Version: PCS H945-CSMBx-11

Analysis by: Ashley Huffstetler

SUMMARY: *The PCS to House Bill 945 authorizes the levy of new occupancy taxes in Caswell County, the cities of Eden and Reidsville, and the towns of Benson, Boiling Springs, Kenly, and Yanceyville, and the levy of additional occupancy taxes in Selma and Smithfield, and amends other provisions of the existing Durham, Halifax, and Wilson occupancy taxes. It also clarifies the authority of Durham County to enter into "public-private partnerships."*

BILL ANALYSIS:

Occupancy Taxes

This bill authorizes the levy of *new* occupancy taxes in seven local government units. These include Caswell County, the cities of Eden and Reidsville, and the towns of Benson, Boiling Springs, Kenly, and Yanceyville. None of these local units currently levy a room occupancy and tourism development tax. Every new occupancy tax is drafted in a manner that completely conforms to the House occupancy tax guidelines.

1. Caswell County and the Town of Yanceyville

   The Town of Yanceyville is located in Caswell County. Neither the county nor any city in the county currently levies an occupancy tax. This bill authorizes the levy of a 3% tax in Caswell County and a 3% tax in the Town of Yanceyville.

   See Caswell p. 1 and Yanceyville p. 8

2. Eden and Reidsville

   The cities of Eden and Reidsville are located in Rockingham County. Neither city currently levies an occupancy tax, but Rockingham County does levy a 3% tax. This bill authorizes the levy of a 3% tax in each city, and, if enacted, the total amount levied in Eden and Reidsville would be 6% (when combined with the county rate).

   See Eden p. 2 and Reidsville p. 4

3. Benson and Kenly

   The towns of Benson and Kenly are located in Johnston County. Neither town currently levies an occupancy tax, but Johnston County does levy a 3% tax. This bill authorizes the levy of a 2% tax in each town, and, if enacted, the total amount levied in Benson and Kenly would be 5% (when combined with the county rate). The Johnston County Tourism Development Authority would administer the proceeds of the tax.

   See Benson p. 5 and Kenly p. 7

4. Boiling Springs

The Town of Boiling Springs is located in Cleveland County. It does not currently levy an occupancy tax, but Cleveland County does levy a 3% tax. This bill authorizes the levy of a 3% tax in the town, and, if enacted, the total amount levied in Boiling Springs will be 6% (when combined with the county rate).

See Boiling Springs p. 6

The bill authorizes the levy of *additional* occupancy taxes in two towns. These are Selma and Smithfield.

5. Selma and Smithfield

In 2001, the General Assembly authorized the towns of Selma and Smithfield to levy occupancy taxes at a rate of 1%. Selma and Smithfield are located in Johnston County, which is authorized to levy a 3% tax. The bill authorizes each town to levy an additional 1% tax, and, if enacted, the total amount levied in each town would be 5% (when combined with the county rate). The bill also removes sunsets on both towns' taxes and makes other technical changes. These occupancy taxes fully conform to House guidelines.

See Selma p. 12 and Smithfield p. 13.

The bill also amends certain provisions of three occupancy taxes, *but does not make any rate change to existing taxes.* These are Durham, Halifax, and Wilson.

6. Durham

In Durham, the city and county split the proceeds of the tax and may use the money for any purpose authorized by law. This allocation does not comply with House guidelines, but was reached by consensus during the 2001 session. The continued authorization of the *final* 1% of the occupancy tax is conditioned upon the development of a plan for paying for and constructing a performing arts theater. The existing legislation requires that the Durham City Council develop a plan for financing and beginning construction of the theater within 42 months of Durham County voting to levy the 1% tax, or the 1% tax is repealed. Once the tax has been levied for 24 months, the first $1,400,000 of the net proceeds must be used to finance the debt associated with the construction of the performing arts theater.

This bill extends the time allowed the city to plan for and construct the performing arts theater. It gives the city 54 months (4 ½ years) to plan and begin construction, and the 1% tax will not automatically be repealed until that time. Also, the bill modifies how the proceeds of the tax are to be used after the tax has been levied for 24 months. The Visitor's Bureau must continue to distribute the money to the City of Durham to finance the debt associated with the performing arts theater, and must also distribute money to pay for the design and engineering costs associated with building the theater. The bill caps the amount at $2,752,000 that may be used for design and engineering costs.

See Durham p. 9.

7. Halifax

Halifax County levies an occupancy tax at rate of 1%. Its existing legislation conforms to House guidelines. The bill makes changes to the administrative procedures for the tourism and development authority and other technical changes. It also reinstates the provision that the authority is to make quarterly reports to the board of commissioners.

See Halifax p. 11.

8. Wilson

Wilson County levies an occupancy tax at a rate of 3%. Its legislation was drafted in 1987 and does not conform to House guidelines. This bill amends it to conform to the guidelines and further amends the membership of the tourism authority. It allows for the appointment of nine members: three appointed by the board of commissioners, three by the city council, and one by the chamber of commerce. Previously,

there were only seven members. It also changes the way those members are chosen and implements the requirement that 1/3 of the members must be affiliated with businesses that collect the tax in the county, and ½ must be members who are active in promoting travel and tourism in the county.

See Wilson p. 15.

Durham Public-Private Partnerships

The bill also clarifies the authority of Durham County to enter into public-private partnerships.

Durham County currently has the authority to enter into "urban development projects," which are defined as capital projects compromised of one or more buildings or other improvements and includes public or private projects. If the Board of Commissioners determines that the County would significantly benefit from the County's participation in an urban development project, the County may participate in the project and may enter into contracts with the City of Durham or private developers to acquire, construct, own, or operate a project.

This bill changes the term "urban development project" to "public-private project," and clarifies that the projects may be located within the municipal limits of Durham. It also creates an exception to G.S. 160A-272 and allows the County to lease property for more than ten years without having to treat that lease as a sale of the property. Further, the County and a developer may enter into contracts providing that they will use the same contractor for the work being done on all or a portion of a project.

See Durham Public-Private Partnerships p. 18.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: City of Durham, City of Eden, City of Reidsville, Town of Boiling Springs, Town of Smithfield, Town of Selma, Caswell County, Town of Yanceyville, Town of Benson, Town of Kenly, Halifax County and the Town of Wilson

EFFECTIVE DATE: Becomes effective when law.

BILL SUMMARY:

The PCS to House Bill 945 authorizes the levy of new occupancy taxes in Caswell County, the cities of Eden and Reidsville, and the towns of Benson, Boiling Springs, Kenly, and Yanceyville. It also authorizes the levy of additional occupancy taxes in Selma and Smithfield, and amends other provisions of the existing Durham, Halifax, and Wilson occupancy taxes.

ASSUMPTIONS AND METHODOLOGY:

Durham
Because the bill does not change the current occupancy tax rate for Durham and only makes changes related to the time allowed for planning and construction of a performing arts center and the use of the proceeds, this bill does not change the fiscal impact for the Durham occupancy tax.

Eden
According to the City of Eden, there are 5 motels in the city limits. Assuming an average of 30 rooms in each, an average room rate of $45 per night and a 60% rate of room occupancy, FRD estimates the 3% occupancy tax would generate $44,348 per year. Because no historic data is available, the General Consumer Price Index estimated rate of increase is used to estimate future growth in occupancy tax receipts. The following chart illustrates the five-year fiscal estimate:

	Eden	Each 1%
FY06	$44,348	$14,782
FY07	$45,368	$15,122
FY08	$46,366	$15,455
FY09	$47,293	$15,764
FY10	$48,239	$16,079

Reidsville
According to the City of Reidsville, there are 6 motels in the city limits. Assuming an average of 30 rooms in each, an average room rate of $45 per night and a 60% rate of room occupancy, FRD estimates the 3% occupancy tax would generate $53,217 per year. Because no historic data is available, the General Consumer Price Index estimated rate of increase is used to estimate future growth in occupancy tax receipts. No development of additional motels or other accommodations is assumed in the estimates of subsequent year revenues. Based on these assumptions, the following five-year stream of additional revenue is suggested:

	Reidsville	Each 1%
FY06	$53,217	$17,739
FY07	$54,441	$18,147
FY08	$55,639	$18,546
FY09	$56,751	$18,917
FY10	$57,886	$19,295

Town of Boiling Springs
According to the Town of Boiling Springs, there is 1 motel in the city limits with approximately 50 rooms. Assuming an average room rate of $45 per night and a 60% rate of room occupancy, FRD estimates the 3% occupancy tax would generate $14,783 per year. Because no historic data is available, the General Consumer Price Index estimated rate of increase is used to estimate future growth in occupancy tax receipts. No development of additional motels or other accommodations is assumed in the estimates of subsequent year revenues.

	Boiling Springs	Each 1%
FY06	$14,783	$4,927
FY07	$15,123	$5,041
FY08	$15,456	$5,152
FY09	$15,765	$5,255
FY10	$16,080	$5,360

Smithfield

The 1% occupancy tax for the Town of Smithfield generated $27,651 in revenue during FY 2004. Applying the General Consumer Price Index rate of increase suggests the following revenue increase as a result of the proposed 1% rate increase:

	Smithfield
FY06	$28,825
FY07	$29,487
FY08	$30,136
FY09	$30,739
FY10	$31,446

Selma

The current 1% occupancy tax in the Town of Selma generated $65,459 in FY04. Applying the General Consumer Price Index rate of increase suggests the following revenue increase as a result of the proposed 1% increase:

	Selma
FY06	$68,237
FY07	$69,807
FY08	$71,342
FY09	$72,769
FY10	$74,443

Caswell County and the Town of Yanceyville

According to the county manager for Caswell County, there is one motel in the county. The motel is located in Yanceyville and is expected to generate approximately $3,000 each for the Town of Yanceyville and Caswell County based on the proposed occupancy tax rate of 3% each for the county and the town. Applying the General Consumer Price Index rate of increase for future years provides the following revenue estimate:

	Yanceyville	Caswell Co.	Each 1%
FY06	$3,127	$3,127	$1,042
FY07	$3,199	$3,199	$1,066
FY08	$3,270	$3,270	$1,090
FY09	$3,335	$3,335	$1,112
FY10	$3,412	$3,412	$1,137

Benson
According to the town manager of Benson, there are 2 motels located in the city limits. Assuming and average of 25 rooms and a 50% rate of occupancy, the annual revenue for a 2% occupancy tax is approximately $8,200. Estimates for future years are based on the General Consumer Price Index rate of increase.

	Benson	Each 1%
FY06	$8,200	$4,100
FY07	$8,389	$4,195
FY08	$8,573	$4,287
FY09	$8,745	$4,373
FY10	$8,946	$4,473

Kenly
According to the town manager of Kenly, there are 4 motels in Kenly. Assuming an average of 25 rooms each and a 50% rate of room occupancy, the annual revenue for a 2% occupancy tax is approximately $16,400. Estimates for future years are based on the General Consumer Price Index rate of increaser.

	Kenly	Each 1%
FY06	$16,400	$8,200
FY07	$16,777	$8,388
FY08	$17,146	$8,573
FY09	$17,489	$8,744
FY10	$17,891	$8,945

Halifax County
The PCS makes changes to the administrative procedures for the tourism and development authority for Halifax County and makes other technical changes, but does not have a fiscal impact.

Wilson
The bill amends the Wilson County occupancy tax to conform to House guidelines. This portion of the bill does not have a fiscal impact.

Staff persons present included Cindy Avrette, Rodney Bizzell, Gerry Cohen, Brenna Erford, Ashley Huffstetler, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as **attachments 1 and 2.**

Chairman Gibson called the meeting to order at 8:35 am and recognized the ten (10) pages present: (1) Katie Amspacher of Carteret County, sponsored by Representative Preston; (2) Casey Cline of Lincoln County, sponsored by Representative McMahan; (3) Ward Collins of Macon County, sponsored by Representative Haire; (4) Jarrett Frazier of Jackson County, sponsored by Representative Haire; (5) Chris Hall of Robeson County, sponsored by Speaker Black; (6) Amelia Muse of Durham County, sponsored by Representative Hackney; (7) Carrie Neal of New Hanover County, sponsored by Representative McComas; (8) Scott Poseil of Wake County, sponsored by Representative Yongue; (9) Lauren Umbolenstock of Wake County, sponsored by Representative Dollar; and (10) Rob Williams of Johnston County, sponsored by Representative Daughtry

The first bill under the Committee's consideration was **SB 396 – COUNTY SERVICE DISTRICTS** (see **attachment 3**). Chairman Gibson first recognized the bill sponsor, Senator Hoyle, who explained that the bill gives counties the authority to make changes to service districts. He reported that the bill was passed by the Senate and received no opposition. Chairman Gibson then recognized Representative Rayfield who moved that Senate Bill 396 be given a favorable report by the Committee. Seeing no further discussion, Chairman Gibson called the motion to a vote and it carried by consent.

The next bill considered by the Committee was **SB 442 – BLOWING ROCK OFF-STREET PARKING FUND** (see **attachment 4**). Chairman Gibson recognized Senator Garwood who explained that the bill requires developers to provide adequate off-street parking for developments or pay a fee based on number of parking spaces required by development. He stated that the fee would be used to finance a municipal parking deck. Representative Ross was then recognized and moved that Senate Bill 442 be given a favorable report by the Committee. As there was no further debate, Chairman Gibson called the motion to a vote and it carried without objection.

The following bill considered by the Committee was **SB 466 - BURLINGTON/GIBSONVILLE BOUNDARY** (see **attachment 5**). Chairman Gibson first recognized Senator Phil Berger who explained that this bill removes certain property from the Town of Gibsonville and annexes it into the City of Burlington. He reported that the bill had been agreed upon and requested by the two towns. Representative Holliman was then recognized and moved that Senate Bill 466 be given a favorable report by the Committee. Seeing no further discussion, Chairman Gibson called the motion to a vote and it carried by consent.

Chairman Gibson then recognized Representative Fisher to explain **SB 249 – ASHEVILLE SATELLITE ANNEXATIONS** (see **attachment 6**). Representative Fisher, on behalf of Senator Apodaca, stated that Senate Bill 249 added certain property to the City of Asheville. She also reported that she knew of no opposition to the bill. Chairman Gibson then recognized Representative Glazier who moved that Senate Bill 249 be given a favorable report by the Committee. As there was no further debate, Chairman Gibson called the motion to a vote and it carried without objection.

The next bill under consideration by the Committee was **HB 892 – REGULATE SALE OF MALT BEVERAGE KEGS** (see **attachment 7**). Chairman Gibson first recognized Representative Carney who moved for the adoption of the proposed committee substitute for the Committee's consideration. The motion was adopted. Chairman Gibson then recognized Representative Alexander, the bill sponsor, who explained that the bill would require malt beverage retailers to put a unique coded tag or adhesive label on beer kegs and collect identifying information from the retail keg purchaser to be tied to the individual beer keg. She further explained that persons who remove or destroy the coded tag or adhesive label, or fail to return a tagged or labeled keg would be guilty of a Class I misdemeanor. Representative Alexander reported that the bill before the House Finance Committee because it authorizes the ABC Commission to charge fees to the malt beverage retailer to cover the costs of producing the required coded tags. The bill had already received a favorable report from the House Commerce Committee. As general questions existed on the bill, Representative Alexander addressed the concerns as much as possible and Chairman Gibson recognized Andy Allen of the Retail Merchant's Association. Mr. Allen stated that he still had a few concerns on the bill but was still working with the bill sponsor to resolve them. Representative Weiss was then recognized and moved for a favorable report to the proposed committee substitute and an unfavorable report to the original bill. Chairman Gibson then recognized Representative Blackwood who said that teenagers could still participate in underage drinking with bottles or cans. Chairman Gibson then recognized Mark Newbold, an attorney for the Charlotte-Mecklenburg Police Department. He stated that the bill encourages adults purchasing kegs to be responsible. Reverend Mark Creech with the Christian Action League was then recognized by Chairman Gibson and read a list of organizations who had endorsed the bill. Chairman Gibson then recognized Dan Blau from the American Civil Liberties Union (ACLU) and stated that he generally supports the proposed committee substitute but does not agree with police officers having the ability to preemptively investigate where parties will be held. In response, Chairman Gibson recognized Representative Alexander who reported that the form used by keg buyers would not include the date or place of consumption. Representative Lewis was then recognized and asked why retailers should be required to keep records once the keg is returned. Chairman Gibson again recognized Mr. Newbold who explained that retailers asked for this provision so that in the event of a lawsuit, the retailer would have the records to prove that they did not sale the keg to an underage drinker and, therefore, would not be liable. Representative Wainwright was then recognized and asked why the ABC Commission is charging the retailers for the labels and forms. Representative Alexander was recognized to respond and stated that the labels and forms should be a minimal cost and the ABC Commission would not be able to afford this cost

out of its current budget. Chairman Gibson then temporarily displaced the bill, pending the formulation of amendments.

Chairman Gibson next recognized Representative Faison who moved for the adoption of the proposed committee substitute for the Committee's consideration for **SB 15 – WATER & SEWER DISTRICT BOUNDARIES; PER DIEM** (see **attachment 8**). The motion was adopted. Chairman Gibson recognized Representative Hill who, on behalf of the bill sponsor Senator Soles, explained that this bill allows State-owned property to be moved from one county water and sewer district to another, but only if the State acquired the property from the county. Following the explanation, Representative Faison was recognized and moved for a favorable report to the proposed committee substitute and an unfavorable report to the original bill. Representative Wiley was then recognized and inquired as to why the per diem rates for members of Water and Sewer Authorities was being increased from $2,000 to $4,000 annually. Representative McComas was then recognized and explained that the provision was added at his request and that the increase was necessary as there had been no increase since 1975. Seeing no further discussion, Chairman Gibson called Representative Faison's motion to a vote, and it carried by consent. (NOTE: Representative Hackney did not vote on the bill.)

The next bill under consideration by the Committee was **SB 14 – HOLDEN BEACH CANAL DREDGING FEE** (see **attachment 9**). Chairman Gibson recognized Representative Hill who explained that the bill allows the Town of Holden Beach to impose a canal dredging fee for all properties that are contiguous to a canal. He noted that the Committee had already approved the companion to this bill (HB 350) at an earlier meeting. Representative Luebke was then recognized and moved that Senate Bill 14 be given a favorable report by the Committee. As there was no further debate, Chairman Gibson called the motion to a vote, and it carried without objection.

The next bill considered by the Committee was **HB 723 – UNC/CRIMINAL RECORD CHECKS/FEE** (see **attachment 10**). Chairman Gibson recognized Representative Glazier who sent forth a technical amendment (see **attachment 11**) and moved its adoption. Chairman Gibson called the motion to a vote and the amendment was adopted. Representative Glazier then explained the bill stating that it authorizes the Department of Justice to provide criminal record checks to the University of North Carolina for applicants for employment and promotion. Seeing no further discussion, Chairman Gibson called the motion to a vote and the amendment was adopted. Representative Hackney was the recognized and stated that there was no need for an immunity clause on page 4, section F. He then sent forth an amendment (see **attachment 12**) and moved for its adoption, which takes out the immunity clause of the bill. Seeing no further discussion, Chairman Gibson called the motion to a vote and it carried by consent. Chairman Gibson then recognized Representative Weiss who moved for a favorable report to the proposed committee substitute, incorporating the amendment, and an unfavorable report to the original bill. As there was no further debate, Chairman Gibson called the motion to a vote and it carried by without objection.

The next bill under consideration by the Committee was **HB 1340 – REESTABLISH BOXING COMMISSION** (see **attachment 13**). Chairman Gibson then recognized Representative Womble who moved for the adoption of the proposed committee substitute for the Committee's consideration. The motion passed. Chairman Gibson then recognized Representative Faison who explained that this bill reestablishes the North Carolina Boxing Commission in order for the State to provide oversight over boxing. Representative Rayfield was recognized and asked about the increase in funding required by the bill. Chairman Gibson then recognized Representative Faison who stated that the increase in funding from the State would only be $2,600 per year. Both Representatives Rayfield and Blust questioned about the need for the reestablishment of the Boxing

Commission after it was eliminated in 2001. Representative Faison was then recognized and reported that North Carolina was one out of six states without a boxing commission and the State needs more oversight into boxing. Representative Walend was recognized and asked how many boxing events take place each year. Chairman Gibson then recognized Frank Douglas, a former member of the NC Boxing Commission, who stated that North Carolina had already had 20 events this year. Representative Womble was then recognized and moved for a favorable report to the proposed committee substitute and an unfavorable report to the original bill. Seeing no further discussion, Chairman Gibson called the motion to a vote and it carried by consent.

Chairman Gibson replaced House Bill 892 before the Committee. Representative Wainwright was recognized and sent forth amendment (see **amendment 14**) that would require ABC to pay for tags. Chairman Gibson then displaced House Bill 892 from the Committee's consideration.

Chairman Gibson then recognized Senator Albertson to explain **SB 206 – SALEMBURG BOUNDARY VALIDATION** (see **attachment 15**). Senator Albertson stated that Senate Bill 206 clarifies the corporate limits of the Town of Salemburg and validates elections and acts of the town. Chairman Gibson then recognized Representative Hill who moved that Senate Bill 206 be given a favorable report by the Committee. As there was no further debate, Chairman Gibson called the motion to a vote and it carried without objection.

Chairman Gibson then replaced House Bill 892 again before the Committee. Representative Wainwright was recognized and withdrew his amendment. Representative Lewis was then recognized and sent forth an amendment (see **amendment 16**) that restricts access to records kept by retail merchants to law enforcement agencies only. Representative Lewis then moved for the amendment's adoption. Chairman Gibson then recognized Representative Daughtridge who expressed his support for the Lewis amendment that could help prevent the spread of identity theft across the State. Seeing no further discussion, Chairman Gibson called the motion to a vote and the amendment was adopted. Representative Weiss was then recognized and moved for a favorable report to the proposed committee substitute, incorporating the amendment, and an unfavorable report to the original bill and so moved for the re-referral of the bill to the Appropriations Committee. As there was no further debate, Chairman Gibson called the motion to a vote it carried by consent.

As there was no further business before the Committee, Chairman Gibson then adjourned the meeting at 9:53 am.

A BILL TO BE ENTITLED

AN ACT ALLOWING COUNTIES TO MAKE CHANGES IN SERVICE DISTRICTS CREATED PURSUANT TO ARTICLE 16 OF CHAPTER 153A OF THE GENERAL STATUTES.

The General Assembly of North Carolina enacts:

SECTION 1. Article 16 of Chapter 153A of the General Statutes is amended by adding a new section to read:

"**§ 153A-304.3. Changes in adjoining service districts.**

(a) Changes. – The board of county commissioners may by resolution relocate the boundary lines between adjoining county service districts if the districts were established for substantially similar purposes. The boundary lines may be changed in accordance with a petition from landowners or may be changed in any manner the board deems appropriate. Upon receipt of a request to change service district boundaries, the board of county commissioners shall set a date and time for a public hearing on the request prior to taking action on the request.

(b) Report. – Before the public hearing required by subsection (a) of this section, the board of county commissioners shall cause to be prepared a report containing all of the following:

(1) A map of the service district and the adjacent territory showing the current and proposed boundaries of the district.

(2) A statement indicating that the proposed boundary relocation meets the requirements of subsection (a) of this section.

(3) A plan for providing service to the area affected by the relocation of district boundaries.

(4) The effect that the changes in the amount of taxable property will have on the ability of the district to provide services or to service any debt.

The report shall be available for public inspection in the office of the clerk of the board for at least two weeks before the date of the public hearing.

(c) Notice and Hearing. – The board shall hold a public hearing before adopting any resolution relocating the boundaries of a service district. Notice of the hearing shall state the date, hour, and place of the hearing and its subject, and shall include a statement that the report required by subsection (b) of this section is available for inspection in the office of the clerk to the board. The notice shall be published at least once not less than one week before the date of the hearing.

(d) Effective Date. – The resolution changing the boundaries of the districts shall take effect at the beginning of a fiscal year commencing after its passage, as determined by the board."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 396:
County Service Districts

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 7, 2005
Introduced by:	Sen. Hoyle	**Summary by:**	Cindy Avrette
Version:	Second Edition		Committee Counsel

SUMMARY: ***Senate Bill 396 would allow counties, after notice and a public hearing, to relocate boundary lines between adjoining county service districts, if the districts were established for substantially similar purposes. A resolution changing the boundaries would take effect at the beginning of the fiscal year commencing after its passage.***

CURRENT LAW: Article 16 of Chapter 153A authorizes counties to create county service districts in order to finance and provide the following types of services, facilities, or functions at a greater extent than those financed and provided for the entire county:

- Beach erosion control and flood and hurricane protection works
- Fire protection
- Recreation
- Sewage collection and disposal systems of all types, including septic tank systems or other on-site collection or disposal facilities or systems
- Solid waste collection and disposal systems
- Water supply and distribution systems.
- Ambulance and rescue
- Watershed improvement projects, drainage projects, and water resources development projects
- Cemeteries
- Law enforcement, under certain circumstances

To finance these services, facilities, or functions, a county may levy property taxes within a defined service district in addition to those levied throughout the county. The tax rate is capped at an amount that, when combined with the rate levied countywide, does not exceed $1.50 on each $100 of appraised value of property, unless a greater rate is approved by a majority of qualified voters residing within the district.

Prior to adopting a resolution creating a service district, the board of county commissioners must make the following findings, followed by notice and a public hearing:

1. There is a demonstrable need for providing one or more of the services listed above.
2. It is impossible or impracticable to provide those services on a countywide basis.
3. There is a demonstrable demand for the proposed services by persons residing in the district.

Current law provides for the extension of, consolidation of, reduction of after annexation, and abolition of service districts but does not provide for the relocation of boundary lines.

BILL ANALYSIS: Senate Bill 396 creates a new statutory section in the Article on County Service Districts that would allow counties, by resolution, to relocate the boundary lines between adjoining county service districts if the districts were established for substantially similar purposes. Before relocating the boundary lines, a county would be required to do the following:

1. Issue a Report. – The report must contain a map of the service district showing the current and proposed boundaries of the district, a statement indicating that the adjoining service districts were established for substantially similar purposes, and a plan for providing service to the area affected by the relocation. The board is also required to consider any effect the relocation will have on any outstanding debt that may be secured by district tax revenues.
2. Provide Notice. – The notice must include a statement that the report is available for public inspection. The notice must be published not less than one week before the date of the hearing.
3. Hold a Public Hearing.

The resolution changing the boundaries of the districts shall take effect at the beginning of the fiscal year commencing after the passage of the resolution.

The bill would be effective when it becomes law.

BACKGROUND: This bill was requested by the Gaston County EMS Director. When initially established, district lines reflect the needs of current conditions, but as infrastructure develops, travel patterns are altered, often changing the most reasonable responder to a particular location. Since the current law does not allow counties to reduce a district other than as the result of an annexation, this change would allow counties to readjust boundary lines to reflect growth and changing infrastructure to best serve the citizens.

SENATE BILL 442

Short Title:	Blowing Rock Off-Street Parking Fund.	(Local)
Sponsors:	Senator Garwood.	
Referred to:	Finance.	

March 9, 2005

A BILL TO BE ENTITLED

AN ACT AUTHORIZING THE TOWN OF BLOWING ROCK TO ESTABLISH AN OFF-STREET PARKING FUND.

The General Assembly of North Carolina enacts:

SECTION 1. Notwithstanding any other provision of law, the governing body of a municipality may establish a fund into which payments from individual firms, persons, corporations, or property owners shall be deposited for the purpose of providing off-street parking facilities, and from which appropriations shall be made exclusively for the purpose of organizing, establishing, developing, or enlarging off-street parking facilities within the municipality. The governing board may provide in the municipality's land-use ordinance that all developers must either provide adequate off-street parking (on-site or off-site) to serve their developments or pay a fee to the municipality's off-street parking facilities fund based on the number of required parking spaces not provided.

SECTION 2. This act applies to the Town of Blowing Rock only.

SECTION 3. This act is effective when it becomes law.

SENATE BILL 442:
Blowing Rock Off-Street Parking Fund

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 7, 2005
Introduced by:	Sen. Garwood	**Summary by:**	Cindy Avrette
Version:	First Edition		Committee Counsel

SUMMARY: ***Senate Bill 442 would allow the Town of Blowing Rock to establish a fund to help provide revenues for a municipal parking facility. Both Chapel Hill (1969) and Carrboro (1985) have similar authority. The bill is effective when it becomes law.***

BILL ANALYSIS: Municipalities have the authority to regulate parking and to provide off-street parking facilities. A municipality may impose fees and charges for the use of the facilities through any feasible means. [1]

The Town of Blowing Rock has an ordinance requiring businesses to provide a minimum number of parking spaces. A business may meet the minimum parking space requirement through on-site parking or satellite parking that is within 400 feet of the business. A business may not use the public parking along the streets to meet its minimum parking space requirements.

To help alleviate the scarcity of parking in the Town of Blowing Rock, the Town has purchased property on which it plans to construct a municipal parking deck. Business owners have approached the Town about assisting it in the cost of the facility as a way to meet the minimum parking space requirements. The Town anticipates that the parking facility will be constructed within the next five years.

Senate Bill 442 would allow the Town of Blowing Rock to establish a fund to be used exclusively to establish a municipal parking facility. The Town may by ordinance set forth a fee schedule that would allow businesses and developers to contribute towards the cost of the facility based on the number of required parking spaces. The Town anticipates that the fee would be a one-time capital cost. Although current law may be sufficient authority to allow the Town to construct and finance the parking facility in the manner the Town envisions, the Town decided to seek specific legislative authority. Chapel Hill received this authority in 1969 and Carrboro received the same authority in 1985.

SENATE BILL 249:
Asheville Satellite Annexations

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 7, 2005
Introduced by:	Sen. Apodaca	**Summary by:**	Cindy Avrette
Version:	Second Edition		Committee Counsel

SUMMARY: Senate Bill 249 is a local bill that would allow the City of Asheville to add certain described property to the corporate limits of the City of Asheville.

BILL ANALYSIS: Senate Bill 249 would annex six parcels of land into the city limits of Asheville. The tracts are located in Buncombe County and range in size from one acre to 31 acres. The tracts encompass an area that is being developed for commercial use. The area lies in the vicinity of the airport and Interstate 26.

The area is being annexed at the request of the property owners. The City chose to annex the property through legislation because the area is closer to the town limits of Fletcher than the City of Asheville. However, under its charter[1], the Town of Fletcher is prohibited from annexing any area within Buncombe County.

The annexation for one of the six parcels becomes effective October 1, 2005. A restaurant will be located on this parcel and it needs to be incorporated for purposes of an ABC permit. Development on the remaining five parcels should be completed by October 1, 2006. The annexation of these remaining five parcels becomes effective October 1, 2006.

HOUSE BILL 892:
Regulate Sale of Malt Beverage Kegs

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 7, 2005
Introduced by:	Rep. Alexander	**Summary by:**	Martha Walston
Version:	PCS to Second Edition H892-CSRU-50[v.4]		Committee Counsel

SUMMARY: ***The Proposed Committee Substitute for House Bill 892 would require malt beverage retailers to put a unique coded tag or adhesive label on beer kegs and collect identifying information from the retail keg purchaser to be tied to the individual beer keg. Persons who remove or destroy the coded tag or adhesive label, or fail to return a tagged or labeled keg would be guilty of a Class 1 misdemeanor.***

HB 892 is in House Finance because it authorizes the ABC Commission to charge fees to the malt beverage retailer to cover cost of producing the required coded tag or adhesive label and the forms.

The 2nd edition of the bill was given a favorable report in House Commerce.

CURRENT LAW: Current law does not require beer kegs to be uniquely identifiable.

BILL ANALYSIS: The PCS for House Bill 892 requires the following for kegs[1] of beer sold at retail:

- When the retail seller sells and give possession of the keg to the retail purchaser, the retail seller must contain a coded tag or adhesive label uniquely numbered on the keg.
- At the time of sale, the retail seller must have the retail purchaser complete a form showing the purchaser's name, address, telephone number, date of birth, coded tag or adhesive label number, purchaser's signature, date the keg is due to be returned, and a summary on the tag law and underage drinking. (The 2nd edition of the bill also required that the form include the location and dates for the consumption of the keg. The 2nd edition did not require the form to show the date the keg is due to be returned.)
- After the return of the keg, the retail seller is to remove the tag or label.
- The retail seller must maintain a copy of the signed form for one year from the date of purchase. (The 2nd edition of the bill required that the form be kept for three years.)
- The Alcoholic Beverage Control Commission may charge a fee to recover the cost of the coded tags or adhesive labels and the required forms.

An unauthorized person who defaces or removes a coded tag or adhesive label, or possesses an untagged or labeled keg, and a retail purchaser who fails to return a keg within 30 days of the date the keg is due to be returned is guilty of a Class 1 misdemeanor with a minimum $50.00 fine. (The 2nd edition required return within 30 days after the purchase.)

EFFECTIVE DATE: This act becomes effective December 1, 2005, and applies to offenses committed on or after that date.

BILL SUMMARY:

March 24, 2005
H 892. REGULATE SALE OF MALT BEVERAGE KEGS (=S 476). REGULATING THE SALE OF KEGS CONTAINING MALT BEVERAGE. Identical to S 476, introduced 3/10/05.

May 11, 2005
H892-CRSU-29 [v.3] amends 1st edition to remove the requirements for malt beverage wholesalers and require affected retail permittees to retain coded tags and forms for a period of three years from the date of purchase.

June 6, 2005
H892-CSRU-50[v.4] amends 2nd edition to require affected retail permittees to retain coded tages and forms for a period of one year from the date of purchase

ASSUMPTIONS AND METHODOLOGY: the bill requires that beer retailers attach to every malt beverage keg sold, a uniquely numbered and coded tag provided by the Alcoholic Beverage Control (ABC) Commission. The retail seller shall require every purchaser of a keg to complete and sign a form, provided by ABC, indicating among other information the purchaser's name, address, date of birth, the keg identification number, coded tag number, address and date where the keg is to be consumed. When the keg is returned, the retailer shall remove the tag before returning the empty keg to the wholesaler. The retailer shall maintain a copy of the signed form for a period of one year.

New penalties are established for violations of the provisions of the bill. An unauthorized person who defaces or removes a coded tag, or possesses an untagged keg, and a retail purchaser who fails to return a keg within 30 days is guilty of a Class 1 misdemeanor with a minimum $50.00 fine.

Alcoholic Beverage Control (ABC) Commission:
Under the proposal, the ABC Commission would be responsible for issuing the coded tags and a new form to all malt beverage retailers subject to the bill. Because this is a new responsibility, there is no data available to estimate ABC's cost. The bill authorizes ABC to charge malt beverage retailers a fee to recover the costs of the coded tags and required forms.

Judicial Branch
The Administrative Office of the Courts (AOC) indicates that no substantial increase in workload is expected from this bill. Presently, a person who fails to return a keg could be charged with the offense of failure to return rental property (G.S. 14-167), a Class 2 misdemeanor under current law. Thus, some defendants currently charged with Class 2 misdemeanors would be charged with Class 1 misdemeanors under this new bill. AOC data for calendar year 2004 indicate a total of 1,798 defendants charged with this offense. Data are not available on how many of these offenses involved failure to return a keg.

This bill also creates a new Class 1 misdemeanor offense for a person who defaces or removes a required keg identification tag or who possesses an unregistered keg. AOC discussions with Alcohol Law Enforcement (ALE) Division personnel revealed that ALE currently uses existing identification markings on kegs to enforce laws dealing with underage consumption and distribution of alcohol. However, AOC has no way to estimate how this new bill would enhance alcohol law enforcement and if it would result in additional charges. AOC has no data available to estimate the number of keg sales that would violate the law or the number of new criminal charges that might occur as a result of this offense.

Defendants who would be charged under this new bill could currently be charged with some alcohol offense. To the extent that is true, the charges that might occur as a result of this bill would be brought in addition to related charges such as selling or giving malt beverages or unfortified wine to anyone less than 21 years old (G.S. 18B-302(a)(1), also a Class 1 misdemeanor). On the other hand, some and perhaps many of the charges created by this bill would be new, adding additional cases.

Department of Correction

Since the proposed bill creates new offenses, the Sentencing Commission does not have any historical data from which to estimate the impact of this bill on the prison population. It is not known how many offenders might be sentenced for the proposed offenses. In FY 2003/04, 19% of Class 1 misdemeanor convictions resulted in active sentences. The average estimated time served was 31.2 days. Offenders serving active sentences of 90 days or less are housed in county jails. The Department of Correction reimburses county jails at the rate of $18/day for offenders serving active sentences of 30 to 90 days. Convictions for this proposed offense would not be expected to have a significant impact on the prison population. The impact on local jail populations is not known.

For misdemeanor classes, offenders may be given non-active sentences – intermediate or community sanctions. Offenders given intermediate sanctions or the community sanction of supervised probation are supervised by the Division of Community Corrections (DCC), which also supervises offenders on community service. The estimated cost associated with an intermediate offender is $10.94 per day[1] for the first six months and $1.87 for each day thereafter. The estimated cost for a supervised community offender is $1.87 per day.[2] Community corrections costs are projected to begin in FY 2006-07, due to the effective date of December 1 and the lag time between charge and conviction. For these reasons, it is not possible to determine the potential fiscal impact of the bill on the Department of Correction.

SOURCES OF DATA: NC Sentencing and Policy Advisory Commission; Administrative Office of the Courts

TECHNICAL CONSIDERATIONS: None

[1] This is the cost of intensive probation, the most common intermediate sanction.

[2] DCC also incurs costs of $0.67 per day for each offender sentenced to community service; however, the total cost for community service cannot be determined.

SENATE BILL 15:
Water and Sewer District Boundaries

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Soles
Date:	June 7, 2005	**Summary by:**	Martha Walston
Version:	S15-CSLA-14		Committee Counsel

SUMMARY: Senate Bill 15 would allow State-owned property to be moved from one county water and sewer district to another, but only if the State acquired the property from the county. This act would be effective when it becomes law.

The proposed committee substitute would increase the maximum annual per diem that a water and sewer authority member may receive from $2,000 to $4,000.

CURRENT LAW: The board of commissioners of any county may create a county water and sewer district after notice and a public hearing. Following the public hearing, the board of commissioners may, by resolution, create a county water and sewer district if the board finds all of the following:

(1) There is a demonstrable need for providing in the district water services, or sewer services, or both.
(2) The residents of all the territory to be included in the district will benefit from the district's creation.
(3) It is economically feasible to provide the proposed service or services in the district without unreasonable or burdensome annual tax levies.

A board of commissioners also has authority to annex territory to any water and sewer district if certain conditions are met. Before adopting any resolution extending the boundaries of a water and sewer district, a board of commissioners must hold a public hearing.

Among its powers, a county water and sewer district may sue and be sued; may contract and be contracted with; may acquire and hold any property, real and personal, devised, bequeathed, sold, or in any manner conveyed, dedicated to, or otherwise acquired by them, and from time to time may hold, invest, sell, or dispose of the same; and may establish, revise and collect rates, fees or other charges and penalties for the use of or the services furnished or to be furnished by any sanitary sewer system, water system or sanitary sewer and water system of the district.

BILL ANALYSIS: Section 1 of Senate Bill 15 would allow a county, by resolution, to transfer State-owned property from one county water and sewer district to another, but only if the State acquired the property from the county. The transfer from district to another would not require a public hearing, but a copy of the resolution must be sent to the Department of Administration.

Columbus County has five water and sewer districts. The county would like to have the property on which a new correctional facility will be built to be shifted from one water and sewer district to another within the county to help finance certain improvements within the transferee district.

Section 2 of Senate Bill 15 would increase the annual maximum per diem paid to a member of a water and sewer authority enacted under Article 1 of Chapter 162A from $2,000 to $4,000. The General Assembly enacted the $2,000 maximum per diem in 1975. One or more counties, cities, sanitary districts, and other subdivisions may create a water and sewer authority by adopting resolutions stating their intent to do so. Each resolution must be adopted after notice is published and a public hearing is held on the issue. A political subdivision can withdraw from an authority at any time before obligations of the authority have been created. A water and sewer authority may issue revenue bonds; enter into installment finance contracts; impose rates, fees, and charges; and levy special assessments. Water and sewer authorities may also apply for grants from the Clean Water Revolving Loan and Grant Fund. A list of water and sewer authorities in the State is set out below:

Dare Beaches Water and Sewer Authority
Franklin Water and Sewer Authority
Lower Cape Fear Water and Sewer Authority
Moore Water and Sewer Authority
Neuse Regional Water and Sewer Authority
Onslow Water and Sewer Authority
Orange Water and Sewer Authority
South Brunswick Water and Sewer Authority
South Granville Water and Sewer Authority

ASSUMPTIONS AND METHODOLOGY: The proposed committee substitute increases the annual maximum per diem amount from $2,000 to $4,000 for each water and sewer authority member. Assuming a total of twelve water and sewer authorities affected by the bill and an average number of seven members per authority, the bill would have a total impact of $168,000

SENATE BILL 14:
Holden Beach Canal Dredging Fee

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 7, 2005
Introduced by:	Sen. Soles	**Summary by:**	Cindy Avrette
Version:	Second Edition		Committee Counsel

SUMMARY: Senate Bill 14 is a local bill that would allow the Town of Holden Beach to create a fee-supported canal dredging district for all properties that are contiguous to a canal. The fee may not exceed the cost of dredging and will be imposed on owners of each dwelling unit or parcel that could or does benefit from water access through the canal system. On April 7, 2005, House Finance gave a favorable report to the companion bill, House Bill 350, sponsored by Rep. Stiller.

BILL ANALYSIS: Last year, the General Assembly authorized the Town of Ocean Isle Beach to create a fee-supported canal dredging district for properties that are contiguous to a canal within the town limits (House Bill 1734; S.L. 2004-104). The legislation provided the following:

- The annual fee may not exceed the cost of providing for the dredging of canals, both natural and concrete.
- The fee would be imposed on owners of each dwelling unit or parcel of property that could or does benefit from water access through the canal system.
- The dredging fee may be included on the property tax bill and collected in the same manner as property taxes. The remedies for collection of taxes will also apply to the collection of these fees.
- The fees collected shall be placed in a separate fund to be used only to pay the bill for canal dredging.

This legislation was proposed to provide the means to remove the silt and sand that have flowed into the canals in the Town impeding the navigability of the canals. These canals provide water access from the Intracoastal Waterway to lots and rights-of-way within the Town limits.

Senate Bill 14 would authorize the Town of Holden Beach to create a fee-supported canal dredging district in the same manner and under the same conditions that have already been authorized for the Town of Ocean Isle Beach.

A BILL TO BE ENTITLED

AN ACT TO PERMIT THE UNIVERSITY OF NORTH CAROLINA TO OBTAIN CRIMINAL RECORD CHECKS, TO ALLOW CERTAIN FEES TO BE CHARGED FOR THE CRIMINAL RECORD CHECK, AND TO MAKE IT A CRIMINAL OFFENSE TO PROVIDE FALSE INFORMATION THAT IS THE BASIS OF A CRIMINAL RECORD CHECK.

The University shall make written findings with regard to how it used the information when making employment decisions and decisions with regard to independent contractors. The University may delegate any of the duties in this section to one or more of its administrators.

(e) All the information received by the University through the checking of the criminal history in accordance with this section is privileged information and is not a public record but is for the exclusive use of the University. The University may destroy the information after it is used for the employment purposes authorized by this section after one calendar year.

(f) There shall be no liability for negligence on the part of the University, or its employees, arising from any act taken or omission by any of them in carrying out the provisions of this section. The immunity established by this subsection shall not extend to gross negligence, wanton conduct, or intentional wrongdoing that would otherwise be actionable. The immunity established by this subsection shall be deemed to have been waived to the extent of indemnification under Article 31A of Chapter 143 of the General Statutes, and to the extent sovereign immunity is waived under the Tort Claims Act, as set forth in Chapter 31 of Chapter 143 of the General Statutes.

(g) Any applicant for employment or promotion who willfully furnishes, supplies, or otherwise gives false information on an employment application that is the basis for a criminal history record check under this section shall be guilty of a Class A1 misdemeanor."

SECTION 3. This act becomes effective December 1, 2005. G.S. 116-40.5A(g), as enacted by this act, applies to offenses committed on or after that date.

BILL ANALYSIS

Date: June 7, 2005
Version: 2nd Edition

Sponsor: Reps. Glazier and Dickson
Analysis by: Ashley Huffstetler*
Staff Attorney

SUMMARY: ***The 2nd Edition of House Bill 723 authorizes the Department of Justice (DoJ) to provide criminal record checks to the University of North Carolina (UNC) for applicants for employment and promotion. The bill becomes effective December 1, 2005, and applies to offenses committed on or after that date.***

CURRENT LAW: Under current State law, criminal record check provisions exist for residential school personnel, employees of local boards of education, and employees of charter schools. The provisions of House Bill 723 are substantially similar to these existing statutes.

2nd EDITION CHANGES TO ORIGINAL BILL: The bill was amended in House Judiciary IV. The 2nd Edition:

- Requires that the Board of Governors adopt a policy to be applied uniformly to all constituent institutions regarding the circumstances in which criminal record checks will be required before an offer of employment or promotion is made at the constituent institutions. The original bill directed the Board of Trustees of each constituent institution to develop such a policy.
- Allows the University to charge the applicant a fee to pay for the criminal record check and for fingerprinting. The original bill prohibited such a fee.

BILL ANALYSIS: Section 1.: The bill adds a new section to Chapter 114 of the General Statutes (Department of Justice) that:

- Authorizes DOJ to provide a criminal record check to UNC administrators for a person who has applied for employment or promotion in the UNC System, with the applicant's consent.
- Authorizes DOJ to provide a criminal record check to UNC by fingerprint card from National Repositories of Criminal Histories.
- Provides that the information obtained must be kept confidential.
- Provides that DOJ may charge a reasonable fee for conducting the criminal record check, not to exceed the actual cost of locating, editing, researching, and retrieving the information.
- Authorizes certain University law enforcement officers, who are certified Division of Criminal Information-State Bureau of Investigation (DCI) operators, to conduct the criminal record check.
- Directs DOJ to adopt rules to implement the provisions.

Section 2.: The bill adds a new section to Chapter 116 of the General Statutes (Higher Education) that:

- Provides that "criminal history" means a conviction of a crime, whether misdemeanor or felony, that indicates the applicant (i) poses a threat to the physical safety of students or personnel, or (ii) has

demonstrated that he or she does not have the integrity or honesty to fulfill the his or her duties, and lists crimes included within definition.

- Provides that the term "University personnel" includes applicants for employment or promotion, and independent contractors who carry out duties customarily performed by university personnel.
- Requires that the UNC Board of Governors adopt a policy regarding when criminal record checks will be required before an unconditional offer of employment or promotion.
- Includes requirements regarding fingerprinting and obtaining consent forms and requires the University to consider refusal to consent to a check when making employment decisions.
- Directs the University to determine in writing whether the results of the check indicate that a person (i) poses a threat to the physical safety of students or personnel, or (ii) has demonstrated that the person does not have the integrity or honesty to fulfill his or her duties.
- Provides that the results of the check are confidential and allows the University to destroy the information after one calendar year.
- Provides limitations on liability for the University and its employees.
- Makes it a Class A1 misdemeanor to willfully furnish, supply, or give false information on an employment application that is the basis for a criminal record check. A Class A1 misdemeanor is punishable by 1 to 60 days of active, intermediate, or community punishment, assuming no prior convictions.

BACKGROUND: Currently, some campuses in the UNC System conduct pre-employment criminal conviction checks on prospective employees. Those that perform checks are using the Administrative Office of the Courts database, which contains only North Carolina convictions or are using automated databases in certain states that are available through commercial vendors.

EFFECTIVE DATE: The bill becomes effective December 1, 2005, and applies to offenses committed on or after that date.

**This fiscal analysis is independent of the impact of other criminal penalty bills being considered by the General Assembly, which could also increase the projected prison population and thus the availability of prison beds in future years. The Fiscal Research Division is tracking the cumulative effect of all criminal penalty bills on the prison system as well as the Judicial Department.*

BILL SUMMARY: This bill would add new G.S. 114-19.2A providing that the Department of Justice (DOJ) may provide a criminal record check to University of North Carolina (UNC) administrators concerning a person who has applied for employment or promotion in the UNC System, with the consent of the applicant. DOJ also may provide a criminal record check to UNC by fingerprint card from National Repositories of Criminal Histories, in accordance with G.S. 116-40.5A. The bill additionally authorizes certain University law enforcement officers to conduct the criminal record check. The UNC Board of Governors would be required to adopt

policies with respect to when criminal record checks will be required. It would be a Class A1 misdemeanor under this bill to willfully furnish, supply or give false information on an employment application that is the basis for a criminal record check. The Second Edition of this bill permits UNC to charge applicants for the cost of the criminal history and associated fingerprints. *Source: Adapted from Bill Digest H.B. 723 (03/17/0200).*

ASSUMPTIONS AND METHODOLOGY:

Department of Justice and University of North Carolina

The UNC System estimates that it could request as many as 5,266 criminal histories per year. This is the number of new employees hired in 2004. While the Department of Justice is authorized to conduct state and national background checks for the UNC System under this bill, it is unclear whether the UNC System could also request background checks from other sources. UNC personnel have indicated that they will probably request state and national fingerprint background checks from DOJ only if the applicant has lived out of state. Otherwise, they anticipate requesting name checks through commercial vendors; some campuses already use commercial vendors for some background checks.

Costs of commercial background checks vary, and may not be permitted under this bill. If new G.S. 116-40.5A(c) in fact requires that all background checks on UNC employees be state and national fingerprint checks conducted through the Department of Justice, with the exception of those checks that UNC police can perform themselves, the following fees would apply:

NC Fingerprint Check:	$14
National Fingerprint Check:	$24 ($2 to DOJ, $22 remitted to the FBI)
Total:	$38

The State Bureau of Investigation (SBI) in the Department of Justice conducts background checks for criminal justice and non-criminal justice agencies. For the latter group, the Department charges fees that are used to support the positions required to conduct the checks. In addition to the $22 remitted to the Federal Bureau of Investigation for national checks, costs to the SBI per state and national check average $16.33,[1] not including overhead or equipment. Each person in the fingerprint identification section can perform, on average, 10,000 checks per year. The number of checks anticipated by UNC would be the equivalent of one half-time position. The Department believes that this workload can be absorbed by existing personnel.

The UNC Police can access criminal history information on applicants for employment with the police department through a national name check, but they cannot share that information outside of the police department. As a law enforcement agency, UNC Police can also request state and national fingerprint criminal history checks on their employees from the SBI free of charge. The annual number of UNC Police applicants is unknown at this time.

In addition to the fees for criminal histories, local law enforcement agencies may charge for fingerprinting. Charges range from $0 to $15. The second edition of this bill permits UNC to pass

[1] In 2003, average cost was $11.45 per electronic fingerprint check and $17.95 per paper fingerprint check; approximately 25% of non-criminal justice fingerprint submissions were electronic.

the costs of criminal record checks and fingerprinting on to the applicants. In practice, UNC has indicated that it does not plan to charge applicants for either cost.

Alternative Background Check Costs: The language in this bill is similar to the language in G.S. 115C-332, which permits local education agencies (LEAs) to request criminal history checks on prospective employees. Some LEAs request checks from private vendors rather than the Department of Justice, and UNC has indicated that it plans to do the same. If this bill permits UNC to request other types of criminal histories or use other sources, options include:

DOJ ***Fingerprint*** Checks: NC Only	$14.00
DOJ ***Fingerprint*** Checks: NC and National ($22 remitted to the FBI)	$38.00
DOJ ***Fingerprint*** Checks: NC and National - UNC Police applicants	no charge
DOJ ***Name*** Checks	$10.00
Clerks of Court ***Name*** Checks: single NC county	$10.00
Private Vendor ***Name*** Checks: NC or Multi-State	varies
UNC Police ***Name*** Checks: UNC Police applicants only	internal cost

General – Criminal Penalties

The Sentencing and Policy Advisory Commission prepares prison population projections for each criminal penalty bill. The Commission assumes for each bill that increasing criminal penalties does not have a deterrent or incapacitative effect on crime. Therefore, the Fiscal Research Division does not assume savings due to deterrent effects for this bill or any criminal penalty bill.

Department of Correction

The Sentencing and Policy Advisory Commission prepares inmate population projections annually. The projections used for incarceration fiscal notes are based on January 2005 projections. These projections are based on historical information on incarceration and release rates under Structured Sentencing, crime rate forecasts by a technical advisory group, probation and revocation rates, and the decline (parole and maxouts) of the stock prison population sentenced under previous sentencing acts. Based on the most recent population projections and estimated available prison bed capacity, *there are no surplus prison beds available for the five-year fiscal note horizon and beyond.*

As this bill would create a new Class A1 misdemeanor offense for intentionally falsifying information furnished in relation to a criminal history check performed prior to employment or promotion for selected positions within the North Carolina University System, no historical data is available to estimate the number of additional convictions that would result.

- In FY 2003-04, 24 percent of Class A1 misdemeanors resulted in active sentences and the average active sentence length was 73 days. Active sentences of less than ninety days are served in county jail, and DOC reimburses counties at a rate of $18 per day for any sentence between thirty and ninety days in length.
- The remaining 76 percent of Class A1 misdemeanants received non-active sentences. For those offenders sentenced to supervised probation, the Division of Community Corrections (DCC) would incur costs of $1.87 per offender per day. Offenders sentenced to community service would cost $0.67 per offender per day, and offenders given unsupervised probation would not impact DCC.

Because most Class A1 misdemeanants serving active time as a result of this bill would be housed in county jails, this legislation is not expected to significantly impact prison population.

Judicial Branch

For most criminal penalty bills, the Administrative Office of the Courts provides Fiscal Research with an analysis of the fiscal impact of the specific bill. For these bills, fiscal impact is typically based on the assumption that court time will increase due to an expected increase in trials and a corresponding increase in the hours of work for judges, clerks and prosecutors. This increased court time is also expected to result in greater expenditures for jury fees and indigent defense.

As this bill would create a new Class A1 misdemeanor offense for intentionally falsifying information furnished in relation to a criminal history check concerning employment or promotion in the North Carolina University system, no historical data is available to estimate the number of additional convictions that would result. Of the additional background checks that would occur under this bill, it is not possible to estimate the number that would result in charges for intentionally falsifying information provided to conduct the criminal history check.

Based on the costs of time in court, attorney preparation time, and indigent defense, the average estimated cost to process one Class A1 misdemeanor is $3,589 per trial and $286 per guilty plea. The trial cost includes an estimated $2,087 in jury fees, costs of time in court, and attorney costs and an additional $1,502 in indigent defense. Based on prior-year data, the majority of any new Class A1 misdemeanor charges that are not dismissed are likely to be settled by plea.

SOURCES OF DATA: Department of Correction, Judicial Branch, North Carolina Sentencing and Policy Advisory Commission, Office of State Budget and Management, Department of Justice, University of North Carolina

TECHNICAL CONSIDERATIONS: It is unclear whether UNC is required under this bill to request all criminal history checks through the Department of Justice, and whether UNC must request a state and national fingerprint check on each applicant for whom a criminal history check is required. Maximum costs on the front page box assume that all checks will be state and national fingerprint checks conducted through the Department of Justice.

An applicant for a license shall file with the Commission the appropriate nonrefundable fee and any forms, documents, medical examinations, or exhibits the Commission may require in order to properly administer this Article. The information requested shall include the date of birth and social security number of each applicant as well as any other personal data necessary to positively identify the applicant and may include the requirement of verification of any documents the Commission deems appropriate. A person may not participate under a fictitious or assumed name in any match unless the person has first registered the name with the Commission.

(c) Surety Bond. – An applicant for a promoter's license must submit, in addition to any other forms, documents, or exhibits requested by the Commission, a surety bond payable to the Commission for the benefit of any person injured or damaged by (i) the promoter's failure to comply with any provision of this Article or any rules adopted by the Commission or (ii) the promoter's failure to fulfill the obligations of any contract related to the holding of a boxing event. The surety bond shall be issued in an amount to be no less than five thousand dollars ($5,000). The amount of the surety bond shall be negotiable upon the sole discretion of the Commission. All surety bonds shall be upon forms approved by the Secretary of Crime Control and Public Safety and supplied by the Commission.

(d) Permit. – A permit issued to a promoter under this Article is valid for a single match. An applicant for a permit shall file with the Commission the appropriate nonrefundable fee and any forms or documents the Commission may require.

Referee	$50.00
Timekeeper	$50.00
Second	$25.00.

The annual license renewal fees shall not exceed the initial license fees.

(b) Permit Fees. – The Commission may establish a fee schedule for permits issued under this Article. The fees may vary depending on the seating capacity of the facility to be used to present a match. The fee may not exceed the following amounts:

Seating Capacity	Fee Amount
Less than 2,000	$100.00
2,000 – 5,000	$200.00

(c) State Boxing Commission Revenue Account. – There is created the State Boxing Commission Revenue Account within the Department of Crime Control and Public Safety. Moneys collected pursuant to the provisions of this Article shall be credited to the Account and applied to the administration of the Article.

"**§ 143-659.6. Contracts and financial arrangements.**

Any contract between licensees and related to a boxing match or exhibition held or to be held in this State must meet the requirements of administrative rules as set forth by the Commission. Any contract which does not satisfy the requirements of the administrative rules shall be void and unenforceable. All contracts shall be in writing.

"**§ 143-659.7. Sanctioned amateur matches.**

In addition to the other applicable provisions of this Article, a sanctioned amateur match shall be conducted pursuant to the rules of the sports organization sanctioning the boxing match or exhibition.

"**§ 143-659.8. Violations.**

HOUSE BILL 1340:
Reestablish Boxing Commission

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 7, 2005
Introduced by:	Rep. Faison	**Summary by:**	Martha Walston
Version:	PCS to First Edition H1340-CSLAf-12		Committee Counsel

SUMMARY: ***The proposed committee substitute for House Bill 1340 transfers the regulation of boxing from the Alcohol Law Enforcement Division of the Department of Crime Control and Public Safety to the newly reestablished Boxing Commission created within the Department of Crime Control and Public Safety. The current license fees, permit fees, civil penalties, and criminal penalties remain the same.***

The 1st edition of House Bill 1230 transferred the regulation of boxing to the Department of Commerce, Division of Tourism, Film, and Sports Development and reestablished the North Carolina State Boxing Commission within the Division of Tourism, Film, and Sports Development.

CURRENT LAW: The Alcohol Law Enforcement Division of the Department of Crime Control and Public Safety currently regulates the following boxing activities:

- Live boxing and kickboxing matches, whether professional, amateur, sanctioned amateur, or toughman events, in which admission is charged for viewing, or the contestants compete for a purse or prize of value greater than $25.

Prior to July 1, 2004, the above activities (hereinafter referred to as boxing) were controlled by the North Carolina State Boxing Commission created within the Department of Crime Control and Public Safety.

BILL ANALYSIS: House Bill 1340 reestablishes the North Carolina State Boxing Commission within the Department of Crime Control and Public Safety and transfers regulation of boxing to this Commission. The Commission will differ from the previous Commission in its membership:

- The **new Commission** will be composed of seven members who are residents of the State and meet requirements for membership under the Professional Boxing Safety Act of 1996. The initial members shall be appointed as follows:
  (1) Two voting members appointed by the General Assembly (one by the Speaker of the House of Representatives for three-year term and one by the President Pro Tempore of the Senate for a one-year term).
  (2) Three voting members appointed by the Governor (one to serve a three-year term, one to serve a two-year term, and one to serve a one-year term)
  (3) Two nonvoting members to be appointed respectively by the Speaker of the House of Representatives and the President Pro Tempore of the Senate for two-year terms. (Each appointment will be made from two licensed N.C. physicians nominated by the North Carolina Medical Society.)

  The **previous Commission** consisted of six voting and two nonvoting advisory members who were residents of N.C. and met requirements for membership under the Professional Boxing Safety Act of 1999 as follows:
  (1) One voting member appointed by the Governor

(2) Four members appointed by the General Assembly (Two members, one voting and one nonvoting, by the Speaker of the House of Representatives and two members, one voting and one nonvoting, by the President Pro Tempore of the Senate)
(3) Two voting members appointed by the Secretary of Crime Control and Public Safety
(4) One member appointed by the Tribal Council of the Eastern Band of the Cherokee.[1]

House Bill 1340 continues the current prohibition against ultimate warrior matches. An "ultimate warrior match" is defined as a match where the participants use any combination of boxing, kicking, wrestling, hitting, punching, or other combative, contact techniques and which combination of techniques is not specifically authorized by and conducted pursuant to this Article.

House Bill 1340 provides that rules adopted by the Boxing Commission requiring physical examinations are not governed by the statute in Chapter 90 that allows a physical examination to be conducted by a nurse practitioner or a physician's assistant when a statute or agency rule requires a physician to conduct the physical examination. The Bill requires that a physical examination must be conducted by a physician.

The statute governing current license fees and permit fees will remain the same The fees are currently placed in a State Boxing Commission Revenue Account within the Department of Crime Control and Public Safety and applied to the administration of the Article. The fees are set out below:

License Fees: The annual license renewal fees may not exceed the initial license fees

Contestant	$25
Judge	$50
Manager	$100
Matchmaker	$200
Promoter	$300
Referee	$50
Timekeeper	$50
Second	$25

Permit Fees: The Commission may establish a fee schedule for permits issued under this Article. The fees may vary depending on the seating capacity of the facility to be used to present a match. The fee may not exceed the following amounts:

Seating Capacity	Fee amount
Less than 2, 000	$100
2,000 – 5,000	$200
Over 5,000	$300

The current civil penalties and criminal penalties for violations of the Article also remain the same.

EFFECTIVE DATE: House Bill 1340 is effective when it becomes law.

H1340e1-SMLA-CSLAf-12

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Crime Control and Public Safety

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: The proposed committee substitute for House Bill 1340 transfers the regulation of boxing from the NC Boxing Authority in the Alcohol Law Enforcement Division, Department of Crime Control and Public Safety to the newly re-established Boxing Commission created within the Department of Crime Control and Public Safety. The current license fees, permit fees, civil penalties, and criminal penalties remain the same.

ASSUMPTIONS AND METHODOLOGY: HB 1340 proposes to re-establish the Boxing Commission with the same the number of commissioners, types of events allowed, and types/ amounts of fees that were established under the former Boxing Commission. The bill directs the Secretary to hire an Executive Director and to provide staff assistance to the Director. The costs to re-establish the Boxing Commission as directed in the bill would be those associated with the seven new commission members and the compensation for the Executive Director. Because HB 1340 makes no other changes, it is assumed that the annual number of events and the fees generated would remain unchanged from the current levels. According to data provided by the NC Boxing Authority staff, the travel and per diem costs for seven Commission members to attend four meetings annually was $2,600 in FY 2003-04. The salary and compensation cost for the current Executive Director of the NC Boxing Authority is $81,354 annually. Thus the total costs to re-establish the seven-member commission and to compensate an Executive Director are estimated at $83,954 in the first year.

The 2004 Budget Bill, S.L. 2004-124, included a provision that eliminated the Boxing Commission, including its general fund appropriation, and transferred the regulation of boxing to the Division of Alcohol Law Enforcement (ALE). The bill directed the Department of Crime Control and Public Safety (CCPS) to use available salary reserve funds to reclassify the two Boxing Commission staff positions and transfer them to ALE. The former two-member Boxing Commission staff was transferred and the NC Boxing Authority was established within ALE in FY 2004-05. In FY2003-04, the annual operating budget for the NC Boxing Commission was approximately $174,449 with $40,000 in budgeted receipts for a net general fund appropriation of about $134,449. As a result of S.L. 2004-124, the CCPS general fund appropriation was reduced by $134,449, requiring the Department to re-allocate existing funds and salary reserve within its budget to support the cost of regulating boxing. HB 1340, however, does not specify if funds are to be provided to support the full administrative costs of boxing regulation. Because there are no references to other administrative costs, it is assumed for the purpose of this fiscal memorandum, that the only cost associated with this bill is the amount needed to compensate the Executive Director and support the Commissioners' actual expenses to attend four annual meetings.

SOURCES OF DATA: NC Boxing Authority staff at the Department of Crime Control and Public Safety, Division of Alcohol Law Enforcement.

TECHNICAL CONSIDERATIONS: As currently drafted, HB 1340 is not clear in the intent regarding funds to support all costs associated with boxing regulation. If no additional funds are to be provided other than the $83,954 estimated above, should it be assumed that the Department must transfer funds from ALE or other divisions to fully support the Commission's cost to regulate boxing?

S.L. 2004-124 eliminated all general fund appropriation for the Boxing Commission and directed the Department to use available funds to reclassify and transfer two positions to ALE to regulate boxing. Currently, there are two positions in the NC Boxing Authority with total budgeted personal services cost of $131,454 and another $43,000 budgeted for contracts, supplies, equipment, and other operating costs. In FY 2003-04, $29,216 in boxing receipts was realized. Outside of the one position established, should the remaining position, the funds, and other resources of the existing NC Boxing Authority be transferred to the Commission or are there to be

new recurring funds appropriated to fully support all staff and operating costs associated with the regulation of boxing in the state? Neither the former NC Boxing Commission nor the current NC Boxing Authority ever realized more than $50,000 in receipts. So anticipated receipts would not be adequate to make up the remainder of the cost of boxing regulation.

House Committee on Finance

Minutes

~

June 7, 2005

The House Committee on Finance met on Tuesday, June 7, 2005 at 2:30 pm in Room 544 of the Legislative Office Building. The following members were present: Chairpersons Alexander, Gibson, Luebke, McComas and Wainwright; Vice-Chairs Daughtridge, Hill, Weiss, and Womble; Representatives Blackwood, Blust, Bordsen, Capps, Carney, Faison, Folwell, Glazier, Hackney, Harrell, Holliman, Jones, Lewis, McGee, Rayfield, Underhill, Walend, and Wiley; and Ex-Officio members Representatives Culpepper and Cunningham. Also present were Sergeant-at-Arms Jonathan Calloway, Bill Freeman, Fred Hines, Dusty Rhodes, Bill Sullivan, and James Worth. Staff persons present included Cindy Avrette, Rodney Bizzell, Gerry Cohen, David Crotts, Brenna Erford, Canaan Huie, Linda Millsaps and Martha Walston. The Visitor Registration Sheet is attached and incorporated into these minutes as **attachment 1**.

Chairman Luebke called the meeting to order at 2:52 pm and recognized the eleven (11) pages present: (1) Ward Collins of Macon County, sponsored by Representative Haire; (2) Lindsey Garrison of Scotland County, sponsored by Representative Yongue; (3) Emily Helm of Guilford County, sponsored by Representative Jeffus; (4) Chris Hall of Robeson County, sponsored by Speaker Black; (5) Amelia Muse of Durham County, sponsored by Representative Hackney; (6) Carrie Neal of New Hanover County, sponsored by Representative McComas; (7) Michael Pell of Alamance County, sponsored by Representative Allred; (8) Scott Poseil of Wake County, sponsored by Representative Yongue; (9) Linzy Shout of Davidson County, sponsored by Representative Holliman; (10) Eric Spitler of Wake County, sponsored by Representative Eddins; and (11) Rob Williams of Johnston County, sponsored by Representative Daughtry

The bill under the Committee's consideration was **HB 1630 – 2005 CONTINUING BUDGET AUTHORITY/REVENUE** (see **attachment 2**). Chairman Luebke first recognized Representative Alexander who moved for the adoption of the proposed committee substitute for the Committee's consideration. The motion passed. Chairman Luebke recognized Gerry Cohen of Bill Drafting to give an overall explanation of the first section of the bill, which pertained to a continuing resolution of the current budget. The continuing resolution section allows for spending at current levels if the current budget is not passed by the end of the fiscal year (June 30, 2005). Chairman Luebke then recognized Cindy Avrette who explained each of the revenue provisions of the bill. Following the bill's explanation, Representative Wainwright was recognized to comment on the bill. He stated that the bill was not a tax increase but simply continued taxes that were already in existence. He further stated that the State needed the revenue provided in the bill to support education, Medicaid, public safety, and economic development. He concluded by stating that North Carolina is one of the fastest growing states in the nation and needs a budget that supports this growth. Chairman Luebke then recognized Representative Alexander who reported that there was a

lot of talk about not supporting the budget by House members, but she was hopeful that members would support the bill, which would provide for the revenue needs of the State. Representative Bordsen was then recognized to send forth a technical amendment (see **attachment 3**), and she moved for its adoption. Seeing no further discussion, Chairman Luebke called the motion to a vote and it carried without objection. Representative Capps was then recognized and stated that the members should have been provided with a projected revenue chart detailing revenue situation in the State without the passage of the bill. Chairman Luebke then recognized Representative Hackney who stated that the revenue provisions of the bill were absolutely necessary in order to provide for students in the university system, state employee pay raises, Medicaid funding, and the State Health Plan. Chairman Luebke then recognized Representative Rayfield who asked for a comparison between the budgets of 2004 and 2005. David Crotts from Research was recognized and reported that revenue collection was $527 million above the projection, but 75-80% of that amount was non-recurring. Representative Womble was then recognized and asked the time span of the continuation of the half-cent sales tax. Representative Wainwright reported that the continuation would only last for 2 more years and would not make the increase permanent, as was proposed in the Senate budget. Chairman Luebke then recognized Representative Faison who asked if there were any new income tax provisions. Chairman Luebke responded by saying that there are no new income taxes, only continuations of existing taxes. Representative Ross was then recognized and asked what items will no longer be taxed under the streamline sales tax provisions of the bill. Chairman Luebke recognized Linda Millsaps from Fiscal Research who read a detailed list of specific items no longer being taxed. Representative McGee was then recognized and requested an explanation on the proposed tax on candy. Chairman Luebke recognized Linda Millsaps once again who stated that candy was currently exempt from sales taxes, but this bill would impose a 7% tax on candy as a part of the Streamlined Sales Tax Provisions. Representative Capps was then recognized and asked about taxes on candy sold from vending machines. Chairman Luebke recognized Andy Sabol from the Department of Revenue who reported that sales taxes on candy sold through vending machines only apply to 50% of the gross receipts. Chairman Luebke then recognized Representative Blust who sent forth an amendment (see **attachment 4**) and moved its adoption. He stated that the amendment changes the title on the bill to a less explicit title that would allow amendments on the House floor. Representative Wainwright was recognized and announced his opposition to the amendment saying that he wants the bill to be transparent so there will be no mistake about the contents of the bill. Chairman Luebke then recognized Representative Blust who requested that the ayes and nays be recorded on the vote for the amendment. Representative Culpepper was then recognized and stated that he opposed the amendment and explained that the title is the way it is because bills addressing tax measures have always included specific language in the title. As there was no further debate, Chairman Luebke called the motion to a vote and directed the Committee Clerk to call the roll (see **attachment 5**). The amendment failed by a vote of 11 ayes and 19 nays. Chairman Luebke then recognized Representative Lewis who sent forth an amendment (**attachment** 6) that exempts candy from the sales tax provision of the bill. Representative Lewis explained that he does not believe that children should have to pay more for candy. He then moved for the amendment's adoption and requested that the ayes and nays be recorded on the vote. Representative Alexander was then recognized and expressed her opposition to the amendment reminding members of the obesity problem in the State, which is directly effected by the consumption of candy by young people. Representative Gibson was then recognized and stated that this amendment would move North Carolina further away from the Streamlined Sales Tax Agreement that the Committee and the General Assembly has been working toward for a number of years. Seeing no further discussion, Chairman Luebke then called the motion to a vote and directed the Committee Clerk to call the roll (see **attachment 7**). The amendment failed by a vote of 11 ayes to 19 nays. Chairman Alexander was then recognized and moved for a favorable report to the proposed committee substitute, incorporating the technical amendment, and an unfavorable report to the original bill. Representative Blust was then recognized to speak against the motion stating

that the Committee should not pass a revenue package and a continuation provision in the same bill. He further reported his belief that the people of North Carolina see a tax extension as a tax increase and cited a recent poll. He continued by stating that the extension of the tax measure is bad policy and the General Assembly needs to address the structural problems within the State budget. Representative Blust also requested a recording of the ayes and nays to the Alexander motion. As there was no further debate, Chairman Luebke then called the motion to a vote and directed the Committee Clerk to call the roll (see **attachment 8**). The motion carried by a vote of 19 ayes to 11 nays.

As there was no further business before the Committee, Chairman Luebke then adjourned the meeting at 4:10 pm.

Respectfully submitted,

Representative Paul Luebke

An applicant for refund shall furnish the following information and any proof of the information required by the Secretary:

(1) A list identifying the railway cars, locomotives, fuel, lubricants, repair parts, and accessories purchased by the applicant inside or outside this State during the refund period.

For each applicant, the Secretary shall compute the amount to be refunded as follows. First, the Secretary shall determine the ratio of the number of miles the applicant operated its motor vehicles, railroad cars, locomotives, and airplanes in this State during the refund period to the number of miles it operated them both inside and outside this State during the refund period. Second, the Secretary shall determine the applicant's proportional liability for the refund period by multiplying this mileage ratio by the purchase price of the items identified in subdivision (1) of this subsection and then multiplying the resulting product by the tax rate that would have applied to the items if they had all been purchased in this State. Third, the Secretary shall refund to each applicant the excess of the amount of sales and use taxes the applicant paid in this State during the refund period on these items over the applicant's proportional liability for the refund period."

PCS FOR HB 1630:
2005 CONTINUING BUDGET AUTHORITY/REVENUE.
TAX PROVISIONS

Part 8: Income Tax Changes

- Conforms State income tax law to recent federal changes, with the following exceptions:
  - Does not create a tonnage tax in lieu of an income tax on qualifying shipping activities.
  - Does not allow the deduction for income attributable to domestic production activities.
  - Does not allow the deduction for sales and use tax paid in lieu of state income tax paid.
- Extends the 8.25% individual upper income tax bracket for two years.

Part 9: Estate Tax Changes

- Ties the repeal of the State estate tax to the repeal of the federal estate tax, scheduled to become effective in 2010. The State also continues to conform to the increased exclusion amounts.
- The amount of the State estate tax remains as the amount of the state death tax credit allowed under the Code in 2001.

Part 10: Sales Tax Changes

- The Streamlined Sales & Use Tax Agreement contains the uniformity and simplification provisions developed by the SSTP. The Agreement becomes effective when at least 10 states representing 20% of the population of all states with a sales tax are in compliance with the provisions of the Agreement. As of the end of April, 14 states representing 24% of the population have petitioned for membership. NC is one of those states. For NC to remain in compliance with the Agreement, it must make the changes recommended in this part of the bill.
- Eliminates caps and thresholds and imposes a uniform State rate. To conform to this requirement, the bill eliminates the 1% and the 1%, $80-cap tax rate by exempting some items from tax and fully taxing others. It also provides that the combined general rate of tax applies to telecommunications, satellite TV, and spirituous liquor. These items are currently taxed at 5% or 6%, as opposed to the combined general rate of 7%. The rate changes for items currently taxed at 1% or 1%, $80-cap become effective January 1, 2005; the remaining changes become effective September 1, 2005.
- Adopts the Agreement's uniform definitions, clarifies the effective dates for rate increases and decreases, and conforms to the amnesty requirements of the Agreement. The definition changes regarding cable service, combined general rate, food, satellite

digital audio radio service, and Streamlined Agreement become effective September 1, 2005; the remaining changes become effective January 1, 2006.

- Retains the use tax line item on the individual income tax return for an additional five years. Effective when it becomes law.
- Makes the additional ½ cent State sales tax rate permanent at 4.5%, effective when it becomes law.
- The remaining sales tax changes become effective September 1, 2005:
    - Taxes cable television at the same rate as satellite television, with a credit allowed for any local franchise taxes paid.
    - Taxes satellite radio the same as satellite television.
    - Imposes the State and local sales tax on candy and on service contracts in which the seller agrees to maintain or repair tangible personal property.
    - Provides that voice mail is included as part of the gross receipts of telecommunication services.

Summary of PCS for HB 1630:

2005 CONTINUING BUDGET AUTHORITY/REVENUE

PART I. BUDGET CONTINUATION

Section 1 of the bill provides for the continuation of State government spending by State agencies, departments, and institutions at the levels established for the 2004-2005 fiscal year in S.L. 2004-124. Further, the Director of the Budget is directed not to allocate funds for any of the purposes set out in the budget reductions contained in Senate Bill 622, 4th edition, and Senate Bill 622, as it passes the House of Representatives, that are not in controversy. Section 1 freezes all vacant positions. The continuing budget authority remains in effect until the Current Operations and Capital Improvements Appropriations Act of 2005 becomes law. At that point, the Appropriations Act will govern appropriations and expenditures and the Director of the Budget must adjust allotments to give effect to that Act from July 1, 2005.

PART II. FEDERAL BLOCK GRANTS

Section 2 provides for the continued appropriation and allocation of federal block grant funds at the levels provided in Sections 5.1 and 5.2 of S.L. 2004-124.

PART III. NO AUTOMATIC STEP INCREASE FOR STATE AND PUBLIC SCHOOL EMPLOYEES

Section 3 suspends certain automatic statutory step increases until action by the General Assembly. Thus, magistrates, assistant and deputy clerks of superior court, and members of the Highway Patrol will not advance on salary schedules or receive automatic increases, under G.S. 7A-102(c), 7A-171.1, or 20-187.3, respectively. In addition, public school employees paid on the teacher salary schedule or the school-based administrator salary schedule will not advance on salary schedules or receive automatic step increases.

PART IV. SALARY-RELATED CONTRIBUTIONS/EMPLOYER

Section 4 maintains the State's employer retirement contribution rates at the same amount as they are on June 30, 2005, with those rates effective only until the section expires. If the Appropriations Act modifies the rates, the Director of the Budget is directed to further modify the rates set in that Act for the remainder of the 2005-2006 fiscal year to compensate for the different amount contributed between July 1, 2005, and the Appropriations Act becomes law. This will allow the effective rates for the entire year to reflect the rates set in the Appropriations Act.

PART V. FUNDS SHALL NOT REVERT

Section 5 states that if the provisions of either Senate Bill 622, 4th edition, or Senate Bill 622, as it passes the House of Representatives, or both, direct that funds shall not revert, the funds shall not revert on June 30, 2005. Unless the funds are encumbered on or before June 30, 2005, the funds shall not be expended after June 30, 2005, except as provided by a law enacted after June 30, 2005.

PART VI. STATE CONTROLLER SHALL NOT TRANSFER FUNDS ON JUNE 30

Section 6 provides that, notwithstanding G.S. 143-15.2 and G.S. 143-15.3A, for the 2004-2005 fiscal year only, funds shall not be reserved to the Repairs and Renovations Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Repairs and Renovations Reserve Account on June 30, 2005. In addition, notwithstanding G.S. 143-15.2 and G.S. 143-15.3, for the 2004-2005 fiscal year only, funds shall not be reserved to the Savings Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Savings Reserve Account on June 30, 2005.

PART VII. MODIFY GLOBAL TRANSPARK DEBT

Section 7 amends G.S. 147-69.2(b)(11) to extend from July 1, 2005, until July 31, the maturity date of certain debt of the Global Transpark Authority.

Part VIII. Income Tax Changes

Part VIII does two things:

- It updates the reference date to the Internal Revenue Code.
- It extends the 8.25% upper individual income tax bracket as enacted in 2001 for the 2006 and 2007 taxable years.

IRC Update:

North Carolina's tax law tracks many provisions of the federal Internal Revenue Code, by reference to the Code.[1] The General Assembly determines each year whether to update its reference to the Internal Revenue Code.[2] Updating the Internal

---

[1] North Carolina first began referencing the Internal Revenue Code in 1967, the year it changed its taxation of corporate income to a percentage of federal taxable income.

[2] The North Carolina Constitution imposes an obstacle to a statute that automatically adopts any changes in federal tax law. Article V, Section 2(1) of the Constitution provides in pertinent part that the "power of taxation ... shall never be surrendered, suspended, or contracted away." Relying on this provision, the North Carolina court decisions on delegation of legislative power to administrative agencies, and an analysis of the few federal cases on this issue, the Attorney General's Office concluded in a memorandum issued in 1977 to the Director of the Tax Research Division of the Department of Revenue that a "statute which adopts by

Revenue Code reference makes recent amendments to the Code applicable to the State to the extent that State law tracks federal law. The General Assembly's decision whether to conform to federal changes is based on the fiscal, practical, and policy implications of the federal changes and is normally enacted in the following year, rather than in the same year the federal changes are made. Under current North Carolina law, the reference date to the Code is May 1, 2004.

Sections 8.1 through 8.6 would change the reference date to January 1, 2005. Changing the reference date to January 1, 2005, would incorporate federal changes made in the Working Families Tax Relief Act of 2004 (P.L. 108-311) and the American Jobs Creation Act of 2004 (P.L. 108-357). In addition, in early 2005 Congress enacted an act to enhance the tax benefit for certain charitable contributions made in January 2005 for tsunami relief (P.L. 109-1). That act did not amend the Code, but rather used uncodified language to bring about that result. This bill would conform to that legislation as well. A detailed summary of these federal tax law changes is attached.

The bill does not conform to three aspects of the federal tax law changes:

- It does not create a tonnage tax in lieu of an income tax on qualifying shipping activities. – The AJCA provides that a corporation can elect to be subject to a tonnage tax rather than an income tax on its qualified shipping activities. The tonnage tax is based on the taxpayer's "notional shipping income." Notional shipping income is determined by reference to a monetary rate per ton shipped. The rate is 40 cents per 100 tons per day for the first 25,000 tons shipped per vessel and 20 cents per 100 tons per day for the amount shipped in excess of 25,000 tons per vessel. Once notional shipping income has been determined, tax is computed on that amount at the rate of 35%. In exchange for electing to be subject to the tonnage tax, the taxpayer may exclude from its gross income any amount resulting from its qualifying shipping activities. Conforming to this exclusion would result in income from shipping activities being excluded from taxation in North Carolina. In effect, it would result in a loss of tax revenues at the State level without a corresponding loss at the federal level. In order to maintain this revenue source, this bill requires the taxpayer to add back the amounts deducted from gross income because of this new provision.

- It does not create a deduction for income attributable to domestic production activities. The AJCA phases out the exclusion for extraterritorial income: 20% in 2005, 40% in 2006; eliminated in 2007. Congress created a new deduction for domestic production activities to replace the ETI. "Domestic production activities" is defined fairly broadly. For taxable years beginning in 2009, the amount of the deduction is equal to nine percent (9%) of the lesser of the domestic production activities income of the taxpayer or taxable income without

regard to the deduction. This deduction will be phased in over several years beginning in 2005. For the 2005 and 2006 taxable years the deduction will be limited to three percent (3%): this amount will grow to six percent (6%) for the 2007 and 2008 taxable years. In order to maintain this revenue source, this bill require the taxpayer to add back the amounts deducted from gross income because of this new provision.

- It does not allow a deduction of state and local sales taxes in lieu of a deduction for state income taxes. The AJCA allows taxpayers to deduct state and local sales taxes in lieu of deducting state and local income taxes. This federal provision is of particular benefit to taxpayers who reside in states that do not impose a personal income tax. For most North Carolina taxpayers, the greater benefit would come from deducting state income taxes rather than from deducting state and local sales taxes.

The Governor recommended conforming to the federal tax law changes, with the exception of these three items. Senate Bill 622 also conforms to the federal tax law changes, with the exception of these three items.

Extend 8.25% Upper Individual Income Tax Bracket for Two Years:
Section 8.7 extends the 8.25% upper-income individual income tax rate for two more taxable years: 2006 and 2007. The Governor recommended phasing this tax rate down over a two-year period. In Senate Bill 622, the Senate reduces the rate to 8% for taxable years beginning on or after January 1, 2006 and eliminates the bracket for taxable years beginning on or after January 1, 2007.

In 2001, the General Assembly added a new tax bracket that imposed an additional one-half percent income tax (a total rate of 8.25%) on certain North Carolina taxable income for three years. The change was estimated to affect approximately 2% of North Carolina taxpayers. In 2003, the General Assembly extended the tax rate for two more years. This bill retains the upper bracket for one additional year, but reduces the rate from 8.5% to 8%. The bracket would be eliminated in 2007.

Under prior North Carolina law, tax was imposed at the following rates on individuals' North Carolina taxable income:

Tax Rate	Married filing jointly	Heads of household	Single filers	Married filing separately
6.0%	Up to $21,250	Up to $17,000	Up to $12,750	Up to $10,625
7.0%	Over $21,250 and up to $100,000	Over $17,000 and up to $80,000	Over $12,750 and up to $60,000	Over $10,625 and up to $50,000
7.75%	Over $100,000	Over $80,000	Over $60,000	Over $50,000

The 2001 law created a fourth tax bracket for North Carolina taxable income as follows. This bill extends the fourth tax bracket of 8.25% for another two years: 2006- and 2007.

Tax Rate	Married filing jointly	Heads of household	Single filers	Married filing separately
8.25%	Over $200,000	Over $160,000	Over $120,000	Over $100,000

PART IX: ESTATE TAX CHANGES

Part IX ties the repeal of the State estate tax to the repeal of the federal estate tax, scheduled to become effective for deaths occurring on or after January 1, 2010. The State continues to conform to the increasing federal exclusion amounts.[3] The amount of the State estate tax remains at the amount of the state death tax credit allowed under the Code in 2001. The Governor and the Senate, in Senate Bill 622, also recommended continuing the State estate tax.

North Carolina repealed its inheritance tax in 1998, effective for deaths occurring on or after January 1, 1999. It replaced the inheritance tax with an estate tax that was equivalent to the federal state death tax credit allowed on a federal estate tax return. This type of state estate tax was known as a "pick-up" tax because it picked up for the state the amount of federal estate tax that would otherwise be paid to the federal government. In 2001, Congress increased the exclusion amount for the federal estate tax and phased out the state death tax credit over four years by reducing it 25% in 2002, 50% in 2003, and 75% in 2004, and by repealing it entirely in 2005.

In 2002, the General Assembly enacted legislation not to conform to the phase-out of the state death tax credit. In other words, North Carolina began tying the amount of the State estate tax owed to the federal credit as it existed in 2001 rather than as it currently exists. The 2002 legislation was set to sunset for estates of decedents dying on or after January 1, 2004. S.L. 2003-284 extended the sunset to July 1, 2005, meaning that the estate tax would continue to be based on the federal credit as it existed in 2001. This bill would remove the sunset. The result of the removal of the sunset is that so long as there is a federal estate tax, there will be a North Carolina estate tax. The amount of the State estate tax will be equal to the amount of the federal state death tax credit, as it existed in 2001.

PART X. SALES TAX CHANGES

Part X makes the following sales tax changes:

- It extends the ½ cent additional State sales and use tax until July 1, 2007.

---

[3] North Carolina conforms to the federal exemption amounts: 100% exemption for property passing to surviving spouse; $1.5 million exemption for other estates. Under current federal law, this exemption amount rises to $2 million in 2006, $3.5 million by 2009, and the tax is fully repealed in 2010.

- It makes the sales and use tax changes necessary to conform to the Streamlined Sales and Use Tax Agreement.
- It applies the general rate of tax to candy, cable service, satellite radio service, warranty service agreements, and voice mail.

Streamlined Sales Tax Changes

The Streamlined Sales Tax Project is an effort by states, with input from local governments and the private sector, to simplify and modernize sales and use tax collection and administration. The Project began in March 2000 and has the goal of achieving sufficient simplification and uniformity to encourage sellers without nexus in states to voluntarily collect use tax in participating states. In November 2002, the implementing states approved the Streamlined Sales and Use Tax Agreement. The Agreement contains the uniformity and simplification provisions developed by the Project. The Agreement becomes effective when at least 10 states representing 20% of the population of all states with a sales tax are in compliance with the provisions of the Agreement. As of April, 14 states representing 24% of the population have petitioned for membership, signifying that their individual state laws conform to the uniform provisions of the Agreement. North Carolina is one of those states.

Over the past several years, the Revenue Laws Study Committee has recommended, and the General Assembly has enacted, changes to North Carolina's sales tax laws to bring it into compliance with the Agreement. This part of the bill contains the changes North Carolina needs to make this year to remain in compliance with the agreement. The Governor also recommended conformity to the Streamlined Sales Tax Agreement.

Part X makes the necessary changes to the sales and use tax laws to conform them to the Streamlined Sales and Use Tax Agreement.

Subsection	Explanation
10.2	Technical change.
10.3	Defines the term 'combined general rate' to be the State's general rate of tax plus the sum of the rates of the local sales and use taxes. Defines the term 'Streamlined Agreement.' Effective September 1, 2005.
10.3, 10.10, 10.25 through 10.31	Conforms the definition of food to the Streamlined Agreement by removing 'alcoholic beverage' from the definition of food; makes a conforming change to the exemption of food from the State sales tax base; makes conforming changes to the local meals tax statutes. These changes become effective September 1, 2005.
10.2, 10.11	States may allow sales tax holidays, but the items included in the holiday must be defined terms under the Streamlined Agreement. Section 10.2 defines the terms 'computer supplies' and 'school

	supplies' to conform to the defined terms in the Streamlined Agreement. The proposal defines the term 'school supplies' to mean the all-inclusive list of items defined as 'school supplies', 'school art supplies', and 'school instructional material' under the Streamlined Agreement. It also defines the term 'Streamlined Agreement' as the Streamlined Sales and Use Tax Agreement, adopted November 12, 2002, as amended November 16, 2003, and November 19, 2004. Section 10.11 amends the sales tax holiday statute to include the defined terms. The primary difference between the current law and the proposed law is the inclusion of computer supplies in the sales tax holiday. Computer supplies include computer storage media, printers, printer supplies, hand-held electronic schedulers, and personal digital assistants. The State's sales tax holiday included most of these items prior to August of 2004. The General Assembly changed the law in 2003 to except these items from the holiday in 2004, in conformity with the Streamlined Agreement. This subsection, based upon amendments to the Streamlined Agreement in November of 2004, expands the holiday to include these items once again so long as the sales price does not exceed $250 per item. These changes become effective January 1, 2006.
10.4 10.5 10.9 10.12 10.19 10.20 10.21 10.22 10.25	To conform to the Agreement, states must have one rate with no caps or thresholds. Section 10.4 revises the taxation of those items that had a lower rate, a cap, or a threshold by either exempting the item from tax or taxing the item at the combined general rate of tax. A detailed chart showing the changes is attached. Generally, the section makes the following changes: • Taxes telecommunications service at the combined general rate (7%) – current rate is 6%. Effective September 1, 2005. • Taxes satellite television at the combined general rate – currently taxed at 5%. Effective September 1,2005. • Taxes spirituous liquor at the combined general rate – currently taxed at 6%. Effective September 1, 2005. • Exempts items sold to farmers for use by the farmer; central office equipment sold to telephone companies; broadcasting equipment sold to radio or television stations; sales of fuel and machinery sold to commercial laundries; and certain sales to an interstate air courier for use at it hub. Effective January 1, 2005. • Taxes railway cars and locomotives, but allows refunds Effective September 1, 2005. • Imposes a privilege tax of 1% on manufacturing fuel and recycling equipment. Effective January 1, 2006. • Exempts funeral services and taxes tangible personal property.

	Effective September 1, 2005.
10.15	Conforms the statutory language to the information actually requested on a certificate of resale. Effective September 1, 2005.
10.13	Clarifies the effective dates for rate increases and decreases. Effective September 1, 2005.
10.17	Provides an amnesty provision, as required by the Agreement, for sellers who register with the State within 12 months after the State becomes a member of the Agreement. Effective September 1, 2005.
10.18	Clarifies that a seller who relies on information provided by the Secretary of Revenue concerning the boundaries of taxing jurisdictions and the tax rates applicable to those jurisdictions is not liable for any underpayments of tax attributable to erroneous information provided by the Secretary.
10.24	Retains the use tax line item on the individual income tax return for an additional five years. The law would otherwise sunset for the 2005 taxable year. The use tax is owed by the consumer and unlike sales tax, it must be remitted to the State by the consumer. To simplify use tax collection, the General Assembly established an annual filing period in 1997 for the payment of use taxes owed by consumers on mail-order and other out-of-state purchases. In 1999, it simplified use tax collection by providing that the use tax will be paid on taxpayers' income tax returns. In 2000, the General Assembly sunset this provision in anticipation that use tax collection would be handled by retailers by 2003 as a result of the Streamlined Sales Tax Agreement. The 2003 sunset date was overly optimistic. The General Assembly extended the sunset to 2005 in S.L. 2003-284. This subsection extends it for five more years. Effective when it becomes law.

Other Sales Tax Changes

Part X also makes the following changes to the State's sales and use tax laws:

- Extends the additional ½¢ State sales tax rate at 4.5% until July 1, 2007, effective when it becomes law. The General Assembly increased the State sales tax rate by ½ % in S.L. 2001-424 from 4% to 4.5%. This increase was to sunset July 1, 2003. S.L. 2003-284 extended the sunset for two years, July 1, 2005. This section would extend the sunset for two more years. Before 2001, the State sales tax rate had last been increased in 1991 from 3% to 4%. The Governor recommended removal of the sunset on the ½% additional State sales tax and the Senate passed his recommendation in Senate Bill 622.
- Conforms the sales tax treatment of cable service and satellite digital audio radio service to the sales tax treatment of direct to home satellite service. Direct to

home satellite service is subject to a combined general rate of tax, 7%. Cable service is currently subject to a 5% local franchise tax[4]. Section 10.14 provides a credit for a cable service retailer equal to the local cable television franchise taxes paid. Effective September 1, 2005. The Governor also recommended taxing cable and satellite television services the same.

- It imposes the State and local sales and use taxes on candy and on service contracts in which the seller agrees to maintain or repair tangible personal property. The Governor Commission to Modernize State Finances recommended that the State begin taxing services. Prior to 2003, candy was subject to State and local sales tax. S.L. 2003-284 taxed soft drinks but exempted candy from sales tax. This section would tax candy as well as soft drinks. Effective September 1, 2005. The Governor recommended taxing candy at the combined general rate of tax. The Senate also imposed the sales tax on candy and service contracts in Senate Bill 622.
- Provides that voicemail is included as part of the gross receipts of telecommunications service since other similar services are subject to the tax; caller ID, call forwarding, call waiting, etc. The Senate also included this change in Senate Bill 622. Effective September 1, 2005.

Explanation of Federal Tax Law Changes made in the:

Working Families Tax Relief Act of 2004 (P.L. 108-311)
American Jobs Creation Act of 2004 (P.L. 108-357
An act to enhance the tax benefit for certain charitable contributions made in January 2005 for tsunami relief (P.L. 109-1).

Working Families Tax Relief Act (WFTRA) of 2004 (P.L. 108-311)

The Working Families Tax Relief Act of 2004 was signed into law by President Bush on October 4, 2004. Despite its title, the act provides tax benefits for businesses as well as individuals and families. The following features of the act are important for State tax purposes:

- *Creation of a more uniform definition of "child" throughout the Code starting with the 2005 taxable year.* At the federal level, the definition of "child" is important in five areas: the dependency exemption, the child credit, the earned income credit, the dependent care credit, and head of household filing status. WFTRA creates a uniform definition of "child" that applies to each of these areas. Under the new definition, a child is a qualifying child if the child satisfies three separate conditions. First, the child must have the same principal place of abode as the taxpayer for more than one half the tax year (residency test). Temporary absences due to special circumstances are not included. Second, the child must be the child, stepchild, sibling, stepsibling, or a descendant of any of these relations of the taxpayer (relationship test). Third, the child must satisfy an age condition to be deemed a qualifying child. In general, a child must be under age 19, or under age 24 if a full-time student, to be a qualifying child. However, lower age limits were retained for the dependent care credit (under 13 years of age unless disabled) and the child tax credit (under 17 years of age). For State tax purposes, the changes are important in so far as they relate to the dependency exemption, the child tax credit, and head of household filing status. The new definition of qualifying child for the dependency exemption may result in a change of status of some children – where the new law has a residency test, the old law had a support test (the one claiming the child had to provide at least 50% of the child's support). For the federal child tax credit, some taxpayers may become eligible to claim the credit due to the elimination of some restrictions related to foster children. This is important because eligibility for the State child tax credit is dependent on the taxpayer's eligibility for the federal credit. In general, the uniform definition should not affect head of household filing status.
- *Extension of the above-the-line deduction for educators.* Under previous law, an eligible educator was allowed an above-the-line deduction of up to $250 for amounts paid by the teacher for books or supplies used in the classroom.

This provision was set to expire with the 2003 taxable year. WFTRA extended this provision for the 2004 and 2005 taxable years.

- *Extension of elective expensing of qualified environmental remediation expenditures.* Under previous law, a taxpayer could elect to treat qualified environmental remediation expenditures that would normally be charged to a capital account and depreciated over time as deductible in the current year. To be deductible currently, the expenditure must be paid or incurred with the abatement or control of hazardous substances at a qualified contaminated site. This provision would have expired with the 2003 tax year. WFTRA extended this provision for the 2004 and 2005 taxable years.
- *Extension of enhanced deduction for qualified computer contributions.* Under previous law, corporations were allowed an enhanced charitable contribution deduction for contributions of computer technology or equipment to schools or public libraries that would use the computer equipment for educational purposes. This provision would have expired with the 2003 tax year. WFTRA extended this provision for the 2004 and 2005 taxable years.
- *Elimination of the phase down of the deduction for qualified clean fuel property.* Under previous law, a taxpayer was allowed a specified deduction for clean fuel vehicles or refueling property placed into service before January 1, 2007. The amount of that deduction was to be reduced by 25% in 2004, 50% in 2005, and 75% in 2006, and was to be completely phased out in 2007. WFTRA eliminated the phase down in the 2004 and 2005 taxable years. Without further action, the phase down will resume at 75% in 2006.
- *Extension of Archer Medical Savings Accounts (MSAs).* Archer MSAs were designed to give small employers, their employees, and self-employed individuals a way of creating tax-deferred savings to offset qualifying medical expenses. The program was designed to be limited in scope: no new Archer MSAs could be set up after a certain threshold had been met or after the end of 2003. WFTRA extends the period in which new Archer MSAs may be created until the end of 2005.

American Jobs Creation Act (AJCA) of 2004 (P.L. 108-357)

The American Jobs Creation Act of 2004 was signed into law by President Bush on October 22, 2004. The bill makes many substantial changes in many different areas of tax law. The more significant changes for State tax purposes are listed below.

- *Repeal of the exclusion for extraterritorial income (ETI)/deduction for qualified domestic production income.* Under previous law, U.S. exporters were eligible for an exclusion from gross income for qualifying extraterritorial income. In 2000, the World Trade Organization declared this exclusion an illegal trade subsidy. Congress did not take action regarding this finding until the European Union began placing sanctions on U.S. exports. At the time Congress acted those sanctions were at 12% and were rising by one percentage point per month. This exclusion will be

phased out over several years. The ETI exclusion will be reduced by 20% in 2005 and by 40% in 2006. The ETI exclusion will be eliminated altogether beginning in 2007. Based on Congress's enactment of this law, the EU has indicated it will drop sanctions on U.S. imports beginning January 1, 2005.

In part to replace the ETI exclusion, Congress created a new deduction for domestic production activities. "Domestic production activities" is defined fairly broadly and includes a) the sale, lease, or license of property manufactured or produced by the taxpayer in significant part in the United States, b) the sale, lease, or license of United States produced motion pictures and video tapes, c) the sale of electricity, natural gas, or potable water within the United States, d) construction activities performed in the United States, e) engineering or architectural services performed in the United States for construction projects occurring in the United States. For taxable years beginning in 2009, the amount of the deduction is equal to nine percent (9%) of the lesser of the domestic production activities income of the taxpayer or taxable income without regard to the deduction. This deduction will be phased in over several years beginning in 2005. For the 2005 and 2006 taxable years the deduction will be limited to three percent (3%): this amount will grow to six percent (6%) for the 2007 and 2008 taxable years.

- *Extension of 179 expensing limit increase/revisions regarding SUVs.* Section 179 of the Code allows a taxpayer to treat the cost of certain property as an expense which is not chargeable to a capital account. This allows the taxpayer to take a deduction for the property in the year in which it is placed into service rather than depreciating the property over a number of years. In 2003, Congress increased the amount that could be expensed under Section 179 of the Code from twenty-five thousand dollars ($25,000) to one hundred thousand dollars ($100,000).[5] The federal change was originally set to expire after the 2005 taxable year. The AJCA extends this provision through the 2007 taxable year.

  One frequent complaint about the federal provision was that it allowed expensing of costs associated with the purchase of a sports utility vehicle by a small business. General rules relating to the depreciation of motor vehicles did not apply to many large SUVs because those rules applied only to vehicles weighing 6,000 pounds or less. The effect of this provision was to allow an immediate write-off for the purchase price of a large SUV, but to require more gradual depreciation for the purchase of most other passenger vehicles. Taxpayers thus had a greater incentive to purchase a large SUV. The AJCA limits the amount of that may be expensed under Section 179 with respect to a vehicle weighing less than 14,000 pounds to twenty-five thousand dollars

($25,000)[6]. The federal legislation made this change effective when it become law, October 22, 2004.

- *Establishment of 15-year straight line cost recovery for qualified leasehold improvements and qualified restaurant property..* The AJCA provides for 15-year straight-line depreciation for qualified leasehold improvements to nonresidential real property placed into service after the date of enactment (October 22, 2004) and prior to January 1, 2006. A qualified leasehold improvement is an improvement made to the interior of a building by either the lessor or lessee and placed in service more than three years after the building is placed in service. Under prior law, a qualified leasehold improvement was depreciated using straight-line depreciation over a 39-year period – the same period as for depreciation of nonresidential property in general.

  A similar depreciation schedule is put into place for qualified restaurant property placed into service after the date of enactment (October 22, 2004) and prior to January 1, 2006. In order to qualify as "qualified restaurant property", the property must be a building improvement placed in service more than three years after the building is placed in service and the restaurant must use more than half of the square footage of the building.

  If the leasehold improvement or restaurant property contains tangible personal property that may be segregated from the cost of other improvements and that tangible personal property has a shorter depreciation period, then the taxpayer may depreciate that property separately using the shorter period.

- *Modification of deduction for charitable contribution of used motor vehicles.* The AJCA limits the amount of the deduction for contributions of motor vehicles to charity. Vehicle donation programs have become popular in recent years. Generally, the taxpayer who has donated the motor vehicle has claimed a deduction for the full "blue book" value of the vehicle. The new law will limit the amount of the deduction based on how the donee organization uses the vehicle. If the charitable organization sells the vehicle without using it in any significant way, the amount of the deduction cannot exceed the gross proceeds of the sale. If the charity retains the vehicle for its own use, the taxpayer must receive an acknowledgment from the charity as to the value of the vehicle. The deduction may not exceed the acknowledged value of the vehicle to the charity. These changes become effective with the 2005 taxable year.

- *Establishment of an above-the-line deduction for certain attorney fees and court costs.* The AJCA allows an individual taxpayer an above-the-line deduction (i.e. from gross

[6] There are some exceptions to this rule for certain vehicles. These exceptions were put in place to ensure that the legislation would apply only to SUV and not other types of heavy motor vehicles (such as delivery trucks) that have a weight greater than 6,000 pounds but less than 14,000 pounds.

income) for attorney fees and court costs associated with certain civil rights actions, claims against the government, and Medicare fraud claims. Under previous law, these costs were deductible only as an itemized deduction, meaning that they were deductible only if the taxpayer itemized deductions and only to the extent aggregate itemized deductions exceeded 2% of the taxpayer's adjusted gross income. This provision became effective when the legislation became law, October 22, 2004.

- *Modification of deduction for automobile expenses of United States Postal Service employees.* The AJCA allows United States Postal Service employees who deliver and collect mail on rural routes and receive qualified reimbursements of automobile expenses involving these duties to deduct their actual automobile expenses that exceed the reimbursement amount. This is an itemized deduction and therefore may be claimed only to the extent aggregate deductions exceed 2% of the taxpayer's adjusted gross income. Under previous law, the deduction could not exceed the amount of the qualified reimbursements, regardless of actual expenditures. As under previous law, reimbursements in excess of the amount of actual expenditures do not have to be included in gross income.

- *Exclusion of National Health Service Corps Loan Program repayments from gross income and from employment taxes.* The National Health Service Corps is an agency housed within the U.S. Department of Health and Human Services and has as its mission improving the health of the nation's underserved populations. Under the National Health Service Corps Loan Repayment Program, participants in the program may receive up to $25,000 per year for two years to pay off qualified educational loans. The loan repayment is in addition to any salary the participant receives from the employing community site. Under previous law, the amount of loan repayment was included in taxable income and was also subject to employment taxes (i.e. FICA). Under the AJCA, these loan repayments are to be excluded from both gross income and from employment taxes. This provision became effective with the 2004 taxable year.

- *Creation of a deduction for start-up costs and amendments to the expensing schedule for such costs.* Under the AJCA, a taxpayer may take a deduction of up to $5,000 for start-up and organization expenses. However, the amount of the deduction is reduced by the amount by which those expenses exceed $50,000. Any expenses in excess of $5,000 must be amortized over a 15-year period. Under previous law, no current expensing was allowed, the full amount of the start-up and organizational expenses would be amortized over 5 years. This provision is effective for expenses that occur on or after the date the legislation became effective, October 22, 2004.

- *Modification regarding the treatment of gain on the sale of a principal residence when the residence was acquired in a like-kind exchange.* Under current law, a taxpayer is allowed to exclude up to $250,000 of gain from the sale of a residence ($500,000 if a married couple filing jointly) if the taxpayer owned and used the residence as a

principal residence for at least 2 of the last 5 years. The AJCA makes a change to this provision when the home was acquired as part of a like-kind exchange.[7] Under the AJCA, a residence received in a like-kind exchange must be owned by the taxpayer for at least five years and must be used as a principal residence of the taxpayer for at least two of the last five years in order to qualify for the exclusion from gross income of the gain on the sale of the residence. This provision became effective for residences sold on or after the date the legislation was enacted, October 22, 2004.

- *Establishment of deduction of State sales and use taxes in lieu of deduction for State income taxes.* The AJCA allows taxpayers to deduct state and local sales taxes in lieu of deducting state and local income taxes. This provision became effective with the 2004 taxable year and is set to expire for taxes beginning in 2006 and thereafter. Taxpayers that elect to deduct state and local sales taxes instead of state and local income taxes will have two options for determining the deductible amount: a) they may accumulate receipts for the actual amount of sales and use tax paid, or b) they may refer to tables prepared by the Secretary of the Treasury which estimate the amount of taxes paid based on average consumption and other factors.

  This federal provision is of particular benefit to taxpayers who reside in states that do not impose a personal income tax. For most North Carolina taxpayers, the greater benefit would come from deducting state income taxes rather than from deducting state and local sales taxes. Some exceptions to this general statement would include the following:

  - Nonresidents or part-year residents who reside in a state that does not impose an income tax and who have relatively low income tax liability in North Carolina or other states.
  - Taxpayers who may have a low tax liability due to eligibility for a significant amount of tax credits.
  - North Carolina residents for whom a large portion of income is not subject to taxation. This class of taxpayers would include many government retirees whose government pensions are not subject to State income tax under the decisions in *Bailey* and the related cases and whose Social Security payments are not subject to State income tax under G.S. 105-134.6.

  North Carolina law currently requires taxpayers to add back the amount of the deduction allowed under the Code for state, local, and foreign income taxes. In order to treat the deduction for state and local sales taxes equivalent to the deduction for state, local, and foreign income taxes, the General Assembly should require the add back of the deduction for state and local sales taxes if it

---

decides to conform to the federal change. This is problematic, however, given that the federal legislation is effective for the 2004 taxable year and the General Assembly cannot conform to the federal legislation and require the add back unless it acts before the end of the year. Although the practical effect of conforming to the change and requiring the add back is the same as not conforming to the change at all, a court could find that requiring an add back would in effect be a retroactive tax increase. Therefore, this bill does not conform to the change allowing a deduction of state and local sales taxes in the 2004 taxable year, but does conform to that change and require an add back beginning with the 2005 taxable year. This can be seen in subsections (a), (d), and (e) of this Part.

An Act to accelerate the income tax benefits for charitable cash contributions for the relief of victims of the Indian Ocean tsunami (P.L. 109-1).

On December 26, 2004, a large earthquake centered in the Indian Ocean unleashed a catastrophic tsunami that resulted in widespread devastation in 11 countries in South Asia, Southeast Asia, and Africa. The disaster is estimated to have caused billions of dollars in damages and produced a death toll in excess of 160,000.

On January 6, 2005, the first act of the 109 Congress was to approve accelerated tax benefits for charitable cash contributions for the relief of victims of the Indian Ocean tsunami. President Bush signed the act into law the following day. The act allows a taxpayer to treat a cash contribution for tsunami relief efforts made in January 2005 to be treated as if it were made on December 31, 2004. Thus, the taxpayer would be able to take a deduction in the 2004 taxable year rather than the 2005 taxable year. In order to qualify for the accelerated benefit, the contribution must be cash. Donations of property or cash substitutes, such as marketable securities, are not eligible for the accelerated benefits. In addition, the contribution must be specifically designated to be for tsunami relief. A contribution that is made to charitable organization that is assisting in relief efforts but that is not specifically designated to relief efforts is not eligible for the accelerated benefits. For example, a donation to the Red Cross would be eligible for the accelerated benefit only if the donation were specifically designated for tsunami relief efforts; a general donation to the Red Cross would not be eligible for the accelerated benefit. Subsection (e) of this part contains special language to ensure that North Carolina conforms to this federal act.

House Committee on Finance

Minutes

~

June 13, 2005

The House Committee on Finance met on Monday, June 13, 2005 immediately upon the adjournment of the House session in Room 544 of the Legislative Office Building. The following members were present: Chairpersons Alexander, Gibson, Howard, Luebke, and McComas; Vice-Chairs Daughtridge, Hill, Ross, Weiss, and Womble; and Representatives Blackwood, Blust, Bordsen, Capps, Carney, Dockham, Faison, Folwell, Glazier, Hackney, Harrell, Holliman, Jones, Lewis, McGee, Rayfield, Underhill, Vinson, Walend, and Wiley. The Ex-Officio members present were Representatives Culpepper, Cunningham, and Eddins. Also present were Sergeant-at-Arms Jay Callaway, Fred Hines, Dusty Rhodes, Walter Spell, and James Womack. Staff persons present included Cindy Avrette, Rodney Bizzell, Erika Churchill, Gerry Cohen, David Crotts, Brenna Erford, Ashley Huffstetler, Canaan Huie, Linda Millsaps, and Martha Walston. The Visitor Registration Sheets are attached and incorporated into these minutes as **attachment 1**.

Chairwoman Alexander called the meeting to order at 9:07 pm. The sole bill under the Committee's consideration was **SB 622 – 2005 APPROPRIATIONS ACT** (see **attachment 2**). Chairwoman Alexander first recognized Representative Luebke who moved for the adoption of the proposed committee substitute for the Committee's consideration. Representative Blust stated his objection to the motion but was ruled out of order by the Chair, and the motion was adopted. The Chair then recognized Representative Gibson who offered a brief explanation of the bill and then deferred to Cindy Avrette with Research for further detail. Referring to the bill analysis, Ms. Avrette stated that the PCS for SB 622 makes the following tax law changes:

- It increases the excise tax on cigarettes 25¢ from 5¢ a pack to 30¢ a pack. It also increases the excise tax on all other tobacco products except cigars from 2% of the cost price to 6%, effective July 1, 2005.
- It equalizes the privilege tax on entertainment by taxing movies and live entertainment at the same rate as video rentals, cable TV, and satellite TV, effective September 1, 2005.
- It equalizes the gross premiums tax on insurance companies by taxing HMOs at the same 1.9% rate as other insurers, effective for taxable years beginning on or after January 1, 2006.
- It provides a refundable tax credit for qualifying expenses of a production company, effective for taxable years beginning on or after January 1, 2005.
- It provides a tax credit to a small business that provides health insurance to all of its full-time employees, effective for taxable years beginning on or after January 1, 2006.
- It also increases various fees as requested by the House Appropriation Subcommittees.

Following this explanation, Chairwoman Alexander opened the floor to questions. Representative Blackwood was recognized first and asked what a "proprietary school" was. Staff was recognized and explained that a proprietary school is a "for profit" educational institution, which usually specializes in technical education programs. Representative Holliman was recognized next and spoke to the small business health insurance tax credit contained in the bill. He stated that the State had done little in recent years to assist small businesses and the tax credit contained in the bill was step in the right direction. Representative Faison was then recognized and, stating his concerns on the bill, requested the ayes and nays pursuant to House Rule 24 on any vote on SB 622. Chairwoman Alexander ruled this request out of order. Representative Capps was recognized next and asked about the increased fees requested by the Department of Transportation. He specifically asked if the increased fees would to support highway construction and maintenance or to the General Fund. Bob Weiss with Fiscal Research was recognized to respond to the question and stated that the increased fees would go mostly toward highway maintenance alone. Representative Gibson was also recognized and reminded the members that these fee increases were requested by the Department of Transportation. Representative Capps was again recognized and asked how much it would cost to renew one's tag on a license plate if this bill was passed. Cindy Avrette with Research was recognized to respond and stated that the fee would increase from $20 to $28 for a standard plate.

Representative Howard was then recognized by the Chair and stated her intention to send forth an amendment. Representative Howard explained that her amendment would dedicate the revenues generated by the 25-cent cigarette tax increase to offset the counties'-share of non-federally covered Medicaid costs. She then attempted to officially send forth her amendment and moved its adoption. However, Chairwoman Alexander then informed the Committee that there would be no amendments entertained or votes taken on the bill, and that the purpose of the meeting was for discussion only.

Chairwoman Alexander then recognized Representative Daughtridge who spoke in opposition to the cigarette tax increase contained in the bill. At great length, he stated his concerns on the matter and informed the other members of the committee the detrimental effects this increase could have on tax revenues and the State's economy. He stated that while it sounds good to place "sin" taxes on cigarettes and other tobacco products, in actuality it isn't. He further stated that currently North Carolina has the lowest tobacco tax on the eastern seaboard, and, as a result, enjoys the tax revenues from a great number of out-of-state residents traveling through the state who stop to purchase cigarettes. He stated that by raising the cigarette tax, North Carolina would lose this advantage and estimated that the State stood to lose over $100 million annually in tax revenues. Chairwoman Alexander then recognized Representatives Gibson and Luebke who rebutted Representative Daughtridge's assertions. Representative Gibson stated his belief that the numbers quoted by Representative Daughtridge were drawn on very large assumptions and were suspect. Representative Luebke concurred and also stated that Representative Daughtridge failed to factor in the costs of tobacco related healthcare to the State in his analysis. Representative Luebke further stated that even if the cigarette tax in North Carolina is increased to 25-cents per pack, the state will still have one of the lowest in the nation, since the nationwide average cigarette tax now stands at 85-cents.

Representative McGee was then recognized for the final question of the meeting. He asked how much revenue the bill before the Committee would generate in total in the first year (2005-2006). Linda Millsaps with Fiscal Research was recognized to respond and stated that, in total, the bill would generate approximately $290 million in FY 2005-2006.

Seeing no further questions from the members, Chairwoman Alexander then adjourned the meeting at 9:44 pm.

Respectfully submitted,

Representative Martha Alexander
Presiding Chair

Jason A. Cannon
Clerk, House Committee on Finance

SECTION 39.1.(a) Part 1 of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-130.47. Credit for qualifying expenses of a production company.**

(a) Definitions. – The following definitions apply in this section:

(1) Highly compensated individual. – An individual who receives compensation in excess of one million dollars ($1,000,000) with respect to a single production.

(2) Qualifying expenses. – The sum of the total amount spent in this State for the following by a production company in connection with a production:

a. Goods and services purchased by the production company.

b. Compensation and wages paid by the production company, other than amounts paid to a highly compensated individual, on which the production company remitted withholding payments to the Department of Revenue under Article 4A of this Chapter.

(3) Production company. – Defined in G.S. 105-164.3.

(b) Credit. – A taxpayer that is a production company and has qualifying expenses of at least two hundred fifty thousand dollars ($250,000) with respect to a production is allowed a credit against the taxes imposed by this Part equal to fifteen percent (15%) of the production company's qualifying expenses that have been certified as required in subsection (c) of this section. For the purposes of this section, in the case of an episodic television series, an entire season of episodes is one production. The credit is computed based on all of the taxpayer's qualifying expenses incurred with respect to the production, not just the qualifying expenses incurred during the taxable year.

(c) Certification. – In order to be eligible for a credit under this section, a taxpayer must submit a detailed accounting of its qualifying expenses to the North Carolina Film Office of the Department of Commerce. The North Carolina Film Office, with the assistance of the regional film commission for the location of the production, must make a written certification of the amount of the qualifying expenses.

(d) Pass-Through Entity. – Notwithstanding the provisions of G.S. 105-131.8 and G.S. 105-269.15, a pass-through entity that qualifies for the credit provided in this section does not distribute the credit among any of its owners. The pass-through entity is considered the taxpayer for purposes of claiming the credit allowed by this section. If a return filed by a pass-through entity indicates that the entity is paying tax on behalf of the owners of the entity, the credit allowed under this section does not affect the entity's payment of tax on behalf of its owners.

(e) Return. – A taxpayer may claim the credit allowed by this section on a return filed for the taxable year in which the production activities are completed. The return

must state the name of the production, a description of the production, and the certification from the North Carolina Film Office of the qualifying expenses for which the credit is claimed.

(f) Credit Refundable. – If the credit allowed by this section exceeds the amount of tax imposed by this Part for the taxable year reduced by the sum of all credits allowable, the Secretary must refund the excess to the taxpayer. The refundable excess is governed by the provisions governing a refund of an overpayment by the taxpayer of the tax imposed in this Part. In computing the amount of tax against which multiple credits are allowed, nonrefundable credits are subtracted before refundable credits.

(g) Limitation. – No credit is allowed under this section for any production that satisfies one of the following conditions:

(1) It is political advertising.

(2) It is a television production of a news program or sporting event.

(3) It contains material that is obscene, as defined in G.S. 14-190.1.

(h) Substantiation. – A taxpayer allowed a credit under this section must maintain and make available for inspection any information or records required by the Secretary of Revenue or the regional film commissions. The taxpayer has the burden of proving eligibility for a credit and the amount of the credit.

(i) Report. – The Department of Revenue must publish by May 1 of each year the following information, itemized by taxpayer for the 12-month period ending the preceding April 1:

(1) The location of sites used in a production for which a credit was claimed.

(2) The qualifying expenses for which a credit was claimed, classified by whether the expenses were for goods, services, or compensation paid by the production company.

(3) The number of people employed in the State with respect to credits claimed.

(4) The total cost to the General Fund of the credits claimed.

(j) Sunset. – This section is repealed for qualifying expenses occurring on or after January 1, 2010."

b. Compensation and wages paid by the production company, other than amounts paid to a highly compensated individual, on

which the production company remitted withholding payments to the Department of Revenue under Article 4A of this Chapter.

The pass-through entity is considered the taxpayer for purposes of claiming the credit allowed by this section. If a return filed by a pass-through entity indicates that the entity is paying tax on behalf of the owners of the entity, the credit allowed under this section does not affect the entity's payment of tax on behalf of its owners.

(e) Return. – A taxpayer may claim the credit allowed by this section on a return filed for the taxable year in which the production activities are completed. The return must state the name of the production, a description of the production, and the certification from the North Carolina Film Office of the qualifying expenses for which the credit is claimed.

(f) Credit Refundable. – If the credit allowed by this section exceeds the amount of tax imposed by this Part for the taxable year reduced by the sum of all credits allowable, the Secretary must refund the excess to the taxpayer. The refundable excess is governed by the provisions governing a refund of an overpayment by the taxpayer of the tax imposed in this Part. In computing the amount of tax against which multiple credits are allowed, nonrefundable credits are subtracted before refundable credits.

(g) Limitation. – No credit is allowed under this section for any production that satisfies one of the following conditions:

(h) Substantiation. – A taxpayer allowed a credit under this section must maintain and make available for inspection any information or records required by the Secretary of Revenue or the regional film commissions. The taxpayer has the burden of proving eligibility for a credit and the amount of the credit.

(i) Report. – The Department of Revenue must publish by May 1 of each year the following information, itemized by taxpayer for the 12-month period ending the preceding April 1:

(1) The location of sites used in a production for which a credit was claimed.

SUMMARY: ***The Proposed Committee Substitute for Senate Bill 622 makes the following tax law changes:***

- ***It increases the excise tax on cigarettes 25¢ from 5¢ a pack to 30¢ a pack. It also increases the excise tax on all other tobacco products except cigars from 2% of the cost price to 6%, effective July 1, 2005.***
- ***It equalizes the privilege tax on entertainment by taxing movies and live entertainment at the same rate as video rentals, cable TV, and satellite TV[1], effective September 1, 2005.***

It also increases various fees as requested by the House Appropriation Subcommittees.

BILL ANALYSIS OF TAX AND FEE PROVISIONS:

Part 8: Community Colleges

- G.S. 115D-92 allows the community colleges to establish fees for licensing proprietary schools. Fees collected go into a special fund called the Commercial Education Fund. The fees are used to support the licensure function in the System Office, but are not sufficient to cover the actual costs incurred. The State Board of Community Colleges adopted a proposed fee schedule at its November 18, 2004, meeting. The System Office asked for an increase in the fees through the regular rule making process; however, it was unable to consult with the Joint Legislative Commission on Governmental Operations about the fee increase before the 2005 Legislative Session began. The System Office would like to implement the new fees beginning with the next school year. To accommodate this need, the fee amounts have been specifically set forth in this bill. There is no impact to the General Fund budget.

Part 34: Tobacco Tax Rate Changes

- Increases the tax on cigarettes by 25 cents for a total tax of 30 cents, effective July 1, 2005.
- Increases the tax on all other tobacco products, except cigars, from 2% of cost price to 6% of cost price, effective July 1, 2005.

[1] The Senate tax package (contained in SB 622, 4th Edition) and the House proposal in HB 1630 would tax cable TV and satellite TV at the combined State and local sales and use tax rate.

Part 38: Corporate, Excise, and Insurance Tax Changes

- Equalizes the gross receipts privilege tax on entertainment by taxing all forms of entertainment at a rate that equals the combined State and local sales and use tax rate, effective September 1, 2005. Currently, movies are taxed at 1% and live entertainment is taxed at 3%. Video rentals are taxed at the combined State and local sales tax rate and both the Senate in SB 622 and the House in HB 1630 have proposed taxing cable and satellite TV at the combined State and local sales tax rate.
- Equalizes the gross premiums tax on insurance companies by taxing HMOs at the same rate as other insurers. HMOs are currently taxed at 1%; this bill would tax HMOs at 1.9%, effective for taxable years beginning on or after January 1, 2006. The bill also provides for an estimated payment of the gross premiums tax by HMOs for the 2006 and 2007 calendar years.

Part 39: Tax Incentives

- Effective January 1, 2005, provides a refundable income tax credit equal to 15% of the qualifying expenses totaling at least $250,000 spent by a production company in connection with a production that is NOT political advertising, is NOT a news program or sporting event, and does NOT contain obscene material. The incentive is targeted at feature films and TV episodes. The credit sunsets January 1, 2010.
- Effective January 1, 2006, provides a tax credit to a small business that provides health insurance to all of its full-time employees. The amount of the credit would be $400 per each eligible employee for whom the taxpayer provides health insurance benefits. A small business is defined to be a taxpayer that employs no more than 25 employees throughout the taxable year. The credit would be in lieu of any expense deduction the taxpayer claimed on its income tax return for the health insurance costs. The credit sunsets January 1, 2010.

Part 40: Set Rates for Insurance Regulatory Charge and Public Utilities Fees

- Sets insurance regulatory charge at 5.5%, an increase of .5%.
- Retains the current rate for the public utility regulatory fee of 0.12% for each public utility's jurisdictional revenues and $200,000 for the electric membership corporation.

Part 41: Health and Human Services Fees

- Sets the newborn screening fee at $14. The current fee amount is $10. The increased fee amount will allow the program to become receipt-supported.
- Increases the annual license or certification fees for adult care homes; hospitals; nursing homes; home care agencies; ambulatory surgical facilities; cardiac rehabilitation certification programs; hospitals or clinics certified to perform abortions; facilities for the mentally ill, the developmentally disabled, and substance abusers; and nursing beds and adult care home beds in continuing care retirement facilities. The General Assembly established these fees in 2003. This bill would essentially double the fee amounts.

Parts 12 and 42: NER Fees

- **Part 12** expands the express permit and certification review program statewide.
- **Part 42** increases various agricultural fees.
- **Part 42** increases the cap for CAMA permit fees from $400 to $800.

Parts 14, 29, and 43: Justice and Public Safety Fees

- **Part 14** authorizes the Judicial Department to charge the full cost of production for all copies of the appellate division reports that are sold.

- **Part 29** increases the costs in criminal actions by increasing the amount collected and remitted for the supplemental pension benefits of sheriffs from 75¢ to $1.25.
- **Part 43** increases the criminal court of justice fee by $9.50; increases civil court of justice fees by $10; increases the cap on probate fees from $3,000 to $6,000; and increases the court cost for a seat belt violation from $50 to $75.
- **Part 43** imposes a $90 fee on electronic monitoring devices used for house arrests.
- **Part 43** increases the property tax rate for Butner from 20¢ to 25¢.
- **Part 43** codifies the current fee schedule for participation in the Police Information Network and, effective January 1, 2006, increases the monthly fee assessed for mobile terminals from $6 to $12.

Parts 28 and 44: Department of Transportation

- **Part 28** directs the Department of Transportation to apply to the United States Department of Transportation for a permit to allow tolling on established interstate highways in North Carolina and allows the Department to collect tolls on those interstate highways for which it has received permission to establish tolls.
- **Part 44** increases various fees payable to the Department of Transportation.

Part 45: Industrial Commission Fees

- Authorizes the Industrial Commission to adopt a fee for reviewing Form 21 agreements

Major DOT Fee Increases in House Version of SB622

Highway Trust Fund	$ 17.8 million	($ 13 million first year)
Total	$158.8 million	($119 million first year)

(The revenues shown are annualized. The revenues in FY06 would be lower by 25% than those shown as the increases would not be implemented until October 1, 2005.)

Changes from SB622

Section 44.1(q) is a technical correction to pick up a Session Law that was missed in the Senate Bill.

Section 44.1(r) changes the fee for a sales, factory, or distributor representative who changes employers and must get a new license from DMV. The fee in current law is $5 (one half of the $10.00 original license); in SB 622 it is $7.50 (one half of the new $15.00 fee for the original license); in the House version it is $10.00. No significant change in revenues is expected.

BILL ANALYSIS OF TAX AND FEE PROVISIONS:

Part 8: Community Colleges

- G.S. 115D-92 allows the community colleges to establish fees for licensing proprietary schools. Fees collected go into a special fund called the Commercial Education Fund. The fees are used to support the licensure function in the System Office, but are not sufficient to cover the actual costs incurred. The State Board of Community Colleges adopted a proposed fee schedule at its November 18, 2004, meeting. The System Office asked for an increase in the fees through the regular rule making process; however, it was unable to consult[2] with the Joint Legislative Commission on Governmental Operations about the fee increase before the 2005 Legislative Session began. The System Office would like to implement the new fees beginning with the next school year. To accommodate this need, the fee amounts have been specifically set forth in this bill. There is no impact to the General Fund budget.

Part 34: Tobacco Tax Rate Changes

- Increases the tax on cigarettes by 25¢ for a total tax of 30¢, effective July 1, 2005. The General Assembly last increased the cigarette tax in 1991 from 2¢ a pack to 5¢ a pack. The Governor recommended increasing the tax on cigarettes over a two-year period from 5¢ a pack to 45¢ a pack. The Senate proposes increasing the tax to 40¢ a pack.

[1] The Senate tax package (contained in SB 622, 4th Edition) and the House proposal in HB 1630 would tax cable TV and satellite TV at the combined State and local sales and use tax rate.

[2] G.S. 12-3.1.

- Increases the tax on all other tobacco products except cigars from 2% of cost price to 6% of cost price, effective July 1, 2005. The excise tax on cigars will remain at 2% of its cost price. The General Assembly first imposed a tax on OTP in 1991 at the rate of 2%. The Governor recommended a proportionate increase in the OTP tax rate. The Senate proposes an increase in the tax on all OTP from 2% to 4%.

Part 38: Corporate, Excise, and Insurance Tax Changes

- Equalizes the gross receipts privilege tax on entertainment by taxing all forms of entertainment at a rate that equals the combined State and local sales and use tax rate, effective September 1, 2005. Currently, movies are taxed at 1% and live entertainment is taxed at 3%. Video rentals are taxed at the combined State and local sales tax rate and both the Senate in SB 622 and the House in HB 1630 have proposed taxing cable and satellite TV at the combined State and local sales tax rate. The Governor recommended taxing entertainment at the combined general rate of tax. The Senate did not include a similar provision in its proposed tax package. The State's current taxation of entertainment varies depending upon the type of entertainment. In 2001, the General Assembly began equalizing the tax treatment of entertainment by taxing cable TV and satellite TV at the same rate of 5%. In the Senate tax package (SB 622, 4th Edition) and in House Bill 1630, both houses have proposed increasing the tax on these two forms of entertainment to the combined State and local sales and use tax rate. This bill would tax live entertainment and movies at the same rate as other forms of entertainment.

- Equalizes the gross premiums tax on insurance companies by taxing HMOs at the same rate as other insurers. HMOs are currently taxed at 1%; this bill would tax HMOs at 1.9%, effective for taxable years beginning on or after January 1, 2006. Prior to 2001, HMOs did not pay a gross premiums tax.[3] In 2001, the General Assembly enacted legislation subjecting all insurance carriers to the gross premiums tax in lieu of the State's corporate income and franchise tax. However, the rate continued to vary depending upon the type of insurer. The 2001 legislation taxed HMOs and Article 65 corporations, such as Blue Cross/Blue Shield and Delta Dental Corporation, at the same rate of 1%. Effective January 1, 2004, the General Assembly increased the gross premiums tax on Article 65 corporations from 1% to 1.9%.[4] This bill would increase the rate on HMOs to 1.9% also. This part also provides that for the 2006 and 2007 tax years only, HMOs will make the following estimated payments of the tax: 45% on April 15, 45% on June 15, and 10% on October 15 with true-up the following March 15. For subsequent tax years, the general law on installment payments of gross premiums tax will apply. This change accelerates the timing of the tax payment to move the revenue gain to an earlier fiscal year.

Part 39: Tax Incentives

- Section 39.1 replaces the current film industry development grant program[5] with a refundable income tax credit equal to 15% of the qualifying expenses of a production company that equal or

---

[3] Prior to 2001 HMOs were subject to corporate income and franchise tax. Companies that pay a gross premiums tax are exempt from State corporate income and franchise tax.

[4] The 2003 legislation provided a conditional sunset of the increased tax rate. It requires the Commissioner of Insurance to make a certification to the Department of Revenue and the Revisor of Statutes when there are no longer any medical service corporations that offer anything other than dental service plans. Beginning with the first taxable year after that certification is made, the 2003 legislation increasing the tax will expire and the gross premiums tax rate applied to medical service corporations will revert to 1%. The effect of this provision would be to reduce the rate on medical service corporations if Blue Cross/Blue Shield completes its conversion to for-profit status. In July 2003, Blue Cross/Blue Shield announced its intention not to pursue conversion at this time.

[5] Section 39.1(d) repeals G.S. 143B-434.4. The General Assembly has not appropriated money to this account for the past couple of years.

exceed $250,000 spent by a production company in connection with a production. The incentive is targeted at feature films and episodic television series. The credit is effective for taxable years beginning on or after January 1, 2005, and it expires for qualifying expenses occurring on or after January 1, 2010. The Governor recommended some incentive for sales tax paid on movie equipment purchases. The Senate tax package contained a similar tax credit: the Senate proposal provided that qualifying expenses must equal or exceed $1,000,000 and its proposal would not apply to commercial advertising.

A production company is a person engaged in the business of making original motion picture, television, or radio images for theatrical, commercial, advertising, or education purposes. However, for the purposes of this credit, the production may not be political advertising, it may not be a television production of a news program or sporting event, and it may not contain material that is obscene.[6]

To receive the credit, a taxpayer must submit a detail accounting of its qualifying expenses to the North Carolina Film Office of the Department of Commerce. The Film Office, with the assistance of the regional film commission for the location of the production, must certify the amount of the qualifying expenses.[7] Qualifying expenses are the total amount spent in North Carolina for:

- Goods and services purchased by a production company in connection with a production.
- Compensation and wages paid by a production company on which it remitted withholding payments to the Department of Revenue. Any amounts paid to an individual in excess of $1,000,000 with respect to a single production cannot be included as a qualifying expense.

In the case of an episodic television series, an entire season of episodes is considered one production. The taxpayer must maintain and make available for inspection any information or records required by the Secretary of Revenue r the regional film commissions. The taxpayer has the burden of proving eligibility for the credit and the amount of the credit.

The amount of the credit is 15% of the production company's qualifying expenses. The credit may be claimed for the taxable year in which the production activities are completed. The credit is computed based on all of the taxpayer's qualifying expenses incurred with respect to the production, not just the qualifying expenses incurred during the taxable year. If the credit exceeds the amount of tax imposed for the taxable year reduced by the sum of all credits allowable, the Secretary must refund the excess to the taxpayer. A pass-through entity is considered a taxpayer for purposes of claiming this credit; therefore, it does not distribute the credit among its owners.

The Department of Revenue must publish by May 1 of each year the following information, itemized by taxpayer for the 12-month period ending the preceding April 1:

- The location of the sites used in a production for which a credit was claimed.
- The qualifying expenses for which a credit was claimed, classified by whether the expenses were for goods, services, or compensation.
- The number of people employed in the State with respect to the credits claimed.
- The total cost to the General Fund of the credits claimed.

[6] G.S. 14-190.1 defines 'obscene material' as material that meets all of the following conditions: the material depicts or describes in a patently offensive way sexual conduct; the average person applying contemporary community standards relating to the depiction or description of sexual matters would find that the material taken as a whole appeals to the prurient interest in sex; the material lacks serious literary, artistic, political, or scientific value; and the material as used is not protected or privileged under the Constitution of the United States or the Constitution of North Carolina.

[7] Subsection 39.1(c) amends the tax secrecy statutes to allow the exchange of information concerning the credit with the NC Film Office of the Department of Commerce and the regional film commissions.

- Section 39.2 provides a tax credit to a small business that provides health insurance to all of its full-time employees. The amount of the credit would be $400 per each eligible employee for whom the taxpayer provides health insurance benefits. A small business is defined to be a taxpayer that employs no more than 25 employees throughout the taxable year. The credit would be in lieu of any expense deduction the taxpayer claimed on its income tax return for the health insurance costs. The credit is effective for taxable years beginning on or after January 1, 2006, and it expires for taxable years beginning on or after January 1, 2010. This section is very similar to House Bill 20. Neither the Governor nor the Senate proposed such a credit in their tax packages.

  The General Assembly has enacted legislation over the past several years to encourage small businesses to provide health insurance benefits to their employees. In 1991, the General Assembly enacted the 'Small Employer Group Health Insurance Reform Act' to promote the availability of accident and health insurance coverage, to prevent abusive rating practices, and to develop standard and basic health care plan coverage. The General Assembly also made the provision of health insurance a requirement of eligibility for both the Bill Lee Act credits and grants awarded under the Job Development Investment Grant Program. In 2003, the General Assembly established the North Carolina Health Insurance Innovations Commission to address the availability and affordability of adequate health insurance coverage for small business owners and employees.

  Under the Internal Revenue Code, an employer may deduct premiums paid for health insurance cost of its employees as a business expense. According to data from the 2001 Medical Expenditure Panel Survey from the Agency for Healthcare Research and Quality, U.S. Department of Health and Human Services, 31% of employees employed by firms with 25 or fewer employees are covered by employer-sponsored plans. For 2001, the average employer's costs of providing this coverage ranged from $3,024 to $4,971 per year, depending on the number of family members covered. Data for 1998-2002 from the Department of Insurance indicates that the average annual cost is rising at double-digit rates.

  This section creates a new tax credit for a taxpayer that employs no more than 25 full-time employees and pays at least 50% of the premiums for health insurance coverage for those employees. The health insurance benefits offered to those employees must equal or exceed the minimum provisions of the basic health care plan of coverage recommended by the Small Employer Carrier Committee. The credit amount is equal to $400 per eligible employee, not to exceed the taxpayer's cost of providing the health insurance benefits. The taxpayer may use the credit against either its income tax or its franchise tax liability. The credit may not exceed 50% of the taxpayer's tax liability. Any unused portions of the credit may be carried forward for five years.

Part 40: Set Rates for Insurance Regulatory Charge and Public Utilities Fees

- Sets insurance regulatory charge at 5.5% for the 2005 calendar year, an increase of .5%. The insurance regulatory charge was first enacted in 1991 to defray the State's cost of regulating the insurance industry. The charge is a percentage of each insurance company's gross premiums tax liability. The insurance regulatory charge is imposed on insurance companies that pay the gross premiums tax and, beginning in 2000, on health maintenance organizations and medical service corporations. Insurance companies and medical service corporations pay a 1.9% gross premium tax rate.[8] For health maintenance organizations, the charge is levied on each organization's hypothetical gross premiums tax liability determined at the 1.9% gross premiums tax rate applied to its premiums

[8] The premium tax rate for medical service corporations was increased from 1% to 1.9%, effective January 1, 2004. (S.L. 2003-284)

base. The hypothetical calculation is necessary because health maintenance organizations pay premiums tax at the lower rate of 1%.[9]

- Sets the rate for the public utility regulatory fee for the 2005-2006 fiscal year at 0.12%. The rate has remained the same for the past two years. The rate for this fee must be set each year by the General Assembly. The utility regulatory fee is a tax that was first imposed in 1989. The proceeds of the fee are credited to the Utilities Commission and Public Staff Fund and used to defray the State's cost in regulating public utilities. The regulatory fee is imposed on all utilities that are subject to regulation by the North Carolina Utilities Commission. The fee is a percentage of the utility's North Carolina jurisdictional revenues. In general, jurisdictional revenue is derived from providing utility service in North Carolina.

  In addition to funding the State's cost in regulating public utilities, the money in the Utilities Commission and Public Staff Fund is currently used to finance the work of the Study Commission on the Future of Electric Service in North Carolina. The General Assembly established the Commission in 1997 to examine the cost, adequacy, availability, and pricing of electric service in North Carolina to determine whether legislation is necessary to assure an adequate and reliable source of electricity and economical, fair, and equitable rates for all consumers of electricity in North Carolina. Section 14.10 of S.L. 2000-67, the Current Operations and Capital Improvements Appropriations Act of 2000, extended the life of the Study Commission and its funding from the Utilities Commission and Public Staff Fund through June 30, 2006.

  This Part also sets at $200,000 for the 2005-2006 fiscal year the annual public utility regulatory fee imposed on electric membership corporations whose principal purpose is to furnish or cause to be furnished bulk electric supplies at wholesale. The new rate is the same as the rate in effect for the preceding four fiscal years. The proceeds of the fee are credited to the Utilities Commission and Public Staff Fund and used to defray the State's cost in regulating electric membership corporations.

  The 1999 General Assembly enacted S.L. 1999-180, which authorized electric membership corporations to form subsidiary corporations that may provide energy services and products, telecommunications services and products, and water and wastewater collection and treatment. The subsidiary must fully compensate the electric membership corporation for its use of the corporation's personnel, services, equipment, and property. The Utilities Commission is charged with regulating this aspect of the subsidiary's business and, to pay for this regulation, S.L. 1999-180 levied a flat-rate regulatory fee to be paid annually by the North Carolina Electric Membership Corporation. The General Assembly must establish the fee amount each year. The North Carolina Electric Membership Corporation is the only electric membership corporation whose principal purpose is to furnish or cause to be furnished bulk electric supplies at wholesale as provided in G.S. 117-16. It is a "generation and supply cooperative" owned by its members. Its members are all but one of the existing North Carolina electric membership corporations, which are "distribution cooperatives." Thus, the fee imposed on the North Carolina Electric Membership Cooperation will be passed on to its member electric membership corporations.

Part 41: Health and Human Services Fees

- Sets the newborn screening fee at $14. The current fee amount is $10. The increased fee amount will allow the program to become receipt-supported.
- Increases the annual license or certification fees for adult care homes; hospitals; nursing homes; home care agencies; ambulatory surgical facilities; cardiac rehabilitation certification programs; hospitals or clinics certified to perform abortions; facilities for the mentally ill, the developmentally disabled, and

[9] Section 38.4 of this bill would tax HMOs at the same 1.9% rate as other insurers.

substance abusers; and nursing beds and adult care home beds in continuing care retirement facilities. The General Assembly established these fees in 2003. This bill would essentially double the fee amounts.

Parts 12 and 42: NER Fees

- **Part 12** expands the express permit and certification review program statewide.
- **Part 42** increases various agricultural fees.
- **Part 42** increases the cap for CAMA permit fees from $400 to $800.

Parts 14, 29, and 43: Justice and Public Safety Fees

- **Part 14** authorizes the Judicial Department to charge the full cost of production for all copies of the appellate division reports that are sold.
- **Part 29** increases the costs in criminal actions by increasing the amount collected and remitted for the supplemental pension benefits of sheriffs from 75¢ to $1.25.
- **Part 43** increases the criminal court of justice fees by $9.50[10]; it increases the civil court of justice fees by $10; increases the cap on probate fees from $3,000 to $6,000; and increases the court cost for a seat belt violation from $50 to $75.
- **Part 43** imposes a $90 fee on electronic monitoring devices used for house arrests.
- **Part 43** increases the property tax rate for Butner from 20¢ to 25¢.
- **Part 43** codifies the current fee schedule for participation in the Police Information Network and, effective January 1, 2006, increases the monthly fee assessed for mobile terminals from $6 to $12.

Parts 28 and 44: Department of Transportation

- **Part 28** directs the Department of Transportation to apply to the United States Department of Transportation for a permit to allow tolling on established interstate highways in North Carolina and allows the Department to collect tolls on those interstate highways for which it has received permission to establish tolls.
- **Part 44** increases various fees payable to the Department of Transportation.

Part 45: Industrial Commission Fees

- Authorizes the Industrial Commission to adopt a fee for reviewing Form 21 agreements.

S0622e4-SMRB-CSRB

[10] The total increase of the criminal court of justice fee is $10 because Part 29 increases the costs of criminal court by 50¢; this 50¢ must be used to fund the supplemental pension benefits of sheriffs under Article 12G of Chapter 143 of the General Statutes.

House Committee on Finance

Minutes

~

June 14, 2005

The House Committee on Finance met on Tuesday, June 14, 2005 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons Alexander, Gibson, Howard, Luebke, McComas and Wainwright; Vice-Chairs Daughtridge, Hill, Ross, Weiss, and Womble; and Representatives B. Allen, Blackwood, Blust, Bordsen, Capps, Carney, Dockham, England, Faison, Fisher, Folwell, Glazier, Goforth, Hackney, Harrell, Holliman, Insko, Jones, Lewis, Lucas, McGee, Rayfield, Underhill, Vinson, Walend, and Wiley. The Ex-Officio members present were Representatives Culpepper and Cunningham. Also present were Sergeant-at-Arms Bill Freeman, Fred Hines, Dusty Rhodes, Bill Sullivan, and Walter Spell. Staff persons present included Cindy Avrette, Rodney Bizzell, Erika Churchill, Gerry Cohen, David Crotts, Brenna Erford, Ashley Huffstetler, Canaan Huie, Linda Millsaps, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as **attachments 1 and 2**.

Chairman Wainwright called the meeting to order at 8:31 am and recognized the eight (8) pages present: (1) Cliff Collins of Yadkin County, sponsored by Representative Holmes; (2) Chris Daniels of Wake County, sponsored by Representative Martin; (3) Cameron Eckard of Caldwell County, sponsored by Representative Starnes; (4) Griffin Gough of Forsyth County, sponsored by Representative Folwell; (5) Kyle Hawk of Caldwell County, sponsored by Representative Starnes; (6) Anna King of Bladen County, sponsored by Representative Nye; (7) Nathan Nye of Bladen County, sponsored by Representative Nye; and (8) Mat Skinner of Wake County, sponsored by Representative Martin.

The first bill under the Committee's consideration was **HB 650 – BUSINESS COURT CASES / FEE** (see **attachment 3**). Chairman Wainwright first recognized Representative Howard who moved for the adoption of the proposed committee substitute for the Committee's consideration. The motion was adopted. Representative Haire then explained that the bill provides for the assignment of special Superior Court judges to hear complex business cases. This bill also raises the fee assessment for cases from $69 to $269. Representative Luebke was then recognized and moved for a favorable report to the proposed committee substitute and an unfavorable report to the original bill. As there was no further debate, Chairman Wainwright called the motion to a vote and it carried without objection.

The following bill considered by the Committee was **HB 1776 - NC TROUT UNLIMITED PLATE / TROUT STATE FISH** (see **attachment 4**). Chairman Wainwright again recognized Representative Haire who explained that the bill authorizes the Division of Motor Vehicles to develop a special registration plate for NC Trout Unlimited. He also explained that the bill adopts the brook trout as the "official freshwater fish" of the State of North Carolina.

Representative Haire then sent forth an amendment (see **attachment 5**) changing the title of the bill by replacing the word "fish" with the word "trout." After explaining the amendment, Representative Haire moved for the amendment's adoption. Seeing no further discussion, Chairman Wainwright called the motion to a vote and the amendment was adopted by consent. Chairman Wainwright then recognized Representative Glazier who moved that House Bill 1776 be given a favorable report, as amended, by the Committee. As there was no further debate, Chairman Wainwright called the motion to a vote and it carried without objection.

The next bill considered by the Committee was **HB 1635 – AMEND DISPLACED HOMEMAKER LAWS / UP FUND FEES** (see **attachment 6**). Chairman Wainwright first recognized Representative Hill who moved for the adoption of the proposed committee substitute for the Committee's consideration. The motion was adopted. Representative Adams was then recognized and explained that the bill amends the laws pertaining to displaced homemakers and increases the amount of money flowing to the North Carolina Fund for Displaced Homemakers by increasing the filing fee for absolute divorce from $90 to $125. Chairman Wainwright then recognized Representative Hackney who asked why the phrase "final" is used to describe action when "absolute divorce" already implies a final action. He then sent forth an amendment (see **attachment 7**) deleting the word "final" where it describes actions of absolute divorce in the bill, and he moved for the amendment's adoption. Seeing no further discussion, Chairman Wainwright called the motion to a vote, and the amendment was adopted. Representative Womble was then recognized and moved for a favorable report to the proposed committee substitute, incorporating the amendment, and an unfavorable report to the original bill. As there was no further debate, Chairman Wainwright called the motion to a vote and it carried without objection.

Chairman Wainwright then recognized Senator Tillman to explain **SB 178 – AMEND CERTAIN LIC. REQS/PLUMB'G/HEAT'G CONTR.** (see **attachment 8**). He explained that the bill would amend the licensing laws for plumbing and heating contractors to allow the licensing examination to be passed in parts. This bill also sets the fee for each exam at $100. Chairman Wainwright then recognized Representative McComas who moved that Senate Bill 178 be given a favorable report by the Committee. Seeing no further discussion, Chairman Wainwright called the motion to a vote and it carried by consent.

The next bill under consideration by the Committee was **SB 685 – REVISE PROFESSIONAL EMPLOYER ORGANIZATION ACT** (see **attachment 9**). Chairman Wainwright recognized Senator Bingham to explain the bill. Senator Bingham stated that the bill makes changes to the Professional Employer Organization Act. He reported that the bill had received a favorable report from the House Insurance and House Appropriation Committees. Chairman Wainwright then recognized Representative Howard who moved that Senate Bill 685 be given a favorable report by the Committee. As there was no further debate, Chairman Wainwright called the motion to a vote and it carried without objection.

The following bill considered by the Committee was **SB 407 – CABARRUS LOCAL ACTS** (see **attachment 10**). Chairman Wainwright first recognized Representative Luebke who moved for the adoption of the proposed committee substitute for the Committee's consideration. The motion was adopted. Senator Hartsell was then recognized and explained that the bill authorizes the municipalities located in Cabarrus County to levy a tax of not more than $20 per year upon any vehicle resident in the city or town. The funds generated by the tax in excess of $5 would be placed in a separate fund and used only for transportation uses within the municipality. Following the explanation, Representative McComas was recognized who moved for a favorable report to the proposed committee substitute and an unfavorable report to the original bill. Seeing no further discussion, Chairman Wainwright called the motion to a vote and it carried by consent.

Chairman Wainwright then recognized Senator Dalton to explain **SB 450 – RUTHERFORD AIPORT AUTHORITY LEASES** (see **attachment 11**). He explained that the bill increases the length of time for which the Rutherford Airport Authority may lease real or personal property from 25 to 50 years. Following the explanation, Chairman Wainwright recognized Representative Cunningham who moved that Senate Bill 450 be given a favorable report by the Committee. As there was no further debate, Chairman Wainwright called the motion to a vote and it carried without objection.

The next bill under consideration by the Committee was **SB 682 – ADD AGENCIES TO SET-OFF DEBT COLLECT.** (see **attachment 12**). Chairman Wainwright first recognized Representative Ross who moved for the adoption of the proposed committee substitute for the Committee's consideration. The motion passed. Chairman Wainwright then recognized Martha Walston from Fiscal Research who explained that the bill would add public health authorities to the list of agencies authorized under the Setoff Debt Collection Act to collect debts owed to them by obtaining a setoff against a debtor's North Carolina income tax refund. Mrs. Walston explained that the proposed committee substitute incorporates House Bill 272 by adding metropolitan sewerage districts and sanitary districts to the list of agencies with setoff debt collection authority. Chairman Wainwright then again recognized Representative Ross who moved for a favorable report to the proposed committee substitute and an unfavorable report to the original bill. Seeing no further discussion, Chairman Wainwright called the motion to a vote and it carried by consent.

Chairman Wainwright then added to the agenda the final bill heard by the Committee: **SB 622 – 2005 APPROPRIATIONS ACT** (see **attachment 13**). Chairman Wainwright first recognized Representative Carney who moved for the adoption of the proposed committee substitute for the Committee's consideration. The motion passed. He then informed the committee members that only substantive debate would be allowed on the bill and that no parliamentary maneuvers by the members would be permissible. Representative Gibson was then recognized and explained the new proposed committee substitute, which makes a few technical changes and omits the provision related to toll-roads that were contained in earlier versions of the bill. Chairman Wainwright then recognized Representative Hackney who stated that the bill provides for the needs of the people of North Carolina. He also highlighted the bill's inclusion of a small business health insurance credit and a modest cigarette tax increase. Representative Hackney then moved for a favorable report to the proposed committee substitute and an unfavorable report to the original bill. He then called for the previous question. Representative Lewis was then recognized by the Chair for a point of order. He inquired whether the Chair would be entertaining Representative Hackney's call for the previous question even though the Chair had indicated earlier that debate on the bill would be allowed. Chairman Wainwright, however, noted that Representative Hackney's motion was of higher precedent. He then called the motion for the previous question to a vote and it carried by a majority. Chairman Wainwright then immediately called Representative Hackney's motion for a favorable report as to the proposed committee substitute to a vote, and it carried by a majority.

As there was no further business before the Committee, Chairman Wainwright then adjourned the meeting at 9:18 am.

Respectfully submitted,

Representative William Wainwright

SUMMARY: ***The PCS to the 2nd Edition of House Bill 650 authorizes the Chief Justice of the North Carolina Supreme Court to assign special superior court judges to hear complex business cases. It also increases the filing fee for those cases from $69 to $269. Additionally, Part II of the bill provides that district court judges are to assume office on the first day of January following their election.***

CURRENT LAW:

Part I.

The North Carolina Business Court is a specialized forum of the North Carolina State Courts' trial division. A senior resident superior court judge, chief district court judge, or presiding superior court judge may recommend to the Chief Justice that a case be designated as a complex business case. The Chief Justice may designate any case as complex business and assign the case to a superior court judge who oversees resolution of all matters in the case through trial.

The term "complex business case" is not defined by rule or statute, but one of the key factors in assessing whether a case should be designated as a complex business case is whether the outcome will have implications for business and industry beyond the conflicts of the parties to the litigation. If a written decision on disposition of the case would provide predictability for others in the same business or industry in making their business decisions, the case will more likely be considered for designation.

At present, there is only one judge and one geographic location for the court. The Chief Justice's Commission on the Future of the North Carolina Business Court has recommended that, in order to meet the challenges of an increasing caseload and to remain competitive in attracting new business, the court should, among other things, be expanded into both Wake and Mecklenburg Counties as well as make technological and administrative improvements.

Part II.

Under existing law, district court judges begin their terms on the first Monday in December following election. Superior court judges begin their terms on the first day in January following their election.

BILL ANALYSIS: House Bill 650 does several things.

Part I.

- ***Assignment of Special Judges.*** –The bill provides that the Chief Justice may designate one or more special superior court judges authorized by G.S. 7A-45.1 to hear complex business cases. "Special judges" under G.S. 7A-45.1 are judges appointed by the Governor who are not resident judges of any particular district, but serve around the State as needed. At present, there are 12 such special judges. This provision tightens the language of Rule 2.2 to both reflect the current, accepted understanding of Rule 2.2 and to explicitly confirm, by statute, the concept of special business court judges deciding cases in the business court.
- ***Increased Filing Fee.*** – It increases the filing fee for complex business cases to $269 from the current $69. This is an additional $200 fee for cases referred to business court. The purpose of the fee is to fund both

geographic expansion and technological advancements for the business court. The bill was amended in Judiciary IV to clarify that the additional fee would not be paid until the case was actually assigned to a business court. **The PCS for the 2nd Edition removes the provision that the additional filing fee would go into a special fund. Rather, the money will be remitted to the State Treasurer.**

Part II.

Part II of the bill provides that the terms for district court judges begin on the first day in January following an election. The purpose of this provision is to allow judges more time to transition and/or close their existing legal practices before assuming judicial duties. Superior court judges already begin their terms on January 1st.

BILL SUMMARY:

The PCS to the 2nd Edition of House Bill 650 authorizes the Chief Justice of the North Carolina Supreme Court to assign special superior court judges to hear complex business cases, which is a recommendation of the Chief Justice's Commission on the Future of the North Carolina Business Court. It also increases the filing fee for those cases from $69 to $269. The bill would become effective January 1, 2006, and apply to fees assessed or collected on or after that date.

ASSUMPTIONS AND METHODOLOGY:
While the number of cases that meet the standard of complexity for a Business Court referral is unpredictable, during the last two fiscal years, 23 cases have been referred each year. Assuming the same level of utilization and availability of Business Court resources, this bill would generate $4,600 in additional General Fund availability each year. The cost to implement a Business Court program for a full year is over $100,000.

HOUSE BILL 1776:
NC Trout Unlimited Plate/Trout State Fish

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 14, 2005
Introduced by:	Rep. Haire	**Summary by:**	Cindy Avrette
Version:	Second Edition		Committee Counsel

SUMMARY: ***House Bill 1776 authorizes the Division of Motor Vehicles to develop a special registration plate for NC Trout Unlimited and also adopts the brook trout as the official freshwater fish of the State of North Carolina.***

CURRENT LAW:

Special Registration Plates

The Division of Motor Vehicles is authorized to issue more than 100 special license plates. As a general rule, the fee for a special registration plate is the regular vehicle registration fee plus a $10 special registration plate fee. The $10 special registration plate fee is credited to the Special Registration Plate Account. The cost of some special plates includes a fee in addition to the $10 special registration plate fee. In those instances, the first $10 goes to the special registration plate fund and the remainder is transferred quarterly to designated beneficiaries of the additional fee amount.

State Symbols and Other Official Adoptions

North Carolina currently has the State symbols and official adoptions listed below:

§ 145-2. State bird.
§ 145-3. State tree.
§ 145-4. State shell.
§ 145-5. State mammal.
§ 145-6. State saltwater fish.
§ 145-7. State insect.
§ 145-8. State stone.
§ 145-9. State reptile.
§ 145-10. State rock.
§ 145-10.1. State beverage.
§ 145-11. State historical boat.
§ 145-12. State language.
§ 145-13. The State dog.
§ 145-14. The State Military Academy.
§ 145-15. State tartan.
§ 145-16. State Watermelon Festivals.
§ 145-17. State vegetable.
§ 145-18. State fruit and State berries.
§ 145-19. State International Festival.
§ 145-20. State wildflower.
§ 145-21. State Aviation Hall of Fame and Museum and State Museum of Aviation.

The General Assembly has also considered the following adoptions during the 2005 Session: the Lexington Barbecue Festival as the official food festival, the Venus Flytrap as the official carnivorous plant, the Cougar as the State cat, the Seagrove area as the State Traditional Pottery Birthplace, and the Fraser Fir as the official Christmas tree.

BILL ANALYSIS: House Bill 1776 authorizes the Division of Motor Vehicles to issue a special registration plate for NC Trout Unlimited and to adopt the brook trout as the official freshwater fish of the State.

Special Registration Plate

Sections 1-5 of the bill pertain to the special registration plate for NC Trout Unlimited.

- Section 1 provides that the special plate does not have to be a 'First in Flight' plate. However, current law (G.S. 20-63(b)) does require the design of plates that are not 'First in Flight' plates to be approved by the Division and the State Highway Patrol for clarity and ease of identification.

- Section 2 provides that the NC Trout Unlimited Plate would be issuable to the registered owner of a motor vehicle. The plate shall bear the phrase "Back the Brookie" and an image that depicts a North Carolina Brook Trout.
- Sections 3 and 4 pertain to the fees and distribution of fees associated with the plate. The additional fee for the plate will be $20.00 with $10.00 being distributed to the Special Registration Plate Account (SRPA) and $10.00 being distributed to the Collegiate and Cultural Attraction Plate Account (CCAPA).
- Section 5 requires 300 or more applications for the plate prior to development and specifies that the additional revenue derived from the sale of the plate shall be transferred quarterly to North Carolina Trout Unlimited for its programs.

Official Designation
Section 6 amends Chapter 145 to adopt the brook trout as the official freshwater fish of the State of North Carolina. The scientific name of the brook trout is 'Salvelinus fontinalis'.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND:

Trout Unlimited
The mission of Trout Unlimited is to conserve, protect and restore North America's trout and salmon fisheries and their watersheds. Trout Unlimited has a conservation campaign for the brook trout. Through the Back the Brookie campaign, Trout Unlimited is working toward long-term protection and restoration of the brook trout.

Brook Trout
In North Carolina, brook trout (Salvelinus fontinalis) are generally small ranging in size up to eight (8) inches, seldom more then 12 inches. The color of a fish can vary depending on the surrounding habitat. The back and upper sides of the brook trout's body are typically olive-green with mottled, dark green wavy markings that extend onto the dorsal and caudal fins. The lower sides are lighter with yellow spots interspersed with fewer spots of bright red surrounded by blue. The lower fins are orange with a narrow black band next to a white band that borders the forward edge. The belly and lower fins become a bright red-orange in spawning fish. In North Carolina, brook trout spawning begins in September and continues through November. Fertilized eggs are covered with gravel and hatch in the early spring. Brook trout are most abundant in isolated, high-altitude headwater streams and brooks where the water is free of pollution and rich in oxygen. [1]

Theresa Matula,, counsel to the House State Government Committee, substantially contributed to this summary.

House Bill 1635:
Amend Displaced Homemaker Laws/Up Fund Fees

BILL ANALYSIS

Committee: House Finance
Date: June 14, 2005
Version: PCS for 1st Edition

SUMMARY: ***The PCS for House Bill 1635 amends the laws pertaining to displaced homemakers and increases the amount of money flowing to the North Carolina Fund for Displaced Homemakers by increasing the filing fee for absolute divorce from $90.00 to $125.00.***

CURRENT LAW: Part 10B of Chapter 143 sets out the definition of a displaced homemaker. A displaced homemaker is an individual who (1) has worked in his or her household for at least five years and has provided unpaid household services, (2) is unable to secure employment due to lack of training or experience, (3) and is unemployed or underemployed, and has been dependent on the income of another, but no longer has access to that income or is within two years of losing support or eligibility for public assistance. The statute directs the North Carolina Council for Women to establish a pilot center or centers for displaced homemakers and dictates the types of services to be provided. The law was amended in 1998 to establish the NC Fund for Displaced Homemakers, which makes grants to programs for displaced homemakers.

BACKGROUND: The North Carolina Council for Women is an advocacy agency housed in the Department of Administration. In 1979, the Council began assisting displaced homemakers, and, in 1993, it received the first state funding for the displaced homemaker pilot project. The NC Council for Women and Domestic Violence Commission website lists over 30 agencies or organizations that were part of the displaced homemaker state-funded program in 2003-2004.

BILL ANALYSIS: Section 1 of the PCS to House Bill 1635 amends the definitions in 143B-394.4 of "center" and "displaced homemaker." Displaced homemakers are no longer required to work in the home a minimum of five years to be eligible for services.

Section 2 amends provisions relating to the establishment of a pilot program, by deleting the factors to be considered in determining where to locate a center.

Section 3 adds a new section that details factors the Council must consider in establishing new programs and the grant criteria for funding new or existing programs.

Section 4 amends the provisions of the North Carolina Fund for Displaced Homemakers by capping the number of grants to be provided at 35 and changing the term "program" to "center" to conform to other language in this Part. It also requires organizations be operable for at least two years to be eligible for the grant.

Section 5 increases the filing fee for absolute divorce in GS 7A-305(a2) from $20 to $55, which continues to be remitted to NC Fund for Displaced Homemakers. This raises the total filing fee for divorce from $90 to $125.

PCS CHANGES: The PCS makes several significant changes to the original version of the bill. It reinstates a repealed provision concerning the pilot programs, as the repeal was determined to be unnecessary. It caps the number of grants at 35, whereas the original bill allowed between 35 and 50 grants to be made. It also increases the filing fee from $50 to $55. It amends the title and deletes language changing the program to Women Work, in an effort to keep the legislation gender neutral. The PCS also decreases the amount to be used for administrative costs from 20% to the original 10% of funds and reinstates the provision that the grants be made on a quarterly basis. It also adds back in the requirement that the Council report annually to the General Assembly on its progress. Finally, the PCS makes grammatical, stylistic, and technical changes to the original bill.

EFFECTIVE DATE: Section 5 is effective October 1, 2005 and applies to all divorce filings on or after that date.

BILL SUMMARY: The PCS for House Bill 1635 amends the laws pertaining to displaced homemakers and increases the amount of money flowing to the North Carolina Fund for Displaced Homemakers by increasing the filing fee for absolute divorce from $90.00 to $125.00.

ASSUMPTIONS AND METHODOLOGY: The Administrative Office of the Courts provided staff with the following data on the number of divorce filings in North Carolina from 2002-2004.

Number of divorce filings in NC, 2002-04			
	2002	2003	2004
# of divorce filings in NC	43,861	42,623	42,547

Although the overall number of filings has decreased slightly during those years, this projection assumes the number of filings remains at the 2004 level. With the fee set at $55 (a $35 increase over the current $20), the price of filing for divorce will rise from $90 to $125. The table below shows the total projected revenue from this increase.

Projected increase in revenue					
	2005-06	2006-07	2007-08	2008-09	2009-2010
# of divorce filings	31,910	42,547	42,547	42,547	42,547
Fee increase	$35	$35	$35	$35	$35
Total fee revenue	**$1,116,850**	**$1,489,145**	**$1,489,145**	**$1,489,145**	**$ 1,489,145**

The 2005-06 number has been adjusted to account for the effective date of this legislation. The projection assumes the number of divorce filings is equally distributed throughout a given calendar year.

House Bill 1635 caps the amount of funds available for administrative costs to 10% of total funds collected. Pursuant to this requirement, $111,685 would be available for administrative costs in 2005-06, and $148,915 per year starting in 2006-07 continuing through 2009-10. This leaves a total of $1.0 million for grants in 2005-06 and $1.3 million per year from 2006-07 through 2009-2010.

Funds would be distributed to Displaced Homemaker Programs via a competitive grant process administered by the North Carolina Council for Women/Domestic Violence Commission. The following displaced homemaker programs received funding from the N.C. Council for Women in 2004-05:

Women's Resource Center of Alamance Co.

Displaced homemaker funding commenced in 1993 as a result of a legislative initiative between the N.C. Council for Women and N.C. Women Work! (formerly known as the N.C. Displaced Homemaker Network). The current $20 divorce filing fee for these programs resulted from a 1997 bill that became effective in 1998.

Services provided by displaced homemaker programs include job counseling programs specifically designed for displaced homemakers entering the job market; job training and placement services; health education and counseling services with respect to general preventative care; financial management services including but not limited to insurance, taxes, estate and probate matters, mortgages, and loans; and educational services including information on available secondary and post-secondary educational programs beneficial to displaced homemakers as well as information services regarding employment, education, health, public assistance, and unemployment assistance.

SENATE BILL 178:
Amend Certain Lic. Reqs/Plumb'g/Heat'g Contr

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 14, 2005
Introduced by:	Sen. Tillman	**Summary by:**	Martha Walston
Version:	Second Edition		Committee Counsel

SUMMARY: The 2nd edition to Senate Bill 178 would amend the licensing laws for plumbing and heating contractors to allow the licensing examination to be passed in parts, to allow a person licensed after October 1 of any year to pay half the usual licensing fee, and to set the fee for each exam at $100.

The current version of the bill was given a favorable report in Senate Commerce on April 6th.

CURRENT LAW: The State Board of Examiners of Plumbing, Heating, and Fire Sprinkler Contractors requires all persons, firms, or corporations engaged in the business of either plumbing or heating contracting, or both, to pay an annual license fee not to exceed $150. Persons, firms, or corporations engaged in the business of fire sprinkler contracting must pay an annual license fee not to exceed $300. Examinations for licensure are given at least twice each year, and additional exams may be given as the Board deems wise and necessary. Upon passing the examination and paying the annual license fee, the applicant is issued a license. The examination for licensure must be all taken at one time and the applicant must pass the entire exam. If the applicant fails to pass the entire exam, the applicant must retake the entire exam. All licensing fees must be paid for the entire year, regardless of the time of year the license is issued. The Board is permitted to charge up to $150 for examination.

BILL ANALYSIS: Section 1 of Senate Bill 178 allows the State Board of Examiners of Plumbing, Heating, and Fire Sprinkler Contractors to conduct the licensing exam in two parts, with one part including business and law, and the other part dealing with technical issues. Requests for exam applications and information will be made available online without charge and supplied at no cost to the potential examinee. Applicants may obtain test scores immediately after completing the exam when the exam is taken by computer. An applicant who fails any portion of the exam may retake the failed portion within six months without having to retake the entire exam. A person who fails the exam three times can take additional education or wait one year before retaking any portion of the exam.

Section 2 of Senate Bill 178 permits a person who obtains a license after passing an exam on or after October 1 of any year to receive a license for the remainder of the year by paying one-half of the usual license fee.

Section 3 allows the board to charge up to $150 for each exam or part of an exam. Until the Board adopts rules to change the fee, the fee for each exam or part of an exam shall be $100.

EFFECTIVE DATE: The bill becomes effective January 1, 2006.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: State Board of Examiners of Heating, Plumbing, and Fire Sprinkler Contractors.

EFFECTIVE DATE: January 1, 2006

BILL SUMMARY: Under current law, heating, plumbing, and fire sprinkler contractors are required to pass an examination in order to obtain licensure. Section 1 of House Bill 178 allows any applicant who fails one portion of the two-portion exam to retake the failed portion within six months of their initial test date without having to retake the passed portion. The fee for the retake will be the same as the fee for the initial test.

Section 2 permits a person who obtains a license after passing an exam on or after October 1 of any year to receive a license for the remainder of the year by paying one-half the usual license fee ($63).

Section 3 raises the statutory maximum fee for an examination to $150, and sets the fee for examinations at $100 until the State Board of Examiners of Plumbing, Heating, and Fire Sprinkler Contractors adopts rules to change the fee.

ASSUMPTIONS AND METHODOLOGY: This legislation increases the base fee for examinations given by the State Board of Examiners of Plumbing, Heating, and Fire Sprinkler Contractors from $75 to $100 (Section 3). Last year, the State Board of Examiners of Plumbing, Heating, and Fire Sprinkler Contractors administered 961 exams via a private testing company. The board says the number of examinees has stayed flat or decreased slightly in the past few years, but they recommended an assumption of 2% annual growth in the number of examinees for future years. The table below reflects this assumption.

Projected increase in fee revenues from exams (Section 3)					
	2005-06	2006-07	2007-08	2008-09	2009-10
# of exams	980	1000	1020	1040	1061
Increase in exam fee	$25	$25	$25	$25	$25
Total new exam revenue	**$24,506**	**$24,996**	**$25,496**	**$26,005**	**$26,526**

Under current law, an examinee that passes an exam must pay a full year's license fee to obtain a license regardless of how many days are remaining in the calendar year. In Section 2, examinees that take the test between October 1 and December 31 of a given year are given the option of obtaining a license through the end of the calendar year for half the price of a full year's licensure. The board currently charges $125 per license. The table below details the board's expectations regarding how many examinees will choose this option rather than waiting until January 1 of the following year to obtain their license.

Projected revenues from 1/2-year license provision (Section 2)	
Average # of exams taken between Oct. 1 and Dec. 31	43
# of examinees who obtained licensure at full price	13
# of examinees who elected to seek licensure on Jan.1	30
Projected # of those examinees expected to pay 1/2 year fee *instead* of waiting until Jan. 1	15
Fee for 1-year license	$125
1/2 fee for Oct. 1 - Dec. 31 license	$63
Total projected revenue from 1/2 year licenses	$1,764
Projected revenue loss from 13 full-year licenses	$1,625
Net revenue increase	**$139**

In Section 1 of the bill, examinees that fail one portion of the two-part exam may retake that portion of the exam without retaking the portion they passed on their first attempt. Out of the 745 who failed the exam last year, the board estimates 72 failed only one portion of the exam. Under this legislation, those 72 people would be eligible to retake the failed portion of the exam although the testing fee would remain

the same. The number of retakes was estimated at 7.5% of all exams given in each year. Estimated revenues from the Section 1 change are detailed below.

Projected increase in fee revenues from retakes (Section 1)					
	2005-06	2006-07	2007-08	2008-09	2009-10
# of retakes	74	75	76	78	80
Fee per retake	$100	$100	$100	$100	$100
Total revenue from retakes	**$7,400**	**$7,500**	**$7,600**	**$7,800**	**$8,000**

The State Board of Examiners of Plumbing, Heating, and Fire Sprinkler Contractors contracts with a private testing firm to administer its examinations. The board remits testing fee revenue collected from license applicants to the private testing company. The only potential increase in board operating funds resulting from this legislation would be revenue resulting from the change in licensing fees. As shown in the last line of the table below, this increase is not significant.

Total projected revenues (by section)					
	2005-06	2006-07	2007-08	2008-09	2009-2010
Revenue increase from Section 1 (retakes)	$7,400	$7,500	$7,600	$7,800	$8,000
Net revenue from Section 2 (license fee)	$ 139	$ 139	$ 139	$ 139	$ 139
Revenue increase from Section 3 (exam fee)	$ 24,506	$ 24,996	$ 25,496	$ 26,005	$ 26,526
Total new revenue (all sections)	**$ 32,045**	**$ 32,635**	**$ 33,235**	**$ 33,944**	**$ 34,665**
Total new revenue from testing	$ 31,906	$ 32,496	$ 33,096	$ 33,805	$ 34,526

~~The Commissioner, by rule, shall provide for the issuance of a limited license to a person who seeks to offer limited professional employer services in this State.~~ A person who seeks to offer limited professional employer services in this State shall be eligible for de minimis registration status upon compliance with this section and may operate as a de minimis registrant in this State upon notification pursuant to this section. A person shall satisfy the requirements for a de minimis registration only if the professional employer organization:

(1) Does not maintain a physical professional employer organization office located in this State;

(2) Does not employ salespersons who reside or direct their sales activities in this State;

(3) Does not employ directly or in common control with another person, as defined in G.S. 58-89A-5(12), more than 50 assigned employees in this State;

(4) Does not advertise through any media outlet physically located in this State;

(5) Is a licensed or registered professional employer organization in at least one other state of the United States; and

(6) Is operated by and under the control of persons of good moral character.

A professional employer organization operating under a de minimis registration shall be subject to all of the responsibilities and authority of a licensee under this Article except for G.S. 58-89A-50, 58-89A-60 and 58-89A-70(c), (d), and (e).

A person seeking de minimis registration status shall notify the Commissioner, on a form prescribed by the Commissioner, attesting that the professional employer organization meets all of the eligibility requirements for de minimis registration status under this section and additionally provide, at a minimum, the following information:

(1) The name of the professional employer organization, the address of its principal office, the name of the contact person, and the taxpayer or employer identification number;

(2) A list by jurisdiction of each name under which the registrant has operated in the preceding five years, including any alternative names, names of predecessors, and, if known, successor business entities;

(3) A list of all officers, directors, and controlling person(s) of the registrant and their biographical information in a form to be determined by the Commissioner; and

(4) The location of the business records of the person.

If the Commissioner finds that the person seeking de minimis registration has not fully met the requirements for de minimis registration, the person shall not be eligible for de minimis registration status, and the Commissioner shall notify the person in writing. Within 30 days after service of the notification, the person may make a written demand upon the Commissioner for a review to determine the reasonableness of the Commissioner's action. The review shall be completed without undue delay, and the person shall be notified promptly in writing as to the outcome of the review. Within 30 days after service of the notification as to the outcome, the person may make a written demand upon the Commissioner for a hearing under Article 3A of Chapter 150B of the General Statutes if the person disagrees with the outcome.

If the Commissioner determines that the notification of eligibility for de minimis registration is incomplete, the Commissioner shall notify the person of the deficiency, and the registrant shall be allowed time, not to exceed 15 days from the date of the notice, to correct the deficiency. Failure of the person to correct the deficiency within the 15-day time period shall result in the de minimis being deemed denied. Except as otherwise provided in this section, a person notified of a deficiency under this section may continue to operate while the deficiency is being corrected unless the Commissioner determines that the person is ineligible for de minimis registration status or is otherwise not authorized to operate in this State.

After a de minimis registrant's initial notification, a de minimis registrant shall annually notify the Commissioner of its continuing eligibility for de minimis registration status no earlier than January 1 and no later than January 15 of each year. The annual notification shall include the attestation of eligibility for de minimis registration and any change in the information previously provided to the Commissioner under this section."

SECTION 4. G.S. 58-89A-110(d) reads as rewritten:

"(d) A license shall not be issued to any professional employer organization unless (i) the organization first files with the Commissioner evidence of workers' compensation coverage for all assigned employees in this State, including those leased from or coemployed with another ~~person, and that the premium paid by the licensee is~~ person, and (ii) the organization certifies to the Commissioner that it has provided its workers' compensation carrier with proper and necessary documentation to allow the carrier to determine and charge a premium that is commensurate with exposure and anticipated claim experience for all employees covered under policies issued by the carrier in the name of the licensee."

SECTION 5. Section 2 of S.L. 2004-162 reads as rewritten:

"**SECTION 2.** The Department of Insurance shall report to the ~~2005~~ 2007 General Assembly on the implementation, administration, and enforcement of Article 89 of Chapter 58 of the General Statutes, as enacted in Section 1 of this act. In its report, the

Department shall recommend any statutory changes required to regulate professional employer organizations and enforce Article 89 of Chapter 58 of the General Statutes."

SECTION 6. Effective March 31, 2005, Section 3 of S.L. 2004-162 reads as rewritten:

"**SECTION 3.** A person registered to engage in and offer professional employer services in this State, pursuant to G.S. 58-89-15, on ~~the last day prior to the effective date of this act~~ December 31, 2004, may continue to operate pending approval of the person's application for a license as long as the application is filed with the Commissioner no later than ~~April 1, 2005.~~ July 1, 2005. If the application for licensure is denied, the person shall cease offering professional employer services in this State. ~~A~~ Except as otherwise provided herein, a person not registered to engage in and offer professional employer services in this State, pursuant to G.S. 58-89-15, on ~~the last day prior to the effective date of this act~~ December 31, 2004, shall not engage in or offer professional employer services in this State until the person has been issued a license under this act.

A person that was not registered to engage in and offer professional employer services in this State, pursuant to G.S. 58-89-15 on December 31, 2004, may engage in and offer professional employer services prior to approval of licensure upon satisfying each of the following conditions:

(1) The person submits with its application an audited GAAP financial statement that has been issued no more than 90 days from the date the application is received by the Commissioner, and the statement is accompanied by an unqualified opinion;

(2) The person is a licensed or registered professional employer organization in good standing in at least one other state of the United States;

(3) The person has a client preexisting December 31, 2004, and that client acquires or adds employees in this State on or before July 1, 2005; and

(4) The person has submitted his or her application for licensure in compliance with the provisions of Article 89A of Chapter 58 of the General Statutes on or before July 1, 2005.

The conditional authority to engage in and offer professional employer services pursuant to this provision shall cease upon the earliest of the following: the granting of a license under Article 89A of Chapter 58 of the General Statutes, the denial of a license under Article 89A of Chapter 58 of the General Statutes, or the failure to satisfy any of the conditions upon which the conditional authority exists.

Notwithstanding any other provision of this act, an audited GAAP financial statement filed with the Commissioner by an applicant for licensure that otherwise meets the requirements of this act shall be accepted by the Commissioner if it has been filed with the Commissioner on or before July 1, 2005, has been issued within the previous 180 days, and covers a fiscal year that ended December 31, 2004, or is otherwise acceptable to the Commissioner."

SECTION 7. G.S. 58-6-25(d) is amended by adding a new subdivision to read:

"(9) Money appropriated to the Department of Insurance for the regulation of the professional employer organization industry pursuant to Article 89A of Chapter 58 of the General Statutes."

SECTION 8. Except as otherwise expressly provided in this act, this act is effective when it becomes law.

SENATE BILL 685:
Revise Professional Employer Organization Act

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 14, 2005
Introduced by:	Sen. Bingham	**Summary by:**	Martha Walston
Version:	Fourth Edition		Committee Counsel

SUMMARY: Senate Bill 685 amends the Professional Employer Organization Act as follows:

- Makes changes to the statute requiring a licensee to file a $100,000 surety bond with the Department of Insurance.
- Changes the name of a limited professional employer organization license to a de minimis registration, and sets out the requirements for de minimis registration.
- Requires a PEO to certify to the Commissioner of Insurance that it has provided its workers' compensation carrier with proper and necessary documentation to allow the carrier to determine and charge a premium commensurate with anticipated claim experience.
- Moves deadline for the Department's reporting to the General Assembly from 2005 to 2007.
- Changes the deadline for filing a license application from April 1, 2005 to July 1, 2005.
- Provides that money from the Insurance Regulatory Fund may be used to reimburse the General Fund for money appropriated to the Department for regulation of PEOs.

Senate Bill 685 has been given a favorable report in four committees: Senate Commerce, Senate Appropriations, House Insurance, and House Appropriations.

The bill is time sensitive because it requires a corporation registered in N.C. to file a license application by July 1, 2005.

BACKGROUND: Article 89A of Chapter 58 of the General Statutes, *the North Carolina Professional Employer Organization Act*, was passed by the General Assembly in 2002 to require registration of professional employer organizations (PEOs) in the State. The registration fee was a one-time fee of $250. The Act was amended in 2004 to require PEOs to be licensed by the Department of Insurance, in addition to the Act's registration requirements. An 11-member council, chaired by the Commissioner of Insurance, advises, consults, and makes recommendations to the Commissioner on the regulation of PEOs.

The existing law requires applicants to pay the following license fees:

Application for PEO license or limited PEO license	$1,000 (nonrefundable)
Annual filing fee	$1,000
Application for alternative licensing and renewal	$500

A "professional employer organization" is defined in Article 89A as "a person that offers professional employer services." Typically, a PEO establishes a contractual relationship with a client company. Under the contract a co-employment relationship is created between the client company, the PEO, and the employees of the client company. The PEO becomes the employer for the client company's employees and assumes the obligations related to human resources, workers' compensation, payroll, labor law compliance, employment taxes, and employment benefits as provided in the contract. The definition of "professional employer services" does not include services that provide temporary employees, independent contractors, and businesses that do personnel placement. Under existing law, PEOs doing business in the State are required to file completed license applications by April 1, 2005. A violation of the Act is punishable by civil penalties and conviction of a Class H felony.

SUMMARY: Current law requires an applicant for licensure to file with the Commissioner of Insurance a surety bond in the amount of $100,000. **Section 1** of the bill amends this law to allow the issuer of the bond to cancel the bond, but only with respect to future obligations or liabilities under the bond. Likewise, a bond may be exchanged or replaced, but only if the new surety bond applies to obligations arising during the period of the original bond. However, a licensee must maintain a bond at all times and failure to do so will result in an automatic and immediate suspension of his or her PEO license.

Section 2 of the bill amends G.S. 58-89A-65 governing PEO licensing application fees to change the name of a limited license to a "de minimis registration." The fees in this statute remain the same.

Section 3 of the bill establishes standards for de minimis registration status. To qualify for de minimis registration, the PEO must:

- Not maintain a physical professional employer organization office in the State.
- Not employ salespersons who reside or direct sales activities in the State.
- Not employ directly or in common control with another person more than 50 assigned employees in the State.
- Not advertise through any media outlet physically located in the State.
- Be a licensed or registered PEO in at least one other state.
- Be operated by and under control of persons of good moral character.

A person seeking de minimis registration status must notify the Commissioner on a prescribed form attesting that the PEO meets all eligibility requirements and provide additional information including the name and address of its principal office, a list by jurisdiction of each name under which the registrant has operated during the preceding five years, a list of all officers directors and controlling persons of the registrant, and the location of the business records of the person.

Section 3 also provides a process by which the Commissioner notifies a person of his or her ineligibility for de minimis registration and a review of the Commissioner's decision. The Commissioner must also notify a registrant of an incomplete registration and must allow a registrant 15 days from notification to correct the deficiency. After approval of a de minimis registration, the registrant must annually notify the Commissioner of its continuing eligibility for de minimis registration status.

Section 4 clarifies G.S. 58-89A-110(d) to require a PEO to certify to the Commissioner that it has provided its workers compensation carrier with all proper and necessary documentation for the carrier to determine and charge a premium commensurate with anticipated claim experience. The PEO does not need to provide evidence of this documentation.

Section 5 changes reporting requirements on the implementation, administration and enforcement of the Act to require the Department to report to the 2007 General Assembly instead of the 2005 Session.

Section 6 changes the deadline for filing a license application. Under current law, a person who registered prior to the Act's effective date of January 1, 2005 may continue to operate pending approval of the person's application for licensure if the license application is filed no later than April 1, 2005.

Effective March 31, 2005, Section 6 moves the deadline to file an application for licensing from April 1, 2005 to July 1, 2005. This section also provides conditions under which a PEO that failed to register on or before December 31, 2004 may offer PEO services pending approval of license application. For this provision to apply, the license application must be submitted on or before July 1, 2005.

In addition, Section 6 provides that for initial license applications received prior to July 1, 2005, the Commissioner must accept a GAAP financial statement prepared within the previous 180 days. The statement must cover a fiscal year ending December 31, 2004 or later.

Section 7 provides that money from the Insurance Regulatory Fund may be used to reimburse the General Fund for money appropriated to the Department for regulation of PEOs. The Senate Budget provides funding for a PEO position to administer and enforce the PEO Act. The same item was included in the version of the subcommittee report that passed out of the House Appropriation Subcommittee on General Government on June 10th.

EFFECTIVE DATE: Section 8 provides that Senate Bill 685 is effective when it becomes law, except as otherwise indicated. (Section 6 becomes effective March 31, 2005.)

SENATE BILL 407: Cabarrus Local Acts.

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 13, 2005
Introduced by:	Sen. Hartsell	**Summary by:**	R. Erika Churchill
Version:	PCS to Second Edition S407-CSST-60		Committee Counsel

SUMMARY: Senate Bill 407 would authorize the municipalities located in Cabarrus County to levy a tax of not more than $20.00 per year upon any vehicle resident in the city or town. The proposed committee substitute would extend until June 30, 2006, the limitations on annexation in Cabarrus County. The proposed committee substitute is effective when it becomes law.

SECTION 1.

Current Law: Cities and towns may levy a tax of not more than $5.00 per year upon any vehicle resident in the city or town. The proceeds of the tax may be used for any lawful purpose. By local acts, the amount of the tax has been increased for several cities and towns. The cities of Durham, Henderson, Oxford, and Winston-Salem[1] and the towns of Ahoskie, Cary, Chapel Hill, Creedmoor, and Hillsborough may levy a tax up to $10. The town of Carrboro[2] and the cities of Gastonia, Kinston, and Raleigh may levy a tax up to $15. The cities of Charlotte and Greenville and the towns of Cornelius, Davidson, Huntersville, Matthews, Mint Hill, Murfreesboro, and Pineville may levy a tax up to $20.

Bill Analysis: Senate Bill 407 would authorize the municipalities located in Cabarrus County to levy a tax of up to $20.00 per year upon any vehicle resident[3] in the city or town. With this authority, a city or town may, but is not required to, levy the tax, and the amount of the tax represents the maximum tax that may be levied. The bill requires that any funds generated by the tax in excess of $5.00 be placed in a separate fund and used only for transportation uses within the municipality. The municipalities located wholly or in part in Cabarrus County are: Concord, Harrisburg, Kannapolis (part), Locust (part), and Mount Pleasant.

Background: House Finance gave a favorable report to the following bills earlier this session[4]:

- H464: Authorizes the City of Winston-Salem to levy tax up to $20 per vehicle over a 2 year period.
- H691: Authorizes the Town of Carrboro to levy a $25 vehicle tax.
- H1037: Authorizes the Town of Wrightsville Beach to levy a $15 vehicle tax.

[1] HB 464 would authorize Winston-Salem to increase its tax to $20.

[2] HB 691 would authorize Carrboro to increase its tax to $25.

[3] "A vehicle is 'resident' within a city or town when its owner or operator is a resident thereof and it is garaged therein, if it leaves therefrom and returns thereto in normal day to day operation or if used in common carrier or for hire operations and is based therein. Though a vehicle may be present in a city or town for extended periods of time, such as those of a parent used by a child while attending college, it would not become 'resident' as contemplated by G.S. 20-97(a)." 45 NCAG 185.

[4] The three House bills are in Senate Finance.

SECTION 2.

Current Law. The General Statutes permit municipalities to grow and expand their municipal boundaries through the process of annexation. Prior to annexing an area, the municipality may elect to exercise their extraterritorial jurisdiction (ETJ) over the area. ETJ power is generally exercised over the area one mile from the existing corporate limits, and the exercise of ETJ power permits the municipality to enforce its land use planning tools within the one-mile area outside the corporate limits. In 2003, the General Assembly enacted a local act to alter the general law in Cabarrus County. S.L. 2003-326. According to that act, unless the municipalities entered into an annexation agreement pursuant to Part 6 of Article 4A of Chapter 160A, any municipality located outside of Cabarrus County is prohibiting from exercising the power of annexation inside the borders of Cabarrus County **until July 1, 2005,** in the following areas:

1. The territory west of the Rocky River, and
2. The territory south of Highway 24/27 and east of the Rocky River.

Bill Analysis: The proposed committee substitute would extend the moratorium through **June 30, 2006.**

Background: Similar provisions have been enacted in the past for Currituck County (S.L. 2003-27), Davie County (Chapter 91 of the 1981 Session Laws) and Forsyth County (Chapter 453 of the 1973 Session Laws).

BILL SUMMARY: Senate Bill 407 would authorize the municipalities located in Cabarrus County to levy a tax of up to $10.00 per year upon any vehicle resident in the city or town. The proposed committee substitute would authorize a tax of up to $20.00 per year. With this authority, a city or town may, but is not required to, levy the tax, and the amount of the tax represents the

maximum tax that may be levied. The bill requires that any funds generated by the tax in excess of $5.00 be placed in a separate fund and used only for transportation uses within the municipality. The municipalities located wholly or in part in Cabarrus County are: Concord, Harrisburg, Kannapolis (part), Locust (part), and Mount Pleasant.

The Second Edition of the bill would extend until June 30, 2006, the limitations on annexation in Cabarrus County.

ASSUMPTIONS AND METHODOLOGY: Currently, cities and towns may levy a tax of not more than $5.00 per year upon vehicles in the city or town. By local acts, the amount of the tax has been increased for several cities and towns. The proceeds of the tax may be used for any lawful purpose. This bill would authorize each municipality in Cabarrus County to levy a fee of up to $20 dollars per vehicle. According to the Cabarrus County Tax Assessor's Office, the following are the numbers of vehicles located in each municipality and the potential additional revenue available for each town if the maximum fee were levied:

Municipality	**Number of Vehicles Registered**	**Potential Additional Revenue**
Concord	53,666	$804,990
Harrisburg	7,291	$109,365
Kannapolis	26,912	$403,680

A BILL TO BE ENTITLED

AN ACT TO ENABLE THE RUTHERFORD AIRPORT AUTHORITY TO LEASE PROPERTY FOR FIFTY YEARS.

The General Assembly of North Carolina enacts:

SECTION 1. Section 4 of S.L. 1971-335 reads as rewritten:

"**Sec. 4.** The Airport Authority shall constitute a body, both corporate and politic, and shall have the following powers and authority:

(1) To purchase, acquire, establish, construct, own, control, lease, equip, improve, maintain, operate and regulate airports or landing fields for the use of airplanes and other aircraft within the limits of the County and for any of such purposes, to purchase, improve, own, hold, lease and/or operate real or personal property.

(2) To borrow money and to issue bonds and to secure the same by mortgages, with the consent of the Rutherford Board of County Commissioners upon any property held or to be held by it.

(3) To sue or be sued in the name of said Airport Authority, to acquire by purchase and to hold lands for the purpose of constructing, maintaining or operating any airport within the limits of said County, and to make such contracts and to hold such personal property as may be necessary for the exercise of the powers of the Airport Authority. The Airport Authority may acquire by purchase, or otherwise, any existing lease, leasehold right or other interest in any existing airport located in the County.

(4) To charge and collect reasonable and adequate fees and rents for the use of the airport property or for services rendered in the operation thereof.

(5) To make all reasonable rules and regulations as it deems necessary for the proper maintenance and operation of the airport and provide penalties for the violation of such rules and regulations; provided, said rules and regulations and schedules of fees be not in conflict with the laws of the State of North Carolina, and the rules and regulations of the Civil Aeronautics Administration of the Federal Government.

(6) To issue revenue bonds or other securities and obligations for the purpose of providing funds for the construction, maintenance, purchase, improvement and

operation of the airports, landing fields or other facilities. The bonds, if and when so issued, shall be denominated "Rutherford Airport Authority Bonds", shall be issued in such form and denomination and shall mature at such time or times, not exceeding fifty (50) years after their date, and shall bear such rate of interest, payable annually or semi-annually, as the Airport Authority may determine. The bonds shall be signed by the chairman of the Airport Authority and the corporate seal affixed or impressed upon each bond, and attested by the secretary of the board. The coupons to be attached to said bonds shall bear the facsimile signature of the chairman of the Airport Authority. Such bonds, notes or securities issued for the purpose, or purposes above set out, may be issued and sold with the approval of the County Commissioners, but the sale shall be made under the supervision, and with the approval of the Local Government Commission.

Bonds and notes issued under this act shall be exempt from all State, Federal, County, or Municipal taxes or assessments, direct or indirect, general or special, and the interest paid on such bonds or notes shall not be subject to taxation as income. The bonds, notes or other securities shall not be obligations of the County of Rutherford, but the Airport Authority is authorized and empowered to pledge the revenues, rents, income and tolls arising out of the use of any airport property or any specific part of said airport property until such time as the sums borrowed therefor are fully amortized and repaid. The bonds or other securities which the Airport may incur shall be issued and incurred upon such other terms, covenants and conditions as the Airport Authority may deem proper.

(7) To sell, or otherwise dispose of, any property, real or personal, belonging to the Airport Authority, but no sale of real property shall be made without the approval of the Board of County Commissioners.

(8) To purchase such insurance as the Airport Authority shall deem necessary.

(9) To invest or reinvest, subject to the approval of the Local Government Commission, any of its funds in either bonds, notes or certificates of indebtedness of the United States of America, or in bonds or notes of any agency or instrumentality of the United States of America, the payment of principal and interest of which is guaranteed by the United States of America, or in bonds or notes of the State of North Carolina, or in bonds of any county, city or town of North Carolina, which have been approved by the Local Government Commission.

(10) To purchase any of its outstanding bonds or notes.

(11) To operate, own, lease, control, regulate or grant to others the right to operate on any airport premises, restaurants, agricultural fair, motion picture shows, and other amusements.

(12) To lease for a term not to exceed ~~twenty-five (25) years,~~ fifty (50) years, and for purposes not inconsistent with the grants and agreements under which the airport is held, real or personal property under the supervision of or administered by the Airport Authority.

(13) To contract with persons, firms or corporations for terms not to exceed twenty-five (25) years, for the operation of airline-scheduled passenger and freight flights, non-scheduled flights, and any other airplane activities not inconsistent with said

grant agreements under which the airport property is held, and to charge and collect reasonable and adequate fees, charges and rents for the use of such property or for services rendered in the operation thereof.

(14) To erect and construct buildings, hangars, shops and other improvements and facilities, not inconsistent with or in violation of the agreements applicable to and the grants under which the real property of the airport is held; to lease the same for a term or terms not to exceed ~~twenty-five (25) years;~~ fifty (50) years; to borrow money for use in making or paying for such improvements and facilities, secured by and on the credit only of the lease agreements in respect thereto, to pledge and assign such leases and lease agreements as security for loans herein authorized."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 450:
Rutherford Airport Authority Leases

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 14, 2005
Introduced by:	Sen. Dalton	**Summary by:**	Cindy Avrette
Version:	First Edition		Committee Counsel

SUMMARY: Senate Bill 450 increases the length of time for which the Rutherford Airport Authority may lease real or personal property from 25 to 50 years. The bill received a favorable report from the Senate Finance Committee on May 12, 2005.

CURRENT LAW: In 1971, the General Assembly authorized Rutherford County to establish an airport authority for the maintenance of airport facilities in the county. Among its powers, the Airport Authority may do the following:

- Lease for a term not to exceed twenty-five (25) years, and for purposes not inconsistent with the grants and agreements under which the airport is held, real or personal property under the supervision of or administered by the Airport Authority.
- Erect and construct buildings, hangars, shops and other improvements and facilities, not inconsistent with or in violation of the agreements applicable to and the grants under which the real property of the airport is held; to lease the same for a term or terms not to exceed twenty-five (25) years; to borrow money for use in making or paying for such improvements and facilities, secured by and on the credit only of the lease agreements in respect thereto, to pledge and assign such leases and lease agreements as security for loans herein authorized.

BILL ANALYSIS: Senate Bill 450 would increase the length of time for which the Rutherford Airport Authority may lease real and personal property from 25 to 50 years. It would also increase from 25 to 50 years the time period for leasing buildings, hangars, shops, and other improvements and facilities located on real property owned by the airport.

Currently, the airport owns land that it leases to individuals for the purpose of building hangars. The hangars are owned by the individuals and, as leasehold improvements on the land, must be removed at the end of the lease term. Under current law, the maximum lease term the airport may extend for this purpose is 25 years. The Airport Authority is seeking this legislation so that it may offer longer lease periods. Longer lease periods are likely to result in larger, better quality hangars being built and pilots keeping their airplanes stored there longer, rather than using or building hangars at other airports.

EFFECTIVE DATE: This act is effective when it becomes law.

SENATE BILL 682:
Add Agencies to Set-Off Debt Collect.

BILL ANALYSIS

Committee:	House Finance	**Introduced by:**	Sen. Holloman
Date:	June 14, 2005	**Summary by:**	Martha Walston
Version:	PCS for 2nd Edition S682-CSLA-15		Committee Counsel

SUMMARY: ***Senate Bill 682 would add public health authorities to the list of agencies authorized under the Setoff Debt Collection Act to collect debts owed to them by obtaining a setoff against a debtor's North Carolina income tax refund.***

The proposed committee substitute for Senate Bill 682 incorporates House Bill 272 by adding metropolitan sewerage districts and sanitary districts to the list of agencies. House Bill 272, sponsored by Rep. Lucy Allen and Wilma Sherrill, is currently in House Finance. HB 272 was given a favorable report in House Ways and Means.

The bill would become effective January 1, 2006, and apply to tax refunds determined on or after that date.

CURRENT LAW: The Setoff Debt Collection Act authorizes State and local agencies to collect debts by diverting part or all of an individual's income tax refund to pay a debt the individual owes to a particular agency. Thus, the debt the individual owes the agency is set off against the individual's income tax refund. Before January 1, 2001, the setoff program was open only to State agencies. Now, counties and municipalities participate through a clearinghouse. Because there are so many local agencies, funneling their claims through a clearinghouse avoids an undue administrative burden on the Department of Revenue. A $15.00 collection assistance fee is added to each local agency debt submitted for setoff, which is remitted to the clearinghouse that submitted the debt. The fee does not, however, apply to child support debts. While the use of debt setoff for State agencies is mandatory, usage by local agencies is optional. The Act also only applies to debts that are at least $50 and to a refund that is at least this same amount.

In 2003, the General Assembly added water and sewer authorities to the list of entities eligible to participate in debt setoff. In 2004, regional joint agencies created by interlocal agreement were added. This year, House Bill 272 has been introduced to add metropolitan sewerage districts and sanitary districts. House Bill 272 is currently in House Finance.

BILL ANALYSIS: This bill would allow public health authorities, metropolitan sewerage districts, and sanitary districts to participate under the Setoff Debt Collection Act in the same manner as counties and cities. Like counties and cities, these agencies would be authorized to submit their debts for collection by setoff through a local clearinghouse only after providing the debtor with notice, an opportunity to be heard before the authority, and an appeal process pursuant to the Administrative Procedure Act.

The bill would become effective January 1, 2006, and apply to income tax refunds determined on or after that date.

Public Health Authority

Although a public health authority functions similarly to a county agency, it is a separate legal entity created under G.S. 130A-45.02. A public health authority is created by joint resolution of a county board of commissioners and the local board of health. It functions as a policy-making, rule-making, and adjudicatory body designed to protect and promote the public health. Among its powers, a public health authority may establish a fee schedule for services received from public health facilities. Currently, there is only one public health authority, created under this authorizing legislation, and it is the Hertford County Public Health Authority.

Sanitary District

The Commission for Health Services may create sanitary districts for the purpose of preserving and promoting the public health and welfare. A sanitary district is incorporated if 51% of the freeholders[1] in the proposed district petition the county board of commissioners of the county in which all or the largest portion of the land of the proposed district is located. A sanitary district board has the authority to levy property taxes within the district and apply service charges and rates based on the benefits provided. Sanitary districts that maintain and operate a sewage system may bring suit for overdue sewer charges and disconnect the sewer lines. This remedy is not sufficient when the customer moves out of the district. The charges also become a lien on the property served and the property may be sold.[2]

Metropolitan Sewerage District

Any two or more political subdivisions in one or more counties, or any political subdivision and any unincorporated area within one or more counties, may petition for the creation of a metropolitan sewerage district by filing a resolution with the boards of county commissioners of the county or counties within which the proposed district will lie. A public hearing is then held where the Environmental Commission and board of county commissioners determine whether the creation of the metropolitan sewerage district would preserve and promote the public health and welfare of the area.[3] A sewerage district board has the authority to levy taxes on property within the district and impose charges for the services furnished. The district board may provide methods for collection of charges and measures for enforcement of collection, including penalties and the denial or discontinuance of service.

---

[1] A freeholder is a person holding a deed to a tract of land within the district or who has entered into a contract to purchase a tract of land in the district, is making contractual payments, and will receive a deed upon completion of the contractual payments.

BILL SUMMARY:

This bill would allow public health authorities, metropolitan sewerage districts, and sanitary districts to participate under the Setoff Debt Collection Act in the same manner as counties and cities. Like counties and cities, these agencies would be authorized to submit their debts for collection by setoff through a local clearinghouse only after providing the debtor with notice, an opportunity to be heard before the authority, and an appeal process pursuant to the Administrative Procedure Act. The bill would become effective January 1, 2006, and apply to income tax refunds determined on or after that date.

ASSUMPTIONS AND METHODOLOGY: This legislation adds public health authorities, metropolitan sewerage districts and sanitary districts to the Setoff Debt Collection Act, under which the Department of Revenue diverts part or all of an individual's income tax refund to pay a debt the individual owes to a State or local agency. Thus, the debt the individual owes the agency is set off against the individual's income tax refund. Before January 1, 2001, the setoff program was open only to State agencies. Now, counties and municipalities participate through a clearinghouse administered by the NC Association of County Commissioners and the NC League of Municipalities to limit the administrative burden on the Department of Revenue.

For each debt collected through the clearinghouse, a $15 fee will be assessed to cover the costs incurred by the clearinghouse, and a separate fee of $5 will be assessed to cover the cost of the Department of Revenue. Therefore, there is no negative fiscal impact associated with this legislation.

The Department of Environment and Natural Resources shall determine the project applications to review under the express review program from those who request to participate in the program. The express review program may be applied to any one or all of the permits, approvals, or certifications in the following programs: the erosion and sedimentation control program, the coastal management program, and the water quality programs, including water quality certifications and stormwater management. The express review program shall focus on the following permits or certifications:

(1) Stormwater permits under Part 1 of Article 21 of Chapter 143 of the General Statutes.

(2) Stream origination certifications under Article 21 of Chapter 143 of the General Statutes.

(3) Water quality certification under Article 21 of Chapter 143 of the General Statutes.

Express review of a project application involving additional permits or certifications issued by the Department of Environment and Natural Resources other than those under subdivisions (1) through (5) of subsection (a) of this section may be allowed by the Department, and, notwithstanding G.S. 143-215.3D or any other statute or rule that sets a permit fee, the maximum permit application fee

charged for the express review of a project application shall not exceed four thousand dollars ($4,000), plus one hundred fifty percent (150%) of the fee that would otherwise apply by statute or rule for that particular permit or certification. Additional fees, not to exceed fifty percent (50%) of the original permit application fee under this section, may be charged for subsequent reviews due to the insufficiency of the permit applications. The Department of Environment and Natural Resources may establish the procedure by which the amount of the fees under this subsection is determined, and the fees and procedures are not rules under G.S. 150B-2(8a) for the express review program under this section.

The Express Review Fund is created as a special nonreverting fund. All fees collected under G.S. 143B-279.13 shall be credited to the Express Review Fund. The Express Review Fund shall be used for the costs of implementing the express review program under G.S. 143B-279.13 and the costs of administering the program, including the salaries and support of the program's staff. If the express review program is abolished, the funds in the Express Review Fund shall be credited to the General Fund."

SECTION 12.2.(b) The Department of Environment and Natural Resources shall expand to a statewide program that operates in each regional office of the Department the Express Review Pilot Program established by Section 11.4A of S.L. 2003-284 and expanded by Section 12.9 of S.L. 2004-124, and the provisions of G.S. 143B-279.13, as enacted by subsection (a) of this section, shall apply to this statewide program.

FILM INDUSTRY JOBS INCENTIVES

SECTION 39.1.(a) Part 1 of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-130.47. Credit for qualifying expenses of a production company.**

(a) Definitions. – The following definitions apply in this section:

(1) Highly compensated individual. – An individual who receives compensation in excess of one million dollars ($1,000,000) with respect to a single production.

(2) Qualifying expenses. – The sum of the total amount spent in this State for the following by a production company in connection with a production:

a. Goods and services purchased by the production company.

b. Compensation and wages paid by the production company, other than amounts paid to a highly compensated individual, on which the production company remitted withholding payments to the Department of Revenue under Article 4A of this Chapter.

(3) Production company. – Defined in G.S. 105-164.3.

(b) Credit. – A taxpayer that is a production company and has qualifying expenses of at least two hundred fifty thousand dollars ($250,000) with respect to a production is allowed a credit against the taxes imposed by this Part equal to fifteen percent (15%) of the production company's qualifying expenses that have been certified as required in subsection (c) of this section. For the purposes of this section, in the case of an episodic television series, an entire season of episodes is one production. The credit is computed based on all of the taxpayer's qualifying expenses incurred with respect to the production, not just the qualifying expenses incurred during the taxable year.

(c) Certification. – In order to be eligible for a credit under this section, a taxpayer must submit a detailed accounting of its qualifying expenses to the North Carolina Film Office of the Department of Commerce. The North Carolina Film Office, with the assistance of the regional film commission for the location of the production, must make a written certification of the amount of the qualifying expenses.

(d) Pass-Through Entity. – Notwithstanding the provisions of G.S. 105-131.8 and G.S. 105-269.15, a pass-through entity that qualifies for the credit provided in this section does not distribute the credit among any of its owners. The pass-through entity is considered the taxpayer for purposes of claiming the credit allowed by this section. If a return filed by a pass-through entity indicates that the entity is paying tax on behalf of the owners of the entity, the credit allowed under this section does not affect the entity's payment of tax on behalf of its owners.

(e) Return. – A taxpayer may claim the credit allowed by this section on a return filed for the taxable year in which the production activities are completed. The return must state the name of the production, a description of the production, and the certification from the North Carolina Film Office of the qualifying expenses for which the credit is claimed.

(f) Credit Refundable. – If the credit allowed by this section exceeds the amount of tax imposed by this Part for the taxable year reduced by the sum of all credits allowable, the Secretary must refund the excess to the taxpayer. The refundable excess is governed by the provisions governing a refund of an overpayment by the taxpayer of the tax imposed in this Part. In computing the amount of tax against which multiple credits are allowed, nonrefundable credits are subtracted before refundable credits.

(g) Limitation. – No credit is allowed under this section for any production that satisfies one of the following conditions:

(1) It is political advertising.

(2) It is a television production of a news program or sporting event.

(3) It contains material that is obscene, as defined in G.S. 14-190.1.

(h) Substantiation. – A taxpayer allowed a credit under this section must maintain and make available for inspection any information or records required by the Secretary of Revenue or the regional film commissions. The taxpayer has the burden of proving eligibility for a credit and the amount of the credit.

(i) Report. – The Department of Revenue must publish by May 1 of each year the following information, itemized by taxpayer for the 12-month period ending the preceding April 1:

(1) The location of sites used in a production for which a credit was claimed.

(2) The qualifying expenses for which a credit was claimed, classified by whether the expenses were for goods, services, or compensation paid by the production company.

(3) The number of people employed in the State with respect to credits claimed.

(4) The total cost to the General Fund of the credits claimed.

(j) Sunset. – This section is repealed for qualifying expenses occurring on or after January 1, 2010."

SECTION 39.1.(b) Part 2 of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-151.29. Credit for qualifying expenses of a production company.**

(a) Definitions. – The following definitions apply in this section:

(2) Qualifying expenses. – The sum of the total amount spent in this State for the following by a production company in connection with a production:

a. Goods and services purchased by the production company.

b. Compensation and wages paid by the production company, other than amounts paid to a highly compensated individual, on which the production company remitted withholding payments to the Department of Revenue under Article 4A of this Chapter.

(3) Production company. – Defined in G.S. 105-164.3.

(b) Credit. – A taxpayer that is a production company and has qualifying expenses of at least two hundred fifty thousand dollars ($250,000) with respect to a production is allowed a credit against the taxes imposed by this Part equal to fifteen percent (15%) of the production company's qualifying expenses that have been certified as required in subsection (c) of this section. For the purposes of this section, in the case of an episodic television series, an entire season of episodes is one production. The credit is computed based on all of the taxpayer's qualifying expenses incurred with respect to the production, not just the qualifying expenses incurred during the taxable year.

(c) Certification. – In order to be eligible for a credit under this section, a taxpayer must submit a detailed accounting of its qualifying expenses to the North Carolina Film Office of the Department of Commerce. The North Carolina Film Office, with the assistance of the regional film commission for the location of the production, must make a written certification of the amount of the qualifying expenses.

(d) Pass-Through Entity. – Notwithstanding the provisions of G.S. 105-131.8 and G.S. 105-269.15, a pass-through entity that qualifies for the credit provided in this section does not distribute the credit among any of its owners. The pass-through entity is considered the taxpayer for purposes of claiming the credit allowed by this section. If a return filed by a pass-through entity indicates that the entity is paying tax on behalf of the owners of the entity, the credit allowed under this section does not affect the entity's payment of tax on behalf of its owners.

(e) Return. – A taxpayer may claim the credit allowed by this section on a return filed for the taxable year in which the production activities are completed. The return must state the name of the production, a description of the production, and the certification from the North Carolina Film Office of the qualifying expenses for which the credit is claimed.

(f) Credit Refundable. – If the credit allowed by this section exceeds the amount of tax imposed by this Part for the taxable year reduced by the sum of all credits allowable, the Secretary must refund the excess to the taxpayer. The refundable excess is governed by the provisions governing a refund of an overpayment by the taxpayer of the tax imposed in this Part. In computing the amount of tax against which multiple credits are allowed, nonrefundable credits are subtracted before refundable credits.

(g) Limitation. – No credit is allowed under this section for any production that satisfies one of the following conditions:

(1) It is political advertising.

(2) It is a television production of a news program or sporting event.

(3) It contains material that is obscene, as defined in G.S. 14-190.1.

(h) Substantiation. – A taxpayer allowed a credit under this section must maintain and make available for inspection any information or records required by the Secretary of Revenue or the regional film commissions. The taxpayer has the burden of proving eligibility for a credit and the amount of the credit.

(i) Report. – The Department of Revenue must publish by May 1 of each year the following information, itemized by taxpayer for the 12-month period ending the preceding April 1:

(1) The location of sites used in a production for which a credit was claimed.

(2) The qualifying expenses for which a credit was claimed, classified by whether the expenses were for goods, services, or compensation paid by the production company.

(3) The number of people employed in the State with respect to credits claimed.

SENATE BILL 622:
2005 Appropriations Act

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 14, 2005
Introduced by:	Sen. Garrou	**Summary by:**	Cindy Avrette
Version:	PCS to Fourth Edition S622-PCS35240		Committee Counsel

SUMMARY: ***The Proposed Committee Substitute for Senate Bill 622 makes the following tax law changes:***

- ***It increases the excise tax on cigarettes 25¢ from 5¢ a pack to 30¢ a pack. It also increases the excise tax on all other tobacco products except cigars from 2% of the cost price to 6%, effective July 1, 2005.***
- ***It equalizes the privilege tax on entertainment by taxing movies and live entertainment at the same rate as video rentals, cable TV, and satellite TV[1], effective September 1, 2005.***
- ***It equalizes the gross premiums tax on insurance companies by taxing HMOs at the same 1.9% rate as other insurers, effective for taxable years beginning on or after January 1, 2006.***
- ***It provides a refundable tax credit for qualifying expenses of a production company, effective for taxable years beginning on or after January 1, 2005.***
- ***It provides a tax credit to a small business that provides health insurance to all of its full-time employees, effective for taxable years beginning on or after January 1, 2006.***

It also increases various fees as requested by the House Appropriation Subcommittees. The proposed committee substitute before you today, S622-PCS35240-LYxf-23, differs from the PCS considered last night in that it removes from the bill the authority for the Department of Transportation to establish and collect tolls on existing interstate highways.

BILL ANALYSIS OF TAX AND FEE PROVISIONS:

Part 8: Community Colleges

- G.S. 115D-92 allows the community colleges to establish fees for licensing proprietary schools. Fees collected go into a special fund called the Commercial Education Fund. The fees are used to support the licensure function in the System Office, but are not sufficient to cover the actual costs incurred. The State Board of Community Colleges adopted a proposed fee schedule at its November 18, 2004, meeting. The System Office asked for an increase in the fees through the regular rule making process; however, it was unable to consult with the Joint Legislative Commission on Governmental Operations about the fee increase before the 2005 Legislative Session began. The System Office would like to implement the new fees beginning with the next school year. To accommodate this need, the fee amounts have been specifically set forth in this bill. There is no impact to the General Fund budget.

Part 34: Tobacco Tax Rate Changes

- Increases the tax on cigarettes by 25 cents for a total tax of 30 cents, effective July 1, 2005.

[1] The Senate tax package (contained in SB 622, 4th Edition) and the House proposal in HB 1630 would tax cable TV and satellite TV at the combined State and local sales and use tax rate.

- Increases the tax on all other tobacco products, except cigars, from 2% of cost price to 6% of cost price, effective July 1, 2005.

Part 38: Corporate, Excise, and Insurance Tax Changes

- Equalizes the gross receipts privilege tax on entertainment by taxing all forms of entertainment at a rate that equals the combined State and local sales and use tax rate, effective September 1, 2005. Currently, movies are taxed at 1% and live entertainment is taxed at 3%. Video rentals are taxed at the combined State and local sales tax rate and both the Senate in SB 622 and the House in HB 1630 have proposed taxing cable and satellite TV at the combined State and local sales tax rate.
- Equalizes the gross premiums tax on insurance companies by taxing HMOs at the same rate as other insurers. HMOs are currently taxed at 1%; this bill would tax HMOs at 1.9%, effective for taxable years beginning on or after January 1, 2006. The bill also provides for an estimated payment of the gross premiums tax by HMOs for the 2006 and 2007 calendar years.

Part 39: Tax Incentives

- Effective January 1, 2005, provides a refundable income tax credit equal to 15% of the qualifying expenses totaling at least $250,000 spent by a production company in connection with a production that is NOT political advertising, is NOT a news program or sporting event, and does NOT contain obscene material. The incentive is targeted at feature films, TV episodes, and commercial advertising. The credit sunsets January 1, 2010.
- Effective January 1, 2006, provides a tax credit to a small business that provides health insurance to all of its full-time employees. The amount of the credit would be $400 per each eligible employee for whom the taxpayer provides health insurance benefits. A small business is defined to be a taxpayer that employs no more than 25 employees throughout the taxable year. The credit would be in lieu of any expense deduction the taxpayer claimed on its income tax return for the health insurance costs. The credit sunsets January 1, 2010.

Part 40: Set Rates for Insurance Regulatory Charge and Public Utilities Fees

- Sets insurance regulatory charge at 5.5%, an increase of .5%.
- Retains the current rate for the public utility regulatory fee of 0.12% for each public utility's jurisdictional revenues and $200,000 for the electric membership corporation.

Part 41: Health and Human Services Fees

- Sets the newborn screening fee at $14. The current fee amount is $10. The increased fee amount will allow the program to become receipt-supported.
- Increases the annual license or certification fees for adult care homes; hospitals; nursing homes; home care agencies; ambulatory surgical facilities; cardiac rehabilitation certification programs; hospitals or clinics certified to perform abortions; facilities for the mentally ill, the developmentally disabled, and substance abusers; and nursing beds and adult care home beds in continuing care retirement facilities. The General Assembly established these fees in 2003. This bill would essentially double the fee amounts.

Parts 12 and 42: NER Fees

- **Part 12** expands the express permit and certification review program statewide.
- **Part 42** increases various agricultural fees.
- **Part 42** increases the cap for CAMA permit fees from $400 to $800.

Parts 14, 29, and 43: Justice and Public Safety Fees

- **Part 14** authorizes the Judicial Department to charge the full cost of production for all copies of the appellate division reports that are sold.
- **Part 29** increases the costs in criminal actions by increasing the amount collected and remitted for the supplemental pension benefits of sheriffs from 75¢ to $1.25.
- **Part 43** increases the criminal court of justice fee by $9.50; increases civil court of justice fees by $10; increases the cap on probate fees from $3,000 to $6,000; and increases the court cost for a seat belt violation from $50 to $75.
- **Part 43** imposes a $90 fee on electronic monitoring devices used for house arrests.
- **Part 43** increases the property tax rate for Butner from 20¢ to 25¢.
- **Part 43** codifies the current fee schedule for participation in the Police Information Network and, effective January 1, 2006, increases the monthly fee assessed for mobile terminals from $6 to $12.

Part 44: Department of Transportation

- **Part 44** increases various fees payable to the Department of Transportation.

Part 45: Industrial Commission Fees

- Authorizes the Industrial Commission to adopt a fee for reviewing Form 21 agreements

Changes from SB622

Section 44.1(q) is a technical correction to pick up a Session Law that was missed in the Senate Bill.

Section 44.1(r) changes the fee for a sales, factory, or distributor representative who changes employers and must get a new license from DMV. The fee in current law is $5 (one half of the $10.00 original license); in SB 622 it is $7.50 (one half of the new $15.00 fee for the original license); in the House version it is $10.00. No significant change in revenues is expected.

A BILL TO BE ENTITLED

AN ACT TO ENABLE THE CREATION OF A MACON-JACKSON REGIONAL AIRPORT AUTHORITY; TO LIMIT OPERATIONS OF SOME FIXED AND ROTARY WING AIRCRAFT; AND TO CHANGE THE MEMBERSHIP OF THE JACKSON COUNTY AIRPORT AUTHORITY.

The General Assembly of North Carolina enacts:

SECTION 1. There is hereby created the "Macon-Jackson Regional Airport Authority" (for brevity hereinafter referred to as the "Airport Authority"), which shall be a body both corporate and politic, having the powers and jurisdiction hereinafter enumerated and such other and additional powers as shall be conferred upon it by general law and future acts of the General Assembly.

SECTION 2. The Airport Authority shall consist of not less than five and not more than nine members. The exact provisions relating to the appointment, terms, succession, removal, and vacancies of members, and other similar matters shall be jointly determined and adopted by a resolution of the board of county commissioners of each county.

Each member shall take and subscribe before the Clerk of Court of Macon County or the Clerk of Court of Jackson County, depending on the member's residence, an oath of office and file that oath with the board of county commissioners of both counties. Membership on the Airport Authority and the Macon County Board of Commissioners or the Jackson County Board of Commissioners shall not constitute dual office holding within the meaning of Section 9 of Article VI of the North Carolina Constitution.

SECTION 3. The Airport Authority may adopt suitable bylaws for its management. The members of the Airport Authority may receive compensation, per diem, or otherwise as the Macon County Board of Commissioners and the Jackson County Board of Commissioners from time to time jointly determine. Members shall be allowed and paid their actual expenses incurred in transacting the business and at the instance of the Airport Authority. Members of the Airport Authority shall not be

personally liable for their acts as members of the Airport Authority, except for acts resulting from misfeasance or malfeasance.

SECTION 4(a). The Airport Authority shall constitute a body, both corporate and politic, and shall have the following powers and authority:

(1) To purchase, acquire, establish, construct, own, control, lease, equip, improve, maintain, operate, and regulate airports and landing fields for the use of airplanes and other aircraft within the limits of the counties and for this purpose to purchase, improve, own, hold, lease, or operate real or personal property. The Airport Authority may exercise these powers alone or in conjunction with the counties of Macon and Jackson.

(2) To sue and be sued in the name of the Airport Authority, to make contracts and hold any personal property necessary for the exercise of the powers of the Airport Authority, and acquire by purchase, lease, or otherwise any existing lease, leasehold right, or other interest in any existing airport located in the county.

(3) To charge and collect reasonable and adequate fees and rents for the use of airport property or for services rendered in the operation of the airport.

(4) To make all reasonable rules and regulations it deems necessary for the proper maintenance, use, operation, and control of the airport, including public safety, and provide penalties for the violation of these rules and regulations; provided, the rules and regulations and schedules of fees not be in conflict with the laws of North Carolina and the regulations of the Federal Aviation Administration. The Airport Authority may administer and enforce any airport zoning regulations adopted by the counties of Macon or Jackson depending on the location of the airport.

(5) To issue bonds pursuant to Article 5 of Chapter 159 of the General Statutes.

(6) To sell, lease, or otherwise dispose of any property, real or personal, belonging to the Airport Authority, according to the procedures described in Article 12 of Chapter 160A of the General Statutes, but no sale of real property shall be made without the approval of the board of commissioners of the county in which the real property is located.

(7) To purchase any insurance that the Federal Aviation Administration or the Airport Authority shall deem necessary. The Airport Authority shall be responsible for any and all insurance claims or liabilities.

(8) To deposit or invest and reinvest any of its funds as provided by the Local Government Finance Act, as it may be amended from time to time, for the deposit or investment of unit funds.

(9) To purchase any of its outstanding bonds or notes.

(10) To operate, own, lease, control, regulate, or grant to others, for a period not to exceed 20 years, the right to operate on any airport

premises restaurants, snack bars, vending machines, food and beverage dispensing outlets, rental car services, catering services, novelty shops, insurance sales, advertising media, merchandising outlets, motels, hotels, barbershops, automobile parking and storage facilities, automobile service establishments, and all other types of facilities as may be directly or indirectly related to the maintenance and furnishing to the general public of a complete air terminal installation.

(11) To contract with persons, firms, or corporations for terms not to exceed 20 years, for the operation of airline-scheduled passenger and freight flights, nonscheduled flights, and any other airplane activities not inconsistent with the grant agreements under which the airport property is held.

(12) To erect and construct buildings, hangars, shops, and other improvements and facilities, not inconsistent with or in violation of the agreements applicable to and the grants under which the real property of the airport is held; to lease these improvements and facilities for a term or terms not to exceed 20 years; to borrow money for use in making and paying for these improvements and facilities, secured by and on the credit only of the lease agreements in respect to these improvements and facilities, and to pledge and assign the leases and lease agreements as security for the authorized loans.

(13) Subject to the limitations set out in this act, to have all the same power and authority granted to cities and counties pursuant to Chapter 63 of the General Statutes, Aeronautics.

(14) To have a corporate seal, which may be altered at will.

SECTION 4(b). The Airport Authority shall possess the same exemptions in respect to payment of taxes and license fees and be eligible for sales and use tax refunds to the same extent as provided for municipal corporations by the laws of the State of North Carolina.

SECTION 5. The Airport Authority may acquire from the counties by agreement with the counties, and the counties may grant and convey, either by gift or for such consideration as the county may deem wise, any real or personal property which it now owns or may hereafter acquire, including nontax monies, and which may be necessary for the construction, operation, and maintenance of any airport located in the counties.

If property acquired by gift, devise, purchase, or condemnation has a burial ground or graveyard, then it shall be lawful for the Airport

Authority, after 30 days' notice to the surviving spouse or next of kin of the deceased buried there or the person in control of the graves, if they are known, to remove the interred body and reinter the body in another cemetery in Macon County or Jackson County. If no surviving spouse or next of kin or person in control can be found, then the Airport Authority may advertise for four consecutive weeks in a newspaper published in Macon County and Jackson County of the intended removal of the graves. The removal shall then be conducted under the supervision of the Clerk of the Superior Court of Macon County or the Clerk of the Superior Court of Jackson County or his or her representative. The expense of the removal shall be borne by the Airport Authority.

SECTION 8. The Airport Authority shall make an annual report to the Macon County Board of Commissioners and the Jackson County Board of Commissioners setting forth in detail the operations and transactions conducted by it pursuant to this act. The Airport Authority shall not have the power to pledge the credit of Macon County or Jackson County, or any subdivision thereof, or to impose any obligation on Macon County or Jackson County, or any of its subdivisions, except when that power is expressly granted by statute.

SECTION 9. Subject to the limitations as set out in this act, all rights and powers given and granted to counties or municipalities by general law, which may now be in effect, or enacted in the future, relating to the development, regulation, and control of municipal airports and the regulation of aircraft are now concurrently vested in the Airport Authority. The Macon County Board of Commissioners and the Jackson County Board of Commissioners may delegate its powers under these acts to the Airport Authority, and the Airport Authority shall have concurrent rights with Macon County and Jackson County to control, regulate, and provide for the development of aviation in Macon County or Jackson County.

SECTION 10. The Airport Authority may contract with and accept grants from the Federal Aviation Administration, the State of North Carolina, or any of the agencies or representatives of either of said governmental bodies relating to the purchase of land and air easements and to the grading, constructing, equipping, improving, maintaining, or operating of an airport or its facilities or both.

SECTION 11. The Airport Authority may employ or contract with any agents, engineers, attorneys, and other persons whose services may be deemed by the Airport Authority to be necessary and useful in carrying out the provisions of Sections 1 through 10 of this act.

SECTION 12. The Macon County Board of Commissioners and the Jackson County Board of Commissioners may provide county services to the Airport Authority upon any basis as may be determined by the Macon County Board of Commissioners or the Jackson County Board of Commissioners.

SECTION 13. The Airport Authority may expend the funds that are appropriated by the county for joint airport purposes and may pledge the credit of the Airport Authority to the extent of the appropriated funds.

SECTION 14. The Airport Authority shall elect from among its members a chair and other officers at its initial meeting and then biennially thereafter. Officers shall be eligible to succeed themselves in office and to serve consecutive terms at the will of the members of the Airport Authority. A majority of the Airport Authority shall control its decisions. Each member of the Airport Authority, including the chair, shall have one vote. The Airport Authority shall meet at the places and times designated by the chair.

SECTION 15. If an airport established pursuant to this act ceases to be operated by the Airport Authority, or if any property acquired pursuant to this act for airport purposes is abandoned, then the title to that real or personal property, or rights under any existing lease, shall revert to and vest in the county in which the property is located; and on the sale of that property, the proceeds shall vest in the county in which the property is located.

SECTION 16. The powers granted to the Airport Authority shall not be effective until the members of the Airport Authority have been appointed by the Macon County Board of Commissioners and the Jackson County Board of Commissioners, acting jointly, and nothing in this act shall require either board of commissioners to make the initial appointments. It is the intent of this act to enable but not to require the formation of the Macon-Jackson Regional Airport Authority.

SECTION 17. Upon the creation of the Macon-Jackson Regional Airport Authority, either county may elect to dissolve its current county Airport Authority. The dissolution may be effectuated by a resolution of the board of county commissioners following a public hearing held on the matter, or by a resolution of the board of county commissioners ratifying a favorable binding referendum on the question of the dissolution. The referendum on the dissolution may be held at the same time as any other state or county primary, election, special election, or referendum.

SECTION 18. No fixed wing or rotary wing commercial flights may originate or terminate in Macon County or Jackson County unless they originate or terminate from an airport approved by the Federal Aviation Authority and operated pursuant to Chapter 63 of the General Statutes. Members may succeed themselves in office and serve more than one term. Two initial appointments to the Airport Authority shall be for two years, two initial appointments to the Airport Authority shall be for four years, and the remaining two initial appointments to the Airport Authority shall be for six years. Each member shall take and subscribe before the Clerk of Superior Court of Jackson County an oath of office and file the same with the Jackson County Board of Commissioners. Membership on the Jackson County Board of Commissioners and the Airport Authority shall not constitute double office holding within the meaning of Article VI, Section 9 of the Constitution of North Carolina."

(b) The new member of the Jackson County Airport Authority created by enactment subsection (a) of this section shall be appointed in the same manner used for filling vacancies in the membership of the existing Airport Authority.

SECTION 20. If any one or more sections, clauses, sentences, or parts of this act shall be adjudged invalid, such judgment shall not affect, impair, or invalidate the remaining provisions thereof, but shall be confined in its operation to the specific provisions held invalid, and the inapplicability or invalidity of any section, clause, sentence, or part of this act in one or more instances or circumstances shall not be taken to affect or prejudice in any way its applicability or validity in any other instance.

SECTION 21. Sections 1 through 17 of this act shall expire on January 1, 2007, if the Macon County Board of County Commissioners and the Jackson County Board of County Commissioners have not appointed members of the Macon-Jackson Regional Airport Authority prior to that date.

The bill also bans most fixed wing or rotary wing commercial flights from Macon County or Jackson County unless they originate or terminate from an FAA approved airport.

House Bill 1051 also increases the membership of the Jackson County Airport Authority from six to seven members.

The original version of House Bill 1051 would have consolidated the existing Macon County Airport Authority and the existing Jackson County Airport Authority to create a new Macon-Jackson Regional Airport Authority.

BILL ANALYSIS: In 1997, the General Assembly enacted legislation enabling the Jackson County Board of Commissioners to establish the Jackson County Airport Authority. In 1989, the General Assembly enacted legislation enabling the Macon County Board of Commissioners to establish the Macon County Airport Authority and allowing the Rutherford Airport Authority to lease land to the State for a period not to exceed 30 years. In 1999, the General Assembly repealed the 1989 legislation, except for the language affecting the Rutherford Airport Authority and enacted legislation authorizing the establishment of the Macon County Airport Authority. The 1999 legislation changed the number of members of the Authority, and added to the powers of the Authority.

House Bill 1051 would authorize the Boards of County Commissioners of Macon and Jackson Counties to form the Macon-Jackson Regional Airport Authority possessing the same powers that the separate county airport authorities currently have. Upon creation of the proposed Authority, each County's Board of Commissioners may elect to dissolve its existing county airport authority. The Bill would also prohibit fixed wing or rotary wing commercial flights from originating or terminating in Macon or Jackson County unless the flights originate or terminate from an airport approved by the Federal Aviation Authority and operated under Chapter 63 (Aeronautics) of the General Statutes. Fixed wing or rotary wing aircraft operated by or at the direction of governmental agencies or providing medical air services would be exempt from this prohibition.

House Bill 1051 provides that the authorization to create the Macon-Jackson Regional Airport Authority will expire January 1, 2007, if the Macon and Jackson County Boards of Commissioners have not appointed members of the new Authority by that date.

House Bill 1051 increases the membership of the Jackson county Airport Authority from six to seven members.

BACKGROUND: On March and April of 2005, the Jackson County Board of Commissioners and Macon County Board of Commissioners adopted resolutions requesting the General Assembly to enact legislation enabling the creation of the Macon-Jackson Regional Airport Authority. According to the resolutions, the Jackson County Airport has a runway length of only 3003 feet and the topography limits further expansion of the Jackson County Airport or extension of the runway. The Macon County Airport has a runway length of 4400 feet, and there are plans to extend the runway to accommodate larger business-class jet aircraft. The Macon County Airport is only 30 miles from the Jackson County Airport and is an alternate local airport for Jackson County. The availability of the longer runway enhances the business climate in both counties and the entire southwestern mountain region, and a shared commitment of local resources will promote efficiency by eliminating the duplication of airport services and enhancing the overall level of airport services available to the southwestern mountain region.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE THAT A YOUTHFUL OFFENDER'S CRIMINAL RECORD MAY BE EXPUNGED OF NONVIOLENT FELONIES.

The General Assembly of North Carolina enacts:

SECTION 1. Article 5 of Chapter 15A of the General Statutes is amended by adding a new section to read:

"**§ 15A-149. Expunction of records for first offenders who are under 18 years of age at the time of the commission of a nonviolent felony.**

(a) For purposes of this section, the term "nonviolent felony" means any felony except the following:

(1) A Class A through F felony.

(2) A felony that includes assault as an essential element of the offense; and

(3) A felony that is an offense for which the convicted offender must register under Article 27A of Chapter 14 of the General Statutes.

(b) Notwithstanding any other provision of law, if a person is convicted of more than one nonviolent felony in the same session of court, then the multiple nonviolent felony convictions shall be treated as one nonviolent felony conviction under this section, and the expunction order issued under this section shall provide that the multiple convictions shall be expunged from the person's record in accordance with this section.

(c) Whenever any person who had not yet attained the age of 18 years at the time of the offense and has not previously been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States, the laws of this State, or any other state pleads guilty to or is guilty of a nonviolent felony, the person may file a petition in the court where the person was convicted for expunction of the nonviolent felony from the person's criminal record. The petition cannot be filed earlier than two

years after the date of the conviction or when any active sentence, period of probation, and post-release supervision has been served, whichever occurs later. The person shall also perform at least 100 hours of community service, preferably related to the conviction, before filing a petition for expunction under this section. The petition shall contain, but not be limited to, the following:

(1) An affidavit by the petitioner that he or she has been of good behavior for the two-year period since the date of conviction of the nonviolent felony in question and has not been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States or the laws of this State or any other state.

(2) Verified affidavits of two persons who are not related to the petitioner or to each other by blood or marriage that they know the character and reputation of the petitioner in the community in which he or she lives and that the petitioner's character and reputation are good.

(3) A statement that the petition is a motion in the cause in the case wherein the petitioner was convicted.

(4) An application on a form approved by the Administrative Office of the Courts requesting and authorizing a State and national criminal record check by the Department of Justice using any information required by the Administrative Office of the Courts to identify the individual and a search of the confidential records of expunctions maintained by the Administrative Office of the Courts. The application shall be forwarded to the Department of Justice and to the Administrative Office of the Courts to conduct the searches and report the findings to the court.

(5) An affidavit by the petitioner that no restitution orders or civil judgments representing amounts ordered for restitution entered against him or her are outstanding.

(6) An affidavit by the petitioner that the petitioner has performed at least 100 hours of community service since the conviction for the nonviolent felony. The affidavit shall include a list of the community services performed, a list of the recipients of the services, and a detailed description of those services.

The petition shall be served upon the district attorney of the court wherein the case was tried resulting in conviction. The district attorney shall have 10 days thereafter in which to file any objection thereto and shall be duly notified as to the date of the hearing of the petition.

The judge to whom the petition is presented is authorized to call upon a probation officer for any additional investigation or verification of the petitioner's conduct during the two-year period that the judge deems desirable.

(d) The court shall order that the person be restored, in the contemplation of the law, to the status the person occupied before such arrest or indictment or information if the court finds all of the following after a hearing:

(1) The petitioner has remained of good behavior and has been free of conviction of any felony or misdemeanor, other than a traffic violation, for two years from the date of conviction of the nonviolent felony in question or any active sentence, period of probation or post-release supervision has been served, whichever is later.

(2) The petitioner has not previously been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States, the laws of this State, or any other state.

(3) The petitioner has no outstanding restitution orders or civil judgments representing amounts ordered for restitution entered against him or her.

(4) The petitioner was less than 18 years old at the time of the commission of the offense in question.

(5) The petitioner has performed at least 100 hours of community service since the time of the conviction.

(6) The search of the confidential records of expunctions conducted by the Administrative Office of the Courts shows that the petitioner has not been previously granted an expunction.

No person as to whom such order has been entered shall be held thereafter under any provision of any laws to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, or indictment, information, or trial, or response to any inquiry made of the person for any purpose.

(e) The court shall also order that the nonviolent felony conviction be expunged from the records of the court and direct all law enforcement agencies bearing record of the same to expunge their records of the conviction. The clerk shall forward a certified copy of the order to the sheriff, chief of police, or other arresting agency. The sheriff, chief, or head of any other arresting agency shall then transmit the copy of the order with a form supplied by the State Bureau of Investigation to the State Bureau of Investigation, and the State Bureau of Investigation shall forward the order to the Federal Bureau of Investigation.

(f) Any other applicable State or local government agency shall expunge from its records entries made as a result of the conviction ordered expunged under this section. The agency shall also reverse any administrative actions taken against a person whose record is expunged under this section as a result of the charges or convictions expunged. This subsection shall not apply to the Department of Justice for DNA records and samples stored in the State DNA Database and the State DNA Databank.

(g) The clerk of superior court in each county in North Carolina shall, as soon as practicable after each term of court in the clerk's county, file with the Administrative Office of the Courts the names of those persons granted a discharge under the provisions of this section, and the Administrative Office of the Courts shall maintain a confidential file containing the names of persons granted conditional discharges. The information contained in the file shall be disclosed only to judges of the General Court of Justice of North Carolina for the purpose of ascertaining whether any person charged with an offense has been previously granted a discharge.

(h) Any person eligible for expunction of a criminal record under this section shall be notified about the provisions of this section by the probation officer assigned to that person. If no probation officer is assigned, notification of the provisions of this section shall be provided by the court at the time of the conviction of the felony which is to be expunged under this section.

(i) A person who files a petition for expunction of a criminal record under this section must pay the clerk of superior court a fee of one hundred dollars ($100.00) at the time the petition is filed. Fees collected under this subsection shall be deposited in the General Fund. This subsection does not apply to petitions filed by an indigent."

SECTION 2. This act becomes effective December 1, 2005 and expires December 1, 2012.

HOUSE BILL 1084:
Expunge Nonviolent Felonies/Young Offenders

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 14, 2005
Introduced by:	Reps. Bordsen, Crawford	**Summary by:**	Drupti Chauhan
Version:	PCS to Second Edition H1084-CSRQ-35 [v.4]		

SUMMARY: The PCS for House Bill 1084 would provide for the expunction of criminal records for offenders who are under the age of 18 at the time of commission of a nonviolent felony. A waiting period of 2 years after the conviction or any period of probation, or time served for an active sentence, period of probation or post-supervised release (whichever is later); 100 hours of community service, no prior or subsequent felony or non-traffic misdemeanor offenses; and affidavits attesting to the petitioner's character are all required.

CURRENT LAW: Article 5 of the Criminal Procedure Act provides for the expunction of criminal records of certain criminal charges or convictions. Expunction is the process by which a record of criminal conviction is removed by order of the court, and the individual is restored to the status he or she occupied before the arrest or indictment. General Statute 15A-145 (Expunction of records for first offenders under the age of 18 at the time of conviction of misdemeanor; expunction of certain other misdemeanors) allows a person convicted of a misdemeanor to file a petition for expunction of the misdemeanor from his or her criminal record if the person was under 18 at the time of a conviction or, in the case of a misdemeanor alcohol possession charge, the person was under 21 at the time of conviction. The petition may not be filed sooner than 2 years after the conviction or completion of probation and must include the following [1]:

1) an affidavit of good behavior for the two years following conviction, stating that the petitioner has not been convicted of any felony or non-traffic misdemeanor charge;

2) two affidavits of good character from persons unrelated to the petitioner;

3) a statement that the petition is a motion in the cause in the case wherein the petitioner was convicted; and

4) affidavits of the clerk of superior court, chief of police, and sheriff of the county of the offense and where the petitioner resides showing that petitioner has not been convicted of a felony or non-traffic misdemeanor offense prior to or in the two years since the conviction in question.

If the court finds in favor of the petitioner the clerk of superior court and the appropriate law enforcement agencies must expunge the record of the conviction.

Other sections of Article 5 provide for "Expunction of records when charges are dismissed or there are finding of not guilty as a result of identity fraud"[2] and "Expunction of DNA records when charges are dismissed on appeal or pardon of innocence is granted."[3].

BILL ANALYSIS: The PCS to the bill would add a new section to Article 5 "Expunction of Records" of Chapter 15A "Criminal Procedure Act" of the General Statutes. The proposed G.S. 15A-149 would

[1] G.S. 15A-145(a)(1) through (4).
[2] G.S. 15A-147.
[3] G.S. 15A-148.

provide expunction of the criminal records of first time offenders who are under 18 years of age at the time of the commission of the nonviolent felony if there are no previous or subsequent felony or misdemeanor convictions, other than a traffic violation. The petitioner cannot have received a prior expunction. "Nonviolent felony" would include any felony ***except*** the following:

- A Class A through F felony;
- A felony that includes assault as an essential element of the offense; and
- A felony that is an offense for which the convicted offender must register under Article 27A of Chapter 14 of the General Statutes (sex offenders).

If the person is convicted of more than one nonviolent felony in the same session of court, the bill provides that the multiple nonviolent felony convictions are to be treated as one nonviolent felony conviction under the section and the expunction order is to provide that the multiple convictions are to be expunged.

The procedure to be followed by the petitioner is modeled along the lines of the existing procedures for expunction of records. The petition cannot be filed earlier than two years after the date of conviction or after the time when any active sentence, period of probation, or post-release supervision has been served, whichever occurs later. The petitioner is also required to perform at least 100 hours of community service before filing the petition for expunction.

The petition must contain at least the following:

1) An affidavit of good behavior by the petitioner for the 2 years following conviction, stating that the petitioner has not been convicted of any felony or non-traffic misdemeanor charge under the laws of the United States, this State or any other state during that time;

2) Two affidavits of good character from persons unrelated to petitioner;

3) A statement that the petition is a motion in the cause in the case wherein the petitioner was convicted;

4) An application authorizing a State and national criminal record check by the Department of Justice with the results reported to the court;

5) An affidavit by the petitioner that no restitution orders or civil judgments representing amounts ordered for restitution entered against the petitioner are outstanding; and

6) An affidavit by the petitioner that he or she has performed at least 100 hours of community service since the conviction with a list of the community services performed, a list of the recipients of the services, and a detailed description of the services.

The petition is to be served on the district attorney who has 10 days to file any objections. The judge is authorized to call upon a probation officer for any additional investigation or verification of the petitioner's conduct. If the judge finds that the petitioner has met all of the requirements, the judge shall order that the petitioner be restored to the statute he or she had before the arrest or indictment. The judge shall also order that the nonviolent felony conviction be expunged from the records of the court and direct all law enforcement agencies to expunge their records, including the State Bureau of Investigation and the Federal Bureau of Investigation.

Any other applicable State or local government agency is directed to expunge from its records any entries made as a result of the conviction order expunged under this section. The agency is required to

also reverse any administrative actions taken against a person whose record is expunged under this section.

The clerk of superior court in each North Carolina county shall file with the Administrative Offices of the Court the names of those persons granted a discharge under the provisions of this section and the Administrative Offices of the Courts must maintain a confidential file containing the names of persons granted conditional discharges. This information can only be disclosed to judges of the General Court of Justice of North Carolina for the purpose of determining if any person charged with an offense has been previously given a discharge.

If a probation officer is assigned to the person eligible for expunction, the probation officer must notify the person of the provisions of this section. If no probation officer is assigned, then the court which heard the felony must provide notification of the possibility of expunction under this section.

The bill would set the filing fee for the expunction petition at $100.00 unless the petitioner was indigent. Fees collected would be deposited into the General Fund.

EFFECTIVE DATE: The bill would become effective December 1, 2005 and would expire December 1, 2012.

BILL SUMMARY: This bill would enact new G.S. 15A-149 to allow expunction of records for nonviolent felonies committed by first-time offenders who were under the age of 18 at the time of the conviction. In the second edition of this bill, a nonviolent felony was defined as any felony except a Class A through Class E felony, a felony with assault as an essential element of the offense, and a felony for which the convicted offender must register as a sex offender. This PCS also excludes Class F felonies from the definition of nonviolent felonies.

To be eligible for expunction under the bill, the offender must not have been previously convicted of any felony or misdemeanor other than a traffic violation, and must have remained of good behavior and been free of conviction of any felony or misdemeanor other than a traffic violation for two years from the date of conviction of the nonviolent felony to be expunged. This PCS additionally requires that the offender must not have previously been granted an expunction. A petition cannot be filed earlier than two years after the date of conviction or when any active sentence, period of probation, and post-release supervision has been served, whichever occurs later. The offender must also perform 100 hours of community service before filing a petition. The provisions in this bill expire in seven years (December 1, 2012).

Source: Adapted from Administrative Office of the Courts, Research and Planning (04/27/05).

ASSUMPTIONS AND METHODOLOGY:

To estimate the number of individuals eligible to file a petition for expunction under this bill, the Administrative Office of the Courts (AOC) identified the number of defendants convicted of a single nonviolent felony while under the age of eighteen by counting the number of convictions recorded per defendant's name in each county. Using this method, AOC identified 12,056 defendants eligible for expunction due to this bill.[1]

As it would be unreasonable to assume that all 12,056 eligible individuals would petition for expunction, AOC estimated the percentage of this total that would file a petition by utilizing the petition rate for existing expunction provisions under G.S. 15A-145(a), which allows for expunction of non-traffic misdemeanors committed by offenders under age eighteen. In calendar year 2004, there were 244 petitions filed out of an estimated 6,900 eligible convictions, revealing that approximately 4 percent of eligible individuals actually sought to have their convictions expunged.

For the 12,056 existing convictions that would be eligible for expunction, AOC estimates that a greater proportion of individuals would seek expunction initially and at declining rates thereafter. However, each year AOC anticipates that an additional 725 convictions would become eligible for expunction. Of these, AOC estimates that 8 percent would seek expunction, resulting in an additional 58 petitions annually. Table 1 below outlines the total number of petitions that would be filed each year based on the estimated numbers of eligible convictions and the rate at which eligible individuals would seek expunction.

Table 1: Estimated Number of Expunction Petitions Filed

	FY 05-06	FY 06-07	FY 07-08	FY 08-09	FY 09-10
Existing Backlog of Convictions	12,056	12,056	12,056	12,056	12,056
Percentage Seeking Expunction	6%	4%	2%	2%	2%
Petitions	**723**	**482**	**241**	**241**	**241**

Petitions	**58**	**58**	**58**	**58**	**58**
Total Estimated Petitions	**781**	**540**	**299**	**299**	**299**

[1] To the extent that two individuals with identical names would appear to be one individual with multiple convictions, this approximation would underestimate the number of defendants eligible for expunction under this bill. However, to the extent that some individuals could have a single conviction in multiple counties, this approximation would be an overestimate.

Revenues

Under this bill there would be a $100 fee when filing a petition for expunction. AOC estimates that approximately one quarter of petitioners would be indigent and would thus not pay the fee when seeking expunction. Table 2 below outlines projected revenues if 75 percent of petitioners were to pay the $100 fee.

Expenditures

Judicial Branch

Petitions filed as a result of this bill would lead to additional workload and costs for superior court and the Administrative Office of the Courts.

Superior Court: Clerks would devote time to receiving, filing, and processing petitions, as well as destroying and otherwise expunging court files and records. Additionally, the petitioner would pay a $100 fee when filing a petition, and clerks would incur time receiving and processing these payments or an affidavit of indigency if the petitioner is unable to pay. The petition must also be served on the district attorney, who would then have ten days to review and file an objection. Furthermore, the bill specifies that a hearing must be held and lists the findings that would justify expunction. Under current practice, most hearings are conducted in chambers or otherwise informally, and with rare exceptions, are uncontested. Nevertheless, expunction petitions due to this bill would require additional judge time to review affidavits and other documents, hear from the petitioner, make an evaluation, and issue an order. For cases that are contested or require closer scrutiny, significant judge time would be required.

Administrative Office of the Courts: To seek expunction under existing law, a person fills out an AOC form, which is sent to the SBI for a national record check and to the AOC to determine whether the person has previously had a record expunged. In 2004, AOC processed 6,297 of these requests. As under current law, this bill would require AOC to maintain a confidential file of expungements, but unlike some provisions of current law, this bill does not specify that a person may only seek an expungement once in their lifetime. Handling current expunction petitions requires approximately one-half of a position in order to look up the information, handle related communications with the clerk and SBI, answer citizen questions, and maintain the files. Also, AOC would incur costs for programming, development, production of forms, postage, copying, printing, mailing, and similar operating costs.

Table 3 on the next page outlines the additional costs that would be needed to process the estimated number of expunction petitions resulting from this bill each year. These figures represent additional resource costs for the Courts but, as they are formulated on fractional position estimates, do not represent the need for additional positions. The position and cost estimates are not changed with the slight reduction in petitions by excluding Class F felonies under the PCS.

Department of Justice

The State Bureau of Investigation (SBI) in the Department of Justice is involved in the expunction process in two ways:

1. The SBI reviews applications for expunction to determine whether the applicant is eligible, and transmits that information to the Court system.
2. Upon a judicial order for expunction, the SBI removes information from its databases and forwards the expunction order to the Federal Bureau of Investigation.

The workload of four different positions in the SBI is affected by this bill – two processing assistants, a fingerprint technician supervisor, and an attorney. It requires a total of approximately 67 minutes of staff time to process an application and 172 minutes of staff time to process an expunction order. The SBI estimates that 87 percent of applications result in expunction orders. Using data and methodology from the Administrative Office of the Courts, we estimate the following:

Table 4: Estimated SBI Position and Operating Expenditures

	2005-06	2006-07	2007-08
Number of applications	781	540	299
Number of orders (87%)	679	470	260
Cost per Application	$27.79	$27.79	$27.79
Cost per Order	$61.24	$61.24	$61.24
Postage per Order	$1.27	$1.27	$1.27
TOTAL	**$64,303**	**$44,460**	**$24,618**
Positions required	**1.30**	**0.90**	**0.50**

The staff time required to process 781 applications is equivalent to one full-time position. Therefore, the box on the front page reflects one additional position required for the SBI in FY 2005-06. Position requirements will decrease in later years as workload declines.

SOURCES OF DATA: Administrative Office of the Courts, Department of Justice

TECHNICAL CONSIDERATIONS:

1. Effective date: This bill would be effective December 1, 2005. AOC notes that considerable preparation would be necessary to implement this bill, including hiring and training personnel, modifying computer programs, and coordination between AOC and the SBI to prepare for the

anticipated increase in petitions. AOC expects that an effective date no earlier than January 1, 2006 would be necessary to implement the bill.

2. Notice to Department of Correction and Division of Motor Vehicles: The bill does not include the Department of Correction or Division of Motor Vehicles among the agencies to whom the Clerk must send a certified copy of an expungement order. The mechanism by which DOC and DMV would receive notice of an expungement order is not specified.

3. Fee for Expungement. This bill sets a fee of $100 for expungements resulting from this legislation. Currently, the fee for expungement is $65. Senate Bill 622 (2005 Appropriations Act), which has passed the Senate and been referred to the House, would increase fees for expungements to $125.

SENATE BILL 386

State and Local Government Committee Substitute Adopted 6/1/05
Third Edition Engrossed 6/2/05

Short Title: Cabarrus Build/Develop/Annex Changes. (Local)

A BILL TO BE ENTITLED

AN ACT ALLOWING THE DESIGN-BUILD METHOD OF CONSTRUCTION FOR A JAIL, ANCILLARY JAIL, AND TEMPORARY FACILITY IN CABARRUS COUNTY, AUTHORIZING CABARRUS COUNTY AND THE MUNICIPALITIES LOCATED IN WHOLE OR IN PART IN CABARRUS COUNTY TO ENTER INTO DEVELOPMENT AGREEMENTS WITH DEVELOPERS, AND TO EXTEND A MORATORIUM ON ANNEXATIONS INTO THE COUNTY OF CABARRUS BY MUNICIPALITIES LOCATED PRIMARILY OUTSIDE THE COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. Notwithstanding G.S. 143-128, 143-129, and 143-132, Cabarrus County may use the design-build method of construction for the construction of a jail, ancillary jail, and temporary facility at the intersection of Union Street and Corban Avenue in the City of Concord. No contract under this act shall be entered into after June 30, 2008.

SECTION 2. Article 19 of Chapter 160A of the General Statutes is amended by adding a new Part to read:

"Part 3D. Development Agreements.

"**§ 160A-400.20. Authorization for development agreements.**

(a) The General Assembly finds:

(1) Large-scale development projects often occur in multiple phases extending over a period of years, requiring a long-term commitment of both public and private resources.

(2) Such large-scale developments often create potential community impacts and potential opportunities that are difficult or impossible to accommodate within traditional zoning processes.

(3) Because of their scale and duration, such large-scale projects often require careful integration between public capital facilities planning,

financing, and construction schedules and the phasing of the private development.

(4) Because of their scale and duration, such large-scale projects involve substantial commitments of private capital by developers, which developers are usually unwilling to risk without sufficient assurances that development standards will remain stable through the extended period of the development.

(5) Because of their size and duration, such developments often permit communities and developers to experiment with different or nontraditional types of development concepts and standards, while still managing impacts on the surrounding areas.

(6) To better structure and manage development approvals for such large-scale developments and ensure their proper integration into local capital facilities programs, local governments need the flexibility in negotiating such developments.

(b) Local governments and agencies may enter into development agreements with developers, subject to the procedures and requirements of this Part. In entering into such agreements, a city may not exercise any authority or make any commitment not authorized by general or local act.

(c) This Part is supplemental to the powers conferred upon local governments and does not preclude or supersede rights and obligations established pursuant to other law regarding building permits, site-specific development plans, phased development plans, or other provisions of law.

"**§ 160A-400.21. Definitions.**

The following definitions apply in this Part:

(1) Comprehensive plan. – The comprehensive plan, land-use plan, small area plans, neighborhood plans, transportation plan, capital improvement plan, official map, and any other plans regarding land use and development that have been officially adopted by the governing board.

(2) Developer. – A person, including a governmental agency or redevelopment authority, who intends to undertake any development and who has a legal or equitable interest in the property to be developed.

(3) Development. – The planning for or carrying out of a building activity, the making of a material change in the use or appearance of any structure or property, or the dividing of land into two or more parcels. 'Development', as designated in a law or development permit, includes the planning for and all other activity customarily associated with it unless otherwise specified. When appropriate to the context, 'development' refers to the planning for or the act of developing or to the result of development. Reference to a specific operation is not intended to mean that the operation or activity, when part of other

operations or activities, is not development. Reference to particular operations is not intended to limit the generality of this item.

(4) Development permit. – A building permit, zoning permit, subdivision approval, special or conditional use permit, variance, or any other official action of local government having the effect of permitting the development of property.

(5) Governing body. – The city council of a municipality or the board of county commissioners of a county.

(6) Land development regulations. – Ordinances and regulations enacted by the appropriate governing body for the regulation of any aspect of development and includes zoning, subdivision, or any other land development ordinances.

(7) Laws. – All ordinances, resolutions, regulations, comprehensive plans, land development regulations, policies, and rules adopted by a local government affecting the development of property, and includes laws governing permitted uses of the property, density, design, and improvements.

(8) Property. – All real property subject to land-use regulation by a local government and includes any improvements or structures customarily regarded as a part of real property.

(9) Local government. – Any municipality or county that exercises regulatory authority over and grants development permits for land development or which provides public facilities.

(10) Local planning board. – Any planning board established pursuant to G.S. 160A-361 or G.S. 153A-321.

(11) Person. – An individual, corporation, business or land trust, estate, trust, partnership, association, two or more persons having a joint or common interest, State agency, or any legal entity.

(12) Public facilities. – Major capital improvements, including, but not limited to, transportation, sanitary sewer, solid waste, drainage, potable water, educational, parks and recreational, and health systems and facilities.

"**§ 160A-400.22. Local governments authorized to enter into development agreements; approval of county or municipal governing body required.**

A local government may establish procedures and requirements, as provided in this Part, to consider and enter into development agreements with developers. A development agreement must be approved by the governing body of a county or municipality by ordinance.

"**§ 160A-400.23. Developed property must contain certain number of acres; permissible durations of agreements.**

A local government may enter into a development agreement with a developer for the development of property as provided in this Part, provided the property contains 25 acres or more of developable property (exclusive of wetlands, mandatory buffers, steep slopes, and other portions of the property precluded from development at the time of

application). Development agreements shall be of a term specified in the agreement, provided they may not be for a term exceeding 20 years.

"**§ 160A-400.24. Public hearing.**

Before entering into a development agreement, a local government shall conduct a public hearing on the proposed agreement following the procedures set forth in G.S. 160A-364 or G.S. 153A-323 regarding zoning ordinance adoption or property subject to the development agreement, the development uses proposed on the property, and must specify a place where a copy of the proposed development agreement can be obtained. In the event that the development agreement provides that the local government shall provide certain public facilities, the development agreement shall provide that the delivery date of such public facilities will be tied to successful performance by the developer in implementing the proposed development (such as meeting defined completion percentages or other performance standards).

"**§ 160A-400.25. What development agreement must provide; what it may provide; major modification requires public notice and hearing.**

(a) A development agreement shall at a minimum include all of the following:

(1) A legal description of the property subject to the agreement and the names of its legal and equitable property owners.

(2) The duration of the agreement. However, the parties are not precluded from entering into subsequent development agreements that may extend the original duration period.

(3) The development uses permitted on the property, including population densities and building types, intensities, placement on the site, and design.

(4) A description of public facilities that will service the development, including who provides the facilities, the date any new public facilities, if needed, will be constructed, and a schedule to assure public facilities are available concurrent with the impacts of the development.

(5) A description, where appropriate, of any reservation or dedication of land for public purposes and any provisions to protect environmentally sensitive property.

(6) A description of all local development permits approved or needed to be approved for the development of the property together with a statement indicating that the failure of the agreement to address a particular permit, condition, term, or restriction does not relieve the developer of the necessity of complying with the law governing their permitting requirements, conditions, terms, or restriction.

(7) A description of any conditions, terms, restrictions, or other requirements determined to be necessary by the local government for the public health, safety, or welfare of its citizens.

(8) A description, where appropriate, of any provisions for the preservation and restoration of historic structures.

(b) A development agreement may provide that the entire development or any phase of it be commenced or completed within a specified period of time. The development agreement must provide a development schedule including commencement dates and interim completion dates at no greater than five-year intervals; provided, however, the failure to meet a commencement or completion date shall not, in and of itself, constitute a material breach of the development agreement pursuant to G.S. 160A-400.27 but must be judged based upon the totality of the circumstances. The development agreement may include other defined performance standards to be met by the developer. The developer may request a modification in the dates as set forth in the agreement. Consideration of a proposed major modification of the agreement shall follow the same procedures as required for initial approval of a development agreement.

(c) If more than one local government is made party to an agreement, the agreement must specify which local government is responsible for the overall administration of the development agreement.

(d) The development agreement also may cover any other matter not inconsistent with this Part.

"**§ 160A-400.26. Law in effect at time of agreement governs development; exceptions.**

(a) Unless the development agreement specifically provides for the application of subsequently enacted laws, the laws applicable to development of the property subject to a development agreement are those in force at the time of execution of the agreement.

(b) Except for grounds specified in G.S. 160A-385.1(e), a local government may not apply subsequently adopted ordinances or development policies to a development that is subject to a development agreement.

(c) In the event State or federal law is changed after a development agreement has been entered into and the change prevents or precludes compliance with one or more provisions of the development agreement, the city may modify the affected provisions, upon a finding that the change in State or federal law has a fundamental effect on the development agreement, by ordinance after notice and a hearing.

(d) This section does not abrogate any rights preserved by G.S. 160A-385, 160A-385.1, 153A-344, and 153A-344.1 or that may vest pursuant to common law or otherwise in the absence of a development agreement.

"**§ 160A-400.27. Periodic review to assess compliance with agreement; material breach by developer; notice of breach; cure of breach or modification or termination of agreement.**

(a) Procedures established pursuant to G.S. 160A-400.22 must include a provision for requiring periodic review by the zoning administrator or other appropriate officer of the local government at least every 12 months, at which time the developer must be required to demonstrate good faith compliance with the terms of the development agreement.

(b) If, as a result of a periodic review, the local government finds and determines that the developer has committed a material breach of the terms or conditions of the agreement, the local government shall serve notice in writing, within a reasonable time

after the periodic review, upon the developer setting forth with reasonable particularity the nature of the breach and the evidence supporting the finding and determination, and providing the developer a reasonable time in which to cure the material breach.

(c) If the developer fails to cure the material breach within the time given, then the local government unilaterally may terminate or modify the development agreement; provided, the notice of termination or modification may be appealed to the board of adjustment in the manner provided by G.S. 160A-388(b) and G.S. 153A-345(b).

"**§ 160A-400.28. Amendment or cancellation of development agreement by mutual consent of parties or successors in interest.**

A development agreement may be amended or canceled by mutual consent of the parties to the agreement or by their successors in interest.

"**§ 160A-400.29. Validity and duration of agreement entered into prior to change of jurisdiction; subsequent modification or suspension.**

(a) Except as otherwise provided by this Part, any development agreement entered into by a local government before the effective date of a change of jurisdiction shall be valid for the duration of the agreement, or eight years from the effective date of the change in jurisdiction, whichever is earlier. The parties to the development agreement and the local government assuming jurisdiction have the same rights and obligations with respect to each other regarding matters addressed in the development agreement as if the property had remained in the previous jurisdiction.

(b) A local government assuming jurisdiction may modify or suspend the provisions of the development agreement if the local government determines that the failure of the local government to do so would place the residents of the territory subject to the development agreement, or the residents of the local government, or both, in a condition dangerous to their health or safety, or both.

"**§ 160A-400.30. Developer to record agreement within 14 days; burdens and benefits inure to successors in interest.**

Within 14 days after a local government enters into a development agreement, the developer shall record the agreement with the register of deeds in the county where the property is located. The burdens of the development agreement are binding upon, and the benefits of the agreement shall inure to, all successors in interest to the parties to the agreement.

"**§ 160A-400.31. Applicability to local government of constitutional and statutory procedures for approval of debt.**

In the event that any of the obligations of the local government in the development agreement constitute debt, the local government shall comply, at the time of the obligation to incur the debt and before the debt becomes enforceable against the local government, with any applicable constitutional and statutory procedures for the approval of this debt.

"**§ 160A-400.32. Relationship of agreement to building or housing code.**

A development agreement adopted pursuant to this Chapter shall not exempt the property owner or developer from compliance with the State Building Code or State or local housing codes that are not part of the city's or county's planning, zoning, or subdivision regulations."

SECTION 3. Section 3 of S.L. 2003-326 reads as rewritten:

"**SECTION 3.** Section 1 of this act is effective when it becomes law and expires June 30, ~~2005.~~ 2006. The remainder of this act is effective when it becomes law."

SECTION 4. Section 2 of this act applies only to Cabarrus County and to the municipalities located in whole or in part in Cabarrus County.

SECTION 5. The District Engineer for the North Carolina Department of Transportation is authorized to sign a voluntary annexation petition with the Town of Knightdale for the annexation of State right-of-way. Annexed areas must be within the established Utility Service Area of the Town. The annexation is upon the condition that the Town provides mowing along the right-of-way or median of such highway to be annexed under the normal terms and conditions established by the Department.

SECTION 6. Section 5 of this act applies only to the Town of Knightdale.

SECTION 7. This act is effective when it becomes law.

House Committee on Finance

Minutes

~

June 21, 2005

The House Committee on Finance met on Tuesday, June 21, 2005 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons Alexander, Howard, Gibson, Luebke, and Wainwright; Vice-Chairs Daughtridge, Hill, Ross, Weiss, and Womble; and Representatives Blackwood, Bordsen, Capps, Carney, Faison, Fisher, Folwell, Glazier, Goforth, Hackney, Harrell, Holliman, Jones, McGee, Rayfield, Underhill, Vinson, Walend, and Wiley. An Ex-Officio member present was Representative Culpepper. Also present were Sergeant-at-Arms Bill Freeman, Fred Hines, Dusty Rhodes, and Walter Spell. Staff persons present included Rodney Bizzell, Erika Churchill, Brenna Erford, Ashley Huffstetler, Linda Millsaps, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as **attachments 1 and 2**.

Chairman Gibson called the meeting to order at 8:37 am and recognized the eight (8) pages present: (1) Scott Burton of Mecklenburg County, sponsored by Representative Rhodes; (2) Will Carlton of Wake County, sponsored by Speaker Black; (3) Jonathan Carpenter of Lee County, sponsored by Representative Sauls; (4) Amy Gwynn of Wake County, sponsored by Representative Culpepper; (5) Cam Hill of Chatham County, sponsored by Representative Hackney; (6) Amy McLeod of Wake County, sponsored by Representative Culpepper; (7) Anne Miller of Guilford County, sponsored by Representative Harrison; and (8) Katie Phillips of Wake County, sponsored by Speaker Black.

The first bill under the Committee's consideration was **HB 1063 – KILL DEVIL HILLS ASSESSMENT** (see **attachment 3**). Chairman Gibson recognized the bill sponsor, Representative Culpepper, who explained that this bill allows the Town of Kill Devil Hills to make assessments without petition including those for construction of new streets, sidewalks, curbs, gutters and for widening of streets and sidewalks. He further stated that the bill had been requested by the Town Council and that he knew of no opposition. Following the explanation, Representative Alexander moved that House Bill 1063 be given a favorable report by the Committee. Seeing no further discussion, Chairman Gibson called the motion to a vote and it carried by consent.

The following bill considered by the Committee was **SB 537 – ALLOW PAYMENT OF TAX BY OFFSET** (see **attachment 4**). Chairman Gibson first recognized Senator Clodfelter who explained that the bill allows a tax assessor to accept as payment for taxes an offset of an obligation owed to the taxpayer by the taxing unit so long as the obligation arises from a lease or another contract entered into between the taxpayer and the taxing unit before the taxes were levied. Representative Ross was then recognized and moved that Senate Bill 537 be given a favorable report by the Committee. Chairman Gibson then recognized Representative Underhill who asked how

many other states have similar legislation in effect. Senator Clodfelter was then recognized and stated that the Research staff was surprised that legislation was not already passed that contained this provision. As there was no further debate, Chairman Gibson called the motion to a vote and it carried without objection.

The next bill considered by the Committee was **HB 1284 – IMPROVE REAL ESTATE LICENSING LAW** (see **attachment 5**). Chairman Gibson first recognized Representative Hill who moved for the adoption of the proposed committee substitute for the Committee's consideration. The motion was adopted. Representative Howard was then recognized and offered a section by section explanation of the bill. In summary, House Bill 1284 amends the real estate licensing laws to eliminate real estate salesperson licenses making all licensed real estate agents real estate brokers as of March 1, 2006. Representative Howard then sent forth a technical amendment (see **attachment 6**) and explained that the technical amendment changes page 17 line 22 to provide that sections 6 and 12 be effective October 1, 2005. Representative Howard then moved for the adoption of her amendment. Seeing no discussion on the amendment, Chairman Gibson then called the matter to a vote and the amendment was adopted. Chairman Gibson then recognized Representative Hackney who asked if a fiscal note had been prepared for the provisions in section 12. Doug Holbrook with Fiscal Research, responding to Representative Hackney's question, reported that there have been no official records kept as to how many disputes covered by section 12 of the bill have occurred in the Clerk of Court's offices each year. Thus, there was no way to predict the fiscal impact of section 12. Chairman Gibson next recognized Tom Miller of the Attorney General's Office and counsel to the Real Estate Commission who added that his office did not think that section 12 would be a significant burden on the clerks. He also stated that the Administrative Office of the Courts has been contacted concerning this provision and expressed no concerns. Representative Womble was then recognized and asked if there was a grandfather clause for persons with a real estate salesperson license. Representative Howard was recognized to respond and stated that a salesperson would have to complete an additional 24 hours of class or demonstrate that they have had four years of full-time experience in the last six years in order to continue to be involved in real estate transactions. Representative Glazier was then recognized and asked about the appeals process for section 12 of the bill. Pete Powell of the Administrative Office of the Courts was recognized and stated that any appeals of a Clerk of Superior Court's decisions would be handled through the Court of Appeals. Chairman Gibson then recognized Representative Underhill who asked how many other states provide reciprocation. Larry Outlaw of the Real Estate Commission was recognized and reported that 12 other states have a reciprocation agreement and that most, excluding Virginia, were those states in the closest proximity to North Carolina. Representative Blackwood was then recognized and asked if this legislation will make it more difficult for people to enter the real estate business. Chairman Gibson recognized Representative Howard who said that this bill would require individuals entering the real estate business to have additional education. She further stated that this legislation would allow them to become more knowledgeable and more competent, but she did not see this as making it more difficult to enter the profession.. Representative Wainwright was then recognized and asked how realtors across the state are reacting to this bill. Mr. Outlaw was again recognized and stated that he had received very little concern regarding the bill. Rick Zechini from the Realtor's Association was then recognized and reported that this proposed legislation was outlined in the Realtor's Magazine last winter and that he had received many questions but had heard little opposition to the bill. Representative Holliman was then recognized and moved for a favorable report to the proposed committee substitute, incorporating the adopted technical amendment, and an unfavorable report to the original bill. Chairman Gibson then recognized Representative Jones who asked why this legislation was needed. Mr. Miller of the Attorney General's Office was recognized again and stated that this legislation is needed because consumers need well-educated and well-informed agents. He reported that the largest number of complaints heard in his office was from consumers who have been in business

with agents who were not competent. Representative Blackwood was then recognized and asked how many complaints were filed each year. Mr. Miller responded by stating that approximately 1200 complaints were filled each year. Representatives Ross and McGee were recognized and shared their support for the bill, stating that consumers needed competent people handling increasingly complex real estate transactions. Seeing no further discussion, Chairman Gibson then called the Holliman motion for a favorable report to a new PCS to a vote, and it carried with no known objection.

The following bill considered by the Committee was **SB 1059 – PERFUSIONISTS LICENSURE** (see **attachment 7**). Chairman Gibson first recognized Representative Hill who moved for the adoption of the proposed committee substitute for the Committee's consideration. The motion was adopted. Chairman Gibson then recognized Senator Purcell who explained that the bill would prohibit a person from practicing perfusion without a license. Following the explanation, Representative Luebke was recognized and moved for a favorable report to the proposed committee substitute and an unfavorable report to the original bill. Chairman Gibson then recognized Representative Blackwood who asked for an explanation of the difference between a person being certified and licensed. Senator Purcell was recognized and stated that this bill will allow the medical board to discipline licensees. Certified perfusionists would not be under the oversight of the state medical board. As there was no further debate, Chairman Gibson called the Luebke motion to a vote, and it carried without objection.

The final bill heard by the Committee was **HB 1084 – EXPUNGE NONVIOLENT FELONIES/YOUNG OFFENDERS** (see **attachment 8**). Chairman Gibson first recognized Representative Hill who moved for the adoption of the proposed committee substitute for the Committee's consideration. The motion passed. Representative Bordsen was then recognized to explain the bill which provides that a youthful offender's criminal record be expunged for nonviolent felonies. She reported that currently the law contains a similar provision for youth offenders under the age of 16. This bill extends the provision to all youth under the age of 18 and includes a seven-year sunset. Following the explanation, Bryan Lewis, the Executive Director of the Covenant for North Carolina's Children, was recognized and stated that the bill would enable nonviolent youthful offenders to qualify for college admissions and grants that they otherwise would not qualify for. Chairman Gibson then recognized Colon Willoughby, District Attorney of Wake County, who opposed the bill claiming that the bill would allow the expungement of too many crimes, including arson, identity theft, etc. Following Mr. Willoughby's remarks, Chairman Gibson recognized Terry Collins, the Pastor of the First Baptist Church in Mebane. Mr. Collins stated that he supported the bill because the State needs to give children a second chance. Chairman Gibson then recognized Patsy Simpson, a mother from Alamance County, who also voiced her support for the bill. She added that her children have not been involved in criminal behavior; but if they were, she would want the State to exercise a level of forgiveness. Chairman Gibson recognized Janice Burke of Alamance County for the final comment. She stated that she was in support of the bill and believes that children deserve a second chance and the opportunity to become productive members of society. Following Ms. Burke's comments, Chairman Gibson announced that a vote would not be taken on the bill as the Committee's time had expired. He announced that the Committee would continue its consideration of the bill at a later date.

Chairman Gibson then adjourned the meeting at 10:03 am.

Respectfully submitted,

Representative Pryor Gibson

HOUSE BILL 1063

Short Title:	Kill Devil Hills Assessments.	(Local)
Sponsors:	Representative Culpepper.	
Referred to:	Finance.	

March 31, 2005

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE TOWN OF KILL DEVIL HILLS TO MAKE CERTAIN ASSESSMENTS WITHOUT PETITION.

The General Assembly of North Carolina enacts:

SECTION 1. The Charter of the Town of Kill Devil Hills, being Chapter 735 of the 1995 Session Laws, is amended by adding a new Article to read:

"ARTICLE VII. STREET/SIDEWALK/STORMWATER MANAGEMENT IMPROVEMENTS; ASSESSMENT OF COSTS.

"Sec. 7.1. **Authority.**

(a) The Town of Kill Devil Hills is not subject to G.S. 160A-217(a) when making special assessments for:

(1) Construction of new streets.
(2) Construction of new sidewalks.
(3) Widening of streets or sidewalks.
(4) Construction of new curbs.
(5) Construction of new gutters.

(b) If the Town of Kill Devil Hills elects to make assessments under the authority of subsection (a) of this section and a sidewalk is constructed on only one side of the street, the cost thereof may be assessed against the property abutting on both sides of the street, unless there already exists a sidewalk on the other side of the street, the total cost of which was assessed against the abutting property.

(c) The Town of Kill Devil Hills may not assess without petition under subsection (a) of this section except upon a four-fifths majority vote of the Board of Commissioners.

(d) This act is supplemental to any other authority of the Town."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 1063:
Kill Devil Hills Assessments

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 17, 2005
Introduced by:	Rep. Culpepper	**Summary by:**	R. Erika Churchill
Version:	First Edition		Committee Counsel

SUMMARY: House Bill 1063 would permit the Town of Kill Devil Kills to make certain assessments against real property without first receiving a petition; effective when it becomes law.

CURRENT LAW:

Under G.S. 160A-216, cities are authorized to make special assessments against benefited property within their corporate limits for any of the following purposes:

(1) Constructing, reconstructing, paving, widening, installing curbs and gutters, and otherwise building and improving streets.
(2) Constructing, reconstructing, paving, widening, and otherwise building or improving sidewalks in any public street.
(3) Constructing, reconstructing, extending, and otherwise building or improving water systems.
(4) Constructing, reconstructing, extending, or otherwise building or improving sewage collection and disposal systems of all types, including septic tank systems or other on-site collection or disposal facilities or systems.
(5) Constructing, reconstructing, extending, and otherwise building or improving storm sewer and drainage systems.

However, cities do not have the authority to levy special assessments for street or sidewalk improvements unless the city first receives a petition for the improvements signed by at least a majority in number of the owners of property to be assessed. That petition must represent at least a majority of all the lineal feet of frontage of the lands abutting on the street or portion of street to be improved. Unless the petition specifies another percentage, not more than 50% of the cost may be assessed. G.S. 160A-217.

BILL ANALYSIS: The bill would allow the Town of Kill Devil Hills to levy a special assessment for each of the following without first receiving a petition:

1. Construction of new streets.
2. Construction of new sidewalks.
3. Widening of streets or sidewalks.
4. Construction of new curbs.
5. Construction of new gutters.

In levying such an assessment, the board of commissioners of the Town must approve the assessment by a 4/5-majority vote. If the levy is for a sidewalk on only one side of the street and there is no sidewalk on the other side of the street, the cost of levy may be assessed against property owners on both sides of the street.

BACKGROUND: Similar legislation has previously been enacted for Ahoskie (S.L. 1987-261), Beech Mountain (S.L. 1995-133), Carrboro (S.L. 1987-476), Laurinburg (S.L. 2000-13), Oxford (S.L. 1993-240), Tabor City (S.L. 2002-13) and Wake Forest (S.L. 1989-347).

SENATE BILL 537

Finance Committee Substitute Adopted 5/26/05

Short Title: Allow Payment of Tax by Offset. (Public)

Referred to:

March 15, 2005

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE PAYMENT OF TAXES IN LIMITED CIRCUMSTANCES BY OFFSET OF AN OBLIGATION OWED TO THE TAXPAYER BY THE TAXING UNIT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-357(a) reads as rewritten:

"(a) Medium of Payment. – Taxes shall be payable in existing national currency. Deeds to real property, notes of the taxpayer or others, bonds or notes of the taxing unit, and payments in kind shall not be accepted in payment of ~~taxes, nor shall any~~ taxes. A taxing unit may not permit the payment of taxes by offset of any bill, claim, judgment, or other obligation owed to the taxpayer by the taxing unit. The prohibition against payment of taxes by offset does not apply to offset of an obligation arising from a lease or another contract entered into between the taxpayer and the taxing unit before July 1 of the fiscal year for which the unpaid taxes were levied."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 537:
Allow Payment of Tax by Offset

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 21, 2005
Introduced by:	Sen. Clodfelter	**Summary by:**	Martha Walston
Version:	Second Edition		Committee Counsel

SUMMARY: The 2nd edition of Senate Bill 537 would allow a tax assessor to accept as payment for taxes an offset of an obligation owed to the taxpayer by the taxing unit so long as the obligation arises from a lease or another contract entered into between the taxpayer and the taxing unit before the taxes were levied. The bill becomes effective when it becomes law.

CURRENT LAW: G.S. 105-357 provides that taxes owed to local taxing authorities are payable in existing national currency. A taxing unit is specifically prohibited from accepting the following as payment of taxes: deeds to real property; notes of the taxpayer; bonds or notes of the taxing unit; payments in kind; offset of any bill, claim, judgment, other obligation owed to the taxpayer by the taxing unit.[1]

BILL ANALYSIS: Senate Bill 537 would change the law by allowing a taxing unit to accept as payment of taxes an offset of an obligation owed to the taxpayer by the taxing unit. However, an offset may only be allowed if the obligation arises from a lease or another contract entered into between the taxpayer and the taxing unit before July 1 of the fiscal year for which the unpaid taxes were levied.

EFFECTIVE DATE: The bill would become effective when it becomes law.

BACKGROUND: When a taxpayer declares bankruptcy, the bankruptcy laws generally operate as a stay for all actions to collect pre-petition debts.[2] However, a creditor's right of setoff under non-bankruptcy law is preserved when the right of setoff arose before the commencement of the bankruptcy case.[3] To affect a setoff, a 'party in interest' must seek court approval from the automatic stay. The court will generally allow the setoff if the debt is a pre-petition debt and if the right of offset existed under applicable non-bankruptcy law. G.S. 105-357 currently prevents local taxing authorities from utilizing this form of collection in bankruptcy cases because, as applicable non-bankruptcy law, it forbids such an offset.

Cindy Avrette, staff attorney, contributed substantially to this summary.

S0537e1-SMRB-CSRB

[1] G.S. 105-241 provides that taxes owed to the State are payable in national currency. However, the statute does not specifically prohibit the right of setoff.

SECTION 5. G.S. 93A-4 reads as rewritten:

"**§ 93A-4. Applications for licenses; fees; qualifications; examinations; privilege licenses; renewal or reinstatement of license; power to enforce provisions.**

(a) Any person, partnership, corporation, limited liability company, association, or other business entity hereafter desiring to enter into business of and obtain a license as a real estate broker ~~or real estate salesperson~~ shall make written application for such license to the Commission in the form and manner prescribed by the Commission. Each applicant for a license as a real estate broker ~~or real estate salesperson~~ shall be at least 18 years of age. ~~Each applicant for a license as a real estate salesperson shall, within~~

~~three years preceding the date application is made, have satisfactorily completed, at a school approved by the Commission, a real estate fundamentals course consisting of at least 67 hours of classroom instruction in subjects determined by the Commission, or shall possess real estate education or experience in real estate transactions which the Commission shall find equivalent to the course.~~ Each applicant for a license as a real estate broker shall, within three years preceding the date the application is made, have satisfactorily completed, at a school approved by the Commission, an education program consisting of at least ~~60~~ 75 hours of classroom instruction in subjects determined by the Commission, ~~which shall be in addition to the course required for a real estate salesperson license,~~ or shall possess real estate education or experience in real estate transactions which the Commission shall find equivalent to the education program. Each applicant for a license as a real estate broker ~~or real estate salesperson~~ shall be required to pay a fee, fixed by the Commission but not to exceed thirty dollars ($30.00).

(a1) Each person who is issued a real estate broker license on or after March 1, 2006, shall initially be classified as a provisional broker and shall, within three years following initial licensure, satisfactorily complete, at a school approved by the Commission, a postlicensing education program consisting of 90 hours of classroom instruction in subjects determined by the Commission or shall possess real estate education or experience in real estate transactions which the Commission shall find equivalent to the education program. The Commission may, by rule, establish a schedule for completion of the prescribed postlicensing education that requires provisional brokers to complete portions of the 90-hour postlicensing education program in less than three years, and provisional brokers must comply with this schedule in order to be entitled to actively engage in real estate brokerage. Upon completion of the postlicensing education program, the provisional status of the broker's license shall be terminated. When a provisional broker fails to complete all 90 hours of required postlicensing education within three years following initial licensure, the broker's license shall be cancelled, and the Commission may, in its discretion, require the person whose license was cancelled to satisfy the postlicensing education program and the requirements for original licensure prescribed in this Chapter as a condition of license reinstatement, including the examination requirements and the license reinstatement fee prescribed by subsection (c) of this section.

(a2) An approved school shall pay a fee of ten dollars ($10.00) per licensee to the Commission for each licensee completing a postlicensing education course conducted by the school, provided that these fees shall not be charged to a community college, junior college, college, or university located in this State and accredited by the Southern Association of Colleges and Schools.

(b) Except as otherwise provided in this Chapter, any person who submits an application to the Commission in proper manner for a license as real estate broker ~~or a license as real estate salesperson~~ shall be required to take an examination. The examination may be administered orally, by computer, or by any other method the Commission deems appropriate. The Commission may require the applicant to pay the Commission or a provider contracted by the Commission the actual cost of the

examination and its administration. The cost of the examination and its administration shall be in addition to any other fees the applicant is required to pay under subsection (a) of this section. The examination shall determine the applicant's qualifications with due regard to the paramount interests of the public as to the applicant's competency. ~~A person holding a real estate salesperson license in this State and applying for a real estate broker license shall not be required to take an additional examination under this subsection.~~ A person who fails the license examination shall be entitled to know the result and score. A person who passes the exam shall be notified only that the person passed the examination. Whether a person passed or failed the examination shall be a matter of public record; however, the scores for license examinations shall not be considered public records. Nothing in this subsection shall limit the rights granted to any person under G.S. 93B-8.

An applicant for licensure under this Chapter shall satisfy the Commission that he or she possesses the competency, honesty, truthfulness, integrity, and general moral character necessary to protect the public interest and promote public confidence in the real estate brokerage business. The Commission may investigate the moral character of each applicant for licensure and require an applicant to provide the Commission with a criminal record report. All applicants shall obtain criminal record reports from one or more reporting services designated by the Commission to provide criminal record reports. Applicants are required to pay the designated reporting service for the cost of these reports. If the results of any required competency examination and investigation of the applicant's moral character shall be satisfactory to the Commission, then the Commission shall issue to the applicant a license, authorizing the applicant to act as a real estate broker ~~or real estate salesperson~~ in the State of North Carolina, upon the payment of privilege taxes now required by law or that may hereafter be required by law.

...."

(a1) ~~In addition to the requirements of subsection (a) of this section, the~~The Commission ~~may~~ may, as part of the broker continuing education requirements, require real estate brokers-in-charge to complete during each annual license period a special continuing education course ~~of study, not to exceed six classroom hours every three years,~~ consisting of not more than four classroom hours of instruction in subjects prescribed by the Commission.

(b) The Commission shall establish procedures allowing for a deferral of continuing education for brokers ~~and salespersons~~ while they are not actively engaged in real estate brokerage.

(e) The Commission may award continuing education credit for an unapproved course or related educational activity. The Commission may prescribe procedures for a licensee to submit information on an unapproved course or related educational activity for continuing education credit. The Commission may charge a fee to the licensee for each course or activity submitted. The fee shall not exceed fifty dollars ($50.00)."

SECTION 7. Article 1 of Chapter 93A of the General Statutes is amended by adding the following new sections to read:

"**§ 93A-4B. Broker-in-charge qualification.**

To be qualified to serve as a broker-in-charge of a real estate office, a real estate broker shall possess at least one year of full-time real estate brokerage experience or equivalent part-time real estate brokerage experience within the previous five years or real estate education or experience in real estate transactions that the Commission finds

(b) A provisional broker as contemplated in subsection (a) of this section who was issued a salesperson license prior to October 1, 2005, shall, not later than March 1, 2008, complete a broker transition course prescribed by the Commission, not to exceed 24 classroom hours of instruction, or shall demonstrate to the Commission that he or she possesses four years full-time real estate brokerage experience or equivalent part-time real estate brokerage experience within the previous six years. If the provisional broker satisfies this requirement by March 1, 2008, the provisional status of his or her broker license will be terminated, and the broker will not be required to complete the 90 classroom hour broker postlicensing education program prescribed by G.S. 93A-4(a1). If the provisional broker fails to satisfy this requirement by March 1, 2008, his or her license will be placed on inactive status, if not already on inactive status, and he or she must complete the 90-classroom-hour broker postlicensing education program prescribed by G.S. 93A-4(a1) in order to terminate the provisional status of the broker license and to be eligible to return his or her license to active status.

(c) An approved school or sponsor shall pay a fee of ten dollars ($10.00) per licensee to the Commission for each licensee completing a broker transition course conducted by the school or sponsor, provided that these fees shall not be charged to a community college, junior college, college, or university located in this State and accredited by the Southern Association of Colleges and Schools.

(d) A provisional broker as contemplated in subsection (a) of this section, who was issued a salesperson license between October 1, 2005, and February 28, 2006, shall, not later than March 1, 2008, satisfy the requirements of G.S. 93A-4(a1). Upon satisfaction of the requirements of G.S. 93A-4(a1), the provisional status of the broker's license will be terminated. If the provisional broker fails to satisfy the requirements of G.S. 93A-4(a1) by March 1, 2008, the broker's license shall be cancelled, and the person will be subject to the requirements for licensure reinstatement prescribed by G.S. 93A-4(a1).

(e) A broker who was issued a broker license prior to March 1, 2006, shall not be required to complete either the 90-classroom-hour broker postlicensing education program prescribed by G.S. 93A-4(a1) or the broker transition course prescribed by subsection (b) of this section.

(f) For the purpose of determining a licensee's status, rights, and obligations under this section, the Commission may treat a person who is issued a license on or

SECTION 20. G.S. 93A-50 reads as rewritten:

"**§ 93A-50. Securities laws apply.**

The North Carolina Securities Act, Chapter 78A, shall also apply, in addition to the laws relating to real estate, to time shares deemed to be investment contracts or to other securities offered with or incident to a time share; provided, in the event of such applicability of the North Carolina Securities Act, any offer or sale of time shares registered under this Article shall not be subject to the provisions of G.S. 78A-24 and any real estate broker ~~or salesperson~~ registered under Article 1 of this Chapter shall not be subject to the provisions of G.S. 78A-36."

SECTION 21. G.S. 93A-52 reads as rewritten:

"**§ 93A-52. Application for registration of time share project; denial of registration; renewal; reinstatement; and termination of developer's interest.**

(a) Prior to the offering in this State of any time share located in this State, the developer of the time share project shall make written application to the Commission for the registration of the project. The application shall be accompanied by a fee in an amount fixed by the Commission but not to exceed ~~fifteen hundred dollars ($1500),~~ one thousand five hundred dollars ($1,500), and shall include a description of the project, copies of proposed time share instruments including public offering statements, sale contracts, deeds, and other documents referred to therein, information pertaining to any

marketing or managing entity to be employed by the developer for the sale of time shares in a time share project or the management of the project, information regarding any exchange program available to the purchaser, an irrevocable appointment of the Commission to receive service of any lawful process in any proceeding against the developer or the developer's time share salespersons arising under this Article, and such other information as the Commission may by rule require.

Upon receipt of a properly completed application and fee and upon a determination by the Commission that the sale and management of the time shares in the time share project will be directed and conducted by persons of good moral character, the Commission shall issue to the developer a certificate of registration authorizing the developer to offer time shares in the project for sale. The Commission shall within 15 days after receipt of an incomplete application, notify the developer by mail that the Commission has found specified deficiencies, and shall, within 45 days after the receipt of a properly completed application, either issue the certificate of registration or notify the developer by mail of any specific objections to the registration of the project. The certificate shall be prominently displayed in the office of the developer on the site of the project.

The developer shall promptly report to the Commission any and all changes in the information required to be submitted for the purpose of the registration. The developer shall also immediately furnish the Commission complete information regarding any change in its interest in a registered time share project. In the event a developer disposes of, or otherwise terminates its interest in a time share project, the developer shall certify to the Commission in writing that its interest in the time share project is terminated and shall return to the Commission for cancellation the certificate of registration.

...

(d) All certificates of registration granted and issued by the Commission under the provisions of this Article shall expire on the 30th day of June following issuance thereof, and shall become invalid after such date unless reinstated. Renewal of such certificate may be effected at any time during the month of June preceding the date of expiration of such registration upon proper application to the Commission and by the payment of a renewal fee fixed by the Commission but not to exceed one thousand five hundred dollars ($1,500) for each time share project. The developer shall, when making application for renewal, also provide a copy of the report required in G.S. 93A-48. Each certificate reinstated after the expiration date thereof shall be subject to a ~~late filing~~ fee of fifty dollars ($50.00) in addition to the required renewal fee. In the event a time share developer fails to reinstate the registration within 12 months after the expiration date thereof, the Commission may, in its discretion, consider the time share project as not having been previously registered, and thereby subject to the provisions of this Article relating to the issuance of an original certificate. Duplicate certificates may be issued by the Commission upon payment of a fee of one dollar ($1.00) by the registrant developer. Except as prescribed by Commission rules, all fees paid pursuant to this Article shall be nonrefundable."

SECTION 22. G.S. 93A-54 reads as rewritten:

"**§ 93A-54. Disciplinary action by Commission.**

(a) The Commission has power to take disciplinary action. Upon its own motion, or on the verified complaint of any person, the Commission may investigate the actions of any time share salesperson, developer, or project broker of a time share project registered under this Article, or any other person or entity who shall assume to act in such capacity. If the Commission finds probable cause that a time share salesperson, developer, or project broker has violated any of the provisions of this Article, the Commission may hold a hearing on the allegations of misconduct.

The Commission has the power to suspend or revoke at any time a real estate license issued to a time share salesperson or project broker, or a certificate of registration of a time share project issued to a developer; or to reprimand or censure such salesperson, developer, or project broker; or to fine such developer in the amount of five hundred dollars ($500.00) for each violation of this Article, if, after a hearing, the Commission adjudges either the salesperson, developer, or project broker to be guilty of:

...

(3) Pursuing a course of misrepresentation or making of false promises through agents, ~~salesperson,~~salespersons, advertising or otherwise;

...

(e) When a licensee is accused of any act, omission, or misconduct under this Article which would subject the licensee to disciplinary action, the licensee may, with the consent and approval of the Commission, surrender the licensee's license and all the rights and privileges pertaining to it for a period of time to be established by the Commission. A licensee who surrenders a license shall not be eligible for, or submit any application for, licensure as a real estate broker ~~or salesperson~~ or registration of a time share project during the period of license surrender. For the purposes of this section, the term licensee shall include a time share developer."

SECTION 23. G.S. 93A-58(c) reads as rewritten:

"(c) The developer shall designate for each project and other locations where time shares are sold or offered for sale a project broker. The project broker shall act as supervising broker for all ~~persons licensed as~~ time share salespersons at the project or other location and shall directly, personally, and actively supervise all such persons ~~licensed as brokers or salespersons~~ at the project or other location in a manner to reasonably ensure that the sale of time shares will be conducted in accordance with the provisions of this Chapter."

SECTION 24. Article 19 of Chapter 7A of General Statutes is amended by adding a new section to read:

"**§ 7A-211.2. Declaratory judgment in small claims court.**

Notwithstanding G.S. 7A-210(2), a real estate broker licensed pursuant to Chapter 93A of the General Statutes has recourse to obtain a declaratory judgment ruling in accordance with G.S. 1A-1, Rule 57, in a small claims action with respect to monies, other than a residential security deposit held pursuant to Article 6 of Chapter 42 of the General Statutes, the ownership of which are in dispute and that the real estate broker received while acting in a fiduciary capacity. Notwithstanding G.S. 7A-211, venue for an action under this section is appropriate in the county in which the property for which the disputed monies are being held is located. The defendant may be subjected to the

jurisdiction of the court over his person by the methods provided in G.S. 7A-217 or G.S. 1A-1, Rules 4(j) and 4(j1) of the Rules of Civil Procedure."

SECTION 25. This section and G.S. 93A-4C, as enacted in Section 7 of this act, are effective when this act becomes law. The remainder of the act becomes effective March 1, 2006.

HOUSE BILL 1284:
Improve Real Estate Licensing Law

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 21, 2005
Introduced by:	Reps. Culpepper, Howard, Brubaker	**Summary by:**	Martha Walston
Version:	PCS to First Edition H1284-CSLAf-19		Committee Counsel

SUMMARY: ***House Bill 1284 would amend the real estate licensing laws to eliminate real estate salespersons licenses making all licensed real estate agents real estate brokers as of March 1, 2006. Senate Bill 1120 is a companion bill and is in Senate Commerce.***

House Bill 1284 is in House Finance because of the following new fees and fee increases:

- ***Increases the fee a real estate continuing education course sponsor pays to the North Carolina Real Estate Commission when reporting a licensee's completion of an approved CE course from a maximum of $5 to a flat fee of $10.***
- ***Requires a school or sponsor to pay a $10 fee per licensee to the Commission for each licensee completing a broker transition course. (Successful completion of the course will terminate the provisional status of a broker license that is converted on March 1, 2006, from a salesperson license to provisional broker license.)***
- ***Requires a school to pay a $10 fee per licensee to the Commission for each licensee completing a postlicensing education course (Successful completion of a postlicensing education course is required of new licensees who are licensed as provisional brokers on and after March 1, 2006, as well as provisional brokers whose licenses were converted from salesperson licenses and who are not eligible to perfect the conversion by taking a special broker transition course.)***

The above fees are NOT charged to a community college, junior college, college, or university located in the State and accredited by the Southern Association of Colleges and Schools.

The proposed committee substitute differs from the 1st edition of HB 1284 as follows:

- ***Reduces the proposed amount of instruction that an applicant must complete to obtain an entry-level provisional broker license from 90 hours of classroom instruction to 75 hours of classroom instruction.***
- ***Increases the time from two years to three years in which a provisional broker must complete the 90-hour postlicensing education program after being licensed with provisional broker status in order to become a broker. Authorizes the Commission to establish, by rule, a schedule for completion of the postlicensing course.***
- ***Authorizes the Commission to require brokers-in-charge to compete during each annual license period a special continuing education course of not more than four classroom hours of instruction. (The 1st edition does NOT specify the number of classroom hours.)***
- ***Adds a new section providing that disputed earnest money deposits, other than residential security deposits, may be deposited with the clerk of court for determination of the rightful owner and deletes language in the 1st edition that allows a broker who holds money in trust for parties to a real estate transaction to seek a declaratory judgment in small claims court in the event of a dispute of ownership of the money.***

CURRENT LAW: Under Article 1 of Chapter 93A of the General Statutes, the North Carolina Real Estate Commission is directed to issue two types of real estate licenses to persons legally authorized to

sell or lease real estate for compensation in NC, namely a real estate salesperson license and a real estate broker license. A real estate salesperson must operate under the supervision of a real estate broker. An applicant for a real estate salesperson license must complete a 67-hour real estate course and pass the real estate license examination to qualify for a salesperson license. An applicant for a real estate broker license has to satisfy the salesperson license requirements and take an additional 60-hour course.

BILL ANALYSIS: Sections 5 and 7 of the bill eliminate the real estate salesperson license category as of March 1, 2006, establish a "broker-only" license structure with increased education requirements to obtain a broker license, and establish stricter requirements for brokers to serve as broker-in-charge of a real estate office.

Section 5 changes the number of prelicensing classroom hours needed to obtain an entry-level real estate license (provisional broker) from 67 hours to 75 hours effective March 1, 2006. In addition, all provisional brokers who are initially licensed on or after March 1, 2006, will have to complete a 90-hour postlicensing education program within 3 years after being licensed as a provisional broker in order to terminate the provisional status of their broker license. (Under current law, a salesperson may complete a 60-hour broker course and obtain a broker license, but has the option to keep the salesperson license indefinitely and never become a broker.) Failure to complete the postlicensing education within 3 years will result in the license being cancelled until the education is completed. A provisional broker may be exempt from the 90-hour postlicensing course if he or she possesses equivalent real estate education or experience.

Section 7 requires a real estate broker who requests to be designated as the broker-in-charge of a real estate office to possess at least 1 year of full-time (or part-time equivalent) brokerage experience and to complete, on a one-time basis, a broker-in-charge course not to exceed 12 hours. Under current law, no experience is required but a broker-in-charge must complete a special course of not more than 6 hours no more frequently than every 3 years. Section 6 authorizes the Commission to require brokers who are designated as broker-in-charge to complete a special continuing education course not to exceed four hours per annual license period as part of their regular broker continuing education requirement, which is eight hours per year.

Section 7 also sets out the transition process for converting a salesperson license to a broker license. On March 1, 2006, all salesperson licenses will be converted to broker licenses and the holder of the broker license will be classified as a provisional broker. A provisional broker who was issued a salesperson license prior to October 1, 2005, may terminate provisional status by completing one of the following requirements by March 1, 2008:

- complete a broker transition course not to exceed 24 classroom hours.
- demonstrate to the Commission that he or she possesses four years of full-time real estate brokerage experience or equivalent part-time brokerage experience within the previous six years.

If the provisional broker fails to satisfy one of the above requirements by March 1, 2008, then his or her license will be placed on inactive status and he or she must take the 90-hour postlicensing education program to be eligible for active license status.

A provisional broker who was issued a salesperson license between October 1, 2005, and February 1, 2006, must satisfy one of the following requirements by March 1, 2008, in order to terminate the provisional status of his or her broker license:

- satisfactorily complete the 90-hour postlicensing course.
- possess equivalent real estate education or experience in real estate transactions.

If the provisional broker fails to satisfy one of the above requirements by March 1, 2008, then his or her broker license is cancelled.

A person licensed as a broker prior to March 1, 2006, shall not be required to take the 90-hour postlicensing course.

No applications for a real estate salesperson license will be accepted between September 1, 2005, and September 30, 2005.

Section 2 requires all provisional brokers to work under the supervision of a broker-in-charge until they fulfill the requirements to be licensed as a broker.

Section 10 authorizes the Commission to take custody of documents or materials obtained by subpoena in order to photocopy them. Current law only allows the Commission to examine the documents or materials obtained by a subpoena.

Section 11 provides that an applicant from a reciprocal state has 90 days after establishing residency in North Carolina to obtain a North Carolina license without taking the licensing examination.

Section 12 adds a new section to the Article to provide that a broker, may deposit with the clerk of court, disputed earnest money, other than a residential security deposit, for determination of the rightful owner. The broker must provide notice to the persons claiming ownership that the money is to be deposited and that the person may initiate a special proceeding with the clerk of court to recover the disputed monies. In order to give the parties an opportunity to settle the dispute, the monies may not be deposited until 90 days following notification. Current law requires a broker to hold disputed earnest monies until the parties resolve ownership, which may never happen.

The remaining sections of the bill contain technical and conforming changes to the real estate licensing law to reflect the changes made in Sections 5 and 7 of the bill.

EFFECTIVE DATE: The transition provisions of Section 7 designated as the new G.S. 93A-4C become effective with the bill becomes law. Section 12 of the bill becomes effective October 1, 2005. The remainder of the bill becomes effective March 1, 2006.

EFFECTIVE DATE: Section 7, when law; Sections 6 and 12, Oct. 1, 2005; and all other sections, March 1, 2006.

BILL SUMMARY: House Bill 1284 would amend the real estate licensing laws to eliminate real estate salespersons licenses making all licensed real estate agents real estate brokers as of March 1, 2006. House Bill 1284 is in House Finance because of the following new fees and fee increases:

- Increases the fee a real estate continuing education course sponsor pays to the North Carolina Real Estate Commission when reporting a licensee's completion of an approved CE course from a maximum of $5 to a flat fee of $10.
- Requires a school or sponsor to pay a $10 fee per licensee to the Commission for each licensee completing a broker transition course. (Successful completion of the course will terminate the provisional status of a broker license that is converted on March 1, 2006, from a salesperson license to provisional broker license.)
- Requires a school to pay a $10 fee per licensee to the Commission for each licensee completing a postlicensing education course (Successful completion of a postlicensing education course is required of new licensees who are licensed as provisional brokers on and after March 1, 2006, as well as provisional brokers whose licenses were converted from salesperson licenses and who are not eligible to perfect the conversion by taking a special broker transition course.)

The above fees are NOT charged to a community college, junior college, college, or university located in the State and accredited by the Southern Association of Colleges and Schools.

ASSUMPTIONS AND METHODOLOGY: Under Article 1 of Chapter 93A of the General Statutes, the North Carolina Real Estate Commission is directed to issue two types of real estate licenses to persons legally authorized to sell real estate for compensation in NC, namely a real estate salesperson license and a real estate broker license. A real estate salesperson must operate under the supervision of a real estate broker. An applicant for a real estate salesperson license must complete a 67-hour real estate course and pass the real estate license examination to qualify for a salesperson license. An applicant for a real estate broker license has to satisfy the salesperson license requirements and take an additional 60-hour course before taking the real estate broker exam. Sections 5 and 7 of the bill eliminate the real estate salesperson license category as of March 1, 2006, establish a "broker-only" license structure with increased education requirements to obtain a broker license, and establish stricter requirements for brokers to serve as broker-in-charge of a real estate office.

This projection assumes that brokers will take approximately 2 continuing education (CE) courses per year, resulting in a total new revenue of $10 per broker to the Real Estate Commission. The Commission estimates 3,500 persons will complete the broker transition course during 2006-07 and 2007-08, after which the conversion will be completed and the course will no longer have to be offered. The Commission also estimates that 4,000 brokers will complete postlicensing education in 2006-07. They expect that number will increase to 6,000 by 2007-08 and remain approximately the same in future years.

The Commission foregone revenue totaling $76,000 in 2005-06 resulting from a projected 50% decrease in broker license application fees between July 2005 and February 2006 due to salespersons anticipating the license conversion. They also expect to incur $200,000 of expenses related to implementation of the licensing change. These expenses include computer programming, printing, postage, and other miscellaneous charges. The Commission does not have further detail

on the first-year expense of the bill at the present time. The total estimated expenses and foregone revenue for 2005-06 are $276,000.

In 2006-07, the Commission expects a reduction in the total number of license application fees due to having only one license and a loss of renewal fees from inactive provisional brokers (former inactive salespersons) who do not renew in June 2006 due to the requirement to take the broker transition course by March 1, 2008. The Commission estimates they will forego $152,000 in license application fees and $80,000 in renewal fees due to these circumstances. The $100,000 in recurring administrative expenses is due to the Commission's expectation that they will hire additional personnel to aid with administration of the new licensing procedures.

House Bill 1284 – Improve Real Estate Licensing Law

Background: **The North Carolina Association of REALTORS® supports House Bill 1284 (Improve Real Estate Licensing Law).** NCAR has been integral in developing this legislation, which seeks to enhance the professionalism of the real estate industry by increasing the educational requirements for real estate licensees. House Bill 1284 also makes other changes to the real estate licensing statutes.

Legislation: **House Bill 1284** does the following:

- Eliminates the salesperson license and requires persons entering the real estate industry to obtain a broker license. Applicants for a broker license would have to complete a 75 hour pre-licensing course, pass the state license examination and complete a 90 hour post-licensure course within three years of licensure. (Currently an applicant must complete a 67 hour course and pass the state license examination to obtain a salesperson license. Completion of an additional 60 hour course is required to obtain a broker license.) The bill also establishes a fee charged to real estate schools that teach the post-licensure course in the amount of $10 per licensee per course.

- Provides that existing salesperson licensees can obtain a broker license if they have at least four years of full-time cumulative experience as a salesperson within the past six years or if they complete a 24 hour transition course. The bill establishes a fee charged to real estate schools that teach the 24-hour transition course in the amount of $10 per licensee.

- Provides that in order to qualify for designation as a Broker-in-Charge a broker must have at least one year of full-time real estate brokerage experience or equivalent part-time real estate brokerage experience within the previous five years or real estate education or experience in real estate transactions that the Real Estate Commission finds equivalent to such experience. Brokers-in-Charge (BICs) are those real estate brokers who are responsible for certain supervisory and administrative duties and every real estate office must designate a broker to serve as a BIC.

- Requires a BIC to complete an introductory BIC course, not to exceed 12 classroom hours, as developed by the Real Estate Commission. The length of the current course is 4 ½ hours.

- Requires a BIC to annually complete a BIC continuing education course not to exceed 4 hours.

- Increases the fee for real estate schools that teach continuing education courses from $5 per licensee to $10 per licensee.

- Explicitly provides that the Real Estate Commission may take custody of documents or materials obtained by a subpoena in order to photocopy them. Current law only allows the Commission to examine the documents or materials obtained by a subpoena.

- Provides that a nonresident commercial licensee must affiliate with and be supervised by a North Carolina broker. Current law allows affiliation with and supervision by a North Carolina salesperson or broker.

- Makes technical changes that recognize limited liability companies as a type of corporate entity.

- Provides that a real estate licensee from a state that North Carolina has a reciprocal licensing agreement with has until 90 days after establishing residency in North Carolina to obtain a North Carolina license without taking pre-licensing education and a licensing examination. Under current law, once North Carolina residency is established licensing by reciprocity is not allowed and the new resident who holds an out of state real estate license must at least take the licensing examination.

- Makes explicit the requirement that real estate school facilities comply with the Americans with Disabilities Act and related laws.

- Eliminates the reference to late fee in the time share statutes.

- Provides that disputed earnest money deposits may be deposited with the clerk of court for determination of the rightful owner. Current law requires a broker to hold disputed earnest money until the parties resolve ownership, which may never happen.

A BILL TO BE ENTITLED

AN ACT AUTHORIZING THE LICENSURE OF PERFUSIONISTS.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 90 of the General Statutes is amended by adding a new Article to read:

"Article 40.

"Perfusionist Licensure Act.

"**§ 90-681. Legislative findings.**

The General Assembly finds that the practice of perfusion is an area of health care that is continually evolving to include more sophisticated and demanding patient care activities. The General Assembly further finds that the practice of perfusion by unauthorized, unqualified, unprofessional, and incompetent persons is a threat to public health, safety, and welfare, and therefore it is necessary to establish minimum standards of education, training, and competency for persons engaged in the practice of perfusion.

"**§ 90-682. Definitions.**

The following definitions apply in this Article:

(1) Certified clinical perfusionist. – A person who has successfully completed the examination process and has been issued a certificate by the American Board of Cardiovascular Perfusion or its successor organization.

(2) Committee. – The North Carolina Perfusion Advisory Committee.

(3) Extracorporeal circulation. – The diversion of a patient's blood through a heart-lung machine or a similar device that assumes the functions of the patient's heart, lungs, kidneys, liver, or other organs.

(4) Licensee. – A person who has been issued a license to practice perfusion under this Article.

(5) Perfusion protocols. – Perfusion-related policies and protocols developed or approved by a licensed health care facility or a physician through collaboration with administrators, licensed perfusionists, and other health care professionals.

(6) Practice of perfusion. – The performing of functions, under the supervision of a licensed physician, necessary for the support, treatment, measurement, or supplementation of the cardiovascular, circulatory, and respiratory systems or other organs, or a combination of those functions, and the ensuring of safe management of physiological function by monitoring and analyzing the parameters of the systems during any medical situation where it is necessary to support or replace the patient's cardiopulmonary or circulatory function. SENATE BILL 1059: Perfusionists Licensure

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 21, 2005
Introduced by:	Sen. Purcell	**Summary by:**	Martha Walston
Version:	Third Edition		Committee Counsel

SUMMARY: ***Effective July 1, 2006, Senate Bill 1059[1] would prohibit a person from practicing perfusion without a license. A perfusionist is the person responsible for the selection, set-up and operation of the cardiopulmonary bypass systems during cardiac surgery cases.***

BILL ANALYSIS: Senate Bill 1059 creates the North Carolina Perfusion Advisory Committee. The Advisory Committee would be responsible for licensure, regulation, and discipline of perfusionists. Perfusionists may only practice perfusion under the supervision of a licensed physician.

Mandatory Licensure – Effective July 1, 2006, a current license under the provisions of this Article would be required for a person to practice as a 'licensed perfusionist' (LP) or as a 'provisional licensed perfusionist' (PLP). A person who violates this Article would be subject to civil penalties. The following health care personnel would be exempt from the licensure requirement:

- Perfusionists working for the United States government.
- Students enrolled in accredited perfusion education programs if services are supervised by a licensed perfusionist and are part of their studies.
- Persons performing autotransfusion or blood conservation techniques under the supervision of a licensed physician.
- Persons registered, certified, credentialed or licensed to engage in another occupation or profession in the State if they are performing work incidental to the practice of that profession and are not representing themselves as being a LP or PLP.

A license would expire two years from the date it was issued. To renew the license, a perfusionist would need to satisfy the continuing education requirements established by the Advisory Committee and pay the renewal fee. A license that has been expired for more than three year may not be renewed.

North Carolina Perfusion Advisory Committee – The Advisory Committee would be a seven member committee appointed by the North Carolina Medical Board, the North Carolina Hospital Association, and the Governor. The members would represent various interested parties and would be charged with administering the Perfusionist Licensure Act. The Advisory Committee would be granted the power and duty to do the following: adopt, amend or repeal rules as necessary to carry out the provisions of the Act; employ and compensate personnel they deem necessary to carry out the provisions of the Act; determine qualifications and fitness of applicants for licensure; issue, renew, deny, suspend or revoke licenses as authorized by the Act; set fees for licensure, renewal and other related services; establish continuing education requirements for licensees; establish a code of ethics; and maintain a current list of licensees. The Advisory Committee members who must be licensed perfusionists must apply for and obtain a license within 90 days after the Advisory Committee begins issuing licenses.

Qualifications for Licensure – Applicants meeting the following qualifications would be licensed to practice perfusion:

[1] As introduced, the bill was identical to House Bill 903, introduced by Rep. England. HB 903 is in the House Finance Committee.

- Is at least 18 years old.
- Successfully completes an approved perfusion education program.
- Pays the required fee.
- Is a certified clinical perfusionist.

The Advisory Committee would be able to grant reciprocity to persons licensed to practice perfusion in another state or territory of the United States with substantially equivalent standards of competency or to a person who holds a current certificate as a certified clinical perfusionist. The Advisory Committee could also grant a provisional license valid for up to 12 months to any applicant who has successfully completed an approved perfusion education program and pays the required fee. Provisional licensees would be able to practice perfusion under the supervision and direction of a licensed perfusionist in accordance with rules adopted pursuant to the Act.

Section 2 of the bill provides a grandfather provision for those currently practicing perfusion. It would direct the Advisory Committee to issue a license to practice perfusion to any person who has been operating cardiopulmonary bypass systems during cardiac surgery cases in a licensed health care facility in the five years immediately preceding application or within five of the last eight years preceding application.

Expenses and fees – Fees payable to the Advisory Committee would be used to pay all expenses incurred in carrying out the purposes of the Act. The Advisory Committee would set the fees charged for applications, renewals, and related actions, not to exceed the following amounts:

• Initial application	$ 25.00
• Issuance of license	$350.00
• License renewal	$350.00
• Late renewal fee	$100.00
• Provisional license	$ 35.00

To set the fee amount, the Advisory Committee will have to go through the administrative rules process.[2] In addition to the notice and public comment provided for under the administrative rules process, the Advisory Committee will also have to consult with the Joint Legislative Commission on Governmental Operations on the amount and purpose of the fee before the fee may become effective.[3]

Disciplinary Actions – The Advisory Committee would be empowered to deny, refuse to renew, suspend, or revoke an application or license or order probation or issue a reprimand if a licensee or applicant violates any of the provisions of this Article. Civil penalties not to exceed $1,000 could be assessed for violation of Article or of any rules adopted by the Advisory Committee. The clear proceeds of any civil penalty would be remitted to the Civil Penalty and Forfeiture Fund.

Third Party Reimbursement – Nothing in the Act is to be construed to require third-party reimbursements to persons licensed under the Act.

EFFECTIVE DATE: The Act is effective when it becomes law. Section 2 of the bill sunsets December 31, 2007. (Section 2 provides a grandfather clause giving the Committee the authority to issue licenses on the basis of past practice alone.)

BACKGROUND: Perfusionists have been recognized as a definable health profession by the American Medical Association since 1977. Working under the direct supervision of a surgeon, perfusionists are the only non-licensed health care professionals who routinely administer drugs and blood products to patients. A perfusionist is the person responsible for the selection, set up, and

[2] Chapter 150B of the General Statutes.

operation of the heart-lung machine. To maintain life during open-heart surgery, the patient's heart must be stopped and the patient's blood is diverted outside the body, circulating through the heart-lung machine, and returned to the patient. Certification by the American Board of Cardiovascular Profusion (ABCP) is currently the accepted state and national standard for perfusionists.

The Legislative Committee on New Licensing Boards conducted an assessment of Senate Bill 1059 finding that the sponsors of the bill successfully met the criteria by which the Committee judges licensure proposals and recommending the licensure of perfusionists.

Ben Popkin, counsel to Senate Committee on Health Care, substantially contributed to this summary.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE THAT A YOUTHFUL OFFENDER'S CRIMINAL RECORD MAY BE EXPUNGED OF NONVIOLENT FELONIES.

The General Assembly of North Carolina enacts:

SECTION 1. Article 5 of Chapter 15A of the General Statutes is amended by adding a new section to read:

"**§ 15A-149. Expunction of records for first offenders who are under 18 years of age at the time of the commission of a nonviolent felony.**

(a) For purposes of this section, the term "nonviolent felony" means any felony except the following:

(1) A Class A through F felony.

(2) A felony that includes assault as an essential element of the offense; and

(3) A felony that is an offense for which the convicted offender must register under Article 27A of Chapter 14 of the General Statutes.

(b) Notwithstanding any other provision of law, if a person is convicted of more than one nonviolent felony in the same session of court, then the multiple nonviolent felony convictions shall be treated as one nonviolent felony conviction under this section, and the expunction order issued under this section shall provide that the multiple convictions shall be expunged from the person's record in accordance with this section.

(c) Whenever any person who had not yet attained the age of 18 years at the time of the offense and has not previously been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States, the laws of this State, or any other state pleads guilty to or is guilty of a nonviolent felony, the person may file a petition in the court where the person was convicted for expunction of the nonviolent felony from the person's criminal record. The petition cannot be filed earlier than two

years after the date of the conviction or when any active sentence, period of probation, and post-release supervision has been served, whichever occurs later. The person shall also perform at least 100 hours of community service, preferably related to the conviction, before filing a petition for expunction under this section. The petition shall contain, but not be limited to, the following:

(1) An affidavit by the petitioner that he or she has been of good behavior for the two-year period since the date of conviction of the nonviolent felony in question and has not been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States or the laws of this State or any other state.

(2) Verified affidavits of two persons who are not related to the petitioner or to each other by blood or marriage that they know the character and reputation of the petitioner in the community in which he or she lives and that the petitioner's character and reputation are good.

(3) A statement that the petition is a motion in the cause in the case wherein the petitioner was convicted.

(4) An application on a form approved by the Administrative Office of the Courts requesting and authorizing a State and national criminal record check by the Department of Justice using any information required by the Administrative Office of the Courts to identify the individual and a search of the confidential records of expunctions maintained by the Administrative Office of the Courts. The application shall be forwarded to the Department of Justice and to the Administrative Office of the Courts to conduct the searches and report the findings to the court.

(5) An affidavit by the petitioner that no restitution orders or civil judgments representing amounts ordered for restitution entered against him or her are outstanding.

(6) An affidavit by the petitioner that the petitioner has performed at least 100 hours of community service since the conviction for the nonviolent felony. The affidavit shall include a list of the community services performed, a list of the recipients of the services, and a detailed description of those services.

The petition shall be served upon the district attorney of the court wherein the case was tried resulting in conviction. The district attorney shall have 10 days thereafter in which to file any objection thereto and shall be duly notified as to the date of the hearing of the petition.

The judge to whom the petition is presented is authorized to call upon a probation officer for any additional investigation or verification of the petitioner's conduct during the two-year period that the judge deems desirable.

(d) The court shall order that the person be restored, in the contemplation of the law, to the status the person occupied before such arrest or indictment or information if the court finds all of the following after a hearing:

(1) The petitioner has remained of good behavior and has been free of conviction of any felony or misdemeanor, other than a traffic violation, for two years from the date of conviction of the nonviolent felony in question or any active sentence, period of probation or post-release supervision has been served, whichever is later.

(2) The petitioner has not previously been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States, the laws of this State, or any other state.

(3) The petitioner has no outstanding restitution orders or civil judgments representing amounts ordered for restitution entered against him or her.

(4) The petitioner was less than 18 years old at the time of the commission of the offense in question.

(5) The petitioner has performed at least 100 hours of community service since the time of the conviction.

(6) The search of the confidential records of expunctions conducted by the Administrative Office of the Courts shows that the petitioner has not been previously granted an expunction.

No person as to whom such order has been entered shall be held thereafter under any provision of any laws to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, or indictment, information, or trial, or response to any inquiry made of the person for any purpose.

(e) The court shall also order that the nonviolent felony conviction be expunged from the records of the court and direct all law enforcement agencies bearing record of the same to expunge their records of the conviction. The clerk shall forward a certified copy of the order to the sheriff, chief of police, or other arresting agency. The sheriff, chief, or head of any other arresting agency shall then transmit the copy of the order with a form supplied by the State Bureau of Investigation to the State Bureau of Investigation, and the State Bureau of Investigation shall forward the order to the Federal Bureau of Investigation.

(f) Any other applicable State or local government agency shall expunge from its records entries made as a result of the conviction ordered expunged under this section. The agency shall also reverse any administrative actions taken against a person whose record is expunged under this section as a result of the charges or convictions expunged. This subsection shall not apply to the Department of Justice for DNA records and samples stored in the State DNA Database and the State DNA Databank.

(g) The clerk of superior court in each county in North Carolina shall, as soon as practicable after each term of court in the clerk's county, file with the Administrative Office of the Courts the names of those persons granted a discharge under the provisions of this section, and the Administrative Office of the Courts shall maintain a confidential file containing the names of persons granted conditional discharges. The information contained in the file shall be disclosed only to judges of the General Court of Justice of North Carolina for the purpose of ascertaining whether any person charged with an offense has been previously granted a discharge.

(h) Any person eligible for expunction of a criminal record under this section shall be notified about the provisions of this section by the probation officer assigned to that person. If no probation officer is assigned, notification of the provisions of this section shall be provided by the court at the time of the conviction of the felony which is to be expunged under this section.

(i) A person who files a petition for expunction of a criminal record under this section must pay the clerk of superior court a fee of one hundred dollars ($100.00) at the time the petition is filed. Fees collected under this subsection shall be deposited in the General Fund. This subsection does not apply to petitions filed by an indigent."

SECTION 2. This act becomes effective December 1, 2005 and expires December 1, 2012.

HOUSE BILL 1084:
Expunge Nonviolent Felonies/Young Offenders

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 14, 2005
Introduced by:	Reps. Bordsen, Crawford	**Summary by:**	Drupti Chauhan
Version:	PCS to Second Edition H1084-CSRQ-35 [v.4]		

SUMMARY: The PCS for House Bill 1084 would provide for the expunction of criminal records for offenders who are under the age of 18 at the time of commission of a nonviolent felony. A waiting period of 2 years after the conviction or any period of probation, or time served for an active sentence, period of probation or post-supervised release (whichever is later); 100 hours of community service, no prior or subsequent felony or non-traffic misdemeanor offenses; and affidavits attesting to the petitioner's character are all required.

CURRENT LAW: Article 5 of the Criminal Procedure Act provides for the expunction of criminal records of certain criminal charges or convictions. Expunction is the process by which a record of criminal conviction is removed by order of the court, and the individual is restored to the status he or she occupied before the arrest or indictment. General Statute 15A-145 (Expunction of records for first offenders under the age of 18 at the time of conviction of misdemeanor; expunction of certain other misdemeanors) allows a person convicted of a misdemeanor to file a petition for expunction of the misdemeanor from his or her criminal record if the person was under 18 at the time of a conviction or, in the case of a misdemeanor alcohol possession charge, the person was under 21 at the time of conviction. The petition may not be filed sooner than 2 years after the conviction or completion of probation and must include the following [1]:

1) an affidavit of good behavior for the two years following conviction, stating that the petitioner has not been convicted of any felony or non-traffic misdemeanor charge;

2) two affidavits of good character from persons unrelated to the petitioner;

3) a statement that the petition is a motion in the cause in the case wherein the petitioner was convicted; and

4) affidavits of the clerk of superior court, chief of police, and sheriff of the county of the offense and where the petitioner resides showing that petitioner has not been convicted of a felony or non-traffic misdemeanor offense prior to or in the two years since the conviction in question.

If the court finds in favor of the petitioner the clerk of superior court and the appropriate law enforcement agencies must expunge the record of the conviction.

Other sections of Article 5 provide for "Expunction of records when charges are dismissed or there are finding of not guilty as a result of identity fraud"[2] and "Expunction of DNA records when charges are dismissed on appeal or pardon of innocence is granted."[3].

BILL ANALYSIS: The PCS to the bill would add a new section to Article 5 "Expunction of Records" of Chapter 15A "Criminal Procedure Act" of the General Statutes. The proposed G.S. 15A-149 would

[1] G.S. 15A-145(a)(1) through (4).
[2] G.S. 15A-147.
[3] G.S. 15A-148.

provide expunction of the criminal records of first time offenders who are under 18 years of age at the time of the commission of the nonviolent felony if there are no previous or subsequent felony or misdemeanor convictions, other than a traffic violation. The petitioner cannot have received a prior expunction. "Nonviolent felony" would include any felony ***except*** the following:

- A Class A through F felony;
- A felony that includes assault as an essential element of the offense; and
- A felony that is an offense for which the convicted offender must register under Article 27A of Chapter 14 of the General Statutes (sex offenders).

If the person is convicted of more than one nonviolent felony in the same session of court, the bill provides that the multiple nonviolent felony convictions are to be treated as one nonviolent felony conviction under the section and the expunction order is to provide that the multiple convictions are to be expunged.

The procedure to be followed by the petitioner is modeled along the lines of the existing procedures for expunction of records. The petition cannot be filed earlier than two years after the date of conviction or after the time when any active sentence, period of probation, or post-release supervision has been served, whichever occurs later. The petitioner is also required to perform at least 100 hours of community service before filing the petition for expunction.

The petition must contain at least the following:

1) An affidavit of good behavior by the petitioner for the 2 years following conviction, stating that the petitioner has not been convicted of any felony or non-traffic misdemeanor charge under the laws of the United States, this State or any other state during that time;

2) Two affidavits of good character from persons unrelated to petitioner;

3) A statement that the petition is a motion in the cause in the case wherein the petitioner was convicted;

4) An application authorizing a State and national criminal record check by the Department of Justice with the results reported to the court;

5) An affidavit by the petitioner that no restitution orders or civil judgments representing amounts ordered for restitution entered against the petitioner are outstanding; and

6) An affidavit by the petitioner that he or she has performed at least 100 hours of community service since the conviction with a list of the community services performed, a list of the recipients of the services, and a detailed description of the services.

The petition is to be served on the district attorney who has 10 days to file any objections. The judge is authorized to call upon a probation officer for any additional investigation or verification of the petitioner's conduct. If the judge finds that the petitioner has met all of the requirements, the judge shall order that the petitioner be restored to the statute he or she had before the arrest or indictment. The judge shall also order that the nonviolent felony conviction be expunged from the records of the court and direct all law enforcement agencies to expunge their records, including the State Bureau of Investigation and the Federal Bureau of Investigation.

Any other applicable State or local government agency is directed to expunge from its records any entries made as a result of the conviction order expunged under this section. The agency is required to

also reverse any administrative actions taken against a person whose record is expunged under this section.

The clerk of superior court in each North Carolina county shall file with the Administrative Offices of the Court the names of those persons granted a discharge under the provisions of this section and the Administrative Offices of the Courts must maintain a confidential file containing the names of persons granted conditional discharges. This information can only be disclosed to judges of the General Court of Justice of North Carolina for the purpose of determining if any person charged with an offense has been previously given a discharge.

If a probation officer is assigned to the person eligible for expunction, the probation officer must notify the person of the provisions of this section. If no probation officer is assigned, then the court which heard the felony must provide notification of the possibility of expunction under this section.

The bill would set the filing fee for the expunction petition at $100.00 unless the petitioner was indigent. Fees collected would be deposited into the General Fund.

EFFECTIVE DATE: The bill would become effective December 1, 2005 and would expire December 1, 2012.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Judicial Branch; Department of Justice

EFFECTIVE DATE: December 1, 2005

BILL SUMMARY: This bill would enact new G.S. 15A-149 to allow expunction of records for nonviolent felonies committed by first-time offenders who were under the age of 18 at the time of the conviction. In the second edition of this bill, a nonviolent felony was defined as any felony except a Class A through Class E felony, a felony with assault as an essential element of the offense, and a felony for which the convicted offender must register as a sex offender. This PCS also excludes Class F felonies from the definition of nonviolent felonies.

To be eligible for expunction under the bill, the offender must not have been previously convicted of any felony or misdemeanor other than a traffic violation, and must have remained of good behavior and been free of conviction of any felony or misdemeanor other than a traffic violation for two years from the date of conviction of the nonviolent felony to be expunged. This PCS additionally requires that the offender must not have previously been granted an expunction. A petition cannot be filed earlier than two years after the date of conviction or when any active sentence, period of probation, and post-release supervision has been served, whichever occurs later. The offender must also perform 100 hours of community service before filing a petition. The provisions in this bill expire in seven years (December 1, 2012).

ASSUMPTIONS AND METHODOLOGY:

To estimate the number of individuals eligible to file a petition for expunction under this bill, the Administrative Office of the Courts (AOC) identified the number of defendants convicted of a single nonviolent felony while under the age of eighteen by counting the number of convictions recorded per defendant's name in each county. Using this method, AOC identified 12,056 defendants eligible for expunction due to this bill.[1]

As it would be unreasonable to assume that all 12,056 eligible individuals would petition for expunction, AOC estimated the percentage of this total that would file a petition by utilizing the petition rate for existing expunction provisions under G.S. 15A-145(a), which allows for expunction of non-traffic misdemeanors committed by offenders under age eighteen. In calendar year 2004, there were 244 petitions filed out of an estimated 6,900 eligible convictions, revealing that approximately 4 percent of eligible individuals actually sought to have their convictions expunged.

For the 12,056 existing convictions that would be eligible for expunction, AOC estimates that a greater proportion of individuals would seek expunction initially and at declining rates thereafter. However, each year AOC anticipates that an additional 725 convictions would become eligible for expunction. Of these, AOC estimates that 8 percent would seek expunction, resulting in an additional 58 petitions annually. Table 1 below outlines the total number of petitions that would be filed each year based on the estimated numbers of eligible convictions and the rate at which eligible individuals would seek expunction.

Table 1: Estimated Number of Expunction Petitions Filed

	FY 05-06	FY 06-07	FY 07-08	FY 08-09	FY 09-10
Existing Backlog of Convictions	12,056	12,056	12,056	12,056	12,056
Percentage Seeking Expunction	6%	4%	2%	2%	2%
Petitions	**723**	**482**	**241**	**241**	**241**
New Convictions	725	725	725	725	725
Percentage Seeking Expunction	8%	8%	8%	8%	8%
Petitions	**58**	**58**	**58**	**58**	**58**
Total Estimated Petitions	**781**	**540**	**299**	**299**	**299**

[1] To the extent that two individuals with identical names would appear to be one individual with multiple convictions, this approximation would underestimate the number of defendants eligible for expunction under this bill. However, to the extent that some individuals could have a single conviction in multiple counties, this approximation would be an overestimate.

Revenues

Under this bill there would be a $100 fee when filing a petition for expunction. AOC estimates that approximately one quarter of petitioners would be indigent and would thus not pay the fee when seeking expunction. Table 2 below outlines projected revenues if 75 percent of petitioners were to pay the $100 fee.

Expenditures

Judicial Branch

Petitions filed as a result of this bill would lead to additional workload and costs for superior court and the Administrative Office of the Courts.

Superior Court: Clerks would devote time to receiving, filing, and processing petitions, as well as destroying and otherwise expunging court files and records. Additionally, the petitioner would pay a $100 fee when filing a petition, and clerks would incur time receiving and processing these payments or an affidavit of indigency if the petitioner is unable to pay. The petition must also be served on the district attorney, who would then have ten days to review and file an objection. Furthermore, the bill specifies that a hearing must be held and lists the findings that would justify expunction. Under current practice, most hearings are conducted in chambers or otherwise informally, and with rare exceptions, are uncontested. Nevertheless, expunction petitions due to this bill would require additional judge time to review affidavits and other documents, hear from the petitioner, make an evaluation, and issue an order. For cases that are contested or require closer scrutiny, significant judge time would be required.

Administrative Office of the Courts: To seek expunction under existing law, a person fills out an AOC form, which is sent to the SBI for a national record check and to the AOC to determine whether the person has previously had a record expunged. In 2004, AOC processed 6,297 of these requests. As under current law, this bill would require AOC to maintain a confidential file of expungements. Handling current expunction petitions requires approximately one-half of a position in order to look up the information, handle related communications with the clerk and SBI, answer citizen questions, and maintain the files. Also, AOC would incur costs for programming, development, production of forms, postage, copying, printing, mailing, and similar operating costs.

Table 3 on the next page outlines the additional costs that would be needed to process the estimated number of expunction petitions resulting from this bill each year. These figures represent additional resource costs for the Courts but, as they are formulated on fractional position estimates, do not represent the need for additional positions. The position and cost estimates are not changed with the slight reduction in petitions by excluding Class F felonies under the PCS.

Deputy Clerks	0.20	$6,766	0.14	$4,736	0.08	$2,706
Superior Court Judges	0.11	$16,452	0.08	$11,965	0.04	$5,982

Total		**$36,750**		**$26,442**		**$13,858**

Department of Justice

The State Bureau of Investigation (SBI) in the Department of Justice is involved in the expunction process in two ways:

1. The SBI reviews applications for expunction to determine whether the applicant is eligible, and transmits that information to the Court system.
2. Upon a judicial order for expunction, the SBI removes information from its databases and forwards the expunction order to the Federal Bureau of Investigation.

The workload of four different positions in the SBI is affected by this bill – two processing assistants, a fingerprint technician supervisor, and an attorney. It requires a total of approximately 67 minutes of staff time to process an application and 172 minutes of staff time to process an expunction order. The SBI estimates that 87 percent of applications result in expunction orders. Using data and methodology from the Administrative Office of the Courts, we estimate the following:

Table 4: Estimated SBI Position and Operating Expenditures

	2005-06	2006-07	2007-08
Number of applications	781	540	299
Number of orders (87%)	679	470	260
Cost per Application	$27.79	$27.79	$27.79
Cost per Order	$61.24	$61.24	$61.24
Postage per Order	$1.27	$1.27	$1.27
TOTAL	**$64,303**	**$44,460**	**$24,618**
Positions required	**1.30**	**0.90**	**0.50**

The staff time required to process 781 applications is equivalent to one full-time position. Therefore, the box on the front page reflects one additional position required for the SBI in FY 2005-06. Position requirements will decrease in later years as workload declines.

TECHNICAL CONSIDERATIONS:

1. Effective date: This bill would be effective December 1, 2005. AOC notes that considerable preparation would be necessary to implement this bill, including hiring and training personnel, modifying computer programs, and coordination between AOC and the SBI to prepare for the

anticipated increase in petitions. AOC expects that an effective date no earlier than January 1, 2006 would be necessary to implement the bill.

2. Notice to Department of Correction and Division of Motor Vehicles: The bill does not include the Department of Correction or Division of Motor Vehicles among the agencies to whom the Clerk must send a certified copy of an expungement order. The mechanism by which DOC and DMV would receive notice of an expungement order is not specified.

3. Fee for Expungement. This bill sets a fee of $100 for expungements resulting from this legislation. Currently, the fee for expungement is $65. Senate Bill 622 (2005 Appropriations Act), which has passed the Senate and been referred to the House, would increase fees for expungements to $125.

(b) Separation of Employment. – If the certificate holder is an employee of the firm, partnership, association, or corporation, employment must continue for the certificate to remain in force. If separation of the employee occurs, the firm, partnership, association, or corporation must employ a certified contractor or inspector within 60 days for the certificate to remain in force.

"**§ 90A-81. Investigation of complaints.**

(a) Misconduct. – A person may refer to the Board charges of fraud, deceit, negligence, incompetence, or misconduct against any contractor or inspector licensed under this Article. The charges shall be in writing and sworn to by the complainant and submitted to the Board. These charges, unless dismissed without a hearing by the Board as unfounded or trivial, shall be heard and determined by the Board in accordance with the provisions of Chapter 150B of the General Statutes. An association that receives professional recognition of its own certification process by the Board shall be responsible for the conduct and competency of its members.

The Attorney General may bring an action for an injunction in the name of the State in the superior court of any county in which the violator resides or the violator's principal place of business is located. In any proceedings for an injunction, it shall not be necessary to allege or prove either that an adequate remedy at law does not exist, or that substantial or irreparable damage would result from the continued violation. Members of the Board shall not be personally or professionally liable for any act or omission pursuant to this subsection. The Board shall not be required to post a bond in connection with any action to obtain an injunction.

(d) Offenses. – A person who commits any one or more of the following offenses is guilty of a Class 2 misdemeanor:

(1) Engages in or offers to engage in the construction, installation, repair, or inspection of an on-site wastewater system without the appropriate certificate for the specific grade of on-site wastewater system.

(2) Gives false or forged evidence of any kind in obtaining a certificate.

(3) Falsely impersonates a certificate holder."

House Bill 688:
Certify On-Site Wastewater Contractors.

BILL ANALYSIS

Committee:	**House Finance**	**Sponsors:**	Representatives Gibson and Culp
Date:	**June 21, 2005**	**Analysis by:**	Ashley Huffstetler
Version:	**PCS to 1st Edition** H688-CSMB-24		Staff Attorney

SUMMARY: The PCS to House Bill 688 requires licensing of on-site wastewater contractors and inspectors. It also creates a nine-member NC On-Site Wastewater Contractors and Inspectors Certification Board and sets out the maximum fees the board may charge.

BACKGROUND: Under current law, persons who install, extend, repair, or inspect on-site wastewater systems are not regulated. In order to install or repair an on-site wastewater system, a person is only required to register with the local health department. The wastewater systems themselves are regulated by the Department of Environment and Natural Resources.

The Legislative Committee on New Licensing Boards studied this issue and published a report in May 2006, recommending licensing of on-site wastewater contractors and inspectors. Specifically, the committee found that the unregulated practice of on-site wastewater contractors can harm the public health, safety, or welfare because the installation and repair of new on-site wastewater systems and the inspection of existing systems at the time of property transfer are not currently regulated in a way that provides the public with assurance of competent construction practices. The Committee found that the current requirement of registration with the local health department does not adequately protect the state's environmental health or the public health of the citizens of North Carolina.

BILL ANALYSIS: The PCS to House Bill 688 adds a new Article 5 to G.S. Chapter 90A to require licensing of on-site wastewater contractors and inspectors.

Any person who constructs, installs, repairs, or inspects an "on-site wastewater system" must hold the required level of certification for the particular system. Also, a certified on-site wastewater system inspector is required for any professional performance inspection of an existing on-site wastewater system. An "on-site wastewater system" is defined as "any wastewater system permitted under the provisions of Article 11 of Chapter 130A of the General Statutes that does not discharge to a treatment facility or other surface waters."

Exemptions from Certification.

Persons not required to be certified include:

- A landowner who constructs, installs, or repairs an on-site wastewater system described as a single septic system so long as it is intended for use by that person and members of that person's immediate family.
- A licensed general contractor who constructs or installs an on-site wastewater system ancillary to the building being constructed.
- A person already certified by the Water Pollution Control System Operators Certification Commission who is contracted to provide necessary operation and maintenance on an on-site wastewater system.
- A person permitted under Chapter 143 to construct a water pollution control facility necessary to comply with the terms and conditions of an NPDES permit.

- A licensed public utilities contractor who is installing or expanding a wastewater treatment facility, including a collection system, designed by a registered professional engineer.

Initial Certification Requirements.

General Requirements: All applicants for certification must meet the following conditions:

- Be at least 18 years old.
- File a properly completed application with the Board or submit a recognized application from an accepted association.
- Be of good moral character and submit three (3) affidavits of persons not related to the applicant for whom the applicant has provided on-site wastewater services.
- Complete the training program designed by the Board specific to the grade level for which the applicant is applying. Grade levels are established by the Board based on design capacity, complexity, projected costs, and other features of approved on-site wastewater systems.
- Pay the applicable fee.

Applicants with No Prior Experience: Applicants with no prior experience in providing on-site wastewater services must:

- Complete an application; and
- Complete a basic on-site wastewater education program approved by the Board.

After meeting the above conditions, the applicant is then eligible to participate in training courses designed by the Board for the grade level for which the applicant is applying.

No Degree Requirement: Applicants are not required to hold a degree to be certified.

Fees. Fees are set by the Board and cannot exceed the following amounts:

Purpose of Fee	Fee Amount
Application for basic certification	$150.00
Application for each step grade	$50.00
Certification renewal	$100.00
Reinstatement of revoked or suspended certification	$500.00
Application for on-site wastewater system inspector certification	$200.00
Replacement of a certificate	$25.00
Late renewal	$25.00

ASSUMPTIONS AND METHODOLOGY:
The On-Site Wastewater Contractors and Inspectors Certification Board created by this act will be entirely funded by fees and contributions as set forth in G.S. 90A-75. All fees and contributions will be deposited into the On-Site Wastewater Certification Fund to be established in DENR. The NC Septic Tank Association estimates the number of installers ranges from 1,500 to 2,000, of which 300 to 400 will also request certification as on-site wastewater system inspectors. In order to meet the January 1, 2007 certification deadline, this fiscal note assumes that half of installers seeking certification will apply in FY 05-06 and half will apply in FY 06-07. After this initial certification period, the Septic Tank Association believes that the number of new applications each year will be minimal. Consequently, this fiscal note assumes a 5% annual growth rate in new applications and a 95% renewal rate in subsequent years. Table 1 below summarizes the revenue generated if the Board adopts the maximum fees allowed. A revenue estimate cannot be given at this time on the number of applications for step grades or revoked/suspended certificates.

Table 1: Estimated Fee Revenue

		FY 05-06	FY 06-07	FY 07-08	FY 08-09	FY 09-10
Number of Applications						
New Applications						
-Basic		750	750	75	79	83
-System Inspector		150	150	15	16	17

Fee Revenues:

-Basic	$150	$112,500	$112,500	$11,250	$11,813	$12,403
-System Inspector	$200	$30,000	$30,000	$3,000	$3,150	$3,308
Renewals	$100	$0	$85,500	$166,725	$166,939	$167,569
Total		**$142,500**	**$228,000**	**$180,975**	**$181,901**	**$183,280**

At this time a precise estimate of the cost to operate this program is not available. DENR staff, however, estimates the Board's operating costs will average $180,000 a year for a staff of three (includes salaries and fringe benefits, travel for Board and staff, rental, postage, supplies, contractual services, etc.). This estimate is based on the staff DENR employs for its Water Certification Board. Additional start-up costs in the first year are estimated to be $16,000 for furniture, computers, printers, and software.

G.S. 90A-82(d) – Class 2 Misdemeanor Offenses

Department of Correction
The Sentencing and Policy Advisory Commission prepares inmate population projections annually. The projections used for incarceration fiscal notes are based on January 2005 projections. These projections are based on historical information on incarceration and release rates under Structured Sentencing, crime rate forecasts by a technical advisory group, probation and revocation rates, and the decline (parole and maxouts) of the stock prison population sentenced under previous sentencing acts. Based on the most recent population projections and estimated available prison bed capacity, *there are no surplus prison beds available for the five-year fiscal note horizon and beyond.*

As the offenses created by this bill would be new, the Sentencing Commission has no historical data from which to estimate the impact on local jail populations.

- In FY 2003-04, 15 percent of Class 2 misdemeanors resulted in active sentences with an average estimated time served of 13 days.
- Offenders with active sentences of less than thirty days are housed in county jails at county expense.
- The remaining 85 percent of Class 2 misdemeanants received non-active sentences. For those offenders sentenced to supervised probation, the Division of Community Corrections (DCC) would incur costs of $1.87 per offender per day. Offenders sentenced to community service would cost $0.67 per offender per day, and offenders given unsupervised probation would not impact DCC.

Judicial Branch
For most criminal penalty bills, the Administrative Office of the Courts (AOC) provides Fiscal Research with an analysis of the fiscal impact of the specific bill. For these bills, fiscal impact is typically based on the assumption that court time will increase due to an expected increase in trials and a corresponding increase in the hours of work for judges, clerks, and prosecutors. This increased court time is also expected to result in greater expenditures for jury fees and indigent defense.

As this bill would create new Class 2 misdemeanor offenses, no data is available to estimate the specific number of additional charges that might result from this bill. Based on the costs of time in court, attorney preparation time, and indigent defense, the average estimated cost to process one Class 2 misdemeanor via trial is $2,322. This cost includes an estimated $1,373 in costs of time in court and attorney costs and an additional $949 in indigent defense. However, based on

prior-year data, the majority of any new Class 2 misdemeanor charges that are not dismissed are likely to be settled by guilty plea at an estimated cost of $272 per plea.

AOC notes that new G.S. 90A-82(c), which would authorize the Board to request that the Attorney General seek an injunction to restrain any violators of the new article, could increase superior court workload. However, no data is available from which to estimate the frequency with which the Attorney General would seek an injunction under the bill and, as such, the specific cost cannot be determined.

HOUSE BILL 688/SENATE BILL 568
CERTIFY ON-SITE WASTEWATER CONTRACTORS

History: North Carolina is traditionally #1 or #2 in new on-site wastewater installations nationally each year. On average, about 43,000 new, expanded or repaired systems are installed each year in North Carolina. To date there is no statewide licensing or certification process for those persons doing this work. There are programs already established that require continuing education and certification for persons who service (pump out) septic tanks (Division of Waste Management) and for persons who operate and maintain certain types of on-site systems (sub-surface operators by the Water Pollution Certification Board).

- *Establishes a 9 member Certification Board that would develop the continuing education requirements and administer the Program.*
- *Would develop levels of certification based on technology and complexity so that the individual person could choose the level he is most comfortable with.*
- *Establishes a graduated level of fees. The Program would be fee-supported. If passed, the start-up money would have to be found through donations. There would obviously be initial costs prior to the fees coming in.*
- *Would provide a requirement that persons installing a new system or expanding/repairing an existing system would have to be certified (or licensed) by the State at that level. This language would also prohibit the local health department from approving such an unauthorized system.*
- *Provides a requirement for certification (license) for persons who inspect existing systems at time of property resale. This service is currently being asked for by lending institutions and is being done by traditional "home inspectors" who do not necessarily have to background or equipment to do the job adequately. The 9 member Board would set guidelines as to the "depth" of inspection.*
- *Effective date of this Bill is January 1, 2007. We feel that the passage of this legislation, the development of the Board, the*

establishment of the protocol and curriculum, and the training across the State will require approximately 18 months.

- *There is no "grandfather" clause in this Bill. There are two exemptions: (1) A person licensed under Article 1 of Chapter 87 who constructs or installs an on-site system ancillary to the building being constructed (the licensed General Contractor). This limits the person from advertising as a licensed On-Site Installer. The person must be the General Contractor of record on the project. (2) A person who constructs, installs, or repairs an on-site system on land owned by that person and for their own use. This is also limited to a simple system of a single tank and gravity-fed drainfield.*

There will be the inevitable PCS. This will not change the establishment of the certification (license), only provide some clarifying changes in language. For instance, by definition:

- *"Inspector" is a term already used for denoting the environmental health specialist in the local health department. They are already acting as agents of the State. This Bill would have a definition of "inspector" changed to mean a person certified under this law to conduct a field evaluation of an existing on-site wastewater system.*
- *Applicability: This Article would not apply to a person who is certified by the Water Pollution Board to operate and maintain the on-site wastewater system. In this Bill, only the person who installs the new system or by condition of a repair permit issued by the LHD, expands or repairs the system.*
- *Applicability: This Article does not apply to a person licensed under Article 1 of Chapter 87 of the General Statutes as a licensed public utilities contractor who is installing a Wastewater Treatment Facility with a design flow greater than 3,000 gallons per day and discharging to the surface waters.*

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE DEPARTMENT OF JUSTICE TO CONDUCT CRIMINAL HISTORY RECORD CHECKS FROM STATE AND NATIONAL REPOSITORIES OF CRIMINAL HISTORY OF APPLICANTS FOR LICENSURE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 90-270.4(e) reads as rewritten:

"(e) Nothing in this Article shall be construed to prevent qualified members of other professional groups licensed or certified under the laws of this State from rendering services ~~consistent with their professional training and code of ethics,~~within the scope of practice, as defined in the statutes regulating those professional practices, provided they do not hold themselves out to the public by any title or description stating or implying that they are psychologists or are licensed, certified, or registered to practice psychology."

SECTION 2. Article 18A of Chapter 90 of the General Statutes is amended by adding the following new section to read:

"**§ 90-270.22. Criminal history record checks of applicants for licensure and licensees.**

(a) The Board may request that an applicant for licensure or reinstatement of a license or that a licensed psychologist or psychological associate currently under investigation by the Board for allegedly violating this Article consent to a criminal history record check. Refusal to consent to a criminal history record check may constitute grounds for the Board to deny licensure or reinstatement of a license to an applicant or take disciplinary action against a licensee, including revocation of a license. The Board shall be responsible for providing to the North Carolina Department of Justice the fingerprints of the applicant or licensee to be checked, a form signed by the applicant or licensee consenting to the criminal record check and the use of fingerprints and other identifying information required by the State or National Repositories, and

any additional information required by the Department of Justice. The Board shall keep all information obtained pursuant to this section confidential.

(b) Limited Immunity. – The Board, its officers and employees, acting in good faith and in compliance with this section, shall be immune from civil liability for denying licensure or reinstatement of a license to an applicant or the revocation of a license or other discipline of a licensee based on information provided in the applicant's or licensee's criminal history record check."

SECTION 3. Article 4 of Chapter 114 of the General Statutes is amended by adding the following new section to read:

"**§ 114-19.16. Criminal record checks of applicants for licensure and licensees.**

The Department of Justice may provide to the North Carolina Psychology Board from the State and National Repositories of Criminal Histories the criminal history of any applicant for licensure or reinstatement of a license to practice psychology or a licensed psychologist or psychological associate under Article 18A of Chapter 90 of the General Statutes. Along with the request, the Board shall provide to the Department of Justice the fingerprints of the applicant or licensee, a form signed by the applicant or licensee consenting to the criminal record check and use of fingerprints and other identifying information required by the State and National Repositories, and any additional information required by the Department of Justice. The applicant's or licensee's fingerprints shall be forwarded to the State Bureau of Investigation for a search of the State's criminal history record file, and the State Bureau of Investigation shall forward a set of fingerprints to the Federal Bureau of Investigation for a national criminal history record check. The Board shall keep all information obtained pursuant to this section confidential. The Department of Justice may charge a fee to offset the cost incurred by it to conduct a criminal record check under this section. The fee shall not exceed the actual cost of locating, editing, researching, and retrieving the information."

Criminal Record Checks/Psychology Practice Act

BILL ANALYSIS

Committee: House Finance
Date: June 21, 2005
Version: 2nd Edition

Sponsor: Representatives Harrison, Martin, and Wiley
Analysis: Ashley Huffstetler

SUMMARY: ***House Bill 1327 provides authority to conduct criminal background checks for applicants for licensure under the Psychology Practice Act.***

BILL ANALYSIS: House Bill 1327 allows the North Carolina Psychology Board ("Board") to request that an applicant for licensure or reinstatement of a license or a licensed psychologist or psychological associate currently under investigation by the Board consent to a criminal background check.

The bill authorizes the Board to obtain fingerprints from the applicant or licensee and submit those to the State Bureau of Investigation ("SBI") for a state and national criminal history check. The SBI is authorized to charge a fee for the background check.

The Board is granted limited immunity for a denial or revocation of a license taken in good faith based on information provided in the criminal history check.

THE 2nd EDITION MADE THE FOLLOWING CHANGES: House Bill 1327 was given a favorable report in House Judiciary I after the following changes were made: a modification to the reference to scope of practice in G.S. 90-270.4(e), a clarification that the criminal history checks apply to those licensees who have *allegedly* violated the provisions of the act, the requirement that the Board ensure that State and federal checks were done was omitted, and the provisions defining which crimes constituted a "criminal history" and the factors the Board was to consider in making a determination of licensure were removed.

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY:

The first edition of this bill enacted new GS 114-19.16 concerning an applicant for licensure or reinstatement of license to practice psychology, or a licensed psychologist or psychological associate. Enacted new GS 90-270.22 to provide that: (1) NC Psychology Board may request that applicant for licensure or reinstatement of license or a licensed psychologist or psychological associate currently under investigation by Board to consent to criminal history check; (2) refusal to consent may constitute grounds for denial of licensure or reinstatement of license or disciplinary action against licensee, including revocation of license; (3) "criminal history" is defined to include conviction of specified crimes; and (4) conviction will not automatically bar licensure or reinstatement of license or result in revocation of license, but Board may consider conviction along with other specified factors.

House committee substitute makes the following changes to first edition: Modifies proposed GS 90-270.22 to (1) provide that criminal history record check provisions apply to those who have allegedly violated the provisions of the act (was, violated); (2) delete requirement that the Board ensure that the State and national criminal history of an applicant or licensee is checked; (3) delete

provisions allowing Board to deny licensure or reinstatement even though criminal history record check reveals one or more convictions; and (4) delete provisions defining those crimes the conviction for which makes up one's "criminal history."

ASSUMPTIONS AND METHODOLOGY:

NC Psychology Board. Based upon the average number of applicants over the past five years, the NC Psychology Board anticipates approximately 200 criminal checks annually with payment for the checks provided by the applicants. According to the Board, the inclusion of a criminal record check in the application process is not expected to increase the time spent in processing an application or requirement for additional personnel. Receipt of this information will be incorporated into the Board's current process. There is an estimated increase in postage of $120.00 that is considered so insignificant that it will be covered in the Board's existing budget.

Department of Justice. The Department charges $38 for a state and national fingerprint background check. Of the $38, $22 is remitted to the Federal Bureau of Investigation for the national check; the remaining $16 is retained by the Department of Justice and used to fund receipt-supported positions to conduct the background checks. Internal costs per background check range from $11.45 to $17.95, with an average cost of $16.33. The Department currently has the capacity to conduct the projected 200 background checks per year due to this bill.

A BILL TO BE ENTITLED

AN ACT TO REQUIRE A CRIMINAL BACKGROUND CHECK OF ALL STUDENTS ADMITTED INTO A SCHOOL OF MEDICINE AT A NORTH CAROLINA INSTITUTION OF HIGHER EDUCATION.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 116 of the General Statutes is amended by adding a new Article to read:

"Article 33.

"Criminal Background Checks Required for Medical Students.

"**§ 116-265. Criminal background check required for medical students.**

(a) The following definitions apply in this Article:

(1) "Institution" includes both constituent institutions and private institutions.

(2) "Constituent institution" is as defined in G.S. 116-2.

(3) "Private institution" means an institution licensed under G.S. 116-15 and any other institution in this State that meets all of the requirements and regulations of the accrediting agencies whose approval is normally required for the establishment and operation of a medical school.

(4) "Applicant" means a person who has accepted an offer of admission at a school of medicine at an institution in this State.

(b) Any institution that has a school of medicine shall require as part of its matriculation process a national and State criminal background check of every person who has accepted an offer of admission to the school of medicine at the institution.

(c) The Department of Justice may provide a criminal record check to a constituent institution for a person who is accepted for admission to the school of medicine. If the institution is a private institution, then the Department of Justice may provide a criminal record check to the North Carolina Medical Board on behalf of the private institution as provided by G.S. 116-266. The institution shall provide to the Department of Justice, along with the request, the fingerprints of the applicant, any

additional information required by the Department of Justice, and a form signed by the applicant consenting to the check of the criminal record and to the use of the fingerprints and other identifying information required by the State or national repositories. The applicant's fingerprints shall be forwarded to the State Bureau of Investigation for a search of the State's criminal history record file, and the State Bureau of Investigation shall forward a set of the fingerprints to the Federal Bureau of Investigation for a national criminal history check. The institution and the North Carolina Medical Board shall keep all information pursuant to this subsection privileged, in accordance with applicable State law and federal guidelines, and the information shall be confidential and shall not be a public record under Chapter 132 of the General Statutes.

The Department of Justice may charge each applicant a fee for conducting the checks of criminal history records authorized by this subsection; however, the fee shall not exceed the cost of conducting the criminal background check.

Nothing in this Article prohibits an institution from contracting with a private company to conduct the criminal background checks required by this Article.

"**§ 116-266. North Carolina Medical Board to receive criminal background check information on behalf of private medical schools.**

If the institution requesting the background check in compliance with G.S. 116-265 is a private institution, then the institution may request that the State Bureau of Investigation provide the information received from the background check to the North Carolina Medical Board. Upon request of the private institution, the Medical Board shall receive the information from a student's background check and shall review the information using the same criteria to evaluate the information that is used to evaluate the information received by the Board under G.S. 90-11. If the Medical Board determines any information received from the criminal background check would cause the Medical Board either to refuse to license a student to practice medicine under G.S. 90-11 or to investigate a student further before issuing a license to the student, then the Medical Board shall report that fact to the private institution requesting the background check.

The Medical Board may charge the private institution a reasonable fee for providing this service.

"**§ 116-267. Evaluation of criminal background information by school of medicine; effect on admissions decision.**

The information collected as a result of the criminal background check required by this Article shall be considered by the appropriate school of medicine in determining whether or not to complete an applicant's matriculation process. A criminal conviction shall not automatically preclude an applicant from matriculating, and the school of medicine may use its discretion in evaluating the applicant's fitness for the study of medicine."

SECTION 2. This act is effective when it becomes law and applies to the 2006-2007 academic year and each subsequent academic year.

HOUSE BILL 1515:
Med Schools/Crim Background Check

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 21, 2005
Introduced by:	Reps. LaRoque, England	**Summary by:**	Drupti Chauhan
Version:	Second Edition		Research Division

SUMMARY: House Bill 1515 would require criminal background checks of all students admitted to a school of medicine located in the State.

BILL ANALYSIS: House Bill 1515 would require criminal background checks of all students admitted to a medical school in the State. Every medical school must require, as a part of the matriculation process, a national and State criminal background check of every student that has accepted an offer of admission.

The NC Department of Justice (DOJ) may provide a criminal background check to a UNC constituent institution for a student admitted into a school of medicine. If the institution is private, the Department of Justice may provide a criminal background check to the NC Medical Board for the private institution. Both public and private institutions must provide to the DOJ fingerprints of the applicant, information requested by the DOJ and a consent form signed by the applicant.

The DOJ is required to send the fingerprints to the State Bureau of Investigation for a search of the State criminal records and the State Bureau of Investigation is required to forward a set of the fingerprints to the Federal Bureau of Investigation for a national criminal history check.

All information obtained must be kept confidential. The DOJ may charge each applicant a fee that does not exceed the cost of conducting the criminal background check.

If institution requesting the criminal check is a private institution, then it may request the information received from the background check go to the NC Medical Board. If the NC Medical Board determines that the information would cause the Medical Board to refuse to issue a license to the student or to further investigate the student, then it shall report that fact to the private institution. This determination shall be made using the same criteria that is used to evaluate the issuance of licenses under G.S. 90-11.

The NC Medical Board may charge the private institution a reasonable fee for providing this service.

The school of medicine must use the information collected from criminal background check in determining whether or not to complete the applicant's matriculation process.

EFFECTIVE DATE: The bill would become effective when it becomes law and applies to the 2006-2007 academic year and each subsequent academic year.

House Committee on Finance

Minutes

~

June 23, 2005

The House Committee on Finance met on Thursday, June 23, 2005 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons Alexander, Howard, Gibson, and Wainwright; Vice-Chairs Daughtridge, Hill, Weiss, and Womble; and Representatives Blackwood, Capps, Carney, Folwell, Goforth, Hackney, McGee, Rayfield, and Wiley. Also present were Sergeant-at-Arms Bill Freeman, Fred Hines, Dusty Rhodes, and Walter Spell. Staff persons present included Rodney Bizzell, Erika Churchill, and Martha Walston. The Visitor Registration Sheets are attached and incorporated into these minutes as **attachment 1.**

Vice-Chairman Hill called the meeting to order at 8:30 am and recognized the eight (8) pages present: (1) Amber Anderson of Durham County, sponsored by Representative Luebke; (2) Nichole Anderson of Durham County, sponsored by Representative Luebke; (3) Scott Burton of Mecklenburg County, sponsored by Representative Rhodes; (4) Amy Gwynn of Wake County, sponsored by Representative Culpepper; (5) Cam Hill of Chatham County, sponsored by Representative Hackney; (6) Courtney Jackson of Duplin County, sponsored by Representative Tucker; (7) Amy McLeod of Wake County, sponsored by Representative Culpepper; (8) Elizabeth Plemmons of Buncombe County, sponsored by Representative Sherrill.

Vice-Chairman Hill then referred Senate Bill 369 entitled, "Franklin County Occupancy Tax," to the Subcommittee on Occupancy Tax.

Vice-Chairman Hill then recognized Representative Gibson to explain **SB 388 – WATHA TOWN COUNCIL/BOLTON DEANNEXATION** (see **attachment 2**). Representative Gibson explained that the bill amends the charger of the Town of Watha to provide that the Mayor and Commissioners shall serve four-year terms, instead of two-year terms. The bill also annexes certain property to the Town of Bolton. Representative Gibson reported that the bill has received no opposition and received a favorable report from the House Local Government II Committee. He also noted that the bill was extremely time sensitive and had to be passed by both the House and Senate by June 30, before the beginning of the new fiscal year. Following the explanation, Representative Wainwright was recognized and moved that Senate Bill 388 be given a favorable report by the Committee. Seeing no further discussion, Vice-Chairman Hill called the motion to a vote and it carried by consent.

As there was no further business before the Committee, Vice-Chairman Hill then adjourned the meeting at 8:32 am.

Respectfully submitted,

Representative Dewey Hill
Presiding Chair

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 22, 2005
Introduced by:	Sen. Soles	**Summary by:**	R. Erika Churchill
Version:	Second Edition		Committee Counsel

SUMMARY: Senate Bill 388 would amend the charter of the Town of Watha to provide that the Mayor and Commissioners shall serve 4 year terms, and that the commission's organizational meeting shall be fixed as provided in G.S. 160A-68, and annex certain described territory into the Town of Bolton.

Section 1.

CURRENT LAW AND BILL ANALYSIS: The Town of Watha was incorporated in 1909, but no terms were set for the mayor or the members of the governing board. The Mayor and Commissioners currently serve 2-year terms.

G.S. 160A-68 provides the general procedure for the organizational meeting of the town council following an election. The general provisions are:

- The town council may fix the date and time of the organization meeting, such time being after the results of the municipal election have been certified by the board of elections and no later than the first regular meeting in December of the municipal election year. If the council does not specify a date and time for the organizational meeting, the default is the first regular meeting in December of the municipal election year.
- The newly elected members of the council and mayor, if applicable, are to take the oath of office at the organizational meeting.

Section 1 of the bill would amend the town charter to provide for 4-year terms for the mayor and all council members. Additionally, the provisions of G.S. 160A-68 would apply to the organizational meeting of the council in municipal election years.

Section 2.

CURRENT LAW AND BILL ANALYSIS:

Section 2 of the bill would add certain described territory to the corporate boundaries of the Town of Bolton.

EFFECTIVE DATE: The act would become effective June 30, 2005.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE THAT A YOUTHFUL OFFENDER'S CRIMINAL RECORD MAY BE EXPUNGED OF NONVIOLENT FELONIES.

The General Assembly of North Carolina enacts:

SECTION 1. Article 5 of Chapter 15A of the General Statutes is amended by adding a new section to read:

"**§ 15A-149. Expunction of records for first offenders who are under 18 years of age at the time of the commission of a nonviolent felony.**

(a) For purposes of this section, the term "nonviolent felony" means any felony except the following:

(1) A Class A through F felony.

(2) A felony that includes assault as an essential element of the offense; and

(3) A felony that is an offense for which the convicted offender must register under Article 27A of Chapter 14 of the General Statutes.

(b) Notwithstanding any other provision of law, if a person is convicted of more than one nonviolent felony in the same session of court, then the multiple nonviolent felony convictions shall be treated as one nonviolent felony conviction under this section, and the expunction order issued under this section shall provide that the multiple convictions shall be expunged from the person's record in accordance with this section.

(c) Whenever any person who had not yet attained the age of 18 years at the time of the offense and has not previously been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States, the laws of this State, or any other state pleads guilty to or is guilty of a nonviolent felony, the person may file a petition in the court where the person was convicted for expunction of the nonviolent felony from the person's criminal record. The petition cannot be filed earlier than two

years after the date of the conviction or when any active sentence, period of probation, and post-release supervision has been served, whichever occurs later. The person shall also perform at least 100 hours of community service, preferably related to the conviction, before filing a petition for expunction under this section. The petition shall contain, but not be limited to, the following:

(1) An affidavit by the petitioner that he or she has been of good behavior for the two-year period since the date of conviction of the nonviolent felony in question and has not been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States or the laws of this State or any other state.

(2) Verified affidavits of two persons who are not related to the petitioner or to each other by blood or marriage that they know the character and reputation of the petitioner in the community in which he or she lives and that the petitioner's character and reputation are good.

(3) A statement that the petition is a motion in the cause in the case wherein the petitioner was convicted.

(4) An application on a form approved by the Administrative Office of the Courts requesting and authorizing a State and national criminal record check by the Department of Justice using any information required by the Administrative Office of the Courts to identify the individual and a search of the confidential records of expunctions maintained by the Administrative Office of the Courts. The application shall be forwarded to the Department of Justice and to the Administrative Office of the Courts to conduct the searches and report the findings to the court.

(5) An affidavit by the petitioner that no restitution orders or civil judgments representing amounts ordered for restitution entered against him or her are outstanding.

(6) An affidavit by the petitioner that the petitioner has performed at least 100 hours of community service since the conviction for the nonviolent felony. The affidavit shall include a list of the community services performed, a list of the recipients of the services, and a detailed description of those services.

The petition shall be served upon the district attorney of the court wherein the case was tried resulting in conviction. The district attorney shall have 10 days thereafter in which to file any objection thereto and shall be duly notified as to the date of the hearing of the petition.

The judge to whom the petition is presented is authorized to call upon a probation officer for any additional investigation or verification of the petitioner's conduct during the two-year period that the judge deems desirable.

(d) The court shall order that the person be restored, in the contemplation of the law, to the status the person occupied before such arrest or indictment or information if the court finds all of the following after a hearing:

(1) The petitioner has remained of good behavior and has been free of conviction of any felony or misdemeanor, other than a traffic violation, for two years from the date of conviction of the nonviolent felony in question or any active sentence, period of probation or post-release supervision has been served, whichever is later.

(2) The petitioner has not previously been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States, the laws of this State, or any other state.

(3) The petitioner has no outstanding restitution orders or civil judgments representing amounts ordered for restitution entered against him or her.

(4) The petitioner was less than 18 years old at the time of the commission of the offense in question.

(5) The petitioner has performed at least 100 hours of community service since the time of the conviction.

(6) The search of the confidential records of expunctions conducted by the Administrative Office of the Courts shows that the petitioner has not been previously granted an expunction.

No person as to whom such order has been entered shall be held thereafter under any provision of any laws to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, or indictment, information, or trial, or response to any inquiry made of the person for any purpose.

(e) The court shall also order that the nonviolent felony conviction be expunged from the records of the court and direct all law enforcement agencies bearing record of the same to expunge their records of the conviction. The clerk shall forward a certified copy of the order to the sheriff, chief of police, or other arresting agency. The sheriff, chief, or head of any other arresting agency shall then transmit the copy of the order with a form supplied by the State Bureau of Investigation to the State Bureau of Investigation, and the State Bureau of Investigation shall forward the order to the Federal Bureau of Investigation.

(f) Any other applicable State or local government agency shall expunge from its records entries made as a result of the conviction ordered expunged under this section. The agency shall also reverse any administrative actions taken against a person whose record is expunged under this section as a result of the charges or convictions expunged. This subsection shall not apply to the Department of Justice for DNA records and samples stored in the State DNA Database and the State DNA Databank.

(g) The clerk of superior court in each county in North Carolina shall, as soon as practicable after each term of court in the clerk's county, file with the Administrative Office of the Courts the names of those persons granted a discharge under the provisions of this section, and the Administrative Office of the Courts shall maintain a confidential file containing the names of persons granted conditional discharges. The information contained in the file shall be disclosed only to judges of the General Court of Justice of North Carolina for the purpose of ascertaining whether any person charged with an offense has been previously granted a discharge.

(h) Any person eligible for expunction of a criminal record under this section shall be notified about the provisions of this section by the probation officer assigned to that person. If no probation officer is assigned, notification of the provisions of this section shall be provided by the court at the time of the conviction of the felony which is to be expunged under this section.

(i) A person who files a petition for expunction of a criminal record under this section must pay the clerk of superior court a fee of one hundred dollars ($100.00) at the time the petition is filed. Fees collected under this subsection shall be deposited in the General Fund. This subsection does not apply to petitions filed by an indigent."

SECTION 2. This act becomes effective December 1, 2005 and expires December 1, 2012.

Version:	PCS to Second Edition H1084-CSRQ-35 [v.4]		

SUMMARY: The PCS for House Bill 1084 would provide for the expunction of criminal records for offenders who are under the age of 18 at the time of commission of a nonviolent felony. A waiting period of 2 years after the conviction or any period of probation, or time served for an active sentence, period of probation or post-supervised release (whichever is later); 100 hours of community service, no prior or subsequent felony or non-traffic misdemeanor offenses; and affidavits attesting to the petitioner's character are all required.

CURRENT LAW: Article 5 of the Criminal Procedure Act provides for the expunction of criminal records of certain criminal charges or convictions. Expunction is the process by which a record of criminal conviction is removed by order of the court, and the individual is restored to the status he or she occupied before the arrest or indictment. General Statute 15A-145 (Expunction of records for first offenders under the age of 18 at the time of conviction of misdemeanor; expunction of certain other misdemeanors) allows a person convicted of a misdemeanor to file a petition for expunction of the misdemeanor from his or her criminal record if the person was under 18 at the time of a conviction or, in the case of a misdemeanor alcohol possession charge, the person was under 21 at the time of conviction. The petition may not be filed sooner than 2 years after the conviction or completion of probation and must include the following [1]:

1) an affidavit of good behavior for the two years following conviction, stating that the petitioner has not been convicted of any felony or non-traffic misdemeanor charge;

2) two affidavits of good character from persons unrelated to the petitioner;

3) a statement that the petition is a motion in the cause in the case wherein the petitioner was convicted; and

4) affidavits of the clerk of superior court, chief of police, and sheriff of the county of the offense and where the petitioner resides showing that petitioner has not been convicted of a felony or non-traffic misdemeanor offense prior to or in the two years since the conviction in question.

If the court finds in favor of the petitioner the clerk of superior court and the appropriate law enforcement agencies must expunge the record of the conviction.

Other sections of Article 5 provide for "Expunction of records when charges are dismissed or there are finding of not guilty as a result of identity fraud"[2] and "Expunction of DNA records when charges are dismissed on appeal or pardon of innocence is granted."[3].

BILL ANALYSIS: The PCS to the bill would add a new section to Article 5 "Expunction of Records" of Chapter 15A "Criminal Procedure Act" of the General Statutes. The proposed G.S. 15A-149 would

[1] G.S. 15A-145(a)(1) through (4).
[2] G.S. 15A-147.
[3] G.S. 15A-148.

provide expunction of the criminal records of first time offenders who are under 18 years of age at the time of the commission of the nonviolent felony if there are no previous or subsequent felony or misdemeanor convictions, other than a traffic violation. The petitioner cannot have received a prior expunction. "Nonviolent felony" would include any felony ***except*** the following:

- A Class A through F felony;
- A felony that includes assault as an essential element of the offense; and
- A felony that is an offense for which the convicted offender must register under Article 27A of Chapter 14 of the General Statutes (sex offenders).

If the person is convicted of more than one nonviolent felony in the same session of court, the bill provides that the multiple nonviolent felony convictions are to be treated as one nonviolent felony conviction under the section and the expunction order is to provide that the multiple convictions are to be expunged.

The procedure to be followed by the petitioner is modeled along the lines of the existing procedures for expunction of records. The petition cannot be filed earlier than two years after the date of conviction or after the time when any active sentence, period of probation, or post-release supervision has been served, whichever occurs later. The petitioner is also required to perform at least 100 hours of community service before filing the petition for expunction.

The petition must contain at least the following:

1) An affidavit of good behavior by the petitioner for the 2 years following conviction, stating that the petitioner has not been convicted of any felony or non-traffic misdemeanor charge under the laws of the United States, this State or any other state during that time;

2) Two affidavits of good character from persons unrelated to petitioner;

3) A statement that the petition is a motion in the cause in the case wherein the petitioner was convicted;

4) An application authorizing a State and national criminal record check by the Department of Justice with the results reported to the court;

5) An affidavit by the petitioner that no restitution orders or civil judgments representing amounts ordered for restitution entered against the petitioner are outstanding; and

6) An affidavit by the petitioner that he or she has performed at least 100 hours of community service since the conviction with a list of the community services performed, a list of the recipients of the services, and a detailed description of the services.

The petition is to be served on the district attorney who has 10 days to file any objections. The judge is authorized to call upon a probation officer for any additional investigation or verification of the petitioner's conduct. If the judge finds that the petitioner has met all of the requirements, the judge shall order that the petitioner be restored to the statute he or she had before the arrest or indictment. The judge shall also order that the nonviolent felony conviction be expunged from the records of the court and direct all law enforcement agencies to expunge their records, including the State Bureau of Investigation and the Federal Bureau of Investigation.

Any other applicable State or local government agency is directed to expunge from its records any entries made as a result of the conviction order expunged under this section. The agency is required to

also reverse any administrative actions taken against a person whose record is expunged under this section.

The clerk of superior court in each North Carolina county shall file with the Administrative Offices of the Court the names of those persons granted a discharge under the provisions of this section and the Administrative Offices of the Courts must maintain a confidential file containing the names of persons granted conditional discharges. This information can only be disclosed to judges of the General Court of Justice of North Carolina for the purpose of determining if any person charged with an offense has been previously given a discharge.

If a probation officer is assigned to the person eligible for expunction, the probation officer must notify the person of the provisions of this section. If no probation officer is assigned, then the court which heard the felony must provide notification of the possibility of expunction under this section.

The bill would set the filing fee for the expunction petition at $100.00 unless the petitioner was indigent. Fees collected would be deposited into the General Fund.

EFFECTIVE DATE: The bill would become effective December 1, 2005 and would expire December 1, 2012.

BILL SUMMARY: This bill would enact new G.S. 15A-149 to allow expunction of records for nonviolent felonies committed by first-time offenders who were under the age of 18 at the time of the conviction. In the second edition of this bill, a nonviolent felony was defined as any felony except a Class A through Class E felony, a felony with assault as an essential element of the offense, and a felony for which the convicted offender must register as a sex offender. This PCS also excludes Class F felonies from the definition of nonviolent felonies.

To be eligible for expunction under the bill, the offender must not have been previously convicted of any felony or misdemeanor other than a traffic violation, and must have remained of good behavior and been free of conviction of any felony or misdemeanor other than a traffic violation for two years from the date of conviction of the nonviolent felony to be expunged. This PCS additionally requires that the offender must not have previously been granted an expunction. A petition cannot be filed earlier than two years after the date of conviction or when any active sentence, period of probation, and post-release supervision has been served, whichever occurs later. The offender must also perform 100 hours of community service before filing a petition. The provisions in this bill expire in seven years (December 1, 2012).

ASSUMPTIONS AND METHODOLOGY:

To estimate the number of individuals eligible to file a petition for expunction under this bill, the Administrative Office of the Courts (AOC) identified the number of defendants convicted of a single nonviolent felony while under the age of eighteen by counting the number of convictions recorded per defendant's name in each county. Using this method, AOC identified 12,056 defendants eligible for expunction due to this bill.[1]

As it would be unreasonable to assume that all 12,056 eligible individuals would petition for expunction, AOC estimated the percentage of this total that would file a petition by utilizing the petition rate for existing expunction provisions under G.S. 15A-145(a), which allows for expunction of non-traffic misdemeanors committed by offenders under age eighteen. In calendar year 2004, there were 244 petitions filed out of an estimated 6,900 eligible convictions, revealing that approximately 4 percent of eligible individuals actually sought to have their convictions expunged.

For the 12,056 existing convictions that would be eligible for expunction, AOC estimates that a greater proportion of individuals would seek expunction initially and at declining rates thereafter. However, each year AOC anticipates that an additional 725 convictions would become eligible for expunction. Of these, AOC estimates that 8 percent would seek expunction, resulting in an additional 58 petitions annually. Table 1 below outlines the total number of petitions that would be filed each year based on the estimated numbers of eligible convictions and the rate at which eligible individuals would seek expunction.

Table 1: Estimated Number of Expunction Petitions Filed

	FY 05-06	FY 06-07	FY 07-08	FY 08-09	FY 09-10
Existing Backlog of Convictions	12,056	12,056	12,056	12,056	12,056
Percentage Seeking Expunction	6%	4%	2%	2%	2%
Petitions	**723**	**482**	**241**	**241**	**241**

Petitions	**58**	**58**	**58**	**58**	**58**
Total Estimated Petitions	**781**	**540**	**299**	**299**	**299**

[1] To the extent that two individuals with identical names would appear to be one individual with multiple convictions, this approximation would underestimate the number of defendants eligible for expunction under this bill. However, to the extent that some individuals could have a single conviction in multiple counties, this approximation would be an overestimate.

Revenues

Under this bill there would be a $100 fee when filing a petition for expunction. AOC estimates that approximately one quarter of petitioners would be indigent and would thus not pay the fee when seeking expunction. Table 2 below outlines projected revenues if 75 percent of petitioners were to pay the $100 fee.

Expenditures

Judicial Branch

Petitions filed as a result of this bill would lead to additional workload and costs for superior court and the Administrative Office of the Courts.

Superior Court: Clerks would devote time to receiving, filing, and processing petitions, as well as destroying and otherwise expunging court files and records. Additionally, the petitioner would pay a $100 fee when filing a petition, and clerks would incur time receiving and processing these payments or an affidavit of indigency if the petitioner is unable to pay. The petition must also be served on the district attorney, who would then have ten days to review and file an objection. Furthermore, the bill specifies that a hearing must be held and lists the findings that would justify expunction. Under current practice, most hearings are conducted in chambers or otherwise informally, and with rare exceptions, are uncontested. Nevertheless, expunction petitions due to this bill would require additional judge time to review affidavits and other documents, hear from the petitioner, make an evaluation, and issue an order. For cases that are contested or require closer scrutiny, significant judge time would be required.

Administrative Office of the Courts: To seek expunction under existing law, a person fills out an AOC form, which is sent to the SBI for a national record check and to the AOC to determine whether the person has previously had a record expunged. In 2004, AOC processed 6,297 of these requests. As under current law, this bill would require AOC to maintain a confidential file of expungements. Handling current expunction petitions requires approximately one-half of a position in order to look up the information, handle related communications with the clerk and SBI, answer citizen questions, and maintain the files. Also, AOC would incur costs for programming, development, production of forms, postage, copying, printing, mailing, and similar operating costs.

Table 3 on the next page outlines the additional costs that would be needed to process the estimated number of expunction petitions resulting from this bill each year. These figures represent additional resource costs for the Courts but, as they are formulated on fractional position estimates, do not represent the need for additional positions. The position and cost estimates are not changed with the slight reduction in petitions by excluding Class F felonies under the PCS.

Total		**$36,750**		**$26,442**		**$13,858**

Department of Justice

The State Bureau of Investigation (SBI) in the Department of Justice is involved in the expunction process in two ways:

1. The SBI reviews applications for expunction to determine whether the applicant is eligible, and transmits that information to the Court system.
2. Upon a judicial order for expunction, the SBI removes information from its databases and forwards the expunction order to the Federal Bureau of Investigation.

The workload of four different positions in the SBI is affected by this bill – two processing assistants, a fingerprint technician supervisor, and an attorney. It requires a total of approximately 67 minutes of staff time to process an application and 172 minutes of staff time to process an expunction order. The SBI estimates that 87 percent of applications result in expunction orders. Using data and methodology from the Administrative Office of the Courts, we estimate the following:

Table 4: Estimated SBI Position and Operating Expenditures

	2005-06	2006-07	2007-08
Number of applications	781	540	299
Number of orders (87%)	679	470	260
Cost per Application	$27.79	$27.79	$27.79
Cost per Order	$61.24	$61.24	$61.24
Postage per Order	$1.27	$1.27	$1.27
TOTAL	**$64,303**	**$44,460**	**$24,618**
Positions required	**1.30**	**0.90**	**0.50**

The staff time required to process 781 applications is equivalent to one full-time position. Therefore, the box on the front page reflects one additional position required for the SBI in FY 2005-06. Position requirements will decrease in later years as workload declines.

TECHNICAL CONSIDERATIONS:

1. Effective date: This bill would be effective December 1, 2005. AOC notes that considerable preparation would be necessary to implement this bill, including hiring and training personnel, modifying computer programs, and coordination between AOC and the SBI to prepare for the

anticipated increase in petitions. AOC expects that an effective date no earlier than January 1, 2006 would be necessary to implement the bill.

2. Notice to Department of Correction and Division of Motor Vehicles: The bill does not include the Department of Correction or Division of Motor Vehicles among the agencies to whom the Clerk must send a certified copy of an expungement order. The mechanism by which DOC and DMV would receive notice of an expungement order is not specified.

3. Fee for Expungement. This bill sets a fee of $100 for expungements resulting from this legislation. Currently, the fee for expungement is $65. Senate Bill 622 (2005 Appropriations Act), which has passed the Senate and been referred to the House, would increase fees for expungements to $125.

(b3) The Wildlife Resources Commission is exempt from the contested case provisions of Chapter 150B of the General Statutes with respect to determinations of whether to authorize or terminate the authority of a person to sell licenses and permits as a license agent of the Wildlife Resources Commission.

(b4) If any check or bank account draft of any license agent for the issuance of licenses or permits shall be returned by the banking facility upon which the same is drawn for lack of funds, the license agent shall be liable to the Commission for a penalty of five percent (5%) of the amount of the check or bank account draft, but in no event shall the penalty be less than five dollars ($5.00) or more than two hundred dollars ($200.00). ~~(e) The Executive Director may temporarily suspend, revoke, or refuse to renew a person's appointment as a license agent if he fails in a timely manner to submit required reports, remit moneys due the Wildlife Resources Commission, or otherwise comply with the qualifications and standards set by the Wildlife Resources Commission or with reasonable administrative directives of the Executive Director. The temporary suspension is effective immediately upon communication of that fact to the license agent or his representative handling the licenses. The communication as to suspension must state the grounds for suspension and that the license agent may request a hearing within five working days if he contests the grounds for suspension. If not in writing, the communication must be followed by written notice of suspension containing the same information. By personal service of an impoundment order upon a license agent or his representative handling the licenses, an employee or agent of the Wildlife Resources Commission may enter the premises and impound all licenses, moneys, record books, reports, license forms, and other documents, ledgers, and materials pertinent or apparently pertinent to the license agency being suspended. ~~(f) If a hearing is requested, it is before the Executive Director or his designee to be held at Raleigh or some other place convenient to the parties specified by the Executive Director. The temporary suspension remains in effect until the hearing, and after the hearing may be rescinded or continued in effect, as the facts warrant, in the discretion of the Executive Director. A temporary suspension may not last longer than 30 days, but additional suspensions may be imposed if at the end of the suspension period the license agent is still not in compliance with appropriate standards, qualifications, and administrative directives. A license agent may at any time after a hearing appeal his suspension to the Wildlife Resources Commission.~~

~~(g) Notice of revocation or nonrenewal of the appointment may be sent the license agent in lieu of or in addition to temporary suspension. The notice must state the grounds for termination of the appointment and the license agent's right to a hearing if he has not previously been afforded one. If the appointment is to be revoked, the notice must state the effective date and hour of revocation. If the appointment is not to be renewed, the notice must state that the appointment expires at midnight on April 30. If he has not been previously afforded a hearing, a license agent is entitled to a hearing within 14 days before the Executive Director or his designee to be held at Raleigh or some other place convenient to the parties specified by the Executive Director. After the hearing, the Executive Director, applying appropriate standards, must take the action with respect to the appointment as license agent that the facts warrant. If the Executive Director upholds the decision to terminate the appointment, a license agent may appeal his termination to the Wildlife Resources Commission. Pending the hearing and any appeal from it, the termination is held in abeyance, but no license sales may be made once the license agent's bond has expired.~~

~~(h) Upon termination of the appointment, the former agent must return to the Wildlife Resources Commission all record books, reports, license forms, moneys, and other property pertaining to the license agency, and must allow agents of the Wildlife Resources Commission to conduct necessary inspections and audits required in terminating the license agency. Each day's refusal after termination to return, upon demand, the record books, reports, license forms, moneys, and other property pertaining to the license agency is a separate offense. Each instance of refusal, after termination, to allow agents of the Wildlife Resources Commission to conduct necessary inspections and audits during regular business hours is a separate offense. A violation of this subsection is a Class 2 misdemeanor. Before termination, violations by license agents are punishable under G.S. 113-135, subsection (d) above, or other provision of this Subchapter, as appropriate.~~

~~(i) No person denied appointment or whose appointment was terminated under this section is eligible to apply again for an appointment as a license agent for two years. ~~requirements of statutes, rules, and reasonable administrative directives pertaining to license agents.~~

~~(j) The Executive Director or his designee holding any hearing under this section must keep a written record of evidence considered and findings made. Upon appeal to the Wildlife Resources Commission, the commission chairman or other presiding officer must cause such a written record of evidence and findings to be made and kept. ...

(15) The Wildlife Resources Commission with respect to determinations of whether to authorize or terminate the authority of a person to sell licenses and permits as a license agent of the Wildlife Resources Commission."

SECTION 25. Sections 3, 4, 9, 10, 11, and 12 of S.L. 2004-187 are repealed.

SECTION 26. Section 15 of S.L. 2004-187 reads as rewritten:

"**SECTION 15.** ~~Sections 2, 3, and 4~~Section 2 of this act ~~become~~ becomes effective ~~January~~ March 1, 2006. All other sections of this act become effective when the act becomes law."

SECTION 27. The General Assembly finds that individuals who purchased certain lifetime licenses issued by the Wildlife Resources Commission prior to January 1, 2005, had a reasonable expectation that these lifetime licenses would authorize these licensees to engage in recreational fishing throughout the State and that these licensees would not be required to purchase any additional license to engage in recreational fishing in coastal waters during the lifetime of the licensee. In recognition of this expectation, the General Assembly has provided in G.S. 113-174.2(d), as enacted by Section 3 of this act, that the holders of these lifetime licenses are exempt from the license requirement for engaging in recreational fishing in coastal fishing waters that was established in S.L. 2004-187. The General Assembly further finds that, because the

holders of these lifetime licenses will be authorized to take marine resources from the coastal fishing waters of the State under the provisions of this act, it is appropriate that a portion of the revenues derived from the sale of these lifetime licenses should be transferred to the Marine Resources Endowment Fund so that the endowment investment income generated by the transferred license revenues will be used to manage, restore, develop, cultivate, conserve, and enhance the marine resources of the State. The General Assembly specifically finds that this transfer of funds is consistent with the overall spirit, intent, and purpose underlying the creation of the Wildlife Endowment Fund and the Marine Resources Endowment Fund. Therefore, in accordance with G.S. 143-250.1(d)(3), the State Treasurer shall transfer the sum of three million dollars ($3,000,000) from the Wildlife Endowment Fund to the Marine Resources Endowment Fund. This transfer shall be made in five equal installments of six hundred thousand dollars ($600,000) on the first day of March in 2006, 2007, 2008, 2009, and 2010.

SECTION 28.(a) The Wildlife Resources Commission shall adopt rules to provide for the following:

(1) Qualifications of license agents.
(2) Duties of license agents.
(3) Methods and procedures to ensure accountability and security for proceeds and unissued licenses and permits.
(4) Types and amounts of evidence that a license agent must submit to relieve the agent of responsibility for losses due to occurrences beyond the control of the agent.
(5) Any other reasonable requirement or condition that the Wildlife Resources Commission deems necessary to expedite and control the issuance of licenses and permits by license agents.

SECTION 28.(b) The Wildlife Resources Commission shall adopt rules to authorize the Executive Director to take the following actions related to license agents:

(1) Select and appoint license agents in areas most convenient for the sale of licenses and permits.
(2) Limit the number of license agents in an area if necessary for efficiency of operation.
(3) Require prompt and accurate reporting and remittance of public funds or documents by license agents.
(4) Conduct periodic and special audits of accounts.
(5) Suspend or terminate the authorization of any license agent found to be noncompliant with rules adopted by the Wildlife Resources Commission or when State funds or property are reasonably believed to be in jeopardy.
(6) Require the immediate surrender of all equipment, forms, licenses, permits, records, and State funds and property, issued by or belonging to the Wildlife Resources Commission, in the event of the termination of a license agent.

SECTION 29. The first report required pursuant to G.S. 113-175.7, as enacted by Section 10 of this act, is due by October 1, 2006.

SECTION 30. The repeal by this act of the statutory authority of the Wildlife Resources Commission to issue a type of license shall not affect the authority of an individual to whom a license of that type is issued prior to the effective date of the repeal to engage in the activity that the repealed license type authorizes so long as the license is otherwise valid.

SECTION 31. If any section or provision of this act is declared unconstitutional or invalid by the courts, the unconstitutional or invalid section or provision does not affect the validity of this act as a whole or any part of this act other than the part declared to be unconstitutional or invalid.

SECTION 32. Sections 5, 6, 7, 8, 9, 10, 19, 20, 23, 25, 26, 28, 29, 30, 31, and 32 of this act are effective when this act becomes law. Sections 15, 16, 21, and 24 of this act become effective January 1, 2006. Sections 1, 2, 3, 4, 12, 13, 14, 17, 18, 22, and 27 of this act become effective March 1, 2006. Section 11 of this act is effective on the date that all rules adopted by the Wildlife Resources Commission pursuant to Section 28 of this act become effective, except that G.S. 113-270.1(b3) and (b4) become effective January 1, 2006. Section 28 of this act expires on the date that all rules adopted by the Wildlife Resources Commission pursuant to Section 28 of this act become effective.

House Committee on Finance

Minutes

~

June 28, 2005

The House Committee on Finance met on Tuesday, June 28, 2005 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons Alexander, Howard, Gibson, Luebke, McComas, and Wainwright; Vice-Chairs Daughtridge, Hill, Ross, Weiss, and Womble; and Representatives Blackwood, Blust, Bordsen, Capps, Carney, England, Faison, Fisher, Folwell, Glazier, Hackney, Holliman, Lewis, McGee, Rayfield, Underhill, Vinson, Walend, and Wiley. An Ex-Officio member present was Representative Cunningham. Also present were Sergeant-at-Arms Bill Freeman, Fred Hines, Dusty Rhodes, and Walter Spell. Staff persons present included Rodney Bizzell, Brenna Erford, Ashley Huffstetler, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as **attachments 1 and 2.**

Chairman McComas called the meeting to order at 8:32 am and recognized the eight (8) pages present: (1) Timberly Butler of Sampson County, sponsored by Representative Bell; (2) Tierra Butler of Sampson County, sponsored by Representative Bell; (3) Antwan Bynum of Edgecombe County, sponsored by Speaker Farmer-Butterfield; (4) Samantha Gardner of Johnston County, sponsored by Representative Daughtry; (5) Jessica James of Guilford County, sponsored by Representative Jones; (6) DeOndra Peterson of Sampson County, sponsored by Representative Bell; (7) Brandon Raspberry of Lenoir County, sponsored by Representative Wainwright; and (8) Thomas Thurman of Mecklenburg County, sponsored by Representative Blackwood.

Chairman McComas first recognized Representative Gibson who moved for the adoption of the proposed committee substitute for the Committee's consideration for **SB 1126 – AMEND FISHING LICENSE REQUIREMENTS** (see **attachment 3**). The motion was adopted. Representative Gibson was then recognized to explain the bill and reported to the Committee that he and other legislators had been working on this legislation for over eight years. He explained that the bill would amend various coastal and inland fishing license statutes and establish a unified fishing license that authorizes fishing in inland, joint, and coastal fishing waters. He stated that the bill also established a new Marine Fisheries Commission and expanded the enforcement authority of Marine Inspectors. Chairman McComas then recognized Jeff Hudson of Research who explained the differences between the Senate bill and the House Proposed Committee Substitute, which are listed in the Bill Summary (see attachment 3).

Following the explanation, Chairman McComas recognized Dan Whittle of Environmental Defense who spoke in support of the bill. He stated that the bill strengthens legislation passed last year and increases the revenue for environmental protection and preservation. Mike Ward of Coastal Conservation Association was recognized next and spoke as an advocate for the bill. He stated that the bill would provide more funding for environmental protection and a greater ability to

collect useful data. Chairman McComas then recognized Jerry Shill of the NC Fishers' Association who opposed the blanket provisions contained in the bill because he did not believe that a fish stock problem existed in North Carolina. T.J. Williams of NC Waterman United was then recognized and stated that his organization no longer opposed the bill.

Chairman McComas then acknowledged questions from Committee members. Representative Underhill was recognized and asked what would happen if the 12 voting members of the Marine Fisheries Commission tied a vote. Chairman McComas responded by stating that if a tie occurs then the motion fails. Representative Rayfield was recognized and asked for a comparison of the fee contained in this bill with other states. Jeff Hudson of Research was recognized and reported that North Carolina would be somewhere in the middle. Representative Gibson was also recognized and added that without the passage of this bill, North Carolina would be one of the only states on the Atlantic and Gulf of Mexico without a unified fishing license. Representative Lewis was then recognized by the Chair and asked Representative Gibson if this bill would allow a person to buy one license that covers fishing and hunting across the State. Representative Gibson responded in the affirmative. Representative Lewis then announced his complete support for the bill. Chairman McComas then recognized Representative Ross who moved for a favorable report to the proposed committee substitute and an unfavorable report to the original bill.

Following the motion, Representative Wainwright was recognized to send forth an amendment (see **attachment 4**) increasing the number of appointments to the Marine Fisheries Commission from 12 to 13 members. The amendment would also change the apportionment of appointments providing the Governor with nine appointments, Speaker of the House with two appointments, and the President Pro Tem of the Senate with two appointments. Representative Gibson was recognized and stated that he personally opposed the amendment but, in the spirit of cooperation, asked the Committee to support it. Representative Wainwright then moved for the amendment's adoption. Representative Hackney was then recognized and expressed concerns about the make-up of the Commission because he believed there were too many members coming from the coastal regions of the state. Representative Luebke was then recognized and stated his opposition to the amendment because the Executive branch is given more appointments then the combined number from the General Assembly. In response, Representative Wainwright was recognized and spoke of the need for this amendment in order for the bill to receive greater support in the Governor's Office. As there was no further debate, Chairman McComas called the motion to adopt the Wainwright amendment to a vote and the amendment was adopted.

Chairman McComas then again recognized Representative Ross who restated her motion of a favorable report to the proposed committee substitute, incorporating the adopted Wainwright amendment, and an unfavorable report to the original bill. Seeing no further discussion, Chairman McComas then called the motion to a vote, and it carried with no known objection.

As the Committee's time had then expired due to the impending House session, Chairman McComas adjourned the meeting at 9:09 am.

Respectfully submitted,

Representative Danny McComas

(c) The Marine Resources Committee shall advise the Marine Fisheries Commission on the disbursement of funds from the Marine Resources Fund pursuant to G.S. 113-175.1 and on the disbursement of endowment investment income from the Endowment Fund pursuant to G.S. 113-175.5.

"**§ 113-175.7. Report.**

The Chair of the Marine Fisheries Commission shall submit to the Joint Legislative Commission on Seafood and Aquaculture by October 1 of each year a report on the Marine Resources Fund and the Endowment Fund that shall include the source and amounts of all moneys credited to each fund and the purpose and amount of all disbursements from each fund during the prior fiscal year."

SECTION 2.8. The first report required pursuant to G.S. 113-175.7, as enacted by Section 2.7 of this act, is due by October 1, 2006.

SECTION 2.9. The General Assembly finds that individuals who purchased certain lifetime licenses issued by the Wildlife Resources Commission prior to January 1, 2005, had a reasonable expectation that these lifetime licenses would authorize these licensees to engage in recreational fishing throughout the State and that these licensees would not be required to purchase any additional license to engage in recreational fishing in coastal waters during the lifetime of the licensee. In recognition of this expectation, the General Assembly has provided in G.S. 113-174.2(d), as enacted by Section 1.4 of this act, that the holders of these lifetime licenses are exempt from the

license requirement for engaging in recreational fishing in coastal fishing waters that was established in S.L. 2004-187. The General Assembly further finds that, because the holders of these lifetime licenses will be authorized to take marine resources from the coastal fishing waters of the State under the provisions of this act, it is appropriate that a portion of the revenues derived from the sale of these lifetime licenses should be transferred to the Marine Resources Endowment Fund so that the endowment investment income generated by the transferred license revenues will be used to manage, restore, develop, cultivate, conserve, and enhance the marine resources of the State. The General Assembly specifically finds that this transfer of funds is consistent with the overall spirit, intent, and purpose underlying the creation of the Wildlife Endowment Fund and the Marine Resources Endowment Fund. Therefore, in accordance with G.S. 143-250.1(d)(3), the State Treasurer shall transfer the sum of three million dollars ($3,000,000) from the Wildlife Endowment Fund to the Marine Resources Endowment Fund. This transfer shall be made in five equal installments of six hundred thousand dollars ($600,000) on the first day of March in 2006, 2007, 2008, 2009, and 2010.

SECTION 2.10.(a) The Wildlife Resources Commission may disburse up to one million dollars ($1,000,000) from the Wildlife Resources Fund to implement this act.

SECTION 2.10.(b) The State Treasurer shall transfer a sum equal to the sum of funds disbursed pursuant to subsection (a) of this section from the Marine Resources Fund to the Wildlife Resources Fund on July 1, 2010.

PART III. WILDLIFE RESOURCES COMMISSION LICENSE AGENTS

SECTION 3.1.(a) The Wildlife Resources Commission shall adopt rules to provide for the following:

(1) Qualifications of license agents.
(2) Duties of license agents.
(3) Methods and procedures to ensure accountability and security for proceeds and unissued licenses and permits.
(4) Types and amounts of evidence that a license agent must submit to relieve the agent of responsibility for losses due to occurrences beyond the control of the agent.
(5) Any other reasonable requirement or condition that the Wildlife Resources Commission deems necessary to expedite and control the issuance of licenses and permits by license agents.

SECTION 3.1.(b) The Wildlife Resources Commission shall adopt rules to authorize the Executive Director to take the following actions related to license agents:

(3) Require prompt and accurate reporting and remittance of public funds or documents by license agents.

(6) Require the immediate surrender of all equipment, forms, licenses, permits, records, and State funds and property, issued by or belonging to the Wildlife Resources Commission, in the event of the termination of a license agent.

SECTION 3.2. G.S. 113-270.1 reads as rewritten:

"**§ 113-270.1. License agents.**

(a) The Wildlife Resources Commission may by rule provide for the ~~annual~~ appointment of persons as license agents to sell licenses and permits ~~which it~~ that the Commission is authorized to issue by this Subchapter or by any other provisions of law. To facilitate the convenience of the public, the efficiency of administration, the need to keep statistics and records affecting the conservation of wildlife resources, boating, water safety, and other matters within the jurisdiction of the Wildlife Resources Commission, and the need to issue licenses and permits containing special restrictions, the Wildlife Resources Commission may issue licenses and permits in any particular category through:

(1) License agents.
(2) The Wildlife Resources Commission's headquarters.
(3) Employees of the Wildlife Resources Commission.
(4) Two or more such sources simultaneously.

(a1) When there are substantial reasons for differing treatment, the Wildlife Resources Commission may issue a type of license or permit by one method in one locality and by another method in another locality.

(b) License agents may deduct from the amount collected for each license or permit a fee of six percent (6%).

(b1) When licenses or permits are to be issued by license agents as provided by subsection (a) of this section, the Wildlife Resources Commission may adopt rules to provide for any of the following:

(1) Qualifications of the license agents.
(2) Duties of the license agents.
(3) Methods and procedures to ensure accountability and security for proceeds and unissued licenses and permits.
(4) Types and amounts of evidence that a license agent must submit to relieve the agent of responsibility for losses due to occurrences beyond the control of the agent.
(5) Any other reasonable requirement or condition that the Wildlife Resources Commission deems necessary to expedite and control the issuance of licenses and permits by license agents.

(b2) The Wildlife Resources Commission may adopt rules to authorize the Executive Director to take any of the following actions related to license agents:

(1) Select and appoint license agents in areas most convenient for the sale of licenses and permits.

(2) Limit the number of license agents in an area if necessary for efficiency of operation.

(3) Require prompt and accurate reporting and remittance of public funds or documents by license agents.

(4) Conduct periodic and special audits of accounts.

(5) Suspend or terminate the authorization of any license agent found to be noncompliant with rules adopted by the Wildlife Resources Commission or when State funds or property are reasonably believed to be in jeopardy.

(6) Require the immediate surrender of all equipment, forms, licenses, permits, records, and State funds and property, issued by or belonging to the Wildlife Resources Commission, in the event of the termination of a license agent.

(b3) The Wildlife Resources Commission is exempt from the contested case provisions of Chapter 150B of the General Statutes with respect to determinations of whether to authorize or terminate the authority of a person to sell licenses and permits as a license agent of the Wildlife Resources Commission.

(b4) If any check or bank account draft of any license agent for the issuance of licenses or permits shall be returned by the banking facility upon which the same is drawn for lack of funds, the license agent shall be liable to the Commission for a penalty of five percent (5%) of the amount of the check or bank account draft, but in no event shall the penalty be less than five dollars ($5.00) or more than two hundred dollars ($200.00). License agents shall be assessed a penalty of twenty-five percent (25%) of their issuing fee on all remittances to the Commission after the fifteenth day of the month immediately following the month of sale.

~~(c) The Wildlife Resources Commission may provide qualifications and standards concerning license agents and delegate to the Executive Director the task of appointment and supervision. Annual appointments run from May 1 to April 30 each year. The Wildlife Resources Commission may require license agents to post bonds, keep records and make reports concerning licenses and receipts, be subject to such audits and inspections as may be necessary, and pay a penalty of five percent (5%) on any worthless checks given the Wildlife Resources Commission. The minimum penalty for a worthless check, however, is five dollars ($5.00), and the maximum penalty is two hundred dollars ($200.00). The Wildlife Resources Commission shall require license agents to pay penalties of twenty-five percent (25%) of the agents' fees on any license fees remitted to the Commission after the fifteenth day of the month immediately following the month of sale.~~

~~(d) The Wildlife Resources Commission may make rules in implementing the authority granted in subsection (c), but it need not set out in its rules details as to forms of license, records and accounting procedures, and other reasonable requirements that~~

~~may be administratively promulgated by employees of the Wildlife Resources Commission in implementation of the purposes of this Article in order for such administrative requirements to be deemed validly required.~~ It is a Class 1 misdemeanor for a license ~~agent:~~agent to do any of the following:

(1) ~~To withhold~~Withhold or misappropriate funds from the sale of ~~licenses;~~licenses or permits.

(2) ~~To falsify~~Falsify records of licenses ~~sold;~~or permits sold.

(3) ~~Wilfully~~ Willfully and knowingly ~~to~~ assist or allow a person to obtain a license or permit for which ~~he is ineligible;~~the person is ineligible.

(4) ~~Wilfully to~~Willfully issue a backdated ~~license;~~license or permit.

(5) ~~Wilfully on records or licenses to~~Willfully include false information or omit material information ~~as to:~~on records, licenses, or permits regarding either:

a. A person's entitlement to a particular ~~license; or~~license or permit.

b. The applicability or term of a particular ~~license; or~~license or permit.

(6) ~~To refuse to return all consigned licenses, or to remit the net value of consigned licenses sold or unaccounted for, upon demand from an authorized employee of the Wildlife Resources Commission.~~Charge or accept any additional fee, remuneration, or other item of value in association with any activity set out in subdivisions (1) through (5) of this subsection.

~~(e) The Executive Director may temporarily suspend, revoke, or refuse to renew a person's appointment as a license agent if he fails in a timely manner to submit required reports, remit moneys due the Wildlife Resources Commission, or otherwise comply with the qualifications and standards set by the Wildlife Resources Commission or with reasonable administrative directives of the Executive Director. The temporary suspension is effective immediately upon communication of that fact to the license agent or his representative handling the licenses. The communication as to suspension must state the grounds for suspension and that the license agent may request a hearing within five working days if he contests the grounds for suspension. If not in writing, the communication must be followed by written notice of suspension containing the same information. By personal service of an impoundment order upon a license agent or his representative handling the licenses, an employee or agent of the Wildlife Resources Commission may enter the premises and impound all licenses, moneys, record books, reports, license forms, and other documents, ledgers, and materials pertinent or apparently pertinent to the license agency being suspended. The Executive Director must make the impounded property, or copies of it, available to the licensee during the period of temporary suspension.~~

~~(f) If a hearing is requested, it is before the Executive Director or his designee to be held at Raleigh or some other place convenient to the parties specified by the Executive Director. The temporary suspension remains in effect until the hearing, and after the hearing may be rescinded or continued in effect, as the facts warrant, in the~~

discretion of the Executive Director. A temporary suspension may not last longer than 30 days, but additional suspensions may be imposed if at the end of the suspension period the license agent is still not in compliance with appropriate standards, qualifications, and administrative directives. A license agent may at any time after a hearing appeal his suspension to the Wildlife Resources Commission.

(g) Notice of revocation or nonrenewal of the appointment may be sent the license agent in lieu of or in addition to temporary suspension. The notice must state the grounds for termination of the appointment and the license agent's right to a hearing if he has not previously been afforded one. If the appointment is to be revoked, the notice must state the effective date and hour of revocation. If the appointment is not to be renewed, the notice must state that the appointment expires at midnight on April 30. If he has not been previously afforded a hearing, a license agent is entitled to a hearing within 14 days before the Executive Director or his designee to be held at Raleigh or some other place convenient to the parties specified by the Executive Director. After the hearing, the Executive Director, applying appropriate standards, must take the action with respect to the appointment as license agent that the facts warrant. If the Executive Director upholds the decision to terminate the appointment, a license agent may appeal his termination to the Wildlife Resources Commission. Pending the hearing and any appeal from it, the termination is held in abeyance, but no license sales may be made once the license agent's bond has expired.

(h) Upon termination of the appointment, the former agent must return to the Wildlife Resources Commission all record books, reports, license forms, moneys, and other property pertaining to the license agency, and must allow agents of the Wildlife Resources Commission to conduct necessary inspections and audits required in terminating the license agency. Each day's refusal after termination to return, upon demand, the record books, reports, license forms, moneys, and other property pertaining to the license agency is a separate offense. Each instance of refusal, after termination, to allow agents of the Wildlife Resources Commission to conduct necessary inspections and audits during regular business hours is a separate offense. A violation of this subsection is a Class 2 misdemeanor. Before termination, violations by license agents are punishable under G.S. 113-135, subsection (d) above, or other provision of this Subchapter, as appropriate.

(i) No person denied appointment or whose appointment was terminated under this section is eligible to apply again for an appointment as a license agent for two years. Upon application, the executive director may not grant the appointment as license agent unless the applicant produces clear evidence, convincing to the Executive Director, that he meets all standards and qualifications and will comply with all requirements of statutes, rules, and reasonable administrative directives pertaining to license agents.

(j) The Executive Director or his designee holding any hearing under this section must keep a written record of evidence considered and findings made. Upon appeal to the Wildlife Resources Commission, the commission chairman or other presiding officer must cause such a written record of evidence and findings to be made and kept. Hearings and appeals under this section are internal matters concerning license agents of

~~the Wildlife Resources Commission and are not governed by the North Carolina Administrative Procedure Act.~~"

SECTION 3.3. G.S. 150B-1(e) is amended by adding a new subdivision to read:

(a) The Wildlife Resources Commission may by rule provide for the ~~annual~~ appointment of persons as license agents to sell licenses and permits ~~which it~~ that the Commission is authorized to issue by this Subchapter or by any other provisions of law. (6) Require the immediate surrender of all equipment, forms, licenses, permits, records, and State funds and property, issued by or belonging to the Wildlife Resources Commission, in the event of the termination of a license agent.

(b3) The Wildlife Resources Commission is exempt from the contested case provisions of Chapter 150B of the General Statutes with respect to determinations of whether to authorize or terminate the authority of a person to sell licenses and permits as a license agent of the Wildlife Resources Commission.

(b4) If any check or bank account draft of any license agent for the issuance of licenses or permits shall be returned by the banking facility upon which the same is drawn for lack of funds, the license agent shall be liable to the Commission for a penalty of five percent (5%) of the amount of the check or bank account draft, but in no event shall the penalty be less than five dollars ($5.00) or more than two hundred dollars ($200.00). License agents shall be assessed a penalty of twenty-five percent (25%) of their issuing fee on all remittances to the Commission after the fifteenth day of the month immediately following the month of sale.

~~(c) The Wildlife Resources Commission may provide qualifications and standards concerning license agents and delegate to the Executive Director the task of appointment and supervision. Annual appointments run from May 1 to April 30 each year. The Wildlife Resources Commission may require license agents to post bonds, keep records and make reports concerning licenses and receipts, be subject to such audits and inspections as may be necessary, and pay a penalty of five percent (5%) on any worthless checks given the Wildlife Resources Commission. The minimum penalty for a worthless check, however, is five dollars ($5.00), and the maximum penalty is two hundred dollars ($200.00). The Wildlife Resources Commission shall require license~~

~~agents to pay penalties of twenty-five percent (25%) of the agents' fees on any license fees remitted to the Commission after the fifteenth day of the month immediately following the month of sale.~~

(d) ~~The Wildlife Resources Commission may make rules in implementing the authority granted in subsection (c), but it need not set out in its rules details as to forms of license, records and accounting procedures, and other reasonable requirements that may be administratively promulgated by employees of the Wildlife Resources Commission in implementation of the purposes of this Article in order for such administrative requirements to be deemed validly required.~~ It is a Class 1 misdemeanor for a license ~~agent:~~agent to do any of the following:

(1) ~~To withhold~~Withhold or misappropriate funds from the sale of ~~licenses;~~licenses or permits.

(2) ~~To falsify~~Falsify records of licenses ~~sold;~~or permits sold.

(3) ~~Wilfully~~ Willfully and knowingly ~~to~~ assist or allow a person to obtain a license or permit for which ~~he is ineligible;~~the person is ineligible.

(4) ~~Wilfully to~~Willfully issue a backdated ~~license;~~license or permit.

b. The applicability or term of a particular ~~license; or~~license or permit.

(6) ~~To refuse to return all consigned licenses, or to remit the net value of consigned licenses sold or unaccounted for, upon demand from an authorized employee of the Wildlife Resources Commission.~~Charge or accept any additional fee, remuneration, or other item of value in association with any activity set out in subdivisions (1) through (5) of this subsection.

~~(e) The Executive Director may temporarily suspend, revoke, or refuse to renew a person's appointment as a license agent if he fails in a timely manner to submit required reports, remit moneys due the Wildlife Resources Commission, or otherwise comply with the qualifications and standards set by the Wildlife Resources Commission or with reasonable administrative directives of the Executive Director. The temporary suspension is effective immediately upon communication of that fact to the license agent or his representative handling the licenses. The communication as to suspension must state the grounds for suspension and that the license agent may request a hearing within five working days if he contests the grounds for suspension. If not in writing, the communication must be followed by written notice of suspension containing the same information. By personal service of an impoundment order upon a license agent or his representative handling the licenses, an employee or agent of the Wildlife Resources Commission may enter the premises and impound all licenses, moneys, record books, reports, license forms, and other documents, ledgers, and materials pertinent or apparently pertinent to the license agency being suspended. The Executive Director~~

~~must make the impounded property, or copies of it, available to the licensee during the period of temporary suspension.~~

~~(f) If a hearing is requested, it is before the Executive Director or his designee to be held at Raleigh or some other place convenient to the parties specified by the Executive Director. The temporary suspension remains in effect until the hearing, and after the hearing may be rescinded or continued in effect, as the facts warrant, in the discretion of the Executive Director. A temporary suspension may not last longer than 30 days, but additional suspensions may be imposed if at the end of the suspension period the license agent is still not in compliance with appropriate standards, qualifications, and administrative directives. A license agent may at any time after a hearing appeal his suspension to the Wildlife Resources Commission.~~

~~(g) Notice of revocation or nonrenewal of the appointment may be sent the license agent in lieu of or in addition to temporary suspension. The notice must state the grounds for termination of the appointment and the license agent's right to a hearing if he has not previously been afforded one. If the appointment is to be revoked, the notice must state the effective date and hour of revocation. If the appointment is not to be renewed, the notice must state that the appointment expires at midnight on April 30. If he has not been previously afforded a hearing, a license agent is entitled to a hearing within 14 days before the Executive Director or his designee to be held at Raleigh or some other place convenient to the parties specified by the Executive Director. After the hearing, the Executive Director, applying appropriate standards, must take the action with respect to the appointment as license agent that the facts warrant. If the Executive Director upholds the decision to terminate the appointment, a license agent may appeal his termination to the Wildlife Resources Commission. Pending the hearing and any appeal from it, the termination is held in abeyance, but no license sales may be made once the license agent's bond has expired.~~

~~(h) Upon termination of the appointment, the former agent must return to the Wildlife Resources Commission all record books, reports, license forms, moneys, and other property pertaining to the license agency, and must allow agents of the Wildlife Resources Commission to conduct necessary inspections and audits required in terminating the license agency. Each day's refusal after termination to return, upon demand, the record books, reports, license forms, moneys, and other property pertaining to the license agency is a separate offense. Each instance of refusal, after termination, to allow agents of the Wildlife Resources Commission to conduct necessary inspections and audits during regular business hours is a separate offense. A violation of this subsection is a Class 2 misdemeanor. Before termination, violations by license agents are punishable under G.S. 113-135, subsection (d) above, or other provision of this Subchapter, as appropriate.~~

~~(i) No person denied appointment or whose appointment was terminated under this section is eligible to apply again for an appointment as a license agent for two years. Upon application, the executive director may not grant the appointment as license agent unless the applicant produces clear evidence, convincing to the Executive Director, that he meets all standards and qualifications and will comply with all~~

~~requirements of statutes, rules, and reasonable administrative directives pertaining to license agents.~~

~~(j) The Executive Director or his designee holding any hearing under this section must keep a written record of evidence considered and findings made. Upon appeal to the Wildlife Resources Commission, the commission chairman or other presiding officer must cause such a written record of evidence and findings to be made and kept. Hearings and appeals under this section are internal matters concerning license agents of the Wildlife Resources Commission and are not governed by the North Carolina Administrative Procedure Act.~~"

"(h) Neither the Commission nor the ~~Department~~ Division may disclose personal information provided by an applicant for a license issued under Article ~~14A or~~ 14B of Chapter 113 of the General Statutes. Neither the Commission nor the Division may disclose information on license holders provided by the Wildlife Resources Commission pursuant to G.S. 113-276.1(b)."

SECTION 24. G.S. 150B-1(e) is amended by adding a new subdivision to read:

"(e) Exemptions From Contested Case Provisions. – The contested case provisions of this Chapter apply to all agencies and all proceedings not expressly exempted from the Chapter. The contested case provisions of this Chapter do not apply to the following:

...

(15) The Wildlife Resources Commission with respect to determinations of whether to authorize or terminate the authority of a person to sell licenses and permits as a license agent of the Wildlife Resources Commission."

SECTION 25. Sections 3, 4, 9, 10, 11, and 12 of S.L. 2004-187 are repealed.

SECTION 26. Section 15 of S.L. 2004-187 reads as rewritten:

"**SECTION 15.** ~~Sections 2, 3, and 4~~Section 2 of this act ~~become~~ becomes effective ~~January~~ March 1, 2006. All other sections of this act become effective when the act becomes law."

SECTION 27. The General Assembly finds that individuals who purchased certain lifetime licenses issued by the Wildlife Resources Commission prior to January 1, 2005, had a reasonable expectation that these lifetime licenses would authorize these licensees to engage in recreational fishing throughout the State and that these licensees would not be required to purchase any additional license to engage in recreational fishing in coastal waters during the lifetime of the licensee. In recognition of this expectation, the General Assembly has provided in G.S. 113-174.2(d), as enacted by Section 3 of this act, that the holders of these lifetime licenses are exempt from the license requirement for engaging in recreational fishing in coastal fishing waters that was established in S.L. 2004-187. The General Assembly further finds that, because the

holders of these lifetime licenses will be authorized to take marine resources from the coastal fishing waters of the State under the provisions of this act, it is appropriate that a portion of the revenues derived from the sale of these lifetime licenses should be transferred to the Marine Resources Endowment Fund so that the endowment investment income generated by the transferred license revenues will be used to manage, restore, develop, cultivate, conserve, and enhance the marine resources of the State. The General Assembly specifically finds that this transfer of funds is consistent with the overall spirit, intent, and purpose underlying the creation of the Wildlife Endowment Fund and the Marine Resources Endowment Fund. Therefore, in accordance with G.S. 143-250.1(d)(3), the State Treasurer shall transfer the sum of three million dollars ($3,000,000) from the Wildlife Endowment Fund to the Marine Resources Endowment Fund. This transfer shall be made in five equal installments of six hundred thousand dollars ($600,000) on the first day of March in 2006, 2007, 2008, 2009, and 2010.

SECTION 28.(a) The Wildlife Resources Commission shall adopt rules to provide for the following:

(1) Qualifications of license agents.
(2) Duties of license agents.
(3) Methods and procedures to ensure accountability and security for proceeds and unissued licenses and permits.
(4) Types and amounts of evidence that a license agent must submit to relieve the agent of responsibility for losses due to occurrences beyond the control of the agent.
(5) Any other reasonable requirement or condition that the Wildlife Resources Commission deems necessary to expedite and control the issuance of licenses and permits by license agents.

SECTION 28.(b) The Wildlife Resources Commission shall adopt rules to authorize the Executive Director to take the following actions related to license agents:

(1) Select and appoint license agents in areas most convenient for the sale of licenses and permits.
(2) Limit the number of license agents in an area if necessary for efficiency of operation.
(3) Require prompt and accurate reporting and remittance of public funds or documents by license agents.
(4) Conduct periodic and special audits of accounts.
(5) Suspend or terminate the authorization of any license agent found to be noncompliant with rules adopted by the Wildlife Resources Commission or when State funds or property are reasonably believed to be in jeopardy.
(6) Require the immediate surrender of all equipment, forms, licenses, permits, records, and State funds and property, issued by or belonging to the Wildlife Resources Commission, in the event of the termination of a license agent.

SECTION 29. The first report required pursuant to G.S. 113-175.7, as enacted by Section 10 of this act, is due by October 1, 2006.

SECTION 30. The repeal by this act of the statutory authority of the Wildlife Resources Commission to issue a type of license shall not affect the authority of an individual to whom a license of that type is issued prior to the effective date of the repeal to engage in the activity that the repealed license type authorizes so long as the license is otherwise valid.

SECTION 31. If any section or provision of this act is declared unconstitutional or invalid by the courts, the unconstitutional or invalid section or provision does not affect the validity of this act as a whole or any part of this act other than the part declared to be unconstitutional or invalid.

SECTION 32. Sections 5, 6, 7, 8, 9, 10, 19, 20, 23, 25, 26, 28, 29, 30, 31, and 32 of this act are effective when this act becomes law. Sections 15, 16, 21, and 24 of this act become effective January 1, 2006. Sections 1, 2, 3, 4, 12, 13, 14, 17, 18, 22, and 27 of this act become effective March 1, 2006. Section 11 of this act is effective on the date that all rules adopted by the Wildlife Resources Commission pursuant to Section 28 of this act become effective, except that G.S. 113-270.1(b3) and (b4) become effective January 1, 2006. Section 28 of this act expires on the date that all rules adopted by the Wildlife Resources Commission pursuant to Section 28 of this act become effective.

SENATE BILL 1126:
Amend Fisheries License Requirements & Laws.

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 28, 2005
Introduced by:	Sen. Albertson	**Summary by:**	Jeff Hudson
Version:	PCS to Fourth Edition S1126-CSSB-31 [v.23]		Staff Attorney

SUMMARY: The Proposed Committee Substitute for Senate Bill 1126 (PCS) would amend various coastal and inland fishing license statutes; establish a unified fishing license that authorizes fishing in inland, joint, and coastal fishing waters; establish a new Marine Fisheries Commission, and expand the enforcement authority of Marine Inspectors.

PART I. AMEND FISHING LICENSE REQUIREMENTS

CURRENT LAW: Under current law, an individual is required to hold a license issued by the Wildlife Resources Commission (WRC) to fish with hook and line in all inland and joint waters. Under S.L. 2004-187, effective January 1, 2006, an individual will be required to hold a license issued by the Division of Marine Fisheries to engage in recreational fishing in coastal fishing waters by means of recreational gear.

BILL ANALYSIS: The PCS would make a number of changes to the inland and coastal fishing license statutes as follows:

Sections 1.1 – 1.5: Amend Coastal Recreational Fishing Licenses (CRFL).
(A CRFL authorizes recreational fishing in coastal and joint waters)
License Types

- Annual Resident CRFL – $15.00.
- Annual Nonresident CRFL – $30.00.
- 10-day Resident CRFL – $5.00.
- 10-day Nonresident CRFL – $10.00.
- Various Lifetime CRFL's – Fees vary.

Exemptions for individuals who:

- Are under 16 years of age.
- Hold a Lifetime Resident Comprehensive Fishing License or a Lifetime Sportsman License purchased prior to January 1, 2005. (also exempts certain individuals who hold Lifetime CRFL's for disabled veterans, totally disabled individuals, legally blind individuals, and adult care home residents).

Optional For Hire Blanket CRFL (annual license that authorizes all individuals aboard a for hire boat to fish without an individual CRFL) – Fees are based on the number of passengers and range from $300.00 to $400.00.
Optional Ocean Fishing Pier Blanket CRFL (annual license that authorizes all individuals on the pier to fish without an individual CRFL) – The fee is $4.00 per linear foot.

Sections 1.6 – 1.15: Amend Inland Fishing Licenses.
(An Inland Fishing License authorizes recreational fishing in inland and joint waters)

- Makes technical, conforming, and clarifying changes requested by WRC.
- Repeals home county/natural bait exemption from inland fishing license requirements.

- Authorizes the WRC to adopt rules to exempt individuals who are participating in an organized fishing event from recreational fishing license requirements.

Section 1.16: Establish Unified Fishing Licenses.
(A Unified License authorizes fishing in coastal, joint, and inland waters).

- Annual Resident Unified Sportsman/CRFL (hunting and fishing) – $55.00.
- Annual Resident Unified Inland/CRFL (fishing only) – $35.00.
- Various Lifetime Unified Sportsman/CRFL's (hunting and fishing). – Fees vary.
- Lifetime Unified Inland/CRFL (fishing only) – $450.00.
- Resident Subsistence Unified Inland/Coastal Recreational Fishing Voucher (fishing only) – $1.00.

Sections 1.17 – 1.21: Miscellaneous licensing provisions.

- Prohibits WRC from disclosing personal identifying information except under certain circumstances.
- Provides that the repeal of statutory authority for certain licenses doesn't invalidate licenses that have already been issued under that authority.
- Makes conforming changes to licensing laws.
- Provides that nonresident students who attend school full-time in the State will be treated as residents under the marine and wildlife resources statutes. This would allow these nonresident students to purchase hunting and fishing licenses at the resident rate.

PART II. MARINE RESOURCES FUND AND MARINE RESOURCES ENDOWMENT FUND

Sections 2.1 – 2.10: Abolish Board of Trustees; create Marine Resources Fund and Marine Resources Endowment Fund; funds disbursed by Marine Fisheries Commission.
The PCS would make the following changes to the way in which license revenues are held and disbursed:

- Abolishes Board of Trustees of Saltwater Fishing Fund
- Converts Saltwater Fishing Fund into Marine Resources Fund to hold license revenues from non-lifetime licenses.
- Establishes Marine Resources Endowment Fund to hold license revenues from lifetime licenses.
- Provides that the Marine Fisheries Commission (MFC) may disburse funds from the Marine Resources Fund and investment income from the Marine Resources Endowment Fund to manage, protect, restore, develop, cultivate, conserve, and enhance State marine resources.
- Authorizes the Chair of the MFC to designate 5 members of the MFC to advise the MFC on the disbursement of funds.
- Directs the Chair of the MFC to report to the Joint Legislative Commission on Seafood and Aquaculture on the Marine Resources Fund and the Marine Resources Endowment Fund.
- Transfers the sum of $3,000,000 from the Wildlife Endowment Fund to the Marine Resources Endowment fund over a period of 5 years.
- Provides that the WRC may disburse up to $1,000,000 to implement this act, to be reimbursed from the Marine Resources Fund on July 1, 2010.

PART III. WILDLIFE RESOURCES COMMISSION LICENSE AGENTS

Sections 3.1 – 3.3: Wildlife Resources Commission license agents.
The PCS would amend laws governing the designation and oversight of WRC license agents.

PART IV. ESTABLISH NEW MARINE FISHERIES COMMISSION

CURRENT LAW: Under current law, the MFC is composed of nine members appointed by the Governor. Three of the members of the MFC must be involved in the commercial fishing industry, three members must be involved in recreational fishing or the sports fishing industry, one member must be a fisheries scientist, and two members must have general knowledge related to marine resources. The MFC must have at least one member from each of the three coastal regions of the State.

BILL ANALYSIS: The PCS would replace the existing MFC with a new MFC as follows:

Sections 4.1 and 4.2: Repeal existing and establish new MFC.
The PCS would repeal the statutes that authorize the existing MFC and would establish a new MFC. The structure, powers, and duties of the new MFC would be the same as those of the existing MFC except that the new MFC would be:

- Composed of 13 members; four appointed by the Governor, four appointed upon recommendation of the President Pro Tempore of the Senate, four appointed by the Speaker of the House of Representatives, and the Fisheries Director, who would serve as a nonvoting, ex officio member. Each of the appointing officers would appoint a member involved in commercial fishing, a member involved in recreational fishing, a fisheries scientist, and a member with general knowledge related to marine resources. Each of the appointing officers must appoint at least one member from the four regions of the State (three coastal regions and the inland region).
- Responsible for disbursing funds from the Marine Resources Fund and the Marine Resources Endowment Fund to manage, protect, restore, develop, cultivate, conserve, and enhance State marine resources.
- Prohibited from disclosing personal identifying information related to recreational fishing, but could disclose such information related to commercial fishing.
- Authorized to adopt rules to exempt individuals who are participating in an organized fishing event from recreational fishing license requirements.

Sections 4.3 – 4.12: Conforming and transitional changes.

PART V. ENFORCEMENT OF MARINE RESOURCES LAWS

Sections 5.1. Authorize enforcement of federal laws by Marine Inspectors.
The PCS would specifically authorize Marine Inspectors to accept delegation of law enforcement powers from the National Marine Fisheries Service in the United States Department of Commerce (NMFS). The PCS would also provide that if the Division enters into a Joint Enforcement Agreement with NMFS, the Division will report to the Joint Legislative Commission on Seafood and Aquaculture and the House of Representatives and Senate Appropriations Subcommittees on Natural and Economic Resources on the substance and implementation of the Agreement.

Section 5.2: Expand enforcement authority of Marine Inspectors.
The PCS would authorize Marine Inspectors to enforce criminal laws and assist other State and local law enforcement agencies to the same extent the Wildlife Protectors can.

PART VI. MISCELLANEOUS PROVISIONS; EFFECTIVE DATES

Sections 6.1 – 6.3: Provide that the licensing provisions become effective January 1, 2007.

BILL SUMMARY:

Amends Article 14B of G.S. Chapter 113 relating to Coastal Recreational Fishing Licenses (for coastal and joint waters) to provide that annual licenses are $15 for residents and $30 for nonresidents, and 10-day licenses are $5 for residents and $10 for nonresidents. Lifetime licenses, for-hire blanket licenses, and ocean fishing pier blanket licenses are available as well. Exempt from license requirements are children under 16 years old, holders of certain lifetime licenses acquired before January 1, 2005, and certain disabled individuals.

Amends Article 21 of G.S. Chapter 113 and GS 113-196(b) regarding inland fishing licenses, to repeal home county/natural bait exemption, prohibit disclosure of license applicants' personal information, and make clarifying and technical changes.

Enacts Article 25A of G.S. Chapter 113 to establish unified fishing licenses for hunting and for fishing in coastal, joint, and inland waters. The PCS includes the creation of a $1 resident subsistence unified inland/coastal recreational fishing license for residents currently enrolled in certain social services programs. Prohibits WRC from disclosing applicants' personal information and allows disclosure of information about commercial license applicants.

Amends Article 14C of G.S. Chapter 113 (NC Saltwater Fishing Fund) to abolish board of trustees and converts the Fund into a Marine Resources Fund and Marine Resources Endowment Fund, to which the license fees will be credited. Provides for five annual transfers of $600,000 each from the Wildlife Endowment Fund to the Marine Resources Endowment Fund.

This PCS includes five fiscally significant changes from the fourth edition of SB 1126: 1) the PCS includes a Resident Subsistence Unified License that costs $1; 2) it changes the For Hire Blanket License fee schedule, 3) it designates that the Marine Fisheries Commission is authorized to direct the disbursement of CRFL funds to manage marine resources; 4) it repeals Part 5D of Article 7 of Chapter 143B, thus repealing the current Marine Fisheries Commission statutes, and creates a new Marine Fisheries Commission that includes an additional three voting members; and 5) it authorizes Marine Patrol Officers to accept delegation of law enforcement powers from the National Marine Fisheries Service.

ASSUMPTIONS AND METHODOLOGY:

Revenues:

Coastal Recreational Fishing License Revenues: This PCS includes several changes to existing law that impact the amount of revenue generated from the sale of CRFLs. To determine the net impact of this bill on coastal recreational fishing license (CRFL) revenues, it is necessary to 1) calculate the amount of revenue generated under current law, 2) calculate the amount of revenue generated under this bill, and 3) calculate the difference.

The amount of revenue generated by the sale of CRFLs depends on the license fees, the number of licenses sold, and the type of licenses sold. Table 1 summarizes the CRFL fees in current law and those proposed by this PCS. The bill also creates unified hunting and fishing licenses, which are summarized in Table 2.

To determine the number of persons subject to CRFL fees, it is necessary to first estimate the number of coastal recreational anglers in North Carolina. Although there is no precise data at this time, the best estimate available is based on an annual Marine Recreational Fishery Statistics survey compiled by the Division of Marine Fisheries (DMF). Table 3 summarizes the results of this annual survey over the last four years.

Table 3: Estimated Number of Marine Recreational Anglers in NC, 2000-2003

	State Residents	Nonresidents	Total Anglers
2000	607,946	1,203,779	1,811,725
2001	696,583	1,281,925	1,978,508
2002	634,345	1,120,938	1,755,283
2003	808,984	1,278,804	2,087,788
4 Year Average	686,965	1,221,362	1,908,326
Percentage	36%	64%	

Based on the four-year average number of estimated marine anglers, there are 1,908,326 recreational coastal anglers in North Carolina. However, there are a number of provisions in the bill that reduce the number of anglers subject to the CRFL fees. Current law exempts anglers age 18 and younger that are currently enrolled in school and are making progress towards obtaining a high school diploma or its equivalent from saltwater fishing license requirements. Since there is no way to verify a person's enrollment in school for enforcement purposes, this fiscal note assumes that all anglers age 18 and younger are exempt. Based on the Marine Recreational Fishery Statistics survey, approximately 8.5% of coastal anglers are age 18 or under, reducing the number of potential licensees by 162,208.

Current law also provides for a free subsistence license for residents that fall below the federal poverty level. According to 2000 census data, 12.5% of North Carolinians fall beneath this threshold. Table 4 summarizes the adjustments necessary to determine the number of license sales in each year. This table assumes that 64% of licenses are sold to nonresidents and 36% of licenses are sold to residents, based on the Marine Recreational Fishery Statistics survey data in Table 3.

Table 4: Estimated Number of CRFLs Sold Under Current Law

Total # of anglers	1,908,326
less exempted youth (8.5%)	(162,208)
Anglers requiring an individual CRFL	1,746,118
Nonresident Sales	***1,117,516***
Residents	628,603
less those eligible for subsistence license (12.5%)	(78,575)
Resident Sales	***550,027***
Total Sales	**1,667,543**

Table 5 summarizes the estimated revenue generated by the sale of CRFLs under the current law. This revenue estimate assumes the following:

1. Even though the total number of anglers varies from year to year, the average has remained relatively stable at approximately 1.9 million anglers since 2000. Consequently, no growth is assumed in projecting future license sales.

2. License sales are to begin January 1, 2006. Consequently, license revenue for the last six months of FY 2005-2006 is estimated to be 35% of the annual amount to align with current marine license sales.

3. The distribution of resident license sales is assumed to be the following: 7-day licenses: 10%, annual licenses: 89%, lifetime licenses: 1%.

4. The distribution of nonresident license sales is assumed to be the following: 7-day licenses: 89%, annual licenses: 10%, lifetime licenses: 1%.

5. The distribution of lifetime license sales is based on experience gained from WRC lifetime license sales.

Age Distribution	Percent of Total Lifetime Sales
0-6 years of age	27%
6-11 years of age	4%
11-17 years of age	2%

In contrast, this PCS would change the CRFL youth exemption to anglers under 16 years of age. Based on data from the Marine Recreational Fishery Statistics survey, 7.3% of coastal anglers would fall under this youth exemption. Note that the 1.2% of anglers between the ages of 16 and 18 would no longer be exempt from CRFL requirements.

The bill also exempts holders of a Wildlife Resources Commission (WRC) Lifetime Resident Comprehensive Fishing License or a Lifetime Sportsman License ("WRC lifetime license holders") purchased prior to January 1, 2005 from CRFL requirements. As of January 1, 2005, 222,347 persons held WRC lifetime licenses: 44,161 under 16 and 178,186 age 16 and older. The number of WRC lifetime license holders age 16 and older constitutes the potential pool of exemptions, since youth under 16 are already exempt. This pool of WRC lifetime license holders that would otherwise have been subject to CRFL fees, however, will not remain static over time. WRC lifetime license holders who are currently under 16 will be added to the pool as they age out of the CRFL youth exemption. Assuming an even age distribution, this fiscal note assumes that 2,760 (44,161 youth license holders divided by 16 years) will added to pool each year for the next 16 years. Furthermore, a number of persons will be removed from the pool each year due to attrition (i.e. death, etc.). This fiscal note assumes that attrition will be 2% in FY 2005-06 and will increase 0.25% each year thereafter. Note that, due to attrition, the impact of this exemption will diminish over time and eventually be eliminated. Finally the pool must be adjusted for those WRC lifetime license holders that do not saltwater fish. A WRC survey of these license holders suggests that 38% do not saltwater fish, and therefore, would not be subject to CRFL requirements. Table 6 summarizes the number of WRC lifetime license holders in the exempt pool in each year.

SB 1126 establishes a For Hire Blanket license that would cover anglers fishing from any for hire boat (i.e. charter/head/dive boat). While additional revenue will be generated from the sale of these new licenses, coastal anglers that do not fish using a means other than a for hire boat would no longer have to purchase an individual CRFL. Data from the Marine Recreational Fishery Statistics survey indicates that 3% of fishing trips are on charter/head/dive boats (see Table 7). This fiscal note assumes that 3% of anglers fish use a for hire boat, 80% of which do not fish using another means.

Even though the For Hire Blanket license is optional, a survey of for hire boat captains conducted by the DMF indicated strong support for a blanket licenses. Consequently, this fiscal note assumes that all for hire boats will purchase a blanket license. Based on DMF For Hire Boat registration information, there are 739 for hire boats in North Carolina. Table 8 summarizes the blanket license fee schedule and the distribution of vessels among these fee categories.

Table 8: Number of For Hire Boats by Vessel Length

The bill also provides that a person who owns or operates an ocean fishing pier and charges a fee to allow persons to engage in recreational fishing from pier may purchase an Ocean Fishing Pier Blanket CRFL issued by Division of Marine Fisheries. This CRFL would permit all individuals who do not hold an individual license to engage in recreational fishing in coastal fishing waters while on a pier that owns a blanket license. In fiscal year 2004, Division of Marine Fisheries (DMF) issued 26 Ocean Fishing Pier licenses. Under this bill, piers participating in the blanket license program would be required to comply with DMF reporting requirements. A 2004 DMF survey of pier owners indicated that 53% of pier owners would favor a blanket license if they were required to keep a list. Consequently, this fiscal note assumes that 14 piers will purchase a blanket license. The bill includes a fee of $4 per linear foot, to the nearest foot, that the pier extends into coastal fishing waters beyond the mean high waterline. The average pier is 714 feet long.

While additional revenue will be generated from the sale of these pier blanket licenses, coastal anglers that only fish from a pier with a blanket license would no longer have to purchase an individual CRFL. Data from the Marine Recreational Fishery Statistics survey indicates that 29% of fishing trips are from piers and other man-made structures (see Table 7). This fiscal note assumes that 29% of anglers fish from a pier, 53% of which will fish from a pier with a blanket license. Of those anglers that fish from a pier with a blanket license, 20% will not fish using another means, and, therefore, will be not be required to purchase a individual CRFL.

Finally, the bill also provides for a $1 Subsistence Unified Inland/Coastal Recreational Fishing License for individuals who receive benefits from Medicaid, Food Stamps, or Work First through the County Department of Social Services. Based on census poverty rates, this fiscal note will assume that 12.5% of residents will qualify for this free voucher, and therefore, not be subject to CRFL fees.

Table 9 summarizes the adjustments necessary to determine the number of anglers subject to regular CRFL fees after accounting for these various provisions. Based on data from the Marine Recreational Fishery Statistics survey presented in Table 3, this table assumes that 36% of coastal anglers are state residents and 64% are nonresidents.

Table 10 summarizes the estimated revenue generated by the sale of CRFLs under this PCS. This revenue estimate assumes the following:

1. Even though the total number of anglers varies from year to year, the average has remained relatively stable at approximately 1.9 million anglers since 2000. Consequently, no growth is assumed in projecting future license sales.

2. License sales are assumed to begin January 1, 2007, the licensing requirement effective date. Consequently, license revenue for the last six months of FY 2006-2007 is estimated to be 35% of the annual amount to align with current marine license sales.

3. The distribution of resident license sales is assumed to be following: 10-day licenses: 10%, annual licenses: 89%, lifetime licenses: 1%.

4. The distribution of nonresident license sales is assumed to be the following: 10-day licenses: 89%, annual licenses: 10%, lifetime licenses: 1%.

5. The distribution of lifetime license sales is based on experience gained from WRC lifetime license sales.

Lifetime License	% of Total Lifetime Sales
Infant (< 1 year old)	24%
Youth (1-12 years old)	5%
Adult (12+ years old)	24%
Resident Elderly (70+ years)	40%
Resident Disabled Vet/Totally Disabled	7%
Legally Blind/Adult Care Home Resident	0.2%

6. Residents will purchase 97% of the Adult Lifetime Licenses, and nonresident will purchase 3%, based on WRC's experience with sales of resident and nonresident lifetime sportsman licenses.

7. The bill states that the apportionment of the net proceeds of unified license sales shall be jointly determined by the DMF and the WRC. The Unified Inland/CRFL and Unified Infant, Youth, and Adult Sportsman/CRFL offer around a 10% discount, while the other unified licenses do not. For the unified licenses that do not offer a discount, this fiscal note assumes that the allocation between the relevant marine resources fund and the wildlife fund will mirror the amount that would have been generated to each fund if the person had purchased each license separately. Consequently, the sale of non-discounted unified licenses will be treated as if each privilege granted by the unified license had been purchased separately.

8. A survey of coastal anglers by DMF revealed that 11% of coastal anglers also hold a WRC lifetime license, 68% of which hold a WRC Lifetime Sportsman license. Consequently, it is assumed that 11% of coastal anglers interested in obtaining a lifetime CRFL will purchase a unified license and that 68% of this group will purchase a Unified Sportsman/CRFL. In accordance with the above assumption, it is unclear where the revenue generated by the sale of discounted unified lifetime licenses will be deposited and how much will be used for marine resource purposes. Therefore, the additional revenue generated from the sale of discounted unified licenses will be calculated separately.

9. This bill directs Wildlife Resources Commission to sell all CRFL licenses—except For Hire and Pier Blanket licenses, which would be sold through the DMF—through its existing license sale system. This system allows for licenses to be sold through WRC license agents or directly from WRC via phone or internet. License agents are allowed to retain a 6% commission on all licenses they sell. Based on WRC license sales experience, this fiscal note assumes that 93% of license sales will be through WRC license agents.

* Fiscal note assumes that the 10% discount offered on some unified licenses is not significant enough to induce additional persons to purchase an inland fishing or sportsman privilege. Rather, the unified licenses would be purchased only by those that would have intended to buy a lifetime CRFL and WRC license separately if a unified license was not offered. Consequently, the revenue generated by the WRC privilege included in the unified license would not represent additional revenue to the State. The net fee represents the total unified license fee less the cost of the Wildlife privilege had it been purchased separately.

Inland Fishing License Revenues: The bill also includes changes that impact the amount of inland fishing license revenue generated. Currently, WRC offers a resident one-day inland fishing license for $5, a nonresident one-day inland fishing license for $10, and a nonresident three-day inland fishing license for $15. The bill eliminates these three licenses and replaces them with a resident 10-day license for $5 and nonresident 10-day license for $10. This fiscal note assumes that all persons currently purchasing a one- or three-day license would purchase a 10-day license under this bill. Since the fee structures for one-day and 10-day licenses are identical, there is no revenue impact from those no longer purchasing the one-day licenses. However, WRC will lose $5 in revenue for each three-day license no longer sold. Last fiscal year, WRC sold 17,154 of these three-day licenses. The bill also increases the license replacement fee from $2 to $5. For the past two years, WRC has replaced an average of 11,750 licenses per year.

The bill repeals the statutes that exempt persons fishing in their home county using natural bait from WRC inland fishing license requirements. There is no precise data on the number of North Carolina residents fishing under this exemption. However, a 2001 national survey estimated that 675,000 NC residents age 16 years and older fished in North Carolina during 2001. In 2001, 553,708 persons held inland fishing licenses. After accounting for these licensed anglers and the 20,000 people that WRC estimates fish in private ponds, the remaining 101,300 inland fishermen would now be required to have an inland fishing license. However, SB 1126 provides for a free Subsistence Unified Inland/Coastal Recreational Fishing Voucher for individuals who received benefits from Medicaid, Food Stamps, or Work First through the County Department of Social Services. Based on census poverty rates, this fiscal note will assume that 12.5% of residents will qualify for this free voucher, and therefore, not be subject to WRC inland fishing license fees. Table 11 summarizes the adjustments necessary to estimate the additional number of inland fishing licenses that would be sold as a result of this bill.

Table 11: Estimated Number of Additional Inland Fishing Licenses Sold Under SB 1126

Estimated total # of inland fishermen	675,000

Estimated # of inland fishermen requiring license	101,300

Additional Inland Fishing License Sales	**88,638**

WRC receives federal Wallop-Breaux monies based on the number of licensed inland fishermen. The Commission expects to receive an additional $0.50 per additional license sold as a result of the repealed natural bait exemption.

Table 12 estimates the revenue generated by these additional licenses based on the following assumptions:

1. Based on WRC assumptions, the additional inland fishing licenses purchased will be distributed per the following percentages: 50% purchase a county inland fishing license, 35% purchase the 10-day fishing license, and 15% purchase an annual inland fishing license.

2. WRC will sell replacement licenses at the same level as recent years. The number of ten-day licenses sold in lieu of the abolished three-day license will be at the same level as three-day license sales in recent years.

3. The provisions that repeal the natural bait exemption and abolish the three-day license are effective January 1, 2007. The change in the replacement license fee is effective January 1, 2006. The projected impact of these provisions on license sale revenues for the last six months of the fiscal year is estimated to be 35% of the annual amount.

4. This fiscal note assumes that 93% of license sales will be through WRC license agents, which retain a 6% sales commission.

Summary of Impact on Individual Funds: Current law states that all saltwater fishing license revenue shall be deposited into the Saltwater Fishing Fund. The bill renames this fund the Marine Resources Fund and establishes a new Marine Resources Endowment Fund. Instead of all CRFL revenue being deposited into one fund, the bill directs short-term and annual CRFL license revenue be deposited into the Marine Resources Fund and lifetime CRFL license revenue be deposited into the Marine Resources Endowment Fund. The bill also states that $600,000 per year for five years shall be transferred from the Wildlife Endowment Fund to the Marine Resources Endowment Fund. Table 13 summarizes the net impact of this PCS on each fund.

Other Potential Revenues: Currently, NC Marine Patrol officers have enforcement authority out 200 miles in most fisheries under state and federal law. Their enforcement authority beyond three miles, however, is limited to North Carolina registered vessels. This PCS allows Marine Patrol officers to accept delegation of law enforcement powers from the Natural Marine Fisheries Service (NMFS) over matters within the jurisdiction of the Service. This change would allow the State to enter into a Joint Enforcement Agreement (JEA) with the NFMS and allow NC Marine Patrol officers to take enforcement actions against out-of-state vessels in areas beyond three miles.

If the State enters into a JEA with the NFMS, it will be eligible to receive federal funds to implement the agreement. In the past, approximately $15 million dollars of federal funding has been divided among those states that have entered into agreements. At present, North Carolina is the only coastal state that does not have a JEA with the NMFS. The amount of federal funding that the State would receive would depend on the details of the JEA; however, the NC Division of Marine Fisheries estimates that the State would have received around $750,000 this year, if it had been able to enter into an agreement.

Expenditures:

Wildlife Resources Commission: The bill calls for WRC to sell all individual CRFLs through its existing license sale system. To modify this system, WRC estimates that it would require approximately $500,000 for start-up costs, including $250,000 for new agent equipment and training, $100,000 for application changes, $50,000 for project management, and $100,000 for upgraded servers and hardware. Additionally, WRC expects to incur a per license transaction cost of approximately $1.50 - $2.00, depending on the volume of license sales. This per license transaction cost would apply both to the new CRFLs sold through the system and the additional inland fishing license sales expected as a result of the repeal of the natural bait exemption. Table 14 summarizes WRC's expected expenditures assuming: 1) a transaction cost of $1.75 per license and 2) license sales in FY 06-07 will only be 35% of expected annual sales due to the January 1, 2007 effective date.

Division of Marine Fisheries: The Division of Marine Fisheries will sell the For Hire and Ocean Fishing Pier Blanket CRFLs. They do not anticipate any additional significant expenditures to sell these licenses. The Division would face additional expenses related to the three additional Marine Fisheries Commission members included in this PCS. Based on a survey of current Marine Fisheries Commission member expenses for the past two years, it is estimated that each additional member added to the Commission will incur approximately $4200 annually in additional per diem and travel expenses.

County Departments of Social Services: The bill states that County Departments of Social Services shall issue a certification to individuals eligible for the Resident Subsistence Unified Inland/CRFL that states that the individual is currently enrolled and receives benefits from at least one of the eligible social service programs listed on an application developed by the Division of Marine Fisheries and the Wildlife Resources Commission. At this time, there is no estimate on the cost of implementing this provision.

Department of Correction: The Sentencing and Policy Advisory Commission prepares inmate population projections annually. The projections used for incarceration fiscal notes are based on January 2005 projections. These projections are based on historical information on incarceration and release rates under Structured Sentencing, crime rate forecasts by a technical advisory group, probation and revocation rates, and the decline (parole and maxouts) of the stock prison population sentenced under previous sentencing acts. Based on the most recent population projections and estimated available prison bed capacity, *there are no surplus prison beds available for the five-year fiscal note horizon and beyond.*

During FY 2003-04 there were 220 convictions for fishing license violations under Chapter 113. Because this bill would create new Class 1, 2, and 3 misdemeanor offenses and amend offenses enacted in Session Law 2004-187, which is not effective until January 1, 2006, the Sentencing

Commission has no historical data from which to estimate the impact that this bill might have on prison population.

For the offense classes impacted by this bill, only Class 1 misdemeanants falling in Prior Conviction Level III are eligible for sentences longer than ninety days, and many eligible offenders receive shorter sentences. Consequently, any convictions resulting from this legislation are not expected to significantly impact prison population.

In FY 2003-04, 19 percent of Class 1, 15 percent of Class 2, and 23 percent of Class 3 misdemeanants received active sentences. DOC reimburses the county for housing offenders sentenced to between thirty and ninety days at a rate of $18 per offender per day. Sentences for Class 1 and Class 2 misdemeanors may exceed thirty days and in FY 2003-04 averaged 43 and 23 days respectively. Because Class 3 misdemeanors carry a maximum sentence of twenty days, local jails would incur the cost of housing all Class 3 misdemeanants.

In FY 2003-04, 81 percent of Class 1, 86 percent of Class 2, and 77 percent of Class 3 misdemeanants received non-active sentences. For those offenders sentenced to supervised probation, the Division of Community Corrections (DCC) would incur costs of $1.87 per offender per day. Offenders sentenced to community service would cost $0.67 per offender per day, and offenders given unsupervised probation would not impact DCC.

Judicial Branch: For most criminal penalty bills, the Administrative Office of the Courts provides Fiscal Research with an analysis of the fiscal impact of the specific bill. For these bills, fiscal impact is typically based on the assumption that court time will increase due to an expected increase in trials and a corresponding increase in the hours of work for judges, clerks and prosecutors. This increased court time is also expected to result in greater expenditures for jury fees and indigent defense.

Because this bill would create new criminal offenses and expand the scope of existing offenses, AOC cannot estimate the number of additional Class 1, 2, and 3 misdemeanor charges that might result from this legislation. AOC estimates the cost to dispose of one misdemeanor charge by class and settlement method as shown in the table below. Based on past rates of case disposal, the majority of any new charges resulting from this bill that are not dismissed are likely to be settled by plea.

Per Charge Misdemeanor Settlement Costs

Method of Settlement:	***Trial***			***Guilty Plea***
	Court/Attorney Costs	Indigent Defense	Total	-
Class 1	*$1,891*	*$1,333*	*$3,224*	*$284*
Class 2	*$1,373*	*$949*	*$2,322*	*$268*
Class 3	*$1,373*	*$949*	*$2,322*	*$272*

SOURCES OF DATA: Wildlife Resources Commission, Division of Marine Fisheries, US Census, Department of Correction; Judicial Branch; North Carolina Sentencing and Policy Advisory Commission

TECHNICAL CONSIDERATIONS: This bill does not apportion the net proceeds from the sale of unified licenses; it states that this apportionment shall be jointly determined by DMF and WRC.

In the event that the DMF and WRC cannot agree, the Governor is authorized to determine the apportionment. Consequently, the specific destination of the unified license fees cannot be determined.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE THAT A YOUTHFUL OFFENDER'S CRIMINAL RECORD MAY BE EXPUNGED OF NONVIOLENT FELONIES.

The General Assembly of North Carolina enacts:

SECTION 1. Article 5 of Chapter 15A of the General Statutes is amended by adding a new section to read:

"**§ 15A-149. Expunction of records for first offenders who are under 18 years of age at the time of the commission of a nonviolent felony.**

(a) For purposes of this section, the term "nonviolent felony" means any felony except the following:

(1) A Class A through F felony.

(2) A felony that includes assault as an essential element of the offense; and

(3) A felony that is an offense for which the convicted offender must register under Article 27A of Chapter 14 of the General Statutes.

(b) Notwithstanding any other provision of law, if a person is convicted of more than one nonviolent felony in the same session of court, then the multiple nonviolent felony convictions shall be treated as one nonviolent felony conviction under this section, and the expunction order issued under this section shall provide that the multiple convictions shall be expunged from the person's record in accordance with this section.

(c) Whenever any person who had not yet attained the age of 18 years at the time of the offense and has not previously been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States, the laws of this State, or any other state pleads guilty to or is guilty of a nonviolent felony, the person may file a petition in the court where the person was convicted for expunction of the nonviolent felony from the person's criminal record. The petition cannot be filed earlier than two

years after the date of the conviction or when any active sentence, period of probation, and post-release supervision has been served, whichever occurs later. The person shall also perform at least 100 hours of community service, preferably related to the conviction, before filing a petition for expunction under this section. The petition shall contain, but not be limited to, the following:

(1) An affidavit by the petitioner that he or she has been of good behavior for the two-year period since the date of conviction of the nonviolent felony in question and has not been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States or the laws of this State or any other state.

(2) Verified affidavits of two persons who are not related to the petitioner or to each other by blood or marriage that they know the character and reputation of the petitioner in the community in which he or she lives and that the petitioner's character and reputation are good.

(3) A statement that the petition is a motion in the cause in the case wherein the petitioner was convicted.

(4) An application on a form approved by the Administrative Office of the Courts requesting and authorizing a State and national criminal record check by the Department of Justice using any information required by the Administrative Office of the Courts to identify the individual and a search of the confidential records of expunctions maintained by the Administrative Office of the Courts. The application shall be forwarded to the Department of Justice and to the Administrative Office of the Courts to conduct the searches and report the findings to the court.

(5) An affidavit by the petitioner that no restitution orders or civil judgments representing amounts ordered for restitution entered against him or her are outstanding.

(6) An affidavit by the petitioner that the petitioner has performed at least 100 hours of community service since the conviction for the nonviolent felony. The affidavit shall include a list of the community services performed, a list of the recipients of the services, and a detailed description of those services.

The petition shall be served upon the district attorney of the court wherein the case was tried resulting in conviction. The district attorney shall have 10 days thereafter in which to file any objection thereto and shall be duly notified as to the date of the hearing of the petition.

The judge to whom the petition is presented is authorized to call upon a probation officer for any additional investigation or verification of the petitioner's conduct during the two-year period that the judge deems desirable.

(d) The court shall order that the person be restored, in the contemplation of the law, to the status the person occupied before such arrest or indictment or information if the court finds all of the following after a hearing:

(1) The petitioner has remained of good behavior and has been free of conviction of any felony or misdemeanor, other than a traffic violation, for two years from the date of conviction of the nonviolent felony in question or any active sentence, period of probation or post-release supervision has been served, whichever is later.

(2) The petitioner has not previously been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States, the laws of this State, or any other state.

(3) The petitioner has no outstanding restitution orders or civil judgments representing amounts ordered for restitution entered against him or her.

(4) The petitioner was less than 18 years old at the time of the commission of the offense in question.

(5) The petitioner has performed at least 100 hours of community service since the time of the conviction.

(6) The search of the confidential records of expunctions conducted by the Administrative Office of the Courts shows that the petitioner has not been previously granted an expunction.

No person as to whom such order has been entered shall be held thereafter under any provision of any laws to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, or indictment, information, or trial, or response to any inquiry made of the person for any purpose.

(e) The court shall also order that the nonviolent felony conviction be expunged from the records of the court and direct all law enforcement agencies bearing record of the same to expunge their records of the conviction. The clerk shall forward a certified copy of the order to the sheriff, chief of police, or other arresting agency. The sheriff, chief, or head of any other arresting agency shall then transmit the copy of the order with a form supplied by the State Bureau of Investigation to the State Bureau of Investigation, and the State Bureau of Investigation shall forward the order to the Federal Bureau of Investigation.

(f) Any other applicable State or local government agency shall expunge from its records entries made as a result of the conviction ordered expunged under this section. The agency shall also reverse any administrative actions taken against a person whose record is expunged under this section as a result of the charges or convictions expunged. This subsection shall not apply to the Department of Justice for DNA records and samples stored in the State DNA Database and the State DNA Databank.

(g) The clerk of superior court in each county in North Carolina shall, as soon as practicable after each term of court in the clerk's county, file with the Administrative Office of the Courts the names of those persons granted a discharge under the provisions of this section, and the Administrative Office of the Courts shall maintain a confidential file containing the names of persons granted conditional discharges. The information contained in the file shall be disclosed only to judges of the General Court of Justice of North Carolina for the purpose of ascertaining whether any person charged with an offense has been previously granted a discharge.

(h) Any person eligible for expunction of a criminal record under this section shall be notified about the provisions of this section by the probation officer assigned to that person. If no probation officer is assigned, notification of the provisions of this section shall be provided by the court at the time of the conviction of the felony which is to be expunged under this section.

(i) A person who files a petition for expunction of a criminal record under this section must pay the clerk of superior court a fee of one hundred dollars ($100.00) at the time the petition is filed. Fees collected under this subsection shall be deposited in the General Fund. This subsection does not apply to petitions filed by an indigent."

SECTION 2. This act becomes effective December 1, 2005 and expires December 1, 2012.

A waiting period of 2 years after the conviction or any period of probation, or time served for an active sentence, period of probation or post-supervised release (whichever is later); 100 hours of community service, no prior or subsequent felony or non-traffic misdemeanor offenses; and affidavits attesting to the petitioner's character are all required.

CURRENT LAW: Article 5 of the Criminal Procedure Act provides for the expunction of criminal records of certain criminal charges or convictions. Expunction is the process by which a record of criminal conviction is removed by order of the court, and the individual is restored to the status he or she occupied before the arrest or indictment. General Statute 15A-145 (Expunction of records for first offenders under the age of 18 at the time of conviction of misdemeanor; expunction of certain other misdemeanors) allows a person convicted of a misdemeanor to file a petition for expunction of the misdemeanor from his or her criminal record if the person was under 18 at the time of a conviction or, in the case of a misdemeanor alcohol possession charge, the person was under 21 at the time of conviction. The petition may not be filed sooner than 2 years after the conviction or completion of probation and must include the following [1]:

1) an affidavit of good behavior for the two years following conviction, stating that the petitioner has not been convicted of any felony or non-traffic misdemeanor charge;

2) two affidavits of good character from persons unrelated to the petitioner;

3) a statement that the petition is a motion in the cause in the case wherein the petitioner was convicted; and

4) affidavits of the clerk of superior court, chief of police, and sheriff of the county of the offense and where the petitioner resides showing that petitioner has not been convicted of a felony or non-traffic misdemeanor offense prior to or in the two years since the conviction in question.

If the court finds in favor of the petitioner the clerk of superior court and the appropriate law enforcement agencies must expunge the record of the conviction.

Other sections of Article 5 provide for "Expunction of records when charges are dismissed or there are finding of not guilty as a result of identity fraud"[2] and "Expunction of DNA records when charges are dismissed on appeal or pardon of innocence is granted."[3].

BILL ANALYSIS: The PCS to the bill would add a new section to Article 5 "Expunction of Records" of Chapter 15A "Criminal Procedure Act" of the General Statutes. The proposed G.S. 15A-149 would

[1] G.S. 15A-145(a)(1) through (4).
[2] G.S. 15A-147.
[3] G.S. 15A-148.

provide expunction of the criminal records of first time offenders who are under 18 years of age at the time of the commission of the nonviolent felony if there are no previous or subsequent felony or misdemeanor convictions, other than a traffic violation. The petitioner cannot have received a prior expunction. "Nonviolent felony" would include any felony ***except*** the following:

- A Class A through F felony;
- A felony that includes assault as an essential element of the offense; and
- A felony that is an offense for which the convicted offender must register under Article 27A of Chapter 14 of the General Statutes (sex offenders).

If the person is convicted of more than one nonviolent felony in the same session of court, the bill provides that the multiple nonviolent felony convictions are to be treated as one nonviolent felony conviction under the section and the expunction order is to provide that the multiple convictions are to be expunged.

The procedure to be followed by the petitioner is modeled along the lines of the existing procedures for expunction of records. The petition cannot be filed earlier than two years after the date of conviction or after the time when any active sentence, period of probation, or post-release supervision has been served, whichever occurs later. The petitioner is also required to perform at least 100 hours of community service before filing the petition for expunction.

The petition must contain at least the following:

1) An affidavit of good behavior by the petitioner for the 2 years following conviction, stating that the petitioner has not been convicted of any felony or non-traffic misdemeanor charge under the laws of the United States, this State or any other state during that time;

2) Two affidavits of good character from persons unrelated to petitioner;

3) A statement that the petition is a motion in the cause in the case wherein the petitioner was convicted;

4) An application authorizing a State and national criminal record check by the Department of Justice with the results reported to the court;

5) An affidavit by the petitioner that no restitution orders or civil judgments representing amounts ordered for restitution entered against the petitioner are outstanding; and

6) An affidavit by the petitioner that he or she has performed at least 100 hours of community service since the conviction with a list of the community services performed, a list of the recipients of the services, and a detailed description of the services.

The petition is to be served on the district attorney who has 10 days to file any objections. The judge is authorized to call upon a probation officer for any additional investigation or verification of the petitioner's conduct. If the judge finds that the petitioner has met all of the requirements, the judge shall order that the petitioner be restored to the statute he or she had before the arrest or indictment. The judge shall also order that the nonviolent felony conviction be expunged from the records of the court and direct all law enforcement agencies to expunge their records, including the State Bureau of Investigation and the Federal Bureau of Investigation.

Any other applicable State or local government agency is directed to expunge from its records any entries made as a result of the conviction order expunged under this section. The agency is required to

also reverse any administrative actions taken against a person whose record is expunged under this section.

The clerk of superior court in each North Carolina county shall file with the Administrative Offices of the Court the names of those persons granted a discharge under the provisions of this section and the Administrative Offices of the Courts must maintain a confidential file containing the names of persons granted conditional discharges. This information can only be disclosed to judges of the General Court of Justice of North Carolina for the purpose of determining if any person charged with an offense has been previously given a discharge.

If a probation officer is assigned to the person eligible for expunction, the probation officer must notify the person of the provisions of this section. If no probation officer is assigned, then the court which heard the felony must provide notification of the possibility of expunction under this section.

The bill would set the filing fee for the expunction petition at $100.00 unless the petitioner was indigent. Fees collected would be deposited into the General Fund.

EFFECTIVE DATE: The bill would become effective December 1, 2005 and would expire December 1, 2012.

BILL SUMMARY: This bill would enact new G.S. 15A-149 to allow expunction of records for nonviolent felonies committed by first-time offenders who were under the age of 18 at the time of the conviction. In the second edition of this bill, a nonviolent felony was defined as any felony except a Class A through Class E felony, a felony with assault as an essential element of the offense, and a felony for which the convicted offender must register as a sex offender. This PCS also excludes Class F felonies from the definition of nonviolent felonies.

To be eligible for expunction under the bill, the offender must not have been previously convicted of any felony or misdemeanor other than a traffic violation, and must have remained of good behavior and been free of conviction of any felony or misdemeanor other than a traffic violation for two years from the date of conviction of the nonviolent felony to be expunged. This PCS additionally requires that the offender must not have previously been granted an expunction. A petition cannot be filed earlier than two years after the date of conviction or when any active sentence, period of probation, and post-release supervision has been served, whichever occurs later. The offender must also perform 100 hours of community service before filing a petition. The provisions in this bill expire in seven years (December 1, 2012).

Source: Adapted from Administrative Office of the Courts, Research and Planning (04/27/05).

ASSUMPTIONS AND METHODOLOGY:

To estimate the number of individuals eligible to file a petition for expunction under this bill, the Administrative Office of the Courts (AOC) identified the number of defendants convicted of a single nonviolent felony while under the age of eighteen by counting the number of convictions recorded per defendant's name in each county. Using this method, AOC identified 12,056 defendants eligible for expunction due to this bill.[1]

As it would be unreasonable to assume that all 12,056 eligible individuals would petition for expunction, AOC estimated the percentage of this total that would file a petition by utilizing the petition rate for existing expunction provisions under G.S. 15A-145(a), which allows for expunction of non-traffic misdemeanors committed by offenders under age eighteen. In calendar year 2004, there were 244 petitions filed out of an estimated 6,900 eligible convictions, revealing that approximately 4 percent of eligible individuals actually sought to have their convictions expunged.

For the 12,056 existing convictions that would be eligible for expunction, AOC estimates that a greater proportion of individuals would seek expunction initially and at declining rates thereafter. However, each year AOC anticipates that an additional 725 convictions would become eligible for expunction. Of these, AOC estimates that 8 percent would seek expunction, resulting in an additional 58 petitions annually. Table 1 below outlines the total number of petitions that would be filed each year based on the estimated numbers of eligible convictions and the rate at which eligible individuals would seek expunction.

Table 1: Estimated Number of Expunction Petitions Filed

	FY 05-06	FY 06-07	FY 07-08	FY 08-09	FY 09-10
Existing Backlog of Convictions	12,056	12,056	12,056	12,056	12,056
Percentage Seeking Expunction	6%	4%	2%	2%	2%

Petitions	**58**	**58**	**58**	**58**	**58**
Total Estimated Petitions	**781**	**540**	**299**	**299**	**299**

[1] To the extent that two individuals with identical names would appear to be one individual with multiple convictions, this approximation would underestimate the number of defendants eligible for expunction under this bill. However, to the extent that some individuals could have a single conviction in multiple counties, this approximation would be an overestimate.

Revenues

Under this bill there would be a $100 fee when filing a petition for expunction. AOC estimates that approximately one quarter of petitioners would be indigent and would thus not pay the fee when seeking expunction. Table 2 below outlines projected revenues if 75 percent of petitioners were to pay the $100 fee.

Expenditures

Judicial Branch

Petitions filed as a result of this bill would lead to additional workload and costs for superior court and the Administrative Office of the Courts.

Superior Court: Clerks would devote time to receiving, filing, and processing petitions, as well as destroying and otherwise expunging court files and records. Additionally, the petitioner would pay a $100 fee when filing a petition, and clerks would incur time receiving and processing these payments or an affidavit of indigency if the petitioner is unable to pay. The petition must also be served on the district attorney, who would then have ten days to review and file an objection. Furthermore, the bill specifies that a hearing must be held and lists the findings that would justify expunction. Under current practice, most hearings are conducted in chambers or otherwise informally, and with rare exceptions, are uncontested. Nevertheless, expunction petitions due to this bill would require additional judge time to review affidavits and other documents, hear from the petitioner, make an evaluation, and issue an order. For cases that are contested or require closer scrutiny, significant judge time would be required.

Administrative Office of the Courts: To seek expunction under existing law, a person fills out an AOC form, which is sent to the SBI for a national record check and to the AOC to determine whether the person has previously had a record expunged. In 2004, AOC processed 6,297 of these requests. As under current law, this bill would require AOC to maintain a confidential file of expungements. Handling current expunction petitions requires approximately one-half of a position in order to look up the information, handle related communications with the clerk and SBI, answer citizen questions, and maintain the files. Also, AOC would incur costs for programming, development, production of forms, postage, copying, printing, mailing, and similar operating costs.

Table 3 on the next page outlines the additional costs that would be needed to process the estimated number of expunction petitions resulting from this bill each year. These figures represent additional resource costs for the Courts but, as they are formulated on fractional position estimates, do not represent the need for additional positions. The position and cost estimates are not changed with the slight reduction in petitions by excluding Class F felonies under the PCS.

Total		**$36,750**		**$26,442**		**$13,858**

Department of Justice

The State Bureau of Investigation (SBI) in the Department of Justice is involved in the expunction process in two ways:

1. The SBI reviews applications for expunction to determine whether the applicant is eligible, and transmits that information to the Court system.
2. Upon a judicial order for expunction, the SBI removes information from its databases and forwards the expunction order to the Federal Bureau of Investigation.

The workload of four different positions in the SBI is affected by this bill – two processing assistants, a fingerprint technician supervisor, and an attorney. It requires a total of approximately 67 minutes of staff time to process an application and 172 minutes of staff time to process an expunction order. The SBI estimates that 87 percent of applications result in expunction orders. Using data and methodology from the Administrative Office of the Courts, we estimate the following:

Table 4: Estimated SBI Position and Operating Expenditures

	2005-06	2006-07	2007-08
Number of applications	781	540	299
Number of orders (87%)	679	470	260
Cost per Application	$27.79	$27.79	$27.79
Cost per Order	$61.24	$61.24	$61.24
Postage per Order	$1.27	$1.27	$1.27
TOTAL	**$64,303**	**$44,460**	**$24,618**
Positions required	**1.30**	**0.90**	**0.50**

The staff time required to process 781 applications is equivalent to one full-time position. Therefore, the box on the front page reflects one additional position required for the SBI in FY 2005-06. Position requirements will decrease in later years as workload declines.

TECHNICAL CONSIDERATIONS:

1. Effective date: This bill would be effective December 1, 2005. AOC notes that considerable preparation would be necessary to implement this bill, including hiring and training personnel, modifying computer programs, and coordination between AOC and the SBI to prepare for the

anticipated increase in petitions. AOC expects that an effective date no earlier than January 1, 2006 would be necessary to implement the bill.

2. Notice to Department of Correction and Division of Motor Vehicles: The bill does not include the Department of Correction or Division of Motor Vehicles among the agencies to whom the Clerk must send a certified copy of an expungement order. The mechanism by which DOC and DMV would receive notice of an expungement order is not specified.

3. Fee for Expungement. This bill sets a fee of $100 for expungements resulting from this legislation. Currently, the fee for expungement is $65. Senate Bill 622 (2005 Appropriations Act), which has passed the Senate and been referred to the House, would increase fees for expungements to $125.

House Committee on Finance

Minutes

~

June 30, 2005

The House Committee on Finance met on Thursday, June 30, 2005 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons Alexander, Gibson, Luebke, and Wainwright; Vice-Chairs Daughtridge, Hill, Ross, Weiss, and Womble; and Representatives B. Allen, Blackwood, Blust, Bordsen, Capps, Carney, Dockham, England, Faison, Fisher, Folwell, Glazier, Goforth, Hackney, Holliman, Insko, Jones, Lewis, Lucas, McGee, Rayfield, Underhill, Vinson, Walend, and Wiley. Also present were Sergeant-at-Arms Bill Freeman, Fred Hines, Dusty Rhodes, Bill Sullivan, and Walter Spell. Staff persons present included Cindy Avrette, Rodney Bizzell, Brenna Erford, Ashley Huffstetler, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as **attachments 1 and 2.**

Chairwoman Howard called the meeting to order at 8:31 am and recognized the six (6) pages present: (1) Amber Rollins of Rutherford County, sponsored by Representative England; (2) Anne-Tyson Vance of Iredell County, sponsored by Representative Howard; (3) Wesley Bell of Moore County, sponsored by Representative Morgan; (4) Thomas Thurman of Mecklenburg County, sponsored by Representative Blackwood; (5) Sarah Lineberry of Wake County, sponsored by Speaker Black; and (6) Susan Creasy of Forsyth County, sponsored by Representative Folwell.

The first bill under the Committee's consideration was **SB 92 – WATAUGA DIST. U OCC. TAX** (see **attachment 3**). Chairwoman Howard first recognized Representative Gibson who sent forth a technical amendment (see **attachment 4**) and moved for its adoption. Seeing no further discussion, Chairwoman Howard called the motion to a vote and the amendment was adopted. Senator Garwood, the bill sponsor, was then recognized and explained that the bill would create a new taxing district in Watauga County consisting of the unincorporated areas of the county and authorize that district to levy a room occupancy tax of up to six percent. This bill would also amend the local government bidding requirements statute to provide that Watauga County and the Town of Boone need not comply with the formal bidding requirements for construction and repair work to develop Anne Marie Park Drive if the work is performed by force account qualified labor and the total cost does not exceed $750,000. Senator Garwood also reported that the bill had received a favorable report from the House Finance Subcommittee on Occupancy Tax. Following the explanation, Representative Gibson moved that a new committee substitute, incorporating his amendment, be given a favorable report and an unfavorable report as to the original bill. As there was no further debate, Chairwoman Howard called the motion to a vote, and it carried by consent.

The following bill considered by the Committee was **HB 1051 – MACON-JACKSON REGIONAL AIRPORT AUTHORITY** (see **attachment 5**). Chairwoman Howard first recognized Representative Hill who moved the adoption of the proposed committee substitute for

the Committee's consideration. The motion was adopted. Representative Hill was recognized again and sent forth an amendment (see **attachment 6**) reducing from seven (7) to five (5) the members of the Jackson County Airport Authority. After Representative Hill moved for the amendment's adoption, Chairwoman Howard called for further discussion. Seeing none, she called the motion to a vote and the amendment was adopted. Chairwoman Howard then recognized Representative Haire who explained that the bill authorizes the formation of the Macon-Jackson Regional Airport Authority if the Boards of County Commissioners of both Macon and Jackson Counties decide to appoint members to the proposed Airport Authority. The bill also bans most fixed wing or rotary wing commercial flights from Macon County or Jackson County unless they originate or terminate from an FAA approved airport.

Following the explanation, Chairwoman Howard recognized Representative Holliman who reported that he had heard of some opposition to the bill. Representative Haire was then recognized and stated that he was not aware of the current opposition to this bill. Chairwoman Howard then recognized Representative Alexander who said that she has heard from pilots who are concerned that this bill could cause the airports to lose federal funding. Representative Haire was recognized to respond and stated that the bill does not dissolve either airport. Both airports would be allowed to remain open with approval of the County Commissioners and federal funding would not necessarily be lost. Representative Underhill was then recognized and moved that the proposed committee substitute, incorporating the amendment, be given a favorable report and an unfavorable report as to the original bill. Chairwoman Howard then recognized Representative Luebke who reported that he has heard some concerns from Tom McClure, the Chairman of the Jackson County Airport Authority. Representative Haire was then recognized and stated that the opposition has been settled by the adopted amendment that reduces the board members from seven (7) to five (5). He reported that the opposition still did not like the bill but that they could live with it in its current form. As there was no further debate, Chairwoman Howard called the Underhill motion to a vote it carried without objection.

Chairwoman Howard then referred House Bill 580 – BELMONT & TROUTMAN OCCUPANCY TAX – to the Subcommittee on Occupancy Tax.

The final bill considered by the Committee was **HB 1084 – EXPUNGE NONVIOLENT FELONIES/YOUNG OFFENDERS** (see **attachment 7**), which was previously discussed during the House Finance Committee meeting on June 21. Chairwoman Howard first recognized Representative Weiss who moved for the adoption of the proposed committee substitute for the Committee's consideration. The motion was adopted. Representative Bordsen was then recognized and briefly explained the bill again before the Committee. She explained that the bill allows for the expunction of a nonviolent felony for youths who commit such crimes while under the age of 18. Expunction would only be granted if the individual remains free of non-traffic felony and misdemeanor offenses for two years after conviction, parole, or active sentence, whichever is greater. Following the explanation, Representative Wainwright was recognized and asked if opponents of this bill believe that sixteen and seventeen-year-olds cannot make the same mistakes that a fifteen-year-old can. Chairwoman Howard recognized Representative Bordson who agreed with Representative Wainwright and reported that North Carolina is the only state left in the nation that treats sixteen and seventeen year olds as adults under the criminal code.

Representative Jones was then recognized and asked if this bill had been heard in another committee and why this bill was in the Finance Committee. To respond, Representative Bordsen was recognized and stated that the bill had received unanimous support from the House Judiciary II Committee and is under the Finance Committee's consideration because of a fee requested by the Administrative Office of the Courts. Chairwoman Howard then recognized Representative Jones

who moved for a favorable report to the proposed committee substitute and an unfavorable report to the original bill. Following the motion, Representative Holliman was recognized and shared his belief that young people should be given a second chance. Chairwoman Howard then recognized Representative Hill who was concerned by a list of organizations opposing the bill (see **attachment 8**). He stated that he was interested in hearing from some of the organizations in opposition to the proposed legislation. Representative Daughtridge was then recognized and emphasized the need for employers to know a person's background. He explained how this bill thwarts the intentions of other bills that provide for criminal background checks. Representative Daughtridge then proceeded with a list of bills that have been filed this session that relate to criminal background checks.

Chairwoman Howard then recognized Representative Capps who referred to the comments of Colon Willoughby, the District Attorney of Wake County, who previously spoke in opposition to the bill at the June 21 Finance Committee meeting. Representative Capps echoed Mr. Willoughby's statement that this bill would expunge too many crimes. Representative Capps then read a long list of violent crimes that could be expunged under the bill. He concluded by saying that he opposes the bill and believes the State should not support this bill just because other states have passed similar legislation. Chairwoman Howard then recognized Representative Womble who eloquently emphasized the goodness of this bill. He stated that this bill could help North Carolina become more compassionate to its youth. Representative Womble also reported that he has been contacted by none of the organizations listed in opposition to the bill. Chairwoman Howard then recognized Representative Underhill who reported a conversation that she had had with a Sheriff in North Carolina who was in support of the bill. She continued by saying that she was not persuaded by the opposition list because the list did not accurately reflect the attitudes of the members of each organization.

Representative Glazier was then recognized and stated that he admired Representative Bordsen's courage in bringing this bill forward. According to Representative Glazier, this bill is economically and morally in the State's best interest. However, he stated that it may be beneficial to add another level of transition for ages sixteen to seventeen by exempting expunction to felonies A-F, instead of felonies A-E. Representative Glazier then sent forth an amendment (see **attachment 9**) providing this change in the bill and moved for its adoption. Chairwoman Howard then recognized Representative Bordsen who stated her support for the amendment if it would help to move the bill forward. Seeing no further discussion, Chairwoman Howard then called the Glazier motion to a vote, and the amendment was adopted. Representative Ross was then recognized and said that this bill would not create a "cake walk" for young people desiring expunction. The bill would require the oversight of the District Attorney and a Judge during the expunction process. Representative Capps was then recognized and acknowledged that Representative Glazier's amendment was an improvement to the bill and inquired of staff to provide him with a list of crimes that would no longer be expunged under the amendment.

Chairwoman Howard then recognized Mike Reeder from the Haven House, which deals with troubled youth on a daily basis. Mr. Reeder announced his support for the bill and shared some examples of cases where this bill could have helped individual youth. Eddie Caldwell from the NC Sheriff's Association was then recognized and stated his opposition to the bill. Mr. Caldwell then said that he believes the bill should be studied before being passed by the General Assembly. Chairwoman Howard then recognized Hugh Tilson of the NC Hospital Association who stated that his organization opposes the bill because hospitals need to be given accurate information when doing background checks on potential employees. Stephanie Simpson of the NC Realtors' Association was recognized and announced her organization's opposition to the bill because employers in the real estate industry need to know the complete background of an applicant who is

involved in brokering deals and handling transactions involving large sums of money. Chairwoman Howard then recognized Pete Powell from the Administrative Office of the Courts who stated his belief that all problems with the bill had been addressed except one. He then emphasized the need for an appropriation to the Administrative Office of the Courts because this bill acts as an unfunded mandate to his office. Representative Jones was then recognized and moved for a favorable report to the proposed committee substitute, incorporating the Glazier amendment, and an unfavorable report to the original bill. As there was no further debate, Chairwoman Howard called the motion to a vote, and it carried by a majority.

As there was no further business before the Committee, Chairwoman Howard then adjourned the meeting at 9:51 am.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE WATAUGA COUNTY TO LEVY AN OCCUPANCY TAX IN A TAX DISTRICT COMPRISING THE UNINCORPORATED AREAS OF THE COUNTY AND TO INCREASE THE FORCE ACCOUNT LIMIT FOR WATAUGA COUNTY AND THE TOWN OF BOONE FOR DEVELOPMENT OF ANNE MARIE DRIVE PARK.

The General Assembly of North Carolina enacts:

PART I. WATAUGA COUNTY DISTRICT U OCCUPANCY TAX.

SECTION 1. Watauga County District U Created. – Watauga County District U is created as a taxing district. Its jurisdiction consists of that part of Watauga County that is located outside of incorporated areas within the county. Watauga County District U is a body politic and corporate and has the power to carry out the provisions of this act. The Watauga County Board of Commissioners shall serve ex officio as the governing body of the district, and the officers of the county shall serve as the officers of the governing body of the district. A simple majority of the governing body constitutes a quorum, and approval by a majority of those present is sufficient to determine any matter before the governing body, if a quorum is present.

SECTION 2. Authorization and Scope. – The governing body of Watauga County District U may levy a room occupancy tax of up to six percent (6%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the district that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales or room occupancy tax. This tax does not apply to accommodations furnished by charitable, educational, or religious institutions or nonprofit organizations when furnished in furtherance of their nonprofit purpose.

SECTION 3. Administration. – A tax levied under this act shall be levied, administered, collected, and repealed as provided in G.S. 153A-155 as if Watauga County District U were a county. The penalties provided in G.S. 153A-155 apply to a tax levied under this act.

SECTION 4. Distribution and Use of Tax Revenue. – Watauga County District U shall, on a quarterly basis, distribute the net proceeds of the occupancy tax to the Watauga County District U Tourism Development Authority created pursuant to Section 5 of this act. The Authority shall use at least two-thirds of the proceeds distributed to it to promote travel and tourism in the district and shall use the remainder for tourism-related expenditures in the district. In accordance with the North Carolina Constitution and the United States Constitution, the tax proceeds may be used only for the direct benefit of the jurisdiction of Watauga County District U. None of the proceeds may be used to promote travel or tourism in areas within Watauga County that are outside of the district or for tourism-related expenditures in the county that are outside of the district.

The following definitions apply in this act:

(1) Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area. The term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or convention facilities in a county or to attract tourists or business travelers to the county. The term includes tourism-related capital expenditures.

SECTION 5.(a) Watauga County District U Tourism Development Authority. – Appointment and Membership. – The Watauga County Board of Commissioners shall adopt a resolution creating the Watauga County District U Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members must be individuals who are affiliated with businesses that collect the tax in the district, and at least one-half of the members must be individuals who are currently active in the promotion of travel and tourism in the district. The board of commissioners shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Watauga County shall be the ex officio finance officer of the Authority.

SECTION 5.(b) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in Section 4 of this act. The Authority shall promote travel and tourism in the district and make tourism-related expenditures in the district.

SECTION 5.(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the Watauga County Board of Commissioners on its receipts and expenditures for the preceding quarter and for the year in such detail as the board may require.

SECTION 6. G.S. 153A-155(g) reads as rewritten:

"(g) This section applies only to Anson, Brunswick, Buncombe, Cabarrus, Carteret, Craven, Cumberland, Currituck, Dare, Davie, Duplin, Durham, Granville, Halifax, Madison, Montgomery, Nash, New Hanover, Pasquotank, Pender, Person, Randolph, Richmond, Rowan, Scotland, Stanly, Transylvania, Tyrrell, Vance, and Washington Counties, to Watauga District U, and to the Township of Averasboro in Harnett County."

PART II. FORCE ACCOUNT LIMIT.

SECTION 7. G.S. 143-135 reads as rewritten:

"**§ 143-135. Limitation of application of Article.**

Except for the provisions of G.S. 143-129 requiring bids for the purchase of apparatus, supplies, materials or equipment, this Article shall not apply to construction or repair work undertaken by the State or by subdivisions of the State of North Carolina (i) when the work is performed by duly elected officers or agents using force account qualified labor on the permanent payroll of the agency concerned and (ii) when either the total cost of the project, including without limitation all direct and indirect costs of labor, services, materials, supplies and equipment, does not exceed ~~one hundred twenty-five thousand dollars ($125,000) or the total cost of labor on the project does not exceed fifty thousand dollars ($50,000).~~ seven hundred and fifty thousand dollars $750,000. This force account work shall be subject to the approval of the Director of the Budget in the case of State agencies, of the responsible commission, council, or board in the case of subdivisions of the State. Complete and accurate records of the entire cost of such work, including without limitation, all direct and indirect costs of labor, services, materials, supplies and equipment performed and furnished in the prosecution and completion thereof, shall be maintained by such agency, commission, council or board for the inspection by the general public. Construction or repair work undertaken pursuant to this section shall not be divided for the purposes of evading the provisions of this Article."

SECTION 8. Section 7 of this act applies only to a joint project between Watauga County and the Town of Boone to develop Anne Marie Drive Park.

SECTION 9. Section 7 of this act applies to Watauga County and the Town of Boone only.

SUMMARY: ***The Proposed Committee Substitute for Senate Bill 92 would create a new taxing district in Watauga County consisting of the unincorporated areas of the county and authorize that district to levy a room occupancy tax of up to 6%. It would also amend the local government bidding requirements statute to provide that Watauga County and the Town of Boone need not comply with the formal bidding requirements for construction and repair work to develop Anne Marie Park Drive if the work is performed by force account qualified labor and the total cost of the project does not exceed $750,000.***

OCCUPANCY TAX

CURRENT LAW: Watauga County does not currently have authority to levy a room occupancy tax, although the towns of Beech Mountain, Blowing Rock, and Seven Devils, which are partly located in Watauga County, and Boone, which is entirely located in Watauga County, do have authority to levy a room occupancy tax.

BILL ANALYSIS: The Proposed Committee Substitute for Senate Bill 92 would create a new taxing district in Watauga County consisting of the unincorporated areas of the county to be named "Watauga County District U." The Watauga County Board of Commissioners would serve ex officio as the governing body of the district. The district would be authorized to levy a room occupancy tax of up to 6% and remit the net proceeds, on a quarterly basis, to a Tourism Development Authority established under this act. The tax proceeds may be used only for the direct benefit of the Watauga County District U. The administrative and use provisions of this bill conform to the guidelines adopted by the House Finance Committee for occupancy tax legislation.

The chart below details the House Occupancy Tax Guidelines:

UNIFORM OCCUPANCY TAX PROVISIONS
Rate – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
Use – Two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism related expenditures.
Definitions The term "net proceeds", "promote travel and tourism", and "tourism related expenditures" are defined terms.
Administration – The net revenues must be administered by a local tourism development authority that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least ¾ of the members must be currently active in the promotion of travel and tourism in the county and ½ of the members must be affiliated with organizations that collect the tax.
Costs of Collection – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

FORCE ACCOUNT LABOR

CURRENT LAW: The main competitive bidding requirements for local governments are found in Article 8 of Chapter 143. These statutes apply to the expenditure of public money within established dollar limits and for two categories of contracts: (1) contracts for the purchase of apparatus, supplies, materials, or equipment, and (2) contracts for construction or repair work. The second category (contracts for construction or repair work) includes construction of roads, utilities, buildings, and other infrastructure.

Formal bidding for construction or repair work does not apply to work undertaken by the local government when (1) the work is performed by force account qualified labor on the permanent payroll, and (2) either the cost of the project does not exceed $125,000 or the total cost of labor does not exceed $50,000. "Force account labor" is the use of public employees to do the construction or repair work.

BILL ANALYSIS: The Proposed Committee Substitute for Senate Bill 92 amends G.S. 143-135 to provide that formal bidding for construction and repair work does not apply to work undertaken by Watauga County or the Town of Boone on a joint project to develop Ann Marie Drive Park when (1) the work is performed by force account qualified labor on the payroll, and (2) the cost of the project does not exceed $750,000.

PCS CHANGES

The PCS to the 2nd Edition adds the force account labor provision (Part II) to the bill. It does not make any substantive changes to the authorization for levy of the occupancy tax in the unincorporated areas of Watauga County.

EFFECTIVE DATE: Becomes effective when law.

BILL SUMMARY:
The Proposed Committee Substitute for Senate Bill 92 would create a new taxing district in Watauga County consisting of the unincorporated areas of the county and authorize that district to levy a room occupancy tax of up to 6%. The district would be authorized to levy a room occupancy tax of up to 6% and remit the net proceeds, on a quarterly basis, to a Tourism Development Authority established under this act. The Authority would be required to use at least two-thirds of the proceeds to promote travel and tourism and to use the remainder for tourism-related expenditures. The tax proceeds may be used only for the direct benefit of the Watauga County District U.

ASSUMPTIONS AND METHODOLOGY:
According to the Watauga County Manager, the area that would comprise Watauga District U includes approximately 600 rooms in bed and breakfasts, cabins and condominiums that are for rent. Because many of these are rented on a seasonal basis, the average occupancy rate is assumed to be 20%. Assuming an average room rental rate of $100 suggests the following revenue stream:

Year	Amount	Each 1%
2005-06	$262,800	43,800
2006-07	$268,844	44,807
2007-08	$274,759	45,793
2008-09	$280,254	46,709
2009-10	$285,859	47,643

Because no historic data is available, the General Consumer Price Index estimated rate of increase is used to estimate future growth in occupancy tax receipts.

A BILL TO BE ENTITLED

AN ACT TO ENABLE THE CREATION OF A MACON-JACKSON REGIONAL AIRPORT AUTHORITY; TO LIMIT OPERATIONS OF SOME FIXED AND ROTARY WING AIRCRAFT; AND TO CHANGE THE MEMBERSHIP OF THE JACKSON COUNTY AIRPORT AUTHORITY.

The General Assembly of North Carolina enacts:

SECTION 1. There is hereby created the "Macon-Jackson Regional Airport Authority" (for brevity hereinafter referred to as the "Airport Authority"), which shall be a body both corporate and politic, having the powers and jurisdiction hereinafter enumerated and such other and additional powers as shall be conferred upon it by general law and future acts of the General Assembly.

SECTION 2. The Airport Authority shall consist of not less than five and not more than nine members. The exact provisions relating to the appointment, terms, succession, removal, and vacancies of members, and other similar matters shall be jointly determined and adopted by a resolution of the board of county commissioners of each county.

Each member shall take and subscribe before the Clerk of Court of Macon County or the Clerk of Court of Jackson County, depending on the member's residence, an oath of office and file that oath with the board of county commissioners of both counties. Membership on the Airport Authority and the Macon County Board of Commissioners or the Jackson County Board of Commissioners shall not constitute dual office holding within the meaning of Section 9 of Article VI of the North Carolina Constitution.

SECTION 3. The Airport Authority may adopt suitable bylaws for its management. The members of the Airport Authority may receive compensation, per diem, or otherwise as the Macon County Board of Commissioners and the Jackson County Board of Commissioners from time to time jointly determine. Members shall be allowed and paid their actual expenses incurred in transacting the business and at the instance of the Airport Authority. Members of the Airport Authority shall not be

personally liable for their acts as members of the Airport Authority, except for acts resulting from misfeasance or malfeasance.

SECTION 4(a). The Airport Authority shall constitute a body, both corporate and politic, and shall have the following powers and authority:

(1) To purchase, acquire, establish, construct, own, control, lease, equip, improve, maintain, operate, and regulate airports and landing fields for the use of airplanes and other aircraft within the limits of the counties and for this purpose to purchase, improve, own, hold, lease, or operate real or personal property. The Airport Authority may exercise these powers alone or in conjunction with the counties of Macon and Jackson.

(2) To sue and be sued in the name of the Airport Authority, to make contracts and hold any personal property necessary for the exercise of the powers of the Airport Authority, and acquire by purchase, lease, or otherwise any existing lease, leasehold right, or other interest in any existing airport located in the county.

(3) To charge and collect reasonable and adequate fees and rents for the use of airport property or for services rendered in the operation of the airport.

(4) To make all reasonable rules and regulations it deems necessary for the proper maintenance, use, operation, and control of the airport, including public safety, and provide penalties for the violation of these rules and regulations; provided, the rules and regulations and schedules of fees not be in conflict with the laws of North Carolina and the regulations of the Federal Aviation Administration. The Airport Authority may administer and enforce any airport zoning regulations adopted by the counties of Macon or Jackson depending on the location of the airport.

(5) To issue bonds pursuant to Article 5 of Chapter 159 of the General Statutes.

(6) To sell, lease, or otherwise dispose of any property, real or personal, belonging to the Airport Authority, according to the procedures described in Article 12 of Chapter 160A of the General Statutes, but no sale of real property shall be made without the approval of the board of commissioners of the county in which the real property is located.

(7) To purchase any insurance that the Federal Aviation Administration or the Airport Authority shall deem necessary. The Airport Authority shall be responsible for any and all insurance claims or liabilities.

(8) To deposit or invest and reinvest any of its funds as provided by the Local Government Finance Act, as it may be amended from time to time, for the deposit or investment of unit funds.

(9) To purchase any of its outstanding bonds or notes.

(10) To operate, own, lease, control, regulate, or grant to others, for a period not to exceed 20 years, the right to operate on any airport

premises restaurants, snack bars, vending machines, food and beverage dispensing outlets, rental car services, catering services, novelty shops, insurance sales, advertising media, merchandising outlets, motels, hotels, barbershops, automobile parking and storage facilities, automobile service establishments, and all other types of facilities as may be directly or indirectly related to the maintenance and furnishing to the general public of a complete air terminal installation.

(11) To contract with persons, firms, or corporations for terms not to exceed 20 years, for the operation of airline-scheduled passenger and freight flights, nonscheduled flights, and any other airplane activities not inconsistent with the grant agreements under which the airport property is held.

(12) To erect and construct buildings, hangars, shops, and other improvements and facilities, not inconsistent with or in violation of the agreements applicable to and the grants under which the real property of the airport is held; to lease these improvements and facilities for a term or terms not to exceed 20 years; to borrow money for use in making and paying for these improvements and facilities, secured by and on the credit only of the lease agreements in respect to these improvements and facilities, and to pledge and assign the leases and lease agreements as security for the authorized loans.

(13) Subject to the limitations set out in this act, to have all the same power and authority granted to cities and counties pursuant to Chapter 63 of the General Statutes, Aeronautics.

(14) To have a corporate seal, which may be altered at will.

SECTION 4(b). The Airport Authority shall possess the same exemptions in respect to payment of taxes and license fees and be eligible for sales and use tax refunds to the same extent as provided for municipal corporations by the laws of the State of North Carolina.

SECTION 5. The Airport Authority may acquire from the counties by agreement with the counties, and the counties may grant and convey, either by gift or for such consideration as the county may deem wise, any real or personal property which it now owns or may hereafter acquire, including nontax monies, and which may be necessary for the construction, operation, and maintenance of any airport located in the counties.

SECTION 6. Any lands acquired, owned, controlled, or occupied by the Airport Authority shall be, and are declared to be, acquired, owned, controlled, and occupied for a public purpose.

SECTION 7. Private property needed by the Airport Authority for any airport, landing field, or as facilities of an airport or landing field, may be acquired by gift or devise, or may be acquired by private purchase or by the exercise of eminent domain pursuant to Chapter 40A of the General Statutes, as a local public condemnor, including the provisions of G.S. 40A-42. If property acquired by gift, devise, purchase, or condemnation has a burial ground or graveyard, then it shall be lawful for the Airport

Authority, after 30 days' notice to the surviving spouse or next of kin of the deceased buried there or the person in control of the graves, if they are known, to remove the interred body and reinter the body in another cemetery in Macon County or Jackson County. If no surviving spouse or next of kin or person in control can be found, then the Airport Authority may advertise for four consecutive weeks in a newspaper published in Macon County and Jackson County of the intended removal of the graves. The removal shall then be conducted under the supervision of the Clerk of the Superior Court of Macon County or the Clerk of the Superior Court of Jackson County or his or her representative. The expense of the removal shall be borne by the Airport Authority.

SECTION 8. The Airport Authority shall make an annual report to the Macon County Board of Commissioners and the Jackson County Board of Commissioners setting forth in detail the operations and transactions conducted by it pursuant to this act. The Airport Authority shall not have the power to pledge the credit of Macon County or Jackson County, or any subdivision thereof, or to impose any obligation on Macon County or Jackson County, or any of its subdivisions, except when that power is expressly granted by statute.

SECTION 9. Subject to the limitations as set out in this act, all rights and powers given and granted to counties or municipalities by general law, which may now be in effect, or enacted in the future, relating to the development, regulation, and control of municipal airports and the regulation of aircraft are now concurrently vested in the Airport Authority. The Macon County Board of Commissioners and the Jackson County Board of Commissioners may delegate its powers under these acts to the Airport Authority, and the Airport Authority shall have concurrent rights with Macon County and Jackson County to control, regulate, and provide for the development of aviation in Macon County or Jackson County.

SECTION 10. The Airport Authority may contract with and accept grants from the Federal Aviation Administration, the State of North Carolina, or any of the agencies or representatives of either of said governmental bodies relating to the purchase of land and air easements and to the grading, constructing, equipping, improving, maintaining, or operating of an airport or its facilities or both.

SECTION 11. The Airport Authority may employ or contract with any agents, engineers, attorneys, and other persons whose services may be deemed by the Airport Authority to be necessary and useful in carrying out the provisions of Sections 1 through 10 of this act.

SECTION 12. The Macon County Board of Commissioners and the Jackson County Board of Commissioners may appropriate funds derived from any source including ad valorem taxes to carry out the provisions of this act in any proportion or upon any basis as may be determined by the Macon County Board of Commissioners or the Jackson County Board of Commissioners. The Macon County Board of Commissioners and the Jackson County Board of Commissioners may provide county services to the Airport Authority upon any basis as may be determined by the Macon County Board of Commissioners or the Jackson County Board of Commissioners.

SECTION 13. The Airport Authority may expend the funds that are appropriated by the county for joint airport purposes and may pledge the credit of the Airport Authority to the extent of the appropriated funds.

SECTION 14. The Airport Authority shall elect from among its members a chair and other officers at its initial meeting and then biennially thereafter. Officers shall be eligible to succeed themselves in office and to serve consecutive terms at the will of the members of the Airport Authority. A majority of the Airport Authority shall control its decisions. Each member of the Airport Authority, including the chair, shall have one vote. The Airport Authority shall meet at the places and times designated by the chair.

SECTION 15. If an airport established pursuant to this act ceases to be operated by the Airport Authority, or if any property acquired pursuant to this act for airport purposes is abandoned, then the title to that real or personal property, or rights under any existing lease, shall revert to and vest in the county in which the property is located; and on the sale of that property, the proceeds shall vest in the county in which the property is located.

SECTION 16. The powers granted to the Airport Authority shall not be effective until the members of the Airport Authority have been appointed by the Macon County Board of Commissioners and the Jackson County Board of Commissioners, acting jointly, and nothing in this act shall require either board of commissioners to make the initial appointments. It is the intent of this act to enable but not to require the formation of the Macon-Jackson Regional Airport Authority.

SECTION 17. Upon the creation of the Macon-Jackson Regional Airport Authority, either county may elect to dissolve its current county Airport Authority. The dissolution may be effectuated by a resolution of the board of county commissioners following a public hearing held on the matter, or by a resolution of the board of county commissioners ratifying a favorable binding referendum on the question of the dissolution. The referendum on the dissolution may be held at the same time as any other state or county primary, election, special election, or referendum.

SECTION 18. No fixed wing or rotary wing commercial flights may originate or terminate in Macon County or Jackson County unless they originate or terminate from an airport approved by the Federal Aviation Authority and operated pursuant to Chapter 63 of the General Statutes. This section shall not apply to fixed wing or rotary wing aircraft operated by or at the direction of governmental agencies or providing medical air services.

Members may succeed themselves in office and serve more than one term. Two initial appointments to the Airport Authority shall be for two years, two initial appointments to the Airport Authority shall be for four years, and the remaining two initial appointments to the Airport Authority shall be for six years. Each member shall take and subscribe before the Clerk of Superior Court of Jackson County an oath of office and file the same with the Jackson County Board of Commissioners. Membership on the Jackson County Board of Commissioners and the Airport Authority shall not constitute double office holding within the meaning of Article VI, Section 9 of the Constitution of North Carolina."

(b) The new member of the Jackson County Airport Authority created by enactment subsection (a) of this section shall be appointed in the same manner used for filling vacancies in the membership of the existing Airport Authority.

SECTION 20. If any one or more sections, clauses, sentences, or parts of this act shall be adjudged invalid, such judgment shall not affect, impair, or invalidate the remaining provisions thereof, but shall be confined in its operation to the specific provisions held invalid, and the inapplicability or invalidity of any section, clause, sentence, or part of this act in one or more instances or circumstances shall not be taken to affect or prejudice in any way its applicability or validity in any other instance.

SECTION 21. Sections 1 through 17 of this act shall expire on January 1, 2007, if the Macon County Board of County Commissioners and the Jackson County Board of County Commissioners have not appointed members of the Macon-Jackson Regional Airport Authority prior to that date.

HOUSE BILL 1051:
Macon-Jackson Regional Airport Authority

BILL ANALYSIS

Committee:	House Finance	**Sponsor:**	Haire and West
Date:	June 30, 2005	**Analysis by:**	Martha Walston
Version:	1st Edition		Committee Counsel
	H1051-CSLK-21		

SUMMARY: House Bill 1051 is a local bill that authorizes the formation of the Macon-Jackson Regional Airport Authority if the Boards of County Commissioners of Macon and Jackson Counties decide to appoint members to the proposed Airport Authority. The bill also bans most fixed wing or rotary wing commercial flights from Macon County or Jackson County unless they originate or terminate from an FAA approved airport.

House Bill 1051 also increases the membership of the Jackson County Airport Authority from six to seven members.

The original version of House Bill 1051 would have consolidated the existing Macon County Airport Authority and the existing Jackson County Airport Authority to create a new Macon-Jackson Regional Airport Authority.

BILL ANALYSIS: In 1997, the General Assembly enacted legislation enabling the Jackson County Board of Commissioners to establish the Jackson County Airport Authority. In 1989, the General Assembly enacted legislation enabling the Macon County Board of Commissioners to establish the Macon County Airport Authority and allowing the Rutherford Airport Authority to lease land to the State for a period not to exceed 30 years. In 1999, the General Assembly repealed the 1989 legislation, except for the language affecting the Rutherford Airport Authority and enacted legislation authorizing the establishment of the Macon County Airport Authority. The 1999 legislation changed the number of members of the Authority, and added to the powers of the Authority.

House Bill 1051 would authorize the Boards of County Commissioners of Macon and Jackson Counties to form the Macon-Jackson Regional Airport Authority possessing the same powers that the separate county airport authorities currently have. Upon creation of the proposed Authority, each County's Board of Commissioners may elect to dissolve its existing county airport authority. The Bill would also prohibit fixed wing or rotary wing commercial flights from originating or terminating in Macon or Jackson County unless the flights originate or terminate from an airport approved by the Federal Aviation Authority and operated under Chapter 63 (Aeronautics) of the General Statutes. Fixed wing or rotary wing aircraft operated by or at the direction of governmental agencies or providing medical air services would be exempt from this prohibition.

House Bill 1051 provides that the authorization to create the Macon-Jackson Regional Airport Authority will expire January 1, 2007, if the Macon and Jackson County Boards of Commissioners have not appointed members of the new Authority by that date.

House Bill 1051 increases the membership of the Jackson county Airport Authority from six to seven members.

BACKGROUND: On March and April of 2005, the Jackson County Board of Commissioners and Macon County Board of Commissioners adopted resolutions requesting the General Assembly to enact legislation enabling the creation of the Macon-Jackson Regional Airport Authority. According to the resolutions, the Jackson County Airport has a runway length of only 3003 feet and the topography limits further expansion of the Jackson County Airport or extension of the runway. The Macon County Airport has a runway length of 4400 feet, and there are plans to extend the runway to accommodate larger business-class jet aircraft. The Macon County Airport is only 30 miles from the Jackson County Airport and is an alternate local airport for Jackson County. The availability of the longer runway enhances the business climate in both counties and the entire southwestern mountain region, and a shared commitment of local resources will promote efficiency by eliminating the duplication of airport services and enhancing the overall level of airport services available to the southwestern mountain region.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE THAT A YOUTHFUL OFFENDER'S CRIMINAL RECORD MAY BE EXPUNGED OF NONVIOLENT FELONIES.

The General Assembly of North Carolina enacts:

SECTION 1. Article 5 of Chapter 15A of the General Statutes is amended by adding a new section to read:

"**§ 15A-149. Expunction of records for first offenders who are under 18 years of age at the time of the commission of a nonviolent felony.**

(a) For purposes of this section, the term "nonviolent felony" means any felony except the following:

(1) A Class A through F felony.

(2) A felony that includes assault as an essential element of the offense; and

(3) A felony that is an offense for which the convicted offender must register under Article 27A of Chapter 14 of the General Statutes.

(b) Notwithstanding any other provision of law, if a person is convicted of more than one nonviolent felony in the same session of court, then the multiple nonviolent felony convictions shall be treated as one nonviolent felony conviction under this section, and the expunction order issued under this section shall provide that the multiple convictions shall be expunged from the person's record in accordance with this section.

(c) Whenever any person who had not yet attained the age of 18 years at the time of the offense and has not previously been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States, the laws of this State, or any other state pleads guilty to or is guilty of a nonviolent felony, the person may file a petition in the court where the person was convicted for expunction of the nonviolent felony from the person's criminal record. The petition cannot be filed earlier than two

years after the date of the conviction or when any active sentence, period of probation, and post-release supervision has been served, whichever occurs later. The person shall also perform at least 100 hours of community service, preferably related to the conviction, before filing a petition for expunction under this section. The petition shall contain, but not be limited to, the following:

(1) An affidavit by the petitioner that he or she has been of good behavior for the two-year period since the date of conviction of the nonviolent felony in question and has not been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States or the laws of this State or any other state.

(2) Verified affidavits of two persons who are not related to the petitioner or to each other by blood or marriage that they know the character and reputation of the petitioner in the community in which he or she lives and that the petitioner's character and reputation are good.

(3) A statement that the petition is a motion in the cause in the case wherein the petitioner was convicted.

(4) An application on a form approved by the Administrative Office of the Courts requesting and authorizing a State and national criminal record check by the Department of Justice using any information required by the Administrative Office of the Courts to identify the individual and a search of the confidential records of expunctions maintained by the Administrative Office of the Courts. The application shall be forwarded to the Department of Justice and to the Administrative Office of the Courts to conduct the searches and report the findings to the court.

(5) An affidavit by the petitioner that no restitution orders or civil judgments representing amounts ordered for restitution entered against him or her are outstanding.

(6) An affidavit by the petitioner that the petitioner has performed at least 100 hours of community service since the conviction for the nonviolent felony. The affidavit shall include a list of the community services performed, a list of the recipients of the services, and a detailed description of those services.

The petition shall be served upon the district attorney of the court wherein the case was tried resulting in conviction. The district attorney shall have 10 days thereafter in which to file any objection thereto and shall be duly notified as to the date of the hearing of the petition.

The judge to whom the petition is presented is authorized to call upon a probation officer for any additional investigation or verification of the petitioner's conduct during the two-year period that the judge deems desirable.

(d) The court shall order that the person be restored, in the contemplation of the law, to the status the person occupied before such arrest or indictment or information if the court finds all of the following after a hearing:

(1) The petitioner has remained of good behavior and has been free of conviction of any felony or misdemeanor, other than a traffic violation, for two years from the date of conviction of the nonviolent felony in question or any active sentence, period of probation or post-release supervision has been served, whichever is later.

(2) The petitioner has not previously been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States, the laws of this State, or any other state.

(3) The petitioner has no outstanding restitution orders or civil judgments representing amounts ordered for restitution entered against him or her.

(4) The petitioner was less than 18 years old at the time of the commission of the offense in question.

(5) The petitioner has performed at least 100 hours of community service since the time of the conviction.

(6) The search of the confidential records of expunctions conducted by the Administrative Office of the Courts shows that the petitioner has not been previously granted an expunction.

No person as to whom such order has been entered shall be held thereafter under any provision of any laws to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, or indictment, information, or trial, or response to any inquiry made of the person for any purpose.

(e) The court shall also order that the nonviolent felony conviction be expunged from the records of the court and direct all law enforcement agencies bearing record of the same to expunge their records of the conviction. The clerk shall forward a certified copy of the order to the sheriff, chief of police, or other arresting agency. The sheriff, chief, or head of any other arresting agency shall then transmit the copy of the order with a form supplied by the State Bureau of Investigation to the State Bureau of Investigation, and the State Bureau of Investigation shall forward the order to the Federal Bureau of Investigation.

(f) Any other applicable State or local government agency shall expunge from its records entries made as a result of the conviction ordered expunged under this section. The agency shall also reverse any administrative actions taken against a person whose record is expunged under this section as a result of the charges or convictions expunged. This subsection shall not apply to the Department of Justice for DNA records and samples stored in the State DNA Database and the State DNA Databank.

(g) The clerk of superior court in each county in North Carolina shall, as soon as practicable after each term of court in the clerk's county, file with the Administrative Office of the Courts the names of those persons granted a discharge under the provisions of this section, and the Administrative Office of the Courts shall maintain a confidential file containing the names of persons granted conditional discharges. The information contained in the file shall be disclosed only to judges of the General Court of Justice of North Carolina for the purpose of ascertaining whether any person charged with an offense has been previously granted a discharge.

(h) Any person eligible for expunction of a criminal record under this section shall be notified about the provisions of this section by the probation officer assigned to that person. If no probation officer is assigned, notification of the provisions of this section shall be provided by the court at the time of the conviction of the felony which is to be expunged under this section.

(i) A person who files a petition for expunction of a criminal record under this section must pay the clerk of superior court a fee of one hundred dollars ($100.00) at the time the petition is filed. Fees collected under this subsection shall be deposited in the General Fund. This subsection does not apply to petitions filed by an indigent."

SECTION 2. This act becomes effective December 1, 2005 and expires December 1, 2012.

(2) A felony that includes assault as an essential element of the offense; and

(3) A felony that is an offense for which the convicted offender must register under Article 27A of Chapter 14 of the General Statutes.

(b) Notwithstanding any other provision of law, if a person is convicted of more than one nonviolent felony in the same session of court, then the multiple nonviolent felony convictions shall be treated as one nonviolent felony conviction under this section, and the expunction order issued under this section shall provide that the multiple convictions shall be expunged from the person's record in accordance with this section.

(c) Whenever any person who had not yet attained the age of 18 years at the time of the offense and has not previously been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States, the laws of this State, or any other state pleads guilty to or is guilty of a nonviolent felony, the person may file a petition in the court where the person was convicted for expunction of the nonviolent felony from the person's criminal record. The petition cannot be filed earlier than two years after the date of the conviction or when any active sentence, period of probation, and post-release supervision has been served, whichever occurs later. The person shall

also perform at least 100 hours of community service, preferably related to the conviction, before filing a petition for expunction under this section. The petition shall contain, but not be limited to, the following:

(1) An affidavit by the petitioner that he has been of good behavior for the two-year period since the date of conviction of the nonviolent felony in question and has not been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States or the laws of this State or any other state.

(2) Verified affidavits of two persons who are not related to the petitioner or to each other by blood or marriage that they know the character and reputation of the petitioner in the community in which he or she lives and that the petitioner's character and reputation are good.

(3) A statement that the petition is a motion in the cause in the case wherein the petitioner was convicted.

(4) An application on a form approved by the Administrative Office of the Courts requesting and authorizing a State and national criminal record check by the Department of Justice using any information required by the Administrative Office of the Courts to identify the individual and a search of the confidential record of expungements maintained by the Administrative Office of the Courts. The application shall be forwarded to the Department of Justice and to the Administrative Office of the Courts to conduct the searches and report the findings to the court.

(5) An affidavit by the petitioner that no restitution orders or civil judgments representing amounts ordered for restitution entered against him or her are outstanding.

(6) An affidavit by the petitioner that the petitioner has performed at least 100 hours of community service since the conviction for the nonviolent felony. The affidavit shall include a list of the community services performed, a list of the recipients of the services, and a detailed description of those services.

The petition shall be served upon the district attorney of the court wherein the case was tried resulting in conviction. The district attorney shall have 10 days thereafter in which to file any objection thereto and shall be duly notified as to the date of the hearing of the petition.

The judge to whom the petition is presented is authorized to call upon a probation officer for any additional investigation or verification of the petitioner's conduct during the two-year period that the judge deems desirable.

(d) If the court, after a hearing, finds that the petitioner has remained of good behavior and has been free of conviction of any felony or misdemeanor, other than a traffic violation, for two years from the date of conviction of the nonviolent felony in question or any active sentence, period of probation or post-release supervision has been served, whichever is later, the petitioner has no outstanding restitution orders or civil judgments representing amounts ordered for restitution entered against him or her, the

petitioner was less than 18 years old at the time of the commission of the offense in question, and the petitioner has performed at least 100 hours of community service since the time of the conviction, then the court shall order that the person be restored, in the contemplation of the law, to the status the person occupied before such arrest or indictment or information. No person as to whom such order has been entered shall be held thereafter under any provision of any laws to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, or indictment, information, or trial, or response to any inquiry made of the person for any purpose.

(e) The court shall also order that the nonviolent felony conviction be expunged from the records of the court and direct all law enforcement agencies bearing record of the same to expunge their records of the conviction. The clerk shall forward a certified copy of the order to the sheriff, chief of police, or other arresting agency. The sheriff, chief, or head of any other arresting agency shall then transmit the copy of the order with a form supplied by the State Bureau of Investigation to the State Bureau of Investigation, and the State Bureau of Investigation shall forward the order to the Federal Bureau of Investigation.

(f) Any other applicable State or local government agency shall expunge from its records entries made as a result of the conviction ordered expunged under this section. The agency shall also reverse any administrative actions taken against a person whose record is expunged under this section as a result of the charges or convictions expunged.

(g) The clerk of superior court in each county in North Carolina shall, as soon as practicable after each term of court in the clerk's county, file with the Administrative Office of the Courts the names of those persons granted a discharge under the provisions of this section, and the Administrative Office of the Courts shall maintain a confidential file containing the names of persons granted conditional discharges. The information contained in the file shall be disclosed only to judges of the General Court of Justice of North Carolina for the purpose of ascertaining whether any person charged with an offense has been previously granted a discharge.

(h) Any person eligible for expunction of a criminal record under this section shall be notified about the provisions of this section by the probation officer assigned to that person. If no probation officer is assigned, notification of the provisions of this section shall be provided by the court at the time of the conviction of the felony which is to be expunged under this section.

(i) A person who files a petition for expunction of a criminal record under this section must pay the clerk of superior court a fee of one hundred dollars ($100.00) at the time the petition is filed. Fees collected under this subsection shall be deposited in the General Fund. This subsection does not apply to petitions filed by an indigent."

SECTION 2. This act becomes effective December 1, 2005.

HOUSE BILL 1084:
Expunge Nonviolent Felonies/Young Offenders

BILL ANALYSIS

Committee:	House Finance	**Date:**	June 14, 2005
Introduced by:	Reps. Bordsen, Crawford	**Summary by:**	Drupti Chauhan
Version:	PCS to Second Edition H1084-CSRQ-35 [v.4]		

SUMMARY: The PCS for House Bill 1084 would provide for the expunction of criminal records for offenders who are under the age of 18 at the time of commission of a nonviolent felony. A waiting period of 2 years after the conviction or any period of probation, or time served for an active sentence, period of probation or post-supervised release (whichever is later); 100 hours of community service, no prior or subsequent felony or non-traffic misdemeanor offenses; and affidavits attesting to the petitioner's character are all required.

CURRENT LAW: Article 5 of the Criminal Procedure Act provides for the expunction of criminal records of certain criminal charges or convictions. Expunction is the process by which a record of criminal conviction is removed by order of the court, and the individual is restored to the status he or she occupied before the arrest or indictment. General Statute 15A-145 (Expunction of records for first offenders under the age of 18 at the time of conviction of misdemeanor; expunction of certain other misdemeanors) allows a person convicted of a misdemeanor to file a petition for expunction of the misdemeanor from his or her criminal record if the person was under 18 at the time of a conviction or, in the case of a misdemeanor alcohol possession charge, the person was under 21 at the time of conviction. The petition may not be filed sooner than 2 years after the conviction or completion of probation and must include the following [1]:

1) an affidavit of good behavior for the two years following conviction, stating that the petitioner has not been convicted of any felony or non-traffic misdemeanor charge;

2) two affidavits of good character from persons unrelated to the petitioner;

3) a statement that the petition is a motion in the cause in the case wherein the petitioner was convicted; and

4) affidavits of the clerk of superior court, chief of police, and sheriff of the county of the offense and where the petitioner resides showing that petitioner has not been convicted of a felony or non-traffic misdemeanor offense prior to or in the two years since the conviction in question.

If the court finds in favor of the petitioner the clerk of superior court and the appropriate law enforcement agencies must expunge the record of the conviction.

Other sections of Article 5 provide for "Expunction of records when charges are dismissed or there are finding of not guilty as a result of identity fraud"[2] and "Expunction of DNA records when charges are dismissed on appeal or pardon of innocence is granted."[3].

BILL ANALYSIS: The PCS to the bill would add a new section to Article 5 "Expunction of Records" of Chapter 15A "Criminal Procedure Act" of the General Statutes. The proposed G.S. 15A-149 would

[1] G.S. 15A-145(a)(1) through (4).
[2] G.S. 15A-147.
[3] G.S. 15A-148.

provide expunction of the criminal records of first time offenders who are under 18 years of age at the time of the commission of the nonviolent felony if there are no previous or subsequent felony or misdemeanor convictions, other than a traffic violation. The petitioner cannot have received a prior expunction. "Nonviolent felony" would include any felony ***except*** the following:

- A Class A through F felony;
- A felony that includes assault as an essential element of the offense; and
- A felony that is an offense for which the convicted offender must register under Article 27A of Chapter 14 of the General Statutes (sex offenders).

If the person is convicted of more than one nonviolent felony in the same session of court, the bill provides that the multiple nonviolent felony convictions are to be treated as one nonviolent felony conviction under the section and the expunction order is to provide that the multiple convictions are to be expunged.

The procedure to be followed by the petitioner is modeled along the lines of the existing procedures for expunction of records. The petition cannot be filed earlier than two years after the date of conviction or after the time when any active sentence, period of probation, or post-release supervision has been served, whichever occurs later. The petitioner is also required to perform at least 100 hours of community service before filing the petition for expunction.

The petition must contain at least the following:

1) An affidavit of good behavior by the petitioner for the 2 years following conviction, stating that the petitioner has not been convicted of any felony or non-traffic misdemeanor charge under the laws of the United States, this State or any other state during that time;

2) Two affidavits of good character from persons unrelated to petitioner;

3) A statement that the petition is a motion in the cause in the case wherein the petitioner was convicted;

4) An application authorizing a State and national criminal record check by the Department of Justice with the results reported to the court;

5) An affidavit by the petitioner that no restitution orders or civil judgments representing amounts ordered for restitution entered against the petitioner are outstanding; and

6) An affidavit by the petitioner that he or she has performed at least 100 hours of community service since the conviction with a list of the community services performed, a list of the recipients of the services, and a detailed description of the services.

The petition is to be served on the district attorney who has 10 days to file any objections. The judge is authorized to call upon a probation officer for any additional investigation or verification of the petitioner's conduct. If the judge finds that the petitioner has met all of the requirements, the judge shall order that the petitioner be restored to the statute he or she had before the arrest or indictment. The judge shall also order that the nonviolent felony conviction be expunged from the records of the court and direct all law enforcement agencies to expunge their records, including the State Bureau of Investigation and the Federal Bureau of Investigation.

Any other applicable State or local government agency is directed to expunge from its records any entries made as a result of the conviction order expunged under this section. The agency is required to

also reverse any administrative actions taken against a person whose record is expunged under this section.

The clerk of superior court in each North Carolina county shall file with the Administrative Offices of the Court the names of those persons granted a discharge under the provisions of this section and the Administrative Offices of the Courts must maintain a confidential file containing the names of persons granted conditional discharges. This information can only be disclosed to judges of the General Court of Justice of North Carolina for the purpose of determining if any person charged with an offense has been previously given a discharge.

If a probation officer is assigned to the person eligible for expunction, the probation officer must notify the person of the provisions of this section. If no probation officer is assigned, then the court which heard the felony must provide notification of the possibility of expunction under this section.

The bill would set the filing fee for the expunction petition at $100.00 unless the petitioner was indigent. Fees collected would be deposited into the General Fund.

EFFECTIVE DATE: The bill would become effective December 1, 2005 and would expire December 1, 2012.

BILL SUMMARY: This bill would enact new G.S. 15A-149 to allow expunction of records for nonviolent felonies committed by first-time offenders who were under the age of 18 at the time of the conviction. In the second edition of this bill, a nonviolent felony was defined as any felony except a Class A through Class E felony, a felony with assault as an essential element of the offense, and a felony for which the convicted offender must register as a sex offender. This PCS also excludes Class F felonies from the definition of nonviolent felonies.

To be eligible for expunction under the bill, the offender must not have been previously convicted of any felony or misdemeanor other than a traffic violation, and must have remained of good behavior and been free of conviction of any felony or misdemeanor other than a traffic violation for two years from the date of conviction of the nonviolent felony to be expunged. This PCS additionally requires that the offender must not have previously been granted an expunction. A petition cannot be filed earlier than two years after the date of conviction or when any active sentence, period of probation, and post-release supervision has been served, whichever occurs later. The offender must also perform 100 hours of community service before filing a petition. The provisions in this bill expire in seven years (December 1, 2012).

Source: Adapted from Administrative Office of the Courts, Research and Planning (04/27/05).

ASSUMPTIONS AND METHODOLOGY:

To estimate the number of individuals eligible to file a petition for expunction under this bill, the Administrative Office of the Courts (AOC) identified the number of defendants convicted of a single nonviolent felony while under the age of eighteen by counting the number of convictions recorded per defendant's name in each county. Using this method, AOC identified 12,056 defendants eligible for expunction due to this bill.[1]

As it would be unreasonable to assume that all 12,056 eligible individuals would petition for expunction, AOC estimated the percentage of this total that would file a petition by utilizing the petition rate for existing expunction provisions under G.S. 15A-145(a), which allows for expunction of non-traffic misdemeanors committed by offenders under age eighteen. In calendar year 2004, there were 244 petitions filed out of an estimated 6,900 eligible convictions, revealing that approximately 4 percent of eligible individuals actually sought to have their convictions expunged.

For the 12,056 existing convictions that would be eligible for expunction, AOC estimates that a greater proportion of individuals would seek expunction initially and at declining rates thereafter. However, each year AOC anticipates that an additional 725 convictions would become eligible for expunction. Of these, AOC estimates that 8 percent would seek expunction, resulting in an additional 58 petitions annually. Table 1 below outlines the total number of petitions that would be filed each year based on the estimated numbers of eligible convictions and the rate at which eligible individuals would seek expunction.

Table 1: Estimated Number of Expunction Petitions Filed

	FY 05-06	FY 06-07	FY 07-08	FY 08-09	FY 09-10
Existing Backlog of Convictions	12,056	12,056	12,056	12,056	12,056
Percentage Seeking Expunction	6%	4%	2%	2%	2%
Petitions	**723**	**482**	**241**	**241**	**241**
New Convictions	725	725	725	725	725
Percentage Seeking Expunction	8%	8%	8%	8%	8%
Petitions	**58**	**58**	**58**	**58**	**58**
Total Estimated Petitions	**781**	**540**	**299**	**299**	**299**

[1] To the extent that two individuals with identical names would appear to be one individual with multiple convictions, this approximation would underestimate the number of defendants eligible for expunction under this bill. However, to the extent that some individuals could have a single conviction in multiple counties, this approximation would be an overestimate.

Revenues

Under this bill there would be a $100 fee when filing a petition for expunction. AOC estimates that approximately one quarter of petitioners would be indigent and would thus not pay the fee when seeking expunction. Table 2 below outlines projected revenues if 75 percent of petitioners were to pay the $100 fee.

Expenditures

Judicial Branch

Petitions filed as a result of this bill would lead to additional workload and costs for superior court and the Administrative Office of the Courts.

Superior Court: Clerks would devote time to receiving, filing, and processing petitions, as well as destroying and otherwise expunging court files and records. Additionally, the petitioner would pay a $100 fee when filing a petition, and clerks would incur time receiving and processing these payments or an affidavit of indigency if the petitioner is unable to pay. The petition must also be served on the district attorney, who would then have ten days to review and file an objection. Furthermore, the bill specifies that a hearing must be held and lists the findings that would justify expunction. Under current practice, most hearings are conducted in chambers or otherwise informally, and with rare exceptions, are uncontested. Nevertheless, expunction petitions due to this bill would require additional judge time to review affidavits and other documents, hear from the petitioner, make an evaluation, and issue an order. For cases that are contested or require closer scrutiny, significant judge time would be required.

Administrative Office of the Courts: To seek expunction under existing law, a person fills out an AOC form, which is sent to the SBI for a national record check and to the AOC to determine whether the person has previously had a record expunged. In 2004, AOC processed 6,297 of these requests. As under current law, this bill would require AOC to maintain a confidential file of expungements. Handling current expunction petitions requires approximately one-half of a position in order to look up the information, handle related communications with the clerk and SBI, answer citizen questions, and maintain the files. Also, AOC would incur costs for programming, development, production of forms, postage, copying, printing, mailing, and similar operating costs.

Table 3 on the next page outlines the additional costs that would be needed to process the estimated number of expunction petitions resulting from this bill each year. These figures represent additional resource costs for the Courts but, as they are formulated on fractional position estimates, do not represent the need for additional positions. The position and cost estimates are not changed with the slight reduction in petitions by excluding Class F felonies under the PCS.

Deputy Clerks	0.20	$6,766	0.14	$4,736	0.08	$2,706
Superior Court Judges	0.11	$16,452	0.08	$11,965	0.04	$5,982
Assistant District Attorneys	0.11	$8,597	0.08	$6,252	0.04	$3,126

Total		**$36,750**		**$26,442**		**$13,858**

Department of Justice

The State Bureau of Investigation (SBI) in the Department of Justice is involved in the expunction process in two ways:

1. The SBI reviews applications for expunction to determine whether the applicant is eligible, and transmits that information to the Court system.
2. Upon a judicial order for expunction, the SBI removes information from its databases and forwards the expunction order to the Federal Bureau of Investigation.

The workload of four different positions in the SBI is affected by this bill – two processing assistants, a fingerprint technician supervisor, and an attorney. It requires a total of approximately 67 minutes of staff time to process an application and 172 minutes of staff time to process an expunction order. The SBI estimates that 87 percent of applications result in expunction orders. Using data and methodology from the Administrative Office of the Courts, we estimate the following:

Table 4: Estimated SBI Position and Operating Expenditures

	2005-06	2006-07	2007-08
Number of applications	781	540	299
Number of orders (87%)	679	470	260
Cost per Application	$27.79	$27.79	$27.79
Cost per Order	$61.24	$61.24	$61.24
Postage per Order	$1.27	$1.27	$1.27
TOTAL	**$64,303**	**$44,460**	**$24,618**
Positions required	**1.30**	**0.90**	**0.50**

The staff time required to process 781 applications is equivalent to one full-time position. Therefore, the box on the front page reflects one additional position required for the SBI in FY 2005-06. Position requirements will decrease in later years as workload declines.

TECHNICAL CONSIDERATIONS:

1. Effective date: This bill would be effective December 1, 2005. AOC notes that considerable preparation would be necessary to implement this bill, including hiring and training personnel, modifying computer programs, and coordination between AOC and the SBI to prepare for the

anticipated increase in petitions. AOC expects that an effective date no earlier than January 1, 2006 would be necessary to implement the bill.

2. Notice to Department of Correction and Division of Motor Vehicles: The bill does not include the Department of Correction or Division of Motor Vehicles among the agencies to whom the Clerk must send a certified copy of an expungement order. The mechanism by which DOC and DMV would receive notice of an expungement order is not specified.

3. Fee for Expungement. This bill sets a fee of $100 for expungements resulting from this legislation. Currently, the fee for expungement is $65. Senate Bill 622 (2005 Appropriations Act), which has passed the Senate and been referred to the House, would increase fees for expungements to $125.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE FRANKLIN COUNTY TO LEVY A ROOM OCCUPANCY AND TOURISM DEVELOPMENT TAX.

The General Assembly of North Carolina enacts:

SECTION 1. Occupancy Tax. – (a) Authorization and Scope. – The Franklin County Board of Commissioners may levy a room occupancy tax of up to six percent (6%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the county that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.

SECTION 1.(b) Administration. – A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax levied under this section.

SECTION 1.(c) Distribution and Use of Tax Revenue. – Franklin County shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Franklin County Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Franklin County and shall use the remainder for tourism-related expenditures.

The following definitions apply in this subsection:

(1) Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish, and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area. The term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or convention facilities in a county or to attract tourists or business travelers to the county. The term includes tourism-related capital expenditures.

SECTION 2. Franklin County Tourism Development Authority. – (a) Appointment and Membership. – When the Franklin County Board of Commissioners adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating a county Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members must be individuals who are affiliated with businesses that collect the tax in the county, and at least one-half of the members must be individuals who are currently active in the promotion of travel and tourism in the county. The board of commissioners shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Franklin County shall be the ex officio finance officer of the Authority.

SECTION 2.(b) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in this act. The Authority shall promote travel, tourism, and conventions in the county, sponsor tourist-related events and activities in the county, and finance tourist-related capital projects in the county.

SECTION 2.(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the Franklin County Board of Commissioners on its receipts and expenditures for the preceding quarter and for the year in such detail as the board may require.

SECTION 3. G.S. 153A-155(g) reads as rewritten:

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE FRANKLIN COUNTY TO LEVY A ROOM OCCUPANCY AND TOURISM DEVELOPMENT TAX.

The General Assembly of North Carolina enacts:

SECTION 1. Occupancy Tax. – (a) Authorization and Scope. – The Franklin County Board of Commissioners may levy a room occupancy tax of up to six percent (6%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the county that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.

SECTION 1.(b) Administration. – A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax levied under this section.

SECTION 1.(c) Distribution and Use of Tax Revenue. – Franklin County shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Franklin County Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Franklin County and shall use the remainder for tourism-related expenditures.

The following definitions apply in this subsection:

(1) Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish, and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract

tourists or business travelers to the area. The term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or convention facilities in a county or to attract tourists or business travelers to the county. The term includes tourism-related capital expenditures.

SECTION 2. Franklin County Tourism Development Authority. – (a) Appointment and Membership. – When the Franklin County Board of Commissioners adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating a county Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members must be individuals who are affiliated with businesses that collect the tax in the county, and at least one-half of the members must be individuals who are currently active in the promotion of travel and tourism in the county. The board of commissioners shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Franklin County shall be the ex officio finance officer of the Authority.

SECTION 2.(b) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in this act. The Authority shall promote travel, tourism, and conventions in the county, sponsor tourist-related events and activities in the county, and finance tourist-related capital projects in the county.

SECTION 2.(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the Franklin County Board of Commissioners on its receipts and expenditures for the preceding quarter and for the year in such detail as the board may require.

SECTION 4. This act is effective when it becomes law.

Senate Bill 369:
Franklin County Occupancy Tax.

BILL ANALYSIS

Committee:	**House Finance**	**Sponsor:**	**Senator Berger of Franklin**
Date:	**June 30, 2005**	**Analysis by:**	Ashley Huffstetler
Version:	**PCS to 2nd Edition**		Staff Attorney

SUMMARY: ***The Proposed Committee Substitute for the 2nd Edition of Senate Bill 369[1] authorizes Franklin County to levy a room occupancy tax of up to 6%.***

CURRENT LAW: Franklin County does not have authority to levy a room occupancy tax, nor do any of the municipalities located within Franklin County.

BILL ANALYSIS: The Proposed Committee Substitute for the 2nd Edition of Senate Bill 369 authorizes Franklin County to levy a room occupancy tax of up to 6%. The proceeds must be remitted to a county Tourism Development Authority (TDA), which must use two-thirds of the proceeds to promote travel and tourism and the remainder for tourism-related expenditures. These administrative and use provisions conform to the uniform guidelines referenced above and detailed in the chart below:

UNIFORM OCCUPANCY TAX PROVISIONS
Rate – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
Use – Two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism related expenditures.
Definitions The term "net proceeds", "promote travel and tourism", and "tourism related expenditures" are defined terms.
Administration – The net revenues must be administered by a local tourism development authority that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least ¾ of the members must be currently active in the promotion of travel and tourism in the county and ½ of the members must be affiliated with organizations that collect the tax.
Costs of Collection – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

PCS CHANGES: The PCS merely updates the provisions of G.S. 153A-155(g) to reflect changes already made to the statute this session.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax legislation – G.S. 153A-155 and G.S. 160A-215. These provisions provide uniformity in the areas of levy, administration, collection, repeal, and penalties.

The North Carolina Travel and Tourism Coalition has a policy statement for legislation authorizing local occupancy taxes. Many of the principles contained in its statement are similar to the ones established by a House Finance subcommittee on Occupancy Taxes in 1993.

An average rate of occupancy of 52% and an average room rate of $45 are used to calculate an estimated annual revenue of $75,900. Because no historical data is available, the five-year revenue projection is based on the General Consumer Price Index rate of increase.

Minutes

~

July 7, 2005

The House Committee on Finance met on Thursday, July 7, 2005 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons Alexander, Gibson, Luebke, and Wainwright; Vice-Chairs Daughtridge, Hill, Ross, Weiss, and Womble; and Representatives B. Allen, Blackwood, Blust, Bordsen, Capps, Carney, Dockham, England, Faison, Fisher, Folwell, Glazier, Goforth, Hackney, Holliman, Insko, Lewis, McGee, Rayfield, Underhill, and Wiley. Also present were Sergeant-at-Arms Bill Freeman, Fred Hines, Dusty Rhodes, Bill Sullivan, and Walter Spell. Staff persons present included Cindy Avrette, Rodney Bizzell, Erika Churchill, Brenna Erford, Ashley Huffstetler, Linda Millsaps, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as **attachments 1 and 2**.

Chairman Luebke called the meeting to order at 8:34 am and recognized the five (5) pages present: (1) David Epps of Wake County, sponsored by Speaker Pro Tem Morgan; (2) Christina Preddy of Wake County, sponsored by Representative Eddins; (3) Ashley Daniels of Wake County, sponsored by Representative Eddins; (4) Keith Nance of Wake County, sponsored by Representative Lewis; (5) Russell Lewis of Carteret County, sponsored by Representative Preston.

The first bill under the Committee's consideration was **HB 1327 – CRIMINAL RECORD CHECKS/PSYCHOLOGY PRACTICE ACT** (see **attachment 3**). Chairman Luebke first recognized Representative Harrison who explained that the bill provides authority to conduct criminal background checks for applicants for licensure under the Psychology Practice Act. Following the explanation, Representative Faison was recognized and requested that the bill be temporarily displaced while an amendment was prepared. Chairman Luebke agreed to this request and temporarily displaced House Bill 1327.

Chairman Luebke then recognized Senator Boseman to explain **SB 443 – PUBLIC HOSPITAL INVESTMENTS** (see **attachment 4**). She explained that the bill would allow a public hospital to deposit any funds held in reserves with the State Treasurer for investment purposes. Following the explanation, Representative Lewis was recognized and asked if this bill would cost the state any money. Senator Boseman was recognized and stated that no additional expenses would be incurred by the State because of the bill. Chairman Luebke then recognized Representative Ross who moved that Senate Bill 443 be given a favorable report by the Committee. Seeing no further discussion, Chairman Luebke called the motion to a vote and it carried by consent.

The following bill considered by the Committee was **SB 170 – WACO TOWN CENTER** (see **attachment 5**). Chairman Luebke first recognized Senator Dalton who explained that the bill updates language in the town charter, which references the center of the Town of Waco. Following

the explanation, Chairman Luebke recognized Representative Alexander who moved that Senate Bill 170 be given a favorable report by the Committee. As there was no further debate, Chairman Luebke called the motion to a vote and it carried without objection.

Chairman Luebke then replaced House Bill 1327 before the Committee and recognized Representative Faison to send forth an amendment (see **attachment 6**). Representative Faison explained that the amendment makes a small change in the language used in the limited liability clause on Page 2 Lines 2-4. He then moved for the adoption of the amendment. Seeing no further discussion, Chairman Luebke called the motion to a vote and the amendment was adopted. Representative Howard was then recognized and moved for a favorable report to a new proposed committee substitute, incorporating the adopted amendment, and an unfavorable report to the original bill. As there was no further debate, Chairman Luebke called the motion to a vote and it carried by consent.

The next bill considered by the Committee was **HB 688 – CERTIFY ON-SITE WASTEWATER CONTRACTORS** (see **attachment 7**). Chairman Luebke recognized Representative Carney who moved for the adoption of the proposed committee substitute for the Committee's consideration. The motion was adopted. Representative Culp, the bill sponsor, was then recognized and explained that the bill requires licensing of on-site wastewater contractors and inspectors. He also stated that it creates a nine-member NC On-Site Wastewater Contractors and Inspectors Certification Board. Chairman Luebke then recognized Ashley Huffstetler of the Bill Drafting Division who explained further that this bill requires the licensing of wastewater contractors and is before the Finance Committee because of maximum fees established in the bill that the Board may charge to a person applying for a license. Following the explanation, Representative Ross moved for a favorable report to the proposed committee substitute with a recommendation that the bill be re-referred to the House Committee on Environment and Natural Resources, and an unfavorable report to the original bill. Chairman Luebke then recognized Representative Hackney who asked if this bill affects the Department of Environment and Natural Resources (DENR). Representative Culp was then recognized and stated that this bill only licenses and increases education for wastewater contractors and does not affect DENR.

Seeing further discussion, Chairman Luebke then recognized Representative Capps who asked if someone could explain the decrease in revenue collected after the first year reported on the fiscal note. Rodney Bizzell of Research was recognized and reported that licensees will be required to pay a maximum of $150 for their initial license but only a maximum of $100 for a license renewal. Chairman Luebke then recognized Representative McGee who asked if certification would save local governments money. Representative Culp was then recognized and stated that certification will make the registration easier for wastewater contractors. Chairman Luebke then recognized Representative Blackwood who believed that this bill would only increase costs for wastewater contractors. Representative Gibson was recognized and explained that newer technologies require additional education that will be a part of the certification process. He also reminded the Committee members that the bill had been requested by the On-site Wastewater Contractors and Inspectors. Chairman Luebke then recognized Representative Insko who stated that this bill is a step forward in the right direction for North Carolina. Seeing no further discussion, Chairman Luebke then called the motion made previously by Representative Ross to a vote and it carried by a majority.

The following bill considered by the Committee was **HB 254 – GARVEE BOND ISSUANCE** (see **attachment 8**). Chairman Luebke first recognized Representative Crawford, the bill sponsor, who explained that the bill directs the Secretary of the Department of Transportation and the State Treasurer to jointly form a committee to develop a plan for issuance of "GARVEE"

bonds. The bill provides that the annual principal and interest of the debt cannot exceed 15% of the expected federal revenue for the 7-year period in the most recently adopted Transportation Improvement Program. Representative Hill was then recognized to send forth an amendment (see **amendment 9**) that would add a requirement for the approval from the Council of State in order for a GARVEE bond to be requested. Representative Hill then moved the amendment's adoption. As there was no further debate, Chairman Luebke called the motion to a vote, and the amendment was adopted.

Representative Holliman was then recognized and asked how much the state would be able to borrow each year. Chairman Luebke recognized Mark Foster, the Chief Financial Officer for the Department of Transportation, who stated that North Carolina could borrow a maximum of approximately $150 million per year under the bill. Representative Ross was then recognized and asked how many other states have similar provisions. Mr. Foster was again recognized and stated that 17 other states have similar provisions, and 6 other states are currently considering such provisions. Chairman Luebke then recognized Representative Blackwood who asked what would happen if the federal government does not follow through with payments. Representative Crawford was then recognized and said that the bond would be left unpaid; however, he stated that this rarely happens and that, in any case, these bonds do not pledge the faith and credit of the State . Representative Holliman was then recognized and said that he believed the interest payment of $300 million to be too high over 13 years. In response, Representative Crawford was recognized and stated that $300 million was not too high when you account for inflation and the increasing cost of gasoline and commodities required in the construction of roads. Seeing no further discussion, Chairman Luebke then called the Howard motion to a vote, and it carried without objection.

Chairman Luebke then recognized Representative Alexander who moved for the adoption of the proposed committee substitute for **SB 369 – FRANKLIN COUNTY OCCUPANCY TAX** (see **attachment 10**). The motion was adopted. Chairman Luebke then recognized Representative Cole who explained that the proposed committee substitute authorizes the cities of Eden and Reidsville to levy an occupancy tax of up to 3%. The bill allows Franklin County to levy a room occupancy tax of up to 3% and amends the Durham Occupancy Tax to allow the city a time extension for planning and constructing a performing arts theater. Representative Womble was then recognized and reported that all of the separate portions of the bill been approved by the Occupancy Tax Subcommittee at various meetings. Chairman Luebke then recognized Representative Weiss who moved for a favorable report to the proposed committee substitute and an unfavorable report to the original bill. As there was no further debate, Chairman Luebke called the motion to a vote, and it carried by consent.

The final bill considered by the Committee was **HB 1775 - UNC NONAPPROPRIATED CAPITAL PROJECTS** (see **attachment 11**). Chairman Luebke first recognized Representative Alexander who moved for the adoption of the proposed committee substitute for consideration by the Committee. The motion was adopted. Chairman Luebke then recognized Representative Gibson who explained that the bill authorizes the construction of numerous projects by the University of North Carolina. The projects would be financed through revenue bonds and special obligation bonds, but would not require direct appropriations from the State's General Fund. Changes in the proposed committee substitute included an increase in the supplemental dollar amount for the Daniels Building Renovations at UNC-Chapel Hill from $1,000,000 to $4,000,000. Representative Gibson then sent forth a technical amendment (see **attachment 12**) and moved for its adoption. Seeing no further discussion, Chairman Luebke called the motion to a vote and the amendment was adopted.

Representative Wainwright was then recognized and noted that it was strange for a supplemental estimate to jump from $1 million to $4 million. Chairman Luebke then recognized Bruce Runberg, the Associate Vice-Chancellor of Facilities Planning and Construction at the University of North Carolina at Chapel Hill, who stated that the project was one with a high degree of complexity consisting of five different sequences. He further stated that this complexity was not properly taken into account when the initial estimate was produced. Representative Capps was then recognized and asked if the project would be paid for by receipts from the University Bookstore located in the Daniels building. Mr. Runberg was then recognized and responded in the affirmative. Representative Underhill was then recognized and asked what construction was occurring at the Daniels Building. Chairman Luebke again recognized Mr. Runberg who answered that the building was being expanded while the bookstore remains open. He also stated that the total cost of the project was increasing from $7 million to $11 million. Representative Hackney was then recognized and moved for a favorable report to the proposed committee substitute, incorporating the amendment and recommending re-referral of the amended PCS to the House Committee on Appropriations, and an unfavorable report to the original bill.

Representative Glazier was then recognized and said that he is concerned about the poor estimates and hopes that this can be prevented in the future. He then requested more information from Mr. Runberg and UNC as to what happened in the process that led to such a large underestimate. Chairman Luebke then recognized Representative Lewis who asked about the Medicare education reimbursements used to fund the East Carolina University's Brody School of Medicine. Austin Bunch, the Chief Financial Officer from East Carolina University, was recognized and reported that the Medicare education reimbursements would be used for the construction of the new facility. Chairman Luebke then recognized Representative Dockham who questioned the $3.5 million directed toward the construction of a new Chancellor's Residence located in North Carolina State University's Centennial Campus. Kevin McNaughton, a representative from NCSU, was recognized and stated that the new residence was necessary as the existing Chancellor's residence was used for many public purposes. He also noted that the new residence would be constructed using money from private sources. Seeing no further discussion, Chairman Luebke called the Hackney motion to a vote and it carried without objection.

Chairman Luebke then recognized Representative Hackney who announced a Democratic Caucus meeting would be held at 11:00 am in the normal meeting place. As there was no further business before the Committee, Chairman Luebke then adjourned the meeting at 9:36 am.

Respectfully submitted,

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 90-270.4(e) reads as rewritten:

"(e) Nothing in this Article shall be construed to prevent qualified members of other professional groups licensed or certified under the laws of this State from rendering services ~~consistent with their professional training and code of ethics,~~within the scope of practice, as defined in the statutes regulating those professional practices, provided they do not hold themselves out to the public by any title or description stating or implying that they are psychologists or are licensed, certified, or registered to practice psychology."

SECTION 2. Article 18A of Chapter 90 of the General Statutes is amended by adding the following new section to read:

"**§ 90-270.22. Criminal history record checks of applicants for licensure and licensees.**

(a) The Board may request that an applicant for licensure or reinstatement of a license or that a licensed psychologist or psychological associate currently under investigation by the Board for allegedly violating this Article consent to a criminal history record check. Refusal to consent to a criminal history record check may constitute grounds for the Board to deny licensure or reinstatement of a license to an applicant or take disciplinary action against a licensee, including revocation of a license. The Board shall be responsible for providing to the North Carolina Department of Justice the fingerprints of the applicant or licensee to be checked, a form signed by the applicant or licensee consenting to the criminal record check and the use of fingerprints and other identifying information required by the State or National Repositories, and

any additional information required by the Department of Justice. The Board shall keep all information obtained pursuant to this section confidential.

(b) Limited Immunity. – The Board, its officers and employees, acting in good faith and in compliance with this section, shall be immune from civil liability for denying licensure or reinstatement of a license to an applicant or the revocation of a license or other discipline of a licensee based on information provided in the applicant's or licensee's criminal history record check."

SECTION 3. Article 4 of Chapter 114 of the General Statutes is amended by adding the following new section to read:

"**§ 114-19.16. Criminal record checks of applicants for licensure and licensees.**

The Department of Justice may provide to the North Carolina Psychology Board from the State and National Repositories of Criminal Histories the criminal history of any applicant for licensure or reinstatement of a license to practice psychology or a licensed psychologist or psychological associate under Article 18A of Chapter 90 of the General Statutes. Along with the request, the Board shall provide to the Department of Justice the fingerprints of the applicant or licensee, a form signed by the applicant or licensee consenting to the criminal record check and use of fingerprints and other identifying information required by the State and National Repositories, and any additional information required by the Department of Justice. The applicant's or licensee's fingerprints shall be forwarded to the State Bureau of Investigation for a search of the State's criminal history record file, and the State Bureau of Investigation shall forward a set of fingerprints to the Federal Bureau of Investigation for a national criminal history record check. The Board shall keep all information obtained pursuant to this section confidential. The Department of Justice may charge a fee to offset the cost incurred by it to conduct a criminal record check under this section. The fee shall not exceed the actual cost of locating, editing, researching, and retrieving the information."

SECTION 4. This act is effective when it becomes law.

SUMMARY: ***House Bill 1327 provides authority to conduct criminal background checks for applicants for licensure under the Psychology Practice Act.***

BILL ANALYSIS: House Bill 1327 allows the North Carolina Psychology Board ("Board") to request that an applicant for licensure or reinstatement of a license or a licensed psychologist or psychological associate currently under investigation by the Board consent to a criminal background check.

The bill authorizes the Board to obtain fingerprints from the applicant or licensee and submit those to the State Bureau of Investigation ("SBI") for a state and national criminal history check. The SBI is authorized to charge a fee for the background check.

The Board is granted limited immunity for a denial or revocation of a license taken in good faith based on information provided in the criminal history check.

THE 2nd EDITION MADE THE FOLLOWING CHANGES: House Bill 1327 was given a favorable report in House Judiciary I after the following changes were made: a modification to the reference to scope of practice in G.S. 90-270.4(e), a clarification that the criminal history checks apply to those licensees who have *allegedly* violated the provisions of the act, the requirement that the Board ensure that State and federal checks were done was omitted, and the provisions defining which crimes constituted a "criminal history" and the factors the Board was to consider in making a determination of licensure were removed.

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY:

The first edition of this bill enacted new GS 114-19.16 concerning an applicant for licensure or reinstatement of license to practice psychology, or a licensed psychologist or psychological associate. Enacted new GS 90-270.22 to provide that: (1) NC Psychology Board may request that applicant for licensure or reinstatement of license or a licensed psychologist or psychological associate currently under investigation by Board to consent to criminal history check; (2) refusal to consent may constitute grounds for denial of licensure or reinstatement of license or disciplinary action against licensee, including revocation of license; (3) "criminal history" is defined to include conviction of specified crimes; and (4) conviction will not automatically bar licensure or reinstatement of license or result in revocation of license, but Board may consider conviction along with other specified factors.

House committee substitute makes the following changes to first edition: Modifies proposed GS 90-270.22 to (1) provide that criminal history record check provisions apply to those who have allegedly violated the provisions of the act (was, violated); (2) delete requirement that the Board ensure that the State and national criminal history of an applicant or licensee is checked; (3) delete

provisions allowing Board to deny licensure or reinstatement even though criminal history record check reveals one or more convictions; and (4) delete provisions defining those crimes the conviction for which makes up one's "criminal history."

ASSUMPTIONS AND METHODOLOGY:

NC Psychology Board. Based upon the average number of applicants over the past five years, the NC Psychology Board anticipates approximately 200 criminal checks annually with payment for the checks provided by the applicants. According to the Board, the inclusion of a criminal record check in the application process is not expected to increase the time spent in processing an application or requirement for additional personnel. Receipt of this information will be incorporated into the Board's current process. There is an estimated increase in postage of $120.00 that is considered so insignificant that it will be covered in the Board's existing budget.

Department of Justice. The Department charges $38 for a state and national fingerprint background check. Of the $38, $22 is remitted to the Federal Bureau of Investigation for the national check; the remaining $16 is retained by the Department of Justice and used to fund receipt-supported positions to conduct the background checks. Internal costs per background check range from $11.45 to $17.95, with an average cost of $16.33. The Department currently has the capacity to conduct the projected 200 background checks per year due to this bill.

The investments authorized for the Retirement Systems under this subdivision cannot exceed sixty-five percent (65%) of the market value of all invested assets of the Retirement Systems. Up to five percent (5%) of the amount that may be invested under this subdivision may be invested in the stocks or shares of a diversified investment company registered under the "Investment Company Act of 1940" that has total assets of at least fifty million dollars ($50,000,000).

The assets authorized under this subdivision can be invested through individual, common, or collective trust funds of banks, trust companies, and group trust funds of investment advisory companies so long as the investment manager has assets under management of at least one hundred million dollars ($100,000,000).

The assets authorized under this subdivision can also be invested directly, if all of the following conditions are met:

- Is operated by a county, city, hospital district, or hospital authority.

Only New Hanover County meets the area and population described in the 1st edition.

7. Bills of exchange or time drafts drawn on and accepted by a commercial bank and eligible for use as collateral by member banks in borrowing from a federal reserve bank.
8. Participating shares in a mutual fund for local government investment; provided that the investments of the fund are limited to those qualifying for investment under this subsection (c) and that said fund is certified by the Local Government Commission.

11. Evidences of ownership of, or fractional undivided interests in, future interest and principal payments on either direct obligations of the United States government or obligations the principal of and the interest on which are guaranteed by the United States, which obligations are held by a bank or trust company organized and existing under the laws of the United States or any state in the capacity of custodian.
12. Subject to certain restrictions, repurchase agreements with respect to either direct obligations of the United States or obligations the principal of and the interest on which are guaranteed by the United States if entered into with a broker or dealer, or any commercial bank, trust company or national banking association, the deposits of which are insured by the Federal Deposit Insurance Corporation or any successor thereof.

BILL ANALYSIS: Senate Bill 443 authorizes public hospitals to deposit with the State Treasurer for investment any funds held in reserves or sinking funds[2], or any funds not required for immediate disbursement. In addition to a public hospital's current investment options, this bill would authorize investment, by and through the Treasurer's Office, in the following additional classes of investments:

1. Obligations of the Export-Import Bank, the International Bank for Reconstruction and Development, the International Finance Corporation, the Inter-American Development Bank, the Asian Development Bank, the African Development Bank, and the Student Loan Marketing Association.

2. Time deposits of financial institutions with a physical presence in North Carolina for the purpose of receiving commercial or retail deposits; provided that any principal amount of such deposit in excess of the amount insured by the federal government or any agency thereof, be fully secured by surety bonds, or be fully collateralized; provided further that the rate of return or investment yield may not be less than that available in the market on United States government or agency obligations of comparable maturity.

3. Repurchase Agreements with respect to securities issued or guaranteed by the United States government or its agencies or other securities eligible for investment by this section executed by a bank or trust company or by primary or other reporting dealers to the Federal Reserve Bank of New York.

4. General obligations of other states of the United States.

[2] Sinking funds are assets and their earnings earmarked for the retirement of bonds or other long-term obligations.

5. General obligations of cities, counties, and special districts in North Carolina.
6. Obligations of any company, other organization or legal entity incorporated or otherwise created or located within or outside the United States if the obligations bear one of the four highest ratings of at least one nationally recognized rating service and do not bear a rating below the four highest by any nationally recognized rating service which rates the particular security.
7. Asset-backed securities (whether considered debt or equity) provided they bear ratings by nationally recognized rating services as provided in G.S. 147-69.2(b)(4) and that they do not bear a rating below the four highest by any nationally recognized rating service that rates the particular securities.
8. Preferred or common stocks issued by any company incorporated or otherwise created or located within or outside the United States.

The State Treasurer may require a minimum deposit, up to $100,000, and may assess a reasonable fee, not to exceed 15 basis points[3] as a condition of participation. Funds deposited by a hospital will remain the funds of that hospital and interest or investment income earned must be prorated and credited to the contributing hospital on the basis of amounts contributed, figured according to sound accounting principles.

EFFECTIVE DATE: This act becomes effective October 1, 2005.

BACKGROUND: A public hospital authority is a public body and a body corporate and politic created by resolution of a city council or board of commissioners. A public hospital authority has the authority to invest in any funds held in reserves or sinking funds, or any funds not required for immediate disbursement, in property or securities in which trustees, guardians, executors, administrators, and others acting in a fiduciary capacity may legally invest funds under their control. Through this bill, public hospitals are seeking to have the same investment authority as public hospital authorities. The original bill was drafted to mirror this provision for public hospital authorities.

SUMMARY: Senate Bill 170 amends the charter of the Town of Waco to correctly identify the center of town. This bill was identical to H317, as introduced by Rep. Clary, which is currently in Rules, Calendar, and Operations of the House.

BILL ANALYSIS: Senate Bill 170 amends the charter of the Town of Waco to correctly identify the center of town. The current description references a railroad bridge that no longer exists. Therefore, the revised description with survey coordinates more accurately reflects the location of the center of the town.

If the applicant fails to pass the Board examination on three successive occasions, the applicant must reapply to the Board, pay the application fee, and repeat the training program.

(g) Certificate. – The certification shall show the full name of the certificate holder. The certificate shall provide a unique identification number and shall be signed by the Chair. Issuance of the certificate by the Board shall be prima facie evidence that the person named therein is entitled to all the rights and privileges of a certified on-site wastewater contractor or inspector, at the grade level specified on the certificate, while the certificate remains in effect.

(h) Replacement Certificate. – A new certificate to replace one lost, destroyed, or mutilated shall be issued subject to rules adopted by the Board and with the payment of a fee set by the Board. The fee for a duplicate or replacement certificate shall not exceed twenty-five dollars ($25.00).

"**§ 90A-78. Certification renewal.**

(a) Renewal. – All certifications shall expire at intervals determined by the Board unless they are renewed. In no event may the interval determined by the Board be less than one year. To renew a certification, a contractor or inspector must meet all of the following conditions:

(1) Submit an application for renewal on the form prescribed by the Board.

(2) Meet the continuing education requirements prescribed by the Board.
(3) Pay the certification renewal fee.

(b) Late Fee. – A contractor or inspector with an expired certificate may renew the certification within 90 days of its expiration upon payment of a late fee set by the Board. The late fee shall not exceed twenty-five dollars ($25.00). If a certification is not renewed within 90 days of its expiration, the certification shall not be renewed, and the holder must apply for a new certificate.

"**§ 90A-79. Continuing education.**

(a) Requirements. – The Board shall require continuing education as a condition of certification and renewal. The Board shall determine the number of hours, based on grade levels applied for, up to a maximum of 12 hours per year, and the subject material for the specified grade level. The Board shall maintain records of continuing education coursework successfully completed by each certificate holder.

(b) Approval of Continuing Education Programs. – The Board may approve a continuing education program or course if the Board finds that the program or course offers useful educational experience that will enhance the construction, installation, repair, or inspection of on-site wastewater systems. The Board may develop and offer continuing education programs.

"**§ 90A-80. Responsibility of the certificate holder.**

(a) Responsibilities. – The certificate holder shall be responsible for all crew actions and quality of workmanship. A certificate may be issued jointly to an individual doing business under the name of the individual, under a trade name, or under the name of a firm, partnership, association, or corporation. The certificate holder shall be the person of responsible charge and shall assume all duties and liabilities for the construction, installation, repair, or inspection of the system.

(b) Separation of Employment. – If the certificate holder is an employee of the firm, partnership, association, or corporation, employment must continue for the certificate to remain in force. If separation of the employee occurs, the firm, partnership, association, or corporation must employ a certified contractor or inspector within 60 days for the certificate to remain in force.

"**§ 90A-81. Investigation of complaints.**

(a) Misconduct. – A person may refer to the Board charges of fraud, deceit, negligence, incompetence, or misconduct against any contractor or inspector licensed under this Article. The charges shall be in writing and sworn to by the complainant and submitted to the Board. These charges, unless dismissed without a hearing by the Board as unfounded or trivial, shall be heard and determined by the Board in accordance with the provisions of Chapter 150B of the General Statutes. An association that receives professional recognition of its own certification process by the Board shall be responsible for the conduct and competency of its members.

(b) Records. – The Board shall establish and maintain detailed records regarding complaints concerning each certified contractor or inspector. The records shall include those certified by recognized associations. The records shall also detail the levels of certification held by each contractor or inspector.

(c) Notification. – The Board shall notify local health departments of updates in certifications, complaints, suspensions, or reinstatements.

"**§ 90A-82. Remedies.**

(a) Denial, Suspension, and Revocation of Certification. – The Board may deny, suspend, or revoke a certificate under this Article for:

(1) A violation of this Article or a rule of the Board.

(2) The use of fraud or deceit in obtaining or renewing a certificate.

(3) Any act of gross negligence, incompetence, or misconduct in the construction, installation, repair, or inspection of an on-site wastewater system.

(b) Arbitration. – The Board may establish a voluntary arbitration procedure to resolve complaints concerning a certificate holder or any work performed by the certificate holder, or conflicts involving any certificate holder and the Division of Environmental Health or a local health department.

(c) Injunction. – The Board may ask the Attorney General to seek an injunction to restrain any person, firm, partnership, or corporation from violating the provisions of this Article or rules adopted by the Board. The Attorney General may bring an action for an injunction in the name of the State in the superior court of any county in which the violator resides or the violator's principal place of business is located. In any proceedings for an injunction, it shall not be necessary to allege or prove either that an adequate remedy at law does not exist, or that substantial or irreparable damage would result from the continued violation. Members of the Board shall not be personally or professionally liable for any act or omission pursuant to this subsection. The Board shall not be required to post a bond in connection with any action to obtain an injunction.

(d) Offenses. – A person who commits any one or more of the following offenses is guilty of a Class 2 misdemeanor:

(1) Engages in or offers to engage in the construction, installation, repair, or inspection of an on-site wastewater system without the appropriate certificate for the specific grade of on-site wastewater system.

(2) Gives false or forged evidence of any kind in obtaining a certificate.

(3) Falsely impersonates a certificate holder."

SECTION 2.(a) In order to provide for a system of staggered three-year terms for the members of the On-Site Wastewater Contractors and Inspectors Certification Board established by G.S. 90A-73(a), as enacted by Section 1 of this act, the following provisions shall apply:

House Bill 688:
Certify On-Site Wastewater Contractors.

BILL ANALYSIS

Committee:	**House Finance**	**Sponsors:**	Representatives Gibson and Culp
Date:	**July 7, 2005**	**Analysis by:**	Ashley Huffstetler
Version:	**PCS to 1st Edition**		Staff Attorney
	H688-CSMBx-24 v.7		

SUMMARY: The PCS to House Bill 688 requires licensing of on-site wastewater contractors and inspectors. It also creates a nine-member NC On-Site Wastewater Contractors and Inspectors Certification Board and sets out the maximum fees the board may charge.

BACKGROUND: Under current law, persons who install, extend, repair, or inspect on-site wastewater systems are not regulated. In order to install or repair an on-site wastewater system, a person is only required to register with the local health department. The wastewater systems themselves are regulated by the Department of Environment and Natural Resources.

The Legislative Committee on New Licensing Boards studied this issue and published a report in May 2005, recommending licensure of on-site wastewater contractors and inspectors. Specifically, the committee found that the unregulated practice of on-site wastewater contractors can harm the public health, safety, or welfare because the installation and repair of new on-site wastewater systems and the inspection of existing systems at the time of property transfer are not currently regulated in a way that provides the public with assurance of competent construction practices. The Committee found that the current requirement of registration with the local health department does not adequately protect the state's environmental health or the public health of the citizens of North Carolina.

BILL ANALYSIS: The PCS to House Bill 688 adds a new Article 5 to G.S. Chapter 90A to require licensing of on-site wastewater contractors and inspectors.

Any person who constructs, installs, repairs, or inspects an "on-site wastewater system" must hold the required level of certification for the particular system. Also, a certified on-site wastewater system inspector is required for any professional performance inspection of an existing on-site wastewater system. An "on-site wastewater system" is defined as "any wastewater system permitted under the provisions of Article 11 of Chapter 130A of the General Statutes that does not discharge to a treatment facility or other surface waters."

Exemptions from Certification.

Persons not required to be certified include:

- A landowner who constructs, installs, or repairs an on-site wastewater system described as a single septic system so long as it is intended for use by that person and members of that person's immediate family.
- A licensed general contractor who constructs or installs an on-site wastewater system ancillary to the building being constructed.
- A person already certified by the Water Pollution Control System Operators Certification Commission who is contracted to provide necessary operation and maintenance on an on-site wastewater system.
- A person permitted under Chapter 143 to construct a water pollution control facility necessary to comply with the terms and conditions of an NPDES permit.

- A licensed public utilities contractor who is installing or expanding a wastewater treatment facility, including a collection system, designed by a registered professional engineer.
- Plumbers performing plumbing duties for which they are already licensed.

Initial Certification Requirements.

General Requirements: All applicants for certification must meet the following conditions:

- Be at least 18 years old.
- File a properly completed application with the Board or submit a recognized application from an accepted association.
- Be of good moral character and submit three (3) affidavits of persons not related to the applicant for whom the applicant has provided on-site wastewater services.
- Complete the training program designed by the Board specific to the grade level for which the applicant is applying. The Board establishes grade levels based on design capacity, complexity, projected costs, and other features of approved on-site wastewater systems.
- Pay the applicable fee.

Applicants with No Prior Experience: Applicants with no prior experience in providing on-site wastewater services must:

- Complete an application; and
- Complete a basic on-site wastewater education program approved by the Board.

After meeting the above conditions, the applicant is then eligible to participate in training courses designed by the Board for the grade level for which the applicant is applying.

No Degree Requirement: Applicants are not required to hold a degree to be certified.

Fees. Fees are set by the Board and cannot exceed the following amounts:

Purpose of Fee	Fee Amount
Application for basic certification	$150.00
Application for each step grade	$50.00
Certification renewal	$100.00
Reinstatement of revoked or suspended certification	$500.00
Application for on-site wastewater system inspector certification	$200.00
Replacement of a certificate	$25.00
Late renewal	$25.00

GOVERNING BOARD

North Carolina On-Site Wastewater Contractors and Inspectors Certification Board. The Board will consist of nine members. Three are appointed by the Governor, three by the General Assembly upon recommendation of the President Pro Tem of the Senate, and three by the General Assembly upon recommendation of the Speaker of the

House. The Board has administrative and disciplinary powers, and may establish grades of certification, develop and administer exams, and establish fees, not to exceed statutory maximums.

PCS CHANGES

The PCS changes the definitions of "Certified on-site wastewater system inspector" and "On-site wastewater system", adds new exceptions to licensure in Section 90A-72, changes the effective date from January 1, 2007 to July 1, 2007, and changes the final date to adopt temporary rules from 2005 to 2007.

EFFECTIVE DATE: Effective when it becomes law except provisions requiring persons to be licensed and remedies for violation take effect on July 1, 2007.

BILL SUMMARY: Adds new Article 5 of G.S. Chapter 90A to require licensing of on-site wastewater contractors and inspectors. Creates a nine-member NC On-Site Wastewater Contractors and Inspectors Certification Board, appointed by the Governor and General Assembly. Specifies the duties of the Board including determining the qualifications for certification, issuing, suspending and revoking licenses, and establishing and enforcing rules of professional conduct. Sets out maximum fees that Board may charge. Specifies requirements for applicant for certification and for renewals. Creates the On-Site Wastewater Certification Fund, a non-reverting account with the Department of Environment and Natural Resources (DENR). Sets out procedure for Board to investigate complaints of fraud, deceit, negligence, incompetence, or misconduct of any licensed contractor or inspector. Creates the following new Class 2 misdemeanor offenses: 1) engaging in or offering to engage in the construction, installation, repair, or inspection of an on-site wastewater system without the appropriate certificate for the specific grade of on-site wastewater system; giving false or forged evidence of any kind in obtaining a certificate; and, 2) falsely impersonating a certificate holder. Authorizes Board to adopt temporary rules to implement act until July 1, 2007. Effective when it becomes law except provisions requiring persons to be licensed and remedies for violation take effect on July 1, 2007.

ASSUMPTIONS AND METHODOLOGY:
The On-Site Wastewater Contractors and Inspectors Certification Board created by this act will be entirely funded by fees and contributions as set forth in G.S. 90A-75. All fees and contributions will be deposited into the On-Site Wastewater Certification Fund to be established in DENR. The NC Septic Tank Association estimates the number of installers ranges from 1,500 to 2,000, of which 300 to 400 will also request certification as on-site wastewater system inspectors. In order to meet the July 1, 2007 certification deadline, this fiscal note assumes that installers seeking certification will initially apply in FY 06-07. After this initial certification period, the Septic Tank Association believes that the number of new applications each year will be minimal. Consequently, this fiscal note assumes a 5% annual growth rate in new applications and a 95% renewal rate in subsequent years. Table 1 below summarizes the revenue generated if the Board adopts the maximum fees allowed. A revenue estimate cannot be given at this time on the number of applications for step grades or revoked/suspended certificates.

Table 1: Estimated Fee Revenue

At this time a precise estimate of the cost to operate this program is not available. DENR staff, however, estimates the Board's operating costs will average $180,000 a year for a staff of three (includes salaries and fringe benefits, travel for Board and staff, rental, postage, supplies, contractual services, etc.). This estimate is based on the staff DENR employs for its Water Certification Board. Additional start-up costs in the first year are estimated to be $16,000 for furniture, computers, printers, and software.

G.S. 90A-82(d) – Class 2 Misdemeanor Offenses

Department of Correction

The Sentencing and Policy Advisory Commission prepares inmate population projections annually. The projections used for incarceration fiscal notes are based on January 2005 projections. These projections are based on historical information on incarceration and release rates under Structured Sentencing, crime rate forecasts by a technical advisory group, probation and revocation rates, and the decline (parole and maxouts) of the stock prison population sentenced under previous sentencing acts. Based on the most recent population projections and estimated available prison bed capacity, *there are no surplus prison beds available for the five-year fiscal note horizon and beyond.*

As the offenses created by this bill would be new, the Sentencing Commission has no historical data from which to estimate the impact on local jail populations.

- In FY 2003-04, 15 percent of Class 2 misdemeanors resulted in active sentences with an average estimated time served of 13 days.
- Offenders with active sentences of less than thirty days are housed in county jails at county expense.
- The remaining 85 percent of Class 2 misdemeanants received non-active sentences. For those offenders sentenced to supervised probation, the Division of Community Corrections (DCC) would incur costs of $1.87 per offender per day. Offenders sentenced to community service would cost $0.67 per offender per day, and offenders given unsupervised probation would not impact DCC.

Judicial Branch

For most criminal penalty bills, the Administrative Office of the Courts (AOC) provides Fiscal Research with an analysis of the fiscal impact of the specific bill. For these bills, fiscal impact is typically based on the assumption that court time will increase due to an expected increase in trials and a corresponding increase in the hours of work for judges, clerks, and prosecutors. This increased court time is also expected to result in greater expenditures for jury fees and indigent defense.

As this bill would create new Class 2 misdemeanor offenses, no data is available to estimate the specific number of additional charges that might result from this bill. Based on the costs of time in court, attorney preparation time, and indigent defense, the average estimated cost to process one Class 2 misdemeanor via trial is $2,322. This cost includes an estimated $1,373 in costs of time in court and attorney costs and an additional $949 in indigent defense. However, based on

prior-year data, the majority of any new Class 2 misdemeanor charges that are not dismissed are likely to be settled by guilty plea at an estimated cost of $272 per plea.

AOC notes that new G.S. 90A-82(c), which would authorize the Board to request that the Attorney General seek an injunction to restrain any violators of the new article, could increase superior court workload. However, no data is available from which to estimate the frequency with which the Attorney General would seek an injunction under the bill and, as such, the specific cost cannot be determined.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE STATE TREASURER TO ISSUE "GARVEE" GRANT ANTICIPATION REVENUE VEHICLE BONDS ON BEHALF OF THE DEPARTMENT OF TRANSPORTATION AND TO DIRECT THE SECRETARY OF THE DEPARTMENT OF TRANSPORTATION AND THE STATE TREASURER TO DEVELOP AN IMPLEMENTATION PLAN FOR ISSUANCE OF THE BONDS, AS RECOMMENDED BY THE JOINT LEGISLATIVE TRANSPORTATION OVERSIGHT COMMITTEE.

The General Assembly of North Carolina enacts:

SECTION 1. The Secretary of the Department of Transportation and the State Treasurer shall jointly form a committee to develop a plan to implement the provisions of this act. The plan shall address all financial, legal, and practical issues involved in issuing "GARVEE" bonds. The two Departments shall jointly submit their implementation plan to the cochairs of the Transportation Appropriations Subcommittee and the cochairs of the Joint Legislative Transportation Oversight Committee by December 1, 2005.

SECTION 2. G.S. 136-18 is amended by adding a new subdivision to read:

"(12b) To issue "GARVEE" bonds (Grant Anticipation Revenue Vehicles) or other eligible debt financing instruments to finance federal-aid highway projects using federal funds to pay a portion of principal, interest, and related bond issuance costs, as authorized by 23 U.S.C. § 122, as amended (the National Highway System Designation Act of 1995, Pub. L. 104-59). These bonds shall be issued by the State Treasurer on behalf of the Department. The State Treasurer shall develop and adopt appropriate debt instruments, consistent with the terms of the State and Local Government Revenue Bond Act, Article 5 of Chapter 159 of the General Statutes, for use under this subdivision. Prior to issuance of any "GARVEE" or other eligible debt instrument using federal funds to pay a portion of principal, interest, and related

bond issuance costs, the State Treasurer shall determine (i) that the total outstanding principal of such debt does not exceed the total amount of federal transportation funds authorized to the State in the prior federal fiscal year; or (ii) that the maximum annual principal and interest of such debt does not exceed fifteen percent (15%) of the expected average annual federal revenue shown for the seven-year period in the most recently adopted Transportation Improvement Program. Notes issued under the provisions of this subdivision may not be deemed to constitute a debt or liability of the State or of any political subdivision thereof, or a pledge of the full faith and credit of the State or of any political subdivision thereof, but shall be payable solely from the funds and revenues pledged therefor. All the notes shall contain on their face a statement to the effect that the State of North Carolina shall not be obligated to pay the principal, or the interest on the notes, except from the federal transportation fund revenues as shall be provided by the documents governing the revenue note issuance, and that neither the faith and credit nor the taxing power of the State of North Carolina or of any of its political subdivisions is pledged to the payment of the principal or interest on the notes. The issuance of notes under this Part shall not directly or indirectly or contingently obligate the State or any of its political subdivisions to levy or to pledge any form of taxation whatever or to make any appropriation for their payment."

SECTION 3. Section 2 of this act becomes effective February 1, 2006. The remainder of this act is effective when it becomes law.

HOUSE BILL 254:
GARVEE Bond Issuance

BILL ANALYSIS

Committee:	House Finance	**Date:**	July 7, 2005
Introduced by:	Rep. Crawford	**Summary by:**	Martha Walston
Version:	Second Edition		Committee Counsel

SUMMARY: House Bill 254 directs the Secretary of DOT and the State Treasurer to jointly form a committee to develop a plan for issuance of "GARVEE" bonds. SB 153, introduced by Sen. Jenkins, is a companion bill and is in Senate Finance.

BILL ANALYSIS: Section 1 of House Bill 254 directs the Secretary of Transportation and the State Treasurer to form a committee to develop a plan for issuance of "GARVEE" bonds. This plan must be submitted to the Transportation Appropriations Subcommittee and the co-chairs of the Joint Legislative Transportation Oversight Committee by December 1, 2005.

Section 2 of HB 254 authorizes DOT to issue GARVEE bonds or other eligible debt financing instruments to finance Federal-aid highway projects. Prior to issuance of the bonds, the State Treasurer must determine one of the following:

- That the total outstanding principal of the debt does not exceed the total amount of federal transportation funds authorized to the State in the prior federal fiscal year
- That the maximum annual principal and interest of the debt does not exceed 15% of the expected federal revenue for the 7-year period in the most recently adopted Transportation Improvement Program.

Notes issued under the plan shall not constitute a debt or liability of the State, or a pledge of the full faith and credit of the State. The notes must include a statement that the State will not be obligated to pay the principal or interest on the notes except from the federal transportation fund revenues, and that neither the State's full faith and credit nor its taxing authority is pledged for payment of principal or interest.

EFFECTIVE DATE: Section 2 of the act becomes effective February 1, 2006. The remainder of the act is effective when it becomes law.

BACKGROUND: GARVEE bonds are Grant Anticipation Revenue Vehicles, authorized by federal law, that permit states to use anticipated future federal highway funds to finance highway project construction. Candidate projects for GARVEE financing are typically larger projects that have the following characteristics:

- They are large enough to merit borrowing rather than pay-as-you-go grant funding, with the costs of delay outweighing the cost of financing.
- They do not have access to a revenue stream (such as local taxes or tolls) and other forms of repayment (such as state appropriations) are not feasible.
- The sponsors (generally state DOTs) are willing to reserve a portion of future year Federal-aid highway funds to satisfy debt service requirements.

GARVEES must be issued by a state, a political subdivision of a state, or a public authority. A state may elect to pledge their obligations of future Federal-aid funds as the only security backing the federal share of the obligation to investors (non-recourse GARVEES) or to pledge other sources of revenue as a back-stop for the future federal-aid funds (back-stopped GARVEES).

Section 1 of House Bill 254 directs the Secretary of Transportation and the State Treasurer to form a committee to develop a plan for issuance of "GARVEE" bonds. This plan must be submitted to the Transportation Appropriations Subcommittee and the co-chairs of the Joint Legislative Transportation Oversight Committee by December 1, 2005.

Section 2 of HB 254 authorizes DOT to issue GARVEE bonds or other eligible debt financing instruments to finance Federal-aid highway projects. Prior to issuance of the bonds, the State Treasurer must determine the following:

- That the total outstanding principal of the debt does not exceed the total amount of federal transportation funds authorized to the State in the prior federal fiscal year.
- That the maximum annual principal and interest of the debt does not exceed 15% of the expected average annual federal revenue for the 7-year period in the most recently adopted Transportation Improvement Program.

Notes issued under the plan shall not constitute a debt or liability of the State, or a pledge of the full faith and credit of the State. The notes must include a statement that the State will not be obligated to pay the principal or interest on the notes except from the federal transportation fund revenues, and that neither the State's full faith and credit nor its taxing authority is pledged for payment of principal or interest.

EFFECTIVE DATE: Section 2 of the act becomes effective February 1, 2006. The remainder of the act is effective when it becomes law.

BACKGROUND: GARVEE bonds are Grant Anticipation Revenue Vehicles, authorized by federal law, that permit states to use anticipated future federal highway funds to finance highway project construction. According to the Federal Highway Administration, candidate projects for GARVEE financing are typically larger projects that have the following characteristics:

- They are large enough to merit borrowing rather than pay-as-you-go grant funding, with the costs of delay outweighing the cost of financing.
- They do not have access to a revenue stream (such as local taxes or tolls) and other forms of repayment (such as state appropriations) are not feasible.
- The sponsors (generally state DOTs) are willing to reserve a portion of future year Federal-aid highway funds to satisfy debt service requirements.

GARVEES must be issued by a state, a political subdivision of a state, or a public authority. A state may elect to pledge their obligations of future Federal-aid funds as the only security backing the federal share of the obligation to investors (non-recourse GARVEES) or to pledge other sources of revenue as a back-stop for the future federal-aid funds (back-stopped GARVEES).
Source: "Bill Summary," Martha Walston, Committee Counsel.

ASSUMPTIONS AND METHODOLOGY: Total debt would be constrained by the amount of federal aid authorized in the prior federal fiscal year, roughly $950 million for federal fiscal year 2004, the last year for which we have data. Actual federal aid received by the State (commonly referred to as the obligation authority) amounts to less than the federal aid authorized. For example, for federal fiscal year 2004, the obligation authority was $830 million.

The debt service estimates in this fiscal note are from the State Treasurer and are based on the following assumptions:

- DOT would issue $475 million of debt in February 2006, and $475 million of debt in the spring of 2007.
- The interest rate would be 4.5% for each of the bond issues.
- Each bond issue would be paid off over twelve years.
- Although DOT could issue new debt as old debt is retired and as growing federal aid increases the debt ceiling, for the sake of simplicity we assume that no more bonds would be issued after the first two years.

In broad terms, this bill would allow the State to borrow roughly $950 million. After both bond issues are repaid over a total of thirteen years, the payments on this debt would be about $1.25 billion. Of this $1.25 billion in payments, roughly $300 million would be for interest expenses. These debt service payments would be funded from federal aid available to the State, and would displace the use of this federal aid for other projects or purposes. The chart below shows principal and interest payments according to the debt service model of the State Treasurer.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE FRANKLIN COUNTY AND THE CITIES OF EDEN AND REIDSVILLE TO LEVY A ROOM OCCUPANCY AND TOURISM DEVELOPMENT TAX AND TO AMEND THE DURHAM OCCUPANCY TAX.

THE GENERAL ASSEMBLY OF NORTH CAROLINA ENACTS:

PART I. FRANKLIN COUNTY OCCUPANCY TAX.

SECTION 1.1 Occupancy Tax. – (a) Authorization and Scope. – The Franklin County Board of Commissioners may levy a room occupancy tax of up to six percent (6%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the county that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.

SECTION 1.1(b) Administration. – A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax levied under this section.

SECTION 1.1(c) Distribution and Use of Tax Revenue. – Franklin County shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Franklin County Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Franklin County and shall use the remainder for tourism-related expenditures.

The following definitions apply in this subsection:

(1) Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred

thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish, and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area. The term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or convention facilities in a county or to attract tourists or business travelers to the county. The term includes tourism-related capital expenditures.

SECTION 1.2. Franklin County Tourism Development Authority. – (a) Appointment and Membership. – When the Franklin County Board of Commissioners adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating a county Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members must be individuals who are affiliated with businesses that collect the tax in the county, and at least one-half of the members must be individuals who are currently active in the promotion of travel and tourism in the county. The board of commissioners shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Franklin County shall be the ex officio finance officer of the Authority.

SECTION 1.2.(b) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in this act. The Authority shall promote travel, tourism, and conventions in the county, sponsor tourist-related events and activities in the county, and finance tourist-related capital projects in the county.

SECTION 1.2.(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the Franklin County Board of Commissioners on its receipts and expenditures for the preceding quarter and for the year in such detail as the board may require.

PART IV. DURHAM OCCUPANCY TAX.

SECTION 4.1. Section 7(a) of S.L. 2001-480, as amended by Section 1 of S.L. 2002-36, reads as rewritten:

"**SECTION 7.(a)** If a plan for financing a Performing Arts Theater has not been approved by the Durham City Council and has been disapproved by the Durham County Commissioners within ~~42~~54 months after the levy of the one percent (1%) tax authorized under Section 6(c) of this act, the county's authority to levy the one percent (1%) tax described under Section 6(c) of this act and the levy of the one percent (1%) tax described in this subsection are repealed on the first day of the second month following the ~~42-month~~54-month period.

If construction on the Performing Arts Theater has not begun within ~~42~~54 months after the levy of the one percent (1%) tax authorized under Section 6(c) of this act, the county's authority to levy the one percent (1%) tax described in Section 6(c) of this act and the levy of the one percent (1%) tax described in Section 6(c) of this act are repealed on the first day of the second month following the ~~42-month~~54-month period.

It is the goal of the General Assembly that a plan for financing the Performing Arts Theater shall be adopted within ~~12~~54 months after the levy of the one percent (1%) tax authorized under Section 6(c) of this act, and construction of the Performing Arts Theater shall begin within ~~24~~54 months of the levy of the one percent (1%) tax described in Section 6(c) of this act.

Any funds collected but not spent before the repeal date shall be redistributed to the Durham Convention and Visitors Bureau to promote travel and tourism."

SECTION 4.2. Section 9(e) of S.L. 2001-480, as amended by Section 4 of S.L. 2002-36, reads as rewritten:

"**SECTION 9.(e)** Use of Proceeds From Additional One Percent (1%) Tax After First 24 Months. – The net proceeds of the tax collected under Section 6(c) of this act after the first 24 months that the tax is levied shall be remitted monthly to the Durham

Convention and Visitors Bureau as set out in Section 10 of this act. The Bureau shall use and distribute these net proceeds in the following priority order:

(1) To the City of Durham, the first one million four hundred thousand dollars ($1,400,000) collected annually to finance the debt service associated with the construction of the Performing Arts ~~Theater.~~Theater and for the design and engineering costs associated with the construction of the Theater. But no more than two million seven hundred fifty-two thousand dollars ($2,752,000) of those proceeds may be used for design and engineering costs associated with the construction of the Theater. Until those funds are distributed to the City of Durham for that purpose, they shall be held by the Durham Convention and Visitors Bureau in a capital reserve fund as provided by Part 2 of Article 3 of Chapter 159 of the General Statutes except they may be expended as provided by the last sentence of Section 7(a) of this act if the tax is repealed as provided by Section 7(a) of this act. Any interest earned by that fund shall be credited to the fund.

(2) Thirty-two years after the levy of the tax authorized under Section 6(c) of this act, instead of the allocation under subdivision (1) of this subsection, the first one million four hundred thousand dollars ($1,400,000) collected annually shall be used by the Bureau to promote travel and tourism or for tourism related expenditures.

(3) To Durham County, the next five hundred thousand dollars ($500,000) collected annually to be used for improvements to the Museum of Life and Science. This may include the financing of debt service. Any of these funds that are not needed for this purpose shall be returned to the Bureau and used to promote travel and tourism.

(4) The Bureau shall use any net proceeds in excess of that provided by subdivisions (1), (2), and (3) of this subsection to promote travel, tourism, and conventions in Durham County.

As used in this subsection, "annually" means the 12-month period beginning after the first 24 months that the tax authorized under Section 6(c) of this act is levied."

PART V. UNIFORM PROVISIONS.

SECTION 5.1. G.S. 153A-155(g) reads as rewritten:

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE FRANKLIN COUNTY TO LEVY A ROOM OCCUPANCY AND TOURISM DEVELOPMENT TAX.

The General Assembly of North Carolina enacts:

SECTION 1. Occupancy Tax. – (a) Authorization and Scope. – The Franklin County Board of Commissioners may levy a room occupancy tax of up to six percent (6%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the county that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.

SECTION 1.(b) Administration. – A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax levied under this section.

SECTION 1.(c) Distribution and Use of Tax Revenue. – Franklin County shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Franklin County Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Franklin County and shall use the remainder for tourism-related expenditures.

The following definitions apply in this subsection:

(1) Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish, and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract

tourists or business travelers to the area. The term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or convention facilities in a county or to attract tourists or business travelers to the county. The term includes tourism-related capital expenditures.

SECTION 2. Franklin County Tourism Development Authority. – (a) Appointment and Membership. – When the Franklin County Board of Commissioners adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating a county Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members must be individuals who are affiliated with businesses that collect the tax in the county, and at least one-half of the members must be individuals who are currently active in the promotion of travel and tourism in the county. The board of commissioners shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Franklin County shall be the ex officio finance officer of the Authority.

SECTION 2.(b) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in this act. The Authority shall promote travel, tourism, and conventions in the county, sponsor tourist-related events and activities in the county, and finance tourist-related capital projects in the county.

SECTION 2.(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the Franklin County Board of Commissioners on its receipts and expenditures for the preceding quarter and for the year in such detail as the board may require.

Senate Bill 369:
Omnibus Occupancy Taxes.

BILL ANALYSIS

Committee:	House Finance	Sponsor:	Senator Berger of Franklin
Date:	July 7, 2005	Analysis by:	Ashley Huffstetler
Version:	PCS to 2nd Edition		Staff Attorney

SUMMARY: The Proposed Committee Substitute for the 2nd Edition of Senate Bill 369[1] authorizes Franklin County to levy a room occupancy tax of up to 6%, authorizes the cities of Eden and Reidsville to levy occupancy taxes at a rate of 3%, and adds provision amending the Durham Occupancy Tax.

FRANKLIN COUNTY OCCUPANCY TAX

CURRENT LAW: Franklin County does not have authority to levy a room occupancy tax, nor do any of the municipalities located within Franklin County.

BILL ANALYSIS: The Proposed Committee Substitute for the 2nd Edition of Senate Bill 369 authorizes Franklin County to levy a room occupancy tax of up to 6%. Its provisions fully comply with the uniform guidelines.

UNIFORM OCCUPANCY TAX PROVISIONS
Rate – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
Use – Two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism related expenditures.
Definitions The term "net proceeds", "promote travel and tourism", and "tourism related expenditures" are defined terms.
Administration – The net revenues must be administered by a local tourism development authority that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least ¾ of the members must be currently active in the promotion of travel and tourism in the county and ½ of the members must be affiliated with organizations that collect the tax.
Costs of Collection – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

DURHAM OCCUPANCY TAX

This committee already considered the portion of this bill amending the Durham Occupancy Tax when it gave a favorable report to House Bill 945 on June 2, 2005. The bill subsequently passed three readings in the House and was referred to the Senate. The Durham Occupancy Tax has been removed from House Bill 945 and placed in this bill. Its provisions have not changed.

This bill extends the time allowed the city to plan for and construct the performing arts theater. It gives the city 54 months (4 ½ years) to plan and begin construction, and the 1% tax will not automatically be repealed until that time. Also, the bill modifies how the proceeds of the tax are to be used after the tax has been levied for 24 months. The Visitor's Bureau must continue to distribute the money to the City of Durham to finance the debt associated with the performing arts theater, and must also distribute money to pay for the design and engineering costs associated with building the theater. The bill caps the amount at $2,752,000 that may be used for design and engineering costs.

[1] The original bill was a blank local bill.

EDEN AND REIDSVILLE OCCUPANCY TAXES

This committee already considered the portion of this bill levying a room occupancy tax in Eden and Reidsville when it gave a favorable report to House Bill 945 on June 2, 2005. The bill subsequently passed three readings in the House and was referred to the Senate. The Eden and Reidsville taxes have been removed from House Bill 945 and placed in this bill. Its provisions have not changed.

The cities of Eden and Reidsville are located in Rockingham County. Neither city currently levies an occupancy tax, but Rockingham County does levy a 3% tax. This bill authorizes the levy of a 3% tax in each city, and, if enacted, the total amount levied in Eden and Reidsville would be 6% (when combined with the county rate).

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Franklin County, City of Durham, City of Eden, City of Reidsville,

EFFECTIVE DATE: Becomes effective when law.

BILL SUMMARY: The Proposed Committee Substitute for the 2nd Edition of Senate Bill 369 authorizes Franklin County to levy a room occupancy tax of up to 6%, authorizes the cities of Eden and Reidsville to levy occupancy taxes at a rate of 3%, and adds provisions amending the Durham Occupancy Tax.

ASSUMPTIONS AND METHODOLOGY:

Franklin County

According to the Franklin County manager, there are four hotels in Franklin County with a total of 116 rooms. An average rate of occupancy of 52% and an average room rate of $45 are used to

calculate an estimated annual revenue of $75,900. Because no historical data is available, the five-year revenue projection is based on the General Consumer Price Index rate of increase.

	6% Occupancy Tax	Each 1%
FY06	$77,609	$12,935
FY07	$79,394	$13,232
FY08	$81,140	$13,523
FY09	$82,763	$13,794
FY10	$84,418	$14,070

Durham

Because the bill does not change the current occupancy tax rate for Durham and only makes changes related to the time allowed for planning and construction of a performing arts center and the use of the proceeds, this bill does not change the fiscal impact for the Durham occupancy tax.

Eden

According to the City of Eden, there are 5 motels in the city limits. Assuming an average of 30 rooms in each, an average room rate of $45 per night and a 60% rate of room occupancy, FRD estimates the 3% occupancy tax would generate $44,348 per year. Because no historic data is available, the General Consumer Price Index estimated rate of increase is used to estimate future growth in occupancy tax receipts. The following chart illustrates the five-year fiscal estimate:

	Eden	Each 1%
FY06	$44,348	$14,782
FY07	$45,368	$15,122
FY08	$46,366	$15,455
FY09	$47,293	$15,764
FY10	$48,239	$16,079

Reidsville

According to the City of Reidsville, there are 6 motels in the city limits. Assuming an average of 30 rooms in each, an average room rate of $45 per night and a 60% rate of room occupancy, FRD estimates the 3% occupancy tax would generate $53,217 per year. Because no historic data is available, the General Consumer Price Index estimated rate of increase is used to estimate future growth in occupancy tax receipts. Based on these assumptions, the following five-year stream of additional revenue is suggested:

	Reidsville	Each 1%
FY06	$53,217	$17,739
FY07	$54,441	$18,147
FY08	$55,639	$18,546
FY09	$56,751	$18,917
FY10	$57,886	$19,295

SUMMARY: ***House Bill 1775 authorizes the construction of numerous projects by The University of North Carolina. The projects will be financed through revenue bonds and special obligation bonds, not appropriations from the General Fund. The proposed committee substitute makes the following changes to the original bill:***

- ***It changes the supplemental dollar amount for the Daniels Building Renovations in Section 3 of the bill from $1,000,000 to $4,000,000.***
- ***It amends sections 1 and 2 of the bill to authorize the construction of the Brody School of Medicine at ECU Family Medicine Center and to allow the financing of the project with available Medicare education reimbursements.***[1]

CURRENT LAW: There are two types of self-liquidating bonds that may be issued by the Board of Governors of the University of North Carolina. Article 21 of Chapter 116 of the General Statutes authorizes the Board of Governors to issue revenue bonds for the types of projects enumerated in the article. The types of projects for which revenue bonds may be issued include educational buildings, dormitories, recreational facilities, dining facilities, student centers, health care buildings, parking decks, etc. The revenue bonds are payable from rentals, charges, fees, and other revenues generated by the facility. The bonds are not payable from tax revenues.

Article 3 of Chapter 116D of the General Statutes authorizes the Board of Governors to issue special obligation bonds payable with any sources of income or receipts of the Board of Governors or a constituent or affiliated institution, but not including tuition payments or appropriations from the General Fund from State revenues. The bond proceeds could be used for construction, improvement, and acquisition of any capital facilities located at UNC constituent and affiliated institutions. The bonds are not payable from tax revenues.

BILL ANALYSIS:

Section 1. States the purpose of the act to authorize the construction and financing of the capital improvements projects at various constituent institutions of The University of North Carolina. The projects authorized by the bill would not be financed with funds appropriated from the State's General Fund; but may be financed with gifts, grants, receipts, self-liquidating indebtedness, Medicare reimbursements for education costs, other funds available to the constituent institutions, or a combination of any of those financing methods. The projects include academic, research, clinical and administrative space and improvements to student services, residential living, dining, recreation, athletics and parking facilities. Once approved, a detailed financial plan will be developed in consultation with financial advisors and bond counsel for each project. The plans must be approved by the Chancellor, the Boards of Trustees, the President, and the to Board of Governors before construction contracts may be awarded and bonds issued.

Section 2. Sets out the self-liquidating projects the Board of Governors plans to finance with revenue and/or special obligation bonds. Although the UNC revenue bond act in Chapter 116 does not require the enactment

[1] The addition of this project to the bill and the financing of the project with Medicare education reimbursements is consistent with the changes made to G.S. 116-36.6 by Section 9.26 of both the House and Senate versions of SB 622, the 2005 Appropriations Act.

of an appropriation bill, the customary practice for UNC system revenue bond issues has been legislation that lists the specific projects to be financed and their costs. This year's bill includes 31 capital projects on 10 campuses. The Chancellors and Boards of Trustees for the listed campuses, as well as the President and the Board, have approved these projects. If authorized, construction on the projects is expected to begin before June 30, 2006.

Section 3. Sets out supplemental funding requests for 11 previously approved capital improvements at six campuses. North Carolina is experiencing construction cost increases that are the highest in 35 years. Estimates for previously approved projects used a 5% to 8% annual inflation rate; recent bids have been running 15% to 20% higher than estimated. The supplements requested generally reflect better market data and allow the campuses to maintain the needed program for each project.

Section 4. Authorizes three additional projects on two campuses, which will be financed without any debt incurred by the University. The Board of Governors and the respective campuses are authorized to accept gifts and grants and to use cash available to the institution for the costs associated with completing the projects.

Section 5. Authorizes the Director of the Budget, at the request of the Board of Governors, to authorize cost increases or decreases, or changes in the method of financing for the projects authorized by the bill. The Director of the Budget may consult with the Joint Legislative Commission on Governmental Operations, but consultation is not required.

Section 6. The UNC special obligation bond act requires that the specific projects and their costs be set forth in legislation approved by the General Assembly and that the maximum amount of special obligation bonds to be issued to finance the specific projects listed be stated. Sections 2 and 3 set forth the specific projects and their costs. This section expressly states that the maximum principal amount of special obligation bonds to be issued shall not exceed the amounts listed in Sections 2 and 3 plus $20 million for related additional costs for which bond proceeds are routinely used, such as issuance expenses, funding of reserve funds, and capitalized interest.

Sections 7 and 8. G.S. 116D-22(5) defines a special obligation project as a capital facility located or to be located at an institution. Sections 7 and 8 create an exception to this requirement for two projects. **Section 7** authorizes the University of North Carolina at Chapel Hill to install a wastewater reuse system with a pumping station at the Orange Water and Sewer Authority Mason Farm Wastewater Treatment Plant site. The project will include distribution piping to and through the University Campus. The project may be accomplished through either direct ownership of the project or purchase of capacity in the project from the Orange Water and Sewer Authority. **Section 8** authorizes Winston-Salem State University to fund the expansion of the existing field house at the City of Winston-Salem's Bowman Gray football stadium. Continuing a long-standing partnership, the University intends to enter into an agreement with the City for the long-term use of the improved stadium.

Section 9. Authorizes construction and financing of a replacement for the existing Finley Field House facility and approximately 6,000 net additional seating in the north end zone area through lease arrangements to and from a third party – the North Carolina State University Student Aid Association Inc. Once constructed and approved by state reviewing agencies, the improvements would transfer to the State.

EFFECTIVE DATE: Section 10 provides that the act is effective when it becomes law.

The charts on the following pages detail the revenue sources for the $446.1 million in campus construction projects listed in the bill. The projects in section three are supplements to existing projects. Projects at NC State University (1) and Winston-Salem State University (2) will require an increase in student fees to retire the debt. Six projects will require General Fund support for their increased operating costs. The financial data for these charts was provided by the Senior Associate Vice President for Finance for the UNC Office of the President.

A BILL TO BE ENTITLED

AN ACT TO REQUIRE A CRIMINAL BACKGROUND CHECK OF ALL STUDENTS ADMITTED INTO A SCHOOL OF MEDICINE AT A NORTH CAROLINA INSTITUTION OF HIGHER EDUCATION.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 116 of the General Statutes is amended by adding a new Article to read:

"Article 33.

"Criminal Background Checks Required for Medical Students.

"**§ 116-265. Criminal background check required for medical students.**

(a) The following definitions apply in this Article:

(1) "Institution" includes both constituent institutions and private institutions.

(2) "Constituent institution" is as defined in G.S. 116-2.

(3) "Private institution" means an institution licensed under G.S. 116-15 and any other institution in this State that meets all of the requirements and regulations of the accrediting agencies whose approval is normally required for the establishment and operation of a medical school.

(4) "Applicant" means a person who has accepted an offer of admission at a school of medicine at an institution in this State.

(b) Any institution that has a school of medicine shall require as part of its matriculation process a national and State criminal background check of every person who has accepted an offer of admission to the school of medicine at the institution.

(c) The Department of Justice may provide a criminal record check to a constituent institution for a person who is accepted for admission to the school of medicine. If the institution is a private institution, then the Department of Justice may provide a criminal record check to the North Carolina Medical Board on behalf of the private institution as provided by G.S. 116-266. The institution shall provide to the Department of Justice, along with the request, the fingerprints of the applicant, any

additional information required by the Department of Justice, and a form signed by the applicant consenting to the check of the criminal record and to the use of the fingerprints and other identifying information required by the State or national repositories. The applicant's fingerprints shall be forwarded to the State Bureau of Investigation for a search of the State's criminal history record file, and the State Bureau of Investigation shall forward a set of the fingerprints to the Federal Bureau of Investigation for a national criminal history check. The institution and the North Carolina Medical Board shall keep all information pursuant to this subsection privileged, in accordance with applicable State law and federal guidelines, and the information shall be confidential and shall not be a public record under Chapter 132 of the General Statutes.

The Department of Justice may charge each applicant a fee for conducting the checks of criminal history records authorized by this subsection; however, the fee shall not exceed the cost of conducting the criminal background check.

Nothing in this Article prohibits an institution from contracting with a private company to conduct the criminal background checks required by this Article.

"**§ 116-266. North Carolina Medical Board to receive criminal background check information on behalf of private medical schools.**

If the institution requesting the background check in compliance with G.S. 116-265 is a private institution, then the institution may request that the State Bureau of Investigation provide the information received from the background check to the North Carolina Medical Board. Upon request of the private institution, the Medical Board shall receive the information from a student's background check and shall review the information using the same criteria to evaluate the information that is used to evaluate the information received by the Board under G.S. 90-11. If the Medical Board determines any information received from the criminal background check would cause the Medical Board either to refuse to license a student to practice medicine under G.S. 90-11 or to investigate a student further before issuing a license to the student, then the Medical Board shall report that fact to the private institution requesting the background check.

The Medical Board may charge the private institution a reasonable fee for providing this service.

"**§ 116-267. Evaluation of criminal background information by school of medicine; effect on admissions decision.**

The information collected as a result of the criminal background check required by this Article shall be considered by the appropriate school of medicine in determining whether or not to complete an applicant's matriculation process. A criminal conviction shall not automatically preclude an applicant from matriculating, and the school of medicine may use its discretion in evaluating the applicant's fitness for the study of medicine."

SECTION 2. This act is effective when it becomes law and applies to the 2006-2007 academic year and each subsequent academic year.

Version:	**2nd Edition**		**Staff Attorney**

SUMMARY: House Bill 1515 would require criminal background checks of all students admitted to a school of medicine located in the State.

BILL ANALYSIS: House Bill 1515 would require criminal background checks of all students admitted to a medical school in the State. Every medical school must require, as a part of the matriculation process, a national and State criminal background check of every student that has accepted an offer of admission.

The NC Department of Justice (DOJ) may provide a criminal background check to a UNC constituent institution for a student admitted into a school of medicine. If the institution is private, the Department of Justice may provide a criminal background check to the NC Medical Board for the private institution. Both public and private institutions must provide to the DOJ fingerprints of the applicant, information requested by the DOJ, and a consent form signed by the applicant.

The DOJ is required to send the fingerprints to the State Bureau of Investigation for a search of the State criminal records and the State Bureau of Investigation is required to forward a set of the fingerprints to the Federal Bureau of Investigation for a national criminal history check.

All information obtained must be kept confidential. The DOJ may charge each applicant a fee, but it may not exceed the cost of conducting the background check.

If the institution requesting the criminal check is a private institution, then it may request the information received from the background check go to the NC Medical Board. If the NC Medical Board determines that the information would cause the Medical Board to refuse to issue a license to the student *or* to further investigate the student, then it shall report that fact to the private institution. This determination shall be made using the same criteria that is used to evaluate the issuance of licenses under G.S. 90-11.

The NC Medical Board may charge the private institution a reasonable fee for providing this service.

The school of medicine must use the information collected from criminal background check in determining whether or not to complete the applicant's matriculation process.

EFFECTIVE DATE: The bill would become effective when it becomes law and applies to the 2006-2007 academic year and each subsequent academic year.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Justice, University of North Carolina – Chapel Hill, East Carolina University, NC Medical Board, Duke University and Wake Forest University Schools of Medicine

EFFECTIVE DATE: When it becomes law.

BILL SUMMARY:
Requires a criminal background check of all students admitted into a school of medicine at a North Carolina institution of higher education, applicable to 2006-07 academic year and thereafter. Criminal background check must also include determination whether applicant had adjudication as sex offender that would require registration under Article 27A of GS Chapter 14. Department of Justice may provide criminal record check to schools of medicine of UNC constituent institutions. For school of medicine of private institutions, Department of Justice may provide check to NC Medical Board on behalf of institution. If Medical Board determines that information from check would cause board to either refuse to license student to practice medicine or investigate student before issuing license, then the board must report that fact to private institution. Department of Justice may charge applicant a fee for conducting check, but fee may not exceed cost of doing check. Information from check must be considered by school of medicine in determining whether to complete matriculation process, but criminal conviction does not automatically preclude applicant from matriculating. However, applicant who has been adjudicated as sex offender is barred from admission to any school of medicine in state.

House committee substitute makes the following changes to 1st edition: Amends proposed new GS 116-265(a)(3) to include in definition of "private institution" any institution that meets all of the requirements and regulations of accrediting agencies whose approval is normally required for establishment and operation of a medical school. Deletes from proposed new GS 116-265(b) the requirement that a criminal background check determine whether the person has any adjudications as a sex offender that would require registration and deletes from proposed new GS 116-267 the requirement that an applicant who has been adjudicated a sex offender be precluded from admission to any school of medicine located in the state
Source: Adapted from Bill Digest H.B. 1515 (04/21/0200).

ASSUMPTIONS AND METHODOLOGY:
Under this bill, medical schools are required to obtain state and national criminal background checks on admitted students. It is up to the school to decide whether to use a private vendor to conduct a "name check" or to request a fingerprint check through the State Bureau of Investigation (SBI) in the Department of Justice. The "name check" run by private vendors uses information such as name, date of birth, etc. to determine whether an individual has a criminal record. These checks may be run for a single state or multiple states, and costs vary by vendor and number of states checked. Only the SBI can conduct fingerprint background checks for non-criminal justice agencies; the SBI charges $38 for a state and national fingerprint background check.

University of North Carolina: Chapel Hill and East Carolina
The University of North Carolina has contracted with a private vendor to provide background checks for any schools or programs with such a requirement. These background checks are name checks, not fingerprint checks, and the cost of the multi-state or national check is $6 to $8.

UNC-Chapel Hill admits 160 students to its medical school each year. Chapel Hill has just instituted criminal background checks using UNC's private vendor; it is currently performing background checks on a rolling basis and by Fall 2005 will have them in place for all students. Therefore, this legislation is not expected to impact UNC-Chapel Hill.

ECU admits 72 students to its medical school each year. They currently do not perform criminal background checks. ECU has not yet determined whether to begin background checks with the class of 2006 or 2007. Based on the UNC vendor cost, ECU's annual costs would be $432 - $576.

NC Medical Board/Duke University and Wake Forest University Schools of Medicine

Section 1 of the bill amends G.S. 116 to add Article 33, which specifies the law in regard to criminal background checks of medical students. G.S. 116-265 requires a criminal background check for all students admitted to a medical school in North Carolina beginning with the FY 2006-07 academic school year. If the applicant is admitted to a constituent institution, i.e. one of the 16 public senior institutions as defined in G.S. 116-2, the NC Department of Justice may provide a criminal record check to the constituent institution. However, if the applicant accepts admission to the medical school of a private institution in the state, the Department can only furnish the results of the criminal background check to a State entity. As a State entity, the NC Medical Board would receive and review this information per G.S. 116-266. In North Carolina the Department of Justice would furnish information to the Board in regard to applicants who have accepted admission to Duke University Medical School and Bowman Gray School of Medicine at Wake Forest University.

In complying with G.S. 116-266 the Board would use the same criteria to evaluate this information as is used to evaluate information received for every applicant applying for a license to practice medicine or to perform medical acts, tasks, and functions as a physician assistant in the State under G.S. 90-11(b). Additionally G.S. 116-266 allows the Board to charge the private institution a reasonable fee to review the results of the record check. Although the Board has not conducted a formal analysis of what a reasonable cost would entail, a fee of $50-$100 is considered to be in order. The estimate of the Board's annual expense to review students' criminal background checks for the two (2) private institutions would range from $10,900 to $21,800 annually. In terms of the findings, the Board indicates there is no binary operation that takes place upon reviewing the results of the record check. According to the Board, whether someone would be denied a license or investigated further if that person were applying to this Board would be equivocal and crafted on a case-by-case basis. Therefore, each review could be somewhat time consuming for what would appear to be a simple task.

The current practice of Duke and Wake Forest medical schools is to have a private company conduct background checks, essentially name checks, that provide specific information about criminal involvement.

Duke University admits approximately 110 students annually. For the past five years the practice of the medical school has been to conduct a background/name check following the applicant's acceptance of admission. The name check is the expense of the medical school, but does not include fingerprinting. If this legislation were adopted, Duke University would comply with the law by additionally requesting a criminal background check through the SBI that would include fingerprinting. Duke would absorb this additional expense. Therefore, the estimated annual cost for Duke University would be $20,680 – $50 per admission for a name check by the private

company, $38 to the Department of Justice for the criminal background check, and $100 per admission for the Board review.

Wake Forest University/Bowman Gray Medical School currently requires background/name checks for students in the Physician Assistant Program, which is included in the school's admission process cost. In complying with this legislation the school would probably have the same company conduct name checks for the 108 students who are admitted annually to the Bowman Gray School of Medicine. Additionally, Wake Forest would have the SBI conduct criminal background checks that would be subject to the Board's review. As a result, the estimated annual cost would be $20,304 – $50 per admission for a name check by the private company, $38 to the Department of Justice for the criminal background check, and $100 per admission for the Board review. Wake Forest University would absorb any additional expense required for the criminal background check by the SBI.

The NC Medical Board, Duke University Medical School, and Wake Forest University/Bowman Gray School of Medicine would bear the expense related to adoption of this legislation and the cost to continue the name checks. There is no cost to the General Fund.

Department of Justice – State Bureau of Investigation

Based on the number of applicants each year, the North Carolina Medical Board anticipates that it will request approximately 218 criminal history checks annually. UNC-Chapel Hill and East Carolina University will use only private vendors and therefore will not impact the SBI. The SBI charges $38 for a state and national fingerprint background check. Of the $38, $22 is remitted to the Federal Bureau of Investigation for the national check; the remaining $16 is retained by the Department of Justice and used to fund receipt-supported positions to conduct the background checks. Internal costs per background check range from $11.45 to $17.95, with an average cost of $16.33. The Department currently has the capacity to conduct the projected background checks per year due to this bill.

House Committee on Finance

Minutes

~

July 19, 2005

The House Committee on Finance met on Tuesday, July 19, 2005 at 8:30 am in Room 544 of the Legislative Office Building. The following members were present: Chairpersons Alexander, Gibson, Howard, Luebke, McComas and Wainwright; Vice-Chairs Daughtridge, Hill, Ross, Weiss, and Womble; and Representatives Blackwood, Bordsen, Capps, Carney, Dockham, Faison, Folwell, Holliman, Jones, Lewis, McGee, Underhill, Vinson, Walend and Wiley. Also present were Sergeant-at-Arms Mark Cone, Bill Freeman, Fred Hines, Dusty Rhodes, and Walter Spell. Staff persons present included Cindy Avrette, Erika Churchill, Gerry Cohen, Brenna Erford, Ashley Huffstetler, Linda Millsaps, and Martha Walston. The Agenda and Visitor Registration Sheet are attached and incorporated into these minutes as **attachments 1 and 2**.

Chairman Wainwright called the meeting to order at 8:34 am and recognized the seven (7) pages present: (1) Heather Parrish of Alamance County, sponsored by Representative Bordson; (2) Hannah Diggs of Alamance County, sponsored by Representative Bordson; (3) Casey Humphries of Person County, sponsored by Representative Wilkins; (4) Chris Morgan of Davidson County, sponsored by Representative Howard; (5) Caitlin Hodges of Wake County, sponsored by Speaker Black; (6) Lauren Adams of Fairfax Station, Virginia, sponsored by Representative Michaux; (7) Caitlin Compton of Orange County, sponsored by Representative Faison.

The first bill under the Committee's consideration was **HB 580 – BELMONT & TROUTMAN OCCUPANCY TAX** (see **attachment 3**). Chairman Wainwright first recognized Representative Ray who explained that the bill authorizes the Town of Troutman to levy a 3% occupancy tax. Following the explanation, Representative Womble was recognized and stated that the original bill was approved by the Subcommittee on Occupancy Tax and the town of Troutman was simply added to the bill when in the Senate. He also noted that when the bill returned to the House for concurrence, it was ruled material and, therefore, was returned to the Committee for further discussion. Representative Womble then moved that the Committee offer a recommendation that the House do concur with the Senate Committee Substitute for HB 580. Seeing no further discussion, Chairman Wainwright called the motion to a vote, and it carried by consent.

Chairman Wainwright then recognized Representative Howard who moved for the adoption of the proposed committee substitute for **HB 1515 – MED SCHOOLS/CRIM RECORD CHECK** (see **attachment 4**). The motion was adopted. The bill sponsor, Representative LaRoque, was then recognized and explained that the bill would require a background records check for students who have accepted an offer of admission at any medical school in North Carolina. He reported that each of the medical schools in North Carolina have expressed support for the bill.

Representative Folwell was recognized and reported that Wake Forest University's Bowman Gray School of Medicine supports the bill. He then moved for a favorable report to the proposed committee substitute and an unfavorable report to the original bill. As there was no further debate, Chairman Wainwright called the motion to a vote, and it carried without objection.

The following bill considered by the Committee was **SB 1011 – RANDLEMAN DAM BONDS** (see **attachment 5**). Chairman Wainwright first recognized Senator Hagan who explained that the bill would give municipalities the authority to issue revenue bonds for the construction of a water treatment facility that would be owned by a water and sewer authority. The bill would also give the issuing municipality the ability to secure bonds through an absolute, unconditional, and irrevocable payment obligation agreement with the other participating members of the authority. Following the explanation, Representative Jones was recognized and moved that Senate Bill 1011 be given a favorable report by the Committee. Seeing no further discussion, Chairman Wainwright called the motion to a vote, and it carried by consent.

The next bill considered by the Committee was **SB 32 – ROCKINGHAM COUNTY FIRE DISTRICT TAX RATE** (see **attachment 6**). Chairman Wainwright recognized Representative Alexander who moved for the adoption of the proposed committee substitute for the Committee's consideration. The motion was adopted. Representative Luebke was then recognized to send forth a technical amendment (see **attachment 7**) and moved for its adoption. As there was no further debate, Chairman Wainwright called the motion to a vote and the amendment was adopted. Representative Cole was then recognized and explained that this bill prohibits Rockingham County from collecting property taxes in a rural fire protection district on industrial facilities in excess of 3.5 cents per $100 of property valuation to finance fire protection services in any tax year the facility meets listed standards. Chairman Wainwright then recognized Gerry Cohen of Bill Drafting who offered a more detailed explanation of the bill. Following the explanation, Representative Womble was recognized and moved that a new committee substitute, incorporating the adopted technical amendment, be given a favorable report and an unfavorable report to the original bill. Seeing no further discussion, Chairman Wainwright called the motion to a vote and it carried without objection.

The following bill considered by the Committee was **SB 420 – OAK RIDGE VOL. ANNEX./RED CROSS BUDGET ORD.** (see **attachment 8**). Chairman Wainwright first recognized Senator Phil Berger, the bill sponsor, who explained that the bill authorizes the Town of Oak Ridge to make voluntary annexations in a certain area and provides the Town of Red Cross an exemption from having to pay back State Highway funds from 2003-04 due to nonconformity in certain specified town services. He noted that the Committee had already approved an earlier version of SB 420 but the provisions for the Town of Red Cross were later added in a local government committee, which required that the bill be returned to House Finance. Representative Holliman was then recognized and moved that Senate Bill 420 be given a favorable report by the Committee. As there was no further debate, Chairman Wainwright called the motion to a vote and it carried by consent.

Chairman Wainwright then recognized Senator Kinnaird to explain **SB 592 – INDIGENT DEFENSE TECHNICAL REVISIONS** (see **attachment 9**). She explained that this bill requires the appointment fee of $50 to be charged only to an indigent who is convicted. Following the explanation, Representative Ross was recognized and moved the Senate Bill 592 be given a favorable report by the Committee. Seeing no further discussion, Chairman Wainwright called the motion to a vote, and it carried without objection.

Senator Kinnaird was then recognized again to explain **SB 593 – COPY COSTS IN INDIGENT CASES** (see **attachment 10**). She explained that this bill exempts attorneys appointed to represent indigent clients from the fee charged by the clerk of court for preparing copies. Following the explanation, Representative Carney was recognized and moved that Senate Bill 593 be given a favorable report by the Committee. As there was no further debate, Chairman Wainwright called the motion to a vote, and it carried by consent.

The next bill under the Committee's consideration was **SB 594 – RECOUPMENT BY COURT-APPOINTED ATTORNEYS** (see **attachment 11**). Chairman Wainwright once again recognized Senator Kinnaird to explain the bill. She stated that the bill provides that indigent persons able to pay a portion of their legal fees shall not be required to pay for the value of legal services rendered to perfect an appeal to the Appellate Division or in post-conviction proceedings if all of the matters that the person raised in the proceeding are vacated, reversed, or remanded for a new trial or resentencing. Following the explanation, Representative Womble was recognized and moved that Senate Bill 594 be given a favorable report by the Committee. Seeing no further discussion, Chairman Wainwright called the motion to a vote, and it carried without objection.

Chairman Wainwright then recognized Representative Hill who moved for the adoption of the proposed committee substitute for **SB 185 – WINDSHIELD REPLACERS - STICKERS W/O FEE** (see **attachment 12**). The motion was adopted. Chairman Wainwright then recognized Cindy Avrette of Research who explained that the proposed committee substitute provides that businesses that replace windshields may obtain replacement inspection stickers without paying the sticker fees. Following the explanation, Representative Dockham was recognized and asked who is currently paying the costs for a replacement sticker. Mrs. Avrette was then recognized and stated that the cost of a replacement sticker is currently paid by the consumer. Mike Gaither from DMV License and Theft Department was recognized and stated that this bill would provide funding from the DMV and his department does not oppose the bill. Representative Hill was then recognized and moved for a favorable report to the proposed committee substitute and an unfavorable report to the original bill. As there was no further debate, Chairman Wainwright called the motion to a vote and it carried by consent.

The next bill considered by the Committee was **SB 705 – AMEND NC SUBSTANCE ABUSE ACT** (see **attachment 13**). Chairman Wainwright recognized Senator Nesbitt who explained that the bill provides for the licensure of substance abuse professionals and establishes the credential of certified criminal justice addictions professionals. He announced that the bill had received a favorable report from the House Health Committee and was before the Finance Committee because of an application fee for the credential of certified criminal justice addictions professional of $475 and a renewal fee of $150, which is consistent with the fees charged to other credentialed substance abuse professionals. Following the explanation, Representative Womble was recognized and asked how the bill originated. Senator Nesbitt was recognized and stated that the bill was filed at the request of substance abuse professionals. Representative Womble was then recognized again and asked what defined "substance abuse". Chairman Wainwright recognized Flow Stein, the Substance Abuse Director under the Division of Mental Health, Development Disabilities, and Substance Abuse Services in the North Carolina Department of Health and Human Services. She stated that substance abuse is defined as a person who is addicted or dependant upon any drug that can be abused. Representative Jones was then recognized and asked if a person who was formerly a substance abuser could still become a counselor. Jim Scarborough, the Executive Director of the North Carolina Substance Professional Certification Board, reported that there would be no hindrance in this bill from that occurring. Chairman Wainwright then recognized Representative Womble who moved that Senate Bill 705 be given a favorable report by the

Committee. Seeing no further discussion, Chairman Wainwright called the motion to a vote, and it carried without objection.

The final bill considered by the Committee was **SB 341 - MODERN ESCHEAT INVESTMENT PROGRAM** (see **attachment 14**). Chairman Wainwright first recognized Representative Gibson who explained that the bill authorizes the State Treasurer's Office to invest 20% of the Escheat Fund in insurance contracts, trusts, limited partnerships, corporate stock, and venture capital. This would allow the State Treasurer's Office to increase interest earned on the fund. Chairman Wainwright then recognized Representative Howard who moved that Senate Bill 341 be given a favorable report by the Committee. Representative Luebke was then recognized and asked why venture capital does not need to be capped under the provisions of the bill. Brett Joyal from the State Treasurer's Office was recognized and stated that the Treasurer's office already has internal caps and standards established that are used under investment programs that already help protect investments from unnecessary risk. As there was no further debate, Chairman Wainwright then called the motion to a vote, and it carried by consent.

As there was no further business before the Committee, Chairman Wainwright then adjourned the meeting at 9:14 am.

Respectfully submitted,

Representative William Wainwright
