"(g) On and after July 1, 2007, the creditable service of a member who was a public defender and a member of the Teachers' and State Employees' Retirement System at the time of transfer of membership from the previous system to this System shall include service as a public defender that was creditable in the previous system immediately prior to July 1, 2007. The accumulated contributions, creditable service, and reserves, if any, of a member as a public defender shall be transferred from the previous system to this System in the same manner as prescribed under G.S. 135-28.1 as it pertained to judges of the district court division of the General Court of Justice."

STATE HEALTH PLAN CHANGES EFFECTIVE FOR FISCAL YEAR 2007-2008

SECTION 28.22.(a) The Teachers' and State Employees' Comprehensive Major Medical Plan (Plan) shall provide for an annual open enrollment period in the Indemnity Plan and Optional PPO program for the July 1, 2007, to June 30, 2008, Plan year. Plan member changes to coverage type or selection of benefit coverage under the Indemnity Plan or Optional PPO program during open enrollment shall become effective October 1, 2007. At least 45 days prior to October 1, 2007, the Plan shall provide to all plan members sufficient information on premiums, cost-sharing, and benefits to enable the plan member or other eligible participant to make an enrollment election effective October 1, 2007. As used in this subsection, the term "plan member" includes active employees, retired employees, and other eligible participants with respect to the Indemnity Plan and the optional PPO program.

SECTION 28.22.(b) G.S. 135-40.1(2) reads as rewritten:

"(2) Deductible. – Deductible shall mean an amount of covered expenses during a fiscal year which must be incurred after which benefits (subject to the deductible) becomes payable. The deductible for an employee, retired employee and/or his or her dependents shall be ~~three hundred fifty dollars ($350.00)~~four hundred fifty dollars ($450.00) for each fiscal year.

The deductible applies separately to each covered individual in each fiscal year, subject to an aggregate maximum of ~~one thousand fifty dollars ($1,050)~~one thousand three hundred fifty dollars ($1,350) per employee and child(ren) or employee and family coverage contract in any fiscal year.

If two or more family members are injured in the same accident only one deductible is required for charges related to that accident during the benefit period."

SECTION 28.22.(c) G.S. 135-40.4 reads as rewritten:

"**§ 135-40.4. Benefits in general.**

(a) In the event a covered person, as a result of accidental bodily injury, disease or pregnancy, incurs covered expenses, the Plan will pay benefits up to the amounts described in G.S. 135-40.5 through G.S. 135-40.9.

The Plan is divided into two parts. The first part includes certain benefits which are not subject to a deductible or coinsurance. The second part is a comprehensive plan and includes those benefits which are subject to both a ~~three hundred fifty dollar ($350.00)~~ four hundred fifty dollar ($450.00) deductible for each covered individual to an aggregate maximum of ~~one thousand fifty dollars ($1,050)~~one thousand three hundred fifty dollars ($1,350) per employee and child(ren) or employee and family coverage contract and coinsurance of 80%/20%. There is a limit on out-of-pocket expenses under the second part.

Notwithstanding the provisions of this Article, the Executive Administrator and Board of Trustees of the Teachers' and State Employees' Comprehensive Major Medical Plan may contract with providers of institutional and professional medical care and services to established preferred provider networks. The terms pertaining to reimbursement rates or other terms of consideration of any contract between hospitals, hospital authorities, doctors or other medical providers, an optional program contract authorized under G.S. 135-39.5B(b), or a pharmacy benefit manager and the Plan shall not be a public record under Chapter 132 of the General Statutes for a period of thirty months after the date of the expiration of the contract. Provided, however, nothing in this subsection shall be deemed to prevent or restrict the release of any information made not a public record under this subsection to the State Auditor, the Attorney General, the Director of the State Budget, the Plan's Executive Administrator, and the Committee on Employee Hospital and Medical Benefits solely and exclusively for their use in the furtherance of their duties and responsibilities. The design, adoption, and implementation of the preferred provider contracts and networks are not subject to the requirements of Chapter 143 of the General Statutes, provided that for any hospital preferred provider network all hospitals will have an opportunity to contract with the Plan if they meet the contract requirements. The Executive Administrator and Board of Trustees shall, under the provisions of G.S. 135-39.5(12), pursue such preferred provider contracts on a timely basis and shall make reports as requested to the President of the Senate, the President Pro Tempore of the Senate, the Speaker of the House of Representatives, and the Committee on Employee Hospital and Medical Benefits on its progress in negotiating the preferred provider contracts. The Executive Administrator and Board of Trustees shall implement a refined diagnostic-related grouping or

diagnostic-related grouping-based reimbursement system for hospitals as soon as practicable, but no later than January 1, 1995.

(b) As used in this section the term "preferred provider contracts or networks" includes, but is not limited to, a refined diagnostic-related grouping or diagnostic-related grouping-based system of reimbursement for hospitals."

SECTION 28.22.(d) Effective July 1, 2007, G.S. 135-40.5(g) reads as rewritten:

"(g) Prescription Drugs. – The Plan's allowable charges for prescription legend drugs to be used outside of a hospital or skilled nursing facility are to be determined by the Plan's Executive Administrator and Board of Trustees. The ~~Plan~~ Plan's indemnity plan will pay allowable charges for each outpatient prescription drug less a copayment to be paid by each covered individual equal to the following amounts: pharmacy charges up to ~~ten dollars ($10.00)~~fifteen dollars ($15.00) for each generic prescription, ~~twenty-five dollars ($25.00)~~ thirty dollars ($30.00) for each preferred branded prescription, and ~~forty dollars ($40.00)~~forty-five dollars ($45.00) for each preferred branded prescription with a generic equivalent drug, and ~~fifty dollars ($50.00)~~fifty-five dollars ($55.00) for each nonpreferred branded or generic prescription. The Plan's optional PPO program will pay allowable charges for each outpatient prescription drug less a co-payment to be paid by each covered individual equal to the following amounts: pharmacy charges up to ten dollars ($10.00) for each generic prescription, twenty-five dollars ($25.00) for each preferred branded prescription, forty dollars ($40.00) for each preferred branded prescription with a generic equivalent drug, and fifty dollars ($50.00) for each nonpreferred branded or generic prescription.

Allowable charges shall not be greater than a pharmacy's usual and customary charge to the general public for a particular prescription. Prescriptions shall be for no more than a 34-day supply for the purposes of the copayments paid by each covered individual. By accepting the copayments and any remaining allowable charges provided by this subsection, pharmacies shall not balance bill an individual covered by the Plan. A prescription legend drug is defined as an article the label of which, under the Federal Food, Drug, and Cosmetic Act, is required to bear the legend: "Caution: Federal Law Prohibits Dispensing Without Prescription." Such articles may not be sold to or purchased by the public without a prescription order. Benefits are provided for insulin even though a prescription is not required. The Plan may use a pharmacy benefit manager to help manage the Plan's outpatient prescription drug coverage. In managing the Plan's outpatient prescription drug benefits, the Plan and its pharmacy benefit manager shall not provide coverage for erectile dysfunction, growth hormone, antiwrinkle, weight loss, and hair growth drugs unless such coverage is medically necessary to the health of the member. The Plan and its pharmacy benefit manager shall not provide coverage for growth hormone and weight loss drugs and antifungal drugs for the treatment of nail fungus and botulinium toxin without approval in advance by the pharmacy benefit manager. Any formulary used by the Plan's Executive Administrator and pharmacy benefit manager shall be an open formulary. Plan members shall not be assessed more than two thousand five hundred dollars ($2,500) per person per fiscal year in copayments required by this subsection."

SECTION 28.22.(e) The first paragraph of G.S. 135-40.6 reads as rewritten:

"The benefits provided in this section are subject to a deductible of ~~three hundred fifty dollars ($350.00)~~ four hundred fifty dollars ($450.00) per covered individual to an aggregate maximum of ~~one thousand fifty dollars ($1,050)~~ one thousand three hundred fifty dollars ($1,350) per employee and child(ren) or employee and family coverage contract per fiscal year and are payable on the basis of eighty percent (80%) by the Plan and twenty percent (20%) by the covered individual up to a maximum of two thousand

dollars ($2,000) out-of-pocket per fiscal year. The aggregate maximum out-of-pocket required of individuals covered by this section shall not be more than six thousand dollars ($6,000) per employee and child(ren) or employee and family coverage contract per fiscal year."

SECTION 28.22.(f) G.S. 135-40.8(c3) reads as rewritten:

"(c3) Notwithstanding any other provision of this Article, the Plan does not pay for the first ~~fifteen dollars ($15.00)~~ twenty-five dollars ($25.00) of allowable charges for each home, office, or skilled nursing facility visit under the provisions of G.S. 135-40.6(7)a. and b., G.S. 135-40.6(4), G.S. 135-40.6(8)i., j., k., n., r., and s., and G.S. 135-40.5(e). The co-payment assessed by this subsection shall be assessed only once per person per provider per day and shall not apply to laboratory, pathology, and radiology services, or to charges for injected medications. The exclusion made under this subsection shall not count toward the deductible nor toward the maximum amount of coinsurance out-of-pocket costs."

SECTION 28.22.(g) G.S. 135-39.5B is amended by adding the following new subsections to read:

"**§ 135-39.5B. Optional plans.**

...

(c) Chemical dependency and mental health benefits under G.S. 135-40.7B apply to the optional program adopted under subsection (b) of this section.

(d) The optional program adopted under subsection (b) of this section shall not limit the number of visits for physical therapy, occupational therapy, and speech therapy."

STATE HEALTH PLAN CHANGES EFFECTIVE BEGINNING WITH THE 2008-2009 FISCAL YEAR

SECTION 28.22A.(a) Effective July 1, 2008, G.S. 135-39.5B, 135-40, 135-40.4, 135-40.5(g), 135-40.6, 135-40.8, and 135-40.9 are repealed.

SECTION 28.22A.(b) Effective July 1, 2008, G.S. 135-39(a) and (a1) read as rewritten:

"(a) There is hereby established the Board of Trustees of the ~~Teachers' and State Employees' Comprehensive Major Medical Plan.~~State Health Plan for Teachers and State Employees.

(a1) The Board of Trustees of the ~~Teachers' and State Employees' Comprehensive Major Medical Plan~~ State Health Plan for Teachers and State Employees shall consist of nine members."

SECTION 28.22A.(c) Effective July 1, 2008, G.S. 135-37 reads as rewritten:

"**§ 135-37. Confidentiality.**

Any information as herein described in this section which is in the possession of the Executive Administrator and the Board of Trustees of the ~~Teachers' and State Employees' Comprehensive Major Medical Plan~~ State Health Plan for Teachers and State Employees ("Plan") or its Claims Processor under the ~~Teachers' and State Employees' Comprehensive Major Medical Plan~~ Plan or the Predecessor Plan shall be confidential and shall be exempt from the provisions of Chapter 132 of the General Statutes or any other provision requiring information and records held by State agencies to be made public or accessible to the public. This section shall apply to all information concerning individuals, including the fact of coverage or noncoverage, whether or not a claim has been filed, medical information, whether or not a claim has been paid, and any other information or materials concerning a plan participant. Provided, however, such information may be released to the State Auditor, or to the Attorney General, or to

the persons designated under G.S. 135-39.3 in furtherance of their statutory duties and responsibilities, or to such persons or organizations as may be designated and approved by the Executive Administrator and Board of Trustees of the ~~Teachers' and State Employees' Comprehensive Major Medical Plan,~~ Plan but any information so released shall remain confidential as stated above and any party obtaining such information shall assume the same level of responsibility for maintaining such confidentiality as that of the Executive Administrator and Board of Trustees of the ~~Teachers' and State Employees' Comprehensive Major Medical Plan.~~State Health Plan for Teachers and State Employees."

SECTION 28.22A.(d) Effective July 1, 2008, G.S. 135-39.10 reads as rewritten:

"**§ 135-39.10. Meaning of "Executive Administrator and Board of Trustees".**

Whenever in this Article the words "Executive Administrator and Board of Trustees" appear, they mean that the Executive Administrator shall have the power, duty, right, responsibility, privilege or other function mentioned, after consulting with the Board of Trustees of the ~~Teachers' and State Employees' Comprehensive Major Medical Plan.~~North Carolina State Health Plan for Teachers and State Employees."

SECTION 28.22A.(e) Effective July 1, 2008, the title of Part 3 of Article 3 of Chapter 135 of the General Statutes reads as rewritten:

"Part 3. ~~Comprehensive Major Medical Plan.~~ State Health Plan for Teachers and State Employees."

SECTION 28.22A.(f) Effective July 1, 2008, G.S. 135-40(a) and (a1) read as rewritten:

"**§ 135-40. Undertaking.**

(a) The State of North Carolina undertakes to make available a ~~Comprehensive Major Medical~~ State Health Plan (hereinafter called the "Plan") exclusively for the benefit of its employees, retired employees and certain of their dependents which will pay benefits in accordance with the terms hereof. The Plan shall have all the powers and privileges of a corporation and shall be known as the ~~North Carolina Teachers' and State Employees' Comprehensive Major Medical Plan.~~ North Carolina State Health Plan for Teachers and State Employees. The Executive Administrator and Board of Trustees shall carry out their duties and responsibilities as fiduciaries for the Plan. The Plan may be a PPO or other type of benefit plan. The Executive Administrator and Board of Trustees may set premium rates for coverage under the Plan on a partially contributory basis, provided that the amounts of State funds contributed for coverage on a partially contributory basis shall not be more than the Plan's total noncontributory premium for Employee Only coverage, with the person selecting the coverage paying the balance of the partially contributory premium not paid by the Plan. The amount of State funds contributed shall not exceed the Plan's cost for Employee Only coverage. Contracts to provide benefits under the Plan are not subject to Article 3 of Chapter 143 of the General Statutes.

(a1) The State of North Carolina deems it to be in the public interest for North Carolina firemen, rescue squad workers, and members of the national guard, and certain of their dependents, who are not eligible for any other type of comprehensive group health insurance or other comprehensive group health benefits, and who have been without any form of group health insurance or other comprehensive group health benefit coverage for at least six months, to be given the opportunity to participate in the benefits provided by the ~~North Carolina Teachers' and State Employees' Comprehensive Major Medical Plan.~~North Carolina State Health Plan for Teachers and State Employees. Coverage under the Plan shall be voluntary for eligible firemen, rescue squad workers,

and members of the national guard who elect participation in the Plan for themselves and their eligible dependents."

SECTION 28.22A.(g) Effective July 1, 2008, the lead paragraph and subdivisions (8), (13a), and (14) of G.S. 135-40.1 read as rewritten:

"**§ 135-40.1. General definitions.**

As used in Parts 2 and 3 of this Article, and as applicable under the policies, benefits, and limitations on coverage under the optional program offered pursuant to G.S. 135-40.6A, the following terms have the meaning specified as follows:

...

(8) Health Benefits Representative. – The employee designated by the employing unit to administer the ~~Comprehensive Major Medical Plan~~ State Health Plan for Teachers and State Employees for the unit and its employees. The HBR is responsible for enrolling new employees, reporting changes, explaining benefits, reconciling group statements and remitting group fees. The State Retirement System is the Health Benefits Representative for retired members.

(13a) Plan. – The ~~Teachers' and State Employees' Comprehensive Major Medical Plan.~~ State Health Plan for Teachers and State Employees.

(14) Predecessor Plan. – The Hospital and Medical Benefits for the Teachers' and State Employees' Retirement System of the State of North ~~Carolina.~~ Carolina, or the North Carolina Teachers' and State Employees Comprehensive Major Medical Plan, as applicable."

SECTION 28.22A.(h) Effective July 1, 2008, G.S. 135-40.3(d) reads as rewritten:

"(d) Types of Coverage Available. – There are three types of coverage which an employee or retiree may elect.

(1) Employee Only. – Covers enrolled employees only. Maternity benefits are provided to employee only.

(2) Employee and Child(ren). – Covers enrolled employee and all eligible dependent children. Maternity benefits are provided to the employee only.

(3) Employee and Family. – Covers employee and spouse, and all eligible dependent children. Maternity benefits are provided to employee or enrolled spouse.

(4), (5) Repealed by Session Laws 1985 (Reg. Sess., 1986), c. 1020, s. 5(b).

(4a) Employee and spouse. – Covers employee and spouse only. Maternity benefits are provided to the employee only."

SECTION 28.22A.(i) Effective July 1, 2008, G.S. 135-40.5 is amended by adding the following new subsection to read:

"(g1) Prescription Drugs. – The Plan will pay allowable charges for each outpatient prescription drug less a co-payment to be paid by each covered individual equal to the following amounts: pharmacy charges up to ten dollars ($10.00) for each generic prescription, twenty-five dollars ($25.00) for each preferred branded prescription, forty dollars ($40.00) for each preferred branded prescription with a generic equivalent drug, and fifty dollars ($50.00) for each nonpreferred branded or generic prescription.

Allowable charges shall not be greater than a pharmacy's usual and customary charge to the general public for a particular prescription. Prescriptions shall be for no more than a 34-day supply for the purposes of the co-payments paid by each covered individual. By accepting the cop-ayments and any remaining allowable charges provided by this subsection, pharmacies shall not balance bill an individual covered by

the Plan. A prescription legend drug is defined as an article the label of which, under the Federal Food, Drug, and Cosmetic Act, is required to bear the legend: "Caution: Federal Law Prohibits Dispensing Without Prescription." Such articles may not be sold to or purchased by the public without a prescription order. Benefits are provided for insulin even though a prescription is not required. The Plan may use a pharmacy benefit manager to help manage the Plan's outpatient prescription drug coverage. In managing the Plan's outpatient prescription drug benefits, the Plan and its pharmacy benefit manager shall not provide coverage for erectile dysfunction, growth hormone, antiwrinkle, weight loss, and hair growth drugs unless such coverage is medically necessary to the health of the member. The Plan and its pharmacy benefit manager shall not provide coverage for growth hormone and weight loss drugs and antifungal drugs for the treatment of nail fungus and botulinium toxin without approval in advance by the pharmacy benefit manager. Any formulary used by the Plan's Executive Administrator and pharmacy benefit manager shall be an open formulary. Plan members shall not be assessed more than two thousand five hundred dollars ($2,500) per person per fiscal year in co-payments required by this subsection."

SECTION 28.22A.(j) Effective July 1, 2008, the Revisor of Statutes shall delete all statutory references to "Teachers' and State Employees' Comprehensive Major Medical Plan" and substitute therefor "State Health Plan for Teachers and State Employees."

STATE HEALTH PLAN WELLNESS PILOT

SECTION 28.22B.(a) The Executive Administrator and Board of Trustees of the Teachers' and State Employees' Comprehensive Major Medical Plan may use funds available in an amount not to exceed two hundred thousand dollars ($200,000) for the 2007-2008 fiscal year to establish and implement one or more wellness pilot programs for State employees. The purpose of the pilot programs is to reduce health care costs and improve worker productivity through improved health status of the employee. The pilot programs shall be designed to encourage State employee enrollment in a structured fitness program that includes measurable benchmarks. The Executive Administrator shall select one or more pilot sites that represent different geographic regions of the State, taking into consideration sites that have the highest density of State employees.

SECTION 28.22B.(b) Not later than May 1, 2008, the Executive Administrator of the Teachers' and State Employees' Comprehensive Major Medical Plan shall report to the Committee on Employee Hospital and Medical Benefits on State employee participation levels in the wellness pilot programs and health outcomes resulting from the participation. The Executive Administrator shall also recommend in its report whether the pilot programs should be continued and expanded in other areas of the State in the 2008-2009 fiscal year.

RETIREE HEALTH BENEFIT FUND

SECTION 28.23. G.S. 135-7(f) reads as rewritten:

"(f) Retiree Health Benefit Fund. – The Retiree Health Benefit Fund is established as a fund in which accumulated contributions from employers and any earnings on those contributions shall be used to provide health benefits to retired and disabled employees and their applicable beneficiaries as provided by this Chapter. The Retiree Health Benefit Fund shall be administered in accordance with the provisions of subsection (a) of this section. Employer contributions to the Fund are irrevocable. The assets of the Fund are dedicated to providing health benefits to retired and disabled employees and their applicable beneficiaries as provided by this Chapter and are not subject to the

claims of creditors of the employers making contributions to the Fund. However, Fund assets may be used for reasonable expenses to administer the Fund, including costs to conduct required actuarial valuations of State-supported retired employees' health benefits under other post-employment benefit accounting standards set forth by the Governmental Accounting Standards Board of the Financial Accounting Foundation."

PART XXIX. CAPITAL APPROPRIATIONS.

GENERAL FUND CAPITAL APPROPRIATIONS/INTRODUCTION

SECTION 29.1. The appropriations made by the 2007 General Assembly for capital improvements are for constructing, repairing, or renovating State buildings, utilities, and other capital facilities, for acquiring sites for them where necessary, and acquiring buildings and land for State government purposes.

TOTALS		**$20,000,000**

SECTION 29.3.(b) Where the actual costs are different from the estimated costs under subsection (a) of this section, the Department may adjust the allocations among projects as needed. If any projects funded under subsection (a) of this section are delayed and the budgeted State funds cannot be used during the 2007-2008 fiscal year, or if the projects funded under subsection (a) of this section are accomplished at a lower cost, the Department may use the resulting fund availability to fund any of the following:

(1) U.S. Army Corps of Engineers project feasibility studies.
(2) U.S. Army Corps of Engineers projects whose schedules have advanced and require State-matching funds in fiscal year 2007-2008.
(3) State-local water resources development projects.

Funds not expended or encumbered for these purposes shall revert to the General Fund at the end of the 2008-2009 fiscal year.

SECTION 29.3.(c) The Department shall make semiannual reports on the use of these funds to the Joint Legislative Commission on Governmental Operations, the Fiscal Research Division, and the Office of State Budget and Management. Each report shall include all of the following:

(1) All projects listed in this section.
(2) The estimated cost of each project.
(3) The date that work on each project began or is expected to begin.
(4) The date that work on each project was completed or is expected to be completed.
(5) The actual cost of each project.

The semiannual reports shall also show those projects advanced in schedule, those projects delayed in schedule, and an estimate of the amount of funds expected to revert to the General Fund.

PROCEDURES FOR DISBURSEMENT OF CAPITAL FUNDS

SECTION 29.4. The appropriations made by the 2007 General Assembly for capital improvements shall be disbursed for the purposes provided by this act.

Expenditure of funds shall not be made by any State department, institution, or agency until an allotment has been approved by the Governor as Director of the Budget. The allotment shall be approved only after full compliance with the State Budget Act, Chapter 143C of the General Statutes. Prior to the award of construction contracts for projects to be financed in whole or in part with self-liquidating appropriations, the Director of the Budget shall approve the elements of the method of financing of those projects including the source of funds, interest rate, and liquidation period. Provided, however, that if the Director of the Budget approves the method of financing a project, the Director shall report that action to the Joint Legislative Commission on Governmental Operations at its next meeting.

Where direct capital improvement appropriations include the purpose of furnishing fixed and movable equipment for any project, those funds for equipment shall not be subject to transfer into construction accounts except as authorized by the Director of the Budget. The expenditure of funds for fixed and movable equipment and furnishings shall be reviewed and approved by the Director of the Budget prior to commitment of funds.

Capital improvement projects authorized by the 2007 General Assembly shall be completed, including fixed and movable equipment and furnishings, within the limits of the amounts of the direct or self-liquidating appropriations provided, except as otherwise provided in this act. Capital improvement projects authorized by the 2007 General Assembly for the design phase only shall be designed within the scope of the project as defined by the approved cost estimate filed with the Director of the Budget, including costs associated with site preparation, demolition, and movable and fixed equipment.

REPAIRS AND RENOVATIONS RESERVE ALLOCATION

SECTION 29.5.(a) Of the funds in the Reserve for Repairs and Renovations for the 2007-2008 fiscal year, forty-six percent (46%) shall be allocated to the Board of Governors of The University of North Carolina for repairs and renovations pursuant to G.S. 143C-4-3, in accordance with guidelines developed in The University of North Carolina Funding Allocation Model for Reserve for Repairs and Renovations, as approved by the Board of Governors of The University of North Carolina, and fifty-four percent (54%) shall be allocated to the Office of State Budget and Management for repairs and renovations pursuant to G.S. 143C-4-3.

Notwithstanding G.S. 143C-4-3, the Board of Governors may allocate funds for the repair and renovation of facilities not supported from the General Fund if the Board determines that sufficient funds are not available from other sources and that conditions warrant General Fund assistance. Any such finding shall be included in the Board's submission to the Joint Legislative Commission on Governmental Operations on the proposed allocation of funds.

The Board of Governors and the Office of State Budget and Management shall consult with the Joint Legislative Commission on Governmental Operations prior to the allocation or reallocation of these funds.

SECTION 29.5.(b) The Office of State Budget and Management and the University of North Carolina General Administration shall jointly study the allocation of funds in the Reserve for Repairs and Renovations set forth in subsection (a) of this section and shall recommend to the General Assembly changes to the current allocation if any are deemed necessary. The study shall include the following:

(1) A review of the Department of Administration's Facilities Condition and Assessment Program.

(2) A review and identification of State-owned buildings supported by the General Fund.
(3) A review of the actual expenditures for repairs and renovations from allocated reserve funds.

The Office of State Budget and Management and the University of North Carolina General Administration shall submit a joint report to the Senate Appropriations and Base Budget Committee, the House Appropriations Committee, the House Appropriations Subcommittee on Capital, the Senate Finance Subcommittee on Capital and Infrastructure Financing, the Joint Legislative Oversight Committee on Capital Improvements, and the Fiscal Research Division. The report shall include the study findings and recommendations and shall be submitted no later than April 1, 2008.

SECTION 29.5.(c) Of the funds allocated to the Office of State Budget and Management in subsection (a) of this section, the sum of five hundred thirty-four thousand dollars ($534,000) shall be allocated to the Department of Juvenile Justice and Delinquency Prevention to renovate two cottages at the Samarkand Youth Development Center to use for the Eckerd Family Focus on Rehabilitative Treatment (EFFORT) project, which would supplement the traditional youth development centers pursuant to G.S. 143C-4-3.

PLANT CONSERVATION PROGRAM FUNDS

SECTION 29.6. From funds deposited with the State Treasurer in a capital improvement account to the credit of the Department of Agriculture and Consumer Services pursuant to G.S. 146-30, the sum of thirty thousand dollars ($30,000) for the 2007-2008 fiscal year shall be transferred to the Department of Agriculture and Consumer Services to be used, notwithstanding G.S. 146-30, by the Department for its plant conservation program under Article 19B of Chapter 106 of the General Statutes for costs incidental to the acquisition of land, such as land appraisals, land surveys, title searches, environmental studies, and for the management of the plant conservation program preserves owned by the Department.

EASTERN NORTH CAROLINA AGRICULTURAL CENTER FUNDS

SECTION 29.8.(a) Timber sales receipts received for the sale of timber harvested on the property on which the Eastern North Carolina Agricultural Center at Williamston is located shall be transferred from the Department of Agriculture and Consumer Services' timber sales capital improvement account in the Department of Agriculture and Consumer Services as such funds become available and shall be used for the 2007-2008 fiscal year by the Department for capital improvements to the grounds and facilities at the Eastern North Carolina Agricultural Center.

SECTION 29.8.(b) Funds transferred pursuant to subsection (a) of this section are hereby appropriated.

TIME WARNER CABLE LEASE PROCEEDS

SECTION 29.9. The sum of two hundred twenty-five thousand dollars ($225,000) in net proceeds received from Time Warner, Inc., by the Department of Environment and Natural Resources, Division of Forest Resources, for the lease of property located at 2600 Howard Road in Raleigh shall be transferred to the Department for deposit into a capital improvement account. Funds in this account for the 2007-2008 fiscal year may be used to construct an equipment storage building and related improvements.

TRANSFER OF STATE PROPERTY TO WAYNE COUNTY

SECTION 29.11. The State-owned property in Wayne County that is bordered on the north by SR 581, on the west by the DART-Cherry Facility/Programs, on the south by Cherry Hospital Cemetery, and on the west by property owned by APV North America, Inc., is hereby transferred to Wayne County. The transfer under this section shall be evidenced by a deed executed in accordance with G.S. 146-75 and registered in accordance with G.S. 146-77. The deed shall provide that the State retains a possibility of reverter and that, in the event that Wayne County does not substantially commence construction of a community agricultural center on the site within five years of the execution of the deed, the property shall revert to the State.

UNC RESERVE FOR FIRE SUPPRESSION

SECTION 29.12. Notwithstanding any other provision of law, the funds appropriated in this act to the Board of Governors of The University of North Carolina for the installation of fire sprinklers in University residence halls shall be allocated among the University's constituent institutions by the President of the University of North Carolina, who shall consider the following factors when allocating those funds:

(1) The current level of housing rents charged to students and how that compares to an institution's public peers and other UNC institutions.

(2) The level of previous authorizations to constituent institutions for the construction or renovation of residence halls funded from the General Fund, or from bonds or certificates of participation supported by the General Fund, since 1996.

(3) The financial status of each constituent institution's housing system, including debt capacity, debt coverage ratios, credit rankings, required reserves, the planned use of cash balances for other housing system improvements, and the constituent institution's ability to pay for the installation of fire sprinklers in all residence halls by 2012.

(4) The total cost of each proposed project, including the cost of installing fire sprinklers and the cost of other construction, such as asbestos removal and additional water supply needs.

INCREASE COURT FEES AND AMEND THE ACCESS TO CIVIL JUSTICE ACT

SECTION 30.8.(a) G.S. 7A-304(a) reads as rewritten:

"(a) In every criminal case in the superior or district court, wherein the defendant is convicted, or enters a plea of guilty or nolo contendere, or when costs are assessed against the prosecuting witness, the following costs shall be assessed and collected, except that when the judgment imposes an active prison sentence, costs shall be assessed and collected only when the judgment specifically so provides, and that no costs may be assessed when a case is dismissed.

(1) For each arrest or personal service of criminal process, including citations and subpoenas, the sum of five dollars ($5.00), to be remitted to the county wherein the arrest was made or process was served, except that in those cases in which the arrest was made or process served by a law-enforcement officer employed by a municipality, the fee shall be paid to the municipality employing the officer.

(2) For the use of the courtroom and related judicial facilities, the sum of twelve dollars ($12.00) in the district court, including cases before a magistrate, and the sum of thirty dollars ($30.00) in superior court, to be remitted to the county in which the judgment is rendered. In all cases where the judgment is rendered in facilities provided by a municipality, the facilities fee shall be paid to the municipality. Funds derived from the facilities fees shall be used exclusively by the county or municipality for providing, maintaining, and constructing adequate courtroom and related judicial facilities, including: adequate space and furniture for judges, district attorneys, public defenders and other personnel of the Office of Indigent Defense Services, magistrates, juries, and other court related personnel; office space, furniture and vaults for the clerk; jail and juvenile detention facilities; free parking for jurors; and a law library (including books) if one has heretofore been established or if the governing body hereafter decides to establish one. In the event the funds derived from the facilities fees exceed what is needed for these purposes, the county or municipality may, with the approval of the Administrative Officer of the Courts as to the amount, use any or all of the excess to retire outstanding indebtedness incurred in the construction of the facilities, or to reimburse the county or municipality for funds expended in constructing or renovating the facilities (without incurring any indebtedness) within a period of two years before or after the date a district court is established in such county, or to supplement the operations of the General Court of Justice in the county.

(3) For the retirement and insurance benefits of both State and local government law-enforcement officers, the sum of six dollars and twenty-five cents ($6.25), to be remitted to the State Treasurer. Fifty cents (50¢) of this sum shall be administered as is provided in Article 12C of Chapter 143 of the General Statutes. Five dollars and seventy-five cents ($5.75) of this sum shall be administered as is

provided in Article 12E of Chapter 143 of the General Statutes, with one dollar and twenty-five cents ($1.25) being administered in accordance with the provisions of G.S. 143-166.50(e).

(3a) For the supplemental pension benefits of sheriffs, the sum of one dollar twenty-five cents ($1.25) to be remitted to the Department of Justice and administered under the provisions of Article 12G of Chapter 143 of the General Statutes.

(4) For support of the General Court of Justice, the sum of ~~eighty-five dollars and fifty cents ($85.50)~~ ninety-five dollars and fifty cents ($95.50) in the district court, including cases before a magistrate, and the sum of ~~ninety-two dollars and fifty cents ($92.50)~~ one hundred two dollars and fifty cents ($102.50) in the superior court, to be remitted to the State Treasurer. For a person convicted of a felony in superior court who has made a first appearance in district court, both the district court and superior court fees shall be assessed. The State Treasurer shall remit the sum of ~~one dollar and five cents ($1.05)~~ two dollars and five cents ($2.05) of each fee collected under this subdivision to the North Carolina State Bar for the provision of services described in G.S. 7A-474.4, and ninety-five cents ($.95) of each fee collected under this subdivision to the North Carolina State Bar for the provision of services described in G.S. 7A-474.19.

(5) For using pretrial release services, the district or superior court judge shall, upon conviction, impose a fee of fifteen dollars ($15.00) to be remitted to the county providing the pretrial release services. This cost shall be assessed and collected only if the defendant had been accepted and released to the supervision of the agency providing the pretrial release services.

(6) For support of the General Court of Justice, ~~for the issuance by the clerk of a report to the Division of Motor Vehicles pursuant to G.S. 20-24.2,~~ the sum of ~~fifty dollars ($50.00), to be remitted to the State Treasurer.~~ one hundred dollars ($100.00) is payable by a defendant who fails to do one or more of the following:

a. Fails to appear to answer the charge as scheduled, unless within 20 days after the scheduled appearance, the person either appears in court to answer the charge or disposes of the charge pursuant to G.S. 7A-146.

b. Fails to pay a fine, penalty, or costs within 20 days of the date specified in the court's judgment.

Upon a showing to the court that the defendant failed to appear because of an error or omission of a judicial official, a prosecutor, or a law-enforcement officer, the court shall waive this fee. This fee shall be remitted to the State Treasurer.

(7) For the services of the State Bureau of Investigation laboratory facilities, the district or superior court judge shall, upon conviction, order payment of the sum of three hundred dollars ($300.00) to be remitted to the Department of Justice for support of the State Bureau of Investigation. This cost shall be assessed only in cases in which, as part of the investigation leading to the defendant's conviction, the laboratories have performed DNA analysis of the crime, tests of bodily fluids of the defendant for the presence of alcohol or controlled substances, or analysis of any controlled substance possessed by the

defendant or the defendant's agent. The court may waive or reduce the amount of the payment required by this subdivision upon a finding of just cause to grant such a waiver or reduction.

(8) For the services of any crime laboratory facility operated by a local government or group of local governments, the district or superior court judge shall, upon conviction, order payment of the sum of three hundred dollars ($300.00) to be remitted to the general fund of the local governmental unit that operates the laboratory to be used for law enforcement purposes. The cost shall be assessed only in cases in which, as part of the investigation leading to the defendant's conviction, the laboratory has performed DNA analysis of the crime, test of bodily fluids of the defendant for the presence of alcohol or controlled substances, or analysis of any controlled substance possessed by the defendant or the defendant's agent. The costs shall be assessed only if the court finds that the work performed at the local government's laboratory is the equivalent of the same kind of work performed by the State Bureau of Investigation under subdivision (7) of this subsection. The court may waive or reduce the amount of the payment required by this subdivision upon a finding of just cause to grant such a waiver or reduction.

(9) For support of the General Court of Justice, for the issuance by the clerk of a report to the Division of Motor Vehicles of any conviction of a person for a violation under Chapter 20 of the General Statutes while operating a vehicle for which a commercial drivers license is required, the sum of one hundred dollars ($100.00), to be remitted to the State Treasurer."

SECTION 30.8.(b) G.S. 7A-305(a) reads as rewritten:

"(a) In every civil action in the superior or district court, except for actions brought under Chapter 50B of the General Statutes, the following costs shall be assessed:

(1) For the use of the courtroom and related judicial facilities, the sum of twelve dollars ($12.00) in cases heard before a magistrate, and the sum of sixteen dollars ($16.00) in district and superior court, to be remitted to the county in which the judgment is rendered, except that in all cases in which the judgment is rendered in facilities provided by a municipality, the facilities fee shall be paid to the municipality. Funds derived from the facilities fees shall be used in the same manner, for the same purposes, and subject to the same restrictions, as facilities fees assessed in criminal actions.

(2) For support of the General Court of Justice, the sum of ~~seventy-nine dollars ($79.00)~~ninety-three dollars ($93.00) in the superior court, except that if a case is assigned to a special superior court judge as a complex business case under G.S. 7A-45.3, an additional two hundred dollars ($200.00) shall be paid upon its assignment, and the sum of ~~sixty-four dollars ($64.00)~~ seventy-three dollars ($73.00) in the district court except that if the case is assigned to a magistrate the sum shall be ~~fifty-three dollars ($53.00).~~ sixty-three dollars ($63.00). Sums collected under this subdivision shall be remitted to the State Treasurer. The State Treasurer shall remit the sum of ~~one dollar and five cents ($1.05)~~two dollars and five cents ($2.05) of each fee collected under this subdivision to the North Carolina State Bar for the

provision of services described in G.S. 7A-474.4, and ninety-five cents ($.95) of each fee collected under this subdivision to the North Carolina State Bar for the provision of services described in G.S. 7A-474.19."

SECTION 30.8.(c) G.S. 7A-306(a) reads as rewritten:

"(a) In every special proceeding in the superior court, the following costs shall be assessed:

(1) For the use of the courtroom and related judicial facilities, the sum of ten dollars ($10.00) to be remitted to the county. Funds derived from the facilities fees shall be used in the same manner, for the same purposes, and subject to the same restrictions, as facilities fees assessed in criminal actions.

(2) For support of the General Court of Justice the sum of forty dollars ($40.00). In addition, in proceedings involving land, except boundary disputes, if the fair market value of the land involved is over one hundred dollars ($100.00), there shall be an additional sum of thirty cents (30¢) per one hundred dollars ($100.00) of value, or major fraction thereof, not to exceed a maximum additional sum of two hundred dollars ($200.00). Fair market value is determined by the sale price if there is a sale, the appraiser's valuation if there is no sale, or the appraised value from the property tax records if there is neither a sale nor an appraiser's valuation. Sums collected under this subdivision shall be remitted to the State Treasurer. The State Treasurer shall remit the sum of ~~one dollar and five cents ($1.05)~~two dollars and five cents ($2.05) of each forty-dollar ($40.00) General Court of Justice fee collected under this subdivision to the North Carolina State Bar for the provision of services described in G.S. 7A-474.4."

SECTION 30.8.(d) G.S. 7A-307(a) reads as rewritten:

"(a) In the administration of the estates of decedents, minors, incompetents, of missing persons, and of trusts under wills and under powers of attorney, in trust proceedings under G.S. 36A-23.1, and in collections of personal property by affidavit, the following costs shall be assessed:

(1) For the use of the courtroom and related judicial facilities, the sum of ten dollars ($10.00), to be remitted to the county. Funds derived from the facilities fees shall be used in the same manner, for the same purposes, and subject to the same restrictions, as facilities fees assessed in criminal actions.

(2) For support of the General Court of Justice, the sum of ~~forty dollars ($40.00),~~fifty dollars ($50.00), plus an additional forty cents (40¢) per one hundred dollars ($100.00), or major fraction thereof, of the gross estate, not to exceed six thousand dollars ($6,000). Gross estate shall include the fair market value of all personalty when received, and all proceeds from the sale of realty coming into the hands of the fiduciary, but shall not include the value of realty. In collections of personal property by affidavit, the fee based on the gross estate shall be computed from the information in the final affidavit of collection made pursuant to G.S. 28A-25-3 and shall be paid when that affidavit is filed. In all other cases, this fee shall be computed from the information reported in the inventory and shall be paid when the inventory is filed with the clerk. If additional gross estate, including income, comes into the hands of the fiduciary after the filing of the

inventory, the fee for such additional value shall be assessed and paid upon the filing of any account or report disclosing such additional value. For each filing the minimum fee shall be fifteen dollars ($15.00). Sums collected under this subdivision shall be remitted to the State Treasurer. The State Treasurer shall remit the sum of ~~one dollar and five cents ($1.05)~~two dollars and five cents ($2.05) of each ~~forty-dollar ($40.00)~~fifty-dollar ($50.00) General Court of Justice fee collected under this subdivision to the North Carolina State Bar for the provision of services described in G.S. 7A-474.4.

(2a) Notwithstanding subdivision (2) of this subsection, the fee of forty cents (40¢) per one hundred dollars ($100.00), or major fraction, of the gross estate, not to exceed six thousand dollars ($6,000), shall not be assessed on personalty received by a trust under a will when the estate of the decedent was administered under Chapters 28 or 28A of the General Statutes. Instead, a fee of twenty dollars ($20.00) shall be assessed on the filing of each annual and final account.

(2b) Notwithstanding subdivisions (1) and (2) of this subsection, no costs shall be assessed when the estate is administered or settled pursuant to G.S. 28A-25-6.

(2c) Notwithstanding subdivision (2) of this subsection, the fee of forty cents (40¢) per one hundred dollars ($100.00), or major fraction, of the gross estate shall not be assessed on the gross estate of a trust that is the subject of a proceeding under G.S. 36A-23.1 if there is no requirement in the trust that accountings be filed with the clerk.

(3) For probate of a will without qualification of a personal representative, the clerk shall assess a facilities fee as provided in subdivision (1) of this subsection and shall assess for support of the General Court of Justice, the sum of twenty dollars ($20.00)."

SECTION 30.8.(e) G.S. 7A-308(a)(1) reads as rewritten:

"(a) The following miscellaneous fees and commissions shall be collected by the clerk of superior court and remitted to the State for the support of the General Court of Justice:

(1) Foreclosure under power of sale in deed of trust or mortgage.....~~$60.00~~$75.00 If the property is sold under the power of sale, an additional amount will be charged, determined by the following formula: forty-five cents (.45) per one hundred dollars ($100.00), or major fraction thereof, of the final sale price. If the amount determined by the formula is less than ten dollars ($10.00), a minimum ten dollar ($10.00) fee will be collected. If the amount determined by the formula is more than ~~three hundred dollars ($300.00), five hundred~~ dollars ($500.00), a maximum ~~three hundred dollar ($300.00) five~~ hundred-dollar ($500.00) fee will be collected."

SECTION 30.8.(f) G.S. 7A-308(a)(17) reads as rewritten:

"(a) The following miscellaneous fees and commissions shall be collected by the clerk of superior court and remitted to the State for the support of the General Court of Justice:

...

(17) Criminal record search except if search is requested by an agency of the State or any of its political subdivisions or by an agency of the United States or by a petitioner in a proceeding under Article 2 of General Statutes Chapter 20.....~~10.00~~15.00"

SECTION 30.8.(g) G.S. 7A-474.1 reads as rewritten:

"**§ 7A-474.1. Legislative findings and purpose.**

The General Assembly of North Carolina declares it to be its purpose to provide access to legal representation for indigent persons in certain kinds of civil matters. The General Assembly finds that such representation can best be provided in an efficient, effective, and economic manner through ~~five geographically based field~~ the established legal services programs in this State."

SECTION 30.8.(h) G.S. 7A-474.2(4) reads as rewritten:

"**§ 7A-474.2. Definitions.**

The following definitions shall apply throughout this Article, unless the context otherwise requires:

...

(4) ~~"Geographically based field~~ "Established legal services programs" means the following not-for-profit corporations using State funds to serve the counties listed: Legal Services of the Southern Piedmont, serving Cabarrus, Gaston, Mecklenburg, Stanly, and Union Counties; Legal Aid Society of Northwest North Carolina, serving Davie, Forsyth, Iredell, Stokes, Surry, and Yadkin Counties; ~~North Central Legal Assistance Program, serving Durham, Franklin, Granville, Person, Vance, and Warren Counties;~~ Pisgah Legal Services, serving Buncombe, Henderson, Madison, Polk, Rutherford, and Transylvania Counties; and Legal ~~Services~~ Aid of North Carolina, ~~serving 83 counties in North Carolina;~~ a statewide program; or any successor entity or entities of the named organizations, or, should any of the named organizations dissolve, the entity or entities providing substantially the same services in substantially the same service area."

SECTION 30.8.(i) G.S. 7A-474.4 reads as rewritten:

"**§ 7A-474.4. Funds.**

Funds to provide representation pursuant to this Article shall be provided to the North Carolina State Bar for provision of direct services by and support of the ~~geographically based field~~ established legal services programs. The North Carolina State Bar shall allocate these funds directly to each of the ~~five geographically based field~~ established legal services programs based upon the eligible client population in each ~~area program,~~ area, with Pisgah Legal Services receiving the allocation for Buncombe, Henderson, Madison, Polk, Rutherford, and Transylvania ~~Counties, based upon the eligible client population in each area program.~~ Counties; Legal Aid Society of Northwest North Carolina receiving half of the allocation for Davie, Forsyth, Iredell, Stokes, Surry, and Yadkin Counties; and Legal Services of Southern Piedmont receiving half of the allocation for Cabarras, Gaston, Mecklenburg, Stanly, and Union Counties. The North Carolina State Bar shall not use any of these funds for its administrative costs."

SECTION 30.8.(j) G.S. 7A-474.5 reads as rewritten:

"**§ 7A-474.5. Records and reports.**

The ~~geographically based field~~ established legal services programs shall keep appropriate records and make periodic reports, as requested, to the North Carolina State Bar."

SECTION 30.8.(k) G.S. 84-4.1(7) reads as rewritten:

"**§ 84-4.1. Limited practice of out-of-state attorneys.**

Any attorney domiciled in another state, and regularly admitted to practice in the courts of record of and in good standing in that state, having been retained as attorney for a party to any civil or criminal legal proceeding pending in the General Court of Justice of North Carolina, the North Carolina Utilities Commission, the North Carolina

Industrial Commission, the Office of Administrative Hearings of North Carolina, or any administrative agency, may, on motion, be admitted to practice in that forum for the sole purpose of appearing for a client in the proceeding. The motion required under this section shall be signed by the attorney and shall contain or be accompanied by:

...

(7) A fee in the amount of ~~one hundred twenty-five dollars ($125.00),~~ two hundred twenty-five dollars ($225.00), of which ~~one hundred dollars ($100.00)~~ two hundred dollars ($200.00) shall be remitted to the State Treasurer for support of the General Court of Justice and twenty-five dollars ($25.00) shall be transmitted to the North Carolina State Bar to regulate the practice of out-of-state attorneys as provided in this section.

Compliance with the foregoing requirements does not deprive the court of the discretionary power to allow or reject the application."

SECTION 30.8.(l) Subsection (a) of this section becomes effective July 1, 2007, and applies to all costs assessed or collected on or after that date, except that in misdemeanor or infraction cases disposed of on or after that date by written appearance, waiver of trial or hearing, and plea of guilt or admission of responsibility pursuant to G.S. 7A-180(4) or G.S. 7A-273(2), in which the citation or other criminal process was issued before that date, the cost shall be the lesser of those specified in G.S. 7A-304(a), as amended by subsection (a) of this section, or those specified in the notice portion of the defendant's or respondent's copy of the citation or other criminal process, if any costs are specified in that notice. Subsections (b), (c), (d), (e), (f), and (k) of this section become effective July 1, 2007, and apply to all costs assessed or collected on or after that date. The remainder of this section becomes effective July 1, 2007.

COLLECTION OF OUTSTANDING FINES AND FEES BY THE COURTS

SECTION 30.9.(a) G.S. 7A-321 reads as rewritten:

"**§ 7A-321. Collection of offender fines and fees assessed by the court.**

(a) The Judicial Department may, in lieu of payment by cash or check, accept payment by credit card, charge card, or debit card for the fines, fees, and costs owed to the courts by offenders.

(b) In attempting to collect the fines, fees, and costs owed by offenders not sentenced to supervised probation, the Department may:

(1) Assess a collection assistance fee if an amount due remains unpaid for 30 days after the time period allotted by the court. The amount of the collection assistance fee shall not exceed the average cost of collecting the debt or twenty percent (20%) of the amount past due, whichever is less.

(2) Enter into contracts with a collection agency or agencies to collect unpaid fines, fees, and costs owed by offenders not sentenced to supervised probation.

(3) Intercept tax refund checks under Chapter 105A of the General Statutes, the Setoff Debt Collection Act."

SECTION 30.9.(b) This section becomes effective July 1, 2007, and applies to cases adjudicated on or after that date.

INCREASE AND CLARIFY CERTAIN COURT COSTS

SECTION 30.10.(a) G.S. 7A-305(a1) is amended by adding a new subsection to read:

"(a1) Costs apply to any and all additional and subsequent actions filed by amendment to the original action brought under Chapter 50B of the General Statutes, unless such additional and subsequent amendment to the action is also brought under Chapter 50B of the General Statutes."

SECTION 30.10.(b) G.S. 7A-307(a)(2a) reads as rewritten:

"(a) In the administration of the estates of decedents, minors, incompetents, of missing persons, and of trusts under wills and under powers of attorney, in trust proceedings under G.S. 36A-23.1, and in collections of personal property by affidavit, the following costs shall be assessed:

...

(2a) Notwithstanding subdivision (2) of this subsection, the fee of forty cents (40¢) per one hundred dollars ($100.00), or major fraction, of the gross estate, not to exceed six thousand dollars ($6,000), shall not be assessed on personalty received by a trust under a will when the estate of the decedent was administered under Chapters 28 or 28A of the General Statutes. Instead, a fee of twenty dollars ($20.00) shall be assessed on the filing of each annual and final account. However, the fee shall be assessed on newly contributed or acquired assets, all interest or other income that accrues or is earned on or with respect to any existing or newly contributed or acquired assets, and realized gains on the sale of any and all trust assets. Newly contributed or acquired assets do not include assets acquired by the sale, transfer, exchange, or otherwise of the amount of trust property on which fees were previously assessed.

...."

SECTION 30.10.(c) G.S. 7A-308(a)(12) reads as rewritten:

"(a) The following miscellaneous fees and commissions shall be collected by the clerk of superior court and remitted to the State for the support of the General Court of Justice:

...

(12) Preparation of copies

—first page (of each document copied) 2.00

— each additional page or fraction thereof ..... .25

...."

SECTION 30.10.(d) G.S. 7A-317 reads as rewritten:

"**§ 7A-317. Counties and municipalities not required to advance certain fees.**

Counties and municipalities are not required to advance ~~costs for the facilities fee, the General Court of Justice fee, the miscellaneous fees enumerated in G.S. 7A-308, or~~ the civil process fees enumerated in G.S. 7A-311."

SECTION 30.10.(e) G.S. 20-16.5(j) reads as rewritten:

"(j) Costs. – Unless the magistrate or judge orders the revocation rescinded, a person whose license is revoked under this section must pay a fee of ~~fifty dollars ($50.00)~~ one hundred dollars ($100.00) as costs for the action before the person's license may be returned under subsection ~~(h).~~ (h) of this section. ~~The costs collected under this section shall be credited to the General Fund.~~ Fifty percent (50%) of the costs collected shall be remitted to the General Fund and be used to fund a statewide chemical alcohol testing program administered by the Injury Control Section of the Department of Health and Human Services. The remaining fifty percent (50%) shall be remitted to the county for the sole purpose of reimbursing the county for jail expenses incurred due to enforcement of the impaired driving laws."

SECTION 30.10.(f) G.S. 130A-106(b) is repealed.

SECTION 30.10.(g) G.S. 130A-107(d) is repealed.

SECTION 30.10.(h) Subsection (d) of this act becomes effective July 1, 2008. The remainder of this act becomes effective July 1, 2007, and applies to all costs assessed or collected on or after that date.

PART XXXI. TAX LAW CHANGES

SET INSURANCE REGULATORY FEE

SECTION 31.12.(a) The percentage rate to be used in calculating the insurance regulatory charge under G.S. 58-6-25 is five and one-half percent (5.5%) for the 2007 calendar year.

SECTION 31.12.(b) This section is effective when it becomes law.

SET REGULATORY FEE FOR UTILITIES COMMISSION

SECTION 31.13.(a) The percentage rate to be used in calculating the public utility regulatory fee under G.S. 62-302(b)(2) is twelve one-hundredths of one percent (0.12%) for each public utility's North Carolina jurisdictional revenues earned during each quarter that begins on or after July 1, 2007.

SECTION 31.13.(b) The electric membership corporation regulatory fee imposed under G.S. 62-302(b1) for the 2007-2008 fiscal year is two hundred thousand dollars ($200,000).

SECTION 31.13.(c) This section becomes effective July 1, 2007.

PART XXXII. MISCELLANEOUS PROVISIONS

STATE BUDGET ACT APPLIES

SECTION 32.1. The provisions of the State Budget Act, Chapter 143C of the General Statutes, are reenacted and shall remain in full force and effect and are incorporated in this act by reference.

COMMITTEE REPORT

SECTION 32.2.(a) The Senate Appropriations/Base Budget Committee Report on the Continuation, Expansion and Capital Budgets House Bill 1473 Committee Substitute, which was distributed in the Senate and House of Representatives and used to explain this act, shall indicate action by the General Assembly on this act and shall therefore be used to construe this act, as provided in the State Budget Act, Chapter 143C of the General Statutes, or the Executive Budget Act, Chapter 143 of the General Statutes, as appropriate, and for these purposes shall be considered a part of this act and as such shall be printed as a part of the Session Laws.

SECTION 32.2.(b) The budget enacted by the General Assembly for the maintenance of the various departments, institutions, and other spending agencies of the State for the 2007-2009 fiscal biennium is a line-item budget, in accordance with the Budget Code Structure and the State Accounting System Uniform Chart of Accounts set out in the Administrative Policies and Procedures Manual of the Office of the State Controller. This budget includes the appropriations made from all sources, including the General Fund, Highway Fund, special funds, cash balances, federal receipts, and departmental receipts.

The Director of the Budget submitted the itemized budget requests to the General Assembly in February 2007, in the documents "The North Carolina State Budget Summary of Recommendations 2007-2009" and "The North Carolina State Budget 2007-2009 Recommended Operating Budget with Results-Based Information"

volumes one through six. The beginning appropriation for the 2007-2008 fiscal year and the 2008-2009 fiscal year for the various departments, institutions, and other spending agencies of the State is referenced in Tables 3 and 4 of the Summary of Recommendations document as the recommended continuation budget.

SECTION 32.2.(c) The budget enacted by the General Assembly shall also be interpreted in accordance with G.S. 143C-5-5, the special provisions in this act, and other appropriate legislation.

In the event that there is a conflict between the line-item budget certified by the Director of the Budget and the budget enacted by the General Assembly, the budget enacted by the General Assembly shall prevail.

MOST TEXT APPLIES ONLY TO THE 2007-2009 FISCAL BIENNIUM

SECTION 32.3. Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2007-2009 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2007-2009 fiscal biennium.

EFFECT OF HEADINGS

SECTION 32.4. The headings to the parts and sections of this act are a convenience to the reader and are for reference only. The headings do not expand, limit, or define the text of this act, except for effective dates referring to a part.

SEVERABILITY CLAUSE

SECTION 32.5. If any section or provision of this act is declared unconstitutional or invalid by the courts, it does not affect the validity of this act as a whole or any part other than the part so declared to be unconstitutional or invalid.

EFFECTIVE DATE

SECTION 32.6. Except as otherwise provided, this act becomes effective July 1, 2007.

Adjusted Continuation Budget	**$7,466,321,736**		**$7,579,725,190**	
Legislative Changes				
A. Reductions to Continuation Budget				
1 **Partnership for Excellence** Eliminates pass-through appropriation to Partnership for Excellence (formerly "Total Quality Education"), a private non-profit provider of professional development services. Local Education Agencies (LEAs) may use State funds to contract for these services.	($37,500)	R	($37,500)	R
2 **NC Network** Eliminates pass-through appropriation to NC Network, a private non-profit provider of professional development services. LEAs may use State funds to contract for these services.	($312,715)	R	($312,715)	R
3 **Explornet** Eliminates pass-through appropriation to private non-profit organization that promotes effective use of information technology in the public schools.	($300,000)	R	($300,000)	R
4 **Replacement School Buses** Reduces the number of buses replaced in 2007-08 by approximately 170. The remaining $53.9 million budgeted in 2007-08 for this purpose will support replacement of 658 buses.	($4,500,000)	NR		
5 **High Priority Elementary Schools** Eliminates special supplementary funding for the two remaining (of thirty-seven original) High Priority elementary schools identified per section 29.1 of S.L. 2001-424. Funding will be reprogrammed to support ongoing State initiatives to address low-performing schools. The State Board may use funds from the ADM Contingency Reserve to assist the remaining two schools should they decide to continue operating as High Priority elementary schools.	($520,067)	R	($520,067)	R
6 **Teacher Assistants** Freezes funding for additional teacher assistants in 2007-08, keeping appropriations for teacher assistants at the 2006-07 level.	($10,919,068)	R	($10,919,068)	R

	FY 07-08		FY 08-09	
B. Expansion - Technical Adjustments				
7 **Teaching Fellows** Provides funding required to annualize cost of the 100 additional scholarships funded 2 years ago.	$650,000	R	$1,300,000	R
8 **Principals for STEM Schools** Provides funding to annualize principal positions at each of the 10 restructured Science, Technology, Engineering, & Math (STEM) high schools given planning grants and 4 months of principal salary in 2006-07 to support preparations for implementation in 2007-08. Annualized principal positions not included in Governor's expansion budget (remainder of operational funding must come from non-State sources, per language in 2006-07 budget).	$812,500	R	$812,500	R
9 **Restructured High Schools** Provides funding to support implementation of 7 restructured high schools given planning grants in 2006-07.	$1,367,254	R	$1,367,254	R
10 **Education Value Added Assessment System (EVAAS)** Provides funding to support EVAAS licenses for LEAs funded out of the $845,000, including carryforward, available for expenditure in 2006-07. Consistent with General Assembly's direction to fund as many LEAs as possible within funds available, this additional funding maintains the number of LEAs currently funded.	$345,000	R	$345,000	R
C. Expansion - State Public School Fund				
11 **ABC Bonuses** Funds ABC bonuses for schools that met or exceeded expected growth in the 2006-07 school year.	$70,000,000	NR		
12 **Class Size Reduction** Provides funding for K-3 teachers to maintain K-3 student/teacher ratios at 18:1.	$37,500,000	R	$37,500,000	R
13 **Disadvantaged Student Supplemental Funding (DSSF)** Expands DSSF allotment for all LEAs to increase each LEA's capacity to meet the needs of all of its students.	$10,000,000	R	$10,000,000	R
14 **Learn & Earn** Twelve schools were provided planning grants in FY 2006-07 to become Learn & Earn high schools, however only nine schools have indicated that they will be operational in FY 2007-08. As such, this item provides funding for implementation at nine additional Learn & Earn high schools in FY 2007-08, and an additional three Learn & Earn high schools in FY 2008-09. Provides $10,000 in non-recurring funds per site to support start-up costs associated with first year of implementation.	$2,445,011 $90,000	R NR	$3,260,015 $30,000	R NR
15 **Learn & Earn Online** Provides funding to support the delivery of online college credit courses that will be made available to high school students.	$6,500,000	R	$10,100,000	R

	FY 07-08		FY 08-09	
16 School Connectivity Provides funding to support partial implementation of new plan for State-funded and supported IT infrastructure in the LEAs. Part of effort to increase schools' abilities to use up-to-date instructional technology.	$7,000,000	R	$9,000,000	R
17 Instructional Supplies/Materials Provides additional funds to LEAs for purchase of instructional supplies and materials. Increases funding factor by $1.62 (3.3%) per ADM, bringing factor to $50.12 per ADM.	$2,364,219	R	$2,364,219	R
18 Academically & Intellectually Gifted Increases funds allotted to LEAs to support programming for students identified as academically and intellectually gifted. Increases funding factor by $29.93 per ADM (for 4% of ADM), bringing factor to $1,042.53 per student.	$1,750,000	R	$1,750,000	R
19 Children with Disabilities Increases funds allotted to LEAs to support special education and related services for students with identified disabilities. 20 Small County Supplemental Funding Provides additional $1,315,297 to be distributed evenly between each of the 27 LEAs projected to receive funding through this allotment in FY 2007-08 and FY 2008-09 ($48,715 per LEA). Provides an additional $784,703 to county LEAs that have less than 1,300 ADM and have experienced a decline in ADM since FY 2001-02. This additional money is to be used to reduce the student-to-teacher ratio in grades K-5 by 1, in grades 6-8 by 2, and in grades 9-12 by 3.	$2,100,000	R	$2,100,000	R
21 At-Risk Student Services / Alternative Schools Provides recurring funds to be distributed evenly between county LEAs that have less than 1,300 ADM and have experienced a decline in ADM since FY 2001-02.	$300,000	R	$300,000	R
22 Literacy Coaches Provides funds to support 30 school-based literacy coaches to be placed in 30 schools that contain an eighth grade. Coaches will provide research-based teaching practices and job-embedded professional development to assist teachers in the development of specialized curricula. Specialized training for literacy coaches is provided through the Teacher Academy (see item 37).	$1,710,220	R	$1,710,220	R
23 Critical Foreign Language Pilots Provides funding to support development and piloting of online and traditional high school courses in Chinese, Farsi, or other critical foreign languages; development of licensure standards for critical foreign languages; a lateral entry program for heritage speakers; and grants to LEAs to use as incentives for hiring critical foreign language teachers.	$250,000	NR		

	FY 07-08		FY 08-09	
24 Child Nutrition Operating Funds Provides funding to supplement basic child nutrition operations in elementary schools, where programs operate at a deficit (i.e., cost to provide meals exceeds revenue from reimbursements and receipts).	$800,000	NR		
25 Focused Education Reform Pilot Program Funds the first two years of a three-year education reform pilot program in five LEAs to be administered by the Public School Forum of North Carolina, in conjunction with the North Carolina Science, Mathematics and Technology Education Center. Participating LEAs will be selected based on hard-to-staff criteria, geographic diversity, continuing low performance, and high-risk student population. The pilot program will incorporate targeted professional development, after-school programming, teacher recruitment and retention bonuses, principal achievement bonuses, teacher mentoring, and science and math instructional assistance. Where necessary, pilot LEAs will receive funding to support EVAAS licensure. In each FY, $2,342,705 will be allocated to the Public School Forum of North Carolina for the creation of after-school programs, the creation of a leadership development program for school administrators, food/lodging costs for campus-based summer training, provision of staff/consultants, and administration/coordination of the pilot program. All remaining funds will be distributed through DPI as directed by the parameters of the pilot.	$4,423,094	R	$7,176,433	R
26 School Technology Pilot Provides funds to establish 5 pilot high schools that will incorporate technology in the classroom by providing computers for all teachers and students in the pilot schools. These schools shall be as reflective of North Carolina's population makeup as possible.	$3,000,000	NR		
27 Low Wealth Counties Supplemental Funding Provides one-time funding to LEAs that experienced decreases in Low Wealth Counties Supplemental Funding of greater than $700,000 in 2007-08. This money will restore 75% of each LEA's decrease in Low Wealth Counties Supplemental Funding.	$3,083,372	NR		
D. Expansion - Department of Public Instruction				
28 DPI Consolidated Assistance Program Provides funding to support effort to budget assistance program components rather than funding them each year out of reversions. DPI shall budget all components of the Consolidated Assistance Program beginning in FY 2008-09.	$150,000	R	$150,000	R
29 DPI Legacy Computer System Upgrades Provides funding to complete technical upgrades required by ITS's review of DPI computing systems (per SB 991). These non-recurring appropriations support the 2nd and 3rd phases of a 3-year phased implementation ($2 million per year; total of $6 million, including NR funds in 2006-07).	$2,000,000	NR	$2,000,000	NR

	FY 07-08		FY 08-09	
30 DPI Testing Positions	$234,600	R	$234,600	R
Funds 3 new positions in the DPI Accountability Services Division.	3.00		3.00	
31 School Bus Diesel Emissions Reduction Account				
Provides funding to the School Bus Diesel Emissions Reduction Account if the account is established by the 2007 General Assembly. Funds in this account will be used to retrofit existing school bus engines to reduce diesel emissions in areas designated as nonattainment or maintenance for ozone. Funds in the account will be matched 4:1 with a federal grant, per the Safe, Accountable, Flexible, Efficient Transportation Equity Act.	$500,000	NR		
32 Financial Literacy Curriculum	$1,000,000	R	$1,000,000	R
Provides funding to support training of certain civics and economics teachers in financial literacy in 2007-08. It is the intent of the General Assembly that financial literacy modules be established within the core high school civics and economics curriculum in 2008-09.

Adjusted Continuation Budget	**$892,934,482**		**$893,151,875**	
Legislative Changes				
A. Enrollment and Tuition				
103 **Fully Fund Enrollment Growth** Provides funds to fully fund enrollment growth. Community college enrollment has increased by 2,296 FTE, from 193,027 to 195,323, an increase of 1.2%. This enrollment growth requires a total appropriation of $8.8 million. The continuation budget included $5.5 million for this purpose. However, the data needed to accurately calculate enrollment growth requirements were not available at the time the continuation budget was developed. This appropriation provides the remaining $3.3 million needed.	$3,315,117	R	$3,315,117	R
104 **Increase Tuition by 6.3%** Increases community college tuition by 6.3%. In-state tuition will increase from $39.50 to $42.00 per credit hour up to 16 hours; full-time resident students will pay $672 per semester or $1,344 per year. Out-of-state tuition will increase from $219.50 to $233.30 per credit hour up to 16 hours. These additional tuition receipts will remain with the NC Community College System to fund expansion items, increasing total spending by an additional $7.5 million.	($7,500,000)	R	($7,500,000)	R
105 **Enrollment Growth Reserve** Provides funds for an Enrollment Growth Reserve to assist colleges that experience high growth in the fall semester. Funds shall be distributed to colleges that realize an increase greater than 5% over the previous fall semester.	$2,000,000	NR		
B. Formula Enhancement

HOUSE BILL 537*

Short Title:	Norwood Satellite Annexations.	(Local)
Sponsors:	Representative Almond.	
Referred to:	Local Government I, if favorable, Finance.	

March 12, 2007

A BILL TO BE ENTITLED

AN ACT MODIFYING THE STANDARDS FOR SATELLITE ANNEXATIONS FOR THE TOWN OF NORWOOD.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-58.1(b)(5) reads as rewritten:

"(b) A noncontiguous area proposed for annexation must meet all of the following standards:

...

(5) The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed ~~ten percent (10%)~~ twenty-five percent (25%) of the area within the primary corporate limits of the annexing city.

..."

SECTION 2. This act applies to the Town of Norwood only.

SECTION 3. This act is effective when it becomes law.

HOUSE BILL 537:
Norwood Satellite Annexations

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 6, 2007
Introduced by:	Rep. Almond	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: House Bill 537[1] would modify for the Town of Norwood only the requirement limiting the area of a city's satellite annexations from 10% to 25%.

CURRENT LAW: G.S. 160A-58.1 governs the voluntary annexation by a municipality of noncontiguous property. All property owners in the satellite area[2] may petition for voluntary annexation of the noncontiguous property if the property meets the following five standards in G.S. 160A-58.1(b):

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. **The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.**

If the property does not meet the statutory requirements for annexation, the municipality does not have the authority to annex the area. However, the General Assembly can extend the corporate limits of a municipality to encompass areas that the municipality would not statutorily have the authority to annex.

BILL ANALYSIS: House Bill 537 would permanently modify for the Town of Norwood the 5th requirement for satellite annexation, which requires that the proposed area for satellite annexation, when added to the area within all other satellite corporate limits, not exceed 10% of the area within the primary corporate limits of the annexing city. This bill would change the requirement so that the proposed area for annexation may not exceed 25% of the area within the primary corporate limits of the annexing city.

The Town currently knows of or anticipates at least three requests for annexation in the near future which, if all annexed, would exceed the 10% limit: (1) a large residential development; (2) a single residential tract owned by one property owner; (3) a biotech energy plant.

The purpose of the 5th requirement is designed to further the legislative goal of not allowing annexations to undermine the notion of a city as a single, contiguous, and compact entity. In practice, however, the standard has proved to be a problem for many smaller cities, because one large development by itself

[1] Companion Bill, SB 398, received a favorable report from Senate Finance Committee on March 14, 2007 and is currently in House Local Government II Committee.

[2] G.S. 160A-58.4 provides that satellite corporate limits cannot be considered a part of a municipality's corporate limits for purposes of its ETJ. Therefore, satellite annexations have no effect upon a municipality's ETJ.

may easily exceed the 10% limit. Because of this, the General Assembly has exempted over 70 cities and towns entirely from this 10% rule by local act. For an additional 18 municipalities, the limit has been increased from 10% to 20%.

EFFECTIVE DATE: This act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE TOWNS OF BADIN, CAROLINA BEACH, EMERALD ISLE, FREMONT, FAISON, INDIAN BEACH, KINGS MOUNTAIN, KURE BEACH, SHELBY AND WRIGHTSVILLE BEACH TO ADOPT ORDINANCES REGULATING GOLF CARTS.

The General Assembly of North Carolina enacts:

SECTION 1. Section 1 of S.L. 2006-27 reads as rewritten:

"**SECTION 1.** This act applies to the City of Saluda and the ~~Town of Faison~~Towns of Badin, Carolina Beach, Emerald Isle, Fremont, Faison, Indian Beach, Kings Mountain, Kure Beach, Shelby and Wrightsville Beach only."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 538:
Regulation of Golf Carts by Various Towns

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 6, 2007
Introduced by:	Rep. Almond	**Summary by:**	Judy Collier
Version:	Fourth Edition		Research Assistant

SUMMARY: ***House Bill 538[1] amends S.L. 2006-27 to add the Towns of Badin, Carolina Beach, Emerald Isle, Fremont, Faison, Indian Beach, Kings Mountain, Kure Beach, Shelby and Wrightsville Beach to the list of municipalities authorized to regulate the operation of golf carts on any public street within their corporate limits or on any property owned or leased by the municipality. The act is effective when it becomes law.***

CURRENT LAW: Under current law, vehicles intended to be operated on the streets and highways of the State must be registered (G.S. 20-50). Golf carts may not be registered (G.S. 20-54), and therefore, may not operate on the streets and highways.

G.S. 20-4.01.(12a) defines a golf cart as a vehicle designed and manufactured for operation on a golf course for sporting or recreational purposes and that is not capable of exceeding speeds of 20 miles per hour.

BILL ANALYSIS: House Bill 538 amends S.L. 2006-27 (copy on summary page 3) to include the Towns of Badin, Carolina Beach, Emerald Isle, Fremont, Faison, Indian Beach, Kings Mountain, Kure Beach, Shelby and Wrightsville Beach. Under this provision, the municipalities are authorized to enact an ordinance regulating the operation of golf carts on any public street or highway within the city limits, or on any property owned or leased by the city. In regulating golf carts, the municipality may by ordinance:

- Require registrations,
- Charge a fee for the registration,
- Specify who is authorized to operate golf carts,
- Specify the required equipment,
- Specify load limits,
- Specify the hours and methods of operation.

EFFECTIVE DATE: The act is effective when it becomes law.

BACKGROUND:

- The General Assembly has enacted legislation regulating golf carts in the following locations:

1)	Town of Lake Waccamaw	S.L. 2001-356
2)	Town of Cary	S.L. 2001-485; S.L. 2005-117
3)	Village of Whispering Pines	S.L. 2002-82
4)	Seven Lakes Community	S.L. 2002-82
5)	Village of Bald Head Island	S.L. 2002-129

[1] HB 538, as originally introduced, applied only to the Town of Badin. The PCS to the 1st Edition added the Towns of Emerald Isle and Indian Beach. The PCS to the 2nd Edition added the City of Wilmington and the Towns of Carolina Beach, Kure Beach and Wrightsville Beach. House Amendment No. 1 deleted the City of Wilmington. House Amendment No. 2 added Fremont, Kings Mountain, and Shelby.

6) Town of Bladenboro	S.L. 2005-11; S.L. 2007-18
7) Town of Elizabethtown	S.L. 2005-11; S.L. 2007-18
8) Town of Rose Hill	S.L. 2005-11; S.L. 2007-18
9) Town of Caswell Beach	S.L. 2005-58
10) City of Saluda	S.L. 2006-27
11) Town of Faison	S.L. 2006-27
12) Town of Benson	S.L. 2006-149; S.L. 2007-18
13) Town of Caswell Beach	S.L. 2006-149
14) Town of Chadbourn	S.L. 2006-149; S.L. 2007-18
15) Town of Tabor City	S.L. 2006-149; S.L. 2007-18
16) Town of Clarkton	S.L. 2006-152; S.L. 2007-18
17) Town of Four Oaks	S.L. 2007-18

- The General assembly has enacted legislation regulating golf carts and utility vehicles in:

1) Town of Beach Mountain	S.L. 2003-124

HOUSE BILL 568:
Garner, Holly Springs, Rolesville, MV Tax

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 6, 2007
Introduced by:	Reps. Avila, Coleman, Ross, Stam	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: House Bill 568 would increase the amount of the general municipal tax the Towns of Garner, Holly Springs, Rolesville, and Knightdale may impose from $5 to $15. The proceeds of the additional tax may be used only for transportation-related purposes, including sidewalks.

This act is effective for taxes imposed for taxable years beginning on or after July 1, 2007.

CURRENT LAW: Under general law, counties may not impose a license or privilege tax on motor vehicles[1] and municipalities are limited in the taxes they may impose on motor vehicles to the taxes listed below:

- **General Municipal Vehicle Tax.** – A tax not to exceed $5 a year on a motor vehicle resident in the municipality. The revenue generated by this tax may be used for any lawful purpose. By local acts, the amount of the tax has been increased for several cities and towns. The cities of Durham, Henderson, and Oxford and the towns of Ahoskie, Cary, Chapel Hill, Creedmoor, and Hillsborough may levy a tax of up to $10. The cities of Gastonia, Kinston, and Raleigh may levy a tax up to $15. The cities of Charlotte, Greenville, and Winston-Salem; the towns of Cornelius, Davidson, Huntersville, Matthews, Mint Hill, Murfreesboro, and Pineville; and the municipalities located wholly or partially in Cabarrus County may levy a tax up to $20. The town of Carrboro may levy a tax of up to $25. This vehicle tax is shown on the bill for vehicle taxes sent by the county.
- **Local Public Transportation.** – A tax not to exceed $5 a year on a motor vehicle resident in the municipality. Only municipalities that operate a public transportation system may impose this tax and the proceeds from the tax may be used only for local public transportation systems.[2]
- **Tax on Taxicabs.** – A tax not to exceed $15 a year on each vehicle operated in the municipality as a taxicab. The proceeds of this tax may be used for any lawful purpose.

BILL ANALYSIS: House Bill 568 would authorize the Towns of Garner, Holly Springs, Rolesville, and Knightdale to increase its motor vehicle tax from $5 to $15, effective for taxes imposed for taxable years beginning on or after July 1, 2007. The proceeds of the additional taxes must be used exclusively for transportation-related purposes, including sidewalks.

EFFECTIVE DATE: This act is effective for taxes imposed for taxable years beginning on or after July 1, 2007.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Towns of Garner, Holly Springs, Rolesville and Knightdale

EFFECTIVE DATE: July 1, 2007

BILL SUMMARY:
House Bill 568 would authorize the towns of Garner, Holly Springs, Rolesville and Knightdale to increase their motor vehicle taxes from $5 to $15, effective for taxes imposed for taxable years beginning on or after July 1, 2007. The proceeds of the additional taxes must be used exclusively for transportation-related purposes, including sidewalks.

ASSUMPTIONS AND METHODOLOGY:
Currently, cities and towns may levy a tax of not more than $5.00 per year upon vehicles in the city or town. By local acts, the amount of the tax has been increased for several cities and towns. The proceeds of the tax may be used for any lawful purpose. This bill would authorize each specified municipality to levy a fee of up to $15 dollars per vehicle. According to the Division of Motor Vehicles, the following are the numbers of vehicles located in each municipality and the potential additional revenue available for each from the $10 increase:

Municipality	**Number of Vehicles Registered**	**Potential Additional Revenue**
Garner	23,419	$234,190
Holly Springs	16,391	$163,910
Knightdale	15,126	$151,260

No data was available for the number of vehicles registered in the Town of Rolesville however, based on revenue from the current $5 tax, the additional fee is estimated to generate approximately $50,000 annually.

4. Tract 15 of the property of W. Franklin Hodges, Jr., and Wife, Patricia Hodges, as shown on survey recorded in Plat Book 13, Page 17, Watauga County Registry, and in Plat Book 33, Page 38, Avery County Registry.
5. Tract 16 of the property of W. Franklin Hodges, Jr., and Wife, Patricia Hodges, as shown on survey recorded in Plat Book 13, Page 17, Watauga County Registry, and in Plat Book 33, Page 38, Avery County Registry.
6. Tracts 17 and 18 of the property of W. Franklin Hodges, Jr., and Wife, Patricia Hodges, as shown on survey recorded in Plat Book 13, Page 17, Watauga County Registry, and in Plat Book 33, Page 38, Avery County Registry.
7. Tract 19 of the property of W. Franklin Hodges, Jr., and Wife, Patricia Hodges, as shown on survey recorded in Plat Book 13, Page 22, Watauga County Registry.

SECTION 2. This act has no effect upon the validity of any liens of the Town of Beech Mountain for ad valorem taxes or special assessments outstanding before the effective date of this act. Such liens may be collected or foreclosed upon after the effective date of this act as though the property was still within the corporate limits of the Town of Beech Mountain.

SECTION 3. This act becomes effective July 1, 2007.

HOUSE BILL 621:
Beech Mountain Deannexation

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 6, 2007
Introduced by:	Reps. Frye, Tarleton	**Summary by:**	Judy Collier
Version:	Second Edition		Research Assistant

SUMMARY: House Bill 621 is a local bill that de-annexes seven (7) described tracts from the corporate limits of the Town of Beech Mountain in Watauga County. The act becomes effective July 1, 2007. The removal from the corporate limits will not affect the validity of any municipal liens for ad valorem taxes or special assessments outstanding prior to the effective date of this act.

CURRENT LAW: While a city or town has statutory authority to annex property, either voluntarily or involuntarily depending upon certain circumstances, there is no statutory authority to de-annex property. Deannexation requires an act of the General Assembly.

BILL ANALYSIS: House Bill 621 de-annexes seven (7) described tracts from the corporate limits of the Town of Beech Mountain. The bill provides that removal from the corporate limits will not affect the validity of any municipal liens for ad valorem taxes or special assessments outstanding prior to the effective date of this act.

EFFECTIVE DATE: This act becomes effective July 1, 2007.

BACKGROUND: The Beech Mountain Town Council received a request for deannexation from seven property owners along an area known locally as Seminole Trail. These property owners are situated within the Beech Mountain corporate limits but do not feel they receive the same municipal service as others because their property is not accessible from a Town owned and maintained street. The Town Council has no opposition to attempts by the property owners to have their property de-annexed.

SECTION 4. Sections 1 and 2 of this act have no effect upon the validity of any liens of the Town of Jamestown or the City of High Point for ad valorem taxes or special assessments outstanding before the effective date of this act. Such liens may be collected or foreclosed upon after the effective date of this act as though the property was still within the corporate limits of the municipality from which the property was removed.

SECTION 5. This act becomes effective June 30, 2007.

HOUSE BILL 1166:
High Point/Jamestown Boundary Adjustment

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 6, 2007
Introduced by:	Rep. Wiley	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: ***House Bill 1166 would remove certain described property from the corporate limits of the Town of Jamestown and add it to the corporate limits of the City of High Point. It would also remove two described tracts from the corporate limits of the City of High Point and add them to the corporate limits of the Town of Jamestown, effectively providing for an exchange of territory between the municipalities. The bill also provides a metes and bounds description of the common boundary line between the City of High Point and the Town of Jamestown from Greensboro Road to North Scientific Street. The removal from the respective corporate limits will not affect the validity of any municipal liens for ad valorem taxes or special assessments outstanding prior to the effective date of this act.***

BILL ANALYSIS: House Bill 1166 would:

- Remove one (1) specifically described tract, containing 0.79 acres, more or less, from the corporate limits of the Town of Jamestown and add it to the corporate limits of the City of High Point.
- Remove two (2) specifically described tracts, containing 0.92 acres, more or less and 1.91 acres, more or less, respectively, from the corporate limits of the City of High Point and add them to the corporate limits of the Town of Jamestown.
- Provide a metes and bounds description of the common boundary line between the City of High Point and the Town of Jamestown from Greensboro Road to North Scientific Street.

EFFECTIVE DATE: This act would become effective June 30, 2007.

BACKGROUND: This issue is the end result of an application by a property owner to the City of High Point, requesting rezoning for a planning development of property known locally as the Wrenn Farm property. The Wrenn Farm property is situated within the corporate limits of both the Town of Jamestown and the City of High Point. Currently, within the development, the houses are inside Jamestown, and taxed accordingly but the rear lot lines are in High Point. The process of detailing the rezoning maps related to the application for rezoning highlighted a jagged northern boundary for the City of High Point. After the rezoning took place, municipal staff at Jamestown and High Point began discussion about the possibility of adjusting the property boundaries.

The City of High Point and the Town of Jamestown have passed Resolutions requesting the General Assembly to approve an exchange of incorporated property between the municipalities that would adjust a portion of the common boundary to follow current property lines. This legislative request would help clear up jurisdictional boundary issues as well as service delivery issues.

A BILL TO BE ENTITLED

AN ACT TO ADJUST THE ADDITIONAL TAX RATE ON PROPERTY COVERAGE CONTRACTS TO BE REVENUE NEUTRAL BASED ON AN EXPANSION OF THE TAX BASE ENACTED IN S.L. 2006-196, TO INCREASE THE DISTRIBUTION OF THE TAX PROCEEDS TO THE VOLUNTEER FIRE DEPARTMENT FUND, TO AMEND THE VOLUNTEER FIRE DEPARTMENT GRANT PROGRAM TO ALLOW MORE DEPARTMENTS TO QUALIFY FOR GRANTS, AND TO MODIFY THE DISTRIBUTION OF TAX PROCEEDS TO THE LOCAL FIREMEN'S RELIEF FUNDS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-228.5(d)(3), as amended by Section 3 of S.L. 2006-196, reads as rewritten:

"(3) Additional Rate on Property Coverage Contracts. – An additional tax at the rate of ~~eighty-five hundredths percent (.85%)~~ seventy-four hundredths percent (0.74%) applies to gross premiums on insurance contracts for property coverage. The tax is imposed on ten percent (10%) of the gross premiums from insurance contracts for automobile physical damage coverage and on one hundred percent (100%) of the gross premiums from all other contracts for property coverage. ~~Twenty percent (20%)~~ Thirty percent (30%) of the net proceeds of this additional tax must be credited to the Volunteer Fire Department Fund established in Article 87 of Chapter 58 of the General Statutes. Twenty-five percent (25%) of the net proceeds must be credited to the Department of Insurance for disbursement pursuant to G.S. 58-84-25. The remaining net proceeds must be credited to the General Fund.

The following definitions apply in this subdivision:

a. Automobile physical damage. – The following lines of business identified by the NAIC: private passenger automobile physical damage and commercial automobile physical damage.

b. Property coverage. – The following lines of business identified by the NAIC: fire, farm owners multiple peril, homeowners

multiple peril, nonliability portion of commercial multiple peril, ocean marine, inland marine, earthquake, private passenger automobile physical damage, commercial automobile physical damage, aircraft, and boiler and machinery. The term also includes insurance contracts for wind damage.

c. NAIC. – National Association of Insurance Commissioners."

SECTION 2. G.S. 58-84-25, as amended by Section 7 of S.L. 2006-196, reads as rewritten:

"**§ 58-84-25. Disbursement of funds by Insurance Commissioner.**

(a) Distribution. – The Insurance Commissioner shall deduct the sum of three percent (3%) from the tax proceeds credited to the Department pursuant to G.S. 105-228.5(d)(3) and pay the same over to the treasurer of the State Firemen's Association for general purposes. The Insurance Commissioner shall deduct the sum of two percent (2%) from the tax proceeds and retain the same in the budget of the Department of Insurance for the purpose of administering the disbursement of funds by the board of trustees in accordance with the provisions of G.S. 58-84-35. The Insurance Commissioner shall, pursuant to G.S. 58-84-50, credit the amount forfeited by nonmember fire districts to the North Carolina State Firemen's Association. The Insurance Commissioner shall ~~pay~~ distribute the remaining tax proceeds to the treasurer of each fire district as provided in subsections (b) and (c) of this section.

(b) Allocation to Counties. – ~~on a per capita basis, using the most recent annual population estimates certified by the State Budget Officer.~~ The Insurance Commissioner shall allocate to each county an amount of tax proceeds based upon the amount allocated to it in the previous year. If the amount allocable in the current year is less than the amount allocated in the previous year, then the Commissioner shall reduce the amount allocated to each county. The amount of the reduction is equal to the difference in the amount allocated in the previous year and the amount allocable in the current year multiplied by a fraction, the numerator of which is the population of the county and the denominator of which is the population of the State. If the amount allocable in the current year is greater than the amount allocated in the previous year, then the Commissioner shall increase the amount allocated to each county. The amount of the increase is equal to the excess proceeds multiplied by a fraction, the numerator of which is the population of the county and the denominator of which is the population of the State.

(c) Distribution to Fire Districts. – Once the Insurance Commissioner has allocated the tax proceeds to a county under subsection (b) of this section, the Commissioner shall distribute those allocations to the fire districts in that county. The amount distributed to each fire district is equal to the total amount allocated to the county multiplied by a fraction, the numerator of which is the tax value of the property located in the fire district and the denominator of which is the tax value of all property located in any fire district in that county. A county shall provide the Commissioner with the tax value of property located in each fire district in that county by January 1 of each year. If a county does not submit information that the Commissioner needs to make a distribution by the date the information is due, the Commissioner shall distribute the allocation based on the most recent information the Commissioner has.

(d) Administration. – These funds shall be held by the treasurer of a fire district as a separate and distinct fund. The fire district shall immediately pay the funds to the treasurer of the local board of trustees upon the treasurer's election and qualification, for the use of the board of trustees of the firemen's local relief fund in each fire district, which board shall be composed of five members, residents of the fire district as hereinafter provided for, to be used by it for the purposes provided in G.S. 58-84-35."

SECTION 3. G.S. 58-87-1, as amended by Section 8 of S.L. 2006-196, reads as rewritten:

"**§ 58-87-1. Volunteer Fire Department Fund.**

(a) Fund. – The Volunteer Fire Department Fund is created as an interest-bearing, nonreverting fund in the Department to provide matching grants to volunteer fire departments to purchase equipment and make capital improvements. The Commissioner shall administer the Fund. Up to two percent (2%) of the Fund may be used for additional staff and resources to administer the Fund in each fiscal year.

(a1) Grant Program. – An eligible fire department may apply to the Commissioner for a grant under this section. In awarding grants under this section, the Commissioner must, to the extent possible, select applicants from all parts of the State based upon need. The Commissioner must award the grants on May 15 of each year subject to the following limitations:

(1) The size of a grant may not exceed ~~twenty thousand dollars ($20,000);~~thirty thousand dollars ($30,000).

(2) The applicant shall match the grant on a dollar-for-dollar ~~basis;~~basis.

(3) The grant may be used only for equipment purchases, payment of highway use taxes on those purchases, or capital expenditures necessary to provide fire protection ~~services; and~~services.

(4) An applicant may receive no more than one grant per fiscal year.

(b) Eligible Fire Department. – A fire department is eligible for a grant under this section if it meets all of the conditions of this subsection. No fire department may be declared ineligible for a grant solely because it is classified as a municipal fire department.

(1) It serves a response area of ~~6,000~~12,000 or less in population. In making the population determination, the Department must use the most recent annual population estimates certified by the State Budget Officer.

(2) It consists entirely of volunteer members, with the exception that the unit may have paid members to fill the equivalent of ~~three~~ six full-time paid positions.

(3) It has been certified by the Department of Insurance.

(c) Report. – The Commissioner must submit a written report to the General Assembly within 60 days after the grants have been made. This report must contain the amount of the grant and the name of the recipient."

SECTION 4. Notwithstanding G.S. 58-84-25, as amended by this section, for the initial allocation of tax proceeds after January 1, 2008, the Insurance Commissioner shall calculate the allocation by setting the previous year's allocation as the amount of tax proceeds distributed in the previous year to the fire districts located in each county. If a fire district is located in more than one county, the Commissioner must allocate the distribution between those counties in proportion to the tax value of the property in the district located in each county.

SECTION 5. Section 1 act is effective for taxable years beginning on or after January 1, 2008. The remainder of this section becomes effective January 1, 2008.

SENATE BILL 238:
Modify Tax on Property Coverage Contract

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 25, 2007
Introduced by:	Sen. Kerr	**Summary by:**	Cindy Avrette
Version:	PCS to First Edition S238-CSRB		Committee Counsel

SUMMARY: ***Senate Bill 238 is a recommendation of the Revenue Laws Study Committee. The provisions of this bill are also in Section 31.11 of the House version of the budget, HB 1473, 5th Edition. The bill does the following:***

- ***It reduces the additional tax rate applicable to gross premiums on insurance contracts for property coverage from .85% to .74%, effective January 1, 2008. Last session the General Assembly broadened the base for this tax and directed the Revenue Laws Study Committee to determine the revenue neutral tax rate.***
- ***It increases the percentage of the tax proceeds derived from the additional fire & lightning tax rate allocated to the Volunteer Fire Department Fund from 20% to 30%. This change reduces the amount of the tax proceeds allocated to the General Fund.***
- ***It increases the cap on the grants from the Volunteer Fire Department Fund and it changes the qualifications for grants from the Volunteer Fire Department Grant Program to enable more volunteer fire departments to qualify for grants.***
- ***It modifies the distribution of money to the local firemen's relief grant funds so that the distribution more closely resembles the current distribution. The proposed committee substitute modified this part of the bill upon the suggestion of the Department of Insurance.***

CURRENT LAW AND BACKGROUND: North Carolina imposes a 1.9% tax rate on the gross premiums of most insurance policies.[1] In addition to the general rate, there is a 1.33% rate applied to the gross premiums on insurance policies that provide fire and lightning coverage. The taxable percentage of the different types of policies varies. Twenty-five percent of the net proceeds of this additional tax are credited to the Volunteer Fire Department Fund,[2] and the remainder is credited to the General Fund. There is also a 0.5% rate applied to gross premiums on insurance policies that provide fire and lightning coverage within fire districts. The statute authorizing the 0.5% rate does not provide any exceptions from this tax. The net proceeds of this tax are credited to the Department of Insurance and most of the proceeds are distributed to the fire districts.[3]

[1] Workers' compensation policies are taxed at 2.5%.

[2] Funds in the Volunteer Fire Department Fund provide matching grants to volunteer fire departments to purchase equipment and make capital improvements. In 2005, the Department received 567 applications for grants requesting matching funds of $6,577,455. The available monies in the Fund totaled only $4,369,976. The Department approved 500 applications totaling $4,365,489.

[3] Three percent (3%) of the tax proceeds are credited to the State Firemen's Association for general purposes. Two percent (2%) of the proceeds are used by the Department of Insurance for the purpose of administering the disbursement. The remaining funds are allocated among the fire districts in proportion to the amount of business done in the district and used by the local district for firemen's local relief purposes. *See Article 84 of Chapter 58 of the General Statutes.*

Last session, in S.L. 2006-196, the General Assembly changed the law, effective January 1, 2008, upon the recommendation of the Revenue Laws Study Committee. The Committee recommended a change in the law because the Department of Revenue informed the Committee that the taxable percentages applied under the previous law were neither statutory nor imposed by administrative rule. S.L. 2006-196 set the percentages for the 2007 taxable year, and it established a new method of taxing insurance policies that provide property coverage effective for taxable years beginning on or after January 1, 2008. Effective 2008, there will be one additional rate applicable to policies covering all types of property damage, not just fire and lightning coverage. The reason for the base expansion to include all types of property coverage is that volunteer fire departments must respond to more than just fire calls; they are often the first responders to many types of calls that involve property damage. To keep the changes revenue neutral, the legislation reduced the tax rate to 0.85%, and it directed the Revenue Laws Study Committee to continue studying this issue to ensure a revenue neutral tax rate.

The base broadening of the 2006 legislation also eliminated the 0.5% tax imposed on contracts of insurance applicable to fire and lightning coverage within fire districts. By applying the tax broadly, it made unnecessary the accounting by insurance companies of the amount of premiums written in fire districts. The removal of this accounting greatly reduces the administrative compliance burden for the companies. The 2006 legislation established a new method of distribution based upon a per capita allocation among fire districts, effective January 1, 2008, and directed the Revenue Laws Study Committee to study the distribution to the local fire districts.

BILL ANALYSIS: Senate Bill 238 reflects the continued study of this area. The proposed committee substitute makes the following changes to the law:

- It reduces the additional tax rate on property coverage contracts from 0.85% to 0.74% to ensure a revenue neutral tax rate. It also clarifies that the tax rate includes wind-only premiums.
- It changes the distribution formula for the funds distributed to local fire districts. The 2006 legislation provided that the funds would be distributed on a per capita basis. Further study revealed that this distribution formula would be significantly different from the current distribution formula. This section changes the distribution formula so that the amounts distributed under it more closely follow the current distribution patterns.
- It increases the percentage of the tax proceeds allocated to the Volunteer Fire Department Fund from 20% to 30%. This change reduces the amount allocated to the General Fund from 55% to 45%.
- It increases the cap on the grants from the Volunteer Fire Department Fund and it changes the qualifications for grants from the Fund so that more volunteer fire departments may qualify for grants:
    - It increases the cap on the grants from $20,000 to $30,000.
    - It provides that a volunteer fire department may qualify for a grant if it serves a response area of no more than 12,000 people (current law is 6,000).
    - It provides that a volunteer fire department may qualify for a grant if it has no more than six full-time paid positions (current law is three).

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue, Department of Insurance

EFFECTIVE DATE: January 1, 2008

BACKGROUND:
During the 2005-06 Session, the General Assembly enacted HB 1891, which simplified the additional tax on gross premiums for fire and lightning coverage. The bill combined the existing statewide and local taxes on this coverage and clarified the types and percentages of premiums subject to the tax. The bill also established percentages for distribution of the proceeds under the combined tax that were proportional to the distributions under the separate state and local taxes. The bill also established a tax rate for the statewide tax distribution and a new method for

distributing the Firemen's Relief Fund portion of the tax. The existing method of distribution required insurance companies to document premiums written by fire district and a simpler method was created under HB1891 to eliminate the need to track premiums by district.

BILL SUMMARY:

The Proposed Committee Substitute for SB 238 establishes a revenue neutral rate of 0.74% for the combined statewide tax established under HB1891. The bill also reduces the percentage of collections going to the General Fund to allow additional funding for the Volunteer Fire Department Fund. The distribution established under HB 1891 for the tax is: General Fund - 55%; Firemen's Relief Fund - 25%; and Volunteer Fire Department Fund - 20%. The PCS to SB 238 would reduce the General Fund allocation by 10% and increase the Volunteer Fire Department Fund allocation by 10%. This PCS also establishes the distribution method for the portion of the tax that is distributed for the Firemen's Relief Fund. The new distribution method provides for each county to receive the same amount it received in the previous fiscal year as a base distribution. The incremental change in the total allocation for the relief fund would be distributed to each county based on population and distributed to fire districts within each county based on property values. Finally, the bill changes the criteria the Department of Insurance uses in providing grants to volunteer fire departments by increasing the maximum size of the grants to $30,000; increasing the maximum population of eligible districts to 12,000; and increasing the maximum number of allowed paid firefighters on staff from three to six.

ASSUMPTIONS AND METHODOLOGY:

The revenue neutral rate in the bill is derived by dividing annual collections by the taxable premiums. Information on calendar year premiums for 2005 was available from the Department of Insurance. The NC Department of Revenue provided tax collections for the period of April 2005 through March 2006, the time period for which collections most closely correspond to 2005 premiums. The rate resulting from this calculation is 0.74%.

To determine the amount of revenue loss to the General Fund related to the change in percentage allocations, fire and lightning tax collections were projected for the next five fiscal years based on the relationship between gross premiums collections and North Carolina personal income, for which projections are available from Moody's Economy.com. Both the current and proposed allocation percentages are applied to the projected fiscal year collections. The differences between the current and proposed allocations represent the annual loss and gain for the General Fund and Volunteer Fire Department Fund, respectively. Because the effective date is January 1, 2008, the impact for FY 2007-08 is partial. The new allocations would apply to installments made in April and June, which represent approximately 52% of fiscal year collections. Therefore, the General Fund revenue loss for FY 2007-08 was calculated by applying the new percentage allocation to 52% of the fiscal year revenue and applying the current allocation to the remaining portion.

A BILL TO BE ENTITLED

AN ACT TO ADJUST THE ADDITIONAL TAX RATE ON PROPERTY COVERAGE CONTRACTS TO BE REVENUE NEUTRAL BASED ON AN EXPANSION OF THE TAX BASE ENACTED IN S.L. 2006-196, TO INCREASE THE DISTRIBUTION OF THE TAX PROCEEDS TO THE VOLUNTEER FIRE DEPARTMENT FUND, TO AMEND THE VOLUNTEER FIRE DEPARTMENT GRANT PROGRAM TO ALLOW MORE DEPARTMENTS TO QUALIFY FOR GRANTS, AND TO MODIFY THE DISTRIBUTION OF TAX PROCEEDS TO THE LOCAL FIREMEN'S RELIEF FUNDS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-228.5(d)(3), as amended by Section 3 of S.L. 2006-196, reads as rewritten:

"(3) **(Effective for taxable years beginning on or after January 1, 2008)** Additional Rate on Property Coverage Contracts. – An additional tax at the rate of ~~eighty-five hundredths percent (.85%)~~ seventy-four hundredths percent (.74%) applies to gross premiums on insurance contracts for property coverage. The tax is imposed on ten percent (10%) of the gross premiums from insurance contracts for automobile physical damage coverage and on one hundred percent (100%) of the gross premiums from all other contracts for property coverage. ~~Twenty percent (20%)~~ Thirty percent (30%) of the net proceeds of this additional tax must be credited to the Volunteer Fire Department Fund established in Article 87 of Chapter 58 of the General Statutes. Twenty-five percent (25%) of the net proceeds must be credited to the Department of Insurance for disbursement pursuant to G.S. 58-84-25. The remaining net proceeds must be credited to the General Fund.

The following definitions apply in this subdivision:

a. Automobile physical damage. – The following lines of business identified by the NAIC: private passenger automobile physical damage and commercial automobile physical damage.

b. Property coverage. – The following lines of business identified by the NAIC: fire, farm owners multiple peril, homeowners multiple peril, nonliability portion of commercial multiple peril, ocean marine, inland marine, earthquake, private passenger automobile physical damage, commercial automobile physical damage, aircraft, and boiler and machinery. The term also includes insurance contracts for wind damage.

c. NAIC. – National Association of Insurance Commissioners."

SECTION 2. G.S. 58-84-25, as amended by Section 7 of S.L. 2006-196, reads as rewritten:

"**§ 58-84-25. (Effective January 1, 2008) Disbursement of funds by Insurance Commissioner.**

(a) Distribution. – The Insurance Commissioner shall deduct the sum of three percent (3%) from the tax proceeds credited to the Department pursuant to G.S. 105-228.5(d)(3) and pay the same over to the treasurer of the State Firemen's Association for general purposes. The Insurance Commissioner shall deduct the sum of two percent (2%) from the tax proceeds and retain the same in the budget of the Department of Insurance for the purpose of administering the disbursement of funds by the board of trustees in accordance with the provisions of G.S. 58-84-35. The Insurance Commissioner shall, pursuant to G.S. 58-84-50, credit the amount forfeited by nonmember fire districts to the North Carolina State Firemen's Association. The Insurance Commissioner shall pay the remaining tax proceeds to the treasurer of each fire district as provided in subsection (b) of this section.

(b) Local Fire Districts. – ~~on a per capita basis, using the most recent annual population estimates certified by the State Budget Officer.~~ The Insurance Commissioner must distribute to the fire districts the amount each district received under this section in the previous year. If the amount distributable in a year is less than the amount distributed in the previous year, then the amount each fire district receives is reduced proportionally. If the amount distributable in a year is greater than the amount distributed in the previous year, then the excess proceeds must be distributed to the counties in proportion to the premiums collected on insurance contracts for property coverage in each county compared to the total premiums collected on insurance contracts for property coverage in this State. The county must distribute any funds it receives under this section to the fire districts in its county. The amount each fire district receives is its proportionate share based upon the property tax values in its district compared to the property tax values in all the fire districts of that county.

These funds shall be held by the treasurer as a separate and distinct fund. The fire district shall immediately pay the funds to the treasurer of the local board of trustees upon the treasurer's election and qualification, for the use of the board of trustees of the firemen's local relief fund in each fire district, which board shall be composed of five

members, residents of the fire district as hereinafter provided for, to be used by it for the purposes provided in G.S. 58-84-35."

SECTION 3. G.S. 58-87-1, as amended by Section 8 of S.L. 2006-196, reads as rewritten:

"**§ 58-87-1. (Effective January 1, 2008) Volunteer Fire Department Fund.**

(a) Fund. – The Volunteer Fire Department Fund is created as an interest-bearing, nonreverting fund in the Department to provide matching grants to volunteer fire departments to purchase equipment and make capital improvements. The Commissioner shall administer the Fund. Up to two percent (2%) of the Fund may be used for additional staff and resources to administer the Fund in each fiscal year.

(a1) Grant Program. – An eligible fire department may apply to the Commissioner for a grant under this section. In awarding grants under this section, the Commissioner must, to the extent possible, select applicants from all parts of the State based upon need. The Commissioner must award the grants on May 15 of each year subject to the following limitations:

(1) The size of a grant may not exceed ~~twenty thousand dollars ($20,000);~~thirty thousand dollars ($30,000).

(2) The applicant shall match the grant on a dollar-for-dollar ~~basis;~~basis.

(3) The grant may be used only for equipment purchases, payment of highway use taxes on those purchases, or capital expenditures necessary to provide fire protection ~~services; and~~services.

(4) An applicant may receive no more than one grant per fiscal year.

(b) Eligible Fire Department. – A fire department is eligible for a grant under this section if it meets all of the conditions of this subsection. No fire department may be declared ineligible for a grant solely because it is classified as a municipal fire department.

(1) It serves a response area of ~~6,000~~12,000 or less in population. In making the population determination, the Department must use the most recent annual population estimates certified by the State Budget Officer.

(2) It consists entirely of volunteer members, with the exception that the unit may have paid members to fill the equivalent of ~~three~~ six full-time paid positions.

(3) It has been certified by the Department of Insurance.

(c) Report. – The Commissioner must submit a written report to the General Assembly within 60 days after the grants have been made. This report must contain the amount of the grant and the name of the recipient."

SECTION 4. Section 1 of this act is effective for taxable years beginning on or after January 1, 2008. The remainder of this act becomes effective January 1, 2008.

MEMO

TO: **Members of Senate Finance Committee**
FROM: **Jim Long, Insurance Commissioner and State Fire Marshal**
DATE: **June 6, 2007**
RE: **Today in Senate Finance – SB 238 – Property Contracts/Fire Dept Grants**

Please note a very important piece of legislation of interest to firefighters, rescue workers, firemen's relief fund boards, local governments, insurance companies, and legislators.

Specifically, Senators Kerr and Hoyle filed Senate Bill 238 after detailed hearings and a unanimous recommendation by the Revenue Laws Committee.

The bill does several things: *First*, SB 238 clarifies and corrects some inadequacies in legislation last year that, if not passed this year, will cause serious disruption in the ability of the Department of Insurance to distribute the appropriate amount of fire grant funds and firemen's relief funds in 2008 forward. *Second*, it further streamlines the process without raising gross premiums taxes or lessening grant awards – i.e., the bill is revenue neutral. *Third*, it raises the current annual cap of $20,000 for fire grant funds to $30,000, a move which, because of the matching funds requirement, adds buying $20,000 more buying power annually for volunteer fire departments needing new and updated equipment and supplies and helps keep up with the cost of inflation that has eroded the current cap's value. *Fourth*, it raises the cap for fire departments eligible for fire grants from 6,000 people to 12,000. *Fifth*, it raises the cap for fire departments eligible for fire grants from three full-time equivalent employees to six full-time equivalent employees. *Sixth*, SB 238 adjusts the formula so that more of the funds go towards grants as originally intended and not sent to unrelated purposes in the legislature's General Fund.

On the whole, these proposals will expand the pool of volunteer fire departments eligible for grants for equipment and supplies. New equipment and supplies most often translate into better ISO ratings for fire departments, which in turn directly result in lower homeowners' insurance premiums for homeowners in your fire districts. Though it should go without saying, these bills are also beneficial to your local governments because the increased availability of fire department grants and the increased amounts of grants themselves help cities and counties that often have tight budgets as it is.

You have probably received copies of resolutions in favor of these bills from your local fire chiefs, cities and counties. I have attached one (1) example of the hundreds of resolutions considered.

For your personal reference, I have also attached a spreadsheet detailing how much the counties in your respective districts have received during the 18 years of the program. Whereas every fire district in every county receives funds for the Firemen's Relief Funds, the spreadsheet only provides information on the Fire Grants, which are for vital equipment and supplies.

Without passage of one of these bills this year, awarding grants in 2008 will be seriously impaired and we will face a surge of fire departments who cannot receive these grants because of a lack of funds in the program. We see this legislation as one of the best and most direct ways to support the work and duties of first responders in every county. I know of no opposition. (FYI: The companion bill filed by House Speaker Pro Tem Wainwright was incorporated into the House budget. The Senate has indicated that it would rather have the bill as a standalone item, and did not include it in the Senate version of the recent proposed State budget.)

I applaud the leadership of Senators Hoyle and Kerr in filing this legislation, as requested by the Revenue Laws Committee and my office. I respectfully request your full support and sincerely appreciate your help. Thank you.

A RESOLUTION IN SUPPORT OF HOUSE BILL 262 AND SENATE BILL 238, LEGISLATION THAT PROVIDES NECESSARY, ADDITIONAL FUNDS FOR AND IMPROVES ELIGIBILITY OF FIRE DEPARTMENTS FOR STATEWIDE GRANTS

WHEREAS, the Commissioner of Insurance of North Carolina is also the State Fire Marshal;

WHEREAS, as Insurance Commissioner and State Fire Marshal he and the North Carolina Department of Insurance administer the volunteer fire department grant funds and firemen's relief funds;

WHEREAS, fire departments in every county have counted on these annual fire grants for many years to purchase necessary equipment and supplies up to $20,000 (with an additional match of $20,000);

WHEREAS, there are approximately 1,400 volunteer fire departments in the State, a number which translates each year into greater grant requests than the current grant formula is able to bear;

WHEREAS, the current grant formula is also inadequate in that more and more volunteer fire departments are becoming ineligible due to the current caps on population in the respective fire districts, the number of employees in a fire department, and the overall grant cap of $20,000 annually has not kept up with inflation;

WHEREAS, adjusting the formula and statutes for these grant funds would ensure that more departments are eligible and, furthermore, that they are eligible for larger matching grants, facts which will translate into better ratings for those fire departments and lower homeowners' insurance premiums for homes within the respective fire districts;

WHEREAS, these changes can be accomplished without raising taxes on insurance companies or citizens;

WHEREAS, legislators this year filed House Bill 262 and Senate Bill 238 upon request of the Commissioner of Insurance and the recommendation of the Revenue Laws Committee of the North Carolina General Assembly, legislation that is necessary for the proper administration of these grant funds and for the vitally needed improvements above; and,

WHEREAS, the Department of Insurance and the Office of State Fire Marshal estimate that more than 200 additional fire departments may become eligible for fire grants by this legislation alone.

THEREFORE BE IT RESOLVED that the West End Fire & Rescue Board of Commissioners expresses its strong support for House Bill 262 and Senate Bill 238 and respectfully requests and fervently encourages that its legislative delegation do all in its might to attain passage of either or both bills during the 2007 session of the North Carolina General Assembly.

BE IT FURTHER RESOLVED that the West End Fire Board of Commissioners, because of pending deadlines for legislative action this session, will hereby notify its legislative delegation in the State House and State Senate by fax, email or by hand delivery, whichever method provides the most prompt communication of this resolution.

A BILL TO BE ENTITLED

AN ACT TO REFORM THE PROCESS FOR ADMINISTRATIVE AND JUDICIAL REVIEW OF DISPUTED TAX MATTERS AND TO LIMIT A CORPORATION'S ABILITY TO USE REAL ESTATE INVESTMENT TRUSTS TO AVOID STATE TAXES.

The General Assembly of North Carolina enacts:

SECTION 1. Article 9 of Chapter 105 is amended by adding the following new sections to read:

"**§ 105-241.6. Statute of limitations for refunds.**

(a) General. – The general statute of limitations for obtaining a refund of an overpayment applies unless a different period applies under subsection (b) of this section. The general statute of limitations for obtaining a refund of an overpayment is the later of the following:

(1) Three years after the due date of the return.

(2) Two years after payment of the tax.

(b) Exceptions. – The exceptions to the general statute of limitations for obtaining a refund of an overpayment are as follows:

(1) Federal Determination. – If a taxpayer files a return reflecting a federal determination and the return is filed within the time required by this Subchapter, the period for requesting a refund is one year after the return reflecting the federal determination is filed or three years after the original return was filed or due to be filed, whichever is later.

(2) Waiver. – A taxpayer's waiver of the statute of limitations for making a proposed assessment extends the period in which the taxpayer can obtain a refund to the end of the period extended by the waiver.

(3) Worthless Debts or Securities. – Section 6511(d)(1) of the Code applies to an overpayment of the tax levied in Part 2 or 3 of Article 4

of this Chapter to the extent the overpayment is attributable to either of the following:

a. The deductibility by the taxpayer under section 166 of the Code of a debt that becomes worthless, or under section 165(g) of the Code of a loss from a security that becomes worthless.

b. The effect of the deductibility of a debt or loss described in subpart a. of this subdivision on the application of a carryover to the taxpayer.

(4) Capital Loss and Net Operating Loss Carrybacks. – Section 6511(d)(2) of the Code applies to an overpayment of the tax levied in Part 2 or 3 of Article 4 of this Chapter to the extent the overpayment is attributable to a capital loss carryback under section 1212(c) of the Code or to a net operating loss carryback under section 172 of the Code.

"**§ 105-241.7. Procedure for obtaining a refund.**

(a) Initiated by Department. – The Department must refund an overpayment made by a taxpayer when the Department processes a return and finds all of the following:

(1) The statute of limitations for obtaining a refund has not expired.

(2) The amount shown due on the return is not correct.

(3) The correction of the amount due shows that the taxpayer has overpaid the tax.

(b) Initiated by Taxpayer. – A taxpayer may request a refund of an overpayment made by the taxpayer by taking one of the following actions within the statute of limitations for obtaining a refund:

(1) Filing an amended return reflecting an overpayment due the taxpayer.

(2) Filing a claim for refund. The claim must identify the taxpayer, the type and amount of tax overpaid, the filing period to which the overpayment applies, and the basis for the claim. The taxpayer's statement of the basis of the claim does not limit the taxpayer from changing the basis.

(c) Action on Request. – When a taxpayer files an amended return or a claim for refund, the Department must take one of the actions listed in this subsection within six months after the date the amended return or claim for refund is filed. If the Department does not take one of these actions within this time limit, the inaction is considered a proposed denial of the requested refund.

(1) Send the taxpayer a refund of the amount shown due on the amended return or claim for refund.

(2) Adjust the amount of the requested refund by increasing or decreasing the amount shown due on the amended return or claim for refund and send the taxpayer a refund of the adjusted amount. If the adjusted amount is less than the amount shown due on the amended return or claim for refund, the adjusted refund must include a reason for the adjustment. The adjusted refund is considered a notice of proposed

denial for the amount of the requested refund that is not included in the adjusted refund.

(3) Deny the refund and send the taxpayer a notice of proposed denial.

(4) Send the taxpayer a letter requesting additional information concerning the requested refund. If a taxpayer does not respond to a request for information, the Department may deny the refund and send the taxpayer a notice of proposed denial. If a taxpayer provides the requested information, the Department must take one of the actions listed in this subsection within the later of the following:

a. The remainder of the six-month period.

b. 30 days after receiving the information.

c. A time period mutually agreed upon by the Department and the taxpayer.

(d) Notice. – A notice of a proposed denial of a request for refund must contain the following information:

(1) The basis for the proposed denial. The statement of the basis of the denial does not limit the Department from changing the basis.

(2) The circumstances under which the proposed denial will become final.

(e) Restrictions. – The Department may not refund any of the following:

(1) Until a taxpayer files a final return for a tax period, an amount paid before the final return is filed.

(2) An overpayment set off under Chapter 105A, the Setoff Debt Collection Act, or under another setoff debt collection program authorized by law.

(3) An income tax overpayment the taxpayer has elected to apply to another purpose as provided in this Article.

(4) An individual income tax overpayment of less than one dollar ($1.00) or another tax overpayment of less than three dollars ($3.00), unless the taxpayer files a written claim for the refund.

(f) Effect of Denial or Refund. – A proposed denial of a refund by the Secretary is presumed to be correct. A refund does not absolve a taxpayer of a tax liability that may in fact exist. The Secretary may propose an assessment for any deficiency as provided in this Article.

"**§ 105-241.8. Statute of limitations for assessments.**

(a) General. – The general statute of limitations for proposing an assessment applies unless a different period applies under subsection (b) of this section. The general statute of limitations for proposing an assessment is the later of the following:

(1) Three years after the due date of the return.

(2) Three years after the taxpayer filed the return.

(b) Exceptions. – The exceptions to the general statute of limitations for proposing an assessment are as follows:

(1) Federal Determination. – If a taxpayer files a return reflecting a federal determination and the return is filed within the time required by this Subchapter, the period for proposing an assessment of any tax due is

one year after the return is filed or three years after the original return was filed or due to be filed, whichever is later. If there is a federal determination and the taxpayer does not file the return within the required time, the period for proposing an assessment of any tax due is three years after the date the Secretary received the final report of the federal determination.

(2) Failure to File or Filing False Return. – There is no statute of limitations and the Secretary may propose an assessment of tax due from a taxpayer at any time if any of the following applies:

a. The taxpayer did not file a return.

b. The taxpayer filed a fraudulent return.

c. The taxpayer attempted in any manner to fraudulently evade or defeat the tax.

(3) Tax Forfeiture. – If a taxpayer forfeits a tax credit or tax benefit pursuant to forfeiture provisions of this Chapter, the period for proposing an assessment of any tax due as a result of the forfeiture is three years after the date of the forfeiture.

(4) Nonrecognition of Gain. – If a taxpayer elects under section 1033(a)(2)(A) of the Code not to recognize gain from involuntary conversion of property into money, the period for proposing an assessment of any tax due as a result of the conversion or election is the applicable period provided under section 1033(a)(2)(C) or section 1033(a)(2)(D) of the Code.

"**§ 105-241.9. Procedure for proposing an assessment.**

(a) Authority. – The Secretary may propose an assessment against a taxpayer for tax due from the taxpayer. The Secretary must base a proposed assessment on the best information available. A proposed assessment of the Secretary is presumed to be correct.

(b) Time Limit. – The Secretary must propose an assessment within the statute of limitations for proposed assessments unless the taxpayer waives the limitations period in writing. A taxpayer may waive the limitations period for either a definite or an indefinite time. If the taxpayer waives the limitations period, the Secretary may propose an assessment at any time within the time extended by the waiver.

(c) Notice. – The Secretary must give a taxpayer written notice of a proposed assessment. The notice of a proposed assessment must contain the following information:

(1) The basis for the proposed assessment. The statement of the basis for the proposed assessment does not limit the Department from changing the basis.

(2) The amount of tax, interest, and penalties included in the proposed assessment. The amount for each of these must be stated separately.

(3) The circumstances under which the proposed assessment will become final and collectible.

"**§ 105-241.10. Limit on refunds and assessments after a federal determination.**

The limitations in this section apply when a taxpayer files a timely return reflecting a federal determination that affects the amount of State tax payable and the general statute of limitations for requesting a refund or proposing an assessment of the State tax has expired. A federal determination is a correction or final determination by the federal government of the amount of a federal tax due. A return reflecting a federal determination is timely if it is filed within the time required by G.S. 105-32.8, 105-130.20, 105-159, 105-160.8, 105-163.6A, or 105-197.1, as appropriate. The limitations are:

(1) Refund. – A taxpayer is allowed a refund only if the refund is the result of adjustments related to the federal determination.

(2) Assessment. – A taxpayer is liable for additional tax only if the additional tax is the result of adjustments related to the federal determination. A proposed assessment may not include an amount that is outside the scope of this liability.

"**§ 105-241.11. Requesting review of proposed denial of refund or proposed assessment.**

(a) Procedure. – A taxpayer who objects to a proposed denial of a refund or a proposed assessment of tax may request a Departmental review of the proposed action by filing a request for review. The request must be filed with the Department within 45 days after the following:

(1) The date the notice of the proposed denial of the refund or proposed assessment was mailed to the taxpayer, if the notice was delivered by mail.

(2) The date the notice of the proposed denial of the refund or proposed assessment was delivered to the taxpayer, if the notice was delivered in person.

(3) The date that inaction by the Department on a request for refund was considered a proposed denial of the refund.

(b) Filing. – A request for a Departmental review of a proposed denial of a refund or a proposed assessment is considered filed on the following dates:

(1) For a request that is delivered in person, the date it is delivered.

(2) For a request that is not delivered in person, the date the Department receives it.

"**§ 105-241.12. Result when taxpayer does not request a review.**

(a) Refund. – If a taxpayer does not file a timely request for a Departmental review of a proposed denial of a refund, the proposed denial is final and is not subject to further administrative or judicial review. A taxpayer whose proposed denial becomes final may not file another amended return or claim for refund to obtain the denied refund.

(b) Assessment. – If a taxpayer does not file a timely request for a Departmental review of a proposed assessment, the proposed assessment is final and is not subject to further administrative or judicial review. Upon payment of the tax, the taxpayer may request a refund of the tax.

Before the Department collects a proposed assessment that becomes final when the taxpayer does not file a timely request for a Departmental review, the Department must send the taxpayer a notice of collection. A notice of collection must contain the following information:

(1) A statement that the proposed assessment is final and collectible.

(2) The amount of tax, interest, and penalties payable by the taxpayer.

(3) An explanation of the collection options available to the Department if the taxpayer does not pay the amount shown due on the notice and any remedies available to the taxpayer concerning these collection options.

"**§ 105-241.13. Action on request for review.**

(a) Action on Request. – If a taxpayer files a timely request for a Departmental review of a proposed denial of a refund or a proposed assessment, the Department must conduct a review of the proposed denial or proposed assessment and take one of the following actions:

(1) Grant the refund or remove the assessment.

(2) Schedule a conference with the taxpayer.

(3) Request additional information from the taxpayer concerning the requested refund or proposed assessment.

(b) Conference. – When the Department reviews a proposed denial of a refund or a proposed assessment and does not grant the refund or remove the assessment, the Department must schedule a conference with the taxpayer. The Department must set the time and place for the conference and must send the taxpayer notice of the designated time and place. The Department must send the notice at least 30 days before the date of the conference or, if the Department and the taxpayer agree, within a shorter period.

The conference is an informal proceeding at which the taxpayer and the Department must attempt to resolve the case. Testimony under oath is not taken, and the rules of evidence do not apply. A taxpayer may designate a representative to act on the taxpayer's behalf. The taxpayer may present any objections to the proposed denial of refund or proposed assessment at the conference.

(c) After Conference. – One of the following must occur after the Department conducts a conference on a proposed denial of a refund or a proposed assessment:

(1) The Department and the taxpayer agree on a settlement.

(2) The Department and the taxpayer agree that additional time is needed to resolve the taxpayer's objection to the proposed denial of the refund or proposed assessment.

(3) The Department and the taxpayer are unable to resolve the taxpayer's objection to the proposed denial of the refund or proposed assessment. If a taxpayer fails to attend a scheduled conference on the proposed denial of a refund or a proposed assessment without prior notice to the Department, the Department and the taxpayer are considered to be unable to resolve the taxpayer's objection.

"**§ 105-241.14. Final determination after Departmental review.**

(a) Refund. – If a taxpayer files a timely request for a Departmental review of a proposed denial of a refund and the Department and the taxpayer are unable to resolve

the taxpayer's objection to the proposed denial, the Department must send the taxpayer a notice of final determination concerning the refund. The notice of final determination must state the basis for the determination and inform the taxpayer of the procedure for contesting the determination. The statement of the basis for the determination does not limit the Department from changing the basis.

(b) Assessment. – If a taxpayer files a timely request for a Departmental review of a proposed assessment and the Department and the taxpayer are unable to resolve the taxpayer's objection to the proposed assessment, the Department must send the taxpayer a notice of final determination concerning the assessment. A notice of final determination concerning an assessment must contain the following information:

(1) The basis for the determination. This information may be stated on the notice or be set out in a separate document. The statement of the basis for the determination does not limit the Department from changing the basis.

(2) The amount of tax, interest, and penalties payable by the taxpayer.

(3) The procedure the taxpayer must follow to contest the final determination.

(4) A statement that the amount payable stated on the notice is collectible by the Department unless the taxpayer contests the final determination.

(5) An explanation of the collection options available to the Department if the taxpayer does not pay the amount shown due on the notice and any remedies available to the taxpayer concerning these collection options.

(c) Time Limit. – The process set out in G.S. 105-241.13 for reviewing and attempting to resolve a proposed denial of a refund or a proposed assessment must conclude and a final determination must be issued within nine months after the date the taxpayer files a request for review. The Department and the taxpayer may extend this time limit by mutual agreement. Failure to issue a notice of final determination within the required time does not affect the validity of a proposed assessment.

"**§ 105-241.15. Contested case hearing on final determination.**

A taxpayer who disagrees with a notice of final determination issued by the Department may contest the determination by filing a petition for a contested case hearing at the Office of Administrative Hearings in accordance with Article 3 of Chapter 150B of the General Statutes. A taxpayer may file a petition for a contested case hearing only if the taxpayer has exhausted the prehearing remedy. A taxpayer's prehearing remedy is exhausted when the Department issues a final determination after conducting a review and a conference.

"**§ 105-241.16. Judicial review of decision after contested case hearing.**

A taxpayer aggrieved by the final decision in a contested case commenced at the Office of Administrative Hearings may seek judicial review of the decision in accordance with Article 4 of Chapter 150B of the General Statutes. Notwithstanding G.S. 150B-45, a petition for judicial review must be filed in the Superior Court of Wake County and in accordance with the procedures for a mandatory business case set forth in G.S. 7A-45.4(b) through (f). A taxpayer who files a petition for judicial review must pay the amount of tax, penalties, and interest the final decision states is due. A taxpayer

may appeal a decision of the Business Court to the appellate division in accordance with G.S. 150B-52.

"**§ 105-241.17. Civil action challenging statute as unconstitutional.**

A taxpayer who claims that a tax statute is unconstitutional may bring a civil action in the Superior Court of Wake County to determine the taxpayer's liability under that statute if all of the conditions in this section are met. In filing an action under this section, a taxpayer must follow the procedures for a mandatory business case set forth in G.S. 7A-45.4(b) through (f). The conditions for filing a civil action are:

(1) The taxpayer exhausted the prehearing remedy by receiving a final determination after a review and a conference.

(2) The taxpayer commenced a contested case at the Office of Administrative Hearings.

(3) The Office of Administrative Hearings dismissed the contested case petition for lack of jurisdiction because the sole issue is the constitutionality of a statute and not the application of a statute.

(4) The taxpayer has paid the amount of tax, penalties, and interest the final determination states is due.

(5) The civil action is filed within two years of the dismissal.

"**§ 105-241.18. Class actions.**

(a) Authority. – An action brought under G.S. 105-241.17 challenging the constitutionality of a statute may be maintained against the State by a taxpayer for and on behalf of the taxpayer or other taxpayers similarly situated only in accordance with this section.

(b) Opt-In Requirement. – A taxpayer must opt in to become a party to a class action brought under this section. A taxpayer opts in by filing a request for a refund with the Department in accordance with G.S. 105-241.7 and by filing a copy of the request for a refund with the court. A taxpayer must opt in within the time period set by the court.

(c) Refund Claim Required. – The court may not allow a taxpayer who does not follow the procedure in this section to opt in to a class action brought under this section.

(d) Tolling. – The period set in G.S. 105-241.6 for filing a request for refund is tolled by the filing of a class action under this section for any taxpayer who, at the time the class action was commenced, could timely file a request for refund with the Secretary.

"**§ 105-241.19. Declaratory judgments, injunctions, and other actions prohibited.**

The remedies in G.S. 105-241.11 through G.S. 105-241.18 set out the exclusive remedies for disputing the denial of a requested refund, a taxpayer's liability for a tax, or the constitutionality of a tax statute. Any other action is barred. Neither an action for declaratory judgment, an action for an injunction to prevent the collection of a tax, nor any other action is allowed.

"**§ 105-241.20. Delivery of notice to the taxpayer.**

(a) Scope. – This section applies to the following notices:

(1) A proposed denial of a refund.

(2) A proposed assessment.

(3) A notice of collection.

(4) A final determination.

(b) Method. – The Secretary must deliver a notice listed in subsection (a) of this section to a taxpayer either in person or by United States mail sent to the taxpayer's last known address. A notice mailed to a taxpayer is presumed to have been received by the taxpayer unless the taxpayer makes an affidavit to the contrary within 90 days after the notice was mailed. If the taxpayer makes this affidavit, the notice is considered to have been delivered on the date the taxpayer makes the affidavit and any time limit affected by the notice is extended to the date the taxpayer makes the affidavit.

"**§ 105-241.21. Interest on taxes.**

(a) Rate. –The interest rate set by the Secretary applies to interest that accrues on overpayments and assessments of tax. On or before June 1 and December 1 of each year, the Secretary must establish the interest rate to be in effect during the six-month period beginning on the next succeeding July 1 and January 1, respectively. In determining the interest rate, the Secretary must give due consideration to current market conditions and to the rate that will be in effect on that date pursuant to the Code. If no new rate is established, the rate in effect during the preceding six-month period continues in effect. The rate established by the Secretary may not be less than five percent (5%) per year and may not exceed sixteen percent (16%) per year.

(b) Accrual on Underpayments.– Interest accrues on an underpayment of tax from the date set by statute for payment of the tax until the tax is paid. Interest accrues only on the principal of the tax and does not accrue on any penalty.

(c) Accrual on Refund.– Interest accrues on an overpayment of tax from the time set in the following subdivisions until the refund is paid.

(1) Franchise, Income, and Gross Premiums. – Interest on an overpayment of a tax levied under Article 3 of this Chapter and payable on an annual basis or of a tax levied under Article 4 or 8B of this Chapter accrues from a date 45 days after the latest of the following dates:

a. The date the final return was filed.

b. The date the final return was due to be filed.

c. The date of the overpayment. The date of an overpayment of a tax levied under Article 4 or Article 8B of this Chapter is determined in accordance with section 6611(d), (f), (g), and (h) of the Code.

(2) All Other Taxes. – Interest on an overpayment of a tax that is not included in subdivision (1) of this subsection accrues from a date that is 90 days after the date the tax was paid.

(d) When Refund Is Paid. – A refund sent to a taxpayer is considered paid on a date determined by the Secretary that is no sooner than five days after a refund check is mailed. A refund set off against a debt pursuant to Chapter 105A of the General Statutes is considered paid five days after the Department mails the taxpayer a notice of the setoff, unless G.S. 105A-5 or G.S. 105A-8 requires the agency that requested the setoff to return the refund to the taxpayer. In this circumstance, the refund that was set off is

not considered paid until five days after the agency that requested the refund mails the taxpayer a check for the refund.

"**§ 105-241.22. Collection of tax.**

The Department may collect a tax in the following circumstances:

(1) When a taxpayer files a return showing tax due with the return and does not pay the amount shown due.

(2) When the Department sends a notice of collection after a taxpayer does not file a timely request for a Departmental review of a proposed assessment of tax.

(3) When a taxpayer and the Department agree on a settlement concerning the amount of tax due.

(4) When the Department sends a notice of final determination concerning an assessment of tax and the taxpayer does not file a timely petition for a contested case hearing on the assessment.

(5) When a final decision is issued on a proposed assessment of tax after a contested case hearing.

(6) When the Office of Administrative Hearings dismisses a petition for a contested case for lack of jurisdiction because the sole issue is the constitutionality of a statute and not the application of a statute.

"**§ 105-241.23. Jeopardy assessment and collection.**

(a) Action. –The Secretary may at any time within the statute of limitations immediately assess and collect any tax the Secretary finds is due from a taxpayer if the Secretary determines that collection of the tax is in jeopardy and immediate assessment and collection are necessary in order to protect the interest of the State. In making a jeopardy collection, the Secretary may use any of the collection remedies in G.S. 105-242 and is not required to wait any period of time before using these remedies. Within 30 days after initiating a jeopardy collection, the Secretary must give the taxpayer the notice of proposed assessment required by G.S. 105-241.9.

(b) Review by Department. – Within five days after initiating a jeopardy collection that is not the result of a criminal investigation or of a liability for a tax imposed under Article 2D of this Chapter, the Secretary must provide the taxpayer with a written statement of the information upon which the Secretary relied in initiating the jeopardy collection. Within 30 days after receipt of this written statement or, if no statement is received, within 30 days after the statement was due, the taxpayer may request the Secretary to review the action taken. After receipt of this request, the Secretary must determine whether initiating the jeopardy collection was reasonable under all the circumstances and whether the amount assessed and collected was reasonable under all the circumstances. The Secretary must give the taxpayer written notice of this determination within 30 days after the request.

(c) Judicial Review. – Within 90 days after the earlier of the date a taxpayer received or should have received a determination of the Secretary concerning a jeopardy collection under subsection (b) of this section, the taxpayer may bring a civil action seeking review of the jeopardy collection. The taxpayer may bring the action in the Superior Court of Wake County or of the county in North Carolina in which the

taxpayer resides. Within 20 days after the action is filed, the court must determine whether the initiation of the jeopardy collection was reasonable under the circumstances. If the court determines that an action of the Secretary was unreasonable or inappropriate, the court may order the Secretary to take any action the court finds appropriate. If the taxpayer shows reasonable grounds why the 20-day limit on the court should be extended, the court may grant an extension of not more than 40 additional days."

..."

SECTION 4. G.S. 7A-45.4 reads as rewritten:

"**§ 7A-45.4. Designation of mandatory ~~complex~~ business cases.**

(a) Definitions. – The following definitions apply in this section:

(1) ~~A mandatory complex~~ Complex business case. – ~~is an~~ An action that involves a material issue related to:

~~(1)~~a. The law governing corporations, except charitable and religious organizations qualified under G.S. 55A-1-40(4) on the grounds of religious purpose, partnerships, limited liability companies, and limited liability partnerships, including issues concerning

governance, involuntary dissolution of a corporation, mergers and acquisitions, breach of duty of directors, election or removal of directors, enforcement or interpretation of shareholder agreements, and derivative actions.

~~(2)~~b. Securities law, including proxy disputes and tender offer disputes.

~~(3)~~c. Antitrust law, except claims based solely on unfair competition under G.S. 75-1.1.

~~(4)~~d. State trademark or unfair competition law, except claims based solely on unfair competition under G.S. 75-1.1.

~~(5)~~e. Intellectual property law, including software licensing disputes.

~~(6)~~f. The Internet, electronic commerce, and biotechnology.

(2) Mandatory business case. – A complex business case or a tax case.

(3) Tax case. – An action that involves a material issue related to:

a. A petition for judicial review of a final decision under G.S. 105-241.15.

b. A civil action under G.S. 105-241.17.

(b) Any party may designate a civil action or a petition for judicial review under G.S. 105-241.16 as a mandatory ~~complex~~ business case by filing a Notice of Designation in the Superior Court in which the action has been filed and simultaneously serving the notice on each opposing party or counsel and on the ~~Special Superior Court Judge for Complex Business Cases who is then the~~ senior Business Court Judge. A copy of the notice shall also be sent contemporaneously by e-mail or facsimile transmission to the Chief Justice of the Supreme Court for approval of the designation of the action as a mandatory complex business case and assignment to a specific Business Court Judge.

(c) The Notice of Designation shall, in good faith and based on information reasonably available, succinctly state the basis of the designation and include a certificate by or on behalf of the designating party that the civil action meets the criteria for designation as a mandatory complex business case pursuant to subsection (a) of this section.

(d) The Notice of Designation shall be filed:

(1) By the ~~plaintiff or third-party plaintiff~~ plaintiff, the third-party plaintiff, or the petitioner for judicial review contemporaneously with the filing of the ~~complaint or third-party complaint~~ complaint, the third-party complaint, or the petition for judicial review in the action.

(2) By any intervenor when the intervenor files a motion for permission to intervene in the action.

(3) By any defendant or any other party within 30 days of receipt of service of the pleading seeking relief from the defendant or party.

(e) Within 30 days after service of the Notice of Designation, any other party may, in good faith, file and serve an opposition to the designation of the action as a mandatory business ~~case.~~ case, but only if the case is a complex business case and not a tax case. Based on the opposition or ex mero motu, the Business Court Judge may

determine that the action should not be designated as a mandatory complex business case. If a party disagrees with the decision, the party may appeal to the Chief Justice of the Supreme Court.

(f) Once a designation is filed under subsection (d) of this section, and after preliminary approval by the Chief Justice, a case shall be designated and administered a ~~complex~~ mandatory business case. All proceedings in the action shall be before the Business Court Judge to whom it has been assigned unless and until an order has been entered under subsection (e) of this section ordering that the case not be designated a mandatory ~~complex~~ business case or the Chief Justice revokes approval. If ~~complex~~ mandatory business case status is revoked or denied, the action shall be treated as any other civil action, unless it is designated as an exceptional civil case or a discretionary complex business case pursuant to Rule 2.1 of the General Rules of Practice for the Superior and District Courts."

SECTION 5. G.S. 7A-305(a)(2) reads as rewritten:

"(2) For support of the General Court of Justice, the sum of seventy-nine dollars ($79.00) in the superior court, except that if a case is assigned to a special superior court judge as a ~~complex~~ mandatory business case under G.S. 7A-45.3, an additional two hundred dollars ($200.00) shall be paid upon its assignment, and the sum of sixty-four dollars ($64.00) in the district court except that if the case is assigned to a magistrate the sum shall be fifty-three dollars ($53.00). Sums collected under this subdivision shall be remitted to the State Treasurer. The State Treasurer shall remit the sum of one dollar and five cents ($1.05) of each fee collected under this subdivision to the North Carolina State Bar for the provision of services described in G.S. 7A-474.4, and ninety-five cents ($.95) of each fee collected under this subdivision to the North Carolina State Bar for the provision of services described in G.S. 7A-474.19."

SECTION 6. G.S. 20-64(f) reads as rewritten:

"(f) The owner or transferor of a registered vehicle who surrenders the registration plate to the division may secure a refund for the unexpired portion of such plate prorated on a monthly basis, beginning the first day of the month following surrender of the plate to the division, provided the annual fee of such surrendered plate is sixty dollars ($60.00) or more. This refund may not exceed one half of the annual license fee. No refund shall be made unless the owner or transferor furnishes proof of financial responsibility on the registered vehicle effective until the date of the surrender of the plate. Proof of financial responsibility shall be furnished in a manner prescribed by the Commissioner. ~~Any unauthorized refund may be recovered in the manner set forth in G.S. 20-99.~~"

SECTION 7. G.S. 105-32.8 reads as rewritten:

"**§ 105-32.8. Federal determination that changes the amount of tax payable to the State.**

If the federal government corrects or otherwise determines the gross estate tax imposed under section 2001 of the Code or the amount of the maximum state death tax

credit allowed an estate under section 2011 of the Code, the personal representative must, within six months after being notified of the correction or final determination by the federal government, file an estate tax return with the Secretary reflecting the correct amount of tax payable under this Article. If the federal government corrects or otherwise determines the amount of the maximum state generation-skipping transfer tax credit allowed under section 2604 of the Code, the person who made the transfer must, within six months after being notified of the correction or final determination by the federal government, file a tax return with the Secretary reflecting the correct amount of tax payable under this Article.

The Secretary must ~~assess and collect~~ propose an assessment for any additional tax due as provided in Article 9 of this Chapter and must refund any overpayment of tax as provided in Article 9 of this Chapter. A person who fails to report a federal correction or determination in accordance with this section is subject to the penalties in G.S. 105-236 and forfeits the right to any refund due by reason of the determination."

SECTION 8. G.S. 105-109(b) reads as rewritten:

"(b) License Required. – Before a person may engage in a business, trade, or profession for which a license is required under this Article, the person must be licensed by the ~~Department pursuant to G.S. 105-104.~~ Department. To obtain a license, a person must submit an application to the Department for the license and pay the required tax. An application for a license is considered a return.

The Department must issue a license to a person who files a completed application and pays the required tax. A license must be displayed conspicuously at the location of the licensed business, trade, or profession."

SECTION 9. G.S. 105-113.111 reads as rewritten:

"**§ 105-113.111. Assessments.**

Notwithstanding any other provision of law, an assessment against a dealer who possesses an unauthorized substance to which a stamp has not been affixed as required by this Article shall be made as provided in this section. The Secretary shall assess a tax, applicable penalties, and interest based on personal knowledge or information available to the Secretary. The Secretary shall notify the dealer in writing of the amount of the tax, penalty, and interest due, and demand its immediate payment. The notice and demand shall be either mailed to the dealer at the dealer's last known address or served on the dealer in person. If the dealer does not pay the tax, penalty, and interest immediately upon receipt of the notice and demand, the Secretary shall collect the tax, penalty, and interest pursuant to the ~~procedure set forth~~ jeopardy collection procedures in G.S. 105-241.23 or the general collection procedures in G.S. 105-242, ~~105-241.1(g) for jeopardy assessments or the procedure set forth in G.S. 105-242,~~ including causing execution to be issued immediately against the personal property of the dealer, unless the dealer files with the Secretary a bond in the amount of the asserted liability for the tax, penalty, and interest. The Secretary shall use all means available to collect the tax, penalty, and interest from any property in which the dealer has a legal, equitable, or beneficial interest. The dealer may seek review of the assessment as provided in Article 9 of this Chapter."

SECTION 10. G.S. 105-113.113 reads as rewritten:

"**§ 105-113.113. Use of tax proceeds.**

(a) Special Account. – The Unauthorized Substances Tax Account is established as a special nonreverting account. The Secretary shall credit the proceeds of the tax levied by this Article to ~~a special nonreverting account, to be called the State Unauthorized Substances Tax Account, until the tax proceeds are unencumbered. The Secretary shall remit the unencumbered tax proceeds as provided in this section on a quarterly or more frequent basis. Tax proceeds are unencumbered when either of the following occurs:~~

~~(1) The tax has been fully paid and the taxpayer has no current right under G.S. 105-267 to seek a refund.~~

~~(2) The taxpayer has been notified of the final assessment of the tax under G.S. 105-241.1 and has neither fully paid nor timely contested the tax under G.S. 105-241.1 through G.S. 105-241.4 or G.S. 105-267.~~

the Account.

(b) Distribution. – The Secretary shall distribute unencumbered tax proceeds in the Unauthorized Substances Tax Account on a quarterly or more frequent basis. Tax proceeds in the Account are unencumbered when they are collectible under G.S. 105-241.22. The Secretary shall ~~remit~~ distribute seventy-five percent (75%) of the ~~part of the~~ unencumbered tax proceeds in the Account that ~~was~~ were collected by assessment to the State or local law enforcement agency that conducted the investigation of a dealer that led to the assessment. If more than one State or local law enforcement agency conducted the investigation, the Secretary shall determine the equitable share for each agency based on the contribution each agency made to the investigation. The Secretary shall credit the remaining unencumbered tax proceeds in the Account to the General Fund.

(c) Refunds. – The refund of a tax that has already been distributed shall be drawn initially from the ~~State~~ Unauthorized Substances Tax Account. The amount of refunded taxes that ~~had been~~ were distributed to a law enforcement agency under this section and any interest shall be subtracted from succeeding distributions from the Account to that law enforcement agency. The amount of refunded taxes that ~~had been~~ were credited to the General Fund under this section and any interest shall be subtracted from succeeding credits to the General Fund from the Account."

SECTION 11. G.S. 105-122 is amended by adding a new subsection to read:

"(c1) Apportionment. – A corporation that is doing business in this State and in one or more other states must apportion its capital stock, surplus, and undivided profits to this State. A corporation must use the apportionment method set out in subdivision (1) of this subsection unless the Department has authorized it to use a different method under subdivision (2) of this subsection. The portion of a corporation's capital stock, surplus, and undivided profits determined by applying the appropriate apportionment method is considered the amount of capital stock, surplus, and undivided profits the corporation uses in its business in this State.

(1) Statutory. – A corporation that is subject to income tax under Article 4 of this Chapter must apportion its capital stock, surplus, and undivided profits by using the fraction it applies in apportioning its income under

that Article. A corporation that is not subject to income tax under Article 4 of this Chapter must apportion its capital stock, surplus, and undivided profits by using the fraction it would be required to apply in apportioning its income if it were subject to that Article. The apportionment method set out in this subdivision is considered the statutory method of apportionment and is presumed to be the best method of determining the amount of a corporation's capital stock, surplus, and undivided profits attributable to the corporation's business in this State.

(2) Alternative. – A corporation that believes the statutory apportionment method set out in subdivision (1) of this subsection subjects a greater portion of its capital stock, surplus, and undivided profits to tax under this section than is attributable to its business in this State may make a written request to the Secretary for permission to use an alternative method. The request must set out the reasons for the corporation's belief and propose an alternative method. The corporation has the burden of establishing by clear, cogent, and convincing proof that the statutory apportionment method subjects a greater portion of the corporation's capital stock, surplus, and undivided profits to tax under this section than is attributable to its business in this State and that the the proposed alternative method is a better method of determining the amount of the corporation's capital stock, surplus, and undivided profits attributable to the corporation's business in this State.

The Secretary must issue a written decision on a corporation's request for an alternative apportionment method. If the decision grants the request, it must describe the alternative method the corporation is authorized to use and state the tax years to which the alternative method applies. A decision may apply to no more than three tax years. A corporation may renew a request to use an alternative apportionment method by following the procedure in this subdivision. A decision of the Secretary on a request for an alternative apportionment method is final and is not subject to administrative or judicial review. A corporation authorized to use an alternative method may apportion its capital stock, surplus, and undivided profits in accordance with the alternative method or the statutory method."

SECTION 12. G.S. 105-130.4 is amended by adding a new subsection to read:

"(t1) Alternative Apportionment Method. – A corporation that believes the statutory apportionment method that otherwise applies to it under this section subjects a greater portion of its income to tax than is attributable to its business in this State may make a written request to the Secretary for permission to use an alternative method. The request must set out the reasons for the corporation's belief and propose an alternative method.

The statutory apportionment method that otherwise applies to a corporation under this section is presumed to be the best method of determining the portion of the corporation's income that is attributable to its business in this State. A corporation has the burden of establishing by clear, cogent, and convincing proof that the proposed alternative method is a better method of determining the amount of the corporation's income attributable to the corporation's business in this State.

The Secretary must issue a written decision on a corporation's request for an alternative apportionment method. If the decision grants the request, it must describe the alternative method the corporation is authorized to use and state the tax years to which the alternative method applies. A decision may apply to no more than three tax years. A corporation may renew a request to use an alternative apportionment method by following the procedure in this subsection. A decision of the Secretary on a request for an alternative apportionment method is final and is not subject to administrative or judicial review. A corporation authorized to use an alternative method may apportion its income in accordance with the alternative method or the statutory method. "

SECTION 13. G.S. 105-130.6A(e) reads as rewritten:

"(e) Cap for Bank Holding Companies. – After calculating the expense adjustment as provided in subsection (c) of this section, each bank holding company must calculate the amount of additional tax that results from the expense adjustments for the holding company and for every corporation in the holding company's affiliated group for the taxable year. If the expense adjustments result in additional tax exceeding eleven million dollars ($11,000,000) for a taxable year for the affiliated group, the affiliated group may reduce the amount of the expense adjustment so that the resulting additional tax does not exceed this maximum. This maximum applies once to each affiliated group each taxable year, whether or not the group includes more than one bank holding company.

The members of the affiliated group may allocate this reduction among themselves in their discretion. In order to take this reduction, each member of the affiliated group that is required to file a return under this Part and that has dividends for the taxable year must provide a schedule with its return that lists every member of the group that has dividends, the amount of the dividends, and whether the member is a bank holding company. In addition, the schedule must show the expense adjustments for those members whose additional tax as a result of the expense adjustment constitutes the maximum amount. In addition, each member must provide any other documentation required by the Secretary.

If the expense adjustment for an affiliated group is reduced under this subsection, and the return of a member of the group is later changed in a manner that reduces below the maximum the amount of additional tax for the group resulting from the expense adjustment, the Secretary may increase the expense adjustment for any member of the group in order to increase to the maximum the amount of additional tax for the group resulting from the expense adjustment. In this situation, the amount of the increase is considered a forfeited tax benefit with respect to the affiliated group for the purposes of G.S. ~~105-241.1(e).~~ 105-241.8. The date of the forfeiture is the date of the change that triggers the Secretary's authority to increase the expense adjustment. Any member

whose expense adjustment the Secretary increases is liable for interest on the amount of the increase at the rate established under ~~105-241.1(i),~~ G.S. 105-241.21 computed from the date the taxes would have been due if the expense adjustment had been calculated correctly on the original return. The amount of the increase and the interest are due 60 days after the date of the forfeiture. A taxpayer that fails to pay the amount of the increase and interest by the due date is subject to the penalties provided in G.S. 105-236."

SECTION 14. G.S. 105-130.20 reads as rewritten:

"**§ 105-130.20. Federal corrections.**

If a taxpayer's federal taxable income is corrected or otherwise determined by the federal government, the taxpayer must, within six months after being notified of the correction or final determination by the federal government, file an income tax return with the Secretary reflecting the corrected or determined taxable income. The Secretary ~~shall determine from all available evidence the taxpayer's correct tax liability for the income year. As used in this section, the term "all available evidence" means evidence of any kind that becomes available to the Secretary from any source, whether or not the evidence was considered in the federal correction or determination.~~

~~The Secretary shall assess and collect~~ must propose an assessment for any additional tax due from the taxpayer as provided in Article 9 of this Chapter. The Secretary ~~shall~~ must refund any overpayment of tax as provided in Article 9 of this Chapter. A taxpayer that fails to comply with this section is subject to the penalties in G.S. 105-236 and forfeits its rights to any refund due by reason of the determination."

SECTION 15. G.S. 105-159 reads as rewritten:

"**§ 105-159. Federal corrections.**

If a taxpayer's federal taxable income is corrected or otherwise determined by the federal government, the taxpayer must, within six months after being notified of the correction or final determination by the federal government, file an income tax return with the Secretary reflecting the corrected or determined taxable income. The Secretary ~~shall determine from all available evidence the taxpayer's correct tax liability for the taxable year. As used in this section, the term "all available evidence' means evidence of any kind that becomes available to the Secretary from any source, whether or not the evidence was considered in the federal correction or determination.~~

~~The Secretary shall assess and collect~~ must propose an assessment for any additional tax due from the taxpayer as provided in Article 9 of this Chapter. The Secretary ~~shall~~ must refund any overpayment of tax as provided in Article 9 of this Chapter. A taxpayer who fails to comply with this section is subject to the penalties in G.S. 105-236 and forfeits the right to any refund due by reason of the determination."

SECTION 16. G.S. 105-163.6A reads as rewritten:

"**§ 105-163.6A. Federal corrections.**

If the amount of taxes an employer is required to withhold and pay under the Code is corrected or otherwise determined by the federal government, the employer must, within ~~two years~~ six months after being notified of the correction or final determination by the federal government, file a return with the Secretary reflecting the corrected or determined amount. The Secretary ~~shall determine from all available evidence the~~

~~correct amount the employer should have paid under this Article for the period covered by the federal determination. As used in this section, the term "all available evidence" means evidence of any kind that becomes available to the Secretary from any source, whether or not the evidence was considered in the federal correction or determination.~~

~~The Secretary shall assess and collect~~ must propose an assessment for any additional tax due from the employer as provided in Article 9 of this Chapter. If there has been an overpayment of the tax, the Secretary ~~shall~~ must either refund the overpayment to the employer in accordance with G.S. 105-163.9 or credit the amount of the overpayment to the individual in accordance with G.S. 105-163.10. An employer who fails to comply with this section is subject to the penalties in G.S. 105-236 and forfeits the right to any refund due by reason of the determination. Failure of an employer to comply with this section does not, however, affect an individual's right to a credit under G.S. 105-163.10."

SECTION 17. G.S. 105-163.9 reads as rewritten:

"**§ 105-163.9. Refund of overpayment to withholding agent.**

A withholding agent who pays the Secretary more under this Article than the Article requires the agent to pay may obtain a refund of the overpayment by filing ~~an application~~ a request for a refund with the Secretary. No refund is allowed, however, if the withholding agent withheld the amount of the overpayment from the wages or compensation of the agent's employees or contractors. A withholding agent must file ~~an application~~ a request for a refund within the time period set in G.S. ~~105-266.~~ G.S. 105-241.6. Interest accrues on a refund as provided in ~~G.S. 105-266.~~G.S. 105-241.21."

SECTION 18. G.S. 105-164.29(d) reads as rewritten:

"(d) Revocation. ~~Whenever~~ The failure of a wholesale merchant or retailer ~~fails~~ to comply with this Article or ~~violates G.S. 14-401.18, the Secretary, upon hearing, after giving 10 days' notice in writing, specifying the time and place of hearing and requiring the wholesale merchant or retailer to show cause why the certificate of registration should not be revoked, may revoke or suspend the certificate of registration. The notice may be served personally or by registered mail directed to the last known address of the wholesale merchant or retailer. All provisions with respect to review and appeals of the Secretary's decisions as provided by G.S. 105-241.2, 105-241.3, and 105-241.4 apply to this section.~~ G.S. 14-401.18 is grounds for revocation of the wholesale merchant's or retailer's certificate of registration. Before the Secretary revokes a wholesale merchant's or retailer's certificate of registration, the Secretary must notify the wholesale merchant or retailer that the Secretary proposes to revoke the certificate of registration and that the proposed revocation will become final unless the wholesale merchant or retailer objects to the proposed revocation and files a request for a Departmental review within the time set in G.S. 105-241.11 for requesting a Departmental review of a proposed assessment. The notice must be sent in accordance with the methods authorized in G.S. 105-241.20. The procedures in Article 9 of this Chapter for review of a proposed assessment apply to the review of a proposed revocation. "

SECTION 19. G.S. 105-164.38(c) reads as rewritten:

"(c) Assessment. – The period of limitations for assessing liability against the buyer of a business or the stock of goods of a business and for enforcing the lien against the property expires one year after the end of the period of limitations for assessment against the person who sold the business or the stock of goods. Except as otherwise provided in this section, the assessment procedures in Article 9 of this Chapter apply to a person who buys a business or the stock of goods of a business ~~and that person's liability for unpaid taxes are subject to the provisions of G.S. 105-241.1, 105-241.2, 105-241.3, and 105-241.4 and to other remedies for the collection of taxes~~ to the same extent as if the person had incurred the original tax liability."

SECTION 20. G.S. 105-187.10(b) reads as rewritten:

"(b) Unpaid Taxes. – The remedies for collection of taxes in ~~G.S. 20-99~~ Article 9 of this Chapter apply to the taxes levied by this Article and collected by the Commissioner. In applying these remedies, the Commissioner has the same authority as the Secretary."

SECTION 21. G.S. 105-197.1 reads as rewritten:

"§ 105-197.1. Federal corrections.

If the amount of a taxpayer's net gifts is corrected or otherwise determined by the federal government, the taxpayer must, within six months after being notified of the correction or final determination by the federal government, file a gift tax return with the Secretary ~~of Revenue~~ reflecting the corrected or determined net gifts. The Secretary ~~of Revenue shall determine from all available evidence the taxpayer's correct tax liability for the taxable year. As used in this section, the term "all available evidence" means evidence of any kind that becomes available to the Secretary from any source, whether or not the evidence was considered in the federal correction or determination.~~

~~The Secretary shall assess and collect~~ propose an assessment for any additional tax due from the taxpayer as provided in Article 9 of this Chapter. The Secretary ~~shall~~ must refund any overpayment of tax as provided in Article 9 of this Chapter. A taxpayer who fails to comply with this section is subject to the penalties in G.S. 105-236 and forfeits the right to any refund due by reason of the determination."

SECTION 22. G.S. 105-228.5(f) reads as rewritten:

"(f) **(Effective for taxable years beginning on or after January 1, 2008)** Installment Payments Required. – Taxpayers that are subject to the tax imposed by this section and have a premium tax liability of ten thousand dollars ($10,000) or more for business done in North Carolina during the immediately preceding year shall remit three equal quarterly installments with each installment equal to at least thirty-three and one-third percent (33 1/3%) of the premium tax liability incurred in the immediately preceding taxable year. The quarterly installment payments shall be made on or before April 15, June 15, and October 15 of each taxable year. The company shall remit the balance by the following March 15 in the same manner provided in this section for annual returns.

The Secretary of Revenue may permit an insurance company to pay less than the required estimated payment when the insurer reasonably believes that the total estimated payments made for the current year will exceed the total anticipated tax liability for the year.

An underpayment or an overpayment of an installment payment required by this subsection ~~shall bear interest at the rate established under G.S. 105-241.1(i). Any overpayment shall bear interest as provided in G.S. 105-266(b) and, together with the interest,~~ accrues interest in accordance with G.S. 105-241.21. An overpayment of tax shall be credited to the company and applied against the taxes imposed upon the company under this Article."

SECTION 23. G.S. 105-228.37 reads as rewritten:

"**§ 105-228.37. Refund of overpayment of tax.**

(a) Refund Request. – A taxpayer who pays more tax than is due under this Article may request a refund of the overpayment by filing a written request for a refund with the board of county commissioners of the county where the tax was paid. The request must be filed within six months after the date the tax was paid and must explain why the taxpayer believes a refund is due.

(b) Hearing by County. – A board of county commissioners must ~~review~~ conduct a hearing on a request for refund ~~and must follow the time limitations set in G.S. 105-266.1 for holding a hearing and making a decision.~~ in accordance with the procedures that apply to a hearing held by a board of equalization and review on an appeal concerning the listing or appraisal of property. If the board decides that a refund is due, it must refund the county's portion of the overpayment, together with any applicable interest, to the taxpayer. If the board finds that no refund is due, the written decision of the board must inform the taxpayer that the taxpayer may ~~ask the Secretary to review the decision. The board must send the Secretary a copy of a decision on a request for refund.~~appeal the decision to the Property Tax Commission.

(c) Review by ~~Secretary.~~ Commission. ~~A taxpayer whose request for a refund is denied by a board of county commissioners may obtain a review of the board's decision by the Secretary. The request must be made in writing and must be filed within 30 days after the taxpayer receives the board's decision denying the refund. The Secretary must send the board of county commissioners a copy of the Secretary's decision made on the request. If the Secretary~~ The procedure in G.S. 105-290 for the appeal to the Property Tax Commission of a decision of a board of equalization and review concerning the listing or appraisal of property applies to the appeal of a denial by a board of county commissioners of a request for a refund of tax paid under this Article. If the Commission determines that a refund is due, the board of county commissioners must refund the county's portion of the overpayment, together with any applicable interest, to the taxpayer. A decision of the Commission is binding on the Secretary ~~is binding~~ and on a board of county commissioners.

(d) Judicial Review. – A ~~taxpayer who disagrees with a~~ decision of the ~~Secretary~~ Property Tax Commission ~~may bring an action against the county and the State to recover the disputed overpayment. The action may be brought in the Superior Court of Wake County or in the superior court of the county where the tax was paid.~~is subject to judicial review in accordance with G.S. 7A-29.

(e) Recording Correct Deed. – Before a tax is refunded, the taxpayer must record a new instrument reflecting the correct amount of tax due. If no tax is due because an instrument was recorded in the wrong county, then the taxpayer must record a document

stating that no tax was owed because the instrument being corrected was recorded in the wrong county. The taxpayer must include in the document the names of the grantors and grantees and the deed book and page number of the instrument being corrected.

When a taxpayer records a corrected instrument, the taxpayer must inform the register of deeds that the instrument being recorded is a correcting instrument. The taxpayer must give the register of deeds a copy of the decision granting the refund that shows the correct amount of tax due. The correcting instrument must include the deed book and page number of the instrument being corrected. The register of deeds must notify the county finance officer and the Secretary when the correcting instrument has been recorded.

(f) Interest. – An overpayment of tax bears interest at the rate established in G.S. ~~105-241.1(i)~~ 105-241.21 from the date that interest begins to accrue. Interest begins to accrue on an overpayment 30 days after the request for a refund is filed by the taxpayer with the board of county commissioners."

SECTION 24. G.S. 105-228.90(b) reads as rewritten:

"(b) Definitions. – The following definitions apply in this Article:

...

(7) Tax. – A tax levied under Subchapter I, V, or VIII of this Chapter, the primary forest product assessment levied under Article 12 of Chapter 113A of the General Statutes, or an inspection tax levied under Article 3 of Chapter 119 of the General Statutes. Unless the context clearly requires otherwise, the ~~terms "tax" and "additional tax" include~~ term "tax" includes penalties and interest as well as the principal amount.

..."

SECTION 25. G.S. 105-236(a)(4) reads as rewritten:

"(4) Failure to Pay Tax When Due. – In the case of failure to pay any tax when due, without intent to evade the tax, the Secretary shall assess a penalty equal to ten percent (10%) of the tax, ~~except that the penalty shall in no event be less than~~ subject to a minimum of five dollars ($5.00). This penalty does not apply in any of the following circumstances:

a. When the amount of tax shown as due on an amended return is paid when the return is filed.

b. When ~~a tax due but not shown on a return is assessed by~~ the Secretary proposes an assessment for tax due but not shown on a return and the tax due ~~and~~ is paid within ~~30~~45 days after the date of the ~~proposed~~ notice of proposed assessment of the tax."

SECTION 26. G.S. 105-239.1 reads as rewritten:

"**§ 105-239.1. Transferee liability.**

(a) Lien and Liability. – Property transferred for an inadequate consideration to a donee, heir, legatee, devisee, distributee, stockholder of a liquidated corporation, or any other person at a time when the transferor is insolvent or is rendered insolvent by reason of the transfer ~~shall be~~ is subject to a lien for any taxes owing by the transferor to the State of North Carolina at the time of the transfer whether or not the amount of the taxes

has been ascertained or assessed at the time of the transfer. G.S. 105-241 applies to this tax lien. In the event the transferee has disposed of the property so that it cannot be subjected to the State's tax lien, the transferee ~~shall be~~ is personally liable for the difference between the fair market value of the property at the time of the transfer and the actual consideration, if any, paid to the transferor by the transferee.

~~Upon a foreclosure of the State's tax lien upon property in the hands of a transferee, the value of any consideration that the transferee proves has been given to the transferor shall be paid to the transferee out of the proceeds of the foreclosure sale before applying the proceeds toward the satisfaction of the State's tax lien.~~

~~In order to proceed against the transferee or property in the transferee's hands, the Secretary shall cause to be docketed in the office of the clerk of the superior court of the county wherein the transferee resides or the property is located, as the case may be, a certificate of tax liability as provided in G.S. 105-242 or a lien certificate which shall set forth the amount of the lien as determined by the Secretary or as finally determined upon appeal and a description of the property subject to the lien. Thereafter, execution may be issued against the transferee as in the case of other money judgments except that no homestead or personal exemption shall be allowable or, upon a lien certificate, an execution may be issued directing the sheriff to seize the property subject to the lien and sell same in the same manner as property is sold under execution. Such procedure and collection shall be subject to the provisions of subsection (c) of this section.~~

(b) Procedure. – The Department may proceed to enforce a lien that arises under this section against property transferred by a taxpayer to another person or to hold that person liable for the tax due by sending the person a notice of proposed assessment in accordance with G.S. 105-241.9. The Department has the burden of establishing that a person to whom property was transferred is liable. The period of limitations for assessment of any liability against a transferee or enforcing the lien against the transferred property ~~shall expire~~ expires one year after the expiration of the period of limitations for assessment against the transferor.

(c) Proceeds. – When property transferred by a taxpayer to another person is sold to satisfy the lien that arises under this section, the person is entitled to receive from the proceeds of the sale the amount of consideration, if any, the person paid for the property. The proceeds must be applied for this purpose before they are applied to satisfy the lien. ~~The provisions of G.S. 105-241.1, 105-241.2, 105-241.3, 105-241.4, 105-266.1 and 105-267 with respect to assessment procedure, demand for refund, review, and appeal shall apply to the liability of any transferee assessed under this section or of any property subject to the liability imposed by this section and to the assertion of a lien upon property in the hands of the transferee.~~

~~(d) In any proceeding before the Tax Review Board or in any court of the State the burden of proof shall be upon the Secretary of Revenue to show that a person is liable as a transferee of property of a taxpayer under this section.~~"

SECTION 27. G.S. 105-242(a) reads as rewritten:

"(a) ~~Warrants for Collection of Taxes.~~ Levy and Sale. ~~If any tax levied by the State and payable to the Secretary has not been paid within 30 days after the taxpayer was given a notice of final assessment of the tax under G.S. 105-241.1(d1).~~ If a taxpayer

does not pay a tax within 30 days after it is collectible under G.S. 105-241.22, the Secretary may take either of the following actions to collect the tax:

(1) ~~The Secretary may issue~~ Issue a warrant ~~or an order under the Secretary's hand and official seal, directed to~~ directing the sheriff of any county of the ~~State, commanding him~~ State to levy upon and sell the real and personal property of the taxpayer found within the county for the payment of the ~~tax, including penalties and interest,~~ tax and the cost of executing the warrant and to return to the Secretary the money collected, within a time to be specified in the ~~warrant,~~ warrant but not less than 60 days from the date of the ~~warrant; the sheriff upon receipt of the warrant shall proceed in all respects with like effect and in the same manner prescribed by law in respect to~~ warrant. The procedure for executions issued against property upon judgments of a ~~court of record, and shall be entitled to the same fees for services in executing the warrant, to be collected in the same manner.~~ court apply to executions under a warrant.

(2) ~~The Secretary may issue~~ Issue a warrant ~~or order under the Secretary's hand and seal~~ to any revenue officer or other employee of the Department ~~of Revenue~~ charged with the duty to collect taxes, commanding the officer or employee to levy upon and sell the taxpayer's personal ~~property, including that described in G.S. 105-366(d),~~ property found within the State for the payment of the ~~tax, including penalties and interest.~~ tax. Except as otherwise provided in this subdivision, the levy upon ~~the~~ and sale of personal property ~~shall be governed by~~ by an officer or employee of the Department is subject to and must be conducted in accordance with the laws ~~regulating levy and~~ governing the sale of property levied upon under execution. The ~~person to whom the warrant is directed shall proceed to levy upon and sell the personal property subject to levy in the same manner and with the same powers and authority normally exercised by sheriffs in levying upon and selling personal property under execution, except that the property may be sold in any county, in the discretion of the Secretary. In addition to the notice of sale required by the laws governing sale of property levied upon under execution, the~~ Secretary may sell the property levied upon in any county and may advertise the sale in any reasonable manner and for any reasonable period of time to produce an adequate bid for the property. Levy and sale fees, plus actual advertising costs, ~~shall~~ must be added to and collected in the same manner as taxes. The Secretary is not required to file a report of sale with the clerk of superior court, ~~as required by the laws governing sale of property levied upon under execution,~~ if the sale is otherwise publicly reported."

SECTION 28. G.S. 105-242(b) reads as rewritten:

"(b) Garnishment and Attachment. – ~~Bank deposits, rents, salaries, wages, and all other choses in action or property incapable of manual levy or delivery, including property held in the Escheat Fund, hereinafter called the intangible, belonging, owing, or to become due to any taxpayer subject to any of the provisions of this Subchapter, or which has been transferred by such taxpayer under circumstances which would permit it to be levied upon if it were tangible, shall be subject to attachment or garnishment as herein provided, and the person owing said intangible, matured or unmatured, or having same in his possession or control, hereinafter called the garnishee, shall become liable for all sums due by the taxpayer under this Subchapter to the extent of the amount of the intangible belonging, owing, or to become due to the taxpayer subject to the setoff of any matured or unmatured indebtedness of the taxpayer to the garnishee; provided, however, the garnishee shall not become liable for any sums represented by or held pursuant to any negotiable instrument issued and delivered by the garnishee to the taxpayer and negotiated by the taxpayer to a bona fide holder in due course, and whenever any sums due by the taxpayer and subject to garnishment are so held or represented, the garnishee shall hold such sums for payment to the Secretary of Revenue upon the garnishee's receipt of such negotiable instrument, unless such instrument is presented to the garnishee for payment by a bona fide holder in due course in which event such sums may be paid in accordance with such instrument to such holder in due course. To effect such attachment or garnishment the Secretary of Revenue shall serve or cause to be served upon the taxpayer and the garnishee a notice as hereinafter provided, which notice may be served by any deputy or employee of the Secretary of Revenue or by any officer having authority to serve summonses or may be served in any manner provided in Rule 4 of the North Carolina Rules of Civil Procedure. The notice shall:~~

~~(1) Show the name of the taxpayer, and if known his Social Security number or federal tax identification number and his address;~~

~~(2) Show the nature and amount of the tax, and the interest and penalties thereon, and the year or years for which the same were levied or assessed, and~~

~~(3) Be accompanied by a copy of this subsection, and thereupon the procedure shall be as follows:~~

~~If the garnishee has no defense to offer or no setoff against the taxpayer, he shall within 10 days after service of said notice, answer the same by sending to the Secretary of Revenue by registered or certified mail a statement to that effect, and if the amount due or belonging to the taxpayer is then due or subject to his demand, it shall be remitted to the Secretary with said statement, but if said amount is to mature in the future, the statement shall set forth that fact and the same shall be paid to the Secretary upon maturity, and any payment by the garnishee hereunder shall be a complete extinguishment of any liability therefor on his part to the taxpayer. If the garnishee has any defense or setoff, he shall state the same in writing under oath, and, within 10 days after service of said notice, shall send two copies of said statement to the Secretary by registered or certified mail; if the Secretary admits such defense or setoff, he shall so advise the garnishee in writing within 10 days after receipt of such statement and the~~

~~attachment or garnishment shall thereupon be discharged to the amount required by such defense or setoff, and any amount attached or garnished hereunder which is not affected by such defense or setoff shall be remitted to the Secretary as above provided in cases where the garnishee has no defense or setoff, and with like effect. If the Secretary shall not admit the defense or setoff, he shall set forth in writing his objections thereto and shall send a copy thereof to the garnishee within 10 days after receipt of the garnishee's statement, or within such further time as may be agreed on by the garnishee, and at the same time he shall file a copy of said notice, a copy of the garnishee's statement, and a copy of his objections thereto in the superior court of the county where the garnishee resides or does business where the issues made shall be tried as in civil actions.~~

~~If judgment is entered in favor of the Secretary of Revenue by default or after hearing, the garnishee shall become liable for the taxes, interest and penalties due by the taxpayer to the extent of the amount over and above any defense or setoff of the garnishee belonging, owing, or to become due to the taxpayer, but payments shall not be required from amounts which are to become due to the taxpayer until the maturity thereof, nor shall more than ten percent (10%) of any taxpayer's salary or wages be required to be paid hereunder in any one month as provided in subdivision (e)(4) of this section. The garnishee may satisfy said judgment upon paying said amount, and if he fails to do so, execution may issue as provided by law. From any judgment or order entered upon such hearing either the Secretary of Revenue or the garnishee may appeal as provided by law. If, before or after judgment, adequate security is filed for the payment of said taxes, interest, penalties, and costs, the attachment or garnishment may be released or execution stayed pending appeal, but the final judgment shall be paid or enforced as above provided. The taxpayer's sole remedies to question his liability for said taxes, interest, and penalties shall be those provided in this Subchapter, as now or hereafter amended or supplemented. If any third person claims any intangible attached or garnished hereunder and his lawful right thereto, or to any part thereof, is shown to the Secretary, he shall discharge the attachment or garnishment to the extent necessary to protect such right, and if such right is asserted after the filing of said copies as aforesaid, it may be established by interpleader as now or hereafter provided by law in cases of attachment and garnishment. In case such third party has no notice of proceedings hereunder, he shall have the right to file his petition under oath with the Secretary at any time within 12 months after said intangible is paid to him and if the Secretary finds that such party is lawfully entitled thereto or to any part thereof, he shall pay the same to such party as provided for refunds by G.S. 105-266.1, and if such payment is denied, said party may appeal from the determination of the Secretary under the provisions of G.S. 105-241.4; provided, that in taking an appeal to the superior court, said party may appeal either to the Superior Court of Wake County or to the superior court of the county wherein he resides or does business. The intangibles of a taxpayer shall be paid or collected hereunder only to the extent necessary to satisfy said taxes, interest, penalties, and costs. Except as hereinafter set forth, the remedy provided in this section shall not be resorted to unless a warrant for collection or execution against the taxpayer has been returned unsatisfied: Provided, however, if the Secretary~~

~~is of opinion that the only effective remedy is that herein provided, it shall not be necessary that a warrant for collection or execution shall be first returned unsatisfied, and in no case shall it be a defense to the remedy herein provided that a warrant for collection or execution has not been first returned unsatisfied.~~

~~This subsection shall be applicable with respect to the wages, salary or other compensation of officials and employees of this State and its agencies and instrumentalities, officials and employees of political subdivisions of this State and their agencies and instrumentalities, and also officials and employees of the United States and its agencies and instrumentalities insofar as the same is permitted by the Constitution and laws of the United States. In the case of State or federal employees, the notice shall be served upon such employee and upon the head or chief fiscal officer of the department, agency, instrumentality or institution by which the taxpayer is employed. In case the taxpayer is an employee of a political subdivision of the State, the notice shall be served upon such employee and upon the chief fiscal officer, or any officer or person charged with making up the payrolls, or disbursing funds, of the political subdivision by which the taxpayer is employed. Such head or chief officer or fiscal officer or other person as specified above shall thereafter, subject to the limitations herein provided, make deductions from the salary or wages due or to become due the taxpayer and remit same to the Secretary until the tax, penalty, interest and costs allowed by law are fully paid. Such deductions and remittances shall, pro tanto, constitute a satisfaction of the salary or wages due the taxpayer.~~ Intangible property that belongs to a taxpayer, is owed to a taxpayer, or has been transferred by a taxpayer under circumstances that would permit it to be levied upon if it were tangible property is subject to attachment and garnishment in payment of a tax that is due from the taxpayer and is collectible under G.S. 105-241.22. Intangible personal property includes bank deposits, rent, salaries, wages, property held in the Escheat Fund, and any other property incapable of manual levy or delivery. A person who is in possession of intangible property that is subject to attachment and garnishment is the garnishee and is liable for the amount the taxpayer owes. The liability applies only to the amount of the taxpayer's property in the garnishee's possession, reduced by any amount the taxpayer owes the garnishee. G.S. 105-242.1 sets out the procedure for attachment and garnishment of intangible property.

No more than ten percent (10%) of a taxpayer's wages or salary is subject to attachment and garnishment. The wages or salary of an employee of the United States, the State, or a political subdivision of the State are subject to attachment and garnishment."

SECTION 29. Article 9 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-242.1. Procedure for attachment and garnishment.**

(a) Notice. – G.S. 105-242 specifies when intangible property is subject to attachment and garnishment. Before the Department attaches and garnishes intangible property in payment of a tax, the Department must send the garnishee a notice of garnishment. The notice must be sent in accordance with the methods authorized in

G.S. 105-241.20 or by registered or certified mail. The notice must contain all of the following information:

(1) The taxpayer's name, address, and social security number or federal identification number.

(2) The type of tax the taxpayer owes and the tax periods for which the tax is owed.

(3) The amount of tax, interest, and penalties the taxpayer owes.

(4) An explanation of the liability of a garnishee for tax owed by a taxpayer.

(5) An explanation of the garnishee's responsibility concerning the notice.

(b) Action. – Within 30 days after receiving a notice of garnishment, a garnishee must comply with the garnishment or file a written response to the notice. A written response must explain why the garnishee is not subject to garnishment and attachment. Upon receipt of the written response, the Department must contact the garnishee and schedule a conference to discuss the response or inform the garnishee of the Department's position concerning the response. If the Department does not agree with the garnishee on the garnishee's liability, the Department may proceed to enforce the garnishee's liability for the tax by sending the garnishee a notice of proposed assessment in accordance with G.S. 105-241.9.

(c) Release. – When the Department releases a garnishee from liability, the Department must send the garnishee a letter of release. The letter must identify the taxpayer to whom the release applies and contain the identifying information about the taxpayer that is required under subsection (a) on a notice of garnishment."

SECTION 30. G.S. 105-242(c) reads as rewritten:

"(c) Certificate ~~or Judgment for Taxes.~~ of Tax Liability. ~~In addition to the remedy herein provided, the Secretary of Revenue is authorized and empowered to make a certificate setting forth the essential particulars relating to the said tax, including the amount thereof, the date when the same was due and payable, the person, firm, or corporation chargeable therewith, and the nature of the tax, and under his hand and seal transmit the same to the clerk of the superior court of any county in which the delinquent taxpayer resides or has property; whereupon, it shall be the duty of the clerk of the superior court of the county to docket the said certificate and index the same on the cross-index of judgments, and execution may issue thereon with the same force and effect as an execution upon any other judgment of the superior court (said tax shall become a lien on realty only from the date of the docketing of such certificate in the office of the clerk of the superior court and on personalty only from the date of the levy on such personalty and upon the execution thereon no homestead or personal property exemption shall be allowed except as provided in subdivision (c)(1) of this section).~~ The Department may file a certificate of tax liability to collect a tax that is owed by a taxpayer and is collectible under G.S. 105-241.22. A certificate of tax liability must state the taxpayer's name and the type and amount of tax owed. If the taxpayer resides in this State or has property in this State, the Department must file the certificate of tax liability with the clerk of the superior court of a county in which the taxpayer resides or

has property. If the taxpayer does not reside in this State or have property in this State, the Department must file the certificate of tax liability in Wake County.

The clerk of court must record a certificate of tax liability in the same manner as a judgment. A recorded certificate of tax liability is considered a judgment and is enforceable in the same manner as other judgments. The legal rate of interest set in G.S. 24-1 applies to the principal amount of tax stated on the certificate of tax liability. The tax stated on a certificate of tax liability is a lien on real and personal property from the date the certificate is recorded.

~~Except as provided in G.S. 105-241.2(e) for jeopardy levies, no sale of real or personal property shall be made under any execution issued on a certificate docketed pursuant to the provisions of this subsection before the administrative action of the Secretary of Revenue or the Tax Review Board is completed when a hearing has been requested of the Secretary or a petition for review has been filed with the Tax Review Board, nor shall such sale be made before the assessment on which the certificate is based becomes final when there is no request for a hearing before the Secretary or petition for review by the Tax Review Board. Neither the title to real estate nor to personal property sold under execution issued upon a certificate docketed under this subsection shall be drawn in question upon the ground that the administrative action contemplated by this paragraph was not completed prior to the sale of such property under execution. Nothing in this paragraph shall prevent the sheriff to whom an execution is issued from levying upon either real or personal property pending an administrative determination of tax liability and, in the case of personal property, the sheriff may hold such property in his custody or may restore the execution defendant to the possession thereof upon the giving of a sufficient forthcoming bond. Upon a final administrative determination of the tax liability being had, if the assessment or any part thereof is sustained, the sheriff shall, upon request of the Secretary of Revenue, proceed to advertise and sell the property under the original execution notwithstanding the original return date of the execution may have expired.~~

~~The owner of tangible property seized under this section may request the Secretary to authorize the sale of the property under execution within 60 or more days after the request is made. The Secretary shall authorize the sale unless the Secretary finds that selling the property would not be in the best interests of the State. When property is sold at the request of the owner, the Department shall receive from the sale of the property the administrative expenses it incurred in having the property sold.~~

~~A certificate or judgment in favor of the State or the Secretary of Revenue for taxes payable to the Department of Revenue, whether docketed before or after the effective date of this paragraph, shall be valid and enforceable for a period of 10 years from the date of docketing. When any such certificate or judgment, whether docketed before or after the effective date of this paragraph, remains unsatisfied for 10 years from the date of its docketing, the same shall be unenforceable and the tax represented thereby shall abate. Upon the expiration of said 10-year period, the Secretary of Revenue or his duly authorized deputy shall cancel of record said certificate or judgment. Any such certificate or judgment now on record which has been docketed for more than 10 years shall, upon the request of any interested party, be canceled of record by the Secretary of~~

~~Revenue or his duly authorized deputy; provided, in the event of the death of the judgment debtor or his absence from the State before the expiration of the 10-year period herein provided, the running of said 10-year period shall be stopped for the period of his absence from the State or during the pendency of the settlement of the estate and for one year thereafter, and the time elapsed during the pendency of any action or actions to set aside the judgment debtor's conveyance or conveyances as fraudulent, or the time during the pendency of any insolvency proceeding, or the time during the existence of any statutory or judicial bar to the enforcement of the judgment shall not be counted in computing the running of said 10-year period. And, provided further, that any execution sale which has been instituted upon any such judgment before the expiration of the 10-year period may be completed after the expiration of the 10-year period, notwithstanding the fact that resales may be required because of the posting of increased bids. Provided further, that, notwithstanding the expiration of the 10-year period provided and notwithstanding the fact that no proceedings to collect the judgment by execution or otherwise has been commenced within the 10-year period, the Secretary of Revenue may accept any payments tendered upon said judgments after the expiration of said 10-year period.~~A certificate of tax liability is enforceable for a period of 10 years from the date it is recorded. If the certificate is not satisfied within this period, the remaining liability of the taxpayer is abated and the Department must cancel the certificate. An execution sale initiated before the end of the 10-year period may be completed after the end of this period, regardless of whether resales are required because of the posting of increased bids. The Secretary may accept tax payments made after a certificate has expired, regardless of whether any collection actions were taken before the certificate expired. A taxpayer may waive the 10-year period for enforcement of the certificate for either a definite or an indefinite time.

The 10-year period in which a certificate of tax liability is enforceable is tolled during the following periods:

(1) While the taxpayer is absent from the State. The period is tolled during the taxpayer's absence plus one year after the taxpayer returns.

(2) Upon the death of the taxpayer. The period is tolled while the taxpayer's estate is administered plus one year after the estate is closed.

(3) While an action is pending to set aside a conveyance made by the taxpayer as a fraudulent conveyance.

(4) While an insolvency proceeding against the taxpayer is pending.

(5) During the period of any statutory or judicial bar to the enforcement of the certificate.

(6) The period for which a taxpayer has waived the 10-year period."

SECTION 31. G.S. 105-243 reads as rewritten:

"**§ 105-243. Taxes recoverable by action.**

~~Upon the failure of any corporation to pay the taxes, fees, and penalties prescribed by this Subchapter, the Secretary of Revenue may certify same to the sheriff of the county in which such company may own property, for collection as provided in this Subchapter; and if collection is not made, such taxes or fees and penalties thereon may be recovered in an action in the name of the State, which may be brought in the Superior~~

~~Court of Wake County, or in any county in which such corporation is doing business, or any county in which such corporation owns property. The Attorney General, on request of the Secretary of Revenue, shall institute such action in the Superior Court of Wake County, or of any such county as the Secretary of Revenue may direct. In any such action it shall be sufficient to allege that the tax, fee, or penalty sought to be recovered is delinquent, and that the same has been unpaid for the period of 30 days after due date.~~ When requested by the Secretary, the Attorney General must bring an action to recover the amount of tax that is due from a taxpayer and is collectible under G.S. 105-241.22. In the action, the taxpayer may not challenge the liability for the tax. A judgment in the action has the same priority as a tax lien. The judgment is not subject to a claim for a homestead exemption. The action must be brought in one of the following:

(1) The Superior Court of Wake County.
(2) The taxpayer's county of residence.
(3) A county where the taxpayer owns real property.
(4) The county in which the taxpayer has its principal place of business.
(5) A court of competent jurisdiction of another state."

SECTION 32. G.S. 105-243.1 reads as rewritten:

"**§ 105-243.1. Collection of tax debts.**

(a) Definitions. – The following definitions apply in this section:

(1) Overdue tax debt. – Any part of a tax debt that remains unpaid 90 days or more after ~~the notice of final assessment was mailed to the taxpayer.~~ it becomes collectible under G.S. 105-241.22. The term does not include a tax ~~debt, however, if~~ debt for which the taxpayer entered into an installment agreement for the tax debt under G.S. 105-237 within 90 days after ~~the notice of final assessment was mailed and~~ the tax debt became collectible, if the taxpayer has not failed to make any payments due under the installment agreement.

(2) Tax debt. – The total amount of tax, penalty, and interest ~~due for which a notice of final assessment has been mailed to a taxpayer after the taxpayer no longer has the right to contest the debt.~~collectible under G.S. 105-241.22.

(b) Outsourcing. – The Secretary may contract for the collection of tax debts owed by nonresidents and foreign entities. At least 30 days before the Department submits a tax debt to a contractor for collection, the Department must notify the taxpayer by mail that the debt may be submitted for collection if payment is not received within 30 days after the notice was mailed.

(c) Secrecy. – A contract for the collection of tax debts is conditioned on compliance with G.S. 105-259. If a contractor violates G.S. 105-259, the contract is terminated, and the Secretary must notify the contractor of the termination. A contractor whose contract is terminated for violation of G.S. 105-259 is not eligible for an award of another contract under this section for a period of five years from the termination. These sanctions are in addition to the criminal penalties set out in G.S. 105-259.

(d) Fee. – A collection assistance fee is imposed on an overdue tax debt that remains unpaid 30 days or more after the fee notice required by this subsection is

mailed to the taxpayer. In order to impose a collection assistance fee on a tax debt, the Department must notify the taxpayer that the fee will be imposed if the tax debt is not paid in full within 30 days after the date the fee notice was mailed to the taxpayer. The Department may not mail the fee notice earlier than 60 days after ~~the notice of final assessment for the tax debt was mailed to the taxpayer.~~ the tax debt becomes collectible under G.S. 105-241.22. The fee is collectible as part of the debt. The Secretary may waive the fee pursuant to G.S. 105-237 to the same extent as if it were a penalty.

The amount of the collection assistance fee is twenty percent (20%) of the amount of the overdue tax debt. If a taxpayer pays only part of an overdue tax debt, the payment is credited proportionally to fee revenue and tax revenue.

(e) Use. – The fee is a receipt of the Department and must be applied to the costs of collecting overdue tax debts. The proceeds of the fee must be credited to a special account within the Department and may be expended only as provided in this subsection. The proceeds of the fee may not be used for any purpose that is not directly and primarily related to collecting overdue tax debts. The Department may apply the proceeds of the fee for the purposes listed in this subsection. The remaining proceeds of the fee may be spent only pursuant to appropriation by the General Assembly. The fee proceeds do not revert but remain in the special account until spent for the costs of collecting overdue tax debts. The Department and the Office of State Budget and Management must account for all expenditures using accounting procedures that clearly distinguish costs allocable to collecting overdue tax debts from costs allocable to other purposes and must demonstrate that none of the fee proceeds are used for any purpose other than collecting overdue tax debts.

The Department may apply the fee proceeds for the following purposes:

(1) To pay contractors for collecting overdue tax debts under subsection (b) of this section.

(2) To pay the fee the United States Department of the Treasury charges for setoff to recover tax owed to North Carolina.

(3) To pay for taxpayer locater services, not to exceed one hundred fifty thousand dollars ($150,000) a year.

(4) To pay for postage or other delivery charges for correspondence directly and primarily relating to collecting overdue tax debts, not to exceed three hundred fifty-three thousand dollars ($353,000) a year.

(5) To pay for operating expenses for Project Collection Tax and the Taxpayer Assistance Call Center.

(6) To pay for expenses of the Examination and Collection Division directly and primarily relating to collecting overdue tax debts.

(f) Reports. – The report of Department activities required by G.S. 105-256 contains information on the Department's efforts to collect tax debts and its use of the proceeds of the collection assistance fee."

SECTION 33. G.S. 105-253(b) reads as rewritten:

"(b) Each responsible officer is personally and individually liable for all of the following:

(1) All sales and use taxes collected by a corporation or a limited liability company upon its taxable transactions.

(2) All sales and use taxes due upon taxable transactions of a corporation or a limited liability company but upon which it failed to collect the tax, but only if the person knew, or in the exercise of reasonable care should have known, that the tax was not being collected.

(3) All taxes due from a corporation or a limited liability company pursuant to the provisions of Articles 36C and 36D of Subchapter V of this Chapter and all taxes payable under those Articles by it to a supplier for remittance to this State or another state.

(4) All income taxes required to be withheld from the wages of employees of a corporation or a limited liability company.

The liability of the responsible officer is satisfied upon timely remittance of the tax by the corporation or the limited liability company. If the tax remains unpaid after it is due and payable, the Secretary may ~~assess the tax against and collect the tax from any responsible officer in accordance with the procedures in this Article for assessing and collecting tax from a taxpayer.~~ proceed to enforce the responsible officer's liability for the tax by sending the responsible officer a notice of proposed assessment in accordance with G.S. 105-241.9. As used in this section, the term "responsible officer" means the ~~president and the treasurer~~ president, treasurer, and chief financial officer of a corporation, the manager of a limited liability company, and any other officer of a corporation or member of a limited liability company who has a duty to deduct, account for, or pay taxes listed in this subsection. Any penalties that may be imposed under G.S. 105-236 and that apply to a deficiency also apply to an assessment made under this section. ~~The provisions of this Article apply to an assessment made under this section to the extent they are not inconsistent with this section.~~

The period of limitations for assessing a responsible officer for unpaid taxes under this section expires one year after the expiration of the period of limitations for assessment against the corporation or limited liability company."

SECTION 34. The caption for G.S. 105-256 reads as rewritten:

"**§ 105-256. ~~Reports~~ Publications prepared by Secretary of Revenue.**"

SECTION 35. G.S. 105-256(a) reads as rewritten:

"(a) ~~Reports.~~ Publications. – The Secretary shall prepare and publish the following:

...

(9) A final decision of the Secretary in a contested tax case. The Secretary must redact identifying taxpayer information from a final decision prior to publication."

SECTION 36. G.S. 105-258.1(a) reads as rewritten:

"(a) Scope. – This section applies to in-person interviews between a taxpayer and an officer or employee of the Department relating to the determination or collection of a tax, other than an in-person interview concerning any of the following:

(1) A criminal investigation.

(2) The determination or collection of a tax imposed by Article 2D of this Chapter.

~~(3) The assessment under G.S. 105-241.1(g) of a tax whose collection is in jeopardy.~~

(4) ~~The levy or execution under G.S. 105-241.2(e) of an assessment whose collection is in jeopardy.~~A jeopardy assessment and collection."

SECTION 37. G.S. 105-259(b) reads as rewritten:

"(b) Disclosure Prohibited. – An officer, an employee, or an agent of the State who has access to tax information in the course of service to or employment by the State may not disclose the information to any other person unless the disclosure is made for one of the following purposes:

...

(1a) To comply with a discovery request in accordance with G.S. 150B-28 in a contested tax case arising under G.S. 105-241.15.

..."

SECTION 38. G.S. 105-262(a) reads as rewritten:

"(a) The Secretary of Revenue may adopt rules needed to administer a tax collected by the Secretary or to fulfill another duty delegated to the Secretary. ~~The Tax Review Board shall review a new rule or a change to a rule before it is filed in the North Carolina Administrative Code~~. G.S. 150B-1 and Article 2A of Chapter 150B of the General Statutes set out the procedure for the adoption of rules by the Secretary."

SECTION 39. G.S. 105-449.39 reads as rewritten:

"**§ 105-449.39. Credit for payment of motor fuel tax.**

Every motor carrier subject to the tax levied by this Article is entitled to a credit on its quarterly report for tax paid by the carrier on fuel purchased in the State. The amount of the credit is determined using the flat cents-per-gallon rate plus the variable cents-per-gallon rate of tax in effect during the quarter covered by the report. To obtain a credit, the motor carrier must furnish evidence satisfactory to the Secretary that the tax for which the credit is claimed has been paid.

If the amount of a credit to which a motor carrier is entitled for a quarter exceeds the motor carrier's liability for that quarter, the ~~Secretary must refund the excess to the motor carrier in accordance with G.S. 105-266(a)(3).~~excess is refundable in accordance with G.S. 105-241.7."

SECTION 40. G.S. 105-449.119 reads as rewritten:

"**§ 105-449.119. ~~Hearing on~~ Review of civil penalty assessment.**

A person who denies liability for a penalty imposed under this Part must pay the penalty ~~under protest~~ and ~~make a written demand to the Department of Revenue for a refund. The written demand must be made within 30 days after the penalty is imposed and must explain why the person is not liable for the penalty. Upon receiving a demand for a refund, the Secretary must schedule a hearing on the matter before an employee or an agent of the Department. The hearing must be held within 30 days after receiving the written demand for a refund. If, after the hearing, the Department determines that the person was not liable for the penalty, the amount collected must be refunded. If, after the hearing, the Department determines that the person was liable for the penalty, the~~

~~person paying the penalty may appeal the imposition of the penalty in accordance with G.S. 105-241.2, 105-241.3, and 105-241.4.~~ file a request for a Departmental review of the penalty. The request must be filed within the time set in G.S. 105-241.11 for requesting a Departmental review of a proposed assessment. The procedures in Article 9 of this Chapter for review of a proposed assessment apply to the review of the penalty. The date the penalty was imposed is considered the date the notice of proposed assessment was delivered to the taxpayer."

SECTION 41. Article 3 of Chapter 150B is amended by adding the following new section:

"**§ 150B-31.1. Contested tax cases.**

(a) Application. – This section applies only to contested tax cases. A contested tax case is a case involving a disputed tax matter arising under G.S. 105-241.15. To the extent any provision in this section conflicts with another provision in this Article, this section controls.

(b) Simple Procedures. – The Chief Administrative Law Judge may limit and simplify the procedures that apply to a contested tax case involving a taxpayer who is not represented by an attorney. An administrative law judge assigned to a contested tax case must make reasonable efforts to assist a taxpayer who is not represented by an attorney in order to assure a fair hearing.

(c) Venue. – A hearing in a contested tax case must be conducted in Wake County, unless the parties agree to hear the case in another county.

(d) Law Enforcement Reports. – A report of a law enforcement agency is admissible without testimony from personnel of the law enforcement agency.

(e) Confidentiality. – The record, proceedings, and decision in a contested tax case are confidential until the final decision is issued in the case."

SECTION 42. G.S. 150B-45 reads as rewritten:

"**§ 150B-45. Procedure for seeking review; waiver.**

(a) Procedure. – To obtain judicial review of a final decision under this Article, the person seeking review must file a petition within 30 days after the person is served with a written copy of the decision. The petition must be filed as follows:

(1) Contested Tax Cases. – A petition for review of a final decision in a contested tax case arising under G.S. 105-241.15 must be filed in the Superior Court of Wake County.

(2) Other Final Decisions. – A petition for review of any other final decision under this Article must be filed in the Superior Court of Wake County or in the superior court of the county where the person resides.

~~The person seeking review must file the petition within 30 days after the person is served with a written copy of the decision.~~

(b) Waiver. – A person who fails to file a petition within the required time waives the right to judicial review under this Article. For good cause shown, however, the superior court may accept an untimely petition."

SECTION 43. In the General Statutes, references to the following statutes repealed by this act are deleted and substituted as provided in this section. The Revisor

of General Statutes is authorized to change the references in accordance with this section.

(1) References to the following statutory provisions repealed by this act are substituted with a reference to G.S. 105-241.21:
a. G.S. 105-241.1(i).
b. G.S. 105-241.1 in G.S. 105-160.4, G.S. 105-187.10, and G.S. 150B-2.
c. G.S. 105-266 in G.S. 105-266.2, G.S. 105A-5, and G.S. 105A-8.

(2) References to former G.S. 105-241.1(g) and G.S. 105-241.2(e) are substituted with a reference to G.S. 105-241.23.

SECTION 44. G.S. 105-130.5(a) is amended by adding a new subdivision to read:

'(19) The dividend paid deduction allowed under the Code to a captive REIT, as defined in G.S. 105-130.12.'

SECTION 45. G.S. 105-130.5(b) is amended by adding a new subdivision to read:

'(23) A dividend received from a captive REIT, as defined in G.S. 105-130.12.'

SECTION 46. G.S. 105-130.12 reads as rewritten:

'**§ 105-130.12. ~~Regulated investment companies and real~~ Real estate investment trusts.**

~~Any organization or trust which, in the opinion of the Secretary of Revenue of North Carolina, qualifies as either a "regulated investment company" under section 851 of the Code or as a "real estate investment trust" under section 856 of the Code and which files with the North Carolina Department of Revenue its election to be treated as a "regulated investment company," or as a "real estate investment trust" shall be taxed under this Part upon only that part of its net income which is not distributed or declared for distribution to shareholders during the income year or by the time required by law for the filing of the return for the income year including the period of any extension of time granted for filing such return.~~

(a) Definitions. – The following definitions apply in this section:

(1) Captive REIT. – A REIT whose shares or certificates of beneficial interest are not regularly traded on an established securities market and are owned or controlled, at any time during the last half of the tax year, by a person that is subject to tax under this Part and is not a REIT or a listed Australian property trust.

(2) Own or control. – To own or control directly , indirectly, beneficially, or constructively more than fifty percent (50%) of the voting power or value of an entity. The attribution rules of section 318 of the code, as modified by section 856(d)(5) of the Code, apply in determining ownership and control.

(3) REIT. – A trust or another entity that qualifies as a real estate investment trust under section 856 of the Code.

(b) Tax. – The income of a REIT is taxable under this Part in accordance with the Code, unless the REIT is a captive REIT. A captive REIT is required to add to its federal taxable income the amount of a dividend paid deduction allowed under the Code, as provided in G.S. 105-130.5.'

SECTION 47. G.S. 105-241.10, as enacted by Section 1 of this act, and Sections 7, 14, 15, 16, 21, 44, 45, and 46 are effective for taxable years beginning on or after January 1, 2007. The remainder of this act becomes effective January 1, 2008. The procedures for review of disputed tax matters enacted by this act apply to assessments of tax that are not final as of the effective date of this act and to claims for refund pending on or filed on or after the effective date of this act. This act does not affect matters for which a petition for review was filed with the Tax Review Board under G.S. 105-241.2 before the effective date of this act. The repeal of G.S. 105-122(c) and G.S. 105-130.4(t) and Sections 11 and 12 apply to requests for alternative apportionment formulas filed on or after the effective date of this act. A petition filed with the Tax Review Board for an apportionment formula before the effective date of this act is considered a request under G.S. 105-122(c1) or G.S. 105-130.4(t1), as appropriate.

A BILL TO BE ENTITLED

AN ACT TO REFORM THE PROCESS FOR ADMINISTRATIVE AND JUDICIAL REVIEW OF DISPUTED TAX MATTERS AND TO LIMIT A CORPORATION'S ABILITY TO USE REAL ESTATE INVESTMENT TRUSTS TO AVOID STATE TAXES.

The General Assembly of North Carolina enacts:

SECTION 1. Article 9 of Chapter 105 is amended by adding the following new sections to read:

"**§ 105-241.6. Statute of limitations for refunds.**

(a) General. – The general statute of limitations for obtaining a refund of an overpayment applies unless a different period applies under subsection (b) of this section. The general statute of limitations for obtaining a refund of an overpayment is the later of the following:

(1) Three years after the due date of the return.

(2) Two years after payment of the tax.

(b) Exceptions. – The exceptions to the general statute of limitations for obtaining a refund of an overpayment are as follows:

(1) Federal Determination. – If a taxpayer files a return reflecting a federal determination and the return is filed within the time required by this Subchapter, the period for requesting a refund is one year after the return reflecting the federal determination is filed or three years after the original return was filed or due to be filed, whichever is later.

(2) Waiver. – A taxpayer's waiver of the statute of limitations for making a proposed assessment extends the period in which the taxpayer can obtain a refund to the end of the period extended by the waiver.

(3) Worthless Debts or Securities. – Section 6511(d)(1) of the Code applies to an overpayment of the tax levied in Part 2 or 3 of Article 4

of this Chapter to the extent the overpayment is attributable to either of the following:

a. The deductibility by the taxpayer under section 166 of the Code of a debt that becomes worthless, or under section 165(g) of the Code of a loss from a security that becomes worthless.

b. The effect of the deductibility of a debt or loss described in subpart a. of this subdivision on the application of a carryover to the taxpayer.

(4) Capital Loss and Net Operating Loss Carrybacks. – Section 6511(d)(2) of the Code applies to an overpayment of the tax levied in Part 2 or 3 of Article 4 of this Chapter to the extent the overpayment is attributable to a capital loss carryback under section 1212(c) of the Code or to a net operating loss carryback under section 172 of the Code.

"**§ 105-241.7. Procedure for obtaining a refund.**

(a) Initiated by Department. – The Department must refund an overpayment made by a taxpayer when the Department processes a return and finds all of the following:

(1) The statute of limitations for obtaining a refund has not expired.

(2) The amount shown due on the return is not correct.

(3) The correction of the amount due shows that the taxpayer has overpaid the tax.

(b) Initiated by Taxpayer. – A taxpayer may request a refund of an overpayment made by the taxpayer by taking one of the following actions within the statute of limitations for obtaining a refund:

(1) Filing an amended return reflecting an overpayment due the taxpayer.

(2) Filing a claim for refund. The claim must identify the taxpayer, the type and amount of tax overpaid, the filing period to which the overpayment applies, and the basis for the claim. The taxpayer's statement of the basis of the claim does not limit the taxpayer from changing the basis.

(c) Action on Request. – When a taxpayer files an amended return or a claim for refund, the Department must take one of the actions listed in this subsection within six months after the date the amended return or claim for refund is filed. If the Department does not take one of these actions within this time limit, the inaction is considered a proposed denial of the requested refund.

(1) Send the taxpayer a refund of the amount shown due on the amended return or claim for refund.

(2) Adjust the amount of the requested refund by increasing or decreasing the amount shown due on the amended return or claim for refund and send the taxpayer a refund of the adjusted amount. If the adjusted amount is less than the amount shown due on the amended return or claim for refund, the adjusted refund must include a reason for the adjustment. The adjusted refund is considered a notice of proposed

denial for the amount of the requested refund that is not included in the adjusted refund.

(3) Deny the refund and send the taxpayer a notice of proposed denial.

(4) Send the taxpayer a letter requesting additional information concerning the requested refund. If a taxpayer does not respond to a request for information, the Department may deny the refund and send the taxpayer a notice of proposed denial. If a taxpayer provides the requested information, the Department must take one of the actions listed in this subsection within the later of the following:

a. The remainder of the six-month period.

b. 30 days after receiving the information.

c. A time period mutually agreed upon by the Department and the taxpayer.

(d) Notice. – A notice of a proposed denial of a request for refund must contain the following information:

(1) The basis for the proposed denial. The statement of the basis of the denial does not limit the Department from changing the basis.

(2) The circumstances under which the proposed denial will become final.

(e) Restrictions. – The Department may not refund any of the following:

(1) Until a taxpayer files a final return for a tax period, an amount paid before the final return is filed.

(2) An overpayment set off under Chapter 105A, the Setoff Debt Collection Act, or under another setoff debt collection program authorized by law.

(3) An income tax overpayment the taxpayer has elected to apply to another purpose as provided in this Article.

(4) An individual income tax overpayment of less than one dollar ($1.00) or another tax overpayment of less than three dollars ($3.00), unless the taxpayer files a written claim for the refund.

(f) Effect of Denial or Refund. – A proposed denial of a refund by the Secretary is presumed to be correct. A refund does not absolve a taxpayer of a tax liability that may in fact exist. The Secretary may propose an assessment for any deficiency as provided in this Article.

"**§ 105-241.8. Statute of limitations for assessments.**

(a) General. – The general statute of limitations for proposing an assessment applies unless a different period applies under subsection (b) of this section. The general statute of limitations for proposing an assessment is the later of the following:

(1) Three years after the due date of the return.

(2) Three years after the taxpayer filed the return.

(b) Exceptions. – The exceptions to the general statute of limitations for proposing an assessment are as follows:

(1) Federal Determination. – If a taxpayer files a return reflecting a federal determination and the return is filed within the time required by this Subchapter, the period for proposing an assessment of any tax due is

one year after the return is filed or three years after the original return was filed or due to be filed, whichever is later. If there is a federal determination and the taxpayer does not file the return within the required time, the period for proposing an assessment of any tax due is three years after the date the Secretary received the final report of the federal determination.

(2) Failure to File or Filing False Return. – There is no statute of limitations and the Secretary may propose an assessment of tax due from a taxpayer at any time if any of the following applies:

a. The taxpayer did not file a return.

b. The taxpayer filed a fraudulent return.

c. The taxpayer attempted in any manner to fraudulently evade or defeat the tax.

(3) Tax Forfeiture. – If a taxpayer forfeits a tax credit or tax benefit pursuant to forfeiture provisions of this Chapter, the period for proposing an assessment of any tax due as a result of the forfeiture is three years after the date of the forfeiture.

(4) Nonrecognition of Gain. – If a taxpayer elects under section 1033(a)(2)(A) of the Code not to recognize gain from involuntary conversion of property into money, the period for proposing an assessment of any tax due as a result of the conversion or election is the applicable period provided under section 1033(a)(2)(C) or section 1033(a)(2)(D) of the Code.

"**§ 105-241.9. Procedure for proposing an assessment.**

(a) Authority. – The Secretary may propose an assessment against a taxpayer for tax due from the taxpayer. The Secretary must base a proposed assessment on the best information available. A proposed assessment of the Secretary is presumed to be correct.

(b) Time Limit. – The Secretary must propose an assessment within the statute of limitations for proposed assessments unless the taxpayer waives the limitations period in writing. A taxpayer may waive the limitations period for either a definite or an indefinite time. If the taxpayer waives the limitations period, the Secretary may propose an assessment at any time within the time extended by the waiver.

(c) Notice. – The Secretary must give a taxpayer written notice of a proposed assessment. The notice of a proposed assessment must contain the following information:

(1) The basis for the proposed assessment. The statement of the basis for the proposed assessment does not limit the Department from changing the basis.

(2) The amount of tax, interest, and penalties included in the proposed assessment. The amount for each of these must be stated separately.

(3) The circumstances under which the proposed assessment will become final and collectible.

"**§ 105-241.10. Limit on refunds and assessments after a federal determination.**

The limitations in this section apply when a taxpayer files a timely return reflecting a federal determination that affects the amount of State tax payable and the general statute of limitations for requesting a refund or proposing an assessment of the State tax has expired. A federal determination is a correction or final determination by the federal government of the amount of a federal tax due. A return reflecting a federal determination is timely if it is filed within the time required by G.S. 105-32.8, 105-130.20, 105-159, 105-160.8, 105-163.6A, or 105-197.1, as appropriate. The limitations are:

(1) Refund. – A taxpayer is allowed a refund only if the refund is the result of adjustments related to the federal determination.

(2) Assessment. – A taxpayer is liable for additional tax only if the additional tax is the result of adjustments related to the federal determination. A proposed assessment may not include an amount that is outside the scope of this liability.

"**§ 105-241.11. Requesting review of proposed denial of refund or proposed assessment.**

(a) Procedure. – A taxpayer who objects to a proposed denial of a refund or a proposed assessment of tax may request a Departmental review of the proposed action by filing a request for review. The request must be filed with the Department within 45 days after the following:

(1) The date the notice of the proposed denial of the refund or proposed assessment was mailed to the taxpayer, if the notice was delivered by mail.

(2) The date the notice of the proposed denial of the refund or proposed assessment was delivered to the taxpayer, if the notice was delivered in person.

(3) The date that inaction by the Department on a request for refund was considered a proposed denial of the refund.

(b) Filing. – A request for a Departmental review of a proposed denial of a refund or a proposed assessment is considered filed on the following dates:

(1) For a request that is delivered in person, the date it is delivered.

(2) For a request that is not delivered in person, the date the Department receives it.

"**§ 105-241.12. Result when taxpayer does not request a review.**

(a) Refund. – If a taxpayer does not file a timely request for a Departmental review of a proposed denial of a refund, the proposed denial is final and is not subject to further administrative or judicial review. A taxpayer whose proposed denial becomes final may not file another amended return or claim for refund to obtain the denied refund.

(b) Assessment. – If a taxpayer does not file a timely request for a Departmental review of a proposed assessment, the proposed assessment is final and is not subject to further administrative or judicial review. Upon payment of the tax, the taxpayer may request a refund of the tax.

Before the Department collects a proposed assessment that becomes final when the taxpayer does not file a timely request for a Departmental review, the Department must send the taxpayer a notice of collection. A notice of collection must contain the following information:

(1) A statement that the proposed assessment is final and collectible.

(2) The amount of tax, interest, and penalties payable by the taxpayer.

(3) An explanation of the collection options available to the Department if the taxpayer does not pay the amount shown due on the notice and any remedies available to the taxpayer concerning these collection options.

"**§ 105-241.13. Action on request for review.**

(a) Action on Request. – If a taxpayer files a timely request for a Departmental review of a proposed denial of a refund or a proposed assessment, the Department must conduct a review of the proposed denial or proposed assessment and take one of the following actions:

(1) Grant the refund or remove the assessment.

(2) Schedule a conference with the taxpayer.

(3) Request additional information from the taxpayer concerning the requested refund or proposed assessment.

(b) Conference. – When the Department reviews a proposed denial of a refund or a proposed assessment and does not grant the refund or remove the assessment, the Department must schedule a conference with the taxpayer. The Department must set the time and place for the conference and must send the taxpayer notice of the designated time and place. The Department must send the notice at least 30 days before the date of the conference or, if the Department and the taxpayer agree, within a shorter period.

The conference is an informal proceeding at which the taxpayer and the Department must attempt to resolve the case. Testimony under oath is not taken, and the rules of evidence do not apply. A taxpayer may designate a representative to act on the taxpayer's behalf. The taxpayer may present any objections to the proposed denial of refund or proposed assessment at the conference.

(c) After Conference. – One of the following must occur after the Department conducts a conference on a proposed denial of a refund or a proposed assessment:

(1) The Department and the taxpayer agree on a settlement.

(2) The Department and the taxpayer agree that additional time is needed to resolve the taxpayer's objection to the proposed denial of the refund or proposed assessment.

(3) The Department and the taxpayer are unable to resolve the taxpayer's objection to the proposed denial of the refund or proposed assessment. If a taxpayer fails to attend a scheduled conference on the proposed denial of a refund or a proposed assessment without prior notice to the Department, the Department and the taxpayer are considered to be unable to resolve the taxpayer's objection.

"**§ 105-241.14. Final determination after Departmental review.**

(a) Refund. – If a taxpayer files a timely request for a Departmental review of a proposed denial of a refund and the Department and the taxpayer are unable to resolve

the taxpayer's objection to the proposed denial, the Department must send the taxpayer a notice of final determination concerning the refund. The notice of final determination must state the basis for the determination and inform the taxpayer of the procedure for contesting the determination. The statement of the basis for the determination does not limit the Department from changing the basis.

(b) Assessment. – If a taxpayer files a timely request for a Departmental review of a proposed assessment and the Department and the taxpayer are unable to resolve the taxpayer's objection to the proposed assessment, the Department must send the taxpayer a notice of final determination concerning the assessment. A notice of final determination concerning an assessment must contain the following information:

(1) The basis for the determination. This information may be stated on the notice or be set out in a separate document. The statement of the basis for the determination does not limit the Department from changing the basis.

(2) The amount of tax, interest, and penalties payable by the taxpayer.

(3) The procedure the taxpayer must follow to contest the final determination.

(4) A statement that the amount payable stated on the notice is collectible by the Department unless the taxpayer contests the final determination.

(5) An explanation of the collection options available to the Department if the taxpayer does not pay the amount shown due on the notice and any remedies available to the taxpayer concerning these collection options.

(c) Time Limit. – The process set out in G.S. 105-241.13 for reviewing and attempting to resolve a proposed denial of a refund or a proposed assessment must conclude and a final determination must be issued within nine months after the date the taxpayer files a request for review. The Department and the taxpayer may extend this time limit by mutual agreement. Failure to issue a notice of final determination within the required time does not affect the validity of a proposed assessment.

"**§ 105-241.15. Contested case hearing on final determination.**

A taxpayer who disagrees with a notice of final determination issued by the Department may contest the determination by filing a petition for a contested case hearing at the Office of Administrative Hearings in accordance with Article 3 of Chapter 150B of the General Statutes. A taxpayer may file a petition for a contested case hearing only if the taxpayer has exhausted the prehearing remedy. A taxpayer's prehearing remedy is exhausted when the Department issues a final determination after conducting a review and a conference.

"**§ 105-241.16. Judicial review of decision after contested case hearing.**

A taxpayer aggrieved by the final decision in a contested case commenced at the Office of Administrative Hearings may seek judicial review of the decision in accordance with Article 4 of Chapter 150B of the General Statutes. Notwithstanding G.S. 150B-45, a petition for judicial review must be filed in the Superior Court of Wake County and in accordance with the procedures for a mandatory business case set forth in G.S. 7A-45.4(b) through (f). A taxpayer who files a petition for judicial review must pay the amount of tax, penalties, and interest the final decision states is due. A taxpayer

may appeal a decision of the Business Court to the appellate division in accordance with G.S. 150B-52.

"**§ 105-241.17. Civil action challenging statute as unconstitutional.**

A taxpayer who claims that a tax statute is unconstitutional may bring a civil action in the Superior Court of Wake County to determine the taxpayer's liability under that statute if all of the conditions in this section are met. In filing an action under this section, a taxpayer must follow the procedures for a mandatory business case set forth in G.S. 7A-45.4(b) through (f). The conditions for filing a civil action are:

(1) The taxpayer exhausted the prehearing remedy by receiving a final determination after a review and a conference.

(2) The taxpayer commenced a contested case at the Office of Administrative Hearings.

(3) The Office of Administrative Hearings dismissed the contested case petition for lack of jurisdiction because the sole issue is the constitutionality of a statute and not the application of a statute.

(4) The taxpayer has paid the amount of tax, penalties, and interest the final determination states is due.

(5) The civil action is filed within two years of the dismissal.

"**§ 105-241.18. Class actions.**

(a) Authority. – An action brought under G.S. 105-241.17 challenging the constitutionality of a statute may be maintained against the State by a taxpayer for and on behalf of the taxpayer or other taxpayers similarly situated only in accordance with this section.

(b) Opt-In Requirement. – A taxpayer must opt in to become a party to a class action brought under this section. A taxpayer opts in by filing a request for a refund with the Department in accordance with G.S. 105-241.7 and by filing a copy of the request for a refund with the court. A taxpayer must opt in within the time period set by the court.

(c) Refund Claim Required. – The court may not allow a taxpayer who does not follow the procedure in this section to opt in to a class action brought under this section.

(d) Tolling. – The period set in G.S. 105-241.6 for filing a request for refund is tolled by the filing of a class action under this section for any taxpayer who, at the time the class action was commenced, could timely file a request for refund with the Secretary.

"**§ 105-241.19. Declaratory judgments, injunctions, and other actions prohibited.**

The remedies in G.S. 105-241.11 through G.S. 105-241.18 set out the exclusive remedies for disputing the denial of a requested refund, a taxpayer's liability for a tax, or the constitutionality of a tax statute. Any other action is barred. Neither an action for declaratory judgment, an action for an injunction to prevent the collection of a tax, nor any other action is allowed.

"**§ 105-241.20. Delivery of notice to the taxpayer.**

(a) Scope. – This section applies to the following notices:

(1) A proposed denial of a refund.

(2) A proposed assessment.

(3) A notice of collection.

(4) A final determination.

(b) Method. – The Secretary must deliver a notice listed in subsection (a) of this section to a taxpayer either in person or by United States mail sent to the taxpayer's last known address. A notice mailed to a taxpayer is presumed to have been received by the taxpayer unless the taxpayer makes an affidavit to the contrary within 90 days after the notice was mailed. If the taxpayer makes this affidavit, the notice is considered to have been delivered on the date the taxpayer makes the affidavit and any time limit affected by the notice is extended to the date the taxpayer makes the affidavit.

"**§ 105-241.21. Interest on taxes.**

(a) Rate. –The interest rate set by the Secretary applies to interest that accrues on overpayments and assessments of tax. On or before June 1 and December 1 of each year, the Secretary must establish the interest rate to be in effect during the six-month period beginning on the next succeeding July 1 and January 1, respectively. In determining the interest rate, the Secretary must give due consideration to current market conditions and to the rate that will be in effect on that date pursuant to the Code. If no new rate is established, the rate in effect during the preceding six-month period continues in effect. The rate established by the Secretary may not be less than five percent (5%) per year and may not exceed sixteen percent (16%) per year.

(b) Accrual on Underpayments.– Interest accrues on an underpayment of tax from the date set by statute for payment of the tax until the tax is paid. Interest accrues only on the principal of the tax and does not accrue on any penalty.

(c) Accrual on Refund.– Interest accrues on an overpayment of tax from the time set in the following subdivisions until the refund is paid.

(1) Franchise, Income, and Gross Premiums. – Interest on an overpayment of a tax levied under Article 3 of this Chapter and payable on an annual basis or of a tax levied under Article 4 or 8B of this Chapter accrues from a date 45 days after the latest of the following dates:

a. The date the final return was filed.

b. The date the final return was due to be filed.

c. The date of the overpayment. The date of an overpayment of a tax levied under Article 4 or Article 8B of this Chapter is determined in accordance with section 6611(d), (f), (g), and (h) of the Code.

(2) All Other Taxes. – Interest on an overpayment of a tax that is not included in subdivision (1) of this subsection accrues from a date that is 90 days after the date the tax was paid.

(d) When Refund Is Paid. – A refund sent to a taxpayer is considered paid on a date determined by the Secretary that is no sooner than five days after a refund check is mailed. A refund set off against a debt pursuant to Chapter 105A of the General Statutes is considered paid five days after the Department mails the taxpayer a notice of the setoff, unless G.S. 105A-5 or G.S. 105A-8 requires the agency that requested the setoff to return the refund to the taxpayer. In this circumstance, the refund that was set off is

not considered paid until five days after the agency that requested the refund mails the taxpayer a check for the refund.

"**§ 105-241.22. Collection of tax.**

The Department may collect a tax in the following circumstances:

(1) When a taxpayer files a return showing tax due with the return and does not pay the amount shown due.

(2) When the Department sends a notice of collection after a taxpayer does not file a timely request for a Departmental review of a proposed assessment of tax.

(3) When a taxpayer and the Department agree on a settlement concerning the amount of tax due.

(4) When the Department sends a notice of final determination concerning an assessment of tax and the taxpayer does not file a timely petition for a contested case hearing on the assessment.

(5) When a final decision is issued on a proposed assessment of tax after a contested case hearing.

(6) When the Office of Administrative Hearings dismisses a petition for a contested case for lack of jurisdiction because the sole issue is the constitutionality of a statute and not the application of a statute.

"**§ 105-241.23. Jeopardy assessment and collection.**

(a) Action. –The Secretary may at any time within the statute of limitations immediately assess and collect any tax the Secretary finds is due from a taxpayer if the Secretary determines that collection of the tax is in jeopardy and immediate assessment and collection are necessary in order to protect the interest of the State. In making a jeopardy collection, the Secretary may use any of the collection remedies in G.S. 105-242 and is not required to wait any period of time before using these remedies. Within 30 days after initiating a jeopardy collection, the Secretary must give the taxpayer the notice of proposed assessment required by G.S. 105-241.9.

(b) Review by Department. – Within five days after initiating a jeopardy collection that is not the result of a criminal investigation or of a liability for a tax imposed under Article 2D of this Chapter, the Secretary must provide the taxpayer with a written statement of the information upon which the Secretary relied in initiating the jeopardy collection. Within 30 days after receipt of this written statement or, if no statement is received, within 30 days after the statement was due, the taxpayer may request the Secretary to review the action taken. After receipt of this request, the Secretary must determine whether initiating the jeopardy collection was reasonable under all the circumstances and whether the amount assessed and collected was reasonable under all the circumstances. The Secretary must give the taxpayer written notice of this determination within 30 days after the request.

(c) Judicial Review. – Within 90 days after the earlier of the date a taxpayer received or should have received a determination of the Secretary concerning a jeopardy collection under subsection (b) of this section, the taxpayer may bring a civil action seeking review of the jeopardy collection. The taxpayer may bring the action in the Superior Court of Wake County or of the county in North Carolina in which the

taxpayer resides. Within 20 days after the action is filed, the court must determine whether the initiation of the jeopardy collection was reasonable under the circumstances. If the court determines that an action of the Secretary was unreasonable or inappropriate, the court may order the Secretary to take any action the court finds appropriate. If the taxpayer shows reasonable grounds why the 20-day limit on the court should be extended, the court may grant an extension of not more than 40 additional days."

SECTION 4. G.S. 7A-45.4 reads as rewritten:

"**§ 7A-45.4. Designation of mandatory ~~complex~~ business cases.**

(a) Definitions. – The following definitions apply in this section:

(1) ~~A mandatory complex~~ Complex business case. – ~~is an~~ An action that involves a material issue related to:

~~(1)~~a. The law governing corporations, except charitable and religious organizations qualified under G.S. 55A-1-40(4) on the grounds of religious purpose, partnerships, limited liability companies, and limited liability partnerships, including issues concerning

governance, involuntary dissolution of a corporation, mergers and acquisitions, breach of duty of directors, election or removal of directors, enforcement or interpretation of shareholder agreements, and derivative actions.

~~(2)~~b. Securities law, including proxy disputes and tender offer disputes.

~~(3)~~c. Antitrust law, except claims based solely on unfair competition under G.S. 75-1.1.

~~(4)~~d. State trademark or unfair competition law, except claims based solely on unfair competition under G.S. 75-1.1.

~~(5)~~e. Intellectual property law, including software licensing disputes.

~~(6)~~f. The Internet, electronic commerce, and biotechnology.

(2) Mandatory business case. – A complex business case or a tax case.

(3) Tax case. – An action that involves a material issue related to:

a. A petition for judicial review of a final decision under G.S. 105-241.15.

b. A civil action under G.S. 105-241.17.

(b) Any party may designate a civil action or a petition for judicial review under G.S. 105-241.16 as a mandatory ~~complex~~ business case by filing a Notice of Designation in the Superior Court in which the action has been filed and simultaneously serving the notice on each opposing party or counsel and on the ~~Special Superior Court Judge for Complex Business Cases who is then the~~ senior Business Court Judge. A copy of the notice shall also be sent contemporaneously by e-mail or facsimile transmission to the Chief Justice of the Supreme Court for approval of the designation of the action as a mandatory complex business case and assignment to a specific Business Court Judge.

(c) The Notice of Designation shall, in good faith and based on information reasonably available, succinctly state the basis of the designation and include a certificate by or on behalf of the designating party that the civil action meets the criteria for designation as a mandatory complex business case pursuant to subsection (a) of this section.

(d) The Notice of Designation shall be filed:

(1) By the ~~plaintiff or third-party plaintiff~~ plaintiff, the third-party plaintiff, or the petitioner for judicial review contemporaneously with the filing of the ~~complaint or third-party complaint~~ complaint, the third-party complaint, or the petition for judicial review in the action.

(2) By any intervenor when the intervenor files a motion for permission to intervene in the action.

(3) By any defendant or any other party within 30 days of receipt of service of the pleading seeking relief from the defendant or party.

(e) Within 30 days after service of the Notice of Designation, any other party may, in good faith, file and serve an opposition to the designation of the action as a mandatory business ~~case.~~ case, but only if the case is a complex business case and not a tax case. Based on the opposition or ex mero motu, the Business Court Judge may

determine that the action should not be designated as a mandatory complex business case. If a party disagrees with the decision, the party may appeal to the Chief Justice of the Supreme Court.

(f) Once a designation is filed under subsection (d) of this section, and after preliminary approval by the Chief Justice, a case shall be designated and administered a ~~complex~~ mandatory business case. All proceedings in the action shall be before the Business Court Judge to whom it has been assigned unless and until an order has been entered under subsection (e) of this section ordering that the case not be designated a mandatory ~~complex~~ business case or the Chief Justice revokes approval. If ~~complex~~ mandatory business case status is revoked or denied, the action shall be treated as any other civil action, unless it is designated as an exceptional civil case or a discretionary complex business case pursuant to Rule 2.1 of the General Rules of Practice for the Superior and District Courts."

SECTION 5. G.S. 7A-305(a)(2) reads as rewritten:

"(2) For support of the General Court of Justice, the sum of seventy-nine dollars ($79.00) in the superior court, except that if a case is assigned to a special superior court judge as a ~~complex~~ mandatory business case under G.S. 7A-45.3, an additional two hundred dollars ($200.00) shall be paid upon its assignment, and the sum of sixty-four dollars ($64.00) in the district court except that if the case is assigned to a magistrate the sum shall be fifty-three dollars ($53.00). Sums collected under this subdivision shall be remitted to the State Treasurer. The State Treasurer shall remit the sum of one dollar and five cents ($1.05) of each fee collected under this subdivision to the North Carolina State Bar for the provision of services described in G.S. 7A-474.4, and ninety-five cents ($.95) of each fee collected under this subdivision to the North Carolina State Bar for the provision of services described in G.S. 7A-474.19."

SECTION 6. G.S. 20-64(f) reads as rewritten:

"(f) The owner or transferor of a registered vehicle who surrenders the registration plate to the division may secure a refund for the unexpired portion of such plate prorated on a monthly basis, beginning the first day of the month following surrender of the plate to the division, provided the annual fee of such surrendered plate is sixty dollars ($60.00) or more. This refund may not exceed one half of the annual license fee. No refund shall be made unless the owner or transferor furnishes proof of financial responsibility on the registered vehicle effective until the date of the surrender of the plate. Proof of financial responsibility shall be furnished in a manner prescribed by the Commissioner. ~~Any unauthorized refund may be recovered in the manner set forth in G.S. 20-99.~~"

SECTION 7. G.S. 105-32.8 reads as rewritten:

"**§ 105-32.8. Federal determination that changes the amount of tax payable to the State.**

If the federal government corrects or otherwise determines the gross estate tax imposed under section 2001 of the Code or the amount of the maximum state death tax

credit allowed an estate under section 2011 of the Code, the personal representative must, within six months after being notified of the correction or final determination by the federal government, file an estate tax return with the Secretary reflecting the correct amount of tax payable under this Article. If the federal government corrects or otherwise determines the amount of the maximum state generation-skipping transfer tax credit allowed under section 2604 of the Code, the person who made the transfer must, within six months after being notified of the correction or final determination by the federal government, file a tax return with the Secretary reflecting the correct amount of tax payable under this Article.

The Secretary must ~~assess and collect~~ propose an assessment for any additional tax due as provided in Article 9 of this Chapter and must refund any overpayment of tax as provided in Article 9 of this Chapter. A person who fails to report a federal correction or determination in accordance with this section is subject to the penalties in G.S. 105-236 and forfeits the right to any refund due by reason of the determination."

SECTION 8. G.S. 105-109(b) reads as rewritten:

"(b) License Required. – Before a person may engage in a business, trade, or profession for which a license is required under this Article, the person must be licensed by the ~~Department pursuant to G.S. 105-104.~~ Department. To obtain a license, a person must submit an application to the Department for the license and pay the required tax. An application for a license is considered a return.

The Department must issue a license to a person who files a completed application and pays the required tax. A license must be displayed conspicuously at the location of the licensed business, trade, or profession."

SECTION 9. G.S. 105-113.111 reads as rewritten:

"**§ 105-113.111. Assessments.**

Notwithstanding any other provision of law, an assessment against a dealer who possesses an unauthorized substance to which a stamp has not been affixed as required by this Article shall be made as provided in this section. The Secretary shall assess a tax, applicable penalties, and interest based on personal knowledge or information available to the Secretary. The Secretary shall notify the dealer in writing of the amount of the tax, penalty, and interest due, and demand its immediate payment. The notice and demand shall be either mailed to the dealer at the dealer's last known address or served on the dealer in person. If the dealer does not pay the tax, penalty, and interest immediately upon receipt of the notice and demand, the Secretary shall collect the tax, penalty, and interest pursuant to the ~~procedure set forth~~ jeopardy collection procedures in G.S. 105-241.23 or the general collection procedures in G.S. 105-242, ~~105-241.1(g) for jeopardy assessments or the procedure set forth in G.S. 105-242,~~ including causing execution to be issued immediately against the personal property of the dealer, unless the dealer files with the Secretary a bond in the amount of the asserted liability for the tax, penalty, and interest. The Secretary shall use all means available to collect the tax, penalty, and interest from any property in which the dealer has a legal, equitable, or beneficial interest. The dealer may seek review of the assessment as provided in Article 9 of this Chapter."

SECTION 10. G.S. 105-113.113 reads as rewritten:

"**§ 105-113.113. Use of tax proceeds.**

(a) Special Account. – The Unauthorized Substances Tax Account is established as a special nonreverting account. The Secretary shall credit the proceeds of the tax levied by this Article to ~~a special nonreverting account, to be called the State Unauthorized Substances Tax Account, until the tax proceeds are unencumbered. The Secretary shall remit the unencumbered tax proceeds as provided in this section on a quarterly or more frequent basis. Tax proceeds are unencumbered when either of the following occurs:~~

~~(1) The tax has been fully paid and the taxpayer has no current right under G.S. 105-267 to seek a refund.~~

~~(2) The taxpayer has been notified of the final assessment of the tax under G.S. 105-241.1 and has neither fully paid nor timely contested the tax under G.S. 105-241.1 through G.S. 105-241.4 or G.S. 105-267.~~

the Account.

(b) Distribution. – The Secretary shall distribute unencumbered tax proceeds in the Unauthorized Substances Tax Account on a quarterly or more frequent basis. Tax proceeds in the Account are unencumbered when they are collectible under G.S. 105-241.22. The Secretary shall ~~remit~~ distribute seventy-five percent (75%) of the ~~part of the~~ unencumbered tax proceeds in the Account that ~~was~~ were collected by assessment to the State or local law enforcement agency that conducted the investigation of a dealer that led to the assessment. If more than one State or local law enforcement agency conducted the investigation, the Secretary shall determine the equitable share for each agency based on the contribution each agency made to the investigation. The Secretary shall credit the remaining unencumbered tax proceeds in the Account to the General Fund.

(c) Refunds. – The refund of a tax that has already been distributed shall be drawn initially from the ~~State~~ Unauthorized Substances Tax Account. The amount of refunded taxes that ~~had been~~ were distributed to a law enforcement agency under this section and any interest shall be subtracted from succeeding distributions from the Account to that law enforcement agency. The amount of refunded taxes that ~~had been~~ were credited to the General Fund under this section and any interest shall be subtracted from succeeding credits to the General Fund from the Account."

SECTION 11. G.S. 105-122 is amended by adding a new subsection to read:

"(c1) Apportionment. – A corporation that is doing business in this State and in one or more other states must apportion its capital stock, surplus, and undivided profits to this State. A corporation must use the apportionment method set out in subdivision (1) of this subsection unless the Department has authorized it to use a different method under subdivision (2) of this subsection. The portion of a corporation's capital stock, surplus, and undivided profits determined by applying the appropriate apportionment method is considered the amount of capital stock, surplus, and undivided profits the corporation uses in its business in this State.

(1) Statutory. – A corporation that is subject to income tax under Article 4 of this Chapter must apportion its capital stock, surplus, and undivided profits by using the fraction it applies in apportioning its income under

that Article. A corporation that is not subject to income tax under Article 4 of this Chapter must apportion its capital stock, surplus, and undivided profits by using the fraction it would be required to apply in apportioning its income if it were subject to that Article. The apportionment method set out in this subdivision is considered the statutory method of apportionment and is presumed to be the best method of determining the amount of a corporation's capital stock, surplus, and undivided profits attributable to the corporation's business in this State.

(2) Alternative. – A corporation that believes the statutory apportionment method set out in subdivision (1) of this subsection subjects a greater portion of its capital stock, surplus, and undivided profits to tax under this section than is attributable to its business in this State may make a written request to the Secretary for permission to use an alternative method. The request must set out the reasons for the corporation's belief and propose an alternative method. The corporation has the burden of establishing by clear, cogent, and convincing proof that the statutory apportionment method subjects a greater portion of the corporation's capital stock, surplus, and undivided profits to tax under this section than is attributable to its business in this State and that the the proposed alternative method is a better method of determining the amount of the corporation's capital stock, surplus, and undivided profits attributable to the corporation's business in this State.

The Secretary must issue a written decision on a corporation's request for an alternative apportionment method. If the decision grants the request, it must describe the alternative method the corporation is authorized to use and state the tax years to which the alternative method applies. A decision may apply to no more than three tax years. A corporation may renew a request to use an alternative apportionment method by following the procedure in this subdivision. A decision of the Secretary on a request for an alternative apportionment method is final and is not subject to administrative or judicial review. A corporation authorized to use an alternative method may apportion its capital stock, surplus, and undivided profits in accordance with the alternative method or the statutory method."

SECTION 12. G.S. 105-130.4 is amended by adding a new subsection to read:

"(t1) Alternative Apportionment Method. – A corporation that believes the statutory apportionment method that otherwise applies to it under this section subjects a greater portion of its income to tax than is attributable to its business in this State may make a written request to the Secretary for permission to use an alternative method. The request must set out the reasons for the corporation's belief and propose an alternative method.

The statutory apportionment method that otherwise applies to a corporation under this section is presumed to be the best method of determining the portion of the corporation's income that is attributable to its business in this State. A corporation has the burden of establishing by clear, cogent, and convincing proof that the proposed alternative method is a better method of determining the amount of the corporation's income attributable to the corporation's business in this State.

The Secretary must issue a written decision on a corporation's request for an alternative apportionment method. If the decision grants the request, it must describe the alternative method the corporation is authorized to use and state the tax years to which the alternative method applies. A decision may apply to no more than three tax years. A corporation may renew a request to use an alternative apportionment method by following the procedure in this subsection. A decision of the Secretary on a request for an alternative apportionment method is final and is not subject to administrative or judicial review. A corporation authorized to use an alternative method may apportion its income in accordance with the alternative method or the statutory method. "

SECTION 13. G.S. 105-130.6A(e) reads as rewritten:

"(e) Cap for Bank Holding Companies. – After calculating the expense adjustment as provided in subsection (c) of this section, each bank holding company must calculate the amount of additional tax that results from the expense adjustments for the holding company and for every corporation in the holding company's affiliated group for the taxable year. If the expense adjustments result in additional tax exceeding eleven million dollars ($11,000,000) for a taxable year for the affiliated group, the affiliated group may reduce the amount of the expense adjustment so that the resulting additional tax does not exceed this maximum. This maximum applies once to each affiliated group each taxable year, whether or not the group includes more than one bank holding company.

The members of the affiliated group may allocate this reduction among themselves in their discretion. In order to take this reduction, each member of the affiliated group that is required to file a return under this Part and that has dividends for the taxable year must provide a schedule with its return that lists every member of the group that has dividends, the amount of the dividends, and whether the member is a bank holding company. In addition, the schedule must show the expense adjustments for those members whose additional tax as a result of the expense adjustment constitutes the maximum amount. In addition, each member must provide any other documentation required by the Secretary.

If the expense adjustment for an affiliated group is reduced under this subsection, and the return of a member of the group is later changed in a manner that reduces below the maximum the amount of additional tax for the group resulting from the expense adjustment, the Secretary may increase the expense adjustment for any member of the group in order to increase to the maximum the amount of additional tax for the group resulting from the expense adjustment. In this situation, the amount of the increase is considered a forfeited tax benefit with respect to the affiliated group for the purposes of G.S. ~~105-241.1(e).~~ 105-241.8. The date of the forfeiture is the date of the change that triggers the Secretary's authority to increase the expense adjustment. Any member

whose expense adjustment the Secretary increases is liable for interest on the amount of the increase at the rate established under ~~105-241.1(i),~~ G.S. 105-241.21 computed from the date the taxes would have been due if the expense adjustment had been calculated correctly on the original return. The amount of the increase and the interest are due 60 days after the date of the forfeiture. A taxpayer that fails to pay the amount of the increase and interest by the due date is subject to the penalties provided in G.S. 105-236."

SECTION 14. G.S. 105-130.20 reads as rewritten:

"**§ 105-130.20. Federal corrections.**

If a taxpayer's federal taxable income is corrected or otherwise determined by the federal government, the taxpayer must, within six months after being notified of the correction or final determination by the federal government, file an income tax return with the Secretary reflecting the corrected or determined taxable income. The Secretary ~~shall determine from all available evidence the taxpayer's correct tax liability for the income year. As used in this section, the term "all available evidence" means evidence of any kind that becomes available to the Secretary from any source, whether or not the evidence was considered in the federal correction or determination.~~

~~The Secretary shall assess and collect~~ must propose an assessment for any additional tax due from the taxpayer as provided in Article 9 of this Chapter. The Secretary ~~shall~~ must refund any overpayment of tax as provided in Article 9 of this Chapter. A taxpayer that fails to comply with this section is subject to the penalties in G.S. 105-236 and forfeits its rights to any refund due by reason of the determination."

SECTION 15. G.S. 105-159 reads as rewritten:

"**§ 105-159. Federal corrections.**

If a taxpayer's federal taxable income is corrected or otherwise determined by the federal government, the taxpayer must, within six months after being notified of the correction or final determination by the federal government, file an income tax return with the Secretary reflecting the corrected or determined taxable income. The Secretary ~~shall determine from all available evidence the taxpayer's correct tax liability for the taxable year. As used in this section, the term "all available evidence' means evidence of any kind that becomes available to the Secretary from any source, whether or not the evidence was considered in the federal correction or determination.~~

~~The Secretary shall assess and collect~~ must propose an assessment for any additional tax due from the taxpayer as provided in Article 9 of this Chapter. The Secretary ~~shall~~ must refund any overpayment of tax as provided in Article 9 of this Chapter. A taxpayer who fails to comply with this section is subject to the penalties in G.S. 105-236 and forfeits the right to any refund due by reason of the determination."

SECTION 16. G.S. 105-163.6A reads as rewritten:

"**§ 105-163.6A. Federal corrections.**

If the amount of taxes an employer is required to withhold and pay under the Code is corrected or otherwise determined by the federal government, the employer must, within ~~two years~~ six months after being notified of the correction or final determination by the federal government, file a return with the Secretary reflecting the corrected or determined amount. The Secretary ~~shall determine from all available evidence the~~

~~correct amount the employer should have paid under this Article for the period covered by the federal determination. As used in this section, the term "all available evidence" means evidence of any kind that becomes available to the Secretary from any source, whether or not the evidence was considered in the federal correction or determination.~~

~~The Secretary shall assess and collect~~ must propose an assessment for any additional tax due from the employer as provided in Article 9 of this Chapter. If there has been an overpayment of the tax, the Secretary ~~shall~~ must either refund the overpayment to the employer in accordance with G.S. 105-163.9 or credit the amount of the overpayment to the individual in accordance with G.S. 105-163.10. An employer who fails to comply with this section is subject to the penalties in G.S. 105-236 and forfeits the right to any refund due by reason of the determination. Failure of an employer to comply with this section does not, however, affect an individual's right to a credit under G.S. 105-163.10."

SECTION 17. G.S. 105-163.9 reads as rewritten:

"**§ 105-163.9. Refund of overpayment to withholding agent.**

A withholding agent who pays the Secretary more under this Article than the Article requires the agent to pay may obtain a refund of the overpayment by filing ~~an application~~ a request for a refund with the Secretary. No refund is allowed, however, if the withholding agent withheld the amount of the overpayment from the wages or compensation of the agent's employees or contractors. A withholding agent must file ~~an application~~ a request for a refund within the time period set in G.S. ~~105-266.~~ G.S. 105-241.6. Interest accrues on a refund as provided in ~~G.S. 105-266.~~G.S. 105-241.21."

SECTION 18. G.S. 105-164.29(d) reads as rewritten:

"(d) Revocation. ~~Whenever~~ The failure of a wholesale merchant or retailer ~~fails~~ to comply with this Article or ~~violates G.S. 14-401.18, the Secretary, upon hearing, after giving 10 days' notice in writing, specifying the time and place of hearing and requiring the wholesale merchant or retailer to show cause why the certificate of registration should not be revoked, may revoke or suspend the certificate of registration. The notice may be served personally or by registered mail directed to the last known address of the wholesale merchant or retailer. All provisions with respect to review and appeals of the Secretary's decisions as provided by G.S. 105-241.2, 105-241.3, and 105-241.4 apply to this section.~~ G.S. 14-401.18 is grounds for revocation of the wholesale merchant's or retailer's certificate of registration. Before the Secretary revokes a wholesale merchant's or retailer's certificate of registration, the Secretary must notify the wholesale merchant or retailer that the Secretary proposes to revoke the certificate of registration and that the proposed revocation will become final unless the wholesale merchant or retailer objects to the proposed revocation and files a request for a Departmental review within the time set in G.S. 105-241.11 for requesting a Departmental review of a proposed assessment. The notice must be sent in accordance with the methods authorized in G.S. 105-241.20. The procedures in Article 9 of this Chapter for review of a proposed assessment apply to the review of a proposed revocation. "

SECTION 19. G.S. 105-164.38(c) reads as rewritten:

"(c) Assessment. – The period of limitations for assessing liability against the buyer of a business or the stock of goods of a business and for enforcing the lien against the property expires one year after the end of the period of limitations for assessment against the person who sold the business or the stock of goods. Except as otherwise provided in this section, the assessment procedures in Article 9 of this Chapter apply to a person who buys a business or the stock of goods of a business ~~and that person's liability for unpaid taxes are subject to the provisions of G.S. 105-241.1, 105-241.2, 105-241.3, and 105-241.4 and to other remedies for the collection of taxes~~ to the same extent as if the person had incurred the original tax liability."

SECTION 20. G.S. 105-187.10(b) reads as rewritten:

"(b) Unpaid Taxes. – The remedies for collection of taxes in ~~G.S. 20-99~~ Article 9 of this Chapter apply to the taxes levied by this Article and collected by the Commissioner. In applying these remedies, the Commissioner has the same authority as the Secretary."

SECTION 21. G.S. 105-197.1 reads as rewritten:

"**§ 105-197.1. Federal corrections.**

If the amount of a taxpayer's net gifts is corrected or otherwise determined by the federal government, the taxpayer must, within six months after being notified of the correction or final determination by the federal government, file a gift tax return with the Secretary ~~of Revenue~~ reflecting the corrected or determined net gifts. The Secretary ~~of Revenue shall determine from all available evidence the taxpayer's correct tax liability for the taxable year. As used in this section, the term "all available evidence" means evidence of any kind that becomes available to the Secretary from any source, whether or not the evidence was considered in the federal correction or determination.~~

~~The Secretary shall assess and collect~~ propose an assessment for any additional tax due from the taxpayer as provided in Article 9 of this Chapter. The Secretary ~~shall~~ must refund any overpayment of tax as provided in Article 9 of this Chapter. A taxpayer who fails to comply with this section is subject to the penalties in G.S. 105-236 and forfeits the right to any refund due by reason of the determination."

SECTION 22. G.S. 105-228.5(f) reads as rewritten:

"(f) **(Effective for taxable years beginning on or after January 1, 2008)** Installment Payments Required. – Taxpayers that are subject to the tax imposed by this section and have a premium tax liability of ten thousand dollars ($10,000) or more for business done in North Carolina during the immediately preceding year shall remit three equal quarterly installments with each installment equal to at least thirty-three and one-third percent (33 1/3%) of the premium tax liability incurred in the immediately preceding taxable year. The quarterly installment payments shall be made on or before April 15, June 15, and October 15 of each taxable year. The company shall remit the balance by the following March 15 in the same manner provided in this section for annual returns.

The Secretary of Revenue may permit an insurance company to pay less than the required estimated payment when the insurer reasonably believes that the total estimated payments made for the current year will exceed the total anticipated tax liability for the year.

An underpayment or an overpayment of an installment payment required by this subsection ~~shall bear interest at the rate established under G.S. 105-241.1(i). Any overpayment shall bear interest as provided in G.S. 105-266(b) and, together with the interest,~~ accrues interest in accordance with G.S. 105-241.21. An overpayment of tax shall be credited to the company and applied against the taxes imposed upon the company under this Article."

SECTION 23. G.S. 105-228.37 reads as rewritten:

"**§ 105-228.37. Refund of overpayment of tax.**

(a) Refund Request. – A taxpayer who pays more tax than is due under this Article may request a refund of the overpayment by filing a written request for a refund with the board of county commissioners of the county where the tax was paid. The request must be filed within six months after the date the tax was paid and must explain why the taxpayer believes a refund is due.

(b) Hearing by County. – A board of county commissioners must ~~review~~ conduct a hearing on a request for refund ~~and must follow the time limitations set in G.S. 105-266.1 for holding a hearing and making a decision.~~ in accordance with the procedures that apply to a hearing held by a board of equalization and review on an appeal concerning the listing or appraisal of property. If the board decides that a refund is due, it must refund the county's portion of the overpayment, together with any applicable interest, to the taxpayer. If the board finds that no refund is due, the written decision of the board must inform the taxpayer that the taxpayer may ~~ask the Secretary to review the decision. The board must send the Secretary a copy of a decision on a request for refund.~~appeal the decision to the Property Tax Commission.

(c) Review by ~~Secretary.~~ Commission. ~~A taxpayer whose request for a refund is denied by a board of county commissioners may obtain a review of the board's decision by the Secretary. The request must be made in writing and must be filed within 30 days after the taxpayer receives the board's decision denying the refund. The Secretary must send the board of county commissioners a copy of the Secretary's decision made on the request. If the Secretary~~ The procedure in G.S. 105-290 for the appeal to the Property Tax Commission of a decision of a board of equalization and review concerning the listing or appraisal of property applies to the appeal of a denial by a board of county commissioners of a request for a refund of tax paid under this Article. If the Commission determines that a refund is due, the board of county commissioners must refund the county's portion of the overpayment, together with any applicable interest, to the taxpayer. A decision of the Commission is binding on the Secretary ~~is binding~~ and on a board of county commissioners.

(d) Judicial Review. – A ~~taxpayer who disagrees with a~~ decision of the ~~Secretary~~ Property Tax Commission ~~may bring an action against the county and the State to recover the disputed overpayment. The action may be brought in the Superior Court of Wake County or in the superior court of the county where the tax was paid.~~is subject to judicial review in accordance with G.S. 7A-29.

(e) Recording Correct Deed. – Before a tax is refunded, the taxpayer must record a new instrument reflecting the correct amount of tax due. If no tax is due because an instrument was recorded in the wrong county, then the taxpayer must record a document

stating that no tax was owed because the instrument being corrected was recorded in the wrong county. The taxpayer must include in the document the names of the grantors and grantees and the deed book and page number of the instrument being corrected.

When a taxpayer records a corrected instrument, the taxpayer must inform the register of deeds that the instrument being recorded is a correcting instrument. The taxpayer must give the register of deeds a copy of the decision granting the refund that shows the correct amount of tax due. The correcting instrument must include the deed book and page number of the instrument being corrected. The register of deeds must notify the county finance officer and the Secretary when the correcting instrument has been recorded.

(f) Interest. – An overpayment of tax bears interest at the rate established in G.S. ~~105-241.1(i)~~ 105-241.21 from the date that interest begins to accrue. Interest begins to accrue on an overpayment 30 days after the request for a refund is filed by the taxpayer with the board of county commissioners."

SECTION 24. G.S. 105-228.90(b) reads as rewritten:

"(b) Definitions. – The following definitions apply in this Article:

...

(7) Tax. – A tax levied under Subchapter I, V, or VIII of this Chapter, the primary forest product assessment levied under Article 12 of Chapter 113A of the General Statutes, or an inspection tax levied under Article 3 of Chapter 119 of the General Statutes. Unless the context clearly requires otherwise, the ~~terms "tax" and "additional tax" include~~ term "tax" includes penalties and interest as well as the principal amount.

..."

SECTION 25. G.S. 105-236(a)(4) reads as rewritten:

"(4) Failure to Pay Tax When Due. – In the case of failure to pay any tax when due, without intent to evade the tax, the Secretary shall assess a penalty equal to ten percent (10%) of the tax, ~~except that the penalty shall in no event be less than~~ subject to a minimum of five dollars ($5.00). This penalty does not apply in any of the following circumstances:

a. When the amount of tax shown as due on an amended return is paid when the return is filed.

b. When ~~a tax due but not shown on a return is assessed by~~ the Secretary proposes an assessment for tax due but not shown on a return and the tax due ~~and~~ is paid within ~~30~~45 days after the date of the ~~proposed~~ notice of proposed assessment of the tax."

SECTION 26. G.S. 105-239.1 reads as rewritten:

"**§ 105-239.1. Transferee liability.**

(a) Lien and Liability. – Property transferred for an inadequate consideration to a donee, heir, legatee, devisee, distributee, stockholder of a liquidated corporation, or any other person at a time when the transferor is insolvent or is rendered insolvent by reason of the transfer ~~shall be~~ is subject to a lien for any taxes owing by the transferor to the State of North Carolina at the time of the transfer whether or not the amount of the taxes

has been ascertained or assessed at the time of the transfer. G.S. 105-241 applies to this tax lien. In the event the transferee has disposed of the property so that it cannot be subjected to the State's tax lien, the transferee ~~shall be~~ is personally liable for the difference between the fair market value of the property at the time of the transfer and the actual consideration, if any, paid to the transferor by the transferee.

~~Upon a foreclosure of the State's tax lien upon property in the hands of a transferee, the value of any consideration that the transferee proves has been given to the transferor shall be paid to the transferee out of the proceeds of the foreclosure sale before applying the proceeds toward the satisfaction of the State's tax lien.~~

~~In order to proceed against the transferee or property in the transferee's hands, the Secretary shall cause to be docketed in the office of the clerk of the superior court of the county wherein the transferee resides or the property is located, as the case may be, a certificate of tax liability as provided in G.S. 105-242 or a lien certificate which shall set forth the amount of the lien as determined by the Secretary or as finally determined upon appeal and a description of the property subject to the lien. Thereafter, execution may be issued against the transferee as in the case of other money judgments except that no homestead or personal exemption shall be allowable or, upon a lien certificate, an execution may be issued directing the sheriff to seize the property subject to the lien and sell same in the same manner as property is sold under execution. Such procedure and collection shall be subject to the provisions of subsection (c) of this section.~~

(b) Procedure. – The Department may proceed to enforce a lien that arises under this section against property transferred by a taxpayer to another person or to hold that person liable for the tax due by sending the person a notice of proposed assessment in accordance with G.S. 105-241.9. The Department has the burden of establishing that a person to whom property was transferred is liable. The period of limitations for assessment of any liability against a transferee or enforcing the lien against the transferred property ~~shall expire~~ expires one year after the expiration of the period of limitations for assessment against the transferor.

(c) Proceeds. – When property transferred by a taxpayer to another person is sold to satisfy the lien that arises under this section, the person is entitled to receive from the proceeds of the sale the amount of consideration, if any, the person paid for the property. The proceeds must be applied for this purpose before they are applied to satisfy the lien. ~~The provisions of G.S. 105-241.1, 105-241.2, 105-241.3, 105-241.4, 105-266.1 and 105-267 with respect to assessment procedure, demand for refund, review, and appeal shall apply to the liability of any transferee assessed under this section or of any property subject to the liability imposed by this section and to the assertion of a lien upon property in the hands of the transferee.~~

~~(d) In any proceeding before the Tax Review Board or in any court of the State the burden of proof shall be upon the Secretary of Revenue to show that a person is liable as a transferee of property of a taxpayer under this section.~~"

SECTION 27. G.S. 105-242(a) reads as rewritten:

"(a) ~~Warrants for Collection of Taxes.~~ Levy and Sale. ~~If any tax levied by the State and payable to the Secretary has not been paid within 30 days after the taxpayer was given a notice of final assessment of the tax under G.S. 105-241.1(d1),~~ If a taxpayer

does not pay a tax within 30 days after it is collectible under G.S. 105-241.22, the Secretary may take either of the following actions to collect the tax:

(1) ~~The Secretary may issue~~ Issue a warrant ~~or an order under the Secretary's hand and official seal, directed to~~ directing the sheriff of any county of the ~~State, commanding him~~ State to levy upon and sell the real and personal property of the taxpayer found within the county for the payment of the ~~tax, including penalties and interest,~~ tax and the cost of executing the warrant and to return to the Secretary the money collected, within a time to be specified in the ~~warrant,~~ warrant but not less than 60 days from the date of the ~~warrant; the sheriff upon receipt of the warrant shall proceed in all respects with like effect and in the same manner prescribed by law in respect to~~ warrant. The procedure for executions issued against property upon judgments of a ~~court of record, and shall be entitled to the same fees for services in executing the warrant, to be collected in the same manner.~~court apply to executions under a warrant.

(2) ~~The Secretary may issue~~ Issue a warrant ~~or order under the Secretary's hand and seal~~ to any revenue officer or other employee of the Department ~~of Revenue~~ charged with the duty to collect taxes, commanding the officer or employee to levy upon and sell the taxpayer's personal ~~property, including that described in G.S. 105-366(d),~~ property found within the State for the payment of the ~~tax, including penalties and interest.~~ tax. Except as otherwise provided in this subdivision, the levy upon ~~the~~ and sale of personal property ~~shall be governed by~~ by an officer or employee of the Department is subject to and must be conducted in accordance with the laws ~~regulating levy and~~ governing the sale of property levied upon under execution. The ~~person to whom the warrant is directed shall proceed to levy upon and sell the personal property subject to levy in the same manner and with the same powers and authority normally exercised by sheriffs in levying upon and selling personal property under execution, except that the property may be sold in any county, in the discretion of the Secretary. In addition to the notice of sale required by the laws governing sale of property levied upon under execution, the~~ Secretary may sell the property levied upon in any county and may advertise the sale in any reasonable manner and for any reasonable period of time to produce an adequate bid for the property. Levy and sale fees, plus actual advertising costs, ~~shall~~ must be added to and collected in the same manner as taxes. The Secretary is not required to file a report of sale with the clerk of superior court, ~~as required by the laws governing sale of property levied upon under execution,~~ if the sale is otherwise publicly reported."

SECTION 28. G.S. 105-242(b) reads as rewritten:

"(b) Garnishment and Attachment. – ~~Bank deposits, rents, salaries, wages, and all other choses in action or property incapable of manual levy or delivery, including property held in the Escheat Fund, hereinafter called the intangible, belonging, owing, or to become due to any taxpayer subject to any of the provisions of this Subchapter, or which has been transferred by such taxpayer under circumstances which would permit it to be levied upon if it were tangible, shall be subject to attachment or garnishment as herein provided, and the person owing said intangible, matured or unmatured, or having same in his possession or control, hereinafter called the garnishee, shall become liable for all sums due by the taxpayer under this Subchapter to the extent of the amount of the intangible belonging, owing, or to become due to the taxpayer subject to the setoff of any matured or unmatured indebtedness of the taxpayer to the garnishee; provided, however, the garnishee shall not become liable for any sums represented by or held pursuant to any negotiable instrument issued and delivered by the garnishee to the taxpayer and negotiated by the taxpayer to a bona fide holder in due course, and whenever any sums due by the taxpayer and subject to garnishment are so held or represented, the garnishee shall hold such sums for payment to the Secretary of Revenue upon the garnishee's receipt of such negotiable instrument, unless such instrument is presented to the garnishee for payment by a bona fide holder in due course in which event such sums may be paid in accordance with such instrument to such holder in due course. To effect such attachment or garnishment the Secretary of Revenue shall serve or cause to be served upon the taxpayer and the garnishee a notice as hereinafter provided, which notice may be served by any deputy or employee of the Secretary of Revenue or by any officer having authority to serve summonses or may be served in any manner provided in Rule 4 of the North Carolina Rules of Civil Procedure. The notice shall:~~

~~(1) Show the name of the taxpayer, and if known his Social Security number or federal tax identification number and his address;~~

~~(2) Show the nature and amount of the tax, and the interest and penalties thereon, and the year or years for which the same were levied or assessed, and~~

~~(3) Be accompanied by a copy of this subsection, and thereupon the procedure shall be as follows:~~

~~If the garnishee has no defense to offer or no setoff against the taxpayer, he shall within 10 days after service of said notice, answer the same by sending to the Secretary of Revenue by registered or certified mail a statement to that effect, and if the amount due or belonging to the taxpayer is then due or subject to his demand, it shall be remitted to the Secretary with said statement, but if said amount is to mature in the future, the statement shall set forth that fact and the same shall be paid to the Secretary upon maturity, and any payment by the garnishee hereunder shall be a complete extinguishment of any liability therefor on his part to the taxpayer. If the garnishee has any defense or setoff, he shall state the same in writing under oath, and, within 10 days after service of said notice, shall send two copies of said statement to the Secretary by registered or certified mail; if the Secretary admits such defense or setoff, he shall so advise the garnishee in writing within 10 days after receipt of such statement and the~~

~~attachment or garnishment shall thereupon be discharged to the amount required by such defense or setoff, and any amount attached or garnished hereunder which is not affected by such defense or setoff shall be remitted to the Secretary as above provided in cases where the garnishee has no defense or setoff, and with like effect. If the Secretary shall not admit the defense or setoff, he shall set forth in writing his objections thereto and shall send a copy thereof to the garnishee within 10 days after receipt of the garnishee's statement, or within such further time as may be agreed on by the garnishee, and at the same time he shall file a copy of said notice, a copy of the garnishee's statement, and a copy of his objections thereto in the superior court of the county where the garnishee resides or does business where the issues made shall be tried as in civil actions.~~

~~If judgment is entered in favor of the Secretary of Revenue by default or after hearing, the garnishee shall become liable for the taxes, interest and penalties due by the taxpayer to the extent of the amount over and above any defense or setoff of the garnishee belonging, owing, or to become due to the taxpayer, but payments shall not be required from amounts which are to become due to the taxpayer until the maturity thereof, nor shall more than ten percent (10%) of any taxpayer's salary or wages be required to be paid hereunder in any one month as provided in subdivision (e)(4) of this section. The garnishee may satisfy said judgment upon paying said amount, and if he fails to do so, execution may issue as provided by law. From any judgment or order entered upon such hearing either the Secretary of Revenue or the garnishee may appeal as provided by law. If, before or after judgment, adequate security is filed for the payment of said taxes, interest, penalties, and costs, the attachment or garnishment may be released or execution stayed pending appeal, but the final judgment shall be paid or enforced as above provided. The taxpayer's sole remedies to question his liability for said taxes, interest, and penalties shall be those provided in this Subchapter, as now or hereafter amended or supplemented. If any third person claims any intangible attached or garnished hereunder and his lawful right thereto, or to any part thereof, is shown to the Secretary, he shall discharge the attachment or garnishment to the extent necessary to protect such right, and if such right is asserted after the filing of said copies as aforesaid, it may be established by interpleader as now or hereafter provided by law in cases of attachment and garnishment. In case such third party has no notice of proceedings hereunder, he shall have the right to file his petition under oath with the Secretary at any time within 12 months after said intangible is paid to him and if the Secretary finds that such party is lawfully entitled thereto or to any part thereof, he shall pay the same to such party as provided for refunds by G.S. 105-266.1, and if such payment is denied, said party may appeal from the determination of the Secretary under the provisions of G.S. 105-241.4; provided, that in taking an appeal to the superior court, said party may appeal either to the Superior Court of Wake County or to the superior court of the county wherein he resides or does business. The intangibles of a taxpayer shall be paid or collected hereunder only to the extent necessary to satisfy said taxes, interest, penalties, and costs. Except as hereinafter set forth, the remedy provided in this section shall not be resorted to unless a warrant for collection or execution against the taxpayer has been returned unsatisfied: Provided, however, if the Secretary~~

~~is of opinion that the only effective remedy is that herein provided, it shall not be necessary that a warrant for collection or execution shall be first returned unsatisfied, and in no case shall it be a defense to the remedy herein provided that a warrant for collection or execution has not been first returned unsatisfied.~~

~~This subsection shall be applicable with respect to the wages, salary or other compensation of officials and employees of this State and its agencies and instrumentalities, officials and employees of political subdivisions of this State and their agencies and instrumentalities, and also officials and employees of the United States and its agencies and instrumentalities insofar as the same is permitted by the Constitution and laws of the United States. In the case of State or federal employees, the notice shall be served upon such employee and upon the head or chief fiscal officer of the department, agency, instrumentality or institution by which the taxpayer is employed. In case the taxpayer is an employee of a political subdivision of the State, the notice shall be served upon such employee and upon the chief fiscal officer, or any officer or person charged with making up the payrolls, or disbursing funds, of the political subdivision by which the taxpayer is employed. Such head or chief officer or fiscal officer or other person as specified above shall thereafter, subject to the limitations herein provided, make deductions from the salary or wages due or to become due the taxpayer and remit same to the Secretary until the tax, penalty, interest and costs allowed by law are fully paid. Such deductions and remittances shall, pro tanto, constitute a satisfaction of the salary or wages due the taxpayer.~~ Intangible property that belongs to a taxpayer, is owed to a taxpayer, or has been transferred by a taxpayer under circumstances that would permit it to be levied upon if it were tangible property is subject to attachment and garnishment in payment of a tax that is due from the taxpayer and is collectible under G.S. 105-241.22. Intangible personal property includes bank deposits, rent, salaries, wages, property held in the Escheat Fund, and any other property incapable of manual levy or delivery. A person who is in possession of intangible property that is subject to attachment and garnishment is the garnishee and is liable for the amount the taxpayer owes. The liability applies only to the amount of the taxpayer's property in the garnishee's possession, reduced by any amount the taxpayer owes the garnishee. G.S. 105-242.1 sets out the procedure for attachment and garnishment of intangible property.

No more than ten percent (10%) of a taxpayer's wages or salary is subject to attachment and garnishment. The wages or salary of an employee of the United States, the State, or a political subdivision of the State are subject to attachment and garnishment."

SECTION 29. Article 9 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-242.1. Procedure for attachment and garnishment.**

(a) Notice. – G.S. 105-242 specifies when intangible property is subject to attachment and garnishment. Before the Department attaches and garnishes intangible property in payment of a tax, the Department must send the garnishee a notice of garnishment. The notice must be sent in accordance with the methods authorized in

G.S. 105-241.20 or by registered or certified mail. The notice must contain all of the following information:

(1) The taxpayer's name, address, and social security number or federal identification number.

(2) The type of tax the taxpayer owes and the tax periods for which the tax is owed.

(3) The amount of tax, interest, and penalties the taxpayer owes.

(4) An explanation of the liability of a garnishee for tax owed by a taxpayer.

(5) An explanation of the garnishee's responsibility concerning the notice.

(b) Action. – Within 30 days after receiving a notice of garnishment, a garnishee must comply with the garnishment or file a written response to the notice. A written response must explain why the garnishee is not subject to garnishment and attachment. Upon receipt of the written response, the Department must contact the garnishee and schedule a conference to discuss the response or inform the garnishee of the Department's position concerning the response. If the Department does not agree with the garnishee on the garnishee's liability, the Department may proceed to enforce the garnishee's liability for the tax by sending the garnishee a notice of proposed assessment in accordance with G.S. 105-241.9.

(c) Release. – When the Department releases a garnishee from liability, the Department must send the garnishee a letter of release. The letter must identify the taxpayer to whom the release applies and contain the identifying information about the taxpayer that is required under subsection (a) on a notice of garnishment."

SECTION 30. G.S. 105-242(c) reads as rewritten:

"(c) Certificate ~~or Judgment for Taxes.~~ of Tax Liability. ~~In addition to the remedy herein provided, the Secretary of Revenue is authorized and empowered to make a certificate setting forth the essential particulars relating to the said tax, including the amount thereof, the date when the same was due and payable, the person, firm, or corporation chargeable therewith, and the nature of the tax, and under his hand and seal transmit the same to the clerk of the superior court of any county in which the delinquent taxpayer resides or has property; whereupon, it shall be the duty of the clerk of the superior court of the county to docket the said certificate and index the same on the cross index of judgments, and execution may issue thereon with the same force and effect as an execution upon any other judgment of the superior court (said tax shall become a lien on realty only from the date of the docketing of such certificate in the office of the clerk of the superior court and on personalty only from the date of the levy on such personalty and upon the execution thereon no homestead or personal property exemption shall be allowed except as provided in subdivision (e)(1) of this section).~~ The Department may file a certificate of tax liability to collect a tax that is owed by a taxpayer and is collectible under G.S. 105-241.22. A certificate of tax liability must state the taxpayer's name and the type and amount of tax owed. If the taxpayer resides in this State or has property in this State, the Department must file the certificate of tax liability with the clerk of the superior court of a county in which the taxpayer resides or

has property. If the taxpayer does not reside in this State or have property in this State, the Department must file the certificate of tax liability in Wake County.

The clerk of court must record a certificate of tax liability in the same manner as a judgment. A recorded certificate of tax liability is considered a judgment and is enforceable in the same manner as other judgments. The legal rate of interest set in G.S. 24-1 applies to the principal amount of tax stated on the certificate of tax liability. The tax stated on a certificate of tax liability is a lien on real and personal property from the date the certificate is recorded.

~~Except as provided in G.S. 105-241.2(e) for jeopardy levies, no sale of real or personal property shall be made under any execution issued on a certificate docketed pursuant to the provisions of this subsection before the administrative action of the Secretary of Revenue or the Tax Review Board is completed when a hearing has been requested of the Secretary or a petition for review has been filed with the Tax Review Board, nor shall such sale be made before the assessment on which the certificate is based becomes final when there is no request for a hearing before the Secretary or petition for review by the Tax Review Board. Neither the title to real estate nor to personal property sold under execution issued upon a certificate docketed under this subsection shall be drawn in question upon the ground that the administrative action contemplated by this paragraph was not completed prior to the sale of such property under execution. Nothing in this paragraph shall prevent the sheriff to whom an execution is issued from levying upon either real or personal property pending an administrative determination of tax liability and, in the case of personal property, the sheriff may hold such property in his custody or may restore the execution defendant to the possession thereof upon the giving of a sufficient forthcoming bond. Upon a final administrative determination of the tax liability being had, if the assessment or any part thereof is sustained, the sheriff shall, upon request of the Secretary of Revenue, proceed to advertise and sell the property under the original execution notwithstanding the original return date of the execution may have expired.~~

~~The owner of tangible property seized under this section may request the Secretary to authorize the sale of the property under execution within 60 or more days after the request is made. The Secretary shall authorize the sale unless the Secretary finds that selling the property would not be in the best interests of the State. When property is sold at the request of the owner, the Department shall receive from the sale of the property the administrative expenses it incurred in having the property sold.~~

~~A certificate or judgment in favor of the State or the Secretary of Revenue for taxes payable to the Department of Revenue, whether docketed before or after the effective date of this paragraph, shall be valid and enforceable for a period of 10 years from the date of docketing. When any such certificate or judgment, whether docketed before or after the effective date of this paragraph, remains unsatisfied for 10 years from the date of its docketing, the same shall be unenforceable and the tax represented thereby shall abate. Upon the expiration of said 10-year period, the Secretary of Revenue or his duly authorized deputy shall cancel of record said certificate or judgment. Any such certificate or judgment now on record which has been docketed for more than 10 years shall, upon the request of any interested party, be canceled of record by the Secretary of~~

~~Revenue or his duly authorized deputy; provided, in the event of the death of the judgment debtor or his absence from the State before the expiration of the 10-year period herein provided, the running of said 10-year period shall be stopped for the period of his absence from the State or during the pendency of the settlement of the estate and for one year thereafter, and the time elapsed during the pendency of any action or actions to set aside the judgment debtor's conveyance or conveyances as fraudulent, or the time during the pendency of any insolvency proceeding, or the time during the existence of any statutory or judicial bar to the enforcement of the judgment shall not be counted in computing the running of said 10-year period. And, provided further, that any execution sale which has been instituted upon any such judgment before the expiration of the 10-year period may be completed after the expiration of the 10-year period, notwithstanding the fact that resales may be required because of the posting of increased bids. Provided further, that, notwithstanding the expiration of the 10-year period provided and notwithstanding the fact that no proceedings to collect the judgment by execution or otherwise has been commenced within the 10-year period, the Secretary of Revenue may accept any payments tendered upon said judgments after the expiration of said 10-year period.~~A certificate of tax liability is enforceable for a period of 10 years from the date it is recorded. If the certificate is not satisfied within this period, the remaining liability of the taxpayer is abated and the Department must cancel the certificate. An execution sale initiated before the end of the 10-year period may be completed after the end of this period, regardless of whether resales are required because of the posting of increased bids. The Secretary may accept tax payments made after a certificate has expired, regardless of whether any collection actions were taken before the certificate expired. A taxpayer may waive the 10-year period for enforcement of the certificate for either a definite or an indefinite time.

The 10-year period in which a certificate of tax liability is enforceable is tolled during the following periods:

(1) While the taxpayer is absent from the State. The period is tolled during the taxpayer's absence plus one year after the taxpayer returns.

(2) Upon the death of the taxpayer. The period is tolled while the taxpayer's estate is administered plus one year after the estate is closed.

(3) While an action is pending to set aside a conveyance made by the taxpayer as a fraudulent conveyance.

(4) While an insolvency proceeding against the taxpayer is pending.

(5) During the period of any statutory or judicial bar to the enforcement of the certificate.

(6) The period for which a taxpayer has waived the 10-year period."

SECTION 31. G.S. 105-243 reads as rewritten:

"§ 105-243. Taxes recoverable by action.

~~Upon the failure of any corporation to pay the taxes, fees, and penalties prescribed by this Subchapter, the Secretary of Revenue may certify same to the sheriff of the county in which such company may own property, for collection as provided in this Subchapter; and if collection is not made, such taxes or fees and penalties thereon may be recovered in an action in the name of the State, which may be brought in the Superior~~

~~Court of Wake County, or in any county in which such corporation is doing business, or any county in which such corporation owns property. The Attorney General, on request of the Secretary of Revenue, shall institute such action in the Superior Court of Wake County, or of any such county as the Secretary of Revenue may direct. In any such action it shall be sufficient to allege that the tax, fee, or penalty sought to be recovered is delinquent, and that the same has been unpaid for the period of 30 days after due date.~~ When requested by the Secretary, the Attorney General must bring an action to recover the amount of tax that is due from a taxpayer and is collectible under G.S. 105-241.22. In the action, the taxpayer may not challenge the liability for the tax. A judgment in the action has the same priority as a tax lien. The judgment is not subject to a claim for a homestead exemption. The action must be brought in one of the following:

(1) The Superior Court of Wake County.
(2) The taxpayer's county of residence.
(3) A county where the taxpayer owns real property.
(4) The county in which the taxpayer has its principal place of business.
(5) A court of competent jurisdiction of another state."

SECTION 32. G.S. 105-243.1 reads as rewritten:

"**§ 105-243.1. Collection of tax debts.**

(a) Definitions. – The following definitions apply in this section:

(1) Overdue tax debt. – Any part of a tax debt that remains unpaid 90 days or more after ~~the notice of final assessment was mailed to the taxpayer.~~ it becomes collectible under G.S. 105-241.22. The term does not include a tax ~~debt, however, if~~ debt for which the taxpayer entered into an installment agreement for the tax debt under G.S. 105-237 within 90 days after ~~the notice of final assessment was mailed and~~ the tax debt became collectible, if the taxpayer has not failed to make any payments due under the installment agreement.

(2) Tax debt. – The total amount of tax, penalty, and interest ~~due for which a notice of final assessment has been mailed to a taxpayer after the taxpayer no longer has the right to contest the debt.~~collectible under G.S. 105-241.22.

(b) Outsourcing. – The Secretary may contract for the collection of tax debts owed by nonresidents and foreign entities. At least 30 days before the Department submits a tax debt to a contractor for collection, the Department must notify the taxpayer by mail that the debt may be submitted for collection if payment is not received within 30 days after the notice was mailed.

(c) Secrecy. – A contract for the collection of tax debts is conditioned on compliance with G.S. 105-259. If a contractor violates G.S. 105-259, the contract is terminated, and the Secretary must notify the contractor of the termination. A contractor whose contract is terminated for violation of G.S. 105-259 is not eligible for an award of another contract under this section for a period of five years from the termination. These sanctions are in addition to the criminal penalties set out in G.S. 105-259.

(d) Fee. – A collection assistance fee is imposed on an overdue tax debt that remains unpaid 30 days or more after the fee notice required by this subsection is

mailed to the taxpayer. In order to impose a collection assistance fee on a tax debt, the Department must notify the taxpayer that the fee will be imposed if the tax debt is not paid in full within 30 days after the date the fee notice was mailed to the taxpayer. The Department may not mail the fee notice earlier than 60 days after ~~the notice of final assessment for the tax debt was mailed to the taxpayer.~~ the tax debt becomes collectible under G.S. 105-241.22. The fee is collectible as part of the debt. The Secretary may waive the fee pursuant to G.S. 105-237 to the same extent as if it were a penalty.

The amount of the collection assistance fee is twenty percent (20%) of the amount of the overdue tax debt. If a taxpayer pays only part of an overdue tax debt, the payment is credited proportionally to fee revenue and tax revenue.

(e) Use. – The fee is a receipt of the Department and must be applied to the costs of collecting overdue tax debts. The proceeds of the fee must be credited to a special account within the Department and may be expended only as provided in this subsection. The proceeds of the fee may not be used for any purpose that is not directly and primarily related to collecting overdue tax debts. The Department may apply the proceeds of the fee for the purposes listed in this subsection. The remaining proceeds of the fee may be spent only pursuant to appropriation by the General Assembly. The fee proceeds do not revert but remain in the special account until spent for the costs of collecting overdue tax debts. The Department and the Office of State Budget and Management must account for all expenditures using accounting procedures that clearly distinguish costs allocable to collecting overdue tax debts from costs allocable to other purposes and must demonstrate that none of the fee proceeds are used for any purpose other than collecting overdue tax debts.

The Department may apply the fee proceeds for the following purposes:

(1) To pay contractors for collecting overdue tax debts under subsection (b) of this section.

(2) To pay the fee the United States Department of the Treasury charges for setoff to recover tax owed to North Carolina.

(3) To pay for taxpayer locater services, not to exceed one hundred fifty thousand dollars ($150,000) a year.

(4) To pay for postage or other delivery charges for correspondence directly and primarily relating to collecting overdue tax debts, not to exceed three hundred fifty-three thousand dollars ($353,000) a year.

(5) To pay for operating expenses for Project Collection Tax and the Taxpayer Assistance Call Center.

(6) To pay for expenses of the Examination and Collection Division directly and primarily relating to collecting overdue tax debts.

(f) Reports. – The report of Department activities required by G.S. 105-256 contains information on the Department's efforts to collect tax debts and its use of the proceeds of the collection assistance fee."

SECTION 33. G.S. 105-253(b) reads as rewritten:

"(b) Each responsible officer is personally and individually liable for all of the following:

(1) All sales and use taxes collected by a corporation or a limited liability company upon its taxable transactions.

(2) All sales and use taxes due upon taxable transactions of a corporation or a limited liability company but upon which it failed to collect the tax, but only if the person knew, or in the exercise of reasonable care should have known, that the tax was not being collected.

(3) All taxes due from a corporation or a limited liability company pursuant to the provisions of Articles 36C and 36D of Subchapter V of this Chapter and all taxes payable under those Articles by it to a supplier for remittance to this State or another state.

(4) All income taxes required to be withheld from the wages of employees of a corporation or a limited liability company.

The liability of the responsible officer is satisfied upon timely remittance of the tax by the corporation or the limited liability company. If the tax remains unpaid after it is due and payable, the Secretary may ~~assess the tax against and collect the tax from any responsible officer in accordance with the procedures in this Article for assessing and collecting tax from a taxpayer.~~ proceed to enforce the responsible officer's liability for the tax by sending the responsible officer a notice of proposed assessment in accordance with G.S. 105-241.9. As used in this section, the term "responsible officer" means the ~~president and the treasurer~~ president, treasurer, and chief financial officer of a corporation, the manager of a limited liability company, and any other officer of a corporation or member of a limited liability company who has a duty to deduct, account for, or pay taxes listed in this subsection. Any penalties that may be imposed under G.S. 105-236 and that apply to a deficiency also apply to an assessment made under this section. ~~The provisions of this Article apply to an assessment made under this section to the extent they are not inconsistent with this section.~~

The period of limitations for assessing a responsible officer for unpaid taxes under this section expires one year after the expiration of the period of limitations for assessment against the corporation or limited liability company."

SECTION 34. The caption for G.S. 105-256 reads as rewritten:

"**§ 105-256. ~~Reports~~ Publications prepared by Secretary of Revenue.**"

SECTION 35. G.S. 105-256(a) reads as rewritten:

"(a) ~~Reports.~~ Publications. – The Secretary shall prepare and publish the following:

...

(9) A final decision of the Secretary in a contested tax case. The Secretary must redact identifying taxpayer information from a final decision prior to publication."

SECTION 36. G.S. 105-258.1(a) reads as rewritten:

"(a) Scope. – This section applies to in-person interviews between a taxpayer and an officer or employee of the Department relating to the determination or collection of a tax, other than an in-person interview concerning any of the following:

(1) A criminal investigation.

(2) The determination or collection of a tax imposed by Article 2D of this Chapter.

~~(3) The assessment under G.S. 105-241.1(g) of a tax whose collection is in jeopardy.~~

(4) ~~The levy or execution under G.S. 105-241.2(e) of an assessment whose collection is in jeopardy.~~A jeopardy assessment and collection."

SECTION 37. G.S. 105-259(b) reads as rewritten:

"(b) Disclosure Prohibited. – An officer, an employee, or an agent of the State who has access to tax information in the course of service to or employment by the State may not disclose the information to any other person unless the disclosure is made for one of the following purposes:

...

(1a) To comply with a discovery request in accordance with G.S. 150B-28 in a contested tax case arising under G.S. 105-241.15.

..."

SECTION 38. G.S. 105-262(a) reads as rewritten:

"(a) The Secretary of Revenue may adopt rules needed to administer a tax collected by the Secretary or to fulfill another duty delegated to the Secretary. ~~The Tax Review Board shall review a new rule or a change to a rule before it is filed in the North Carolina Administrative Code~~. G.S. 150B-1 and Article 2A of Chapter 150B of the General Statutes set out the procedure for the adoption of rules by the Secretary."

SECTION 39. G.S. 105-449.39 reads as rewritten:

"**§ 105-449.39. Credit for payment of motor fuel tax.**

Every motor carrier subject to the tax levied by this Article is entitled to a credit on its quarterly report for tax paid by the carrier on fuel purchased in the State. The amount of the credit is determined using the flat cents-per-gallon rate plus the variable cents-per-gallon rate of tax in effect during the quarter covered by the report. To obtain a credit, the motor carrier must furnish evidence satisfactory to the Secretary that the tax for which the credit is claimed has been paid.

If the amount of a credit to which a motor carrier is entitled for a quarter exceeds the motor carrier's liability for that quarter, the ~~Secretary must refund the excess to the motor carrier in accordance with G.S. 105-266(a)(3).~~excess is refundable in accordance with G.S. 105-241.7."

SECTION 40. G.S. 105-449.119 reads as rewritten:

"**§ 105-449.119. ~~Hearing on~~ Review of civil penalty assessment.**

A person who denies liability for a penalty imposed under this Part must pay the penalty ~~under protest~~ and ~~make a written demand to the Department of Revenue for a refund. The written demand must be made within 30 days after the penalty is imposed and must explain why the person is not liable for the penalty. Upon receiving a demand for a refund, the Secretary must schedule a hearing on the matter before an employee or an agent of the Department. The hearing must be held within 30 days after receiving the written demand for a refund. If, after the hearing, the Department determines that the person was not liable for the penalty, the amount collected must be refunded. If, after the hearing, the Department determines that the person was liable for the penalty, the~~

~~person paying the penalty may appeal the imposition of the penalty in accordance with G.S. 105-241.2, 105-241.3, and 105-241.4.~~ file a request for a Departmental review of the penalty. The request must be filed within the time set in G.S. 105-241.11 for requesting a Departmental review of a proposed assessment. The procedures in Article 9 of this Chapter for review of a proposed assessment apply to the review of the penalty. The date the penalty was imposed is considered the date the notice of proposed assessment was delivered to the taxpayer."

SECTION 41. Article 3 of Chapter 150B is amended by adding the following new section:

"**§ 150B-31.1. Contested tax cases.**

(a) Application. – This section applies only to contested tax cases. A contested tax case is a case involving a disputed tax matter arising under G.S. 105-241.15. To the extent any provision in this section conflicts with another provision in this Article, this section controls.

(b) Simple Procedures. – The Chief Administrative Law Judge may limit and simplify the procedures that apply to a contested tax case involving a taxpayer who is not represented by an attorney. An administrative law judge assigned to a contested tax case must make reasonable efforts to assist a taxpayer who is not represented by an attorney in order to assure a fair hearing.

(c) Venue. – A hearing in a contested tax case must be conducted in Wake County, unless the parties agree to hear the case in another county.

(d) Law Enforcement Reports. – A report of a law enforcement agency is admissible without testimony from personnel of the law enforcement agency.

(e) Confidentiality. – The record, proceedings, and decision in a contested tax case are confidential until the final decision is issued in the case."

SECTION 42. G.S. 150B-45 reads as rewritten:

"**§ 150B-45. Procedure for seeking review; waiver.**

(a) Procedure. – To obtain judicial review of a final decision under this Article, the person seeking review must file a petition within 30 days after the person is served with a written copy of the decision. The petition must be filed as follows:

(1) Contested Tax Cases. – A petition for review of a final decision in a contested tax case arising under G.S. 105-241.15 must be filed in the Superior Court of Wake County.

(2) Other Final Decisions. – A petition for review of any other final decision under this Article must be filed in the Superior Court of Wake County or in the superior court of the county where the person resides.

~~The person seeking review must file the petition within 30 days after the person is served with a written copy of the decision.~~

(b) Waiver. – A person who fails to file a petition within the required time waives the right to judicial review under this Article. For good cause shown, however, the superior court may accept an untimely petition."

SECTION 43. In the General Statutes, references to the following statutes repealed by this act are deleted and substituted as provided in this section. The Revisor

of General Statutes is authorized to change the references in accordance with this section.

(1) References to the following statutory provisions repealed by this act are substituted with a reference to G.S. 105-241.21:
a. G.S. 105-241.1(i).
b. G.S. 105-241.1 in G.S. 105-160.4, G.S. 105-187.10, and G.S. 150B-2.
c. G.S. 105-266 in G.S. 105-266.2, G.S. 105A-5, and G.S. 105A-8.

(2) References to former G.S. 105-241.1(g) and G.S. 105-241.2(e) are substituted with a reference to G.S. 105-241.23.

SECTION 44. G.S. 105-130.5(a) is amended by adding a new subdivision to read:

'(19) The dividend paid deduction allowed under the Code to a captive REIT, as defined in G.S. 105-130.12.'

SECTION 45. G.S. 105-130.5(b) is amended by adding a new subdivision to read:

'(23) A dividend received from a captive REIT, as defined in G.S. 105-130.12.'

SECTION 46. G.S. 105-130.12 reads as rewritten:

'**§ 105-130.12. ~~Regulated investment companies and real~~ Real estate investment trusts.**

~~Any organization or trust which, in the opinion of the Secretary of Revenue of North Carolina, qualifies as either a "regulated investment company" under section 851 of the Code or as a "real estate investment trust" under section 856 of the Code and which files with the North Carolina Department of Revenue its election to be treated as a "regulated investment company," or as a "real estate investment trust" shall be taxed under this Part upon only that part of its net income which is not distributed or declared for distribution to shareholders during the income year or by the time required by law for the filing of the return for the income year including the period of any extension of time granted for filing such return.~~

(a) Definitions. – The following definitions apply in this section:

(1) Captive REIT. – A REIT whose shares or certificates of beneficial interest are not regularly traded on an established securities market and are owned or controlled, at any time during the last half of the tax year, by a person that is subject to tax under this Part and is not a REIT or a listed Australian property trust.

(2) Own or control. – To own or control directly , indirectly, beneficially, or constructively more than fifty percent (50%) of the voting power or value of an entity. The attribution rules of section 318 of the code, as modified by section 856(d)(5) of the Code, apply in determining ownership and control.

(3) REIT. – A trust or another entity that qualifies as a real estate investment trust under section 856 of the Code.

(b) Tax. – The income of a REIT is taxable under this Part in accordance with the Code, unless the REIT is a captive REIT. A captive REIT is required to add to its federal taxable income the amount of a dividend paid deduction allowed under the Code, as provided in G.S. 105-130.5.'

SECTION 47. G.S. 105-241.10, as enacted by Section 1 of this act, and Sections 7, 14, 15, 16, 21, 44, 45, and 46 are effective for taxable years beginning on or after January 1, 2007. The remainder of this act becomes effective January 1, 2008. The procedures for review of disputed tax matters enacted by this act apply to assessments of tax that are not final as of the effective date of this act and to claims for refund pending on or filed on or after the effective date of this act. This act does not affect matters for which a petition for review was filed with the Tax Review Board under G.S. 105-241.2 before the effective date of this act. The repeal of G.S. 105-122(c) and G.S. 105-130.4(t) and Sections 11 and 12 apply to requests for alternative apportionment formulas filed on or after the effective date of this act. A petition filed with the Tax Review Board for an apportionment formula before the effective date of this act is considered a request under G.S. 105-122(c1) or G.S. 105-130.4(t1), as appropriate.

SENATE BILL 242:
Reform Tax Appeals/Close REIT Loophole

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 6, 2007
Introduced by:	Sen. Clodfelter	**Summary by:**	Trina Griffin and Cindy Avrette Committee Counsel
Version:	PCS to First Edition S242-CSSVx-30 [v. 21]		

SUMMARY: A Proposed Committee Substitute for Senate Bill 242 was presented in Senate Finance on May 16, 2007. After that meeting, various interested parties provided input, much of which has been incorporated into the bill. This summary highlights only the substantive changes made to the bill since it was last presented in committee on May 16, 2007.

This Proposed Committee Substitute also adds a provision that would limit a corporation's ability to use a real estate investment trust to avoid paying State taxes.

BILL ANALYSIS:

REFORM TAX APPEALS

The Proposed Committee Substitute makes the following substantive changes to the version previously distributed on May 16, 2007 (S242-CSSVf-30 [v.5]) regarding the review of disputed tax matters:

- ***Statement of basis.*** – The revised PCS would require a taxpayer to provide the basis for a request for a refund. However, the statement of the basis of the claim would not limit the taxpayer from changing the basis at a later time. Similarly, when the Department is required to provide a basis for a proposed assessment, a proposed denial of a refund, or a final determination, a statement has been added in the revised PCS that the statement of the basis does not prevent the Department from changing the basis at a later time. [Section 1, G.S. 105-241.7, -241.9, -241.14].

- ***Response to request for additional information.*** – Once a taxpayer has requested a refund, the Department may request additional information from the taxpayer. The revised PCS adds language stating that if a taxpayer does not respond to the request, the Department may deny the refund and send a notice of proposed denial. If the taxpayer does provide the information, then it alters the time period that the Department has to take action on the request, including a time period mutually agreed upon by the parties. [Section 1, G.S. 105-241.7(c)(4)].

- ***Limits on refunds and assessments after a federal determination.*** – The revised PCS creates a new G.S. 105-241.10 relating to a federal determination. A federal determination is a correction or a final determination by the federal government of the amount of a federal tax due. If a taxpayer files a return reflecting a federal determination that affects the amount of State tax payable and the general statute of limitations for requesting a refund or proposing an assessment has expired, then a request for refund or proposed assessment is limited to the adjustment in State tax payable reflecting the federal determination. In other words, filing a return reflecting a federal determination does not open up a taxpayer's return to all items on that return, but only to those items that changed as a result of the federal determination. Similarly, a taxpayer cannot request a refund for items beyond the scope of the federal determination. [Section 1, G.S. 105-241.10]

- ***Definition of filing.*** – The revised PCS creates a definition for "filing" for purposes of a taxpayer filing a request for review of a proposed denial of a refund or a proposed assessment. Regardless of

the method of delivery, the request is considered filed when the Department receives it. [Section 1, G.S. 105-241.11].

- ***Result when no review requested.*** – The revised PCS clarifies that when a taxpayer fails to timely file for review of a proposed denial or a proposed assessment, then the proposed actions of the Department become final. Once a proposed denial of a refund becomes final, the taxpayer may not file another amended return or claim for refund to obtain the denied refund. Once a proposed assessment becomes final, a taxpayer may not seek further administrative or judicial review of the assessment. However, the Department is required to send the taxpayer a "notice of collection" indicating that the assessment is final and collectible and stating the collection options available to the Department. [Section 1, G.S. 105-241.12].

- ***Conference.*** – The revised PCS changes the notice requirement prior to conference from 10 days to 30 days before the conference, or within a shorter period if the Department and taxpayer agree to change the period. The revised PCS also removes the requirement that the Department and the taxpayer stipulate the facts and issues upon which the parties can agree. [Section 1, G.S. 105-241.13].

- ***Time limit for Departmental review process.*** – The Departmental review process, which may include an internal review, a conference with the taxpayer, and the issuance of a final determination, must conclude within nine months from the date the taxpayer filed the request for review. The revised PCS authorizes the parties to extend this time period by mutual agreement. [Section 1, G.S. 105-241.14].

- ***Payment of tax prior to filing civil action.*** – The revised PCS provides that one of the circumstances under which a tax becomes collectible is when the Office of Administrative Hearings dismisses a petition for lack of jurisdiction because the sole issue is the constitutionality of a statute on its face. Once OAH dismisses a petition for this reason, a taxpayer may bring a civil action in order to challenge the constitutionality of a tax statute. Therefore, a taxpayer must pay the tax in order to file a civil action challenging a tax, and the payment must be made immediately but the taxpayer still has two years to file a civil action. This provision is different from the prior version of the PCS where a taxpayer was required to pay the tax before filing a civil action, but the payment could be made at any time within two years of the OAH dismissal. [Section 1, G.S. 105-241.17 and G.S. 105-241.22(6)].

- ***Filing of bond in lieu of payment.*** – The revised PCS removes the option of filing a bond in lieu of paying the tax in order to seek judicial review or file a civil action regarding a disputed tax matter. [Section 1, G.S. 105-241.16 and 241.17].

- ***Class actions.*** – The revised PCS provides that a taxpayer must opt-in to a class action by filing a request for a refund with the Department and by filing a copy with the court. [Section 1, G.S. 105-241.18].

- ***Collection of tax.*** – G.S. 105-241.22 is a new section in the bill, but the provisions are substantially similar to the current law with the exception of the language related to contested cases at OAH. [Section 1, G.S. 105-241.22]. It sets out when a tax is collectible by the Department.

- ***Federal corrections regarding withholding taxes.*** – When the federal government corrects or otherwise determines the amount of an estate, gift, or income that is subject to tax, the taxpayer must file a State return that reflects that change. In 2006, the General Assembly reduced the period of time in which a taxpayer must report a federal change from two years to six months.[1] The change was based on a model uniform statute adopted by the Multistate Tax Commission for reporting federal changes. There are six statutes in Chapter 105 that address federal changes, but only five

[1] S.L. 2006-18.

were amended. The revised PCS corrects this oversight by changing from two years to six months the period that an employer has to file a return reflecting any federal changes with regard to withholding taxes. [Section 16].

- ***Certificate of tax liability.*** – A certificate of tax liability (CTL) is similar to a judgment for taxes owed. The Secretary transmits the certificate, which sets out the taxpayer's tax liability, to the clerk of superior court in any county where the taxpayer resides or has property. Once docketed, the certificate may be executed upon in the same manner as a judgment. The certificate is valid for 10 years. At the end of the 10-year period, any tax that has not been collected is abated. However, even though the 10-year period has expired, an execution sale instituted prior to the expiration may be completed, and the Secretary may accept voluntary payments.

  The revised PCS makes several changes to this statute. It clarifies that the legal rate of interest (8%) and not the rate in G.S. 105-241.21 applies to CTLs. This codifies current practice, which is not explicitly set out in statute. It authorizes the Department to file a CTL against a nonresident in Wake County to assist with collection in a foreign state. It provides that the tax on a CTL is a lien on real and personal property from the date it is recorded. Under current law, the tax in a CTL is a lien on real property from the date of docketing and a lien on personal property from the date of levy. Finally, it provides that the 10-year period in which a CTL is enforceable is tolled if the taxpayer waives the 10-year period to the end of the period extended by the waiver. [Section 30].

- ***Publication of final decision.*** – The revised PCS would require the Department of Revenue to publish final decisions in contested tax cases in redacted form to remove identifying taxpayer information. [Sections 34 and 35].

- ***Contested tax cases.*** – The revised PCS makes some special provisions for contested tax cases heard at the Office of Administrative Hearings. First, it gives the Chief ALJ general authority to simplify the procedures that apply to a contested tax case involving a taxpayer who is not represented by an attorney. It also requires an administrative law judge assigned to a contested tax case to make reasonable efforts to assist unrepresented taxpayers. Second, it requires that the venue for all contested tax cases is Wake County, unless the parties agree otherwise. Third, it provides that the record, the proceedings, and the decision are confidential until the final decision is issued in the case. Fourth, it allows a law enforcement report to be admitted into evidence without the testimony of personnel from the law enforcement agency. Finally, it creates an exemption in the confidentiality statute regarding taxpayer information for purposes of complying with a discovery request in a contested tax case. [Sections 37 and 41].

CLOSE REIT LOOPHOLE

Sections 44, 45, and 46 of the revised PCS would limit a corporation's ability to use captive real estate investment trusts (REITs) to avoid State taxes. A REIT is an organization that uses the pooled capital of many investors to purchase and mange real estate. Under current federal and state law, a REIT is taxable only on income that is not distributed to shareholders. The amount of income a REIT distributes[2] is not subject to tax because the REIT is allowed a deduction for the dividends it pays. The amounts received by the shareholders of the REIT are taxable.

A REIT that is owned or controlled by a single entity is commonly referred to as a captive REIT.[3] Two common types of captive REITs are rental REITs and mortgage REITs.

---

[2] A REIT must distribute at least 90% of its taxable income to its shareholders.

[3] To qualify under the IRC as a REIT, beneficial ownership in the organization must be held by at least 100 people for at least 335 days during the 12-month year.

In a rental REIT, a corporation that owns real property and uses the property in its business, such as a retail store, forms a REIT and transfers ownership of the property to the REIT. The corporation that operates the stores and uses the property makes rental payments to the REIT, which reduces the State income tax liability of the corporation. The REIT is not taxed on the rental income, because it is allowed a dividend paid deduction under federal law.[4]

If the corporation receives dividends from the REIT directly, the corporation will pay tax on the dividends it receives. If, however, an affiliated corporation receives the dividends from the REIT and then transfers the dividends to the corporation, the corporation will not pay tax on the amount it receives because it will be able to deduct the amount received from the affiliated corporation under another deduction allowed under federal and state law -- the dividend received deduction. If the affiliated company that receives the dividends from the captive REIT is outside the State and has no nexus with the State, the out-of-state holding company will pay no State tax on the income.

As a result of this chain of transfers, the corporation is allowed a deduction for rental expenses, the REIT that receives the rental income is allowed a dividend paid deduction when it distributes the rental income, the out-of-state affiliate that receives the dividend from the REIT is not subject to tax in North Carolina (because of lack of nexus), and the corporation that receives the dividend from its affiliated out-of-state holding company is not subject to tax on the amount it receives because of the dividend received deduction. The corporation has in effect been allowed a deduction for its rental expenses and been able to receive the amount it deducted as tax-free income in the form of a dividend received.

In a mortgage REIT, a financial institution forms a REIT and transfers to the captive REIT mortgages or mortgage-backed securities originated by the financial institution. The interest income that would have accrued to the financial institution now accrues to the REIT. The REIT takes the dividend paid deduction when it distributes its income.

Sections 44 and 45 prevent this tax avoidance strategy by disallowing the dividend paid deduction when a REIT is a captive REIT. Under the proposed committee substitute, the captive REIT is not allowed to take the dividend paid deduction. Instead, the captive REIT will be subject to tax on those dividends. If the real property the captive REIT owns is in North Carolina, the REIT will have nexus with the State because it owns property located in North Carolina and the income will be apportioned accordingly.

Section 46 defines a 'captive REIT' as a REIT whose shares or certificates of beneficial interest are not regularly traded on an established securities market and are owned or controlled, at any time during the last half of the tax year, by a person that is subject to tax under this Part and is not:

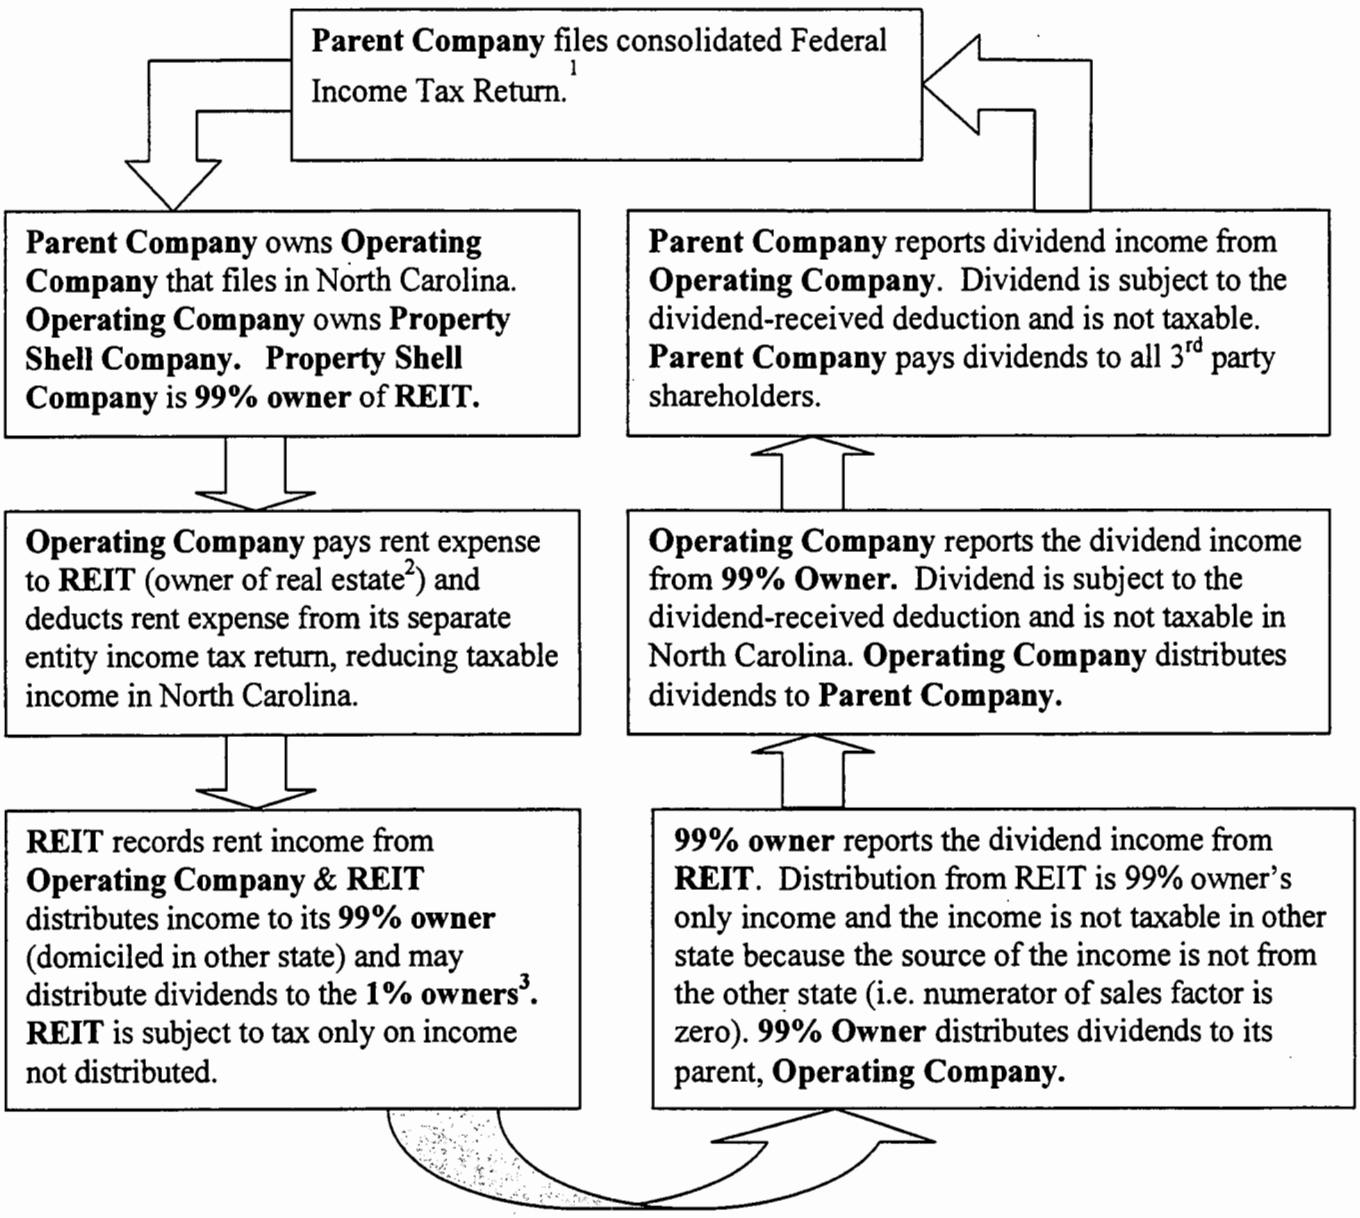
- A REIT; or
- A listed Australian property trust. A listed Australian property trust is Australia's version of a U.S. publicly traded REIT.

Section 44 provides a dividend received deduction for a dividend received by a captive REIT so that the dividend is not taxed twice.

Several states have enacted captive REIT legislation similar to these proposed provisions. The states are: Maryland (HB 1257 of the 2007 Session), Kentucky, Indiana, Pennsylvania, Louisiana, and Mississippi.

[4] The federal dividends received deduction is meant to reduce the negative effects of the double tax on C corporation profits distributed as dividends to corporate shareholders. NC adopted the federal dividends received deduction in 2001.

REIT Income Shifting Structure
Cash Flow



[1]Note: REIT is not included in the consolidated US Federal income tax return for Parent Company and Subsidiaries pursuant to the Internal Revenue Code. One requirement for qualification as a REIT is that the REIT must distribute at least 90% of its income to its shareholders.

[2]REIT assets consist of real estate or real estate mortgages.

[3]A REIT is required to have 100 beneficial owners.

Summary result: Operating income subject to tax in North Carolina is diluted by a "manufactured" rental expense. The entity receiving the rental income is not taxable in North Carolina.

A BILL TO BE ENTITLED

AN ACT TO ENSURE THAT ALL BREAD SOLD AT A BAKERY THRIFT STORE IS TAXED AT THE SAME SALES TAX RATE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-164.13 is amended by adding a new subdivision to read:

"(27a) Bread, rolls, and buns sold at a bakery thrift store. A 'bakery thrift store' is a retail outlet of a bakery that sells at wholesale over ninety percent (90%) of the items it makes and sells at the retail outlet day-old bread, rolls, and buns returned to it by retailers that acquired these items from the bakery."

SECTION 2. G.S. 105-467(a) is amended by adding a new subdivision to read:

"(5a) The sales price of bread, rolls, and buns that are sold at a bakery thrift store and are exempt from State tax under G.S. 105-164.13(27a)."

SECTION 3. The first paragraph of Section 4 of Chapter 1096 of the 1967 Session Laws, as amended, reads as rewritten:

"Sec. 4. Scope of Sales Tax. The sales tax which may be imposed under this division after the holding of a special election is limited to a tax at the rate of one per cent (1%) ~~of:~~ of the transactions listed in this section. The taxes authorized by this division do not apply to sales that are taxable by the State under G.S. 105-164.4 but are not specifically listed in this section. ~~(1) the~~

(1) The sale price of those articles of tangible personal property now subject to the general rate of sales tax imposed by the State under G.S. 105-164.4(a)(1) and ~~(4b);(2) the~~

(2) The gross receipts derived from the lease or rental of tangible personal property when the lease or rental of the property is subject to the

general rate of sales tax imposed by the State under ~~G.S. 105-164.4(a)(2); (3) the~~ G.S. 105-164.4(a)(2).

(3) The gross receipts derived from the rental of any room or lodging furnished by any hotel, motel, inn, tourist camp or other similar public accommodations now subject to the general rate of sales tax imposed by the State under ~~G.S. 105-164.4(a)(3); (4) the~~ G.S. 105-164.4(a)(3).

(4) The gross receipts derived from services rendered by laundries, dry cleaners, cleaning plants and similar type businesses now subject to the general rate of sales tax imposed by the State under ~~G.S. 105-164.4(a)(4); (5)~~ G.S. 106-164.4(a)(4).

(5) The sales price of food and other items that are not otherwise exempt from tax pursuant to G.S.105-164.13 but are exempt from the State sales and use tax pursuant to G.S.105-164.13B. ~~The taxes authorized by this division do not apply to sales that are taxable by the State under G.S. 105-164.4 but are not specifically listed in this section; and (6)~~

(5a) The sales price of bread, rolls, and buns that are sold at a bakery thrift store and are exempt from State tax under G.S. 105-164.13(27a).

(6) The sales price of prepaid telephone calling service taxed as tangible personal property under G.S. 105-164.4(a)(4d)."

SECTION 4. This act becomes effective October 1, 2007, and applies to sales made on or after that date.

SENATE BILL 1240:
Sales Tax Exemption for Baked Goods

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 25, 2007
Introduced by:	Sen. Kerr	**Summary by:**	Cindy Avrette
Version:	PCS to First Edition S1240-CSRB		Committee Counsel

SUMMARY: Senate Bill 1240 would exempt bread, rolls, and buns sold at a bakery thrift store from State sales tax. The proposed committee substitute changes the effective date from July 1, 2007, to October 1, 2007. It also adds a conforming change to the Mecklenburg local sales tax act.

CURRENT LAW: Prior to July 15, 2003, North Carolina exempted prepared food items from the State and local sales and use tax to the extent those items were purchased for home consumption. Under the Streamlined Sales Tax Agreement (Agreement), if there is a uniform definition for a type of product, a state may not exempt only part of the items included in the definition. Prepared food is a defined term under the Agreement. To conform to the Agreement, all prepared food products had to be treated consistently whether or not they were intended for home consumption. Beginning July 15, 2003, all prepared food products became subject to the State and local sales tax.

Included within the definition of 'prepared food' are baked goods. Baked goods include bread, rolls, buns, biscuits, bagels, croissants, pastries, donuts, danish, cakes, tortes, pies, tarts, muffins, bars, cookies, and tortillas when those goods are prepared by the retailer by mixing or combining two or more foods for sales as a single item. The taxation of baked goods depends upon whether they meet the definition of prepared food. If a baked good is also a prepared food, then it is subject to the combined general rate of 6.75%. If it is not a prepared food, then it is exempt from State tax and subject only to the 2% local sales tax on food.

BILL ANALYSIS: Senate Bill 1240 would exempt one small subset of baked goods from the State sales tax. It does so by creating an 'entity-based' exemption. Under the Agreement, a state may enact an entity-based exemption for an item that is not defined, notwithstanding that the item might be included in a broader product definition. Senate Bill 1240 would exempt bread, rolls, and buns that are sold at a bakery thrift store. The bill defines a bakery thrift store as a retail outlet of a bakery that sells at wholesale over 90% of the items it makes and sells at the retail outlet day-old bread, rolls, and buns returned to it by retailers that acquired these items from the bakery.

EFFECTIVE DATE: The bill would become effective October 1, 2007, and applies to sales made on or after that date.

BACKGROUND: The Streamlined Sales Tax Project (SSTP) was initiated in March 2000 when representatives from 27 states, local governments, and private industry met to discuss proposals to develop uniformity and simplification principles that would result in the more efficient administration of sales and use tax, especially for remote sellers. In November 2002, 35 states met and adopted an historic multistate agreement known as the Streamlined Sales and Use Tax Agreement. One objective of the SSTP is to encourage remote vendors to voluntarily collect use tax owed to the states, thereby increasing their collections. A second objective of the STTP is to convince Congress or the U.S. Supreme Court to grant collection authority over remote sales to the states that enact the streamlined system embodied in the Agreement, on the premise that the system eliminates the burdens on interstate commerce that have been the justification for denying states that authority.

To participate in the Agreement, a state must amend or modify its sales and use tax law to conform to the simplifications and uniformity in the Agreement. On July 1, 2005, 13 states were determined to be in compliance with the Agreement effective October 1, 2005, and were admitted to the Governing Board as full members. To be a full member, a state must have amended its state's laws to conform to the uniformity and simplification provisions in the Agreement. As of January 1, 2007, there are 15 full members[1] and six associate members[2]. Associate members are those states whose legislation to achieve compliance takes effect in future years. Associate members have until January 1, 2008, to come into full compliance. Each member state is represented on the Governing Board. The Governing Board meets quarterly to address proposed amendments to the Agreement.

North Carolina has participated in the SSTP since its inception. Since 2001, the General Assembly has taken the necessary action to amend the sales and use tax laws to bring North Carolina into compliance with the Agreement. Prior to the October 1, 2005, effective date of the Agreement, a number of sellers came forward voluntarily to remit tax as a result of the efforts of the states to adopt the principles of the Agreement. The projected collections for fiscal 2006-2007 from all Streamlined related sellers is expected to be $13,700,000.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue

EFFECTIVE DATE: October 1, 2007

BILL SUMMARY: The PCS to Senate Bill 1240 creates a State sales tax exemption for bread, rolls, and buns sold at a bakery thrift store. The bill defines a bakery thrift store as a retail outlet of a bakery that sells at wholesale over 90% of the items it makes and sells at the retail outlet day-old bread, rolls, and buns returned to it by retailers that acquired these items from the bakery.

ASSUMPTIONS AND METHODOLOGY: Baked goods are included within the definition of 'prepared food' set forth in the Streamlined Sales Tax Agreement. The taxation of baked goods depends upon whether they meet the definition of prepared food. Under current law, if a baked

good is also a prepared food, then it is subject to the combined general rate of 6.75%. If it is not a prepared food, then it is exempt from State tax and subject only to the 2% local sales tax on food.

The Department of Revenue is aware of two retailers that would be affected by this change, although it is possible that there are other, smaller firms engaged in the same line of business. The Department does not believe the impact of this exemption would be significant. However, due to the small number of taxpayers involved, the Department cannot provide any information on the amounts of tax paid by these taxpayers without violating confidentiality. For this reason, an estimate of the cost of this exemption is not available.

HOUSE BILL 464:
Tax Certification – Various Counties.

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 20, 2007
Introduced by:	Rep. McElraft	**Summary by:**	Trina Griffin Committee Counsel
Version:	PCS to Second Edition H464-CSSV-36		

SUMMARY: ***House Bill 464[1] is a local bill that adds Jones and Caswell Counties to the list of counties that have the authority to require tax certification of a deed prior to registration. The Proposed Committee Substitute adds Burke, Caldwell, Greene, and Wayne Counties.***

CURRENT LAW: G.S. 161-31 provides that in certain counties, the board of county commissioners may adopt a resolution to require the register of deeds to refuse to register a deed unless the county tax collector has certified that no delinquent taxes are due on the property. However, G.S. 161-31 also provides that if a board of county commissioners adopts a resolution to require the register of deeds to refuse to register a deed without the certification of the county tax collector, the register of deeds must still accept an uncertified deed that is submitted for registration under the supervision of a closing attorney and containing the statement, "*This instrument prepared by: _____, a licensed North Carolina attorney. Delinquent taxes, if any, to be paid by the closing attorney to the county tax collector upon disbursement of closing proceeds.*"

This provision applies to the following 60 counties: Anson, Beaufort, Bertie, Cabarrus, Camden, Carteret, Cherokee, Chowan, Clay, Cleveland, Currituck, Davidson, Davie, Duplin, Durham, Edgecombe, Forsyth, Gaston, Gates, Graham, Granville, Halifax, Harnett, Haywood, Henderson, Hertford, Hyde, Iredell, Jackson, Johnston, Lee, Lenoir, Lincoln, Macon, Madison, Martin, Montgomery, Nash, Northampton, Onslow, Pasquotank, Pender, Perquimans, Person, Pitt, Polk, Robeson, Rockingham, Rowan, Rutherford, Stanly, Surry, Swain, Transylvania, Tyrrell, Vance, Warren, Washington, Wilson, and Yadkin Counties.

In addition to G.S. 161-31, the General Assembly has enacted similar laws that prohibit a register of deeds from registering deeds unless the tax collector has certified that no delinquent taxes are due. These provisions apply to the following local governments: Avery County (1963); Mitchell County (1987); Ashe County (1993); the Towns of Newland and Spruce Pine (1997); the Town of Banner Elk (1998); the Town of Bakersville (1999); and the towns in Ashe County and Alleghany County (2005).

In a county or local government where G.S. 161-31 and other similar State laws do not apply, the register of deeds registers deeds submitted for registration regardless of whether delinquent taxes are due on the property.

BILL ANALYSIS: The Proposed Committee Substitute for House Bill 464 would add Burke, Caldwell, Caswell, Greene, Jones, and Wayne Counties to the list of counties that have the authority to require tax certification of a deed prior to registration.

EFFECTIVE DATE: The bill is effective when it becomes law

HOUSE BILL 885:
Town of Morrisville Motor Vehicle Tax

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 20, 2007
Introduced by:	Rep. T. Harrell	**Summary by:**	Judy Collier
Version:	Second Edition		Research Assistant

SUMMARY: House Bill 885[1] is a local bill that authorizes the Towns of Morrisville and Apex to levy a vehicle tax of no more than $15 (now $5) per year. The proceeds of the additional tax may be used only for transportation-related purposes, including sidewalks. The proceeds up to $5 would continue to be used for any lawful purpose.

The bill gives the same authority to the Towns of Morrisville and Apex that was given to the Towns of Garner, Holly Springs, and Rolesville in House Bill 568, which received a favorable report from Senate Finance Committee on June 6, 2007.

CURRENT LAW: Under general law, counties may not impose a license or privilege tax on motor vehicles,[2] and municipalities are limited in the taxes they may impose on motor vehicles to the taxes listed below:

- **General Municipal Vehicle Tax.** – A tax not to exceed $5 a year on a motor vehicle resident in the municipality. The revenue generated by this tax may be used for any lawful purpose. By local acts, the amount of the tax has been increased for several cities and towns. The cities of Durham, Henderson, and Oxford and the towns of Ahoskie, Cary, Chapel Hill, Creedmoor, and Hillsborough may levy a tax of up to $10. The cities of Gastonia, Kinston, and Raleigh may levy a tax up to $15. The cities of Greenville, and Winston-Salem; the towns of Cornelius, Davidson, Huntersville, Mint Hill, Murfreesboro, and Pineville; and the municipalities located wholly or partially in Cabarrus County may levy a tax up to $20. The town of Carrboro may levy a tax of up to $25. The city of Charlotte and the town of Matthews may levy a tax up to $30. The vehicle tax is shown on the bill for vehicle taxes sent by the county.
- **Local Public Transportation.** – A tax not to exceed $5 a year on a motor vehicle resident in the municipality. Only municipalities that operate a public transportation system may impose this tax and the proceeds from the tax may be used only for local public transportation systems.[3]
- **Tax on Taxicabs.** – A tax not to exceed $15 a year on each vehicle operated in the municipality as a taxicab. The proceeds of this tax may be used for any lawful purpose.

Currently, the Towns of Morrisville and Apex may levy a municipal vehicle tax of not more than $5 per year, and the proceeds may be used for any lawful purpose.

BILL ANALYSIS: House Bill 885 would authorize the Towns of Morrisville and Apex to increase their motor vehicle tax from $5 to $15, effective for taxes imposed for taxable years beginning on or after July 1, 2007. The proceeds of the additional taxes must be used exclusively for transportation related purposes, included sidewalks.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Towns of Morrisville and Apex

EFFECTIVE DATE: Effective for taxes imposed for taxable years beginning on or after July 1, 2007.

BILL SUMMARY:
HB 885 would allow the towns of Morrisville and Apex to levy a motor vehicle privilege tax of up to $15 per vehicle. The current tax for both towns is $5 per vehicle. The revenue from the rate increase may be used for transportation-related purposes, including sidewalks.

ASSUMPTIONS AND METHODOLOGY:
According to the NC State Treasurers Office, the Town of Morrisville collected $59,221 in motor vehicle taxes during FY 2005-06 from the current $5 tax. Based on the current revenue, the additional $10 per vehicle tax would generate $118,442. The revenue projections for future years are based on a 5% rate of annual increase.

The Town of Apex had a total of 39,759 registered vehicles for FY 2005-06. The increase of $10 per vehicle would generate $397,590. The revenue projections for future years are based on a 5% rate of annual increase.

March 21, 2007

A BILL TO BE ENTITLED

AN ACT AUTHORIZING THE TOWN OF OAK ISLAND TO LEVY SPECIAL ASSESSMENTS TO MEET THE COST OF THE LOCAL SHARE OF CONSTRUCTING BEACH NOURISHMENT PROJECTS PRIOR TO THE CONSTRUCTION OF THE PROJECTS.

Whereas, the Town of Oak Island has a need to construct beach nourishment projects for the health, safety, and welfare of the Oak Island community; and

Whereas, the Town does not have the funds on hand needed to build the beach nourishment projects; and

Whereas, the Town has determined that the only way to construct the projects in a proper and timely manner is to require that property owners meet their special assessment obligations prior to construction; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. The Town Council of the Town of Oak Island may levy special assessments to meet the estimated costs of beach nourishment projects at least 30 days following the initiation of the assessment process.

SECTION 2. The Town Council of the Town of Oak Island may give owners of assessed property the option of paying the assessment either in cash or in installments, but the period over which the installments are paid shall not exceed four years from the date the assessment roll is confirmed. Any portion of an assessment that is not paid within 30 days after publication of the notice that the assessment roll has been confirmed shall bear interest until paid at a rate to be fixed in the assessment resolution but not more than eight percent (8%) per annum.

SECTION 3. In the event the execution of a contract (or contracts) covering the proposed work is not forthcoming within four years from the date the assessment roll is confirmed, all assessments for the purpose of meeting the cost of constructing beach nourishment projects paid to the Town of Oak Island shall be returned to each payee within 30 days along with interest at a rate not less than six percent (6%) per

annum for the period each assessment payment is held by the Town; however, interest shall be paid on no assessment funds for a period in excess of 90 days.

SECTION 4. All assessment funds received by the Town may be deposited in a special interest-bearing account, and any interest earned and retained by the Town shall be used to offset expenses incurred with regard to the proposed beach nourishment projects.

SECTION 5. In levying the special assessments, the Town Council shall follow, insofar as practicable, the procedures set forth in Article 10 of Chapter 160A of the General Statutes.

SECTION 6. When the construction of the beach nourishment projects is complete, the Town Council shall ascertain the total cost as provided in G.S. 160-A-226. If the total cost is greater than the estimated cost, the Town Council may levy special assessments to collect the difference on the same basis as the first special assessments were made. The provisions of Section 2 of this act shall apply to the paying of special assessments levied under this section.

SECTION 7. This act is effective when it becomes law.

HOUSE BILL 942:
Oak Island Beach Nourishment Projects

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 20, 2007
Introduced by:	Rep. Stiller	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: House Bill 942 is a local bill that authorizes the Town of Oak Island to levy special assessments for beach nourishment projects before the projects are completed.

The Town does not have funds on hand to build the beach nourishment projects and will need benefited property owners to pay the special assessments prior to construction.

CURRENT LAW: G.S. 160A-238 authorizes a municipality to make special assessments "against benefited property within the city for all or part of the costs of acquiring, constructing, reconstructing, extending, or otherwise building or improving beach erosion control or flood and hurricane protection works." These assessments may be made on the basis of any of the following:

1. Frontage abutting on the project, at an equal rate per foot of frontage
2. Frontage abutting on a beach or shoreline protected or benefited by the project at an equal rate per foot of frontage
3. The area of land benefited by the project, an equal rate per unit of area
4. The valuation of land benefited by the project, being the value of the land without improvements as shown on the tax records of the county, at an equal rate per dollar or valuation.
5. A combination of two or more of the above bases.

BILL ANALYSIS: HB 942 authorizes the Town of Oak Island to levy special assessments to meet the estimated costs of beach nourishment projects. The bill includes provisions that:

- Give owners of assessed property the option of either cash or installment payments. Payments must be made within 30 days of publication of notice that the assessment roll[1] has been confirmed, or the owner must pay interest at a rate of not more than 8%. The period of installments may not exceed four years from the date the assessment roll is confirmed.
- Provide for return of money with interest if contracts are not executed within four years from the date the assessment roll is confirmed, with interest of not less than 6% for the period the assessment payment was held by the town. However, interest will not be paid on assessment funds for a period in excess of 90 days.
- Allow the Town to deposit assessment funds into an interest-bearing account. Interest shall be used to offset expenses for the projects.
- Requires the Town to follow, insofar as practicable, the statutory procedures for special assessments. These procedures include the town council's adoption of a preliminary resolution setting out the details of the proposed project, a public hearing on the preliminary resolution, the adoption of the assessment resolution, the filing of the preliminary assessment roll in the city clerk's office, and public hearing on the

[1] The assessment roll must contain a description of the property assessed, the basis for the assessment, the amount assessed against each, the terms of payment, and the name of the owner of each parcel of property.

preliminary assessment roll. An owner who is dissatisfied with the amount of the assessment may appeal to the court within 10 days after confirmation of the assessment roll.

- Allow the Town to levy additional special assessments if actual costs of construction exceed the estimated costs

EFFECTIVE DATE: When it becomes law

BACKGROUND: Similar legislation was enacted last session authorizing the Town of Sunset Beach to levy special assessments to meet the cost of constructing sewage collection and treatment facilities. S.L. 2006-123.

HOUSE BILL 1089: Franklinton Charter

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 20, 2007
Introduced by:	Rep. Allen	**Summary by:**	Judy Collier
Version:	PCS to Second Edition H1089-CSLL-28		Research Assistant

SUMMARY: ***House Bill 1089[1] would amend the charter of the Town of Franklinton to provide for a council-manager form of government and to remove the position of 'tax collector'. The bill becomes effective when it becomes law.***

The Proposed Committee Substitute (PCS) to HB 1089 2nd Edition allows the Lake Royale Company Police, serving the Lake Royale community in Franklin and Nash Counties, to enter into mutual agreements with Franklin County for the purpose of participating in a multi-jurisdictional drug task force at the request of the Franklin County Sheriff.

CURRENT LAW: Cities may be administered in one of two ways: as a council-manager form of government or a mayor-council form of government. The Town of Franklinton currently operates under a mayor-council form of government. Under a mayor-council form of government, the council is responsible for the personnel decisions related to a city's government. The council is the body that appoints, suspends, and removes the heads of all city departments as well as other city employees. The council may delegate this authority to its department heads for employees working in that department.

Under the council-manager form of government, the manager is responsible for the personnel decisions. The council appoints a manager to serve at its pleasure. The manager has the authority to appoint, suspend, and remove all city employees not elected by the people, except for the city attorney. A manager must also direct and supervise the administration of all departments, offices, and agencies of the city, subject to the general direction and control of the council. A manager must attend all council meetings, prepare and submit annual budgets, annually submit to the council a complete report of the finances and administrative activities of the city, and make any reports the council may require concerning the administration and operation of the city's departments, offices, and agencies.

BILL ANALYSIS: House Bill 1089 would change how the Town of Franklinton is administered from a mayor-council form of government to a council-manager form of government. The change will give the city manager more responsibility over the daily operations and general administration of the Town's departments, offices, and agencies.

The bill also removes from the Town's charter the provision that requires the Board to appoint a Tax Collector. Approximately 10 years ago, the Town contracted with Franklin County to collect and administer its property tax. This contractual arrangement has saved the Town both financial and personnel resources. The Town has not employed a Tax Collector since that time.

The Proposed Committee Substitute (PCS) to HB 1089 2nd Edition allows the Lake Royale Company Police to enter into mutual agreements with Franklin County for the purpose of participating in a multi-jurisdictional drug task force at the request of the Franklin County Sheriff.

EFFECTIVE DATE: House Bill 1089 is effective when it becomes law.

HOUSE BILL 1112:
Adjust Matthews Motor Vehicle Tax

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 20, 2007
Introduced by:	Rep. Gulley	**Summary by:**	Judy Collier
Version:	Second Edition		Research Assistant

SUMMARY: House Bill 1112 is a local bill that applies only to the Town of Matthews and provides that all of the proceeds from the general municipal vehicle tax levied by the Town of Matthews be used for road construction, maintenance and repair, including sidewalks, or for public mass transit systems and mass transit-related activities.[1]

Currently, Matthews may levy a tax of up to $30 per vehicle. Any tax levied in excess of $5 must be expended only for public mass transit systems and mass transit-related activities.

CURRENT LAW: Under general law, counties may not impose a license or privilege tax on motor vehicles,[2] and municipalities are limited in the taxes they may impose on motor vehicles to the taxes listed below:

- **General Municipal Vehicle Tax.** – A tax not to exceed $5 a year on a motor vehicle resident in the municipality. The revenue generated by this tax may be used for any lawful purpose. By local acts, the amount of the tax has been increased for several cities and towns. The cities of Durham, Henderson, and Oxford and the towns of Ahoskie, Cary, Chapel Hill, Creedmoor, and Hillsborough may levy a tax of up to $10. The cities of Gastonia, Kinston, and Raleigh may levy a tax up to $15. The cities of Greenville, and Winston-Salem; the towns of Cornelius, Davidson, Huntersville, Mint Hill, Murfreesboro, and Pineville; and the municipalities located wholly or partially in Cabarrus County may levy a tax up to $20. The Town of Carrboro may levy a tax of up to $25. The City of Charlotte and the Town of Matthews may levy a tax up to $30. The vehicle tax is shown on the bill for vehicle taxes sent by the county.
- **Local Public Transportation.** – A tax not to exceed $5 a year on a motor vehicle resident in the municipality. Only municipalities that operate a public transportation system may impose this tax and the proceeds from the tax may be used only for local public transportation systems.[3]
- **Tax on Taxicabs.** – A tax not to exceed $15 a year on each vehicle operated in the municipality as a taxicab. The proceeds of this tax may be used for any lawful purpose.

The town of Matthews may levy a municipal vehicle up to $30. Any tax levied in excess of $5 must be expended only for public mass transit systems and mass transit-related activities.

BILL ANALYSIS: House Bill 1112 provides that the proceeds of the general municipal vehicle tax may be used by the Town of Matthews for road construction, maintenance and repair, including

[1] HB 1112 1st edition provided that the proceeds of the municipal tax up to $5 may be used for road repair and improvements, and the proceeds from any tax levied in excess of $5 and up to $30 must be used exclusively for public mass transit systems and mass transit-related activities.

[2] By local acts modifying G.S. 20-97, Alleghany, Caswell, and Pamlico Counties may impose motor vehicle tax. The amounts vary from $5 to $15.

[3] This tax may not be imposed by the city of Durham or by any cities and towns in Gaston County.

sidewalks, or for public mass transit systems and mass transit-related activities. In February, 2007, the Matthews Town Board passed a resolution requesting the proposed legislation.

EFFECTIVE DATE: Taxes imposed for taxable years beginning on or after July 1, 2007.

BACKGROUND: Below is the legislative history of the municipal vehicle tax in the Town of Matthews:

- In S.L. 1985 -1009, the Town of Matthews was authorized to levy a maximum motor vehicle tax of $20.
- In S.L. 1991-209, the maximum tax was increased to $25, with the proviso that any tax levied in excess of $5 per vehicle would be dedicated to and only expended for public transit systems and transit-related activities.
- In S.L. 1993-345, the maximum tax was increased to $30, with the proviso that any tax levied in excess of $5 per vehicle would be dedicated to and expended only for public **mass** transit systems and **mass** transit-related activities.

HOUSE BILL 1153:
Sunset Beach Annexation

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 20, 2007
Introduced by:	Rep. Stiller	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: House Bill 1153[1] would annex the Sandpiper Bay/Wyndfall Subdivision to the Town of Sunset Beach, effective July 1, 2007.

CURRENT LAW: North Carolina law sets forth four (4) basic ways in which a town or city may annex an area.

1. **Voluntary Annexation.** The owners of all real property in the area desiring to be annexed sign a petition requesting annexation. Part 1 of Article 4 of Chapter 160A.
2. **Legislative Act.** The General Assembly has the authority to extend the boundaries of any town or city. This method is most helpful to a town or city trying to annex an area that they could not otherwise.
3. **Satellite Annexation.** This method allows a town or city to annex certain non-contiguous areas meeting the statutory standards into the town or city limits. Part 4 of Article 4 of Chapter 160A.
4. **Nonvoluntary Annexation.** The town or city brings into the corporate limits an area that has not voluntarily agreed to be annexed. Parts 2 and 3 of Article 4 of Chapter 160A.

BILL ANALYSIS: House Bill 1153 would annex certain described property totaling 529.72 acres more or less into the Town of Sunset Beach.

EFFECTIVE DATE: This act becomes effective July 1, 2007.

BACKGROUND: The property being annexed is known locally as Sandpiper Bay/Wyndfall Subdivision. According to the Resolution adopted by the Town of Sunset Beach on December 4, 2006 requesting the legislation, the residents of the subdivision avail themselves of municipal, law enforcement, recreational, and cultural services provided by the town but do not share in the costs of these services. The area does not otherwise meet the requirements for nonvoluntary annexation under Part 2 of Article 4A of Chapter 160A.

HOUSE BILL 1163:
Landis Annexation

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 20, 2007
Introduced by:	Reps. Steen, Coates	**Summary by:**	Judy Collier
Version:	PCS to Second Edition H1163-CSREx-2		Research Assistant

SUMMARY: ***House Bill 1163 amends S.L. 2006-58, which added certain described properties situated around Lake Wright in Rowan County to the corporate limits of the Town of Landis and authorized the Town to exercise planning and zoning authority in the described area prior to annexation.***

The Proposed Committee Substitute (PCS) for House Bill 1163 makes technical drafting corrections on page 7, lines 5, 6 and 7 of the bill.

CURRENT LAW: S.L. 2006-58, effective September 30, 2007, annexed nine (9) specifically described tracts of land into the existing corporate limits of the Town of Landis, and authorized the Town to exercise planning and zoning authority over those tracts effective June 30, 2006, when the bill became law.

BILL ANALYSIS: House Bill 1163 does the following:

1. Amends S.L. 2006-58 by deleting property identified as TRACT IX.
2. Amends S.L. 2006-58 by adding property identified as TRACT X, containing 13.36 acres m/l.
3. Amends S.L. 2006-58 by adding property identified as TRACT XI, containing 77.66 acres m/l.
4. Amends S.L. 2006-58 by extending the effective date of the satellite annexation of the properties surrounding Lake Wright from September 30, 2007 to September 30, 2008, including TRACT X and TRACT XI additions.
5. With exception of deleted TRACT IX, does not compromise the planning and zoning authority of the Town of Landis over the properties described in S.L. 2006-58.
6. Authorizes the Town of Landis to begin exercising its planning and zoning powers on TRACT X and XI additions on the effective date of this act.

EFFECTIVE DATE: The annexation becomes effective September 30, 2008. The provision authorizing the Town of Landis to begin exercising its planning and zoning powers on TRACT X and TRACT XI additions is effective when the act becomes law.

HOUSE BILL 1193:
Ramseur Annexation of Town Property

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 20, 2007
Introduced by:	Rep. Hurley	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: House Bill 1193 adds noncontiguous municipally owned property to the corporate limits of the Town of Ramseur.

CURRENT LAW: G.S. 160A-58.1 governs the voluntary annexation by a municipality of noncontiguous property. All property owners in the satellite area[1] may petition for voluntary annexation of the noncontiguous property if the property meets the following five standards in G.S. 160A-58.1(b):

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.

If the property does not meet the statutory requirements for annexation, the municipality does not have the authority to annex the area. However, the General Assembly can extend the corporate limits of a municipality to encompass areas that the municipality would not statutorily have the authority to annex.

BILL ANALYSIS: This bill allows the Town of Ramseur to annex three separate tracts of land to the corporate limits of the Town of Ramseur.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: Each of the three tracts of land the Town of Ramseur is seeking to annex is currently owned by the Town of Ramseur. The tracts are: 1) The water plant for the Town of Ramseur; 2) The sewer plant for the Town of Ramseur; 3) A water and recreation area.

These areas do not meet the requirements for voluntary annexation under G.S. 160A-58.1. Each tract is either closer to the primary corporate limits of another city than to the primary corporate limits of the Town of Ramseur, or once added to the area within all other satellite corporate limits, would exceed 10% of the area within the primary corporate limits of the annexing city.

H1193e1-SMRE
Heather Fennell, counsel to House Finance, substantially contributed to this summary.

[1] G.S. 160A-58.4 provides that satellite corporate limits cannot be considered a part of a municipality's corporate limits for purposes of its ETJ. Therefore, satellite annexations have no effect upon a municipality's ETJ.

A BILL TO BE ENTITLED

AN ACT AUTHORIZING THE LICENSURE OF ANESTHESIOLOGIST ASSISTANTS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 90-11 is amended by adding a new subsection to read:

"(a1) Every applicant for licensure as an anesthesiologist assistant in the State shall meet the following criteria:

(1) Satisfy the North Carolina Medical Board that the applicant is of good moral character.

(2) Submit to the Board proof of completion of a graduate level training program accredited by the Commission of Accreditation of Allied Health Education Programs or its successor organization.

(3) Submit to the Board proof of current certification from the National Commission of Certification of Anesthesiologist Assistants (NCCAA) or its successor organization, including passage of a certification examination administered by the NCCAA. The applicant shall take the certification exam within 12 months after completing training.

(4) Meet any additional qualifications for licensure pursuant to rules adopted by the Board."

SECTION 2. G.S. 90-15 reads as rewritten:

"**§ 90-15. License fee; salaries, fees, and expenses of Board.**

Each applicant for a license by examination shall pay to the North Carolina Medical Board a fee which shall be prescribed by the Board in an amount not exceeding the sum of four hundred dollars ($400.00) plus the cost of test materials before being admitted to the examination. Whenever a license is granted without examination, as authorized in G.S. 90-13, the applicant shall pay to the Board a fee in an amount to be prescribed by the Board not in excess of two hundred fifty dollars ($250.00). Whenever a limited

license is granted as provided in G.S. 90-12, the applicant shall pay to the Board a fee not to exceed one hundred fifty dollars ($150.00), except where a limited license to practice in a medical education and training program approved by the Board for the purpose of education or training is granted, the applicant shall pay a fee of twenty-five dollars ($25.00), and where a limited license to practice medicine and surgery only at clinics that specialize in the treatment of indigent patients is granted, the applicant shall not pay a fee. A fee of twenty-five dollars ($25.00) shall be paid for the issuance of a duplicate license. All fees shall be paid in advance to the North Carolina Medical Board, to be held in a fund for the use of the Board. The compensation and expenses of the members and officers of the Board and all expenses proper and necessary in the opinion of the Board to the discharge of its duties under and to enforce the laws regulating the practice of medicine or surgery shall be paid out of the fund, upon the warrant of the Board. The per diem compensation of Board members shall not exceed two hundred dollars ($200.00) per day per member for time spent in the performance and discharge of duties as a member. Any unexpended sum or sums of money remaining in the treasury of the Board at the expiration of the terms of office of the members of the Board shall be paid over to their successors in office.

For the initial and annual ~~registration~~ licensure of an assistant to a physician, the Board may require the payment of a fee not to exceed a reasonable amount.

For the initial and annual licensure of an anesthesiologist assistant, the Board may require the payment of a fee not to exceed one hundred fifty dollars ($150.00)."

SECTION 3. G.S. 90-18(c) is amended by adding a new subdivision to read:

"(c) The following shall not constitute practicing medicine or surgery as defined in subsection (b) of this section:

...

(20) The provision of anesthesia services by a licensed anesthesiologist assistant under the supervision of an anesthesiologist licensed under Article 1 of this Chapter in accordance with rules adopted by the Board."

SECTION 4. Article 1 of Chapter 90 of the General Statutes is amended by adding a new section to read:

"§ 90-18.5. Limitations on anesthesiologist assistants.

(a) Any person who is licensed to provide anesthesia services as an assistant to an anesthesiologist licensed under Article 1 of this Chapter may use the title 'anesthesiologist assistant.' Any other person who uses the title in any form or holds himself or herself out to be an anesthesiologist assistant or to be so licensed without first obtaining a license shall be deemed in violation of this Article. A student in any anesthesiologist assistant training program shall be identified as a 'student anesthesiologist assistant' or an 'anesthesiologist assistant student,' but under no circumstances shall the student use or permit to be used on the student's behalf the terms 'intern,' 'resident,' or 'fellow.'

(b) Anesthesiologist assistants are authorized to provide anesthesia services under the supervision of an anesthesiologist licensed under Article 1 of this Chapter under the following conditions:

(1) The North Carolina Medical Board has adopted rules governing the provision of anesthesia services by an anesthesiologist assistant consistent with the requirements of subsection (c) of this section.

(2) The anesthesiologist assistant holds a current license issued by the Board or is a student anesthesiologist assistant participating in a training program leading to certification by the National Commission for Certification of Anesthesiologist Assistants and licensure as an anesthesiologist assistant under G.S. 90-11(a1).

(c) The North Carolina Medical Board shall adopt rules to implement this section that include requirements and limitations on the provision of anesthesia services by an anesthesiologist assistant as determined by the Board to be in the best interests of patient health and safety. Rules adopted by the Board pursuant to this section shall include the following requirements:

(1) That an anesthesiologist assistant be supervised by an anesthesiologist licensed under this Article who is actively engaged in clinical practice and immediately available on site to provide assistance to the anesthesiologist assistant.

(2) That an anesthesiologist may supervise no more than two anesthesiologist assistants or student anesthesiologist assistants at one time. The limitation on the number of anesthesiologist assistants and student anesthesiologist assistants that an anesthesiologist may supervise in no way restricts the number of other qualified anesthesia providers an anesthesiologist may concurrently supervise. After January 1, 2010, the Board may allow an anesthesiologist to supervise up to four licensed anesthesiologist assistants concurrently and may revise the supervision limitations of student anesthesiologist assistants such that the supervision requirements for student anesthesiologist assistants are similar to the supervision requirements for student nurse anesthetists.

(3) That anesthesiologist assistants comply with all continuing education requirements and recertification requirements of the National Commission for Certification of Anesthesiologist Assistants or its successor organization.

(d) Nothing in this section shall limit or expand the scope of practice of physician assistants under existing law."

SECTION 5. This act is effective when it becomes law.

HOUSE BILL 1492:
Anesthesiologist Assistants Licensure

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 20, 2007
Introduced by:	Reps. England, J. Harrell	**Summary by:**	Cindy Avrette
Version:	PCS to Second Edition H1492-CSRB		Committee Counsel

SUMMARY: ***House Bill 1492 would authorize the North Carolina Medical Board to license and regulate anesthesiologist assistants. The proposed committee substitute clarifies the number of anesthesiologist assistants and student anesthesiologist assistants an anesthesiologist may supervise.***

CURRENT LAW: Anesthesiologist assistants are not currently licensed in North Carolina and are unable to practice in North Carolina because to do so would be to practice medicine without a license.

BILL ANALYSIS: House Bill 1492 would authorize the practice of anesthesiologist assistant by a person who is licensed by the North Carolina Medical Board (Board) in this field and who is supervised by a practicing anesthesiologist.

The Bill requires applicants for licensure (initial and renewal) as anesthesiologist assistants meet the following criteria:

- Satisfy the Board that the applicant is of good moral character.
- Complete a graduate level training program accredited by the Commission of Accreditation of Allied Health Education Programs.
- Pass a certification examination administered by the National Commission of Certification of Anesthesiologist Assistants (NCCAA).
- Comply with all continuing education and recertification requirements of the NCCAA.
- Meet any other qualifications for the issuance of a license as determined by the Board.
- Pay an annual licensure fee.

The Board must establish the fee amount by rule, not to exceed one hundred fifty dollars ($150).

The bill directs the Board to adopt rules to implement this act and provides the provision of services by a licensed anesthesiologist assistant under the supervision of a licensed anesthesiologist is not the practice of medicine or surgery.

The bill creates a new section G.S. 90-18.5 which limits the use of the title 'anesthesiologist assistant' to persons licensed under G.S. 90-11 and provides students in anesthesiologist assistant training programs may not be identified as 'intern', 'resident', or 'fellow'.

The rules adopted pursuant to this act shall include the following supervision requirements:

- An anesthesiologist providing supervision must be licensed by the Board and actively engaged in clinical practice. The supervising anesthesiologist must also be onsite and immediately available.
- One anesthesiologist may not supervise more than two anesthesiologist assistants or student anesthesiologist assistants at one time. (After January 1, 2010, the Board is authorized to

expand that number, by rule, to four anesthesiologist assistants and revise the limitation on student anesthesiologist assistants to reflect the supervision requirements of student nurse anesthetists.) This limitation in no way restricts the number of other qualified anesthesia service providers an anesthesiologist may concurrently supervise.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: Federal law recognizes anesthesiology assistants as qualified providers eligible for reimbursement from Medicare and Medicaid. Currently nine states and the District of Columbia license anesthesiology assistants to provide anesthesia services under the supervision of a licensed anesthesiologist.

The Legislative Committee on New Licensing Boards recommends the licensing of anesthesiologist assistants.

Shawn Parker, counsel to the House Health Committee, substantially contributed to this summary.

SENATE BILL 1484

Short Title:	Sales Tax Medicaid Swap.	(Public)
Sponsors:	Senator Rand.	
Referred to:	Finance.	

March 27, 2007

A BILL TO BE ENTITLED

AN ACT TO SHIFT THE ENTIRE NONFEDERAL SHARE OF MEDICAID TO THE STATE AND TO MAKE CORRESPONDING CHANGES TO STATE AND LOCAL REVENUE STREAMS.

The General Assembly of North Carolina enacts:

PART I. MEDICAID CHANGES

SECTION 1.1. Effective July 1, 2007, the nonfederal share of Medical Assistance Program costs, excluding administrative costs, shall be borne by the State.

SECTION 1.2. This part is effective when it becomes law.

PART II. SALES AND USE TAX CHANGES

SECTION 2.1. The lead-in language of G.S. 105-164.4(a) reads as rewritten:

"(a) A privilege tax is imposed on a retailer at the following percentage rates of the retailer's net taxable sales or gross receipts, as appropriate. The general rate of tax is four percent ~~(4%).~~(4%) plus any amount converted to a State tax under Articles 39 and 40 of this Chapter.

...."

SECTION 2.2. Article 39 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-475. Conversion to State tax; hold harmless.**

(a) Conversion. – Effective July 1, 2007, a portion of a tax levied under this Article is converted to a State sales and use tax. The portion of the tax that is converted to a State tax is equal to fifty percent (50%) of the tax imposed. On or after that date, a county has the authority to enact or repeal the local portion of the tax only.

(b) City Hold Harmless. – A county shall ensure that the municipalities within the county receive the same distribution that they received from a tax levied under this Article for the 2006-2007 fiscal year."

SECTION 2.3. Chapter 1096 of the 1967 Session Laws is amended by adding a new section to read:

"Section 10.4. Effective July 1, 2007, a portion of a tax levied under this act is converted to a State sales and use tax. The portion of the tax that is converted to a State tax is equal to fifty percent (50%) of the tax imposed. On or after that date, Mecklenburg County has the authority to enact or repeal the local portion of the tax only. Mecklenburg County shall ensure that the municipalities within the County receive the same distribution that they received from a tax levied under this act for the 2006-2007 fiscal year."

SECTION 2.4. G.S. 105-481 is repealed.

SECTION 2.5. G.S. 105-486 is repealed.

SECTION 2.6. G.S. 105-487 is repealed.

SECTION 2.7. Article 40 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-487.1. Conversion to State tax; hold harmless.**

(a) Conversion. – Effective July 1, 2007, a tax levied under this Article is converted to a State sales and use tax. On or after that date, a county has no authority to enact or repeal the tax.

(b) City Hold Harmless. – A county shall ensure that the municipalities within the county receive the same distribution that they received from a tax levied under this Article for the 2006-2007 fiscal year."

SECTION 2.8. Chapter 105 of the General Statutes is amended by adding a new Article to read:

"Article 46.

"Second One-Cent (1¢) Local Government Sales and Use Tax.

"**§ 105-535. Short title.**

This Article is the Second One-Cent (1¢) Local Government Sales and Use Tax Act.

"**§ 105-536. Limitations.**

This Article applies only to counties that levy the first one-cent (1¢) local sales and use tax under Article 39 of this Chapter or under Chapter 1096 of the 1967 Session Laws, the first one-half cent (1/2¢) local sales and use tax under Article 40 of this Chapter, the second one-half cent (1/2¢) local sales and use tax under Article 42 of this Chapter, and the third one-half cent (1/2¢) local sales and use tax under Article 44 of this Chapter.

"**§ 105-537. Levy.**

The board of county commissioners may, by resolution and after 10 days' public notice, levy a local sales and use tax under this Article. The board of county commissioners must specify the rate of tax in the resolution levying the tax. The rate of a tax levied under this Article may not exceed one percent (1%) and must be an increment of one-quarter percent (1/4%). A county may levy multiple taxes under this Article so long as the total rate of all taxes levied under this Article does not exceed one percent (1%).

"**§ 105-538. Administration.**

Except as provided in this Article, the adoption, levy, collection, administration, distribution, and repeal of the additional taxes authorized by this Article shall be in accordance with Article 39 of this Chapter. Notwithstanding the provisions of

G.S. 105-466, a tax may be imposed under this Article as early as July 1, 2007. The provisions of Article 39 regarding advisory referenda do not apply to a tax levied under this Article. The provisions of G.S. 105-472 requiring counties to share the proceeds of a tax with municipalities in the county do not apply to a tax levied under this Article."

SECTION 2.9. A tax levied under Article 46 of Chapter 105 of the General Statutes, as enacted by this act, does not apply to construction materials purchased to fulfill a lump-sum or unit-price contract entered into or awarded before the effective date of the levy or entered into or awarded pursuant to a bid made before the effective date of the levy when the construction materials would otherwise be subject to the tax levied under Article 46 of Chapter 105 of the General Statutes.

SECTION 2.10. G.S. 105-269.14(b) reads as rewritten:

"(b) Distribution. – The Secretary must distribute a portion of the net use tax proceeds collected under this section to counties and cities. The portion to be distributed to all counties and cities is the total net use tax proceeds collected under this section multiplied by a fraction. The numerator of the fraction is the local use tax proceeds collected under this section. The denominator of the fraction is the total use tax proceeds collected under this section. The Secretary must distribute this portion to the counties and cities in proportion to their total distributions under Articles 39, ~~40,~~ 42, 43, ~~and~~ 4444, 45, and 46 of this Chapter and Chapter 1096 of the 1967 Session Laws for the most recent period for which data are available. The provisions of G.S. 105-472, ~~105-486, and 105-501~~105-501, 105-510, 105-520, 105-531, and 105-538 do not apply to tax proceeds distributed under this section."

SECTION 2.11. Sections 2.1, 2.4, 2.5, and 2.6 of this part become effective July 1, 2007, and apply to sales made on or after that date. Section 2.10 of this part is effective for taxable years beginning on or after January 1, 2008. The remainder of this part is effective when it becomes law.

PART III. EFFECTIVE DATE

SECTION 3.1. Except as otherwise provided, this act is effective when it becomes law.

SENATE BILL 242:
Reform Tax Appeals/Close REIT Loophole

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 6, 2007
Introduced by:	Sen. Clodfelter	**Summary by:**	Trina Griffin and Cindy Avrette Committee Counsel
Version:	PCS to First Edition S242-CSSVx-30 [v. 21]		

SUMMARY: A Proposed Committee Substitute for Senate Bill 242 was presented in Senate Finance on May 16, 2007. After that meeting, various interested parties provided input, much of which has been incorporated into the bill. This summary highlights only the substantive changes made to the bill since it was last presented in committee on May 16, 2007.

This Proposed Committee Substitute also adds a provision that would limit a corporation's ability to use a real estate investment trust to avoid paying State taxes.

BILL ANALYSIS:

REFORM TAX APPEALS

The Proposed Committee Substitute makes the following substantive changes to the version previously distributed on May 16, 2007 (S242-CSSVf-30 [v.5]) regarding the review of disputed tax matters:

- ***Statement of basis.*** – The revised PCS would require a taxpayer to provide the basis for a request for a refund. However, the statement of the basis of the claim would not limit the taxpayer from changing the basis at a later time. Similarly, when the Department is required to provide a basis for a proposed assessment, a proposed denial of a refund, or a final determination, a statement has been added in the revised PCS that the statement of the basis does not prevent the Department from changing the basis at a later time. [Section 1, G.S. 105-241.7, -241.9, -241.14].

- ***Response to request for additional information.*** – Once a taxpayer has requested a refund, the Department may request additional information from the taxpayer. The revised PCS adds language stating that if a taxpayer does not respond to the request, the Department may deny the refund and send a notice of proposed denial. If the taxpayer does provide the information, then it alters the time period that the Department has to take action on the request, including a time period mutually agreed upon by the parties. [Section 1, G.S. 105-241.7(c)(4)].

- ***Limits on refunds and assessments after a federal determination.*** – The revised PCS creates a new G.S. 105-241.10 relating to a federal determination. A federal determination is a correction or a final determination by the federal government of the amount of a federal tax due. If a taxpayer files a return reflecting a federal determination that affects the amount of State tax payable and the general statute of limitations for requesting a refund or proposing an assessment has expired, then a request for refund or proposed assessment is limited to the adjustment in State tax payable reflecting the federal determination. In other words, filing a return reflecting a federal determination does not open up a taxpayer's return to all items on that return, but only to those items that changed as a result of the federal determination. Similarly, a taxpayer cannot request a refund for items beyond the scope of the federal determination. [Section 1, G.S. 105-241.10]

- ***Definition of filing.*** – The revised PCS creates a definition for "filing" for purposes of a taxpayer filing a request for review of a proposed denial of a refund or a proposed assessment. Regardless of

the method of delivery, the request is considered filed when the Department receives it. [Section 1, G.S. 105-241.11].

- ***Result when no review requested.*** – The revised PCS clarifies that when a taxpayer fails to timely file for review of a proposed denial or a proposed assessment, then the proposed actions of the Department become final. Once a proposed denial of a refund becomes final, the taxpayer may not file another amended return or claim for refund to obtain the denied refund. Once a proposed assessment becomes final, a taxpayer may not seek further administrative or judicial review of the assessment. However, the Department is required to send the taxpayer a "notice of collection" indicating that the assessment is final and collectible and stating the collection options available to the Department. [Section 1, G.S. 105-241.12].

- ***Conference.*** – The revised PCS changes the notice requirement prior to conference from 10 days to 30 days before the conference, or within a shorter period if the Department and taxpayer agree to change the period. The revised PCS also removes the requirement that the Department and the taxpayer stipulate the facts and issues upon which the parties can agree. [Section 1, G.S. 105-241.13].

- ***Time limit for Departmental review process.*** – The Departmental review process, which may include an internal review, a conference with the taxpayer, and the issuance of a final determination, must conclude within nine months from the date the taxpayer filed the request for review. The revised PCS authorizes the parties to extend this time period by mutual agreement. [Section 1, G.S. 105-241.14].

- ***Payment of tax prior to filing civil action.*** – The revised PCS provides that one of the circumstances under which a tax becomes collectible is when the Office of Administrative Hearings dismisses a petition for lack of jurisdiction because the sole issue is the constitutionality of a statute on its face. Once OAH dismisses a petition for this reason, a taxpayer may bring a civil action in order to challenge the constitutionality of a tax statute. Therefore, a taxpayer must pay the tax in order to file a civil action challenging a tax, and the payment must be made immediately but the taxpayer still has two years to file a civil action. This provision is different from the prior version of the PCS where a taxpayer was required to pay the tax before filing a civil action, but the payment could be made at any time within two years of the OAH dismissal. [Section 1, G.S. 105-241.17 and G.S. 105-241.22(6)].

- ***Filing of bond in lieu of payment.*** – The revised PCS removes the option of filing a bond in lieu of paying the tax in order to seek judicial review or file a civil action regarding a disputed tax matter. [Section 1, G.S. 105-241.16 and 241.17].

- ***Class actions.*** – The revised PCS provides that a taxpayer must opt-in to a class action by filing a request for a refund with the Department and by filing a copy with the court. [Section 1, G.S. 105-241.18].

- ***Collection of tax.*** – G.S. 105-241.22 is a new section in the bill, but the provisions are substantially similar to the current law with the exception of the language related to contested cases at OAH. [Section 1, G.S. 105-241.22]. It sets out when a tax is collectible by the Department.

- ***Federal corrections regarding withholding taxes.*** – When the federal government corrects or otherwise determines the amount of an estate, gift, or income that is subject to tax, the taxpayer must file a State return that reflects that change. In 2006, the General Assembly reduced the period of time in which a taxpayer must report a federal change from two years to six months.[1] The change was based on a model uniform statute adopted by the Multistate Tax Commission for reporting federal changes. There are six statutes in Chapter 105 that address federal changes, but only five

[1] S.L. 2006-18.

were amended. The revised PCS corrects this oversight by changing from two years to six months the period that an employer has to file a return reflecting any federal changes with regard to withholding taxes. [Section 16].

- ***Certificate of tax liability.*** – A certificate of tax liability (CTL) is similar to a judgment for taxes owed. The Secretary transmits the certificate, which sets out the taxpayer's tax liability, to the clerk of superior court in any county where the taxpayer resides or has property. Once docketed, the certificate may be executed upon in the same manner as a judgment. The certificate is valid for 10 years. At the end of the 10-year period, any tax that has not been collected is abated. However, even though the 10-year period has expired, an execution sale instituted prior to the expiration may be completed, and the Secretary may accept voluntary payments.

  The revised PCS makes several changes to this statute. It clarifies that the legal rate of interest (8%) and not the rate in G.S. 105-241.21 applies to CTLs. This codifies current practice, which is not explicitly set out in statute. It authorizes the Department to file a CTL against a nonresident in Wake County to assist with collection in a foreign state. It provides that the tax on a CTL is a lien on real and personal property from the date it is recorded. Under current law, the tax in a CTL is a lien on real property from the date of docketing and a lien on personal property from the date of levy. Finally, it provides that the 10-year period in which a CTL is enforceable is tolled if the taxpayer waives the 10-year period to the end of the period extended by the waiver. [Section 30].

- ***Publication of final decision.*** – The revised PCS would require the Department of Revenue to publish final decisions in contested tax cases in redacted form to remove identifying taxpayer information. [Sections 34 and 35].

- ***Contested tax cases.*** – The revised PCS makes some special provisions for contested tax cases heard at the Office of Administrative Hearings. First, it gives the Chief ALJ general authority to simplify the procedures that apply to a contested tax case involving a taxpayer who is not represented by an attorney. It also requires an administrative law judge assigned to a contested tax case to make reasonable efforts to assist unrepresented taxpayers. Second, it requires that the venue for all contested tax cases is Wake County, unless the parties agree otherwise. Third, it provides that the record, the proceedings, and the decision are confidential until the final decision is issued in the case. Fourth, it allows a law enforcement report to be admitted into evidence without the testimony of personnel from the law enforcement agency. Finally, it creates an exemption in the confidentiality statute regarding taxpayer information for purposes of complying with a discovery request in a contested tax case. [Sections 37 and 41].

CLOSE REIT LOOPHOLE

Sections 44, 45, and 46 of the revised PCS would limit a corporation's ability to use captive real estate investment trusts (REITs) to avoid State taxes. A REIT is an organization that uses the pooled capital of many investors to purchase and mange real estate. Under current federal and state law, a REIT is taxable only on income that is not distributed to shareholders. The amount of income a REIT distributes[2] is not subject to tax because the REIT is allowed a deduction for the dividends it pays. The amounts received by the shareholders of the REIT are taxable.

A REIT that is owned or controlled by a single entity is commonly referred to as a captive REIT.[3] Two common types of captive REITs are rental REITs and mortgage REITs.

---

[2] A REIT must distribute at least 90% of its taxable income to its shareholders.

[3] To qualify under the IRC as a REIT, beneficial ownership in the organization must be held by at least 100 people for at least 335 days during the 12-month year.

In a rental REIT, a corporation that owns real property and uses the property in its business, such as a retail store, forms a REIT and transfers ownership of the property to the REIT. The corporation that operates the stores and uses the property makes rental payments to the REIT, which reduces the State income tax liability of the corporation. The REIT is not taxed on the rental income, because it is allowed a dividend paid deduction under federal law.[4]

If the corporation receives dividends from the REIT directly, the corporation will pay tax on the dividends it receives. If, however, an affiliated corporation receives the dividends from the REIT and then transfers the dividends to the corporation, the corporation will not pay tax on the amount it receives because it will be able to deduct the amount received from the affiliated corporation under another deduction allowed under federal and state law -- the dividend received deduction. If the affiliated company that receives the dividends from the captive REIT is outside the State and has no nexus with the State, the out-of-state holding company will pay no State tax on the income.

As a result of this chain of transfers, the corporation is allowed a deduction for rental expenses, the REIT that receives the rental income is allowed a dividend paid deduction when it distributes the rental income, the out-of-state affiliate that receives the dividend from the REIT is not subject to tax in North Carolina (because of lack of nexus), and the corporation that receives the dividend from its affiliated out-of-state holding company is not subject to tax on the amount it receives because of the dividend received deduction. The corporation has in effect been allowed a deduction for its rental expenses and been able to receive the amount it deducted as tax-free income in the form of a dividend received.

In a mortgage REIT, a financial institution forms a REIT and transfers to the captive REIT mortgages or mortgage-backed securities originated by the financial institution. The interest income that would have accrued to the financial institution now accrues to the REIT. The REIT takes the dividend paid deduction when it distributes its income.

Sections 44 and 46 prevent this tax avoidance strategy by disallowing the dividend paid deduction when a REIT is a captive REIT. Under the proposed committee substitute, the captive REIT is not allowed to take the dividend paid deduction. Instead, the captive REIT will be subject to tax on those dividends. If the real property the captive REIT owns is in North Carolina, the REIT will have nexus with the State because it owns property located in North Carolina and the income will be apportioned accordingly.

Section 46 defines a 'captive REIT' as a REIT whose shares or certificates of beneficial interest are not regularly traded on an established securities market and are owned or controlled, at any time during the last half of the tax year, by a person that is subject to tax under this Part and is not:

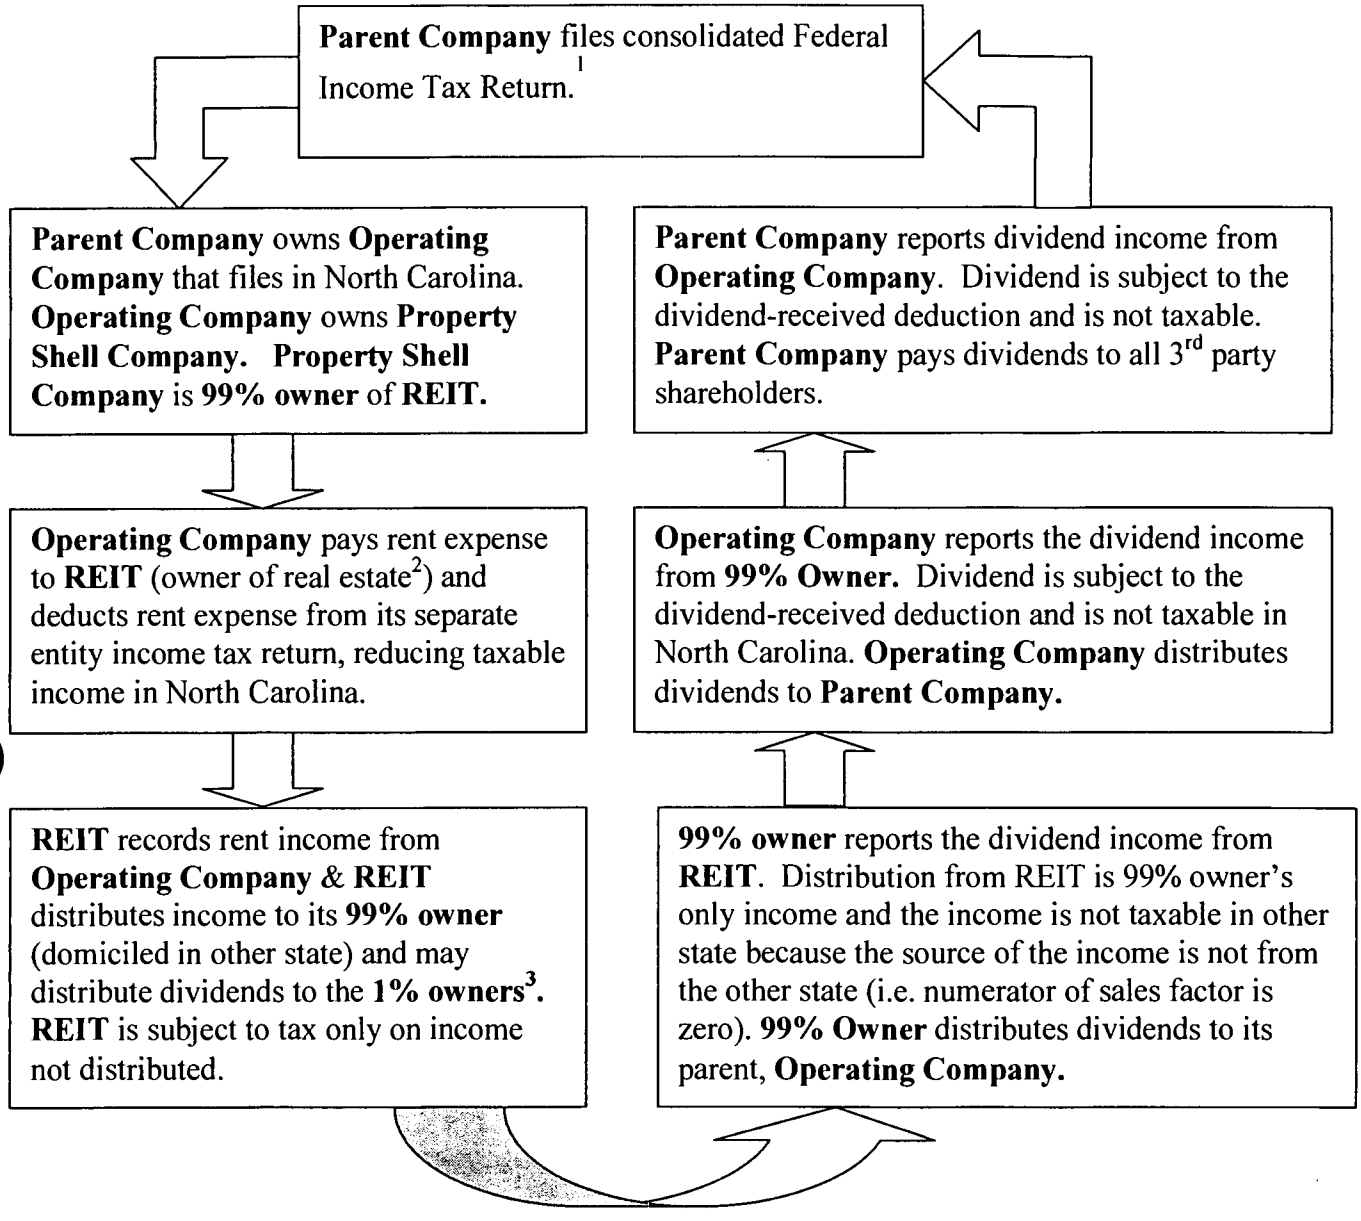
- A REIT; or
- A listed Australian property trust. A listed Australian property trust is Australia's version of a U.S. publicly traded REIT.

Section 44 provides a dividend received deduction for a dividend received from a captive REIT so that the dividend is not taxed twice.

Several states have enacted captive REIT legislation similar to these proposed provisions. The states are: Maryland (HB 1257 of the 2007 Session), Kentucky, Indiana, Pennsylvania, Louisiana, and Mississippi.

[4] The federal dividends received deduction is meant to reduce the negative effects of the double tax on C corporation profits distributed as dividends to corporate shareholders. NC adopted the federal dividends received deduction in 2001.

REIT Income Shifting Structure
Cash Flow



[1]Note: REIT is not included in the consolidated US Federal income tax return for Parent Company and Subsidiaries pursuant to the Internal Revenue Code. One requirement for qualification as a REIT is that the REIT must distribute at least 90% of its income to its shareholders.

[2]REIT assets consist of real estate or real estate mortgages.

[3]A REIT is required to have 100 beneficial owners.

Summary result: Operating income subject to tax in North Carolina is diluted by a "manufactured" rental expense. The entity receiving the rental income is not taxable in North Carolina.

BILL SUMMARY:

The Proposed Committee Substitute for Senate Bill 242 substantially revises the process for the review of disputed tax matters to provide taxpayers with the opportunity for an independent hearing outside the Department prior to paying the tax. These revisions include administrative review by the Office of Administrative Hearings, elimination of the Tax Review Board, and expansion of the Business Court to include tax cases. The bill would also authorize opt-in class actions for taxpayers seeking a refund of tax based on the constitutionality of a tax statute.

This bill addresses two distinct yet related issues. First, the bill substantially revises the overall procedure for disputing tax matters. Second, the bill provides statutory guidance with regard to class actions involving a constitutional challenge to a tax statute. The second issue is a subset of the first, but it specifically relates to recent judicial interpretations of the 'payment under protest' rule.

Sections 44, 45, and 46 of the revised PCS would limit a corporation's ability to use captive real estate investment trusts (REITs) to avoid State taxes. A REIT is an organization that uses the pooled capital of many investors to purchase and mange real estate. Under current federal and state law, a REIT is taxable only on income that is not distributed to shareholders. The amount of income a REIT distributes is not subject to tax because the REIT is allowed a deduction for the dividends it pays. The amounts received by the shareholders of the REIT are taxable.

ASSUMPTIONS AND METHODOLOGY:

Department of Revenue

This Proposed Committee Substitute changes the manner in which tax cases are heard and appealed. Under this bill, a uniform procedure would exist within the Department of Revenue for handling contested assessments **which would require no additional resources**, and the process after the Secretary's final determination would change, as would the destination for final appeals.

Office of Administrative Hearings

Currently, appeals of the Secretary's final determination in a tax case are heard by the Assistant Secretary for Administrative Services, an employee of the Department of Revenue hired by the Secretary acting as a Hearings Officer. This PCS would transfer that responsibility to the Office of Administrative Hearings. OAH has ten Administrative Law Judges who conduct hearings in a broad array of administrative law matters, but none in taxation work. In order to meet the mandates of this bill, OAH would need additional staffing with specific training in taxation matters. Based on current caseloads at OAH, one additional Administrative Law Judge would be required, along with a clerk, to handle the increase in case filings. The salary of an ALJ is $91,238, and the salary of a clerk would be $48,546, in addition to $6,100 in non-recurring start-up expenses, at a total cost of $145,884. This estimate does not include potential changes to the judicial salaries proposed in this year's budget bill.

The Senate version of House Bill 1473, the 2007 budget bill, includes a Type I transfer of both positions from Revenue to OAH. This provision is in controversy in the conference committee because the House budget moves the two Revenue positions to the Department of Administration. Both houses remove the two appeals positions from Revenue. The Type I transfer in the Senate budget would transfer the positions, and the current occupants of those positions, at their current levels. The current operation within DOR is handled by one Hearings Officer with one associated support position, at a combined salary of $167,283. These differences will have to be resolved depending upon which bill passes first.

Administrative Office of the Courts

S 242 makes a change to the process of appeal tax decisions beyond the administrative hearings level. Under current law, these cases can be appealed to Superior Court, but under this bill, these cases would be automatically designated as complex business cases and referred to the Business

Court in Wake County. The Business Court is a specialized court process for complex cases designated by the Chief Justice. The judges who hear these complex cases are Special Superior Court Judges appointed by the Governor; they are not resident judges within any district.

Since this bill would establish a new process for handling appeals, AOC does not project how many cases may be appealed from the Office of Administrative Hearings to the Business Court. If the increased formalization of the process through the administrative hearings statutes reduces the number of appeals to court, it is likely that the current Business Court operation could handle all appeals with no expansion. If, however, this bill produces the worst case of increase in Business Court caseload, the AOC projects the need for an additional Business Court Judge and complement of staff, comprising a deputy clerk of court, a law clerk, and a judicial assistant. The cost of an additional Business Court operation is $313,478; no impact would be expected in the first year, due to the effective date of the bill.

According to the senior Business Court Judge, if the caseload is around ten to twelve complex cases per year, and under 100 routine tax appeals, the court could handle the change with the current number of judges, but would need an additional staff attorney position under any circumstance since their current law clerks turn over each year, and a tax caseload would require specialized knowledge and experience. A staff attorney's position cost would be $74,211 in the first year.

Department of Justice

The Attorney General's Office provides legal counsel to the Department of Revenue in tax appeals upon request. In recent years, the DOJ has become involved in only two cases per year. Moving the hearings process to OAH will, according to DOJ's understanding, require them to represent the Department in all cases currently heard by the Revenue Hearings Officer. That number of cases varies from year to year: in 2005, 255; in 2006, 160. Providing legal representation in this number of cases would be a significant increase in workload for the DOJ Revenue Section. The most conservative estimate of attorney needs would be five new attorney positions, based on current workload in the section. DOJ requests that new positions be funded at the Attorney III level. The Revenue section is currently staffed mostly with Attorney IIIs; the position cost is $91,794. To support these positions, DOJ also would require an Office Assistant ($29,935) and a Paralegal ($37,737). Because the bill's effective date is January 1, 2008, and it would take several months before any cases reached the point of involving the Department of Justice, no impact is anticipated in the first year.

Close REIT Loophole

Senate Bill 242 includes a provision that disallows a deduction of the dividends paid by captive Real Estate Income Trusts (REIT) from North Carolina taxable income. Captive REITs are defined as entities whose shares or certificates of beneficial interest are not regularly traded on an established securities market and are owned or controlled by a person that is not one of the following entities:

a. A REIT whose shares or certificates of beneficial interest are regularly traded on an established securities market.
b. A listed Australian property trust.

Based on the most recent data collected by the Department of Revenue on C-corporation taxpayers, the total captive REIT deductions taken against North Carolina taxable income was an estimated $9 million. It is the department's position that nearly half of those dollars will be included in taxable income going forward because of the Settlement Initiative. The balance, according to DOR is currently under litigation. Moreover, under current law through forced combined reporting, DOR states it can retain captive REIT dollars when determining a C-corporation's North Carolina taxable income (pending litigation may or may no support the department's position). As such, the captive REIT provisions in S242 will not generate new General Fund revenue.

Short Title: Granville County Occupancy Tax Modifications. (Local)

Sponsors:

Referred to:

February 28, 2007

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE GRANVILLE COUNTY TO LEVY AN ADDITIONAL ROOM OCCUPANCY AND TOURISM DEVELOPMENT TAX AND TO EXTEND THE SUNSET ON THE CURRENT DISTRIBUTION FORMULA.

The General Assembly of North Carolina enacts:

SECTION 1. Section 1 of Chapter 454 of the 1993 Session Laws, as amended by S.L. 2000-103, is amended by adding a new subsection to read:

"(a1) Authorization of additional tax. – In addition to the tax authorized by subsection (a) of this section, the Granville County Board of Commissioners may levy an additional room occupancy tax of one percent (1%) of the gross receipts derived from the rental of accommodations taxable under subsection (a) of this section. The levy, collection, administration, and repeal of the tax authorized by this subsection shall be in accordance with the provisions of this section. Granville County may not levy a tax under this subsection unless it also levies the tax authorized under subsection (a) of this section."

SECTION 2. Section 1(e) of Chapter 454 of the 1993 Session Laws, as amended by S.L. 2000-103, reads as rewritten:

"(e) Distribution and Use of Tax Revenue.

The county shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Granville County Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection ~~to promote travel and tourism in~~for financing capital expenditures for tourism-related projects in Granville County and shall use the remainder ~~for tourism-related expenditures.~~to promote travel and tourism.

The following definitions apply in this subsection:

(1) Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the gross proceeds.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the county. The term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Authority, are designed to increase the use of lodging facilities in the county or to attract tourists or business travelers to the county. The term includes tourism-related capital expenditures."

SECTION 3. Section 1(e) of Chapter 454 of the 1993 Session Laws, as amended by S.L. 2000-103, and as amended by Section 2 of this act, reads as rewritten:

"(e) Distribution and Use of Tax Revenue.

The county shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Granville County Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection ~~for financing capital expenditures for tourism-related projects~~to promote travel and tourism in Granville County and shall use the remainder ~~to promote travel and tourism.~~for tourism-related expenditures.

The following definitions apply in this subsection:

(1) Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the gross proceeds.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the county. The term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Authority, are designed to increase the use of lodging facilities in the county or to attract tourists or business travelers to the county. The term includes tourism-related capital expenditures."

SECTION 4. Sections 1 and 4 are effective when they become law, and a tax levied under Section 1 may not become effective before October 1, 2007. Section 2 of this act becomes effective October 1, 2007, and applies to taxes paid on or after that date. The remainder of this act becomes effective October 1, 2014, and applies to taxes paid on or after that date.

SENATE BILL 384:
Granville County Occupancy Tax Modifications

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 20, 2007
Introduced by:	Sen. Berger of Franklin	**Summary by:**	Trina Griffin
Version:	First Edition		Committee Counsel

SUMMARY: Senate Bill 384 authorizes Granville County to levy an additional 1% room occupancy tax and extends the sunset on the current distribution formula, which is a reversal of the standard formula under the occupancy tax guidelines. The PCS makes a technical correction in the effective date.

CURRENT LAW: In 1993, the General Assembly authorized Granville County to levy a 5% room occupancy tax, at least two-thirds of which was required to be used for tourism promotion and the remainder was to be used for tourism-related expenditures. The original legislation did not require the creation of a tourism development authority.

In 2000, the local act was modified. The modification changed the rate to 3%, reversed the distribution formula for a period of seven years, and required the creation of a tourism development authority. Under the current formula, the proceeds are required to be used as follows: at least two-thirds must be used for tourism-related expenditures, which may include (1) developing facilities for fishing tournaments, skiing tournaments, and boating events; (2) constructing facilities for festivals; (3) constructing tournament-grade multipurpose athletic facilities; and (4) financing other similar capital expenditures, and the remainder must be used for tourism promotion. As of October 1, 2007, the occupancy tax rate may be increased to 5% and the distribution of proceeds will revert back to the original formula.

BILL ANALYSIS: Senate Bill 384 does two things:

- It authorizes Granville County to levy an additional 1% occupancy tax, beginning October 1, 2007, for a total county occupancy tax rate of 6%.
- It extends the sunset on the current distribution formula for an additional seven years. The current distribution formula is a reversal of the standard formula under the occupancy tax guidelines adopted by the House Finance Committee. Specifically, the current formula requires that at least two-thirds of the proceeds be used to finance capital expenditures for tourism-related projects and the remainder be used to promote travel and tourism. Beginning in 2014, the proceeds would be distributed in accordance with the occupancy tax guidelines adopted by the House Finance Committee with at least two-thirds of the proceeds being used for tourism promotion and the remainder for tourism-related expenditures.

EFFECTIVE DATE: The bill would become effective when it becomes law, but the additional 1% occupancy tax may not be levied until October 1, 2007. The change to the distribution formula, which conforms to the guidelines, would not become effective until October 1, 2014.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE GRANVILLE COUNTY TO LEVY AN ADDITIONAL ROOM OCCUPANCY AND TOURISM DEVELOPMENT TAX.

The General Assembly of North Carolina enacts:

SECTION 1. Section 1 of Chapter 454 of the 1993 Session Laws, as amended by S.L. 2000-103, is amended by adding a new subsection to read:

"(a1) Authorization of additional tax. In addition to the tax authorized by subsection (a) of this section, the Granville County Board of Commissioners may levy an additional room occupancy tax of up to one percent (1%) of the gross receipts derived from the rental of accommodations taxable under subsection (a) of this section. The levy, collection, administration, and repeal of the tax authorized by this subsection shall be in accordance with the provisions of this section. Granville County may not levy a tax under this subsection unless it also levies the tax authorized under subsection (a) of this section."

SECTION 2. Section 1(e) of Chapter 454 of the 1993 Session Laws, as amended by S.L. 2000-103, reads as rewritten:

"(e) Distribution and Use of Tax Revenue.

The county shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Granville County Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection ~~to promote travel and tourism in~~for financing capital expenditures for tourism-related projects in Granville County and shall use the remainder ~~for tourism-related expenditures.~~to promote travel and tourism.

The following definitions apply in this subsection:

(1) Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the gross proceeds.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract

tourists or business travelers to the county. The term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Authority, are designed to increase the use of lodging facilities in the county or to attract tourists or business travelers to the county. The term includes tourism-related capital expenditures."

SECTION 3. Section 1(e) of Chapter 454 of the 1993 Session Laws, as amended by S.L. 2000-103, and as amended by Section 2 of this act, reads as rewritten:

"(e) Distribution and Use of Tax Revenue.

The county shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Granville County Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection ~~for financing capital expenditures for tourism-related projects~~to promote travel and tourism in Granville County and shall use the remainder ~~to promote travel and tourism.~~for tourism-related expenditures.

The following definitions apply in this subsection:

(1) Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the gross proceeds.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the county. The term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Authority, are designed to increase the use of lodging facilities in the county or to attract tourists or business travelers to the county. The term includes tourism-related capital expenditures."

SECTION 4. Sections 1 and 4 are effective when they become law, and a tax levied under Section 1 may not become effective before October 1, 2004. Section 2 of this act becomes effective October 1, 2007, and applies to taxes paid on or after that date. The remainder of this act becomes effective October 1, 2014, and applies to taxes paid on or after that date.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Granville County

EFFECTIVE DATE: When bill becomes law

BILL SUMMARY:

Amends SL 1993-454, as amended, to authorize the Granville County Board of Commissioners to levy an additional room occupancy tax of up to 1%. Provides that the tax must be levied, administered, collected, and repealed in the same way as the existing tax. Effective October 1, 2007, requires the Granville County Tourism Development Authority (Authority) to use at least two-thirds of the total occupancy tax proceeds for capital expenditures for tourism-related projects and the remainder to promote travel and tourism. Beginning October 1, 2014, the Authority must use at least two-thirds of the proceeds to promote travel and tourism in Granville County and the remainder for tourism-related expenditures.

ASSUMPTIONS AND METHODOLOGY:
Actual occupancy tax collections for Granville County in fiscal year 2004-05 were $96,797. This was used as a base which was then grown out using Moody's economy.com consumer price index to give the following revenue stream.

Fiscal Year	Current 3% Tax	Additional 1%
2007-08	$ 100,708	$33,569
2008-09	$ 102,822	$34,274
2009-10	$ 104,982	$34,994
2010-11	$ 107,291	$35,764
2011-12	$ 109,759	$36,586

A BILL TO BE ENTITLED

AN ACT TO AMEND THE DRY-CLEANING SOLVENT CLEANUP ACT TO CLARIFY THE DEFINITION OF DRY-CLEANING SOLVENT, TO AUTHORIZE THE USE OF FUNDS FROM THE DRY-CLEANING SOLVENT CLEANUP FUND FOR THE INVESTIGATION OF INACTIVE HAZARDOUS WASTE DISPOSAL SITES REASONABLY BELIEVED TO BE CONTAMINATED BY DRY-CLEANING SOLVENT, TO PROVIDE THAT ALL SITE WORK WILL BE PERFORMED BY A PRIVATE CONTRACTOR RETAINED BY THE ENVIRONMENTAL MANAGEMENT COMMISSION, TO MODIFY THE FINANCIAL RESPONSIBILITY REQUIREMENTS APPLICABLE TO POTENTIALLY RESPONSIBLE PARTIES, TO AUTHORIZE TEMPORARY RULE-MAKING, AND TO INCREASE THE ANNUAL SPENDING CAP FOR THE CLEANUP OF SITES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 143-215.104B(b) reads as rewritten:

"(b) Unless a different meaning is required by the context, the following definitions apply in this Part. The definitions set out in this subsection apply only to the implementation of this Part and do not define or limit the scope of any other remedial program:

...

(9) "Dry-cleaning solvent" means ~~Perchloroethylene F-1,1,3 or 1,1,1 tricholorethane, a petroleum-based solvent, another comparable product used as a cleaning agent~~any hydrocarbon or halogenated hydrocarbon used as a solvent in a dry-cleaning operation or the degradation products from these ~~hazardous substances.~~solvents.

(10) "Dry-cleaning solvent assessment agreement" or "assessment agreement" means an agreement between the Commission and a potentially responsible party who desires ~~to assess~~an assessment of whether a release of dry-cleaning solvents at a dry-cleaning facility, an abandoned dry-cleaning facility site, or a wholesale distribution facility may be eligible for remediation under this Part and whether any other contaminants that are identified in the agreement may require remediation under other remedial programs operated or administered by the Department.

...

(12) "Dry-cleaning solvent remediation agreement" or "remediation agreement" means an agreement between the Commission and a potentially responsible party who desires ~~to clean up~~the cleanup of dry-cleaning solvent contamination resulting from a release at a dry-cleaning facility, an abandoned dry-cleaning facility site, or a wholesale distribution facility under this Part and any other contaminants that are identified in the agreement under other remedial programs operated or administered by the Department.

(13) "Facility" means a dry-cleaning facility or a wholesale distribution facility.

(14) "Fund" means the Dry-Cleaning Solvent Cleanup Fund.

(14a) "Halogenated hydrocarbon" means any hydrocarbon where at least one hydrogen atom is substituted by a halogen atom.

(15) "Hazardous waste" ~~shall have~~ has the same meaning ~~ascribed to it~~as in G.S. 130A-290.

(15a) "Hydrocarbon" means any linear, branched, saturated, or unsaturated compound whose molecules contain only carbon and hydrogen atoms.

..."

SECTION 2. G.S. 143-215.104C reads as rewritten:

"**§ 143-215.104C. Dry-Cleaning Solvent Cleanup Fund.**

(a) Creation. – The Dry-Cleaning Solvent Cleanup Fund is established as a special revenue fund to be administered by the Commission. Accordingly, revenue in the Fund at the end of a fiscal year does not revert and interest and other investment income earned by the Fund must be credited to it. The Fund is created to provide revenue to implement this Part.

(b) Sources of Revenue. – The following revenue is credited to the Fund:

(1) Dry-cleaning solvent taxes collected under Article 5D of Chapter 105 of the General Statutes.

(2) Recoveries made pursuant to G.S. 143-215.104N and G.S. 143-215.104O.

(3) Gifts and grants made to the Fund.

(4) Revenues credited to the Fund under G.S. 105-164.44E.

(5) Application fees pursuant to G.S. 215.104F(a1).

(c) Disbursements. – A claim filed against the Fund may be paid only from monies in the Fund and only in accordance with the provisions of this Part. Any obligation to pay ~~or reimburse~~ claims against the Fund shall be expressly contingent upon availability of monies in the Fund. Neither the State nor any of its agencies shall have any obligation to pay ~~or reimburse~~ any costs for which monies are not available in the Fund. The provisions of this Part shall not constitute a contract, either express or implied, to pay ~~or reimburse~~ costs in excess of the monies available in the Fund. In making disbursements from the Fund, the Commission shall obligate monies to facilities or sites with higher priority before facilities or sites of lower priority, and facilities or sites with equal priority in the order in which the facilities or sites were prioritized until the revenue is exhausted. Consistent with the provisions of this Part, the Commission may disburse monies from the Fund to abate imminent hazards by dry-cleaning solvent contamination at abandoned dry-cleaning facility sites that have not been certified. Up to twenty percent (20%) of the amount of revenue credited to the Fund in a year may be used to defray costs incurred by the Department and the Attorney General's Office in connection with administration of the program described in this Part, including oversight of response activities.

(d) Up to one percent (1%) of the amount of the Fund balance may be used by the Department in each fiscal year for investigation of inactive hazardous substance disposal sites that the Department reasonably believes to be contaminated by dry-cleaning solvent. If the contamination is determined to originate from a dry-cleaning facility, a potentially responsible party may petition for certification of the facility or abandoned facility site. Acceptance of a petition shall be conditioned upon the written acceptance by the petitioner of responsibility for the costs of investigation incurred by the Department pursuant to this subsection. Costs of investigation that are recovered pursuant to this subsection shall not exceed, and shall be credited toward, the financial responsibility of the petitioner pursuant to G.S. 143-215.104F(f). If a potentially responsible party does not petition for certification of the facility or abandoned facility site, the Commission may request the Attorney General to commence a civil action to secure reimbursement of costs incurred under this subsection."

SECTION 3. G.S. 143-215.104D reads as rewritten:

"**§ 143-215.104D. Powers of the Commission.**

(a) Administrative Functions. – The Commission may delegate any or all of the powers enumerated in this subsection to the Department. The Commission shall:

(1) Accept petitions for certification and petitions to enter into dry-cleaning solvent assessment agreements or remediation agreements under this Part.

(2) Prioritize certified dry-cleaning facilities, certified wholesale distribution facilities, or certified abandoned dry-cleaning facility sites for the initiation of assessment or remediation ~~activities that are reimbursable from the Fund.~~activities.

~~(3) Develop forms to be used by persons applying for reimbursement of assessment or remediation costs.~~

(4) Schedule funding of assessment and remediation activities.

(5) Determine whether assessment or remediation is necessary at a site at which dry-cleaning solvent contamination has occurred.

(5a) Enter into contracts with private contractors for assessment and remediation activities at certified dry-cleaning facilities, certified wholesale distribution facilities, and certified abandoned dry-cleaning facility sites.

(6) Determine that all necessary assessment and remediation has been completed at a contamination site.

(7) Make payments from the Fund ~~to reimburse~~for the costs of assessment and remediation.

(b) Rule making. – The Commission shall adopt rules as are necessary to implement the provisions of this Part. Rules adopted by the Commission shall be consistent with and shall not duplicate, but may incorporate by reference, the rules adopted by the Commission for Health Services pursuant to Article 9 of Chapter 130A of the General Statutes. The Commission shall not delegate the rule-making powers provided in this subsection.

(1) The Commission may adopt rules governing:

~~a. Fees for response costs reimbursable under this Part.~~

b. The certification and decertification of facilities or abandoned sites.

c. The prioritization of facilities or abandoned sites and scheduling of funding for assessment and remediation activities. These rules shall provide for:

1. Consideration of the degree of harm or risk to public health and the environment.

2. Consideration of the order in which certification is issued for the facility or abandoned site.

3. Consideration of the relative cost of assessment and remediation activities.

4. Use of the Fund so as to maximize the reduction of harm or risk posed by certified facilities, certified abandoned sites, uncertified facilities and uncertified sites.

d. The disbursement of revenue from the Fund for payment ~~or reimbursement~~ of approved assessment or remediation costs.

e. The determination whether assessment or remediation is necessary at a contamination site.

f. The determination that all necessary assessment and remediation has been completed at a contamination site.

g. The terms and conditions of dry-cleaning solvent assessment agreements and remediation agreements.

h. The determination whether additional assessment or remediation is necessary at a contamination site previously closed under this Part.

(2) The Commission may adopt rules establishing minimum management practices for handling of dry-cleaning solvent at dry-cleaning facilities and wholesale distribution facilities. The rules may:

a. Require that all perchloroethylene dry-cleaning machines installed at a dry-cleaning facility after the effective date of the rule or temporary rule meet air emission standards that equal or exceed the standards that apply to comparable dry-to-dry perchloroethylene dry-cleaning machines with integral refrigerated condensation.

b. Prohibit the discharge of dry-cleaning solvents or water that contains dry-cleaning solvents into sanitary sewers, septic systems, storm sewers, or waters of the State.

c. Require spill containment structures around dry-cleaning machines, filters, stills, vapor adsorbers, solvent storage areas, and waste solvent storage areas.

d. Require floor sealants for cleaning room areas if the Commission finds the sealants to be effective.

e. Require, by 1 January 2002, the use of improved solvent transfer systems to prevent releases at the time of delivery of solvents to a dry-cleaning facility.

f. Require any other solvent-handling practices the Commission may find necessary and appropriate to minimize the risk of releases at dry-cleaning facilities or wholesale distribution facilities.

(3) The Commission shall adopt rules establishing a risk-based approach applicable to the assessment, prioritization, and remediation of dry-cleaning solvent contamination resulting from releases at facilities or abandoned sites certified pursuant to G.S. 143-215.104G. The rules shall address, at a minimum:

a. Criteria and methods for determining remediation requirements, including the level of remediation necessary to assure adequate protection of public health and the environment.

b. The circumstances under which information specific to the dry-cleaning solvent contamination site should be considered and required.

c. The circumstances under which restrictions on the future use of any remediated dry-cleaning solvent contamination site should be considered and required as a means of achieving and maintaining an adequate level of protection for public health and the environment.

d. Strategies for the assessment and remediation of dry-cleaning solvent contamination, including presumptive remedial responses sufficient to provide an adequate level of protection as described under sub-subdivision a. of this subdivision.

(c) All rules adopted by the Commission shall be applicable to all dry-cleaning facilities, wholesale distribution facilities, and abandoned dry-cleaning facilities in the State and shall, to the maximum extent practicable, be cost-effective and technically feasible while protecting public health and the environment from the release of dry-cleaning solvents.

(d) Unless otherwise provided in this Part, the Commission may delegate any of its rights, duties, and responsibilities under this Part to the Department."

SECTION 4. G.S. 143-215.104F reads as rewritten:

"**§ 143-215.104F. Requirements for certification, assessment agreements, and remediation agreements.**

(a) General Requirements. – Any person petitioning for certification of a facility or an abandoned site pursuant to G.S. 143-215.104G, for a dry-cleaning solvent assessment agreement pursuant to G.S. 143-215.104H, or for a dry-cleaning solvent remediation agreement pursuant to G.S. 143-215.104I, shall meet the requirements set out in this section and any other applicable requirements of this Part.

(a1) Application Fees. – Each person petitioning or co-petitioning for certification of a facility or an abandoned site pursuant to G.S. 143-215.104G shall pay an application fee of one thousand dollars ($1,000) to the Commission.

(b) Requirements for Potentially Responsible Persons Generally. – Every petitioner shall provide the Commission with:

(1) Any information that the petitioner possesses relating to the contamination at the facility or abandoned site described in the petition.

(2) Information necessary to demonstrate the person's ability to incur the response costs specified in subsection (f) of this section.

(3) Repealed by Session Laws 2000, c. 19, s. 3.

(4) Information necessary to demonstrate that the petitioner, and any parent, subsidiary, or other affiliate of the petitioner, has substantially complied with:

a. The terms of any dry-cleaning solvent assessment agreement, dry-cleaning solvent remediation agreement, brownfields agreement, or other similar agreement to which the petitioner or any parent, subsidiary, or other affiliate of the petitioner has been a party.

b. The requirements applicable to any remediation in which the petitioner has previously engaged.

c. Federal and State laws, regulations, and rules for the protection of the environment.

(5) Evidence demonstrating that a release of dry-cleaning solvent has occurred at the facility or abandoned site and that the release has resulted in dry-cleaning solvent contamination.

(c) Requirement for Property Owners. – In addition to the information required by subsection (b) of this section, a petitioner who is the owner of the property on which the dry-cleaning solvent contamination identified in the petition is located shall provide

the Commission a written agreement authorizing the ~~Commission~~ Commission, ~~or~~ its ~~agent~~ agent, and its private contractor to have access to the property for purposes of conducting assessment or remediation activities or determining whether assessment or remediation activities are being conducted in compliance with this Part and any assessment agreement or remediation agreement. (c1) Costs incurred by the petitioner for activities to obtain certification of a facility or abandoned site shall not be reimbursable from the Fund.

(d) The Commission ~~shall~~ may reject any petition made pursuant to this Part in any of the following circumstances:

(1) The petitioner is an owner or operator of the facility described in the petition and the facility was not being operated in compliance with minimum management practices adopted by the Commission pursuant to G.S. 143-215.104D(b)(2) at the time the contamination was discovered.

(2) The petitioner is an owner or operator of the facility described in the petition and the petitioner owed delinquent taxes under Article 5D of Chapter 105 of the General Statutes at the time the dry-cleaning solvent contamination was discovered.

(3) Repealed by Session Laws 2000, c. 19, s. 3.

~~(e) The Commission may reject any petition made pursuant to this Part in any of the following circumstances:~~

~~(1)~~(4) The petitioner fails to provide the information required by subsection (b) of this section.

~~(2)~~(5) The petitioner falsified any information in its petition that was material to the determination of the priority ranking, the nature, scope and extent of contamination to be assessed or remediated, or the appropriate means to contain and remediate the contaminants.

(f) Financial Responsibility Requirements. – Each potentially responsible person who petitions the Commission to certify a facility or abandoned site shall accept written responsibility in the amount specified in this section for the assessment or remediation of the dry-cleaning solvent contamination identified in the petition. If two or more potentially responsible persons petition the Commission jointly, the requirements below shall be the aggregate requirements for the financial responsibility of all potentially responsible persons who are party to the petition. Unless an alternative arrangement is agreed to by co-petitioners, the financial responsibility requirements of this section shall be apportioned equally among the co-petitioners. The financial responsibility required shall be as follows:

(1) For dry-cleaning facilities owned by persons who employ fewer than five full-time employees, or the equivalent, in activities related to dry-cleaning operations during the calendar year preceding the date of the petition, ~~the first five thousand dollars ($5,000) of the costs of assessment or remediation and~~ one percent (1%) of the costs of assessment or remediation ~~in excess of two hundred thousand dollars ($200,000) but~~ not exceeding one million dollars ($1,000,000).

(2) For abandoned dry-cleaning facility sites and for dry-cleaning facilities owned by persons who employ at least five but fewer than 10 full-time employees, or the equivalent, in activities related to dry-cleaning operations during the calendar year preceding the date of the petition, ~~the first ten thousand dollars ($10,000) of the costs of assessment or remediation, two percent (2%) of the costs of assessment or remediation in excess of two hundred thousand dollars ($200,000) but not exceeding five hundred thousand dollars ($500,000), and~~ one and one-half percent ~~(1%)~~ (1.5%) of the costs of assessment or remediation ~~in excess of five hundred thousand dollars ($500,000) but~~ not exceeding one million dollars ($1,000,000).

(3) For wholesale distribution facilities and for dry-cleaning facilities owned by persons who employ 10 or more full-time employees, or the equivalent, in activities related to dry-cleaning operations during the calendar year preceding the date of the petition, ~~the first fifteen thousand dollars ($15,000) of the costs of assessment or remediation, three percent (3%) of the costs of assessment or remediation in excess of two hundred thousand dollars ($200,000) but not exceeding five hundred thousand dollars ($500,000), and one percent (1%)~~ two percent (2%) of the costs of assessment or remediation ~~in excess of five hundred thousand dollars ($500,000) but~~ not exceeding one million dollars ($1,000,000).

~~(4) For wholesale distribution facilities and abandoned dry-cleaning facility sites, the first twenty-five thousands dollars ($25,000) of the costs of assessment or remediation, three percent (3%) of the costs of assessment or remediation in excess of two hundred thousand dollars ($200,000) but not exceeding five hundred thousand dollars ($500,000), and one percent (1%) of the costs of assessment or remediation in excess of five hundred thousand dollars ($500,000) but not exceeding one million dollars ($1,000,000).~~

(g) Repealed by Session Laws 2000, c. 19, s. 3."

SECTION 5. G.S. 143-215.104H reads as rewritten:

"§ 143-215.104H. Dry-Cleaning Solvent Assessment Agreements.

(a) Assessment Agreements. – One or more potentially responsible parties may petition the Commission to enter into a dry-cleaning solvent assessment agreement regarding a facility or abandoned site that has been certified pursuant to G.S. 143-215.104G. The Commission may, in its discretion, enter into an assessment agreement with any potentially responsible party who satisfies the requirements of this section and the applicable requirements of G.S. 143-215.104F. If more than one potentially responsible party petitions the Commission, the Commission may enter into a single assessment agreement with one or more of the petitioners. The Commission shall not unreasonably refuse to enter into an assessment agreement pursuant to this section. The Commission may require the petitioners to provide the Commission with any information necessary to demonstrate:

(1) The priority ranking assigned to the facility or site is consistent with the rules adopted by the Commission.

~~(2) The projected schedule for funding of assessment activities is adequate.~~

~~(3) The assessment activities to be undertaken with respect to the dry-cleaning solvent contamination and any other contamination at the contamination site are adequate.~~

~~(4) The person who will be responsible for implementation of the activities is capable and qualified to conduct the assessment.~~

~~(4a) The amount of funds already expended by the petitioner for assessment or remediation of dry-cleaning solvent contamination at the facility or abandoned site.~~

(5) The petitioner has and will continue to have available the financial resources necessary to pay ~~the costs of assessment activities and~~ the share of response costs imposed on the petitioner by G.S. 143-215.104F.

(6) The permits or other authorizations required to conduct the assessment activities and to lawfully dispose of any hazardous substances or wastes generated by the assessment activities have been or can be obtained.

(7) The assessment activities will not increase the existing level of public exposure to health or environmental hazards at the contamination site.

~~(8) The costs to be incurred in connection with the assessment activities contemplated by the assessment agreement are reasonable and necessary.~~

(9) The petitioner has obtained the consent of other property owners to enter into their property for the purpose of conducting assessment activities specified in the assessment agreement.

(b) The terms and conditions of an assessment agreement regarding dry-cleaning solvent contamination shall be guided by and consistent with the rules adopted by the Commission pursuant to G.S. 143-215.104D and the ~~reimbursement~~ disbursement authorities and limitations set out in this Part. An assessment agreement shall, subject to the availability of monies from the Fund:

(1) Repealed by Session Laws 2000, c. 19, s. 9.

(1a) Require that the petitioner shall be liable to the Fund for an amount equal to the difference, if any, between the applicable amount for which the petitioner is responsible under G.S. 143-215.104F and the amount reasonably paid by the petitioner for assessment or remediation activities of the type specified in G.S. 143-215.104N(a)(1) through (7) and that are otherwise consistent with the requirements of this Part.

~~(2) Provide for the prompt reimbursement of response costs incurred in assessment activities that are found by the Commission to be consistent with the assessment agreement and this Part.~~

(c) The Commission may refuse to enter into a dry-cleaning solvent assessment agreement with any petitioner if:

(1) The petitioner will not accept financial responsibility for the petitioner's share of the response costs required by G.S. 143-215.104F.

~~(2) The petitioner will not accept responsibility for conducting, supervising, or otherwise undertaking assessment activities required by the Commission.~~

(3) The petitioner fails to provide any information required by subsection (a) of this section.

(d) The refusal of the Commission to enter into a dry-cleaning solvent assessment agreement with any petitioner shall not affect the rights of any other petitioner under this Part, except that the refusal may be the basis for rejection of a petition by any parent, subsidiary or other affiliate of the petitioner for the facility or abandoned site.

(e) If the Commission determines from an assessment prepared pursuant to this Part that the degree of risk to public health or the environment resulting from dry-cleaning solvent contamination otherwise subject to assessment or remediation under this Part and Article 9 of Chapter 130A is acceptable in light of the criteria established pursuant to G.S. 143-215.104D(b)(3) and Article 9 of Chapter 130A, the Commission shall issue a written statement of its determination and notify the owner or operator of the facility or abandoned site responsible for the contamination that no cleanup, no further cleanup, or no further action is required in connection with the contamination.

(f) If the Commission determines that no remediation or further action is required in connection with dry-cleaning solvent contamination otherwise subject to assessment or remediation pursuant to this Part and Article 9 of Chapter 130A, the Commission shall not pay ~~or reimburse~~ any ~~response~~ costs otherwise payable ~~or reimbursable~~ under this Part from the Fund other than costs reasonable and necessary to conduct the risk assessment pursuant to this section and in compliance with a dry-cleaning solvent assessment agreement."

SECTION 6. G.S. 143-215.104I reads as rewritten:

"§ 143-215.104I. Dry-Cleaning solvent remediation agreements.

(a) Upon the completion of assessment activities required by a dry-cleaning solvent assessment agreement, one or more potentially responsible parties may petition the Commission to enter into a dry-cleaning solvent remediation agreement for any contamination requiring remediation. The Commission may, in its discretion, enter into a remediation agreement with any petitioner who satisfies the requirements of this section and the applicable requirements of G.S. 143-215.104F. If more than one potentially responsible party petitions the Commission, the Commission may enter into a single remediation agreement with one or more of the petitioners. The Commission shall not unreasonably refuse to enter into a remediation agreement pursuant to this section. The Commission may, in its discretion, enter into a remediation agreement that includes the assessment described in G.S. 143-215.104H. Petitioners shall provide the Commission with any information necessary to demonstrate:

(1) Repealed by Session Laws 2000, c. 19, s. 10.
(2) As a result of the remediation agreement, the contamination site will be suitable for the uses specified in the remediation agreement while fully protecting public health and the environment from dry-cleaning solvent contamination and any other contaminants included in the remediation agreement.
(3) There is a public benefit commensurate with the liability protection provided under this Part.
~~(4) The petitioner has or can obtain the financial, managerial, and technical means to fully implement the remediation agreement and assure the safe use of the contamination site.~~
(5) The petitioner has complied with or will comply with all applicable procedural requirements.
(6) The remediation agreement will not cause the Department to violate the terms and conditions under which the Department operates and administers remedial programs, including the programs established or operated pursuant to Article 9 of Chapter 130A of the General Statutes, by delegation or similar authorization from the United States or its departments or agencies, including the United States Environmental Protection Agency.
(7) The priority ranking assigned to the facility or site is consistent with the rules adopted by the Commission or the priority ranking that the petitioner agrees to accept is consistent with the rules adopted by the Commission.
~~(8) The projected schedule for funding of remediation activities.~~
(9) The petitioner will continue to have available the financial resources necessary to satisfy the share of response costs imposed on the petitioner by G.S. 143-215.104F.
~~(10) The expenditures eligible for reimbursement from the Fund and to be incurred in connection with the remediation agreement are reasonable and necessary.~~
(11) The consent of other property owners to enter into their property for purposes of conducting remediation activities specified in the remediation agreement.

(b) In negotiating a remediation agreement, parties may rely on land-use restrictions that will be included in a Notice of Dry-Cleaning Solvent Remediation required under G.S. 143-215.104M. A remediation agreement may provide for remediation in accordance with standards that are based on those land-use restrictions.

(c) A dry-cleaning solvent remediation agreement shall contain a description of the contamination site that would be sufficient as a description of the property in an instrument of conveyance and, as applicable, a statement of:

(1) Any remediation, including remediation of contaminants other than dry-cleaning solvents, to be conducted on the property, including:

a. A description of specific areas where remediation is to be conducted.
b. The remediation method or methods to be employed.
~~c. The resources that the petitioner will make available and the degree to which the petitioner intends to rely on the Fund for resources.~~
d. A schedule of remediation activities.
e. Applicable remediation standards. Applicable remediation standards for dry-cleaning solvent contamination shall not exceed the requirements adopted by the Commission pursuant to G.S. 143-104D(b)(3).
f. A schedule and the method or methods for evaluating the remediation.

(2) Any land-use restrictions that will apply to the contamination site or other property.
(3) The desired results of any remediation or land-use restrictions with respect to the contamination site.
(4) The guidelines, including parameters, principles, and policies within which the desired results are to be accomplished.
(5) The consequences of achieving or not achieving the desired results.
(6) The priority ranking of the facility or abandoned site.
~~(7) The person who will conduct the remediation if that person is not the potentially responsible party entering the remediation agreement.~~

(d) The Commission may refuse to enter into a dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement with any petitioner ~~if:~~if

~~(1) The petitioner will not accept financial responsibility for the share of the response costs established in G.S. 143-215.104F. This requirement shall not apply to a petitioner who (i) is the owner of property upon which the dry-cleaning solvent contamination is located, and (ii) is not a current or former owner or operator of a facility believed to be responsible for the contamination.~~
~~(2) The petitioner will not accept responsibility for conducting, supervising, or otherwise undertaking remediation activities required by the Commission.~~
~~(3) The~~ the petitioner fails to provide any information that is necessary to demonstrate the facts required to be shown by subsection (a) of this section.

(e) In addition to the ~~bases~~ basis set forth in subsection (d) of this section, the Commission may refuse to enter into a dry-cleaning solvent remediation agreement with ~~the~~ an owner of the property on which a contamination site is located if the owner refuses to accept limitations on the future use of the property and to give notice of these limitations pursuant to G.S. 143-215.104M.

(f) The refusal of the Commission to enter into a dry-cleaning remediation agreement with any petitioner shall not affect the rights of any other petitioner, other

than any parent, subsidiary, or other affiliate of the petitioner, under this Part. The refusal of the Commission to enter into a remediation agreement may be the basis for rejection of a petition by any parent, subsidiary, or other affiliate of the petitioner for the facility or abandoned site.

(g) The terms and conditions of a dry-cleaning solvent remediation agreement concerned with dry-cleaning solvent contamination shall be guided by and consistent with the rules adopted by the Commission pursuant to G.S. 143-215.104D and the ~~reimbursement~~ disbursement authorities and limitations set out in this Part. ~~A remediation agreement shall provide, subject to availability of monies in the Fund, for prompt reimbursement of response costs incurred in assessment or remediation activities that are found by the Commission to be consistent with the remediation agreement and this Part.~~ A remediation agreement ~~may~~ shall provide that the ~~Commission~~ Commission's private contractor conduct assessment and remediation activities at the facility or abandoned site.

(h) Any failure of a petitioner or the petitioner's agents or employees to comply with the dry-cleaning solvent remediation agreement constitutes a violation of this Part by the petitioner."

SECTION 7. G.S. 143-215.104J(a) reads as rewritten:

"(a) The Commission may decertify a facility or abandoned site or renegotiate or terminate an assessment agreement or remediation agreement with respect to any party thereto in the following circumstances:

(1) The owner or operator of the facility, at any time subsequent to the certification of the facility, violates any of the minimum management requirements adopted by the Commission pursuant to G.S. 143-215.104D(b)(2).

(2) In the case of dry-cleaning contamination on property that is owned by a petitioner, the petitioner fails to file a Notice of Dry-Cleaning Solvent Remediation, if required, as provided in G.S. 143-215.104M.

(3) The potentially responsible persons who are parties to a dry-cleaning solvent assessment agreement are unable to reach an agreement with the Commission to enter into a dry-cleaning solvent remediation agreement within the time specified in the assessment agreement.

(4) The payment of taxes assessed to the facility under Article 5D of Chapter 105 of the General Statutes is delinquent.

(5) Repealed by Session Laws 2000, c. 19, s. 3.

(6) The owner or operator fails to comply with all applicable requirements of this Part ~~to complete any assessment or remediation activities required by~~or fails to comply with all applicable requirements of an assessment agreement or remediation agreement.

(7) The owner or operator of a facility for which an assessment or remediation activity is scheduled or in progress transfers the ownership or operation of the facility or abandoned site to another person without the prior consent of the Commission and the execution of a substitute assessment agreement or remediation agreement.

(8) The standards applied to the dry-cleaning solvent contamination remediation or containment under the provisions of this Part and the dry-cleaning solvent remediation agreement will, or are likely to, cause the Department to fail to comply with the terms and conditions under which it operates and administers a remediation program by delegation or similar authorization from the United States or one of its departments or agencies, including the Environmental Protection Agency.

(9) A petitioner fails to pay the Commission any amounts for which a petitioner is responsible pursuant to G.S. 143-215.104F."

SECTION 8. G.S. 143-215.104K(a) reads as rewritten:

"(a) A potentially responsible party who enters into an assessment agreement or remediation agreement with the Commission and who is complying with the agreement shall not be held liable for assessment or remediation of areas of contamination identified in the agreement except as specified in the assessment agreement or remediation agreement, so long as ~~the~~ any activities conducted at the contamination site by or under the control or direction of the petitioner do not increase the risk of harm to public health or the environment and the petitioner is not required to undertake additional remediation to unrestricted use standards pursuant to subsection (c) of this section. The liability protection provided under this Part applies to all of the following persons to the same extent as the petitioner, so long as these persons are not otherwise potentially responsible parties or parents, subsidiaries, or affiliates of potentially responsible parties and the person is not required to undertake additional remediation to unrestricted use standards pursuant to subsection (c) of this section:

~~(1) Any person under the direction or control of the petitioner who directs or contracts for assessment, remediation, or redevelopment of the contamination site.~~

(2) Any future owner of the contamination site.

(3) A person who ~~develops or~~ occupies the contamination site.

(4) A successor or assign of any person to whom the liability protection provided under this Part applies.

(5) Any lender or fiduciary that provides financing ~~for assessment, remediation, or redevelopment of the contamination site.~~to the petitioner to pay the petitioner's financial obligations under G.S. 143-215.104F."

SECTION 9. G.S. 143-215.104L reads as rewritten:

"§ 143-215.104L. Public notice and community involvement.

(a) If a petitioner desires to enter into a dry-cleaning solvent remediation agreement based on remediation standards that rely on the creation of land-use restrictions, the Commission or the Commission's private contractor on behalf of the petitioner shall notify the public and the community in which the facility or abandoned site is located of the planned remediation and redevelopment activities. ~~The petitioner~~On behalf of the petitioner, the Commission or the Commission's private contractor shall ~~submit~~ prepare a Notice of Intent to Remediate a Dry-Cleaning Solvent

Facility or Abandoned Site and a summary of the Notice of ~~Intent to the Commission.~~Intent. The Notice of Intent shall provide, to the extent known, a legal description of the location of the contamination site, a map showing the location of the contamination site, a description of the contaminants involved and their concentrations in the media of the contamination site, a description of the future use of the contamination site, any proposed investigation and remediation, and a proposed Notice of Dry-Cleaning Solvent Remediation prepared in accordance with G.S. 143-215.104M. Both the Notice of Intent and the summary of the Notice of Intent shall state the time period and means for submitting written comment and for requesting a public meeting on the proposed dry-cleaning solvent remediation agreement. The summary of the Notice of Intent shall include a statement as to the public availability of the full Notice of Intent. After approval of the Notice of Intent and summary of the Notice of Intent by the Commission, ~~the petitioner~~the Commission or the Commission's private contractor shall provide a copy of the Notice of Intent to all local governments having jurisdiction over the contamination site. The ~~petitioner~~ Commission or Commission's private contractor shall publish the summary of the Notice of Intent in a newspaper of general circulation serving the area in which the contamination is located and shall file a copy of the summary of the Notice of Intent with the Codifier of Rules, who shall publish the summary of the Notice of Intent in the North Carolina Register. The ~~petitioner~~ Commission or the Commission's private contractor shall also conspicuously post a copy of the summary of the Notice of Intent at the contamination site.

(b) Publication of the approved summary of the Notice of Intent in the North Carolina Register and publication in a newspaper of general circulation shall begin a public comment period of at least 60 days from the later date of publication. During the public comment period, members of the public, residents of the community in which the contamination site is located, and local governments having jurisdiction over the contamination site may submit comment on the proposed dry- cleaning solvent remediation agreement, including methods and degree of remediation, future land uses, and impact on local employment.

(c) Any person who desires a public meeting on a proposed dry- cleaning solvent remediation agreement shall submit a written request for a public meeting to the Commission within 30 days after the public comment period begins. The Commission shall consider all requests for a public meeting and shall hold a public meeting if the Commission determines that there is significant public interest in the proposed remediation agreement. If the Commission decides to hold a public meeting, the Commission shall, at least 30 days prior to the public meeting, mail written notice of the public meeting to all persons who requested the public meeting and to any other person who had previously requested notice. The Commission shall also ~~direct the petitioner to~~ publish, at least 30 days prior to the date of the public meeting, a notice of the public meeting at least one time in a newspaper having general circulation in the county where the contamination site is located. In any county in which there is more than one newspaper having general circulation, the Commission shall ~~direct the petitioner to~~ publish a copy of the notice in as many newspapers having general circulation in the county as the Commission in its discretion determines to be necessary to assure that the

notice is generally available throughout the county. The Commission shall prescribe the form and content of the notice to be published. The Commission shall prescribe the procedures to be followed in the public meeting. The Commission shall take detailed minutes of the meeting. The minutes shall include any written dry-cleaning solvent remediation agreement. The Commission shall take into account the comment received during the comment period and at the public meeting if the Commission holds a public meeting. The Commission shall incorporate into the remediation agreement provisions that reflect comment received during the comment period and at the public meeting to the extent practical. The Commission shall give particular consideration to written comment that is supported by valid scientific and technical information and analysis."

SECTION 10. G.S. 143-215.104M(a) reads as rewritten:

"(a) Land-Use Restriction. – In order to reduce or eliminate the danger to public health or the environment posed by a dry-cleaning solvent contamination site, the owner of property upon which dry-cleaning solvent contamination has been discovered may ~~prepare and submit to the Commission for approval~~file a Notice of Dry-Cleaning Solvent Remediation approved by the Commission identifying the site on which the contamination has been discovered and providing for current or future restrictions on the use of the property. If a petitioner requests that a contamination site be remediated to standards that require land-use restrictions, the owner of the property must file a Notice of Dry-Cleaning Solvent Remediation for the remediation agreement to become effective."

SECTION 11. G.S. 143-215.104N reads as rewritten:

"§ 143-215.104N. ~~Reimbursement—~~Disbursement of dry-cleaning solvent assessment and remediation costs; limitations; ~~collection—of reimbursement.~~cost recovery.

(a) ~~Reimbursement.~~Allowable Costs. – To the extent monies are available in the ~~Fund for reimbursement of response costs.~~Fund, the Commission shall ~~reimburse any person, including a private contractor, responsible for implementing~~ pay for reasonable and necessary assessment and remediation activities at a contamination site associated with a certified facility or a certified abandoned site pursuant to a dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement for the following assessment and remediation response costs, for which appropriate documentation is submitted:

(1) Costs of assessment with respect to dry-cleaning solvent contamination.

(2) Costs of treatment or replacement of potable water supplies affected by the contamination.

(3) Costs of remediation of affected soil, groundwater, surface waters, bedrock or other rock formations, or buildings.

(4) Monitoring of the contamination.

(5) Inspection and supervision of activities described in this subsection.

(6) Reasonable costs of restoring property as nearly as practicable to the conditions that existed prior to activities associated with assessment and remediation conducted pursuant to this Part.

(7) Other activities reasonably required to protect public health and the environment.

(b) Limitations. – Notwithstanding subsection (a) of this section, the Commission shall not make any disbursement from the Fund:

(1) For costs incurred in connection with facilities or abandoned sites not certified pursuant to G.S. 143-215.104G.

(2) For costs not incurred pursuant to a dry-cleaning solvent assessment agreement or a dry-cleaning solvent remediation agreement.

~~(3) For costs incurred in connection with dry-cleaning solvent contamination from a facility or abandoned site for which funds obligated by petitioners pursuant to a dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement in accordance with G.S. 143-214.104F(f) are overdue.~~

(4) For costs at a contamination site that has been identified by the United States Environmental Protection Agency as a federal Superfund site pursuant to 40 Code of Federal Regulations, Part 300 (1 July 1996 Edition), except that the Commission may authorize distribution of the required State match in an amount not to exceed two hundred thousand dollars ($200,000) per year per site. The Commission shall not delegate its authority to disburse funds pursuant to this subdivision.

(5) For remediation beyond the level required under the Commission's risk-based criteria for determining the appropriate level of remediation.

(6) For assessment or remediation response costs incurred in connection with any individual dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement in excess of ~~two~~ five hundred thousand dollars ~~($200,000)~~ ($500,000) per year. However, that the Commission may disburse up to ~~four hundred thousand~~ one million dollars ~~($400,000)~~($1,000,000) per year for assessment and remediation costs incurred in connection with a ~~certified~~ facility or a ~~certified~~ an abandoned site ~~that~~ if the facility or abandoned site has been certified and poses an imminent hazard.

(7) That would result in a diminution of the Fund balance below one hundred thousand dollars ($100,000), unless an emergency exists in connection with a dry-cleaning solvent contamination abandoned site that constitutes an imminent hazard.

(8) For any costs incurred in connection with dry-cleaning solvent contamination from a facility located on a United States military base or owned by the United States or a department or agency of the United States.

(9) For any costs incurred in connection with dry-cleaning solvent contamination from a facility or abandoned site owned by the State or a department or agency of the State.

~~(c) The Commission shall not pay or reimburse any response costs arising from a dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation~~

~~agreement until the petitioners who are party to the agreement have paid all sums due under the agreement.~~

(d) ~~Each dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreements made by the Commission pursuant to this Part shall expressly state that the Commission's obligation to reimburse response costs incurred pursuant to these agreements shall be contingent upon the availability of monies from the Fund and that the State and its departments and agencies have no obligation to reimburse otherwise eligible expenses if monies are not available in the Fund to pay the reimbursements.~~ If, at any time, the Commission determines that the cost of assessment and remediation activities ~~reimbursable~~ incurred pursuant to existing dry-cleaning solvent assessment agreements and dry-cleaning solvent remediation agreements equals or exceeds the total revenues expected to be credited to the Fund over the life of the Fund, the Commission shall publish notice of the determination in the North Carolina Register. Following the publication of a notice pursuant to this section, the Commission may continue to enter into dry-cleaning solvent assessment agreements and dry-cleaning solvent remediation agreements until the day of adjournment of the first regular session of the General Assembly that begins after the date the notice is published, but shall have no authority to enter into additional dry-cleaning solvent assessment agreements and dry-cleaning solvent remediation agreements after that date unless the Commission first determines either (i) that revenues will be available from the Fund to ~~reimburse~~ pay the costs of assessment and remediation activities expected to be ~~reimbursable~~ incurred pursuant to the agreements, or (ii) that assessment and remediation activities undertaken pursuant to the agreements will be paid entirely from sources other than the Fund. For the purposes of this subsection, the term "day of adjournment" shall mean: (i) in the case of a regular session held in an odd-numbered year, the day the General Assembly adjourns by joint resolution for more than 10 days, and (ii) in the case of a regular session held in an even-numbered year, the day the General Assembly adjourns sine die.

(e) ~~The Commission shall pay the reimbursable response costs of eligible parties as they are incurred.~~ If the cleanup of the contamination site is not completed through fault of the petitioner as required by the remediation agreement, the petitioner shall reimburse the Fund for any response costs previously ~~reimbursed~~ disbursed from the fund for the ~~cleanup shall be repaid to the Fund.~~cleanup, with interest. The Commission shall request the Attorney General to commence a civil action to secure repayment of response costs and interest of the costs."

SECTION 12. G.S. 143-215.104P(a) reads as rewritten:

"(a) The Secretary may assess a civil penalty of not more than ten thousand dollars ($10,000) or, if the violation involves a hazardous waste, as defined in G.S. 130-290, of not more than twenty-five thousand dollars ($25,000) against any person who:

(1) Repealed by Session Laws 2000, c. 19, s. 3.

(2) Engages in dry-cleaning operations using dry-cleaning solvent for which the appropriate sales or use tax has not been paid.

(3) Fails to comply with rules adopted by the Commission pursuant to this Part.

(3a) Fails to comply with the rules adopted by the Commission pursuant to Article 21B of Chapter 143 of the General Statutes that apply to dry-cleaning solvents at facilities as defined in this Part. This enforcement authority does not apply to facilities located in counties that have been delegated as local air pollution control programs by the Commission pursuant to G.S. 143-215.112.

(3b) Fails to comply with rules adopted by the Commission for Health Services pursuant to Article 9 of Chapter 130A of the General Statutes that apply to dry-cleaning solvents at facilities as defined in this Part.

(4) Fails to file, submit, or make available, as the case may be, any documents, data, or reports required by this Part.

(5) Violates or fails to act in accordance with the terms, conditions, or requirements of any special order or other appropriate document issued pursuant to G.S. 143-215.2.

(6) Falsifies or tampers with any recording or monitoring device or method required to be operated or maintained under this Part or rules implementing this Part.

(7) Knowingly renders inaccurate any recording or monitoring device or method required to be operated or maintained under this Part or rules implementing this Part.

(8) Knowingly makes any false statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained under this Part or rule implementing this Part.

(9) Knowingly makes a false statement of material fact in a rule-making proceeding or contested case under this Part.

(10) Refuses access to the Commission or its duly designated representative to any premises for purposes of conducting a lawful inspection provided for in this Part or rule implementing this Part."

SECTION 13. G.S. 143-215.104T(b) reads as rewritten:

"(b) Notwithstanding the provision of the Tort Claims Act, G.S. 143-291 through G.S. 143-300.1 or any other provision of law waiving the sovereign immunity of the State of North Carolina, the State, its agencies, officers, employees, and agents shall be absolutely immune from any liability in any proceeding for any injury or claim arising from negotiating, entering into, implementing, monitoring, or enforcing a dry-cleaning solvent assessment agreement, a dry-cleaning solvent remediation agreement, or a Notice of Dry-Cleaning Solvent Remediation under this Part or any other action implementing this Part."

SECTION 14. G.S. 105-187.31 reads as rewritten:

"**§ 105-187.31. Tax imposed.**

A privilege tax is imposed on a dry-cleaning solvent retailer at a flat rate for each gallon of dry-cleaning solvent sold by the retailer to a dry-cleaning facility. An excise tax is imposed on dry-cleaning solvent purchased outside the State for storage, use, or consumption by a dry-cleaning facility in this State. The rate of the privilege tax and the

excise tax is ten dollars ($10.00) for each gallon of halogenated hydrocarbon-based dry-cleaning solvent ~~that is chlorine-based~~ and one dollar and thirty-five cents ($1.35) for each gallon of hydrocarbon-based dry-cleaning ~~solvent that is hydrocarbon-based.~~ solvent. These taxes are in addition to all other taxes."

SECTION 15. If the Environmental Management Commission adopts rules establishing a risk-based approach applicable to the assessment, prioritization, and remediation of dry-cleaning solvent contamination, the original notice of text for which was published at 21 N.C. Reg. 1818 (April 16, 2007); the Rules Review Commission approves these rules, including any changes incorporated as a result of public comments or Rules Review Commission requirements; and the Rules Review Commission receives 10 or more letters of objection to these rules in accordance with G.S. 150B-21.3(b2), the Environmental Management Commission, notwithstanding the requirements of G.S. 150B-21.1 and 150B-21.3, may adopt these rules as temporary rules in accordance with the temporary rulemaking procedures set out in Chapter 150B.

SECTION 16. G.S. 143-215.104F(a1), as enacted by Section 4 of this act, becomes effective on August 1, 2007, and applies to applications for certifications made, and assessment agreements and remediation agreements entered into, on or after that date. G.S. 143-215.104F(f), as amended by Section 4 of this act, is effective retroactively to August 1, 2001, and applies to assessment agreements and remediation agreements entered into on or after that date. The Environmental Management Commission shall credit any payment received from a petitioner prior to July 1, 2007, against the petitioner's future co-payment obligation, but the Environmental Management Commission shall not repay to a petitioner any funds received prior to July 1, 2007. Section 15 of this act is effective when it becomes law. All other amendments to G.S. 143-215.104F, as enacted by Section 4 of this act, and all other sections of this act become effective July 1, 2007.

SENATE BILL 1362:
Amend Dry-Cleaning Solvent Cleanup Act

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 19, 2007
Introduced by:	Sen. Clodfelter	**Summary by:**	Dan Ettefagh
Version:	PCS to Second Edition S1362-CSMC		Committee Counsel

SUMMARY: The Proposed Committee Substitute (PCS) for Senate Bill 1362 would amend the Dry-Cleaning Solvent Cleanup Act by:

- *Clarifying the definition of dry-cleaning solvent.*
- *Authorizing the use of funds from the Dry-Cleaning Solvent Cleanup Fund for the investigation of inactive hazardous waste disposal sites.*
- *Providing that all site work be performed by a private contractor retained by the Environmental Management Commission (EMC).*
- *Modifying the financial responsibility requirements applicable to potentially responsible parties.*
- *Authorizing temporary rule-making authority by the EMC.*
- *Increasing annual spending cap for site cleanup.*

[As introduced, this bill was identical to H1778, as introduced by Reps. Gibson, Allen, which is currently in House Appropriations.]

BILL ANALYSIS: The PCS for Senate Bill 1362 would make the following changes to the Dry-Cleaning Solvent Cleanup Act (Act):

- **Section 1:** would change the definition for the term "dry-cleaning solvent" and would add new definitions for the terms "halogenated hydrocarbon," and "hydrocarbon."
- **Sections 2 and 4:** would replace the existing co-payment scheme with a one-time $1,000.00 application fee and would revise the current financial responsibility requirements payment schedule as follows:
  - *Dry-cleaning facilities owned by persons who employ fewer than 5 full-time employees*: 1% of the costs of assessment or remediation, but not exceeding $1,000,000.
  - *Dry-cleaning facilities owned by persons who employ at least 5 but fewer than 10 full-time employees* AND *abandoned dry-cleaning facility sites*: 1.5% of the costs of assessment or remediation, but not exceeding $1,000,000.
  - *Dry-cleaning facilities owned by persons who employ 10 or more full-time employees* AND *wholesale distribution facilities*: 2% of the costs of assessment or remediation, but not exceeding $1,000,000.

  Section 2 would also authorize the Department of Environment and Natural Resources to use up to 1% of the balance in the Dry-Cleaning Solvent Fund in each fiscal year for investigation of inactive hazardous substance disposal sites that the Department believes to be contaminated by dry-cleaning solvent.

Section 4 would also provide the EMC with discretion in rejecting petitions made by operators who are not in compliance with minimum management practices for handling of solvents or operators delinquent in paying solvent taxes.

- **Sections 3, 5, 6, 7, 8, 9, 10, and 13:** would modify language throughout the Act to clarify that all site assessment and cleanup procedures will be performed by private contractors hired by the EMC. These changes would clarify that the State is responsible for the hiring and awarding of contracts pursuant to the Act.
- **Section 11:** would increase the amount of money that may be disbursed to a site per year from the Dry-Cleaning Solvent Cleanup Fund as follows:
    - For assessment or remediation response costs incurred in connection with any individual dry-cleaning solvent assessment agreement from $200,000 to $500,000 per year.
    - For assessment and remediation costs incurred in connection with a certified facility or an abandoned site that poses an imminent hazard from $400,000 to $1,000,000 per year.
- **Section 12:** would authorize the Environmental Management Commission and the Commission for Health Services to assess civil penalties for violations of hazardous waste and air quality regulations respectively that apply to dry-cleaning facilities.
- **Section 14:** would make conforming changes to the Dry-Cleaning Solvent Tax under Article 5D of Chapter 105 of the General Statutes.
- **Section 15**: would authorize the EMC to adopt temporary rules if the Rules Review Commission receives 10 or more letters of objection to the rules establishing a risk-based approach to dry-cleaning solvent contamination published at 21 N.C. Reg. 1818 (April 16, 2007).

EFFECTIVE DATE: The application fee requirements amended under Section 4 of this act would become effective August 1, 2007 and apply to applications for certifications made, and assessment agreements and remediation agreements entered into on or after that date. The financial responsibility requirements as amended under Section 4 of this act would become effective retroactively to August 1, 2001 and apply to assessment agreements and remediation agreements entered into on or after that date. Section 15 of this act is effective when it becomes law. All other amendments in Section 4 of this act and all other sections of this act become effective July 1, 2007.

BACKGROUND: There are an estimated 900 active and abandoned dry-cleaning sites in North Carolina. At many of these sites, the groundwater is contaminated with the solvents used in the cleaning process. In 1997, the General Assembly enacted a statute to address this contamination. The dry-cleaning solvent cleanup program is designed to provide a fund, administered by the Department of Environment and Natural Resources, to assess and clean contaminated dry-cleaning sites using State-lead contractors. The source for the cleanup fund is a tax on dry-cleaning and dry-cleaning solvents (both perchloroethylene and petroleum-based solvents).

Drycleaners or dry-cleaning site property owners may petition for entry into this program. Once in the program, drycleaners are subject to deductibles and co-payments. The program will manage the assessment and cleanup work. GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 2

SENATE BILL 1362

Agriculture/Environment/Natural Resources Committee Substitute Adopted 5/15/07

Short Title: Amend Dry-Cleaning Solvent Cleanup Act. (Public)

Sponsors:

Referred to:

March 26, 2007

A BILL TO BE ENTITLED

AN ACT TO AMEND THE DRY-CLEANING SOLVENT CLEANUP ACT TO CLARIFY THE DEFINITION OF DRY-CLEANING SOLVENT, TO AUTHORIZE THE USE OF FUNDS FROM THE DRY-CLEANING SOLVENT CLEANUP FUND FOR THE INVESTIGATION OF INACTIVE HAZARDOUS WASTE DISPOSAL SITES REASONABLY BELIEVED TO BE CONTAMINATED BY DRY-CLEANING SOLVENT, TO PROVIDE THAT ALL SITE WORK WILL BE PERFORMED BY A PRIVATE CONTRACTOR RETAINED BY THE ENVIRONMENTAL MANAGEMENT COMMISSION, TO MODIFY THE FINANCIAL RESPONSIBILITY REQUIREMENTS APPLICABLE TO POTENTIALLY RESPONSIBLE PARTIES, AND TO INCREASE THE ANNUAL SPENDING CAP FOR THE CLEANUP OF SITES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 143-215.104B(b) reads as rewritten:

"(b) Unless a different meaning is required by the context, the following definitions apply in this Part. The definitions set out in this subsection apply only to the implementation of this Part and do not define or limit the scope of any other remedial program:

...

(9) "Dry-cleaning solvent" means ~~Perchloroethylene F-1,1,3 or 1,1,1 tricholorethane, a petroleum-based solvent, another comparable product used as a cleaning agent~~any hydrocarbon or halogenated hydrocarbon used as a solvent in a dry-cleaning operation or the degradation products from these ~~hazardous substances.~~solvents.

(10) "Dry-cleaning solvent assessment agreement" or "assessment agreement" means an agreement between the Commission and a potentially responsible party who desires ~~to assess~~an assessment of whether a release of dry-cleaning solvents at a dry-cleaning facility, an

abandoned dry-cleaning facility site, or a wholesale distribution facility may be eligible for remediation under this Part and whether any other contaminants that are identified in the agreement may require remediation under other remedial programs operated or administered by the Department.

...

(12) "Dry-cleaning solvent remediation agreement" or "remediation agreement" means an agreement between the Commission and a potentially responsible party who desires ~~to clean up~~the cleanup of dry-cleaning solvent contamination resulting from a release at a dry-cleaning facility, an abandoned dry-cleaning facility site, or a wholesale distribution facility under this Part and any other contaminants that are identified in the agreement under other remedial programs operated or administered by the Department.

(13) "Facility" means a dry-cleaning facility or a wholesale distribution facility.

(14) "Fund" means the Dry-Cleaning Solvent Cleanup Fund.

(14a) "Halogenated hydrocarbon" means any hydrocarbon where at least one hydrogen atom is substituted by a halogen atom.

(15) "Hazardous waste" ~~shall have~~ has the same meaning ~~ascribed to it~~as in G.S. 130A-290.

(15a) "Hydrocarbon" means any linear, branched, saturated, or unsaturated compound whose molecules contain only carbon and hydrogen atoms.

..."

SECTION 2. G.S. 143-215.104C reads as rewritten:

"**§ 143-215.104C. Dry-Cleaning Solvent Cleanup Fund.**

(a) Creation. – The Dry-Cleaning Solvent Cleanup Fund is established as a special revenue fund to be administered by the Commission. Accordingly, revenue in the Fund at the end of a fiscal year does not revert and interest and other investment income earned by the Fund must be credited to it. The Fund is created to provide revenue to implement this Part.

(b) Sources of Revenue. – The following revenue is credited to the Fund:

(1) Dry-cleaning solvent taxes collected under Article 5D of Chapter 105 of the General Statutes.

(2) Recoveries made pursuant to G.S. 143-215.104N and G.S. 143-215.104O.

(3) Gifts and grants made to the Fund.

(4) Revenues credited to the Fund under G.S. 105-164.44E.

(5) Application fees pursuant to G.S. 215.104F(a1).

(c) Disbursements. – A claim filed against the Fund may be paid only from monies in the Fund and only in accordance with the provisions of this Part. Any obligation to pay ~~or reimburse~~ claims against the Fund shall be expressly contingent upon availability of monies in the Fund. Neither the State nor any of its agencies shall have any obligation to pay ~~or reimburse~~ any costs for which monies are not available in

the Fund. The provisions of this Part shall not constitute a contract, either express or implied, to pay ~~or reimburse~~ costs in excess of the monies available in the Fund. In making disbursements from the Fund, the Commission shall obligate monies to facilities or sites with higher priority before facilities or sites of lower priority, and facilities or sites with equal priority in the order in which the facilities or sites were prioritized until the revenue is exhausted. Consistent with the provisions of this Part, the Commission may disburse monies from the Fund to abate imminent hazards by dry-cleaning solvent contamination at abandoned dry-cleaning facility sites that have not been certified. Up to twenty percent (20%) of the amount of revenue credited to the Fund in a year may be used to defray costs incurred by the Department and the Attorney General's Office in connection with administration of the program described in this Part, including oversight of response activities.

(d) Up to one percent (1%) of the amount of the Fund balance may be used by the Department in each fiscal year for investigation of inactive hazardous substance disposal sites that the Department reasonably believes to be contaminated by dry-cleaning solvent. If the contamination is determined to originate from a dry-cleaning facility, a potentially responsible party may petition for certification of the facility or abandoned facility site. Acceptance of a petition shall be conditioned upon the written acceptance by the petitioner of responsibility for the costs of investigation incurred by the Department pursuant to this subsection. Costs of investigation that are recovered pursuant to this subsection shall not exceed, and shall be credited toward, the financial responsibility of the petitioner pursuant to G.S. 143-215.104F(f). If a potentially responsible party does not petition for certification of the facility or abandoned facility site, the Commission may request the Attorney General to commence a civil action to secure reimbursement of costs incurred under this subsection."

SECTION 3. G.S. 143-215.104D reads as rewritten:

"**§ 143-215.104D. Powers of the Commission.**

(a) Administrative Functions. – The Commission may delegate any or all of the powers enumerated in this subsection to the Department. The Commission shall:

(1) Accept petitions for certification and petitions to enter into dry-cleaning solvent assessment agreements or remediation agreements under this Part.

(2) Prioritize certified dry-cleaning facilities, certified wholesale distribution facilities, or certified abandoned dry-cleaning facility sites for the initiation of assessment or remediation ~~activities that are reimbursable from the Fund.~~activities.

~~(3) Develop forms to be used by persons applying for reimbursement of assessment or remediation costs.~~

(4) Schedule funding of assessment and remediation activities.

(5) Determine whether assessment or remediation is necessary at a site at which dry-cleaning solvent contamination has occurred.

(5a) Enter into contracts with private contractors for assessment and remediation activities at certified dry-cleaning facilities, certified

wholesale distribution facilities, and certified abandoned dry-cleaning facility sites.

(6) Determine that all necessary assessment and remediation has been completed at a contamination site.

(7) Make payments from the Fund ~~to reimburse~~for the costs of assessment and remediation.

(b) Rule making. – The Commission shall adopt rules as are necessary to implement the provisions of this Part. Rules adopted by the Commission shall be consistent with and shall not duplicate, but may incorporate by reference, the rules adopted by the Commission for Health Services pursuant to Article 9 of Chapter 130A of the General Statutes. The Commission shall not delegate the rule-making powers provided in this subsection.

(1) The Commission may adopt rules governing:

~~a. Fees for response costs reimbursable under this Part.~~

b. The certification and decertification of facilities or abandoned sites.

c. The prioritization of facilities or abandoned sites and scheduling of funding for assessment and remediation activities. These rules shall provide for:

1. Consideration of the degree of harm or risk to public health and the environment.

2. Consideration of the order in which certification is issued for the facility or abandoned site.

3. Consideration of the relative cost of assessment and remediation activities.

4. Use of the Fund so as to maximize the reduction of harm or risk posed by certified facilities, certified abandoned sites, uncertified facilities and uncertified sites.

d. The disbursement of revenue from the Fund for payment ~~or reimbursement~~ of approved assessment or remediation costs.

e. The determination whether assessment or remediation is necessary at a contamination site.

f. The determination that all necessary assessment and remediation has been completed at a contamination site.

g. The terms and conditions of dry-cleaning solvent assessment agreements and remediation agreements.

h. The determination whether additional assessment or remediation is necessary at a contamination site previously closed under this Part.

(2) The Commission may adopt rules establishing minimum management practices for handling of dry-cleaning solvent at dry-cleaning facilities and wholesale distribution facilities. The rules may:

a. Require that all perchloroethylene dry-cleaning machines installed at a dry-cleaning facility after the effective date of the

rule or temporary rule meet air emission standards that equal or exceed the standards that apply to comparable dry-to-dry perchloroethylene dry-cleaning machines with integral refrigerated condensation.

b. Prohibit the discharge of dry-cleaning solvents or water that contains dry-cleaning solvents into sanitary sewers, septic systems, storm sewers, or waters of the State.

c. Require spill containment structures around dry-cleaning machines, filters, stills, vapor adsorbers, solvent storage areas, and waste solvent storage areas.

d. Require floor sealants for cleaning room areas if the Commission finds the sealants to be effective.

e. Require, by 1 January 2002, the use of improved solvent transfer systems to prevent releases at the time of delivery of solvents to a dry-cleaning facility.

f. Require any other solvent-handling practices the Commission may find necessary and appropriate to minimize the risk of releases at dry-cleaning facilities or wholesale distribution facilities.

(3) The Commission shall adopt rules establishing a risk-based approach applicable to the assessment, prioritization, and remediation of dry-cleaning solvent contamination resulting from releases at facilities or abandoned sites certified pursuant to G.S. 143-215.104G. The rules shall address, at a minimum:

a. Criteria and methods for determining remediation requirements, including the level of remediation necessary to assure adequate protection of public health and the environment.

b. The circumstances under which information specific to the dry-cleaning solvent contamination site should be considered and required.

c. The circumstances under which restrictions on the future use of any remediated dry-cleaning solvent contamination site should be considered and required as a means of achieving and maintaining an adequate level of protection for public health and the environment.

d. Strategies for the assessment and remediation of dry-cleaning solvent contamination, including presumptive remedial responses sufficient to provide an adequate level of protection as described under sub-subdivision a. of this subdivision.

(c) All rules adopted by the Commission shall be applicable to all dry-cleaning facilities, wholesale distribution facilities, and abandoned dry-cleaning facilities in the State and shall, to the maximum extent practicable, be cost-effective and technically feasible while protecting public health and the environment from the release of dry-cleaning solvents.

(d) Unless otherwise provided in this Part, the Commission may delegate any of its rights, duties, and responsibilities under this Part to the Department."

SECTION 4. G.S. 143-215.104F reads as rewritten:

"§ 143-215.104F. Requirements for certification, assessment agreements, and remediation agreements.

(a) General Requirements. – Any person petitioning for certification of a facility or an abandoned site pursuant to G.S. 143-215.104G, for a dry-cleaning solvent assessment agreement pursuant to G.S. 143-215.104H, or for a dry-cleaning solvent remediation agreement pursuant to G.S. 143-215.104I, shall meet the requirements set out in this section and any other applicable requirements of this Part.

(a1) Application Fees. – Each person petitioning or co-petitioning for certification of a facility or an abandoned site pursuant to G.S. 143-215.104G shall pay an application fee of one thousand dollars ($1,000) to the Commission.

(b) Requirements for Potentially Responsible Persons Generally. – Every petitioner shall provide the Commission with:

(1) Any information that the petitioner possesses relating to the contamination at the facility or abandoned site described in the petition.

(2) Information necessary to demonstrate the person's ability to incur the response costs specified in subsection (f) of this section.

(3) Repealed by Session Laws 2000, c. 19, s. 3.

(4) Information necessary to demonstrate that the petitioner, and any parent, subsidiary, or other affiliate of the petitioner, has substantially complied with:

a. The terms of any dry-cleaning solvent assessment agreement, dry-cleaning solvent remediation agreement, brownfields agreement, or other similar agreement to which the petitioner or any parent, subsidiary, or other affiliate of the petitioner has been a party.

b. The requirements applicable to any remediation in which the petitioner has previously engaged.

c. Federal and State laws, regulations, and rules for the protection of the environment.

(5) Evidence demonstrating that a release of dry-cleaning solvent has occurred at the facility or abandoned site and that the release has resulted in dry-cleaning solvent contamination.

(c) Requirement for Property Owners. – In addition to the information required by subsection (b) of this section, a petitioner who is the owner of the property on which the dry-cleaning solvent contamination identified in the petition is located shall provide the Commission a written agreement authorizing the ~~Commission~~ Commission, ~~or~~ its ~~agent~~ agent, and its private contractor to have access to the property for purposes of conducting assessment or remediation activities or determining whether assessment or remediation activities are being conducted in compliance with this Part and any assessment agreement or remediation agreement. (c1) Costs incurred by the petitioner

for activities to obtain certification of a facility or abandoned site shall not be reimbursable from the Fund.

(d) The Commission ~~shall~~ may reject any petition made pursuant to this Part in any of the following circumstances:

(1) The petitioner is an owner or operator of the facility described in the petition and the facility was not being operated in compliance with minimum management practices adopted by the Commission pursuant to G.S. 143-215.104D(b)(2) at the time the contamination was discovered.

(2) The petitioner is an owner or operator of the facility described in the petition and the petitioner owed delinquent taxes under Article 5D of Chapter 105 of the General Statutes at the time the dry-cleaning solvent contamination was discovered.

(3) Repealed by Session Laws 2000, c. 19, s. 3.

(e) The Commission may reject any petition made pursuant to this Part in any of the following circumstances:

(1) The petitioner fails to provide the information required by subsection (b) of this section.

(2) The petitioner falsified any information in its petition that was material to the determination of the priority ranking, the nature, scope and extent of contamination to be assessed or remediated, or the appropriate means to contain and remediate the contaminants.

(f) Financial Responsibility Requirements. – Each potentially responsible person who petitions the Commission to certify a facility or abandoned site shall accept written responsibility in the amount specified in this section for the assessment or remediation of the dry-cleaning solvent contamination identified in the petition. If two or more potentially responsible persons petition the Commission jointly, the requirements below shall be the aggregate requirements for the financial responsibility of all potentially responsible persons who are party to the petition. Unless an alternative arrangement is agreed to by co-petitioners, the financial responsibility requirements of this section shall be apportioned equally among the co-petitioners. The financial responsibility required shall be as follows:

(1) For dry-cleaning facilities owned by persons who employ fewer than five full-time employees, or the equivalent, in activities related to dry-cleaning operations during the calendar year preceding the date of the petition, ~~the first five thousand dollars ($5,000) of the costs of assessment or remediation and~~ one percent (1%) of the costs of assessment or remediation ~~in excess of two hundred thousand dollars ($200,000) but~~ not exceeding one million dollars ($1,000,000).

(2) For abandoned dry-cleaning facility sites and for dry-cleaning facilities owned by persons who employ at least five but fewer than 10 full-time employees, or the equivalent, in activities related to dry-cleaning operations during the calendar year preceding the date of the petition, ~~the first ten thousand dollars ($10,000) of the costs of assessment or~~

~~remediation, two percent (2%) of the costs of assessment or remediation in excess of two hundred thousand dollars ($200,000) but not exceeding five hundred thousand dollars ($500,000), and~~ one and one-half percent ~~(1%)~~ (1.5%) of the costs of assessment or remediation ~~in excess of five hundred thousand dollars ($500,000) but~~ not exceeding one million dollars ($1,000,000).

(3) For wholesale distribution facilities and for dry-cleaning facilities owned by persons who employ 10 or more full-time employees, or the equivalent, in activities related to dry-cleaning operations during the calendar year preceding the date of the petition, ~~the first fifteen thousand dollars ($15,000) of the costs of assessment or remediation, three percent (3%) of the costs of assessment or remediation in excess of two hundred thousand dollars ($200,000) but not exceeding five hundred thousand dollars ($500,000), and one percent (1%)~~ two percent (2%) of the costs of assessment or remediation ~~in excess of five hundred thousand dollars ($500,000) but~~ not exceeding one million dollars ($1,000,000).

~~(4) For wholesale distribution facilities and abandoned dry-cleaning facility sites, the first twenty-five thousands dollars ($25,000) of the costs of assessment or remediation, three percent (3%) of the costs of assessment or remediation in excess of two hundred thousand dollars ($200,000) but not exceeding five hundred thousand dollars ($500,000), and one percent (1%) of the costs of assessment or remediation in excess of five hundred thousand dollars ($500,000) but not exceeding one million dollars ($1,000,000).~~

(g) Repealed by Session Laws 2000, c. 19, s. 3."

SECTION 5. G.S. 143-215.104H reads as rewritten:

"§ 143-215.104H. Dry-Cleaning Solvent Assessment Agreements.

(a) Assessment Agreements. – One or more potentially responsible parties may petition the Commission to enter into a dry-cleaning solvent assessment agreement regarding a facility or abandoned site that has been certified pursuant to G.S. 143-215.104G. The Commission may, in its discretion, enter into an assessment agreement with any potentially responsible party who satisfies the requirements of this section and the applicable requirements of G.S. 143-215.104F. If more than one potentially responsible party petitions the Commission, the Commission may enter into a single assessment agreement with one or more of the petitioners. The Commission shall not unreasonably refuse to enter into an assessment agreement pursuant to this section. The Commission may require the petitioners to provide the Commission with any information necessary to demonstrate:

(1) The priority ranking assigned to the facility or site is consistent with the rules adopted by the Commission.

~~(2) The projected schedule for funding of assessment activities is adequate.~~

~~(3) The assessment activities to be undertaken with respect to the dry-cleaning solvent contamination and any other contamination at the contamination site are adequate.~~

~~(4) The person who will be responsible for implementation of the activities is capable and qualified to conduct the assessment.~~

~~(4a) The amount of funds already expended by the petitioner for assessment or remediation of dry-cleaning solvent contamination at the facility or abandoned site.~~

(5) The petitioner has and will continue to have available the financial resources necessary to pay ~~the costs of assessment activities and~~ the share of response costs imposed on the petitioner by G.S. 143-215.104F.

(6) The permits or other authorizations required to conduct the assessment activities and to lawfully dispose of any hazardous substances or wastes generated by the assessment activities have been or can be obtained.

(7) The assessment activities will not increase the existing level of public exposure to health or environmental hazards at the contamination site.

~~(8) The costs to be incurred in connection with the assessment activities contemplated by the assessment agreement are reasonable and necessary.~~

(9) The petitioner has obtained the consent of other property owners to enter into their property for the purpose of conducting assessment activities specified in the assessment agreement.

(b) The terms and conditions of an assessment agreement regarding dry-cleaning solvent contamination shall be guided by and consistent with the rules adopted by the Commission pursuant to G.S. 143-215.104D and the ~~reimbursement~~ disbursement authorities and limitations set out in this Part. An assessment agreement shall, subject to the availability of monies from the Fund:

(1) Repealed by Session Laws 2000, c. 19, s. 9.

(1a) Require that the petitioner shall be liable to the Fund for an amount equal to the difference, if any, between the applicable amount for which the petitioner is responsible under G.S. 143-215.104F and the amount reasonably paid by the petitioner for assessment or remediation activities of the type specified in G.S. 143-215.104N(a)(1) through (7) and that are otherwise consistent with the requirements of this Part.

~~(2) Provide for the prompt reimbursement of response costs incurred in assessment activities that are found by the Commission to be consistent with the assessment agreement and this Part.~~

(c) The Commission may refuse to enter into a dry-cleaning solvent assessment agreement with any petitioner if:

(1) The petitioner will not accept financial responsibility for the petitioner's share of the response costs required by G.S. 143-215.104F.

~~(2) The petitioner will not accept responsibility for conducting, supervising, or otherwise undertaking assessment activities required by the Commission.~~

(3) The petitioner fails to provide any information required by subsection (a) of this section.

(d) The refusal of the Commission to enter into a dry-cleaning solvent assessment agreement with any petitioner shall not affect the rights of any other petitioner under this Part, except that the refusal may be the basis for rejection of a petition by any parent, subsidiary or other affiliate of the petitioner for the facility or abandoned site.

(e) If the Commission determines from an assessment prepared pursuant to this Part that the degree of risk to public health or the environment resulting from dry-cleaning solvent contamination otherwise subject to assessment or remediation under this Part and Article 9 of Chapter 130A is acceptable in light of the criteria established pursuant to G.S. 143-215.104D(b)(3) and Article 9 of Chapter 130A, the Commission shall issue a written statement of its determination and notify the owner or operator of the facility or abandoned site responsible for the contamination that no cleanup, no further cleanup, or no further action is required in connection with the contamination.

(f) If the Commission determines that no remediation or further action is required in connection with dry-cleaning solvent contamination otherwise subject to assessment or remediation pursuant to this Part and Article 9 of Chapter 130A, the Commission shall not pay ~~or reimburse~~ any ~~response~~ costs otherwise payable ~~or reimbursable~~ under this Part from the Fund other than costs reasonable and necessary to conduct the risk assessment pursuant to this section and in compliance with a dry-cleaning solvent assessment agreement."

SECTION 6. G.S. 143-215.104I reads as rewritten:

"**§ 143-215.104I. Dry-Cleaning solvent remediation agreements.**

(a) Upon the completion of assessment activities required by a dry-cleaning solvent assessment agreement, one or more potentially responsible parties may petition the Commission to enter into a dry-cleaning solvent remediation agreement for any contamination requiring remediation. The Commission may, in its discretion, enter into a remediation agreement with any petitioner who satisfies the requirements of this section and the applicable requirements of G.S. 143-215.104F. If more than one potentially responsible party petitions the Commission, the Commission may enter into a single remediation agreement with one or more of the petitioners. The Commission shall not unreasonably refuse to enter into a remediation agreement pursuant to this section. The Commission may, in its discretion, enter into a remediation agreement that includes the assessment described in G.S. 143-215.104H. Petitioners shall provide the Commission with any information necessary to demonstrate:

(1) Repealed by Session Laws 2000, c. 19, s. 10.

(2) As a result of the remediation agreement, the contamination site will be suitable for the uses specified in the remediation agreement while fully protecting public health and the environment from dry-cleaning

solvent contamination and any other contaminants included in the remediation agreement.

(3) There is a public benefit commensurate with the liability protection provided under this Part.

~~(4) The petitioner has or can obtain the financial, managerial, and technical means to fully implement the remediation agreement and assure the safe use of the contamination site.~~

(5) The petitioner has complied with or will comply with all applicable procedural requirements.

(6) The remediation agreement will not cause the Department to violate the terms and conditions under which the Department operates and administers remedial programs, including the programs established or operated pursuant to Article 9 of Chapter 130A of the General Statutes, by delegation or similar authorization from the United States or its departments or agencies, including the United States Environmental Protection Agency.

(7) The priority ranking assigned to the facility or site is consistent with the rules adopted by the Commission or the priority ranking that the petitioner agrees to accept is consistent with the rules adopted by the Commission.

~~(8) The projected schedule for funding of remediation activities.~~

(9) The petitioner will continue to have available the financial resources necessary to satisfy the share of response costs imposed on the petitioner by G.S. 143-215.104F.

~~(10) The expenditures eligible for reimbursement from the Fund and to be incurred in connection with the remediation agreement are reasonable and necessary.~~

(11) The consent of other property owners to enter into their property for purposes of conducting remediation activities specified in the remediation agreement.

(b) In negotiating a remediation agreement, parties may rely on land-use restrictions that will be included in a Notice of Dry-Cleaning Solvent Remediation required under G.S. 143-215.104M. A remediation agreement may provide for remediation in accordance with standards that are based on those land-use restrictions.

(c) A dry-cleaning solvent remediation agreement shall contain a description of the contamination site that would be sufficient as a description of the property in an instrument of conveyance and, as applicable, a statement of:

(1) Any remediation, including remediation of contaminants other than dry-cleaning solvents, to be conducted on the property, including:

a. A description of specific areas where remediation is to be conducted.

b. The remediation method or methods to be employed.

~~c. The resources that the petitioner will make available and the degree to which the petitioner intends to rely on the Fund for resources.~~

d. A schedule of remediation activities.

e. Applicable remediation standards. Applicable remediation standards for dry-cleaning solvent contamination shall not exceed the requirements adopted by the Commission pursuant to G.S. 143-104D(b)(3).

f. A schedule and the method or methods for evaluating the remediation.

(2) Any land-use restrictions that will apply to the contamination site or other property.

(3) The desired results of any remediation or land-use restrictions with respect to the contamination site.

(4) The guidelines, including parameters, principles, and policies within which the desired results are to be accomplished.

(5) The consequences of achieving or not achieving the desired results.

(6) The priority ranking of the facility or abandoned site.

~~(7) The person who will conduct the remediation if that person is not the potentially responsible party entering the remediation agreement.~~

(d) The Commission may refuse to enter into a dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement with any petitioner ~~if:~~if

~~(1) The petitioner will not accept financial responsibility for the share of the response costs established in G.S. 143-215.104F. This requirement shall not apply to a petitioner who (i) is the owner of property upon which the dry-cleaning solvent contamination is located, and (ii) is not a current or former owner or operator of a facility believed to be responsible for the contamination.~~

~~(2) The petitioner will not accept responsibility for conducting, supervising, or otherwise undertaking remediation activities required by the Commission.~~

~~(3) The~~ the petitioner fails to provide any information that is necessary to demonstrate the facts required to be shown by subsection (a) of this section.

(e) In addition to the ~~bases~~ basis set forth in subsection (d) of this section, the Commission may refuse to enter into a dry-cleaning solvent remediation agreement with ~~the~~ an owner of the property on which a contamination site is located if the owner refuses to accept limitations on the future use of the property and to give notice of these limitations pursuant to G.S. 143-215.104M.

(f) The refusal of the Commission to enter into a dry-cleaning remediation agreement with any petitioner shall not affect the rights of any other petitioner, other than any parent, subsidiary, or other affiliate of the petitioner, under this Part. The refusal of the Commission to enter into a remediation agreement may be the basis for

rejection of a petition by any parent, subsidiary, or other affiliate of the petitioner for the facility or abandoned site.

(g) The terms and conditions of a dry-cleaning solvent remediation agreement concerned with dry-cleaning solvent contamination shall be guided by and consistent with the rules adopted by the Commission pursuant to G.S. 143-215.104D and the ~~reimbursement~~ disbursement authorities and limitations set out in this Part. ~~A remediation agreement shall provide, subject to availability of monies in the Fund, for prompt reimbursement of response costs incurred in assessment or remediation activities that are found by the Commission to be consistent with the remediation agreement and this Part.~~ A remediation agreement ~~may~~ shall provide that the ~~Commission~~ Commission's private contractor conduct assessment and remediation activities at the facility or abandoned site.

(h) Any failure of a petitioner or the petitioner's agents or employees to comply with the dry-cleaning solvent remediation agreement constitutes a violation of this Part by the petitioner."

SECTION 7. G.S. 143-215.104J(a) reads as rewritten:

"(a) The Commission may decertify a facility or abandoned site or renegotiate or terminate an assessment agreement or remediation agreement with respect to any party thereto in the following circumstances:

(1) The owner or operator of the facility, at any time subsequent to the certification of the facility, violates any of the minimum management requirements adopted by the Commission pursuant to G.S. 143-215.104D(b)(2).

(2) In the case of dry-cleaning contamination on property that is owned by a petitioner, the petitioner fails to file a Notice of Dry-Cleaning Solvent Remediation, if required, as provided in G.S. 143-215.104M.

(3) The potentially responsible persons who are parties to a dry-cleaning solvent assessment agreement are unable to reach an agreement with the Commission to enter into a dry-cleaning solvent remediation agreement within the time specified in the assessment agreement.

(4) The payment of taxes assessed to the facility under Article 5D of Chapter 105 of the General Statutes is delinquent.

(5) Repealed by Session Laws 2000, c. 19, s. 3.

(6) The owner or operator fails to comply with all applicable requirements of this Part ~~to complete any assessment or remediation activities required by~~or fails to comply with all applicable requirements of an assessment agreement or remediation agreement.

(7) The owner or operator of a facility for which an assessment or remediation activity is scheduled or in progress transfers the ownership or operation of the facility or abandoned site to another person without the prior consent of the Commission and the execution of a substitute assessment agreement or remediation agreement.

(8) The standards applied to the dry-cleaning solvent contamination remediation or containment under the provisions of this Part and the

dry-cleaning solvent remediation agreement will, or are likely to, cause the Department to fail to comply with the terms and conditions under which it operates and administers a remediation program by delegation or similar authorization from the United States or one of its departments or agencies, including the Environmental Protection Agency.

(9) A petitioner fails to pay the Commission any amounts for which a petitioner is responsible pursuant to G.S. 143-215.104F."

SECTION 8. G.S. 143-215.104K(a) reads as rewritten:

"(a) A potentially responsible party who enters into an assessment agreement or remediation agreement with the Commission and who is complying with the agreement shall not be held liable for assessment or remediation of areas of contamination identified in the agreement except as specified in the assessment agreement or remediation agreement, so long as ~~the~~ any activities conducted at the contamination site by or under the control or direction of the petitioner do not increase the risk of harm to public health or the environment and the petitioner is not required to undertake additional remediation to unrestricted use standards pursuant to subsection (c) of this section. The liability protection provided under this Part applies to all of the following persons to the same extent as the petitioner, so long as these persons are not otherwise potentially responsible parties or parents, subsidiaries, or affiliates of potentially responsible parties and the person is not required to undertake additional remediation to unrestricted use standards pursuant to subsection (c) of this section:

~~(1) Any person under the direction or control of the petitioner who directs or contracts for assessment, remediation, or redevelopment of the contamination site.~~

(2) Any future owner of the contamination site.

(3) A person who ~~develops or~~ occupies the contamination site.

(4) A successor or assign of any person to whom the liability protection provided under this Part applies.

(5) Any lender or fiduciary that provides financing ~~for assessment, remediation, or redevelopment of the contamination site.~~to the petitioner to pay the petitioner's financial obligations under G.S. 143-215.104F."

SECTION 9. G.S. 143-215.104L reads as rewritten:

"**§ 143-215.104L. Public notice and community involvement.**

(a) If a petitioner desires to enter into a dry-cleaning solvent remediation agreement based on remediation standards that rely on the creation of land-use restrictions, the Commission or the Commission's private contractor on behalf of the petitioner shall notify the public and the community in which the facility or abandoned site is located of the planned remediation and redevelopment activities. ~~The petitioner~~On behalf of the petitioner, the Commission or the Commission's private contractor shall ~~submit~~ prepare a Notice of Intent to Remediate a Dry-Cleaning Solvent Facility or Abandoned Site and a summary of the Notice of ~~Intent to the Commission.~~Intent. The Notice of Intent shall provide, to the extent known, a legal

description of the location of the contamination site, a map showing the location of the contamination site, a description of the contaminants involved and their concentrations in the media of the contamination site, a description of the future use of the contamination site, any proposed investigation and remediation, and a proposed Notice of Dry-Cleaning Solvent Remediation prepared in accordance with G.S. 143-215.104M. Both the Notice of Intent and the summary of the Notice of Intent shall state the time period and means for submitting written comment and for requesting a public meeting on the proposed dry-cleaning solvent remediation agreement. The summary of the Notice of Intent shall include a statement as to the public availability of the full Notice of Intent. After approval of the Notice of Intent and summary of the Notice of Intent by the Commission, ~~the petitioner~~the Commission or the Commission's private contractor shall provide a copy of the Notice of Intent to all local governments having jurisdiction over the contamination site. The ~~petitioner~~ Commission or Commission's private contractor shall publish the summary of the Notice of Intent in a newspaper of general circulation serving the area in which the contamination is located and shall file a copy of the summary of the Notice of Intent with the Codifier of Rules, who shall publish the summary of the Notice of Intent in the North Carolina Register. The ~~petitioner~~ Commission or the Commission's private contractor shall also conspicuously post a copy of the summary of the Notice of Intent at the contamination site.

(b) Publication of the approved summary of the Notice of Intent in the North Carolina Register and publication in a newspaper of general circulation shall begin a public comment period of at least 60 days from the later date of publication. During the public comment period, members of the public, residents of the community in which the contamination site is located, and local governments having jurisdiction over the contamination site may submit comment on the proposed dry- cleaning solvent remediation agreement, including methods and degree of remediation, future land uses, and impact on local employment.

(c) Any person who desires a public meeting on a proposed dry- cleaning solvent remediation agreement shall submit a written request for a public meeting to the Commission within 30 days after the public comment period begins. The Commission shall consider all requests for a public meeting and shall hold a public meeting if the Commission determines that there is significant public interest in the proposed remediation agreement. If the Commission decides to hold a public meeting, the Commission shall, at least 30 days prior to the public meeting, mail written notice of the public meeting to all persons who requested the public meeting and to any other person who had previously requested notice. The Commission shall also ~~direct the petitioner to~~ publish, at least 30 days prior to the date of the public meeting, a notice of the public meeting at least one time in a newspaper having general circulation in the county where the contamination site is located. In any county in which there is more than one newspaper having general circulation, the Commission shall ~~direct the petitioner to~~ publish a copy of the notice in as many newspapers having general circulation in the county as the Commission in its discretion determines to be necessary to assure that the notice is generally available throughout the county. The Commission shall prescribe the form and content of the notice to be published. The Commission shall prescribe the

procedures to be followed in the public meeting. The Commission shall take detailed minutes of the meeting. The minutes shall include any written dry-cleaning solvent remediation agreement. The Commission shall take into account the comment received during the comment period and at the public meeting if the Commission holds a public meeting. The Commission shall incorporate into the remediation agreement provisions that reflect comment received during the comment period and at the public meeting to the extent practical. The Commission shall give particular consideration to written comment that is supported by valid scientific and technical information and analysis."

SECTION 10. G.S. 143-215.104M(a) reads as rewritten:

"(a) Land-Use Restriction. – In order to reduce or eliminate the danger to public health or the environment posed by a dry-cleaning solvent contamination site, the owner of property upon which dry-cleaning solvent contamination has been discovered may ~~prepare and submit to the Commission for approval~~file a Notice of Dry-Cleaning Solvent Remediation approved by the Commission identifying the site on which the contamination has been discovered and providing for current or future restrictions on the use of the property. If a petitioner requests that a contamination site be remediated to standards that require land-use restrictions, the owner of the property must file a Notice of Dry-Cleaning Solvent Remediation for the remediation agreement to become effective."

SECTION 11. G.S. 143-215.104N reads as rewritten:

"**§ 143-215.104N. ~~Reimbursement~~ Disbursement of dry-cleaning solvent assessment and remediation costs; limitations; ~~collection of reimbursement.~~cost recovery.**

(a) ~~Reimbursement.~~Allowable Costs. – To the extent monies are available in the ~~Fund for reimbursement of response costs.~~Fund, the Commission shall ~~reimburse any person, including a private contractor, responsible for implementing~~ pay for reasonable and necessary assessment and remediation activities at a contamination site associated with a certified facility or a certified abandoned site pursuant to a dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement for the following assessment and remediation response costs, for which appropriate documentation is submitted:

(1) Costs of assessment with respect to dry-cleaning solvent contamination.
(2) Costs of treatment or replacement of potable water supplies affected by the contamination.
(3) Costs of remediation of affected soil, groundwater, surface waters, bedrock or other rock formations, or buildings.
(4) Monitoring of the contamination.
(5) Inspection and supervision of activities described in this subsection.
(6) Reasonable costs of restoring property as nearly as practicable to the conditions that existed prior to activities associated with assessment and remediation conducted pursuant to this Part.
(7) Other activities reasonably required to protect public health and the environment.

(b) Limitations. – Notwithstanding subsection (a) of this section, the Commission shall not make any disbursement from the Fund:

(1) For costs incurred in connection with facilities or abandoned sites not certified pursuant to G.S. 143-215.104G.

(2) For costs not incurred pursuant to a dry-cleaning solvent assessment agreement or a dry-cleaning solvent remediation agreement.

~~(3) For costs incurred in connection with dry-cleaning solvent contamination from a facility or abandoned site for which funds obligated by petitioners pursuant to a dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement in accordance with G.S. 143-214.104F(f) are overdue.~~

(4) For costs at a contamination site that has been identified by the United States Environmental Protection Agency as a federal Superfund site pursuant to 40 Code of Federal Regulations, Part 300 (1 July 1996 Edition), except that the Commission may authorize distribution of the required State match in an amount not to exceed two hundred thousand dollars ($200,000) per year per site. The Commission shall not delegate its authority to disburse funds pursuant to this subdivision.

(5) For remediation beyond the level required under the Commission's risk-based criteria for determining the appropriate level of remediation.

(6) For assessment or remediation response costs incurred in connection with any individual dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement in excess of ~~two~~ five hundred thousand dollars ~~($200,000)~~ ($500,000) per year. However, that the Commission may disburse up to ~~four hundred thousand~~ one million dollars ~~($400,000)~~($1,000,000) per year for assessment and remediation costs incurred in connection with a certified facility or a certified abandoned site that poses an imminent hazard.

(7) That would result in a diminution of the Fund balance below one hundred thousand dollars ($100,000), unless an emergency exists in connection with a dry-cleaning solvent contamination abandoned site that constitutes an imminent hazard.

(8) For any costs incurred in connection with dry-cleaning solvent contamination from a facility located on a United States military base or owned by the United States or a department or agency of the United States.

(9) For any costs incurred in connection with dry-cleaning solvent contamination from a facility or abandoned site owned by the State or a department or agency of the State.

~~(c) The Commission shall not pay or reimburse any response costs arising from a dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement until the petitioners who are party to the agreement have paid all sums due under the agreement.~~

(d) ~~Each dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreements made by the Commission pursuant to this Part shall expressly state that the Commission's obligation to reimburse response costs incurred pursuant to these agreements shall be contingent upon the availability of monies from the Fund and that the State and its departments and agencies have no obligation to reimburse otherwise eligible expenses if monies are not available in the Fund to pay the reimbursements.~~ If, at any time, the Commission determines that the cost of assessment and remediation activities ~~reimbursable~~ incurred pursuant to existing dry-cleaning solvent assessment agreements and dry-cleaning solvent remediation agreements equals or exceeds the total revenues expected to be credited to the Fund over the life of the Fund, the Commission shall publish notice of the determination in the North Carolina Register. Following the publication of a notice pursuant to this section, the Commission may continue to enter into dry-cleaning solvent assessment agreements and dry-cleaning solvent remediation agreements until the day of adjournment of the first regular session of the General Assembly that begins after the date the notice is published, but shall have no authority to enter into additional dry-cleaning solvent assessment agreements and dry-cleaning solvent remediation agreements after that date unless the Commission first determines either (i) that revenues will be available from the Fund to ~~reimburse~~ pay the costs of assessment and remediation activities expected to be ~~reimbursable~~ incurred pursuant to the agreements, or (ii) that assessment and remediation activities undertaken pursuant to the agreements will be paid entirely from sources other than the Fund. For the purposes of this subsection, the term "day of adjournment" shall mean: (i) in the case of a regular session held in an odd-numbered year, the day the General Assembly adjourns by joint resolution for more than 10 days, and (ii) in the case of a regular session held in an even-numbered year, the day the General Assembly adjourns sine die.

(e) ~~The Commission shall pay the reimbursable response costs of eligible parties as they are incurred.~~ If the cleanup of the contamination site is not completed through fault of the petitioner as required by the remediation agreement, the petitioner shall reimburse the Fund for any response costs previously ~~reimbursed~~ disbursed from the fund for the ~~cleanup shall be repaid to the Fund,~~cleanup, with interest. The Commission shall request the Attorney General to commence a civil action to secure repayment of response costs and interest of the costs."

SECTION 12. G.S. 143-215.104P(a) reads as rewritten:

"(a) The Secretary may assess a civil penalty of not more than ten thousand dollars ($10,000) or, if the violation involves a hazardous waste, as defined in G.S. 130-290, of not more than twenty-five thousand dollars ($25,000) against any person who:

(1) Repealed by Session Laws 2000, c. 19, s. 3.

(2) Engages in dry-cleaning operations using dry-cleaning solvent for which the appropriate sales or use tax has not been paid.

(3) Fails to comply with rules adopted by the Commission pursuant to this Part.

(3a) Fails to comply with the rules adopted by the Commission pursuant to Article 21B of Chapter 143 of the General Statutes that apply to

dry-cleaning solvents at facilities as defined in this Part. This enforcement authority does not apply to facilities located in counties that have been delegated as local air pollution control programs by the Commission pursuant to G.S. 143-215.112.

(3b) Fails to comply with rules adopted by the Commission for Health Services pursuant to Article 9 of Chapter 130A of the General Statutes that apply to dry-cleaning solvents at facilities as defined in this Part.

(4) Fails to file, submit, or make available, as the case may be, any documents, data, or reports required by this Part.

(5) Violates or fails to act in accordance with the terms, conditions, or requirements of any special order or other appropriate document issued pursuant to G.S. 143-215.2.

(6) Falsifies or tampers with any recording or monitoring device or method required to be operated or maintained under this Part or rules implementing this Part.

(7) Knowingly renders inaccurate any recording or monitoring device or method required to be operated or maintained under this Part or rules implementing this Part.

(8) Knowingly makes any false statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained under this Part or rule implementing this Part.

(9) Knowingly makes a false statement of material fact in a rule-making proceeding or contested case under this Part.

(10) Refuses access to the Commission or its duly designated representative to any premises for purposes of conducting a lawful inspection provided for in this Part or rule implementing this Part."

SECTION 13. G.S. 43-215.104T(b) reads as rewritten:

"(b) Notwithstanding the provision of the Tort Claims Act, G.S. 143-291 through G.S. 143-300.1 or any other provision of law waiving the sovereign immunity of the State of North Carolina, the State, its agencies, officers, employees, and agents shall be absolutely immune from any liability in any proceeding for any injury or claim arising from negotiating, entering into, implementing, monitoring, or enforcing a dry-cleaning solvent assessment agreement, a dry-cleaning solvent remediation agreement, or a Notice of Dry-Cleaning Solvent Remediation under this Part or any other action implementing this Part."

SECTION 14. G.S. 105-187.31 reads as rewritten:

"**§ 105-187.31. Tax imposed.**

A privilege tax is imposed on a dry-cleaning solvent retailer at a flat rate for each gallon of dry-cleaning solvent sold by the retailer to a dry-cleaning facility. An excise tax is imposed on dry-cleaning solvent purchased outside the State for storage, use, or consumption by a dry-cleaning facility in this State. The rate of the privilege tax and the excise tax is ten dollars ($10.00) for each gallon of halogenated hydrocarbon-based dry-cleaning solvent ~~that is chlorine-based~~ and one dollar and thirty-five cents ($1.35)

for each gallon of hydrocarbon-based dry-cleaning ~~solvent that is hydrocarbon-based.~~ solvent. These taxes are in addition to all other taxes."

SECTION 15. G.S. 143-215.104F(a1), as enacted by Section 4 of this act, becomes effective on 1 August 2007 and applies to applications for certifications made, and assessment agreements and remediation agreements entered into, on or after that date. G.S. 143-215.104F(f), as amended by Section 4 of this act, is effective retroactively to 1 August 2001 and applies to assessment agreements and remediation agreements entered into on or after that date. The Environmental Management Commission shall credit any payment received from a petitioner prior to 1 July 2007 against the petitioner's future co-payment obligation, but the Environmental Management Commission shall not repay to a petitioner any funds received prior to 1 July 2007. All other amendments to G.S. 143-215.104F, as enacted by Section 4 of this act, and all other sections of this act become effective 1 July 2007.

EFFECTIVE DATE: New GS 143-215.105F(a1) is effective on August 1, 2007, and applies to applications for certifications made and assessment and remediation agreements entered into on or after that date. The amendments to GS 143-215.104F(f) are effective retroactively to August 1, 2001. All other amendments to GS 143-215.104F are effective July 1, 2007.

BILL SUMMARY:

- Changes the definition of *dry-cleaning solvent* in GS 143-215.104B(b) to *any hydrocarbon or halogenated hydrocarbon used as a solvent in a dry-cleaning operation or the degradation products from these solvents.*
- Adds a new definition of *halogenated hydrocarbon* and enacts new GS 143-215.104C(d) authorizing the Department of Environment and Natural Resources to use up to 1% of the Dry-Cleaning Solvent Cleanup Fund balance each fiscal year to investigate inactive hazardous substance disposal sites that the Department believes are contaminated by dry-cleaning solvents.
- Enacts new GS 143-215.104F(a1) providing that each person petitioning for certification of a facility or an abandoned site pursuant to GS 143-215.104G must pay an application fee of $1,000 to the Environmental Management Commission, to be credited to the Dry-Cleaning Solvent Cleanup Fund, as noted above and makes conforming change to GS 143-215.104C. Also makes stylistic changes to GS 143-215.104G(a).
- Amends GS 143-215.104G(d) to make it permissive, rather than required, for the Commission to reject petitions for certification under the circumstances set forth in the subsection.
- Amends GS 143-215.104G(f) to provide that the financial responsibility required of persons petitioning the Commission to certify a facility or abandoned site is (1) 1% of the costs of assessment or remediation not exceeding $1 million for dry-cleaning facilities owned by persons who employ fewer than the equivalent of five full-time employees, (2) 1.5% of the costs of assessment or remediation not exceeding $1 million for abandoned dry-cleaning facility sites and for dry-cleaning facilities owned by persons who employ at least five but fewer than ten full-time employees, and (3) 2% of the costs of assessment or remediation not exceeding $1 million for wholesale distribution facilities and for dry-cleaning facilities owned by persons who employ ten or more full-time employees.
- Repeals GS 143-215.104G(f)(4), which set forth financial responsibility requirements for abandoned sites and wholesale facilities.
- Amends GS 105-187.31 (privilege tax on dry-cleaning solvent retailers) by changing the reference to a *dry-cleaning solvent that is chlorine based* to *halogenated hydrocarbon-based dry-cleaning solvent.*

ASSUMPTIONS AND METHODOLOGY:

Revenues – Dry Cleaning Solvent Fund

SB 1362 makes three changes to the amount of revenue received into the Dry Cleaning Solvent Fund each year: 1.) Section 4 creates a new $1,000 application fee for each person petitioning or co-petitioning for certification of a facility or an abandoned site; 2.) Section 4 changes the financial responsibility requirements, effectively decreasing the co-payments into the Fund; and 3.) Section 14 broadens the base of solvents covered by the dry-cleaning solvent tax.

1.) Application Fee

A $1,000 application fee would now be charged for each person petitioning or co-petitioning for certification of a facility or an abandoned site. The table below projects the number of petitioners each year and the application fee revenue generated.

	2007-08	2008-09	2009-10	2010-11	2011-12
Estimated # of Petitioners	50*	54	81	81	81
Application Fee Generated	$50,000	$54,000	$81,000	$81,000	$81,000

*prorated by one month due to August 1, 2007 effective date

DENR anticipates that the number of petitioners will increase for three reasons:
1.) the decrease in financial responsibility requirements will make the program less costly for responsible parties; 2.) the implementation of risk-based rules will attract more responsible parties to participate; 3.) entry into the program will sunset on January 1, 2012.

2.) Financial Responsibility Requirements

Section 4 would decrease the financial responsibility requirements for potentially responsible persons. *An exact estimate of the decrease in revenue from this change is not available at this time.*

Under existing law, responsible parties must pay a flat deductible and then a percentage co-payment of the clean-up costs after those costs have reached a certain dollar threshold. Under the new provisions in SB 1362, responsible parties would no longer pay a deductible, but rather they would pay the application fee explained above and then pay a percentage of the cleanup costs as a co-payment.

The illustration below provides an example of the decrease in revenue assuming the following conditions: A.)100 sites active in the program with 60 "abandoned" sites, 13 "large facility" sites, 11 "medium," and 16 "small;" and B.) an average site clean-up cost of $250,000.

Under Existing Law

Site Type	# of Sites	Deductible	% Co-payment	Avg. Site Cost	Total Owed by Petitioners
Abandoned	60	$25,000	0.03	$250,000	$1,590,000
Large	13	$15,000	0.03	$250,000	$214,500
Medium	11	$10,000	0.02	$250,000	$126,500
Small	16	$5,000	0.01	$250,000	$104,000
Total Revenue Received for 100 Sites					**$2,035,000**

As Proposed Under SB 1362

Site Type	# of Sites	% Co-payment	Avg. Site Cost	Total Owed by Petitioners
Abandoned	60	0.015	$250,000	$225,000
Large	13	0.020	$250,000	$65,000
Medium	11	0.015	$250,000	$41,250
Small	16	0.010	$250,000	$40,000
Total Revenue Received for 100 Sites				**$371,250**

As the above example illustrates, the loss of revenue would be $1,663,750 for these 100 sites. It should be noted that this loss of revenue does not take place in one fiscal year, but rather would most likely be spread out across three years – with 40% of costs being collected in the first year, 40% in the second year, and 20% in the third year. Thus, a one-year loss of revenue might reasonably be estimated at $665,500.

3.) Solvent Tax

Section 14 broadens the base of solvents covered by the tax. The change from "chlorine-based" to "halogenated hydrocarbon-based" will encompass bromide solvents. Industry sources estimate that approximately 200 gallons of bromide solvents are sold each year. Thus, approximately $2,000 in new revenue will be raised.

	2007-08	2008-09	2009-10	2010-11	2011-12
New Tax Revenue*	$2,042	$2,085	$2,129	$2,175	$2,226

*adjusted annually for inflation

Revenues – Civil Penalties

Section 12 adds new situations for which civil penalties may be assessed. To date, the Dry-Cleaning Compliance Program has not issued any civil penalties. Based on experience with other DENR compliance programs, the Department estimates that five civil penalties each year would be assessed for the new offenses contained in the PCS with a penalty range of $400 to $25,000.

Expenditures – Dry Cleaning Solvent Fund

This PCS makes two changes to expenditures from the Fund: 1.) Section 2 stipulates that up to 1% of the Fund balance may be used in each fiscal year by the Department for investigation of sites; and, that the Attorney General may bring a civil action to secure reimbursement of costs incurred, per Commission request; and 2.) Section 11 increases the cap on the amount disbursed per year for any individual dry-cleaning solvent assessment agreement or remediation agreement and increases the cap for a certified facility or certified abandoned site that poses an imminent hazard.

1.) Use of Fund Balance for Investigation of Sites

The Dry Cleaning Solvent Fund balance has grown over the past six years and as of June 19, 2007, the Fund balance was $35,441,005. The Department anticipates that they will expend $10 million per year by 2008-09. Revenues have fluctuated but are in the range of $9.5 to $10.5 million per year. Thus, the Fund balance may remain in the $35 million range for several years. *Therefore, the Department could expend up to $3.5 million annually for investigation of sites.*

Existing G.S. 143-215.104C authorizes the Commission to expend 20% of annual Fund revenue to defray the costs incurred by the Department and the Attorney General's Office for administration of the Program. Assuming annual revenues of $10 million, $2 million would be available for such costs – the Department estimates approximately $700,000 in annual administrative costs, leaving $1.3 million to cover any costs incurred by the Attorney General. Section 2 authorizes the Attorney General to initiate civil action to secure reimbursements of the costs incurred in connection with the investigation of inactive hazardous substance disposal sites, per request from the Commission. In addition, existing G.S. 143-215.104R authorizes the AG to initiate civil action for injunctive relief from violations alleged by the Commission. The Department anticipates only one or two injunctive relief actions annually; however, the number of potential civil actions

initiated for reimbursements is unknown. Nevertheless, Fiscal Research anticipates that available funds will offset any additional workload increases experienced by the Attorney General's Office.

2.) Increase in Annual Spending Caps

An estimate as to how much additional money may be expended from the Fund due to the new, higher caps is not available. As stated above, total expenditures from the Fund are expected to reach $10 million per year by 2008-09. The majority of the increase in spending will come as a result of risk-based remediation rules being implemented in the fall of 2007. These rules will allow the Program to begin remediation at some sites, and it is anticipated that the remediation work will exceed the previous cap limits at some sites.

Expenditures – General Fund

Judicial Branch: As previously indicated, Section 2 expands current G.S. 143-215.104C to authorize the Attorney General (per Environmental Management Commission request) to initiate civil action to recover the costs incurred by the Department of Environment and Natural Resources in investigating inactive hazardous substance disposal sites contaminated by dry-cleaning solvent, where a potentially responsible party is not willing to pay such costs. It is not known how many additional investigations would be conducted or civil actions filed.

In addition, Section 12 expands current G.S. 143-215.104P(a) by imposing a civil penalty of $10,000 or less (or $25,000 or less if hazardous waste is involved) against violators of hazardous waste and air quality regulations that apply to dry-cleaning facilities. Consequently, expanding the pool of defendants who could be subject to a civil penalty may increase the opportunity for appeals to superior court. It is not known how many violators would contest the imposition of these penalties.

A BILL TO BE ENTITLED

AN ACT TO PHASE OUT THE COUNTY SHARE OF THE NONFEDERAL SHARE OF MEDICAID COSTS; TO MAKE CORRESPONDING CHANGES TO STATE AND LOCAL REVENUE STREAMS; TO AUTHORIZE COUNTIES TO LEVY AN ADDITIONAL ONE-HALF CENT (1/2¢) LOCAL OPTION SALES TAX; AND TO PROVIDE A NONREFUNDABLE EARNED INCOME TAX CREDIT.

The General Assembly of North Carolina enacts:

SECTION 1.(a). Effective January 1, 2008, fifty percent (50%) of the nonfederal share of Medical Assistance Program costs borne by the counties, excluding administrative costs, shall be borne by the State.

SECTION 1.(b) Effective July 1, 2008, seventy-five percent (75%) of the nonfederal share of Medical Assistance Program costs borne by the counties, excluding administrative costs, shall be borne by the State.

SECTION 1.(c) Effective July 1, 2009, G.S. 108A-54 reads as rewritten:

"**§ 108A-54. Authorization of Medical Assistance Program.**

The Department is authorized ~~and empowered~~ to establish a Medical Assistance Program ~~from federal, State and county appropriations~~ and to adopt rules ~~and regulations under which payments are to be made in accordance with the provisions of this Part.~~ to implement the Program. The State is responsible for the nonfederal share of the costs of medical services provided under the Program. A county is responsible for the county's cost of administering the Program in that county. ~~The nonfederal share may be divided between the State and the counties, in a manner consistent with the provisions of the federal Social Security Act, except that the share required from the counties may not exceed the share required from the state. If a portion of the nonfederal share is required from the counties, the boards of county commissioners of the several counties shall levy, impose and collect the taxes required for the special purpose of medical assistance as provided in this Part, in an amount sufficient to cover each county's share of such assistance.~~"

SECTION 1.(d) Subsection (a) of this section becomes effective January 1, 2008, and applies to Medicaid costs incurred on or after that date. Subsection (b) of this section becomes effective July 1, 2008, and applies to Medicaid costs incurred on or after that date. Subsection (c) of this section becomes effective July 1, 2009, and applies to Medicaid costs incurred on or after that date.

SECTION 2.(a) Article 44 of Chapter 105 is repealed.

SECTION 2.(b) Article 40 of Chapter 105 reads as rewritten:

"Article 40.

~~First One-Half Cent (1/2¢)~~ Three hundred seventy-five thousandths Percent (0.375%) Local Government Sales and Use Tax.

§ 105-480. Short title.

This Article shall be known as the First ~~One-Half Cent (1/2¢)~~ Three hundred seventy-five thousandths Percent (0.375%) Local Government Sales and Use Tax Act.

§ 105-481. Purpose and intent.

It is the purpose of this Article to afford the counties and cities of this State an opportunity to obtain an added source of revenue with which to meet their growing financial needs, and to reduce their reliance on other revenues, such as the property tax, by providing all counties of the State that are subject to this Article with authority to levy ~~one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) sales and use taxes.

§ 105-482. Limitations.

This Article applies only to counties that levy one percent (1%) sales and use taxes under Article 39 of this Chapter or under Chapter 1096 of the 1967 Session Laws.

§ 105-483. Levy and collection of additional taxes.

Any county subject to this Article may levy ~~one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) local sales and use taxes in addition to any other State and local sales and use taxes levied pursuant to law. Except as provided in this Article, the adoption, levy, collection, distribution, administration, and repeal of these additional taxes shall be in accordance with Article 39 of this Chapter. In applying the provisions of Article 39 of this Chapter to this Article, references to "this Article" mean Article 40 of this Chapter. The exemption for building materials in G.S. 105-468.1 does not apply to taxes levied under this Article.

§ 105-484. Form of ballot.

(a) The form of the question to be presented on a ballot for a special election concerning the additional taxes authorized by this Article shall be: "FOR additional ~~one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) local sales and use taxes" or "AGAINST additional ~~one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) local sales and use taxes."

(b) The form of the question to be presented on a ballot for a special election concerning the repeal of any additional taxes levied pursuant to this Article shall be: "FOR repeal of the additional ~~one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) local sales and use taxes" or "AGAINST repeal of the additional ~~one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) local sales and use taxes."

§ 105-485: Repealed by Session Laws 1991, c. 689, s. 318.

§ 105-486. Distribution of additional taxes.

(a) County Allocation. – The Secretary shall, on a monthly basis, allocate the net proceeds of the additional ~~one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) sales and use taxes levied under this Article to the taxing counties on a per capita basis according to the most recent annual population estimates certified to the Secretary by the State Budget Officer.

(b) Adjustment. – The Secretary shall then adjust the amount allocated to each county under subsection (a) by multiplying the amount by the appropriate adjustment factor set out in the table below. If, after applying the adjustment factors, the resulting total of the amounts allocated is greater or lesser than the net proceeds to be distributed, the amount allocated to each county shall be proportionally adjusted to eliminate the excess or shortage.

County	Adjustment Factor

(c) Distribution Between Counties and Cities. – The amount allocated to each taxing county shall then be divided among the county and its municipalities in accordance with the method by which the one percent (1%) sales and use taxes levied in that county pursuant to Article 39 of this Chapter or Chapter 1096 of the 1967 Session Laws are distributed.

(d) No municipality may receive any funds under this section if it was incorporated with an effective date of on or after January 1, 2000, and is disqualified from receiving funds under G.S. 136-41.2. No municipality may receive any funds under this section, incorporated with an effective date on or after January 1, 2000, unless a majority of the mileage of its streets are open to the public. The previous sentence becomes effective with respect to distribution of funds on or after July 1, 1999.

§ 105-487. Use of additional tax revenue by counties.

(a) Except as provided in subsection (c), forty percent (40%) of the revenue received by a county from additional ~~one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) sales and use taxes levied under this Article during the first five fiscal years in which the additional taxes are in effect in the county and thirty percent (30%) of the revenue received by a county from these taxes in the next 23 fiscal years in which the taxes are in effect in the county may be used by the county only for public school capital outlay purposes as defined in G.S. 115C-426(f) or to retire any indebtedness incurred by the county for these purposes.

(b) Repealed by Session Laws 1998-98, s. 31.

(c) The Local Government Commission may, upon petition by a county, authorize the county to use part or all its tax revenue, otherwise required by subsection (a) of this section to be used for public school capital needs, for any lawful purpose. The petition shall be in the form of a resolution adopted by the Board of County Commissioners and transmitted to the Local Government Commission. The petition shall demonstrate that the county can provide for its public school capital needs without restricting the use of part or all of the designated amount of the additional ~~one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) sales and use tax revenue for that purpose.

In making its decision, the Local Government Commission shall consider information contained in the petition concerning not only the public school capital needs, but also the other capital needs of the petitioning county. The Commission may also consider information from sources other than the petition. The Commission shall issue a written decision on each petition stating the findings of the Commission concerning the public school capital needs of the petitioning county and the percentage of revenue otherwise restricted by subsection (a) of this section that may be used by the petitioning county for any lawful purpose.

Decisions of the Commission allowing counties to use a percentage of their tax revenue that would otherwise be restricted under subsection (a) of this section for any

lawful purpose are final and shall continue in effect until the restrictions imposed by that subsection expire. A county whose petition is denied, in whole or in part, by the Commission may subsequently submit a new petition to the Commission.

(d) For purposes of determining the number of fiscal years in which ~~one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) sales and use taxes levied under this Article have been in effect in a county, these taxes are considered to be in effect only from the effective date of the levy of these taxes and are considered to be in effect for a full fiscal year during the first year in which these taxes were in effect, regardless of the number of months in that year in which the taxes were actually in effect.

(e) A county may expend part or all of the revenue restricted for public school capital needs pursuant to subsection (a) of this section in the fiscal year in which the revenue is received, or the county may place part or all of this revenue in a capital reserve fund and shall specifically identify this revenue in accordance with Chapter 159 of the General Statutes."

SECTION 2.(c) A county that levied and imposed the first one –half cent (1/2¢) local sales and use tax under Article 40 of Chapter 105 of the General Statutes on December 31, 2007, may levy and impose the three hundred seventy-five hundredths cent (0.375¢) local sales and use tax authorized under this Article, as amended by this act, without any further action on its part. A resolution enacted to levy the first one-half cent (1/2¢) local sales and use tax prior to January 1, 2008, is considered to be a resolution authorizing the levy of the three hundred seventy-five hundredths cent (0.375¢) local sales and use tax authorized under this Article, as amended by this act.

SECTION 2.(d) G.S. 105-164.4(a) reads as rewritten:

"(a) A privilege tax is imposed on a retailer at the following percentage rates of the retailer's net taxable sales or gross receipts, as appropriate. The general rate of tax is ~~four percent (4%).~~four and six hundred twenty-five thousandths percent (4.625%)."

SECTION 2.(e) G.S. 105-164.44F(a) reads as rewritten:

"(a) Amount. – The Secretary must distribute part of the taxes imposed by G.S. 105-164.4(a)(4c) on telecommunications service and ancillary service. The Secretary must make the distribution within 75 days after the end of each calendar quarter. The amount the Secretary must distribute is the following percentages of the net proceeds of the taxes collected during the quarter:

(1) ~~Nineteen and forty-two one-hundredths percent (19.42%)~~ Eighteen and three one-hundredths percent (18.03%) minus two million six hundred twenty thousand nine hundred forty-eight dollars ($2,620,948), must be distributed to cities in accordance with this section. The deduction is one-fourth of the annual amount by which the distribution to cities of the gross receipts franchise tax on telephone companies, imposed by former G.S. 105-20, was required to be reduced beginning in fiscal year 1995-96 as a result of the "freeze deduction."

(2) ~~Eight percent (8%)~~ Seven and twenty-three one-hundredths percent (7.23%) must be distributed to counties and cities as provided in G.S. 105-164.44I."

SECTION 2.(f) G.S. 105-164.44I(a) reads as rewritten:

"(a) Distribution. – The Secretary must distribute to the counties and cities part of the taxes imposed by G.S. 105-164.4(a)(4c) on telecommunications service and G.S. 105-164.4(a)(6) on video programming service. The Secretary must make the distribution within 75 days after the end of each calendar quarter. The amount the Secretary must distribute is the sum of the revenue listed in this subsection. The Secretary must distribute two million dollars ($2,000,000) of this amount in accordance with subsection (b) of this section and the remainder in accordance with subsections (c) and (d) of this section. The revenue to be distributed under this section consists of the following:

(1) The amount specified in G.S. 105-164.44F(a)(2).

(2) ~~Twenty-five percent (25%)~~ Twenty-two and sixty-one one-hundredths percent (22.61%) of the net proceeds of the taxes collected during the quarter on video programming, other than on direct-to-home satellite service.

(3) ~~Thirty-seven and five-tenths percent (37.5%)~~ Thirty-seven percent (37%) of the net proceeds of the taxes collected during the quarter on direct-to-home satellite service."

SECTION 2.(g) Subsections (a) through (d) of this section become effective January 1, 2008, and apply to sales made on or after that date. Subsections (e) and (f) of this section apply to distributions made on or after April 1, 2008 for calendar quarters ending on or after January 1, 2008.

SECTION 3.(a) G.S. 105-228.30(b) reads as rewritten:

"(b) The register of deeds of each county must remit the proceeds of the tax levied by this section to the county finance officer. The finance officer of each county must ~~credit one-half of the proceeds to the county's general fund and~~ remit the ~~remaining one-half of the proceeds, less the county's allowance for administrative expenses,~~ proceeds to the Department of Revenue on a monthly basis. ~~A county may retain two percent (2%) of the amount of tax proceeds allocated for remittance to the Department of Revenue as compensation for the county's cost in collecting and remitting the State's share of the tax. Of the funds remitted to it pursuant to this section, the~~ The Department ~~of Revenue~~ must credit the proceeds remitted to it as follows:

(1) Fifty percent (50%) to the General Fund.

(2) ~~seventy-five percent (75%)~~ Thirty-seven and five-tenths percent (37.5%) to the Parks and Recreation Trust Fund established under ~~G.S. 113-44.15 and~~ G.S. 113-44.15.

(3) ~~twenty-five percent (25%)~~ Twelve and five-tenths percent (12.5%) to the Natural Heritage Trust Fund established under G.S. 113-77.7."

SECTION 3.(b) G.S. 105-228.33 and G.S. 105-228.37 are repealed.

SECTION 3.(c) G.S. 105-228.35 reads as rewritten:

"**§ 105-228.35. Administrative provisions.**

~~Except as otherwise provided in this Article, the~~ The provisions of Article 9 of this Chapter apply to this Article.

Before a tax imposed under this Article may be refunded, the taxpayer must record a new instrument reflecting the correct amount of tax due. If no tax is due because an instrument was recorded in the wrong county, then the taxpayer must record a document stating that no tax was owed because the instrument being corrected was recorded in the wrong county. The taxpayer must include in the document the names of the grantors and grantees and the deed book and page number of the instrument being corrected.

When a taxpayer records a corrected instrument, the taxpayer must inform the register of deeds that the instrument being recorded is a correcting instrument. The taxpayer must give the register of deeds a copy of the decision granting the refund that shows the correct amount of tax due. The correcting instrument must include the deed book and page number of the instrument being corrected. The register of deeds must notify the Secretary when the correcting instrument has been recorded."

SECTION 3.(d) This section becomes effective January 1, 2008, and applies to transfers occurring on or after that date.

SECTION 4.(a) G.S. 115C-546.1 reads as rewritten:

"**§ 115C-546.1. Creation of Fund; administration.**

(a) There is created the Public School Building Capital Fund. The Fund shall be used to assist county governments in meeting their public school building capital needs and their equipment needs under their local school technology plans. All funds deposited in the Public School Building Capital Fund shall be invested as provided in G.S. 147-69.2 and G.S. 147-69.3.

(b) ~~Each calendar quarter, the Secretary of Revenue shall remit to the State Treasurer for credit to the Public School Building Capital Fund an amount equal to the applicable fraction provided in the table below of the net collections received during the previous quarter by the Department of Revenue under G.S. 105-130.3. All funds deposited in the Public School Building Capital Fund shall be invested as provided in G.S. 147-69.2 and G.S. 147-69.3.~~

~~Period~~	~~Fraction~~
~~10/1/97 to 9/30/98~~	~~One-fifteenth (1/15)~~
~~10/1/98 to 9/30/99~~	~~Two twenty-ninths (2/29)~~
~~10/1/99 to 9/30/00~~	~~One-fourteenth (1/14)~~
~~After 9/30/00~~	~~Five sixty-ninths (5/69)~~

(c) The Fund shall be administered by the Department of Public Instruction."

SECTION 4.(b) G.S. 115C-546.2(a), (b), and (c) are repealed.

SECTION 4.(c) Subsection (a) of this section becomes effective January 1, 2008. Subsection (b) of this section becomes effective upon certification by the Department of Public Instruction that all revenue allocated to the Public School Building Capital Fund from corporate income tax revenue has been disbursed.

SECTION 5.(a) G.S. 105-113.82 reads as rewritten:

"**§ 105-113.82. Distribution of part of beer and wine taxes.**

(a) Amount, Method. – The Secretary shall distribute annually the following percentages of the net amount of excise taxes collected on the sale of malt beverages and wine during the preceding 12-month period ending March 31, less the amount of the net proceeds credited to the Department of Commerce under G.S. 105-113.81A, to

the ~~counties and~~ cities in which the retail sale of these beverages is ~~authorized in the entire county or city:~~authorized and to the cities in a county in which ABC stores have been established by petition. The amount distributed to each city is to be determined on the basis of its population relative to the population of all the cities that receive a distribution under this section. The amounts distributed under each subdivision shall be computed separately.

(1) Of the tax on malt beverages levied under G.S. 105-113.80(a), ~~twenty-three and three-fourths percent (23¾%);~~ fifteen percent (15%).

(2) Of the tax on unfortified wine levied under G.S. 105-113.80(b), ~~sixty-two percent (62%); and~~ thirty-nine and nine-tenths percent (39.9%).

(3) Of the tax on fortified wine levied under G.S. 105-113.80(b), ~~twenty-two percent (22%).~~ fifteen and one-tenths percent (15.1%).

~~If malt beverages, unfortified wine, or fortified wine may be licensed to be sold at retail in both a county and a city located in the county, both the county and city shall receive a portion of the amount distributed, that portion to be determined on the basis of population. If one of these beverages may be licensed to be sold at retail in a city located in a county in which the sale of the beverage is otherwise prohibited, only the city shall receive a portion of the amount distributed, that portion to be determined on the basis of population. The amounts distributed under subdivisions (1), (2), and (3) shall be computed separately.~~

(b) Repealed by Session Laws 2000, c. 173, s. 3, effective August 2, 2000.

(c) ~~Exception. – Notwithstanding subsection (a), in a county in which ABC stores have been established by petition, the revenue shall be distributed as though the entire county had approved the retail sale of a beverage whose retail sale is authorized in part of the county.~~

(d) Time. – The revenue shall be distributed to cities ~~and counties~~ within 60 days after March 31 of each year. The General Assembly finds that the revenue distributed under this section is local revenue, not a State expenditure, for the purpose of Section 5(3) of Article III of the North Carolina Constitution. Therefore, the Governor may not reduce or withhold the distribution.

(e) Population Estimates. – To determine the population of a city ~~or county~~ for purposes of the distribution required by this section, the Secretary shall use the most recent annual estimate of population certified by the State Budget Officer.

(f) City Defined. – As used in this section, the term "city" means a city as defined in G.S. 153A-1(1) or an urban service district defined by the governing body of a consolidated city-county.

(g) Use of Funds. – Funds distributed to a ~~county or~~ city under this section may be used for any public purpose.

(h) Disqualification. – No municipality may receive any funds under this section if it was incorporated with an effective date of on or after January 1, 2000, and is disqualified from receiving funds under G.S. 136-41.2. No municipality may receive any funds under this section, incorporated with an effective date on or after January 1, 2000, unless a majority of the mileage of its streets is open to the public. The previous

sentence becomes effective with respect to distribution of funds on or after July 1, 1999."

SECTION 5.(b) This section becomes effective January 1, 2008, and applies to distributions made on or after that date.

SECTION 6.(a) G.S. 105-228.5(b1) reads as rewritten:

"(b1) Calculation of Tax Base. – In determining the amount of gross premiums from business in this State, all gross premiums received in this State, credited to policies written or procured in this State, or derived from business written in this State shall be deemed to be for contracts covering persons, property, or risks resident or located in this State unless one of the following applies:

(1) The premiums are properly reported and properly allocated as being received from business done in some other nation, territory, state, or states.

(2) The premiums are from policies written in federal areas for persons in military service who pay premiums by assignment of service pay.

Gross premiums from business done in this State in the case of life insurance contracts, including supplemental contracts providing for disability benefits, accidental death benefits, or other special ~~benefits that are not annuities,~~ benefits, means all premiums collected in the calendar year, other than for contracts of reinsurance, for policies the premiums on which are paid by or credited to persons, firms, or corporations resident in this State, or in the case of group policies, for contracts of insurance covering persons resident within this State. The only deductions allowed shall be for premiums refunded on policies rescinded for fraud or other breach of ~~contract and~~ contract; premiums that were paid in advance on life insurance contracts and subsequently refunded to the insured, premium payer, beneficiary or ~~estate.~~ estate; and in the case of group annuity contracts, premiums returned because of a change in the composition of the group covered. Gross premiums shall be deemed to have been collected for the amounts as provided in the policy contracts for the time in force during the year, whether satisfied by cash payment, notes, loans, automatic premium loans, applied dividend, or by any other means except waiver of premiums by companies under a contract for waiver of premium in case of disability.

Gross premiums from business done in this State for all other health care plans and contracts of insurance, including contracts of insurance required to be carried by the Workers' Compensation Act, means all premiums written during the calendar year, or the equivalent thereof in the case of self-insurers under the Workers' Compensation Act, for contracts covering property or risks in this State, other than for contracts of reinsurance, whether the premiums are designated as premiums, deposits, premium deposits, policy fees, membership fees, or assessments. Gross premiums shall be deemed to have been written for the amounts as provided in the policy contracts, new and renewal, becoming effective during the year irrespective of the time or method of making payment or settlement for the premiums, and with no deduction for dividends whether returned in cash or allowed in payment or reduction of premiums or for additional insurance, and without any other deduction except for return of premiums,

deposits, fees, or assessments for adjustment of policy rates or for cancellation or surrender of policies."

SECTION 6.(b) G.S. 105-228.5(c) reads as rewritten:

"(c) Exclusions. ~~In computing the premium tax, shall exclude all of the following from the gross amount of premiums, and the gross amount of excluded~~ The following premiums ~~is~~ are exempt from the tax imposed by this section:

(1) ~~All premiums~~ Premiums received ~~on or after July 1, 1973,~~ from policies or contracts issued in connection with the funding of a pension, annuity, or profit-sharing plan qualified or exempt under section 401, 403, 404, 408, ~~457~~ 457, or 501 of the ~~Code as defined in G.S. 105-228.90~~ Code.

~~(2)~~ ~~Premiums or considerations received from annuities, as defined in G.S. 58-7-15.~~

(3) Funds or considerations received in connection with funding agreements, as defined in G.S. 58-7-16.

(4) The following premiums, to the extent federal law prohibits their taxation under this Article:

a. Federal Employees Health Benefits Plan premiums.

b. Medicaid or Medicare premiums."

SECTION 6.(c) Subsections (a) and (b) of this subsection becomes effective for taxable years beginning on or after January 1, 2009.

SECTION 7.(a) Chapter 105 of the General Statutes is amended by adding a new Article to read:

"Article 46.

"One-Half Cent (1/2¢) County Sales and Use Tax.

"**§ 105-535. Short title.**

This Article is the One-Half Cent (1/2¢) County Sales and Use Tax Act.

"**§ 105-536. Limitations.**

This Article applies only to counties that levy the first one-cent (1¢) local sales and use tax under Article 39 of this Chapter or under Chapter 1096 of the 1967 Session Laws, the first one-half cent (1/2¢) local sales and use tax under Article 40 of this Chapter, and the second one-half cent (1/2¢) local sales and use tax under Article 42 of this Chapter.

"**§ 105-537. Levy.**

(a) After Vote. – If a majority of those voting in a special election held pursuant to this Article vote for the levy of the taxes in a county, the board of commissioners of a county may, by resolution, levy one-half percent (1/2%) local sales and use taxes in addition to any other State and local sales and use taxes levied pursuant to law.

(b) Without Vote. – If the question of whether to levy taxes under this Article has not been defeated in a special election held in the county within two years, the board of commissioners of a county may, by resolution, levy one-half percent (1/2%) local sales and use taxes in addition to any other State and local sales and use taxes levied pursuant to law. Before adopting a resolution under this subsection, the board of commissioners

must give at least 10 days' public notice of its intent to adopt the resolution and must hold a public hearing on the issue of adopting the resolution.

(c) Effective Date. – A tax levied under this Article may not become effective before January 1, 2008.

"**§ 105-538. County election on adoption of tax.**

(a) Resolution. – The board of commissioners of a county may direct the county board of elections to conduct a special election on the question of whether to levy local one-half percent (1/2%) sales and use taxes in the county as provided in this Article. The election must be held on a date jointly agreed upon by the two boards and must be held in accordance with the procedures of G.S. 163-287.

(b) Ballot Question. – The question to be presented on a ballot for a special election concerning the levy of the taxes authorized by this Article must be in the following form:

[ ] FOR [ ] AGAINST
one-half percent (1/2%) county sales and use taxes, in
addition to all current State and local sales and use taxes.

"**§ 105-539. Administration of taxes.**

Except as provided in this Article, the adoption, levy, collection, administration, distribution, and repeal of the additional taxes authorized by this Article shall be in accordance with Article 39 of this Chapter. A tax levied under this Article does not apply to the sales price of food that is exempt from tax pursuant to G.S. 105-164.13B. The provisions of G.S. 105-472 requiring counties to share the proceeds of a tax with municipalities in the county do not apply to a tax levied under this Article.

"**§ 105-540. Distribution of additional taxes.**

The Secretary must, on a monthly basis, allocate to each taxing county the net proceeds of the additional one-half percent (1/2%) sales and use taxes collected in that county under this Article. If the Secretary collects taxes under this Article in a month and the taxes cannot be identified as being attributable to a particular taxing county. The Secretary must allocated the net proceeds of these taxes among the taxing counties in proportion to the amount of taxes collected in each county under this Article in that month.

"**§ 105-541. Use of additional tax revenue by counties.**

(a) Use of Revenue. – At least seventy-five percent (75%) of the revenue received by a county under this Article must be used by the county only for one or more of the purposes listed in this subsection. The remainder of the revenue may be used for any public purpose. The authorized purposes are:

(1) Public school capital outlay.
(2) Community college capital outlay.
(3) Water, sewer, or other infrastructure.
(4) Retirement of indebtedness incurred by the county for one or more of the purposes listed in this subsection during the period beginning three years prior to the effective date of the levy of the tax.

(b) Nonsupplant. – It is the purpose of this Article for counties to appropriate at least seventy-five percent (75%) of the funds generated under this Article to increase the

level of county spending for the purposes listed in subsection (a) of this section above the level of spending before the levy of the tax authorized in this Article. A county that levies a tax under this Article must continue to spend for the purposes listed in subsection (a) of this section the same amount of money it would have spent for those purposes if it had not levied the tax."

SECTION 7.(b) A tax levied under Article 46 of Chapter 105 of the General Statutes, as enacted by this act, does not apply to construction materials purchased to fulfill a lump-sum or unit-price contract entered into or awarded before the effective date of the levy or entered into or awarded pursuant to a bid made before the effective date of the levy when the construction materials would otherwise be subject to the tax levied under Article 46 of Chapter 105 of the General Statutes.

SECTION 7.(c) G.S. 105-269.14(b) reads as rewritten:

"(b) Distribution. – The Secretary must distribute a portion of the net use tax proceeds collected under this section to counties and cities. The portion to be distributed to all counties and cities is the total net use tax proceeds collected under this section multiplied by a fraction. The numerator of the fraction is the local use tax proceeds collected under this section. The denominator of the fraction is the total use tax proceeds collected under this section. The Secretary must distribute this portion to the counties and cities in proportion to their total distributions under Articles 39, 40, 42, 43, ~~and 44~~ 45, and 46 of this Chapter and Chapter 1096 of the 1967 Session Laws for the most recent period for which data are available. The provisions of G.S. 105-472, 105-486, ~~and 105-501~~105-501, 105-510, and 105-538 do not apply to tax proceeds distributed under this section."

SECTION 7.(d) This section is effective when it becomes law.

SECTION 8.(a) Article 39 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-472.1. City hold-harmless.**

A county must reimburse a municipality located in it for the amount of sales tax revenue the municipality received under Article 44 of this Chapter before its repeal. The reimbursement amount is the amount the municipality received in fiscal year 2006-2007 under that Article. The Secretary must withhold from the amount to be distributed to a county under G.S. 105-472 the amount distributed to the municipalities in that county for the same period in fiscal year 2006-2007 and must re-distribute the withheld amount to the municipalities."

SECTION 8.(b) Chapter 1096 of the 1967 Session Laws, as amended, is amended by adding a new subdivision to read:

"Sec. 6.1. City Hold-Harmless. Mecklenburg County must reimburse a municipality located in it for the amount of sales tax revenue the municipality received under Article 44 of Chapter 105 of the General Statutes before its repeal. The reimbursement amount is the amount the municipality received in fiscal year 2006-2007 under that Article. The Secretary must withhold from the amount to be distributed to Mecklenburg County under this division the amount distributed to the municipalities in Mecklenburg County for the same period in fiscal year 2006-2007 and must re-distribute the withheld amount to the municipalities.

SECTION 9. A county's hold harmless threshold for a fiscal year is the county's Medicaid service costs assumed by the State under G.S. 108A-54 for the fiscal year plus one hundred thousand dollars ($100,000). If the amount of local sales tax revenue available to a county under Article 46 of Chapter 105 of the General Statutes, as enacted by this act, for a fiscal year is less than the county's hold harmless threshold for that fiscal year, the Secretary of Revenue must send to the county the difference between the amount of revenue available to the county under Article 46 of Chapter 105 of the General Statutes for the fiscal year and the county's hold harmless threshold. The Secretary of Revenue must send this amount to the county by August 15 following the end of the fiscal year.

If a county imposes a tax under Article 46 of Chapter 105 of the General Statutes, as enacted by this act, effective January 1, 2008, the amount of sales tax available to a county under that Article for fiscal year 2007-2008 is the amount distributed under that Article plus the amount distributed under repealed Article 44 of Chapter 105 of the General Statutes after January 1, 2008. If a county does not impose a tax under Article 46 of Chapter 105 of the General Statutes effective January 1, 2008, the amount of sales tax available to a county under that Article for fiscal year 2007-2008 is the amount it would have received under that Article if it had imposed the tax effective January 1, 2008, plus the amount distributed to it under repealed Article 44 after January 1, 2008.

For fiscal year 2008-2009, the amount of sales tax available to a county that imposes a tax under Article 46 of Chapter 105 of the General Statutes, as enacted by this act, effective by April 1, 2008, is the amount distributed to it under that Article during the fiscal year. For all other counties, the amount of sales tax available to the county under Article 46 of Chapter 105 is the amount the county would have received under that Article if it had imposed the tax effective by April 1, 2008.

The Secretary must determine the amount of sales tax available to a county under Article 46 of Chapter 105 of the General Statutes, as enacted by this act. If a county does not impose a tax under that Article, the Secretary must make the determination based on the amount of taxes distributed to the county under Article 39 of this Chapter or Chapter 1096 of the 1969 Session Laws, not including any amount distributed for taxes on food that is subject to local sales taxes but not State sales taxes. The Secretary of the Department of Health and Human Resources must certify to the Secretary of Revenue the amount of Medicaid service costs assumed by the State for each county under G.S. 108A-54 for fiscal years 2007-2008 and 2008-2009.

This section applies only to fiscal years 2007-2008 and 2008-2009.

SECTION 10.(a) Part 2 of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-151.31. Earned income tax credit.**

(a) Credit. – An individual who claims for the taxable year an earned income tax credit under section 32 of the Code is allowed a credit against the tax imposed by this Part equal to twelve percent (12%) of the amount of credit the individual qualified for under section 32 of the Code.

(b) Limitations. – A nonresident or part-year resident who claims the credit allowed by this section shall reduce the amount of the credit by multiplying it by the

fraction calculated under G.S. 105-134.5(b) or (c), as appropriate. The credit allowed under this section may not exceed the amount of tax imposed by this Part for the taxable year reduced by the sum of all credits allowed, except payments of tax made by or on behalf of the taxpayer.

(c) Sunset. – This section is repealed effective for taxable years beginning on or after January 1, 2013."

SECTION 10.(b) G.S. 105-160.3(b) reads as rewritten:

"(b) The following credits are not allowed to an estate or trust:

(1) G.S. 105-151. Tax credits for income taxes paid to other states by individuals.

(2) G.S. 105-151.11. Credit for child care and certain employment-related expenses.

(3) G.S. 105-151.18. Credit for the disabled.

(4) G.S. 105-151.24. Credit for children.

(5) G.S. 105-151.26. Credit for charitable contributions by nonitemizers.

(6) Repealed by Session Laws 2004-170, s. 17, effective August 2, 2004.

(7) G.S. 105-151.28. Credit for long-term care insurance.

(8) G.S. 105-151.30. Credit for recycling oyster shells.

(9) G.S. 105-151.31. Earned income tax credit."

SECTION 10.(c) This section is effective for taxable years beginning on or after January 1, 2007.

SECTION 11. This act does not affect the rights or liabilities of the State, a county, a taxpayer, or another person arising under a statute amended or repealed by this section before the effective date of its amendment or repeal; nor does it affect the right to any refund or credit of a tax that accrued under the amended or repealed statute before the effective date of its amendment or repeal.

SECTION 12. Except as otherwise provided, this act is effective when it becomes law.

SENATE BILL 1484:
State Assume Medicaid Responsibilities

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 19, 2007
Introduced by:	Sen. Rand	**Summary by:**	Cindy Avrette
Version:	S1484-CSRBx-34		Committee Counsel

SUMMARY: The proposed committee substitute for Senate Bill 1484 does the following:

- ***It phases out the county's share of the nonfederal share of Medicaid costs, beginning January 1, 2008. The State will completely assume the county's share of the costs of the medical services provided under the Medicaid Program by July 1, 2009. The cost of assuming the county share of the Program expenses is estimated to be $617 million in fiscal year 2009-10.***
- ***It makes corresponding changes to State and local revenue streams, effective January 1, 2008.***
    - ***Repeals the third ½% local sales tax, repeals .125% of the first ½% local sales tax, and increases the State sales tax rate by a corresponding 0.625%.***
    - ***It provides that all of the excise tax on conveyances will be remitted to the State.***
    - ***It repeals the corporate income tax earmarking to the Public School Building Capital Fund.***
    - ***It repeals the distribution of the excise tax on wine and beer to the counties.***
- ***It authorizes counties to impose additional ½% sales and use tax. The sales tax revenue would not be shared with the municipalities. At least 75% of the revenue from the tax must be used for public school capital needs, community college plant fund purposes, water and sewer, and other infrastructure needs.***
- ***It requires each county to hold harmless the municipalities located in it from the repeal of the ½% local sales and use tax. The Secretary of Revenue will redistribute from the county's share of the 1% local sales and use tax proceeds an amount equal to the amount the municipalities in that county received in fiscal year 2006-07 under Article 44 before its repeal.***
- ***It holds the counties harmless in fiscal year 2007-08 and fiscal year 2008-09 from the changes made by this act.***
- ***It expands the gross premiums tax base to include the taxation of annuities, effective for taxable years beginning on or after January 1, 2009.***
- ***It establishes a nonrefundable earned income tax credit, effective for taxable years beginning on or after January 1, 2007, and expiring for taxable years beginning on or after January 1, 2013.***

BILL ANALYSIS: The estimated Medicaid Program service expenditures for fiscal year 2007-08 total $9,665,505,739. Of this amount, $517,161,525 is the estimated county share. This amount continues to grow. The proposed committee substitute for Senate Bill 1484 would relieve the counties of the costs of medical services provided under the Medicaid Program. The counties would continue to be responsible for the costs of administering the Program. The State would assume the costs as follows:

- Effective for Medicaid costs incurred on or after January 1, 2008, the State would assume 50% of the nonfederal share.

- Effective for Medicaid costs incurred on or after July 1, 2008, the State would assume 75% of the nonfederal share.
- Effective for Medicaid costs incurred on or after July 1, 2009, the State would assume 100% of the nonfederal share.

The bill makes corresponding changes to State and local revenue streams to enable the State to assume the county's share of the costs of the medical services provided under the Medicaid Program.

SALES TAX 'SWAP': Effective January 1, 2008, section 2 of the bill would do the following:

- Repeal the county's authority to levy local ½% sales and use tax under Article 44 of Chapter 105 of the General Statutes.
- Repeal 0.125% of the county's authority to levy local ½% sales and use tax under Article 40 of Chapter 105 of the General Statutes. Counties would continue to levy a 0.375% local sales and use tax under Article 40.
- Simultaneous to the repeal of the local sales tax, the State sales and use tax rate would increase by 0.625% from 4% to 4.625%.

COUNTY LOCAL OPTION ½% SALES TAX: Section 7 of the bill would authorize all counties of the State to levy a one-half cent sales tax. Like the local tax being repealed, this new tax would not apply to food. As with the existing statewide local options sales taxes, the county could choose to levy the tax by resolution after 10 days' public notice and a public hearing, or could choose to submit the question to the voters in a special election held after 30 days' public notice. The earliest the new tax could become effective in a county is January 1, 2008. Unlike the local tax being repealed, all of the net proceeds of the tax would be allocated to the counties on a point-of-origin basis. A county must use at least 75% of the tax proceeds for one or more of the following purposes: public school capital outlay; community college capital outlay; water, sewer, or other infrastructure; and retirement of indebtedness incurred by the county for one or more of the authorized purposes during the period beginning three years prior to the effective date of the levy of the tax. As with the existing local sales taxes, the State's costs of collecting and administering the new tax come from the local tax proceeds.

CITY HOLD HARMLESS: Section 8 of the bill would direct the Secretary of Revenue to withhold from a county the amount distributed in fiscal year 2006-07 to the municipalities located in that county under Article 44 before its repeal. This section holds the cities harmless from the repeal of the local option sales tax; however, it does not provide the cities with the potential growth of revenue from a sales tax.

COUNTY HOLD HARMLESS: Section 9 of the bill would provide that counties would benefit from the changes made by this bill. The section defines a county's hold harmless threshold for a fiscal year as the county's Medicaid service costs assumed by the State for that fiscal year plus $100,000. If the amount of local sales tax revenue available to a county under Article 46 of Chapter 105 for a fiscal year is less than the county's hold harmless threshold for that fiscal year, the Secretary of Revenue must send to the county the difference between the amount of revenue available to the county under Article 46 and the county's hold harmless threshold amount. The Secretary must send this amount to the county by August 15 following the end of the fiscal year. This section applies only to fiscal years 2007-2008 and 2008-2009.

EXCISE TAX ON CONVEYANCES: The excise tax on conveyances, known as the deed stamp tax, is a State tax on instruments transferring an interest in real property. The register of deeds of the county in which the property is located collects the tax when the deed transferring the property is recorded. The tax rate is $1.00 for each $500.00 (0.2%) of the value of the property conveyed. The

county retains one-half of the net proceeds of the tax and remits the remaining one-half to the State. 75% of the funds remitted to the State is dedicated to the Parks and Recreation Trust Fund created in G.S. 113-44.15 and 25% is dedicated to the Natural Heritage Trust Fund created in G.S. 113-77.7. None of the State's share of the deed stamp tax goes to the General Fund.

Effective January 1, 2008, section 3 of the bill would eliminate the county's share of this tax revenue. The entire proceeds of the deed stamp tax would be remitted to the State. Of that amount, 50% would be credited to the General Fund. The remaining 50% would continue to be dedicated to the Parks and Recreation Trust Fund and the Natural Heritage Trust Fund. This section repeals the statutes that require the counties to enforce the collection of the tax and to refund overpayments of the tax. These responsibilities would be assumed by the State and governed by the general administrative tax provisions of Article 9 of Chapter 105 of the General Statutes.

CORPORATE INCOME TAX EARMARKING: In 1987, as part of a tax package that included repeal of the property tax on inventories, the corporate income tax was increased to 7% and one-half of the additional 1% was dedicated to public school capital needs. Effective January 1, 2008, section 4 of this bill would eliminate the corporate income tax earmarking to the Public School Building Capital Fund.

COUNTY SHARE OF BEER AND WINE TAX PROCEEDS: The excise tax on beer and wine is a State imposed tax. However, the State distributes a portion of the tax revenue to counties and cities in which the retail sale of these beverages is authorized. Effective January 1, 2008, section 5 of this bill would repeal the sharing of this revenue with counties. Cities would continue to receive the same relative distribution percentage.

EXPAND GROSS PREMIUMS TAX TO INCLUDE ANNUITIES: Prior to 1995, the 1.9% gross premiums tax included the taxation of annuities. Effective for taxable years beginning on or after January 1, 2009, section 6 of this bill would expand the tax base to include annuities.[1] The taxation of annuities under this section differs from the taxation of annuities prior to 1995 in that it taxes annuities on the "front end" as opposed to the "back end". Under the 1994 law, the tax was paid when the annuity payments began rather than when money was deposited with the insurance company to fund the annuity. When payments on an annuity began, the tax was calculated as 1.9% of the present value of the stream of income to be received under the annuity. The insurer deducted the amount of the tax from the initial payments to be made under the annuity.

NONREFUNDABLE EARNED INCOME TAX CREDIT: Section 10 of the bill would establish a nonrefundable State earned income tax credit. The credit would be equal to 12% of an individual's federal earned income tax credit. It would become effective for taxable years beginning on or after January 1, 2007, and expire for taxable years beginning on or after January 1, 2013.

The Internal Revenue Code provides a refundable earned income tax credit for individuals who work and whose adjusted gross income does not exceed a specified amount.[2] The credit is intended to offset some of the increases in living expenses and social security taxes and provide an incentive for low-income families to work instead of collect welfare. If the credit allowed exceeds the amount of tax imposed, the excess is refundable to the taxpayer.

To be eligible for the credit, an individual must meet the following requirements:

- Have a valid social security number.

[1] The increase in the gross premiums tax base will also mean an increase in revenues derived from the insurance regulatory fee, unless the rate is reduced.

[2] Congress enacted the credit in 1975.

- Have earned income from employment or self-employment.[3]
- Be a U.S. citizen, a resident alien all year, or a nonresident alien married to a U.S. citizen or resident alien and filing a joint return.
- Can not be a qualifying child of another person.
- Have a qualifying child OR meet the following requirements:
    - Age 25 but under age 65 at the end of the year.
    - Live in the U.S. for more than half the year.

The amount of the federal credit varies depending upon whether the taxpayer has children and the amount of earned income the taxpayer has. The credit is phased out as the taxpayer's earned income rises. To qualify for the credit in 2006, an individual's earned income may not exceed $38,348 for an individual who is married filing jointly with two or more qualifying children.[4] The maximum federal credit amount allowed in 2006 is $4,536 for an individual with two or more qualifying children; for North Carolina, the maximum credit amount would be approximately $544. The maximum federal credit amount in 2006 for an individual with no children is $412; for North Carolina the maximum credit amount would be approximately $49. The earned income amounts and the credit amounts are indexed to inflation.

In the 2005 tax year, more than 22 million individuals received $41.4 billion in the federal earned income tax credit. However, the IRS estimates that 20 to 25% of people who qualify for the credit do not claim it. As of 2006, 20 states offer an earned income tax credit. In most instances, the credit is refundable. North Carolina has three other refundable tax credits: credit for qualifying expenses of a production company, credit for low-income housing, and credit for reinvestment by major recycling facilities.

[3] Earned income includes wages, salaries, tips, and net earnings from self-employment. It does not include interest and dividends, social security benefits, pensions or annuities, alimony, child support, or unemployment compensation, etc.
[4] The income limit is $12,120 ($14,120 MFJ) if no qualifying children; the income limit is $32,001 ($34,001 if MFJ) if one qualifying child. A person's investment income must be $2,800 or less for the year to qualify.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 1

SENATE BILL 1484

Short Title:	Sales Tax Medicaid Swap.	(Public)
Sponsors:	Senator Rand.	
Referred to:	Finance.	

March 27, 2007

A BILL TO BE ENTITLED

AN ACT TO SHIFT THE ENTIRE NONFEDERAL SHARE OF MEDICAID TO THE STATE AND TO MAKE CORRESPONDING CHANGES TO STATE AND LOCAL REVENUE STREAMS.

The General Assembly of North Carolina enacts:

PART I. MEDICAID CHANGES

SECTION 1.1. Effective July 1, 2007, the nonfederal share of Medical Assistance Program costs, excluding administrative costs, shall be borne by the State.

SECTION 1.2. This part is effective when it becomes law.

PART II. SALES AND USE TAX CHANGES

SECTION 2.1. The lead-in language of G.S. 105-164.4(a) reads as rewritten:

"(a) A privilege tax is imposed on a retailer at the following percentage rates of the retailer's net taxable sales or gross receipts, as appropriate. The general rate of tax is four percent ~~(4%).~~(4%) plus any amount converted to a State tax under Articles 39 and 40 of this Chapter.

...."

SECTION 2.2. Article 39 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-475. Conversion to State tax; hold harmless.**

(a) Conversion. – Effective July 1, 2007, a portion of a tax levied under this Article is converted to a State sales and use tax. The portion of the tax that is converted to a State tax is equal to fifty percent (50%) of the tax imposed. On or after that date, a county has the authority to enact or repeal the local portion of the tax only.

(b) City Hold Harmless. – A county shall ensure that the municipalities within the county receive the same distribution that they received from a tax levied under this Article for the 2006-2007 fiscal year."

SECTION 2.3. Chapter 1096 of the 1967 Session Laws is amended by adding a new section to read:

"Section 10.4. Effective July 1, 2007, a portion of a tax levied under this act is converted to a State sales and use tax. The portion of the tax that is converted to a State tax is equal to fifty percent (50%) of the tax imposed. On or after that date, Mecklenburg County has the authority to enact or repeal the local portion of the tax only. Mecklenburg County shall ensure that the municipalities within the County receive the same distribution that they received from a tax levied under this act for the 2006-2007 fiscal year."

SECTION 2.4. G.S. 105-481 is repealed.

SECTION 2.5. G.S. 105-486 is repealed.

SECTION 2.6. G.S. 105-487 is repealed.

SECTION 2.7. Article 40 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-487.1. Conversion to State tax; hold harmless.**

(a) Conversion. – Effective July 1, 2007, a tax levied under this Article is converted to a State sales and use tax. On or after that date, a county has no authority to enact or repeal the tax.

(b) City Hold Harmless. – A county shall ensure that the municipalities within the county receive the same distribution that they received from a tax levied under this Article for the 2006-2007 fiscal year."

SECTION 2.8. Chapter 105 of the General Statutes is amended by adding a new Article to read:

"Article 46.

"Second One-Cent (1¢) Local Government Sales and Use Tax.

"**§ 105-535. Short title.**

This Article is the Second One-Cent (1¢) Local Government Sales and Use Tax Act.

"**§ 105-536. Limitations.**

This Article applies only to counties that levy the first one-cent (1¢) local sales and use tax under Article 39 of this Chapter or under Chapter 1096 of the 1967 Session Laws, the first one-half cent (1/2¢) local sales and use tax under Article 40 of this Chapter, the second one-half cent (1/2¢) local sales and use tax under Article 42 of this Chapter, and the third one-half cent (1/2¢) local sales and use tax under Article 44 of this Chapter.

"**§ 105-537. Levy.**

The board of county commissioners may, by resolution and after 10 days' public notice, levy a local sales and use tax under this Article. The board of county commissioners must specify the rate of tax in the resolution levying the tax. The rate of a tax levied under this Article may not exceed one percent (1%) and must be an increment of one-quarter percent (1/4%). A county may levy multiple taxes under this Article so long as the total rate of all taxes levied under this Article does not exceed one percent (1%).

"**§ 105-538. Administration.**

Except as provided in this Article, the adoption, levy, collection, administration, distribution, and repeal of the additional taxes authorized by this Article shall be in accordance with Article 39 of this Chapter. Notwithstanding the provisions of

G.S. 105-466, a tax may be imposed under this Article as early as July 1, 2007. The provisions of Article 39 regarding advisory referenda do not apply to a tax levied under this Article. The provisions of G.S. 105-472 requiring counties to share the proceeds of a tax with municipalities in the county do not apply to a tax levied under this Article."

SECTION 2.9. A tax levied under Article 46 of Chapter 105 of the General Statutes, as enacted by this act, does not apply to construction materials purchased to fulfill a lump-sum or unit-price contract entered into or awarded before the effective date of the levy or entered into or awarded pursuant to a bid made before the effective date of the levy when the construction materials would otherwise be subject to the tax levied under Article 46 of Chapter 105 of the General Statutes.

SECTION 2.10. G.S. 105-269.14(b) reads as rewritten:

"(b) Distribution. – The Secretary must distribute a portion of the net use tax proceeds collected under this section to counties and cities. The portion to be distributed to all counties and cities is the total net use tax proceeds collected under this section multiplied by a fraction. The numerator of the fraction is the local use tax proceeds collected under this section. The denominator of the fraction is the total use tax proceeds collected under this section. The Secretary must distribute this portion to the counties and cities in proportion to their total distributions under Articles 39, ~~40,~~ 42, 43, ~~and 44~~44, 45, and 46 of this Chapter and Chapter 1096 of the 1967 Session Laws for the most recent period for which data are available. The provisions of G.S. 105-472, ~~105-486, and 105-501~~105-501, 105-510, 105-520, 105-531, and 105-538 do not apply to tax proceeds distributed under this section."

SECTION 2.11. Sections 2.1, 2.4, 2.5, and 2.6 of this part become effective July 1, 2007, and apply to sales made on or after that date. Section 2.10 of this part is effective for taxable years beginning on or after January 1, 2008. The remainder of this part is effective when it becomes law.

PART III. EFFECTIVE DATE

SECTION 3.1. Except as otherwise provided, this act is effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S D

SENATE BILL 1484
PROPOSED COMMITTEE SUBSTITUTE S1484-CSRBx-36 [v.3]

6/25/2007 5:42:51 PM

Short Title: State Assume Medicaid Responsibilities. (Public)

Sponsors:

Referred to:

March 27, 2007

A BILL TO BE ENTITLED

AN ACT TO PHASE OUT THE COUNTY SHARE OF THE NONFEDERAL SHARE OF MEDICAID COSTS; TO MAKE CORRESPONDING CHANGES TO STATE AND LOCAL REVENUE STREAMS; TO AUTHORIZE COUNTIES TO LEVY AN ADDITIONAL ONE-HALF CENT (1/2¢) LOCAL OPTION SALES TAX; AND TO PROVIDE A NONREFUNDABLE EARNED INCOME TAX CREDIT.

The General Assembly of North Carolina enacts:

SECTION 1.(a). Effective January 1, 2008, fifty percent (50%) of the nonfederal share of Medical Assistance Program costs borne by the counties, excluding administrative costs, shall be borne by the State.

SECTION 1.(b) Effective July 1, 2008, seventy-five percent (75%) of the nonfederal share of Medical Assistance Program costs borne by the counties, excluding administrative costs, shall be borne by the State.

SECTION 1.(c) Effective July 1, 2009, G.S. 108A-54 reads as rewritten:

"**§ 108A-54. Authorization of Medical Assistance Program.**

The Department is authorized ~~and empowered~~ to establish a Medical Assistance Program ~~from federal, State and county appropriations~~ and to adopt rules ~~and regulations under which payments are to be made in accordance with the provisions of this Part.~~ to implement the Program. The State is responsible for the nonfederal share of the costs of medical services provided under the Program. A county is responsible for the county's cost of administering the Program in that county. ~~The nonfederal share may be divided between the State and the counties, in a manner consistent with the provisions of the federal Social Security Act, except that the share required from the counties may not exceed the share required from the state. If a portion of the nonfederal share is required from the counties, the boards of county commissioners of the several counties shall levy, impose and collect the taxes required for the special purpose of medical assistance as provided in this Part, in an amount sufficient to cover each county's share of such assistance.~~"

SECTION 1.(d) Subsection (a) of this section becomes effective January 1, 2008, and applies to Medicaid costs incurred on or after that date. Subsection (b) of this section becomes effective July 1, 2008, and applies to Medicaid costs incurred on or after that date. Subsection (c) of this section becomes effective July 1, 2009, and applies to Medicaid costs incurred on or after that date.

SECTION 2.(a) G.S. 105-515, 105-516, 105-517, 105-518, 105-519, and 105-520 are repealed.

SECTION 2.(b) Article 42 of Chapter 105 reads as rewritten:

"Article 42.

~~Second One-Half Cent (1/2¢)~~ Three-Eighths Cent (3/8¢) Local Government Sales and Use Tax.

§ 105-495. Short title.

This Article shall be known as the ~~Second One-Half Cent (1/2¢)~~ Three-Eighths Cent (3/8¢) Local Government Sales and Use Tax Act.

§ 105-496. Purpose and intent.

It is the purpose of this Article to afford the counties and cities of this State an opportunity to obtain an added source of revenue with which to meet their growing financial needs, and to reduce their reliance on other revenues, such as the property tax and federal revenue sharing, by providing all counties of the State that are subject to this Article with authority to levy ~~one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) sales and use taxes.

§ 105-497. Limitations.

This Article applies only to counties that levy one percent (1%) sales and use taxes under Article 39 of this Chapter or under Chapter 1096 of the 1967 Session Laws and also levy one-half percent (1/2%) local sales and use taxes under Article 40 of this Chapter.

§ 105-498. Levy and collection of additional taxes.

Any county subject to this Article may levy ~~one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) local sales and use taxes in addition to any other State and local sales and use taxes levied pursuant to law. Except as provided in this Article, the adoption, levy, collection, distribution, administration, and repeal of these additional taxes shall be in accordance with Article 39 of this Chapter. In applying the provisions of Article 39 of this Chapter to this Article, references to "this Article" mean Article 42 of this Chapter. The exemption for building materials in G.S. 105-468.1 does not apply to taxes levied under this Article.

§ 105-499. Form of ballot.

(a) The form of the question to be presented on a ballot for a special election concerning the additional taxes authorized by this Article shall be: "FOR ~~one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) local sales and use taxes in addition to the current one and one-half percent (1 1/2%) local sales and use taxes" or "AGAINST ~~one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) local sales and use taxes in addition to the current one and one-half percent (1 1/2%) local sales and use taxes."

(b) The form of the question to be presented on a ballot for a special election concerning the repeal of any additional taxes levied pursuant to this Article shall be: "FOR repeal of the additional one~~-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) local sales and use taxes, thus reducing local sales and use taxes to one and one-half percent (1 1/2%)" or "AGAINST repeal of the additional ~~one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) local sales and use taxes, thus reducing local sales and use taxes to one and one-half percent (1 1/2%)."

§ 105-501. Distribution of additional taxes.

The Secretary shall, on a monthly basis, allocate the net proceeds of the ~~additional one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) sales and use taxes levied under this Article to the taxing counties on a per capita basis according to the most recent annual population estimates certified to the Secretary by the State Budget Officer. The Secretary shall then adjust the amount allocated to each county as provided in G.S. 105-486(b). The amount allocated to each taxing county shall then be divided among the county and the municipalities located in the county in accordance with the method by which the one percent (1%) sales and use taxes levied in that county pursuant to Article 39 of this Chapter or Chapter 1096 of the 1967 Session Laws are distributed. No municipality may receive any funds under this section if it was incorporated with an effective date of on or after January 1, 2000, and is disqualified from receiving funds under G.S. 136-41.2. No municipality may receive any funds under this section, incorporated with an effective date on or after January 1, 2000, unless a majority of the mileage of its streets are open to the public. The previous sentence becomes effective with respect to distribution of funds on or after July 1, 1999.

In determining the net proceeds of the tax to be distributed, the Secretary shall deduct from the collections to be allocated an amount equal to one-twelfth of the costs during the preceding fiscal year of:

(1) The Department of Revenue in performing the duties imposed by G.S. 105-275.2 and by Article 15 of this Chapter.

(1a) Seventy percent (70%) of the expenses of the Department of Revenue in performing the duties imposed by Article 2D of this Chapter.

(2) The Property Tax Commission.

(3) The School of Government at the University of North Carolina at Chapel Hill in operating a training program in property tax appraisal and assessment.

(4) The personnel and operations provided by the Department of State Treasurer for the Local Government Commission.

§ 105-502. Use of additional tax revenue by counties.

(a) Sixty percent (60%) of the revenue received by a county under this Article during the first 25 fiscal years in which the tax is in effect may be used by the county only for public school capital outlay purposes as defined in G.S. 115C-426(f) or to retire any indebtedness incurred by the county for these purposes during the period beginning five years prior to the date the taxes took effect.

(b) The Local Government Commission may, upon petition by a county, authorize a county to use part or all of its tax revenue, otherwise required by subsection (a) to be used for public school capital outlay purposes, for any lawful purpose. The petition shall be in the form of a resolution adopted by the Board of County Commissioners and transmitted to the Local Government Commission. The petition shall demonstrate that the county can provide for its public school capital needs without restricting the use of part or all of the designated amount of the ~~additional one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) sales and use tax revenue for these purposes.

In making its decision, the Local Government Commission shall consider information in the petition concerning not only the public school capital needs but also the other capital needs of the petitioning county. The Commission may consider information from sources other than the petition. The Commission shall issue a written decision on each petition stating the findings of the Commission concerning the public school capital needs of the petitioning county and the percentage of revenue otherwise restricted by subsection (a) that may be used by the petitioning county for any lawful purpose.

Decisions of the Commission allowing counties to use a percentage of their tax revenue that would otherwise be restricted under subsection (a) for any lawful purpose are final and shall continue in effect until the restrictions imposed by those subsections expire. A county whose petition is denied, in whole or in part, by the Commission may subsequently submit a new petition to the Commission.

(c) A county may expend part or all of the revenue restricted for public school capital needs pursuant to subsection (a) in the fiscal year in which the revenue is received, or the county may place part or all of this revenue in a capital reserve fund and shall specifically identify this revenue in accordance with Chapter 159 of the General Statutes.

(d) For purposes of this section in determining the number of fiscal years in which ~~one-half percent (1/2%)~~ three hundred seventy-five thousandths percent (0.375%) sales and use taxes levied under this Article have been in effect in a county, these taxes are considered to be in effect only from the effective date of the levy of these taxes and are considered to be in effect for a full fiscal year during the first year in which these taxes were in effect, regardless of the number of months in that year in which the taxes were actually in effect."

SECTION 2.(c) A county that levied and imposed the second one –half cent (1/2¢) local sales and use tax under Article 42 of Chapter 105 of the General Statutes on December 31, 2007, may levy and impose the three-eighths cent (3/8¢)local sales and use tax authorized under this Article, as amended by this act, without any further action on its part. A resolution enacted to levy the second one-half cent (1/2¢) local sales and use tax prior to January 1, 2008, is considered to be a resolution authorizing the levy of the three-eights cent (3/8¢) local sales and use tax authorized under this Article, as amended by this act.

SECTION 2.(d) G.S. 105-164.4(a) reads as rewritten:

"(a) A privilege tax is imposed on a retailer at the following percentage rates of the retailer's net taxable sales or gross receipts, as appropriate. The general rate of tax is ~~four percent (4%).~~four and six hundred twenty-five thousandths percent (4.625%)."

SECTION 2.(e) G.S. 105-164.44F(a) reads as rewritten:

"(a) Amount. – The Secretary must distribute part of the taxes imposed by G.S. 105-164.4(a)(4c) on telecommunications service and ancillary service. The Secretary must make the distribution within 75 days after the end of each calendar quarter. The amount the Secretary must distribute is the following percentages of the net proceeds of the taxes collected during the quarter:

(1) ~~Nineteen and forty-two one-hundredths percent (19.42%)~~ Seventeen and eighty-four one-hundredths percent (17.84%) minus two million six hundred twenty thousand nine hundred forty-eight dollars ($2,620,948), must be distributed to cities in accordance with this section. The deduction is one-fourth of the annual amount by which the distribution to cities of the gross receipts franchise tax on telephone companies, imposed by former G.S. 105-20, was required to be reduced beginning in fiscal year 1995-96 as a result of the "freeze deduction."

(2) ~~Eight percent (8%)~~ Seven and thirty-five one-hundredths percent (7.35%) must be distributed to counties and cities as provided in G.S. 105-164.44I."

SECTION 2.(f) G.S. 105-164.44I(a) reads as rewritten:

"(a) Distribution. – The Secretary must distribute to the counties and cities part of the taxes imposed by G.S. 105-164.4(a)(4c) on telecommunications service and G.S. 105-164.4(a)(6) on video programming service. The Secretary must make the distribution within 75 days after the end of each calendar quarter. The amount the Secretary must distribute is the sum of the revenue listed in this subsection. The Secretary must distribute two million dollars ($2,000,000) of this amount in accordance with subsection (b) of this section and the remainder in accordance with subsections (c) and (d) of this section. The revenue to be distributed under this section consists of the following:

(1) The amount specified in G.S. 105-164.44F(a)(2).

(2) ~~Twenty-five percent (25%)~~ Twenty-three percent (23%) of the net proceeds of the taxes collected during the quarter on video programming, other than on direct-to-home satellite service.

(3) ~~Thirty-seven and five tenths percent (37.5%)~~ Thirty-four and five-tenths percent (37.5%) of the net proceeds of the taxes collected during the quarter on direct-to-home satellite service."

SECTION 2.(g) Subsections (a) through (d) of this section become effective January 1, 2008, and apply to sales made on or after that date. Subsections (e) and (f) of this section apply to distributions made on or after April 1, 2008 for calendar quarters ending on or after January 1, 2008.

SECTION 3.(a) G.S. 105-228.30(b) reads as rewritten:

"(b) The register of deeds of each county must remit the proceeds of the tax levied by this section to the county finance officer. The finance officer of each county must ~~credit one-half of the proceeds to the county's general fund and~~ remit the ~~remaining one-half of the proceeds, less the county's allowance for administrative expenses,~~ proceeds to the Department of Revenue on a monthly basis. ~~A county may retain two percent (2%) of the amount of tax proceeds allocated for remittance to the Department of Revenue as compensation for the county's cost in collecting and remitting the State's share of the tax. Of the funds remitted to it pursuant to this section, the~~ The Department ~~of Revenue~~ must credit the proceeds remitted to it as follows:

(1) Fifty percent (50%) to the General Fund.

(2) ~~seventy-five percent (75%)~~ Thirty-seven and five-tenths percent (37.5%) to the Parks and Recreation Trust Fund established under ~~G.S. 113-44.15 and~~ G.S. 113-44.15.

(3) ~~twenty-five percent (25%)~~ Twelve and five-tenths percent (12.5%) to the Natural Heritage Trust Fund established under G.S. 113-77.7."

SECTION 3.(b) G.S. 105-228.33 and G.S. 105-228.37 are repealed.

SECTION 3.(c) G.S. 105-228.35 reads as rewritten:

"**§ 105-228.35. Administrative provisions.**

~~Except as otherwise provided in this Article, the~~ The provisions of Article 9 of this Chapter apply to this Article.

Before a tax imposed under this Article may be refunded, the taxpayer must record a new instrument reflecting the correct amount of tax due. If no tax is due because an instrument was recorded in the wrong county, then the taxpayer must record a document stating that no tax was owed because the instrument being corrected was recorded in the wrong county. The taxpayer must include in the document the names of the grantors and grantees and the deed book and page number of the instrument being corrected.

When a taxpayer records a corrected instrument, the taxpayer must inform the register of deeds that the instrument being recorded is a correcting instrument. The taxpayer must give the register of deeds a copy of the decision granting the refund that shows the correct amount of tax due. The correcting instrument must include the deed book and page number of the instrument being corrected. The register of deeds must notify the Secretary when the correcting instrument has been recorded."

SECTION 3.(d) This section becomes effective January 1, 2008, and applies to transfers occurring on or after that date.

SECTION 4.(a) G.S. 115C-546.1 reads as rewritten:

"**§ 115C-546.1. Creation of Fund; administration.**

(a) There is created the Public School Building Capital Fund. The Fund shall be used to assist county governments in meeting their public school building capital needs and their equipment needs under their local school technology plans. All funds deposited in the Public School Building Capital Fund shall be invested as provided in G.S. 147-69.2 and G.S. 147-69.3.

(b) ~~Each calendar quarter, the Secretary of Revenue shall remit to the State Treasurer for credit to the Public School Building Capital Fund an amount equal to the applicable fraction provided in the table below of the net collections received during the~~

~~previous quarter by the Department of Revenue under G.S. 105-130.3. All funds deposited in the Public School Building Capital Fund shall be invested as provided in G.S. 147-69.2 and G.S. 147-69.3.~~

~~Period~~	~~Fraction~~
~~10/1/97 to 9/30/98~~	~~One fifteenth (1/15)~~
~~10/1/98 to 9/30/99~~	~~Two twenty-ninths (2/29)~~
~~10/1/99 to 9/30/00~~	~~One fourteenth (1/14)~~
~~After 9/30/00~~	~~Five sixty-ninths (5/69)~~

(c) The Fund shall be administered by the Department of Public Instruction."

SECTION 4.(b) G.S. 115C-546.2(a), (b), and (c) are repealed.

SECTION 4.(c) Subsection (a) of this section becomes effective January 1, 2008. Subsection (b) of this section becomes effective upon certification by the Department of Public Instruction that all revenue allocated to the Public School Building Capital Fund from corporate income tax revenue has been disbursed.

SECTION 5.(a) G.S. 105-113.82 reads as rewritten:

"**§ 105-113.82. Distribution of part of beer and wine taxes.**

(a) Amount, Method. – The Secretary shall distribute annually the following percentages of the net amount of excise taxes collected on the sale of malt beverages and wine during the preceding 12-month period ending March 31, less the amount of the net proceeds credited to the Department of Commerce under G.S. 105-113.81A, to the ~~counties and~~ cities in which the retail sale of these beverages is ~~authorized in the entire county or city:~~authorized and to the cities in a county in which ABC stores have been established by petition. The amount distributed to each city is to be determined on the basis of its population relative to the population of all the cities that receive a distribution under this section. The amounts distributed under each subdivision shall be computed separately.

(1) Of the tax on malt beverages levied under G.S. 105-113.80(a), ~~twenty-three and three-fourths percent (23¾%);~~ fifteen percent (15%).

(2) Of the tax on unfortified wine levied under G.S. 105-113.80(b), ~~sixty-two percent (62%); and~~ thirty-nine and nine-tenths percent (39.9%).

(3) Of the tax on fortified wine levied under G.S. 105-113.80(b), ~~twenty-two percent (22%).~~ fifteen and one-tenths percent (15.1%).

~~If malt beverages, unfortified wine, or fortified wine may be licensed to be sold at retail in both a county and a city located in the county, both the county and city shall receive a portion of the amount distributed, that portion to be determined on the basis of population. If one of these beverages may be licensed to be sold at retail in a city located in a county in which the sale of the beverage is otherwise prohibited, only the city shall receive a portion of the amount distributed, that portion to be determined on the basis of population. The amounts distributed under subdivisions (1), (2), and (3) shall be computed separately.~~

(b) Repealed by Session Laws 2000, c. 173, s. 3, effective August 2, 2000.

(c) ~~Exception. — Notwithstanding subsection (a), in a county in which ABC stores have been established by petition, the revenue shall be distributed as though the~~

~~entire county had approved the retail sale of a beverage whose retail sale is authorized in part of the county.~~

(d) Time. – The revenue shall be distributed to cities ~~and counties~~ within 60 days after March 31 of each year. The General Assembly finds that the revenue distributed under this section is local revenue, not a State expenditure, for the purpose of Section 5(3) of Article III of the North Carolina Constitution. Therefore, the Governor may not reduce or withhold the distribution.

(e) Population Estimates. – To determine the population of a city ~~or county~~ for purposes of the distribution required by this section, the Secretary shall use the most recent annual estimate of population certified by the State Budget Officer.

(f) City Defined. – As used in this section, the term "city" means a city as defined in G.S. 153A-1(1) or an urban service district defined by the governing body of a consolidated city-county.

(g) Use of Funds. – Funds distributed to a ~~county or~~ city under this section may be used for any public purpose.

(h) Disqualification. – No municipality may receive any funds under this section if it was incorporated with an effective date of on or after January 1, 2000, and is disqualified from receiving funds under G.S. 136-41.2. No municipality may receive any funds under this section, incorporated with an effective date on or after January 1, 2000, unless a majority of the mileage of its streets is open to the public. The previous sentence becomes effective with respect to distribution of funds on or after July 1, 1999."

SECTION 5.(b) This section becomes effective January 1, 2008, and applies to distributions made on or after that date.

SECTION 6.(a) G.S. 105-228.5(b1) reads as rewritten:

"(b1) Calculation of Tax Base. – In determining the amount of gross premiums from business in this State, all gross premiums received in this State, credited to policies written or procured in this State, or derived from business written in this State shall be deemed to be for contracts covering persons, property, or risks resident or located in this State unless one of the following applies:

(1) The premiums are properly reported and properly allocated as being received from business done in some other nation, territory, state, or states.

(2) The premiums are from policies written in federal areas for persons in military service who pay premiums by assignment of service pay.

Gross premiums from business done in this State in the case of life insurance contracts, including supplemental contracts providing for disability benefits, accidental death benefits, or other special ~~benefits that are not annuities,~~ benefits, means all premiums collected in the calendar year, other than for contracts of reinsurance, for policies the premiums on which are paid by or credited to persons, firms, or corporations resident in this State, or in the case of group policies, for contracts of insurance covering persons resident within this State. The only deductions allowed shall be for premiums refunded on policies rescinded for fraud or other breach of ~~contract and~~ contract; premiums that were paid in advance on life insurance contracts and

subsequently refunded to the insured, premium payer, beneficiary or ~~estate.~~ estate; and in the case of group annuity contracts, premiums returned because of a change in the composition of the group covered. Gross premiums shall be deemed to have been collected for the amounts as provided in the policy contracts for the time in force during the year, whether satisfied by cash payment, notes, loans, automatic premium loans, applied dividend, or by any other means except waiver of premiums by companies under a contract for waiver of premium in case of disability.

Gross premiums from business done in this State for all other health care plans and contracts of insurance, including contracts of insurance required to be carried by the Workers' Compensation Act, means all premiums written during the calendar year, or the equivalent thereof in the case of self-insurers under the Workers' Compensation Act, for contracts covering property or risks in this State, other than for contracts of reinsurance, whether the premiums are designated as premiums, deposits, premium deposits, policy fees, membership fees, or assessments. Gross premiums shall be deemed to have been written for the amounts as provided in the policy contracts, new and renewal, becoming effective during the year irrespective of the time or method of making payment or settlement for the premiums, and with no deduction for dividends whether returned in cash or allowed in payment or reduction of premiums or for additional insurance, and without any other deduction except for return of premiums, deposits, fees, or assessments for adjustment of policy rates or for cancellation or surrender of policies."

SECTION 6.(b) G.S. 105-228.5(c) reads as rewritten:

"(c) Exclusions. ~~Every insurer, in computing the premium tax, shall exclude all of the following from the gross amount of premiums, and the gross amount of excluded~~ The following premiums ~~is~~ are exempt from the tax imposed by this section:

(1) ~~All premiums~~ Premiums received ~~on or after July 1, 1973,~~ from policies or contracts issued in connection with the funding of a pension, annuity, or profit-sharing plan qualified or exempt under section 401, 403, 404, 408, ~~457~~ 457, or 501 of the ~~Code as defined in G.S. 105-228.90.~~Code.

~~(2) Premiums or considerations received from annuities, as defined in G.S. 58-7-15.~~

(3) Funds or considerations received in connection with funding agreements, as defined in G.S. 58-7-16.

(4) The following premiums, to the extent federal law prohibits their taxation under this Article:

a. Federal Employees Health Benefits Plan premiums.

b. Medicaid or Medicare premiums."

SECTION 6.(c) Subsections (a) and (b) of this subsection become effective for taxable years beginning on or after January 1, 2009, and apply to premiums or considerations received from annuities issued on or after that date.

SECTION 7.(a) Chapter 105 of the General Statutes is amended by adding a new Article to read:

"Article 46.

"One-Half Cent (1/2¢) County Sales and Use Tax.

"**§ 105-535. Short title.**

This Article is the One-Half Cent (1/2¢) County Sales and Use Tax Act.

"**§ 105-536. Limitations.**

This Article applies only to counties that levy the first one-cent (1¢) local sales and use tax under Article 39 of this Chapter or under Chapter 1096 of the 1967 Session Laws, the first one-half cent (1/2¢) local sales and use tax under Article 40 of this Chapter, and the second one-half cent (1/2¢) local sales and use tax under Article 42 of this Chapter.

"**§ 105-537. Levy.**

(a) After Vote. – If a majority of those voting in a special election held pursuant to this Article vote for the levy of the taxes in a county, the board of commissioners of a county may, by resolution, levy one-half percent (1/2%) local sales and use taxes in addition to any other State and local sales and use taxes levied pursuant to law.

(b) Without Vote. – If the question of whether to levy taxes under this Article has not been defeated in a special election held in the county within two years, the board of commissioners of a county may, by resolution, levy one-half percent (1/2%) local sales and use taxes in addition to any other State and local sales and use taxes levied pursuant to law. Before adopting a resolution under this subsection, the board of commissioners must give at least 10 days' public notice of its intent to adopt the resolution and must hold a public hearing on the issue of adopting the resolution.

(c) Effective Date. – A tax levied under this Article may not become effective before January 1, 2008.

"**§ 105-538. County election on adoption of tax.**

(a) Resolution. – The board of commissioners of a county may direct the county board of elections to conduct a special election on the question of whether to levy local one-half percent (1/2%) sales and use taxes in the county as provided in this Article. The election must be held on a date jointly agreed upon by the two boards and must be held in accordance with the procedures of G.S. 163-287.

(b) Ballot Question. – The question to be presented on a ballot for a special election concerning the levy of the taxes authorized by this Article must be in the following form:

[ ] FOR [ ] AGAINST
one-half percent (1/2%) county sales and use taxes, in
addition to all current State and local sales and use taxes.

"**§ 105-539. Administration of taxes.**

Except as provided in this Article, the adoption, levy, collection, administration, distribution, and repeal of the additional taxes authorized by this Article shall be in accordance with Article 39 of this Chapter. A tax levied under this Article does not apply to the sales price of food that is exempt from tax pursuant to G.S. 105-164.13B. The provisions of G.S. 105-472 requiring counties to share the proceeds of a tax with municipalities in the county do not apply to a tax levied under this Article.

"**§ 105-540. Distribution of additional taxes.**

The Secretary must, on a monthly basis, allocate to each taxing county the net proceeds of the additional one-half percent (1/2%) sales and use taxes collected in that county under this Article. If the Secretary collects taxes under this Article in a month and the taxes cannot be identified as being attributable to a particular taxing county. The Secretary must allocated the net proceeds of these taxes among the taxing counties in proportion to the amount of taxes collected in each county under this Article in that month.

"**§ 105-541. Use of additional tax revenue by counties.**

(a) Use of Revenue. – At least seventy-five percent (75%) of the revenue received by a county under this Article must be used by the county only for one or more of the authorized purposes listed in this subsection. The remainder of the revenue may be used for any public purpose. The authorized purposes are:

(1) Public school capital outlay.

(2) Community college capital outlay.

(3) Water, sewer, or other infrastructure.

(4) Retirement of indebtedness incurred by the county for one or more of the purposes listed in this subsection during the period beginning three years prior to the effective date of the levy of the tax.

(b) Nonsupplant. – It is the purpose of this Article for counties to appropriate at least seventy-five percent (75%) of the funds generated under this Article to increase the level of county spending for the authorized purposes listed in subsection (a) of this section. In each fiscal year a county levies a tax under this Article, it must spend for the purposes listed in subsection (a) of this section at least the amount of money it spent for those purposes in fiscal year 2006-2007 from all sources. All sources must include funds allocated to it under G.S. 115C-546.2(a) for public school capital outlay and twenty-five percent (25%) of the sales tax revenue required to be used by the county for public school capital outlay purposes under G.S. 105-501.

(c) Petition to Use Funds for Other Purposes. – The Local Government Commission may, upon petition by a county, authorize the county to use part or all its tax revenue, otherwise required to be used for the authorized purposes listed in subsection (a) of this section, for any lawful purpose. The petition must be in the form of a resolution adopted by the Board of County Commissioners and transmitted to the Local Government Commission. The petition must demonstrate that the county can provide for the authorized purposes without restricting the use of part or all of the designated amount of the additional one-half percent (1/2%) sales and use tax revenue for that purpose.

In making its decision, the Local Government Commission must consider information contained in the petition concerning not only the petitioning county's needs for the authorized purposes, but also its other capital needs. The Commission may consider information from sources other than the petition. The Commission must issue a written decision on each petition stating the findings of the Commission concerning the public school capital needs of the petitioning county and the percentage of revenue otherwise restricted by subsection (a) of this section that may be used by the petitioning county for any lawful purpose.

Decisions of the Commission allowing counties to use a percentage of their tax revenue that would otherwise be restricted under subsection (a) of this section for any lawful purpose are final. A county whose petition is denied, in whole or in part, by the Commission may subsequently submit a new petition to the Commission."

SECTION 7.(b) Notwithstanding the provisions of G.S. 105-466(c), a tax levied during the 2007 calendar year under Article 46 of Chapter 105 of the General Statutes, as enacted by this act, may become effective on the first day of any calendar month beginning on or after January 1, 2008. Notwithstanding the provisions of G.S. 105-466(c), if a county levies a tax during the 2007 calendar year under Article 46 of Chapter 105 of the General Statutes, as enacted by this act, the county is required to give the Secretary of Revenue only 30 days' advance notice of the tax levy. For taxes levied on or after January 1, 2008, the provisions of G.S. 105-466(c) apply.

SECTION 7.(c) A tax levied under Article 46 of Chapter 105 of the General Statutes, as enacted by this act, does not apply to construction materials purchased to fulfill a lump-sum or unit-price contract entered into or awarded before the effective date of the levy or entered into or awarded pursuant to a bid made before the effective date of the levy when the construction materials would otherwise be subject to the tax levied under Article 46 of Chapter 105 of the General Statutes.

SECTION 7.(d) G.S. 105-521 reads as rewritten:

"**§ 105-521. Transitional local government ~~hold-harmless.~~hold-harmless for repealed reimbursements.**

(a) Definitions. – The following definitions apply in this section:

(1) Local government. – A county or municipality that received a distribution of local sales taxes in the most recent fiscal year for which a local sales tax share has been calculated.

(2) Local sales tax share. – A local government's percentage share of the ~~two-cent (2¢)~~ local sales taxes distributed during the most recent fiscal year for which data are available.

(3) Repealed reimbursement amount. – The total amount a local government would have been entitled to receive during the 2002-2003 fiscal year under G.S. 105-164.44C, 105-275.1, 105-275.2, 105-277.001, and 105-277.1A, if the Governor had not withheld any distributions under those sections.

(4) ~~Two-cent (2¢)~~ Local sales taxes. – The first one-cent (1¢) sales and use tax authorized in Article 39 of this Chapter and in Chapter 1096 of the 1967 Session Laws, the first one-half cent (1/2¢) local sales and use tax authorized in Article 40 of this Chapter, and the ~~second one-half cent (1/2¢)~~ three-eighths cent (3/8¢) local sales and use tax authorized in Article 42 of this Chapter.

(5) Estimated sales tax revenue. – An amount equal to twenty-five percent (25%) of the revenue distributed under Article 39 of this Chapter and fifty percent (50%) of the revenue distributed under Article 40 of this Chapter.

(b) Distributions. – On or before August 15, 2003, and every August 15 through August 15, 2012, the Secretary must multiply each local government's local sales tax share by the amount of estimated ~~amount~~ sales tax revenue that all local governments ~~would be~~ are expected to receive during the current fiscal ~~year under G.S. 105-520 if every county levied the tax under this Article for the~~ year. If the resulting amount is less than one hundred percent (100%) of the local government's repealed reimbursement amount, the Secretary must pay the local government the difference, but not less than one hundred dollars ($100.00).

On or before May 1, 2003, and every May 1 through May 1, 2012, the Department of Revenue and the Fiscal Research Division of the General Assembly must each submit to the Secretary and to the General Assembly a final projection of the amount of estimated ~~amount~~ sales tax revenue that all local governments would be expected to receive during the upcoming fiscal ~~year under G.S. 105-520 if every county levied the tax under this Article for the fiscal~~ year. If, after May 1 and before a distribution is made, a law is enacted that would affect the projection, an updated projection must be submitted as soon as practicable. If the Secretary does not use the lower of the two final projections to make the calculation required by this subsection, the Secretary must report the reasons for this decision to the Joint Legislative Commission on Governmental Operations within 60 days after receiving the projections.

(c) Source of Funds. – The Secretary must draw the funds distributed under this section from sales and use tax collections under Article 5 of this Chapter.

(d) Reports. – The Secretary must report to the Revenue Laws Study Committee by January 31, 2004, and each January 31 through January 31, 2013, the amount distributed under this section for the current fiscal year."

SECTION 7.(e) G.S. 159-6(e) reads as rewritten:

"(e) In addition to any other fees authorized by this section, the Commission may charge and collect fees for services rendered and expenses incurred in reviewing and processing petitions of counties or cities concerning use of local sales and use tax revenue in accordance with ~~G.S. 105-487(c).~~ G.S. 105-487(c) and G.S. 105-541(c)."

SECTION 7.(f) G.S. 105-269.14(b) reads as rewritten:

"(b) Distribution. – The Secretary must distribute a portion of the net use tax proceeds collected under this section to counties and cities. The portion to be distributed to all counties and cities is the total net use tax proceeds collected under this section multiplied by a fraction. The numerator of the fraction is the local use tax proceeds collected under this section. The denominator of the fraction is the total use tax proceeds collected under this section. The Secretary must distribute this portion to the counties and cities in proportion to their total distributions under Articles 39, 40, 42, 43, ~~and 44~~ and 46 of this Chapter and Chapter 1096 of the 1967 Session Laws for the most recent period for which data are available. The provisions of G.S. 105-472, 105-486, ~~and 105-501~~ 105-501, and 105-540 do not apply to tax proceeds distributed under this section."

SECTION 7.(g) This section is effective when it becomes law.

SECTION 8.(a) Article 39 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-472.1. City hold-harmless for repealed local sales taxes.

(a) Amount. – A municipality's reimbursement amount is the sum of the following:

(1) The amount the municipality received in fiscal year 2006-2007 under Article 44 of this Chapter before its repeal.

(2) The amount the municipality received in fiscal year 2006-2007 from twenty-five percent (25%) of the tax levied under Article 42 of this Chapter before it was amended to reduce the tax rate.

(b) Reimbursement. – A county must reimburse a municipality located in it for its reimbursement amount. The Secretary must withhold from a county the amount to be distributed under G.S. 105-472 to a county for a reporting period the reimbursement amount for the municipalities in that county for the same reporting period in fiscal year 2006-2007. The Secretary must re-distribute the withheld amount to the municipalities."

SECTION 8.(b) Chapter 1096 of the 1967 Session Laws, as amended, is amended by adding a new subdivision to read:

"Sec. 6.1. City Hold-Harmless for Repealed Local Sales Taxes. (a) Amount. A municipality's reimbursement amount is the sum of the following (1) The amount the municipality received in fiscal year 2006-2007 under Article 44 of Chapter 105 of the General Statutes before its repeal; and (2) The amount the municipality received in fiscal year 2006-2007 from twenty-five percent (25%) of the tax levied under Article 42 of Chapter 105 of the General Statutes before it was amended to reduce the tax rate.

(b) Reimbursement. Mecklenburg County must reimburse a municipality located in it for its reimbursement amount. The Secretary must withhold from the amount to be distributed under this division to Mecklenburg County for a reporting period the reimbursement amount for the municipalities located in it for the same reporting period in fiscal year 2006-2007. The Secretary must re-distribute the withheld amount to the municipalities."

SECTION 9. (a) County Reimbursement. – If the amount of local sales tax revenue available to a county under Article 46 of Chapter 105 of the General Statutes, as enacted by this act, for a fiscal year is less than the county's hold harmless threshold for that fiscal year, the Secretary of Revenue must send to the county the difference between the amount of revenue available to the county under Article 46 of Chapter 105 of the General Statutes for the fiscal year and the county's hold harmless threshold. The Secretary of Revenue must send this amount to the county by August 15 following the end of the fiscal year.

(b) Local Sales Tax Available. – If a county imposes a tax under Article 46 of Chapter 105 of the General Statutes, as enacted by this act, effective January 1, 2008, the amount of sales tax available to a county under that Article for fiscal year 2007-2008 is the amount distributed under that Article plus the amount distributed under repealed Article 44 of Chapter 105 of the General Statutes after January 1, 2008. If a county does not impose a tax under Article 46 of Chapter 105 of the General Statutes effective January 1, 2008, the amount of sales tax available to a county under that Article for fiscal year 2007-2008 is the amount it would have received under that

Article if it had imposed the tax effective January 1, 2008, plus the amount distributed to it under repealed Article 44 after January 1, 2008.

For fiscal years on or after fiscal year 2008-2009, the amount of sales tax available to a county that imposes a tax under Article 46 of Chapter 105 of the General Statutes, as enacted by this act, is the amount distributed to it under that Article during the fiscal year. For all other counties, the amount of sales tax available to the county under Article 46 of Chapter 105 is the amount the county would have received under that Article if it had imposed the tax.

The Secretary must determine the amount of sales tax available to a county under Article 46 of Chapter 105 of the General Statutes, as enacted by this act. If a county does not impose a tax under that Article, the Secretary must make the determination based on the amount of taxes distributed to the county under Article 39 of this Chapter or Chapter 1096 of the 1969 Session Laws, not including any amount distributed for taxes on food that is subject to local sales taxes but not State sales taxes.

(c) County Hold Harmless Threshold. – A county's hold harmless threshold for a fiscal year is the county's Medicaid service costs assumed by the State under G.S. 108A-54 for the fiscal year plus one hundred thousand dollars ($100,000). If the sum of the following for a fiscal year is less than the county's hold harmless threshold for that fiscal year, then the State will reimburse the county as provided in this section:

(1) An amount equal to twenty-five percent (25%) of the revenue distributed to it under Article 39 of Chapter 105 of the General Statutes plus fifty percent (50%) of the revenue distributed to it under Article 40 of Chapter 105 of the General Statutes.

(2) An amount equal to twenty-five percent (25%) of the revenue distributed to it under Article 42 of Chapter 105 of the General Statutes.

(3) An amount equal to the sum of the following for the counties in which the retail sale of these beverages is authorized before January 1, 2008:

a. Of the tax on malt beverages levied under G.S. 105-113.80(a), twenty-three and three-fourths percent (23¾%).

b. Of the tax on unfortified wine levied under G.S. 105-113.80(b), sixty-two percent (62%).

c. Of the tax on fortified wine levied under G.S. 105-113.80(b), twenty-two percent (22%).

(4) An amount equal to fifty percent (50%) of the excise tax levied on conveyances under Article 8E of Chapter 105 of the General Statutes that are paid to the register of deeds of the county.

(5) An amount equal to five sixty-ninths (5/69) of the net collections received under G.S. 105-130.3 that would be allocable to the county under G.S. 115C-546.1.

The Secretary of the Department of Health and Human Resources must certify to the Secretary of Revenue the amount of Medicaid service costs assumed by the State for each county under G.S. 108A-54 for each fiscal year.

(d) Sunset. – This section expires July 1, 2012.

SECTION 10.(a) Part 2 of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-151.31. Earned income tax credit.**

(a) Credit. – An individual who claims for the taxable year an earned income tax credit under section 32 of the Code is allowed a credit against the tax imposed by this Part equal to twelve percent (12%) of the amount of credit the individual qualified for under section 32 of the Code.

(b) Limitations. – A nonresident or part-year resident who claims the credit allowed by this section shall reduce the amount of the credit by multiplying it by the fraction calculated under G.S. 105-134.5(b) or (c), as appropriate. The credit allowed under this section may not exceed the amount of tax imposed by this Part for the taxable year reduced by the sum of all credits allowed, except payments of tax made by or on behalf of the taxpayer.

(c) Sunset. – This section is repealed effective for taxable years beginning on or after January 1, 2013."

SECTION 10.(b) G.S. 105-160.3(b) reads as rewritten:

"(b) The following credits are not allowed to an estate or trust:

(1) G.S. 105-151. Tax credits for income taxes paid to other states by individuals.

(2) G.S. 105-151.11. Credit for child care and certain employment-related expenses.

(3) G.S. 105-151.18. Credit for the disabled.

(4) G.S. 105-151.24. Credit for children.

(5) G.S. 105-151.26. Credit for charitable contributions by nonitemizers.

(6) Repealed by Session Laws 2004-170, s. 17, effective August 2, 2004.

(7) G.S. 105-151.28. Credit for long-term care insurance.

(8) G.S. 105-151.30. Credit for recycling oyster shells.

(9) G.S. 105-151.31. Earned income tax credit."

SECTION 10.(c) This section is effective for taxable years beginning on or after January 1, 2007.

SECTION 11. This act does not affect the rights or liabilities of the State, a county, a taxpayer, or another person arising under a statute amended or repealed by this section before the effective date of its amendment or repeal; nor does it affect the right to any refund or credit of a tax that accrued under the amended or repealed statute before the effective date of its amendment or repeal.

SECTION 12. Except as otherwise provided, this act is effective when it becomes law.

SENATE BILL 1484:
State Assume Medicaid Responsibilities

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 25, 2007
Introduced by:	Sen. Rand	**Summary by:**	Cindy Avrette
Version:	PCS to First Edition S1484-CSRBx-36		Committee Counsel

SUMMARY: ***This proposed committee substitute, S1484-CSRBx-36, does not materially alter the policy changes contained in the PCS discussed last Wednesday. Based upon issues raised at the meeting last Wednesday, this proposed committee substitute does the following:***

- ***It claries the non-supplant language on page 11.***
- ***It provides that local governments may petition the Local Government Commission to use the local sales tax revenues for other purposes.***
- ***It provides that cities will be held harmless for the loss of 1/8 of their 1/2-cent local sales tax revenues. (Section 8)***
- ***It maintains the transitional local government hold harmless for repealed reimbursements. (Section 79(d))***
- ***It clarifies the county hold harmless calculation. (Section 9)***
- ***It makes other technical changes:***
  - ***It reduces the second one-half cent local sales tax rather than the first on-half cent. (no substantive difference)***
  - ***Conforms the percentages in G.S. 105-164.44F and G.S. 105-164.44I.***
  - ***Clarifies the effective date for the gross premiums tax on annuities issued on or after January 1, 2009.***
  - ***Adds a provision modifying G.S. 105-466 until January 1, 2008. Under that statute, a local sales tax may only be changed twice a year: January 1 or July 1. Also, a county must give the Department of Revenue 90 notice of the change. The provision modifies it for counties that levy the new county sales tax on or before January 1, 2008.***

The proposed committee substitute for Senate Bill 1484 makes the following policy changes:

- It phases out the county's share of the nonfederal share of Medicaid costs, beginning January 1, 2008. The State will completely assume the county's share of the costs of the medical services provided under the Medicaid Program by July 1, 2009. The cost of assuming the county share of the Program expenses is estimated to be $617 million in fiscal year 2009-10.
- It makes corresponding changes to State and local revenue streams, effective January 1, 2008.
  - Repeals the third ½% local sales tax, repeals .125% of the first ½% local sales tax, and increases the State sales tax rate by a corresponding 0.625%.
  - It provides that all of the excise tax on conveyances will be remitted to the State.
  - It repeals the corporate income tax earmarking to the Public School Building Capital Fund.
  - It repeals the distribution of the excise tax on wine and beer to the counties.

- It authorizes counties to impose additional ½% sales and use tax. The sales tax revenue would not be shared with the municipalities. At least 75% of the revenue from the tax must be used for public school capital needs, community college plant fund purposes, water and sewer, and other infrastructure needs.
- It requires each county to hold harmless the municipalities located in it from the repeal of the ½% local sales and use tax. The Secretary of Revenue will redistribute from the county's share of the 1% local sales and use tax proceeds an amount equal to the amount the municipalities in that county received in fiscal year 2006-07 under Article 44 before its repeal.
- It holds the counties harmless in fiscal year 2007-08 and fiscal year 2008-09 from the changes made by this act.
- It expands the gross premiums tax base to include the taxation of annuities, effective for taxable years beginning on or after January 1, 2009.
- It establishes a nonrefundable earned income tax credit, effective for taxable years beginning on or after January 1, 2007, and expiring for taxable years beginning on or after January 1, 2013.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 1

SENATE BILL 1484

Short Title:	Sales Tax Medicaid Swap.	(Public)
Sponsors:	Senator Rand.	
Referred to:	Finance.	

March 27, 2007

A BILL TO BE ENTITLED

AN ACT TO SHIFT THE ENTIRE NONFEDERAL SHARE OF MEDICAID TO THE STATE AND TO MAKE CORRESPONDING CHANGES TO STATE AND LOCAL REVENUE STREAMS.

The General Assembly of North Carolina enacts:

PART I. MEDICAID CHANGES

SECTION 1.1. Effective July 1, 2007, the nonfederal share of Medical Assistance Program costs, excluding administrative costs, shall be borne by the State.

SECTION 1.2. This part is effective when it becomes law.

PART II. SALES AND USE TAX CHANGES

SECTION 2.1. The lead-in language of G.S. 105-164.4(a) reads as rewritten:

"(a) A privilege tax is imposed on a retailer at the following percentage rates of the retailer's net taxable sales or gross receipts, as appropriate. The general rate of tax is four percent ~~(4%).~~(4%) plus any amount converted to a State tax under Articles 39 and 40 of this Chapter.

...."

SECTION 2.2. Article 39 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-475. Conversion to State tax; hold harmless.**

(a) Conversion. – Effective July 1, 2007, a portion of a tax levied under this Article is converted to a State sales and use tax. The portion of the tax that is converted to a State tax is equal to fifty percent (50%) of the tax imposed. On or after that date, a county has the authority to enact or repeal the local portion of the tax only.

(b) City Hold Harmless. – A county shall ensure that the municipalities within the county receive the same distribution that they received from a tax levied under this Article for the 2006-2007 fiscal year."

SECTION 2.3. Chapter 1096 of the 1967 Session Laws is amended by adding a new section to read:

"Section 10.4. Effective July 1, 2007, a portion of a tax levied under this act is converted to a State sales and use tax. The portion of the tax that is converted to a State tax is equal to fifty percent (50%) of the tax imposed. On or after that date, Mecklenburg County has the authority to enact or repeal the local portion of the tax only. Mecklenburg County shall ensure that the municipalities within the County receive the same distribution that they received from a tax levied under this act for the 2006-2007 fiscal year."

SECTION 2.4. G.S. 105-481 is repealed.

SECTION 2.5. G.S. 105-486 is repealed.

SECTION 2.6. G.S. 105-487 is repealed.

SECTION 2.7. Article 40 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-487.1. Conversion to State tax; hold harmless.**

(a) Conversion. – Effective July 1, 2007, a tax levied under this Article is converted to a State sales and use tax. On or after that date, a county has no authority to enact or repeal the tax.

(b) City Hold Harmless. – A county shall ensure that the municipalities within the county receive the same distribution that they received from a tax levied under this Article for the 2006-2007 fiscal year."

SECTION 2.8. Chapter 105 of the General Statutes is amended by adding a new Article to read:

"Article 46.

"Second One-Cent (1¢) Local Government Sales and Use Tax.

"**§ 105-535. Short title.**

This Article is the Second One-Cent (1¢) Local Government Sales and Use Tax Act.

"**§ 105-536. Limitations.**

This Article applies only to counties that levy the first one-cent (1¢) local sales and use tax under Article 39 of this Chapter or under Chapter 1096 of the 1967 Session Laws, the first one-half cent (1/2¢) local sales and use tax under Article 40 of this Chapter, the second one-half cent (1/2¢) local sales and use tax under Article 42 of this Chapter, and the third one-half cent (1/2¢) local sales and use tax under Article 44 of this Chapter.

"**§ 105-537. Levy.**

The board of county commissioners may, by resolution and after 10 days' public notice, levy a local sales and use tax under this Article. The board of county commissioners must specify the rate of tax in the resolution levying the tax. The rate of a tax levied under this Article may not exceed one percent (1%) and must be an increment of one-quarter percent (1/4%). A county may levy multiple taxes under this Article so long as the total rate of all taxes levied under this Article does not exceed one percent (1%).

"**§ 105-538. Administration.**

Except as provided in this Article, the adoption, levy, collection, administration, distribution, and repeal of the additional taxes authorized by this Article shall be in accordance with Article 39 of this Chapter. Notwithstanding the provisions of

G.S. 105-466, a tax may be imposed under this Article as early as July 1, 2007. The provisions of Article 39 regarding advisory referenda do not apply to a tax levied under this Article. The provisions of G.S. 105-472 requiring counties to share the proceeds of a tax with municipalities in the county do not apply to a tax levied under this Article."

SECTION 2.9. A tax levied under Article 46 of Chapter 105 of the General Statutes, as enacted by this act, does not apply to construction materials purchased to fulfill a lump-sum or unit-price contract entered into or awarded before the effective date of the levy or entered into or awarded pursuant to a bid made before the effective date of the levy when the construction materials would otherwise be subject to the tax levied under Article 46 of Chapter 105 of the General Statutes.

SECTION 2.10. G.S. 105-269.14(b) reads as rewritten:

"(b) Distribution. – The Secretary must distribute a portion of the net use tax proceeds collected under this section to counties and cities. The portion to be distributed to all counties and cities is the total net use tax proceeds collected under this section multiplied by a fraction. The numerator of the fraction is the local use tax proceeds collected under this section. The denominator of the fraction is the total use tax proceeds collected under this section. The Secretary must distribute this portion to the counties and cities in proportion to their total distributions under Articles 39, ~~40,~~ 42, 43, ~~and 44~~44, 45, and 46 of this Chapter and Chapter 1096 of the 1967 Session Laws for the most recent period for which data are available. The provisions of G.S. 105-472, ~~105-486, and 105-501~~105-501, 105-510, 105-520, 105-531, and 105-538 do not apply to tax proceeds distributed under this section."

SECTION 2.11. Sections 2.1, 2.4, 2.5, and 2.6 of this part become effective July 1, 2007, and apply to sales made on or after that date. Section 2.10 of this part is effective for taxable years beginning on or after January 1, 2008. The remainder of this part is effective when it becomes law.

PART III. EFFECTIVE DATE

SECTION 3.1. Except as otherwise provided, this act is effective when it becomes law.

"**SECTION 10.(a)** Part 2 of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

'**§ 105-151.31. Earned income tax credit.**

(a) Credit. – An individual who claims for the taxable year an earned income tax credit under section 32 of the Code is allowed a credit against the tax imposed by this Part equal to five percent (5%) of the amount of credit the individual qualified for under section 32 of the Code. A nonresident or part-year resident who claims the credit allowed by this section must reduce the amount of the credit by multiplying it by the fraction calculated under G.S. 105-134.5(b) or (c), as appropriate.

(b) Credit Refundable. – If the credit allowed by this section exceeds the amount of tax imposed by this Part for the taxable year reduced by the sum of all credits allowable, the Secretary must refund the excess to the taxpayer. The refundable excess is governed by the provisions governing a refund of an overpayment by the taxpayer of the tax imposed in this Part. Section 3507 of the Code, Advance Payment of Earned Income Credit, does not apply to the credit allowed by this section. In computing the amount of tax against which multiple credits are allowed, nonrefundable credits are subtracted before refundable credits.

(c) Sunset. – This section is repealed effective for taxable years beginning on or after January 1, 2013.'

SECTION 10.(b) G.S. 105-160.3(b) reads as rewritten:

Medicaid and the Two North Carolinas
By Scott Mooneyham
June 25, 2007

RALEIGH -- If nothing else, the debate raging in the state legislature over Medicaid is proof that there are, in fact, two North Carolinas.

Ever so slowly, the legislative fight over proposals designed to relieve counties of their Medicaid costs is pitting those two North Carolinas against each other.

The reason is simple. Many of the solutions being discussed will benefit one state over the other.

When people talk about "the two North Carolinas," they reference the urban verses the rural, the high-tech boom of the cities verses the manufacturing decline of the small towns.

The one North Carolina is bustling and bursting, with business and new subdivisions and two-income families with rising incomes.

The other North Carolina is poor and plodding, its textile mills empty, homes that won't sell, taxes bases that don't grow.

But even in booming North Carolina, local officials cope with growth-induced problems. Despite growing tax bases, communities grapple with building enough schools to keep pace with the new, young

faces that show up each day.

In struggling, rural North Carolina, local government's big headache is Medicaid, the health care program for the poor. The program, with its 10- to 15- percent cost increases each year, is outstripping the ability of some counties to pay.

At 5 percent of the total Medicaid bill, county governments' costs wouldn't seem that overwhelming. But that 5-percent share represents $560 million for all 100 North Carolina counties. In a handful of counties, the costs exceeds their public school bill.

So increasingly, state legislators have staked themselves out on coming up with a long-term solution to eliminate counties' Medicaid burden. The wisdom of that move -- given legislators' inability or unwillingness to get a handle on overall Medicaid costs -- could be debated.

Nonetheless, lawmakers are examining all manner of proposals designed to accomplish the task. But with such a big chunk of money required, the proposals inevitably involve some form of revenue swap with local government.

And here's where the conflict comes: A couple of primary revenue streams of local government are earmarked specifically for school construction.

Short of the state grabbing local property tax revenue (which won't happen), a revenue swap will almost certainly affect the availability of school construction dollars. And in wealthy counties with low Medicaid populations, the program's costs represent just a fraction of county

government budget.

So for those counties, these Medicaid relief proposal are losers. Not surprisingly, school officials and others in the wealthy, urban counties are starting to push back against them.

Throw in the fact that lawmakers have mixed these plans with various tax hike proposals and made them part of a larger state budget debate, and you've got a messy policy debate.

Once it's sorted out, legislators may well return to the idea of one-time Medicaid help for counties, like the $100 million originally proposed in the House budget.

Such is life in two North Carolinas.

Senate Numbers Deceiving
By Scott Mooneyham
June 21, 2007

RALEIGH -- Looking at the numbers, Democrats' hold on the North Carolina General Assembly would appear to be stronger than at any point since the early 1990s.

In the House, Democrats enjoy a 68-52 majority. In the Senate, the Democratic majority stands at 31-19.

Appearances, though, can be deceiving. And nowhere is that more true than in the Senate.

The next statewide general election may be 16 months away, but speculation has already begun that Democrats could lose

their iron grip on the chamber.

Despite the House's recent history of Democratic and Republican swings, the smart money in 2008 is on such a shift taking place in the other chamber.

A number of factors suggest that change is coming to the Senate, if not in 2008 then certainly in 2010.

The most significant is an aging leadership.

Two of the three most powerful people in the Senate, Majority Leader Tony Rand of Cumberland County and David Hoyle of Gaston County, are approaching 70. Sens. John Kerr of Wayne County and R.C. Soles of Columbus County are in the their 70s.

All four men chair powerful committees.

Except for Rand, talk around the Legislative Building is that any of the other three could decide to call it quits after this term.

Losing any of the three longtime incumbents would hurt Democrats because their seats could easily shift Republican. Kerr and Soles sit in swing districts. Hoyle has only kept his Republican-leaning district because he is easily the most pro-business Democrat in the Senate.

Another Senate seat that fits the profile is that held by Sen. Walter Dalton. A moderate Democrat now in his sixth term, the Rutherford County lawyer plans to run for lieutenant governor in 2008.

Longtime GOP House member Debbie Clary has announced that she will seek Dalton's seat in 2008. Clary will likely be the favorite no matter who else runs. In fact, the race

may look a lot like a repeat of Sen. Jean Preston's 2006 win in Craven, Carteret and Pamlico counties.

Running for an open seat that Democrats had held, Preston -- a moderate Republican who had spent seven terms in the House -- won despite being outspent by a two-to-one margin.

If Republicans do make a run at Democratic control, it will likely be led by moderate, GOP women who fit the Preston and Clary mold.

Speculation has been circulating that Rep. Carolyn Justice, a Pender County Republican, could go after Sole's seat regardless of whether he runs. And former GOP Rep. Wilma Sherrill is being mentioned in connection with the Senate seat now held by Buncombe County Democrat Martin Nesbitt.

Democrats will also struggle to keep four seats that they've only recently gained -- those held by Sens. John Snow, Joe Sam Queen and Steve Goss in the far West, and that held by Sen. Tony Foriest in Alamance and Caswell counties.

Do the math, and it becomes clear that Democrats' hold on the Senate is far more tenuous than the beginning numbers suggest.

NO PAYMENT FOR OFF-LINE COAL AND NUCLEAR. For over twenty years, investor-owned utilities have lobbied for the right to charge customers for incomplete coal and nuclear projects, and the legislature has refused: no payment for incomplete coal and nuclear projects is the law[i]. Investor-owned utilities get paid when consumers get a benefit from the construction. In the current version of S3, investor-owned utilities lobbied for provisions to change the law, and to permit recovery for incomplete coal and nuclear projects (a.k.a. *baseload financing* and *prudency review*). In S3:

- Residents can be obligated to pay for off-line coal and nuclear facilities that may never be useful.
- Residents receive no guaranteed benefit for their payment, except higher rates and the possibility of expensive (and dirty) energy.
- Residents can be charged for *potential* nuclear project development costs – a sum related to a potential project, not an actual one.
- Residents' rates will increase dramatically as soon utilities file a rate case to finance their coal and nuclear construction. Initial cost estimates for coal and nuclear construction reach $10 billion.[ii]
- The costs of coal and nuclear construction can increase without limit in S3. S3 lacks any cap or other consumer protection measure for baseload financing.

The additions to S3 change its character, and put residents in a lose-lose situation. The additions promote the development of non-renewable energy, and subject residents to higher rates without guaranteed benefits.

[i] No payment for incomplete coal and nuclear projects is the law. An exception occurs if the investor-owned utility demonstrates that prepayment is in the public interest and required for the company's financial stability.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE SCOTLAND COUNTY TO LEVY AN ADDITIONAL ROOM OCCUPANCY AND TOURISM DEVELOPMENT TAX.

The General Assembly of North Carolina enacts:

SECTION 1. Section 11 of S.L. 1997-410 is amended by adding a new subsection to read:

"(a1) Authorization of additional tax. In addition to the tax authorized by subsection (a) of this section, the Scotland County Board of Commissioners may levy an additional room occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of accommodations taxable under subsection (a) of this section. The levy, collection, administration, and repeal of the tax authorized by this subsection shall be in accordance with the provisions of this section. Scotland County may not levy a tax under this subsection unless it also levies the tax authorized under subsection (a) of this section."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 226:
Additional Scotland County Occupancy Tax

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 27, 2007
Introduced by:	Reps. Yongue, Pierce	**Summary by:**	Trina Griffin
Version:	First Edition		Committee Counsel

SUMMARY: House Bill 226 authorizes Scotland County to levy an additional 3% room occupancy tax. This bill conforms to the guidelines supported by the North Carolina Travel and Tourism Coalition and adhered to by the House Finance Committee.

CURRENT LAW: In 1997, the General Assembly authorized Scotland County to levy a 3% room occupancy tax. Currently, the proceeds are remitted to the Scotland Tourism Development Authority, which is required to spend at least two-thirds of the proceeds on travel and tourism promotion and the remainder on tourism-related expenditures. The administrative and use provisions conform to the uniform guidelines referenced above and detailed in the chart below.

BILL ANALYSIS: House Bill 226 authorizes Scotland County to levy an additional 3% room occupancy tax. The additional tax would be levied, administered, and distributed in the same manner as the first 3% that is currently in place.[1] Therefore, this bill conforms to all of the uniform guidelines.

UNIFORM OCCUPANCY TAX PROVISIONS
Rate – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
Use – Two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism related expenditures.
Definitions The term "net proceeds", "promote travel and tourism", and "tourism related expenditures" are defined terms.
Administration – The net revenues must be administered by a local tourism development authority that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least ½ of the members must be currently active in the promotion of travel and tourism in the county and 1/3 of the members must be affiliated with organizations that collect the tax.
Costs of Collection – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

BACKGROUND: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. In several instances, the General Assembly has authorized both a county and a city within that county to impose an occupancy tax. The rate of tax, the use of the tax proceeds, the administration of the tax, and the body with the authority to determine how the tax proceeds will be spent vary considerably. Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax legislation – G.S. 153A-155 and G.S. 160A-215. These provisions provide uniformity in the areas of levy, administration, collection, repeal, and penalties.

The North Carolina Travel and Tourism Coalition has a policy statement for legislation authorizing local occupancy taxes. Many of the principles contained in its statement are similar to the ones established by a House Finance subcommittee on Occupancy Taxes in 1993.

EFFECTIVE DATE: This act would become effective when it becomes law.

[1] Scotland County's current authority to levy 3% found in Section 11 of S.L. 1997-410 is set out on page 2 of this summary.

Sections 11 and 12 of S.L. 1997-410

Section 11. Scotland County occupancy tax. (a) Authorization and scope. The Scotland County Board of Commissioners may levy a room occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the county that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.

(b) Administration. A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax levied under this section.

(c) Distribution and use of tax revenue. Scotland County shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Scotland Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Scotland County and shall use the remainder for tourism-related expenditures.

The following definitions apply in this subsection:

(1) Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in these activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Authority, are designed to increase the use of lodging facilities, meeting facilities, and convention facilities in a county by attracting tourists or business travelers to the county. The term includes tourism-related capital expenditures.

Section 12. Scotland Tourism Development Authority. (a) Appointment and membership. When the Scotland County Board of Commissioners adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating a county Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the members' qualifications and terms of office, and for the filling of vacancies on the Authority. The Authority shall be composed of seven members, five of whom must be currently active in the promotion of travel and tourism in the county and two of whom must be owners or operators of hotels, motels, or other taxable accommodations in the county. The board of commissioners shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Scotland County shall be the ex officio finance officer of the Authority.

(b) Duties. The Authority shall expend the net proceeds of the tax levied under Section 11 of this act for the purposes provided in Section 11 of this act. The Authority shall promote travel and tourism and make tourism-related expenditures.

(c) Reports. The Authority shall report quarterly and at the close of the fiscal year to the board of commissioners on its receipts and expenditures for the preceding quarter and for the year in such detail as the board may require.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE NORTHAMPTON COUNTY TO LEVY A ROOM OCCUPANCY TAX.

The General Assembly of North Carolina enacts:

SECTION 1. Occupancy tax. – (a) Authorization and Scope. – The Board of Commissioners of Northampton County may levy a room occupancy tax of up to six percent (6%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the county that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.

SECTION 1.(b) Administration. – A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax levied under this section.

SECTION 1.(c) Definitions. – The following definitions apply in this act:

(1) Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross proceeds collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area. The term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Northampton County Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or

convention facilities in the county or to attract tourists or business travelers to the county. The term includes tourism-related capital expenditures.

SECTION 1.(d) Distribution and Use of Tax Revenue. – Northampton County shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Northampton County Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Northampton County and shall use the remainder for tourism-related expenditures.

SECTION 2. Tourism Development Authority. – (a) Appointment and Membership. – When the Board of Commissioners adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating the Northampton County Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members shall be individuals who are affiliated with businesses that collect the tax in the county, and at least one-half of the members shall be individuals who are currently active in the promotion of travel and tourism in the county. The Board of Commissioners shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Northampton County shall be the ex officio finance officer of the Authority.

SECTION 2.(b) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in Section 1 of this act. The Authority shall promote travel, tourism, and conventions in the county, sponsor tourist-related events and activities in the county, and finance tourist-related capital projects in the county.

SECTION 2.(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the Northampton County Board of Commissioners on its receipts and expenditures for the preceding quarter and for the year in such detail as the Board of Commissioners may require.

SECTION 3. Administrative provisions. – G.S. 153A-155(g) reads as rewritten:

"(g) This section applies only to Alleghany, Anson, Brunswick, Buncombe, Cabarrus, Camden, Carteret, Chowan, Clay, Craven, Cumberland, Currituck, Dare, Davie, Duplin, Durham, Franklin, Granville, Halifax, Madison, Martin, Montgomery, Nash, New Hanover, New Hanover County District U, Northampton, Pasquotank, Pender, Person, Randolph, Richmond, Rockingham, Rowan, Scotland, Stanly, Transylvania, Tyrrell, Vance, and Washington Counties, to Watauga County District U, and to the Township of Averasboro in Harnett County."

SECTION 4. This act is effective when it becomes law.

HOUSE BILL 1144:
Columbia Annexation

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 27, 2007
Introduced by:	Rep. Owens	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: House Bill 1144 is a local bill that would annex certain described property to the corporate limits of the Town of Columbia.

CURRENT LAW: North Carolina law sets forth four (4) basic ways in which a town or city may annex an area.

1. **Voluntary Annexation**. The owners of all real property in the area desiring to be annexed sign a petition requesting annexation. Part 1 of Article 4 of Chapter 160A.
2. **Legislative Act**. The General Assembly has the authority to extend the boundaries of any town or city. This method is most helpful to a town or city trying to annex an area that they could not otherwise.
3. **Satellite Annexation**. This method allows a town or city to annex certain non-contiguous areas meeting the statutory standards into the town or city limits. Part 4 of Article 4 of Chapter 160A.
4. **Non-voluntary Annexation**. The town or city brings into the corporate limits an area that has not voluntarily agreed to be annexed. Parts 2 and 3 of Article 4 of Chapter 160A.

BILL ANALYSIS: House Bill 1144 would annex by legislative act certain described property into the existing corporate limits of the Town of Columbia.

EFFECTIVE DATE: House Bill 1144 would become effective when it becomes law.

BACKGROUND: This legislation will allow the annexation of property known locally as Brickhouse Circle. It is situated 1/10 of a mile north of the current town boundary. It is the only natural subdivision in and around Columbia. The Town currently provides it with water. It is within the Town's extraterritorial jurisdiction (ETJ).

A few years ago, when the Town began providing water services, there was some discussion of annexation but neither the Town Board nor the residents were ready to proceed. In recent years, through voluntary annexation, the town has roughly doubled in size, and is now getting to the point that it needs to look at cleaning up the ragged edges that have been created by voluntary annexation. There are islands in the town that are not within the town limits. This is the first annexation to begin bringing areas into the town that have been skipped over by voluntary annexations. There are about 13 residences in the subdivision. There are 2 homes that are not in the subdivision that are situated in the 1/10 mile space beyond the existing town boundary.

The official minutes of the Columbia Board of Aldermen reflect their support of this annexation and their decision to request this legislation. There is opposition from some residents in the area because of town taxes.

Because of services being provided in and around the town limits the Town feels that conditions for annexation are ideal. The Town has initiated a contract with the Sheriff's office to provide additional law enforcement services for the benefit of its residents.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE MCDOWELL COUNTY TO LEVY AN ADDITIONAL 2% ROOM OCCUPANCY AND TOURISM DEVELOPMENT TAX AND TO MAKE OTHER ADMINISTRATIVE CHANGES.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 892 of the 1985 Session Laws reads as rewritten:

"Section 1. Occupancy Tax. – (a) Authorization and Scope. – The McDowell County Board of Commissioners may ~~by resolution, after not less than 10 days' public notice and after a public hearing held pursuant thereto,~~ levy a room occupancy tax of three percent (3%) of the gross receipts derived from the rental of any room, lodging, or similar accommodation furnished by a hotel, motel, inn, or similar place within the county that is subject to sales tax imposed by the State under G.S. ~~105-164.4(3).~~105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by ~~educational organizations, religious organizations, or summer camps.~~ nonprofit charitable, educational, or religious organizations when furnished in furtherance of the nonprofit purpose.

(a1) Additional Occupancy Tax. -- In addition to the tax authorized by subsection (a) of this section, the McDowell County Board of Commissioners may levy an additional room occupancy tax of two percent (2%) of the gross receipts derived from the rental of accommodations taxable under subsection (a) of this section. McDowell County may not levy a tax under this subsection unless it also levies the tax authorized under subsection (a) of this section.

~~(b) Collection. Every operator of a business subject to the tax levied under this act shall, on and after the effective date of the levy of the tax, collect the tax. This tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately from the sales records, and shall be paid by the purchaser to the operator of the business as trustee for and on account of the county. The tax shall be added to the sales price and shall be passed on to the purchaser instead~~

~~of being borne by the operator of the business. The county shall design, print, and furnish to all appropriate businesses and persons in the county the necessary forms for filing returns and instructions to ensure the full collection of the tax.~~

(c) Administration. – A tax levied under this act shall be levied, administered, collected, and repealed as provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax levied under this act. ~~The county shall administer a tax levied under this act. A tax levied under this act is due and payable to the county finance officer in monthly installments on or before the 15th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 15th day of each month, prepare and render a return on a form prescribed by the county. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied.~~

~~A return filed with the county finance officer under this act is not a public record as defined by G.S. 132-1 and may not be disclosed except as required by law.~~

~~(d) Penalties. A person, firm, corporation, or association who fails or refuses to file the return required by this act shall pay a penalty of ten dollars ($10.00) for each day's omission. In case of failure or refusal to file the return or pay the tax for a period of 30 days after the time required for filing the return or for paying the tax, there shall be an additional tax, as a penalty, of five percent (5%) of the tax due for each additional month or fraction thereof until the tax is paid.~~

~~Any person who willfully attempts in any manner to evade a tax imposed under this act or who willfully fails to pay the tax or make and file a return shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and shall be punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed six months, or both. The board of commissioners may, for good cause shown, compromise or forgive the penalties imposed by this subsection.~~

(e) Distribution and Use of Tax Revenue. – McDowell County shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the McDowell Tourism Development Authority. ~~The Authority may spend funds remitted to it under this subsection only to further the development of travel, tourism, and conventions in the county through state, national, and international advertising and promotion. As used in this subsection, "net proceeds" means gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer.~~ The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in McDowell County and shall use the remainder for tourism-related expenditures.

The following definitions apply in this subsection:

(1) Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct

market research, or engage in similar promotional activities that attract tourists or business travelers to the area. The term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or convention facilities in a county or to attract tourists or business travelers to the county. The term includes tourism-related capital expenditures. Tourism-related capital expenditures may include expenditures to purchase, renovate, maintain, or operate heritage tourism sites, such as the McDowell House, the Carson House, Fort Davidson, or Heritage Trails.

~~(f) Effective Date of Levy. A tax levied under this act shall become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, and may not be earlier than January 1, 1987, and may not be earlier than the first day of the second month after the date the resolution is adopted.~~

~~(g) Repeal. A tax levied under this act may be repealed by a resolution adopted by the McDowell County Board of Commissioners. Repeal of a tax levied under this act shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the repeal resolution was adopted. Repeal of a tax levied under this act does not affect a liability for a tax that attached before the effective date of the repeal, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal.~~

Sec. 2. Tourism Development Authority. (a) Appointment and Membership. – When the board of commissioners adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating a county Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control ~~Act and shall be composed of the following nine members:~~Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-half of the members shall be individuals who are affiliated with businesses that collect the tax in the county, and at least one-third of the members shall be individuals who are currently active in the promotion of travel and tourism in the county. The Authority must be comprised of the following seven voting members and two nonvoting, ex officio members:

(1) The Executive Director of the McDowell Chamber of Commerce, who shall serve as an ex officio, nonvoting ~~member;~~ member.

(2) A county commissioner appointed by the McDowell County Board of Commissioners, who shall serve as an ex officio, nonvoting ~~member;~~ member.

(3) Four owners or operators of hotels, motels, or other taxable accommodations, of whom shall be appointed by the McDowell County Board of Commissioners, and two of whom shall be appointed by the McDowell Chamber of Commerce. Two of these appointees shall own or operate hotels, motels, or other accommodations with

more than 50 rental units, and two shall own or operate hotels, motels, or other accommodations with 50 or fewer rental ~~units;~~ units.

(4) Three individuals ~~involved in tourist businesses who have demonstrated an interest in tourism development and do not own or operate hotels, motels, or other taxable accommodations,~~ who are currently active in the promotion of travel and tourism in the county, appointed as follows: two by the McDowell Chamber of Commerce and one by the McDowell County Board of Commissioners.

All members of the Authority shall serve without compensation. Vacancies in the Authority shall be filled by the appointing authority of the member creating the vacancy. Members appointed to fill vacancies shall serve for the remainder of the unexpired term which they are appointed to fill. ~~Except as provided in subsection (b) for initial members, members~~ Members shall serve three-year terms. ~~Members may serve no more than two consecutive terms.~~ The members shall elect a chairman from the membership of the Authority, who shall serve for a term of two years. The Authority shall meet at the call of the chairman and shall adopt rules of procedure to govern its meetings. The Finance Officer for McDowell County shall be the ex officio finance officer of the Authority.

~~(b) Terms of Initial Members. The following initial members shall serve terms for other than three years:~~

~~(1) The appointed county commissioner and the member appointed by the board of commissioners under subdivision (a)(4) of this section, who shall serve one-year terms; and~~

~~(2) One of the members appointed under subdivision (a)(3) of this section by the Chamber, one of the members appointed under subdivision (a)(4) by the Chamber, and one of the members appointed under subdivision (a)(3) by the board of commissioners, as designated by the appointing body, who shall serve two-year terms.~~

(c) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in this act. The Authority shall promote travel, tourism, and conventions in McDowell ~~County.~~County, sponsor tourist-related events and activities in the county, and finance tourist-related capital projects in the county. In performing its duties, the Authority may contract with any person, firm, or agency to advise and assist it and may recommend to the board of county commissioners that county staff be employed for this advice and assistance. Any county staff employed upon a recommendation made by the Authority shall be hired and supervised by the Authority, which shall pay the salaries and expenses of this staff.

(d) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the board of county commissioners on its receipts and expenditures for the preceding quarter and for the year in such detail as the board may require.

~~Sec. 3. Review of Levy. Three years from the effective date of a tax levied under this act, the McDowell County Board of Commissioners shall conduct a thorough review of the tax and the function of the Tourism and Development Authority~~

~~established under this act to determine the effectiveness of the levy and of the Authority.~~

Sec. 4. This act is effective upon ratification."

SECTION 2. G.S. 153A-155(g) reads as rewritten:

"(g) This section applies only to Alleghany, Anson, Brunswick, Buncombe, Cabarrus, Camden, Carteret, Chowan, Clay, Craven, Cumberland, Currituck, Dare, Davie, Duplin, Durham, Franklin, Granville, Halifax, Madison, Martin, McDowell, Montgomery, Nash, New Hanover, New Hanover County District U, Pasquotank, Pender, Person, Randolph, Richmond, Rockingham, Rowan, Scotland, Stanly, Transylvania, Tyrrell, Vance, and Washington Counties, to Watauga County District U, and to the Township of Averasboro in Harnett County."

SECTION 3. This act is effective when it becomes law. The McDowell County Board of Commissioners has 30 days from the date the act becomes effective to ensure that the membership of the Authority is in compliance with this act.

SENATE BILL 18:
Modify McDowell County Occupancy Tax

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 27, 2007
Introduced by:	Sen. Purcell	**Summary by:**	Trina Griffin
Version:	PCS to First Edition S18-CSSVx-33		Committee Counsel

SUMMARY: ***The Proposed Committee Substitute for Senate Bill 18 deletes the original contents (Additional Scotland County Occupancy Tax)[1] and replaces them with provisions authorizing McDowell County to levy an additional 2% room occupancy tax.***

CURRENT LAW: In 1985, the General Assembly authorized McDowell County to levy a 3% room occupancy tax. The county must remit the funds to a county Tourism Development Authority, which must use the funds to further the development of travel, tourism, and conventions in the county through state, national, and international advertising and promotion.

BILL ANALYSIS: The PCS for Senate Bill 18 would authorize McDowell County to levy an additional 2% room occupancy tax. The funds would be remitted to the TDA, and the TDA must use at least two-thirds of the total net proceeds to promote travel and tourism and must use the remainder for tourism-related expenditures. Of the funds dedicated for tourism-related expenditures, the bill specifically authorizes, but does not require, the county to use those funds for the purchase, renovation, maintenance, or operation of heritage tourism sites, such as the McDowell House, the Carson House, Fort Davidson, or Heritage Trails. The bill also conforms the county's current administrative provisions to the uniform provisions concerning the levy, administration, collection, and repeal of the tax found in G.S. 153A-155.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. In several instances, the General Assembly has authorized both a county and a city within that county to impose an occupancy tax. The rate of tax, the use of the tax proceeds, the administration of the tax, and the body with the authority to determine how the tax proceeds will be spent vary considerably. Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax legislation – G.S. 153A-155 and G.S. 160A-215. These provisions provide uniformity in the areas of levy, administration, collection, repeal, and penalties.

The North Carolina Travel and Tourism Coalition has a policy statement for legislation authorizing local occupancy taxes. Many of the principles contained in its statement are similar to the ones established by a House Finance subcommittee on Occupancy Taxes in 1993. Those principles are set out in the chart below:

UNIFORM OCCUPANCY TAX PROVISIONS
Rate – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
Use – Two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism related expenditures.

[1] House Bill 226 is the House companion for SB 18 is being considered by the Senate Finance Committee today.

Definitions The term "net proceeds", "promote travel and tourism", and "tourism related expenditures" are defined terms.
Administration – The net revenues must be administered by a local tourism development authority that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least ½ of the members must be currently active in the promotion of travel and tourism in the county and 1/3 of the members must be affiliated with organizations that collect the tax.
Costs of Collection – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE SCOTLAND COUNTY TO LEVY AN ADDITIONAL ROOM OCCUPANCY AND TOURISM DEVELOPMENT TAX.

The General Assembly of North Carolina enacts:

SECTION 1. Section 11 of S.L. 1997-410 is amended by adding a new subsection to read:

"(a1) Authorization of Additional Tax. In addition to the tax authorized by subsection (a) of this section, the Scotland County Board of Commissioners may levy an additional room occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of accommodations taxable under subsection (a) of this section. The levy, collection, administration, and repeal of the tax authorized by this subsection shall be in accordance with the provisions of this section. Scotland County may not levy a tax under this subsection unless it also levies the tax authorized under subsection (a) of this section."

SECTION 2. This act is effective when it becomes law.

(3c) A county water and sewer district created under Article 6 of Chapter 162A of the General Statutes.

(4) An airport authority whose situs is entirely within a county that has (i) a population of over 120,000 according to the most recent federal decennial census and (ii) an area of less than 200 square miles.

(5) An airport authority in a county in which there are two incorporated municipalities with a population of more than 65,000 according to the most recent federal decennial census.

(5a) An airport board or commission authorized by agreement between two cities pursuant to G.S. 63-56, one of which is located partially but not wholly in the county in which the jointly owned airport is located, and where the board or commission provided water and wastewater services off the airport premises before January 1, 1995, except that the authority granted by this subdivision may be exercised by such a

board or commission with respect to water and wastewater systems or improvements only.

(5b) A local airport authority that was created pursuant to a local act of the General Assembly.

(6) A local school administrative unit whose board of education is authorized to levy a school tax.

(6a) Any other local school administrative unit, but only for the purpose of financing energy conservation measures acquired pursuant to Part 2 of Article 3B of Chapter 143 of the General Statutes.

(6b) A community college, but only for the purpose of financing energy conservation measures acquired pursuant to Part 2 of Article 3B of Chapter 143 of the General Statutes.

(7) An area mental health, developmental disabilities, and substance abuse authority, acting in accordance with G.S. 122C-147.

(8) A consolidated city-county, as defined by G.S. 160B-2(1).

(9) Repealed by Session Laws 2001-414, s. 52, effective September 14, 2001.

(10) A regional natural gas district, as defined by Article 28 of this Chapter.

(11) A regional public transportation authority or a regional transportation authority created pursuant to Article 26 or Article 27 of this Chapter.

(12) A nonprofit corporation or association operating or leasing a public hospital as defined in G.S. 159-39."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 401:
County Water/Sewer District Financing

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 27, 2007
Introduced by:	Rep. Langdon	**Summary by:**	Trina Griffin
Version:	First Edition		Committee Counsel

SUMMARY: House Bill 401 would authorize a county water and sewer district to finance the project by using installment purchase financing.

CURRENT LAW: The board of county commissioners of any county may create a county water and sewer district after notice and a public hearing. Following the public hearing, the board may, by resolution, create a county water and sewer district if the following findings are made:

1. There is a demonstrable need for providing water services, sewer services, or both in the district.
2. The residents of all territory to be included in the district will benefit from the district's creation.
3. It is economically feasible to provide the proposed service or services in the district without unreasonable or burdensome annual tax levies.

The district is governed by the board of commissioners of the county in which the district is created.

The district has the power to sue and be sued; enter into a contract; acquire, hold, and dispose of property; and establish, revise, and collect rates, fees or other charges and penalties for the services furnished by the district.

Projects in the district may be financed using the following methods:

- General obligation bonds – requires approval of the Local Government Commission and approval of voters in the district because the full faith and credit of the county is being pledged.
- Revenue bonds – requires approval of the Local Government Commission.
- Bond anticipation notes – notes issued after a bond order has taken effect and with the approval of the Commission. These notes are issued in anticipation of the receipt of the proceeds of the sale of the bonds, and are generally payable not later than seven years after the bond order takes effect. General obligation bond anticipation notes are secured by the faith and credit of the issuing unit. Revenue bond anticipation notes issued in anticipation of the sale of revenue bonds are generally secured by the proceeds of the revenue bonds and the revenues securing the revenue bonds.
- Property taxes levied within the district.
- Special assessments against benefited property.
- Governmental grants, such as grants from the Clean Water Revolving Loan and Grant Fund.

BILL ANALYSIS: House Bill 401 adds "county water and sewer districts" to the list of local governments that are authorized to use installment purchase financing. Installment purchase financing is a type of debt in which a government enters into an installment contract secured by a security interest in the building constructed or renovated. Unlike the issuance of general obligation bonds, installment purchase financing is not subject to a vote of the people. Certificates of participation may be issued as part of the installment purchase financing. A certificate of participation is a document setting out the share of the government's debt that is owed to the holder of the certificate. In practice, the holder

receives interest and principal payments in a manner similar to interest and principal payments on a bond issued by the borrowing unit.

Installment purchase financing would reduce the financing cost for projects of small capital requirements such as purchase of equipment and system extensions. There are approximately 35 county water and sewer districts. A list of water and sewer districts, water districts, and sewer districts is attached to this summary.

Water and sewer authorities[1], metropolitan sewerage districts[2], and sanitary districts[3] currently have the authority to use installment purchase financing.

EFFECTIVE DATE: When it becomes law.

Martha Walston, counsel to House Finance, substantially contributed to this summary.

H0401e1-SMSV

[1] A water and sewer authority is created by cities and counties and may issue revenue bond. The Authority does not have general taxing power and may not issue general obligation bonds.

[2] A metropolitan sewerage district is created by one or more political subdivisions, including unincorporated areas, and may cover more than one county or parts of more than one county. If there are unincorporated areas in the district, then a majority of residents in the area must petition for the district. The Environmental Commission and county commissioners must then determine the need for the district. The district may issue general obligation bonds, revenue bonds, fix and collect fees, and impose property taxes.

[3] A sanitary district is incorporated with the consent of a majority of the owners of real property in the proposed district and after a public hearing held by the county and the Commission for Health Services. The sanitary district may levy taxes, make special assessments, and issue bonds and notes. These districts may provide water and sewer services, solid waste collection, fire protection, ambulance and rescue services, and are created for the purpose of preserving and promoting the public health and welfare within the district.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE PAYMENT OF A PER DIEM TO PUBLIC HEALTH AUTHORITY BOARDS AND TO AUTHORIZE PUBLIC HEALTH AUTHORITY BOARDS TO ENTER INTO INSTALLMENT CONTRACTS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 130A-45.1(k) reads as rewritten:

"(k) ~~Board members shall receive no compensation for their services, but they shall be entitled to reimbursement for subsistence and travel expenses incurred in the discharge of their duties.~~ Board members may receive per diem in an amount established by the county commissioner members of the Public Health Authority Board. Reimbursement for subsistence and travel shall be in accordance with a policy set by the county commissioner members of the Public Health Authority Board."

SECTION 2. G.S. 130A-45.3(a) is amended by adding a new subdivision to read:

"(a) A public health authority shall have all the powers necessary or convenient to carry out the purposes of this Part, including the following powers to:

...

(18) To purchase or finance real or personal property in the manner provided for cities and counties under G.S. 160A-20."

SECTION 3. G.S. 160A-20(h) is amended by adding a new subdivision to read:

"(h) Local Government Defined. – As used in this section, the term "unit of local government" means any of the following:

...

(13) A public health authority created under Part 1B of Article 2 of Chapter 130A of the General Statutes."

SECTION 4. This act is effective when it becomes law.

HOUSE BILL 1132:
Public Health Authority Changes

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 26, 2007
Introduced by:	Reps. Barnhart, Mobley	**Summary by:**	Cindy Avrette
Version:	Second Edition		Committee Counsel

SUMMARY: House Bill 1132, 2nd edition, is identical to Senate Bill 768, 2nd edition, introduced by Sen. Hartsell. Senate Finance gave Senate Bill 768 a favorable report on May 17, 2007, and the bill received unanimous support on 2nd and 3rd readings.[1] The bill would the following:

- ***It would allow the members on a public hospital authority board to receive a stipend.***
- ***It would allow a public health authority to finance real and personal property by installment contracts and other means of indebtedness authorized by G.S. 160A-20.***

The bill is effective when it becomes law.

CURRENT LAW: A county must provide public health services. It can do so through a variety of ways, one of which is the creation of a public health authority. The Public Health Authorities Act, enacted in 1997, allows one or more counties to create an autonomous public body that has the power and duty to provide the public health services for the county or counties that are required by law. A public health authority may be created upon joint resolution of one or more county board of commissioners and their respective local boards of health. A public health authority board is the policy-making, rule-making, and adjudicatory body for a public health authority. A board may have no fewer than seven members and no more than 11 members.[2] Board members may receive reimbursement for expenses, but they may not receive compensation for their services. A public authority board may construct, operate, and maintain public health facilities, it may own or lease property, and it may acquire real and personal property. However, it does not have the power to borrow money to finance the acquisition of property.

There are two counties that provide their public health services through a public health authority: Cabarrus and Hertford Counties. Cabarrus County formed its public health authority hospital authority act. Under that authority, it may borrow money to finance the purchase of property. Hertford County formed its public health authority under the Public Health Authorities Act. The Hertford County Public Health Authority has been in existence for almost three years.

BILL ANALYSIS: House Bill 1132 would authorize the payment of a stipend to public health authority boards; it would authorize boards to borrow money to finance real and personal property purchases; and it would allow boards to establish lines of credit to cover cash flow for public health expenditures.

House Bill 1132, 2nd edition, would do the following:

- It would authorize the payment of a stipend to public health authority boards. Members of a county board of health and a district board of health may receive per diem as well as

[1] House Bill 1132 was received in the Senate on May 24th; Senate Bill 768 was received in the House on May 24th. Senate Bill 768 is in the House Committee on Health.

[2] Boards that intend to pursue federally qualified health center status may have no fewer than nine and no more than 25 members. The Hertford Public Authority Board has nine members and it meets monthly.

reimbursement for expenses. A county board of health may receive per diem in an amount established by its board of county commissioners. A district board of health, which is created by two or more counties, may receive per diem in an amount established by the county commissioner members of the board. This bill would provide that a public health authority board could receive per diem in an amount established by the county commissioner members of the board. The Hertford Public Health Authority, which is comprised by a single county, has one county commissioner member.

- It would allow public health authority boards to finance the purchase of property and improvements to property in the same manner as counties and cities under G.S. 160-20. In addition to counties and cities, this statute also applies to several other public entities, including airport authorities, local school administrative units, area mental health, developmental disabilities, and substance abuse authorities, and regional public transportation authorities. A public health authority provides certain services for fees. It may also receive appropriations from the county or counties that formed it; State and federal funds; insurance reimbursements; fees from contracts with other health departments; and grant monies.

EFFECTIVE DATE: The bill would become effective when it becomes law.

BACKGROUND: G.S. 160-20 authorizes installment purchase financing. Installment purchase financing is a type of local government debt in which the local unit enters into an installment contract secured by a security interest in the building constructed or renovated. Certificates of participation may be issued as part of the installment purchase financing. A certificate of participation is a document setting out the share of the local unit's debt that is owed to the holder of the certificate. In practice, the holder receives interest and principal payments in a manner similar to interest and principal payments on a bond issued by the borrowing unit.

The Local Government Commission must approve installment purchase contracts and certificates of participation. The taxing power of a unit of local government may not be pledged to secure any moneys due under a contract entered into under this section. Before entering into a financing contract under this statute, the public health authority would have to hold a public hearing on the contract.

Referred to:

February 20, 2007

A BILL TO BE ENTITLED

AN ACT TO AMEND THE SALES TAX DEFINITIONS TO COMPLY WITH THE STREAMLINED SALES TAX AGREEMENT AND TO MAKE OTHER SALES TAX CHANGES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-164.3 reads as rewritten:

"**§ 105-164.3. Definitions.**

The following definitions apply in this Article:

(1) Ancillary service. – A service associated with or incidental to the provision of a telecommunications service. The term includes detailed communications billing, directory assistance, vertical service, and voice mail service. A vertical service is a service, such as call forwarding, caller ID, three-way calling, and conference bridging, that allows a customer to identify a caller or manage multiple calls and call connections.

(1b) Bundled transaction. – A retail sale of two or more distinct and identifiable products, at least one of which is taxable and one of which is exempt, for one nonitemized price. Products are not sold for one nonitemized price if an invoice or another sales document made available to the purchaser separately identifies the price of each product. A bundled transaction does not include the retail sale of any of the following:

a. A product and any packaging item that accompanies the product and is exempt under G.S. 105-164.13(23).

b. A sale of two or more products whose combined price varies, or is negotiable, depending on the products the purchaser selects.

c. A sale of a product accompanied by a transfer of another product with no additional consideration.
d. A product and the delivery or installation of the product.
e. A product and any service necessary to complete the sale.

~~(1a)~~(1d) Business. – Includes any activity engaged in by any person or caused to be engaged in by him with the object of gain, profit, benefit or advantage, either direct or indirect. The term "business" shall not be construed in this Article to include occasional and isolated sales or transactions by a person who does not hold himself out as engaged in business.

~~(1b)~~(1f) Cable service. – The one-way transmission to subscribers of video programming or other programming service and any subscriber interaction required to select or use the service.

...

(12) Gross sales. – The sum total of the sales price of all retail sales of tangible personal property ~~as defined herein, whether for cash or credit without allowance for cash discount and without any deduction on account of the cost of the property sold, the cost of materials used, labor or service costs, interest paid or any other expenses whatsoever and without any deductions of any kind or character except as provided in this Article.~~ and services.

...

(37) Sales price. – The total amount or consideration for which tangible personal property or services are sold, leased, or rented. The consideration may be in the form of cash, credit, property, or services. The sales price must be valued in money, regardless of whether it is received in money.

a. The term includes all of the following:
1. The retailer's cost of the property sold.
2. The cost of materials used, labor or service costs, interest, losses, all costs of transportation to the retailer, all taxes imposed on the retailer, and any other expense of the retailer.
3. Charges by the retailer for any services necessary to complete the sale.
4. Delivery charges.
5. Installation charges.
~~6. The value of exempt personal property given to the consumer when taxable and exempt personal property are bundled together and sold by the retailer as a single product or piece of merchandise.~~
7. Credit for trade-in.

8. Discounts that are reimbursable by a third party and can be determined at the time of sale through any of the following:
   I. Presentation by the consumer of a coupon or other documentation.
   II. Identification of the consumer as a member of a group eligible for a discount.
   III. The invoice the retailer gives the consumer.

b. The term does not include any of the following:
   1. ~~Discounts, including cash, term, or coupons, that are not reimbursed~~ Discounts that are not reimbursable by a third party, are allowed by the retailer, and are taken by a consumer on a sale.
   2. Interest, financing, and carrying charges from credit extended on the sale, if the amount is separately stated on the invoice, bill of sale, or a similar document given to the consumer.
   3. Any taxes imposed directly on the consumer that are separately stated on the invoice, bill of sale, or similar document given to the consumer.

...

(45a) Streamlined Agreement. – The Streamlined Sales and Use Tax Agreement as amended ~~in November 2005.~~as of June 23, 2007."

SECTION 2. G.S. 105-164.4D, as enacted by Section 5 of S.L. 2006-151, reads as rewritten:

"**§ 105-164.4D. Bundled ~~services.~~transactions.**

~~When a taxable service is bundled with a service that is not taxable, the tax applies to the gross receipts from the taxable service in the bundle as follows:~~

~~(1) If the service provider offers all the services in the bundle on an unbundled basis, tax is due on the unbundled price of the taxable service, less the discount resulting from the bundling. The discount for a service as the result of bundling is the proportionate price decrease of the service, determined on the basis of the total unbundled price of all the services in the bundle compared to the bundled price of the services.~~

~~(2) If the service provider does not offer one or more of the services in the bundle on an unbundled basis, tax is due on the taxable service based on a reasonable allocation of revenue to that service. If the service provider maintains an account for revenue from a taxable service, the service provider's allocation of revenue to that service for the purpose of determining the tax due on the service must reflect its accounting allocation of revenue to that service.~~

(a) Tax Application. – Tax applies to the sales price of a bundled transaction unless one of the following applies:

(1) Fifty percent (50%) test. – All of the products in the bundle are tangible personal property, the bundle includes one or more of the exempt products listed in this subdivision, and the price of the taxable products in the bundle does not exceed fifty percent (50%) of the price of the bundle:

a. Food exempt under G.S. 105-164.13B.

b. A drug exempt under G.S. 105-164.13(13).

c. Medical devices, equipment, or supplies exempt under G.S. 105-164.13(12).

(2) Allocation. – The bundle includes a service, and the retailer determines an allocated price for each product in the bundle based on a reasonable allocation of revenue that is supported by the retailer's business records kept in the ordinary course of business. In this circumstance, tax applies to the allocated price of each taxable product in the bundle.

(3) Ten percent (10%) test. – The price of the taxable products in the bundle does not exceed ten percent (10%) of the price of the bundle and no other subdivision in this subsection applies.

(b) Determining Threshold. – A retailer of a bundled transaction subject to this section may use either the retailer's cost price or the retailer's sales price to determine if the transaction meets the fifty percent (50%) test or the ten percent (10%) test set out in subdivisions (a)(1) and (a)(3) of this section. A retailer may not use a combination of cost price and sales price to make this determination. If a bundled transaction subject to subdivision (a)(3) of this section includes a service contract, the retailer must use the full term of the contract in determining whether the transaction meets the threshold set in the subdivision."

SECTION 3. G.S. 105-164.12B reads as rewritten:

"**§ 105-164.12B. Tangible personal property ~~bundled~~ sold below cost with conditional service contract.**

(a) ~~Bundled Transaction~~ Conditional Service Contract Defined. – A ~~bundled transaction is a transaction~~ conditional service contract is a contract in which all of the following conditions are met:

(1) A seller transfers an item of tangible personal property to a consumer on the condition that the consumer enter into an agreement to purchase services on an ongoing basis for a minimum period of at least six months.

(2) The agreement requires the consumer to pay a cancellation fee to the ~~service provider~~ seller if the consumer cancels the contract for services within the minimum period.

(3) For the item transferred, the ~~seller:~~

~~a. Does not charge the consumer; or~~

~~b.~~ ~~Charges~~ seller charges the consumer a price that, after any ~~discount or rebate~~ price reduction the seller gives the consumer, is below the purchase price the seller paid for the item. The seller's purchase price is presumed to be no greater than the

price the seller paid, as shown on the seller's purchase invoice, for the same item within 12 months before the seller entered into the conditional service contract.

(b) ~~Bundled Transaction Is a Sale; Sales Price.~~ Tax. – If a seller transfers an item of tangible personal property as part of a ~~bundled transaction,~~ conditional service contract, a sale has ~~occurred, and the~~ occurred. The sales price of the item is presumed to be the retail price at which the item would sell ~~if no agreement for services were entered into. Part of this price may be paid by the consumer at the time of the transfer; the remainder of the price is considered paid as part of the price to be paid for the services contracted for.~~ in the absence of the conditional service contract. Sales tax is due ~~on any part of the price paid by the consumer~~ at the time of the ~~transfer.~~transfer on the following:

(1) Any part of the presumed sales price the consumer pays at that time, if the service in the contract is taxable at the combined general rate.

(2) The presumed sales price, if the service in the contract is not taxable at the combined general rate.

~~(c) No Additional Sales Tax if Services Taxed. If the services for which the consumer was required to contract are subject to services taxes at a combined rate equal to or greater than the combined State and local general rate of sales and use tax, then no additional sales tax is due on the transfer. However, if the consumer cancels the contract for services before the expiration of the minimum period, sales tax applies to the cancellation fee paid by the consumer.~~

~~(d) Additional Sales Tax if Services Not Taxed. If the services for which the consumer was required to contract are not subject to services taxes at a combined rate equal to or greater than the combined State and local general rate of sales and use tax, then sales tax is due at the time of the transfer on the remainder of the sales price not paid at that time.~~

~~(e) Services Taxes Defined. For the purpose of this section, the term "services taxes" means any combination of State franchise tax on gross receipts, State sales tax, or local sales tax levied on the sale of or gross receipts from the services.~~

~~(f) Determination of Purchase Price. For the purpose of this section, the purchase price a seller paid for an item is presumed to be no greater than the price the seller paid for the same model within 12 months before the bundled transaction, as shown on the seller's invoices.~~"

SECTION 4. G.S. 105-164.13(9) reads as rewritten:

"**§ 105-164.13. Retail sales and use tax.**

The sale at retail and the use, storage, or consumption in this State of the following tangible personal property and services are specifically exempted from the tax imposed by this Article:

Agricultural Group.

...

(9) ~~Sales of boats,~~ Boats, fuel oil, lubricating oils, machinery, equipment, nets, rigging, paints, parts, accessories, and supplies sold to ~~persons~~ any of the following:

a. The holder of a standard commercial fishing license issued under G.S. 113-168.2 for principal use ~~by them principally~~ in commercial fishing ~~operations within the meaning of G.S. 113-168, except when the property is for use by persons principally to take fish for recreation or personal use or consumption.~~ operations.

b. The holder of a shellfish license issued under G.S. 113-169.2 for principal use in commercial shellfishing operations.

c. The operator of a for-hire boat, as defined in G.S. 113-174, for principal use in the commercial use of the boat. ~~As used in this subdivision, "fish" is defined as in G.S. 113-129(7).~~"

SECTION 5. G.S. 105-164.42L reads as rewritten:

"**§ 105-164.42L. Databases on taxing jurisdictions.**

The Secretary may develop databases that provide information on the boundaries of taxing jurisdictions and the tax rates applicable to those taxing jurisdictions. A ~~seller that~~ person who relies on the information provided in these databases is not liable for underpayments of tax attributable to erroneous information provided by the Secretary in those databases."

SECTION 6. G.S. 105-467(a) reads as rewritten:

"**§ 105-467. Scope of sales tax.**

(a) Sales Tax. – The sales tax that may be imposed under this Article is limited to a tax at the rate of one percent (1%) of the transactions listed in this subsection. The sales tax authorized by this Article does not apply to sales that are taxable by the State under G.S. 105-164.4 but are not specifically included in this subsection.

(1) The sales price of tangible personal property subject to the general rate of sales tax imposed by the State under G.S. 105-164.4(a)(1) and (a)(4b).

(2) The gross receipts derived from the lease or rental of tangible personal property when the lease or rental of the property is subject to the general rate of sales tax imposed by the State under G.S. 105-164.4(a)(2).

(3) The gross receipts derived from the rental of any room or other accommodations subject to the general rate of sales tax imposed by the State under G.S. 105-164.4(a)(3).

(4) The gross receipts derived from services rendered by laundries, dry cleaners, and other businesses subject to the general rate of sales tax imposed by the State under G.S. 105-164.4(a)(4).

(5) The sales price of food that is not otherwise exempt from tax pursuant to G.S. 105-164.13 but is exempt from the State sales and use tax pursuant to G.S. 105-164.13B.

(5a) The sales price of a bundled transaction that includes food subject to tax under subdivision (5) of this subsection, if the price of the food exceeds ten percent (10%) of the price of the bundle. A retailer must determine the price of food in a bundled transaction in accordance with G.S. 105-164.4D.

(6) The sales price of prepaid telephone calling service taxed as tangible personal property under G.S. 105-164.4(a)(4d).

(7) The gross receipts derived from providing satellite digital audio radio service subject to the general rate of tax under G.S. 105-164.4(a)(6a)."

SECTION 7. The first paragraph of Section 4 of Chapter 1096 of the 1967 Session Laws, as amended, is amended by inserting a new subdivision between subdivisions (5) and (6) to read as follows:

"(5a) The sales price of a bundled transaction that includes food subject to tax under subdivision (5) of this section, if the price of the food exceeds ten percent (10%) of the price of the bundle. A retailer must determine the price of food in a bundled transaction in accordance with G.S. 105-164.4D."

SECTION 8. G.S. 105-519 reads as rewritten:

"§ 105-519. Administration of taxes.

Except as provided in this Article, the adoption, levy, collection, administration, and repeal of these additional taxes must be in accordance with Article 39 of this Chapter. A tax levied under this Article does not apply to the sales price of food that is exempt from tax pursuant to ~~G.S. 105-164.13B.~~G.S. 105-164.13B or to the sales price of a bundled transaction taxable pursuant to G.S. 105-467(a)(5a)."

SECTION 9. This act becomes effective October 1, 2007.

HOUSE BILL 257:
Streamlined Sales Tax Changes

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 26, 2007
Introduced by:	Rep. Hill	**Summary by:**	Cindy Avrette
Version:	PCS to Second Edition H257-CSRB		Committee Counsel

SUMMARY: House Bill 257[1] makes the following changes in the sales tax laws, effective October 1, 2007. The bill is a recommendation of the Revenue Laws Study Committee. The proposed committee substitute updates the reference to the Streamlined Sales Tax Agreement to include the latest amendments to that Agreement (June 23, 2007) and it makes a conforming change in Section 8.

- ***It defines "bundled transactions" and modifies the definition of "sales price" to keep North Carolina in compliance with the national Streamlined Sales Tax Agreement.***
- ***Recognizes for-hire boats as commercial fishing operations eligible for the sales tax exemption for items sold for use in commercial fishing.***
- ***Makes conforming and technical changes.***

BACKGROUND: The Streamlined Sales Tax Project (SSTP) was initiated in March 2000 when representatives from 27 states, local governments, and private industry met to discuss proposals to develop uniformity and simplification principles that would result in the more efficient administration of sales and use tax, especially for remote sellers. In November 2002, 35 states met and adopted the original Streamlined Sales and Use Tax Agreement (Agreement). On July 1, 2005, 13 states were determined to be in compliance with the Agreement effective October 1, 2005, and were admitted to the Governing Board as full members. To be a full member, a state must have amended its state's laws to conform to the uniformity and simplification provisions in the Agreement. As of January 1, 2007, there are 15 full members[2] and six associate members[3]. Associate members are those states whose legislation to achieve compliance takes effect in future years. Associate members have until January 1, 2008, to come into full compliance. Each member state is represented on the Governing Board. The Governing Board meets quarterly to address proposed amendments to the Agreement.

North Carolina has participated in the SSTP since its inception. Since 2001, the General Assembly has taken the necessary action to amend the sales and use tax laws to bring North Carolina into compliance with the Agreement. Prior to the October 1, 2005, effective date of the Agreement, a number of sellers came forward voluntarily to remit tax as a result of the efforts of the states to adopt the principles of the Agreement. The projected collections for fiscal 2006-2007 from all Streamlined related sellers is expected to be $13,700,000.

BILL ANALYSIS: North Carolina needs to make two definitional changes by January 1, 2008, to comply with the latest amendments to the Agreement. One change is to add a definition of "bundled transaction" and specify how these transactions are to be taxed. The other change is to modify the

definition of "sales price" to clarify how third-party discounts, such as a manufacturer's coupon, affect the sales price of an item.

Bundled Transactions. – States vary widely on their taxation of bundled transactions. At the request of the business community, the SSTP formed a work group in August 2001 to address the lack of uniformity among states in the taxation of bundled transactions and to develop uniform definitions and principles of taxation for bundled transactions. The Agreement defines a "bundled transaction" and provides when a bundled transaction is subject to taxation. To comply with the Agreement, states' laws must conform to the Agreement's provisions on bundled transactions by January 1, 2008.

A "bundled transaction" is the sale of an exempt product and a taxable product for one price. Examples include a gift basket that contains fruit and candy and a service package consisting of internet service and phone service. Fruit is exempt from State sales tax while candy is taxable. Internet service is exempt from sales tax while phone service is taxable. However, a bundled transaction does not include a sale of two or more products whose combined price varies, or is negotiable, depending on the products a purchaser selects.

Under current law, the sales price of a bundle of tangible products is taxable. Thus, if any item in the bundle is taxable, the entire bundle is taxable. With respect to services, current law allows for the application of tax to part of the sales price, based on the allocation of revenue to the taxable services in the bundle.

Under the proposed committee substitute, a bundle of tangible products is taxable on the sales price of the bundle unless it meets either the 50% test or the 10% test.

- The 50% test applies to bundles of tangible products that include food or medical items that are exempt from State tax. Under the 50% test, if at least 50% of the price of the products in the bundle is attributable to food and medical items that are exempt from State tax, then the bundle is not subject to State sales tax. The bundle would also be exempt from local sales tax unless more than 10% of the bundle's price is attributable to food. In this circumstance, the bundle containing food is taxable under the local sales tax at the rate of 2%, which is the rate that applies to food that is not part of a bundle.
- The 10% test applies to all other bundles of tangible products. Under the 10% test, if no more than 10% of the price of the products in the bundle is attributable to taxable items, then the bundle is not subject to State or local sales tax.

Under the proposed committee substitute, a bundle of products that includes services is subject to the 10% test but it can be subject to tax based on the allocated price of the taxable services in the bundle. To be taxed based on part of the sales price, the retailer's accounting records must allocate revenue to the services in the bundle and provide a basis for determining the proportion of the bundle's price that is attributable to each service in the bundle. If the records do not provide for this, the sales price of the bundle is taxable, assuming the taxable services exceed the *de minimus* 10% threshold.

Sections 1, 2, 3, and 6 of the bill make the bundled transaction changes. New G.S. 105-164.3(1b), in Section 1 of the bill, sets out the new definition of a bundled transaction and makes a conforming change to the definition of sales price in G.S. 105-164.3(37) by deleting the provisions in paragraph 6 of that definition that address bundled transactions. The revisions to G.S. 105-164.4D, in Section 2 of the bill, specify how bundled transactions are to be taxed. Section 6 of the bill amends the local sales tax statutes to impose tax on bundles that contain food and are exempt from State tax but subject to local sales tax.

Section 3 makes conforming changes to the existing law on below-cost sales of items transferred as part of a contract for services to avoid conflicting uses of the same term. Current law, in G.S. 105-164.12B, describes the below-cost sale and contract as a bundled transaction. The transaction described in G.S. 105-164.12B is not a bundled transaction under the new definition of that term. The bill therefore revises G.S. 105-164.12B to describe the transaction in that section as a conditional service contract and eliminates provisions that are no longer needed due to the taxation of telecommunications services at the combined general State and local rate.

Sales Price. – The second definitional change needed to conform to the Streamlined Sales Tax Agreement is a change in the definition of "sales price." Section 1 of the bill amends the definition in G.S. 105-164.3(37) to add new paragraph 8 that specifies when a manufacturer's discount or other discount is considered part of the sales price. Current law excludes some discounts from the definition of sales price but does not address the subject as fully as the proposed change. A price discount is part of the sales price if the retailer receives reimbursement from a third-party in the amount of the discount. For example, if a customer has a $1.00 manufacturer's coupon for paper towels that cost $4.00, sales tax is due on the sales price of $4.00 rather than $3.00 because the full amount ($4.00) is paid for the paper towels when the amount paid by the customer and the manufacturer are combined. The bill does not change the current law on this subject.

Other Changes. – The bill makes the following clarifying changes:

1. It updates the reference to the Streamlined Sales Tax Agreement to include the latest amendments to that Agreement. (G.S. 105-164.3(45a) in Section 1)
2. It revises the sales tax exemption for items sold for use in commercial fishing to insert references to holders of a commercial fishing license, a commercial shellfish license, and the operator of a for-hire boat. The reference to the operator of a for-hire boat is an addition to the statute, but reflects the administrative practice of including this group in the commercial fishing group. (Section 4)
3. It clarifies that anyone who relies on the taxing jurisdiction database developed by the Department to determine the rate of sales tax applicable in a jurisdiction is not liable for any tax underpayments attributable to reliance on that database. This is the result under current law because the database is a written statement of the Department under G.S. 105-264. (Section 5)

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue

EFFECTIVE DATE: October 1, 2007

BILL SUMMARY: In order to comply with the latest amendments to the Streamlined Sales Tax Agreement, North Carolina must make two definitional changes by January 1, 2008. One change is to add a definition of "bundled transaction" and specify how these transactions are to be taxed. The other change is to modify the definition of "sales price" to clarify how third-party discounts, such as a manufacturer's coupon, affect the sales price of an item. House Bill 257 incorporates those changes and makes several other changes in the sales tax laws, as recommended by the Department of Revenue. The bill:

- Defines "bundled transactions" and modifies the definition of "sales price" to keep North Carolina in compliance with the national Streamlined Sales Tax Agreement (SSTA).
- Changes the definition of "sales price" to conform with SSTA.
- Recognizes for-hire boats as commercial fishing operations eligible for the sales tax exemption for items sold for use in commercial fishing.
- Makes conforming and technical changes.

ASSUMPTIONS AND METHODOLOGY: House Bill 257 contains several provisions that may result in a fiscal impact.

Bundled Transactions (Sections 1, 2, 3, and 6)

A "bundled transaction" is the sale of an exempt product and a taxable product for one price.

A bundle of tangible products is taxable on the sales price of the bundle unless it meets either the 50% test or the 10% test.

Section 2, Bundled Transactions: 50% Test and 10% Test				
	State sales tax		Local sales tax	
Type of Test	*Percent of "bundle" price attributable to exempt food or medical goods*	*Exempt from State sales tax?*	*Percent of "bundle" price attributable to food items*	*Exempt from local sales tax?*
50% Test	50% or more	Yes	More than 10%	No. Bundled item is taxable at 2% local rate.
			Less than 10%	Yes
	50% or less	No	N/A	No
10% Test	*Percent of "bundle" price attributable to taxable items*	*Exempt from State sales tax?*	*Bundles that include services would be subject to the 10% rule and can be subject to tax based on the allocated price of the taxable services in the bundle.*[1]	
	10% or less	Yes		
	10% or more	No		

Under current law, the sales price of a bundle of tangible products is taxable. Thus, if any item in the bundle is taxable, the entire bundle is taxable. Since this change creates a threshold for exemption, this change may result in a small, negative fiscal impact. Discussions with the Department of Revenue suggest that any impact from this change will be insignificant.

Sales Price (Section 1)

The definition of "sales price" adopted by the SSTA Governing Board is very similar to that in current North Carolina tax law. A small positive fiscal impact is possible from cigarette retailers who reflect a distributor's "buy-down" discount on their invoices. If the discount is shown on the invoice, it is included in the sales price. However, if the discount is not shown separate from the sales price, it is part of the sales price. Due to this technicality, a small increase in revenues may result from the actions of retailers who reflect distributor discounts on their invoices, but it is likely that this practice will become less common over time as retailers realize its tax implications.

Other Changes (Sections 1, 4, and 5)

The remaining changes in this bill are technical and clarifying in nature, and are not expected to result in any significant fiscal impact.

SOURCES OF DATA: Department of Revenue

TECHNICAL CONSIDERATIONS: None

[1] To be taxed based on part of the sales price, the retailer's accounting records must allocate revenue to the services in the bundle and provide a basis for determining the proportion of the bundle's price that is attributable to each service in the bundle. If the records do not provide for this, the sales price of the bundle is taxable, assuming the taxable services exceed the de minimus threshold.

House Bill 257:
Streamlined Sales Tax Changes

- Recommendation of the Revenue Laws Study Committee
- Background – Streamlined Sales Tax Project
    - Initiated in 2000 by states, local governments, and private industry to develop uniformity and simplification of states' sales and use tax laws
    - Seeks to encourage remote vendors to collect the tax for the state, just as in-state vendors are required to collect.
    - NC is one of 15 full member states – meaning NC has made the necessary changes to its sales and use tax laws to conform to the Streamlined Sales Tax Agreement.
    - Projected collections for FY 06-007 from all Streamlined related sellers is expected to be $13.7 million
- 3 non-substantive tax law changes – NC law already administered in this way
    - Amends definition of sales price to conform to Agreement – specifies when a discount is considered part of the sales price
    - Clarifies that a taxpayer can rely on taxing jurisdiction database developed by the Department to determine the rate of sales tax applicable in a jurisdiction
    - Revises the sales tax exemption for items sold for use in commercial fishing to insert specific references as to who qualifies for the exemption
- ONLY substantive change – <u>Defines a bundled transaction and adds two thresholds to be applied in determining when a bundled is taxable,</u> as required by the Agreement
- Bundled Transaction – Two or more distinct products sold together for one price.
    - Current law: If one item in bundle is taxable, entire bundle taxable
    - Proposal in Bill:
        - If 10% or more of the bundle consists of taxable items, then the bundle is taxable
        - If bundle includes food or medical items, the bundle is taxable if more than 50% of the items in the bundle are taxable
        - Bundles of services – Same as current law – Applies to the allocated price of the taxable service based on retailer's accounting records
        - Bundle of products and services – Apply 10% test or determine tax based on allocated price of services in bundle

House Bill 257:
Taxation of Bundled Transactions

What is a bundled transaction?

Two or more distinct products sold together for one price, such as:

- A basket with cookies, candy, and a stuffed animal. If sold separately, the cookies are taxable at 2% and the candy and the stuffed animal are taxable at the regular rates.
- A package of services, such as internet access service and phone service. If sold separately, the internet access service is exempt and the phone service is taxable.
- Prescription medicine sold with a syringe. If sold separately, the medicine is exempt and the syringe is taxable.

Bundled transactions do not include sales of two or more items that a purchaser chooses to be packaged together.

Current Law

- Bundles of tangible products. – The bundle is taxable if any item in the bundle is taxable.
- Bundles of services. – The tax applies to the allocated price of the taxable service based on the retailer's accounting records.
- Bundles of tangible products and services. – The bundle is taxable if any item in the bundle is taxable.

Proposed Law (Streamlined Sales Tax Provision)

- Bundles of Tangible Products. – Apply thresholds to determine taxation.
  - 10% Test. -- If 10% or more of the bundle consists of taxable items, then the bundle is taxable.
  - 50% Test for Food and Medicine. – If bundle includes food or medical items, the bundle is taxable if more than 50% of the items in the bundle are taxable.
- Bundles of services. – Same as current law
- Bundles of tangible products and services. – Apply 10% test or determine tax based on allocated price of services in the bundle..

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR THE SALE OF BLOCKS OF TEN TEN-DAY COASTAL RECREATIONAL FISHING LICENSES.

The General Assembly of North Carolina enacts:

SECTION 1. Article 14B of Chapter 113 of the General Statutes is amended by adding a new section to read:

"**§ 113-174.5. Blocks of 10 Ten-Day Coastal Recreational Fishing Licenses.**

(a) The resident owner of a vessel that is 23 feet or more in length and that is either documented with the United States Coast Guard or registered with the Wildlife Resources Commission pursuant to G.S. 75A-4 may purchase a block of 10 Ten-Day Resident CRFLs or a block of 10 Ten-Day Nonresident CRFLs issued by the Division. A vessel owner who wishes to obtain a block of 10 Ten-Day CRFLs shall provide the Division with all information required by the Division, including information identifying the vessel on which the Ten-Day CRFLs will be used. Each individual Ten-Day CRFL shall identify the vessel for which the block of 10 Ten-Day CRFLs is issued. An individual Ten-Day CRFL issued as part of a block of 10 Ten-Day CRFLs may only be used on the vessel for which it was issued. An individual Ten-Day CRFL issued as part of a block of 10 Ten-Day CRFLs may not be used on a for hire boat.

(b) The fee for a block of 10 Ten-Day Resident CRFLs is seventy-five dollars ($75.00). An individual Ten-Day Resident CRFL issued as part of a block of 10 Ten-Day Resident CRFLs is valid for a period of 10 consecutive days beginning on the date that the license information is recorded as provided by subsection (d) of this section. Only a resident of the State may engage in recreational fishing under the authority of an individual Ten-Day Resident CRFL issued as part of a block of 10 Ten-Day Resident CRFLs.

(c) The fee for a block of 10 Ten-Day Nonresident CRFLs is one hundred fifty dollars ($150.00). An individual Ten-Day Nonresident CRFL issued as part of a block of 10 Ten-Day Nonresident CRFLs is valid for a period of 10 consecutive days beginning on the date that the license information is recorded as provided by subsection (d) of this section. Only an individual who is not a resident of the State may engage in recreational fishing under the authority of an individual Ten-Day Nonresident CRFL issued as part of a block of 10 Ten-Day Nonresident CRFLs.

(d) Prior to any recreational fishing occurring under the authority of an individual Ten-Day CRFL issued as part of a block of 10 Ten-Day CRFLs, the vessel owner who purchased the block of 10 Ten-Day CRFLs shall record the date fishing activity will begin and the name, address, telephone number, and date of birth of the individual who will be fishing under the authority of the individual Ten-Day CRFL.

(e) A vessel owner who purchases a block of 10 Ten-Day CRFLs shall comply with all data and information reporting requirements of the Division.

(f) A vessel owner who fails to comply with any of the requirements governing the issuance, use, recording, or reporting of blocks of 10 Ten-Day CRFLs will be ineligible to purchase any additional blocks of 10 Ten-Day CRFLs for a period of two years from the date of noncompliance."

Version:	PCS to Second Edition S1340-CSSVf-40		Committee Counsel

SUMMARY: ***Senate Bill 1340 would provide for the sale of blocks of 10 Ten-Day Coastal Recreational Fishing Licenses. The Proposed Committee Substitute would change the effective date from July 1, 2007 to January 1, 2008 to allow the Division of Marine Fisheries to implement the new system.***

BACKGROUND AND CURRENT LAW: In 2005, the General Assembly established a license requirement for recreational fishing in the coastal fishing waters of the State. A number of different types coastal recreational fishing licenses (CRFLs) were created, including: the Annual Resident CRFL for $15.00, the Annual Nonresident CRFL for $30.00, the Ten-Day Resident CRFL for $5.00, and the Ten-Day Nonresident CRFL for $10.00.

BILL ANALYSIS: Senate Bill 1340 would allow the resident owner of a vessel that is 23 feet or more in length that is documented with the United States Coast Guard or registered with the Wildlife Resources Commission to purchase a block of 10 Ten-Day Resident CRFLs or a block of 10 Ten-Day Nonresident CRFLs from the Division of Marine Fisheries. An individual Ten-Day CRFL issued as part of a block of 10 Ten-Day CRFLs may only be used on the vessel for which it was issued and may not be used on a for hire boat.

The fee for a block of 10 Ten-Day Resident CRFLs is seventy five dollars ($75.00). An individual Ten-Day Resident CRFL is valid for a period of 10 consecutive days beginning on the date that the license information is recorded on the license. Only a resident of the State may engage in recreational fishing under an individual Ten-Day Resident CRFL.

The fee for a block of 10 Ten-Day Nonresident CRFLs is one hundred fifty dollars ($150.00). An individual Ten-Day Nonresident CRFL is valid for a period of 10 consecutive days beginning on the date that the license information is recorded on the license. Only an individual who is not a resident of the State may engage in recreational fishing under an individual Ten-Day Nonresident CRFL.

Prior to any recreational fishing occurring under the authority of an individual Ten-Day CRFL, the vessel owner who purchased the block of 10 Ten-Day CRFLs shall record the date fishing activity will begin and the name, address, telephone number, and date of birth of the individual who will be fishing under the individual Ten-Day CRFL.

A vessel owner who fails to comply with any of the requirements governing the issuance, use, recording, or reporting of blocks of 10 Ten-Day CRFLs will be ineligible to purchase any additional blocks of 10 Ten-Day CRFLs for a period of two years from the date of noncompliance.

EFFECTIVE DATE: The PCS for Senate Bill 1340 would become effective January 1, 2008.

EFFECTIVE DATE: January 1, 2008

BILL SUMMARY: SB 1340 would provide for the sale of blocks of 10 Ten-Day Coastal Recreational Fishing Licenses. The PCS changes the effective date to January 1, 2008.

BACKGROUND AND CURRENT LAW: In 2005, the General Assembly established a license requirement for recreational fishing in the coastal fishing waters of the State. A number of different types of coastal recreational fishing licenses (CRFLs) were created, including: the Annual Resident CRFL for $15.00, the Annual Nonresident CRFL for $30.00, the Ten-Day Resident CRFL for $5.00, and the Ten-Day Nonresident CRFL for $10.00. Additionally, a For Hire Blanket license for vessels certified to carry 6 or fewer passengers is $250, and for vessels certified to carry greater than 6 passengers the license is $350. Fees from these licenses are deposited into the Marine Resources Fund.

ASSUMPTIONS AND METHODOLOGY:
Based on discussions with the Department of Environment and Natural Resources (DENR), there is not sufficient data available for an accurate assessment of the overall fiscal impact from the proposed changes in the bill. Fiscal Research thinks that sale of blocks of 10 Ten-Day CRFLs will generate increased receipts for the Marine Resources Fund., However DENR will also new administrative costs for DENR to administer the new licenses.

Revenues
The amount of revenue raised by the blocks of 10 Ten-Day CRFLs depends on several factors: the number of qualifying vessels and the number and type of licenses sold. According to the Wildlife Resources Commission, currently there are 42,701 actively registered vessels in NC equal or greater than 23 feet. Additionally, there are a large number of vessels that have a resident owner and are not registered with the WRC, but are documented with the U.S. Coast Guard. However, no data is available as to how many of these vessels participate in recreational fishing.

DENR estimates that approximately twenty percent of the registered vessels in NC, or 8,400 vessels, would participate in purchasing the blocks of 10 Ten-Day CRFLs. Assuming that each of the 8,400 vessels would purchase both a resident ($75) and non-resident ($150) block, this scenario would generate $1,890,000 in receipts.

DENR does not anticipate any decrease in sales of any existing licenses due to these proposed licenses.

Expenditures
DENR's Division of Marine Fisheries will administer the new licenses, which they will offer for sale at their regional offices. The Division plans to print the booklets on three part carbon sheet, allowing documentation for the vessel operator, individual and the State. DENR estimated the production cost to be $3.00 per booklet. Under the assumption of 8,400 vessels participating and purchasing one of both types of books, 16,800 books would need to be produced, at a total cost of $50,400 to DENR. Additionally, the Division will be responsible for collecting the data associated with the blocks of 10 Ten-Day CRFLs. Utilizing the example above, the Division may have to enter data on up to 168,000 individuals, increasing their staff workload.

SENATE BILL 3

Agriculture/Environment/Natural Resources Committee Substitute Adopted 6/26/07

Short Title: Promote Renewable Energy/Baseload Generation. (Public)

Referred to:

February 12, 2007

A BILL TO BE ENTITLED

AN ACT TO: (1) PROMOTE THE DEVELOPMENT OF RENEWABLE ENERGY AND ENERGY EFFICIENCY IN THE STATE THROUGH IMPLEMENTATION OF A RENEWABLE ENERGY AND ENERGY EFFICIENCY PORTFOLIO STANDARD (REPS), (2) ALLOW RECOVERY OF CERTAIN NONFUEL UTILITY COSTS THROUGH THE FUEL CHARGE ADJUSTMENT PROCEDURE, (3) PROVIDE FOR ONGOING REVIEW OF CONSTRUCTION COSTS AND FOR RECOVERY OF COSTS IN RATES IN A GENERAL RATE CASE, (4) ADJUST THE PUBLIC UTILITY AND ELECTRIC MEMBERSHIP CORPORATION REGULATORY FEES, (5) PROVIDE FOR THE PHASEOUT OF THE TAX ON THE SALE OF ENERGY TO NORTH CAROLINA FARMERS AND MANUFACTURERS, (6) PROVIDE AN INCOME TAX CREDIT FOR BUILDERS OF ENERGY-EFFICIENT HOMES, AND (7) ALLOW A TAX CREDIT TO CONTRIBUTORS TO 501(C)(3) ORGANIZATIONS FOR RENEWABLE ENERGY PROPERTY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 62-2(a) reads as rewritten:

"**§ 62-2. Declaration of policy.**

(a) Upon investigation, it has been determined that the rates, services and operations of public utilities as defined herein, are affected with the public interest and that the availability of an adequate and reliable supply of electric power and natural gas to the people, economy and government of North Carolina is a matter of public policy. It is hereby declared to be the policy of the State of North Carolina:

...

(8) To cooperate with other states and with the federal government in promoting and coordinating interstate and intrastate public utility service and reliability of public utility energy supply;~~ and~~

(9) To facilitate the construction of facilities in and the extension of natural gas service to unserved areas in order to promote the public welfare throughout the State and to that end to authorize the creation of expansion funds for natural gas local distribution companies or gas districts to be administered under the supervision of the North Carolina Utilities ~~Commission.~~Commission; and

(10) To promote the development of renewable energy and energy efficiency through the implementation of a Renewable Energy and Energy Efficiency Portfolio Standard (REPS) that will do all of the following:

a. Diversify the resources used to reliably meet the energy needs of consumers in the State.

b. Provide greater energy security through the use of indigenous energy resources available within the State.

c. Encourage private investment in renewable energy and energy efficiency.

d. Provide improved air quality and other benefits to energy consumers and citizens of the State."

SECTION 2.(a) Article 7 of Chapter 62 of the General Statutes is amended by adding a new section to read:

"**§ 62-133.7. Renewable Energy and Energy Efficiency Portfolio Standard (REPS).**

(a) Definitions. – As used in this section:

(1) 'Combined heat and power system' means a system that uses waste heat to produce electricity or useful, measurable thermal or mechanical energy at a retail electric customer's facility.

(2) 'Demand-side management' means activities, programs, or initiatives undertaken by an electric power supplier or its customers to shift the timing of electricity use from peak to nonpeak demand periods. 'Demand-side management' includes, but is not limited to, load management, electric system equipment and operating controls, direct load control, and interruptible load.

(3) 'Electric power supplier' means a public utility, an electric membership corporation, or a municipality that sells electric power to retail electric power customers in the State.

(4) 'Energy efficiency measure' means an equipment, physical, or program change implemented after 1 January 2007 that results in less energy used to perform the same function. 'Energy efficiency measure' includes, but is not limited to, energy produced from a combined heat and power system that uses nonrenewable energy resources. 'Energy efficiency measure' does not include demand-side management.

(5) 'New renewable energy facility' means a renewable energy facility that either:

a. Was placed into service on or after 1 January 2007.

b. Delivers or has delivered electric power to an electric power supplier pursuant to a contract with NC GreenPower Corporation that was entered into prior to 1 January 2007.

c. Is a hydroelectric power facility with a generation capacity of 10 megawatts or less that delivers electric power to an electric power supplier.

(6) 'Renewable energy certificate' means a tradable instrument that is equal to one megawatt hour of electricity or equivalent energy supplied by a renewable energy facility, new renewable energy facility, or reduced by implementation of an energy efficiency measure that is used to track and verify compliance with the requirements of this section as determined by the Commission. A 'renewable energy certificate' does not include the related emission reductions, including, but not limited to, reductions of sulfur dioxide, oxides of nitrogen, mercury, or carbon dioxide.

(7) 'Renewable energy facility' means a facility, other than a hydroelectric power facility with a generation capacity of more than 10 megawatts, that either:

a. Generates electric power by the use of a renewable energy resource.

b. Generates useful, measurable combined heat and power derived from a renewable energy resource.

c. Is a solar thermal energy facility.

(8) 'Renewable energy resource' means a solar electric, solar thermal, wind, hydropower, geothermal, or ocean current or wave energy resource; a biomass resource, including agricultural waste, animal waste, wood waste, spent pulping liquors, combustible residues, combustible liquids, combustible gases, energy crops, or landfill methane; waste heat derived from a renewable energy resource and used to produce electricity or useful, measurable thermal energy at a retail electric customer's facility; or hydrogen derived from a renewable energy resource. 'Renewable energy resource' does not include a fossil fuel or nuclear energy resource.

(b) Renewable Energy and Energy Efficiency Standards (REPS) for Electric Public Utilities. –

(1) Each electric public utility in the State shall be subject to a Renewable Energy and Energy Efficiency Portfolio Standard (REPS) according to the following schedule:

Calendar Year	REPS Requirement
2012	3% of 2011 North Carolina retail sales
2015	6% of 2014 North Carolina retail sales
2018	10% of 2017 North Carolina retail sales
2021 and thereafter	12.5% of 2020 North Carolina retail sales

(2) An electric public utility may meet the requirements of this section by any one or more of the following:

a. Generate electric power at a new renewable energy facility.

b. Use a renewable energy resource to generate electric power at a generating facility other than the generation of electric power from waste heat derived from the combustion of fossil fuel.

c. Reduce energy consumption through the implementation of an energy efficiency measure; provided, however, an electric public utility subject to the provisions of this subsection may meet up to twenty-five percent (25%) of the requirements of this section through savings due to implementation of energy efficiency measures. Beginning in calendar year 2021 and each year thereafter, an electric public utility may meet up to forty percent (40%) of the requirements of this section through savings due to implementation of energy efficiency measures.

d. Purchase electric power from a new renewable energy facility. Electric power purchased from a new renewable energy facility located outside the geographic boundaries of the State shall meet the requirements of this section if the electric power is delivered to a public utility that provides electric power to retail electric customers in the State; provided, however, the electric public utility shall not sell the renewable energy certificates created pursuant to this paragraph to another electric public utility.

e. Purchase renewable energy certificates derived from in-State or out-of-state new renewable energy facilities. Certificates derived from out-of-state new renewable energy facilities shall not be used to meet more than twenty-five percent (25%) of the requirements of this section, provided that this limitation shall not apply to an electric public utility with less than 150,000 North Carolina retail jurisdictional customers as of 31 December 2006.

f. Use electric power that is supplied by a new renewable energy facility or saved due to the implementation of an energy efficiency measure that exceeds the requirements of this section for any calendar year as a credit towards the requirements of this section in the following calendar year or sell the associated renewable energy certificates.

(c) Renewable Energy and Energy Efficiency Standards (REPS) for Electric Membership Corporations and Municipalities. –

(1) Each electric membership corporation or municipality that sells electric power to retail electric power customers in the State shall be subject to a Renewable Energy and Energy Efficiency Portfolio Standard (REPS) according to the following schedule:

Calendar Year	REPS Requirement
2012	3% of 2011 North Carolina retail sales
2015	6% of 2014 North Carolina retail sales
2018 and thereafter	10% of 2017 North Carolina retail sales

(2) An electric membership corporation or municipality may meet the requirements of this section by any one or more of the following:

a. Generate electric power at a new renewable energy facility.

b. Reduce energy consumption through the implementation of demand-side management or energy efficiency measures.

c. Purchase electric power from a renewable energy facility or a hydroelectric power facility, provided that no more than thirty percent (30%) of the requirements of this section may be met with hydroelectric power, including allocations made by the Southeastern Power Administration.

d. Purchase renewable energy certificates derived from in-State or out-of-state renewable energy facilities. An electric power supplier subject to the requirements of this subsection may use certificates derived from out-of-state renewable energy facilities to meet no more than twenty-five percent (25%) of the requirements of this section.

e. Acquire all or part of its electric power through a wholesale purchase power agreement with a wholesale supplier of electric power whose portfolio of supply and demand options meets the requirements of this section.

f. Use electric power that is supplied by a new renewable energy facility or saved due to the implementation of demand-side management or energy efficiency measures that exceeds the requirements of this section for any calendar year as a credit towards the requirements of this section in the following calendar year or sell the associated renewable energy certificates.

(d) Compliance With REPS Requirement Through Use of Solar Energy Resources. – For calendar year 2018 and for each calendar year thereafter, at least two-tenths of one percent (0.2%) of the total electric power in kilowatt hours sold to retail electric customers in the State, or an equivalent amount of energy, shall be supplied by a combination of new solar electric facilities and new metered solar thermal energy facilities that use one or more of the following applications: solar hot water, solar absorption cooling, solar dehumidification, solar thermally driven refrigeration, and solar industrial process heat. The terms of any contract entered into between an electric power supplier and a new solar electric facility or new metered solar thermal energy facility shall be of sufficient length to stimulate development of solar energy; provided, the Commission shall develop a procedure to determine if an electric power supplier is in compliance with the provisions of this subsection if a new solar electric facility or a new metered solar thermal energy facility fails to meet the terms of its

contract with the electric power supplier. As used in this subsection, 'new' means a facility that was first placed into service on or after 1 January 2007. The electric power suppliers shall comply with the requirements of this subsection according to the following schedule:

Calendar Year	Requirement for Solar Energy Resources
2010	0.02%
2012	0.07%
2015	0.14%
2018	0.20%

(e) Compliance With REPS Requirement Through Use of Swine Waste Resources. – For calendar year 2018 and for each calendar year thereafter, at least two-tenths of one percent (0.2%) of the total electric power in kilowatt hours sold to retail electric customers in the State shall be supplied, or contracted for supply in each year, by swine waste. The electric power suppliers, in the aggregate, shall comply with the requirements of this subsection according to the following schedule:

Calendar Year	Requirement for Swine Waste Resources
2012	0.07%
2015	0.14%
2018	0.20%

(f) Compliance With REPS Requirement Through Use of Poultry Waste Resources. – For calendar year 2014 and for each calendar year thereafter, at least 900,000 megawatt hours of the total electric power sold to retail electric customers in the State shall be supplied, or contracted for supply in each year, by poultry waste combined with wood shavings, straw, rice hulls, or other bedding material. The electric power suppliers, in the aggregate, shall comply with the requirements of this subsection according to the following schedule:

Calendar Year	Requirement for Poultry Waste Resources
2012	170,000 megawatt hours
2013	700,000 megawatt hours
2014	900,000 megawatt hours

(g) Cost Recovery and Customer Charges. –

(1) For the purposes of this subsection, the term "incremental costs" means all reasonable and prudent costs incurred by an electric power supplier to:

a. Comply with the requirements of subsections (b), (c), (d), (e), and (f) of this section that are in excess of the electric power supplier's avoided costs other than those costs recovered pursuant to G.S. 62-133.8.

b. Fund research that encourages the development of renewable energy, energy efficiency, or improved air quality, provided those costs do not exceed one million dollars ($1,000,000) per year.

c. Comply with any federal mandate that is similar to the requirements of subsections (b), (c), (d), (e), and (f) of this

section that exceed the costs that the electric power supplier would have incurred under those subsections in the absence of the federal mandate.

(2) All reasonable and prudent costs incurred by an electric power supplier to comply with any federal mandate that is similar to the requirements of subsections (b), (c), (d), (e), and (f) of this section, including, but not limited to, the avoided costs associated with a federal mandate that exceeds the avoided costs that the electric power supplier would have incurred pursuant to subsections (b), (c), (d), (e), and (f) of this section in the absence of the federal mandate, shall be recovered by the electric power supplier in an annual rider charge assessed in accordance with the schedule set out in subdivision (4) of this subsection increased by the Commission on a pro rata basis to allow for full and complete recovery of all reasonable and prudent costs incurred to comply with the federal mandate.

(3) Except as provided in subdivision (2) of this subsection, the total annual incremental cost to be incurred by an electric power supplier and recovered from the electric power supplier's retail customers shall not exceed an amount equal to the per-account annual charges set out in subdivision (4) of this subsection applied to the electric power supplier's total number of customer accounts determined as of 31 December of the previous calendar year. An electric power supplier shall be conclusively deemed to be in compliance with the requirements of subsections (b), (c), (d), (e), and (f) of this section if the electric power supplier's total annual incremental costs incurred equals an amount equal to the per-account annual charges set out in subdivision (4) of this subsection applied to the electric power supplier's total number of customer accounts determined as of 31 December of the previous calendar year. The total annual incremental cost recoverable by an electric power supplier from an individual customer shall not exceed the per-account charges set out in subdivision (4) of this subsection except as these charges may be adjusted in subdivision (2) of this subsection.

(4) An electric power supplier shall be allowed to recover the incremental costs incurred to comply with the requirements of subsections (b), (c), (d), (e), and (f) of this section and fund research as provided in subdivision (1) of this subsection through an annual rider not to exceed the following per-account annual charges:

Customer Class	2008-2011	2012-2014	2015 and thereafter
Residential per account	$10.00	$12.00	$34.00
Commercial per account	$50.00	$150.00	$150.00
Industrial per account	$500.00	$1,000.00	$1,000.00

(5) The Commission shall adopt rules to establish a procedure for the annual assessment of the per-account charges set out in this subsection to an electric public utility's customers to allow for timely recovery of all reasonable and prudent costs of compliance with the requirements of subsections (b), (c), (d), (e), and (f) of this section and to fund research as provided in subdivision (1) of this subsection. The Commission shall insure that the costs to be recovered from individual customers on a per-account basis pursuant to subdivisions (2) and (3) of this subsection are in the same proportion as the per-account annual charges for each customer class set out in subdivision (4) of this subsection.

(h) Adoption of Rules. – The Commission shall adopt rules to implement the provisions of this section. In developing rules, the Commission shall:

(1) Provide for the monitoring of compliance with and enforcement of the requirements of this section.

(2) Include a procedure to modify or delay the provisions of subsections (b), (c), (d), (e), and (f) of this section in whole or in part if the Commission determines that it is in the public interest to do so. The procedure adopted pursuant to this subdivision shall include a requirement that the electric power supplier demonstrate that it made a reasonable effort to meet the requirements set out in this section.

(3) Ensure that energy credited toward compliance with the provisions of this section not be credited toward any other purpose, including another renewable energy portfolio standard or voluntary renewable energy purchase program in this State or any other state.

(4) Establish standards for interconnection of renewable energy facilities and other nonutility owned generation with a generation capacity of 10 megawatts or less to an electric public utility's distribution system; provided, however, that the Commission shall adopt, if appropriate, federal interconnection standards.

(5) Consider whether it is in the public interest to adopt rules for electric public utilities for net metering of renewable energy facilities with a generation capacity of one megawatt or less.

(i) Report. – No later than 1 October of each year, the Commission shall submit a report on the activities taken by the Commission to implement, and by electric power suppliers to comply with, the requirements of this section to the Governor, the Environmental Review Commission, and the Joint Legislative Utility Review Committee. The report shall include any public comments received regarding direct, secondary, and cumulative environmental impacts of the implementation of the requirements of this section. In developing the report, the Commission shall consult with the Department of Environment and Natural Resources."

SECTION 2.(b) The Commission shall submit the first report required by G.S. 62-133.7(i), as enacted by subsection (a) of this section, no later than 1 October 2008.

SECTION 3. If the federal government imposes requirements similar to those set out in G.S. 62-133.7 on electric power suppliers in the State, the Utilities Commission shall determine the applicability of federal and State requirements so as to apply the more stringent requirements except to the extent that State requirements may be specifically preempted by federal law. The Commission shall adopt rules to establish a procedure as an alternative to the procedure set out in G.S. 62-133 to annually adjust the rates of electric public utilities to allow timely recovery of all reasonable costs of compliance with the federal and State requirements pursuant to G.S. 62-133.7(g), as enacted by Section 2 of this act. In adopting rules to establish the procedure, the Commission shall incorporate the provisions of this act in accordance with this section and the public interest.

SECTION 4.(a) Article 7 of Chapter 62 of the General Statutes is amended by adding a new section to read:

"**§ 62-133.8. Cost recovery for demand-side management and energy efficiency measures.**

(a) The definitions set out in G.S. 62-133.7 apply to this section. As used in this section, 'new', used in connection with demand-side management or energy efficiency measure, means demand-side management or energy efficiency measure that is adopted and implemented on or after 1 January 2007, including subsequent changes and modifications.

(b) Each electric power supplier shall implement demand-side management and energy efficiency measures and use supply-side resources to establish the least cost mix of demand reduction and generation measures that meet the electricity needs of its customers. An electric membership corporation or municipality that qualifies as an electric power supplier may satisfy the requirements of this section through its purchases from a wholesale supplier of electric power that uses supply-side resources and demand-side management to meet all or a portion of the supply needs of its members and their retail customers, and that, by aggregating and promoting demand-side management and energy efficiency measures for its members, meets the requirements of this section.

(c) Each electric power supplier to which G.S. 62-110.1 applies shall include an assessment of demand-side management and energy efficiency in its resource plans submitted to the Commission and shall submit cost-effective demand-side management and energy efficiency options that require incentives to the Commission for approval.

(d) The Commission shall, upon petition of an electric public utility, approve an annual rider to the electric public utility's rates to recover all reasonable and prudent costs incurred for adoption and implementation of new demand-side management and new energy efficiency measures. Recoverable costs include, but are not limited to, all capital costs, including cost of capital and depreciation expenses, administrative costs, implementation costs, incentive payments to program participants, and operating costs. In determining the amount of any rider, the Commission:

(1) Shall allow electric public utilities to capitalize all or a portion of those costs to the extent that those costs are intended to produce future benefits.

(2) May approve other incentives to electric public utilities for adopting and implementing new demand-side management and energy efficiency measures in order to treat investments in demand-side management and energy efficiency measures in a manner similar to investments in supply-side resources and to make electric public utilities indifferent to the selection of demand-side management and energy efficiency or supply-side options. Allowable incentives may include:

a. Appropriate rewards based on the sharing of savings achieved by the demand-side management and energy efficiency measures.

b. Appropriate rewards based on capitalization of a percentage of avoided costs achieved by demand-side management and energy efficiency measures.

c. Any other incentives that the Commission determines to be appropriate.

(e) The Commission shall determine the appropriate assignment of costs of new demand-side management and energy efficiency measures for electric public utilities and shall assign the costs of the programs only to the class or classes of customers that directly benefit from the programs.

(f) None of the costs of new demand-side management or energy efficiency measures of an electric power supplier shall be assigned to any industrial customer that notifies the industrial customer's electric power supplier that, at the industrial customer's own expense, the industrial customer has implemented at any time in the past or, in accordance with stated, quantified goals for demand-side management and energy efficiency, will implement alternative demand-side management and energy efficiency measures and that the industrial customer elects not to participate in demand-side management or energy efficiency measures under this section. The electric power supplier that provides electric service to the industrial customer, an industrial customer that receives electric service from the electric power supplier, the Public Staff, or the Commission on its own motion, may initiate a complaint proceeding before the Commission to challenge the validity of the notification of nonparticipation. The procedures set forth in G.S. 62-73, 62-74, and 62-75 shall govern any such complaint.

(g) The Commission shall adopt rules to implement this section.

(h) The Commission shall submit to the Governor and to the Joint Legislative Utility Review Committee of the General Assembly a summary of the proceedings conducted pursuant to this section during the preceding two fiscal years on or before 1 September of odd-numbered years."

SECTION 4.(b) The Commission shall submit the first report required by G.S. 62-133.8(h), as enacted by subsection (a) of this section, no later than 1 September 2009.

SECTION 5. G.S. 62-133.2 reads as rewritten:

"§ 62-133.2. Fuel and fuel-related charge adjustments for electric utilities.

(a) The Commission ~~may allow~~shall permit an electric ~~utilities~~ public utility that generates electric power by fossil fuel or nuclear fuel to charge ~~a uniform~~an increment or decrement as a rider to ~~their~~ its rates for changes in the cost of fuel ~~and the fuel component of purchased power~~and fuel-related costs used in providing ~~their~~ its North Carolina customers with electricity from the cost of fuel ~~and the fuel component of purchased power established in their previous general rate case.~~and fuel-related costs established in the electric public utility's previous general rate case on the basis of cost per kilowatt hour.

(a1) As used in this section, 'cost of fuel and fuel-related costs' include all of the following:

(1) The cost of fuel burned.

(2) The cost of fuel transportation.

(3) The cost of ammonia, lime, limestone, urea, dibasic acid, sorbents, and catalysts consumed in reducing or treating emissions.

(4) The total delivered noncapacity related costs, including all related transmission charges, of all purchases of electric power by the electric public utility, that are subject to economic dispatch or economic curtailment.

(5) The capacity costs associated with all purchases of electric power from qualifying cogeneration facilities and qualifying small power production facilities, as defined in 16 U.S.C. § 796, that are subject to economic dispatch by the electric public utility.

(6) Except for those costs recovered pursuant to G.S. 62-133.7(g), the total delivered costs of all purchases of power from renewable energy facilities and new renewable energy facilities pursuant to G.S. 62-133.7 or to comply with any federal mandate that is similar to the requirements of subsections (b), (c), (d), (e), and (f) of G.S. 62-133.7.

(7) The fuel cost component of other purchased power.

(8) Cost of fuel and fuel-related costs shall be adjusted for any net gains or losses resulting from any sales by the electric public utility of fuel, and other fuel-related costs components.

(9) Cost of fuel and fuel-related costs shall be adjusted for any net gains or losses resulting from any sales by the electric public utility of by-products produced in the generation process to the extent the costs of the inputs leading to that by-product are costs of fuel or fuel-related costs.

(a2) For those costs identified in subdivisions (4), (5), and (6) of subsection (a1) of this section, the annual increase in the aggregate amount of these costs that are recoverable by an electric public utility pursuant to this section shall not exceed two percent (2%) of the electric public utility's total North Carolina retail jurisdictional gross revenues for the preceding calendar year. The costs described in subdivisions (4), (5), and (6) of subsection (a1) of this section shall be recoverable from each class of customers as a separate component of the rider as follows:

(1) For the costs described in subdivision (4) of subsection (a1) of this section, the specific component for each class of customers shall be determined by allocating these costs among customer classes based on the electric public utility's North Carolina energy usage for the prior year, as determined by the Commission, until the Commission determines how these costs shall be allocated in a general rate case for the electric public utility commenced on or after 1 January 2008.

(2) For the costs described in subdivisions (5) and (6) of subsection (a1) of this section, the specific component for each class of customers shall be determined by allocating these costs among customer classes based on the electric public utility's North Carolina peak demand for the prior year, as determined by the Commission, until the Commission determines how these costs shall be allocated in a general rate case for the electric public utility commenced on or after 1 January 2008.

(a3) Notwithstanding subsections (a1) and (a2) of this section, for an electric public utility that has less than 150,000 North Carolina retail jurisdictional customers as of 31 December 2006, the costs identified in subsection (a1) of this section shall be recovered through the electric public utility's base and fuel rates respectively in the manner approved by the Commission as of 1 July 2007 and as may be subsequently modified by the Commission e xcept that the costs described in subdivision (6) of subsection (a1) of this section that are incurred on or after 1 January 2008 shall be recovered as cost of fuel and fuel-related cost, and the annual increase in the amount of those costs shall not exceed one percent (1%) of the electric public utility's total North Carolina retail jurisdictional gross revenues for the preceding calendar year. These costs shall be recoverable from each class of customers as a separate component of the rider. For these costs, the specific component for each class of customers shall be determined by allocating the costs among customer classes based on the electric public utility's North Carolina peak demand for the prior year, as determined by the Commission, until the Commission determines how these costs shall be allocated in a general rate case for the electric public utility commenced on or after 1 January 2008.

(b) ~~For each electric utility engaged in the generation and production of electric power by fossil or nuclear fuels, the~~The Commission shall ~~hold~~ conduct a hearing within 12 months of ~~the~~ each electric public utility's last general rate case order ~~and~~ to determine whether an increment or decrement rider is required to reflect actual changes in the cost of fuel ~~and the fuel cost component of purchased power~~and fuel-related costs over or under the cost of fuel and fuel-related costs on a kilowatt-hour basis in base rates established in the electric public utility's last preceding general rate case. Additional hearings shall be held on an annual basis but only one hearing for each ~~such~~ electric public utility may be held within 12 months of the last general rate case.

(c) Each electric public utility shall submit to the Commission for the hearing verified annualized information and data in such form and detail as the Commission may require, for an historic 12-month test period, relating to:

(1) ~~Purchased cost~~Cost of fuel and fuel-related costs used in each generating facility owned in whole or in part by the utility.

(2) Fuel procurement practices and fuel inventories for each facility.
(3) Burned cost of fuel used in each generating facility.
(4) Plant capacity factor for each generating facility.
(5) Plant availability factor for each generating plant.
(6) Generation mix by types of fuel used.
(7) Sources and fuel cost component of purchased power used.
(8) Recipients of and revenues received for power sales and times of power sales.
(9) Test period ~~kilowatt hour~~kilowatt-hour sales for the utility's total system and on the total system separated for North Carolina jurisdictional sales.
(10) Procurement practices and inventories for: fuel burned and for ammonia, lime, limestone, urea, dibasic acid, sorbents, and catalysts consumed in reducing or treating emissions.
(11) The cost incurred at each generating facility of fuel burned and of ammonia, lime, limestone, urea, dibasic acid, sorbents, and catalysts consumed in reducing or treating emissions.
(12) Any net gains or losses resulting from sales by the electric public utility of fuel or other fuel-related costs components.
(13) Any net gains or losses resulting from any sales by the electric public utility of by-products produced in the generation process to the extent the costs of the inputs leading to that by-product are costs of fuel or fuel-related costs.

(d) The Commission shall provide for notice of a public hearing with reasonable and adequate time for investigation and for all intervenors to prepare for hearing. At the hearing the Commission shall receive evidence from the utility, the ~~public staff,~~Public Staff, and any intervenor desiring to submit evidence, and from the public generally. In reaching its decision, the Commission shall consider all evidence required under subsection (c) of this section as well as any and all other competent evidence that may assist the Commission in reaching its decision including changes in the ~~price of fuel consumed and changes in the price of the fuel in the fuel component of purchased power occurring within a reasonable time (as determined by the Commission) after the test period is closed.~~cost of fuel consumed and fuel-related costs that occur within a reasonable time, as determined by the Commission, after the test period is closed. The Commission shall incorporate in its ~~fuel~~ cost of fuel and fuel-related costs determination under this subsection the experienced over-recovery or under-recovery of reasonable costs of fuel and fuel-related costs ~~expenses~~ prudently incurred during the test period, based upon the prudent standards set pursuant to subsection (d1) of this section, in fixing an increment or decrement rider. Upon request of the electric public utility, the Commission shall also incorporate in this determination the experienced over-recovery or under-recovery of costs of fuel and fuel-related costs through the date that is 30 calendar days prior to the date of the hearing, provided that the reasonableness and prudence of these costs shall be subject to review in the utility's next annual hearing pursuant to this section. The Commission shall use deferral accounting, and consecutive

test periods, in complying with this subsection, and the over-recovery or under-recovery portion of the increment or decrement shall be reflected in rates for 12 months, notwithstanding any changes in the base fuel cost in a general rate case. The burden of proof as to the correctness and reasonableness of the charge and as to whether the cost of fuel ~~charges~~ and fuel-related costs were reasonably and prudently incurred shall be on the utility. The Commission shall allow only that portion, if any, of a requested cost of fuel and fuel-related costs adjustment that is based on adjusted and reasonable cost of fuel ~~expenses~~ and fuel-related costs prudently incurred under efficient management and economic operations. In evaluating whether cost of fuel ~~expenses~~ and fuel-related costs were reasonable and prudently incurred, the Commission shall apply the rule adopted pursuant to subsection ~~(d1).~~(d1) of this section. To the extent that the Commission determines that an increment or decrement to the rates of the utility due to changes in the cost of fuel and ~~the fuel cost component of purchased power~~fuel-related costs over or under base fuel costs established in the preceding general rate case is just and reasonable, the Commission shall order that the increment or decrement become effective for all sales of electricity and remain in effect until changed in a subsequent general rate case or annual proceeding under this section.

(d1) Within one year after ratification of this act, for the purposes of setting ~~fuel rates,~~cost of fuel and fuel-related costs rates, the Commission shall adopt a rule that establishes prudent standards and procedures with which it can appropriately measure management efficiency in minimizing ~~fuel~~ cost of fuel and fuel-related costs.

(e) If the Commission has not issued an order pursuant to this section within ~~120~~ 180 days of a utility's submission of annual data under subsection (c) of this section, the utility may place the requested cost of fuel and fuel-related costs adjustment into effect. If the change in rate is finally determined to be excessive, the utility shall make refund of any excess plus interest to its customers in a manner ordered by the Commission.

(f) Nothing in this section shall relieve the Commission from its duty to consider the reasonableness of ~~fuel expenses~~the cost of fuel and fuel-related costs in a general rate case and to set rates reflecting reasonable ~~fuel expenses~~cost of fuel and fuel-related costs pursuant to G.S. 62-133. Nothing in this section shall invalidate or preempt any condition adopted by the Commission and accepted by the utility in any proceeding that would limit the recovery of costs by any electric public utility under this section.

(g) ~~On July 1, 1993 and every two years thereafter,~~On 1 July of every odd-numbered year, the Utilities Commission shall provide a report to the Joint Legislative Utility Review Committee summarizing the ~~procedures~~ proceedings conducted pursuant to ~~G.S. 62-133.2~~this section during the preceding two years."

SECTION 6. G.S. 62-110.1 reads as rewritten:

"§ 62-110.1. Certificate for construction of generating facility; analysis of long-range needs for expansion of ~~facilities.~~facilities; ongoing review of construction costs; inclusion of approved construction costs in rates.

(a) Notwithstanding the proviso in G.S. 62-110, no public utility or other person shall begin the construction of any steam, water, or other facility for the generation of electricity to be directly or indirectly used for the furnishing of public utility service, even though the facility be for furnishing the service already being rendered, without

first obtaining from the Commission a certificate that public convenience and necessity requires, or will require, such construction.

(b) For the purpose of subsections (a), (c), and (d) of this section, "public utility" shall include any electric membership corporation operating within this State, and the term "public utility service" shall include the service rendered by any such electric membership corporation.

(c) The Commission shall develop, publicize, and keep current an analysis of the long-range needs for expansion of facilities for the generation of electricity in North Carolina, including its estimate of the probable future growth of the use of electricity, the probable needed generating reserves, the extent, size, mix and general location of generating plants and arrangements for pooling power to the extent not regulated by the Federal ~~Power~~ Energy Regulatory Commission and other arrangements with other utilities and energy suppliers to achieve maximum efficiencies for the benefit of the people of North Carolina, and shall consider such analysis in acting upon any petition by any utility for construction. In developing such analysis, the Commission shall confer and consult with the public utilities in North Carolina, the utilities commissions or comparable agencies of neighboring states, the Federal ~~Power~~ Energy Regulatory Commission, the Southern Growth Policies Board, and other agencies having relevant information and may participate as it deems useful in any joint boards investigating generating plant sites or the probable need for future generating facilities. In addition to such reports as public utilities may be required by statute or rule of the Commission to file with the Commission, any such utility in North Carolina may submit to the Commission its proposals as to the future needs for electricity to serve the people of the State or the area served by such utility, and insofar as practicable, each such utility and the Attorney General may attend or be represented at any formal conference conducted by the Commission in developing a plan for the future requirements of electricity for North Carolina or this region. In the course of making the analysis and developing the plan, the Commission shall conduct one or more public hearings. Each year, the Commission shall submit to the Governor and to the appropriate committees of the General Assembly a report of its analysis and plan, the progress to date in carrying out such plan, and the program of the Commission for the ensuing year in connection with such plan.

(d) In acting upon any petition for the construction of any facility for the generation of electricity, the Commission shall take into account the applicant's arrangements with other electric utilities for interchange of power, pooling of plant, purchase of power and other methods for providing reliable, ~~efficient~~ efficient, and economical electric service.

(e) As a condition for receiving such certificate the applicant shall file an estimate of construction costs in such detail as the Commission may require. The Commission shall hold a public hearing on each such application and no certificate shall be granted unless the Commission has approved the estimated construction costs and made a finding that such construction will be consistent with the Commission's plan for expansion of electric generating capacity. Once a certificate has been granted by the Commission, no public utility shall cancel construction of a generating unit or facility

without requesting and receiving approval from the Commission based upon a finding that the construction is no longer in the public interest.

(e1) Upon the request of the public utility or upon its own motion, the Commission may review the certificate to determine whether changes in the probable future growth of the use of electricity indicate that the public convenience and necessity requires modification or revocation of the certificate. If the Commission finds that completion of the generating facility is no longer in the public interest, the Commission may modify or revoke the certificate.

(f) ~~The Commission shall maintain an ongoing review of such construction as it proceeds and the applicant shall submit each year during construction a progress report and any revisions in the cost estimates for the construction.~~ The public utility shall submit a progress report and any revision in the cost estimate for the construction approved under subsection (e) of this section during each year of construction. Upon the request of the public utility or upon its own motion, the Commission may conduct an ongoing review of construction of the facility as the construction proceeds. If the Commission approves any revised construction cost estimate and finds that incurrence of the cost of that portion of the construction of the facility under review was reasonable and prudent, the certificate shall remain in effect. If the Commission disapproves any part of the revised cost estimate or finds that the incurrence of the cost of that portion of the construction of the facility then under review was unreasonable or imprudent, the Commission may modify or revoke the certificate.

(f1) The public utility shall recover through rates in a general rate case conducted pursuant to G.S. 62-133 the actual costs it has incurred in constructing a generating facility in reliance on a certificate issued under this section as provided in this subsection, unless new evidence is discovered (i) that could not have been discovered by due diligence at an earlier time and (ii) that reasonably tends to show that a previous determination by the Commission that a material item of cost was just and reasonable and prudently incurred was erroneous. If the Commission determines that evidence has been submitted that meets the requirements of this subsection, the public utility shall have the burden of proof to demonstrate that the material item of cost was in fact just and reasonable and prudently incurred.

(1) When a facility has been completed, and the construction of the facility has been subject to ongoing review under subsection (f) of this section, the reasonable and prudent costs of construction approved by the Commission during the ongoing review shall be included in the public utility's rate base without further review by the Commission.

(2) If a facility has not been completed, and the construction of the facility has been subject to ongoing review under subsection (f) of this section, the reasonable and prudent costs of construction approved by the Commission during the ongoing review shall be included in the public utility's rate base without further review by the Commission.

(3) If a facility is under construction or has been completed and the construction of the facility has not been subject to ongoing review under subsection (f) of this section, the costs of construction shall be

included in the public utility's rate base if the Commission finds that the incurrence of these costs is reasonable and prudent.

(f2) If the construction of a facility is cancelled, including cancellation as a result of modification or revocation of the certificate under subsection (e1) of this section, and the construction of the facility has been subject to ongoing review under subsection (f), absent newly discovered evidence (i) that could not have been discovered by due diligence at an earlier time and (ii) that reasonably tends to show that a previous determination by the Commission that a material item of cost was just and reasonable and prudently incurred was erroneous, the public utility shall recover through rates in a general rate case conducted pursuant to G.S. 62-133 the costs of construction approved by the Commission during the ongoing review that were actually incurred prior to cancellation, amortized over a reasonable time as determined by the Commission. If the Commission determines that evidence has been submitted that meets the requirements of this subsection, the public utility shall have the burden of proof to demonstrate that the material item of cost was just and reasonable and prudently incurred.

(f3) If the construction of a facility is cancelled, including cancellation as a result of the modification or revocation of the certificate under subsection (e1) of this section, and the construction of the facility has not been subject to ongoing review under subsection (f) of this section, the public utility shall recover through rates in a general rate case conducted pursuant to G.S. 62-133 the costs of construction that were actually incurred prior to the cancellation and are found by the Commission to be reasonable and prudent, amortized over a reasonable time as determined by the Commission.

(g) The certification requirements of this section shall not apply to a nonutility-owned generating facility fueled by renewable energy resources under two megawatts in capacity or to persons who construct an electric generating facility primarily for that person's own use and not for the primary purpose of producing electricity, heat, or steam for sale to or for the public for compensation; provided, however, that such persons shall, nevertheless, be required to report to the Utilities Commission the proposed construction of such a facility before beginning construction thereof."

SECTION 7. Article 6 of Chapter 62 of the General Statutes is amended by adding two new sections to read:

"**§ 62-110.6. Rate recovery for construction costs of out-of-state electric generating facilities.**

(a) The Commission shall, upon petition of a public utility, determine the need for and, if need is established, approve an estimate of the construction costs and construction schedule for an electric generating facility in another state that is intended to serve retail customers in this State.

(b) The petition may be filed at any time after an application for a certificate or license for the construction of the facility has been filed in the state in which the facility will be sited. The petition shall contain a showing of need for the facility, an estimate of the construction costs, and the proposed construction schedule for the facility.

(c) The Commission shall conduct a public hearing to consider and determine the need for the facility and the reasonableness of the construction cost estimate and

proposed construction schedule. If the Commission finds that the construction will be needed to assure the provision of adequate public utility service within North Carolina, the Commission shall approve a construction cost estimate and a construction schedule for the facility. In making its determinations under this section, the Commission may consider whether the state in which the facility will be sited has issued a certificate or license for construction of the facility and approved a construction cost estimate and construction schedule for the facility. The Commission shall issue its order not later than 180 days after the public utility files its petition.

(d) G.S. 62-110.1(f) shall apply to the construction cost estimate determined by the Commission to be appropriate, and the actual costs the public utility incurs in constructing the facility shall be recoverable through rates in a general rate case pursuant to G.S. 62-133 as provided in G.S. 62-110.1(f1).

(e) If the construction of a facility is cancelled, the public utility shall recover through rates in a general rate case conducted pursuant to G.S. 62-133 the costs of construction that were actually incurred prior to the cancellation and are found by the Commission to be reasonable and prudent, as provided in subsections (f2) and (f3) of G.S. 62-110.1.

"§ 62-110.7. Project development cost review for a nuclear facility.

(a) For purposes of this section, "project development costs" mean all capital costs associated with a potential nuclear electric generating facility incurred before (i) issuance of a certificate under G.S. 62-110.1 for a facility located in North Carolina or (ii) issuance of a certificate by the host state for an out-of-state facility to serve North Carolina retail customers, including, without limitation, the costs of evaluation, design, engineering, environmental analysis and permitting, early site permitting, combined operating license permitting, initial site preparation costs, and allowance for funds used during construction associated with such costs.

(b) At any time prior to the filing of an application for a certificate to construct a potential nuclear electric generating facility, either under G.S. 62-110.1 or in another state for a facility to serve North Carolina retail customers, a public utility may request that the Commission review the public utility's decision to incur project development costs. The public utility shall include with its request such information and documentation as is necessary to support approval of the decision to incur proposed project development costs. The Commission may hold a hearing regarding the request. The Commission shall issue an order within 180 days after the public utility files its request. The Commission shall approve the public utility's decision to incur project development costs if the public utility demonstrates by a preponderance of evidence that the decision to incur project development costs is reasonable and prudent; provided, however, the Commission shall not rule on the reasonableness or prudence of specific project development activities or recoverability of specific items of cost.

(c) All reasonable and prudent project development costs, as determined by the Commission, incurred for the potential nuclear electric generating facility shall be included in the public utility's rate base and shall be fully recoverable through rates in a general rate case proceeding pursuant to G.S. 62-133.

(d) If the public utility is allowed to cancel the project, the Commission shall permit the public utility to recover all reasonable and prudently incurred project development costs in a general rate case proceeding pursuant to G.S. 62-133 amortized over a period equal to the period during which the costs were incurred, or five years, whichever is greater."

SECTION 8. G.S. 62-133(b) reads as rewritten:

"(b) In fixing such rates, the Commission shall:

(1) Ascertain the reasonable original cost of the public utility's property used and useful, or to be used and useful within a reasonable time after the test period, in providing the service rendered to the public within the State, less that portion of the cost ~~which~~ that has been consumed by previous use recovered by depreciation ~~expense plus the reasonable original cost of investment in plant under construction (construction work in progress). In ascertaining the cost of the public utility's property, construction work in progress as of the effective date of this subsection shall be excluded until such plant comes into service but reasonable and prudent expenditures for construction work in progress after the effective date of this subsection may be included, to the extent the Commission considers such inclusion in the public interest and necessary to the financial stability of the utility in question, subject to the provisions of subparagraph (b)(4a) of this section.~~expense. In addition, construction work in progress may be included in the cost of the public utility's property under any of the following circumstances:

a. To the extent the Commission considers inclusion in the public interest and necessary to the financial stability of the utility in question, reasonable and prudent expenditures for construction work in progress may be included, subject to the provisions of subdivision (4a) of subsection (b) of this section.

b. For baseload electric generating facilities, reasonable and prudent expenditures shall be included pursuant to subdivisions (2) or (3) of G.S. 62-110.1(f1) whichever applies, subject to the provisions of subdivision (4a) of subsection (b) of this section.

(1a) Apply the rate of return established under subdivision (4) of this subsection to rights-of-way acquired through agreements with the Department of Transportation pursuant to G.S. 136-19.5(a) if acquisition is consistent with a definite plan to provide service within five years of the date of the agreement and if such right-of-way acquisition will result in benefits to the ratepayers. If a right-of-way is not used within a reasonable time after the expiration of the five-year period, it may be removed from the rate base by the Commission when rates for the public utility are next established under this section.

(2) Estimate such public utility's revenue under the present and proposed rates.

(3) Ascertain such public utility's reasonable operating expenses, including actual investment currently consumed through reasonable actual depreciation.

(4) Fix such rate of return on the cost of the property ascertained pursuant to subdivision (1) as will enable the public utility by sound management to produce a fair return for its shareholders, considering changing economic conditions and other factors, as they then exist, to maintain its facilities and services in accordance with the reasonable requirements of its customers in the territory covered by its franchise, and to compete in the market for capital funds on terms ~~which~~ that are reasonable and ~~which~~ that are fair to its customers and to its existing investors.

(4a) Require each public utility to discontinue capitalization of the composite carrying cost of capital funds used to finance construction (allowance for funds) on the construction work in progress included in its rate based upon the effective date of the first and each subsequent general rate order issued with respect to it after the effective date of this subsection; allowance for funds may be capitalized with respect to expenditures for construction work in progress not included in the utility's property upon which the rates were fixed. In determining net operating income for return, the Commission shall not include any capitalized allowance for funds used during construction on the construction work in progress included in the utility's rate base.

(5) Fix such rates to be charged by the public utility as will earn in addition to reasonable operating expenses ascertained pursuant to subdivision (3) of this subsection the rate of return fixed pursuant to subdivisions (4) and (4a) on the cost of the public utility's property ascertained pursuant to subdivisions (1) and (1a) of this subsection."

SECTION 9.(a) The percentage rate to be used in calculating the public utility regulatory fee under G.S. 62-302(b)(2) is twelve one-hundredths of one percent (0.12%) for each public utility's North Carolina jurisdictional revenues earned during each quarter that begins on or after 1 July 2007.

SECTION 9.(b) The electric membership corporation regulatory fee imposed under G.S. 62-302(b1) for the 2007-2008 fiscal year is two hundred thousand dollars ($200,000).

SECTION 10.(a) Section 24.19 of S.L. 2006-66 is repealed.

SECTION 10.(b) G.S. 105-164.4(a)(1f) reads as rewritten:

"(a) A privilege tax is imposed on a retailer at the following percentage rates of the retailer's net taxable sales or gross receipts, as appropriate. The general rate of tax is four and one-quarter percent (4.25%).

...

(1f) The rate of two and eighty-three-hundredths percent (2.83%) applies to the sales price of electricity ~~described in this subdivision and~~ that is measured by a separate meter or another separate ~~device:~~device and

sold to a commercial laundry or to a pressing and dry-cleaning establishment for use in machinery used in the direct performance of the laundering or the pressing and cleaning service.

~~a. Sales of electricity to farmers to be used by them for any farm purposes other than preparing food, heating dwellings, and other household purposes. The quantity of electricity or gas purchased or used at any one time shall not be a determinative factor as to whether its sale or use is or is not subject to the rate of tax provided in this subdivision.~~

~~b. Sales of electricity to manufacturing industries and manufacturing plants for use in connection with the operation of the industries and plants other than sales of electricity to be used for residential heating purposes. The quantity of electricity purchased or used at any one time shall not be a determinative factor as to whether its sale or use is or is not subject to the rate of tax provided in this subdivision.~~

~~c. Sales of electricity to commercial laundries or to pressing and dry-cleaning establishments for use in machinery used in the direct performance of the laundering or the pressing and cleaning service.~~"

SECTION 10.(c) G.S. 105-164.4(a) is amended by adding a new subdivision to read:

"(a) A privilege tax is imposed on a retailer at the following percentage rates of the retailer's net taxable sales or gross receipts, as appropriate. The general rate of tax is four and one-quarter percent (4.25%).

...

(1i) The rate of one and eighty-nine hundredths percent (1.89%) applies to the sales price of electricity described in this subdivision and measured by a separate meter or another separate device:

a. Sales of electricity to manufacturing industries and manufacturing plants for use in connection with the operation of the industries and plants.

b. Sales of electricity to farmers to be used by them for any farming purposes other than preparing food, heating dwellings, and other household purposes."

SECTION 10.(d) G.S. 105-164.4(a)(1i), as enacted by subsection (c) of this section, reads as rewritten:

"(1i) The rate of ~~one and eighty-nine hundredths percent (1.89%)~~ ninety-four hundredths percent (0.94%) applies to the sales price of electricity described in this subdivision and measured by a separate meter or another separate device:

a. Sales of electricity to manufacturing industries and manufacturing plants for use in connection with the operation of the industries and plants.

b. Sales of electricity to farmers to be used by them for any farming purposes other than preparing food, heating dwellings, and other household purposes."

SECTION 10.(e) G.S. 105-164.4(a)(1i), as enacted by this section, is repealed.

SECTION 10.(f) G.S. 105-164.13(1) reads as rewritten:

"**§ 105-164.13. Retail sales and use tax.**

The sale at retail and the use, storage, or consumption in this State of the following tangible personal property and services are specifically exempted from the tax imposed by this Article:

Agricultural Group.

(1) Any of the following items sold to a farmer for use by the farmer in the planting, cultivating, harvesting, or curing of farm crops or in the production of dairy products, eggs, or animals. A "farmer" includes a dairy operator, a poultry farmer, an egg producer, a livestock farmer, a farmer of crops, and a farmer of an aquatic species, as defined in G.S. 106-758.

a. Commercial fertilizer, lime, land plaster, plastic mulch, plant bed covers, potting soil, and seeds.

b. Farm machinery, attachment and repair parts for farm machinery, and lubricants applied to farm machinery. The term "machinery" includes implements that have moving parts or are operated or drawn by an animal. The term does not include implements operated wholly by hand or motor vehicles required to be registered under Chapter 20 of the General Statutes.

c. A horse or mule.

d. ~~Fuel other than electricity.~~Fuel."

SECTION 10.(g) G.S. 105-164.13 is amended by adding a new subdivision to read:

"**§ 105-164.13. Retail sales and use tax.**

The sale at retail and the use, storage, or consumption in this State of the following tangible personal property and services are specifically exempted from the tax imposed by this Article:

...

(56) Fuel, including electricity, sold to a manufacturer for use in connection with the operation of a manufacturing facility."

SECTION 10.(h) Subsections (a) and (h) of this section become effective when this act becomes law. Subsections (b) and (c) of this section become effective 1 July 2007 and apply to sales occurring on or after that date. Subsection (d) of this section becomes effective 1 July 2008 and applies to sales occurring on or after that date. Subsections (e), (f), and (g) of this section become effective 1 July 2009 and apply to sales occurring on or after that date.

SECTION 11.(a) G.S. 105-187.41 reads as rewritten:

"**§ 105-187.41. Tax imposed on piped natural gas.**

(a) Scope. – An excise tax is imposed on piped natural gas received for consumption in this State. This tax is imposed in lieu of a sales and use tax and a percentage gross receipts tax on piped natural gas.

(b) Rate. – The tax rate is set in the table below. The tax rate is based on monthly therm volumes of piped natural gas received by the end-user of the gas. If an end-user receives piped natural gas that is metered through two or more separate measuring devices, the tax is calculated separately on the volume metered through each device rather than on the total volume metered through all measuring devices, unless the devices are located on the same premises and are part of the same billing account. In that circumstance, the tax is calculated on the total volume metered through the two or more separate measuring devices.

Monthly Volume of Therms Received	Rate Per Therm
First 200	$.047
201 to 15,000	.035
15,001 to 60,000	.024
60,001 to 500,000	.015
Over 500,000	.003

(c) Gas City Exemption. – The tax imposed by this section does not apply to piped natural gas received by a gas city for consumption by that city or to piped natural gas delivered by a gas city to a sales or transportation customer of the gas city.

(d) Reduction of Tax. – The tax imposed by this section is reduced by one-third for piped natural gas received by a manufacturer for use in connection with the operation of the manufacturing facility and for piped natural gas received by a farmer to be used for any farming purpose other than preparing food, heating dwellings, and other household purposes."

SECTION 11.(b) G.S. 105-187.41(d), as enacted by subsection (a) of this section, reads as rewritten:

"(d) Reduction of Tax. – The tax imposed by this section is reduced by ~~one-third (1/3)~~ two-thirds for piped natural gas received by a manufacturer for use in connection with the operation of the manufacturing facility or for piped natural gas received by a farmer to be used for any farming purpose other than preparing food, heating dwellings, and other household purposes."

SECTION 11.(c) G.S. 105-187.41(d), as enacted by this section, is repealed.

SECTION 11.(d) G.S. 105-187.41(c) reads as rewritten:

"(c) ~~Gas City Exemption.~~ Exemptions.– The tax imposed by this section does not apply to ~~piped~~ any of the following:

(1) Piped natural gas received by a gas city for consumption by that ~~city or to piped~~ city.

(2) Piped natural gas delivered by a gas city to a sales or transportation customer of the gas city.

(3) Piped natural gas received by a manufacturer for use in connection with the operation of the manufacturing facility.

(4) Piped natural gas received by a farmer to be used for any farming purpose other than preparing food, heating dwellings, and other household purposes."

SECTION 11.(e) Subsection (a) of this section becomes effective July 1, 2007, and applies to piped natural gas received on or after that date. Subsection (b) of this section becomes effective July 1, 2008, and applies to piped natural gas received on or after that date. Subsections (c) and (d) of this section become effective July 1, 2009, and apply to piped natural gas received on or after that date. The remainder of this section is effective when it becomes law.

SECTION 12.(a) G.S. 105-187.51A reads as rewritten:

"**§ 105-187.51A. Tax imposed on manufacturing fuel.**

A privilege tax is imposed on a manufacturing industry or plant that purchases fuel to operate the industry or plant. The tax is ~~one percent (1%)~~ sixty-seven hundredths percent (0.67%) of the sales price of the fuel. The tax does not apply to electricity or piped natural gas."

SECTION 12.(b) G.S. 105-187.51A, as amended by subsection (a) of this section, reads as rewritten:

"**§ 105-187.51A. Tax imposed on manufacturing fuel.**

A privilege tax is imposed on a manufacturing industry or plant that purchases fuel to operate the industry or plant. The tax is ~~sixty-seven hundredths percent (0.67%)~~ thirty-four hundredths percent (0.34%) of the sales price of the fuel. The tax does not apply to electricity or piped natural gas."

SECTION 12.(c) G.S. 105-187.51A is repealed.

SECTION 12.(d) Subsection (a) of this section becomes effective July 1, 2007, and applies to fuel purchased on or after that date. Subsection (b) of this section becomes effective July 1, 2008, and applies to fuel purchased on or after that date. Subsection (c) of this section becomes effective July 1, 2009. The remainder of this section is effective when it becomes law.

SECTION 13.(a) Part 1 of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-130.49. Construction or improvement of energy-efficient home.**

(a) Definitions. – The following definitions apply in this section:

(1) Energy-efficient home. – A single- or multi-family home that is a federally qualified energy-efficient home or a State-certified energy-efficient home.

(2) Federally qualified energy-efficient home. – A residence qualified under the ENERGY STAR Program administered by the United States Environmental Protection Agency.

(3) State-certified energy-efficient home. – A residence certified under the NC Healthy Built Homes Program administered by the North Carolina Solar Center, the State Energy Office, and the North Carolina Department of Administration.

(b) Credit. – A taxpayer that builds or manufactures an energy-efficient home is allowed a credit against the taxes imposed by this Part. In order to claim a credit under this section, the taxpayer must include with the tax return documentation that the property with respect to which a credit is claimed is an energy-efficient home. A taxpayer may claim only one of the credits allowed under this section with respect to a single home. The amount of the credit is as follows:

(1) For a taxpayer that builds or manufactures a new federally qualified energy-efficient home, the credit is one thousand dollars ($1,000).

(2) For a taxpayer that builds or manufactures a new State-certified energy-efficient home, the credit is two thousand dollars ($2,000).

(c) Cap. – The credit allowed under this section may not exceed the amount of tax imposed by this Part for the taxable year reduced by the sum of all credits allowable, except tax payments made by or on behalf of the taxpayer. Any unused portion of a credit under this section may be carried forward for the succeeding five years.

(d) Sunset. – This section is repealed effective for taxable years beginning on or after January 1, 2012."

SECTION 13.(b) Part 2 of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-151.31. Construction or improvement of energy-efficient home.**

(a) Definitions. – The following definitions apply in this section:

(1) Energy-efficient home. – A single- or multi-family home that is a federally qualified energy-efficient home or a State-certified energy-efficient home.

(2) Federally qualified energy-efficient home. – A residence qualified under the ENERGY STAR Program administered by the United States Environmental Protection Agency.

(3) State-certified energy-efficient home. – A residence certified under the NC Healthy Built Homes Program administered by the North Carolina Solar Center, the State Energy Office, and the North Carolina Department of Administration.

(b) Credit. – A taxpayer that builds or manufactures an energy-efficient home is allowed a credit against the taxes imposed by this Part. In order to claim a credit under this section, the taxpayer must include with the tax return documentation that the property with respect to which a credit is claimed is an energy-efficient home. A taxpayer may claim only one of the credits allowed under this section with respect to a single home. The amount of the credit is as follows:

(1) For a taxpayer that builds or manufactures a new federally qualified energy-efficient home, the credit is one thousand dollars ($1,000).

(2) For a taxpayer that builds or manufactures a new State-certified energy-efficient home, the credit is two thousand dollars ($2,000).

(c) Cap. – The credit allowed under this section may not exceed the amount of tax imposed by this Part for the taxable year reduced by the sum of all credits allowable, except tax payments made by or on behalf of the taxpayer. Any unused portion of a credit under this section may be carried forward for the succeeding five years.

(d) Sunset. – This section is repealed effective for taxable years beginning on or after January 1, 2012."

SECTION 13.(c) This section is effective for taxable years beginning on or after 1 January 2007 and applies to homes that receive the qualification or certification on or after that date.

SECTION 14.(a) Article 3B of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-129.16G. Credit for contributing to a nonprofit organization that invests in renewable energy property.**

(a) Credit. – A taxpayer that makes an eligible contribution to a nonprofit organization organized under section 501(c)(3) of the Code is allowed a credit under this section. The amount of credit allowed is equal to a portion of the credit that the nonprofit organization would be allowed under G.S. 105-129.16A if the nonprofit organization was subject to tax. The portion allowed to each taxpayer is equal to the percentage of the total costs for which the nonprofit organization would have been eligible for a credit under G.S. 105-129.16A that were covered by the taxpayer's eligible contribution.

(b) Definition. – For the purposes of this section, an 'eligible contribution' is one that satisfies all of the following conditions:

(1) The contribution was designated by the taxpayer to be used for investing in renewable energy property.

(2) The nonprofit organization used the contribution for investing in renewable energy property.

(c) Administration. – The nonprofit organization must keep records of all contributions that have been designated to be used for investing in renewable energy property and must keep records of all investments in renewable energy property. The nonprofit organization must inform all taxpayers that make eligible contributions of the amount of credit for which they are eligible."

SECTION 14.(b) G.S. 105-259(b) is amended by adding a new section to read:

"(b) Disclosure Prohibited. – An officer, an employee, or an agent of the State who has access to tax information in the course of service to or employment by the State may not disclose the information to any other person unless the disclosure is made for one of the following purposes:

...

(38) To verify with a nonprofit organization information relating to eligibility for a credit under G.S. 105-129.16G."

SECTION 14.(c) This section is effective for taxable years beginning on or after 1 January 2007.

SECTION 15. If any section or provision of this act is declared unconstitutional or invalid by the courts, the unconstitutional or invalid section or provision does not affect the validity of this act as a whole or any part of this act other than the part declared to be unconstitutional or invalid.

SECTION 16. Sections 1, 2, 6, 7, and 8 of this act become effective 1 January 2008. The provisions of Section 2 of this act that provide for the recovery of costs incurred under Section 2 apply only to costs that are incurred on and after 1 January 2008. Sections 3, 4, 15, and 16 of this act become effective when this act becomes law. The provisions of Section 4 of this act that provide for the recovery of costs incurred under Section 4 apply only to costs that are incurred on and after the date that this act becomes law. Section 5 of this act becomes effective 1 January 2008 provided that (i) the provisions of G.S. 62-133.2, as amended by Section 5 of this act, apply only to fuel and fuel-related costs incurred on and after 1 January 2008 regardless of the test period established by the Utilities Commission, and (ii) the costs described in G.S. 62-133.2(a1)(3) that are incurred on and after the date this act becomes law shall be recoverable as provided in G.S. 62-133.2 as amended by Section 5 of this act. Sections 10, 11, 12, 13, and 14 of this act become effective as provided in those sections. Section 9 of this act becomes effective 1 July 2007.

SENATE BILL 3:
Promote Renewable Energy/Energy Efficiency

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 27, 2007
Introduced by:	Sen. Albertson	**Summary by:**	Jeff Hudson,
Version:	Second Edition		Committee Counsel for Senate Agriculture, Environment, and Natural Resources

SUMMARY:

Senate Bill 3 would:

Establish a Renewable Energy and Energy Efficiency Portfolio Standard (REPS) in North Carolina that would include:

- ***A 12.5% REPS for electric public utilities.***
- ***A 10% REPS for electric membership corporations and municipalities that sell electric power in the State.***
- ***Provisions to encourage the use of solar energy, swine waste, and poultry waste resources.***
- ***Provisions to encourage the implementation of demand-side management and energy efficiency programs.***

Amend the cost recovery procedures for electric power suppliers to provide for:

- ***Recovery of additional costs under the annual fuel charge.***
- ***Ongoing review of construction costs and the inclusion of construction costs in rates.***
- ***Recovery of construction costs for out-of-state electric generating facilities.***
- ***Recovery of project development costs for nuclear facilities.***
- ***Recovery of construction work in progress when reasonable and prudent and subject to an ongoing review by the Utilities Commission***

Adjust the public utility and electric membership corporation regulatory fees.

Phase out the sales taxes paid by farmers and manufacturers for electricity, piped natural gas, and other fuels.

Establish renewable energy and energy efficiency tax credits.

BILL ANALYSIS:

ESTABLISH RENEWABLE ENERGY AND ENERGY EFFICIENCY PORTFOLIO STANDARD.

Renewable Energy Portfolio Standards (REPS) require that utilities operating within a state provide a designated amount or percentage of power from renewable energy resources as a portion of their overall provision of electricity. Iowa enacted the first REPS in 1991 and as of June 2007, REPS have been enacted by the majority of the 24 states and the District of Columbia that have adopted standards

requiring electric utilities to generate electricity from renewable resources. Over half of the American public lives in a state in which a REPS is in effect. The map at the end of this analysis identifies those states that have adopted standards for renewable energy generation.

States have adopted or expanded their REPS for many reasons including: economic development benefits through the promotion of a state's renewable energy resources; potential for jobs creation; prospect of increased reliability in electricity supply; and reduction of conventional air pollutants and greenhouse gases.

(From: *Race to the Top: The Expanding Role of U.S. State Renewable Portfolio Standards*, http://www.pewclimate.org/docUploads/RPSReportFinal%2Epdf.)

Section 1 would provide that it is the policy of the State to promote the development of renewable energy and energy efficiency through the implementation of a Renewable Energy and Energy Efficiency Portfolio Standard (REPS) that will:

- Diversify the resources used to reliably meet the energy needs of consumers in the State.
- Provide greater energy security through the use of indigenous energy resources available within the State.
- Encourage private investment in renewable energy and energy efficiency.
- Provide improved air quality and other benefits to energy consumers and citizens of the State.

Section 2 defines "renewable energy resource" as a solar electric, solar thermal, wind, hydropower, geothermal, or ocean current or wave energy resource; a biomass resource, including agricultural waste, animal waste, wood waste, spent pulping liquors, combustible residues, combustible liquids, combustible gases, energy crops, or landfill methane; waste heat derived from a renewable energy resource and used to produce electricity or useful, measurable thermal energy at a retail electric customer's facility; or hydrogen derived from a renewable energy resource. "Renewable energy resource" does not include a fossil fuel or nuclear energy resource.

Section 2 would establish a Renewable Energy and Energy Efficiency Portfolio Standard (REPS) in North Carolina as follows:

Electric Public Utilities

Each electric public utility in the State would have to meet the Renewable Energy and Energy Efficiency Portfolio Standard (REPS) according to the following schedule:

Calendar Year	REPS Requirement
2012	3% of 2011 North Carolina retail sales
2015	6% of 2014 North Carolina retail sales
2018	10% of 2017 North Carolina retail sales
2021 and thereafter	12.5% of 2020 North Carolina retail sales

An electric public utility could meet the REPS requirement by doing any one or more of the following:

- Generate electric power at a new renewable energy facility.
- Use a renewable energy resource to generate electric power at a generating facility.
- Reduce energy consumption through the implementation of an energy efficiency measure.
- Purchase electric power from a new renewable energy facility.
- Purchase renewable energy certificates derived from in-state or out-of-state new renewable energy facilities.
- Use electric power that is supplied by a new renewable energy facility or saved due to the implementation of an energy efficiency measure that exceeds the requirements of this section for any calendar year as a credit towards meeting the requirements of this section in the following calendar year or sell the associated renewable energy certificates.

Electric Membership Corporations and Municipalities

Each electric membership corporation and municipality that sells electric power to retail electric customers in the State would have to meet the Renewable Energy and Energy Efficiency Portfolio Standard (REPS) according to the following schedule:

Calendar Year	REPS Requirement
2012	3% of 2011 North Carolina retail sales
2015	6% of 2014 North Carolina retail sales
2018 and thereafter	10% of 2017 North Carolina retail sales

An electric membership corporation or municipality could meet the REPS requirement by doing any one or more of the following:

- Generate electric power at a new renewable energy facility.
- Reduce energy consumption through the implementation of an energy efficiency measure.
- Purchase electric power from a new renewable energy facility.
- Purchase renewable energy certificates derived from in-state or out-of-state new renewable energy facilities.
- Acquire all or part of its electric power from an electric power supplier who meets the requirements of this section.
- Use electric power that is supplied by a new renewable energy facility or saved due to the implementation of an energy efficiency measure that exceeds the requirements of this section for any calendar year as a credit towards meeting the requirements of this section in the following calendar year or sell the associated renewable energy certificates.

Use of Solar Energy Resources

For calendar year 2018 and each calendar year thereafter, at least two tenths of one percent (0.2%) of the total electric power in kilowatt-hours sold to retail electric customers in the State would have to be supplied by a combination of new solar electric facilities and new metered solar thermal energy facilities

that use solar hot water, solar absorption cooling, solar dehumidification, solar thermally driven refrigeration, or solar industrial process heat. Electric power suppliers would comply with these requirements according to the following schedule:

Calendar Year	Requirement for Solar Energy Resources
2010	0.02%
2012	0.07%
2015	0.14%
2018	0.20%

Use of Swine Waste Resources

For calendar year 2018 and each calendar year thereafter, at least two tenths of one percent (0.2%) of the total electric power in kilowatt-hours sold to retail electric customers in the State would have to be supplied by swine waste. Electric power suppliers would comply with these requirements according to the following schedule:

Calendar Year	Requirement for Swine Waste Resources
2012	0.07%
2015	0.14%
2018	0.20%

Use of Poultry Waste Resources

For calendar year 2014 and each calendar year thereafter, at least nine hundred thousand (900,000) megawatt-hours of the total electric power sold to retail electric customers in the State would have to be supplied by poultry waste. Electric power suppliers would comply with these requirements according to the following schedule:

Calendar Year	Requirement for Poultry Waste Resources
2012	170,000 megawatt-hours
2013	700,000 megawatt-hours
2014	900,000 megawatt-hours

Cost Cap

The recovery of costs that would be incurred by an electric power supplier to comply with the REPS requirements could not exceed an amount equal to the per-customer annual charges in the following schedule:

Customer Class	2008-2011	2012-2014	2015 and thereafter
Residential per account	$10.00	$12.00	$34.00
Commercial per account	$50.00	$150.00	$150.00
Industrial per account	$500.00	$1,000.00	$1,000.00

Adoption of Rules by the Utilities Commission

The Utilities Commission (Commission) would adopt rules to implement the REPS requirements that specifically:

- Provide for the monitoring of compliance with and enforcement of the REPS requirements.
- Include a procedure to modify or delay the REPS requirements in whole or in part if the Commission determines that it is in the public interest to do so and the public utility demonstrates that it has made a reasonable effort to meet the REPS requirements.
- Ensure that energy credited toward compliance with the provisions of this section not be credited toward any other purpose.
- Establish standards for interconnection of renewable energy facilities and other non-utility owned generation with a generation capacity of 10 megawatts or less to a public utility's electric distribution system.
- Consider whether it is in the public interest to adopt rules for electric public utilities for net metering of renewable energy facilities with a generation capacity of one megawatt or less.

Report

No later than 1 October of each year, the Commission would submit a report on the activities taken by the Commission to implement and by electric power suppliers to comply with the REPS requirements to the Governor, the Environmental Review Commission, and the Joint Legislative Utility Review Committee. The Commission would submit the first report no later than 1 October 2008.

Section 3 would provide that if the federal government imposes requirements similar to the REPS requirements on electric power suppliers in the State, the Commission will determine the applicability of federal and State requirements so as to apply the more stringent requirements. The Commission would adopt rules to establish a procedure as an alternative to the procedure set out in G.S. 62-133 to annually adjust the rates of electric public utilities to allow timely recovery of all reasonable costs of compliance with the federal and State requirements. In adopting rules to establish the procedure, the Commission would incorporate the provisions of this act in accordance with this section and the public interest.

DEMAND-SIDE MANAGEMENT AND ENERGY EFFICIENCY MEASURES.

Section 2 defines "Demand-side management" as activities, programs, or initiatives undertaken by an electric power supplier or its customers to shift the timing of electricity use from peak to non peak demand periods. 'Demand side management' includes, but is not limited to, load management, electric system equipment and operating controls, direct load control, and interruptible load. This section defines "energy efficiency measure" as an equipment, physical, or program change implemented after 1 January 2007 that results in less energy used to perform the same function. 'Energy efficiency measure' includes, but is not limited to, energy produced from a combined heat and power system that uses non-renewable energy resources. 'Energy efficiency measure' does not include demand side management.

Section 4 would direct electric power suppliers to implement demand-side management and energy efficiency measures to establish the least cost mix of demand reduction and generation measures that meet the electricity needs of its customers. An electric power supplier may petition the Commission to approve an annual rider to its rates to recover all reasonable and prudent costs incurred for adoption and implementation of demand-side management and energy efficiency measures adopted and implemented after 1 January 2007. The Commission would assign the costs of measures only to the class of customers that directly benefit from the measures. No costs of demand-side management or energy

efficiency programs would be assigned to an industrial customer that has or will implement its own demand-side management and energy efficiency measures. Recoverable costs would include, but not be limited to, all capital costs, including cost of capital and depreciation expenses, administrative costs, implementation costs, incentive payments to program participants, and operating costs.

AMEND COST RECOVERY PROCEDURES FOR ELECTRIC POWER SUPPLIERS.

Section 5: Recovery of Additional Costs under the Annual Fuel Charge.

Section 5 would shift the recovery of certain costs incurred by an electric public utility from recovery through the rate base to recovery through the annual fuel charge adjustment. The new costs that would be recoverable under this provision would be:

- The cost of ammonia, lime, limestone, urea, dibasic acid, sorbents, and catalysts consumed in reducing or treating emissions. These costs would be adjusted for gains or losses resulting from the sale of byproducts produced in the generation process.
- The total delivered non-capacity related costs, including all related transmission charges, of all purchases of electric power by the electric public utility.
- The capacity costs associated with purchases of electric power from qualifying cogeneration facilities and qualifying small power production facilities.
- Except for those costs recovered pursuant to the new REPS requirement statute, the total delivered costs of purchases of power from renewable energy facilities and new renewable energy facilities pursuant to the REPS requirement or any similar federal requirement.
- Cost recoverable under the fuel charge would be adjusted for gains or losses resulting from the sale of fuel, and other fuel related costs components.

For he total delivered non-capacity costs, the capacity costs associated with purchasing electric power from qualifying cogeneration and qualifying small power production facilities, and the costs of purchases of power from renewable energy facilities and new renewable energy facilities, the annual increase in the aggregate amount of these costs that are recoverable by an electric public utility could not exceed two percent (2%) of the electric public utility's total North Carolina retail jurisdictional gross revenues for the preceding calendar year. These costs would be recoverable from each class of customers as a separate component of the rider as follows:

- For the total delivered non-capacity costs, the specific component for each class of customers would be determined by allocating these costs among customer classes based on the electric public utility's North Carolina energy usage for the prior year, as determined by the Commission, until the Commission determines how these costs should be allocated in a general rate case for the electric public utility commenced on or after 1 January 2008.
- For the capacity costs associated with purchasing electric power from qualifying cogeneration and qualifying small power production facilities and the costs of purchases of power from renewable energy facilities and new renewable energy facilities, the specific component for each class of customers would be determined by allocating these costs among customer classes based on the electric public utility's North Carolina peak demand for the prior year, as determined by the Commission, until the Commission determines how these costs should be allocated in a general rate case for the electric public utility commenced on or after 1 January 2008.

Notwithstanding these provisions, for an electric public utility that has less than 150,000 North Carolina retail jurisdictional customers as of 31 December 2006, the costs recoverable under the fuel charge would be recovered through the electric public utility's base and fuel rates respectively in the manner approved by the Commission as of 1 July 2007 and could be subsequently modified by the Commission except that the costs of purchases of power from renewable energy facilities and new renewable energy facilities that are incurred on or after 1 January 2008 would be recovered as cost of fuel and fuel related cost and the annual increase in the amount of those costs shall not exceed one percent (1%) of the electric public utility's total North Carolina retail jurisdictional gross revenues for the preceding calendar year. These costs would be recoverable from each class of customers as a separate component of the rider. For these costs, the specific component for each class of customers would be determined by allocating the costs among customer classes based on the electric public utility's North Carolina peak demand for the prior year, as determined by the Commission, until the Commission determines how these costs should be allocated in a general rate case for the electric public utility commenced on or after 1 January 2008.

Section 6: Ongoing Review of Construction Costs and Inclusion of Construction Costs in Rates.

Under current law, an electric public utility is responsible for bearing the construction costs of a generating facility until the facility goes into operation. In the first general rate case after the facility goes into service, if the Commission finds the facility to be used and useful, the total facility costs, excluding any imprudently incurred costs, are included in rates charged to customers. There is one exception to this system of construction cost recovery; prudently incurred expenses for construction work in progress may be included in the rate base if the Commission finds that this is in the public interest and is necessary to the utility's financial stability.

Under current practice, if a facility is abandoned before it is completed, the Commission may authorize the electric public utility to recover the costs of the incomplete facility, excluding any imprudently incurred costs, by amortizing these costs over a period of years, with no return on the unamortized balance.

Section 6 would alter these current procedures for construction cost recovery as follows.

Once a construction certificate has been granted by the Commission, a public utility may not cancel construction of a generating facility without receiving approval from the Commission. If the Commission finds that completion of the generating facility is no longer in the public interest, the Commission may modify or revoke the certificate.

A public utility would submit an annual progress report on construction to the Commission, including any revisions in the cost estimate for the construction. The Commission may conduct an ongoing review of construction of the facility. If the Commission disapproves any part of the revised cost estimate or finds that the incurrence of the cost of that portion of the construction of the facility then under review was unreasonable or imprudent, the Commission may modify or revoke the certificate.

The public utility would recover through rates in a general rate case the actual costs it has incurred in constructing a generating facility in reliance on a construction certificate as provided below, unless new evidence is discovered (i) that could not have been discovered by due diligence at an earlier time and (ii) that reasonably tends to show that a previous determination by the Commission that a material item of cost had been just and reasonable and prudently incurred was erroneous. The public utility would have the burden of proof to demonstrate that the material item of cost was in fact just and reasonable and prudently incurred.

Whether under construction or completed, if the construction of the facility:

- Has been subject to ongoing review, the reasonable and prudent costs of construction approved by the Commission during the ongoing review would be included in the public utility's rate base.
- Has not been subject to ongoing review, the costs of construction would be included in the public utility's rate base if the Commission finds that the incurrence of these costs is reasonable and prudent.

If the construction of a facility is cancelled and the facility:

- Has been subject to ongoing review, the public utility would recover through rates in a general rate case the costs of construction approved by the Commission during the ongoing review that were actually incurred prior to cancellation, amortized over a reasonable time as determined by the Commission. The public utility would have the burden of proof to demonstrate that the material item of cost was in fact just and reasonable and prudently incurred.
- Has not been subject to ongoing review, the public utility would recover through rates in a general rate case the costs of construction that were actually incurred prior to cancellation and are found by the Commission to be reasonable and prudent, amortized over a reasonable time as determined by the Commission.

Section 7: Recovery of Construction Costs for Out-of-State Electric Generating Facilities and Project Development Costs for Nuclear Facilities.

Section 7 would provide that upon petition by a public utility, the Commission would determine the need for and, if need is established, approve an estimate of the construction costs and construction schedule for an electric generating facility in another state. The construction cost estimate and the recovery of costs through a general rate case would be governed by the provision that apply to facilities built in the State (see Section 6 above).

Sections 7 would also provide for the treatment of project development costs for a nuclear facility as follows:

Section 7 defines "project development costs" as all capital costs associated with a potential nuclear electric generating facility, including the costs of evaluation, design, engineering, environmental analysis and permitting, early site permitting, combined operating license permitting, initial site preparation costs, and allowance for funds used during construction associated with such costs.

A public utility would be able to request that the Commission review the public utility's decision to incur project development costs for the construction of a nuclear electric generating facility. The Commission would approve the public utility's decision to incur project development costs if the public utility demonstrates by a preponderance of evidence that the decision to incur project development costs is reasonable and prudent.

All reasonable and prudent project development costs, as determined by the Commission, incurred for the potential nuclear electric generating facility would be included in the public utility's rate base and would be fully recoverable through rates in a general rate case If the public utility is allowed to cancel the project, the Commission would permit the public utility to recover all reasonable and prudently incurred project development costs in a general rate case amortized over a period equal to the period during which the costs were incurred, or five years, whichever is greater.

Section 8: Recovery of Construction Work in Progress.

Section 8 would change the standard by which the Commission may include construction work in progress included in rates. Under current law, construction work in progress may only be included if the Commission determines that inclusion is in the public interest and necessary to the financial stability of the utility. Section 8 would allow inclusion of construction work in progress if the construction is subject to ongoing review and Commission determines that expenditures are reasonable and prudent.

ADJUST THE PUBLIC UTILITY AND ELECTRIC MEMBERSHIP CORPORATION REGULATORY FEES.

Section 9 would provide that the percentage rate to be used in calculating the public utility regulatory fee under G.S. 62-302(b)(2) is twelve one-hundredths of one percent (0.12%) for each public utility's North Carolina jurisdictional revenues earned during each quarter that begins on or after 1 July 2007. This section also provides that the electric membership corporation regulatory fee imposed under G.S. 62-302(b1) for the 2007-2008 fiscal year is two hundred thousand dollars ($200,000).

PHASE OUT OF SALES TAXES PAID BY FARMERS AND MANUFACTURERS ON ELECTRICITY, PIPED NATURAL GAS, AND OTHER FUELS.

Sections 10, 11, and 12 would phase out the tax on electricity, piped natural gas, and fuel used by manufacturers to operate their industries and by farmers in their farming operations, effective for sales made on or after July 1, 2007

Section 10 would phase out the current sales tax rate of 2.83% on sales of electricity to manufacturing industries and manufacturing plants for use in connection with their operation and to farmers to be used by them for farming purposes as follows:

- Effective July 1, 2007, reduces the rate from 2.83% to 1.89%.
- Effective July 1, 2008, reduces the rate from 1.89% to 0.94%.
- Effective July 1, 2009, exempts these sales from tax.

The general rate of tax on sales of electricity is 3%. Sales of electricity to an aluminum smelting facility are taxed at the rate of 1%, but this rate expires for sales made on or after October 1, 2007. Last session, in S.L. 2006-66, the tax on sales of electricity to manufacturing industries and manufacturing plants was reduced from 2.83% to 2.6%, effective July 1, 2007. This bill repeals the reduction enacted last session and replaces it with the 1.89% rate provided in this section of the bill.

Section 11 would phase out the tax imposed on piped natural gas received by a manufacturer for use in connection with the operation of the manufacturing facility and on piped natural gas received by a farmer to be used for any farming purpose, other than preparing food, heating dwellings, and other household purposes.

The excise tax on piped natural gas applies uniformly to all users. The tax rate is structured as a "declining block" that decreases as the amount of therms of piped gas consumed in a month increases. A declining block tax rate structure means that low end users, such as residential users, pay a higher effective rate of tax and high volume users, such as business and industrial users, pay a lower effective rate of tax.

The only exemption from the tax is for piped natural gas distributed to or by a gas city. A gas city is a city that operated a piped natural gas distribution system as of July 1, 1998. Effective July 1, 2009, this section would exempt from tax piped natural gas distributed to a manufacturer or farmer. It lowers the tax imposed on these end-users by one-third effective July 1, 2007, and by two-thirds, effective July 1, 2008. These end-users will be exempt from the tax, effective July 1, 2009.

The tax is due monthly and is payable, generally, by the company that delivers the gas to the end-user. This section would require the company to calculate not only the tax owed by an end-user, but also to identify the end-user and, if the end-user is a manufacturer or a farmer, reduce the tax accordingly.

Section 12 would phase out the privilege tax imposed on a manufacturing industry or plant that purchases fuel to operate the industry or plant by reducing the tax rate from 1% to 0.67%, effective July 1, 2007, from 0.67% to 0.34%, effective July 1, 2008, and from 0.34% to 0%, effective July 1, 2009.

Farmers are exempt from sales tax on purchases of fuel. Manufacturers are exempt from sales tax on fuel, but they are subject to a privilege tax equal to 1% of the sales price of the fuel. This section would phase that tax out over three years.

ESTABLISH RENEWABLE ENERGY AND ENERGY EFFICIENCY TAX CREDITS.

Section 13 would allow an individual or corporate income tax credit for builders of energy-efficient homes. An energy efficient home is a residence that is qualified under the ENERGY STAR Program administered by the United States Environmental Protection Agency or a residence that is certified under the NC Healthy Built Homes Program. The credit is equal to $1,000 for a federally qualified energy-efficient home and $2,000 for a State-certified energy-efficient home. The credit applies only to new homes. Any unused portion of a credit may be carried forward for five years. The credit is effective for taxable years beginning on or after January 1, 2007, and expires for taxable years beginning on or after January 1, 2012.

G.S. 105-129.16A provides a tax credit for investing in renewable energy property. This tax credit is not used by a nonprofit corporation that invests in renewable energy property because the nonprofit organization does not owe any tax. Section 14 would allow this tax credit to a taxpayer that makes an eligible contribution to a nonprofit organization organized under section 501(c)(3) of the Code. An eligible contribution is a contribution designated by the taxpayer to be used for investing in renewable energy property and used by the nonprofit organization for investing in renewable energy property.

The amount of the credit would be equal to a portion of the credit for investing in renewable energy property that the nonprofit organization would be allowed if the nonprofit organization was subject to tax. The amount of the credit for investing in renewable energy property is 35% of the cost of the property placed in service. The credit must be taken in five equal installments, beginning with the taxable year in which the property is placed in service. The credit may not exceed $2,500,000 per installation (the maximum credit amount is less for residential property). The portion allowed to each taxpayer is equal to the percentage of the total costs for which the nonprofit organization would have been eligible for a credit which were covered by the taxpayer's eligible contribution.

The tax credit may be taken against either the franchise tax or the individual or corporate income tax. The election is binding and any carryforwards of a credit must be claimed against the same tax. The credit may not exceed 50% of the tax against which it is claimed. Any unused portion of the credit may be carried forward for five years. The credit is effective for taxable years beginning on or after January

1, 2007. Although this credit does not have a sunset, the credit under G.S. 105-129.16A expires for renewable energy property placed into service on or after January 1, 2011.

Renewable energy property includes the following machinery and equipment or real property:

- Biomass equipment that uses renewable biomass resources for biofuel production of ethanol, methanol, and biodiesel; anaerobic biogas production of methane utilizing agricultural and animal waste or garbage; or commercial thermal or electrical generation from renewable energy crops or wood waste materials. Renewable biomass resources are organic matters produced by terrestrial and aquatic plants and animals, such as standing vegetation, forestry and agricultural residues, landfill wastes, and animal wastes.
- Hydroelectric generators
- Solar energy equipment
- Wind equipment

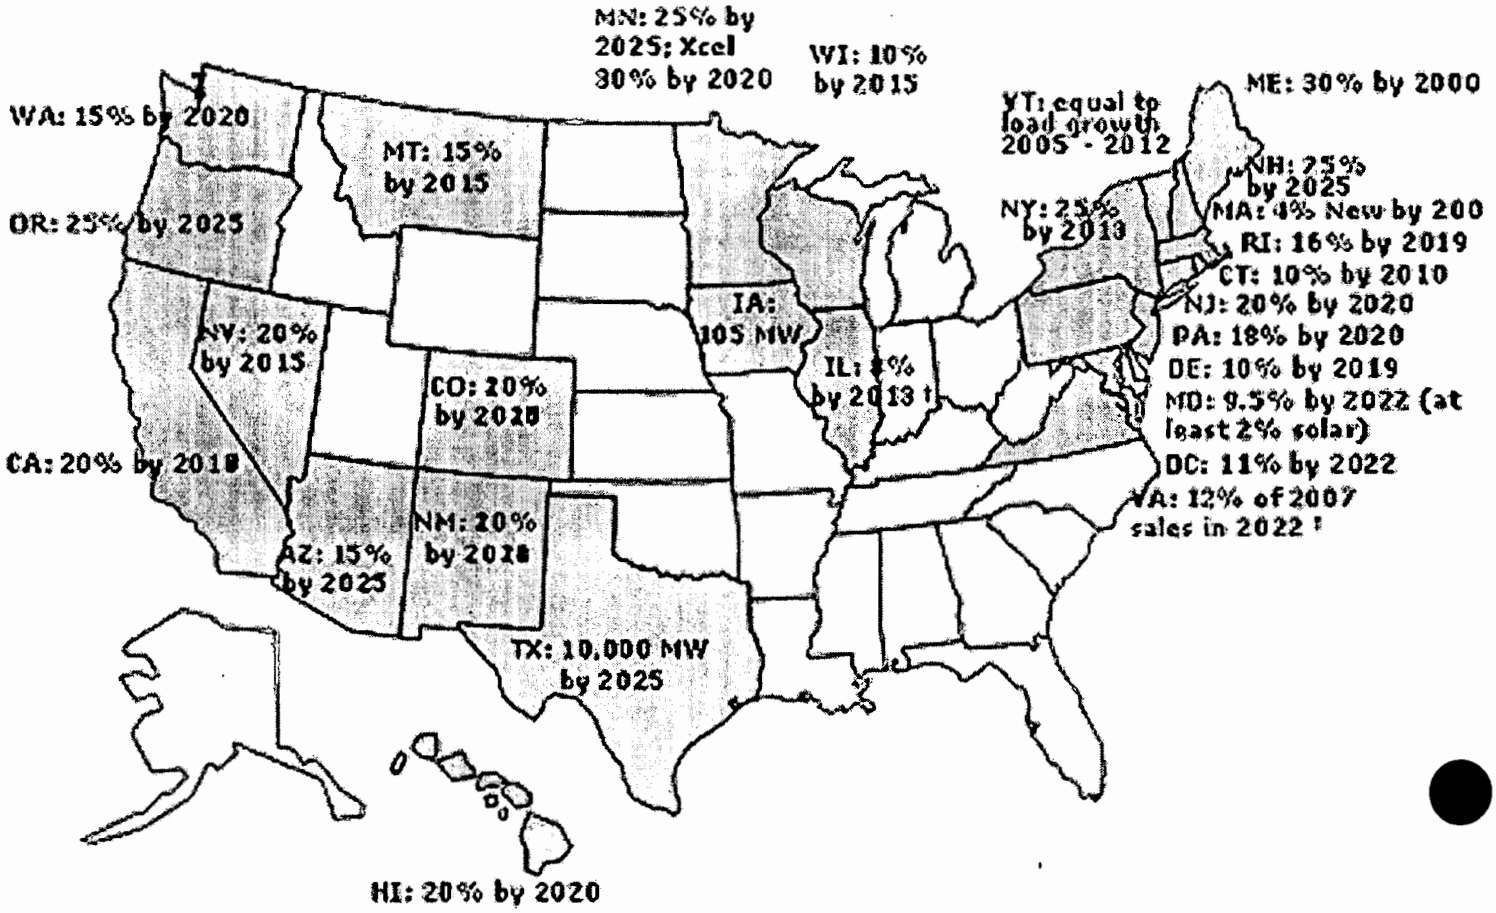
SEVERABILITY CLAUSE AND EFFECTIVE DATES.

Section 15 would provide that if any section or provision of the act is declared unconstitutional or invalid by the courts, the unconstitutional or invalid section or provision does not affect the validity of the act as a whole or any part of the act other than the unconstitutional or invalid part.

Section 16 would provide for the effective dates of the act as follows:

- Sections 1, 2, 6, 7, and 8 of the act would become effective 1 January 2008. The provisions of Section 2 of the act that provide for the recovery of costs incurred under Section 2 apply only to costs that are incurred on and after 1 January 2008.
- Sections 3, 4, 15, and 16 of the act would become effective when the act becomes law. The provisions of Section 4 of the act that provide for the recovery of costs incurred under Section 4 apply only to costs that are incurred on and after the date that the act becomes law.
- Section 5 of the act would become effective 1 January 2008 provided that (i) the provisions of G.S. 62-133.2, as amended by Section 5 of the act, apply only to fuel and fuel related costs incurred on and after 1 January 2008 regardless of the test period established by the Utilities Commission, and (ii) the costs described in G.S. 62-133.2(a1)(3) that are incurred on and after the date the act becomes law will be recoverable as provided in G.S. 62-133.2, as amended by Section 5 of the act.
- Sections 10, 11, 12, 13, and 14 of the act would become effective as provided in those sections.
- Section 9 of the act would become effective 1 July 2007.

States with Renewable Energy Portfolio Standards as of June 2007



†IL and VA RPS implemented through voluntary utility commitments

The percentages shown on the map for each state are not directly comparable to one another because each states' standard varies in its regulatory design with respect to: the definition of qualifying renewable energy resources; provisions for energy efficiency measures and applicability of renewable energy credit trading mechanisms; mandatory versus voluntary commitments; compliance standards and timetables; and the predominant state goals underlying development and implementation of the standard.

EFFECTIVE DATE: Sections 1,2,5,6,7, and 8 become effective January 1, 2008. Sections 3, 4, 15, 16 become effective when the bill becomes law. The effective date for Section 9 is July 1, 2007. Sections 10, 11, 12, 13, and 14 become effective as provided in those sections.

BILL SUMMARY:

Sections 1 through 4 of the Proposed Committee Substitute (PCS) for Senate Bill 3 establishes a Renewable Energy and Energy Efficiency Portfolio Standard (REPS) in North Carolina that would include:

- A 12.5% REPS for electric public utilities.
- A 10% REPS for electric membership corporations and municipalities that sell electric power in the State.
- Provisions to encourage the use of solar energy, swine waste, and poultry waste resources.
- Provisions to encourage the implementation of demand-side management and energy efficiency programs.

Sections 5 through 9 amend the cost recovery procedures for electric power suppliers to provide for:

- Recovery of additional costs under the annual fuel charge.
- Ongoing review of construction costs and the inclusion of construction costs in rates.
- Recovery of construction costs for out-of-state electric generating facilities.
- Recovery of project development costs for nuclear facilities.
- Recovery of construction work in progress when reasonable and prudent and subject to an ongoing review by the Utilities Commission

Section 9 maintains the public utility and electric membership corporation regulatory fees at their current level.

Sections 10 through 12 phase out the sales taxes paid by farmers and manufacturers for electricity, piped natural gas, and other fuels.

Section 13 establishes renewable energy and energy efficiency tax credits.

Sections 15 is the severability clause, and Section 16 lays out the effective dates for various portions of the bill.

ASSUMPTIONS AND METHODOLOGY:

Sections 1 through 9 require no additional expenditures from the General Fund. These parts will be administered by the NC Utilities Commission, a receipt supported State entity. While the Commission may require additional staff in the future to administer this bill, any costs associated with that would be covered by receipts generated by the Commission.

Section 10 would phase out the current sales tax rate of 2.83% on sales of electricity to manufacturing industries and manufacturing plants for use in connection with their operation and to farmers to be used by them for farming purposes as follows:

- Effective July 1, 2007, reduces the rate from 2.83% to 1.89%.
- Effective July 1, 2008, reduces the rate from 1.89% to 0.94%.
- Effective July 1, 2009, exempts these sales from tax.

The general rate of tax on sales of electricity is 3%. Sales of electricity to an aluminum smelting facility are taxed at the rate of 1%, but this rate expires for sales made on or after October 1, 2007. Last session, in S.L. 2006-66, the tax on sales of electricity to manufacturing industries and manufacturing plants was reduced from 2.83% to 2.6%, effective July 1, 2007. This bill repeals the reduction enacted last session and replaces it with the 1.89% rate provided in this section of the bill. This rate applies to manufacturers and farmers. The rate is reduced to 0.94% effective July 1, 2008 and eliminated effective July 1, 2009.

According to the Department of Revenue, the amount of tax collected in this category for FY 2005-06 was approximately $32.1 million. The amount of tax collected for FY 2006-07 is projected to be $32.9 million. The impact of phasing out the tax for future years is estimated by applying projected percentage changes in sales of electricity to the current amount of tax collected and prorating the amount of tax to account for the rate reduction.

According to the U.S. Energy Information Administration (EIA), sales of electricity in the industrial sector are projected to increase by 0.7% in FY 07-08. Similar increases are projected for the following four years. The projected percentage increase is applied for each year to project the amount of tax that would be exempted. This amount is then prorated by the percentage of the rate reduction for each year of the phase-out to determine the amount of sales tax on electricity that would be exempted under the bill.

Section 11 would phase out the tax imposed on piped natural gas received by a manufacturer for use in connection with the operation of the manufacturing facility and on piped natural gas received by a farmer to be used for any farming purpose, other than preparing food, heating dwellings, and other household purposes.

The excise tax on piped natural gas is based on a tiered rate structure. Rates are lower for those consumers who use a greater volume. The NC Public Utilities Commission reported that the excise tax on piped natural gas sold to large industrial customers generated approximately $18.6 million during FY 2005-06. A small additional amount of tax revenue is related to consumption by farmers. Natural gas providers were unable to provide an estimate for farming consumption, however, the amount of piped gas excise tax collected from farmers is expected to be less than $1 million annually. Projections for future years are based on EIA estimates for sales of natural gas.

Of the total amount of the piped gas tax collected, half of the tax attributable to activity within municipal boundaries is distributed to municipalities. The percentage of overall piped gas collections distributed to municipalities is approximately 40%. This analysis assumes that manufacturing facilities are located within municipal boundaries to a greater extent than other piped natural gas consumers and uses 45% as the portion distributed to municipalities.

Section 12 would phase out the privilege tax imposed on a manufacturing industry or plant that purchases fuel to operate the industry or plant by reducing the tax rate from 1% to 0.67%, effective

July 1, 2007, from 0.67% to 0.34%, effective July 1, 2008, and from 0.34% to 0%, effective July 1, 2009.

Farmers are exempt from sales tax on purchases of fuel. Manufacturers are exempt from sales tax on fuel, but they are subject to a privilege tax equal to 1% of the sales price of the fuel. This section would phase that tax out over three years.

The NC Department of Revenue estimates that the privilege tax on manufacturing fuel generated approximately $2.3 million in FY 2005-06. Inflation estimates from Moody's Economy.com are used to estimate the change in tax revenue for future years.

Section 13 en acts new G.S. 105-130.49 and new G.S. 105-151.31 to provide corporate and individual income tax credits for taxpayers that build or manufacture energy-efficient homes, as defined in the bill. The taxpayer must document the home's energy efficiency. The amount of credit is $1,000 for a new federally qualified energy-efficient home, or $2,000 for a new state-certified energy efficient home, but not both. The credit may not exceed the amount of corporate or individual income tax imposed for the taxable year reduced by the sum of all credits allowable, except tax payments made by or on behalf of the taxpayer. Any unused portion of a credit may be carried forward for the succeeding five years. The credit is effective for taxable years beginning on or after January 1, 2007, and expires for taxable years beginning on or after January 1, 2012.

A fiscal estimate for this section was developed using data provided by the State Energy Office. They stated that in 2006, 1,942 federally certified energy-efficient homes and 50 NC Healthy Built Homes were constructed. Based on this information plus information on new construction starts as projected by Moody's economy.com and previous year growth in the Federal Energy Star program, it was estimated that in FY2007-08 tax credits taken would equal $2.0 million.

This estimate assumed that all tax credits generated by the bill would be taken in the tax year they were generated. It was also assumed that the tax credits would have a modest stimulative effect on the construction of energy-efficient homes. Finally, it was assumed that growth in the NC Healthy Built Home program would mirror growth in the federal Energy Star program.

Section 14 would allow a tax credit to a taxpayer that makes an eligible contribution to a nonprofit organization organized under section 501(c)(3) of the Code. An eligible contribution is a contribution designated by the taxpayer to be used for investing in renewable energy property and used by the nonprofit organization for investing in renewable energy property. Renewable energy property includes the following machinery and equipment or real property:

- Biomass equipment that uses renewable biomass resources for biofuel production of ethanol, methanol, and biodiesel; anaerobic biogas production of methane utilizing agricultural and animal waste or garbage; or commercial thermal or electrical generation from renewable energy crops or wood waste materials. Renewable biomass resources are organic matters produced by terrestrial and aquatic plants and animals, such as standing vegetation, forestry and agricultural residues, landfill wastes, and animal wastes.
- Hydroelectric generators
- Solar energy equipment

- Wind equipment

The amount of the credit would be equal to a portion of the credit for investing in renewable energy property that the nonprofit organization would be allowed if the nonprofit organization was subject to tax. The amount of the credit for investing in renewable energy property is 35% of the cost of the property placed in service. The credit must be taken in five equal installments, beginning with the taxable year in which the property is placed in service. The credit may not exceed $2,500,000 per installation (the maximum credit amount is less for residential property). The portion allowed to each taxpayer is equal to the percentage of the total costs for which the nonprofit organization would have been eligible for a credit which were covered by the taxpayer's eligible contribution.

The tax credit may be taken against either the franchise tax or the individual or corporate income tax. The election is binding and any carry forwards of a credit must be claimed against the same tax. The credit may not exceed 50% of the tax against which it is claimed. Any unused portion of the credit may be carried forward for five years. The credit is effective for taxable years beginning on or after January 1, 2007. Although this credit does not have a sunset, the credit under G.S. 105-129.16A expires for renewable energy property placed into service on or after January 1, 2011.

There is no data on the number of taxpayers that might donate to nonprofits for renewable energy purposes. Likewise, the total dollars donated cannot be estimated. It should be noted, the language in this section does not preclude a taxpayer who contributes to a 501(c)(3) organization for the purpose of purchasing renewable energy property from taking both a deduction against taxable income plus claiming a tax credit.

SOURCES OF DATA: NC Utilities Commission; NC Department of Revenue; State Energy Office; U.S. Department of Energy; Moody's economy.com

TECHNICAL CONSIDERATIONS: The July 1, 2007 effective date for energy tax reductions would not allow sufficient time for providers to make necessary adjustments to implement the changes. Natural gas providers have also indicated that they would need language requiring customers to identify themselves to the provider as eligible manufacturers or farmers in order to receive the preferential rate. Section 14 does not make clear how the portion allowed each taxpayer is to be calculated.

NO PAYMENT FOR OFF-LINE COAL AND NUCLEAR. For over twenty years, investor-owned utilities have lobbied for the right to charge customers for incomplete coal and nuclear projects, and the legislature has refused: no payment for incomplete coal and nuclear projects is the law[i]. Investor-owned utilities get paid when consumers get a benefit from the construction. In the current version of S3, investor-owned utilities lobbied for provisions to change the law, and to permit recovery for incomplete coal and nuclear projects (a.k.a. *baseload financing* and *prudency review*). In S3:

- Residents can be obligated to pay for off-line coal and nuclear facilities that may never be useful.
- Residents receive no guaranteed benefit for their payment, except higher rates and the possibility of expensive (and dirty) energy.
- Residents can be charged for *potential* nuclear project development costs – a sum related to a potential project, not an actual one.
- Residents' rates will increase dramatically as soon utilities file a rate case to finance their coal and nuclear construction. Initial cost estimates for coal and nuclear construction reach $10 billion.[ii]
- The costs of coal and nuclear construction can increase without limit in S3. S3 lacks any cap or other consumer protection measure for baseload financing.

The additions to S3 change its character, and put residents in a lose-lose situation. The additions promote the development of non-renewable energy, and subject residents to higher rates without guaranteed benefits.

[i] No payment for incomplete coal and nuclear projects is the law. An exception occurs if the investor-owned utility demonstrates that prepayment is in the public interest and required for the company's financial stability.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE DIVISION OF MOTOR VEHICLES TO DEVELOP THE BLUE RIDGE PARKWAY PLATE AND OTHER SPECIALIZED LICENSE PLATES FOR MOTORCYCLES AND TO ISSUE A SPECIAL REGISTRATION PLATE FOR THE BACK COUNTRY HORSEMEN OF NORTH CAROLINA AND FOR THE MAGGIE VALLEY TROUT FESTIVAL.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-63(b) reads as rewritten:

(b) Every license plate shall have displayed upon it the registration number assigned to the vehicle for which it is issued, the name of the State of North Carolina, which may be abbreviated, and the year number for which it is issued or the date of expiration. A plate issued for a commercial vehicle, as defined in G.S. 20-4.2(1), and weighing 26,001 pounds or more, must bear the word "commercial," unless the plate is a special registration plate authorized in G.S. 20-79.4 or the commercial vehicle is a trailer or is licensed for 6,000 pounds or less. The plate issued for vehicles licensed for 7,000 pounds through 26,000 pounds must bear the word "weighted".

Except as otherwise provided in this subsection, a registration plate issued by the Division for a private passenger vehicle or for a private hauler vehicle licensed for 6,000 pounds or less shall be a "First in Flight" plate. A "First in Flight" plate shall have the words "First in Flight" printed at the top of the plate above all other letters and numerals. The background of the plate shall depict the Wright Brothers biplane flying over Kitty Hawk Beach, with the plane flying slightly upward and to the right. The following special registration plates do not have to be a "First in Flight" plate. The design of the plates that are not "First in Flight" plates must be approved by the Division and the State Highway Patrol for clarity and ease of identification.

(1) Friends of the Great Smoky Mountains National Park.

(2) Rocky Mountain Elk Foundation.

(3) Blue Ridge Parkway Foundation.

(4) Friends of the Appalachian Trail.
(5) NC Coastal Federation.
(6) In God We Trust.
(7) Stock Car Racing Theme.
(8) Buddy Pelletier Surfing Foundation.
(9) Guilford Battleground Company.
(10) National Wild Turkey Federation.
(11) North Carolina Aquarium Society.
(12) First in Forestry.
(13) North Carolina Wildlife Habitat Foundation.
(14) NC Trout Unlimited.
(15) Ducks Unlimited.
(16) Lung Cancer Research.
(17) NC State Parks.
(18) Support Our Troops.
(19) US Equine Rescue League.
(20) Fox Hunting.
(21) Back Country Horsemen of North Carolina."

SECTION 2. G.S. 20-79.4 is amended by adding a new subsection to read:

"(a1) Motorcycles. – Upon application and payment of the required registration fees, a person may obtain from the Division a special registration plate for a motorcycle registered in that person's name if the person qualifies for the registration plate. A holder of a special registration plate who becomes ineligible for the plate, for whatever reason, must return the special plate within 30 days. The registration fees and the restrictions on the issuance of a specialized license plate to a motorcycle shall be the same as for any vehicle eligible under subsection (a) of this section. There shall be no reduced fees for motorcycles. If there is a requirement that the Division receive a minimum of 300 applications to develop a special registration plate for a motor vehicle, then the Division must receive a minimum of 300 applications to develop a special registration plate for a motorcycle."

SECTION 3. G.S. 20-79.4(b) reads as rewritten:

"(b) Types. – The Division shall issue the following types of special registration plates:

...

(13a) Back Country Horsemen of North Carolina. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate shall bear a picture of a horseman trail riding and bear the phrase 'Back Country Horsemen of NC.'

...

(68a) Maggie Valley Trout Festival. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate shall bear the Trout Festival logo.

..."

SECTION 4. G.S. 20-79.7(a) reads as rewritten:

"(a) Fees. – Upon request, the Division shall provide and issue free of charge one registration plate to a recipient of a Legion of Valor award, a 100% disabled veteran, and an ex-prisoner of war. All other special registration plates, including additional Legion of Valor, 100% Disabled Veteran, and Ex-Prisoner of War plates, are subject to the regular motor vehicle registration fee in G.S. 20-87 or G.S. 20-88 plus an additional fee in the following amount:

SECTION 6. G.S. 20-81.12 is amended by adding the following new subsections to read:

"(b62) Back Country Horsemen of North Carolina. – The Division must receive 300 or more applications for a Back Country Horsemen of North Carolina plate before the plate may be developed. The Division must transfer quarterly the money in the Collegiate and Cultural Attraction Plate Account derived from the sale of Back Country Horsemen of North Carolina plates to the Back Country Horsemen of North Carolina to promote the development and maintenance of back country trails for trail riding.

SENATE BILL 1036:
Motorcycle and Other Special Plates

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 27, 2007
Introduced by:	Sen. Queen	**Summary by:**	Trina Griffin
Version:	PCS to First Edition S1036-CSSVf-39		Committee Counsel

SUMMARY: The Proposed Committee Substitute for Senate Bill 1036 would:

- ***Authorize DMV to develop specialized license plates for motorcycles. Under this bill, DMV would be authorized to develop for a motorcycle any special registration plate that is currently authorized for other motor vehicles. If a special registration plate is subject to a minimum 300-application requirement, then there would also have to be a minimum of 300 applications for that plate to be developed as a motorcycle plate.***
- ***Authorize DMV to issue two new special registration plates: one for the Back Country Horsemen of NC and one for the Maggie Valley Trout Festival.***

CURRENT LAW: The Division of Motor Vehicles is authorized to issue more than 164 special license plates. As a general rule, the fee for a special registration plate is the regular vehicle registration fee plus a $10 special registration plate fee.[1] The Division may issue one free registration plate to a recipient of the Legion of Valor[2] award, a 100% disabled veteran, or an ex-prisoner of war. All other special registration plates, including additional Legion of Valor, 100% Disabled Veteran, and Ex-Prisoner of War plates, are subject to the regular motor vehicle registration fee of $28 and the additional special registration plate fee of $10.

The $10 special registration plate fee is credited to the Special Registration Plate Account. After deducting the cost of the plates from this account, $1,000,000 is annually appropriated to provide operating assistance for ten Visitor Centers.[3] The Centers are located in Brunswick, Camden, Carteret, Caswell, Columbus, Macon, McDowell, Transylvania, Tyrell, and Watauga Counties.[4] The remaining revenue in the account is transferred quarterly to the Department of Commerce for advertising (33%), the Department of Transportation for highway beautification (50%), and the Department of Human Resources to promote travel accessibility for disabled persons (17%).

The cost of some special plates includes a fee in addition to the $10 special registration plate fee. In those instances, the first $10 goes to the special registration plate fund and the remainder is transferred quarterly to designated beneficiaries of the additional fee amount.

BILL ANALYSIS: The Proposed Committee Substitute for Senate Bill 1036 does two things:

- It authorizes DMV to develop specialized registration plates for motorcycles. Under this provision, any special registration plate that may be developed for motor vehicles may also be developed for motorcycles. If a special registration plate requires a minimum of 300 applications, then there would

[1] Aside from the three plates available free of charge, three special registration plates are exempt from the $10 special plate fee: active member of the National Guard, Purple Heart Recipient, and the Silver Star Recipient.

[2] The Legion of Valor plate is issuable to a recipient of one of the following: Congressional Medal of Honor, Distinguished Service Cross, Navy Cross, or Air Force Cross.

[3] There are 12 Visitors' Centers. The two centers that do not receive State funding are located in Dare County.

[4] Each Visitor's Center receives $100,000.

also have to be a minimum of 300 applications for a particular plate to be developed as a motorcycle plate. The motorcycle plates would be subject to the same fees as for other special registration plates.

- It authorizes the Division of Motor Vehicles to issue two new special registration plates. Both plates must meet the 300 minimum plate requirement[5] and require the $10 special registration plate fee that is credited to the Special Registration Plate Account. The Back Country Horsemen of North Carolina plate would not be required to be on the 'First in Flight' background.[6] Additional details regarding these plates are set out below:

Purposes	Fee in Addition to $10 Special Plate Fee
Back Country Horsemen of North Carolina. – The plate would bear a picture of a horseman trail riding and the phrase 'Back Country Horsemen of NC.' The additional $20 fee would be remitted to the Back Country Horsemen of North Carolina to promote the development and maintenance of back country trails for trail riding.	**$20**
Maggie Valley Trout Festival. – The plate would bear the Trout Festival logo. The additional $20 fee would be remitted to the Town of Maggie Valley to promote the trout festival.	**$20**

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: DMV has indicated that the Department of Corrections is in the process of purchasing equipment that will allow for the manufacturing of flat license plates, rather than embossed plate, for special and personalized plates. With this new process, DMV would be in a position to begin manufacturing motorcycle license plates next year.

S1036e1-SMSV-CSSVf-39

[5] There are 123 organizations trying to obtain the 300 minimum plate applications. Some of the organizations have been trying to meet this minimum number since 1992.

[6] The design of plates that are not 'First in Flight' plates must be approved by the Division and the State Highway Patrol for clarity and ease of identification. G.S. 20-63(b).

A BILL TO BE ENTITLED

AN ACT TO MODIFY THE CREDIT FOR CERTAIN REAL PROPERTY DONATIONS AND TO CLARIFY THE PRESENT-USE VALUATION OF PROPERTY SUBJECT TO A CONSERVATION EASEMENT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-130.34 reads as rewritten:

"**§ 105-130.34. Credit for certain real property donations.**

(a) Any ~~corporation~~ C Corporation that makes a qualified donation of an interest in real property located in North Carolina during the taxable year that is useful for (i) public beach access or use, (ii) public access to public waters or trails, (iii) fish and wildlife conservation, ~~or other similar land conservation purposes~~ (iv) forestland or farmland conservation, (v) watershed protection, (vi) conservation of natural areas as that term is defined in G.S. 113A-164.3(3), (vii) conservation of natural or scenic river areas as those terms are used in G.S. 113A-34, (viii) conservation of predominantly natural parkland, or (ix) historic landscape conservation is allowed a credit against the tax imposed by this Part equal to twenty-five percent (25%) of the fair market value of the donated property interest. To be eligible for this credit, the interest in real property must be donated in perpetuity to and accepted by the State, a local government, or a body that is both organized to receive and administer lands for conservation purposes and qualified to receive charitable contributions pursuant to G.S. 105-130.9. Lands required to be dedicated pursuant to local governmental regulation or ordinance and dedications made to increase building density levels permitted under a regulation or ordinance are not eligible for this credit. The credit allowed under this section may not exceed five hundred thousand dollars ($500,000). To support the credit allowed by this section, the taxpayer must file with ~~its~~ the income tax ~~return,~~return for the taxable year in which the credit is ~~claimed, a certification by the Department of Environment and~~

~~Natural Resources that the property donated is suitable for one or more of the valid public benefits set forth in this subsection.~~claimed the following:

(1) A certification by the Department of Environment and Natural Resources that the property donated is suitable for one or more of the valid public benefits set forth in this subsection.

(2) A self-contained appraisal report or summary appraisal report as defined in Standards Rule 2-2 in the latest edition of the Uniform Standards of Professional Appraisal Practice as promulgated by the Appraisal Foundation for the property. For fee simple absolute donations of real property, a taxpayer may submit documentation of the county's appraised value of the donated property, as adjusted by the sales assessment ratio, in lieu of an appraisal report.

(b) The credit allowed by this section may not exceed the amount of tax imposed by this Part for the taxable year reduced by the sum of all credits allowed, except payments of tax made by or on behalf of the taxpayer.

(c) Any unused portion of this credit may be carried forward for the next succeeding five years.

(d) That portion of a qualifying donation that is the basis for a credit allowed under this section is not eligible for deduction as a charitable contribution under G.S. 105-130.9."

SECTION 2. G.S. 105-151.12 reads as rewritten:

"**§ 105-151.12. Credit for certain real property donations.**

(a) ~~A person who~~An individual or pass-through entity that makes a qualified donation of an interest in real property located in North Carolina during the taxable year that is useful for (i) public beach access or use, (ii) public access to public waters or trails, (iii) fish and wildlife conservation, ~~or (iv) other similar land conservation purposes~~(iv) forestland or farmland conservation, (v) watershed protection, (vi) conservation of natural areas as that term is defined in G.S. 113A-164.3(3), (vii) conservation of natural or scenic river areas as those terms are used in G.S. 113A-34, (viii) conservation of predominantly natural parkland, or (ix) historic landscape conservation is allowed a credit against the tax imposed by this Part equal to twenty-five percent (25%) of the fair market value of the donated property interest. To be eligible for this credit, the interest in property must be donated in perpetuity to and accepted by the State, a local government, or a body that is both organized to receive and administer lands for conservation purposes and qualified to receive charitable contributions under the Code. Lands required to be dedicated pursuant to local governmental regulation or ordinance and dedications made to increase building density levels permitted under a regulation or ordinance are not eligible for this credit. ~~The credit allowed under this section may not exceed two hundred fifty thousand dollars ($250,000).~~ To support the credit allowed by this section, the taxpayer must file with the income tax return for the taxable year in which the credit is claimed ~~a certification by the Department of Environment and Natural Resources that the property donated is suitable for one or more of the valid public benefits set forth in this subsection.~~the following:

(1) A certification by the Department of Environment and Natural Resources that the property donated is suitable for one or more of the valid public benefits set forth in this subsection. The certification for a qualified donation made by a pass-through entity must be filed by the pass-through entity.

(2) A self-contained or summary appraisal report as defined in Standards Rule 2-2 in the latest edition of the Uniform Standards of Professional Appraisal Practice as promulgated by the Appraisal Foundation for the property. For fee simple absolute donations of real property, a taxpayer may submit documentation of the county's appraised value of the donated property, as adjusted by the sales assessment ratio, in lieu of an appraisal report.

(a1) Individuals. – The aggregate amount of credit allowed to an individual in a taxable year under this section for one or more qualified donations, whether made directly or indirectly as owner of a pass-through entity, may not exceed two hundred fifty thousand dollars ($250,000). In the case of property owned by a married couple, if both spouses are required to file North Carolina income tax returns, the credit allowed by this section may be claimed only if the spouses file a joint return. The aggregate amount of credit allowed to a husband and wife filing a joint tax return may not exceed five hundred thousand dollars ($500,000). If only one spouse is required to file a North Carolina income tax return, that spouse may claim the credit allowed by this section on a separate return.

(a2) Pass-Through Entities. – The aggregate amount of credit allowed to a pass-through entity in a taxable year under this section for one or more qualified donations, whether made directly or indirectly as owner of another pass-through entity, may not exceed five hundred thousand dollars ($500,000). Each individual who is an owner of a pass-through entity is allowed as a credit an amount equal to the owner's allocated share of the credit to which the pass-through entity is eligible under this subsection, not to exceed two hundred fifty thousand dollars ($250,000). Each corporation that is an owner of a pass-through entity is allowed as a credit an amount equal to the owner's allocated share of the credit to which the pass-through entity is eligible under this subsection, not to exceed five hundred thousand dollars ($500,000). If an owner's share of the pass-through entity's credit is limited due to the maximum allowable credit under this section for a taxable year, the pass-through entity and its owners may not reallocate the unused credit among the other owners.

(b) The credit allowed by this section may not exceed the amount of tax imposed by this Part for the taxable year reduced by the sum of all credits allowed, except payments of tax made by or on behalf of the taxpayer.

Any unused portion of this credit may be carried forward for the next succeeding five years.

(c) Repealed by Session Laws 1998-212, s. 29A.13(b).

~~(d) In the case of property owned by a married couple, if both spouses are required to file North Carolina income tax returns, the credit allowed by this section may be claimed only if the spouses file a joint return. If only one spouse is required to~~

~~file a North Carolina income tax return, that spouse may claim the credit allowed by this section on a separate return.~~

(e) In the case of marshland for which a claim has been filed pursuant to G.S. 113-205, the offer of donation must be made before December 31, 2003 to qualify for the credit allowed by this section.

~~(f) Notwithstanding G.S. 105-269.15, the maximum dollar limit that applies in determining the amount of the credit applicable to a partnership that qualifies for the credit applies separately to each partner.~~"

SECTION 3. G.S. 105-277.3(d1) reads as rewritten:

"(d1) Exception for Easements on Qualified Conservation Lands Previously Appraised at Use Value. – Property that is appraised at its present-use value under G.S. 105-277.4(b) shall continue to qualify for appraisal, assessment, and taxation as provided in G.S. 105-277.2 through G.S. 105-277.7 as long as (i) the property is subject to an enforceable conservation easement that would qualify for the conservation tax credit provided in G.S. 105-130.34 and G.S. 105-151.12, without regard to actual production or income requirements of this ~~section.~~ section; and (ii) the taxpayer received no more than fifty percent (50%) of the fair market value of the donated property interest in compensation. Notwithstanding G.S. 105-277.3(b) and (b1), subsequent transfer of the property does not extinguish its present-use value eligibility as long as the property remains subject to an enforceable conservation easement that qualifies for the conservation tax credit provided in G.S. 105-130.34 and G.S. 105-151.12. The exception provided in this subsection applies only to that part of the property that is subject to the easement."

SECTION 4. Section 3 of this act is effective for taxes imposed for taxable years beginning on or after July 1, 2008. The remainder of this act is effective for taxable years beginning on or after January 1, 2007.

HOUSE BILL 463:
Conservation Tax Credit Modifications

BILL ANALYSIS

Committee:	House Finance	**Date:**	March 26, 2007
Introduced by:	Rep. Luebke	**Summary by:**	Dan Ettefagh
Version:	PCS to First Edition		Committee Counsel

SUMMARY: ***HB 463 would equalize the cap for the conservation tax credit for corporations and pass-through entities at $500,000. The bill, a recommendation of the Revenue Laws Study Committee, would also require any taxpayer claiming the credit to support the claim's represented value of the real property donation by using either certain appraisal reports or the county's appraisal value as adjusted by the sales assessment ratio. The also bill narrows the conservation purposes which qualify the land for a credit. The Proposed Committee Substitute also requires that property appraised at present-use value would continue to qualify for use value appraisal as long as the property was subject to a conservation easement that qualifies for the conservation income tax credit for donated lands and the taxpayer received no more than 50% of the fair market value of the donated property interest as compensation, even if the property no longer meets the production or income requirements for qualified farmland. The PCS further makes technical and clarifying changes to the bill requested by the Department of Revenue and clarifies that married couples filing jointly are entitled to the same tax credit cap as two unrelated individuals making an equivalent donation of property.***

[As introduced, this bill was identical to S241, as introduced by Sen. Clodfelter, which is currently in Senate Finance.]

CURRENT LAW: Under current law, a taxpayer receives an income tax credit for certain donations of real property located in North Carolina. The amount of the credit is 25% of the fair market value of the donated property interest, capped at $250,000 for individuals and $500,000 for corporations. To be eligible for the credit, the land must be useful for (i) public beach access or use, (ii) public access to public waters or trails, (iii) fish and wildlife conservation, or (iv) other similar land conservation purposes, and the land must be donated in perpetuity to and accepted by the State, a local government, or a body organized to receive and administer lands for conservation purposes and qualified to receive charitable contributions.

In support of the claim of the credit, a taxpayer is required to file with the income tax return a certification by DENR that the property is suitable for the statutorily listed conservation purposes. DENR does not review the documentation in an effort to verify the taxpayer's representation as to the fair market value of the donated property interest.

BILL ANALYSIS: The PCS for House Bill 463 accomplishes the following four primary functions:

- It brings equity to the tax treatment of C Corporation and pass-through entity taxpayers by equalizing the tax credit dollar amount limitation for both at $500,000.
- It addresses valuation concerns of donated property by requiring the use of certain types of supported appraisal reports or the county's appraisal value.
- It reduces uncertainty with respect to the types of uses that qualify for conservation purposes by substituting specific uses in place of a catch-all use.

- It clarifies the present-use valuation of property subject to a conservation easement.

With respect to the first primary function, the PCS for House Bill 463 raises the existing conservation tax credit dollar limitation for pass-through entities from $250,000 to $500,000. Current law limits the tax credit a pass-through business entity receives for conservation land donations to $250,000 while C Corporation business entities receive $500,000 for similarly valued conservation land donations. This bill brings the credit for pass-through entities to the same level as that which is available to C Corporations for similar donations of land useful for conservation purposes.

With respect to the second primary function, the PCS for House Bill 463 addresses concerns regarding the accuracy of the stated fair market value of donated property interests. These concerns, reported by the Department, stem from (a) the use of restricted appraisal reports that are compiled specifically for one person and contain little or no information relied upon by the appraiser to formulate the property's value and (b) the lack of any requirement in the current law of specific documentation useful for establishing the fair market value of the donation. The bill addresses this issue by requiring a taxpayer to support a claim for a credit with either a self-contained or a summary appraisal report, which are two types of reports defined by Standards Rule 2-2 of the Uniform Standards of Professional Appraisal Practice and required to have certain information included supporting the valuation determination. A taxpayer may elect, for fee simple donations of property only, to use the county's appraised value of the property as adjusted by the sales assessment ratio.

With respect to the third primary function, the PCS for House Bill 463 adds specificity to what conservation purposes qualify for the conservation tax credit. Differences in the statutory construction of the phrase, "other similar land conservation purposes" developed between DENR and Revenue. The bill eliminates the phrase and substitutes six, new, specific conservation purposes: forestland or farmland conservation, watershed protection, conservation of natural areas as that term is defined in G.S. 113A-164.3(3), conservation of natural or scenic river areas as those terms are used in G.S. 113A-34, conservation of predominantly natural parkland, or historic landscape conservation.

With respect to the fourth primary function, the PCS for House Bill 463 allows present-use valued property that becomes subject to a conservation easement that qualifies for the conservation income tax credit for donated lands to remain in present-use value as long as the taxpayer received no more than 50% of the fair market value of the donated property interest in compensation. In section 2 of S.L. 2002-184, the General Assembly created an exception to the present-use value statutes for land appraised at its present-use value that becomes subject to a conservation easement that would qualify for the conservation income tax credit. This exception allows the land subject to the easement to remain in present-use value for property tax purposes, even though the land no longer meets the production and income requirements of present-use value. The Property Tax Division within the Department of Revenue has given this exception a narrow interpretation, thus allowing the property to stay in present-use value only when the entire conservation easement is donated. In contrast, the Income Tax Division within the Department has allowed an income tax credit for any percentage of the easement value that is donated. For example, if a taxpayer donates an easement for conservation purposes to the State valued at $100,000 and receives $60,000 for the easement, the taxpayer has donated an easement worth $40,000. The taxpayer is then allowed an income tax credit equal to 25% of the donated value, or $10,000. However, because the taxpayer received some compensation for the easement, the Property Tax Division denies the property present-use value status and requires the taxpayer to pay deferred taxes.

Finally, the PCS makes a technical change to the language of G.S. 105-130.34 to refer specifically to C Corporations, since G.S. 105-151.12 deals with pass-through entities, including S Corporations, and clarifies that the cap for a married couple filing jointly is $500,000.

EFFECTIVE DATE: This bill would become effective for taxable years beginning on or after January 1, 2007.

BACKGROUND: The conservation tax credit was enacted in 1983 with a dollar limitation for all taxpayers of $5,000. That cap was raised in 1989 (to $25,000 for all taxpayers), 1997 (to $100,000 for individuals and $250,000 for corporations), and in 1999 (to $250,000 for individuals and $500,000 for corporations).

Prior to January 1, 2007, the cap for individuals claiming a conservation tax credit was not applied to pass-through entities as a whole. Rather, the pass-through entity received tax credits up to the statutory dollar amount limitation for each member making a qualifying donation. In 2001, the Revenue Laws Study Committee proposed that North Carolina begin applying dollar amount limitations of most tax credits to pass-through entities as a whole as well as to each individual partner. Doing so brought North Carolina into conformity with how federal law allowed pass-through entities to take tax credits. While the original proposal applied to the conservation tax credit, the bill ultimately enacted excluded the conservation tax credit and preserved the historic treatment of pass-through entities taking the tax credit by applying the cap only to the individual members of the pass-through entity and not to the entity as a whole. This exception for the conservation tax credit was originally set to expire in 2005; however, the sunset was extended twice, preserving the unique application of the cap for the conservation tax credit until it expired on January 1, 2007. Effective January 1, 2007, pass-through entities claiming the conservation tax credit are limited, as are all individual taxpayers, to a cap of $250,000. The amount of the tax credit dollar limitation for C Corporations claiming the conservation tax credit is $500,000.

EFFECTIVE DATE: January 1, 2007

BILL SUMMARY:

This legislative proposal would equalize the cap for the conservation tax credit for corporations and pass-through entities at $500,000. Individuals can receive a credit not to exceed $250,000 and as amended, married taxpayers filing jointly can receive a tax credit up to $500,000 rather than the $250,000 cap under current law. The bill would also require any taxpayer claiming the credit to support the claim's represented value of the real property donation by using either certain appraisal reports or the county's appraisal value as adjusted by the sales assessment ratio. Finally, the bill narrows the conservation purposes that qualify the land for a credit.

ASSUMPTIONS AND METHODOLOGY:

Based on discussions with the Department of Revenue, there is not sufficient data available for an accurate assessment of the overall fiscal impact from the proposed changes in the bill. Fiscal Research thinks that raising the cap on pass through entities may lead to granting higher tax credits

for donated lands, while the improved valuation guidelines and a more narrowly defined conservation purpose may offset the increased credit cap for pass through entities. Increasing the credits allowed for married couples filing jointly may allow a few taxpayers to receive more credits than allowed under current law. The Department of Revenue in analyzing past returns of married filers claiming the conservation credit have estimated the impact at less than $500,000 per tax year.

"(7a) All exhibitions, performances, and entertainments promoted and managed by 'a nonprofit arts organization.' ~~organization' that is exempt from income tax under G.S. 105-130.11(a)(3).~~ This exemption does not apply to athletic events. A 'nonprofit arts organization' is an organization that meets both of the following requirements:

a. It is exempt from income tax under G.S. 105-130.11(a)(3).

b. Its primary purpose is to offer choral and theatrical performances."

SECTION 3.(a) G.S. 105-40(10) reads as rewritten:

"(10) Arts festivals held by a person that is exempt from income tax under Article 4 of this Chapter and that meets the following conditions:

a. The person holds no more than two arts festivals during a calendar year.

b. Each of the person's arts festivals last no more than seven consecutive days.

c. The arts festivals are held outdoors on public property and involve a variety of exhibitions, entertainments, and activities."

SECTION 3.(b) G.S. 105-40(11) reads as rewritten:

"(11) Community festivals held by a person who is exempt from income tax under Article 4 of this Chapter and that meets all of the following conditions:

a. The person holds no more than one community festival during a calendar year.

b. The community festival lasts no more than seven consecutive days.

c. The community festival involves a variety of exhibitions, entertainments, and activities, the majority of which are held outdoors and are open to the public."

SECTION 4. G.S. 105-113.82(a) reads as rewritten:

"(a) Amount, Method. – The Secretary shall distribute annually the following percentages of the net amount of excise taxes collected on the sale of malt beverages and wine during the preceding 12-month period ending March ~~31, less the amount of the net proceeds credited to the Department of Commerce under G.S. 105-113.81A,~~ 31 to the counties and cities in which the retail sale of these beverages is authorized in the entire county or city:

(1) Of the tax on malt beverages levied under G.S. 105-113.80(a), twenty-three and three-fourths percent (23¾%);

(2) Of the tax on unfortified wine levied under G.S. 105-113.80(b), sixty-two percent (62%); and

(3) Of the tax on fortified wine levied under G.S. 105-113.80(b), twenty-two percent (22%).

For purposes of this subsection, 'net amount' means gross collections less refunds and amounts credited to the Department of Commerce under G.S. 105-113.81A. If malt beverages, unfortified wine, or fortified wine may be licensed to be sold at retail in both a county and a city located in the county, both the county and city shall receive a portion of the amount distributed, that portion to be determined on the basis of population. If one of these beverages may be licensed to be sold at retail in a city located in a county in which the sale of the beverage is otherwise prohibited, only the city shall receive a portion of the amount distributed, that portion to be determined on the basis of population. The amounts distributed under subdivisions (1), (2), and (3) shall be computed separately."

SECTION 5. G.S. 105-129.16E(b) reads as rewritten:

"(b) Allocation. – If the taxpayer is an individual who is a nonresident or a part-year resident, the taxpayer must reduce the amount of the credit by multiplying it by the fraction calculated under G.S. 105-134.5(b) or (c), as appropriate. If the taxpayer is not an individual and is required to apportion its multistate business income to this State, the taxpayer must reduce the amount of the credit by multiplying it by the apportionment fraction used to apportion its ~~business~~ apportionable income to this State."

SECTION 6. G.S. 105-129.87(b) reads as rewritten:

"(b) Threshold. – The applicable threshold is the appropriate amount set out in the following table based on the development tier designation of the county where the new

jobs are created during the taxable year. If the taxpayer creates new jobs at more than one eligible establishment in a county during the taxable year, the threshold applies to the aggregate number of new jobs created at all eligible establishments within the county during that year. If the taxpayer creates new jobs at eligible establishments in different counties during the taxable year, the threshold applies separately to the aggregate number of new jobs created at eligible establishments in each county. If the taxpayer creates new jobs in an urban progress zone or an agrarian growth zone, the applicable threshold is the one for a development tier one area. New jobs created in an urban progress zone or an agrarian growth zone are not aggregated with jobs created at any other eligible establishments regardless of county.

Area Development Tier	Threshold
Tier One	5
Tier Two	10
Tier Three	15"

SECTION 7. G.S. 105-129.88(c) reads as rewritten:

"(c) Threshold. – The applicable threshold is the appropriate amount set out in the following table based on the development tier where the eligible business property is placed in service during the taxable year. If the taxpayer places business property in service in an urban progress zone or an agrarian growth zone, the applicable threshold is the one for a development tier one area. Business property placed in service in an urban progress zone or an agrarian growth zone is not aggregated with business property placed in service at any other eligible establishments regardless of county. If the taxpayer places eligible business property in service at more than one establishment in a county during the taxable year, the threshold applies to the aggregate amount of eligible business property placed in service during the taxable year at all establishments in the county. If the taxpayer places eligible business property in service at establishments in different counties, the threshold applies separately to the aggregate amount of eligible business property placed in service in each county. If the taxpayer places eligible ~~machinery and equipment~~business property in service at an establishment over the course of a two-year period, the applicable threshold for the second taxable year is reduced by the eligible investment amount for the previous taxable year.

Area Development Tier	Threshold
Tier One	$ -0-
Tier Two	1,000,000
Tier Three	2,000,000"

SECTION 8. G.S. 105-129.88(e) reads as rewritten:

"(e) Transferred Property. – If, in one of the four years in which the installment of a credit accrues, the business property with respect to which the credit was claimed is moved to a county in a higher-numbered development tier or ~~to~~ out of an urban progress zone or an agrarian growth zone, the remaining installments of the credit are allowed only to the extent they would have been allowed if the business property had been placed in service initially in the area to which it was moved. If, in one of the four years in which the installment of a credit accrues, the business property with respect to which a credit was claimed is moved to a county in a lower-numbered development tier or an

urban progress zone or an agrarian growth zone, the remaining installments of the credit shall be calculated as if the business property had been placed in service initially in the area to which it was moved."

SECTION 9.(a) G.S. 105-130.48(e) reads as rewritten:

"(e) Documentation of Credit. – ~~To~~ Upon request, to support the credit allowed by this section, the taxpayer must file with its income tax return, for the taxable year in which the credit is claimed, a certification by the Department of Environment and Natural Resources stating the number of bushels of oyster shells donated by the taxpayer."

SECTION 9(b). G.S. 105-151.30(d) reads as rewritten:

"(d) Documentation of Credit. – ~~To~~ Upon request, to support the credit allowed by this section, the taxpayer must file with its income tax return, for the taxable year in which the credit is claimed, a certification by the Department of Environment and Natural Resources stating the number of bushels of oyster shells donated by the taxpayer."

SECTION 10. G.S. 105-164.13(52) reads as rewritten:

"(52) Items subject to sales and use tax under G.S. 105-164.4, other than ~~electricity and~~ electricity, telecommunications service, and ancillary service as defined in G.S. 105-164.4, if all of the following conditions are met:

~~(a)~~a. The items are purchased by a State agency for its own use and in accordance with G.S. 105-164.29A.

~~(b)~~b. The items are purchased pursuant to a valid purchase order issued by the State agency that contains the exemption number of the agency and a description of the property purchased, or the items purchased are paid for with a State-issued check, electronic deposit, credit card, procurement card, or credit account of the State agency.

~~(c)~~c. For all purchases other than by an agency-issued purchase order, the agency must provide to or have on file with the retailer the agency's exemption number."

SECTION 11. G.S. 105-164.16(b1) reads as rewritten:

"(b1) Monthly. – A taxpayer who is consistently liable for ~~more than~~at least one hundred dollars ($100.00) but less than ten thousand dollars ($10,000) a month in State and local sales and use taxes must file a return and pay the taxes due on a monthly basis. A monthly return is due by the 20th day of the month following the calendar month covered by the return."

SECTION 12. G.S. 105-164.16(d) reads as rewritten:

"(d) Use Tax on Out-of-State Purchases. – Use tax payable by an individual who purchases tangible personal ~~property~~property, excluding purchases of boats and aircrafts, outside the State for a nonbusiness purpose is due on an annual basis. For an individual who is not required to file an individual income tax return under Part 2 of Article 4 of this Chapter, the annual reporting period ends on the last day of the calendar year and a use tax return is due by the following April 15. For an individual who is

required to file an individual income tax return, the annual reporting period ends on the last day of the individual's income tax year, and the use tax must be paid on the income tax return as provided in G.S. 105-269.14."

SECTION 13.(a) G.S. 105-187.51B reads as rewritten:

"**§ 105-187.51B. Tax imposed on certain recyclers and research and development companies.**

(a) Tax. – A privilege tax is imposed on the following:

(1) A major recycling facility that purchases any of the following tangible personal property for use in connection with the facility:

a. Cranes, structural steel crane support systems, and foundations related to the cranes and support systems.

b. Port and dock facilities.

c. Rail equipment.

d. Material handling equipment.

(2) A research and development company in the physical, engineering, and life sciences that is included in industry 54171 of NAICS and that purchases equipment or an attachment or repair part for equipment that meets all of the following requirements:

a. Is capitalized by the company for tax purposes under the Code.

b. Is used by the company in the research and development of tangible personal property.

c. Would be considered mill machinery or mill machinery parts or accessories under G.S. 105-187.51 if it were purchased by a manufacturing industry or plant and used in the research and development of tangible personal property manufactured by the industry or plant.

(b) Rate. – The tax is one percent (1%) of the sales price of the equipment or other tangible personal property. The maximum tax is eighty dollars ($80.00) per article."

SECTION 13.(b) This section becomes effective July 1, 2007.

SECTION 14. G.S. 105-187.52 reads as rewritten:

"**§ 105-187.52. Administration.**

(a) Administration. – The privilege taxes imposed by this Article are in addition to the State use tax. Except as otherwise provided in this Article, the collection and administration of these taxes is the same as the State use tax imposed by Article 5 of this Chapter.

(b) Credit. – A credit is allowed against the tax imposed by this Article for the amount of a sales or use tax, privilege or excise tax, or substantially equivalent tax paid to another state. The credit allowed by this subsection does not apply to tax paid to another state that does not grant a similar credit for the privilege tax paid in North Carolina.

(c) Exemption. – State agencies are exempted from the privilege taxes imposed by this Article."

SECTION 15. G.S. 105-258(a) reads as rewritten:

"(a) Secretary May Examine Data and Summon Persons. The Secretary of Revenue, for the purpose of ascertaining the correctness of any return, making a return where none has been made, or determining the liability of any person for ~~any tax imposed by this Subchapter,~~a tax, or collecting any such tax, shall have the power to examine, personally, or by an agent designated by him, any books, papers, records, or other data which may be relevant or material to such inquiry, and the Secretary may summon the person liable for the tax or required to perform the act, or any officer or employee of such person, or any person having possession, custody, care or control of books of account containing entries relevant or material to the income and expenditures of the person liable for the tax or required to perform the act, or any other person having knowledge in the premises, to appear before the Secretary, or his agent, at a time and place named in the summons, and to produce such books, papers, records or other data, and to give such testimony under oath as may be relevant or material to such inquiry, and the Secretary or his agent may administer oaths to such person or persons. If any person so summoned refuses to obey such summons or to give testimony when summoned, the Secretary may apply to the Superior Court of Wake County for an order requiring such person or persons to comply with the summons of the Secretary, and the failure to comply with such court order shall be punished as for contempt."

SECTION 16.(a) G.S. 105-449.52 reads as rewritten:

"**§ 105-449.52. Civil penalties applicable to motor carriers.**

(a) Penalty. – A motor carrier who does any of the following is subject to a civil penalty:

(1) Operates in this State or causes to be operated in this State a motor vehicle that either fails to carry the registration card required by this Article or fails to display an identification marker in accordance with this Article. The amount of the penalty is one hundred dollars ($100.00).

(2) Is unable to account for identification markers the Secretary issues the motor carrier, as required by G.S. 105-449.47. The amount of the penalty is one hundred dollars ($100.00) for each identification marker the carrier is unable to account for.

(3) Displays an identification marker on a motor vehicle operated by a motor carrier that was not issued to the carrier by the Secretary under G.S. 105-449.47. The amount of the penalty is one thousand dollars ($1,000) for each identification marker unlawfully obtained. Both the licensed motor carrier to whom the Secretary issued the identification marker and the motor carrier displaying the unlawfully obtained identification marker are jointly and severally liable for the penalty under this subdivision.

~~A~~

(a1) Payment. – A penalty imposed under this section is payable to the ~~Department of Revenue, the Department of Crime Control and Public Safety, or the Division of Motor Vehicles.~~ agency that assessed the penalty. When a motor vehicle is found to be operating without a registration card or an identification marker or with an

identification marker the Secretary did not issue for the vehicle, the motor vehicle may not be driven for a purpose other than to park the motor vehicle until the penalty imposed under this section is paid unless the officer that imposes the penalty determines that operation of the motor vehicle will not jeopardize collection of the penalty.

(b) Hearing. – The procedure set out in G.S. 105-449.119 for protesting a penalty imposed under Article 36C, Part 6, of this Chapter applies to a penalty imposed under this section."

SECTION 16.(b) G.S. 105-449.115(f) reads as rewritten:

"(f) Sanctions Against Transporter. – The following acts are grounds for a civil ~~penalty payable to the Department of Crime Control and Public Safety or the Department of Revenue:~~penalty:

(1) Transporting motor fuel in a railroad tank car or transport truck without a shipping document or with a false or an incomplete shipping document.

(2) Delivering motor fuel to a destination state other than that shown on the shipping document.

The penalty ~~imposed under this subsection~~ is payable to the agency that assessed the penalty and is payable by the person in whose name the conveyance is registered, if the conveyance is a transport truck, and is payable by the person responsible for the movement of motor fuel in the conveyance, if the conveyance is a railroad tank car. The amount of the penalty is five thousand dollars ($5,000). A penalty imposed under this subsection is in addition to any motor fuel tax assessed."

SECTION 16.(c) G.S. 105-449.115A(c) reads as rewritten:

"(c) Sanctions. – Transporting motor fuel in a tank wagon without an invoice, bill of sale, or shipping document containing the information required by this section is grounds for a civil ~~penalty payable to the Department of Crime Control and Public Safety or the Department of Revenue.~~penalty. The penalty ~~imposed under this subsection~~ is payable to the agency that assessed the penalty and is payable by the person in whose name the tank wagon is registered. The amount of the penalty is one thousand dollars ($1,000). A penalty imposed under this subsection is in addition to any motor fuel tax assessed."

SECTION 16.(d) G.S. 105-449.117(b) reads as rewritten:

"(b) Civil Penalty. – The civil penalty is payable to the ~~Department of Transportation, Division of Motor Vehicles, or the Department of Revenue~~ agency that assessed the penalty and is payable by the person in whose name the highway vehicle is registered. The amount of the penalty depends on the amount of fuel in the supply tank of the highway vehicle. The penalty is the greater of one thousand dollars ($1,000) or five times the amount of motor fuel tax payable on the fuel in the supply tank. A penalty imposed under this section is in addition to any motor fuel tax assessed."

SECTION 16.(e) G.S. 105-449.118 reads as rewritten:

"**§ 105-449.118. Civil penalty for buying or selling non-tax-paid motor fuel.**

A person who dispenses non-tax-paid motor fuel into the supply tank of a highway vehicle or who allows non-tax-paid motor fuel to be dispensed into the supply tank of a

highway vehicle is subject to a civil penalty of two hundred fifty dollars ($250.00) per occurrence.

The penalty is payable to the ~~Department of Transportation, Division of Motor Vehicles, or the Department of Revenue.~~ agency that assessed the penalty. Failure to pay a penalty imposed under this section is grounds under G.S. 20-88.01(b) to withhold or revoke the registration plate of the motor vehicle into which the motor fuel was dispensed."

SECTION 16.(f) G.S. 105-449.118A reads as rewritten:

"**§ 105-449.118A. Civil penalty for refusing to allow the taking of a motor fuel sample.**

A person who refuses to allow the taking of a motor fuel sample is subject to a civil penalty of one thousand dollars ($1,000). The penalty is payable to the ~~Department of Transportation, Division of Motor Vehicles, or the Department of Revenue.~~ agency that assessed the penalty. If the refusal is for a sample to be taken from a vehicle, the penalty is payable by the person in whose name the vehicle is registered. If the refusal is for a sample to be taken from any other storage tank or container, the penalty is payable by the owner of the container."

SECTION 17.(a) G.S. 105-449.72(a) reads as rewritten:

"(a) Initial Bond. – An applicant for a license as a refiner, a terminal operator, a supplier, an importer, a blender, a permissive supplier, or a distributor must file with the Secretary a bond or an irrevocable letter of credit. A bond or an irrevocable letter of credit must be conditioned upon compliance with the requirements of this Article, be payable to the State, and be in the form required by the Secretary. The amount of the bond or irrevocable letter of credit is determined as follows:

(1) For an applicant for a license as any of the following, the amount is two million dollars ($2,000,000):
   a. A refiner.
   b. A terminal operator.
   c. A supplier that is a position holder or a person that receives motor fuel pursuant to a two-party exchange.
   d. A bonded importer.
   e. A permissive supplier.

(2) For an applicant for a license as any of the following, the amount is two times the applicant's average expected monthly tax liability under this Article, as determined by the Secretary. The amount may not be less than two thousand dollars ($2,000) and may not be more than five hundred thousand dollars ($500,000):
   ~~a. A supplier that is a fuel alcohol provider or a biodiesel provider but is neither a position holder nor a person that receives motor fuel pursuant to a two-party exchange.~~
   b. An occasional importer.
   c. A tank wagon importer.
   d. A distributor.

e. Repealed by Session Laws 1997-60, s. 5, effective October 5, 1997.

(3) For an applicant for a license ~~as a blender,~~ as any of the following, a bond is required only if the applicant's average expected annual tax liability under this Article, as determined by the Secretary, is at least two thousand dollars ($2,000). When a bond is required, the bond amount is the same as under subdivision (2) of this subsection.

a. A blender.

b. A supplier that is a fuel alcohol provider or a biodiesel provider but is neither a position holder nor a person that receives motor fuel pursuant to a two-party exchange."

SECTION 17.(b) This section becomes effective October 1, 2007.

SECTION 18.(a) G.S. 105-449.115(g) reads as rewritten:

"(g) Penalty Defense. – Compliance with the conditions set out in this subsection is a defense to a civil penalty imposed under subsection (f) of this section as a result of the delivery of fuel to a state other than the destination state printed on the shipping document for the fuel. The Secretary must waive a penalty imposed against a person under that subsection if the person establishes a defense under this subsection. The conditions for the defense are:

(1) The person notified the Secretary of the diversion ~~within seven days after the diversion occurred~~ and received a confirmation number for the ~~diversion.~~diversion before the imposition of the penalty.

(2) Tax was timely paid on the diverted ~~fuel.~~fuel, unless the person is a motor fuel transporter."

SECTION 18.(b) This section is effective when it becomes law and applies to penalties assessed on or after that date and to refund requests that have not been finally determined as of that date.

SECTION 19. G.S. 115D-31.3(j) reads as rewritten:

"(j) Use of funds in low-wealth counties. – Funds retained by colleges or distributed to colleges pursuant to this section may be used to supplement local funding for maintenance of plant if the college does not receive maintenance of plant funds pursuant to G.S. 115D-31.2, and if the county in which the main campus of the community college is ~~located:~~located meets all of the following:

(1) Is designated as a Tier 1 or Tier 2 county in accordance with~~G.S. 105-129.3;~~ G.S. 143B-437.08.

(2) Had an unemployment rate of at least two percent (2%) above the State average or greater than seven percent (7%), whichever is higher, in the prior calendar ~~year; and~~year.

(3) Is a county whose wealth, as calculated under the formula for distributing supplemental funding for schools in low-wealth counties, is eighty percent (80%) or less of the State average.

Funds may be used for this purpose only after all local funds appropriated for maintenance of plant have been expended."

SECTION 20. G.S. 119-17 is repealed.

SECTION 21.(a) Subsection (a) of Section 12 of Part V of Chapter 908 of the 1983 Session Laws reads as rewritten:

"(a) Any tax levied under this Part is due and payable to the county in monthly installments on or before the ~~15th~~ 20th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the ~~15th~~ 20th day of each month, prepare and render a return on a form prescribed by the county. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied."

SECTION 21.(b) Section 39 of Part IX of Chapter 908 of the 1983 Session Laws reads as rewritten:

"**Sec. 39.** Every owner of a business subject to the tax levied by this Part shall, on and after the first day of the calendar month set by the governing body in the resolution levying the tax, collect the occupancy tax provided by this Part. This tax shall be collected as part of the charge for the furnishing of any taxable accommodations. The tax shall be stated and charged separately from the sales records, and shall be paid by the purchaser to the owner of the business as trustee for and on account of the city. The occupancy tax levied under this Part shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the owner of the business. The city tax collector shall design, print, and furnish to all appropriate businesses in the city the necessary forms for filing returns and instructions to ensure the full collection of the tax. Every person liable for the tax imposed pursuant to this Part shall, on or before the ~~15th~~ 20th day of each month, prepare and submit a return on the prescribed form stating the total gross receipts derived during the preceding month from rentals upon which the tax is levied. The tax shall be due and payable to the tax collector on a monthly basis.

Any person who fails or refuses to file the return required by this Part shall pay a penalty of ten dollars ($10.00) for each day's omission. In addition, any person who refuses to file the return or pay the tax for a period of 30 days after the time required for filing the return or for paying the tax shall pay a penalty of five percent (5%) of the tax due. An additional penalty of five percent (5%) shall be imposed for each additional month or fraction thereof in which the occupancy tax is not paid.

Any person who willfully attempts in any manner to evade the occupancy tax or who willfully fails to pay the tax or make and file the required return, shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and be punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed six months, or both."

SECTION 21.(c) Subsection (a) of Section 26 of Part VII of Chapter 908 of the 1983 Session Laws reads as rewritten:

"(a) Any tax levied under this Part is due and payable to the county in monthly installments on or before the ~~15th~~ 20th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the ~~15th~~ 20th day of each month, prepare and render a return on a form prescribed by the county. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied."

SECTION 21.(d) Subsection (a) of Section 4 of Chapter 988 of the 1983 Session Laws reads as rewritten:

"(a) Any tax levied under this act is due and payable to the county in monthly installments on or before the ~~15th~~ 20th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the ~~15th~~ 20th day of each month, prepare and render a return on a form prescribed by the county. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied."

SECTION 21.(e) Subsection (a) of Section 3 of Chapter 1055 of the 1983 Session Laws reads as rewritten:

"(a) Any tax levied under this act is due and payable to the county in monthly installments on or before the ~~15th~~ 20th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the ~~15th~~ 20th day of each month, prepare and render a return on a form prescribed by the county. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied."

SECTION 21.(f) Section 10 of Part IV of Chapter 570 of the 1985 Session Laws reads as rewritten:

"**Sec. 10.** Every owner of a business subject to the tax levied by this Part shall, on and after the first day of the calendar month set by the governing body in the resolution levying the tax, collect the occupancy tax provided by this Part. This tax shall be collected as part of the charge for the furnishing of any taxable accommodations. The tax shall be stated and charged separately from the sales records, and shall be paid by the purchaser to the owner of the business as trustee for and on account of the city. The occupancy tax levied under this Part shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the owner of the business. The city tax collector shall design, print, and furnish to all appropriate businesses in the city the necessary forms for filing returns and instructions to ensure the full collection of the tax. Every person liable for the tax imposed pursuant to this Part shall, on or before the ~~15th~~ 20th day of each month, prepare and submit a return on the prescribed form stating the total gross receipts derived during the preceding month from rentals upon which the tax is levied. The tax shall be due and payable to the tax collector on a monthly basis.

Any person who fails or refuses to file the return required by this Part shall pay a penalty of ten dollars ($10.00) for each day's omission. In addition, any person who refuses to file the return or pay the tax for a period of 30 days after the time required for filing the return or for paying the tax shall pay a penalty of five percent (5%) of the tax due. An additional penalty of five percent (5%) shall be imposed for each additional month or fraction thereof in which the occupancy tax is not paid.

Any person who willfully attempts in any manner to evade the occupancy tax or who willfully fails to pay the tax or make and file the required return, shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and be punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed six months, or both."

SECTION 21.(g) Subsection (a) of Section 4 of Chapter 857 of the 1985 Session Laws reads as rewritten:

"(a) Any tax levied under this act is due and payable to the county in monthly installments on or before the ~~15th~~ 20th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the ~~15th~~ 20th day of each month, prepare and render a return on a form prescribed by Onslow County. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied."

SECTION 21.(h) Subsection (c) of Section 1 of Chapter 892 of the 1985 Session Laws, as amended by Chapter 154 of the 1991 Session Laws, reads as rewritten:

"(c) Administration. The county shall administer a tax levied under this act. A tax levied under this act is due and payable to the county finance officer in monthly installments on or before the ~~15th~~ 20th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the ~~15th~~ 20th day of each month, prepare and render a return on a form prescribed by the county. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied.

A return filed with the county finance officer under this act is not a public record as defined by G.S. 132-1 and may not be disclosed except as required by law."

SECTION 21.(i) Subsection (c) of Section 1 of Chapter 923 of the 1985 Session Laws reads as rewritten:

Supplemental Food Program, 42 U.S.C. § 1786, and supplemental foods purchased for direct distribution by the Special Supplemental Food Program."

SECTION 28. G.S. 105-164.44I is amended by adding a new subsection to read:

"(c1) Revised Certification. – If a county or city determines that the amount of cable franchise tax it imposed during the first six months of the 2006-2007 fiscal year differs from the amount certified to the Secretary under subsection (c) of this section, the county or city may submit a new certification to the Secretary revising the amount. For distributions for quarters beginning on or after October 1, 2007, the Secretary must determine the proportionate share of a county or city based upon certifications submitted on or before October 1, 2007. For distributions for quarters beginning on or after April 1, 2008, the Secretary must determine the proportionate share of a county or city based upon certifications submitted on or before April 1, 2008. Certifications submitted after April 1, 2008, may not be used to adjust a county's or city's base amount under subsection (c) of this section."

SECTION 29. G.S. 105-187.9 reads as rewritten:

"**§ 105-187.9. Disposition of tax proceeds.**

(a) ~~Distribution. Taxes collected under this Article at the rate of eight percent (8%) shall be credited to the General Fund. Taxes collected under this Article at the rate of three percent (3%) shall be credited to the North Carolina Highway Trust Fund.~~

~~(b) Transfer. In each fiscal year the State Treasurer shall transfer the amounts provided below from the taxes deposited in the Trust Fund to the General Fund. The transfer of funds authorized by this section may be made by transferring one fourth of the amount at the end of each quarter in the fiscal year or by transferring the full amount annually on July 1 of each fiscal year, subject to the availability of revenue.~~

~~(1) The sum of one hundred seventy million dollars ($170,000,000).~~

~~(2) In addition to the amount transferred under subdivision (1) of this subsection, the sum of one million seven hundred thousand dollars ($1,700,000) shall be transferred in the 2001-2002 fiscal year. The amount distributed under this subdivision shall increase in the 2002-2003 fiscal year to the sum of two million four hundred thousand dollars ($2,400,000). In each fiscal year thereafter, the sum transferred under this subdivision shall be the amount distributed in the previous fiscal year plus or minus a percentage of this sum equal to the percentage by which tax collections under this Article increased or decreased for the most recent 12-month period for which data are available.~~

(a) Highway Trust Fund. – All taxes collected under this Article must be credited to the Highway Trust Fund unless subsection (b) of this section requires a different disposition.

(b) General Fund. – The following taxes collected under this Article must be credited to the General Fund:

(1) Taxes collected at the rate of eight percent (8%).

(2) Forty two million five hundred thousand dollars ($42,500,000) of the amount collected each quarter at the rate of three percent (3%).

(3) For the 2006-07 fiscal year, the sum of two million four hundred eighty-six thousand six hundred two dollars ($2,485,602). For each subsequent fiscal year, a sum equal to the amount credited under this subdivision the previous fiscal year plus or minus the percentage of this amount that equals the percentage by which tax collections under this Article increased or decreased for the most recent 12-month period for which data are available."

SECTION 30. G.S. 105-187.11 is repealed.

SECTION 31. G.S. 105-241(b)(2) reads as rewritten:

"(b) Electronic Funds Transfer. – Payment by electronic funds transfer is required as provided in this subsection.

...

(2) ~~Semimonthly~~ Prepayment taxes. – A taxpayer that is required to ~~pay tax on a semimonthly schedule~~ prepay tax must pay the tax by electronic funds transfer."

SECTION 32. G.S. 105-248.1 is repealed.

SECTION 33. G.S. 105-259(b)(3) reads as rewritten:

"(b) Disclosure Prohibited. – An officer, an employee, or an agent of the State who has access to tax information in the course of service to or employment by the State may not disclose the information to any other person unless the disclosure is made for one of the following purposes:

...

(3) ~~Review by~~ To exchange the following types of information with a tax official of another jurisdiction if the laws of the other jurisdiction allow it to provide similar tax information to a representative of this State:

a. ~~to~~ Information to aid the jurisdiction in collecting a tax imposed by this State or the other ~~jurisdiction if the laws of the other jurisdiction allow it to provide similar tax information to a representative of this State.~~jurisdiction.

b. Information needed for statistical reports and revenue estimates."

SECTION 34. G.S. 105-259(b)(7) reads as rewritten:

"(b) Disclosure Prohibited. – An officer, an employee, or an agent of the State who has access to tax information in the course of service to or employment by the State may not disclose the information to any other person unless the disclosure is made for one of the following purposes:

...

(7) To exchange information with the Division of the State Highway Patrol of the Department of Crime Control and Public Safety, the Division of Motor Vehicles of the Department of Transportation, ~~or~~ the International Fuel Tax Association, Inc., or the Joint Operations for

Fuel Tax Compliance when the information is needed to fulfill a duty imposed on the Department of Revenue, the Division of the State Highway Patrol of the Department of Crime Control and Public Safety, or the Division of Motor Vehicles of the Department of Transportation."

SECTION 35. G.S. 105-259(b)(13) reads as rewritten:

"(b) Disclosure Prohibited. – An officer, an employee, or an agent of the State who has access to tax information in the course of service to or employment by the State may not disclose the information to any other person unless the disclosure is made for one of the following purposes:

...

(13) To furnish the following to the Fiscal Research Division of the General Assembly, upon ~~request, a~~ request:

a. A sample, suitable in character, composition, and size for statistical analyses, of tax returns or other tax information from which taxpayers' names and identification numbers have been removed.

b. An analysis of the fiscal impact of proposed legislation."

SECTION 36. G.S. 105-259 (b)(27) reads as rewritten:

"(b) Disclosure Prohibited. – An officer, an employee, or an agent of the State who has access to tax information in the course of service to or employment by the State may not disclose the information to any other person unless the disclosure is made for one of the following purposes:

...

(27) To provide a report required under this Chapter.

~~105-129.85~~"

SECTION 37. G.S. 105-275(41) reads as rewritten:

"**§ 105-275. Property classified and excluded from the tax base.**

The following classes of property are hereby designated special classes under authority of Article V, Sec. 2(2), of the North Carolina Constitution and shall not be listed, appraised, assessed, or taxed:

...

(41) Objects of art held by the North Carolina State Art Society, Incorporated."

SECTION 38. G.S. 105-449.81(3a) is repealed.

SECTION 39. G.S. 142-95 is repealed.

SECTION 40. Article 3 of Chapter 159D of the General Statutes is repealed.

SECTION 41. Except as otherwise provided, this act is effective when it becomes law.

SENATE BILL 540:
Revenue Laws & Motor Fuels Tax Tech. Changes

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 22, 2007
Introduced by:	Sen. Hartsell	**Summary by:**	Cindy Avrette
Version:	PCS to First Edition S540-CSRB		Committee Counsel

SUMMARY: ***The proposed committee substitute for Senate Bill 540 makes several technical, clarifying, and administrative changes to the revenue laws and related statutes. The provisions contained in Sections 1 through 24 of the bill were contained in the bill as introduced. The remaining sections have been added in this proposed committee substitute.***

BILL ANALYSIS: This bill makes the following technical, clarifying, and administrative changes:

Section	Explanation
1	Deletes reference to a repealed statute.
2	Clarifies the term "arts organization" in the area of exemptions from the gross receipts tax on amusements.
3	Clarifies the duration of an arts festival and a community festival, for purposes of the exemption from the gross receipts tax on amusements. Under current law the festival may not last more than seven days. This provision would clarify to say seven consecutive days.
4	Clarifies that the allocation of tax proceeds from the excise tax on fortified wine to the NC Wine and Grape Growers Council occurs before the revenues are distributed to counties and cities in which the retail sale of alcoholic beverages are authorized to be sold.
5	Substitutes the defined term "apportionable" for the term "business."
6-7	Clarifies that for the purposes of granting credits for the creation of new jobs, urban progress and agrarian growth zones should be treated separately from other eligible establishments.
7	Section 7 also substitutes the defined term "business property" for term "machinery and equipment."
8	Substitutes the appropriate reference "out of," for the prior reference "to."
9	Alters the documentation process for the credit for recycling oyster shells to reflect the current Department of Revenue practice. DENR maintains the information for the Department so that this general requirement is not necessary.
10	Adds ancillary services to items for which the sales tax exemption for State agencies does not apply, in order to conform to the changes made in S.L. 2006-33. S.L. 2006-33 separated ancillary services from telecommunications services to conform to the Streamlined Sales Tax Agreement. The change did not alter the taxation of these services.
11	Clarifies the dollar threshold for filing monthly sales tax returns.

12	Clarifies the payment of use tax on purchases of boats and airplanes would not be made on the use tax line of the income tax return. The payment of use tax on these items is due by the 20th day of the month following the purchase. Boats and aircraft are registered and the Department examines information on registration to verify that use tax has been paid
13	Clarifies that the 1% privilege tax on the purchase of equipment by a research and development company applies to equipment that would be considered mill machinery *parts and accessories* as well as mill machinery itself. The tax was intended to correspond to the property used by manufacturers for research and development. This section becomes effective July 1, 2007; that is the date that the 1% privilege tax begins to apply to equipment purchased by a research and development company. Prior to this date, the equipment was subject to the State and local sales tax.
14	Exempts State agencies from the privilege tax imposed on mill machinery. The Department has interpreted the sales tax exemption for State agencies to also apply to this tax since the tax was established when these products were exempted from the sales tax in January 2006 to conform with the Streamlined Sales Tax Agreement. Under the Agreement, the State must have uniform rates. Rather than increase the tax rate on these items, they were exempt from sales tax and subject to this new privilege tax. The Department of Correction industries constitute manufacturing plants and thus purchase equipment subject to this tax.
15	Provides that the Secretary of Revenue's authority to summon records also applies to the motor fuel tax statutes. The section makes this change by using the defined term 'tax'. G.S. 105-228.90 defines 'tax' includes all of the State levied taxes.
16	Provides that a civil penalty imposed under the motor fuel statutes is payable to the agency that assessed the penalty. In addition to the Department of Revenue, G.S. 105-269.3 provides that the State Highway Patrol, law enforcement officers, and other appropriate personnel in the Department of Crime Control and Public Safety may enforce the motor fuel tax laws. The reorganization of the Division of Motor Vehicles in 2003 moved the State Highway Patrol from DMV to the Department of Crime Control and Public Safety. This substantive change in 2003 necessitated technical, conforming changes to the tax statutes. The wording proposed by this section would eliminate the need for similar conforming changes in the future.
17	Provides that a fuel alcohol provider and a biodiesel provider need only post a bond to receive a license as a supplier[1] if its annual motor fuel tax liability is at least $2,000. Under current law, to be licensed as a supplier, a fuel alcohol provider or a biodiesel provider must post a bond in an amount that is two times the applicant's average expected monthly tax liability. The amount may not be less than $2,000 and may not be more than $5,000. Under this section, if a fuel alcohol provider or biodiesel provider must post a bond, then the amount would be the same as the current law bond requirement. This section would become effective October 1, 2007.
18	Modifies the defense to imposition of a penalty for failure to obtain a diversion number for motor fuel delivered to a state other than the destination state printed on the

[1] A supplier is defined as any of the following: a position holder or a person who receives motor fuel pursuant to a two-party exchange, a fuel alcohol provider, a biodiesel provider, or a refiner. (G.S. 105-449.60)

	shipping document. Under current law, the defense is that the person notified the Secretary of the diversion within seven days after the diversion occurred and timely paid the tax on the diverted fuel.[2] This section removes the seven-day time period by providing that the notification must have occurred prior to the imposition of the penalty. It also removes the requirement that the tax be timely paid if the person assessed with the penalty is the motor fuel transporter because it is not the motor fuel transporter's responsibility to pay the tax. This section is effective when it becomes law and applies to penalties assessed on or after that date and to refund requests that have not been finally determined as of that date.
19	Substitutes the correct statutory reference.
20	Repeals an unnecessary statute. Article 3 of Chapter 119 directs the Commissioner of Agriculture to inspect alternative fuel, motor fuel, and kerosene to protect the public. This statute says that various fuels are subject to inspection. It does not appear to be a necessary statute because the provisions of Article 3 govern what fuel is inspected and what standards the fuel must meet. The terms 'alternative fuel', 'motor fuel', and 'kerosene' are defined terms in Article 3.
21	Conforms the date a local occupancy tax return and tax is due to the date that the sales and use tax is due.
22	Conforms the language in a session law to language amended by a subsequent session law.
23	Corrects a statutory reference.
24	Conforms the effective date for a 2006 change to the confidentiality provisions to administrative practices.
25	Repeals the sunset of the highway use tax provisions contained in the 1989 session law. When the highway use tax was enacted, it was believed the highway projects could be completed in 13 years. It has been 18 years. The 1989 session law would repeal the highway use tax, the Transportation Oversight Committee, and various motor vehicle fees when contracts for all projects specified in Article 14 of Chapter 136 have been let and sufficient revenue has been accumulated to pay the contracts. The various fees have been amended several times since 1989. Based upon this sunset language, the fees would revert to their pre-1989 amounts at some undetermined point in the future. At this point, the sunset creates a 'trap for the unwary'.
26	Makes a change in the reporting requirements for the State Ports Tax credit. Based upon conversations with the Tax Research Division, the change will better enable it to report information that the General Assembly will be able to use to determine the credit's effectiveness. The report language was added in S.L. 2005-429.
27	Corrects a statutory reference.
28	Allows local governments to correct errors in their certification of cable television revenues submitted to the Department of Revenue. The certification of the amount of cable franchise tax imposed had to be made by March 15, 2007. Many local governments are in the process of auditing their cable franchise taxes. As a result of those audits, many are discovering errors in their certifications. This provision would

[2] The General Assembly established this defense in 2005. (S.L. 2005-435.)

	allow local governments to submit a new certification on or before April 1, 2008. This provision has been requested by the League of Municipalities and agreed upon by the Department of Revenue.
29	Revises the accounting for the General Fund "hold harmless" amount that is part of the 3% highway use tax, but makes no change in the amount the General Fund receives. It rewrites the statute to require the hold harmless amount to be credited directly to the General Fund rather than first credited to the Highway Trust Fund and then transferred from the Highway Trust Fund to the General Fund. This transfer continues to be a source of needless confusion and controversy. To resolve the confusion and controversy, the provision ends the transfer while preserving the hold harmless. The General Fund "hold harmless" amount is the amount of sales tax revenue attributable to the sales tax on motor vehicles that existed prior to the establishment of the Highway Trust Fund and the enactment of the highway use tax. The 3% highway use tax became effective October 1, 1989. Before that, motor vehicles were subject to sales tax at the rate of 2% with a $300 cap and the sales tax revenue on motor vehicles was credited to the General Fund. At the time, the General Fund received $170 million in sales tax revenue from sales of motor vehicles. The highway use tax replaced the sales tax on motor vehicles. To prevent a loss of revenue in the General Fund, the law enacting the highway use tax required $170 million to be transferred each year from the Highway Trust Fund to the General Fund.
30	Repeals an obsolete statute. The statute was enacted to facilitate a transition from the sales tax imposed on the gross receipts of motor vehicle leases prior to 1989 and the highway use tax.
31	Conforms the provisions for making an electronic funds transfer to the changes made in S.L. 2006-66. Last session, the General Assembly replaced the semimonthly sales tax payment with a single monthly payment and a prepayment of the next month's liability due on the same day as the monthly payment. The change was made at the request of several large retailers in the Streamlined Sales Tax Project.
32	Repeals an obsolete statute. These reimbursements were repealed in 2001 as part of the agreement on the third one-half cent local option sales tax.
33-35	Makes two changes to the tax secrecy provisions at the request of the Tax Research Division of the Department of Revenue. Section 33 would allow the Division to share information with other governmental units outside this State for the purpose of statistical reports and revenue estimates. Section 34 would allow the Department of Revenue to share information with the Joint Operations for Fuel Tax Compliance to better enable the Department to enforce motor fuel tax laws and identify motor fuel tax evasion. The compliance effort consists of a group that includes representatives of the IRS, the federal highway administration, and three pilot states: North Carolina, Texas, and California. Other states will be joining this group after the pilot phase is completed. Section 35 would allow the Division to provide information needed by the Fiscal Research Division of the General Assembly to determine the fiscal impact of proposed legislation. Sometimes, if the fiscal affects of legislation apply only to a limited number of taxpayers, the Division is unable to share the information with Fiscal Research because to do so may, by virtue of the small taxpayer pool, indicate the tax liability of a particular group of taxpayers. The Division would continue to be

	required to remove any identifying information from the data shared.
36	Removes an unnecessary citation that is in the statute due to redlining errors.
37	Inserts the correct corporate name of the North Carolina *State* Art Society, Incorporated.
38	Repeals a conflicting subdivision. This subdivision imposes the excise tax on motor fuel that is fuel alcohol or biodiesel when it is sold for use. However, these fuels are included in the definitions of gasoline and diesel and should be taxed at the same point in the distribution chain as gasoline and diesel. Current law conflicts as to the point at which these fuels should be taxed. The repeal of this subdivision clarifies that they will be taxed at the terminal rack or at importation.
39	Repeals the statute that authorizes real estate certificates of participation. RECOP indebtedness is a form of special indebtedness that is intended to be structured so that the principal and a portion of the interest is not paid in installments over the term of the debt. That portion of the interest compounds and is payable, along with the principal, only at maturity. The provision was enacted in 2004. The 2004 legislation directed the State Treasurer to conduct a study of RECOP indebtedness and to report to the Joint Legislative Commission on Governmental Operations by February 1, 2005. The Treasurer's Office reported that it did not recommend the State using this form of indebtedness.
40	Repeals the Article creating the Life Sciences Revenue Bond Authority. The Authority was created in 2003. The purpose of the Authority was to determine the best way to establish a credit enhancement program for construction of infrastructure for life sciences manufacturing facilities. The Authority is not functioning. Proponents in the life sciences area agree that the Authority is not needed at this time.
41	Except as otherwise provided, the provisions of the bill are effective when they become law.

Short Title: Amend Dry-Cleaning Solvent Cleanup Act. (Public)

Sponsors:

Referred to:

March 26, 2007

A BILL TO BE ENTITLED

AN ACT TO AMEND THE DRY-CLEANING SOLVENT CLEANUP ACT TO CLARIFY THE DEFINITION OF DRY-CLEANING SOLVENT, TO AUTHORIZE THE USE OF FUNDS FROM THE DRY-CLEANING SOLVENT CLEANUP FUND FOR THE INVESTIGATION OF INACTIVE HAZARDOUS WASTE DISPOSAL SITES REASONABLY BELIEVED TO BE CONTAMINATED BY DRY-CLEANING SOLVENT, TO PROVIDE THAT ALL SITE WORK WILL BE PERFORMED BY A PRIVATE CONTRACTOR RETAINED BY THE ENVIRONMENTAL MANAGEMENT COMMISSION, TO MODIFY THE FINANCIAL RESPONSIBILITY REQUIREMENTS APPLICABLE TO POTENTIALLY RESPONSIBLE PARTIES, TO AUTHORIZE TEMPORARY RULE-MAKING, AND TO INCREASE THE ANNUAL SPENDING CAP FOR THE CLEANUP OF SITES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 143-215.104B(b) reads as rewritten:

"(b) Unless a different meaning is required by the context, the following definitions apply in this Part. The definitions set out in this subsection apply only to the implementation of this Part and do not define or limit the scope of any other remedial program:

...

(9) "Dry-cleaning solvent" means ~~Perchloroethylene F-1,1,3 or 1,1,1 tricholorethane, a petroleum-based solvent, another comparable product used as a cleaning agent~~any hydrocarbon or halogenated hydrocarbon used as a solvent in a dry-cleaning operation or the degradation products from these ~~hazardous substances.~~solvents.

(10) "Dry-cleaning solvent assessment agreement" or "assessment agreement" means an agreement between the Commission and a potentially responsible party who desires ~~to assess~~an assessment of whether a release of dry-cleaning solvents at a dry-cleaning facility, an abandoned dry-cleaning facility site, or a wholesale distribution facility may be eligible for remediation under this Part and whether any other contaminants that are identified in the agreement may require remediation under other remedial programs operated or administered by the Department.

...

(12) "Dry-cleaning solvent remediation agreement" or "remediation agreement" means an agreement between the Commission and a potentially responsible party who desires ~~to clean up~~the cleanup of dry-cleaning solvent contamination resulting from a release at a dry-cleaning facility, an abandoned dry-cleaning facility site, or a wholesale distribution facility under this Part and any other contaminants that are identified in the agreement under other remedial programs operated or administered by the Department.

(13) "Facility" means a dry-cleaning facility or a wholesale distribution facility.

(14) "Fund" means the Dry-Cleaning Solvent Cleanup Fund.

(14a) "Halogenated hydrocarbon" means any hydrocarbon where at least one hydrogen atom is substituted by a halogen atom.

(15) "Hazardous waste" ~~shall have~~ has the same meaning ~~ascribed to it~~as in G.S. 130A-290.

(15a) "Hydrocarbon" means any linear, branched, saturated, or unsaturated compound whose molecules contain only carbon and hydrogen atoms.

..."

SECTION 2. G.S. 143-215.104C reads as rewritten:

"**§ 143-215.104C. Dry-Cleaning Solvent Cleanup Fund.**

(a) Creation. – The Dry-Cleaning Solvent Cleanup Fund is established as a special revenue fund to be administered by the Commission. Accordingly, revenue in the Fund at the end of a fiscal year does not revert and interest and other investment income earned by the Fund must be credited to it. The Fund is created to provide revenue to implement this Part.

(b) Sources of Revenue. – The following revenue is credited to the Fund:

(1) Dry-cleaning solvent taxes collected under Article 5D of Chapter 105 of the General Statutes.

(2) Recoveries made pursuant to G.S. 143-215.104N and G.S. 143-215.104O.

(3) Gifts and grants made to the Fund.

(4) Revenues credited to the Fund under G.S. 105-164.44E.

(5) Application fees pursuant to G.S. 215.104F(a1).

(c) Disbursements. – A claim filed against the Fund may be paid only from monies in the Fund and only in accordance with the provisions of this Part. Any obligation to pay ~~or reimburse~~ claims against the Fund shall be expressly contingent upon availability of monies in the Fund. Neither the State nor any of its agencies shall have any obligation to pay ~~or reimburse~~ any costs for which monies are not available in the Fund. The provisions of this Part shall not constitute a contract, either express or implied, to pay ~~or reimburse~~ costs in excess of the monies available in the Fund. In making disbursements from the Fund, the Commission shall obligate monies to facilities or sites with higher priority before facilities or sites of lower priority, and facilities or sites with equal priority in the order in which the facilities or sites were prioritized until the revenue is exhausted. Consistent with the provisions of this Part, the Commission may disburse monies from the Fund to abate imminent hazards by dry-cleaning solvent contamination at abandoned dry-cleaning facility sites that have not been certified. Up to twenty percent (20%) of the amount of revenue credited to the Fund in a year may be used to defray costs incurred by the Department and the Attorney General's Office in connection with administration of the program described in this Part, including oversight of response activities.

(d) Up to one percent (1%) of the amount of the Fund balance may be used by the Department in each fiscal year for investigation of inactive hazardous substance disposal sites that the Department reasonably believes to be contaminated by dry-cleaning solvent. If the contamination is determined to originate from a dry-cleaning facility, a potentially responsible party may petition for certification of the facility or abandoned facility site. Acceptance of a petition shall be conditioned upon the written acceptance by the petitioner of responsibility for the costs of investigation incurred by the Department pursuant to this subsection. Costs of investigation that are recovered pursuant to this subsection shall not exceed, and shall be credited toward, the financial responsibility of the petitioner pursuant to G.S. 143-215.104F(f). If a potentially responsible party does not petition for certification of the facility or abandoned facility site, the Commission may request the Attorney General to commence a civil action to secure reimbursement of costs incurred under this subsection."

SECTION 3. G.S. 143-215.104D reads as rewritten:

"**§ 143-215.104D. Powers of the Commission.**

(a) Administrative Functions. – The Commission may delegate any or all of the powers enumerated in this subsection to the Department. The Commission shall:

(1) Accept petitions for certification and petitions to enter into dry-cleaning solvent assessment agreements or remediation agreements under this Part.

(2) Prioritize certified dry-cleaning facilities, certified wholesale distribution facilities, or certified abandoned dry-cleaning facility sites for the initiation of assessment or remediation ~~activities that are reimbursable from the Fund.~~activities.

~~(3) Develop forms to be used by persons applying for reimbursement of assessment or remediation costs.~~

(4) Schedule funding of assessment and remediation activities.

(5) Determine whether assessment or remediation is necessary at a site at which dry-cleaning solvent contamination has occurred.

(5a) Enter into contracts with private contractors for assessment and remediation activities at certified dry-cleaning facilities, certified wholesale distribution facilities, and certified abandoned dry-cleaning facility sites.

(6) Determine that all necessary assessment and remediation has been completed at a contamination site.

(7) Make payments from the Fund ~~to reimburse~~for the costs of assessment and remediation.

(b) Rule making. – The Commission shall adopt rules as are necessary to implement the provisions of this Part. Rules adopted by the Commission shall be consistent with and shall not duplicate, but may incorporate by reference, the rules adopted by the Commission for Health Services pursuant to Article 9 of Chapter 130A of the General Statutes. The Commission shall not delegate the rule-making powers provided in this subsection.

(1) The Commission may adopt rules governing:

~~a. Fees for response costs reimbursable under this Part.~~

b. The certification and decertification of facilities or abandoned sites.

c. The prioritization of facilities or abandoned sites and scheduling of funding for assessment and remediation activities. These rules shall provide for:

1. Consideration of the degree of harm or risk to public health and the environment.
2. Consideration of the order in which certification is issued for the facility or abandoned site.
3. Consideration of the relative cost of assessment and remediation activities.
4. Use of the Fund so as to maximize the reduction of harm or risk posed by certified facilities, certified abandoned sites, uncertified facilities and uncertified sites.

d. The disbursement of revenue from the Fund for payment ~~or reimbursement~~ of approved assessment or remediation costs.

e. The determination whether assessment or remediation is necessary at a contamination site.

f. The determination that all necessary assessment and remediation has been completed at a contamination site.

g. The terms and conditions of dry-cleaning solvent assessment agreements and remediation agreements.

h. The determination whether additional assessment or remediation is necessary at a contamination site previously closed under this Part.

(2) The Commission may adopt rules establishing minimum management practices for handling of dry-cleaning solvent at dry-cleaning facilities and wholesale distribution facilities. The rules may:

a. Require that all perchloroethylene dry-cleaning machines installed at a dry-cleaning facility after the effective date of the rule or temporary rule meet air emission standards that equal or exceed the standards that apply to comparable dry-to-dry perchloroethylene dry-cleaning machines with integral refrigerated condensation.

b. Prohibit the discharge of dry-cleaning solvents or water that contains dry-cleaning solvents into sanitary sewers, septic systems, storm sewers, or waters of the State.

c. Require spill containment structures around dry-cleaning machines, filters, stills, vapor adsorbers, solvent storage areas, and waste solvent storage areas.

d. Require floor sealants for cleaning room areas if the Commission finds the sealants to be effective.

e. Require, by 1 January 2002, the use of improved solvent transfer systems to prevent releases at the time of delivery of solvents to a dry-cleaning facility.

f. Require any other solvent-handling practices the Commission may find necessary and appropriate to minimize the risk of releases at dry-cleaning facilities or wholesale distribution facilities.

(3) The Commission shall adopt rules establishing a risk-based approach applicable to the assessment, prioritization, and remediation of dry-cleaning solvent contamination resulting from releases at facilities or abandoned sites certified pursuant to G.S. 143-215.104G. The rules shall address, at a minimum:

a. Criteria and methods for determining remediation requirements, including the level of remediation necessary to assure adequate protection of public health and the environment.

b. The circumstances under which information specific to the dry-cleaning solvent contamination site should be considered and required.

c. The circumstances under which restrictions on the future use of any remediated dry-cleaning solvent contamination site should be considered and required as a means of achieving and maintaining an adequate level of protection for public health and the environment.

d. Strategies for the assessment and remediation of dry-cleaning solvent contamination, including presumptive remedial responses sufficient to provide an adequate level of protection as described under sub-subdivision a. of this subdivision.

(c) All rules adopted by the Commission shall be applicable to all dry-cleaning facilities, wholesale distribution facilities, and abandoned dry-cleaning facilities in the State and shall, to the maximum extent practicable, be cost-effective and technically feasible while protecting public health and the environment from the release of dry-cleaning solvents.

(d) Unless otherwise provided in this Part, the Commission may delegate any of its rights, duties, and responsibilities under this Part to the Department."

SECTION 4. G.S. 143-215.104F reads as rewritten:

"**§ 143-215.104F. Requirements for certification, assessment agreements, and remediation agreements.**

(a) General Requirements. – Any person petitioning for certification of a facility or an abandoned site pursuant to G.S. 143-215.104G, for a dry-cleaning solvent assessment agreement pursuant to G.S. 143-215.104H, or for a dry-cleaning solvent remediation agreement pursuant to G.S. 143-215.104I, shall meet the requirements set out in this section and any other applicable requirements of this Part.

(a1) Application Fees. – Each person petitioning or co-petitioning for certification of a facility or an abandoned site pursuant to G.S. 143-215.104G shall pay an application fee of one thousand dollars ($1,000) to the Commission.

(b) Requirements for Potentially Responsible Persons Generally. – Every petitioner shall provide the Commission with:

(1) Any information that the petitioner possesses relating to the contamination at the facility or abandoned site described in the petition.

(2) Information necessary to demonstrate the person's ability to incur the response costs specified in subsection (f) of this section.

(3) Repealed by Session Laws 2000, c. 19, s. 3.

(4) Information necessary to demonstrate that the petitioner, and any parent, subsidiary, or other affiliate of the petitioner, has substantially complied with:

a. The terms of any dry-cleaning solvent assessment agreement, dry-cleaning solvent remediation agreement, brownfields agreement, or other similar agreement to which the petitioner or any parent, subsidiary, or other affiliate of the petitioner has been a party.

b. The requirements applicable to any remediation in which the petitioner has previously engaged.

c. Federal and State laws, regulations, and rules for the protection of the environment.

(5) Evidence demonstrating that a release of dry-cleaning solvent has occurred at the facility or abandoned site and that the release has resulted in dry-cleaning solvent contamination.

(c) Requirement for Property Owners. – In addition to the information required by subsection (b) of this section, a petitioner who is the owner of the property on which the dry-cleaning solvent contamination identified in the petition is located shall provide

the Commission a written agreement authorizing the ~~Commission~~ Commission, ~~or~~ its ~~agent~~ agent, and its private contractor to have access to the property for purposes of conducting assessment or remediation activities or determining whether assessment or remediation activities are being conducted in compliance with this Part and any assessment agreement or remediation agreement. (c1) Costs incurred by the petitioner for activities to obtain certification of a facility or abandoned site shall not be reimbursable from the Fund.

(d) The Commission ~~shall~~ may reject any petition made pursuant to this Part in any of the following circumstances:

(1) The petitioner is an owner or operator of the facility described in the petition and the facility was not being operated in compliance with minimum management practices adopted by the Commission pursuant to G.S. 143-215.104D(b)(2) at the time the contamination was discovered.

(2) The petitioner is an owner or operator of the facility described in the petition and the petitioner owed delinquent taxes under Article 5D of Chapter 105 of the General Statutes at the time the dry-cleaning solvent contamination was discovered.

(3) Repealed by Session Laws 2000, c. 19, s. 3.

~~(e) The Commission may reject any petition made pursuant to this Part in any of the following circumstances:~~

~~(1)~~(4) The petitioner fails to provide the information required by subsection (b) of this section.

~~(2)~~(5) The petitioner falsified any information in its petition that was material to the determination of the priority ranking, the nature, scope and extent of contamination to be assessed or remediated, or the appropriate means to contain and remediate the contaminants.

(f) Financial Responsibility Requirements. – Each potentially responsible person who petitions the Commission to certify a facility or abandoned site shall accept written responsibility in the amount specified in this section for the assessment or remediation of the dry-cleaning solvent contamination identified in the petition. If two or more potentially responsible persons petition the Commission jointly, the requirements below shall be the aggregate requirements for the financial responsibility of all potentially responsible persons who are party to the petition. Unless an alternative arrangement is agreed to by co-petitioners, the financial responsibility requirements of this section shall be apportioned equally among the co-petitioners. The financial responsibility required shall be as follows:

(1) For dry-cleaning facilities owned by persons who employ fewer than five full-time employees, or the equivalent, in activities related to dry-cleaning operations during the calendar year preceding the date of the petition, ~~the first five thousand dollars ($5,000) of the costs of assessment or remediation and~~ one percent (1%) of the costs of assessment or remediation ~~in excess of two hundred thousand dollars ($200,000) but~~ not exceeding one million dollars ($1,000,000).

(2) For abandoned dry-cleaning facility sites and for dry-cleaning facilities owned by persons who employ at least five but fewer than 10 full-time employees, or the equivalent, in activities related to dry-cleaning operations during the calendar year preceding the date of the petition, ~~the first ten thousand dollars ($10,000) of the costs of assessment or remediation, two percent (2%) of the costs of assessment or remediation in excess of two hundred thousand dollars ($200,000) but not exceeding five hundred thousand dollars ($500,000), and~~ one and one-half percent ~~(1%)~~ (1.5%) of the costs of assessment or remediation ~~in excess of five hundred thousand dollars ($500,000) but~~ not exceeding one million dollars ($1,000,000).

(3) For wholesale distribution facilities and for dry-cleaning facilities owned by persons who employ 10 or more full-time employees, or the equivalent, in activities related to dry-cleaning operations during the calendar year preceding the date of the petition, ~~the first fifteen thousand dollars ($15,000) of the costs of assessment or remediation, three percent (3%) of the costs of assessment or remediation in excess of two hundred thousand dollars ($200,000) but not exceeding five hundred thousand dollars ($500,000), and one percent (1%)~~ two percent (2%) of the costs of assessment or remediation ~~in excess of five hundred thousand dollars ($500,000) but~~ not exceeding one million dollars ($1,000,000).

~~(4) For wholesale distribution facilities and abandoned dry-cleaning facility sites, the first twenty-five thousands dollars ($25,000) of the costs of assessment or remediation, three percent (3%) of the costs of assessment or remediation in excess of two hundred thousand dollars ($200,000) but not exceeding five hundred thousand dollars ($500,000), and one percent (1%) of the costs of assessment or remediation in excess of five hundred thousand dollars ($500,000) but not exceeding one million dollars ($1,000,000).~~

(g) Repealed by Session Laws 2000, c. 19, s. 3."

SECTION 5. G.S. 143-215.104H reads as rewritten:

"**§ 143-215.104H. Dry-Cleaning Solvent Assessment Agreements.**

(a) Assessment Agreements. – One or more potentially responsible parties may petition the Commission to enter into a dry-cleaning solvent assessment agreement regarding a facility or abandoned site that has been certified pursuant to G.S. 143-215.104G. The Commission may, in its discretion, enter into an assessment agreement with any potentially responsible party who satisfies the requirements of this section and the applicable requirements of G.S. 143-215.104F. If more than one potentially responsible party petitions the Commission, the Commission may enter into a single assessment agreement with one or more of the petitioners. The Commission shall not unreasonably refuse to enter into an assessment agreement pursuant to this section. The Commission may require the petitioners to provide the Commission with any information necessary to demonstrate:

(1) The priority ranking assigned to the facility or site is consistent with the rules adopted by the Commission.

~~(2) The projected schedule for funding of assessment activities is adequate.~~

~~(3) The assessment activities to be undertaken with respect to the dry-cleaning solvent contamination and any other contamination at the contamination site are adequate.~~

~~(4) The person who will be responsible for implementation of the activities is capable and qualified to conduct the assessment.~~

~~(4a) The amount of funds already expended by the petitioner for assessment or remediation of dry-cleaning solvent contamination at the facility or abandoned site.~~

(5) The petitioner has and will continue to have available the financial resources necessary to pay ~~the costs of assessment activities and the~~ share of response costs imposed on the petitioner by G.S. 143-215.104F.

(6) The permits or other authorizations required to conduct the assessment activities and to lawfully dispose of any hazardous substances or wastes generated by the assessment activities have been or can be obtained.

(7) The assessment activities will not increase the existing level of public exposure to health or environmental hazards at the contamination site.

~~(8) The costs to be incurred in connection with the assessment activities contemplated by the assessment agreement are reasonable and necessary.~~

(9) The petitioner has obtained the consent of other property owners to enter into their property for the purpose of conducting assessment activities specified in the assessment agreement.

(b) The terms and conditions of an assessment agreement regarding dry-cleaning solvent contamination shall be guided by and consistent with the rules adopted by the Commission pursuant to G.S. 143-215.104D and the ~~reimbursement~~ disbursement authorities and limitations set out in this Part. An assessment agreement shall, subject to the availability of monies from the Fund:

(1) Repealed by Session Laws 2000, c. 19, s. 9.

(1a) Require that the petitioner shall be liable to the Fund for an amount equal to the difference, if any, between the applicable amount for which the petitioner is responsible under G.S. 143-215.104F and the amount reasonably paid by the petitioner for assessment or remediation activities of the type specified in G.S. 143-215.104N(a)(1) through (7) and that are otherwise consistent with the requirements of this Part.

~~(2) Provide for the prompt reimbursement of response costs incurred in assessment activities that are found by the Commission to be consistent with the assessment agreement and this Part.~~

(c) The Commission may refuse to enter into a dry-cleaning solvent assessment agreement with any petitioner if:

(1) The petitioner will not accept financial responsibility for the petitioner's share of the response costs required by G.S. 143-215.104F.

~~(2) The petitioner will not accept responsibility for conducting, supervising, or otherwise undertaking assessment activities required by the Commission.~~

(3) The petitioner fails to provide any information required by subsection (a) of this section.

(d) The refusal of the Commission to enter into a dry-cleaning solvent assessment agreement with any petitioner shall not affect the rights of any other petitioner under this Part, except that the refusal may be the basis for rejection of a petition by any parent, subsidiary or other affiliate of the petitioner for the facility or abandoned site.

(e) If the Commission determines from an assessment prepared pursuant to this Part that the degree of risk to public health or the environment resulting from dry-cleaning solvent contamination otherwise subject to assessment or remediation under this Part and Article 9 of Chapter 130A is acceptable in light of the criteria established pursuant to G.S. 143-215.104D(b)(3) and Article 9 of Chapter 130A, the Commission shall issue a written statement of its determination and notify the owner or operator of the facility or abandoned site responsible for the contamination that no cleanup, no further cleanup, or no further action is required in connection with the contamination.

(f) If the Commission determines that no remediation or further action is required in connection with dry-cleaning solvent contamination otherwise subject to assessment or remediation pursuant to this Part and Article 9 of Chapter 130A, the Commission shall not pay ~~or reimburse~~ any ~~response~~ costs otherwise payable ~~or reimbursable~~ under this Part from the Fund other than costs reasonable and necessary to conduct the risk assessment pursuant to this section and in compliance with a dry-cleaning solvent assessment agreement."

SECTION 6. G.S. 143-215.104I reads as rewritten:

"**§ 143-215.104I. Dry-Cleaning solvent remediation agreements.**

(a) Upon the completion of assessment activities required by a dry-cleaning solvent assessment agreement, one or more potentially responsible parties may petition the Commission to enter into a dry-cleaning solvent remediation agreement for any contamination requiring remediation. The Commission may, in its discretion, enter into a remediation agreement with any petitioner who satisfies the requirements of this section and the applicable requirements of G.S. 143-215.104F. If more than one potentially responsible party petitions the Commission, the Commission may enter into a single remediation agreement with one or more of the petitioners. The Commission shall not unreasonably refuse to enter into a remediation agreement pursuant to this section. The Commission may, in its discretion, enter into a remediation agreement that includes the assessment described in G.S. 143-215.104H. Petitioners shall provide the Commission with any information necessary to demonstrate:

(1) Repealed by Session Laws 2000, c. 19, s. 10.
(2) As a result of the remediation agreement, the contamination site will be suitable for the uses specified in the remediation agreement while fully protecting public health and the environment from dry-cleaning solvent contamination and any other contaminants included in the remediation agreement.
(3) There is a public benefit commensurate with the liability protection provided under this Part.
~~(4) The petitioner has or can obtain the financial, managerial, and technical means to fully implement the remediation agreement and assure the safe use of the contamination site.~~
(5) The petitioner has complied with or will comply with all applicable procedural requirements.
(6) The remediation agreement will not cause the Department to violate the terms and conditions under which the Department operates and administers remedial programs, including the programs established or operated pursuant to Article 9 of Chapter 130A of the General Statutes, by delegation or similar authorization from the United States or its departments or agencies, including the United States Environmental Protection Agency.
(7) The priority ranking assigned to the facility or site is consistent with the rules adopted by the Commission or the priority ranking that the petitioner agrees to accept is consistent with the rules adopted by the Commission.
~~(8) The projected schedule for funding of remediation activities.~~
(9) The petitioner will continue to have available the financial resources necessary to satisfy the share of response costs imposed on the petitioner by G.S. 143-215.104F.
~~(10) The expenditures eligible for reimbursement from the Fund and to be incurred in connection with the remediation agreement are reasonable and necessary.~~
(11) The consent of other property owners to enter into their property for purposes of conducting remediation activities specified in the remediation agreement.

(b) In negotiating a remediation agreement, parties may rely on land-use restrictions that will be included in a Notice of Dry-Cleaning Solvent Remediation required under G.S. 143-215.104M. A remediation agreement may provide for remediation in accordance with standards that are based on those land-use restrictions.

(c) A dry-cleaning solvent remediation agreement shall contain a description of the contamination site that would be sufficient as a description of the property in an instrument of conveyance and, as applicable, a statement of:

(1) Any remediation, including remediation of contaminants other than dry-cleaning solvents, to be conducted on the property, including:

a. A description of specific areas where remediation is to be conducted.
b. The remediation method or methods to be employed.
~~c. The resources that the petitioner will make available and the degree to which the petitioner intends to rely on the Fund for resources.~~
d. A schedule of remediation activities.
e. Applicable remediation standards. Applicable remediation standards for dry-cleaning solvent contamination shall not exceed the requirements adopted by the Commission pursuant to G.S. 143-104D(b)(3).
f. A schedule and the method or methods for evaluating the remediation.

(2) Any land-use restrictions that will apply to the contamination site or other property.
(3) The desired results of any remediation or land-use restrictions with respect to the contamination site.
(4) The guidelines, including parameters, principles, and policies within which the desired results are to be accomplished.
(5) The consequences of achieving or not achieving the desired results.
(6) The priority ranking of the facility or abandoned site.
~~(7) The person who will conduct the remediation if that person is not the potentially responsible party entering the remediation agreement.~~

(d) The Commission may refuse to enter into a dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement with any petitioner ~~if:~~if

~~(1) The petitioner will not accept financial responsibility for the share of the response costs established in G.S. 143-215.104F. This requirement shall not apply to a petitioner who (i) is the owner of property upon which the dry-cleaning solvent contamination is located, and (ii) is not a current or former owner or operator of a facility believed to be responsible for the contamination.~~
~~(2) The petitioner will not accept responsibility for conducting, supervising, or otherwise undertaking remediation activities required by the Commission.~~
~~(3) The~~ the petitioner fails to provide any information that is necessary to demonstrate the facts required to be shown by subsection (a) of this section.

(e) In addition to the ~~bases~~ basis set forth in subsection (d) of this section, the Commission may refuse to enter into a dry-cleaning solvent remediation agreement with ~~the~~ an owner of the property on which a contamination site is located if the owner refuses to accept limitations on the future use of the property and to give notice of these limitations pursuant to G.S. 143-215.104M.

(f) The refusal of the Commission to enter into a dry-cleaning remediation agreement with any petitioner shall not affect the rights of any other petitioner, other

than any parent, subsidiary, or other affiliate of the petitioner, under this Part. The refusal of the Commission to enter into a remediation agreement may be the basis for rejection of a petition by any parent, subsidiary, or other affiliate of the petitioner for the facility or abandoned site.

(g) The terms and conditions of a dry-cleaning solvent remediation agreement concerned with dry-cleaning solvent contamination shall be guided by and consistent with the rules adopted by the Commission pursuant to G.S. 143-215.104D and the ~~reimbursement~~ disbursement authorities and limitations set out in this Part. ~~A remediation agreement shall provide, subject to availability of monies in the Fund, for prompt reimbursement of response costs incurred in assessment or remediation activities that are found by the Commission to be consistent with the remediation agreement and this Part.~~ A remediation agreement ~~may~~ shall provide that the ~~Commission~~ Commission's private contractor conduct assessment and remediation activities at the facility or abandoned site.

(h) Any failure of a petitioner or the petitioner's agents or employees to comply with the dry-cleaning solvent remediation agreement constitutes a violation of this Part by the petitioner."

SECTION 7. G.S. 143-215.104J(a) reads as rewritten:

"(a) The Commission may decertify a facility or abandoned site or renegotiate or terminate an assessment agreement or remediation agreement with respect to any party thereto in the following circumstances:

(1) The owner or operator of the facility, at any time subsequent to the certification of the facility, violates any of the minimum management requirements adopted by the Commission pursuant to G.S. 143-215.104D(b)(2).

(2) In the case of dry-cleaning contamination on property that is owned by a petitioner, the petitioner fails to file a Notice of Dry-Cleaning Solvent Remediation, if required, as provided in G.S. 143-215.104M.

(3) The potentially responsible persons who are parties to a dry-cleaning solvent assessment agreement are unable to reach an agreement with the Commission to enter into a dry-cleaning solvent remediation agreement within the time specified in the assessment agreement.

(4) The payment of taxes assessed to the facility under Article 5D of Chapter 105 of the General Statutes is delinquent.

(5) Repealed by Session Laws 2000, c. 19, s. 3.

(6) The owner or operator fails to comply with all applicable requirements of this Part ~~to complete any assessment or remediation activities required by~~or fails to comply with all applicable requirements of an assessment agreement or remediation agreement.

(7) The owner or operator of a facility for which an assessment or remediation activity is scheduled or in progress transfers the ownership or operation of the facility or abandoned site to another person without the prior consent of the Commission and the execution of a substitute assessment agreement or remediation agreement.

(8) The standards applied to the dry-cleaning solvent contamination remediation or containment under the provisions of this Part and the dry-cleaning solvent remediation agreement will, or are likely to, cause the Department to fail to comply with the terms and conditions under which it operates and administers a remediation program by delegation or similar authorization from the United States or one of its departments or agencies, including the Environmental Protection Agency.

(9) A petitioner fails to pay the Commission any amounts for which a petitioner is responsible pursuant to G.S. 143-215.104F."

SECTION 8. G.S. 143-215.104K(a) reads as rewritten:

"(a) A potentially responsible party who enters into an assessment agreement or remediation agreement with the Commission and who is complying with the agreement shall not be held liable for assessment or remediation of areas of contamination identified in the agreement except as specified in the assessment agreement or remediation agreement, so long as ~~the~~ any activities conducted at the contamination site by or under the control or direction of the petitioner do not increase the risk of harm to public health or the environment and the petitioner is not required to undertake additional remediation to unrestricted use standards pursuant to subsection (c) of this section. The liability protection provided under this Part applies to all of the following persons to the same extent as the petitioner, so long as these persons are not otherwise potentially responsible parties or parents, subsidiaries, or affiliates of potentially responsible parties and the person is not required to undertake additional remediation to unrestricted use standards pursuant to subsection (c) of this section:

~~(1) Any person under the direction or control of the petitioner who directs or contracts for assessment, remediation, or redevelopment of the contamination site.~~

(2) Any future owner of the contamination site.

(3) A person who ~~develops or~~ occupies the contamination site.

(4) A successor or assign of any person to whom the liability protection provided under this Part applies.

(5) Any lender or fiduciary that provides financing ~~for assessment, remediation, or redevelopment of the contamination site.~~to the petitioner to pay the petitioner's financial obligations under G.S. 143-215.104F."

SECTION 9. G.S. 143-215.104L reads as rewritten:

"**§ 143-215.104L. Public notice and community involvement.**

(a) If a petitioner desires to enter into a dry-cleaning solvent remediation agreement based on remediation standards that rely on the creation of land-use restrictions, the Commission or the Commission's private contractor on behalf of the petitioner shall notify the public and the community in which the facility or abandoned site is located of the planned remediation and redevelopment activities. ~~The petitioner~~On behalf of the petitioner, the Commission or the Commission's private contractor shall ~~submit~~ prepare a Notice of Intent to Remediate a Dry-Cleaning Solvent

Facility or Abandoned Site and a summary of the Notice of ~~Intent to the Commission.~~Intent. The Notice of Intent shall provide, to the extent known, a legal description of the location of the contamination site, a map showing the location of the contamination site, a description of the contaminants involved and their concentrations in the media of the contamination site, a description of the future use of the contamination site, any proposed investigation and remediation, and a proposed Notice of Dry-Cleaning Solvent Remediation prepared in accordance with G.S. 143-215.104M. Both the Notice of Intent and the summary of the Notice of Intent shall state the time period and means for submitting written comment and for requesting a public meeting on the proposed dry-cleaning solvent remediation agreement. The summary of the Notice of Intent shall include a statement as to the public availability of the full Notice of Intent. After approval of the Notice of Intent and summary of the Notice of Intent by the Commission, ~~the petitioner~~the Commission or the Commission's private contractor shall provide a copy of the Notice of Intent to all local governments having jurisdiction over the contamination site. The ~~petitioner~~ Commission or Commission's private contractor shall publish the summary of the Notice of Intent in a newspaper of general circulation serving the area in which the contamination is located and shall file a copy of the summary of the Notice of Intent with the Codifier of Rules, who shall publish the summary of the Notice of Intent in the North Carolina Register. The ~~petitioner~~ Commission or the Commission's private contractor shall also conspicuously post a copy of the summary of the Notice of Intent at the contamination site.

(b) Publication of the approved summary of the Notice of Intent in the North Carolina Register and publication in a newspaper of general circulation shall begin a public comment period of at least 60 days from the later date of publication. During the public comment period, members of the public, residents of the community in which the contamination site is located, and local governments having jurisdiction over the contamination site may submit comment on the proposed dry- cleaning solvent remediation agreement, including methods and degree of remediation, future land uses, and impact on local employment.

(c) Any person who desires a public meeting on a proposed dry- cleaning solvent remediation agreement shall submit a written request for a public meeting to the Commission within 30 days after the public comment period begins. The Commission shall consider all requests for a public meeting and shall hold a public meeting if the Commission determines that there is significant public interest in the proposed remediation agreement. If the Commission decides to hold a public meeting, the Commission shall, at least 30 days prior to the public meeting, mail written notice of the public meeting to all persons who requested the public meeting and to any other person who had previously requested notice. The Commission shall also ~~direct the petitioner to~~ publish, at least 30 days prior to the date of the public meeting, a notice of the public meeting at least one time in a newspaper having general circulation in the county where the contamination site is located. In any county in which there is more than one newspaper having general circulation, the Commission shall ~~direct the petitioner to~~ publish a copy of the notice in as many newspapers having general circulation in the county as the Commission in its discretion determines to be necessary to assure that the

notice is generally available throughout the county. The Commission shall prescribe the form and content of the notice to be published. The Commission shall prescribe the procedures to be followed in the public meeting. The Commission shall take detailed minutes of the meeting. The minutes shall include any written dry-cleaning solvent remediation agreement. The Commission shall take into account the comment received during the comment period and at the public meeting if the Commission holds a public meeting. The Commission shall incorporate into the remediation agreement provisions that reflect comment received during the comment period and at the public meeting to the extent practical. The Commission shall give particular consideration to written comment that is supported by valid scientific and technical information and analysis."

SECTION 10. G.S. 143-215.104M(a) reads as rewritten:

"(a) Land-Use Restriction. – In order to reduce or eliminate the danger to public health or the environment posed by a dry-cleaning solvent contamination site, the owner of property upon which dry-cleaning solvent contamination has been discovered may ~~prepare and submit to the Commission for approval~~file a Notice of Dry-Cleaning Solvent Remediation approved by the Commission identifying the site on which the contamination has been discovered and providing for current or future restrictions on the use of the property. If a petitioner requests that a contamination site be remediated to standards that require land-use restrictions, the owner of the property must file a Notice of Dry-Cleaning Solvent Remediation for the remediation agreement to become effective."

SECTION 11. G.S. 143-215.104N reads as rewritten:

"**§ 143-215.104N. ~~Reimbursement~~ Disbursement of dry-cleaning solvent assessment and remediation costs; limitations; ~~collection of reimbursement.~~cost recovery.**

(a) ~~Reimbursement.~~Allowable Costs. – To the extent monies are available in the ~~Fund for reimbursement of response costs,~~Fund, the Commission shall ~~reimburse any person, including a private contractor, responsible for implementing~~ pay for reasonable and necessary assessment and remediation activities at a contamination site associated with a certified facility or a certified abandoned site pursuant to a dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement for the following assessment and remediation response costs, for which appropriate documentation is submitted:

(1) Costs of assessment with respect to dry-cleaning solvent contamination.

(2) Costs of treatment or replacement of potable water supplies affected by the contamination.

(3) Costs of remediation of affected soil, groundwater, surface waters, bedrock or other rock formations, or buildings.

(4) Monitoring of the contamination.

(5) Inspection and supervision of activities described in this subsection.

(6) Reasonable costs of restoring property as nearly as practicable to the conditions that existed prior to activities associated with assessment and remediation conducted pursuant to this Part.

(7) Other activities reasonably required to protect public health and the environment.

(b) Limitations. – Notwithstanding subsection (a) of this section, the Commission shall not make any disbursement from the Fund:

(1) For costs incurred in connection with facilities or abandoned sites not certified pursuant to G.S. 143-215.104G.

(2) For costs not incurred pursuant to a dry-cleaning solvent assessment agreement or a dry-cleaning solvent remediation agreement.

~~(3) For costs incurred in connection with dry-cleaning solvent contamination from a facility or abandoned site for which funds obligated by petitioners pursuant to a dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement in accordance with G.S. 143-214.104F(f) are overdue.~~

(4) For costs at a contamination site that has been identified by the United States Environmental Protection Agency as a federal Superfund site pursuant to 40 Code of Federal Regulations, Part 300 (1 July 1996 Edition), except that the Commission may authorize distribution of the required State match in an amount not to exceed two hundred thousand dollars ($200,000) per year per site. The Commission shall not delegate its authority to disburse funds pursuant to this subdivision.

(5) For remediation beyond the level required under the Commission's risk-based criteria for determining the appropriate level of remediation.

(6) For assessment or remediation response costs incurred in connection with any individual dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement in excess of ~~two~~ five hundred thousand dollars ~~($200,000)~~ ($500,000) per year. However, that the Commission may disburse up to ~~four hundred thousand~~ one million dollars ~~($400,000)~~($1,000,000) per year for assessment and remediation costs incurred in connection with a ~~certified~~ facility or ~~a certified~~ an abandoned site ~~that~~ if the facility or abandoned site has been certified and poses an imminent hazard.

(7) That would result in a diminution of the Fund balance below one hundred thousand dollars ($100,000), unless an emergency exists in connection with a dry-cleaning solvent contamination abandoned site that constitutes an imminent hazard.

(8) For any costs incurred in connection with dry-cleaning solvent contamination from a facility located on a United States military base or owned by the United States or a department or agency of the United States.

(9) For any costs incurred in connection with dry-cleaning solvent contamination from a facility or abandoned site owned by the State or a department or agency of the State.

~~(c) The Commission shall not pay or reimburse any response costs arising from a dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation~~

~~agreement until the petitioners who are party to the agreement have paid all sums due under the agreement.~~

(d) ~~Each dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreements made by the Commission pursuant to this Part shall expressly state that the Commission's obligation to reimburse response costs incurred pursuant to these agreements shall be contingent upon the availability of monies from the Fund and that the State and its departments and agencies have no obligation to reimburse otherwise eligible expenses if monies are not available in the Fund to pay the reimbursements.~~ If, at any time, the Commission determines that the cost of assessment and remediation activities ~~reimbursable~~ incurred pursuant to existing dry-cleaning solvent assessment agreements and dry-cleaning solvent remediation agreements equals or exceeds the total revenues expected to be credited to the Fund over the life of the Fund, the Commission shall publish notice of the determination in the North Carolina Register. Following the publication of a notice pursuant to this section, the Commission may continue to enter into dry-cleaning solvent assessment agreements and dry-cleaning solvent remediation agreements until the day of adjournment of the first regular session of the General Assembly that begins after the date the notice is published, but shall have no authority to enter into additional dry-cleaning solvent assessment agreements and dry-cleaning solvent remediation agreements after that date unless the Commission first determines either (i) that revenues will be available from the Fund to ~~reimburse~~ pay the costs of assessment and remediation activities expected to be ~~reimbursable~~ incurred pursuant to the agreements, or (ii) that assessment and remediation activities undertaken pursuant to the agreements will be paid entirely from sources other than the Fund. For the purposes of this subsection, the term "day of adjournment" shall mean: (i) in the case of a regular session held in an odd-numbered year, the day the General Assembly adjourns by joint resolution for more than 10 days, and (ii) in the case of a regular session held in an even-numbered year, the day the General Assembly adjourns sine die.

(e) ~~The Commission shall pay the reimbursable response costs of eligible parties as they are incurred.~~ If the cleanup of the contamination site is not completed through fault of the petitioner as required by the remediation agreement, the petitioner shall reimburse the Fund for any response costs previously ~~reimbursed~~ disbursed from the fund for the ~~cleanup shall be repaid to the Fund,~~cleanup, with interest. The Commission shall request the Attorney General to commence a civil action to secure repayment of response costs and interest of the costs."

SECTION 12. G.S. 143-215.104P(a) reads as rewritten:

"(a) The Secretary may assess a civil penalty of not more than ten thousand dollars ($10,000) or, if the violation involves a hazardous waste, as defined in G.S. 130-290, of not more than twenty-five thousand dollars ($25,000) against any person who:

(1) Repealed by Session Laws 2000, c. 19, s. 3.

(2) Engages in dry-cleaning operations using dry-cleaning solvent for which the appropriate sales or use tax has not been paid.

(3) Fails to comply with rules adopted by the Commission pursuant to this Part.

(3a) Fails to comply with the rules adopted by the Commission pursuant to Article 21B of Chapter 143 of the General Statutes that apply to dry-cleaning solvents at facilities as defined in this Part. This enforcement authority does not apply to facilities located in counties that have been delegated as local air pollution control programs by the Commission pursuant to G.S. 143-215.112.

(3b) Fails to comply with rules adopted by the Commission for Health Services pursuant to Article 9 of Chapter 130A of the General Statutes that apply to dry-cleaning solvents at facilities as defined in this Part.

(4) Fails to file, submit, or make available, as the case may be, any documents, data, or reports required by this Part.

(5) Violates or fails to act in accordance with the terms, conditions, or requirements of any special order or other appropriate document issued pursuant to G.S. 143-215.2.

(6) Falsifies or tampers with any recording or monitoring device or method required to be operated or maintained under this Part or rules implementing this Part.

(7) Knowingly renders inaccurate any recording or monitoring device or method required to be operated or maintained under this Part or rules implementing this Part.

(8) Knowingly makes any false statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained under this Part or rule implementing this Part.

(9) Knowingly makes a false statement of material fact in a rule-making proceeding or contested case under this Part.

(10) Refuses access to the Commission or its duly designated representative to any premises for purposes of conducting a lawful inspection provided for in this Part or rule implementing this Part."

SECTION 13. G.S. 143-215.104T(b) reads as rewritten:

"(b) Notwithstanding the provision of the Tort Claims Act, G.S. 143-291 through G.S. 143-300.1 or any other provision of law waiving the sovereign immunity of the State of North Carolina, the State, its agencies, officers, employees, and agents shall be absolutely immune from any liability in any proceeding for any injury or claim arising from negotiating, entering into, implementing, monitoring, or enforcing a dry-cleaning solvent assessment agreement, a dry-cleaning solvent remediation agreement, or a Notice of Dry-Cleaning Solvent Remediation under this Part or any other action implementing this Part."

SECTION 14. G.S. 105-187.31 reads as rewritten:

"**§ 105-187.31. Tax imposed.**

A privilege tax is imposed on a dry-cleaning solvent retailer at a flat rate for each gallon of dry-cleaning solvent sold by the retailer to a dry-cleaning facility. An excise tax is imposed on dry-cleaning solvent purchased outside the State for storage, use, or consumption by a dry-cleaning facility in this State. The rate of the privilege tax and the

excise tax is ten dollars ($10.00) for each gallon of halogenated hydrocarbon-based dry-cleaning solvent ~~that is chlorine-based~~ and one dollar and thirty-five cents ($1.35) for each gallon of hydrocarbon-based dry-cleaning ~~solvent that is hydrocarbon-based.~~ solvent. These taxes are in addition to all other taxes."

SECTION 15. If the Environmental Management Commission adopts rules establishing a risk-based approach applicable to the assessment, prioritization, and remediation of dry-cleaning solvent contamination, the original notice of text for which was published at 21 N.C. Reg. 1818 (April 16, 2007); the Rules Review Commission approves these rules, including any changes incorporated as a result of public comments or Rules Review Commission requirements; and the Rules Review Commission receives 10 or more letters of objection to these rules in accordance with G.S. 150B-21.3(b2), the Environmental Management Commission, notwithstanding the requirements of G.S. 150B-21.1 and 150B-21.3, may adopt these rules as temporary rules in accordance with the temporary rulemaking procedures set out in Chapter 150B.

SECTION 16. G.S. 143-215.104F(a1), as enacted by Section 4 of this act, becomes effective on August 1, 2007, and applies to applications for certifications made, and assessment agreements and remediation agreements entered into, on or after that date. G.S. 143-215.104F(f), as amended by Section 4 of this act, is effective retroactively to August 1, 2001, and applies to assessment agreements and remediation agreements entered into on or after that date. The Environmental Management Commission shall credit any payment received from a petitioner prior to July 1, 2007, against the petitioner's future co-payment obligation, but the Environmental Management Commission shall not repay to a petitioner any funds received prior to July 1, 2007. Section 15 of this act is effective when it becomes law. All other amendments to G.S. 143-215.104F, as enacted by Section 4 of this act, and all other sections of this act become effective July 1, 2007.

SENATE BILL 1362:
Amend Dry-Cleaning Solvent Cleanup Act

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 19, 2007
Introduced by:	Sen. Clodfelter	**Summary by:**	Dan Ettefagh
Version:	PCS to Second Edition S1362-CSMC		Committee Counsel

SUMMARY: The Proposed Committee Substitute (PCS) for Senate Bill 1362 would amend the Dry-Cleaning Solvent Cleanup Act by:

- *Clarifying the definition of dry-cleaning solvent.*
- *Authorizing the use of funds from the Dry-Cleaning Solvent Cleanup Fund for the investigation of inactive hazardous waste disposal sites.*
- *Providing that all site work be performed by a private contractor retained by the Environmental Management Commission (EMC).*
- *Modifying the financial responsibility requirements applicable to potentially responsible parties.*
- *Authorizing temporary rule-making authority by the EMC.*
- *Increasing annual spending cap for site cleanup.*

[As introduced, this bill was identical to H1778, as introduced by Reps. Gibson, Allen, which is currently in House Appropriations.]

BILL ANALYSIS: The PCS for Senate Bill 1362 would make the following changes to the Dry-Cleaning Solvent Cleanup Act (Act):

- **Section 1:** would change the definition for the term "dry-cleaning solvent" and would add new definitions for the terms "halogenated hydrocarbon," and "hydrocarbon."
- **Sections 2 and 4:** would replace the existing co-payment scheme with a one-time $1,000.00 application fee and would revise the current financial responsibility requirements payment schedule as follows:
  - *Dry-cleaning facilities owned by persons who employ fewer than 5 full-time employees*: 1% of the costs of assessment or remediation, but not exceeding $1,000,000.
  - *Dry-cleaning facilities owned by persons who employ at least 5 but fewer than 10 full-time employees* AND *abandoned dry-cleaning facility sites*: 1.5% of the costs of assessment or remediation, but not exceeding $1,000,000.
  - *Dry-cleaning facilities owned by persons who employ 10 or more full-time employees* AND *wholesale distribution facilities*: 2% of the costs of assessment or remediation, but not exceeding $1,000,000.

  Section 2 would also authorize the Department of Environment and Natural Resources to use up to 1% of the balance in the Dry-Cleaning Solvent Fund in each fiscal year for investigation of inactive hazardous substance disposal sites that the Department believes to be contaminated by dry-cleaning solvent.

Section 4 would also provide the EMC with discretion in rejecting petitions made by operators who are not in compliance with minimum management practices for handling of solvents or operators delinquent in paying solvent taxes.

- **Sections 3, 5, 6, 7, 8, 9, 10, and 13:** would modify language throughout the Act to clarify that all site assessment and cleanup procedures will be performed by private contractors hired by the EMC. These changes would clarify that the State is responsible for the hiring and awarding of contracts pursuant to the Act.
- **Section 11:** would increase the amount of money that may be disbursed to a site per year from the Dry-Cleaning Solvent Cleanup Fund as follows:
    - For assessment or remediation response costs incurred in connection with any individual dry-cleaning solvent assessment agreement from $200,000 to $500,000 per year.
    - For assessment and remediation costs incurred in connection with a certified facility or an abandoned site that poses an imminent hazard from $400,000 to $1,000,000 per year.
- **Section 12:** would authorize the Environmental Management Commission and the Commission for Health Services to assess civil penalties for violations of hazardous waste and air quality regulations respectively that apply to dry-cleaning facilities.
- **Section 14:** would make conforming changes to the Dry-Cleaning Solvent Tax under Article 5D of Chapter 105 of the General Statutes.
- **Section 15**: would authorize the EMC to adopt temporary rules if the Rules Review Commission receives 10 or more letters of objection to the rules establishing a risk-based approach to dry-cleaning solvent contamination published at 21 N.C. Reg. 1818 (April 16, 2007).

EFFECTIVE DATE: The application fee requirements amended under Section 4 of this act would become effective August 1, 2007 and apply to applications for certifications made, and assessment agreements and remediation agreements entered into on or after that date. The financial responsibility requirements as amended under Section 4 of this act would become effective retroactively to August 1, 2001 and apply to assessment agreements and remediation agreements entered into on or after that date. Section 15 of this act is effective when it becomes law. All other amendments in Section 4 of this act and all other sections of this act become effective July 1, 2007.

BACKGROUND: There are an estimated 900 active and abandoned dry-cleaning sites in North Carolina. At many of these sites, the groundwater is contaminated with the solvents used in the cleaning process. In 1997, the General Assembly enacted a statute to address this contamination. The dry-cleaning solvent cleanup program is designed to provide a fund, administered by the Department of Environment and Natural Resources, to assess and clean contaminated dry-cleaning sites using State-lead contractors. The source for the cleanup fund is a tax on dry-cleaning and dry-cleaning solvents (both perchloroethylene and petroleum-based solvents).

Drycleaners or dry-cleaning site property owners may petition for entry into this program. Once in the program, drycleaners are subject to deductibles and co-payments. The program will manage the assessment and cleanup work. EFFECTIVE DATE: New GS 143-215.105F(a1) is effective on August 1, 2007, and applies to applications for certifications made and assessment and remediation agreements entered into on or after that date. The amendments to GS 143-215.104F(f) are effective retroactively to August 1, 2001. All other amendments to GS 143-215.104F are effective July 1, 2007.

**This fiscal analysis is independent of the impact of other criminal penalty bills being considered by the General Assembly, which could also increase the projected prison population and thus the availability of prison beds in future years. The Fiscal Research Division is tracking the cumulative effect of all criminal penalty bills on the prison system as well as the Judicial Department.*

BILL SUMMARY:

- Changes the definition of *dry-cleaning solvent* in GS 143-215.104B(b) to *any hydrocarbon or halogenated hydrocarbon used as a solvent in a dry-cleaning operation or the degradation products from these solvents.*

- Adds a new definition of *halogenated hydrocarbon* and enacts new GS 143-215.104C(d) authorizing the Department of Environment and Natural Resources to use up to 1% of the Dry-Cleaning Solvent Cleanup Fund balance each fiscal year to investigate inactive hazardous substance disposal sites that the Department believes are contaminated by dry-cleaning solvents.
- Enacts new GS 143-215.104F(a1) providing that each person petitioning for certification of a facility or an abandoned site pursuant to GS 143-215.104G must pay an application fee of $1,000 to the Environmental Management Commission, to be credited to the Dry-Cleaning Solvent Cleanup Fund, as noted above and makes conforming change to GS 143-215.104C. Also makes stylistic changes to GS 143-215.104G(a).
- Amends GS 143-215.104G(d) to make it permissive, rather than required, for the Commission to reject petitions for certification under the circumstances set forth in the subsection.
- Amends GS 143-215.104G(f) to provide that the financial responsibility required of persons petitioning the Commission to certify a facility or abandoned site is (1) 1% of the costs of assessment or remediation not exceeding $1 million for dry-cleaning facilities owned by persons who employ fewer than the equivalent of five full-time employees, (2) 1.5% of the costs of assessment or remediation not exceeding $1 million for abandoned dry-cleaning facility sites and for dry-cleaning facilities owned by persons who employ at least five but fewer than ten full-time employees, and (3) 2% of the costs of assessment or remediation not exceeding $1 million for wholesale distribution facilities and for dry-cleaning facilities owned by persons who employ ten or more full-time employees.
- Repeals GS 143-215.104G(f)(4), which set forth financial responsibility requirements for abandoned sites and wholesale facilities.
- Amends GS 143-215.104P(a) to add two additional offenses – violations of air quality and hazardous waste regulations, respectively - for which the Environmental Management Commission (EMC) and Commission of Health Services (CHS) may assess civil penalties.
- Amends GS 105-187.31 (privilege tax on dry-cleaning solvent retailers) by changing the reference to a *dry-cleaning solvent that is chlorine based* to *halogenated hydrocarbon-based dry-cleaning solvent.*

ASSUMPTIONS AND METHODOLOGY:

Revenues – Dry Cleaning Solvent Fund

SB 1362 makes three changes to the amount of revenue received into the Dry Cleaning Solvent Fund each year: 1.) Section 4 creates a new $1,000 application fee for each person petitioning or co-petitioning for certification of a facility or an abandoned site; 2.) Section 4 changes the financial responsibility requirements, effectively decreasing the co-payments into the Fund; and 3.) Section 14 broadens the base of solvents covered by the dry-cleaning solvent tax.

1.) Application Fee

A $1,000 application fee would now be charged for each person petitioning or co-petitioning for certification of a facility or an abandoned site. The table below projects the number of petitioners each year and the application fee revenue generated.

	2007-08	2008-09	2009-10	2010-11	2011-12
Estimated # of Petitioners	50*	54	81	81	109
Application Fee Generated	$50,000	$54,000	$81,000	$81,000	$109,000

*prorated by one month due to August 1, 2007 effective date

DENR anticipates that the number of petitioners will increase for three reasons:
A.) The decrease in financial responsibility requirements will make the program less costly for responsible parties;
B.) The implementation of risk-based rules will attract more responsible parties to participate;
C.) Entry into the program will sunset on January 1, 2012.

2.) Financial Responsibility Requirements
Section 4 would decrease the financial responsibility requirements for potentially responsible persons. *An exact estimate of the decrease in revenue from this change is not available.*

Under existing law, responsible parties must pay a flat deductible and then a percentage co-payment of the clean-up costs after those costs have reached a certain dollar threshold. Under the new provisions in SB 1362, responsible parties would no longer pay a deductible, but rather they would pay the application fee explained above and then pay a percentage of the cleanup costs as a co-payment.

The illustration below provides an example of the decrease in revenue assuming the following conditions:
A.)100 sites active in the program with 60 "abandoned" sites, 13 "large facility" sites, 11 "medium," and 16 "small;" and,
B.) An average site clean-up cost of $250,000.

Under Existing Law

Site Type	# of Sites	Deductible	% Co-payment	Avg. Site Cost	Total Owed by Petitioners
Abandoned	60	$25,000	0.03	$250,000	$1,590,000
Large	13	$15,000	0.03	$250,000	$214,500
Medium	11	$10,000	0.02	$250,000	$126,500
Small	16	$5,000	0.01	$250,000	$104,000
Total Revenue Received for 100 Sites					**$2,035,000**

As Proposed Under SB 1362

Site Type	# of Sites	% Co-payment	Avg. Site Cost	Total Owed by Petitioners
Abandoned	60	0.015	$250,000	$225,000
Large	13	0.020	$250,000	$65,000
Medium	11	0.015	$250,000	$41,250
Small	16	0.010	$250,000	$40,000
Total Revenue Received for 100 Sites				**$371,250**

As the above example illustrates, the loss of revenue would be $1,663,750 for these 100 sites. It should be noted that this loss of revenue does not take place in one fiscal year, but rather would most likely be spread out across three years – with 40% of costs being collected in the first year, 40% in the second year, and 20% in the third year. Thus, a one-year loss of revenue might reasonably be estimated at $665,500. This loss of revenue will be partially offset by the application fees described above.

3.) Solvent Tax
Section 14 broadens the base of solvents covered by the tax. The change from "chlorine-based" to "halogenated hydrocarbon-based" will encompass bromide solvents. Industry sources estimate that

approximately 200 gallons of bromide solvents are sold each year. Thus, approximately $2,000 in new revenue will be raised.

	2007-08	2008-09	2009-10	2010-11	2011-12
New Tax Revenue*	$2,042	$2,085	$2,129	$2,175	$2,226

*adjusted annually for inflation

Revenues – Civil Penalties

Section 12 adds new situations for which civil penalties may be assessed. To date, the Dry-Cleaning Compliance Program has not issued any civil penalties. Based on experience with other DENR compliance programs, the Department estimates that five civil penalties each year would be assessed for the new offenses contained in the PCS with a penalty range of $400 to $25,000.

Expenditures – Dry Cleaning Solvent Fund

This PCS makes two changes to expenditures from the Fund: 1.) Section 2 stipulates that up to 1% of the Fund balance may be used in each fiscal year by the Department for investigation of sites; and, that the Attorney General may bring a civil action to secure reimbursement of costs incurred, per Commission request; and 2.) Section 11 increases the cap on the amount disbursed per year for any individual dry-cleaning solvent assessment agreement or remediation agreement and increases the cap for a certified facility or certified abandoned site that poses an imminent hazard.

1.) Use of Fund Balance for Investigation of Sites

Section 2 authorizes the Department to use up to 1% of the Fund balance for investigation of sites. The Dry Cleaning Solvent Fund balance has grown over the past six years and as of June 19, 2007, the Fund balance was $35,441,005. Revenues for the Fund have fluctuated but are in the range of $9.5 to $10.5 million per year and will continue at that pace until January 1, 2010 when the dry-cleaning solvent tax expires and June 30, 2010 when the dry-cleaning sales tax transfer ends. The Department estimates spending $12 million in FY 2008-09, $18 million in FY 2009-10, $12 million in FY 2010-11, and $10 million in FY 2011-12. Thus, the Fund balance should decrease over time and will range from a high of $36 million to a low of $4.5 million in FY 2011-12. *Therefore, the Department could expend anywhere from $45,000 to $360,000 annually for investigation of sites.*

Existing G.S. 143-215.104C authorizes the Commission to expend 20% of annual Fund revenue to defray the costs incurred by the Department and the Attorney General's Office for administration of the Program. Assuming annual revenues of $10 million, $2 million would be available for such costs – the Department estimates approximately $700,000 in annual administrative costs, leaving $1.3 million to cover any costs incurred by the Attorney General. Section 2 authorizes the Attorney General to initiate civil action to secure reimbursements of the costs incurred in connection with the investigation of inactive hazardous substance disposal sites, per request from the Commission. In addition, existing G.S. 143-215.104R authorizes the AG to initiate civil action for injunctive relief from violations alleged by the Commission. The Department anticipates only one or two injunctive relief actions annually; however, the number of potential civil actions initiated for reimbursements is unknown. Nevertheless, Fiscal Research anticipates that available funds will offset any additional workload increases experienced by the Attorney General's Office.

2.) Increase in Annual Spending Caps

An estimate as to how much additional money may be expended from the Fund due to the new, higher caps is not available. As stated above, total expenditures from the Fund are expected to exceed $10 million per year by 2008-09. The majority of the increase in spending will come as a result of risk-based remediation rules being implemented in the fall of 2007. These rules will allow the Program to

begin remediation at some sites, and it is anticipated that the remediation work will exceed the previous cap limits at some sites.

Expenditures – General Fund

S.B. 1362 adds two offenses under G.S. 143-215.104P, for which civil penalties may be assessed:

1. Proposed G.S. 143-215.104P (a)(3a) makes it unlawful for a person to fail to comply with rules applicable to dry-cleaning solvents at facilities, as adopted by the Environmental Management Commission pursuant Article 21B (Air Pollution Control) of Chapter 143; and,
2. Proposed G.S. 143-215.104P(a)(3b) makes it unlawful for a person to fail to comply with rules applicable to dry-cleaning solvents at facilities, as adopted by the Commission for Health Services pursuant to Article 9 (Solid Waste Management) of Chapter 130A.

Inclusion of these offenses also expands the pool of potential offenders under G.S. 143-215.104Q:

- G.S. 143-215.104Q(a) provides that negligent violation of any subdivision of G.S. 143-215.104P(a) is a Class 2 misdemeanor;
- G.S. 143-215.104Q(b) provides that knowing and willful violation of any subdivision of G.S. 143-215.104P(a) is a Class I felony; and,
- G.S. 143-215.104Q(c) provides that violation of subdivision (3) through (10) of G.S. 143-215.104P(a) that a person knows to place another in imminent danger of death or serious bodily injury is a Class C felony.

Although the Department estimates that five civil penalties (indicative of criminal offenses) will be assessed each year, the elements of these potential offenses are unknown. Thus, *while Fiscal Research does not expect a significant fiscal impact due to the proposed offense expansions, the numbers of potential charges and convictions for the affected offenses are indeterminate.*[1]

Department of Correction – Division of Prisons: Since Class 2 misdemeanants serve their designated terms of incarceration within local jails, any resultant active sentence will not impact the state prison population.[2] In FY 2005-06, 17% of Class 2 misdemeanor convictions resulted in active sentences, with an average estimated time served of 13 days. Accordingly, any impact on local jail populations and DOC reimbursements should prove negligible.

Conversely, <u>because there are no surplus prison beds, any resultant Class C or I felony active sentence will necessitate the construction of an additional bed</u>. In FY 2005-06, 15% of Class I felony convictions resulted in active sentences, with an average estimated time served of 7 months. For illustration, if *twelve* Class I convictions occur annually, *the combination of active sentences and probation revocations will require one additional prison bed in the first applicable year; four additional beds in the second year; and two new employees in the second year.*

In contrast, under Structured Sentencing (with the exception of extraordinary mitigation), all Class C offenders must receive an active sentence. In FY 2005-06, the average estimated time served was 95 months. Again, for illustration, if *one* Class C conviction occurs annually, *one additional prison bed would be needed in the first applicable year, and two additional beds by the second year.* In addition,

---

[1] The Administrative Office of the Courts currently does not maintain any offense code for violation of G.S. 143-215.104Q, possibly indicating that these offenses are infrequently charged and/or infrequently result in conviction.

[2] Active sentences between 1-90 days are served in local jails. The Department of Correction reimburses counties $18 per day for offenders housed longer than 30 days (between 30 and 90). Sentences longer than 90 days are to be served in state prison; however, when bed shortages demand it, the State may lease needed beds from counties.

because a mandatory period of Post-Release Supervision follows release from prison for Classes B1-E offenders, additional revocations could occur beyond the five-year fiscal note horizon.

Assuming these examples and inmate assignment to medium custody, the construction of six additional prison beds within a new, stand alone facility could cost the State approximately $408,240 in FY 2007-08; whereas, bed construction within an add-on facility could cost approximately $252,720.[3] These costs are attributed to FY 2007-08 since the construction of additional prison beds, whether within an add-on or stand-alone facility, requires budgeting at least three years in advance. Potential operating costs could total $174,586 by FY 2009-10.[4]

Department of Correction – Community Corrections: In FY 2005-06, 83% of Class 2 misdemeanor and 85% of Class I felony convictions resulted in either intermediate or community punishments – predominantly special, intensive, or general supervision probation. Consequently, *if additional non-active sentences occur, the Division of Community Corrections (DCC) could incur some additional costs for offenders placed under its supervision (any impact on Post-Release supervision caseloads would be assumed beyond the five-year horizon).* It is not known how many offenders would be sentenced to intermediate or community punishments, to which type, or for how long.

Included below is a brief discussion of DCC supervision costs, per offender:

- General supervision of intermediate and community offenders by a probation officer costs DCC $1.96 per offender, per day; no cost is assumed for those receiving unsupervised probation, or who are ordered only to pay fines, fees, or restitution. DCC also incurs a daily cost of $0.69 per offender sentenced to the Community Service Work Program.
- The daily cost per offender on intermediate sanction is much higher, ranging from $7.71 to $14.97 depending on the type of sanction.
- Intensive supervision probation is the most frequently used intermediate sanction, and costs an estimated $14.97 per offender, per day; on average, intensive supervision lasts six-months, with general supervision assumed for a designated period thereafter.

Judicial Branch: As previously indicated, Section 2 expands current G.S. 143-215.104C to authorize the Attorney General (per Environmental Management Commission request) to initiate civil action to recover the costs incurred by the Department of Environment and Natural Resources in investigating inactive hazardous substance disposal sites contaminated by dry-cleaning solvent, where a potentially responsible party is not willing to pay such costs. It is not known how many additional investigations would be conducted or civil actions filed.

In addition, Section 12 expands current G.S. 143-215.104P(a) by imposing a civil penalty of $10,000 or less (or $25,000 or less if hazardous waste is involved) against violators of hazardous waste and air quality regulations that apply to dry-cleaning facilities. Consequently, inclusion of these two

[3] New, "stand alone" institution built for Expanded Operating Capacity (EOC); single cells are assumed for close custody, and dormitories are assumed for medium and minimum custody (occupancy no greater than 130% of SOC).

"Add-on" facilities (close and medium custody) are built within the perimeter of an existing 1,000-cell Close Security Institution; a minimum custody "add-on" is built adjacent to an existing perimeter. "Add-on" facilities employ the same EOC custody configurations as "stand alone" (i.e. single cells for close custody, and dorms for medium and minimum custody levels).

[4] Impact on incarcerated population is assumed for FY 2008-09, given the effective date of December 1, 2007 and typical lag time between charge and conviction (6 months).

violations could result in additional criminal cases, and increase the opportunity for appeal of civil penalties to superior court. It is not known how many criminal offenses might result, or how many violators would contest the imposition of civil penalties; however, few additional cases are anticipated.

Estimated FY 2007-08 trial and plea costs for the affected offense classes are shown below. These costs account for indigent defense.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE DIVISION OF MOTOR VEHICLES TO ISSUE DEALER PLATES WITH A SYMBOL NOTING THAT THE HOLDER IS A MANUFACTURER, TO EXEMPT MANUFACTURERS FROM THE RESTRICTIONS ON THE NUMBER OF DEALER PLATES THAT MAY BE ISSUED TO THEM, AND TO CLARIFY THAT THE DIVISION MAY ISSUE A DEALER PLATE IN A SUITABLY REDUCED SIZE FOR MOTORCYCLE DEALERS AND MANUFACTURERS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-79 reads as rewritten:

"§ 20-79. Dealer license plates.

(a) How to Get a Dealer Plate. – The Division may issue a person ~~A dealer~~ licensed under Article 12 of this Chapter the appropriate classification of dealer license plate. A person eligible for a dealer license plate may obtain ~~a dealer license plate~~ one by filing an application with the Division and paying the required fee. An application must be filed on a form provided by the Division. The required fee is the amount set by G.S. 20-87(7).

(b) Number of Plates. – A dealer who was licensed under Article 12 of this Chapter for the previous 12-month period ending December 31 may obtain the number of dealer license plates allowed by the following table; the number allowed is based on the number of motor vehicles the dealer sold during the relevant 12-month period and the average number of qualifying sales representatives the dealer employed during that same 12-month period:

Vehicles Sold In Relevant 12-Month Period	Maximum Number of Plates
Fewer than 12	1

At least 12 but less than 25	4
At least 25 but less than 37	5
At least 37 but less than 49	6
49 or more	At least 6, but no more than 4 times the average number of qualifying sales representatives employed by the dealer during the relevant 12-month period.

A dealer who was not licensed under Article 12 of this Chapter for part or all of the previous 12-month period ending December 31 may obtain the number of dealer license plates that equals four times the number of qualifying sales representatives employed by the dealer on the date the dealer files the application. A "qualifying sales representative" is a sales representative who works for the dealer at least 25 hours a week on a regular basis and is compensated by the dealer for this work.

A dealer who sold fewer than 49 motor vehicles the previous 12-month period ending December 31 but has sold at least that number since January 1 may apply for additional dealer license plates at any time. The maximum number of dealer license plates the dealer may obtain is the number the dealer could have obtained if the dealer had sold at least 49 motor vehicles in the previous 12-month period ending December 31.

A dealer who applies for a dealer license plate must certify to the Division the number of motor vehicles the dealer sold in the relevant period. Making a material misstatement in an application for a dealer license plate is grounds for the denial, suspension, or revocation of a dealer's license under G.S. 20-294.

A dealer engaged in the alteration and sale of specialty vehicles may apply for up to two dealer plates in addition to the number of dealer plates that the dealer would otherwise be entitled to under this section.

This subsection does not apply to manufacturers licensed under Article 12 of this Chapter.

(c) Form and Duration. – A dealer license plate is subject to G.S. 20-63, except for the requirement that the plate display the registration number of a motor vehicle and the requirement that the plate be a "First in Flight" plate. ~~In addition, a~~ A dealer license plate must have a distinguishing symbol identifying the plate as a dealer license plate. The symbol may vary depending upon the classification of dealer license plate issued. The Division must provide suitably reduced sized license plates for motorcycle dealers and manufacturers.

A dealer license plate is issued for a period of one year. The Division shall vary the expiration dates of dealer registration renewals so that an approximately equal number expires at the end of each month, quarter, or other period consisting of one or more months. A ~~dealer may transfer a~~ dealer license plate may be transferred from one vehicle to another. When the Division issues a dealer plate, it may issue a registration that expires at the end of any monthly interval. When one of the following occurs, a dealer must surrender to the Division all dealer license plates issued to the dealer:

(1) The dealer surrenders the license issued to the dealer under Article 12 of this Chapter.

(2) The Division suspends or revokes the license issued to the dealer under Article 12 of this Chapter.
(3) The Division rescinds the dealer license plates because of a violation of the restrictions on the use of a dealer license plate.

To obtain a dealer license plate after it has been surrendered, the dealer must file a new application for a dealer license plate and pay the required fee for the plate.

(d) Restrictions on Use. – A dealer license plate may be displayed only on a motor vehicle that meets all of the following requirements:

(1) Is part of the inventory of the dealer.
(2) Is not consigned to the dealer.
(3) Is covered by liability insurance that meets the requirements of Article 9A of this Chapter.
(4) Is not used by the dealer in another business in which the dealer is engaged.
(5) Is driven on a highway by a person who carries a copy of the registration card for the dealer plates issued to the dealer while driving the motor vehicle and who meets one of the following descriptions:
a. Has a demonstration permit to test-drive the motor vehicle and carries the demonstration permit while driving the motor vehicle.
b. Is an officer or sales representative of the dealer and is driving the vehicle for a business purpose of the dealer.
c. Is an employee of the dealer and is driving the vehicle in the course of employment.

A dealer may issue a demonstration permit for a motor vehicle to a person licensed to drive that type of motor vehicle. A demonstration permit authorizes each person named in the permit to drive the motor vehicle described in the permit for up to 96 hours after the time the permit is issued. A dealer may, for good cause, renew a demonstration permit for one additional 96-hour period.

A dealer may not lend, rent, lease, or otherwise place a dealer license plate at the disposal of a person except as authorized by this subsection.

(e) Sanctions. – The following sanctions apply when a motor vehicle displaying a dealer license plate is driven in violation of the restrictions on the use of the plate:

(1) The individual driving the motor vehicle is responsible for an infraction and is subject to a penalty of fifty dollars ($50.00).
(2) The dealer to whom the plate is issued is subject to a civil penalty imposed by the Division of two hundred dollars ($200.00).
(3) The Division may rescind all dealer license plates issued to the dealer whose plate was displayed on the motor vehicle.

A penalty imposed under subdivision (1) of this subsection is payable to the county where the infraction occurred, as required by G.S. 14-3.1. A civil penalty imposed under subdivision (2) of this subsection shall be credited to the Highway Fund as nontax revenue.

(f) Transfer of Dealer Registration. – No change in the name of a firm, partnership or corporation, nor the taking in of a new partner, nor the withdrawal of one or more of the firm, shall be considered a new business; but if any one or more of the partners remain in the firm, or if there is change in ownership of less than a majority of the stock, if a corporation, the business shall be regarded as continuing and the dealers' plates originally issued may continue to be used.

(g) Penalties. – The clear proceeds of all civil penalties, civil forfeitures, and civil fines that are collected by the Department of Transportation pursuant to this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

(h) Definition. – For purposes of this section, the term 'dealer' means a person who is licensed under Article 12 of this Chapter."

SECTION 2. This act becomes effective July 1, 2007.

HOUSE BILL 135:
Motorcycle Transporter Plates

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 28, 2007
Introduced by:	Rep. Moore	**Summary by:**	Cindy Avrette
Version:	PCS to Third Edition H135-CSRBf-41		Committee Counsel

SUMMARY: House Bill 135 would do three things:

- ***It would authorize the Division of Motor Vehicles to issue a dealer license plate to a manufacturer with a symbol on the plate noting that the holder of the plate is a manufacturer.***
- ***It would clarify that the Division may provide suitably reduced sized license plates for motorcycle dealers and manufacturers.***
- ***It would provide that the restriction of the number of dealer plates issuable to a motor vehicle dealer does not apply to manufacturers.***

CURRENT LAW: A motor vehicle dealer may be issued a dealer license plate. A vehicle bearing a dealer plate can be driven for any purpose as long as the driver is an officer or an employee of the dealer and it may be driven by a person who is not an officer or an employee of the dealer if that person is test-driving the vehicle and has a demonstration permit. A dealer plate may be transferred from one vehicle to another. A dealer license plate is issued for a period of one year. The fee for a dealer plate is the regular vehicle license fee of $28 for the first five plates and one-half of this amount for each additional plate issued to the same dealer. The purpose of a dealer license plate is to allow a customer of the dealer to test-drive a motor vehicle offered for sale by the dealer and to allow the dealer to pick up a motor vehicle from its point of purchase by the dealer and to have the vehicle prepared for sale.

BILL ANALYSIS: House Bill 135 would authorize the issuance of a dealer license plate to a person licensed under Article 12 of Chapter 20 of the General Statutes. Article 12 is the Motor Vehicle Dealers and Manufacturers Licensing Law. The current statute provides that a dealer license plate ma be issued to a dealer licensed under Article 12. This change clarifies that a dealer plate may also be issued to a manufacturer licensed under Chapter 20.[1]

A dealer plate must have a distinguishing symbol identifying the plate as a dealer license plate. This bill clarifies that the symbol may vary depending upon the classification of dealer plate issued. For example, a 'ID' for a plate issued to an independent dealer; a 'FD' for a plate issued to a franchised dealer; a 'MF' for a plate issued to a manufacturer; and a 'XD' for a plate issued to a trailer dealer.[2]

The number of dealer license plates a dealer may be issued depends upon the number of vehicles the dealer has sold in a 12-month period. This bill would exempt manufacturers from this restriction.

Lastly, the bill would clarify that the Division may issue a suitably reduced size license plate for a motorcycle dealer or manufacturer.

EFFECTIVE DATE: This act becomes effective July 1, 2007.

[1] The Division currently issues dealer license plates to manufacturers licensed under Article 20.
[2] The Division currently issues dealer plates with these different symbols.

BACKGROUND: Indian Motorcycle Company has located its world headquarters in Kings Mountain, North Carolina. It is licensed as a manufacturer under Article 12 of Chapter 20. It has been issued motorcycle dealer plates, but it would like for the plates to note that the company is a manufacturer, not a dealer. The plant will begin production of motorcycles in the second half of 2007.

A BILL TO BE ENTITLED

AN ACT TO AMEND THE DRY-CLEANING SOLVENT CLEANUP ACT TO CLARIFY THE DEFINITION OF DRY-CLEANING SOLVENT, TO AUTHORIZE THE USE OF FUNDS FROM THE DRY-CLEANING SOLVENT CLEANUP FUND FOR THE INVESTIGATION OF INACTIVE HAZARDOUS WASTE DISPOSAL SITES REASONABLY BELIEVED TO BE CONTAMINATED BY DRY-CLEANING SOLVENT, TO PROVIDE THAT ALL SITE WORK WILL BE PERFORMED BY A PRIVATE CONTRACTOR RETAINED BY THE ENVIRONMENTAL MANAGEMENT COMMISSION, TO MODIFY THE FINANCIAL RESPONSIBILITY REQUIREMENTS APPLICABLE TO POTENTIALLY RESPONSIBLE PARTIES, TO AUTHORIZE TEMPORARY RULE-MAKING, AND TO INCREASE THE ANNUAL SPENDING CAP FOR THE CLEANUP OF SITES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 143-215.104B(b) reads as rewritten:

"(b) Unless a different meaning is required by the context, the following definitions apply in this Part. The definitions set out in this subsection apply only to the implementation of this Part and do not define or limit the scope of any other remedial program:

...

(9) "Dry-cleaning solvent" means ~~Perchloroethylene F-1,1,3 or 1,1,1 tricholorethane, a petroleum-based solvent, another comparable product used as a cleaning agent~~any hydrocarbon or halogenated hydrocarbon used as a solvent in a dry-cleaning operation or the degradation products from these ~~hazardous substances.~~solvents.

(10) "Dry-cleaning solvent assessment agreement" or "assessment agreement" means an agreement between the Commission and a potentially responsible party who desires ~~to assess~~an assessment of whether a release of dry-cleaning solvents at a dry-cleaning facility, an abandoned dry-cleaning facility site, or a wholesale distribution facility may be eligible for remediation under this Part and whether any other contaminants that are identified in the agreement may require remediation under other remedial programs operated or administered by the Department.

...

(12) "Dry-cleaning solvent remediation agreement" or "remediation agreement" means an agreement between the Commission and a potentially responsible party who desires ~~to clean up~~the cleanup of dry-cleaning solvent contamination resulting from a release at a dry-cleaning facility, an abandoned dry-cleaning facility site, or a wholesale distribution facility under this Part and any other contaminants that are identified in the agreement under other remedial programs operated or administered by the Department.

(13) "Facility" means a dry-cleaning facility or a wholesale distribution facility.

(14) "Fund" means the Dry-Cleaning Solvent Cleanup Fund.

(14a) "Halogenated hydrocarbon" means any hydrocarbon where at least one hydrogen atom is substituted by a halogen atom.

(15) "Hazardous waste" ~~shall have~~ has the same meaning ~~ascribed to it~~as in G.S. 130A-290.

(15a) "Hydrocarbon" means any linear, branched, saturated, or unsaturated compound whose molecules contain only carbon and hydrogen atoms.

..."

SECTION 2. G.S. 143-215.104C reads as rewritten:

"**§ 143-215.104C. Dry-Cleaning Solvent Cleanup Fund.**

(a) Creation. – The Dry-Cleaning Solvent Cleanup Fund is established as a special revenue fund to be administered by the Commission. Accordingly, revenue in the Fund at the end of a fiscal year does not revert and interest and other investment income earned by the Fund must be credited to it. The Fund is created to provide revenue to implement this Part.

(b) Sources of Revenue. – The following revenue is credited to the Fund:

(1) Dry-cleaning solvent taxes collected under Article 5D of Chapter 105 of the General Statutes.

(2) Recoveries made pursuant to G.S. 143-215.104N and G.S. 143-215.104O.

(3) Gifts and grants made to the Fund.

(4) Revenues credited to the Fund under G.S. 105-164.44E.

(5) Application fees pursuant to G.S. 215.104F(a1).

(c) Disbursements. – A claim filed against the Fund may be paid only from monies in the Fund and only in accordance with the provisions of this Part. Any obligation to pay ~~or reimburse~~ claims against the Fund shall be expressly contingent upon availability of monies in the Fund. Neither the State nor any of its agencies shall have any obligation to pay ~~or reimburse~~ any costs for which monies are not available in the Fund. The provisions of this Part shall not constitute a contract, either express or implied, to pay ~~or reimburse~~ costs in excess of the monies available in the Fund. In making disbursements from the Fund, the Commission shall obligate monies to facilities or sites with higher priority before facilities or sites of lower priority, and facilities or sites with equal priority in the order in which the facilities or sites were prioritized until the revenue is exhausted. Consistent with the provisions of this Part, the Commission may disburse monies from the Fund to abate imminent hazards by dry-cleaning solvent contamination at abandoned dry-cleaning facility sites that have not been certified. Up to twenty percent (20%) of the amount of revenue credited to the Fund in a year may be used to defray costs incurred by the Department and the Attorney General's Office in connection with administration of the program described in this Part, including oversight of response activities.

(d) Up to one percent (1%) of the amount of the Fund balance may be used by the Department in each fiscal year for investigation of inactive hazardous substance disposal sites that the Department reasonably believes to be contaminated by dry-cleaning solvent. If the contamination is determined to originate from a dry-cleaning facility, a potentially responsible party may petition for certification of the facility or abandoned facility site. Acceptance of a petition shall be conditioned upon the written acceptance by the petitioner of responsibility for the costs of investigation incurred by the Department pursuant to this subsection. Costs of investigation that are recovered pursuant to this subsection shall not exceed, and shall be credited toward, the financial responsibility of the petitioner pursuant to G.S. 143-215.104F(f). If a potentially responsible party does not petition for certification of the facility or abandoned facility site, the Commission may request the Attorney General to commence a civil action to secure reimbursement of costs incurred under this subsection."

SECTION 3. G.S. 143-215.104D reads as rewritten:

"**§ 143-215.104D. Powers of the Commission.**

(a) Administrative Functions. – The Commission may delegate any or all of the powers enumerated in this subsection to the Department. The Commission shall:

(1) Accept petitions for certification and petitions to enter into dry-cleaning solvent assessment agreements or remediation agreements under this Part.

(2) Prioritize certified dry-cleaning facilities, certified wholesale distribution facilities, or certified abandoned dry-cleaning facility sites for the initiation of assessment or remediation ~~activities that are reimbursable from the Fund.~~activities.

~~(3) Develop forms to be used by persons applying for reimbursement of assessment or remediation costs.~~

(4) Schedule funding of assessment and remediation activities.
(5) Determine whether assessment or remediation is necessary at a site at which dry-cleaning solvent contamination has occurred.
(5a) Enter into contracts with private contractors for assessment and remediation activities at certified dry-cleaning facilities, certified wholesale distribution facilities, and certified abandoned dry-cleaning facility sites.
(6) Determine that all necessary assessment and remediation has been completed at a contamination site.
(7) Make payments from the Fund ~~to reimburse~~for the costs of assessment and remediation.

(b) Rule making. – The Commission shall adopt rules as are necessary to implement the provisions of this Part. Rules adopted by the Commission shall be consistent with and shall not duplicate, but may incorporate by reference, the rules adopted by the Commission for Health Services pursuant to Article 9 of Chapter 130A of the General Statutes. The Commission shall not delegate the rule-making powers provided in this subsection.

(1) The Commission may adopt rules governing:
~~a. Fees for response costs reimbursable under this Part.~~
b. The certification and decertification of facilities or abandoned sites.
c. The prioritization of facilities or abandoned sites and scheduling of funding for assessment and remediation activities. These rules shall provide for:
1. Consideration of the degree of harm or risk to public health and the environment.
2. Consideration of the order in which certification is issued for the facility or abandoned site.
3. Consideration of the relative cost of assessment and remediation activities.
4. Use of the Fund so as to maximize the reduction of harm or risk posed by certified facilities, certified abandoned sites, uncertified facilities and uncertified sites.
d. The disbursement of revenue from the Fund for payment ~~or reimbursement~~ of approved assessment or remediation costs.
e. The determination whether assessment or remediation is necessary at a contamination site.
f. The determination that all necessary assessment and remediation has been completed at a contamination site.
g. The terms and conditions of dry-cleaning solvent assessment agreements and remediation agreements.
h. The determination whether additional assessment or remediation is necessary at a contamination site previously closed under this Part.

(2) The Commission may adopt rules establishing minimum management practices for handling of dry-cleaning solvent at dry-cleaning facilities and wholesale distribution facilities. The rules may:

a. Require that all perchloroethylene dry-cleaning machines installed at a dry-cleaning facility after the effective date of the rule or temporary rule meet air emission standards that equal or exceed the standards that apply to comparable dry-to-dry perchloroethylene dry-cleaning machines with integral refrigerated condensation.

b. Prohibit the discharge of dry-cleaning solvents or water that contains dry-cleaning solvents into sanitary sewers, septic systems, storm sewers, or waters of the State.

c. Require spill containment structures around dry-cleaning machines, filters, stills, vapor adsorbers, solvent storage areas, and waste solvent storage areas.

d. Require floor sealants for cleaning room areas if the Commission finds the sealants to be effective.

e. Require, by 1 January 2002, the use of improved solvent transfer systems to prevent releases at the time of delivery of solvents to a dry-cleaning facility.

f. Require any other solvent-handling practices the Commission may find necessary and appropriate to minimize the risk of releases at dry-cleaning facilities or wholesale distribution facilities.

(3) The Commission shall adopt rules establishing a risk-based approach applicable to the assessment, prioritization, and remediation of dry-cleaning solvent contamination resulting from releases at facilities or abandoned sites certified pursuant to G.S. 143-215.104G. The rules shall address, at a minimum:

a. Criteria and methods for determining remediation requirements, including the level of remediation necessary to assure adequate protection of public health and the environment.

b. The circumstances under which information specific to the dry-cleaning solvent contamination site should be considered and required.

c. The circumstances under which restrictions on the future use of any remediated dry-cleaning solvent contamination site should be considered and required as a means of achieving and maintaining an adequate level of protection for public health and the environment.

d. Strategies for the assessment and remediation of dry-cleaning solvent contamination, including presumptive remedial responses sufficient to provide an adequate level of protection as described under sub-subdivision a. of this subdivision.

(c) All rules adopted by the Commission shall be applicable to all dry-cleaning facilities, wholesale distribution facilities, and abandoned dry-cleaning facilities in the State and shall, to the maximum extent practicable, be cost-effective and technically feasible while protecting public health and the environment from the release of dry-cleaning solvents.

(d) Unless otherwise provided in this Part, the Commission may delegate any of its rights, duties, and responsibilities under this Part to the Department."

SECTION 4. G.S. 143-215.104F reads as rewritten:

"**§ 143-215.104F. Requirements for certification, assessment agreements, and remediation agreements.**

(a) General Requirements. – Any person petitioning for certification of a facility or an abandoned site pursuant to G.S. 143-215.104G, for a dry-cleaning solvent assessment agreement pursuant to G.S. 143-215.104H, or for a dry-cleaning solvent remediation agreement pursuant to G.S. 143-215.104I, shall meet the requirements set out in this section and any other applicable requirements of this Part.

(a1) Application Fees. – Each person petitioning or co-petitioning for certification of a facility or an abandoned site pursuant to G.S. 143-215.104G shall pay an application fee of one thousand dollars ($1,000) to the Commission.

(b) Requirements for Potentially Responsible Persons Generally. – Every petitioner shall provide the Commission with:

(1) Any information that the petitioner possesses relating to the contamination at the facility or abandoned site described in the petition.

(2) Information necessary to demonstrate the person's ability to incur the response costs specified in subsection (f) of this section.

(3) Repealed by Session Laws 2000, c. 19, s. 3.

(4) Information necessary to demonstrate that the petitioner, and any parent, subsidiary, or other affiliate of the petitioner, has substantially complied with:

a. The terms of any dry-cleaning solvent assessment agreement, dry-cleaning solvent remediation agreement, brownfields agreement, or other similar agreement to which the petitioner or any parent, subsidiary, or other affiliate of the petitioner has been a party.

b. The requirements applicable to any remediation in which the petitioner has previously engaged.

c. Federal and State laws, regulations, and rules for the protection of the environment.

(5) Evidence demonstrating that a release of dry-cleaning solvent has occurred at the facility or abandoned site and that the release has resulted in dry-cleaning solvent contamination.

(c) Requirement for Property Owners. – In addition to the information required by subsection (b) of this section, a petitioner who is the owner of the property on which the dry-cleaning solvent contamination identified in the petition is located shall provide

the Commission a written agreement authorizing the ~~Commission~~ Commission, ~~or~~ its ~~agent~~ agent, and its private contractor to have access to the property for purposes of conducting assessment or remediation activities or determining whether assessment or remediation activities are being conducted in compliance with this Part and any assessment agreement or remediation agreement. (c1) Costs incurred by the petitioner for activities to obtain certification of a facility or abandoned site shall not be reimbursable from the Fund.

(d) The Commission ~~shall~~ may reject any petition made pursuant to this Part in any of the following circumstances:

(1) The petitioner is an owner or operator of the facility described in the petition and the facility was not being operated in compliance with minimum management practices adopted by the Commission pursuant to G.S. 143-215.104D(b)(2) at the time the contamination was discovered.

(2) The petitioner is an owner or operator of the facility described in the petition and the petitioner owed delinquent taxes under Article 5D of Chapter 105 of the General Statutes at the time the dry-cleaning solvent contamination was discovered.

(3) Repealed by Session Laws 2000, c. 19, s. 3.

~~(e) The Commission may reject any petition made pursuant to this Part in any of the following circumstances:~~

~~(1)~~(4) The petitioner fails to provide the information required by subsection (b) of this section.

~~(2)~~(5) The petitioner falsified any information in its petition that was material to the determination of the priority ranking, the nature, scope and extent of contamination to be assessed or remediated, or the appropriate means to contain and remediate the contaminants.

(f) Financial Responsibility Requirements. – Each potentially responsible person who petitions the Commission to certify a facility or abandoned site shall accept written responsibility in the amount specified in this section for the assessment or remediation of the dry-cleaning solvent contamination identified in the petition. If two or more potentially responsible persons petition the Commission jointly, the requirements below shall be the aggregate requirements for the financial responsibility of all potentially responsible persons who are party to the petition. Unless an alternative arrangement is agreed to by co-petitioners, the financial responsibility requirements of this section shall be apportioned equally among the co-petitioners. The financial responsibility required shall be as follows:

(1) For dry-cleaning facilities owned by persons who employ fewer than five full-time employees, or the equivalent, in activities related to dry-cleaning operations during the calendar year preceding the date of the petition, ~~the first five thousand dollars ($5,000) of the costs of assessment or remediation and~~ one percent (1%) of the costs of assessment or remediation ~~in excess of two hundred thousand dollars ($200,000) but~~ not exceeding one million dollars ($1,000,000).

(2) For abandoned dry-cleaning facility sites and for dry-cleaning facilities owned by persons who employ at least five but fewer than 10 full-time employees, or the equivalent, in activities related to dry-cleaning operations during the calendar year preceding the date of the petition, ~~the first ten thousand dollars ($10,000) of the costs of assessment or remediation, two percent (2%) of the costs of assessment or remediation in excess of two hundred thousand dollars ($200,000) but not exceeding five hundred thousand dollars ($500,000), and~~ one and one-half percent ~~(1%)~~ (1.5%) of the costs of assessment or remediation ~~in excess of five hundred thousand dollars ($500,000) but~~ not exceeding one million dollars ($1,000,000).

(3) For wholesale distribution facilities and for dry-cleaning facilities owned by persons who employ 10 or more full-time employees, or the equivalent, in activities related to dry-cleaning operations during the calendar year preceding the date of the petition, ~~the first fifteen thousand dollars ($15,000) of the costs of assessment or remediation, three percent (3%) of the costs of assessment or remediation in excess of two hundred thousand dollars ($200,000) but not exceeding five hundred thousand dollars ($500,000), and one percent (1%)~~ two percent (2%) of the costs of assessment or remediation ~~in excess of five hundred thousand dollars ($500,000) but~~ not exceeding one million dollars ($1,000,000).

~~(4) For wholesale distribution facilities and abandoned dry-cleaning facility sites, the first twenty-five thousands dollars ($25,000) of the costs of assessment or remediation, three percent (3%) of the costs of assessment or remediation in excess of two hundred thousand dollars ($200,000) but not exceeding five hundred thousand dollars ($500,000), and one percent (1%) of the costs of assessment or remediation in excess of five hundred thousand dollars ($500,000) but not exceeding one million dollars ($1,000,000).~~

(g) Repealed by Session Laws 2000, c. 19, s. 3."

SECTION 5. G.S. 143-215.104H reads as rewritten:

"**§ 143-215.104H. Dry-Cleaning Solvent Assessment Agreements.**

(a) Assessment Agreements. – One or more potentially responsible parties may petition the Commission to enter into a dry-cleaning solvent assessment agreement regarding a facility or abandoned site that has been certified pursuant to G.S. 143-215.104G. The Commission may, in its discretion, enter into an assessment agreement with any potentially responsible party who satisfies the requirements of this section and the applicable requirements of G.S. 143-215.104F. If more than one potentially responsible party petitions the Commission, the Commission may enter into a single assessment agreement with one or more of the petitioners. The Commission shall not unreasonably refuse to enter into an assessment agreement pursuant to this section. The Commission may require the petitioners to provide the Commission with any information necessary to demonstrate:

(1) The priority ranking assigned to the facility or site is consistent with the rules adopted by the Commission.

~~(2) The projected schedule for funding of assessment activities is adequate.~~

~~(3) The assessment activities to be undertaken with respect to the dry-cleaning solvent contamination and any other contamination at the contamination site are adequate.~~

~~(4) The person who will be responsible for implementation of the activities is capable and qualified to conduct the assessment.~~

~~(4a) The amount of funds already expended by the petitioner for assessment or remediation of dry-cleaning solvent contamination at the facility or abandoned site.~~

(5) The petitioner has and will continue to have available the financial resources necessary to pay ~~the costs of assessment activities and~~ the share of response costs imposed on the petitioner by G.S. 143-215.104F.

(6) The permits or other authorizations required to conduct the assessment activities and to lawfully dispose of any hazardous substances or wastes generated by the assessment activities have been or can be obtained.

(7) The assessment activities will not increase the existing level of public exposure to health or environmental hazards at the contamination site.

~~(8) The costs to be incurred in connection with the assessment activities contemplated by the assessment agreement are reasonable and necessary.~~

(9) The petitioner has obtained the consent of other property owners to enter into their property for the purpose of conducting assessment activities specified in the assessment agreement.

(b) The terms and conditions of an assessment agreement regarding dry-cleaning solvent contamination shall be guided by and consistent with the rules adopted by the Commission pursuant to G.S. 143-215.104D and the ~~reimbursement~~ disbursement authorities and limitations set out in this Part. An assessment agreement shall, subject to the availability of monies from the Fund:

(1) Repealed by Session Laws 2000, c. 19, s. 9.

(1a) Require that the petitioner shall be liable to the Fund for an amount equal to the difference, if any, between the applicable amount for which the petitioner is responsible under G.S. 143-215.104F and the amount reasonably paid by the petitioner for assessment or remediation activities of the type specified in G.S. 143-215.104N(a)(1) through (7) and that are otherwise consistent with the requirements of this Part.

~~(2) Provide for the prompt reimbursement of response costs incurred in assessment activities that are found by the Commission to be consistent with the assessment agreement and this Part.~~

(c) The Commission may refuse to enter into a dry-cleaning solvent assessment agreement with any petitioner if:

(1) The petitioner will not accept financial responsibility for the petitioner's share of the response costs required by G.S. 143-215.104F.

~~(2) The petitioner will not accept responsibility for conducting, supervising, or otherwise undertaking assessment activities required by the Commission.~~

(3) The petitioner fails to provide any information required by subsection (a) of this section.

(d) The refusal of the Commission to enter into a dry-cleaning solvent assessment agreement with any petitioner shall not affect the rights of any other petitioner under this Part, except that the refusal may be the basis for rejection of a petition by any parent, subsidiary or other affiliate of the petitioner for the facility or abandoned site.

(e) If the Commission determines from an assessment prepared pursuant to this Part that the degree of risk to public health or the environment resulting from dry-cleaning solvent contamination otherwise subject to assessment or remediation under this Part and Article 9 of Chapter 130A is acceptable in light of the criteria established pursuant to G.S. 143-215.104D(b)(3) and Article 9 of Chapter 130A, the Commission shall issue a written statement of its determination and notify the owner or operator of the facility or abandoned site responsible for the contamination that no cleanup, no further cleanup, or no further action is required in connection with the contamination.

(f) If the Commission determines that no remediation or further action is required in connection with dry-cleaning solvent contamination otherwise subject to assessment or remediation pursuant to this Part and Article 9 of Chapter 130A, the Commission shall not pay ~~or reimburse~~ any ~~response~~ costs otherwise payable ~~or reimbursable~~ under this Part from the Fund other than costs reasonable and necessary to conduct the risk assessment pursuant to this section and in compliance with a dry-cleaning solvent assessment agreement."

SECTION 6. G.S. 143-215.104I reads as rewritten:

"**§ 143-215.104I. Dry-Cleaning solvent remediation agreements.**

(a) Upon the completion of assessment activities required by a dry-cleaning solvent assessment agreement, one or more potentially responsible parties may petition the Commission to enter into a dry-cleaning solvent remediation agreement for any contamination requiring remediation. The Commission may, in its discretion, enter into a remediation agreement with any petitioner who satisfies the requirements of this section and the applicable requirements of G.S. 143-215.104F. If more than one potentially responsible party petitions the Commission, the Commission may enter into a single remediation agreement with one or more of the petitioners. The Commission shall not unreasonably refuse to enter into a remediation agreement pursuant to this section. The Commission may, in its discretion, enter into a remediation agreement that includes the assessment described in G.S. 143-215.104H. Petitioners shall provide the Commission with any information necessary to demonstrate:

(1) Repealed by Session Laws 2000, c. 19, s. 10.
(2) As a result of the remediation agreement, the contamination site will be suitable for the uses specified in the remediation agreement while fully protecting public health and the environment from dry-cleaning solvent contamination and any other contaminants included in the remediation agreement.
(3) There is a public benefit commensurate with the liability protection provided under this Part.
~~(4) The petitioner has or can obtain the financial, managerial, and technical means to fully implement the remediation agreement and assure the safe use of the contamination site.~~
(5) The petitioner has complied with or will comply with all applicable procedural requirements.
(6) The remediation agreement will not cause the Department to violate the terms and conditions under which the Department operates and administers remedial programs, including the programs established or operated pursuant to Article 9 of Chapter 130A of the General Statutes, by delegation or similar authorization from the United States or its departments or agencies, including the United States Environmental Protection Agency.
(7) The priority ranking assigned to the facility or site is consistent with the rules adopted by the Commission or the priority ranking that the petitioner agrees to accept is consistent with the rules adopted by the Commission.
~~(8) The projected schedule for funding of remediation activities.~~
(9) The petitioner will continue to have available the financial resources necessary to satisfy the share of response costs imposed on the petitioner by G.S. 143-215.104F.
~~(10) The expenditures eligible for reimbursement from the Fund and to be incurred in connection with the remediation agreement are reasonable and necessary.~~
(11) The consent of other property owners to enter into their property for purposes of conducting remediation activities specified in the remediation agreement.

(b) In negotiating a remediation agreement, parties may rely on land-use restrictions that will be included in a Notice of Dry-Cleaning Solvent Remediation required under G.S. 143-215.104M. A remediation agreement may provide for remediation in accordance with standards that are based on those land-use restrictions.

(c) A dry-cleaning solvent remediation agreement shall contain a description of the contamination site that would be sufficient as a description of the property in an instrument of conveyance and, as applicable, a statement of:

(1) Any remediation, including remediation of contaminants other than dry-cleaning solvents, to be conducted on the property, including:

a. A description of specific areas where remediation is to be conducted.
b. The remediation method or methods to be employed.
~~c. The resources that the petitioner will make available and the degree to which the petitioner intends to rely on the Fund for resources.~~
d. A schedule of remediation activities.
e. Applicable remediation standards. Applicable remediation standards for dry-cleaning solvent contamination shall not exceed the requirements adopted by the Commission pursuant to G.S. 143-104D(b)(3).
f. A schedule and the method or methods for evaluating the remediation.

(2) Any land-use restrictions that will apply to the contamination site or other property.
(3) The desired results of any remediation or land-use restrictions with respect to the contamination site.
(4) The guidelines, including parameters, principles, and policies within which the desired results are to be accomplished.
(5) The consequences of achieving or not achieving the desired results.
(6) The priority ranking of the facility or abandoned site.
~~(7) The person who will conduct the remediation if that person is not the potentially responsible party entering the remediation agreement.~~

(d) The Commission may refuse to enter into a dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement with any petitioner ~~if:~~if

~~(1) The petitioner will not accept financial responsibility for the share of the response costs established in G.S. 143-215.104F. This requirement shall not apply to a petitioner who (i) is the owner of property upon which the dry-cleaning solvent contamination is located, and (ii) is not a current or former owner or operator of a facility believed to be responsible for the contamination.~~
~~(2) The petitioner will not accept responsibility for conducting, supervising, or otherwise undertaking remediation activities required by the Commission.~~
~~(3) The~~ the petitioner fails to provide any information that is necessary to demonstrate the facts required to be shown by subsection (a) of this section.

(e) In addition to the ~~bases~~ basis set forth in subsection (d) of this section, the Commission may refuse to enter into a dry-cleaning solvent remediation agreement with ~~the~~ an owner of the property on which a contamination site is located if the owner refuses to accept limitations on the future use of the property and to give notice of these limitations pursuant to G.S. 143-215.104M.

(f) The refusal of the Commission to enter into a dry-cleaning remediation agreement with any petitioner shall not affect the rights of any other petitioner, other

than any parent, subsidiary, or other affiliate of the petitioner, under this Part. The refusal of the Commission to enter into a remediation agreement may be the basis for rejection of a petition by any parent, subsidiary, or other affiliate of the petitioner for the facility or abandoned site.

(g) The terms and conditions of a dry-cleaning solvent remediation agreement concerned with dry-cleaning solvent contamination shall be guided by and consistent with the rules adopted by the Commission pursuant to G.S. 143-215.104D and the ~~reimbursement~~ disbursement authorities and limitations set out in this Part. ~~A remediation agreement shall provide, subject to availability of monies in the Fund, for prompt reimbursement of response costs incurred in assessment or remediation activities that are found by the Commission to be consistent with the remediation agreement and this Part.~~ A remediation agreement ~~may~~ shall provide that the ~~Commission~~ Commission's private contractor conduct assessment and remediation activities at the facility or abandoned site.

(h) Any failure of a petitioner or the petitioner's agents or employees to comply with the dry-cleaning solvent remediation agreement constitutes a violation of this Part by the petitioner."

SECTION 7. G.S. 143-215.104J(a) reads as rewritten:

"(a) The Commission may decertify a facility or abandoned site or renegotiate or terminate an assessment agreement or remediation agreement with respect to any party thereto in the following circumstances:

(1) The owner or operator of the facility, at any time subsequent to the certification of the facility, violates any of the minimum management requirements adopted by the Commission pursuant to G.S. 143-215.104D(b)(2).

(2) In the case of dry-cleaning contamination on property that is owned by a petitioner, the petitioner fails to file a Notice of Dry-Cleaning Solvent Remediation, if required, as provided in G.S. 143-215.104M.

(3) The potentially responsible persons who are parties to a dry-cleaning solvent assessment agreement are unable to reach an agreement with the Commission to enter into a dry-cleaning solvent remediation agreement within the time specified in the assessment agreement.

(4) The payment of taxes assessed to the facility under Article 5D of Chapter 105 of the General Statutes is delinquent.

(5) Repealed by Session Laws 2000, c. 19, s. 3.

(6) The owner or operator fails to comply with all applicable requirements of this Part ~~to complete any assessment or remediation activities required by~~or fails to comply with all applicable requirements of an assessment agreement or remediation agreement.

(7) The owner or operator of a facility for which an assessment or remediation activity is scheduled or in progress transfers the ownership or operation of the facility or abandoned site to another person without the prior consent of the Commission and the execution of a substitute assessment agreement or remediation agreement.

(8) The standards applied to the dry-cleaning solvent contamination remediation or containment under the provisions of this Part and the dry-cleaning solvent remediation agreement will, or are likely to, cause the Department to fail to comply with the terms and conditions under which it operates and administers a remediation program by delegation or similar authorization from the United States or one of its departments or agencies, including the Environmental Protection Agency.

(9) A petitioner fails to pay the Commission any amounts for which a petitioner is responsible pursuant to G.S. 143-215.104F."

SECTION 8. G.S. 143-215.104K(a) reads as rewritten:

"(a) A potentially responsible party who enters into an assessment agreement or remediation agreement with the Commission and who is complying with the agreement shall not be held liable for assessment or remediation of areas of contamination identified in the agreement except as specified in the assessment agreement or remediation agreement, so long as ~~the~~ any activities conducted at the contamination site by or under the control or direction of the petitioner do not increase the risk of harm to public health or the environment and the petitioner is not required to undertake additional remediation to unrestricted use standards pursuant to subsection (c) of this section. The liability protection provided under this Part applies to all of the following persons to the same extent as the petitioner, so long as these persons are not otherwise potentially responsible parties or parents, subsidiaries, or affiliates of potentially responsible parties and the person is not required to undertake additional remediation to unrestricted use standards pursuant to subsection (c) of this section:

~~(1) Any person under the direction or control of the petitioner who directs or contracts for assessment, remediation, or redevelopment of the contamination site.~~

(2) Any future owner of the contamination site.

(3) A person who ~~develops or~~ occupies the contamination site.

(4) A successor or assign of any person to whom the liability protection provided under this Part applies.

(5) Any lender or fiduciary that provides financing ~~for assessment, remediation, or redevelopment of the contamination site.~~to the petitioner to pay the petitioner's financial obligations under G.S. 143-215.104F."

SECTION 9. G.S. 143-215.104L reads as rewritten:

"**§ 143-215.104L. Public notice and community involvement.**

(a) If a petitioner desires to enter into a dry-cleaning solvent remediation agreement based on remediation standards that rely on the creation of land-use restrictions, the Commission or the Commission's private contractor on behalf of the petitioner shall notify the public and the community in which the facility or abandoned site is located of the planned remediation and redevelopment activities. ~~The petitioner~~On behalf of the petitioner, the Commission or the Commission's private contractor shall ~~submit~~ prepare a Notice of Intent to Remediate a Dry-Cleaning Solvent

Facility or Abandoned Site and a summary of the Notice of ~~Intent to the Commission.~~Intent. The Notice of Intent shall provide, to the extent known, a legal description of the location of the contamination site, a map showing the location of the contamination site, a description of the contaminants involved and their concentrations in the media of the contamination site, a description of the future use of the contamination site, any proposed investigation and remediation, and a proposed Notice of Dry-Cleaning Solvent Remediation prepared in accordance with G.S. 143-215.104M. Both the Notice of Intent and the summary of the Notice of Intent shall state the time period and means for submitting written comment and for requesting a public meeting on the proposed dry-cleaning solvent remediation agreement. The summary of the Notice of Intent shall include a statement as to the public availability of the full Notice of Intent. After approval of the Notice of Intent and summary of the Notice of Intent by the Commission, ~~the petitioner~~the Commission or the Commission's private contractor shall provide a copy of the Notice of Intent to all local governments having jurisdiction over the contamination site. The ~~petitioner~~ Commission or Commission's private contractor shall publish the summary of the Notice of Intent in a newspaper of general circulation serving the area in which the contamination is located and shall file a copy of the summary of the Notice of Intent with the Codifier of Rules, who shall publish the summary of the Notice of Intent in the North Carolina Register. The ~~petitioner~~ Commission or the Commission's private contractor shall also conspicuously post a copy of the summary of the Notice of Intent at the contamination site.

(b) Publication of the approved summary of the Notice of Intent in the North Carolina Register and publication in a newspaper of general circulation shall begin a public comment period of at least 60 days from the later date of publication. During the public comment period, members of the public, residents of the community in which the contamination site is located, and local governments having jurisdiction over the contamination site may submit comment on the proposed dry- cleaning solvent remediation agreement, including methods and degree of remediation, future land uses, and impact on local employment.

(c) Any person who desires a public meeting on a proposed dry- cleaning solvent remediation agreement shall submit a written request for a public meeting to the Commission within 30 days after the public comment period begins. The Commission shall consider all requests for a public meeting and shall hold a public meeting if the Commission determines that there is significant public interest in the proposed remediation agreement. If the Commission decides to hold a public meeting, the Commission shall, at least 30 days prior to the public meeting, mail written notice of the public meeting to all persons who requested the public meeting and to any other person who had previously requested notice. The Commission shall also ~~direct the petitioner to~~ publish, at least 30 days prior to the date of the public meeting, a notice of the public meeting at least one time in a newspaper having general circulation in the county where the contamination site is located. In any county in which there is more than one newspaper having general circulation, the Commission shall ~~direct the petitioner to~~ publish a copy of the notice in as many newspapers having general circulation in the county as the Commission in its discretion determines to be necessary to assure that the

notice is generally available throughout the county. The Commission shall prescribe the form and content of the notice to be published. The Commission shall prescribe the procedures to be followed in the public meeting. The Commission shall take detailed minutes of the meeting. The minutes shall include any written dry-cleaning solvent remediation agreement. The Commission shall take into account the comment received during the comment period and at the public meeting if the Commission holds a public meeting. The Commission shall incorporate into the remediation agreement provisions that reflect comment received during the comment period and at the public meeting to the extent practical. The Commission shall give particular consideration to written comment that is supported by valid scientific and technical information and analysis."

SECTION 10. G.S. 143-215.104M(a) reads as rewritten:

"(a) Land-Use Restriction. – In order to reduce or eliminate the danger to public health or the environment posed by a dry-cleaning solvent contamination site, the owner of property upon which dry-cleaning solvent contamination has been discovered may ~~prepare and submit to the Commission for approval~~file a Notice of Dry-Cleaning Solvent Remediation approved by the Commission identifying the site on which the contamination has been discovered and providing for current or future restrictions on the use of the property. If a petitioner requests that a contamination site be remediated to standards that require land-use restrictions, the owner of the property must file a Notice of Dry-Cleaning Solvent Remediation for the remediation agreement to become effective."

SECTION 11. G.S. 143-215.104N reads as rewritten:

"**§ 143-215.104N. ~~Reimbursement~~ Disbursement of dry-cleaning solvent assessment and remediation costs; limitations; ~~collection of reimbursement.~~cost recovery.**

(a) ~~Reimbursement.~~Allowable Costs. – To the extent monies are available in the ~~Fund for reimbursement of response costs,~~Fund, the Commission shall ~~reimburse any person, including a private contractor, responsible for implementing~~ pay for reasonable and necessary assessment and remediation activities at a contamination site associated with a certified facility or a certified abandoned site pursuant to a dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement for the following assessment and remediation response costs, for which appropriate documentation is submitted:

(1) Costs of assessment with respect to dry-cleaning solvent contamination.

(2) Costs of treatment or replacement of potable water supplies affected by the contamination.

(3) Costs of remediation of affected soil, groundwater, surface waters, bedrock or other rock formations, or buildings.

(4) Monitoring of the contamination.

(5) Inspection and supervision of activities described in this subsection.

(6) Reasonable costs of restoring property as nearly as practicable to the conditions that existed prior to activities associated with assessment and remediation conducted pursuant to this Part.

(7) Other activities reasonably required to protect public health and the environment.

(b) Limitations. – Notwithstanding subsection (a) of this section, the Commission shall not make any disbursement from the Fund:

(1) For costs incurred in connection with facilities or abandoned sites not certified pursuant to G.S. 143-215.104G.

(2) For costs not incurred pursuant to a dry-cleaning solvent assessment agreement or a dry-cleaning solvent remediation agreement.

~~(3) For costs incurred in connection with dry-cleaning solvent contamination from a facility or abandoned site for which funds obligated by petitioners pursuant to a dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement in accordance with G.S. 143-214.104F(f) are overdue.~~

(4) For costs at a contamination site that has been identified by the United States Environmental Protection Agency as a federal Superfund site pursuant to 40 Code of Federal Regulations, Part 300 (1 July 1996 Edition), except that the Commission may authorize distribution of the required State match in an amount not to exceed two hundred thousand dollars ($200,000) per year per site. The Commission shall not delegate its authority to disburse funds pursuant to this subdivision.

(5) For remediation beyond the level required under the Commission's risk-based criteria for determining the appropriate level of remediation.

(6) For assessment or remediation response costs incurred in connection with any individual dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement in excess of ~~two~~ five hundred thousand dollars ~~($200,000)~~ ($500,000) per year. However, that the Commission may disburse up to ~~four hundred thousand~~ one million dollars ~~($400,000)~~($1,000,000) per year for assessment and remediation costs incurred in connection with a ~~certified~~ facility or ~~a certified~~ an abandoned site ~~that~~ if the facility or abandoned site has been certified and poses an imminent hazard.

(7) That would result in a diminution of the Fund balance below one hundred thousand dollars ($100,000), unless an emergency exists in connection with a dry-cleaning solvent contamination abandoned site that constitutes an imminent hazard.

(8) For any costs incurred in connection with dry-cleaning solvent contamination from a facility located on a United States military base or owned by the United States or a department or agency of the United States.

(9) For any costs incurred in connection with dry-cleaning solvent contamination from a facility or abandoned site owned by the State or a department or agency of the State.

~~(c) The Commission shall not pay or reimburse any response costs arising from a dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation~~

~~agreement until the petitioners who are party to the agreement have paid all sums due under the agreement.~~

(d) ~~Each dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreements made by the Commission pursuant to this Part shall expressly state that the Commission's obligation to reimburse response costs incurred pursuant to these agreements shall be contingent upon the availability of monies from the Fund and that the State and its departments and agencies have no obligation to reimburse otherwise eligible expenses if monies are not available in the Fund to pay the reimbursements.~~ If, at any time, the Commission determines that the cost of assessment and remediation activities ~~reimbursable~~ incurred pursuant to existing dry-cleaning solvent assessment agreements and dry-cleaning solvent remediation agreements equals or exceeds the total revenues expected to be credited to the Fund over the life of the Fund, the Commission shall publish notice of the determination in the North Carolina Register. Following the publication of a notice pursuant to this section, the Commission may continue to enter into dry-cleaning solvent assessment agreements and dry-cleaning solvent remediation agreements until the day of adjournment of the first regular session of the General Assembly that begins after the date the notice is published, but shall have no authority to enter into additional dry-cleaning solvent assessment agreements and dry-cleaning solvent remediation agreements after that date unless the Commission first determines either (i) that revenues will be available from the Fund to ~~reimburse~~ pay the costs of assessment and remediation activities expected to be ~~reimbursable~~ incurred pursuant to the agreements, or (ii) that assessment and remediation activities undertaken pursuant to the agreements will be paid entirely from sources other than the Fund. For the purposes of this subsection, the term "day of adjournment" shall mean: (i) in the case of a regular session held in an odd-numbered year, the day the General Assembly adjourns by joint resolution for more than 10 days, and (ii) in the case of a regular session held in an even-numbered year, the day the General Assembly adjourns sine die.

(e) ~~The Commission shall pay the reimbursable response costs of eligible parties as they are incurred.~~ If the cleanup of the contamination site is not completed through fault of the petitioner as required by the remediation agreement, the petitioner shall reimburse the Fund for any response costs previously ~~reimbursed~~ disbursed from the fund for the ~~cleanup shall be repaid to the Fund,~~cleanup, with interest. The Commission shall request the Attorney General to commence a civil action to secure repayment of response costs and interest of the costs."

SECTION 12. G.S. 143-215.104P(a) reads as rewritten:

"(a) The Secretary may assess a civil penalty of not more than ten thousand dollars ($10,000) or, if the violation involves a hazardous waste, as defined in G.S. 130-290, of not more than twenty-five thousand dollars ($25,000) against any person who:

(1) Repealed by Session Laws 2000, c. 19, s. 3.

(2) Engages in dry-cleaning operations using dry-cleaning solvent for which the appropriate sales or use tax has not been paid.

(3) Fails to comply with rules adopted by the Commission pursuant to this Part.

(3a) Fails to comply with the rules adopted by the Commission pursuant to Article 21B of Chapter 143 of the General Statutes that apply to dry-cleaning solvents at facilities as defined in this Part. This enforcement authority does not apply to facilities located in counties that have been delegated as local air pollution control programs by the Commission pursuant to G.S. 143-215.112.

(3b) Fails to comply with rules adopted by the Commission for Health Services pursuant to Article 9 of Chapter 130A of the General Statutes that apply to dry-cleaning solvents at facilities as defined in this Part.

(4) Fails to file, submit, or make available, as the case may be, any documents, data, or reports required by this Part.

(5) Violates or fails to act in accordance with the terms, conditions, or requirements of any special order or other appropriate document issued pursuant to G.S. 143-215.2.

(6) Falsifies or tampers with any recording or monitoring device or method required to be operated or maintained under this Part or rules implementing this Part.

(7) Knowingly renders inaccurate any recording or monitoring device or method required to be operated or maintained under this Part or rules implementing this Part.

(8) Knowingly makes any false statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained under this Part or rule implementing this Part.

(9) Knowingly makes a false statement of material fact in a rule-making proceeding or contested case under this Part.

(10) Refuses access to the Commission or its duly designated representative to any premises for purposes of conducting a lawful inspection provided for in this Part or rule implementing this Part."

SECTION 13. G.S. 143-215.104T(b) reads as rewritten:

"(b) Notwithstanding the provision of the Tort Claims Act, G.S. 143-291 through G.S. 143-300.1 or any other provision of law waiving the sovereign immunity of the State of North Carolina, the State, its agencies, officers, employees, and agents shall be absolutely immune from any liability in any proceeding for any injury or claim arising from negotiating, entering into, implementing, monitoring, or enforcing a dry-cleaning solvent assessment agreement, a dry-cleaning solvent remediation agreement, or a Notice of Dry-Cleaning Solvent Remediation under this Part or any other action implementing this Part."

SECTION 14. G.S. 105-187.31 reads as rewritten:

"**§ 105-187.31. Tax imposed.**

A privilege tax is imposed on a dry-cleaning solvent retailer at a flat rate for each gallon of dry-cleaning solvent sold by the retailer to a dry-cleaning facility. An excise tax is imposed on dry-cleaning solvent purchased outside the State for storage, use, or consumption by a dry-cleaning facility in this State. The rate of the privilege tax and the

excise tax is ten dollars ($10.00) for each gallon of halogenated hydrocarbon-based dry-cleaning solvent ~~that is chlorine-based~~ and one dollar and thirty-five cents ($1.35) for each gallon of hydrocarbon-based dry-cleaning ~~solvent that is hydrocarbon-based.~~ solvent. These taxes are in addition to all other taxes."

SECTION 15. If the Environmental Management Commission adopts rules establishing a risk-based approach applicable to the assessment, prioritization, and remediation of dry-cleaning solvent contamination, the original notice of text for which was published at 21 N.C. Reg. 1818 (April 16, 2007); the Rules Review Commission approves these rules, including any changes incorporated as a result of public comments or Rules Review Commission requirements; and the Rules Review Commission receives 10 or more letters of objection to these rules in accordance with G.S. 150B-21.3(b2), the Environmental Management Commission, notwithstanding the requirements of G.S. 150B-21.1 and 150B-21.3, may adopt these rules as temporary rules in accordance with the temporary rulemaking procedures set out in Chapter 150B.

SECTION 16. (a) G.S. 143-215.104F(a1), as enacted by Section 4 of this act, becomes effective on 1 September 2007, and applies to applications for certifications made, and assessment agreements and remediation agreements entered into, on or after that date. G.S. 143-215-104F(f), as amended by Section 4 of this act, is effective retroactively to August 1, 2001, and applies to assessment agreements and remediation agreements entered into on or after that date. The Environmental Management Commission shall credit any payment received from a petitioner prior to 1 September 2007 against the petitioner's co-payment obligations under G.S. 143-215.104F, but the Environmental Management Commission shall not repay, and this section shall not operate to create any right for a petitioner to demand, any refund of funds received prior to 1 September 2007. All other amendments to G.S. 143-215.104F, as enacted by Section 4 of this act, are effective when they become law.

(b) G.S. 143-215.104N(b)(6), as enacted by Section 11 of this act, is effective retroactively to 1 January 2007. All other amendments to G.S. 143-215.104N, as enacted by Section 11 of this act, are effective when they become law.

(c) Section 12 of this act is effective 1 January 2008.

(d) Section 13 of this is act effective retroactively to 1 January 1998.

(e) Except as provided in subsections (a) through (d) of this section, this act is effective when it becomes law.

SENATE BILL 1362:
Amend Dry-Cleaning Solvent Cleanup Act

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 28, 2007
Introduced by:	Sen. Clodfelter	**Summary by:**	Dan Ettefagh
Version:	PCS to Second Edition S1362-CSMC		Committee Counsel

SUMMARY: The Proposed Committee Substitute (PCS) for Senate Bill 1362 would amend the Dry-Cleaning Solvent Cleanup Act by:

- *Clarifying the definition of dry-cleaning solvent.*
- *Authorizing the use of funds from the Dry-Cleaning Solvent Cleanup Fund for the investigation of inactive hazardous waste disposal sites.*
- *Providing that all site work be performed by a private contractor retained by the Environmental Management Commission (EMC).*
- *Modifying the financial responsibility requirements applicable to potentially responsible parties.*
- *Authorizing temporary rule-making authority by the EMC.*
- *Increasing annual spending cap for site cleanup.*

[As introduced, this bill was identical to H1778, as introduced by Reps. Gibson, Allen, which is currently in House Appropriations.]

BILL ANALYSIS: The PCS for Senate Bill 1362 would make the following changes to the Dry-Cleaning Solvent Cleanup Act (Act):

- **Section 1:** would change the definition for the term "dry-cleaning solvent" and would add new definitions for the terms "halogenated hydrocarbon," and "hydrocarbon."
- **Sections 2 and 4:** would replace the existing co-payment scheme with a one-time $1,000.00 application fee and would revise the current financial responsibility requirements payment schedule as follows:
  - *Dry-cleaning facilities owned by persons who employ fewer than 5 full-time employees*: 1% of the costs of assessment or remediation, but not exceeding $1,000,000.
  - *Dry-cleaning facilities owned by persons who employ at least 5 but fewer than 10 full-time employees* AND *abandoned dry-cleaning facility sites*: 1.5% of the costs of assessment or remediation, but not exceeding $1,000,000.
  - *Dry-cleaning facilities owned by persons who employ 10 or more full-time employees* AND *wholesale distribution facilities*: 2% of the costs of assessment or remediation, but not exceeding $1,000,000.

Section 2 would also authorize the Department of Environment and Natural Resources to use up to 1% of the balance in the Dry-Cleaning Solvent Fund in each fiscal year for investigation of inactive hazardous substance disposal sites that the Department believes to be contaminated by dry-cleaning solvent.

Section 4 would also provide the EMC with discretion in rejecting petitions made by operators who are not in compliance with minimum management practices for handling of solvents or operators delinquent in paying solvent taxes.

- **Sections 3, 5, 6, 7, 8, 9, 10, and 13:** would modify language throughout the Act to clarify that all site assessment and cleanup procedures will be performed by private contractors hired by the EMC. These changes would clarify that the State is responsible for the hiring and awarding of contracts pursuant to the Act.
- **Section 11:** would increase the amount of money that may be disbursed to a site per year from the Dry-Cleaning Solvent Cleanup Fund as follows:
    - For assessment or remediation response costs incurred in connection with any individual dry-cleaning solvent assessment agreement from $200,000 to $500,000 per year.
    - For assessment and remediation costs incurred in connection with a certified facility or an abandoned site that poses an imminent hazard from $400,000 to $1,000,000 per year.
- **Section 12:** would authorize the Environmental Management Commission and the Commission for Health Services to assess civil penalties for violations of hazardous waste and air quality regulations respectively that apply to dry-cleaning facilities.
- **Section 14:** would make conforming changes to the Dry-Cleaning Solvent Tax under Article 5D of Chapter 105 of the General Statutes.
- **Section 15**: would authorize the EMC to adopt temporary rules if the Rules Review Commission receives 10 or more letters of objection to the rules establishing a risk-based approach to dry-cleaning solvent contamination published at 21 N.C. Reg. 1818 (April 16, 2007).

EFFECTIVE DATE: The establishment of the application fee (section 4) is effective September 1, 2007. The elimination of deductibles and change to co-payment amounts (section 4) is effective August 1, 2001. The increase to annual per-site expenditure limits (section 11) is effective January 1, 2007. Consolidation of enforcement of environment laws affecting dry cleaners in the DSCA program (section 12) is effective January 1, 2008. Clarification of the state-lead nature of the DSCA program with respect to the Tort Claims Act (section 13) is effective January 1, 1998. The remainder of the act is effective when it becomes law.

BACKGROUND: There are an estimated 900 active and abandoned dry-cleaning sites in North Carolina. At many of these sites, the groundwater is contaminated with the solvents used in the cleaning process. In 1997, the General Assembly enacted a statute to address this contamination. The dry-cleaning solvent cleanup program is designed to provide a fund, administered by the Department of Environment and Natural Resources, to assess and clean contaminated dry-cleaning sites using State-lead contractors. The source for the cleanup fund is a tax on dry-cleaning and dry-cleaning solvents (both perchloroethylene and petroleum-based solvents).

Drycleaners or dry-cleaning site property owners may petition for entry into this program. Once in the program, drycleaners are subject to deductibles and co-payments. The program will manage the assessment and cleanup work. SENATE BILL 540*
PROPOSED COMMITTEE SUBSTITUTE S540-CSRBx-40 [v.6]

Short Title: Revenue Laws & Motor Fuels Tax Tech. Changes. (Public)

Sponsors:

Referred to:

March 7, 2007

A BILL TO BE ENTITLED

AN ACT TO MAKE TECHNICAL, CLARIFYING, AND ADMINISTRATIVE CHANGES TO THE REVENUE LAWS, MOTOR FUELS TAX LAWS, AND RELATED STATUTES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 53B-4(2) reads as rewritten:

"(2) Authorization under G.S. ~~105-251. 105-251.1.~~ 105-251 or G.S. 105-258."

SECTION 2. G.S. 105-40(7a) reads as rewritten:

"(7a) All exhibitions, performances, and entertainments promoted and managed by 'a nonprofit arts organization.' ~~organization' that is exempt from income tax under G.S. 105-130.11(a)(3).~~ This exemption does not apply to athletic events. A 'nonprofit arts organization' is an organization that meets both of the following requirements:

a. It is exempt from income tax under G.S. 105-130.11(a)(3).

b. Its primary purpose is to offer choral and theatrical performances."

SECTION 3.(a) G.S. 105-40(10) reads as rewritten:

"(10) Arts festivals held by a person that is exempt from income tax under Article 4 of this Chapter and that meets the following conditions:

a. The person holds no more than two arts festivals during a calendar year.

b. Each of the person's arts festivals last no more than seven consecutive days.

c. The arts festivals are held outdoors on public property and involve a variety of exhibitions, entertainments, and activities."

SECTION 3.(b) G.S. 105-40(11) reads as rewritten:

"(11) Community festivals held by a person who is exempt from income tax under Article 4 of this Chapter and that meets all of the following conditions:

a. The person holds no more than one community festival during a calendar year.

b. The community festival lasts no more than seven consecutive days.

c. The community festival involves a variety of exhibitions, entertainments, and activities, the majority of which are held outdoors and are open to the public."

SECTION 4. G.S. 105-113.82(a) reads as rewritten:

"(a) Amount, Method. – The Secretary shall distribute annually the following percentages of the net amount of excise taxes collected on the sale of malt beverages and wine during the preceding 12-month period ending March ~~31, less the amount of the net proceeds credited to the Department of Commerce under G.S. 105-113.81A,~~ 31 to the counties and cities in which the retail sale of these beverages is authorized in the entire county or city:

(1) Of the tax on malt beverages levied under G.S. 105-113.80(a), twenty-three and three-fourths percent (23¾%);

(2) Of the tax on unfortified wine levied under G.S. 105-113.80(b), sixty-two percent (62%); and

(3) Of the tax on fortified wine levied under G.S. 105-113.80(b), twenty-two percent (22%).

For purposes of this subsection, 'net amount' means gross collections less refunds and amounts credited to the Department of Commerce under G.S. 105-113.81A. If malt beverages, unfortified wine, or fortified wine may be licensed to be sold at retail in both a county and a city located in the county, both the county and city shall receive a portion of the amount distributed, that portion to be determined on the basis of population. If one of these beverages may be licensed to be sold at retail in a city located in a county in which the sale of the beverage is otherwise prohibited, only the city shall receive a portion of the amount distributed, that portion to be determined on the basis of population. The amounts distributed under subdivisions (1), (2), and (3) shall be computed separately."

SECTION 5. G.S. 105-129.16E(b) reads as rewritten:

"(b) Allocation. – If the taxpayer is an individual who is a nonresident or a part-year resident, the taxpayer must reduce the amount of the credit by multiplying it by the fraction calculated under G.S. 105-134.5(b) or (c), as appropriate. If the taxpayer is not an individual and is required to apportion its multistate business income to this State, the taxpayer must reduce the amount of the credit by multiplying it by the apportionment fraction used to apportion its ~~business~~ apportionable income to this State."

SECTION 6. G.S. 105-129.87(b) reads as rewritten:

"(b) Threshold. – The applicable threshold is the appropriate amount set out in the following table based on the development tier designation of the county where the new

jobs are created during the taxable year. If the taxpayer creates new jobs at more than one eligible establishment in a county during the taxable year, the threshold applies to the aggregate number of new jobs created at all eligible establishments within the county during that year. If the taxpayer creates new jobs at eligible establishments in different counties during the taxable year, the threshold applies separately to the aggregate number of new jobs created at eligible establishments in each county. If the taxpayer creates new jobs in an urban progress zone or an agrarian growth zone, the applicable threshold is the one for a development tier one area. New jobs created in an urban progress zone or an agrarian growth zone are not aggregated with jobs created at any other eligible establishments regardless of county.

Area Development Tier	Threshold
Tier One	5
Tier Two	10
Tier Three	15"

SECTION 7. G.S. 105-129.88(c) reads as rewritten:

"(c) Threshold. – The applicable threshold is the appropriate amount set out in the following table based on the development tier where the eligible business property is placed in service during the taxable year. If the taxpayer places business property in service in an urban progress zone or an agrarian growth zone, the applicable threshold is the one for a development tier one area. Business property placed in service in an urban progress zone or an agrarian growth zone is not aggregated with business property placed in service at any other eligible establishments regardless of county. If the taxpayer places eligible business property in service at more than one establishment in a county during the taxable year, the threshold applies to the aggregate amount of eligible business property placed in service during the taxable year at all establishments in the county. If the taxpayer places eligible business property in service at establishments in different counties, the threshold applies separately to the aggregate amount of eligible business property placed in service in each county. If the taxpayer places eligible ~~machinery and equipment~~business property in service at an establishment over the course of a two-year period, the applicable threshold for the second taxable year is reduced by the eligible investment amount for the previous taxable year.

Area Development Tier	Threshold
Tier One	$ -0-
Tier Two	1,000,000
Tier Three	2,000,000"

SECTION 8. G.S. 105-129.88(e) reads as rewritten:

"(e) Transferred Property. – If, in one of the four years in which the installment of a credit accrues, the business property with respect to which the credit was claimed is moved to a county in a higher-numbered development tier or ~~to~~ out of an urban progress zone or an agrarian growth zone, the remaining installments of the credit are allowed only to the extent they would have been allowed if the business property had been placed in service initially in the area to which it was moved. If, in one of the four years in which the installment of a credit accrues, the business property with respect to which a credit was claimed is moved to a county in a lower-numbered development tier or an

urban progress zone or an agrarian growth zone, the remaining installments of the credit shall be calculated as if the business property had been placed in service initially in the area to which it was moved."

SECTION 9.(a) G.S. 105-130.48(e) reads as rewritten:

"(e) Documentation of Credit. – ~~To~~ Upon request, to support the credit allowed by this section, the taxpayer must file with its income tax return, for the taxable year in which the credit is claimed, a certification by the Department of Environment and Natural Resources stating the number of bushels of oyster shells donated by the taxpayer."

SECTION 9(b). G.S. 105-151.30(d) reads as rewritten:

"(d) Documentation of Credit. – ~~To~~ Upon request, to support the credit allowed by this section, the taxpayer must file with its income tax return, for the taxable year in which the credit is claimed, a certification by the Department of Environment and Natural Resources stating the number of bushels of oyster shells donated by the taxpayer."

SECTION 10. G.S. 105-164.13(52) reads as rewritten:

"(52) Items subject to sales and use tax under G.S. 105-164.4, other than ~~electricity and~~ electricity, telecommunications service, and ancillary service as defined in G.S. 105-164.4, if all of the following conditions are met:

~~(a)~~a. The items are purchased by a State agency for its own use and in accordance with G.S. 105-164.29A.

~~(b)~~b. The items are purchased pursuant to a valid purchase order issued by the State agency that contains the exemption number of the agency and a description of the property purchased, or the items purchased are paid for with a State-issued check, electronic deposit, credit card, procurement card, or credit account of the State agency.

~~(c)~~c. For all purchases other than by an agency-issued purchase order, the agency must provide to or have on file with the retailer the agency's exemption number."

SECTION 11. G.S. 105-164.16(b1) reads as rewritten:

"(b1) Monthly. – A taxpayer who is consistently liable for ~~more than~~at least one hundred dollars ($100.00) but less than ten thousand dollars ($10,000) a month in State and local sales and use taxes must file a return and pay the taxes due on a monthly basis. A monthly return is due by the 20th day of the month following the calendar month covered by the return."

SECTION 12. G.S. 105-164.16(d) reads as rewritten:

"(d) Use Tax on Out-of-State Purchases. – Use tax payable by an individual who purchases tangible personal ~~property~~property, excluding purchases of boats and aircraft, outside the State for a nonbusiness purpose is due on an annual basis. For an individual who is not required to file an individual income tax return under Part 2 of Article 4 of this Chapter, the annual reporting period ends on the last day of the calendar year and a use tax return is due by the following April 15. For an individual who is required to file

an individual income tax return, the annual reporting period ends on the last day of the individual's income tax year, and the use tax must be paid on the income tax return as provided in G.S. 105-269.14."

SECTION 13.(a) G.S. 105-187.51B reads as rewritten:

"**§ 105-187.51B. Tax imposed on certain recyclers and research and development companies.**

(a) Tax. – A privilege tax is imposed on the following:

(1) A major recycling facility that purchases any of the following tangible personal property for use in connection with the facility:

a. Cranes, structural steel crane support systems, and foundations related to the cranes and support systems.

b. Port and dock facilities.

c. Rail equipment.

d. Material handling equipment.

(2) A research and development company in the physical, engineering, and life sciences that is included in industry 54171 of NAICS and that purchases equipment or an attachment or repair part for equipment that meets all of the following requirements:

a. Is capitalized by the company for tax purposes under the Code.

b. Is used by the company in the research and development of tangible personal property.

c. Would be considered mill machinery or mill machinery parts or accessories under G.S. 105-187.51 if it were purchased by a manufacturing industry or plant and used in the research and development of tangible personal property manufactured by the industry or plant.

(b) Rate. – The tax is one percent (1%) of the sales price of the equipment or other tangible personal property. The maximum tax is eighty dollars ($80.00) per article."

SECTION 13.(b) This section becomes effective July 1, 2007.

SECTION 14. G.S. 105-187.52 reads as rewritten:

"**§ 105-187.52. Administration.**

(a) Administration. – The privilege taxes imposed by this Article are in addition to the State use tax. Except as otherwise provided in this Article, the collection and administration of these taxes is the same as the State use tax imposed by Article 5 of this Chapter.

(b) Credit. – A credit is allowed against the tax imposed by this Article for the amount of a sales or use tax, privilege or excise tax, or substantially equivalent tax paid to another state. The credit allowed by this subsection does not apply to tax paid to another state that does not grant a similar credit for the privilege tax paid in North Carolina.

(c) Exemption. – State agencies are exempted from the privilege taxes imposed by this Article."

SECTION 15. G.S. 105-258(a) reads as rewritten:

"(a) Secretary May Examine Data and Summon Persons. The Secretary of Revenue, for the purpose of ascertaining the correctness of any return, making a return where none has been made, or determining the liability of any person for ~~any tax imposed by this Subchapter,~~a tax, or collecting any such tax, shall have the power to examine, personally, or by an agent designated by him, any books, papers, records, or other data which may be relevant or material to such inquiry, and the Secretary may summon the person liable for the tax or required to perform the act, or any officer or employee of such person, or any person having possession, custody, care or control of books of account containing entries relevant or material to the income and expenditures of the person liable for the tax or required to perform the act, or any other person having knowledge in the premises, to appear before the Secretary, or his agent, at a time and place named in the summons, and to produce such books, papers, records or other data, and to give such testimony under oath as may be relevant or material to such inquiry, and the Secretary or his agent may administer oaths to such person or persons. If any person so summoned refuses to obey such summons or to give testimony when summoned, the Secretary may apply to the Superior Court of Wake County for an order requiring such person or persons to comply with the summons of the Secretary, and the failure to comply with such court order shall be punished as for contempt."

SECTION 16.(a) G.S. 105-449.52 reads as rewritten:

"**§ 105-449.52. Civil penalties applicable to motor carriers.**

(a) Penalty. – A motor carrier who does any of the following is subject to a civil penalty:

(1) Operates in this State or causes to be operated in this State a motor vehicle that either fails to carry the registration card required by this Article or fails to display an identification marker in accordance with this Article. The amount of the penalty is one hundred dollars ($100.00).

(2) Is unable to account for identification markers the Secretary issues the motor carrier, as required by G.S. 105-449.47. The amount of the penalty is one hundred dollars ($100.00) for each identification marker the carrier is unable to account for.

(3) Displays an identification marker on a motor vehicle operated by a motor carrier that was not issued to the carrier by the Secretary under G.S. 105-449.47. The amount of the penalty is one thousand dollars ($1,000) for each identification marker unlawfully obtained. Both the licensed motor carrier to whom the Secretary issued the identification marker and the motor carrier displaying the unlawfully obtained identification marker are jointly and severally liable for the penalty under this subdivision.

~~A~~

(a1) Payment. – A penalty imposed under this section is payable to the ~~Department of Revenue, the Department of Crime Control and Public Safety, or the Division of Motor Vehicles.~~ agency that assessed the penalty. When a motor vehicle is found to be operating without a registration card or an identification marker or with an

identification marker the Secretary did not issue for the vehicle, the motor vehicle may not be driven for a purpose other than to park the motor vehicle until the penalty imposed under this section is paid unless the officer that imposes the penalty determines that operation of the motor vehicle will not jeopardize collection of the penalty.

(b) Hearing. – The procedure set out in G.S. 105-449.119 for protesting a penalty imposed under Article 36C, Part 6, of this Chapter applies to a penalty imposed under this section."

SECTION 16.(b) G.S. 105-449.115(f) reads as rewritten:

"(f) Sanctions Against Transporter. – The following acts are grounds for a civil ~~penalty payable to the Department of Crime Control and Public Safety or the Department of Revenue:~~penalty:

(1) Transporting motor fuel in a railroad tank car or transport truck without a shipping document or with a false or an incomplete shipping document.

(2) Delivering motor fuel to a destination state other than that shown on the shipping document.

The penalty ~~imposed under this subsection~~ is payable to the agency that assessed the penalty and is payable by the person in whose name the conveyance is registered, if the conveyance is a transport truck, and is payable by the person responsible for the movement of motor fuel in the conveyance, if the conveyance is a railroad tank car. The amount of the penalty is five thousand dollars ($5,000). A penalty imposed under this subsection is in addition to any motor fuel tax assessed."

SECTION 16.(c) G.S. 105-449.115A(c) reads as rewritten:

"(c) Sanctions. – Transporting motor fuel in a tank wagon without an invoice, bill of sale, or shipping document containing the information required by this section is grounds for a civil ~~penalty payable to the Department of Crime Control and Public Safety or the Department of Revenue:~~penalty. The penalty ~~imposed under this subsection~~ is payable to the agency that assessed the penalty and is payable by the person in whose name the tank wagon is registered. The amount of the penalty is one thousand dollars ($1,000). A penalty imposed under this subsection is in addition to any motor fuel tax assessed."

SECTION 16.(d) G.S. 105-449.117(b) reads as rewritten:

"(b) Civil Penalty. – The civil penalty is payable to the ~~Department of Transportation, Division of Motor Vehicles, or the Department of Revenue~~ agency that assessed the penalty and is payable by the person in whose name the highway vehicle is registered. The amount of the penalty depends on the amount of fuel in the supply tank of the highway vehicle. The penalty is the greater of one thousand dollars ($1,000) or five times the amount of motor fuel tax payable on the fuel in the supply tank. A penalty imposed under this section is in addition to any motor fuel tax assessed."

SECTION 16.(e) G.S. 105-449.118 reads as rewritten:

"**§ 105-449.118. Civil penalty for buying or selling non-tax-paid motor fuel.**

A person who dispenses non-tax-paid motor fuel into the supply tank of a highway vehicle or who allows non-tax-paid motor fuel to be dispensed into the supply tank of a

highway vehicle is subject to a civil penalty of two hundred fifty dollars ($250.00) per occurrence.

The penalty is payable to the ~~Department of Transportation, Division of Motor Vehicles, or the Department of Revenue.~~ agency that assessed the penalty. Failure to pay a penalty imposed under this section is grounds under G.S. 20-88.01(b) to withhold or revoke the registration plate of the motor vehicle into which the motor fuel was dispensed."

SECTION 16.(f) G.S. 105-449.118A reads as rewritten:

"**§ 105-449.118A. Civil penalty for refusing to allow the taking of a motor fuel sample.**

A person who refuses to allow the taking of a motor fuel sample is subject to a civil penalty of one thousand dollars ($1,000). The penalty is payable to the ~~Department of Transportation, Division of Motor Vehicles, or the Department of Revenue.~~ agency that assessed the penalty. If the refusal is for a sample to be taken from a vehicle, the penalty is payable by the person in whose name the vehicle is registered. If the refusal is for a sample to be taken from any other storage tank or container, the penalty is payable by the owner of the container."

SECTION 17.(a) G.S. 105-449.72(a) reads as rewritten:

"(a) Initial Bond. – An applicant for a license as a refiner, a terminal operator, a supplier, an importer, a blender, a permissive supplier, or a distributor must file with the Secretary a bond or an irrevocable letter of credit. A bond or an irrevocable letter of credit must be conditioned upon compliance with the requirements of this Article, be payable to the State, and be in the form required by the Secretary. The amount of the bond or irrevocable letter of credit is determined as follows:

(1) For an applicant for a license as any of the following, the amount is two million dollars ($2,000,000):
   a. A refiner.
   b. A terminal operator.
   c. A supplier that is a position holder or a person that receives motor fuel pursuant to a two-party exchange.
   d. A bonded importer.
   e. A permissive supplier.

(2) For an applicant for a license as any of the following, the amount is two times the applicant's average expected monthly tax liability under this Article, as determined by the Secretary. The amount may not be less than two thousand dollars ($2,000) and may not be more than five hundred thousand dollars ($500,000):
   ~~a. A supplier that is a fuel alcohol provider or a biodiesel provider but is neither a position holder nor a person that receives motor fuel pursuant to a two-party exchange.~~
   b. An occasional importer.
   c. A tank wagon importer.
   d. A distributor.

e. Repealed by Session Laws 1997-60, s. 5, effective October 5, 1997.

(3) For an applicant for a license ~~as a blender,~~ as any of the following, a bond is required only if the applicant's average expected annual tax liability under this Article, as determined by the Secretary, is at least two thousand dollars ($2,000). When a bond is required, the bond amount is the same as under subdivision (2) of this subsection.

a. A blender.

b. A supplier that is a fuel alcohol provider or a biodiesel provider but is neither a position holder nor a person that receives motor fuel pursuant to a two-party exchange."

SECTION 17.(b) This section becomes effective October 1, 2007.

SECTION 18.(a) G.S. 105-449.115(g) reads as rewritten:

"(g) Penalty Defense. – Compliance with the conditions set out in this subsection is a defense to a civil penalty imposed under subsection (f) of this section as a result of the delivery of fuel to a state other than the destination state printed on the shipping document for the fuel. The Secretary must waive a penalty imposed against a person under that subsection if the person establishes a defense under this subsection. The conditions for the defense are:

(1) The person notified the Secretary of the diversion ~~within seven days after the diversion occurred~~ and received a confirmation number for the ~~diversion.~~diversion before the imposition of the penalty.

(2) Tax was timely paid on the diverted ~~fuel.~~fuel, unless the person is a motor fuel transporter."

SECTION 18.(b) This section is effective when it becomes law and applies to penalties assessed on or after that date and to refund requests that have not been finally determined as of that date.

SECTION 19. G.S. 115D-31.3(j) reads as rewritten:

"(j) Use of funds in low-wealth counties. – Funds retained by colleges or distributed to colleges pursuant to this section may be used to supplement local funding for maintenance of plant if the college does not receive maintenance of plant funds pursuant to G.S. 115D-31.2, and if the county in which the main campus of the community college is ~~located:~~located meets all of the following:

(1) Is designated as a Tier 1 or Tier 2 county in accordance with~~G.S. 105-129.3:~~ G.S. 143B-437.08.

(2) Had an unemployment rate of at least two percent (2%) above the State average or greater than seven percent (7%), whichever is higher, in the prior calendar ~~year: and~~year.

(3) Is a county whose wealth, as calculated under the formula for distributing supplemental funding for schools in low-wealth counties, is eighty percent (80%) or less of the State average.

Funds may be used for this purpose only after all local funds appropriated for maintenance of plant have been expended."

SECTION 20. G.S. 119-17 is repealed.

SECTION 21.(a) Subsection (a) of Section 12 of Part V of Chapter 908 of the 1983 Session Laws reads as rewritten:

"(a) Any tax levied under this Part is due and payable to the county in monthly installments on or before the ~~15th~~ 20th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the ~~15th~~ 20th day of each month, prepare and render a return on a form prescribed by the county. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied."

SECTION 21.(b) Section 39 of Part IX of Chapter 908 of the 1983 Session Laws reads as rewritten:

"**Sec. 39.** Every owner of a business subject to the tax levied by this Part shall, on and after the first day of the calendar month set by the governing body in the resolution levying the tax, collect the occupancy tax provided by this Part. This tax shall be collected as part of the charge for the furnishing of any taxable accommodations. The tax shall be stated and charged separately from the sales records, and shall be paid by the purchaser to the owner of the business as trustee for and on account of the city. The occupancy tax levied under this Part shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the owner of the business. The city tax collector shall design, print, and furnish to all appropriate businesses in the city the necessary forms for filing returns and instructions to ensure the full collection of the tax. Every person liable for the tax imposed pursuant to this Part shall, on or before the ~~15th~~ 20th day of each month, prepare and submit a return on the prescribed form stating the total gross receipts derived during the preceding month from rentals upon which the tax is levied. The tax shall be due and payable to the tax collector on a monthly basis.

Any person who fails or refuses to file the return required by this Part shall pay a penalty of ten dollars ($10.00) for each day's omission. In addition, any person who refuses to file the return or pay the tax for a period of 30 days after the time required for filing the return or for paying the tax shall pay a penalty of five percent (5%) of the tax due. An additional penalty of five percent (5%) shall be imposed for each additional month or fraction thereof in which the occupancy tax is not paid.

Any person who willfully attempts in any manner to evade the occupancy tax or who willfully fails to pay the tax or make and file the required return, shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and be punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed six months, or both."

SECTION 21.(c) Subsection (a) of Section 26 of Part VII of Chapter 908 of the 1983 Session Laws reads as rewritten:

"(a) Any tax levied under this Part is due and payable to the county in monthly installments on or before the ~~15th~~ 20th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the ~~15th~~ 20th day of each month, prepare and render a return on a form prescribed by the county. SENATE BILL 540:
Revenue Laws & Motor Fuels Tax Tech. Changes

x

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	June 22, 2007
Introduced by:	Sen. Hartsell	**Summary by:**	Cindy Avrette
Version:	PCS to First Edition S540-CSRBx-40		Committee Counsel

SUMMARY: ***The proposed committee substitute for Senate Bill 540 makes several technical, clarifying, and administrative changes to the revenue laws and related statutes. The provisions contained in Sections 1 through 24 of the bill were contained in the bill as introduced. The remaining sections have been added in this proposed committee substitute.***

BILL ANALYSIS: This bill makes the following technical, clarifying, and administrative changes:

Section	Explanation
1	Deletes reference to a repealed statute.
2	Clarifies the term "arts organization" in the area of exemptions from the gross receipts tax on amusements.
3	Clarifies the duration of an arts festival and a community festival, for purposes of the exemption from the gross receipts tax on amusements. Under current law the festival may not last more than seven days. This provision would clarify to say seven consecutive days.
4	Clarifies that the allocation of tax proceeds from the excise tax on fortified wine to the NC Wine and Grape Growers Council occurs before the revenues are distributed to counties and cities in which the retail sale of alcoholic beverages are authorized to be sold.
5	Substitutes the defined term "apportionable" for the term "business."
6-7	Clarifies that for the purposes of granting credits for the creation of new jobs, urban progress and agrarian growth zones should be treated separately from other eligible establishments.
7	Section 7 also substitutes the defined term "business property" for term "machinery and equipment."
8	Substitutes the appropriate reference "out of," for the prior reference "to."
9	Alters the documentation process for the credit for recycling oyster shells to reflect the current Department of Revenue practice. DENR maintains the information for the Department so that this general requirement is not necessary.
10	Adds ancillary services to items for which the sales tax exemption for State agencies does not apply, in order to conform to the changes made in S.L. 2006-33. S.L. 2006-33 separated ancillary services from telecommunications services to conform to the Streamlined Sales Tax Agreement. The change did not alter the taxation of these services.
11	Clarifies the dollar threshold for filing monthly sales tax returns.

12	Clarifies the payment of use tax on purchases of boats and airplanes would not be made on the use tax line of the income tax return. The payment of use tax on these items is due by the 20th day of the month following the purchase. Boats and aircraft are registered and the Department examines information on registration to verify that use tax has been paid
13	Clarifies that the 1% privilege tax on the purchase of equipment by a research and development company applies to equipment that would be considered mill machinery *parts and accessories* as well as mill machinery itself. The tax was intended to correspond to the property used by manufacturers for research and development. This section becomes effective July 1, 2007; that is the date that the 1% privilege tax begins to apply to equipment purchased by a research and development company. Prior to this date, the equipment was subject to the State and local sales tax.
14	Exempts State agencies from the privilege tax imposed on mill machinery. The Department has interpreted the sales tax exemption for State agencies to also apply to this tax since the tax was established when these products were exempted from the sales tax in January 2006 to conform with the Streamlined Sales Tax Agreement. Under the Agreement, the State must have uniform rates. Rather than increase the tax rate on these items, they were exempt from sales tax and subject to this new privilege tax. The Department of Correction industries constitute manufacturing plants and thus purchase equipment subject to this tax.
15	Provides that the Secretary of Revenue's authority to summon records also applies to the motor fuel tax statutes. The section makes this change by using the defined term 'tax'. G.S. 105-228.90 defines 'tax' includes all of the State levied taxes.
16	Provides that a civil penalty imposed under the motor fuel statutes is payable to the agency that assessed the penalty. In addition to the Department of Revenue, G.S. 105-269.3 provides that the State Highway Patrol, law enforcement officers, and other appropriate personnel in the Department of Crime Control and Public Safety may enforce the motor fuel tax laws. The reorganization of the Division of Motor Vehicles in 2003 moved the State Highway Patrol from DMV to the Department of Crime Control and Public Safety. This substantive change in 2003 necessitated technical, conforming changes to the tax statutes. The wording proposed by this section would eliminate the need for similar conforming changes in the future.
17	Provides that a fuel alcohol provider and a biodiesel provider need only post a bond to receive a license as a supplier[1] if its annual motor fuel tax liability is at least $2,000. Under current law, to be licensed as a supplier, a fuel alcohol provider or a biodiesel provider must post a bond in an amount that is two times the applicant's average expected monthly tax liability. The amount may not be less than $2,000 and may not be more than $5,000. Under this section, if a fuel alcohol provider or biodiesel provider must post a bond, then the amount would be the same as the current law bond requirement. This section would become effective October 1, 2007.
18	Modifies the defense to imposition of a penalty for failure to obtain a diversion number for motor fuel delivered to a state other than the destination state printed on the

	shipping document. Under current law, the defense is that the person notified the Secretary of the diversion within seven days after the diversion occurred and timely paid the tax on the diverted fuel.[2] This section removes the seven-day time period by providing that the notification must have occurred prior to the imposition of the penalty. It also removes the requirement that the tax be timely paid if the person assessed with the penalty is the motor fuel transporter because it is not the motor fuel transporter's responsibility to pay the tax. This section is effective when it becomes law and applies to penalties assessed on or after that date and to refund requests that have not been finally determined as of that date.
19	Substitutes the correct statutory reference.
20	Repeals an unnecessary statute. Article 3 of Chapter 119 directs the Commissioner of Agriculture to inspect alternative fuel, motor fuel, and kerosene to protect the public. This statute says that various fuels are subject to inspection. It does not appear to be a necessary statute because the provisions of Article 3 govern what fuel is inspected and what standards the fuel must meet. The terms 'alternative fuel', 'motor fuel', and 'kerosene' are defined terms in Article 3.
21	Conforms the date a local occupancy tax return and tax is due to the date that the sales and use tax is due.
22	Rewrites G.S. 105-330.10 to incorporate changes made in S.L. 2006-30.
23	Corrects a statutory reference.
24	Conforms the effective date for a 2006 change to the confidentiality provisions to administrative practices.
25	Repeals the sunset of the highway use tax provisions contained in the 1989 session law. When the highway use tax was enacted, it was believed the highway projects could be completed in 13 years. It has been 18 years. The 1989 session law would repeal the highway use tax, the Transportation Oversight Committee, and various motor vehicle fees when contracts for all projects specified in Article 14 of Chapter 136 have been let and sufficient revenue has been accumulated to pay the contracts. The various fees have been amended several times since 1989. Based upon this sunset language, the fees would revert to their pre-1989 amounts at some undetermined point in the future. At this point, the sunset creates a 'trap for the unwary'.
26	Makes a change in the reporting requirements for the State Ports Tax credit. Based upon conversations with the Tax Research Division, the change will better enable it to report information that the General Assembly will be able to use to determine the credit's effectiveness. The report language was added in S.L. 2005-429.
27	Corrects a statutory reference.
28	Allows local governments to correct errors in their certification of cable television revenues submitted to the Department of Revenue. The certification of the amount of cable franchise tax imposed had to be made by March 15, 2007. Many local governments are in the process of auditing their cable franchise taxes. As a result of those audits, many are discovering errors in their certifications. This provision would allow local governments to submit a new certification on or before April 1, 2008. This

[2] The General Assembly established this defense in 2005. (S.L. 2005-435.)

	provision has been requested by the League of Municipalities and agreed upon by the Department of Revenue.
29	Revises the accounting for the General Fund "hold harmless" amount that is part of the 3% highway use tax, but makes no change in the amount the General Fund receives. It rewrites the statute to require the hold harmless amount to be credited directly to the General Fund rather than first credited to the Highway Trust Fund and then transferred from the Highway Trust Fund to the General Fund. This transfer continues to be a source of needless confusion and controversy. To resolve the confusion and controversy, the provision ends the transfer while preserving the hold harmless. The General Fund "hold harmless" amount is the amount of sales tax revenue attributable to the sales tax on motor vehicles that existed prior to the establishment of the Highway Trust Fund and the enactment of the highway use tax. The 3% highway use tax became effective October 1, 1989. Before that, motor vehicles were subject to sales tax at the rate of 2% with a $300 cap and the sales tax revenue on motor vehicles was credited to the General Fund. At the time, the General Fund received $170 million in sales tax revenue from sales of motor vehicles. The highway use tax replaced the sales tax on motor vehicles. To prevent a loss of revenue in the General Fund, the law enacting the highway use tax required $170 million to be transferred each year from the Highway Trust Fund to the General Fund.
30	Repeals an obsolete statute. The statute was enacted to facilitate a transition from the sales tax imposed on the gross receipts of motor vehicle leases prior to 1989 and the highway use tax.
31	Conforms the provisions for making an electronic funds transfer to the changes made in S.L. 2006-66. Last session, the General Assembly replaced the semimonthly sales tax payment with a single monthly payment and a prepayment of the next month's liability due on the same day as the monthly payment. The change was made at the request of several large retailers in the Streamlined Sales Tax Project.
32	Repeals an obsolete statute. These reimbursements were repealed in 2001 as part of the agreement on the third one-half cent local option sales tax.
33-35	Makes two changes to the tax secrecy provisions at the request of the Tax Research Division of the Department of Revenue. Section 33 would allow the Division to share information with other governmental units outside this State for the purpose of statistical reports and revenue estimates. Section 34 would allow the Department of Revenue to share information with the Joint Operations for Fuel Tax Compliance to better enable the Department to enforce motor fuel tax laws and identify motor fuel tax evasion. The compliance effort consists of a group that includes representatives of the IRS, the federal highway administration, and three pilot states: North Carolina, Texas, and California. Other states will be joining this group after the pilot phase is completed. Section 35 would allow the Division to provide information needed by the Fiscal Research Division of the General Assembly to determine the fiscal impact of proposed legislation. Sometimes, if the fiscal affects of legislation apply only to a limited number of taxpayers, the Division is unable to share the information with Fiscal Research because to do so may, by virtue of the small taxpayer pool, indicate the tax liability of a particular group of taxpayers. The Division would continue to be required to remove any identifying information from the data shared.

36	Removes an unnecessary citation that is in the statute due to redlining errors.
37	Inserts the correct corporate name of the North Carolina *State* Art Society, Incorporated.
38	Repeals a conflicting subdivision. This subdivision imposes the excise tax on motor fuel that is fuel alcohol or biodiesel when it is sold for use. However, these fuels are included in the definitions of gasoline and diesel and should be taxed at the same point in the distribution chain as gasoline and diesel. Current law conflicts as to the point at which these fuels should be taxed. The repeal of this subdivision clarifies that they will be taxed at the terminal rack or at importation. This section becomes effective January 1, 2008.
39	Repeals the statute that authorizes real estate certificates of participation. RECOP indebtedness is a form of special indebtedness that is intended to be structured so that the principal and a portion of the interest is not paid in installments over the term of the debt. That portion of the interest compounds and is payable, along with the principal, only at maturity. The provision was enacted in 2004. The 2004 legislation directed the State Treasurer to conduct a study of RECOP indebtedness and to report to the Joint Legislative Commission on Governmental Operations by February 1, 2005. The Treasurer's Office reported that it did not recommend the State using this form of indebtedness.
40	Repeals the Article creating the Life Sciences Revenue Bond Authority. The Authority was created in 2003. The purpose of the Authority was to determine the best way to establish a credit enhancement program for construction of infrastructure for life sciences manufacturing facilities. The Authority is not functioning. Proponents in the life sciences area agree that the Authority is not needed at this time.
41	Except as otherwise provided, the provisions of the bill are effective when they become law.

A BILL TO BE ENTITLED

AN ACT AUTHORIZING THE DIRECTOR OF THE BUDGET TO CONTINUE EXPENDITURES FOR THE OPERATION OF GOVERNMENT AT THE LEVEL IN EFFECT ON JUNE 30, 2007; APPROPRIATING FUNDS FOR INCREASES IN THE AVERAGE DAILY MEMBERSHIP IN THE PUBLIC SCHOOLS; EXTENDING THE PROVISION THAT PERMITS RETIRED TEACHERS TO RETURN TO THE CLASSROOM WITHOUT A LOSS OF RETIREMENT BENEFITS; DELAYING THE EFFECTIVE DATE OF CHANGES TO THE MEDICAID ESTATE RECOVERY PLAN; AND EXTENDING THE SUNSET ON THE ADDITIONAL ONE-QUARTER CENT STATE SALES AND USE TAX FROM JULY 1, 2007, UNTIL AUGUST 1, 2007.

The General Assembly of North Carolina enacts:

PART I. BUDGET CONTINUATION

SECTION 1. The Director of the Budget may continue to allot funds for expenditure by State departments, institutions, and agencies at a level not to exceed the level of recurring expenditures authorized in S.L. 2006-66, as amended. The Director of the Budget may continue to allot funds from the Escheat Fund and Escheat Fund income for expenditure by the Board of Governors of The University of North Carolina, the State Board of Community Colleges, and the Department of Administration, Division of Veterans Affairs, for need-based student financial aid programs to aid worthy and needy students as provided by Article IX, section 10 of the State Constitution at a level not to exceed the level of recurring expenditures authorized in S.L. 2006-66, as amended.

The Director of the Budget shall not allocate funds for any of the purposes set out in the budget reductions contained in House Bill 1473, fifth edition, and House Bill 1473, eighth edition, that are not in controversy.

Vacant positions subject to proposed budget reductions in both House Bill 1473, fifth edition, and House Bill 1473, eighth edition, shall not be filled.

To the extent necessary to implement this authorization, there is appropriated from the appropriate State funds and cash balances, federal receipts, and departmental receipts for the 2007-2008 fiscal year funds necessary to carry out this section.

The appropriations and the authorizations to allocate and spend funds which are set out in this section shall remain in effect until the Current Operations and Capital Improvements Appropriations Act of 2007 becomes law, at which time that act shall become effective and shall govern appropriations and expenditures. When the Current Operations and Capital Improvements Appropriations Act of 2007 becomes law, the Director of the Budget shall adjust allotments to give effect to that act from July 1, 2007.

Except as otherwise provided by this act, the limitations and directions for the 2006-2007 fiscal year set out in S.L. 2005-276, as amended, and in S.L. 2006-66, as amended, remain in effect. Session laws that applied to appropriations to particular agencies or for particular purposes apply to the funds appropriated and authorized for expenditure under this section.

PART II. FEDERAL BLOCK GRANTS

SECTION 2. The Director of the Budget shall continue to allocate federal block grant funds at the levels provided in Sections 5.1 and 5.2 of S.L. 2006-52 and as otherwise provided by law, and appropriations from federal block grants are hereby made.

PART III. NO AUTOMATIC STEP INCREASE FOR STATE AND PUBLIC SCHOOL EMPLOYEES

SECTION 3. State employees subject to G.S. 7A-102(c), 7A-171.1, or 20-187.3 shall not move up on salary schedules or receive automatic increases, including automatic step increases, until authorized by the General Assembly.

Public school employees paid on the teacher salary schedule or the school-based administrator salary schedule shall not move up on salary schedules or receive automatic step increases until authorized by the General Assembly.

PART IV. SALARY-RELATED CONTRIBUTIONS/EMPLOYER

SECTION 4.(a) The State's employer contribution rates budgeted for retirement and related benefits for the 2007-2008 fiscal year shall remain the same as they are on June 30, 2007.

SECTION 4.(b) The State's employer contribution rates established by this section are effective until the Current Operations and Capital Improvements Appropriations Act of 2007 becomes law and are subject to revision in that act. If the Current Operations and Capital Improvements Appropriations Act of 2007 modifies these rates, the Director of the Budget shall further modify the rates set in that act for the remainder of the 2007-2008 fiscal year so as to compensate for the different amount contributed between July 1, 2007, and the date the Current Operations and Capital Improvements Appropriations Act of 2007 becomes law so that the effective rates for

the entire year reflect the rates set in the Current Operations and Capital Improvements Appropriations Act of 2007.

PART V. FUNDS SHALL NOT REVERT

SECTION 5.(a) If the provisions of either House Bill 1473, fifth edition, or House Bill 1473, eighth edition, or both, direct that funds shall not revert, the funds shall not revert on June 30, 2007. Unless these funds are encumbered on or before June 30, 2007, these funds shall not be expended after June 30, 2007, except as provided by a law enacted after June 30, 2007.

SECTION 5.(b) This section becomes effective June 30, 2007.

PART VI. STATE CONTROLLER SHALL NOT TRANSFER FUNDS ON JUNE 30

SECTION 6.(a) Notwithstanding G.S. 143-15.2 and G.S. 143-15.3A, for the 2006-2007 fiscal year only, funds shall not be reserved to the Repairs and Renovations Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Repairs and Renovations Reserve Account on June 30, 2007.

SECTION 6.(b) Notwithstanding G.S. 143-15.2 and G.S. 143-15.3, for the 2006-2007 fiscal year only, funds shall not be reserved to the Savings Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Savings Reserve Account on June 30, 2007.

SECTION 6.(c) This section becomes effective June 30, 2007.

PART VII. RETIRED TEACHERS RETURN TO WORK

SECTION 7.(a) Subsection (d) of Section 28.24 of S.L. 1998-212, as rewritten by Section 28.10 of S.L. 2002-126, subsection (a) of Section 31.18A of S.L. 2004-124, and Section 7A.1 of S.L. 2005-144, reads as rewritten:

"(d) This section becomes effective January 1, 1999, and expires ~~June 30, 2007.~~ August 1, 2007."

SECTION 7.(b) The introductory language of Section 67 of S.L. 1998-217, as rewritten by Section 28.10 of S.L. 2002-126, subsection (b) of Section 31.18A of S.L. 2004-124, and Section 7A.2 of S.L. 2005-144, reads as rewritten:

"**SECTION 67.** Effective January 1, 1999, through ~~June 30, 2007,~~ August 1, 2007, G.S. 135-3(8)c., as rewritten by Section 28.24(a) of S.L. 1998-212 reads as rewritten:".

SECTION 7.(c) Subsection (b) of Section 67.1 of S.L. 1998-217, as rewritten by Section 28.10 of S.L. 2002-126, subsection (c) of Section 31.18A of S.L. 2004-124, and Section 7A.3 of S.L. 2005-144, reads as rewritten:

"(b) This section becomes effective January 1, 1999, and expires ~~June 30, 2007.~~ August 1, 2007."

SECTION 7.(d) Subsection (c) of Section 32.25 of S.L. 2001-424, as rewritten by Section 28.10 of S.L. 2002-126, subsection (d) of Section 31.18A of S.L. 2004-124, and Section 7A.4 of S.L. 2005-144, reads as rewritten:

"**SECTION 32.25.(c)** This section becomes effective July 1, 2001, and expires ~~June 30, 2007.~~ August 1, 2007."

SECTION 7.(e) Section 57(c) of S.L. 2004-199, as amended by Section 29.28(d) of S.L. 2005-276, reads as rewritten:

"**SECTION 57.(c)** This section expires ~~June 30, 2007.~~ August 1, 2007."

SECTION 7.(f) Section 25 of S.L. 2006-226 reads as rewritten:

"**SECTION 25.(b)** This section becomes effective ~~June 30, 2007.~~ August 1, 2007."

SECTION 7.(g) Notwithstanding any other provision of law, effective July 1, 2007, each local school administrative unit shall pay to the Teachers' and State Employees' Retirement System a Reemployed Teacher Contribution Rate of eleven and seventy-hundredths percent (11.70%) as a percentage of covered salaries that the retired teachers, who are exempt from the earnings cap, are being paid. Each local school administrative unit shall report monthly to the Retirement Systems Division on payments made pursuant to this section.

Notwithstanding any other provision of law, effective July 1, 2007, any portion of the payment made by a local school administrative unit to a reemployed teacher who is exempt from the earnings cap, consisting of salary plus the Reemployed Teacher Contribution rate, that exceeds the State-supported salary level for that position shall be paid from local funds.

SECTION 7.(h) If the Internal Revenue Service determines that the provisions of G.S. 135-3(8)c. relating to the computation of postretirement earnings of retired teachers jeopardize the status of the Teachers' and State Employees' Retirement System of North Carolina under the Internal Revenue Code, then the final two paragraphs of G.S. 135-3(8)c. are repealed.

SECTION 7.(i) This section is effective when it becomes law.

PART VIII. PUBLIC SCHOOLS

SECTION 8. Effective July 1, 2007, there is appropriated from the General Fund to the Department of Public Instruction the sum of one hundred sixty-two million four hundred thousand dollars ($162,400,000) for the 2007-2008 fiscal year to fully fund increases in average daily membership in public schools, subject to adjustment by the General Assembly.

PART IX. EXTEND SUNSET ON ADDITIONAL ONE-QUARTER CENT STATE SALES AND USE TAX RATE

SECTION 9.(a) Section 24.1(j) of S.L. 2006-66 reads as rewritten:

"**SECTION 24.1.(j)** Subsection (b) of this section becomes effective December 1, 2006, and applies to sales made on or after that date. Subsections (d), (f), and (h) of this section become effective January 1, 2007, and apply to taxes collected on or after that date. Subsection (c) of this section becomes effective ~~July 1, 2007,~~ August 1, 2007, and applies to sales made on or after that date. Subsections (e), (g), and (i) of this section become effective ~~July 1, 2007,~~ August 1, 2007, and apply to taxes collected on or after that date. The remainder of this section is effective when it becomes law."

SECTION 9.(b) A retailer is not liable for an over-collection or under-collection of sales tax if the retailer has made a good faith effort to comply with the law and collect the proper amount of tax and has, due to the change under this

section in the rate of tax imposed under G.S. 105-164.4(a), over-collected or under-collected the amount of sales tax that is due. This subsection applies only to the period beginning July 1, 2007, and ending August 1, 2007.

PART X. DELAY EFFECTIVE DATE OF CHANGES TO MEDICAID ESTATE RECOVERY PLAN

SECTION 10. Section 10.21C(c) of S.L. 2005-276, as amended by Section 16 of S.L. 2005-345, and as further amended by Section 10.9B of S.L. 2006-66, reads as rewritten:

"**SECTION 10.21C.(c)** This section becomes effective ~~July 1, 2007,~~ August 1, 2007, and applies to recipients of medical assistance on ~~or~~ and after that date."

PART XI. EFFECTIVE DATE

SECTION 11. Section 10 of this act becomes effective June 30, 2007. Sections 1, 2, 3, and 4 of this act become effective July 1, 2007, and expire at 11:59 P.M. on July 31, 2007. The remainder of this act is effective when it becomes law.

BILL ANALYSIS

House Bill 2044
2007 Continuing Budget Authority
June 28, 2007

SUMMARY: **Continues budget authority and maintains the status quo for 31 days pending adoption of 2007 Appropriations Act.**

Section 1. -- Authorizes the Director of the Budget to continue to allot funds at a level not to exceed the level of recurring expenditures authorized in SL 2006-66, as amended. Provides that Director of the Budget must not allocate funds for purposes set out in budget reductions contained in H1473, 5th edition, or H1473, 8th edition that are not in controversy. Freezes hiring for vacant positions subject to proposed reductions.

Section 2. -- Authorizes continued appropriation and allocation of federal block grants.

Section 3. -- Suspends certain automatic statutory salary increases until authorized by General Assembly.

Section 4. -- Maintains the State's employer contribution rates for retirement and related benefits, for 2007-2008, at June 30, 2007 levels, unless modified by the 2007 Budget Act.

Section 5. -- Provides that, if either H1473, 5th edition, or H1473, 8th edition or both, direct that funds not revert, the funds do not revert on June 30, 2007, and that unless those funds are encumbered on or before June 30, 2007, they must not be expended after June 30, 2007, except pursuant to a law enacted after that date.

Section 6. -- Provides that, for 2007-2008, funds will not be reserved to the Repairs and Renovations Reserve or Savings Reserve Account and that the State Controller must not transfer funds from the unreserved credit balance to those accounts on June 30, 2007.

Section 7. –Extends until October 31, 2009, the sunset on provisions allowing retired teachers to return to work. (H956, 3rd edition, as passed by the House of Representatives.)

Section 8. – Appropriates funds to fully fund increases in the average daily membership in the public schools.

Section 9. – Temporarily extends the sunset on the additional quarter-cent state sales tax until August 1, 2007, from the current July 1, 2007 sunset date.

Section 10. – Delays the effective date of changes to the Medicaid Estate Recovery Plan.

Section 11. – Sets effective dates. The continuing budget authority expires July 31, 2007 at 11:59 P.M.

A BILL TO BE ENTITLED

AN ACT AUTHORIZING THE DIRECTOR OF THE BUDGET TO CONTINUE EXPENDITURES FOR THE OPERATION OF GOVERNMENT AT THE LEVEL IN EFFECT ON JUNE 30, 2007; APPROPRIATING FUNDS FOR INCREASES IN THE AVERAGE DAILY MEMBERSHIP IN THE PUBLIC SCHOOLS; EXTENDING THE PROVISION THAT PERMITS RETIRED TEACHERS TO RETURN TO THE CLASSROOM WITHOUT A LOSS OF RETIREMENT BENEFITS; DELAYING THE EFFECTIVE DATE OF CHANGES TO THE MEDICAID ESTATE RECOVERY PLAN; AND EXTENDING THE SUNSET ON THE ADDITIONAL ONE-QUARTER CENT STATE SALES AND USE TAX FROM JULY 1, 2007, UNTIL AUGUST 1, 2007.

The General Assembly of North Carolina enacts:

PART I. BUDGET CONTINUATION

SECTION 1. The Director of the Budget may continue to allot funds for expenditure by State departments, institutions, and agencies at a level not to exceed the level of recurring expenditures authorized in S.L. 2006-66, as amended. The Director of the Budget may continue to allot funds from the Escheat Fund and Escheat Fund income for expenditure by the Board of Governors of The University of North Carolina, the State Board of Community Colleges, and the Department of Administration, Division of Veterans Affairs, for need-based student financial aid programs to aid worthy and needy students as provided by Article IX, section 10 of the State Constitution at a level not to exceed the level of recurring expenditures authorized in S.L. 2006-66, as amended.

The Director of the Budget shall not allocate funds for any of the purposes set out in the budget reductions contained in House Bill 1473, fifth edition, and House Bill 1473, eighth edition, that are not in controversy.

Vacant positions subject to proposed budget reductions in both House Bill 1473, fifth edition, and House Bill 1473, eighth edition, shall not be filled.

To the extent necessary to implement this authorization, there is appropriated from the appropriate State funds and cash balances, federal receipts, and departmental receipts for the 2007-2008 fiscal year funds necessary to carry out this section.

The appropriations and the authorizations to allocate and spend funds which are set out in this section shall remain in effect until the Current Operations and Capital Improvements Appropriations Act of 2007 becomes law, at which time that act shall become effective and shall govern appropriations and expenditures. When the Current Operations and Capital Improvements Appropriations Act of 2007 becomes law, the Director of the Budget shall adjust allotments to give effect to that act from July 1, 2007.

Except as otherwise provided by this act, the limitations and directions for the 2006-2007 fiscal year set out in S.L. 2005-276, as amended, and in S.L. 2006-66, as amended, remain in effect. Session laws that applied to appropriations to particular agencies or for particular purposes apply to the funds appropriated and authorized for expenditure under this section.

PART II. FEDERAL BLOCK GRANTS

SECTION 2. The Director of the Budget shall continue to allocate federal block grant funds at the levels provided in Sections 5.1 and 5.2 of S.L. 2006-52 and as otherwise provided by law, and appropriations from federal block grants are hereby made.

PART III. NO AUTOMATIC STEP INCREASE FOR STATE AND PUBLIC SCHOOL EMPLOYEES

SECTION 3. State employees subject to G.S. 7A-102(c), 7A-171.1, or 20-187.3 shall not move up on salary schedules or receive automatic increases, including automatic step increases, until authorized by the General Assembly.

Public school employees paid on the teacher salary schedule or the school-based administrator salary schedule shall not move up on salary schedules or receive automatic step increases until authorized by the General Assembly.

PART IV. SALARY-RELATED CONTRIBUTIONS/EMPLOYER

SECTION 4.(a) The State's employer contribution rates budgeted for retirement and related benefits for the 2007-2008 fiscal year shall remain the same as they are on June 30, 2007.

SECTION 4.(b) The State's employer contribution rates established by this section are effective until the Current Operations and Capital Improvements Appropriations Act of 2007 becomes law and are subject to revision in that act. If the Current Operations and Capital Improvements Appropriations Act of 2007 modifies these rates, the Director of the Budget shall further modify the rates set in that act for the remainder of the 2007-2008 fiscal year so as to compensate for the different amount contributed between July 1, 2007, and the date the Current Operations and Capital Improvements Appropriations Act of 2007 becomes law so that the effective rates for

the entire year reflect the rates set in the Current Operations and Capital Improvements Appropriations Act of 2007.

PART V. FUNDS SHALL NOT REVERT

SECTION 5.(a) If the provisions of either House Bill 1473, fifth edition, or House Bill 1473, eighth edition, or both, direct that funds shall not revert, the funds shall not revert on June 30, 2007. Unless these funds are encumbered on or before June 30, 2007, these funds shall not be expended after June 30, 2007, except as provided by a law enacted after June 30, 2007.

SECTION 5.(b) This section becomes effective June 30, 2007.

PART VI. STATE CONTROLLER SHALL NOT TRANSFER FUNDS ON JUNE 30

SECTION 6.(a) Notwithstanding G.S. 143-15.2 and G.S. 143-15.3A, for the 2006-2007 fiscal year only, funds shall not be reserved to the Repairs and Renovations Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Repairs and Renovations Reserve Account on June 30, 2007.

SECTION 6.(b) Notwithstanding G.S. 143-15.2 and G.S. 143-15.3, for the 2006-2007 fiscal year only, funds shall not be reserved to the Savings Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Savings Reserve Account on June 30, 2007.

SECTION 6.(c) This section becomes effective June 30, 2007.

PART VII. RETIRED TEACHERS RETURN TO WORK

SECTION 7.(a) Subsection (d) of Section 28.24 of S.L. 1998-212, as rewritten by Section 28.10 of S.L. 2002-126, subsection (a) of Section 31.18A of S.L. 2004-124, and Section 7A.1 of S.L. 2005-144, reads as rewritten:

"(d) This section becomes effective January 1, 1999, and expires ~~June 30, 2007.~~ August 1, 2007."

SECTION 7.(b) The introductory language of Section 67 of S.L. 1998-217, as rewritten by Section 28.10 of S.L. 2002-126, subsection (b) of Section 31.18A of S.L. 2004-124, and Section 7A.2 of S.L. 2005-144, reads as rewritten:

"**SECTION 67.** Effective January 1, 1999, through ~~June 30, 2007,~~ August 1, 2007, G.S. 135-3(8)c., as rewritten by Section 28.24(a) of S.L. 1998-212 reads as rewritten:".

SECTION 7.(c) Subsection (b) of Section 67.1 of S.L. 1998-217, as rewritten by Section 28.10 of S.L. 2002-126, subsection (c) of Section 31.18A of S.L. 2004-124, and Section 7A.3 of S.L. 2005-144, reads as rewritten:

"(b) This section becomes effective January 1, 1999, and expires ~~June 30, 2007.~~ August 1, 2007."

SECTION 7.(d) Subsection (c) of Section 32.25 of S.L. 2001-424, as rewritten by Section 28.10 of S.L. 2002-126, subsection (d) of Section 31.18A of S.L. 2004-124, and Section 7A.4 of S.L. 2005-144, reads as rewritten:

"**SECTION 32.25.(c)** This section becomes effective July 1, 2001, and expires ~~June 30, 2007.~~ August 1, 2007."

SECTION 7.(e) Section 57(c) of S.L. 2004-199, as amended by Section 29.28(d) of S.L. 2005-276, reads as rewritten:

"**SECTION 57.(c)** This section expires ~~June 30, 2007.~~ August 1, 2007."

SECTION 7.(f) Section 25 of S.L. 2006-226 reads as rewritten:

"**SECTION 25.(b)** This section becomes effective ~~June 30, 2007.~~ August 1, 2007."

SECTION 7.(g) Notwithstanding any other provision of law, effective July 1, 2007, each local school administrative unit shall pay to the Teachers' and State Employees' Retirement System a Reemployed Teacher Contribution Rate of eleven and seventy-hundredths percent (11.70%) as a percentage of covered salaries that the retired teachers, who are exempt from the earnings cap, are being paid. Each local school administrative unit shall report monthly to the Retirement Systems Division on payments made pursuant to this section.

Notwithstanding any other provision of law, effective July 1, 2007, any portion of the payment made by a local school administrative unit to a reemployed teacher who is exempt from the earnings cap, consisting of salary plus the Reemployed Teacher Contribution rate, that exceeds the State-supported salary level for that position shall be paid from local funds.

SECTION 7.(h) If the Internal Revenue Service determines that the provisions of G.S. 135-3(8)c. relating to the computation of postretirement earnings of retired teachers jeopardize the status of the Teachers' and State Employees' Retirement System of North Carolina under the Internal Revenue Code, then the final two paragraphs of G.S. 135-3(8)c. are repealed.

SECTION 7.(i) This section is effective when it becomes law.

PART VIII. PUBLIC SCHOOLS

SECTION 8. Effective July 1, 2007, there is appropriated from the General Fund to the Department of Public Instruction the sum of one hundred sixty-two million four hundred thousand dollars ($162,400,000) for the 2007-2008 fiscal year to fully fund increases in average daily membership in public schools, subject to adjustment by the General Assembly.

PART IX. EXTEND SUNSET ON ADDITIONAL ONE-QUARTER CENT STATE SALES AND USE TAX RATE

SECTION 9.(a) Section 24.1(j) of S.L. 2006-66 reads as rewritten:

"**SECTION 24.1.(j)** Subsection (b) of this section becomes effective December 1, 2006, and applies to sales made on or after that date. Subsections (d), (f), and (h) of this section become effective January 1, 2007, and apply to taxes collected on or after that date. Subsection (c) of this section becomes effective ~~July 1, 2007,~~ August 1, 2007, and applies to sales made on or after that date. Subsections (e), (g), and (i) of this section become effective ~~July 1, 2007,~~ August 1, 2007, and apply to taxes collected on or after that date. The remainder of this section is effective when it becomes law."

SECTION 9.(b) A retailer is not liable for an over-collection or under-collection of sales tax if the retailer has made a good faith effort to comply with the law and collect the proper amount of tax and has, due to the change under this

section in the rate of tax imposed under G.S. 105-164.4(a), over-collected or under-collected the amount of sales tax that is due. This subsection applies only to the period beginning July 1, 2007, and ending August 1, 2007.

PART X. DELAY EFFECTIVE DATE OF CHANGES TO MEDICAID ESTATE RECOVERY PLAN

"**SECTION 10.21C.(c)** This section becomes effective ~~July 1, 2007,~~ August 1, 2007, and applies to recipients of medical assistance on ~~or~~ and after that date."

PART XI. EFFECTIVE DATE

SECTION 11. Section 10 of this act becomes effective June 30, 2007. Sections 1, 2, 3, and 4 of this act become effective July 1, 2007, and expire at 11:59 P.M. on July 31, 2007. The remainder of this act is effective when it becomes law.

BILL ANALYSIS

House Bill 2044
2007 Continuing Budget Authority
June 28, 2007

SUMMARY: **Continues budget authority and maintains the status quo for 31 days pending adoption of 2007 Appropriations Act.**

Section 1. -- Authorizes the Director of the Budget to continue to allot funds at a level not to exceed the level of recurring expenditures authorized in SL 2006-66, as amended. Provides that Director of the Budget must not allocate funds for purposes set out in budget reductions contained in H1473, 5th edition, or H1473, 8th edition that are not in controversy. Freezes hiring for vacant positions subject to proposed reductions.

Section 2. -- Authorizes continued appropriation and allocation of federal block grants.

Section 3. -- Suspends certain automatic statutory salary increases until authorized by General Assembly.

Section 4. -- Maintains the State's employer contribution rates for retirement and related benefits, for 2007-2008, at June 30, 2007 levels, unless modified by the 2007 Budget Act.

Section 5. -- Provides that, if either H1473, 5th edition, or H1473, 8th edition or both, direct that funds not revert, the funds do not revert on June 30, 2007, and that unless those funds are encumbered on or before June 30, 2007, they must not be expended after June 30, 2007, except pursuant to a law enacted after that date.

Section 6. -- Provides that, for 2007-2008, funds will not be reserved to the Repairs and Renovations Reserve or Savings Reserve Account and that the State Controller must not transfer funds from the unreserved credit balance to those accounts on June 30, 2007.

Section 7. –Extends until October 31, 2009, the sunset on provisions allowing retired teachers to return to work. (H956, 3rd edition, as passed by the House of Representatives.)

Section 8. – Appropriates funds to fully fund increases in the average daily membership in the public schools.

Section 9. – Temporarily extends the sunset on the additional quarter-cent state sales tax until August 1, 2007, from the current July 1, 2007 sunset date.

Section 10. – Delays the effective date of changes to the Medicaid Estate Recovery Plan.

Section 11. – Sets effective dates. The continuing budget authority expires July 31, 2007 at 11:59 P.M.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 2

SENATE BILL 1527

Commerce, Small Business and Entrepreneurship Committee Substitute Adopted 6/26/07

Short Title: Amend Insurance Laws/Producers and Bail Bonds. (Public)

Sponsors:

Referred to:

March 28, 2007

A BILL TO BE ENTITLED

AN ACT TO MAKE VARIOUS CHANGES IN THE LAWS RELATING TO LICENSING OF INSURANCE PRODUCERS AND BAIL BONDSMEN; TO MAKE CHANGES IN THE FEE STRUCTURES FOR AGENTS AND ADJUSTERS; TO AUTHORIZE THE OUTSOURCING OF CERTAIN FUNCTIONS RELATING TO THE ADMINISTRATION OF CONTINUING EDUCATION AND ADMINISTRATIVE PROGRAMS; AND TO MAKE OTHER SUBSTANTIVE CHANGES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 58-33-26 reads as rewritten:

"**§ 58-33-26. General license requirements.**

(a) No person shall act as or hold himself or herself out to be an agent, broker, limited representative, adjuster, or motor vehicle damage appraiser unless duly licensed.

(b) No agent, broker, or limited representative shall make application for, procure, negotiate for, or place for others, any policies for any kinds of insurance as to which that person is not then qualified and duly licensed.

(c) Effective for new licenses issued before January 1, 2008, an~~An~~ agent or broker may be licensed for the following kinds of insurance:

(1) Life and health insurance, meaning:

a. Life-insurance coverage on human lives, including benefits of endowment and annuities, and may include benefits in the event of death or dismemberment by accident and benefits for disability income.

b. Variable life and variable annuity products-insurance coverage provided under variable life insurance contracts and variable annuities.

c. Accident and health or sickness-insurance coverage for sickness, bodily injury, or accidental death and may include benefits for disability income.

(2) Property and liability insurance, meaning:

a. Coverage for the direct or consequential loss or damage to property of every kind.

b. Coverage against legal liability, including that for death, injury, or disability or damage to real or personal property.

(3) Personal lines, meaning property and liability insurance coverage sold to individuals and families for primarily noncommercial purposes.

(4) Medicare supplement insurance and long-term care insurance, as a supplement to a license for the kinds of insurance listed in subdivision (1) of this subsection.

These lines of authority shall remain applicable for holders of these licenses until the Commissioner provides applicable replacement licenses under the new lines that will go into effect for new licenses on January 1, 2008. Replacement licenses shall grant authority comparable to the licenses being replaced.

(c1) Effective for licenses issued on or after January 1, 2008, an agent or broker may be licensed for the following kinds of insurance:

(1) Accident and health or sickness – Insurance coverage for sickness, bodily injury, or accidental death and may include benefits for disability income.

(2) Casualty – Insurance coverage against legal liability, including that for death, injury, or disability, or damage to real or personal property.

(3) Limited line insurance.

(4) Life – Insurance coverage on human lives, including benefits in the event of death or dismemberment by accident and benefits for disability income.

(5) Medicare supplement insurance and long-term care insurance, as a supplement to a license for the kinds of insurance listed in subdivision (1) of this subsection.

(6) Personal lines – Property and casualty insurance coverage sold to individuals and families for primarily noncommercial purposes.

(7) Property – Insurance coverage for the direct or consequential loss or damage to property of every kind.

(8) Variable life and variable annuity products – Insurance coverage provided under variable life insurance contracts and variable annuities.

(9) Any other kind of insurance permitted under State laws or administrative rules.

(d) ~~A property and liability insurance license does not authorize an agent to sell accident and health insurance. An agent must hold a life and health insurance license to sell accident and health insurance.~~A person holding a license or licenses for the kind or

kinds of insurance specified in subsection (c1) of this section may sell, solicit, or negotiate only the kind or kinds of insurance for which that person is licensed.

(e) A ~~life and health insurance~~ variable life and variable annuity products license authorizes a resident agent to ~~sell~~ sell, solicit, or negotiate variable contracts if the agent satisfies the Commissioner that the agent has met the National Association of Securities Dealers requirements of the Secretary of State of North Carolina.

(f) ~~A life and health insurance~~ An accident and health or sickness license authorizes a resident agent to ~~sell~~ sell, solicit, or negotiate Medicare supplement and long-term care insurance policies as defined respectively in Articles 54 and 55 of this Chapter, provided that the licensee takes and passes a supplemental written examination for the insurance as provided in G.S. 58-33-30(e) and pays the supplemental registration fee provided in G.S. 58-33-125(c).

(g) ~~A limited representative may receive qualification for one or more licenses without examination for the following kinds of insurance:~~

~~(1) Dental services.~~

~~(2) Limited line credit insurance.~~

~~(3) Limited lines insurance.~~

~~(4) Motor club.~~

~~(5) Prearrangement insurance, as defined in G.S. 58-60-35(a)(2), when offered or sold by a preneed sales licensee licensed under Article 13D of Chapter 90 of the General Statutes.~~

~~(6) Travel accident and baggage.~~

~~(7) Vehicle service agreements and mechanical breakdown insurance.~~

The Commissioner may issue one or more licenses without examination to individuals for limited lines insurance per qualifications and application procedures defined in the administrative rules.

(h) No licensed agent, broker, or limited representative shall ~~solicit~~ sell, solicit, or negotiate anywhere in the boundaries of this State, or receive or transmit an application or premium of insurance, for a company not licensed to do business in this State, except as provided in G.S. 58-28-5 and Article 21 of this Chapter.

(i) No agent shall place a policy of insurance with any insurer unless the agent has a current appointment as agent for the insurer in accordance with G.S. 58-33-40 or has a valid temporary license issued in accordance with G.S. 58-33-66.

(j) A business entity that ~~sells, negotiates, or solicits~~ sells, solicits, or negotiates insurance shall be licensed in accordance with G.S. 58-33-31(b). Every member of the partnership and every officer, director, stockholder, and employee of the business entity personally engaged in this State in ~~soliciting or negotiating~~ selling, soliciting, or negotiating policies of insurance shall qualify as an individual licensee. A business entity license shall expire on April 1 of each year unless the business entity pays the renewal fee.

(k) The license shall state the name and ~~social security number, or other~~ an identifying number of the licensee, date of issue, kind or kinds of insurance covered by the license, and any other information as the Commissioner deems to be proper.

(l) A license issued to an agent authorizes him to act until his license is otherwise suspended or revoked. Upon the suspension or revocation of a license, the licensee or any person having possession of such license shall return it to the Commissioner.

(m) A license of a broker, limited representative, adjuster, or motor vehicle damage appraiser shall be renewed on April 1 each year, and renewal fees shall be paid. The Commissioner is not required to print licenses for the purpose of renewing licenses. The Commissioner may establish for licenses "staggered" license renewal dates that will apportion renewals throughout each calendar year. If the system of staggered licensing is adopted, the Commissioner may extend the licensure period for some licensees. License renewal fees prescribed by G.S. 58-33-125 shall be prorated to the extent they are commensurate with extensions.

(n) A license as an insurance producer is not required of the following:

(1) An officer, director, or employee of an insurer or of an insurance producer, provided that the officer, director, or employee does not receive any commission on policies written or sold to insure risks residing, located, or to be performed in this State, except for indirect receipt of proceeds of commissions in the form of salary, benefits, or distributions, and:

a. The officer, director, or employee's activities are executive, administrative, managerial, clerical, or a combination of these, and are only indirectly related to the sale, solicitation, or negotiation of insurance; or

b. The officer, director, or employee's function relates to underwriting, loss control, inspection, or the processing, adjusting, investigating, or settling of a claim on a contract of insurance; or

c. The officer, director, or employee is acting in the capacity of a special agent or agency supervisor assisting insurance producers where the person's activities are limited to providing technical advice and assistance to licensed insurance producers and do not include the sale, solicitation, or negotiation of insurance.

(2) A person who secures and furnishes information for the purpose of group life insurance, group property and casualty insurance, group annuities, group or blanket accident and health insurance; or for the purpose of enrolling individuals under plans; issuing certificates under plans or otherwise assisting in administering plans; or performs administrative services related to mass-marketed property and casualty insurance; where no commission is paid to the person for the service.

(3) An employer or association or its officers, directors, employees, or the trustees of an employee trust plan, to the extent that the employers, officers, employees, director, or trustees are engaged in the administration or operation of a program of employee benefits for the employer's or association's own employees or the employees of its

subsidiaries or affiliates, which program involves the use of insurance issued by an insurer, as long as the employers, associations, officers, directors, employees, or trustees are not in any manner compensated, directly or indirectly, by the company issuing the contracts.

(4) Employees of insurers or organizations employed by insurers who are engaging in the inspection, rating, or classification of risks, or in the supervision of the training of insurance producers and who are not individually engaged in the sale, solicitation, or negotiation of insurance.

(5) A person whose activities in this State are limited to advertising without the intent to solicit insurance in this State through communications in printed publications or other forms of electronic mass media whose distribution is not limited to residents of this State, provided that the person does not sell, solicit, or negotiate insurance that would insure risks residing, located, or to be performed in this State.

(6) A person who is not a resident of this State who sells, solicits, or negotiates a contract of insurance for commercial property and casualty risks to an insured with risks located in more than one state insured under that contract, provided that that person is otherwise licensed as an insurance producer to sell, solicit, or negotiate that insurance in the state where the insured maintains its principal place of business and the contract of insurance insures risks located in that state.

(7) A salaried full-time employee who counsels or advises his or her employer relative to the insurance interests of the employer or of the subsidiaries or business affiliates of the employer provided that the employee does not sell or solicit insurance or receive a commission.

(8) Licensed insurers authorized to write the kinds of insurance described in G.S. 58-7-15(1) through G.S. 58-7-15(3) that do business without the involvement of a licensed agent.

(9) A person indirectly receiving proceeds of commissions as part of the transfer of insurance business or in the form of retirement or similar benefits.

(o) Nothing in this Article requires an insurer to obtain an insurance producer license. In this subsection, "insurer" does not include an insurer's officers, directors, employees, subsidiaries, or affiliates.

(p) An individual shall not simultaneously hold an agent's and an adjuster's license in this State. An individual who holds a property and liability insurance license may apply for an adjuster license without having to take the adjuster examination in G.S. 58-33-30(e) if the individual applies for the adjuster license within 60 days after surrendering the property and liability insurance license. An individual who holds an adjuster license may apply for a property and liability insurance license without having to take the property and liability insurance agent examination in G.S. 58-33-30(e) if the

individual applies for the property and liability insurance license within 60 days after surrendering the adjuster license."

SECTION 2. G.S. 58-33-10(2) reads as rewritten:

"(2) "Adjuster" means any individual who, for salary, fee, commission, or other compensation of any nature, investigates or reports to his principal relative to claims arising under insurance contracts other than life or annuity. An attorney at law who adjusts insurance losses from time to time incidental to the practice of his profession or an adjuster of marine losses is not deemed to be an adjuster for purposes of this Article. ~~An individual may not simultaneously hold an agent's and an adjuster's license in this State.~~"

SECTION 3. G.S. 58-33-30(d) reads as rewritten:

"(d) Education and Training. –

(1) Each applicant must have had special education, training, or experience of sufficient duration and extent reasonably to satisfy the Commissioner that the applicant possesses the competence necessary to fulfill the responsibilities of an agent, broker, limited representative, adjuster, or motor vehicle damage appraiser.

(2) All individual applicants for licensing as ~~life and health agents or as property and liability~~ agents under G.S. 58-33-26(c1)(1), (2), (4), (6), or (7) shall furnish evidence satisfactory to the Commissioner of successful completion of at least ~~40~~ 20 hours of ~~instruction,~~ instruction for each license, which shall in all cases include the general principles of insurance and any other topics relevant to the license that the Commissioner establishes by ~~regulation; and which shall, in the case of life and health insurance applicants, include the principles of life, accident, and health insurance and, in the case of property and liability insurance applicants, shall include instruction in property and liability insurance.~~ administrative rules. Any applicant who submits satisfactory evidence of having successfully completed an agent training course that has been approved by the Commissioner and that is offered by or under the auspices of a property or liability or life or health insurance company admitted to do business in this State or a professional insurance association shall be deemed to have satisfied the educational requirements of this subdivision. ~~The requirement in this subdivision for completion of 40 hours of instruction applies only to applicants for life and health or property and liability insurance licenses.~~

(3) Each resident applicant for a Medicare supplement and long-term care insurance license shall furnish evidence satisfactory to the Commissioner of successful completion of 10 hours of instruction, which shall in all cases include the principles of Medicare supplement and long-term care insurance and federal and North Carolina law relating to such insurance. A resident applicant who submits

satisfactory evidence of having successfully completed an agent training course that has been approved by the Commissioner and that is offered by or under the auspices of a licensed life or health insurer or a professional insurance association satisfies the educational requirements of this subdivision."

SECTION 4. G.S. 58-33-32(k) reads as rewritten:

"(k) A producer shall report to the Commissioner any administrative action taken against the producer in another state or by another governmental agency in this State within 30 days after the final disposition of the matter. As used in this subsection, "administrative action" includes enforcement action taken against the producer by the National Association of Securities Dealers. This report shall include a copy of the order or consent order and other information or documents filed in the proceeding necessary to describe the action."

SECTION 5. G.S. 58-33-46(a)(2) reads as rewritten:

"(2) Violating any insurance ~~laws, or~~ law of this or any other state, violating any administrative rule, subpoena, or order of the Commissioner or of another state's insurance ~~regulator.~~ regulator, or violating any rule of the National Association of Securities Dealers."

SECTION 6. G.S. 58-33-46(a)(6) reads as rewritten:

"(6) Having been convicted of a ~~felony or of~~ felony, a misdemeanor involving ~~dishonesty or~~dishonesty, a breach of ~~trust.~~ trust, or a misdemeanor involving moral turpitude."

SECTION 7. G.S. 58-33-125 reads as rewritten:

"**§ 58-33-125. Fees.**

(a) The following table indicates the annual fees that are required for the respective licenses issued, renewed, or cancelled under this Article and Article 21 of this Chapter:

Adjuster	$75.00
Adjuster, crop hail only	20.00
Agent appointment cancellation (paid by insurer)	10.00
Agent appointment, individual	20.00
~~Agent appointment, nonindividual~~	~~50.00~~

~~Recertification, continuing education~~	~~5.00~~

Surplus lines licensee, corporate ..... ~~50.00~~ 100.00
Surplus lines licensee, individual 50.00

These fees are in lieu of any other license fees. Fees paid by an insurer on behalf of a person who is licensed or appointed to represent the insurer shall be paid to the Commissioner on a quarterly or monthly basis, in the discretion of the Commissioner. ~~The recertification fee in this subsection shall be paid by persons subject to G.S. 58-33-130 at the time they renew their licenses or appointments under G.S. 58-33-130(c).~~

(b) Whenever a temporary license ~~may be~~ is issued ~~pursuant to~~ under this Article, the fee shall be at the same rate as provided in subsection (a) of this section; and any amounts so paid for a temporary license may be credited against the fee required for an appointment by the sponsoring company.

(c) Any person not registered who is required by law or administrative rule to secure a license shall, upon application for registration, pay to the Commissioner a fee of ~~thirty dollars ($30.00). In the event~~ fifty dollars ($50.00). If additional licensing for other kinds of insurance is requested, a fee of ~~thirty dollars ($30.00)~~ fifty dollars ($50.00) shall be paid to the Commissioner upon application for registration for each additional kind of insurance.

In addition to the fees prescribed by this subsection, any person applying for a supplemental license to sell Medicare supplement and long-term care insurance policies shall pay an additional fee of ~~thirty dollars ($30.00)~~ fifty dollars ($50.00) upon application for registration for those kinds of insurance.

(d) The requirement for an examination, prelicensing education, continuing education, or a registration fee does not apply to agents for domestic farmers' mutual assessment fire insurance companies or associations who solicit and sell only those kinds of insurance specified in G.S. 58-7-75(5)d for such companies or associations.

(e) ~~In the event a license issued under this Article is lost, stolen, or destroyed, the Commissioner may issue a duplicate license upon a written request from the licensee and payment of a fee of five dollars ($5.00).~~ A resident licensee may obtain a duplicate photo-bearing license at times and places within this State that the Commissioner considers necessary and reasonable to serve the convenience of both the Commissioner and the licensee. The Commissioner may contract directly with persons for processing of duplicate photo-bearing licenses, and the contract shall not be subject to Article 3 of Chapter 143 of the General Statutes. The Commissioner may charge a reasonable fee for duplicating a photo-bearing license in an amount that offsets the costs to the Department of duplicating the license, including costs associated with any contract entered into pursuant to this subsection.

~~(f) Whenever a printed record of an agent's file is requested, the fee shall be ten dollars ($10.00) for each copy whether or not the agent is currently licensed, previously licensed, or no record of that agent exists.~~

(g) All fees prescribed by this section are nonrefundable."

SECTION 8. G.S. 58-33-130 reads as rewritten:

"§ 58-33-130. Continuing education program for licensees.

(a) The Commissioner may adopt rules to provide for a program of continuing education requirements for the purpose of enhancing the professional competence and professional responsibility of adjusters and motor vehicle damage appraisers. The rules may include criteria for:

(1) The content of continuing education courses;
(2) Accreditation of continuing education sponsors and programs;
(3) Accreditation of videotape or other audiovisual programs;
(4) Computation of credit;
(5) Special cases and exemptions;
(6) General compliance procedures; and
(7) Sanctions for noncompliance.

The Commissioner may contract directly with persons for the administration of the program provided for by this section, and those contracts shall not be subject to Article 3 of Chapter 143 of the General Statutes. The Commissioner may charge a reasonable fee to course providers to offset the cost of the program, including costs associated with contracts authorized by this subsection. The fee authorized by this subsection shall be in addition to the fees specified in G.S. 58-33-133. As used in this section and in G.S. 58-33-132, "administrator" means any person with whom the Commissioner has contracted under this subsection.

(b) The Commissioner may adopt rules to provide for the continuing professional education of all agents and ~~brokers, including fraternal field marketers, but excluding limited representatives.~~ brokers who are licensed to sell, solicit, and negotiate the kinds of insurance specified in G.S. 58-33-26(c1)(1), (2), (4), (6), (7), or (8). In adopting the rules, the Commissioner may use the same criteria as specified in subsection (a) of this ~~section and shall provide that agents holding more than one license under G.S. 58-33-25(c) are required to complete no more than 18 credit hours per year.~~section.

(c) The license of any person who fails to comply with the continuing education requirements under this section shall ~~lapse. The Commissioner may, for good cause shown, grant extensions of time to licensees to comply with these requirements.~~ lapse except that the Commissioner or administrator may either grant an extension of time for good cause shown or charge an administrative fee of seventy-five dollars ($75.00), or both, in lieu of having the person's license lapse.

(d) ~~Annual~~ Biennial continuing professional education hour requirements shall be determined by the Commissioner, but shall not be more than ~~12~~ 24 credit hours. The Commissioner may by rule establish a staggered system in which the credit hour compliance period is based on the month and year of birth of each individual licensee.

~~(e) No more than seventy-five percent (75%) of the requirement relating to life or health insurance agents or brokers may be met by taking courses offered by licensed life or health insurance companies with which those agents or brokers have appointments.~~

(f) Repealed by Session Laws 1993 (Reg. Sess., 1994), c. 678, s. 18, effective July 5, 1994.

~~(g) The Commissioner shall permit any licensee to carry over to a subsequent calendar year up to seventy-five percent (75%) of the required annual hours of continuing professional education.~~

(h) Any licensee who, after obtaining an extension under subsection (c) of this section, offers evidence satisfactory to the Commissioner or administrator that the licensee has satisfactorily completed the required continuing professional education courses is in compliance with this section.

(i) The Commissioner is authorized to approve continuing professional education courses.

(j) Repealed by Session Laws 2002-144, s. 3, as amended by Session Laws 2003-284, s. 22.2, and as amended by Session Laws 2004-124, s. 21.1, effective July 1, 2002.

(k) Repealed by Session Laws 1993, c. 409, s. 4, effective July 1, 1993."

SECTION 9. G.S. 58-33-132 reads as rewritten:

"**§ 58-33-132. Qualifications of instructors.**

(a) The Commissioner may adopt rules to establish requisite qualifications for and issuance, renewal, summary suspension, and termination of provider, presenter, and instructor authority for prelicensing and continuing insurance education courses. During any suspension, the instructor shall not engage in any instruction of prelicensing or continuing insurance education courses prior to an administrative review. No person shall provide, present, or instruct any course unless that person has been qualified and possesses a license from the ~~Commissioner.~~ Commissioner or administrator.

(b) The Commissioner or administrator may summarily suspend or terminate the authority of an instructor, course provider, or presenter if the course presentation:

(1) Is determined to be inaccurate; or

(2) Receives an evaluation of poor from any Department monitor and a majority of attendees responding to Department questionnaires about the presentation."

SECTION 10. G.S. 58-33-133 reads as rewritten:

"**§ 58-33-133. Continuing education course provider fees.**

(a) Each course provider shall ~~submit~~ pay to the Commissioner a fee of one dollar ($1.00) per approved credit hour per individual who successfully completes a course under G.S. 58-33-130.

(b) At the time a course provider submits an application to the Commissioner for approval of a course under G.S. 58-33-130, the provider shall pay to the Commissioner a filing fee of one hundred dollars ($100.00) per course up to a two thousand five hundred dollars ($2,500) per calendar year maximum.

(b1) Licensees who are required to comply with G.S. 58-33-130 shall pay to the Commissioner a fee of one dollar ($1.00) per credit hour earned. These fees also apply to national designation courses and other courses approved by the Commissioner from other State or federal programs.

(c) Fees collected by the Commissioner under this section and under G.S. 58-33-130 shall be credited to the Insurance Regulatory Fund created under ~~G.S. 58-6-25.~~ G.S. 58-6-25 for the purpose of offsetting the cost of administering the program authorized by G.S. 58-33-130."

SECTION 11. G.S. 58-71-40(d) reads as rewritten:

"(d) When a license is issued under this section, the Commissioner shall issue a picture identification card, of design, size, and content approved by the Commissioner, to the licensee. Each licensee must carry this card at all times when working in the scope of the licensee's employment. A licensee whose license terminates or is terminated shall surrender the identification card to the Commissioner within 10 working days after the termination. The Commissioner may contract directly with persons for the processing and issuance of picture identification cards required by this section and may charge a reasonable fee in addition to the license fee charged under G.S. 58-71-55 in an amount that offsets the cost of the service, including the costs associated with the contract authorized by this subsection. Contracts entered into pursuant to this subsection shall not be subject to Article 3 of Chapter 143 of the General Statutes."

SECTION 12. G.S. 58-71-115 reads as rewritten:

"**§ 58-71-115. Insurers to annually report surety bondsmen; notices of appointments and terminations; information confidential.**

(a) Before July 1 of each year, every insurer shall furnish the Commissioner a list of all surety bondsmen appointed by the insurer to write bail bonds on the insurer's behalf. An insurer who appoints a surety bondsman in the State on or after July 1 of each year ~~must~~ shall notify the Commissioner of the appointment. All appointments are subject to the issuance of the proper license to the appointee under this Article.

(b) An insurer terminating the appointment of a surety bondsman shall file a written notice of the termination with the Commissioner, together with a statement that the insurer has given or mailed notice of the termination to the surety ~~bondsman and to the clerk of superior court of any county in the State in which the insurer has been obligated on bail bonds through the surety bondsman within the past three years.~~ bondsman. The notice to the Commissioner shall state the reasons, if any, for the termination. Information furnished in the notice to the Commissioner shall be privileged and shall not be used as evidence in or basis for any action against the insurer or any of its representatives."

SECTION 13. G.S. 58-71-141 reads as rewritten:

"**§ 58-71-141. Appointment of bail bondsmen; affidavit required.**

(a) ~~Prior to~~ Before receiving an appointment, a surety bondsman shall submit to the Commissioner an affidavit, signed under oath, by the surety bondsman and by any former insurer, stating that the surety bondsman does not owe any premium or unsatisfied judgment to any insurer and that the bondsman agrees to discharge all outstanding forfeitures and judgments on bonds previously written. The affidavit shall be in a form prescribed by the ~~Commissioner.~~ Commissioner and shall be submitted by the surety bondsman to the former insurer. If the surety bondsman does not satisfy or discharge all forfeitures or judgments, the former insurer shall submit a notice, with supporting documents, to the appointing insurer, the surety bondsman, and the Commissioner, which states, under oath, that the surety bondsman has failed to satisfy, in a timely manner, the forfeitures and judgments on bonds written by the surety bondsman and that the former insurer has satisfied the forfeiture or judgment from its own funds. The former insurer shall submit the notice and supporting documents to the

appointing insurer, the surety bondsman, and the Commissioner within 30 days after the former insurer receives the affidavit from the surety bondsman. Upon receipt of the ~~notification~~ notice and supporting documents, the appointing insurer shall immediately cancel the surety bondsman's appointment. The surety bondsman may be reappointed only upon certification by the former insurer that all forfeitures and judgments on bonds written by the surety bondsman have been discharged. The appointing insurer or surety bondsman may, within 10 days ~~of the receipt of~~ after receiving the notice and supporting documents from the former insurer, appeal to the Commissioner.

(b) The Commissioner shall adopt rules, including rules regarding the ~~process of~~ procedures for appeals and stays of the requirements of this section, to implement this section.

(c) As used in this section, "former insurer" means the insurer with whom the surety bondsman had a prior appointment and who is responsible for any outstanding bonds written by the surety bondsman."

SECTION 14. G.S. 58-71-165 reads as rewritten:

"§ 58-71-165. Monthly report required.

(a) Each professional bail bondsman ~~and surety bondsman~~ shall file with the Commissioner a written report in form prescribed by the Commissioner regarding all bail bonds on which the bondsman is liable as of the first day of each month showing (i) each individual bonded, (ii) the date the bond was given, (iii) the principal sum of the bond, (iv) the State or local official to whom given, and (v) the fee charged for the bonding service in each instance.

(b) Each insurer that appoints surety bondsmen in this State shall file with the Commissioner a written report in a form adopted by the Commissioner regarding all bail bonds on which the insurer is liable as of the last day of each calendar quarter showing the total dollar amount for which the insurer is liable. The report shall be filed on or before the fifteenth day following the end of each calendar quarter.

(c) The ~~report~~ reports required by subsections (a) and (b) of this section shall be filed on or before the fifteenth day of each month.

(d) Any person who knowingly and willfully falsifies a report required by this section is guilty of a Class I felony."

SECTION 15. G.S. 58-2-69 reads as rewritten:

"§ 58-2-69. Notification of criminal convictions and changes of address; service of ~~notice.~~ notice; contracts for online services, administrative services, or regulatory data systems.

(a) As used in this section:

(1) "License" includes any license, certificate, registration, or permit issued under this Chapter.

(2) "Licensee" means any person who holds a license.

(b) Every applicant for a license shall inform the Commissioner of the applicant's residential address. Every licensee shall give written notification to the Commissioner of any change of the licensee's residential address within 10 business days after the licensee moves into the licensee's new residence. This requirement applies if the change of residential address is by governmental action and there has been no actual change of

residence location; in which case the licensee ~~must~~ shall notify the Commissioner within 10 business days after the effective date of the change. A violation of this subsection is not a ground for revocation, suspension, or nonrenewal of the license or for the imposition of any other penalty by the ~~Commissioner.~~ Commissioner, though a licensee who violates this subsection shall pay an administrative fee of seventy-five dollars ($75.00) to the Commissioner.

(c) If a licensee is convicted in any court of competent jurisdiction for any crime or offense other than a motor vehicle infraction, the licensee shall notify the Commissioner in writing of the conviction within 10 days after the date of the conviction. As used in this subsection, "conviction" includes an adjudication of guilt, a plea of guilty, or a plea of nolo contendere.

(d) Notwithstanding any other provision of law, whenever the Commissioner is authorized or required to give any notice under this Chapter to a licensee, the notice may be given personally or by sending the notice by first-class mail to the licensee at the address that the licensee has provided to the Commissioner under subsection (b) of this section.

(e) The giving of notice by mail under subsection (d) of this section is complete upon the expiration of four days after the deposit of the notice in the post office. Proof of the giving of notice by mail may be made by the certificate of any employee of the Department.

(f) Notification by licensees under subsection (b) of this section may be accomplished by submitting written notification directly to the Commissioner or by using any online services approved by the Commissioner for this purpose.

(g) The Commissioner may contract with the NAIC or other persons for the provision of online services to licensees, for the provision of administrative services to licensees, or for the provision of regulatory data systems to the Commissioner. The NAIC or other person with whom the Commissioner contracts may charge licensees a reasonable fee for the costs associated with the licensees' use of online services and administrative services. The fee shall be agreed to by the Commissioner and the other contracting party and shall be stated in the contract. Contracts for the provision of online services, contracts for the provision of administrative services, and contracts for the provision of regulatory data systems shall not be subject to Article 3, 3C, or 8 of Chapter 143 of the General Statutes or to Article 3D of Chapter 147 of the General Statutes."

SECTION 16. This act becomes effective January 1, 2008, and applies to fees or charges due, and actions occurring, on or after that date.

SENATE BILL 1527:
Amend Insurance Laws/Producers and Bail Bonds

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	July 2, 2007
Introduced by:	Sen. Clodfelter	**Summary by:**	Trina Griffin
Version:	Second Edition		Committee Counsel

SUMMARY: ***Senate Bill 1527 makes various changes to the licensing laws for insurance agents, brokers, and adjusters, including fee changes for licensing and continuing education requirements. The bill also amends several statutes dealing with the licensure of bail bondsmen and authorizes the outsourcing by the Department of Insurance of continuing education requirements.***

BILL ANALYSIS:

Section 1 of Senate Bill 1527 amends G.S. 58-33-26 to include the following:

- Provides that current lines of authority for different kinds of insurance remain applicable for license holders until the Commissioner provides replacement licenses under new lines to go into effect for new licenses on January 1, 2008.
- Provides that for licenses issued on or after January 1, 2008, an agent or broker may be licensed for the following new kinds or categories of insurance: accident and health, casualty, limited line, life, Medicare supplement insurance and long-term care insurance, personal (property and casualty sold to individuals and families for noncommercial purposes), property, variable life and annuity products, and any other kind of insurance permitted under State law or administrative rules.
- Clarifies that a person holding a license for the type of insurance listed under subsection (c) may sell, solicit or negotiate only the kind or kinds of insurance for which the person is licensed.
- Changes the word "sell" to "sell, solicit, or negotiate" throughout the statute.
- Deletes existing language specifying the types of limited lines (dental, motor club, travel accident and baggage, etc.) for which an individual may qualify for licensure without examination and, instead, authorizes the Commissioner to issue licenses without examination for limited lines per qualifications and application procedures as defined in the administrative rules.
- Provides that business entity licenses (a business that sells, solicits or negotiates insurance) expire on April 1 of each year.
- Adds a new subsection (p) providing that a person may not simultaneously hold an agent's and an adjuster's license. A person holding a property and liability insurance license may apply for an adjuster's license without taking an examination if the person applies for the adjuster license within 60 days of surrendering the insurance license. Likewise, a person holding an adjuster's license may apply for a property and casualty license without taking an examination if the individual applies for the insurance license within 60 days of surrendering the adjuster license.

Section 2 of the bill amends the definition of an adjuster to delete language addressed by the new subsection (p) above.

Section 3 makes changes to G.S. 58-33-30(d) dealing with education and training requirements for insurance agent applicants. The bill requires individual applicants for licensing as accident and health insurance, casualty insurance, life insurance, personal lines, and property insurance agents to complete 20 hours of instruction for each license (Current law requires life and health agents and property and liability agents to complete 40 hours of instruction.)

Section 4 clarifies that, for the purposes of reporting to the Commissioner, administrative action against an insurance producer includes enforcement action by the National Association of Securities Dealers.

Sections 5 and 6 amend the provisions under which the Commissioner may suspend a license to include violation of other state laws or of rules of the National Association of Securities Dealers and a conviction of a misdemeanor involving moral turpitude.

Section 7 amends G.S.58-33-125 governing annual licensing fees, as follows:

- Creates a fee for a business entity license of $100.00. This replaces the existing fee of $50.00 for agent appointment, nonindividual which is deleted in this section.
- Deletes the recertification, continuing education fee of $5.00.
- Increases the corporate surplus lines licensee fees from $50.00 to $100.00.
- Increases the fee for persons who are not registered and are required to secure a license from $30.00 to $50.00. This fee is also increased upon application for registration for each additional kind of insurance. The fee to obtain a supplemental license to sell Medicare supplement and long-term care policies is also increased from $30.00 to $50.00.
- The fee of $5.00 for duplicate licenses is deleted and replaced by a reasonable fee for duplicate photo-bearing licenses in an amount to be determined by the Commissioner.
- The fee of $10.00 for requests of an agent's file is deleted.

Section 8 authorizes the Commissioner to contract for the administration of continuing education programs. These contracts are not subject to the Purchase and Contracts requirements of Article 3 of Chapter 143. The Commissioner is authorized to adopt rules for the continuing professional education of agents and brokers. The Commissioner may charge a fee of $75.00 in lieu of allowing a license to lapse for failure to comply with continuing education requirements.

Biennial continuing education requirements will be determined by the Commissioner, but may not exceed 24 credit hours (currently 12 hours annually).

Section 10 requires licensees to pay to the Commissioner a fee of $1.00 per credit hour earned. The bill would require that fees collected be paid into the Insurance Regulatory Fund to offset the cost of administering the continuing education program.

Section 11 authorizes the Commissioner to contract with persons for the processing and issuance of picture identification cards and may charge a reasonable fee to offset costs. These contracts are not subject to the Purchase and Contracts requirements of Article 3 of Chapter 143.

Section 12 deletes the requirement that insurers terminating a bail bondsman's appointment give notice to the clerk of any county in which the insurer has been obligated on bail bonds through the surety bondsman.

Before a surety bondsman may receive an appointment, the bondsman must submit to the Commissioner an affidavit signed by the surety bondsman and any former insurer stating that the bondman does not owe any premium or unsatisfied judgment to any insurer and agreeing to discharge any forfeitures and judgments on bonds previously written.

Section 13 clarifies that the surety bondsman shall submit the affidavit to the former insurer. This section also clarifies that if all judgments are not satisfied or forfeited, the insurer shall submit the notice and supporting documents to the appointing insurer, the surety bondsman, and the Commissioner within 30 days of receiving the affidavit from the surety bondsman.

Section 14 requires insurers to file with the Commissioner a written report in a form adopted by the Commissioner regarding all bail bonds on which the insurer is liable as of the last day of each calendar quarter. The report must be filed on or before the fifteenth day following the end of the calendar quarter.

Section 15 requires licensees who fail to notify the Commissioner of as change in residential address to pay an administrative fee of $75.00 in addition to existing penalties and requires a licensee to notify the Commissioner **in writing** of any criminal convictions other than motor vehicle infractions. The section also gives the Commissioner authority to contract with the National Association of Insurance Commissioners or other persons for the provision of online services and administrative services to licensees and regulatory data systems to the Commissioner. Licensees may be charged a reasonable fee for the costs of these services. Contracts under this section are not subject to the contract provisions of Chapter 143, including contracts for consulting services, or State Information Technology Services requirements under Article 3D of Chapter 147.

EFFECTIVE DATE: Senate Bill 1527 becomes effective January 1, 2008 and applies to fees or charges dues, and actions occurring, on or after that date.

March 26, 2007

A BILL TO BE ENTITLED

AN ACT TO PHASE OUT THE COUNTY SHARE OF THE NONFEDERAL SHARE OF MEDICAID COSTS, TO MAKE CORRESPONDING CHANGES TO STATE AND LOCAL REVENUE STREAMS, TO PROVIDE A NONREFUNDABLE EARNED INCOME TAX CREDIT, AND TO TAX ANNUITIES IN THE SAME MANNER AS OTHER INSURANCE PRODUCTS.

The General Assembly of North Carolina enacts:

SECTION 1.(a) Effective October 1, 2007, twenty-five percent (25%) of the nonfederal share of Medical Assistance Program costs borne by the counties, excluding administrative costs, shall be borne by the State.

SECTION 1.(b) Effective July 1, 2008, fifty percent (50%) of the nonfederal share of Medical Assistance Program costs borne by the counties, excluding administrative costs, shall be borne by the State.

SECTION 1.(c) Effective July 1, 2009, G.S. 108A-54 reads as rewritten:

"**§ 108A-54. Authorization of Medical Assistance Program.**

The Department is authorized ~~and empowered~~ to establish a ~~Medical Assistance~~ Medicaid Program in accordance with Title XIX of the federal Social Security Act. ~~from federal, State and county appropriations and to adopt rules and regulations under which payments are to be made in accordance with the provisions of this Part.~~ The Department may adopt rules to implement the Program. The State is responsible for the nonfederal share of the costs of medical services provided under the Program. A county is responsible for the county's cost of administering the Program in that county. ~~The nonfederal share may be divided between the State and the counties, in a manner consistent with the provisions of the federal Social Security Act, except that the share required from the counties may not exceed the share required from the state. If a portion of the nonfederal share is required from the counties, the boards of county~~

~~commissioners of the several counties shall levy, impose and collect the taxes required for the special purpose of medical assistance as provided in this Part, in an amount sufficient to cover each county's share of such assistance.~~"

SECTION 1.(d) Subsection (a) of this section becomes effective October 1, 2007, and applies to Medicaid costs incurred on or after that date. Subsection (b) of this section becomes effective July 1, 2008, and applies to Medicaid costs incurred on or after that date. Subsection (c) of this section becomes effective July 1, 2009, and applies to Medicaid costs incurred on or after that date.

SECTION 2.(a) ADM Funding Adjustment. – Notwithstanding G.S. 115C-546.2(a), the amount that would otherwise be allocated to counties under that subsection for fiscal year 2007-2008 from the Public School Building Capital Fund is reduced as follows:

(1) If the amount of a county's Medicaid payments that are assumed by the State for fiscal year 2007-2008 under Section 1(a) of this act exceeds the allocation the county would receive under this section based on its per average daily membership, the amount of the county's allocation from the Fund is reduced by sixty percent (60%) of the amount the county would receive based on its average daily membership.

(2) If the amount of a county's Medicaid payments that are assumed by the State for fiscal year 2007-2008 under Section 1(a) of this act does not exceed the allocation the county would receive under this section based on its per average daily membership, the amount of the county's allocation from the Fund is reduced by an amount equal to sixty percent (60%) of the county's Medicaid payments that are assumed by the State for fiscal year 2007-2008.

SECTION 2.(b) Restriction. – In fiscal year 2007-2008, a county must use a portion of the revenue that is available to it, as a result of the assumption by the State of part of the county's Medicaid payments, for the purposes set out in G.S. 115C-546.2(b). The portion that must be used for these purposes is an amount equal to the difference between what the county would receive under G.S. 115C-546.2(a) based on its per average daily membership and the adjusted amount it receives under subsection (a) of this section.

SECTION 2.(c) This section is effective when it becomes law and applies to allocations from the Public School Building Capital Fund for fiscal year 2007-2008.

SECTION 3.(a) Notwithstanding the provisions of Article 44 of Chapter 105 of the General Statutes that authorize one-half percent (1/2%) local sales and use taxes, the tax rate for a tax imposed under that Article for the period October 1, 2008, through September 30, 2009, is one-quarter percent (1/4%) rather than one-half percent (1/2%). A resolution enacted by a county under Article 44 before October 1, 2008, to levy one-half percent (1/2%) local sales and use tax is considered to be a resolution authorizing the levy of one-fourth percent (1/4%) local sales and use taxes under that Article, as amended by this section.

SECTION 3.(b) G.S. 105-520 reads as rewritten:

"**§ 105-520. Distribution of taxes.**

(a) Point of Origin. – The Secretary must, on a monthly basis, allocate to each taxing county ~~one-half of~~ the net proceeds of the tax collected in that county under this Article. If the Secretary collects taxes under this Article in a month and the taxes cannot be identified as being attributable to a particular taxing county, the Secretary must allocate ~~one-half of~~ the net proceeds of these taxes among the taxing counties in proportion to the amount of taxes collected in each county under this Article in that month.

(b) ~~Per Capita. – The Secretary must, on a monthly basis, allocate the remaining net proceeds of the tax collected under this Article among the taxing counties on a per capita basis according to the most recent annual population estimates certified to the Secretary by the State Budget Officer. The Secretary must then adjust the amount allocated to each county as provided in G.S. 105-486(b).~~

(c) Distribution Between Counties and Cities. – The Secretary must divide and distribute the funds allocated under this section each month between each taxing county and the municipalities located in the county in accordance with the method by which the one percent (1%) sales and use taxes levied in that county pursuant to Article 39 of this Chapter or Chapter 1096 of the 1967 Session Laws are distributed. No municipality may receive any funds under this subsection for a month if it is not entitled to a distribution under G.S. 105-501 for the same month."

SECTION 3.(c) G.S. 105-521 reads as rewritten:

"**§ 105-521. Transitional local government ~~hold harmless.~~hold harmless for repealed reimbursements.**

(a) Definitions. – The following definitions apply in this section:

(1) Local government. – A county or municipality that received a distribution of local sales taxes in the most recent fiscal year for which a local sales tax share has been calculated.

(2) Local sales tax share. – A local government's percentage share of the two-cent (2¢)sales taxes distributed during the most recent fiscal year for which data are available.

(3) Repealed reimbursement amount. – The total amount a local government would have been entitled to receive during the 2002-2003 fiscal year under G.S. 105-164.44C, 105-275.1, 105-275.2, 105-277.001, and 105-277.1A, if the Governor had not withheld any distributions under those sections.

(3a) Replacement revenue. – The sum of the following:

a. Fifty percent (50%) of the amount of sales and use tax revenue distributed under Article 40 of this Chapter, other than revenue from the sale of food that is subject to local tax but is exempt from State tax under G.S. 105-164.13B.

b. Twenty-five percent (25%) of the amount of sales and use tax revenue distributed under Article 39 of this Chapter or under Chapter 1096 of the 1967 Session Laws, other than revenue from the sale of food that is subject to local tax but is exempt from State tax under G.S. 105-164.13B.

(4) Two-cent (2¢) sales taxes. – The first one-cent (1¢) sales and use tax authorized in Article 39 of this Chapter and in Chapter 1096 of the 1967 Session Laws, the first one-half cent (1/2¢) local sales and use tax authorized in Article 40 of this Chapter, and the second one-half cent (1/2¢) local sales and use tax authorized in Article 42 of this Chapter.

(b) Distributions. – On or before August 15, ~~2003,~~ 2008, and every August 15 through August 15, 2012, the Secretary must multiply each local government's local sales tax share by the estimated amount of replacement revenue that all local governments ~~would be~~ are expected to receive during the current fiscal ~~year under G.S. 105-520 if every county levied the tax under this Article for the~~ year. If the resulting amount is less than one hundred percent (100%) of the local government's repealed reimbursement amount, the Secretary must pay the local government the difference, but not less than one hundred dollars ($100.00).

On or before ~~May 1, 2003, and every May 1~~ May 1 of each fiscal year through May 1, 2012, the Department of Revenue and the Fiscal Research Division of the General Assembly must each submit to the Secretary and to the General Assembly a final projection of the estimated amount of replacement revenue that all local governments would be expected to receive during the upcoming ~~fiscal year under G.S. 105-520 if every county levied the tax under this Article for the~~ fiscal year. If, after May 1 and before a distribution is made, a law is enacted that would affect the projection, an updated projection must be submitted as soon as practicable. If the Secretary does not use the lower of the two final projections to make the calculation required by this subsection, the Secretary must report the reasons for this decision to the Joint Legislative Commission on Governmental Operations within 60 days after receiving the projections.

(c) Source of Funds. – The Secretary must draw the funds distributed under this section from sales and use tax collections under Article 5 of this Chapter.

(d) Reports. – The Secretary must report to the Revenue Laws Study Committee by January 31, 2004, and each January 31 through January 31, 2013, the amount distributed under this section for the current fiscal year."

SECTION 3.(d) G.S. 105-472 is amended by adding a new subsection to read:

"(b1) County Reduction for City Hold Harmless. – The Secretary must reduce each county's monthly allocation under subsection (b) of this section by the amount set in G.S. 105-522. This reduction does not affect the amount allocated to municipalities under this section."

SECTION 3.(e) Section 9 of Chapter 1096 of the 1967 Session Laws, as amended, is amended by adding a new paragraph at that end of that section to read:

"The Secretary of Revenue must reduce the amount distributable to Mecklenburg County under this section by the amount set in G.S. 105-522. This reduction does not affect the amount allocated to municipalities under this section."

SECTION 3.(f) Article 44 of Chapter 105 of the General Statutes is amended by adding two new sections to read:

"§ 105-522. City hold harmless for repealed local taxes.

(a) Definitions. – The following definitions apply in this section:

(1) Eligible municipality. – A municipality that was incorporated on or before October 1, 2008, and receives a distribution of sales and use taxes under G.S. 105-472.

(2) Hold harmless amount. – Fifty percent (50%) of the amount of sales and use tax revenue distributed under Article 40 of this Chapter to the municipality for a month, other than revenue from the sale of food that is subject to local tax but is exempt from State tax under G.S. 105-164.13B.

(b) Requirement. – A county is required to hold the eligible municipalities in the county harmless from the repeal of the local sales and use taxes formerly imposed under this Article. The Secretary must add an eligible municipality's hold harmless amount to the amount distributed to the municipality under this Subchapter. To obtain the revenue for the hold harmless distribution, the Secretary must reduce each county's monthly allocation under G.S. 105-472(b) or under Chapter 1096 of the 1967 Session Laws by the hold harmless amounts for the municipalities in that county.

"§ 105-523. County hold harmless for repealed local taxes.

(a) Definitions. – The following definitions apply in this section:

(1) Hold harmless threshold. – The amount of a county's Medicaid service costs assumed by the State under G.S. 108A-54 for the fiscal year.

(2) Repealed sales tax amount. – Fifty percent (50%) of the amount of sales and use tax revenue distributed to a county under Article 40 of this Chapter, other than revenue from the sale of food that is subject to local tax but is exempt from State tax under G.S. 105-164.13B.

(b) Requirement. – If a county's repealed sales tax amount for a fiscal year exceeds the county's hold harmless threshold for that fiscal year, the State is required to hold the county harmless for the difference by paying the amount of the difference to the county. The Secretary must withhold from sales and use tax collections under Article 5 of this Chapter the amount needed to make the hold harmless payments required by this section.

(c) Method. – The Secretary must estimate a county's repealed sales tax amount and hold harmless threshold for a fiscal year to determine if the county is eligible for a hold harmless payment. The Secretary must send to an eligible county with the distribution made under G.S. 105-472 for March of that year an amount equal to ninety percent (90%) of its estimated hold harmless payment. At the end of each fiscal year, the Secretary must determine the difference between a county's repealed sales tax amount and its hold harmless threshold for that year. The Secretary must send by August 15 the remainder of the county's hold harmless payment for the fiscal year that ended on June 30. The Secretary of the Department of Human Resources must give the Secretary of Revenue the data needed to determine a county's hold harmless threshold.

(d) Sunset. – This section expires July 1, 2017."

SECTION 3.(g) G.S. 105-164.4(a) reads as rewritten:

"(a) A privilege tax is imposed on a retailer at the following percentage rates of the retailer's net taxable sales or gross receipts, as appropriate. The general rate of tax is four ~~percent (4%).~~ and one-quarter percent (4.25%)."

SECTION 3.(h) G.S. 105-164.44F(a) reads as rewritten:

"(a) Amount. – The Secretary must distribute part of the taxes imposed by G.S. 105-164.4(a)(4c) on telecommunications service and ancillary service. The Secretary must make the distribution within 75 days after the end of each calendar quarter. The amount the Secretary must distribute is the following percentages of the net proceeds of the taxes collected during the quarter:

(1) ~~Nineteen and forty-two one-hundredths percent (19.42%)~~ Eighteen and seventy one-hundredths percent (18.70%) minus two million six hundred twenty thousand nine hundred forty-eight dollars ($2,620,948), must be distributed to cities in accordance with this section. The deduction is one-fourth of the annual amount by which the distribution to cities of the gross receipts franchise tax on telephone companies, imposed by former G.S. 105-20, was required to be reduced beginning in fiscal year 1995-96 as a result of the "freeze deduction."

(2) ~~Eight percent (8%)~~ Seven and seven-tenths percent (7.7%) must be distributed to counties and cities as provided in G.S. 105-164.44I."

SECTION 3.(i) G.S. 105-164.44I(a) reads as rewritten:

"(a) Distribution. – The Secretary must distribute to the counties and cities part of the taxes imposed by G.S. 105-164.4(a)(4c) on telecommunications service and G.S. 105-164.4(a)(6) on video programming service. The Secretary must make the distribution within 75 days after the end of each calendar quarter. The amount the Secretary must distribute is the sum of the revenue listed in this subsection. The Secretary must distribute two million dollars ($2,000,000) of this amount in accordance with subsection (b) of this section and the remainder in accordance with subsections (c) and (d) of this section. The revenue to be distributed under this section consists of the following:

(1) The amount specified in G.S. 105-164.44F(a)(2).

(2) ~~Twenty-five percent (25%)~~ Twenty-three and six-tenths percent (23.6%) of the net proceeds of the taxes collected during the quarter on video programming, other than on direct-to-home satellite service.

(3) Thirty-seven and ~~five-tenths percent (37.5%)~~ one-tenth percent (37.1%) of the net proceeds of the taxes collected during the quarter on direct-to-home satellite service."

SECTION 3.(j) This section becomes effective October 1, 2008. Subsections (a) and (g) of this section apply to sales occurring on or after that date. The remaining subsections apply to distributions for months beginning on or after that date.

SECTION 4.(a) G.S. 105-515, 105-516, 105-517, 105-518, 105-519, and 105-520 are repealed.

SECTION 4.(b) G.S. 105-501 reads as rewritten:

"**§ 105-501. Distribution of additional taxes.**

(a) Method. – The Secretary ~~shall,~~ must, on a monthly basis, allocate the net proceeds of the additional one-half percent (1/2%) sales and use taxes ~~levied~~ collected in that county under this ~~Article to the taxing counties on a per capita basis according to the most recent annual population estimates certified to the Secretary by the State Budget Officer. The Secretary shall then adjust the amount allocated to each county as provided in G.S. 105-486(b). The amount allocated to each taxing county shall then be divided among~~ Article. If the Secretary collects taxes under this Article in a month and the taxes cannot be identified as being attributable to a particular taxing county, the Secretary must allocate the net proceeds of these taxes among the taxing counties in proportion to the amount of taxes collected in each county under this Article in that month.

The Secretary must divide and distribute the funds allocated to a taxing county each month under this section between the county and the municipalities located in the county in accordance with the method by which the one percent (1%) sales and use taxes levied in that county pursuant to Article 39 of this Chapter or Chapter 1096 of the 1967 Session Laws are distributed. No municipality may receive any funds under this section if it was incorporated with an effective date of on or after January 1, 2000, and is disqualified from receiving funds under G.S. 136-41.2. No municipality may receive any funds under this section, incorporated with an effective date on or after January 1, 2000, unless a majority of the mileage of its streets are open to the public. ~~The previous sentence becomes effective with respect to distribution of funds on or after July 1, 1999.~~

(b) Deductions. – In determining the net proceeds of the tax to be distributed, the Secretary ~~shall~~ must deduct from the collections to be allocated an amount equal to one-twelfth of the costs during the preceding fiscal year of:

(1) The Department of Revenue in performing the duties imposed by G.S. 105-275.2 and by Article 15 of this Chapter.

(1a) Seventy percent (70%) of the expenses of the Department of Revenue in performing the duties imposed by Article 2D of this Chapter.

(2) The Property Tax Commission.

(3) The School of Government at the University of North Carolina at Chapel Hill in operating a training program in property tax appraisal and assessment.

(4) The personnel and operations provided by the Department of State Treasurer for the Local Government Commission."

SECTION 4.(c) G.S. 105-522(a), as enacted by section 3(f) of this act, reads as rewritten:

"(a) Definitions. – The following definitions apply in this section:

(1) Eligible municipality. – A municipality that was incorporated on or before October 1, 2008, and receives a distribution of sales and use taxes under G.S. 105-472.

(2) Hold harmless amount. – The sum of the following:

a. Fifty percent (50%) of the amount of sales and use tax revenue distributed under Article 40 of this Chapter to the municipality for a month, other than revenue from the sale of food that is

subject to local tax but is exempt from State tax under G.S. 105-164.13B.

b. Twenty-five percent (25%) of the amount of sales and use tax revenue distributed under Article 39 of this Chapter or under Chapter 1096 of the 1967 Session Laws, other than revenue from the sale of food that is subject to local tax but is exempt from State tax under G.S. 105-164.13B."

SECTION 4.(d) G.S. 105-523(a), as enacted by section 3(f) of this act, reads as rewritten:

"(a) Definitions. – The following definitions apply in this section:

(1) Hold harmless threshold. – The amount of a county's Medicaid service costs assumed by the State under G.S. 108A-54 for the fiscal year.

(2) Repealed sales tax amount. – The sum of the following:

a. Fifty percent (50%) of the amount of sales and use tax revenue distributed to a county under Article 40 of this Chapter, other than revenue from the sale of food that is subject to local tax but is exempt from State tax under G.S. 105-164.13B.

b. Twenty-five percent (25%) of the amount of sales and use tax revenue distributed under Article 39 of this Chapter or under Chapter 1096 of the 1967 Session Laws, other than revenue from the sale of food that is subject to local tax but is exempt from State tax under G.S. 105-164.13B."

SECTION 4.(e) The title of Article 44 of Chapter 105 of the General Statutes reads as rewritten:

"Article 44.

"~~Third One-Half Cent (1/2¢) Local Government Sales and Use Tax.~~ Local Government Hold Harmless Provisions."

SECTION 4.(f) G.S. 105-164.4(a), as amended by section 3(g) of this act, reads as rewritten:

"(a) A privilege tax is imposed on a retailer at the following percentage rates of the retailer's net taxable sales or gross receipts, as appropriate. The general rate of tax is four and ~~one-quarter percent (4.25%).~~one-half percent (4.5%)."

SECTION 4.(g) G.S. 105-164.44F(a), as amended by section 3(h) of this act, reads as rewritten:

"(a) Amount. – The Secretary must distribute part of the taxes imposed by G.S. 105-164.4(a)(4c) on telecommunications service and ancillary service. The Secretary must make the distribution within 75 days after the end of each calendar quarter. The amount the Secretary must distribute is the following percentages of the net proceeds of the taxes collected during the quarter:

(1) ~~Eighteen and seven one-tenths percent (18.70%)~~ Eighteen and thirty-four one-hundredths percent (18.34%) minus two million six hundred twenty thousand nine hundred forty-eight dollars ($2,620,948), must be distributed to cities in accordance with this section. The deduction is one-fourth of the annual amount by which

the distribution to cities of the gross receipts franchise tax on telephone companies, imposed by former G.S. 105-20, was required to be reduced beginning in fiscal year 1995-96 as a result of the "freeze deduction."

(2) Seven and ~~seven one-tenths percent (7.7%)~~ fifty-six one-hundredths percent (7.56%) must be distributed to counties and cities as provided in G.S. 105-164.44I."

SECTION 4.(h) G.S. 105-164.44I(a), as amended by section 3(i) of this act, reads as rewritten:

"(a) Distribution. – The Secretary must distribute to the counties and cities part of the taxes imposed by G.S. 105-164.4(a)(4c) on telecommunications service and G.S. 105-164.4(a)(6) on video programming service. The Secretary must make the distribution within 75 days after the end of each calendar quarter. The amount the Secretary must distribute is the sum of the revenue listed in this subsection. The Secretary must distribute two million dollars ($2,000,000) of this amount in accordance with subsection (b) of this section and the remainder in accordance with subsections (c) and (d) of this section. The revenue to be distributed under this section consists of the following:

(1) The amount specified in G.S. 105-164.44F(a)(2).

(2) Twenty-three and ~~six one-tenths percent (23.6%)~~ sixty-one one-hundredths percent (23.61%) of the net proceeds of the taxes collected during the quarter on video programming, other than on direct-to-home satellite service.

(3) ~~Thirty-seven and one-tenths percent (37.1%)~~ Thirty-five and forty-two one-hundredths percent (35.42%) of the net proceeds of the taxes collected during the quarter on direct-to-home satellite service."

SECTION 4.(i) This section becomes effective October 1, 2009. Subsections (a) and (f) of this section apply to sales occurring on or after that date. Subsections (b), (c), (d), (g), and (h) of this section apply to distributions for months beginning on or after that date.

SECTION 5.(a) G.S. 105-228.5(b1) reads as rewritten:

"(b1) Calculation of Tax Base. – In determining the amount of gross premiums from business in this State, all gross premiums received in this State, credited to policies written or procured in this State, or derived from business written in this State shall be deemed to be for contracts covering persons, property, or risks resident or located in this State unless one of the following applies:

(1) The premiums are properly reported and properly allocated as being received from business done in some other nation, territory, state, or states.

(2) The premiums are from policies written in federal areas for persons in military service who pay premiums by assignment of service pay.

Gross premiums from business done in this State in the case of life insurance contracts, including supplemental contracts providing for disability benefits, accidental death benefits, or other special ~~benefits that are not annuities,~~ benefits, means all

premiums collected in the calendar year, other than for contracts of reinsurance, for policies the premiums on which are paid by or credited to persons, firms, or corporations resident in this State, or in the case of group policies, for contracts of insurance covering persons resident within this State. The only deductions allowed shall be for premiums refunded on policies rescinded for fraud or other breach of ~~contract and~~ contract; premiums that were paid in advance on life insurance contracts and subsequently refunded to the insured, premium payer, beneficiary or ~~estate.~~ estate; and in the case of group annuity contracts, premiums returned because of a change in the composition of the group covered. Gross premiums shall be deemed to have been collected for the amounts as provided in the policy contracts for the time in force during the year, whether satisfied by cash payment, notes, loans, automatic premium loans, applied dividend, or by any other means except waiver of premiums by companies under a contract for waiver of premium in case of disability.

Gross premiums from business done in this State for all other health care plans and contracts of insurance, including contracts of insurance required to be carried by the Workers' Compensation Act, means all premiums written during the calendar year, or the equivalent thereof in the case of self-insurers under the Workers' Compensation Act, for contracts covering property or risks in this State, other than for contracts of reinsurance, whether the premiums are designated as premiums, deposits, premium deposits, policy fees, membership fees, or assessments. Gross premiums shall be deemed to have been written for the amounts as provided in the policy contracts, new and renewal, becoming effective during the year irrespective of the time or method of making payment or settlement for the premiums, and with no deduction for dividends whether returned in cash or allowed in payment or reduction of premiums or for additional insurance, and without any other deduction except for return of premiums, deposits, fees, or assessments for adjustment of policy rates or for cancellation or surrender of policies."

SECTION 5.(b) G.S. 105-228.5(c) reads as rewritten:

"(c) Exclusions. ~~Every insurer, in computing the premium tax, shall exclude all of the following from the gross amount of premiums, and the gross amount of excluded~~ The following premiums ~~is~~ are exempt from the tax imposed by this section:

(1) ~~All premiums~~ Premiums received ~~on or after July 1, 1973,~~ from policies or contracts issued in connection with the funding of a pension, annuity, or profit-sharing plan qualified or exempt under section 401, 403, 404, 408, ~~457~~ 457, or 501 of the ~~Code as defined in G.S. 105-228.90.~~ Code.

~~(2) Premiums or considerations received from annuities, as defined in G.S. 58-7-15.~~

(3) Funds or considerations received in connection with funding agreements, as defined in G.S. 58-7-16.

(4) The following premiums, to the extent federal law prohibits their taxation under this Article:

a. Federal Employees Health Benefits Plan premiums.

b. Medicaid or Medicare premiums."

SECTION 5.(c) Subsections (a) and (b) of this subsection becomes effective for taxable years beginning on or after January 1, 2009.

SECTION 6.(a) Part 2 of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-151.31. Earned income tax credit.**

(a) Credit. – An individual who claims for the taxable year an earned income tax credit under section 32 of the Code is allowed a credit against the tax imposed by this Part equal to twelve percent (12%) of the amount of credit the individual qualified for under section 32 of the Code.

(b) Limitations. – A nonresident or part-year resident who claims the credit allowed by this section shall reduce the amount of the credit by multiplying it by the fraction calculated under G.S. 105-134.5(b) or (c), as appropriate. The credit allowed under this section may not exceed the amount of tax imposed by this Part for the taxable year reduced by the sum of all credits allowed, except payments of tax made by or on behalf of the taxpayer.

(c) Sunset. – This section is repealed effective for taxable years beginning on or after January 1, 2014."

SECTION 6.(b) G.S. 105-160.3(b) reads as rewritten:

"(b) The following credits are not allowed to an estate or trust:

(1) G.S. 105-151. Tax credits for income taxes paid to other states by individuals.

(2) G.S. 105-151.11. Credit for child care and certain employment-related expenses.

(3) G.S. 105-151.18. Credit for the disabled.

(4) G.S. 105-151.24. Credit for children.

(5) G.S. 105-151.26. Credit for charitable contributions by nonitemizers.

(6) Repealed by Session Laws 2004-170, s. 17, effective August 2, 2004.

(7) G.S. 105-151.28. Credit for long-term care insurance.

(8) G.S. 105-151.30. Credit for recycling oyster shells.

(9) G.S. 105-151.31. Earned income tax credit."

SECTION 6.(c) This section is effective for taxable years beginning on or after January 1, 2008.

SECTION 7. This act does not affect the rights or liabilities of the State, a county, a taxpayer, or another person arising under a statute amended or repealed by this section before the effective date of its amendment or repeal; nor does it affect the right to any refund or credit of a tax that accrued under the amended or repealed statute before the effective date of its amendment or repeal.

SECTION 8. Except as otherwise provided, this act is effective when it becomes law.

HOUSE BILL 1016
Proposed Senate Committee Substitute: State Medicaid Swap

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	July 10, 2007
Introduced by:	Reps. Dickson, Wainwright, Carney, Barnhart	**Summary by:**	Cindy Avrette
Version:	PCS to Third Edition		Dan Ettefagh
	H1016-CSMC		Committee Counsel

SUMMARY: ***In the proposed committee substitute, the State would assume the counties' share of the nonfederal share of Medicaid costs over a three-year period. To provide the financial resources to assume these costs, the bill phases out one-half cent of local sales tax and makes a corresponding change in the State sales tax rate. The PCS also treats annuities the same as other insurance products under the gross premiums tax and includes a 12% non-refundable earned income tax credit.***

BILL ANALYSIS: The proposed committee substitute for House Bill 1016 would do the following:

MEDICAID SWAP

- Effective October 1, 2007, the State would assume 25% of the counties' share of the nonfederal share of Medicaid costs.
    - It would adjust the ADM funding formula for the Public School Building Capital Fund for fiscal year 2007-2008 only.
    - It provides that a county must use a portion of the funds available to it, as a result of the assumption by the State of part of the county's Medicaid payments, for public school capital outlay purposes. The amount it must use for these purposes is the difference between what it would receive from the Fund based on its ADM and the adjusted amount it actually received.
- Effective July 1, 2008, the State would assume 50% of the counties' share of the nonfederal share of Medicaid costs.
    - It would repeal the per capita portion (¼%) of the local third ½% sales tax, effective October 1, 2008.
    - It would adjust the State sales tax rate by ¼%, effective October 1, 2008, to reflect the conversion of the local sales tax to a State sales tax.
    - It would provide that counties must hold the municipalities in the county harmless from repeal of this ¼% local tax. The Secretary of Revenue is directed to reduce each county's allocation of local sales tax revenue by the hold harmless amount and to redistribute that amount to the respective municipalities.
    - It would provide that the State would hold a county harmless if its repealed sales tax amount for a fiscal year exceeds the amount of its Medicaid service costs assumed by the State for that fiscal year. This hold harmless provision would last 10 years, until July 1, 2017.
    - It would make conforming changes to the transitional hold harmless for repealed reimbursement amounts and to the sales tax distribution to local governments of the State sales tax collected on telecommunications services and video programming services.

- Effective July 1, 2009, the State would assume the entire nonfederal share of Medicaid costs.
    - It would repeal the remaining ¼% of the third ½% local sales tax rate, effective October 1, 2009.
    - It would adjust the State sales tax rate by ¼%, effective October 1, 2009, to reflect the conversion of the local sales tax to a State sales tax.
    - It would change the allocation of the second one-half cent local sales tax from per capita to point of collection. Beginning July 1, 2009, 1½% of the 2% local tax would be allocated on a point of collection basis and ½% would be allocated on a per capita basis.
    - It would make conforming changes in the hold harmless provisions to recognize the further reduction of the local sales tax rate and to the sales tax distribution to local governments for the State sales tax collected on telecommunications services and video programming services.

EXPAND GROSS PREMIUMS TAX TO INCLUDE ANNUITIES:

- Prior to 1995, the 1.9% gross premiums tax included the taxation of annuities. Effective for taxable years beginning on or after January 1, 2009, section 5 of this bill would expand the tax base to include annuities.[1] The tax would not apply to qualified plans. The taxation of annuities under this section differs from the taxation of annuities prior to 1995 in that it taxes annuities on the "front end" as opposed to the "back end". Under the 1994 law, the tax was paid when the annuity payments began rather than when money was deposited with the insurance company to fund the annuity. When payments on an annuity began, the tax was calculated as 1.9% of the present value of the stream of income to be received under the annuity. The insurer deducted the amount of the tax from the initial payments to be made under the annuity.

NONREFUNDABLE EARNED INCOME TAX CREDIT:

- Section 6 of the bill would establish a nonrefundable State earned income tax credit. The credit would be equal to 12% of an individual's federal earned income tax credit. It would become effective for taxable years beginning on or after January 1, 2008, and expire for taxable years beginning on or after January 1, 2014. The Internal Revenue Code provides a refundable earned income tax credit for individuals who work and whose adjusted gross income does not exceed a specified amount.[2] The credit is intended to offset some of the increases in living expenses and social security taxes and provide an incentive for low-income families to work instead of collect welfare. If the credit allowed exceeds the amount of tax imposed, the excess is refundable to the taxpayer.

  To be eligible for the credit, an individual must meet the following requirements:
    - Have a valid social security number.
    - Have earned income from employment or self-employment.[3]
    - Be a U.S. citizen, a resident alien all year, or a nonresident alien married to a U.S. citizen or resident alien and filing a joint return.
    - Can not be a qualifying child of another person.
    - Have a qualifying child OR meet the following requirements:

---

[1] The increase in the gross premiums tax base will also mean an increase in revenues derived from the insurance regulatory fee, unless the rate is reduced.

[2] Congress enacted the credit in 1975.

[3] Earned income includes wages, salaries, tips, and net earnings from self-employment. It does not include interest and dividends, social security benefits, pensions or annuities, alimony, child support, or unemployment compensation, etc.

- Age 25 but under age 65 at the end of the year.
- Live in the U.S. for more than half the year.

The amount of the federal credit varies depending upon whether the taxpayer has children and the amount of earned income the taxpayer has. The credit is phased out as the taxpayer's earned income rises. To qualify for the credit in 2006, an individual's earned income may not exceed $38,348 for an individual who is married filing jointly with two or more qualifying children.[4] The maximum federal credit amount allowed in 2006 is $4,536 for an individual with two or more qualifying children; for North Carolina, the maximum credit amount would be approximately $544. The maximum federal credit amount in 2006 for an individual with no children is $412; for North Carolina the maximum credit amount would be approximately $49. The earned income amounts and the credit amounts are indexed to inflation.

In the 2005 tax year, more than 22 million individuals received $41.4 billion in the federal earned income tax credit. However, the IRS estimates that 20 to 25% of people who qualify for the credit do not claim it. As of 2006, 20 states offer an earned income tax credit. In most instances, the credit is refundable. North Carolina has three other refundable tax credits: credit for qualifying expenses of a production company, credit for low-income housing, and credit for reinvestment by major recycling facilities.

H1016e3-SMMC-CSMC

[4] The income limit is $12,120 ($14,120 MFJ) if no qualifying children; the income limit is $32,001 ($34,001 if MFJ) if one qualifying child. A person's investment income must be $2,800 or less for the year to qualify.
