, Chairman Miner informed the members of the Committee that if the amendment was adopted it would require a roll call vote on the House floor in order to be passed into law. Following some further discussion, the Chair called the vote and the amendment was not adopted.

Chairman Miner then recognized Representative Howard to send forth an amendment (see **attachment 9**). She, as well as Secretary of Commerce Fain, explained that the amendment, overall, acts to ensure that job growth within *divisions* of companies in the State. As there was no discussion on the amendment, Chairman Miner then called the vote. The amendment failed.

Representative Creech was recognized next to send forth his amendment (see **attachment 10**). He then explained that the intent of the amendment was to reduce the corporate income tax beginning after 2004 from 6.9% to 6.0%. He stated his opinion that this amendment was a more fair approach to economic incentives than the current bill under consideration. Chairman Miner, however, ruled the amendment out of order since it did not adhere to the rules adopted by the House (see page 2, section 5 (b)) for the special session nor did it adhere to the provisions of the Governor's proclamation.

Chairman Miner then recognized Representative Wainwright to send forth an amendment (see **attachment 11**). He explained that the amendment removes the section of the bill that exempts companies from having to meet the requirements of the public purchasing contract law. Representative Wainwright then moved adoption of his amendment. Seeing no discussion, Chairman Miner then called the amendment to a vote and it was adopted.

Representative Luebke was recognized next to send forth an amendment (see **attachment 12**) and immediately moved its adoption. He explained that the primary intent of the amendment was to delete Part 5 of the bill, which extends the cigarette export tax credit for an additional 13 years. He noted that this extension could possibly be in violation of the policies of the World Trade Organization international trade agreements because it potentially represents an unfair subsidy being offered to only North Carolina's cigarette manufacturers. He also stated his opinion that it is "wrong" for the State to offer tax credits to companies who are not providing the majority of their jobs within North Carolina. Chairman Miner then recognized Representative Owens who stated his opposition to the amendment in that it would cause an immediate loss of jobs in the State. Representative Wilson supported the amendment because it singles out only one industry while there are many other industries that would like to benefit from the bill but cannot. Representative Womble opposed the amendment because of the many job losses that would result if the amendment were adopted. Representative Decker concurred with Representative Womble's position. Following this discussion, division on the amendment was called, and by a vote of 10 yes and 14 no, the amendment failed.

Chairman Miner again recognized Representative Howard to send forth another amendment (see **attachment 13**). She explained that the amendment basically creates an "either or" tax credit. She noted that the amendment would allow cigarette companies in the state to take only one tax credit: either the current tax credit or a different credit based upon an increase in employment and use of the State's ports. She clearly noted that the amendment would allow only one of the two credits to be claimed and then moved its adoption. Representative Ross voiced her support of Representative Howard's amendment. Following some other brief clarifying discussion, Chairman Miner called the vote and the amendment was adopted.

Representative Howard was again immediately recognized by the Chair to send forth another amendment (see **attachment 14**). She explained that the amendment simply changes the base year, used for measurement of the amount of cigarette exportation, from 1998 to 2003. Eugene Ainsworth, a lobbyist for R.J. Reynolds Tobacco Co., was present to speak on the amendment. Mr. Ainsworth offered no objection to the amendment. As there was no further discussion on the amendment, Chairman Miner called the vote on the amendment and it was adopted.

Chairman Miner then recognized Representative McComas to send forth an amendment (see **attachment 15**). The purpose of the amendment, as explained by Representative McComas, is to require the cigarette companies in the State benefiting from the tax credit extension (as described in Part 5 of the bill) to use the ports of North Carolina exclusively for their "waterborne" exports. Following some discussion, Representative McComas then moved the adoption of his amendment. The Chair then called the matter to a vote and the amendment was adopted.

Representative Wainwright was then recognized by the Chair and made a motion for reconsideration of his amendment adopted earlier in the meeting, citing that this amendment (upon further inspection) created some unintended circumstances. The motion carried and Representative Wainwright then immediately acted to withdraw the amendment from the Committee's consideration. He then sent forth a new amendment (see **attachment 16**), which qualified that the public purchasing contract law (as discussed in his initial amendment) would apply only when public

funds are expended. As there was no discussion on the amendment, the Chair called the vote and the amendment was adopted.

Chairman Miner then immediately recognized Representative Howard. She then made the motion that HB 2 – Job Growth and Infrastructure Act be given a favorable report, as amended, giving the Committee Staff authority to make conforming changes to the bill as necessary and be re-referred to the Committee on Appropriations (see **attachment 17**). Following some brief discussion, Chairman Miner called the motion to a vote and the motion carried by a majority of the members present.

Having no further business before the Committee, Chairman Miner adjourned the meeting at 7:30 pm.

Respectfully submitted,

Representative David Miner
Presiding Chair

Jason A. Cannon
Clerk, House Committee on Finance

GENERAL ASSEMBLY OF NORTH CAROLINA
SECOND EXTRA SESSION 2003

H D

HOUSE DRH90016-LC-165T (11/05)

Short Title: Job Growth and Infrastructure Act. (Public)

Sponsors: Representative G. Allen.

Referred to:

A BILL TO BE ENTITLED

AN ACT TO MAKE THE FOLLOWING CHANGES RECOMMENDED BY THE GOVERNOR: (1) APPROPRIATE TWENTY-FIVE MILLION DOLLARS FOR INDUSTRIAL SITE INFRASTRUCTURE FOR MAJOR PROJECTS; (2) MODIFY THE JOB DEVELOPMENT INVESTMENT GRANT PROGRAM; (3) PROVIDE INCENTIVES FOR MAJOR PHARMACEUTICAL AND BIOPROCESSING FACILITIES BY EXTENDING THE BILL LEE ACT SUNSET FOR THESE INDUSTRIES AND AUTHORIZING SALES TAX REFUNDS FOR CONSTRUCTION MATERIALS FOR THESE INDUSTRIES; AND (4) EXTEND THE SUNSET ON THE CIGARETTE EXPORTATION TAX CREDIT.

The General Assembly of North Carolina enacts:

PART 1. MAJOR INDUSTRIAL SITE INFRASTRUCTURE

SECTION 1.1. Part 2 of Article 10 of Chapter 143B of the General Statutes is amended by adding a new section to read:

"**§ 143B-437.02. Site infrastructure development.**

(a) Findings. – The General Assembly finds that:

(1) It is the policy of the State of North Carolina to stimulate economic activity and to create new jobs for the citizens of the State by encouraging and promoting the expansion of existing business and industry within the State and by recruiting and attracting new business and industry to the State.

(2) Both short-term and long-term economic trends at the State, national, and international levels have made the successful implementation of the State's economic development policy and programs both more critical and more challenging; and the decline in the State's traditional industries, and the resulting adverse impact upon the State and its

citizens, have been exacerbated in recent years by adverse national and State economic trends that contribute to the reduction in the State's industrial base and that inhibit the State's ability to sustain or attract new and expanding businesses.

(3) The economic condition of the State is not static and recent changes in the State's economic condition have created economic distress that requires the enactment of a new program as provided in this section that is designed to stimulate new economic activity and to create new jobs within the State.

(4) The enactment of this section is necessary to stimulate the economy, facilitate economic recovery, and create new jobs in North Carolina and this section will promote the general welfare and confer, as its primary purpose and effect, benefits on citizens throughout the State through the creation of new jobs, an enlargement of the overall tax base, an expansion and diversification of the State's industrial base, and an increase in revenue to the State and its political subdivisions.

(5) The purpose of this section is to stimulate economic activity and to create new jobs within the State.

(b) Fund. – The Site Infrastructure Development Fund is created as a restricted reserve in the Department of Commerce. The Department may use the funds in the fund only in accordance with this section for site development. Funds in the fund do not revert but remain available to the Department for these purposes.

(c) Definitions. – The definitions in G.S. 143B-437.51 apply in this section. In addition, the following definitions apply in this section:

(1) Department. – The Department of Commerce.

(2) Site development. – Any of the following:

a. A restricted grant or a forgivable loan made to a business to enable the business to acquire land, improve land, or both.

b. A grant to one or more State agencies or nonprofit corporations to enable the grantees to acquire land, improve land, or both and to lease the property to a business.

c. A grant to one or more local government units to enable the units to acquire land, improve land, or both and to lease the property to a business.

(d) Eligibility. – To be eligible for consideration for site development for a project, a business must meet both of the following conditions:

(1) The business will invest at least one hundred million dollars ($100,000,000) of private funds in the project.

(2) The project will employ at least 100 new employees.

(e) Selection. – The Department of Commerce shall administer the selection of projects to receive site development. The selection process shall include the following components:

(1) Criteria. – The Department of Commerce must develop criteria to be used to identify and evaluate eligible projects for possible site development.

(2) Initial evaluation. – The Department must evaluate major competitive projects to determine if site development is merited and to determine whether the project is eligible and appropriate for consideration for site development.

(3) Application. – The Department must require a business to submit an application in order for a project to be considered for site development. The Department must prescribe the form of the application, the application process, and the information to be provided, including all information necessary to evaluate the project in accordance with the applicable criteria.

(4) Committee. – The Department must submit to the Economic Investment Committee the applications for projects the Department considers eligible and appropriate for consideration for site development. In evaluating each application, the Committee must consider all of the factors set out in Section 2.1(b) of S.L. 2002-172.

(5) Findings. – In order to recommend a project for site development, the Committee must make all of the following findings:

a. The conditions for eligibility have been met.

b. Site development for the project is necessary to carry out the public purposes provided in subsection (a) of this section.

c. The project is consistent with the economic development goals of the State and of the area where it will be located.

d. The affected local governments have participated in recruitment and offered incentives in a manner appropriate to the project.

e. The price and nature of any real property to be acquired is appropriate to the project and not unreasonable or excessive.

f. Site development under this section is necessary for the completion of the project in this State.

(6) Recommendations. – If the Committee recommends a project for site development, it must recommend the amount of State funds to be committed, the preferred form and details of the State participation, and the performance criteria and safeguards to be required in order to protect the State's investment.

(f) Agreement. – Unless the Secretary of Commerce determines that the project is no longer eligible or appropriate for site development, the Department shall enter into an agreement to provide site development within available funds for a project recommended by the Committee. Each site development agreement is binding and constitutes a continuing contractual obligation of the State and the business. The site development agreement must include all of the performance criteria, remedies, and other safeguards recommended by the Committee or required by the Department to secure the State's investment. Nothing in this section constitutes or authorizes a

guarantee or assumption by the State of any debt of any business or authorizes the taxing power or the full faith and credit of the State to be pledged.

The Department shall cooperate with the Department of Administration and the Attorney General's Office in preparing the documentation for the site development agreement. The Attorney General shall review the terms of all proposed agreements to be entered into under this section. To be effective against the State, an agreement entered into under this section must be signed personally by the Attorney General.

(g) Safeguards. – To ensure that public funds are used only to carry out the public purposes provided in this section, the Department shall require that each business that receives State-funded site development must agree to meet performance criteria to protect the State's investment and assure that the projected benefits of the project are secured. The performance criteria to be required shall include creation and maintenance of an appropriate level of employment and investment over the term of the agreement and any other criteria the Department considers appropriate. The agreement must require the business to repay or reimburse an appropriate portion of the State funds expended for the site development, based on the extent of any failure by the business to meet the performance criteria. The agreement must provide a method for securing these payments from the business, such as structuring the site development as a conditional grant, a forgivable loan, or a revocable lease.

(h) Monitoring and Reports. – The Department is responsible for monitoring compliance with the performance criteria under each site development agreement and for administering the repayment in case of default. The Department shall pay for the cost of this monitoring from funds appropriated to it for that purpose or for other economic development purposes.

Within two months after the end of each calendar quarter, the Department shall report to the Joint Legislative Commission on Governmental Operations regarding the Site Infrastructure Development Program. This report shall include a listing of each agreement negotiated and entered into during the preceding quarter, including the name of the business, the cost/benefit analysis conducted by the Committee during the application process, a description of the project, and the amount of the site development incentive expected to be paid under the agreement during the current fiscal year. The report shall also include detailed information about any defaults and repayment during the preceding quarter. The Department shall publish this report on its web site and shall make printed copies available upon request."

SECTION 1.2.(a) There is appropriated from the General Fund to the Site Infrastructure Development Fund in the Department of Commerce the sum of twenty-five million dollars ($25,000,000) for the 2003-2004 fiscal year to be used only in accordance with G.S. 143B-437.02, as enacted by this part.

SECTION 1.2.(b) There is appropriated from the General Fund to the Department of Commerce the sum of sixty-five thousand dollars ($65,000) for the 2004-2005 fiscal year for a program administrator for the site infrastructure development program created by this part. It is the intent of the General Assembly that funds for administering this program shall be part of the Department of Commerce's continuation budget.

SECTION 1.2.(c) Site development funded by money appropriated under this section is not subject to Article 8 of Chapter 143 of the General Statutes (public contracts) or Article 3 of Chapter 143 of the General Statutes (purchases and contracts). Actions involving expenditures of public moneys or use of public lands for projects and programs involved in site development funded by money appropriated under this section are exempt from the requirements of Article 1 of Chapter 113A of the General Statutes. This exemption does not apply to an ordinance adopted under G.S. 113A-8.

SECTION 1.3. G.S. 150B-1(d) is amended by adding a new subdivision to read:

"(d) Exemptions from Rule Making. – Article 2A of this Chapter does not apply to the following:

...

(12) The Department of Commerce and the Economic Investment Committee in developing criteria and administering the Site Infrastructure Development Program under G.S. 143B-437.02."

SECTION 1.4. G.S. 143B-437.54(c) reads as rewritten:

"(c) Conflict of Interest. – It is unlawful for a current or former member of the Committee to, while serving on the Committee or within two years after the end of service on the Committee, provide services for compensation, as an employee, consultant, or otherwise, to any business or a related member of the business that is awarded a grant under this Part or under G.S. 143B-437.02 while the member is serving on the Committee. Violation of this subsection is a Class 1 misdemeanor. In addition to the penalties imposed under G.S. 15A-1340.23, the court shall also make a finding as to what compensation was received by the defendant for services in violation of this section and shall order the defendant to forfeit that compensation.

If a person is convicted under this section, the person shall not provide services for compensation, as an employee, consultant, or otherwise, to any business or a related member of the business that was awarded a grant under this Part or under G.S. 143B-437.02 while the member was serving on the Committee until two years after the person's conviction under this section."

SECTION 1.5. This part is effective when it becomes law.

PART 2. JOB DEVELOPMENT INVESTMENT GRANT CHANGES

SECTION 2.1. G.S. 143B-437.51 reads as rewritten:

"**§ 143B-437.51. Definitions.**

The following definitions apply in this Part:

...

(2) Base years. – The first ~~two complete calendar years~~ 24 months following the ~~effective date of an agreement.~~date set by the Committee for performance to begin under the agreement.

...

(5a) Enterprise tier. – The classification assigned to an area pursuant to G.S. 105-129.3."

SECTION 2.2. G.S. 143B-437.52 is amended by adding a new subsection to read:

"(d) Measuring Employment. – For the purposes of subdivision (a)(1) of this section and G.S. 143B-437.57(a)(11), the Committee may designate that the increase or maintenance of employment is measured at the level of a division or another operating unit of a business, rather than at the business level, if both of the following conditions are met:

(1) The Committee makes an explicit finding that the designation is necessary to secure the project in this State.

(2) The designation contains terms to ensure that the business does not create eligible positions by transferring or shifting to the project existing positions from another project of the business or a related entity of the business."

SECTION 2.3. G.S. 143B-437.53(d) is repealed.

SECTION 2.4. G.S. 143B-437.54(d) reads as rewritten:

"(d) Public Notice. – At least 20 days before the effective date of any criteria or nontechnical amendments to criteria, the Committee must publish the proposed criteria on the Department of Commerce's web site and provide notice to persons who have requested notice of proposed criteria. In addition, the Committee must accept oral and written comments on the proposed criteria during the 15 business days beginning on the first day that the Committee has completed these notifications. For the purpose of this subsection, a technical amendment is either of the following:

(1) An amendment that corrects a spelling or grammatical error.

(2) An amendment that makes a clarification based on public comment and could have been anticipated by the public notice that immediately preceded the public comment.

~~The Committee shall do all of the following at least 15 business days prior to the adoption of or amendment to any proposed criteria:~~

~~(1) Publish the proposed criteria on the Department of Commerce's web site.~~

~~(2) Provide notice to persons who have requested notice of proposed criteria.~~

~~(3) Accept oral and written comments on the proposed criteria.~~"

SECTION 2.5. G.S. 143B-437.56(b) reads as rewritten:

"(b) The term of the grant shall not exceed 12 years starting with the first year a grant payment is made. The first grant payment must be made within six years after the date on which the grant was awarded."

SECTION 2.6. This part is effective when it becomes law.

PART 3. EXTEND BILL LEE CREDITS FOR CERTAIN MAJOR INDUSTRIES

SECTION 3.1. G.S. 105-129.2 is amended by adding a new subdivision to read:

"**§ 105-129.2. Definitions.**

The following definitions apply in this Article:

...

(8a) Eligible major industry. – A taxpayer is an eligible major industry for the purposes of this Article if the taxpayer is primarily engaged in one

of the industries listed in G.S. 105-164.14(j)(3) and the Secretary of Commerce has certified that the owner of the facility will invest at least one hundred million dollars ($100,000,000) of private funds to acquire, construct, and equip a facility in this State to engage in one or more of those industries."

SECTION 3.2. G.S. 105-129.2A reads as rewritten:

"**§ 105-129.2A. Sunset; studies.**

(a) Sunset. – This Article is repealed effective for business activities that occur on or after January 1, 2006.

(a1) Sunset for Interstate Air Couriers. – Notwithstanding subsection (a) of this section, in the case of an interstate air courier that enters into a real estate lease on or before January 1, 2006, with an airport authority that provides for the lease of at least 100 acres of real property with a lease term in excess of 15 years, this Article is repealed effective for business activities that occur on or after January 1, 2010.

(a2) Sunset for Eligible Major Industries. – Notwithstanding subsection (a) of this section, in the case of a taxpayer that qualifies as an eligible major industry on or before January 1, 2006, this Article is repealed effective for business activities that occur on or after January 1, 2010.

(b) Equity Study. – The Department of Commerce shall study the effect of the tax incentives provided in this Article on tax equity. This study shall include the following:

(1) Reexamining the formula in G.S. 105-129.3(b) used to define enterprise tiers, to include consideration of alternative measures for more equitable treatment of counties in similar economic circumstances.

(2) Considering whether the assignment of tiers and the applicable thresholds are equitable for smaller counties, for example those under 50,000 in population.

(3) Compiling any available data on whether expanding North Carolina businesses receive fewer benefits than out-of-State businesses that locate to North Carolina.

(c) Impact Study. – The Department of Commerce shall study the effectiveness of the tax incentives provided in this Article. This study shall include:

(1) Study of the distribution of tax incentives across new and expanding industries.

(2) Examination of data on economic recruitment for the period from 1994 through the most recent year for which data are available by county, by industry type, by size of investment, and by number of jobs, and other relevant information to determine the pattern of business locations and expansions before and after the enactment of the William S. Lee Act incentives.

(3) Measuring the direct costs and benefits of the tax incentives.

(4) Compiling available information on the current use of incentives by other states and whether that use is increasing or declining.

(d) Report. – The Department of Commerce shall report the results of these studies and its recommendations to the General Assembly biennially with the first report due by April 1, 2001."

SECTION 3.3. G.S. 105-129.4(b1) reads as rewritten:

"(b1) Large Investment. – A taxpayer who is otherwise eligible for a tax credit under this Article becomes eligible for the large investment enhancements provided for credits under this Article if the Secretary of Commerce makes a written determination that the taxpayer is expected to purchase or lease, and place in service in connection with the eligible business within a two-year period, at least one hundred fifty million dollars ($150,000,000) worth of one or more of the following: real property, machinery and equipment, or central office or aircraft facility property. In the case of an interstate air courier that has or is constructing a hub in this ~~State,~~State and in the case of an eligible major industry, this investment may be placed in service in connection with the eligible business within a seven-year period. If the taxpayer fails to make the required level of investment within the applicable period, the taxpayer forfeits the large investment enhancements as provided in subsection (d) of this section."

SECTION 3.4. G.S. 105-129.4(d) reads as rewritten:

"(d) Forfeiture. – A taxpayer forfeits a credit allowed under this Article if the taxpayer was not eligible for the credit for the calendar year in which the taxpayer engaged in the activity for which the credit was claimed. In addition, a taxpayer forfeits a large investment enhancement of a tax credit if the taxpayer fails to timely make the required level of investment under subsection (b1) of this section. If an eligible major industry fails to timely make the required level of investment under G.S. 105-129.2(8a), the taxpayer forfeits all credits allowed under this Article that it would not otherwise have been eligible for if it were not an eligible major industry. A taxpayer forfeits the credit for substantial investment in other property allowed under G.S. 105-129.12A if the taxpayer fails to timely create the number of required new jobs or to timely make the required level of investment under subsection (b5) of this section. A taxpayer forfeits the technology commercialization credit allowed under G.S. 105-129.9A if the taxpayer fails to make the level of investment required by subsection (e) of that section within the required period or if the taxpayer fails to meet the terms of its licensing agreement with a research university. If a taxpayer claimed a twenty percent (20%) technology commercialization credit under G.S. 105-129.9A(d) and fails to make the level of investment required under that subsection within the required period, but does make the level of investment required under subsection (e) of that section within the required period, the taxpayer forfeits one-fourth of the twenty percent (20%) credit.

A taxpayer that forfeits a credit under this Article is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited; a taxpayer that fails to pay the past taxes and interest by the due date is subject to the penalties provided in G.S. 105-236. If a taxpayer forfeits the credit for creating jobs, the technology commercialization credit, or the credit for investing in machinery and equipment, the taxpayer also forfeits any credit for worker training claimed for the jobs

for which the credit for creating jobs was claimed or the jobs at the location with respect to which the technology commercialization credit or the credit for investing in machinery and equipment was claimed."

SECTION 3.5. G.S. 105-129.5(c) reads as rewritten:

"(c) Carryforward. – Any unused portion of a credit with respect to a large investment, with respect to the technology commercialization credit allowed in G.S. 105-129.9A, or with respect to substantial investment in other property under G.S. 105-129.12A may be carried forward for the succeeding 20 years. Any unused portion of a credit with respect to research and development activities under G.S. 105-129.10 may be carried forward for the succeeding 15 years. Any unused portion of a credit may be carried forward for the succeeding 10 years if, before the taxpayer claims the credit, the Secretary of Commerce makes a written determination that the taxpayer is expected to purchase or lease, and place in service in connection with the eligible business within a two-year period, at least fifty million dollars ($50,000,000) worth of one or more of the following: real property, machinery and equipment, or central office or aircraft facility property. In the case of an interstate air courier that has or is constructing a hub in this ~~State,~~State and in the case of an eligible major industry, this investment may be placed in service in connection with the eligible business within a seven-year period. If the taxpayer fails to make the required level of investment within the applicable period, the taxpayer forfeits this enhanced carryforward period. Any unused portion of any other credit may be carried forward for the succeeding five years."

SECTION 3.6. G.S. 105-129.8(d) reads as rewritten:

"(d) Planned Expansion. – A taxpayer that signs a letter of commitment with the Department of Commerce to create at least twenty new full-time jobs in a specific area within two years of the date the letter is signed qualifies for the credit in the amount allowed by this section based on the area's enterprise tier and development zone designation for that year even though the employees are not hired that year. In the case of an interstate air courier that has or is constructing a hub in this ~~State,~~State and in the case of an eligible major industry, the applicable time period is seven years. The credit shall be available in the taxable year after at least twenty employees have been hired if the hirings are within the applicable commitment period. The conditions outlined in subsection (a) apply to a credit taken under this subsection except that if the area is redesignated to a higher-numbered enterprise tier or loses its development zone designation after the year the letter of commitment was signed, the credit is allowed based on the area's enterprise tier and development zone designation for the year the letter was signed. If the taxpayer does not hire the employees within the applicable period, the taxpayer does not qualify for the credit. However, if the taxpayer qualifies for a credit under subsection (a) in the year any new employees are hired, the taxpayer may take the credit under that subsection."

SECTION 3.7. G.S. 105-129.9(e) reads as rewritten:

"(e) Planned Expansion. – A taxpayer that signs a letter of commitment with the Department of Commerce to place specific eligible machinery and equipment in service in an area within two years after the date the letter is signed may, in the year the eligible machinery and equipment are placed in service in that area, calculate the credit for

which the taxpayer qualifies based on the area's enterprise tier and development zone designation for the year the letter was signed. In the case of an interstate air courier that has or is constructing a hub in this ~~State,~~State and in the case of an eligible major industry, the applicable time period is seven years. All other conditions apply to the credit, but if the area has been redesignated to a higher-numbered enterprise tier or has lost its development zone designation after the year the letter of commitment was signed, the credit is allowed based on the area's enterprise tier and development zone designation for the year the letter was signed. If the taxpayer does not place part or all of the specified eligible machinery and equipment in service within the applicable period, the taxpayer does not qualify for the benefit of this subsection with respect to the machinery and equipment not placed in service within the applicable period. However, if the taxpayer qualifies for a credit in the year the eligible machinery and equipment are placed in service, the taxpayer may take the credit for that year as if no letter of commitment had been signed pursuant to this subsection."

SECTION 3.8. It is the intent of the General Assembly that the provisions of this part not be expanded. If a court of competent jurisdiction holds any provision of this part invalid, the section containing that provision is repealed. The repeal of a section of this part under this section does not affect other provisions of this part that may be given affect without the invalid provision.

SECTION 3.9. This part becomes effective for taxable years beginning on or after January 1, 2004.

PART 4. MAJOR INDUSTRIAL FACILITY SALES TAX REFUNDS

SECTION 4.1. G.S. 105-164.14 is amended by adding a new subsection to read:

"(j) Certain Industrial Facilities. – The owner of an eligible facility is allowed an annual refund of sales and use taxes as provided in this subsection.

(1) Refund. – The owner of an eligible facility is allowed an annual refund of sales and use taxes paid by it under this Article on building materials, building supplies, fixtures, and equipment that become a part of the real property of the eligible facility. Liability incurred indirectly by the owner for sales and use taxes on these items is considered tax paid by the owner. A request for a refund must be in writing and must include any information and documentation required by the Secretary. A request for a refund is due within six months after the end of the State's fiscal year. Refunds applied for after the due date are barred.

(2) Eligibility. – A facility is eligible under this subsection if it meets both of the following conditions:

a. It is primarily engaged in one of the industries listed in this subsection.

b. The Secretary of Commerce has certified that the owner of the facility will invest at least one hundred million dollars ($100,000,000) of private funds to acquire, construct, and equip the facility in this State.

(3) Industries. – This subsection applies to the following industries:

a. Bioprocessing. Bioprocessing means biomanufacturing or processing that includes the culture of cells to make commercial products, the purification of biomolecules from cells, or the use of these molecules in manufacturing.

b. Pharmaceutical and medicine manufacturing. Pharmaceutical and medicine manufacturing means any of the following:

1. Manufacturing biological and medicinal products. For the purpose of this sub-subdivision, a biological product is a preparation that is synthesized from living organisms or their products and used medically as a diagnostic, preventive, or therapeutic agent. For the purpose of this sub-subdivision, bacteria, viruses, and their parts are considered living organisms.

2. Processing botanical drugs and herbs by grading, grinding, and milling.

3. Isolating active medicinal principals from botanical drugs and herbs.

4. Manufacturing pharmaceutical products intended for internal and external consumption in forms such as ampoules, tablets, capsules, vials, ointments, powders, solutions, and suspensions.

(4) Forfeiture. – If the owner of an eligible facility does not make the required minimum investment within five years after the first refund under this subsection with respect to the facility, the facility loses its eligibility and the owner forfeits all refunds already received under this subsection. Upon forfeiture, the owner is liable for tax under this Article equal to the amount of all past taxes refunded under this subsection, plus interest at the rate established in G.S. 105-241.1(i), computed from the date each refund was issued. The tax and interest are due 30 days after the date of the forfeiture. A person that fails to pay the tax and interest is subject to the penalties provided in G.S. 105-236."

SECTION 4.2. It is the intent of the General Assembly that the provisions of this part not be expanded. If a court of competent jurisdiction holds any provision of this part invalid, the section containing that provision is repealed. The repeal of a section of this part under this section does not affect other provisions of this part that may be given affect without the invalid provision.

SECTION 4.3. This part becomes effective January 1, 2004, and applies to sales made on or after that date.

PART 5. CIGARETTE EXPORTATION TAX CREDIT

SECTION 5.1. Section 10 of S.L. 1999-333 reads as rewritten:

"**Section 10**. Sections 2, 3, and 4 of this act are effective for taxable years beginning on or after January 1, 1999. Sections 5 through 8 of this act become effective December

1, 1999, and apply to offenses committed on or after that date. The remainder of this act is effective when it becomes law. Section 4 of this act is repealed effective for cigarettes exported on or after January 1, ~~2005.~~2018."

SECTION 5.2. This part is effective when it becomes law.

HOUSE DRAFT BILL 2003-LC-165T: Job Growth & Infrastructure Act

BILL ANALYSIS

Committee:		**Sponsor:**	Rep. G. Allen
Date:	December 9, 2003	**Analysis by:**	Martha H. Harris
Version:	Draft		Staff Attorney

SUMMARY: This bill would make the following economic development changes:

- ***Appropriate $25 million to a nonreverting fund to be used for site infrastructure for major industrial projects, effective when the bill becomes law.***
- ***Make various changes to the Job Development Investment Grant (JDIG) program, effective when the bill becomes law.***
- ***Extend the Bill Lee Act sunset and other deadlines for major pharmaceutical manufacturing and bioprocessing facilities, effective beginning in 2004.***
- ***Authorize annual sales tax refunds for construction materials for major pharmaceutical manufacturing and bioprocessing facilities, effective January 1, 2004.***
- ***Extend the sunset on the cigarette exportation tax credit from 2005 to 2018.***

Major Industrial Site Infrastructure

Part 1 of the bill would create a nonreverting Site Infrastructure Development Fund in the Department of Commerce to fund site acquisition and development and other capital expenses related to major industrial development. The bill would appropriate $25 million to the new Fund for the 2003-2004 fiscal year. A Site Infrastructure Development incentive may be in the form of a restricted grant or forgivable loan directly to a business or a grant to a government or nonprofit agency to administer the incentive.

Projects built with this appropriation are exempted from State construction requirements, State purchase and contract requirements, and from the part of the State Environmental Policy Act that requires detailed environmental impact statements when public funds or public lands are used for projects and programs significantly affecting the quality of the environment.

Eligible businesses may apply for site development incentives. To qualify for a site development incentive, a business must employ at least 100 new fulltime employees and invest at least a $100 million of private funds in the project. The Department of Commerce and the Economic Investment Committee[1] will administer the selection

[1] The Economic Investment Committee, which administers the JDIG program, is a five-member committee consisting of the Secretary of Commerce, the Secretary of Revenue, the Director of the Office of State Budget

process, including developing appropriate criteria for evaluating applicants. Section 1.3 of the bill exempts them from rulemaking procedures in administering this program. Site development incentives can be awarded only if necessary to secure the project in this State. The before approving an application, the Committee must find that the price to be paid for the site is appropriate and not excessive. Section 1.4 of the bill provides that the JDIG conflict of interest restrictions will apply to the site infrastructure development program as well.

Once an incentive is awarded, the Department will enter into an agreement with the business to provide site development within available funds. The agreement is binding on both parties. The agreement must include performance criteria, remedies, and other safeguards to protect the State's investment. The Attorney General must review and approve each agreement.

After a site development incentive is in effect, the Department of Commerce is responsible for monitoring the business's compliance with performance criteria and for carrying out the clawback process if there is a default. Section 1.2(b) of the bill appropriates $65,000 to Commerce for the 2004-2005 fiscal year to support a position to carry out this function. These funds are intended to become part of the Department's continuing budget.

The Department of Commerce is required to report quarterly to Governmental Operations on the details of the program, including projects that receive incentives and any defaults and repayments. This report must also be made available to the public.

Job Development Investment Grant Changes

Part 2 of the bill makes several changes to the JDIG program. These changes would be effective when the bill becomes law.

Section 2.2 provides that, in determining whether a business has increased or maintained employment, the Committee can decide to look at a division or unit of a business rather than the entire business. Choosing this option means that if the entire business decreases employment, it may still qualify for a grant for a division or unit within the business that increases employment. The Committee can choose this option only if it is necessary to secure the project and the contract contains terms to assure that the business does not create eligibility by transferring existing jobs to the project.

Section 2.3 of the bill repeals the wage standard as it applies to the JDIG program. This proposal arises due to several concerns. First, at the time a business applies for a JDIG grant, the wages to be paid are just projections. Second, the law has been interpreted to require the jobs to meet not only the current wage standard, but also future wage standards, which can fluctuate annually. This creates a great deal of uncertainty as to the prospect of actually receiving a grant in future years of the contract. Third, while there is no wage standard for tiers one and two and the wage standard is set below the county average for prosperous tier five counties, the mid-range counties must meet the actual county average. With sudden and severe dislocation, the wage standard may

---

and Management, one member appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives, and one member appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate

block incentives for a project that would be vital to economic recovery for a county suffering from dislocation of manufacturing industries. Finally, because grants are awarded at the discretion of the Committee, the Committee can use its judgment to assure that grants are not awarded to inappropriate, low-wage projects.

Sections 2.1, 2.4, and 2.5 are more technical. Section 2.1 clarifies that the base period for measuring performance under a grant agreement can be any 24 months starting when performance begins – it is not limited to calendar years. Section 2.1 also adds the definition of enterprise tier to the statute. Section 2.4 clarifies the procedure for publication and public comment on proposed changes to the JDIG criteria. Section 2.5 clarifies that payments under a grant can begin on a future date after it is awarded, as long as they begin within six years.

Extend Bill Lee Credits for Certain Major Industries

In 2002, the General Assembly extended the sunset date on the Bill Lee Act until January 1, 2010, for certain interstate air couriers and also increased various time frames in the Bill Lee Act from two years to seven years. The rationale for these extensions was that the interstate air courier industry, and the construction of a hub in particular, face many regulatory, administrative, and legal hurdles not generally faced by other industries. Due to these extra burdens, there is generally a longer period between the time that a project is announced and a location is selected and the time the facility is placed in service.

Effective beginning with the 2004 tax year, Part 3 of the bill makes the same extensions for eligible major industries. An eligible major industry is either of the following two industries if the taxpayer will invest at least $100 million in acquiring, constructing, or equipping a facility to engage in the industry:

- Bioprocessing
- Pharmaceutical and Medicine Manufacturing

If the taxpayer does not in fact invest the required amount, it forfeits the benefits of the extensions and must repay the credits.

Major Industrial Facility Sales Tax Refunds

Part 4 of the bill creates an annual refund of State and local sales taxes paid on construction materials and fixtures for facilities that involve the investment of more than $100 million by the taxpayer and are primarily used for either of the following two industries:

- Bioprocessing
- Pharmaceutical and Medicine Manufacturing

The taxpayer must apply for the sales tax refund within six months after the end of the State's fiscal year. The refund would become effective for sales taxes paid on or after January 1, 2004. If, after obtaining a refund, the taxpayer does not end up investing the required amount, the taxpayer forfeits the refund.

Cigarette Exportation Tax Credit

Part 5 of the bill extends for thirteen years the sunset of the corporate income tax credit for manufacturing cigarettes for exportation, G.S. 105-130.45, which was

enacted in 1999. The credit is a dollar amount per cigarette exported for those manufacturers who export at least 50% as many cigarettes in the taxable year as they did in calendar year 1998. The dollar amount ranges from forty cents to twenty cents per 1,000 cigarettes exported. The credit is capped at the lesser of $6 million per year or 50% of the manufacturer's corporate tax liability for any given year. The credit is set to sunset for cigarettes exported on or after January 1, 2005. Part 5 of the bill would change the sunset to 2018.

Prior to enactment of the cigarette exportation tax credit during the 1999 Session, the issue was raised as to whether or not that tax credit would violate GATT, one of the international trade agreements. The General Assembly staff was of the opinion that the tax credit would violate GATT, while counsel for one of the four tobacco manufacturers disagreed. This issue has not been resolved, and the proposed credit in this bill presents the same issue. It is clear, however, that any challenge to either the current credit or the credit proposed in this bill must come from a foreign government. If a foreign government were to challenge the credit, then the U.S. Justice Department could sue North Carolina. If the Department were to win, the federal statute provides that relief would be prospective only and persons who had already used the credit could not be required to repay it. Private citizens have no cause of action on the issue.

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

PRINCIPAL DEPARTMENTS AFFECTED: Department of Commerce

BILL SUMMARY:

Major Industrial Site Infrastructure. Appropriates $25 million to a non-reverting Site Infrastructure Development Fund in the Department of Commerce. The proceeds of the Fund must be used to finance site acquisition and development and other capital expenses related to a business that will invest at least $100 million of private funds in a project and create at least 100 new jobs. In addition, local governments must agree to provide appropriate incentives for the project. The disbursement of the proceeds of the Fund may be in the form of a restricted grant or forgivable loan directly to a business or a grant to a government or nonprofit agency to administer the incentive.

The Department of Commerce and the Economic Investment Committee will administer the selection process, including developing appropriate criteria for evaluating applicants. Site development incentives can be awarded only if necessary to secure the project in this State.

Once an incentive is awarded, the Department will enter into an agreement with the business to provide site development within available funds. The agreement is binding on both parties. The agreement must include performance criteria, remedies, and other safeguards to protect the State's investment. The Attorney General must review and approve each agreement.

After a site development incentive is in effect, the Department of Commerce is responsible for monitoring the business's compliance with performance criteria and for carrying out the clawback process if there is a default. The bill appropriates $65,000 to Commerce for the 2004-2005 fiscal year to support a position to carry out this function. These funds are intended to become part of the Department's continuing budget.

The Department of Commerce is required to report quarterly to the Joint Legislative Commission on Governmental Operations on the details of the program, including projects made available to the public that receive incentives and any defaults and repayments.

The provision is effective when the bill becomes law.

Job Development Investment Grant Changes. The 2002 General Assembly adopted legislation that created the Job Development Investment Grant (JDIG) program. Under this program, companies selected by the Economic Investment Committee may enter into agreement with the Committee to receive back 10-75% of its state income tax withholding payments for up to 12 years. The program is limited to 15 projects per year at a maximum cost of $10 million per year in grants. The program sunsets January 1, 2005. The intent of the JDIG program was to secure industrial locations that would go elsewhere **"but for"** the incentive.

HB XXX makes numerous changes to this legislation:

a. In determining whether a business has increased or maintained employment, the Committee may look at a division or unit instead of the entire business. The Committee can choose this option only if it is necessary to secure the project and the

contract contains terms to assure that the business does not create eligibility by transferring existing jobs to the project.

b. Repeals the wage standard as it applies to the JDIG program.

c. Makes technical changes.

The JDIG changes are effective when the bill becomes law.

Extend Bill Lee Credits for Certain Major Industries. The 2002 General Assembly extended the sunset date on the Bill Lee Act until January 1, 2010, for certain interstate air couriers and allowed the minimum investment threshold to be met over seven years instead of two years.

The bill makes the same extensions for eligible major industries. An eligible major industry is any of the following two categories if the taxpayer will invest at least $100 million in acquiring, constructing, or equipping a facility to engage in the industry:

- Bioprocessing
- Pharmaceutical Manufacturing

If the taxpayer does not in fact invest the required amount, it forfeits the benefits of the extensions and must repay the credits.

These changes become effective for tax years beginning on or after January 1, 2004.

Major Industrial Facility Sales Tax Refunds. Allows an annual sales tax refund for the state and local sales tax paid on building materials, building supplies, fixtures, and equipment that become part of the real property of an eligible facility. For a facility to become eligible, the Secretary of Commerce must certify that the owner of the facility will invest at least $100 million in constructing the facility within the State and must be primarily engaged in one of the following industries:

- Bioprocessing
- Pharmaceutical manufacturing

The refund request must be made within six months following the end of the taxpayer's fiscal year.

These provisions become effective for sales tax paid on or after January 1, 2004.

Cigarette Exportation Tax Credit. The 1999 General Assembly approved legislation that provided for a corporate income tax credit for manufacturing cigarettes for exportation to a foreign country. The credit is base on the amount of export volume in the tax year, compared to 1998. The credit may not exceed $6 million per taxpayer, or 50% of the taxpayer's tax liability. Any unused credit can be carried forward for five years. However, the $6 million limit applies to the credit taken for a tax year and any carryforward. Thus,

COVERS

the $6 million is a true maximum that can be taken by the taxpayer in a given year. The credit expires on January 1, 2005

The bill would extend the current credit to January 1, 2018.

ASSUMPTIONS AND METHODOLOGY:

Major Industrial Site Infrastructure. The bill appropriates $65,000 to Commerce for the 2004-2005 fiscal year to support one position. This position will be responsible for evaluating conditions for eligibility, conducting cost benefit analyses, and putting together all the information for the Economic Investment Committee as well as serving as a point of contact for the companies receiving grants. Once grants have been awarded, this position will be responsible for monitoring compliance with performance criteria. Should there be a default of any of the performance criteria on the company's part, this position would also be responsible for ensuring repayment is made to the State.

Major Industrial Facility Sales Tax Refunds. Discussions with the Secretary of Commerce and the policy staff of the Department of Commerce indicate there is one major project that would be eligible for the refund, at the present time, if that company chose to locate in North Carolina. This project would encompass $300 million of total investment, with $200 million being for real property. The Department of Commerce, based on discussions with the client, indicates that approximately 40% of the real property will be spent on construction materials and other items subject to the state and local sales tax. The build-out period is assumed to be 3 years, starting with the 2004 tax year. It is assumed that all of the 2004 activity relating to items subject to the sales and use tax occurs in the second half of the calendar year. For 2005 and 2006 calendar year, the activity is assumed to occur at an even rate throughout the year.

It is unknown how many companies might use the incentive in future years. For purposes of this analysis it is assumed that one additional location will occur in each year, with each location involving the same dollar investment and construction schedule as the 2004 location.

Current law, state and local sales tax rates are used to determine the impacts. Thus, a 4.5% state rate is used until the 4.0% rate kicks in on July 1, 2005.

Under the bill the refunds are made annually, based on an application that is due within 6 months of the end of the state fiscal year. Thus, the 2005-06 fiscal year refunds paid would be based on July 1, 2004-June 30, 2005 sales taxes paid.

Extend Bill Lee Credits for Certain Major Industries. Discussions with the Department of Commerce (see sales tax refund methodology above) indicate that the 2004 calendar year project would involve an investment of $100 million in machinery and equipment. These acquisitions would be eligible for the 7% targeted investment tax credit, taken in equal installments over 7 years beginning in the tax year after the year of investment. For this analysis it is assumed that all of the eligible equipment is purchased during the 2006 tax

year. Thus, the credit would first be received during the 2007 tax year and would show up during the 2007-08 state fiscal year.

In addition, news reports indicate that the 2004 project would initially involve 200 jobs. Thus, the taxpayer would be eligible for the jobs credit of $500 per employee for a Tier 1 county. This credit must be taken over 4 years, beginning with the year after the activity year. It is assumed that 100% of the hiring takes place in the 2006 tax year. Thus, the credit would first be received during the 2007 tax year and would show up during the 2007-08 state fiscal year.

As in the case of the sales tax refund, this analysis assumes a similar investment in size to the 2004 project in each subsequent year, with a Tier 1 location.

Cigarette Exportation Tax Credit. The revenue estimates assume that each of the major cigarette manufacturing companies in North Carolina will use the full amount of the credit. In addition, Fiscal Research Division had discussions with the Department of Revenue and one of the affected major manufacturers.

moves to amend the bill on page 2, lines 39 – 40,
by adding the following between the lines and by renumbering the remaining subsections accordingly:

"(e) Health Insurance. – A business is eligible for consideration for site development under this section only if the business provides health insurance for all of the full-time employees of the project with respect to which the application is made. For the purposes of this subsection, a business provides health insurance if it pays at least fifty percent (50%) of the premiums for health care coverage that equals or exceeds the minimum provisions of the basic health care plan of coverage recommended by the Small Employer Carrier Committee pursuant to G.S. 58-50-125.

Each year that a contract for site development under this section is in effect, the business must provide the Department of Commerce a certification that the business continues to provide health insurance for all full-time employees of the project governed by the contract. If the business ceases to provide health insurance to all full-time employees of the project, Department shall provide for reimbursement of an appropriate portion of the site development funds provided to the business."

Representative Weiss .

moves to amend the bill on page 2, lines 39 – 40,
by adding the following between the lines and by renumbering the remaining subsections accordingly:

"(e) Safety and Health Programs. – In order for a business to be eligible for consideration for site development under this section, the business must have no citations under the Occupational Safety and Health Act that have become a final order within the past three years for willful serious violations or for failing to abate serious violations with respect to the location for which the grant is made. For the purposes of this subsection, 'serious violation' has the same meaning as in G.S. 95-127."

moves to amend the bill on page 2, lines 39 – 40,
by adding the following between the lines and by renumbering the remaining subsections accordingly:

"(e) Environmental Impact. – A business is eligible for consideration for site development under this part only if the business certifies that, at the time of the application, the business has no pending administrative, civil, or criminal enforcement action based on alleged significant violations of any program implemented by an agency of the Department of Environment and Natural Resources, and has had no final determination of responsibility for any significant administrative, civil, or criminal violation of any program implemented by an agency of the Department of Environment and Natural Resources within the last five years. A significant violation is a violation or alleged violation that does not satisfy any of the conditions of G.S. 143-215.6B(d). The Secretary of Environment and Natural Resources must notify the Department of Commerce annually of every person that currently has any of these pending actions and every person that has had any of these final determinations within the last five years."

Representative ~~Miller~~ Howard

moves to amend the bill on page 1, lines 10 by deleting the word "AND";

and on page 1, line 11, by rewriting the line to read:
"CREDIT, AND (5) CREATE AN ENHANCED TAX CREDIT FOR CIGARETTE EXPORTATION";

and on page 12, line 4, by rewriting the line to read:

"**SECTION 5.2.** G.S. 105-130.45 is amended by adding the following new subsection to read:

'(e) No Double Credit. – A taxpayer may not claim this credit and the credit allowed under G.S. 105-130.46 for the same activity.'

SECTION 5.3. This part is effective when it becomes law.

PART 6. ENHANCED CIGARETTE EXPORTATION TAX CREDIT

SECTION 6.1. Part 1 of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

'**§ 105-130.46. Credit for manufacturing cigarettes for exportation while increasing employment and utilizing State Ports.**

(a) Definitions. – The following definitions apply in this section:

(1) Employment level. – The total number of full-time jobs and part-time jobs converted into full-time equivalences.

(2) Exportation. – The shipment of cigarettes manufactured in the United States to a foreign country sufficient to relieve the cigarettes in the shipment of the federal excise tax on cigarettes.

(3) Full-time job. – A position that requires at least 1,600 hours of work per year and is intended to be held by one employee during the entire year.

(4) Successor in business. – A corporation that through amalgamation, merger, acquisition, consolidation, or other legal succession becomes invested with the rights and assumes the burdens of the predecessor corporation and continues the cigarette exportation business.

(b) Employment Level. – In order to be eligible for a full credit allowed under this section, the corporation must maintain an employment level in this State that exceeds the corporation's employment level in this State at the end of the 2004 calendar year by at least 800 full-time jobs. In the case of a successor in business, the corporation must maintain an employment level in this State that exceeds all its predecessor corporations' combined employment levels in this State at the end of the 2004 calendar year by at least 800 full-time jobs. A job is located in this State if more than fifty percent (50%) of the employee's duties are performed in this State.

(c) Credit. – A corporation that satisfies the employment level requirement under subsection (b) of this section, is engaged in the business of manufacturing cigarettes for exportation, and exports cigarettes and other tobacco products through the North Carolina State Ports during the taxable year is allowed a credit as provided in this section. The amount of credit allowed under this section is equal to forty cents (40¢) per one thousand cigarettes exported. The amount of credit earned during the taxable year may not exceed ten million dollars ($10,000,000).

(d) Reduction of Credit. – A corporation that has previously satisfied the qualification requirements of this section but that fails to satisfy the employment level requirement in a succeeding year may still claim a partial credit for the year in which the employment level requirement is not satisfied. The partial credit allowed is equal to the credit that would otherwise be allowed under subsection (c) of this section multiplied by a fraction. The numerator of the fraction is the number of full-time jobs by which the corporation's employment level in this State exceeds the corporation's employment level in this State at the end of the 2004 calendar year. The denominator of the fraction is 800. In the case of a successor in business, the numerator of the fraction is the number of full-time jobs by which the corporation's employment level in this

State exceeds all its predecessor corporations' combined employment levels in this State at the end of the 2004 calendar year.

(e) Allocation. – The credit allowed by this section may be taken against the income taxes levied under this Part or the franchise taxes levied under Article 3 of this Chapter. When the taxpayer claims a credit under this section, the taxpayer must elect the percentage of the credit to be applied against the taxes levied under this Part with any remaining percentage to be applied against the taxes levied under Article 3 of this Chapter. This election is binding for the year in which it is made and for any carryforwards. A taxpayer may elect a different allocation for each year in which the taxpayer qualifies for a credit.

(f) Ceiling. – The total amount of credit that may be taken in a taxable year under this section may not exceed the lesser of the amount of credit which may be earned for that year under subsection (c) of this section or fifty percent (50%) of the amount of tax against which the credit is taken for the taxable year reduced by the sum of all other credits allowable, except tax payments made by or on behalf of the taxpayer. This limitation applies to the cumulative amount of the credit allowed in any tax year, including carryforwards claimed by the taxpayer under this section or G.S. 105-130.45 for previous tax years.

(g) Carryforward. – Any unused portion of a credit allowed in this section may be carried forward for the next succeeding 10 years. All carryforwards of a credit must be taken against the tax against which the credit was originally claimed. A successor in business may take the carryforwards of a predecessor corporation as if they were carryforwards of a credit allowed to the successor in business.

(h) Documentation of Credit. – A corporation that claims the credit under this section must include the following with its tax return:

(1) A statement of the exportation volume on which the credit is based.

(2) A list of the corporation's export volumes shown on its monthly reports to the Alcohol and Tobacco Tax and Trade Bureau of the United States Treasury for the months in the tax year for which the credit is claimed.

(3) Any other information required by the Department of Revenue.

(i) No Double Credit. – A taxpayer may not claim this credit' and the credit allowed under G.S. 105-130.45 for the same activity.'".

COMMITTEE MINUTES

North Carolina General Assembly

House Committee on Finance

Minutes

~

May 20, 2004

The House Committee on Finance met on Thursday, May 20, 2004 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Luebke, McComas, and Wainwright; Vice-Chairs Alexander, Decker, Gibson, Hill, and Wood; Representatives Blackwood, Bordsen, Carney, Ellis, Glazier, Hackney, Holliman, Jones, Lewis, McGee, Rayfield, Ross, Setzer, Starnes, Weiss, C. Wilson, and Womble; and Ex-Officio Members Representatives Brubaker and Cunningham. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Frank Prevo, Dusty Rhodes, and Walter Spell. Staff persons present included Richard Bostic, David Crotts, Trina Griffin, Martha Harris, Linda Millsaps, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as **attachments 1 and 2.**

Chairman Allen called the meeting to order at 8:39 am and recognized the three (3) pages present: (1) Danielle Bagley of Granville County, sponsored by Representative Crawford; (2) Lawrence Kovalcin of Watauga County, sponsored by Representative David Miner; and (3) Shannon Power of Granville County, sponsored by Representative Crawford.

Chairman Allen also made several announcements prior to consideration of the bills on the Committee's calendar. He first announced that Representative Daughtridge had recently been appointed as a member of the Finance Committee in the place of Representative McCombs, who passed away during the interim. The Chair also announced that Representative Daughtridge as well as Representative Wood had been appointed by the Co-Speakers of the House as Vice-Chairs of the Committee. He then offered them the Committee's congratulations.

As the first matter of business on the agenda, Chairman Allen recognized Representative Brubaker to explain <u>HB 1465 – ALLOW FAMILY BUSINESS TO LEASE FARMLAND</u> (see **attachment 3** for the bill and related materials). Representative Brubaker, as the bill sponsor, explained that the bill was a recommendation of the Property Tax Subcommittee of the Revenue Laws Study Committee. The bill allows farmland owned by a business entity (i.e. an L.L.C.) to keep its present-value status when the land is leased to a nonmember of the entity, as long as all members of the business entity are relatives. In addition, he noted that this land must be leased for agricultural, horticultural, and forestry purposes. Following this explanation, the Chair recognized Representative Blackwood for a question to the bill sponsor. Representative Blackwood asked Representative Brubaker if the bill applied only to land that has been traditionally farmed. Representative Brubaker responded that that was correct. Chairman Allen then recognized Representative Luebke who made a motion for a favorable report to House Bill 1465. The Chair then called the matter to a vote, and the motion carried without known objection.

Chairman Allen next recognized Representative Luebke, sponsor of **HB 1448 – NOTICE PERIOD FOR SALES AND USE TAX REFUNDS** (see **attachment 4**), to provide an explanation of the bill. Representative Luebke noted that this bill was a recommendation of the Revenue Laws Study Committee. It requires a purchaser seeking a refund of over-collected sales or use tax to provide written notice to the seller and to allow the seller 60 days to respond before the purchaser may bring a legal cause of action against the seller. Representative Luebke also noted that this bill was necessary in order to conform to the Streamlined Sales Tax Agreement. Following this explanation, Representative Luebke then moved for a favorable report on House Bill 1448. However, the Chair first recognized Representative Hackney for an inquiry. He asked why an allowance of 60 days was necessary instead of 30 days. Representative Luebke deferred to Staffperson Trina Griffin who explained that the 60 days were necessary because of, again, the Streamlined Sales Tax Agreement. Seeing no further discussion, Chairman Allen then called Representative Luebke's motion to a vote and the motion carried without known objection.

Chairman Wainwright then assumed the Chair in order for the next bill on the Committee's agenda to be considered, as Chairman Allen was the bill's sponsor. Chairman Wainwright then recognized Representative Womble who moved that the Proposed Committee Substitute (PCS) for House Bill 1227 be adopted for the Committee's consideration and the motion carried without objection. Representative G. Allen was then recognized to explain **HB 1227 – FINANCE PARKS AND HERITAGE** (see **attachment 5**). Representative Allen then yielded explanation to Secretary of the North Carolina Department of Environment and Natural Resources (NCDENR), Bill Ross. Secretary Ross, with the assistance of Staffperson Martha Harris, explained that the bill acts to authorize the State to issue or incur special indebtedness to finance the acquisition of property for two programs: (1) the Parks and Recreation Trust Fund for repairs and renovations of park facilities, capital projects, and land acquisition for the State Parks System; and (2) the Natural Heritage Trust Fund to acquire land that represents the ecological diversity of the State and land for State parks, wildlife areas, and similar public purposes. Secretary Ross noted that this bill would allow NCDENR to finance many of the lands the State needs to acquire in order to enhance parks and heritage rather than using the typical "pay-as-you-go" philosophy that the State has traditionally relied upon. He stated that the State no longer had the funds "upfront" to ensure the needs of the State Park System. Following this explanation, Chairman Wainwright recognized Representative Womble for an inquiry to the bill sponsor. Representative Womble inquired as to whether there was any opposition to the bill. Representative Allen responded that polls he had received indicated that the majority is in support of the bill. The Chair then recognized Representative Womble again following this response who moved for approval of House Bill 1227. Chairman Wainwright next recognized Representative Blackwood for a question to staff. He asked if there was a limit to the amount of debt that could be financed in the bill and Staffperson Martha Harris explained that there was a limit, referring to the bill's summary (see attachment 5). Representative Gibson was recognized next and noted his support of the bill as one of the best bills environmentally that the State of North Carolina has ever seen. Extensive discussion then ensued among the members with regard to the overall total indebtedness of the State. Representative Starnes was recognized by Chairman Wainwright and stated that he would prefer to hear from the State Treasurer's Office prior to the Committee taking a vote on the matter. Since no one from the Treasurer's office was present at that time, that office's presence before the Committee was requested immediately. Representative Starnes further stated his belief that the State continues to accumulate far too much debt at the present time, given the current state of the State and nation's economies. The Chair then recognized Representative Luebke who responded by stating that while he could certainly understand these concerns, he felt that NCDENR had made a good case for its need of this bill. He also stated his belief that the State would benefit greatly from the bill through increased tourism.

Representative Hackney was also recognized by the Chair to address Representative Starnes' concerns. Representative Hackney stated that fiscally speaking, North Carolina was in much better shape than most other states with regard to overall debt capacity. Following this, Chairman Wainwright recognized Representative McGee who stated his belief that the continued issuance of Certificates of Participation (COPs), which would act as the financing mechanism in this bill, limited the actions that future Legislators could take with regard to the State's debt capacity. Representative Hackney, however, once recognized, stated that this bill would act to finance the acquisition of land, a commodity that will only increase in value. Chairman Wainwright then recognized Chief Deputy Joe Stewart with the Office of the State Treasurer who had just arrived to address Representative Starnes' earlier inquiry as to whether the State was in a position to incur the increased debt required in this bill. Mr. Stewart informed Representative Starnes and the other members of the Committee that North Carolina's current percent of indebtedness as compared to the State's current budget totals would allow some room for the Legislature to take on additional projects requiring special financing (such as the issuance of COPs). However, Mr. Stewart also noted that while it appears to be in the State's ability to incur this additional debt, the Treasurer does not necessarily advocate that position. In addition, he stated that the indebtedness proposed in this bill would be a factor in the State's total overall fiscal rating. He also explained that the Treasurer estimates that there is approximately $300 million in indebtedness available to the State that can be borrowed without affecting the State's bond ratings. Following Mr. Stewart's response, Chairman Wainwright again recognized Representative Womble who stated he felt the bill is a good one overall – that it is good for the protection of water and air as well as tourism. He was then recognized for a motion by the Chair and moved that House Bill 1227 be given a favorable report as to the PCS and an unfavorable report as to the original bill. As there was no further discussion, Chairman Wainwright then called the motion to a vote, and the motion carried.

HB 1497 – ADOPT FLAT FEE FOR DEBT COLLECTION (see **attachment 6**) was the next bill discussed by the Committee. Chairman Allen having resumed the chair, recognized Representative Wainwright, the bill sponsor, who proceeded to explain the bill to the Committee. Representative Wainwright first noted that the bill was a recommendation of the Revenue Laws Study Committee. He stated that the bill acted to adopt a flat collection assistance fee of $5.00 for debts collected by the Department of Revenue under the Setoff Debt Collection Act. Following this brief explanation, Chairman Allen then recognized Representative Wainwright for a motion. Representative Wainwright moved that House Bill 1497 be given a favorable report. Seeing no discussion, the Chair then called the motion to a vote and it carried without objection.

Chairman Allen then recognized Representative Alexander to explain the final bill on the Committee's calendar: **HB 1356 – INCREASE FEES/QUALIFS. FOR DWI ASSESSMENTS** (see **attachment 7**). Representative Alexander noted first that the bill was a recommendation of the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services. She then explained that the bill acts to do the following: (1) increases the fee that a DWI offender must pay for a substance abuse assessment from $50 to $100; (2) specifically outlines what individuals are authorized to conduct substance abuse assessments; (3) requires effective October 1, 2008 that substance abuse counselor interns will no longer be allowed to conduct substance abuse assessments; and (4) directs the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services to study the certification requirements for persons conducting alcohol and drug education traffic (ADET) schools as well as the fee that should be paid by a DWI offender who receives treatment or attends ADET school. Following this explanation, Representative Alexander then moved that House Bill 1356 be given a favorable report. Prior to acting on this motion, however, Chairman Allen recognized Representative Blackwood who inquired as to why it was necessary to increase the fee that a DWI offender must pay for a substance abuse assessment as much as 100 percent (from $50 to $100).

Representative Alexander, with the assistance of Michael Isen with the North Carolina Department of Health and Human Services, Division of Mental Health, explained that the reason for the increase was simply that the fee had not been increased since 1985 and the actual cost of performing an assessment is now approximately $90. Following this discussion, the Chair recognized Representative Glazier who stated his support of the bill because of its intent to increase the quality of those performing substance abuse assessments. He then made a motion that HB 1356 be given a favorable report. Chairman Allen, seeing no further discussion on the bill, called the motion to a vote and it was adopted without objection.

Having no further business before the Committee, Chairman Allen adjourned the meeting at 9:48 am.

Respectfully submitted,

Representative Gordon Allen

HOUSE BILL 1465

Short Title:	Allow Family Business to Lease Farmland.	(Public)
Sponsors:	Representatives Brubaker; Luebke, G. Allen, Hill, McGee, Miner, Wainwright, Wood, Glazier, Goodwin, and Mitchell.	
Referred to:	Finance.	

May 17, 2004

A BILL TO BE ENTITLED

AN ACT TO ALLOW FARMLAND OWNED BY A FAMILY BUSINESS TO KEEP ITS PRESENT-USE VALUE TAX STATUS WHEN LEASED FOR FARM USE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-277.2 reads as rewritten:

"**§ 105-277.2. Agricultural, horticultural, and forestland – Definitions.**

The following definitions apply in G.S. 105-277.3 through G.S. 105-277.7:

(1) Agricultural land. – Land that is a part of a farm unit that is actively engaged in the commercial production or growing of crops, plants, or animals under a sound management program. Agricultural land includes woodland and wasteland that is a part of the farm unit, but the woodland and wasteland included in the unit must be appraised under the use-value schedules as woodland or wasteland. A farm unit may consist of more than one tract of agricultural land, but at least one of the tracts must meet the requirements in G.S. 105-277.3(a)(1), and each tract must be under a sound management program. If the agricultural land includes less than 20 acres of woodland, then the woodland portion is not required to be under a sound management program. Also, woodland is not required to be under a sound management program if it is determined that the highest and best use of the woodland is to diminish wind erosion of adjacent agricultural land, protect water quality of adjacent agricultural land, or serve as buffers for adjacent livestock or poultry operations.

(1a) Business entity. – A corporation, a general partnership, a limited partnership, or a limited liability company.

(2) Forestland. – Land that is a part of a forest unit that is actively engaged in the commercial growing of trees under a sound management program. Forestland includes wasteland that is a part of the forest unit,

but the wasteland included in the unit must be appraised under the use-value schedules as wasteland. A forest unit may consist of more than one tract of forestland, but at least one of the tracts must meet the requirements in G.S. 105-277.3(a)(3), and each tract must be under a sound management program.

(3) Horticultural land. – Land that is a part of a horticultural unit that is actively engaged in the commercial production or growing of fruits or vegetables or nursery or floral products under a sound management program. Horticultural land includes woodland and wasteland that is a part of the horticultural unit, but the woodland and wasteland included in the unit must be appraised under the use-value schedules as woodland or wasteland. A horticultural unit may consist of more than one tract of horticultural land, but at least one of the tracts must meet the requirements in G.S. 105-277.3(a)(2), and each tract must be under a sound management program. If the horticultural land includes less than 20 acres of woodland, then the woodland portion is not required to be under a sound management program. Also, woodland is not required to be under a sound management program if it is determined that the highest and best use of the woodland is to diminish wind erosion of adjacent horticultural land or protect water quality of adjacent horticultural land.

(4) Individually owned. – Owned by one of the following:

a. A natural person. For the purpose of this section, a natural person who is an income beneficiary of a trust that owns land may elect to treat the person's beneficial share of the land as owned by that person. If the person's beneficial interest is not an identifiable share of land but can be established as a proportional interest in the trust income, the person's beneficial share of land is a percentage of the land owned by the trust that corresponds to the beneficiary's proportional interest in the trust income. For the purpose of this section, a natural person who is a member of a business entity, other than a corporation, that owns land may elect to treat the person's share of the land as owned by that person. The person's share is a percentage of the land owned by the business entity that corresponds to the person's percentage of ownership in the entity.

b. A business entity having as its principal business one of the activities described in subdivisions (1), (2), and (3) and whose members are all natural persons who meet one or more of the ~~following conditions:~~conditions listed in this sub-subdivision. For the purpose of this sub-subdivision, the terms 'having as its principal business' and 'actively engaged in the business of the entity' include the leasing of the land for one of the activities

described in subdivisions (1), (2), and (3) only if all members of the business entity are relatives.

1. The member is actively engaged in the business of the entity.
2. The member is a relative of a member who is actively engaged in the business of the entity.
3. The member is a relative of, and inherited the membership interest from, a decedent who met one or both of the preceding conditions after the land qualified for classification in the hands of the business entity.

c. A trust that was created by a natural person who transferred the land to the trust and each of whose beneficiaries who is currently entitled to receive income or principal meets one of the following conditions:
1. Is the creator of the trust or the creator's relative.
2. Is a second trust whose beneficiaries who are currently entitled to receive income or principal are all either the creator of the first trust or the creator's relatives.

d. A testamentary trust that meets all of the following conditions:
1. It was created by a natural person who transferred to the trust land that qualified in that person's hands for classification under G.S. 105-277.3.
2. At the time of the creator's death, the creator had no relatives as defined in this section as of the date of death.
3. The trust income, less reasonable administrative expenses, is used exclusively for educational, scientific, literary, cultural, charitable, or religious purposes as defined in G.S. 105-278.3(d).

e. Tenants in common, if each tenant is either a natural person or a business entity described in sub-subdivision b. of this subdivision. Tenants in common may elect to treat their individual shares as owned by them individually in accordance with G.S. 105-302(c)(9). The ownership requirements of G.S. 105-277.3(b) apply to each tenant in common who is a natural person, and the ownership requirements of G.S. 105-277.3(b1) apply to each tenant in common who is a business entity.

(4a) Member. – A shareholder of a corporation, a partner of a general or limited partnership, or a member of a limited liability company.

(5) Present-use value. – The value of land in its current use as agricultural land, horticultural land, or forestland, based solely on its ability to produce income and assuming an average level of management. A rate of nine percent (9%) shall be used to capitalize the expected net income of forestland. The capitalization rate for agricultural land and

horticultural land is to be determined by the Use-Value Advisory Board as provided in G.S. 105-277.7.

(5a) Relative. – Any of the following:

a. A spouse or the spouse's lineal ancestor or descendant.

b. A lineal ancestor or a lineal descendant.

c. A brother or sister, or the lineal descendant of a brother or sister. For the purposes of this sub-subdivision, the term brother or sister includes stepbrother or stepsister.

d. An aunt or an uncle.

e. A spouse of a person listed in paragraphs a. through d.

For the purpose of this subdivision, an adoptive or adopted relative is a relative and the term "spouse" includes a surviving spouse.

(6) Sound management program. – A program of production designed to obtain the greatest net return from the land consistent with its conservation and long-term improvement.

(7) Unit. – One or more tracts of agricultural land, horticultural land, or forestland. Multiple tracts must be under the same ownership. If the multiple tracts are located within different counties, they must be within 50 miles of a tract qualifying under G.S. 105-277.3(a) and share one of the following characteristics:

a. Type of classification.

b. Use of the same equipment or labor force."

SECTION 2. This act is effective for taxes imposed for taxable years beginning on or after July 1, 2004.

HOUSE BILL 1465:
Allow Family Business to Lease Farmland

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Brubaker
Date:	May 18, 2004	**Analysis by:**	Martha Walston
Version:	1st Edition		Committee Counsel

SUMMARY: HB 1465 is a recommendation of the Revenue Laws Study Committee and its Property Tax Subcommittee. The bill allows farmland owned by a business entity to keep its present-use value status when the land is leased to a nonmember of the entity, as long as all members of the business entity are relatives. The land must be leased for agricultural, horticultural, or forestry purposes.

CURRENT LAW: Agricultural land, horticultural land, and forestland must meet certain size, income, and ownership requirements in order to qualify as special classes of property subject to taxation at present-use value rather than fair market value. This property must be individually owned, which means owned by a natural person, a business entity, a trust, a testamentary trust, or tenants in common. Business entity is defined in G.S. 105-277.2 as a corporation, a general partnership, a limited partnership, or a limited liability company. G.S. 105-277.2(4)b also requires that the principal business of the business entity be either agriculture, horticulture, or forestry. In addition, all members of the business entity must be natural persons who meet one or more of the following conditions:

1. The member is actively engaged in the business of the entity.
2. The member is a relative of a member who is actively engaged in the business of the entity.
3. The member is a relative of, and inherited the membership interest from, a decedent who met one or both of the preceding conditions after the land qualified for classification in the hands of the business entity.

In a 1987 Property Tax Commission decision, the Commission was confronted with a factual situation wherein agricultural land, owned by a corporation, was leased by the corporation's shareholders to a non-member. The facts were that the lessee, not the corporation, provided the capital equipment, bore the risks associated with the farming operation, and made the decisions as to the crops to be planted, the equipment needed, and the labor to be hired. The Commission concluded that the corporation was engaged in the business of leasing land and was not in the principal business of and actively engaged in the commercial production of growing crops, plants, or animals. The Commission, therefore, ordered that the county correctly denied present-use value status. Based upon this decision, the Department of Revenue has interpreted the language in G.S. 105-277.2(4)b to deny present-use value status to land owned by a business entity where the members' role consists solely of negotiating a lease of the farmland.

By contrast, the current law does not require that a natural person who owns farmland be actively engaged in the business of agriculture, horticulture, or forestry. This means that a

widow who inherits farmland from her husband will not lose the benefit of present-use value tax status if she negotiates a lease for the land to be farmed by another. However, the land still must meet the ownership requirements for a natural person and the size and income requirements for agricultural land, horticultural land, or forestland.

BILL ANALYSIS: The bill amends G.S. 105-277.2(4)b so that land owned by a business entity will not lose its present-use value status if its members lease the land for the purpose of agriculture, horticulture, or forestry and if all members of the business entity are relatives.[1] The bill adds language that the terms "having as its principal business" and "actively engaged in the business of the entity" include the leasing of land for agriculture, horticulture, or forestry as long as all members of the business entity are relatives.

This proposal will allow family businesses to keep their present-use value status if the members do not want to physically participate in farming the land or to make decisions about the farming activity. As a result farmland owned by a limited liability company whose members are a father and his three children, will not lose its present-use value status when the father, who has been physically farming the land, dies and the three children decide to lease the land to a nonmember to handle all farming activity.

EFFECT OF BILL DRAFT ON FOLLOWING SITUATIONS: The Department of Revenue offers the following situations to show the impact of this bill:

1. Husband and wife farm the land - land qualifies.
   Husband and wife form LLC and still farm - land qualifies.
   Husband dies, wife does not farm but leases land out to be farmed - land qualifies.
2. Husband and wife farm the land - land qualifies.
   Husband and wife form LLC and still farm - land qualifies.
   Land inherited by children who lease land out to be farmed. - land qualifies.
3. Husband and wife farm the land—land qualifies.
   Family held LLC formed and members all farm - land qualifies.
   Membership interests inherited by relatives who now lease out the land to be farmed - land qualifies.
4. Three non-relatives form a LLC and farm the land - land qualifies.
   The LLC stops farming and starts to lease land out to be farmed - land disqualified.

---

[1] G.S. 105-277.2(5a) defines "relative as any of the following:

- A spouse or the spouse's lineal ancestor or descendant.
- A lineal ancestor or a lineal descendant.
- A brother or sister, or the lineal descendant of a brother or sister. The term brother or sister includes stepbrother or stepsister.
- An aunt or an uncle
- A spouse of a person listed in one of the categories above.

For the purpose of this subdivision, an adoptive or adopted relative is a relative and the term "spouse" includes a surviving spouse.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: House Bill 1465 (First Edition)

SHORT TITLE: Allow Family Business to Lease Farmland.

SPONSOR(S): Representative Brubaker

FISCAL IMPACT

Yes ( ) **No ( )** **No Estimate Available (X)**

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES					
General Fund	**No General Fund Impact**				
Local Governments	**See Assumptions and Methodology**				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina Local Governments

EFFECTIVE DATE: This act is effective for taxes imposed for taxable years beginning on or after July 1, 2004.

BILL SUMMARY: The bill changes the current present-use value program for property taxes to allow farmland owned by a business entity to keep its present-use value status when the land is leased to a nonmember, as long as all members of the business entity are relatives. This is a recommendation of the Revenue Laws Study Committee.

ASSUMPTIONS AND METHODOLOGY: Under the current present use value program, property can qualify for a lower valuation if it meets a series of size, use, and ownership requirements. According to a 1987 Property Tax Commission decision, if the property is owned by a business entity, members of the business entity or their relatives must be "actively engaged" in the business of farming for the property to continue to qualify for the use value program. (The Commission determined that leasing land in and of itself did not qualify as actively engaged in farming. As a result, the primary business then becomes land leasing and not farming). A similar provision does not exist for properties owned by an individual. This has the net result of disqualifying land from the program if it is owned by a family business but is leased to a non-relative. If an individual held the same property, the land would still qualify if the property were

leased. (In both cases, the leased land must still meet the remaining use and size requirements.) The bill effectively removes this distinction.

Because this is a property tax issue, no General Fund impact is expected. Fiscal Research cannot estimate the impact this change will have on local governments, as we have no data on what properties might qualify if the ownership requirements were changed. The bill will result in a loss of revenue to local governments, as it will allow more parcels to qualify for the farm use program. However, because of the limited nature of the change, the revenue loss for local governments is expected to be fairly small.

HOUSE BILL 1448

Short Title:	Notice Period for Sales and Use Tax Refunds.	(Public)
Sponsors:	Representatives Luebke; G. Allen, Wainwright, Miner, Brubaker, Hill, Wood, and McGee.	
Referred to:	Finance.	

May 17, 2004

A BILL TO BE ENTITLED

AN ACT TO REQUIRE THAT SELLERS BE PROVIDED WITH NOTICE AND A SIXTY-DAY PERIOD TO RESPOND TO A REQUEST FOR A REFUND OF OVER-COLLECTED SALES OR USE TAXES BEFORE A PURCHASER MAY BRING A CAUSE OF ACTION AGAINST THE SELLER.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-164.11 reads as rewritten:

"**§ 105-164.11. Excessive and erroneous collections.**

(a) Remittance of Over-Collections to Secretary. – When the tax collected for any period is in excess of the total amount that should have been collected, the total amount collected must be paid over to the Secretary. When tax is collected for any period on exempt or nontaxable sales the tax erroneously collected shall be remitted to the Secretary and no refund shall be made to a taxpayer unless the purchaser has received credit for or has been refunded the amount of tax erroneously charged. This provision shall be construed with other provisions of this Article and given effect so as to result in the payment to the Secretary of the total amount collected as tax if it is in excess of the amount that should have been collected.

(b) Refund Procedures First Remedy. – The first course of remedy available to purchasers seeking a refund of over-collected sales or use taxes from the seller are the customer refund procedures provided in this Chapter or otherwise provided by administrative rule, bulletin, or directive on the law issued by the Secretary.

(c) Cause of Action Against Seller. – A cause of action against the seller for over-collected sales or uses taxes does not accrue until a purchaser has provided written notice to a seller and the seller has had 60 days to respond. The notice to the seller must contain the information necessary to determine the validity of the request.

(d) Presumption of Reasonable Business Practice. – In connection with a purchaser's request from the seller of over-collected sales or use taxes, a seller shall be presumed to have a reasonable business practice if, in the collection of sales and use

taxes, the seller uses either a provider or a system, including a proprietary system, that is certified by the State and the seller has remitted to the State all taxes collected less any deductions, credits, or collection allowances."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 1448:
Notice Period for Sales & Use Tax Refunds

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Luebke
Date:	May 20, 2004	**Summary by:**	Trina Griffin
Version:	1st Edition		Committee Counsel

SUMMARY: ***This bill, which is a recommendation of the Revenue Laws Study Committee, requires a purchaser seeking a refund of over-collected sales or use tax to provide written notice to the seller and to allow the seller 60 days to respond before the purchaser may bring a cause of action against the seller. This requirement is necessary to conform to the Streamlined Sales Tax Agreement.***

BILL ANALYSIS:

Under the Streamlined Sales Tax Agreement, purchasers seeking a refund of over-collected sales or use taxes must provide the seller with written notice and allow the seller 60 days in which to respond prior to bringing a cause of action against the seller.

Earlier this year, the Department of Revenue adopted this provision as part of a technical bulletin. However, retailers have expressed a preference for having the provisions codified in statute.

Therefore, this bill would codify current Department policy regarding refund procedures for over-collected sales and use tax.

The bill would become effective when it becomes law.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: House Bill 1448 (First Edition)

SHORT TITLE: Notice Period for Sales and Use Tax Refunds.

SPONSOR(S): Representative Luebke

REVENUES					
General Fund	**(See Assumptions and Methodology)**				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina Department of Revenue.

EFFECTIVE DATE: When it becomes law.

BILL SUMMARY: The bill requires that sellers be given notice and 60 days to respond to a purchaser request for a refund of over collected sales taxes before a purchaser can bring a cause of action against the seller. The bill is part of the State's efforts to comply with the Streamlined Sales Tax Project requirements and the recommendation of the Revenue Laws Study Committee.

ASSUMPTIONS AND METHODOLOGY: The legislation changes the process through which a purchaser can challenge a potential overpayment of sales tax to a retailer. The Department indicates that this procedural change is needed to comply with the Streamlined Sales Tax Project requirements. Because this portion only makes procedural changes, no fiscal impact is expected by either Fiscal Research or the Department of Revenue.

SOURCES OF DATA: North Carolina Department of Revenue.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS FOR CAPITAL IMPROVEMENTS AND LAND ACQUISITION FOR PARKS, RECREATION, AND THE PRESERVATION OF NATURAL HERITAGE.

The General Assembly of North Carolina enacts:

PART 1. PARKS RENOVATION AND ACQUISITION

SECTION 1.1. Authorization. – In accordance with G.S. 142-83 this part authorizes the issuance or incurrence of special indebtedness in the maximum principal amount provided in this part to be used to finance the cost of parks projects. As used in this part, the term "parks projects" means capital projects for the State Parks System, repairs and renovations of park facilities, and land acquisition for the State Parks System, pursuant to G.S. 113-44.15(b)(1). Special indebtedness authorized by this section shall be issued or incurred only in accordance with Article 9 of Chapter 142 of the General Statutes.

SECTION 1.2. Identification of Parks Projects. – The specific parks projects for which the special indebtedness may be used are to be identified by the North Carolina Parks and Recreation Authority as provided in G.S. 113-44.15.

SECTION 1.3. Maximum Amount. – The maximum principal amount of special indebtedness that may be issued pursuant to this part is the maximum amount for which the aggregate annual principal and interest payments to be made in any year on the indebtedness will not exceed the annual amount identified in G.S. 113-44.15. If the annual amount is increased, the maximum principal amount increases accordingly.

SECTION 1.4. G.S. 113-44.15 reads as rewritten:

"**§ 113-44.15. Parks and Recreation Trust Fund.**

(a) Fund Created. – There is established a Parks and Recreation Trust Fund in the State Treasurer's Office. The Trust Fund shall be a nonreverting special revenue fund consisting of gifts and grants to the Trust Fund, monies credited to the Trust Fund

pursuant to G.S. 105-228.30(b), and other monies appropriated to the Trust Fund by the General Assembly.

(b) Use. – Funds in the Trust Fund are annually appropriated to the North Carolina Parks and Recreation Authority and, unless otherwise specified by the General Assembly or the terms or conditions of a gift or grant, shall be allocated and used as follows:

~~(1)~~ ~~Sixty-five percent (65%) for the State Parks System for capital projects, repairs and renovations of park facilities, and land acquisition.~~acquisition, and to retire debt incurred for these purposes under Article 9 of Chapter 142 of the General Statutes.

(2) Thirty percent (30%) to provide matching funds to local governmental units or public authorities as defined in G.S. 159-7 on a dollar-for-dollar basis for local park and recreation purposes. The appraised value of land that is donated to a local government unit or public authority may be applied to the matching requirement of this subdivision. These funds shall be allocated by the North Carolina Parks and Recreation Authority based on criteria patterned after the Open Project Selection Process established for the Land and Water Conservation Fund administered by the National Park Service of the United States Department of the Interior.

(3) Five percent (5%) for the Coastal and Estuarine Water Beach Access Program.

(b1) Geographic Distribution. – In allocating funds in the Trust Fund under this subsection, the North Carolina Parks and Recreation Authority shall consider geographic distribution across the State to the extent practicable.

(b2) Administrative Expenses. – Of the funds appropriated to the North Carolina Parks and Recreation Authority from the Trust Fund each year, no more than three percent (3%) may be used by the Department for operating expenses associated with managing capital improvements projects, acquiring land, and administration of local grants programs.

(c) Reports. – The North Carolina Parks and Recreation Authority shall report no later than October 1 of each year to the Joint Legislative Commission on Governmental Operations, the House and Senate Appropriations Subcommittees on Natural and Economic Resources, the Fiscal Research Division, and the Environmental Review Commission on allocations from the Trust Fund from the prior fiscal year. The Authority also shall provide a progress report no later than March 15 of each year to the same recipients on the activities of and the expenditures from the Trust Fund for the current fiscal year.

(d) Debt. – The Authority may allocate up to fifty percent (50%) of the portion of the annual appropriation identified in subdivision (b)(1) of this section to reimburse the General Fund for debt service on special indebtedness to be issued or incurred under Article 9 of Chapter 142 of the General Statutes for the purposes provided in subdivision (b)(1) of this section. In order to allocate funds for debt service reimbursement, the Authority must identify to the State Treasurer the specific parks

projects for which it would like special indebtedness to be issued or incurred and the annual amount it intends to make available, and request the State Treasurer to issue or incur the indebtedness. After special indebtedness has been issued or incurred for a parks project requested by the Authority, the Authority must credit to the General Fund each year the lesser of the annual amount it identified in the request or the actual aggregate principal and interest payments to be made in that year on the special indebtedness, as identified by the State Treasurer."

PART 2. PARKS, RECREATION, AND PRESERVATION OF NATURAL HERITAGE

SECTION 2.1. Authorization. – In accordance with G.S. 142-83, as enacted by this act, this part authorizes the issuance or incurrence of special indebtedness in the maximum principal amount provided in this part to be used to finance the cost of natural heritage projects. As used in this part, the term "natural heritage projects" means acquiring land for parks, recreation, and the preservation of natural heritage, pursuant to G.S. 113-77.9(b)(1) and (2). Special indebtedness authorized by this section shall be issued or incurred only in accordance with Article 9 of Chapter 142 of the General Statutes.

SECTION 2.2. Identification of Natural Heritage Projects. – The specific natural heritage projects for which the special indebtedness may be used are to be identified by the Trustees of the Natural Heritage Trust Fund as provided in G.S. 113-77.9.

SECTION 2.3. Maximum Amount. – The maximum principal amount of special indebtedness that may be issued pursuant to this part is the maximum amount for which the aggregate annual principal and interest payments to be made in any year on the indebtedness will not exceed the annual amount identified in G.S. 113-77.9. If the annual amount is increased, the maximum principal amount increases accordingly.

SECTION 2.4. G.S. 113-77.9 reads as rewritten:

"**§ 113-77.9. Acquisition of lands with funds from the Natural Heritage Trust Fund.**

(a) Proposals. – From time to time, but at least once each year, the Secretary, the Chairman of the North Carolina Wildlife Resources Commission, the Commissioner of Agriculture, and the Secretary of Cultural Resources may propose to the Trustees lands to be acquired with funds from the Fund. For each tract or interest proposed, the Secretary, the Chairman of the North Carolina Wildlife Resources Commission, the Commissioner of Agriculture, and the Secretary of Cultural Resources shall provide the Trustees with the following information:

(1) The value of the land for recreation, forestry, fish and wildlife habitat, and wilderness purposes, and its consistency with the plan developed pursuant to the State Parks Act, the State's comprehensive plan for outdoor recreation, parks, natural areas development, and wildlife management goals and objectives.

(2) Any rare or endangered species on or near the land.

(3) Whether the land contains a relatively undisturbed and outstanding example of a native North Carolina ecological community that is now uncommon.

(4) Whether the land contains a major river or tributary, watershed, wetland, significant littoral, estuarine, or aquatic site, or important geologic feature.

(5) The extent to which the land represents a type of landscape, natural feature, or natural area that is not currently in the State's inventory of parks and natural areas.

(6) Other sources of funds that may be available to assist in acquiring the land.

(7) The State department or division that will be responsible for managing the land.

(8) What assurances exist that the land will not be used for purposes other than those for which it is being acquired.

(9) Whether the site or structure is of such historical significance as to be essential to the development of a balanced State program of historic properties.

(b) Land Acquisition and Debt Service. – The Trustees may authorize expenditures from the Fund ~~to acquire:~~for the following purposes:

(1) To acquire land ~~Land~~ that represents the ecological diversity of North Carolina, including natural features such as riverine, montane, coastal, and geologic systems and other natural areas to ensure their preservation and conservation for recreational, scientific, educational, cultural, and aesthetic ~~purposes.~~purposes, and to retire debt incurred for this purpose under Article 9 of Chapter 142 of the General Statutes.

(2) To acquire land~~Land~~ as additions to the system of parks, State trails, aesthetic forests, fish and wildlife management areas, wild and scenic rivers, and natural areas for the beneficial use and enjoyment of the ~~public.~~public, and to retire debt incurred for this purpose under Article 9 of Chapter 142 of the General Statutes.

(3) Subject to the limitations of subsection (b2) of this section, land that contributes to the development of a balanced State program of historic properties.

(b1) Priorities. – In authorizing expenditures from the Fund to acquire land pursuant to this Article, the first priority shall be the protection of land with outstanding natural or cultural heritage values. Land with outstanding natural heritage values is land that is identified by the North Carolina Natural Heritage Program as having State or national significance. Land with outstanding cultural heritage values is land that is identified, inventoried, or evaluated by the Department of Cultural Resources. The Trustees shall be guided by any priorities established by the Secretary, the Chairman of the Wildlife Resources Commission, the Commissioner of Agriculture, and the Secretary of Cultural Resources in their proposals made pursuant to subsection (a) of this section.

(b2) Historic Properties. – The Trustees may authorize expenditure of up to twenty-five percent (25%) of the funds credited to the Fund pursuant to G.S. 105-228.30 during the preceding fiscal year to acquire land under subdivision (3) of subsection (b) of this section. No other funds in the Fund may be used for expenditures to acquire land under subdivision (3) of subsection (b) of this section.

(b3) Debt. – Of the funds credited annually to the Fund pursuant to G.S. 105-228.30, the Trustees may authorize expenditure of up to fifty percent (50%) to reimburse the General Fund for debt service on special indebtedness to be issued or incurred under Article 9 of Chapter 142 of the General Statutes for the purposes provided in subdivisions (b)(1) and (2) of this section. In order to authorize expenditure of funds for debt service reimbursement, the Trustees must identify to the State Treasurer and the Department of Administration the specific natural heritage projects for which they would like special indebtedness to be issued or incurred and the annual amount they intend to make available, and request the State Treasurer to issue or incur the indebtedness. After special indebtedness has been issued or incurred for a natural heritage project requested by the Trustees, the Trustees must direct the State Treasurer to credit to the General Fund each year the lesser of the annual amount they identified in the request or the actual aggregate principal and interest payments to be made in that year on the special indebtedness, as identified by the State Treasurer.

(c) Other Purposes. – The Trustees may authorize expenditures from the Fund to pay for the inventory of natural areas conducted under the Natural Heritage Program established pursuant to the Nature Preserves Act, Article 9A of Chapter 113A of the General Statutes. The Trustees may also authorize expenditures from the Fund to pay for conservation and protection planning and for informational programs for owners of natural areas, as defined in G.S. 113A-164.3.

(d) Acquisition. – The Department of Administration may, pursuant to G.S. 143-341, acquire by purchase, gift, or devise all lands selected by the Trustees for acquisition pursuant to this Article. Title to any land acquired pursuant to this Article shall be vested in the State. A State agency with management responsibility for land acquired pursuant to this Article may enter into a management agreement or lease with a county, city, town, or private nonprofit organization qualified under G.S. 105-151.12 and G.S. 105-130.34 and certified under section 501(c)(3) of the Internal Revenue Code to aid in managing the land. A management agreement or lease shall be executed by the Department of Administration pursuant to G.S. 143-341.

(d1) Local Reimbursement. – In any county in which real property was purchased pursuant to subsection (d) of this section as additions to the fish and wildlife management areas and where less than twenty-five percent (25%) of the land area is privately owned at the time of purchase, that county and any other local taxing unit shall be annually reimbursed, for a period of 20 years, from funds available to the North Carolina Wildlife Resources Commission in an amount equal to the amount of ad valorem taxes that would have been paid to the taxing unit if the property had remained subject to taxation.

(e) Reports. – The Secretary shall maintain and revise twice each year a list of acquisitions made pursuant to this Article. The list shall include the acreage of each

tract, the county in which the tract is located, the amount paid from the Fund to acquire the tract, and the State department or division responsible for managing the tract. The Secretary shall furnish a copy of the list to each Trustee, the Joint Legislative Commission on Governmental Operations, the House and Senate Appropriations Subcommittees on Natural and Economic Resources, the Fiscal Research Division, and the Environmental Review Commission within 30 days after each revision.

(f) Hunting and Fishing. – No provision of this Article shall be construed to eliminate hunting and fishing, as regulated by the laws of the State of North Carolina, upon properties purchased pursuant to this Article."

SECTION 2.5. Effective Date. – This act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE AND TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS FOR CAPITAL IMPROVEMENTS AND LAND ACQUISITION FOR PARKS, RECREATION, AND THE PRESERVATION OF NATURAL HERITAGE.

The General Assembly of North Carolina enacts:

PART 1. PARKS RENOVATION AND ACQUISITION

SECTION 1.1. Authorization. – In accordance with G.S. 142-83, as enacted by this act, this Part authorizes the issuance or incurrence of financing contract indebtedness in the maximum amount provided in this Part to be used to finance the cost of parks projects. As used in this Part, the term "parks projects" means capital projects for the State Parks System, repairs and renovations of park facilities, and land acquisition for the State Parks System, pursuant to G.S. 113-44.15(b)(1). The State, with the prior approval of the State Treasurer and the Council of State as provided in Article 9 of Chapter 142 of the General Statutes, is authorized to execute and deliver one or more financing contracts in the maximum principal amount provided in this Part in order to provide funds to the State to be used, together with any other available funds, to pay the cost of these projects.

SECTION 1.2. Identification of Parks Projects. – The specific parks projects for which the financing contract indebtedness may be used are to be identified by the North Carolina Parks and Recreation Authority as provided in G.S. 113-44.15.

SECTION 1.3. Maximum Amount. – The maximum principal amount of financing contract indebtedness that may be issued pursuant to this Part is the maximum amount for which the aggregate annual principal and interest payments to be made in

any year on the financing contracts will not exceed the annual amount identified in G.S. 113-44.15. If the annual amount is increased, the maximum principal amount increases accordingly.

SECTION 1.4. G.S. 113-44.15 reads as rewritten:

"**§ 113-44.15. Parks and Recreation Trust Fund.**

(a) Fund Created. – There is established a Parks and Recreation Trust Fund in the State Treasurer's Office. The Trust Fund shall be a nonreverting special revenue fund consisting of gifts and grants to the Trust Fund, monies credited to the Trust Fund pursuant to G.S. 105-228.30(b), and other monies appropriated to the Trust Fund by the General Assembly.

(b) Use. – Funds in the Trust Fund are annually appropriated to the North Carolina Parks and Recreation Authority and, unless otherwise specified by the General Assembly or the terms or conditions of a gift or grant, shall be allocated and used as follows:

(1) Sixty-five percent (65%) for the State Parks System for capital projects, repairs and renovations of park facilities, and land ~~acquisition.~~acquisition and to retire debt incurred for these purposes under Article 9 of Chapter 142 of the General Statutes.

(2) Thirty percent (30%) to provide matching funds to local governmental units or public authorities as defined in G.S. 159-7 on a dollar-for-dollar basis for local park and recreation purposes. The appraised value of land that is donated to a local government unit or public authority may be applied to the matching requirement of this subdivision. These funds shall be allocated by the North Carolina Parks and Recreation Authority based on criteria patterned after the Open Project Selection Process established for the Land and Water Conservation Fund administered by the National Park Service of the United States Department of the Interior.

(3) Five percent (5%) for the Coastal and Estuarine Water Beach Access Program.

(b1) Geographic Distribution. – In allocating funds in the Trust Fund under this subsection, the North Carolina Parks and Recreation Authority shall consider geographic distribution across the State to the extent practicable.

(b2) Administrative Expenses. – Of the funds appropriated to the North Carolina Parks and Recreation Authority from the Trust Fund each year, no more than three percent (3%) may be used by the Department for operating expenses associated with managing capital improvements projects, acquiring land, and administration of local grants programs.

(c) Reports. – The North Carolina Parks and Recreation Authority shall report no later than October 1 of each year to the Joint Legislative Commission on Governmental Operations, the House and Senate Appropriations Subcommittees on Natural and Economic Resources, the Fiscal Research Division, and the Environmental Review Commission on allocations from the Trust Fund from the prior fiscal year. The Authority also shall provide a progress report no later than March 15 of each year to the

same recipients on the activities of and the expenditures from the Trust Fund for the current fiscal year.

(d) Debt. – The Authority may allocate a portion of the annual appropriation identified in subdivision (b)(1) of this section to reimburse the General Fund for debt service on contract indebtedness to be incurred under Article 9 of Chapter 142 of the General Statutes for the purposes provided in subdivision (b)(1) of this section. In order to allocate funds for debt service reimbursement, the Authority must identify to the State Treasurer the specific parks projects for which it would like contract indebtedness to be incurred and the annual amount it intends to make available and must request the State Treasurer to incur the indebtedness. After financing contract indebtedness has been incurred for a parks project requested by the Authority, the Authority must credit to the General Fund each year the lesser of the annual amount it identified in the request or the actual aggregate principal and interest payments to be made in that year on the financing contract indebtedness, as identified by the State Treasurer."

PART 2. PARKS, RECREATION, AND PRESERVATION OF NATURAL HERITAGE

SECTION 2.1. Authorization. – In accordance with G.S. 142-83, as enacted by this act, this Part authorizes the issuance or incurrence of financing contract indebtedness in the maximum amount provided in this Part to be used to finance the cost of natural heritage projects. As used in this Part, the term "natural heritage projects" means acquiring land for parks, recreation, and the preservation of natural heritage, pursuant to G.S. 113-77.9(b)(1) and (2). The State, with the prior approval of the State Treasurer and the Council of State as provided in Article 9 of Chapter 142 of the General Statutes, is authorized to execute and deliver one or more financing contracts in the maximum principal amount provided in this Part in order to provide funds to the State to be used, together with any other available funds, to pay the cost of these projects.

SECTION 2.2. Identification of Natural Heritage Projects. – The specific natural heritage projects for which the financing contract indebtedness may be used are to be identified by the Trustees of the Natural Heritage Trust Fund as provided in G.S. 113-77.9.

SECTION 2.3. Maximum Amount. – The maximum principal amount of financing contract indebtedness that may be issued pursuant to this Part is the maximum amount for which the aggregate annual principal and interest payments to be made in any year on the financing contracts will not exceed the annual amount identified in G.S. 113-77.9. If the annual amount is increased, the maximum principal amount increases accordingly.

SECTION 2.4. G.S. 113-77.9 reads as rewritten:

"**§ 113-77.9. Acquisition of lands with funds from the Natural Heritage Trust Fund.**

(a) Proposals. – From time to time, but at least once each year, the Secretary, the Chairman of the North Carolina Wildlife Resources Commission, the Commissioner of Agriculture, and the Secretary of Cultural Resources may propose to the Trustees lands to be acquired with funds from the Fund. For each tract or interest proposed, the

Secretary, the Chairman of the North Carolina Wildlife Resources Commission, the Commissioner of Agriculture, and the Secretary of Cultural Resources shall provide the Trustees with the following information:

(1) The value of the land for recreation, forestry, fish and wildlife habitat, and wilderness purposes, and its consistency with the plan developed pursuant to the State Parks Act, the State's comprehensive plan for outdoor recreation, parks, natural areas development, and wildlife management goals and objectives.

(2) Any rare or endangered species on or near the land.

(3) Whether the land contains a relatively undisturbed and outstanding example of a native North Carolina ecological community that is now uncommon.

(4) Whether the land contains a major river or tributary, watershed, wetland, significant littoral, estuarine, or aquatic site, or important geologic feature.

(5) The extent to which the land represents a type of landscape, natural feature, or natural area that is not currently in the State's inventory of parks and natural areas.

(6) Other sources of funds that may be available to assist in acquiring the land.

(7) The State department or division that will be responsible for managing the land.

(8) What assurances exist that the land will not be used for purposes other than those for which it is being acquired.

(9) Whether the site or structure is of such historical significance as to be essential to the development of a balanced State program of historic properties.

(b) Land Acquisition and Debt Service. – The Trustees may authorize expenditures from the Fund ~~to acquire:~~for the following purposes:

(1) To acquire land ~~Land~~ that represents the ecological diversity of North Carolina, including natural features such as riverine, montane, coastal, and geologic systems and other natural areas to ensure their preservation and conservation for recreational, scientific, educational, cultural, and aesthetic ~~purposes.~~purposes and to retire debt incurred for this purpose under Article 9 of Chapter 142 of the General Statutes.

(2) To acquire land~~Land~~ as additions to the system of parks, State trails, aesthetic forests, fish and wildlife management areas, wild and scenic rivers, and natural areas for the beneficial use and enjoyment of the ~~public.~~public and to retire debt incurred for this purpose under Article 9 of Chapter 142 of the General Statutes.

(3) Subject to the limitations of subsection (b2) of this section, land that contributes to the development of a balanced State program of historic properties.

(b1) Priorities. – In authorizing expenditures from the Fund to acquire land pursuant to this Article, the first priority shall be the protection of land with outstanding natural or cultural heritage values. Land with outstanding natural heritage values is land that is identified by the North Carolina Natural Heritage Program as having State or national significance. Land with outstanding cultural heritage values is land that is identified, inventoried, or evaluated by the Department of Cultural Resources. The Trustees shall be guided by any priorities established by the Secretary, the Chairman of the Wildlife Resources Commission, the Commissioner of Agriculture, and the Secretary of Cultural Resources in their proposals made pursuant to subsection (a) of this section.

(b2) Historic Properties. – The Trustees may authorize expenditure of up to twenty-five percent (25%) of the funds credited to the Fund pursuant to G.S. 105-228.30 during the preceding fiscal year to acquire land under subdivision (3) of subsection (b) of this section. No other funds in the Fund may be used for expenditures to acquire land under subdivision (3) of subsection (b) of this section.

(b3) Debt. – Of the funds credited annually to the Fund pursuant to G.S. 105-228.30, the Trustees may authorize expenditure of a portion to reimburse the General Fund for debt service on contract indebtedness to be incurred under Article 9 of Chapter 142 of the General Statutes for the purposes provided in subdivisions (b)(1) and (2) of this section. In order to authorize expenditure of funds for debt service reimbursement, the Trustees must identify to the State Treasurer and the Department of Administration the specific natural heritage projects for which they would like contract indebtedness to be incurred and the annual amount they intend to make available and must request the State Treasurer to incur the indebtedness. After financing contract indebtedness has been incurred for a natural heritage project requested by the Trustees, the Trustees must direct the State Treasurer to credit to the General Fund each year the lesser of the annual amount they identified in the request or the actual aggregate principal and interest payments to be made in that year on the financing contract indebtedness, as identified by the State Treasurer.

(c) Other Purposes. – The Trustees may authorize expenditures from the Fund to pay for the inventory of natural areas conducted under the Natural Heritage Program established pursuant to the Nature Preserves Act, Article 9A of Chapter 113A of the General Statutes. The Trustees may also authorize expenditures from the Fund to pay for conservation and protection planning and for informational programs for owners of natural areas, as defined in G.S. 113A-164.3.

(d) Acquisition. – The Department of Administration may, pursuant to G.S. 143-341, acquire by purchase, gift, or devise all lands selected by the Trustees for acquisition pursuant to this Article. Title to any land acquired pursuant to this Article shall be vested in the State. A State agency with management responsibility for land acquired pursuant to this Article may enter into a management agreement or lease with a county, city, town, or private nonprofit organization qualified under G.S. 105-151.12 and G.S. 105-130.34 and certified under section 501(c)(3) of the Internal Revenue Code to aid in managing the land. A management agreement or lease shall be executed by the Department of Administration pursuant to G.S. 143-341.

(d1) Local Reimbursement. – In any county in which real property was purchased pursuant to subsection (d) of this section as additions to the fish and wildlife management areas and where less than twenty-five percent (25%) of the land area is privately owned at the time of purchase, that county and any other local taxing unit shall be annually reimbursed, for a period of 20 years, from funds available to the North Carolina Wildlife Resources Commission in an amount equal to the amount of ad valorem taxes that would have been paid to the taxing unit if the property had remained subject to taxation.

(e) Reports. – The Secretary shall maintain and revise twice each year a list of acquisitions made pursuant to this Article. The list shall include the acreage of each tract, the county in which the tract is located, the amount paid from the Fund to acquire the tract, and the State department or division responsible for managing the tract. The Secretary shall furnish a copy of the list to each Trustee, the Joint Legislative Commission on Governmental Operations, the House and Senate Appropriations Subcommittees on Natural and Economic Resources, the Fiscal Research Division, and the Environmental Review Commission within 30 days after each revision.

(f) Hunting and Fishing. – No provision of this Article shall be construed to eliminate hunting and fishing, as regulated by the laws of the State of North Carolina, upon properties purchased pursuant to this Article."

PART 3. STATE CAPITAL FACILITIES FINANCE ACT

SECTION 3.1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, and other types of reserves required pursuant to the terms of any special indebtedness or related documents, interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not

exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company, or other insurance institution, a corporation, investment banking firm, or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State's agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration, created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract, installment purchase contract, or other similar type installment financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term

through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:

a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.

b. A private corporation or other entity issuing certificates of participation pursuant to this Article.

(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.

(18) State. – The State of North Carolina, including any State agency.

(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.

(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.

(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities, and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the State Treasurer advising the State Treasurer of its intent. The State Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary

approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness, is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness,

certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special indebtedness, or to a purchaser of property in connection with a foreclosure or similar conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall

accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or notes, were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved, if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding, if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to

the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 3.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments,

including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery, and similar items; or any combination of the foregoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 4. GENERAL PROVISIONS

SECTION 4.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 4.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 4.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 4.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 4.2. Effective Date. – This act is effective when it becomes law.

HOUSE BILL 1227 (PCS): Finance Parks and Heritage

BILL ANALYSIS

Committee:		**Sponsor:**	Rep. Allen
Date:	May 19, 2004	**Analysis by:**	Martha H. Harris
Version:	Draft		Staff Attorney

SUMMARY: Authorizes the State to use special indebtedness to acquire property for the State Parks System and for parks, recreation, and the preservation of natural heritage.

This bill authorizes the State to issue or incur special indebtedness to finance the acquisition of property for two programs:

1. The Parks and Recreation Trust Fund for repairs and renovations of park facilities and capital projects and land acquisition for the State Parks System.
2. The Natural Heritage Trust Fund to acquire land that represents the ecological diversity of the State and land for State parks, wildlife areas, and similar public purposes.

The amount of debt that may be incurred is limited to an amount that can be supported by the funds set aside from the two Trust Funds for annual debt service payments. These two Trust Funds receive a dedicated revenue stream from the State excise tax on conveyances (the "deed stamp tax"). The bill would authorize the governing body of each Trust Fund to allocate a portion of its stream of income for debt service on debt incurred to acquire property. In the case of the Parks and Recreation Trust Fund, the maximum amount that may be so allocated is 50% of the funds designated for repairs and renovations of park facilities and capital projects and land acquisition for the State Parks System. In the case of the Natural Heritage Trust Fund, up to 50% of the annual receipts may be so allocated.

Once the Treasurer incurs the debt, the Trust Fund must pay the debt service amount into the General Fund each year until the debt is retired. Thus, the effect of the bill would be to allow the State to acquire property for parks and heritage purposes sooner, by borrowing money to be repaid from a portion of the tax revenue earmarked to the Trust Funds.

Commonly referred to as "certificates of participation," special indebtedness is debt that is secured by an interest in State property being acquired or improved. The term "special indebtedness" is employed to cover the three forms that this type of debt can take: installment purchase (with or without certificates of participation), lease-purchase (with or without certificates of participation), and bonds. In each case, the debt is nonvoted. The particular form to be used for a given project will depend on its size, the nature of the property and the improvement, and other circumstances. Based on these circumstances, one form or another of special indebtedness may be the least expensive and most practical for the State to utilize. Article 9 of Chapter 142 of the General Statutes prohibits the issuance of special indebtedness except for projects specifically authorized by the General Assembly.

Before special indebtedness could be issued or incurred, the State Treasurer must certify that debt financing may be desirable for a specific project presented to it by the

Department of Administration. Next, the Council of State must give preliminary approval. If preliminary approval is obtained, the Council of State must give final approval, setting out details such as the maximum amount to be financed, the maximum maturity, and the maximum interest rates. The maximum maturity may not exceed 40 years. The State Treasurer must approve the details of the financing, finding that the amount to be borrowed is adequate and not excessive and will not require an excessive increase in any State revenues to provide for repayment, and that the special indebtedness can be incurred or issued on terms favorable to the State. Finally, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations at least five days before any special indebtedness is issued or incurred.

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

RE: House Bill 1227 PCS-Finance Parks and Heritage

FISCAL IMPACT ($MILLION)

	Yes (x)	No ( )	No Estimate Available ( )		
	FY 2005-06	FY 2006-07	FY 2007-08	FY 2008-09	FY 2009-10
EXPENDITURES:					
Debt Service	~~19,6~~	19,1	18,6	18,0	17,5
Less: Earmarking	-19,6	-19,1	-18,6	-18,0	-17,5
Net Requirements	0,0	0,0	0,0	0,0	0,0

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of State Treasurer, Department of Natural and Economic Resources.

EFFECTIVE DATE: When the bill becomes law.

BILL SUMMARY: Authorizes the state to enter into special indebtedness to finance capital projects for the state parks system, repairs and renovations of parks, and land acquisition for state parks, wildlife areas, and similar public purposes. The amount of debt that may be incurred is limited to an amount that can be supported by funds set aside from the Parks and Recreation Trust Fund and the Natural Heritage Trust Fund. These two special funds draw most of their proceeds from an earmarking of the state's share of the real estate conveyance tax and a portion of vehicle licensing fees.

The bill would authorize the governing body of each Trust Fund to allocate a portion of its stream of income for debt service on debt incurred to acquire property. In the case of the Parks and Recreation Trust Fund, the maximum amount that may be so allocated is 50% of 65% of the earmarked receipts designated for repairs and renovations of park facilities and

(OVER)

capital projects and land acquisition for the State Parks System. In the case of the Natural Heritage Trust Fund, up to 50% of the annual receipts may be so allocated.

After the debt has been issued or incurred, the Trustees of each fund must direct the State Treasurer to credit to the General Fund each year the lesser of the annual amount they identified in their application for debt issuance or the debt service for that year on the financing.

ASSUMPTIONS AND METHODOLOGY: The annual debt service requirements are based on a July 2002 simulation of the Office of State Treasurer for $90 million of financing, a May 1, 2003 issuance, and a 5.75% average interest rate. The revised debt service simulation, using the Treasurer's model, is based on $180 million of financing, an issuance date of March 1 2003, an average interest rate of 5.90%, and a maximum maturity would be 20 years. The total debt service requirements over the 20-year period include $180 million of principal repayment and $111.5 million of interest, for a total of $291.5 million. The 2005-06 debt service would represent the maximum annual amount for the period.

The earmarking for debt service amounts to 36% of the combined receipts for the two special funds.

Protect North Carolina's Open Space: Support H1227/S1064

Open spaces are essential to our economic well-being, tourism industry, air and water quality, and ecological balance. H1227 would enable the General Assembly to protect thousands of acres by issuing Certificates of Participation (COPs).

North Carolina's forests and farmlands are disappearing at a rate of 383 acres each day.[1] Our state loses more open space annually than all but five other states, and the rate of loss is increasing.[2] In 2000, the General Assembly pledged to support protection of one million acres of open space throughout North Carolina by the end of 2009. H1227 is a solid step in reaching this important goal.

Why Support Financing for Parks, Recreation and Natural Heritage?

- ✓ **Protect Tourism Industry:** Tourism brings 49 million visitors to North Carolina and creates $12.6 billion in business for the state each year.[3] To protect the recreational opportunities and historic sites that make the state so attractive, it is essential to protect our open spaces now.

- ✓ **Reduce Air and Water Pollution:** Open spaces protect the quality of our water supply because forests and wetlands naturally filter pollution out of rainwater and runoff. Also, by discouraging sprawling development, open space protection helps structure communities so that people drive fewer miles and emit less vehicle pollution into the air.

- ✓ **Protect Wildlife Habitat:** Forests, swamps, and other open space ecosystems support countless species throughout North Carolina, including 63 endangered species. In fact, North Carolina is home to some species found nowhere else in the world.[4]

- ✓ **Protect Land around Military Bases:** Protecting open space prevents incompatible development around the state's military bases.

How the COPs Program Works

Certificates of Participation (COPs) allow the state to incur contract indebtedness to acquire lands. COPs financing would leverage a portion of the existing dedicated source of funding for the Parks and Recreation Trust Fund and the Natural Heritage Trust Fund.

These trust funds have a strong record of protecting North Carolina's open space. By August 2003, the Parks and Recreation Trust Fund had protected over 15,504 acres in the state park system and local governments' projects. To date, the Natural Heritage Trust Fund has protected over 210,468 acres in state parks, reserves, and recreation areas. Despite their success, these funds only have the capacity to fulfill less than half of the requests for funding. The COPs program would improve the trust funds' capacity to protect North Carolina's open space.

2004 Critical Conservation Opportunities

North Carolina needs COPs financing available immediately to take advantage of land conservation opportunities that will not exist in future years. Examples of threatened places state officials could protect with this financing tool include:

- **Lake James/Linville River** – Burke County and the Lake James region are working hard to diversify their economy. For the last 5 years Burke County, Crescent Resources/Duke Energy, State Parks, Foothills Conservancy, and environmental organizations have argued about public access and conservation on the north shore of Lake James and the Linville River. Earlier this year Burke County, Crescent Resources and the conservation community agreed that State Parks would acquire 3000 acres to expand Lake James State Park and that the Wildlife Commission would acquire about 1000 acres for gamelands and to help protect the Linville River. Land acquisition will cost approximately $25 million.

- **Military Base Protection** – The US Department of Defense will realign and close military bases beginning in 2005. The US Army, Marines, and Air Force have identified over 50,000 acres near Fort Bragg/Pope, Camp Lejeune, Cherry Point, and Seymour Johnson that should be acquired by conservation easement or fee simple to prevent encroachment by incompatible development. Goldsboro, Wayne County, the State, and the Air Force support acquisition to prevent incompatible development in accident potential zones.

  The State and Marines support acquisition of 10,400 acres of Sandy Run to protect Camp Lejeune. The State and the Army support expanding the Sandhills Gamelands by 3500 acres and protecting Carvers Creek natural area in Cumberland County. The State should commit $30 million to these high priority military base protection projects this year.

- **Mayo and Haw River State Parks** – Rockingham County has been hit hard by declines in textile and tobacco manufacturing. The county is working to diversify its economy and to protect its water resources. The 2003 General Assembly authorized the establishment of new state parks on the Mayo and Haw Rivers. State Parks has identified 1000 acres needed for each state park. Land acquisition will require approximately $10 million in funding.

- **Other threatened areas:: Eno River State Park, Roanoke/Cashie Rivers, Woodfin Watershed/Blue Ridge Parkway Protection, Blewett Falls on Pee Dee River, Jordan Lake Protection, Mountain Island Lake Protection, Hickorynut Mountain in McDowell County, Headwaters of the Green River in Henderson County, Alligator River in Tyrrell County, Caswell Gamelands.**

North Carolina's Land and Water Conservation Trust Funds

Clean Water Management Trust Fund

Established by the General Assembly in 1996 (NCGS 113-145)

Governed by 21-member Governor/General Assembly-appointed Board of Trustees

Goal: To clean up pollution in the State's surface waters and to protect unpolluted waters

Funding Source: General Appropriations

Amount Budgeted in FY03-04: $62 million

Type of Projects Funded: 1) Wastewater improvement, 2) Stormwater management, 3) Watershed planning projects, 4) Wetland and stream restoration, 5) Riparian corridor and open space acquisition

Farmland Preservation Trust Fund

Established by the General Assembly in 1986 (NCGS 106-744)

Administered by the non-profit Conservation Trust for North Carolina by agreement with the NC Department of Agriculture

Goal: To save working farms and rural lands

Funding Source: General Appropriations

Amount Budgeted in FY03-04: $0

Types of Projects Funded: Conservation easements on agricultural lands, especially lands near urban areas, waterways and environmentally sensitive areas.

Natural Heritage Trust Fund

Established by the General Assembly in 1987 (NCGS 113-77)

Governed by 12-member Governor/General Assembly-appointed Board of Trustees

Goal: To acquire ecologically significant lands, preserve cultural sites, and inventory North Carolina's significant natural areas

Funding Source: 25% of state's portion of the deed excise stamp tax and a portion of personalized license plate sales

Amount Income in 2003: $16 million

Types of Projects Funded: Land acquisition and natural area inventories

Parks and Recreation Trust Fund

Established by the General Assembly in 1994 (NCGS 113-44.15)

Governed by 11-member Governor/General Assembly-appointed Board of Trustees

Goal: To improve or expand State and local parks and fund a portion of the Coastal and Estuarine Water Beach Access Program

Funding Source: 75% of state's portion of the deed excise stamp tax

Amount Funded in 2003: $28 million

Types of Projects Funded: State park acquisition and facilities, local park acquisition and facilities, beach and waterfront access

HOUSE BILL 1497

Short Title:	Adopt Flat Fee for Debt Collection.	(Public)
Sponsors:	Representatives Wainwright; Luebke, Miner, G. Allen, Brubaker, Hill, McGee, and Wood.	
Referred to:	Finance.	

May 18, 2004

A BILL TO BE ENTITLED

AN ACT TO ADOPT A FLAT COLLECTION ASSISTANCE FEE UNDER THE SETOFF DEBT COLLECTION ACT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105A-13(a) reads as rewritten:

"(a) State Setoff. – To recover the costs incurred by the Department in collecting debts under this Chapter, a collection assistance fee of ~~no more than fifteen~~ five dollars ~~($15.00)~~($5.00) is imposed on each debt collected through setoff. The Department must collect this fee as part of the debt and retain it. ~~The Department must set the amount of the collection assistance fee based on its actual cost of collection under this Chapter for the immediately preceding year.~~ The collection assistance fee shall not be added to child support debts or collected as part of child support debts. Instead, the Department shall retain from collections under Division II of Article 4 of Chapter 105 of the General Statutes the cost of collecting child support debts under this Chapter."

SECTION 2. This act becomes effective for fees assessed on or after October 1, 2004.

HOUSE BILL 1497:
Adopt Flat Fee for Debt Collection

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Wainwright
Date:	May 20, 2004	**Summary by:**	Trina Griffin
Version:	1st Edition		Committee Counsel

SUMMARY: This bill, which is a recommendation of the Revenue Laws Study Committee, would adopt a flat collection assistance fee of $5.00 for debts collected by the Department of Revenue under the Setoff Debt Collection Act.

CURRENT LAW: This act modifies the Setoff Debt Collection Act, Chapter 105A of the General Statutes. Under that Act, the Department of Revenue sends the income tax refund of an individual who owes money to a State or local agency to that agency in payment of the debt rather than to the individual. The individual's income tax refund is therefore set off against the debt the individual owes to the State or local agency.

Each year, the Department of Revenue determines its costs of running the program and recovers these costs by charging a collection assistance fee as a percentage of each debt collected. The act caps this fee at no more than $15.00 per debt, though the actual fee ends up being less. The fee is added to the debt and paid by the debtor from the refund.

BILL ANALYSIS: This bill amends G.S. 105A-13 by imposing a flat $5.00 collection assistance fee on each debt collected through setoff.

This bill would become effective for fees assessed on or after October 1, 2004.

BACKGROUND: This change was recommended to the Revenue Laws Study Committee by the Department of Revenue. Every year, the Department must attempt to determine the actual costs of collecting debts under this program. According to the Department, the process is very tedious and quite cumbersome because many different areas of the Department are affected. Thus, the "actual cost" is an estimate at best. The collection assistance fee determined by the Department for the four latest calendar years is as follows:

Calendar Year	Fee
2004	$4.42
2003	$4.32
2002	$4.12
2001	$4.45

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: House Bill 1497 (First Edition)

SHORT TITLE: Adopt Flat Fee for Debt Collection..

SPONSOR(S): Representative Wainwright

FISCAL IMPACT

Yes ( ) **No ( )** **No Estimate Available (X)**

	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08	FY 2008-09
REVENUES	**(See Assumptions and Methodology)**				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Department of Revenue.

EFFECTIVE DATE: October 1, 2004

BILL SUMMARY: Under G.S. 105A-13(a) the Department of Revenue can levy a collection assistance fee to cover the cost associated with diverting a portion of an individual's income tax return to a state or local agency to settle a debt with that agency. Under current law, the Department of Revenue must set the collection assistance fee annually based on the collection costs for the previous year with a cap of $15.00. This legislation changes that arrangement and instead imposes a flat $5.00 collection assistance fee. The bill comes to Revenue Laws at the request of the Department.

ASSUMPTIONS AND METHODOLOGY: In 2002, the Department of Revenue assisted state and local agencies in collecting $22,150,562.04 from 102,426 debtors through setoffs from individual income tax refunds. In 2003, that number moved to $22,221,190.23 from 101,125 debtors.

Under the statute, the Department of Revenue must determine the actual cost of collection per debt and use that amount to determine the fee charged for collection of the debt the next year. The historic collection fees, based no this methodology, are as follows:

Calendar Year	Fee
2004	$4.42
2003	$4.32
2002	$4.12
2001	$4.45

All revenues derived from the fees remain with the Department of Revenue.

The Department indicates that calculation of the fee is time consuming and difficult and the process affects several divisions within the Department. As a result, the Department has asked that the fee be set at a flat $5.00.

Fiscal Research does not have enough information to determine the likely fees and number of debt setoffs without this legislation. Potentially the legislation could result in a small revenue increase for the Department, as it is unlikely the actual cost of collection would reach $5.00 in the next few years. The exact amount of that increase is unknown although it would likely be less than $100,000.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H 1

HOUSE BILL 1356

Short Title:	Increase Fees/Qualifs. for DWI Assessments.	(Public)
Sponsors:	Representatives Alexander, Sauls, Insko (Primary Sponsors); Glazier and Rapp.	
Referred to:	Rules, Calendar, and Operations of the House.	

May 11, 2004

A BILL TO BE ENTITLED

AN ACT TO ENACT THE RECOMMENDATIONS OF THE JOINT LEGISLATIVE OVERSIGHT COMMITTEE ON MENTAL HEALTH, DEVELOPMENTAL DISABILITIES, AND SUBSTANCE ABUSE SERVICES TO INCREASE THE QUALIFICATIONS OF PERSONS WHO WILL BE ELIGIBLE TO ADMINISTER SUBSTANCE ABUSE ASSESSMENTS, TO INCREASE THE FEE PAID BY DWI OFFENDERS FOR SUBSTANCE ABUSE ASSESSMENTS, TO STUDY THE MINIMUM QUALIFICATIONS OF INDIVIDUALS CONDUCTING ALCOHOL AND DRUG EDUCATION TRAFFIC SCHOOLS, AND TO STUDY THE FEE PAID BY DWI OFFENDERS FOR EDUCATION OR TREATMENT SERVICES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 122C-142.1 is amended by adding a new subsection to read:

"(b1) Persons Authorized to Conduct Assessments. – The following individuals are authorized to conduct a substance abuse assessment under subsection (b) of this section:

(1) A Certified Substance Abuse Counselor (CSAC), as defined by the Commission.

(2) A Certified Clinical Addiction Specialist (CCAS), as defined by the Commission.

(3) A Substance Abuse Counselor Intern who is supervised by a Certified Clinical Supervisor (CCS), as defined by the Commission, and who meets the minimum qualifications established by the Commission for individuals performing substance abuse assessments.

(4) A person licensed by the North Carolina Medical Board or the North Carolina Psychology Board.

(5) A physician certified by the American Society of Addiction Medicine (ASAM)."

SECTION 2. G.S. 122C-142.1(b1), as enacted in Section 1 of this act, reads as rewritten:

"(b1) Persons Authorized to Conduct Assessments. – The following individuals are authorized to conduct a substance abuse assessment under subsection (b) of this section:

(1) A Certified Substance Abuse Counselor (CSAC), as defined by the Commission.

(2) A Certified Clinical Addiction Specialist (CCAS), as defined by the Commission.

~~(3) A Substance Abuse Counselor Intern who is supervised by a Certified Clinical Supervisor (CCS), as defined by the Commission, and who meets the minimum qualifications established by the Commission for individuals performing substance abuse assessments.~~

(4) A person licensed by the North Carolina Medical Board or the North Carolina Psychology Board.

(5) A physician certified by the American Society of Addiction Medicine (ASAM)."

SECTION 3. G.S. 122C-142.1(f) reads as rewritten:

"(f) Fees. – A person who has a substance abuse assessment conducted for the purpose of obtaining a certificate of completion shall pay to the assessing agency a fee of ~~fifty dollars ($50.00).~~ one hundred dollars ($100). A person shall pay to a treatment facility or school a fee of seventy-five dollars ($75.00). If the defendant is treated by an area mental health facility, G.S. 122C-146 applies after receipt of the seventy-five dollar ($75.00) fee.

A facility that provides to a person who is required to obtain a certificate of completion a substance abuse assessment, an ADET school, or a substance abuse treatment program may require the person to pay a fee required by this subsection before it issues a certificate of completion. As stated in G.S. 122C-146, however, an area facility may not deny a service to a person because the person is unable to pay.

An area facility shall remit to the Department five percent (5%) of each fee paid to the area facility under this subsection by a person who attends an ADET school conducted by the area facility. The Department may use amounts remitted to it under this subsection only to support, evaluate, and administer ADET schools."

SECTION 4. Section 2 of S.L. 2003-396 reads as rewritten:

"**SECTION 2.** The Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services shall study the programs offered by assessing agencies to clients who must obtain a substance abuse assessment and a certification of completion of a substance abuse program. The study should include information on the type of testing provided by an agency, the certification requirements for persons conducting alcohol and drug education traffic schools, the treatment offered by an agency, the average duration of a program, the average cost of treatment, the rates of recidivism, ~~and~~ the adequacy of the fee paid to the assessing agency by a client for a required substance abuse ~~assessment.~~ assessment and the adequacy of the fee paid to the treatment facility or school by a client for receiving

treatment or education. The Committee must report its findings and any recommended legislation to the ~~2004 Regular Session of the 2003~~ 2005 General Assembly."

SECTION 5. Section 1 of this act becomes effective October 1, 2005, and applies to substance abuse assessments conducted on or after that date. Section 2 becomes effective October 1, 2008, and applies to substance abuse assessments conducted on or after that date. Section 3 becomes effective October 1, 2004, and applies to substance abuse assessments administered on or after that date. The remainder of this act is effective when it becomes law.

HOUSE BILL 1356:
Increase Fees/Qualifs. For DWI Assessments

BILL ANALYSIS

Committee: House Finance
Date: May 18, 2004
Version: 1st Edition

Sponsor: Rep. Alexander, Sauls and Insko
Analysis by: Martha Walston
Committee Counsel

SUMMARY: House Bill 1356 is a recommendation of the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services. The bill is in House Finance because it increases a fee. The bill does the following:

- *Increases fee DWI offender must pay for a substance abuse assessment from $50 to $100.*
- *Lists the following individuals who are authorized to conduct substance abuse assessments: certified substance abuse counselor, certified clinical addiction specialist, substance abuse counselor intern who is supervised by a certified clinical supervisor and who meets minimum qualifications, person licensed by NC Medical Board or NC Psychology Board, physician certified by the American Society of Addiction Medicine.*
- *Beginning October 1, 2008, substance abuse counselor interns may no longer conduct DWI assessments.*
- *Directs the Joint Legislative Oversight Committee for Mental Health, Developmental Disabilities and Substance Abuse Services to study the certification requirements for persons conducting alcohol and drug education traffic (ADET) schools as well as fee that should be paid by a DWI offender who receives treatment or attends ADET school.*

CURRENT LAW: G.S. 20-17(a)(2) provides that the Division of Motor Vehicles (DMV) shall revoke the drivers' license of a person convicted of driving while impaired (DWI). DMV may restore the DWI offender's license if it receives a certificate of completion indicating that the driver has had a substance abuse assessment and either attended an ADET school or received substance abuse treatment. G.S. 20-17.6

G.S. 122C-142.1(f) provides that a person who has a substance abuse assessment done for purposes of obtaining a certificate of completion must pay $50 to the entity that conducts the assessment. The DWI offender must also pay a fee of $75 for ADET school or towards a substance abuse treatment. An area facility may not deny a service because of a person's inability to pay.

G.S. 122C-142.1(b) provides that to conduct a substance abuse assessment, a facility must use a standardized test approved by DHHS. The purpose of the DWI assessment is to determine whether the offender should attend an ADET school or obtain treatment for substance abuse. The Commission for Mental Health, Developmental Disabilities, and Substance Abuse Services (Commission) has adopted Administrative Rules providing the qualifications for individuals performing DWI assessments:

- A credential issued by the NC Substance Abuse Professional Certification Board (Board) that acknowledges an individual is qualified to provide counseling for persons with substance abuse disorders; or
- A masters degree, one year of supervised experience in substance abuse counseling, and registration with the Board; or
- An undergraduate degree, two years of supervised experience in substance abuse counseling, and registration with the Board; or
- Graduation from high school or the equivalent, three years of supervised experience in substance abuse counseling, and registration with the Board; or
- Licensure by the NC Board of Medical Examiners or the NC Psychology Board; or
- Certification by the American Society of Addiction Medicine (ASAM).

Based on the assessment, the facility must make a recommendation that the client either attend an ADET school or obtain treatment. The recommendation must be reviewed and signed by a certified alcoholism, drug abuse, or substance abuse counselor, as defined by the Commission; a Certified Substance Abuse Counselor; or by a physician certified by the ASAM.

BILL ANALYSIS: **Section 1** amends G.S. 122C-142.1 by requiring that as of October 1, 2005 only the following persons are authorized to administer a DWI substance abuse assessment:

- A Certified Substance Abuse Counselor (CSAC), as defined by the Commission.
- A Certified Clinical Addiction Specialist (CCAS), as defined by the Commission.
- A Substance Abuse Counselor Intern who is supervised by a Certified Clinical Supervisor (CCS), as defined by the Commission, and who meets the minimum qualifications established by the Commission for individuals performing substance abuse assessments.
- A person licensed by the NC Medical Board or the NC Psychology Board
- A physician certified by the American Society of Addiction Medicine (ASAM)

Section 2 provides that as of October 1, 2008, Substance Abuse Counselor Interns will no longer be able to administer DWI substance abuse assessments.

Section 3 amends G.S. 122C-142.1(f) to increase the fee, from $50 to $100, that a DWI offender must pay to obtain a substance abuse assessment. The fee increase applies to assessments conducted on or after October 1, 2004. (In SB 934, ratified last session, the House version of SB 934 increased this fee from $50 to $75. The ratified bill did not include an increase for this fee.)

Section 4 directs the Oversight Committee to study the certification requirements for persons conducting ADET schools and also the fee that a DWI offender should pay to attend an ADET school or receive treatment for substance abuse. The Committee is directed to submit its recommendations to the 2005 General Assembly.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: House Bill 1356 (First Edition)

SHORT TITLE: Increase Fees/Qualifs. for DWI Assessments.

SPONSOR(S): Representatives Alexander, Insko, and Sauls

FISCAL IMPACT

	Yes (X)	No ( )	No Estimate Available ( )		
	FY 2004-05	**FY 2005-06**	**FY 2006-07**	**FY 2007-08**	**FY 2008-09**
REVENUES:					
Area Mental Health Authorities*	$665,625	$887,500	$887,500	$887,500	$887,500
EXPENDITURES:					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Health and Human Services

EFFECTIVE DATE: October 1, 2004 for the fee change. See the bill summary for other effective dates in this bill.

*** Area Authorities will be required to divest all direct services under Mental Health Reform, including DWI assessments, within the next five-years. Divestiture will decrease and eventually eliminate the increased revenues listed above. Due to the uncertainty of when these services will be divested, Fiscal Research excluded the effect of Reform on this forecast. Please see the Assumptions and Methodology section for more details.**

BILL SUMMARY: House Bill 1356 makes several changes to the existing General Statutes governing substance abuse services provided through Area Mental Health Authorities to persons convicted of Driving While Intoxicated (DWI). Specifically, this bill makes changes to service requirements and the fee associated with DWI assessments that are either provided directly by the Area Authority or through a contract with a qualified private provider.

Section 1 – This section revises G.S. 122C-142.1 to add a subsection that sets the professional requirements for being a qualified DWI assessor. Qualified assessors are limited to the following: Certified Substance Abuse Counselors; Certified Clinical Addiction Specialists; Substance Abuse Counselor Interns who are supervised by Certified Clinical Supervisors; persons licensed by the North Carolina Medical Board or the North Carolina Psychology Board; and physicians certified

by the American Society of Addiction Medicine. These standards will become effective on October 1, 2005.

Section 2 – This section further revises the subsection of G.S. 122C-142.1 that is established in Section 1 of this bill. The professional requirements for providing DWI assessments are again changed to eliminate Substance Abuse Counselor Interns as a qualified assessor. This statutory change will become effective on October 1, 2008.

Section 3 – This section changes the fixed fee charged to offenders by providers of DWI assessment services. Currently, G.S. 122C-142.1 requires that providers charge $50 to DWI offenders who receive an assessment. This section would increase the amount of that fee to $100. This change will become effective on October 1, 2004.

Section 4 – This section revises Session Law 2003-396 to require the Mental Health, Developmental Disability, and Substance Abuse Services Joint Legislative Oversight Commission to study the service requirements and the fee associated with the Alcohol and Drug Education Traffic Schools.

ASSUMPTIONS AND METHODOLOGY: DWI Assessments are provided by a variety of providers, including the Area Mental Health Authorities and private providers. The fees charged by private providers pass directly from the DWI offenders to the private providers and have no fiscal impact to the State or local governments. *Since the Area Authorities are local governments, changes to the fee that the Area Authorities charge for DWI assessments will result in a fiscal impact.* By increasing the DWI assessment fee from $50 to $100, this bill will increase the revenues that Area Authorities collect for assessment services.

Assumptions

1. The percentage of certificates of completion, as defined in G.S. 122C-142.1, provided through services received at the Area Authorities is 32% of total certificates of completion administered in FY 2002-03.
2. The percentage of DWI assessments performed by the Area Authorities, out of total assessments performed in FY 2002-03, is equivalent to the percentage of certificates of completion provided by the Area Authorities stated in Assumption 1.
3. The number of DWI assessments in subsequent years will remain at the same level as FY 2002-03.
4. Delivery of DWI assessment services by the Area Authorities will not be impacted by the divestiture of Area Authority services through Mental Health System Reform Plan, developed pursuant to G.S. 122C-102. *Please see the note in the box on the front page and the discussion further down in this section regarding the impact of Mental Health Reform on DWI assessment services.*

Methodology

The Division of Mental Health, Developmental Disabilities, and Substance Abuse services could not provide, at this time, an accurate accounting of DWI assessments performed by the Area Authorities in FY 2002-03. The Division is still collecting this data. The Division was able to provide a total number of DWI assessments performed by all providers in FY 2002-03.

The Division was also able to provide Certificate of Completion data for FY 2002-03 by provider type. A Certificate of Completion is provided to DWI offenders when they complete the DWI assessment and all recommended treatment or education stemming from the assessment. Of all the Certificates of Completion issued, a portion is issued from the Area Authorities. Absent an accurate accounting of DWI assessments made by the Area Authorities, the Division felt that the percentage of Certificates of Completion issued by the Area Authorities would serve as a proxy for the percentage of DWI assessments.

Certificates of Completion Issued in FY 2002-03

Issuing Agency	# of Certificates	Precentage
Area Programs	6,832	32%
Private Providers	14,838	68%
Total	**21,670**	**100%**

Assessments Performed in FY 2002-03

Provider	DWI Assessments	Precentage
Area Program Estimate*	17,750	32%
Private Provider Estimate*	37,720	68%
Actual Total	**55,470**	**100%**

*Estimate based on the percentage of Certificates of Completion provided by Area Authorities in FY 2002-03

Through using the percentage of Certificates of Completion issued by the Area Authorities (32%), the FY 2002-03 number of DWI assessments performed by the Area Authorities was derived. This number (17,750) was factored with the $50 increase of the existing DWI assessment fee. **The result is a total increase in annual revenue of $887,500.** Assuming that the number of individuals seeking assessment remains relatively constant, this revenue increase would remain constant from FY 2004-05 to FY 2008-09, assuming no change in service delivery due to Mental Health System Reform. The only exception is FY 2004-05. Since this fee increase will not occur until October 1, 2004, the fee increase will only be reflected for the remaining nine months of the fiscal year.

Projected Increase in Revenues to Area Authorities

Estmated Assessments by Area Authorities	17,750
Fee Increase	$50
Total Annual Increase in Revenues	$887,500
Revenues in FY 2004-05, based on an October 1 effective date	$665,625

Mental Health Reform

According to the State Plan being implemented pursuant to G.S. 122C-102, all direct services provided by the Area Authorities will be divested and delivered through contracts with private providers. This change will occur over the next several years and will result in all DWI assessments being delivered by the private providers. This will result in a decreasing of DWI assessment revenues received by Area Authorities, as the Authorities contract for assessment services.

The challenge in forecasting this decrease in revenues is that each Area Authority will decide how to divest of these assessment services. Different Area Authorities will divest DWI assessment services at different times, without statewide uniformity. Without uniformity in the divestiture of services or sufficient detailed divesture plans from the Area Authorities, any forecast of the decrease in DWI assessment revenues would be arbitrary.

Fiscal Research chose instead to keep the expected revenues constant, isolating the impact of Reform. Legislators should be aware that Reform will likely result in these revenues decreasing for the Area Authorities and eventually ending within a five-year timeframe.

North Carolina General Assembly

House Committee on Finance

Minutes

~

May 27, 2004

The House Committee on Finance met on Thursday, May 27, 2004 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Luebke, McComas, Miner, and Wainwright; Vice-Chairs Alexander, Daughtridge, Gibson, and Hill; Representatives Blackwood, Bordsen, Capps, Carney, Creech, Holliman, Jones, Lewis, McGee, Rayfield, Ross, Starnes, Weiss, C. Wilson, and Womble. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Walter Spell. Staff persons present included Richard Bostic, Trina Griffin, Canaan Huie, Linda Millsaps, and Martha Walston. The Agenda and Visitor Registration Sheets are attached and incorporated into these minutes as **attachments 1 and 2.**

Chairwoman Howard called the meeting to order at 8:35 am and recognized the four (4) pages present: (1) Elizabeth Edwards of Rowan County, sponsored by Representative Coates; (2) Elizabeth Hall of Robeson County, sponsored by Representative Warner; (3) Chris Rich of Wayne, Georgia, sponsored by Speaker Morgan; and (4) Katharina Stevens of Wake County, sponsored by Representative Munford.

Chairwoman Howard made several announcements prior to considering the bills on the Committee's calendar. She informed the members that Representative Lewis was appointed as Chair of the Subcommittee on Tax and Tags to replace the late, former Chair, Representative Eugene McCombs. She then referred **HB 1358 – RETIRED HIGHWAY PATROL SPOUSES SPECIAL PLATE** and **HB 1480 – "IN GOD WE TRUST" SPECIAL PLATE** to the Subcommittee on Tax and Tags. Finally, she referred **HB 1348 - CAMDEN COUNTY OCCUPANCY TAX** to the Subcommittee on the Occupancy Tax.

The first bill considered on the agenda was **HB 1471 – BAKERSVILLE DEANNEXATION** (see **attachment 3**). Chairwoman Howard recognized Representative Frye, the bill sponsor, to explain the bill. Representative Frye explained that the bill de-annexes two parcels of property, totaling approximately 30 acres, from the corporate limits of the Town of Bakersville. He noted that he filed the bill in response to a resolution passed by the Town Board of Bakersville requesting that these parcels be removed from the town limits after receiving a request from two property owners concerning the Town's inability to provide road, garbage, water, and sewer services to their property despite their obligation to pay town property taxes. Following this explanation, Chairwoman Howard recognized Representative Wainwright for a question. He asked Representative Frye if there was any opposition to the bill. Representative Frye responded no, that the Town was imply trying to "do the right thing" with its residents. The Chair then recognized Representative Wainwright again who moved that House Bill 1471 be given a favorable report.

Seeing no further discussion, Chairwoman Howard called the motion to a vote and it carried by consent.

Chairwoman Howard next recognized Representative Goodwin to explain **HB 1475 – BADIN SATELLITE ANNEXATION** (see **attachment 4**). Representative Goodwin explained that the bill would annex the Albemarle Correctional Institution to the Town of Badin. While the addition of this property to the Town would not serve to increase the property tax collections (as the Institution is located on state property and is, therefore, exempt from property tax), the effect of the annexation would be to increase the population of the Town by approximately 800 people, thereby increasing the sales and use tax revenues that are distributed to the Town on a per capita basis. Representative Hill was recognized by the Chair following this explanation and moved for a favorable report on the bill. As there was no further discussion, Chairwoman Howard called the motion to a vote and the motion carried without objection.

Chairman Howard next recognized Representatives Clary and Rayfield, sponsors of **HB 1520 – GASTON TEMPORARY SALES TAX REFERENDUM** (see **attachment 5**), to provide an explanation of the bill. The sponsors explained that the bill authorizes Gaston County to hold a special election on November 2, 2004 to vote on a temporary (8-year) half-cent local sales tax. The additional half-cent sales tax could be used only for economic development and tourism projects, specifically a proposed civic center. Both Representative Clary and Rayfield were pleased to report to the Committee that there was wide support from both the county and the local municipalities in Gaston County for this bill. At the sponsors' request, Chairwoman Howard then recognized Mr. Bob Morgan of the Gaston County Chamber of Commerce. Mr. Morgan stated that the Gaston community saw this bill as an opportunity to fund needed economic initiatives, if passed by the voters there. The Chair then recognized Representative Womble who asked the bill sponsors if there was any known opposition to the bill. The sponsors responding "no," Representative Womble, noting his support of the referendum component of the bill, then moved that House Bill 1520 be given a favorable report. Prior to entertaining this motion, the Chair recognized a number of Committee members for further questions and concerns. Representative Holliman was recognized next and asked if the proposed 8-year half-cent sales tax increase would be sufficient to pay for the desired civic center in Gaston. Mr. Morgan responded that after Gaston County had completed feasibility studies, the funds generated would be sufficient. Representative Bordsen was also recognized for a question. She asked why Gaston County was considering an increase in the "regressive" sales tax to fund economic development initiatives instead of using more customary funding methods such as the issuance of bonds. Mr. Morgan explained that due to recent decreases in the property tax base in Gaston County (due to enormous job losses in the manufacturing sector), the County has limited bond capacities and must focus whatever bonds are issued on educational infrastructure needs. Chairwoman Howard then recognized Representative Luebke who further expanded Representative Bordsen's concern. Representative Luebke stated that an increase in the sales tax hurts the poor and unemployed workers the most and that using such an increase for economic development (i.e. the proposed civic center) was poor public policy. Representative Carney was then recognized and countered Representative Luebke's argument. She stated that the General Assembly approved a similar tax in the recent past for Mecklenburg County (from which it had benefited greatly) and that since the bill requires a referendum where the voters of Gaston County could make a decision on the matter for themselves, she would support the bill. Representatives C. Wilson, Gibson, Jones, and McComas all expressed their support of the bill, specifically because it provided for a local referendum. Following these votes of support, Chairwoman Howard recognized Ms. Kathy Hartkopf with the North Carolina Citizens for a Sound Economy (CSE). Ms. Hartkopf explained that the CSE was not opposed to this bill and that voting for this bill would not affect a member who had signed CSE's "no new tax pledge". She stated that CSE was not involved with or opposed to the bill because it was a local issue and CSE's tax pledge applies to only new statewide taxes. Following this, Chairwoman Howard recognized

Representative Blackwood who acted to call the question before the Committee. In response, Chairwoman Howard then reminded the members of Representative Womble's earlier motion for a favorable report on House Bill 1520. As there was no further discussion, the Chair then called the motion to a vote and it carried by a majority.

HB 1430 – IRC UPDATE (see **attachment 6**), sponsored by Representative Miner, was the next bill discussed by the Committee. Chairman Howard received a motion from Representative Womble that the Proposed Committee Substitute (PCS) for HB 1430 be adopted for the Committee's discussion and that motion carried without objection. Representative Miner was then recognized to explain the bill. He first stated that the bill was a recommendation from the Revenue Laws Study Committee. He furthered explained that each year the General Assembly determines whether to update its reference to the Internal Revenue Code. Updating the Internal Revenue Code reference makes recent amendments to the Code applicable to the State to the extent the State law tracks federal law. He noted that the PCS acts to update the reference to the Code to May 1, 2004, meaning that federal laws such as the Military Family Tax Relief Act of 2003, the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 and the Pension Funding Equity Act of 2004, all enacted between June 1, 2003 and May 1, 2004 would affect State tax provisions. Following this explanation, Chairwoman Howard recognized Representative Wainwright who moved that the PCS for HB 1430 be given a favorable report, with an unfavorable report to the original bill. Seeing no further discussion, the Chair called the motion to a vote and the motion carried by consent.

Chairwoman Howard then recognized Representative C. Johnson to explain the final bill on the Committee's calendar: **HB 1553 – GRIMESLAND BOUNDARY RESTATEMENT** (see **attachment 7**). Representative Johnson explained that the bill simply acts to "ratify the boundaries of the Town of Grimesland based on a new survey along the existing commonly recognized boundary." Following this very brief explanation, the Chair recognized Representative Wainwright who moved that HB 1553 be given a favorable report. As there was no discussion, Chairwoman Howard then called the motion to a vote and it carried without objection.

Having no further business before the Committee, Chairwoman Howard adjourned the meeting at 9:19 am.

Respectfully submitted,

Representative Julia Howard
Presiding Chair

Jason A. Cannon
Clerk, House Committee on Finance

HOUSE BILL 1471

Short Title:	Bakersville Deannexation.	(Local)
Sponsors:	Representative Frye.	
Referred to:	Finance.	

May 17, 2004

A BILL TO BE ENTITLED

AN ACT TO DEANNEX TWO DESCRIBED PARCELS FROM THE CORPORATE LIMITS OF THE TOWN OF BAKERSVILLE.

The General Assembly of North Carolina enacts:

SECTION 1. The corporate limits of the Town of Bakersville are reduced by excluding the following described parcel:

In Bakersville Township, Mitchell County, North Carolina and more particularly described as follows:

BEGINNING on a small chestnut, Bowman's corner and runs with said line 78 poles to a White Oak corner, to Fortner or Arthur Wilson's line; thence north 50 poles to a White Oak in the edge of the Laurels; thence south 50 east 20 poles to a large Spanish Oak on top of the ridge; thence north 64 east 70 poles to a stake, on the Bowman line; thence south with said line 70 poles to the BEGINNING, containing 26 acres, more or less. For title reference see Book 128 at page 133, Book 151 at page 396. Mitchell County Registry.

In Bakersfield Township, Mitchell County, described as follows: BEGINNING on a stake in the J.C. McBee line and runs S 5 degrees W 140.6 feet to a stake; thence S 36 degrees E 142.5 feet to a large oak, Jim Slagle's corner; leaving the McBee line, runs S 82 degrees E 290 feet to a locust stake on the West side of Honeycutt Creek Road, James Yelton's corner; thence N 25 degrees 30 minutes W 124.6 feet to a stake; thence N 41 degrees W 75.4 feet to a pear tree; thence N 25 degrees 30 minutes E 109.5 feet to a locust fence stake; thence S 62 degrees E 57 feet to a stake, Jim McKinney's corner; thence with the McKinney line N 5 degrees 40 minutes E 205 feet to a locust stump, Junior Carver's corner; thence N 50 degrees 25 minutes W 147.2 feet to a stake near the private road; thence N 42 degrees 20 minutes E 103.4 feet to a stake; thence S 48 degrees 10 minutes E 196 feet to a stake; thence S 76 degrees 25 minutes E 57.7 feet to a stake; thence N 85 degrees 50 minutes E 85.9 feet to a stake; thence N 72 degrees 25 minutes E 93.2 feet to a stake at intersection of private road and Junior Carver drive; leaving intersection, S 27 degrees 25 minutes E 67.1 feet to a point on West margin of

Honeycutt Road pavement; thence N 13 degrees E 198 feet to an iron; thence running with the road as follows: S 27 degrees W 120 feet; S 61 degrees W 75 feet; S 79 degrees 30 minutes W 120 feet; N 72 degrees W 73 feet; N 50 degrees W 170 feet; N 89 degrees 30 minutes W 56 feet; S 39 degrees W 175 feet; S 11 degrees W 167 feet; S 27 degrees W 73 feet; N 89 degrees 30 minutes W 88 feet; N 15 degrees 30 minutes W 58 feet to the BEGINNING, containing 3.8 acres, more or less.

SECTION 2. This act does not affect the duty to pay taxes for any prior year and does not eliminate any liens for taxes for prior years.

SECTION 3. This act becomes effective June 30, 2004.

HOUSE BILL 1471:
Bakersville Deannexation

Date:	May 27, 2004	**Summary by:**	Trina Griffin
Version:	1st Edition		Committee Counsel

SUMMARY: ***House Bill 1471 de-annexes two parcels of property, totaling approximately 30 acres, from the corporate limits of the Town of Bakersville. The act would become effective June 30, 2004.***

CURRENT LAW: A city or town may annex property by petition of owners of property to be annexed or if the property meets certain statutory requirements. If the property does not meet the statutory requirements for annexation, the municipality does not have the authority to annex. However, the General Assembly can extend the corporate limits of a municipality to encompass areas that the municipality would not statutorily have the authority to annex. The General Assembly can also de-annex property of a municipality.

BILL ANALYSIS: House Bill 1471 de-annexes two parcels of property, totaling approximately 30 acres, from the corporate limits of the Town of Bakersville. The act would become effective June 30, 2004 and would not affect the duty to pay taxes for any prior year.

BACKGROUND: The Town Board of Bakersville passed a resolution requesting that these parcels be removed from the town limits after receiving a request from two property owners concerning the town's inability to provide road, garbage, water, and sewer services to their property despite their obligation to pay property tax.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H 1

HOUSE BILL 1475

Short Title:	Badin Satellite Annexation.	(Local)
Sponsors:	Representative Goodwin.	
Referred to:	Finance.	

May 17, 2004

A BILL TO BE ENTITLED

AN ACT TO ANNEX THE ALBEMARLE CORRECTIONAL INSTITUTION TO THE TOWN OF BADIN.

The General Assembly of North Carolina enacts:

SECTION 1. The corporate limits of the Town of Badin are extended to include the following described territory, which shall be considered to be satellite corporate limits until the intervening territory has been annexed:

Lying and being in Harris Township, Stanly County, and more particularly described as follows:

Being all of that certain parcel or tract of land located on the south side of Airport Road (SR 1549), 31 hundredths of a mile west from the intersection with NC 740 Highway, and composed of tracts of land previously owned by Julius F. Burleson Heirs, J. T. Russell & Sons, Inc. and Jack H. Tysinger, et al as referenced in Plat Book 17, Page 26 in the Stanly County Registry, and being more particularly described as follows:

BEGINNING at a new spike in the center line of the pavement of Airport Road, SR 1549 with a right of way of 60 feet, said new spike being N-84-01-04-W 2448.73 feet from NCGS monument "ROCKS", and thence with a new line through the lands of Jack Tysinger, et al (DB 346-476) and J. T. Russell & Sons, Inc. (DB 488-511) S-30-23-14-E 1253.66 feet to a new iron pipe in the line between the lands of J. T. Russell & Sons, Inc. and Julius F. Burleson Heirs (DB 192-13), said new iron pipe being S-60-53-07-W 63.82 feet from a new iron pipe, a corner of Julius F. Burleson Heirs and Pressley McPhail (DB 133-51); THENCE with a common line between J. T. Russell & Sons, Inc. on the right and Julius F. Burleson Heirs on the left S-60-53-07-W 938.92 feet to an existing stone; THENCE a new line through the land of Julius F. Burleson Heirs S-40-25-53 W 633.42 feet to an existing iron pipe abutting an existing stone; THENCE with a common line between the lands of Julius F. Burleson Heirs on the right, Kenneth R. Huneycutt on the left (DB 367-621 and DB 323-840) and Ray F. Flow on the left (DB 365-199) S-32-51-16 W passing an existing iron pipe at 287.39 feet, a tract corner of Kenneth R. Huneycutt, and passing another existing iron pipe at 1033.54 feet a

corner of Kenneth R. Huneycutt and Ray Flow, and continuing for a total distance of 1201.67 feet to an existing stone; THENCE with a common line between Julius F. Burleson Heirs on the right and Richmond E. Smith on the left (DB 165-217) N-47-53-31-W crossing Little Mountain Creek twice 1781.35 feet to an existing square iron rod on the north side of Little Mountain Creek; THENCE with a common line between Julius F. Burleson Heirs on the right and Richmond E. Smith on the left N-55-30-15-W 313.51 feet to a new spike in the center line of the pavement of Airport Road, said new spike being S-55-30-15-E 101.76 feet from an existing iron pipe at the base of a red oak stump, the north corner of Richmond E. Smith's land; THENCE with the center line of the pavement of Airport Road 34 calls as follows: 1) With the land of Julius F. Burleson Heirs on the right N-30-37-02-E 193.30 feet to a point, 2) N-30-57-59-E 118.97 feet to a point, 3) N-31-38-39-E 116.57 feet to a point, 4) N-33-03-18-E 78.77 feet to a point, 5) N-37-51-41E 60.84 feet to a point, 6) N-47-39-0 I -E 60.77 feet to a point, 7) N-59-20-24-E 61.60 feet to a point, 8) N-67-58-41-E 61.32 feet to a point, 9) N-74-29-57-E 59.44 feet to a point, 10) N-80-05-16-E 76.08 feet to a point, 11) N-83-46-19-E 77.20 feet to a point, 12) N-86-31-29-E 80.63 feet to a point, 13) S-89-19-38-E 76.81 feet to a point, 14) S-85-07-40-E 80.34 feet to a point, 15) S-84-17-33-E 165.88 feet to a point, 16) S-85-44-34-E 74.42 feet to a point, 17) S-88-38-47-E 73.69 feet to a point, 18) N-86-35-58-E 75.98 feet to a point, 19) N-80-58-46-E 73.87 feet to a point, 20) N-74-59-41-E 73.94 feet to a point, 21) N-70-25-09-E 73.57 feet to a point, 22) N-66-02-28-E 75.06 feet to a point, 23) N-61-30-22-E 73.22 feet to an existing spike at the intersection with the extension from the left the south line of Hercules Drive, 24) N-58-16-16-E 66.06 feet to an existing spike at the intersection with the extension from the left the north line of Hercules Drive, 25) with the land of J. T. Russell & Sons, Inc. on the right N-55-55-02-E 106.15 feet to a point, 26) N-54-25-27-E 100.62 feet to a point, 27) N-53-42-56-E 100.67 feet to a point, 28) N-52-37-14-E 98.92 feet to a point, 29) N-51-36-38-E 98.84 feet to a point, 30) N-50-52-23-E 100.50 feet to a point, 31) N-50-38-52 E 100.10 feet to a point, 32) N-49-57-58-E 102.79 feet to a point, 33) N-49-49-04-E 141.75 feet to an existing spike, 34) with the land of Jack H. Tysinger, et al on the right N-49-44-28-E 505.36 feet to the point of Beginning and containing 100.00 acres (by coordinates) subject to the right of way of Airport Road (SR 1549), meridian relative to North Carolina Grid North, ratio of precision is 1: 26,000 according to a survey map by Dent Hall Turner, RLS dated November 30, 1995 for the County of Stanly.

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 1475:
Badin Satellite Annexation

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Goodwin
Date:	May 27, 2004	**Summary by:**	Trina Griffin
Version:	1st Edition		Committee Counsel

SUMMARY: ***House Bill 1475 would annex the Albemarle Correctional Institution to the Town of Badin.***

CURRENT LAW: G.S. 160A-58.1 governs the voluntary annexation by a municipality of noncontiguous property. All property owners in the satellite area[1] may petition for voluntary annexation of the noncontiguous property if the property meets the following five standards in G.S. 160A-58.1(b):

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.

If the property does not meet the statutory requirements for annexation, the municipality does not have the authority to annex the area. However, the General Assembly can extend the corporate limits of a municipality to encompass areas that the municipality would not statutorily have the authority to annex.

BILL ANALYSIS: House Bill 1475 would annex the Albemarle Correctional Institution to the Town of Badin. The Albemarle Correctional Institution is currently located on State property and is exempt from property tax. The area meets all of the statutory requirements for voluntary annexation required by G.S. 160A-58.1. However, since the Town of Badin would like for the property to be annexed by June 30, 2004, it is seeking to annex through the legislative process. The Town and the Department of Correction have entered into a Memorandum of Understanding whereby the parties have agreed that the proposed annexation is in the best interests of both parties. The Town will continue to provide the same services it currently provides to the area. Specifically, the area is currently served by the Badin Volunteer Fire Department and by the Badin Water District. The effect of the annexation would be to increase the population of the Town by approximately 800 people, thereby increasing the sales and use tax revenues that are distributed to the Town on a per capita basis.

[1] G.S. 160A-58.4 provides that satellite corporate limits cannot be considered a part of a municipality's corporate limits for purposes of its ETJ. Therefore, satellite annexations have no effect upon a municipality's ETJ.

HOUSE BILL 1520

Short Title:	Gaston Temporary Sales Tax Referendum.	(Local)
Sponsors:	Representatives Clary and Rayfield (Primary Sponsors).	
Referred to:	Finance.	

May 19, 2004

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE GASTON COUNTY TO LEVY A TEMPORARY HALF CENT LOCAL SALES TAX FOR ECONOMIC DEVELOPMENT AND TOURISM PROJECTS, IF APPROVED BY THE VOTERS OF THE COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. Levy. – If the majority of those voting in a special election held pursuant to this act vote for the levy of the taxes, the board of commissioners of Gaston County may, by resolution, levy one-half percent (1/2%) local sales and use taxes in addition to any other State and local sales and use taxes levied pursuant to law.

SECTION 2. Vote. – The board of commissioners of Gaston County may direct the county board of elections to conduct a special election on the question of whether to levy local one-half percent (1/2%) sales and use taxes in the county as provided in this Article. The election must be held on November 2, 2004, and must be held in accordance with the procedures of G.S. 163-287.

SECTION 3. Ballot Question. – The question to be presented on a ballot for a special election concerning the levy of the taxes authorized by this act must be in the following form:

"[ ] FOR [ ] AGAINST

One half percent (1/2%) temporary local sales and use taxes, in addition to the current local sales and use taxes, to be used only for economic development projects and tourism projects."

SECTION 4. Administration. – Except as provided in this act, the adoption, levy, collection, administration, and repeal of the additional taxes authorized by this act must be in accordance with Article 39 of Chapter 105 of the General Statutes. A tax levied under this act does not apply to the sales price of food that is exempt from tax pursuant to G.S. 105-164.13B.

A tax levied under this act does not apply to construction materials purchased to fulfill a lump-sum or unit price contract entered into or awarded before the effective

date of the levy or entered into or awarded pursuant to a bid made before the effective date of the levy when the construction materials would otherwise be subject to this tax.

SECTION 5. Distribution. – The Secretary of Revenue must monthly distribute to Gaston County the net proceeds of the tax levied under this act. Gaston County must monthly distribute the following percentages of the net proceeds among the following municipalities. Gaston County must retain the balance of the net proceeds.

Municipality	**Percentage**
City of Belmont	3.5
City of Bessemer City	2.05
City of Cherryville	2.15
Town of Cramerton	1.2
Town of Dallas	1.35
City of Gastonia	50
City of High Shoals	0.3
City of Kings Mountain	0.3
Town of Lowell	1.05
Town of McAdenville	.25
City of Mount Holly	3.9
Town of Ranlo	0.9
Town of Spencer Mountain	0.02054
Town of Stanley	1.25

SECTION 6. Use. – A unit of local government may spend the proceeds of the tax levied under this act only for economic development projects, tourism projects, or both.

SECTION 7. Expiration. – A tax levied under this act expires eight years after the effective date of its levy. Gaston County's authorization to levy a tax under this act expires eight years after the effective date of the first tax the county levies under this act, even if the tax has not remained in effect for the entire eight-year period. Gaston County cannot extend the temporary tax unless authorized to do so by an act of the General Assembly subject to another referendum.

The expiration of a tax pursuant to this act does not affect the rights or liabilities of the county, a taxpayer, or another person arising under the expired tax; nor does it affect the right to any refund or credit of a tax that would otherwise have been available under the expired tax before its expiration.

If the Secretary receives a valid request for a refund of a tax levied under this act after the tax has expired and the net proceeds have been distributed, the Secretary must draw the refund from Gaston County's share of the net proceeds of the tax it levies under Article 39 of this Chapter.

SECTION 8. This act is effective when it becomes law.

HOUSE BILL 1520:
Gaston Temporary Sales Tax Referendum

BILL ANALYSIS

Committee: House Finance
Date: May 26, 2004
Version: 1st Edition

Sponsor: Rep. Clary and Rayfield
Analysis by: Martha Walston
Committee Counsel

SUMMARY: House Bill 1520 authorizes Gaston County to hold a special election on November 2, 2004 to vote on a temporary ½ cent local sales tax. The proceeds of the tax may be use only for economic development projects, tourism projects, or both.

CURRENT LAW: All 100 counties pay the following local sales taxes:

- 1% -revenue returned to county where tax collected.
- First ½ cent – allocated to county on per capita basis
- Second ½ cent – allocated to county on per capita basis
- Third ½ cent – ½ of revenue returned to county on per capita basis and ½ of revenue returned where tax collected. Like the State tax, this tax does not apply to food.

Mecklenburg County has a ½ cent sales tax. Proceeds of this tax may be used only for financing, constructing, operating, and maintaining local public transportation systems.

BILL ANALYSIS: House Bill 1520 is a local bill that authorizes the Gaston County Board of Commissioners to hold a special election on November 2, 2004 to vote on the question of whether to levy a ½ cent temporary local sales and use tax to be used only for economic development projects and tourism projects.

Section 4 exempts the following from the tax:

- Food exempt under the State tax
- Construction materials purchased to fulfill a lump-sum or unit price contract entered into or awarded before the effective date of the levy or to a bid made before the effective date of the levy.

Section 5 sets out a monthly distribution formula for the County and the municipalities in the County.

Section 6 restricts the use of the proceeds of the tax to economic development projects, tourism projects, or both.

Section 7 provides that the tax will expire eight years after the effective date of its levy.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: House Bill 1520 (First Edition)

SHORT TITLE: Gaston Temporary Sales Tax Referendum.

SPONSOR(S): Representatives Clary and Rayfield

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08	FY 2008-09
REVENUES:					
Gaston Co. and assoc. municipalities		**(See Assumptions and Methodology)**			

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Gaston County and its associated municipalities, the North Carolina Department of Revenue.

EFFECTIVE DATE: When it becomes law.

BILL SUMMARY: The legislation authorizes Gaston County to hold a referendum on the issue of the county levying an additional ½ cent in sales tax within the county. If the voters approve the ballot measure, the tax could be levied, with the proceeds distributed among the county and the associated municipalities according to a formula outlined in the bill. The tax would not apply to food or construction materials purchased to fulfill a contract entered into or awarded before the effective date of the levy. The tax expires eight years after the instatement of the levy. The proceeds of the tax can only be used for economic development, tourism, or both.

ASSUMPTIONS AND METHODOLOGY: In 2002-03 Gaston County raised $15.32 million from the Article 39 (first one cent) sales tax. This is the only entirely point of origin distributed sales tax. Using one-half of this amount, suggests potential revenue of $7.66 million from a half-cent tax. However, because the Article 39 tax applies to food, the 2002-03 estimate is reduced to $6.73 million to reflect the removal of food from the base. Growing this amount forward by

historical state sales tax growth rates, and anticipated rates, suggests the following potential revenue stream:

2005-06	2006-07	2007-08	2008-09	2009-10
7,529,977	7,868,826	8,262,267	8,675,381	9,109,150

The bill divides this amount between the county and its associated municipalities by formula. The percentage each would receive under the formula, and the actual amount for 2005-06 are shown below:

	Proportion	**2005-06**
Gaston County	31.77946%	2,392,986
Belmont	3.50000%	263,549
Bessemer City	2.05000%	154,365
Cherryville	2.15000%	161,895
Cramerton	1.20000%	90,360
Dallas	1.35000%	101,655
Dellview		-
Gastonia	50.00000%	3,764,989
High Shoals*	0.30000%	22,590
Kings Mountain	0.30000%	22,590
Lowell	1.05000%	79,065
McAdenville	0.25000%	18,825
Mount Holly	3.90000%	293,669
Ranlo	0.90000%	67,770
Spencer Mountain	0.02054%	1,547
Stanley	1.25000%	94,125
TOTAL	100%	7,529,977

This amount is not shown in the fiscal estimate box because of the public referendum requirement.

IRC Update

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Miner
Date:	May 26, 2004	**Analysis by:**	Y. Canaan Huie and Martha Walston, staff attorneys
Version:	H1430-CSLAx-45		

SUMMARY: ***This proposed committee substitute would update to May 1, 2004, the reference to the Internal Revenue Code used in defining and determining certain State tax provisions. This bill would be effective when it becomes law.***

CURRENT LAW: North Carolina's tax law tracks many provisions of the federal Internal Revenue Code, by reference to the Code.[1] The General Assembly determines each year whether to update its reference to the Internal Revenue Code.[2] Updating the Internal Revenue Code reference makes recent amendments to the Code applicable to the State to the extent that State law tracks federal law. The General Assembly's decision whether to conform to federal changes is based on the fiscal, practical, and policy implications of the federal changes and is normally enacted in the following year, rather than in the same year the federal changes are made. Under current law, the reference date to the Code is June 1, 2003.

BILL ANALYSIS: House Bill 1430 is a recommendation of the Revenue Laws Study Committee. As introduced the bill would update the reference to the Code to January 1, 2004. Congress enacted two bills between June 1, 2003, and January 1, 2004, that would affect State tax provisions. These bills are the Military Family Tax Relief Act of 2003 (P.L. 108-121), which was signed into law on November 11, 2003, and the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (P.L. 108-173), which was signed into law on December 8, 2003. On April 10, 2004, the Pension Funding Equity Act of 2004 (P.L. 108-218) was signed into law. This bill also would affect State tax provisions. The proposed committee substitute changes the date to include reference to this bill.

Military Family Tax Relief Act of 2003 (MFTRA) (P.L. 108-121).

The Military Family Tax Relief Act of 2003 makes numerous changes to the tax laws. These changes are discussed separately below.

Exclusion of gain on sale of a principal residence by a member of the uniformed services or the Foreign Service. Under current law, an individual taxpayer is allowed to exclude up to $250,000 ($500,000 if married filing a joint return) of gain realized on the sale or exchange of a principal residence. To qualify for this exclusion, the taxpayer must have owned and used the residence as a principal residence for at

[1] North Carolina first began referencing the Internal Revenue Code in 1967, the year it changed its taxation of corporate income to a percentage of federal taxable income.

[2] The North Carolina Constitution imposes an obstacle to a statute that automatically adopts any changes in federal tax law. Article V, Section 2(1) of the Constitution provides in pertinent part that the "power of taxation ... shall never be surrendered, suspended, or contracted away." Relying on this provision, the North Carolina court decisions on delegation of legislative power to administrative agencies, and an analysis of the few federal cases on this issue, the Attorney General's Office concluded in a memorandum issued in 1977 to the Director of the Tax Research Division of the Department of Revenue that a "statute which adopts by reference future amendments to the Internal Revenue Code would ... be invalidated as an unconstitutional delegation of legislative power."

least two of the last five years. MFTRA provided special rules for members of the uniformed services[3] or the Foreign Service of the United States. Under MFTRA the member may elect to suspend for a maximum of ten years the five-year test for period for ownership and use during certain periods of absence due to service in the uniformed services or the Foreign Service. If the election is made, the five-year period ending on the date of the sale or exchange does not include any period, up to ten years, in which the taxpayer or the taxpayer's spouse is on qualified official extended duty.[4] The effect of this provision will make it easier for military families to qualify for this exclusion. This provision is effective for sales or exchanges occurring on or after May 6, 1997. MFTRA also provides for a one-year period for taxpayers to claim refunds as a result of this provision that would otherwise be barred because of the statute of limitations. This bill provides a similar exception to the State statute of limitations.

Exclusion from gross income of certain death gratuity payments. Federal law provides that qualified military benefits are not included in gross income. Qualified military benefits include certain death gratuities. Under previous law, the amount of the military death gratuity benefit was $6,000 of which $3,000 was excluded from gross income. MFTRA increases the amount of the military death gratuity benefit to $12,000 and provides that all of it is excluded from gross income. This provision is effective for deaths occurring after September 10, 2001.

Exclusion for amounts received under the Department of Defense Homeowners Assistance Program. The Department of Defense Homeowners Assistance Program (HAP) provides payments to certain employees and members of the Armed Forces to offset the effects on housing values related to military base realignment or closure. Under the program, an eligible individual can either receive a cash payment related to the decrease in value or sell the property for a price based on the fair market value of the property before the announcement of the base realignment or closure. Previously, to the extent these payments exceeded the fair market value of any property relinquished, they were considered income. MFTRA excludes these payments from gross income. This provision is effective for payments made after November 11, 2003.

Expansion of combat zone filing rules to contingency operations. Generally, under Section 7058 of the Code the period of time for performing various acts under the Code is suspended for any individual serving in the Armed Forces of the United States in an area designated as a combat zone. North Carolina law prohibits the Secretary of Revenue from assessing penalties or interest for any period that is disregarded under Section 7058 of the Code. State law also provides that the taxpayer is granted an extension of time to file a return or take any other action regarding a State tax during this period. The federal legislation extends the special suspension rules to include persons who are not serving in a combat zone but who are deployed outside of the United States and away from the individual's permanent duty station while participating in an operation designated by the Secretary of Defense as a contingency operation or that becomes a contingency operation.[5] This provision applies to any period for performing and action that had not expired before November 11, 2003.

---

3 The uniformed services include the Army, Navy, Air Force, Marine Corps, and Coast Guard, the commissioned corps of the National Oceanic and Atmospheric Administration, and the commissioned corps of the Public Health Service.

4 "Qualified official extended duty" is any period of extended duty while serving at a place of duty at least 50 miles from the taxpayer's principal residence or under orders compelling residence in government furnished quarters. "Extended duty" is a period of duty pursuant to a call to order for a period in excess of 90 days or for an indefinite period.

5 A contingency operation is a military operation that is designated by the Secretary of Defense as an operation in which members of the Armed Forces are or may become involved in military actions, operations, or hostilities against an enemy of the United States or against an opposing military force, or results in the call or order to active duty of members of the uniformed services during a war or a national emergency declared by the President or Congress.

Veterans' organizations tax exemption membership requirement modification. In order to be tax-exempt as a veterans' organization under Section 501(c)(19) of the Code, certain membership requirements must be met. Under previous law, at least 75% of members were required to be past or present members of the Armed Forces and "substantially all" of the other members were required to be spouses, widows, or widowers of present or past members of the Armed Forces or cadets. MFTRA enlarged the class of individuals who must make up substantially all of the remaining membership by including ancestors and lineal descendants of present or past members of the Armed Forces or cadets. This provision became effective November 11, 2003.

Dependent Care Assistance Program payments to members of the uniformed services. As mentioned earlier, certain qualified military benefits are not included in gross income. MFTRA clarifies that dependent care assistance provided under a dependent care assistance program to a member of the uniformed services by reason the member's status or service is excludable from gross income as a qualified military benefit. This provision is effective for taxable years beginning on or after January 1, 2003.

Suspension of tax-exempt status of terrorist organizations. Under current law, the revocation of an organization's tax-exempt status is accompanied by administrative or judicial rights of appeal. Prior to the enactment of MFTRA, there was no procedure for suspending the tax-exempt status of an organization. MFTRA suspends the tax-exempt status of any organization that is exempt from tax under Section 501(a) of the Code for any period during which the organization is designated or identified by U.S. authorities as a terrorist organization or a supporter of terrorism. During the period of suspension, no deduction for any contribution to the organization is allowed under the Code. No organization or other person may directly challenge the suspension of tax-exempt status. In order to challenge the suspension of tax-exempt status, a person must challenge the underlying designation that the organization is a terrorist organization or a supporter of terrorism. Tax-exempt status is reinstated when all underlying designations have been rescinded. If it is determined that a designation was erroneous, tax-exempt status is reinstated retroactively. This provision is effective for all designations – past, present, or future. Suspension of tax-exempt status becomes effective when the designation becomes effective or November 11, 2003, whichever is later. Because this provision became effective during 2003 and could have the effect of raising taxes in the 2003 tax year for some taxpayers, this bill contains language in Section 2 that clarifies that any change in this bill that could increase taxes in the 2003 taxable year will not take effect until the 2004 taxable year.

Above-the-line deduction of overnight travel expenses of National Guard and Reserve members. Under previous law, National Guard and Reserve members could claim itemized deductions for their nonreimburseable expenses for transportation, meals, and lodging for overnight travel associated with National Guard or Reserve meetings. These expenses were only deductible to the extent they exceeded 2% of the taxpayers adjusted gross income. MFTRA allows for an above-the-line deduction so that National Guard or Reserve members may claim a deduction for these expenses regardless of whether they itemize deductions. The deduction is allowed only to the extent it does not exceed the federal per diem rate and only when the member must travel at least 100 miles from home. The deduction allowed by MFTRA is not limited to the portion that exceeds 2% of adjusted gross income.

Extension of certain tax relief provisions to astronauts. In 2001, Congress enacted the Victims of Terrorism Tax Relief Act of 2001. That act provided certain income and estate tax relief to individuals who died as a result of the terrorist attacks on September 11, 2001 or April 19, 1995 (the bombing of the Alfred P. Murrah Federal Building in Oklahoma City) or as a result of an illness that occurred as a result of an anthrax attack that occurred between September 11, 2001, and January 1, 2002. In general, under

that act, qualified individuals are exempt from federal income tax for the taxable years starting with the taxable year preceding the attack until the taxable year including death. This income tax exemption does not apply to certain deferred compensation payment or to amounts that would not have been otherwise payable without some other action occurring after September 11, 2001. That act also provides that certain death benefits are excludable from gross income and provides for a reduction in estate taxes. MFTRA extended these benefits to astronauts who lose their lives on a space mission, including those who lost their lives in the space shuttle Columbia disaster. This provision is effective for individuals whose lives are lost after December 31, 2002.

Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (P.L. 108-173).

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (P.L. 108-173) contains one significant tax provision. As part of that law, Congress enacted Health Savings Accounts (HSA). The federal legislation will allow a person to accumulate funds on a tax-preferred basis to pay for certain medical expenses. Contributions to the fund may be made by an employer, an eligible individual, or both. The earnings in the fund grow tax-free. Employer contributions to a HSA are excludable from gross income and contributions by an eligible individual are deductible in computing adjusted gross income.

Distributions from a HSA for medical expenses would be excludable from income, except for amounts distributed to pay most health insurance premiums. However, tax-free distributions from a HSA may be used to pay the following health insurance premiums: retiree health insurance premiums for individuals who have reached Medicare eligibility; premiums for COBRA coverage; premiums for qualified long-term care insurance contracts; and premiums for a health plan during a period in which an individual is receiving unemployment. Distributions from a HSA for non-medical expenses would be includible in income.

Pension Funding Equity Act of 2004 (P.L. 108-218

The Pension Funding Equity Act of 2004, signed by the President on April 10, 2004, makes changes to the Internal Revenue Code and the Employee Retirement Income Security Act (ERISA). By modifying the requirements for a qualified defined benefit pension plan, the Act changes whether a plan qualifies for special tax treatment of contributions, earnings, and distributions and therefore affects federal taxable income, which is the basis for calculating North Carolina taxable income. The Act allows employers (both pension plan sponsors across the board as well as those in specifically targeted industries) to lower the amount of both their pension contributions and premiums paid to the Pension Guaranty Corporation (PBGC). The PBGC is the government agency that insures certain underfunded benefits in defined benefit plans. Underfunded single employer defined benefit plans, those plans that do not have sufficient assets to pay benefits if the plan were to terminate, provide the greatest risk to the PBGC. Sponsors of plans that are considered underfunded must make contributions to their plans in addition to paying variable-rate premiums to the PBGC based on the amount of underfunding. Pension plan benefits promised to employees remain the same. The Act specifically provides the following temporary relief for many pension plans:

- *For years 2004 and 2005, replacement of the 30-year Treasury bond rate used to calculate employer's pension contributions and premiums paid to the PBGC with a long-term corporate bond rate.* The 30 –year Treasury bond, last issued in 2001, has had an historically low interest rate. A lower interest rate requires pension plans to make higher contributions because they are assuming a lower rate of return. The new rate is based on the four-year weighted average of high quality bond yields. Under current law, plans with funded current liabilities of less than 100% must estimate quarterly payments for the plan year. Failure to make required payments subjects the employer to excise taxes. If a plan's assets are not sufficient to cover at least 90% of its

current liability, it is subject to additional funding requirements. The Act will allow more plans to meet the magic 90% funded threshold and avoid additional contributions.

- *Deficit reduction contribution (DRC) relief to under-funded plans in the airline and steel industries, and to the Transportation Communications Union plan.* The DRC is a payment required from pension plans that are significantly underfunded. Plans that are less than 90% funded on a current liability basis generally are subject to an additional minimum funding requirement. A DRC payment is required in addition to the pension plan sponsor's normal annual contribution. The Act will allow plan sponsors that would normally be subject to DRC liability to reduce their payments by 80% for two years. During the two years of DRC relief, plan sponsors will be precluded from increasing benefits for those two years except for benefit increases required by collective bargaining agreements and increases which will be paid for by increased contributions. Plan sponsors will be required to notify plan participants that the sponsor has taken DRC relief within 30 days of filing that election, thereby putting the employees on notice that the plan sponsor is not fully funding the plan. Any plan which takes DRC relief must also report to the PBGC how much in DRC contributions the sponsor was spared, how long it would take the company to become fully funded if only regular, required contributions were made, and how the amount by which the plan is underfunded compares with the capitalization of the company.
- *Relief to targeted multi-employer plans.* The Act allows an eligible multi-employer to elect to defer amortization of up to 80% of the 2002 net experience losses for two plan years. Under current law, if a multi-employer plan has a net experience loss for a plan year, the plan's funding standard account is charged with the amount needed to amortize the net experience loss over 15 years. The Act defers funding of 80% of the 2002 actuarial loss for up to two years. It is expected that very few of the 1,600 plus multi-employer plans will meet the eligibility requirements for this relief.[6] If the eligible plan elects to defer charges attributable to its 2002 net experience loss, the plan must provide written notice of the election within 30 days to participants and beneficiaries, to each labor organization representing participants and beneficiaries, to each employer that has an obligation to contribute under the plan, and to the PBGC.

[6] Eligible multi-employer plans are those which experienced an investment loss of at least 10% of assets in the plan year beginning in 2002 and for which the negotiated contributions are expected to be insufficient to satisfy minimum funding requirements in a plan year beginning after June 30, 2003 and before July 1, 2006. Multi-employer plans are not subject to the DRC. Instead, employers paying into a multi-employer plan are subject to excise taxes if the multi-employer plan is not fully funded.

POSITIONS:

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: This bill updates the statutory reference to the Internal Revenue Code used in defining and determining certain state income tax provisions. The referenced date is changed from June 1, 2003 to May 1, 2004.

ASSUMPTIONS AND METHODOLOGY: This bill conforms the North Carolina tax code to changes made in the Internal Revenue Code in 2003 and 2004 by Congressional approval of P.L. 108-121, The Military Family Relief Act of 2003, P.L. 108-173, The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 and P.L. 108-218, The Pension Funding Equity Act of 2004.

I. The Military Family Relief Act

Of the ten major provisions in the Military Family Relief Act of 2003 (H.R. 3365), only two have a fiscal impact on North Carolina. The first major change is in the exclusion of gain from the sale of a principal residence. Current tax law allows an individual to exclude up to $250,000 ($500,000 if married filing a joint return) of gain realized on the sale of a principal residence. The taxpayer must have owned and used the residence as a principal residence for at least two of the five years ending on the date of sale. The Military Family Relief Act of 2003 allows a member of the Armed Forces, Public Health Service, National Oceanic and Atmospheric Administration, or the Foreign Service to suspend for a maximum of ten years the five-year principal residence test. To qualify, these federal employees must be stationed more than 50 miles from their principal residence for duty in excess of 90 days. The provision is effective for sales made after May 6, 1997 and these employees have one year (November 11, 2003 to November 11, 2004) to apply for a refund.

The staff of the Congressional Joint Committee on Taxation (JCT) estimates that this exclusion will cost the federal treasury $68 million in the first year due to the refund provision. The federal loss in the following years is $14 million to $17 million a year. Both the Tax Research Division of the Department of Revenue and the Fiscal Research Division of the General Assembly base the North Carolina tax impact on the JCT estimate. The chart below shows the JCT estimate of federal tax loss divided by the capital gains tax rate of 25% to determine the loss in federal taxable income. Since the Department of Defense reports that 2.44% of active military personnel in the US claim North Carolina as their residence, then this percentage multiplied by the federal taxable income yields the loss of state taxable income. Multiplying the average personal income tax paid in 2001 (6.8%) times the North Carolina taxable income results in the estimated tax loss for this provision.

	($Million)				
Exclusion on Gain of Principal Residence	FY 04-05	FY 05-06	FY 06-07	FY 07-08	FY 08-09
JCT Estimate of Federal Tax Loss ($Millions)	($68.0)	($14.0)	($14.0)	($15.0)	($15.0)
Divide By Capital Gains Tax Rate on Sec 1250 gains	25%	25%	25%	25%	25%
Estimated Loss of Federal Taxable Income	($272.0)	($56.0)	($56.0)	($60.0)	($60.0)
Multiply By NC Residents as Percent of Total Military	2.44%	2.44%	2.44%	2.44%	2.44%
Estimated Loss of NC Taxable Income	($6.6)	($1.4)	($1.4)	($1.5)	($1.5)
Multiply By NC Average Tax Rate	6.8%	6.8%	6.8%	6.8%	6.8%
Estimated NC Tax Loss	**($0.5)**	**($0.1)**	**($0.1)**	**($0.1)**	**($0.1)**

The second provision of the Military Family Relief Act of 2003 that has a fiscal impact on North Carolina is an above the line deduction for the travel expenses of the National Guard and Reserves. Currently, National Guard and Reserve personnel may claim as itemized deductions their non-reimbursable expenses for transportation, meals, and lodging when they stay overnight for National Guard and Reserve meetings. However, these expenses

must exceed 2% of a taxpayer's adjusted gross income (AGI) to be claimed. The provision in the Military Family Relief Act allows an above the line deduction on the transportation, meals, and lodging expenses of National Guard and Reserves who travel more than 100 miles and stay overnight at National Guard and Reserve meetings.

Again, the Joint Committee on Taxation estimate of the national revenue loss for this deduction is used. To obtain federal taxable income, the federal tax loss is divided by the average federal tax rate of 21.9%. To get state taxable income, the federal taxable income is multiplied by North Carolina's percentage of the U.S. Selected Reserve personnel (2.57%). Selected Reserve includes Air and Army National Guard; Army, Navy, Air Force, and Marine Corps Reserves, and when detached from the Department of Homeland Security to the Department of the Navy, the Coast Guard Reserve. The North Carolina taxable income is multiplied by the average income tax rate of 6.8% to obtain the North Carolina tax loss from conforming to this provision.

			($Million)		
Above the Line Deduction for Reserve and Guard	FY 04-05	FY 05-06	FY 06-07	FY 07-08	FY 08-09
JCT Estimate of Federal Tax Loss ($Millions)	($90.0)	($77.0)	($78.0)	($80.0)	($82.0)
Divide By Average Federal Tax Rate	21.9%	21.9%	21.9%	21.9%	21.9%
Estimated Loss of Federal Taxable Income	($411.5)	($352.1)	($356.7)	($365.8)	($374.9)
Multiply NC Selected Reserve as Percent of Total	2.6%	2.6%	2.6%	2.6%	2.6%
Estimated Loss of NC Taxable Income	($10.6)	($9.0)	($9.1)	($9.4)	($9.6)
Multiply By NC Average Tax Rate	6.8%	6.8%	6.8%	6.8%	6.8%
Estimated NC Tax Loss	($0.7)	($0.6)	($0.6)	($0.6)	($0.7)

II. Medicare Prescription Drug, Improvement, and Modernization Act

There is one provision in the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (HR1) that will impact North Carolina revenues. This bill creates Health Savings Accounts (HSAs) that provide tax-favored treatment of savings for medical expenses under a high deductible health plan. A person is eligible for a HSA if he or she has a health plan with a deductible that is at least $1,000 for self only coverage or $2,000 for family coverage and the plan has an out-of-pocket expense limit that is no more than $5,000 for an individual or $10,000 for a family. Out-of-pocket expenses include deductibles, co-payments, and other amounts (other than premiums) spent for covered benefits under the plan.

Individual contributions to a HSA are deductible from adjusted gross income and employer contributions to a HSA are excludable from gross income and wages for employment tax purposes. Distributions from a HSA for qualified medical expenses are excluded from gross income. HSA distributions not spent on qualified medical expenses are included in gross income and subject to an additional 10% tax.

The Department of Insurance reported to the Fiscal Research Division in May 2004 that the following companies have high deductible health plans that are HSA eligible:

John Alden
Fortis
United Wisconsin Life
Medical Security
American Republic has a product pending approval.

As in the examples above, the Joint Committee on Taxation is used to determine the North Carolina revenue loss. The federal tax loss is divided by the average federal tax rate of 21.9% to determine the federal taxable income. State taxable income is 2.9% of the federal taxable income based on 2003 US Census data on population. Multiplying the state taxable income times the 6.8% average state income tax rate yields the state tax loss from this provision.

			($Million)		
Health Savings Account	FY 04-05	FY 05-06	FY 06-07	FY 07-08	FY 08-09
JCT Estimate of Federal Tax Loss	($160)	($474)	($533)	($597)	($650)
Divide By Average Federal Tax Rate	21.9%	21.9%	21.9%	21.9%	21.9%
Estimated Loss of Federal Taxable Income	($731.6)	($2,167.4)	($2,437.1)	($2,729.8)	($2,972.1)
Multiply By NC Population as a % of US	2.9%	2.9%	2.9%	2.9%	2.9%
Estimated Loss of NC Taxable Income	($21.2)	($62.7)	($70.5)	($78.9)	($85.9)
Multiply By NC Average Tax Rate	6.8%	6.8%	6.8%	6.8%	6.8%
Estimated NC Tax Loss	**($1.4)**	**($4.3)**	**($4.8)**	**($5.4)**	**($5.8)**

III. The Pension Funding Equity Act

The primary aim of the Pension Funding Equity Act of 2004 (H.R. 3108) is to reduce mandatory corporate contributions to defined benefit pension plans in 2004 and 2005. (In defined benefit plans, employers pay monthly pensions to retired workers usually based on their salary and years of service.) More specifically, the act changes the interest rate employers use to calculate their required pension contributions, the act provides temporary relief from additional contributions required of companies that have pension plans that are less than 90% funded, and the act allows multiemployer pension plans to defer for up to three years the amortization of part of their stock market losses incurred during the 2000 to 2002 period.

The Congressional Joint Committee on Taxation (JCT) estimates this legislation will produce a federal revenue gain for the first three fiscal years. Since a portion of employer contributions to qualified retirement plans are deductible from federal income tax, then a reduction in corporate payments into retirement funds will reduce the amount of corporate deductions and thus increase taxable income. Beginning in 2007, taxable income will fall as companies increase their retirement contributions and deduct these increasing contributions. Normally the General Assembly and the Department of Revenue rely on the JCT estimates when computing the North Carolina share of tax loss or gain from legislation. When JCT

was contacted for information on the Pension Funding Equity Act of 2004, the agency declined to share the methodology they used to estimate the change in revenue. The Congressional Budget Office, a coauthor of some of the bill analysis, has been asked to intervene with JCT to provide us their methodology. Because of the complexity of this bill, no estimate will be attempted on this federal act until the legislative and Revenue staff have a chance to test the validity of the JCT estimate.

HOUSE BILL 1553*

Short Title:	Grimesland Boundary Restatement.	(Local)
Sponsors:	Representative C. Johnson.	
Referred to:	Finance.	

May 20, 2004

A BILL TO BE ENTITLED

AN ACT TO RATIFY THE BOUNDARIES OF THE TOWN OF GRIMESLAND BASED ON A NEW SURVEY ALONG THE EXISTING COMMONLY RECOGNIZED BOUNDARY.

The General Assembly of North Carolina enacts:

SECTION 1. Section 2 of Chapter 222 of the 1893 Session Laws is rewritten to read:

"TOWN LIMITS BOUNDARY DESCRIPTION

BEGINNING at a point along the northern right of way line of N.C. Highway 33 and also being the south corner of Pitt County tax parcel 048511, the owner thereof being listed as Trustees of Pentecostal Holiness Church (said point controlled by a concrete monument set at N50°00'00"W 25.0 feet from said point); thence from said POINT OF BEGINNING continuing southwest across N.C. Highway 33 to a point on the southern right of way line of N.C. Highway 33, said point being the northwest corner of Pitt County tax parcel 006965, the owner thereof being listed as Thomas S. and Mary Gentile; thence continuing southwest approximately 123 feet along the boundary of said parcel 006965 to a corner of the parcel 006965; thence continuing southeast approximately 133 feet along the boundary of said parcel 006965 to a corner of the parcel 006965; thence continuing southwest approximately 59 feet along the boundary of said parcel 006965 to a corner of the parcel 006965; thence continuing southeast approximately 200 feet along the boundary of said parcel 006965 to a corner of the parcel 006965; thence continuing southwest approximately 162 feet along the boundary of said parcel 006965 to a corner of the parcel 006965, said corner also being the north corner of Pitt County tax parcel 033394, the owner thereof being listed as Mary Frances N. and Gerald Edwin Whitley; thence continuing approximately 212 feet along the west boundary of said parcel 033394 to the west corner of the parcel 033394; thence continuing approximately 195 feet along the south boundary of said parcel 033394 to the south corner of the parcel 033394; thence continuing approximately 198 feet along the east boundary of said parcel 033394 to the east corner of the parcel

033394; said corner also being the west corner of Pitt County tax parcel 048140, the owner thereof being listed as Thomas S. and Mary Gentile; thence continuing approximately 68 feet along the south boundary of said parcel 048140 to the south. corner of the parcel 048140, said corner also being the west corner of Pitt County tax parcel 048131, the owner thereof being listed as Lelon A. Moore; thence continuing approximately 19 feet along the south boundary of said parcel 048131 to a point, said point being the north corner of Pitt County tax parcel 014593, the owner thereof being listed as Jenette B. Mayo; thence continuing approximately 141 feet along the west boundary of said parcel 014593 to the west corner of the parcel 014593, said corner also being the north corner of Pitt County tax parcel 014597, the owner thereof being listed as Lewis David Landen; thence continuing approximately 354 feet along the west boundary of said parcel 014597 to a point, said point also being the north corner of Pitt County tax parcel 034690, the owner thereof being listed as Lewis David Landen; thence continuing approximately 220 feet along the west boundary of said parcel 034690 to the west corner of the parcel 034690; thence continuing approximately 179 feet along the south boundary of said parcel 034690 to a point, said point also being a south corner of Pitt County tax parcel 014597, the owner thereof being listed as Lewis David Landen; thence continuing approximately 39 feet to a south corner of the parcel 014597; thence continuing south-southeast approximately 2,230 feet to the west corner of Pitt County tax parcel 034034, the owner being listed as William Howard, (Jr.) and Mildred M. Cherry; thence continuing approximately 213 feet along the south boundary of said parcel 034034 to the south corner of the parcel 034034, also being a point on the western right of way line of North Carolina Secondary Road 1777 (Chicod Street) (said point controlled by a concrete monument set at N49°00'00"E 5.0 feet from said point); thence continuing perpendicular across the right of way of North Carolina Secondary Road 1777 to a point on the east right of way line of North Carolina Secondary Road 1777; thence continuing east approximately 741 feet to a point on the west right of way line of North Carolina Secondary Road 1565 (Beaufort Street); thence continuing perpendicular across the right of way of North Carolina Secondary Road 1565 to a point on the east right of way line of North Carolina Secondary Road 1565, said point also being the west corner of Pitt County tax parcel 047448, the owner thereof being listed as Mary Frances N. and Gerald Edwin Whitley (said point controlled by a concrete monument set at N37°00'00"E 5.0 feet from said point); thence continuing approximately 202 feet along the southwest boundary of said parcel 047448 to the south corner of the parcel 047448; thence continuing east-northeast approximately 3,174 feet to the south corner of Pitt County tax parcel 011667, the owner thereof being listed as George William Huntley; thence continuing approximately 213 feet along the east boundary of said parcel 011667 to the east corner of the parcel 011667, said corner also being the north corner of Pitt County tax parcel 046974, the owner thereof being listed as Viola Godley Buck life estate; thence continuing approximately 184 feet along the north boundary of said parcel 046974, also being the south, right of way line of N.C. Highway 33, to a corner of the parcel 046974; thence continuing north-northeast across the N.C. Highway 33 right of way to a point along the north right of way line of N.C. Highway 33, said point being the south corner of Pitt County tax parcel 048498, the

owner thereof being listed as Lewis Elmore and Ruby G. Hodges (said point controlled by a concrete monument set on the northern right of way of NC Highway 33 15.0 west of said point); thence continuing approximately 29 feet along the east boundary of said parcel 048498 to a point, said point being a south corner of Pitt County tax parcel 054434, the owner thereof being listed as Lewis Elmore and Ruby G. Hodges; thence continuing approximately 363 feet to the east corner of the parcel 054434, also being a point on the south right of way line of Norfolk Southern Railroad; thence continuing on the same bearing across the Norfolk Southern Railroad right of way to a point on the north right of way line of Norfolk Southern Railroad; thence continuing in a northwest direction approximately 914 feet along the north right of way line of Norfolk Southern Railroad to a point on the east right of way line of North Carolina Secondary Road 1568 (Mount Calvert Street), said point being the intersection of the north right of way line of Norfolk Southern Railroad and the east right of way line of North Carolina Secondary Road 1568; thence continuing approximately 202 feet along the east right of way line of North Carolina Secondary Road 1568 (Mount Calvert Street) to a point, said point being the southwest corner of Pitt County tax parcel 019726, the owner thereof being listed as Oriental Lodge - No. 76 F. and A.M.; Trustees; thence continuing northwest across North Carolina Secondary Road 1568 (Mount Calvert Street) to a point on the west right of way line of North Carolina Secondary Road 1568 (Mount Calvert Street), said point being the east corner of Pitt County tax parcel 001086, the owner thereof being listed as Betty Lou Barr and Elijah Crandell, et al; thence continuing approximately 111 feet northwest along the boundary of said parcel 001086 to a point also being a corner of Pitt County tax parcel 049407, the owner thereof being listed as Betty Lou Barr and Elijah Crandell, et al; thence continuing approximately 41 feet northwest along the boundary of said parcel 049407 to a corner of the parcel 049407; thence continuing approximately 30 feet north-northeast along the boundary of said parcel 049407 to a point also being a corner of Pitt County tax parcel 001086, the owner thereof being listed as Betty Lou Barr and Elijah Crandell, et al; thence continuing approximately 16 feet north-northeast along the boundary of said parcel 001086 to a corner of the parcel 001086; thence continuing approximately 23 feet northwest along the boundary of said parcel 001086 to a point also being a corner of Pitt County tax parcel 049407, the owner thereof being listed as Betty Lou Barr and Elijah Crandell, et al; thence continuing approximately 34 feet northwest along the boundary of said parcel 049407 to a corner of the parcel 049407; thence continuing approximately 92 feet northwest along the boundary of said parcel 049407, said corner being a point on the east right of way line of Mount Hope Street; thence continuing north approximately 130 feet along the east right of way line of Mount Hope Street to a point, said point being the intersection of the east right of way line of Mount Hope Street and the south right of way line of Tar Street; thence continuing northwest approximately 902 feet to a point on the south right of way line of North Carolina Secondary Road 1568 (Bryant Street), said point being perpendicular across the right of way of North Carolina Secondary Road 1568 (Bryant Street) from the southeast corner of Pitt County tax parcel 055723, the owner thereof being listed as Patricia M. Harvey; thence continuing northeast across North Carolina Secondary Road 1568 (Bryant Street) to a point on the northern right of way line of North Carolina

Secondary Road 1568, said point being the southeast corner of said parcel 055723; thence continuing approximately 198 feet along the east boundary of said parcel 055723 to the east corner of the parcel 055723; thence continuing approximately 82 feet along the north boundary of said parcel 055723 to the north corner of the parcel 055723, said corner also being a point on the east right of way line of Silverado Drive; thence continuing across Silverado Drive to a point on the west right of way line of Silverado Drive; said point also being the east corner of Pitt County tax parcel 048509, the owner thereof being listed as Larry C. and Claudia W. Brown; thence continuing approximately 241 feet along the north boundary of said parcel 048509 to the north corner of the parcel 048509, said corner also being a corner of Pitt County tax parcel 048504, the owner thereof being listed as Johnny L. and Hattie L. Daniels; thence continuing approximately 50 feet along the east boundary of said parcel 048504 to a point, said point also being a southeast corner of Pitt County tax parcel 035212, the owner thereof being listed as Johnny L. and Hattie L. Daniels; thence continuing approximately 102 feet along the east boundary of said parcel 035212 to a corner of the parcel 035212; thence continuing approximately 71 feet to the northeast corner of the parcel 035212; thence continuing approximately 5 feet along the north boundary of said parcel 035212 to a corner; thence continuing approximately 50 feet along the north boundary of said parcel 035212 to the northwest corner of the parcel 035212; thence continuing approximately 173 feet along the west boundary of said parcel 035212 to the west corner of the parcel 035212, said corner also being the east corner of Pitt County tax parcel 038228, the owner thereof being listed as Evelyn Littles; thence continuing approximately 233 feet along the north boundary of said parcel 038228 to the north corner of the parcel 038228, said corner also being a point on the east right of way line of North Carolina Secondary Road 1565 (Beaufort Street) (said point controlled by a concrete monument set at said point); thence continuing across North Carolina Secondary Road 1565 to a point on the west right of way line of North Carolina Secondary Road 1565, said point being perpendicular across the right of way of North Carolina Secondary Road 1565 from the north corner of the parcel 038228; thence continuing approximately 58 feet south along the west right of way line of North Carolina Secondary Road 1565 to the east corner of Pitt County tax parcel 016435, the owner thereof being listed as Evelyn M. Littles; thence continuing approximately 127 feet along the north boundary of said parcel 016435 to a point, said point also being the east corner of Pitt County tax parcel 048505, the owner thereof being listed as Evelyn M. Littles; thence continuing approximately 59 feet along the northeast boundary of said parcel 048505 to the north corner of the parcel 048508, said corner also being a point on the east boundary of Pitt County tax parcel 048507, the owner thereof being listed as James Daniels Sr. Heirs; thence continuing approximately 5 feet along the east boundary of said parcel 048507 to the east corner of the parcel 048507; thence continuing approximately 79 feet along the north boundary of said parcel 048507 to the north corner of the parcel 048507, said corner also being the east corner of Pitt County tax parcel 003004, the owner thereof being listed as Bobby Earl Bullock; thence continuing approximately 108 feet along the north boundary of said parcel 003004 to the north corner of the parcel 003004; thence continuing approximately 190 feet along

the west boundary of said parcel 003004 to a point, said point also being the north corner of Pitt County tax parcel 048506, the owner thereof being listed as Bobby Earl Bullock; thence continuing approximately 102 feet along the west boundary of said parcel 048506 to the west corner of the parcel 048506; thence continuing west-northwest approximately 1,376 feet to a point on the north right of way line of the Norfolk Southern Railroad, said point being perpendicular to the east corner of Pitt County tax parcel 026504, the owner thereof being listed as Rupert Spencer 5 and Liddie S. Hill; thence continuing perpendicular across the Norfolk Southern Railroad right of way to a point on the south right of way line of Norfolk Southern Railroad, said point being the east corner of the parcel 026504; thence continuing approximately 394 feet along the south right of way line of Norfolk Southern Railroad to a point, said point also being the north corner of Pitt County tax parcel 048513, the owner thereof being listed as Pearly A. and Thomas A. West; thence continuing approximately 82 feet along the northwest boundary of said parcel 048513 to a point, said point also being the north corner of Pitt County tax parcel 026503, the owner thereof being listed as Pearly A. and Thomas A. West; thence continuing approximately 92 feet along the northwest boundary of said parcel 026503 to the west corner of the parcel 026503; thence continuing west-northwest approximately 1,416 feet to the POINT OF BEGINNING containing approximately 349.90 acres as shown on map Z2245 prepared by Rivers and Associates, Inc., Greenville, North Carolina dated September 18, 2003 entitled "Map of Town of Grimesland Corporate Limits" and recorded in map book 60, page 68 of the Pitt County, North Carolina registry, and as also shown on map W-2622 prepared by Rivers and Associates, Inc., Greenville, North Carolina dated October 2, 2002 entitled "Map of Proposed Town Limits Redefinition", revision 7, dated September 11, 2003 both of which by reference are made a part hereof."

SECTION 2. This act is effective when it becomes law.

2003 COMMITTEE REPORT
HOUSE OF REPRESENTATIVES

The following report(s) from standing committee(s) is/are presented:
By Representatives **G. Allen, Howard, Luebke, McComas, Miner, and Wainwright** (Chairs) for the Committee on **FINANCE**.

☐ Committee Substitute for
H.B. 1553 A BILL TO BE ENTITLED AN ACT TO RATIFY THE BOUNDARIES OF THE TOWN OF GRIMESLAND BASED ON A NEW SURVEY ALONG THE EXISTING COMMONLY RECOGNIZED BOUNDARY.

☒ With a favorable report.

☐ With a favorable report and recommendation that the bill be re-referred to the Committee on Appropriations ☐ Finance ☐ ☐.

☐ With a favorable report, as amended.

☐ With a favorable report, as amended, and recommendation that the bill be re-referred to the Committee on Appropriations ☐ Finance ☐ ☐.

☐ With a favorable report as to the committee substitute bill (#), ☐ which changes the title, unfavorable as to (the original bill) (Committee Substitute Bill #), (and recommendation that the committee substitute bill #) be re-referred to the Committee on .)

☐ With a favorable report as to House committee substitute bill (#), ☐ which changes the title, unfavorable as to Senate committee substitute bill.

☐ With an unfavorable report.

☐ With recommendation that the House concur.

☐ With recommendation that the House do not concur.

☐ With recommendation that the House do not concur; request conferees.

☐ With recommendation that the House concur; committee believes bill to be material.

☐ With an unfavorable report, with a Minority Report attached.

☐ Without prejudice.

☐ With an indefinite postponement report.

☐ With an indefinite postponement report, with a Minority Report attached.

☐ With recommendation that it be adopted. (HOUSE RESOLUTION ONLY)

03/19/03

North Carolina General Assembly

House Committee on Finance

Minutes

~

June 3, 2004

The House Committee on Finance met on Thursday, June 3, 2004 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Luebke, McComas, and Wainwright; Vice-Chairs Alexander, Daughtridge, Decker, Gibson, and Hill; Representatives Blackwood, Bordsen, Capps, Carney, Creech, Ellis, Glazier, Hackney, Holliman, Jones, McGee, Rayfield, Ross, Setzer, Starnes, Weiss, and Womble. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Walter Spell. Staff persons present included Richard Bostic, Trina Griffin, Martha Harris, Linda Millsaps, and Martha Walston. The Agenda and Visitor Registration Sheets are attached and incorporated into these minutes as **attachments 1 and 2**.

Chairman Allen, in the absence of Chairman Luebke, called the meeting to order at 8:34 am and recognized the five (5) pages present: (1) Andrew Bell of Cumberland County, sponsored by Representative Dickson; (2) Sarah Ferguson of Vance County, sponsored by Representative Warner; (3) Jessica Gulley of Cabarrus County, sponsored by Representative Gulley; (4) Ashton Piper of Franklin County, sponsored by Representative Lucy Allen; and (5) Cameron Saunders of Wake County, sponsored by Representative Miner.

The first bill considered on the agenda was **HB 1593 – SWANSBORO ANNEXATION** (see **attachment 3**). Chairman Allen recognized Representative Preston, one of the bill's sponsors, to explain the bill. Representative Preston explained that the bill would allow for the satellite annexation of property known as the River Reach Subdivision to the Town of Swansboro. She also stated that the bill was requested by both the subdivision and the Town and that there was no opposition to the measure. Following this explanation, the Chair recognized Representative Blackwood who moved that House Bill 1593 be given a favorable report. Seeing no further discussion, Chairman Allen then called the motion to a vote and it carried by consent.

Chairman Allen next recognized Representative Goodwin to explain **HB 1678 – NORWOOD ANNEXATIONS** (see **attachment 4**). Representative Goodwin explained that the bill would simply annex two tracts of land into the Town of Norwood. He stated that the bill was prompted by the requests of several property owners requesting the extension of sewer service to the area and knew of no opposition to the bill. Representative Ellis was then recognized by the Chair and moved that House Bill 1678 be given a favorable report. As there was no further discussion, Chairman Allen then called the motion to a vote and it carried without objection.

Chairman Allen next recognized Representative Stiller, sponsor of **HB 1732 – SOUTHPORT WARD BOUNDARIES** (see **attachment 5**), to provide an explanation of the

bill. Representative Stiller explained that the bill would act to clarify the ward boundaries of the City of Southport to reflect recent annexations. Seeing no discussion on the bill, Chairman Allen recognized Representative Hill who moved that the bill be given a favorable report. The Chair then called the vote and the motion carried by consent.

HB 1385 – WASHINGTON/CRESWELL SATELLITE ANNEXATIONS (see **attachment 6**), sponsored by Representative Arthur Williams, was the next bill discussed by the Committee. Chairman Luebke, having arrived at the meeting and assuming the Chair, accepted a motion from Representative Capps that the Proposed Committee Substitute (PCS) for HB 1385 be adopted for the Committee's discussion and the motion carried without objection. Representative Williams was then recognized to explain the bill. He stated that House Bill 1385 adds the City of Washington and the Town of Creswell to the list of municipalities that are removed from the 5th statutory satellite annexation standard, which restricts (caps) a municipality's satellite annexation to no more than 10% of its primary corporate limits. He noted that the PCS adds the Town of Wallace to the list. Following this explanation, Chairman Luebke recognized Representative Wainwright for a question to the bill sponsor. Representative Wainwright asked if this bill exempting the cap on satellite annexations for these municipalities was temporary or permanent. Representative Williams explained that the bill would remove the cap permanently. Following some other brief discussion, Representative Wainwright then requested that Chairman Luebke temporarily displace the bill before the Committee. Chairman Luebke, upon receiving this request, then acted to temporarily displace House Bill 1385, with the intent to bring the bill back before the Committee prior to the meeting's adjournment.

Chairwoman Luebke then recognized Representative Preston to explain the next bill on the Committee's calendar: **HB 1369 – EMERALD ISLE ANNEXATION** (see **attachment 7**). Representative Preston stated that the bill, requested by the Town of Emerald Isle, amends the Town's Charter to extend the western boundary of the Town to the Bogue Inlet channel, as it exists from time to time, whether by natural forces, acts of God, accretion, dredging, or human cause. She noted that the change in the charter would allow all upland areas connected to Bogue Banks on the western end of the island to be in the corporate limits of the Town. Seeing no discussion among the members, Chairman Luebke then recognized Representative Ellis who moved for a favorable report on House Bill 1369. The Chair then called the matter to a vote and the motion carried without objection.

The next bill considered by the Committee was **HB 919 – WORKPLACE SAFETY TAX CREDITS** (see **attachment 8**), sponsored by Representative Goodwin. Chairman Luebke accepted a motion from Representative Womble to adopt the PCS for HB 919 for purposes of the Committee discussion. The motion carried without objection. Representative Goodwin was then recognized to explain the bill. He stated that the PCS for the bill establishes a tax credit (equal to the amount of expenditure) for eligible employers that incur expenditures to voluntarily eliminate workplace hazards. He also stated that the credit could be taken against franchise tax, individual income tax, or corporate income tax liability. Representative Goodwin also explained that the PCS would require the taxpayer claiming the credit to add back to federal taxable income, for purposes of determining State taxable income, the amount of expenditures for which the taxpayer claims a credit under the workplace safety tax credit provisions. The tax credit would be effective January 1, 2004 and would sunset January 1, 2006. (The bill summary is included in attachment 8 and provides further details on the bill's provisions.) Chairman Luebke then entertained a great number of questions from the Committee members. Representative Ellis asked if any employer was eligible to receive the tax credits in the bill. Representative Goodwin explained that any employer in the State could receive these credits unless the employer has outstanding citations against them from Occupational Safety and Health (OSHA). Chairman Luebke then recognized Representative

Hackney who inquired as to his understanding that such workplace safety expenditures were already tax deductible from both federal and state taxes and wondered if the State should be offering additional tax credits and if this allowed "double dipping". He stated his belief in the potential for fraud by taxpayers simply filing for the new credit as well as taking the existing deduction. Trina Griffin, Staff, was recognized by the Chair to respond and stated that the bill restricts taxpayers from taking both the credit and deduction, but conceded that the only method of enforcing this would be through audits conducted by the Department of Revenue. The Chair next recognized Representative Womble who asked if employers in the State were not already supposed to be meeting workplace safety requirements outlined in the statutes. Representative Goodwin explained that the bill would provide a credit to those employers who are going above and beyond the OSHA requirements of safety. He also reminded Representative Womble that no company with existing OSHA violations would be eligible for the tax credit. Representative Jones was recognized next and asked the bill sponsor what benefits this bill would provide to the average blue-collar worker in North Carolina. Representative Goodwin explained that the bill, by increasing the level of safety in the workplace through better equipment, would reduce injuries, thereby increasing productivity, as well as potentially lowering worker's compensation premiums for employers. Chairman Luebke recognized Representative Bordsen next who asked what the broad intent of this proposed policy was. Representative Goodwin stated that, in the long-term, the intent of the bill is to make North Carolina workplaces safer and more technologically advanced for future generations. Representative Bordsen concluded by stating that the State had more immediate needs to address and could not afford the costs of the bill at the present time (estimated at a minimum of $1 million annually). Representative Weiss concurred with Representative Bordsen. Representative Decker was then recognized by the Chair and voiced his complete support of the bill as an excellent measure to encourage workplace safety. Representative Starnes concurred with Representative Decker, stating that workplace safety should be a top priority of legislators. Chairman Luebke then recognized three visitors to the Committee who desired to state their support of House Bill 919: Ms. Andrea Bazan-Manson, Executive Director of El Pueblo (a Latino advocacy organization); Ms. Amy Kaufman, Executive Director of the North Carolina Occupational Safety and Health Project (NCOSH); and Mr. Fred Allen of the North Carolina Aggregates Association (representing mining issues). Following this, Chairman Luebke announced that Representative Goodwin had requested that the bill be displaced from the Committee until the issues surrounding the bill could be addressed. Representative Goodwin then thanked the Committee members for their time and informed them of his hope to bring an updated version of the bill (addressing the member's concerns) back before the Committee soon.

Chairman Luebke then brought **HB 1385 – WASHINGTON/CRESWELL SATELLITE ANNEXATIONS** (see **attachment 6**), sponsored by Representative Arthur Williams, back before the Committee after being temporarily displaced earlier in the meeting at the request of Representative Wainwright. Representative Wainwright then stated his concerns had been addressed and he was now pleased to support the bill. Chairman Luebke then recognized Representative Ellis who acted to send forth an amendment (see **attachment 9**). He explained that his amendment acted to place a sunset of January 1, 2005 on the removal of the 10% satellite annexation cap. He then moved adoption of the amendment. The Chair then recognized Representative Williams who stated that he did not support the amendment. Representative Wainwright was recognized and stated that since there were a large number of municipalities already permanently exempted from this statutory requirement, he did not see why the areas of Washington, Creswell, and Wallace should be subject to a sunset. Representative Hackney agreed with Representative Wainwright, stating his belief that the decision was a local one and that the Committee should not impress restrictions on a few select communities when it has not done so on others. Seeing no further discussion on Representative Ellis' amendment, Chairman Luebke then called the amendment to a vote and it failed. Representative Wainwright then moved that the PCS

for House Bill 1385 be given a favorable report (with an unfavorable report as to the original bill). Chairman Luebke then called the motion to a vote, and the motion carried without known objection.

Chairman Luebke then referred the following bills to the Subcommittee on Tax & Tags:

1. HB 1716 – 4-H Special Registration Plate
2. HB 1717 – HOMES4NC Special License Plate
3. HB 1718 – Sport Fishing Special Registration Plate
4. HB 1719 – First in Forestry Plate Distribution
5. HB 1720 – Daughters of American Revolution Plate
6. HB 1801 – El Pueblo Special Registration Plate

Prior to adjourning the meeting, Chairman Luebke recognized four pages present at the meeting to sing an a cappella rendition of Lee Greenwood's "God Bless the USA". These pages were: (1) Ed Barthomew of Palm Beach, Florida; (2) Stacie Hudson of Craven County; (3) Jason Sexton of Granville County; and (4) Eva Skipper of Wake County. All of the members enjoyed the performance and Chairman Luebke thanked them on behalf of the Committee.

As the Committee's time had expired, Chairman Luebke adjourned the meeting at 9:53 am.

Respectfully submitted,

Representative Paul Luebke
Presiding Chair

Jason A. Cannon
Clerk, House Committee on Finance

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H 1

HOUSE BILL 1593

Short Title:	Swansboro Annexation.	(Local)
Sponsors:	Representatives Preston and K. Williams (Primary Sponsors).	
Referred to:	Finance.	

May 20, 2004

A BILL TO BE ENTITLED

AN ACT TO ANNEX CERTAIN DESCRIBED PROPERTY TO THE TOWN OF SWANSBORO.

The General Assembly of North Carolina enacts:

SECTION 1. The corporate limits of the Town of Swansboro are extended to include the following described territory of River Reach subdivision:

Phase I, Map Book 21, Page 219, Onslow County Registry, April 19, 1983

Phase II-A, Map Book 22, Page 218, Onslow County Registry, February 12, 1985

Phase II-B, Map Book 24, Page 83, Onslow County Registry, October 28, 1986

Phase III-A, Map Book 23, Page 149, Onslow County Registry, February 19, 1986

Phase III-B, Map Book 24, Page 84, Onslow County Registry, October 28, 1986, (Section I)

Phase III-B, Map Book 29, Page 70, Onslow County Registry, December 9, 1992, (Section II).

SECTION 2. The areas annexed by this act shall be considered to be satellite corporate limits until the intervening territory has been annexed.

SECTION 3. This act becomes effective June 30, 2004.

HOUSE BILL 1593:
Swansboro Annexation

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Reps. Preston and K. Williams
Date:	June 3, 2004	**Summary by:**	Trina Griffin
Version:	1st Edition		Committee Counsel

SUMMARY: ***House Bill 1593 would allow for the satellite annexation of property known as the River Reach Subdivision to the Town of Swansboro, effective June 30, 2004.***

CURRENT LAW: G.S. 160A-58.1 governs the voluntary annexation by a municipality of noncontiguous property. All property owners in the satellite area[1] may petition for voluntary annexation of the noncontiguous property if the property meets the following five standards in G.S. 160A-58.1(b):

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.

If the property does not meet the statutory requirements for annexation, the municipality does not have the authority to annex the area. However, the General Assembly can extend the corporate limits of a municipality to encompass areas that the municipality would not statutorily have the authority to annex.

BILL ANALYSIS: House Bill 1593 would annex the River Reach Subdivision to the Town of Swansboro. The subdivision has approximately 100 lots and is located ½-mile from the Town.

BACKGROUND: The subdivision is connected to the Town's sewer facilities, but the sewer lift stations, which pump its wastewater to the Town lines, is owned and operated by the homeowner's association. According to the Town, the continued safe operation and maintenance of these private lift stations are cost prohibitive to the homeowners and threaten to cause great liability and public health concerns if the lift stations go out of service due to maintenance problems or loss of electrical power. The Town cannot maintain the lift stations until the River Reach Subdivision is inside the municipal limits of Swansboro. Consequently, the homeowner's association requested annexation by the Town.

[1] G.S. 160A-58.4 provides that satellite corporate limits cannot be considered a part of a municipality's corporate limits for purposes of its ETJ. Therefore, satellite annexations have no effect upon a municipality's ETJ.

2003 COMMITTEE REPORT
HOUSE OF REPRESENTATIVES

The following report(s) from standing committee(s) is/are presented:
By Representatives **G. Allen, Howard, Luebke, McComas, Miner, and Wainwright** (Chairs) for the Committee on **FINANCE**.

The tract described above encompasses 1,022.77 Acres more or less.

South Strand Drive Area

BEGINNING AT A CORNER on the existing municipal boundary line for the Town of Norwood, said corner being near the North Carolina NAD 83 grid coordinates of 540733 feet North and 1672444 feet East, said corner being located North 44-06-34 East 136.49 feet from the centerline intersection of South Strand Drive and Tranquil Bay Circle in Stanly County, North Carolina, said point being on the northern boundary of Stanly County Parcel 657403204711, said boundary being on the western bank of Lake Tillery; thence leaving the existing municipal boundary for the Town of Norwood and following the boundaries of parcels on the western bank of Lake Tillery the following calls: North 27-30-14 East 57.24 feet, North 85-31-57 East 88.33 feet, North 51-01-33 East 8.97 feet, North 51-01-36 East 21.49 feet, North 51-01-29 East 122.88 feet, South 74-22-47 East 44.29 feet, South 74-22-47 East 46.40 feet, South 39-36-31 East 84.42 feet, South 61-05-54 East 11.95 feet, South 55-41-21 East 11.86 feet, South 61-34-56 East 132.29 feet, South 06-16-45 East 39.07 feet, South 06-16-45 East 46.65 feet, South 10-03-53 West 91.41 feet, South 19-47-14 West 110.99 feet, South 78-02-12 West 89.92 feet, North 32-34-19 West 74.00 feet, North 25-09-22 West 64.94 feet, North 25-12-08 West 7.88 feet, North 22-34-12 West 7.86 feet, North 19-23-53 West 39.44 feet, North 46-52-25 West 79.00 feet, South 75-27-30 West 63.32 feet, North 64-50-56 West 45.23 feet, South 74-37-59 West 49.46 feet, and South 74-37-59 West 38.59 feet to a point on the existing municipal boundary for the Town of Norwood, said corner being the southwestern corner for Stanly County Parcel 657403206686; thence following the existing municipal boundary the following calls: North 24-59-09 West 20.45 feet, North 24-59-26 West 16.23 feet, North 26-03-07 West 3.84 feet, North 26-03-00 West 8.27 feet, and North 24-44-12 West 64.10 feet to the **POINT OF BEGINNING.**

The tract described above encompasses 2.81 Acres more or less.

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 1678:
Norwood Annexations

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Goodwin
Date:	June 3, 2004	**Summary by:**	Trina Griffin
Version:	1st Edition		Committee Counsel

SUMMARY: ***House Bill 1678 would annex two tracts of land to the corporate limits of the Town of Norwood.***

CURRENT LAW: Annexation is one method that a town may employ to extend its corporate limits, and the process must be done in accordance with Article 4A of Chapter 160A. Annexation may be either voluntary or involuntary. A voluntary annexation requires that the governing board of a municipality pass an ordinance upon presentation of a petition signed by the owners of all real property within the area to be annexed. An involuntary annexation requires, among other things, that the property meet certain characteristics:

- The area proposed to be annexed must be adjacent or contiguous to the municipality's boundaries;
- At least 1/8 of the aggregate external boundaries of the area must coincide with the municipal boundary; and
- No part of the area may be included within the boundary of another incorporated municipality.

In addition to the requirements concerning location of the area in relation to the municipality's existing boundaries, the area must also be "developed for urban purposes" by meeting one of several standards concerning population, density, and development.

If the property does not meet the statutory requirements for annexation, the municipality does not have the authority to annex the area. However, the General Assembly can extend the corporate limits of a municipality to encompass areas that the municipality would not statutorily have the authority to annex.

BILL ANALYSIS: House Bill 1678 annexes two tracts of land to the Town of Norwood. The first tract is approximately 1,022 acres and the second tract is approximately 2.8 acres.

BACKGROUND: The Lake Shore Drive Area (the first tract) does not meet the statutory requirement that at least 1/8 of the aggregate external boundaries of the area coincide with the municipal boundary. However, several property owners have requested the extension of sewer service to this area. Therefore, the Town is seeking to annex the property by legislative act.

2003 COMMITTEE REPORT
HOUSE OF REPRESENTATIVES

The following report(s) from standing committee(s) is/are presented:
By Representatives **G. Allen, Howard, Luebke, McComas, Miner, and Wainwright** (Chairs) for the Committee on **FINANCE**.

☐ Committee Substitute for
H.B. 1678 A BILL TO BE ENTITLED AN ACT ADDING CERTAIN DESCRIBED PROPERTY TO THE CORPORATE LIMITS OF THE TOWN OF NORWOOD.

☒ With a favorable report.

☐ With a favorable report and recommendation that the bill be re-referred to the Committee on Appropriations ☐ Finance ☐ ☐.

HOUSE BILL 1732

Short Title:	Southport Ward Boundaries.	(Local)
Sponsors:	Representative Stiller.	
Referred to:	Finance.	

May 27, 2004

A BILL TO BE ENTITLED

AN ACT TO CLARIFY THE WARD BOUNDARIES OF THE CITY OF SOUTHPORT TO REFLECT RECENT ANNEXATIONS.

The General Assembly of North Carolina enacts:

SECTION 1. Section 3.2 of the Charter of the City of Southport, being Chapter 659 of the 1983 Session Laws, reads as rewritten:

"Sec. 3.2. Wards. The City of Southport shall be divided into two wards as follows:

Ward No. 1 shall be that portion of the City lying to the eastward of the center line of Howe Street ~~from the point where this line, projected, intersects the channel of the Cape Fear River, to the intersection of said Howe Street with the northern line of the limits of the City of Southport.~~ and the Southport-Supply Road (also known as Highway 211), including any contiguous or noncontiguous areas.

Ward No. 2 shall be all that portion of the City lying to the westward of the ~~above described line.~~ centerline of Howe Street and the Southport-Supply Road (also known as Highway 211), including any contiguous or noncontiguous areas."

SECTION 2. This act is effective when it becomes law.

Referred to:	Rules, Calendar, and Operations of the House.	

May 12, 2004

A BILL TO BE ENTITLED

AN ACT TO REMOVE THE CAP ON SATELLITE ANNEXATIONS BY THE CITY OF WASHINGTON AND THE TOWN OF CRESWELL.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-58.1(b)(5) does not apply to the City of Washington or to the Town of Creswell.

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 1385:
Washington/Creswell/Wallace Satellite Annex.

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. A. Williams
Date:	June 2, 2004	**Analysis by:**	Martha Walston
Version:	PCS		Committee Counsel

SUMMARY: House Bill 1385 adds the City of Washington and the Town of Creswell to the list of municipalities that are removed from the satellite annexation standard, which restricts a municipality's satellite annexation to no more than 10% of its primary corporate limits. The proposed committee substitute adds the Town of Wallace to this list.

CURRENT LAW: G.S. 160A-58.1 governs the voluntary annexation by a municipality of noncontiguous property. All property owners in the satellite area may petition for voluntary annexation of the noncontiguous property if the property meets the following five standards in G.S. 160A-58.1(b):

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.

If the property does not meet the statutory requirements for annexation, the municipality does not have the authority to annex the area. However, the General Assembly can extend the corporate limits of a municipality to encompass areas that the municipality would not statutorily have the authority to annex.

BILL ANALYSIS: The proposed committee substitute for House Bill 1385 adds the City of Washington, and the Towns of Creswell and Wallace to the list of cities and towns that do not have to meet the 5th statutory standard required for voluntary satellite annexation. This means that the noncontiguous property to be annexed does not have to be within the statutory size limit.

The following cities and towns are already exempted from the 5th standard: Cities of Claremont, Concord, Conover, Gastonia, Hickory, Locust, Marion Mount Airy, New Bern, Newton, Oxford, Rockingham, Sanford, Salisbury, Southport, and Statesville, and the Towns of Bladenboro, Calabash, Catawba, Dallas, Godwin, Kenly, Louisburg, Maiden, Midland, Mocksville, Mooresville, Pembroke, Pine Level, Ranlo, Rutherfordton, Swansboro, Warsaw, and Waynesville.

HOUSE BILL 1369

Short Title:	Emerald Isle Annexation.	(Local)
Sponsors:	Representatives Preston; and Cunningham.	
Referred to:	Rules, Calendar, and Operations of the House.	

May 11, 2004

A BILL TO BE ENTITLED

AN ACT TO PROVIDE THAT THE WESTERN BOUNDARY OF THE TOWN OF EMERALD ISLE EXTENDS TO THE BOGUE INLET CHANNEL AS IT FLUCTUATES OVER TIME TO ALLOW ALL UPLAND AREAS CONNECTED TO BOGUE BANKS ON THE WESTERN END OF THE ISLAND TO BE IN THE TOWN LIMITS.

The General Assembly of North Carolina enacts:

SECTION 1. Section 2.1 of the Charter of the Town of Emerald Isle, being Chapter 526 of the 1973 Session Laws, reads as rewritten:

"Sec. 2.1. Existing Corporate Boundaries. The corporate boundaries of the Town of Emerald Isle shall be as follows until changed in accordance with law: Beginning at a concrete marker at the high water mark of the Atlantic Ocean, this being the southwest corner of Wica Chemical Company property (formerly being the Roosevelt Estate southwest corner), this point also being located South 71 degrees 35 minutes West 7255.0 feet from the church spire at Salter Path Village, located North of the Salter Path Road; thence running with the Wica Chemical Company West property line North 03 degrees 35 minutes West 452.80 feet to a concrete monument marked 'A.H. (Alice Hoffman) Lane'; thence continuing same course 203.7 feet to a concrete monument at the high water mark of Bogue Sound (Wica Chemical Company northwest corner); thence continuing North 03 degrees 35 minutes West 1350 feet to a point in Bogue Sound; then in a westerly direction parallel to and 1320 feet from the water line of Bogue Sound to a point in Bogue Sound formed by the intersection of this call and a line perpendicular thereto passing through the westernmost projection of Bogue banks at the mean high water mark; thence southerly along said line as extended to a point where said line meets the high water line of the Atlantic Ocean; thence due South 2640 feet to a point in the Atlantic Ocean; thence in an easterly direction parallel to and 2640 feet from the high water line of the Atlantic Ocean to a point which is 2640 feet South 03 degrees 35 minutes East from the concrete monument which is heretofore described as the point of the beginning; thence continuing North 03 degrees 35 minutes West 2640

feet to the point of beginning. All the above courses are based on true meridian. To allow all upland areas connected to Bogue Banks on the western end of the island to be in the corporate limits, the western boundary of the town shall extend to the Bogue Inlet channel as it exists from time to time, whether by natural forces, acts of God, accretion, dredging, or human causes."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 1369:
Emerald Isle Annexation

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Preston
Date:	June 1, 2004	**Analysis by:**	Martha Walston
Version:	First Edition		Committee Counsel

SUMMARY: House Bill 1369 is a local bill that amends the Charter of the Town of Emerald Isle to extend the western boundary of the Town to the Bogue Inlet channel as its exists from time to time, whether by natural forces, acts of God, accretion, dredging, or human cause. This change to the charter will allow all upland areas connected to Bogue Banks on the western end of the island to be in the corporate limits of the Town.

BILL ANALYSIS: The Board of Commissioners of the Town of Emerald Isle approved a resolution on December 9, 2003, to request the General Assembly to amend the Town Charter to insure that all land at the westernmost point of Emerald Isle be included in the Town limits. Under the current charter, the Town of Emerald Isle terminates just beyond existing homes on Bogue Court. This description in the current charter does not encompass the vast majority of the existing spit. House Bill 1369 would ensure that all land on the existing spit and expanded spit that results from the Bogue Inlet Channel Erosion Response Project would be in the corporate limits.

The Town has requested the change because it will enable the town to appropriately manage environmental resources in the annexed area. More specifically, it will insure that the Town has jurisdiction to enact regulations governing the use of the spit, including the leash law, restrictions on driving on the beach, potential habitat protection areas, and other regulations.

A BILL TO BE ENTITLED

AN ACT TO ALLOW INCOME TAX CREDITS FOR VOLUNTARY WORKPLACE SAFETY EFFORTS BY EMPLOYERS.

The General Assembly of North Carolina enacts:

SECTION 1. Article 3B of Chapter 105 is amended by adding a new section to read:

"**§ 105-129.16D. Workplace safety tax credit.**

(a) Credit. – An eligible employer that makes eligible workplace safety expenditures during the taxable year is allowed a credit equal to the amount of the expenditures.

(b) Definitions. – The following definitions apply in this section:

(1) Eligible employer. – An employer that certifies that, as of the time the employer first claims the credit, at the business location with respect to which the credit is claimed, the employer has no citations under the Occupational Safety and Health Act that have become a final order within the past three years for willful serious violations or for failing to abate serious violations.

(2) Eligible workplace safety expenditures. – Any of the following expenditures unless the expenditure was made to address a violation for which the employer was cited:

a. Expenditures to eliminate workplace hazards in order to attain certification under a North Carolina Department of Labor voluntary recognition program.

b. Expenditures to prepare an application and prepare the workplace for certification under a North Carolina Department of Labor voluntary recognition program.

c. Expenditures to eliminate workplace hazards identified through the North Carolina Department of Labor's free consultation program.

(3) Serious violation. – Defined in G.S. 95-127.

(c) Notice. – The Commissioner of Labor must notify the Department of Revenue annually of all employers who have had these citations become final orders within the past three years."

SECTION 2. G.S. 105-130.5(a) is amended by adding a new subdivision to read:

. . .

(16) The amount of expenditures for which the taxpayer claims a credit for the taxable year under G.S. 105-129.16D."

SECTION 3. G.S. 105-134.6(c) is amended by adding a new subdivision to read:

. . .

(9) The amount of expenditures for which the taxpayer claims a credit for the taxable year under G.S. 105-129.16D."

SECTION 4. This act becomes effective for taxable years beginning on or after January 1, 2004.

SECTION 3. This act becomes effective for taxable years beginning on or after January 1, 2004.

HOUSE BILL 919:
Workplace Safety Tax Credits

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Reps. Goodwin and McHenry
Date:	June 3, 2004	**Summary by:**	Trina Griffin
Version:	PCS for 1st Edition		Committee Counsel

SUMMARY: ***House Bill 919 allows an eligible employer a tax credit for voluntary workplace safety efforts in an amount equal to the expenditures. The Proposed Committee Substitute would require an add-back to federal taxable income for purposes of determining State taxable income. The credit would only be available for tax years 2004 and 2005.***

CURRENT LAW: A credit against tax is an amount that is subtracted from the income tax liability of a taxpayer in a given year. A tax credit differs from a deduction in that a credit is subtracted from the tax itself, resulting in a dollar-for-dollar reduction in tax liability.

Currently, there is no tax credit available to employers for voluntary workplace safety expenditures. However, these expenses may be eligible for a deduction at the federal level as ordinary and necessary business expenses or capital expenses. In order to be eligible for tax credits under the Bill Lee Act, taxpayers must certify that the business has no citations under OSHA that have become a final order within the past three years for willful serious violations or for failing to abate serious violations.

BILL ANALYSIS: The Proposed Committee Substitute for House Bill 919 establishes a credit for eligible employers that incur expenditures to voluntarily eliminate workplace hazards. The credit may be taken against franchise tax, individual income tax, or corporate income tax liability.

Eligible Employer. – An employer that certifies that, as of the time the employer first claims the credit, the employer has no citations under the Occupational Safety and Health Act that have become a final order within the past three years for willful serious violations or for failing to abate serious violations.

Amount of Credit. – An employer is allowed a credit equal to 100% of the amount of the expenditures. However, the employer may only claim 50% of the expenditures in a given taxable year, and the remainder may be carried forward for the next succeeding five years.

Eligible Expenditures. – There are three types of expenditures for which an employer may claim the credit, unless the expenditure was made to address a violation for which the employer was cited.

- Expenditures to eliminate workplace hazards in order to attain certification under a NC Department of Labor (NCDOL) voluntary recognition program.
- Expenditures to prepare an application and prepare the workplace for certification under a (NCDOL) voluntary recognition program.
- Expenditures to eliminate workplace hazards identified through the NCDOL's free consultation program.

The North Carolina Department of Labor offers a voluntary recognition program, referred to as the "Carolina Star Program," that is designed to recognize and promote effective safety and health management programs.

Notice Requirement.– The bill would require the Commissioner of Labor to report to the Department of Revenue on an annual basis of all employers who have had final orders entered against them for violations under both OSHA and MSHA.

Add-back Provision. – The Proposed Committee Substitute would require the taxpayer to add back to federal taxable income, for purposes of determining State taxable income, the amount of the expenditures for which the taxpayer claims a credit under the workplace safety tax credit provisions.

Sunset. – This tax credit would become effective for taxable years beginning on or after January 1, 2004, and is repealed effective January 1, 2006.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: House Bill 919 (First Edition)

SHORT TITLE: Workplace Safety Tax Credits

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08	FY 2008-09
REVENUES					
General Fund	Minimum revenue loss of $1 million in 04-05 and in 05-06*				
EXPENDITURES					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Labor

EFFECTIVE DATE: This act becomes effective for taxable years beginning on or after January 1, 2004 and sunsets for taxable years beginning on or after January 1, 2006.

* See Assumptions and Methodology

BILL SUMMARY:

Creates an income tax credit equal to 100% of expenditures to eliminate workplace hazards either 1) identified through the Department of Labor's free consultation program or 2) undertaken to qualify for the Department of Labor's voluntary recognition program. The credit may be taken against the franchise tax, individual income tax or corporate income tax. Eligible taxpayers must not have had a serious Occupational Safety and Health Act (OSHA) violation within three years of credit application. The credit is only for tax year 2004 and 2005.

ASSUMPTIONS AND METHODOLOGY:

Carolina Star Safety Program

The Department of Labor has 63 companies enrolled in its Carolina Star Safety Program. To qualify for this program a company must have written procedures for its disciplinary program, employee hazard reporting system, accident/incident investigation, preventive maintenance, and emergency programs/drills. Management and employees must participate in safety and health training. Personnel are trained in CPR and first aid. The Department estimates it receives 11

Carolina Star applications per year and had 12 applications pending in May 2004. The Department of Labor has not documented the amount a company spends in preparation for Carolina Star status. Anecdotal information from seven Carolina Star companies suggests the median cost of preparing for the program is $19,000. If 12 companies a year apply for the Carolina Star Safety Program and spend $19,000 in application and preparation costs for program approval, then the proposed tax credit is worth $228,000 to these companies. For the General Fund, the revenue loss is a minimum of $228,000 per year. It is uncertain how many additional companies will be motivated by the credit to begin the Carolina Star application process within the two year time span (2004 & 2005) of the credit. Since the credit may not exceed 50% of the company's tax liability and there is a 5 year carryforward on unused credits, the fiscal impact of the 2 year credits may extend for seven fiscal years.

Consultative Services

The Department of Labor's Division of Occupational Safety and Health, Bureau of Consultative Services provides free on-site safety and health surveys, ergonomics evaluation and assistance, air sampling and analysis, noise measurements, and technical assistance. In 2002, the Department made 940 corporate consultative visits and reported 6,694 hazards. Of these hazards, Labor staff considered 4,859 (72.6%) to be serious. In 2003, 1,222 visits were made and 8,103 hazards were found. Of these hazards, 5,784 (71.4%) were labeled serious and 2,319 were classified as other than serious. From January through April 2004, the staff made 651 visits and found 4,627 hazards of which 3,264 were deemed serious (70.5%). An average of 7 hazards are found on each visit and 5 of the identified hazards are serious.

Department of Labor staff estimate that it takes approximately $150 to abate each serious hazard found by the Consultative staff. If 1,300 free inspections are performed each year and an average of 5 serious hazards are found, then the Department would expect to find 6,500 serious hazards each year that need abatement. Approximately 73% of the consultative visits are to private firms and 27% to public agencies. Since only private firms can take advantage of the tax credit, then the credit would apply to the cost of eliminating 4,745 serious hazards (73% of the 6,500 serious hazards). At $150 per hazard abatement, the credit would be worth $711,750 in 2004 and 2005 tax years. For the state, the minimum General Fund revenue loss would be $711,750 in both 2004 and 2005. As mentioned above, the credit may not exceed 50% of the company's tax liability and there is a 5 year carryforward on unused credits, thus the fiscal impact of the 2 year credits may extend for seven fiscal years.

SOURCES OF DATA: Department of Labor

TECHNICAL CONSIDERATIONS: This credit is difficult to interpret because it is written over an expired section of the statutes. The bill should be amended to create the tax credit in a new section.

A BILL TO BE ENTITLED

AN ACT TO REPEAL THE SUNSET ON THE LONG-TERM CARE INSURANCE TAX CREDIT.

The General Assembly of North Carolina enacts:

SECTION 1. Section 29A.6(d) of S.L. 1998-212 reads as rewritten:

"(d) Subsection (a) of this section is effective for taxable years beginning on or after ~~January 1, 1999, and expires for taxable years beginning on or after January 1, 2004.~~ January 1, 1999. The remainder of this section is effective when it becomes law. ~~G.S. 105-160.3(b)(7), as enacted by this act, is repealed effective for taxable years beginning on or after January 1, 2004.~~"

SECTION 2. This act becomes effective for taxable years beginning on or after January 1, 2004.

House Bill 1413:
Tax Credit for Long-Term Care Insurance

BILL ANALYSIS

Committee: House Finance
Date: June 2, 2004
Version: H1413-CSLC-121

Sponsor: Representatives Nye, Howard, Earle, and England
Analysis by: Martha Walston, staff attorney

SUMMARY: The proposed committee substitute for House Bill 1413 would extend the 2004 sunset on the tax credit for premiums paid on long-term care insurance until January 1, 2007. The act becomes effective for taxable years beginning on or after January 1, 2004. HB 1413, as introduced, would have repealed the 2004 sunset so that the long-term tax credit would remain in effect permanently. HB 1413 is a recommendation of the Blue Ribbon Commission on Medicaid Reform.

BILL ANALYSIS: The long-term care credit, in G.S. 105-151.28, became effective for tax years beginning on or after January 1, 1999, and expired for tax years beginning on or after January 1, 2004. This State individual income tax credit was allowed for premiums paid on qualifying long-term care insurance contracts that provide insurance coverage for a taxpayer or a taxpayer's spouse, or a dependent for whom the taxpayer provides over half of the support and whose income is below an exemption amount. The credit was 15% of the premiums paid, not to exceed $350 for each qualified long-term care insurance contract for which a credit was claimed. The purpose of the sunset was to determine whether the credit actually affected taxpayers' behavior – causing them to purchase insurance when they would not otherwise do so – or if the credit merely spent State revenues without increasing the purchase of long-term care insurance.

In January 2003, the Department of Revenue reported to the Revenue Laws Study Committee that they had reviewed a sample of tax returns claiming the credit and found that in most cases, the taxpayers claiming the credit were not entitled to the credit because they had not purchased long-term care insurance. The Department provided more explicit tax instructions for the following tax year and worked with software vendors to improve the long-term care tax credit information in their programs. As a result of the Department's actions, a lower percentage of ineligible taxpayers claimed the credit that year.

This bill would extend the 2004 sunset on the long-term care insurance tax credit to taxable years beginning on or after January 1, 2007.

A long-term care insurance contract is defined in section 7702B of the Internal Revenue Code as any insurance contract under which the only insurance protection provided is for coverage of qualified long-term care services. Qualified long-term care services are those services required by a chronically ill individual and provided under a plan of care prescribed by a licensed health care practitioner. The long-term care insurance contract must also meet the following requirements:

1. Is guaranteed renewable.
2. Does not provide for a cash surrender value.

3. Provides that refunds and dividends may be used only to reduce future premiums or to increase future benefit.
4. Does not pay or reimburse expenses that are reimbursable under Medicare.
5. Satisfies consumer protection laws.

Under federal law, premiums paid on long-term care insurance contracts are treated as deductible medical expenses. Under the medical expense itemized deduction, unreimbursed medical expenses may be deducted to the extent that the expenses exceed 7.5% of adjusted gross income. To the extent a taxpayer will receive a deduction for long-term care insurance premiums under the Code, the taxpayer will receive a deduction for State income tax purposes as well since North Carolina uses federal taxable income as the starting point for calculating State taxable income. To prevent a double tax benefit in those cases, the credit is limited to those expenses for which a deduction has not been claimed.

According to a report from the Health Insurance Association of America, the following states allow an income tax credit for the payment of long-term care insurance premiums: Colorado, Louisiana, Maryland, Minnesota, New York, and Oregon.

The following states allow an income tax deduction for long-term care insurance premiums: Alabama, Hawaii, Idaho, Indiana, Iowa, Kentucky, Maine, Missouri, Montana, Ohio, Utah, Virginia, West Virginia, and Wisconsin.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue

EFFECTIVE DATE: This act is effective for taxable years beginning on or after January 1, 2004.

BILL SUMMARY: The bill repeals the sunset on the long-term care insurance tax credit beginning January 1, 2004.

BACKGROUND:
The long term care insurance tax credit was one of 13 tax provisions included in the budget act for Fiscal Year 1998-99 by the 1998 General Assembly (1998 S.L. chapter 212, SB 1366). The state individual income tax credit equals 15% of the premium paid each year on long-term care insurance, but the credit may not exceed $350 for each policy for which the credit is claimed. The credit may not exceed the amount of tax owed by the taxpayer (nonrefundable), and there is no provision to allow unused portions of the credit to be carried forward. The credit became effective for the taxable year beginning on or after January 1, 1999, and expires for taxable years beginning on or after January 1, 2004.

A taxpayer may claim a credit for policies that provide coverage for either the taxpayer, the taxpayer's spouse, or a family member for whom the taxpayer provides over half of the support

and whose income is below an exemption amount. A long term-care insurance policy is one that provides only coverage of long-term care services and that meets the following requirements:

1. Is guaranteed renewable.
2. Does not provide for a cash surrender value.
3. Provides that refunds and dividends may be used only to reduce future premiums or to increase future benefit.
4. Does not pay or reimburse expenses that are reimbursable under Medicare.
5. Satisfies consumer protection laws.

Under federal law, premiums paid on long-term care insurance contracts are treated as deductible medical expenses. Under the medical expense itemized deduction, unreimbursed medical expenses may be deducted to the extent that the expenses exceed 7.5% of adjusted gross income. To the extent a taxpayer will receive a deduction for long-term care insurance premiums under the Code, the taxpayer will receive a deduction for State income tax purposes as well since North Carolina uses federal taxable income as the starting point for calculating State taxable income. To prevent a double tax benefit in those cases, the credit is limited to those expenses for which a deduction has not been claimed.

ASSUMPTIONS AND METHODOLOGY:
Tax year 1999 is the first year that taxpayers could claim the long-term care tax credit. In the inaugural year, 21,029 tax returns claimed approximately $4.2 million in credits for an average long-term care insurance credit of $199. The total amount of credits claimed each year has been consistent except for 2001, which may be explained by a high error rate (see discussion below).

Tax Year	Number of Returns	Total Long-Term Care Credits	Average Credit Per Return
1999	21,029	$4,181,454	$198.84
2000	29,206	$5,974,615	$204.57
2001	51,959	$10,367,883	$199.54
2002	27,516	$5,652,648	$205.43

The Department of Revenue has encountered serious taxpayer problems with the long-term care insurance tax credit. Audited tax returns in 2001 showed a 91% error rate for the long-term care credit. The most common taxpayer errors were 1) claiming the credit for regular insurance premiums, 2) claiming the total amount of premiums paid as a credit instead of the $350 limit, and 3) claiming the credit in addition to deducting the long-term care premium as a medical expense. One factor that may have increased errors in 2001 was the repeal of the tax credit for child health insurance. Taxpayers may have tried to continue taking the credit on the long-term care insurance line. By rewording the tax return instructions, contacting error making tax preparers, and revising verbiage in tax preparation software, the Department of Revenue reduced the error rate in audited returns to 27% in 2002. According to preliminary estimates for the 2003 tax year, the error rate among audited returns climbed to 40%.

High error rates make it difficult to accurately project the future cost of this tax credit. Many taxpayers have thus far ignored the Department's efforts to clarify the eligibility of this credit. Accurate projections are also hampered by the lack of demographic information on North Carolina long-term care insurance policy holders. A study by the Health Insurance Association of America reports the average purchaser of long-term care insurance is 67 years old. Elderly policy holders with little taxable income would explain why only 51.2% of 86,272 long-term care insurance purchasers in this state claimed a credit in 2002 (counted married filing jointly returns as two policies). Many elderly have little taxable income because North Carolina does not tax Social Security benefits, nor does it tax the pensions of local, state and federal employees vested before August 12, 1989. Furthermore, government pensions not excluded are granted a $4000 income exemption and private pensions are given a $2000 exemption.

This fiscal note assumes that the near term General Fund revenue loss from the long-term care insurance tax credit will be in the $5.5 million to $6 million range of recent years. While the number of policy holders may increase in the next five years, this estimate assumes no growth in credits claimed due to the likelihood that the new purchases will be made by an elderly population with low state tax liability. The increase in credit claims due to growth in policies may also be countered by a reduction in credits fraudulently claimed.

Since the credit was scheduled to sunset in 2004, an increase in General Fund availability was anticipated for FY 2004-05 and beyond. Passage of this bill will again create a revenue loss of approximately $6 million a year.

House Committee on Finance

Minutes

~

June 8, 2004 – 8:30 a.m.

The House Committee on Finance met on Tuesday, June 8, 2004 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons Howard, Luebke, and McComas; Vice-Chairs Alexander, Daughtridge, Gibson, and Hill; Representatives Blackwood, Bordsen, Capps, Carney, Creech, Hackney, Holliman, Jones, Lewis, McGee, Munford, Rayfield, Ross, Setzer, Starnes, Weiss, C. Wilson, and Womble. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Leslie Oakley, Dusty Rhodes, and Walter Spell. Staff persons present included Richard Bostic, Trina Griffin, Martha Harris, Linda Millsaps, Martha Walston, and Bob Weiss. The Agenda and Visitor Registration Sheets are attached and incorporated into these minutes as **attachments 1 and 2.**

Chairman McComas called the meeting to order at 8:32 am and recognized the eight (8) pages present: (1) Clare Alston of Wake County, sponsored by Representative Ellis; (2) Aparna Chatterjee of Wake County, sponsored by Representative Jones; (3) Ann Donald of New Hanover County, sponsored by the Chair; (4) Patricia Harnage of Cleveland County, sponsored by Representative Clary; (5) Love Maduako of Wake County, sponsored by Representative Ellis; (6) David Point of New Hanover County, sponsored by the Chair; (7) Jason Steinberg of Columbus County, sponsored by Representative Hill; and (8) Ashley Williams of Onslow County, sponsored by Representative Keith Williams.

As the first matter of business, the Committee considered **HB 1555 – TAG AGENTS TITLE TRANSACTION FEE** (see **attachment 3**), sponsored by Representative Sutton. Chairman McComas recognized Representative Womble who made a motion that the Proposed Committee Substitute (PCS) for House Bill 1555 be adopted for the Committee's consideration. The motion carried without opposition. Chairman McComas then recognized Representative Sutton to explain the bill. Representative Sutton explained that the bill raises by $1.00 the fee for transactions with the DMV related to motor vehicle titles. The additional $1.00 in fees will be credited to the Highway Fund and the funds derived from transactions with the Division (which includes transactions by mail or internet) would be used for technology improvements within the Division. The Division would use the funds from the additional fee derived from transactions with commission contract agents for an increase in compensation to those agents, who are paid on a per transaction basis. Representative Sutton also noted that the bill provided for a 3-year sunset of the $1.00 fee increase. Following this explanation, Chairman McComas recognized Representative Holliman who voiced his support of the bill and made a motion that the PCS for House Bill 1555 be given a favorable (with an unfavorable report as to the original bill). Prior to acting on this motion, however, Chairman McComas recognized several questions from the members. Representative Womble was recognized and asked Representative Sutton if there was any opposition to the bill.

Representative Sutton stated that there was no known opposition, citing the support of the Division of Motor Vehicles on the bill. Representative Rayfield was also recognized and asked the bill sponsor why there was a sunset in the bill. Representative Sutton explained that he would prefer that there be no sunset, but placed it in the bill with the understanding that it would have a better chance of passing through the Committee. Representative Rayfield then acted to send forth an amendment (see **attachment 4**) removing the sunset from the bill and he moved its adoption. Following some brief discussion on the amendment, Chairman McComas called the vote and the amendment was adopted. Representative Holliman's motion for a favorable report on the bill, incorporating Representative Rayfield's amendment, was then called to a vote. The motion carried by a majority of the members.

Chairman McComas next recognized Representative Justice to explain **HB 1578 – PENDER RESCUE SERVICE FEE** (see **attachment 5**). Representative Justice explained that the bill authorizes the County of Pender to adopt an ordinance imposing a flat emergency medical service fee on each parcel of land in the County containing one of 32 structures listed in the bill. The fee would be a lien on the parcel and is collectible in the same manner as delinquent real property taxes. Representative Justice explained that the County has requested this bill and, upon approval of the General Assembly, plans to impose a flat emergency medical service fee of $60, which will allow the County to reduce the property tax rate for emergency medical services from 7 cents to 3 cents per $100 valuation. Following this explanation, Representative Gibson was recognized by the Chair and moved that House Bill 1578 be given a favorable report. Chairman McComas then recognized Representative Luebke for a question to the bill sponsor. He asked how the bill could be considered fair or equitable. He stated his belief that the bill was highly regressive, taxing the poor as highly as the wealthy, rather than the traditional ad valorem method (where in those with higher-valued assets pay more than those with less). Representative Justice stated that the flat fee being proposed was equitable because it placed the same value on everyone's life (for emergency medical services), whether it is someone rich or poor. Chairman McComas then recognized several individuals from Pender County who were present at the meeting: Mr. Dwight Strickland, Chair of the Pender County Board of Commissioners; Mr. Andy Hedrick, County Manager to Pender County; and Mr. Woody Sullivan, Emergency Medical Director for Pender County. Mr. Hedrick was recognized by the Chair and informed the members that this bill came to the Committee as a unanimous recommendation of the Pender County Board of Commissioners. Representative Hackney was then recognized and asked if a flat fee such as the one proposed in the bill on emergency medical services was the first of its kind in North Carolina. Staff person Martha Walston stated that from her research it was a first. Representative Hackney then stated that the Committee should be very slow and deliberate in its' consideration of this bill, given the precedence it will set. Chairman McComas then recognized Representative Bordsen who asked Mr. Hedrick if any impact studies had been done to assess the effect of the bill on the low-income population. Mr. Hedrick responded that no direct studies had been done but that the issue had been considered in the discussions of the Board of Commissioners. Chairman McComas then acted to displace the bill from the Committee's calendar at the request of the bill sponsor.

Representative Howard, sponsor of **HB 1413 – TAX CREDIT FOR LONG-TERM CARE INSURANCE** (see **attachment 6**), was next recognized by Chairman McComas to provide an explanation of her bill. Representative Gibson moved that the Proposed Committee Substitute (PCS) be adopted for the Committee's consideration and the motion carried without objection. Representative Howard then explained that the bill was a recommendation of the Blue Ribbon Commission on Medicaid Reform and would act to extend the 2004 sunset on the tax credit for premiums paid on long-term care insurance until January 1, 2008. Representative Howard stated that this bill was only a small step toward dealing with the problems in the Medicaid system and that it would take years for its' overall effect to be seen. She stated that the bill offers an incentive for

individuals to take out long-term care insurance policies so that, upon the onset of chronic illness later in life, they will not be dependent on the State for their medical needs (which is a growing financial burden to the State). Following this explanation, Chairman McComas recognized Mr. Bill Hale of the American Council of Life Insurers who spoke in support of the bill. The Chair also recognized former Representative Karen Gottobi, now Director of the Division of Aging and Adult Services in the North Carolina Department of Health and Human Services (NCDHHS). She stated her personal support of the bill and acknowledged the potential benefits of the bill in the long-term. She saw the bill as another method for people to use in their preparation for old age. Chairman McComas then recognized Representative Holliman who stated that the bill was an excellent idea and then made a motion that the PCS for House Bill 1413 be given a favorable report (with an unfavorable report as to the original bill). Chairman McComas then recognized Representative Gibson who simply commented that Representative Howard had sponsored an excellent bill. Representative Jones was then recognized and asked if no studies had been done to forecast the effect of the bill in the future. Representative Howard stated that presently no, no such studies had been done. Chairman McComas then recognized Representative Hackney who sent forth an amendment (see **attachment 7**) and moved its' adoption. Representative Hackney explained that the amendment acts to require the Legislative Research Commission to study the effectiveness of the credit and directs the Division of Aging in NCDHHS to report who is claiming/using the credit. Speaking to this amendment, Representative Howard stated that it was her opinion that this issue had already been studied extensively and felt the amendment was unnecessary. She also stated, however, that if the Committee supported the amendment, she would not dispute it. Chairman McComas then recognized Representative Luebke who offered a perfecting amendment to Representative Hackney's amendment, changing "Legislative Research Commission" to "Revenue Laws Study Committee". Chairman McComas called the vote on Representative Luebke's perfecting amendment and it was adopted. Chairman McComas then called Representative Hackney's amendment as perfected to a vote and it too was adopted. Representative Holliman's earlier motion for a favorable report as to the PCS on the bill was then presented to the Committee, incorporating the newly adopted perfected Hackney amendment. Chairman McComas then called the motion to a vote and the motion carried.

As the full House was scheduled to convene at 10:00 am, Chairman McComas adjourned the meeting at 9:41 am, to reconvene at 2:00 pm.

Respectfully submitted,

Representative Danny McComas
Presiding Chair

Jason A. Cannon
Clerk, House Committee on Finance

A BILL TO BE ENTITLED

AN ACT TO PROVIDE AN ADDITIONAL FEE TO BE PAID TO COMMISSION CONTRACT AGENTS FOR TRANSACTIONS RELATED TO MOTOR VEHICLE TITLES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-63 is amended by adding a new subsection to read:

"(h1) Commission contracts entered into by the Division under this subsection shall also provide for the payment of an additional one dollar ($1.00) of compensation to commission contract agents for any transaction assessed a fee under subdivision (a)(1), (a)(2), (a)(3), (a)(7), (a)(8), or (a)(9) of G.S. 20-85."

SECTION 2. G.S. 20-85 is amended by adding a new subsection to read:

"(a1) An additional one dollar ($1.00) fee shall be imposed for any transaction assessed a fee under subdivision (a)(1), (a)(2), (a)(3), (a)(7), (a)(8), or (a)(9) of this section. The fees collected pursuant to this section shall be credited to the North Carolina Highway Fund. The Division shall use the fees derived from transactions with the Division for technology improvements. The Division shall use the fees derived from transactions with commission contract agents for the payment of compensation to commission contract agents."

SECTION 3. This act becomes effective October 1, 2004, and applies to fees assessed on or after that date.

May 20, 2004

A BILL TO BE ENTITLED

AN ACT TO PROVIDE AN ADDITIONAL FEE TO BE PAID TO COMMISSION CONTRACT AGENTS FOR TRANSACTIONS RELATED TO MOTOR VEHICLE TITLES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-63(h) reads as rewritten:

"(h) Commission Contracts for Issuance of Plates and Certificates. – All registration plates, registration certificates, and certificates of title issued by the Division, outside of those issued from the Raleigh offices of the Division and those issued and handled through the United States mail, shall be issued insofar as practicable and possible through commission contracts entered into by the Division for the issuance of the plates and certificates in localities throughout North Carolina with persons, firms, corporations or governmental subdivisions of the State of North Carolina. The Division shall make a reasonable effort in every locality, except as noted above, to enter into a commission contract for the issuance of the plates and certificates and a record of these efforts shall be maintained in the Division. In the event the Division is unsuccessful in making commission contracts, it shall issue the plates and certificates through the regular employees of the Division. Whenever registration plates, registration certificates, and certificates of title are issued by the Division through commission contract arrangements, the Division shall provide proper supervision of the distribution. Nothing contained in this subsection will allow or permit the operation of fewer outlets in any county in this State than are now being operated.

Commission contracts entered into by the Division under this subsection shall provide for the payment of compensation on a per transaction basis. The collection of the highway use tax shall be considered a separate transaction for which one dollar and twenty-seven cents ($1.27) compensation shall be paid. The performance at the same time of one or more of the remaining transactions listed in this subsection shall be considered a single transaction for which one dollar and forty-three cents ($1.43) compensation shall be paid.

A transaction is any of the following activities:

(1) Issuance of a registration plate, a registration card, a registration renewal sticker, or a certificate of title.
(2) Issuance of a handicapped placard or handicapped identification card.
(3) Acceptance of an application for a personalized registration plate.
(4) Acceptance of a surrendered registration plate, registration card, or registration renewal sticker, or acceptance of an affidavit stating why a person cannot surrender a registration plate, registration card, or registration renewal sticker.
(5) Cancellation of a title because the vehicle has been junked.
(6) Acceptance of an application for, or issuance of, a refund for a fee or a tax, other than the highway use tax.
(7) Receipt of the civil penalty imposed by G.S. 20-309 for a lapse in financial responsibility or receipt of the restoration fee imposed by that statute.
(8) Acceptance of a notice of failure to maintain financial responsibility for a motor vehicle.
(8a) Collection of civil penalties imposed for violations of G.S. 20-183.8A.
(8b) Sale of one or more inspection stickers in a single transaction to a licensed inspection station.
(9) Collection of the highway use tax.
(10) Acceptance of a temporary lien filing.

Commission contracts entered into by the Division under this subsection shall also provide for the payment of an additional one dollar ($1.00) for any transaction involving the issuance of a certificate of title, correcting a title, issuing a duplicate title, recording a lien on a title, or any other transaction affecting a new or existing title."

SECTION 2. G.S. 20-85(a) reads as rewritten:

"(a) The following fees are imposed concerning a certificate of title, a registration card, or a registration plate for a motor vehicle. These fees are payable to the Division and are in addition to the tax imposed by Article 5A of Chapter 105 of the General Statutes.

(1) Each application for certificate of title..... ~~$35.00~~$36.00
(2) Each application for duplicate or corrected certificate of title..... ~~10.00~~11.00
(3) Each application of repossessor for certificate of title..... ~~10.00~~11.00
(4) Each transfer of registration 10.00
(5) Each set of replacement registration plates..... 10.00
(6) Each application for duplicate registration card 10.00
(7) Each application for recording supplementary lien..... ~~10.00~~11.00
(8) Each application for removing a lien from a

certificate of title.....~~10.00~~11.00

(9) Each application for certificate of title for a motor vehicle transferred to a manufacturer, as defined in G.S. 20-286, or a motor vehicle retailer for the purpose of resale.....~~10.00~~11.00

(10) Each application for a salvage certificate of title made by an insurer ..... 10.00."

SECTION 3. G.S. 20-85(b) reads as rewritten:

"(b) The fees collected under subdivisions (a)(1) through (a)(9) of this section shall be credited to the North Carolina Highway Trust Fund. The fees collected under subdivision (a)(10) of this section shall be credited to the Highway Fund. Fifteen dollars ($15.00) of each title fee credited to the Trust Fund under subdivision (a)(1) shall be added to the amount allocated for secondary roads under G.S. 136-176 and used in accordance with G.S. 136-44.5.

One dollar ($1.00) of the fees collected pursuant to subdivisions (a)(1), (a)(2), (a)(3), (a)(7), (a)(8), and (a)(9) of this section derived from transactions involving certificates of title issued by the State offices of the Division or those transactions handled through the United States mail or electronic transmission shall be used for Division technology improvements."

SECTION 4. This act becomes effective October 1, 2004, and shall expire on September 30, 2007.

HOUSE BILL 1555:
Tag Agents Title Transaction Fee.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Sutton
Date:	June 8, 2004	**Summary by:**	Trina Griffin
Version:	PCS for 1st Edition		Committee Counsel

SUMMARY: ***The Proposed Committee Substitute for House Bill 1555 raises the fees for transactions related to motor vehicle titles by $1.00. The additional fee for transactions performed by DMV would be used for technology improvements within the Division. The additional fee for transactions performed by commission contract agents would be used for compensation for those agents. The act would expire in three years.***

CURRENT LAW: Commission contract agents are compensated on a per transaction basis. Agents receive compensation in the amount of $1.27 for the collection of highway use tax, which is considered a separate transaction. For all other transactions, which are considered a single transaction, they receive compensation in the amount of $1.43.

Under current law, the fees for transactions related to motor vehicle titles are as follows:

Each application for certificate of title (G.S. 20-85(a)(1))	$35.00
Each application for duplicate or corrected certificate of title (G.S. 20-85(a)(2))	$10.00
Each application of repossessor for certificate of title (G.S. 20-85(a)(3))	$10.00
Each application for recording supplementary lien (G.S. 20-85(a)(7))	$10.00
Each application for removing a lien from a certificate of title (G.S. 20-85(a)(8))	$10.00
Each application for certificate of title for a motor vehicle transferred to a manufacturer, as defined in G.S. 20-286, or a motor vehicle retailer for the purpose of resale (G.S. 20-85(a)(9))	$10.00

BILL ANALYSIS: The Proposed Committee Substitute for House Bill 1555 raises by $1.00 the fee for transactions with the DMV related to motor vehicle titles. The additional $1.00 in fees will be credited to the Highway Fund. The Division would use the funds from the additional $1.00 fee derived from transactions with the Division (which includes transactions by mail or Internet) for technology improvements within the Division. The Division would use the funds from the additional $1.00 fee derived from transactions with commission contract agents for the payment of compensation to those agents, which is in addition to their current rate of compensation. The act would expire in three years.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Highway Fund, Division of Motor Vehicles

EFFECTIVE DATE: October 1, 2004 through September 30, 2007

BILL SUMMARY: Section 1 amends G.S. 20-63 by adding section (h1) to provide that DMV shall pay to Commission Contract Agents an additional $1.00 for certain title transactions listed under G.S. 20-85. Section 2 amends G.S. 20-85 to provide that an additional $1.00 fee shall be imposed for those title transactions. Where DMV processes the transaction (as opposed to a commission contract agent) the Division shall use the additional fees collected for technology improvements.

ASSUMPTIONS AND METHODOLOGY: Based on data from calendar year 2003, it is assumed that 1,983,354 title transactions will be processed in the last nine months of FY04-05 and that the number of transactions processed annually will grow by 2%. It is assumed that the percentage of transactions handled by contract agents will remain at approximately 89% and the remainder will be handled directly through DMV. Under this bill transactions under G.S. 20-85(a1), (a2), (a3), (a7), (a8), (a9) would cost an additional $1.00. The contract agents would receive an additional $1.00 from DMV for each of these transactions that they handle and the DMV would receive, and is directed to spend on technology improvements, $1.00 for transactions that DMV handles directly.
DMV estimates that the cost to reprogram the State Title and Registration System (STARS) to allow these changes would be $55,600 (620 hours of professional time at $80 per hour plus SIPS charges of $6,000).

SESSION 2003

HOUSE BILL 1578

Short Title:	Pender Rescue Service Fee.	(Local)
Sponsors:	Representative Justice.	
Referred to:	Finance.	

May 20, 2004

A BILL TO BE ENTITLED

AN ACT TO ALLOW PENDER COUNTY TO ASSESS AN EMERGENCY MEDICAL SERVICE FEE.

The General Assembly of North Carolina enacts:

SECTION 1. Establishment of Emergency Medical Service Fee. – The Board of Commissioners of Pender County may by ordinance establish an Emergency Medical Service Fee. The ordinance shall become effective on July 1 of the next fiscal year after its adoption.

SECTION 2. Changes in Rate of Emergency Medical Service Fee. – Any change in the rate of the Emergency Medical Service Fee must be done by ordinance of the Pender County Board of Commissioners by June 30 of any year with an effective date of July 1 of the next fiscal year.

SECTION 3. Components of the Emergency Medical Service Fee. – The Emergency Medical Service Fee shall consist of a flat fee per parcel that contains any of the following structures:

(1) Single family home.
(2) Multifamily home.
(3) Condominium.
(4) Garden apartment.
(5) Walk-up apartment.
(6) Bank.
(7) Restaurant.
(8) Restaurant lounge.
(9) Motel.
(10) Beauty shop.
(11) Car wash.
(12) Townhouse.
(13) Country club/clubhouse.
(14) Cottage.

(15) Office.
(16) Fraternal building.
(17) Service shop/garage.
(18) Retail store.
(19) Discount store.
(20) Community/neighborhood shopping center.
(21) Storage/distribution warehouse.
(22) Commercial building.
(23) Veterinary clinic/hospital.
(24) Post office.
(25) Medical clinic.
(26) Service station/convenience store.
(27) Nursing home/rest home.
(28) Industrial (light, medium, heavy).
(29) Single-wide mobile home.
(30) Laundromat.
(31) Supermarket/grocery store.
(32) Child care center.

SECTION 4. Emergency Medical Service Fee as a Lien on Property. – The Emergency Medical Service Fee shall be a lien on property and shall be collectible in the same manner as delinquent real property taxes.

SECTION 5. This act is effective when it becomes law.

HOUSE BILL 1578:
Pender Rescue Service Fee

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Carolyn H. Justice
Date:	June 7, 2004	**Analysis by:**	Martha Walston
Version:	First Edition		Committee Counsel

SUMMARY: House Bill 1578 is a local bill that authorizes the Pender County Board of Commissioners to establish by ordinance an Emergency Medical Service Fee. The fee will be a flat fee imposed on each parcel containing certain described structures.

CURRENT LAW: Counties in North Carolina use several methods to finance emergency medical services for their citizens

- G.S. 153A-149 authorizes a county to levy property taxes to provide emergency medical services up to a combined rate of $1.50 on the $100 appraised value of property.
- G.S. 153A-250 authorizes a county to adopt an ordinance granting franchises to ambulance operators on terms set by the board of commissioners. The ordinance may establish a schedule of rates, fees, and charges imposed by the franchised operators. The county may also operate or contract for ambulance services.
- G.S. 153A-301 authorizes a county to establish a service district to finance, provide, or maintain for the district ambulance and rescue services in addition to or to a greater extent than those financed, provided or maintained for the entire county. The county may levy property taxes in the district in addition to those levied throughout the county but not in excess of a rate on each $100 value of property which, when added to the rate levied countywide would exceed $1.50 on the $100 value of property. The rate may be higher only if approved by voters in the district.
- G.S. 69-25.4 authorizes a county, upon petition of 35% of taxpayers in an area of the county, to hold an election to collect a property tax not exceeding 15¢ on $100 valuation of property for providing fire protection in the district. "Fire protection" may include the levy, appropriation, and expenditure of funds for emergency medical services.

BILL ANALYSIS: HB 1578 authorizes Pender County to adopt an ordinance imposing a flat emergency medical service fee on July 1 of the next fiscal year after adoption of the ordinance. The fee would be a flat fee imposed on each parcel in the county if the parcel contains one of 32 structures listed in the bill. The fee is a lien on the parcel and is collectible in the same manner as delinquent real property taxes.

According to Andy Hedrick, County Manager, the County plans to impose a flat emergency medical service fee of $60 per parcel. This will allow the County to reduce the property tax rate for emergency medical services from 7¢ to 3¢ per $100 valuation. The list of specified structures is consistent with the list used by the County to assess property taxes.
