Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved, if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding, if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the

custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for

the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase

agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery and similar items; or any combination of the forgoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum principal amount of one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003, to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital to be located in Butner.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, provided that the aggregate principal amount shall not exceed one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003. The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. SPECIAL OBLIGATION HOSPITAL BONDS

SECTION 3.1. Title. – This Part shall be known and may be cited as the "Special Obligation Hospital Bonds Act of 2003." References in this Part to "this act" mean this Part.

SECTION 3.2. Definitions. – The following definitions apply in this act:

(1) Bonds. – Special obligation bonds issued by the State pursuant to this act.

(2) Cost. – Any of the following, without limiting or restricting any proper definition of this term in financing the cost of the project as authorized by this act:

a. The cost of acquiring, constructing, and equipping the project, including the acquisition of rights-of-way, easements, equipment, furnishings, land, and other interests in real or personal property acquired or used in connection with the project.

b. The cost of engineering, architectural, and other consulting services in connection with the project as may be required.

c. Finance charges, reserves for debt service, and other types of reserves required pursuant to the terms of the trust agreement or resolution or related documents, interest before and during construction or acquisition of the project and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

d. Administrative expenses and charges.

e. The cost of bond insurance, investment contracts, credit and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of the bonds.

f. The cost of reimbursing the State for any payments made for any cost described above.

g. Any other costs and expenses necessary or incidental to the purposes of this act.

(3) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption

premium, if any, and interest with respect to the bonds payable on demand or tender by the owner in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(4) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(5) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any bonds including any of the following:

a. A provision providing for an adjustment so that the purchase price of the bonds in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this act and will not materially and adversely affect the financial position of the State and the marketing of the bonds at a reasonable interest cost to the State.

(6) Pledged revenues. – Pledged revenues consist of any or all of the following:

a. The Medicaid and Medicare reimbursements received by the State and allocated for depreciation expense of the project, plus the Medicaid and Medicare reimbursements received by the State and allocated for interest on the debt used to finance the project.

b. The funds deposited with the Department of State Treasurer as nontax revenue associated with Disproportionate Share Payments from State institutions for mental disease that are collected pursuant to Title XIX of the Social Security Act, 42 U.S.C. 1396r-4, as amended.

c. The revenues generated by the project.

(7) Project. – The acquisition, construction, and equipping of an approximately 400,000 square foot, 432-bed new psychiatric hospital to be located in Butner.

(8) State. – The State of North Carolina, including any State agency.

(9) State agency. – Any State agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.

(10) State Treasurer or Treasurer. – The incumbent Treasurer, from time to time, of the State.

(11) Trust agreement. – Any trust agreement or similar instrument or agreement authorizing and securing bonds issued under this act.

SECTION 3.3. Authorization. – The State Treasurer may, by and with the consent of the Council of State, issue and sell special obligation bonds of the State to pay the cost of the project, in a total principal amount not to exceed one hundred ten million dollars ($110,000,000), which maximum principal amount shall be reduced by the amount of any special indebtedness incurred for the project under Article 9 of Chapter 142 of the General Statutes. The principal of, premium, if any, and interest on the bonds shall be payable solely from the pledged revenues in accordance with the terms of the resolution or trust agreement authorizing and securing the bonds. The State Treasurer may, in the State Treasurer's sole discretion, require one or more reports satisfactory to the State Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

SECTION 3.4. Terms and Conditions. – The bonds may be issued, from time to time, in one or more series, but in no event before July 1, 2004. The bonds shall be dated, and may be made redeemable before maturity at the option of the State at any price or prices and upon any terms and conditions, as may be determined by the State Treasurer at the time of the sale of the bonds. The bonds also may be made payable, from time to time, on demand or tender for purchase by the owner upon any terms and conditions as may be determined by the State Treasurer. The bonds shall bear interest at any rate or rates (whether fixed or variable, or any combination thereof, and including, without limitation, any variations as may be permitted pursuant to a par formula) as may be determined by the State Treasurer. Bonds shall mature at any time or times not exceeding 40 years from their date or dates, as may be determined by the Council of State, subject to the limitations provided in this act. The Council of State shall determine the form and manner of execution of the bond, and shall fix the denominations and the places of payment of principal and interest, which may be any bank or trust company within or without the State. If an officer whose signature or facsimile of whose signature appears on any bond ceases to be that officer before the delivery of the bonds, the signature or facsimile is nevertheless valid for all purposes as if the officer had remained in office until the delivery. The Council of State may also provide for the authentication of the bonds by a trustee or fiscal agent. The Council of State may also provide for any other terms, conditions, or matters not inconsistent with the provisions of this act.

Bonds may be sold in any manner, either at public or private sale, and for any price as the State Treasurer determines to be for the best interests of the State and to effectuate best the purposes of this act, as long as the sale has been approved by the Council of State. The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment agreements, credit and liquidity facilities, interest rate swap agreements and other derivative products, and any other related instruments as the State Treasurer determines are desirable in connection with the issuance of bonds under this act. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, and bond attorneys to be associated

with any bond issue under this act. The proceeds of any bonds shall be used solely for the purposes for which they are issued and shall be disbursed in any manner and under any restrictions the Council of State may provide in the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

Except as otherwise expressly provided in this act, bonds may be issued under this act without obtaining the consent of any department, division, commission, board, body, bureau, or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions, or things that are specifically required by this act and the provisions of the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

SECTION 3.5. Trust Agreement or Resolution. – Any bonds issued under the provisions of this act may be secured by a trust agreement by and between the State and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. The resolution or trust agreement authorizing and securing the bonds shall, subject to the limitations set forth in this act, specify the pledged revenues and shall pledge or assign the pledged revenues to pay the principal of, premium, if any, or interest on the bonds in the manner provided by this act. The resolution or trust agreement may contain any provisions for protecting and enforcing the rights and remedies of the holders of any bonds as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the State in relation to the purposes to which bond proceeds may be applied, the disposition or pledging of the pledged revenues, the terms and conditions for the issuance of additional bonds, and the custody, safeguarding, and application of all moneys.

Any resolution or trust agreement may restrict the individual right of action by an individual owner of bonds. In addition to the foregoing, any resolution or trust agreement may contain any other provisions as the Council of State considers reasonable and proper for the security of the holders of any bonds. Expenses incurred by the State in carrying out the provisions of the resolution or trust agreement may be paid from the pledged revenues as provided for in the resolution or trust agreement.

SECTION 3.6. Pledge of Revenues; Limited Obligations. – The State is authorized to pledge the pledged revenues to the payment of the principal of, premium, if any, and interest on bonds issued under this act as they become due and payable, and to create and maintain any reserves therefor, and to fulfill the terms of any agreements made with the holders of bonds issued under this act. Notwithstanding the foregoing, any pledged revenues not required to pay the principal of, premium, if any, and interest on the bonds secured by the pledged revenues as they become due and payable, or to create and maintain any reserves for them, or to fulfill the terms of any agreements made with the holders of the bond issued under this act, shall be available to the State for expenditure for any lawful purpose, subject to the terms and provisions of any resolution or trust agreement authorizing and securing the bonds.

Any pledge of the pledged revenues made by the State under the provisions of this act shall be set forth in the resolution or trust agreement authorizing the issuance of the bonds. The pledge of these pledged revenues made by the State shall be valid and binding from the time when the pledge is made. All pledged revenues so pledged and

thereafter received by the State are immediately subject to the lien of the pledge without any physical delivery or further act, and the lien of the pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the State, irrespective of whether the parties have notice of the lien. The resolution or trust agreement by which a pledge is created need not be filed or recorded except in the records of the Council of State.

All bonds issued under this act shall be equally and ratably secured by a pledge, charge, and lien upon the pledged revenues pledged to the payment of those bonds, without priority by reason of number, or of dates of bonds, execution, or delivery, in accordance with the provisions of this act and of the resolution or trust agreement authorizing and securing the bonds; except that the State may provide in the resolution or trust agreement that the bonds shall, to the extent and in the manner prescribed in the resolution or trust agreement, be subordinated and junior in standing with respect to the payment of principal of, premium, if any, and interest on any other bonds.

All bonds issued under this act shall be special obligations of the State. The principal of, premium, if any, and interest on the bonds shall not be payable from the general funds of the State, nor shall they constitute a legal or equitable pledge, charge, lien or encumbrance upon any of its property or upon any of its income, receipts, or revenues, except the pledged revenues. Neither the credit nor the taxing power of the State is pledged for the payment of the principal of, premium, if any, or interest on the bonds, and no holder of bonds has the right to compel the exercise of the taxing power by the State or the forfeiture of any of its property in connection with any default on the bonds, except for the pledged revenues. Every bond issued under this act shall recite in substance that the principal of, premium, if any, and interest on the bond is payable solely from the pledged revenues and that the State is not obligated to pay the principal, premium, or interest, except from these pledged revenues so pledged.

SECTION 3.7. Agreement of the State. – The State pledges to and agrees with the holders of any bonds by the State pursuant to this act that as long as any of the bonds are outstanding and unpaid, the State will not limit or alter the rights vested in the State at the time of issuance of the bonds to collect and apply the pledged revenues in the manner provided in the resolution or trust agreement authorizing and securing the bonds to pay the principal of, premium, if any, and interest on the bonds as they become due and payable, and to create and maintain any reserves for payment, and to fulfill the terms of any agreements made with the holders of the bonds. The State will not in any way impair the rights and remedies of the holders of the bonds until the bonds and all costs and expenses in connection with any action or proceedings by or on behalf of the holders of the bonds, are fully paid, met, and discharged.

SECTION 3.8. Trust Funds. – Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this act, including proceeds of the bonds and the pledged revenues, are trust funds to be held and applied solely as provided in this act. The resolution authorizing the issuance of, or any trust agreement securing any bonds issued under this act may provide that any of these moneys may be temporarily invested pending their disbursement and shall provide that

any officer with whom, or any bank or trust company with which, the moneys are deposited shall act as trustee of the moneys and shall hold and apply them for the purposes of this act, subject to any limitations this act and the resolution or trust agreement provide. These moneys may be invested in any investment authorized by law for investment of trust funds held by the State Treasurer.

SECTION 3.9. Remedies. – Any holder of bonds issued under the provisions of this act, and the trustee under any resolution or trust agreement authorizing and securing the bonds, except to the extent the rights given in this act may be restricted by the resolution or trust agreement, may, either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any and all rights under the laws of the State or granted under this act or under the resolution or trust agreement, or under any other contract executed by the Council of State or the State Treasurer pursuant to this act, and may enforce and compel the performance of all duties required by this act or by the resolution or trust agreement to be performed by the State or by any officer of the State.

SECTION 3.10. Investment Securities. – All bonds and interest coupons appertaining to them issued under this act are investment securities within the meaning of and for all the purposes of Article 8 of Chapter 25 of the General Statutes, whether or not they are of the form and character as to be investment securities under that act, subject only to the provisions of the bonds pertaining to registration.

SECTION 3.11. Bonds Eligible for Investment. – Bonds issued under the provisions of this act are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Bonds issued under the provisions of this act are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

SECTION 3.12. Refunding Bonds. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds for the purpose of refunding any bonds issued under this act and then outstanding, including payment of any redemption premium on them and any interest accrued or to accrue to the date of redemption of the refunded bonds. Refunding bonds may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The principal of, premium, if any, and interest on the refunding bonds shall be payable solely from funds provided under this act for payment of bonds.

The proceeds from the sale of any refunding bonds shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being

refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

The issuance of refunding bonds, their maturities and other details, the rights of their holders, and the rights, duties, and obligations of the State in respect of them shall be governed by the provisions of this act that relate to the issuance of bonds, insofar as those provisions are appropriate.

SECTION 3.13. Officers and Employees Not Liable. – No member of the Council of State or officer or employee of the State shall be subject to any personal liability or accountability by reason of the execution or issuance of any bonds under this act.

SECTION 3.14. Tax exemption. – Any bonds issued by the State under the provisions of this act shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the bonds; and franchise taxes. Interest on the bonds is not subject to taxation as income.

PART 4. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 4.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 4.2. Part 3 of Article 8 of Chapter 153A of the General Statutes is amended by adding the following new section to read:

"**§ 153A-178. Disposition of county property for a State psychiatric hospital.**

When the Secretary of Health and Human Services selects a county for the location of a new State psychiatric hospital as authorized by law, the county selected for the location of the new State psychiatric hospital is authorized under the general law to acquire real and personal property and convey it to the State under G.S. 160A-274 or other applicable law for use as a psychiatric hospital. The county may acquire the

property by eminent domain, and the power under this section is supplementary to any other power the county may have to take property by eminent domain."

SECTION 4.3. G.S. 143-15.3D is amended by adding the following new subsection to read:

"(c) Notwithstanding G.S. 143-18, any nonrecurring savings in State appropriations realized from the closure of Dorothea Dix Hospital and John Umstead Hospital that are in excess of the cost of operating and maintaining the new State psychiatric hospital shall not revert to the General Fund but shall be placed in the Trust Fund and shall be used for the purposes authorized in this section. Notwithstanding G.S. 143-18, recurring savings realized from the closure of Dorothea Dix Hospital and John Umstead Hospital shall not revert to the General Fund but shall be retained by the Department of Health and Human Services and used for the purposes of subsections (b)(2) and (b)(3) of this section and for the repayment of debt service on financing contract indebtedness authorized pursuant to Article 9 of Chapter 142 of the General Statutes for the construction of a new State psychiatric hospital."

SECTION 4.4.(a) Dorothea Dix Hospital Property Study Commission. – If the State-owned real property encompassing the Dorothea Dix Hospital campus is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 4.4.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 5. GENERAL PROVISIONS

SECTION 5.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 5.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 5.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 5.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 5.2. Effective Date. – This act is effective when it becomes law.

Blackwood 1317

THE CASE FOR A NEW PSYCHIATRIC HOSPITAL AT BUTNER

HOUSE BILL 684
SENATE BILL 845

After two exhaustive studies, the Secretary of Health and Human Services concluded that, to fulfill the duty of the State of North Carolina to care for the least fortunate and most needy among us, Mental Health Reform needed to be accomplished. Two key components are:

1. Improved community based services for patients who no longer need to remain institutionalized, and

2. Improved hospital facilities to be accomplished by the construction of three (3) new facilities to replace four (4) outdated and inadequate psychiatric hospitals.

The following factors were considered in the selection of the site:

1. Patient Care.

2. Availability of workforce and economic impact on the area.

3. Availability of state-owned or reasonably priced land.

4. Access to major highways.

5. Proximity to Duke and UNC-Chapel Hill Universities.

The following additional criteria were later added and considered:

1. Location in the Central Region catchment area to be served by the hospital that will maximize client access, and

2. Availability of utilities, particularly water and sewer services.

A location on Veazey Road at Butner in Granville County was chosen. That site topped the list on all criteria except proximity to UNC-Chapel Hill University which is closer to the Pittsboro location in Chatham County. When compared to the present Dix campus or to the Siler City location, the Butner location scores highest on all criteria.

Because of the large number of patients just up Interstate Highways 85 and 40 in Forsyth and Guilford Counties, as well as its closeness to Raleigh and Durham, the Butner location has better access to the largest number of patients or clients in the catchment area to be served by the new hospital.

CONCLUSION

Except for the possible inconvenience to some doctors at UNC Hospitals, the Butner location is superior in all of the studied areas which are mentioned above.

SUPPORT

Senate Bill 845 and House Bill 684 which authorize the $110 Million Dollar financing for the new psychiatric hospital at Butner in Granville County, North Carolina.

The Case for Butner
in the Establishment of the New Mental Health Facility

"Location, Location, Location"

As in most any real estate development, the primary factor is the location. Butner has a prime location - being comprised of 9000 acres of State-owned land already served by State owned and operated water and sewer utilities.

Butner is readily accessible to the 25 County cachement area by both interstate I-85 and I-40. The two universities that provide medical support and research to the State are both within an easy commute.

Existing Infrastructure designed to Serve Institutional Uses

The State acquired Butner from the Federal Government for a bargain - $1.00. The best use for this land is the current use - provision of psychiatric care. Walking away from this investment is irresponsible.

The State operates a public safety service having over 42 officers that are cross trained in both law enforcement and fire protection. This combined force is specially trained to service institutional facilities such as hospitals and prisons requiring unique safety and security protocols.

Locating a new facility in another location will require the creation of a similar public safety agency.

A Trained, Skilled and Efficient Workforce

The employees in this area possess the unique skills to care for psychiatric patients. The Butner community has staffed these facilities over a 50 year period and the critical community support structure already exists.

DHHS's Assessment Supports Placement of the New Facility in Butner

The Department completed an assessment of several sites and has concluded that, given all of the factors, Butner is the best location for the new facility.

Clearly this new facility belongs in Butner and the Community wants it.

THE CASE FOR BUTNER

THE CHALLENGE OF MENTAL HEALTH REFORM AND THE ESTABLISHMENT OF THE NEW "DIX-UMSTEAD" HOSPITAL AT BUTNER

Since right after World War II, Umstead Hospital, located in the community of Butner in South Granville County, has been the home of one of the country's most outstanding psychiatric hospitals.

For the 50 years of its existence, a supportive community of health care workers, family and friends has grown up and still exists in Butner as a valuable support system and trained health care workforce. Some communities tolerate mental hospitals. Butner and Granville County embrace John Umstead Hospital.

The North Carolina Department of Health and Human Services (DHHS) has announced plans to consolidate the Dorothea Dix facility in Raleigh and the John Umstead facility in Butner into a new and downsized facility at Butner. However, community leaders in Wake County and Chatham County have not given up hope and would like to convince the North Carolina General Assembly to override the Department's decision. It is in the best interests of all concerned that the new hospital be located in Butner near the current facility.

Representatives Jim Crawford, Gordon Allen, Stan Fox, and Paul Luebke have introduced House Bill 684, and Senators Wib Gulley and Jeanne Lucas have introduced Senate Bill 845, to authorize the financing of the new psychiatric hospital at Butner. State Treasurer Richard Moore has endorsed this $110 million Special Obligation Bond financing.

The following factors were considered in the selection of a site for the new psychiatric hospital to replace Dix and Umstead:

1. Patient Care.

- It cannot be disputed that the experienced and dedicated staff at John Umstead Hospital is providing extraordinary patient care.

- John Umstead Hospital is served by a staff of professional and non-professional health care workers who possess the unique skills necessary to care for psychiatric patients.

- Fourteen (14) staff members have received recent statewide recognition and awards for excellence in psychiatric health care. Other awards include the following:

  a. Von Brown, Volunteer Services Director, recently received the Marsha B. Riddle Award from the North Carolina Association of Volunteer Administration.

b. Frederick Cassidy, M.D., Duke University, is one of the leading researchers of bipolar disorders in the world, and was the 2001 winner of the Robins/Guze Award from the American Psychopathological Association.

c. Ann Louise Barrick, Ph.D., Director of Psychology, has received the American Psychological Association's Division 18 Distinguished Service Award for Service and many other awards.

d. Joseph P. McEvoy, M.D., Deputy Clinical Director, was named Distinguished Teacher of the Year for 2002 by the Duke University Department of Psychiatry and Behavioral Sciences.

e. Eugene M. Golby, M.D., was selected to receive the 2002 Eugene A. Hargrove Mental Health Research Award by the North Carolina Foundation for Mental Health Research.

f. One program at the Children's Psychiatric Unit became the first such state hospital based program to be accredited by JCAHO.

- Over the 50 years of its existence, patient care has been materially enhanced and promoted by several generations of a supportive community of health care workers, patients' families, friends and other employees of John Umstead Hospital.

2. **Availability of Workforce and Economic Impact on the Area.**

- Most of these employees live in Granville, Durham, Franklin, Warren, Person, Wake, Vance and Orange Counties. Relocating the facility will require the training of a new group of psychiatric health care specialists.

- The closing of John Umstead Hospital and location of a new facility in some other area could displace 1,274 employees, of whom 692 reside in Granville County representing 5.9% of the county's workforce and its third largest employer.

- In the last year, over 1000 jobs have been lost in Granville County as a result of announced closings and layoffs at the following places of employment: Lenox China, Newton Instrument Company, Avnet, Granville Plastics and Kayser-Roth.

- Currently, unemployment in Granville County is 6.8%, as compared to 8.5% for Planning Region K. There are 1,820 active job applicants in Granville County.

- Currently, unemployment in Person County is 9.2%, as compared to 8.5% for Planning Region K. There are 1,496 active job applicants in Person County.

- Currently, unemployment in Vance County is 13.1%, as compared to 8.5% for Planning Region K. There are 2,427 active job applicants in Vance County.

- Currently, unemployment in Franklin County is 6.3%, as compared to 8.5% for Planning Region K. There are 1,563 active job applicants in Franklin County.

- Currently, unemployment in Chatham County is 4.8%, as compared to 5.0% for Planning Region J. There are 1,374 active job applicants in Chatham County.

- Currently, unemployment in Wake County is 5.0%, as compared to 5.0% for Planning Region J. There are 19,279 active job applicants in Wake County.

- The population of Butner is 5,000, over one-half of whom work at one of the federal or state institutions where an additional 5,600 persons are institutionalized, including 610 at John Umstead Hospital.

- The median family income in Granville County is $52,600, 27th highest in the state. Per capita personal income is $21,850 or 59th highest in the state, less than the state average.

- The median family income in Wake County is $71,300, highest in the state. Per capita personal income is $36,581 or second highest in the state.

- The median family income in Chatham County is $71,300, first in the state. Per capita personal income is $30,380 or fourth highest in the state.

- The ratios of physicians, registered nurses, and licensed practical nurses in Granville County are more than twice as high as in Chatham County.

- Butner Public Safety is an agency specially trained to deal with psychiatric patients that does not exist elsewhere in the State. Moving the hospital to Chatham County or Wake County will require the development and training of a similar agency to protect patients, employees and the public.

- Most persons suffering job losses from the closing of John Umstead Hospital are not eligible for jobs at the prison due to minimum hiring age requirements.

3. **Availability of State-Owned or "Reasonably-Priced" Land.**

- At Butner in Granville County, there are 9,000 acres of available state-owned land. There is no location in the State of North Carolina that compares in terms of cost, available infrastructure, and choices of good sites.

- Real property costs in Chatham and Wake County are among the highest in the state.

- At Butner, the State has already chosen a site for the hospital and has expended substantial funds for planning, engineering, and architectural services.

- The state has invested many millions of dollars in the infrastructure at Butner. Not building at Butner is the equivalent of walking away from this investment in water and sewer facilities and leaving the operating costs to be absorbed by other agencies.

- The Dorothea Dix facility and land can be converted to other valuable commercial or institutional uses, or sold for a substantial sum. The Butner facility is not as economically viable for other uses and is likely to be mothballed, resulting in ongoing expense.

- The cost of transitioning to a new hospital location away from Butner will be tremendous and is largely unknown.

4. Access to Major Highways

- The Town of Butner is located adjacent to Interstate Highway 85, approximately 20 miles from Interstate 40 and 30 miles from Raleigh/Durham International Airport.

- Pittsboro and Siler City in Chatham County are served by U.S. 15, U.S. 421, and U.S. 64. The center of the county is located 32 miles from Interstate 40, and Pittsboro is located 38 miles from Interstate 85.

- The Dix campus is located near downtown Raleigh off Western Boulevard, a high-traffic location.

- The new facility is intended to serve 25 counties in the central part of North Carolina. Interstate Highways 40 and 85 provide excellent highway accessibility to patients and families in this area.

5. Proximity to Duke and UNC-Chapel Hill Universities.

- The physicians who staff and conduct research at John Umstead Hospital are principally located at Duke University Medical Center and UNC Hospitals.

- Butner is located 15 miles from Duke University Medical Center and 35 miles from UNC Hospitals.

- Dorothea Dix is located 24 miles from Duke University Medical Center and 33 miles from UNC Hospitals.

- Siler City is located 43 miles from Duke University Medical Center and 48 miles from UNC Hospitals.

- Pittsboro is located 28 miles from Duke University Medical Center and 32 miles from UNC Hospitals.

- In normal traffic, driving time from Duke to Butner is 20-25 minutes and from UNC Hospitals to Butner is 50-55 minutes.

OTHER CRITERIA

In a separate written document, the Secretary has listed six "Criteria for First Stage of Site Selection Process." Although patient care was not listed as a criteria, "location in the central region area to be served by the hospital that will maximize client access," and "availability of utilities, particularly water and sewer service," were substituted.

- A study dated July 18, 2002 rates four (4) proposed sites as to travel costs to hospital sites based on bed allocation broken down by roundtrip mileage, annualized family costs and annualized law enforcement costs.

- The Veazey Road (S.R. 1120) at Central Avenue (S.R. 1103) site at Butner in Granville County was chosen as the most desirable site.

- The same study shows the following combined average normal trip travel time results (25 county seats to each of the four site locations):

Pittsboro	124
Siler City	133
Raleigh	145
Butner	147

- The obvious conclusion is that patient travel times, mileage, family travel costs, and law enforcement costs to the four sites are not significantly different.

- The State of North Carolina has a water and sewer system which is in the process of being incorporated into the South Granville Water and Sewer Authority, providing existing on-site services at Butner. Current capacity is adequate for John Umstead Hospital, and is being expanded. DHHS has a reserve capacity for the State's exclusive use. This water and sewer service represents no additional cost.

CONCLUSION

On all counts, locating the new psychiatric hospital in the Town of Butner is a winner for the patients, taxpayers, health care providers and employees of John Umstead Hospital.

Moving this psychiatric hospital from Butner to Chatham County or Wake County goes in the opposite direction of Governor Easley's efforts to have "One North Carolina."

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H D

HOUSE BILL 949*
PROPOSED COMMITTEE SUBSTITUTE H949-CSLCx-41 [v.1]

5/19/2003 1:09:58 PM

Short Title: Psychiatric Hospital Financing. (Public)

Referred to:

April 8, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE AND TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS TO FINANCE THE CONSTRUCTION OF A NEW PSYCHIATRIC HOSPITAL.

The General Assembly of North Carolina enacts:

PART 1. STATE CAPITAL FACILITIES FINANCE ACT

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the

State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, other types of reserves required pursuant to the terms of any special indebtedness or related documents, and interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State's agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract, installment purchase contract, or other similar type of installment

financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:
a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.
b. A private corporation or other entity issuing certificates of participation pursuant to this Article.
(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.
(18) State. – The State of North Carolina, including any State agency.
(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.
(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.
(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the State Treasurer advising the State Treasurer of its intent. The State Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of

Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget

proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special

indebtedness, or to a purchaser of property in connection with a foreclosure or similar conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer, or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until

delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or notes were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the

General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured

as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or

notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery, and similar items; or any combination of the foregoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum aggregate principal amount of one hundred ten million dollars ($110,000,000) to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and the Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, in an aggregate principal amount not to exceed one hundred ten million dollars ($110,000,000). The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 3.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority

over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 3.2. Part 3 of Article 8 of Chapter 153A of the General Statutes is amended by adding the following new section to read:

"**§ 153A-178. Disposition of county property for a State psychiatric hospital.**

When the Secretary of Health and Human Services selects a county for the location of a new State psychiatric hospital as authorized by law, the county selected for the location of the new State psychiatric hospital is authorized under the general law to acquire real and personal property and convey it to the State under G.S. 160A-274 or other applicable law for use as a psychiatric hospital. The county may acquire the property by eminent domain, and the power under this section is supplementary to any other power the county may have to take property by eminent domain."

SECTION 3.3. G.S. 143-15.3D is amended by adding the following new subsection to read:

"(c) Notwithstanding G.S. 143-18, any nonrecurring savings in State appropriations realized from the closure of any State psychiatric hospitals that are in excess of the cost of operating and maintaining a new State psychiatric hospital shall not revert to the General Fund but shall be placed in the Trust Fund and shall be used for the purposes authorized in this section. Notwithstanding G.S. 143-18, recurring savings realized from the closure of any State psychiatric hospitals shall not revert to the General Fund but shall be used for the payment of debt service on financing contract indebtedness authorized pursuant to Article 9 of Chapter 142 of the General Statutes for the construction of a new State psychiatric hospital. Any remainder not needed for this debt service shall be credited to the Department of Health and Human Services to be used only for the purposes of subsections (b)(2) and (b)(3) of this section."

SECTION 3.4.(a) Dorothea Dix Hospital Property Study Commission. – If any of the State-owned real property encompassing the Dorothea Dix Hospital campus is no longer needed by Dorothea Dix Hospital and is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 3.4.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 4. GENERAL PROVISIONS

SECTION 4.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 4.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 4.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 4.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 4.2. Effective Date. – This act is effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H 1

HOUSE BILL 949*

Short Title:	Psychiatric Hospital Bonds.	(Public)
Sponsors:	Representatives Hackney, Insko, Brubaker, and Culp (Primary Sponsors).	
Referred to:	Finance.	

April 8, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE, TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS TO FINANCE THE CONSTRUCTION OF A NEW PSYCHIATRIC HOSPITAL NEAR SILER CITY IN CHATHAM COUNTY, AND TO AUTHORIZE THE ISSUANCE OF SPECIAL OBLIGATION BONDS FOR THE CONSTRUCTION OF THE NEW PSYCHIATRIC HOSPITAL.

The General Assembly of North Carolina enacts:

PART 1. STATE CAPITAL FACILITIES FINANCE

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the

State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, and other types of reserves required pursuant to the terms of any special indebtedness or related documents, interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract, installment purchase contract, or other similar type of installment

financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State, if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:
a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.
b. A private corporation or other entity issuing certificates of participation pursuant to this Article.
(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.
(18) State. – The State of North Carolina, including any State agency.
(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.
(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.
(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities, and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the Treasurer advising the Treasurer of its intent. The Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness, is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of

Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special indebtedness, or to a purchaser of property in connection with a foreclosure or similar

conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that

the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or

notes were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved, if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding, if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in

paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured as provided in the trust, without priority by reasons of number, dates of bonds or notes,

execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes and financing contract indebtedness during the term of the credit facility shall not

be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery and similar items; or any combination of the forgoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum principal amount of one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003, to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital to be located in Chatham County in the vicinity of Siler City.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, provided that the aggregate principal amount shall not exceed one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003. The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. SPECIAL OBLIGATION HOSPITAL BONDS

SECTION 3.1. Title. – This Part shall be known and may be cited as the "Special Obligation Hospital Bonds Act of 2003." References in this Part to "this act" mean this Part.

SECTION 3.2. Definitions. – The following definitions apply in this act:

(1) Bonds. – Special obligation bonds issued by the State pursuant to this act.

(2) Cost. – Any of the following, without limiting or restricting any proper definition of this term in financing the cost of the project as authorized by this act:

a. The cost of acquiring, constructing, and equipping the project, including the acquisition of rights-of-way, easements, equipment, furnishings, land, and other interests in real or personal property acquired or used in connection with the project.

b. The cost of engineering, architectural, and other consulting services in connection with the project as may be required.

c. Finance charges, reserves for debt service, and other types of reserves required pursuant to the terms of the trust agreement or resolution or related documents, interest before and during construction or acquisition of the project and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

d. Administrative expenses and charges.

e. The cost of bond insurance, investment contracts, credit and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of the bonds.

f. The cost of reimbursing the State for any payments made for any cost described above.

g. Any other costs and expenses necessary or incidental to the purposes of this act.

(3) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to the bonds payable on demand or tender by the owner in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(4) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(5) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any bonds including any of the following:

a. A provision providing for an adjustment so that the purchase price of the bonds in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this act and will not materially and adversely affect the financial position of the State and the marketing of the bonds at a reasonable interest cost to the State.

(6) Pledged revenues. – Pledged revenues consist of any or all of the following:

a. The Medicaid and Medicare reimbursements received by the State and allocated for depreciation expense of the project, plus the Medicaid and Medicare reimbursements received by the State and allocated for interest on the debt used to finance the project.

b. The funds deposited with the Department of State Treasurer as nontax revenue associated with Disproportionate Share Payments from State institutions for mental disease that are collected pursuant to Title XIX of the Social Security Act, 42 U.S.C. 1396r-4, as amended.

c. The revenues generated by the project.

(7) Project. – The acquisition, construction, and equipping of an approximately 400,000 square foot, 432-bed new psychiatric hospital to be located in Chatham County in the vicinity of Siler City.

(8) State. – The State of North Carolina, including any State agency.

(9) State agency. – Any State agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.

(10) State Treasurer or Treasurer. – The incumbent Treasurer, from time to time, of the State.

(11) Trust agreement. – Any trust agreement or similar instrument or agreement authorizing and securing bonds issued under this act.

SECTION 3.3. Authorization. – The State Treasurer may, by and with the consent of the Council of State, issue and sell special obligation bonds of the State to

pay the cost of the project, in a total principal amount not to exceed one hundred ten million dollars ($110,000,000), which maximum principal amount shall be reduced by the amount of any special indebtedness incurred for the project under Article 9 of Chapter 142 of the General Statutes. The principal of, premium, if any, and interest on the bonds shall be payable solely from the pledged revenues in accordance with the terms of the resolution or trust agreement authorizing and securing the bonds. The State Treasurer may, in the State Treasurer's sole discretion, require one or more reports satisfactory to the State Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

SECTION 3.4. Terms and Conditions. – The bonds may be issued, from time to time, in one or more series, but in no event before July 1, 2004. The bonds shall be dated, and may be made redeemable before maturity at the option of the State at any price or prices and upon any terms and conditions, as may be determined by the State Treasurer at the time of the sale of the bonds. The bonds also may be made payable, from time to time, on demand or tender for purchase by the owner upon any terms and conditions as may be determined by the State Treasurer. The bonds shall bear interest at any rate or rates (whether fixed or variable, or any combination thereof, and including, without limitation, any variations as may be permitted pursuant to a par formula) as may be determined by the State Treasurer. Bonds shall mature at any time or times not exceeding 40 years from their date or dates, as may be determined by the Council of State, subject to the limitations provided in this act. The Council of State shall determine the form and manner of execution of the bond, and shall fix the denominations and the places of payment of principal and interest, which may be any bank or trust company within or without the State. If an officer whose signature or facsimile of whose signature appears on any bond ceases to be that officer before the delivery of the bonds, the signature or facsimile is nevertheless valid for all purposes as if the officer had remained in office until the delivery. The Council of State may also provide for the authentication of the bonds by a trustee or fiscal agent. The Council of State may also provide for any other terms, conditions, or matters not inconsistent with the provisions of this act.

Bonds may be sold in any manner, either at public or private sale, and for any price as the State Treasurer determines to be for the best interests of the State and to effectuate best the purposes of this act, as long as the sale has been approved by the Council of State. The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment agreements, credit and liquidity facilities, interest rate swap agreements and other derivative products, and any other related instruments as the State Treasurer determines are desirable in connection with the issuance of bonds under this act. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, and bond attorneys to be associated with any bond issue under this act. The proceeds of any bonds shall be used solely for the purposes for which they are issued and shall be disbursed in any manner and under any restrictions the Council of State may provide in the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

Except as otherwise expressly provided in this act, bonds may be issued under this act without obtaining the consent of any department, division, commission, board, body, bureau, or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions, or things that are specifically required by this act and the provisions of the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

SECTION 3.5. Trust Agreement or Resolution. – Any bonds issued under the provisions of this act may be secured by a trust agreement by and between the State and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. The resolution or trust agreement authorizing and securing the bonds shall, subject to the limitations set forth in this act, specify the pledged revenues and shall pledge or assign the pledged revenues to pay the principal of, premium, if any, or interest on the bonds in the manner provided by this act. The resolution or trust agreement may contain any provisions for protecting and enforcing the rights and remedies of the holders of any bonds as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the State in relation to the purposes to which bond proceeds may be applied, the disposition or pledging of the pledged revenues, the terms and conditions for the issuance of additional bonds, and the custody, safeguarding, and application of all moneys.

Any resolution or trust agreement may restrict the individual right of action by an individual owner of bonds. In addition to the foregoing, any resolution or trust agreement may contain any other provisions as the Council of State considers reasonable and proper for the security of the holders of any bonds. Expenses incurred by the State in carrying out the provisions of the resolution or trust agreement may be paid from the pledged revenues as provided for in the resolution or trust agreement.

SECTION 3.6. Pledge of Revenues; Limited Obligations. – The State is authorized to pledge the pledged revenues to the payment of the principal of, premium, if any, and interest on bonds issued under this act as they become due and payable, and to create and maintain any reserves therefor, and to fulfill the terms of any agreements made with the holders of bonds issued under this act. Notwithstanding the foregoing, any pledged revenues not required to pay the principal of, premium, if any, and interest on the bonds secured by the pledged revenues as they become due and payable, or to create and maintain any reserves for them, or to fulfill the terms of any agreements made with the holders of the bond issued under this act, shall be available to the State for expenditure for any lawful purpose, subject to the terms and provisions of any resolution or trust agreement authorizing and securing the bonds.

Any pledge of the pledged revenues made by the State under the provisions of this act shall be set forth in the resolution or trust agreement authorizing the issuance of the bonds. The pledge of these pledged revenues made by the State shall be valid and binding from the time when the pledge is made. All pledged revenues so pledged and thereafter received by the State are immediately subject to the lien of the pledge without any physical delivery or further act, and the lien of the pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the State, irrespective of whether the parties have notice of the lien. The resolution or trust

agreement by which a pledge is created need not be filed or recorded except in the records of the Council of State.

All bonds issued under this act shall be equally and ratably secured by a pledge, charge, and lien upon the pledged revenues pledged to the payment of those bonds, without priority by reason of number, or of dates of bonds, execution, or delivery, in accordance with the provisions of this act and of the resolution or trust agreement authorizing and securing the bonds; except that the State may provide in the resolution or trust agreement that the bonds shall, to the extent and in the manner prescribed in the resolution or trust agreement, be subordinated and junior in standing with respect to the payment of principal of, premium, if any, and interest on any other bonds.

All bonds issued under this act shall be special obligations of the State. The principal of, premium, if any, and interest on the bonds shall not be payable from the general funds of the State, nor shall they constitute a legal or equitable pledge, charge, lien or encumbrance upon any of its property or upon any of its income, receipts, or revenues, except the pledged revenues. Neither the credit nor the taxing power of the State is pledged for the payment of the principal of, premium, if any, or interest on the bonds, and no holder of bonds has the right to compel the exercise of the taxing power by the State or the forfeiture of any of its property in connection with any default on the bonds, except for the pledged revenues. Every bond issued under this act shall recite in substance that the principal of, premium, if any, and interest on the bond is payable solely from the pledged revenues and that the State is not obligated to pay the principal, premium, or interest, except from these pledged revenues so pledged.

SECTION 3.7. Agreement of the State. – The State pledges to and agrees with the holders of any bonds by the State pursuant to this act that as long as any of the bonds are outstanding and unpaid, the State will not limit or alter the rights vested in the State at the time of issuance of the bonds to collect and apply the pledged revenues in the manner provided in the resolution or trust agreement authorizing and securing the bonds to pay the principal of, premium, if any, and interest on the bonds as they become due and payable, and to create and maintain any reserves for payment, and to fulfill the terms of any agreements made with the holders of the bonds. The State will not in any way impair the rights and remedies of the holders of the bonds until the bonds and all costs and expenses in connection with any action or proceedings by or on behalf of the holders of the bonds, are fully paid, met, and discharged.

SECTION 3.8. Trust Funds. – Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this act, including proceeds of the bonds and the pledged revenues, are trust funds to be held and applied solely as provided in this act. The resolution authorizing the issuance of, or any trust agreement securing any bonds issued under this act may provide that any of these moneys may be temporarily invested pending their disbursement and shall provide that any officer with whom, or any bank or trust company with which, the moneys are deposited shall act as trustee of the moneys and shall hold and apply them for the purposes of this act, subject to any limitations this act and the resolution or trust

agreement provide. These moneys may be invested in any investment authorized by law for investment of trust funds held by the State Treasurer.

SECTION 3.9. Remedies. – Any holder of bonds issued under the provisions of this act, and the trustee under any resolution or trust agreement authorizing and securing the bonds, except to the extent the rights given in this act may be restricted by the resolution or trust agreement, may, either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any and all rights under the laws of the State or granted under this act or under the resolution or trust agreement, or under any other contract executed by the Council of State or the State Treasurer pursuant to this act, and may enforce and compel the performance of all duties required by this act or by the resolution or trust agreement to be performed by the State or by any officer of the State.

SECTION 3.10. Investment Securities. – All bonds and interest coupons appertaining to them issued under this act are investment securities within the meaning of and for all the purposes of Article 8 of Chapter 25 of the General Statutes, whether or not they are of the form and character as to be investment securities under that act, subject only to the provisions of the bonds pertaining to registration.

SECTION 3.11. Bonds Eligible for Investment. – Bonds issued under the provisions of this act are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Bonds issued under the provisions of this act are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

SECTION 3.12. Refunding Bonds. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds for the purpose of refunding any bonds issued under this act and then outstanding, including payment of any redemption premium on them and any interest accrued or to accrue to the date of redemption of the refunded bonds. Refunding bonds may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The principal of, premium, if any, and interest on the refunding bonds shall be payable solely from funds provided under this act for payment of bonds.

The proceeds from the sale of any refunding bonds shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United

States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

The issuance of refunding bonds, their maturities and other details, the rights of their holders, and the rights, duties, and obligations of the State in respect of them shall be governed by the provisions of this act that relate to the issuance of bonds, insofar as those provisions are appropriate.

SECTION 3.13. Officers and Employees Not Liable. – No member of the Council of State or officer or employee of the State shall be subject to any personal liability or accountability by reason of the execution or issuance of any bonds under this act.

SECTION 3.14. Tax exemption. – Any bonds issued by the State under the provisions of this act shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the bonds; and franchise taxes. Interest on the bonds is not subject to taxation as income.

PART 4. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 4.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 4.2.(a) Dorothea Dix Hospital Property Study Commission. – If any of the State-owned real property encompassing the Dorothea Dix Hospital campus is no longer needed by Dorothea Dix Hospital and is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 4.2.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the

Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 5. GENERAL PROVISIONS

SECTION 5.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 5.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 5.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 5.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 5.2. Effective Date. – This act is effective when it becomes law.

Joe

Dear ~~Representative~~ Hackney;

I am writing in response to your request to provide my opinion regarding the best location for the proposed new state psychiatric hospital.

From my perspective, the single most important factor in this issue is clinical care. The new facility will serve the central region of the state, and thus it must be located at a site that is readily accessible by automobile/ambulance/sheriff's office transportation from the largest patient bases (e.g., Greensboro, Raleigh). Patients admitted to state hospitals are severely ill and usually quite dangerous, and thus safe transportation from our most populous urban areas is key. In addition, it is important that patient families be involved, whenever possible, with their treatment and discharge planning. Most of our state hospital patients are indigent, and their families have limited means of transportation, especially to areas as far away as Butner. Finally, if we are to achieve our goals of reducing inpatient days and shifting to a model of increased outpatient and community based care, then the new facility should be located in a community linked to a strong local area program with opportunities for sheltered work programs and other community support systems.

An additional set of important considerations involves professional workforce issues. The new facility must be able to attract the very best psychiatrists, psychologists, nurses, and social workers. Currently, the nurse vacancy rate at John Umstead Hospital is several times greater than that at Dorothea Dix Hospital. This will become an increasingly difficult issue in future years, since all projections suggest that we will face a growing crisis in nursing shortages throughout the country. I believe that it will be much more feasible to attract "the best and the brightest" professional staff to Chatham or Wake Counties than to the Butner location.

For all of the above reasons, the new state psychiatric hospital should be located either in Chatham or Wake County. I fully respect and heartily endorse Secretary Hooker-Odom's vision and plan for reforming the state mental health system. I believe that from a clinical perspective, the overall goals of her plan will be facilitated to a much greater degree if the location of the new central psychiatric hospital is determine largely on the considerations of patient location and professional workforce issues.

HOUSE BILL 961
PROPOSED COMMITTEE SUBSTITUTE H961-CSLCx-43 [v.1]

5/19/2003 1:14:38 PM

Short Title: Psychiatric Hospital Financing. (Public)

Sponsors:

Referred to:

April 9, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE AND TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS TO FINANCE THE CONSTRUCTION OF A NEW PSYCHIATRIC HOSPITAL.

The General Assembly of North Carolina enacts:

PART 1. STATE CAPITAL FACILITIES FINANCE ACT

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the

State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, other types of reserves required pursuant to the terms of any special indebtedness or related documents, and interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State's agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract, installment purchase contract, or other similar type of installment

financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:
a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.
b. A private corporation or other entity issuing certificates of participation pursuant to this Article.
(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.
(18) State. – The State of North Carolina, including any State agency.
(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.
(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.
(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the State Treasurer advising the State Treasurer of its intent. The State Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of

Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget

proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special

indebtedness, or to a purchaser of property in connection with a foreclosure or similar conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer, or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until

delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or notes were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the

General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured

as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or

notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery, and similar items; or any combination of the foregoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum aggregate principal amount of one hundred ten million dollars ($110,000,000) to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and the Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, in an aggregate principal amount not to exceed one hundred ten million dollars ($110,000,000). The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 3.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority

over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 3.2. Part 3 of Article 8 of Chapter 153A of the General Statutes is amended by adding the following new section to read:

"**§ 153A-178. Disposition of county property for a State psychiatric hospital.**

When the Secretary of Health and Human Services selects a county for the location of a new State psychiatric hospital as authorized by law, the county selected for the location of the new State psychiatric hospital is authorized under the general law to acquire real and personal property and convey it to the State under G.S. 160A-274 or other applicable law for use as a psychiatric hospital. The county may acquire the property by eminent domain, and the power under this section is supplementary to any other power the county may have to take property by eminent domain."

SECTION 3.3. G.S. 143-15.3D is amended by adding the following new subsection to read:

"(c) Notwithstanding G.S. 143-18, any nonrecurring savings in State appropriations realized from the closure of any State psychiatric hospitals that are in excess of the cost of operating and maintaining a new State psychiatric hospital shall not revert to the General Fund but shall be placed in the Trust Fund and shall be used for the purposes authorized in this section. Notwithstanding G.S. 143-18, recurring savings realized from the closure of any State psychiatric hospitals shall not revert to the General Fund but shall be used for the payment of debt service on financing contract indebtedness authorized pursuant to Article 9 of Chapter 142 of the General Statutes for the construction of a new State psychiatric hospital. Any remainder not needed for this debt service shall be credited to the Department of Health and Human Services to be used only for the purposes of subsections (b)(2) and (b)(3) of this section."

SECTION 3.4.(a) Dorothea Dix Hospital Property Study Commission. – If any of the State-owned real property encompassing the Dorothea Dix Hospital campus is no longer needed by Dorothea Dix Hospital and is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 3.4.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 4. GENERAL PROVISIONS

SECTION 4.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 4.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 4.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 4.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 4.2. Effective Date. – This act is effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

HOUSE BILL 961

Short Title:	Psychiatric Hospital Financing.	(Public)
Sponsors:	Representatives Ross, Munford, Miner, Weiss (Primary Sponsors); B. Allen, Capps, Eddins, and Ellis.	
Referred to:	Finance.	

April 9, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE, TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS TO FINANCE THE CONSTRUCTION OF A NEW PSYCHIATRIC HOSPITAL IN WAKE COUNTY, AND TO AUTHORIZE THE ISSUANCE OF SPECIAL OBLIGATION BONDS FOR THE CONSTRUCTION OF THE NEW PSYCHIATRIC HOSPITAL.

The General Assembly of North Carolina enacts:

PART 1. STATE CAPITAL FACILITIES FINANCE ACT

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, other types of reserves required pursuant to the terms of any special indebtedness or related documents, and interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State's agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract,

installment purchase contract, or other similar type of installment financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:

a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.

b. A private corporation or other entity issuing certificates of participation pursuant to this Article.

(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.

(18) State. – The State of North Carolina, including any State agency.

(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.

(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.

(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the State Treasurer advising the State Treasurer of its intent. The State Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of

Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the

particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. -- In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special indebtedness, or to a purchaser of property in connection with a foreclosure or similar conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the

effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer, or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the

delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or notes were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the

custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for

the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase

agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery, and similar items; or any combination of the foregoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum principal amount of one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003, to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital to be located in Wake County.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, provided that the aggregate principal amount shall not exceed one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003. The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. SPECIAL OBLIGATION HOSPITAL BONDS

SECTION 3.1. Title. – This Part shall be known and may be cited as the "Special Obligation Hospital Bonds Act of 2003". References in this Part to "this act" mean this Part.

SECTION 3.2. Definitions. – The following definitions apply in this act:

(1) Bonds. – Special obligation bonds issued by the State pursuant to this act.

(2) Cost. – Any of the following, without limiting or restricting any proper definition of this term in financing the cost of the project as authorized by this act:

a. The cost of acquiring, constructing, and equipping the project, including the acquisition of rights-of-way, easements, equipment, furnishings, land, and other interests in real or personal property acquired or used in connection with the project.

b. The cost of engineering, architectural, and other consulting services in connection with the project as may be required.

c. Finance charges, reserves for debt service, and other types of reserves required pursuant to the terms of the trust agreement or resolution or related documents, interest before and during construction or acquisition of the project and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

d. Administrative expenses and charges.

e. The cost of bond insurance, investment contracts, credit and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of the bonds.

f. The cost of reimbursing the State for any payments made for any cost described above.

g. Any other costs and expenses necessary or incidental to the purposes of this act.

(3) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption

premium, if any, and interest with respect to the bonds payable on demand or tender by the owner in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(4) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(5) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any bonds including any of the following:

a. A provision providing for an adjustment so that the purchase price of the bonds in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this act and will not materially and adversely affect the financial position of the State and the marketing of the bonds at a reasonable interest cost to the State.

(6) Pledged revenues. – Pledged revenues consist of any or all of the following:

a. The Medicaid and Medicare reimbursements received by the State and allocated for depreciation expense of the project, plus the Medicaid and Medicare reimbursements received by the State and allocated for interest on the debt used to finance the project.

b. The funds deposited with the Department of State Treasurer as nontax revenue associated with Disproportionate Share Payments from State institutions for mental disease that are collected pursuant to Title XIX of the Social Security Act. 42 U.S.C. 1396r-4, as amended.

c. The revenues generated by the project.

(7) Project. – The acquisition, construction, and equipping of an approximately 400,000 square foot, 432-bed new psychiatric hospital to be located in Wake County.

(8) State. – The State of North Carolina, including any State agency.

(9) State agency. – Any State agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.

(10) State Treasurer or Treasurer. – The incumbent Treasurer, from time to time, of the State.

(11) Trust agreement. – Any trust agreement or similar instrument or agreement authorizing and securing bonds issued under this act.

SECTION 3.3. Authorization. – The State Treasurer may, by and with the consent of the Council of State, issue and sell special obligation bonds of the State to pay the cost of the project, in a total principal amount not to exceed one hundred ten million dollars ($110,000,000), which maximum principal amount shall be reduced by the amount of any special indebtedness incurred for the project under Article 9 of Chapter 142 of the General Statutes. The principal of, premium, if any, and interest on the bonds shall be payable solely from the pledged revenues in accordance with the terms of the resolution or trust agreement authorizing and securing the bonds. The State Treasurer may, in the State Treasurer's sole discretion, require one or more reports satisfactory to the State Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

SECTION 3.4. Terms and Conditions. – The bonds may be issued, from time to time, in one or more series, but in no event before July 1, 2004. The bonds shall be dated, and may be made redeemable before maturity at the option of the State at any price or prices and upon any terms and conditions, as may be determined by the State Treasurer at the time of the sale of the bonds. The bonds also may be made payable, from time to time, on demand or tender for purchase by the owner upon any terms and conditions as may be determined by the State Treasurer. The bonds shall bear interest at any rate or rates (whether fixed or variable, or any combination thereof, and including, without limitation, any variations as may be permitted pursuant to a par formula) as may be determined by the State Treasurer. Bonds shall mature at any time or times not exceeding 40 years from their date or dates, as may be determined by the Council of State, subject to the limitations provided in this act. The Council of State shall determine the form and manner of execution of the bond, and shall fix the denominations and the places of payment of principal and interest, which may be any bank or trust company within or without the State. If an officer whose signature or facsimile of whose signature appears on any bond ceases to be that officer before the delivery of the bonds, the signature or facsimile is nevertheless valid for all purposes as if the officer had remained in office until the delivery. The Council of State may also provide for the authentication of the bonds by a trustee or fiscal agent. The Council of State may also provide for any other terms, conditions, or matters not inconsistent with the provisions of this act.

Bonds may be sold in any manner, either at public or private sale, and for any price as the State Treasurer determines to be for the best interests of the State and to effectuate best the purposes of this act, as long as the sale has been approved by the Council of State. The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment agreements, credit and liquidity facilities, interest rate swap agreements and other derivative products, and any other related instruments as the State Treasurer determines are desirable in connection with the issuance of bonds under this act. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, and bond attorneys to be associated

with any bond issue under this act. The proceeds of any bonds shall be used solely for the purposes for which they are issued and shall be disbursed in any manner and under any restrictions the Council of State may provide in the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

Except as otherwise expressly provided in this act, bonds may be issued under this act without obtaining the consent of any department, division, commission, board, body, bureau, or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions, or things that are specifically required by this act and the provisions of the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

SECTION 3.5. Trust Agreement or Resolution. – Any bonds issued under the provisions of this act may be secured by a trust agreement by and between the State and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. The resolution or trust agreement authorizing and securing the bonds shall, subject to the limitations set forth in this act, specify the pledged revenues and shall pledge or assign the pledged revenues to pay the principal of, premium, if any, or interest on the bonds in the manner provided by this act. The resolution or trust agreement may contain any provisions for protecting and enforcing the rights and remedies of the holders of any bonds as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the State in relation to the purposes to which bond proceeds may be applied, the disposition or pledging of the pledged revenues, the terms and conditions for the issuance of additional bonds, and the custody, safeguarding, and application of all moneys.

Any resolution or trust agreement may restrict the individual right of action by an individual owner of bonds. In addition to the foregoing, any resolution or trust agreement may contain any other provisions as the Council of State considers reasonable and proper for the security of the holders of any bonds. Expenses incurred by the State in carrying out the provisions of the resolution or trust agreement may be paid from the pledged revenues as provided for in the resolution or trust agreement.

SECTION 3.6. Pledge of Revenues; Limited Obligations. – The State is authorized to pledge the pledged revenues to the payment of the principal of, premium, if any, and interest on bonds issued under this act as they become due and payable, and to create and maintain any reserves therefor, and to fulfill the terms of any agreements made with the holders of bonds issued under this act. Notwithstanding the foregoing, any pledged revenues not required to pay the principal of, premium, if any, and interest on the bonds secured by the pledged revenues as they become due and payable, or to create and maintain any reserves for them, or to fulfill the terms of any agreements made with the holders of the bond issued under this act, shall be available to the State for expenditure for any lawful purpose, subject to the terms and provisions of any resolution or trust agreement authorizing and securing the bonds.

Any pledge of the pledged revenues made by the State under the provisions of this act shall be set forth in the resolution or trust agreement authorizing the issuance of the bonds. The pledge of these pledged revenues made by the State shall be valid and binding from the time when the pledge is made. All pledged revenues so pledged and

thereafter received by the State are immediately subject to the lien of the pledge without any physical delivery or further act, and the lien of the pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the State, irrespective of whether the parties have notice of the lien. The resolution or trust agreement by which a pledge is created need not be filed or recorded except in the records of the Council of State.

All bonds issued under this act shall be equally and ratably secured by a pledge, charge, and lien upon the pledged revenues pledged to the payment of those bonds, without priority by reason of number, or of dates of bonds, execution, or delivery, in accordance with the provisions of this act and of the resolution or trust agreement authorizing and securing the bonds; except that the State may provide in the resolution or trust agreement that the bonds shall, to the extent and in the manner prescribed in the resolution or trust agreement, be subordinated and junior in standing with respect to the payment of principal of, premium, if any, and interest on any other bonds.

All bonds issued under this act shall be special obligations of the State. The principal of, premium, if any, and interest on the bonds shall not be payable from the general funds of the State, nor shall they constitute a legal or equitable pledge, charge, lien or encumbrance upon any of its property or upon any of its income, receipts, or revenues, except the pledged revenues. Neither the credit nor the taxing power of the State is pledged for the payment of the principal of, premium, if any, or interest on the bonds, and no holder of bonds has the right to compel the exercise of the taxing power by the State or the forfeiture of any of its property in connection with any default on the bonds, except for the pledged revenues. Every bond issued under this act shall recite in substance that the principal of, premium, if any, and interest on the bond is payable solely from the pledged revenues and that the State is not obligated to pay the principal, premium, or interest, except from these pledged revenues so pledged.

SECTION 3.7. Agreement of the State. – The State pledges to and agrees with the holders of any bonds by the State pursuant to this act that as long as any of the bonds are outstanding and unpaid, the State will not limit or alter the rights vested in the State at the time of issuance of the bonds to collect and apply the pledged revenues in the manner provided in the resolution or trust agreement authorizing and securing the bonds to pay the principal of, premium, if any, and interest on the bonds as they become due and payable, and to create and maintain any reserves for payment, and to fulfill the terms of any agreements made with the holders of the bonds. The State will not in any way impair the rights and remedies of the holders of the bonds until the bonds and all costs and expenses in connection with any action or proceedings by or on behalf of the holders of the bonds, are fully paid, met, and discharged.

SECTION 3.8. Trust Funds. – Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this act, including proceeds of the bonds and the pledged revenues, are trust funds to be held and applied solely as provided in this act. The resolution authorizing the issuance of, or any trust agreement securing any bonds issued under this act may provide that any of these moneys may be temporarily invested pending their disbursement and shall provide that

any officer with whom, or any bank or trust company with which, the moneys are deposited shall act as trustee of the moneys and shall hold and apply them for the purposes of this act, subject to any limitations this act and the resolution or trust agreement provide. These moneys may be invested in any investment authorized by law for investment of trust funds held by the State Treasurer.

SECTION 3.9. Remedies. – Any holder of bonds issued under the provisions of this act, and the trustee under any resolution or trust agreement authorizing and securing the bonds, except to the extent the rights given in this act may be restricted by the resolution or trust agreement, may, either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any and all rights under the laws of the State or granted under this act or under the resolution or trust agreement, or under any other contract executed by the Council of State or the State Treasurer pursuant to this act, and may enforce and compel the performance of all duties required by this act or by the resolution or trust agreement to be performed by the State or by any officer of the State.

SECTION 3.10. Investment Securities. – All bonds and interest coupons appertaining to them issued under this act are investment securities within the meaning of and for all the purposes of Article 8 of Chapter 25 of the General Statutes, whether or not they are of the form and character as to be investment securities under that act, subject only to the provisions of the bonds pertaining to registration.

SECTION 3.11. Bonds Eligible for Investment. – Bonds issued under the provisions of this act are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Bonds issued under the provisions of this act are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

SECTION 3.12. Refunding Bonds. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds for the purpose of refunding any bonds issued under this act and then outstanding, including payment of any redemption premium on them and any interest accrued or to accrue to the date of redemption of the refunded bonds. Refunding bonds may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The principal of, premium, if any, and interest on the refunding bonds shall be payable solely from funds provided under this act for payment of bonds.

The proceeds from the sale of any refunding bonds shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being

refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

The issuance of refunding bonds, their maturities and other details, the rights of their holders, and the rights, duties, and obligations of the State in respect of them shall be governed by the provisions of this act that relate to the issuance of bonds, insofar as those provisions are appropriate.

SECTION 3.13. Officers and Employees Not Liable. – No member of the Council of State or officer or employee of the State shall be subject to any personal liability or accountability by reason of the execution or issuance of any bonds under this act.

SECTION 3.14. Tax exemption. – Any bonds issued by the State under the provisions of this act shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the bonds; and franchise taxes. Interest on the bonds is not subject to taxation as income.

PART 4. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 4.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 4.2.(a) Dorothea Dix Hospital Property Study Commission. – If any of the State-owned real property encompassing the Dorothea Dix Hospital campus is no longer needed by Dorothea Dix Hospital and is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 4.2.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 5. GENERAL PROVISIONS

SECTION 5.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 5.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 5.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 5.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 5.2. Effective Date. – This act is effective when it becomes law.

Reps Ross, Miner, Wells, Manford

Wake County is the Best Site for a New Psychiatric Hospital

Patient Care Should be the Priority

Wake County has a significant number of highly qualified professionals to treat the patient population at the new psychiatric hospital. By contrast, John Umstead Hospital (JUH) has a severe nursing shortage. In January 2003, CMS found JUH out of compliance based on a nursing vacancy rate of over 20%.

Step down programs and community alternatives are much stronger in Wake County than in either of the other sites. In particular, Wake County has more resources dedicated to the homeless. An average of four adults per month who are discharged from Dorothea Dix enter a Wake County homeless shelter or local adult care homes.

Evidence-based practice on quality patient care depends on support from patients' families and friends. Therefore, it is imperative that the new facility be in a central location.

Central location = Population Center

Wake County is Centrally Located and Easily Accessible through a Variety of Methods of Transportation

Wake County is centrally located, particularly based on population. Twice as many people live within 30 miles of Raleigh (1,000,000), as there are within 30 miles of Butner (500,000). Many fewer people live within 30 miles of the Chatham site. Moreover, Raleigh is accessible by major interstate, train, bus, and the Triangle Transit Authority. Neither of the other sites offers this type of accessibility.

Wake County Lacks In-Patient Treatment for Adult Medicaid Patients

At present, no hospital in Wake County has adult Medicaid in-patient psychiatric beds. Due to the downsizing at Dorothea Dix, Wake County residents are placed away from their homes and families. Despite this lack of beds, Wake County has not used Dorothea Dix at a greater rate than other counties with state psychiatric facilities. Wake County's population is 8%, and Wake County uses about 8% of state psychiatric hospital beds. The State Hospital Bed Day Allocation Plan for Wake County is consistent with Wake's usage rate.

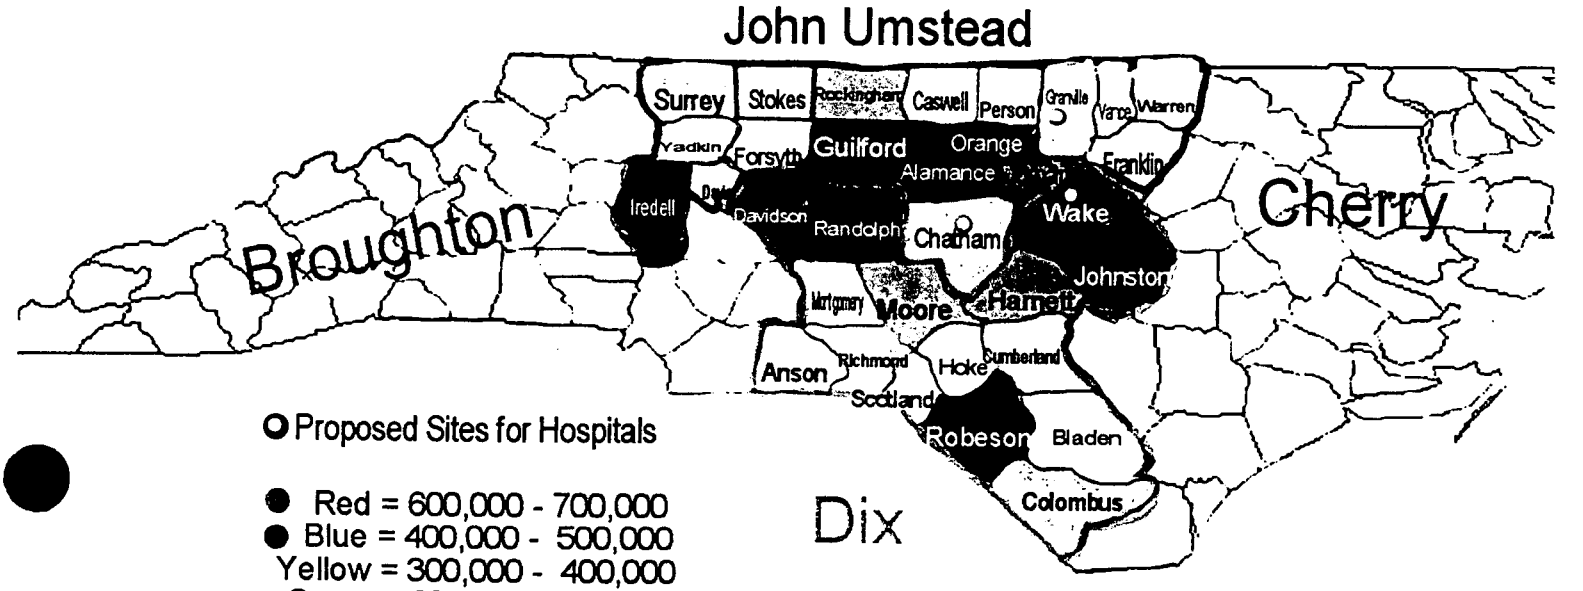
In 2001, Wake County used Dorothea Dix at a rate of 304 per 100,000 population. Granville County used JUH at a rate of 319 per 100,000 population. Burke County used Broughton Hospital at a rate of 310 per 100,000 population. Wayne County used Cherry Hospital at a rate of 298 per 100,000 population. Figures are similar for 2002. Durham County uses JUH at rates exceeding 400 per 100,000, and has access to Medicaid psychiatric beds at Duke.

Wake County is committed to providing the necessary spectrum of community mental health service to serve its citizens. However, those services must include in-patient adult Medicaid facilities as a last resort.

Wake County is the best site for a new psychiatric hospital, not just for the citizens of Wake but for the infrastructure and human resources that Wake County can provide to the citizens of North Carolina that need this facility.

Reps Ross, Miner, Weiss, Munford

Raleigh Site is Closer to many more Patients and Families



Proposed Sites for Hospitals

- Red = 600,000 - 700,000
- Blue = 400,000 - 500,000
- Yellow = 300,000 - 400,000
- Green = 200,000 - 300,000
- Purple = 100,000 - 150,000
- Orange = 75,000 - 100,000
- Lavender = 50,000 - 75,000
- Pink = 25,000 - 50,000
- Gray = 0 - 25,000

Wake Site: 1,000,000 people within 30 miles

Granville Site: 500,000 people within 30 miles

Chatham Site: 50,000 people within 30 miles

House Committee on Finance

Minutes

~

May 29, 2003

The House Committee on Finance met on Thursday, May 29, 2003 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Luebke, and Wainwright; Vice-Chairs Alexander, Gibson, and Hill; Representatives Blackwood, Bordsen, Capps, Carney, Ellis, Hackney, Holliman, Jones, Lewis, McCombs, McGee, Munford, Rayfield, Ross, Weiss, and Womble. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Walter Spell. Staff persons present included Richard Bostic, Martha Harris, Jim Mills, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairwoman Howard called the meeting to order at 8:42 am and immediately recognized the four pages present: Tyler Dickson of Gaston County, sponsored by Representative Rayfield; Lesli Oakley of Wake County, sponsored by Speaker Black; Shira Sattin of New Hanover County, sponsored by Representative McComas; and Leigh Williamson of Wake County, sponsored by Speaker Black.

As the only matter of business on the agenda, Chair Howard recognized Representative Luebke to explain the purpose of the meeting. Representative Luebke stated that the reason for this meeting was to discuss a portion of the budget bill, PART XLVII of HB 397 (see attachment 3), which was added in the Senate and involves the lease or purchase of three new prisons in the state. Representative Luebke expressed his concern that the amount of debt that the state is incurring by building a third prison is too high, especially given the fact that the state has so many other needs such as education, healthcare, etc. He also noted that even if there are three prisons built, the third one could be a lower-level security prison or women's prison rather than maximum security. The Sentencing Commission of the State (appointed by the General Assembly) has made several recommendations regarding the use of prisons. Representative Luebke stated his belief that there should be sentencing alternatives instead of the current long-term sentences for prisoners, especially those serving time for non-violent crimes (see attachment 4).

Senator Kerr, the sponsor of this section of the bill, was present and was recognized by the Chair to address this part of HB 397. He noted that the passage of this bill would create a $25 million savings for the state. He also noted that the prisoners that would fill the proposed prisons are not non-violent. He also stated that the sentencing alternatives and reforms suggested by Representative Luebke are not an option at this time.

Representative Hackney was recognized for a question to Senator Kerr. He asked the Senator why the action was taken to include this large expenditure in the Budget bill when the House Finance Committee was given no opportunity to address the issue. Representative Hackney asked the Chair if the committee could take any action on this matter. Chairwoman Howard explained that the matter was before the Committee for discussion only at that time and if it were the Committee's desire to take action on this matter, a separate meeting would need to be called.

The Chair also suggested that the Budget Conference Committee could take this matter under further consideration.

The Chair recognized Representative Holliman who asked Senator Kerr a question concerning the total indebtedness that the construction of these three prisons would put the state in. Senator Kerr, with the assistance of Staff person Jim Mills, explained that the total indebtedness would be $391 million over twenty years. He noted, however, that this debt could be bought back by the state if so desired. He also explained that the state would soon be short of the needed prison beds for the convicted criminals of this state.

Chairwoman Howard then recognized Representative Ross for a question. She asked Senator Kerr if a prison "package" had been considered on this matter. She explained such a package as a compromise, which might entail the construction of two new prisons instead of three with the addition of some rehabilitative and reformative programs, as recommended by the legislatively mandated North Carolina Sentencing Commission. Senator Kerr responded that the issues of sentencing reform and the construction of these prisons were two separate and distinct issues. Representative Ross then expressed her opinion that the state must do something to revise its criminal process to include more sentencing alternatives with often less time in prison but rehabilitative services, else the increased need for prison construction will only continue. Senator Kerr responded by stating that the prisoners that would occupy these proposed prisons are violent criminals and not the non-violent offenders that Representative Ross was suggesting.

Representative Jones was then recognized by the Chair and expressed his distaste with the Senate Finance Committee for its action in placing this legislation into the budget bill without the input or opportunity for action of the Finance Committee in the House of Representatives. He also clearly expressed his concern that the information that was requested by the Committee for this matter was not readily available. Chairwoman Howard then assured Representative Jones that any and all information that he requested would be supplied to him and that he would be provided all of the time that he needed to address his concerns on this matter.

Representative Womble stated his understanding of this meeting as informational only; however, he then posed a question to the Chair. He asked her for some direction on when the Committee might have the opportunity to take action on this matter. Chairwoman Howard responded by assuring Representative Womble that there were several options available to the Committee and that any necessary action would be taken at the appropriate time.

Chairwoman Howard then recognized Representative Rayfield who asked Senator Kerr how exactly the state could save $25 million by building these prisons now. Senator Kerr explained that due to the implementation of the International Building Code in the near future, the costs of construction would be elevated considerably and that construction now would allow the state to circumvent this code and its fiscal implications.

Representative Gibson was then recognized by the Chair to address the members of the Committee. He stated that this issue is a thankless one; one that no one likes to deal with. He expressed his thanks to Senator Kerr for his stand on the issue and noted his belief that these prisons need to be built now in order for the state to save whatever money it can. He also informed the Committee of his experience that most constituents want people who have broken the law in prison.

The Chair then recognized members of the public that were present and had requested to address the Committee. Gale Marshall with Friends of Haywood County was the first constituent to speak. She expressed her concerns of the use of such a large amount of tax dollars on prison construction (see attachment 5). Lafonda Jones with Families Against Mandatory Minimums (FAMM) was also present and advocated that the members consider the reformative recommendations made by the North Carolina Sentencing Commission (see attachment 6).

Representative Hackney was recognized next by Chairwoman Howard for a question to Senator Kerr concerning the construction locations for these three prisons. Senator Kerr stated that he had heard about areas such as Greene and Bertie Counties as well as an area in the eastern part of the state. He emphasized, however, that the locations were not definite at present. He explained that the main focus of this section of the budget bill was simply to get the construction process for these prisons underway.

Representative Ellis was recognized by Chairwoman Howard for one final comment. He stated that before attending this meeting he too was upset by the Senate including this matter in the budget bill without the House's knowledge or input. He continued, however, to state that now that he had learned of the true need for these prisons to keep criminals off the streets (and his constituents safe), he supported the addition of this section to the budget.

Chairwoman Howard then informed the Committee that the time was 9:50 am and that it was time to adjourn. She assured the members that the Chairs of the Committee would discuss this matter further and make a decision on when the full Finance Committee should meet again to continue in its discussion and debate on PART XLVII of HB 397 (SB 227).

Seeing no further questions, Chairwoman Howard adjourned the meeting at 9:51 am.

Respectfully submitted

Representative Julia Howard
Presiding Chair

Jason A. Cannon
Assistant to Committee on Finance

House Committee on Finance

Minutes

~

May 29, 2003

The House Committee on Finance met on Thursday, May 29, 2003 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Luebke, and Wainwright; Vice-Chairs Alexander, Gibson, and Hill; Representatives Blackwood, Bordsen, Capps, Carney, Ellis, Hackney, Holliman, Jones, Lewis, McCombs, McGee, Munford, Rayfield, Ross, Weiss, and Womble. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Walter Spell. Staff persons present included Richard Bostic, Martha Harris, Jim Mills, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairwoman Howard called the meeting to order at 8:42 am and immediately recognized the four pages present: Tyler Dickson of Gaston County, sponsored by Representative Rayfield; Lesli Oakley of Wake County, sponsored by Speaker Black; Shira Sattin of New Hanover County, sponsored by Representative McComas; and Leigh Williamson of Wake County, sponsored by Speaker Black.

As the only matter of business on the agenda, Chair Howard recognized Representative Luebke to explain the purpose of the meeting. Representative Luebke stated that the reason for this meeting was to discuss a portion of the budget bill, PART XLVII of HB 397 (see attachment 3), which was added in the Senate and involves the lease or purchase of three new prisons in the state. Representative Luebke expressed his concern that the amount of debt that the state is incurring by building a third prison is too high, especially given the fact that the state has so many other needs such as education, healthcare, etc. He also noted that even if there are three prisons built, the third one could be a lower-level security prison or women's prison rather than maximum security. The Sentencing Commission of the State (appointed by the General Assembly) has made several recommendations regarding the use of prisons. Representative Luebke stated his belief that there should be sentencing alternatives instead of the current long-term sentences for prisoners, especially those serving time for non-violent crimes (see attachment 4).

Senator Kerr, the sponsor of this section of the bill, was present and was recognized by the Chair to address this part of HB 397. He noted that the passage of this bill would create a $25 million savings for the state. He also noted that the prisoners that would fill the proposed prisons are not non-violent. He also stated that the sentencing alternatives and reforms suggested by Representative Luebke are not an option at this time.

Representative Hackney was recognized for a question to Senator Kerr. He asked the Senator why the action was taken to include this large expenditure in the Budget bill when the House Finance Committee was given no opportunity to address the issue. Representative Hackney asked the Chair if the committee could take any action on this matter. Chairwoman Howard explained that the matter was before the Committee for discussion only at that time and if it were the Committee's desire to take action on this matter, a separate meeting would need to be called.

The Chair also suggested that the Budget Conference Committee could take this matter under further consideration.

The Chair recognized Representative Holliman who asked Senator Kerr a question concerning the total indebtedness that the construction of these three prisons would put the state in. Senator Kerr, with the assistance of Staff person Jim Mills, explained that the total indebtedness would be $391 million over twenty years. He noted, however, that this debt could be bought back by the state if so desired. He also explained that the state would soon be short of the needed prison beds for the convicted criminals of this state.

Chairwoman Howard then recognized Representative Ross for a question. She asked Senator Kerr if a prison "package" had been considered on this matter. She explained such a package as a compromise, which might entail the construction of two new prisons instead of three with the addition of some rehabilitative and reformative programs, as recommended by the legislatively mandated North Carolina Sentencing Commission. Senator Kerr responded that the issues of sentencing reform and the construction of these prisons were two separate and distinct issues. Representative Ross then expressed her opinion that the state must do something to revise its criminal process to include more sentencing alternatives with often less time in prison but rehabilitative services, else the increased need for prison construction will only continue. Senator Kerr responded by stating that the prisoners that would occupy these proposed prisons are violent criminals and not the non-violent offenders that Representative Ross was suggesting.

Representative Jones was then recognized by the Chair and expressed his distaste with the Senate Finance Committee for its action in placing this legislation into the budget bill without the input or opportunity for action of the Finance Committee in the House of Representatives. He also clearly expressed his concern that the information that was requested by the Committee for this matter was not readily available. Chairwoman Howard then assured Representative Jones that any and all information that he requested would be supplied to him and that he would be provided all of the time that he needed to address his concerns on this matter.

Representative Womble stated his understanding of this meeting as informational only; however, he then posed a question to the Chair. He asked her for some direction on when the Committee might have the opportunity to take action on this matter. Chairwoman Howard responded by assuring Representative Womble that there were several options available to the Committee and that any necessary action would be taken at the appropriate time.

Chairwoman Howard then recognized Representative Rayfield who asked Senator Kerr how exactly the state could save $25 million by building these prisons now. Senator Kerr explained that due to the implementation of the International Building Code in the near future, the costs of construction would be elevated considerably and that construction now would allow the state to circumvent this code and its fiscal implications.

Representative Gibson was then recognized by the Chair to address the members of the Committee. He stated that this issue is a thankless one; one that no one likes to deal with. He expressed his thanks to Senator Kerr for his stand on the issue and noted his belief that these prisons need to be built now in order for the state to save whatever money it can. He also informed the Committee of his experience that most constituents want people who have broken the law in prison.

The Chair then recognized members of the public that were present and had requested to address the Committee. Gale Marshall with Friends of Haywood County was the first constituent to speak. She expressed her concerns of the use of such a large amount of tax dollars on prison construction (see attachment 5). Lafonda Jones with Families Against Mandatory Minimums (FAMM) was also present and advocated that the members consider the reformative recommendations made by the North Carolina Sentencing Commission (see attachment 6).

Representative Hackney was recognized next by Chairwoman Howard for a question to Senator Kerr concerning the construction locations for these three prisons. Senator Kerr stated that he had heard about areas such as Greene and Bertie Counties as well as an area in the eastern part of the state. He emphasized, however, that the locations were not definite at present. He explained that the main focus of this section of the budget bill was simply to get the construction process for these prisons underway.

Representative Ellis was recognized by Chairwoman Howard for one final comment. He stated that before attending this meeting he too was upset by the Senate including this matter in the budget bill without the House's knowledge or input. He continued, however, to state that now that he had learned of the true need for these prisons to keep criminals off the streets (and his constituents safe), he supported the addition of this section to the budget.

Chairwoman Howard then informed the Committee that the time was 9:50 am and that it was time to adjourn. She assured the members that the Chairs of the Committee would discuss this matter further and make a decision on when the full Finance Committee should meet again to continue in its discussion and debate on PART XLVII of HB 397 (SB 227).

Seeing no further questions, Chairwoman Howard adjourned the meeting at 9:51 am.

Respectfully submitted

Representative Julia Howard
Presiding Chair

Jason A. Cannon
Assistant to Committee on Finance

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2003

HOUSE BILL 397

Seventh Edition Engrossed 4/30/03

PART XLVII
LEASE-PURCHASE THREE NEW PRISONS

(p. 225, line 41 – p. 229, line 34)

approved by the Department of Administration and any of these leases or lease-purchase agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 46.3. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery, and similar items; or any combination of the foregoing, through installment-purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

SECTION 46.4. Interpretation of Part. (a) Additional Method. – This Part provides an additional and alternative method for the doing of the things authorized by this Part and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this Part shall not be regarded as in derogation of any powers now existing. The authority granted in this Part is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 46.4.(b) Statutory References. – References in this Part to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 46.4.(c) Liberal Construction. – This Part, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 46.4.(d) Severability. – If any provision of this Part or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the Part that can be given effect without the invalid provision or application, and to this end the provisions of this Part are severable.

PART XLVII LEASE-PURCHASE THREE NEW PRISONS

Requested by: Senators Thomas, Garrou, Dalton, Hagan, Kerr, Jenkins, Holloman, Soles

SECTION 47.1. G.S. 148-37.2 reads as rewritten:

"**§ 148-37.2. Lease-purchase of ~~three~~ prison facilities.**

(a) Authorization. – The Secretary of Correction may, as provided in this section, enter contracts with private for-profit or nonprofit firms for the construction of ~~three~~ close security correctional facilities ~~totaling up to 3,000 cells~~ described in subsection (a1) of this section to be operated by the Department pursuant to a lease that contains a schedule for purchase of the facilities over a period of up to 20 years.

The State, with the prior approval of the Council of State and the State Treasurer as provided in this section, is authorized to execute and deliver one or more lease-purchase agreements with a special nonprofit corporation providing for the lease-purchase by the State of the Projects from the special nonprofit corporation in connection with and

under an arrangement whereby certificates of participation are sold and delivered by the special nonprofit corporation in order to provide funds to pay the purchase price of the Projects. The Projects will be constructed by selected contractors designated to the special nonprofit corporation by the State Property Office of the Department of Administration in consultation with the Department of Correction. The selected contractors will be responsible for arranging for and obtaining their own construction financing, which will consist solely of private funds. The Projects will be sold to the special nonprofit corporation, with the purchase price paid by the special nonprofit corporation from the proceeds of the certificates of participation. The State may lease the real property upon which the Projects will be located, if owned by the State, to the selected contractors constructing the Projects and to the special nonprofit corporation for nominal consideration.

(a1) Facilities Authorized. – The following facilities are authorized under this section:

(1) 2001 Facilities. – Three close security correctional facilities totaling up to 3,000 cells.

(2) 2003 Facilities. – Three close security correctional facilities substantially identical to the facilities described in subdivision (1) of this subsection and totaling up to 3,000 cells. If the State is able to negotiate a contract for one or more of these facilities with the selected contractor for the facilities described in subdivision (1) of this subsection on terms that are reasonable and desirable to the State as determined by the State Treasurer, the Secretary of Administration, and the Council of State, then a request for proposals under subsection (c) of this section is not required. The remaining provisions of this section continue to apply.

(b) Definitions. – The following definitions apply in this section:

(1) Certificates of participation. – Certificates or other instruments delivered by a special nonprofit corporation as provided in this section evidencing the assignment of proportionate and undivided interests in the rights to receive lease payments to be made by the State pursuant to a lease-purchase agreement.

(2) Construction contract agreement. – A contract between the Department of Correction and the selected contractors for construction of the Projects, under which the selected contractors will be responsible for arranging for and obtaining their own construction financing, which will consist solely of private funds.

(3) Lease-purchase agreement. – A lease-purchase agreement entered into pursuant to this section, under which the State will lease the Projects from the special nonprofit corporation, with option to purchase.

(4) Projects. – ~~Three close security correctional facilities providing up to 3,000 cells~~ Facilities described in subsection (a1) of this section to be constructed by selected contractors, sold to the special nonprofit corporation, and leased to the State pursuant to this section.

(5) Purchase agreement. – A contract under which the special nonprofit corporation will purchase the Projects from the selected contractors.

(6) Selected contractors. – One or more private firms selected to construct the Projects.

(7) Special nonprofit corporation. – A nonprofit corporation created under Chapter 55A of the General Statutes and designated by the State Treasurer for entering into the transactions contemplated by this section.

(c) Request for Proposals. – The Secretary of Correction may issue a request for proposals to private firms for the private firms to construct the Projects in accordance with plans and specifications developed by the Department of Correction and reviewed

by the Office of State Construction. ~~The request for proposals shall provide for the option of proposing on one or more of the facilities, and shall require each proposer to provide a separate proposal on a single facility of up to 1,000 cells. It is the intent of the General Assembly that the State may decide to accept proposals for only one, for two, or for all three facilities.~~

The Secretary of Correction shall make recommendations to the State Property Office of the Department of Administration on the final award decision. The Department of Correction and the State Property Office of the Department of Administration shall consult with the Joint Legislative Commission on Governmental Operations before making the final award decision. The Department of Administration shall make the final award decision, which shall then be subject to the approval of the Council of State.

The Department of Correction will enter into a construction contract agreement with the selected contractors for the construction of the Projects. The special nonprofit corporation will enter into a purchase agreement with the selected contractors for the sale of the constructed Projects to the special nonprofit corporation. The Department of Correction shall furnish plans and specifications for review by the State Construction Office. Construction contract agreements entered into under this section shall provide that the Department of Correction and the Office of State Construction shall inspect and review each facility during construction to ensure and determine jointly that the facility is suitable for use as a correctional facility and for future acquisition by the State. The Department of Correction may contract with a design consortium for construction administration services.

(d) Approval of Lease-Purchase Agreement. – A lease-purchase agreement may not be entered into pursuant to this section unless the following conditions are met before the lease-purchase agreement is entered into: (i) the Council of State, by resolution, approves the execution and delivery of the lease-purchase agreement, and (ii) the State Treasurer approves the lease-purchase agreement and all other documentation related to it, including any leasehold deed of trust or trust agreement in connection with it. The resolution of the Council of State may include any matters the Council of State determines. In determining whether to approve the lease-purchase agreement, the State Treasurer may consider any factors as the State Treasurer considers relevant in order to find and determine that all of the following conditions are met:

(1) The principal amount to be financed under the lease-purchase agreement is adequate and not excessive for the purpose of paying the cost of the Projects.

(2) The increase, if any, in State revenues necessary to pay the sums to become due under the lease-purchase agreement is not excessive.

(3) The lease-purchase agreement can be entered into on terms desirable to the State.

(4) The sale of certificates of participation will not have an adverse effect on any scheduled or proposed sale of obligations of the State or any State agency or of any unit of local government in the State.

(e) Terms and Conditions. – The following provisions apply to a lease-purchase agreement entered into under this section:

(1) In order to secure the performance by the State of its obligations under the lease-purchase agreement, the lease-purchase agreement may require the eviction of the State from the occupancy of one or more of the Projects in the event that the State breaches its obligations and agreements under the lease-purchase agreement.

(2) No deficiency judgment may be rendered against the State or any agency, department, or commission of the State in any action for breach of any obligation contained in the lease-purchase agreement or any other related documentation, and the taxing power of the State or any agency, department, or commission of the State is not and may not

be pledged to secure any moneys due under the lease-purchase agreement.

(3) The lease-purchase agreement shall not contain a nonsubstitution clause that restricts the right of the State to replace or provide a substitute for the Projects.

(4) The lease-purchase agreement may include provisions requesting the Governor to submit in the Governor's budget proposal, or any amendments or supplements to it, appropriations necessary to make the payments required under the lease-purchase agreement.

(5) The lease-purchase agreement may contain any provisions for protecting and enforcing the rights and remedies of the special nonprofit corporation that are reasonable and proper and not in violation of law, including covenants setting forth the duties of the State with respect to the Projects, which may include provisions relating to insuring, operating, and maintaining the Projects and the custody, safeguarding, investment, and application of moneys.

(6) The lease-purchase agreement may designate the lease payments to be paid by the State under it to be "principal components" and "interest components." Any interest component of the lease payments may be calculated based upon a fixed or variable interest rate or rates as determined by the State Treasurer.

(7) The lease-purchase agreement may be entered into by the State, and certificates of participation may be delivered by the special nonprofit corporation, at any time, including at times prior to the delivery of the Projects to the special nonprofit corporation for purchase, and the related delivery of occupancy of the Projects to the State by the special nonprofit corporation. The costs incurred in connection with the preparation of the lease-purchase agreement and related documents and the delivery of the certificates of participation may be paid from the proceeds of the certificates of participation.

(8) The State is authorized to agree in the lease-purchase agreement to indemnify the special corporation and its directors and agents for any liabilities that arise to the special corporation or directors or agents on account of their participation in the activities contemplated by this act.

(f) Faith and Credit Not Pledged. – The payment of amounts payable by the State under the lease-purchase agreement and other related documentation during any fiscal biennium or fiscal year is limited to funds appropriated for that purpose by the General Assembly in its discretion. No provision of this section and no lease-purchase agreement creates any pledge of the faith and credit of the State or any agency, department, or commission of the State within the meaning of any constitutional debt limitation.

(g) Certificates of Participation. – The State may cooperate as necessary to effectuate the delivery by the special nonprofit corporation of tax-exempt certificates of participation, including participating in the preparation of offering documents, the filing of required tax forms and agreeing to comply with restrictions on the use of the Projects as required in order for the interest component of the lease payments to be tax-exempt. Disclosures and compliance with other federal law requirements by the special nonprofit corporation shall be under the direction of the State Treasurer. Certificates of participation may be sold at the direction of the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this section. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special nonprofit corporation.

Certificates of participation may be delivered pursuant to a trust agreement with a corporate trustee approved by the State Treasurer. The corporate trustee may be any trust company or bank having the powers of a trust company within or without the State. A trust agreement may (i) provide for security and pledges and assignments with respect to the security as may be permitted under this section and further provide for the enforcement of any lien or security interest created pursuant to this section, and (ii) contain any provisions for protecting and enforcing the rights and remedies of the owners of any certificates of participation that are reasonable and proper and not in violation of law as determined by the State Treasurer. The State Treasurer shall designate the professionals providing legal or financial services relating to the lease-purchase agreement and the delivery of certificates of participation, including the provider of any credit facility and the underwriter or placement agent for any certificates of participation.

(h) Tax Exemption. – The lease purchase agreement and any certificates of participation relating to it shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, or gift taxes, income taxes on the gain from the transfer of the lease-purchase agreement and certificates of participation, and franchise taxes. The interest component of the lease payments made by the State under the lease-purchase agreement, including the interest payable with respect to any certificates of participation, is not subject to taxation as income.

(i) Licensing Requirements. – The private for-profit or nonprofit firms authorized to respond to requests for ~~proposal~~ proposals authorized by this section, or entitled to be a ~~Selected Contractor~~ selected contractor pursuant to ~~any response to such proposal,~~ this section, need not be a licensed general contractor within the meaning of G.S. 87-1 so that providing a response to ~~such request for proposal~~ the request or entering a ~~Construction Contract Agreement or Purchase Agreement shall not be deemed~~ construction contract agreement or purchase agreement is not general contracting within the meaning of G.S. ~~87-1; provided that this~~87-1. This subsection ~~shall not be deemed to~~ does not remove the actual construction of any prison facility from the provisions of G.S. 87-1.

(j) Minority Business Participation. – G.S. 143-128.2 applies to the Projects authorized in this section."

PART XLVIII. GENERAL PROVISIONS

Requested by: Senators Garrou, Dalton, Hagan

SECTION 48.1. Parts 32 through 47 of this act do not affect the rights or liabilities of the State, a taxpayer, or another person arising under a statute amended or repealed by those parts before the effective date of its amendment or repeal; nor does it affect the right to any refund or credit of a tax that accrued under the amended or repealed statute before the effective date of its amendment or repeal.

SECTION 48.2. Except as otherwise provided in this act, parts 32 through 48 of this act are effective when this act becomes law.

PART XLIX. MISCELLANEOUS PROVISIONS

Requested by: Senators Garrou, Dalton, Hagan

EXECUTIVE BUDGET ACT APPLIES

SECTION 49.1. The provisions of the Executive Budget Act, Chapter 143, Article 1 of the General Statutes, are reenacted and shall remain in full force and effect and are incorporated in this act by reference.

Requested by: Senators Garrou, Dalton, Hagan

COMMITTEE REPORT

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

DRAFT
SPECIAL PROVISION

2003-PART47-C47.1A

Part XLVII. Lease-Purchase Three New Prisons
Conference Provision

Requested by: Senators Thomas, Garrou, Dalton, Hagan, Kerr, Jenkins, Holloman, Soles

SECTION 47.1. G.S. 148-37.2 reads as rewritten:

"**§ 148-37.2. Lease-purchase of ~~three~~ prison facilities.**

(a) Authorization. – The Secretary of Correction may, as provided in this section, enter contracts with private for-profit or nonprofit firms for the construction of ~~three~~ close security correctional facilities ~~totaling up to 3,000 cells~~ described in subsection (a1) of this section to be operated by the Department pursuant to a lease that contains a schedule for purchase of the facilities over a period of up to 20 years.

The State, with the prior approval of the Council of State and the State Treasurer as provided in this section, is authorized to execute and deliver one or more lease-purchase agreements with a special nonprofit corporation providing for the lease-purchase by the State of the Projects from the special nonprofit corporation in connection with and under an arrangement whereby certificates of participation are sold and delivered by the special nonprofit corporation in order to provide funds to pay the purchase price of the Projects. The Projects will be constructed by selected contractors designated to the special nonprofit corporation by the State Property Office of the Department of Administration in consultation with the Department of Correction. ~~The selected contractors will be responsible for arranging for and obtaining their own construction financing, which will consist solely of private funds.~~ The Projects will be sold to the special nonprofit corporation, with the purchase price paid by the special nonprofit corporation from the proceeds of the certificates of participation. The State may lease the real property upon which the Projects will be located, if owned by the State, to the selected contractors constructing the Projects and to the special nonprofit corporation for nominal consideration.

(a1) Facilities Authorized. – The following facilities are authorized under this section:

(1) 2001 Facilities. – Three close security correctional facilities totaling up to 3,000 cells.

(2) 2003 Facilities. – Three close security correctional facilities substantially identical to the facilities described in subdivision (1) of this subsection and totaling up to 3,000 cells. If the State and the special nonprofit corporation are able to negotiate a contract for one or more of these facilities with the construction contractor that constructed the facilities described in subdivision (1) of this subsection on terms that are reasonable and desirable to the State as determined

by the State Treasurer, the Secretary of Administration, and the Council of State, then a request for proposals under subsection (c) of this section is not required. The remaining provisions of this section continue to apply.

(b) Definitions. – The following definitions apply in this section:

(1) Certificates of participation. – Certificates or other instruments delivered by a special nonprofit corporation as provided in this section evidencing the assignment of proportionate and undivided interests in the rights to receive lease payments to be made by the State pursuant to a lease-purchase agreement.

(2) Construction contract agreement. – ~~A~~ Either of the following:

a. A contract between the Department of Correction and the selected contractors for construction of the Projects, under which the selected contractors will be responsible for arranging for and obtaining their own construction financing, which will consist solely of private funds.

b. A contract between the special nonprofit corporation and the selected contractors for construction of the Projects, but only if the contract has provisions sufficient to carry out the requirements of the last paragraph of subsection (c) of this section. The Secretary of Correction shall determine the sufficiency of the contract and shall approve the contract only if it is sufficient.

(3) Lease-purchase agreement. – A lease-purchase agreement entered into pursuant to this section, under which the State will lease the Projects from the special nonprofit corporation, with option to purchase.

(4) Projects. – ~~Three close security correctional facilities providing up to 3,000 cells~~ Facilities described in subsection (a1) of this section to be constructed by selected contractors, sold to the special nonprofit corporation, and leased to the State pursuant to this section.

(5) Purchase agreement. – A contract under which the special nonprofit corporation will purchase the Projects from the selected contractors.

(6) Selected contractors. – One or more private firms selected to construct the Projects.

(7) Special nonprofit corporation. – A nonprofit corporation created under Chapter 55A of the General Statutes and designated by the State Treasurer for entering into the transactions contemplated by this section.

(c) Request for Proposals. – The Secretary of Correction may issue a request for proposals to private firms for the private firms to construct the Projects in accordance with plans and specifications developed by the Department of Correction and reviewed by the Office of State Construction. ~~The request for proposals shall provide for the option of proposing on one or more of the facilities, and shall require each proposer to provide a separate proposal on a single facility of up to 1,000 cells. It is the intent of the General Assembly that the State may decide to accept proposals for only one, for two, or for all three facilities.~~

The Secretary of Correction shall make recommendations to the State Property Office of the Department of Administration on the final award decision. The Department of Correction and the State Property Office of the Department of Administration shall consult with the Joint Legislative Commission on Governmental Operations before making the final award decision. The Department of Administration shall make the final award decision, which shall then be subject to the approval of the Council of State. If the contract for construction of the 2003 facilities is entered into with the construction contractor who constructed the 2001 facilities as provided by subdivision (a1)(2) of this section, the general terms and conditions of the construction contract for the 2003 facilities shall be substantially similar to the terms and conditions of the construction contracts for the construction of the 2001 facilities, including, without limitation, terms and conditions regarding the activities, performance and construction standards required of the contractor, the arrangements for selection and retention of subcontractors by the contractor, and the responsibility of the contractor for the performance by the selected subcontractors. The construction contract for the 2003 facilities may, however, contain any changes from the construction contracts for the 2001 facilities that may be necessary or desirable to reflect the financing arrangements for the 2003 facilities, including provisions for the periodic payment of construction costs based upon construction progress.

The Department of Correction will enter into a construction contract agreement with the selected contractors for the construction of the ~~Projects.~~Projects or, alternatively, the construction contract may be entered into with the selected contractor by the special nonprofit corporation, with the approval of the Department of Correction. The special nonprofit corporation will enter into a purchase agreement with the selected contractors for the sale of the ~~constructed~~ Projects to the special nonprofit corporation. With respect to the 2003 facilities, the purchase agreement may provide for the periodic payment by the special nonprofit corporation to the selected contractor of portions of the purchase price during the construction of the 2003 facilities on the basis of construction progress, rather than a payment of the entire purchase price upon delivery of the 2003 facilities. The Department of Correction shall furnish plans and specifications for review by the State Construction Office. Construction contract agreements entered into under this section shall provide that the Department of Correction and the Office of State Construction shall inspect and review each facility during construction to ensure and determine jointly that the facility is suitable for use as a correctional facility and for future acquisition by the State. The Department of Correction may contract with a design consortium for construction administration services.

(d) Approval of Lease-Purchase Agreement. – A lease-purchase agreement may not be entered into pursuant to this section unless the following conditions are met before the lease-purchase agreement is entered into: (i) the Council of State, by resolution, approves the execution and delivery of the lease-purchase agreement, and (ii) the State Treasurer approves the lease-purchase agreement and all other documentation related to it, including any leasehold deed of trust or trust agreement in connection with it. The resolution of the Council of State may include any matters the Council of State determines. In determining whether to approve the lease-purchase agreement, the State Treasurer may consider any factors as the State Treasurer considers relevant in order to find and determine that all of the following conditions are met:

(1) The principal amount to be financed under the lease-purchase agreement is adequate and not excessive for the purpose of paying the cost of the Projects.

(2) The increase, if any, in State revenues necessary to pay the sums to become due under the lease-purchase agreement is not excessive.

(3) The lease-purchase agreement can be entered into on terms desirable to the State.

(4) The sale of certificates of participation will not have an adverse effect on any scheduled or proposed sale of obligations of the State or any State agency or of any unit of local government in the State.

(e) Terms and Conditions. – The following provisions apply to a lease-purchase agreement entered into under this section:

(1) In order to secure the performance by the State of its obligations under the lease-purchase agreement, the lease-purchase agreement may require the eviction of the State from the occupancy of one or more of the Projects in the event that the State breaches its obligations and agreements under the lease-purchase agreement.

(2) No deficiency judgment may be rendered against the State or any agency, department, or commission of the State in any action for breach of any obligation contained in the lease-purchase agreement or any other related documentation, and the taxing power of the State or any agency, department, or commission of the State is not and may not be pledged to secure any moneys due under the lease-purchase agreement.

(3) The lease-purchase agreement shall not contain a nonsubstitution clause that restricts the right of the State to replace or provide a substitute for the Projects.

(4) The lease-purchase agreement may include provisions requesting the Governor to submit in the Governor's budget proposal, or any amendments or supplements to it, appropriations necessary to make the payments required under the lease-purchase agreement.

(5) The lease-purchase agreement may contain any provisions for protecting and enforcing the rights and remedies of the special nonprofit corporation that are reasonable and proper and not in violation of law, including covenants setting forth the duties of the State with respect to the Projects, which may include provisions relating to insuring, operating, and maintaining the Projects and the custody, safeguarding, investment, and application of moneys.

(6) The lease-purchase agreement may designate the lease payments to be paid by the State under it to be "principal components" and "interest components." Any interest component of the lease payments may be calculated based upon a fixed or variable interest rate or rates as determined by the State Treasurer.

(7) The lease-purchase agreement may be entered into by the State, and certificates of participation may be delivered by the special nonprofit corporation, at any time, including at times prior to the delivery of the

completed Projects to the special nonprofit ~~corporation for purchase,~~corporation, and the related delivery of occupancy of the Projects to the State by the special nonprofit corporation. The lease-purchase agreement may require the State to make prepayments of lease payments at a time prior to when the State accepts occupancy of the Projects. The lease-purchase agreement and related financing arrangements may provide for the funding of interest during construction from the proceeds of certificates of participation. The costs incurred in connection with the preparation of the lease-purchase agreement and related documents and the delivery of the certificates of participation may be paid from the proceeds of the certificates of participation.

(8) The State is authorized to agree in the lease-purchase agreement to indemnify the special corporation and its directors and agents for any liabilities that arise to the special corporation or directors or agents on account of their participation in the activities contemplated by this act.

(f) Faith and Credit Not Pledged. – The payment of amounts payable by the State under the lease-purchase agreement and other related documentation during any fiscal biennium or fiscal year is limited to funds appropriated for that purpose by the General Assembly in its discretion. No provision of this section and no lease-purchase agreement creates any pledge of the faith and credit of the State or any agency, department, or commission of the State within the meaning of any constitutional debt limitation.

(g) Certificates of Participation. – The State may cooperate as necessary to effectuate the delivery by the special nonprofit corporation of tax-exempt certificates of participation, including participating in the preparation of offering documents, the filing of required tax forms and agreeing to comply with restrictions on the use of the Projects as required in order for the interest component of the lease payments to be tax-exempt. Disclosures and compliance with other federal law requirements by the special nonprofit corporation shall be under the direction of the State Treasurer. Certificates of participation may be sold at the direction of the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this section. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special nonprofit corporation.

Certificates of participation may be delivered pursuant to a trust agreement with a corporate trustee approved by the State Treasurer. The corporate trustee may be any trust company or bank having the powers of a trust company within or without the State. A trust agreement may (i) provide for security and pledges and assignments with respect to the security as may be permitted under this section and further provide for the enforcement of any lien or security interest created pursuant to this section, and (ii) contain any provisions for protecting and enforcing the rights and remedies of the owners of any certificates of participation that are reasonable and proper and not in violation of law as determined by the State Treasurer. The State Treasurer shall designate the professionals providing legal or financial services relating to the

lease-purchase agreement and the delivery of certificates of participation, including the provider of any credit facility and the underwriter or placement agent for any certificates of participation.

(h) Tax Exemption. – The lease purchase agreement and any certificates of participation relating to it shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, or gift taxes, income taxes on the gain from the transfer of the lease-purchase agreement and certificates of participation, and franchise taxes. The interest component of the lease payments made by the State under the lease-purchase agreement, including the interest payable with respect to any certificates of participation, is not subject to taxation as income.

(i) Licensing Requirements. – The private for-profit or nonprofit firms authorized to respond to requests for ~~proposal~~ proposals authorized by this section, or entitled to be a ~~Selected Contractor~~ selected contractor pursuant to ~~any response to such proposal,~~ this section, need not be a licensed general contractor within the meaning of G.S. 87-1 so that providing a response to ~~such request for proposal~~ the request or entering a ~~Construction Contract Agreement or Purchase Agreement shall not be deemed~~ construction contract agreement or purchase agreement is not general contracting within the meaning of G.S. ~~87-1; provided that this~~87-1. This subsection ~~shall not be deemed to~~ does not remove the actual construction of any prison facility from the provisions of G.S. 87-1.

(j) Minority Business Participation. – G.S. 143-128.2 applies to the Projects authorized in this section."

Discussion of HB 397: 2003 Budget Act (PART XLVII Lease-Purchase Three New Prisons)

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	
Date:	May 29, 2003	**Analysis by:**	Finance Team
Version:	Part XLVII (Lease-Purchase Three New Prisons) 7th Edition		

SUMMARY: ***House bill 397, the 2003 Budget bill, is currently before the conference committee. The version passed by the Senate contains Part 47, which authorizes the State to lease purchase three 1,000-bed close security correctional facilities. Senate Bill 227 also gives the same authorization to the State. SB 227 was given a favorable report in Senate Finance and is currently in Senate Appropriations.***

PART 47: LEASE-PURCHASE THREE PRISONS

Part 47 would authorize the State to enter into lease-purchase contracts to build three new prisons.

In 2001, the General Assembly authorized lease-purchase financing of three new 1000-cell close security prisons. This Part would authorize three more substantially identical prisons. The State may first try to negotiate a contract for these new prisons with the same company that is building the 2001 prisons. If the Secretary of Administration and the Council of State find that the negotiations have failed to produce a reasonable price, the State would solicit the projects using a similar procedure as for the 2001 prisons.

The initial construction loan must be obtained by the vendor on a private, taxable basis. The State's acquisition of the constructed prisons will be financed with tax-exempt obligations. The prisons are exempt from property taxes both during and after construction.

The Part provides that after the prisons are completed, approved, and accepted by the State, a nonprofit corporation controlled by the State would purchase the prisons from the vendor and lease them to the State under a lease-purchase agreement. The nonprofit corporation would finance its purchase price for the prisons by selling tax-exempt obligations known as certificates of participation (COPs). The COPs would represent interests in the nonprofit corporation's rights to receive the lease payments under the lease-purchase agreement with the State. The COPs would be secured by a lien on the property, not by a pledge of the State's full faith and credit. The COPs would be paid from the State's lease-purchase payments over the course of 20 years.

Because only private funds would be involved during the construction phase, and because the vendor is at risk for that construction financing until the completed facilities are delivered, requirements for public bidding of construction would not apply. The new prisons are to be substantially identical to the 2001 prisons, so the Department of Correction will first try to negotiate a contract with the existing vendor to build the three new prisons. If, in the opinion of the Secretary of Administration and the Council of State, the terms of the proposed negotiated contract are not favorable to the State, the Department of Correction will solicit for the construction of the three new prisons. The Department of Correction would be required to consult with the Joint Legislative Commission on Governmental Operations before making a final award decision. The final award decision would also be subject to the approval of the Council of State.

The prisons would be required to be built in accordance with plans and specifications developed by the Department of Correction, and the Department of Correction and the State Construction Office would inspect and review the facilities during construction to ensure that they are suitable for use and acquisition by the State. The minority participation requirements of G.S. 143-128.2 apply to these projects.

It is expected that the COPs would be sold close to the time of purchase, although the State may have the nonprofit sell the COPs earlier if the State Treasurer determines that an earlier sale would be to the advantage of the State. Even if the COPs are sold earlier, there would be no payments from the State's General Fund until after the prisons have been accepted and purchased. Because of the State's involvement, interest with respect to the COPs will be tax-exempt.

The lease-purchase agreement would be between the nonprofit corporation and the State. Under the agreement, which must be approved by the Council of State and the State Treasurer, the State would make lease-purchase payments to the nonprofit corporation, which would use the funds to retire the COPs. The COPs would be secured by a lien on the property and the State's failure to make payments could result in its eviction from the property. The State Treasurer would determine the price to be paid for the COPs and the rate of interest to be paid on them. The State would retain the option of refinancing the debt if interest rates fall. The State would also retain the option of paying off its obligations and purchasing the property before the end of the lease-purchase period. Under the lease-purchase agreement, the State will own the facilities at the end of the lease term. The nonprofit corporation that issues the COPs would be subject to the Public Records Act and the Open Meetings Law.

ESTIMATED COST OF PROPOSED NEW PRISONS

Negotiated Contract and COPS Issued After Construction (Vendor finances construction)

2000 Beds (Prisons 4 and 5) COPS Issued July 2005

	FY 2002-0:	FY 03-04	FY 04-05	FY 05-06	FY 06-07	FY 07-08	TOTAL L/P DEBT $252 Million
E. Lease/Purchase	$-	$-	$-	$5.38	$16.72	$16.26	
F. Operating	$-	$-	$11.44	$33.80	$36.19	$36.19	
G. TOTAL	$-	$-	**$11.44**	**$39.18**	**$52.91**	**$52.45**	

ASSUMPTIONS

Assumes "COPS" issued July 2005; also assumes a low end negotiated cost of $150 Million

1. Operating figures are from DOC Feb. 21, 2003
2. Lease/Purchase figures assume issuance of COPS at 6.15% interest rate for two prisons at cost of $150 million. L/P figures could change based on final contract price and interest rate at time of issuance (Treasurer's Office 3/11/03)

3000 Beds (Prisons 4,5,6) COPS Issued July 2005 and May 06 (SB 227)

E. Lease/Purchase	$-	$-	$-	$5.38	$26.19	$25.47	TOTAL L/P DEBT $391 Million
F. Operating	$-	$-	$11.44	$42.60	$53.48	$54.29	
G. TOTAL	$-	$-	**$11.44**	**$47.98**	**$79.67**	**$79.76**	

ASSUMPTIONS

Assumes COPS issued July 2005 for prisons 4 and 5 at low end negotiated cost of $150 million. Assumes COPS issued May 1, 2006 for prison #6 at additional base cost of $84.25 million or $234.25 million construction cost for 3 new prisons (plus debt cost);

1. Operating figures are from DOC Feb. 21, 2003
2. Lease/Purchase figures assume issuance of COPS at 6.15% interest rate (Treasurer's Office 3/17/03) L/P figures could change based on final contract price and interest rate at time of issuance.

Comparison with Moody's 2002 Median Ratios for States and Other Benchmarks
State of North Carolina Ratios as of June 30, 2002

Net Tax-Supported Debt to Personal Income			Debt Service as a % of Tax Revenues		
North Carolina	2002 Medians	Ratio of the State to Median	North Carolina	Median	Ratio of the State to Median
1.4%	2.3%	0.61x	2.3%	3.5%*	0.66x
Net Tax-Supported Debt Per Capita			**Principal Payout Percentage in 10 Years**		
North Carolina	2002 Medians	Ratio of the State to Median	North Carolina	Benchmark Average	Ratio of the State to Benchmark
$395	$573	0.69x	57.4%	50.0%**	1.15x

* Last published in 1996
** Rule of Thumb

The table below details the peer group comparison for the three debt ratios evaluated. The peer group, states ranked triple-A by all three credit rating agencies, include the states of Delaware, Georgia, Maryland, Minnesota, Missouri, South Carolina, Utah and Virginia. The debt to personal income and debt per capita ratios are taken from Moody's "2002 State Debt Medians" report while the debt service ratio has been calculated from the most recent Comprehensive Annual Financial Report available for each state. As seen below, North Carolina has the lowest debt service ratio of any of the peer group and the second lowest debt per capita and debt to personal income ratios while all debt ratios are below the median levels. Thus, the State's debt ratios compare very favorably to the highest rated states.

Figure 9

State of North Carolina
Debt Ratios versus Other Highly Rated States

	Ratings	Debt to Personal Income*	Debt per Capita*	Debt Service as a % of Tax Revenue
Delaware	AAA/AAA/Aaa	5.3%	$1,650	6.0%
Georgia	AAA/AAA/Aaa	2.9	804	5.0
Maryland	AAA/AAA/Aaa	2.6	879	6.5
Minnesota	AAA/AAA/Aaa	1.8	576	3.2
Missouri	AAA/AAA/Aaa	1.3	347	2.8
South Carolina	AAA/AAA/Aaa	2.5	615	4.7
Utah	AAA/AAA/Aaa	3.0	708	4.7
Virginia	AAA/AAA/Aaa	1.8	566	3.2
	Peer Group Median	2.5%	$662	4.7%
North Carolina	**AAA/AAA/Aa1**	**1.4%**	**$395**	**2.3%**
	Ratio to Median	**0.56 x**	**0.60 x**	**0.49 x**

* Population Projections by Sentencing and Policy Advisory Commission, Jan. 2003

**DOC Expanded Capacity as of Dec. 4, 2002 with 2,592 new beds opening in FY 2004. DOC defines Expanded Operating Capacity (EOC) (EOC) as one inmate per cell or less than 50 square feet per inmate in dorms (35 sq ft is 130% of standard capacity)

*** "Prisons" assumes two new prisons with EOC of 1,728 new beds (FY 05-06) or 3 with 2,592 new beds (FY 06-07)

****House Bills are: (1) HB 242 - Amend Habitual Felon Law ;(2) HB 243 - Reclassify Statutory Rape/Sex Offense (3) HB 246 Adjust B1-E Felonies; (4) HB 247: Restructure Prior Criminal Record Points & (5) HB 264 Proportionate Sentence Lengths

FRD 4/21/03

FROM: Rep. Paul Luebke
TO: Members, House Finance Committee

Carolina Justice Policy Center

Q: Are there any options available to the state that could help reduce the need to authorize 3,000 prison beds in this year's budget and 7,500 by 2012?
A: Yes. There are 6 bills options that have been presented by the Sentencing and Policy Advisory Commission. If all were enacted, the need for new prisons would be reduced by over 4,000 beds by 2012.

Q: Why did the Sentencing Commission come up with these options? Are they reasonable?
A: Since the projected bed need is so great and so expensive, the legislature asked the Sentencing Commission to see if it could develop adjustments to the Sentencing Structure for legislative consideration. Many options were not sent forward, but the ones that were submitted make modest changes, but do create significant bed reductions.

Q: What new state projects are needed and which ones should take priority for approximately $445 - $460 million in additional borrowing? Does the finance committee have any role in these decisions?
A: The State Treasurer's office says that billions are needed for rennovation and repair. Fiscal research has prepared a long list of capital needs. Just a few of the requests include land purchase for wilderness areas, a new cancer hospital, and recent recommendations for $90 million in training schools. The Finance committee should play a major role in determining when and how the state should take on additional debt.

Q: Why are these three prisons a top priority for additional borrowing when there are other options available for reducing the need for beds?
A: There is no prioritization process and all 3,000 beds will be required by 2006 if the Sentencing Commission recommendations are not enacted.

Q: How many new projects can the state authorize with borrowed money between now and 2006 in addition to what is already authorized?
A: While the state Treasurer is not recommending any additional borrowing before 2006, he has agreed to the authorization of the 3,000 new prison beds and $220 million in rennovations and repairs.

Q: Won't these three prisons comprise a very large share of the additional borrowing?
A: If $465 million is all the additional borrowing that is allowed, the three prisons - at $240 million - will obviously comprise a large share of it. It appears that the State Treasurer is recommending NO new debt between now and 2006 other than $225 -$240 for three new prisons and $220 million in rennovations and repairs.

Q: How should priorities for capital projects be decided? Is there currently any mechanism to prioritize projects?
A: There is currently no mechanism for prioritizing projects. The State Treasurer is recommending the establishment of a committee that will set debt limits and prioritize projects.

Q: Would the three new prisons be part of the new priority setting plan for capital projects?
A: No. They are currently authorized in the Senate budget.

Q: If the legislature authorizes 3,000 new beds in the 2003 budget, will all the certificates of participation have to be issued by 2006?
A: Yes, $225 - $240 million in COPS will have to be issued unless the Sentencing Commission options are enacted.

Q: Couldn't the projected bed need be addressed by putting two prisoners into every cell?
A: The state has been sued for prison crowding before and could be sued again. Each unit must be evaluated individually. The Senate budget lists several units that should be evaluated in the coming year and a report will be presented to the legislature.

Q: Who opposes the Sentencing Commission recommendations?
A: The District Attorney's Association has been the primary opponent of these options. Many Commission members understand that the legislature may need to identify savings. Towards that end, members have worked as a group to identify the most appropriate area for adjustments.

Q: Has the state always financed prisons through certificates of participation and a lease-purchase arrangement?
A: No. The state has traditionally funded prisons on a pay-as-you go method. More recently, a bond package was issued. The last five prisons have been built by private vendors and leased back by the state.

Q: Is this a more expensive method of financing?
A: Yes. The actual cost of construction for 3 new prisons is $225 - $240 million. When the debt costs are added in, the total cost rises to $390 million over a 20 year period.

Q: How does the funding mechanism work?
A: It is a complicated funding mechanism. A private foundation in Louisiana provides the initial financing to build the prisons. Those prisons are then sold to a non-profit corporation established for the purpose of issuing certificates of participation. The state leases back the prisons from the non-profit corporation. Since the same vendor is being used for all of the units, the standard practice for bidding on state projects would not be utilized.

Q: Does the habitual felon proposal do away with the habitual felon law?
A: No. It maintains it and still requires an active sentence for every person convicted as an habitual felon. The sentences would be shorter for some offenders because the punishment is set three classes higher than the triggering offense. The current law sets the punishment for every habitual felon at the same level regardless of the triggering offense.

Q: Could a greater use of community-based corrections programs help alleviate crowding at a reduced price?
A: Yes, if the programs are adequately funded and targeted to specific offenders. The budget crisis has placed such a strain on community programs that they have been struggling just to keep their basic operations going.

NORTH CAROLINA HOUSE FINANCE COMMITTEE

RALEIGH, NORTH CAROLINA

May 29, 2003

REGARDING SB 227

LEASE PURCHASE THREE NEW PRISONS

STATEMENT BY GALE MARSHALL
828.648.7613 Choctaw@prodigy.net

ON BEHALF OF FRIENDS OF HAYWOOD COUNTY

MY NAME IS GALE MARSHALL AND I AM HERE TODAY REPRESENTING THE FRIENDS OF HAYWOOD COUNTY, A GROUP OF CONCERNED CITIZENS IN WESTERN NORTH CAROLINA. I WOULD LIKE TO THANK REPRESENTATIVE PAUL LUEBKE AND THE OTHER MEMBERS OF THIS COMMITTEE FOR GRANTING THE FRIENDS OF HAYWOOD COUNTY THE OPPORTUNITY TO REGISTER OUR OPINION ABOUT SENATE BILL 227 WHICH, IF ADOPTED, WOULD AUTHORIZE THE STATE TO FINANCE THE BUILDING OF THREE NEW 1000-BED PRISONS.

THE FRIENDS OF HAYWOOD COUNTY RESPECTFULLY EXPRESSES THE FOLLOWING CONCERNS ABOUT THIS BILL:

1. AS TAXPAYERS IN THIS STATE, WE BELIEVE THAT MORTGAGING OUR FUTURE TO PRISONS WILL BE A COSTLY MISTAKE. OUR STATE IS IN A FINANCIAL CRISIS AND MANY IMPORTANT SERVICES FOR COMMUNITIES LIKE OURS IN WESTERN NORTH CAROLINA ARE IN DANGER OF BEING CUT OR ELIMINATED ALTOGETHER. MORE THAN EVER BEFORE NORTH CAROLINA MUST GET ITS PRIORITIES IN ORDER AND CONSIDER ITS FUTURE FISCAL AND SOCIAL HEALTH.

2. THERE ARE SENSIBLE ALTERNATIVES TO BUILDING THESE PRISONS THAT OUR CITIZENS SUPPORT. BEING SMART ON CRIME IS A POLICY THAT APPEALS TO PEOPLE IN SMALL TOWNS AS WELL AS BIG CITIES. NORTH CAROLINA SHOULD FOLLOW THE LEAD OF OTHER STATES WHICH ARE REFORMING SENTENCING LAWS AND PROVIDING LESS COSTLY OPTIONS THAN PRISONS FOR REHABILITATING MANY OFFENDERS IN THEIR HOME COMMUNITIES. WITH OUR STATE AND LOCAL GOVERNMENTS RUNNING IN THE RED, WE BELIEVE IT IS OF THE UTMOST IMPORTANCE FOR OUR ELECTED OFFICIALS TO SCRUTINIZE EVERY PROPOSAL THAT WILL PLACE AN EXTRA LOAD ON TAXPAYERS AND PROPERTY OWNERS ALREADY HEAVILY BURDENED.

3. WE ARE WONDERING WHY THE REFORMS PROPOSED BY THE NORTH CAROLINA SENTENCING COMMISSION AND REFORM OF THE HABITUAL FELON LAW HAVE NOT BEEN GIVEN SERIOUS CONSIDERATION BY OUR ELECTED OFFICIALS. IT APPEARS TO US THAT THESE PROPOSALS WOULD SAVE MONEY WITHOUT COMPROMISING PUBLIC SAFETY. WE ALSO SUPPORT NORTH CAROLINA'S COMMUNITY CORRECTIONS PROGRAMS WHICH SERVED AS NATIONAL MODELS UNTIL BUDGET CUTS BEGAN TO REDUCE THEIR EFFECTIVENESS.

4. AS CITIZENS, WE STRONGLY RECOMMEND LEGISLATORS EXERCISE DUE DILIGENCE ON LEGISLATION WHICH AFFECTS US AND THAT THE POLICY-MAKING PROCESS IS ONE THAT REFLECTS THE CORE DEMOCRATIC VALUES OF THIS NATION AND OUR GREAT STATE. IT APPEARS THAT NEITHER DILIGENCE NOR DEMOCRACY HAS BEEN OF SUFFICIENT CONCERN REGARDING THE PRISON BUILDING BILL. TO OUR KNOWLEDGE, NO FISCAL NOTE HAS BEEN AVAILABLE TO THE PUBLIC DETAILING THE TOTAL COSTS OF SENATE BILL 227. TO OUR KNOWLEDGE NO FISCAL ANALYSIS HAS BEEN MADE AVAILABLE TO THE PUBLIC COMPARING THE COSTS OF PRIVATE FINANCING TO PUBLIC FINANCING EVEN THOUGH MEMBERS OF THE SENATE FINANCE COMMITTEE REQUESTED THIS INFORMATION AT A MEETING OF THE SENATE FINANCE COMMITTEE ON MARCH 18TH, WHICH I ATTENDED. NO PUBLIC HEARING HAS BEEN HELD IN ORDER THAT CITIZENS AND THEIR ELECTED REPRESENTATIVES COULD HAVE THE OPPORTUNITY TO BECOME FAMILIAR WITH AND EXPRESS THEIR VIEWS ON A PROPOSAL THAT INVOLVES UNUSUAL AND COMPLEX FINANCIAL ARRANGEMENTS AND SOLE-SOURCE CONTRACTING.

5. WE OBJECT TO TAXPAYERS BEING DEPRIVED OF THE RIGHT TO CONSIDER AND REGISTER AN OPINION ON THE "LEASE-PURCHASE" METHOD OF FINANCING PRISONS PROPOSED IN THIS BILL. WE HAVE SEEN ANALYSES PREPARED BY ORGANIZATIONS OUTSIDE THE LEGISLATURE THAT SUGGEST THE TOTAL COST OF BUILDING AND OPERATING SIX NEW PRISONS UNDER THIS FINANCING SCHEME WOULD BE OVER 2 BILLION DOLLARS. IF WE ARE THINKING ABOUT SPENDING THAT KIND OF MONEY, ARE PRISONS WHAT WE MOST NEED? IF LEGISLATORS ARE GOING TO TAKE ON MORE DEBT IN OUR NAME, SHOULDN'T TAXPAYERS HAVE A RIGHT TO EXPRESS OUR OPINION ABOUT WHAT WE WOULD LIKE YOU TO BUY WITH OUR MONEY?

6. WHILE OUR CONCERNS ABOUT SENATE BILL 227 ORIGINATED WITH ISSUES SPECIFIC TO OUR OWN COMMUNITY IN HAYWOOD COUNTY, I SPEAK TODAY ON BEHALF OF PEOPLE CONCERNED ABOUT THE POTENTIAL OF THIS BILL TO PUT ALL OF WESTERN NORTH CAROLINA RESIDENTS AT RISK OF HIGHER TAXES AND FEWER SERVICES. THE FUNDAMENTAL QUESTIONS THIS BILL RAISES FOR ME AND MANY OTHER WESTERN NORTH CAROLINIANS ARE: WHAT ARE WE DOING TO ENSURE THAT OUR YOUTH HAVE THE TOOLS NECESSARY TO GROW, DEVELOP, LEARN AND YES, TO STAY OUT OF PRISON, IN THIS STATE? WHAT TYPE OF FUTURE DO WE WANT FOR THE CHILDREN OF THIS STATE? AND, IF THIS PRISON BUILDING BILL IS APPROVED, WILL WE HAVE THE RESOURCES TO ENSURE THAT FUTURE?

ON BEHALF OF THE FRIENDS OF HAYWOOD COUNTY, I APPRECIATE THIS OPPORTUNITY TO REGISTER OUR CONCERNS.

This material, provided by Families Against Mandatory Minimums, is relevant to the May 30, 2003 House Finance Committee Meeting discussion of House Bill 397, Part 47

Ease North Carolina's budget crisis by being "smart on crime"

Sentencing Commission options save beds, taxpayer dollars

North Carolina is struggling to find revenue and cutting critically-needed services and programs. At the same time, projections show a need for 10,000 more prison beds by 2010. Five (5) 1,000 bed prisons cost approximately $100 million to build and $120 million per year to maintain and operate. **There is another choice!** The NC Sentencing and Policy Advisory Commission submitted five modest sentencing reform options, at the legislature's request, that would save 4,597 prison beds. If enacted this year, these options would save more than $1 billion over the next decade.

Modify the habitual felon statute = 1, 879 prison beds or approx. 2.5 prisons

- The option: Currently, individuals with three prior felonies charged as "habitual felons" must be sentenced at Level C of the guidelines (sentences otherwise largely reserved for serious and violent crimes such as rape, kidnapping, etc.) no matter how minor the offense (including some misdemeanors) that triggered the charges. The Commission option mandates a three-level increase (example: from Level I up to F on the sentencing grid) above the triggering felony.

- Smart and tough: Under the proposal, **all habitual felons would still have to serve long prison sentences.** However, by more closely fitting the punishment to the crime, this class of offenders would serve an average 68.2 months, rather than the current average of 101 months.

- Reform affects sentencing for lowest-level, nonviolent offenses: The lowest level drug and property offenses (Levels G, H, I) triggered habitual felon status for 82 percent of those convicted in 2002. **The other 18 percent would still receive a level C guideline enhancement under the Commission options.** In 2000/01, 84 percent convicted of habitual felon status (for whom prior record data is available--487 of 647) had no prior felony above a Level G.

"North Carolina's taxpayers can't afford to lock up small-fry crooks for years on end. It might be good politics, but it's bad money management . . . The NC House is thinking about tinkering with the sentencing law so that judges aren't required to throw the book at people nailed for more than three minor crimes. . . That would make excellent sense." – *Star-News, 4/24/03*

The combined Commission options = 4,597 prison beds or approx. 6.5 prisons

- The Commission presented the legislature with **several options** (see over). The projected bed space savings for all of the options are cumulative. **The legislature must act this session to achieve the needed cost savings.**

Families Against Mandatory Minimums - Randolph Cloud (919) 821-1004 – May 29, 2003

IMPACT OF SENTENCING ALTERNATIVES ON PRISON POPULATION[1]

FISCAL YEAR	A	B	C	D	E
2004/05	-672	7	8	1	-2
2005/06	-956	49	-90	-51	-8
2006/07	-1,095	18	-181	-225	-12
2007/08	-1,205	-43	-251	-511	-17
2008/09	-1,348	-187	-316	-878	-23
2009/10	-1,511	-434	-391	-1,200	-24
2010/11	-1,645	-696	-468	-1,428	-24
2011/12	-1,750	-948	-522	-1,572	-24
2012/13	-1,838	-1,154	-575	-1,680	-25
2013/14	-1,916	-1,306	-613	-1,763	-25

Alternatives Modeled[2]:

A = Restructure the prior record level point ranges in order to expand the points in Prior Record Level I and to even out the remaining ranges. Expand Prior Record Level I to include up to **two prior record points**. Make Prior Record Levels II through V consistent by covering four points each.

B = Make the increase in sentence lengths between prior record levels more proportionate using set percentage (15%) increments. The current sentence lengths in Prior Record Level I in each offense class would remain unchanged, serving as an anchor, while the sentence lengths between each subsequent prior record level would be increased by 15% in all classes except Classes H and I, which would remain unchanged.

C = Reallocate three months from the minimum sentence in Classes B1 through E to the maximum sentence for the purpose of increasing the period of imprisonment following revocation of post-release supervision from nine months to twelve months. Also increase the period of post-release supervision from nine months to twelve months.

D = Punish habitual felons three classes higher than the offense classification for the principal offense, but in no case higher than Class C, and require an active sentence.

E = Reclassify statutory rape or sexual offense of a person who is 13, 14, or 15 years old by a defendant who is more than four years but less than six years older from Class C to Class F.

---

[1] For a full discussion of these sentencing alternatives, see the North Carolina Sentencing and Policy Advisory Commission's Report on Study of Structured Sentencing Pursuant to Session Law 2001-424, Section 25.8, May 2002.

[2] There was no sufficient statistical information available to model the alternative to amend the definition of special probation.

House Committee on Finance

Minutes

~

June 2, 2003

The House Committee on Finance met on Monday, June 2, 2003 at 3:00 pm in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, and Luebke; Vice-Chairs Alexander and Hill; Representatives Blackwood, Bordsen, Capps, Carney, Glazier, Holliman, Jones, Lewis, McCombs, McGee, Munford, Rayfield, Ross, Weiss, Womble, and Wood. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Bill Sullivan. Staff persons present included Martha Harris, Jim Mills, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairwoman Howard called the meeting to order at 3:08 pm and immediately recognized the four pages present: Duncan Briley of Columbus County, sponsored by Representative Hill; Montrell Brown of Wake County, sponsored by Representative Stam; Cameron Falkner of Vance County, sponsored by Representative Fox; and Tempe Williamson of Franklin County, sponsored by Representative L. Allen.

As the sole matter of business before the Committee, the purpose of this meeting is the continued discussion of PART XLVII of HOUSE BILL 397, involving the construction of three new prisons in North Carolina (see attachment 3). Chairwoman Howard first recognized Secretary of the North Carolina Department of Corrections, Theodis Beck. He was present to explain the responsibilities of the Department and its Division of Prisons. He offered some statistics of the current operating capacities of the North Carolina prison system. He reported the total number of sentenced prisoners in the state is above earlier estimates at 34,390. He also reported that by 2006, there would be a 3,000-bed shortage in the state; and by 2010, there would be a 6,300-bed shortage. (These estimates of shortage **include** the construction of the prisons currently under debate by the Committee and the General Assembly.) He notes that this overpopulation within the prisons could cause not only the obvious strain on staff and resources but also an increase in violent incidents among inmates. After several questions from members, the Secretary clearly stated the need for these prisons as the inmate population continues to steadily grow.

Susan Katzenelson, Executive Director of the North Carolina Sentencing and Policy Advisory Commission, was recognized by the Chair to address a question from Representative Womble regarding the large increases in the number of prisoners in the state over the recent past. Ms. Katzenelson stated that the top reasons for this increase are: (1) simply as the general population of the State increases, so does the criminal population; (2) activities by the General Assembly in dictating the classification of certain laws with certain penalties; and (3) the effects of the habitual felon laws that, if implemented, require large sentence requirements once an individual has committed more than three felonies.

The Chair then recognized Representative Luebke who clearly stated his opinion that the General Assembly should adopt the recommended alternatives of the Sentencing Commission in order to, at the very least, decrease the number of prison beds needed by the state in the years ahead.

Representative Jones was recognized next by Chairwoman Howard and he thanked Secretary Beck for his work within the Department of Corrections over the past years. He asked the Secretary for the number of prisoners currently in the state that were African American, that were female, and that were incarcerated for non-violent crimes. Secretary Beck stated that between 65-68 percent of the current prison population was African American. He also noted that approximately 2,200 prisoners were female and that approximately 40 percent of those incarcerated were there for non-violent crime.

Chairwoman Howard next recognized Representative Earle to briefly address the Committee. She stated her belief that rather than simply sentencing criminals convicted of illegal substance abuse to long prison sentences, drug treatments and other services should be offered as an alternative in an effort to rehabilitate drug offenders.

Representative Kiser was then recognized by the Chair and offered his opinion that structured sentencing in North Carolina has not hurt; it has, in fact, helped. He stated that since the implementation of structured sentencing in the state, the murder rate had dropped 23 percent. Representative Luebke interjected to explain to Representative Kiser that neither he, nor any other member present, had expressed their desire to dispose of structured sentencing. Representative Kiser responded, however, that by adopting the recommendations of the Sentencing Commission, of which Representative Luebke was an advocate, structured sentencing would indeed be threatened. Representative Kiser further stated that structured sentencing has offered a level "playing field" for criminals and their offenses. He expressed that he had no problem with the state continuing to build prisons as long as necessary in order to keep the citizens of North Carolina safe from offenders. Representative Womble was recognized to address Representative Kiser's earlier comments. He stated his belief that much of Representative Kiser's commentary was opinion. Representative Kiser continued to field questions from members of the Committee concerning his standpoint on structured sentencing and the habitual felons law.

Representative Glazier was then recognized for a comment. He noted his concerns on the discussion of the meeting. He expressed his belief that major changes are not needed to structured sentencing. However, he does see that some minute changes might be implemented to help with the administration of the law and sentencing. With regard to the habitual felon law, he stated his concerns of the law and suggested some revision to it (see attachment 4).

Representative Kiser was recognized by Chair Howard to make a final comment. He reported that there were already 117,000 criminals in North Carolina participating in "alternative" sentencing opportunities. He also stated that as the population of the state grows, the prison population would grow also, just as schools do. He noted that, like schools, new prisons must also be built to accommodate growth.

Judge W. Ervin Spainhour, Chairman of the North Carolina Sentencing and Policy Advisory Commission, was recognized by the Chair to address the Committee. He reviewed the objectives of the Commission as mandated by the General Assembly and discussed the membership of the Commission. He stated that the product of the Commission's work is simply alternatives for the

Committee's consideration. He stated, personally, that he enjoys structured sentencing. He also stated that when he uses the habitual felon law, he does it with a clear conscience. He further stated that the Commission's recommendations are not to forgo structured sentencing, rather simply alternatives to save prison beds (and state funds). Representative Capps asked Judge Spainhour if he felt there was a need to build more prisons, regardless of the alternatives offered by the Commission. He agreed with Representative Capps that they were indeed needed. He stated that the Commission anticipates that there will be a 7,700-bed shortage in the next ten years, if the state's population growth continues as planned. Judge Spainhour then responded to a series of questions and comments in regard to structured sentencing and the habitual felon laws from the members of the Committee. Representative Womble expressed his concern that the State simply cannot afford the costs of continued prison construction and advocated for the use of any viable alternatives available to curb the growth of the prison population.

The Chair then again recognized Ms. Katzenelson to discuss the four alternatives offered by the Sentencing Commission (see attachment 5). Overall, she explained that if the recommendations of the Commission were enacted, some 4,600 beds could be saved over then next ten years.

Senator Kerr was then recognized by Chairwoman Howard and stated his belief that it was time for the Legislature to take action on this issue and urged the Committee to move forward on the matter. He also noted that from a fiscal standpoint, now was the time for the State to borrow money to build prisons since interest rates are so low.

Without further discussion and with the regrets of Chairwoman Howard to those present who were unable to speak, the meeting was then adjourned at 5:10 pm due to time.

Respectfully submitted,

Representative Julia Howard
Presiding Chair

Jason A. Cannon
Assistant to Committee on Finance

DRAFT
SPECIAL PROVISION

2003-PART47-C47.1A

Part XLVII. Lease-Purchase Three New Prisons
Conference Provision

Requested by: Senators Thomas, Garrou, Dalton, Hagan, Kerr, Jenkins, Holloman, Soles

SECTION 47.1. G.S. 148-37.2 reads as rewritten:

"**§ 148-37.2. Lease-purchase of ~~three~~ prison facilities.**

(a) Authorization. – The Secretary of Correction may, as provided in this section, enter contracts with private for-profit or nonprofit firms for the construction of ~~three~~ close security correctional facilities ~~totaling up to 3,000 cells~~ described in subsection (a1) of this section to be operated by the Department pursuant to a lease that contains a schedule for purchase of the facilities over a period of up to 20 years.

The State, with the prior approval of the Council of State and the State Treasurer as provided in this section, is authorized to execute and deliver one or more lease-purchase agreements with a special nonprofit corporation providing for the lease-purchase by the State of the Projects from the special nonprofit corporation in connection with and under an arrangement whereby certificates of participation are sold and delivered by the special nonprofit corporation in order to provide funds to pay the purchase price of the Projects. The Projects will be constructed by selected contractors designated to the special nonprofit corporation by the State Property Office of the Department of Administration in consultation with the Department of Correction. ~~The selected contractors will be responsible for arranging for and obtaining their own construction financing, which will consist solely of private funds.~~ The Projects will be sold to the special nonprofit corporation, with the purchase price paid by the special nonprofit corporation from the proceeds of the certificates of participation. The State may lease the real property upon which the Projects will be located, if owned by the State, to the selected contractors constructing the Projects and to the special nonprofit corporation for nominal consideration.

(a1) Facilities Authorized. – The following facilities are authorized under this section:

(1) 2001 Facilities. – Three close security correctional facilities totaling up to 3,000 cells.

(2) 2003 Facilities. – Three close security correctional facilities substantially identical to the facilities described in subdivision (1) of this subsection and totaling up to 3,000 cells. If the State and the special nonprofit corporation are able to negotiate a contract for one or more of these facilities with the construction contractor that constructed the facilities described in subdivision (1) of this subsection on terms that are reasonable and desirable to the State as determined

by the State Treasurer, the Secretary of Administration, and the Council of State, then a request for proposals under subsection (c) of this section is not required. The remaining provisions of this section continue to apply.

(b) Definitions. – The following definitions apply in this section:

(1) Certificates of participation. – Certificates or other instruments delivered by a special nonprofit corporation as provided in this section evidencing the assignment of proportionate and undivided interests in the rights to receive lease payments to be made by the State pursuant to a lease-purchase agreement.

(2) Construction contract agreement. – ~~A~~ Either of the following:

a. A contract between the Department of Correction and the selected contractors for construction of the Projects, under which the selected contractors will be responsible for arranging for and obtaining their own construction financing, which will consist solely of private funds.

b. A contract between the special nonprofit corporation and the selected contractors for construction of the Projects, but only if the contract has provisions sufficient to carry out the requirements of the last paragraph of subsection (c) of this section. The Secretary of Correction shall determine the sufficiency of the contract and shall approve the contract only if it is sufficient.

(3) Lease-purchase agreement. – A lease-purchase agreement entered into pursuant to this section, under which the State will lease the Projects from the special nonprofit corporation, with option to purchase.

(4) Projects. – ~~Three close security correctional facilities providing up to 3,000 cells~~ Facilities described in subsection (a1) of this section to be constructed by selected contractors, sold to the special nonprofit corporation, and leased to the State pursuant to this section.

(5) Purchase agreement. – A contract under which the special nonprofit corporation will purchase the Projects from the selected contractors.

(6) Selected contractors. – One or more private firms selected to construct the Projects.

(7) Special nonprofit corporation. – A nonprofit corporation created under Chapter 55A of the General Statutes and designated by the State Treasurer for entering into the transactions contemplated by this section.

(c) Request for Proposals. – The Secretary of Correction may issue a request for proposals to private firms for the private firms to construct the Projects in accordance with plans and specifications developed by the Department of Correction and reviewed by the Office of State Construction. ~~The request for proposals shall provide for the option of proposing on one or more of the facilities, and shall require each proposer to provide a separate proposal on a single facility of up to 1,000 cells. It is the intent of the General Assembly that the State may decide to accept proposals for only one, for two, or for all three facilities.~~

The Secretary of Correction shall make recommendations to the State Property Office of the Department of Administration on the final award decision. The Department of Correction and the State Property Office of the Department of Administration shall consult with the Joint Legislative Commission on Governmental Operations before making the final award decision. The Department of Administration shall make the final award decision, which shall then be subject to the approval of the Council of State. If the contract for construction of the 2003 facilities is entered into with the construction contractor who constructed the 2001 facilities as provided by subdivision (a1)(2) of this section, the general terms and conditions of the construction contract for the 2003 facilities shall be substantially similar to the terms and conditions of the construction contracts for the construction of the 2001 facilities, including, without limitation, terms and conditions regarding the activities, performance and construction standards required of the contractor, the arrangements for selection and retention of subcontractors by the contractor, and the responsibility of the contractor for the performance by the selected subcontractors. The construction contract for the 2003 facilities may, however, contain any changes from the construction contracts for the 2001 facilities that may be necessary or desirable to reflect the financing arrangements for the 2003 facilities, including provisions for the periodic payment of construction costs based upon construction progress.

The Department of Correction will enter into a construction contract agreement with the selected contractors for the construction of the ~~Projects.~~Projects or, alternatively, the construction contract may be entered into with the selected contractor by the special nonprofit corporation, with the approval of the Department of Correction. The special nonprofit corporation will enter into a purchase agreement with the selected contractors for the sale of the ~~constructed~~ Projects to the special nonprofit corporation. With respect to the 2003 facilities, the purchase agreement may provide for the periodic payment by the special nonprofit corporation to the selected contractor of portions of the purchase price during the construction of the 2003 facilities on the basis of construction progress, rather than a payment of the entire purchase price upon delivery of the 2003 facilities. The Department of Correction shall furnish plans and specifications for review by the State Construction Office. Construction contract agreements entered into under this section shall provide that the Department of Correction and the Office of State Construction shall inspect and review each facility during construction to ensure and determine jointly that the facility is suitable for use as a correctional facility and for future acquisition by the State. The Department of Correction may contract with a design consortium for construction administration services.

(d) Approval of Lease-Purchase Agreement. – A lease-purchase agreement may not be entered into pursuant to this section unless the following conditions are met before the lease-purchase agreement is entered into: (i) the Council of State, by resolution, approves the execution and delivery of the lease-purchase agreement, and (ii) the State Treasurer approves the lease-purchase agreement and all other documentation related to it, including any leasehold deed of trust or trust agreement in connection with it. The resolution of the Council of State may include any matters the Council of State determines. In determining whether to approve the lease-purchase agreement, the State Treasurer may consider any factors as the State Treasurer considers relevant in order to find and determine that all of the following conditions are met:

(1) The principal amount to be financed under the lease-purchase agreement is adequate and not excessive for the purpose of paying the cost of the Projects.

(2) The increase, if any, in State revenues necessary to pay the sums to become due under the lease-purchase agreement is not excessive.

(3) The lease-purchase agreement can be entered into on terms desirable to the State.

(4) The sale of certificates of participation will not have an adverse effect on any scheduled or proposed sale of obligations of the State or any State agency or of any unit of local government in the State.

(e) Terms and Conditions. – The following provisions apply to a lease-purchase agreement entered into under this section:

(1) In order to secure the performance by the State of its obligations under the lease-purchase agreement, the lease-purchase agreement may require the eviction of the State from the occupancy of one or more of the Projects in the event that the State breaches its obligations and agreements under the lease-purchase agreement.

(2) No deficiency judgment may be rendered against the State or any agency, department, or commission of the State in any action for breach of any obligation contained in the lease-purchase agreement or any other related documentation, and the taxing power of the State or any agency, department, or commission of the State is not and may not be pledged to secure any moneys due under the lease-purchase agreement.

(3) The lease-purchase agreement shall not contain a nonsubstitution clause that restricts the right of the State to replace or provide a substitute for the Projects.

(4) The lease-purchase agreement may include provisions requesting the Governor to submit in the Governor's budget proposal, or any amendments or supplements to it, appropriations necessary to make the payments required under the lease-purchase agreement.

(5) The lease-purchase agreement may contain any provisions for protecting and enforcing the rights and remedies of the special nonprofit corporation that are reasonable and proper and not in violation of law, including covenants setting forth the duties of the State with respect to the Projects, which may include provisions relating to insuring, operating, and maintaining the Projects and the custody, safeguarding, investment, and application of moneys.

(6) The lease-purchase agreement may designate the lease payments to be paid by the State under it to be "principal components" and "interest components." Any interest component of the lease payments may be calculated based upon a fixed or variable interest rate or rates as determined by the State Treasurer.

(7) The lease-purchase agreement may be entered into by the State, and certificates of participation may be delivered by the special nonprofit corporation, at any time, including at times prior to the delivery of the

completed Projects to the special nonprofit ~~corporation for purchase,~~corporation, and the related delivery of occupancy of the Projects to the State by the special nonprofit corporation. The lease-purchase agreement may require the State to make prepayments of lease payments at a time prior to when the State accepts occupancy of the Projects. The lease-purchase agreement and related financing arrangements may provide for the funding of interest during construction from the proceeds of certificates of participation. The costs incurred in connection with the preparation of the lease-purchase agreement and related documents and the delivery of the certificates of participation may be paid from the proceeds of the certificates of participation.

(8) The State is authorized to agree in the lease-purchase agreement to indemnify the special corporation and its directors and agents for any liabilities that arise to the special corporation or directors or agents on account of their participation in the activities contemplated by this act.

(f) Faith and Credit Not Pledged. – The payment of amounts payable by the State under the lease-purchase agreement and other related documentation during any fiscal biennium or fiscal year is limited to funds appropriated for that purpose by the General Assembly in its discretion. No provision of this section and no lease-purchase agreement creates any pledge of the faith and credit of the State or any agency, department, or commission of the State within the meaning of any constitutional debt limitation.

(g) Certificates of Participation. – The State may cooperate as necessary to effectuate the delivery by the special nonprofit corporation of tax-exempt certificates of participation, including participating in the preparation of offering documents, the filing of required tax forms and agreeing to comply with restrictions on the use of the Projects as required in order for the interest component of the lease payments to be tax-exempt. Disclosures and compliance with other federal law requirements by the special nonprofit corporation shall be under the direction of the State Treasurer. Certificates of participation may be sold at the direction of the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this section. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special nonprofit corporation.

Certificates of participation may be delivered pursuant to a trust agreement with a corporate trustee approved by the State Treasurer. The corporate trustee may be any trust company or bank having the powers of a trust company within or without the State. A trust agreement may (i) provide for security and pledges and assignments with respect to the security as may be permitted under this section and further provide for the enforcement of any lien or security interest created pursuant to this section, and (ii) contain any provisions for protecting and enforcing the rights and remedies of the owners of any certificates of participation that are reasonable and proper and not in violation of law as determined by the State Treasurer. The State Treasurer shall designate the professionals providing legal or financial services relating to the

lease-purchase agreement and the delivery of certificates of participation, including the provider of any credit facility and the underwriter or placement agent for any certificates of participation.

(h) Tax Exemption. – The lease purchase agreement and any certificates of participation relating to it shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, or gift taxes, income taxes on the gain from the transfer of the lease-purchase agreement and certificates of participation, and franchise taxes. The interest component of the lease payments made by the State under the lease-purchase agreement, including the interest payable with respect to any certificates of participation, is not subject to taxation as income.

(i) Licensing Requirements. – The private for-profit or nonprofit firms authorized to respond to requests for ~~proposal~~ proposals authorized by this section, or entitled to be a ~~Selected Contractor~~ selected contractor pursuant to ~~any response to such proposal,~~ this section, need not be a licensed general contractor within the meaning of G.S. 87-1 so that providing a response to ~~such request for proposal~~ the request or entering a ~~Construction Contract Agreement or Purchase Agreement shall not be deemed~~ construction contract agreement or purchase agreement is not general contracting within the meaning of G.S. ~~87-1; provided that this~~87-1. This subsection ~~shall not be deemed to~~ does not remove the actual construction of any prison facility from the provisions of G.S. 87-1.

(j) Minority Business Participation. – G.S. 143-128.2 applies to the Projects authorized in this section."

Discussion of HB 397: 2003 Budget Act (PART XLVII Lease-Purchase Three New Prisons)

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	
Date:	May 29, 2003	**Analysis by:**	Finance Team
Version:	Part XLVII (Lease-Purchase Three New Prisons) 7th Edition		

SUMMARY: House bill 397, the 2003 Budget bill, is currently before the conference committee. The version passed by the Senate contains Part 47, which authorizes the State to lease purchase three 1,000-bed close security correctional facilities. Senate Bill 227 also gives the same authorization to the State. SB 227 was given a favorable report in Senate Finance and is currently in Senate Appropriations.

PART 47: LEASE-PURCHASE THREE PRISONS

Part 47 would authorize the State to enter into lease-purchase contracts to build three new prisons.

In 2001, the General Assembly authorized lease-purchase financing of three new 1000-cell close security prisons. This Part would authorize three more substantially identical prisons. The State may first try to negotiate a contract for these new prisons with the same company that is building the 2001 prisons. If the Secretary of Administration and the Council of State find that the negotiations have failed to produce a reasonable price, the State would solicit the projects using a similar procedure as for the 2001 prisons.

The initial construction loan must be obtained by the vendor on a private, taxable basis. The State's acquisition of the constructed prisons will be financed with tax-exempt obligations. The prisons are exempt from property taxes both during and after construction.

The Part provides that after the prisons are completed, approved, and accepted by the State, a nonprofit corporation controlled by the State would purchase the prisons from the vendor and lease them to the State under a lease-purchase agreement. The nonprofit corporation would finance its purchase price for the prisons by selling tax-exempt obligations known as certificates of participation (COPs). The COPs would represent interests in the nonprofit corporation's rights to receive the lease payments under the lease-purchase agreement with the State. The COPs would be secured by a lien on the property, not by a pledge of the State's full faith and credit. The COPs would be paid from the State's lease-purchase payments over the course of 20 years.

Because only private funds would be involved during the construction phase, and because the vendor is at risk for that construction financing until the completed facilities are delivered, requirements for public bidding of construction would not apply. The new prisons are to be substantially identical to the 2001 prisons, so the Department of Correction will first try to negotiate a contract with the existing vendor to build the three new prisons. If, in the opinion of the Secretary of Administration and the Council of State, the terms of the proposed negotiated contract are not favorable to the State, the Department of Correction will solicit for the construction of the three new prisons. The Department of Correction would be required to consult with the Joint Legislative Commission on Governmental Operations before making a final award decision. The final award decision would also be subject to the approval of the Council of State.

The prisons would be required to be built in accordance with plans and specifications developed by the Department of Correction, and the Department of Correction and the State Construction Office would inspect and review the facilities during construction to ensure that they are suitable for use and acquisition by the State. The minority participation requirements of G.S. 143-128.2 apply to these projects.

It is expected that the COPs would be sold close to the time of purchase, although the State may have the nonprofit sell the COPs earlier if the State Treasurer determines that an earlier sale would be to the advantage of the State. Even if the COPs are sold earlier, there would be no payments from the State's General Fund until after the prisons have been accepted and purchased. Because of the State's involvement, interest with respect to the COPs will be tax-exempt.

The lease-purchase agreement would be between the nonprofit corporation and the State. Under the agreement, which must be approved by the Council of State and the State Treasurer, the State would make lease-purchase payments to the nonprofit corporation, which would use the funds to retire the COPs. The COPs would be secured by a lien on the property and the State's failure to make payments could result in its eviction from the property. The State Treasurer would determine the price to be paid for the COPs and the rate of interest to be paid on them. The State would retain the option of refinancing the debt if interest rates fall. The State would also retain the option of paying off its obligations and purchasing the property before the end of the lease-purchase period. Under the lease-purchase agreement, the State will own the facilities at the end of the lease term. The nonprofit corporation that issues the COPs would be subject to the Public Records Act and the Open Meetings Law.

ESTIMATED COST OF PROPOSED NEW PRISONS

Negotiated Contract and COPS Issued After Construction (Vendor finances construction)

2000 Beds (Prisons 4 and 5) COPS Issued July 2005

	FY 2002-0:	FY 03-04	FY 04-05	FY 05-06	FY 06-07	FY 07-08	TOTAL L/P DEBT $252 Million
E. Lease/Purchase	$-	$-	$-	$5.38	$16.72	$16.26	
F. Operating	$-	$-	$11.44	$33.80	$36.19	$36.19	
G. TOTAL	$-	$-	**$11.44**	**$39.18**	**$52.91**	**$52.45**	

ASSUMPTIONS

Assumes "COPS" issued July 2005; also assumes a low end negotiated cost of $150 Million

1. Operating figures are from DOC Feb. 21, 2003
2. Lease/Purchase figures assume issuance of COPS at 6.15% interest rate for two prisons at cost of $150 million. L/P figures could change based on final contract price and interest rate at time of issuance (Treasurer's Office 3/11/03)

3000 Beds (Prisons 4,5,6) COPS Issued July 2005 and May 06 (SB 227)

							TOTAL L/P DEBT
E. Lease/Purchase	$-	$-	$-	$5.38	$26.19	$25.47	$391 Million
F. Operating	$-	$-	$11.44	$42.60	$53.48	$54.29	
G. TOTAL	$-	$-	**$11.44**	**$47.98**	**$79.67**	**$79.76**	

ASSUMPTIONS

Assumes COPS issued July 2005 for prisons 4 and 5 at low end negotiated cost of $150 million. Assumes COPS issued May 1, 2006 for prison #6 at additional base cost of $84.25 million or $234.25 million construction cost for 3 new prisons (plus debt cost);

1. Operating figures are from DOC Feb. 21, 2003
2. Lease/Purchase figures assume issuance of COPS at 6.15% interest rate (Treasurer's Office 3/17/03) L/P figures could change based on final contract price and interest rate at time of issuance.

* Last published in 1996
** Rule of Thumb

The table below details the peer group comparison for the three debt ratios evaluated. The peer group, states ranked triple-A by all three credit rating agencies, include the states of Delaware, Georgia, Maryland, Minnesota, Missouri, South Carolina, Utah and Virginia. The debt to personal income and debt per capita ratios are taken from Moody's "2002 State Debt Medians" report while the debt service ratio has been calculated from the most recent Comprehensive Annual Financial Report available for each state. As seen below, North Carolina has the lowest debt service ratio of any of the peer group and the second lowest debt per capita and debt to personal income ratios while all debt ratios are below the median levels. Thus, the State's debt ratios compare very favorably to the highest rated states.

Figure 9

State of North Carolina
Debt Ratios versus Other Highly Rated States

	Ratings	Debt to Personal Income*	Debt per Capita*	Debt Service as a % of Tax Revenue
Delaware	AAA/AAA/Aaa	5.3%	$1,650	6.0%
Georgia	AAA/AAA/Aaa	2.9	804	5.0
Maryland	AAA/AAA/Aaa	2.6	879	6.5
Minnesota	AAA/AAA/Aaa	1.8	576	3.2
Missouri	AAA/AAA/Aaa	1.3	347	2.8
South Carolina	AAA/AAA/Aaa	2.5	615	4.7
Utah	AAA/AAA/Aaa	3.0	708	4.7
Virginia	AAA/AAA/Aaa	1.8	566	3.2
	Peer Group Median	2.5%	$662	4.7%
North Carolina	**AAA/AAA/Aa1**	**1.4%**	**$395**	**2.3%**
	Ratio to Median	**0.56 x**	**0.60 x**	**0.49 x**

* Ratios for peer group as calculated by Moody's in its "2002 State Debt Medians" report published May 2002.

PLEASE SUPPORT HABITUAL FELON PENALTY REFORM

The North Carolina Sentencing Commission option to reform habitual felon penalties alone will save 1,763 prison beds over the next decade – or approximately 2.5 prisons. Currently, "habitual felons" are sentenced at Level C of the guidelines, no matter how minor the offense (including some misdemeanors) that triggers the charges. The Commission option requires individuals convicted as "habitual felons" to be sentenced three offense classes above the triggering offense. For example, a Class "G" offense would be sentenced at Class "D." All habitual felons would still serve hard prison time – but the average sentence would go from about 101 months to 68 months. Sentences would be more proportionate to the offense that triggered the habitual felon status.

REFORM IS URGENTLY NEEDED:

- **The habitual offender statute distorts structured sentencing guidelines designed to tailor the punishment to the crime and the individual defendant and to conserve expensive prison beds– the lowest-level repeat offenders are serving sentences equivalent to those levied for rape, kidnapping and arson. Structured sentencing was the solution to an exploding prison population. Now, routine use of "habitual felon" charges for petty offenders is a major contributor to the prison bed space crisis.**

- **This modest reform does not compromise public safety. The option still raises sentencing guidelines for habitual felons by three guideline levels – tough penalties by any standard. Habitual felons whose triggering conviction was a serious or violent offense would still be sentenced at Offense Class C.**

  According to NC Sentencing Commission statistics: two-thirds of those convicted as habitual felons in FY 2000/2001 had "H" and "I" Class offenses (the lowest level) as their most serious current conviction (423 of 627); more than 75 percent had "H" and "I" Class offenses as their most serious prior conviction (374 of 487 for whom data was available).

- **Most NC habitual felons" are nonviolent, low-level addicts convicted of very minor property and drug possession crimes. Investing in substance abuse and mental health treatment, drug courts and community corrections programs to reduce recidivism would be far less costly and protect the public better than throwing away the key for the lowest-level repeat offenders.**

> ***Referring to Keith Jamerson, convicted as a habitual felon and sentenced to 6.6 years, Judge James M. Webb noted: "I cannot believe that it is the intent of the General Assembly for someone to go to prison in this particular circumstance . . . It is just inconceivable that this is what the legislature intends . . . at some point in time, somebody has to step in and apply some reason. Send somebody to prison for 6.6 years for (possessing) a tenth of a gram of cocaine . . .?***

- **This statute hits African Americans hardest. According to the Commission, 505 of the 695 people sentenced as habitual felons between 3/01/2002 and 2/28/2003 were African American, 15 were white, and 15 were designated "Indian" or "other."**

NC Families Against Mandatory Minimums urges you to support habitual felon reform!

NORTH CAROLINA
SENTENCING AND POLICY ADVISORY COMMISSION

Summary of Alternatives

The North Carolina Sentencing and Policy Advisory Commission, in response to the mandate contained in Session Law 2001-424 Section 25.8, presented six alternatives to be considered by the General Assembly. Following are four of the alternatives with are estimated to have sizeable impact on the State's future correctional resource needs:

- Restructure the way prior convictions impact an offender's current penalty — projected bed saving within 10 yrs.: 1,916.
- Make the punishment for current convictions increase more proportionately to prior convictions — projected bed saving within 10 yrs.: 1,306.
- Shift three months from the minimum sentence for violent offenders to extend their post-release supervision from nine months to a year, to facilitate their successful reentry into society — projected bed saving within 10 yrs.: 613.
- Preserve the habitual felon law and continue to require prison for all habitual felons. Punish habitual felons with a current violent offense at the existing level; punish habitual felons with a current non-violent offense at three offense levels higher than the underlying current offense — projected bed saving within 10 yrs.: 1,763.

NORTH CAROLINA SENTENCING AND POLICY ADVISORY COMMISSION

PRISON POPULATION PROJECTIONS:
UPDATED JANUARY 2003

PREPARED IN CONJUNCTION WITH THE DEPARTMENT OF CORRECTION'S OFFICE OF RESEARCH AND PLANNING

FISCAL YEAR	PREVIOUS PROJECTION as of June 30	REVISED PROJECTION as of June 30	*ESTIMATE OF EXPANDED OPERATING PRISON CAPACITY*[1]	*ESTIMATE OF STANDARD OPERATING PRISON CAPACITY*[2]
2003	34,129	34,570	31,969	28,501
2004	34,840	35,851	34,561	31,093
2005	35,647	36,787	34,729	31,261
2006	36,485	37,739	34,729	31,261

2012	N/A	42,413	34,729	31,261

[1] Expanded Operating Capacity (EOC) is the bed space count yielded by calculating the number of general population single cells with one inmate per cell, the number of cells that house two inmates, and the number of inmates in dormitories operating at varying percentages beyond their Standard Operating Capacity (SOC) which is rounded up to the closest double bunk configuration.

[2] Standard Operating Capacity (SOC) is the bed space count yielded by calculating the number of general population single cells with one inmate per cell plus the number of inmates who can be housed in dormitories by dividing the gross square feet of each dormitory by 50 square feet and rounding to the closest double bunk configuration.

TESTIMONY TO THE NORTH CAROLINA HOUSE FINANCE COMMITTEE

RALEIGH, NORTH CAROLINA

JUNE 2, 2003

REGARDING HB 397/PART XLVII: LEASE PURCHASE THREE NEW PRISONS

STATEMENT BY FRANK WARREN

ON BEHALF OF GREENE CITIZENS FOR RESPONSIBLE GROWTH

MY NAME IS FRANK WARREN AND I AM HERE TODAY REPRESENTING GREENE CITIZENS FOR RESPONSIBLE GROWTH (GCRG) AN ORGANIZATION OF CONCERNED CITIZENS IN GREENE COUNTY, NORTH CAROLINA. I WOULD LIKE TO THANK THE MEMBERS OF THIS COMMITTEE FOR GRANTING US THE OPPORTUNITY TO REGISTER OUR OPINION ABOUT HOUSE BILL 397 WHICH, IF ADOPTED, WOULD AUTHORIZE THE STATE TO FINANCE THE BUILDING OF THREE NEW 1000-BED PRISONS.

GREENE CITIZENS FOR RESPONSIBLE GROWTH RESPECTFULLY EXPRESSES THE FOLLOWING CONCERNS ABOUT THIS BILL:

1. THE DEPARTMENT OF CORRECTIONS HAS APPROVED A SITE FOR ONE OF THESE PRISONS IN GREENE COUNTY DESPITE THE LACK OF WIDE-SPREAD SUPPORT IN OUR COMMUNITY FOR THIS PROJECT AND THE CONTINUING CONTROVERSY THIS PROJECT HAS GENERATED IN OUR COUNTY. LESS THAN THREE WEEKS AGO, FOR EXAMPLE, THE PRISON WAS REJECTED BY OUR COUNTY COMMISSIONERS BY A VOTE OF 3 COMMISSIONERS AGAINST THE PRISON AND 2 COMMISSIONERS FOR THE PRISON. THREE DAYS LATER, IN A SPECIAL SESSION OF

THE COUNTY COMMISSION THAT OCCURRED AT 2 O'CLOCK IN THE AFTERNOON WITH MINIMUM PUBLIC NOTICE, COUNTY COMMISSIONERS VOTED AGAIN AND THIS TIME THE PRISON WAS APPROVED BY A VOTE OF 3 TO 2. ONE PERSON CHANGED HIS VOTE. TWO COMMISSIONERS MADE STRONG STATEMENTS AGAINST ACCEPTING A NEW PRISON FOR GREENE COUNTY. GIVEN THE STRONG CITIZEN SENTIMENT AGAINST THIS PROJECT, AN APPROVAL VOTE OF 3 TO 2 BY OUR COUNTY COMMISSIONERS FAILS TO SATISFY THE "STRONG COMMUNITY SUPPORT" CRITERIA ESTABLISHED BY THE DEPARTMENT OF CORRECTIONS IN LINE WITH THE GOVERNOR'S POLICY NOT TO SITE PRISONS IN COMMUNITIES THAT DO NOT WANT THEM.

2. THERE IS CURRENTLY NO ADEQUATE SOURCE OF WATER FOR THIS PRISON IN GREENE COUNTY AND NONE PROJECTED TO BE AVAILABLE FOR SEVERAL YEARS, CERTAINLY NOT BY 2005-6 WHEN THE DEPARTMENT OF CORRECTIONS PROJECTS THESE PROPOSED PRISONS WOULD BE READY TO SERVE INMATES. GREENE COUNTY IS IN THE CENTRAL COASTAL PLAIN AND IS ONE OF ELEVEN COUNTIES FACING SERIOUS WATER CHALLENGES AS A RESULT OF DEPLETION OF GROUNDWATER RESERVES. GREENE COUNTY IS IN WHAT IS CALLED THE DEWATERING ZONE, WHICH COVERS THE MOST CHALLENGED PART OF THE AQUIFER, AND IS UNDER STATE MANDATE TO REDUCE WITHDRAWALS BY 75% BY 2006. ACCORDING TO THE DEPARTMENT OF CORRECTIONS, THE PROPOSED PRISONS ARE FORECAST TO USE 150,000 GALLONS PER DAY WITH 1,500 GALLONS PE MINUTE FOR FIRE-FIGHTING. GREENE COUNTY MUST FIND ALTERNATIVE WATER SUPPLIES BY PURCHASING WATER FROM ANOTHER SOURCE. CURRENT PLANS TO USE WATER FROM THE NEUSE RIVER ARE SEVERAL YEARS AWAY AT BEST.

3. GREENE COUNTY ALREADY HAS TWO STATE PRISONS: EASTERN CORRECTIONAL INSTITUTION, WHICH IS A MAXIMUM SECURITY PRISON, AND GREENE CORRECTIONAL INSTITUTION, WHICH IS A MINIMUM SECURITY PRISON. THE INMATE POPULATION OF THE TWO PRISONS COMBINED IS APPROXIMATELY 1200. WE HAVE ALREADY DONE MORE THAN OUR SHARE WITH REGARD TO HOSTING THE STATE'S LULUS (LOCALLY UNWANTED LAND USES).

4. WHILE IT IS CLEAR THAT A FEW PEOPLE AND A FEW

CORPORATIONS WILL BENEFIT HANDSOMELY FROM THIS PRISON-BUILDING BILL, IT IS ALSO CLEAR THAT AVERAGE PEOPLE WILL NOT. DESPITE THE PROMISES MADE TO OUR COMMUNITY BY OUR LEGISLATORS AND THE DEPARTMENT OF CORRECTIONS, RESIDENTS OF OUR COUNTY HAVE SEEN LITTLE ECONOMIC BENEFIT FROM THE STATE PRISONS WE ALREADY HAVE. LESS THAN ONE-THIRD OF THE JOBS PROVIDED BY THE TWO EXISTING STATE PRISONS ARE FILLED BY RESIDENTS OF GREENE COUNTY ACCORDING TO THE DEPARTMENT OF CORRECTION'S OWN DATA. THERE HAS BEEN NO SIGNIFICANT SPIN-OFF DEVELOPMENT IN GREENE COUNTY AS A RESULT OF OUR HOSTING THESE PRISONS AND NO SECONDARY INDUSTRIAL GROWTH. THE TOWN OF MAURY, WHERE THE TWO EXISTING PRISONS ARE LOCATED, HAS DETERIORATED ECONOMICALLY AND NO LONGER USES ITS MUNICIPAL CHARTER.

5. SENATOR JOHN KERR'S PROMISES TO US REGARDING THE PROPOSED NEW PRISON ARE ALSO CONTRADICTED BY THE DEPARTMENT OF CORRECTION'S OWN DOCUMENTS ASSESSING THE APPROVED PRISON SITE WHICH STATE THAT "IT IS NOT ANTICIPATED THAT THE PROPOSED GREENE COUNTY CORRECTIONAL INSTITUTION WOULD RESULT IN SUBSTANTIAL SECONDARY GROWTH. CORRECTIONAL FACILITIES DO NOT TYPICALLY SPUR THE CONSTRUCTION OF DIRECT SUPPORT BUSINESS. ANCILLARY GROWTH IS TYPICALLY CONFINED TO INCREASES IN POPULATION DURING THE CONSTRUCTION PHASE AND MINOR LONG TERM INCREASES IN LOCAL BUSINESSES." RECENT NATIONAL STUDIES ON THE IMPACTS OF PRISONS ON RURAL COMMUNITIES LIKE OURS CONFIRM THE LACK OF BENEFITS FROM PRISONS: A STUDY BY THE SENTENCING PROJECT IN WASHINGTON, D.C., WHICH EMPLOYED STATISTICAL CONTROLS TO MEASURE THE EFFECTS OF PRISONS ON LOCAL ECONOMIES OVER A 25-YEAR PERIOD, FOUND THAT RURAL COUNTIES WITH PRISONS DID NOT GAIN ADVANTAGES IN EMPLOYMENT OR PER CAPITA INCOME WHEN COMPARED WITH SIMILAR COUNTIES WITHOUT PRISONS.

6. FINALLY, WE ECHO THE SENTIMENTS EXPRESSED BY WESTERN NORTH CAROLINA CITIZENS WHO TESTIFIED BEFORE THIS COMMITTEE ON MONDAY: PEOPLE IN SMALL TOWNS AS WELL AS BIG CITIES IN NORTH CAROLINA SUPPORT 'SMART ON CRIME' POLICIES WHICH WOULD REDUCE THIS STATE'S DEPENDENCE ON EXPENSIVE

PRISONS. WE SUPPORT SENSIBLE SENTENCING REFORMS AND COMMUNITY-BASED CORRECTIONS PROGRAMS THAT WOULD SAVE THE STATE AND ITS TAXPAYERS AND PROPERTY OWNERS MONEY. OUR COMMUNITIES IN EASTERN NORTH CAROLINA NEED ANY EXTRA FUNDING THAT YOU HAVE AVAILABLE FOR SUSTAINABLE ECONOMIC DEVELOPMENT PROJECTS, AND IMPROVED EDUCATION AND OTHER PROGRAMS FOR OUR CHILDREN.

ON BEHALF OF GREENE CITIZENS FOR RESPONSIBLE GROWTH, I THANK YOU FOR CONSIDERING OUR CONCERNS.

-30-

TESTIMONY OF MAY VA LOR
RESEARCHER, GRASSROOTS LEADERSHIP
RE: HOUSE BILL 397
HOUSE FINANCE COMMITTEE
JUNE 2, 2003

Good afternoon. I would like to thank this committee for giving me an opportunity to speak. My name is May Va Lor, and I am a researcher for Grassroots Leadership, a 20-year-old organization concerned with economic and justice policy impacts on communities in North Carolina and nationally. We are based in Charlotte with five offices in Southern states and New York. For the past four years, we have been studying the mechanisms used to finance prisons, including finance instruments like the lease purchase arrangement proposed in House Bill 397.

Today, I'd like to share some concerns and questions regarding this proposed arrangement.

Our first concern is that this finance method constitutes an extreme departure from previous approaches used to finance prisons in North Carolina, and many questions about its effects remain unanswered. When this particular lease-purchase arrangement was first authorized in 2001, many individuals including the State Treasurer at the time, raised critical questions about whether or not this finance vehicle was a way to circumvent the state's constitutional requirement to go to the voters when the state borrowed money, if it was a way for the state to hide its debt, or whether or not this finance approach was the smartest option for the state.

Second, proponents of this lease-purchase arrangement argue that it provides a short-term cost savings for the state. But it remains unclear to us why this arrangement is a better one than traditional forms of prison finance when the issuance fees for this arrangement are considerably higher.

When comparing general obligation bond financing to the lease-purchase arrangement used in 2001 and now proposed to be used again this year, cost of issuance for this type of arrangement is significantly higher because:

1. General obligation bonds are backed by the full faith and taxing power of the state and thus the interest rates charged on this type of

debt are lower because the risks for investors are lower. For example, North Carolina's General Obligation Public Improvement Bonds were issued in March of 2003 at an average interest rate of 4.6% over the 25-year life of the bonds. In contrast, Certificates of Participation (COPs) used in the lease purchase arrangement will be secured by a lien on the property, and the State Treasurer's office forecasts a 5.3% interest rate for the three prisons the state will acquire in July. In other words, the feature that allows the state to avoid taking the question to the voters is the same feature that makes the bonds more risky to investors, and therefore more costly to the state.

2. Because COPs are not voter-approved and backed by the full faith and taxing power of the state, the state will have to pay for other types of credit enhancers such as bond insurance, in order to receive a better credit rating.

3. Cost of underwriting is lower for standard bond issues like general obligation bonds. This lease-purchase transaction is more complex and underwriting fees will be significantly higher. The Wall Street Journal reported in 2002 that Lehman Brothers is receiving $2 million in underwriting fees for bonds supporting the construction and purchase of the three prisons authorized in 2001.

   By comparison, according to the Official Bond statement, the underwriters of the state's March 2003 general obligation bond received $492,000 for selling an issue $95 million larger.

4. The complexity of this arrangement also requires more management than a traditional general obligation bond. For example, The Wall Street Journal also reported that in addition to $20 million in interest expense, Contractor Carolina Corrections will receive a separate development fee and a monthly administrative-oversight fee.

5. By privately financing the construction costs of the proposed prisons, the state will pay for the debt to be issued twice, once by Carolina Corrections and a second time by the state's infrastructure corporation. Private corporate bonds have higher interest rates than tax-exempt bonds, and because the state is paying for Carolina Corrections' bond issuance fees, these additional costs includes

Carolina Corrections' bond counsel, underwriting fees, bond rating fees, and credit enhancers.

It is our understanding that the State Treasurer's Office is currently completing the bond documents for the $225 million worth of COPs it is issuing in July to purchase the Anson, Alexander and Scotland prisons. It would, in our view, be reasonable for the State to delay approval of the three new prisons until the bonds for the first three have been issued so that an assessment could be undertaken to determine whether this is indeed the most fiscally prudent of the mechanisms available to build prisons in the state of North Carolina. Funding three more prisons under an arrangement that is still untested and unevaluated seems particularly risky when the state's deficit continues to grow.

Third and finally, proponents of this prison bill have stated that if these new prisons are not authorized by June 30th, the prisons will cost the state an additional $25 million because:

1. Building codes requiring sprinklers to be placed in each cell will go into effect July 1, and
2. The State wishes to purchase concrete slabs from a particular contractor, and is afraid the company will be disassembled and moved out of state if the prisons are delayed.

While we appreciate the desire of the proponents of this bill to save taxpayers money in fiscally difficult times, these concerns are put forth in the context of an overall proposal that appears overly expensive, committing the state and its taxpayers to hundreds of millions of dollars in unnecessary finance and related fees compared to other available financing options. $25 million is less than a tenth of the prison cost under this proposed financing arrangement and may be far less than potential liability costs over time.

On behalf of Grassroots Leadership, I thank you for allowing me time to share these concerns. We applaud the House Finance Committee's interest in ensuring that if prisons have to be built, that they are built in the most cost effective way. We understand that this is a difficult process because the state's prison system is currently overcrowded, and that without sentencing reforms, the population will continue to grow rapidly. Yet, as you know, the state is also in a time of fiscal difficulty, and so we appreciate your

leadership in looking at the issue to insure that the state's response to the overcrowding crisis doesn't exacerbate North Carolina's fiscal crisis.

House Committee on Finance

Minutes

~

June 3, 2003

The House Committee on Finance met on Tuesday, June 3, 2003 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Luebke, McComas, Miner, and Wainwright; Vice-Chairs Alexander, Decker, Gibson, and Hill; Representatives Blackwood, Bordsen, Capps, Carney, Creech, Ellis, Glazier, Hackney, Holliman, Jones, Lewis, McCombs, McGee, Munford, Rayfield, Ross, Setzer, Starnes, Weiss, and Womble, and Ex-officio members, Representatives Brubaker, Culpepper and Eddins. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Walter Spell. Staff persons present included Trina Griffin, Martha Harris, Jim Klingler, Linda Millsaps, Alexei Pavlichev, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman Gordon Allen called the meeting to order at 8:44 am and immediately recognized the three pages present: (1) Elizabeth Beavers of Rockingham County, sponsored by Representative Sexton; (2) Montrell Brown of Wake County, sponsored by Speaker Black; and (3) Camry Curtis of Wake County, sponsored by Speaker Black.

In continuing the business of the Committee on the Committee Substitutes of HB 684, HB 949, and HB 981 as adopted by the Committee earlier on May 28, 2003, (see bill summary and fiscal notes in attachment 3) involving the **location** of the construction of a psychiatric hospital in the state, Chairman Allen explained to the Committee that it was the intent of the Chair to have a vote on the issue during the meeting. He also announced that in the interest of time and to allow members ample time for debate, only two speakers on each of the bills would be allowed to address the Committee for a period not to exceed two minutes each.

The Chair first recognized Representative Hackney to discuss HB 949 (see attachment 4), which involved the construction of the psychiatric hospital at the proposed Chatham County/Siler City site. Representative Hackney explained that after consulting with the County on this matter, Chatham was offering the land as well as water and sewer to the location free of charge to the state. He also read a letter from a private property owner granting an easement (without charge) to the site for an access road that would lead to the hospital (see attachment 5). The Chair then recognized the second speaker for HB 949: Dr. Golden of the University of North Carolina School of Medicine, Department of Psychiatry. His brief address to the Committee made note of the need for easy accessibility to the hospital for those commuting to and from the area. He also stated his expert opinion that either the Wake or Chatham County sites, but not the Granville County/Butner site, could offer the highly skilled staff necessary for a hospital of this nature.

Chairman Allen recognized Representative Ross as the first speaker for HB 961 (see attachment 6) involving the construction of the hospital at the proposed Wake County location. Representative Ross briefly reiterated her points from the earlier House Finance meeting on May 28, 2003, noting that the Wake site is most convenient to the greatest number of the people and that the

Wake County area has the ability to recruit the best and brightest staff available (due to its close relationships with UNC-Chapel Hill and Duke University Schools' of Medicine). Wake County Commissioner Joe Bryan was then recognized by Chairman Allen as the second speaker on HB 961. He expressed and pledged the strong support of the local Wake community for this hospital, citing the fact that the community had supported the current hospital in place, Dorothea Dix, for the entire 150 years of its' existence. He also stated his and Wake County's continued commitment to the care for Mental Health issues for all of North Carolina. Finally, he noted that because of Wake County's long history of involvement with Mental Health, the necessary structure for this new hospital is already in place.

Immediately thereafter, the Chair recognized Representative Stan Fox to briefly discuss HB 684, which involves the construction of the new psychiatric hospital at the proposed Granville County/Butner location (see attachment 7). Representative Fox reported that if Umstead Hospital in Granville County is abandoned and the new hospital is not built in the Butner area, the community could expect to lose an estimated 1,200 jobs. He explained that Granville County simply couldn't compete for the business and industry that the other sites (Wake and Chatham Counties) can and is, therefore, dependent on the presence of this hospital in the area. He also reassured the Committee that the Butner community had proven its ability to provide the same level of care and "do just as well, if not better," than the other proposed locations. Dr. Patsy Christian, Director of the Umstead Hospital in Butner, was then recognized by the Chair as the second speaker for HB 684. First, she stated that, contrary to earlier reports, Umstead Hospital did not have a 20 percent vacancy rate among registered nurses, but rather only a three percent rate of vacancy. She further noted that the Hospital currently had no trouble filling positions, specifically informing the Committee that all other positions other than nurses were typically highly competitive. Finally, she informed the members that most of the current employees at the Umstead Hospital were paid at a relatively lower rate than others in the profession and, therefore, they simply could not afford to commute or relocate to a new hospital site in Wake or Chatham County.

Chairman Allen then thanked all of the speakers for their comments and advised the Committee that the floor was open for amendments to HB 684, HB 949, and HB 961. He specifically requested that an amendment be offered to designate a location for the new hospital, as the current bills did not name a determined site. Following his request, the Chair recognized Representative Hackney who offered an amendment to HB 949 to designate that the new psychiatric hospital be constructed in Chatham County, near Siler City (see attachment 8). He explained his amendment to the members and reminded them of the advantages of the Chatham site (as above). He also noted that unlike Wake and Granville Counties, Chatham County had no state facility within its' borders. Representative Gibson was then recognized by the Chair to discuss the amendment. He stated that the same level of high quality care for patients could be offered at any of the proposed sites and focused on the fact that Chatham County is the most geographically central location proposed; thus, allowing the easiest access for the families of hospital patients. Representative Ellis was then recognized and disputed Representative Gibson's comments stating that the most central location was the Wake site because it provided convenient access for the largest number by population. He also noted that the decision on where to place a psychiatric hospital should be based upon human services and not on issues of commerce. Chairman Allen then recognized Representative Brubaker for a comment on the amendment. Representative Brubaker then advocated for Representative Hackney's amendment stating that Chatham did not currently have a state facility, was in desperate need of employment opportunities, and was clearly the most centrally located. In his words, choosing the Chatham site was "just common sense."

Representative Holliman, upon recognition of the Chair, also stated his and his district's support of the hospital in the Chatham County/Siler City area. Representative Holliman was additionally recognized to send forth a technical amendment (see attachment 9). The Chair, however, ruled to temporarily displace the technical amendment until the conclusion of the issue was at hand. Without further discussion, Representative Hackney was again recognized by Chairman Allen and moved the adoption of his amendment, calling for a roll call vote (see attachment 8). By a vote of 7 in favor and 26 opposed, the amendment failed.

Representative Miner was then recognized by the Chair to offer an amendment to HB 961 (see attachment 10). His amendment acted to designate the location for the construction of the new psychiatric hospital to be in Wake County. Representative Miner then explained the amendment and reviewed the reasons for choosing the Wake County site (as above). He also noted that there was a "good reason" for the current Dorothea Dix Hospital being in Raleigh for the past 150 years, alluding to the many attributes available in the area. He further urged those members that voted for the failed amendment on the Chatham site to support the amendment for Wake County. Representative Hackney was immediately recognized, however, and stated that all those supporting HB 949 (Chatham) should vote "no" for both the Wake and Granville County sites in order to keep the Chatham site as a viable option. Representative Weiss was recognized next and voiced her support of Representative Miner's amendment on HB 961.

Representative Lewis was then recognized by the Chair for a question to Representative Ross. He asked her why HB 961 did not specify that the new hospital would be built on the current Dorothea Dix Hospital site. Representative Ross stated that the City of Raleigh and Wake County would have to further consider the location if Wake County was chosen by the Legislature for the new hospital. Joe Durham, Deputy County Manager for Wake County, was then recognized and further explained that the County and City currently had several appropriate plots of land that could be used for the new hospital site and that additional deliberations would need to be made by the Raleigh City Council and Wake County Board of Commissioners prior to a site being defined.

Following this discussion, Representative Glazier was recognized by Chairman Allen to speak to the amendment on HB 961. Representative Glazier went on to state his belief that all three of the sites were excellent proposals. He stated further that, overall, his decision (if all three sites were indeed equal in their quality of care, staffing abilities, etc.) was based on the expertise of the Secretary of the North Carolina Department of Health and Human Services (DHHS), Carmen Hooker Odom. He noted that the Secretary should be given deference by the Committee on this matter and support her location of choice for the new psychiatric hospital: Butner/Granville County (as discussed in the May 28, 2003, House Finance Committee Meeting). As a final comment, Representative Glazier also noted his concerns over the proposed Wake County hospital not having a defined location.

Representative Wainwright was then recognized by the Chair to ask a question of Deputy County Manager Joe Durham. He asked Mr. Durham if the City of Raleigh and Wake County would be willing to freely grant the necessary lands for this hospital if approved for construction in Wake County. Mr. Durham stated that he could not provide any definite answers, as the matter would have to be determined by the Wake County Board of Commissioners.

Representative Starnes was recognized next by Chairman Allen to express his discomfort with HB 961 due to the fact that a specific site for the hospital within Wake County was not

designated. Representative Creech also expressed similar concerns. Representative Starnes then requested to hear from Secretary Odom concerning her knowledge on alternatives to the assumed Dorothea Dix Hospital site. Secretary Odom was recognized to address Representative Starnes' question and stated that the Department of Health and Human Services had not considered any other sites in Wake County as appropriate alternatives for the new hospital and that such consideration would require a lengthy surveying procedure of the Wake area by DHHS.

Representative Munford was then recognized by the Chair to offer a perfecting amendment to Representative Miner's amendment on HB 961. Representative Munford explained that the amendment acted simply to designate the location of the new hospital within Wake County at the anticipated Dorothea Dix site and then moved the adoption of his perfecting amendment. Without discussion, Chairman Allen called the vote on the perfecting amendment and the motion carried.

The Chair then recognized Representative Miner who moved the adoption of his amendment to HB 961 as perfected. As a roll call was requested, the Chair instructed the Clerk to call the vote. By a vote of 14 in support and 20 in opposition, Representative Miner's perfected amendment was not adopted (see attachment 10).

Due to time, Chairman Allen then adjourned the meeting at 9:55 am and informed the members of the Committee that it would reconvene the following day, Wednesday, June 4, 2003, at 8:30 am in the same location.

Respectfully submitted,

Representative Gordon Allen
Presiding Chair

Jason A. Cannon

HB 684, 949, & 961 (PCS): Psychiatric Hospital Financing

BILL ANALYSIS

Committee: House Finance
Date: May 21, 2003
Version: PCS

Sponsors: See below
Analysis by: Martha H. Harris
Staff Attorney

SUMMARY: The PCS for each of these three bills authorizes the issuance of up to $110 million in security interest debt to finance the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital.

Introduction: Three bills have been introduced in the House to authorize the issuance of $110 million of debt to finance a new psychiatric hospital. The sponsors and the hospital locations for each bill are indicated in the following chart:

Bill #	Short Title	Sponsors; Co-Sponsors	Status
H684 **[S845]**	Psychiatric Hospital – Butner H684-CSLCx-42	Rep. Crawford, G. Allen, Fox, Luebke; Rep. Wainwright [Sen. Gulley]	H Finance [S Finance]
H949	Psychiatric Hospital – Chatham H949-CSLCx-41	Rep. Hackney, Insko, Brubaker, Culp	H Finance
H961	Psychiatric Hospital – Wake H961-CSLCx-43	Rep. Ross, Munford, Miner, Weiss; Rep. B. Allen, Capps, Eddins, Ellis	H Finance

The PCS for each of these bills removes the location so that no location is specified. A location can be added by adoption of an amendment.

The PCS for each bill also makes two changes suggested by the State Treasurer:

1. Removes the authorization for special obligation bonds that would have been supported by receipts of the new hospital. It has been determined that these bonds would not be marketable.
2. Clarifies that any recurring savings generated by closing any existing psychiatric hospitals would be used for debt service. This provision is worded generically, without naming any institutions that might be closed.

The following summary applies equally to the PCS for each bill, as they are identical:

Part 1 of the bill enacts the procedural and regulatory provisions needed to carry out the security interest indebtedness. This provision is similar to the repair and renovation authorization that was in the House budget bill. Commonly referred to as "certificates of participation," security interest indebtedness is debt that is secured by an interest in the property being repaired or renovated. The term "special indebtedness" is employed to cover the three forms that this type of debt can take: installment purchase (with or without certificates of participation), lease-purchase (with or without certificates of

participation), and bonds. In each case, the debt is nonvoted. The particular form to be used for a given project will depend on its size, the nature of the property and the improvement, and other circumstances. Based on these circumstances, one form or another of security interest debt may be the least expensive and most practical for the State to utilize. More details about security interest debt are provided at the end of this summary. Part 1 prohibits the issuance of security interest debt except for projects specifically authorized by the General Assembly.

Part 2 of the bill provides the specific legislative authorization for up to $110 million of this type of indebtedness to be used for a new psychiatric hospital. Part 2 also states: "The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project."

Part 3 of the bill makes the following changes:

- Requires DHHS to maintain the UNC Medical School research programs currently being conducted at Dorothea Dix hospital.
- Authorizes the county chosen as the site for the hospital to acquire the land by eminent domain and to convey the land to the State.
- Directs that recurring savings realized from the closure of State psychiatric hospitals will not revert to the General Fund but will be used for the payment of debt service on the debt financing the new hospital.
- Creates a study commission to consider the potential disposition of the State-owned real property encompassing the Dorothea Dix Hospital campus.

Details about Security Interest Debt

Security. The debt would be secured by a lien on or security interest in all or any part of the capital facilities to be financed, including all or part of any land on which improvements are to be constructed. If the project is a renovation, the entire existing facility as well as the improvement could serve as security. The value of the property securing the debt may exceed the amount of the debt and the financing of several capital projects may be jointly secured by liens on some or all of the capital facilities being financed.

There would be no pledge of the State's faith and credit or taxing power. Thus, voter approval is not necessary for the borrowing. If the State defaulted on its repayments, no deficiency judgment could be rendered against the State, but the capital facilities that serve as security could be disposed of to generate funds to satisfy the debt. The State could choose not to appropriate funds to repay the debt, but such a decision would have negative consequences for the State's credit rating.

Types of projects. The bill specifically defines capital facilities that may be financed as any combination of:

(1) Buildings, utilities, structures, and other facilities and property developments, including streets, landscaping, equipment and furnishings in connection with a building project.

(2) Additions, renovations, and improvements to existing facilities, including streets and landscaping.

(3) Land acquisition.

(4) Other infrastructure.

(5) Furniture, equipment, vehicles, machinery, and similar items.

Form of debt. The funds could be borrowed from a single entity in an installment purchase or lease purchase contract, could be generated by the issuance of limited obligation bonds, or could be borrowed under an installment financing contract by the sale of certificates of participation. A certificate of participation represents the holder's undivided interest in the right to receive the installment payments to be made by the State. If certificates of participation are issued, a nonprofit corporation will act as a straw person to facilitate the financing.

History. While local governments have used installment finance contracts for years, it is a recent financing tool for the State. In 1999, the Senate passed Senate Bill 912 to authorize the issuance of bonds for UNC system and Community College system projects, to be secured by the property being constructed or improved. The House of Representatives rejected this part of the bill and when the bill was enacted in 2000 the bonds authorized were general obligation bonds, which the voters subsequently approved. In 2000, the General Assembly enacted S.L. 2000-143, which authorized installment contract financing for a $13.5 million office building and wildlife education center for the Wildlife Commission and a $4 million Eastern Wildlife Education Center. In 2001, the General Assembly authorized the State to enter into lease-purchase contracts to finance three prisons (S.L. 2001-84). In 2002, the General Assembly authorized installment financing contracts for guaranteed energy savings contracts for State buildings (S.L. 2002-161). In 2003, both the House and Senate versions of the budget bill authorized special indebtedness for repair and renovations and the Senate version also authorized lease-purchase of an additional three prisons.

Oversight. Before special indebtedness could be issued or incurred, the State Treasurer must certify that debt financing may be desirable for a specific project presented to it by the Department of Administration. Next, the Council of State must give preliminary approval. If preliminary approval is obtained, the Council of State must give final approval, setting out details such as the maximum amount to be financed, the maximum maturity, and the maximum interest rates. The maximum maturity may not exceed 40 years. The State Treasurer must approve the financing, finding that the amount to be borrowed is adequate and not excessive and will not require an excessive increase in any State revenues to provide for repayment, and that the special indebtedness can be incurred or issued on terms favorable to the State. Finally, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations at least five days before any special indebtedness is issued or incurred.

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Health and Human Services

EFFECTIVE DATE: When the bill becomes law

BILL SUMMARY:

The Project - The proposed committee substitute (PCS) for House Bills 684, 949, and 961 provides authorization for financing the construction of a 450,000 square foot, 432-bed psychiatric hospital for central North Carolina. The amount of indebtedness is limited to the estimated cost of construction of $110 million.

Special Indebtedness - Financing authorized by this proposed bill includes: (1) an installment-purchase or lease-purchase contract with a single entity; (2) limited obligation bonds, or (3) an installment-purchase contract through the sale of certificates of participation. Certificates of participation are a form of contract indebtedness where the State, through a non-profit corporation, issues certificates that represent the holder's undivided interest in the right to receive installment payments from the State.

Securitization - In order to secure financing under the three forms of indebtedness listed above, a lien or security interest may be placed on the constructed facilities comprising the new hospital and the land on which the facilities are located. If this indebtedness is used to finance the renovation of existing facilities, a lien could be placed on all or part of the existing facilities.

Under the forms of financing authorized by this PCS, there would be no pledge of the State's taxing power or a pledge of the State's full faith and credit. As a result, voter approval is not necessary for issuance of these forms of debt. If the State defaulted on repayment of this debt, the State could not be forced to generate new tax revenue to service the debt. Instead, the land and facilities financed through special indebtedness could be liquidated to repay the debt. If the General Assembly chose not to appropriate funds for debt service for the new hospital, the State's credit rating could be adversely impacted.

Issuance – The Department of Health and Human Services must notify the Department of Administration of the need for special indebtedness. The Department of Administration then consults with the Office of State Treasurer on the merits of issuing debt for the authorized purpose. The Treasurer must contact the Office of State Budget and Management to determine whether revenues will be available to service the proposed debt. If the Treasurer determines that special indebtedness is desirable for financing the project, the Treasurer must certify this decision in writing to the Department of Administration.

The Department of Administration then calls a meeting of the Council of State for preliminary approval. Prior to issuance of debt, the Council of State must give final approval. The approval resolution must contain a description of the specific project, a maximum principal amount of the special indebtedness, a specified maturity or maximum maturity on the debt, specified interest rates or a maximum rate of interest on the debt, and any condition in addition to the provisions of this bill.

Upon approval by the Council of State, the Treasurer provides final written approval. To do so, the Treasurer is authorized to request addition information and reports to determined the appropriateness of issuing debt. The Treasurer is responsible for management and oversight of the issuance of debt. Once all the provisions of this bill have been met, the Treasurer must report to Joint Legislative Commission on Governmental Operations at least five days prior to issuing any special indebtedness.

UNC Research Programs – This PCS directs the Department of Health and Human Services (DHHS) to preserve all existing educational and research programs in Dorothea Dix Hospital conducted by the University of North Carolina Medical School. As the Department closes Dix Hospital, DHHS must consult with the UNC Medical School regarding the transfer of these programs to the new hospital. The UNC Medical School would retain authority over the management of these education and research programs in the new psychiatric hospital.

Disposition of County Property – Upon selection of a particular site to construct the new hospital, this proposed bill authorizes the selected county to use eminent domain, if necessary, to acquire land for the project. The county would transfer possession of this land to the State.

Cost Savings and Hospital Closure – This PCS requires all savings associated with the closure of any psychiatric hospitals to be directed to repaying debt service on the new psychiatric hospital before reverting to the General Fund. Nonrecurring savings would be deposited in the Mental Health Trust Fund for System Reform and recurring savings would be retained by DHHS. Both sources of funds would be dedicated first to repaying the debt. The balance of non-recurring cost savings, after payment of the annual debt service, would remain in the Mental Health Trust Fund for the purposes of the Trust Fund. All remaining recurring savings would be retained by DHHS for the purpose of complying with the Olmstead v. L.C. and E.W. case and implementation Mental Health Reform.

In practical terms, funds saved from the closure of the two hospitals will: (1) pay the annual debt service on the new hospital; (2) pay the operating expenses of the new hospital, and (3) the remaining balance will go to community programs for the expansion of mental health services in the community.

Dix Hospital Property Study Commission – The proposed bill establishes the Dorothea Dix Property Study Commission. If the State finds itself in the position of selling the land and facilities on which Dorothea Dix Hospital is currently located, the Dorothea Dix Property Study Commission must consider the sale prior to any action by the State. Before the sale occurs, the Study Commission will make a recommendation on disposition of the property to the Joint Legislative Commission on Governmental Operations.

ASSUMPTIONS AND METHODOLOGY:

The proposed bill calls for a 450,000 square foot, 432-bed psychiatric hospital. The cost of constructing this hospital is estimated to be $110 million. Construction is assumed to begin in November 2004 and complete in November 2006.

Debt service payments were estimated based on a simulation provided by the Office of State Treasurer. The estimated debt service assumes that the State will finance the full $110 million through special indebtedness. The estimated repayment includes an average interest rate of 6.0% and a maximum maturity of 20 years. The earliest expected date of issuance would be November 2004. Estimated annual debt services payments range from $5.83 million to $12.1 million.

The following chart displays the current expenditures associated with operating Dix and Umstead Hospitals for the next five years. The chart also shows the shift of operating dollars from the two existing hospitals to the newly constructed psychiatric hospital and to the community for increased local mental health services.

The New Psychiatric Hospital and Realignment of Operating Expenditures					
Operating Expenditures	**FY 2003-04**	**FY 2004-05**	**FY 2005-06**	**FY 2006-07**	**FY 2007-08**
Dix and Umstead Hospitals	$107,415,928	$103,652,980	$85,567,980	$60,313,621	$0
New Psychiatric Hospital	$0	$0	$0	$21,666,667	$52,000,000
Hospital Debt Service		$3,300,000	$12,100,000	$11,770,000	$11,440,000
Butner ADATC and Dix Campus Operation			$3,917,693	$9,402,462	$9,402,462
Expenditures Realigned to Community Services	$5,231,780	$6,475,000	$15,760,000	$15,760,000	$40,585,518

In calculating the numbers in the chart above, DHHS made the following assumptions:

- The operating costs of Dix and Umstead Hospitals do not include lapse salaries/benefits, which are budgeted annually.
- In FY 2005-06 and subsequent years, DHHS separated the estimated budget for running the Butner Alcohol and Drug Abuse Treatment Center (ADATC) and for maintaining the Dix Campus.
- The Butner ADATC expenditures were estimated from the average appropriation to the Jones ADATC and the Keith ADATC.
- The Dix Campus operating expenditures were estimated according to current appropriations for maintain the Dix Campus facilities used by various DHHS agencies and 15% of the appropriation for the hospital facilities.

- The estimated operating costs for the new hospital are based on the average appropriation for Dix and Umstead, excluding the Butner ADACT and the Dix Campus operation.

As proposed in the PCS, this analysis assumes that the cost savings from the closure of Dix and Umstead Hospitals would not revert to the General Fund. Instead, the cost-savings would be used to pay the debt service for the new hospital, the operating expenditures associated with the new hospital, and the expansion of community-based mental health services. Considering that DHHS is anticipating annual cost-savings from the closure of Dix and Umstead Hospitals that exceed the cost of annual debt service payments for the new hospital, **no net impact to the General Fund is expected.**

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H D

HOUSE BILL 949*
PROPOSED COMMITTEE SUBSTITUTE H949-CSLCx-41 [v.1]

5/19/2003 1:09:58 PM

Short Title: Psychiatric Hospital Financing. (Public)

Sponsors:

Referred to:

April 8, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE AND TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS TO FINANCE THE CONSTRUCTION OF A NEW PSYCHIATRIC HOSPITAL.

The General Assembly of North Carolina enacts:

PART 1. STATE CAPITAL FACILITIES FINANCE ACT

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the

State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, other types of reserves required pursuant to the terms of any special indebtedness or related documents, and interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State's agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract, installment purchase contract, or other similar type of installment

financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:
a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.
b. A private corporation or other entity issuing certificates of participation pursuant to this Article.
(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.
(18) State. – The State of North Carolina, including any State agency.
(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.
(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.
(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the State Treasurer advising the State Treasurer of its intent. The State Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of

Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget

proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special

indebtedness, or to a purchaser of property in connection with a foreclosure or similar conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer, or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until

delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or notes were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the

General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured

as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or

notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery, and similar items; or any combination of the foregoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum aggregate principal amount of one hundred ten million dollars ($110,000,000) to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and the Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, in an aggregate principal amount not to exceed one hundred ten million dollars ($110,000,000). The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 3.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority

over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 3.2. Part 3 of Article 8 of Chapter 153A of the General Statutes is amended by adding the following new section to read:

"**§ 153A-178. Disposition of county property for a State psychiatric hospital.**

When the Secretary of Health and Human Services selects a county for the location of a new State psychiatric hospital as authorized by law, the county selected for the location of the new State psychiatric hospital is authorized under the general law to acquire real and personal property and convey it to the State under G.S. 160A-274 or other applicable law for use as a psychiatric hospital. The county may acquire the property by eminent domain, and the power under this section is supplementary to any other power the county may have to take property by eminent domain."

SECTION 3.3. G.S. 143-15.3D is amended by adding the following new subsection to read:

"(c) Notwithstanding G.S. 143-18, any nonrecurring savings in State appropriations realized from the closure of any State psychiatric hospitals that are in excess of the cost of operating and maintaining a new State psychiatric hospital shall not revert to the General Fund but shall be placed in the Trust Fund and shall be used for the purposes authorized in this section. Notwithstanding G.S. 143-18, recurring savings realized from the closure of any State psychiatric hospitals shall not revert to the General Fund but shall be used for the payment of debt service on financing contract indebtedness authorized pursuant to Article 9 of Chapter 142 of the General Statutes for the construction of a new State psychiatric hospital. Any remainder not needed for this debt service shall be credited to the Department of Health and Human Services to be used only for the purposes of subsections (b)(2) and (b)(3) of this section."

SECTION 3.4.(a) Dorothea Dix Hospital Property Study Commission. – If any of the State-owned real property encompassing the Dorothea Dix Hospital campus is no longer needed by Dorothea Dix Hospital and is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 3.4.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 4. GENERAL PROVISIONS

SECTION 4.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 4.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 4.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 4.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 4.2. Effective Date. – This act is effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H 1

HOUSE BILL 949*

Short Title:	Psychiatric Hospital Bonds.	(Public)
Sponsors:	Representatives Hackney, Insko, Brubaker, and Culp (Primary Sponsors).	
Referred to:	Finance.	

April 8, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE, TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS TO FINANCE THE CONSTRUCTION OF A NEW PSYCHIATRIC HOSPITAL NEAR SILER CITY IN CHATHAM COUNTY, AND TO AUTHORIZE THE ISSUANCE OF SPECIAL OBLIGATION BONDS FOR THE CONSTRUCTION OF THE NEW PSYCHIATRIC HOSPITAL.

The General Assembly of North Carolina enacts:

PART 1. STATE CAPITAL FACILITIES FINANCE

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the

State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, and other types of reserves required pursuant to the terms of any special indebtedness or related documents, interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract, installment purchase contract, or other similar type of installment

financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State, if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:
a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.
b. A private corporation or other entity issuing certificates of participation pursuant to this Article.
(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.
(18) State. – The State of North Carolina, including any State agency.
(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.
(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.
(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities, and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the Treasurer advising the Treasurer of its intent. The Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness, is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of

Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special indebtedness, or to a purchaser of property in connection with a foreclosure or similar

conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that

the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or

notes were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved, if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding, if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in

paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured as provided in the trust, without priority by reasons of number, dates of bonds or notes,

execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes and financing contract indebtedness during the term of the credit facility shall not

be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery and similar items; or any combination of the forgoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum principal amount of one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003, to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital to be located in Chatham County in the vicinity of Siler City.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, provided that the aggregate principal amount shall not exceed one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003. The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. SPECIAL OBLIGATION HOSPITAL BONDS

SECTION 3.1. Title. – This Part shall be known and may be cited as the "Special Obligation Hospital Bonds Act of 2003." References in this Part to "this act" mean this Part.

SECTION 3.2. Definitions. – The following definitions apply in this act:

(1) Bonds. – Special obligation bonds issued by the State pursuant to this act.

(2) Cost. – Any of the following, without limiting or restricting any proper definition of this term in financing the cost of the project as authorized by this act:

a. The cost of acquiring, constructing, and equipping the project, including the acquisition of rights-of-way, easements, equipment, furnishings, land, and other interests in real or personal property acquired or used in connection with the project.

b. The cost of engineering, architectural, and other consulting services in connection with the project as may be required.

c. Finance charges, reserves for debt service, and other types of reserves required pursuant to the terms of the trust agreement or resolution or related documents, interest before and during construction or acquisition of the project and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

d. Administrative expenses and charges.

e. The cost of bond insurance, investment contracts, credit and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of the bonds.

f. The cost of reimbursing the State for any payments made for any cost described above.

g. Any other costs and expenses necessary or incidental to the purposes of this act.

(3) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to the bonds payable on demand or tender by the owner in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(4) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(5) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any bonds including any of the following:

a. A provision providing for an adjustment so that the purchase price of the bonds in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this act and will not materially and adversely affect the financial position of the State and the marketing of the bonds at a reasonable interest cost to the State.

(6) Pledged revenues. – Pledged revenues consist of any or all of the following:

a. The Medicaid and Medicare reimbursements received by the State and allocated for depreciation expense of the project, plus the Medicaid and Medicare reimbursements received by the State and allocated for interest on the debt used to finance the project.

b. The funds deposited with the Department of State Treasurer as nontax revenue associated with Disproportionate Share Payments from State institutions for mental disease that are collected pursuant to Title XIX of the Social Security Act, 42 U.S.C. 1396r-4, as amended.

c. The revenues generated by the project.

(7) Project. – The acquisition, construction, and equipping of an approximately 400,000 square foot, 432-bed new psychiatric hospital to be located in Chatham County in the vicinity of Siler City.

(8) State. – The State of North Carolina, including any State agency.

(9) State agency. – Any State agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.

(10) State Treasurer or Treasurer. – The incumbent Treasurer, from time to time, of the State.

(11) Trust agreement. – Any trust agreement or similar instrument or agreement authorizing and securing bonds issued under this act.

SECTION 3.3. Authorization. – The State Treasurer may, by and with the consent of the Council of State, issue and sell special obligation bonds of the State to

pay the cost of the project, in a total principal amount not to exceed one hundred ten million dollars ($110,000,000), which maximum principal amount shall be reduced by the amount of any special indebtedness incurred for the project under Article 9 of Chapter 142 of the General Statutes. The principal of, premium, if any, and interest on the bonds shall be payable solely from the pledged revenues in accordance with the terms of the resolution or trust agreement authorizing and securing the bonds. The State Treasurer may, in the State Treasurer's sole discretion, require one or more reports satisfactory to the State Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

SECTION 3.4. Terms and Conditions. – The bonds may be issued, from time to time, in one or more series, but in no event before July 1, 2004. The bonds shall be dated, and may be made redeemable before maturity at the option of the State at any price or prices and upon any terms and conditions, as may be determined by the State Treasurer at the time of the sale of the bonds. The bonds also may be made payable, from time to time, on demand or tender for purchase by the owner upon any terms and conditions as may be determined by the State Treasurer. The bonds shall bear interest at any rate or rates (whether fixed or variable, or any combination thereof, and including, without limitation, any variations as may be permitted pursuant to a par formula) as may be determined by the State Treasurer. Bonds shall mature at any time or times not exceeding 40 years from their date or dates, as may be determined by the Council of State, subject to the limitations provided in this act. The Council of State shall determine the form and manner of execution of the bond, and shall fix the denominations and the places of payment of principal and interest, which may be any bank or trust company within or without the State. If an officer whose signature or facsimile of whose signature appears on any bond ceases to be that officer before the delivery of the bonds, the signature or facsimile is nevertheless valid for all purposes as if the officer had remained in office until the delivery. The Council of State may also provide for the authentication of the bonds by a trustee or fiscal agent. The Council of State may also provide for any other terms, conditions, or matters not inconsistent with the provisions of this act.

Bonds may be sold in any manner, either at public or private sale, and for any price as the State Treasurer determines to be for the best interests of the State and to effectuate best the purposes of this act, as long as the sale has been approved by the Council of State. The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment agreements, credit and liquidity facilities, interest rate swap agreements and other derivative products, and any other related instruments as the State Treasurer determines are desirable in connection with the issuance of bonds under this act. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, and bond attorneys to be associated with any bond issue under this act. The proceeds of any bonds shall be used solely for the purposes for which they are issued and shall be disbursed in any manner and under any restrictions the Council of State may provide in the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

Except as otherwise expressly provided in this act, bonds may be issued under this act without obtaining the consent of any department, division, commission, board, body, bureau, or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions, or things that are specifically required by this act and the provisions of the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

SECTION 3.5. Trust Agreement or Resolution. – Any bonds issued under the provisions of this act may be secured by a trust agreement by and between the State and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. The resolution or trust agreement authorizing and securing the bonds shall, subject to the limitations set forth in this act, specify the pledged revenues and shall pledge or assign the pledged revenues to pay the principal of, premium, if any, or interest on the bonds in the manner provided by this act. The resolution or trust agreement may contain any provisions for protecting and enforcing the rights and remedies of the holders of any bonds as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the State in relation to the purposes to which bond proceeds may be applied, the disposition or pledging of the pledged revenues, the terms and conditions for the issuance of additional bonds, and the custody, safeguarding, and application of all moneys.

Any resolution or trust agreement may restrict the individual right of action by an individual owner of bonds. In addition to the foregoing, any resolution or trust agreement may contain any other provisions as the Council of State considers reasonable and proper for the security of the holders of any bonds. Expenses incurred by the State in carrying out the provisions of the resolution or trust agreement may be paid from the pledged revenues as provided for in the resolution or trust agreement.

SECTION 3.6. Pledge of Revenues; Limited Obligations. – The State is authorized to pledge the pledged revenues to the payment of the principal of, premium, if any, and interest on bonds issued under this act as they become due and payable, and to create and maintain any reserves therefor, and to fulfill the terms of any agreements made with the holders of bonds issued under this act. Notwithstanding the foregoing, any pledged revenues not required to pay the principal of, premium, if any, and interest on the bonds secured by the pledged revenues as they become due and payable, or to create and maintain any reserves for them, or to fulfill the terms of any agreements made with the holders of the bond issued under this act, shall be available to the State for expenditure for any lawful purpose, subject to the terms and provisions of any resolution or trust agreement authorizing and securing the bonds.

Any pledge of the pledged revenues made by the State under the provisions of this act shall be set forth in the resolution or trust agreement authorizing the issuance of the bonds. The pledge of these pledged revenues made by the State shall be valid and binding from the time when the pledge is made. All pledged revenues so pledged and thereafter received by the State are immediately subject to the lien of the pledge without any physical delivery or further act, and the lien of the pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the State, irrespective of whether the parties have notice of the lien. The resolution or trust

agreement by which a pledge is created need not be filed or recorded except in the records of the Council of State.

All bonds issued under this act shall be equally and ratably secured by a pledge, charge, and lien upon the pledged revenues pledged to the payment of those bonds, without priority by reason of number, or of dates of bonds, execution, or delivery, in accordance with the provisions of this act and of the resolution or trust agreement authorizing and securing the bonds; except that the State may provide in the resolution or trust agreement that the bonds shall, to the extent and in the manner prescribed in the resolution or trust agreement, be subordinated and junior in standing with respect to the payment of principal of, premium, if any, and interest on any other bonds.

All bonds issued under this act shall be special obligations of the State. The principal of, premium, if any, and interest on the bonds shall not be payable from the general funds of the State, nor shall they constitute a legal or equitable pledge, charge, lien or encumbrance upon any of its property or upon any of its income, receipts, or revenues, except the pledged revenues. Neither the credit nor the taxing power of the State is pledged for the payment of the principal of, premium, if any, or interest on the bonds, and no holder of bonds has the right to compel the exercise of the taxing power by the State or the forfeiture of any of its property in connection with any default on the bonds, except for the pledged revenues. Every bond issued under this act shall recite in substance that the principal of, premium, if any, and interest on the bond is payable solely from the pledged revenues and that the State is not obligated to pay the principal, premium, or interest, except from these pledged revenues so pledged.

SECTION 3.7. Agreement of the State. – The State pledges to and agrees with the holders of any bonds by the State pursuant to this act that as long as any of the bonds are outstanding and unpaid, the State will not limit or alter the rights vested in the State at the time of issuance of the bonds to collect and apply the pledged revenues in the manner provided in the resolution or trust agreement authorizing and securing the bonds to pay the principal of, premium, if any, and interest on the bonds as they become due and payable, and to create and maintain any reserves for payment, and to fulfill the terms of any agreements made with the holders of the bonds. The State will not in any way impair the rights and remedies of the holders of the bonds until the bonds and all costs and expenses in connection with any action or proceedings by or on behalf of the holders of the bonds, are fully paid, met, and discharged.

SECTION 3.8. Trust Funds. – Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this act, including proceeds of the bonds and the pledged revenues, are trust funds to be held and applied solely as provided in this act. The resolution authorizing the issuance of, or any trust agreement securing any bonds issued under this act may provide that any of these moneys may be temporarily invested pending their disbursement and shall provide that any officer with whom, or any bank or trust company with which, the moneys are deposited shall act as trustee of the moneys and shall hold and apply them for the purposes of this act, subject to any limitations this act and the resolution or trust

agreement provide. These moneys may be invested in any investment authorized by law for investment of trust funds held by the State Treasurer.

SECTION 3.9. Remedies. – Any holder of bonds issued under the provisions of this act, and the trustee under any resolution or trust agreement authorizing and securing the bonds, except to the extent the rights given in this act may be restricted by the resolution or trust agreement, may, either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any and all rights under the laws of the State or granted under this act or under the resolution or trust agreement, or under any other contract executed by the Council of State or the State Treasurer pursuant to this act, and may enforce and compel the performance of all duties required by this act or by the resolution or trust agreement to be performed by the State or by any officer of the State.

SECTION 3.10. Investment Securities. – All bonds and interest coupons appertaining to them issued under this act are investment securities within the meaning of and for all the purposes of Article 8 of Chapter 25 of the General Statutes, whether or not they are of the form and character as to be investment securities under that act, subject only to the provisions of the bonds pertaining to registration.

SECTION 3.11. Bonds Eligible for Investment. – Bonds issued under the provisions of this act are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Bonds issued under the provisions of this act are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

SECTION 3.12. Refunding Bonds. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds for the purpose of refunding any bonds issued under this act and then outstanding, including payment of any redemption premium on them and any interest accrued or to accrue to the date of redemption of the refunded bonds. Refunding bonds may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The principal of, premium, if any, and interest on the refunding bonds shall be payable solely from funds provided under this act for payment of bonds.

The proceeds from the sale of any refunding bonds shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United

States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

The issuance of refunding bonds, their maturities and other details, the rights of their holders, and the rights, duties, and obligations of the State in respect of them shall be governed by the provisions of this act that relate to the issuance of bonds, insofar as those provisions are appropriate.

SECTION 3.13. Officers and Employees Not Liable. – No member of the Council of State or officer or employee of the State shall be subject to any personal liability or accountability by reason of the execution or issuance of any bonds under this act.

SECTION 3.14. Tax exemption. – Any bonds issued by the State under the provisions of this act shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the bonds; and franchise taxes. Interest on the bonds is not subject to taxation as income.

PART 4. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 4.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 4.2.(a) Dorothea Dix Hospital Property Study Commission. – If any of the State-owned real property encompassing the Dorothea Dix Hospital campus is no longer needed by Dorothea Dix Hospital and is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 4.2.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the

Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 5. GENERAL PROVISIONS

SECTION 5.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 5.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 5.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 5.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 5.2. Effective Date. – This act is effective when it becomes law.

Joe

Dear ~~Representative Hackney~~;

I am writing, as you requested, to expand on a few of the reasons behind my opinion regarding the best location for the proposed new state psychiatric hospital.

As you know, I fervently believe that the single most important factor in this issue is clinical care. One of the most dangerous periods in the timeline of clinical care for an acutely psychotic patient involves their transportation to the treatment facility. The longer the drive to the hospital, the greater the risks for any acutely ill patient. Thus even if the quality of care is absolutely equal at two different facilities, the one that is closer to the patient is the clearly preferred choice. Would any of us, facing an acute medical emergency, drive past the ER of a hospital in order to reach one of similar quality that is farther away? Most of the patients at our state hospitals are brought there under involuntary commitment, and thus they are often extremely angry, upset, and confused during their forced transport, compounding the acuity of their psychiatric and behavioral symptoms. Any sheriff's officer or ambulance driver can attest to the clear advantage of a shorter, rather than longer, trip. In a few instances, concerned family members choose to transport their ill relative themselves, and they are often unprepared to deal with the kinds of behavioral emergencies that can evolve during a longer journey. Unfortunately, I am personally aware of tragic outcomes that have occurred during relatively long drives to a psychiatric facility. The new facility thus should be located where the large patient base will be; it makes much more sense, in terms of patient safety and clinical outcomes, to be more concerned about patient transport distance, than employee commuting distance.

A number of studies have documented the incredible impact that family involvement can have on long term outcomes in the treatment of schizophrenia and other serious psychiatric disorders. The greater the distance, the greater the difficulty, even for concerned relatives, in becoming fully engaged in the treatment and discharge planning process, especially when public transportation is not readily accessible. In my opinion, the Butner site would not be located near any substantial number of patient families, and in general would not facilitate the transition to community based local care following discharge as well as the other sites that are under consideration.

The University of North Carolina at Chapel Hill, Campus Box # 7160, Chapel Hill, North Carolina 27599-7160

I remain very concerned about professional workforce issues. While all members of the healthcare treatment team play important roles, in my opinion, the quality of the doctors and nurses represents the single most important variable in determining treatment outcomes. I believe, based on current and past experience, that it will prove to be substantially more difficult to consistently fill nursing positions at the Butner site, compared to the other locations under consideration. But again, even if that is not the case, i.e. even if the professional staffing would be identical at a hypothetical facility in Butner vs. one in either Chatham or Wake county, such staff would not be able to intervene during the long and potentially dangerous transport of an acutely ill patient from a far away population center.

I was deeply impressed with the thoughtful presentations and discussions which took place during the Finance Committee hearing yesterday. I realize that there are multiple perspectives and viewpoints regarding this complex issue. From my view, which is focused exclusively on patient care, I believe that the Chatham or Wake County sites are clearly preferable to the Butner site.

I would be happy to expand on any of these ideas or any related questions, and deeply appreciate your concerned involvement with this critical issue.

Sincerely,

Robert N. Golden, M.D.

Re: Chatham Land Access

Dear Tony:

This letter will serve to confirm our previous discussions and agreement to grant the County an easement, for an accessway across our property from U.S. Highway 64 to serve the county property proposed to be used for the new regional State Hospital project. As discussed this would be a sixty (60) foot wide non-exclusive easement in a mutually agreed upon location, which we have agreed to grant for no monetary consideration. It is our understanding that the County will construct the roadway and provide us reasonable access points from it to serve our property.

Our agreement to grant the easement is not open-ended and is good only for so long as we own the property or for six (6) months from the date hereof, whichever is shorter.

Sincerely

Short Title: Psychiatric Hospital Financing. (Public)

Sponsors:

Referred to:

April 9, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE AND TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS TO FINANCE THE CONSTRUCTION OF A NEW PSYCHIATRIC HOSPITAL.

The General Assembly of North Carolina enacts:

PART 1. STATE CAPITAL FACILITIES FINANCE ACT

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the

State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, other types of reserves required pursuant to the terms of any special indebtedness or related documents, and interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State's agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract, installment purchase contract, or other similar type of installment

financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:
a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.
b. A private corporation or other entity issuing certificates of participation pursuant to this Article.
(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.
(18) State. – The State of North Carolina, including any State agency.
(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.
(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.
(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the State Treasurer advising the State Treasurer of its intent. The State Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of

Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget

proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special

indebtedness, or to a purchaser of property in connection with a foreclosure or similar conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer, or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until

delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or notes were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the

General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured

as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or

notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery, and similar items; or any combination of the foregoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum aggregate principal amount of one hundred ten million dollars ($110,000,000) to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and the Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, in an aggregate principal amount not to exceed one hundred ten million dollars ($110,000,000). The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 3.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority

over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 3.2. Part 3 of Article 8 of Chapter 153A of the General Statutes is amended by adding the following new section to read:

"**§ 153A-178. Disposition of county property for a State psychiatric hospital.**

When the Secretary of Health and Human Services selects a county for the location of a new State psychiatric hospital as authorized by law, the county selected for the location of the new State psychiatric hospital is authorized under the general law to acquire real and personal property and convey it to the State under G.S. 160A-274 or other applicable law for use as a psychiatric hospital. The county may acquire the property by eminent domain, and the power under this section is supplementary to any other power the county may have to take property by eminent domain."

SECTION 3.3. G.S. 143-15.3D is amended by adding the following new subsection to read:

"(c) Notwithstanding G.S. 143-18, any nonrecurring savings in State appropriations realized from the closure of any State psychiatric hospitals that are in excess of the cost of operating and maintaining a new State psychiatric hospital shall not revert to the General Fund but shall be placed in the Trust Fund and shall be used for the purposes authorized in this section. Notwithstanding G.S. 143-18, recurring savings realized from the closure of any State psychiatric hospitals shall not revert to the General Fund but shall be used for the payment of debt service on financing contract indebtedness authorized pursuant to Article 9 of Chapter 142 of the General Statutes for the construction of a new State psychiatric hospital. Any remainder not needed for this debt service shall be credited to the Department of Health and Human Services to be used only for the purposes of subsections (b)(2) and (b)(3) of this section."

SECTION 3.4.(a) Dorothea Dix Hospital Property Study Commission. – If any of the State-owned real property encompassing the Dorothea Dix Hospital campus is no longer needed by Dorothea Dix Hospital and is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 3.4.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 4. GENERAL PROVISIONS

SECTION 4.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 4.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 4.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 4.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 4.2. Effective Date. – This act is effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

HOUSE BILL 961

Short Title:	Psychiatric Hospital Financing.	(Public)
Sponsors:	Representatives Ross, Munford, Miner, Weiss (Primary Sponsors); B. Allen, Capps, Eddins, and Ellis.	
Referred to:	Finance.	

April 9, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE, TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS TO FINANCE THE CONSTRUCTION OF A NEW PSYCHIATRIC HOSPITAL IN WAKE COUNTY, AND TO AUTHORIZE THE ISSUANCE OF SPECIAL OBLIGATION BONDS FOR THE CONSTRUCTION OF THE NEW PSYCHIATRIC HOSPITAL.

The General Assembly of North Carolina enacts:

PART 1. STATE CAPITAL FACILITIES FINANCE ACT

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, other types of reserves required pursuant to the terms of any special indebtedness or related documents, and interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State's agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract,

installment purchase contract, or other similar type of installment financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:

a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.

b. A private corporation or other entity issuing certificates of participation pursuant to this Article.

(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.

(18) State. – The State of North Carolina, including any State agency.

(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.

(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.

(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the State Treasurer advising the State Treasurer of its intent. The State Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of

Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the

particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special indebtedness, or to a purchaser of property in connection with a foreclosure or similar conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the

effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer, or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the

delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or notes were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the

custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for

the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase

agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery, and similar items; or any combination of the foregoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum principal amount of one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003, to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital to be located in Wake County.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, provided that the aggregate principal amount shall not exceed one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003. The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. SPECIAL OBLIGATION HOSPITAL BONDS

SECTION 3.1. Title. – This Part shall be known and may be cited as the "Special Obligation Hospital Bonds Act of 2003". References in this Part to "this act" mean this Part.

SECTION 3.2. Definitions. – The following definitions apply in this act:

(1) Bonds. – Special obligation bonds issued by the State pursuant to this act.

(2) Cost. – Any of the following, without limiting or restricting any proper definition of this term in financing the cost of the project as authorized by this act:

a. The cost of acquiring, constructing, and equipping the project, including the acquisition of rights-of-way, easements, equipment, furnishings, land, and other interests in real or personal property acquired or used in connection with the project.

b. The cost of engineering, architectural, and other consulting services in connection with the project as may be required.

c. Finance charges, reserves for debt service, and other types of reserves required pursuant to the terms of the trust agreement or resolution or related documents, interest before and during construction or acquisition of the project and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

d. Administrative expenses and charges.

e. The cost of bond insurance, investment contracts, credit and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of the bonds.

f. The cost of reimbursing the State for any payments made for any cost described above.

g. Any other costs and expenses necessary or incidental to the purposes of this act.

(3) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption

premium, if any, and interest with respect to the bonds payable on demand or tender by the owner in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(4) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(5) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any bonds including any of the following:

a. A provision providing for an adjustment so that the purchase price of the bonds in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this act and will not materially and adversely affect the financial position of the State and the marketing of the bonds at a reasonable interest cost to the State.

(6) Pledged revenues. – Pledged revenues consist of any or all of the following:

a. The Medicaid and Medicare reimbursements received by the State and allocated for depreciation expense of the project, plus the Medicaid and Medicare reimbursements received by the State and allocated for interest on the debt used to finance the project.

b. The funds deposited with the Department of State Treasurer as nontax revenue associated with Disproportionate Share Payments from State institutions for mental disease that are collected pursuant to Title XIX of the Social Security Act. 42 U.S.C. 1396r-4, as amended.

c. The revenues generated by the project.

(7) Project. – The acquisition, construction, and equipping of an approximately 400,000 square foot, 432-bed new psychiatric hospital to be located in Wake County.

(8) State. – The State of North Carolina, including any State agency.

(9) State agency. – Any State agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.

(10) State Treasurer or Treasurer. – The incumbent Treasurer, from time to time, of the State.

(11) Trust agreement. – Any trust agreement or similar instrument or agreement authorizing and securing bonds issued under this act.

SECTION 3.3. Authorization. – The State Treasurer may, by and with the consent of the Council of State, issue and sell special obligation bonds of the State to pay the cost of the project, in a total principal amount not to exceed one hundred ten million dollars ($110,000,000), which maximum principal amount shall be reduced by the amount of any special indebtedness incurred for the project under Article 9 of Chapter 142 of the General Statutes. The principal of, premium, if any, and interest on the bonds shall be payable solely from the pledged revenues in accordance with the terms of the resolution or trust agreement authorizing and securing the bonds. The State Treasurer may, in the State Treasurer's sole discretion, require one or more reports satisfactory to the State Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

SECTION 3.4. Terms and Conditions. – The bonds may be issued, from time to time, in one or more series, but in no event before July 1, 2004. The bonds shall be dated, and may be made redeemable before maturity at the option of the State at any price or prices and upon any terms and conditions, as may be determined by the State Treasurer at the time of the sale of the bonds. The bonds also may be made payable, from time to time, on demand or tender for purchase by the owner upon any terms and conditions as may be determined by the State Treasurer. The bonds shall bear interest at any rate or rates (whether fixed or variable, or any combination thereof, and including, without limitation, any variations as may be permitted pursuant to a par formula) as may be determined by the State Treasurer. Bonds shall mature at any time or times not exceeding 40 years from their date or dates, as may be determined by the Council of State, subject to the limitations provided in this act. The Council of State shall determine the form and manner of execution of the bond, and shall fix the denominations and the places of payment of principal and interest, which may be any bank or trust company within or without the State. If an officer whose signature or facsimile of whose signature appears on any bond ceases to be that officer before the delivery of the bonds, the signature or facsimile is nevertheless valid for all purposes as if the officer had remained in office until the delivery. The Council of State may also provide for the authentication of the bonds by a trustee or fiscal agent. The Council of State may also provide for any other terms, conditions, or matters not inconsistent with the provisions of this act.

Bonds may be sold in any manner, either at public or private sale, and for any price as the State Treasurer determines to be for the best interests of the State and to effectuate best the purposes of this act, as long as the sale has been approved by the Council of State. The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment agreements, credit and liquidity facilities, interest rate swap agreements and other derivative products, and any other related instruments as the State Treasurer determines are desirable in connection with the issuance of bonds under this act. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, and bond attorneys to be associated

with any bond issue under this act. The proceeds of any bonds shall be used solely for the purposes for which they are issued and shall be disbursed in any manner and under any restrictions the Council of State may provide in the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

Except as otherwise expressly provided in this act, bonds may be issued under this act without obtaining the consent of any department, division, commission, board, body, bureau, or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions, or things that are specifically required by this act and the provisions of the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

SECTION 3.5. Trust Agreement or Resolution. – Any bonds issued under the provisions of this act may be secured by a trust agreement by and between the State and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. The resolution or trust agreement authorizing and securing the bonds shall, subject to the limitations set forth in this act, specify the pledged revenues and shall pledge or assign the pledged revenues to pay the principal of, premium, if any, or interest on the bonds in the manner provided by this act. The resolution or trust agreement may contain any provisions for protecting and enforcing the rights and remedies of the holders of any bonds as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the State in relation to the purposes to which bond proceeds may be applied, the disposition or pledging of the pledged revenues, the terms and conditions for the issuance of additional bonds, and the custody, safeguarding, and application of all moneys.

Any resolution or trust agreement may restrict the individual right of action by an individual owner of bonds. In addition to the foregoing, any resolution or trust agreement may contain any other provisions as the Council of State considers reasonable and proper for the security of the holders of any bonds. Expenses incurred by the State in carrying out the provisions of the resolution or trust agreement may be paid from the pledged revenues as provided for in the resolution or trust agreement.

SECTION 3.6. Pledge of Revenues; Limited Obligations. - The State is authorized to pledge the pledged revenues to the payment of the principal of, premium, if any, and interest on bonds issued under this act as they become due and payable, and to create and maintain any reserves therefor, and to fulfill the terms of any agreements made with the holders of bonds issued under this act. Notwithstanding the foregoing, any pledged revenues not required to pay the principal of, premium, if any, and interest on the bonds secured by the pledged revenues as they become due and payable, or to create and maintain any reserves for them, or to fulfill the terms of any agreements made with the holders of the bond issued under this act, shall be available to the State for expenditure for any lawful purpose, subject to the terms and provisions of any resolution or trust agreement authorizing and securing the bonds.

Any pledge of the pledged revenues made by the State under the provisions of this act shall be set forth in the resolution or trust agreement authorizing the issuance of the bonds. The pledge of these pledged revenues made by the State shall be valid and binding from the time when the pledge is made. All pledged revenues so pledged and

thereafter received by the State are immediately subject to the lien of the pledge without any physical delivery or further act, and the lien of the pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the State, irrespective of whether the parties have notice of the lien. The resolution or trust agreement by which a pledge is created need not be filed or recorded except in the records of the Council of State.

All bonds issued under this act shall be equally and ratably secured by a pledge, charge, and lien upon the pledged revenues pledged to the payment of those bonds, without priority by reason of number, or of dates of bonds, execution, or delivery, in accordance with the provisions of this act and of the resolution or trust agreement authorizing and securing the bonds; except that the State may provide in the resolution or trust agreement that the bonds shall, to the extent and in the manner prescribed in the resolution or trust agreement, be subordinated and junior in standing with respect to the payment of principal of, premium, if any, and interest on any other bonds.

All bonds issued under this act shall be special obligations of the State. The principal of, premium, if any, and interest on the bonds shall not be payable from the general funds of the State, nor shall they constitute a legal or equitable pledge, charge, lien or encumbrance upon any of its property or upon any of its income, receipts, or revenues, except the pledged revenues. Neither the credit nor the taxing power of the State is pledged for the payment of the principal of, premium, if any, or interest on the bonds, and no holder of bonds has the right to compel the exercise of the taxing power by the State or the forfeiture of any of its property in connection with any default on the bonds, except for the pledged revenues. Every bond issued under this act shall recite in substance that the principal of, premium, if any, and interest on the bond is payable solely from the pledged revenues and that the State is not obligated to pay the principal, premium, or interest, except from these pledged revenues so pledged.

SECTION 3.7. Agreement of the State. – The State pledges to and agrees with the holders of any bonds by the State pursuant to this act that as long as any of the bonds are outstanding and unpaid, the State will not limit or alter the rights vested in the State at the time of issuance of the bonds to collect and apply the pledged revenues in the manner provided in the resolution or trust agreement authorizing and securing the bonds to pay the principal of, premium, if any, and interest on the bonds as they become due and payable, and to create and maintain any reserves for payment, and to fulfill the terms of any agreements made with the holders of the bonds. The State will not in any way impair the rights and remedies of the holders of the bonds until the bonds and all costs and expenses in connection with any action or proceedings by or on behalf of the holders of the bonds, are fully paid, met, and discharged.

SECTION 3.8. Trust Funds. – Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this act, including proceeds of the bonds and the pledged revenues, are trust funds to be held and applied solely as provided in this act. The resolution authorizing the issuance of, or any trust agreement securing any bonds issued under this act may provide that any of these moneys may be temporarily invested pending their disbursement and shall provide that

any officer with whom, or any bank or trust company with which, the moneys are deposited shall act as trustee of the moneys and shall hold and apply them for the purposes of this act, subject to any limitations this act and the resolution or trust agreement provide. These moneys may be invested in any investment authorized by law for investment of trust funds held by the State Treasurer.

SECTION 3.9. Remedies. – Any holder of bonds issued under the provisions of this act, and the trustee under any resolution or trust agreement authorizing and securing the bonds, except to the extent the rights given in this act may be restricted by the resolution or trust agreement, may, either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any and all rights under the laws of the State or granted under this act or under the resolution or trust agreement, or under any other contract executed by the Council of State or the State Treasurer pursuant to this act, and may enforce and compel the performance of all duties required by this act or by the resolution or trust agreement to be performed by the State or by any officer of the State.

SECTION 3.10. Investment Securities. – All bonds and interest coupons appertaining to them issued under this act are investment securities within the meaning of and for all the purposes of Article 8 of Chapter 25 of the General Statutes, whether or not they are of the form and character as to be investment securities under that act, subject only to the provisions of the bonds pertaining to registration.

SECTION 3.11. Bonds Eligible for Investment. – Bonds issued under the provisions of this act are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Bonds issued under the provisions of this act are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

SECTION 3.12. Refunding Bonds. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds for the purpose of refunding any bonds issued under this act and then outstanding, including payment of any redemption premium on them and any interest accrued or to accrue to the date of redemption of the refunded bonds. Refunding bonds may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The principal of, premium, if any, and interest on the refunding bonds shall be payable solely from funds provided under this act for payment of bonds.

The proceeds from the sale of any refunding bonds shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being

refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

The issuance of refunding bonds, their maturities and other details, the rights of their holders, and the rights, duties, and obligations of the State in respect of them shall be governed by the provisions of this act that relate to the issuance of bonds, insofar as those provisions are appropriate.

SECTION 3.13. Officers and Employees Not Liable. – No member of the Council of State or officer or employee of the State shall be subject to any personal liability or accountability by reason of the execution or issuance of any bonds under this act.

SECTION 3.14. Tax exemption. – Any bonds issued by the State under the provisions of this act shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the bonds; and franchise taxes. Interest on the bonds is not subject to taxation as income.

PART 4. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 4.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 4.2.(a) Dorothea Dix Hospital Property Study Commission. – If any of the State-owned real property encompassing the Dorothea Dix Hospital campus is no longer needed by Dorothea Dix Hospital and is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 4.2.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 5. GENERAL PROVISIONS

SECTION 5.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 5.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 5.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 5.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 5.2. Effective Date. – This act is effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H D

HOUSE BILL 684*
PROPOSED COMMITTEE SUBSTITUTE H684-CSLCx-42 [v.2]

5/22/2003 11:16:40 AM

Short Title: Psychiatric Hospital Financing. (Public)

Sponsors:

Referred to:

March 26, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE AND TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS TO FINANCE THE CONSTRUCTION OF A NEW PSYCHIATRIC HOSPITAL.

The General Assembly of North Carolina enacts:

PART 1. STATE CAPITAL FACILITIES FINANCE ACT

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the

State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.,

d. Finance charges, reserves for debt service, other types of reserves required pursuant to the terms of any special indebtedness or related documents, and interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State's agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract, installment purchase contract, or other similar type of installment

financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:
a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.
b. A private corporation or other entity issuing certificates of participation pursuant to this Article.
(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.
(18) State. – The State of North Carolina, including any State agency.
(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.
(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.
(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the State Treasurer advising the State Treasurer of its intent. The State Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of

Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget

proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special

indebtedness, or to a purchaser of property in connection with a foreclosure or similar conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer, or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until

delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or notes were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the

General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured

as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or

notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery, and similar items; or any combination of the foregoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum aggregate principal amount of one hundred ten million dollars ($110,000,000) to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and the Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, in an aggregate principal amount not to exceed one hundred ten million dollars ($110,000,000). The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 3.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority

over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 3.2. Part 3 of Article 8 of Chapter 153A of the General Statutes is amended by adding the following new section to read:

"**§ 153A-178. Disposition of county property for a State psychiatric hospital.**

When the Secretary of Health and Human Services selects a county for the location of a new State psychiatric hospital as authorized by law, the county selected for the location of the new State psychiatric hospital is authorized under the general law to acquire real and personal property and convey it to the State under G.S. 160A-274 or other applicable law for use as a psychiatric hospital. The county may acquire the property by eminent domain, and the power under this section is supplementary to any other power the county may have to take property by eminent domain."

SECTION 3.3. G.S. 143-15.3D is amended by adding the following new subsection to read:

"(c) Notwithstanding G.S. 143-18, any nonrecurring savings in State appropriations realized from the closure of any State psychiatric hospitals that are in excess of the cost of operating and maintaining a new State psychiatric hospital shall not revert to the General Fund but shall be placed in the Trust Fund and shall be used for the purposes authorized in this section. Notwithstanding G.S. 143-18, recurring savings realized from the closure of any State psychiatric hospitals shall not revert to the General Fund but shall be used for the payment of debt service on financing contract indebtedness authorized pursuant to Article 9 of Chapter 142 of the General Statutes for the construction of a new State psychiatric hospital. Any remainder not needed for this debt service shall be credited to the Department of Health and Human Services to be used only for the purposes of subsections (b)(2) and (b)(3) of this section."

SECTION 3.4.(a) Dorothea Dix Hospital Property Study Commission. – If any of the State-owned real property encompassing the Dorothea Dix Hospital campus is no longer needed by Dorothea Dix Hospital and is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 3.4.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 4. GENERAL PROVISIONS

SECTION 4.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 4.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 4.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 4.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 4.2. Effective Date. – This act is effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

HOUSE BILL 684*

Short Title:	Psychiatric Hospital Bonds.	(Public)
Sponsors:	Representatives Crawford, G. Allen, Fox, Luebke (Primary Sponsors); and Wainwright.	
Referred to:	Finance.	

March 26, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE, TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS TO FINANCE THE CONSTRUCTION OF A NEW PSYCHIATRIC HOSPITAL IN BUTNER, AND TO AUTHORIZE THE ISSUANCE OF SPECIAL OBLIGATION BONDS FOR THE CONSTRUCTION OF THE NEW PSYCHIATRIC HOSPITAL.

The General Assembly of North Carolina enacts:

PART 1. STATE CAPITAL FACILITIES FINANCE

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, and other types of reserves required pursuant to the terms of any special indebtedness or related documents, interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract,

installment purchase contract, or other similar type of installment financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State, if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:

a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.

b. A private corporation or other entity issuing certificates of participation pursuant to this Article.

(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.

(18) State. – The State of North Carolina, including any State agency.

(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.

(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.

(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities, and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the Treasurer advising the Treasurer of its intent. The Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of Administration shall request the Council of State to give its preliminary approval of the

use of special indebtedness to finance the capital facilities. The Department of Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness, is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the

particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special indebtedness, or to a purchaser of property in connection with a foreclosure or similar conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the

effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the

delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or notes were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved, if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding, if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the

custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for

the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase

agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery and similar items; or any combination of the forgoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum principal amount of one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003, to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital to be located in Butner.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, provided that the aggregate principal amount shall not exceed one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003. The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. SPECIAL OBLIGATION HOSPITAL BONDS

SECTION 3.1. Title. – This Part shall be known and may be cited as the "Special Obligation Hospital Bonds Act of 2003." References in this Part to "this act" mean this Part.

SECTION 3.2. Definitions. – The following definitions apply in this act:

(1) Bonds. – Special obligation bonds issued by the State pursuant to this act.

(2) Cost. – Any of the following, without limiting or restricting any proper definition of this term in financing the cost of the project as authorized by this act:

a. The cost of acquiring, constructing, and equipping the project, including the acquisition of rights-of-way, easements, equipment, furnishings, land, and other interests in real or personal property acquired or used in connection with the project.

b. The cost of engineering, architectural, and other consulting services in connection with the project as may be required.

c. Finance charges, reserves for debt service, and other types of reserves required pursuant to the terms of the trust agreement or resolution or related documents, interest before and during construction or acquisition of the project and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

d. Administrative expenses and charges.

e. The cost of bond insurance, investment contracts, credit and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of the bonds.

f. The cost of reimbursing the State for any payments made for any cost described above.

g. Any other costs and expenses necessary or incidental to the purposes of this act.

(3) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption

premium, if any, and interest with respect to the bonds payable on demand or tender by the owner in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(4) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(5) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any bonds including any of the following:

a. A provision providing for an adjustment so that the purchase price of the bonds in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this act and will not materially and adversely affect the financial position of the State and the marketing of the bonds at a reasonable interest cost to the State.

(6) Pledged revenues. – Pledged revenues consist of any or all of the following:

a. The Medicaid and Medicare reimbursements received by the State and allocated for depreciation expense of the project, plus the Medicaid and Medicare reimbursements received by the State and allocated for interest on the debt used to finance the project.

b. The funds deposited with the Department of State Treasurer as nontax revenue associated with Disproportionate Share Payments from State institutions for mental disease that are collected pursuant to Title XIX of the Social Security Act, 42 U.S.C. 1396r-4, as amended.

c. The revenues generated by the project.

(7) Project. – The acquisition, construction, and equipping of an approximately 400,000 square foot, 432-bed new psychiatric hospital to be located in Butner.

(8) State. – The State of North Carolina, including any State agency.

(9) State agency. – Any State agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.

(10) State Treasurer or Treasurer. – The incumbent Treasurer, from time to time, of the State.

(11) Trust agreement. – Any trust agreement or similar instrument or agreement authorizing and securing bonds issued under this act.

SECTION 3.3. Authorization. – The State Treasurer may, by and with the consent of the Council of State, issue and sell special obligation bonds of the State to pay the cost of the project, in a total principal amount not to exceed one hundred ten million dollars ($110,000,000), which maximum principal amount shall be reduced by the amount of any special indebtedness incurred for the project under Article 9 of Chapter 142 of the General Statutes. The principal of, premium, if any, and interest on the bonds shall be payable solely from the pledged revenues in accordance with the terms of the resolution or trust agreement authorizing and securing the bonds. The State Treasurer may, in the State Treasurer's sole discretion, require one or more reports satisfactory to the State Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

SECTION 3.4. Terms and Conditions. – The bonds may be issued, from time to time, in one or more series, but in no event before July 1, 2004. The bonds shall be dated, and may be made redeemable before maturity at the option of the State at any price or prices and upon any terms and conditions, as may be determined by the State Treasurer at the time of the sale of the bonds. The bonds also may be made payable, from time to time, on demand or tender for purchase by the owner upon any terms and conditions as may be determined by the State Treasurer. The bonds shall bear interest at any rate or rates (whether fixed or variable, or any combination thereof, and including, without limitation, any variations as may be permitted pursuant to a par formula) as may be determined by the State Treasurer. Bonds shall mature at any time or times not exceeding 40 years from their date or dates, as may be determined by the Council of State, subject to the limitations provided in this act. The Council of State shall determine the form and manner of execution of the bond, and shall fix the denominations and the places of payment of principal and interest, which may be any bank or trust company within or without the State. If an officer whose signature or facsimile of whose signature appears on any bond ceases to be that officer before the delivery of the bonds, the signature or facsimile is nevertheless valid for all purposes as if the officer had remained in office until the delivery. The Council of State may also provide for the authentication of the bonds by a trustee or fiscal agent. The Council of State may also provide for any other terms, conditions, or matters not inconsistent with the provisions of this act.

Bonds may be sold in any manner, either at public or private sale, and for any price as the State Treasurer determines to be for the best interests of the State and to effectuate best the purposes of this act, as long as the sale has been approved by the Council of State. The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment agreements, credit and liquidity facilities, interest rate swap agreements and other derivative products, and any other related instruments as the State Treasurer determines are desirable in connection with the issuance of bonds under this act. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, and bond attorneys to be associated

with any bond issue under this act. The proceeds of any bonds shall be used solely for the purposes for which they are issued and shall be disbursed in any manner and under any restrictions the Council of State may provide in the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

Except as otherwise expressly provided in this act, bonds may be issued under this act without obtaining the consent of any department, division, commission, board, body, bureau, or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions, or things that are specifically required by this act and the provisions of the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

SECTION 3.5. Trust Agreement or Resolution. – Any bonds issued under the provisions of this act may be secured by a trust agreement by and between the State and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. The resolution or trust agreement authorizing and securing the bonds shall, subject to the limitations set forth in this act, specify the pledged revenues and shall pledge or assign the pledged revenues to pay the principal of, premium, if any, or interest on the bonds in the manner provided by this act. The resolution or trust agreement may contain any provisions for protecting and enforcing the rights and remedies of the holders of any bonds as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the State in relation to the purposes to which bond proceeds may be applied, the disposition or pledging of the pledged revenues, the terms and conditions for the issuance of additional bonds, and the custody, safeguarding, and application of all moneys.

Any resolution or trust agreement may restrict the individual right of action by an individual owner of bonds. In addition to the foregoing, any resolution or trust agreement may contain any other provisions as the Council of State considers reasonable and proper for the security of the holders of any bonds. Expenses incurred by the State in carrying out the provisions of the resolution or trust agreement may be paid from the pledged revenues as provided for in the resolution or trust agreement.

SECTION 3.6. Pledge of Revenues; Limited Obligations. – The State is authorized to pledge the pledged revenues to the payment of the principal of, premium, if any, and interest on bonds issued under this act as they become due and payable, and to create and maintain any reserves therefor, and to fulfill the terms of any agreements made with the holders of bonds issued under this act. Notwithstanding the foregoing, any pledged revenues not required to pay the principal of, premium, if any, and interest on the bonds secured by the pledged revenues as they become due and payable, or to create and maintain any reserves for them, or to fulfill the terms of any agreements made with the holders of the bond issued under this act, shall be available to the State for expenditure for any lawful purpose, subject to the terms and provisions of any resolution or trust agreement authorizing and securing the bonds.

Any pledge of the pledged revenues made by the State under the provisions of this act shall be set forth in the resolution or trust agreement authorizing the issuance of the bonds. The pledge of these pledged revenues made by the State shall be valid and binding from the time when the pledge is made. All pledged revenues so pledged and

thereafter received by the State are immediately subject to the lien of the pledge without any physical delivery or further act, and the lien of the pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the State, irrespective of whether the parties have notice of the lien. The resolution or trust agreement by which a pledge is created need not be filed or recorded except in the records of the Council of State.

All bonds issued under this act shall be equally and ratably secured by a pledge, charge, and lien upon the pledged revenues pledged to the payment of those bonds, without priority by reason of number, or of dates of bonds, execution, or delivery, in accordance with the provisions of this act and of the resolution or trust agreement authorizing and securing the bonds; except that the State may provide in the resolution or trust agreement that the bonds shall, to the extent and in the manner prescribed in the resolution or trust agreement, be subordinated and junior in standing with respect to the payment of principal of, premium, if any, and interest on any other bonds.

All bonds issued under this act shall be special obligations of the State. The principal of, premium, if any, and interest on the bonds shall not be payable from the general funds of the State, nor shall they constitute a legal or equitable pledge, charge, lien or encumbrance upon any of its property or upon any of its income, receipts, or revenues, except the pledged revenues. Neither the credit nor the taxing power of the State is pledged for the payment of the principal of, premium, if any, or interest on the bonds, and no holder of bonds has the right to compel the exercise of the taxing power by the State or the forfeiture of any of its property in connection with any default on the bonds, except for the pledged revenues. Every bond issued under this act shall recite in substance that the principal of, premium, if any, and interest on the bond is payable solely from the pledged revenues and that the State is not obligated to pay the principal, premium, or interest, except from these pledged revenues so pledged.

SECTION 3.7. Agreement of the State. – The State pledges to and agrees with the holders of any bonds by the State pursuant to this act that as long as any of the bonds are outstanding and unpaid, the State will not limit or alter the rights vested in the State at the time of issuance of the bonds to collect and apply the pledged revenues in the manner provided in the resolution or trust agreement authorizing and securing the bonds to pay the principal of, premium, if any, and interest on the bonds as they become due and payable, and to create and maintain any reserves for payment, and to fulfill the terms of any agreements made with the holders of the bonds. The State will not in any way impair the rights and remedies of the holders of the bonds until the bonds and all costs and expenses in connection with any action or proceedings by or on behalf of the holders of the bonds, are fully paid, met, and discharged.

SECTION 3.8. Trust Funds. – Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this act, including proceeds of the bonds and the pledged revenues, are trust funds to be held and applied solely as provided in this act. The resolution authorizing the issuance of, or any trust agreement securing any bonds issued under this act may provide that any of these moneys may be temporarily invested pending their disbursement and shall provide that

any officer with whom, or any bank or trust company with which, the moneys are deposited shall act as trustee of the moneys and shall hold and apply them for the purposes of this act, subject to any limitations this act and the resolution or trust agreement provide. These moneys may be invested in any investment authorized by law for investment of trust funds held by the State Treasurer.

SECTION 3.9. Remedies. – Any holder of bonds issued under the provisions of this act, and the trustee under any resolution or trust agreement authorizing and securing the bonds, except to the extent the rights given in this act may be restricted by the resolution or trust agreement, may, either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any and all rights under the laws of the State or granted under this act or under the resolution or trust agreement, or under any other contract executed by the Council of State or the State Treasurer pursuant to this act, and may enforce and compel the performance of all duties required by this act or by the resolution or trust agreement to be performed by the State or by any officer of the State.

SECTION 3.10. Investment Securities. – All bonds and interest coupons appertaining to them issued under this act are investment securities within the meaning of and for all the purposes of Article 8 of Chapter 25 of the General Statutes, whether or not they are of the form and character as to be investment securities under that act, subject only to the provisions of the bonds pertaining to registration.

SECTION 3.11. Bonds Eligible for Investment. – Bonds issued under the provisions of this act are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Bonds issued under the provisions of this act are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

SECTION 3.12. Refunding Bonds. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds for the purpose of refunding any bonds issued under this act and then outstanding, including payment of any redemption premium on them and any interest accrued or to accrue to the date of redemption of the refunded bonds. Refunding bonds may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The principal of, premium, if any, and interest on the refunding bonds shall be payable solely from funds provided under this act for payment of bonds.

The proceeds from the sale of any refunding bonds shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being

refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

The issuance of refunding bonds, their maturities and other details, the rights of their holders, and the rights, duties, and obligations of the State in respect of them shall be governed by the provisions of this act that relate to the issuance of bonds, insofar as those provisions are appropriate.

SECTION 3.13. Officers and Employees Not Liable. – No member of the Council of State or officer or employee of the State shall be subject to any personal liability or accountability by reason of the execution or issuance of any bonds under this act.

SECTION 3.14. Tax exemption. – Any bonds issued by the State under the provisions of this act shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the bonds; and franchise taxes. Interest on the bonds is not subject to taxation as income.

PART 4. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 4.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 4.2. Part 3 of Article 8 of Chapter 153A of the General Statutes is amended by adding the following new section to read:

"**§ 153A-178. Disposition of county property for a State psychiatric hospital.**

When the Secretary of Health and Human Services selects a county for the location of a new State psychiatric hospital as authorized by law, the county selected for the location of the new State psychiatric hospital is authorized under the general law to acquire real and personal property and convey it to the State under G.S. 160A-274 or other applicable law for use as a psychiatric hospital. The county may acquire the

property by eminent domain, and the power under this section is supplementary to any other power the county may have to take property by eminent domain."

SECTION 4.3. G.S. 143-15.3D is amended by adding the following new subsection to read:

"(c) Notwithstanding G.S. 143-18, any nonrecurring savings in State appropriations realized from the closure of Dorothea Dix Hospital and John Umstead Hospital that are in excess of the cost of operating and maintaining the new State psychiatric hospital shall not revert to the General Fund but shall be placed in the Trust Fund and shall be used for the purposes authorized in this section. Notwithstanding G.S. 143-18, recurring savings realized from the closure of Dorothea Dix Hospital and John Umstead Hospital shall not revert to the General Fund but shall be retained by the Department of Health and Human Services and used for the purposes of subsections (b)(2) and (b)(3) of this section and for the repayment of debt service on financing contract indebtedness authorized pursuant to Article 9 of Chapter 142 of the General Statutes for the construction of a new State psychiatric hospital."

SECTION 4.4.(a) Dorothea Dix Hospital Property Study Commission. – If the State-owned real property encompassing the Dorothea Dix Hospital campus is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 4.4.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 5. GENERAL PROVISIONS

SECTION 5.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 5.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 5.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 5.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 5.2. Effective Date. – This act is effective when it becomes law.

House Committee on Finance

Minutes

~

June 4, 2003

The House Committee on Finance met on Wednesday, June 4, 2003, 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons G. Allen, Howard, Luebke, McComas, and Wainwright; Vice-Chairs Gibson and Hill; Representatives Blackwood, Bordsen, Carney, Ellis, Glazier, Hackney, Holliman, Jones, Lewis, McCombs, McGee, Munford, Rayfield, Ross, Setzer, Starnes, Weiss, C. Wilson, and Womble; and Ex Officio Members, Representatives Culpepper and Eddins. Also present were Sergeant-at-Arms Bob Fowler, Bill Freeman, Dusty Rhodes, and Walter Spell. Staff persons present included Trina Griffin, Martha Harris, Jim Klingler, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman Allen called the meeting to order at 8:50 am and immediately recognized the four pages present: Duncan Briley of Columbus County, sponsored by Representative Hill; Camry Curtis of Wake County, sponsored by Speaker Black; Cameron Falkner of Vance County, sponsored by Representative Fox; and Tempe Williamson of Franklin County, sponsored by Representative L. Allen.

In continuing the business of the Committee from yesterday's (June 3, 2003) meeting, Chairman Allen explained the purpose of the meeting was for the further discussion of HB 684, HB 949, and HB 961, involving the location for construction of a new psychiatric hospital in the state (see bill summary and fiscal notes in attachment 3). The Chair then recognized Representative Wainwright to send forth an amendment (see attachment 4) to HB 684 (see attachment 5). Representative Wainwright explained that the amendment acted to designate the location for the state's new psychiatric hospital to be at Butner and then moved for the adoption of his amendment. He offered support for the Butner site for several stated reasons:

- Butner was the preferred site of the combined expertise within the North Carolina Department of Health and Human Services and its Secretary, Carmen Hooker Odom.
- Butner already had a relevant and qualified staff in place.
- He noted that despite contrary reports, there was not a 20% vacancy rate among Registered Nurses at Butner, but rather only a 3.5% rate of vacancy.
- The economy in Butner would suffer significantly in an already slow job market if the new hospital was not built in the area.
- Finally, he noted that the State already owns the land at Butner, and the water and sewer are already in place for use.

Immediately following Representative Wainwright's discussion of the proposed amendment to HB 684, Representative Hackney was recognized to speak against the amendment. As a supporter of the Chatham County/Siler City site, he stated that he was "absolutely convinced" that Butner was the wrong location for the new hospital, noting as he had in earlier meetings that the Butner location is not central and does not serve the central region of the state well.

Representative Hackney then sent forth a "perfecting" amendment to HB 684 and explained that the amendment acted to change Representative Wainwright's initial amendment (designating Butner as the location for the new hospital) to the Chatham County/Siler City site (see attachment 6). Upon discussion among the members and consultation with staff, however, Chairman Allen then acted to rule Representative Hackney's motion out of order, stating that a perfecting amendment could not be offered to a standing amendment when it acts in direct opposition to that amendment.

The Chairman then recognized Representative Ellis to address the Committee on Representative Wainwright's amendment to HB 684. He spoke against the amendment stating first that Secretary Odom's recommendation to place the hospital in Butner was based more on commerce than patient care, and second that the costs (incurred by the counties) of transporting patients to and from Butner was likely higher than either the Chatham or Wake sites.

Representative Ross was recognized next by the Chair. She also spoke against the proposed Butner site citing, once again, the high vacancy rates of registered nurses. She then provided a report to the Committee obtained from the current Umstead Hospital in Butner detailing a 22% vacancy rate among nurses dated May 31, 2003. Upon request of Representative Wainwright, the Chair immediately recognized Secretary Odom and Dr. Patsy Christian, Director of the Umstead Hospital in Butner, to address the data presented by Representative Ross. The Secretary noted her deep concern of the allegations implicated by Representative Ross and informed the Committee that, in general, all of the State's hospitals had been cited at some point in the past for lack of staff, including Dix Hospital in Raleigh. Dr. Christian was then recognized and explained that vacancies at the hospital were measured in different ways, according to wards, etc. She stated that the current need at Butner was for only 7 nurses. Representative Starnes requested further information from Dr. Christian on these staffing matters, but was informed that the staffing issues of the hospital were simply too complex to discuss generally. Representative Crawford was recognized to interject a comment concerning staffing, stating that the turnover rate of nurses at the Dix Hospital was much higher than at Umstead Hospital in Butner and that whenever Umstead has needed nurses, they have always been found, even as far as Greenville.

Noting the time of 9:52 am, Representative Wainwright was recognized and inquired of the Chair's his intent for the meeting. Chairman Allen then informed the members that the meeting would continue until the matter before the Committee was voted upon and resolved.

In returning to debate the amendment on HB 684, Representatives Womble and Luebke were recognized and both noted their support of the Butner site. Representative Gibson, however, reiterated his support of the proposed Chatham location due to its central location. He further noted, however, that if provisions were included to reimburse the counties in the central region for the costs of transporting patients to the hospital in the Butner area, a lot more support for the bill could likely be garnered, especially when the bill was debated on the House floor. Representative Crawford stated his support of Representative Gibson's suggestion.

Chairman Allen then recognized Representative Jones who stated his opinion that the issues involving the new hospital had been overstressed. He stated that the decision should be simple. He noted that Butner had a long history of quality care for the mentally ill and that the Committee should support Secretary Odom's recommendation.

Representative Hackney was recognized next and acted to send forth and move adoption of another simple perfecting amendment deleting lines 1-3 (the site location in the title) of Representative Wainwright's amendment on HB 684 (see attachment 7). Representative Wainwright, however, was quickly recognized by the Chair to speak against the amendment, reminding members that the other amendments to HB 949 (see attachment 8) and HB 961 (see attachment 9) (as discussed at earlier meetings) included the location of the hospital in their titles and, therefore, so should the amendment to HB 684. Representative Wilson concurred with Representative Wainwright's assertion (as did Representative Creech) and stated her belief that Representative Hackney's latest amendment was an attempt to prolong a vote on the matter.

Seeing no further concerns and a roll call being requested, Chairman Allen called the vote on Representative Hackney's simple amendment and by a vote of 14 in support and 17 in opposition, the amendment was not adopted (see attachment 7). Following this, the Chair then recognized Wainwright who, again, moved adoption of his amendment to HB 684, which placed the site of the new psychiatric hospital in Butner. A roll call vote having been requested, the Chair then instructed the Clerk to call the vote. With 24 in favor and 8 opposed the Wainwright amendment was adopted (see attachment 5).

Representative Wainwright was again immediately recognized by the Chair and moved that the adopted amendment to HB 684 be incorporated into the bill and rolled into a new committee substitute bill. The Chair called the motion to a vote and it carried by consent. As such, HB 684 was reported unfavorable as to the first committee substitute; favorable as to the second committee substitute bill.

Having no further business before the Committee, Chairman Allen adjourned the meeting at 10:15 am.

Respectfully submitted

Representative Gordon Allen
Presiding Chair

Jason A. Cannon
Clerk, Committee on Finance

HB 684, 949, & 961 (PCS): Psychiatric Hospital Financing

BILL ANALYSIS

Committee: House Finance
Date: May 21, 2003
Version: PCS

Sponsors: See below
Analysis by: Martha H. Harris
Staff Attorney

SUMMARY: The PCS for each of these three bills authorizes the issuance of up to $110 million in security interest debt to finance the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital.

Introduction: Three bills have been introduced in the House to authorize the issuance of $110 million of debt to finance a new psychiatric hospital. The sponsors and the hospital locations for each bill are indicated in the following chart:

Bill #	Short Title	Sponsors; Co-Sponsors	Status
H684 **[S845]**	Psychiatric Hospital – Butner H684-CSLCx-42	Rep. Crawford, G. Allen, Fox, Luebke; Rep. Wainwright [Sen. Gulley]	H Finance [S Finance]
H949	Psychiatric Hospital – Chatham H949-CSLCx-41	Rep. Hackney, Insko, Brubaker, Culp	H Finance
H961	Psychiatric Hospital – Wake H961-CSLCx-43	Rep. Ross, Munford, Miner, Weiss; Rep. B. Allen, Capps, Eddins, Ellis	H Finance

The PCS for each of these bills removes the location so that no location is specified. A location can be added by adoption of an amendment.

The PCS for each bill also makes two changes suggested by the State Treasurer:

1. Removes the authorization for special obligation bonds that would have been supported by receipts of the new hospital. It has been determined that these bonds would not be marketable.
2. Clarifies that any recurring savings generated by closing any existing psychiatric hospitals would be used for debt service. This provision is worded generically, without naming any institutions that might be closed.

The following summary applies equally to the PCS for each bill, as they are identical:

Part 1 of the bill enacts the procedural and regulatory provisions needed to carry out the security interest indebtedness. This provision is similar to the repair and renovation authorization that was in the House budget bill. Commonly referred to as "certificates of participation," security interest indebtedness is debt that is secured by an interest in the property being repaired or renovated. The term "special indebtedness" is employed to cover the three forms that this type of debt can take: installment purchase (with or without certificates of participation), lease-purchase (with or without certificates of

participation), and bonds. In each case, the debt is nonvoted. The particular form to be used for a given project will depend on its size, the nature of the property and the improvement, and other circumstances. Based on these circumstances, one form or another of security interest debt may be the least expensive and most practical for the State to utilize. More details about security interest debt are provided at the end of this summary. Part 1 prohibits the issuance of security interest debt except for projects specifically authorized by the General Assembly.

Part 2 of the bill provides the specific legislative authorization for up to $110 million of this type of indebtedness to be used for a new psychiatric hospital. Part 2 also states: "The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project."

Part 3 of the bill makes the following changes:

- Requires DHHS to maintain the UNC Medical School research programs currently being conducted at Dorothea Dix hospital.
- Authorizes the county chosen as the site for the hospital to acquire the land by eminent domain and to convey the land to the State.
- Directs that recurring savings realized from the closure of State psychiatric hospitals will not revert to the General Fund but will be used for the payment of debt service on the debt financing the new hospital.
- Creates a study commission to consider the potential disposition of the State-owned real property encompassing the Dorothea Dix Hospital campus.

Details about Security Interest Debt

Security. The debt would be secured by a lien on or security interest in all or any part of the capital facilities to be financed, including all or part of any land on which improvements are to be constructed. If the project is a renovation, the entire existing facility as well as the improvement could serve as security. The value of the property securing the debt may exceed the amount of the debt and the financing of several capital projects may be jointly secured by liens on some or all of the capital facilities being financed.

There would be no pledge of the State's faith and credit or taxing power. Thus, voter approval is not necessary for the borrowing. If the State defaulted on its repayments, no deficiency judgment could be rendered against the State, but the capital facilities that serve as security could be disposed of to generate funds to satisfy the debt. The State could choose not to appropriate funds to repay the debt, but such a decision would have negative consequences for the State's credit rating.

Types of projects. The bill specifically defines capital facilities that may be financed as any combination of:

(1) Buildings, utilities, structures, and other facilities and property developments, including streets, landscaping, equipment and furnishings in connection with a building project.

(2) Additions, renovations, and improvements to existing facilities, including streets and landscaping.

(3) Land acquisition.

(4) Other infrastructure.

(5) Furniture, equipment, vehicles, machinery, and similar items.

Form of debt. The funds could be borrowed from a single entity in an installment purchase or lease purchase contract, could be generated by the issuance of limited obligation bonds, or could be borrowed under an installment financing contract by the sale of certificates of participation. A certificate of participation represents the holder's undivided interest in the right to receive the installment payments to be made by the State. If certificates of participation are issued, a nonprofit corporation will act as a straw person to facilitate the financing.

History. While local governments have used installment finance contracts for years, it is a recent financing tool for the State. In 1999, the Senate passed Senate Bill 912 to authorize the issuance of bonds for UNC system and Community College system projects, to be secured by the property being constructed or improved. The House of Representatives rejected this part of the bill and when the bill was enacted in 2000 the bonds authorized were general obligation bonds, which the voters subsequently approved. In 2000, the General Assembly enacted S.L. 2000-143, which authorized installment contract financing for a $13.5 million office building and wildlife education center for the Wildlife Commission and a $4 million Eastern Wildlife Education Center. In 2001, the General Assembly authorized the State to enter into lease-purchase contracts to finance three prisons (S.L. 2001-84). In 2002, the General Assembly authorized installment financing contracts for guaranteed energy savings contracts for State buildings (S.L. 2002-161). In 2003, both the House and Senate versions of the budget bill authorized special indebtedness for repair and renovations and the Senate version also authorized lease-purchase of an additional three prisons.

Oversight. Before special indebtedness could be issued or incurred, the State Treasurer must certify that debt financing may be desirable for a specific project presented to it by the Department of Administration. Next, the Council of State must give preliminary approval. If preliminary approval is obtained, the Council of State must give final approval, setting out details such as the maximum amount to be financed, the maximum maturity, and the maximum interest rates. The maximum maturity may not exceed 40 years. The State Treasurer must approve the financing, finding that the amount to be borrowed is adequate and not excessive and will not require an excessive increase in any State revenues to provide for repayment, and that the special indebtedness can be incurred or issued on terms favorable to the State. Finally, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations at least five days before any special indebtedness is issued or incurred.

FISCAL ANALYSIS MEMORANDUM

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Health and Human Services

EFFECTIVE DATE: When the bill becomes law

BILL SUMMARY:

The Project - The proposed committee substitute (PCS) for House Bills 684, 949, and 961 provides authorization for financing the construction of a 450,000 square foot, 432-bed psychiatric hospital for central North Carolina. The amount of indebtedness is limited to the estimated cost of construction of $110 million.

Special Indebtedness - Financing authorized by this proposed bill includes: (1) an installment-purchase or lease-purchase contract with a single entity; (2) limited obligation bonds, or (3) an installment-purchase contract through the sale of certificates of participation. Certificates of participation are a form of contract indebtedness where the State, through a non-profit corporation, issues certificates that represent the holder's undivided interest in the right to receive installment payments from the State.

Securitization - In order to secure financing under the three forms of indebtedness listed above, a lien or security interest may be placed on the constructed facilities comprising the new hospital and the land on which the facilities are located. If this indebtedness is used to finance the renovation of existing facilities, a lien could be placed on all or part of the existing facilities.

Under the forms of financing authorized by this PCS, there would be no pledge of the State's taxing power or a pledge of the State's full faith and credit. As a result, voter approval is not necessary for issuance of these forms of debt. If the State defaulted on repayment of this debt, the State could not be forced to generate new tax revenue to service the debt. Instead, the land and facilities financed through special indebtedness could be liquidated to repay the debt. If the General Assembly chose not to appropriate funds for debt service for the new hospital, the State's credit rating could be adversely impacted.

Issuance – The Department of Health and Human Services must notify the Department of Administration of the need for special indebtedness. The Department of Administration then consults with the Office of State Treasurer on the merits of issuing debt for the authorized purpose. The Treasurer must contact the Office of State Budget and Management to determine whether revenues will be available to service the proposed debt. If the Treasurer determines that special indebtedness is desirable for financing the project, the Treasurer must certify this decision in writing to the Department of Administration.

The Department of Administration then calls a meeting of the Council of State for preliminary approval. Prior to issuance of debt, the Council of State must give final approval. The approval resolution must contain a description of the specific project, a maximum principal amount of the special indebtedness, a specified maturity or maximum maturity on the debt, specified interest rates or a maximum rate of interest on the debt, and any condition in addition to the provisions of this bill.

Upon approval by the Council of State, the Treasurer provides final written approval. To do so, the Treasurer is authorized to request addition information and reports to determined the appropriateness of issuing debt. The Treasurer is responsible for management and oversight of the issuance of debt. Once all the provisions of this bill have been met, the Treasurer must report to Joint Legislative Commission on Governmental Operations at least five days prior to issuing any special indebtedness.

UNC Research Programs – This PCS directs the Department of Health and Human Services (DHHS) to preserve all existing educational and research programs in Dorothea Dix Hospital conducted by the University of North Carolina Medical School. As the Department closes Dix Hospital, DHHS must consult with the UNC Medical School regarding the transfer of these programs to the new hospital. The UNC Medical School would retain authority over the management of these education and research programs in the new psychiatric hospital.

Disposition of County Property – Upon selection of a particular site to construct the new hospital, this proposed bill authorizes the selected county to use eminent domain, if necessary, to acquire land for the project. The county would transfer possession of this land to the State.

Cost Savings and Hospital Closure – This PCS requires all savings associated with the closure of any psychiatric hospitals to be directed to repaying debt service on the new psychiatric hospital before reverting to the General Fund. Nonrecurring savings would be deposited in the Mental Health Trust Fund for System Reform and recurring savings would be retained by DHHS. Both sources of funds would be dedicated first to repaying the debt. The balance of non-recurring cost savings, after payment of the annual debt service, would remain in the Mental Health Trust Fund for the purposes of the Trust Fund. All remaining recurring savings would be retained by DHHS for the purpose of complying with the Olmstead v. L.C. and E.W. case and implementation Mental Health Reform.

In practical terms, funds saved from the closure of the two hospitals will: (1) pay the annual debt service on the new hospital; (2) pay the operating expenses of the new hospital, and (3) the remaining balance will go to community programs for the expansion of mental health services in the community.

Dix Hospital Property Study Commission – The proposed bill establishes the Dorothea Dix Property Study Commission. If the State finds itself in the position of selling the land and facilities on which Dorothea Dix Hospital is currently located, the Dorothea Dix Property Study Commission must consider the sale prior to any action by the State. Before the sale occurs, the Study Commission will make a recommendation on disposition of the property to the Joint Legislative Commission on Governmental Operations.

ASSUMPTIONS AND METHODOLOGY:

The proposed bill calls for a 450,000 square foot, 432-bed psychiatric hospital. The cost of constructing this hospital is estimated to be $110 million. Construction is assumed to begin in November 2004 and complete in November 2006.

Debt service payments were estimated based on a simulation provided by the Office of State Treasurer. The estimated debt service assumes that the State will finance the full $110 million through special indebtedness. The estimated repayment includes an average interest rate of 6.0% and a maximum maturity of 20 years. The earliest expected date of issuance would be November 2004. Estimated annual debt services payments range from $5.83 million to $12.1 million.

The following chart displays the current expenditures associated with operating Dix and Umstead Hospitals for the next five years. The chart also shows the shift of operating dollars from the two existing hospitals to the newly constructed psychiatric hospital and to the community for increased local mental health services.

The New Psychiatric Hospital and Realignment of Operating Expenditures					
Operating Expenditures	**FY 2003-04**	**FY 2004-05**	**FY 2005-06**	**FY 2006-07**	**FY 2007-08**
Dix and Umstead Hospitals	$107,415,928	$103,652,980	$85,567,980	$60,313,621	$0
New Psychiatric Hospital	$0	$0	$0	$21,666,667	$52,000,000
Hospital Debt Service		$3,300,000	$12,100,000	$11,770,000	$11,440,000
Butner ADATC and Dix Campus Operation			$3,917,693	$9,402,462	$9,402,462
Expenditures Realigned to Community Services	$5,231,780	$6,475,000	$15,760,000	$15,760,000	$40,585,518

In calculating the numbers in the chart above, DHHS made the following assumptions:

- The operating costs of Dix and Umstead Hospitals do not include lapse salaries/benefits, which are budgeted annually.
- In FY 2005-06 and subsequent years, DHHS separated the estimated budget for running the Butner Alcohol and Drug Abuse Treatment Center (ADATC) and for maintaining the Dix Campus.
- The Butner ADATC expenditures were estimated from the average appropriation to the Jones ADATC and the Keith ADATC.
- The Dix Campus operating expenditures were estimated according to current appropriations for maintain the Dix Campus facilities used by various DHHS agencies and 15% of the appropriation for the hospital facilities.

- The estimated operating costs for the new hospital are based on the average appropriation for Dix and Umstead, excluding the Butner ADACT and the Dix Campus operation.

As proposed in the PCS, this analysis assumes that the cost savings from the closure of Dix and Umstead Hospitals would not revert to the General Fund. Instead, the cost-savings would be used to pay the debt service for the new hospital, the operating expenditures associated with the new hospital, and the expansion of community-based mental health services. Considering that DHHS is anticipating annual cost-savings from the closure of Dix and Umstead Hospitals that exceed the cost of annual debt service payments for the new hospital, **no net impact to the General Fund is expected.**

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H D

HOUSE BILL 684*
PROPOSED COMMITTEE SUBSTITUTE H684-CSLCx-42 [v.2]

5/22/2003 11:16:40 AM

Short Title: Psychiatric Hospital Financing. (Public)

Sponsors:

Referred to:

March 26, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE AND TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS TO FINANCE THE CONSTRUCTION OF A NEW PSYCHIATRIC HOSPITAL.

The General Assembly of North Carolina enacts:

PART 1. STATE CAPITAL FACILITIES FINANCE ACT

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the

State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, other types of reserves required pursuant to the terms of any special indebtedness or related documents, and interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State's agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract, installment purchase contract, or other similar type of installment

financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:
a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.
b. A private corporation or other entity issuing certificates of participation pursuant to this Article.
(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.
(18) State. – The State of North Carolina, including any State agency.
(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.
(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.
(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the State Treasurer advising the State Treasurer of its intent. The State Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of

Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget

proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special

indebtedness, or to a purchaser of property in connection with a foreclosure or similar conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer, or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until

delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or notes were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the

General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured

as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or

notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery, and similar items; or any combination of the foregoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum aggregate principal amount of one hundred ten million dollars ($110,000,000) to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and the Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, in an aggregate principal amount not to exceed one hundred ten million dollars ($110,000,000). The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 3.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority

over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 3.2. Part 3 of Article 8 of Chapter 153A of the General Statutes is amended by adding the following new section to read:

"**§ 153A-178. Disposition of county property for a State psychiatric hospital.**

When the Secretary of Health and Human Services selects a county for the location of a new State psychiatric hospital as authorized by law, the county selected for the location of the new State psychiatric hospital is authorized under the general law to acquire real and personal property and convey it to the State under G.S. 160A-274 or other applicable law for use as a psychiatric hospital. The county may acquire the property by eminent domain, and the power under this section is supplementary to any other power the county may have to take property by eminent domain."

SECTION 3.3. G.S. 143-15.3D is amended by adding the following new subsection to read:

"(c) Notwithstanding G.S. 143-18, any nonrecurring savings in State appropriations realized from the closure of any State psychiatric hospitals that are in excess of the cost of operating and maintaining a new State psychiatric hospital shall not revert to the General Fund but shall be placed in the Trust Fund and shall be used for the purposes authorized in this section. Notwithstanding G.S. 143-18, recurring savings realized from the closure of any State psychiatric hospitals shall not revert to the General Fund but shall be used for the payment of debt service on financing contract indebtedness authorized pursuant to Article 9 of Chapter 142 of the General Statutes for the construction of a new State psychiatric hospital. Any remainder not needed for this debt service shall be credited to the Department of Health and Human Services to be used only for the purposes of subsections (b)(2) and (b)(3) of this section."

SECTION 3.4.(a) Dorothea Dix Hospital Property Study Commission. – If any of the State-owned real property encompassing the Dorothea Dix Hospital campus is no longer needed by Dorothea Dix Hospital and is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 3.4.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 4. GENERAL PROVISIONS

SECTION 4.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 4.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 4.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 4.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 4.2. Effective Date. – This act is effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

HOUSE BILL 684*

Short Title:	Psychiatric Hospital Bonds.	(Public)
Sponsors:	Representatives Crawford, G. Allen, Fox, Luebke (Primary Sponsors); and Wainwright.	
Referred to:	Finance.	

March 26, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE, TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS TO FINANCE THE CONSTRUCTION OF A NEW PSYCHIATRIC HOSPITAL IN BUTNER, AND TO AUTHORIZE THE ISSUANCE OF SPECIAL OBLIGATION BONDS FOR THE CONSTRUCTION OF THE NEW PSYCHIATRIC HOSPITAL.

The General Assembly of North Carolina enacts:

PART 1. STATE CAPITAL FACILITIES FINANCE

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, and other types of reserves required pursuant to the terms of any special indebtedness or related documents, interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract,

installment purchase contract, or other similar type of installment financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State, if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:

a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.

b. A private corporation or other entity issuing certificates of participation pursuant to this Article.

(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.

(18) State. – The State of North Carolina, including any State agency.

(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.

(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.

(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities, and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the Treasurer advising the Treasurer of its intent. The Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of Administration shall request the Council of State to give its preliminary approval of the

use of special indebtedness to finance the capital facilities. The Department of Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness, is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the

particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special indebtedness, or to a purchaser of property in connection with a foreclosure or similar conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the

effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the

delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or notes were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved, if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding, if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the

custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for

the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase

agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery and similar items; or any combination of the forgoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum principal amount of one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003, to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital to be located in Butner.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, provided that the aggregate principal amount shall not exceed one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003. The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. SPECIAL OBLIGATION HOSPITAL BONDS

SECTION 3.1. Title. – This Part shall be known and may be cited as the "Special Obligation Hospital Bonds Act of 2003." References in this Part to "this act" mean this Part.

SECTION 3.2. Definitions. – The following definitions apply in this act:

(1) Bonds. – Special obligation bonds issued by the State pursuant to this act.

(2) Cost. – Any of the following, without limiting or restricting any proper definition of this term in financing the cost of the project as authorized by this act:

a. The cost of acquiring, constructing, and equipping the project, including the acquisition of rights-of-way, easements, equipment, furnishings, land, and other interests in real or personal property acquired or used in connection with the project.

b. The cost of engineering, architectural, and other consulting services in connection with the project as may be required.

c. Finance charges, reserves for debt service, and other types of reserves required pursuant to the terms of the trust agreement or resolution or related documents, interest before and during construction or acquisition of the project and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

d. Administrative expenses and charges.

e. The cost of bond insurance, investment contracts, credit and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of the bonds.

f. The cost of reimbursing the State for any payments made for any cost described above.

g. Any other costs and expenses necessary or incidental to the purposes of this act.

(3) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption

premium, if any, and interest with respect to the bonds payable on demand or tender by the owner in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(4) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(5) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any bonds including any of the following:

a. A provision providing for an adjustment so that the purchase price of the bonds in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this act and will not materially and adversely affect the financial position of the State and the marketing of the bonds at a reasonable interest cost to the State.

(6) Pledged revenues. – Pledged revenues consist of any or all of the following:

a. The Medicaid and Medicare reimbursements received by the State and allocated for depreciation expense of the project, plus the Medicaid and Medicare reimbursements received by the State and allocated for interest on the debt used to finance the project.

b. The funds deposited with the Department of State Treasurer as nontax revenue associated with Disproportionate Share Payments from State institutions for mental disease that are collected pursuant to Title XIX of the Social Security Act, 42 U.S.C. 1396r-4, as amended.

c. The revenues generated by the project.

(7) Project. – The acquisition, construction, and equipping of an approximately 400,000 square foot, 432-bed new psychiatric hospital to be located in Butner.

(8) State. – The State of North Carolina, including any State agency.

(9) State agency. – Any State agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.

(10) State Treasurer or Treasurer. – The incumbent Treasurer, from time to time, of the State.

(11) Trust agreement. – Any trust agreement or similar instrument or agreement authorizing and securing bonds issued under this act.

SECTION 3.3. Authorization. – The State Treasurer may, by and with the consent of the Council of State, issue and sell special obligation bonds of the State to pay the cost of the project, in a total principal amount not to exceed one hundred ten million dollars ($110,000,000), which maximum principal amount shall be reduced by the amount of any special indebtedness incurred for the project under Article 9 of Chapter 142 of the General Statutes. The principal of, premium, if any, and interest on the bonds shall be payable solely from the pledged revenues in accordance with the terms of the resolution or trust agreement authorizing and securing the bonds. The State Treasurer may, in the State Treasurer's sole discretion, require one or more reports satisfactory to the State Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

SECTION 3.4. Terms and Conditions. – The bonds may be issued, from time to time, in one or more series, but in no event before July 1, 2004. The bonds shall be dated, and may be made redeemable before maturity at the option of the State at any price or prices and upon any terms and conditions, as may be determined by the State Treasurer at the time of the sale of the bonds. The bonds also may be made payable, from time to time, on demand or tender for purchase by the owner upon any terms and conditions as may be determined by the State Treasurer. The bonds shall bear interest at any rate or rates (whether fixed or variable, or any combination thereof, and including, without limitation, any variations as may be permitted pursuant to a par formula) as may be determined by the State Treasurer. Bonds shall mature at any time or times not exceeding 40 years from their date or dates, as may be determined by the Council of State, subject to the limitations provided in this act. The Council of State shall determine the form and manner of execution of the bond, and shall fix the denominations and the places of payment of principal and interest, which may be any bank or trust company within or without the State. If an officer whose signature or facsimile of whose signature appears on any bond ceases to be that officer before the delivery of the bonds, the signature or facsimile is nevertheless valid for all purposes as if the officer had remained in office until the delivery. The Council of State may also provide for the authentication of the bonds by a trustee or fiscal agent. The Council of State may also provide for any other terms, conditions, or matters not inconsistent with the provisions of this act.

Bonds may be sold in any manner, either at public or private sale, and for any price as the State Treasurer determines to be for the best interests of the State and to effectuate best the purposes of this act, as long as the sale has been approved by the Council of State. The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment agreements, credit and liquidity facilities, interest rate swap agreements and other derivative products, and any other related instruments as the State Treasurer determines are desirable in connection with the issuance of bonds under this act. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, and bond attorneys to be associated

with any bond issue under this act. The proceeds of any bonds shall be used solely for the purposes for which they are issued and shall be disbursed in any manner and under any restrictions the Council of State may provide in the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

Except as otherwise expressly provided in this act, bonds may be issued under this act without obtaining the consent of any department, division, commission, board, body, bureau, or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions, or things that are specifically required by this act and the provisions of the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

SECTION 3.5. Trust Agreement or Resolution. – Any bonds issued under the provisions of this act may be secured by a trust agreement by and between the State and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. The resolution or trust agreement authorizing and securing the bonds shall, subject to the limitations set forth in this act, specify the pledged revenues and shall pledge or assign the pledged revenues to pay the principal of, premium, if any, or interest on the bonds in the manner provided by this act. The resolution or trust agreement may contain any provisions for protecting and enforcing the rights and remedies of the holders of any bonds as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the State in relation to the purposes to which bond proceeds may be applied, the disposition or pledging of the pledged revenues, the terms and conditions for the issuance of additional bonds, and the custody, safeguarding, and application of all moneys.

Any resolution or trust agreement may restrict the individual right of action by an individual owner of bonds. In addition to the foregoing, any resolution or trust agreement may contain any other provisions as the Council of State considers reasonable and proper for the security of the holders of any bonds. Expenses incurred by the State in carrying out the provisions of the resolution or trust agreement may be paid from the pledged revenues as provided for in the resolution or trust agreement.

SECTION 3.6. Pledge of Revenues; Limited Obligations. – The State is authorized to pledge the pledged revenues to the payment of the principal of, premium, if any, and interest on bonds issued under this act as they become due and payable, and to create and maintain any reserves therefor, and to fulfill the terms of any agreements made with the holders of bonds issued under this act. Notwithstanding the foregoing, any pledged revenues not required to pay the principal of, premium, if any, and interest on the bonds secured by the pledged revenues as they become due and payable, or to create and maintain any reserves for them, or to fulfill the terms of any agreements made with the holders of the bond issued under this act, shall be available to the State for expenditure for any lawful purpose, subject to the terms and provisions of any resolution or trust agreement authorizing and securing the bonds.

Any pledge of the pledged revenues made by the State under the provisions of this act shall be set forth in the resolution or trust agreement authorizing the issuance of the bonds. The pledge of these pledged revenues made by the State shall be valid and binding from the time when the pledge is made. All pledged revenues so pledged and

thereafter received by the State are immediately subject to the lien of the pledge without any physical delivery or further act, and the lien of the pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the State, irrespective of whether the parties have notice of the lien. The resolution or trust agreement by which a pledge is created need not be filed or recorded except in the records of the Council of State.

All bonds issued under this act shall be equally and ratably secured by a pledge, charge, and lien upon the pledged revenues pledged to the payment of those bonds, without priority by reason of number, or of dates of bonds, execution, or delivery, in accordance with the provisions of this act and of the resolution or trust agreement authorizing and securing the bonds; except that the State may provide in the resolution or trust agreement that the bonds shall, to the extent and in the manner prescribed in the resolution or trust agreement, be subordinated and junior in standing with respect to the payment of principal of, premium, if any, and interest on any other bonds.

All bonds issued under this act shall be special obligations of the State. The principal of, premium, if any, and interest on the bonds shall not be payable from the general funds of the State, nor shall they constitute a legal or equitable pledge, charge, lien or encumbrance upon any of its property or upon any of its income, receipts, or revenues, except the pledged revenues. Neither the credit nor the taxing power of the State is pledged for the payment of the principal of, premium, if any, or interest on the bonds, and no holder of bonds has the right to compel the exercise of the taxing power by the State or the forfeiture of any of its property in connection with any default on the bonds, except for the pledged revenues. Every bond issued under this act shall recite in substance that the principal of, premium, if any, and interest on the bond is payable solely from the pledged revenues and that the State is not obligated to pay the principal, premium, or interest, except from these pledged revenues so pledged.

SECTION 3.7. Agreement of the State. – The State pledges to and agrees with the holders of any bonds by the State pursuant to this act that as long as any of the bonds are outstanding and unpaid, the State will not limit or alter the rights vested in the State at the time of issuance of the bonds to collect and apply the pledged revenues in the manner provided in the resolution or trust agreement authorizing and securing the bonds to pay the principal of, premium, if any, and interest on the bonds as they become due and payable, and to create and maintain any reserves for payment, and to fulfill the terms of any agreements made with the holders of the bonds. The State will not in any way impair the rights and remedies of the holders of the bonds until the bonds and all costs and expenses in connection with any action or proceedings by or on behalf of the holders of the bonds, are fully paid, met, and discharged.

SECTION 3.8. Trust Funds. – Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this act, including proceeds of the bonds and the pledged revenues, are trust funds to be held and applied solely as provided in this act. The resolution authorizing the issuance of, or any trust agreement securing any bonds issued under this act may provide that any of these moneys may be temporarily invested pending their disbursement and shall provide that

any officer with whom, or any bank or trust company with which, the moneys are deposited shall act as trustee of the moneys and shall hold and apply them for the purposes of this act, subject to any limitations this act and the resolution or trust agreement provide. These moneys may be invested in any investment authorized by law for investment of trust funds held by the State Treasurer.

SECTION 3.9. Remedies. – Any holder of bonds issued under the provisions of this act, and the trustee under any resolution or trust agreement authorizing and securing the bonds, except to the extent the rights given in this act may be restricted by the resolution or trust agreement, may, either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any and all rights under the laws of the State or granted under this act or under the resolution or trust agreement, or under any other contract executed by the Council of State or the State Treasurer pursuant to this act, and may enforce and compel the performance of all duties required by this act or by the resolution or trust agreement to be performed by the State or by any officer of the State.

SECTION 3.10. Investment Securities. – All bonds and interest coupons appertaining to them issued under this act are investment securities within the meaning of and for all the purposes of Article 8 of Chapter 25 of the General Statutes, whether or not they are of the form and character as to be investment securities under that act, subject only to the provisions of the bonds pertaining to registration.

SECTION 3.11. Bonds Eligible for Investment. – Bonds issued under the provisions of this act are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Bonds issued under the provisions of this act are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

SECTION 3.12. Refunding Bonds. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds for the purpose of refunding any bonds issued under this act and then outstanding, including payment of any redemption premium on them and any interest accrued or to accrue to the date of redemption of the refunded bonds. Refunding bonds may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The principal of, premium, if any, and interest on the refunding bonds shall be payable solely from funds provided under this act for payment of bonds.

The proceeds from the sale of any refunding bonds shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being

refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

The issuance of refunding bonds, their maturities and other details, the rights of their holders, and the rights, duties, and obligations of the State in respect of them shall be governed by the provisions of this act that relate to the issuance of bonds, insofar as those provisions are appropriate.

SECTION 3.13. Officers and Employees Not Liable. – No member of the Council of State or officer or employee of the State shall be subject to any personal liability or accountability by reason of the execution or issuance of any bonds under this act.

SECTION 3.14. Tax exemption. – Any bonds issued by the State under the provisions of this act shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the bonds; and franchise taxes. Interest on the bonds is not subject to taxation as income.

PART 4. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 4.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 4.2. Part 3 of Article 8 of Chapter 153A of the General Statutes is amended by adding the following new section to read:

"**§ 153A-178. Disposition of county property for a State psychiatric hospital.**

When the Secretary of Health and Human Services selects a county for the location of a new State psychiatric hospital as authorized by law, the county selected for the location of the new State psychiatric hospital is authorized under the general law to acquire real and personal property and convey it to the State under G.S. 160A-274 or other applicable law for use as a psychiatric hospital. The county may acquire the

property by eminent domain, and the power under this section is supplementary to any other power the county may have to take property by eminent domain."

SECTION 4.3. G.S. 143-15.3D is amended by adding the following new subsection to read:

"(c) Notwithstanding G.S. 143-18, any nonrecurring savings in State appropriations realized from the closure of Dorothea Dix Hospital and John Umstead Hospital that are in excess of the cost of operating and maintaining the new State psychiatric hospital shall not revert to the General Fund but shall be placed in the Trust Fund and shall be used for the purposes authorized in this section. Notwithstanding G.S. 143-18, recurring savings realized from the closure of Dorothea Dix Hospital and John Umstead Hospital shall not revert to the General Fund but shall be retained by the Department of Health and Human Services and used for the purposes of subsections (b)(2) and (b)(3) of this section and for the repayment of debt service on financing contract indebtedness authorized pursuant to Article 9 of Chapter 142 of the General Statutes for the construction of a new State psychiatric hospital."

SECTION 4.4.(a) Dorothea Dix Hospital Property Study Commission. – If the State-owned real property encompassing the Dorothea Dix Hospital campus is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 4.4.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 5. GENERAL PROVISIONS

SECTION 5.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 5.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 5.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 5.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 5.2. Effective Date. – This act is effective when it becomes law.

Referred to:

April 8, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE AND TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS TO FINANCE THE CONSTRUCTION OF A NEW PSYCHIATRIC HOSPITAL.

The General Assembly of North Carolina enacts:

PART 1. STATE CAPITAL FACILITIES FINANCE ACT

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the

State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, other types of reserves required pursuant to the terms of any special indebtedness or related documents, and interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State's agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract, installment purchase contract, or other similar type of installment

financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:
a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.
b. A private corporation or other entity issuing certificates of participation pursuant to this Article.
(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.
(18) State. – The State of North Carolina, including any State agency.
(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.
(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.
(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the State Treasurer advising the State Treasurer of its intent. The State Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of

Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget

proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special

indebtedness, or to a purchaser of property in connection with a foreclosure or similar conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ___" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer, or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until

delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or notes were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the

General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured

as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or

notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery, and similar items; or any combination of the foregoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum aggregate principal amount of one hundred ten million dollars ($110,000,000) to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and the Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, in an aggregate principal amount not to exceed one hundred ten million dollars ($110,000,000). The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 3.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority

over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 3.2. Part 3 of Article 8 of Chapter 153A of the General Statutes is amended by adding the following new section to read:

"**§ 153A-178. Disposition of county property for a State psychiatric hospital.**

When the Secretary of Health and Human Services selects a county for the location of a new State psychiatric hospital as authorized by law, the county selected for the location of the new State psychiatric hospital is authorized under the general law to acquire real and personal property and convey it to the State under G.S. 160A-274 or other applicable law for use as a psychiatric hospital. The county may acquire the property by eminent domain, and the power under this section is supplementary to any other power the county may have to take property by eminent domain."

SECTION 3.3. G.S. 143-15.3D is amended by adding the following new subsection to read:

"(c) Notwithstanding G.S. 143-18, any nonrecurring savings in State appropriations realized from the closure of any State psychiatric hospitals that are in excess of the cost of operating and maintaining a new State psychiatric hospital shall not revert to the General Fund but shall be placed in the Trust Fund and shall be used for the purposes authorized in this section. Notwithstanding G.S. 143-18, recurring savings realized from the closure of any State psychiatric hospitals shall not revert to the General Fund but shall be used for the payment of debt service on financing contract indebtedness authorized pursuant to Article 9 of Chapter 142 of the General Statutes for the construction of a new State psychiatric hospital. Any remainder not needed for this debt service shall be credited to the Department of Health and Human Services to be used only for the purposes of subsections (b)(2) and (b)(3) of this section."

SECTION 3.4.(a) Dorothea Dix Hospital Property Study Commission. – If any of the State-owned real property encompassing the Dorothea Dix Hospital campus is no longer needed by Dorothea Dix Hospital and is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 3.4.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 4. GENERAL PROVISIONS

SECTION 4.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 4.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 4.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 4.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 4.2. Effective Date. – This act is effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H 1

HOUSE BILL 949*

Short Title:	Psychiatric Hospital Bonds.	(Public)
Sponsors:	Representatives Hackney, Insko, Brubaker, and Culp (Primary Sponsors).	
Referred to:	Finance.	

April 8, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE, TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS TO FINANCE THE CONSTRUCTION OF A NEW PSYCHIATRIC HOSPITAL NEAR SILER CITY IN CHATHAM COUNTY, AND TO AUTHORIZE THE ISSUANCE OF SPECIAL OBLIGATION BONDS FOR THE CONSTRUCTION OF THE NEW PSYCHIATRIC HOSPITAL.

The General Assembly of North Carolina enacts:

PART 1. STATE CAPITAL FACILITIES FINANCE

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the

State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, and other types of reserves required pursuant to the terms of any special indebtedness or related documents, interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract, installment purchase contract, or other similar type of installment

financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State, if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:
a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.
b. A private corporation or other entity issuing certificates of participation pursuant to this Article.
(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.
(18) State. – The State of North Carolina, including any State agency.
(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.
(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.
(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities, and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the Treasurer advising the Treasurer of its intent. The Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness, is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of

Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special indebtedness, or to a purchaser of property in connection with a foreclosure or similar

conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that

the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or

notes were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved, if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding, if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in

paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured as provided in the trust, without priority by reasons of number, dates of bonds or notes,

execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes and financing contract indebtedness during the term of the credit facility shall not

be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery and similar items; or any combination of the forgoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum principal amount of one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003, to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital to be located in Chatham County in the vicinity of Siler City.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, provided that the aggregate principal amount shall not exceed one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003. The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. SPECIAL OBLIGATION HOSPITAL BONDS

SECTION 3.1. Title. – This Part shall be known and may be cited as the "Special Obligation Hospital Bonds Act of 2003." References in this Part to "this act" mean this Part.

SECTION 3.2. Definitions. – The following definitions apply in this act:

(1) Bonds. – Special obligation bonds issued by the State pursuant to this act.

(2) Cost. – Any of the following, without limiting or restricting any proper definition of this term in financing the cost of the project as authorized by this act:

a. The cost of acquiring, constructing, and equipping the project, including the acquisition of rights-of-way, easements, equipment, furnishings, land, and other interests in real or personal property acquired or used in connection with the project.

b. The cost of engineering, architectural, and other consulting services in connection with the project as may be required.

c. Finance charges, reserves for debt service, and other types of reserves required pursuant to the terms of the trust agreement or resolution or related documents, interest before and during construction or acquisition of the project and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

d. Administrative expenses and charges.

e. The cost of bond insurance, investment contracts, credit and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of the bonds.

f. The cost of reimbursing the State for any payments made for any cost described above.

g. Any other costs and expenses necessary or incidental to the purposes of this act.

(3) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to the bonds payable on demand or tender by the owner in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(4) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(5) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any bonds including any of the following:

a. A provision providing for an adjustment so that the purchase price of the bonds in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this act and will not materially and adversely affect the financial position of the State and the marketing of the bonds at a reasonable interest cost to the State.

(6) Pledged revenues. – Pledged revenues consist of any or all of the following:

a. The Medicaid and Medicare reimbursements received by the State and allocated for depreciation expense of the project, plus the Medicaid and Medicare reimbursements received by the State and allocated for interest on the debt used to finance the project.

b. The funds deposited with the Department of State Treasurer as nontax revenue associated with Disproportionate Share Payments from State institutions for mental disease that are collected pursuant to Title XIX of the Social Security Act, 42 U.S.C. 1396r-4, as amended.

c. The revenues generated by the project.

(7) Project. – The acquisition, construction, and equipping of an approximately 400,000 square foot, 432-bed new psychiatric hospital to be located in Chatham County in the vicinity of Siler City.

(8) State. – The State of North Carolina, including any State agency.

(9) State agency. – Any State agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.

(10) State Treasurer or Treasurer. – The incumbent Treasurer, from time to time, of the State.

(11) Trust agreement. – Any trust agreement or similar instrument or agreement authorizing and securing bonds issued under this act.

SECTION 3.3. Authorization. – The State Treasurer may, by and with the consent of the Council of State, issue and sell special obligation bonds of the State to

pay the cost of the project, in a total principal amount not to exceed one hundred ten million dollars ($110,000,000), which maximum principal amount shall be reduced by the amount of any special indebtedness incurred for the project under Article 9 of Chapter 142 of the General Statutes. The principal of, premium, if any, and interest on the bonds shall be payable solely from the pledged revenues in accordance with the terms of the resolution or trust agreement authorizing and securing the bonds. The State Treasurer may, in the State Treasurer's sole discretion, require one or more reports satisfactory to the State Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

SECTION 3.4. Terms and Conditions. – The bonds may be issued, from time to time, in one or more series, but in no event before July 1, 2004. The bonds shall be dated, and may be made redeemable before maturity at the option of the State at any price or prices and upon any terms and conditions, as may be determined by the State Treasurer at the time of the sale of the bonds. The bonds also may be made payable, from time to time, on demand or tender for purchase by the owner upon any terms and conditions as may be determined by the State Treasurer. The bonds shall bear interest at any rate or rates (whether fixed or variable, or any combination thereof, and including, without limitation, any variations as may be permitted pursuant to a par formula) as may be determined by the State Treasurer. Bonds shall mature at any time or times not exceeding 40 years from their date or dates, as may be determined by the Council of State, subject to the limitations provided in this act. The Council of State shall determine the form and manner of execution of the bond, and shall fix the denominations and the places of payment of principal and interest, which may be any bank or trust company within or without the State. If an officer whose signature or facsimile of whose signature appears on any bond ceases to be that officer before the delivery of the bonds, the signature or facsimile is nevertheless valid for all purposes as if the officer had remained in office until the delivery. The Council of State may also provide for the authentication of the bonds by a trustee or fiscal agent. The Council of State may also provide for any other terms, conditions, or matters not inconsistent with the provisions of this act.

Bonds may be sold in any manner, either at public or private sale, and for any price as the State Treasurer determines to be for the best interests of the State and to effectuate best the purposes of this act, as long as the sale has been approved by the Council of State. The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment agreements, credit and liquidity facilities, interest rate swap agreements and other derivative products, and any other related instruments as the State Treasurer determines are desirable in connection with the issuance of bonds under this act. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, and bond attorneys to be associated with any bond issue under this act. The proceeds of any bonds shall be used solely for the purposes for which they are issued and shall be disbursed in any manner and under any restrictions the Council of State may provide in the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

Except as otherwise expressly provided in this act, bonds may be issued under this act without obtaining the consent of any department, division, commission, board, body, bureau, or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions, or things that are specifically required by this act and the provisions of the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

SECTION 3.5. Trust Agreement or Resolution. – Any bonds issued under the provisions of this act may be secured by a trust agreement by and between the State and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. The resolution or trust agreement authorizing and securing the bonds shall, subject to the limitations set forth in this act, specify the pledged revenues and shall pledge or assign the pledged revenues to pay the principal of, premium, if any, or interest on the bonds in the manner provided by this act. The resolution or trust agreement may contain any provisions for protecting and enforcing the rights and remedies of the holders of any bonds as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the State in relation to the purposes to which bond proceeds may be applied, the disposition or pledging of the pledged revenues, the terms and conditions for the issuance of additional bonds, and the custody, safeguarding, and application of all moneys.

Any resolution or trust agreement may restrict the individual right of action by an individual owner of bonds. In addition to the foregoing, any resolution or trust agreement may contain any other provisions as the Council of State considers reasonable and proper for the security of the holders of any bonds. Expenses incurred by the State in carrying out the provisions of the resolution or trust agreement may be paid from the pledged revenues as provided for in the resolution or trust agreement.

SECTION 3.6. Pledge of Revenues; Limited Obligations. – The State is authorized to pledge the pledged revenues to the payment of the principal of, premium, if any, and interest on bonds issued under this act as they become due and payable, and to create and maintain any reserves therefor, and to fulfill the terms of any agreements made with the holders of bonds issued under this act. Notwithstanding the foregoing, any pledged revenues not required to pay the principal of, premium, if any, and interest on the bonds secured by the pledged revenues as they become due and payable, or to create and maintain any reserves for them, or to fulfill the terms of any agreements made with the holders of the bond issued under this act, shall be available to the State for expenditure for any lawful purpose, subject to the terms and provisions of any resolution or trust agreement authorizing and securing the bonds.

Any pledge of the pledged revenues made by the State under the provisions of this act shall be set forth in the resolution or trust agreement authorizing the issuance of the bonds. The pledge of these pledged revenues made by the State shall be valid and binding from the time when the pledge is made. All pledged revenues so pledged and thereafter received by the State are immediately subject to the lien of the pledge without any physical delivery or further act, and the lien of the pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the State, irrespective of whether the parties have notice of the lien. The resolution or trust

agreement by which a pledge is created need not be filed or recorded except in the records of the Council of State.

All bonds issued under this act shall be equally and ratably secured by a pledge, charge, and lien upon the pledged revenues pledged to the payment of those bonds, without priority by reason of number, or of dates of bonds, execution, or delivery, in accordance with the provisions of this act and of the resolution or trust agreement authorizing and securing the bonds; except that the State may provide in the resolution or trust agreement that the bonds shall, to the extent and in the manner prescribed in the resolution or trust agreement, be subordinated and junior in standing with respect to the payment of principal of, premium, if any, and interest on any other bonds.

All bonds issued under this act shall be special obligations of the State. The principal of, premium, if any, and interest on the bonds shall not be payable from the general funds of the State, nor shall they constitute a legal or equitable pledge, charge, lien or encumbrance upon any of its property or upon any of its income, receipts, or revenues, except the pledged revenues. Neither the credit nor the taxing power of the State is pledged for the payment of the principal of, premium, if any, or interest on the bonds, and no holder of bonds has the right to compel the exercise of the taxing power by the State or the forfeiture of any of its property in connection with any default on the bonds, except for the pledged revenues. Every bond issued under this act shall recite in substance that the principal of, premium, if any, and interest on the bond is payable solely from the pledged revenues and that the State is not obligated to pay the principal, premium, or interest, except from these pledged revenues so pledged.

SECTION 3.7. Agreement of the State. – The State pledges to and agrees with the holders of any bonds by the State pursuant to this act that as long as any of the bonds are outstanding and unpaid, the State will not limit or alter the rights vested in the State at the time of issuance of the bonds to collect and apply the pledged revenues in the manner provided in the resolution or trust agreement authorizing and securing the bonds to pay the principal of, premium, if any, and interest on the bonds as they become due and payable, and to create and maintain any reserves for payment, and to fulfill the terms of any agreements made with the holders of the bonds. The State will not in any way impair the rights and remedies of the holders of the bonds until the bonds and all costs and expenses in connection with any action or proceedings by or on behalf of the holders of the bonds, are fully paid, met, and discharged.

SECTION 3.8. Trust Funds. – Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this act, including proceeds of the bonds and the pledged revenues, are trust funds to be held and applied solely as provided in this act. The resolution authorizing the issuance of, or any trust agreement securing any bonds issued under this act may provide that any of these moneys may be temporarily invested pending their disbursement and shall provide that any officer with whom, or any bank or trust company with which, the moneys are deposited shall act as trustee of the moneys and shall hold and apply them for the purposes of this act, subject to any limitations this act and the resolution or trust

agreement provide. These moneys may be invested in any investment authorized by law for investment of trust funds held by the State Treasurer.

SECTION 3.9. Remedies. – Any holder of bonds issued under the provisions of this act, and the trustee under any resolution or trust agreement authorizing and securing the bonds, except to the extent the rights given in this act may be restricted by the resolution or trust agreement, may, either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any and all rights under the laws of the State or granted under this act or under the resolution or trust agreement, or under any other contract executed by the Council of State or the State Treasurer pursuant to this act, and may enforce and compel the performance of all duties required by this act or by the resolution or trust agreement to be performed by the State or by any officer of the State.

SECTION 3.10. Investment Securities. – All bonds and interest coupons appertaining to them issued under this act are investment securities within the meaning of and for all the purposes of Article 8 of Chapter 25 of the General Statutes, whether or not they are of the form and character as to be investment securities under that act, subject only to the provisions of the bonds pertaining to registration.

SECTION 3.11. Bonds Eligible for Investment. – Bonds issued under the provisions of this act are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Bonds issued under the provisions of this act are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

SECTION 3.12. Refunding Bonds. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds for the purpose of refunding any bonds issued under this act and then outstanding, including payment of any redemption premium on them and any interest accrued or to accrue to the date of redemption of the refunded bonds. Refunding bonds may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The principal of, premium, if any, and interest on the refunding bonds shall be payable solely from funds provided under this act for payment of bonds.

The proceeds from the sale of any refunding bonds shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United

States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

The issuance of refunding bonds, their maturities and other details, the rights of their holders, and the rights, duties, and obligations of the State in respect of them shall be governed by the provisions of this act that relate to the issuance of bonds, insofar as those provisions are appropriate.

SECTION 3.13. Officers and Employees Not Liable. – No member of the Council of State or officer or employee of the State shall be subject to any personal liability or accountability by reason of the execution or issuance of any bonds under this act.

SECTION 3.14. Tax exemption. – Any bonds issued by the State under the provisions of this act shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the bonds; and franchise taxes. Interest on the bonds is not subject to taxation as income.

PART 4. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 4.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 4.2.(a) Dorothea Dix Hospital Property Study Commission. – If any of the State-owned real property encompassing the Dorothea Dix Hospital campus is no longer needed by Dorothea Dix Hospital and is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 4.2.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the

Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 5. GENERAL PROVISIONS

SECTION 5.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 5.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 5.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 5.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 5.2. Effective Date. – This act is effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

H D

HOUSE BILL 961
PROPOSED COMMITTEE SUBSTITUTE H961-CSLCx-43 [v.1]

5/19/2003 1:14:38 PM

Short Title: Psychiatric Hospital Financing. (Public)

Referred to:

April 9, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE AND TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS TO FINANCE THE CONSTRUCTION OF A NEW PSYCHIATRIC HOSPITAL.

The General Assembly of North Carolina enacts:

PART 1. STATE CAPITAL FACILITIES FINANCE ACT

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the

State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, other types of reserves required pursuant to the terms of any special indebtedness or related documents, and interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State's agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract, installment purchase contract, or other similar type of installment

financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:
a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.
b. A private corporation or other entity issuing certificates of participation pursuant to this Article.
(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.
(18) State. – The State of North Carolina, including any State agency.
(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.
(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.
(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the State Treasurer advising the State Treasurer of its intent. The State Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of

Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget

proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special

indebtedness, or to a purchaser of property in connection with a foreclosure or similar conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer, or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until

delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or notes were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the

General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured

as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or

notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery, and similar items; or any combination of the foregoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum aggregate principal amount of one hundred ten million dollars ($110,000,000) to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and the Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, in an aggregate principal amount not to exceed one hundred ten million dollars ($110,000,000). The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 3.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority

over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 3.2. Part 3 of Article 8 of Chapter 153A of the General Statutes is amended by adding the following new section to read:

"**§ 153A-178. Disposition of county property for a State psychiatric hospital.**

When the Secretary of Health and Human Services selects a county for the location of a new State psychiatric hospital as authorized by law, the county selected for the location of the new State psychiatric hospital is authorized under the general law to acquire real and personal property and convey it to the State under G.S. 160A-274 or other applicable law for use as a psychiatric hospital. The county may acquire the property by eminent domain, and the power under this section is supplementary to any other power the county may have to take property by eminent domain."

SECTION 3.3. G.S. 143-15.3D is amended by adding the following new subsection to read:

"(c) Notwithstanding G.S. 143-18, any nonrecurring savings in State appropriations realized from the closure of any State psychiatric hospitals that are in excess of the cost of operating and maintaining a new State psychiatric hospital shall not revert to the General Fund but shall be placed in the Trust Fund and shall be used for the purposes authorized in this section. Notwithstanding G.S. 143-18, recurring savings realized from the closure of any State psychiatric hospitals shall not revert to the General Fund but shall be used for the payment of debt service on financing contract indebtedness authorized pursuant to Article 9 of Chapter 142 of the General Statutes for the construction of a new State psychiatric hospital. Any remainder not needed for this debt service shall be credited to the Department of Health and Human Services to be used only for the purposes of subsections (b)(2) and (b)(3) of this section."

SECTION 3.4.(a) Dorothea Dix Hospital Property Study Commission. – If any of the State-owned real property encompassing the Dorothea Dix Hospital campus is no longer needed by Dorothea Dix Hospital and is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 3.4.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 4. GENERAL PROVISIONS

SECTION 4.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 4.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 4.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 4.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 4.2. Effective Date. – This act is effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

HOUSE BILL 961

Short Title:	Psychiatric Hospital Financing.	(Public)
Sponsors:	Representatives Ross, Munford, Miner, Weiss (Primary Sponsors); B. Allen, Capps, Eddins, and Ellis.	
Referred to:	Finance.	

April 9, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE, TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS TO FINANCE THE CONSTRUCTION OF A NEW PSYCHIATRIC HOSPITAL IN WAKE COUNTY, AND TO AUTHORIZE THE ISSUANCE OF SPECIAL OBLIGATION BONDS FOR THE CONSTRUCTION OF THE NEW PSYCHIATRIC HOSPITAL.

The General Assembly of North Carolina enacts:

PART 1. STATE CAPITAL FACILITIES FINANCE ACT

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, other types of reserves required pursuant to the terms of any special indebtedness or related documents, and interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State's agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract,

installment purchase contract, or other similar type of installment financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:

a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.

b. A private corporation or other entity issuing certificates of participation pursuant to this Article.

(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.

(18) State. – The State of North Carolina, including any State agency.

(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.

(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.

(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the State Treasurer advising the State Treasurer of its intent. The State Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of

Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the

particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special indebtedness, or to a purchaser of property in connection with a foreclosure or similar conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the

effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer, or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the

delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or notes were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the

custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for

the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase

agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery, and similar items; or any combination of the foregoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum principal amount of one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003, to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital to be located in Wake County.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, provided that the aggregate principal amount shall not exceed one hundred ten million dollars ($110,000,000), which amount shall be reduced by the amount of any special obligation bonds issued to finance the project under the Special Obligation Hospital Bonds Act of 2003. The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. SPECIAL OBLIGATION HOSPITAL BONDS

SECTION 3.1. Title. – This Part shall be known and may be cited as the "Special Obligation Hospital Bonds Act of 2003". References in this Part to "this act" mean this Part.

SECTION 3.2. Definitions. – The following definitions apply in this act:

(1) Bonds. – Special obligation bonds issued by the State pursuant to this act.

(2) Cost. – Any of the following, without limiting or restricting any proper definition of this term in financing the cost of the project as authorized by this act:

a. The cost of acquiring, constructing, and equipping the project, including the acquisition of rights-of-way, easements, equipment, furnishings, land, and other interests in real or personal property acquired or used in connection with the project.

b. The cost of engineering, architectural, and other consulting services in connection with the project as may be required.

c. Finance charges, reserves for debt service, and other types of reserves required pursuant to the terms of the trust agreement or resolution or related documents, interest before and during construction or acquisition of the project and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

d. Administrative expenses and charges.

e. The cost of bond insurance, investment contracts, credit and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of the bonds.

f. The cost of reimbursing the State for any payments made for any cost described above.

g. Any other costs and expenses necessary or incidental to the purposes of this act.

(3) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption

premium, if any, and interest with respect to the bonds payable on demand or tender by the owner in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(4) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(5) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any bonds including any of the following:

a. A provision providing for an adjustment so that the purchase price of the bonds in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this act and will not materially and adversely affect the financial position of the State and the marketing of the bonds at a reasonable interest cost to the State.

(6) Pledged revenues. – Pledged revenues consist of any or all of the following:

a. The Medicaid and Medicare reimbursements received by the State and allocated for depreciation expense of the project, plus the Medicaid and Medicare reimbursements received by the State and allocated for interest on the debt used to finance the project.

b. The funds deposited with the Department of State Treasurer as nontax revenue associated with Disproportionate Share Payments from State institutions for mental disease that are collected pursuant to Title XIX of the Social Security Act. 42 U.S.C. 1396r-4, as amended.

c. The revenues generated by the project.

(7) Project. – The acquisition, construction, and equipping of an approximately 400,000 square foot, 432-bed new psychiatric hospital to be located in Wake County.

(8) State. – The State of North Carolina, including any State agency.

(9) State agency. – Any State agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.

(10) State Treasurer or Treasurer. – The incumbent Treasurer, from time to time, of the State.

(11) Trust agreement. – Any trust agreement or similar instrument or agreement authorizing and securing bonds issued under this act.

SECTION 3.3. Authorization. – The State Treasurer may, by and with the consent of the Council of State, issue and sell special obligation bonds of the State to pay the cost of the project, in a total principal amount not to exceed one hundred ten million dollars ($110,000,000), which maximum principal amount shall be reduced by the amount of any special indebtedness incurred for the project under Article 9 of Chapter 142 of the General Statutes. The principal of, premium, if any, and interest on the bonds shall be payable solely from the pledged revenues in accordance with the terms of the resolution or trust agreement authorizing and securing the bonds. The State Treasurer may, in the State Treasurer's sole discretion, require one or more reports satisfactory to the State Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

SECTION 3.4. Terms and Conditions. – The bonds may be issued, from time to time, in one or more series, but in no event before July 1, 2004. The bonds shall be dated, and may be made redeemable before maturity at the option of the State at any price or prices and upon any terms and conditions, as may be determined by the State Treasurer at the time of the sale of the bonds. The bonds also may be made payable, from time to time, on demand or tender for purchase by the owner upon any terms and conditions as may be determined by the State Treasurer. The bonds shall bear interest at any rate or rates (whether fixed or variable, or any combination thereof, and including, without limitation, any variations as may be permitted pursuant to a par formula) as may be determined by the State Treasurer. Bonds shall mature at any time or times not exceeding 40 years from their date or dates, as may be determined by the Council of State, subject to the limitations provided in this act. The Council of State shall determine the form and manner of execution of the bond, and shall fix the denominations and the places of payment of principal and interest, which may be any bank or trust company within or without the State. If an officer whose signature or facsimile of whose signature appears on any bond ceases to be that officer before the delivery of the bonds, the signature or facsimile is nevertheless valid for all purposes as if the officer had remained in office until the delivery. The Council of State may also provide for the authentication of the bonds by a trustee or fiscal agent. The Council of State may also provide for any other terms, conditions, or matters not inconsistent with the provisions of this act.

Bonds may be sold in any manner, either at public or private sale, and for any price as the State Treasurer determines to be for the best interests of the State and to effectuate best the purposes of this act, as long as the sale has been approved by the Council of State. The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment agreements, credit and liquidity facilities, interest rate swap agreements and other derivative products, and any other related instruments as the State Treasurer determines are desirable in connection with the issuance of bonds under this act. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, and bond attorneys to be associated

with any bond issue under this act. The proceeds of any bonds shall be used solely for the purposes for which they are issued and shall be disbursed in any manner and under any restrictions the Council of State may provide in the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

Except as otherwise expressly provided in this act, bonds may be issued under this act without obtaining the consent of any department, division, commission, board, body, bureau, or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions, or things that are specifically required by this act and the provisions of the resolution authorizing the issuance of, or any trust agreement securing, the bonds.

SECTION 3.5. Trust Agreement or Resolution. – Any bonds issued under the provisions of this act may be secured by a trust agreement by and between the State and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. The resolution or trust agreement authorizing and securing the bonds shall, subject to the limitations set forth in this act, specify the pledged revenues and shall pledge or assign the pledged revenues to pay the principal of, premium, if any, or interest on the bonds in the manner provided by this act. The resolution or trust agreement may contain any provisions for protecting and enforcing the rights and remedies of the holders of any bonds as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the State in relation to the purposes to which bond proceeds may be applied, the disposition or pledging of the pledged revenues, the terms and conditions for the issuance of additional bonds, and the custody, safeguarding, and application of all moneys.

Any resolution or trust agreement may restrict the individual right of action by an individual owner of bonds. In addition to the foregoing, any resolution or trust agreement may contain any other provisions as the Council of State considers reasonable and proper for the security of the holders of any bonds. Expenses incurred by the State in carrying out the provisions of the resolution or trust agreement may be paid from the pledged revenues as provided for in the resolution or trust agreement.

SECTION 3.6. Pledge of Revenues; Limited Obligations. – The State is authorized to pledge the pledged revenues to the payment of the principal of, premium, if any, and interest on bonds issued under this act as they become due and payable, and to create and maintain any reserves therefor, and to fulfill the terms of any agreements made with the holders of bonds issued under this act. Notwithstanding the foregoing, any pledged revenues not required to pay the principal of, premium, if any, and interest on the bonds secured by the pledged revenues as they become due and payable, or to create and maintain any reserves for them, or to fulfill the terms of any agreements made with the holders of the bond issued under this act, shall be available to the State for expenditure for any lawful purpose, subject to the terms and provisions of any resolution or trust agreement authorizing and securing the bonds.

Any pledge of the pledged revenues made by the State under the provisions of this act shall be set forth in the resolution or trust agreement authorizing the issuance of the bonds. The pledge of these pledged revenues made by the State shall be valid and binding from the time when the pledge is made. All pledged revenues so pledged and

thereafter received by the State are immediately subject to the lien of the pledge without any physical delivery or further act, and the lien of the pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the State, irrespective of whether the parties have notice of the lien. The resolution or trust agreement by which a pledge is created need not be filed or recorded except in the records of the Council of State.

All bonds issued under this act shall be equally and ratably secured by a pledge, charge, and lien upon the pledged revenues pledged to the payment of those bonds, without priority by reason of number, or of dates of bonds, execution, or delivery, in accordance with the provisions of this act and of the resolution or trust agreement authorizing and securing the bonds; except that the State may provide in the resolution or trust agreement that the bonds shall, to the extent and in the manner prescribed in the resolution or trust agreement, be subordinated and junior in standing with respect to the payment of principal of, premium, if any, and interest on any other bonds.

All bonds issued under this act shall be special obligations of the State. The principal of, premium, if any, and interest on the bonds shall not be payable from the general funds of the State, nor shall they constitute a legal or equitable pledge, charge, lien or encumbrance upon any of its property or upon any of its income, receipts, or revenues, except the pledged revenues. Neither the credit nor the taxing power of the State is pledged for the payment of the principal of, premium, if any, or interest on the bonds, and no holder of bonds has the right to compel the exercise of the taxing power by the State or the forfeiture of any of its property in connection with any default on the bonds, except for the pledged revenues. Every bond issued under this act shall recite in substance that the principal of, premium, if any, and interest on the bond is payable solely from the pledged revenues and that the State is not obligated to pay the principal, premium, or interest, except from these pledged revenues so pledged.

SECTION 3.7. Agreement of the State. – The State pledges to and agrees with the holders of any bonds by the State pursuant to this act that as long as any of the bonds are outstanding and unpaid, the State will not limit or alter the rights vested in the State at the time of issuance of the bonds to collect and apply the pledged revenues in the manner provided in the resolution or trust agreement authorizing and securing the bonds to pay the principal of, premium, if any, and interest on the bonds as they become due and payable, and to create and maintain any reserves for payment, and to fulfill the terms of any agreements made with the holders of the bonds. The State will not in any way impair the rights and remedies of the holders of the bonds until the bonds and all costs and expenses in connection with any action or proceedings by or on behalf of the holders of the bonds, are fully paid, met, and discharged.

SECTION 3.8. Trust Funds. – Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this act, including proceeds of the bonds and the pledged revenues, are trust funds to be held and applied solely as provided in this act. The resolution authorizing the issuance of, or any trust agreement securing any bonds issued under this act may provide that any of these moneys may be temporarily invested pending their disbursement and shall provide that

any officer with whom, or any bank or trust company with which, the moneys are deposited shall act as trustee of the moneys and shall hold and apply them for the purposes of this act, subject to any limitations this act and the resolution or trust agreement provide. These moneys may be invested in any investment authorized by law for investment of trust funds held by the State Treasurer.

SECTION 3.9. Remedies. – Any holder of bonds issued under the provisions of this act, and the trustee under any resolution or trust agreement authorizing and securing the bonds, except to the extent the rights given in this act may be restricted by the resolution or trust agreement, may, either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any and all rights under the laws of the State or granted under this act or under the resolution or trust agreement, or under any other contract executed by the Council of State or the State Treasurer pursuant to this act, and may enforce and compel the performance of all duties required by this act or by the resolution or trust agreement to be performed by the State or by any officer of the State.

SECTION 3.10. Investment Securities. – All bonds and interest coupons appertaining to them issued under this act are investment securities within the meaning of and for all the purposes of Article 8 of Chapter 25 of the General Statutes, whether or not they are of the form and character as to be investment securities under that act, subject only to the provisions of the bonds pertaining to registration.

SECTION 3.11. Bonds Eligible for Investment. – Bonds issued under the provisions of this act are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Bonds issued under the provisions of this act are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

SECTION 3.12. Refunding Bonds. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds for the purpose of refunding any bonds issued under this act and then outstanding, including payment of any redemption premium on them and any interest accrued or to accrue to the date of redemption of the refunded bonds. Refunding bonds may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The principal of, premium, if any, and interest on the refunding bonds shall be payable solely from funds provided under this act for payment of bonds.

The proceeds from the sale of any refunding bonds shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being

refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

The issuance of refunding bonds, their maturities and other details, the rights of their holders, and the rights, duties, and obligations of the State in respect of them shall be governed by the provisions of this act that relate to the issuance of bonds, insofar as those provisions are appropriate.

SECTION 3.13. Officers and Employees Not Liable. – No member of the Council of State or officer or employee of the State shall be subject to any personal liability or accountability by reason of the execution or issuance of any bonds under this act.

SECTION 3.14. Tax exemption. – Any bonds issued by the State under the provisions of this act shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the bonds; and franchise taxes. Interest on the bonds is not subject to taxation as income.

PART 4. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 4.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 4.2.(a) Dorothea Dix Hospital Property Study Commission. – If any of the State-owned real property encompassing the Dorothea Dix Hospital campus is no longer needed by Dorothea Dix Hospital and is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 4.2.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 5. GENERAL PROVISIONS

SECTION 5.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 5.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 5.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 5.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 5.2. Effective Date. – This act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A STATUTORY FRAMEWORK FOR THE FINANCING OF CAPITAL FACILITIES BY THE STATE AND TO AUTHORIZE THE ISSUANCE OF SPECIAL INDEBTEDNESS TO FINANCE THE CONSTRUCTION OF A NEW PSYCHIATRIC HOSPITAL TO BE LOCATED IN BUTNER.

The General Assembly of North Carolina enacts:

PART 1. STATE CAPITAL FACILITIES FINANCE ACT

SECTION 1. Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 9.

"State Capital Facilities Finance Act.

"**§ 142-80. Short title.**

This Article may be cited as the State Capital Facilities Finance Act.

"**§ 142-81. Findings and purpose.**

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the

State to take advantage of changing financial and economic environments.

"**§ 142-82. Definitions.**

The following definitions apply in this Article:

(1) Bonded indebtedness. – Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. – Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. – Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. – Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. – Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. – Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.

d. Finance charges, reserves for debt service, other types of reserves required pursuant to the terms of any special indebtedness or related documents, and interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.

e. Administrative expenses and charges.

f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.

g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.

h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. – An agreement that:

a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and

b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State's agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. – The North Carolina Department of Administration created by Article 36 of Chapter 143 of the General Statutes, or if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. – A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract, installment purchase contract, or other similar type of installment

financing contract. The term does not include, however, a contract that meets any one of the following conditions:

a. It constitutes an operating lease under generally accepted accounting principles.

b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. – Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. – A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. – The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. – A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. – A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. – An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. – Either of the following:
a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.
b. A private corporation or other entity issuing certificates of participation pursuant to this Article.
(17) Special indebtedness. – Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.
(18) State. – The State of North Carolina, including any State agency.
(19) State agency. – Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.
(20) State Treasurer. – The incumbent Treasurer, from time to time, of the State.

"**§ 142-83. Authorization of special indebtedness; General Assembly approval.**

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.
(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities and the capital facility meets all of the conditions set in that legislation.

"**§ 142-84. Procedure for incurrence or issuance of special indebtedness.**

(a) Notice and Certificate. – Whenever the State or a State agency intends to use special indebtedness to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration intends for the State to use special indebtedness to finance the capital facilities, it shall provide written notice to the State Treasurer advising the State Treasurer of its intent. The State Treasurer may require a preliminary conference with the Department of Administration to consider the proposed financing.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of

Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. – The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. – Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.

(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.

(3) Set the maturity or maximum maturity of the special indebtedness authorized.

(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.

(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Oversight by Treasurer. – No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.

(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness is not excessive.

(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. – If the Council of State authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. – In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. – The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Report to Joint Legislative Commission. – After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission.

"**§ 142-85. Security; other requirements.**

(a) Security. – In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. – The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. – Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget

proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. – The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. – No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. – A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. – Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. – Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special

indebtedness, or to a purchaser of property in connection with a foreclosure or similar conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness.

"**§ 142-86. Financing contract indebtedness.**

(a) Treasurer Oversight. – Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. – A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. – Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law, and if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. – All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after having approved the financing contract, by the Department of Administration.

(e) Credit Facility. – If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. – All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness.

"**§ 142-87. Additional requirements for certificates of participation indebtedness.**

(a) Treasurer Oversight. – A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer, after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. – The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. – All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred.

"**§ 142-88. Bonded indebtedness.**

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series ____" or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article.

"**§ 142-89. Issuance of limited obligation bonds and notes.**

(a) Terms and Conditions. – Bonds or notes may bear any dates, may be serial or term bonds or notes, or any combination of these, may mature in any amounts and at any times, not exceeding 40 years from their dates, may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts, may bear interest at any rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer, or shall bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until

delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons, who at the actual time of the execution of the bonds or notes were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. – The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. – By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the

General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) Security. – Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. – In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured

as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee, and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds.

"**§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.**

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof, if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or

notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

"**§ 142-91. Other agreements.**

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate.

"**§ 142-92. Tax exemption.**

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income.

"**§ 142-93. Investment eligibility.**

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law.

"**§ 142-94. Procurement of capital facilities.**

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2."

SECTION 1.2. G.S. 143-341(4) is amended by adding a new sub-subdivision to read:

"d2. To purchase or finance the purchase of buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, the acquisition of land, equipment, machinery, and furnishings in connection therewith; additions, extensions, enlargements, renovations and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping; land or any interest in land; other infrastructure; furniture, fixtures, equipment, vehicles, machinery, and similar items; or any combination of the foregoing, through installment purchase, lease-purchase, or other similar type installment financing agreements in the manner and to the extent provided in Article 9 of Chapter 142 of the General Statutes. Any contract entered into or any proceeding instituted contrary to the provisions of this paragraph is voidable in the discretion of the Council of State."

PART 2. PSYCHIATRIC HOSPITAL CONSTRUCTION

SECTION 2.1. Construction of Psychiatric Hospital. – In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum aggregate principal amount of one hundred ten million dollars ($110,000,000) to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

SECTION 2.2. The Project. – The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital to be located in Butner.

SECTION 2.3. Authorization of Financing Contracts. – The State, with the prior approval of the State Treasurer and the Council of State, as provided in Article 9 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to pay the cost of the project, in an aggregate principal amount not to exceed one hundred ten million dollars ($110,000,000). The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project.

PART 3. GENERAL PROVISIONS FOR PSYCHIATRIC HOSPITAL

SECTION 3.1. The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted by the University of North Carolina School of Medicine at Dorothea Dix Hospital, unless the programs are otherwise modified by the University of North Carolina School of Medicine. The University of North Carolina School of Medicine shall retain authority

over all educational and research programs in psychiatry and psychology conducted at the new psychiatric hospital authorized under this act. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine.

SECTION 3.2. Part 3 of Article 8 of Chapter 153A of the General Statutes is amended by adding the following new section to read:

"**§ 153A-178. Disposition of county property for a State psychiatric hospital.**

When the Secretary of Health and Human Services selects a county for the location of a new State psychiatric hospital as authorized by law, the county selected for the location of the new State psychiatric hospital is authorized under the general law to acquire real and personal property and convey it to the State under G.S. 160A-274 or other applicable law for use as a psychiatric hospital. The county may acquire the property by eminent domain, and the power under this section is supplementary to any other power the county may have to take property by eminent domain."

SECTION 3.3. G.S. 143-15.3D is amended by adding the following new subsection to read:

"(c) Notwithstanding G.S. 143-18, any nonrecurring savings in State appropriations realized from the closure of any State psychiatric hospitals that are in excess of the cost of operating and maintaining a new State psychiatric hospital shall not revert to the General Fund but shall be placed in the Trust Fund and shall be used for the purposes authorized in this section. Notwithstanding G.S. 143-18, recurring savings realized from the closure of any State psychiatric hospitals shall not revert to the General Fund but shall be used for the payment of debt service on financing contract indebtedness authorized pursuant to Article 9 of Chapter 142 of the General Statutes for the construction of a new State psychiatric hospital. Any remainder not needed for this debt service shall be credited to the Department of Health and Human Services to be used only for the purposes of subsections (b)(2) and (b)(3) of this section."

SECTION 3.4.(a) Dorothea Dix Hospital Property Study Commission. – If any of the State-owned real property encompassing the Dorothea Dix Hospital campus is no longer needed by Dorothea Dix Hospital and is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

SECTION 3.4.(b) Creation and Membership. – The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission.

PART 4. GENERAL PROVISIONS

SECTION 4.1. Interpretation of Act. (a) Additional Method. – This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

SECTION 4.1.(b) Statutory References. – References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

SECTION 4.1.(c) Liberal Construction. – This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

SECTION 4.1.(d) Severability. – If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 4.2. Effective Date. – This act is effective when it becomes law.

Subject: HB 684 Psychiatric Hospital Bonds

Thank you for your patience during the Finance Committee discussion of HB 684 - Psychiatric Hospital Bonds.

Your support of the mental health system in general is greatly appreciated as I believe the goal we all have is the best care possible for the patients served.

I ask for your continued support and hope we can all come together to support the Butner location for a new mental health hospital.

If you have any questions that were not addressed during committee discussion, please let me know and I will be glad to discuss it with you.

House Committee on Finance

Minutes

~

June 5, 2003

The House Committee on Finance met on Thursday, June 5, 2003 at 8:30 am in Room 544 of the Legislative Office Building. A majority of the members were present for the official conduct of business. Also present were members of Staff as well as Sergeant-at-Arms: Bob Fowler, Bill Freeman, Dusty Rhodes, and Walter Spell. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman Wainwright called the meeting to order at 8:40 am and announced that the Presiding Chair for the meeting, Chairman Luebke, was running a few minutes behind schedule. However, in light of the heavy calendar of bills before the Committee for consideration, Chairman Wainwright then acted to chair the meeting until Chairman Luebke arrived (just minutes later).

Chairman Wainwright first recognized the pages present: (1) Laura Buckley of Cabarrus County, sponsored by Representative Linda Johnson; (2) Adam Edgerton of Johnston County, sponsored by Representative Daughtry; (3) Lucas Keller of Caldwell County, sponsored by Representative Starnes; and (4) Clint Starnes of Caldwell County, sponsored by Representative Starnes.

As the first matter of business before the Committee, Chairman Wainwright recognized Representative Crawford to explain **HB 471 – CDL CHANGES** (see attachment 3). As there was a Proposed Committee Substitute (PCS) to the bill, Representative Howard moved that the PCS be adopted by the Committee for discussion purposes. The motion carried without opposition. Representative Crawford then explained that the bill brings North Carolina state law into compliance with recently adopted federal laws regarding commercial driver's licenses only. The bill also requires "mopeds" to have license plates just as any other motor vehicle on state roads. The Chair then recognized Representative Hill who moved for a favorable report on HB 471. The motion carried without opposition.

The Chair once again recognized Representative Crawford to explain **HB 1074 – BUTNER ADVISORY COUNCIL** (see attachment 4). He noted that the Town of Butner is owned by the state and governed by the Department of Human Resources and the State Legislature. He emphasized that, currently, the Town does have a Council, but it is appointed; not elected. He then

explained that this bill allows for the election of this Council by the citizens of Butner. These elections, however, would not change the governing body of the Town as the Council would be required to report (and could only make recommendations) to the Department of Human Resources. Representative Ellis, upon first inquiring as to what funds would used to pay for the Town's elections, was recognized by the Chair to send forth an amendment clarifying that the Town be required to utilize locally collected fees and/or taxes to finance its elections and that it not be permitted to use funds from the State Department of Human Resources or any other State or Federal agency. Representative Crawford, the bill sponsor, was recognized and stated his agreement to the Ellis amendment. Seeing no further discussion of the amendment, Chairman Luebke (who had arrived to the meeting during the discussion of this bill) called the vote and the amendment was unanimously adopted. Representative Womble was then recognized by the Chair for a few substantive questions for the bill sponsor. Following this, Representative Womble moved that the amendment to HB 1074 be incorporated into a new PCS with a favorable report and that the original committee substitute of the bill be reported unfavorably. The Chair then called the motion to a vote and it carried by consent.

Chairman Luebke next recognized Representative Hill, on behalf of Representative A. Williams, to explain **HB 948 – CLARIFY AUTHORITY/REGULATION OF CERVIDS** (see attachment 5). Representative Hill noted that the bill expands the authority of the State Wildlife Commission to regulate the cervid (i.e. deer) population and was originally sent through the Agriculture Committee, where it received extensive debate. Seeing no further discussion or debate, Chairman Luebke recognized Representative Howard who moved for a favorable report on the bill. The motion carried without known opposition.

The Chair next recognized Representative Setzer to explain **HB 725 – CONOVER/CLAREMONT DEANNEXATIONS** (see attachment 6). He explained that the bill had two sections. The first section acted to deannex a 50-foot strip of land (vacant property) from the City of Claremont. The second section then acted to deannex three parcels of property from the City of Conover and add them to the City of Claremont. He noted that there is no opposition to the bill and that the bill simply acts to solidify an existing agreement between the towns. Following this explanation, Chairman Luebke recognized Representative McComas who moved for a favorable report on the bill. Following a small amount of discussion among the members, the Chair called the vote and the motion carried without opposition.

Chairman Luebke, on the matter of **SB 652 – AIRPORT AUTHORITY DEBT FINANCING** (see attachment 7), recognized Senator Metcalf for an explanation of the bill. Representative Howard moved that the PCS for the bill be adopted for consideration and the motion carried without objection. Senator Metcalf then noted that the bill (on page 3, line 17) grants airport authorities in the state the option to finance debt (and other aspects). He noted that this authority is similar to that used by local governments and other entities. Martha Walston (staff) explained that the PCS on the bill also added two sections concerning the Village of Pinehurst and Stanley County (see bill summary in attachment 7 for further detail). Chairman Luebke then recognized Representative Holliman who moved for a favorable report (seconded by Representative Ross). Following only brief discussion from the members, the Chair called the vote and the motion carried by consent.

As the next matter of business, the Chairman recognized Senator Foxx to explain her bill, **SB 777 – AMEND DEALER LICENSING LAW** (see attachment 8). She explained the bill

generally, as well as its fiscal impact. The bill acts to clarify the laws (rules and regulations) concerning commercial trailers and helps to make the process for obtaining trailer licenses more efficient. She noted that there was a small impact to the Highway Fund, but that there was no opposition. Linda Millsaps (Fiscal Research Staff) then provided a more detailed description of the fiscal impacts of the bill. She verified that the bill only affects those persons purchasing landscaping and some motorcycle trailers. The bill exempts only those selling these specific types of trailers from obtaining the required trailer license (and, of course, paying the $50.00 associated fee). Finally, Ms. Millsaps noted that the financial impact to the Highway Trust would be about $2,000 per year (at the extreme). Following Ms. Millsaps explanation, a brief amount of discussion ensued between the members and staff. The Chair then recognized Representative Wainwright who moved for a favorable report on SB 777. The Chair called the vote and the motion carried by consent.

Chairman Luebke called **HB 1006 – MANUFACTURED HOUSING** (see attachment 9) next and recognized Representative Stam, on behalf of Representatives Hunter and Barnhart, to explain the bill. Representative Stam noted that the importance of the bill is that it provides provisions for certain manufactured homes to be qualified as "real property". It also allows borrowers to get lower interest rates when purchasing these specific properties. He stated that there was no controversy on the bill. Representative Hackney was recognized and asked several questions to Representative Stam on the bill. He expressed his concerns that the rules outlined in the bill do not allow for a return of deposits less than $2,000.00. Frank Gray, attorney representing the North Carolina Manufactured Housing Association (NCMHA), stated that the NCMHA does not necessarily favor these rules as they are stated and noted that in most cases, the amount of deposit was not a significant concern for the manufactured homebuyers. Representative Hackney disagreed, noting that, in his experience, disputes between manufactured housing dealers and consumers almost always arise out of either an inability to deliver the home or refused deposit returns. Bill Rowe with the North Carolina Low Income Housing Coalition explained that they do recognize problems exist with some of the proposed rules; however, he noted that the bill was a compromise in fear that other, more crucial, issues pertaining to manufactured housing would go unheard. Representative Ross was then recognized by the Chair for a motion of favorable report on HB 1006. Chair Luebke, seeing no further discussion or debate among the members, then called the vote and the motion carried.

The next matter of business before the Committee was **HB 511 – ANDREWS SATELLITE ANNEXATIONS** (see attachment 10). Chairman Luebke recognized Representative West to briefly explain the bill. Representative West noted simply that the bill acted to exempt property owned by the Town of Andrews from the statutory ceiling on voluntary annexation. Representative Rayfield was then recognized and moved for a favorable report. Seeing no other discussion, the Chair called the vote and the motion carried by consent.

Chairman Luebke then took time to make special recognition of Representative Howard's recent graduation from Salem College on May 24, 2003. She graduated with a Bachelor of Arts degree in Sociology and attained Magna cum Laude status as well as Departmental Honors. Members of the Committee also showered Representative Howard with confetti (saved by Chairman Luebke) from the commencement ceremony!

HB 96 – AVERY COUNTY OCCUPANCY TAX (see attachment 11) was then called before the Committee for discussion. The Chair made the announcement that there would be no vote on the bill at the meeting and that debate on each side of the bill would be limited to 15

minutes each. Chairman Luebke then recognized Representative Frye to explain the bill. He explained that the bill acts to allow Avery County to levy an occupancy tax within the unincorporated areas of the County. He noted that the municipalities in the County already had the ability to levy these taxes. This bill simply allows the areas in the county that are not incorporated to levy an occupancy tax to support travel and tourism within the County. Representative Frye then introduced Commissioner Bill Beutell of the Avery County Board of Commissioners who addressed the Committee in support of the bill. Mr. James Pitts with the Tree and Nurseryman's Association of North Carolina was also present and addressed the members of the Committee in support of the bill. Mr. Steve Rondinaro, President of Rondinaro Broadcasting was also present. He noted his ownership of two local radio stations in the Avery County area and his involvement with the political news of the County. He also stated his concerns that former Representative of the district, Monroe Buchanan, was being given undue influence in the matter before the Committee. Finally, Carol Lawler with the North Carolina Travel and Tourism Coalition was present and stated that the Coalition did not oppose HB 96. There was no one present to speak in opposition to the bill. Several questions then followed from the members. Following this discussion, Chairman Luebke thanked those who traveled from Avery County for being present and sharing their concerns with the Committee. Representative Jones inquired to the Chair as to why there was to be no vote on the bill at that time. Chairman Luebke explained that the Chairs of the Committee made the decision collectively.

The Chairman next recognized Representative McComas, on behalf of Senator Ballantine, to explain **SB 57 – MUNICIPAL WHEEL LOCK AUTHORIZATION** (see attachment 12). Representative Bordsen moved that the Committee adopt the PCS for consideration. The motion carried without objection. Representative McComas then explained that the bill acts to allow the Towns of Carolina Beach and Wrightsville Beach to utilize wheel locks on drivers who have numerous unpaid parking tickets. Representative Starnes, at the request of Representative Holmes, brought forth and moved the adoption of an amendment to add the Town of Yadkinville to the areas included in the bill. As there was no objection, the amendment was adopted by consent. Representative Hill was then recognized and moved that SB 57 receive a favorable report as to the Committee Substitute bill, unfavorable as to the original bill. The motion carried by consent.

As the final matter of business before the Committee, the Chair recognized Representative G. Allen to explain **HB 1294 – EXPAND QUALIFIED BUSINESS CREDIT** (see attachment 13). Representative Allen then requested that the Committee hear from Mr. Harry Kaplan with the North Carolina Biosciences Organization who spoke in favor of the bill to extend a current credit, which helps the growth of small business in the state. He stated that the bill acts only to extend the term of the current credit out until 2007. Representative Gibson was then recognized and moved for a favorable report on the bill. Martha Harris (staff) noted that the bill does add one group of entrepreneurs for the university system. Following this, the Chair acted to acknowledge Ms. Lisa Rowe-Ralls with the Council for Entrepreneurial Development. Seeing no further discussion or debate, Chairman Luebke then called the vote on Representative Gibson's motion for a favorable report and the motion carried without known opposition.

Having no further business before the Committee, Chairman Luebke adjourned the meeting at 9:50 am.

Respectfully submitted,

Representative Paul Luebke

NORTH CAROLINA HOUSE OF REPRESENTATIVES
COMMITTEE MEETING NOTICE
AND
BILL SPONSOR NOTIFICATION
2003-2004 SESSION

You are hereby notified that the Committee on **FINANCE** will meet as follows:

DAY & DATE: **Thursday, June 5, 2003**

TIME: **8:30 A.M.**

LOCATION: **544 LOB**

The following bills will be considered:

HB 96 – AVERY COUNTY OCCUPANCY TAX – Rep. Frye

HB 471 – CDL CHANGES – Rep. Crawford

HB 511 – ANDREWS SATELLITE ANNEXATION – Rep. West

HB 725 – CONOVER/CLAREMONT DEANNEXATIONS – Rep. Setzer

HB 948 – CLARIFY AUTHORITY/REGULATION OF CERVIDS – Rep. A. Williams

HB 971 – COSMETIC ART/CONTINUING EDUCATION – Rep. Howard

HB 1006 – MANUFACTURED HOUSING – Reps. Hunter & Barnhart

HB 1074 – BUTNER ADVISORY COUNCIL – Rep. Crawford

HB 1294 – EXPAND QUALIFIED BUSINESS CREDIT – Rep. G. Allen

SB 57 – MUNICIPAL WHEEL LOCK AUTHORIZATION – Sen. Ballantine

SB 652 – AIRPORT AUTHORITY DEBT FINANCING – Sen. Metcalf

SB 777 - AMEND DEALER LICENSING LAW – Sen. Foxx

Respectfully,

Representatives G. Allen, Howard, Luebke, McComas, Miner, and Wainwright
Chairs

I hereby certify this notice was filed by the committee assistant at the following offices at **12:30 P.M.** on **June 4, 2003**.

Referred to:

March 13, 2003

A BILL TO BE ENTITLED

AN ACT TO BRING STATE LAW INTO COMPLIANCE WITH RECENTLY ADOPTED FEDERAL REGULATIONS CONCERNING THE EFFECT OF VIOLATION OF RAILROAD CROSSING SAFETY AND OTHER STATE LAWS ON COMMERCIAL DRIVERS LICENSES, AND REQUIRING A NEW "S" ENDORSEMENT FOR PERSONS OPERATING SCHOOL BUSES, AS RECOMMENDED BY THE JOINT LEGISLATIVE TRANSPORTATION OVERSIGHT COMMITTEE; AND TO REQUIRE A MOPED IDENTIFICATION TAG.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-4.01(4a) reads as rewritten:

"(4a) Conviction. – A conviction for an offense committed in North Carolina or another state:

a. In-State. When referring to an offense committed in North Carolina, the term means any of the following:

1. A final conviction of a criminal offense, including a no contest plea.
2. A determination that a person is responsible for an infraction, including a no contest plea.
3. An unvacated forfeiture of cash in the full amount of a bond required by Article 26 of Chapter 15A of the General Statutes.
4. A third or subsequent prayer for judgment continued within any five-year period.
5. For the purpose of disqualification only, a prayer for judgment continued, when the offense occurs in a

commercial vehicle or the offender holds a commercial drivers license.

b. Out-of-State. When referring to an offense committed outside North Carolina, the term means any of the following:

1. An unvacated adjudication of guilt.
2. A determination that a person has violated or failed to comply with the law in a court of original jurisdiction or an authorized administrative tribunal.
3. An unvacated forfeiture of bail or collateral deposited to secure the person's appearance in court.
4. A violation of a condition of release without bail, regardless of whether or not the penalty is rebated, suspended, or probated."

SECTION 2. G.S. 20-4.01(41a) reads as rewritten:

"(41a) Serious Traffic Violation. – A conviction of one of the following offenses when operating a commercial motor vehicle:

a. Excessive speeding, involving a single charge of any speed 15 miles per hour or more above the posted speed limit.
b. Careless and reckless driving.
c. A violation of any State or local law relating to motor vehicle traffic control, other than a parking violation, arising in connection with a fatal accident.
d. Improper or erratic lane changes.
e. Following the vehicle ahead too closely.
f. Driving a commercial motor vehicle without obtaining a commercial drivers license.
g. Driving a commercial motor vehicle without a commercial drivers license in the driver's possession.
h. Driving a commercial motor vehicle without the proper class of commercial drivers license or endorsements for the specific vehicle group being operated or for the passenger or type of cargo being transported."

SECTION 3. G.S. 20-17.4 is amended by adding a new subsection to read:

"(k) Disqualification for Railroad Grade Crossing Offenses. – Any person convicted of violation of G.S. 20-142.1 through G.S. 20-142.5, when the driver is operating a commercial motor vehicle, shall be disqualified from driving a commercial motor vehicle as follows:

(1) A person is disqualified for a period of 60 days if convicted of a first violation of a railroad grade crossing offense listed in this subsection.
(2) A person is disqualified for a period of 120 days if convicted during any three-year period of a second violation of any combination of railroad grade crossing offenses listed in this subsection.
(3) A person is disqualified for a period of one year if convicted during any three-year period of a third or subsequent violation of any

combination of railroad grade crossing offenses listed in this subsection."

SECTION 4. G.S. 20-37.12 is amended by adding a new subsection to read:

"(f) A person shall not be convicted of failing to carry a commercial drivers license if, by the date the person is required to appear in court for the violation, the person produces to the court a commercial drivers license issued to the person that was valid on the date of the offense."

SECTION 5. G.S. 20-37.16 reads as rewritten:

"**§ 20-37.16. Content of license; classifications and endorsements; fees.**

(a) A commercial drivers license must be marked "Commercial Drivers License" or "CDL" and must contain the information required by G.S. 20-7 for a regular drivers license.

(b) The classes of commercial drivers licenses are:

(1) Class A CDL – A Class A commercial drivers license authorizes the holder to drive any Class A motor vehicle.

(2) Class B CDL – A Class B commercial drivers license authorizes the holder to drive any Class B motor vehicle.

(3) Class C CDL – A Class C commercial drivers license authorizes the holder to drive any Class C motor vehicle.

(c) Endorsements. – The endorsements required to drive certain motor vehicles are as follows:

Endorsement	Vehicles That Can Be Driven
H	Vehicles, regardless of size or class, except tank vehicles, when transporting hazardous materials that require the vehicle to be placarded
M	Motorcycles
N	Tank vehicles not carrying hazardous materials
P	Vehicles carrying passengers
S	School bus
T	Double trailers
X	Tank vehicles carrying hazardous materials.

To obtain an H or an X endorsement, an applicant must take a test. This requirement applies when a person first obtains an H or an X endorsement and each time a person renews an H or an X endorsement. An applicant who has an H or an X endorsement issued by another state who applies for an H or an X endorsement must take a test unless the person has passed a test that covers the information set out in 49 C.F.R. § 383.121 within the preceding two years.

(d) The fee for a Class A, B, or C commercial drivers license is ten dollars ($10.00) for each year of the period for which the license is issued. The fee for each endorsement is one dollar and twenty-five cents ($1.25) for each year of the period for which the endorsement is issued. The fees required under this section do not apply to a ~~person whose license is restricted to driving a school bus or school activity bus or to~~ employees of the Driver License Section of the Division who are designated by the Commissioner.

(e) The requirements for a commercial drivers license do not apply to vehicles used for personal use such as recreational vehicles. A commercial drivers license is also waived for the following classes of vehicles as permitted by regulation of the United States Department of Transportation:

(1) Vehicles owned or operated by the Department of Defense, including the National Guard, while they are driven by active duty military personnel, or members of the National Guard when on active duty, in the pursuit of military purposes.

(2) Any vehicle when used as firefighting or emergency equipment for the purpose of preserving life or property or to execute emergency governmental functions.

(3) A farm vehicle that meets all of the following criteria:

a. Is controlled and operated by the farmer or the farmer's employee and used exclusively for farm use.

b. Is used to transport either agricultural products, farm machinery, or farm supplies, both to or from a farm.

c. Is not used in the operations of a for-hire motor carrier.

d. Is used within 150 miles of the farmer's farm.

A farm vehicle includes a forestry vehicle that meets the listed criteria when applied to the forestry operation."

SECTION 6. G.S. 20-37.16 is amended by adding a new subsection to read:

"(c1) The test for an S endorsement may be waived by the Division for an applicant who is currently licensed, has experience driving a school bus, has a good driving record, and meets the requirements of this subsection. An applicant for a waiver under this subsection shall verify that, during the two-year period immediately prior to application for an S endorsement, the applicant met all of the following requirements:

(1) The applicant held a valid commercial drivers license with a passenger vehicle endorsement to operate a school bus representative of the group the applicant will be driving.

(2) The applicant did not have the applicant's drivers license or commercial drivers license suspended, revoked, or cancelled or the applicant was not disqualified from operating a commercial motor vehicle.

(3) The applicant was not convicted of a State law offense that corresponds to the list of disqualifying offenses in 49 C.F.R. § 383.51(b) while operating a commercial motor vehicle or of any offense in a noncommercial motor vehicle that would be a disqualifying offense under 49 C.F.R. § 383.51(b) if committed in a commercial motor vehicle.

(4) The applicant was not convicted of more than one of the serious traffic violations listed and defined in G.S. 20-4.01(41a) while operating any type of motor vehicle.

(5) The applicant was not convicted of a violation of State or local law relating to motor vehicle traffic control, other than a parking violation, arising in connection with any traffic accident.

(6) The applicant was not convicted of any motor vehicle traffic violation that resulted in an accident.

(7) The applicant was regularly employed as a school bus driver, operated a school bus representative of the group the applicant seeks to drive, and provides evidence of that employment."

SECTION 7. Article 3 of Chapter 20 of the General Statutes is amended by adding a new part to read:

"Part 3B. Moped Identification Tags.

"**§ G.S. 20-71.6. Moped Identification Tags.**

(a) Tags Required. – Every moped, as defined in G.S. 105-164.3 and operated in the State, shall display a permanent identification tag. The tag must display information for identification and enforcement purposes and be approved by the Commissioner.

(b) Duties of Moped Dealer. – A moped dealer shall attach the approved tag to each moped sold by the dealer in this State. The moped dealer may collect a one time only fee not exceeding twenty-five dollars ($25.00) from the purchaser of the new or used moped. Moped dealers shall make an effort to promote awareness of the tag requirement.

(c) Violations. – A moped dealer who fails to attach a tag to a moped at the time of sale or a person who operates a moped upon the public highways and streets of this State without displaying the tag is guilty of a Class 3 misdemeanor."

SECTION 8. Sections 3, 5, 7, and 8 of this act become effective October 1, 2003. Section 6 of this act becomes effective October 1, 2003, and expires September 30, 2005. The remainder of this act becomes effective January 1, 2005.

A BILL TO BE ENTITLED

AN ACT TO BRING STATE LAW INTO COMPLIANCE WITH RECENTLY ADOPTED FEDERAL REGULATIONS CONCERNING THE EFFECT OF VIOLATION OF RAILROAD CROSSING SAFETY AND OTHER STATE LAWS ON COMMERCIAL DRIVERS LICENSES, AND REQUIRING A NEW "S" ENDORSEMENT FOR PERSONS OPERATING SCHOOL BUSES, AS RECOMMENDED BY THE JOINT LEGISLATIVE TRANSPORTATION OVERSIGHT COMMITTEE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-4.01(4a) reads as rewritten:

"(4a) Conviction. – A conviction for an offense committed in North Carolina or another state:

a. In-State. When referring to an offense committed in North Carolina, the term means any of the following:

1. A final conviction of a criminal offense, including a no contest plea.
2. A determination that a person is responsible for an infraction, including a no contest plea.
3. An unvacated forfeiture of cash in the full amount of a bond required by Article 26 of Chapter 15A of the General Statutes.
4. A third or subsequent prayer for judgment continued within any five-year period.
5. For the purpose of disqualification only, a prayer for judgment continued, when the offense occurs in a commercial vehicle or the offender holds a commercial drivers license.

b. Out-of-State. When referring to an offense committed outside North Carolina, the term means any of the following:

1. An unvacated adjudication of guilt.
2. A determination that a person has violated or failed to comply with the law in a court of original jurisdiction or an authorized administrative tribunal.
3. An unvacated forfeiture of bail or collateral deposited to secure the person's appearance in court.
4. A violation of a condition of release without bail, regardless of whether or not the penalty is rebated, suspended, or probated."

SECTION 2. G.S. 20-4.01(41a) reads as rewritten:

"(41a) Serious Traffic Violation. – A conviction of one of the following offenses when operating a commercial motor vehicle:

a. Excessive speeding, involving a single charge of any speed 15 miles per hour or more above the posted speed limit.
b. Careless and reckless driving.
c. A violation of any State or local law relating to motor vehicle traffic control, other than a parking violation, arising in connection with a fatal accident.
d. Improper or erratic lane changes.
e. Following the vehicle ahead too closely.
f. Driving a commercial motor vehicle without obtaining a commercial drivers license.
g. Driving a commercial motor vehicle without a commercial drivers license in the driver's possession.
h. Driving a commercial motor vehicle without the proper class of commercial drivers license or endorsements for the specific vehicle group being operated or for the passenger or type of cargo being transported."

SECTION 3. G.S. 20-17.4 is amended by adding a new subsection to read:

"(k) Disqualification for Railroad Grade Crossing Offenses. – Any person convicted of violation of G.S. 20-142.1 through G.S. 20-142.5, when the driver is operating a commercial motor vehicle, shall be disqualified from driving a commercial motor vehicle as follows:

(1) A person is disqualified for a period of 60 days if convicted of a first violation of a railroad grade crossing offense listed in this subsection.
(2) A person is disqualified for a period of 120 days if convicted during any three-year period of a second violation of any combination of railroad grade crossing offenses listed in this subsection.
(3) A person is disqualified for a period of one year if convicted during any three-year period of a third or subsequent violation of any combination of railroad grade crossing offenses listed in this subsection."

SECTION 4. G.S. 20-37.12 is amended by adding a new subsection to read:

"(f) A person shall not be convicted of failing to carry a commercial drivers license if, by the date the person is required to appear in court for the violation, the person produces to the court a commercial drivers license issued to the person that was valid on the date of the offense."

SECTION 5. G.S. 20-37.16 reads as rewritten:

"**§ 20-37.16. Content of license; classifications and endorsements; fees.**

(a) A commercial drivers license must be marked "Commercial Drivers License" or "CDL" and must contain the information required by G.S. 20-7 for a regular drivers license.

(b) The classes of commercial drivers licenses are:

(1) Class A CDL – A Class A commercial drivers license authorizes the holder to drive any Class A motor vehicle.

(2) Class B CDL – A Class B commercial drivers license authorizes the holder to drive any Class B motor vehicle.

(3) Class C CDL – A Class C commercial drivers license authorizes the holder to drive any Class C motor vehicle.

(c) Endorsements. – The endorsements required to drive certain motor vehicles are as follows:

Endorsement	Vehicles That Can Be Driven
H	Vehicles, regardless of size or class, except tank vehicles, when transporting hazardous materials that require the vehicle to be placarded
M	Motorcycles
N	Tank vehicles not carrying hazardous materials
P	Vehicles carrying passengers
S	School bus
T	Double trailers
X	Tank vehicles carrying hazardous materials.

To obtain an H or an X endorsement, an applicant must take a test. This requirement applies when a person first obtains an H or an X endorsement and each time a person renews an H or an X endorsement. An applicant who has an H or an X endorsement issued by another state who applies for an H or an X endorsement must take a test unless the person has passed a test that covers the information set out in 49 C.F.R. § 383.121 within the preceding two years.

(d) The fee for a Class A, B, or C commercial drivers license is ten dollars ($10.00) for each year of the period for which the license is issued. The fee for each endorsement is one dollar and twenty-five cents ($1.25) for each year of the period for which the endorsement is issued. The fees required under this section do not apply to ~~a person whose license is restricted to driving a school bus or school activity bus or to~~ employees of the Driver License Section of the Division who are designated by the Commissioner.

(e) The requirements for a commercial drivers license do not apply to vehicles used for personal use such as recreational vehicles. A commercial drivers license is also

waived for the following classes of vehicles as permitted by regulation of the United States Department of Transportation:

(1) Vehicles owned or operated by the Department of Defense, including the National Guard, while they are driven by active duty military personnel, or members of the National Guard when on active duty, in the pursuit of military purposes.

(2) Any vehicle when used as firefighting or emergency equipment for the purpose of preserving life or property or to execute emergency governmental functions.

(3) A farm vehicle that meets all of the following criteria:

a. Is controlled and operated by the farmer or the farmer's employee and used exclusively for farm use.

b. Is used to transport either agricultural products, farm machinery, or farm supplies, both to or from a farm.

c. Is not used in the operations of a for-hire motor carrier.

d. Is used within 150 miles of the farmer's farm.

A farm vehicle includes a forestry vehicle that meets the listed criteria when applied to the forestry operation."

SECTION 6. G.S. 20-37.16 is amended by adding a new subsection to read:

"(c1) The test for an S endorsement may be waived by the Division for an applicant who is currently licensed, has experience driving a school bus, has a good driving record, and meets the requirements of this subsection. An applicant for a waiver under this subsection shall verify that, during the two-year period immediately prior to application for an S endorsement, the applicant met all of the following requirements:

(1) The applicant held a valid commercial drivers license with a passenger vehicle endorsement to operate a school bus representative of the group the applicant will be driving.

(2) The applicant did not have the applicant's drivers license or commercial drivers license suspended, revoked, or cancelled or the applicant was not disqualified from operating a commercial motor vehicle.

(3) The applicant was not convicted of a State law offense that corresponds to the list of disqualifying offenses in 49 C.F.R. § 383.51(b) while operating a commercial motor vehicle or of any offense in a noncommercial motor vehicle that would be a disqualifying offense under 49 C.F.R. § 383.51(b) if committed in a commercial motor vehicle.

(4) The applicant was not convicted of more than one of the serious traffic violations listed and defined in G.S. 20-4.01(41a) while operating any type of motor vehicle.

(5) The applicant was not convicted of a violation of State or local law relating to motor vehicle traffic control, other than a parking violation, arising in connection with any traffic accident.

(6) The applicant was not convicted of any motor vehicle traffic violation that resulted in an accident.

(7) The applicant was regularly employed as a school bus driver, operated a school bus representative of the group the applicant seeks to drive, and provides evidence of that employment."

SECTION 7. Sections 3, 5, and 7 of this act become effective October 1, 2003. Section 6 of this act becomes effective October 1, 2003, and expires September 30, 2005. The remainder of this act becomes effective January 1, 2005.

HOUSE BILL 471:
CDL Changes/Moped Tag

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Jim Crawford
Date:	June 4, 2003	**Analysis by:**	Martha Walston
Version:	H471-CSLAf-20		Committee Counsel*

SUMMARY: ***House Bill 471 makes several changes to North Carolina law required by federal regulation concerning the effect of certain traffic violations on persons holding commercial drivers licenses, and requires a new "S" school bus driver endorsement. The bill has been heard in House Transportation and House Judiciary I. The proposed committee substitute adds language requiring moped identification tags.***

House Bill 471 is in House Finance because it imposes an endorsement fee of $1.25 on persons whose commercial license is restricted to driving a school bus or school activity bus.

CURRENT LAW: On July 31, 2002, the Federal Motor Carrier Safety Administration of the U.S. Department of Transportation issued amended regulations concerning commercial drivers license (CDL) holders. In order to comply with these new federal regulations, North Carolina law would have to be amended as described below. Failure to comply with these new federal regulations could result in the loss of Federal–aid highway funds (49 C.F.R. §384.401).

BILL ANALYSIS: Section 1 of House Bill 471: Federal regulation 49 C.F.R. §384.226 prohibits states from "masking" a conviction of a CDL driver for any traffic related violation in any type of vehicle. To comply with this regulation, Section 1 amends NC law to include in the definition of "conviction", for purposes of disqualification only, a PJC (Prayer for Judgment Continued) for offenses occurring in a commercial motor vehicle or offenses committed by a person with a CDL.

Section 2 of House Bill 471: Federal regulation 49 C.F. R. § 383.51 (Table 2) requires disqualification from driving a commercial motor vehicle for specified time periods for conviction of listed serious traffic violations. Section 2 amends NC law to include those offenses in NC's definition of "serious traffic violations" when driving a commercial motor vehicle.

Section 3 of House Bill 471: Federal regulation 49 C.F.R. §383.51 (Table 3) requires disqualification from driving a commercial motor vehicle for violation of certain railroad crossing offenses. Section 3 amends NC law to require this disqualification.

Section 4 of House Bill 471: Federal regulation 49 C.F.R. §383.5 provides that a person shall not be convicted of failing to carry a CDL if, by the court date, the person produces a CDL that was valid at the time of the offense. Section 4 amends NC law to conform to this requirement.

Sections 5 and 6 of House Bill 471: Federal regulation 49 C.F.R. §383.93 and §383.123 require a new S school bus endorsement. The endorsement fee is $1.25 for each year of the period for which the endorsement is issued. Prior to October 1, 2005, states are authorized to grandfather currently licensed school bus drivers. Sections 5 and 6 of the PCS amend NC law to conform to this requirement.

*Susan Sitze and Giles Perry, staff attorneys, contributed substantially to this summary.

Section 7 of House Bill 471: This section adds new language to the Motor Vehicle Laws that requires a moped operated in the State to display an identification tag. A moped dealer must attach the tag to each new or used moped sold in the State and may charge the purchaser a fee not exceeding $25. Failure to attach the tag or to operate a moped without displaying the tag is a Class 3 misdemeanor. The North Carolina Motorcycle Dealers Association believe that the tags will help law enforcement identify mopeds and enforce the appropriate law and to track stolen mopeds. G.S. 105-164.3 defines a moped as a "vehicle that has two or three wheels, no external shifting device, and a motor that does not exceed 50 cubic centimeters piston displacement and cannot propel the vehicle at a speed greater than 30 miles per hour on a level surface."

EFFECTIVE DATE: Section 3 (CDL requiring disqualification for railroad crossing offenses), Section 5 (requiring new S school bus endorsement), and Section 7 (requiring moped identification tags, and Section 8 (effective date clause) are effective October 1, 2003. Section 6 (school bus driver grandfather clause) is effective October 1, 2003, and expires September 30, 2005 (as required by federal regulations). The remaining sections are effective January 1, 2005.

SADLS Changes	**$141,420**				

POSITIONS: (cumulative)

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Highway Fund; Division of Motor Vehicles (DMV)

EFFECTIVE DATE: Sections 3, 5, and 7 becomes effective October 1, 2003. Section 6 becomes effective October 1, 2003 and expires September 30, 2005. The remainder of the bill becomes effective January 1, 2005.

BILL SUMMARY: The bill makes several changes to North Carolina law required by federal regulation concerning the effect of certain traffic violations on persons holding commercial drivers licenses, and requires a new "S" school bus driver endorsement. It permits current school bus drivers to be grandfathered in if they meet certain requirements. *(Source: Bill Analysis)*

ASSUMPTIONS AND METHODOLOGY: The fiscal impact of the bill consists of expenditures to make changes in the State Automated Driver License System (SADLS) to implement the changes required and revenues from the newly required "S" school bus endorsement and the grandfathering until 2005 of currently licensed school bus drivers meeting certain requirements. A third fiscal impact will be the costs to change the process for testing and

hiring school bus drivers. That cost will depend on federal regulations which have not yet been released and is not estimated.

Expenditures

The Department of Transportation's Information Technology Section considers the modifications necessary for SADLS as complex, requiring the following steps:

- Change both Motor Vehicle Report (MVR) processes for batch and on-line information.
- Add new business rules for New Prayer for Judgment (PJC) code to adudicate as if guilty.
- Add new servers to process new prior conviction PJC data.
- Modify batch conviction process to determine what type of license the driver had at the time of the offense and establishment of business rules concerning CDL vs. Classified.
- Add new conviction codes and business rules concerning the codes to include them in calculating serious violations.
- Update Remote Driver License System Interface (RDLSI) with new convictions.
- Create rules for proper displaying of new PJC code(s) and conviction codes on MVRs.
- Create Commercial Motor Vehicle indicator on Civil Revocation process and record types.
- Add new disqualification rule(s) and action module(s) to disqualify a driver for civil revocation offense occurring in CMV or if holding CDL at the time of offense.
- Add 'S' endorsement business rules and coding for acceptance in Certification process.
- Change fee structure to accept new 'S' endorsement.
- Add new correspondence for 'S' endorsement including CDL with P endorsement prerequisite.
- Change Customer Merge process to accept changes in business rule logic.

The Department of Transportation (DOT) estimates that 1,620 hours will be required for these changes at $80 per hour ($129,600) plus computer overhead charges of $11,280 for a total of $141,420.

DMV notes that it has received federal funds from the Federal Motor Carrier Safety Administration to make certain changes to SADLS related to motor carriers and that some of the above tasks can be made using those funds. An estimate as to how much of the work would be covered with federal funds is not available.

Revenues

Additional revenues to the Highway Fund will come from grandfathering current school bus drivers, who apply and meet the requirements of the bill, during the two-year period October 1, 2003 to September 30, 2005. DMV estimates that 40,000 applicants will qualify. The drivers who are grandfathered will have to pay a total of $15 for a new license. This includes a statutory $10 CDL duplicate license fee plus a $5 duplicate license fee for the "S" endorsement. Total revenues would be 40,000 applicants at $15 per license, or $600,000. It is assumed here that the revenues are received as follows: $225,000 in FY03-04, $225,000 in FY04-05, and $150,000 in FY05-06.

Eventually, drivers who get an "S" endorsement will pay $10 more per year than drivers who currently get an "S" restriction. Under current law, an "S" restriction costs $2.50 per year. An "S" endorsement will cost $10 per year for the CDL license plus $1.25 for the required "P"

endorsement and $1.25 per year for the "S" endorsement, for a total of $12.50 per year, or an increase of $10 over what the customer has been paying. Licenses are issued for five years, so the total would be $50 of additional payments at the time of application. DMV estimates that this will apply to approximately 9,500 persons per year beginning in FY05-06, or $475,000 for a full fiscal year and three quarters of that, or $356,250, for the nine months of fiscal year FY05-06. The bill would allow drivers to get these endorsements starting October 1, 2003 but it is assumed here that few will do so and no estimate is given for the time period when grandfathering is permitted.

A BILL TO BE ENTITLED

AN ACT TO REVISE A STATUTE TO CREATE A BUTNER ADVISORY COUNCIL SO AS TO ELECT ALL MEMBERS AT LARGE IN ONE MULTISEAT RACE AND ELIMINATE STAGGERED TERMS; TO DEFINE THE ELECTORAL JURISDICTION OF THE COUNCIL AND OF THE JURISDICTION OF SPECIAL POLICE OF THE DEPARTMENT OF CRIME CONTROL AND PUBLIC SAFETY; AND TO AMEND THE LEGISLATION IN OTHER NEEDED WAYS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 122C-413 reads as rewritten:

"**§ 122C-413. Butner Advisory Council; created.**

(a) There is created a Butner Advisory Council to consist of seven members, to be elected by the residents of the ~~territorial jurisdiction established by G.S. 122C-408(a),~~ Butner Advisory Council Jurisdiction, as shown on a map produced May 20, 2003, by the Information Systems Division of the North Carolina General Assembly and kept on file in the office of the Butner Town Manager and in the office of the Granville County Board of Elections. The Butner Advisory Council shall be elected at a nonpartisan election pursuant to G.S. 163-292 administered by the Granville County Board of Elections to be ~~set after preclearance from the federal Department of Justice.~~ held in the first odd-numbered year after preclearance under section 5 of the Voting Rights Act of 1965 is obtained. The Granville County Board of Elections may change the dates of the candidate-filing period for the first election if preclearance is not obtained before the statutory filing period begins.

(a1) Any resident of Butner who is also a resident of Durham County shall vote, as if the voter was a Granville County resident, in any Butner election at a location in the Granville County portion of Butner designated by the Granville County Board of Elections, or by absentee ballot if absentee voting is authorized by the Secretary. As

soon as possible after the close of registration for the election, the Durham County Board of Elections shall send the Granville County Board of Elections any information necessary to conduct the election, including all of the following:

(1) A set of mailing labels for all registered voters in Durham County who are eligible to vote in the Butner election.

(2) A list of all registered voters in Durham County who are eligible to vote in the Butner election.

(3) An official precinct roster to be used by the Granville County Board of Elections to verify the eligibility to vote of persons presenting themselves to vote in the election.

The Granville County Board of Elections shall mark on the official roster provided by Durham County all those voters who vote in the election. Promptly after the election, the Granville County Board of Elections shall return the roster to the Durham County Board of Elections so it can update voter history for the Butner voters who are residents of Durham County.

(b) ~~Members~~ All members of the Butner Advisory Council shall be elected at ~~large,~~ large in one multi-seat race, and the election shall be held in accordance with all applicable federal and State constitutional and statutory provisions, including the Voting Rights Act of 1965. For the purpose of elections under this Part, the jurisdiction shall be considered a city under Chapters 160A and 163 of the General ~~Statutes.~~ Statutes, with the Secretary, advised by the Advisory Council, acting as the governing body of the city. Part 4 of Article 5 of Chapter 160A of the General Statutes does not apply to Butner. In accordance with North Carolina law, a candidate for the Butner Advisory Council must be a registered voter and a resident of the ~~territorial jurisdiction established by G.S. 122C-408(a).~~ Butner Advisory Council Jurisdiction, as shown on a map produced May 20, 2003, by the Information Systems Division of the North Carolina General Assembly and kept on file in the office of the Butner Town Manager and in the office of the Granville County Board of Elections.

(c) The candidates for the Butner Advisory Council shall file their notices of candidacy and any required campaign finance report with the Granville County Board of ~~Elections.~~ Elections, regardless of whether they live in the Granville or Durham County portion of the jurisdiction. The Secretary, with the advice of the Advisory Council, shall determine whether to authorize ~~Absentee~~ absentee voting by qualified voters residing in the territorial jurisdiction ~~shall be~~ in accordance with G.S. 163-302. The filing fee shall be ten dollars ($10.00) for the first election of the Butner Advisory Council. In subsequent elections the Secretary, with the advice of the Advisory Council, shall set the filing fee using the procedure in G.S. 163-294.2(e).

(d) The seven candidates receiving the highest numbers of votes shall be elected for ~~the following terms:~~ four-year terms.

~~(1) If the election is held in an even-numbered year, the four candidates receiving the highest numbers of votes shall be elected for terms of four years, and the three candidates receiving the next highest numbers of votes shall be elected for terms of two years.~~

~~(2) If the election is held in an odd-numbered year, the four candidates receiving the highest numbers of votes shall be elected for terms of five years, and the three candidates receiving the next highest numbers of votes shall be elected for terms of three years.~~

~~Biennially thereafter, in each even-numbered year, the members whose terms expire shall be elected to four-year terms.~~

(d1) The Department of Health and Human Services shall reimburse the Granville County Board of Elections and, if necessary, the Durham County Board of Elections for the actual cost of administering the election of the Butner Advisory Council according to the provisions of G.S. 163-284 as if Butner were a city.

(e) The Chair of the Butner Advisory Council shall be elected from among its members, shall serve a one-year term, may be reelected, and shall serve at the pleasure of the council.

(f) The Butner Advisory Council shall comply with the applicable and relevant provisions of Parts 1, 2, and 3 of Article 5 of Chapter 160A of the General Statutes with respect to the filling of vacancies and the organization and procedures of the council as if it were a city. Only those provisions of those Parts that are consistent with an advisory council are applicable and relevant to the Butner Advisory Council.

(g) Neither the Secretary nor the Butner Advisory Council shall have any authority over the Lyons Station Sanitary District, except as relates to matters involving whether to increase, decrease, or terminate the tax applicable to the Fire and Public Safety District defined by G.S. 122C-408, to the extent that the Lyons Station Sanitary District is a part of that Fire and Public Safety District."

SECTION 2. G.S. 122C-408(a) reads as rewritten:

"(a) The Secretary of Crime Control and Public Safety may employ special police officers for the territory of the ~~Camp Butner reservation.~~ Butner Advisory Council Jurisdiction. The territorial jurisdiction of these special police officers ~~shall include: (i) the Camp Butner reservation; (ii) the Lyons Station Sanitary District; and (iii) that part of Granville County adjoining the Butner reservation and the Lyons Station Sanitary District situated north and west of the intersection of Rural Paved Roads 1103 and 1106 and bounded by those roads and the boundaries of the reservation and the sanitary district.~~ is as shown on a map produced May 20, 2003, by the Information Systems Division of the North Carolina General Assembly and kept on file in the office of the Butner Town Manager and in the office of the Granville County Board of Elections. The Secretary of Crime Control and Public Safety may organize these special police officers into a public safety department for that territory and may establish it as a division within that principal department as permitted by Chapter 143B of the General Statutes.

SECTION 3. This act is effective when it becomes law.

(b) ~~Members~~ All members of the Butner Advisory Council shall be elected at ~~large,~~ large in one multiseat race, and the election shall be held in accordance with all applicable federal and State constitutional and statutory provisions, including the Voting Rights Act of 1965. For the purpose of elections under this Part, the jurisdiction shall be considered a city under Chapters 160A and 163 of the General Statutes. In accordance with North Carolina law, a candidate for the Butner Advisory Council must be a registered voter and a resident of the ~~territorial jurisdiction established by G.S. 122C-408(a).~~ Butner Advisory Council Jurisdiction, as shown on a map produced April

3, 2003, by the Information Systems Division of the North Carolina General Assembly and kept on file in the office of the Butner Town Manager and in the office of the Granville County Board of Elections.

(c) The candidates for the Butner Advisory Council shall file their notices of candidacy with the Granville County Board of Elections. Absentee voting by qualified voters residing in the territorial jurisdiction shall be in accordance with G.S. 163-302. The filing fee shall be the minimum set by G.S. 163-294.2(e).

(d) The seven candidates receiving the highest numbers of votes shall be elected for ~~the following terms:~~ four-year terms.

~~(1) If the election is held in an even-numbered year, the four candidates receiving the highest numbers of votes shall be elected for terms of four years, and the three candidates receiving the next highest numbers of votes shall be elected for terms of two years.~~

~~(2) If the election is held in an odd-numbered year, the four candidates receiving the highest numbers of votes shall be elected for terms of five years, and the three candidates receiving the next highest numbers of votes shall be elected for terms of three years.~~

~~Biennially thereafter, in each even numbered year, the members whose terms expire shall be elected to four year terms.~~

(d1) The Department of Health and Human Services shall reimburse the Granville County Board of Elections for the actual cost of administering the election of the Butner Advisory Council according to the provisions of G.S. 163-284 as if Butner were a city.

(e) The Chair of the Butner Advisory Council shall be elected from among its members, shall serve a one-year term, may be reelected, and shall serve at the pleasure of the council.

(f) The Butner Advisory Council shall comply with the applicable and relevant provisions of Parts 1, 2, and 3 of Article 5 of Chapter 160A of the General Statutes with respect to the filling of vacancies and the organization and procedures of the council as if it were a city."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 1074:
Butner Advisory Council

BILL ANALYSIS

Committee:	House Appropriations	**Introduced by:**	Representative Crawford
Date:	April 23, 2003	**Summary by:**	William R. Gilkeson
Version:	H1074-CSRR-36 [v.5]		Staff Attorney

SUMMARY: House Bill 1074 would change a statute already on the books to create an elected Advisory Council for the largely State-owned town of Butner. Instead of electing the 7 council members to 4-year terms with elections staggered every 2 years, the bill would elect all seven in the same multi-seat race held at the same time. The 7 candidates with a plurality would win 4 year terms. The bill would also fix the boundaries of the council jurisdiction as well as the patrol jurisdiction of State police by reference to a map.

CURRENT LAW: Butner, which contains John Umstead Hospital and a federal prison, is not a municipality, but local affairs are run by the State Department of Health and Human Services, which employs a town manager. The Secretary of HHS also appoints an advisory council. The General Assembly enacted legislation in 1996 to create an elected Advisory Council, but the bill was denied preclearance under Section 5 of the Voting Rights Act because the U.S. Justice Department questioned whether the elections in multi-seat races using staggered terms would give minority voters an adequate opportunity to elect candidates of their choice. Another bill creating an elected Advisory Council was enacted in 1999, but its similarity to the first one, the 2000 Census, and a consensus of community leaders led the State Board of Elections to submit the bill for informational purposes only to the U.S. Department of Justice and not for preclearance at that time.

BILL ANALYSIS:

Section 1 of the PCS amends the 1999 legislation to change the election from staggered 4-year terms – 4 members elected one year and 3 elected two years later – to one in which all 7 members are elected in the same multi-seat race every 4 years. The first election would occur in the first odd-numbered year after the bill was precleared. Filing fees for candidates would be $10 for the initial election; in subsequent elections filing fees would be set as in cities: capped at 1% of the annual salary of the office sought, but no less than $5. The Department of HHS would be required to reimburse the Granville County Board of Elections (and, if necessary, the Durham County Board of Elections, since a small part of the Butner jurisdiction is in Durham County) for the cost of the election.

The bill also defines the territory of the Advisory Council electorate by reference to a map that is designed to reflect the patrol jurisdiction of the Crime Control and Public Safety police as it existed on January 1, 2003.

Section 2 of the PCS would amend to statute describing the territory of Crime Control police by reference to the same map used to define the Butner Advisory Council jurisdiction in Section 1. The effect of referring to the map to define both jurisdictions is to fix the boundaries so they do not expand. The current statute ties the Advisory Council jurisdiction to the police jurisdiction, and the definition of the police jurisdiction includes the Lyons Station Sanitary District. The Granville County Commissioner have the authority to expand the boundaries of that sanitary district, and have done so in recent times. Tying both the police jurisdiction and the Advisory Council jurisdiction to a map means that neither territory will be subject to change when the commissioners change the sanitary district.

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
EXPENDITURES					
DHHS	$5,233.75				$5,894.92

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Health and Human Services; Granville County Board of Elections; Durham County Board of Elections

EFFECTIVE DATE: Act is effective when it becomes law.

BILL SUMMARY:
The Proposed Committee Substitute (PCS) revises the existing statutory provision for the election of members to the Butner Advisory Council (Council). The Council's 7 members are to be elected in a nonpartisan election to be administered by the Granville County Board of Elections in the first odd-numbered year after pre-clearance under section 5 of the Voting Rights Act of 1965 is obtained. The PCS directs that all members of the Council be elected at large in one multi-seat race and serve 4-year terms. The candidate-filing fee for at least

the first election is to be set at ten dollars ($10.00) per candidate. The Secretary of the Department of Health and Human Services (DHHS), with advice of the Council, will determine whether to authorize absentee voting by qualified voters residing in the Council territory. New subsection (d1) of G.S. 122C-413 requires that DHHS reimburse the Granville County Board of Elections (GCBE), and if necessary, the Durham County Board of Elections (DCBE), for the actual cost of administering the election of the Council.

ASSUMPTIONS AND METHODOLOGY:

The following assumptions apply to determine the actual cost of the election incurred by GCBE and DCBE:

- After this PCS is law, the Granville County Board of Elections and the Granville County attorney will submit the appropriate form to the US Department of Justice to seek and obtain pre-clearance under section 5 of the Voting Rights Act of 1965. Generally, it takes the Justice Department 60 days to review and pre-clear a submission.
- It is highly probable that GCBE will have to change the dates of the candidate-filing period as allowed in the PCS as the statutory filing period begins July 4, 2003. However, GCBE will operate under the assumption that the pre-clearance will be obtained in time for the Council election to be held in November 2003.
- GCBE does not anticipate or have planned any countywide election or statewide special election during the fall of 2003.
- Assume the Secretary of DHHS will authorize absentee voting for qualified voters.
- These assumptions for 2003 are assumed to hold true for the 2007 election. The estimated Council election cost for 2007 includes the application of inflation to the entire sum by Fiscal Research Division staff: FY 2004-05 (2.4%); FY 2005-06 (2.5%); FY 2006-07 (2.4%); and FY 2007-08 (2.3%). FRD staff assumes that the election would be held in November 2007, and therefore impact the appropriations of DHHS' 2007-08 FY budget.[1]
- For the first election, the fee is set at $10 and is to be paid to the Granville County Board of Elections. The number of candidates can not be determined at this time so Fiscal Research Division staff can not estimate the revenue generated from the filing fee.

Granville County Board of Elections determined that the actual cost for conducting an election, based on current cost factors, for the Butner Advisory Council would be $5,233,75[2]

[1] If pre-clearance is not obtainable in time for an election to be held during 2003, then it is to be assumed that an election would be held in 2005, the first odd-numbered year after pre-clearance is obtained. Using all the same assumptions as set out in this Fiscal Note for a 2003 election, and using the same inflation rates, the cost for an election in the fall of 2005 is estimated to be $5,627.32. The election reimbursement costs would probably effect DHHS' FY 2005-06 appropriations.

[2] Granville County Board of Elections also estimated an alternative election cost of $4,658.75, using current cost factors. This lower cost calculation is based on the cost of coding memory packs at $150, instead of the $725 cost included in the actual cost estimate used in this Fiscal Note. The Fiscal Research Division staff decision to use the higher of the two figures is because the assumption that no other countywide or special

in 2003. This cost would be reimbursed by DHHS to GCBE ($5,153.55) and DCBE ($80.20). The cost estimate includes the costs for the three required precincts (salaries for poll workers); postage for absentee ballots[3]; advertising for required legal notice; coding the computer chips for ballot counter machines and memory pack preparation; ballot printing; mailing notices to qualified Durham county residents about election; and travel. Durham County Board of Elections' cost covers postage for mailings and absentee ballots and travel cost.

There are no additional anticipated fiscal impacts to the agency operations of the Department of Health and Human Services or the Department of Crime Control and Public Safety as a result of this PCS.

SOURCES OF DATA: Granville County Board of Elections; State Board of Elections; Department of Health and Human Services; and Department of Crime Control and Public Safety.

---

election is anticipated or planned at this time. If only this election will be conducted in November 2003, the memory packs would be submitted by GCBE at a separate time from other memory packs to be programmed and require the $700 memory pack programming fee and the $25 FedEx shipping cost.

[3] GCBE had to estimate the number of total voters from 1996 with the addition of new areas developed since then as the detailed map information is not available to GCBE at this time. The cost for mailings and absentee ballots is therefore estimated for both Durham and Granville counties. Travel costs for the GCBE were calculated by GCBE using Granville county mileage rate of $.28 cents per mile; this rate may increase.

Referred to:

April 8, 2003

A BILL TO BE ENTITLED

AN ACT TO CLARIFY THE AUTHORITIES OF THE DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES AND THE WILDLIFE RESOURCES COMMISSION WITH RESPECT TO THE REGULATION OF CERVIDS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 113-129(1b) reads as rewritten:

"(1b) Big Game. – Bear, wild boar, wild turkey, and ~~deer, not to include fallow deer or red deer raised for production and sale under G.S. 106-549.97.~~white-tailed deer."

SECTION 2. G.S. 113-129 is amended by adding a new subdivision to read:

"(1f) Cervid or Cervidae. – All animals in the Family Cervidae (elk and deer)."

SECTION 3. G.S. 113-129 is amended by adding two new subdivisions to read:

"(5a) Deer. – White-tailed deer (Odocoileus virginianus), except when otherwise specified in this Chapter.

(5b) Farmed Cervid. – Any member of the Cervidae family, other than white-tailed deer, elk, mule deer, or black-tailed deer, that is bought and sold for commercial purposes."

SECTION 4. G.S. 113-129(7c) reads as rewritten:

"(7c) Game Animals. – Bear, fox, rabbit, squirrel, wild boar, ~~and~~ white-tailed deer, ~~not to include fallow deer or red deer raised for production and sale under G.S. 106-549.97;~~ and, except when trapped in accordance with provisions relating to fur-bearing animals, bobcat, opossum, and ~~raccoon~~ raccoon. ~~except when trapped in accordance with provisions relating to fur-bearing animals.~~"

SECTION 5. Article 21 of Chapter 113 of the General Statutes is amended by adding a new section to read:

"**§ 113-272.6. Transportation of cervids and licensing of captive cervid facilities.**

(a) The Wildlife Resources Commission shall regulate the transportation, including importation and exportation, and possession of cervids, including game carcasses and parts of game carcasses extracted by hunters. The Commission shall adopt rules to implement this section, including requirements for captivity licenses, captivity permits, and transportation permits. The rules adopted pursuant to this section shall establish standards of care for the transportation and possession of cervids, including requirements for fencing, tagging, record keeping, and inspection of captive cervid facilities. Notwithstanding any other provision of law, the Commission may charge a fee of up to fifty dollars ($50.00) for the processing of applications for captivity licenses, captivity permits, and transportation permits, and the renewal or modification of those licenses and permits. The fees collected shall be applied to the costs of administering this section.

(b) The Wildlife Resources Commission shall notify every applicant for a transportation permit that any permit issued is subject to the applicant's compliance with the Department of Agriculture and Consumer Services' requirements for transportation pursuant to Article 34 of Chapter 106 of the General Statutes.

(c) The Department of Agriculture and Consumer Services shall regulate the production and sale of farmed cervids for commercial purposes pursuant to G.S. 106-549.97.

(d) Notwithstanding any other provision of law, the North Carolina Wildlife Resources Commission shall issue captivity licenses, captivity permits, or transportation permits to any person possessing cervids that were held in captivity by that person prior to May 17, 2002, if the Executive Director finds that the applicant has come into compliance with all applicable rules related to the holding of cervids in captivity by January 1, 2004, and that issuance of such license or permit does not pose unreasonable risk to the conservation of wildlife resources.

(e) Any captivity license, captivity permit, or cervids held contrary to the provisions of this section may be subject to forfeiture and disposition in accordance with the provisions of G.S. 113-137 or G.S. 113-276.2."

SECTION 6. G.S. 113-276.2(a) reads as rewritten:

"(a) This section applies to the administrative control of:

(1) Persons, other than individual hunters and fishermen taking wildlife as sportsmen, holding permits under this Article;

(2) Individuals holding special device licenses under G.S. 113-272.2(c)(1), (1a), (2), and (2a);

(3) Individuals holding collection licenses under G.S. 113-272.4;

(4) Individuals holding captivity licenses under ~~G.S. 113-272.5;~~ G.S. 113-272.5 and G.S. 113-272.6; and

(5) Persons holding dealer licenses under G.S. 113-273."

SECTION 7. G.S. 113-291.2(c) reads as rewritten:

"(c) An individual who has lawfully taken game within applicable bag, possession, and season limits may, except as limited by rules adopted pursuant to subsection (c1) of this section, after the game is dead, possess and personally transport it

for his own use by virtue of his hunting license, and without any additional permit, subject to tagging and reporting requirements that may apply to the fox and big game, as follows:

(1) In an area in which the season is open for the species, the game may be possessed and transported without restriction.

(2) The individual may possess and transport the game lawfully taken on a trip:

a. To his residence;

b. To a preservation or processing facility that keeps adequate records as prescribed in G.S. 113-291.3(b)(3) or a licensed taxidermist;

c. From a place authorized in subparagraph b to his residence.

(3) The individual may possess the game indefinitely at his residence, and may there accumulate lawfully-acquired game up to the greater of:

a. The applicable possession limit for each species; or

b. One half of the applicable season limit for each species.

The above subdivisions apply to an individual hunter under 16 years of age covered by the license issued to his parent or guardian, if he is using that license, or by the license of an adult accompanying him. An individual who has lawfully taken game as a landholder without a license may possess and transport the dead game, taken within applicable bag, possession, and season limits, to his residence. He may indefinitely retain possession of such game, within aggregate possession limits for the species in question, in his residence."

SECTION 8. G.S. 113-291.2 is amended by adding a new subsection to read:

"(c1) In the event that the Executive Director finds that game carcasses or parts of game carcasses are known or suspected to carry an infectious or contagious disease that poses an imminent threat to the health or habitat of wildlife species, the Wildlife Resources Commission shall adopt rules to regulate the importation, transportation, or possession of those carcasses or parts of carcasses that, according to wildlife disease experts, may transmit such a disease."

SECTION 9. G.S. 113-292(d) reads as rewritten:

"(d) The Wildlife Resources Commission is authorized to authorize, license, regulate, prohibit, prescribe, or restrict anywhere in the State the acquisition, importation, possession, transportation, disposition, or release into public or private waters or the environment of ~~exotic~~ zoological or botanical species or specimens that may threaten the introduction of epizootic disease or may create a danger to or an imbalance in the environment inimical to the conservation of wildlife resources. This subsection is not intended to give the Wildlife Resources Commission the authority to supplant, enact any conflicting rules, or otherwise take any action inconsistent with that of any other State agency acting within its jurisdiction."

SECTION 10. G.S. 113-294 is amended by adding a new subsection to read:

"(o) Any person who willfully imports or possesses black-tailed or mule deer (Odocoileus hemionus and all subspecies) in this State for any purpose is guilty of a Class 1 misdemeanor."

SECTION 11. G.S. 106-549.97 reads as rewritten:

"**§ 106-549.97. Regulation ~~of fallow deer and red deer~~ by Department of Agriculture and Consumer ~~Services;~~ Services of certain cervids produced and sold for commercial purposes; certain authority of North Carolina Wildlife Resources Commission not affected; definitions.**

(a) The Department of Agriculture and Consumer Services shall regulate the production and sale of ~~fallow deer and red deer for food purposes.~~ farmed cervids. The Board of Agriculture shall adopt rules for the production and sale of ~~fallow deer and red deer for food purposes~~ farmed cervids in such a manner as to provide for close supervision of any person, firm, or corporation producing and selling ~~fallow deer or red deer, or both, for food purposes.~~ farmed cervids and shall notify any such person, firm, or corporation that the activity is subject to compliance with Wildlife Resources Commission rules pursuant to G.S. 113-272.6.

(b) The North Carolina Wildlife Resources Commission shall regulate the ~~possession and transportation of live fallow deer and live red deer and may adopt rules to prevent the release or escape of fallow deer or red deer, or both, upon finding that it is necessary to protect live fallow deer or live red deer, or both, or to prevent damage to the native deer population or its habitat.~~possession and transportation, including importation and exportation, of cervids pursuant to G.S. 113-272.6.

(c) The following definitions apply in this Article:

~~(1) Fallow deer. A member of the Dama dama species.~~

~~(2) Red deer. A member of the Cervus elephus species.~~

(3) Cervid or Cervidae. – All animals in the Family Cervidae (elk and deer).

(4) Farmed Cervid. – Any member of the Cervidae family, other than white-tailed deer, elk, mule deer, or black-tailed deer, that is bought and sold for commercial purposes.

(5) White-tailed deer. – A member of the species Odocoileus virginianus."

SECTION 12. Section 10 of this act becomes effective October 1, 2003, and applies to acts committed on or after that date. The remainder of this act is effective when it becomes law.

HOUSE BILL 948:
Clarify Authority Regulation of Cervids

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. A. Williams
Date:	June 4, 2003	**Analysis by:**	Barbara Riley
Version:	2nd Edition		Committee Counsel

SUMMARY: ***House Bill 948 amends `Subchapter IV of Chapter 113 of the General Statutes, Conservation of Marine and Estuarine and Wildlife Resources as follows:***

- ***Amends a number of definitions to clarify the Wildlife Resources Commission's authority to regulate the possession and transportation of cervids, members of the deer and elk family.***
- ***adds a new section to Chapter 113 providing specifically for the transportation of cervids and the licensing of captive cervid facilities.***
- ***authorizes the Commission to adopt rules regulating the import and possession of game carcasses that are known or suspected of carrying an infectious or contagious disease posing an imminent threat to the health of the State's wildlife.***
- ***Makes the willfull possession or importation of a black-tailed deer or a mule deer in North Carolina a Class I misdemeanor.***
- ***authorizes the Commission to charge a fee of up to $50 for the issuance of captivity licenses, captivity permits and transportation permits for cervids, and the renewal or modification of those license and permits.***

BACKGROUND: House Bill 948 (and House Bill 939) have their roots in the controversy over the adoption of rules by the Wildlife Resources Commission and the North Carolina Department of Agriculture and Consumer Services to protect the State's white tailed deer population and farmed deer population from the disease known as Chronic Wasting Disease (CWD). CWD is a fatal neurological disease of farmed and wild deer and elk.

In May of 2002 (and again in October 2002) the WRC proposed emergency rules that restricted the transportation of farmed cervids within the State and also increased the requirements for tagging cervids, and fencing, maintenance and recordkeeping at captive cervid facilities. The North Carolina Deer/ Elk Farmers Association, Ltd. filed objections to the rules on the basis that the WRC lacked jurisdiction to promulgate those rules. The basis of the objections rested in part on the definitions in the Wildlife laws that exempted red deer and fallow deer, from the definitions of "big game" and "game animal", and therefore from the definition of "wild animal" such that the WRC did not have jurisdiction to regulate the possession of these animals. The objections, however, were overruled as G.S. 106-549.97 gives the WRC specific authority to regulate the possession and transportation of red deer and fallow deer. House Bill 948 was introduced to clarify the WRC's jurisdiction to regulate the possession and transportation of cervids.

BILL ANALYSIS: Section 1 of House Bill 948 amends G.S. 113-129(1b) to define "big game" animals to include only white-tailed deer. The reference exempting red deer and fallow deer is removed.

Section 2 of the bill amends G.S. 113-129 by adding a new subdivision (1f) defining "cervids" to mean all animals in the Cervidae family (elk and deer).

Section 3 adds two new subdivisions (5a) and (5b) which define "deer" to mean white-tailed deer" and "farmed cervid" to mean any member of the cervidae family other than white-tailed deer, elk, mule deer or black-tailed deer, that is bought and sold for commercial purposes.

Section 4 of the bill amends G.S. 113-129 to clarify that the term "game animals" includes only white-tailed deer. It removes the language exempting red deer and fallow deer.

Section 5 adds G.S. 113-272.6 requiring the WRC to regulate the transportation of cervids and licensing of captive cervid facilities. This includes the transportation, importation, exportation, and possession of cervids, including game carcasses and parts of game carcasses. The WRC shall adopt rules for the licensing of captive cervid facilities including rules on fencing, tagging, record keeping and inspections of captive cervid facilities. The WRC is given the authority to charge a fee of up to $50 to process applications for captivity licsenses, captivity permits, and transportation permits, and the renewal or modification of those licenses and permits. The fees collected are to be applied to the costs of administering the regulation of transporting and licensing cervids.

Subsections (b) and (c) of G.S. 113-272.6 provide that persons issued transportation permits by the WRC must be notified of the transportation requirements of the Department of Agriculture and Consumer Services and provide that the Department shall regulate the production and sale of farmed cervids.

G.S. 113-272.6 (d) provides that the WRC may issue captivity licenses to persons with cervids held prior to May 17, 2002 if the Executive Director finds that the person has complied with all rules applicable to the holding of cervids in captivity by October 1, 2003, and that the issuance of the captivity license does not present a unreasonable risk to the State's wildlife.

Subdivision (e) provides for the forfeiture and disposition of any cervids held contrary to the provisions of G.S. 113-272.6.

Section 6 of the bill amends G.S. 113-276.2 to make that section applicable to transportation permits and licensing of captive cervid facilities. G.S. 113-276.2 requires the Executive Director of the WRC to satisfy himself that the qualifications for licenses and permits are met by the applicant and provides for license revocations and refusals to reissue permits or licenses based upon failure to meet the qualifications requirements or the commission of a substantial violation of the wildlife statutes or rules governing the permit or license.

Sections 7 and 8 provide for the WRC to regulate the importation, possession or transportaion of game carcasses that are suspected of carrying an infectious or contagious disease that presents an imminent threat to wildlife in the State.

Section 9 expands the authority of the WRC to regulate the import, possession, transportation disposition or release of plant and animal species that may create a danger to or imbalance in the environment that would be harmful to the conservation of wildlife resources, to include those species that may threaten the introduction of an epizootic disease

Section 10 makes the importation or possession of black-tailed or mule deer a Class 1 misdemeanor.

Section 11 of the bill amends G.S. 106-549.97, the regulation of the production and sale of red deer and fallow deer by the Department of Agriculture and Consumer Services, to make it consistent with the definitions in G.S. 113-129 regarding farmed cervids. Section 11 also amends the statute to require the

Department to notify persons subject to its rules on farmed cervids that their activity is also subject to compliance with the WRC rules under G.S. 113-272.6.

Section 10 of the act becomes effective October 1, 2003 and applies to acts committed on or after that date. The remainder of the act is effective when it becomes law.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: HB 948 (Second Edition)

SHORT TITLE: Clarify Authority/Regulation of Cervids

SPONSOR(S): Representative A. Williams

FISCAL IMPACT

**Note: The WRC position will be receipt supported therefore the net General Fund impact to WRC is zero.*

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Wildlife Resources Commission, Department of Agriculture and Consumer Services, Department of Corrections, and Judicial Branch.

EFFECTIVE DATE: Amended G.S. 113-294 subsection (o) becomes effective Oct. 1, 2003. Remainder of bill is effective when it becomes law.

BILL SUMMARY: HB 948 clarifies the role of the Wildlife Resources Commission and the Department of Agriculture and Consumer Services with respect to the regulation of cervids (deer and elk). G.S. 113-272.6 provides the Wildlife Resources Commission with the ability to regulate the transportation, importation, exportation, and possession of cervids. The Wildlife Resources Commission is also authorized to charge up to a $50 application fee for cervid captivity licenses. In addition, the Department of Agriculture and Consumer Services will regulate the production and sale for commercial purposes of cervids other than white-tailed deer. Wildlife Resources will notify applicants for transportation permits that the activity is authorized subject to the applicant's compliance with the Department of Agriculture's transportation requirements. Any captivity license, permit or cervid held contrary to the provisions of the new section could be subject to forfeiture. The legislation also amends G.S. 113-291.2 by adding a new subsection (c1) authorizing the Executive Director of the Wildlife Resources Commission to adopt rules regulating the importation, transportation, or possession of any carcasses or parts of carcasses that are known to or suspected to carry an infectious disease that poses an imminent threat to the health or habitat of wildlife species. The definition of farmed cervid is also added. G.S. 113-294 is amended with the addition of a new subsection (o) making it a Class 1 misdemeanor to import or possess black-tailed or mule deer which would become effective October 1, 2003. The remainder of the bill is effective when it becomes law.

ASSUMPTIONS AND METHODOLOGY:
A captivity license, captivity permit and a transportation permit are all identified in HB 948. There are no fees associated with captivity or transportation permits, however, there are some administrative costs incurred by the issuance of such permits. According to the Wildlife Resources Commission (WRC), no captivity permits would be issued for any cervids identified in HB 948. For the purposes of this fiscal note, only captivity licenses and transportation permits will be addressed.

Wildlife Resources Commission
Currently, the Wildlife Resources Commission regulates the transportation, importation, exportation and possession of cervids and captive cervid facilities (facilities). The rise in the number of deer diagnosed with Chronic Wasting Disease (CWD) has created the need for increased enforcement of those regulations including establishing standards of care for the transportation and possession of cervids, requirements for fencing, tagging, record keeping, and inspection of facilities. The WRC does not anticipate additional enforcement costs above and beyond their existing operating budget.

Captivity licenses currently cost $5. In addition to the captivity license fee, the WRC anticipates charging the full $50 application fee to create additional revenue and to allow WRC to enforce facility regulations. There are 140 such facilities in the state; approximately 80 are currently licensed and approximately 60 are unlicensed. The Commission estimates that a $50 per application fee for a captivity license would generate $7,000 annually when all 140 facilities applied for a captivity license. Each facility would also pay $50 annually to renew or modify existing licenses. The WRC has no estimate as to the number of facilities that may or may not operate in future years because of the fluctuating nature of the business, thus the estimate is based on the number of existing facilities.

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
Number of Applications	140	140	140	140	140
Cost Per Application	$50	$50	$50	$50	$50
Total Revenue	$7,000	$7,000	$7,000	$7,000	$7,000

The additional administrative costs to coordinate application and enforcement efforts will require one additional position, a Wildlife Biologist I, with salary and benefits totaling $37,295 per year with adjustments for inflation in future years. The WRC anticipates paying for this position with existing receipts. The WRC also estimates that other administrative costs associated with the captivity license fee and the transportation permits including equipment, paper, printing, postage and travel would total $7,000 and would be paid for using the additional application fee revenues. **Since the added position would be receipt supported and the additional administrative costs would be covered by application license fee revenues, there is no fiscal impact on the General Fund.**

Department of Agriculture and Consumer Services

The North Carolina Department of Agriculture and Consumer Service's (NCDACS) Veterinary Services Division currently works in conjunction with the WRC on all facility inspections. NCDACS is now also responsible for all farmed cervids and those being raised for any commercial purpose other than white-tail, black-tail, and mule deer and elk. With this expansion, NCDACS would see an increase in the number of facilities they would need to inspect. According to NCDACS, to adequately administer inspections an additional Animal Health Technician would be needed with salary and benefits totaling $35,778 per year with adjustments for inflation in future years. Additional laboratory costs would also be incurred to conduct necropsy and sample preparation which would then be sent to approved labs for testing. Shipment and sample costs would total $3,560. **The total fiscal impact on the General Fund for FY 2003-04 would be $39,338.**

Judicial Branch

For most criminal penalty bills, the Administrative Office of the Courts (AOC) provides Fiscal Research with an analysis of the fiscal impact of the specific bill. For these bills, fiscal impact is typically based on the assumption that court time will increase due to an expected increase in trials and a corresponding increase in the hours of work for judges, clerks and prosecutors. This increased court time is also expected to result in greater expenditures for jury fees and indigent defense. The AOC notes that data is unavailable concerning the number of charges that may result under this bill as data are unavailable on how common the existence of black-tailed or mule deer is across the State. For offenses that are brought to trial as Class 1 misdemeanors, the estimated court cost per trial is $3,144. For Class 1 misdemeanor offenses not brought to trial, and where a guilty plea is entered, AOC estimates the cost per guilty plea at $279.

Department of Correction

The Sentencing and Policy Advisory Commission prepares inmate population projections annually. The projections used for incarceration fiscal notes and fiscal memos are based on January 2003 projections. These projections are based on historical information on incarceration and release rates under Structured Sentencing, crime rate forecasts by a technical advisory board, probation and revocation rates, and the decline (parole and maxouts) of the stock prison population sentenced under previous sentencing acts. Based on the most recent population

projections and estimated available prison bed capacity, *there are no surplus prison beds available for the five year Fiscal Note horizon and beyond.* The number of beds needed will always be equal to the projected number of inmates due to a bill.

Since the proposed bill creates a new offense, the Sentencing Commission does not have any historical data from which to estimate the impact of this bill on the prison population. It is not known how many offenders might be sentenced under this bill. The Sentencing Commission notes that in FY 2001-2002, 15.8 percent of Class 2 misdemeanor convictions resulted in active sentences. The average estimated time served was 35.2 days. Active sentences between 1-90 days are served in local jails; the DOC reimburses counties for active sentences between 30-90 days at a cost to the state of $18/day. Most Class 1 misdemeanants receive community or intermediate sanctions. In 2001-2002, costs for these non-active sentences ranged from $1.83 to $11.47 per offender per day.

March 27, 2003

A BILL TO BE ENTITLED

AN ACT REMOVING CERTAIN DESCRIBED PROPERTY FROM THE CITY OF CLAREMONT AND THE CITY OF CONOVER AND ANNEXING CERTAIN DESCRIBED PROPERTY TO THE CITY OF CLAREMONT.

The General Assembly of North Carolina enacts:

SECTION 1. The following described property is removed from the corporate boundaries of the City of Claremont:

Being all or Parcel Five (Boyce Roop Hollar, Jr. Family) as adopted in the annexed ordinance of the City of Claremont as appears in City of Claremont Ordinance Book 2 at Page 921 and in the Office of the Register of Deeds of Catawba County in Book 1575 at Page 147 (said description should be read so as to include in the next to the last call before the number 20 the following words: "in a westerly direction"), and said Parcel Five being more particularly described on that certain annexation map of the City of Claremont recorded in the Office of the Register of Deeds of Catawba County in Plat Book 24 at page 51 on the 25th day of August, 1988, with reference to said map being made for more particular description.

SECTION 2. The following described property is removed from the corporate boundaries of the City of Conover and added to the corporate limits of the City of Claremont:

Beginning at an iron pin at the northeast corner of what is designated as the Margaret H. Sherrill property on that certain annexation map of the City of Conover recorded in the Catawba County Registry in Plat Book 23 at Page 52 on the 27th day of January, 1988 (hereinafter referred to as "Map"), and running thence from said beginning point South 23° East 410 feet, more or less, with the Sherrill line to a point in the southern right-of-way line of US Highway 70 (formerly US Highway 64-70); thence with said right-of-way line South 68° West 800 feet, more or less, to the northeast corner of Boyce Roop Hollar, Jr. property; thence continuing with the southern right of way of said highway in a westerly direction 300 feet, more or less, to a point that is

perpendicular across said highway from the southeast corner of the Boyce Roop Hollar, Jr. property and the northern right-of-way of said highway, said Hollar property being described in that certain deed recorded in Book 2138 at Page 1313 of the Catawba County Registry thence across said highway in a perpendicular direction 60 feet to the southeast corner of Boyce Roop Hollar, Jr. described in said Book 2138 at Page 1313, Catawba County Registry; thence with the eastern line of Boyce Roop Hollar, Jr. property described in Book 2138 at Page 1313, Catawba County Registry North 18° 30' 39" West 200 feet to the Conover city limits as shown on the map; thence with the Conover city limits shown on said map in a northeasterly direction 765 feet, more or less, to the Conover city limits line in the western line of Margaret H. Sherrill; thence with Sherrill first North 4° West 150 feet; thence secondly with Sherrill's line North 69° 15' East 250 feet, more or less, to the point of Beginning (and for more particular description see the annexation Map) recorded in Plat Book 23 at Page 52 and the deed to Boyce Roop Hollar, Jr. dated March 22, 1999, and recorded in Book 2138 at Page 1313, Catawba County Registry.

SECTION 3. This act is effective June 30, 2003.

March 27, 2003

A BILL TO BE ENTITLED

AN ACT REMOVING CERTAIN DESCRIBED PROPERTY FROM THE CITY OF CLAREMONT AND THE CITY OF CONOVER.

The General Assembly of North Carolina enacts:

SECTION 1. The following described property is removed from the corporate boundaries of the City of Claremont:

Being all or Parcel Five (Boyce Roop Hollar, Jr. Family) as adopted in the annexed ordinance of the City of Claremont as appears in City of Claremont Ordinance Book 2 at Page 921 and in the Office of the Register of Deeds of Catawba County in Book 1575 at Page 147 (said description should be read so as to include in the next to the last call before the number 20 the following words: "in a westerly direction"), and said Parcel Five being more particularly described on that certain annexation map of the City of Claremont recorded in the Office of the Register of Deeds of Catawba County in Plat Book 24 at page 51 on the 25th day of August, 1988, with reference to said map being made for more particular description.

SECTION 2. The following described property is removed from the corporate boundaries of the City of Conover:

Beginning at an iron pin at the northeast corner of what is designated as the Margaret H. Sherrill property on that certain annexation map of the City of Conover recorded in the Catawba County Registry in Plat Book 23 at Page 52 on the 27th day of January, 1988 (hereinafter referred to as "Map"), and running thence from said beginning point South 23° East 410 feet, more or less, with the Sherrill line to a point in the southern right-of-way line of US Highway 70 (formerly US Highway 64-70); thence with said right-of-way line South 68° West 800 feet, more or less, to the northeast corner of Boyce Roop Hollar, Jr. property; thence continuing with the southern right of way of said highway in a westerly direction 300 feet, more or less, to a point that is perpendicular across said highway from the southeast corner of the Boyce Roop Hollar, Jr. property and the northern right-of-way of said highway, said Hollar property being described in that certain deed recorded in Book 2138 at Page 1313 of the Catawba

County Registry thence across said highway in a perpendicular direction 60 feet to the southeast corner of Boyce Roop Hollar, Jr. described in said Book 2138 at Page 1313, Catawba County Registry; thence with the eastern line of Boyce Roop Hollar, Jr. property described in Book 2138 at Page 1313, Catawba County Registry North 18° 30' 39" West 200 feet to the Conover city limits as shown on the map; thence with the Conover city limits shown on said map in a northeasterly direction 765 feet, more or less, to the Conover city limits line in the western line of Margaret H. Sherrill; thence with Sherrill first North 4° West 150 feet; thence secondly with Sherrill's line North 69° 15' East 250 feet, more or less, to the point of Beginning (and for more particular description see the annexation Map) recorded in Plat Book 23 at Page 52 and the deed to Boyce Roop Hollar, Jr. dated March 22, 1999, and recorded in Book 2138 at Page 1313, Catawba County Registry.

SECTION 3. This act is effective when it becomes law.

HOUSE BILL 725:
Conover/Claremont Annex/Deannex.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Setzer
Date:	June 5, 2003	**Summary by:**	Trina Griffin
Version:	PCS for 1st Edition		Committee Counsel
	H725-CSSVx-10		

SUMMARY: The Proposed Committee Substitute for House Bill 725 does the following:

- *It deannexes a 50-foot strip of vacant property from the city limits of Claremont.*
- *It deannexes certain described property from the city limits of Conover and annexes the same property to the city limits of Claremont.*

CURRENT LAW: A city or town may annex property by petition of owners of property to be annexed or if the property meets certain statutory requirements. If the property does not meet the statutory requirements for annexation, the municipality does not have the authority to annex. However, the General Assembly can extend the corporate limits of a municipality to encompass areas that the municipality would not statutorily have the authority to annex. The General Assembly can also de-annex property of a municipality.

BILL ANALYSIS:

Section 1 of the bill removes a 50-foot strip of vacant property from the corporate boundaries of the City of Claremont.

Section 2 of the bill removes certain described property from the corporate boundaries of the City of Conover and adds the property to the corporate boundaries of the City of Claremont. There are three homeowners on this property. They will continue to receive the same city services without any additional charge and will have tax rates that are substantially similar or less than they are currently paying.

BACKGROUND: This legislation is designed to solidify an existing annexation agreement between the cities of Conover and Claremont entered into over a year ago.

2003 COMMITTEE REPORT
HOUSE OF REPRESENTATIVES

The following report(s) from standing committee(s) is/are presented:
By Representatives **G. Allen, Howard, Luebke, McComas, Miner, and Wainwright** (Chairs) for the Committee on **FINANCE**.

☐ Committee Substitute for

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

S D

SENATE BILL 652
PROPOSED COMMITTEE SUBSTITUTE S652-PCS65299-LB-61

Short Title: Airport Financing and Leases/Dam Assessments. (Public)

Sponsors:

Referred to:

April 1, 2003

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE CERTAIN AIRPORT AUTHORITIES TO ENTER INTO INSTALLMENT CONTRACTS, TO EXTEND FROM TEN TO FIFTEEN YEARS THE MAXIMUM REPAYMENT PERIOD FOR DAM REPAIR ASSESSMENTS IN THE VILLAGE OF PINEHURST, AND TO ALLOW THE STANLY COUNTY AIRPORT AUTHORITY TO ENTER INTO LONG-TERM LEASES WITH THE UNITED STATES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-20 reads as rewritten:

"**§ 160A-20. Security interests.**

(a) Units of local government, as defined in subsection (h), may purchase or finance the purchase of real or personal property by installment contracts that create in the property purchased a security interest to secure payment of the purchase price to the seller or to an individual or entity advancing moneys or supplying financing for the purchase transaction.

(b) Units of local government, as defined in subsection (h), may finance the construction or repair of fixtures or improvements on real property by contracts that create in the fixtures or improvements, or in all or some portion of the property on which the fixtures or improvements are located, or in both, a security interest to secure repayment of moneys advanced or made available for such construction or repair.

(c) Units of local government, as defined in subsection (h), may use escrow accounts in connection with the advance funding of transactions authorized by this section, whereby the proceeds of such advance funding are invested pending disbursement.

(d) No contract entered into under this section may contain a nonsubstitution clause that restricts the right of a unit of local government to:

(1) Continue to provide a service or activity; or

(2) Replace or provide a substitute for any fixture, improvement, project, or property financed or purchased pursuant to such contract.

(e) A contract entered into under this section is subject to approval by the Local Government Commission under Article 8 of Chapter 159 of the General Statutes if it:

(1) Meets the standards set out in G.S. 159-148(a)(1), 159-148(a)(2), and 159-148(a)(3), or involves the construction or repair of fixtures or improvements on real property; and

(2) Is not exempted from the provisions of that Article by one of the exemptions contained in G.S. 159-148(b).

(e1) A nonprofit corporation or association operating or leasing a public hospital may only enter into a contract pursuant to this section if the nonprofit corporation or association will have an ownership interest in the property being financed, including a leasehold interest, and the security interest granted in such property being financed shall only be to the extent of such property interest. In addition, any contract entered into by a nonprofit corporation or association operating or leasing a public hospital pursuant to this section is subject to the approval of the city, county, hospital district, or hospital authority which owns such hospital. Approval of the city, county, hospital district, or hospital authority may be withheld only under one or more of the following circumstances:

(1) The contract would cause the city, county, hospital district, or hospital authority to breach or violate any covenant in an existing financing instrument entered into by such entity.

(2) The contract would restrict the ability of the city, county, hospital district, or hospital authority to incur anticipated bank eligible indebtedness under federal tax laws.

(3) The entering into of the contract would have a material adverse impact on the credit ratings of the city, county, hospital district, or hospital authority or otherwise materially interfere with an anticipated financing by such entity.

(f) No deficiency judgment may be rendered against any unit of local government in any action for breach of a contractual obligation authorized by this section, and the taxing power of a unit of local government is not and may not be pledged directly or indirectly to secure any moneys due under a contract authorized by this section.

(g) Before entering into a contract under this section involving real property, a unit of local government shall hold a public hearing on the contract. A notice of the public hearing shall be published once at least 10 days before the date fixed for the hearing.

(h) As used in this section, the term "unit of local government" means any of the following:

(1) A county.

(2) A city.

(3) A water and sewer authority created under Article 1 of Chapter 162A of the General Statutes.

(3a) A metropolitan sewerage district created under Article 5 of Chapter 162A of the General Statutes.

(3b) A sanitary district created under Part 2 of Article 2 of Chapter 130A of the General Statutes.

(4) An airport authority whose situs is entirely within a county that has (i) a population of over 120,000 according to the most recent federal decennial census and (ii) an area of less than 200 square miles.

(5) An airport authority in a county in which there are two incorporated municipalities with a population of more than 65,000 according to the most recent federal decennial census.

(5a) An airport board or commission authorized by agreement between two cities pursuant to G.S. 63-56, one of which is located partially but not wholly in the county in which the jointly owned airport is located, and where the board or commission provided water and wastewater services off the airport premises before January 1, 1995, except that the authority granted by this subdivision may be exercised by such a board or commission with respect to water and wastewater systems or improvements only.

(5b) A local airport authority that was created pursuant to a local act of the General Assembly.

(6) A local school administrative unit whose board of education is authorized to levy a school tax.

(6a) Any other local school administrative unit, but only for the purpose of financing energy conservation measures acquired pursuant to Part 2 of Article 3B of Chapter 143 of the General Statutes.

(6b) A community college, but only for the purpose of financing energy conservation measures acquired pursuant to Part 2 of Article 3B of Chapter 143 of the General Statutes.

(7) An area mental health, developmental disabilities, and substance abuse authority, acting in accordance with G.S. 122C-147.

(8) A consolidated city-county, as defined by G.S. 160B-2(1).

(9) Repealed by Session Laws 2001-414, s. 52, effective September 14, 2001.

(10) A regional natural gas district, as defined by Article 28 of this Chapter.

(11) A regional public transportation authority or a regional transportation authority created pursuant to Article 26 or Article 27 of this Chapter.

(12) A nonprofit corporation or association operating or leasing a public hospital as defined in G.S. 159-39."

SECTION 2.(a) G.S. 160A-232 reads as rewritten:

"**§ 160A-232. Payment of assessments in cash or by installments.**

The owners of assessed property shall have the option, within 30 days after the publication of the notice that the assessment roll has been confirmed, of paying the assessment either in cash or in not more than ~~10~~ 15 annual installments, as may have been determined by the council in the resolution directing the project giving rise to the

assessment to be undertaken. With respect to payment by installment, the council may provide

(1) That the first installment with interest shall become due and payable on the date when property taxes are due and payable, and one subsequent installment and interest shall be due and payable on the same date in each successive year until the assessment is paid in full, or

(2) That the first installment with interest shall become due and payable 60 days after the date that the assessment roll is confirmed, and one subsequent installment and interest shall be due and payable on the same day of the month in each successive year until the assessment is paid in full."

SECTION 2.(b) This section applies only to assessments for repair and rehabilitation of a dam in the Village of Pinehurst.

SECTION 3. Section 4(12) of Chapter 419 of the 1971 Session Laws reads as rewritten:

"Sec. 4. The Airport Authority shall constitute a body, both corporate and politic, and shall have the following powers and authority:

. . .

(12) To lease for a term not to exceed 25 years, and for purposes not inconsistent with the grants and agreements under which the airport is held, real or personal property under the supervision of or administered by the Airport ~~Authority.~~Authority, except the Airport Authority may execute leases with the United States of America, its agencies, departments, boards, and military (including reserves and national guard) for terms not to exceed 50 years.

. . . ."

SECTION 4. This act is effective when it becomes law.

SENATE BILL 652

Short Title:	Airport Authority Debt Financing.	(Public)
Sponsors:	Senator Metcalf.	
Referred to:	Finance.	

April 1, 2003

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE CERTAIN AIRPORT AUTHORITIES TO ENTER INTO INSTALLMENT CONTRACTS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-20 reads as rewritten:

"**§ 160A-20. Security interests.**

(a) Units of local government, as defined in subsection (h), may purchase or finance the purchase of real or personal property by installment contracts that create in the property purchased a security interest to secure payment of the purchase price to the seller or to an individual or entity advancing moneys or supplying financing for the purchase transaction.

(b) Units of local government, as defined in subsection (h), may finance the construction or repair of fixtures or improvements on real property by contracts that create in the fixtures or improvements, or in all or some portion of the property on which the fixtures or improvements are located, or in both, a security interest to secure repayment of moneys advanced or made available for such construction or repair.

(c) Units of local government, as defined in subsection (h), may use escrow accounts in connection with the advance funding of transactions authorized by this section, whereby the proceeds of such advance funding are invested pending disbursement.

(d) No contract entered into under this section may contain a nonsubstitution clause that restricts the right of a unit of local government to:

(1) Continue to provide a service or activity; or

(2) Replace or provide a substitute for any fixture, improvement, project, or property financed or purchased pursuant to such contract.

(e) A contract entered into under this section is subject to approval by the Local Government Commission under Article 8 of Chapter 159 of the General Statutes if it:

(1) Meets the standards set out in G.S. 159-148(a)(1), 159-148(a)(2), and 159-148(a)(3), or involves the construction or repair of fixtures or improvements on real property; and

(2) Is not exempted from the provisions of that Article by one of the exemptions contained in G.S. 159-148(b).

(e1) A nonprofit corporation or association operating or leasing a public hospital may only enter into a contract pursuant to this section if the nonprofit corporation or association will have an ownership interest in the property being financed, including a leasehold interest, and the security interest granted in such property being financed shall only be to the extent of such property interest. In addition, any contract entered into by a nonprofit corporation or association operating or leasing a public hospital pursuant to this section is subject to the approval of the city, county, hospital district, or hospital authority which owns such hospital. Approval of the city, county, hospital district, or hospital authority may be withheld only under one or more of the following circumstances:

(1) The contract would cause the city, county, hospital district, or hospital authority to breach or violate any covenant in an existing financing instrument entered into by such entity.

(2) The contract would restrict the ability of the city, county, hospital district, or hospital authority to incur anticipated bank eligible indebtedness under federal tax laws.

(3) The entering into of the contract would have a material adverse impact on the credit ratings of the city, county, hospital district, or hospital authority or otherwise materially interfere with an anticipated financing by such entity.

(f) No deficiency judgment may be rendered against any unit of local government in any action for breach of a contractual obligation authorized by this section, and the taxing power of a unit of local government is not and may not be pledged directly or indirectly to secure any moneys due under a contract authorized by this section.

(g) Before entering into a contract under this section involving real property, a unit of local government shall hold a public hearing on the contract. A notice of the public hearing shall be published once at least 10 days before the date fixed for the hearing.

(h) As used in this section, the term "unit of local government" means any of the following:

(1) A county.

(2) A city.

(3) A water and sewer authority created under Article 1 of Chapter 162A of the General Statutes.

(3a) A metropolitan sewerage district created under Article 5 of Chapter 162A of the General Statutes.

(3b) A sanitary district created under Part 2 of Article 2 of Chapter 130A of the General Statutes.

(4) An airport authority whose situs is entirely within a county that has (i) a population of over 120,000 according to the most recent federal decennial census and (ii) an area of less than 200 square miles.

(5) An airport authority in a county in which there are two incorporated municipalities with a population of more than 65,000 according to the most recent federal decennial census.

(5a) An airport board or commission authorized by agreement between two cities pursuant to G.S. 63-56, one of which is located partially but not wholly in the county in which the jointly owned airport is located, and where the board or commission provided water and wastewater services off the airport premises before January 1, 1995, except that the authority granted by this subdivision may be exercised by such a board or commission with respect to water and wastewater systems or improvements only.

(5b) A local airport authority that was created pursuant to a local act of the General Assembly.

(6) A local school administrative unit whose board of education is authorized to levy a school tax.

(6a) Any other local school administrative unit, but only for the purpose of financing energy conservation measures acquired pursuant to Part 2 of Article 3B of Chapter 143 of the General Statutes.

(6b) A community college, but only for the purpose of financing energy conservation measures acquired pursuant to Part 2 of Article 3B of Chapter 143 of the General Statutes.

(7) An area mental health, developmental disabilities, and substance abuse authority, acting in accordance with G.S. 122C-147.

(8) A consolidated city-county, as defined by G.S. 160B-2(1).

(9) Repealed by Session Laws 2001-414, s. 52, effective September 14, 2001.

(10) A regional natural gas district, as defined by Article 28 of this Chapter.

(11) A regional public transportation authority or a regional transportation authority created pursuant to Article 26 or Article 27 of this Chapter.

(12) A nonprofit corporation or association operating or leasing a public hospital as defined in G.S. 159-39."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 652:
Airport Financing and Leases/Dam Assessments

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Metcalf
Date:	June 4, 2003	**Summary by:**	Martha Walston
Version:	PCS65299-LB-61		Committee Counsel*

SUMMARY: Senate Bill 652 does three things:

1. *gives airport authorities created by a local act of the General Assembly the authority to finance real and personal property by installment contracts and other means of indebtedness authorized by G.S. 160A-20*
2. *extends the maximum repayment period for dam repair assessments in the village of Pinehurst from 10 to 15 years (added in the proposed committee substitute)*
3. *allows the Stanly County airport authority to enter into long-term leases with the United States (added in the proposed committee substitute)*

BILL ANALYSIS: Section 1 of Senate Bill 652 would give airport authorities created by a local act of the General Assembly the authority to use installment purchase financing. Counties and cities have the authority to own and operate airports as public enterprises.[1] Counties and cities currently have the authority to enter into installment purchase contracts. Senate Bill 652 would give airport authorities created by a local act the same financing options as one owned and operated by a county or city.

Airport authorities created by a local act of the General Assembly have only the powers given to them in the local legislation that creates them. Local legislation creating airport authorities typically gives them the power to set fees and rents and to issue bonds and notes. Some airport authorities have the ability to finance the purchase of real and personal property by installment contracts and other means of indebtedness authorized by G.S. 160A-20. This authority has been conferred on them in one of two ways: a classification created by statute[2] or through the powers given to them in the legislation that creates them.[3] Since July 1973, Article V, Section 4(1) of the N.C. Constitution prohibits local legislation relating to debt. Senate Bill 652 is general legislation that would enable all airport authorities to have the ability to purchase real and personal property through installment contracts or any other means of indebtedness authorized by G.S. 160A-20.

Installment purchase financing is a type of local government debt in which the local unit enters into an installment contract secured by a security interest in the building constructed or renovated. Unlike the issuance of general obligation bonds, installment purchase financing is not subject to a vote of the people. Certificates of participation may be issued as part of the installment purchase financing. A certificate of participation is a document setting out the share of the local unit's debt that is owed to the holder of the certificate. In practice, the holder receives interest and principal payments in a manner similar to interest and principal payments on a bond issued by the borrowing unit.

*Cindy Avrette, counsel for Senate Finance, contributed to this summary.

[1] Article 15 of Chapter 153A and Article 16 of Chapter 160A.

[2] See G.S. 160A-20(h)(4), (5), and (5a). Page 3, lines 1 – 14 of SB 652. SB 339 seeks this authority through this same means for the Halifax Airport Authority.

[3] S.L. 2000-9 gives the "Foothills Regional Airport Authority" the ability to use installment purchase contracts in the list of its powers and authorities.

The Local Government Commission must approve installment purchase contracts and certificates of participation. The taxing power of a unit of local government may not be pledged to secure any moneys due under a contract entered into under this section. Before entering into a contract under this authority, the airport authority must give notice of and hold a public hearing.

Section 2 of Senate Bill 652 would allow the Village of Pinehurst to give owners up to 15 years to pay assessments for repair and rehabilitation of a dam in the Village. The general law allows the cities to give owners up to 10 years to pay assessments.

Section 3 of Senate Bill 652 amends Chapter 419 of the 1971 Session Laws which authorized Stanly County to establish an airport authority. Under the current law, the Stanly County Airport Authority may lease real or personal property for a term not to exceed 25 years. Senate bill 652 amends the session law to allow the Stanly County Airport Authority to execute longer leases with the United States. The amendment would allow the Authority to execute leases with the United State, its agencies, departments, boards, and military (including reserves and national guard) for terms not to exceed 50 years.

Referred to:

April 3, 2003

A BILL TO BE ENTITLED

AN ACT TO AMEND THE MOTOR VEHICLE DEALERS AND MANUFACTURERS LICENSING LAW WITH REGARD TO THE MANUFACTURE, SALE, AND DISTRIBUTION OF TRAILERS AND SEMITRAILERS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-286(11) reads as rewritten:

"(11) Motor vehicle dealer or dealer. –

a. A person who does any of the following:

1. For commission, money, or other thing of value, buys, sells, or exchanges, whether outright or on conditional sale, bailment lease, chattel mortgage, or otherwise, five or more motor vehicles within any 12 consecutive months, regardless of who owns the motor vehicles.
2. On behalf of another and for commission, money, or other thing of value, arranges, offers, attempts to solicit, or attempts to negotiate the sale, purchase, or exchange of an interest in five or more motor vehicles within any 12 consecutive months, regardless of who owns the motor vehicles.
3. Engages, wholly or in part, in the business of selling new motor vehicles or new or used motor vehicles, or used motor vehicles only, whether or not the motor vehicles are owned by that person, and sells five or more motor vehicles within any 12 consecutive months.
4. Offers to sell, displays, or permits the display for sale for any form of compensation five or more motor vehicles within any 12 consecutive months.

5. Primarily engages in the leasing or renting of motor vehicles to others and sells or offers to sell those vehicles at retail.

b. The term "motor vehicle dealer" or "dealer" does not include any of the following:

1. Receivers, trustees, administrators, executors, guardians, or other persons appointed by or acting under the judgment or order of any court.
2. Public officers while performing their official duties.
3. Persons disposing of motor vehicles acquired for their own use or the use of a family member, and actually so used, when the vehicles have been acquired and used in good faith and not for the purpose of avoiding the provisions of this Article.
4. Persons who sell motor vehicles as an incident to their principal business but who are not engaged primarily in the selling of motor vehicles. This category includes financial institutions who sell repossessed motor vehicles and insurance companies who sell motor vehicles to which they have taken title as an incident of payments made under policies of insurance, and auctioneers who sell motor vehicles for the owners or the heirs of the owners of those vehicles as part of an auction of other personal or real property or for the purpose of settling an estate or closing a business or who sell motor vehicles on behalf of a governmental entity, and who do not maintain a used car lot or building with one or more employed motor vehicle sales representatives.
5. Persons manufacturing, distributing or selling trailers and semitrailers weighing not more than ~~750 pounds and carrying not more than a 1,500 pound load.~~ 2,500 pounds unloaded weight.
6. A licensed real estate broker or salesman who sells a mobile home for the owner as an incident to the sale of land upon which the mobile home is located.
7. An employee of an organization arranging for the purchase or lease by the organization of vehicles for use in the organization's business.
8. Any publication, broadcast, or other communications media when engaged in the business of advertising, but not otherwise arranging for the sale of motor vehicles owned by others.
9. Any person dealing solely in the sale or lease of vehicles designed exclusively for off-road use.

10. Any real property owner who leases any interest in property for use by a dealer.
11. Any person acquiring any interest in a motor vehicle for a family member."

SECTION 2. G.S. 20-288(d) reads as rewritten:

"(d) To obtain a license as a wholesaler, an applicant who intends to sell or distribute self-propelled vehicles must have an established office in this State, and an applicant who intends to sell or distribute only trailers or semitrailers of ~~less~~ more than ~~2500~~ 2,500 pounds unloaded weight must have a place of business in this State where the records required under this Article are kept.

To obtain a license as a motor vehicle dealer, an applicant who intends to deal in self-propelled vehicles must have an established salesroom in this State, and an applicant who intends to deal in only trailers or semitrailers of ~~less~~ more than ~~2500~~ 2,500 pounds unloaded weight must have a place of business in this State where the records required under this Article are kept.

An applicant for a license as a manufacturer, a factory branch, a distributor, a distributor branch, a wholesaler, or a motor vehicle dealer must have a separate license for each established office, established salesroom, or other place of business in this State. An application for any of these licenses shall include a list of the applicant's places of business in this State."

SECTION 3. This act becomes effective July 1, 2003, and applies to licenses issued or renewed on or after that date.

SENATE BILL 777:
Amend Dealer Licensing Law

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Foxx, Hoyle, and Sloan
Date:	June 4, 2003	**Analysis by:**	Martha Walston
Version:	2nd Edition		Committee Counsel*

SUMMARY: SB 777 amends the Motor Vehicle Dealers and Manufacturers Licensing Law pertaining to the manufacture, sale, and distribution of trailers and semitrailers as follows:

- *Amends the definition of motor vehicle dealer in G.S. 20-286(11) to exclude persons manufacturing, distributing or selling trailers and semitrailers weighing not more than 2,500 pounds unloaded weight. Current law excludes from the definition those persons manufacturing, distributing or selling trailers and semitrailers weighing not more than 750 pounds and carrying not more than a 1,500 pound load.*
- *Amends G.S. 20-288(d) to require an applicant to have a place of business in North Carolina where the records required under the Dealer Licensing Law are kept, only if the applicant deals in or sells or distributes trailers or semitrailers weighing more than 2,500 pounds. Current law requires the applicant to have a place of business in North Carolina where the records required under the Dealer Licensing Law are kept, if the applicant deals in or sells or distributes trailers or semitrailers of less than 2, 500 pounds.*

CURRENT LAW: Article 12 of Chapter 20 of the General Statutes requires motor vehicle dealers to be licensed to engage in business in North Carolina. The definition of motor vehicle dealer specifically excludes persons manufacturing, distributing or selling trailers and semitrailers weighing not more than 750 pounds and carrying not more than a 1,500 pound load, thereby exempting those persons from regulation under Article 12.

Persons manufacturing, distributing or selling trailers and semitrailers that are not specifically excluded from the definition of motor vehicle dealer are subject to regulation under Article 12 and must be licensed. G.S. 20-288(d) requires applicants for a license to maintain an established office or showroom in North Carolina. However, license applicants who intend only to deal in or sell or distribute trailers or semitrailers weighing less than 2,500 pounds unloaded are required to have "a place of business" in North Carolina where records are kept.

The license fee for motor vehicle dealers and wholesalers is $50 for each place of business. These fees are credited to the Highway Fund.

BILL ANALYSIS: SB 777 changes the definition of motor vehicle dealer so that fewer persons would be required to obtain the annual license and pay the required fee. The act would become effective July 1, 2003 and would apply to licenses issued or renewed on or after that date.

*Wendy Graf Ray, counsel to House Transportation, contributed to this summary.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: SB 777 (2nd Edition)

SHORT TITLE: Amend Dealer Licensing Laws

SPONSOR(S): Senator Foxx

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES					
General Fund	*** No General Fund Impact ***				
Highway Fund	*** Less than $5,000 annually ***				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Division of Motor Vehicles.

EFFECTIVE DATE: July 1, 2003 and applies to licenses issued on or renewed on or after that date.

BILL SUMMARY: Current law exempts from the motor vehicle dealer license requirements persons who manufacture, distribute, or sell trailers and semi trailers weighing not more than 750 pounds and carrying not more than a 1,500-pound load. The legislation expands that definition of those exempt to include those manufacturing, distributing, or selling trailers and semi trailers weighing not more than 2,500 pounds.

ASSUMPTIONS AND METHODOLOGY: The only fiscal impact of the bill relates to the Highway Fund. According to industry representatives and the Division of Motor Vehicles, the bill effectively expands the exemption to include pull behind trailers of the type generally used by landscape contractor and those hauling motorcycles. The NC Retail Merchants Association believes this bill will affect two of their members – both home improvement stores. They estimate that as many as forty (40) member locations are or will likely sell this type of vehicle. If all 40 facilities were currently paying the $50 license fee, the bill would result in a Highway Fund loss of approximately $2,000. In addition, the Division of Motor Vehicles believes that one or two other retail chains could sell these trailers, representing a potential additional loss. DMV also indicates that some motorcycle dealers may sell this type of trailer. However, because they would still need to obtain a license to sell motorcycles, the bill would have no impact on their need to obtain a dealer license.

SOURCES OF DATA: NC Division of Motor Vehicles.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

HOUSE BILL 1006

Committee Substitute Favorable 6/2/03

Short Title: Manufactured Housing. (Public)

Sponsors:

Referred to:

April 10, 2003

A BILL TO BE ENTITLED

AN ACT TO GRANT GREATER CONSUMER PROTECTION TO RESIDENTS OF MANUFACTURED HOUSING IN NORTH CAROLINA.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-109.2 reads as rewritten:

"**§ 20-109.2. Surrender of title to manufactured home.**

(a) Surrender of Title. – If a title has been issued for a manufactured home and the manufactured home qualifies as real property as defined in G.S. 105-273(13), the owner shall submit an affidavit to the Division that the manufactured home meets this definition and surrender the certificate of title to the Division.

(b) Affidavit. – The affidavit must be in a form approved by the Commissioner and shall include or provide for all of the following information:

(1) The manufacturer and, if applicable, the model name of the manufactured home.

(2) The vehicle identification number and serial number of the manufactured home.

(3) The legal description of the real property on which the manufactured home is placed, stating that the owner of the manufactured home also owns the real ~~property.~~property or that the owner of the manufactured home has entered into a lease with a primary term of at least 20 years for the real property on which the manufactured home is affixed with a copy of the lease or a memorandum thereof pursuant to G.S. 47-18 attached to the affidavit, if not previously recorded.

(4) A description of any security interests in the manufactured home.

(5) A section for the Division's notation or statement that the title has been surrendered and cancelled by the Division.

(c) Cancellation. – Upon compliance by the owner with the procedure for surrender of title, the Division shall rescind and cancel the certificate of title. If a security interest has been recorded on the certificate of ~~title,~~title and not released by the

secured party, the Division may not cancel the title without written consent from all secured parties. After cancelling the title, the Division shall return the original of the affidavit to the owner, or to the secured party having the first recorded security interest, with the Division's notation or statement that the title has been surrendered and has been cancelled by the Division. The owner or secured party shall file the affidavit returned by the Division with the office of the register of deeds of the county where the real property is located. The Division may charge five dollars ($5.00) for a cancellation of a title under this section.

(d) Application for Title After Cancellation. – If the owner of a manufactured home whose certificate of title has been cancelled under this section subsequently seeks to separate the manufactured home from the real property, the owner may apply for a new certificate of title. The owner must submit to the Division an affidavit containing the same information set out in subsection (b) of this section, verification that the manufactured home has been removed from the real property, and written consent of any affected owners of recorded mortgages, deeds of trust, or security interests in the real property where the manufactured home was placed. The Commissioner may require evidence sufficient to demonstrate that all affected owners of security interests have been notified and consent. Upon receipt of this information, together with a title application and required fee, the Division is authorized to issue a new title for the manufactured home.

(e) Sanctions. – Any person who violates this section is subject to a civil penalty of up to one hundred dollars ($100.00), to be imposed in the discretion of the Commissioner."

SECTION 2. G.S. 47-20.6(a) reads as rewritten:

"(a) If the owner of real property or the owner of the manufactured home who has entered into a lease with a primary term of at least 20 years for the real property on which the manufactured home is affixed has surrendered the title to a manufactured home that is placed on the real property and the title has been cancelled by the Division of Motor Vehicles under G.S. 20-109.2, the owner, or the secured party having the first security interest in the manufactured home at time of surrender, shall record the affidavit described in G.S. 20-109.2 with the office of the register of deeds of the county where the real property is located. Upon recordation, the affidavit shall be indexed on the grantor index in the name of the owner of the manufactured home and on the grantee index in the name of the secured party or lienholder, if any."

SECTION 3. G.S. 47-20.7(a) reads as rewritten:

"(a) A person who owns real property on which a manufactured home has ~~been,~~ been or will be ~~placed,~~placed or the owner of a manufactured home who has entered into a lease with a primary term of at least 20 years for the real property on which the manufactured home has been or will be placed, as defined in G.S. 105-273(13), and either where the manufactured home has never been titled by the Division of Motor Vehicles or where the title to the manufactured home has been surrendered and cancelled by the ~~Division,~~Division prior to January 1, 2002, may record in the office of the register of deeds of the county where the real property is located a declaration of intent to affix the manufactured home to the property and may convey or encumber the

real property, including the manufactured home, by a deed, deed of trust, or other instrument recorded in the office of the register of deeds."

SECTION 4. G.S. 105-273(13) reads as rewritten:

"**§ 105-273. Definitions.**

When used in this Subchapter (unless the context requires a different meaning):

...

(13) "Real property," "real estate," and "land" mean not only the land itself, but also buildings, structures, improvements, and permanent fixtures on the land, and all rights and privileges belonging or in any way appertaining to the property. These terms also mean a manufactured home as defined in G.S. 143-143.9(6) if it is a residential structure; has the moving hitch, wheels, and axles removed; and is placed upon a permanent foundation either on land owned by the owner of the manufactured ~~home.~~ home or on land in which the owner of the manufactured home has a leasehold interest pursuant to a lease with a primary term of at least 20 years for the real property on which the manufactured home is affixed and where the lease expressly provides for disposition of the manufactured home upon termination of the lease. A manufactured home as defined in G.S. 143-143.9(6) that does not meet all of these conditions is considered tangible personal property."

SECTION 5. Chapter 42 of the General Statutes is amended by adding a new section to read:

"**§ 42-14.3. Notice of conversion of manufactured home communities.**

(a) In the event that an owner of a manufactured home community (defined as a parcel of land, whether undivided or subdivided, that has been designed to accommodate at least five manufactured homes) intends to convert the manufactured home community, or any part thereof, to another use that will require movement of the manufactured homes, the owner of the manufactured home community shall give each owner of a manufactured home notice of the intended conversion at least 180 days before the owner of a manufactured home is required to vacate and move the manufactured home, regardless of the term of the tenancy. Failure to give notice as required by this section is a defense in an action for possession.

(b) Notwithstanding subsection (a) of this section, if a manufactured home community is being closed pursuant to a valid order of any unit of State or local government, the owner of the community shall be required to give notice of the closure of the community to each resident of the community within three business days of the date on which the order is issued."

SECTION 6. Chapter 143 of the General Statutes is amended by adding a new section to read:

"**§ 143-143.20A. Display of pricing on manufactured homes.**

(a) If the manufacturer of a manufactured home publishes a manufacturer's suggested retail price, that price shall be displayed near the front entrance of the manufactured home.

(b) Each manufactured home dealer shall prominently display a sign and provide to each buyer a notice, developed by the North Carolina Manufactured Housing Board, containing information about the Board, including how to file a consumer complaint with the Board and the warranties and protections provided for each new manufactured home under federal and State law."

SECTION 7. G.S. 143-143.21A reads as rewritten:

"**§ 143-143.21A. Purchase agreements; buyer cancellations.**

(a) A purchase agreement for a manufactured home shall include all of the following:

(1) A description of the manufactured home and all accessories included in the purchase.

(2) The purchase price for the home and all accessories.

(3) The amount of deposit or other payment toward or payment of the purchase price of the manufactured home and accessories that is made by the buyer.

(4) The date the retail purchase agreement is signed.

(5) The estimated terms of financing the purchase, if any, including the estimated interest rate, number of years financed, and monthly payment.

(6) The buyer's signature.

(7) The dealer's signature.

(b) The purchase agreement shall contain, in immediate proximity to the space reserved for the signature of the buyer and in at least ten point, all upper-case Gothic type, the following statement:

"I UNDERSTAND THAT I HAVE THE RIGHT TO CANCEL THIS PURCHASE BEFORE MIDNIGHT OF THE THIRD BUSINESS DAY AFTER THE DATE THAT I HAVE SIGNED THIS AGREEMENT. I UNDERSTAND THAT THIS CANCELLATION MUST BE IN WRITING. IF I CANCEL THE PURCHASE AFTER THE THREE-DAY PERIOD, I UNDERSTAND THAT THE DEALER MAY NOT HAVE ANY OBLIGATION TO GIVE ME BACK ALL OF THE MONEY THAT I PAID THE DEALER. I UNDERSTAND ANY CHANGE TO THE TERMS OF THE PURCHASE AGREEMENT BY THE DEALER WILL CANCEL THIS AGREEMENT."

(c) At the time the deposit or other payment toward or payment for the purchase price is received by the dealer, the dealer shall give the buyer a copy of the purchase agreement and a completed form in duplicate, captioned "Notice of Cancellation," which shall be attached to the purchase agreement, be easily detachable, and explain the buyer's right to cancel the purchase and how that right can be exercised.

(d) The dealer shall return the deposit or other payment toward or payment for the purchase price to the buyer if the buyer cancels the purchase before midnight of the third business day after the date the buyer signed the purchase ~~agreement.~~agreement or if any of the material terms of the purchase agreement are changed by the dealer. To make the cancellation effective, the buyer shall give the dealer written notice of the buyer's cancellation of the purchase. The dealer shall return the deposit or other

payment toward or payment for the purchase price to the buyer within 15 business days after receipt of the notice of ~~cancellation.~~ cancellation or within three business days of any change by the dealer of the purchase agreement. For purposes of this section, "business day" means any day except Sunday and legal holidays. Each time the dealer gives the buyer a new set of financing terms, unless the financing terms are more favorable to the buyer, the buyer shall be given another three-day cancellation period. The dealer shall not commence setup procedures until after the final three-day cancellation period has expired.

(e) If the buyer cancels the purchase after the three-day cancellation period, but before the sale is completed, and if:

(1) The manufactured home is in the dealer's inventory, the dealer may retain from the deposit or other payment received from the buyer actual damages up to a maximum of ten percent (10%) of the purchase price; or

(2) The manufactured home is specially ordered from the manufacturer for the buyer, the dealer may retain actual damages up to the full amount of the buyer's deposit or other payment received from the buyer.

(f) The Board shall adopt rules concerning the terms of any deposit paid by a buyer to a dealer. The rules may exempt deposits of less than two thousand dollars ($2,000). To the extent practicable, the rules shall protect the deposits from the claims of the creditors of a dealer that may thereafter be in bankruptcy. The rules shall further provide for the prompt return of a buyer's deposit if the buyer is entitled to its return."

SECTION 8. Sections 6 and 7 of this act become effective October 1, 2003. The remainder of this act is effective when it becomes law.

HOUSE BILL 1006: Manufactured Housing.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Reps. Hunter and Barnhart
Date:	June 5, 2003	**Summary by:**	Trina Griffin
Version:	2nd Edition		Committee Counsel

SUMMARY: ***House Bill 1006 amends the laws related to manufactured homes and increases consumer protections for owners of manufactured homes. The two sections of the bill dealing with consumer protections become effective October 1, 2003. The remainder of the bill would be effective when it becomes law.***

This bill has been referred to House Finance because it authorizes the DMV to charge a $5.00 fee for the cancellation of title required once a manufactured home qualifies as real property (Section 1).

SECTION-BY-SECTION BILL ANALYSIS:

Sections 1-4: Expanding definition of manufactured homes that qualify as "real property."

CURRENT LAW: Under current law, a manufactured home is considered real property if it is placed upon land owned by the owner of the manufactured home and the owner has filed an affidavit with the register of deeds stating that the home meets the definition of real property. The owner of a manufactured home that has been placed on property owned by that owner may convey or encumber the property and manufactured home by a mortgage. If the manufactured home has not yet been placed upon the property, the owner may record a declaration of intent to affix the manufactured home to the real property in order to convey or encumber the property with a mortgage.

If the owner of a manufactured home does not own the land on which the home is located, then the manufactured home is considered tangible personal property. If a manufactured home qualifies as tangible personal property, then it is subject to the same registration and certificate of title requirements that apply to motor vehicles.

If a certificate of title has been issued for a manufactured home, and then the home subsequently qualifies as real property because the owner of the home also owns the property on which the home is affixed, the owner must file an affidavit with the DMV indicating that the home meets the definition of real property and surrender the title. The DMV must cancel the title to a manufactured home once the affidavit is filed stating, among other things, that the owner of the manufactured home is also the owner of the real property on which the manufactured home is affixed. As previously mentioned, the owner must also file a copy of the affidavit with the register of deeds in the county where the real property is located.

ANALYSIS: House Bill 1006 expands the definition of a manufactured home that qualifies as real property to include manufactured homes on land leased by the manufactured home owner for a term of at least 20 years. Sections 1 through 3 make changes to the relevant statutes that address manufactured homes qualifying as real property. Specifically:

- Section 1 amends G.S. 20-109.2, which sets forth the information required to be in the affidavit that is filed with the DMV when surrendering the certificate of title. The owner must state in the affidavit that he has entered into a lease of at least 20 years for the property on which the manufactured home is located and must attach a copy of the lease or a copy of the memorandum of the lease. **This section also authorizes the Division to charge a $5.00 fee for the cancellation of the title.**

- Sections 2 and 3 make conforming changes to the recording statutes.
- Section 4 amends the definition of "real property" in the tax laws to include manufactured homes that have been placed on land where the owner of the home has a leasehold interest for a term of at least 20 years and where the lease expressly provides what will happen to the manufactured home if the lease is terminated before the expiration of the 20-year term.

Section 5: Notice of conversion of manufactured home communities

ANALYSIS: Section 5 of the bill adds a new section to Chapter 42 of the General Statutes (Landlord and Tenant). This new section would require the owner of a manufactured housing community to give 180 days prior notice to each owner of a manufactured home if the community owner intends to convert the community to another use such that the homes would need to be moved. A manufactured home community is defined as a parcel of land designed to accommodate at least 5 manufactured homes. If the closure is due to a valid order of a state or local government, then notice of the closure must be given within 3 days of the date of the order.

Sections 6 and 7: Consumer protections for purchasers of manufactured homes

CURRENT LAW: Article 9A of Chapter 143 provides a framework for the regulation of the manufactured home industry in an effort to protect consumers, including licensing and bonding requirements for dealers, warranty requirements and enforcement mechanisms, and requirements for purchase agreements including notice of rescission rights and provision for the proper return of deposits.

ANALYSIS: Sections 6 and 7 of the bill expand the protections afforded to purchasers of manufactured homes as follows:

- Section 6 requires a manufactured home dealer to display the suggested retail price of a manufactured home near the front entrance of the home, if in fact the manufacturer publishes the retail price. In addition, it also requires the dealer to display a sign and provide each buyer with information on how a consumer may file a complaint with the NC Manufactured Housing Board (Board) and on the warranties and protections provided to each manufactured home owner. The Board will develop the sign and notice.
- Section 7 provides for the automatic cancellation of a purchase agreement if the dealer changes any of the material terms of the agreement and for the return of any deposits within 3 business days in the event of cancellation. Each time the dealer gives the buyer a new set of less favorable financing terms, the buyer shall be given a new 3-day cancellation period. The Board must also adopt rules concerning deposits, including rules protecting the deposits from the claims of creditors of a dealer in bankruptcy and providing for the prompt return of deposits, if a buyer is entitled to its return.

Section 8: Effective date

Sections 6 and 7, which deal with the additional consumer protections afforded purchasers of manufactured homes, become effective October 1, 2003. The remainder of the act is effective when it becomes law.

Drupti Chauhan, counsel for Senate Judiciary II, substantially contributed to this summary.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: HB 1006 (Second Edition)

SHORT TITLE: Manufactured Housing

SPONSOR(S): Representatives Hunter and Barnhart

NC Division of Motor Vehicles	$17,075	$17,075	$17,075	$17,075	$17,075
Local Governments	*** See Assumptions and Methodology ***				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Division of Motor Vehicles

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: The bill makes several changes to the laws surrounding manufactured housing. Sections 1 and 3 changes a manufactured home owner's options for title surrender if a 20 year or greater lease is involved and file an appropriate declaration with the Register of Deeds. Section 2 authorizes the Division of Motor Vehicles to charge $5.00 for canceling a title to a manufactured home. Section 4 clarifies that manufactured homes with a lease of at least 20 years are real property for tax purposes. Section 5 addresses the notice requirements for conversion of a manufactured home community. Section 6 requires the display of pricing information on manufactured homes if that manufacturer has published a suggested retail price, as well as information on warranties and filing complaints. Section 7 allows for the cancellation of the purchase agreement if any of the material terms of the agreement are changed by the dealer, requires that deposits be returned within three business days if such an agreement is cancelled, and directs the Manufactured Housing Board to adopt rules on this process.

ASSUMPTIONS AND METHODOLOGY: With regard to fiscal impact, the proposed bill changes the G.S. 47-20.6(a) by authorizing the NC Division of Motor Vehicles (DMV) to charge a five-dollar cancellation fee when the certificate title of a manufactured home is surrendered after the home had been qualified as real property. According to the DMV data, between 1996 and 2002 the average number of surrendered titles to manufactured home as the result of their qualification as real property constituted 3,415. If for the next five years this number will remain

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Division of Motor Vehicles

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: The bill makes several changes to the laws surrounding manufactured housing. Sections 1 and 3 changes a manufactured home owner's options for title surrender if a 20 year or greater lease is involved and file an appropriate declaration with the Register of Deeds. Section 2 authorizes the Division of Motor Vehicles to charge $5.00 for canceling a title to a manufactured home. Section 4 clarifies that manufactured homes with a lease of at least 20 years are real property for tax purposes. Section 5 addresses the notice requirements for conversion of a manufactured home community. Section 6 requires the display of pricing information on manufactured homes if that manufacturer has published a suggested retail price, as well as information on warranties and filing complaints. Section 7 allows for the cancellation of the purchase agreement if any of the material terms of the agreement are changed by the dealer, requires that deposits be returned within three business days if such an agreement is cancelled, and directs the Manufactured Housing Board to adopt rules on this process.

ASSUMPTIONS AND METHODOLOGY: With regard to fiscal impact, the proposed bill changes the G.S. 47-20.6(a) by authorizing the NC Division of Motor Vehicles (DMV) to charge a five-dollar cancellation fee when the certificate title of a manufactured home is surrendered after the home had been qualified as real property. According to the DMV data, between 1996 and 2002 the average number of surrendered titles to manufactured home as the result of their qualification as real property constituted 3,415. If for the next five years this number will remain

the same, DMV will be able to generate $17,075 in revenue from title cancellations for manufactured homes.

The bill will also have a local impact. Section 4 of the bill amends the statute to include as real property manufactured homes where the owner of the manufactured home has a lease of at least 20 years for the land on which the home is affixed. Currently, some manufactured homes are classified as real property while others are classified as personal property. The bill could move some homes that are currently listed as personal property into the real property category. Neither the Department of Revenue nor Fiscal Research can estimate the impact this will have on local units, although whatever revenue change occurs should be small and positive.

HOUSE BILL 511

Short Title: Andrews Satellite Annexation. (Local)

Sponsors: Representative West.

Referred to: Local Government I.

March 17, 2003

A BILL TO BE ENTITLED

AN ACT TO EXEMPT CERTAIN TOWN-OWNED PROPERTIES OF THE TOWN OF ANDREWS FROM THE CEILING ON VOLUNTARY SATELLITE ANNEXATIONS.

The General Assembly of North Carolina enacts:

SECTION 1. The Town of Andrews may annex any or all of the following town-owned properties by voluntary annexation under G.S. 160A-58.7 without such annexations counting against the ceiling on annexations under G.S. 160A-58.1(b)(5):

(1) Town of Andrews Wastewater Treatment Plant. A 12-acre tract of land located at the end of Reagan Street near Andrews. This tract of land is located on the western side of the current Town limits with a tract of open, undeveloped land separating the existing Town limits from the Wastewater Treatment Plant.

(2) Town of Andrews Water Treatment Plant. A three and one-half acre tract of land located north of the existing town limits on Dan Holland Creek Road.

(3) Town of Andrews Reservoir and Dam. A 60-acre tract of land located north of the existing Town limits at the end of Dan Holland Creek Road.

(4) Town of Andrews Watershed. An 883-acre tract of land located on the headwaters of Beaver Creek north of the Town of Andrews.

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 511:
Andrews Satellite Annexation

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Representative West
Date:	June 5, 2003	**Summary by:**	Trina Griffin
Version:	First Edition		Committee Counsel

SUMMARY: ***House Bill 511 would allow the Town of Andrews to annex property owned by the town without limitation on the area of the property.***

CURRENT LAW: G.S. 160A-58.1 governs the voluntary annexation by a municipality of noncontiguous property. All property owners in the satellite area may petition a city for voluntary annexation of the noncontiguous property if the property meets the following five standards:

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed ten percent (10%) of the area within the primary corporate limits of the annexing city.

BILL ANALYSIS: The bill would exempt the Town of Andrews from the requirement in G.S. 160A-58.4(b)(5) that the area within the proposed satellite annexation not exceed ten percent (10%) of the area within the primary corporate limits of the Town with respect to the annexation of the following four stated properties owned by the Town:

(1) Town of Andrews Wastewater Treatment Plant. – A 12-acre tract of land located at the end of Reagan Street near Andrews. This tract of land is located on the western side of the current Town limits with a tract of open, undeveloped land separating the existing Town limits from the Wastewater Treatment Plant.

(2) Town of Andrews Water Treatment Plant. – A three and one-half acre tract of land located north of the existing town limits on Dan Holland Creek Road.

(3) Town of Andrews Reservoir and Dam. – A 60-acre tract of land located north of the existing Town limits at the end of Dan Holland Creek Road.

(4) Town of Andrews Watershed. – An 883-acre tract of land located on the headwaters of Beaver Creek north of the Town of Andrews.

BACKGROUND: The cities of Hickory, New Bern, Statesville, Kenly, Troy, Mt. Airy, Mooresville, Marion, Oxford, Rockingham, Newton, Conover, and Claremont and the Towns of Calabash, Catawba, Dallas, Godwin, Louisburg, Mocksville, Pembroke, Rutherfordton, Maiden, Swansboro and Waynesville have already eliminated the 5th standard for all annexations by the municipality.

EFFECTIVE DATE: The bill would become effective when it becomes law.

February 26, 2003

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE AVERY COUNTY TO LEVY AN OCCUPANCY TAX IN A TAX DISTRICT COMPRISING THE UNINCORPORATED AREAS OF THE COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. Avery County District U Created. – Avery County District U is created as a taxing district. Its jurisdiction consists of that part of Avery County that is located outside of incorporated areas within the county. Avery County District U is a body politic and corporate and has the power to carry out the provisions of this act. The Avery County Board of Commissioners shall serve ex officio as the governing body of the district, and the officers of the county shall serve as the officers of the governing body of the district. A simple majority of the governing body constitutes a quorum, and approval by a majority of those present is sufficient to determine any matter before the governing body, if a quorum is present.

SECTION 2. Authorization and Scope. – The governing body of Avery County District U may levy a room occupancy tax of up to six percent (6%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the district that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales or room occupancy tax. This tax does not apply to accommodations furnished by charitable, educational, or religious institutions or nonprofit organizations when furnished in furtherance of their nonprofit purpose.

SECTION 3. Administration. – A tax levied under this act shall be levied, administered, collected, and repealed as provided in G.S. 153A-155 as if Avery County District U were a county. The penalties provided in G.S. 153A-155 apply to a tax levied under this act.

SECTION 4. Distribution and Use of Tax Revenue. – Avery County District U shall, on a quarterly basis, distribute the net proceeds of the occupancy tax to the Avery County District U Tourism Development Authority created pursuant to Section 5

of this act. The Authority shall use at least two-thirds of the proceeds distributed to it to promote travel and tourism in the district and shall use the remainder for tourism-related expenditures in the district. In accordance with the North Carolina Constitution and the United States Constitution, the tax proceeds may be used only for the direct benefit of the jurisdiction of Avery County District U. None of the proceeds may be used to promote travel or tourism in areas within Avery County that are outside of the district or for tourism-related expenditures in the county that are outside of the district.

The following definitions apply in this act:

(1) Net proceeds. – Gross proceeds less the cost to the district of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that are designed to increase the use of lodging facilities in the district or to attract tourists or business travelers to the district. The term includes expenditures to construct, maintain, operate, or market a convention center and other expenditures that, in the judgment of the entity making the expenditure, will facilitate and support tourism.

SECTION 5.(a) Avery County District U Tourism Development Authority. – Appointment and membership. – The board of commissioners of Avery County shall adopt a resolution creating the Avery County District U Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members must be individuals who are affiliated with businesses that collect the tax in the district, and at least three-fourths of the members must be individuals who are currently active in the promotion of travel and tourism in the district. The board of commissioners shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Avery County shall be the ex officio finance officer of the Authority.

SECTION 5.(b) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in Section 4 of this act. The Authority shall promote travel and tourism in the district and make tourism-related expenditures in the district.

SECTION 5.(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the Avery County Board of Commissioners on its receipts and expenditures for the preceding quarter and for the year in such detail as the board may require.

SECTION 6. G.S. 153A-155(g) reads as rewritten:

"(g) This section applies only to Anson, Brunswick, Buncombe, Cabarrus, Carteret, Craven, Cumberland, Currituck, Dare, Davie, Durham, Granville, Madison, Montgomery, Nash, New Hanover, Pender, Person, Randolph, Richmond, Rowan, Scotland, Stanly, Transylvania, Tyrrell, Vance, and Washington Counties, to Avery County District U, and to the Township of Averasboro in Harnett County."

SECTION 7. This act is effective when it becomes law.

HOUSE BILL 96:
Avery County Occupancy Tax

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Frye
Date:	June 5, 2003	**Summary by:**	Trina Griffin
Version:	1st Edition		Committee Counsel

SUMMARY: ***House Bill 96 creates a taxing district in Avery County that consists of the unincorporated areas of the county and authorizes the district to levy a room occupancy tax of up to 6%. The bill was given a favorable report by the Occupancy Tax Subcommittee.***

CURRENT LAW: In 1993, the General Assembly authorized Avery County to levy a 3% occupancy tax. In 2000, the county repealed its occupancy tax, but it still had the legislative authority to levy the tax. Then in 2001, the General Assembly repealed the county's authority to levy the tax. All of the towns in Avery County currently have the authority to levy a 6% room occupancy tax.

BILL ANALYSIS: The bill creates the Avery County District U taxing district, which consists of the unincorporated areas of the county. The Avery County Board of Commissioners shall serve ex officio as the governing body of the district, and the officers of the county shall serve as the officers of the governing body of the district. The bill authorizes the district to levy a room occupancy tax of up to 6%. The district must remit the net proceeds of the tax on a quarterly basis to a Tourism Development Authority, which is required to be established under the bill. The Authority must use two-thirds of the net proceeds to promote travel and tourism and the remainder must be used for tourism-related purposes.

The provisions regarding Avery County District U meet all of the uniform provisions for occupancy taxes adopted by the House Finance Committee and supported by the NC Travel and Tourism Coalition.

BACKGROUND: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. In several instances, the General Assembly has authorized both a county and a city within that county to impose an occupancy tax. The rate of tax, the use of the tax proceeds, the administration of the tax, and the body with the authority to determine how the tax proceeds will be spent vary considerably. Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax legislation – G.S. 153A-155 and G.S. 160A-215. These provisions provide uniformity in the areas of levy, administration, collection, repeal, and penalties.

The North Carolina Travel and Tourism Coalition has a policy statement for legislation authorizing local occupancy taxes. Many of the principles contained in its statement are similar to the ones established by the House Finance subcommittee in 1993.

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

RE: HB 96 PCS – Avery County Occupancy Tax

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES					
General Fund	* No General Fund Impact *				
Avery Co. TDA	* See Assumptions and Methodology *				
Blowing Rock	333,653	340,326	347,133	354,075	361,157

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Avery County and the Town of Blowing Rock.

EFFECTIVE DATE: When it becomes law.

BILL SUMMARY: The bill makes three changes to current occupancy taxes. First, it creates a taxing district, "Avery County District U", and authorizes that district to levy a room occupancy tax of up to 6%. Second, it allows the Town of Blowing Rock to increase its room occupancy rate from 3% to 6%. Finally, it conforms the existing Blowing Rock occupancy tax language to reflect the occupancy tax guidelines followed by the House Finance Committee.

BACKGROUND: In 1983 the General Assembly authorized Avery County to levy a room occupancy tax of up to 3%. That tax was levied through 1999. In 2000, the local county commission repealed the room tax, and in 2001, the General Assembly repealed that county's authority to levy an occupancy tax. Independent of these actions, all municipalities in Avery County are authorized to levy a room tax of up to 6%.

ASSUMPTIONS AND METHODOLOGY: The first potential fiscal impact relates to Avery County. According to reports filed with the Tax Research Division of The NC Department of Revenue, Avery County municipalities levied and collected the following occupancy taxes in 2001-02:

Municipality	Rate	Revenue
Banner Elk	3%	54,338
Beech Mountain	3%	
Sugar Mountain*	3%	53,896

* Sugar Mountain's occupancy tax became effective January 1, 2002.

In 1999-00 Avery County collected $156,512 in occupancy taxes, using a 3% rate. Growing this forward to a 2001-02 occupancy tax estimate suggests that if a countywide tax were levied in that year it would yield approximately $162,272. However, as the above municipal revenue figures indicate, the vast majority of the revenues were drawn from incorporated areas, suggesting limited revenues from what now would be the Avery County District U. However, no exact fiscal estimate is available at this time.

The second impact relates to Blowing Rock. In 2001-02 the 3% Blowing Rock occupancy tax raised $320,697 in revenues. This suggests that doubling the rate to 6% in that same year would have yielded an additional $320,697. Applying the 2% growth rate noted above suggests the following increased revenue stream for Blowing Rock:

2003-04	2004-05	2005-06	2006-07	2007-08
333,653	340,326	347,133	354,075	361,157

This is the amount shown in the fiscal impact box. It should also be noted that the changes made in the Blowing Rock occupancy tax statutes may result in a reallocation of funds among purposes.

Dear Representative Frye:

The Avery County Board of Commissioners wish to go on record as being in unanimous support of HB 96 entitled, "An Act to Authorize Avery County To Levy an Occupancy Tax in a Tax District Comprising The Unincorporated Areas of the County". A copy of our Resolution requesting this legislation is attached.

The Board feels that the implementation of a 6% Room Tax will have no adverse effect on tourism in Avery County but rather will facilitate an increase in tourism related businesses. A recent Associated Press poll stated that 4 of 5 interviewed said that problems with the economy and terrorism will have no effect on their vacation plans.

We feel that the expenditure of Room Tax monies for promotion of travel and tourism in Avery County can only enhance the economic well being of the community and further stabilize our economy.

JUN-04-03 01:25 PM AVERY COUNTY MANAGER 828 737 9295 P.02

On behalf of the Board, I would like to thank you for all of your efforts on behalf of Avery County.

Sincerely,

Kenny Poteat, Chairman
Avery County Board of Commissioners

RESOLUTION
AVERY COUNTY BOARD OF COMMISSIONERS
TO LEVY A ROOM OCCUPANCY TAX FOR AVERY COUNTY

BE IT HEREBY RESOLVED that the Avery County Board of Commissioners do hereby unanimously request that legislation be introduced before the North Carolina Legislature, and be enacted by the North Carolina Legislature, to allow the County of Avery to levy a room occupancy tax within the unincorporated areas of Avery County, and that this tax levy be enacted without the necessity of a public referendum. Rate of said tax to be 6 percent.

Adopted this 17th day of February, 2003.

SEAL:

Kenny R. Poteat, Chairman
Avery County Board of Commissioners

Raleigh, NC 27695

Re: House Bill 96

To Whom It May Concern:

We, Avery County Christmas Tree and Nurserymen's Association-Board of Directors, have unanimously voted to support the ***House Bill 96***. This should entitle Avery County to receive tourism dollars from the Occupancy Taxes. Avery County will utilize this money to promote tourism for the area.

It is the understanding, of the Avery County Christmas Tree and Nurserymen's Association- Board of Directors, that the money is to be utilized only for Avery County; no tax will be added to Sugar Mountain, Beech Mountain or Banner Elk.

The association represents approximately 145 tree growers and a major part of the Avery County's economic base. Fraser fir Christmas Trees account for $25 million in annual income. Also, with 15,000 plus Fraser fir Christmas Trees being sold through Choose and Cut Farms and through tourist lodging in our local motels/hotels and dining in our local restaurants, we have added one million dollars to those non-farming industries. The tourist brings much needed income to Avery County.

We hope this illustration will enable you to have a much clearer perception of the tourism needs in Avery County, as the fate of the ***House Bill 96*** is decided upon.

Sincerely,

Darrell Pitts

May 31, 2003

Dear Representative Frye &
House Finance Committee Chairs,

We appreciate your efforts to bring an occupancy tax to unincorporated Avery County. It's a win-win... when we really need it at a time of state budget shortfalls. And it's fair to all.

Fairness?

1. Every tourism-oriented county in the state has an occupancy tax... except Avery.
2. All of Avery County's primary tourist towns: Banner Elk, Sugar Mountain, and Beech Mountain have 6% occupancy taxes. This would level the field for the lodging industry across the county and allow Avery County government access to this revenue stream enjoyed by those towns.

Your HB 96 does the "right thing." It also reflects the unanimous will of the Avery County Board of Commissioners and the vast majority of the citizens of Avery County.

To the **Chairs of the House Finance Committee** I say this: Phil Frye was overwhelmingly elected in Avery County, in large part on the strength of this issue. His incumbent opponent stood as an impediment to progress in Avery County and the people recognized this in a big way. Mr. Frye is our duly elected representative for good reason. Please support him in doing what he was asked to do.

Sincerely,

Steve Rondinaro

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE TOWNS OF CAROLINA BEACH AND WRIGHTSVILLE BEACH TO USE WHEEL LOCKS ON ILLEGALLY PARKED VEHICLES.

The General Assembly of North Carolina enacts:

SECTION 1. Section 2 of Chapter 291 of the 1993 Session Laws, as amended by Chapter 381 of the 1995 Session Laws, S.L. 1997-218, and S.L. 2002-127, reads as rewritten:

"Sec. 2. This act applies to the Cities of Durham, Greensboro, Lenoir, Monroe, Raleigh, ~~and Winston-Salem~~ Winston-Salem, and the Town of Wrightsville Beach only. This act shall also apply to the City of Wilmington, but only as to the area in the central business district as defined in that City's zoning ordinance as of June 1, 1997."

SECTION 2. The council of a city may provide, by ordinance, for the use of wheel locks on illegally parked vehicles for which there are three or more outstanding, unpaid, and overdue parking tickets issued on at least three separate days. The ordinance shall provide for notice or warning to be affixed to the vehicle, immobilization, towing, impoundment, appeal hearing, an immobilization fee not to exceed fifty dollars ($50.00), and charges for towing and storage. The city shall not be responsible for any damage to an immobilized illegally parked vehicle resulting from unauthorized attempts to free or move that vehicle.

SECTION 3. Section 1 of this act applies to the Town of Wrightsville Beach only.

SECTION 4. Section 2 of this act applies to the Town of Carolina Beach only.

SECTION 5. This act is effective when it becomes law.

SENATE BILL 57:
Municipal Wheel Lock Authorization.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Ballantine
Date:	June 5, 2003	**Summary by:**	Trina Griffin
Version:	PCS for 3rd Edition S57-CSSV-24		Committee Counsel

SUMMARY: ***The Proposed Committee Substitute for Senate Bill 57 would allow the towns of Carolina Beach and Wrightsville Beach to use wheel locks on any illegally parked vehicle that has three or more outstanding, unpaid and overdue parking tickets for that vehicle issued on at least three separate days.***

CURRENT LAW: The following municipalities have the authority to provide by ordinance for the use of wheel locks on illegally parked vehicles that have 3 or more unpaid parking tickets for 90 days or more: Asheville, Charlotte, Durham, Greensboro, Greenville, Henderson, Lenoir, Monroe, Raleigh, Winston-Salem, and Wilmington.[1] The ordinance has to provide for the following:

- Notice or warning to be put on the vehicle.
- Immobilization through the wheel locks and an immobilization fee of not more than $50.00.
- Towing.
- Impoundment.
- An appeal hearing.

The cities are not responsible for any damage that may occur to immobilized, illegally parked vehicles resulting from unauthorized attempts to free or move the vehicle. Cities have found wheel locks to be effective, inexpensive and the risk of damage to be minimal.

BILL ANALYSIS: This bill allows the towns of Carolina Beach and Wrightsville Beach to pass an ordinance to allow for the use of wheel locks similar to the authority already granted to several other municipalities. Under this bill, wheel locks can be used on illegally parked vehicles that have three or more unpaid and overdue parking tickets issued on at least three separate days. However, this bill does not specifically require that the tickets be 90 days overdue as virtually all the other local legislation authorizing wheel locks do.

BACKGROUND: In April of this year, the House Finance Committee reported favorably on HB 351, Salisbury Parking Enforcement, which authorized the City of Salisbury to provide by ordinance for the use of wheel locks. This bill has already been ratified by the General Assembly.

EFFECTIVE DATE: This act is effective when it becomes law.

Drupti Chauhan, counsel for Senate Judiciary II, substantially contributed to this summary.

S57-SMSV-003

[1] Wilmington uses wheel locks in its central business district as defined by its zoning ordinance.

Referred to:

May 15, 2003

A BILL TO BE ENTITLED

AN ACT TO EXPAND THE QUALIFIED BUSINESS INVESTMENTS TAX CREDIT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-163.015 reads as rewritten:

"**§ 105-163.015. Sunset.**

This Part is repealed effective for investments made on or after January 1, ~~2004.~~2007."

SECTION 2. G.S. 105-163.010 reads as rewritten:

"**§ 105-163.010. Definitions.**

The following definitions apply in this Part:

...

(7b) Qualified business. – A qualified business venture, a qualified grantee business, or a qualified licensee business.

...

(9) Qualified grantee business. – A business that (i) is registered with the Secretary of State under G.S. 105-163.013, and (ii) has received during the preceding three years a grant or other funding from a federal agency under the Small Business Innovation Research Program administered by the United States Small Business Administration or from an organization that meets any of the following qualifications:

a. It is a domestic or foreign corporation that (i) is tax-exempt pursuant to section 501(c)(3) of the Code, (ii) has as its principal purpose the stimulation of the development of the biotechnology industry, and in furtherance of that purpose has received, or is a successor in interest to an organization that has received, direct appropriations from the State in at least three fiscal years.

b. It is a domestic or foreign corporation that (i) is tax-exempt pursuant to section 501(c)(3) of the Code, (ii) has as its principal purpose the stimulation of the development of the ~~microelectronics and~~microelectronics, wireless, or communication industries, including networking and related technologies, and (iii) in furtherance of that purpose has received, or is a successor in interest to an organization that has received, direct appropriations from the State in at least three fiscal years.

c. It is an institute that (i) is administratively located within a constituent institution of The University of North Carolina, (ii) is financed in part by a domestic or foreign corporation that is tax-exempt pursuant to section 501(c)(3) of the Code, (iii) has as a principal purpose the stimulation of economic development based on the advancement of science, engineering, and technology, and (iv) funds, either directly or in collaboration with other entities, small businesses engaging in developing technology.

(9a) Qualified licensee business. – A business that meets all of the following conditions:

a. It is registered with the Secretary of State under G.S. 105-163.013.

b. During its most recent fiscal year before filing an application for registration under G.S. 105-163.013, it had gross revenues, as determined in accordance with generally accepted accounting principles, of one million dollars ($1,000,000) or less on a consolidated basis.

c. It has been certified by a constituent institution of The University of North Carolina or a research university as currently performing under a licensing agreement with the institution or university for the purpose of commercializing technology developed at the institution or university. For the purpose of this section, a research university is an institution of higher education classified as a Doctoral/Research University, Extensive or Intensive, in the most recent edition of "A Classification of Institutions of Higher Education", the official report of The Carnegie Foundation for the Advancement of Teaching."

SECTION 3. G.S. 105-163.011 reads as rewritten:

"**§ 105-163.011. Tax credits allowed.**

(a) No Credit for Brokered Investments. – No credit is allowed under this section for a purchase of equity securities or subordinated debt if a broker's fee or commission or other similar remuneration is paid or given directly or indirectly for soliciting the purchase.

(b) Individuals. – Subject to the limitations contained in G.S. 105-163.012, an individual who purchases the equity securities or subordinated debt of a qualified ~~business venture or a qualified grantee~~ business directly from that business is allowed as a credit against the tax imposed by Part 2 of this Article for the taxable year an amount equal to twenty-five percent (25%) of the amount invested. The aggregate amount of credit allowed an individual for one or more investments in a single taxable year under this Part, whether directly or indirectly as owner of a pass-through entity, may not exceed fifty thousand dollars ($50,000). The credit may not be taken for the year in which the investment is made but shall be taken for the taxable year beginning during the calendar year in which the application for the credit becomes effective as provided in subsection (c) of this section.

(b1) Pass-Through Entities. – This subsection does not apply to a pass-through entity that has committed capital under management in excess of five million dollars ($5,000,000) or to a pass-through entity that is a qualified ~~grantee business, a qualified business venture,~~business or a North Carolina Enterprise Corporation. Subject to the limitations provided in G.S. 105-163.012, a pass-through entity that purchases the equity securities or subordinated debt of a qualified ~~grantee business or a qualified business venture~~ business directly from the business is eligible for a tax credit equal to twenty-five percent (25%) of the amount invested. The aggregate amount of credit allowed a pass-through entity for one or more investments in a single taxable year under this Part, whether directly or indirectly as owner of another pass-through entity, may not exceed seven hundred fifty thousand dollars ($750,000). The pass-through entity is not eligible for the credit for the year in which the investment by the pass-through entity is made but shall be eligible for the credit for the taxable year beginning during the calendar year in which the application for the credit becomes effective as provided in subsection (c) of this section.

Each individual who is an owner of a pass-through entity is allowed as a credit against the tax imposed by Part 2 of this Article for the taxable year an amount equal to the owner's allocated share of the credits for which the pass-through entity is eligible under this subsection. The aggregate amount of credit allowed an individual for one or more investments in a single taxable year under this Part, whether directly or indirectly as owner of a pass-through entity, may not exceed fifty thousand dollars ($50,000).

If an owner's share of the pass-through entity's credit is limited due to the maximum allowable credit under this section for a taxable year, the pass-through entity and its owners may not reallocate the unused credit among the other owners.

(c) Application. – To be eligible for the tax credit provided in this section, the taxpayer must file an application for the credit with the Secretary on or before April 15 of the year following the calendar year in which the investment was made. The Secretary may grant extensions of this deadline, as the Secretary finds appropriate, upon the request of the taxpayer, except that the application may not be filed after September 15 of the year following the calendar year in which the investment was made. An application is effective for the year in which it is timely filed. The application shall be on a form prescribed by the Secretary and shall include any supporting documentation that the Secretary may require. If an investment for which a credit is applied for was

paid for other than in money, the taxpayer shall include with the application a certified appraisal of the value of the property used to pay for the investment. The application for a credit for an investment made by a pass-through entity must be filed by the pass-through entity.

(d) Penalties. – The penalties provided in G.S. 105-236 apply in this Part."

SECTION 4. G.S. 105-163.012(d) reads as rewritten:

"(d) The taxpayer's basis in the equity securities or subordinated debt acquired as a result of an investment in a qualified ~~business venture or qualified grantee~~ business shall be reduced for the purposes of this Article by the amount of allowable credit. 'Allowable credit' means the amount of credit allowed under G.S. 105-163.011 reduced as provided in subsection (c) of this section."

SECTION 5. G.S. 105-163.013 reads as rewritten:

"**§ 105-163.013. Registration.**

(a) Repealed by Session Laws 1993, c. 443, s. 4.

(b) Qualified Business Ventures. – In order to qualify as a qualified business venture under this Part, a business must be registered with the Securities Division of the Department of the Secretary of State. To register, the business must file with the Secretary of State an application and any supporting documents the Secretary of State may require from time to time to determine that the business meets the requirements for registration as a qualified business venture. A business meets the requirements for registration as a qualified business venture if all of the following are true as of the date the business files the required application:

(1) Repealed by Session Laws 1996, Second Extra Session, c. 14, s. 7.

(1a) Reserved for future codification purposes.

(1b) Either (i) it was organized after January 1 of the calendar year in which its application is filed or (ii) during its most recent fiscal year before filing the application, it had gross revenues, as determined in accordance with generally accepted accounting principles, of five million dollars ($5,000,000) or less on a consolidated basis.

(2) Repealed by Session Laws 1996, Second Extra Session, c. 14, s. 7.

(3) It is organized to engage primarily in manufacturing, processing, warehousing, wholesaling, research and development, or a service-related industry.

(4) It does not engage as a substantial part of its business in any of the following:

a. Providing a professional service as defined in Chapter 55B of the General Statutes.

b. Construction or contracting.

c. Selling or leasing at retail.

d. The purchase, sale, or development, or purchasing, selling, or holding for investment of commercial paper, notes, other indebtedness, financial instruments, securities, or real property, or otherwise make investments.

e. Providing personal grooming or cosmetics services.

f. Offering any form of entertainment, amusement, recreation, or athletic or fitness activity for which an admission or a membership is charged.

(5) It was not formed for the primary purpose of acquiring all or part of the stock or assets of one or more existing businesses.

(6) It is not a real estate-related business.

The effective date of registration for a qualified business venture whose application is accepted for registration is 60 days before the date its application is filed. No credit is allowed under this Part for an investment made before the effective date of the registration or after the registration is revoked. For the purpose of this Article, if a taxpayer's investment is placed initially in escrow conditioned upon other investors' commitment of additional funds, the date of the investment is the date escrowed funds are transferred to the qualified business venture free of the condition.

To remain qualified as a qualified business venture, the business must renew its registration annually as prescribed by rule by filing a financial statement for the most recent fiscal year showing gross revenues, as determined in accordance with generally accepted accounting principles, of five million dollars ($5,000,000) or less on a consolidated basis and an application for renewal in which the business certifies the facts required in the original application.

Failure of a qualified business venture to renew its registration by the applicable deadline shall result in revocation of its registration effective as of the next day after the renewal deadline, but shall not result in forfeiture of tax credits previously allowed to taxpayers who invested in the business except as provided in G.S. 105-163.014. The Secretary of State shall send the qualified business venture notice of revocation within 60 days after the renewal deadline. A qualified business venture may apply to have its registration reinstated by the Secretary of State by filing an application for reinstatement, accompanied by the reinstatement application fee and a late filing penalty of one thousand dollars ($1,000), within 30 days after receipt of the revocation notice from the Secretary of State. A business that seeks approval of a new application for registration after its registration has been revoked must also pay a penalty of one thousand dollars ($1,000). A registration that has been reinstated is treated as if it had not been revoked.

If the gross revenues of a qualified business venture exceed five million dollars ($5,000,000) in a fiscal year, the business must notify the Secretary of State in writing of this fact by filing a financial statement showing the revenues of the business for that year.

(c) Qualified Grantee Businesses and Qualified Licensee Businesses. – In order to qualify as a qualified grantee business or a qualified licensee business under this Part, a business must be registered with the Securities Division of the Department of the Secretary of State. To register, the business must file with the Secretary of State an application and any supporting documents the Secretary of State may require from time to time to determine that the business meets the requirements for registration as a qualified grantee business or a qualified licensee business. The requirements for

registration as a qualified grantee business or a qualified licensee business are set out in G.S. 105-163.010.~~G.S. 105-163.010(9).~~

The effective date of registration for a qualified grantee business or a qualified licensee business whose application is accepted for registration is the filing date of its application. No credit is allowed under this Part for an investment made before the effective date of the registration or after the registration is revoked.

To remain qualified as a qualified grantee business or a qualified licensee business, the business must renew its registration annually as prescribed by rule by filing an application for renewal in which the business certifies the facts ~~listed in this subsection.~~demonstrating that it continues to meet the applicable requirements for qualification.

(d) Application Forms; Rules; Fees. – Applications for registration, renewal of registration, and reinstatement of registration under this section shall be in the form required by the Secretary of State. The Secretary of State may, by rule, require applicants to furnish supporting information in addition to the information required by subsections (b) and (c) of this section. The Secretary of State may adopt rules in accordance with Chapter 150B of the General Statutes that are needed to carry out the Secretary's responsibilities under this Part. The Secretary of State shall prepare blank forms for the applications and shall distribute them throughout the State and furnish them on request. Each application shall be signed by the owners of the business or, in the case of a corporation, by its president, vice-president, treasurer, or secretary. There shall be annexed to the application the affirmation of the person making the application in the following form: "Under penalties prescribed by law, I certify and affirm that to the best of my knowledge and belief this application is true and complete." A person who submits a false application is guilty of a Class 1 misdemeanor.

The fee for filing an application for registration under this section is one hundred dollars ($100.00). The fee for filing an application for renewal of registration under this section is fifty dollars ($50.00). The fee for filing an application for reinstatement of registration under this section is fifty dollars ($50.00).

An application for renewal of registration under this section ~~shall~~ must indicate whether the applicant is a minority business, as defined in G.S. 143-128, and ~~shall~~ include a report of the number of jobs the business created during the preceding year that are attributable to investments that qualify under this section for a tax credit and the average wages paid by each job. An application that does not contain this information is incomplete and the applicant's registration may not be renewed until the information is provided.

(e) Revocation of Registration. – If the Securities Division of the Department of the Secretary of State finds that any of the information contained in an application of a business registered under this section is false, it shall revoke the registration of the business. The Secretary of State shall not revoke the registration of a business solely because it ceases business operations for an indefinite period of time, as long as the business renews its registration each year as required under ~~G.S. 105-163.013.~~this section.

(f) Transfer of Registration. – A registration as a qualified ~~business venture or qualified grantee~~ business may not be sold or otherwise transferred, except that if a qualified ~~business venture or qualified grantee~~ business enters into a merger, conversion, consolidation, or other similar transaction with another business and the surviving company would otherwise meet the criteria for being a qualified ~~business venture or qualified grantee~~ business, the surviving company retains the registration without further application to the Secretary of State. In such a case, the qualified ~~business venture or qualified grantee~~ business ~~shall~~ must provide the Secretary of State with written notice of the merger, conversion, consolidation, or similar transaction and the name, address, and jurisdiction of incorporation or organization of the surviving company.

(g) Report by Secretary of State. – The Secretary of State shall report to the Revenue Laws Study Committee by October 1 of each year all of the businesses that have registered with the Secretary of State as qualified business ~~ventures~~ ventures, qualified licensee businesses, and qualified grantee businesses. The report shall include the name and address of each business, the location of its headquarters and principal place of business, a detailed description of the types of business in which it engages, whether the business is a minority business as defined in G.S. 143-128, the number of jobs created by the business during the period covered by the report, and the average wages paid by these jobs."

SECTION 6. G.S. 105-163.014 reads as rewritten:

"**§ 105-163.014. Forfeiture of credit.**

(a) Participation in Business. – A taxpayer who has received a credit under this Part for an investment in a qualified ~~business venture or qualified grantee~~ business forfeits the credit if, within three years after the investment was made, the taxpayer participates in the operation of the qualified ~~business venture or qualified grantee~~ business. For the purpose of this section, a taxpayer participates in the operation of a qualified ~~business venture or a qualified grantee~~ business if the taxpayer, the taxpayer's spouse, parent, sibling, or child, or an employee of any of these individuals or of a business controlled by any of these individuals, provides services of any nature to the qualified ~~business venture or qualified grantee~~ business for compensation, whether as an employee, a contractor, or otherwise. However, a person who provides services to a qualified ~~business venture or a qualified grantee~~ business, whether as an officer, a member of the board of directors, or otherwise does not participate in its operation ~~if the~~ person receives as compensation only reasonable reimbursement of expenses incurred in providing the services, participation in a stock option or stock bonus plan, or both.

(b) False Application. – A taxpayer who has received a credit under this Part for an investment in a qualified ~~business venture or a qualified grantee~~ business forfeits the credit if the registration of the qualified ~~business venture or qualified grantee~~ business is revoked because information in the registration application was false at the time the application was filed with the Secretary of State.

(c) Repealed by Session Laws 1996, Second Extra Session, c. 14, s. 7.

(d) Transfer or Redemption of Investment. – A taxpayer who has received a credit under this Part for an investment in a qualified ~~business venture or a qualified grantee~~ business forfeits the credit in the following cases:

(1) Within one year after the investment was made, the taxpayer transfers any of the securities received in the investment that qualified for the tax credit to another person or entity, other than in a transfer resulting from one of the following:

a. The death of the taxpayer.

b. A final distribution in liquidation to the owners of a taxpayer that is a corporation or other entity.

c. A merger, conversion, consolidation, or similar transaction requiring approval by the owners of the qualified ~~business venture or qualified grantee~~ business under applicable State law, to the extent the taxpayer does not receive cash or tangible property in the merger, conversion, consolidation, or other similar transaction.

(2) Except as provided in subsection (d1) of this section, within five years after the investment was made, the qualified ~~business venture or qualified grantee~~ business in which the investment was made makes a redemption with respect to the securities received in the investment.

In the event the taxpayer transfers fewer than all the securities in a manner that would result in a forfeiture, the amount of the credit that is forfeited is the product obtained by multiplying the aggregate credit attributable to the investment by a fraction whose numerator equals the number of securities transferred and whose denominator equals the number of securities received on account of the investment to which the credit was attributable. In addition, if the redemption amount is less than the amount invested by the taxpayer in the securities to which the redemption is attributable, the amount of the credit that is forfeited is further reduced by multiplying it by a fraction whose numerator equals the redemption amount and whose denominator equals the aggregate amount invested by the taxpayer in the securities involved in the redemption. The term "redemption amount" means all amounts paid that are treated as a distribution in part or full payment in exchange for securities under section 302(a) of the Code.

(d1) Certain Redemptions Allowed. – Forfeiture of a credit does not occur under this section if a qualified business venture that engages primarily in motion picture film production makes a redemption with respect to securities received in an investment and the following conditions are met:

(1) The redemption occurred because the qualified business venture completed production of a film, sold the film, and was liquidated.

(2) Neither the qualified business venture nor a related person continues to engage in business with respect to the film produced by the qualified business venture.

(e) Effect of Forfeiture. – A taxpayer who forfeits a credit under this section is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been

due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited; a taxpayer who fails to pay the past taxes and interest by the due date is subject to the penalties provided in G.S. 105-236."

SECTION 7. This act becomes effective for taxable years beginning on or after January 1, 2004.

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2003

H

HOUSE BILL 1294

Short Title:	Expand Qualified Business Credit.	(Public)
Sponsors:	Representatives G. Allen; Goodwin, Miner, L. Allen, and Tolson.	
Referred to:	Finance.	

May 15, 2003

A BILL TO BE ENTITLED

AN ACT TO EXPAND THE QUALIFIED BUSINESS INVESTMENTS TAX CREDIT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-163.015 reads as rewritten:

"**§ 105-163.015. Sunset.**

This Part is repealed effective for investments made on or after January 1, ~~2004.~~2010."

SECTION 2. G.S. 105-163.010 is amended by adding the following new subdivisions to read:

"**§ 105-163.010. Definitions.**

The following definitions apply in this Part:

...

(7b) Qualified business. – A qualified business venture, a qualified grantee business, or a qualified licensee business.

...

(9a) Qualified licensee business. – A business that is registered with the Secretary of State under G.S. 105-163.013 and has been certified by a constituent institution of The University of North Carolina or a research university as currently performing under a licensing agreement with the institution or university for the purpose of commercializing technology developed at the institution or university. For the purpose of this section, a research university is an institution of higher education classified as a Research I university in the most recent edition of "A Classification of Institutions of Higher Education", the official report of The Carnegie Foundation for the Advancement of Teaching."

SECTION 3. G.S. 105-163.012 reads as rewritten:

"**§ 105-163.012. Limit; carry-over; ceiling; reduction in basis.**

(a) The credit allowed a taxpayer under G.S. 105-163.011 may not exceed the amount of income tax imposed by Part 2 of this Article for the taxable year reduced by the sum of all other credits allowable except tax payments made by or on behalf of the taxpayer. The amount of unused credit allowed under G.S. 105-163.011 may be carried forward for the next five succeeding years. The fifty thousand dollar ($50,000) limitation on the amount of credit allowed a taxpayer under G.S. 105-163.011 does not apply to unused amounts carried forward under this subsection.

(b) The total amount of all tax credits allowed to taxpayers under G.S. 105-163.011 for investments made in a calendar year may not exceed ~~six million dollars ($6,000,000).~~ the applicable maximum provided in the table at the end of this subsection. The Secretary of Revenue shall calculate the total amount of tax credits claimed from the applications filed pursuant to G.S. 105-163.011(c). If the total amount of tax credits claimed for investments made in a calendar year exceeds ~~six million dollars ($6,000,000),~~ the applicable maximum for that year, the Secretary shall allow a portion of the credits claimed by allocating a total ~~of six million dollars ($6,000,000)~~ amount equal to the applicable maximum in tax credits in proportion to the size of the credit claimed by each taxpayer.

Year	Maximum
Before 2005	$ 6,000,000
2005	8,000,000
2006	10,000,000
After 2006	12,000,000

(c) If a credit claimed under G.S. 105-163.011 is reduced as provided in this section, the Secretary shall notify the taxpayer of the amount of the reduction of the credit on or before December 31 of the year following the calendar year in which the investment was made. The Secretary's allocations based on applications filed pursuant to G.S. 105-163.011(c) are final and shall not be adjusted to account for credits applied for but not claimed.

(d) The taxpayer's basis in the equity securities or subordinated debt acquired as a result of an investment in a qualified ~~business venture or qualified grantee~~ business shall be reduced for the purposes of this Article by the amount of allowable credit. "Allowable credit" means the amount of credit allowed under G.S. 105-163.011 reduced as provided in subsection (c) of this section."

SECTION 4. G.S. 105-163.011 reads as rewritten:

"**§ 105-163.011. Tax credits allowed.**

(a) No Credit for Brokered Investments. – No credit is allowed under this section for a purchase of equity securities or subordinated debt if a broker's fee or commission or other similar remuneration is paid or given directly or indirectly for soliciting the purchase.

(b) Individuals. – Subject to the limitations contained in G.S. 105-163.012, an individual who purchases the equity securities or subordinated debt of a qualified ~~business venture or a qualified grantee~~ business directly from that business is allowed as a credit against the tax imposed by Part 2 of this Article for the taxable year an amount equal to twenty-five percent (25%) of the amount invested. The aggregate amount of

credit allowed an individual for one or more investments in a single taxable year under this Part, whether directly or indirectly as owner of a pass-through entity, may not exceed fifty thousand dollars ($50,000). The credit may not be taken for the year in which the investment is made but shall be taken for the taxable year beginning during the calendar year in which the application for the credit becomes effective as provided in subsection (c) of this section.

(b1) Pass-Through Entities. – This subsection does not apply to a pass-through entity that has committed capital under management in excess of five million dollars ($5,000,000) or to a pass-through entity that is a qualified ~~grantee business, a qualified business venture,~~business or a North Carolina Enterprise Corporation. Subject to the limitations provided in G.S. 105-163.012, a pass-through entity that purchases the equity securities or subordinated debt of a qualified ~~grantee business or a qualified business venture~~ business directly from the business is eligible for a tax credit equal to twenty-five percent (25%) of the amount invested. The aggregate amount of credit allowed a pass-through entity for one or more investments in a single taxable year under this Part, whether directly or indirectly as owner of another pass-through entity, may not exceed seven hundred fifty thousand dollars ($750,000). The pass-through entity is not eligible for the credit for the year in which the investment by the pass-through entity is made but shall be eligible for the credit for the taxable year beginning during the calendar year in which the application for the credit becomes effective as provided in subsection (c) of this section.

Each individual who is an owner of a pass-through entity is allowed as a credit against the tax imposed by Part 2 of this Article for the taxable year an amount equal to the owner's allocated share of the credits for which the pass-through entity is eligible under this subsection. The aggregate amount of credit allowed an individual for one or more investments in a single taxable year under this Part, whether directly or indirectly as owner of a pass-through entity, may not exceed fifty thousand dollars ($50,000).

If an owner's share of the pass-through entity's credit is limited due to the maximum allowable credit under this section for a taxable year, the pass-through entity and its owners may not reallocate the unused credit among the other owners.

(c) Application. – To be eligible for the tax credit provided in this section, the taxpayer must file an application for the credit with the Secretary on or before April 15 of the year following the calendar year in which the investment was made. The Secretary may grant extensions of this deadline, as the Secretary finds appropriate, upon the request of the taxpayer, except that the application may not be filed after September 15 of the year following the calendar year in which the investment was made. An application is effective for the year in which it is timely filed. The application shall be on a form prescribed by the Secretary and shall include any supporting documentation that the Secretary may require. If an investment for which a credit is applied for was paid for other than in money, the taxpayer shall include with the application a certified appraisal of the value of the property used to pay for the investment. The application for a credit for an investment made by a pass-through entity must be filed by the pass-through entity.

(d) Penalties. – The penalties provided in G.S. 105-236 apply in this Part."

SECTION 5. G.S. 105-163.013 reads as rewritten:

"**§ 105-163.013. Registration.**

(a) Repealed by Session Laws 1993, c. 443, s. 4.

(b) Qualified Business Ventures. – In order to qualify as a qualified business venture under this Part, a business must be registered with the Securities Division of the Department of the Secretary of State. To register, the business must file with the Secretary of State an application and any supporting documents the Secretary of State may require from time to time to determine that the business meets the requirements for registration as a qualified business venture. A business meets the requirements for registration as a qualified business venture if all of the following are true as of the date the business files the required application:

(1) Repealed by Session Laws 1996, Second Extra Session, c. 14, s. 7.

(1a) Reserved for future codification purposes.

(1b) Either (i) it was organized after January 1 of the calendar year in which its application is filed or (ii) during its most recent fiscal year before filing the application, it had gross revenues, as determined in accordance with generally accepted accounting principles, of five million dollars ($5,000,000) or less on a consolidated basis.

(2) Repealed by Session Laws 1996, Second Extra Session, c. 14, s. 7.

(3) It is organized to engage primarily in manufacturing, processing, warehousing, wholesaling, research and development, or a service-related industry.

(4) It does not engage as a substantial part of its business in any of the following:

a. Providing a professional service as defined in Chapter 55B of the General Statutes.

b. Construction or contracting.

c. Selling or leasing at retail.

d. The purchase, sale, or development, or purchasing, selling, or holding for investment of commercial paper, notes, other indebtedness, financial instruments, securities, or real property, or otherwise make investments.

e. Providing personal grooming or cosmetics services.

f. Offering any form of entertainment, amusement, recreation, or athletic or fitness activity for which an admission or a membership is charged.

(5) It was not formed for the primary purpose of acquiring all or part of the stock or assets of one or more existing businesses.

(6) It is not a real estate-related business.

The effective date of registration for a qualified business venture whose application is accepted for registration is 60 days before the date its application is filed. No credit is allowed under this Part for an investment made before the effective date of the registration or after the registration is revoked. For the purpose of this Article, if a taxpayer's investment is placed initially in escrow conditioned upon other investors'

commitment of additional funds, the date of the investment is the date escrowed funds are transferred to the qualified business venture free of the condition.

To remain qualified as a qualified business venture, the business must renew its registration annually as prescribed by rule by filing a financial statement for the most recent fiscal year showing gross revenues, as determined in accordance with generally accepted accounting principles, of five million dollars ($5,000,000) or less on a consolidated basis and an application for renewal in which the business certifies the facts required in the original application.

Failure of a qualified business venture to renew its registration by the applicable deadline shall result in revocation of its registration effective as of the next day after the renewal deadline, but shall not result in forfeiture of tax credits previously allowed to taxpayers who invested in the business except as provided in G.S. 105-163.014. The Secretary of State shall send the qualified business venture notice of revocation within 60 days after the renewal deadline. A qualified business venture may apply to have its registration reinstated by the Secretary of State by filing an application for reinstatement, accompanied by the reinstatement application fee and a late filing penalty of one thousand dollars ($1,000), within 30 days after receipt of the revocation notice from the Secretary of State. A business that seeks approval of a new application for registration after its registration has been revoked must also pay a penalty of one thousand dollars ($1,000). A registration that has been reinstated is treated as if it had not been revoked.

If the gross revenues of a qualified business venture exceed five million dollars ($5,000,000) in a fiscal year, the business must notify the Secretary of State in writing of this fact by filing a financial statement showing the revenues of the business for that year.

(c) Qualified Grantee Businesses and Qualified Licensee Businesses. – In order to qualify as a qualified grantee business or a qualified licensee business under this Part, a business must be registered with the Securities Division of the Department of the Secretary of State. To register, the business must file with the Secretary of State an application and any supporting documents the Secretary of State may require from time to time to determine that the business meets the requirements for registration as a qualified grantee business or a qualified licensee business. The requirements for registration as a qualified grantee business or a qualified licensee business are set out in G.S. 105-163.010.~~G.S. 105-163.010(9).~~

The effective date of registration for a qualified grantee business or a qualified licensee business whose application is accepted for registration is the filing date of its application. No credit is allowed under this Part for an investment made before the effective date of the registration or after the registration is revoked.

To remain qualified as a qualified grantee business or a qualified licensee business, the business must renew its registration annually as prescribed by rule by filing an application for renewal in which the business certifies the facts ~~listed in this subsection.~~demonstrating that it continues to meet the applicable requirements for qualification.

(d) Application Forms; Rules; Fees. – Applications for registration, renewal of registration, and reinstatement of registration under this section shall be in the form required by the Secretary of State. The Secretary of State may, by rule, require applicants to furnish supporting information in addition to the information required by subsections (b) and (c) of this section. The Secretary of State may adopt rules in accordance with Chapter 150B of the General Statutes that are needed to carry out the Secretary's responsibilities under this Part. The Secretary of State shall prepare blank forms for the applications and shall distribute them throughout the State and furnish them on request. Each application shall be signed by the owners of the business or, in the case of a corporation, by its president, vice-president, treasurer, or secretary. There shall be annexed to the application the affirmation of the person making the application in the following form: "Under penalties prescribed by law, I certify and affirm that to the best of my knowledge and belief this application is true and complete." A person who submits a false application is guilty of a Class 1 misdemeanor.

The fee for filing an application for registration under this section is one hundred dollars ($100.00). The fee for filing an application for renewal of registration under this section is fifty dollars ($50.00). The fee for filing an application for reinstatement of registration under this section is fifty dollars ($50.00).

An application for renewal of registration under this section ~~shall~~ must indicate whether the applicant is a minority business, as defined in G.S. 143-128, and ~~shall~~ include a report of the number of jobs the business created during the preceding year that are attributable to investments that qualify under this section for a tax credit and the average wages paid by each job. An application that does not contain this information is incomplete and the applicant's registration may not be renewed until the information is provided.

(e) Revocation of Registration. – If the Securities Division of the Department of the Secretary of State finds that any of the information contained in an application of a business registered under this section is false, it shall revoke the registration of the business. The Secretary of State shall not revoke the registration of a business solely because it ceases business operations for an indefinite period of time, as long as the business renews its registration each year as required under ~~G.S. 105-163.013.~~this section.

(f) Transfer of Registration. – A registration as a qualified ~~business venture or qualified grantee~~ business may not be sold or otherwise transferred, except that if a qualified ~~business venture or qualified grantee~~ business enters into a merger, conversion, consolidation, or other similar transaction with another business and the surviving company would otherwise meet the criteria for being a qualified ~~business venture or qualified grantee~~ business, the surviving company retains the registration without further application to the Secretary of State. In such a case, the qualified ~~business venture or qualified grantee~~ business ~~shall~~ must provide the Secretary of State with written notice of the merger, conversion, consolidation, or similar transaction and the name, address, and jurisdiction of incorporation or organization of the surviving company.

(g) Report by Secretary of State. – The Secretary of State shall report to the Revenue Laws Study Committee by October 1 of each year all of the businesses that have registered with the Secretary of State as qualified business ~~ventures~~ ventures, qualified licensee businesses, and qualified grantee businesses. The report shall include the name and address of each business, the location of its headquarters and principal place of business, a detailed description of the types of business in which it engages, whether the business is a minority business as defined in G.S. 143-128, the number of jobs created by the business during the period covered by the report, and the average wages paid by these jobs."

SECTION 6. G.S. 105-163.014 reads as rewritten:

"**§ 105-163.014. Forfeiture of credit.**

(a) Participation in Business. – A taxpayer who has received a credit under this Part for an investment in a qualified ~~business venture or qualified grantee~~ business forfeits the credit if, within three years after the investment was made, the taxpayer participates in the operation of the qualified ~~business venture or qualified grantee~~ business. For the purpose of this section, a taxpayer participates in the operation of a qualified ~~business venture or a qualified grantee~~ business if the taxpayer, the taxpayer's spouse, parent, sibling, or child, or an employee of any of these individuals or of a business controlled by any of these individuals, provides services of any nature to the qualified ~~business venture or qualified grantee~~ business for compensation, whether as an employee, a contractor, or otherwise. However, a person who provides services to a qualified ~~business venture or a qualified grantee~~ business, whether as an officer, a member of the board of directors, or otherwise does not participate in its operation if the person receives as compensation only reasonable reimbursement of expenses incurred in providing the services, participation in a stock option or stock bonus plan, or both.

(b) False Application. – A taxpayer who has received a credit under this Part for an investment in a qualified ~~business venture or a qualified grantee~~ business forfeits the credit if the registration of the qualified ~~business venture or qualified grantee~~ business is revoked because information in the registration application was false at the time the application was filed with the Secretary of State.

(c) Repealed by Session Laws 1996, Second Extra Session, c. 14, s. 7.

(d) Transfer or Redemption of Investment. – A taxpayer who has received a credit under this Part for an investment in a qualified ~~business venture or a qualified grantee~~ business forfeits the credit in the following cases:

(1) Within one year after the investment was made, the taxpayer transfers any of the securities received in the investment that qualified for the tax credit to another person or entity, other than in a transfer resulting from one of the following:

a. The death of the taxpayer.

b. A final distribution in liquidation to the owners of a taxpayer that is a corporation or other entity.

c. A merger, conversion, consolidation, or similar transaction requiring approval by the owners of the qualified ~~business venture or qualified grantee~~ business under applicable State

law, to the extent the taxpayer does not receive cash or tangible property in the merger, conversion, consolidation, or other similar transaction.

(2) Except as provided in subsection (d1) of this section, within five years after the investment was made, the qualified ~~business venture or qualified grantee~~ business in which the investment was made makes a redemption with respect to the securities received in the investment.

In the event the taxpayer transfers fewer than all the securities in a manner that would result in a forfeiture, the amount of the credit that is forfeited is the product obtained by multiplying the aggregate credit attributable to the investment by a fraction whose numerator equals the number of securities transferred and whose denominator equals the number of securities received on account of the investment to which the credit was attributable. In addition, if the redemption amount is less than the amount invested by the taxpayer in the securities to which the redemption is attributable, the amount of the credit that is forfeited is further reduced by multiplying it by a fraction whose numerator equals the redemption amount and whose denominator equals the aggregate amount invested by the taxpayer in the securities involved in the redemption. The term "redemption amount" means all amounts paid that are treated as a distribution in part or full payment in exchange for securities under section 302(a) of the Code.

(d1) Certain Redemptions Allowed. – Forfeiture of a credit does not occur under this section if a qualified business venture that engages primarily in motion picture film production makes a redemption with respect to securities received in an investment and the following conditions are met:

(1) The redemption occurred because the qualified business venture completed production of a film, sold the film, and was liquidated.

(2) Neither the qualified business venture nor a related person continues to engage in business with respect to the film produced by the qualified business venture.

(e) Effect of Forfeiture. – A taxpayer who forfeits a credit under this section is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited; a taxpayer who fails to pay the past taxes and interest by the due date is subject to the penalties provided in G.S. 105-236."

SECTION 7. This act becomes effective for taxable years beginning on or after January 1, 2004.

HOUSE BILL 1294 (PCS): Expand Qualified Business Tax Credits

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Gordon Allen
Date:	June 4, 2003	**Analysis by:**	Martha H. Harris
Version:	Draft		Staff Attorney

SUMMARY: Makes the following changes to the Qualified Business Investment Tax Credits effective beginning with the 2004 tax year:

- ***Extends the sunset from 2004 to 2007.***
- ***Expands the definition of a qualified grantee business to include those that receive grants from entities such as MCNC-Research and Development Institute, a nonprofit corporation formed to enhance economic development in North Carolina through applied research and technology development and commercialization of these technologies.***
- ***Adds a new type of qualified business: a small business that is commercializing technology developed by a research university.***

Sunset: The qualified business investment tax credit was enacted in August 1987 to promote economic development for North Carolina businesses. The initial credits applied to both corporations and individual taxpayers, and there was a $12 million cap on the total amount of all tax credits. In response to a 1996 United States Supreme Court decision in Fulton Corp. v. Faulkner, the General Assembly reduced the $12 million cap to $6 million, removed the requirement that the qualified businesses be headquartered or operating in North Carolina , and limited the credit to individuals and small pass-through entities. The latter change was based on the theory that these investors are not likely to invest outside a 50-mile radius of their homes.

The credit was to expire for investments made on or after January 1, 1999. In 1998, as part of the appropriations bill, the credit was extended for four additional years until January 1, 2003. In 2002, the General Assembly extended it one year, until 2004. Section 1 of this bill would extend the sunset for three additional years until January 1, 2007.

One of the purposes of the sunset was to determine if the credit is being allowed for investments in non-North Carolina businesses. Because the Constitution does not allow the credit to be restricted to North Carolina businesses, there is the possibility that North Carolina tax dollars may actually be subsidizing investments in out-of-State corporations. The Secretary of State's Office is required to publish a periodic list of businesses that have registered as qualified businesses. This list should provide an indication as to whether this credit is being taken advantage of by non-North Carolina corporations.

Expand Types of Qualified Businesses: Under current law, n order to be a business in which investments are eligible for a credit, the business must be either a *qualified*

business venture or a *qualified grantee business*. Both types of businesses must be registered with the Secretary of State. The definition of *qualified business venture* includes several general requirements related to the line of business, gross revenues of the business, and the organization date of the business. A *qualified grantee business* is one that has received a grant or other funding in at least one of the three previous years from one of several types of entities that are generally described in the statute. Those descriptions would encompass the following entities that, before 2002, were specifically named in the statute: the North Carolina Biotechnology Center, MCNC, and the Kenan Institute for Engineering, Technology, and Science. Section 2 of this bill would expand one of these descriptions, which currently applies to nonprofits organized to stimulate microelectronics and communications industries, to also apply to nonprofits organized to stimulate the wireless industry and networking and related technologies. This language is designed to bring in a new entity called MCNC-Research and Development Institute, which is a nonprofit corporation formed to enhance economic development in North Carolina through applied research and technology development and commercialization of these technologies.

Section 2 of this bill would also add a third category of qualified businesses: a *qualified licensee business*. These businesses must have no more than $1 million in gross revenues annually and must be performing under a contract with a UNC system institution or a doctoral research university to commercialize technology developed by the institution or university.

Background Information: The qualified business investment tax credit is allowed for an individual taxpayer who purchases the equity securities or subordinated debt of a qualified business venture or a qualified grantee business directly from that business. The credit is equal to 25% of the amount invested and may not exceed $50,000 per individual in a single taxable year. An individual investor may also claim the allocable share of credits obtained by "pass-through entities" of which the investor is an owner. Pass-through entities include limited partnerships, general partnerships, S corporations, and limited liability companies. The credit may not be taken in the year the investment is made. Instead, the credit is taken in the year following the calendar year in which the investment was made, but only if the taxpayer filed an application with the Secretary of State. Any unused credit may be carried forward for the next five years. The total amount of credits allowed to all taxpayers for investments made in a calendar year may not exceed $6 million. The Secretary of Revenue calculates the total amount of tax credits claimed from applications filed with the Secretary of State. If the amount exceeds the cap, then the Secretary allows a portion of the tax credits claimed by allocating the total of $6 million in tax credits in proportion to the size of the credit claimed by each taxpayer. In general, a taxpayer forfeits the credit if the taxpayer transfers the securities within one year or the qualified business redeems the securities purchased by the taxpayer within five years after the investment was made.

	($Million) FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES					
General Fund	-	-	(6.0)	(6.0)	(6.0)
EXPENDITURES					
POSITIONS:					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue; Department of the Secretary of State

EFFECTIVE DATE: This act becomes effective for taxable years beginning on or after January 1, 2004.

BILL SUMMARY: The bill extends the qualified business tax credit program's sunset from 2004 to 2007, expands the definition of a qualified grantee business, and adds a new type of grantee business.

BACKGROUND:

Enacted in August 1987 and scheduled to sunset in 2003, the qualified business investment tax credit is allowed to individuals and pass through entities. A maximum of $6 million in credits is allowed each year. For individual taxpayers, the credit is for those who purchase the equity securities or subordinated debt of a qualified business venture or a qualified grantee business directly from that business. The credit is equal to 25% of the amount invested and may not exceed $50,000 per individual in a single taxable year. An individual investor may also claim the allocable share of credits obtained by "pass-through entities" of which the investor is an owner. Pass-through entities include limited partnerships, general partnerships, S corporations, and limited liability companies. To be eligible for the tax credit, an individual investor must file Form D-499, Application for Tax Credit for Qualified Business Investments, with the Department of Revenue on or before April 15 of the year following the calendar year in which the investment was made. Any unused credit may be carried forward for the next five years. The total amount of credits allowed to all taxpayers for investments made in a calendar year may not exceed $6 million. The Secretary of Revenue calculates the total amount of tax credits claimed from applications filed with the Secretary of State. If the amount exceeds the cap, then the Secretary allows a portion of the tax credits claimed by allocating the total of $6 million in tax credits in proportion to the size of the credit claimed by each taxpayer.

ASSUMPTIONS AND METHODOLOGY:

Section one of the bill extends the sunset of the Qualified Business tax credit from 2004 to 2007. Since the General Fund revenue forecast for future fiscal years assumes an end to the Qualified Business tax credit program, extension of the sunset means there will be a General Fund revenue loss from FY 2005-06 until FY 2007-08. The revenue loss from tax year 2004 is delayed because investments are made in 2004, applications for the tax credit on the 2004 investments are made in 2005, the Department of Revenue notifies taxpayers in November/December of 2005 of the amount of credit they will receive, then the taxpayers file their tax returns in spring 2006. This puts the revenue loss for 2004 into FY 2005-06.

The bill continues to cap the General Fund revenue loss from the tax credit at $6 million. This fiscal analysis assumes the credit maximum will be reached in each of the next five years based on program history. The amount of credits applied for exceeded the $6 million cap four out of five years between 1997 and 2001 (see chart below).

Year Credit Claimed	Individuals	Corporations/ Pass-Throughs	Total
1997	2,322,317	3,677,683	6,000,000 *
1998	4,235,771	1,108,870	5,344,641
1999	4,714,892	1,285,108	6,000,000 *
2000	4,221,732	1,778,268	6,000,000 *
2001	3,612,777	2,387,223	6,000,000 *
	$41,516,450	**$15,959,343**	**$57,475,793**

*In these years, total credits requested exceeded $6 million. Actual requests were as follows:	
1997	$9,250,000
1999	6,450,000
2000	7,000,000
2001	19,000,000

In 2002, taxpayers have applied for $5.6 million in credits, but the Department of Revenue will not have complete numbers on 2002 qualified business tax credits until extension returns are filed this fall.

Another reason this note assumes the credit maximums will be reached is the expansion in the number of investments taxpayers may receive a tax credit. Section 2 of the bill adds qualified licensee businesses to the list of entities that taxpayers may invest in to get a qualified business tax credit. Qualified licensee businesses have less than $1million in gross revenues and are under contract with a doctoral research university or a UNC system school to commercialize technology developed by the university or institution. Section 2 also expands the definition of qualified grantee business to include nonprofits organized to stimulate the wireless industry and the networking and related industry. This will make investors into MCNC-Research and Development Institute grantees eligible for the tax credit.

HOUSE BILL 971
PROPOSED COMMITTEE SUBSTITUTE H971-CSLA-21 [v.1]

6/4/2003 9:28:07 PM

Short Title: Cosmetic Art/Continuing Education. (Public)

Sponsors:

Referred to:

April 9, 2003

A BILL TO BE ENTITLED

AN ACT REQUIRING THE CONTINUING EDUCATION OF PERSONS PRACTICING UNDER THE COSMETIC ART ACT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 88B-21 reads as rewritten:

"**§ 88B-21. Renewals; expired ~~licenses.~~licenses; inactive status.**

(a) Each license to operate a cosmetic art shop shall be renewed on or before the first day of February of each year. As provided in G.S. 88B-20, a late fee shall be charged for licenses renewed after February 1. Any license not renewed by March 1 of each year shall expire. A cosmetic art shop whose license has been expired for one year or less shall have the license reinstated immediately upon payment of the reinstatement fee, the late fee, and all unpaid license fees. The licensee shall submit to the Board, as a part of the renewal process, a list of all licensed cosmetologists who practice cosmetic art in the shop and shall identify each as an employee or a booth renter.

(b) Cosmetologist licenses shall be renewed on or before October 1 every three years beginning October 1, 1998. A late fee shall be charged for renewals after that date. Any license not renewed shall expire on October 1 of the year that renewal is required. The Board may develop and implement a plan for staggered license renewal and may prorate license fees to implement such a plan.

(c) Apprentice, esthetician, and manicurist licenses shall be renewed annually on or before October 1 of each year. A late fee shall be charged for the renewal of licenses after that date. Any license not renewed shall expire on October 1 of that year.

(d) Teacher licenses shall be renewed every two years on or before October 1. A late fee shall be charged for the renewal of licenses after that date. Any license not renewed shall expire on October 1 of that year.

(e) Prior to renewal of a ~~teacher's~~ cosmetologist's, esthetician's, or manicurist's license, the ~~teacher~~ licensee shall annually complete ~~a minimum of~~ eight hours of Board-approved continuing education ~~which shall be approved by the Board. Teachers~~

for each year of the licensing cycle. A cosmetologist may complete up to 24 hours of required continuing education at anytime within the cosmetologist's three-year licensing cycle. Licensees shall submit written documentation to the Board showing that they have satisfied the requirements of this subsection. However, licensees who are at least 62 years of age or cosmetic art teachers do not have to meet the continuing education requirement, unless the licensee is a cosmetic art teacher in active practice as a cosmetologist, esthetician, or manicurist.

(f) If an apprentice, cosmetologist, esthetician, manicurist, or teacher fails to renew his or her license within five years following the expiration date, the licensee shall be required to pay the license fee for each year that the fees are delinquent and to pass an examination as prescribed by the Board before the license will be reinstated.

(g) Cosmetic art school licenses shall be renewed on or before October 1 of each year. A late fee shall be charged for licenses renewed after that date. Any license not renewed by November 1 of that year shall expire. A cosmetic art school whose license has been expired for one year or less shall have its license reinstated upon payment of the reinstatement fee, the late fee, and all unpaid license fees.

(h) Upon request by a licensee for inactive status, the Board may place the licensee's name on the inactive list so long as the licensee is in good standing with the Board. An inactive licensee is not required to complete continuing education requirements. An inactive licensee shall not practice cosmetic art for consideration. However, the inactive licensee may continue to purchase supplies as accorded an active licensee. When the inactive licensee desires to be removed from the inactive list and return to active practice, the inactive licensee shall notify the Board of his or her desire to return to active status and pay the required fee as determined by the Board. As a condition of returning to active status, the Board may require the licensee to complete eight to 24 hours of continuing education pursuant to subsection (e) of this section."

SECTION 2. This act becomes effective October 1, 2003.

A BILL TO BE ENTITLED

AN ACT REQUIRING THE CONTINUING EDUCATION OF PERSONS PRACTICING UNDER THE COSMETIC ART ACT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 88B-21 reads as rewritten:

"**§ 88B-21. Renewals; expired ~~licenses.~~licenses; inactive status.**

(a) Each license to operate a cosmetic art shop shall be renewed on or before the first day of February of each year. As provided in G.S. 88B-20, a late fee shall be charged for licenses renewed after February 1. Any license not renewed by March 1 of each year shall expire. A cosmetic art shop whose license has been expired for one year or less shall have the license reinstated immediately upon payment of the reinstatement fee, the late fee, and all unpaid license fees. The licensee shall submit to the Board, as a part of the renewal process, a list of all licensed cosmetologists who practice cosmetic art in the shop and shall identify each as an employee or a booth renter.

(b) Cosmetologist licenses shall be renewed on or before October 1 every three years beginning October 1, 1998. A late fee shall be charged for renewals after that date. Any license not renewed shall expire on October 1 of the year that renewal is required. The Board may develop and implement a plan for staggered license renewal and may prorate license fees to implement such a plan.

(c) Apprentice, esthetician, and manicurist licenses shall be renewed annually on or before October 1 of each year. A late fee shall be charged for the renewal of licenses after that date. Any license not renewed shall expire on October 1 of that year.

(d) Teacher licenses shall be renewed every two years on or before October 1. A late fee shall be charged for the renewal of licenses after that date. Any license not renewed shall expire on October 1 of that year.

(e) Prior to renewal of a ~~teacher's~~ cosmetologist's, esthetician's, or manicurist's license, the ~~teacher~~ licensee shall annually complete ~~a minimum of~~ eight hours of Board-approved continuing education ~~which shall be approved by the Board. Teachers~~ for each year of the licensing cycle. A cosmetologist may complete up to 24 hours of

required continuing education at anytime within the cosmetologist's three-year licensing cycle. Licensees shall submit written documentation to the Board showing that they have satisfied the requirements of this subsection. However, licensees who are 62 years of age or cosmetic art teachers do not have to meet the continuing education requirement, unless the licensee is a cosmetic art teacher in active practice as a cosmetologist, esthetician, or manicurist.

(f) If an apprentice, cosmetologist, esthetician, manicurist, or teacher fails to renew his or her license within five years following the expiration date, the licensee shall be required to pay the license fee for each year that the fees are delinquent and to pass an examination as prescribed by the Board before the license will be reinstated.

(g) Cosmetic art school licenses shall be renewed on or before October 1 of each year. A late fee shall be charged for licenses renewed after that date. Any license not renewed by November 1 of that year shall expire. A cosmetic art school whose license has been expired for one year or less shall have its license reinstated upon payment of the reinstatement fee, the late fee, and all unpaid license fees.

(h) Upon request by a licensee for inactive status, the Board may place the licensee's name on the inactive list so long as the licensee is in good standing with the Board. An inactive licensee is not required to complete continuing education requirements. An inactive licensee shall not practice cosmetic art for consideration. However, the inactive licensee may continue to purchase supplies as accorded an active licensee. When the inactive licensee desires to be removed from the inactive list and return to active practice, the inactive licensee shall notify the Board of his or her desire to return to active status and pay the required fee as determined by the Board. As a condition of returning to active status, the Board may require the licensee to complete eight to 24 hours of continuing education pursuant to subsection (e) of this section."

SECTION 2. This act becomes effective October 1, 2003.

HOUSE BILL 971:
Cosmetic Art/Continuing Education

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Howard
Date:	June 4, 2003	**Analysis by:**	Martha Walston
Version:	Proposed Committee Substitute.		Committee Counsel

SUMMARY: House Bill 971 amends the Cosmetic Art Act as follows:

- *Requires cosmetologists, estheticians and manicurists to annually complete 8 hours of Board-approved continuing education for each year of the licensing cycle.*
- *Exempts a licensee who is at least 62 years old or is a non-practicing cosmetic art teacher.*
- *Allows a cosmetologist to complete up to 24 hours of the required continuing education at any time within the cosmetologist's three-year licensing cycle.*
- *Authorizes the Board to establish an inactive list of licensees and exempts inactive persons from the continuing education requirements.*

BILL ANALYSIS: Under current law, a cosmetology teacher, esthetician teacher, or a manicurist teacher must annually compete a minimum of eight hours of Board-approved continuing education before the teacher's license may be renewed. Licensed cosmetologists, estheticians, and manicurists are not required to complete continuing education. House Bill 971 would require licensed cosmetologists, estheticians, and manicurists to annually complete eight hours of Board-approved continuing education, although a cosmetologist may complete up to 24 hours at any time within the cosmetologist's three-year license cycle. House Bill exempts the following licensees from the continuing education requirements: (a) a licensee who is at least 62 years old, and (b) cosmetic art teachers, unless the teacher is actively practicing as a cosmetologist, esthetician, or manicurist.

House Bill 971 authorizes the Board to establish an inactive list of licensees. The inactive licensee must be in good standing with the Board and may not practice cosmetic art for consideration. The inactive licensee is not required to complete continuing education requirements and may continue to purchase supplies as accorded an active licensee. The licensee must notify the Board when he or she desires to return to active status, pay the required fee, and compete any continuing education required by the Board.

The act becomes effective October 1, 2003.

REVENUES					
General Fund	No Impact	No Impact	No Impact	No Impact	No Impact
EXPENDITURES					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: None

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: The proposed bill changes the G.S. 88B-21 by requiring holders of cosmetologist's, esthetician's, or manicurist's licenses, prior to renewal of their licenses, to complete eight hours of continuing education for each year of the licensing cycle. This is an annual requirement. The continuing education program must be approved by the NC Board of Cosmetic Art Examiners (the Board). A cosmetologist may complete up to 24 hours of required continuing education at anytime within the cosmetologist's three-year licensing cycle. Licensees shall submit written documentation to the Board showing that they have satisfied the requirements of this subsection. However, licensees who are 62 years of age or cosmetic art teachers do not have to meet the continuing education requirement, unless the licensee is a cosmetic art teacher in active practice as a cosmetologist, esthetician, or manicurist. Upon request by a licensee for inactive status, the Board may place the licensee's name on the inactive list so long as the licensee is in good standing with the Board. An inactive licensee is not required to complete continuing education requirements. An inactive licensee shall not practice cosmetic art for consideration. However, the inactive licensee may continue to purchase supplies as accorded an active licensee. When the inactive licensee desires to be removed from the inactive list and return to active practice, the inactive licensee shall notify the Board of his or her desire to return to active status and pay the required fee as determined by the Board. As a condition of returning to active status, the Board may require the licensee to complete eight to 24 hours of continuing education pursuant to subsection (e) of G.S. 88B-21.

ASSUMPTIONS AND METHODOLOGY:

There are no accurate estimates available to evaluate fiscal impact of the proposed bill. Training and education for cosmetic art licensees is provided by different agencies and its costs vary broadly (generally between $50 and $180), based on the cosmetic specialty, length of training, and use of equipment. Table 1 presents summary of the data provided by the Board on the number of licenses of various cosmetic art specialists.

Table 1. Cosmetic Art Licenses

Specialty	Number of Licenses	Training Quantity and Frequency
Cosmetologist	45,679	24 hours within three years
Manicurist	8,149	8 hours annually
Esthetician	1,084	8 hours annually

It was impossible to determine the exact number of inactive licenses for each specialty. It was also impossible to determine the number of licenses that become inactive or return to active status on the annual basis. The number of licensees above 62 years of age is not monitored by the Board.

The proposed legislation does not affect any of the programs or departments and does not produce fiscal impact on the State.

House Committee on Finance

Minutes

~

June 10, 2003

The House Committee on Finance met on Tuesday, June 10, 2003 at 8:30 am in Room 544 of the Legislative Office Building. A majority of the members were present for the official conduct of business. Also present were members of Staff as well as Sergeant-at-Arms: Bob Fowler, Bill Freeman, Dusty Rhodes, and Walter Spell. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman McComas called the meeting to order at 8:35 am and immediately recognized the six (6) pages present: (1) Andrew Butchelor of Wake County, sponsored by Representative Church (2) Jacob Carr of Wake County, sponsored by Representative Capps; (3) Alicia Davis of Wake County, sponsored by Representative Ross; (4) Dan Mercer of Wake County, sponsored by Representative Young, (5) Clarke Munford of Wake County, sponsored by (and the son of) Representative Munford; and (6) Henry Neese of Wake County, sponsored by Representative Munford.

As the first matter of business before the Committee, Chairman McComas recognized Senator Weinstein to explain **SB 414 – ROBESON REAPPRAISAL TIMING** (see attachment 3). He explained that the bill acts to provide a one-year delay on the reappraisal of property in Robeson County. Suffering from a poor rate of tax collection in the past, the County has purchased new equipment and devoted more personnel to help with the situation. The Senator was requesting this one-year delay to allow the County to prepare for the use of these new collection measures. Seeing no questions from the Committee members, Chairman McComas recognized Representative G. Allen, who moved for a favorable report on the bill. The Chair called the vote and the motion carried.

The Chair next recognized Senator Queen to explain his bill, **SB 450 – PROPERTY TAX CORRECTION** (see attachment 4). Senator Queen stated that the County Commissioners of Haywood County requested this bill. He explained that the bill corrects a problem that the County created when the residents of the County were all taxed assuming the presence of a well or septic system on their property. Overall, SB 450 sets a new precedent by allowing a governing body of a taxing unit to release or refund a portion of taxes on property for only the prior fiscal year (2002-2003) outside of the normal appeals process. The Chair recognized Representative Carney. She moved for a favorable report on the bill. Seeing no other questions and being assured there was no opposition to the bill, Chairman McComas then called the vote and the motion carried by consent.

HB 673 – AVERY FIRE PROTECTION (see attachment 5) was the next bill before the Committee. Chairman McComas then recognized the bill sponsor, Representative Frye, to explain the bill. He explained simply that the bill acts to allow Avery County to establish an Avery County Fire Commission. He also noted the creation of this commission was favored unanimously by the County Commissioners and that he was aware of no opposition to the bill. Representative Setzer

was then recognized by the Chair and moved for a favorable report on HB 673. There being no further questions from the Committee, the Chair called the vote and the motion carried by consent.

Chairman McComas next recognized Representative Sexton to explain **HB 1026 – WORTHLESS CHECK PROGRAM/EXTEND STATEWIDE** (see attachment 6). He explained that a model from Alabama was used to pattern the system for North Carolina and that since the program's inception in "pilot" districts, there were numerous requests every legislative session to extend the program to additional areas throughout the State. As a result, he explained that this bill, as the short title suggests, extends the program statewide. Representative Hill, after being recognized, then moved for a favorable report. The motion carried by consent.

HB 1257 – AMEND RESPIRATORY CARE PRACTICES ACT/FEES (see attachment 7) was the next bill considered by the Committee. Representative Jones, upon recognition from the Chair, moved that the Committee adopt the Proposed Committee Substitute (PCS) to the bill for discussion purposes. His motion carried without objection. The Chairman then recognized the bill sponsor, Representative Tolson, to offer an explanation on the PCS of HB 1257. He explained that the bill amends the Respiratory Care Practice Act in a number of ways (refer to the Bill Analysis for further detail). Following this explanation, Representative Hill moved for a favorable report to the PCS for HB 1257, and unfavorable report to the original bill. Representative Ellis voiced his concern that these fee increases appear extremely high. He also noted that while he understands that the Board is requesting a cap on the fees that it can charge rather than what it plans to charge at the present as a way to avoid coming to the legislature each year for additional increases, he explained that the effect of this on legislators could appear very negative. Having stated this, Representative Ellis then inquired if Representative Tolson would agree to an amendment to the bill when it reached the House floor. He explained that the amendment places the fee rates on a scheduled index that allows for increases over time. Representative Tolson agreed to this request. Representative Womble was then recognized and asked if there was any concern about these increases from the public. Floyd Bohyer, Executive Director of the North Carolina Respiratory Care Board, was present and addressed Representative Womble's inquiry by stating that there was no known opposition from anyone on the proposed fee increases. Representative Ellis was again recognized and sent forth an amendment to change only the title of the bill in preparation of his aforementioned substantive Floor amendment to the bill. (Note: the Rules of the House do not provide that an amendment can be offered on the floor that changes the title of the bill.) Representative Ellis explained that the amendment made no change to the language of the bill at the time and moved its' adoption. The Chair called the proposed amendment to a vote and the amendment was adopted by consent.

Representative Hill then reasserted his motion for a favorable report to the PCS on HB 1257. However, prior to the vote, the Chair recognized Representative Decker for a parliamentary inquiry concerning the Ellis amendment that was just adopted. He stated that the Rules of the House require that the substance of the bill be provided in its' title. He then inquired how Representative Ellis' amendment was permissible. Gerry Cohen, Director of Bill Drafting, was then recognized to provide his expert opinion on the matter. Mr. Cohen stated that only the title of the bill had changed and the additions to the title made by Representative Ellis' amendment were not substantive; however, he still concurred with Representative Decker's point. Representative Decker then moved that the Committee reconsider the vote taken on the Ellis amendment. Representative Ellis then asked Representative Decker if he had voted against the amendment on the initial vote. (As noted above, the amendment was adopted by consent.) Representative Decker then stated that

the amendment was called by a voice vote and, therefore, his vote could not be verified. He further stated that, in Committee, members were to be afforded the largest leeway when considering parliamentary issues. Chairman McComas then informed the members of his intent to displace the bill from the Committee calendar, as there were a number of other bills requiring attention. He further encouraged Representatives Decker and Ellis as well as Mr. Cohen to confer on the matter.

Representative K. Williams was then recognized by the Chair to explain **HB 1028 – NEW BULKHEAD PERMIT** (see attachment 8). He explained that the bill was non-controversial. He also stated that the Coastal Resources Commission had approved the bill. Specifically, the bill acts to direct the Commission to adopt temporary and permanent rules to establish a general permit for the construction of offshore sills for shoreline and wetland protection (i.e. the prevention of erosion). The Chair then recognized Representative Blackwood who moved for a favorable report on the bill. Following a technical question from Representative Wilson, the Chair called the vote and the motion for favorable report carried.

SB 76 – INCORPORATE MISENHEIMER (see attachment 9), sponsored by Senator Purcell, was considered next. Representative Howard moved that the PCS for SB 76 be adopted for consideration and the motion carried without objection. Representative Goodwin, on behalf of the Senator, was recognized to briefly explain the bill. He stated that the citizens and residents of the Village of Misenheimer, including the administration of Pfeiffer University, requested this bill. The Chair then recognized Mr. Peter Edquest, a member of the Village's Board and Committee on Incorporation. He gave his strong support of the bill noting research stating that at least 84 percent of the population of Misenheimer favors its' incorporation. However, Mr. Joe Carter, a resident of Misenheimer, was present and recognized to speak in opposition to the bill. He stated that there was a rapidly growing list of those who oppose Misenheimer's incorporation. He also spoke of failed efforts in the past to further discuss the matter with Mr. Edquest. Chairman McComas then recognized Representative Goodwin who stated that this was the first time that he had even met Mr. Carter. In the interest of time, the Chair acted to displace the bill, suggesting that Representative Goodwin, along with Senator Purcell, work with Mr. Carter on his concerns with the bill.

Representative Howard was then called upon by the Chair to explain **HB 971 – COSMETIC ART/CONTINUING ED/PENALTY CHANGE** (see attachment 10). Representative Capps moved the adoption of the PCS for HB 971 for discussion purposes. His motion carried without objection. Representative Howard then stated that, overall, the bill makes the following changes to the Cosmetic Art Act:

- Requires cosmetologists, estheticians, and manicurists to annually complete 8 hours of Board-approved continuing education for each year of the 3-year licensing cycle;
- Exempts a licensee who is at least 62 years old or is a non-practicing cosmetic art teacher;
- Authorizes the Cosmetic Art Board to establish an inactive list of licensees and exempts inactive persons from the continuing education requirements.

Following this explanation, the Chair recognized Representative Decker. He then alleged that Representative Howard had purposely taken action to remove this bill from the Committee on Ways and Means, which he co-chairs with Representative Pate, without his knowledge or approval. He further stated that Representative Howard's action broke House Rule 39.2, which requires that the

Chairman of a Committee in which a bill is requested to be withdrawn, must give consent for the action to occur. Representative Howard then informed Representative Decker that she had received consent from his co-Chair, Representative Pate, to withdraw the bill from the Committee on Ways and Means. Despite this, Representative Decker then made the motion that the bill be removed from the Finance Committee calendar and be re-referred back to the Ways and Means Committee. He further made the "serious allegation" that Representative Howard's actions were "highly unethical". Representative Howard states that the bill should be based upon its own merits and not on political disagreements. Representative Decker then stated that "the spirit of the House" with its' Co-Speakers was supposed to be one of cooperation. He suggested that the bill be removed from the day's agenda and that he and Representative Howard seek out a meeting with the Speakers and the Rules Chairman, Representative Culpepper, to further discuss the matter.

Chairman McComas then stated the fact that HB 971 had been re-referred from the Ways and Means Committee on June 8, 2003, over thirty days ago. He also spoke about the strong trust shared for one another among the Finance Chairs, noting that such trust and open discussion/communication is apparently not present among the co-Chairs of the Ways and Means Committee. Following these statements, the Chair informed Representative Decker that he was unaware of the specifics of the situation being described and ruled that consideration of HB 971 would continue. He, however, inform Representative Decker that following the debate of the bill, he would entertain a motion to have the bill reported without prejudice from the Finance Committee with a recommendation that the bill be re-referred to the Committee on Ways and Means, if Representative Decker still desired to make such a motion at that time.

Representative Howard was then recognized to further explain the bill and address questions from the members. She stated that the bill simply seeks to "raise the bar" in the various professions of Cosmetic Art and requested that the members move the bill forward out of the Committee with a favorable report. Helen Pollard Frazier, with the North Carolina Cosmetology Liaison Committee, was recognized and spoke in high support of the bill as well as answered several questions from the members. Ms. Virginia Saunders, a cosmetology teacher from Moore County, was also present and spoke in opposition of the bill. With completion of the debate on the bill, Representative Decker was again recognized and moved that HB 971 be reported from the Committee without prejudice and be re-referred to the Committee on Ways and Means. The Chairman then recognized Representative Ellis who offered a substitute motion that the PCS for HB 971 receive a favorable report, with an unfavorable report as to the original bill. Chairman McComas, however, upon conferring with Mr. Cohen, stated that Representative Ellis' motion was out of order, as the House Rules do not provide for substitute motions. The Chair decided to hear the Decker motion first and, if it failed, he would entertain a new motion from Representative Ellis for a favorable report. At that time, the Chair called the vote on the Decker motion (as above) and the motion failed. Chairman McComas then recognized Representative Ellis who then made a new motion that the PCS for HB 971 receive a favorable report (as above). The Chair called the vote and with 13 ayes and 12 nays, the motion carried. Representative Howard then thanked the Committee members for their consideration

Having no further business before the Committee, Chairman McComas then immediately adjourned the meeting at 9:51 am.

Respectfully submitted,

Representative Danny McComas
Presiding Chair

Jason A. Cannon
Clerk, House Committee on Finance

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

S 1

SENATE BILL 414

Short Title:	Robeson Reappraisal Timing.	(Local)
Sponsors:	Senator Weinstein.	
Referred to:	Finance.	

March 17, 2003

A BILL TO BE ENTITLED

AN ACT TO ALLOW ROBESON COUNTY TO DELAY THE REAPPRAISAL OF PROPERTY FOR PROPERTY TAX PURPOSES BY ONE YEAR.

The General Assembly of North Carolina enacts:

SECTION 1. Notwithstanding the provisions of G.S. 105-286, Robeson County may delay the reappraisal of real property required to be completed by 2004 under that section until 2005. This delay does not delay the schedule of reappraisals established in G.S 105-286, and Robeson County must then complete its next reappraisal by 2012.

SECTION 2. This act is effective when it becomes law.

SENATE BILL 414:
Robeson Reappraisal Timing

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Weinstein
Date:	June 10, 2003	**Summary by:**	Cindy Avrette
Version:	1st Edition		Committee Counsel

SUMMARY: ***Senate Bill 414 would allow Robeson County to delay its scheduled reappraisal of property by one year. The bill becomes effective when it becomes law.***

BILL ANALYSIS: G.S. 105-286 requires counties to reappraise all real property at least once every eight years. The statute sets up a schedule of reappraisals by county. Robeson County conducted its last reappraisal in 1996. It is scheduled to hold its next reappraisal in 2004. Because of a variety of factors, an accurate reappraisal cannot be conducted next year. Rather than conduct an inaccurate reappraisal, Senate Bill 414 would allow the county an additional year to correct its records and prepare for an effective reappraisal in 2005. The bill requires the County to conduct its next reappraisal by 2012, thereby keeping it in its current statutory reappraisal schedule.

BACKGROUND: In 2001, a task Force Committee comprised of academic and expert practitioners in the field of property taxation met in Robeson County to assess the status of the County's tax administration. The Committee found that the County had the lowest collection percentage at 86% that the Committee had seen in a task force consultation project. The statewide average collection percentage is 95%. A closer examination of the tax records has revealed the following:

- A significant number of properties receiving exemptions or exclusions that may not be deserved.
- In 2000, "unknown owner" properties were deleted from the taxable database.
- 5500+ records with discrepancies in the deeded and calculated acreage.
- Rules established in the database conversion to create account numbers were not sustained requiring the maintenance of 50,000+ records.
- Historically new construction has lagged from 1 to 1 ½ years behind. Years 2001 and 2002 are still being completed.
- The 1996 schedule of values was not converted to the new CAMA system requiring duplicative work in the old and new CAMA systems to complete both appraisal and real estate data entry.
- The GIS will not be completed until late 2003 preventing analysis of the revaluation efforts prior to 2004.

To proceed with the reappraisal as scheduled would result in incorrect property records and erroneous values. The County did not experience a good reappraisal in 1996 and taxpayer confidence in the county tax system is low. By delaying the reappraisal by one year, the County will have time to contract with an appraisal company to correct the current tax records and make the corresponding data entries. It will also allow the GIS to be completed and the quality of the reappraisal efforts to be examined thoroughly.

2003 COMMITTEE REPORT
HOUSE OF REPRESENTATIVES

The following report(s) from standing committee(s) is/are presented:
By Representatives **G. Allen, Howard, Luebke, McComas, Miner, and Wainwright** (Chairs) for the Committee on **FINANCE**.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2003

S 1

SENATE BILL 450*

Short Title:	Property Tax Correction.	(Public)
Sponsors:	Senator Queen.	
Referred to:	Finance.	

March 18, 2003

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR THE RELEASE OR REFUND OF CERTAIN PROPERTY TAXES.

The General Assembly of North Carolina enacts:

SECTION 1. Notwithstanding the provisions of G.S. 105-380 and G.S. 105-381, for the 2002-2003 tax year a taxing unit shall release or refund the portion of property taxes paid on real property that is attributable to the erroneous inclusion of a septic or well system in the valuation of the property. For the purposes of this act, "erroneous inclusion of a septic or well system" means the inclusion in the valuation of real property of the value of a septic or well system that is not in fact a component part of the real property. The term does not include any other errors related to septic or well systems in the valuation of real property.

SECTION 2. This act is effective when it becomes law.

SENATE BILL 450:
Property Tax Correction

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Queen
Date:	June 10, 2003	**Summary by:**	Cindy Avrette
Version:	1st Edition		Committee Counsel

SUMMARY: Senate Bill 450 sets a new precedent by allowing a governing body of a taxing unit to release or refund a portion of taxes on property for the prior fiscal year outside of the appeals process. The bill is restricted to a release or refund of the portion of taxes attributable to the inclusion of a well or septic system in valuing property when there was no well or septic system on the property. Many of the properties affected are served by public water and sewer, but the schedule of values did not specifically include a value to be assigned to public water and sewer as it did for wells and septic systems. The authority covers tax year 2002-03.

BILL ANALYSIS AND BACKGROUND: Senate Bill 450 seeks to address a situation that has arisen in Haywood County. The issue appears to place two rules of property taxation at odds: the valuation of property at its fair market value and the strict adherence to a county's schedule of values.

G.S. 105-283 and 105-284 require property to be appraised and assessed uniformly at its fair market value. G.S. 105-317 requires the assessor to prepare and the board of county commissioners to adopt a uniform schedule of values, standards, and rules to be used in appraising real property at its true value.

In the schedule of values adopted by the County for its most recent reappraisal, one of the factors used to appraise real property is the property's access to water and sewer. There was to be added to a property's value $1,500 for sewer (denoted as a "S" in the schedule) and $2,000 for water (denoted as a "W" in the schedule of values). There was a 0 value denoted for PW (public water) and for PS (public sewer). Typically properties within a municipality have public water and sewer and properties located in the more rural parts of the county have well and septic systems. To ensure that urban and rural properties were treated similarly, the assessor added $3,500 to properties that had either public water and sewer or well and septic systems. The rationale is that the preparer of the schedule of values used S and W to denote all methods of sewer and water access rather than differentiating between public systems and wells and septic systems.

The statutes allow for the board of equalization and review to implement changes that are necessary to insure that an individual's property is appraised at fair market value through the appeals process. The Board of Equalization and Review in Haywood County heard all appeals filed with it before the published July 31 adjournment date. In some instances, the board reduced the property value of some taxpayers with public water and sewer by $3,500 because the addition of that amount conflicted with the schedule of values. The Board of County Commissioners

wants to unilaterally reduce by $3,500 all the property served by public water and sewer on the premise that to do otherwise conflicts with its schedule of values.

G.S. 105-287(a)(2) and G.S. 105-325(a)(4) allows an assessor and the board of equalization and review to change values that resulted from a clerical error. Haywood County asserts that the misapplication of the county's schedule of values is a clerical error. The County asked the Attorney General if it could make such an adjustment based on these statutes. George Boylan, Special Deputy Attorney General in the Revenue Section, responded that the County could make future adjustments to achieve fair market value upon the petition of a taxpayer, but it could not do so for the prior 2002-tax year. The letter suggested seeking local legislation that would confer additional taxpayer rights for the prior tax year. Senate Bill 450 appears to go beyond conferring additional taxpayer rights by allowing the county to reduce urban property values by $3,500 regardless of whether or not a taxpayer petitions the county for such an adjustment.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: SB 450 (1st Edition)

SHORT TITLE: Property Tax Correction

SPONSOR(S): Sen. Queen

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES					
General Fund	* No General Fund Impact *				
Haywood County	(174,552)				
Haywood municipalities & fire districts	* See Assumptions and Methodology *				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Department of Revenue, NC local governments.

EFFECTIVE DATE: When it becomes law.

BILL SUMMARY: The bill requires that a local unit of government release or refund certain taxes associated with the inclusion of a septic or well system in the valuation of real property. In particular, the bill defines the "erroneous inclusion of a septic or well system" as the inclusion in the valuation of real property a septic or well system that is not a component part of the real property, and requires that taxes on that amount be refunded. The act applies only to taxes paid for the 2002-03 fiscal year.

ASSUMPTIONS AND METHODOLOGY: According to the Department of Revenue, the controversy centers in Haywood County. The Haywood County attorney indicates that the assessor's office added a total of $3,500 in value to each property that had water and sewer or septic as an attempt to reflect the increased value associated with those improvements. However, the schedule of values adopted by the commission suggested that no such adjustment is required. The bill requires the local taxing unit to refund or release all taxes paid on the adjustments. Calculations provided by the county assessor suggest that the bill affects approximately $28.6 million in value and will result in a county revenue loss of approximately $174,552. The bill will also negatively affect revenues in the associated municipalities and fire districts, although no specific revenue information is available for those taxing units. Because the bill limits the requirement to the 2002-03 tax year, the impact is for one year only.

Both the Department of Revenue and the Attorney General have advised Haywood County that this situation cannot be corrected under the "clerical error" portion of the Machinery Act.

Referred to:

March 26, 2003

A BILL TO BE ENTITLED

AN ACT TO ENABLE THE COUNTY OF AVERY TO ESTABLISH AN AVERY COUNTY FIRE COMMISSION.

The General Assembly of North Carolina enacts:

SECTION 1. There is hereby created the "Avery County Fire Commission" (hereinafter referred to as the "Commission"), which shall be a body corporate and politic, having the powers and jurisdiction hereinafter enumerated and such other and additional powers as shall be conferred upon it by general law and future acts of the General Assembly.

SECTION 2. The Avery County Board of Commissioners and the Commission shall jointly adopt a mission statement as well as a memorandum of understanding jointly agreed upon and clearly stating the expectations and obligations of each under this act.

SECTION 3.(a) The Commission shall consist of five persons who are residents of Avery County, two of whom shall be consumers appointed by the Board of Commissioners and two of whom shall be firemen approved by the Avery County Fire Association and appointed by the Board of Commissioners. The other four sitting members of the Commission shall choose the remaining member. In case of a deadlock or failure of the seated members to act within 60 days to fill the fifth seat, a five-member committee composed of the Chairman of the Board of Commissioners and another commissioner appointed by the Chairman, the President of the Fire Association and another member of the Fire Association, and a fifth person chosen jointly by the other four members of the committee will make the appointment. The County Manager shall serve as a nonvoting ex officio member of the Commission and shall be the liaison from the Commission to the Board of Commissioners. No elected official may serve on the Commission. Any member of the Commission can be a member of a rescue unit, but membership in a rescue unit is not a prerequisite for any appointment.

SECTION 3.(b) One of the initial Fire Association appointees shall be appointed for a two-year term; the other shall be appointed for a one-year term. One of

the initial appointees by the Board of Commissioners shall be appointed for a two-year term; the other shall be appointed for a one-year term. The at-large member appointed by the four seated members shall serve a two-year term. All successors shall serve two-year terms. Unexcused absence from two out of three consecutive, regularly scheduled meetings, or absence from one-third of the meetings per year, shall be grounds for removal from the Commission. Recurring noncompliance with Commission decisions or duly adopted policy enacted by a majority vote of the Commission shall be grounds for removal from the Commission by the Board of Commissioners.

SECTION 3.(c) The officers of the Commission shall consist of a chairman, a vice-chairman, and a secretary/clerk. At the first meeting of each calendar year, the Commission shall elect from its own membership, by majority vote, a chairman, a vice-chairman, and a secretary/clerk, each of whom shall serve for one year or until the officer's death, resignation, retirement, or removal. The chairman, vice-chairman, or secretary/clerk may be removed from office by a simple majority vote of the Commission whenever, in its judgment, the best interests of the Commission will be served thereby. The Commission shall fill any vacant officer's position within 30 days of the vacancy.

SECTION 3.(d) The chairman shall preside at all meetings of the Commission, appoint all subcommittees, serve as an ex officio member of such subcommittees, delegate responsibilities to members, notify members and the media of meeting times and dates, and, upon approval of the Commission member, sign all minutes and any such records, vouchers, or other documents connected with the work of the Commission requiring such signature. The chairman is responsible for the decorum of the meeting and may remove from the meeting, by simple majority, any member who is deemed to be disruptive.

In the absence of the chairman, the vice-chairman shall perform the duties of the chairman. The vice-chairman shall also exercise such duties as from time to time may be assigned to him by the chairman of the Commission.

The secretary/clerk shall record the actions of the Commission, maintain and secure all pertinent Commission material, and ensure adequate correspondence with Commission members. All approved minutes of Commission meetings will be made available for public review upon request.

SECTION 3.(e) The Commission shall meet at least monthly for regular meetings. The regular meetings shall be held in a public facility convenient to the public, preferably at the County Office Building.

The chairman may call such special meetings as may be deemed necessary to carry out the duties of the Commission, or, upon the written request of at least three members, the chairman shall call a meeting within 10 days. Notice of special meetings shall be given to all Commission members at least 48 hours in advance of any such meetings.

Three or more members shall constitute minimum attendance to conduct business.

Notice of the agenda items to be considered at each regular meeting shall be communicated to all members at least three days prior to each meeting. All meetings

shall be conducted with strict compliance to the duly adopted Commission policy and procedures manual.

SECTION 3.(f) Each Commission member shall be entitled to one vote. Members must register their request to abstention from voting on matters that would pose for them a conflict of interest. Abstention may be allowed only by approval of a majority of the remaining members.

SECTION 3.(g) The Commission policy and procedures manual and changes thereto shall be approved by the Avery County Board of Commissioners.

SECTION 3.(h) The Commission shall adopt suitable bylaws policy and procedures, contracts, rules, and regulations for its management subject to approval by the Avery County Board of Commissioners. The bylaws may be amended by a vote of the Commission subject to the approval of the Avery County Board of Commissioners. The members of the Commission may receive compensation or per diem and shall be allowed their actual traveling expenses incurred in transacting the business and at the insistence of the Commission.

SECTION 4.(a) The Commission may:

(1) Purchase, acquire, establish, construct, own, control, lease, improve, maintain, or operate real or personal property.

(2) Sue and be sued in the name of the Commission.

(3) Make contracts and hold any personal property necessary for the exercise of the powers of the Commission.

(4) Make all reasonable rules and regulations it deems necessary for the proper maintenance, use, operation, and control of Commission property and provide penalties for the violations of these rules and regulations; provided, the rules and regulations are not in conflict with the laws of North Carolina or local ordinance.

(5) Sell, lease, or otherwise dispose of any property, real or personal, belonging to the Commission according to general law applicable to counties. Sale of real property shall be made in accordance with general law applicable to counties.

(6) Be responsible for any and all insurance claims or liabilities. Avery County does not incur any personal or property liability.

(7) Deposit or invest and reinvest any of its funds as provided by the Local Government Finance Act, as it may be amended from time to time.

(8) Have a corporate seal, which may be altered at will.

(9) Contract with and accept grants from other agencies or representatives of said governmental bodies.

(10) Acquire from the county, either by gift or for such consideration as the county may deem wise, any real or personal property that it now owns or may hereafter acquire.

SECTION 4.(b) The Commission shall be liable for its acts or omissions and shall purchase liability insurance in such amounts as the Avery County Board of Commissioners shall require. Avery County shall not be liable for the acts or omissions of the Commission.

SECTION 5. The Commission has the same exemptions in respect to payment of taxes and license fees and eligibility for sales and use tax refunds to the same extent as provided for municipal corporations by the laws of the State of North Carolina.

SECTION 6. The Commission shall make an annual report to the Avery County Board of Commissioners setting forth in detail the operations and transactions conducted by it pursuant to this act. The Commission shall not have the power to pledge the credit of Avery County, or any subdivision thereof, or to impose any obligation on Avery County, or any of its subdivisions, except when that power is expressly granted by statute.

SECTION 7. The Avery County Board of Commissioners shall appropriate funds derived from the Avery County Fire Tax to carry out the provisions of this act in any proportion or upon any basis as may be determined by the Avery County Board of Commissioners. The Commission may make recommendations to the Avery County Board of Commissioners with respect to such appropriations.

SECTION 8. The powers granted to the Commission shall not be effective until the Avery County Board of Commissioners has appointed the members of the Commission, and nothing in this act shall require the Board of Commissioners to make the initial appointments. It is the intent of this act to enable but not to require the formation of the Commission.

SECTION 9. If any one or more sections, clauses, sentences, or parts of this act shall be adjudged invalid, such judgment shall not affect, impair, or invalidate the remaining provisions thereof but shall be confined in its operation to the specific provisions held to be invalid, and the inapplicability or invalidity of any section, clause, sentence, or part of this act in one or more instances or circumstances shall not be taken to affect or prejudice in any way its applicability or validity in any other instance.

SECTION 10. This act is effective when it becomes law.

HOUSE BILL 673:
Avery Fire Protection.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Frye
Date:	June 10, 2003	**Summary by:**	Trina Griffin
Version:	2nd Edition		Committee Counsel

SUMMARY: ***HB 673 authorizes the creation of an Avery County Fire Commission to administer funds appropriated by the Board of County Commissioners from the Avery County fire district tax.***

The bill was given a favorable report by the House Ways and Means Committee, and was referred to House Finance because Section 5 of the bill exempts the Commission from the payment of taxes and fees to the same extent provided to other municipal corporations.

CURRENT LAW: The voters of Avery County have previously authorized a fire protection tax under the provisions of GS 69-25.4. The county is a single fire district.

There is a provision for the appointment of a fire commission under GS 69-25.7. It is a three-person commission and operates under the supervision of the board of county commissioners.

BILL ANALYSIS: This bill authorizes the County Commissioners to create a fire commission to administer fire protection funds from the fire protection tax as determined by the county commission.

Section 1 creates the Avery County Fire Commission.

Section 2 provides for a mission statement and a memorandum of understanding to be adopted jointly by the county commissioners and the fire commission.

Sections 3.(a) through (h) set out the composition of the fire commission, who may serve, and the officers. There are five members. Terms are staggered and are ultimately for two years. Those sections also specify the regularity of meetings and how notice is provided, and that the fire commission's policy and procedures manual and its bylaws are adopted subject to approval by the county commissioners.

Section 4.(a) sets out the powers of the fire commission.

Section 4.(b) exempts Avery County for liability resulting from acts or omissions of the commission. The fire commission is required to purchase liability insurance as specified by the county commissioners.

Section 5 grants tax exemptions and eligibility for sales and use tax refunds to the same extent as a municipality.

Section 6 requires the fire commission to make an annual report to the county commission. It further provides that the fire commission shall not have the power to pledge the credit of the county.

Section 7 provides that the county commission shall, in its discretion, appropriate funds from the fire tax to carry out the provisions of this act. It also provides that the fire commission may make recommendations regarding the appropriations.

Section 8 provides that no powers of the fire commission are effective until the county commission makes its fire commission appointments under section 3.(a) and that the county commission is not obligated to do so.

Section 9 is a severability clause.

The act is effective when it becomes law.

Steve Rose, counsel for House Ways and Means, substantially contributed to this summary.

HOUSE BILL 1026
Committee Substitute Favorable 5/21/03

Short Title: Worthless Check Program/Extend Statewide. (Public)

Sponsors:

Referred to:

April 10, 2003

A BILL TO BE ENTITLED

AN ACT TO MAKE THE PROGRAM FOR THE COLLECTION OF WORTHLESS CHECKS AVAILABLE STATEWIDE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 14-107.2 is amended by adding a new subsection to read:

"(a1) The Administrative Office of the Courts may authorize the establishment of a program for the collection of worthless checks in any prosecutorial district where economically feasible. The Administrative Office of the Courts may consider the following factors when making a feasibility determination:

(1) The population of the district.

(2) The number of worthless check prosecutions in the district.

(3) The availability of personnel and equipment in the district."

SECTION 2. G.S. 14-107.2(b) reads as rewritten:

"(b) Upon authorization by the Administrative Office of the Courts, a~~A~~ district attorney may establish a program for the collection of worthless checks in cases that may be prosecuted under G.S. 14-107. The district attorney may establish a program for the collection of worthless checks in cases that would be punishable as misdemeanors, in cases that would be punishable as felonies, or both. The district attorney shall establish criteria for the types of worthless check cases that will be eligible under the program."

SECTION 3. G.S. 14-107.2(e) is repealed.

SECTION 4. G.S. 7A-346.2(b) reads as rewritten:

"(b) The Administrative Office of the Courts shall report by April 1 of each odd-numbered year to the Chairs of the Senate and House Appropriations Committees and the Chairs of the Senate and House Appropriations Subcommittees on Justice and Public Safety on the ~~implementation~~economic viability of the worthless check collection programs established by district attorneys pursuant to ~~G.S. 14-107.2, including their effectiveness in assisting the recipients of worthless checks in obtaining restitution and the amount of time saved from not prosecuting worthless check~~

~~cases.~~G.S. 14-107.2, including an assessment of whether any adjustments need to be made to ensure that the programs, on a statewide basis, are self-supporting."

SECTION 4. As soon as practicable, the Administrative Office of the Courts shall determine the economic feasibility of establishing a worthless check collection program in Prosecutorial Districts 1, 3A, 18, 25, 28, and 29. The Administrative Office of the Courts shall authorize the establishment of a worthless check collection program in any or all of the prosecutorial districts identified in this section that are determined to be economically feasible before it authorizes a worthless check collection program in any other prosecutorial district.

SECTION 5. This act is effective when it becomes law.

HOUSE BILL 1026:
Worthless Check Program/Extend Statewide.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Sexton
Date:	June 10, 2003	**Summary by:**	Trina Griffin
Version:	2nd Edition		Committee Counsel

SUMMARY: ***House Bill 1026 would authorize the Administrative Office of the Courts to authorize the establishment of a program for the collection of worthless checks in any prosecutorial district where economically feasible. The act would become effective when it becomes law.***

BILL ANALYSIS: House Bill 1026 does three things:

- It authorizes the Administrative Office of the Courts to authorize the establishment of a program for the collection of worthless checks in any prosecutorial district where economically feasible. The AOC may consider the following factors when making a feasibility determination:
  - The population of the district.
  - The number of worthless check prosecutions in the district.
  - The availability of personnel and equipment in the district.

- It modifies the reporting requirement for the AOC by requiring that it report every other year on the economic viability of the worthless check collection programs, including an assessment of whether any adjustments need to be made to ensure that the programs, on a statewide basis, are self-supporting.

- It requires the AOC to determine the economic feasibility of establishing a worthless check collection program in the following prosecutorial districts and then to authorize programs in those districts where economically feasible before it authorizes a program in any other district:
  - 1 Camden, Chowan, Currituck, Dare, Gates, Pasquotank, Perquimans (HB 602 – Reps. Owens /Culpepper)
  - 3A Pitt County (HB 18 – Rep. McLawhorn)
  - 18 Guilford County (HB 380 – Rep. Jeffus)
  - 25 Burke, Caldwell, Catawba (HB 25 – Rep. Gillespie)
  - 28 Buncombe (HB 83 – Rep. Goforth)
  - 29 McDowell, Rutherford, Polk, Henderson, Transylvania (HB 25 – Rep. Gillespie)

CURRENT LAW:

I. <u>Worthless Check Offense</u>

A person is guilty of making or uttering a worthless check if he or she (1) makes and delivers (2) a check or draft (3) without having sufficient funds or credit with the bank for the check or draft to be paid, and (4) knows that there are insufficient funds or credit available for the payment. There are three possible sentencing classifications for this offense:

- The violation is punishable as a **<u>Class I felony</u>** if the amount of the worthless check is more than $2,000. The range of punishment for a Class I felony is a minimum of community punishment with a

3-month suspended sentence to 15 months active, depending on various mitigating and aggravating factors.

- The violation is punishable as a **Class 1 misdemeanor** if the amount of the worthless check is $2,000 or less and any of the following apply:
  - The check is drawn upon a nonexistent account.
  - The check is drawn upon an account the drawer knows to be closed.
  - The conviction is the person's fourth or subsequent conviction for this offense. Additionally, the sentencing judge must order, as a part of probation for the repeat offender on his fourth offense, that the offender refrain from maintaining a checking account or making or uttering a check for three years.

  The range of punishment for a Class 1 misdemeanor is from 1-120 days, with the possibility of an active sentence depending on the number of prior convictions.
- In other cases where the amount of the worthless check is $2,000 or less, the violation is punishable as a **Class 2 misdemeanor**. The range of punishment for a Class 2 misdemeanor is 1-60 days.

II. Worthless Check Collection Program

G.S. 14-107.2 authorizes district attorneys in certain counties to establish a program for the collection of worthless checks in cases that would be otherwise punishable as misdemeanors, felonies, or both. Under the program, a district attorney may not prosecute a worthless check case if the check passer pays a $60 fee to the Collection of Worthless Checks Fund and provides restitution to the check taker for: (1) the amount of the worthless check, (2) any service charge imposed on the check taker by a bank for processing the dishonored check, and (3) a processing fee imposed by the check taker of up to $25.

While the district attorney has some discretion to establish the criteria for the operation of the program in his or her district, the program typically follows this basic procedure:

1) The check taker first attempts to collect on his own.
2) If unsuccessful, the check taker refers the check and documentation of the collection effort to the Worthless Check office of the District Attorney.
3) The Worthless Check office sends the worthless check writer a letter informing the writer of his participation in the program. A payment form is included with the letter.
4) The worthless check writer who participates brings the full restitution amount and the program fee to the office of the Clerk of Superior Court within thirty days. The check writer must also bring the payment form sent by the Worthless Check office.
5) The clerk validates the form as paid and forwards the form to the Worthless Check office.
6) The Clerk's office forwards the restitution amount to the check taker and forwards the program fee to the Worthless Check fund.
7) If the worthless check writer does not comply with the requirements of the program, the Office of the District Attorney either requests the issuance of a warrant or criminal summons or authorizes the check taker to do so.

Currently, the district attorneys of Bladen, Brunswick, Columbus, Cumberland, Durham, Edgecombe, Nash, New Hanover, Onslow, Pender, Rockingham, Wake, and Wilson Counties have authority to establish a worthless check collection program.

III. The Collection of Worthless Checks Fund

The proceeds from the $60 fee are remitted to the State by the clerk of court in the county in which the program is established and are credited to the Collection of Worthless Checks Fund. The revenue in the Fund does not revert at the end of the fiscal year and may be used solely for the expenses of the programs established for the collection of worthless checks.

IV. Reporting Requirement

The Administrative Office of the Courts (AOC) is required to report annually to the Chairs of the House and Senate Appropriations Committees and the Chairs of the House and Senate Appropriations Subcommittees on Justice and Public Safety on the implementation of the worthless check collection programs, including their effectiveness in obtaining restitution and the amount of time saved from not prosecuting worthless check cases.

BACKGROUND: The worthless check collection program statute had its origin as an uncodified pilot program enacted in the 1997 Budget Bill. At that time, Columbus, Durham and Rockingham were the only counties authorized to establish a program. In 1998, Wake County was added to the list of authorized counties. In 1999, Brunswick, Bladen, New Hanover, and Pender counties were added. In 2000, Cumberland, Edgecombe, Nash, Onslow, and Wilson counties were added to the program.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: HB 1026 (2nd Edition)

SHORT TITLE: Worthless Check Program/Extend Statewide

SPONSOR(S): Rep. Sexton

FISCAL IMPACT

Yes (x) **No ( )** **No Estimate Available ( )**

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES	Unable to determine exact amount				
EXPENDITURES	Unable to determine exact amount				
POSITIONS: (cumulative)					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Administrative Office of the Courts

EFFECTIVE DATE: When the bill becomes law.

BILL SUMMARY: This bill would authorize the Administrative Office of the Courts (AOC) to establish worthless check programs in any prosecutorial district in which the program is requested by the District Attorney and where it would be cost effective. The factors AOC may consider when determining whether to establish a program in a given prosecutorial district include the population of the district, the number of worthless check prosecutions, and the availability of personnel and equipment. The bill also requires biennial reports to the General Assembly assessing the programs' progress in being totally receipt-supported. The bill also requires the AOC give priority to assessing the feasibility of establishing the program in the following districts: 1, 3A, 18, 25, 28, and 29.

ASSUMPTIONS AND METHODOLOGY: In the past, it has cost roughly $115,000 in the first year and around $90,000 in the second year to establish a worthless check program. This cost is based on a basic equipment package including copier, fax machine, and computers, as well as two positions. By the third year, programs typically generate enough revenue to offset their costs. Because receipts are collected into a reserve fund, AOC must pay out the salary money and, subsequently, transfer funds from the reserve to cover local program costs.

Over the past three years, the program has produced excess revenue, which the General Assembly has authorized AOC to expend on equipment needs in the District Attorneys' offices where worthless check programs operate. AOC would be able to purchase the standard

equipment packages for the districts prioritized in this bill with existing balance in the worthless check reserve account, but cannot pay for the personnel costs.

This bill authorizes the AOC to establish programs subject to funding availability and economic feasibility. Thus, any impact is in the AOC's discretion in any given year. The AOC has indicated that they will seek other funding sources, such as federal grants, to help get programs started with one-time money.

HOUSE BILL 1257
PROPOSED COMMITTEE SUBSTITUTE H1257-CSLAf-23 [v.1]

6/8/2003 9:54:34 PM

Short Title: Amend Respiratory Care Practice Act/Fees. (Public)

Sponsors:

Referred to:

April 24, 2003

A BILL TO BE ENTITLED

AN ACT AMENDING VARIOUS PROVISIONS UNDER THE RESPIRATORY CARE PRACTICE ACT, AUTHORIZING THE NORTH CAROLINA RESPIRATORY CARE BOARD TO ESTABLISH FEES FOR VERIFICATION OF LICENSURE STATUS AND APPROVAL OF CONTINUING EDUCATION PROGRAMS, AND AUTHORIZING THE BOARD TO ASSESS CIVIL PENALTIES FOR VIOLATIONS OF THE ACT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 90-652(1) reads as rewritten:

"The Board shall have the power and duty to:

(1) Determine the qualifications and fitness of applicants for licensure, renewal of licensure, and reciprocal licensure. The Board shall, in its discretion, investigate the background of an applicant to determine the applicant's qualifications with due regard given to the applicant's competency, honesty, truthfulness, and integrity."

SECTION 2. G.S. 90-653(a) reads as rewritten:

"(a) Each applicant for licensure under this Article shall meet the following requirements:

(1) Submit a completed application as required by the Board.

(2) Submit any fees required by the Board.

(3) Submit to the Board written evidence, verified by oath, that the applicant has successfully completed the minimal requirements of a respiratory care education program ~~as approved by the Commission for Accreditation of Allied Health Educational Programs.~~approved by the Board.

(4) Submit to the Board written evidence, verified by oath, that the applicant has successfully completed the minimal requirements for

Basic Cardiac Life Support as recognized by the ~~American Heart Association.~~Board.

(5) Pass the entry-level examination given by the National Board for Respiratory Care, Inc."

SECTION 3. G.S. 90-654 reads as rewritten:

"**§ 90-654. ~~Exemption from certain requirements.~~Temporary license.**

~~(a) The Board may issue a license to an applicant who, as of October 1, 2000, has passed the entry-level examination given by the National Board for Respiratory Care, Inc. An applicant applying for licensure under this subsection shall submit his or her application to the Board before October 1, 2002.~~

~~(b) The Board may grant a temporary license to an applicant who, as of October 1, 2000, does not meet the qualifications of G.S. 90-653 but, through written evidence verified by oath, demonstrates that he or she is performing the duties of a respiratory care practitioner within the State. The temporary license is valid until October 1, 2002, within which time the applicant shall be required to complete the requirements of G.S. 90-653(a)(5). A license granted under this subsection shall contain an endorsement indicating that the license is temporary and shall state the date the license was granted and the date it expires.~~

Upon application and payment of the required fees, the Board may grant a temporary license to a person who, at the time of application, submits notarized copies of the items required in G.S. 90-653(a)(3) through (a)(5) while awaiting official copies of the items from the issuing agency. The temporary license shall be valid for a period not to exceed 90 days from the date of application."

SECTION 4. G.S. 90-656 reads as rewritten:

"**§ 90-656. Provisional license.**

The Board may grant a provisional license for a period not exceeding 12 months to any applicant who has successfully completed the education requirements under G.S. 90-653(a)(3) and has made application to take the examination required under G.S. 90-653(a)(5). A provisional license allows the individual to practice respiratory care under the direct supervision of a respiratory care practitioner and in accordance with rules adopted pursuant to this Article. A license granted under this section shall contain an endorsement indicating that the license is provisional and stating the terms and conditions of its use by the licensee and shall state the date the license was granted and the date it expires."

SECTION 5. G.S. 90-660(b) reads as rewritten:

"(b) All monies received by the Board pursuant to this Article shall be deposited in an account for the Board and shall be used for the administration and implementation of this Article. The Board shall establish fees in amounts to cover the cost of services rendered for the following purposes:

(1) For an initial application, a fee not to exceed twenty-five dollars ($25.00).

(2) For examination or reexamination, a fee not to exceed two hundred dollars ($200.00).

(3) For issuance of any license, a fee not to exceed one hundred dollars ($100.00).
(4) For the renewal of any license, a fee not to exceed fifty dollars ($50.00).
(5) For the late renewal of any license, an additional late fee not to exceed fifty dollars ($50.00).
(6) For a license with a provisional or temporary endorsement, a fee not to exceed thirty-five dollars ($35.00).
(7) For official verification of licensure status, a fee not to exceed twenty dollars ($20.00).
(8) For approval of continuing education programs, a fee not to exceed one hundred fifty dollars ($150.00).
~~(7)~~(9) For copies of rules adopted pursuant to this Article and licensure standards, charges not exceeding the actual cost of printing and mailing."

SECTION 6. Article 38 of Chapter 90 of the General Statutes is amended by adding a new section to read:

"**§ 90-666. Civil penalties.**

(a) Authority To Assess Civil Penalties. – In addition to taking any of the actions permitted under G.S. 90-659, the Board may assess a civil penalty not to exceed one thousand dollars ($1,000) for the violation of any section of this Article or any rules adopted by the Board. The clear proceeds of any civil penalty assessed under this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

(b) Consideration Factors. – Before imposing and assessing a civil penalty and fixing the amount of the penalty, the Board shall, as a part of its deliberations, consider the following factors:

(1) The nature, gravity, and persistence of the particular violation.
(2) The appropriateness of the imposition of a civil penalty when considered alone or in combination with other punishment.
(3) Whether the violation was willful and malicious.
(4) Any other factors that would tend to mitigate or aggravate the violations found to exist.

(c) Schedule of Civil Penalties. – The Board shall establish a schedule of civil penalties for violations of this Article. The schedule shall indicate for each type of violation whether the violation can be corrected. Penalties shall be assessed for the first, second, and third violations of specified sections of this Article and for specified rules.

(d) Costs. – The Board may, in an action brought under this section or in any other disciplinary proceeding, charge costs, including reasonable attorneys' fees, to the licensee against whom the proceedings were brought."

SECTION 7. This act is effective when it becomes law.

HOUSE BILL 1257

Short Title:	Amend Respiratory Care Practice Act/Fees.	(Public)
Sponsors:	Representatives Tolson and Nye (Primary Sponsors).	
Referred to:	Finance.	

April 24, 2003

A BILL TO BE ENTITLED

AN ACT AMENDING VARIOUS PROVISIONS UNDER THE RESPIRATORY CARE PRACTICE ACT, AUTHORIZING THE NORTH CAROLINA RESPIRATORY CARE BOARD TO ESTABLISH FEES FOR VERIFICATION OF LICENSURE STATUS AND APPROVAL OF CONTINUING EDUCATION PROGRAMS, AND AUTHORIZING THE BOARD TO ASSESS CIVIL PENALTIES FOR VIOLATIONS OF THE ACT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 90-652(1) reads as rewritten:

"The Board shall have the power and duty to:

(1) Determine the qualifications and fitness of applicants for licensure, renewal of licensure, and reciprocal licensure. The Board shall, in its discretion, investigate the background of an applicant to determine the applicant's qualifications with due regard given to the applicant's competency, honesty, truthfulness, and integrity."

SECTION 2. G.S. 90-653(a) reads as rewritten:

"(a) Each applicant for licensure under this Article shall meet the following requirements:

(1) Submit a completed application as required by the Board.

(2) Submit any fees required by the Board.

(3) Submit to the Board written evidence, verified by oath, that the applicant has successfully completed the minimal requirements of a respiratory care education program ~~as approved by the Commission for Accreditation of Allied Health Educational Programs.~~approved by the Board.

(4) Submit to the Board written evidence, verified by oath, that the applicant has successfully completed the minimal requirements for Basic Cardiac Life Support as recognized by the ~~American Heart Association.~~Board.

(5) Pass the entry-level examination given by the National Board for Respiratory Care, Inc."

SECTION 3. G.S. 90-654 reads as rewritten:

"**§ 90-654. ~~Exemption from certain requirements.~~Temporary license.**

~~(a) The Board may issue a license to an applicant who, as of October 1, 2000, has passed the entry-level examination given by the National Board for Respiratory Care, Inc. An applicant applying for licensure under this subsection shall submit his or her application to the Board before October 1, 2002.~~

~~(b) The Board may grant a temporary license to an applicant who, as of October 1, 2000, does not meet the qualifications of G.S. 90-653 but, through written evidence verified by oath, demonstrates that he or she is performing the duties of a respiratory care practitioner within the State. The temporary license is valid until October 1, 2002, within which time the applicant shall be required to complete the requirements of G.S. 90-653(a)(5). A license granted under this subsection shall contain an endorsement indicating that the license is temporary and shall state the date the license was granted and the date it expires.~~

Upon application and payment of the required fees, the Board may grant a temporary license to a person who, at the time of application, submits notarized copies of the items required in G.S. 90-653(a)(3) through (a)(5) while awaiting official copies of the items from the issuing agency. The temporary license shall be valid for a period not to exceed 90 days from the date of application."

SECTION 4. G.S. 90-656 reads as rewritten:

"**§ 90-656. Provisional license.**

The Board may grant a provisional license for a period not exceeding 12 months to any applicant who has successfully completed the education requirements under G.S. 90-653(a)(3) and has made application to take the examination required under G.S. 90-653(a)(5). A provisional license allows the individual to practice respiratory care under the direct supervision of a respiratory care practitioner and in accordance with rules adopted pursuant to this Article. A license granted under this section shall contain an endorsement indicating that the license is provisional and stating the terms and conditions of its use by the licensee and shall state the date the license was granted and the date it expires."

SECTION 5. G.S. 90-660(b) reads as rewritten:

"(b) All monies received by the Board pursuant to this Article shall be deposited in an account for the Board and shall be used for the administration and implementation of this Article. The Board shall establish fees in amounts to cover the cost of services rendered for the following purposes:

(1) For an initial application, a fee not to exceed twenty-five dollars ($25.00).

(2) For examination or reexamination, a fee not to exceed two hundred dollars ($200.00).

(3) For issuance of any license, a fee not to exceed one hundred dollars ($100.00).

(4) For the renewal of any license, a fee not to exceed fifty dollars ($50.00).

(5) For the late renewal of any license, an additional late fee not to exceed fifty dollars ($50.00).

(6) For a license with a provisional or temporary endorsement, a fee not to exceed thirty-five dollars ($35.00).

(7) For official verification of licensure status, a fee not to exceed twenty dollars ($20.00).

(8) For approval of continuing education programs, a fee not to exceed one hundred fifty dollars ($150.00).

~~(7)~~(9) For copies of rules adopted pursuant to this Article and licensure standards, charges not exceeding the actual cost of printing and mailing."

SECTION 6. Article 38 of Chapter 90 of the General Statutes is amended by adding a new section to read:

"**§ 90-666. Civil penalties.**

(a) Authority To Assess Civil Penalties. – In addition to taking any of the actions permitted under G.S. 90-659, the Board may assess a civil penalty not to exceed one thousand dollars ($1,000) for the violation of any section of this Article or any rules adopted by the Board. All civil penalties collected by the Board shall be remitted to the General Fund of the State of North Carolina.

(b) Consideration Factors. – Before imposing and assessing a civil penalty and fixing the amount of the penalty, the Board shall, as a part of its deliberations, consider the following factors:

(1) The nature, gravity, and persistence of the particular violation.

(2) The appropriateness of the imposition of a civil penalty when considered alone or in combination with other punishment.

(3) Whether the violation was willful and malicious.

(4) Any other factors that would tend to mitigate or aggravate the violations found to exist.

(c) Schedule of Civil Penalties. – The Board shall establish a schedule of civil penalties for violations of this Article. The schedule shall indicate for each type of violation whether the violation can be corrected. Penalties shall be assessed for the first, second, and third violations of specified sections of this Article and for specified rules.

(d) Costs. – The Board may, in an action brought under this section or in any other disciplinary proceeding, charge costs, including reasonable attorneys' fees, to the licensee against whom the proceedings were brought."

SECTION 7. This act is effective when it becomes law.

HOUSE BILL 1257:
Amend Respiratory Care Practice Act/Fees

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Tolson and Nye
Date:	June 10, 2003	**Analysis by:**	Martha Walston
Version:	Prop. Committee Substitute		Committee Counsel

SUMMARY: House Bill 1257 amends the Respiratory Care Practice Act as follows:

- *Authorizes the Respiratory Care Board to conduct background investigation of applicants for licensure.*
- *Amends the requirements for licensure by requiring the applicant to submit written evidence to the Board that the applicant has completed the minimal requirements of a respiratory care education program approved by the Board (now requires approval by the Commission for Accreditation of allied Health Educational Programs).*
- *Amends requirements for licensure by requiring the applicant to submit written evidence to the Board that the applicant has completed the minimal requirements for Basic Cardiac Life Support as recognized by the Board (now as recognized by the American Heart Association).*
- *Provides that temporary licenses may be issued for up to 90 days from date of application. (now provides that a temporary license is valid until October 1, 2002.)*
- *Requires direct supervision of provisional licensees by respiratory care practitioners.*
- *Establishes the following new fees:*
  A fee not to exceed $20 for official verification of licensure status
  A fee not to exceed $150 for approval of continuing education programs
- *Authorizes Board to assess a civil penalty of up to $1,000 and charge costs, including reasonable attorneys' fees, to any licensee for violation of the Act and the promulgated rules. The PCS adds language that the proceeds of any civil penalty will be remitted to the Civil Penalty and Forfeiture Fund established by the General Assembly.[1] The earlier version of HB 1257 provided that civil penalties would be remitted to the General Fund.*

BACKGROUND: The Respiratory Care Practice Act was enacted in 2000. Respiratory care, as defined by the written order of a licensed physician, is the treatment, management, diagnostic testing, and care of patients with deficiencies and abnormalities associated with the cardiopulmonary system. The Act sets up a 10-member Board, establishes licensure requirements, provides for the denial, suspension, and revocation of licenses, establishes fees, provides that a violation is a Class 1 misdemeanor, and exempts certain persons and practices from licensure.

[1] Article 31A of Chapter 115C of the General Statutes creates the Civil Penalty and Forfeiture Fund administered by the Office of State Budget and Management. This Fund consists of the proceeds of all civil penalties and civil forfeitures collected by a State agency. These proceeds are transferred to the State School Technology Fund and allocated to local school administrative units on the basis of average daily membership. Litigation is pending to determine several issues, including the issue of whether the N.C. Constitution requires that the proceeds go to the school fund of the county in which the violation occurred instead of the School Technology Fund. The parties are awaiting decision of the North Carolina Court of Appeals.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: HB 1257 (First Edition)

SHORT TITLE: Amend Respiratory Care Practice Act/Fees

SPONSOR(S): Representatives Tolson and Nye

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES					
General Fund	Approximately $3,000 annually				
Board of Cosmetic Art Examiners	$21,050	$21,050	$21,050	$21,050	$21,050
EXPENDITURES					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina Department of Revenue, North Carolina Respiratory Care Board

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: The proposed bill amends various provisions under the Respiratory Care Practice Act, authorizing the North Carolina Respiratory Care Board (the Board) to establish fees for verification of licensure status and approval of continuing education programs. The bill also authorizes the Board to assess civil penalties for violations of Article 38 of Chapter 90.

ASSUMPTIONS AND METHODOLOGY: According to the information provided by the Board, there are 3,401 licensed respiratory care practitioners in North Carolina. Of these, 157 practitioners hold provisionary licenses. According to the Board, on average, they perform 790 license verifications every year. With a verification fee of $20, the total annual revenue from providing official verification of licensure status for a fee would constitute $15,800.

The bill proposes to set a maximum fee for approval of continuing education programs at $150. However, the Board plans to charge $35 for this service. Based on the data provided by the Board, on average, annually it approves 150 programs, which would generate annual revenue of $5,250.

With regard to civil penalties, the Board has indicated that there are about twenty major violations of Article 38, Chapter 90 of the General Statues, such as operating under somebody else's license, which would be considered for the maximum penalty of $1,000. There are also an identified number of less serious violations that would generate fewer penalties, for which no specific amounts are set. Overall, it is possible to assume that the total amount generated as the result of civil penalties collection would be in the range of $3,000. According to the proposed bill, this amount would be remitted to the General Fund of the State of North Carolina.

SOURCES OF DATA: North Carolina Respiratory Care Board

TECHNICAL CONSIDERATIONS: Given the recent court rulings on the use of revenue from fines and forfeitures, it does not appear to Fiscal Research that the proceeds of the Board's civil penalties can be credited to the General Fund.

"**SECTION 6.1.** Chapter 93B of the General Statutes is amended by adding a new section to read:

'**§ 93B-17. Fees to be consistent with Consumer Price Index; notice.**

(a) When the General Assembly establishes an occupational licensing board, the General Assembly shall set the fees that may be charged by the board to reflect the board's anticipated regulatory and operating costs. New occupational licensing boards and existing occupational licensing boards may increase license fees previously set by the General Assembly by an amount equal to the percentage increase in the Consumer Price Index (CPI) for the most recent calendar year for which data are available. However, a board shall not set fees at an amount that exceeds its regulatory and operating costs.

(b) Occupational licensing boards shall publish notice of any fee increase in the North Carolina Register and in a newspaper of general circulation not less than 60 days before the fee increase becomes effective. Boards shall notify their current members of any fee increase, by mail, not less than 60 days before the fee increase becomes effective. Each board shall report annually to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division on all fees increased pursuant to this section.'

(c) This section applies only to the North Carolina Respiratory Care Board."

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE COASTAL RESOURCES COMMISSION TO ADOPT TEMPORARY AND PERMANENT RULES TO ESTABLISH A GENERAL PERMIT FOR THE CONSTRUCTION OF RIPRAP SILLS FOR WETLAND ENHANCEMENT AND SHORELINE PROTECTION IN ESTUARINE AND PUBLIC TRUST WATERS.

The General Assembly of North Carolina enacts:

SECTION 1. Pursuant to G.S. 113A-118.1, the Coastal Resources Commission may adopt temporary and permanent rules to establish a general permit to allow the construction of offshore parallel sills made of stone or other suitable riprap materials for shoreline protection in conjunction with existing, created, or restored wetlands. The permit shall be applicable only where a shoreline is experiencing erosion in public trust areas and estuarine waters. The permit shall not apply to oceanfront shorelines or to waters and shorelines adjacent to the ocean hazard areas of environmental concern except that the permit may apply to those shorelines that exhibit characteristics of estuarine shorelines. Characteristics of estuarine shorelines include the presence of wetland vegetation, lower wave energy, and lower erosion rates than are generally characteristic of ocean erodible areas. Notwithstanding G.S. 150B-21.1(a)(2) and 26 NCAC 2C.0102(11), the authorization to adopt temporary rules pursuant to this section shall continue in effect until 1 July 2004.

SECTION 2. In adopting temporary rules pursuant to Section 1 of this act, the Coastal Resources Commission shall:

(1) Consult with persons who may be interested in the subject matter of the temporary rule during the development of the text of the proposed temporary rule.

(2) Notify persons on the mailing list that the Commission maintains pursuant to G.S. 150B-21.2(d) of its intent to adopt a temporary rule.

(3) Publish a notice of intent to adopt a temporary rule in the North Carolina Register. The notice shall set out the text of the proposed temporary rule and include the name of the person to whom questions and written comments on the proposed rule may be submitted. The Commission shall accept written comments on the proposed temporary rule for at least 30 days after the notice of intent to adopt the temporary rule as published in the North Carolina Register.

(4) Hold at least one public hearing on the proposed temporary rule.

SECTION 3. The fee for a general permit established by temporary rules pursuant to Section 1 of this act shall be one hundred dollars ($100.00). In adopting permanent rules pursuant to Section 1 of this act, the Coastal Resources Commission shall set a fee for the general permit as provided in G.S. 113A-119.1.

SECTION 4. This act is effective when it becomes law.

HOUSE BILL 1028:
New Bulkhead Permit.

BILL ANALYSIS

Committee: House Finance
Date: June 10, 2003
Version: 3rd Edition

Introduced by: Reps. Williams and Justice
Summary by: Trina Griffin
Committee Counsel

SUMMARY: House Bill 1028 directs the Coastal Resources Commission to adopt temporary and permanent rules to establish a general permit for the construction of offshore sills for shoreline and wetland protection.

This bill was given a favorable report by the House Committee on Environment and Natural Resources, and has been referred to House Finance because it authorizes a new permit fee.

BILL ANALYSIS: House Bill 1028 directs the Coastal Resources Commission (Commission) to adopt temporary and permanent rules to establish a general permit to allow the construction of offshore parallel sills for shoreline protection in conjunction with existing, created, or restored wetlands. The general permit would applicable only where a shoreline is experiencing erosion in public trust areas and estuarine waters. Sills must be made of stone or other suitable riprap material.

In adopting the temporary rule, the Commission must:

1. Consult with interested parties.
2. Notify persons on the mailing list that the Commission maintains of its intent to adopt a temporary rule.
3. Publish a notice of intent and the text of the proposed temporary rule in the North Carolina Register.
4. Accept written comments for at least 30 days after the notice of intent is published.
5. Hold at least one public hearing on the proposed temporary rule.

The initial fee for the general permit established by temporary rule is one hundred dollars ($100.00). The Commission will set a fee for the general permit adopted by permanent rule as provided in G.S. 113A-119.1 (*See attached*).

BACKGROUND: G.S. 113A-118.1 authorizes the Coastal Resources Commission, by rule, to designate certain classes of major and minor development for which a general or blanket permit may be issued. In identifying the classes of development, the Commission must consider:

1. The size of the development.
2. The impact of the development on areas of environmental concern.
3. How often the class of development is carried out.
4. The need for onsite oversight of the development.
5. The need for public review and comment on individual development projects.

EFFECTIVE DATE: The bill would be become effective when it becomes law. The authorization to adopt temporary rules pursuant to the act would continue in effect until July 1, 2004.

Tim Dodge, Research Assistant for House Environment and Natural Resources Committee, substantially contributed to this summary.

§ 113A-119.1. Permit Fees.

(a) The Commission shall have the power to establish a graduated fee schedule for the processing of applications for permits, renewals of permits, modifications of permits, or transfers of permits issued pursuant to this Article. In determining the fee schedule, the Commission shall consider the administrative and personnel costs incurred by the Department for processing the applications, related compliance activities, and the complexity of the development sought to be undertaken for which a permit is required under this Article. The fee to be charged for processing an application may not exceed four hundred dollars ($400.00). The total funds collected from fees authorized by the Commission pursuant to this section in any fiscal year shall not exceed thirty-three and one-third percent (33 1/3%) of the total personnel and administrative costs incurred by the Department for permit processing and compliance programs within the Division of Coastal Area Management.

(b) Fees collected under this section shall be applied to the costs of administering this Article.

(c) Repealed by Session Laws 1991 (Regular Session, 1992), c. 1039, s. 4. (1989 (Reg. Sess., 1990), c. 987, s. 2; 1991 (Reg. Sess., 1992), c. 1039, s. 4.)

POSITIONS: (cumulative)	-	-	-	-	-

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Environment and Natural Resources (DENR), Coastal Management Division, Coastal Resources Commission

EFFECTIVE DATE: When the legislation becomes law.

BILL SUMMARY: This legislation authorizes the Coastal Resources Commission to adopt temporary and permanent rules to establish a general permit for the construction of riprap sills for wetland enhancement and shoreline protection of estuarine and public trust waters. The authorization to adopt temporary rules shall continue in effect until July 1, 2004. The legislation also establishes a fee of $100.00 for a general permit issued pursuant to temporary rules.

ASSUMPTIONS AND METHODOLOGY: There are three approved methods for stabilizing estuarine shorelines: (1) planting vegetation, (2) constructing stone ripraps or revetments, and (3) constructing bulkheads. The latter two methods require a permit. Currently, a general permit is only available for bulkhead construction; parties that wish to construct riprap sills must obtain a permit through the Coastal Area Management Act (CAMA) Major permit or blanket CAMA Major permit process.

If the Coastal Resource Commission adopts rules for a general permit for riprap construction, the Division of Coastal Management (DCM) estimates that it will issue approximately twenty such permits per year. Under temporary rules, each of these permit applicants would be charged $100, generating revenue of $2,000.

Riprap projects meeting specific requirements would no longer have to apply for a permit under the CAMA Major or blanket CAMA Major permit process. During the past three years, DCM has issued an average of two CAMA Major permits and two blanket CAMA Major permits per year for riprap construction. This fiscal note assumes that an average of two projects per year would be eligible to apply for the general permit rather than one of the CAMA Major permits, resulting in a revenue loss of approximately $425. (A CAMA Major permit costs $325 on average, and a blanket CAMA Major permit costs $100.)

Furthermore, since riprap is an alternative method to bulkheads, the Department believes that this legislation would not result in a net increase in the number of permits issued for stabilizing estuarine shorelines. Rather for each additional general riprap permit issued, there would likely be one less bulkhead permit issued. DCM estimates that approximately thirteen fewer general permits and five fewer CAMA major permits for bulkhead construction would be issued each year. Currently, the fee for a bulkhead general permit is $100; CAMA major permits for bulkhead construction average $325 each. Consequently, DCM would collect approximately $2,925 less in bulkhead permit fees.

Table A compares the revenue generated under the current permit rules and the rules proposed under this legislation. Since the total number of permits for stabilizing shorelines is not expected to increase, ***this legislation would have a nominal impact on revenues.***

Table A: Revenue Comparison

Permit	Current rules			Proposed rules		
	Unit Price	# of permits	Revenue Generated	Unit Price	# of permits	Revenue Generated
General permit for bulkhead construction	$100	650	$65,000	$100	637	$63,700
Bulkhead CAMA Major permit	$325	50	$16,250	$325	45	$14,625
Riprap CAMA Major/Blanket permit	$325	2	$650	$325	1	$325
Blanket CAMA Major permit for riprap	$100	2	$200	$100	1	$100
General permits for riprap construction	$0	0	$0	$100	20	$2,000
Total		**704**	**$82,100**		**704**	**$80,750**

Expenditures: DCM believes that the low number of riprap general permit applications anticipated could be handled with current resources and that this legislation would not require additional expenditures.

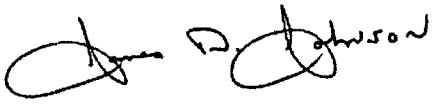
APPROVED BY: James D. Johnson, Director, Fiscal Research Division



DATE: June 9, 2003

Q & A on Adopting a General Permit for Sills for Shoreline Stabilization/Restoration Projects (H.B. 1028)

Q: What is a sill?

A: A sill is a shore-parallel erosion control structure that is also used for restoration and/or protection of coastal marsh. Unlike bulkheads and riprap, the sills are placed on the waterward side of existing or restored marshes.

Q: What are the benefits of sills?

A: One major benefit of sills is the ability to provide effective stabilization of eroding upland properties, while also providing protection, restoration or creation of valuable estuarine marshes and the adjacent upland buffers. The traditional erosion control devices are bulkheads and riprap, which are often located immediately adjacent to coastal marshes. While these structures provide erosion control, they are often not effective in protecting coastal marshes and adjacent upland vegetated buffers. Sills, in combination with existing or restored marshes, preserve a "living shoreline" for future generations.

Q: Why is protection or restoration of coastal marshes so important?

A: Coastal marshes are declining throughout NC's coastal region, and will continue to do so in the coming decades due to storms, boat wakes, and sea level rise. Healthy marsh systems provide critical nursery habitat for many recreationally and commercially valuable fisheries. They also serve as a direct food source for other wildlife such as turtles, fishes, and waterfowl, and are a major contributor of organic material for the estuarine food cycle. Sill projects allow for both the protection and restoration of marshes, which help to improve water quality by acting as the "kidneys" of the estuary. Marshes filter out pollution and sediment from stormwater runoff, and they provide flooding and erosion control protection. Protecting existing marshes is cheaper and more successful than efforts to reverse the effects of flooding and polluted runoff. Coastal marshes are also a very important part of North Carolina's natural heritage and beauty, and are closely associated with the health of the estuaries' shellfish areas.

Q: Are sills a new concept?

A: Sills are very extensively used along shorelines in a number of nearby states, including Virginia, Maryland, Delaware, and Florida. Sills have been very successful in stabilizing eroding shorelines and preserving marshes for over 25 years along the shores of Chesapeake Bay, which have very similar conditions to North Carolina's estuaries. States, such as Maryland, have had cost share programs for nearly 20 years to encourage the use of sills, and all of the states listed above encourage the construction of sill projects. The Florida Department of Environmental Protection, in cooperation with numerous federal, local and private partners, has developed an extensive model shoreline program called Project Greenshores, which is based on the principles of constructed sills and marsh restoration.

Prepared by the North Carolina Coastal Federation

Q: Are sills a new concept? (Continued)

In North Carolina, sills have been constructed for over five years, with very successful results. Projects have been constructed along private properties and public shorelines, and demonstration projects have been used to train contractors, consultants, agency personnel, and citizens. A number of contractors have begun to construct sills throughout the coastal region, despite a relatively difficult permit process.

Q: What is North Carolina's current permit system for sills and other erosion control measures?

A: NC Division of Coastal Management (DCM) issues permits for riprap or bulkhead projects totaling at least 30 miles of estuarine shorelines each year. Many of these projects are permitted by existing CAMA general permits (GP), which may be issued by the local permit officers or DCM staff in one or two days. Permits can also be issued in one day in the field. Application requirements are minimal; application fees are $50 to $100. No multi-agency review of projects is required, and approval by adjacent property owners is not a requirement for approval. In contrast, permitting for sills requires a Major CAMA permit, which is a minimum 75-day review with an option for an additional 75-day review. Major CAMA permit fees range from $250 to $475, and involve a multi-agency review of each project (up to 16 agencies). In addition, the CAMA Major Permit application is designed for more complex projects, so that many property owners would need to hire an expert to prepare an application for a sill project.

Q: Why do we need a General Permit for sills?

A: Adopting a General Permit for sill and marsh restoration projects will make the process equal to that which is currently allowed for bulkheads and rip-rap. As a result, it will allow an equal choice for property owners among the various stabilization options. It would remove the current disincentive that exists because of the relatively difficult process involved in obtaining permit approvals for these projects. Removing the current disincentive will allow for greater use of the sill and marsh approaches, with the numerous environmental benefits cited above.

Q: Why do some sill projects require backfill?

A: Many sill projects are designed to protect existing marshes, and are placed directly next to an eroding marsh. In some cases, the sill may be placed 10-30 feet waterward of an eroding marsh, and the area between the marsh and the sill is replanted with marsh plants. In other cases, erosion has progressed so that no marsh remains, and the shoreline has become too deep for marsh to continue to grow. In these cases, some backfilling of the sill is needed to allow for the replanting of the eroded marsh. In these cases, the newly planted marsh closely resembles a natural marsh within one to two growing seasons. In all cases, the restored marsh areas are intended to remain as intertidal wetland areas, and would require a CAMA permit for any future filling or modification.

For more information, please contact Jim Stephenson with the North Carolina Coastal Federation at (252) 393-8185.

TRACY SKRABAL

(left) Boat wakes can cause erosion in areas that otherwise would suffer little erosion from natural wave action. (below) Vertical walled bulkheads can cause increased erosion of adjacent shoreline by reflection of wave energy.

As the owner of shorefront property, you must examine your property and determine what erosion forces are at work. They will be different depending on whether you have property that is exposed or sheltered, high bank or low bank, etc. The process of shoreline erosion may be due to natural causes such as the interaction of tidal action with the bank face. The erosion may be accelerated by activities such as boat wakes or high waves during storms. Each year, this erosion causes the loss of valuable shorefront property. In addition, bank erosion can adversely affect the living resources of our bays and waterways by increasing sedimentation and turbidity which decreases the light penetration needed to sustain critical underwater vegetation and habitat. Conversely, placement of hard structures along estuarine shorelines often leads to losses of valuable wetlands and natural buffers, and may increase erosion on adjacent shorelines.

The practices outlined in this brochure are basic and are presented to introduce you to the concepts. You may wish to seek professional guidance in the actual design of an erosion project.

Why nonstructural alternatives?

The most commonly used techniques for erosion control have been the installation of hardened structures such as bulkheads or rip-rap. Structures such as these may be necessary along very exposed (high energy) shorelines. Although bulkheads and rip-rap are effective in these areas, rip-rap or other non-vertical structures are preferable since they result in less disturbance and loss of adjacent lands and intertidal habitats. In addition, bulkheads may be treated with wood preservatives which have been found to be toxic in the marine environment.

For many shorelines along the moderate to lower energy areas of North Carolina's tributaries and bays, the creation or restoration of fringing marshes is an effective, less expensive option for the control of shoreline erosion. These marshes:

- ☐ Act as a buffer from wave energy to lessen the effects of erosion.
- ☐ Reduce the amount of pollutants entering the water by filtering upland runoff and trapping sediment and nutrients.
- ☐ Enhance the fisheries and near shore habitat value of an area.
- ☐ Present natural, attractive views from both land and water.

For low to moderate energy areas, natural vegetation (either alone or with bank grading) may be used to lessen the effects of erosion. For moderate to higher energy areas with exposed shorelines, it is possible to combine the use of wetland plantings with low profile alternatives such as rip-rap sills, groins or breakwaters to provide effective solutions. There are some basic guidelines which can help you to choose a technique which will be successful for your shoreline. The following questions and possible solutions may help you to determine your needs:

Question: Is wave action a factor?

Waves can be caused by wind, tidal currents and boat wakes, and can undercut the toe of the slope, which can slump and erode.

Solutions:

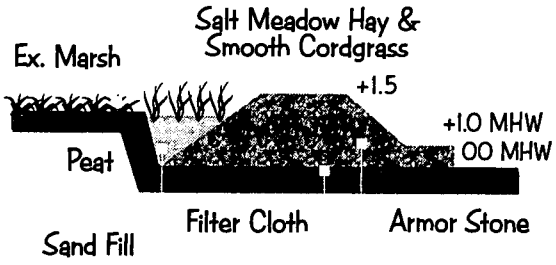
- ☐ Reinforce the toe of the slope with some combination of rip-rap and vegetation.
- ☐ Regrade the bank and vegetate above or in combination with rip-rap.
- ☐ Limit boat speeds.

TRACY SKRABAL

This combination of stone rip-rap and vegetation can be used to provide effective shoreline stabilization.

Question: Is concentrated storm water runoff a factor? During periods of rain, does the rainwater run off of the house, driveways and lawns, and channelize down the slope? Are gullies forming on the slope?

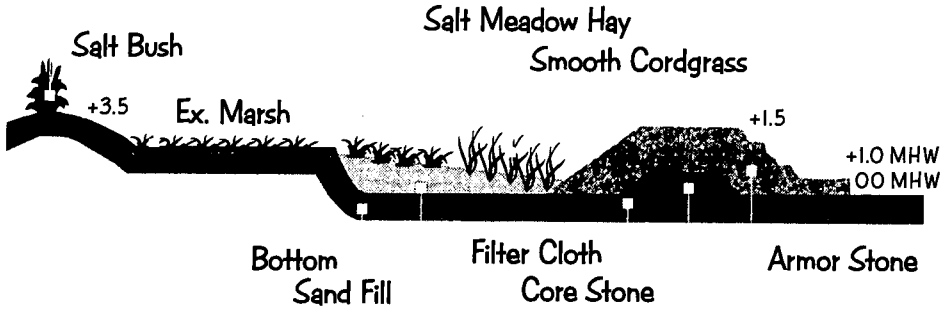
In many cases, loss of soil along with shoreline is not the result of shoreline erosion, but is instead the result of inadequate stormwater management on the upland property.



MARSH TOE SILL SECTION B-B'

Solutions:

- Install gutters at roof's edge.
- Divert rainwater away from the slope to flat vegetated areas.
- Create a berm along the top of bank to redirect water down the edges of the bank or in a reinforced channel.
- Encourage the use of native, mixed vegetation (grasses, shrubs, trees) in landscaping.
- Minimize hard-paved surfaces adjacent to shorelines.



Illustrations depict design examples of a marsh toe sill and breakwater combined with bank grading and use of wetland plantings.

BREAKWATER SECTION A-A'

Question: Are the slopes too steep?

Naturally occurring stable banks are usually 2H:1V (two feet horizontal for every one foot of vertical rise). Soils will not permanently remain on a vertical face but will erode and slump until they reach a natural angle of repose. Wave and boat wakes can cause undercutting of over-steepened banks, which quickly accelerates this process resulting in rapid erosion of the banks.

Solutions:

Slopes less than 2:1

- Regrade and revegetate with suitable groundcover or wetlands vegetation (such as *Spartina alterniflora* or *Spartina patens*).

Slopes greater than 2:1

- Regrade and plant suitable vegetation (such as *Spartina alterniflora* or *Spartina patens*) either alone or in combination with some rip-rap alternative such as groins, breakwaters, low-profile sills

Question: Is seepage in the slope causing bank failure?

This problem occurs when a coarse layer of sand overlays an impermeable layer such as clay. Water will filter quickly through the sand to the clay layer. Once it reaches this layer, it flows along the clay surface and exits the slope face.

Solution:

In minor cases, suitable vegetation and/or some combination of rip-rap may halt the bank erosion, however, this problem may be complex and require a detailed review by a trained professional.

Question: Can vegetation hold the slope?

Thick healthy vegetation contributes greatly to slope stability by holding soil in place with its root system. Even over-steepened banks can be held in place by existing vegetation. Once vegetation is cut or removed from over-steepened banks, revegetation may be very difficult to do without some regrading and/or stabilization with a structural alternative such as rip-rap.

Solutions:

- ☐ Where possible, maintain as much of the naturally occurring vegetation on the banks.
- ☐ Remove all dead vegetation and debris which may kill vegetation by smothering it.
- ☐ Where there is no vegetation or where regrading is necessary, select the best vegetation for the site, plant it, protect it and foster its growth until it is well established.
- ☐ For sites where vegetation alone has been unsuccessful in stabilizing a slope, install some combination of rip-rap and vegetation.
- ☐ Keep foot traffic to a minimum around eroding slopes and revegetated areas. Stable foot paths or constructed walkways work well to achieve this goal.

Question: Should I use vegetation alone or with rip-rap?

There are many factors that determine if plantings alone will be successful in stabilizing a bank. In addition, these factors will also determine what combination of vegetation and rip-rap should be applied to any given shoreline.

Solutions:

Before investing your time and money, evaluate the site (or consult with a professional) for the following factors:

- ☐ ***Existing vegetation:*** The presence of native vegetation below the toe of a slope is a favorable indication that further plantings will be successful.

TRACY SKRABAL

This combination of rip-rap groins and marsh plants create stable areas for successful marsh growth in low energy levels.

- ☐ ***Fetch:*** How many miles of open water does wind blow across before reaching your property? This distance, and the dominant direction from which it blows, is important in designing a project. If fetch is greater than 5 miles, it is unlikely vegetation alone will successfully halt erosion. Vegetation alone is most successful where the fetch is less than half a mile.
- ☐ ***Shape of shoreline:*** Orientation of the shoreline helps to determine what the forces of erosion are, and whether vegetation alone (such as in protected coves or lagoons) or some combination of vegetation and rip-rap will work to halt erosion.
- ☐ ***Boat traffic:*** The numbers of boats and how close they travel to a shoreline will help to determine the choice of a solution for a given site.
- ☐ ***Width of beach above mean high tide:*** Beaches which are greater than 10-feet above the mean tide high tide, or which can be regraded to create 10-feet in width above the mean high tide line have the best chance for successful vegetation growth.

Question: Are fluctuating water levels a problem?

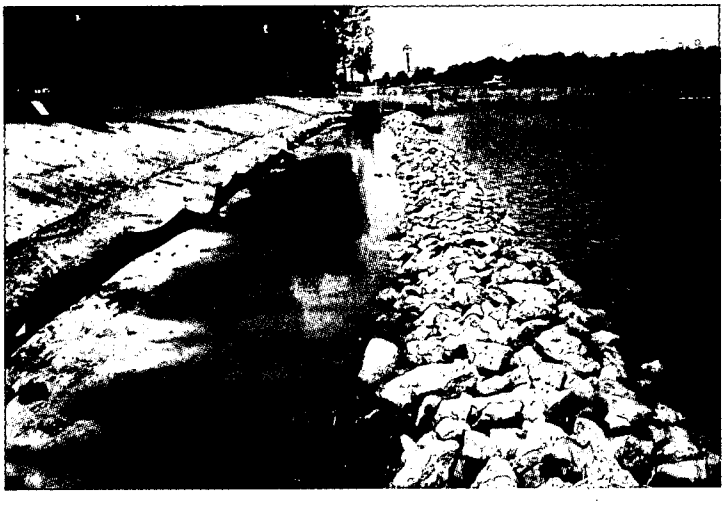
Fluctuating water levels such as those that occur on tidal shorelines may make it difficult to get vegetation established or keep natural banks stabilized.

Solutions:

- ☐ For moderate to higher energy sites, it may be necessary to stabilize the toe of the bank from the full range of tidal action by some combination of rip-rap (such as low-profile revetment) and/or planting of suitable vegetation.
- ☐ When regrading, allow the fluctuating water levels to help create a stable slope during construction. Also, observe the range of rise and fall of the waters when planning the planting scheme for your site.
- ☐ Choose vegetation that can adjust to

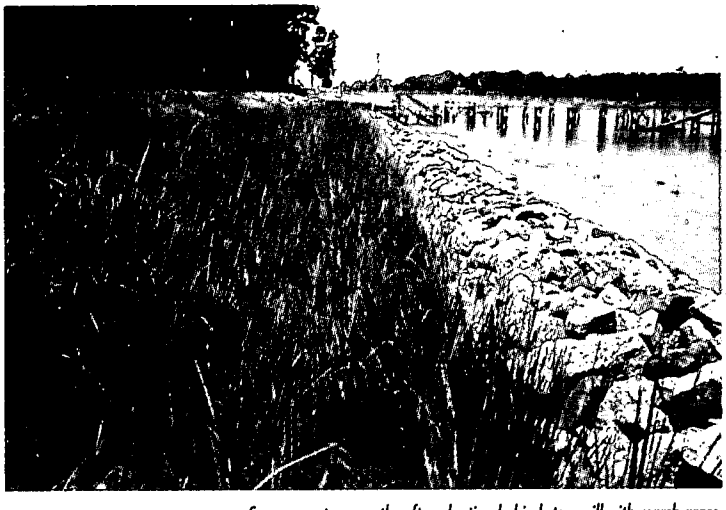
TRACY SKRABAL

A demonstration project area prior to installation of shoreline stabilization measures.



TRACY SKRABAL

Same shoreline after regrading of eroding banks and stabilization with stone sill.



TRACY SKRABAL

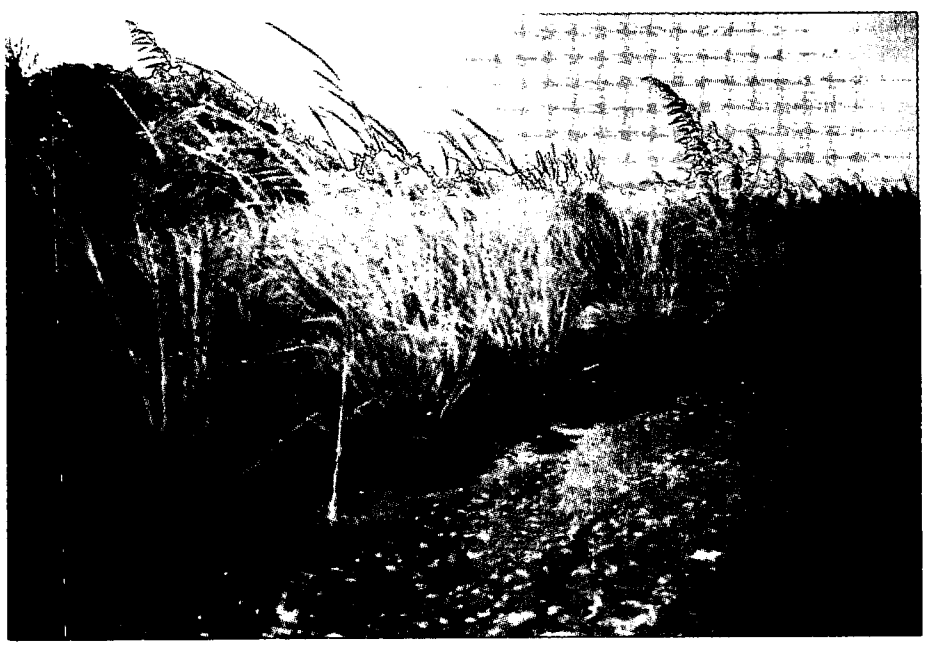
Same area two months after planting behind stone sill with marsh grass.

Question: What should you plant?

The growing season is an important factor in deciding when to plant. For marshes, spring is the best time to plant because it gives the plants an entire growing season to become established and take a firm hold. For native upland and dune grasses, certain species require spring planting while others need planting over the winter months to allow at least one good freeze during dormancy. For estuarine marsh areas, the grasses that are most commonly planted include smooth cordgrass planted in the intertidal zone, black needlerush, and saltmeadow hay planted above the mean high tide. These grasses are adapted to a wide range of salt tolerances and form a protective matting as the waves roll over them. Other grasses and plants may also be used in more freshwater areas. For planting in dune areas, or higher estuarine areas, numerous native grasses and shrubs will provide stabilization. American beach grass, coastal panicum, and wax myrtles are examples of native plants which are effective for erosion control.

Question: What maintenance is needed?

Proper maintenance is vital to the success of the grasses and shrubs. Foot traffic on the plantings should be kept to a minimum. Debris such as driftwood, trash, and other items that could smother or shade out the grasses must be cleared away. Trees or limbs shading the grasses must be kept pruned. In times of drought, fresh water should be applied to the upper grasses which do not get flooded by the normal tides. If there is damage to an area, it should be replanted as soon as possible. In some areas, a goose exclusion fence is also recommended to keep the geese from eating the grasses the first two years, while the grasses are established. The goose fence can be removed after that time.



ANITA LANCASTER

Many types of suitable wetland plants are available to provide an effective and aesthetically pleasing project. Choosing a qualified consultant and/or nursery to provide healthy plants is critical to the success of a wetlands planting project.

Question: How do I get started?

- ☐ Contact a qualified consultant, landscaper and/or marine contractor who is familiar with the approaches outlined here.
- ☐ Incorporate your personal needs into his/her design approach for your shoreline.
- ☐ Receive a cost estimate to have a better idea of total project costs.

Please Note ...

Erosion occurs most often from a combination of factors, rather than just one. Take the time to examine the history of your shoreline carefully or consult with a professional to determine what combination of factors is causing the total erosion problem. Only then can you choose a solution that will be effective for your site.

About Permitting ...

If you are interested in pursuing a shoreline project, you may need permits from the NC Department of Environment and Natural Resources (DENR), the US Army Corps of Engineers and local permit office. For more information on the permit process, call your local DENR Division of Coastal Management office, or in Raleigh call 919-733-2293.

The North Carolina Coastal Federation

The NCCF is the state's largest non-profit organization working to restore and protect the coast. Our headquarters are located at 3609 Highway 24 in Ocean, NC between Morehead City and Swansboro. The NCCF field office is located at 720 Market Street in Wilmington. Offices are open Monday through Friday between 8:30 a.m. and 5:00 p.m. The headquarters in Ocean houses a nature shop, library and information center.

NCCF's ShoreKeeper Program

The projects presented here are part of NCCF's ShoreKeeper Program. The program includes membership, public education, certification and accreditation programs, and restoration and protection projects. To learn more about how you can take an active role in caring for our coast, please call today.

A BILL TO BE ENTITLED

AN ACT TO INCORPORATE THE VILLAGE OF MISENHEIMER.

The General Assembly of North Carolina enacts:

SECTION 1. A Charter for the Village of Misenheimer is enacted to read:

"CHARTER OF THE VILLAGE OF MISENHEIMER.

"ARTICLE I. INCORPORATION AND CORPORATE POWERS.

"Section 1.1. **Incorporation and Corporate Powers.** The inhabitants of the Village of Misenheimer are a body corporate and politic under the name 'Village of Misenheimer'. The Village of Misenheimer has all the powers, duties, rights, privileges, and immunities conferred and imposed on cities by the general laws of North Carolina.

"ARTICLE II. CORPORATE BOUNDARIES.

"Section 2.1. **Village Boundaries.** Until modified in accordance with law, the boundaries of the Village of Misenheimer are as follows:

Beginning at a point, the intersection of the extended center line of Wesley Chapel Road and the southern right-of-way of NC 49 Highway, thence from said point of beginning in a southwesterly direction with the southern right-of-way of NC 49 Highway approximately 623 feet to the intersection of the southern right-of-way of NC 49 Highway with the extended southern boundary of PIN 661202680112, thence in a northwesterly direction to the southwestern corner of PIN 661202680112, thence following the western boundary of the aforementioned parcel in a northerly direction to the southwestern corner of PIN 661202594073, thence in a northwesterly direction following the western boundary of PIN 661202594073 to the southern right-of-way of Mattons Grove Church Road, thence in a northwesterly direction to the southwestern corner of PIN 661201497564, thence in a northerly direction along the western boundary of PIN 661201497564 to the southwest corner of PIN 661304501502, thence in a northwesterly direction along the western boundary of the aforementioned parcel to its common corner with PIN 661303426162, thence continuing in a northwesterly

direction along the western boundary of the aforementioned parcel approximately 75 feet to a corner, thence in a northeasterly direction along the western boundary of the aforementioned parcel approximately 128 feet to a corner, thence in a northwesterly direction along the western boundary of the aforementioned parcel approximately 223 feet to a corner, thence in a northwesterly direction along the western boundary of the aforementioned parcel approximately 245 feet to a corner, thence in a southwesterly direction along the western boundary of the aforementioned parcel approximately 765 feet to a corner, thence in a northwesterly direction along the western boundary of the aforementioned parcel approximately 415 feet to a corner, thence in a northeasterly direction along the western boundary of the aforementioned parcel approximately 977 feet to the northeast corner of PIN 661303116744, thence in a northwesterly direction along the western boundary of PIN 661303426162 approximately 775 feet to the southeast corner of PIN 661303240441, thence in a northeasterly direction along the western boundary of PIN 661303426162 approximately 1,720 feet to the southeastern corner of PIN 661303249399, thence in a northwesterly direction along the southern boundary of the aforementioned parcel approximately 322 feet to the southwest corner of the aforementioned parcel, thence in a northeasterly direction along the western boundary of PIN 661303249399, approximately 466 feet to the southern right-of-way of Glenmore Road, thence in a northwesterly direction along the southern right-of-way of Glenmore Road approximately 420 feet to the intersection of the southern right-of-way of Glenmore Road and the extended western boundary of PIN 661301258186, thence in a northeasterly direction along the western boundary of the aforementioned parcel approximately 800 feet to the intersection of the extended western boundary of the aforementioned parcel and the northeastern right-of-way of US 52 Highway, thence in a southeasterly direction along the northern right-of-way of US 52 Highway approximately 1,855 feet to the southwestern corner of PIN 661303448640, thence in a northeasterly direction along the western boundary of the aforementioned parcel to its northernmost corner, thence in a generally southerly direction, following the eastern boundary of the aforementioned parcel to its easternmost corner, said corner also being a common corner with PIN 661304543342, thence in a northwesterly direction along the northern boundary of PIN 661304543342 approximately 145 feet to the northwestern corner of the aforementioned parcel thence in a southerly direction along the western boundary of the aforementioned parcel to the northern right-of-way of US 52 Highway. Thence in a southeasterly direction along the northern right-of-way of US 52 Highway approximately 1,050 feet to the southwestern corner of PIN 661304643049, thence in a northerly direction along the western boundaries of PINs 661304643049, 661304643361, 661304643497, 661304644611, and 661304644846 to the northwest corner of PIN 661304644846, thence in a northerly direction approximately 60 feet to the southwest corner of PIN 661302655348, thence in a northerly direction along the western boundaries of PINs 661302655348 and 661302655544 to the northernmost corner of PIN 661302655544, thence in a southeasterly direction along the northern boundary of the aforementioned parcel approximately 200 feet to the northeastern corner of the aforementioned parcel, thence in a southerly direction approximately 620 feet to the southernmost corner of PIN

661302596350, said point being located in the northwestern right-of-way of Reeves Island Road, thence along the northwestern right-of-way of Reeves Island Road in a northeasterly direction approximately 350 feet, to the intersection of the northwestern right-of-way of Reeves Island Road and the northwesterly extended northern boundary of PIN 661302752445, thence in a southerly direction along the northern boundary of the aforementioned parcel approximately 300 feet to the southeast corner of PIN 661302596350, thence in a northerly direction crossing the right-of-way of Reeves Island Road approximately 544 feet to the southwest corner of PIN 661302882512, thence in an easterly direction crossing the right-of-way of Reeves Island Road along the northern boundary of PIN 661304847498 and continuing in an easterly direction along the northern boundary of the aforementioned parcel and then in a southerly direction along the eastern boundary of the aforementioned parcel to the southeastern corner of PIN 661304847498, said point also being the northeastern corner of PIN 662303100762, thence in a westerly direction along the southern boundary of PIN 661304847498 approximately 1,235 feet, crossing the right-of-way of US 52 Highway to the southeast corner of PIN 661304914577, thence in a westerly direction along the southern boundary of the aforementioned parcel approximately 570 feet to the southwest corner of the aforementioned parcel, thence in a northwesterly direction along the southwestern boundaries of PINs 661304914577, 661304911763, 661304911954, and 661304920059, to the easternmost corner of PIN 661304825379, thence in a southwesterly direction along the southeastern boundaries of the aforementioned parcel and PINs 661304825234, 661304812626, 661304814927, and 661304712926 to the southeast corner of the aforementioned parcel, thence in an easterly direction along the northern boundary of PIN 661304702603 approximately 1,150 feet to the northeast corner of the aforementioned parcel, thence in a southerly direction along the eastern boundary of the aforementioned parcel approximately 495 feet to a corner, thence in a westerly direction along the boundary of the aforementioned parcel approximately 780 feet to a corner, thence in a southerly direction along the boundary of the aforementioned parcel approximately 780 feet to the southeast corner of PIN 661304702603, thence in a westerly direction along the southern boundary of PIN 661304702603 approximately 1,475 feet to the northeast corner of PIN 661202686946, thence in a southerly direction along the eastern boundary of the aforementioned parcel approximately 820 feet to the northwest corner of PIN 661202780863, thence in a northeasterly direction with the northern boundary of the aforementioned parcel approximately 290 feet to the northeast corner of the aforementioned parcel, thence in a southerly direction with the eastern boundary of the aforementioned parcel approximately 563 feet to the southeastern corner of the aforementioned parcel, thence in an easterly direction approximately 35 feet to the northeast corner of PIN 661202688269, thence in a southerly direction with the eastern boundary of the aforementioned parcel for an approximate distance of 470 feet to the southeast corner of the aforementioned parcel, thence continuing in the same direction to the southern right-of-way of NC 49 Highway, thence in a westerly direction along the southern right-of-way of NC 49 Highway to the point of beginning.

"ARTICLE III. GOVERNING BODY.

"Section 3.1. **Structure of Governing Body; Number of Members.** The governing body of the Village of Misenheimer is the Mayor and the Village Council, which shall have four members.

"Section 3.2. **Temporary Officers.** Until the organizational meeting after the initial election in 2004 provided for by Section 4.1 of this Charter, Chuck Ambrose, Peter Edquist, Maria Fisher, Michael Herron, and Beth Huber are appointed members of the Village Council of the Village of Misenheimer, and they shall possess and exercise the powers granted to the governing body until their successors are elected or appointed and qualified pursuant to this Charter. The temporary officers shall elect a person from among the members of the temporary governing body to serve as interim mayor. If any person named in this section is unable to serve, the remaining temporary officers shall, by majority vote, appoint a person to serve until the initial municipal election is held in 2004.

"Section 3.3. **Manner of Electing Village Council; Term of Office.** The qualified voters of the entire Village shall elect the members of the Village Council, and, except as provided in this section, they shall serve four-year terms. In 2004, the three candidates receiving the highest numbers of votes shall be elected to four-year terms, and the two candidates receiving the next highest numbers of votes shall be elected to two-year terms. In 2006, and quadrennially thereafter, two members shall be elected to four-year terms. In 2008, and quadrennially thereafter, three members shall be elected to four-year terms.

"Section 3.4. **Manner of Electing Mayor; Term of Office; Duties.** At the organizational meeting following each municipal election, the Village Council shall elect one of its members as Mayor, and the Mayor shall serve at the pleasure of the Village Council. The Mayor shall be the official head of Village government and shall preside at all meetings of the Village Council. The Mayor shall exercise such powers and duties as conferred by the general laws of this State and this Charter and as directed by the Village Council. In the case of a vacancy in the office of Mayor, the remaining members of the Village Council shall choose from their membership a person to serve as Mayor for the unexpired term.

"Section 3.5. **Residency Required.** Members of the governing body of the Village of Misenheimer, whether elected or appointed, must be qualified voters who reside within the corporate limits of the Village in order to qualify to take, hold, and continue in such office.

"ARTICLE IV. ELECTIONS.

"Section 4.1. **Conduct of Village Elections.** Village officers shall be nominated and elected on a nonpartisan basis as provided in G.S. 163-294.

"ARTICLE V. ADMINISTRATION.

"Section 5.1. **Village to Operate Under Mayor-Council Plan.** The Village shall operate under the Mayor-Council form of government as provided in Part 3 of Article 7 of Chapter 160A of the General Statutes.

"ARTICLE VI. TAXES AND BUDGET ORDINANCE.

"Section 6.1. **Commencement of Tax Collection.** From and after the effective date of this act, the citizens and property in the Village of Misenheimer shall be subject to

municipal taxes levied for the year beginning July 1, 2003, and for that purpose the Village shall obtain from Stanly County a record of property in the area herein incorporated which was listed for property taxes as of January 1, 2003.

"Section 6.2. **Budget.** The Village may adopt a budget ordinance for fiscal year 2003-2004 without following the timetable in the Local Government Budget and Fiscal Control Act but shall follow the sequence of actions in the spirit of the act insofar as is practical. For fiscal year 2003-2004, ad valorem taxes may be paid at par or face amount within 90 days of adoption of the budget ordinance and thereafter in accordance with the schedule in G.S. 105-360. If the effective date of the incorporation is prior to July 1, 2003, the Village may adopt a budget ordinance for fiscal year 2002-2003 without following the timetable in the Local Government Budget and Fiscal Control Act but shall follow the sequence of actions in the spirit of the act insofar as practical. No ad valorem taxes may be levied for the 2002-2003 fiscal year."

SECTION 2. This act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO INCORPORATE THE VILLAGE OF MISENHEIMER.

The General Assembly of North Carolina enacts:

SECTION 1. A Charter for the Village of Misenheimer is enacted to read:

"CHARTER OF THE VILLAGE OF MISENHEIMER.

"ARTICLE I. INCORPORATION AND CORPORATE POWERS.

"Section 1.1. **Incorporation and Corporate Powers.** The inhabitants of the Village of Misenheimer are a body corporate and politic under the name 'Village of Misenheimer'. The Village of Misenheimer has all the powers, duties, rights, privileges, and immunities conferred and imposed on cities by the general laws of North Carolina.

"ARTICLE II. CORPORATE BOUNDARIES.

"Section 2.1. **Village Boundaries.** Until modified in accordance with law, the boundaries of the Village of Misenheimer are as follows:

Beginning at a point, the intersection of the extended center line of Wesley Chapel Road and the southern right-of-way of NC 49 Highway, thence from said point of beginning in a southwesterly direction with the southern right-of-way of NC 49 Highway approximately 623 feet to the intersection of the southern right-of-way of NC 49 Highway with the extended southern boundary of PIN 661202680112, thence in a northwesterly direction to the southwestern corner of PIN 661202680112, thence following the western boundary of the aforementioned parcel in a northerly direction to the southwestern corner of PIN 661202594073, thence in a northwesterly direction following the western boundary of PIN 661202594073 to the southern right-of-way of Mattons Grove Church Road, thence in a northwesterly direction to the southwestern corner of PIN 661201497564, thence in a northerly direction along the western boundary of PIN 661201497564 to the southwest corner of PIN 661304501502, thence in a northwesterly direction along the western boundary of the aforementioned parcel to its common corner with PIN 661303426162, thence continuing in a northwesterly direction along the western boundary of the aforementioned parcel approximately 75 feet to a corner, thence in a northeasterly direction along the western boundary of the

aforementioned parcel approximately 128 feet to a corner, thence in a northwesterly direction along the western boundary of the aforementioned parcel approximately 223 feet to a corner, thence in a northwesterly direction along the western boundary of the aforementioned parcel approximately 245 feet to a corner, thence in a southwesterly direction along the western boundary of the aforementioned parcel approximately 765 feet to a corner, thence in a northwesterly direction along the western boundary of the aforementioned parcel approximately 415 feet to a corner, thence in a northeasterly direction along the western boundary of the aforementioned parcel approximately 977 feet to the northeast corner of PIN 661303116744, thence in a northwesterly direction along the western boundary of PIN 661303426162 approximately 775 feet to the southeast corner of PIN 661303240441, thence in a northeasterly direction along the western boundary of PIN 661303426162 approximately 1,720 feet to the southeastern corner of PIN 661303249399, thence in a northwesterly direction along the southern boundary of the aforementioned parcel approximately 322 feet to the southwest corner of the aforementioned parcel, thence in a northeasterly direction along the western boundary of PIN 661303249399, approximately 466 feet to the southern right-of-way of Glenmore Road, thence in a northwesterly direction along the southern right-of-way of Glenmore Road approximately 420 feet to the intersection of the southern right-of-way of Glenmore Road and the extended western boundary of PIN 661301258186, thence in a northeasterly direction along the western boundary of the aforementioned parcel approximately 800 feet to the intersection of the extended western boundary of the aforementioned parcel and the northeastern right-of-way of US 52 Highway, thence in a southeasterly direction along the northern right-of-way of US 52 Highway approximately 1,855 feet to the southwestern corner of PIN 661303448640, thence in a northeasterly direction along the western boundary of the aforementioned parcel to its northernmost corner, thence in a generally southerly direction, following the eastern boundary of the aforementioned parcel to its easternmost corner, said corner also being a common corner with PIN 661304543342, thence in a northwesterly direction along the northern boundary of PIN 661304543342 approximately 145 feet to the northwestern corner of the aforementioned parcel thence in a southerly direction along the western boundary of the aforementioned parcel to the northern right-of-way of US 52 Highway. Thence in a southeasterly direction along the northern right-of-way of US 52 Highway approximately 1,050 feet to the southwestern corner of PIN 661304643049, thence in a northerly direction along the western boundaries of PINs 661304643049, 661304643361, 661304643497, 661304644611, and 661304644846 to the northwest corner of PIN 661304644846, thence in a northerly direction approximately 60 feet to the southwest corner of PIN 661302655348, thence in a northerly direction along the western boundaries of PINs 661302655348 and 661302655544 to the northernmost corner of PIN 661302655544, thence in a southeasterly direction along the northern boundary of the aforementioned parcel approximately 200 feet to the northeastern corner of the aforementioned parcel, thence in a southerly direction approximately 620 feet to the southernmost corner of PIN 661302596350, said point being located in the northwestern right-of-way of Reeves Island Road, thence along the northwestern right-of-way of Reeves Island Road in a

northeasterly direction approximately 350 feet, to the intersection of the northwestern right-of-way of Reeves Island Road and the northwesterly extended northern boundary of PIN 661302752445, thence in a southerly direction along the northern boundary of the aforementioned parcel approximately 300 feet to the southeast corner of PIN 661302596350, thence in a northerly direction crossing the right-of-way of Reeves Island Road approximately 544 feet to the southwest corner of PIN 661302882512, thence in an easterly direction crossing the right-of-way of Reeves Island Road along the northern boundary of PIN 661304847498 and continuing in an easterly direction along the northern boundary of the aforementioned parcel and then in a southerly direction along the eastern boundary of the aforementioned parcel to the southeastern corner of PIN 661304847498, said point also being the northeastern corner of PIN 662303100762, thence in a westerly direction along the southern boundary of PIN 661304847498 approximately 1,235 feet, crossing the right-of-way of US 52 Highway to the southeast corner of PIN 661304914577, thence in a westerly direction along the southern boundary of the aforementioned parcel approximately 570 feet to the southwest corner of the aforementioned parcel, thence in a northwesterly direction along the southwestern boundaries of PINs 661304914577, 661304911763, 661304911954, and 661304920059, to the easternmost corner of PIN 661304825379, thence in a southwesterly direction along the southeastern boundaries of the aforementioned parcel and PINs 661304825234, 661304812626, 661304814927, and 661304712926 to the southeast corner of the aforementioned parcel, thence in an easterly direction along the northern boundary of PIN 661304702603 approximately 1,150 feet to the northeast corner of the aforementioned parcel, thence in a southerly direction along the eastern boundary of the aforementioned parcel approximately 495 feet to a corner, thence in a westerly direction along the boundary of the aforementioned parcel approximately 780 feet to a corner, thence in a southerly direction along the boundary of the aforementioned parcel approximately 780 feet to the southeast corner of PIN 661304702603, thence in a westerly direction along the southern boundary of PIN 661304702603 approximately 1,475 feet to the northeast corner of PIN 661202686946, thence in a southerly direction along the eastern boundary of the aforementioned parcel approximately 820 feet to the northwest corner of PIN 661202780863, thence in a northeasterly direction with the northern boundary of the aforementioned parcel approximately 290 feet to the northeast corner of the aforementioned parcel, thence in a southerly direction with the eastern boundary of the aforementioned parcel approximately 563 feet to the southeastern corner of the aforementioned parcel, thence in an easterly direction approximately 35 feet to the northeast corner of PIN 661202688269, thence in a southerly direction with the eastern boundary of the aforementioned parcel for an approximate distance of 470 feet to the southeast corner of the aforementioned parcel, thence continuing in the same direction to the southern right-of-way of NC 49 Highway, thence in a westerly direction along the southern right-of-way of NC 49 Highway to the point of beginning.

"ARTICLE III. GOVERNING BODY.

"Section 3.1. **Structure of Governing Body; Number of Members.** The governing body of the Village of Misenheimer is the Mayor and the Village Council, which shall have four members.

"Section 3.2. **Temporary Officers.** Until the organizational meeting after the initial election in 2003 provided for by Section 4.1 of this Charter, Chuck Ambrose, Peter Edquist, Maria Fisher, Michael Herron, and Beth Huber are appointed members of the Village Council of the Village of Misenheimer, and they shall possess and exercise the powers granted to the governing body until their successors are elected or appointed and qualified pursuant to this Charter. The temporary officers shall elect a person from among the members of the temporary governing body to serve as interim mayor. If any person named in this section is unable to serve, the remaining temporary officers shall, by majority vote, appoint a person to serve until the initial municipal election is held in 2003.

"Section 3.3. **Manner of Electing Village Council; Term of Office.** The qualified voters of the entire Village shall elect the members of the Village Council, and, except as provided in this section, they shall serve four-year terms. In 2003, the three candidates receiving the highest numbers of votes shall be elected to four-year terms, and the two candidates receiving the next highest numbers of votes shall be elected to two-year terms. In 2005, and quadrennially thereafter, two members shall be elected to four-year terms. In 2007, and quadrennially thereafter, three members shall be elected to four-year terms.

"Section 3.4. **Manner of Electing Mayor; Term of Office; Duties.** At the organizational meeting following each municipal election, the Village Council shall elect one of its members as Mayor, and the Mayor shall serve at the pleasure of the Village Council. The Mayor shall be the official head of Village government and shall preside at all meetings of the Village Council. The Mayor shall exercise such powers and duties as conferred by the general laws of this State and this Charter and as directed by the Village Council. In the case of a vacancy in the office of Mayor, the remaining members of the Village Council shall choose from their membership a person to serve as Mayor for the unexpired term.

"Section 3.5. **Residency Required.** Members of the governing body of the Village of Misenheimer, whether elected or appointed, must be qualified voters who reside within the corporate limits of the Village in order to qualify to take, hold, and continue in such office.

"ARTICLE IV. ELECTIONS.

"Section 4.1. **Conduct of Village Elections.** Village officers shall be nominated and elected on a nonpartisan basis as provided in G.S. 163-294.

"ARTICLE V. ADMINISTRATION.

"Section 5.1. **Village to Operate Under Mayor-Council Plan.** The Village shall operate under the Mayor-Council form of government as provided in Part 3 of Article 7 of Chapter 160A of the General Statutes.

"ARTICLE VI. TAXES AND BUDGET ORDINANCE.

"Section 6.1. **Commencement of Tax Collection.** From and after the effective date of this act, the citizens and property in the Village of Misenheimer shall be subject to

municipal taxes levied for the year beginning July 1, 2003, and for that purpose the Village shall obtain from Stanly County a record of property in the area herein incorporated which was listed for property taxes as of January 1, 2003.

"Section 6.2. **Budget.** The Village may adopt a budget ordinance for fiscal year 2003-2004 without following the timetable in the Local Government Budget and Fiscal Control Act but shall follow the sequence of actions in the spirit of the act insofar as is practical. For fiscal year 2003-2004, ad valorem taxes may be paid at par or face amount within 90 days of adoption of the budget ordinance and thereafter in accordance with the schedule in G.S. 105-360. If the effective date of the incorporation is prior to July 1, 2003, the Village may adopt a budget ordinance for fiscal year 2002-2003 without following the timetable in the Local Government Budget and Fiscal Control Act but shall follow the sequence of actions in the spirit of the act insofar as practical. No ad valorem taxes may be levied for the 2002-2003 fiscal year."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 76:
Incorporate Misenheimer

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Purcell
Date:	June 10, 2003	**Summary by:**	Martha Walston
Version:	Proposed Committee Substitute		Committee Counsel

SUMMARY: ***Senate Bill 76 incorporates the Village of Misenheimer, effective when it becomes law. The Joint Legislative Commission on Municipal Incorporations met and issued a report on May 15, 2003, finding that the proposed Village of Misenheimer meets the standards for incorporation required by Article 20 of Chapter 160A of the General Statutes and recommending that it be incorporated***

The proposed committee substitute changes the date of the initial election of Village officers from 2003 to 2004 and makes corresponding changes to future election years in order to have staggered terms. This change in the date of the initial election is consistent with the date in the Village Charter.

CURRENT LAW: Under Senate Rule 42.3(b), the Joint Legislative Commission on Municipal Incorporations[1] must first consider a bill recommending the incorporation of an area before a Senate or House Committee may consider it. The Commission must decide whether the area to be incorporated meets the standards for incorporation required by Article 20 of Chapter 160A of the General Statutes.

BILL ANALYSIS: The Joint Legislative Commission on Municipal Incorporations recommended incorporation of the Village of Misenheimer on May 15, 2003. The Village of Misenheimer has been in existence for over 100 years. It is home to Pfeiffer University.

The proposed municipality held a public hearing on March 2, 2003, on the proposed incorporation. Fifty-one percent (51%) of the registered voters in the proposed municipality signed the petition for its incorporation.[2] The proposed Village submitted a sufficient plan for providing the following four services: fire protection, police protection, zoning, and solid waste collection. Misenheimer has proposed a $.15/$100 property tax rate with an estimated property tax revenue of $12,300.

The closest existing towns to the proposed Village of Misenheimer are the Towns of Richfield (within 1 mile) and New London (within 4 miles), but they do not exceed the neighboring municipal population thresholds. The Village has a permanent population of more than 150 residents and approximately 600 students in residence at Pfeiffer University. It has a population density of at least 250 persons per square mile. And it meets the development density threshold: 47.35% of the proposed area is developed.

The form of government would be a Mayor and Village Council. The voters would elect five people on a nonpartisan basis in the fall of 2004. The elected members of the Council would elect one of its members to serve as Mayor of the Village. At a public meeting held on March 2, 2003, the voters present elected five people to serve as the Interim Governing Board.

*Cindy Avrette, counsel to Senate Finance, contributed substantially to this summary.

[1] The members of the Commission are: Sen. Hartsell, chair; Sen. Malone, Rep. Jarrell, Rep. Hurley, Mr. Steven Raper, Mr. Jerry Ayscue.

[2] The Stanley County Board of Elections' records show 183 registered voters in the proposed Village and verified 154 registered voter signatures on the petition seeking incorporation.

1. Sales Tax Revenue Change:

Stanly County distributes sales tax revenues on a per capita basis. This analysis uses 2001-02 actual sales tax distribution to show how that distribution would have changed had Misenheimer been incorporated at that time.

Current

County	Municipalities	Population	% Population	Sales Tax Distribution	
Stanly		58,792	69.9%	**7,235,212**	
	Albemarle	15,758	18.7%	1,972,012	
	Badin	1,148	1.4%	154,686	
	Locust	2,449	2.9%	306,784	
	New London	612	0.7%	72,164	
	Norwood	2,203	2.6%	288,182	4.343
	Oakboro	1,191	1.4%	156,648	
	Red Cross	369	0.4%		
	Richfield	516	0.6%	66,357	
	Stanfield	1,130	1.3%	135,206	
	TOTAL	84,168		10,387,252	

With Incorporation

County		Population	% Population	Sales Tax Distribution	Change
Stanly		58,792	69.2%	7,188,616	(46,596)
	Albemarle	15,758	18.5%	1,926,762	(45,249)
	Badin	1,148	1.4%	140,368	(14,318)
	Locust	2,449	2.9%	299,444	(7,340)
	New London	612	0.7%	74,830	2,666
	Norwood	2,203	2.6%	269,365	(18,817)
	Oakboro	1,191	1.4%	145,626	(11,022)
	Red Cross	369	0.4%	45,118	45,118
	Richfield	516	0.6%	63,092	(3,265)
	Stanfield	1,130	1.3%	138,167	2,962
	Misenheimer	784	0.9%	95,861	95,861
	TOTAL	84,952			

2. Powell Bill Allocation Change

Annually state street aid or Powell Bill allocations are made to incorporated municipalities which establish their eligibility and qualify as provided by G.S. 136-41.1-.3. The amount allocated to each municipality is based on both population and qualifying street miles within the municipality.

FY 2001-02 population based allocations assumed a total, statewide municipal population of 4,153,921 and available funds of $97,675,598.26. This created a per capita distribution rate of $ 23.51.

Adding the new population of Misenheimer (784) to the statewide total creates a new population of 4,154,705. However, the change is so small it will not impact the per capita distribution rate of $23.51. Therefore, incorporation will have no impact on the Powell Fund distributions received by other Stanly municipalities.

3. Utility Excise Tax:

Of the 3.22% state excise tax rate on the in-state gross receipts of gas, power and light and telephone companies, 3.09 percentage points (or 96% of collections) are distributed to the respective municipalities within which these services took place. In 1998-99 the statewide total was $161.1 million.

Because Misenheimer only incorporates new areas (areas not currently a part of another municipalities) no revenue shift is expected. Any revenue received by Misenheimer from this tax would be new or drawn from the NC General Fund.

Note: Population numbers used for sales tax and Powell bill allocation vary due to the year used by the controlling agency.

Prepared by Linda Struyk Millsaps, Fiscal Research Division.
June 8, 2003.

A BILL TO BE ENTITLED

AN ACT REQUIRING THE CONTINUING EDUCATION OF PERSONS PRACTICING UNDER THE COSMETIC ART ACT AND CLARIFYING THE REMITTANCE OF CIVIL PENALTIES UNDER THE ACT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 88B-21 reads as rewritten:

"**§ 88B-21. Renewals; expired ~~licenses.~~licenses; inactive status.**

(a) Each license to operate a cosmetic art shop shall be renewed on or before the first day of February of each year. As provided in G.S. 88B-20, a late fee shall be charged for licenses renewed after February 1. Any license not renewed by March 1 of each year shall expire. A cosmetic art shop whose license has been expired for one year or less shall have the license reinstated immediately upon payment of the reinstatement fee, the late fee, and all unpaid license fees. The licensee shall submit to the Board, as a part of the renewal process, a list of all licensed cosmetologists who practice cosmetic art in the shop and shall identify each as an employee or a booth renter.

(b) Cosmetologist licenses shall be renewed on or before October 1 every three years beginning October 1, 1998. A late fee shall be charged for renewals after that date. Any license not renewed shall expire on October 1 of the year that renewal is required. The Board may develop and implement a plan for staggered license renewal and may prorate license fees to implement such a plan.

(c) Apprentice, esthetician, and manicurist licenses shall be renewed annually on or before October 1 of each year. A late fee shall be charged for the renewal of licenses after that date. Any license not renewed shall expire on October 1 of that year.

(d) Teacher licenses shall be renewed every two years on or before October 1. A late fee shall be charged for the renewal of licenses after that date. Any license not renewed shall expire on October 1 of that year.

(e) Prior to renewal of a ~~teacher's~~ cosmetologist's, esthetician's, or manicurist's license, the ~~teacher~~ licensee shall annually complete ~~a minimum of~~ eight hours of

Board-approved continuing education ~~which shall be approved by the Board. Teachers~~ for each year of the licensing cycle. A cosmetologist may complete up to 24 hours of required continuing education at anytime within the cosmetologist's three-year licensing cycle. Licensees shall submit written documentation to the Board showing that they have satisfied the requirements of this subsection. However, licensees who are 62 years of age or cosmetic art teachers do not have to meet the continuing education requirement, unless the licensee is a cosmetic art teacher in active practice as a cosmetologist, esthetician, or manicurist.

(f) If an apprentice, cosmetologist, esthetician, manicurist, or teacher fails to renew his or her license within five years following the expiration date, the licensee shall be required to pay the license fee for each year that the fees are delinquent and to pass an examination as prescribed by the Board before the license will be reinstated.

(g) Cosmetic art school licenses shall be renewed on or before October 1 of each year. A late fee shall be charged for licenses renewed after that date. Any license not renewed by November 1 of that year shall expire. A cosmetic art school whose license has been expired for one year or less shall have its license reinstated upon payment of the reinstatement fee, the late fee, and all unpaid license fees.

(h) Upon request by a licensee for inactive status, the Board may place the licensee's name on the inactive list so long as the licensee is in good standing with the Board. An inactive licensee is not required to complete continuing education requirements. An inactive licensee shall not practice cosmetic art for consideration. However, the inactive licensee may continue to purchase supplies as accorded an active licensee. When the inactive licensee desires to be removed from the inactive list and return to active practice, the inactive licensee shall notify the Board of his or her desire to return to active status and pay the required fee as determined by the Board. As a condition of returning to active status, the Board may require the licensee to complete eight to 24 hours of continuing education pursuant to subsection (e) of this section."

SECTION 2. G.S. 88B-29(a) reads as rewritten:

"(a) Authority to Assess Civil Penalties. – In addition to taking any of the actions permitted under G.S. 88B-24, the Board may assess a civil penalty not in excess of one thousand dollars ($1,000) for the violation of any section of this Chapter or the violation of any rules adopted by the Board. ~~All civil penalties collected by the Board shall be remitted to the school fund of the county in which the violation occurred.~~ The clear proceeds of any civil penalty assessed under this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2."

SECTION 3. Section 1 of this act becomes effective October 1, 2003. Section 2 of this act is effective when it becomes law and applies to violations occurring on or after that date. Section 3 is effective when it becomes law.

"**§ 88B-21. Renewals; expired ~~licenses.~~licenses; inactive status.**

(a) Each license to operate a cosmetic art shop shall be renewed on or before the first day of February of each year. As provided in G.S. 88B-20, a late fee shall be charged for licenses renewed after February 1. Any license not renewed by March 1 of each year shall expire. A cosmetic art shop whose license has been expired for one year or less shall have the license reinstated immediately upon payment of the reinstatement fee, the late fee, and all unpaid license fees. The licensee shall submit to the Board, as a part of the renewal process, a list of all licensed cosmetologists who practice cosmetic art in the shop and shall identify each as an employee or a booth renter.

(b) Cosmetologist licenses shall be renewed on or before October 1 every three years beginning October 1, 1998. A late fee shall be charged for renewals after that date. Any license not renewed shall expire on October 1 of the year that renewal is required. The Board may develop and implement a plan for staggered license renewal and may prorate license fees to implement such a plan.

(c) Apprentice, esthetician, and manicurist licenses shall be renewed annually on or before October 1 of each year. A late fee shall be charged for the renewal of licenses after that date. Any license not renewed shall expire on October 1 of that year.

(d) Teacher licenses shall be renewed every two years on or before October 1. A late fee shall be charged for the renewal of licenses after that date. Any license not renewed shall expire on October 1 of that year.

(e) Prior to renewal of a ~~teacher's~~ cosmetologist's, esthetician's, or manicurist's license, the ~~teacher~~ licensee shall annually complete ~~a minimum of~~ eight hours of Board-approved continuing education ~~which shall be approved by the Board. Teachers~~ for each year of the licensing cycle. A cosmetologist may complete up to 24 hours of

required continuing education at anytime within the cosmetologist's three-year licensing cycle. Licensees shall submit written documentation to the Board showing that they have satisfied the requirements of this subsection. However, licensees who are 62 years of age or cosmetic art teachers do not have to meet the continuing education requirement, unless the licensee is a cosmetic art teacher in active practice as a cosmetologist, esthetician, or manicurist.

(f) If an apprentice, cosmetologist, esthetician, manicurist, or teacher fails to renew his or her license within five years following the expiration date, the licensee shall be required to pay the license fee for each year that the fees are delinquent and to pass an examination as prescribed by the Board before the license will be reinstated.

(g) Cosmetic art school licenses shall be renewed on or before October 1 of each year. A late fee shall be charged for licenses renewed after that date. Any license not renewed by November 1 of that year shall expire. A cosmetic art school whose license has been expired for one year or less shall have its license reinstated upon payment of the reinstatement fee, the late fee, and all unpaid license fees.

(h) Upon request by a licensee for inactive status, the Board may place the licensee's name on the inactive list so long as the licensee is in good standing with the Board. An inactive licensee is not required to complete continuing education requirements. An inactive licensee shall not practice cosmetic art for consideration. However, the inactive licensee may continue to purchase supplies as accorded an active licensee. When the inactive licensee desires to be removed from the inactive list and return to active practice, the inactive licensee shall notify the Board of his or her desire to return to active status and pay the required fee as determined by the Board. As a condition of returning to active status, the Board may require the licensee to complete eight to 24 hours of continuing education pursuant to subsection (e) of this section."

SECTION 2. This act becomes effective October 1, 2003.

HOUSE BILL 971: Cosmetic Art/Continuing Education/Penalty Clarification

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Howard
Date:	June 10, 2003	**Analysis by:**	Martha Walston
Version:	Proposed Comm. Substitute		Committee Counsel

SUMMARY: House Bill 971 amends the Cosmetic Art Act as follows:

- *Requires cosmetologists, estheticians and manicurists to annually complete 8 hours of Board-approved continuing education for each year of the licensing cycle.*
- *Exempts a licensee who is at least 62 years old or is a non-practicing cosmetic art teacher. (underlined language added in proposed committee substitute*
- *Allows a cosmetologist to complete up to 24 hours of the required continuing education at any time within the cosmetologist's three-year licensing cycle.*
- *Authorizes the Board to establish an inactive list of licensees and exempts inactive persons from the continuing education requirements.*
- *Clarifies that the proceeds of any civil penalty will be remitted to the Civil Penalty and Forfeiture Fund established by the General Assembly (added in PCS).*[1]

BILL ANALYSIS: Under current law, a cosmetology teacher, esthetician teacher, or a manicurist teacher must annually compete a minimum of eight hours of Board-approved continuing education before the teacher's license may be renewed. Licensed cosmetologists, estheticians, and manicurists are not required to complete continuing education. House Bill 971 would require licensed cosmetologists, estheticians, and manicurists to annually complete eight hours of Board-approved continuing education, although a cosmetologist may complete up to 24 hours at any time within the cosmetologist's three-year license cycle. House Bill exempts the following licensees from the continuing education requirements: (a) a licensee who is at least 62 years old, and (b) cosmetic art teachers, unless the teacher is actively practicing as a cosmetologist, esthetician, or manicurist.

House Bill 971 authorizes the Board to establish an inactive list of licensees. The inactive licensee must be in good standing with the Board and may not practice cosmetic art for consideration. The inactive licensee is not required to complete continuing education requirements and may continue to purchase supplies as accorded an active licensee. The licensee must notify the Board when he or she desires to return to active status, pay the required fee, and complete any continuing education required by the Board.

[1] Article 31A of Chapter 115C of the General Statutes creates the Civil Penalty and Forfeiture Fund administered by the Office of State Budget and Management. This Fund consists of the proceeds of all civil penalties and civil forfeitures collected by a State agency. These proceeds are transferred to the State School Technology Fund and allocated to local school administrative units on the basis of average daily membership. Litigation is pending to determine several issues, including the issue of whether the N.C. Constitution requires that the proceeds go the school fund of the county in which the violation occurred instead of the School Technology Fund. The parties are awaiting decision of the North Carolina Court of Appeals.

REVENUES					
General Fund	No Impact	No Impact	No Impact	No Impact	No Impact
EXPENDITURES					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: None

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: The proposed bill changes the G.S. 88B-21 by requiring holders of cosmetologist's, esthetician's, or manicurist's licenses, prior to renewal of their licenses, to complete eight hours of continuing education for each year of the licensing cycle. This is an annual requirement. The continuing education program must be approved by the NC Board of Cosmetic Art Examiners (the Board). A cosmetologist may complete up to 24 hours of required continuing education at anytime within the cosmetologist's three-year licensing cycle. Licensees shall submit written documentation to the Board showing that they have satisfied the requirements of this subsection. However, licensees who are 62 years of age or cosmetic art teachers do not have to meet the continuing education requirement, unless the licensee is a cosmetic art teacher in active practice as a cosmetologist, esthetician, or manicurist. Upon request by a licensee for inactive status, the Board may place the licensee's name on the inactive list so long as the licensee is in good standing with the Board. An inactive licensee is not required to complete continuing education requirements. An inactive licensee shall not practice cosmetic art for consideration. However, the inactive licensee may continue to purchase supplies as accorded an active licensee. When the inactive licensee desires to be removed from the inactive list and return to active practice, the inactive licensee shall notify the Board of his or her desire to return to active status and pay the required fee as determined by the Board. As a condition of returning to active status, the Board may require the licensee to complete eight to 24 hours of continuing education pursuant to subsection (e) of G.S. 88B-21.

ASSUMPTIONS AND METHODOLOGY:

There are no accurate estimates available to evaluate fiscal impact of the proposed bill. Training and education for cosmetic art licensees is provided by different agencies and its costs vary broadly (generally between $50 and $180), based on the cosmetic specialty, length of training, and use of equipment. Table 1 presents summary of the data provided by the Board on the number of licenses of various cosmetic art specialists.

Table 1. Cosmetic Art Licenses

Specialty	Number of Licenses	Training Quantity and Frequency
Cosmetologist	45,679	24 hours within three years
Manicurist	8,149	8 hours annually
Esthetician	1,084	8 hours annually

It was impossible to determine the exact number of inactive licenses for each specialty. It was also impossible to determine the number of licenses that become inactive or return to active status on the annual basis. The number of licensees above 62 years of age is not monitored by the Board.

The proposed legislation does not affect any of the programs or departments and does not produce fiscal impact on the State.

TO: Honorable House of Representatives

FROM: N.C. Cosmetology Liaison Council

The North Carolina Cosmetology Liaison Council was formed in 1992 for purpose of uniting the beauty industry. Representation is provided for all phases of the industry, from educators, salon owners, and sales representatives, to the professional associations which make up the Liaison Council.

The goal is to promote professionalism, education, and community welfare in order to better serve the consumer.

In 2000 and 2001, there was a united effort throughout the state spearheaded by the Liaison Council to collect donations of products, supplies, and equipment for the purpose of restoring to operation salons that were destroyed by a hurricane. Seventy-seven salons were reopened. Other projects have been a food drive, collecting over 30, 000 pounds of food and a blood drive that collected 54 pints of blood. The project for this year is to collect personal supplies for the military serving in the Middle East and to assist military families left behind. We have compiled 110 gallon zip lock bags of supplies at this point.

Another goal is to establish requirements for continuing education for all licensed cosmetologists, estheticians, and nail technicians. This will promote a higher level of professionalism and ensure for the consumer optimum quality of service and safety. The Liaison Council is asking for your support for the House Bill #971 requiring eight hours of continuing education yearly for the purpose of renewing licenses. Your support will be greatly appreciated.

Sincerely,

Jo Ann P. Braxton
President of the NC Cosmetology Liaison Council

January 6, 2003

Dear Fellow Professionals:

Our wonderful profession is one that is constantly changing and evolving with new looks, new products, and new techniques on an almost daily basis. In order to prepare ourselves for today's trends we constantly need to upgrade our knowledge and skills. To be professional in a licensed field it is imperative that we expand our knowledge and continue to grow as professionals. Our industry has struggled for many years to be seen as the respected and professional image we have worked so hard to become. One way to accomplish this goal would be for professionals to strongly support continuing education that addresses current needs in our industry.

The North Carolina State Cosmetology Liaison Council (an action committee which bridges the communications between various factions dealing with cosmetology) works closely with the NC State Board of Cosmetology and represents each faction of the beauty industry. In an effort to better serve the needs and desires of the Cosmetology, Esthetics, and Nail Technology professions of North Carolina and in an effort to reflect these needs and desires, the NC Cosmetology Liaison Committee asks that you please fill out and return the survey enclosed in this mail to: **Helen Frazier, 3020 Devonshire Drive, Raleigh, NC 27607.**

Respectfully yours,
Helen Pollard Frazier
NC Cosmetology Liaison Committee

Survey

United Cosmetic Arts Association

Our Association will join together cosmetologist, manicurist, estheticians and salon owners.

We are registered with the IRS as a non-profit organization.
Cost to join is less than $3.35 a month, $40 yearly. Salon owner & salon licensee will work together to benefit our industry. Cosmetologist license fee is $13.00 per year this group are against a fee increase.

We will have a Board of Directors & Executive members, to work for you. We will have our own registered lobbyist at the NC General Assembly. Legislative Director Richard Westbrook and Lobbyist Glenn Lamm. You will get a newsletter from our Association to keep updated progress or changes made.

<u>What has been happening with our State Board of Cosmetic Art Examiners</u>

The past 6 years, NC Cosmetic Arts Board has worked hard to make changes. Mr. Mitchell, Chairman is now off the Board and was replaced by Mr. Toby Kennedy, Chairman. Some changes are as following:

students may spend 10% of their total school hours in an approved salon. As an intern.

A. Require $5.00 postage and handling fee to be sent with any license renewed.
B. No grace period for license renewal, before late fee starts.
C. All students can work in a salon, without pay, before graduating to achieve hours, before State Board Exam. - not new

same bill

D. 2001 General Assembly Fall secession, introduced <u>Continuing Education Bill</u>.

did not come up in short session

E. 2002 General Assembly Spring Secession, reintroduced <u>Continuing Education Bill</u>, again.

F. April 2003 General Assembly Spring secession, introduced House Bill 971, <u>Continuing Education</u>, effective Oct.1, 2003. (If passed) We would be required to complete 24 hours, continuing education. (enclosed is a copy of bill).

You may take 24 in one year or 8hrs per year.

G. April 2003, new <u>House Bill 896</u>, Increase Cosmetic Art fee' increases yearly (if passes).
1. **Combined fee's, $477.00 yearly, added to administration cost. (enclosed is a copy of bill)**

Richard Westbrook and Glenn Lamm are the (outside interest) that got these bills stopped in 2001& 2002. It was mentioned in the new letter, from State Board of Cosmetic Arts, which were sent to salons, and schools only.

This is not going to go away without costing us our income, so we will fight together

HOUSE BILL 806

Short Title:	Rebate and Grant Program for AFVs.	(Public)
Sponsors:	Representatives Tolson; and Insko.	
Referred to:	Finance.	

March 31, 2003

A BILL TO BE ENTITLED

AN ACT TO ESTABLISH AN ALTERNATIVE FUEL AND ALTERNATIVE FUEL VEHICLE REBATE AND INFRASTRUCTURE GRANT PROGRAM.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 113B of the General Statutes is amended by adding a new Article to read:

"Article 3.

"Alternative Fuel and Vehicle Rebate and Infrastructure Grant Program.

"**§ 113B-30. Alternative fuel and vehicle rebate and infrastructure Grant Program established.**

(a) There is created an alternative fuel and vehicle rebate and infrastructure grant program to be administered by the State Energy Office.

(b) The program shall provide for all of the following:

(1) Partial rebates to first owners for incremental cost differences for eligible alternative fueled and hybrid vehicles.

(2) Limited rebates for State taxes paid on the incremental costs of alternative motor fuels.

(3) Grants for alternative motor fuel infrastructure projects.

(c) The program shall include a cap on the number and amounts of rebates and grants to limit them to the available funds. There shall be no entitlement to any rebate or grant under the program.

"**§ 113B-31. Implementation and administration.**

(a) The State Energy Office shall issue rules implementing the program established in G.S. 113B-30.

(b) These rules shall be issued after consultation with other State agencies, including the Departments of Transportation, Correction, Public Instruction, Revenue, and Environment and Natural Resources and interested organizations and businesses.

(c) These rules shall comply with environmental and energy regulations issued by the United States Department of Energy and the Environmental Protection Agency.

"**§ 113B-32. Funding.**

(a) The program established pursuant to G.S. 113B-30 shall be funded by an increase in all registration fees for motor vehicles registered in this State according to the following schedule:

(1) There shall be a one-dollar ($1.00) increase in all registration fees collected by the Division of Motor Vehicles pursuant to any provision in Chapter 20 of the General Statutes for the first three years of the existence of the program.

(2) There shall be a two-dollar ($2.00) increase in all registration fees collected by the Division of Motor Vehicles pursuant to any provision in Chapter 20 of the General Statutes for the fourth through the tenth year of the existence of the program.

(b) The funds collected by the Division of Motor Vehicles shall be transferred quarterly to a special account in the Department of Administration for the State Energy Office to administer the program and provide the rebates and grants.

(c) The State Energy Office and the Division of Motor Vehicles may use up to five percent (5%) of the funds collected pursuant to subsection (a) of this section for the administration of the program.

"**§ 113B-33. Reports.**

(a) The Division of Motor Vehicles shall provide to the State Energy Office quarterly reports of all registered motor vehicles identified by fuel type.

(b) The State Energy Office shall provide an annual report on the expenditure of funds associated with the program established by G.S. 113B-30 and the number of alternative fuel vehicles registered in North Carolina to the Joint Legislative Transportation Oversight Committee."

SECTION 2. This act is effective when it becomes law. The State Energy Office shall issue the rules to implement the program established by this act on or before July 1, 2004. Upon final adoption of the rules, the Division of Motor Vehicles shall begin collecting the additional fees mandated by this act. This act shall expire on June 30, 2014.

HOUSE BILL 806:
Rebate and Grant Program for AFVs.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Rep. Tolson
Date:	June 10, 2003	**Summary by:**	Trina Griffin
Version:	1st Edition		Committee Counsel

SUMMARY: ***House Bill 806 creates the Alternative Fuel and Vehicle Rebate and Infrastructure Grant Program, funded by a $1.00 increase in vehicle registration fees for the first 3 years of the program, and by an additional $1.00 increase for the remaining 7 years of the program. The program would provide rebates to first-time purchasers of AFVs, rebates for State taxes paid on the incremental costs of alternative motor fuels, and grants for the construction of AFV infrastructure projects.***

CURRENT LAW: An alternative fuel vehicle is a vehicle that operates using a source other than gasoline or diesel fuel, such as electricity, natural gas, hydrogen, ethanol, methanol, or fuels derived from biological materials. There are currently no benefits provided by the State, such as tax credits or rebates, for the purchase or use of alternative fuel vehicles or for the use of alternative fuels. North Carolina does offer a corporate tax credit for building an alternative fuel generating facility, such as an ethanol or biodiesel plant.

BILL ANALYSIS:

Purpose of Program

House Bill 806 creates the "Alternative Fuel and Vehicle Rebate and Infrastructure Grant Program" (Program). The State Energy Office, which is a division of the Department of Administration, would administer the Alternative Fuel Rebate and Infrastructure Grant Program. The bill authorizes the State Energy Office to issues rules that would govern the administration of the program. Among other things, the rules would establish the procedures for providing:

- Partial rebates to first owners for incremental cost differences for eligible alternative fueled and hybrid vehicles.
- Limited rebates for State taxes paid on the incremental costs of alternative motor fuels.
- Grants for alternative motor fuel infrastructure projects.

Funding of Program

For the first 3 years of the program, the grants and rebates would be funded from a $1.00 increase in the vehicle registration fee for motor vehicles registered in this State. For the remaining 7 years of the program, it would be funded from an additional $1.00 increase, for a total of a $2.00 increase during those 7 years. However, commitments to rebates and grants may never exceed available funds. The bill directs the State Energy Office to establish a cap on the number and amounts of rebates based on the availability of funds. Up to 5% of the funds collected would be shared by both the State Energy Office and DMV for administrative costs.

Reporting Requirements

The Division of Motor Vehicles would be required to provide to the State Energy Office quarterly reports of all registered motor vehicles identified by fuel type. The State Energy Office would be required to provide an annual report on the expenditure of funds associated with the program and the number of

alternative fuel vehicles registered in North Carolina to the Joint Legislative Transportation Oversight Committee.

EFFECTIVE DATE: The bill becomes effective when it becomes law. The State Energy Office must issue rules to implement the program on or before July 1, 2004. Upon final adoption of the rules, the DMV will begin collecting the fees required by the act. The act would expire on June 30, 2014.

BILL SUMMARY: The bill establishes an alternative fuel and alternative fuel vehicle rebate program to be administered by the State Energy Office. The program will provide partial rebates to first owners for incremental cost differences for eligible alternative fueled and hybrid vehicles, limited rebates for State taxes paid on incremental costs of alternative motor fuels, and grants for alternative motor fuel infrastructure projects. The program would be funded by an additional $1 added to all registration fees for the first three years of the program and an additional $2 added to all registration fees for the remaining seven years of the program. A maximum of 5% of the funds collected can be used by the State Energy Office and DMV to administer the program.

The program is to include a cap on the number and amount of rebates and grants to limit them to the available funds.

The State Energy Office is to issue rules implementing the program on or before July 1, 2004, and upon final adoption of the rules the Division of Motor Vehicles is to begin collecting the additional fees mandated.

ASSUMPTIONS AND METHODOLOGY:

Expenditures

During FY03-04, SEO will be coordinating with other agencies and the industry in establishing rules for the program and DMV will be doing the computer changes necessary for the program. SEO estimates its expenditures at a total of $228,732, as follows:

Program Manager	$50,000
Program Associate	40,000
Administrative Assistant	30,000
Accounting Technician	32,000
Public Info Officer (1/4 time)	11,000
Fringe Benefits	33,132
TOTAL PERSONNEL	$196,132
TRAVEL	7,600
PRINTING and WEBSITE	$25,000
GRAND TOTAL	$228,732

SEO indicates that these administrative costs will continue during the life of the program.

DMV's expenditures during FY03-04 to prepare for the program include modifying the STARS (State Titling and Registration System) for plate fee calculation, updating the fiscal and other reports it prepares to capture the information required, and creation of the quarterly report specified in the bill. DMV estimates the cost of these activities as 300 professional hours times $80 per hour, or $24,000, plus computer overhead charges of $2,400, for a total of $26,400. Starting in FY04-05, during the operation of the program itself, DMV's costs are expected to be nominal and no estimate is shown.

Revenues

DMV estimates that the fee of $1 per vehicle will bring in $8,068,734 during the program's first year and that the number of vehicles will increase by 2% per year. The fee will double in the fourth year of the program. In each year, based on the bill, $228,732 will be used to pay administrative expenses and the remainder will be used for the rebates and grants according to the rules that SEO will be preparing in FY03-04.

SOURCES OF DATA: Division of Motor Vehicles; State Energy Office

TECHNICAL CONSIDERATIONS: The bill provides that SEO and DMV may use up to 5% of the funds collected for administration. However, administrative expenses will begin in FY03-04, while funds will not be collected until FY04-05. The source of funds for administration in FY03-04 is not clear.

House Committee on Finance

Minutes

~

June 11, 2003

The House Committee on Finance met on Wednesday, June 11, 2003 at 8:30 am in Room 544 of the Legislative Office Building. A majority of the members were present for the official conduct of business. Also present were members of Staff as well as Sergeant-at-Arms: Bob Fowler, Bill Freeman, Dusty Rhodes, and Walter Spell. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as attachments 1 and 2.

Chairman Miner called the meeting to order at 8:38 am and immediately recognized the six (6) pages present: (1) Andrew Batchelor of Wake County, sponsored by Representative Church; (2) Jacob Carr of Wake County, sponsored by Representative Capps; (3) Dan Mercer of Wake County, sponsored by Representative Young; (4) Clarke Munford of Wake County, sponsored by (and the son of) Representative Munford; (5) Henry Neese of Wake County, sponsored by Representative Munford; and (6) Cole Phillips of Wake County, sponsored by Representative Miner.

As the first matter of business before the Committee, Chairman Miner recognized Representative Justus to explain her bill: **HB 232 – INCORPORATE MILLS RIVER** (see attachment 3). She explained that the bill was supported by the entire legislative delegation for the area and was also endorsed by the City of Asheville. The bill acts to incorporate the Town of Mills River in Henderson County and to enact a charter setting out the powers and duties of the Town. She also noted that a council manager form of government would govern the Town, with five members being elected to the Town Council. Representative Justus stated that the only opposition she was aware of was from the Town of Fletcher. Mr. Milton Byrd, Councilman from the Town of Fletcher, was present and did speak in opposition to the bill. He stated that the Fletcher Town Council unanimously opposed the bill and requested that the Committee delay action on this matter until a "mutually beneficial" compromise could perhaps be made between the Fletcher and Mills River communities. Representative Justus opposed such a delay stating that numerous attempts at compromise had been made and remained unsuccessful to date. Representative Howard was then recognized by the Chair and moved for a favorable report on HB 232. As there was no other discussion among the members, Chairman Miner called the vote and the motion carried by consent.

The Chair then recognized Senator Horton to explain **SB 119 – EXPAND HISTORIC PRESERVATION CREDIT** (see attachment 4). Representative Howard moved the adoption of the Proposed Committee Substitute (PCS) of SB 119 for the purposes of discussion. The motion carried without opposition. Senator Purcell then explained that the bill acts to extend a tax credit on preservation efforts taken by taxpayers to restore historically significant items (i.e. real estate properties, etc.). Following this explanation, Representative Womble was recognized and moved for a favorable report as to the PCS on SB 119, and unfavorable as to the original bill. Representative Luebke was recognized by the Chair and expressed his concerns that, while he supports the bill, he does not believe that the State cant afford to lose any further funds from the General Fund to expand this credit. He then sent forth an amendment to change the title of the bill and delete Section 2 of the bill. Representative Ross spoke against the Luebke amendment and stated that the

PCS of the bill does not expand the credit and that an amendment is not necessary. She also asked to hear from the public on the matter. Chairman Miner then recognized Murray Gould, with Gould and Associates, who stated that the high levels of investment required by current law makes it very difficult for investors to qualify for the credit. He stated the need to keep section 2 of the bill and opposed Representative Luebke's amendment. The Chair then recognized the bill sponsor, Senator Horton, who stated that the Luebke amendment "guts the entire bill." He further reiterated that this credit only applies to those who actually restore properties in the state (and that property restoration brings new revenues as well). Representative Holliman was recognized and stated that while he supports the bill, it feels that there are many other issues that should take priority over the State's budget, especially given the poor fiscal condition of the State at the present time. Questions from members regarding the fiscal impact of the bill were posed to Richard Bostic (staff), who stated that it was difficult to rate the direct impact. Representative Ellis was then recognized and requested that staff draw up an amendment that requires the North Carolina Department of Revenue to create a specific field on tax returns for this credit so that an actual accrual of the amount claimed under this credit could be gauged. Senator Horton voiced his support of such an amendment. Representative Luebke was then recognized once again and desired to pose several questions concerning Section 2 of the bill Martha Harris (staff). Ms. Harris, however, was not present at the meeting, as she had been called away. Chairman Miner then ruled to displace the bill until Ms. Harris available to address Representative Luebke's concerns.

Sen. Kerr was recognized next by the Chairman to explain **SB 936 – WAIVE DEADLINES FOR TROOPS** (see attachment 5). The Senator stated his pleasure to be in the House Finance Committee. He explained that the bill simply waives some deadlines on voting and refunds of tuition for troops called into battle under Operation Iraqi Freedom and affects only a small number of people overall. The Chair then recognized Representative Holliman who moved for a favorable report. The motion carried by consent.

Chairman Miner recognized Senator Kerr once again to explain **SB 236 – REVENUE ADMINISTRATIVE CHANGES** (see attachment 6). Senator Kerr explained the bill as "a clean-up bill" affecting various sections of the State's Revenue Laws. (See bill summary in attachment 6 for further details of these administrative changes.) He also favored an amendment that sunset several of the provisions of the bill in 2005, as an effort to address the concerns of some private business owners who will be affected by the bill. Chairman Miner sent forth this amendment and moved its adoption. The amendment was adopted. Representative Alexander was then recognized to make a motion that SB 236 receive a favorable report as a PCS (incorporating the adopted amendment), and an unfavorable report as to the original bill.

For consideration of his third and final bill before the Committee, Senator Kerr was again recognized by the Chair to explain **SB 934 – DWI PROVIDER AUTHORIZATION FEES** (see attachment 7). The Chair recognized Representative Howard who moved the adoption of the PCS on SB 934 for discussion purposes. The motion carried by consent. The Senator explained that this bill closes a possible loophole in the state's DWI enforcement laws. He stated it was supported by all of the law enforcement agencies. He further stated that the bill acts to create quality assessment centers for DWI offenders, as there is currently no measurement system for the quality of these centers. The bill would direct a fee to be charged to the providers of these assessments, which would allow the Department of Health and Human Services (DHHS) to monitor and provide quality control. Following this explanation, Representative Alexander asked a question regarding the need for these quality controls on assessors. Michael Isen with the DHHS was present to address

the question and stated that the need had arisen from various complaints about assessments up to the present. Representative Alexander also asked Mr. Isen how long the costs for an assessment in the state had been $50.00. He stated that the costs had been at that rate for approximately 15 years. Representative Alexander then addressed the Committee stating that while this bill does not raise the assessment fee to those receiving the service, these assessments are very expensive and the current rate of $50.00 is not adequate. She stated that the Committee should consider raising these fees in the near future, especially as the number of assessments continues to increase. However, the Chair recognized Ms. Sonya Brown, also with DHHS, who stated that fee increases for those receiving these services is not timely given the national (and state) reform of the Mental Health System. The Chair then recognized Representative Holliman who raised the question as to why the state intends to provide the monitoring of these assessment centers when almost all mental health programs are handled on the local level. Ms. Brown was once again recognized and stated that similar to the fee increases, localized rather than statewide monitoring is not a good option amidst the ongoing reforms of the mental health system. Representative Holliman was then recognized by the Chair for a follow-up statement and informed the Committee members of his belief that this system, just like any other, would not work as well as it could unless it started on the local level. Following some other discussion, Representative Hackney was recognized for a motion of favorable report as to the PCS on SB 934, and unfavorable as to the original bill. Representative Glazier was then recognized and expressed his belief that these controls on providers are necessary, even though most are likely providing quality services. With the conclusion of general discussion among the members, Chairman Miner recalled Representative Hackney's motion and called it to a vote. The motion carried without opposition.

As the final matter of business before the Committee, Chairman Miner recognized Representative Goodwin to speak on behalf of Senator Purcell on **SB 76 – INCORPORATE MISENHEIMER** (see attachment 8). For the purposes of discussion, Representative Howard moved adoption of the PCS to SB 76. The motion carried without objection. Representative Goodwin presented several handouts to members (see attachment 8) and explained that the bill was coming back before the Committee because it was displaced from the calendar during the June 10, 2003 meeting. He briefly reviewed the content of the bill, noting that it involves the incorporation of the Village of Misenheimer, located in the northern part of Stanley County and the home of Pfeiffer University. He further noted that the bill had received a favorable recommendation from the Municipal Incorporations Commission. The President of Pfeiffer University, Mr. Charles M. Ambrose, was also present and stated his support of the incorporation of Misenheimer. Chairman Miner then recognized Representative Howard who moved for a favorable report as to the PCS for SB 76, and an unfavorable report as to the original bill. Following some brief discussion among the members, the Chair called Representative Howard's motion to a vote. The motion carried by consent.

As time the Committee's meeting time had expired, Chairman Miner immediately adjourned the meeting at 9:57 am.

Respectfully submitted,

Representative David Miner
Presiding Chair

Jason A. Cannon
Clerk

HOUSE BILL 232*

Committee Substitute Reported Without Prejudice 6/3/03

Short Title: Incorporate Mills River. (Local)

Sponsors:

Referred to:

March 5, 2003

A BILL TO BE ENTITLED

AN ACT TO INCORPORATE THE TOWN OF MILLS RIVER.

The General Assembly of North Carolina enacts:

SECTION 1. A Charter for the Town of Mills River is enacted to read:

"CHARTER OF THE TOWN OF MILLS RIVER.

"ARTICLE I. INCORPORATION AND CORPORATE BOUNDARIES.

"Section 1.1. **Incorporation and Corporate Powers.** The inhabitants of the Town of Mills River are a body corporate and politic under the name 'Town of Mills River'. Under that name they shall have all the powers, duties, rights, privileges, and immunities conferred and imposed on cities by the general law of North Carolina.

"ARTICLE II. CORPORATE BOUNDARIES.

"Section 2.1. **Town Boundaries.** Until modified in accordance with the law, the boundaries of the Town of Mills River are as follows:

Beginning at a point at the Buncombe-Henderson County line on Pennsylvania Road (SR 1348) and traveling South to the Intersection with North Mills River Road (SR 1345). Turning Northwest on North Mills River Road (SR 1345) until the Intersection with Whitaker Lane (SR 1341). Turning South on Whitaker Lane (SR 1341) until the Intersection with South Mills River Road (SR 1338). Continuing South along Henderson County Land Records parcel lines known as 0802005 along the Southern edge; 9933871 along the Southern edge; 0800935 along the Northern and Eastern edges; 9900853 along the Eastern edge; 0801109 along the Eastern edge; 9965467 along the Southeastern edge; 9935627 along the Southeastern edge; 9935626 along the Southern edge; until reaching the Mills River Fire District line. Continuing West along the United States Forest Service property line and the Mills River Fire District line across what is commonly known as "Forge Mountain" to the Transylvania County line. Following the Transylvania County line South to the Mills River Fire District line and then along with the Mills River Fire District line Southeast to Ladson Road. Turning East on Ladson Road (SR 1314) until reaching the Intersection of Schoolhouse Road (SR 1426). Continuing East until the Intersection with Haywood Road (Hwy 191). Turning North

on Haywood Road (Hwy 191) until reaching Hooper Lane (SR 1353). Turning East on Hooper Lane (SR 1353), including the property on the Southeast side of the road listed with the Henderson County Land Records as: 0803205 along the Eastern edge; 9945652 along the Eastern and Northern edges; and rejoining Hooper Lane (SR 1353). Following Hooper Lane (SR 1353) until reaching Jeffress Road (SR 1345). Turning North along Jeffress Road (SR 1345) until its Intersection with Butler Bridge Road (SR 1352). Following Butler Bridge Road (SR 1352) Northeast until reaching the Mills River Fire District line. Following the Mills River Fire District line North and Northwest back to the Buncombe-Henderson County line on Pennsylvania Road (SR 1348).

"ARTICLE III. GOVERNING BODY.

"Section 3.1. **Structure of Governing Body; Number of Members.** The governing body of the Town of Mills River is the Town Council, which shall have five members.

"Section 3.2. **Temporary Officers.** Until the organizational meeting after the initial election in 2003 provided for by Section 4.1 of this Charter, Roger D. Snyder, Lois M. Pryor, Wayne S. Carland, James R. Cowan, and Linda F. Brittain are appointed members of the Town Council of the Town of Mills River, and they shall possess and exercise the powers granted to the governing body until their successors are elected or appointed and qualified pursuant to this Charter. If any person named in this section is unable to serve, the remaining temporary officers shall, by majority vote, appoint a person to serve until the initial municipal election is held in 2003.

"Section 3.3. **Manner of Electing Town Council; Terms of Office.** Two of the Council members shall be elected at large from the residents of the Town and three shall be elected from each of Districts 1, 2, and 3 respectively, as provided in Article IV of this Charter. The qualified voters of the entire Town shall elect all the members of the Town Council, and, except as provided in this section, they shall serve four-year terms. In 2003, two Council members shall be elected at large and they shall serve for four-year terms, and one Council member shall be elected from each of Districts 1, 2, and 3, respectively and they shall serve for two-year terms. In 2005, and quadrennially thereafter, one Council member shall be elected from each of Districts 1, 2, and 3 respectively and they shall serve for four-year terms. In 2007, and quadrennially thereafter, two members shall be elected at large and they shall serve for four-year terms.

"Section 3.4. **Manner of Electing Mayor; Term of Office; Duties.** At the organizational meeting following each municipal election, the Town Council shall elect one of its members as Mayor, and the Mayor shall serve at the pleasure of the Town Council. The Mayor shall be the official head of Town government and shall preside at all meetings of the Town Council. The Mayor shall exercise such powers and duties as conferred by the general laws of this State and this Charter and as directed by the Town Council. In the case of a vacancy in the office of Mayor, the remaining members of the Town Council shall choose from their membership a person to serve as Mayor for the unexpired term.

"Section 3.5. **Vacancies.** Notwithstanding the provisions of G.S. 160A-63, a person appointed by the Town Council to fill a vacancy on the Council shall serve for the remainder of the unexpired term.

"ARTICLE IV. ELECTIONS.

"Section 4.1. **Conduct of Town Elections.** Town elections shall be conducted on a nonpartisan basis and the results determined by plurality, as provided in G.S. 163-292. Elections shall be conducted by the Henderson County Board of Elections in accordance with general law, except as may be modified by this Charter.

"Section 4.2. **Regular Municipal Elections; District Boundaries.** Regular municipal elections shall be held in each odd-numbered year in accordance with the uniform municipal election laws of North Carolina. For purpose of the election of Town Council members, the Town is divided into three geographical subdivisions, known as districts, and all qualified voters of the Town may cast a vote for each seat. A written description or map showing the current boundaries of the three election districts shall be maintained in the office of the Town Clerk and shall be available for public inspection. The district boundaries may be amended periodically pursuant to the provisions of general law. Whenever areas are hereafter annexed and made part of the Town, the Town Council shall, by ordinance, redefine and rearrange the three election districts so as to include the annexed areas. The ordinance shall be adopted at least seven days prior to the opening of candidate filing for the municipal election next succeeding the date of any annexation and shall provide for three election districts of approximately equal population. In redefining and rearranging the election district lines, the Town Council shall follow as nearly as practical existing district lines.

"Section 4.3. **Residency Required.** Candidates for election to district seats on the Town Council shall reside in and represent their respective districts, but all candidates for Town Council shall be nominated and elected by all the voters of the Town.

"ARTICLE V. ADMINISTRATION.

"Section 5.1 . **Town to Operate Under Council-Manager Plan.** The Town shall operate under the Council-Manager form of government as provided in Part 2 of Article 7 of Chapter 160A of the General Statutes.

"ARTICLE VI. TAXES AND BUDGET ORDINANCE.

"Section 6.1. **Commencement of Tax Collection.** From and after the effective date of this act, the citizens and property in the Town of Mills River shall be subject to municipal taxes levied for the year beginning July 1, 2003, and for that purpose the Town shall obtain from Henderson County a record of property in the area herein incorporated which was listed for property taxes as of January 1, 2003.

"Section 6.2. **Budget.** The Town may adopt a budget ordinance for fiscal year 2003-2004 without following the timetable in the Local Government Budget and Fiscal Control Act but shall follow the sequence of actions in the spirit of the act insofar as is practical. For fiscal year 2003-2004, ad valorem taxes may be paid at par or face amount within 90 days of adoption of the budget ordinance and thereafter in accordance with the schedule in G.S. 105-360. If the effective date of the incorporation is prior to July 1, 2003, the Town may adopt a budget ordinance for fiscal year 2002-2003 without following the timetable in the Local Government Budget and Fiscal Control Act but shall follow the sequence of actions in the spirit of the act insofar as practical. No ad valorem taxes may be levied for the 2002-2003 fiscal year.

"ARTICLE VII. ORDINANCES.

"Section 7.1. **Ordinances.** Except as otherwise provided in this Charter, the Town of Mills River is authorized to adopt such ordinances as the Town Council deems necessary to the governance of the Town.

"ARTICLE VIII. MISCELLANEOUS PROVISIONS.

"Section 8.1. **Expenses.** The entities sponsoring incorporation shall be entitled to recover from the Town expenses of sponsoring incorporation in the amount of five hundred dollars ($500.00) or greater, provided that the entities seeking recovery shall submit written requests for reimbursement and shall be subject to annual audit. The Town Council may reimburse expenses after the first full fiscal year. To receive reimbursement, all requests must be submitted prior to the end of the second fiscal year."

SECTION 2. The temporary officers of the Town of Mills River shall, at least seven days prior to the opening of candidate filing for the initial municipal elections, adopt a plan to divide the Town into three districts for the purpose of municipal elections as provided in Article IV of this Charter. The plan shall immediately be transmitted to the Henderson County Board of Elections.

SECTION 3. Notwithstanding G.S. 163-294.2, the filing period for the Town Council for the 2003 municipal election shall open at 12:00 noon on the first Monday in August and shall close at 12:00 noon on the first Friday in August.

SECTION 4. This act is effective when it becomes law.

HOUSE BILL 232:
Incorporate Mills River

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Rep. Justus
Date:	June 11, 2003	**Analysis by:**	Cindy Avrette
Version:	2nd Edition		Committee Counsel

SUMMARY: House Bill 232 is a local bill that would incorporate the Town of Mills River in Henderson County and enact a charter setting out the powers and duties of the Town. The Joint Legislative Commission on Municipal Incorporations could not recommend incorporation of the Town in its report on May 15, 2003, because the area proposed to be incorporated is not sufficiently developed. The Commission concluded that the proposed Town met the other standards required by Article 20 of Chapter 120 of the General Statutes.

Senate Bill 287, sponsored by Senator Apodaca, is a companion bill.

BILL ANALYSIS: House Bill 232 incorporates the Town of Mills River under a council-manager form of government. There will be five members of the Town Council. The Town will be divided into three geographic areas and one member will be elected from each district. Two members will be elected at-large. Candidates for election to district seats must reside in the respective district, but all the voters of the Town shall elect all candidates for Town Council. The members of the Council will elect one of its members to serve as mayor. Prior to the initial 2003 election, specifically named persons will serve as interim Town Council. At the initial election, the Town Council will be elected to staggered four-year terms. Elections will be on a nonpartisan basis.

The Town's Charter would provide that the entities sponsoring incorporation would be entitled to recover from the Town expenses of sponsoring incorporation in the amount of $500 or more, provided the entities seeking recovery submitted written requests for reimbursement and agreed to be subject to an annual audit. The Town Council could reimburse the expenses after the first full fiscal year. To receive reimbursement, all requests would have to be submitted prior to the end of the second fiscal year.

BACKGROUND: Article 20 of Chapter 120 of the General Statutes creates the Joint Legislative Commission on Municipal Incorporations and sets out the procedures for review of the statutory requirements for incorporation. The Commission, with the help of the Division of Community Assistance of the Department of Commerce, found that the proposed Town of Mills River satisfied all but one of the following requirements:

- The petition must be signed by 15% of the registered voters in the proposed area, but by not less than 25 registered voters. The petition was signed by 1,748 of the 3,769 voters in the proposed area. The Henderson County Board of Elections verified the petition.
- The petition contained the necessary information, including a plan to provide a reasonable level of services and an ad valorem tax levy of at least 5¢ per $100 valuation.

The Town proposes to provide fire protection, police protection, street lighting, and solid waste collection with a proposed tax rate of $.075 per $100 valuation

- The proposed area must have a permanent population of at least 100 and a population density (either permanent or seasonal) of at least 250 persons per square mile. The Town of River Mills would contain an estimated population of 6,890 based on the 2000 census. The Town is composed of an area of 21.5 square miles, resulting in a density of approximately 320 persons per square mile.[1]
- The proposed area must not be within a certain radius of other incorporated municipalities. The Town is within one mile of the City of Asheville. However, pursuant to the statutory requirements, the City of Asheville has given its express approval of the incorporation of the Town of Mills River by a resolution dated February 25, 2003.
- At least 40% of the proposed area must be developed for residential, commercial, industrial, institutional, or governmental uses, or is dedicated as open space. Only 26.19% of the proposed Town of Mills River is developed.

[1] The North Carolina Department of Commerce, Division of Community Assistance, based its assessment of the area's population density on the number of dwelling units in the proposed Town and the average number of persons per household for Henderson County and an occupancy tax rate of 93.36%. Based on its assessment, the population density is 261 persons per square mile.

1. Sales Tax Revenue Change:

Henderson County distributes sales tax revenues on a per capita basis. This analysis uses 2001-02 actual sales tax distribution to show how that distribution would have changed had Mills River been incorporated at that time.

Current

County	Municipalities	Population	% Population	Sales Tax Distribution
Henderson		91,544	81.8%	14,636,054.17
	Flat Rock	2,653	2.4%	402,740.01
	Fletcher	4,339	3.9%	666,057.24
	Hendersonville	11,256	10.1%	1,735,920.91
	Laurel Park	2,061	1.8%	335,431.95
	Saluda	4	0.0%	
	TOTAL	111,857		17,776,204

With Incorporation

County		Population	% Population	Sales Tax Distribution	Change
Henderson		91,544	78.2%	13,899,322	(736,732)
	Flat Rock	2,653	2.3%	402,811	71
	Fletcher	4,339	3.7%	658,800	(7,258)
	Hendersonville	11,256	9.6%	1,709,023	(26,898)
	Laurel Park	2,061	1.8%	312,926	(22,506)
	Saluda	4	0.0%	-	-
	Mills River	5221	4.5%	792,716	792,716
	TOTAL	117,078		17,775,597	

2. Powell Bill Allocation Change

Annually state street aid or Powell Bill allocations are made to incorporated municipalities which establish their eligibility and qualify as provided by G.S. 136-41.1-.3. The amount allocated to each municipality is based on both population and qualifying street miles within the municipality.

FY 2001-02 population based allocations assumed a total, statewide municipal population of 4,153,921 and available funds of $97,675,598.26. This created a per capita distribution rate of $ 23.51.

Adding the new population of Mills River (5221) to the statewide total creates a new population of 4,159,142 and a per capita allocation of $23.48. The impact of this change on Henderson municipalities is as follows:

Municipalities	Population	Current Allocation	Prospective Allocation	Change
Flat Rock*	2,653	n/a	n/a	
Fletcher	4,339	102,027.56	101,879.72	(147.84)
Hendersonville	11,256	264,674.40	264,290.88	(383.52)
Laurel Park	2,061	48,462.50	48,392.28	(70.22)
Saluda	4	n/a	n/a	
Mills River	5221	n/a	n/a	5221.00

* Does not qualify for Powell Bill Fund.

3. Utility Excise Tax:

Of the 3.22% state excise tax rate on the in-state gross receipts of gas, power and light and telephone companies, 3.09 percentage points (or 96% of collections) are distributed to the respective municipalities within which these services took place. In 1998-99 the statewide total was $161.1 million.

Because Mills River only incorporates new areas (areas not currently a part of another municipalities) no revenue shift is expected. Any revenue received by Mills River from this tax would be new or drawn from the NC General Fund.

Note: Population numbers used for sales tax and Powell bill allocation vary due to the year used by the controlling agency.

Prepared by Linda Struyk Millsaps, Fiscal Research Division.

The taxpayer must take a credit allowed in this Article against only one of the taxes against which it is allowed. The taxpayer must elect the tax against which a credit will be claimed when filing the return on which the first installment of the credit is claimed. This election is binding. Any carryforwards of the credit must be claimed against the same tax."

SECTION 4. Section 1 of this act is effective when it becomes law. Section 2 of this act is effective for taxable years beginning on or after January 1, 2003. The remainder of this act becomes effective for taxable years beginning on or after January 1, 2004.

SENATE BILL 119:
Expand Historic Preservation Credit

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Sen. Horton
Date:	June 10, 2003	**Analysis by:**	Martha Walston
Version:	2nd Edition		Committee Counsel

SUMMARY: Senate Bill 119 amends the historic preservation tax credits as follows:

- *Removes the January 1, 2004 sunset on provision that permits a pass-through entity to allocate among its owners the tax credit for income-producing property. Amends this provision to permit a pass-through entity to allocate the credit to an owner if an owner's adjusted basis in the pass-through entity is at least 40% of the amount of credit allocated to that owner.*
- *Provides that the historic preservation tax credits may be taken against the franchise tax, the gross premiums tax, and the income tax. The taxpayer must elect one of the taxes against which the credit is to be taken. Current law allows the credit to be taken only against the income tax.*

House Bill 1288, sponsored by Rep. Ross, is a companion bill.

BILL ANALYSIS: Section 1 of Senate Bill 119 removes the January 1, 2004 sunset on the provision in the historic rehabilitation tax credit that permits a pass-through entity to allocate among its owners the tax credit for income-producing property. This section is effective when it becomes law.

Section 2 of Senate Bill 119 increases the amount of the credit for income-producing property that a pass-through entity may allocate among its owners. Current law requires that the credit can be allocated to an owner of the pass-through entity as long as the amount of credit allocated to the owner does not exceed the owner's adjusted basis in the pass-through entity, as determined under the Internal Revenue Code. Senate Bill 119 provides that the owner's adjusted basis must be at least 40% of the credit allocated to that owner. This section is effective for taxable years beginning on or after January 1, 2003.

Section 3 of Senate Bill 119 provides that the historic rehabilitation tax credits may be taken against the franchise tax, the income tax, and the gross premiums tax. The taxpayer may elect only one of these taxes for this purpose, and this election is binding for any carryforwards of the credit. This section becomes effective for taxable years beginning on or after January 1, 2004.

CURRENT LAW: G.S. 105-129.35 allows an income tax credit of 20% of the expenses of rehabilitating an income-producing historic structure. G.S. 105-129.36 allows an income tax credit of 30% of the expenses of rehabilitating an historic structure that is not income-producing. The credit for income-producing structures is lower because federal law also allows a 20% credit for those expenses, yielding a combined credit of 40%. The 20% credit is allowed only if the

taxpayer qualifies for the federal credit and the 30% credit is allowed only if the taxpayer does not qualify for the federal credit. The credit may not be taken for the tax year the property is placed in service but must be taken in installments over five years after the historic structure is placed in service. Any unused portion of a credit may be carried forward for a five-year period.

A pass-through entity may qualify for the rehabilitation credit and pass the credits on to its owners. A pass-through entity is an entity, such as a partnership, a limited liability company, or a Subchapter S corporation, that is treated as owned by individuals or other entities under federal tax law and whose income, losses, and credits are reported by the owners on their State income tax returns.

Under the Internal Revenue Code, tax credits are allocated among S corporation shareholders in accordance with their pro rata share of the corporation, which is determined on the basis of stock ownership, and tax credits are allocated among partners in a partnership in accordance with the partnership agreement. The allocation made by the partnership agreement must have a substantial economic effect, which means that the allocation agreement must reflect the economic interest of the partners in the partnership and cannot be based solely on tax consequences. Therefore, the allocation agreement of partners cannot give one partner 100% of the income, loss, or credits of the partnership. A pass-through entity may allocate the credit for rehabilitating an income-producing historic structure among any of its owners, as long as the amount of the allocated credit does not exceed the owner's adjusted basis in the entity, as determined under the Code. The adjusted basis is determined at the end of the taxable years in which the historic structure is placed in service. Each year an allocated credit is claimed, the pass-through entity and its owners must include a statement with their tax return that shows both the allocation made and the allocation that would otherwise have been required under G.S. 105-131.8 and G.S. 105-269.15. G.S. 105-131.8 provides that the tax credit allowed a shareholder in a Subchapter S corporation is based on the percentage of stock held by the shareholder in the corporation. G.S. 105-269.15 provides that the tax credit allowed a partner is based on the partnership agreement, which must have substantial economic effect.

EXPENDITURES					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Cultural Resources – State Historic Preservation Office; Department of Revenue

EFFECTIVE DATE: Section 1 (removal of sunset) is effective when it becomes law. Section 2 (allocation) is effective for taxable years beginning on or after January 1, 2003. The remainder of the act becomes effective for taxable years on or after January 1, 2004.

BILL SUMMARY: The bill removes the January 1, 2004 sunset on a pass-through provision for the tax credit for rehabilitating income-producing historic structures. The bill allows a pass-through entity that qualifies for the historic rehab credit to allocate the credit among its owners in its discretion as long as an owner's adjusted basis is at least 40% of the amount of the credit allocated to that owner. The bill also allows the credit to be used against the franchise tax and the gross premiums tax.

BACKGROUND: The National Park Service of the U.S. Department of the Interior administers a federal income tax credit equal to 20% of qualified rehabilitation expenditures for certified historic structures that are used in connection with a trade or business or held for the production of income. This credit is available for both residential rental buildings and nonresidential buildings. In order to qualify, the property itself must be either listed in the National Register, or located in a registered historic district and be certified as being of historic significance. All rehabilitation work must meet The Secretary of the Interior's Standards for Rehabilitation and must be approved by the State Historic Preservation Office (SHPO).

From 1993 to 1997, North Carolina investors eligible for the Federal Rehabilitation Investment Tax Credit were allowed a state income tax credit equal to one-fourth of the federal amount (5%). The 1997 General Assembly expanded the State income tax credit from 5% to 20% for rehabilitating an income-producing historic structure, effective for tax years beginning on or after January 1, 1998. (S.L. 1997-139) The credits may not be taken in one year, but must be spread out in installments over five years after the historic structure is placed in service. Any unused portion of a credit may be carried forward for a five-year period.

ASSUMPTIONS AND METHODOLOGY:

No estimate can be made of the actual fiscal impact of this bill. In theory, the bill has been proposed to increase the likelihood that the historic rehab tax credits will be fully utilized by taxpayers. However, the General Assembly's Fiscal Research Division has assumed from 1997 (the year the credit increased to 20%), that 100% of the tax credits have been used and have built 100% utilization of the historic credit into the General Fund availability forecast. All efforts to determine the actual cost of the credit program failed for reasons explained below.

From 1989 to 1997, the Journal of Multistate Taxation and Incentives reported North Carolina had 268 federally certified historic rehab projects valued at $125.3 million. The average project size in this period was $468,000 and the average number of projects each year was 30. The increase in the state credit in 1998 saw a significant increase in projects and in the size of projects. From 1998 through March 2003, $178.7 million was spent on rehabbing 199 historic structures. On average in the 1998-2003 period, 38 projects were completed each year at cost of $900,000 per project.

Income Producing Projects - Completed			
Tax Year	**# Of Projects**	**Rehab Expenses**	**Avg. Proj. Cost**
1998	27	$6,748,550	$249,946
1999	36	$25,187,152	$699,643
2000	44	$39,385,678	$895,129
2001	50	$74,117,018	$1,482,340
2002	30	$27,229,772	$907,659
J - M 2003	12	$6,035,293	$502,941
	199	$178,703,463	$898,007

As shown in the chart below, the General Fund impact of these credits is lessened by the requirement that the tax credit be taken over five years. In FY 02-03, the actual credit earned is $6,906,727, an amount slightly lower than the original projection of $7.2 million made in 1997.

I. Income Producing Projects - Completed

Tax Year	Credit Amount	FY 98-99	FY 99-00	FY 00-01	FY 01-02	FY 02-03
1998	$1,349,710	$269,942	$269,942	$269,942	$269,942	$269,942
1999	$5,037,430		$1,007,486	$1,007,486	$1,007,486	$1,007,486
2000	$7,877,136			$1,575,427	$1,575,427	$1,575,427
2001	$14,823,404				$2,964,681	$2,964,681
2002	$5,445,954					$1,089,191
J - M 2003	$1,207,059					
General Fund Revenue Loss		**$269,942**	**$1,277,428**	**$2,852,855**	**$5,817,536**	**$6,906,727**
Original 1997 Estimate		**$1,050,000**	**$2,250,000**	**$3,750,000**	**$5,400,000**	**$7,200,000**

While the data above shows the amount of tax credits taxpayers are eligible for each year, it does not reveal the percentage of tax credits claimed each year. The Department of Revenue was asked to report on the amount of income-producing historic rehab credits taken in tax years 2000 and 2001. The Department's Tax Research Division responded that it could only determine the number of corporate taxpayers that claimed the historic rehab credit, because the agency's ITAS computer system does not contain information on the individuals that claim the credit. ITAS does not capture data on individual historic rehab tax credits, because the credit is one of a number of credits filed on Form D-400TC as a miscellaneous credit. The only way for the Department to determine the number of individual tax credits taken would be to manually search through 28,000 tax returns each year that claim a miscellaneous credit.

The Tax Research Division data on corporate historic rehab credits shows $893,265 was claimed in tax year 2000. Since these credits would probably have been claimed in the FY 2001-02 period, the reported $893,265 is only 15% of the $5.8 million in available credits that year. For the 2001 tax year, $725,703 in corporate credits were claimed out of $6.9 million credits available in FY 2002-03 (10.5%). Without the individual tax credit information, the corporate data is meaningless. No conclusion on credit utilization can be drawn from existing Department of Revenue or Department of Cultural Resources data.

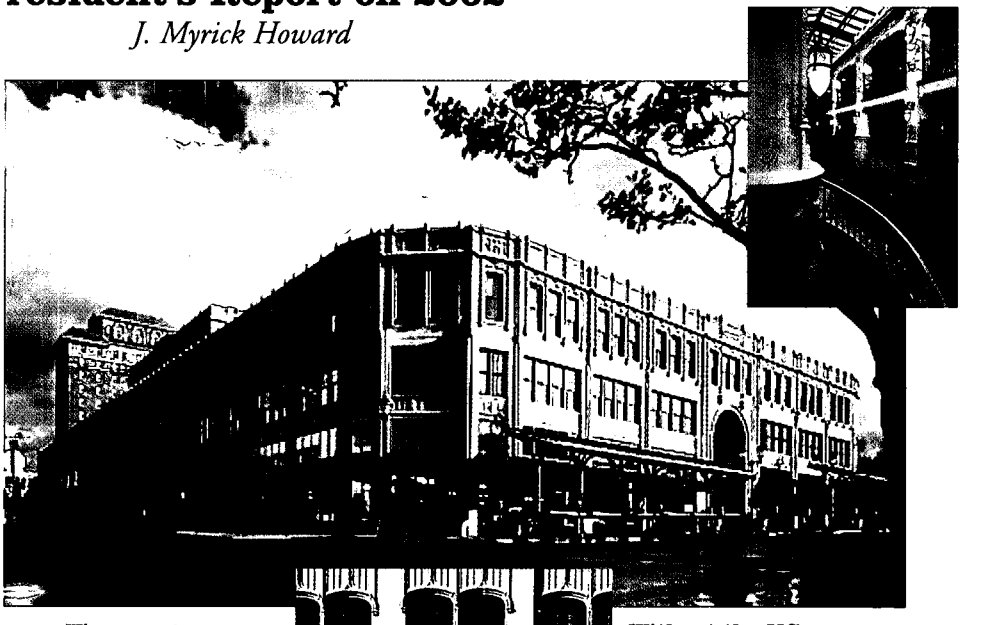
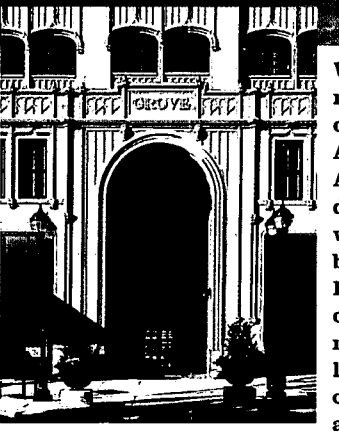
The Real News of 2002:
Historic Rehabilitation Soars

President's Report on 2002

J. Myrick Howard

Amidst recession, concerns about terrorism, legislative battles over budgets and redistricting, and a buildup for war, Preservation North Carolina had a successful year of historic preservation. Thanks to loyal supporters, low interest rates, a stable real estate market, and good luck, PNC made it through 2002 in the black (with an operating surplus of less than $1,000!), unlike many nonprofits. Most nonprofits saw their charitable contributions drop, and if they received public financial support, they faced abrupt funding reductions. Preservation North Carolina was fortunate. Though contributions were down only slightly in 2002, property revenue took up the slack. The following pages will describe the numerous and varied projects that Preservation North Carolina (PNC) undertook in 2002.





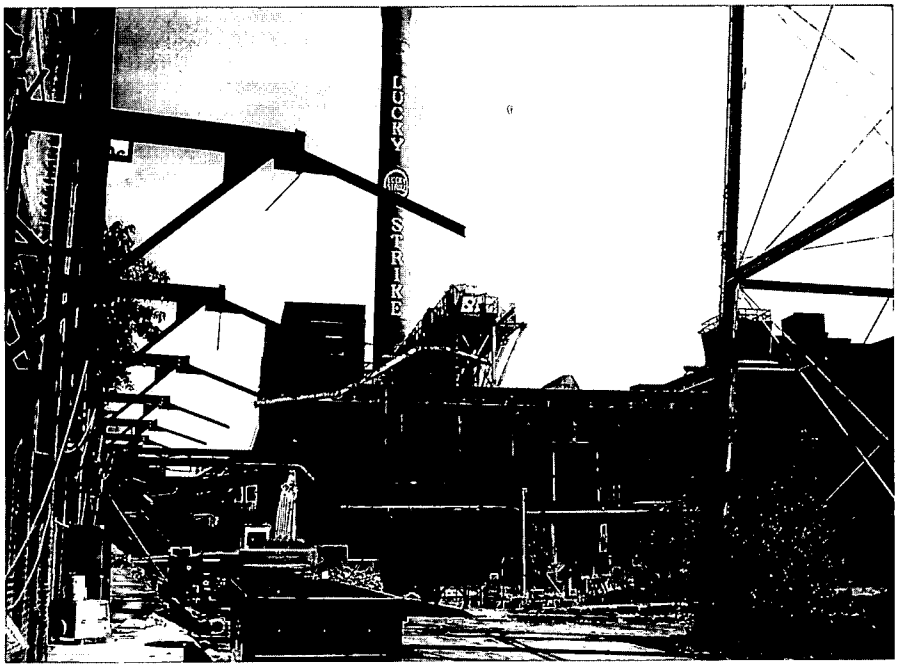
Without the NC rehabilitation tax credits, the magnificent Art Deco-style Grove Arcade in the heart of downtown Asheville would probably still be a bricked-up fortress. Instead, the ground floor of the arcade is a public market filled with locally owned and operated shops, stalls, and "daytables" for sale of home grown/home made farm and craft products. The shops include fresh food vendors, prepared food vendors, restaurants, craft shops, and various neighborhood businesses, showcasing many of Western North Carolina's best products. Offices and luxurious apartments are located on the upper floors of the building. (Photos courtesy of Weaver Cooke Construction)

The most important preservation news in North Carolina in 2002 was the continued success of the North Carolina Rehabilitation Tax Credits — advocated by PNC in 1996, enacted by nearly unanimous votes in the North Carolina General Assembly in 1997, and implemented in 1998. Many of the projects conceived — or recalculated in light of new incentives — since the beginning of 1998 are now coming to fruition, improving the landscape in many North Carolina cities and towns.

Despite the recession in North Carolina dating back to Hurricane

The mission of Preservation North Carolina is to protect and promote buildings, sites and landscapes important to the heritage of North Carolina.

Published by Preservation North Carolina | **Est. 1939** | *Number 123*



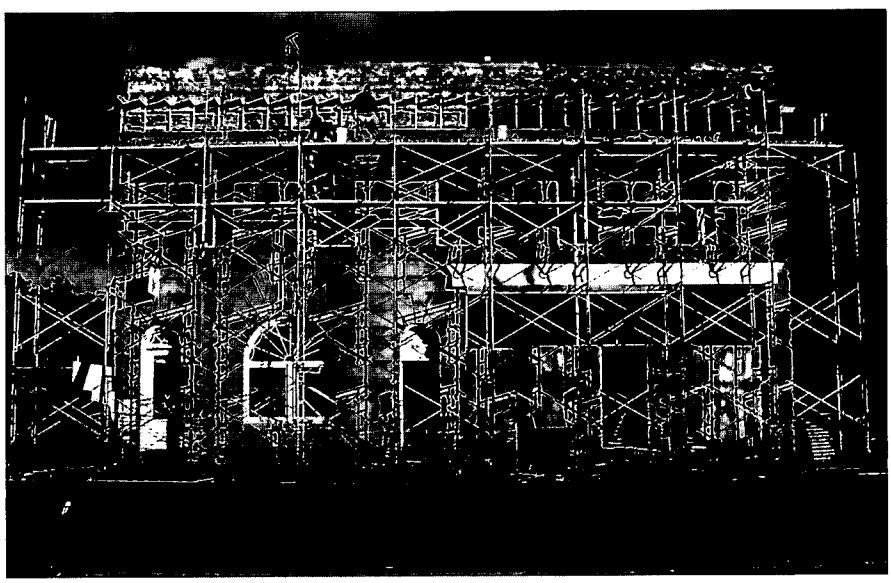
The NC historic rehabilitation tax credits have made possible the renovation of the American Tobacco Historic District in Durham, one of the state's largest redevelopment projects ever. In the words of the developer, "the American Tobacco District is the ongoing revitalization of the city's most prominent downtown industrial complex. Over 1.4 million square feet of mixed use space incorporates shops, residences, and class A offices all situated beside the Durham Bulls Triple A baseball park. These combine with a live performance theater and public green spaces to create a unique, high-density development unlike any other in North Carolina."

household incomes of North Carolina residents. Over 5,000 rental-housing units have been created or rehabilitated — many for low- to moderate-income families.

Even the most successful economic development agencies would be envious of the amount of investment being leveraged with State funds and the overall level of economic impact. But the numbers tell only part of the story. The results can be seen on the ground, from the coast to the mountains:

- The long-awaited restoration of the magnificent Art Deco Grove Arcade in Asheville.
- The numerous new upper-floor residential units in downtown Asheville.
- The symbolic renovation of the Lucky Strike smokestack in downtown Durham, where work has begun on the rehabilitation of the American Tobacco Complex, a $120 million project.
- The renovation of several other historic tobacco facilities in downtown Durham for housing, offices, restaurants and other uses — such as West Village, the Brodie Duke Warehouse, City Center, etc.
- The revival of Glenwood South in Floyd in 1999, the number and size of historic rehabilitation projects has blossomed, creating new jobs, building local tax bases, and encouraging new investment in North Carolina's town centers. The numbers are impressive. In 1997, the last year before the implementation of the new North Carolina tax credits, 23 projects were completed, for rehabilitation expenditures totaling $6,062,428. During the last three years (2000-02), the annual number of projects has averaged 115 (a 500% increase), with the annual investment averaging $46,910,823 (a 774% increase).

Since 1976, 1,088 completed "certified rehabilitation" projects have been reviewed by the North Carolina State Historic Preservation Office (HPO) involving $483.3 million dollars in construction costs. HPO staff estimate that North Carolina's rehabilitation expenditures on income- and non-income-producing projects have created 20,000 new full-time jobs, have added $1.06 billion dollars to the state's economy, and have added $387.1 million dollars to the



Small-town renovation projects are the toughest, and the North Carolina historic rehabilitation tax credits have stimulated many substantial rehab projects in the heart of small downtowns, like the historic 1912 First National Bank Building in Creedmoor. To quote Joel Panara of Grayson Research, its developer: "the project would never have been attempted without the credits.... The tax credit program is essential if we want to save a bit of history for future generations and, in this case, maintain the vitality of downtown areas."

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2003

S 1

SENATE BILL 936

Short Title:	Waive Deadlines for Troops.	(Public)
Sponsors:	Senator Kerr.	
Referred to:	Finance.	

April 3, 2003

A BILL TO BE ENTITLED

AN ACT TO WAIVE VARIOUS DEADLINES, FEES, AND PENALTIES FOR DEPLOYED MILITARY PERSONNEL.

The General Assembly of North Carolina enacts:

SECTION 1. Deployed Military Personnel Defined. – As used in this act, the term 'deployed military personnel' includes both of the following:

(1) A member of the armed forces or the armed forces reserves of the United States on active duty in support of Operation Iraqi Freedom on or after January 1, 2003.

(2) A member of the North Carolina Army National Guard or the North Carolina Air National Guard called to active duty in support of Operation Iraqi Freedom on or after January 1, 2003.

SECTION 2. Proof. – A copy of a soldier's military orders specifying deployment is conclusive evidence of the soldier's deployment.

SECTION 3. Waiver of Deadlines, Fees, and Penalties. – Except as prohibited by the Constitution, the Governor may extend deadlines and waive penalties or fees as is necessary to alleviate hardship created for deployed military personnel serving in Operation Iraqi Freedom. This authority includes the authority to do all of the following:

(1) Extend for up to 90 days from the end of deployment the validity of a permanent or temporary drivers license issued under G.S. 20-7 to deployed military personnel.

(2) Waive civil penalties and restoration fees under G.S. 20-309 for any deployed military personnel whose motor vehicle liability insurance lapsed during the period of deployment or within 90 days after the soldier returned to North Carolina if the soldier certifies to the Division of Motor Vehicles that the motor vehicle was not driven on the highway by anyone during the period in which the motor vehicle

was uninsured and that the owner now has liability insurance on the motor vehicle.

(3) Allow up to 90 days from the end of deployment for any deployed military personnel to renew a license as defined in G.S. 93B-1. During the period of deployment or active duty and until the expiration of the 90-day period provided for in this subdivision, expired licenses that are within the scope of this act remain valid, as if they had not expired.

(4) Require that any renewal fee applicable to the renewal of a license under subdivision (3) of this section be prorated over the period covered by the license and reduced in proportion to the period of time that the licensee was deployed outside the State.

SECTION 4.(a) Property Taxes. – Notwithstanding G.S. 105-360 or G.S. 105-330.4, deployed military personnel are allowed 90 days after the end of their deployment to pay property taxes at par, for any property taxes that became due or delinquent during the term of the deployment. For these individuals, the taxes for the relevant tax year do not become delinquent until after the end of the 90-day period provided in this section, and an individual who pays the property taxes before the end of the 90-day period is not liable for interest on the taxes for the relevant tax year. If the individual does not pay the taxes before the end of the 90-day period, interest accrues on the taxes according to the schedule provided in G.S. 105-360 or G.S. 105-330.4, as applicable, as though the taxes were unpaid as of the date the taxes would have become delinquent if not for this section.

SECTION 4.(b) Notwithstanding G.S. 105-307, deployed military personnel required to list property for taxation while deployed are allowed 90 days after the end of the deployment to list the property. For these individuals, the listing period for the relevant tax year is extended until the end of the 90-day period provided in this act, and an individual who lists the property before the end of the 90-day period is not subject to civil or criminal penalties for failure to list the property required to be listed during deployment.

SECTION 5.(a) Community College Refunds. – Upon request of the student, each community college shall:

(1) Grant a full refund of curriculum tuition and fees to military reserve and national guard personnel called to active duty or active personnel who have received temporary or permanent reassignments as a result of military operations that make it impossible for them to complete their course requirements; and

(2) Buy back textbooks through the colleges' bookstore operations to the extent possible. Colleges shall use distance-learning technologies and other educational methodologies to help these students, under the guidance of faculty and administrative staff, complete their course requirements.

SECTION 5.(b) Upon request of the student, each community college shall:

(1) Grant a full refund of extension registration fees to military reserve and national guard personnel called to active duty or active personnel

who have received temporary or permanent reassignments as a result of military operations that make it impossible for them to complete their course requirements; and

(2) Buy back textbooks through the colleges' bookstore operations to the extent possible. Colleges shall use distance-learning technologies and other educational methodologies to help these students, under the guidance of faculty and administrative staff, complete their course requirements.

SECTION 5.(c) This section applies to the 2002-2003 and 2003-2004 academic years only.

SECTION 6.(a) UNC System Refunds. – This section is intended to assist the constituent institutions of The University of North Carolina in situations in which students request refunds of tuition or fees because of involuntary or voluntary service in the military or because of circumstances related to national emergencies.

Upon request of the student, all constituent institutions may issue a full refund of tuition and required fees to students who are involuntarily called to active duty in the military after a semester or term begins.

All constituent institutions should have a process for determining on a case-by-case basis whether to grant a full refund of tuition and required fees to students who volunteer for military service or who request to withdraw because of circumstances related to a national emergency.

Constituent institutions should determine under what circumstances students who withdraw because of military service or circumstances related to national emergencies should be given the option of receiving incompletes in their courses instead of receiving tuition and fee refunds.

Constituent institutions should determine whether or not to give full or pro rata refunds of housing, parking, and other optional fees to students to whom they give tuition and required fee refunds.

Constituent institutions that offer courses on military bases should defer to their contracts with the military in making determinations concerning withdrawal from courses due to changes in assignments of military personnel.

It is recommended that every campus review its policy on tuition refunds and make modifications necessary to cover the circumstances described in this section.

SECTION 6.(b) Legislative Tuition Grants. – Students who are receiving the North Carolina Legislative Tuition Grant who lose their full-time student status due to a call to active military duty or circumstances related to national emergencies shall not be required to repay the Legislative Tuition Grant for that semester. The North Carolina State Education Assistance Authority shall implement this subsection.

SECTION 6.(c) This section applies to the 2002-2003 and 2003-2004 academic years only.

SECTION 7. This act is effective when it becomes law.

SENATE BILL 936 :
Waive Deadlines for Troops

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Kerr
Date:	June 11, 2003	**Summary by:**	Cindy Avrette
Version:	1st Edition		Committee Counsel

SUMMARY: Senate Bill 936 would provide assistance to military personnel called to active duty in support of Operation Iraqi Freedom on or after January 1, 2003, as follows:

- *Deadlines, fees, and penalties associated with the expiration of drivers' licenses and the lapse of motor vehicle liability insurance would be extended and/or waived.*
- *Deployed personnel would have additional time to list property for taxation and to pay property taxes.*
- *Community colleges and colleges would grant full refunds of tuition to military reserve and National Guard personnel called to active duty and active personnel who, because of their reassignments, are unable to complete courses, and would buy back textbooks to the extent possible. The constituent institutions of the UNC system may issue refunds and should determine whether or not to give full or pro rata refunds of housing, parking and other optional fees to students to whom they give tuition and required fee refunds.*
- *Students receiving the North Carolina Legislative Tuition Grant would not be required to repay the grant for a semester that they lose their full-time student status due to a call to active military duty.*

The act would become effective when it becomes law.

BACKGROUND: Similar legislation was enacted for military personnel deployed or called to active duty during Operation Desert Storm, S.L. 1991-160, and during Operation Enduring Freedom and Noble Eagle, S.L. 2001-508.

BILL ANALYSIS: Senate Bill 936 waives deadlines, fees, and penalties for deployed military personnel. The term "deployed military personnel" is defined as a member of any of the following that are called to active duty in support of Operation Iraqi Freedom on or after January 1, 2003:

- Armed forces or armed forces reserves of the United States.
- North Carolina Army National Guard or the North Carolina Air National Guard.

A copy of a soldier's military orders specifying deployment is conclusive evidence of the soldier's deployment.

Section 3 of the bill allows the Governor to extend deadlines and waive fees for deployed military personnel, including the following:

- Extend for up to 90 days the validity of a drivers license. Senate Bill 936 and House Bill 1159 address this issue in a more definite manner for the future by establishing a military drivers license.[1]

[1] SB 935 is in Senate Finance and HB 1159 is in Senate Transportation. The bill establishing the military drivers license would become effective January 1, 2004.

- Extend for up to 90 days the validity of an occupational license and to allow for the prorating of any renewal fee associated with an occupational license.
- Waive any civil penalty and restoration fees associated with motor vehicle liability lapses if the soldier certifies that the motor vehicle was not driven during the period in which the vehicle was uninsured and that the vehicle is now insured. The Division of Motor Vehicles currently has policies and procedures in place to handle military personnel on a case-by-case basis. Fines, penalties, and revocations are waived if a person is deployed or unable to handle their business due to military actions.

Section 4 of the bill would extend property tax deadlines for deployed military personnel. Section 4(a) provides that these individuals are allowed 90 days after the end of their deployment to pay property taxes that became due or delinquent during the deployment. If the taxes are paid within this 90-day period, no interest is due. Section 4(b) of the act provides that deployed military personnel are allowed 90 days after the end of their deployment to list for taxation property that was otherwise required to be listed during their deployment. If the property is listed within this 90-day period, no penalties for failure to list apply. Property taxes for the 2001-02 fiscal year would otherwise be due September 1, 2002, and interest would begin to accrue on the taxes from January 6, 2003. The regular listing period for property taxes for the 2003-04 year ended on January 31, 2003.

Sections 5 and 6 would allow community college and UNC system refunds and waiver of legislative tuition grants to deployed students who are unable to complete the semester. As a result of the 2001 legislation for students called to active duty during Operation Enduring Freedom and Noble Eagle, the State Board of Community Colleges and the UNC System have policies on this issue. The State Board of Community Colleges authorized the initiation of the rule-making process to make permanent military tuition refunds when students are unable to complete their course requirements because they are called to active duty in September 2001.[2] Effective October 12, 2001, the UNC Policy Manual has guidelines for refunds of tuition and fees for students serving in the military or in the case of national emergency.[3]

[2] 23 NCAC 02D.0202(f) and 23 NCAC 02D.0203(e). The wording of the rule is practically verbatim the language in Section 5(a) and (b) of Senate Bill 936.
[3] The wording of the policy reads practically verbatim the language in Section 6(a) of Senate Bill 936.

NORTH CAROLINA GENERAL ASSEMBLY

LEGISLATIVE FISCAL NOTE

BILL NUMBER: Senate Bill 936 (First Edition)

SHORT TITLE: Waive Deadline for Troops

SPONSOR(S): Senator Kerr

FISCAL IMPACT

Yes ( ) **No ( )** **No Estimate Available (X)**

	FY 2003-04	FY 2004-05	FY 2005-06	FY 2006-07	FY 2007-08
REVENUES					
General Fund	No Fiscal Impact				
Highway Fund	No Estimate Available				
Occupational Licensing Boards	No Estimate Available				
Local Governments	No Estimate Available				
EXPENDITURES					
POSITIONS: (cumulative)					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Transportation - Division of Motor Vehicles, Occupational Licensing Boards, City and County Governments, Community College System, The University of North Carolina, State Education Assistance Authority

EFFECTIVE DATE: Sections 5 and 6 (Community college and UNC tuition and fees) apply only to FY 2002-03 and FY 2003-04. This act is effective when it becomes law.

BILL SUMMARY:

This legislation waives deadlines, penalties, and fees for military personnel on active duty in support of Operation Iraqi Freedom. Troops will have 90 days from the end of their deployment to renew their driver's license, renew their motor vehicle liability insurance, renew an occupational license, pay current year property taxes, and list property for next year's property tax. The bill also directs the Community College System to refund tuition and fees for military personnel called to active duty and to help those students complete their course work through distance learning and other educational methodologies. The University of North Carolina is asked to consider the full refund of tuition and fees to military personnel on active duty. Active duty personnel will not be asked to repay their Legislative Tuition Grants to the State Education Assistance Authority.

BACKGROUND:
Similar bills were approved by the General Assembly in 1991 and 1995. In 1991, HB 745 (Chapter 160) provided a grace period for listing and paying property taxes for members of the armed forces involved in Operation Desert Storm. The soldiers involved in Bosnia's Operation Joint Endeavor received the same property tax grace period in SB 1179 (Chapter 691).

ASSUMPTIONS AND METHODOLOGY:
According to a May 2, 2003, report in the *Raleigh News and Observer*, approximately 29,950 military personnel from North Carolina bases and National Guard units have been deployed for assignments in the Middle East. Some of the units will return to their bases before the end of this fiscal year. For example, about 100 personnel from Seymour Johnson have returned and 1,200 members of the Army's 82nd Airborne Division will return by mid May.

Sections 3 and 4 may cause a delay in revenue collection from FY 02-03 to FY 03-04 for driver's licenses (Highway Fund), occupational licenses (Licensing Board Special Accounts), and property tax collections (local governments). However, it is not possible to estimate this temporary fiscal impact. The General Assembly's Fiscal Research Division does not have access to records of military personnel assigned to Operation Iraqi Freedom, nor could it easily match driver records, local tax records, and occupational license records to military personnel if such records were available.

Section 5 has no fiscal impact on the Community College System because in 1999, the System adopted administrative rules 23 NCAC 02D .0202 (f) and 23 NCAC 02D .0203 (e) to grant a full refund of tuition and fees to military reserve and National Guard personnel called to active duty or active personnel assigned out of state. The rules also allow textbook buyback and distance learning.

Section 6(a) has no fiscal impact on the University of North Carolina (UNC) because UNC developed guidelines in 2001 to issue a full refund of tuition and fees to students involuntarily called to active duty in the military. The guidelines are almost verbatim to the language in section 6(a).

Section 6(b) has no fiscal impact because no reversions of tuition grants from military personnel are budgeted by the State Education Assistance Authority.

SENATE BILL 236*
Finance Committee Substitute Adopted 5/28/03

Short Title: Revenue Administrative Changes. (Public)

Sponsors:

Referred to:

February 27, 2003

A BILL TO BE ENTITLED

AN ACT TO MODIFY THE DIVIDEND RECEIVED DEDUCTION FOR REGULATED INVESTMENT COMPANIES AND REAL ESTATE INVESTMENT TRUSTS TO ENSURE THAT ALL DIVIDENDS ARE TREATED UNIFORMLY, TO EXTEND FOR TWO YEARS THE DEPARTMENT OF REVENUE'S AUTHORITY TO OUTSOURCE THE COLLECTION OF IN-STATE TAX DEBTS, TO AMEND THE MOTOR FUEL TAX LAWS, AND TO MAKE VARIOUS ADMINISTRATIVE CHANGES IN THE TAX LAWS.

The General Assembly of North Carolina enacts:

PART 1. MODIFY DIVIDEND RECEIVED DEDUCTION FOR RICs AND REITs.

SECTION 1.1. G.S. 105-130.7 and G.S. 105-130.5(b)(3) are repealed.

SECTION 1.2. G.S. 105-130.4(c) reads as rewritten:

"(c) Rents and royalties from real or tangible personal property, gains and losses, interest, ~~dividends less the portion deductible under G.S. 105-130.7,~~dividends, patent and copyright royalties and other kinds of income, to the extent that they constitute nonbusiness income, less related expenses shall be allocated as provided in subsections (d) through (h) of this section."

SECTION 1.3. G.S. 105-130.4(f) reads as rewritten:

"(f) Interest and net dividends are allocable to this State if the corporation's commercial domicile is in this State. For purposes of this section, the term "net dividends" means gross dividend income received less related ~~expenses and less that portion of the dividends deductible under G.S. 105-130.7.~~expenses."

PART 2. AVOID DUPLICATIVE REPORTING REQUIREMENTS REGARDING SALES OF SEIZED PROPERTY.

SECTION 2. G.S. 105-242(a)(2) reads as rewritten:

"(2) The Secretary may issue a warrant or order under the Secretary's hand and seal to any revenue officer or other employee of the Department of Revenue charged with the duty to collect taxes, commanding the

officer or employee to levy upon and sell the taxpayer's personal property, including that described in G.S. 105-366(d), found within the State for the payment of the tax, including penalties and interest. Except as otherwise provided in this subdivision, the levy upon the sale of personal property shall be governed by the laws regulating levy and sale under execution. The person to whom the warrant is directed shall proceed to levy upon and sell the personal property subject to levy in the same manner and with the same powers and authority normally exercised by sheriffs in levying upon and selling personal property under execution, except that the property may be sold in any county, in the discretion of the Secretary. In addition to the notice of sale required by the laws governing sale of property levied upon under execution, the Secretary may advertise the sale in any reasonable manner and for any reasonable period of time to produce an adequate bid for the property. Levy and sale fees, plus actual advertising costs, shall be added to and collected in the same manner as taxes. The Secretary is not required to file a report of sale with the clerk of superior court, as required by the laws governing sale of property levied upon under execution, if the sale is otherwise publicly reported."

PART 3. EXTEND AUTHORITY TO CONTINUE USING OUTSIDE COLLECTION AGENCIES.

SECTION 3. Section 9 of S.L. 2001-380 reads as rewritten:

"**SECTION 9.** Section 3 of this act becomes effective November 1, 2001. Section 6 of this act is effective on and after July 1, 2001. Section 8 of this act becomes effective ~~October 1, 2003.~~ October 1, 2005. The remainder of this act is effective when it becomes law and applies to tax debts that remain unpaid on or after that date."

PART 4. REVISE SECRECY PROVISION TO REFLECT TRANSFER OF DMV ENFORCEMENT TO THE DIVISION OF THE STATE HIGHWAY PATROL.

SECTION 4. G.S. 105-259(b)(7) reads as rewritten:

"(7) To exchange information with the ~~Division of Motor Vehicles of the Department of Transportation~~ Division of the State Highway Patrol of the Department of Crime Control and Public Safety or the International Fuel Tax Association, Inc., when the information is needed to fulfill a duty imposed on the Department of Revenue or the ~~Division of Motor Vehicles.~~Division of the State Highway Patrol of the Department of Crime Control and Public Safety."

PART 5. BASE LOCAL SALES TAX DISTRIBUTIONS ON TAXPAYER DATA.

SECTION 5. G.S. 105-472(a) reads as rewritten:

"(a) County Allocation. – The Secretary shall, on a monthly basis, allocate to each taxing county for which the Secretary collects the tax the net proceeds of the tax collected in that county under this Article. For the purpose of this section, "net

proceeds" means the gross proceeds of the tax collected in each county under this Article less taxes refunded, the cost to the State of collecting and administering the tax in the county as determined by the Secretary, and other deductions that may be charged to the county. If the Secretary collects local sales or use taxes in a month and the taxes cannot be identified as being attributable to a particular taxing county, the Secretary shall allocate the taxes among the taxing counties in proportion to the amount of taxes collected in each county under this Article during that month and shall include them in the monthly distribution. Amounts collected by electronic funds transfer payments are included in the distribution for the month in which the return that applies to the payment is due."

PART 6. SIMPLIFY PROCEDURE FOR HOLD HARMLESS CALCULATION.

SECTION 6. G.S. 105-521(b) reads as rewritten:

"(b) Distributions. – On or before May 1 of each year, the Department of Revenue and the Fiscal Research Division of the General Assembly must each submit to the Secretary and to the General Assembly a final projection of the estimated amount that all local governments would be expected to receive during the upcoming fiscal year under G.S. 105-520 if every county levied the tax under this Article for the fiscal year. If the Secretary does not use the lower of the two final projections to make the calculation required by this subsection, the Secretary must report the reasons for this decision to the Joint Legislative Commission on Governmental Operations within 60 days after receiving the projections.

On or before ~~September 15, 2003, and each September 15 thereafter,~~August 15 of each year, the Secretary must multiply each local government's local sales tax share by the estimated amount that all local governments would be expected to receive during the current fiscal year under G.S. 105-520 if every county levied the tax under this Article for the year. If the resulting amount is less than one hundred percent (100%) of the local government's repealed reimbursement amount, the Secretary must pay the local government the difference, but not less than one hundred dollars ($100.00).

~~On or before May 1, 2003, and each May 1 thereafter, the Office of State Budget and Management and the Fiscal Research Division of the General Assembly must each submit to the Secretary and to the General Assembly a final projection of the estimated amount that all local governments would be expected to receive during the upcoming fiscal year under G.S. 105-520 if every county levied the tax under this Article for the fiscal year. If the Secretary does not use the lower of the two final projections to make the calculation required by this subsection, the Secretary must report the reasons for this decision to the Joint Legislative Commission on Governmental Operations within 60 days after receiving the projections.~~"

PART 7. CLARIFY THAT THE FILING FEE FOR AN ANNUAL REPORT IS NONREFUNDABLE.

SECTION 7. G.S. 55-1-22 is amended by adding a new subsection to read:

"(d) The fee for the annual report in subdivision (23) of this section is nonrefundable."

PART 8. CLARIFY ELIGIBILITY FOR R&D CREDIT.

SECTION 8.1. G.S. 105-129.4(a) is amended by adding a new subdivision to read:

"(7) Research and development. – For the purpose of determining eligibility under this subsection for the credit for research and development in G.S. 105-129.10, the following special rules apply:

a. If the primary activity of an establishment of the taxpayer in this State is computer services, the taxpayer's qualified research expenditures in this State are considered to be used in computer services.

b. For all other taxpayers, the taxpayer's qualified research expenditures in this State are considered to be used in the primary business of the taxpayer."

SECTION 8.2. The General Assembly finds that the amendment to G.S. 105-129.4 made by this Part clarifies the intent of the existing law and does not represent a change in the law. Accordingly, G.S. 105-129.4(a)(7)a. applies to taxable years beginning on or after January 1, 2001, and G.S. 105-129.4(a)(7)b. applies to taxable years beginning on or after January 1, 1996.

PART 9. REQUIRE ADDITIONAL DATA ON CORPORATE INCOME TAX RETURNS OF CERTAIN AFFILIATED CORPORATIONS.

SECTION 9. G.S. 105-130.16 is amended by adding a new subsection to read:

"(d) Consolidation Information. – If the taxpayer is a member of an affiliated group that files a consolidated return for federal tax purposes for the taxable year, the taxpayer must include the following information with its return, in the form required by the Secretary:

(1) The gross receipts, cost of goods, total income, total deductions, and federal taxable income before net operating loss reported on the consolidated return.

(2) The following information for each corporation that is included in the federal return:

a. Name and address.

b. Federal tax identification number.

c. Whether it also files a return under this Part for the taxable year.

d. Federal taxable income before net operating loss based on the separate entity pro forma return.

e. The numerator and denominator of its property factor, payroll factor, and sales factor, determined in accordance with G.S. 105-130.4.

f. The amount of nonbusiness income, determined in accordance with G.S. 130.4(d) through (h).

g. The adjustments to federal taxable income required under G.S. 105-130.5.

(3) The following information for every corporation that is related to the affiliated group and is domiciled in a tax haven country as defined in G.S. 143-59.1:

a. Name and address.

b. Federal tax identification number, if any, or other identifying information.

c. Federal taxable income before net operating loss or, if it does not file a federal return, sufficient information about its gross receipts and allowable deductions to support calculation of hypothetical federal taxable income before net operating loss.

d. The numerator and denominator of its property factor, payroll factor, and sales factor, determined in accordance with G.S. 105-130.4.

e. The amount of nonbusiness income, determined in accordance with G.S. 130.4(d) through (h).

f. The adjustments to federal taxable income required under G.S. 105-130.5.

PART 10. MOTOR FUEL TAX CHANGES.

SECTION 10.1. G.S. 105-449.49 reads as rewritten:

"**§ 105-449.49. Temporary permits.**

Upon application to the Secretary and payment of a fee of fifty dollars ($50.00), a motor carrier may obtain a temporary permit authorizing the carrier to operate a vehicle in the State without registering the vehicle in accordance with G.S. 105-449.47 for not more than ~~20~~three days. A motor carrier to whom a temporary permit has been issued may elect not to report its operation of the vehicle during the ~~20-day~~ three-day period. The Secretary may refuse to issue a temporary permit to any of the following:

(1) A motor carrier whose registration has been withheld or revoked.

(2) A motor carrier who the Secretary determines is evading payment of tax through the successive purchase of temporary permits."

SECTION 10.2. G.S. 105-449.60(33) reads as rewritten:

"(33) Tank wagon. – A truck that is not a transport truck and ~~has a compartment~~ is designed or used to carry at least 1,000 gallons of motor fuel."

SECTION 10.3. G.S. 105-449.65(a) reads as rewritten:

"(a) License. – A person may not engage in business in this State as any of the following unless the person has a license issued by the Secretary authorizing the person to engage in that business:

(1) A refiner.

(2) A supplier.

(3) A terminal operator.

(4) An importer.

(5) An exporter.

(6) A blender.

(7) A motor fuel transporter.

(8) Repealed by Session Laws 1999-438, s. 20.
(9) Repealed by Session Laws 1999-438, s. 21.
(10) A distributor who purchases motor fuel from an elective or permissive supplier at an out-of-state terminal for import into this State."

SECTION 10.4. G.S. 105-449.67 reads as rewritten:

"**§ 105-449.67. List of persons who may obtain a license.**

A person who is engaged in business as any of the following may obtain a license issued by the Secretary for that business:

(1) ~~A distributor.~~A distributor who is not required to be licensed under G.S. 105-449.65.
(2) A permissive supplier."

SECTION 10.5. G.S. 105-449.69(d) and (e) read as rewritten:

"(d) Import Activity. – An applicant for a license as an importer or as a distributor must list on the application each state from which the applicant intends to import motor fuel and, if required by a state listed, must be licensed or registered for motor fuel tax purposes in that state. If a state listed requires the applicant to be licensed or registered, the applicant must give the applicant's license or registration number in that state.

~~A license holder that intends to import motor fuel from a state not listed on the license holder's application for an importer's license or a distributor's license must give the Secretary written notice of the change before importing motor fuel from that state. The notice must include the information that is required on the license application.~~

(e) Export Activity. – An applicant for a license as an exporter must designate an agent located in North Carolina for service of process and must give the agent's name and address. An applicant for a license as an exporter or as a distributor must list on the application each state to which the applicant intends to export motor fuel received in this State by means of a transfer that is outside the terminal transfer system and, if required by a state listed, must be licensed or registered for motor fuel tax purposes in that state. If a state listed requires the applicant to be licensed or registered, the applicant must give the applicant's license or registration number in that state.

~~A license holder that intends to export motor fuel to a state not listed on the license holder's application for an exporter's license or a distributor's license must give the Secretary written notice of the change before exporting motor fuel to that state. The notice must include the information that is required on the license application.~~"

SECTION 10.6. G.S. 105-449.72(a)(2) reads as rewritten:

"(a) Initial Bond. – An applicant for a license as a refiner, a terminal operator, a supplier, an importer, a blender, a permissive supplier, or a distributor must file with the Secretary a bond or an irrevocable letter of credit. A bond must be conditioned upon compliance with the requirements of this Article, be payable to the State, and be in the form required by the Secretary. The amount of the bond or irrevocable letter of credit is determined as follows:

...

(2) For an applicant for a license as any of the following, the amount is two times the applicant's average expected monthly tax liability under this Article, as determined by the Secretary. The amount may not be

less than two thousand dollars ($2,000) and may not be more than ~~two hundred fifty thousand dollars ($250,000):~~six hundred twenty-five thousand dollars ($625,000):

a. A supplier that is a fuel alcohol provider or a biodiesel provider but is neither a position holder nor a person that receives motor fuel pursuant to a two-party exchange.
b. An occasional importer.
c. A tank wagon importer.
d. A distributor.
e. Repealed by Session Laws 1997-60, s. 5, effective October 5, 1997."

SECTION 10.7. G.S. 105-449.73 reads as rewritten:

"**§ 105-449.73. Reasons why the Secretary can deny an application for a license.**

The Secretary may refuse to issue a license to an individual applicant that has done any of the following and may refuse to issue a license to an applicant that is a business entity if any principal in the business has done any of the following:

(1) Had a license or registration issued under this Article or former Article 36 or 36A of this Chapter cancelled by the Secretary for cause.
(1a) Had a motor fuel license or registration issued by another state cancelled for cause.
(2) Had a federal Certificate of Registry issued under § 4101 of the Code, or a similar federal authorization, revoked.
(3) Been convicted of fraud or misrepresentation.
(4) Been convicted of any other offense that indicates that the applicant may not comply with this Article if issued a license.
(5) Failed to remit payment for an overdue tax debt under Chapter 105 or Chapter 119 of the General Statutes. The term "overdue tax debt" has the same meaning as defined in G.S. 105-243.1.
(6) Failed to file a return due under Chapter 105 or Chapter 119 of the General Statutes."

SECTION 10.8. G.S. 105-449.86(a)(1) is repealed.

SECTION 10.9. G.S. 105-449.115(b) reads as rewritten:

"(b) Content. – A shipping document issued by a terminal operator or the operator of a bulk plant ~~must be machine printed and~~ must contain the following information and any other information required by the Secretary:

(1) Identification, including address, of the terminal or bulk plant from which the motor fuel was received.
(2) The date the motor fuel was loaded.
(3) The gross gallons loaded.
(4) The destination state of the motor fuel, as represented by the purchaser of the motor fuel or the purchaser's agent.
(5) If the document is issued by a terminal operator, the document must be machine printed and it must contain the following information:
a. The net gallons loaded.

b. A tax responsibility statement indicating the name of the supplier that is responsible for the tax due on the motor fuel."

SECTION 10.10. G.S. 105-449.117 reads as rewritten:

"**§ 105-449.117. Penalties for highway use of dyed diesel or other non-tax-paid fuel.**

(a) Violation. – It is unlawful to use dyed diesel fuel in a highway vehicle that is licensed or required to be licensed under Chapter 20 of the General Statutes unless that use is allowed under section 4082 of the Code. It is unlawful to use undyed diesel fuel in a highway vehicle that is licensed or required to be licensed under Chapter 20 of the General Statutes unless the tax imposed by this Article has been paid. A person who violates this section is guilty of a Class 1 misdemeanor and is liable for a civil penalty.

(b) Civil Penalty. – The civil penalty is payable to the Department of Transportation, Division of Motor Vehicles, or the Department of Revenue and is payable by the person in whose name the highway vehicle is registered. The amount of the penalty depends on the amount of fuel in the supply tank of the highway vehicle. The penalty is the greater of one thousand dollars ($1,000) or five times the amount of motor fuel tax payable on the fuel in the supply tank. A penalty imposed under this section is in addition to any motor fuel tax assessed.

(c) Enforcement. – The Secretary or a person designated by the Secretary may conduct investigations to identify violations of this Article. It is not a valid defense to a violation of this Article that the State is exempt from the tax imposed by this Article."

SECTION 10.11. G.S. 105-449.123(a) reads as rewritten:

"(a) Requirements. – A person who is a retailer of dyed diesel fuel or who stores both dyed and undyed diesel fuel for use by that person or another person must mark the storage facility for the dyed diesel fuel ~~as follows with the phrase "Dyed Diesel", "For Nonhighway Use", or a similar phrase that clearly indicates the diesel fuel is not to be used to operate a highway vehicle:~~in a manner that clearly indicates the fuel is not to be used to operate a highway vehicle. The storage facility must be marked "Dyed Diesel, Nontaxable Use Only, Penalty For Taxable Use" or "Dyed Kerosene, Nontaxable Use Only, Penalty for Taxable Use" or a similar phrase that clearly indicates the fuel is not to be used to operate a highway vehicle.

(1) The storage tank of the storage facility must be marked if the storage tank is visible.

(2) The fillcap or spill containment box of the storage facility must be marked.

(3) The dispensing device that serves the storage facility must be marked.

(4) The retail pump or dispensing device at any level of the distribution system must comply with the marking requirements."

SECTION 10.12. G.S. 119-15 is amended by adding the following new subdivisions to read:

"**§ 119-15. Definitions that apply to Article.**

The following definitions apply in this Article:

...

(6) Terminal. – Defined in G.S. 105-449.60.

(7) Terminal operator. – Defined in G.S. 105-449.60."

SECTION 10.13. G.S. 119-16.2 is repealed.

SECTION 10.14. Article 3 of Chapter 119 of the General Statutes is amended by adding the following new sections to read:

"**§ 119-15.1. List of persons who must have a license.**

(a) License. – A person may not engage in business in this State as any of the following unless the person has a license issued by the Secretary authorizing the person to engage in business:

(1) A kerosene supplier.

(2) A kerosene distributor.

(3) A kerosene terminal operator.

(b) Exception. – A kerosene supplier license is not required if the supplier is licensed as a supplier under Part 2 of Article 36C of Chapter 105 of the General Statutes. A kerosene distributor is required to have a kerosene distributor license only if the distributor imports kerosene. Other kerosene distributors may elect to have a kerosene license. A kerosene terminal operator license is not required if the supplier is licensed as a supplier under Part 2 of Article 36C of Chapter 105 of the General Statutes.

"**§ 119-15.2. How to apply for a license.**

To obtain a license, an applicant must file an application with the Secretary of Revenue on a form provided by the Secretary. An application must include the applicant's name, address, federal employer identification number, and any other information required by the Secretary. An applicant must meet the requirements for obtaining a license set out in G.S. 105-449.69(b) and (c).

"**§ 119-15.3. Bond or letter of credit required as a condition of obtaining and keeping certain licenses.**

(a) Initial Bond. – An applicant for a license as a kerosene supplier, kerosene distributor, or kerosene terminal operator must file with the Secretary of Revenue a bond or an irrevocable letter of credit. A bond must be conditioned upon compliance with the requirements of this Article, be payable to the State, and be in the form required by the Secretary. The amount of the bond or irrevocable letter of credit may not be less than five hundred dollars ($500.00) and may not be more than twenty thousand dollars ($20,000).

(b) Adjustments to Bond. – When notified by the Secretary of Revenue, a person that has filed a bond or irrevocable letter of credit and that holds a license listed in this Article must file an additional bond or irrevocable letter of credit in the amount requested by the Secretary. The person must file the additional bond or irrevocable letter of credit within 30 days after receiving the notice from the Secretary. The amount of the initial bond or irrevocable letter of credit and the additional bond or irrevocable letter of credit by the license holder, however, may not exceed the limits set in subsection (a) of this section.

(c) Class 1. – A person who fails to comply with this section is guilty of a Class 1 misdemeanor."

SECTION 10.15. G.S. 119-18(a) reads as rewritten:

"(a) Tax. – An inspection tax of one fourth of one cent (1/4 of 1¢) per gallon is levied upon all of the ~~following fuel,~~ fuel listed in this subsection regardless of whether the fuel is exempt from the per-gallon excise tax imposed by Article 36C or 36D of Chapter 105 of the General ~~Statutes:~~Statutes. The

~~(1) Motor fuel that is not dyed diesel fuel.~~

~~(2) Dyed diesel fuel used to operate a highway vehicle.~~

~~(3) Alternative fuel used to operate a highway vehicle.~~

~~(4) Kerosene.~~

~~The~~ inspection tax on motor fuel is due and payable to the Secretary of Revenue at the same time that the per gallon excise tax on motor fuel is due and payable under Article 36C of Chapter 105 of the General Statutes. The inspection tax on alternative fuel is due and payable to the Secretary of Revenue at the same time that the excise tax on alternative fuel is due and payable under Article 36D of Chapter 105 of the General Statutes. The inspection tax on kerosene is payable monthly to the Secretary by a supplier that is licensed under Part 2 of Article 36C of Chapter 105 of the General Statutes and by a kerosene supplier. A monthly report is due by the 22nd of each month and applies to kerosene sold during the preceding month by a supplier licensed under that Part and to kerosene received during the preceding month by a kerosene supplier. A kerosene terminal operator must file a return in accordance with the provisions of G.S. 105-449.100.

(1) Motor fuel.

(2) Alternative fuel used to operate a highway vehicle.

(3) Kerosene."

SECTION 10.16. G.S. 119-18 is amended by adding a new subsection to read:

"(a1) Deferred Payment. – A licensed kerosene distributor that buys kerosene from a supplier licensed under Part 2 of Article 36C of Chapter 105 of the General Statutes has the right to defer payment of the inspection tax until the supplier is required to remit the tax to this State or another state. A licensed kerosene distributor that pays the tax due a supplier licensed under that Part by the date the supplier must pay the tax to the State may deduct from the amount due a discount in the amount set in G.S. 105-449.93."

PART 11. CHARGE OFF BAD DEBTS.

SECTION 11. G.S. 105-164.13(15) reads as rewritten:

"(15) Accounts of purchasers, representing taxable sales, on which the tax imposed by this Article has been paid, that are found to be worthless and actually charged off for income tax purposes may, at corresponding periods, be deducted from gross ~~sales, provided, however, they must be added to gross sales if afterwards collected.~~sales. In the case of a municipality that sells electricity, the account may be deducted if it meets all the conditions for charge-off that would apply if the municipality were subject to income tax. Any accounts deducted pursuant to this subdivision must be added to gross sales if afterwards collected."

PART 12. EFFECTIVE DATE.

SECTION 12. Parts 1 and 9 of this act are effective for taxable years beginning on or after January 1, 2003. Part 5 of this act becomes effective July 1, 2003. Part 10 of this act becomes effective January 1, 2004. The remainder of this act is effective when it becomes law.

SENATE BILL 236:
Revenue Administrative Changes

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Kerr
Date:	June 11, 2003	**Summary by:**	Trina Griffin
Version:	2nd Edition		Committee Counsel

SUMMARY: Senate Bill 236 makes the following changes with regard to the administration of the tax laws:

- *It modifies the dividends received deduction for regulated investment companies and real estate investment trusts to ensure that all dividends are treated uniformly, effective for taxable years beginning on or after January 1, 2003, as recommended by the Revenue Laws Study Committee.*
- *It amends the reporting requirements regarding sales of seized property by the Secretary of Revenue to avoid duplicative filing of reports, as recommended by the Revenue Laws Study Committee.*
- *It extends until October 1, 2005 the Department of Revenue's authority to continue using outside collection agencies for the collection of in-state tax debts, as recommended by the Revenue Laws Study Committee.*
- *It revises the secrecy provision regarding the disclosure of tax information to reflect the transfer of the Division of Motor Vehicles to the Division of the State Highway Patrol of the Department of Crime Control and Public Safety, as recommended by the Revenue Laws Study Committee.*
- *It ensures that the monthly distribution of local sales and use tax proceeds is based on taxpayer data from filed returns, effective July 1, 2003, as recommended by the Revenue Laws Study Committee.*
- *It simplifies the process for making the hold harmless calculation by requiring the Department of Revenue, rather than the Office of State Budget and Management, to make the required projection of estimated tax proceeds, as recommended by the Revenue Laws Study Committee. The bill also changes the distribution date from September 15 to August 15 because both the House and Senate versions of the budget bill, House Bill 397, make this date change.*
- *It clarifies that the $20 filing fee for annual reports is nonrefundable, as recommended by the Revenue Laws Study Committee.*
- *It clarifies the Research and Development tax credit, as requested by the Department of Commerce and Department of Revenue.*
- *It adds a provision that will help Fiscal Research prepare the fiscal analysis on consolidated returns, as requested by several legislative members. This provision would require taxpayers that file consolidated returns for federal income tax purposes to include certain information with their State tax return.*
- *It makes various changes to the motor fuel laws, as requested by the Motor Fuels Division of the Department of Revenue. These changes include technical changes, conforming changes, and substantive changes.*
- *It codifies the administrative practice of allowing municipalities that sell electricity to exempt from their gross receipts for sales tax purposes those accounts of customers that have been determined to be worthless. The sales tax law clearly allows this exemption for other taxpayers.*

BILL ANALYSIS:

Part 1: Modify dividends received deduction for RICs and REITs

G.S. 105-130.7(a) provides that a corporation may deduct the proportionate part of dividends received by it from a regulated investment company (RIC) or a real estate investment trust (REIT) as corresponds to income received by the company or trust that would not be taxed by North Carolina if received directly by the corporation. In other words, dividends received by a corporation from a RIC or REIT are deductible only to the extent that income received by that corporation from a RIC or a REIT is taxable by North Carolina.

Section 1.1 of the bill repeals G.S. 105-130.7. The repeal of G.S. 105-130.5(b)(3) and the changes in Sections 1.2 and 1.3 of the bill are conforming changes. In 2001, the General Assembly repealed G.S. 105-130.7(b) and G.S. 105-130.5(a)(7), which provided corporations with an income tax deduction for dividends received by their subsidiaries. As a result of the repeal, North Carolina law now piggybacks the federal law with regard to the dividends received deduction for subsidiary dividends. Adopting the federal approach simplifies tax administration and compliance because the taxpayer is required to make fewer adjustments to taxable income in order to calculate State net income. The repeal under Section 1.1 of this bill would be consistent with this approach.

Dividends received from a RIC qualify for the federal dividends received deduction. Therefore, the repeal of G.S. 105-130.7(a) is a technical change, and dividends received from RICs will continue to receive the same tax treatment under the proposal as under current law. The repeal of G.S. 105-130.7 also ensures that dividends received from a RIC are subject to the same rules concerning attribution of expenses as dividends received from other corporations.

Dividends from REITs do not qualify for the federal dividends received deduction. Therefore, under current law, dividends from REITs are taxed more favorably for State tax purposes than under federal law. The repeal of G.S. 105-130.7 would ensure that the State category of dividends with respect to REITs is the same as under federal law.

FEDERAL LAW:

Dividends received deduction.[1] – The dividends received deduction is meant to reduce the negative effects of the double tax on C corporation profits distributed to corporation shareholders as dividends. Subject to certain exceptions and limitations, corporations may deduct 70% of the dividends received from another domestic corporation if the receiving corporation owns less than 20% of the distributing corporation. The deduction rises to 80% of dividends if the corporation owns 20% or more of the corporation paying the dividends, and to 100% of the corporations are "affiliated" under the Code.

Regulated investment companies (RICs). – Certain investment companies, including mutual funds, may elect to be taxed as regulated investment companies. There are several conditions that must be satisfied to qualify for the election, of which the salient features are that ninety percent of gross income must be derived from dividends, interest, and gains on the sale of stock or securities, and that the corporation's investments must be diversified as prescribed by Section 851 of the Code. A qualified RIC is taxed only on its undistributed income and is treated as a partial conduit for the income it earns. The fundamental premise of conduit treatment is that the RIC's income should be taxed only once, at the shareholder level,

[1] 26 U.S.C. 243.

rather than to the RIC. Dividends received from RICs are eligible for the federal deduction, subject to additional limitations.[2]

Real estate investment trusts (REITs). – A real estate investment trust is a corporation or trust that uses the pooled capital of many investors to purchase and manage income property and/or mortgage loans. REITs are traded on major exchanges just like stocks. They are also granted special tax considerations. They pay yields in the form of dividends. However, REITs are not eligible for the federal dividends received deduction.

Part 2: Avoid duplicative reporting requirements regarding sales of seized property

If any tax levied by the State and payable to the Secretary of Revenue has not been paid within 30 days after the taxpayer was given a notice of final assessment of the tax, the Secretary is authorized to collect the tax through the levy upon and sale of real or personal property of the taxpayer. The Secretary may either direct the sheriff to levy upon and sell property, or it may levy upon the property itself through one of the Department's employees.

Most personal property seized by the Department of Revenue is for the payment of unauthorized substance taxes. When the Department levies upon the property itself without the use of the sheriff, the actual sale of the property is conducted by the Department of Administration's State Surplus Property section in accordance with the same notice and bidding procedures that apply to surplus property. The State Surplus Property section posts information related to bids and sales of seized property both online and in written format, which is available to the public.

The laws in Article 29B of Chapter 1 of the General Statutes, which apply to the sheriff when conducting the levy and sale of property, also apply to the Department of Revenue when conducting the levy and sale of property. Among those provisions is G.S. 1-339.63, which states that the sheriff must file a report of sale with the clerk of superior court. Since the Department is subject to the same laws governing execution sales, it has construed this provision to mean that the Department must file a report of all sales of seized property with the clerk of superior court.

Section 2 of the bill amends G.S. 105-242 such that the Department of Revenue is not required to file a report of sale of seized property with the clerk of superior court as long as the sale is otherwise publicly reported.

Since the Department of Administration makes a report of all property sold through the surplus property sales, the Department of Revenue does not see a need to file a report of sale with the clerk of court as well. In addition to improving efficiency by avoiding duplicative reporting, this change should also reduce costs since several clerks of court have begun charging a fee for filing these reports.

Part 3: Extend authority to use outside collection agencies

The Department of Revenue has permanent authority to outsource out-of-state tax debts and temporary authority to outsource in-state tax debts. This temporary authority is scheduled to expire on October 1, 2003. Section 3 of the proposal extends the authority of the Department of Revenue to outsource in-state tax debts for an additional two years.

In 1999, the General Assembly authorized the Department of Revenue to initiate a pilot program whereby the Department would contract for the collection of tax debts[3] owed by nonresidents and foreign entities.

---

[2] Capital gain dividends received from a regulated investment company do not qualify for the deduction.

In September 2000, the Department, in conjunction with the Office of the State Auditor, began outsourcing some of its out-of-state tax debts. Between September 2000 and May 2001, it collected in excess of $12 million in out-of-state receivables using a combination of outsourcing and in-house collection techniques.

In 2001, the General Assembly enacted legislation that substituted a broader debt collection program for the pilot program. Under this program, the Department of Revenue was authorized to outsource out-of-state tax debts permanently and to outsource in-state tax debts for two years. When outsourcing tax debts, the Department is required to notify the taxpayer prior to submitting the debt to a collection agency. The taxpayer has 30 days after the notice is sent to pay the tax debt. If the debt remains unpaid at the end of the 30 days, then the debt may be outsourced to a collection agency. The collection agencies that contract to collect tax debts are prohibited from revealing confidential tax information. If a contractor reveals tax information, it is subject to a misdemeanor penalty, its contract is terminated, and it is barred from contracting again for five years.

Part 4: Revise secrecy provision to reflect transfer of DMV to the State Highway Patrol

Under G.S. 105-259(b), an officer, employee, or agent of the State who has access to tax information in the course of service or employment by the State may not disclose the information to any other person unless authorized to do by statute. There are several exceptions to this rule, one of which is that tax information may be disclosed for the purpose of exchanging information with the Division of Motor Vehicles of the Department of Transportation when the information is needed to fulfill a duty imposed on the Department of Revenue of the Division of Motor Vehicles.

Section 4 of the bill replaces the phrase "Division of Motor Vehicles of the Department of Transportation" with the phrase "Division of the State Highway Patrol of the Department of Crime Control and Public Safety" to reflect departmental changes made last year. In 2002, the General Assembly enacted legislation[4] that transferred the personnel and functions of the Department of Transportation Division of Motor Vehicles Enforcement Section for the regulation and enforcement of commercial motor vehicles, oversize and overweight vehicles, motor carrier safety, and mobile and manufactured housing to the Department of Crime Control and Public Safety, effective January 1, 2003. Consequently, the reference to the "Division of Motor Vehicles of the Department of Transportation" in G.S. 105-259(b)(7) needs to be amended to reflect this transfer to preserve the secrecy provision currently in place. Specifically, the State Highway Patrol will be performing the functions of the prior DMV Enforcement Section.

Part 5: Base local sales tax distributions on taxpayer data

Pursuant to G.S. 105-472, the Secretary of Revenue makes quarterly distributions of local sales and use tax proceeds to cities and counties. In 2001, the General Assembly accelerated the payment of local sales and use tax revenues by requiring that the distribution be made on a monthly basis, effective beginning July 1, 2003.

In addition, as of January 1, 2002, the threshold for taxpayers required to make semimonthly payments of sales and use tax was lowered from $20,000 to $10,000, substantially increasing the total amount of revenues received for processing by the Department on a monthly basis. Sales and use tax revenues received between the 1st and 15th of the month must be paid by the 25th of the same month, while sales and use tax revenues from the remainder of the month must be paid by the 10th of the next month. The return

---

[3] A tax debt is the amount of tax, interest, and penalties due for which a final notice of assessment has been mailed to the taxpayer after the taxpayer no longer has the right to contest the debt.

[4] S.L. 2002-190 (HB 314), as amended by S.L. 2002-159, Sec. 31.5 (SB 1217, Sec. 31.5).

for the semimonthly period is due 10 days later, on the 20th of the month. Consequently, there is no return accompanying the revenues received for the first half of each month to indicate where the funds should be distributed.

Section 5 of the bill amends the local government sales and use tax distribution statute by stating that amounts collected by electronic funds transfer payments are included in the distribution for the month in which the return that applies to the payment is due. Since semimonthly taxpayers are required to pay by electronic funds transfer, this amendment will ensure that the Department of Revenue is distributing local sales and use tax proceeds based on known information obtained from the semimonthly return rather than a speculative estimate.

Part 6: Simplify the procedure for hold harmless calculation

In 2001, the General Assembly authorized all counties of the State to levy a third one-half cent sales tax.[5] In that same legislation, local governments were also provided with an annual hold harmless distribution from the State's General Fund to ensure that none of them would lose money when the local government reimbursements are repealed. The hold harmless distribution provides that if a county or city's estimated proceeds from the third half-cent tax would be less than 100%of the amount it would have gotten under the repealed reimbursements, it will receive a reimbursement for the difference. If a county or city's estimated gain from the third half-cent tax exceeds 100% of its repealed reimbursements amount, it does not receive a hold harmless payment from the State. The hold harmless payment is the same whether or not the new tax is levied in the county.

G.S. 105-521(b) directs the Office of State Budget and Management (OSBM) and the Fiscal Research Division of the General Assembly to each submit to the Secretary of Revenue and the General Assembly, by May 1 of each year, a projection of the estimated amount that local governments are expected to receive from the levy of the third one-half cent local sales and use tax during the upcoming fiscal year. Then, by September 15 of each year, the Secretary of Revenue is required to calculate the hold harmless distribution amounts[6], if any, based on the projections and distribute the funds. If the Secretary does not use the lower of the two projections when making the calculation, the Secretary must report the reasons for this decision to the Joint Legislative Commission on Governmental Operations within 60 days after receiving the projections.

Section 6 of the bill would require the Department of Revenue, rather than the OSBM, to project the estimated amount that all local governments would be expected to receive during the upcoming fiscal year from levying the third one-half cent local sales and use tax, assuming that every county levied the tax. From a practical standpoint, the data needed to make the projections are housed within the Department of Revenue. By making this change, it simplifies the process by eliminating the need for the OSBM to first obtain the data from Revenue and then make the necessary projection. Section 8 also makes a technical change by reversing the two paragraphs in G.S. 105-521(b) so that the statutory requirements appear chronologically.

Section 6 also changes the distribution date from September 15 to August 15. Both the House and Senate versions of House Bill 397 make this change.

---

[5] Effective July 1, 2004, all 100 counties will have adopted the local option third one-half cent sales tax authorized by Section 34.14 of S.L. 2001-424.

[6] The hold harmless distribution amount is obtained by multiplying the each local government's sales tax share by the estimated amount that all local government are expected to receive from levying the third one-half cent local sales and use tax; if the amount is less than 100%of the local government's repealed reimbursement amount, the Secretary must pay the local government the difference, but not less than $100.00.

Part 7: Clarify that the filing fee for an annual report is nonrefundable

G.S. 55-1-22 sets out the fees for filing certain documents with the Secretary of State, including documents such as articles of incorporation, articles of dissolution, designation of a registered agent, etc. Included on the list is a $20.00 fee for filing an annual report. Each corporation[7] authorized to do business in this State is required to file an annual report, which unlike the other documents in G.S. 55-1-22, must be delivered to the Secretary of Revenue. The annual report contains the name of the corporation, its address, the name and address of its registered agent, the names and addresses of its principal officers, and a brief description of the nature of its business. Annual reports are due by the due date for the filing the corporation's income and franchise tax return. As a practical matter, the annual reports are typically attached to the return along with a check for the filing fee.

Section 7 of the bill amends G.S. 55-1-22 by adding a new subsection stating that the annual report fee of $20.00 is nonrefundable. The purpose of this change is to codify the Department of Revenue's existing policy that annual report fees are not refundable. G.S. 55-1-22 does not address whether or under what circumstances the filing fees are refundable. However, it is the policy and practice of the Secretary of State to issue refunds for those fees, if requested and depending on the circumstances. Specifically, if the Secretary of State's office has not begun to process or review the document for which the refund is requested, then it will usually refund the filing fee at the filer's request, regardless of whether the fee has been deposited. The Department of Revenue's policy with regard to the annual report is that the fee is nonrefundable.

Part 8: Clarify Eligibility for R&D Credit

The William S. Lee Quality Jobs and Business Expansion Tax Credits, Article 3A of Chapter 105 of the General Statutes, are designed to attract certain types of new businesses to North Carolina. As such, the credits are allowed only to certain types of businesses.[8] For most of the eligible business types, the law specifies that the taxpayer's primary business must be a designated business. For a few of them, including computer services, the law only requires the taxpayer's primary activity at an establishment to be a designated business. In addition, to qualify for the credits, jobs, investment, or activity must be used in the designated business or activity.

One of the credits under the Bill Lee Act is for research and development. Generally, a taxpayer that claims a federal income tax credit for increasing research activities under section 41 of the Code is allowed a State credit as well for the eligible research activities conducted in North Carolina. The amount of the credit varies, depending upon which type of federal credit is claimed.[9] Under the Department of Revenue's interpretation of the law, to satisfy the eligible business requirements, the jobs, investment, and activity must be located at an establishment where the primary activity is an eligible business or eligible activity.

The question has arisen with the allocation of a taxpayer's qualified research expenditures and whether those expenditures must have occurred on the premises of an establishment that performed an eligible

---

[7] Nonprofit corporations are exempt from this requirement and insurance companies are required to deliver their annual reports to the Secretary of State.

[8] Central office or aircraft facility; air courier services or data processing; manufacturing, warehousing, or wholesale trade; computer services or electronic mail order house; customer service center; or warehousing at an establishment.

[9] The credit amount is 5% of the State's apportioned share if the taxpayer claims the credit under section 41(a) or 25% if the taxpayer claims the alternative incremental credit under section 41(c)(4).

industry activity. Under the Department's current interpretation of the law, the answer is yes. Part 8 of the bill purports to clarify the intent of the General Assembly that research and development activities need not be on the same premises of an eligible activity. It extends this clarification to the legislature's recent relaxation of the eligible business requirements surrounding computer services. The bill provides that if the primary activity of an establishment of the taxpayer in this State is computer services, then the taxpayer's qualified research expenditures in this State are considered to be used in computer services. For all other taxpayers, the expenditures are considered to be used in the primary business of the taxpayer.

Part 9: Require Additional Data on Corporate Income Tax Returns Of Certain Affiliated Corporations

Whenever study committees discuss tax modernization, one of the issues that always arises is the State's corporate income tax structure. The corporate tax structure has remained substantially unchanged for years. In the topic of these discussions, the Fiscal Research Division and the Tax Research Division of the Department of Revenue is asked what the fiscal consequences would be if the State allowed consolidated corporate income tax returns. Currently, neither has enough information to form a credible estimate. This Part would require corporations that file a consolidated federal income tax return to file an information return with the Department of Revenue that would give the Tax Research Division the information it needs to assist the General Assembly's Fiscal Research Division in the formulation of an estimate.

Part 10: Motor Fuel Changes

This Part makes several changes to the motor fuel tax laws. It provides the Department with greater enforcement capabilities, it seeks to protect the State's interest with a higher bond requirement for distributors, and it provides equity to the motor fuel statutes by imposing the inspection tax on dyed diesel fuel. It also makes several technical and administrative changes.

This Part strengthens the Division of Motor Fuel's enforcement capabilities in the following ways:

- Section 10.1 would reduce the number of days a motor carrier could operate in the State using a temporary permit rather than obtaining a license from 20-days to 3-days. The Department surveyed numerous states and determined that of the 26 states where permit information was available, 7 states issued 3-day permits, 2 states issued 4-day permits, 2 states issued 5-day permits, 1 state issued a 7-day permit, 5 states issued 10-day permits, 1 state issued a 13-day permit, 1 state issued a 20-day permit, and 7 states did not issue temporary permits. A license motor carrier pays tax based on the number of miles driven in the state. The cost of a temporary permit is $50. It would take approximately 1,000 miles to exceed the $50 temporary permit fee in taxes.
- Sections 10.3 would require a distributor that imports motor fuel from an out-of-state terminal into North Carolina to be licensed as a distributor. Currently, the statutes allow the distributor's license to be optional. However, if the product is being imported the taxpayer must register as a licensed importer. A distributor license allows the taxpayer to import and export the product. An importer's license requires the taxpayer to file a return on a monthly basis whereas a distributor's license does not. Sections 10.4 and 10.5 make conforming changes. Section 10.5 removes the reporting requirement of the license-holder to notify the Department of any states to which it plans to export or from which it plans to import motor fuel because there is no means for tracking this information once the application has been submitted. Also, a taxpayer, by virtue of a supplier license, is able to import and export motor fuel.

- Section 10.7 would enable the Department to deny a motor fuel license to a taxpayer that fails to file a return or pay a tax due in other North Carolina revenue tax laws.
- Section 10.10 clarifies the Department's authority to investigate violations of using non-tax-paid fuel for highway use. One way the Department investigates these alleged violations is through the use of under-cover operations. This section specifies that it is not a valid defense to a violation of this Article that the vehicle into which the fuel is dispensed is an exempt vehicle.[10]
- Sections 10.12 and 10.14 would require kerosene terminal operators to be licensed and to file reports. Currently, jet fuel and kerosene is being delivered from the pipeline directly to the airports. This method of delivery bypasses the motor fuels terminals and thereby bypasses the record-keeping requirements that help ensure that the Department can uniformly enforce the statutes. These entities are currently subject to the tax. The Internal Revenue Service licenses these terminals and the terminal operators must report the deliveries to the airports. These sections do not subject to the airports to greater tax liability; they do require them to be licensed and to file the reports so the Department can identify the taxpayers and ensure that they are paying the requisite amount of tax. Section 10.16 would ensure that a licensed kerosene distributor is afforded the same benefits of deferred payments and discounts that a licensed motor fuel distributor receives.

Section 10.6 would increase the cap on the bond amount of licensees to $625,000.[11] The current bond cap amount of $250,000 was last adjusted in January 1991. The Department believes the maximum bond amount should be increased to $1,000,000. Since 1991, the tax liabilities have increased to a point that 28% of the current licensees' liabilities exceed $250,000. Of those licensees, the monthly tax liability of 18.3% exceed $500,00, 13.17% exceed $750,000, and 8.48% exceed $1,000,000. In the last six months there have been four bankruptcy cases: 2 of which exceeded the taxpayer's bond amount. In one of these cases, the potential loss to the State is in excess of $1,000,000 after payment from the surety company. A survey of the surrounding states shows that SC, WVa, KY, and LA have do not have a cap; FL has a $100,000 cap; VA has a $300,000 cap; GA has a $150,000 cap; and MD has a $500,000 cap.

Section 10.15 would impose the inspection tax on dyed diesel. The inspection tax is currently imposed on all other fuel types at the rate of one-fourth of one cent per gallon[12], including dyed kerosene, which, like dyed diesel, is also used for heating and other non-highway purposes. The Department conducts monthly on-road investigations for the misuse of dyed fuels, including dyed diesel. Each sample of fuel withdrawn must be tested by the Department of Agriculture for evidence of dye in the fuel.

Lastly, Part 10 makes the following technical and administrative changes:

- Section 10.2 clarifies that a tank wagon includes vehicles designed to carry at least 1,000 gallons of motor fuel, regardless of whether they actually carry that amount. The current definition appears to exclude those tank wagon vehicles whose individual compartments are less than 1,000 gallons but are designed to carry in excess of 1,000 gallons.

---

[10] G.S. 105-449.88 exempts motor fuel sold to the State for its use from the tax.

[11] The current bond amount is two times the applicant's average expected monthly tax liability, not to exceed $250,000.

[12] The inspection tax is imposed regardless of whether the fuel is exempt from the per-gallon excise tax. The proceeds of the tax are applied first to the cost of administering the Motor Fuels Tax Division. The remainder is credited to the Commercial Leaking Petroleum Underground Storage Tank Cleanup Fund and the Noncommercial Leaking Petroleum underground Story Tank Cleanup Fund.

- Section 10.8 conforms the statutes with the legislative change made last session to exempt local governments from the motor fuel tax.
- Section 10.9 removes the requirement that shipping documents must be machine-printed by the operator of a bulk plant. The document must continue to be machine printed by a terminal operator.
- Section 10.11 clarifies that storage facilities for dyed kerosene must be clearly marked for non-tax use only, just like the storage facilities for dyed diesel fuel. It also provides that the dispensing devise for this dyed fuel must be clearly marked as non-tax use only.
- Section 10.14 rewrites the statute repealed by section 10.13 to modernize the language and conform it to the format used for the other motor fuel articles.

Part 11: Charge Off Bad Debts

Retailers pay sales tax on their gross sales. If accounts of purchasers are found to be worthless and are charged off for income tax purposes, then the retailer may deduct those sales from its gross sales. Municipalities that sell electricity are considered to be retailers and pay State sales tax on their gross sales of electricity. The Department of Revenue has always allowed the municipalities to charge-off their bad debts as they allow other retailers. However, municipalities cannot technically meet the conditions of the statute because they do not pay federal income tax. This Part conforms the statute to the current practice by clarifying that municipalities that sell electricity may deduct worthless accounts from their gross sales for sales tax purposes. If the accounts are collected afterwards, they must be added back to gross sales.

Part 12: Effective date

Part 1 concerning the repeal of the dividends received deduction, and Part 9 concerning information returns by corporations that file consolidated returns for federal income tax purposes, are effective for taxable years beginning on or after January 1, 2003. Part 5 regarding the local sales tax distribution is effective July 1, 2003. Part 10, making the motor fuel tax changes, becomes effective January 1, 2004. The remainder of the act is effective when it becomes law.

Cindy Avrette, counsel for Senate Finance, substantially contributed to this summary.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue; Department of Transportation – Division of Motor Vehicles; Department of Crime Control and Public Safety – Division of the State Highway Patrol; Department of Commerce; Department of Administration – Division of Surplus Property

EFFECTIVE DATE: Parts 1 (dividend deduction) and 9 (consolidated returns) are effective for taxable years beginning on or after January 1, 2003. Part 5 (sales tax distribution) becomes effective July 1, 2003. Part 10 (motor fuel tax changes) becomes effective January 1, 2004. The remainder of this act is effective when it becomes law.

BILL SUMMARY: The bill makes the following administrative changes to the Revenue Laws:

- Modifies the dividend received deduction for regulated investment companies (RIC) and real estate investment trusts (REIT) to ensure that all dividends are treated uniformly.
- Amends the reporting requirements regarding sales of seized property by the Secretary of Revenue to avoid duplicate report filings.
- Extends until October 1, 2005, the Department of Revenue's authority to use outside collection agencies for in-state tax debts.
- Revises the secrecy provision regarding the disclosure of tax information to reflect the transfer of the Division of Motor Vehicles to the State Highway Patrol.
- Ensures that the monthly distribution of local sales and use tax proceeds is based on taxpayer data from filed returns.
- Requires the Department of Revenue to make the projection of estimated tax proceeds for the local hold harmless distribution.
- Clarifies that the filing fee for an annual report is nonrefundable.
- Clarifies the eligibility rules for taxpayers taking the research and development tax credit.
- Requires corporate taxpayers filing a consolidated tax return for federal tax purposes to provide on the state return certain financial information from the federal return as well as identifying information about affiliated companies
- Makes various changes to the motor fuel tax laws.
- Codifies municipal practice for bad debt charge off.

ASSUMPTIONS AND METHODOLOGY:

Part 1: Modify dividend received deduction for RICS and REITS

These sections are a continuation of the state effort to tax all dividends uniformly. The Department of Revenue considers the change with respect to regulated investment companies (RICs) a technical change. RIC dividends are deducted under federal law, so, therefore, there is no adjustment needed under state law. On the other hand, real estate investment trusts (REITs) do not qualify for the federal dividend received deduction. Responding to a staff query, the National Association of REITs reported "that most REIT investors are individuals or mutual funds ultimately owned by individuals". This would imply that this statutory change would have no fiscal impact on corporations. The Department of Revenue has no information on corporate investment in REITs that can be used to confirm this assumption of no fiscal impact.

Part 2: Avoid duplicative reporting requirements on seized property

The Department of Revenue may sell real or personal property of a taxpayer to collect a delinquent tax debt. The Department often uses the seizure of property for the payment of unauthorized substance taxes. The sale of the seized property is handled by the Department of Administration's Division of Surplus Property. The Department of Administration files public notices both on line and in written format on all bids and sales of property. The Department of Revenue's filing of seized property sales with the superior court is considered redundant.

Due to a backlog of seized property, an auction of property was held weekly in 2002. The Department of Revenue expects 2003 to be a more normal year with only 20 to 24 auctions. Up until December 2002, the Division of Surplus Property filed an auction sales report with the clerk of superior court in Wake County on behalf of the Department of Revenue. Neither State Surplus Property (SSP) nor the Department of Revenue paid any filing fees for reporting auction sales prior to December 2002. When the Department of Revenue starting filing the reports with the court in December 2002, they were asked to pay a filing fee and to pay $5,612 for previously filed reports between May and November 2002. Instead of paying the court fee for past reports, the Department retrieved the reports from the clerk's office and sent a one-page letter to the clerk explaining that details of all sales for the period November 7, 2000, through November 21, 2002, were available for inspection at the Division of Surplus Property Warehouse during normal business hours.

If approved, this change will have no fiscal impact because it conforms the statutes to the current practice of the department. If not approved, the Department of Revenue could be forced to begin paying court filing fees.

Part 3: Continue using collection agencies for in-state debt

As part of its Project Collect Tax, the Department of Revenue has been using in-state and out-of-state collection agencies to reduce its backlog of delinquent debt. The Department's experience to date with collection agencies is shown below.

Collection Agency Total Collections*

Year	In-State	Out-Of-State
2001	$ 446,388	$ 706,411
2002	$4,370,797	$4,526,101
2003	$ 415,878	$ 227,764

* Includes 20% Collection Assistance Fee Collections.

While the Department is now dependent on collection agencies to help with debt collection, it is developing a collection call center to bring the collection effort back in house. By utilizing private collection agencies or the new call center, the Department projects it will collect $4.3 million in in-state delinquent debt in each of the next two years. Prematurely ending the collection agency contracts before the collection call center is up and running, could hamper the in-state collection effort. Thus failure to extend the authority to use in-state collection agents could result in a General Fund loss of up to $3.2 million in FY 03-04 (9 months revenue since authority ends Oct 2003).

Part 4: Revise secrecy provision to reflect transfer of DMV Enforcement

This section has no fiscal impact. It changes the statutory reference for the Division of Motor Vehicles (DMV) Enforcement Section from the Department of Transportation to the Division of the State Highway Patrol of the Department of Crime Control and Public Safety to reflect a transfer of personnel and duties. Part 4 gives the same information and authority to the State Highway Patrol as was received by DMV.

Part 5: Base local sales tax distributions on taxpayer data

Under current law, retailers submit their sales tax returns and payments on a quarterly, monthly, or semi-monthly basis. In order to minimize the paperwork burden on taxpayers while maximizing funds available to the state, semi-monthly payment retailers – mostly very large retailers – are required to submit electronic payments twice a month, but only submit one refund form for the entire month. The law requires that payments to local governments be based on the "tax collected". Therefore, the Department of Revenue has to make a series of assumptions about the distribution of the tax collected, distribute funds to local units on those assumptions, and then adjust the next local payment to reflect the appropriate distribution once the return is received from the taxpayer. With state sales tax payments to local units shifting from quarterly to monthly, effective July 1, 2003, even more estimating and reconciliation is required. The legislation allows the Department of Revenue to hold funds until the refund documentation is received.

The only potential fiscal impact of this change is related to the "float". Conceivably the local units would experience a small loss of float (interest) because the state would be holding some of the funds up to two weeks longer, and thus gaining the interest. However, the amount of float shift would be extremely small since the new monthly payment schedule would significantly limit the amount of time between receipt of a taxpayer payment and a return of a portion of those funds to the appropriate local units. The change would also reduce the estimating workload of the Department, although this is not expected to translate into position reductions.

Part 6: Simplify the procedure for hold harmless calculation

Under current law, local governments are to receive a "hold harmless" payment from the state if their projected revenue from the new local half-cent sales tax does not exceed the reimbursement they would have received as payment for previous tax law changes (eliminating the intangibles tax, homestead exemption, food stamp sales tax exemption, eliminating the tax on inventories). Currently, the Office of State Budget and Management (OSBM) and the General Assembly's Fiscal Research Division are both required to provide estimates of local sales tax and reimbursement revenues to the Department of Revenue. The Secretary of Revenue is then directed to calculate "hold harmless" distribution amounts, distribute the funds, and offer an explanation to the Joint Legislative Commission on Governmental Operations if the payments do not reflect the lowest estimates offered by OSBM and Fiscal Research.

The legislation shifts OSBM's estimating responsibility to the Department of Revenue. While the hold harmless legislation was under consideration in the 2001 Session, all hold harmless estimates were developed jointly by the Department of Revenue's Tax Research Division and the Fiscal Research Division. As a practical matter, the data needed to make projections is housed in Revenue's Tax Research Division.

Part 7: Clarify annual report filing fee is nonrefundable

This section has no fiscal impact, because the Department of Revenue has never refunded an annual report fee. The section converts the departmental practice into statutory language.

Part 8: Clarify eligibility for Research and Development credit

The Bill Lee Act contains a tax credit for qualified research and development expenditures that applies to manufacturers and other specifically named industries. During the last few months, the Department of Revenue has been fine-tuning their interpretation of the Bill Lee Act

eligibility. One of the new rulings is that the qualifying expenditures for the research and development (R & D) credit must take place on the physical premises of the qualifying industry. For example, R & D spending at a manufacturing plant would be eligible because manufacturing is an eligible industrial classification for Bill Lee Act purposes. However, if these expenditures took place at a separate research facility, the costs would not be eligible.

Discussions with the Department of Revenue and Department of Commerce indicate that in the past, eligible taxpayers have been taking the credit based on qualified R & D spending at all facilities, regardless of whether the facility at which an activity took place fits within the listing of eligible industrial classifications. As a result of the new interpretations, the Department of Revenue has begun to audit companies claiming the R & D credit to determine eligibility. At this time, the Department is holding off on assessments, pending legislative activity on this issue.

The original fiscal note and subsequent updates have been based on the actual practice under the broad interpretation of legislative intent. Thus, these costs have been built into the official General Fund revenue estimate used for the purpose of preparing a state budget. If the language in the bill is not adopted, there may be cases in which additional General Fund revenue, relative to the currently budgeted estimates, is generated under the new administrative interpretation of the Department of Revenue.

Part 9: Require additional data from affiliated corporations

Part 9 is a means for the Department of Revenue to collect data that its Tax Research Division can use to estimate the impact of adopting a consolidated return for corporate income tax in North Carolina.

Part 10: Change motor fuel tax laws

Many sections of Part 10 have no fiscal impact. Sections 10.2 and 10.8 are technical changes. Sections 10.4 and 10.5 change reporting requirements. Section 10.6 changes departmental bonding requirements. Section 10.7 provides additional reasons why the Secretary of Revenue can deny an application for a motor fuel license. Section 10.9 removes the requirement that shipping documents issued by a terminal operator must be machine printed. Section 10.10 conforms language to changes made in the 2001-2002 session.

Section 10.1 reduces the number of days for a temporary permit for motor carriers from 20 to 3. This could increase Highway Fund revenues by increasing the number of permits issued or the number of permanent licenses issued. No estimate is available for the permit volume.

Sections 10.14 and 10.16 require kerosene terminal operators to be licensed and to file reports. Currently jet fuel and kerosene are delivered from the pipeline directly to the state's three major airports. Since this delivery method bypasses the motor fuel terminals, it also bypasses the Department of Revenue's reporting and accountability mechanism. From January 1, 1999, to December 31, 2001, the Department of Revenue found 407 million gallons of jet fuel delivered but not reported to the agency. Over this three-year period, the state lost approximately $1 million in inspection tax revenue. Passage of these sections should help the state claim the ¼ cent inspection tax on all jet fuel sales in the future and gain roughly $340,000 a year for the Commercial Leaking Petroleum Underground Storage Tank Cleanup Fund and the Noncommercial Leaking Petroleum Underground Storage Tank Cleanup Fund.

Section 10.15 imposes the ¼ cent inspection tax on dyed diesel fuel. This tax is collected at the terminal rack and the Department of Revenue estimates it will yield approximately $1.2 million a year. The net proceeds, after deducting administrative costs, are deposited into the Commercial Leaking Petroleum Underground Storage Tank Cleanup Fund and the Noncommercial Leaking Petroleum Underground Storage Tank Cleanup Fund.

Part 11: Codify municipal bad debt charge off

There is no fiscal impact from this part of the bill because it only codifies an exemption for bad debt that the Department of Revenue has given municipalities in regards to the sales tax on electricity.

A BILL TO BE ENTITLED

AN ACT TO ESTABLISH A REGISTRATION FEE FOR THE AUTHORIZATION OF A PRIVATE FACILITY TO SERVE DWI OFFENDERS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 122C-142.1(a) reads as rewritten:

"(a) Services. – An area authority shall provide, directly or by contract, the substance abuse services needed by a person to obtain a certificate of completion required under G.S. 20-17.6 as a condition for the restoration of a drivers license. A person may obtain the required services from an area facility, from a private facility ~~that has complied with this subsection.~~ authorized by the Department to provide this service, or, with the approval of the Department, from an agency that is located in another state. ~~Before a private facility located in this State provides the substance abuse services needed by a person to obtain a certificate of completion, the facility shall notify both the designated area facility for the catchment area in which it is located and the Department of its intent to provide the services and shall agree to comply with the laws and rules concerning these services that apply to area facilities.~~"

SECTION 2. G.S. 122C-142.1 is amended by adding a new subsection to read:

"(a1) Authorization of a Private Facility Provider. – The Department shall authorize a private facility located in this State to provide substance abuse services needed by a person to obtain a certificate of completion if the private facility complies with all of the requirements of this subsection:

(1) Notifies both the designated area facility for the catchment area in which it is located and the Department of its intent to provide the services.

(2) Agrees to comply with the laws and rules concerning these services that apply to area facilities.

(3) Pays the Department the applicable fee for authorizing and monitoring the services of the facility. The initial fee is payable at the time the facility notifies the Department of its intent to provide the services and by July 1 of each year thereafter. Collected fees shall be used by the Division for program monitoring and quality assurance. The applicable fee is based upon the number of assessments completed during the prior fiscal year as set forth below:

Number of Assessments	Fee Amount
0-24	$250.00
25-99	$500.00
100 or more	$750.00."

SECTION 3. This act becomes effective July 1, 2003, and applies to private facilities providing substance abuse services on or after that date.

SENATE BILL 934:
DWI Provider Authorization Fees

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Kerr
Date:	June 11, 2003	**Summary by:**	Martha Walston
Version:	S934-CSLA-25		Committee Counsel*

SUMMARY: ***Senate Bill 934 is an agency bill requested by the Department of Health and Human Services. It establishes an annual fee for private facilities that provide substance abuse services needed by a person to obtain a certificate of completion required under G.S. 20-17.6. The amount of the fee varies depending on the number of assessments completed by the facility during the prior fiscal year. The bill becomes effective July 1, 2003, and applies to private facilities providing substance abuse services on or after that date.***

The proposed committee substitute adds language to clarify that the collected fees will be used by the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services of the Department for program monitoring and quality assurance.

CURRENT LAW: A person whose license was revoked as a result of a conviction for driving while impaired must have a substance abuse assessment and obtain a certificate of completion of either an alcohol and drug education traffic school or a substance abuse treatment program before the person's license can be restored. The substance abuse treatment programs may be provided by an area facility or by a private facility authorized by the Department of Health and Human Services. To be authorized to provide this service, a private facility must notify the Department of its intent to provide the service and agree to comply with the laws and rules concerning the services. The Department must also monitor the facility to ensure that it complies with the laws and rules concerning the services it offers. The volume of applications and DWI certificate of completion forms the Department receives from private facilities continues to increase and, according to the Department, exceeds it capacity of present staffing. The Department is concerned that the facilities do not receive the level of monitoring required under the rules or the technical assistance and consultation necessary to ensure that the quality of services will serve to protect the public welfare.

BILL ANALYSIS: Senate Bill 934 would establish an annual fee to be paid by private facilities that want to be authorized to provide substance abuse services needed by a person to obtain a certificate of completion required under G.S. 20-17.6 as a condition for the restoration of a drivers license. The amount of the fee would vary depending upon the number of assessments completed by the facility during the prior fiscal year:

Number of Assessments	Fee Amount
0-24	$250
25-99	$500
100 or more	$750

*Cindy Avrette, counsel to Senate Finance, contributed substantially to this summary.

The fee would be payable to the Department of Health and Human Services at the time the facility notifies the Department of its intent to provide the service and by July 1 of each year thereafter. The bill would become effective July 1, 2003, and would apply to private facilities providing substance abuse services on or after that date. The collected fees would be used by the Division of Mental health, Developmental Disabilities and Substance Abuse Services of the Department for program monitoring and quality assurance.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Health and Human Services

EFFECTIVE DATE: July 1, 2003

BILL SUMMARY:

Section 1 – Amends G.S. 122C-142.1 to require persons found guilty of Driving While Intoxicated (DWI) to seek treatment from an Area Mental Health Authority or a private facility authorized by the Department of Health and Human Services (DHHS) to provide DWI Certificate of Completions.

Under current statute, a DWI offender could seek service at any private DWI treatment provider who meets the standard of the statute. This bill would now require that the private provider be authorized by DHHS to provide the services.

This section of the bill also moves language regarding private facility requirements from subsection (a) of G.S. 122C-142.1 to a subsection (a1).

Section 2 – Establishes a new subsection (a1) in G.S. 122C-142.1. The proposed subsection will include language currently located in subsection (a) of the statute requiring private DWI service providers to notify their local area mental health programs before providing services and that the facilities adhere to all relevant rules and laws. These requirements are not changed from current statute.

The proposed bill also requires the private service facilities to pay a fee to DHHS to recover the cost associated with expanding the office that authorizes and monitors these facilities as required by 10 NCAC 14V .3806. The fee would be collected as a departmental receipt and would be retained by DHHS. This proposed annual fee is divided into three tiers based on the number of persons treated ("assessed") by the facility per year. This fee would only apply to facilities that serve DWI offenders seeking Certificates of Completion.

The bill identifies the following schedule:

	Assessments per Year:	Annual Fee:
Tier 1	1-24	$250.00
Tier 2	25-99	$500.00
Tier 3	100 or more	$750.00

ASSUMPTIONS AND METHODOLOGY:

Revenues – In calculating the fiscal impact, the following revenue assumptions were used:

- Currently, there are 210 Tier 1 providers, 110 Tier 2 providers, and 75 Tier 3 providers.
- Based on trend data from 1999-2002, the expected growth rate for private DWI service providers is 5%. This analysis assumes that facilities will continue to grow at 5%. This projection does not consider the impact of Mental Health Reform on the number of providers.
- For the upper bound of the annual revenue projections, current service providers in all three tiers were assumed to pay the fee.
- For the lower bound of the annual revenue projections, providers in Tier 1 were assumed to eliminate services to DWI offenders for the purpose providing Certificates of Completion. This fee represents 14% of the average income these facilities receive serving DWI offenders and DHHS has stated that some of the facilities are expected to cease providing these services.

Anticipated Revenues for FY 2003-04*				
	Facilities	**Fee**	**Total Revenue FY 2003-04 (Lower Bound)**	**Total Revenue FY 2003-04 (Upper Bound)**
Tier 1	210	$250	None	$52,500
Tier 2	110	$500	$55,000	$55,000
Tier 3	75	$750	$56,250	$56,250
Total			**$111,250**	**$163,750**
** Service Providers are expected to grow by 5% in future years.*				

Expenditures – In calculating the fiscal impact, the following expenditure assumptions were used:

- According to DHHS, two positions will be needed to carry out the authorization and monitoring activities for these private facilities as required in 10 NCAC 14v .3806. Combined, the salaries and benefits associated with these positions will cost $122,565.
- The costs of the two positions were inflated according to the following schedule; FY 2005 (3.9%); FY 2006 (3.6%); FY 2007 (3.5%); FY 2008 (3.5%).
- DHHS has stated that any revenue collected in addition to the amount necessary for the two positions would be used to offset the cost of equipment, supplies, and travel for the two positions.
- DHHS assumes that there will be no costs associated with collecting this fee.

A BILL TO BE ENTITLED

AN ACT TO INCORPORATE THE VILLAGE OF MISENHEIMER.

The General Assembly of North Carolina enacts:

SECTION 1. A Charter for the Village of Misenheimer is enacted to read:

"CHARTER OF THE VILLAGE OF MISENHEIMER.

"ARTICLE I. INCORPORATION AND CORPORATE POWERS.

"Section 1.1. **Incorporation and Corporate Powers.** The inhabitants of the Village of Misenheimer are a body corporate and politic under the name 'Village of Misenheimer'. The Village of Misenheimer has all the powers, duties, rights, privileges, and immunities conferred and imposed on cities by the general laws of North Carolina.

"ARTICLE II. CORPORATE BOUNDARIES.

"Section 2.1. **Village Boundaries.** Until modified in accordance with law, the boundaries of the Village of Misenheimer are as follows:

Beginning at a point, the intersection of the extended center line of Wesley Chapel Road and the southern right-of-way of NC 49 Highway, thence from said point of beginning in a southwesterly direction with the southern right-of-way of NC 49 Highway approximately 623 feet to the intersection of the southern right-of-way of NC 49 Highway with the extended southern boundary of PIN 661202680112, thence in a northwesterly direction to the southwestern corner of PIN 661202680112, thence following the western boundary of the aforementioned parcel in a northerly direction to the southwestern corner of PIN 661202594073, thence in a northwesterly direction following the western boundary of PIN 661202594073 to the southern right-of-way of Mattons Grove Church Road, thence in a northwesterly direction to the southwestern corner of PIN 661201497564, thence in a northerly direction along the western boundary of PIN 661201497564 to the southwest corner of PIN 661304501502, thence in a northwesterly direction along the western boundary of the aforementioned parcel to its common corner with PIN 661303426162, thence continuing in a northwesterly direction along the western boundary of the aforementioned parcel approximately 75 feet to a corner, thence in a northeasterly direction along the western boundary of the

aforementioned parcel approximately 128 feet to a corner, thence in a northwesterly direction along the western boundary of the aforementioned parcel approximately 223 feet to a corner, thence in a northwesterly direction along the western boundary of the aforementioned parcel approximately 245 feet to a corner, thence in a southwesterly direction along the western boundary of the aforementioned parcel approximately 765 feet to a corner, thence in a northwesterly direction along the western boundary of the aforementioned parcel approximately 415 feet to a corner, thence in a northeasterly direction along the western boundary of the aforementioned parcel approximately 977 feet to the northeast corner of PIN 661303116744, thence in a northwesterly direction along the western boundary of PIN 661303426162 approximately 775 feet to the southeast corner of PIN 661303240441, thence in a northeasterly direction along the western boundary of PIN 661303426162 approximately 1,720 feet to the southeastern corner of PIN 661303249399, thence in a northwesterly direction along the southern boundary of the aforementioned parcel approximately 322 feet to the southwest corner of the aforementioned parcel, thence in a northeasterly direction along the western boundary of PIN 661303249399, approximately 466 feet to the southern right-of-way of Glenmore Road, thence in a northwesterly direction along the southern right-of-way of Glenmore Road approximately 420 feet to the intersection of the southern right-of-way of Glenmore Road and the extended western boundary of PIN 661301258186, thence in a northeasterly direction along the western boundary of the aforementioned parcel approximately 800 feet to the intersection of the extended western boundary of the aforementioned parcel and the northeastern right-of-way of US 52 Highway, thence in a southeasterly direction along the northern right-of-way of US 52 Highway approximately 1,855 feet to the southwestern corner of PIN 661303448640, thence in a northeasterly direction along the western boundary of the aforementioned parcel to its northernmost corner, thence in a generally southerly direction, following the eastern boundary of the aforementioned parcel to its easternmost corner, said corner also being a common corner with PIN 661304543342, thence in a northwesterly direction along the northern boundary of PIN 661304543342 approximately 145 feet to the northwestern corner of the aforementioned parcel thence in a southerly direction along the western boundary of the aforementioned parcel to the northern right-of-way of US 52 Highway. Thence in a southeasterly direction along the northern right-of-way of US 52 Highway approximately 1,050 feet to the southwestern corner of PIN 661304643049, thence in a northerly direction along the western boundaries of PINs 661304643049, 661304643361, 661304643497, 661304644611, and 661304644846 to the northwest corner of PIN 661304644846, thence in a northerly direction approximately 60 feet to the southwest corner of PIN 661302655348, thence in a northerly direction along the western boundaries of PINs 661302655348 and 661302655544 to the northernmost corner of PIN 661302655544, thence in a southeasterly direction along the northern boundary of the aforementioned parcel approximately 200 feet to the northeastern corner of the aforementioned parcel, thence in a southerly direction approximately 620 feet to the southernmost corner of PIN 661302596350, said point being located in the northwestern right-of-way of Reeves Island Road, thence along the northwestern right-of-way of Reeves Island Road in a

northeasterly direction approximately 350 feet, to the intersection of the northwestern right-of-way of Reeves Island Road and the northwesterly extended northern boundary of PIN 661302752445, thence in a southerly direction along the northern boundary of the aforementioned parcel approximately 300 feet to the southeast corner of PIN 661302596350, thence in a northerly direction crossing the right-of-way of Reeves Island Road approximately 544 feet to the southwest corner of PIN 661302882512, thence in an easterly direction crossing the right-of-way of Reeves Island Road along the northern boundary of PIN 661304847498 and continuing in an easterly direction along the northern boundary of the aforementioned parcel and then in a southerly direction along the eastern boundary of the aforementioned parcel to the southeastern corner of PIN 661304847498, said point also being the northeastern corner of PIN 662303100762, thence in a westerly direction along the southern boundary of PIN 661304847498 approximately 1,235 feet, crossing the right-of-way of US 52 Highway to the southeast corner of PIN 661304914577, thence in a westerly direction along the southern boundary of the aforementioned parcel approximately 570 feet to the southwest corner of the aforementioned parcel, thence in a northwesterly direction along the southwestern boundaries of PINs 661304914577, 661304911763, 661304911954, and 661304920059, to the easternmost corner of PIN 661304825379, thence in a southwesterly direction along the southeastern boundaries of the aforementioned parcel and PINs 661304825234, 661304812626, 661304814927, and 661304712926 to the southeast corner of the aforementioned parcel, thence in an easterly direction along the northern boundary of PIN 661304702603 approximately 1,150 feet to the northeast corner of the aforementioned parcel, thence in a southerly direction along the eastern boundary of the aforementioned parcel approximately 495 feet to a corner, thence in a westerly direction along the boundary of the aforementioned parcel approximately 780 feet to a corner, thence in a southerly direction along the boundary of the aforementioned parcel approximately 780 feet to the southeast corner of PIN 661304702603, thence in a westerly direction along the southern boundary of PIN 661304702603 approximately 1,475 feet to the northeast corner of PIN 661202686946, thence in a southerly direction along the eastern boundary of the aforementioned parcel approximately 820 feet to the northwest corner of PIN 661202780863, thence in a northeasterly direction with the northern boundary of the aforementioned parcel approximately 290 feet to the northeast corner of the aforementioned parcel, thence in a southerly direction with the eastern boundary of the aforementioned parcel approximately 563 feet to the southeastern corner of the aforementioned parcel, thence in an easterly direction approximately 35 feet to the northeast corner of PIN 661202688269, thence in a southerly direction with the eastern boundary of the aforementioned parcel for an approximate distance of 470 feet to the southeast corner of the aforementioned parcel, thence continuing in the same direction to the southern right-of-way of NC 49 Highway, thence in a westerly direction along the southern right-of-way of NC 49 Highway to the point of beginning.

"ARTICLE III. GOVERNING BODY.

"Section 3.1. **Structure of Governing Body; Number of Members.** The governing body of the Village of Misenheimer is the Mayor and the Village Council, which shall have four members.

"Section 3.2. **Temporary Officers.** Until the organizational meeting after the initial election in 2003 provided for by Section 4.1 of this Charter, Chuck Ambrose, Peter Edquist, Maria Fisher, Michael Herron, and Beth Huber are appointed members of the Village Council of the Village of Misenheimer, and they shall possess and exercise the powers granted to the governing body until their successors are elected or appointed and qualified pursuant to this Charter. The temporary officers shall elect a person from among the members of the temporary governing body to serve as interim mayor. If any person named in this section is unable to serve, the remaining temporary officers shall, by majority vote, appoint a person to serve until the initial municipal election is held in 2003.

"Section 3.3. **Manner of Electing Village Council; Term of Office.** The qualified voters of the entire Village shall elect the members of the Village Council, and, except as provided in this section, they shall serve four-year terms. In 2003, the three candidates receiving the highest numbers of votes shall be elected to four-year terms, and the two candidates receiving the next highest numbers of votes shall be elected to two-year terms. In 2005, and quadrennially thereafter, two members shall be elected to four-year terms. In 2007, and quadrennially thereafter, three members shall be elected to four-year terms.

"Section 3.4. **Manner of Electing Mayor; Term of Office; Duties.** At the organizational meeting following each municipal election, the Village Council shall elect one of its members as Mayor, and the Mayor shall serve at the pleasure of the Village Council. The Mayor shall be the official head of Village government and shall preside at all meetings of the Village Council. The Mayor shall exercise such powers and duties as conferred by the general laws of this State and this Charter and as directed by the Village Council. In the case of a vacancy in the office of Mayor, the remaining members of the Village Council shall choose from their membership a person to serve as Mayor for the unexpired term.

"Section 3.5. **Residency Required.** Members of the governing body of the Village of Misenheimer, whether elected or appointed, must be qualified voters who reside within the corporate limits of the Village in order to qualify to take, hold, and continue in such office.

"ARTICLE IV. ELECTIONS.

"Section 4.1. **Conduct of Village Elections.** Village officers shall be nominated and elected on a nonpartisan basis as provided in G.S. 163-294.

"ARTICLE V. ADMINISTRATION.

"Section 5.1. **Village to Operate Under Mayor-Council Plan.** The Village shall operate under the Mayor-Council form of government as provided in Part 3 of Article 7 of Chapter 160A of the General Statutes.

"ARTICLE VI. TAXES AND BUDGET ORDINANCE.

"Section 6.1. **Commencement of Tax Collection.** From and after the effective date of this act, the citizens and property in the Village of Misenheimer shall be subject to

municipal taxes levied for the year beginning July 1, 2003, and for that purpose the Village shall obtain from Stanly County a record of property in the area herein incorporated which was listed for property taxes as of January 1, 2003.

"Section 6.2. **Budget.** The Village may adopt a budget ordinance for fiscal year 2003-2004 without following the timetable in the Local Government Budget and Fiscal Control Act but shall follow the sequence of actions in the spirit of the act insofar as is practical. For fiscal year 2003-2004, ad valorem taxes may be paid at par or face amount within 90 days of adoption of the budget ordinance and thereafter in accordance with the schedule in G.S. 105-360. If the effective date of the incorporation is prior to July 1, 2003, the Village may adopt a budget ordinance for fiscal year 2002-2003 without following the timetable in the Local Government Budget and Fiscal Control Act but shall follow the sequence of actions in the spirit of the act insofar as practical. No ad valorem taxes may be levied for the 2002-2003 fiscal year."

SECTION 2. This act is effective when it becomes law.

"ARTICLE II. CORPORATE BOUNDARIES.

"Section 2.1. **Village Boundaries.** Until modified in accordance with law, the boundaries of the Village of Misenheimer are as follows:

Beginning at a point, the intersection of the extended center line of Wesley Chapel Road and the southern right-of-way of NC 49 Highway, thence from said point of beginning in a southwesterly direction with the southern right-of-way of NC 49 Highway approximately 623 feet to the intersection of the southern right-of-way of NC 49 Highway with the extended southern boundary of PIN 661202680112, thence in a northwesterly direction to the southwestern corner of PIN 661202680112, thence following the western boundary of the aforementioned parcel in a northerly direction to the southwestern corner of PIN 661202594073, thence in a northwesterly direction following the western boundary of PIN 661202594073 to the southern right-of-way of Mattons Grove Church Road, thence in a northwesterly direction to the southwestern corner of PIN 661201497564, thence in a northerly direction along the western boundary of PIN 661201497564 to the southwest corner of PIN 661304501502, thence in a northwesterly direction along the western boundary of the aforementioned parcel to its common corner with PIN 661303426162, thence continuing in a northwesterly

direction along the western boundary of the aforementioned parcel approximately 75 feet to a corner, thence in a northeasterly direction along the western boundary of the aforementioned parcel approximately 128 feet to a corner, thence in a northwesterly direction along the western boundary of the aforementioned parcel approximately 223 feet to a corner, thence in a northwesterly direction along the western boundary of the aforementioned parcel approximately 245 feet to a corner, thence in a southwesterly direction along the western boundary of the aforementioned parcel approximately 765 feet to a corner, thence in a northwesterly direction along the western boundary of the aforementioned parcel approximately 415 feet to a corner, thence in a northeasterly direction along the western boundary of the aforementioned parcel approximately 977 feet to the northeast corner of PIN 661303116744, thence in a northwesterly direction along the western boundary of PIN 661303426162 approximately 775 feet to the southeast corner of PIN 661303240441, thence in a northeasterly direction along the western boundary of PIN 661303426162 approximately 1,720 feet to the southeastern corner of PIN 661303249399, thence in a northwesterly direction along the southern boundary of the aforementioned parcel approximately 322 feet to the southwest corner of the aforementioned parcel, thence in a northeasterly direction along the western boundary of PIN 661303249399, approximately 466 feet to the southern right-of-way of Glenmore Road, thence in a northwesterly direction along the southern right-of-way of Glenmore Road approximately 420 feet to the intersection of the southern right-of-way of Glenmore Road and the extended western boundary of PIN 661301258186, thence in a northeasterly direction along the western boundary of the aforementioned parcel approximately 800 feet to the intersection of the extended western boundary of the aforementioned parcel and the northeastern right-of-way of US 52 Highway, thence in a southeasterly direction along the northern right-of-way of US 52 Highway approximately 1,855 feet to the southwestern corner of PIN 661303448640, thence in a northeasterly direction along the western boundary of the aforementioned parcel to its northernmost corner, thence in a generally southerly direction, following the eastern boundary of the aforementioned parcel to its easternmost corner, said corner also being a common corner with PIN 661304543342, thence in a northwesterly direction along the northern boundary of PIN 661304543342 approximately 145 feet to the northwestern corner of the aforementioned parcel thence in a southerly direction along the western boundary of the aforementioned parcel to the northern right-of-way of US 52 Highway. Thence in a southeasterly direction along the northern right-of-way of US 52 Highway approximately 1,050 feet to the southwestern corner of PIN 661304643049, thence in a northerly direction along the western boundaries of PINs 661304643049, 661304643361, 661304643497, 661304644611, and 661304644846 to the northwest corner of PIN 661304644846, thence in a northerly direction approximately 60 feet to the southwest corner of PIN 661302655348, thence in a northerly direction along the western boundaries of PINs 661302655348 and 661302655544 to the northernmost corner of PIN 661302655544, thence in a southeasterly direction along the northern boundary of the aforementioned parcel approximately 200 feet to the northeastern corner of the aforementioned parcel, thence in a southerly direction approximately 620 feet to the southernmost corner of PIN

661302596350, said point being located in the northwestern right-of-way of Reeves Island Road, thence along the northwestern right-of-way of Reeves Island Road in a northeasterly direction approximately 350 feet, to the intersection of the northwestern right-of-way of Reeves Island Road and the northwesterly extended northern boundary of PIN 661302752445, thence in a southerly direction along the northern boundary of the aforementioned parcel approximately 300 feet to the southeast corner of PIN 661302596350, thence in a northerly direction crossing the right-of-way of Reeves Island Road approximately 544 feet to the southwest corner of PIN 661302882512, thence in an easterly direction crossing the right-of-way of Reeves Island Road along the northern boundary of PIN 661304847498 and continuing in an easterly direction along the northern boundary of the aforementioned parcel and then in a southerly direction along the eastern boundary of the aforementioned parcel to the southeastern corner of PIN 661304847498, said point also being the northeastern corner of PIN 662303100762, thence in a westerly direction along the southern boundary of PIN 661304847498 approximately 1,235 feet, crossing the right-of-way of US 52 Highway to the southeast corner of PIN 661304914577, thence in a westerly direction along the southern boundary of the aforementioned parcel approximately 570 feet to the southwest corner of the aforementioned parcel, thence in a northwesterly direction along the southwestern boundaries of PINs 661304914577, 661304911763, 661304911954, and 661304920059, to the easternmost corner of PIN 661304825379, thence in a southwesterly direction along the southeastern boundaries of the aforementioned parcel and PINs 661304825234, 661304812626, 661304814927, and 661304712926 to the southeast corner of the aforementioned parcel, thence in an easterly direction along the northern boundary of PIN 661304702603 approximately 1,150 feet to the northeast corner of the aforementioned parcel, thence in a southerly direction along the eastern boundary of the aforementioned parcel approximately 495 feet to a corner, thence in a westerly direction along the boundary of the aforementioned parcel approximately 780 feet to a corner, thence in a southerly direction along the boundary of the aforementioned parcel approximately 780 feet to the southeast corner of PIN 661304702603, thence in a westerly direction along the southern boundary of PIN 661304702603 approximately 1,475 feet to the northeast corner of PIN 661202686946, thence in a southerly direction along the eastern boundary of the aforementioned parcel approximately 820 feet to the northwest corner of PIN 661202780863, thence in a northeasterly direction with the northern boundary of the aforementioned parcel approximately 290 feet to the northeast corner of the aforementioned parcel, thence in a southerly direction with the eastern boundary of the aforementioned parcel approximately 563 feet to the southeastern corner of the aforementioned parcel, thence in an easterly direction approximately 35 feet to the northeast corner of PIN 661202688269, thence in a southerly direction with the eastern boundary of the aforementioned parcel for an approximate distance of 470 feet to the southeast corner of the aforementioned parcel, thence continuing in the same direction to the southern right-of-way of NC 49 Highway, thence in a westerly direction along the southern right-of-way of NC 49 Highway to the point of beginning.

"ARTICLE III. GOVERNING BODY.

"Section 3.1. **Structure of Governing Body; Number of Members.** The governing body of the Village of Misenheimer is the Mayor and the Village Council, which shall have four members.

"Section 3.2. **Temporary Officers.** Until the organizational meeting after the initial election in 2004 provided for by Section 4.1 of this Charter, Chuck Ambrose, Peter Edquist, Maria Fisher, Michael Herron, and Beth Huber are appointed members of the Village Council of the Village of Misenheimer, and they shall possess and exercise the powers granted to the governing body until their successors are elected or appointed and qualified pursuant to this Charter. The temporary officers shall elect a person from among the members of the temporary governing body to serve as interim mayor. If any person named in this section is unable to serve, the remaining temporary officers shall, by majority vote, appoint a person to serve until the initial municipal election is held in 2004.

"Section 3.3. **Manner of Electing Village Council; Term of Office.** The qualified voters of the entire Village shall elect the members of the Village Council, and, except as provided in this section, they shall serve four-year terms. In 2004, the three candidates receiving the highest numbers of votes shall be elected to four-year terms, and the two candidates receiving the next highest numbers of votes shall be elected to two-year terms. In 2006, and quadrennially thereafter, two members shall be elected to four-year terms. In 2008, and quadrennially thereafter, three members shall be elected to four-year terms.

"Section 3.4. **Manner of Electing Mayor; Term of Office; Duties.** At the organizational meeting following each municipal election, the Village Council shall elect one of its members as Mayor, and the Mayor shall serve at the pleasure of the Village Council. The Mayor shall be the official head of Village government and shall preside at all meetings of the Village Council. The Mayor shall exercise such powers and duties as conferred by the general laws of this State and this Charter and as directed by the Village Council. In the case of a vacancy in the office of Mayor, the remaining members of the Village Council shall choose from their membership a person to serve as Mayor for the unexpired term.

"Section 3.5. **Residency Required.** Members of the governing body of the Village of Misenheimer, whether elected or appointed, must be qualified voters who reside within the corporate limits of the Village in order to qualify to take, hold, and continue in such office.

"ARTICLE IV. ELECTIONS.

"Section 4.1. **Conduct of Village Elections.** Village officers shall be nominated and elected on a nonpartisan basis as provided in G.S. 163-294.

"ARTICLE V. ADMINISTRATION.

"Section 5.1. **Village to Operate Under Mayor-Council Plan.** The Village shall operate under the Mayor-Council form of government as provided in Part 3 of Article 7 of Chapter 160A of the General Statutes.

"ARTICLE VI. TAXES AND BUDGET ORDINANCE.

"Section 6.1. **Commencement of Tax Collection.** From and after the effective date of this act, the citizens and property in the Village of Misenheimer shall be subject to

municipal taxes levied for the year beginning July 1, 2003, and for that purpose the Village shall obtain from Stanly County a record of property in the area herein incorporated which was listed for property taxes as of January 1, 2003.

"Section 6.2. **Budget.** The Village may adopt a budget ordinance for fiscal year 2003-2004 without following the timetable in the Local Government Budget and Fiscal Control Act but shall follow the sequence of actions in the spirit of the act insofar as is practical. For fiscal year 2003-2004, ad valorem taxes may be paid at par or face amount within 90 days of adoption of the budget ordinance and thereafter in accordance with the schedule in G.S. 105-360. If the effective date of the incorporation is prior to July 1, 2003, the Village may adopt a budget ordinance for fiscal year 2002-2003 without following the timetable in the Local Government Budget and Fiscal Control Act but shall follow the sequence of actions in the spirit of the act insofar as practical. No ad valorem taxes may be levied for the 2002-2003 fiscal year."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 76:
Incorporate Misenheimer

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Purcell
Date:	June 10, 2003	**Summary by:**	Martha Walston
Version:	Proposed Committee Substitute		Committee Counsel

SUMMARY: ***Senate Bill 76 incorporates the Village of Misenheimer, effective when it becomes law. The Joint Legislative Commission on Municipal Incorporations met and issued a report on May 15, 2003, finding that the proposed Village of Misenheimer meets the standards for incorporation required by Article 20 of Chapter 160A of the General Statutes and recommending that it be incorporated***

The proposed committee substitute changes the date of the initial election of Village officers from 2003 to 2004 and makes corresponding changes to future election years in order to have staggered terms. This change in the date of the initial election is consistent with the date in the Village Charter.

CURRENT LAW: Under Senate Rule 42.3(b), the Joint Legislative Commission on Municipal Incorporations[1] must first consider a bill recommending the incorporation of an area before a Senate or House Committee may consider it. The Commission must decide whether the area to be incorporated meets the standards for incorporation required by Article 20 of Chapter 160A of the General Statutes.

BILL ANALYSIS: The Joint Legislative Commission on Municipal Incorporations recommended incorporation of the Village of Misenheimer on May 15, 2003. The Village of Misenheimer has been in existence for over 100 years. It is home to Pfeiffer University.
